

217.17 State health improvement plan.

1. The department shall develop, implement, and administer a state health improvement plan to identify health priorities, goals, and measurable objectives, and outline strategies to improve health statewide.

2. The state health improvement plan shall be developed and updated in collaboration and in coordination with other state departments, stakeholders, and statewide organizations the department determines to be relevant.

3. The state health improvement plan may be updated by the department at the department's discretion.
