

284A.1 Administrator quality program.

An administrator quality program is established to promote high student achievement and enhanced educator quality. The program shall consist of the following three major components:

1. Mentoring and induction programs that provide support for administrators in accordance with [section 284A.5](#).
2. Professional development designed to directly support best practices for leadership.
3. Evaluation of administrators against the Iowa standards for school administrators. [2007 Acts, ch 108, §54](#)
