

455B.305B Pyrolysis or gasification material ownership.

Preprocessed and postprocessed post-use polymers and recoverable feedstocks stored at a pyrolysis facility or gasification facility are the sole property of the pyrolysis facility or gasification facility. Within sixty days of termination of operations at the facility, all unused preprocessed and postprocessed post-use polymers and recoverable feedstocks must be sold or disposed of by the pyrolysis facility or gasification facility in compliance with applicable laws.
