

461A.68 Final order — condition.

The commission may grant such permit in whole or in part upon such terms, conditions, and restrictions as may be determined by the commission to be just and proper and in the public interest. However, before any permit shall be granted to any such municipality or corporation, the commission shall, after public hearing as provided in [this subchapter](#), determine whether the water recreational area will be in the interests of the public health and welfare and an affirmative finding to such effect shall be a condition precedent to the granting of such permit.
