

686B.6 Evidence of physical impairment.

Evidence relating to physical impairment, including pulmonary function testing and diffusing studies, offered in an action governed by [this chapter](#), must satisfy all of the following requirements:

1. The evidence must comply with the quality controls, equipment requirements, methods of calibration, and techniques set forth in the AMA guides and all standards set forth in the official statements of the American thoracic society which are in effect on the date of any examination or pulmonary function testing of the exposed person required by [this chapter](#).

2. The evidence must not be obtained by or based on testing or examinations that violate any law, regulation, licensing requirement, or medical code of practice of the state in which the examination, test, or screening was conducted, or of this state.

3. The evidence must not be obtained under the condition that the plaintiff or exposed person retains the legal services of the attorney sponsoring the examination, test, or screening.
