

324A.5 Coordination of transportation services.

The department of health and human services and the officers and agents of other state and local governmental units shall assist the department in carrying out [section 324A.4, subsections 1 and 2](#), insofar as the functions of these respective officers and departments are concerned with the health, welfare and safety of any recipient of transportation services.

1. Any agency or organization found to be in noncompliance with [section 324A.4](#) shall be notified in writing by the department of those activities which are not in compliance. The notice shall also provide for a period of thirty days during which compliance with [section 324A.4](#) can be accomplished without penalty or sanction.

2. If noncompliant activities continue after the period of thirty days, the department shall, in cooperation with the attorney general and the director of the department of administrative services, initiate the following actions:

a. If the activities that are not in compliance with [section 324A.4](#) are funded with state or federal funds which are administered by the state and can be used by agencies or organizations that are in compliance with [section 324A.4](#), then upon notice by the department, the director of the department of administrative services shall not permit the expenditure of ten percent of the funds during the fiscal year immediately following the notice, an additional twenty percent of funds during the following year, an additional thirty percent during the third year, and the remaining funds in the fourth year that the activities remain in noncompliance. Any funds retained by the director of the department of administrative services shall be returned to the originating state agency for redistribution to agencies and organizations eligible to receive the funds for transportation purposes.

b. If the activities that are not in compliance with [section 324A.4](#) are funded with state, federal or local funds which are not administered by the state or cannot be used by agencies and organizations that are in compliance with [section 324A.4](#), then upon notice by the department, the attorney general shall file an action to enjoin agencies or organizations from expending funds for transportation purposes until and unless compliance with [section 324A.4](#) is achieved. If federal funds are involved in such cases, then the attorney general shall notify the responsible federal agency of the actions and request its cooperation.

c. The department of inspections, appeals, and licensing shall establish an appeal process pursuant to [chapters 10A and 17A](#) which allows those agencies or organizations determined to not be in compliance with [this chapter](#) an opportunity for a timely hearing before the department of inspections, appeals, and licensing. A decision by the department of inspections, appeals, and licensing is subject to review by the state department of transportation. The state department of transportation's decision is the final agency action. Judicial review of the action of the department may be sought in accordance with [chapter 17A](#).

d. The department shall, in accordance with [chapter 17A](#), adopt and enforce rules setting minimum standards for determination of compliance and certification. The rules and standards required by [this section](#) shall be formulated in consultation with all affected state agencies, local government units with professional and consumer groups affected, and shall be designed to further the accomplishment of the purposes of [this chapter](#).
