b. (1) The tax imposed upon the taxable income of a nonresident shall be computed by reducing the amount determined pursuant to paragraph “a” by the amounts of nonrefundable credits under this division and by multiplying this resulting amount by a fraction of which the nonresident’s net income allocated to Iowa, as determined in section 422.8, subsection 2, paragraph “a”, is the numerator and the nonresident’s total net income computed under
section 422.7 is the denominator. This provision also applies to individuals who are residents of Iowa for less than the entire tax year.

(2) (a) The tax imposed upon the taxable income of a resident shareholder in an S corporation or of an estate or trust with a situs in Iowa that is a shareholder in an S corporation, which S corporation has in effect for the tax year an election under subchapter S of the Internal Revenue Code and carries on business within and without the state, may be computed by reducing the amount determined pursuant to paragraph “a” by the amounts of nonrefundable credits under this division and by multiplying this resulting amount by a fraction of which the resident’s or estate’s or trust’s net income allocated to Iowa, as determined in section 422.8, subsection 2, paragraph “b”, is the numerator and the resident’s or estate’s or trust’s total net income computed under section 422.7 is the denominator. If a resident shareholder, or an estate or trust with a situs in Iowa that is a shareholder, has elected to take advantage of this subparagraph (2), and for the next tax year elects not to take advantage of this subparagraph, the resident or estate or trust shareholder shall not reelect to take advantage of this subparagraph for the three tax years immediately following the first tax year for which the shareholder elected not to take advantage of this subparagraph, unless the director consents to the reelection. This subparagraph also applies to individuals who are residents of Iowa for less than the entire tax year.

(b) This subparagraph (2) shall not affect the amount of the taxpayer’s checkoffs under this division, the credits from tax provided under this division, and the allocation of these credits between spouses if the taxpayers filed separate returns or separately on combined returns.

2. a. There is imposed upon every resident and nonresident of this state, including estates and trusts, the greater of the tax determined in subsection 1 or the state alternative minimum tax equal to seventy-five percent of the maximum state individual income tax rate for the tax year, rounded to the nearest one-tenth of one percent, times the state alternative minimum taxable income of the taxpayer as computed under this subsection.

b. The state alternative minimum taxable income of a taxpayer is equal to the taxpayer’s state taxable income, as computed with the deductions in section 422.9, with the following adjustments:

(1) Add items of tax preference included in federal alternative minimum taxable income under section 57, except subsections (a)(1), (a)(2), and (a)(5), of the Internal Revenue Code, make the adjustments included in federal alternative minimum taxable income under section 56, except subsections (a)(4), (b)(1)(C)(iii), and (d), of the Internal Revenue Code, and add losses as required by section 58 of the Internal Revenue Code. To the extent that any preference or adjustment is determined by an individual’s federal adjusted gross income, the individual’s federal adjusted gross income is computed in accordance with section 422.7, subsections 39, 39A, 39B, and 53. In the case of an estate or trust, the items of tax preference, adjustments, and losses shall be apportioned between the estate or trust and the beneficiaries in accordance with rules prescribed by the director.

(2) Subtract the applicable exemption amount as follows:

(a) Seventeen thousand five hundred dollars for a married person who files separately or for an estate or trust.

(b) Twenty-six thousand dollars for a single person or a head of household.

(c) Thirty-five thousand dollars for a married couple which files a joint return.

(d) The exemption amount shall be reduced, but not below zero, by an amount equal to twenty-five percent of the amount by which the alternative minimum taxable income of the taxpayer, computed without regard to the exemption amount in this subparagraph (2), exceeds the following:

(i) Seventy-five thousand dollars in the case of a taxpayer described in subparagraph division (a).

(ii) One hundred twelve thousand five hundred dollars in the case of a taxpayer described in subparagraph division (b).

(iii) One hundred fifty thousand dollars in the case of a taxpayer described in subparagraph division (c).

(3) In the case of a net operating loss computed for a tax year beginning after December...
31, 1982, which is carried back or carried forward to the current taxable year, the net operating loss shall be reduced by the amount of the items of tax preference arising in such year which was taken into account in computing the net operating loss in section 422.9, subsection 3. The deduction for a net operating loss for a tax year beginning after December 31, 1986, which is carried back or carried forward to the current taxable year shall not exceed ninety percent of the alternative minimum taxable income determined without regard for the net operating loss deduction.

c. The state alternative minimum tax of a taxpayer whose net capital gain deduction includes the gain or loss from the forfeiture of an installment real estate contract, the transfer of real or personal property securing a debt to a creditor in cancellation of that debt, or from the sale or exchange of property as a result of actual notice of foreclosure, where the fair market value of the taxpayer’s assets exceeds the taxpayer’s liabilities immediately before such forfeiture, transfer, or sale or exchange, shall not be greater than such excess, including any asset transferred within one hundred twenty days prior to such forfeiture, transfer, or sale or exchange.

d. In the case of a resident, including a resident estate or trust, the state’s apportioned share of the state alternative minimum tax is one hundred percent of the state alternative minimum tax computed in this subsection 2. In the case of a resident or part-year resident shareholder in an S corporation which has in effect for the tax year an election under subchapter S of the Internal Revenue Code and carries on business within and without the state, a nonresident, including a nonresident estate or trust, or an individual, estate, or trust that is domiciled in the state for less than the entire tax year, the state’s apportioned share of the state alternative minimum tax is the amount of tax computed under this subsection 2, reduced by the applicable credits in sections 422.10 through 422.12 and this result multiplied by a fraction with a numerator of the sum of state net income allocated to Iowa as determined in section 422.8, subsection 2, paragraph “a” or “b” as applicable, plus tax preference items, adjustments, and losses under subparagraph (1) attributable to Iowa and with a denominator of the sum of total net income computed under section 422.7 plus all tax preference items, adjustments, and losses under subparagraph (1). In computing this fraction, those items includable under subparagraph (1) shall not be used in computing the tax preference items. Married taxpayers electing to file separate returns or separately on a combined return must allocate the minimum tax computed in this subsection in the proportion that each spouse’s respective preference items, adjustments, and losses under subparagraph (1) bear to the combined preference items, adjustments, and losses under subparagraph (1) of both spouses.

3. a. The tax shall not be imposed on a resident or nonresident whose net income, as defined in section 422.7, is thirteen thousand five hundred dollars or less in the case of married persons filing jointly or filing separately on a combined return, heads of household, and surviving spouses or nine thousand dollars or less in the case of all other persons; but in the event that the payment of tax under this division would reduce the net income to less than thirteen thousand five hundred dollars or nine thousand dollars as applicable, then the tax shall be reduced to that amount which would result in allowing the taxpayer to retain a net income of thirteen thousand five hundred dollars or nine thousand dollars as applicable. The preceding sentence does not apply to estates or trusts. For the purpose of this subsection, the entire net income, including any part of the net income not allocated to Iowa, shall be taken into account. For purposes of this subsection, net income includes all amounts of pensions or other retirement income, except for military retirement pay excluded under section 422.7, subsection 31A, paragraph “a”, or section 422.7, subsection 31B, paragraph “a”, received from any source which is not taxable under this division as a result of the government pension exclusions in section 422.7, or any other state law. If the combined net income of a husband and wife exceeds thirteen thousand five hundred dollars, neither of them shall receive the benefit of this subsection, and it is immaterial whether they file a joint return or separate returns. However, if a husband and wife file separate returns and have a combined net income of thirteen thousand five hundred dollars or less, neither spouse shall receive the benefit of this paragraph, if one spouse has a net operating loss and elects to carry back or carry forward the loss as provided in section 422.9, subsection 3. A person who is claimed as a dependent by another person as defined in section 422.12 shall not receive the benefit of this subsection if
the person claiming the dependent has net income exceeding thirteen thousand five hundred dollars or nine thousand dollars as applicable or the person claiming the dependent and the person's spouse have combined net income exceeding thirteen thousand five hundred dollars or nine thousand dollars as applicable.

b. In lieu of the computation in subsection 1 or 2, or in paragraph “a” of this subsection, if the married persons’, filing jointly or filing separately on a combined return, head of household’s, or surviving spouse’s net income exceeds thirteen thousand five hundred dollars, the regular tax imposed under this division shall be the lesser of the maximum state individual income tax rate times the portion of the net income in excess of thirteen thousand five hundred dollars or the regular tax liability computed without regard to this sentence. Taxpayers electing to file separately shall compute the alternate tax described in this paragraph using the total net income of the husband and wife. The alternate tax described in this paragraph does not apply if one spouse elects to carry back or carry forward the loss as provided in section 422.9, subsection 3.

3A. Reserved.

3B. a. The tax shall not be imposed on a resident or nonresident who is at least sixty-five years old on December 31 of the tax year and whose net income, as defined in section 422.7, is thirty-two thousand dollars or less in the case of married persons filing jointly or filing separately on a combined return, heads of household, and surviving spouses or twenty-four thousand dollars or less in the case of all other persons; but in the event that the payment of tax under this division would reduce the net income to less than thirty-two thousand dollars or twenty-four thousand dollars as applicable, then the tax shall be reduced to that amount which would result in allowing the taxpayer to retain a net income of thirty-two thousand dollars or twenty-four thousand dollars as applicable. The preceding sentence does not apply to estates or trusts. For the purpose of this subsection, the entire net income, including any part of the net income not allocated to Iowa, shall be taken into account. For purposes of this subsection, net income includes all amounts of pensions or other retirement income, except for military retirement pay excluded under section 422.7, subsection 31A, paragraph “a”, or section 422.7, subsection 31B, paragraph “a”, received from any source which is not taxable under this division as a result of the government pension exclusions in section 422.7, or any other state law. If the combined net income of a husband and wife exceeds thirty-two thousand dollars, neither of them shall receive the benefit of this subsection, and it is immaterial whether they file a joint return or separate returns. However, if a husband and wife file separate returns and have a combined net income of thirty-two thousand dollars or less, neither spouse shall receive the benefit of this paragraph, if one spouse has a net operating loss and elects to carry back or carry forward the loss as provided in section 422.9, subsection 3. A person who is claimed as a dependent by another person as defined in section 422.12 shall not receive the benefit of this subsection if the person claiming the dependent has net income exceeding thirty-two thousand dollars or twenty-four thousand dollars as applicable or the person claiming the dependent and the person's spouse have combined net income exceeding thirty-two thousand dollars or twenty-four thousand dollars as applicable.

b. In lieu of the computation in subsection 1, 2, or 3, if the married persons’, filing jointly or filing separately on a combined return, head of household’s, or surviving spouse’s net income exceeds thirty-two thousand dollars, the regular tax imposed under this division shall be the lesser of the maximum state individual income tax rate times the portion of the net income in excess of thirty-two thousand dollars or the regular tax liability computed without regard to this sentence. Taxpayers electing to file separately shall compute the alternate tax described in this paragraph using the total net income of the husband and wife. The alternate tax described in this paragraph does not apply if one spouse elects to carry back or carry forward the loss as provided in section 422.9, subsection 3.

c. This subsection applies even though one spouse has not attained the age of sixty-five, if the other spouse is at least sixty-five at the end of the tax year:

4. The tax herein levied shall be computed and collected as hereinafter provided.

5. The provisions of this division shall apply to all salaries received by federal officials or employees of the United States government as provided for herein.

6. Upon determination of the latest cumulative inflation factor, the director shall multiply
each dollar amount set forth in section 422.5A by this cumulative inflation factor, shall round off the resulting product to the nearest one dollar, and shall incorporate the result into the income tax forms and instructions for each tax year.

7. The state income tax of a taxpayer whose net income includes the gain or loss from the forfeiture of an installment real estate contract, the transfer of real or personal property securing a debt to a creditor in cancellation of that debt, or from the sale or exchange of property as a result of actual notice of foreclosure where the fair market value of the taxpayer’s assets exceeds the taxpayer’s liabilities immediately before such forfeiture, transfer, or sale or exchange shall not be greater than such excess, including any asset transferred within one hundred twenty days prior to such forfeiture, transfer, or sale or exchange. For purposes of this subsection, in the case of married taxpayers, except in the case of a husband and wife who live apart at all times during the tax year, the assets and liabilities of both spouses shall be considered in determining if the fair market value of the taxpayer’s assets exceed the taxpayer’s liabilities.

8. In addition to the other taxes imposed by this section, a tax is imposed on the amount of a lump sum distribution for which the taxpayer has elected under section 402(e) of the Internal Revenue Code to be separately taxed for federal income tax purposes for the tax year. The rate of tax is equal to twenty-five percent of the separate federal tax imposed on the amount of the lump sum distribution. A nonresident is liable for this tax only on that portion of the lump sum distribution allocable to Iowa. The total amount of the lump sum distribution subject to separate federal tax shall be included in net income for purposes of determining eligibility under subsections 3 and 3B, as applicable.

9. In the case of income derived from the sale or exchange of livestock which qualifies under section 451(e) of the Internal Revenue Code because of drought, the taxpayer may elect to include the income in the taxpayer’s net income in the tax year following the year of the sale or exchange in accordance with rules prescribed by the director.

10. If an individual’s federal income tax was forgiven for a tax year under section 692 of the Internal Revenue Code, because the individual was killed while serving in an area designated by the president of the United States or the United States Congress as a combat zone, the individual was missing in action and presumed dead, or the individual was killed outside the United States in a terrorist or military action while the individual was a military or civilian employee of the United States, the individual’s Iowa income tax is also forgiven for the same tax year.

11. If a taxpayer repays in the current tax year certain amounts of income that were subject to tax under this division in a prior year and a tax benefit would be allowed under similar circumstances under section 1341 of the Internal Revenue Code, a tax benefit shall be allowed on the Iowa return. The tax benefit shall be the reduced tax for the current tax year due to the deduction for the repaid income or the reduction in tax for the prior year or years due to exclusion of the repaid income. The reduction in tax shall qualify as a refundable tax credit on the return for the current year pursuant to rules prescribed by the director.

However, where the business is sold to individuals who are all lineal descendants of the taxpayer, the taxpayer does not have to have materially participated in the business in order for the net capital gain from the sale to be excluded from taxation.

However, in lieu of the net capital gain deduction in this paragraph and paragraphs “b”, “c”, and “d”, where the business is sold to individuals who are all lineal descendants of the taxpayer, the amount of capital gain from each capital asset may be subtracted in determining net income.

c. Net capital gain from the sale of breeding livestock, other than cattle or horses, if the livestock is held by the taxpayer for a period of twelve months or more from the date of
acquisition; but only if the taxpayer received more than one-half of the taxpayer’s gross income from farming or ranching operations during the tax year.

\( d \) Net capital gain from the sale of timber as defined in section 631(a) of the Internal Revenue Code.

However, to the extent otherwise allowed, the deduction provided in this subsection is not allowed for purposes of computation of a net operating loss in section 422.9, subsection 3, and in computing the income for the taxable year or years for which a net operating loss is deducted.

For purposes of this subsection, the term “held” shall be determined with reference to the holding period provisions of section 1223 of the Internal Revenue Code and the federal regulations adopted pursuant thereto.

\( e \) (1) To the extent not already excluded, fifty percent of the net capital gain from the sale or exchange of employer securities of an Iowa corporation to a qualified Iowa employee stock ownership plan when, upon completion of the transaction, the qualified Iowa employee stock ownership plan owns at least thirty percent of all outstanding employer securities issued by the Iowa corporation.

26. Add depreciation taken for federal income tax purposes on a speculative shell building defined in section 427.1, subsection 27, which is owned by a for-profit entity and the for-profit entity is receiving the proper tax exemption. Subtract depreciation computed as if the speculative shell building were classified as fifteen-year property under the accelerated cost recovery system of the Internal Revenue Code during the period during which it is owned by the for-profit entity and is receiving the property tax exemption. Subsection 59 stricken per its own terms

422.8 Allocation of income earned in Iowa and other states.

Under rules prescribed by the director, net income of individuals, estates, and trusts shall be allocated as follows:

1. The amount of income tax paid to another state or foreign country by a resident taxpayer of this state on income derived from sources outside of Iowa shall be allowed as a credit against the tax computed under this chapter, except that the credit shall not exceed what the amount of the Iowa tax would have been on the same income which was taxed by the other state or foreign country. The limitation on this credit shall be computed according to the following formula: Income earned outside of Iowa and taxed by another state or foreign country shall be divided by the total income of the resident taxpayer of Iowa. This quotient multiplied times the net Iowa tax as determined on the total income of the taxpayer as if entirely earned in Iowa shall be the maximum tax credit against the Iowa net tax.

2. a. Nonresident’s net income allocated to Iowa is the net income, or portion of net income, which is derived from a business, trade, profession, or occupation carried on within this state or income from any property, trust, estate, or other source within Iowa. However, income derived from a business, trade, profession, or occupation carried on within this state and income from any property, trust, estate, or other source within Iowa shall not include distributions from pensions, including defined benefit or defined contribution plans, annuities, individual retirement accounts, and deferred compensation plans or any earnings attributable thereto so long as the distribution is directly related to an individual’s documented retirement and received while the individual is a nonresident of this state. If a business, trade, profession, or occupation is carried on partly within and partly without the state, only the portion of the net income which is fairly and equitably attributable to
that part of the business, trade, profession, or occupation carried on within the state is allocated to Iowa for purposes of section 422.5, subsection 1, paragraph “b”, and section 422.13 and income from any property, trust, estate, or other source partly within and partly without the state is allocated to Iowa in the same manner, except that annuities, interest on bank deposits and interest-bearing obligations, and dividends are allocated to Iowa only to the extent to which they are derived from a business, trade, profession, or occupation carried on within the state. Net income described in section 29C.24, subsection 3, paragraph “a”, subparagraph (3), and paragraph “b”, subparagraph (2), shall not be allocated and apportioned to the state, as provided in section 29C.24.

b. A resident’s income, or the income of an estate or trust with a situs in Iowa, allocable to Iowa is the income determined under section 422.7 reduced by items of income and expenses from an S corporation that carries on business within and without the state when those items of income and expenses pass directly to the shareholders under provisions of the Internal Revenue Code. These items of income and expenses are increased by the greater of the following:

1. The net income or loss of the corporation which is fairly and equitably attributable to this state under section 422.33, subsections 2 and 3.

2. Any cash or the value of property distributions which are made only to the extent that they are paid from income upon which Iowa income tax has not been paid, as determined under rules of the director, reduced by the amount of any of these distributions that are made to enable the shareholder to pay federal income tax on items of income, loss, and expenses from the corporation.

3. Taxable income of resident and nonresident estates and trusts shall be allocated in the same manner as individuals.

4. The amount of minimum tax paid to another state or foreign country by a resident taxpayer of this state from preference items derived from sources outside of Iowa shall be allowed as a credit against the tax computed under this division except that the credit shall not exceed what the amount of state alternative minimum tax would have been on the same preference items which were taxed by the other state or foreign country. The limitation on this credit shall be computed according to the following formula: The total of preference items earned outside of Iowa and taxed by another state or foreign country shall be divided by the total of preference items of the resident taxpayer of Iowa. In computing this quotient, those items excludable under section 422.5, subsection 2, paragraph “b”, subparagraph (1), shall not be used in computing the preference items. This quotient multiplied times the net state alternative minimum tax as determined in section 422.5, subsection 2, on the total of preference items as if entirely earned in Iowa shall be the maximum tax credit against the Iowa alternative minimum tax. However, the maximum tax credit will not be allowed to the extent that the minimum tax imposed by the other state or foreign country is less than the maximum tax credit computed above.

5. a. The director may, in accordance with the provisions of this subsection, and when cost-efficient, administratively feasible, and of mutual benefit to both states, enter into reciprocal agreements with tax administration agencies of other states to further tax administration and eliminate duplicate withholding by exempting from Iowa taxation income earned from personal services in Iowa by residents of another state, if the other state provides a tax exemption for the same type of income earned from personal services by Iowa residents in the other state. For purposes of this subsection, “income earned from personal services” means wages, salaries, commissions, and tips, and earned income from other sources. This subsection does not authorize the department to withhold taxes on deferred compensation payments, pension distributions, and annuity payments when paid to a nonresident of the state of Iowa. All the terms of the agreements shall be described in the rules adopted by the department.

b. A reciprocal agreement entered into on or after April 4, 2002, with a tax administration agency of another state shall not take effect until such agreement has been authorized by a constitutional majority of each house of the general assembly and approved by the governor. A reciprocal agreement in effect on or after January 1, 2002, shall not be terminated by the state of Iowa unless the termination has been authorized by a constitutional majority of each
§422.8, INDIVIDUAL INCOME, CORPORATE, AND FRANCHISE TAXES

house of the general assembly and approved by the governor. An amendment to an existing reciprocal agreement does not constitute a new agreement.

6. If the resident or part-year resident is a shareholder of an S corporation which has in effect an election under subchapter S of the Internal Revenue Code, subsections 1 and 3 do not apply to any income taxes paid to another state or foreign country on the income from the corporation which has in effect an election under subchapter S of the Internal Revenue Code. 422.9 Deductions from net income.

In computing taxable income of individuals, there shall be deducted from net income the larger of the amounts computed under subsection 1 or 2, plus the amount computed under subsection 2A.

1. An optional standard deduction, after deduction of federal income tax, equal to one thousand two hundred thirty dollars for a married person who files separately or a single person or equal to three thousand thirty dollars for a husband and wife who file a joint return, a surviving spouse, or a head of household. The optional standard deduction shall not exceed the amount remaining after deduction of the federal income tax. The amount of federal income tax deducted shall be computed as provided in subsection 2, paragraph “b”.

2. The total of contributions, interest, taxes, medical expense, nonbusiness losses, and miscellaneous expenses deductible for federal income tax purposes under the Internal Revenue Code, with the following adjustments:
   a. Subtract the deduction for Iowa income taxes.
   b. Add the amount of federal income taxes paid or accrued, as the case may be, during the tax year and subtract any federal income tax refunds received during the tax year. Where married persons, who have filed a joint federal income tax return, file separately, such total shall be divided among them according to the portion of the total paid or accrued, as the case may be, by each. Federal income taxes paid for a tax year in which an Iowa return was not required to be filed shall not be added and federal income tax refunds received from a tax year in which an Iowa return was not required to be filed shall not be subtracted.
   c. Add the amount by which expenses paid or incurred in connection with the adoption of a child by the taxpayer exceed three percent of the net income of the taxpayer, or of the taxpayer and spouse in the case of a joint return. The expenses may include medical and hospital expenses of the biological mother which are incident to the child’s birth and are paid by the taxpayer, welfare agency fees, legal fees, and all other fees and costs relating to the adoption of a child if the child is placed by an adoption service provider according to the provisions of chapter 600. If the taxpayer claims an adoption tax credit under section 422.12A, the taxpayer shall recompute for purposes of this subsection the amount of the deduction by excluding the amount of qualified adoption expenses, as defined in section 422.12A, used in computing the adoption tax credit.
   d. Add an additional deduction for mileage incurred by the taxpayer in voluntary work for a charitable organization consisting of the excess of the state employee mileage reimbursement over the amount deductible for federal income tax purposes. The deduction shall be proven by the keeping of a contemporaneous diary by the person throughout the period of the voluntary work in the tax year.
   e. Add the amount, not to exceed five thousand dollars, of expenses not otherwise deductible under this section actually incurred in the home of the taxpayer for the care of a person who is the grandchild, child, parent, or grandparent of the taxpayer or the taxpayer’s
spouse and who is unable, by reason of physical or mental disability, to live independently and is receiving, or would be eligible to receive if living in a health care facility licensed under chapter 135C, medical assistance benefits under chapter 249A. In the event that the person being cared for is receiving assistance benefits under chapter 239B, the expenses not otherwise deductible shall be the net difference between the expenses actually incurred in caring for the person and the assistance benefits received under chapter 239B.

f. Add the amount of the mortgage interest credit allowable for the tax year under section 25 of the Internal Revenue Code to the extent the credit decreased the amount of interest deductible under section 163(g) of the Internal Revenue Code.

g. If the taxpayer has a deduction for medical care expenses under section 213 of the Internal Revenue Code, the taxpayer shall recomputed for the purposes of this subsection the amount of the deduction under section 213 by excluding from medical care, as defined in section 213, the amount subtracted under section 422.7, subsection 29.

h. For purposes of calculating the deductions in this subsection that are authorized under the Internal Revenue Code, and to the extent that any of such deductions is determined by an individual’s federal adjusted gross income, the individual’s federal adjusted gross income is computed in accordance with section 422.7, subsections 39, 39A, 51, 52, and 53.

i. The deduction for state sales and use taxes is allowable only if the taxpayer elected to deduct the state sales and use taxes in lieu of state income taxes under section 164 of the Internal Revenue Code. A deduction for state sales and use taxes is not allowed if the taxpayer has taken the deduction for state income taxes or claimed the standard deduction under section 63 of the Internal Revenue Code. This paragraph applies to taxable years beginning after December 31, 2018.

j. Subtract charitable contributions under section 170 of the Internal Revenue Code to the extent such contribution was made to an organization for the purpose of deposit in the Iowa education savings plan trust established in chapter 12D, and the taxpayer designated that any part of the contribution be used for the direct benefit of any dependent of the taxpayer or any other single beneficiary designated by the taxpayer.

k. Subtract interest, taxes, and other miscellaneous expenses deductible for federal income tax purposes to the extent such amounts are eligible home costs in connection with a qualified home purchase that were paid or reimbursed from funds in a first-time homebuyer savings account. For purposes of this paragraph, “eligible home costs”, “first-time homebuyer savings account”, and “qualified home purchase” mean the same as defined in section 541B.2.

l. The limitation on the deduction of certain taxes in section 164(b)(6) of the Internal Revenue Code does not apply in computing taxable income for state tax purposes. A taxpayer is allowed to deduct taxes in computing taxable income as otherwise provided in this subsection without regard to section 164(b)(6), as enacted by Pub. L. No. 115-97, §11042.

2A. a. The following percentage of the qualified business income deductions under sections 199A(a) and 199A(g) of the Internal Revenue Code taken and allowable in calculating federal taxable income for the applicable tax year:

1. For tax years beginning on or after January 1, 2019, but before January 1, 2021, twenty-five percent.

2. For tax years beginning during the 2021 calendar year, fifty percent.

3. For tax years beginning on or after January 1, 2022, seventy-five percent.

b. Notwithstanding paragraph “a”, and section 422.4, subsection 16, paragraph “e”, for an entity electing or required to file a composite return under section 422.13, subsection 5, the deduction allowed under this subsection for purposes of the composite return shall be an amount equal to the applicable percentage described in paragraph “a” of the deductions that would be allowable for federal income tax purposes under sections 199A(a) and 199A(g) of the Internal Revenue Code by an individual taxpayer reporting the same items of income and loss that are included in the composite return.

3. If, after applying all of the adjustments provided for in section 422.7, the allocation provisions of section 422.8, and the deductions allowable in this section subject to the modifications provided in section 172(d) of the Internal Revenue Code, the taxable income results in a net operating loss, the net operating loss shall be deducted as follows:

a. The Iowa net operating loss shall be carried back three taxable years for an individual
taxpayer with a casualty or theft property loss or for a net operating loss in a presidentially declared disaster area incurred by a taxpayer engaged in a small business or in the trade or business of farming. For all other Iowa net operating losses, the net operating loss shall be carried back two taxable years or to the taxable year in which the taxpayer first earned income in Iowa whichever year is the later.

b. The Iowa net operating loss remaining after being carried back as required in paragraph “a” or “d” or if not required to be carried back shall be carried forward twenty taxable years.

c. If the election under section 172(b)(3) of the Internal Revenue Code is made, the Iowa net operating loss shall be carried forward twenty taxable years.

d. Notwithstanding paragraph “a”, for a taxpayer who is engaged in the trade or business of farming as defined in section 263A(e)(4) of the Internal Revenue Code and has a loss from farming as defined in section 172(b)(1)(B) of the Internal Revenue Code including modifications prescribed by rule by the director, the Iowa loss from the trade or business of farming is a net operating loss which may be carried back five taxable years prior to the taxable year of the loss.

4. Where married persons file separately, both must use the optional standard deduction if either elects to use it, and both must claim itemized deductions if either elects to claim itemized deductions.

5. A taxpayer affected by section 422.8 shall be permitted to deduct only such portion of the total referred to in subsections 2 and 2A as is fairly and equitably allocable to Iowa under the rules prescribed by the director.

422.10 Research activities credit.
1. The taxes imposed under this division shall be reduced by a state tax credit for increasing research activities in this state.
   a. An individual shall only be eligible for the credit provided in this section if the business conducting the research meets all of the following requirements:
      (1) (a) The business is engaged in the manufacturing, life sciences, agriscience, software engineering, or aviation and aerospace industry.
              (b) Persons that shall not be considered to be engaged in the manufacturing, life sciences, agriscience, software engineering, or aviation and aerospace industry, and thus are not eligible for the credit, include but are not limited to all of the following:
                 (i) A person engaged in agricultural production as defined in section 423.1.
                 (ii) A person who is a contractor, subcontractor, builder, or a contractor-retailer that engages in commercial and residential repair and installation, including but not limited to heating or cooling installation and repair, plumbing and pipe fitting, security system installation, and electrical installation and repair. For purposes of this subparagraph subdivision, "contractor-retailer" means a business that makes frequent retail sales to the public or to other contractors and that also engages in the performance of construction contracts.
                 (iii) A finance or investment company.
                 (iv) A retailer.
                 (v) A wholesaler.
                 (vi) A transportation company.
                 (vii) A publisher.
                 (viii) An agricultural cooperative association as defined in section 502.102.
                 (ix) A real estate company.
                 (x) A collection agency.
                 (xi) An accountant.
                 (xii) An architect.
      (2) The business claims and is allowed a research credit for such qualified research expenses under section 41 of the Internal Revenue Code for the same taxable year as it is claiming the credit provided in this section.
   b. (1) For individuals, the credit equals the sum of the following:
      (a) Six and one-half percent of the excess of qualified research expenses during the tax year over the base amount for the tax year based upon the state's apportioned share of the qualifying expenditures for increasing research activities.
      (b) Six and one-half percent of the basic research payments determined under section 41(e)(1)(A) of the Internal Revenue Code during the tax year based upon the state's apportioned share of the qualifying expenditures for increasing research activities.
      (2) The state's apportioned share of the qualifying expenditures for increasing research activities is a percent equal to the ratio of qualified research expenditures in this state to total qualified research expenditures.
   c. In lieu of the credit amount computed in paragraph "b", subparagraph (1), subparagraph division (a), a taxpayer may elect to compute the credit amount for qualified research expenses incurred in this state in a manner consistent with the alternative simplified credit described in section 41(c)(5) of the Internal Revenue Code. The taxpayer may make this election regardless of the method used for the taxpayer's federal income tax. The election made under this paragraph is for the tax year and the taxpayer may use another or the same method for any subsequent year.
   d. For purposes of the alternate credit computation method in paragraph "c", the credit percentages applicable to qualified research expenses described in section 41(c)(5)(A) and clause (ii) of section 41(c)(5)(B) of the Internal Revenue Code are four and fifty-five hundredths percent and one and ninety-five hundredths percent, respectively.
   2. For purposes of this section, an individual may claim a research credit incurred by
a partnership, S corporation, limited liability company, estate, or trust electing to have the income taxed directly to the individual. The amount claimed by the individual shall be based upon the pro rata share of the individual’s earnings of a partnership, S corporation, limited liability company, estate, or trust.

3. a. For purposes of this section, “base amount” means the product of the fixed-based percentage times the average annual gross receipts of the taxpayer for the four taxable years preceding the taxable year for which the credit is being determined, but in no event shall the base amount be less than fifty percent of the qualified research expenses for the credit year.

b. For purposes of this section, “basic research payment” and “qualified research expense” mean the same as defined for the federal credit for increasing research activities under section 41 of the Internal Revenue Code, except that for the alternative simplified credit such amounts are for research conducted within this state.

4. Any credit in excess of the tax liability imposed by section 422.5 less the amounts of nonrefundable credits allowed under this division for the taxable year shall be refunded with interest in accordance with section 421.60, subsection 2, paragraph “e”. In lieu of claiming a refund, a taxpayer may elect to have the overpayment shown on the taxpayer’s final, completed return credited to the tax liability for the following taxable year.

5. An individual may claim an additional research activities credit authorized pursuant to section 15.335 if the eligible business is a partnership, S corporation, limited liability company, or estate or trust which elects to have the income taxed directly to the individual. The amount of the credit shall be as provided in section 15.335.

6. The department shall by February 15 of each year issue an annual report to the general assembly containing the total amount of all claims made by employers under this section and the portion of the claims issued as refunds, for all claims processed during the previous calendar year. The report shall contain the name of each claimant for whom a tax credit in excess of five hundred thousand dollars was issued and the amount of the credit received.

A taxpayer who is a shareholder in a financial institution, as defined in section 581 of the Internal Revenue Code, which has in effect for the tax year an election under subchapter S of the Internal Revenue Code, or is a member of a financial institution organized as a limited liability company under chapter 524 that is taxed as a partnership for federal income tax purposes, shall compute the amount of the tax credit by recomputing the amount of tax under this division by reducing the taxable income of the taxpayer by the taxpayer’s pro rata share of the items of income and expense of the financial institution and subtracting the credits allowed under section 422.12. This recomputed tax shall be subtracted from the amount of tax computed under this division after the deduction for credits allowed under section 422.12. 422.11A New jobs tax credit.
The taxes imposed under this division, less the credits allowed under section 422.12, shall be reduced by a new jobs tax credit. An industry which has entered into an agreement under chapter 260E and which has increased its base employment level by at least ten percent within the time set in the agreement or, in the case of an industry without a base employment level, adds new jobs within the time set in the agreement is entitled to this new jobs tax credit for the tax year selected by the industry. In determining if the industry has increased its base employment level by ten percent or added new jobs, only those new jobs directly resulting from the project covered by the agreement and those directly related to those new jobs shall be counted. The amount of this credit is equal to the product of six percent of the taxable wages upon which an employer is required to contribute to the state unemployment compensation fund, as defined in section 96.19, subsection 37, times the number of new jobs existing in the tax year that directly result from the project covered by the agreement or new jobs that directly result from those new jobs. The tax year chosen by the industry shall either begin or end during the period beginning with the date of the agreement and ending with the date by which the project is to be completed under the agreement. An individual may claim the new jobs tax credit allowed a partnership, subchapter S corporation, or estate or trust electing to have the income taxed directly to the individual. The amount claimed by the individual shall be based upon the pro rata share of the individual’s earnings of the partnership, subchapter S corporation, or estate or trust. Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following ten tax years or until depleted, whichever is the earlier. For purposes of this section, “agreement”, “industry”, “new job”, and “project” mean the same as defined in section 260E.2 and “base employment level” means the number of full-time jobs an industry employs at the plant site which is covered by an agreement under chapter 260E on the date of that agreement.

   a. Sixty percent of the federal residential energy efficient property credit related to solar energy provided in section 25D(a)(1) and section 25D(a)(2) of the Internal Revenue Code, not to exceed five thousand dollars.
   b. Sixty percent of the federal energy credit related to solar energy systems provided in section 48(a)(2)(A)(i)(II) and section 48(a)(2)(A)(i)(III) of the Internal Revenue Code, not to exceed twenty thousand dollars.
   c. Notwithstanding paragraphs “a” and “b” of this subsection, for installations occurring on or after January 1, 2016, the applicable percentages of the federal residential energy efficiency property tax credit related to solar energy and the federal energy credit related to solar energy systems shall be fifty percent.
2. Any credit in excess of the tax liability is not refundable but the excess for the tax year may be credited to the tax liability for the following ten years or until depleted, whichever is earlier. The director of revenue shall adopt rules to implement this section.
3. a. An individual may claim the tax credit allowed a partnership, limited liability company, S corporation, estate, or trust electing to have the income taxed directly to the individual. If for a tax year the aggregate amount of tax credits applied for exceeds the amount specified in subsection 4, the department shall establish a wait list for tax credits. Valid applications filed by the taxpayer by May 1 following the year of the installation but not approved by the department shall be placed on a wait list in the order the applications were received and those applicants shall be given priority for having their applications approved in succeeding years. Placement on a wait list pursuant to this subparagraph shall not constitute
a promise binding the state. The availability of a tax credit and approval of a tax credit application pursuant to this section in a future year is contingent upon the availability of tax credits in that particular year.

4. a. The cumulative value of tax credits claimed annually by applicants pursuant to this section shall not exceed five million dollars. Of this amount, at least one million dollars shall be reserved for claims associated with or resulting from residential solar energy system installations. b. If an amount of tax credits available for a tax year pursuant to paragraph “a” goes unclaimed, the amount of the unclaimed tax credits shall be made available for the following tax year in addition to, and cumulated with, the amount available pursuant to paragraph “a” for the following tax year.

2. The special terms provided in section 452A.31 shall also apply to this section.

3. The taxes imposed under this division, less the credits allowed under section 422.12, shall be reduced by an ethanol promotion tax credit for each tax year that the taxpayer is eligible to claim the tax credit under this section. In order to be eligible, all of the following must apply:

determination period or parts of the determination periods for which the tax credit is claimed as provided in this section.

b. The retail dealer complies with requirements of the department to administer this section.

4. a. When first claiming the tax credit, the retail dealer shall elect to compute and claim the tax credit on a company-wide basis or site-by-site basis in the same manner as provided in section 452A.33.

(1) In making a company-wide election, the retail dealer must compute and claim the tax credit based on calculations as provided in this section for all retail motor fuel sites where the retail dealer sells and dispenses motor fuel on a retail basis. The retail dealer shall not claim the tax credit based on a calculation which does not include all such retail motor fuel sites. A retail dealer shall use the company-wide election in order to calculate the retail dealer’s biofuel threshold percentage as provided in subsection 5, paragraph “b”.

(2) In making a site-by-site election, the retail dealer must compute and claim the tax credit based on calculations as provided in this section for each retail motor fuel site where the retail dealer sells and dispenses motor fuel on a retail basis. Nothing in this subparagraph requires the retail dealer to compute or claim a tax credit for a particular retail motor fuel site. The retail dealer shall not use the site-by-site election in order to calculate the retail dealer’s biofuel threshold percentage as provided in subsection 5, paragraph “b”.

b. Once the retail dealer makes an election as provided in paragraph “a”, the retail dealer shall not change the election without the written consent of the department.

5. In order to receive the tax credit, the retail dealer must calculate all of the following:

b. The retail dealer’s biofuel threshold percentage is as follows:

(1) For a retail dealer who sells and dispenses more than two hundred thousand gallons of motor fuel in an applicable determination period, the retail dealer’s biofuel threshold percentage is as follows:

(a) Ten percent for the determination period beginning on January 1, 2009, and ending December 31, 2009.

(b) Eleven percent for the determination period beginning on January 1, 2010, and ending December 31, 2010.

(h) Nineteen percent for the determination period beginning on January 1, 2016, and ending December 31, 2016.

(i) Twenty-one percent for the determination period beginning on January 1, 2017, and ending December 31, 2017.

(j) Twenty-three percent for the determination period beginning on January 1, 2018, and ending December 31, 2018.

(k) Twenty-five percent for each determination period in the period beginning on January 1, 2019, and ending on December 31, 2020.

(2) For a retail dealer who sells and dispenses two hundred thousand gallons of motor fuel or less in an applicable determination period, the biofuel threshold percentages shall be:
(a) Six percent for the determination period beginning on January 1, 2009, and ending December 31, 2009.

(b) Six percent for the determination period beginning on January 1, 2010, and ending December 31, 2010.

(c) Ten percent for the determination period beginning on January 1, 2011, and ending December 31, 2011.

(d) Eleven percent for the determination period beginning on January 1, 2012, and ending December 31, 2012.

(l) Twenty-five percent for the determination period beginning on January 1, 2020, and ending December 31, 2020.

(3) (a) Notwithstanding paragraph “a”, the governor may adjust a biofuel threshold percentage for a determination period if the governor finds that exigent circumstances exist. Exigent circumstances exist due to potential substantial economic injury to the state’s economy. Exigent circumstances also exist if it is probable that a substantial number of retail dealers cannot comply with a biofuel threshold percentage during a determination period due to any of the following:

(i) Less than the target number of flexible fuel vehicles are registered under chapter 321. The target numbers of flexible fuel vehicles are as follows:

(A) On January 1, 2011, two hundred fifty thousand.

(B) On January 1, 2014, three hundred fifty thousand.

(C) On January 1, 2017, four hundred fifty thousand.

(D) On January 1, 2019, five hundred fifty thousand.

(ii) A shortage in the biofuel feedstock resulting in a dramatic decrease in biofuel inventories.

(b) If the governor finds that exigent circumstances exist, the governor may reduce the applicable biofuel threshold percentage by replacing it with an adjusted biofuel threshold percentage. The governor shall consult with the department of revenue and the office of renewable fuels and coproducts pursuant to section 159A.3. The governor shall make the adjustment by giving notice of intent to issue a proclamation which shall take effect not earlier than thirty-five days after publication in the Iowa administrative bulletin of a notice to issue the proclamation. The governor shall provide a period of notice and comment in the same manner as provided in section 17A.4, subsection 1. The adjusted biofuel threshold percentage shall be effective for the following determination period.

c. The retail dealer’s biofuel threshold percentage disparity which is a positive percentage difference obtained by taking the minuend which is the retail dealer’s biofuel threshold percentage and subtracting from it the subtrahend which is the retail dealer’s biofuel distribution percentage, in the retail dealer’s applicable determination period.

6. a. For a retail dealer whose tax year is the same as a determination period beginning on January 1 and ending on December 31, the retail dealer’s tax credit is calculated by multiplying the retail dealer’s total ethanol gallonage by a tax credit rate, which may be adjusted based on the retail dealer’s biofuel threshold percentage disparity. The tax credit rate is as follows:
(1) For any tax year in which the retail dealer has attained a biofuel threshold percentage for the determination period, the tax credit rate is eight cents.

(2) For any tax year in which the retail dealer has not attained a biofuel threshold percentage for the determination period, the tax credit rate shall be adjusted based on the retail dealer’s biofuel threshold percentage disparity. The amount of the adjusted tax credit rate is as follows:

(a) If the retail dealer’s biofuel threshold percentage disparity equals two percent or less, the tax credit rate is six cents.

(b) If the retail dealer’s biofuel threshold percentage disparity equals more than two percent but not more than four percent, the tax credit rate is as follows:

(i) For calendar year 2011, two and one-half cents.

(ii) For calendar year 2012 and for each subsequent calendar year, four cents.

(c) A retail dealer is not eligible for a tax credit if the retail dealer’s biofuel threshold percentage disparity equals more than four percent.

b. For a retail dealer whose tax year is not the same as a determination period beginning on January 1 and ending on December 31, the retail dealer shall calculate the tax credit as follows:

(1) If a retail dealer has not claimed a tax credit in the retail dealer’s previous tax year, the retail dealer may claim the tax credit in the retail dealer’s current tax year for that period beginning on January 1 of the retail dealer’s previous tax year to the last day of the retail dealer’s previous tax year. For that period the retail dealer shall calculate the tax credit in the same manner as a retail dealer who will calculate the tax credit on December 31 of that calendar year as provided in paragraph “a”.

(2) (a) For the period beginning on the first day of the retail dealer’s tax year until December 31, the retail dealer shall calculate the tax credit in the same manner as a retail dealer who calculates the tax credit on that same December 31 as provided in paragraph “a”.

(b) For the period beginning on January 1 to the end of the retail dealer’s tax year, the retail dealer shall calculate the tax credit in the same manner as a retail dealer who will calculate the tax credit on the following December 31 as provided in paragraph “a”.

7. a. A retail dealer is eligible to claim an ethanol promotion tax credit as provided in this section even though the retail dealer claims one or all of the following related tax credits:

(1) The E-85 gasoline promotion tax credit pursuant to section 422.110.

(2) The E-15 plus gasoline promotion tax credit pursuant to section 422.11Y.

b. The retail dealer may claim the ethanol promotion tax credit and one or more of the related tax credits as provided in paragraph “a” for the same tax year and for the same ethanol gallonage.

8. Any credit in excess of the retail dealer’s tax liability shall be refunded. In lieu of claiming a refund, the retail dealer may elect to have the overpayment shown on the retail dealer’s final, completed return credited to the tax liability for the following tax year.

9. An individual may claim the tax credit allowed a partnership, limited liability company, S corporation, estate, or trust electing to have the income taxed directly to the individual. The amount claimed by the individual shall be based upon the pro rata share of the individual’s earnings of a partnership, limited liability company, S corporation, estate, or trust.

10. This section is repealed on January 1, 2021.

   b. For a taxpayer with net income of ten thousand dollars or more but less than twenty thousand dollars, sixty-five percent.
   c. For a taxpayer with net income of twenty thousand dollars or more but less than twenty-five thousand dollars, fifty-five percent.
   d. For a taxpayer with net income of twenty-five thousand dollars or more but less than thirty thousand dollars, fifty percent.
   e. For a taxpayer with net income of thirty-five thousand dollars or more but less than forty thousand dollars, forty percent.
   f. For a taxpayer with net income of forty thousand dollars or more but less than forty-five thousand dollars, thirty percent.
   g. For a taxpayer with net income of forty-five thousand dollars or more, zero percent.

2. a. The taxes imposed under this division, less the amounts of nonrefundable credits allowed under this division, may be reduced by an early childhood development tax credit
equal to twenty-five percent of the first one thousand dollars which the taxpayer has paid to others for each dependent, as defined in the Internal Revenue Code, ages three through five for early childhood development expenses. In determining the amount of early childhood development expenses for the tax year beginning in the 2006 calendar year only, such expenses paid during November and December of the previous tax year shall be considered paid in the tax year for which the tax credit is claimed. This credit is available to a taxpayer whose net income is less than forty-five thousand dollars. If the early childhood development tax credit is claimed for a tax year, the taxpayer and the taxpayer’s spouse shall not claim the child and dependent care credit under subsection 1.

b. As used in this subsection:
(1) “Early childhood development expenses” means services provided to the dependent by a preschool, as defined in section 237A.1, materials, and other activities as follows:
   (a) Books that improve child development, including textbooks, music books, art books, teacher’s editions, and reading books.
   (b) Instructional materials required to be used in a child development or educational lesson activity, including but not limited to paper, notebooks, pencils, and art supplies.
   (c) Lesson plans and curricula.
   (d) Child development and educational activities outside the home, including drama, art, music, and museum activities, and the entrance fees for such activities, but not including food or lodging, membership fees, or other nonacademic expenses.
(2) “Early childhood development expenses” does not include services, materials, or activities for the teaching of religious tenets, doctrines, or worship, the purpose of which is to inculcate those tenets, doctrines, or worship.

3. Any credit in excess of the tax liability shall be refunded. In lieu of claiming a refund, a taxpayer may elect to have the overpayment shown on the taxpayer’s final, completed return credited to the tax liability for the following taxable year.

4. Married taxpayers who have filed joint federal returns electing to file separate returns or to file separately on a combined return form must determine the child and dependent care credit under subsection 1 or the early childhood development tax credit under subsection 2 based upon their combined net income and allocate the total credit amount to each spouse in the proportion that each spouse’s respective net income bears to the total combined net income. Nonresidents or part-year residents of Iowa must determine their Iowa child and dependent care credit under subsection 1 or the early childhood development tax credit under subsection 2 in the ratio of their Iowa source net income to their all source net income. Nonresidents or part-year residents who are married and elect to file separate returns or to file separately on a combined return form must allocate the Iowa child and dependent care credit under subsection 1 or the early childhood development tax credit under subsection 2 between the spouses in the ratio of each spouse’s Iowa source net income to the combined Iowa source net income of the taxpayers.

422.16 Withholding of income tax at source — penalties — interest — declaration of estimated tax — bond.

1. a. Every withholding agent and every employer as defined in this chapter and further defined in the Internal Revenue Code, with respect to income tax collected at source, making payment of wages to a nonresident employee working in Iowa, or to a resident employee, shall deduct and withhold from the wages an amount which will approximate the employee’s annual tax liability on a calendar year basis, calculated on the basis of tables to be prepared by the department and schedules or percentage rates, based on the wages, to be prescribed by the department. Every employee or other person shall declare to the employer or withholding agent the number of the employee’s or other person’s personal allowances to be used in applying the tables and schedules or percentage rates. However, no greater number of allowances may be declared by the employee or other person than the number to which the employee or other person is entitled except as allowed under sections 3402(m)(1) and 3402(m)(3) of the Internal Revenue Code and as allowed for the child and dependent care credit provided in section 422.12C. The claiming of allowances in excess of entitlement is a serious misdemeanor.

b. Nonresidents engaged in any facet of feature film, television, or educational production using the film or videotape disciplines in the state are not subject to Iowa withholding if the employer has applied to the department for exemption from the withholding requirement and the department has determined that any nonresident receiving wages would be entitled to a credit against Iowa income taxes paid.

c. For the purposes of this subsection, state income tax shall be withheld from pensions, annuities, other similar periodic payments, and other income payments of those persons whose primary residence is in Iowa in those circumstances in which those persons have federal income tax withheld from pensions, annuities, other similar periodic payments, and
other income payments under sections 3402(o), 3402(p), 3402(s), 3405(a), 3405(b), and 3405(c) of the Internal Revenue Code at a rate to be specified by the department.

d. For the purposes of this subsection, state income tax shall be withheld on winnings in excess of six hundred dollars derived from gambling activities authorized under chapter 99B or 99G. State income tax shall be withheld on winnings in excess of one thousand dollars from gambling activities authorized under chapter 99D. State income tax shall be withheld on winnings in excess of twelve hundred dollars derived from slot machines authorized under chapter 99F.

e. For the purposes of this subsection, state income tax at the rate of six percent shall be withheld from supplemental wages of employees in those circumstances in which the employer treats the supplemental wages as wholly separate from regular wages for purposes of withholding and federal income tax is withheld from the supplemental wages under section 3402(g) of the Internal Revenue Code.

f. Nonresidents engaged in emergency response work or training meeting the requirements of section 422.7, subsection 57, are not subject to withholding by the applicable electric utility for which such emergency response work or training is being performed if the electric utility has applied to the department for exemption from the withholding requirement and the department has determined that the payments received by the nonresidents would be exempt from taxation pursuant to section 422.7, subsection 57.

g. Individuals described in section 29C.24 are not subject to withholding, as provided in that section.

2. a. A withholding agent required to deduct and withhold tax under subsections 1 and 12 shall file a return and remit to the department the amount of tax on or before the last day of the month following the close of the quarterly period on forms prescribed by the director. However, a withholding agent who withholds more than five hundred dollars in any one month and not more than five thousand dollars in a semimonthly period shall deposit with the department the amount withheld, with a monthly deposit form as prescribed by the director. The monthly deposit form is due on or before the fifteenth day of the month following the month of withholding, except that a deposit is not required for the third month of the calendar quarter. The total quarterly amount, less the amounts deposited for the first two months of the quarter, is due with the quarterly return due on or before the last day of the month following the close of the quarterly period on forms prescribed by the director. However, a withholding agent who withholds more than five thousand dollars in a semimonthly period shall deposit with the department the amount withheld, with a semimonthly deposit form as prescribed by the director. The first semimonthly deposit form for the period from the first of the month through the fifteenth of the month is due on the twenty-fifth day of the month in which the withholding occurs. The second semimonthly deposit form for the period from the sixteenth of the month through the end of the month is due on the tenth day of the month following the month in which the withholding occurs. A withholding agent must also file a quarterly return which reconciles the amount of tax withheld for the quarter with the amount of semimonthly deposits. The quarterly return is due on or before the last day of the month following the close of the quarterly period on forms prescribed by the director.

b. Every withholding agent on or before the end of the second month following the close of the calendar year in which the withholding occurs shall make an annual reporting of taxes withheld and other information prescribed by the director and send to the department copies of wage and tax statements with the return. At the discretion of the director, the withholding agent shall not be required to send wage statements and tax statements with the annual reporting return form if the information is available from the internal revenue service or other state or federal agencies.

c. If the director has reason to believe that the collection of the tax provided for in subsections 1 and 12 is in jeopardy, the director may require the employer or withholding agent to make the report and pay the tax at any time, in accordance with section 422.30. The director may authorize incorporated banks, trust companies, or other depositories authorized by law which are depositories or financial agents of the United States or of this state, to receive any tax imposed under this chapter, in the manner, at the times, and under the conditions the director prescribes. The director shall also prescribe the manner, times,
and conditions under which the receipt of the tax by those depositories is to be treated as payment of the tax to the department.

d. The director, in cooperation with the department of management, may periodically change the filing and remittance thresholds by administrative rule if in the best interest of the state and the taxpayer.

3. Every withholding agent employing not more than two persons who expects to employ either or both of such persons for the full calendar year may, with respect to such persons, pay with the withholding tax return due for the first calendar quarter of the year the full amount of income taxes required to be withheld from the wages of such persons for the full calendar year. The amount to be paid shall be computed as if the employee were employed for the full calendar year for the same wages and with the same pay periods as prevailed during the first quarter of the year with respect to such employee. No such lump sum payment of withheld income tax shall be made without the written consent of all employees involved. The withholding agent shall be entitled to recover from the employee any part of such lump sum payment that represents an advance to the employee. If a withholding agent pays a lump sum with the first quarterly return the withholding agent shall be excused from filing further quarterly returns for the calendar year involved unless the withholding agent hires other or additional employees.

4. Every withholding agent who fails to withhold or pay to the department any sums required by this chapter to be withheld and paid, shall be personally, individually, and corporately liable therefor to the state of Iowa, and any sum or sums withheld in accordance with the provisions of subsections 1 and 12, shall be deemed to be held in trust for the state of Iowa. Notwithstanding section 489.304, this subsection applies to a member or manager of a limited liability company.

5. In the event a withholding agent fails to withhold and pay over to the department any amount required to be withheld under subsections 1 and 12 of this section, such amount may be assessed against such employer or withholding agent in the same manner as prescribed for the assessment of income tax under the provisions of divisions II and VI of this chapter.

6. Whenever the director determines that any employer or withholding agent has failed to withhold or pay over to the department sums required to be withheld under subsections 1 and 12 of this section the unpaid amount thereof shall be a lien as defined in section 422.26, shall attach to the property of said employer or withholding agent as therein provided, and in all other respects the procedure with respect to such lien shall apply as set forth in said section 422.26.

7. a. Every withholding agent required to deduct and withhold a tax under subsections 1 and 12 of this section shall furnish to such employee, nonresident, or other person in respect of the remuneration paid by such employer or withholding agent to such employee, nonresident, or other person during the calendar year, on or before January 31 of the succeeding year, or, in the case of employees, if the employee’s employment is terminated before the close of such calendar year, within thirty days from the day on which the last payment of wages is made, if requested by such employee, but not later than January 31 of the following year, a written statement showing the following:

(1) The name and address of such employer or withholding agent, and the identification number of such employer or withholding agent.

(2) The name of the employee, nonresident, or other person and that person’s federal social security account number, together with the last known address of such employee, nonresident, or other person to whom wages have been paid during such period.

(3) The gross amount of wages, or other taxable income, paid to the employee, nonresident, or other person.

(4) The total amount deducted and withheld as tax under the provisions of subsections 1 and 12 of this section.

(5) The total amount of federal income tax withheld.

b. The statements required to be furnished by this subsection in respect of any wages or other taxable Iowa income shall be in such form or forms as the director may, by regulation, prescribe.

8. An employer or withholding agent shall be liable for the payment of the tax required
to be deducted and withheld or the amount actually deducted, whichever is greater, under subsections 1 and 12 of this section; and any amount deducted and withheld as tax under subsections 1 and 12 of this section during any calendar year upon the wages of any employee, nonresident, or other person shall be allowed as a credit to the employee, nonresident, or other person against the tax imposed by section 422.5, irrespective of whether or not such tax has been, or will be, paid over by the employer or withholding agent to the department as provided by this chapter.

9. The amount of any overpayment of the individual income tax liability of the employee taxpayer, nonresident, or other person which may result from the withholding and payment of withheld tax by the employer or withholding agent to the department under subsections 1 and 12, as compared to the individual income tax liability of the employee taxpayer, nonresident, or other person properly and correctly determined under the provisions of section 422.4, to and including section 422.25, may be credited against any income tax or installment thereof due the state of Iowa and any balance of one dollar or more shall be refunded to the employee taxpayer, nonresident, or other person with interest in accordance with section 421.60, subsection 2, paragraph “e”. Amounts less than one dollar shall be refunded to the taxpayer, nonresident, or other person only upon written application, in accordance with section 422.73, and only if the application is filed within twelve months after the due date of the return. Refunds in the amount of one dollar or more provided for by this subsection shall be paid by the treasurer of state by warrants drawn by the director of the department of administrative services, or an authorized employee of the department, and the taxpayer’s return of income shall constitute a claim for refund for this purpose, except in respect to amounts of less than one dollar. There is appropriated, out of any funds in the state treasury not otherwise appropriated, a sum sufficient to carry out the provisions of this subsection.

10. a. An employer or withholding agent required under this chapter to furnish a statement required by this chapter who willfully furnishes a false or fraudulent statement, or who willfully fails to furnish the statement is, for each failure, subject to a civil penalty of five hundred dollars, the penalty to be in addition to any criminal penalty otherwise provided by the Code.

b. In addition to the tax or additional tax, any person or withholding agent shall pay a penalty as provided in section 421.27. The taxpayer shall also pay interest on the tax or additional tax at the rate in effect under section 421.7, for each month counting each fraction of a month as an entire month, computed from the date the semimonthly, monthly, or quarterly deposit form was required to be filed. The penalty and interest become a part of the tax due from the withholding agent.

c. If any withholding agent, being a domestic or foreign corporation, required under the provisions of this section to withhold on wages or other taxable Iowa income subject to this chapter, fails to withhold the amounts required to be withheld, make the required returns or remit to the department the amounts withheld, the director may, having exhausted all other means of enforcement of the provisions of this chapter, certify such fact or facts to the secretary of state, who shall thereupon cancel the articles of incorporation or certificate of authority, as the case may be, of such corporation, and the rights of such corporation to carry on business in the state of Iowa shall thereupon cease. The secretary of state shall immediately notify by registered mail such domestic or foreign corporation of the action taken by the secretary of state. The provisions of section 422.40, subsection 3, shall be applicable.

d. The department shall upon request of any fiduciary furnish said fiduciary with a certificate of acquittance showing that no liability as a withholding agent exists with respect to the estate or trust for which said fiduciary acts, provided the department has determined that there is no such liability.

11. a. A person or married couple filing a return shall make estimated tax payments if the person’s or couple’s Iowa income tax attributable to income other than wages subject to withholding can reasonably be expected to amount to two hundred dollars or more for the taxable year, except that, in the cases of farmers and fishermen, the exceptions provided in the Internal Revenue Code with respect to making estimated payments apply. The estimated tax shall be paid in quarterly installments. The first installment shall be paid on or before the last day of the fourth month of the taxpayer’s tax year for which the estimated payments
apply. The other installments shall be paid on or before the last day of the sixth month of the tax year, the last day of the ninth month of the tax year, and the last day of the first month after the tax year. However, at the election of the person or married couple, an installment of the estimated tax may be paid prior to the date prescribed for its payment. If a person or married couple filing a return has reason to believe that the person’s or couple’s Iowa income tax may increase or decrease, either for purposes of meeting the requirement to make estimated tax payments or for the purpose of increasing or decreasing estimated tax payments, the person or married couple shall increase or decrease any subsequent estimated tax payments accordingly.

b. In the case of persons or married couples filing jointly, the total balance of the tax payable after credits for taxes paid through withholding, as provided in subsection 1 of this section, or through payment of estimated tax, or a combination of withholding and estimated tax payments is due and payable on or before April 30 following the close of the calendar year, or if the return is to be made on the basis of a fiscal year, then on or before the last day of the fourth month following the close of the fiscal year.

c. If a taxpayer is unable to make the taxpayer’s estimated tax payments, the payments may be made by a duly authorized agent, or by the guardian or other person charged with the care of the person or property of the taxpayer.

d. Any amount of estimated tax paid is a credit against the amount of tax found payable on a final, completed return, as provided in subsection 9, relating to the credit for the tax withheld against the tax found payable on a return properly and correctly prepared under sections 422.5 through 422.25, and any overpayment of one dollar or more shall be refunded to the taxpayer and the return constitutes a claim for refund for this purpose. Amounts less than one dollar shall not be refunded. The method provided by the Internal Revenue Code for determining what is applicable to the addition to tax for underpayment of the tax payable applies to persons required to make payments of estimated tax under this section except the amount to be added to the tax for underpayment of estimated tax is an amount determined at the rate in effect under section 421.7. This addition to tax specified for underpayment of the tax payable is not subject to waiver provisions relating to reasonable cause, except as provided in the Internal Revenue Code. Underpayment of estimated tax shall be determined in the same manner as provided under the Internal Revenue Code and the exceptions in the Internal Revenue Code also apply.

e. In lieu of claiming a refund, the taxpayer may elect to have the overpayment shown on the taxpayer’s final, completed return for the taxable year credited to the taxpayer’s tax liability for the following taxable year.

12. a. In the case of nonresidents having income subject to taxation by Iowa, but not subject to withholding of such tax under subsection 1 hereof, withholding agents shall withhold from such income at the same rate as provided in subsection 1 hereof, and such withholding agents and such nonresidents shall be subject to the provisions of this section, according to the context, except that such withholding agents may be absolved of such requirement to withhold taxes from such nonresident’s income upon receipt of a certificate from the department issued in accordance with the provisions of section 422.17, as hereby amended. In the case of nonresidents having income from a trade or business carried on by them in whole or in part within the state of Iowa, such nonresident shall be considered to be subject to the provisions of this subsection unless such trade or business is of such nature that the business entity itself, as a withholding agent, is required to and does withhold Iowa income tax from the distributions made to such nonresident from such trade or business.

b. Notwithstanding this subsection, withholding agents are not required to withhold state income tax from payments subject to taxation made to nonresidents for commodity credit certificates, grain, livestock, domestic fowl, or other agricultural commodities or products sold to the withholding agents by the nonresidents or their representatives, if the withholding agents provide on forms prescribed by the department information relating to the sales required by the department to determine the state income tax liabilities of the nonresidents. However, the withholding agents may elect to make estimated tax payments on behalf of the nonresidents on the basis of the net incomes of the nonresidents from the
agricultural commodities or products, if the estimated tax payments are made on or before the last day of the first month after the end of the tax years of the nonresidents.

c. Notwithstanding this subsection, withholding agents are not required to withhold state income tax from a partner’s pro rata share of income from a publicly traded partnership, as defined in section 7704(b) of the Internal Revenue Code, provided that the publicly traded partnership files with the department an information return that reports the name, address, taxpayer identification number, and any other information requested by the department for each unit holder with an income in this state from the publicly traded partnership in excess of five hundred dollars.

13. The director shall enter into an agreement with the secretary of the treasury of the United States with respect to withholding of income tax as provided by this chapter, pursuant to an Act of Congress, section 1207 of the Tax Reform Act of 1976, Pub. L. No. 94-455, amending 5 U.S.C. §5517.

14. a. The director may, when necessary and advisable in order to secure the collection of the tax required to be deducted and withheld or the amount actually deducted, whichever is greater, require an employer or withholding agent to file with the director a bond, issued by a surety company authorized to conduct business in this state and approved by the insurance commissioner as to solvency and responsibility, in an amount as the director may fix, to secure the payment of the tax and penalty due or which may become due. In lieu of the bond, securities shall be kept in the custody of the department and may be sold by the director at public or private sale, without notice to the depositor, if it becomes necessary to do so in order to recover any tax and penalty due. Upon a sale, any surplus above the amounts due under this section shall be returned to the employer or withholding agent who deposited the securities.

b. If the withholding agent fails to file the bond as required by the director to secure collection of the tax, the withholding agent is subject to penalty for failure to file the bond. The penalty is equal to fifteen percent of the tax the withholding agent is required to withhold on an annual basis. However, the penalty shall not exceed five thousand dollars.

422.16A Job training withholding — certification and transfer.

Upon the completion by a business of its repayment obligation for a training project funded under chapter 260E, including a job training project funded under section 15A.8 or repaid in whole or in part by the supplemental new jobs credit from withholding under section 15A.7 or section 15E.197, Code 2014, the sponsoring community college shall report to the economic development authority the amount of withholding paid by the business to the community college during the final twelve months of withholding payments. The economic development authority shall notify the department of revenue of that amount.
The department shall credit to the workforce development fund account established in section 15.342A twenty-five percent of that amount each quarter for a period of ten years. If the amount of withholding from the business or employer is insufficient, the department shall prorate the quarterly amount credited to the workforce development fund account. The maximum amount from all employers which shall be transferred to the workforce development fund account in any year is six million dollars.

422.17 Certificate issued by department to make payments without withholding.
Any nonresident whose Iowa income is not subject to section 422.16, subsection 1, in whole or in part, and who elects to be governed by section 422.16, subsection 12, to the extent that the nonresident pays the entire amount of tax properly estimated on or before the last day of the fourth month of the nonresident’s tax year, for the year, may for the year of the election and payment, be granted a certificate from the department authorizing each withholding agent, the income from whom the nonresident has considered in the payment of estimated tax and to the extent the income is included in the estimate, to make payments of income to the nonresident without withholding tax from those payments. Withholding agents, if payments exceed the tax liability estimated by the nonresident as indicated upon the certificate, shall withhold tax in accordance with section 422.16, subsection 12.

422.20 Information confidential — penalty.
1. It shall be unlawful for any present or former officer or employee of the state to divulge or to make known in any manner whatever not provided by law to any person the amount or source of income, profits, losses, expenditures, or any particular thereof, set forth or disclosed in any income return, or to permit any income return or copy thereof or any book containing any abstract or particulars thereof to be seen or examined by any person except as provided by law; and it shall be unlawful for any person to print or publish in any manner whatever not provided by law any income return, or any part thereof or source of income, profits, losses, or expenditures appearing in any income return; and any person committing an offense against the foregoing provision shall be guilty of a serious misdemeanor. If the offender is an officer or employee of the state, such person shall also be dismissed from office or discharged from employment. Nothing herein shall prohibit turning over to duly authorized officers of the United States or tax officials of other states state information and income returns pursuant to agreement between the director and the secretary of the treasury of the United States or the secretary’s delegate or pursuant to a reciprocal agreement with another state.

2. It is unlawful for an officer, employee, or agent, or former officer, employee, or agent of the state to disclose to any person, except as authorized in subsection 1 of this section, any federal tax return or return information as defined in section 6103(b) of the
Internal Revenue Code. It is unlawful for a person to whom any federal tax return or return information, as defined in section 6103(b) of the Internal Revenue Code, is disclosed in a manner unauthorized by subsection 1 of this section to thereafter print or publish in any manner not provided by law any such return or return information. A person violating this provision is guilty of a serious misdemeanor.

3. a. Unless otherwise expressly permitted by section 8A.504, section 8G.4, section 11.41, section 96.11, subsection 6, section 421.17, subsections 22, 23, and 26, section 421.17, subsection 27, paragraph “a”, section 421.17, subsection 31, section 252B.9, section 321.40, subsection 6, sections 321.120, 421.19, 421.28, 422.72, and 452A.63, this section, or another provision of law, a tax return, return information, or investigative or audit information shall not be divulged to any person or entity, other than the taxpayer, the department, or internal revenue service for use in a matter unrelated to tax administration.

b. This prohibition precludes persons or entities other than the taxpayer, the department, or the internal revenue service from obtaining such information from the department, and a subpoena, order, or process which requires the department to produce such information to a person or entity, other than the taxpayer, the department, or internal revenue service for use in a nontax proceeding is void.

4. The director may disclose taxpayer identity information to the press and other media for purposes of notifying persons entitled to tax refunds when the director, after reasonable effort and lapse of time, has been unable to locate the persons.

5. The department may permit, by rule, the disclosure of state tax information to a person a taxpayer has authorized to receive such state tax information, in the manner prescribed by the department.

NEW subsection 5

§422.21 Form and time of return.

1. Returns shall be in the form the director prescribes, and shall be filed with the department on or before the last day of the fourth month after the expiration of the tax year. However, cooperative associations as defined in section 6072(d) of the Internal Revenue Code shall file their returns on or before the fifteenth day of the ninth month following the close of the taxable year and nonprofit corporations subject to the unrelated business income tax imposed by section 422.33, subsection 1A, shall file their returns on or before the fifteenth day of the fifth month following the close of the taxable year. If, under the Internal Revenue Code, a corporation is required to file a return covering a tax period of less than twelve months, the state return shall be for the same period and is due forty-five days after the due date of the federal tax return, excluding any extension of time to file. In case of sickness, absence, or other disability, or if good cause exists, the director may allow further time for filing returns. The director shall cause to be prepared blank forms for the returns and shall cause them to be distributed throughout the state and to be furnished upon application, but failure to receive or secure the form does not relieve the taxpayer from the obligation of making a return that is required. The department may as far as consistent with the Code draft income tax forms to conform to the income tax forms of the internal revenue department of the United States government. Each return by a taxpayer upon whom a tax is imposed by section 422.5 shall show the county of the residence of the taxpayer.

2. An individual in the armed forces of the United States serving in an area designated by the president of the United States or the United States Congress as a combat zone or as a qualified hazardous duty area, or deployed outside the United States away from the individual’s permanent duty station while participating in an operation designated by the United States secretary of defense as a contingency operation as defined in 10 U.S.C. §101(a)(13), or which became such a contingency operation by the operation of law, or an
individual serving in support of those forces, is allowed the same additional time period after leaving the combat zone or the qualified hazardous duty area, or ceasing to participate in such contingency operation, or after a period of continuous hospitalization, to file a state income tax return or perform other acts related to the department, as would constitute timely filing of the return or timely performance of other acts described in section 7508(a) of the Internal Revenue Code. An individual on active duty federal military service in the armed forces, armed forces military reserve, or national guard who is deployed outside the United States in other than a combat zone, qualified hazardous duty area, or contingency operation is allowed the same additional period of time described in section 7508(a) of the Internal Revenue Code to file a state income tax return or perform other acts related to the department. For the purposes of this subsection, “other acts related to the department” includes filing claims for refund for any tax administered by the department, making tax payments other than withholding payments, filing appeals on the tax matters, filing other tax returns, and performing other acts described in the department’s rules. The additional time period allowed applies to the spouse of the individual described in this subsection to the extent the spouse files jointly or separately on the combined return form with the individual or when the spouse is a party with the individual to any matter for which the additional time period is allowed.

3. The department shall make available to persons required to make personal income tax returns under the provisions of this chapter, and when such income is derived mainly from salaries and wages or from the operation of a business or profession, a form which shall take into consideration the normal deductions and credits allowable to any such taxpayer, and which will permit the computation of the tax payable without requiring the listing of specific deductions and credits. In arriving at schedules for payment of taxation under such forms the department shall as nearly as possible base such schedules upon a total of deductions and credits which will result in substantially the same payment as would have been made by such taxpayer were the taxpayer to specifically list the taxpayer’s allowable deductions and credits. In lieu of such return any taxpayer may elect to list permissible deductions and credits as provided by law. It is the intent and purpose of this provision to simplify the procedure of collection of personal income tax, and the director shall have the power in any case when deemed necessary or advisable to require any taxpayer, who has made a return in accordance with the schedule herein provided for, to make an additional return in which all deductions and credits are specifically listed. The department may revise the schedules adopted in connection with such simplified form whenever such revision is necessitated by changes in federal income tax laws, or to maintain the collection of substantially the same amounts from taxpayers as would be received were the specific listing of deductions and credits required.

4. The department shall provide space on the prescribed income tax form, wherein the taxpayer shall enter the name of the school district of the taxpayer’s residence. Such place shall be indicated by prominent type. A nonresident taxpayer shall so indicate. If such information is not supplied on the tax return it shall be deemed an incompletely return.

5. The director shall determine for the 1989 and each subsequent calendar year the annual and cumulative inflation factors for each calendar year to be applied to tax years beginning on or after January 1 of that calendar year. The director shall compute the new dollar amounts as specified to be adjusted in section 422.5 by the latest cumulative inflation factor and round off the result to the nearest one dollar. The annual and cumulative inflation factors determined by the director are not rules as defined in section 17A.2, subsection 11. The director shall determine for the 1990 calendar year and each subsequent calendar year the annual and cumulative standard deduction factors to be applied to tax years beginning on or after January 1 of that calendar year. The director shall compute the new dollar amounts of the standard deductions specified in section 422.9, subsection 1, by the latest cumulative standard deduction factor and round off the result to the nearest ten dollars. The annual and cumulative standard deduction factors determined by the director are not rules as defined in section 17A.2, subsection 11.

6. The department shall provide on income tax forms or in the instruction booklets in a manner that will be noticeable to the taxpayers a statement that, even though the taxpayer
may not have any federal or state income tax liability, the taxpayer may be eligible for the federal earned income tax credit or state child and dependent care credit. The statement shall also contain notice of where the taxpayer may check on the taxpayer’s eligibility for these credits.

7. If married taxpayers file a joint return or file separately on a combined return in accordance with rules prescribed by the director, both spouses are jointly and severally liable for the total tax due on the return, except when one spouse is considered to be an innocent spouse under criteria established pursuant to section 6015 of the Internal Revenue Code.

422.22 Supplementary returns.
If the director shall be of the opinion that any taxpayer required under this division to file a return has failed to file such a return or to include in a return filed, either intentionally or through error, items of taxable income, the director may require from such taxpayer a return or supplementary return in such form as the director shall prescribe, of all the items of income which the taxpayer received during the year for which the return is made, whether or not taxable under the provisions of this division. If from a supplementary return, or otherwise, the director finds that any items of income, taxable under this division, have been omitted from the original return, the director may require the items so omitted to be added to the original return. Such supplementary return and the correction of the original return shall not relieve the taxpayer from any of the penalties to which the taxpayer may be liable under any provisions of this division, whether or not the director required a return or a supplementary return under this section.

422.23 Return by administrator.
The return by an individual, who, while living, was subject to income tax in the state during the tax year, and who has died before making the return, shall be made in the individual’s name and behalf by the administrator or executor of the estate and the tax shall be levied upon and collected from the individual’s estate. In the making of said return, the executor or administrator shall use the same method of computation, either cash or accrual, as was last used by the deceased taxpayer.

422.24 Payment — interest.
1. For all taxpayers the total tax due shall be paid in full at the time of filing the return.
2. When, at the request of the taxpayer, the time for filing the return is extended, interest at the rate in effect under section 421.7 for each month counting each fraction of a month as an entire month, on the total tax due, from the time when the return was required to be filed to the time of payment, shall be added and paid.

[C35, §6943-f20; C39, §6943.056; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §422.24; 81 Acts, ch 131, §7]
Referred to in §257.22, 422.16, 422.39, 422.66, 422D.3

422.25 Computation of tax, interest, and penalties — limitation.
1. a. Within three years after the return is filed or within three years after the return
became due, including any extensions of time for filing, whichever time is the later, the department shall examine the return and determine the tax. However, if the taxpayer omits from income an amount which will, under the Internal Revenue Code, extend the statute of limitations for assessment of federal tax to six years under the federal law, the period for examination and determination is six years. In addition to the applicable period of limitation for examination and determination, the department may make an examination and determination at any time within six months from the date of receipt by the department of written notice from the taxpayer of the final disposition of any matter between the taxpayer and the internal revenue service with respect to the particular tax year. In order to begin the running of the six-month period, the notice shall be in writing in any form sufficient to inform the department of the final disposition with respect to that year, and a copy of the federal document showing the final disposition or final federal adjustments shall be attached to the notice.

b. The period for examination and determination of the correct amount of tax is unlimited in the case of a false or fraudulent return made with the intent to evade tax or in the case of a failure to file a return. In lieu of the period of limitation for any prior year for which an overpayment of tax or an elimination or reduction of an underpayment of tax due for that prior year results from the carryback to that prior year of a net operating loss or net capital loss, the period is the period of limitation for the taxable year of the net operating loss or net capital loss which results in the carryback. If the tax found due is greater than the amount paid, the department shall compute the amount due, together with interest and penalties as provided in subsection 2, and shall mail a notice of assessment to the taxpayer and, if applicable, to the taxpayer’s authorized representative of the total, which shall be computed as a sum certain, with interest computed to the last day of the month in which the notice is dated.

2. In addition to the tax or additional tax determined by the department under subsection 1, the taxpayer shall pay interest on the tax or additional tax at the rate in effect under section 421.7 for each month counting each fraction of a month as an entire month, computed from the date the return was required to be filed. In addition to the tax or additional tax, the taxpayer shall pay a penalty as provided in section 421.27.

3. a. If the amount of the tax as determined by the department is less than the amount paid, the excess shall be refunded with interest in accordance with section 421.60, subsection 2, paragraph “e”.

b. Notwithstanding section 421.60, subsection 2, paragraph “e”, and paragraph “a” of this subsection, when the net operating loss or net capital loss carryback to a prior year eliminates or reduces an underpayment of tax due for an earlier year, the full amount of the underpayment of tax shall bear interest at the rate in effect under section 421.7 for each month counting each fraction of a month as an entire month from the due date of the tax for the earlier year to the last day of the taxable year in which the net operating loss or net capital loss occurred.

4. All payments received must be credited first, to the penalty and interest accrued, and then to the tax due. For purposes of this subsection, the department shall not reapply prior payments made by the taxpayer to penalty or interest determined to be due after the date of those prior payments, except that the taxpayer and the department may agree to apply payments in accordance with rules adopted by the director when there are both agreed and unagreed to items as a result of an examination.

5. A person or withholding agent required to supply information, to pay tax, or to make, sign, or file a deposit form or return required by this division, who willfully makes a false or fraudulent deposit form or return, or willfully fails to pay the tax, supply the information, or make, sign, or file the deposit form or return, at the time or times required by law, is guilty of a fraudulent practice.

6. The certificate of the director to the effect that a tax has not been paid, that a return has not been filed, or that information has not been supplied, as required under the provisions of this division shall be prima facie evidence thereof except as otherwise provided in this section.

7. The periods of limitation provided by this section may be extended by the taxpayer by
signing a waiver agreement to be provided by the department. The agreement shall stipulate the period of extension and the year or years to which the extension applies. It shall provide that a claim for refund may be filed by the taxpayer at any time during the period of extension.

8. A person or withholding agent who willfully attempts in any manner to defeat or evade a tax imposed by this division or the payment of the tax, upon conviction for each offense is guilty of a class “D” felony.

9. A prosecution for any offense defined in this section must be commenced within six years after the commission thereof, and not after.

10. If a taxpayer files an amended return within sixty days prior to the expiration of the applicable period of limitations described in subsection 1, the department has sixty days from the date of receipt of the amended return to issue an assessment for any applicable tax, interest, or penalty.

§422.26 Lien of tax — collection — action authorized.

1. Whenever any taxpayer liable to pay a tax and penalty imposed refuses or neglects to pay the same, the amount, including any interest, penalty, or addition to such tax, together with the costs that may accrue in addition thereto, shall be a lien in favor of the state upon all property and rights to property, whether real or personal, belonging to said taxpayer.

2. The lien shall attach at the time the tax becomes due and payable and shall continue for ten years from the date an assessment is issued unless sooner released or otherwise discharged. The lien may, within ten years from the date an assessment is issued, be extended by filing for record a notice with the appropriate county official of any county and from the time of such filing, the lien shall be extended to the property in such county for ten years, unless sooner released or otherwise discharged, with no limit on the number of extensions. The director shall charge off any account whose lien is allowed to lapse and may charge off any account and release the corresponding lien before the lien has lapsed if the director determines under uniform rules prescribed by the director that the account is uncollectible or collection costs involved would not warrant collection of the amount due.

3. In order to preserve the aforesaid lien against subsequent mortgagees, purchasers or judgment creditors, for value and without notice of the lien, on any property situated in a county, the director shall file with the recorder of the county, in which said property is located, a notice of said lien.

4. a. The county recorder of each county shall keep in the recorder’s office an index containing the applicable entries in sections 558.49 and 558.52 and showing the following data, under the names of taxpayers, arranged alphabetically:

(1) The name of the taxpayer.
(2) The name “State of Iowa” as claimant.
(3) Time notice of lien was filed for recording.
(4) Date of notice.
(5) Amount of lien then due.
(6) Date of assessment.
(7) When satisfied.

b. The recorder shall endorse on each notice of lien the day, hour, and minute when filed for recording and the document reference number, shall preserve the same, and shall index the notice in the index and shall record the lien in the manner provided for recording real estate mortgages. The lien is effective from the time of the indexing of the lien.
5. The department shall pay recording fees as provided in section 331.604, for the recording of the lien, or for its satisfaction.

6. Upon the payment of a tax as to which the director has filed notice with a county recorder, the director shall forthwith file with said recorder a satisfaction of said tax and the recorder shall enter said satisfaction on the notice on file in the recorder’s office and indicate said fact on the index aforesaid.

7. a. The department shall, substantially as provided in this chapter and chapter 626, proceed to collect all taxes and penalties as soon as practicable after they become delinquent, except that no property of the taxpayer is exempt from payment of the tax. If service has not been made on a distress warrant by the officer to whom addressed within five days from the date the distress warrant was received by the officer, the authorized revenue agents of the department may serve and make return of the warrant to the clerk of the district court of the county named in the distress warrant, and all subsequent procedure shall be in compliance with chapter 626.

b. The distress warrant shall be in a form as prescribed by the director. It shall be directed to the sheriff of the appropriate county and it shall identify the taxpayer, the tax type, and the delinquent amount. It shall direct the sheriff to distrain, seize, garnish, or levy upon, and sell, as provided by law, any real or personal property belonging to the taxpayer to satisfy the amount of the delinquency plus costs. It shall also direct the sheriff to make due and prompt return to the department or to the district court under chapters 626 and 642 of all amounts collected.

8. The attorney general shall, upon the request of the director, bring an action at law or in equity, as the facts may justify, without bond, to enforce payment of any taxes and penalties, and in such action the attorney general shall have the assistance of the county attorney of the county in which the action is pending.

9. It is expressly provided that the foregoing remedies of the state shall be cumulative and that no action taken by the director or attorney general shall be construed to be an election on the part of the state or any of its officers to pursue any remedy hereunder to the exclusion of any other remedy provided by law.

10. For purposes of this section, “assessment issued” means the most recent assessment against the taxpayer for the tax type and tax period.

The certificate of acquittances of the department of revenue is conclusive as to the payment of the tax to the extent of the acquittance. This subsection does not apply if all property in the estate of a decedent is held in joint tenancy with right of survivorship by husband and wife alone.

2. For the purpose of facilitating the settlement and distribution of estates held by fiduciaries, the director may, on behalf of the state, agree upon the amount of taxes at any time due or to become due from such fiduciaries under the provisions of this division, and
payment in accordance with such agreement shall be full satisfaction of the taxes to which the agreement relates.

For cause and upon a showing by the director that collection of the tax in dispute is in doubt, the court may order the petitioner to file with the clerk a bond for the use of the respondent, with sureties approved by the clerk, in the amount of tax appealed from, conditioned that the petitioner shall perform the orders of the court.

The director shall serve the taxpayer by regular mail at the taxpayer’s last known address or in person, with a written notice of the amount of tax, interest, and penalty due, which notice may include a demand for immediate payment. Subsection 2 amended

422.33 Corporate tax imposed — credit.

1. A tax is imposed annually upon each corporation doing business in this state, or deriving income from sources within this state, in an amount computed by applying the following rates of taxation to the net income received by the corporation during the income year:

a. On the first twenty-five thousand dollars of taxable income, or any part thereof, the rate of six percent for tax years beginning prior to January 1, 2021, and the rate of five and one-half percent for tax years beginning on or after January 1, 2021.

b. On taxable income between twenty-five thousand dollars and one hundred thousand dollars or any part thereof, the rate of eight percent for tax years beginning prior to January 1, 2021, and the rate of five and one-half percent for tax years beginning on or after January 1, 2021.

c. On taxable income between one hundred thousand dollars and two hundred fifty thousand dollars or any part thereof, the rate of ten percent for tax years beginning prior to January 1, 2021, and the rate of nine percent for tax years beginning on or after January 1, 2021.

d. On taxable income of two hundred fifty thousand dollars or more, the rate of twelve percent for tax years beginning prior to January 1, 2021, and the rate of nine and eight-tenths percent for tax years beginning on or after January 1, 2021.
1A. There is imposed upon each corporation exempt from the general business tax on corporations by section 422.34, subsection 2, a tax at the rates in subsection 1 upon the state’s apportioned share computed in accordance with subsections 2 and 3 of the unrelated business income computed in accordance with the Internal Revenue Code and with the adjustments set forth in section 422.35.

2. a. If the trade or business of the corporation is carried on entirely within the state, the tax shall be imposed on the entire net income, but if the trade or business is carried on partly within and partly without the state or if income is derived from sources partly within and partly without the state, or if income is derived from trade or business and sources, all of which are not entirely in the state, the tax shall be imposed only on the portion of the net income reasonably attributable to the trade or business or sources within the state, with the net income attributable to the state to be determined as follows:

(1) Nonbusiness interest, dividends, rents and royalties, less related expenses, shall be allocated within and without the state in the following manner:
   (a) Nonbusiness interest, dividends, and royalties from patents and copyrights shall be allocable to this state if the taxpayer’s commercial domicile is in this state.
   (b) Nonbusiness rents and royalties received from real property located in this state are allocable to this state.
   (c) Nonbusiness rents and royalties received from tangible personal property are allocable to this state to the extent that the property is utilized in this state; or in their entirety if the taxpayer’s commercial domicile is in this state and the taxpayer is not taxable in the state in which the property is utilized. The extent of utilization of tangible personal property in a state is determined by multiplying the rents and royalties by a fraction, the numerator of which is the number of days of physical location of the property in the state during the rental or royalty period in the taxable year and the denominator of which is the number of days of physical location of the property everywhere during all rental or royalty periods in the taxable year. If the physical location of the property during the rental or royalty period is unknown or unascertainable by the taxpayer, tangible personal property is utilized in the state in which the property was located at the time the rental or royalty payor obtained possession.
   (d) Nonbusiness capital gains and losses from the sale or other disposition of assets shall be allocated as follows:
      (i) Gains and losses from the sale or other disposition of real property located in this state are allocable to this state.
      (ii) Gains and losses from the sale or other disposition of tangible personal property are allocable to this state if the property had a situs in this state at the time of the sale or disposition or if the taxpayer’s commercial domicile is in this state and the taxpayer is not taxable in the state in which the property had a situs.
      (iii) Gains and losses from the sale or disposition of intangible personal property are allocable to this state if the taxpayer’s commercial domicile is in this state.

(2) Net nonbusiness income of the above class having been separately allocated and deducted as above provided, the remaining net business income of the taxpayer shall be allocated and apportioned as follows:
   (a) Business interest, dividends, rents, and royalties shall be reasonably apportioned within and without the state under rules adopted by the director.
   (b) Capital gains and losses from the sale or other disposition of assets shall be apportioned to the state based upon the business activity ratio applicable to the year the gain or loss is determined if the corporation determines Iowa taxable income by a sales, gross receipts or other business activity ratio. If the corporation has only allocable income, capital gains and losses from the sale or other disposition of assets shall be allocated in accordance with subparagraph (1), subparagraph division (d).
   (c) Where income is derived from business other than the manufacture or sale of tangible personal property, the income shall be specifically allocated or equitably apportioned within and without the state under rules of the director.
   (d) Where income is derived from the manufacture or sale of tangible personal property, the part attributable to business within the state shall be in that proportion which the gross sales made within the state bear to the total gross sales.
(e) (i) Notwithstanding subparagraph division (c), where income is derived by a broadcaster from broadcasting, the part attributable to business within the state shall be in the proportion that the gross receipts from broadcasting derived from customers whose commercial domicile is in this state bears to the total gross receipts from broadcasting.

(ii) Notwithstanding subparagraph subdivision (i) or subparagraph division (c), where income is derived by a broadcaster from national or local political advertising that is directed exclusively at one or more markets in this state, all gross receipts from such advertising shall be attributable to business within the state.

(iii) For purposes of this subparagraph division:

(A) “Broadcaster” means a taxpayer who is engaged in the business of broadcasting. “Broadcaster” includes a television network, a cable program network, and a television distribution company. “Broadcaster” does not include a cable system operator, a direct broadcast satellite system operator, or a television or radio station licensed by the federal communications commission.

(B) “Broadcasting” means the transmission of film programming by an electronic or other signal conducted by microwaves, wires, lines, coaxial cables, wave guides, fiber optics, satellite transmissions, or through any other means of communication directly or indirectly to viewers and listeners.

(C) “Customer” means a person who has a direct contractual relationship with a broadcaster from whom the broadcaster derives gross receipts. “Customer” includes but is not limited to an advertiser or licensee.

(D) “Gross receipts from broadcasting” means gross receipts of a broadcaster from transactions and activities in the regular course of its business, including but not limited to advertising, licensing, and distribution, but excluding gross receipts from the sale of real property or tangible personal property.

(f) Notwithstanding subparagraph division (c), income described in section 29C.24, subsection 3, paragraph “a”, subparagraph (3), shall not be allocated and apportioned to the state, as provided in section 29C.24.

(g) Where income consists of more than one class of income as provided in subparagraph divisions (a) through (e) of this subparagraph, it shall be reasonably apportioned by the business activity ratio provided in rules adopted by the director.

(h) The gross sales of the corporation within the state shall be taken to be the gross sales from goods delivered or shipped to a purchaser within the state regardless of the F.O.B. point or other conditions of the sale, excluding deliveries for transportation out of the state.

b. For the purpose of this subsection:

(1) “Manufacture” shall include the extraction and recovery of natural resources and all processes of fabricating and curing.

(2) “Sale” shall include exchange.

(3) “Tangible personal property” shall be taken to mean corporeal personal property, such as machinery, tools, implements, goods, wares, and merchandise, and shall not be taken to mean money deposits in banks, shares of stock, bonds, notes, credits, or evidence of an interest in property and evidences of debt.

3. If any taxpayer believes that the method of allocation and apportionment hereinbefore prescribed, as administered by the director and applied to the taxpayer’s business, has operated or will so operate as to subject the taxpayer to taxation on a greater portion of the taxpayer’s net income than is reasonably attributable to business or sources within the state, the taxpayer shall be entitled to file with the director a statement of the taxpayer’s objections and of such alternative method of allocation and apportionment as the taxpayer believes to be proper under the circumstances with such detail and proof and within such time as the director may reasonably prescribe; and if the director shall conclude that the method of allocation and apportionment theretofore employed is in fact inapplicable and inequitable, the director shall redetermine the taxable income by such other method of allocation and apportionment as seems best calculated to assign to the state for taxation the portion of the income reasonably attributable to business and sources within the state, not exceeding, however, the amount which would be arrived at by application of the statutory rules for apportionment.
4. a. In addition to all taxes imposed under this division, there is imposed upon each corporation doing business within the state the greater of the tax determined in subsection 1, paragraphs “a” through “d” or the state alternative minimum tax equal to sixty percent of the maximum state corporate income tax rate for the tax year, rounded to the nearest one-tenth of one percent, of the state alternative minimum taxable income of the taxpayer computed under this subsection.

b. The state alternative minimum taxable income of a taxpayer is equal to the taxpayer’s state taxable income as computed with the adjustments in section 422.35 and with the following adjustments:

(1) Add items of tax preference included in federal alternative minimum taxable income under section 57, except subsections (a)(1) and (a)(5), of the Internal Revenue Code, make the adjustments included in federal alternative minimum taxable income under section 56, except subsections (a)(4) and (d), of the Internal Revenue Code, and add losses as required by section 58 of the Internal Revenue Code. In making the adjustment under subsection 6(c)(1) of the Internal Revenue Code, interest and dividends from federal securities and interest and dividends from state and other political subdivisions and from regulated investment companies exempt from federal income tax under the Internal Revenue Code, net of amortization of any discount or premium, shall be subtracted. For purposes of this subparagraph, “Internal Revenue Code” means the Internal Revenue Code of 1954, prior to the date of its redesignation as the Internal Revenue Code of 1986 by the Tax Reform Act of 1986, or means the Internal Revenue Code of 1986 as amended and in effect on December 21, 2017. This definition shall not be construed to include any amendment to the Internal Revenue Code enacted after the date specified in the preceding sentence, including any amendment with retroactive applicability or effectiveness.

(2) Apply the allocation and apportionment provisions of subsection 2.

(3) Subtract an exemption amount of forty thousand dollars. This exemption amount shall be reduced, but not below zero, by an amount equal to twenty-five percent of the amount by which the alternative minimum taxable income of the taxpayer, computed without regard to the exemption amount in this subparagraph, exceeds one hundred fifty thousand dollars.

(4) In the case of a net operating loss computed for a tax year beginning after December 31, 1986, which is carried back or carried forward to the current taxable year, the net operating loss shall be reduced by the amount of items of tax preference and adjustments arising in the tax year which is taken into account in computing the net operating loss in section 422.35, subsection 11. The deduction for a net operating loss for a tax year beginning after December 31, 1986, which is carried back or carried forward to the current taxable year shall not exceed ninety percent of the alternative minimum taxable income determined without regard for the net operating loss deduction.

c. This subsection is repealed January 1, 2021, for tax years beginning on or after that date.

5. a. The taxes imposed under this division shall be reduced by a state tax credit for increasing research activities in this state equal to the sum of the following:

(1) Six and one-half percent of the excess of qualified research expenses during the tax year over the base amount for the tax year based upon the state’s apportioned share of the qualifying expenditures for increasing research activities.

(2) Six and one-half percent of the basic research payments determined under section 41(e)(1)(A) of the Internal Revenue Code during the tax year based upon the state’s apportioned share of the qualifying expenditures for increasing research activities.

b. The state’s apportioned share of the qualifying expenditures for increasing research activities is a percent equal to the ratio of qualified research expenditures in this state to the total qualified research expenditures.

c. In lieu of the credit amount computed in paragraph “a”, subparagraph 1, a corporation may elect to compute the credit amount for qualified research expenses incurred in this state in a manner consistent with the alternative simplified credit described in section 41(c)(5) of the Internal Revenue Code. The taxpayer may make this election regardless of the method used for the taxpayer’s federal income tax. The election made under this paragraph is for the tax year and the taxpayer may use another or the same method for any subsequent year.
§422.33, INDIVIDUAL INCOME, CORPORATE, AND FRANCHISE TAXES

  d. For purposes of the alternate credit computation method in paragraph “c”, the credit percentages applicable to qualified research expenses described in section 41(c)(5)(A) and clause (ii) of section 41(c)(5)(B) of the Internal Revenue Code are four and fifty-five hundredths percent and one and ninety-five hundredths percent, respectively.

In
determining if the industry has increased its base employment level by ten percent or added new jobs, only those new jobs directly resulting from the project covered by the agreement and those directly related to those new jobs shall be counted. The amount of this credit is equal to the product of six percent of the taxable wages upon which an employer is required to contribute to the state unemployment compensation fund, as defined in section 96.19, subsection 37, times the number of new jobs existing in the tax year that directly result from the project covered by the agreement or new jobs that directly result from those new jobs. The tax year chosen by the industry shall either begin or end during the period beginning with the date of the agreement and ending with the date by which the project is to be completed under the agreement. Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following ten tax years or until depleted in less than the ten years. For purposes of this section, “agreement”, “industry”, “new job” and “project” mean the same as defined in section 260E.2 and “base employment level” means the number of full-time jobs an industry employs at the plant site which is covered by an agreement under chapter 260E on the date of that agreement.

A taxpayer who is a shareholder in a financial institution, as defined in section 581 of the Internal Revenue Code, which has in effect for the tax year an election under subchapter S of the Internal Revenue Code shall compute the amount of the tax credit by recomputing the amount of tax under this division by reducing the taxable income of the taxpayer by the taxpayer’s pro rata share of the items of income and expense of the financial institution. This recomputed tax shall be subtracted from the tax computed under this division and the resulting amount, which shall not exceed the taxpayer’s pro rata share of franchise tax paid by the financial institution, is the amount of the franchise tax credit allowed.

Any credit in excess of the tax liability shall be refunded with interest in accordance with section 421.60, subsection 2, paragraph “e”. In lieu of claiming a refund, a taxpayer may elect to have the overpayment shown on the taxpayer’s final, completed return credited to the tax liability for the following tax year. If the small business elects to take the assistive device tax credit, the small business shall not deduct for Iowa tax purposes any amount of the cost of an assistive device or workplace modifications which is deductible for federal income tax purposes.

b. To receive the assistive device tax credit, the eligible small business must submit an application to the economic development authority. If the taxpayer meets the criteria for eligibility, the economic development authority shall issue to the taxpayer a certification of entitlement for the assistive device tax credit. However, the combined amount of tax
credits that may be approved for a fiscal year under this subsection shall not exceed five hundred thousand dollars. Tax credit certificates shall be issued on an earliest filed basis. The certification shall contain the taxpayer’s name, address, tax identification number, the amount of the credit, and tax year for which the certificate applies. The taxpayer must file the tax credit certificate with the taxpayer’s corporate income tax return in order to claim the tax credit. The economic development authority and department of revenue shall each adopt rules to jointly administer this subsection and shall provide by rule for the method to be used to determine for which fiscal year the tax credits are approved.

6A. a. If the taxpayer is a business corporation and does not qualify for the adjustment under subsection 6, subtract an amount equal to sixty-five percent of the wages paid to individuals, but shall not exceed twenty thousand dollars per individual, named in subparagraphs (1) and (2) who were hired for the first time by the taxpayer during the tax year for work done in this state:
   (1) An individual domiciled in this state at the time of the hiring who meets any of the following conditions:
      (a) Has been convicted of a felony in this or any other state or the District of Columbia.
      (b) Is on parole pursuant to chapter 906.
      (c) Is on probation pursuant to chapter 907, for an offense other than a simple misdemeanor.
      (d) Is in a work release program pursuant to chapter 904, subchapter IX.
   (2) An individual, whether or not domiciled in this state at the time of the hiring, who is on
parole or probation and to whom the interstate probation and parole compact under section 907A.1, Code 2001, applies, or to whom the interstate compact for adult offender supervision under chapter 907B applies.

b. This deduction is allowed for the wages paid to the individuals successfully completing a probationary period named in paragraph “a”, subparagraphs (1) and (2) during the twelve months following the date of first employment by the taxpayer and shall be deducted in the tax years when paid.

c. The department shall develop and distribute information concerning the deduction available for businesses employing persons named in paragraph “a”, subparagraphs (1) and (2).

7. Subtract the amount of the alcohol and cellulosic biofuel fuels credit allowable for the tax year under section 40 of the Internal Revenue Code to the extent that the credit increased federal taxable income.

8. Add the amounts deducted and subtract the amounts included in income as a result of the treatment provided sale-leaseback agreements under section 168(f)(8) of the Internal Revenue Code for property placed in service by the transferee prior to January 1, 1986, to the extent that the amounts deducted and the amounts included in income are not otherwise deductible or included in income under the other provisions of the Internal Revenue Code as amended to and including December 31, 1985. Entitlement to depreciation on any property involved in a sale-leaseback agreement which is placed in service by the transferee prior to January 1, 1986, shall be determined under the Internal Revenue Code as amended to and including December 31, 1985, excluding section 168(f)(8) in making the determination.

9. Reserved.

10. Add the percentage depletion amount determined with respect to an oil, gas, or geothermal well using methods in section 613 of the Internal Revenue Code that is in excess of the cost depletion amount determined under section 611 of the Internal Revenue Code.

11. If after applying all of the adjustments provided for in this section and the allocation and apportionment provisions of section 422.33, the Iowa taxable income results in a net operating loss, such net operating loss shall be deducted as follows:

a. For tax years beginning prior to January 1, 2009, the Iowa net operating loss shall be carried back three taxable years for a net operating loss incurred in a presidentially declared disaster area by a taxpayer engaged in a small business or in the trade or business of farming. For all other Iowa net operating losses for tax years beginning prior to January 1, 2009, the net operating loss shall be carried back two taxable years or to the taxable year in which the corporation first commenced doing business in this state, whichever is later.

b. An Iowa net operating loss for a tax year beginning on or after January 1, 2009, or an Iowa net operating loss remaining after being carried back as required in paragraph “a” or “f” shall be carried forward twenty taxable years.

c. If the election under section 172(b)(3) of the Internal Revenue Code is made, the Iowa net operating loss shall be carried forward twenty taxable years.

d. No portion of a net operating loss which was sustained from that portion of the trade or business carried on outside the state of Iowa shall be deducted.

e. The limitations on net operating loss carryback and carryforward under sections 172(b)(1)(E) and 172(h) of the Internal Revenue Code shall apply.

f. Notwithstanding paragraph “a”, for a taxpayer who is engaged in the trade or business of farming as defined in section 263A(e)(4) of the Internal Revenue Code and has a loss from farming as defined in section 172(b)(1)(F) of the Internal Revenue Code including modifications prescribed by rule by the director, the Iowa loss from the trade or business of farming, for tax years beginning prior to January 1, 2009, is a net operating loss which may be carried back five taxable years prior to the taxable year of the loss.

g. The deductions described in paragraphs “a” through “f” of this subsection are allowed subject to the requirement that a corporation affected by the allocation provisions of section 422.33 shall be permitted to deduct only that portion of the deductions for net operating loss and federal income taxes that is fairly and equitably allocable to Iowa, under rules prescribed by the director.

12. Subtract the loss on the sale or exchange of a share of a regulated investment company
held for six months or less to the extent the loss was disallowed under section 852(b)(4)(B) of the Internal Revenue Code.

13. Add, to the extent it reduced federal taxable income, any amount contributed under section 170 of the Internal Revenue Code to the extent such contribution was made to an organization for the purpose of deposit in the Iowa education savings plan trust established in chapter 12D, and the taxpayer designated that any part of the contribution be used for the direct benefit of any dependent of a shareholder of the taxpayer or any other single beneficiary designated by the taxpayer.

14. a. Notwithstanding any other provision of the law to the contrary, the increased expensing allowance under section 179 of the Internal Revenue Code, as amended by Pub. L. No. 115-97, §13101, applies in computing net income for state tax purposes for tax years beginning on or after January 1, 2018, subject to the limitations in this subsection for tax years beginning prior to January 1, 2020.

b. If the taxpayer has taken the increased expensing allowance under section 179 of the Internal Revenue Code, as amended by Pub. L. No. 115-97, §13101, for purposes of computing federal taxable income for tax years beginning on or after January 1, 2018, but before January 1, 2020, then the taxpayer shall make the following adjustments to federal taxable income when computing net income for state tax purposes for the same tax year:

(1) Add the total amount of expense deduction taken on section 179 property allowable for federal tax purposes under section 179 of the Internal Revenue Code, as amended by Pub. L. No. 115-97, §13101.

(2) (a) For tax years beginning on or after January 1, 2018, but before January 1, 2019, subtract the amount of expense deduction on section 179 property allowable for federal tax purposes under section 179 of the Internal Revenue Code, as amended by Pub. L. No. 115-97, §13101, not to exceed seventy thousand dollars. The subtraction in this subparagraph division shall be reduced, but not below zero, by the amount by which the total cost of section 179 property placed in service by the taxpayer during the tax year exceeds two hundred eighty thousand dollars.

(b) For the tax years beginning on or after January 1, 2019, but before January 1, 2020, subtract the amount of expense deduction on section 179 property allowable for federal tax purposes under section 179 of the Internal Revenue Code, as amended by Pub. L. No. 115-97, §13101, not to exceed one hundred thousand dollars. The subtraction in this subparagraph shall be reduced, but not below zero, by the amount by which the total cost of section 179 property placed in service by the taxpayer during the tax year exceeds four hundred thousand dollars.

(3) Any other adjustments to gains or losses necessary to reflect adjustments made in subparagraphs (1) and (2).

c. The director shall adopt rules pursuant to chapter 17A to administer this subsection.

15. a. For tax years beginning on or after January 1, 2018, but before January 1, 2020, a taxpayer may elect to take advantage of this subsection in lieu of subsection 14, but only if the taxpayer’s total expensing allowance deduction for federal tax purposes under section 179 of the Internal Revenue Code, as amended by Pub. L. No. 115-97, §13101, that is allocated to the taxpayer from one or more partnerships or limited liability companies electing to have the income taxed directly to the owners exceeds seventy thousand dollars for a tax year beginning during the 2018 calendar year, or exceeds one hundred thousand dollars for the tax year beginning during the 2019 calendar year, and would, except as provided in this subsection, be limited for purposes of computing net income for state tax purposes pursuant to subsection 14.

b. A taxpayer who elects to take advantage of this subsection shall make the following adjustments to federal taxable income when computing net income for state tax purposes:

(1) Add the total amount of section 179 expense deduction allocated to the taxpayer from all partnerships or limited liability companies electing to have the income taxed directly to the owners, to the extent the allocated amount was allowed as a deduction to the taxpayer for federal tax purposes for the tax year under section 179 of the Internal Revenue Code, as amended by Pub. L. No. 115-97, §13101.

(2) From the amount added in subparagraph (1), do the following:
(a) For tax years beginning on or after January 1, 2018, but before January 1, 2019, subtract the first seventy thousand dollars of expensing allowance deduction on section 179 property.

(b) For tax years beginning on or after January 1, 2019, but before January 1, 2020, subtract the first one hundred thousand dollars of expensing allowance deduction on section 179 property.

(3) The remaining amount, equal to the difference between the amount added in subparagraph (1), and the amount subtracted in subparagraph (2), may be deducted by the taxpayer but such deduction shall be amortized equally over five tax years beginning in the following tax year.

(4) Any other adjustments to gains or losses necessary to reflect adjustments made in subparagraphs (1) through (3).

A taxpayer who elects to take advantage of this subsection shall not take the increased expensing allowance under section 179 of the Internal Revenue Code, as amended by Pub. L. No. 115-97, §13101, for any section 179 property placed in service by the taxpayer in computing taxable income for state tax purposes. If the taxpayer has taken any such deduction for purposes of computing federal taxable income, the taxpayer shall make the following adjustments to federal taxable income when computing net income for state tax purposes:

(1) Add the total amount of expense deduction for federal tax purposes taken on section 179 property placed in service by the taxpayer under section 179 of the Internal Revenue Code, as amended by Pub. L. No. 115-97, §13101.

(2) Subtract the amount of depreciation allowable on such property under the modified accelerated cost recovery system described in section 168 of the Internal Revenue Code, without regard to section 168(k) of the Internal Revenue Code. The taxpayer shall continue to take depreciation on the applicable property in future tax years to the extent allowed under the modified accelerated cost recovery system described in section 168 of the Internal Revenue Code, without regard to section 168(k) of the Internal Revenue Code.

(3) Any other adjustments to gains or losses necessary to reflect the adjustments made in subparagraphs (1) and (2).

d. The election made under this subsection is for one tax year and the taxpayer may elect or not elect to take advantage of this subsection in any subsequent tax year. However, not electing to take advantage of this subsection in a subsequent tax year shall not affect the taxpayer’s ability to claim the tax deduction under paragraph “b”, subparagraph (3), that originated from a previous tax year.

e. The director shall adopt rules pursuant to chapter 17A to administer this subsection.

16. Add depreciation taken for federal income tax purposes on a speculative shell building defined in section 427.1, subsection 27, which is owned by a for-profit entity and the for-profit entity is receiving the proper tax exemption. Subtract depreciation computed as if the speculative shell building were classified as fifteen-year property during the period during which it is owned by the taxpayer and is receiving the property tax exemption. However, this subsection does not apply to a speculative shell building which is used by the taxpayer, subsidiary of the taxpayer, or majority owners of the taxpayer, for other than as a speculative shell building, as defined in section 427.1, subsection 27.

17. Subtract the amount of the employer social security credit allowable for the tax year under section 45B of the Internal Revenue Code to the extent that the credit increases federal taxable income.

18. Add, to the extent not already included, income from the sale of obligations of the state and its political subdivisions. Income from the sale of these obligations is exempt from the taxes imposed by this division only if the law authorizing these obligations specifically exempts the income from the sale from the state corporate income tax.

19. a. The additional first-year depreciation allowance authorized in section 168(k) of the Internal Revenue Code, as enacted by Pub. L. No. 107-147, §101, does not apply in computing net income for state tax purposes. If the taxpayer has taken such deduction in computing taxable income, the following adjustments shall be made:
(1) Add the total amount of depreciation taken on all property for which the election under section 168(k) of the Internal Revenue Code was made for the tax year.

(2) Subtract an amount equal to depreciation allowed on such property for the tax year using the modified accelerated cost recovery system depreciation method applicable under section 168 of the Internal Revenue Code without regard to section 168(k).

(3) Any other adjustments to gains or losses to reflect the adjustments made in subparagraphs (1) and (2) pursuant to rules adopted by the director.

b. A taxpayer may elect to apply the additional first-year depreciation allowance authorized in section 168(k)(4) of the Internal Revenue Code, as enacted by Pub. L. No. 108-27, in computing net income for state tax purposes, for qualified property acquired after May 5, 2003, and before January 1, 2005. If the taxpayer elects to take the additional first-year depreciation allowance authorized in section 168(k)(4) of the Internal Revenue Code for state tax purposes, the deduction may be taken on amended state tax returns, if necessary. If the taxpayer does not elect to take the additional first-year depreciation allowance authorized in section 168(k)(4) of the Internal Revenue Code for state tax purposes, the following adjustment shall be made:

(1) Add the total amount of depreciation taken on all property for which the election under section 168(k)(4) of the Internal Revenue Code was made for the tax year.

(2) Subtract an amount equal to depreciation allowed on such property for the tax year using the modified accelerated cost recovery system depreciation method applicable under section 168 of the Internal Revenue Code without regard to section 168(k)(4).

(3) Any other adjustments to gains or losses to reflect the adjustments made in subparagraphs (1) and (2) pursuant to rules adopted by the director.

19A. The additional first-year depreciation allowance authorized in section 168(k) of the Internal Revenue Code does not apply in computing net income for state tax purposes. If the taxpayer has taken the additional first-year depreciation allowance for purposes of computing federal taxable income, then the taxpayer shall make the following adjustments to federal taxable income when computing net income for state tax purposes:

a. Add the total amount of depreciation taken under section 168(k) of the Internal Revenue Code for the tax year.

b. Subtract the amount of depreciation allowable under the modified accelerated cost recovery system described in section 168 of the Internal Revenue Code and calculated without regard to section 168(k).

c. Any other adjustments to gains or losses necessary to reflect the adjustments made in paragraphs "a" and "b". The director shall adopt rules for the administration of this paragraph.

19B. The additional first-year depreciation allowance authorized in section 168(n) of the Internal Revenue Code, as enacted by Pub. L. No. 110-343, §710, does not apply in computing net income for state tax purposes. If the taxpayer has taken the additional first-year depreciation allowance for purposes of computing federal taxable income, then the taxpayer shall make the following adjustments to federal taxable income when computing net income for state tax purposes:

a. Add the total amount of depreciation taken under section 168(n) of the Internal Revenue Code for the tax year.

b. Subtract the amount of depreciation allowable under the modified accelerated cost recovery system described in section 168 of the Internal Revenue Code and calculated without regard to section 168(n).

c. Any other adjustments to gains or losses necessary to reflect the adjustments made in paragraphs "a" and "b". The director shall adopt rules for the administration of this paragraph.

20. A taxpayer may elect not to take the increased expensing allowance under section 179 of the Internal Revenue Code, as amended by Pub. L. No. 108-27, §202, in computing taxable income for state tax purposes. If the taxpayer does not take the increased expensing allowance under section 179 of the Internal Revenue Code for state tax purposes, the following adjustments shall be made:
a. Add the total amount of expense deduction taken on section 179 property for federal tax purposes under section 179 of the Internal Revenue Code.

c. Any other adjustments to gains and losses to the adjustments made in paragraphs “a” and “b” pursuant to rules adopted by the director.

21. Subtract the amount of foreign dividend income, including subpart F income as defined in section 952 of the Internal Revenue Code, based upon the percentage of ownership as set forth in section 243 of the Internal Revenue Code.

22. Subtract, to the extent included, the amount of ordinary or capital gain realized by the taxpayer as a result of the involuntary conversion of property due to eminent domain. However, if the total amount of such realized ordinary or capital gain is not recognized because the converted property is replaced with property that is similar to, or related in use to, the converted property, the amount of such realized ordinary or capital gain shall not be subtracted under this subsection until the remaining realized ordinary or capital gain is subject to federal taxation or until the time of disposition of the replacement property as provided under rules of the director. The subtraction allowed under this subsection shall not alter the basis as established for federal tax purposes of any property owned by the taxpayer.

23. Reserved.

24. A taxpayer is not allowed to take the increased expensing allowance under section 179 of the Internal Revenue Code, as amended by Pub. L. No. 111-5, §1202, in computing taxable income for state tax purposes.

25. Subtract, to the extent included, the amount of any biodiesel production refund provided pursuant to section 423.

1. A corporation shall make a return and the return shall be signed by the president or other duly authorized officer in accordance with forms and rules prescribed by the director. Before a corporation is dissolved and its assets distributed it shall make a return for settlement of the tax for income earned in the income year up to its final date of dissolution.

2. When any corporation, liable to taxation under this division, conducts its business in such a manner as either directly or indirectly to benefit the members or stockholders thereof or any person interested in such business by selling its products or the goods or commodities in which it deals at less than the fair price which might be obtained therefor, or where a corporation, a substantial portion of whose capital stock is owned either directly or indirectly by another corporation, acquires and disposes of the products, goods or commodities of the corporation so owning a substantial portion of its stock in such a manner as to create a loss or improper net income for either of said corporations, or where a corporation, owning directly or indirectly a substantial portion of the stock of another corporation, acquires and disposes of the products, goods, or commodities, of the corporation of which it so owns a substantial portion of the stock, in such a manner as to create a loss or improper net income for either of such corporations for the calendar or fiscal year, having due regard to the reasonable profits which, but for such arrangement or understanding, might or could have been obtained, by the corporation or corporations liable to taxation under this division, from dealing in such products, goods, or commodities.

3. Where the director has reason to believe that any person or corporation so conducts a trade or business as either directly or indirectly to distort the person's or corporation's true net income and the net income properly attributable to the state, whether by the arbitrary shifting of income, through price fixing, charges for services, or otherwise, whereby the net income is arbitrarily assigned to one or another unit in a group of taxpayers carrying on business under a substantially common control, the director may require such facts as are necessary for the proper computation of the entire net income and the net income properly attributable to the state, and shall determine the same, and in the determination thereof the director shall have regard to the fair profits which would normally arise from the conduct of the trade or business.

4. Foreign and domestic corporations shall file a copy of their federal income tax return for the current tax year with the return required by this section.

5. Where a corporation is not subject to income tax and the stockholders of such corporation are taxed on the corporation's income under the provisions of the Internal Revenue Code, the same tax treatment shall apply to such corporation and such stockholders for Iowa income tax purposes.

6. A foreign corporation is not required to file a return if its only activities in Iowa are the storage of goods for a period of sixty consecutive days or less in a warehouse for hire located in this state whereby the foreign corporation transports or causes a carrier to transport such goods to that warehouse and provided that none of the goods are delivered or shipped so as to be included in the gross sales of the corporation within this state as provided in section 422.33, subsection 2, paragraph “a”, subparagraph (2), subparagraph division (h).

7. Notwithstanding subsection 1, a return is not required by a taxpayer as provided in section 29C.24.

5. Each member of the affiliated group shall consent to the rules governing a consolidated return prescribed by the director at the time the consolidated return is filed, unless the director requires the filing of a consolidated return. The filing of a consolidated return shall be considered the affiliated group’s consent.

6. The filing of a consolidated return for any taxable year shall require the filing of consolidated returns for all subsequent taxable years so long as the filing taxpayers remain members of the affiliated group unless the director determines that the filing of separate returns will more clearly disclose the taxable incomes of each member of the affiliated group. This determination shall be made after specific request by the taxpayer for the filing of separate returns.

7. The computation of consolidated taxable income for the members of an affiliated group of corporations subject to tax shall be made in the same manner and under the same procedures, including all intercompany adjustments and eliminations, as are required for consolidating the incomes of affiliated corporations for the taxable year for federal income tax purposes in accordance with section 1502 of the Internal Revenue Code.

422.72 Information deemed confidential — informational exchange agreement — subpoenas.

1. a. (1) It is unlawful for the director, or any person having an administrative duty under this chapter, or any present or former officer or other employee of the state authorized by the director to examine returns, to divulge in any manner whatever, the business affairs, operations, or information obtained by an investigation under this chapter or records and equipment of any person visited or examined in the discharge of official duty, or the amount or source of income, profits, losses, expenditures or any particular thereof, set forth or disclosed in any return, or to permit any return or copy of a return or any book containing any abstract or particulars thereof to be seen or examined by any person except as provided by law.

(2) It is unlawful for any person to willfully inspect, except as authorized by the director, any return or return information.

(3) However, the director may authorize examination of such state returns and other state information which is confidential under this section, if a reciprocal arrangement exists, by tax officers of another state or the federal government.

b. The director may, by rules adopted pursuant to chapter 17A, authorize examination of state information and returns by other officers or employees of this state to the extent required by their official duties and responsibilities. Disclosure of state information to tax officers of another state is limited to disclosures which have a tax administrative purpose and only to officers of those states which by agreement with this state limit the disclosure of the information as strictly as the laws of this state protecting the confidentiality of returns and information. The director shall place upon the state tax form a notice to the taxpayer that state tax information may be disclosed to tax officials of another state or of the United States for tax administrative purposes.
c. The department shall not authorize the examination of tax information by officers and employees of this state, another state, or of the United States if the officers or employees would otherwise be required to obtain a judicial order to examine the information if it were to be obtained from another source, and if the purpose of the examination is other than for tax administration. However, the director may provide sample individual income tax information to be used for statistical purposes to the legislative services agency. The information shall not include the name or mailing address of the taxpayer or the taxpayer’s social security number. Any information contained in an individual income tax return which is provided by the director shall only be used as a part of a database which contains similar information from a number of returns. The legislative services agency shall not have access to the income tax returns of individuals. Each request for individual income tax information shall contain a statement by the director of the legislative services agency that the individual income tax information received by the legislative services agency shall be used solely for statistical purposes. This subsection does not prevent the department from authorizing the examination of state returns and state information under the provisions of section 252B.9. This subsection prevails over any general law of this state relating to public records.

d. The director shall provide state tax returns and return information to the auditor of state, to the extent that the information is necessary to complete the annual audit of the department required by section 11.2. The state tax returns and return information provided by the director shall remain confidential and shall not be included in any public documents issued by the auditor of state.

2. Federal tax returns, copies of returns, and return information as defined in section 6103(b) of the Internal Revenue Code, which are required to be filed with the department for the enforcement of the income tax laws of this state, shall be held as confidential by the department and subject to the disclosure limitations in subsection 1.

3. a. Unless otherwise expressly permitted by section 8A.504, section 8G.4, section 11.41, section 96.11, subsection 6, section 421.17, subsections 22, 23, and 26, section 421.17, subsection 27, paragraph “k”, section 421.17, subsection 31, section 252B.9, section 321.40, subsection 6, sections 321.120, 421.19, 421.28, 422.20, and 452A.63, this section, or another provision of law, a tax return, return information, or investigative or audit information shall not be divulged to any person or entity, other than the taxpayer, the department, or internal revenue service for use in a matter unrelated to tax administration.

b. This prohibition precludes persons or entities other than the taxpayer, the department, or the internal revenue service from obtaining such information from the department, and a subpoena, order, or process which requires the department to produce such information to a person or entity, other than the taxpayer, the department, or internal revenue service for use in a nontax proceeding is void.

4. A person violating subsection 1, 2, 3, or 6 is guilty of a serious misdemeanor.

5. The director may disclose taxpayer identity information to the press and other media for purposes of notifying persons entitled to tax refunds when the director, after reasonable effort and lapse of time, has been unable to locate the persons.

6. a. The department may enter into a written informational exchange agreement for tax administration purposes with a city or county which is entitled to receive funds due to a local hotel and motel tax or a local sales and services tax. The written informational exchange agreement shall designate no more than two paid city or county employees that have access to actual return information relating to that city’s or county’s receipts from a local hotel and motel tax or a local sales and services tax.

b. City or county employees designated to have access to information under this subsection are deemed to be officers and employees of the state for purposes of the restrictions pursuant to subsection 1 pertaining to confidential information. The department may refuse to enter into a written informational exchange agreement if the city or county does not agree to pay the actual cost of providing the information and the department may refuse to abide by a written informational exchange agreement if the city or county does not promptly pay the actual cost of providing the information or take reasonable precautions to protect the information’s confidentiality.

7. a. Notwithstanding subsection 3, the director shall provide state tax returns and return
information in response to a subpoena issued by the court pursuant to rule of criminal procedure 2.5 commanding the appearance before the attorney general or an assistant attorney general if the subpoena is accompanied by affidavits from such person and from a sworn peace officer member of the department of public safety affirming that the information is necessary for the investigation of a felony violation of chapter 124 or chapter 706B.

b. The affidavits accompanying the subpoenas and the information provided by the director shall remain a confidential record which may be disseminated only to a prosecutor or peace officer involved in the investigation, or to the taxpayer who filed the information and to the court in connection with the filing of criminal charges or institution of a forfeiture action. A person who knowingly files a false affidavit with the director to secure information or who divulges information received under this subsection in a manner prohibited by this subsection commits a serious misdemeanor.

8. The department may permit, by rule, the disclosure of state tax information to a person a taxpayer has authorized to receive such state tax information, in the manner prescribed by the department.

422.73 Correction of errors — refunds, credits, and carrybacks.

1. If it appears that an amount of tax, penalty, or interest has been paid which was not due under division II, III or V of this chapter, then that amount shall be credited against any tax due on the books of the department by the person who made the excessive payment, or that amount shall be refunded to the person or with the person’s approval, credited to tax to become due. A claim for refund or credit that has not been filed with the department within three years after the return upon which a refund or credit claimed became due, or within one year after the payment of the tax upon which a refund or credit is claimed was made, whichever is the later, shall not be allowed by the director. If, as a result of a carryback of a net operating loss or a net capital loss, the amount of tax in a prior period is reduced and an overpayment results, the claim for refund or credit of the overpayment shall be filed with the department within the three years after the return for the taxable year of the net operating loss or net capital loss became due. Notwithstanding the period of limitation specified, the taxpayer shall have six months from the day of final disposition of any income tax matter between the taxpayer and the internal revenue service with respect to the particular tax year to claim an income tax refund or credit.

2. Notwithstanding subsection 1, a claim for refund or credit of the individual income tax paid which resulted from a reduction in a person’s federal adjusted gross income due to section 1106 of the FAA Modernization and Reform Act of 2012, Pub. L. No. 112-95, shall be considered timely if the claim is filed with the department on or before June 30, 2013.

3. The department shall enter into an agreement with the internal revenue service for the transmission of federal income tax reports on individuals required to file an Iowa income tax return who have been involved in an income tax matter with the internal revenue service. After final disposition of the income tax matter between the taxpayer and the internal revenue service, the department shall determine whether the individual is due a state income tax refund as a result of final disposition of such income tax matter. If the individual is due a state
income tax refund, the department shall notify the individual within thirty days and request the
individual to file a claim for refund or credit with the department.

FUEL TAX CREDIT

Referred to in §422.1, 452A.17

422.110 Income tax credit in lieu of refund.

In lieu of the fuel tax refund provided in section 452A.17, a person or corporation subject to taxation under division II or III of this chapter may elect to receive an income tax credit. The person or corporation which elects to receive an income tax credit shall cancel its refund permit obtained under section 452A.18 within thirty days after the first day of its tax year or the permit becomes invalid at that time. For the purposes of this section, “person” includes a person claiming a tax credit based upon the person’s pro rata share of the earnings from a partnership, limited liability company, or corporation which is not subject to a tax under division II or III of this chapter as a partnership, limited liability company, or corporation. If the election to receive an income tax credit has been made, it remains effective for at least one tax year, and for subsequent tax years unless a change is requested and a new refund permit applied for within thirty days after the first day of the person’s or corporation’s tax year. The income tax credit shall be the amount of the Iowa fuel tax paid on fuel purchased by the person or corporation and is subject to the conditions provided in section 452A.17 with the exception that the income tax credit is not available for refunds relating to casualty losses, transport diversions, pumping credits, blending errors, idle time, power takeoffs, reefer units, and exports by distributors.

The right to a credit under this section is not assignable and the credit may be claimed only by the person or corporation that purchased the fuel.

[75, 77, §422.86; C79, 81, §422.110; 82 Acts, ch 1176, §2]

422.111 Fuel tax credit as income tax credit.

The fuel tax credit may be applied against the income tax liability of the person or corporation as determined on the tax return filed for the year in which the fuel tax was paid. The department shall provide forms for claiming the fuel tax credit. If the fuel tax credit would result in an overpayment of income tax, the person or corporation may apply for a refund of the amount of overpayment or may have the overpayment credited to income tax due in subsequent years. Each person or corporation that claims a fuel tax credit shall maintain the original invoices showing the purchase of the fuel on which a credit is claimed. An invoice is not acceptable in support of a claim for credit unless the invoice is a separate serially numbered invoice covering no more than one purchase of motor fuel or undyed special fuel, prepared by the seller on a form approved by the department, or unless the invoice is legibly written with no corrections or erasures and shows the date of sale, the name and address of the seller and of the purchaser, the kind of fuel, the gallonage in figures, the per gallon price of the fuel, the total purchase price including the Iowa fuel tax, and that the total purchase price has been paid. However, as to refund invoices made on a billing machine, the department may waive these requirements. If an original invoice is lost or
destroyed, the department may approve a credit supported by a copy identified and certified by the seller as being a true copy of the original. Each person or corporation that claims a fuel tax credit shall maintain complete records of purchases of motor fuel or undyed special fuel on which Iowa fuel tax was paid, and for which a fuel tax credit is claimed.

In order to verify the validity of a claim for credit the department shall have the right to require the claimant to furnish such additional proof of validity as the department may determine and to examine the books and records of the claimant. Failure of the claimant to furnish the books and records for examination shall constitute a waiver of rights to claim a credit related to that taxpayer’s year and the department may disallow the entire credit claimed by the taxpayer for that year.

422.112 Aircraft fuel tax transfer.
The department shall certify quarterly to the treasurer of state the amount of credit that has been taken against income tax liability since the time of the last certification, for the Iowa fuel tax paid on motor fuel, special fuel and motor fuel used for the purpose of operating aircraft, and the treasurer of state shall transfer the amount of the total credit from the motor fuel tax fund, or in the case of aircraft motor fuel, from the separate fund established by section 452A.82, to the general fund of the state.
