423.2 Tax imposed.
1. There is imposed a tax of six percent upon the sales price of all sales of tangible personal property, consisting of goods, wares, or merchandise, sold at retail in the state to consumers or users except as otherwise provided in this subchapter.
   a. For the purposes of this subchapter, sales of the following services are treated as if they were sales of tangible personal property:
      (1) Sales of engraving, printing, and binding services.
      (2) Sales of vulcanizing, recapping, and retreading services.
      (3) Sales of prepaid calling services and prepaid wireless calling services.
      (4) Sales of optional service or warranty contracts, except residential service contracts regulated under chapter 523C, which provide for the furnishing of labor and materials and require the furnishing of any taxable service enumerated under this section. The sales price is subject to tax even if some of the services furnished are not enumerated under this section. Additional sales, services, or use taxes shall not be levied on services, parts, or labor provided under optional service or warranty contracts which are subject to tax under this subsection.
      (5) Sales of optional service or warranty contracts for computer software maintenance or support services.
         (a) If a service or warranty contract does not specify a fee amount for nontaxable services or taxable personal property, the tax imposed pursuant to this section shall be imposed upon an amount equal to the sales price of the contract.
         (b) If a service or warranty contract provides only for technical support services, no tax shall be imposed pursuant to this section.
      (6) Subparagraphs (4) and (5) shall also apply to the use tax imposed under section 423.5.
   b. Sales of building materials, supplies, and equipment to owners, contractors, subcontractors, or builders for the erection of buildings or the alteration, repair, or improvement of real property are retail sales of tangible personal property in whatever quantity sold. Where the owner, contractor, subcontractor, or builder is also a retailer holding a retail sales tax permit and transacting retail sales of building materials, supplies, and equipment, the person shall purchase such items of tangible personal property without liability for the tax if such property will be subject to the tax at the time of resale or at the time it is withdrawn from inventory for construction purposes. The sales tax shall be due in the reporting period when the materials, supplies, and equipment are withdrawn from inventory for construction purposes or when sold at retail. The tax shall not be due when materials are withdrawn from inventory for use in construction outside of Iowa and the tax shall not apply to tangible personal property purchased and consumed by the manufacturer as building materials in the performance by the manufacturer or its subcontractor of construction outside of Iowa. The sale of carpeting is not a sale of building materials. The sale of carpeting to owners, contractors, subcontractors, or builders shall be treated as the sale of ordinary tangible personal property and subject to the tax imposed under this subsection and the use tax.
   c. The use within this state of tangible personal property by the manufacturer thereof, as building materials, supplies, or equipment, in the performance of construction contracts in Iowa, shall, for the purpose of this subchapter, be construed as a sale at retail of tangible personal property by the manufacturer who shall be deemed to be the consumer of such tangible personal property. The tax shall be computed upon the cost to the manufacturer of the fabrication or production of the tangible personal property.
   2. A tax of six percent is imposed upon the sales price of the sale or furnishing of gas, electricity, water, heat, pay television service, and communication service, including the sales price from such sales by any municipal corporation or joint water utility furnishing gas, electricity, water, heat, pay television service, and communication service to the public...
in its proprietary capacity, except as otherwise provided in this subchapter, when sold at retail in the state to consumers or users.

3. A tax of six percent is imposed upon the sales price of all sales of tickets or admissions to places of amusement, fairs, and athletic events except those of elementary and secondary educational institutions. A tax of six percent is imposed on the sales price of an entry fee or like charge imposed solely for the privilege of participating in an activity at a place of amusement, fair, or athletic event unless the sales price of tickets or admissions charges for observing the same activity are taxable under this subchapter. A tax of six percent is imposed upon that part of private club membership fees or charges paid for the privilege of participating in any athletic sports provided club members.

4. a. A tax of six percent is imposed upon the sales price derived from the operation of all forms of amusement devices and games of skill, games of chance, raffles, and bingo games as defined in chapter 99B, and card game tournaments conducted under section 99B.27, that are operated or conducted within the state, the tax to be collected from the operator in the same manner as for the collection of taxes upon the sales price of tickets or admission as provided in this section. Nothing in this subsection shall legalize any games of skill or chance or slot-operated devices which are now prohibited by law.

b. SUBCHAPTER IV
UNIFORM SALES AND USE TAX
ADMINISTRATION ACT

Refered to in §423.1

423.7 Title.
This subchapter shall be known and may be cited as the “Uniform Sales and Use Tax Administration Act”.
2003 Acts, 1st Ex, ch 2, §100, 205

423.8 Legislative finding and intent.
1. The general assembly finds that Iowa should enter into an agreement with one or more states to simplify and modernize sales and use tax administration in order to substantially reduce the burden of tax compliance for all sellers and for all types of commerce.
2. It is the intent of the general assembly that entering into this agreement will lead to simplification and modernization of the sales and use tax law and not to the imposition of new taxes or an increase or decrease in the existing number of exemptions, unless such a result is unavoidable under the terms of the agreement. Entering into this agreement should not cause businesses to sustain additional administrative burden.
3. It is the intent of the general assembly to provide Iowa sellers impacted by the agreement with the assistance necessary to alleviate administrative burdens that result in participation in the agreement.

423.9 Authority to enter agreement — representatives on governing board.
1. The director is authorized and directed to enter into the streamlined sales and use tax agreement with one or more states to simplify and modernize sales and use tax administration in order to substantially reduce the burden of tax compliance for all sellers and for all types of commerce.
2. The director is further authorized to take other actions reasonably required to implement the provisions set forth in this chapter. Other actions authorized by this section include, but are not limited to, the adoption of rules and the joint procurement, with other member states, of goods and services in furtherance of the cooperative agreement.
3. Four representatives are authorized to be members of the governing board established pursuant to the agreement and to represent Iowa before that body as one vote. The legislator representatives shall serve terms as provided in section 69.16B. The representatives shall be appointed as follows:
   a. One representative shall be a member of the house of representatives who is appointed by the speaker of the house of representatives or the delegate’s designee who shall also be a member of the house of representatives.
   b. One representative shall be a member of the senate who is appointed by the majority leader of the senate or the delegate’s designee who shall also be a member of the senate.
   c. Two representatives from the executive branch shall be appointed by the governor, one
$.423.9A Iowa streamlined sales tax advisory council.

1. An Iowa streamlined sales tax advisory council is created. The advisory council shall review, study, and submit recommendations to the Iowa streamlined sales and use tax representatives appointed pursuant to section $.423.9, subsection 3, regarding the streamlined sales and use tax agreement formalized by the project’s member states on November 12, 2002, agreement amendments, proposed language conforming Iowa’s sales and use tax to the national agreement, and the following issues:
   a. Uniform definitions proposed in the current agreement and future proposals.
   b. Effects upon taxability of items newly defined in Iowa.
   c. Impacts upon business as a result of the agreement.
   d. Technology implementation issues.
   e. Any other issues that are brought before the streamlined sales and use tax member states or the streamlined sales and use tax governing board.

2. The department shall provide administrative support to the Iowa streamlined sales tax advisory council. The advisory council shall be representative of Iowa’s business community and economy when reviewing and recommending solutions to streamlined sales and use tax issues. The advisory council shall provide the general assembly and the governor with final recommendations made to the Iowa streamlined sales and use tax representatives upon the conclusion of each calendar year.

3. The director, in consultation with the Iowa taxpayers association, Iowa retail federation, and the Iowa association of business and industry, shall appoint members to the Iowa streamlined sales tax advisory council, which shall consist of the following members:
   a. One member from the department.
   b. Three members representing small Iowa businesses, at least one of whom shall be a retailer, and at least one of whom shall be a supplier.
   c. Three members representing medium Iowa businesses, at least one of whom shall be a retailer, and at least one of whom shall be a supplier.
   d. Three members representing large Iowa businesses, at least one of whom shall be a retailer, and at least one of whom shall be a supplier.
   e. One member representing taxpayers as a whole.
   f. One member representing the retail community as a whole.
   g. Any other member representative of business the director deems appropriate.

$.423.10 Relationship to state law.

Entry into the agreement by the director does not amend or modify any law of this state. Implementation of any condition of the agreement in this state, whether adopted before, at, or after membership of this state in the agreement, shall be by action of the general assembly.

$.423.11 Agreement requirements.

The director shall not enter into the agreement unless the agreement requires each state to abide by the following requirements:

1. Uniform state rate. The agreement must set restrictions to achieve more uniform state rates through the following:
   a. Limiting the number of state rates.
   b. Limiting the application of maximums on the amount of state tax that is due on a transaction.
   c. Limiting the application of thresholds on the application of state tax.

2. Uniform standards. The agreement must establish uniform standards for the following:
a. The sourcing of transactions to taxing jurisdictions.
b. The administration of exempt sales.
c. The allowances a seller can take for bad debts.
d. Sales and use tax returns and remittances.
3. Uniform definitions. The agreement must require states to develop and adopt uniform definitions of sales and use tax terms. The definitions must enable a state to preserve its ability to make policy choices not inconsistent with the uniform definitions.
4. Central registration. The agreement must provide a central, electronic registration system that allows a seller to register to collect and remit sales and use taxes for all member states.
5. No nexus attribution. The agreement must provide that registration with the central registration system and the collection of sales and use taxes in the member states must not be used as a factor in determining whether the seller has nexus with a state for any tax.
6. Local sales and use taxes. The agreement must provide for reduction of the burdens of complying with local sales and use taxes through the following:
   a. Restricting variances between the state and local tax bases.
   b. Requiring states to administer any sales and use taxes levied by local jurisdictions within the state so that sellers collecting and remitting these taxes must not have to register or file returns with, remit funds to, or be subject to independent audits from local taxing jurisdictions.
   c. Restricting the frequency of changes in the local sales and use tax rates and setting effective dates for the application of local jurisdictional boundary changes to local sales and use taxes.
   d. Providing notice of changes in local sales and use tax rates and of changes in the boundaries of local taxing jurisdictions.
7. Monetary allowances. The agreement must outline any monetary allowances that are to be provided by the states to sellers or certified service providers.
8. State compliance. The agreement must require each state to certify compliance with the terms of the agreement prior to joining and to maintain compliance, under the laws of the member state, with all provisions of the agreement while a member.
9. Consumer privacy. The agreement must require each state to adopt a uniform policy for certified service providers that protects the privacy of consumers and maintains the confidentiality of tax information.
10. Advisory councils. The agreement must provide for the appointment of an advisory council of private sector representatives and an advisory council of nonmember state representatives to consult with in the administration of the agreement.

2003 Acts, 1st Ex, ch 2, §104, 205
Referred to in §423.1

423.12 Limited binding and beneficial effect.
1. The agreement binds and inures only to the benefit of Iowa and the other member states. A person, other than a member state, is not an intended beneficiary of the agreement. Any benefit to a person other than a member state is established by the law of Iowa and not by the terms of the agreement.
2. A person shall not have any cause of action or defense under the agreement or by virtue of this state's entry into the agreement. A person may not challenge, in any action brought under any provision of law, any action or inaction by any department, agency, or other instrumentality of this state, or any political subdivision of this state on the ground that the action or inaction is inconsistent with the agreement.
3. A law of this state, or the application of it, shall not be declared invalid as to any such person or circumstance on the ground that the provision or application is inconsistent with the agreement.

2003 Acts, 1st Ex, ch 2, §105, 205
§423.13, STREAMLINED SALES AND USE TAX ACT

SUBCHAPTER V
SALES AND USE TAX ACT
ADMINISTRATION — RETAILERS
NOT REGISTERED UNDER
AGREEMENT — CONSUMERS OBLIGATED
TO PAY USE TAX DIRECTLY

423.13 Purpose of this subchapter.
The purpose of this subchapter is to provide for the administration and collection of sales or use tax on the part of retailers who are not registered under the agreement and for the collection of use tax on the part of consumers who are obligated to pay that tax directly. Any application of the sections of this subchapter to retailers registered under the agreement is only by way of incorporation by reference into subchapter VI of this chapter.

2003 Acts, 1st Ex, ch 2, §106, 205

423.13A Administration — effectiveness of agreements with retailers.
1. Notwithstanding any provision of this chapter to the contrary, any ruling, agreement, or contract, whether written or oral, express or implied, entered into after July 1, 2013, between a retailer and a state agency that provides that a retailer is not required to collect sales and use tax in this state despite the presence in this state of a warehouse, distribution center, or fulfillment center that is owned and operated by the retailer or an affiliate of the retailer shall be null and void unless such ruling, agreement, or contract is approved, by resolution, by a majority vote of each house of the general assembly.
2. For purposes of this section, “state agency” means the executive branch, including any executive department, commission, board, institution, division, bureau, office, agency, or other entity of state government. “State agency” does not mean the general assembly, or the judicial branch as provided in section 602.1102.

2013 Acts, ch 122, §2

423.14 Sales and use tax collection.
1. a. Sales tax, other than that described in paragraph “c”, shall be collected by sellers who are retailers or by their agents. Sellers or their agents shall, as far as practicable, add the sales tax, or the average equivalent thereof, to the sales price or charge, less trade-ins allowed and taken and when added such tax shall constitute a part of the sales price or charge, shall be a debt from consumer or user to seller or agent until paid, and shall be recoverable at law in the same manner as other debts.
   b. In computing the tax to be collected as the result of any transaction, the tax computation must be carried to the third decimal place. Whenever the third decimal place is greater than four, the tax must be rounded up to the next whole cent; whenever the third decimal place is four or less, the tax must be rounded downward to a whole cent. Sellers may elect to compute the tax due on transactions on an item or invoice basis. Sellers are not required to use a bracket system.
   c. The tax imposed upon those sales of motor fuel which are subject to tax and refund under chapter 452A shall be collected by the state treasurer by way of deduction from refunds otherwise allowable under that chapter. The treasurer shall transfer the amount of such deductions from the motor vehicle fuel tax fund to the special tax fund.
2. Use tax shall be collected in the following manner:
   a. The tax upon the use of all vehicles subject only to the issuance of a certificate of title shall be collected by the county treasurer or the state department of transportation pursuant to section 423.26, subsection 1. The county treasurer shall retain one dollar from each tax payment collected, to be credited to the county general fund.
   b. The tax upon the use of all tangible personal property and specified digital products other than that enumerated in paragraph “a”, which is sold by a seller who is a retailer or its agent that is not otherwise required to collect sales tax under the provisions of this chapter,
shall be collected by the retailer or agent and remitted to the department, pursuant to the provisions of paragraph “e”, and sections 423.24, 423.29, 423.30, 423.32, and 423.33.

c. The tax upon the use of all tangible personal property and specified digital products not paid pursuant to paragraphs “a” and “b” shall be paid to the department directly by any person using the property within this state, pursuant to the provisions of section 423.34.

d. The tax imposed on the use of services enumerated in section 423.5 shall be collected, remitted, and paid to the department of revenue in the same manner as use tax on tangible personal property is collected, remitted, and paid under this subchapter.

e. All persons obligated by paragraph “a”, “b”, or “d”, to collect use tax shall, as far as practicable, add that tax, or the average equivalent thereof, to the purchase price, less trade-ins allowed and taken, and when added the tax shall constitute a part of the purchase price. Use tax which this section requires to be collected by a retailer and any tax collected pursuant to this section by a retailer shall constitute a debt owed by the retailer to this state.
Tax which must be paid directly to the department, pursuant to paragraph “c” or “d”, is to be computed and added by the consumer or user to the purchase price in the same manner as this paragraph requires a seller to compute and add the tax. The tax shall be a debt from the consumer or user to the department until paid, and shall be recoverable at law in the same manner as other debts.

2. “Marketplace facilitator” includes but is not limited to a person who satisfies the requirements of this paragraph through the ownership, operation, or control of a digital distribution service, digital distribution platform, online portal, or application store.

3.    c. “Marketplace seller” means any of the following:
   (1) A seller that makes retail sales through any physical or electronic marketplace owned, operated, or controlled by a marketplace facilitator, even if such seller would not have been required to collect and remit sales and use tax had the sale not been made through such marketplace.
   (2) A seller that makes retail sales resulting from a referral by a referrer, even if such seller would not have been required to collect and remit sales and use tax had the sale not been made through such referrer.

2. In addition to and not in lieu of any application of this chapter to sellers who are retailers and sellers who are retailers maintaining a place of business in this state, any person described in subsection 3, or the person’s agents, shall be considered a retailer in this state and a retailer maintaining a place of business in this state for purposes of this chapter on or after January 1, 2019, and shall be subject to all requirements of this chapter imposed on retailers and retailers maintaining a place of business in this state, including but not limited to the requirement to collect and remit sales and use taxes pursuant to sections 423.14 and 423.29, and local option taxes under chapter 423B.

3. a. A retailer that has gross revenue from Iowa sales equal to or exceeding one hundred thousand dollars for an immediately preceding calendar year or a current calendar year.
   b. (1) A retailer that owns, licenses, or uses software or data files that are installed or stored on property used in this state. For purposes of this subparagraph, “software or data files” include but are not limited to software that is affirmatively downloaded by a user, software that is downloaded as a result of the use of a website, preloaded software, and cookies.
   (2) A retailer that uses in-state software to make Iowa sales. For purposes of this subparagraph, “content distribution network” means a system of distributed servers that deliver internet sites and other internet content to a user based on the geographic location of the user, the origin of the internet site or internet content, and a content delivery server.

(4) This paragraph “b” shall not apply to a retailer that has gross revenue from Iowa sales of less than one hundred thousand dollars for an immediately preceding calendar year or a current calendar year.

c. (1) A marketplace facilitator that makes or facilitates Iowa sales on its own behalf or for one or more marketplace sellers equal to or exceeding one hundred thousand dollars for an immediately preceding calendar year or a current calendar year.

(2) A marketplace facilitator shall collect sales and use tax on the entire sales price or purchase price paid by a purchaser on each Iowa sale subject to sales and use tax that is made or facilitated by the marketplace facilitator, regardless of whether the marketplace seller for whom an Iowa sale is made or facilitated has or is required to have a retail sales tax permit or would have been required to collect sales and use tax had the sale not been facilitated by the marketplace facilitator, and regardless of the amount of the sales price or purchase price that will ultimately accrue to or benefit the marketplace facilitator, the marketplace seller, or any other person. This sales and use tax collection responsibility of a marketplace facilitator applies but shall not be limited to sales facilitated through a computer software application, commonly referred to as in-app purchases, or through another specified digital product.

(3) A marketplace facilitator shall be relieved of liability under this paragraph “c” for failure to collect and remit sales and use tax on an Iowa sale made or facilitated for a marketplace seller under the following circumstances and up to the amounts permitted under the following circumstances:

(a) If the marketplace facilitator demonstrates to the satisfaction of the department that the marketplace facilitator has made a reasonable effort to obtain accurate information from the marketplace seller about a retail sale and that the failure to collect and remit the correct tax was due to incorrect information provided to the marketplace facilitator by the marketplace seller, then the marketplace facilitator shall be relieved of liability for that retail sale. This subparagraph division does not apply with regard to a retail sale for which the marketplace facilitator is the seller or if the marketplace facilitator and the seller are affiliates. For Iowa sales for which a marketplace facilitator is relieved of liability under this subparagraph division, the marketplace seller and purchaser are liable for any amount of uncollected, unpaid, or unremit tax.

(b) (i) Subject to the limitation in subparagraph subdivision (ii), if the marketplace facilitator demonstrates to the satisfaction of the department that the Iowa sale was made or facilitated for a marketplace seller prior to January 1, 2026, through a marketplace of the marketplace facilitator, that the marketplace facilitator is not the seller and that the marketplace facilitator and the seller are not affiliates, and that the failure to collect sales and use tax was due to an error other than an error in sourcing the sale. To the extent that a marketplace facilitator is relieved of liability for collection of sales and use tax under this subparagraph division, the marketplace seller for whom the marketplace facilitator has made or facilitated the Iowa sale is also relieved of liability. The department may determine the manner in which a marketplace facilitator or marketplace seller shall claim the liability relief provided in this subparagraph division.

(ii) The liability relief provided in subparagraph subdivision (i) shall not exceed the following percentage of the total sales and use tax due on Iowa sales made or facilitated by a marketplace facilitator for marketplace sellers and sourced to this state during a calendar year, which Iowa sales shall not include sales by the marketplace facilitator or affiliates of the marketplace facilitator:

(A) For Iowa sales made or facilitated during the 2019 calendar year, ten percent.
(B) For Iowa sales made or facilitated during calendar years 2020 through 2024, five percent.
(C) For Iowa sales made or facilitated during the 2025 calendar year, three percent.
(c) Nothing in this subparagraph (3) shall be construed to relieve any person of liability for collecting but failing to remit to the department sales and use tax.

(d) A marketplace facilitator is deemed to be an agent of any marketplace seller making retail sales through a marketplace of the marketplace facilitator.

d. (1) A referrer if, for any immediately preceding calendar year or a current calendar year, one hundred thousand dollars or more in Iowa sales result from referrals from a platform of the referrer. A referrer is not required to collect and remit sales and use tax pursuant to this paragraph if the referrer does all of the following:

(a) The referrer posts a conspicuous notice on each platform of the referrer that includes all of the following:

(i) A statement that sales or use tax is due on certain purchases.

(ii) A statement that the marketplace seller from whom the person is purchasing on the platform may or may not collect and remit sales and use tax on a purchase.

(iv) Information informing the purchaser that the notice is provided under the requirements of this subparagraph.

(v) Instructions for obtaining additional information from the department regarding whether and how to remit sales and use tax to the state of Iowa.

(b) The referrer provides a monthly notice to each marketplace seller to whom the referrer made a referral of a potential customer located in Iowa during the previous calendar year, which monthly notice shall contain all of the following:

(i) A statement that Iowa imposes a sales or use tax on Iowa sales.

(ii) A statement that a marketplace facilitator or other retailer making Iowa sales must collect and remit sales and use tax.

(iii) Instructions for obtaining additional information from the department regarding the collection and remittance of Iowa sales and use tax.

(c) The referrer provides the department with annual reports in an electronic format and in the manner prescribed by the department, which annual reports contain all of the following:

(i) A list of marketplace sellers who received the referrer’s notice under subparagraph division (b).

(ii) A list of marketplace sellers that collect and remit Iowa sales and use tax and that list or advertise the marketplace seller’s products for sale on a platform of the referrer.

(iii) An affidavit signed under penalty of perjury from an officer of the referrer affirming that the referrer made reasonable efforts to comply with the applicable sales and use tax notice and reporting requirements of this subparagraph.

(2) A referrer is deemed to be an agent of any marketplace seller making retail sales resulting from a referral of the referrer.

(3) For purposes of this paragraph:

(a) “Platform” means an electronic or physical medium, including but not limited to an internet site or catalog, that is owned, operated, or controlled by a referrer.

(b) “Referral” means the transfer through telephone, internet link, or other means by a referrer of a potential customer to a retailer or seller who advertises or lists products for sale on a platform of the referrer.

(c) (i) “referrer” means a person who does all of the following:

(A) Contracts or otherwise agrees with a retailer, seller, or marketplace facilitator to list or advertise for sale a product of the retailer, seller, or marketplace facilitator on a platform, provided such listing or advertisement identifies whether or not the retailer, seller, or marketplace facilitator collects sales and use tax.

(B) Receives a commission, fee, or other consideration from the retailer, seller, or marketplace facilitator for the listing or advertisement.

(C) Provides referrals to a retailer, seller, or marketplace facilitator, or an affiliate of a retailer, seller, or marketplace facilitator.

(D) Does not collect money or other consideration from the customer for the transaction.
(ii) “Referrer” does not include any of the following:
   (A) A person primarily engaged in the business of printing or publishing a newspaper.
   (B) A person who does not provide the retailer’s, seller’s, or marketplace facilitator’s shipping terms and who does not advertise whether a retailer, seller, or marketplace facilitator collects sales or use tax.

(4) This paragraph only applies to referrals by a referrer and shall not preclude the applicability of other provisions of this section to a person who is a referrer and is also a retailer, a marketplace facilitator, or a marketplace seller.

(5) This paragraph is subject to implementation by the department by rule and shall not require a referrer to collect tax or comply with the notice and reporting requirements and other provisions of this paragraph unless and until such administrative rules take effect.

   e. (1) A retailer that makes Iowa sales through the use of a solicitor. For purposes of this paragraph, “solicitor” means a person that directly or indirectly solicits business for a retailer.

   (2) (a) A retailer is deemed to have a solicitor in this state if the retailer enters into an agreement with a resident under which the resident, for a commission, fee, or other similar consideration, directly or indirectly refers potential customers, whether by link on an internet site, or otherwise, to the retailer. This determination may be rebutted by a showing of proof that the resident with whom the retailer has an agreement did not engage in any solicitation in this state on behalf of the retailer that would satisfy the nexus requirement of the United States Constitution during the calendar year in question.

   (b) This subparagraph (2) shall not apply to a retailer that has Iowa gross revenue from Iowa sales of ten thousand dollars or less for an immediately preceding calendar year or a current calendar year.

   (c) For purposes of this subparagraph (2):

   (i) “Iowa gross revenue” means gross revenue from Iowa sales to purchasers who were referred to the retailer by all solicitors who are residents.

   (ii) “Resident” includes an individual who is a resident of this state, as defined in section 422.4, and any business that owns any tangible or intangible property with a situs in this state, or that has one or more employees performing or providing services for the business in this state.

   (d) This paragraph “e” does not apply to chapter 422 and does not expand or contract the state’s jurisdiction to tax a trade or business under chapter 422.

   f. A retailer that owns, controls, rents, licenses, makes available, or uses any tangible or intangible property in this state or with a situs in this state, to make or otherwise facilitate a retail sale.

   g. (1) Any person that enters into a contract or agreement with a governmental entity, including but not limited to contracts for the provision of financial assistance or incentives such as a tax credit, forgivable loan, grant, tax rebate, or any other thing of value. For purposes of this subparagraph, “governmental entity” means any unit of government in the executive, legislative, or judicial branch, or any political subdivision of the state, including but not limited to a city, county, township, or school district.

   (2) Every bid submitted and each contract or agreement executed by a state agency shall contain a certification by the bidder or contractor stating that the bidder or contractor is registered with the department pursuant to this chapter and will collect and remit Iowa sales and use tax due under this chapter. In the certification, the bidder or contractor shall also acknowledge that the state agency may declare the contractor or bid void if the certification is false or becomes false. Fraudulent certification, by act or omission, may result in the state agency or its representative filing for damages for breach of contract.

   h. Any affiliate of any person that is required to collect and remit sales and use tax under this chapter, provided the affiliate makes retail sales.
423.14B Sales and use tax reporting requirements — penalties.

1. For purposes of this section, “Iowa sales” and “marketplace facilitator” all mean the same as defined in section 423.14A.

2. The department may, in its discretion, adopt rules pursuant to chapter 17A establishing and imposing notice and reporting requirements related to Iowa sales for retailers, including but not limited to marketplace facilitators, who do not collect and remit sales and use tax under this chapter. The rules may include but are not limited to rules requiring retailers, including but not limited to marketplace facilitators, to do any of the following:
   a. Notify purchasers at the time of an Iowa sales transaction of sales and use tax obligations under this chapter.
   b. Provide purchasers with periodic reports of purchases that are Iowa sales.
   c. Provide the department with annual reports that include but are not limited to information relating to purchases, purchasers, and Iowa sales.

3. a. The department may adopt rules pursuant to chapter 17A establishing and imposing penalties as described in and subject to the dollar limitations of paragraph “b”, provided that any such penalty shall include a procedure for waiver of the penalty upon a showing of reasonable cause for such failure.
   b. (1) The department may impose penalties for failure to provide a notification to a purchaser in the manner and form prescribed by the department by rule. Such penalties shall not exceed five dollars for each failure.
   (2) The department may impose penalties for failure to provide a purchaser with a periodic report of purchases in the manner and form prescribed by the department by rule. Such penalties shall not exceed ten dollars for each failure.
   (3) The department may impose penalties for failure to provide the department with an annual report in the manner and form prescribed by the department. Such penalties shall not exceed an amount per annual report equal to ten dollars multiplied by the number of purchasers for whom information should have been but was not included in the annual report.

423.15 General sourcing rules.

All sales of tangible personal property, services, or specified digital products, except those sales enumerated in section 423.16, shall be sourced according to this section by sellers obligated to collect Iowa sales and use tax. The sourcing rules described in this section apply to sales of tangible personal property, specified digital products, and all services other than telecommunications services. This section only applies to determine a seller’s obligation to pay or collect and remit Iowa sales or use tax with respect to the seller’s sale of a product. This section does not affect the obligation of a purchaser or lessee to remit tax on the use of the product to the taxing jurisdictions in which the use occurs. A seller’s obligation to collect Iowa sales tax or Iowa use tax only occurs if the sale is sourced to this state. Iowa sales tax applies to a sale sourced to Iowa made by a seller subject to section 423.1, subsection 48, or section 423.14A.

1. Sales, excluding leases or rentals, of products shall be sourced as follows:
   a. When the product is received by the purchaser at a business location of the seller, the sale is sourced to that business location.
   b. When the product is not received by the purchaser at a business location of the seller, the sale is sourced to the location where receipt by the purchaser or the purchaser’s donee, designated as such by the purchaser, occurs, including the location indicated by instructions for delivery to the purchaser or donee, known to the seller.
   c. When paragraphs “a” and “b” do not apply, the sale is sourced to the location indicated by an address for the purchaser that is available from the business records of the seller that are maintained in the ordinary course of the seller’s business when use of this address does not constitute bad faith.
   d. When paragraphs “a”, “b”, and “c” do not apply, the sale is sourced to the location indicated by an address for the purchaser obtained during the consummation of the sale,
including the address of a purchaser’s payment instrument, if no other address is available, when use of this address does not constitute bad faith.

e. When paragraphs “a”, “b”, “c”, and “d” do not apply, including the circumstance where the seller is without sufficient information to apply the previous rules, then the location will be determined by the address from which tangible personal property was shipped, from which the specified digital product or the computer software delivered electronically was first available for transmission by the seller, or from which the service was provided disregarding for these purposes any location that merely provided the digital transfer of the product sold.

2. The lease or rental of tangible personal property, other than property identified in subsection 3 or section 423.16, shall be sourced as follows:
   a. For a lease or rental that requires recurring periodic payments, the first periodic payment is sourced the same as a retail sale in accordance with the provisions of subsection 1. Periodic payments made subsequent to the first payment are sourced to the primary property location for each period covered by the payment. The primary property location shall be as indicated by an address for the property provided by the lessee that is available to the lessor from its records maintained in the ordinary course of business, when use of this address does not constitute bad faith. The property location shall not be altered by intermittent use at different locations, such as use of business property that accompanies employees on business trips and service calls.
   b. For a lease or rental that does not require recurring periodic payments, the payment is sourced the same as a retail sale in accordance with the provisions of subsection 1.
   c. This subsection does not affect the imposition or computation of sales or use tax on leases or rentals based on a lump sum or accelerated basis, or on the acquisition of property for lease.

3. The retail sale, including lease or rental, of transportation equipment shall be sourced the same as a retail sale in accordance with the provisions of subsection 1, notwithstanding the exclusion of lease or rental in that subsection. “Transportation equipment” means any of the following:
   a. Locomotives or railcars that are utilized for the carriage of persons or property in interstate commerce.
   b. Trucks and truck-tractors with a gross vehicle weight rating of ten thousand one pounds or greater, trailers, semitrailers, or passenger buses that meet both of the following requirements:
      (1) Are registered through the international registration plan.
      (2) Are operated under authority of a carrier authorized and certificated by the United States department of transportation or another federal authority to engage in the carriage of persons or property in interstate commerce.
   c. Aircraft that are operated by air carriers authorized and certificated by the United States department of transportation or another federal or a foreign authority to engage in the carriage of persons or property in interstate or foreign commerce.
   d. Containers designed for use on and component parts attached or secured on the items set forth in paragraphs “a” through “c”.

423.16 Transactions to which the general sourcing rules do not apply.

Section 423.15 does not apply to sales or use taxes levied on the following:

1. The retail sale or transfer of watercraft, modular homes, or mobile homes, and the retail sale, excluding lease or rental, of motor vehicles, trailers, semitrailers, or aircraft that do not qualify as transportation equipment, as defined in section 423.15, subsection 3.
2. The lease or rental of motor vehicles, trailers, semitrailers, or aircraft that do not qualify as transportation equipment, as defined in section 423.15, subsection 3, which shall be sourced in accordance with section 423.17.
3. Transactions to which direct mail sourcing is applicable, which shall be sourced in accordance with section 423.19.
4. Telecommunications services, as set out in section 423.20, which shall be sourced in accordance with section 423.20, subsection 2.

423.17 Sourcing rules for various types of leased or rented equipment which is not transportation equipment.

The lease or rental of motor vehicles, trailers, semitrailers, or aircraft that do not qualify as transportation equipment, as defined in section 423.15, subsection 3, shall be sourced as follows:

1. For a lease or rental that requires recurring periodic payments, each periodic payment is sourced to the primary property location. The primary property location shall be as indicated by an address for the property provided by the lessee that is available to the lessor from its records maintained in the ordinary course of business, when use of this address does not constitute bad faith. This location shall not be altered by intermittent use at different locations.

2. For a lease or rental that does not require recurring periodic payments, the payment is sourced the same as a retail sale in accordance with the provisions of section 423.15, subsection 1.

3. This section does not affect the imposition or computation of sales or use tax on leases or rentals based on a lump sum or accelerated basis, or on the acquisition of property for lease.

423.19 Direct mail sourcing.

1. Notwithstanding section 423.15, the following provisions apply to sales of advertising and promotional direct mail:

a. A purchaser of advertising and promotional direct mail may provide the seller with one of the following:

   (1) A direct pay permit.

   (2) An agreement certificate of exemption claiming to be direct mail, or a similar written statement, if the statement is approved, authorized, or accepted by the department.

   (3) Information showing the jurisdiction to which the advertising and promotional direct mail is to be delivered to the recipient.

b. (1) If the purchaser provides the seller a permit, a certificate of exemption, or an approved written statement pursuant to paragraph “a”, subparagraph (1) or (2), then, in the absence of bad faith, the seller is relieved of the obligation to collect, pay, or remit tax on a transaction involving advertising and promotional direct mail to which the permit, certificate, or approved written statement applies. In such a transaction, the purchaser shall source the sale to the jurisdiction in which the advertising and promotional direct mail is to be delivered to the recipient and shall report and pay any tax due accordingly.

   (2) If the purchaser provides the seller information showing the jurisdiction to which the advertising and promotional direct mail is to be delivered pursuant to paragraph “a”, subparagraph (3), the seller shall source the sale to the jurisdiction in which the advertising and promotional direct mail is to be delivered and shall collect and remit the tax due accordingly. If the seller has sourced the sale according to the delivery information provided by the purchaser, then, in the absence of bad faith, the seller is relieved of any further obligation to collect tax on the sale of the advertising and promotional direct mail.

   c. (1) If the purchaser fails to provide the seller with one of the items listed in paragraph “a”, the sale shall be sourced pursuant to the sourcing directive described in section 423.15, subsection 1, paragraph “e”.

   (2) If a sale is sourced to this state pursuant to subparagraph (1), the full amount of the tax imposed by subchapter II or III, as applicable, is due from the purchaser, notwithstanding section 423.22.
2. Notwithstanding section 423.15, sales of other direct mail are subject to all of the following:
   a. Except as otherwise provided in this subsection, the sale of other direct mail shall be sourced pursuant to the sourcing directive described in section 423.15, subsection 1, paragraph “c”.

      (2) An agreement certificate of exemption claiming to be direct mail, or a similar written statement, if the statement is approved, authorized, or accepted by the department.
   c. If the purchaser provides the seller a permit, a certificate of exemption, or an approved written statement pursuant to paragraph “b”, then, in the absence of bad faith, the seller is relieved of the obligation to collect, pay, or remit tax on a transaction involving other direct mail to which the permit, certificate, or approved written statement applies.
   (2) Notwithstanding paragraph “a”, the sale of other direct mail under the circumstances described in subparagraph (1) shall be sourced to the jurisdiction in which the other direct mail is to be delivered to the recipient, and the purchaser shall report and pay any tax due accordingly.

423.20 Telecommunications service sourcing.
1. As used in this section:
   a. “Air-to-ground radiotelephone service” means a radio service, as that term is used in 47 C.F.R. §22.99, in which common carriers are authorized to offer and provide radio telecommunications service for hire to subscribers in aircraft.
   b. “Call-by-call basis” means any method of charging for the telecommunications service where the price is measured by individual calls.
   c. “Communications channel” means a physical or virtual path of communications over which signals are transmitted between or among customer channel termination points.
   d. “Customer” means the person or entity that contracts with the seller of the telecommunications service. If the end user of the telecommunications service is not the contracting party, the end user of the telecommunications service is the customer of the telecommunications service, but this sentence only applies for the purpose of sourcing sales of the telecommunications service under this section. “Customer” does not include a reseller of a telecommunications service or for mobile telecommunications service of a serving carrier under an agreement to serve the customer outside the home service provider’s licensed service area.
   e. “Customer channel termination point” means the location where the customer either inputs or receives the communications.
   f. “End user” means the person who utilizes the telecommunications service. In the case of an entity, “end user” means the individual who utilizes the service on behalf of the entity.
   g. “Home service provider” means the same as that term is defined in the federal Mobile Telecommunications Sourcing Act, Pub. L. No. 106-252, 4 U.S.C. §124(5).
   i. “Place of primary use” means the street address representative of where the customer’s use of the telecommunications service primarily occurs, which must be the residential street address or the primary business street address of the customer. In the case of mobile telecommunications service, “place of primary use” must be within the licensed service area of the home service provider.
   j. “Postpaid calling service” means the telecommunications service obtained by making a payment on a call-by-call basis either through the use of a credit card or payment mechanism such as a bank card, travel card, credit card, or debit card, or by charge made to a telephone number which is not associated with the origination or termination of the telecommunications service. A “postpaid calling service” includes a telecommunications service, except a prepaid
wireless calling service, that would be a prepaid calling service except it is not exclusively a telecommunications service.

k. “Prepaid calling service” means the right to access exclusively telecommunications services, which must be paid for in advance and which enables the origination of calls using an access number or authorization code, whether manually or electronically dialed, and that is sold in predetermined units or dollars of which the amount declines with use in a known amount.

l. “Prepaid wireless calling service” means a telecommunications service that provides the right to utilize mobile wireless service as well as other nontelecommunications services, including the download of digital products delivered electronically, content and ancillary services, which must be paid for in advance and that is sold in predetermined units or dollars of which the amount declines with use in a known amount.

m. “Private communication service” means a telecommunications service that entitles the customer to exclusive or priority use of a communications channel or group of channels between or among termination points, regardless of the manner in which such channel or channels are connected, and includes switching capacity, extension lines, stations, and any other associated services that are provided in connection with the use of such channel or channels.

n. “Service address” means one of the following:

(1) The location of the telecommunications equipment to which a customer’s call is charged and from which the call originates or terminates, regardless of where the call is billed or paid.

(2) If the location in subparagraph (1) is not known, “service address” means the origination point of the signal of the telecommunications service first identified by either the seller’s telecommunications system or in information received by the seller from its service provider, where the system used to transport such signals is not that of the seller.

(3) If the locations in subparagraphs (1) and (2) are not known, the “service address” means the location of the customer’s place of primary use.

2. Sales of telecommunications services shall be sourced in the following manner:

a. Except for the defined telecommunications services in paragraph “c”, the sale of telecommunications services sold on a call-by-call basis shall be sourced to one of the following:

   (1) Each level of taxing jurisdiction where the call originates and terminates in that jurisdiction.

   (2) Each level of taxing jurisdiction where the call either originates or terminates and in which the service address is also located.

   b. Except for the defined telecommunications services in paragraph “c”, a sale of telecommunications services sold on a basis other than a call-by-call basis is sourced to the customer’s place of primary use.

   c. Sale of the following telecommunications services shall be sourced to each level of taxing jurisdiction as follows:

      (1) A sale of mobile telecommunications services other than air-to-ground radiotelephone service, prepaid calling service, or prepaid wireless calling service is sourced to the customer’s place of primary use as required by the federal Mobile Telecommunications Sourcing Act.

      (2) A sale of postpaid calling service is sourced to the origination point of the telecommunications signal as first identified by either of the following:

         (a) The seller’s telecommunications system.

         (b) Information received by the seller from its service provider, where the system used to transport such signals is not that of the seller.

      (3) A sale of prepaid calling service or a sale of prepaid wireless calling service is sourced in accordance with section 423.15. However, in the case of a sale of a prepaid wireless calling service, the rule provided in section 423.15, subsection 1, paragraph “e”, shall include as an option the location associated with the mobile telephone number.

      (4) A sale of a private telecommunications service is sourced as follows:

         (a) Service for a separate charge related to a customer channel termination point is
sourced to each level of jurisdiction in which such customer channel termination point is located.

(b) Service where all customer termination points are located entirely within one jurisdiction or level of jurisdiction is sourced in such jurisdiction in which the customer channel termination points are located.

(c) Service for segments of a channel between two customer channel termination points located in different jurisdictions and which segments of a channel are separately charged is sourced fifty percent in each level of jurisdiction in which the customer channel termination points are located.

(d) Service for segments of a channel located in more than one jurisdiction or levels of jurisdiction and which segments are not separately billed is sourced in each jurisdiction based on the percentage determined by dividing the number of customer channel termination points in such jurisdiction by the total number of customer channel termination points.

423.21 Bad debt deductions.
1. For the purposes of this section, "bad debt" means an amount properly calculated pursuant to section 166 of the Internal Revenue Code then adjusted to exclude financing charges or interest, sales or use taxes charged on the purchase price, uncollectible amounts on property that remain in the possession of the seller until the full purchase price is paid, expenses incurred in attempting to collect any debt, and repossessed property.

2. In computing the amount of tax due, a seller may deduct bad debts from the total amount upon which the tax is calculated for any return. Any deduction taken or refund paid which is attributed to bad debts shall not include interest.

3. A seller may deduct bad debts on the return for the period during which the bad debt is written off as uncollectible in the seller’s books and records and is eligible to be deducted for federal income tax purposes. For purposes of this subsection, a seller who is not required to file federal income tax returns may deduct a bad debt on a return filed for the period in which the bad debt is written off as uncollectible in the seller’s books and records and would be eligible for a bad debt deduction for federal income tax purposes if the seller were required to file a federal income tax return.

4. If a deduction is taken for a bad debt and the seller subsequently collects the debt in whole or in part, the tax on the amount so collected must be paid and reported on the return filed for the period in which the collection is made.

5. A seller may obtain a refund of tax on any amount of bad debt that exceeds the amount of taxable sales within the period allowed for refund claims by section 423.47. However, the period allowed for refund claims shall be measured from the due date of the return on which the bad debt could first be claimed.

6. For the purposes of computing a bad debt deduction or reporting a payment received on a previously claimed bad debt, any payments made on a debt or account shall be applied first to the price of the property or service and tax thereon, proportionally, and secondly to interest, service charges, and any other charges.

If the tax imposed and paid in the other state is equal to or
more than the tax imposed by those subchapters, then a tax is not due in this state on the personal property or service.

The use tax imposed upon the use of vehicles subject only to the issuance of a certificate of title shall be paid by the owner of the vehicle to the county treasurer or the state department of transportation from whom the certificate of title is obtained. A certificate of title shall not be issued until the tax has been paid. The county treasurer or the state department of transportation shall require every applicant for a certificate of title to supply information as the county treasurer or the director deems necessary as to the time of purchase, the purchase price, and other information relative to the purchase of the vehicle. On or before the tenth day of each month, the county treasurer or the state department of transportation shall remit to the department the amount of the taxes collected during the preceding month.

b. A person who willfully makes a false statement in regard to the purchase price of a vehicle subject to taxation under this subsection is guilty of a fraudulent practice. A person who willfully makes a false statement in regard to the purchase price of such a vehicle with the intent to evade the payment of tax shall be assessed a penalty of seventy-five percent of the amount of tax unpaid and required to be paid on the actual purchase price less trade-in allowance.

2. a. The use tax imposed upon the use of leased vehicles if the lease transaction does not require titling or registration of the vehicle shall be remitted to the department. Tax and the reporting of tax due to the department shall be remitted on or before fifteen days from the
last day of the month that the tax becomes due. Failure to timely report or remit any of the
tax when due shall result in a penalty and interest being imposed on the tax due pursuant to
section 423.40, subsection 1, and section 423.42, subsection 1.

b. The amount subject to tax shall be computed on each separate lease transaction by
taking the total of the lease payments, plus the down payment, and excluding all of the
following:
   (1) Title fee.
   (2) Registration fees.
   (3) Use tax pursuant to this subsection.
   (4) Federal excise taxes attributable to the sale of the vehicle to the owner or to the lease

   c. If any or all of the items in paragraph “b”, subparagraphs (1) through (8) are excluded
      from the taxable lease price, the owner shall maintain adequate records of the amounts
      of those items. If the parties to a lease enter into an agreement providing that the tax imposed
      under this subsection is to be paid by the lessee or included in the monthly lease payments
to be paid by the lessee, the total cost of the tax shall not be included in the computation of
lease price for the purpose of taxation under this subsection.

   director deems necessary as to the time of purchase, the purchase price, installed purchase
   price, and other information relative to the purchase of the manufactured housing.

5. A certificate of title shall not be issued until the tax has been paid. A certificate of title
   shall be delivered to the owner of the manufactured housing by the county treasurer or state
   department of transportation who received the use tax.

423.29 Collections by sellers.
1. Every seller who is a retailer and who is making taxable sales of tangible personal property or specified digital products in Iowa shall, at the time of making the sale, collect the sales tax. Every seller who is a retailer that is not otherwise required to collect sales tax under the provisions of this chapter and who is selling tangible personal property or specified digital products for use in Iowa shall, at the time of making the sale, whether within or without the state, collect the use tax. Sellers required to collect sales or use tax shall give to any purchaser a receipt for the tax collected in the manner and form prescribed by the director.

2. Every seller who is a retailer furnishing taxable services in Iowa and every seller who is a retailer maintaining a place of business in this state and furnishing taxable services in Iowa or services outside Iowa if the product or result of the service is used in Iowa shall be subject to the provisions of subsection 1.

423.30 Foreign sellers not registered under the agreement.
1. The director may, upon application, authorize the collection of the use tax by any seller who is a retailer not maintaining a place of business within this state and not registered under the agreement, who, to the satisfaction of the director, furnishes adequate security to ensure collection and payment of the tax. Such sellers shall be issued, without charge, permits to collect tax subject to any regulations which the director shall prescribe. When so authorized, it shall be the duty of foreign sellers to collect the tax upon all tangible personal property and specified digital products sold, to the retailer’s knowledge, for use within this state, in the same manner and subject to the same requirements as a retailer maintaining a place of business within this state. The authority and permit may be canceled when, at any time, the director considers the security inadequate, or that tax can more effectively be collected from the person using property in this state.

2. The discretionary power granted in subsection 1 is extended to apply in the case of foreign retailers furnishing services enumerated in section 423.2.

Referred to in §423.14, 423.32

423.31 Filing of sales tax returns and payment of sales tax.
1. Each person subject to this section and section 423.36 and in accordance with the provisions of this section and section 423.36 shall, on or before the last day of the month following the close of each calendar quarter during which such person is or has become or ceased being subject to the provisions of this section and section 423.36, make, sign, and file a return for the calendar quarter in the form as may be required. Returns shall show information relating to sales prices including tangible personal property, specified digital products, and services converted to the use of such person, the amounts of sales prices excluded and exempt from the tax, the amounts of sales prices subject to tax, a calculation of tax due, and any other information for the period covered by the return as may be required. Returns shall be signed by the retailer or the retailer’s authorized agent and must be certified by the retailer to be correct in accordance with forms and rules prescribed by the director.

2. Persons required to file, or committed to file by reason of voluntary action or by order
of the department, deposits of taxes due under this subchapter shall be entitled to take credit against the total quarterly amount of tax due such amount as shall have been deposited by such persons during that calendar quarter. The balance remaining due after such credit for deposits shall be entered on the return. However, such person may be granted an extension of time not exceeding thirty days for filing the quarterly return, upon a proper showing of necessity. If an extension is granted, such person shall have paid by the twentieth day of the month following the close of such quarter ninety percent of the estimated tax due.

3. The sales tax forms prescribed by the director shall be referred to as “retailers tax deposit”. Deposit forms shall be signed by the retailer or the retailer’s duly authorized agent, and shall be duly certified by the retailer or agent to be correct. The director may authorize incorporated banks and trust companies or other depositaries authorized by law which are depositories or financial agents of the United States, or of this state, to receive any sales tax imposed under this chapter, in the manner, at the times, and under the conditions the director prescribes. The director shall prescribe the manner, times, and conditions under which the receipt of the tax by those depositories is to be treated as payment of the tax to the department.

4. Every retailer at the time of making any return required by this section shall compute and pay to the department the tax due for the preceding period. The tax on sales prices from the sale or rental of tangible personal property under a consumer rental purchase agreement as defined in section 537.3604, subsection 8, is payable in the tax period of receipt.

5. a. Upon making application and receiving approval from the director, a person and its affiliates that make retail sales of tangible personal property, specified digital products, or taxable enumerated services may make deposits and file a consolidated sales tax return for the affiliated group, pursuant to rules adopted by the director. A person and each affiliate that files a consolidated return are jointly and severally liable for all tax, penalty, and interest found due for the tax period for which a consolidated return is filed or required to be filed.

b. A business required to file a consolidated sales tax return shall file a form entitled “schedule of consolidated business locations” with its quarterly sales tax return that shows the taxpayer’s consolidated permit number, the permit number for each Iowa business location, the state sales tax amount by business location, and the amount of state sales tax due on goods consumed that are not assigned to a specific business location. Consolidated quarterly sales tax returns that are not accompanied by the schedule of consolidated business locations form are considered incomplete and are subject to penalty under section 421.27.

6. If necessary or advisable in order to insure the payment of the tax, the director may require returns and payment of the tax to be made for other than quarterly periods, the provisions of this section or other provision to the contrary notwithstanding.

7. Notwithstanding any other provision of the Code to the contrary, the department shall not attempt to collect delinquent sales tax on a transaction involving the furnishing of lawn care, landscaping, or tree trimming and removal services which occurred more than five years from the date of an audit.

8. Persons required to file a return under this section may instead file a simplified electronic return pursuant to section 423.49.

423.32 Filing of use tax returns and payment of use tax.

1. a. A retailer maintaining a place of business in this state who is required to collect or a user who is required to pay the use tax or a foreign retailer authorized, pursuant to section 423.30, to collect the use tax, shall remit to the department the amount of tax on or before the last day of the month following each calendar quarterly period. However, a retailer who collects or owes more than fifteen hundred dollars in use taxes in a month shall deposit with the department or in a depository authorized by law and designated by the director, the amount collected or owed, with a deposit form for the month as prescribed by the director.

b. The deposit form is due on or before the twentieth day of the month following the month of collection, except a deposit is not required for the third month of the calendar quarter, and the total quarterly amount, less the amounts deposited for the first two months of the
quarter, is due with the quarterly report on the last day of the month following the month of collection. At that time, the retailer shall file with the department a return for the preceding quarterly period in the form prescribed by the director showing the purchase price of the tangible personal property, specified digital products, and services sold by the retailer during the preceding quarterly period, the use of which is subject to the use tax imposed by this chapter, and other information the director deems necessary for the proper administration of the use tax.

c. The return shall be accompanied by a remittance of the use tax for the period covered by the return. If necessary in order to ensure payment to the state of the tax, the director may in any or all cases require returns and payments to be made for other than quarterly periods. The director, upon request and a proper showing of necessity, may grant an extension of time not to exceed thirty days for making any return and payment. Returns shall be signed, in accordance with forms and rules prescribed by the director, by the retailer or the retailer’s authorized agent, and shall be certified by the retailer or agent to be correct.

2. If it is reasonably expected, as determined by rules prescribed by the director, that a retailer’s annual sales or use tax liability will not exceed one hundred twenty dollars for a calendar year, the retailer may request and the director may grant permission to the retailer, in lieu of the quarterly filing and remitting requirements set out elsewhere in this section, to file the return required by and remit the sales or use tax due under this section on a calendar-year basis. The return and tax are due and payable no later than January 31 following each calendar year in which the retailer carries on business.

3. The director, in cooperation with the department of management, may periodically change the filing and remittance thresholds by administrative rule if in the best interests of the state and taxpayer to do so.

423.33 Liability of persons other than retailers for payment of sales or use tax.

1. Liability of purchaser for sales tax. If a purchaser fails to pay sales tax to the retailer required to collect the tax, then in addition to all of the rights, obligations, and remedies provided, the tax is payable by the purchaser directly to the department, and sections 423.31, 423.32, 423.37, 423.38, 423.39, 423.40, 423.41, and 423.42 apply to the purchaser. For failure to pay, the retailer and purchaser are liable, unless the circumstances described in section 29C.24, subsection 3, paragraph “a”, subparagraph (2), section 421.60, subsection 2, paragraph “m”, section 423.34A, or section 423.45, subsection 4, paragraph “b” or “e”, or subsection 5, paragraph “c” or “e”, are applicable.

2. Immediate successor liability for sales or use tax. If a retailer sells the retailer’s business or stock of goods or quits the business, the retailer shall prepare a final return and pay all sales or use tax due within the time required by law. The immediate successor to the retailer, if any, shall withhold a sufficient portion of the purchase price, in money or money’s worth, to pay the amount of delinquent tax, interest, or penalty due and unpaid. If the immediate successor of the business or stock of goods intentionally fails to withhold the amount due from the purchase price as provided in this subsection, the immediate successor is personally liable for the payment of delinquent taxes, interest, and penalty accrued and unpaid on account of the operation of the business by the immediate former retailer, except when the purchase is made in good faith as provided in section 421.28. However, a person foreclosing on a valid security interest or retaking possession of premises under a valid lease is not an “immediate successor” for purposes of this section. The department may waive the liability of the immediate successor under this subsection if the immediate successor exercised good faith in establishing the amount of the previous liability.

3. Event sponsor’s liability for sales tax. A person sponsoring a flea market or a craft, antique, coin, or stamp show or similar event shall obtain from every retailer selling tangible personal property, specified digital products, or taxable services at the event proof that the retailer possesses a valid sales tax permit or secure from the retailer a statement, taken in good faith, that tangible personal property, specified digital products, or services offered for sale are not subject to sales tax. Failure to do so renders a sponsor of the event
liable for payment of any sales tax, interest, and penalty due and owing from any retailer selling property or services at the event. Sections 423.31, 423.32, 423.37, 423.38, 423.39, 423.40, 423.41, and 423.42 apply to the sponsors. For purposes of this subsection, a “person sponsoring a flea market or a craft, antique, coin, or stamp show or similar event” does not include an organization which sponsors an event determined to qualify as an event involving casual sales pursuant to section 423.3, subsection 39, or the state fair or a fair as defined in section 174.1.

4. Liability of affiliates.

a. Notwithstanding any other provision of law to the contrary, if any retailer required to collect and remit sales and use tax pursuant to sections 423.14, 423.14A, and 423.29, or any other provision of this chapter, fails to do so, all affiliates that directly, indirectly, or constructively control the retailer shall be jointly and severally liable for any tax, penalty, and interest under this chapter, regardless of whether the affiliate is a retailer.

b. Pursuant to paragraph “a”, the department may elect to assess the full amount of any tax, penalty, and interest against the retailer; an affiliate of the retailer described in paragraph “a”, or any combination of the retailer and the retailer’s affiliates described in paragraph “a”.

c. Notwithstanding any other provision of law to the contrary, the department has the discretion to deem an affiliate of a retailer an agent or alter ego of that retailer.

d. Notwithstanding any other provision of law to the contrary, the department has the discretion to disregard or look through any organizational structure of an enterprise in order to assess and collect any tax, penalty, and interest against an affiliate that is acting to benefit an affiliate or an enterprise of which the affiliate is a part.

423.34 Liability of user.

Any person who uses any tangible personal property, specified digital products, or services enumerated in section 423.2 upon which the use tax has not been paid, either to the county treasurer or to a retailer or direct to the department as required by this subchapter, shall be liable for the payment of tax, and shall on or before the last day of the month next succeeding each quarterly period pay the use tax upon all tangible personal property, specified digital products, or services used by the person during the preceding quarterly period in the manner and accompanied by such returns as the director shall prescribe. All of the provisions of sections 423.32 and 423.33 with reference to the returns and payments shall be applicable to the returns and payments required by this section.

Section amended

423.34A Exclusion from liability for purchasers.

A purchaser is relieved of liability for payment of state sales or use tax, for payment of any local option sales tax, for payment of interest, or for payment of any penalty for nonpayment of tax which nonpayment is not fraudulent, willful, or intentional, under the following circumstances:

1. The purchaser, the purchaser’s seller or certified service provider, or the purchaser holding a direct pay permit relied on erroneous data contained in this state’s taxability matrix completed pursuant to the agreement.

2. The purchaser, the purchaser’s seller or certified service provider, or the purchaser holding a direct pay permit relied on erroneous data provided by the state with regard to tax rates, boundaries, or taxing jurisdiction assignments.

3. The purchaser used a database described in section 423.52, subsection 1, or section 423.55 and relied on erroneous data about tax rates, boundaries, or taxing jurisdiction assignments contained in that database.

The director may, when necessary and advisable in order to secure the collection of the sales or use tax, authorize any person subject to either tax, and any retailer required or authorized to collect those taxes pursuant to the provisions of section 423.14, to file with the department a bond, issued by a surety company authorized to transact business in this state and approved by the insurance commissioner as to solvency and responsibility, in an amount as the director may fix, to secure the payment of any tax, interest, or penalties due or which may become due from such person. In lieu of a bond, securities approved by the director, in an amount which the director may prescribe, may be deposited with the department, which securities shall be kept in the custody of the department and may be sold by the director at public or private sale, without notice to the depositor, if it becomes necessary to do so in order to recover any tax, interest, or penalties due. Upon the sale, the surplus, if any, above the amounts due under this chapter shall be returned to the person who deposited the securities.

2003 Acts, 1st Ex, ch 2, §128, 205

423.36 Permits required to collect sales or use tax — applications — revocation.

1. A person shall not engage in or transact business as a retailer making taxable sales of tangible personal property, specified digital products, or furnishing services within this state or as a retailer making taxable sales of tangible personal property, specified digital products, or furnishing services for use within this state, unless a permit has been issued to the retailer under this section, except as provided in subsection 7. Every person desiring to engage in or transact business as a retailer shall file with the department an application for a permit to collect sales or use tax. Every application for a sales or use tax permit shall be made upon a form prescribed by the director and shall set forth any information the director may require. The application shall be signed by an owner of the business if a natural person; in the case of a retailer which is an association or partnership, by a member or partner; and in the case of a retailer which is a corporation, by an executive officer or some person specifically authorized by the corporation to sign the application, to which shall be attached the written evidence of the person’s authority.

2. a. Notwithstanding subsection 1, if any person will make taxable sales of tangible personal property, specified digital products, or furnish services to any state agency, that person shall, prior to the sale, apply for and receive a permit to collect sales or use tax pursuant to this section. A state agency shall not purchase tangible personal property, specified digital products, or services from any person unless that person has a valid, unexpired permit issued pursuant to this section and is in compliance with all other requirements in this chapter imposed upon retailers, including but not limited to the requirement to collect and remit sales and use tax and file sales and use tax returns.

b. For purposes of this subsection, “state agency” means any executive, judicial, or legislative department, commission, board, institution, division, bureau, office, agency, or other entity of state government.

3. To collect sales or use tax, the applicant must have a permit for each place of business in the state of Iowa. The department may deny a permit to an applicant who is substantially delinquent in paying a tax due, or the interest or penalty on the tax, administered by the department at the time of application or if the applicant had a previous delinquent liability with the department. If the applicant is a partnership, a permit may be denied if a partner is substantially delinquent in paying any delinquent tax, penalty, or interest or if a partner had a previous delinquent liability with the department. If the applicant is a corporation, a permit may be denied if any officer having a substantial legal or equitable interest in the ownership of the corporation owes any delinquent tax, penalty, or interest or if any officer having a substantial legal or equitable interest in the ownership of the corporation had a previous delinquent liability with the department.

4. a. The department shall grant and issue to each applicant a permit for each place of business in this state where sales or use tax is collected. A permit is not assignable and is valid only for the person in whose name it is issued and for the transaction of business at the
place designated or at a place of relocation within the same county if the ownership remains
the same.

b. If an applicant is making sales outside Iowa for use in this state or furnishing services
outside Iowa, the product or result of which will be used in this state, that applicant shall be
issued one use tax permit by the department applicable to these out-of-state sales or services.

5. Permits issued under this section are valid and effective until revoked by the department.

6. If the holder of a permit fails to comply with any of the provisions of this subchapter or
of subchapter II or III or any order or rule of the department adopted under those subchapters
or is substantially delinquent in the payment of a tax administered by the department or the
interest or penalty on the tax, or if the person is a corporation and if any officer having a
substantial legal or equitable interest in the ownership of the corporation owes any delinquent
tax of the permit-holding corporation, or interest or penalty on the tax, administered by the
department, the director may revoke the permit. The director shall send notice by mail to a
permit holder informing that person of the director’s intent to revoke the permit and of the
permit holder’s right to a hearing on the matter. If the permit holder petitions the director
for a hearing on the proposed revocation, after giving ten days’ notice of the time and place
of the hearing in accordance with section 17A.18, subsection 3, the matter may be heard
and a decision rendered. The director may restore permits after revocation. The director
shall adopt rules setting forth the period of time a retailer must wait before a permit may be
restored or a new permit may be issued. The waiting period shall not exceed ninety days
from the date of the revocation of the permit.

7. a. Sellers who are not regularly engaged in selling at retail and do not have a permanent
place of business, but who are temporarily engaged in selling from trucks, portable roadside
stands, concessionaires at state, county, district, or local fairs, carnivals, or the like, shall
report and remit the sales tax on a temporary basis, under rules the director shall provide for
the efficient collection of the sales tax. This subsection applies to sellers who are temporarily
engaged in furnishing services.

b. Persons engaged in selling tangible personal property, specified digital products, or
furnishing services shall not be required to obtain or retain a sales tax permit for a place of
business at which taxable sales of tangible personal property, specified digital products, or
taxable performance of services will not occur.

8. The provisions of subsection 1, dealing with the lawful right of a retailer to transact
business, as applicable, apply to persons having receipts from furnishing services enumerated
in section 423.2, except that a person holding a permit pursuant to subsection 1 shall not
be required to obtain any separate sales tax permit for the purpose of engaging in business
involving the services.

9. a. Except as provided in paragraph “b”, purchasers, users, and consumers of tangible
personal property, specified digital products, or enumerated services taxed pursuant to
subchapter II or III of this chapter or chapter 423B may be authorized, pursuant to rules
adopted by the director, to remit tax owed directly to the department instead of the tax being
collected and paid by the seller. To qualify for a direct pay tax permit, the purchaser, user,
or consumer must accrue a tax liability of more than four thousand dollars in tax under
subchapters II and III in a semimonthly period and make deposits and file returns pursuant
to section 423.31. This authority shall not be granted or exercised except upon application
to the director and then only after issuance by the director of a direct pay tax permit.

b. The granting of a direct pay tax permit is not authorized for any of the following:

(1) Taxes imposed on the sales, furnishing, or service of gas, electricity, water, heat, pay
television service, and communication service.

(2) Taxes imposed under section 423.26, section 423.26A, and chapter 423C.

423.37 Failure to file sales or use tax returns — incorrect returns.

1. As soon as practicable after a return is filed and in any event within three years after the return is filed, the department shall examine it, assess and determine the tax due if the return is found to be incorrect, and give notice to the person liable for the tax of the assessment and determination as provided in subsection 2. The period for the examination and determination of the correct amount of tax is unlimited in the case of a false or fraudulent return made with the intent to evade tax or in the case of a failure to file a return.

2. If a return required by this subchapter is not filed, or if a return when filed is incorrect or insufficient, the department shall determine the amount of tax due from information as the department may be able to obtain and, if necessary, may estimate the tax on the basis of external indices, such as number of employees of the person concerned, rentals paid by the person, stock on hand, or other factors. The determination may be made using any generally recognized valid and reliable sampling technique, whether or not the person being audited has complete records, as mutually agreed upon by the department and the taxpayer. The department shall give notice of the determination to the person liable for the tax. The determination shall fix the tax unless the person against whom it is assessed shall, within sixty days after the giving of notice of the determination, apply to the director for a hearing or unless the taxpayer contests the determination by paying the tax, interest, and penalty and timely filing a claim for refund. At the hearing, evidence may be offered to support the determination or to prove that it is incorrect. After the hearing the director shall give notice of the decision to the person liable for the tax.

3. The three-year period of limitation provided in subsection 1 may be extended by a taxpayer by signing a waiver agreement form to be provided by the department. The agreement shall stipulate the period of extension and the tax period to which the extension applies. The agreement shall also provide that a claim for refund may be filed by the taxpayer at any time during the period of extension.

423.38 Judicial review.

1. Judicial review of actions of the director may be sought in accordance with the terms of the Iowa administrative procedure Act, chapter 17A.

2. For cause and upon a showing by the director that collection of the tax in dispute is in doubt, the court may order the petitioner to file with the clerk a bond for the use of the respondent, with sureties approved by the clerk, in the amount of tax appealed from, conditioned that the petitioner shall perform the orders of the court.

3. An appeal may be taken by the taxpayer or the director to the supreme court of this state irrespective of the amount involved.

423.39 Service of notices.

1. A notice authorized or required under this subchapter may be given by mailing the notice to the person for whom it is intended, addressed to that person at the address given in the last return filed by the person pursuant to this subchapter, or if no return has been filed, then to any address obtainable. The mailing of the notice is presumptive evidence of the receipt of the notice by the person to whom addressed. Any period of time which is determined according to this subchapter by the giving of notice commences to run from the date of mailing of the notice.

2. The provisions of the Code relative to the limitation of time for the enforcement of a civil remedy shall not apply to any proceeding or action taken to levy, appraise, assess, determine, or enforce the collection of any tax or penalty provided by this chapter.

2003 Acts, 1st Ex, ch 2, §132, 205
423.40 Penalties — offenses — limitation.
1. In addition to the sales or use tax or additional sales or use tax, the taxpayer shall pay a penalty as provided in section 421.27. The taxpayer shall also pay interest on the sales or use tax or additional sales or use tax at the rate in effect under section 421.7 for each month counting each fraction of a month as an entire month, computed from the date the semimonthly or monthly tax deposit form or return was required to be filed. The penalty and interest shall be paid to the department and disposed of in the same manner as other receipts under this subchapter. Unpaid penalties and interest may be enforced in the same manner as the taxes imposed by this chapter.
2. a. Any person who knowingly sells tangible personal property, specified digital products, tickets or admissions to places of amusement and athletic events, or gas, water, electricity, or communication service at retail, or engages in the furnishing of services enumerated in section 423.2, in this state without procuring a permit to collect tax, as provided in section 423.36, or who violates section 423.24 and the officers of any corporation who so act are guilty of a serious misdemeanor.
   b. A person who knowingly sells tangible personal property, specified digital products, tickets or admissions to places of amusement and athletic events, or gas, water, electricity, or communication service at retail, or engages in the furnishing of services enumerated in section 423.2, in this state after the person’s sales tax permit has been revoked and before it has been restored as provided in section 423.36, subsection 6, and the officers of any corporation who so act are guilty of an aggravated misdemeanor.
3. A person who willfully attempts in any manner to evade any tax imposed by this chapter or the payment of the tax or a person who makes or causes to be made a false or fraudulent semimonthly or monthly tax deposit form or return with intent to evade any tax imposed by subchapter II or III or the payment of the tax is guilty of a class “D” felony.
4. The certificate of the director to the effect that a tax has not been paid, that a return has not been filed, or that information has not been supplied pursuant to the provisions of this subchapter shall be prima facie evidence thereof.
5. A person required to pay sales or use tax, or to make, sign, or file a tax deposit form or return or supplemental return, who willfully makes a false or fraudulent tax deposit form or return, or willfully fails to pay at least ninety percent of the tax or willfully fails to make, sign, or file the tax deposit form or return, at the time required by law, is guilty of a fraudulent practice.
6. A prosecution for an offense specified in this section shall be commenced within six years after its commission.

423.41 Books — examination.
Every retailer required or authorized to collect taxes imposed by this chapter and every person using in this state tangible personal property, specified digital products, services, or the product of services shall keep records, receipts, invoices, and other pertinent papers as the director shall require, in the form that the director shall require, for as long as the director has the authority to examine and determine tax due. The director or any duly authorized agent of the department may examine the books, papers, records, and equipment of any person selling tangible personal property, specified digital products, or services or liable for the tax imposed by this chapter, and investigate the character of the business of any person in order to verify the accuracy of any return made, or if a return was not made by the person, ascertain and determine the amount due under this chapter. These books, papers, and records shall be made available within this state for examination upon reasonable notice when the director deems it advisable and so orders. If the taxpayer maintains any records in an electronic format, the taxpayer shall comply with reasonable requests by the director or the director’s authorized agents to provide those electronic records in a standard record
format. The preceding requirements shall likewise apply to users and persons furnishing services enumerated in section 423.2.

423.42 Statutes applicable.
1. The director shall administer the taxes imposed by subchapters II and III in the same manner and subject to all the provisions of, and all of the powers, duties, authority, and restrictions contained in, section 422.25, subsection 4, section 422.30, and sections 422.67 through 422.75.
2. All the provisions of section 422.26 shall apply in respect to the taxes and penalties imposed by subchapters II and III and this subchapter, except that, as applied to any tax imposed by subchapters II and III, the lien provided in section 422.26 shall be prior and paramount over all subsequent liens upon any personal property within this state, or right to such personal property, belonging to the taxpayer without the necessity of recording as provided in section 422.26. The requirements for recording shall, as applied to the taxes imposed by subchapters II and III, apply only to the liens upon real property. When requested to do so by any person from whom a taxpayer is seeking credit, or with whom the taxpayer is negotiating the sale of any personal property, or by any other person having a legitimate interest in such information, the director shall, upon being satisfied that such a situation exists, inform that person as to the amount of unpaid taxes due by such taxpayer under the provisions of subchapters II and III. The giving of this information under these circumstances shall not be deemed a violation of section 422.72 as applied to subchapters II and III.

423.43 Deposit of revenues.
1. a. Except as provided in subsection 2, all revenue arising under the operation of the use tax under subchapter III shall be deposited into the general fund of the state.
   b. Subsequent to the deposit into the general fund of the state and after the transfer of such revenues collected under chapter 423B, the department shall transfer one-sixth of such remaining revenues to the secure an advanced vision for education fund created in section 423F.2. This paragraph is repealed January 1, 2051.
2. All revenue derived from the use tax imposed pursuant to sections 423.26 and 423.26A shall be credited to the statutory allocations fund created under section 321.145, subsection 2.

Subsection 1, paragraph b amended

423.45 Refunds — exemption certificates.
1. If an amount of tax represented by a retailer to a consumer or user as constituting tax due is computed upon a sales price that is not taxable or the amount represented is in excess of the actual taxable amount and the amount represented is actually paid by the consumer or user to the retailer, the excess amount of tax paid shall be returned to the consumer or user upon notification to the retailer by the department that an excess payment exists.
2. If an amount of tax represented by a retailer to a consumer or user as constituting tax due is computed upon a sales price that is not taxable or the amount represented is in excess of the actual taxable amount and the amount represented is actually paid by the consumer or user to the retailer, the excess amount of tax paid shall be returned to the consumer or user upon proper notification to the retailer by the consumer or user that an excess payment exists. “Proper” notification is written notification which allows a retailer at least sixty days to respond and which contains enough information to allow a retailer to determine the validity of a consumer’s or user’s claim that an excess amount of tax has been paid. No cause of
action shall accrue against a retailer for excess tax paid until sixty days after proper notice has been given the retailer by the consumer or user.

3. In the circumstances described in subsections 1 and 2, a retailer has the option to either return any excess amount of tax paid to a consumer or user, or to remit the amount which a consumer or user has paid to the retailer to the department.

4. a. The department shall issue or the seller may separately provide exemption certificates in the form prescribed by the director, including certificates not made of paper, which conform to the requirements of paragraph “c”, to assist retailers in properly accounting for nontaxable sales of tangible personal property, specified digital products, or services to purchasers for a nontaxable purpose. The department shall also allow the use of exemption certificates for those circumstances in which a sale is taxable but the seller is not obligated to collect tax from the buyer.

b. The sales tax liability for all sales of tangible personal property and specified digital products and all sales of services is upon the seller and the purchaser unless the seller takes from the purchaser a valid exemption certificate stating under penalty of perjury that the purchase is for a nontaxable purpose and is not a retail sale as defined in section 423.1, or the seller is not obligated to collect tax due, or unless the seller takes a fuel exemption certificate pursuant to subsection 5. If the tangible personal property, specified digital products, or services are purchased tax free pursuant to a valid exemption certificate and the tangible personal property, specified digital products, or services are used or disposed of by the purchaser in a nonexempt manner, the purchaser is solely liable for the taxes and shall remit the taxes directly to the department and sections 423.31, 423.32, 423.37, 423.38, 423.39, 423.40, 423.41, and 423.42 shall apply to the purchaser.

c. A valid exemption certificate is an exemption certificate which is complete and correct according to the requirements of the director.

d. The protection afforded a seller by paragraph “b” does not apply to a seller who fraudulently fails to collect tax or to a seller who solicits purchasers to participate in the unlawful claim of an exemption.

e. If the circumstances change and as a result the tangible personal property, specified digital products, or services are used or disposed of by the purchaser in a nonexempt manner or the purchaser becomes obligated to pay the tax, the purchaser is liable solely for the taxes and shall remit the taxes directly to the department in accordance with this subsection.

5. a. The department shall issue or the seller may separately provide fuel exemption certificates in the form prescribed by the director.

b. For purposes of this subsection:

1. “Fuel” includes gas, electricity, water, heat, steam, and any other tangible personal property consumed in creating heat, power, or steam.

2. “Fuel consumed in processing” means fuel used or consumed for processing including grain drying, for providing heat or cooling for livestock buildings or for greenhouses or buildings or parts of buildings dedicated to the production of flowering, ornamental, or vegetable plants intended for sale in the ordinary course of business, for use in aquaculture production, or for generating electric current, or in implements of husbandry engaged in agricultural production.

3. “Fuel exemption certificate” means an exemption certificate given by the purchaser under penalty of perjury to assist retailers in properly accounting for nontaxable sales of fuel consumed in processing.

4. “Substantial change” means a change in the use or disposition of tangible personal property and services by the purchaser such that the purchaser pays less than ninety percent of the purchaser’s actual sales tax liability. A change includes a misstatement of facts in an application made pursuant to paragraph “d” or in a fuel exemption certificate.

c. The seller may accept a completed fuel exemption certificate, as prepared by the purchaser, for three years unless the purchaser files a new completed exemption certificate. If the fuel is purchased tax free pursuant to a fuel exemption certificate which is taken by the seller, and the fuel is used or disposed of by the purchaser in a nonexempt manner, the purchaser is solely liable for the taxes, and shall remit the taxes directly to the department.
and sections 423.31, 423.32, 423.37, 423.38, 423.39, 423.40, 423.41, and 423.42 shall apply to the purchaser.

d. The purchaser may apply to the department for its review of the fuel exemption certificate. In this event, the department shall review the fuel exemption certificate within twelve months from the date of application and determine the correct amount of the exemption. If the amount determined by the department is different than the amount that the purchaser claims is exempt, the department shall promptly notify the purchaser of the determination. Failure of the department to make a determination within twelve months from the date of application shall constitute a determination that the fuel exemption certificate is correct as submitted. A determination of exemption by the department is final unless the purchaser appeals to the director for a revision of the determination within sixty days after the date of the notice of determination. The director shall grant a hearing, and upon the hearing, the director shall determine the correct exemption and notify the purchaser of the decision by mail. The decision of the director is final unless the purchaser seeks judicial review of the director’s decision under section 423.38 within sixty days after the date of the notice of the director’s decision. Unless there is a substantial change, the department shall not impose penalties pursuant to section 423.40 both retroactively to purchases made after the date of application and prospectively until the department gives notice to the purchaser that a tax or additional tax is due, for failure to remit any tax due which is in excess of a determination made under this section. A determination made by the department pursuant to this subsection does not constitute an audit for purposes of section 423.37.

e. If the circumstances change and the fuel is used or disposed of by the purchaser in a nonexempt manner, the purchaser is solely liable for the taxes and shall remit the taxes directly to the department in accordance with paragraph “c”.

f. The purchaser shall attach documentation to the fuel exemption certificate which is reasonably necessary to support the exemption for fuel consumed in processing. If the purchaser files a new exemption certificate with the seller, documentation shall not be required if the purchaser previously furnished the seller with this documentation and substantial change has not occurred since that documentation was furnished or if fuel consumed in processing is separately metered and billed by the seller.

6. Nothing in this section authorizes any cause of action by any person to recover sales or use taxes directly from the state or extends any person’s time to seek a refund of sales or use taxes which have been collected and remitted to the state.

Referred to in §321.105A, 423.33, 423.57, 423C.4

423.46 Rate and base changes — liability for failure to collect.

1. The department shall make a reasonable effort to provide sellers with as much advance notice as practicable of a rate change and to notify sellers of legislative changes in the tax base and amendments to sales and use tax rules. Except as provided in subsection 2, a seller shall not be relieved of the obligation to collect sales or use taxes for this state by either a failure to receive such notice or by a failure of the state to provide notice.

2. A seller will be relieved of liability for failing to collect sales or use taxes for this state at the new rate under all of the following conditions and to the following extent:

a. The department fails to provide for at least thirty days between the enactment of the statute providing for a rate change and the effective date of such rate change.

b. The seller continues to collect sales or use taxes at the rate in effect immediately prior to the rate change.

c. The erroneous collection described in paragraph “b” does not continue for more than thirty days after the effective date of the rate change.

3. The relief from the obligation to collect sales or use taxes described in subsection 2 shall not apply if a seller fraudulently fails to collect tax at the new rate or if a seller has solicited purchasers on the basis of the rate in effect immediately prior to the rate change.

423.47 Refunds and credits.
If it shall appear that, as a result of mistake, an amount of tax, penalty, or interest has been paid which was not due under the provisions of this chapter, such amount shall be credited against any tax due, or to become due, on the books of the department from the person who made the erroneous payment, or such amount shall be refunded to such person by the department. A claim for refund or credit that has not been filed with the department within three years after the tax payment for which a refund or credit is claimed became due, or one year after such tax payment was made, whichever time is the later, shall not be allowed by the director.

SUBCHAPTER VI
SALES AND USE TAX ACT
ADMINISTRATION — RETAILERS
REGISTERED VOLUNTARILY
UNDER AGREEMENT
Referred to in §423.13

423.48 Responsibilities and rights of sellers registered under the agreement.
1. By registering under the agreement, the seller agrees to collect and remit sales and use taxes for all its taxable Iowa sales. Iowa’s withdrawal from the agreement or revocation of its membership in the agreement shall not relieve a seller from its responsibility to remit taxes previously collected on behalf of this state.
2. The following provisions apply to any seller who registers under the agreement:
   a. The seller may register on-line.
   b. Registration under the agreement and the collection of Iowa sales and use taxes shall not be used as factors in determining whether the seller has nexus with Iowa for any tax.
   c. The seller is not required to pay registration fees or other charges.
   d. A written signature from the seller is not required.
   e. The seller may register by way of an agent. The agent’s appointment shall be in writing and submitted to the department if requested by the department.
   f. The seller may cancel its registration at any time under procedures adopted by the governing board established pursuant to the agreement. Cancellation does not relieve the seller of its liability for remitting any Iowa taxes collected.
   g. Upon the registration of a seller, the department shall provide to the seller information regarding the options available for the filing of returns and remittances. Such information shall include information on the requirements of filing simplified electronic returns and remittances.
3. The following additional responsibilities and rights apply to model sellers:
   a. A model 1 seller’s obligation to calculate, collect, and remit sales and use taxes shall be performed by its certified service provider, except for the seller’s obligation to remit tax on its own purchases. As the seller’s agent, the certified service provider is liable for its model 1 seller’s sales and use tax due Iowa on all sales transactions it processes for the seller except as set out in this section. A seller that contracts with a certified service provider is not liable to the state for sales or use tax due on transactions processed by the certified service provider unless the seller misrepresents the types of items or services it sells or commits fraud. In the absence of probable cause to believe that the seller has committed fraud or made a material misrepresentation, the seller is not subject to audit on the transactions processed by the certified service provider. A model 1 seller is subject to audit for transactions not processed by the certified service provider. The director is authorized to perform a system check of the model 1 seller and review the seller’s procedures to determine if the certified service provider’s system is functioning properly and the extent to which the seller’s transactions are being processed by the certified service provider.
   b. A model 2 seller shall calculate the amount of tax due on a transaction by the use of
a certified automated system, but shall collect and remit tax on its own sales. A person that provides a certified automated system is responsible for the proper functioning of that system and is liable to this state for underpayments of tax attributable to errors in the functioning of the certified automated system. A seller that uses a certified automated system remains responsible and is liable to the state for reporting and remitting tax.

c. A model 3 seller shall use its own proprietary automated system to calculate tax due and collect and remit tax on its own sales. A model 3 seller is liable for the failure of its proprietary automated system to meet the applicable performance standard.

d. A model 2, model 3, or model 4 seller making no sales sourced in the state in the preceding twelve months may elect to be registered in the state as a seller that anticipates making no sales sourced in the state. Making such an election shall not relieve the seller of the obligation to collect and remit sales or use taxes on sales sourced in the state.

4. The provisions of this section shall not be construed to relieve a seller of the obligation to register in the state if required to do so, and to collect and remit sales or use taxes for at least thirty-six months and to meet any other requirements necessary for amnesty in Iowa under the terms of an agreement as provided in section 423.54.

Subsection 2, paragraph c stricken and former paragraphs d – h redesignated as c – g

423.49 Return requirements — electronic filing.

1. Except as provided in subsection 7, all sellers registered under the agreement shall file a single return per month for the state and all taxing jurisdictions within this state.

2. The director shall by rule determine the date on which returns shall be filed. The date shall not be earlier than the twentieth day of the following month.

3. The department shall provide to all registered and unregistered sellers, except sellers of products qualifying for exclusion from the provisions of section 308 of the agreement, a simplified return that can be filed electronically.

   a. The simplified return shall be provided in a form approved by the governing board and shall not contain a field unless that field has been approved by the governing board.

   b. The simplified return shall contain two parts. The first part shall contain information relating to remittances and allocations. The second part shall contain information relating to exempt sales.

   c. The department shall notify the governing board if the submission of the second part of the return is no longer necessary.

   d. The department shall not require a model 4 seller to submit the second part of the simplified return but may provide for another means of collecting the information contained in the second part of the return as described in subsection 4, paragraph “e”.

4. a. A certified service provider shall file a simplified return electronically on behalf of a model 1 seller and shall file audit reports for the seller as provided in article V of the rules and procedures of the agreement.

   b. A certified service provider shall file the first part of the simplified return, as described in subsection 3, once per month, as required pursuant to subsection 1.

   c. A model 1 seller may file both the first and second parts of the simplified return. Model 1 sellers filing both parts shall also file audit reports as described in paragraph “a”.

   d. A model 4 seller, or a seller not registered under the agreement who is otherwise registered in the state, may elect to file a simplified return. Model 4 sellers, or sellers not registered under the agreement who are otherwise registered in the state, electing to do so shall file the first part of the return each month.

   e. A model 4 seller required to register in the state, or a seller not registered under the agreement who is otherwise registered in the state, may submit the information collected in the second part of the return in one of the following ways:

      (1) By filing monthly both the first and second parts electronically on a simplified return as described in subsection 3.

      (2) By filing the second part together with the required December filing of the first part. A seller filing the second part of a return pursuant to this subparagraph shall include
information for all months of that calendar year and shall report the information in an annual rather than a monthly fashion.

3) The department shall notify the governing board prior to requiring the submission of the second part of the simplified return pursuant to this paragraph “e”.

5. The department shall adopt rules for the filing of returns by a model 4 seller electing not to file a simplified return pursuant to this section.

6. A seller which has previously elected to file a simplified return shall provide at least three months’ notice of an intent to discontinue the filing of such returns.

7. a. A seller making the election under section 423.48, subsection 3, paragraph “d”, is exempt from the requirements of this section and shall not be required to file a return.

b. The exemption allowed under paragraph “a” is only applicable as long as a seller makes no taxable sales in this state. If a seller makes a taxable sale in this state, the seller shall file a return the month after such a sale is made.

8. A seller may file a return for more than one legal entity at the same time only if such entities are affiliated.

9. The department shall adopt a standardized process for the transmission and receipt of returns and related information. The adoption of a procedure pursuant to this subsection is subject to the approval of the governing board.

10. a. The department shall notify a seller registered under the agreement that has no obligation to register in this state of a failure to file a return required under this section and allow the seller at least thirty days after such notification to file the return.

b. A liability amount may be established for an assessment of taxes based solely on a seller’s failure to timely file a return if such seller has a history of nonfiling or late filing.

Referred to in §423.31

423.50 Remittance of funds.

1. Only one remittance of tax per return is required except as provided in this subsection. Sellers that collect more than thirty thousand dollars in sales and use taxes for this state during the preceding calendar year shall be required to make additional remittances as required under rules adopted by the director. The filing of a return is not required with an additional remittance.

2. All remittances shall be remitted electronically.

3. Electronic payments may be made either by automated clearinghouse credit or automated clearinghouse debit. Any data accompanying a remittance must be formatted using uniform tax type and payment codes approved by the governing board established pursuant to the agreement. An alternative method for making same-day payments shall be determined under rules adopted by the director.

4. If a due date falls on a Saturday, a Sunday, legal holiday, or a legal banking holiday in this state, the payment, including any related payment voucher information, is due on the next succeeding business day.

5. If the federal reserve bank is closed on the due date preventing a person from being able to make an automated payment, the payment shall be accepted as timely if made on the next day the federal reserve bank is open.

6. The department shall adopt a standardized process for the remittance of tax payments. The procedure shall have the capability of processing multiple payments and simplified returns by affiliated entities, certified service providers, or tax preparers. The process adopted pursuant to this subsection is subject to the approval of the governing board.

423.51 Administration of exemptions.

1. The following provisions shall apply when a purchaser claims an exemption:

a. The seller shall obtain identifying information of the purchaser and the reason for claiming a tax exemption at the time of the purchase as determined by the member states acting jointly.
§423.51, STREAMLINED SALES AND USE TAX ACT

b. A purchaser is not required to provide a signature to claim an exemption from tax unless a paper certificate is used.

c. The seller shall use the standard form for claiming an exemption electronically as adopted jointly by the member states.

d. The seller shall obtain the same information for proof of a claimed exemption regardless of the medium in which the transaction occurred.

e. The department may authorize a system wherein the purchaser exempt from the payment of the tax is issued an identification number which shall be presented to the seller at the time of the sale.

f. The seller shall maintain proper records of exempt transactions and provide them to the department when requested.

g. The department shall administer entity-based and use-based exemptions when practicable through a direct pay tax permit, an exemption certificate, or another means that does not burden sellers. For the purposes of this paragraph:

1. An “entity-based exemption” is an exemption based on who purchases the product or who sells the product.

2. A “use-based exemption” is an exemption based on the purchaser’s use of the product.

2. Sellers that follow the requirements of this section are relieved from any tax otherwise applicable if it is determined that the purchaser improperly claimed an exemption and that the purchaser is liable for the nonpayment of tax. This relief from liability does not apply to a seller who does any of the following:

a. Fraudulently fails to collect tax.

b. Solicits purchasers to participate in the unlawful claim of an exemption.

c. Accepts an exemption certificate when the purchaser claims an entity-based exemption when the following conditions are met:

1. The subject of the transaction sought to be covered by the exemption certificate is actually received by the purchaser at a location operated by the seller.

2. The state provides an exemption certificate that clearly and affirmatively indicates that the claimed exemption is not available in the state.

3. a. A seller otherwise obligated to collect tax from a purchaser is relieved of that obligation if the seller obtains a fully completed exemption certificate or secures the relevant data elements of a fully completed exemption certificate within ninety days after the date of sale.

b. If the seller has not obtained an exemption certificate or all relevant data elements as provided in paragraph “a”, the seller may, within one hundred twenty days after a request for substantiation by the department, either prove that the transaction was not subject to tax by other means or obtain a fully completed exemption certificate from the purchaser, taken in good faith.

c. Nothing in this subsection shall affect the ability of the state to require purchasers to update exemption certificate information or to reapply with the state to claim certain exemptions.

d. Notwithstanding paragraphs “a”, “b”, and “c”, a seller is relieved of its obligation to collect tax from a purchaser if the seller obtains a blanket exemption certificate from the purchaser, and the seller and purchaser have a recurring business relationship. For the purposes of this paragraph, a recurring business relationship exists when a period of no more than twelve months elapses between sales transactions. The department may not request from the seller renewal of blanket certificates or updates of exemption certificate information or data elements when there is a recurring business relationship between the purchaser and seller.

4. All relief that this section provides to sellers is also provided to certified service providers under this chapter.

423.52 Relief from liability for sellers and certified service providers.

1. Sellers and certified service providers using databases derived from zip codes or state or vendor provided address-based databases are relieved from liability to this state or its local...
taxing jurisdictions for having charged and collected the incorrect amount of sales or use tax resulting from the seller or certified service provider relying on erroneous data provided by this state on tax rates, boundaries, or taxing jurisdiction assignments. If this state provides an address-based system for assigning taxing jurisdictions, the director is not required to provide liability relief for errors resulting from reliance on a database derived from zip codes and provided by this state if the director has given adequate notice, as determined by the governing board, to affected parties of the decision to end this relief.

2. a. Model 2 sellers and certified service providers are relieved of liability to Iowa for any failure to charge and collect the correct amount of sales or use tax if this failure results from the model 2 seller’s or the certified service provider’s reliance upon this state’s certification to the governing board that Iowa has accepted the governing board’s certification of a piece of software as a certified automated system. The relief provided by this paragraph to a model 2 seller or certified service provider does not extend to a seller or provider who has incorrectly classified an item or transaction into the product-based exemptions portion of a certified automated system. However, any model 2 seller or certified service provider who has relied upon an individual listing of items or transactions within a product definition approved by the governing board or Iowa may claim the relief allowed by this paragraph.

b. If the department determines that an item or transaction is incorrectly classified as to its taxability, the department shall notify the model 2 seller or certified service provider of the incorrect classification. The model 2 seller or certified service provider shall have ten days to revise the classification after receipt of notice of the determination. Upon expiration of the ten days, the model 2 seller or certified service provider shall be liable for the failure to collect the correct amount of sales or use taxes due and owing to the member state.

3. a. Sellers and certified service providers are relieved from liability to this state or its local taxing jurisdictions for having charged and collected the incorrect amount of sales or use tax resulting from the seller or certified service provider relying on erroneous data provided in the state’s taxability matrix.

b. Sellers and certified service providers that rely upon a prior version of the state’s taxability matrix shall be relieved of liability to the state and its local taxing jurisdictions until the first day of the calendar month that is at least thirty days after notice of a change to the taxability matrix is submitted by the state to the governing board.

Referred to in §423.34A

423.53 Bad debts and model 1 sellers.
A certified service provider may claim, on behalf of a model 1 seller, any bad debt deduction as provided in section 423.21. The certified service provider must credit or refund the full amount of any bad debt deduction or refund received to the seller.

2003 Acts, 1st Ex, ch 2, §146, 205

423.54 Amnesty for registered sellers.
1. Subject to the limitations in subsections 2 through 6, the following provisions apply:
   a. Amnesty is provided for uncollected or unpaid sales or use tax to a seller who registers to pay or to collect and remit applicable sales or use tax on sales made to purchasers in this state in accordance with the terms of the agreement, provided the seller was not so registered in this state in the twelve-month period preceding the commencement of Iowa’s participation in the agreement.

   b. Amnesty precludes assessment of the seller for uncollected or unpaid sales or use tax together with penalty or interest for sales made during the period the seller was not registered in this state, provided registration occurs within twelve months of the commencement of Iowa’s participation in the agreement.

   c. Amnesty shall be provided to any seller lawfully registered under the agreement by any other member state prior to the date of the commencement of Iowa’s participation in the agreement.

2. Amnesty is not available to a seller with respect to any matter or matters for which
the seller received notice of the commencement of an audit and which audit is not yet finally resolved, including any related administrative and judicial processes.

3. Amnesty is not available for sales or use taxes already paid or remitted or to taxes collected by the seller.

4. Amnesty is fully effective absent the seller’s fraud or intentional misrepresentation of a material fact as long as the seller continues registration and continues payment or collection and remittance of applicable sales or use taxes for a period of at least thirty-six months. The statute of limitations applicable to asserting a tax liability is tolled during this thirty-six month period.

5. Amnesty is applicable only to sales or use taxes due from a seller in its capacity as a seller and not to sales or use taxes due from a seller in its capacity as a buyer.

6. The director may allow amnesty on terms and conditions more favorable to a seller than the terms required by this section.

423.56 Confidentiality and privacy protections under model 1.

1. As used in this section:
   a. “Anonymous data” means information that does not identify a person.
   b. “Confidential taxpayer information” means all information that is protected under this state’s laws, rules, and privileges.
   c. “Personally identifiable information” means information that identifies a person.

2. With very limited exceptions, a certified service provider shall perform its tax calculation, remittance, and reporting functions without retaining the personally identifiable information of consumers.

3. A certified service provider may perform its services in this state only if the certified service provider certifies that:
   a. Its system has been designed and tested to ensure that the fundamental precept of anonymity is respected.
   b. Personally identifiable information is only used and retained to the extent necessary for the administration of model 1 sellers with respect to exempt purchasers.
   c. It provides consumers clear and conspicuous notice of its information practices, including what information it collects, how it collects the information, how it uses the information, how long, if at all, it retains the information, and whether it discloses the information to member states. This notice shall be satisfied by a written privacy policy statement accessible by the public on the official internet site of the certified service provider.
   d. Its collection, use, and retention of personally identifiable information is limited to that required by the member states to ensure the validity of exemptions from taxation that are claimed by reason of a consumer’s status or the intended use of the goods or services purchased.
   e. It provides adequate technical, physical, and administrative safeguards so as to protect personally identifiable information from unauthorized access and disclosure.

4. The department shall provide public notification of its practices relating to the collection, use, and retention of personally identifiable information.

5. When any personally identifiable information that has been collected and retained by the department or certified service provider is no longer required for the purposes set forth in subsection 3, paragraph “d”, that information shall no longer be retained by the department or certified service provider.

6. When personally identifiable information regarding an individual is retained by or on behalf of this state, this state shall provide reasonable access by the individual to the
individual’s own information in the state’s possession and a right to correct any inaccurately recorded information.

7. This privacy policy is subject to enforcement by the department and the attorney general.

8. This state’s laws and rules regarding the collection, use, and maintenance of confidential taxpayer information remain fully applicable and binding. Without limitation, the agreement does not enlarge or limit the state’s or department’s authority to:
   a. Conduct audits or other review as provided under the agreement and state law.
   b. Provide records pursuant to its examination of public records law, disclosure laws of individual governmental agencies, or other regulations.
   c. Prevent, consistent with state law, disclosures of confidential taxpayer information.
   d. Prevent, consistent with federal law, disclosures or misuse of federal return information obtained under a disclosure agreement with the internal revenue service.
   e. Collect, disclose, disseminate, or otherwise use anonymous data for governmental purposes.

9. This privacy policy does not preclude the certification of a certified service provider whose privacy policy is more protective of confidential taxpayer information or personally identifiable information than is required by the agreement.

423.57 Statutes applicable.

   The director shall administer this subchapter as it relates to the taxes imposed in this chapter in the same manner and subject to all the provisions of, and all of the powers, duties, authority, and restrictions contained in sections 423.14, 423.14A, 423.14B, 423.15, 423.16, 423.17, 423.19, 423.20, 423.21, 423.22, 423.23, 423.24, 423.25, 423.29, 423.31, 423.32, 423.33, 423.34, 423.34A, 423.35, 423.37, 423.38, 423.39, 423.40, 423.41, and 423.42, section 423.43, subsection 1, and sections 423.45, 423.46, and 423.47.
