

507F.9 Cybersecurity event — third-party service providers.

1. If a licensee becomes aware of a cybersecurity event in an information system maintained by a third-party service provider of the licensee, the licensee shall comply with [section 507F.7](#), or the licensee may obtain a written certification from the third-party service provider that the provider is in compliance with [section 507F.7](#). If the third-party provider fails to provide written certification to the licensee, the licensee shall comply with [section 507F.7](#). The computation of the licensee's deadlines pursuant to [section 507F.7](#) shall begin on the business day after the date on which the licensee's third-party service provider notifies the licensee of a cybersecurity event, or the date on which the licensee has actual knowledge of the cybersecurity event, whichever date is earlier.

2. [This section](#) shall not be construed to prohibit or abrogate an agreement between a licensee and another licensee, a third-party service provider, or any other party for the other licensee, third-party service provider, or other party to execute the requirements under [section 507F.6](#) or [section 507F.7](#) on behalf of the licensee.
