

**521G.2 Purpose.**

The purpose of [this chapter](#) is to authorize the establishment of protected cells by a domestic insurer authorized to transact the business of insurance under [chapter 508](#) or [515](#), as a means of accessing alternative sources of capital and achieving the benefits of insurance securitization. Investors in fully funded insurance securitization transactions provide funds that are available to pay the insurer's insurance obligations or to repay the investors, or both. Protected cells are intended to achieve more efficiencies with respect to such insurance securitization.
