PART 2

PURCHASING

8A.311 Competitive bidding — preferences — reciprocal application — direct purchasing.

The director shall adopt rules establishing competitive bidding procedures.

1. a. All equipment, supplies, or services procured by the department shall be purchased by a competitive bidding procedure as established by rule. However, the director may exempt by rule purchases of noncompetitive items and purchases in lots or quantities too small to be effectively purchased by competitive bidding. Preference shall be given to purchasing Iowa products and purchases from Iowa-based businesses if the Iowa-based business bids submitted are comparable in price to bids submitted by out-of-state businesses and otherwise meet the required specifications. If the laws of another state mandate a percentage preference for businesses or products from that state and the effect of the preference is that bids of Iowa businesses or products that are otherwise low and responsive are not selected in the other state, the same percentage preference shall be applied to Iowa businesses and products when businesses or products from that other state are bid to supply Iowa requirements.

b. The department and each state agency shall provide notice in an electronic format available to the public of every competitive bidding opportunity offered by the department or the state agency as provided in section 73.2, subsection 2. The department may establish by rule requirements relating to such notice. A competitive bidding opportunity that is not preceded by a notice that satisfies the requirements of this paragraph is void and shall be rebid. A request for proposals for architectural or engineering services may be posted electronically by a department or state agency.

2. Notwithstanding section 72.3, if the competitive bidding procedure used by the department involves the use of a reverse auction or similar competitive bidding procedure requiring the disclosure of bid information submitted by vendors, the department shall disclose the bid information as necessary and appropriate.

3. The director may also exempt the purchase of an item or service from a competitive bidding procedure when the director determines that the best interests of the state will be served by the exemption which shall be based on one of the following:

a. An immediate or emergency need existing for the item or service.

b. A need to protect the health, safety, or welfare of persons occupying or visiting a public improvement or property located adjacent to the public improvement.

4. a. The director may contract for the purchase of items or services by the department. Contracts for the purchase of items or services shall be awarded on the basis of the lowest competent bid. Contracts not based on competitive bidding shall be awarded on the basis of bidder competence and reasonable price.
b. Architectural and engineering services shall be procured in a reasonable manner, as the director by rule may determine, on the basis of competence and qualification for the type of services required and for a fair and reasonable price.

5. The director may enter into a cooperative procurement agreement with another governmental entity relating to the procurement of goods or services, whether the goods or services are for the use of the department or other governmental entities. The cooperative procurement agreement shall clearly specify the purpose of the agreement and the method by which that purpose will be accomplished. Any power exercised under the agreement shall not exceed the power granted to any party to the agreement.

6. The director may refuse all bids on any item or service and request new bids.

7. The director shall establish by rule the amount of security, if any, to accompany a bid or as a condition precedent to the awarding of any contract and the circumstances under which a security will be returned to the bidder or forfeited to the state.

8. The director shall adopt rules providing a method for the various state agencies to file with the department a list of those supplies, equipment, machines, and all items needed to properly perform their governmental duties and functions.

9. The director shall furnish a list of specifications, prices, and discounts of contract items to any governmental subdivision which shall be responsible for payment to the vendor under the terms and conditions outlined in the state contract.

10. a. The director shall adopt rules providing that any state agency may, upon request and approval by the department, purchase directly from a vendor if the direct purchasing is more economical than purchasing through the department, if the agency shows that direct purchasing by the state agency would be in the best interests of the state due to an immediate or emergency need, or if the purchase will not exceed ten thousand dollars and the purchase would contribute to the agency complying with the targeted small business procurement goals under sections 73.15 through 73.21.

b. Any member of the executive council may bring before the executive council for review a decision of the director granting a state agency request for direct purchasing. The executive council shall hear and review the director’s decision in the same manner as an appeal filed by an aggrieved bidder, except that the three-day period for filing for review shall not apply.

11. a. When the estimated total cost of construction, erection, demolition, alteration, or repair of a public improvement exceeds the competitive bid threshold in section 26.3, or as established in section 314.1B, the department shall comply with chapter 26.

b. In awarding a contract under this subsection, the department shall let the work to the lowest responsible bidder submitting a sealed proposal. However, if the department considers the bids received not to be acceptable, all bids may be rejected and new bids requested. A bid shall be accompanied by a certified or cashier’s check or bid bond in an amount designated in the advertisement for bids as security that the bidder will enter into a contract for the work requested. The department shall establish the bid security in an amount equal to at least five percent, but not more than ten percent of the estimated total cost of the work. The certified or cashier’s checks or bid bonds of unsuccessful bidders shall be returned as soon as the successful bidder is determined. The certified or cashier’s check or bid bond of the successful bidder shall be returned upon execution of the contract. This subsection does not apply to the construction, erection, demolition, alteration, or repair of a public improvement when the contracting procedure for the work requested is otherwise provided for in law.

12. The state and its political subdivisions shall give preference to purchasing Iowa products and purchasing from Iowa-based businesses if the bids submitted are comparable in price to those submitted by other bidders and meet the required specifications.

13. The director shall adopt rules which provide that a department or agency is not required to comply with the requirements of section 904.808 for the purchase of a product if the department or agency can verify that the product is manufactured within the state. However, the rules shall provide that if a department or agency is not required to comply with the requirements of section 904.808, Iowa state industries, as defined in section 904.802, shall be allowed to submit a bid to provide the product to be purchased.

14. The director shall adopt rules which require that each bid received for the purchase
of items purchased by the department includes a product content statement which provides the percentage of the content of the item which is reclaimed material.

15. The director shall review and, where necessary, revise specifications used by state agencies to procure products in order to ensure all of the following:
   a. The procurement of products containing recovered materials, including but not limited to lubricating oils, retread tires, building insulation materials, and recovered materials from waste tires. The specifications shall be revised if they restrict the use of alternative materials, exclude recovered materials, or require performance standards which exclude products containing recovered materials unless the agency seeking the product can document that the use of recovered materials will hamper the intended use of the product.
   b. The procurement by state agencies of biobased hydraulic fluids, greases, and other industrial lubricants manufactured from soybeans in accordance with the requirements of section 8A.316.
   c. The procurement of designated biobased products in accordance with the requirements of section 8A.317.

16. a. A bidder, to be considered for an award of a state construction contract, shall disclose to the state agency awarding the contract the names of all subcontractors and suppliers who will work on the project being bid within forty-eight hours after the published date and time by which bids must be submitted.
   b. A bidder shall not replace a subcontractor or supplier disclosed under paragraph “a” without the approval of the state agency awarding the contract.
   c. A bidder, prior to an award or who is awarded a state construction contract, shall disclose all of the following, as applicable:
      (1) If a subcontractor or supplier disclosed under paragraph “a” by a bidder is replaced, the reason for replacement and the name of the new subcontractor or supplier.
      (2) If the cost of work to be done by a subcontractor or supplier is changed or if the replacement of a subcontractor or supplier results in a change in the cost, the amount of the change in cost.

17. A state agency shall make every effort to purchase those products produced for sale by sheltered workshops, work activity centers, and other special programs funded in whole or in part by public moneys that employ persons with an intellectual disability or other developmental disabilities or mental illness if the products meet the required specifications.

18. A state agency shall make every effort to purchase products produced for sale by employers of persons in supported employment.

19. The department shall not award a contract to a bidder for a construction, reconstruction, demolition, or repair project or improvement with an estimated cost that exceeds twenty-five thousand dollars in which the bid requires the use of inmate labor supplied by the department of corrections, but not employed by private industry pursuant to section 904.809, to perform the project or improvement.

20. Life cycle cost and energy efficiency shall be included in the criteria used by the department, institutions under the control of the state board of regents, the state department of transportation, the department for the blind, and other state agencies in developing standards and specifications for purchasing energy-consuming products. For purposes of this subsection, the life cycle costs of American motor vehicles shall be reduced by five percent in order to determine if the motor vehicle is comparable to foreign-made motor vehicles. “American motor vehicles” includes those vehicles manufactured in this state and those vehicles in which at least seventy percent of the value of the motor vehicle was manufactured in the United States or Canada and at least fifty percent of the motor vehicle sales of the manufacturer are in the United States or Canada. In determining the life cycle costs of a motor vehicle, the costs shall be determined on the basis of the bid price, the resale value, and the operating costs based upon a useable life of five years or seventy-five thousand miles, whichever occurs first.

21. Preference shall be given to purchasing American-made products and purchases from American-based businesses if the life cycle costs are comparable to those products of foreign businesses and which most adequately fulfill the department’s need.

22. a. The director may authorize the procurement of goods and services in which a
contractual limitation of vendor liability is provided for and set forth in the documents initiating the procurement. The director, in consultation with the department of management, shall adopt rules setting forth the circumstances in which such procurement will be permitted and what types of contractual limitations of liability are permitted. Rules adopted by the director shall establish criteria to be considered in making a determination of whether to permit a contractual limitation of vendor liability with regard to any procurement of goods and services. The criteria, at a minimum, shall include all of the following:

1. Whether authorizing a contractual limitation of vendor liability is necessary to prevent harm to the state from a failure to obtain the goods or services sought, or from obtaining the goods or services at a higher price if the state refuses to allow a contractual limitation of vendor liability.

2. Whether the contractual limitation of vendor liability is commercially reasonable when taking into account any risk to the state created by the goods or services to be procured and the purpose for which they will be used.

b. Notwithstanding paragraph “a”, a contractual limitation of vendor liability shall not include any limitation on the liability of any vendor for intentional torts, criminal acts, or fraudulent conduct.

c. The rules shall provide for the negotiation of a contractual limitation of vendor liability consistent with the requirements of this section and any other requirements of the department as provided in any related documents associated with a procurement of goods and services.

23. a. The state, through the department, shall give a preference to purchasing equipment, supplies, or services from or awarding public improvement contracts pursuant to subsection 11 to an Iowa-based business as provided under paragraph “b”, as appropriate, if the bid submitted is comparable in price to those submitted by other bidders and meets the required specifications. However, before giving the preference, the department shall confirm with the Iowa employer support of the guard and reserve committee that the requirements of paragraph “b” have been met by the Iowa-based business.

b. To receive a preference as provided by this subsection, the Iowa-based business employer shall have adopted policies beyond those otherwise required by law to support employees who are officers or enlisted persons in the national guard and organized reserves of the armed forces of the United States consistent with standards adopted by the Iowa employer support of the guard and reserve committee. To be eligible for such preference, an employer shall submit to the committee a copy of the applicable policies adopted by the employer and shall sign and submit to the committee a statement of support of persons in the employ of the employer who serve in the national guard and the reserves, recognizing the vital role of the national guard and the reserves, and pledging all of the following:

1. To neither deny employment nor limit or reduce job opportunities because of an employee’s service in the national guard or organized reserves of the armed forces of the United States.

2. To grant leaves of absence during a period of military duty or training.

3. To ensure that all employees are aware of the employer’s policies and the requirements of section 29A.43.

subject to the requirements of this section if the department determines that a high-quality 
good or service can be acquired by agencies and governmental subdivisions at lower cost 
through the establishment of a master contract.

2. The department shall establish a master contract pursuant to this section on a 
competitive basis, and the purchase of a good or service pursuant to the contract shall be 
deemed to satisfy any otherwise applicable competitive bidding requirements.

3. Upon the establishment of a master contract for a good or service pursuant to this 
section, an agency shall purchase the good or service pursuant to the contract, and shall not 
expend money to purchase the good or service directly from a vendor and not through the 
contract, unless any of the following applies:

a. The department determines, upon a request by the agency, that the agency can satisfy 
the requirements for purchase of the good or service directly from a vendor as provided in 
section 8A.311, subsection 10, paragraph “a”.

b. The agency is purchasing the good or service pursuant to another contract in effect 
on the effective date of the master contract. However, the agency shall terminate the other 
contract if the contract permits the termination of the contract without penalty and the agency 
shall not renew the other contract beyond the current term of the other contract.

centralized purchasing as well as from other interstate and intergovernmental entities. The 
department shall collaborate and cooperate with the state board of regents and institutions 
under the control of the state board of regents, as provided in section 262.9B, and any other

agency over the procurement of products from Iowa state industries as described in section 
904.808 shall be referred to the director. The decision of the director is final unless a written 
appeal is filed with the executive council within five days of receipt of the decision of the

8A.314 Purchasing revolving fund.
1. A purchasing revolving fund is established within the department. The director shall 
keep an accurate itemized account for each state agency purchasing through the department, 
using services provided for by the department, and using postage supplied by the department.

2. At the end of each month the director shall render a statement to each state agency for 
the actual cost of items purchased through the department, and the actual cost of services and 
postage used by the agency. The monthly statement shall also include a fair proportion of the 
administrative costs of the department during the month. The portion of administrative costs 
shall be determined by the director subject to review by the executive council upon complaint 
from any state agency adversely affected.

3. Statements rendered to the various state agencies shall be paid by the state agencies in 
the manner determined by the department. When the statements are paid the sums shall be 
credited to the purchasing revolving fund. If any funds accrue to the revolving fund in excess
of two hundred twenty-five thousand dollars and there is no anticipated need or use for such funds, the governor shall order the excess funds credited to the general fund of the state.

§8A.315 State purchases — recycled products — soybean-based inks.

1. When purchasing paper products other than printing and writing paper, the department shall, when the price is reasonably competitive and the quality as intended, purchase the recycled product. The department shall also purchase, when the price is reasonably competitive and the quality as intended, and in keeping with the schedule established in this subsection, soybean-based inks and plastic products with recycled content including but not limited to plastic garbage can liners.
   a. One hundred percent of the purchases of inks which are used for newsprint printing services performed internally or contracted for by the department shall be soybean-based.
   b. One hundred percent of the purchases of inks, other than inks which are used for newsprint printing services, and which are used internally or contracted for by the department, shall be soybean-based to the extent formulations for such inks are available.
   c. A minimum of fifty percent of the purchases of garbage can liners made by the department shall be plastic garbage can liners with recycled content.
   d. For purposes of this subsection, “recycled content” means that the content of the product contains a minimum of thirty percent postconsumer material.

2. a. Except as otherwise provided in this section, the department shall purchase and use recycled printing and writing paper so that ninety percent of the volume of printing and writing paper purchased is recycled paper. The recycled printing and writing paper shall meet the requirements for procuring recycled printing and writing paper set forth in 40 C.F.R. pt. 247, and in related recovered materials advisory notices issued by the United States environmental protection agency.
   b. The department shall establish a prioritization procedure for the purchase of recycled paper which provides for a five percent differential in the cost of the purchase of paper which has been recycled through the use of a nonchlorinated process.
   c. If a provision under this subsection results in the limitation of sources for the purchase of printing and writing paper to three or fewer sources, the department may waive the requirement in order to purchase necessary amounts of printing and writing paper.
   d. Notwithstanding the requirements of this subsection regarding the purchase of recycled printing and writing paper, the department shall purchase acid-free permanent paper in the amount necessary for the production or reproduction of documents, papers, or similar materials produced or reproduced for permanent preservation pursuant to law.
   e. Notwithstanding the requirements of this subsection regarding the purchase of recycled printing and writing paper, the department may purchase printing and writing paper in lieu of recycled paper if the department determines that the purchase will result in significant savings to the state.

3. The department, in conjunction with the department of natural resources, shall review the procurement specifications currently used by the state to eliminate, wherever possible, discrimination against the procurement of products manufactured with recovered materials and soybean-based inks.

4. The department of natural resources shall assist the department in locating suppliers of recycled products and soybean-based inks and collecting data on recycled content and soybean-based ink purchases.

5. Information on recycled content shall be requested on all bids for paper products other than printing and writing paper issued by the state and on other bids for products which could have recycled content such as oil, plastic products, including but not limited to compost materials, aggregate, solvents, soybean-based inks, and rubber products. Except for purchases of printing and writing paper made pursuant to subsection 2, paragraphs “c”, “d”, and “e”, the department shall require persons submitting bids for printing and writing paper to certify that the printing and writing paper proposed complies with the requirements referred to in subsection 2, paragraph “a”.

6. The department, in conjunction with the department of natural resources, shall adopt rules to administer this section.

7. All state agencies shall fully cooperate with the department and with the department of natural resources in all phases of implementing this section.

8. The department, whenever technically feasible, shall purchase and use degradable loose foam packing material manufactured from grain starches or other renewable resources, unless the cost of the packing material is more than ten percent greater than the cost of packing material made from nonrenewable resources. For the purposes of this subsection, “packing material” means material, other than an exterior packing shell, that is used to stabilize, protect, cushion, or brace the contents of a package.

8A.315A Purchase of chain-of-custody paper.
1. Notwithstanding any requirements under section 8A.315 related to the purchase of recycled paper to the contrary, the department may use certified chain-of-custody paper as provided in this section in lieu of recycled paper. The department shall adopt rules related to the use of chain-of-custody paper.

2. As used in this section, unless the context otherwise requires, “certified chain-of-custody paper” means paper that has been certified pursuant to a process that tracks and records the possession and transfer of wood and fiber used to make paper through the different states of production to the end user of the paper. The department shall adopt rules defining “certified chain-of-custody paper” consistent with the certification requirements established by independent entities such as the forest stewardship council, sustainable forest initiative, or other similar entity.

8A.316 Lubricants and oils — preferences.
The department shall do all of the following:
1. Develop its procedures and specifications for the purchase of lubricating oil and industrial oil to eliminate exclusion of recycled oils and any requirement that oils be manufactured from virgin materials.
2. Require that purchases of lubricating oil and industrial oil be made from the seller whose oil product contains the greatest percentage of recycled oil, unless one of the following circumstances regarding a specific oil product containing recycled oil exists:
   a. The product is not available within a reasonable period of time or in quantities necessary or in container sizes appropriate to meet a state agency’s needs.
   b. The product does not meet the performance requirements or standards recommended by the equipment or vehicle manufacturer, including any warranty requirements.
   c. The product is available only at a cost greater than one hundred five percent of the cost of comparable virgin oil products.
3. Establish and maintain a preference program for procuring oils containing the maximum content of recycled oil. The preference program shall include but is not limited to all of the following:
   a. The inclusion of the preferences for recycled oil products in publications used to solicit bids from suppliers.
   b. The provision of a description of the recycled oil procurement program at bidders’ conferences.
   c. Discussion of the preference program in lubricating oil and industrial oil procurement solicitations or invitations to bid.
   d. Efforts to inform industry trade associations about the preference program.
4. a. Provide that when purchasing hydraulic fluids, greases, and other industrial lubricants, the department or a state agency authorized by the department to directly purchase hydraulic fluids, greases, and other industrial lubricants shall give preference to
purchasing biobased hydraulic fluids, greases, and other industrial lubricants manufactured from soybeans.

b. Provide for the implementation of requirements necessary in order to carry out this subsection by the department or state agency making the purchase, which shall include all of the following:

(1) Including the preference requirements in publications used to solicit bids for hydraulic fluids, greases, and other industrial lubricants.

(2) Describing the preference requirements at bidders’ conferences in which bids for the sale of hydraulic fluids, greases, and other industrial lubricants are sought by the department or authorized state agency.

(3) Discussing the preference requirements in procurement solicitations or invitations to bid for hydraulic fluids, greases, and other industrial lubricants.

(4) Informing industry trade associations about the preference requirements.

c. As used in this subsection, unless the context otherwise requires:

(1) “Biobased hydraulic fluids, greases, and other industrial lubricants” means the same as defined by the United States department of agriculture, if the department has adopted such a definition. If the United States department of agriculture has not adopted a definition, “biobased hydraulic fluids, greases, and other industrial lubricants” means hydraulic fluids, greases, and other lubricants containing a minimum of fifty-one percent soybean oil.

(2) “Other industrial lubricants” means lubricants used or applied to machinery.

8A.317 State purchases — designated biobased products.

1. As used in this section, unless the context otherwise requires:

a. “Biobased material” means a material in which carbon is derived in whole or in part from a renewable resource.

b. “Biobased product” means a product generated by blending or assembling of one or more biobased materials, either exclusively or in combination with nonbiobased materials, in which the biobased material is present as a quantifiable portion of the total mass of the product.

c. “Designated biobased product” means a biobased product and includes a product determined by the United States department of agriculture to be a commercial or industrial product, other than food or feed, that is composed, in whole or in significant part, of biological products, including renewable domestic agricultural materials including plant, animal, and marine materials, or forestry materials as provided in 7 U.S.C. §8102.

2. The department shall do all of the following:

a. Develop procedures and specifications for the purchase of designated biobased products. The department may develop specifications after consulting guidelines or regulations promulgated by the United States department of agriculture pursuant to section 7 U.S.C. §8102.

b. Require that a purchase of a designated biobased product be made from the seller whose designated biobased product contains the greatest percentage of biobased materials, unless any of the following applies:

(1) The designated biobased product is not available within a reasonable period of time or in quantities necessary or in container sizes appropriate to meet a state agency’s needs.

(2) The designated biobased product does not meet performance requirements or standards recommended by a manufacturer, including any warranty requirements.

(3) The designated biobased product does not meet the functional requirements and evaluation criteria identified in bid documents. Functional requirements to be considered may include but are not limited to the designated biobased product’s conformance with ASTM (American society for testing and materials) international standards.

(4) The purchase of the designated biobased product conflicts with section 8A.311, subsection 1, paragraph “a”.

(5) The designated biobased product is available only at a cost greater than one hundred five percent of the cost of comparable products which are not biobased.
8A.318 Building cleaning and maintenance — environmentally preferable cleaning products.

1. Findings and intent. The general assembly finds that human beings are vulnerable to and may be severely affected by exposure to chemicals, hazardous waste, and other environmental hazards. The federal environmental protection agency estimates that human exposure to indoor air pollutants can be two to five times, and up to one hundred times, higher than outdoor levels. Children, teachers, janitors, and other staff members spend a significant amount of time inside school buildings. Likewise, state employees and citizens of this state spend a significant amount of time inside state buildings. These individuals are continuously exposed to chemicals from cleaners, waxes, deodorizers, and other maintenance products.

2. Definitions. As used in this section, unless the context otherwise requires:
   a. “Environmentally preferable cleaning and maintenance products” includes but is not limited to cleaning and maintenance products identified by the department and posted on the department’s internet site.
   b. “State building” means a public facility or building owned by or leased by the state, or an agency or department of the state.

3. Use of environmentally preferable cleaning and maintenance products.
   a. All school districts in this state, community colleges, institutions under the control of the state board of regents, and state agencies utilizing state buildings, are encouraged to conform to an environmentally preferable cleaning policy designed to facilitate the purchase and use of environmentally preferable cleaning and maintenance products for purposes of public school, community college, regents institution, and state building cleaning and maintenance.
   b. Each school district, community college, institution under the control of the state board of regents, or state agency utilizing public buildings shall conduct an evaluation and assessment regarding implementation of an environmentally preferable cleaning policy pursuant to this section. On or after July 1, 2012, all state agencies, and all school districts, community colleges, and institutions under the control of the state board of regents which have not opted out of compliance pursuant to paragraph “c”, shall purchase only cleaning and maintenance products identified by the department or that meet nationally recognized standards. School districts, community colleges, institutions under the control of the state board of regents, and state agencies procuring supplies for schools and state buildings may deplete their existing cleaning and maintenance supply stocks and implement the new requirements in the procurement cycle for the following year. This section shall not be interpreted in a manner that prohibits the use of disinfectants, disinfecting cleaners,
sanitizers, or any other antimicrobial product regulated by the federal Insecticide, Fungicide, and Rodenticide Act, 7 U.S.C. §136 et seq., when necessary to protect public health and provided that the use of these products is in accordance with responsible cleaning procedure requirements.

c. A school district, community college, or institution under the control of the state board of regents may, based upon the evaluation and assessment conducted pursuant to paragraph “b”, opt out of compliance with the requirements of this section upon the affirmative vote of a majority of the members of the board of directors of the school district or a determination by the president of the community college or by the president or administrative officer of the regents institution. A school district, community college, or regents institution opting out of compliance pursuant to this paragraph shall notify the department of education, the state board of education, or the state board of regents, as appropriate, of this decision.

4. Information requirements — department internet site. The department shall provide information on the department’s internet site regarding environmentally preferable cleaning and maintenance products used by the department. The department may also provide information regarding other cleaning and maintenance products that the department is aware of that meet nationally recognized standards. Information shall also be provided, at the discretion of the department, regarding the nationally recognized standards and the entity establishing the standards.

In managing the physical resources of government, the director shall perform all of the following duties:

1. Provide for supervision over the custodians and other employees of the department in and about the state laboratories facility in Ankeny and in and about the capitol and other state buildings at the seat of government, except the buildings and grounds referred to in section 216B.3, subsection 6.

2. Institute, in the name of the state, and with the advice and consent of the attorney general, civil and criminal proceedings against any person for injury or threatened injury to any public property, including but not limited to intangible and intellectual property, under the person’s control.

3. Under the direction of the governor, provide, furnish, and pay for public utilities service, heat, maintenance, minor repairs, and equipment in operating and maintaining the official residence of the governor of Iowa.

4. Contract, with the approval of the executive council, for the repair, remodeling, or, if the condition warrants, demolition of all buildings and grounds of the state at the seat of government, at the state laboratories facility in Ankeny, and the institutions of the department of human services and the department of corrections for which no specific appropriation has been made, if the cost of repair, remodeling, or demolition will not exceed one hundred thousand dollars when completed. The cost of repair projects for which no specific appropriation has been made shall be paid as an expense authorized by the executive council as provided in section 7D.29.

5. Dispose of all personal property of the state under the director’s control as provided by section 8A.324 when it becomes unnecessary or unfit for further use by the state. If the director concludes that the personal property is contaminated, contains hazardous waste, or is hazardous waste, the director may charge the state agency responsible for the property for removal and disposal of the personal property. The director shall adopt rules establishing the
procedures for inspecting, selecting, and removing personal property from state agencies or from state storage.

6. **a.** Lease all buildings and office space necessary to carry out the provisions of [this subchapter](#) or necessary for the proper functioning of any state agency wherever located throughout the state. For state agencies at the seat of government, the director may lease buildings and office space in Polk county or in a county contiguous to Polk county. If no specific appropriation has been made, the proposed lease shall be submitted to the executive council for authorization and if authorized lease expense shall be paid from the appropriations addressed in [section 7D.29](#). An office space lease shall not be terminated at a time when either contract damages or early termination penalties may be applicable for doing so. Additionally, the director shall also develop cooperative relationships with the state board of regents in order to promote colocation of state agencies.

**b.** When the general assembly is not in session, the director may request an expense authorization from the executive council for moving state agencies from one location to another. The request may include moving costs, telecommunications costs, repair costs, or any other costs relating to the move. The executive council may authorize the expenses and may authorize the expenses to be paid from the appropriations addressed in [section 7D.29](#) if it determines the agency or department does not have funds available for these expenses.

**c.** **(1)** Prior to replacing or renovating publicly owned buildings or relocating any state agencies at the seat of government to any space in publicly owned buildings, the department shall issue a request for proposals for leasing privately owned office space for state employees in the downtown area of the city of Des Moines and shall use such proposals to compare the costs of privately owned space to publicly owned space. The department shall locate state employees in office space in the most cost-efficient manner possible. In determining cost efficiency, the department shall consider all costs of the publicly owned space, the costs of the original acquisition of the publicly owned space, the costs of tenant improvements to the publicly owned space, and the anticipated economic and useful life of the publicly owned building space.

**(2)** Subparagraph (1) shall not apply when emergency circumstances exist. Actions taken during an emergency which would otherwise violate subparagraph (1) shall be limited in scope and duration to meet the emergency. An emergency includes but is not limited to a condition that does any of the following:

(a) Threatens public health, welfare, or safety.

(b) In which there is a need to protect the health, welfare, or safety of persons occupying or visiting a public improvement or property located adjacent to the public improvement.

(c) In which the department or agency must act to preserve critical services or programs.

(d) In which the need is a result of events or circumstances not reasonably foreseeable.

**d.** [This subsection](#) shall not apply to the department of public defense or the armory board.

7. Unless otherwise provided by law, coordinate the location, design, plans and specifications, construction, and ultimate use of the real or personal property to be purchased by a state agency for whose benefit and use the property is being obtained.

**a.** If the purchase of real or personal property is to be financed pursuant to [section 12.28](#), the department shall cooperate with the treasurer of state in providing the information necessary to complete the financing of the property.

**b.** A contract for acquisition, construction, erection, demolition, alteration, or repair by a private person of real or personal property to be lease-purchased by the treasurer of state pursuant to [section 12.28](#) is exempt from [section 8A.311](#), subsections 1 and 11, unless the lease-purchase contract is funded in advance by a deposit of the lessor’s moneys to be administered by the treasurer of state under a lease-purchase contract which requires rent payments to commence upon delivery of the lessor’s moneys to the lessee.

8. With the authorization of a constitutional majority of each house of the general assembly and approval by the governor, dispose of real property belonging to the state and its state agencies upon terms, conditions, and consideration as the director may recommend. If real property subject to sale under [this subsection](#) has been purchased or acquired from appropriated funds, the proceeds of the sale shall be deposited with the treasurer of state and credited to the general fund of the state or other fund from which appropriated. There
is appropriated from that same fund, with the prior approval of the executive council and in cooperation with the director, a sum equal to the proceeds so deposited and credited to the state agency to which the disposed real property belonged or by which it was used, for purposes of the state agency.

9. a. With the approval of the executive council pursuant to section 7D.29 or pursuant to other authority granted by law, acquire real property to be held by the department in the name of the state as follows:
   (1) By purchase, lease, option, gift, grant, bequest, devise, or otherwise.
   (2) By exchange of real property belonging to the state for property belonging to another person.
   b. If real property acquired by the department in the name of the state is subject to a lease in effect at the time of acquisition, the director may honor and maintain the existing lease subject to the following requirements:
      (1) The lease shall not be renewed beyond the term of the existing lease including any renewal periods under the lease that are solely at the discretion of the lessee.
      (2) The lease shall not be renewed by the department as the lessor if the lessor has discretion to not renew under the existing lease.
      (3) The lease shall not be maintained for a period in excess of ten years from the date of acquisition of the real property, including any renewal periods, without the approval of the executive council.
      (4) The lease shall not be maintained if the lessee at the time of the acquisition ceases to occupy the leased property.

10. Subject to the selection procedures of section 12.30, employ financial consultants, banks, insurers, underwriters, accountants, attorneys, and other advisors or consultants necessary to implement the provisions of subsection 7.

11. Prepare annual status reports for all capital projects in progress of the department, and submit the status reports to the legislative services agency and the department of management on or before January 15 of each year.

12. In carrying out the requirements of section 64.6, purchase an individual or a blanket surety bond insuring the fidelity of state officers. The department may self-assume or self-insure fidelity exposures for state officials and employees. A state official is deemed to have furnished surety if the official has been covered by a program of insurance or self-insurance established by the department. To the extent possible, all bonded state employees shall be covered under one or more blanket bonds or position schedule bonds.

13. Review the management of state property loss exposures and state liability risk exposures for the capitol complex. Insurance coverage may include self-insurance or any type of insurance protection sold by insurers, including, but not limited to, full coverage, partial coverage, coinsurance, reinsurance, and deductible insurance coverage.

14. Establish a monument maintenance account in the state treasury under the control of the department. Funds for the maintenance of a state monument, whether received by gift, devise, bequest, or otherwise, shall be deposited in the account. Funds in the account shall be deposited in an interest-bearing account. Notwithstanding section 12C.7, interest earned on the account shall be deposited in the account and shall be used to maintain the designated monument. Any maintenance funds for a state monument held by the state and interest earned on the funds shall be used to maintain the designated monument. Notwithstanding section 8.33, funds in the monument maintenance account at the end of a fiscal year shall not revert to the general fund of the state.

8A.322 Buildings and grounds — services — public use — pistols or revolvers.

1. The director shall provide necessary lighting, fuel, and water services for the state
laboratories facility in Ankeny and for the state buildings and grounds located at the seat of
government, except the buildings and grounds referred to in section 216B.3, subsection 6.

2. Except for buildings and grounds described in section 216B.3, subsection 6; section 2.43, subsection 1; and any buildings under the custody and control of the Iowa public employees’ retirement system, the director shall assign office space at the capitol, other
state buildings, and elsewhere in the city of Des Moines, and the state laboratories facility
in Ankeny, for all executive and judicial state agencies. Assignments may be changed at
any time. The various officers to whom rooms have been so assigned may control the same
while the assignment to them is in force. Official apartments shall be used only for the
purpose of conducting the business of the state. The term “capitol” or “capitol building” as
used in the Code shall be descriptive of all buildings upon the capitol grounds. The capitol
building itself is reserved for the operations of the general assembly and the governor, and,
for ceremonial purposes, for the courts. The assignment and use of physical facilities for the
general assembly shall be pursuant to section 2.43.

3. The director shall establish, publish, and enforce rules regulating and restricting the
use by the public of the capitol buildings and grounds and of the state laboratories facility in
Ankeny. The rules when established shall be posted in conspicuous places about the capitol
buildings and grounds and the state laboratories facility, as applicable. Any person violating
any rule, except a parking regulation, shall be guilty of a simple misdemeanor. The rules shall
prohibit a person, other than a peace officer, from openly carrying a pistol or revolver in the
capitol building and on the grounds surrounding the capitol building including state parking
lots and parking garages. However, this subsection shall not be construed to allow the director
to prohibit the lawful carrying, transportation, or possession of any pistol or revolver in the
capitol building and on the grounds surrounding the capitol building including state parking
lots and parking garages by a person who displays to capitol security personnel a valid permit
to carry weapons upon request.

Subsections 2 and 3 amended

1. The director shall establish, publish, and enforce rules regulating, restricting, or
prohibiting the use by state officials, state employees, and the public, of motor vehicle
parking facilities at the state capitol complex and at the state laboratories facility in Ankeny.
The assignment of legislative parking spaces shall be under the control of the legislative
council. The rules established by the director may establish fines for violations and a
procedure for payment of the fines. The director may order payment of a fine and enforce
the order in the district court.

2. Motor vehicles parked in violation of the rules may be removed without the owner’s or
operator’s consent and at the owner’s or operator’s expense. Motor vehicles removed and not
claimed within thirty days of their removal or vehicles abandoned within the capitol grounds
may be disposed of in accordance with the provisions of sections 321.85 through 321.91.

3. The parking rules established shall be posted in conspicuous places at the capitol
complex and at the state laboratories facility in Ankeny, as applicable. Copies of the rules
shall be made available to all state officials and employees and any other person who
requests a copy of the rules.

4. Except as provided in subsection 5, all fines collected by the department shall be
forwarded to the treasurer of state and deposited in the general fund of the state.

5. Any fine that remains unpaid upon becoming delinquent may be collected by the
department pursuant to the setoff procedures provided for in section 8A.504. For purposes
of this subsection, a fine becomes delinquent if it has not been paid within thirty days of the
date of the issuance of the parking citation, unless a written request for a hearing is filed as
provided pursuant to the rules of the department. If an appeal is filed and the citation is
upheld, the fine becomes delinquent ten days after the issuance of the final decision on the
appeal or thirty-one days after the date of the issuance of the parking citation, whichever
is later.

   a. The director may dispose of unfit or unnecessary personal property by sale. Proceeds from the sale of personal property shall be deposited in the general fund of the state.
   b. If the director concludes that the personal property has little or no value, the director may enter into an agreement with a not-for-profit organization or governmental agency to dispose of the personal property.
   c. The director may dispose of presses, printing equipment, printing supplies, and other machinery or equipment used in the printing operation.
2. A not-for-profit organization or governmental agency that enters into an agreement with the director pursuant to subsection 1 may charge the state agency in control of the property with the cost of removing and transporting the property. Title to the personal property shall transfer when the personal property is in the possession of the not-for-profit organization or governmental agency. If a governmental agency adds value to the property transferred to it and sells it, the proceeds from the sale shall be deposited with the governmental agency and not in the general fund of the state. The not-for-profit organization or governmental agency may sell or otherwise transfer the personal property received from the department to any person that the department would be able to sell or otherwise transfer such property to under this chapter, including but not limited to the general public. The authority granted to sell or otherwise transfer personal property pursuant to this subsection supersedes any other restrictions applicable to the not-for-profit organization or governmental agency, but only for purposes of the personal property received from the department.

8A.362 Fleet management — powers and duties — fuel economy requirements.
1. The director may provide for the assignment to a state officer or employee or to a state agency, of one or more motor vehicles which may be required by the state officer or employee or state agency, after the state officer or employee or state agency has shown the necessity for such transportation. The director may assign a motor vehicle either for part-time or full-time use. The director may revoke the assignment at any time.

2. The director may cause all state-assigned motor vehicles to be inspected periodically. Whenever the inspection reveals that repairs have been improperly made on the motor vehicle or that the operator is not giving the motor vehicle the proper care, the director shall report this fact to the head of the state agency to which the motor vehicle has been assigned, together with recommendation for improvement.

3. a. The director shall provide for a record system for the keeping of records of the total number of miles state-assigned motor vehicles are driven and the per-mile cost of operation of each motor vehicle. Every state officer or employee shall keep a record book to be furnished by the director in which the officer or employee shall enter all purchases of gasoline, lubricating oil, grease, and other incidental expense in the operation of the motor vehicle assigned to the officer or employee, giving the quantity and price of each purchase, including the cost and nature of all repairs on the motor vehicle. Each operator of a state-assigned motor vehicle shall promptly prepare a report at the end of each month on forms furnished by the director and forwarded to the director, giving the information the director may request in the report. Each month, the director shall compile the costs and mileage of state-assigned motor vehicles from the reports and keep a cost history for each motor vehicle and the costs shall be reduced to a cost-per-mile basis for each motor vehicle. The director shall call to the attention of an elected official or the head of any state agency to which a motor vehicle has been assigned any evidence of the mishandling or misuse of a state-assigned motor vehicle which is called to the director’s attention.

b. A gasoline-powered motor vehicle operated under this subsection shall not operate on gasoline other than ethanol blended gasoline as defined in section 214A.1, unless under emergency circumstances. A diesel-powered motor vehicle operated under this subsection shall not operate on diesel fuel other than biodiesel fuel as defined in section 214A.1, if commercially available. A state-issued credit card shall not be valid to purchase gasoline other than ethanol blended gasoline, if commercially available, or to purchase diesel fuel other than biodiesel fuel, if commercially available. The motor vehicle shall also be affixed
with a brightly visible sticker which notifies the traveling public that the motor vehicle is being operated on ethanol blended gasoline or biodiesel fuel, as applicable. However, the sticker is not required to be affixed to an unmarked vehicle used for purposes of providing law enforcement or security.

4. a. The director shall provide for the purchase of motor vehicles for all branches of the state government, except the state department of transportation, institutions under the control of the state board of regents, the department for the blind, and any other state agency exempted by law, which are not rented or leased pursuant to section 8A.367. The director shall purchase new vehicles in accordance with competitive bidding procedures for items or services as provided in this subchapter. The director may purchase used or preowned vehicles at governmental or dealer auctions if the purchase is determined to be in the best interests of the state.

b. The director, and any other state agency, which for purposes of this subsection includes but is not limited to community colleges and institutions under the control of the state board of regents, or local governmental subdivisions purchasing new motor vehicles, shall purchase motor vehicles and light trucks, which are not rented or leased pursuant to section 8A.367, so that the average fuel efficiency for the fleet of new passenger vehicles and light trucks purchased in that year equals or exceeds the average fuel economy standard for the vehicles' model year as established by the United States secretary of transportation under 15 U.S.C. §2002. This paragraph does not apply to vehicles purchased for law enforcement purposes or used for off-road maintenance work, or work vehicles used to pull loaded trailers.

c. The director shall assign motor vehicles available for use to maximize the average passenger miles per gallon of motor fuel consumed. In assigning motor vehicles, the director shall consider standards established by the director, which may include but are not limited to the number of passengers traveling to a destination, the fuel economy of and passenger capacity of vehicles available for assignment, and any other relevant information, to assure assignment of the most energy-efficient vehicle or combination of vehicles for a trip from those vehicles available for assignment. The standards shall not apply to special work vehicles and law enforcement vehicles. The standards shall apply to the following agencies:

(1) State department of transportation.

(2) Institutions under the control of the state board of regents.

(3) Department for the blind.

(4) Any other state agency exempted from obtaining vehicles for use through the department.

d. As used in paragraph “c”, “fuel economy” means the average number of miles traveled by an automobile per gallon of gasoline consumed as determined by the United States environmental protection agency administrator in accordance with 26 U.S.C. §4064(c).

5. All used motor vehicles turned in to the director shall be disposed of by public auction, and the sales shall be advertised in a newspaper of general circulation one week in advance of sale, and the receipts from the sale shall be deposited in the depreciation fund to the credit of the state agency turning in the vehicle; except that, in the case of a used motor vehicle of special design, the director may, instead of selling it at public auction, authorize the motor vehicle to be traded for another vehicle of similar design. If a vehicle sustains damage and the cost to repair exceeds the wholesale value of the vehicle, the director may dispose of the motor vehicle by obtaining two or more written salvage bids and the vehicle shall be sold to the highest responsible bidder.

6. The director may authorize the establishment of motor pools consisting of a number of state-assigned motor vehicles under the director’s supervision. The director may store the motor vehicles in a public or private garage. If the director establishes a motor pool, any state officer or employee desiring the use of a state-assigned motor vehicle on state business shall notify the director of the need for a vehicle within a reasonable time prior to actual use of the motor vehicle. The director may assign a motor vehicle from the motor pool to the state officer or employee, or from the vendor awarded a contract pursuant to section 8A.367. If two or more state officers or employees desire the use of a state-assigned motor vehicle for a trip to the same destination for the same length of time, the director may assign one vehicle to make the trip.
7. The director shall require that a sign be placed on each state-owned motor vehicle in a conspicuous place which indicates its ownership by the state. This requirement shall not apply to motor vehicles requested to be exempt by the director or by the commissioner of public safety. All state-owned motor vehicles shall display registration plates bearing the word “official” except motor vehicles requested to be furnished with ordinary plates by the director or by the commissioner of public safety pursuant to section 321.19. If the director determines that state-owned sources for the purchase of fuel are not reasonably accessible, the director shall authorize the purchase of fuel from other sources. The director may prescribe a manner, other than the use of the revolving fund, in which the purchase of fuel from state-owned sources is charged to the state agency responsible for the use of the motor vehicle. The director shall prescribe the manner in which oil and other normal motor vehicle maintenance for state-owned motor vehicles may be purchased from private sources, if they cannot be reasonably obtained from a state motor pool. The director may advertise for bids and award contracts in accordance with competitive bidding procedures for items and services as provided in this subchapter for furnishing fuel, oil, grease, and vehicle replacement parts for all state-owned motor vehicles. The director and other state agencies, when advertising for bids for gasoline, shall also seek bids for ethanol blended gasoline.

1. A state officer or employee shall not use a state-assigned motor vehicle for personal private use. A state officer or employee shall not be compensated for driving a privately owned motor vehicle unless it is done on state business with the approval of the director. In that case the state officer or employee shall receive an amount to be determined by the director. The amount shall not exceed the maximum allowable under the federal internal revenue service rules per mile, notwithstanding established mileage requirements or depreciation allowances. However, the director may authorize private motor vehicle rates in excess of the rate allowed under the federal internal revenue service rules for state business use of substantially modified or specially equipped privately owned vehicles required by persons with disabilities. A statutory provision establishing reimbursement for necessary mileage, travel, or actual expenses to a state officer falls under the private motor vehicle mileage rate limitation provided in this section unless specifically provided otherwise. Any peace officer employed by the state as defined in section 801.4 who is required to use a private motor vehicle in the performance of official duties shall receive the private vehicle mileage rate at the rate provided in this section. If a motor vehicle has been assigned to a state officer or employee, the officer or employee shall not collect mileage for the use of a privately owned motor vehicle unless the motor vehicle assigned is not usable.

2. This section does not apply to any of the following:
   a. Officials and employees of the state whose mileage is paid other than by a state agency.
   b. Elected officers of the state.
   c. Judicial officers or court employees.
   d. Members and employees of the general assembly who shall be governed by policies...

Such expenses shall be paid by the state departments or agencies in the same manner as other expenses of such department are paid, and when such expenses are paid, such sums shall be credited to the fleet management revolving fund. Such depreciation expense shall be paid by the state departments or agencies in the same manner as other expenses are paid, and shall be deposited in the depreciation fund to the credit of the department or agency. The funds credited to each department or agency shall remain the property of the department or agency. Notwithstanding the provisions of section 8A.364 to the contrary, proceeds from the sale of motor vehicles as provided by this subsection shall be credited to the fund from which the motor vehicles were purchased.

3. By March 1, 2012, the department shall award a vehicle rental or leasing contract to a private entity, and shall assign passenger vehicles for rental or lease pursuant to that contract, to the extent the department determines doing so would be economically feasible and financially advantageous. By March 1, 2012, all state-assigned passenger vehicles designated for use by multiple drivers, and located in any county of this state which can support the operation of a private entity for rental and leasing purposes, which the department determines would be suitable for rental or leasing shall be returned to the department for use and disposition as provided in this section.

4. Notwithstanding any other provision of state law to the contrary, a private entity awarded a contract pursuant to this section shall not be required to indemnify or hold harmless the state for any liability the state might have to any third party due to the negligence of the state or any of its employees.

h. The coordination and management of the state’s human resource information system, except as otherwise required for those employees governed by chapter 262.
i. The development and implementation of a plan to centralize the human resource management functions for state executive branch agencies within the department, except for institutions under the control of the state board of regents.
2. The department, as it relates to the human resources of state government, shall do the following:
a. Establish and maintain a list of all employees in the executive branch of state government and set forth, as to each employee, the class title, pay, status, and other pertinent data. For employees governed by chapter 262, the director shall work collaboratively with the state board of regents to collect such information.
b. Foster and develop, in cooperation with appointing authorities and others, programs for the improvement of employee effectiveness, including training, safety, health, counseling, and welfare.
c. Encourage and exercise leadership in the development of effective personnel administration within the several state agencies, and make available the facilities of the department to this end.

d. The director may delegate any or all aspects of the recruitment, examination, and selection processes to an agency in the executive branch upon request by that agency. The director shall oversee all activities delegated to that agency.

e. Utilize appropriate persons, including officers and employees in the executive branch, to assist in the recruitment and examination of applicants for employment. These officers and employees are not entitled to extra pay for their services, but shall be paid their necessary traveling and other expenses.

f. (1) Develop, in consultation with the department of veterans affairs, programs to inform state employees who are members of the national guard or organized reserves of the armed forces of the United States, and their families, of their rights and benefits while the member is deployed in federal active duty.

(2) Develop, in consultation with the department of veterans affairs and the department of workforce development, programs to inform members of the national guard or organized reserves of the armed forces of the United States returning to Iowa following federal active duty about job opportunities in state government.

(c) A noncompetitive hiring program for disabled veterans who satisfactorily complete a federally funded job training program approved by the United States department of veterans affairs. The disabled veteran shall have trained in the class of positions for which the disabled veteran is to be noncompetitively appointed.

g. (1) (a) Consult with the department of management and discuss and collaborate with executive branch agencies to implement and maintain a policy for incrementally increasing the aggregate ratio in the number of employees per supervisory employee in executive branch agencies. For purposes of determining the effects of the policy on the state employee workforce, the base date of July 1, 2008, shall be used and the target date for full implementation shall be July 1, 2011. The target aggregate ratio of supervisory employees to other employees shall be as follows:

(i) For the fiscal year beginning July 1, 2010, one to fourteen.

(ii) For the fiscal year beginning July 1, 2011, one to fifteen.

(b) For the purposes of this paragraph “g”, “supervisory employee” means a public employee who is not a member of a collective bargaining unit and who has authority, in the interest of a public employer, to hire, transfer, suspend, lay off, recall, promote, discharge, assign, reward, or discipline other public employees, to direct such public employees, or to adjust the grievances of such public employees, or to effectively recommend any such action.

(c) In this paragraph “g”, executive branch agencies, except the department of public safety, shall not grant a supervisory employee the right to replace or bump a junior employee not being laid off for a position for which the supervisory employee is qualified.

(d) The policy shall allow appropriation units with twenty-eight or fewer full-time equivalent employee positions to apply for an exception to the policy through the executive council. The policy shall allow for exceptions when the supervisory employee ratio is mandated by a federal requirement.

(e) (i) Beginning July 1, 2011, the policy shall allow a director of an executive branch agency who believes that the agency will not be able to reach the applicable target aggregate ratio to apply for a waiver of that requirement through a five-person review board. In applying for a waiver, the director shall provide detailed documentation to the board describing the efforts that the executive branch agency has made in attempting to meet the
applicable target aggregate ratio provided in this paragraph “g”. The review board shall consist of the director of the department of management or a designee of the director, three agency directors or the designees of those directors as designated by the governor, and one public member selected by the employee organization representing the greatest number of executive branch employees. However, if a department represented on the review board seeks a waiver, the member representing the department shall not participate in the decision on whether to grant a waiver for that department.

(ii) Prior to determining whether to grant a waiver, the review board shall make an initial determination of whether the executive branch agency has provided sufficient information to conduct a review. If not, the review board shall deny the request and notify the executive branch agency of the information needed to consider the request for waiver. If a waiver is granted, the review board shall limit the waiver to only those operations within an executive branch agency in which adequate justification for granting a waiver has been established.

(f) The policy shall provide that if layoffs are implemented, the number of middle management position layoffs shall correspond to the relative number of direct service position layoffs.

(g) The policy shall improve on the system in effect as of the base date by specifically defining and accounting for supervisory employee span of control.

(h) The policy shall provide that in calculating the span of control ratio for an executive branch agency, unfunded full-time equivalent positions shall not be utilized.

(i) The department shall present an interim report to the governor and general assembly on or before April 1, 2010, annual updates on or before April 1 subsequently, and a final report on or before April 1, 2012, detailing the effects of the policy on the composition of the workforce, cost savings, government efficiency, and outcomes.

(j) The policy developed pursuant to this paragraph “g” shall not encompass employees under the state board of regents.

(2) Evaluate the state’s systems for job classification of executive branch employees in order to ensure the existence of technical skill-based career paths for such employees which do not depend upon an employee gaining supervisory responsibility for advancement, and which provide incentives for such employees to broaden their knowledge and skill base. The evaluation shall include but is not limited to a review of the classifications for all positions and providing options for eliminating obsolete, duplicative, or unnecessary job classifications. The department shall present interim reports to the general assembly on or before January 15, 2010, and January 14, 2011, concerning the department’s progress in completing the evaluation and associated outcomes.

3. The human resource management powers and duties of the department do not extend to the legislative branch or the judicial branch of state government, except for functions related to administering compensation and benefit programs.

8. **Accounts.** To keep the central budget and proprietary control accounts of the general fund of the state and special funds, as defined in section 8.2, of the state government. 1. Definitions. As used in this section, unless the context otherwise requires:

a. “Collection entity” means the department of administrative services and any other public agency that maintains a separate accounting system and elects to establish a debt collection setoff procedure for collection of debts owed to the public agency.

b. “Person” does not include a public agency.

c. “Public agency” means a board, commission, department, including the department of administrative services, or other administrative office or unit of the state of Iowa or any other state entity reported in the Iowa comprehensive annual financial report, or a political subdivision of the state, or an office or unit of a political subdivision. “Public agency” does include the clerk of the district court as it relates to the collection of a qualifying debt. “Public agency” does not include the general assembly or the governor.

d. “Qualifying debt” includes, but is not limited to, the following:

(1) Any debt, which is assigned to the department of human services, or which is owed to the department of human services for unpaid premiums under section 249A.3, subsection 2, paragraph “a”, subparagraph (1), or which the child support recovery unit is otherwise attempting to collect, or which the foster care recovery unit of the department of human services is attempting to collect on behalf of a child receiving foster care provided by the department of human services.

(2) An amount that is due because of a default on a loan under chapter 261.

(3) Any debt which is in the form of a liquidated sum due, owing, and payable to the clerk of the district court.

2. Setoff procedure. The collection entity shall establish and maintain a procedure to set off against any claim owed to a person by a public agency any liability of that person owed to a public agency, a support debt being enforced by the child support recovery unit pursuant to chapter 252B, or such other qualifying debt. The procedure shall only apply when at the discretion of the director it is feasible. The procedure shall meet the following conditions:

a. Before setoff, a person’s liability to a public agency and the person’s claim on a public agency shall be in the form of a liquidated sum due, owing, and payable.

b. Before setoff, the public agency shall obtain and forward to the collection entity the
full name and social security number of the person liable to the public agency or to whom a claim is owing who is a natural person. If the person is not a natural person, before setoff, the public agency shall forward to the collection entity the information concerning the person as the collection entity shall, by rule, require. The collection entity shall cooperate with other public agencies in the exchange of information relevant to the identification of persons liable to or claimants of public agencies. However, the collection entity shall provide only relevant information required by a public agency. The information shall be held in confidence and used for the purpose of setoff only. Section 422.72, subsection 1, does not apply to this paragraph.

c. Before setoff, a public agency shall, at least annually, submit to the collection entity the information required by paragraph “b” along with the amount of each person’s liability to and the amount of each claim on the public agency. The collection entity may, by rule, require more frequent submissions.

d. Before setoff, the amount of a person’s claim on a public agency and the amount of a person’s liability to a public agency shall constitute a minimum amount set by rule of the collection entity.

e. Upon submission of an allegation of liability by a public agency, the collection entity shall notify the public agency whether the person allegedly liable is entitled to payment from a public agency, and, if so entitled, shall notify the public agency of the amount of the person’s entitlement and of the person’s last address known to the collection entity. Section 422.72, subsection 1, does not apply to this paragraph.

f. (1) Upon notice of entitlement to a payment, the public agency shall send written notification to that person of the public agency’s assertion of its rights to all or a portion of the payment and of the public agency’s entitlement to recover the liability through the setoff procedure, the basis of the assertion, the opportunity to request that a jointly or commonly owned right to payment be divided among owners, and the person’s opportunity to give written notice of intent to contest the amount of the allegation. A public agency shall provide the person with an opportunity to contest the liability. A public agency subject to chapter 17A shall give notice, conduct hearings, and allow appeals in conformity with chapter 17A.

(2) However, upon submission of an allegation of the liability of a person which is owing and payable to the clerk of the district court and upon the determination by the collection entity that the person allegedly liable is entitled to payment from a public agency, the collection entity shall send written notification to the person which states the assertion by the clerk of the district court of rights to all or a portion of the payment, the clerk’s entitlement to recover the liability through the setoff procedure, the basis of the assertions, the person’s opportunity to request within fifteen days of the mailing of the notice that the collection entity divide a jointly or commonly owned right to payment between owners, the opportunity to contest the liability to the clerk by written application to the clerk within fifteen days of the mailing of the notice, and the person’s opportunity to contest the collection entity’s setoff procedure.

g. Upon the timely request of a person liable to a public agency or of the spouse of that person and upon receipt of the full name and social security number of the person’s spouse, a public agency shall notify the collection entity of the request to divide a jointly or commonly owned right to payment. Any jointly or commonly owned right to payment is rebuttably presumed to be owned in equal portions by its joint or common owners.

h. The collection entity shall, after the public agency has sent notice to the person liable or, if the liability is owing and payable to the clerk of the district court, the collection entity has sent notice to the person liable, set off the amount owed to the agency against any amount which a public agency owes that person. The collection entity shall refund any balance of the amount to the person. The collection entity shall periodically transfer amounts set off to the public agencies entitled to them. If a person liable to a public agency gives written notice of intent to contest an allegation, a public agency shall hold a refund or rebate until final disposition of the allegation. Upon completion of the setoff, a public agency shall notify in writing the person who was liable or, if the liability is owing and payable to the clerk of the district court, shall comply with the procedures as provided in paragraph “j”.

i. The department of revenue’s existing right to credit against tax due or to become due under section 422.73 is not to be impaired by a right granted to or a duty imposed upon the
collection entity or other public agency by this section. This section is not intended to impose upon the collection entity or the department of revenue any additional requirement of notice, hearing, or appeal concerning the right to credit against tax due under section 422.73.

j. If the alleged liability is owing and payable to the clerk of the district court and setoff as provided in this section is sought, all of the following shall apply:

(1) The judicial branch shall prescribe procedures to permit a person to contest the amount of the person’s liability to the clerk of the district court.

(2) The collection entity shall, except for the procedures described in subparagraph (1), prescribe any other applicable procedures concerning setoff as provided in this subsection.

(3) Upon completion of the setoff, the collection entity shall file, at least monthly, with the clerk of the district court a notice of satisfaction of each obligation to the full extent of all moneys collected in satisfaction of the obligation. The clerk shall record the notice and enter a satisfaction for the amounts collected and a separate written notice is not required.

k. If the alleged liability is owing and payable to a community college and setoff pursuant to this section is sought, both of the following shall apply:

(1) In addition to satisfying other applicable setoff procedures established under this subsection, the community college shall prescribe procedures to permit a person to contest the amount of the person’s liability to the community college. Such procedures shall be consistent with and ensure the protection of the person’s right of due process under Iowa law.

(2) The collection entity shall, except for the procedures prescribed pursuant to subparagraph (1), prescribe any other applicable procedures concerning setoff as provided in this subsection.

3. In the case of multiple claims to payments filed under this section, priority shall be given to claims filed by the child support recovery unit or the foster care recovery unit, next priority shall be given to claims filed by the clerk of the district court, next priority shall be given to claims filed by the college student aid commission, next priority shall be given to claims filed by the investigations division of the department of inspections and appeals, and last priority shall be given to claims filed by other public agencies. In the case of multiple claims in which the priority is not otherwise provided by this subsection, priority shall be determined in accordance with rules to be established by the director.

4. The director shall have the authority to enter into reciprocal agreements with the departments of revenue of other states that have enacted legislation that is substantially equivalent to the setoff procedure provided in this section for the recovery of an amount due because of a default on a loan under chapter 261. A reciprocal agreement shall also be approved by the college student aid commission. The agreement shall authorize the department to provide by rule for the setoff of state income tax refunds or rebates of defaulters from states with which Iowa has a reciprocal agreement and to provide for sending lists of names of Iowa defaulters to the states with which Iowa has a reciprocal agreement for setoff of that state’s income tax refunds.

5. Under substantive rules established by the director, the department shall seek reimbursement from other public agencies to recover its costs for setting off liabilities.

8A.505 Cost allocation system — appropriation.

The department shall develop and administer an indirect cost allocation system for state agencies. The system shall be based upon standard cost accounting methodologies and shall be used to allocate both direct and indirect costs of state agencies or state agency functions in providing centralized services to other state agencies. A cost that is allocated to a state agency pursuant to this system shall be billed to the state agency and the cost is payable to the general fund of the state. The source of payment for the billed cost shall be any revenue
source except for the general fund of the state. If a state agency is authorized by law to bill and recover direct expenses, the state agency shall recover indirect costs in the same manner.
