2. Unallowable organization costs. The following types of costs are not considered allowable organization costs: costs relating to the issuance and sale of shares of capital stock or other securities, such as underwriters' fees and commissions, accountant's or lawyer's fees; costs of qualifying the issues with the appropriate state or federal authorities; and stamp taxes.

c. Standardization of cost reporting period for new facilities.

(1) Facilities receiving initial certification between July 1 and December 31 (inclusive) shall submit three successive six-month cost reports covering their first 18 months of operation. The fourth six-month cost report shall cover the January 1 to June 30 period. Thereafter, the facility shall submit a cost report on an annual basis of July 1 to June 30.

(2) Facilities receiving initial certification between January 1 and June 30 (inclusive) shall submit two successive six-month cost reports covering the first 12 months of operation. The third six-month cost report shall cover the January 1 to June 30 period. Thereafter, the facility shall submit a cost report on an annual basis of July 1 to June 30.

(3) All facilities shall comply with the requirements of subrule 82.5(3) when submitting reports.

d. Completion of 12 months of operation. Following the first 12 months of operation as a Medicaid-certified ICF/ID as described in subrule 82.5(14), the facility shall submit a cost report for the second six months of operation. An on-site audit of facility costs shall be performed by the accounting firm under contract with the department. Based on the audited cost report, a rate shall be established for the facility. This rate shall be considered the base rate until rebasing of facility costs occurs.

(1) A new maximum allowable base cost will be calculated each year by increasing the prior year's maximum allowable base by the annual percentage increase of the Consumer Price Index. For the period beginning July 1, 2009, and ending June 30, 2010, the prior year's maximum allowable base cost shall be increased by 3 percent, instead of the annual percentage increase of the Consumer Price Index.

(2) Each year's maximum allowable base cost represents the maximum amount that can be reimbursed.

e. Maximum rate. Facilities shall be subject to a maximum rate set at the eightieth percentile of the total per diem cost of all participating community-based ICFs/MR with established base rates.

The eightieth percentile maximum rate shall be adjusted July 1 of each year using cost reports on file December 31 of the previous year.

f. Incentive factor. New facilities which complete the second annual period of operation that have an annual per unit cost percentage increase of less than the percentage increase of the Consumer Price Index, as described in 82.5(14)“*d*,” shall be given their actual percentage increase plus one-half the difference of their actual percentage increase compared to the allowable maximum percentage increase. This percentage difference multiplied by the actual per diem cost for the annual period just completed is the incentive factor. For the period beginning July 1, 2009, and ending June 30, 2010, the incentive factor shall be calculated using 3 percent in place of the percentage increase of the Consumer Price Index.

(1) The incentive factor will be added to the new reimbursement base rate to be used as the per diem rate for the next annual period of operation.

(2) Facilities whose annual per unit cost decreased from the prior year shall be given their actual per unit cost plus one and one-half the percentage increase in the Consumer Price Index as an incentive for cost containment.

g. Reimbursement for first annual period. The reimbursement for the first annual period will be determined by multiplying the per diem rate calculated for the base period by the Consumer Price Index plus one.

(1) The projected reimbursement for each period thereafter (until rebasing) will be calculated by multiplying the lower of the prior year’s actual or the projected reimbursement per diem by the Consumer Price Index plus one. For the period beginning July 1, 2009, and ending June 30, 2010, the projected reimbursement will be determined using a multiplier of 3 percent instead of the Consumer Price Index.

(2) If a facility experiences an increase in actual costs that exceeds both the actual reimbursement and the maximum allowable base cost as determined for that annual period, the facility shall receive as reimbursement in the following period the maximum allowable base as calculated.

(3) All calculated per diem rates shall be subject to the prevailing maximum rate.

82.5(15) *Payment to new owner.* An existing facility with a new owner shall continue with the previous owner’s per diem rate until a new financial and statistical report has been submitted and a new rate established according to subrule 82.5(16). The facility may submit a report for the period of July 1 to June 30 or may submit two cost reports within the fiscal year provided the second report covers a period of at least six months ending on the last day of the fiscal year. The facility shall notify the department of the reporting option selected.

82.5(16) *Payment to existing facilities.* The following reimbursement limits shall apply to all non-state-owned ICFs/MR:

a. Each facility shall file a cost report covering the period from January 1, 1992, to June 30, 1992. This cost report shall be used to establish a reimbursement rate to be paid to the facility and shall be used to establish the base allowable cost per unit to be used in future reimbursement rate calculations. Subsequent cost reports shall be filed annually by each facility covering the 12 months from July 1 to June 30.

b. The reimbursement rate established based on the report covering January 1, 1992, to June 30, 1992, shall be calculated using the method in place prior to July 1, 1992, including inflation and incentive factors.

c. The audited per unit cost from the January 1, 1992, to June 30, 1992, cost report shall become the initial allowable base cost. A new maximum allowable base cost will be calculated each year as described in 82.5(14)“*d*.”

d. Facilities which have an annual per unit cost percentage increase of less than the percentage increase of the Consumer Price Index or of less than 3 percent for rates effective July 1, 2009, through June 30, 2010, shall be given their actual percentage increase plus one-half the difference of their actual percentage increase compared to the allowable maximum percentage increase. This percentage difference multiplied by the actual per diem costs for the annual period just completed is the incentive factor.

(1) The incentive factor will be added to the new reimbursement base rate to be used as the per diem rate for the following annual period.

(2) Facilities whose annual per unit cost decreased from the prior year shall receive their actual per unit cost plus one and one-half the percentage increase in the Consumer Price Index as an incentive for cost containment. For the period beginning July 1, 2009, and ending June 30, 2010, 3 percent shall be used in lieu of the percentage increase in the Consumer Price Index.

e. Administrative costs shall not exceed 18 percent of total facility costs. Administrative costs are comprised of those costs incurred in the general management and administrative functions of the facility. Administrative costs include, but are not necessarily limited to, the administrative portion of the following:

- (1) Administrator's salary.
- (2) Assistant administrator's salary.
- (3) Bookkeeper's salary.
- (4) Other accounting and bookkeeping costs.
- (5) Other clerical salaries and clerical costs.
- (6) Administrative payroll taxes.
- (7) Administrative unemployment taxes.
- (8) Administrative group insurance.
- (9) Administrative general liability and worker's compensation insurance.
- (10) Directors' and officers' insurance or salaries.
- (11) Management fees.
- (12) Indirect business expenses and other costs related to the management of the facility including home office and other organizational costs.
- (13) Legal and professional fees.
- (14) Dues, conferences and publications.
- (15) Postage and telephone.
- (16) Administrative office supplies and equipment, including depreciation, rent, repairs, and maintenance as documented by a supplemental schedule which identifies the portion of repairs and maintenance, depreciation, and rent which applies to office supplies and equipment.
- (17) Data processing and bank charges.
- (18) Advertising.
- (19) Travel, entertainment and vehicle expenses not directly involving residents.

f. Facility rates shall be rebased using the cost report for the year covering state fiscal year 1996 and shall subsequently be rebased each four years. The department shall consider allowing special rate adjustments between rebasing cycles if:

- (1) An increase in the minimum wage occurs.
- (2) A change in federal regulations occurs which necessitates additional staff or expenditures for capital improvements, or a change in state or federal law occurs, or a court order with force of law mandates program changes which necessitate the addition of staff or other resources.
- (3) A decision is made by a facility to serve a significantly different client population or to otherwise make a dramatic change in program structure (documentation and verification will be required).
- (4) A facility increases or decreases licensed bed capacity by 20 percent or more.

g. Total patient days for purposes of the computation shall be inpatient days as determined in subrule 82.5(7) or 80 percent of the licensed capacity of the facility, whichever is greater. The reimbursement rate shall be determined by dividing total reported patient expenses by total patient days during the reporting period. This cost per day will be limited by an inflation increase which shall not exceed the percentage change in the Consumer Price Index. For the period beginning July 1, 2009, and ending June 30, 2010, the inflation increase shall be 3 percent, notwithstanding the percentage change in the Consumer Price Index.

h. State-owned ICFs/MR shall submit semiannual cost reports and shall receive semiannual rate adjustments based on actual costs of operation inflated by the percentage change in the Consumer Price Index. For the period beginning July 1, 2009, and ending June 30, 2010, costs of operation shall be inflated by 3 percent instead of the percentage change in the Consumer Price Index.

i. The projected reimbursement for the first annual period will be determined by multiplying the per diem rate calculated for the base period by the Consumer Price Index plus one.

(1) The projected reimbursement for each period thereafter (until rebasing) will be calculated by multiplying the lower of the prior year's actual or the projected reimbursement per diem by the Consumer Price Index plus one. For the period beginning July 1, 2009, and ending June 30, 2010, the projected reimbursement will be determined using a multiplier of 3 percent instead of the Consumer Price Index.

(2) If a facility experiences an increase in actual costs that exceeds both the actual reimbursement and the maximum allowable base cost as determined for that annual period, the facility shall receive as reimbursement in the following period the maximum allowable base as calculated.

This rule is intended to implement Iowa Code sections 249A.12 and 249A.16.

[ARC 8207B, IAB 10/7/09, effective 12/1/09; ARC 8446B, IAB 1/13/10, effective 2/17/10; ARC 0582C, IAB 2/6/13, effective 4/1/13; ARC 0995C, IAB 9/4/13, effective 11/1/13; ARC 2886C, IAB 1/4/17, effective 2/8/17]

441—82.6(249A) Eligibility for services.

82.6(1) *Interdisciplinary team.* The initial evaluation for admission shall be conducted by an interdisciplinary team. The team shall consist of a physician, a social worker, and other professionals. At least one member of the team shall be a qualified intellectual disability professional.

82.6(2) *Evaluation.* The evaluation shall include a comprehensive medical, social, and psychological evaluation. The comprehensive evaluation shall include:

a. Diagnoses, summaries of present medical, social and where appropriate, developmental findings, medical and social family history, mental and physical functional capacity, prognoses, range of service needs, and amounts of care required.

b. An evaluation of the resources available in the home, family, and community.

c. An explicit recommendation with respect to admission or in the case of persons who make application while in the facility, continued care in the facility. Where it is determined that intermediate care facility for persons with an intellectual disability services are required by an individual whose needs might be met through the use of alternative services which are currently unavailable, this fact shall be entered in the record, and plans shall be initiated for the active exploration of alternatives.

d. An individual plan for care shall include diagnosis, symptoms, complaints or complications indicating the need for admission, a description of the functional level of the resident; written objective; orders as appropriate for medications, treatments, restorative and rehabilitative services, therapies, diet, activities, social services, and special procedures designed to meet the objectives; and plans for continuing care, including provisions for review and necessary modifications of the plan, and discharge.

e. Written reports of the evaluation and the written individual plan of care shall be delivered to the facility and entered in the individual's record at the time of admission or, in the case of individuals already in the facility, immediately upon completion.

82.6(3) *Certification statement.* Eligible individuals may be admitted to an intermediate care facility for persons with an intellectual disability upon the certification of a physician that there is a necessity for care at the facility. For clients enrolled with a managed care organization, authorization for admission must be obtained from the managed care organization prior to admission. Eligibility shall continue as long as a valid need for the care exists.

82.6(4) Rescinded IAB 4/9/97, effective 6/1/97.

This rule is intended to implement Iowa Code section 249A.12.

[ARC 0582C, IAB 2/6/13, effective 4/1/13; ARC 2361C, IAB 1/6/16, effective 1/1/16]

441—82.7(249A) Initial approval for ICF/ID care.

82.7(1) *Referral through targeted case management.* Persons seeking ICF/ID placement shall be referred through targeted case management. The case management program shall:

a. Identify appropriate service alternatives;

b. Inform the person of the alternatives; and

c. Refer a person without appropriate alternatives to the department.

82.7(2) *Approval of placement by department.*

a. Within 30 days of receipt of a referral, the department shall:

- (1) Approve ICF/ID placement;
- (2) Offer a home- or community-based alternative; or
- (3) Refer the person back to the targeted case management program for further consideration of service needs.

b. Once ICF/ID placement is approved, including approval of ICF/ID level of care as described in subrule 82.7(3), the eligible person, or the person's representative, is free to seek placement in the facility of the person's or the person's representative's choice, subject to the provision of ICF/ID services through managed care pursuant to 441—Chapter 73.

82.7(3) Approval of level of care. Medicaid payment shall be made for ICF/ID care upon certification of need for this level of care by a licensed physician of medicine or osteopathy and approval by the Iowa Medicaid enterprise (IME) medical services unit.

82.7(4) Appeal rights. Notice of adverse action and right to appeal shall be given in accordance with 441—Chapter 7.

This rule is intended to implement Iowa Code section 249A.12 as amended by 2012 Iowa Acts, Senate File 2336, section 58.

[ARC 8207B, IAB 10/7/09, effective 12/1/09; ARC 8446B, IAB 1/13/10, effective 2/17/10; ARC 0191C, IAB 7/11/12, effective 7/1/12; ARC 0359C, IAB 10/3/12, effective 12/1/12; ARC 2361C, IAB 1/6/16, effective 1/1/16]

441—82.8(249A) Determination of need for continued stay. For clients not enrolled with a managed care organization, certification of need for continued stay shall be made according to procedures established by the Iowa Medicaid enterprise (IME) medical services unit. For all clients enrolled with a managed care organization, the managed care organization shall review the Medicaid client's need for continued care in an ICF/ID at least annually. The managed care organization must submit documentation to the IME medical services unit for all reviews that indicate a change in the client's level of care. The IME medical services unit shall make a final determination for any reviews that indicate a change in the level of care.

This rule is intended to implement Iowa Code section 249A.12.
[ARC 8207B, IAB 10/7/09, effective 12/1/09; ARC 8446B, IAB 1/13/10, effective 2/17/10; ARC 2361C, IAB 1/6/16, effective 1/1/16]

441—82.9(249A) Arrangements with residents.

82.9(1) Resident care agreement. The ICF/ID Resident Care Agreement, Form 470-0374, shall be used as a three-party contract among the facility, the resident, and the department to spell out the duties, rights, and obligation of all parties.

82.9(2) Financial participation by resident. A resident's payment for care may include any voluntary payments made by family members toward cost of care of the resident. The resident's client participation and medical payments from a third party shall be paid toward the total cost of care for the month before any Medicaid payment is made. Medicaid will pay the balance of the cost of care for the remainder of the month. The facility shall make arrangements directly with the resident for payment of client participation.

82.9(3) Personal needs account. When a facility manages the personal needs funds of a resident, it shall establish and maintain a system of accounting for expenditures from the resident's personal needs funds. The department shall charge back to the facility any maintenance item included in the computation of the audit cost that is charged to the resident's personal needs account when the charge constitutes double payment. Unverifiable expenditures charged to personal needs accounts may be charged back to the facility. The accounting system is subject to audit by representatives of the department of inspections and appeals and shall meet the following criteria:

a. Upon admittance, a ledger sheet shall be credited with the resident's total incidental money on hand. Thereafter, the ledger shall be kept current on a monthly basis. The facility may combine the accounting with the disbursement section showing the date, amount given the resident, and the resident's signature. A separate ledger shall be maintained for each resident.

b. When something is purchased for the resident and is not a direct cash disbursement, each expenditure item in the ledger shall be supported by a signed, dated receipt. The receipt shall indicate the article furnished for the resident's benefit.

c. Personal funds shall only be turned over to the resident, the resident's guardian, or other persons selected by the resident. With the consent of the resident, when the resident is able and willing to give consent, the administrator may turn over personal funds to a close relative or friend of the resident to purchase a particular item. A signed, itemized, dated receipt shall be required to be deposited in the resident's files.

d. The receipts for each resident shall be kept until canceled by auditors.

e. The ledger and receipts for each resident shall be made available for periodic audits by an accredited department of inspections and appeals representative. Audit certification shall be made by the department's representative at the bottom of the ledger sheet. Supporting receipts may then be destroyed.

f. Upon a member's death, a receipt shall be obtained from the next of kin or the member's guardian before releasing the balance of the personal needs funds. When the member has been receiving a grant from the department for all or part of the personal needs, any funds shall revert to the department. The department shall turn the funds over to the member's estate.

82.9(4) *Safeguarding personal property.* The facility shall safeguard the resident's personal possessions. Safeguarding shall include, but is not limited to:

a. Providing a method of identification of the resident's suitcases, clothing, and other personal effects, and listing these on an appropriate form attached to the resident's record at the time of admission. These records shall be kept current. Any personal effects released to a relative of the resident shall be covered by a signed receipt.

b. Providing adequate storage facilities for the resident's personal effects.

c. Ensuring that the resident is accorded privacy and uncensored communication with others by mail and telephone and with persons of the resident's choice except when therapeutic or security reasons dictate otherwise. Any limitations or restrictions imposed shall be approved by the administrator and the reasons noted shall be made a part of the resident's record.

This rule is intended to implement Iowa Code section 249A.12.

[ARC 8207B, IAB 10/7/09, effective 12/1/09; ARC 8446B, IAB 1/13/10, effective 2/17/10; ARC 0582C, IAB 2/6/13, effective 4/1/13; ARC 2361C, IAB 1/6/16, effective 1/1/16]

441—82.10(249A) Discharge and transfer.

82.10(1) *Notice.* When a Medicaid member requests transfer or discharge to a community setting, or another person requests this for the member, the administrator shall promptly notify a targeted case management provider. Names of local providers are available from the department's local office. This shall be done in sufficient time to permit a case manager to assist in the decision and planning for the transfer or discharge.

82.10(2) *Case activity report.* A Case Activity Report, Form 470-0042, shall be submitted to the department whenever a Medicaid applicant or member enters the facility, changes level of care, or is discharged from the facility.

82.10(3) *Plan.* The administrator and staff shall assist the resident in planning for transfer or discharge through development of a discharge plan.

82.10(4) *Transfer records.* When a resident is transferred to another facility, transfer information shall be summarized from the facility's records in a copy to accompany the resident. This information shall include:

a. A transfer form of diagnosis.

b. Aid to daily living information.

c. Transfer orders.

d. Nursing care plan.

e. Physician's or qualified intellectual disability professional's orders for care.

f. The resident's personal records.

g. When applicable, the personal needs fund record.

82.10(5) *Income refund.* When a resident leaves the facility during the month, any unused portion of the resident's income shall be refunded.

This rule is intended to implement Iowa Code section 249A.12.

[ARC 8207B, IAB 10/7/09, effective 12/1/09; ARC 8446B, IAB 1/13/10, effective 2/17/10; ARC 0582C, IAB 2/6/13, effective 4/1/13]

441—82.11(249A) Continued stay review. Rescinded **ARC 2361C**, IAB 1/6/16, effective 1/1/16.

441—82.12(249A) Quality of care review. Rescinded **ARC 2361C**, IAB 1/6/16, effective 1/1/16.

441—82.13(249A) Records.

82.13(1) Content. The facility shall as a minimum maintain the following records:

a. All records required by the department of public health and the department of inspections and appeals.

b. Medical records as required by Section 1902(a)(31) of Title XIX of the Social Security Act.

c. Records of all treatments, drugs and services for which vendors' payments have been made or are to be made under the medical assistance program, including the authority for and the date of administration of the treatment, drugs, or services.

d. Documentation in each resident's records which will enable the department to verify that each charge is due and proper prior to payment.

e. Financial records maintained in the standard, specified form including the facility's most recent audited cost report.

f. All other records as may be found necessary by the department in determining compliance with any federal or state law or rule or regulation promulgated by the United States Department of Health and Human Services or by the department.

g. Census records to include the date, number of residents at the beginning of each day, names of residents admitted, and names of residents discharged.

(1) Census information shall be provided for residents in skilled, intermediate, and residential care.

(2) Census figures for each type of care shall be totaled monthly to indicate the number admitted, the number discharged, and the number of patient days.

(3) Failure to maintain acceptable census records shall result in the per diem rate being computed on the basis of 100 percent occupancy and a request for refunds covering indicated recipients of nursing care which have not been properly accounted for.

h. Resident accounts.

i. Inservice education program records.

j. Inspection reports pertaining to conformity with federal, state, and local laws.

k. Residents' personal records.

l. Residents' medical records.

m. Disaster preparedness reports.

82.13(2) Retention. Records shall be retained in the facility for a minimum of five years or until an audit is performed on those records, whichever is longer.

82.13(3) Change of owner. All records shall be retained within the facility upon change of ownership.

This rule is intended to implement Iowa Code section 249A.12.

441—82.14(249A) Payment procedures.

82.14(1) Method of payment. Facilities shall be reimbursed under a cost-related vendor payment program. A per diem rate shall be established based on information submitted according to rule 441—82.5(249A).

82.14(2) Payment responsibility. Rescinded IAB 7/11/12, effective 7/1/12.

82.14(3) Rescinded IAB 8/9/89, effective 10/1/89.

82.14(4) Periods authorized for payment.

a. Payment shall be made on a per diem basis for the portion of the month the resident is in the facility.

b. Payment will be authorized as long as the resident is certified as needing care in an intermediate care facility for persons with an intellectual disability.

c. Payment will be approved for the day of admission but not the day of discharge or death.

d. Payment will be approved for periods the resident is absent to visit home for a maximum of 30 days annually. Additional days may be approved for special programs of evaluation, treatment or habilitation outside the facility. Documentation as to the appropriateness and therapeutic value of resident visits and outside programming, signed by a physician or qualified intellectual disability professional, shall be maintained at the facility.

e. Payment will be approved for a period not to exceed ten days in any calendar month when the resident is absent due to hospitalization. Medicaid payment to the facility may not be initiated while a resident is on reserve bed days unless the person was residing in the facility as a private pay resident prior to the hospitalization and returns to the facility as a resident.

f. Payment for periods when residents are absent for visitation or hospitalization from facilities with more than 15 beds will be made at 80 percent of the allowable audited costs for those beds. Facilities with 15 or fewer beds will be reimbursed at 95 percent of the allowable audited costs for those beds.

82.14(5) *Supplementation.* Only the amount of client participation may be billed to the resident for the cost of care. No supplementation of the state payment shall be made by any person.

EXCEPTION: The resident, the resident's family or friends may pay to hold the resident's bed in cases where a resident spends over 30 days on yearly visitation or spends over 10 days on a hospital stay. When the resident is not discharged from the facility, the payments shall not exceed 80 percent of the allowable audited costs for the facility, not to exceed the maximum reimbursement rate. When the resident is discharged, the facility may handle the holding of the reserved bed in the same manner as a private paying resident.

82.14(6) *Payment for out-of-state care.* Rescinded IAB 9/5/90, effective 11/1/90.

This rule is intended to implement Iowa Code section 249A.12 as amended by 2012 Iowa Acts, Senate File 2336, section 58.

[ARC 0191C, IAB 7/11/12, effective 7/1/12; ARC 0359C, IAB 10/3/12, effective 12/1/12; ARC 0582C, IAB 2/6/13, effective 4/1/13]

441—82.15(249A) Billing procedures.

82.15(1) *Claims.* Claims for service for clients not enrolled with a managed care organization must be sent to the Iowa Medicaid enterprise after the month of service and within 365 days of the date of service. Such claims must be submitted electronically through IME's electronic clearinghouse.

a. A remittance advice of the claims paid may be obtained through the Iowa Medicaid portal access (IMPA) system.

b. Adjustments to claims may be made electronically as provided for by the Iowa Medicaid enterprise.

82.15(2) Reserved.

This rule is intended to implement Iowa Code section 249A.12.

[ARC 2361C, IAB 1/6/16, effective 1/1/16]

441—82.16(249A) Closing of facility. When a facility is planning on closing, the department and the department's contracted managed care organizations with which the facility is enrolled shall be notified at least 60 days in advance of the closing. Plans for the transfer of residents receiving Medicaid shall be approved by the resident's managed care organization or by the Iowa Medicaid enterprise for residents not enrolled with a managed care organization.

This rule is intended to implement Iowa Code section 249A.12.

[ARC 2361C, IAB 1/6/16, effective 1/1/16]

441—82.17(249A) Audits.

82.17(1) *Audits of financial and statistical report.* Authorized representatives of the department or the Department of Health and Human Services shall have the right, upon proper identification, to audit, using generally accepted auditing procedures, the general financial records of a facility to determine if expenses reported on the Financial and Statistical Report, Form 470-0030, are reasonable and proper according to the rules set forth in 441—82.5(249A). These audits may be done either on the basis of an on-site visit to the facility, their central accounting office, or office(s) of their agents.

a. When a proper per diem rate cannot be determined, through generally accepted auditing procedures, the auditor shall examine and adjust the report to arrive at what appears to be an acceptable rate and shall recommend to the department that the indicated per diem should be reduced to 75 percent of the established payment rate for the ensuing fiscal period and if the situation is not remedied on the subsequent Financial and Statistical Report, Form 470-0030, the facility shall be suspended and eventually canceled from the intermediate care facility program, or

b. When a facility continues to include as an item of cost an item or items which had in a prior audit been removed by an adjustment in the total audited costs, the auditor shall recommend to the department that the per diem be reduced to 75 percent of the current payment rate for the ensuing fiscal period. The department may, after considering the seriousness of the exception, make the reduction.

82.17(2) *Auditing of proper billing and handling of patient funds.*

a. The Iowa Medicaid enterprise, the department's contracted managed care organizations, field auditors of the department of inspections and appeals and representatives of the U.S. Department of Health and Human Services, upon proper identification, shall have the right to audit billings to the department and receipts of client participation, to ensure that the facility is not receiving payment in excess of the contractual agreement and that all other aspects of the contractual agreement are being followed, as deemed necessary.

b. The Iowa Medicaid enterprise, the department's contracted managed care organizations, field auditors of the department of inspections and appeals and representatives of the U.S. Department of Health and Human Services, upon proper identification, shall have the right to audit records of the facility to determine proper handling of patient funds in compliance with subrule 82.9(3).

c. The auditor shall recommend and the department shall request repayment by the facility to either the department or the resident(s) involved, such sums inappropriately billed to the department or collected from the resident.

d. The facility shall have 60 days to review the audit and repay the requested funds or present supporting documentation which would indicate that the requested refund amount, or part thereof, is not justified.

e. When the facility fails to comply with paragraph "d" the requested refunds may be withheld from future payments to the facility. The withholding shall not be more than 25 percent of the average of the last six monthly payments to the facility. The withholding shall continue until the entire requested refund amount is recovered. If in the event the audit results indicate significant problems, the audit results may be referred to the attorney general's office for whatever action may be deemed appropriate.

f. When exceptions are taken during the scope of an audit which are similar in nature to the exceptions taken in a prior audit, the auditor shall recommend and the department may, after considering the seriousness of the exceptions, reduce payment to the facility to 75 percent of the current payment rate.

This rule is intended to implement Iowa Code section 249A.12.

[ARC 2361C, IAB 1/6/16, effective 1/1/16]

441—82.18(249A) Out-of-state facilities. Payment will be made for care in out-of-state intermediate care facilities for persons with an intellectual disability. Out-of-state facilities shall abide by the same policies as in-state facilities with the following exceptions:

82.18(1) Out-of-state providers will be reimbursed at the same intermediate care facility rate they are receiving for their state of residence.

82.18(2) Out-of-state facilities shall not submit financial and statistical reports as required in rule 441—81.6(249A).

82.18(3) Payment for periods when residents are absent for visitation or hospitalization will be made to out-of-state facilities at 80 percent of the rate paid to the facility by the Iowa Medicaid program. Out-of-state facilities with 15 or fewer beds shall be reimbursed at 95 percent of the rate paid to the facility by the Iowa Medicaid program.

This rule is intended to implement Iowa Code section 249A.12.

[ARC 0582C, IAB 2/6/13, effective 4/1/13]

441—82.19(249A) State-funded personal needs supplement. A Medicaid member living in an intermediate care facility for persons with an intellectual disability who has countable income for purposes of rule 441—75.16(249A) of less than \$50 per month shall receive a state-funded payment from the department for the difference between that countable income and \$50 if the legislature has appropriated funding specifically for this purpose. This payment shall not be considered a benefit under Title XIX of the Social Security Act.

This rule is intended to implement Iowa Code section 249A.30A.

CHAPTER 83
MEDICAID WAIVER SERVICES

PREAMBLE

Medicaid waiver services are services provided to maintain persons in their own homes or communities who would otherwise require care in a medical institution, including support for persons to seek and maintain employment in the community. Provision of these services must be cost-effective. Services are limited to certain targeted client groups for whom a federal waiver has been requested and approved. Services provided through the waivers are not available to other Medicaid recipients as the services are beyond the scope of the Medicaid state plan.

[ARC 2471C, IAB 3/30/16, effective 5/4/16]

DIVISION I—HCBS HEALTH AND DISABILITY WAIVER SERVICES

441—83.1(249A) Definitions.

“Attorney in fact under a durable power of attorney for health care” means an individual who is designated by a durable power of attorney for health care, pursuant to Iowa Code chapter 144B, as an agent to make health care decisions on behalf of an individual and who has consented to act in that capacity.

“Basic individual respite” means respite provided on a staff-to-consumer ratio of one to one or higher to individuals without specialized needs requiring the care of a licensed registered nurse or licensed practical nurse.

“Blind individual” means an individual who has a central visual acuity of 20/200 or less in the better eye with the use of corrective lens or visual field restriction to 20 degrees or less.

“Client participation” means the amount of the recipient income that the person must contribute to the cost of health and disability waiver services exclusive of medical vendor payments before Medicaid will participate.

“Deeming” means the specified amount of parental or spousal income and resources considered in determining eligibility for a child or spouse according to current supplemental security income guidelines.

“Disabled person” means an individual who is unable to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which has lasted or is expected to last for a continuous period of not less than 12 months. A child under the age of 18 is considered disabled if the child suffers a medically determinable physical or mental impairment of comparable severity.

“Financial participation” means client participation and medical payments from a third party including veterans’ aid and attendance.

“Group respite” is respite provided on a staff-to-consumer ratio of less than one to one.

“Guardian” means a guardian appointed in probate court.

“Intermediate care facility for persons with an intellectual disability level of care” means that the individual has a diagnosis of intellectual disability made in accordance with the criteria provided in the current version of the Diagnostic and Statistical Manual of Mental Disorders published by the American Psychiatric Association; or has a related condition as defined in 42 CFR 435.1009; and needs assistance in at least three of the following major life areas: mobility, musculoskeletal skills, activities of daily living, domestic skills, toileting, eating skills, vision, hearing or speech or both, gross/fine motor skills, sensory-taste, smell, tactile, academic skills, vocational skills, social/community skills, behavior, and health care.

“Intermittent homemaker service” means homemaker service provided from one to three hours a day for not more than four days per week.

“Intermittent respite service” means respite service provided from one to three times a week.

“Managed care organization” means an entity that (1) is under contract with the department to provide services to Medicaid recipients and (2) meets the definition of “health maintenance organization” as defined in Iowa Code section 514B.1.

“Medical assessment” means a visual and physical inspection of the consumer, noting deviations from the norm, and a statement of the consumer’s mental and physical condition that can be amendable to or resolved by appropriate actions of the provider.

“Medical institution” means a nursing facility or an intermediate care facility for persons with an intellectual disability which has been approved as a Medicaid vendor.

“Medical intervention” means consumer care in the areas of hygiene, mental and physical comfort, assistance in feeding and elimination, and control of the consumer’s care and treatment to meet the physical and mental needs of the consumer in compliance with the plan of care in areas of health, prevention, restoration, and maintenance.

“Medical monitoring” means observation for the purpose of assessing, preventing, maintaining, and treating disease or illness based on the consumer’s plan of care.

“Nursing facility level of care” means that the following conditions are met:

1. The presence of a physical or mental impairment which restricts the member’s daily ability to perform the essential activities of daily living, bathing, dressing, and personal hygiene, and impedes the member’s capacity to live independently.
2. The member’s physical or mental impairment is such that self-execution of required nursing care is improbable or impossible.

“Service plan” means a person-centered, outcome-based plan of services which is written by the member’s case manager with input and direction from the member and which addresses all relevant services and supports being provided. The service plan is developed by the interdisciplinary team, which includes the member and, if appropriate, the member’s legal representative, member’s family, service providers, and others directly involved with the member.

“Skilled nursing facility level of care” means that the following conditions are met:

1. The member’s medical condition requires skilled nursing services or skilled rehabilitation services as defined in 42 CFR 409.31(a), 409.32, and 409.34.
2. Services are provided in accordance with the general provisions for all Medicaid providers and services as described in rule 441—79.9(249A).
3. Documentation submitted for review indicates that the member has:
 - a. A physician order for all skilled services.
 - b. Services that require the skills of medical personnel, including registered nurses, licensed practical nurses, physical therapists, occupational therapists, speech pathologists, or audiologists.
 - c. An individualized care plan that identifies support needs.
 - d. Confirmation that skilled services are provided to the member.
 - e. Skilled services that are provided by, or under the supervision of, medical personnel as described above.
 - f. Skilled nursing services that are needed and provided seven days a week or skilled rehabilitation services that are needed and provided at least five days a week.

“Specialized respite” means respite provided on a staff-to-consumer ratio of one to one or higher to individuals with specialized medical needs requiring the care, monitoring or supervision of a licensed registered nurse or licensed practical nurse.

“Substantial gainful activity” means productive activities which add to the economic wealth, or produce goods or services to which the public attaches a monetary value.

“Third-party payments” means payments from an attorney, individual, institution, corporation, or public or private agency which is liable to pay part or all of the medical costs incurred as a result of injury, disease or disability by or on behalf of an applicant or a past or present recipient of medical assistance.

“Usual caregiver” means a person or persons who reside with the consumer and are available on a 24-hour-per-day basis to assume responsibility for the care of the consumer.

[ARC 0306C, IAB 9/5/12, effective 11/1/12; ARC 0757C, IAB 5/29/13, effective 8/1/13; ARC 2361C, IAB 1/6/16, effective 1/1/16; ARC 3874C, IAB 7/4/18, effective 8/8/18]

441—83.2(249A) Eligibility. To be eligible for health and disability waiver services, a person must meet certain eligibility criteria and be determined to need a service(s) allowable under the program.

83.2(1) Eligibility criteria.

a. The person must be under the age of 65 and blind or disabled as determined by the receipt of social security disability benefits or by a disability determination made through the department. Disability determinations are made according to supplemental security income guidelines under Title XVI of the Social Security Act.

b. Rescinded IAB 1/2/19, effective 2/6/19.

c. Persons shall meet the eligibility requirements of the supplemental security income program except for the following:

(1) The person is under 18 years of age, unmarried and not the head of a household and is ineligible for supplemental security income because of the deeming of the parent's(s') income.

(2) The person is married and is ineligible for supplemental security income because of the deeming of the spouse's income or resources.

(3) The person is ineligible for supplemental security income due to excess income and the person's income does not exceed 300 percent of the maximum monthly payment for one person under supplemental security income.

(4) The person is under 18 years of age and is ineligible for supplemental security income because of excess resources.

d. The person must be certified as being in need of nursing facility or skilled nursing facility level of care or as being in need of care in an intermediate care facility for persons with an intellectual disability, based on information submitted on a completed information submission tool Form 470-4694 for children aged 3 and under, the interRAI - Pediatric Home Care (PEDS-HC) for those aged 4 to 20, or the interRAI - Home Care (HC) for those aged 21 to 64 and other supporting documentation as relevant. Form 470-4694, the interRAI - Pediatric Home Care (PEDS-HC) and the interRAI - Home Care (HC) are available upon request from the IME medical services unit. Copies of the completed information submission tool for an individual are available to that individual from the individual's case manager or managed care organization.

(1) The member's designated case manager shall use the completed assessment to develop the comprehensive service plan as specified in rule 441—90.5(249A).

(2) The IME medical services unit shall be responsible for the initial determination of the member's level of care certification. The IME medical services unit or the member's managed care organization shall be responsible for annual redetermination of the level of care.

(3) Health and disability waiver services will not be provided when the person is an inpatient in a medical institution.

(4) The managed care organization must submit documentation to the IME medical services unit for all reassessments, performed at least annually, which indicate a change in the member's level of care. The IME medical services unit shall make a final determination for any reassessments which indicate a change in the level of care. If the level of care reassessment indicates no change in level of care, the member is approved to continue at the already established level of care.

e. To be eligible for interim medical monitoring and treatment services the consumer must be:

(1) Under the age of 21;

(2) Currently receiving home health agency services under rule 441—78.9(249A) and require medical assessment, medical monitoring, and regular medical intervention or intervention in a medical emergency during those services. (The home health aide services for which the consumer is eligible must be maximized before the consumer accesses interim medical monitoring and treatment.);

(3) Residing in the consumer's family home or foster family home; and

(4) In need of interim medical monitoring and treatment as ordered by a physician or a physician assistant.

f. The person must meet income and resource guidelines for Medicaid as if in a medical institution pursuant to 441—Chapter 75. When a husband and wife who are living together both apply for the waiver, income and resource guidelines as specified at 441—paragraphs 75.5(2) "b" and 75.5(4) "c" shall be applied.

g. The person must have service needs that can be met by this waiver program. At a minimum a person must receive one billable unit of service under the waiver per calendar quarter.

h. To be eligible for the consumer choices option as set forth in 441—subrule 78.34(13), a person cannot be living in a residential care facility.

83.2(2) Need for services.

a. The member shall have a service plan approved by the department which is developed by the designated case manager. This service plan must be completed prior to services provision and annually thereafter.

The designated case manager shall establish the interdisciplinary team for the member and, with the team, identify the member's need for service based on the member's needs and desires as well as the availability and appropriateness of services, using the following criteria:

(1) This service plan shall be based, in part, on information in the completed information submission tool listed in paragraph 83.2(1)“d” and other supporting documentation as relevant. The designated case manager shall have a face-to-face visit with the member at least quarterly.

(2) Service plans for persons aged 20 or under shall be developed to reflect use of all appropriate nonwaiver Medicaid services and so as not to replace or duplicate those services. The designated case manager shall list all nonwaiver Medicaid services in the service plan.

(3) Service plans for persons aged 20 or under that include home health or nursing services shall not be approved until a home health agency has made a request to cover the member's service needs through nonwaiver Medicaid services.

b. Except as provided below, the total monthly cost of the health and disability waiver services, excluding the cost of home and vehicle modification services, shall not exceed the established aggregate monthly cost for level of care as follows:

<u>Skilled level of care</u>	<u>Nursing level of care</u>	<u>ICF/ID</u>
\$2,792.65	\$959.50	\$3,742.93

For members enrolled in the health and disability waiver in accordance with subrule 83.2(1), when a member turns 21 years of age, the average monthly cost of services received through 441—subrule 78.9(10) (state plan private duty nursing or personal care services for persons aged 20 and under) shall be used to increase the monthly waiver budget in accordance with the following:

(1) The member must request the revised waiver budget through the member's case manager no earlier than two months before, and no later than six months after, the member's twenty-first birthday. A renewal request must be received annually no earlier than two months before, and no later than six months after, each subsequent birthday.

(2) The member's waiver budget shall be increased by the average monthly cost of state plan private duty nursing or personal care services for the member that was billed to and paid by Iowa Medicaid or an Iowa Medicaid-contracted managed care organization during the year in which the member is 20 years of age.

(3) Once the request is received by the department, the department shall determine the average monthly cost pursuant to the claims data available at the time of the request. No subsequent claims data shall be considered.

(4) The revised waiver budget reflecting the average cost of state plan private duty nursing or personal care services shall become effective on the later of the first day of the month of the member's twenty-first birthday or the first day of the month of the completed review.

(5) The revised waiver budget shall extend up to the first of the month following the member's twenty-fifth birthday and shall remain at the initially authorized amount for the member while aged 21 through 24.

c. Interim medical monitoring and treatment services must be needed because all usual caregivers are unavailable to provide care due to one of the following circumstances:

(1) Employment. Interim medical monitoring and treatment services are to be received only during hours of employment.

(2) Academic or vocational training. Interim medical monitoring and treatment services provided while a usual caregiver participates in postsecondary education or vocational training shall be limited to 24 periods of no more than 30 days each per caregiver as documented by the service worker or targeted case manager. Time spent in high school completion, adult basic education, GED, or English as a second language does not count toward the limit.

(3) Absence from the home due to hospitalization, treatment for physical or mental illness, or death of the usual caregiver. Interim medical monitoring and treatment services under this subparagraph are limited to a maximum of 30 days.

(4) Search for employment.

1. Care during job search shall be limited to only those hours the usual caregiver is actually looking for employment, including travel time.

2. Interim medical monitoring and treatment services may be provided under this paragraph only during the execution of one job search plan of up to 30 working days in a 12-month period, approved by the department service worker or targeted case manager pursuant to 441—subparagraph 170.2(2) “b”(5).

3. Documentation of job search contacts shall be furnished to the department service worker or targeted case manager.

[ARC 0306C, IAB 9/5/12, effective 11/1/12; ARC 0548C, IAB 1/9/13, effective 1/1/13; ARC 0665C, IAB 4/3/13, effective 6/1/13; ARC 0757C, IAB 5/29/13, effective 8/1/13; ARC 0842C, IAB 7/24/13, effective 7/1/13; ARC 1056C, IAB 10/2/13, effective 11/6/13; ARC 1445C, IAB 4/30/14, effective 7/1/14; ARC 2361C, IAB 1/6/16, effective 1/1/16; ARC 2848C, IAB 12/7/16, effective 11/15/16; ARC 2936C, IAB 2/1/17, effective 3/8/17; ARC 3184C, IAB 7/5/17, effective 8/9/17; ARC 4209C, IAB 1/2/19, effective 2/6/19]

441—83.3(249A) Application.

83.3(1) *Application for HCBS health and disability waiver services.* The application process as specified in rules 441—76.1(249A) to 441—76.6(249A) shall be followed.

83.3(2) *Application and services program limit.* The number of persons who may be approved for the HCBS health and disability waiver shall be subject to the number of members to be served as set forth in the federally approved HCBS health and disability waiver. The number of members to be served is set forth at the time of each five-year renewal of the waiver or in amendments to the waiver approved by the Centers for Medicare and Medicaid Services (CMS). When the number of applicants exceeds the number of members specified in the approved waiver, the applicant’s name shall be placed on a waiting list maintained by the bureau of long-term care.

a. The county department office shall enter all waiver applications into the individualized services information system (ISIS) to determine if a payment slot is available.

(1) For applicants not currently receiving Medicaid, the county department office shall make the entry by the end of the fifth working day after receipt of a completed Form 470-2927 or 470-2927(S), Health Services Application, or within five working days after receipt of disability determination, whichever is later.

(2) For current Medicaid members, the county department office shall make the entry by the end of the fifth working day after receipt of a written request signed and dated by the applicant.

(3) A payment slot shall be assigned to the applicant upon confirmation of an available slot.

(4) Once a payment slot is assigned, the county department office shall give written notice to the applicant. The department shall hold the payment slot for the applicant as long as reasonable efforts are being made to arrange services and the applicant has not been determined to be ineligible for the program. If services have not been initiated and reasonable efforts are no longer being made to arrange services, the slot shall revert for use by the next person on the waiting list, if applicable. The applicant originally assigned the slot must reapply for a new slot.

b. If no payment slot is available, the department shall enter persons on a waiting list according to the following:

(1) Applicants not currently eligible for Medicaid shall be entered on the waiting list on the basis of the date a completed Form 470-2927 or 470-2927(S), Health Services Application, is received by the department or upon receipt of disability determination, whichever is later.

(2) Applicants currently eligible for Medicaid shall be added to the waiting list on the basis of the date a request as specified in 83.3(2)“a”(2) is received by the department.

(3) In the event that more than one application is received at one time, persons shall be entered on the waiting list on the basis of the month of birth, January being month one and the lowest number.

(4) Applicants who do not fall within the available slots shall have their application rejected, and their names shall be maintained on the waiting list. They shall be contacted to reapply as slots become available based on their order on the waiting list so that the number of approved persons on the program is maintained. The bureau of long-term care shall contact the county department office when a slot becomes available.

(5) Once a payment slot is assigned, the county department office shall give written notice to the person within five working days. The department shall hold the payment slot for 30 days for the person to file a new application. If an application has not been filed within 30 days, the slot shall revert for use by the next person on the waiting list, if applicable. The person originally assigned the slot must reapply for a new slot.

c. The county department office shall notify the bureau of long-term care within five working days of the receipt of an application and of any action on or withdrawal of an application.

83.3(3) Approval of application.

a. Applications for the HCBS health and disability waiver program shall be processed in 30 days unless one or more of the following conditions exist:

(1) An application has been filed and is pending for federal supplemental security income benefits.

(2) The application is pending because the department has not received information which is beyond the control of the client or the department.

(3) The application is pending due to the disability determination process performed through the department.

(4) The application is pending because a level of care determination has not been made although the required assessment has been submitted to the IME medical services unit.

(5) The application is pending because the required assessment has not been completed. When a determination is not completed 90 days from the date of application due to the lack of a completed assessment, the application shall be denied.

b. Decisions shall be mailed or given to the applicant on the date when income maintenance eligibility and level of care determinations are completed.

c. An applicant must be given the choice between HCBS health and disability waiver services and institutional care. The applicant, parent, guardian, or attorney in fact under a durable power of attorney for health care shall sign the assessment and indicate that the applicant has elected home- and community-based services.

d. Waiver services provided prior to approval of eligibility for the waiver cannot be paid.

e. A member may be enrolled in only one waiver program at a time. Costs for waiver services are not reimbursable while the member is in a medical institution (hospital or nursing facility) or residential facility. Services may not be simultaneously reimbursed for the same time period as Medicaid or other Medicaid waiver services.

83.3(4) Effective date of eligibility.

a. Deeming of parental or spousal income and resources ceases and eligibility shall be effective on the date the income and resource eligibility and level of care determinations are completed but shall not be earlier than the first of the month following the date of application.

b. The effective date of eligibility for the health and disability waiver for persons who qualify for Medicaid due to eligibility for the waiver services and to whom paragraphs 83.3(4)“a” and “c” do not apply is the date on which the income eligibility and level of care determinations are completed.

c. Eligibility for persons covered under subparagraph 83.2(1)“c”(3) shall exist on the date the income and resource eligibility and level of care determinations are completed but shall not be earlier than the first of the month following the date of application.

d. Eligibility continues until the member has been in a medical institution for 120 consecutive days for other than respite care. Members who are inpatients in a medical institution for 120 or more

consecutive days for other than respite care shall be terminated from health and disability waiver services and reviewed for eligibility for other Medicaid coverage groups. The member will be notified of that decision through Form 470-0602, Notice of Decision. If the member returns home before the effective date of the notice of decision and the member's condition has not substantially changed, the denial may be rescinded and eligibility may continue.

83.3(5) Attribution of resources. For the purposes of attributing resources as provided in rule 441—75.5(249A), the date on which the waiver applicant met the level of care criteria in a medical institution as established by the peer review organization shall be used as the date of entry to the medical institution. Only one attribution of resources shall be completed per person. Attributions completed for prior institutionalizations shall be applied to the waiver application.

[ARC 0306C, IAB 9/5/12, effective 11/1/12; ARC 0757C, IAB 5/29/13, effective 8/1/13; ARC 2361C, IAB 1/6/16, effective 1/1/16; ARC 3184C, IAB 7/5/17, effective 8/9/17; ARC 3234C, IAB 8/2/17, effective 9/6/17]

441—83.4(249A) Financial participation. Persons must contribute their predetermined financial participation to the cost of health and disability waiver services or other Medicaid services, as applicable.

83.4(1) Maintenance needs of the individual. The maintenance needs of the individual shall be computed by deducting an amount which is 300 percent of the maximum monthly payment for one person under supplemental security income (SSI) from the client's total income.

83.4(2) Limitation on payment. If the sum of the third-party payment and client participation equals or exceeds the reimbursement established by the service worker or targeted case manager for health and disability waiver services, Medicaid shall make no payments to health and disability waiver service providers. However, Medicaid shall make payments to other medical vendors, as applicable.

83.4(3) Maintenance needs of spouse and other dependents. Rescinded IAB 4/9/97, effective 6/1/97.
[ARC 0757C, IAB 5/29/13, effective 8/1/13]

441—83.5(249A) Redetermination. A complete redetermination of eligibility for the health and disability waiver shall be completed at least once every 12 months or when there is significant change in the person's situation or condition.

A redetermination of continuing eligibility factors shall be made in accordance with rules 441—76.7(249A) and 441—83.2(249A). A redetermination shall include verification of the existence of a current service plan meeting the requirements listed in rule 441—83.7(249A).

83.5(1) The IME medical services unit or the member's managed care organization shall be responsible for annual redetermination of the level of care.

83.5(2) The managed care organization must submit documentation to the IME medical services unit for all reassessments, performed at least annually, which indicate a change in the member's level of care. The IME medical services unit shall make a final determination for any reassessments which indicate a change in the level of care. If the level of care reassessment indicates no change in level of care, the member is approved to continue at the already established level of care.

[ARC 0757C, IAB 5/29/13, effective 8/1/13; ARC 2361C, IAB 1/6/16, effective 1/1/16]

441—83.6(249A) Allowable services. Services allowable under the health and disability waiver are homemaker, home health, adult day care, respite care, nursing, counseling, consumer-directed attendant care, interim medical monitoring and treatment, home and vehicle modification, personal emergency response system, home-delivered meals, nutritional counseling, financial management, independent support brokerage, self-directed personal care, self-directed community supports and employment, and individual-directed goods and services as set forth in rule 441—78.34(249A).

[ARC 0757C, IAB 5/29/13, effective 8/1/13]

441—83.7(249A) Service plan. A service plan shall be prepared for health and disability waiver members in accordance with 441—paragraph 90.5(1) "b." Service plans for both children and adults shall be completed every 12 months or when there is significant change in the person's situation or condition.

83.7(1) The service plan shall include the frequency of the health and disability waiver services and the types of providers who will deliver the services.

83.7(2) The service plan shall indicate whether the member has elected the consumer choices option. If the member has elected the consumer choices option, the service plan shall identify:

- a. The independent support broker selected by the member; and
- b. The financial management service selected by the member.

83.7(3) The service plan shall also list all nonwaiver Medicaid services.

83.7(4) The service plan shall identify a plan for emergencies and the supports available to the member in an emergency.

[ARC 0757C, IAB 5/29/13, effective 8/1/13; ARC 2361C, IAB 1/6/16, effective 1/1/16]

441—83.8(249A) Adverse service actions.

83.8(1) Denial. An application for services shall be denied when it is determined by the department that:

- a. The client is not eligible for or in need of services.
- b. Needed services are not available or received from qualified providers.
- c. Service needs exceed the aggregate monthly costs established in 83.2(2) “b,” or are not met by the services provided.
- d. Needed services are not available or received from qualifying providers.

83.8(2) Termination. A particular service may be terminated when the department determines that:

- a. The provisions of 441—paragraph 130.5(2) “a,” “b,” “c,” “g,” or “h” apply.
- b. The costs of the health and disability waiver service for the person exceed the aggregate monthly costs established in 83.2(2) “b.”
- c. The member receives care in a hospital, nursing facility, or intermediate care facility for persons with an intellectual disability for 120 days in any one stay for purposes other than respite care.
- d. The member receives health and disability waiver services and the physical or mental condition of the member requires more care than can be provided in the member’s own home as determined by the designated case manager.
- e. Service providers are not available.

83.8(3) Reduction of services shall apply as in 441—subrule 130.5(3), paragraphs “a” and “b.”

[ARC 0306C, IAB 9/5/12, effective 11/1/12; ARC 0757C, IAB 5/29/13, effective 8/1/13; ARC 3184C, IAB 7/5/17, effective 8/9/17; ARC 3234C, IAB 8/2/17, effective 9/6/17]

441—83.9(249A) Appeal rights. Notice of adverse action and right to appeal shall be given in accordance with 441—Chapter 7 and rule 441—130.5(234). The applicant or recipient is entitled to have a review of the level of care determination by the IME medical services unit by sending a letter requesting a review to the IME medical services unit. If dissatisfied with that decision, the applicant or recipient may file an appeal with the department.

441—83.10(249A) County reimbursement. Rescinded IAB 4/9/97, effective 6/1/97.

441—83.11(249A) Conversion to the X-PERT system. Rescinded IAB 8/7/02, effective 10/1/02.

These rules are intended to implement Iowa Code sections 249A.3 and 249A.4.

441—83.12 to 83.20 Reserved.

DIVISION II—HCBS ELDERLY WAIVER SERVICES

441—83.21(249A) Definitions.

“*Attorney in fact under a durable power of attorney for health care*” means an individual who is designated by a durable power of attorney for health care, pursuant to Iowa Code chapter 144B, as an agent to make health care decisions on behalf of an individual and who has consented to act in that capacity.

“*Basic individual respite*” means respite provided on a staff-to-consumer ratio of one to one or higher to individuals without specialized needs requiring the care of a licensed registered nurse or licensed practical nurse.

“*Client participation*” means the amount of the recipient income that the person must contribute to the cost of elderly waiver services exclusive of medical vendor payments before Medicaid will participate.

“*Group respite*” is respite provided on a staff-to-consumer ratio of less than one to one.

“*Guardian*” means a guardian appointed in probate court.

“*Interdisciplinary team*” means a collection of persons with varied professional backgrounds who develop one plan of care to meet a client’s need for services.

“*Managed care organization*” means an entity that (1) is under contract with the department to provide services to Medicaid recipients and (2) meets the definition of “health maintenance organization” as defined in Iowa Code section 514B.1.

“*Medical institution*” means a nursing facility which has been approved as a Medicaid vendor.

“*Nursing facility level of care*” means that the following conditions are met:

1. The presence of a physical or mental impairment which restricts the member’s daily ability to perform the essential activities of daily living, bathing, dressing, and personal hygiene, and impedes the member’s capacity to live independently.

2. The member’s physical or mental impairment is such that self-execution of required nursing care is improbable or impossible.

“*Service plan*” means a person-centered, outcome-based plan of services which is written by the member’s case manager with input and direction from the member and which addresses all relevant services and supports being provided. The service plan is developed by the interdisciplinary team, which includes the member and, if appropriate, the member’s legal representative, member’s family, service providers, and others directly involved with the member.

“*Skilled nursing facility level of care*” means that the following conditions are met:

1. The member’s medical condition requires skilled nursing services or skilled rehabilitation services as defined in 42 CFR 409.31(a), 409.32, and 409.34.

2. Services are provided in accordance with the general provisions for all Medicaid providers and services as described in rule 441—79.9(249A).

3. Documentation submitted for review indicates that the member has:

a. A physician order for all skilled services.

b. Services that require the skills of medical personnel, including registered nurses, licensed practical nurses, physical therapists, occupational therapists, speech pathologists, or audiologists.

c. An individualized care plan that identifies support needs.

d. Confirmation that skilled services are provided to the member.

e. Skilled services that are provided by, or under the supervision of, medical personnel as described above.

f. Skilled nursing services that are needed and provided seven days a week or skilled rehabilitation services that are needed and provided at least five days a week.

“*Specialized respite*” means respite provided on a staff-to-consumer ratio of one to one or higher to individuals with specialized medical needs requiring the care, monitoring or supervision of a licensed registered nurse or licensed practical nurse.

“*Third-party payments*” means payments from an individual, institution, corporation, or public or private agency which is liable to pay part or all of the medical costs incurred as a result of injury, disease or disability by or on behalf of an applicant or a past or present recipient of medical assistance.

“*Usual caregiver*” means a person or persons who reside with the consumer and are available on a 24-hour-per-day basis to assume responsibility for the care of the consumer.

[ARC 2361C, IAB 1/6/16, effective 1/1/16; ARC 3874C, IAB 7/4/18, effective 8/8/18]

441—83.22(249A) Eligibility. To be eligible for elderly waiver services a person must meet certain eligibility criteria and be determined to need a service(s) allowable under the program.

83.22(1) Eligibility criteria. All of the following criteria must be met. The person must be:

a. Sixty-five years of age or older.

b. A resident of the state of Iowa.

c. Eligible for Medicaid as if in a medical institution pursuant to 441—Chapter 75. When a husband and wife who are living together both apply for the waiver, income and resource guidelines as specified at 441—paragraphs 75.5(2)“b” and 75.5(4)“c” shall be applied.

d. Certified as being in need of the intermediate or skilled level of care based, in part, on information submitted on the interRAI - Home Care (HC). The interRAI - Home Care (HC) is available on request from IME medical services unit and other supporting documentation as relevant. Copies of the completed interRAI - Home Care (HC) for an individual are available to that individual from the individual’s case manager or managed care organization.

(1) The assessment shall be completed when the person applies for waiver services, upon request to report a significant change in the person’s condition, and annually for reassessment of the person’s level of care. The IME medical services unit shall be responsible for determination of the initial level of care.

(2) The IME medical services unit or the member’s managed care organization shall be responsible for annual redetermination of the level of care.

(3) Elderly waiver services will not be provided when the person is an inpatient in a medical institution.

(4) The managed care organization must submit documentation to the IME medical services unit for all reassessments, performed at least annually, which indicate a change in the member’s level of care. The IME medical services unit shall make a final determination for any reassessments which indicate a change in the level of care. If the level of care reassessment indicates no change in level of care, the member is approved to continue at the already established level of care.

e. Determined to need services as described in subrule 83.22(2).

f. Rescinded IAB 10/11/06, effective 10/1/06.

g. For the consumer choices option as set forth in rule 441—subrule 78.37(16), residing in a living arrangement other than a residential care facility.

83.22(2) Need for services, service plan, and cost.

a. *Case management.* Consumers under the elderly waiver shall receive case management services from a provider qualified pursuant to rule 441—77.29(249A). Case management services shall be provided as set forth in rules 441—90.5(249A) and 441—90.8(249A).

b. *Interdisciplinary team.* The case manager shall establish an interdisciplinary team for the consumer.

(1) *Composition.* The interdisciplinary team shall include the case manager and the consumer and, if appropriate, the consumer’s legal representative, family, service providers, and others directly involved in the consumer’s care.

(2) *Role.* The team shall identify:

1. The consumer’s need for services based on the consumer’s needs and desires.

2. Available and appropriate services to meet the consumer’s needs.

3. Health and safety issues for the consumer that indicate the need for an emergency plan, based on a risk assessment conducted before the team meeting.

4. Emergency backup support and a crisis response system to address problems or issues arising when support services are interrupted or delayed or when the consumer’s needs change.

c. *Service plan.* An applicant for elderly waiver services shall have a service plan developed by a qualified provider of case management services under the elderly waiver.

(1) Services included in the service plan shall be appropriate to the problems and specific needs or disabilities of the consumer.

(2) Services must be the least costly available to meet the service needs of the member. The total monthly cost of the elderly waiver services exclusive of case management services shall not exceed the established monthly cost of the level of care. Aggregate monthly costs, excluding the cost of case management and home and vehicle modifications, are limited as follows:

Skilled level of care

\$2,792.65

Nursing level of care

\$1,365.78

- (3) The service plan must be completed before services are provided.
- (4) The service plan must be reviewed at least annually and when there is any significant change in the consumer's needs.

d. Content of service plan. The service plan shall include the following information based on the consumer's current assessment and service needs:

- (1) Observable or measurable individual goals.
- (2) Interventions and supports needed to meet those goals.
- (3) Incremental action steps, as appropriate.
- (4) The names of staff, people, businesses, or organizations responsible for carrying out the interventions or supports.
- (5) The desired individual outcomes.
- (6) The identified activities to encourage the consumer to make choices, to experience a sense of achievement, and to modify or continue participation in the service plan.
- (7) Description of any restrictions on the consumer's rights, including the need for the restriction and a plan to restore the rights. For this purpose, rights include maintenance of personal funds and self-administration of medications.
- (8) A list of all Medicaid and non-Medicaid services that the consumer received at the time of waiver program enrollment that includes:
 - 1. The name of the service provider responsible for providing the service.
 - 2. The funding source for the service.
 - 3. The amount of service that the consumer is to receive.
- (9) Indication of whether the consumer has elected the consumer choice option and, if so, the independent support broker and the financial management service that the consumer has selected.
- (10) The determination that the services authorized in the service plan are the least costly.
- (11) A plan for emergencies that identifies the supports available to the consumer in situations for which no approved service plan exists and which, if not addressed, may result in injury or harm to the consumer or other persons or in significant amounts of property damage. Emergency plans shall include:
 - 1. The consumer's risk assessment and the health and safety issues identified by the consumer's interdisciplinary team.
 - 2. The emergency backup support and crisis response system identified by the interdisciplinary team.
 - 3. Emergency, backup staff designated by providers for applicable services.

83.22(3) Providers—standards. Rescinded IAB 10/11/06, effective 10/1/06.
[ARC 7957B, IAB 7/15/09, effective 7/1/09; ARC 0191C, IAB 7/11/12, effective 7/1/12; ARC 0306C, IAB 9/5/12, effective 11/1/12; ARC 0359C, IAB 10/3/12, effective 12/1/12; ARC 0548C, IAB 1/9/13, effective 1/1/13; ARC 0665C, IAB 4/3/13, effective 6/1/13; ARC 0842C, IAB 7/24/13, effective 7/1/13; ARC 1056C, IAB 10/2/13, effective 11/6/13; ARC 1445C, IAB 4/30/14, effective 7/1/14; ARC 2361C, IAB 1/6/16, effective 1/1/16; ARC 2848C, IAB 12/7/16, effective 11/15/16; ARC 2936C, IAB 2/1/17, effective 3/8/17; ARC 3184C, IAB 7/5/17, effective 8/9/17]

441—83.23(249A) Application.

83.23(1) Application for HCBS elderly waiver. The application process as specified in rules 441—76.1(249A) to 441—76.6(249A) shall be followed.

83.23(2) Application for services. Rescinded IAB 12/6/95, effective 2/1/96.

83.23(3) Approval of application.

a. Applications for the elderly waiver program shall be processed in 30 days unless the worker can document difficulty in locating and arranging services or circumstances beyond the worker's control. In these cases a decision shall be made as soon as possible.

b. Decisions shall be mailed or given to the applicant on the date when both service and income maintenance eligibility determinations are completed.

c. An applicant must be given the choice between elderly waiver services and institutional care. The applicant, guardian, or attorney in fact under a durable power of attorney for health care shall sign the information submission tool specified in 83.22(1) "d," indicating that the applicant has elected waiver services.

d. Waiver services provided prior to approval of eligibility for the waiver cannot be paid.

83.23(4) Effective date of eligibility.

a. The effective date of eligibility is the date on which the income eligibility and level of care determinations are completed.

b. Eligibility for persons whose income exceeds supplemental security income guidelines shall not exist until the persons require care in a medical institution for a period of 30 consecutive days and shall be effective no earlier than the first day of the month in which the 30-day period begins.

c. Eligibility continues until the consumer has been in a medical institution for 120 consecutive days for other than respite care or fails to meet eligibility criteria listed in rule 441—83.22(249A). Consumers who are inpatients in a medical institution for 120 or more consecutive days for other than respite care shall be terminated from elderly waiver services and reviewed for eligibility for other Medicaid coverage groups. The consumer will be notified of that decision through Form 470-0602, Notice of Decision. If the consumer returns home before the effective date of the notice of decision and the consumer's condition has not substantially changed, the denial may be rescinded and eligibility may continue.

83.23(5) Attribution of resources. For the purposes of attributing resources as provided in rule 441—75.5(249A), the date on which the waiver applicant met the level of care criteria in a medical institution as established by the peer review organization shall be used as the date of entry to the medical institution. Only one attribution of resources shall be completed per person. Attributions completed for prior institutionalizations shall be applied to the waiver application.

[ARC 0306C, IAB 9/5/12, effective 11/1/12; ARC 2361C, IAB 1/6/16, effective 1/1/16; ARC 3184C, IAB 7/5/17, effective 8/9/17; ARC 3234C, IAB 8/2/17, effective 9/6/17]

441—83.24(249A) Client participation. Persons must contribute their predetermined client participation to the cost of elderly waiver services.

83.24(1) Computation of client participation. Client participation shall be computed by deducting an amount for the maintenance needs of the individual which is 300 percent of the maximum SSI grant for an individual from the client's total income.

83.24(2) Limitation on payment. If the sum of the third-party payment and client participation equals or exceeds the reimbursement established by the service worker, Medicaid will make no payments for elderly waiver service providers. However, Medicaid will make payments to other medical vendors.

441—83.25(249A) Redetermination. A complete redetermination of eligibility for elderly waiver services shall be done at least once every 12 months.

A redetermination of continuing eligibility factors shall be made when a change in circumstances occurs that affects eligibility in accordance with rule 441—83.22(249A). A redetermination shall contain the components listed in rule 441—83.27(249A).

83.25(1) The IME medical services unit or the member's managed care organization shall be responsible for annual redetermination of the level of care.

83.25(2) The managed care organization must submit documentation to the IME medical services unit for all reassessments, performed at least annually, which indicate a change in the member's level of care. The IME medical services unit shall make a final determination for any reassessments which indicate a change in the level of care. If the level of care reassessment indicates no change in level of care, the member is approved to continue at the already established level of care.

[ARC 2361C, IAB 1/6/16, effective 1/1/16]

441—83.26(249A) Allowable services. Services allowable under the elderly waiver are case management, adult day care, emergency response system, homemaker, home health aide, nursing, respite care, chore, home-delivered meals, home and vehicle modification, mental health outreach, transportation, nutritional counseling, assistive devices, senior companions, consumer-directed attendant care, financial management, independent support brokerage, self-directed personal care, self-directed community supports and employment, and individual-directed goods and services as set forth in rule 441—78.37(249A).

441—83.27(249A) Service plan. The service plan shall be completed jointly by the consumer, the elderly waiver case manager, and any other person identified by the consumer.

83.27(1) The service plan shall indicate whether the consumer has elected the consumer choices option. If the consumer has elected the consumer choices option, the service plan shall identify:

- a. The independent support broker selected by the consumer; and
- b. The financial management service selected by the consumer.

83.27(2) The service plan shall identify a plan for emergencies and the supports available to the consumer in an emergency.

441—83.28(249A) Adverse service actions.

83.28(1) Denial. An application for services shall be denied when it is determined by the department that:

- a. The client is not eligible for or in need of services.
- b. Except for respite care, the elderly waiver services are not needed on a regular basis.
- c. Service needs exceed the aggregate monthly costs established in 83.22(2) “b,” or are not met by services provided.
- d. Needed services are not available or received from qualifying providers.
- e. Rescinded IAB 3/2/94, effective 3/1/94.

83.28(2) Termination. A particular service may be terminated when the department determines that:

- a. The provisions of 441—subrule 130.5(2), paragraph “a,” “b,” “c,” “d,” “g,” or “h” apply.
- b. The costs of the elderly waiver services for the person exceed the aggregate monthly costs established in 83.22(2) “b.”

- c. The client receives care in a hospital or nursing facility for 120 days in any one stay for purposes other than respite care.

- d. The client receives elderly waiver services and the physical or mental condition of the client requires more care than can be provided in the client’s own home as determined by the case manager and the interdisciplinary team.

- e. Service providers are not available.

83.28(3) Reduction of services shall apply as in 441—subrule 130.5(3), paragraphs “a” and “b.”
[ARC 3234C, IAB 8/2/17, effective 9/6/17]

441—83.29(249A) Appeal rights. Notice of adverse action and right to appeal shall be given in accordance with 441—Chapter 7 and rule 441—130.5(234).

[ARC 0306C, IAB 9/5/12, effective 11/1/12]

441—83.30(249A) Enhanced services. When a household has one person receiving service in accordance with rules set forth in 441—Chapter 24 and another receiving elderly waiver services, the persons providing case management shall cooperate to make the best plan for both clients. When a person is eligible for services as set forth in 441—Chapter 24 and eligible for services under the elderly waiver, the person’s primary diagnosis will determine which services shall be used.

441—83.31(249A) Conversion to the X-PERT system. Rescinded IAB 8/7/02, effective 10/1/02.

These rules are intended to implement Iowa Code sections 249A.3 and 249A.4.

441—83.32 to 83.40 Reserved.

DIVISION III—HCBS AIDS/HIV WAIVER SERVICES

441—83.41(249A) Definitions.

“AIDS” means a medical diagnosis of acquired immunodeficiency syndrome based on the Centers for Disease Control “Revision of the CDC Surveillance Case Definition for Acquired Immunodeficiency Syndrome,” August 14, 1987, Vol. 36, No. 1S issue of “Morbidity and Mortality Weekly Report.”

“Attorney in fact under a durable power of attorney for health care” means an individual who is designated by a durable power of attorney for health care, pursuant to Iowa Code chapter 144B, as an agent to make health care decisions on behalf of an individual and who has consented to act in that capacity.

“Basic individual respite” means respite provided on a staff-to-consumer ratio of one to one or higher to individuals without specialized needs requiring the care of a licensed registered nurse or licensed practical nurse.

“Client participation” means the amount of the recipient’s income that the person must contribute to the cost of AIDS/HIV waiver services exclusive of medical vendor payments before Medicaid will participate.

“Deeming” means the specified amount of parental or spousal income and resources considered in determining eligibility for a child or spouse according to current supplemental security income guidelines.

“Financial participation” means client participation and medical payments from a third party including veterans’ aid and attendance.

“Group respite” is respite provided on a staff-to-consumer ratio of less than one to one.

“Guardian” means a guardian appointed in probate court.

“HIV” means a medical diagnosis of human immunodeficiency virus infection based on a positive HIV-related test.

“Managed care organization” means an entity that (1) is under contract with the department to provide services to Medicaid recipients and (2) meets the definition of “health maintenance organization” as defined in Iowa Code section 514B.1.

“Medical institution” means a nursing facility or hospital which has been approved as a Medicaid vendor.

“Nursing facility level of care” means that the following conditions are met:

1. The presence of a physical or mental impairment which restricts the member’s daily ability to perform the essential activities of daily living, bathing, dressing, and personal hygiene, and impedes the member’s capacity to live independently.
2. The member’s physical or mental impairment is such that self-execution of required nursing care is improbable or impossible.

“Service plan” means a person-centered, outcome-based plan of services which is written by the member’s case manager with input and direction from the member and which addresses all relevant services and supports being provided. The service plan is developed by the interdisciplinary team, which includes the member and, if appropriate, the member’s legal representative, member’s family, service providers, and others directly involved with the member.

“Skilled nursing facility level of care” means that the following conditions are met:

1. The member’s medical condition requires skilled nursing services or skilled rehabilitation services as defined in 42 CFR 409.31(a), 409.32, and 409.34.
2. Services are provided in accordance with the general provisions for all Medicaid providers and services as described in rule 441—79.9(249A).
3. Documentation submitted for review indicates that the member has:
 - a. A physician order for all skilled services.
 - b. Services that require the skills of medical personnel, including registered nurses, licensed practical nurses, physical therapists, occupational therapists, speech pathologists, or audiologists.
 - c. An individualized care plan that identifies support needs.
 - d. Confirmation that skilled services are provided to the member.
 - e. Skilled services that are provided by, or under the supervision of, medical personnel as described above.
 - f. Skilled nursing services that are needed and provided seven days a week or skilled rehabilitation services that are needed and provided at least five days a week.

“*Specialized respite*” means respite provided on a staff-to-consumer ratio of one to one or higher to individuals with specialized medical needs requiring the care, monitoring or supervision of a licensed registered nurse or licensed practical nurse.

“*Third-party payments*” means payments from an attorney, individual, institution, corporation, or public or private agency which is liable to pay part or all of the medical costs incurred as a result of injury, disease or disability by or on behalf of an applicant or a past or present recipient of medical assistance.

“*Usual caregiver*” means a person or persons who reside with the consumer and are available on a 24-hour-per-day basis to assume responsibility for the care of the consumer.
[ARC 2361C, IAB 1/6/16, effective 1/1/16; ARC 3874C, IAB 7/4/18, effective 8/8/18]

441—83.42(249A) Eligibility. To be eligible for AIDS/HIV waiver services a person must meet certain eligibility criteria and be determined to need a service(s) allowable under the program.

83.42(1) Eligibility criteria. All of the following criteria must be met. The person must:

a. Be diagnosed by a physician as having AIDS or HIV infection.
b. Be certified in need of the level of care that, but for the waiver, would otherwise be provided in a nursing facility or hospital based, in part, on information submitted on a completed Form 470-4694 for children aged 3 and under, the interRAI - Pediatric Home Care (PEDS-HC) for those aged 4 to 20, or the interRAI - Home Care (HC) for those aged 21 and over and other supporting documentation as relevant. Form 470-4694, the interRAI - Pediatric Home Care (PEDS-HC), and the interRAI - Home Care (HC) are available on request from the IME medical services unit. Copies of the completed information submission tool for an individual are available to that individual from the individual’s case manager or managed care organization.

(1) The assessment as listed in 83.42(1)“b” shall be completed when the person applies for waiver services, upon request to report a significant change in the person’s condition, and annually for reassessment of the person’s level of care.

(2) The IME medical services unit shall be responsible for approval of the certification of the level of care, and the IME medical services unit or a managed care organization will be responsible for annual redeterminations.

(3) AIDS/HIV waiver services shall not be provided when the person is an inpatient in a medical institution.

c. Be eligible for medical assistance under SSI, SSI-related, FMAP, or FMAP-related coverage groups; medically needy at hospital level of care; or a special income level (300 percent group); or become eligible through application of the institutional deeming rules.

d. Require, and use at least quarterly, one service available under the waiver as determined through an evaluation of need described in subrule 83.42(2).

e. Have service needs such that the costs of the waiver services are not likely to exceed the costs of care that would otherwise be provided in a medical institution.

f. Have income which does not exceed 300 percent of the maximum monthly payment for one person under supplemental security income.

g. For the consumer choices option as set forth in 441—subrule 78.38(9), not be living in a residential care facility.

83.42(2) Need for services.

a. The designated case manager shall review the assessment of the person’s need for waiver services and determine the availability and appropriateness of services. This review shall be based, in part, on information in the completed information submission tool designated in 83.42(1)“b” and other supporting documentation as relevant.

b. The total monthly cost of the AIDS/HIV waiver services shall not exceed the established aggregate monthly cost for level of care. The monthly cost of AIDS/HIV waiver services cannot exceed the established limit of \$1,876.80.

[ARC 0306C, IAB 9/5/12, effective 11/1/12; ARC 0548C, IAB 1/9/13, effective 1/1/13; ARC 0665C, IAB 4/3/13, effective 6/1/13; ARC 0842C, IAB 7/24/13, effective 7/1/13; ARC 1056C, IAB 10/2/13, effective 11/6/13; ARC 2361C, IAB 1/6/16, effective 1/1/16; ARC 2848C, IAB 12/7/16, effective 11/15/16; ARC 2936C, IAB 2/1/17, effective 3/8/17; ARC 3184C, IAB 7/5/17, effective 8/9/17]

441—83.43(249A) Application.

83.43(1) *Application for HCBS AIDS/HIV waiver services.* The application process as specified in rules 441—76.1(249A) to 441—76.6(249A) shall be followed.

83.43(2) *Application for services.* Rescinded IAB 12/6/95, effective 2/1/96.

83.43(3) *Approval of application.*

a. Applications for the HCBS AIDS/HIV waiver program shall be processed in 30 days unless one or more of the following conditions exist:

(1) The application is pending because the department has not received information, which is beyond the control of the client or the department.

(2) The application is pending because a level of care determination has not been made although the completed assessment has been submitted to the IME medical services unit.

(3) Rescinded IAB 3/7/01, effective 5/1/01.

b. Decisions shall be mailed or given to the applicant on the date when income maintenance eligibility and level of care determinations and the consumer service plan are completed.

c. An applicant must be given the choice between HCBS AIDS/HIV waiver services and institutional care. The applicant, parent, guardian, or attorney in fact under a durable power of attorney for health care shall sign the assessment and indicate that the applicant has elected home- and community-based services.

d. Waiver services provided prior to approval of eligibility for the waiver cannot be paid.

83.43(4) *Effective date of eligibility.*

a. The effective date of eligibility for the AIDS/HIV waiver for persons who are already determined eligible for Medicaid is the date on which the income and resource eligibility and level of care determinations are completed.

b. The effective date of eligibility for the AIDS/HIV waiver for persons who qualify for Medicaid due to eligibility for the waiver services and to whom 441—subrule 75.1(7) and rule 441—75.5(249A) do not apply is the date on which income and resource eligibility and level of care determinations are completed.

c. Eligibility for the waiver continues until the recipient has been in a medical institution for 120 consecutive days for other than respite care or fails to meet eligibility criteria listed in rule 441—83.42(249A). Recipients who are inpatients in a medical institution for 120 or more consecutive days for other than respite care shall be reviewed for eligibility for other Medicaid coverage groups and terminated from AIDS/HIV waiver services if found eligible under another coverage group. The recipient will be notified of that decision through Form 470-0602, Notice of Decision. If the consumer returns home before the effective date of the notice of decision and the person's condition has not substantially changed, the denial may be rescinded and eligibility may continue.

d. The effective date of eligibility for the AIDS/HIV waiver for persons who qualify for Medicaid due to eligibility for the waiver services and to whom the eligibility factors set forth in 441—subrule 75.1(7) and, for married persons, in rule 441—75.5(249A) have been satisfied is the date on which the income eligibility and level of care determinations are completed but shall not be earlier than the first of the month following the date of application.

83.43(5) *Attribution of resources.* For the purposes of attributing resources as provided in rule 441—75.5(249A), the date on which the waiver applicant met the level of care criteria in a medical institution as established by the peer review organization shall be used as the date of entry to the medical institution. Only one attribution of resources shall be completed per person. Attributions completed for prior institutionalizations shall be applied to the waiver application.

[ARC 0306C, IAB 9/5/12, effective 11/1/12; ARC 2361C, IAB 1/6/16, effective 1/1/16; ARC 3184C, IAB 7/5/17, effective 8/9/17; ARC 3234C, IAB 8/2/17, effective 9/6/17]

441—83.44(249A) Financial participation. Persons must contribute their predetermined financial participation to the cost of AIDS/HIV waiver services or other Medicaid services, as applicable.

83.44(1) Maintenance needs of the individual. The maintenance needs of the individual shall be computed by deducting an amount which is 300 percent of the maximum monthly payment for one person under supplemental security income (SSI) from the client's total income.

83.44(2) Limitation on payment. If the amount of the financial participation equals or exceeds the reimbursement established by the service worker for AIDS/HIV services, Medicaid will make no payments to AIDS/HIV waiver service providers. Medicaid will, however, make payments to other medical vendors.

83.44(3) Maintenance needs of spouse and other dependents. Rescinded IAB 4/9/97, effective 6/1/97.

441—83.45(249A) Redetermination. A complete redetermination of eligibility for AIDS/HIV waiver services shall be completed at least once every 12 months or when there is significant change in the person's situation or condition. A redetermination of continuing eligibility factors shall be made in accordance with rules 441—76.7(249A) and 441—83.42(249A). A redetermination shall include the components listed in rule 441—83.47(249A).

83.45(1) The IME medical services unit or the member's managed care organization shall be responsible for annual redetermination of the level of care.

83.45(2) The managed care organization must submit documentation to the IME medical services unit for all reassessments, performed at least annually, which indicate a change in the member's level of care. The IME medical services unit shall make a final determination for any reassessments which indicate a change in the level of care. If the level of care reassessment indicates no change in level of care, the member is approved to continue at the already established level of care.

[ARC 2361C, IAB 1/6/16, effective 1/1/16]

441—83.46(249A) Allowable services. Services allowable under the AIDS/HIV waiver are counseling, home health aide, homemaker, nursing care, respite care, home-delivered meals, adult day care, consumer-directed attendant care, financial management, independent support brokerage, self-directed personal care, self-directed community supports and employment, and individual-directed goods and services as set forth in rule 441—78.38(249A).

441—83.47(249A) Service plan. A service plan shall be prepared for AIDS/HIV waiver consumers in accordance with rule 441—130.7(234) except that service plans for both children and adults shall be completed every 12 months or when there is significant change in the person's situation or condition.

83.47(1) The service plan shall include the frequency of the AIDS/HIV waiver services and the types of providers who will deliver the services.

83.47(2) The service plan shall indicate whether the consumer has elected the consumer choices option. If the consumer has elected the consumer choices option, the service plan shall identify:

- a. The independent support broker selected by the consumer; and
- b. The financial management service selected by the consumer.

83.47(3) Service plans for consumers aged 20 or under must be developed to reflect use of all appropriate nonwaiver Medicaid services so as not to replace or duplicate those services.

83.47(4) The service plan shall identify a plan for emergencies and the supports available to the consumer in an emergency.

441—83.48(249A) Adverse service actions.

83.48(1) Denial. An application for services shall be denied when it is determined by the department that:

- a. The client is not eligible for or in need of services.
- b. Except for respite care, the AIDS/HIV waiver services are not needed on a regular basis.
- c. Service needs exceed the aggregate monthly costs established in 83.42(2) "b" or cannot be met by the services provided under the waiver.
- d. Needed services are not available from qualified providers.

83.48(2) Termination. Participation in the AIDS/HIV waiver program may be terminated when the department determines that:

- a. The provisions of 441—subrule 130.5(2), paragraph “a,” “b,” “c,” “d,” “g,” or “h” apply.
- b. The costs of the AIDS/HIV waiver services for the person exceed the aggregate monthly costs established in 83.42(2)“b.”
- c. The client receives care in a hospital or nursing facility for 120 days or more in any one stay for purposes other than respite care.
- d. The client receives AIDS/HIV waiver services and the physical or mental condition of the client requires more care than can be provided in the client’s own home as determined by the service worker.
- e. Service providers are not available.

83.48(3) Reduction of services shall apply as in 441—subrule 130.5(3), paragraphs “a” and “b.”
[ARC 3234C, IAB 8/2/17, effective 9/6/17]

441—83.49(249A) Appeal rights. Notice of adverse action and right to appeal shall be given in accordance with 441—Chapter 7 and rule 441—130.5(234).
[ARC 0306C, IAB 9/5/12, effective 11/1/12]

441—83.50(249A) Conversion to the X-PERT system. Rescinded IAB 8/7/02, effective 10/1/02.
These rules are intended to implement Iowa Code section 249A.4.

441—83.51 to 83.59 Reserved.

DIVISION IV—HCBS INTELLECTUAL DISABILITY WAIVER SERVICES

441—83.60(249A) Definitions.

“*Adaptive*” means age-appropriate skills related to taking care of one’s self and one’s ability to relate to others in daily living situations. These skills include limitations that occur in the areas of communication, self-care, home-living, social skills, community use, self-direction, safety, functional activities of daily living, leisure or work.

“*Adult*” means a person with an intellectual disability aged 18 or over.

“*Appropriate*” means that the services or supports or activities provided or undertaken by the organization are relevant to the consumer’s needs, situation, problems, or desires.

“*Attorney in fact under a durable power of attorney for health care*” means an individual who is designated by a durable power of attorney for health care, pursuant to Iowa Code chapter 144B, as an agent to make health care decisions on behalf of an individual and who has consented to act in that capacity.

“*Basic individual respite*” means respite provided on a staff-to-consumer ratio of one to one or higher to individuals without specialized needs requiring the care of a licensed registered nurse or licensed practical nurse.

“*Behavior*” means skills related to regulating one’s own behavior including coping with demands from others, making choices, controlling impulses, conforming conduct to laws, and displaying appropriate sociosexual behavior.

“*Case management services*” means those services established pursuant to Iowa Code chapter 225C.

“*Child*” means a person with an intellectual disability aged 17 or under.

“*Client participation*” means the posteligibility amount of the consumer’s income that persons eligible through a special income level must contribute to the cost of the home and community-based waiver service.

“*Counseling*” means face-to-face mental health services provided to the consumer and caregiver by a qualified intellectual disability professional (QIDP) to facilitate home management of the consumer and prevent institutionalization.

“*Deemed status*” means acceptance of certification or licensure of a program or service by another certifying body in place of certification based on review and evaluation.

“*Department*” means the Iowa department of human services.

“Direct service” means services involving face-to-face assistance to a consumer such as transporting a consumer or providing therapy.

“Fiscal accountability” means the development and maintenance of budgets and independent fiscal review.

“Group respite” is respite provided on a staff-to-consumer ratio of less than one to one.

“Guardian” means a guardian appointed in probate court.

“Health” means skills related to the maintenance of one’s health including eating; illness identification, treatment and prevention; basic first aid; physical fitness; regular physical checkups and personal habits.

“Immediate jeopardy” means circumstances where the life, health, or safety of a person will be severely jeopardized if the circumstances are not immediately corrected.

“Intellectual disability” means a diagnosis of intellectual disability (intellectual developmental disorder), global developmental delay, or unspecified intellectual disability (intellectual developmental disorder) which shall be made only when the onset of the person’s condition was during the developmental period and shall be based on an assessment of the person’s intellectual functioning and level of adaptive skills. The diagnosis shall be made by a person who is a licensed psychologist or psychiatrist who is professionally trained to administer the tests required to assess intellectual functioning and to evaluate a person’s adaptive skills. The diagnosis shall be made in accordance with the criteria provided in the Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition (DSM-5), published by the American Psychiatric Association.

“Intermediate care facility for persons with an intellectual disability (ICF/ID)” means an institution that is primarily for the diagnosis, treatment, or rehabilitation of persons with an intellectual disability or persons with related conditions and that provides, in a protected residential setting, ongoing evaluation, planning, 24-hour supervision, coordination and integration of health or related services to help each person function at the greatest ability and is an approved Medicaid vendor.

“Intermediate care facility for persons with an intellectual disability level of care” means that the individual has a diagnosis of intellectual disability made in accordance with the criteria provided in the current version of the Diagnostic and Statistical Manual of Mental Disorders published by the American Psychiatric Association; or has a related condition as defined in 42 CFR 435.1009; and needs assistance in at least three of the following major life areas: mobility, musculoskeletal skills, activities of daily living, domestic skills, toileting, eating skills, vision, hearing or speech or both, gross/fine motor skills, sensory-taste, smell, tactile, academic skills, vocational skills, social/community skills, behavior, and health care.

“Intermittent supported community living service” means supported community living service provided not more than 52 hours per month.

“Maintenance needs” means costs associated with rent or mortgage, utilities, telephone, food and household supplies.

“Managed care” means a system that provides the coordinated delivery of services and supports that are necessary and appropriate, delivered in the least restrictive settings and in the least intrusive manner. Managed care seeks to balance three factors:

1. Achieving high-quality outcomes for participants.
2. Coordinating access.
3. Containing costs.

“Managed care organization” means an entity that (1) is under contract with the department to provide services to Medicaid recipients and (2) meets the definition of “health maintenance organization” as defined in Iowa Code section 514B.1.

“Medical assessment” means a visual and physical inspection of the consumer, noting deviations from the norm, and a statement of the consumer’s mental and physical condition that can be amendable to or resolved by appropriate actions of the provider.

“Medical institution” means a nursing facility, intermediate care facility for persons with an intellectual disability, or hospital which has been approved as a Medicaid vendor.

“Medical intervention” means consumer care in the areas of hygiene, mental and physical comfort, assistance in feeding and elimination, and control of the consumer’s care and treatment to meet the physical and mental needs of the consumer in compliance with the plan of care in areas of health, prevention, restoration, and maintenance.

“Medical monitoring” means observation for the purpose of assessing, preventing, maintaining, and treating disease or illness based on the consumer’s plan of care.

“Natural supports” means services and supports identified as wanted or needed by the consumer and provider by persons not for pay (family, friends, neighbors, coworkers, and others in the community) and organizations or entities that serve the general public.

“Organization” means the entity being certified.

“Organizational outcome” means a demonstration by the organization of actions taken by the organization to provide for services or supports to consumers.

“Outcome” means an action or event that follows as a result or consequence of the provision of a service or support.

“Procedures” means the steps to be taken to implement a policy.

“Process” means service or support provided by an agency to a consumer that will allow the consumer to achieve an outcome. This can include a written, formal, consistent trackable method or an informal process that is not written but is trackable.

“Program” means a set of related resources and services directed to the accomplishment of a fixed set of goals and objectives for the population of a specified geographic area or for special target populations. It can mean an agency, organization, or unit of an agency, organization or institution.

“Qualified intellectual disability professional” means a person who has at least one year of experience working directly with persons with an intellectual disability or other developmental disabilities and who is one of the following:

1. A doctor of medicine or osteopathy.
2. A registered nurse.
3. An occupational therapist eligible for certification as an occupational therapist by the American Occupational Therapy Association or another comparable body.
4. A physical therapist eligible for certification as a physical therapist by the American Physical Therapy Association or another comparable body.
5. A speech-language pathologist or audiologist eligible for certification of Clinical Competence in Speech-Language Pathology or Audiology by the American Speech-Language Hearing Association or another comparable body or who meets the educational requirements for certification and who is in the process of accumulating the supervised experience required for certification.
6. A psychologist with a master’s degree in psychology from an accredited school.
7. A social worker with a graduate degree from a school of social work, accredited or approved by the Council on Social Work Education or another comparable body or who holds a bachelor of social work degree from a college or university accredited or approved by the Council of Social Work Education or another comparable body.
8. A professional recreation staff member with a bachelor’s degree in recreation or in a specialty area such as art, dance, music or physical education.
9. A professional dietitian who is eligible for registration by the American Dietetics Association.
10. A human services professional who must have at least a bachelor’s degree in a human services field including, but not limited to, sociology, special education, rehabilitation counseling and psychology.

“Related condition” means a severe, chronic disability that meets all the following conditions:

1. It is attributable to cerebral palsy, epilepsy, or any other condition, other than mental illness, found to be closely related to intellectual disability because the condition results in impairment of general intellectual functioning or adaptive behavior similar to that of a person with an intellectual disability and requires treatment or services similar to those required for a person with an intellectual disability.
2. It is manifested before the age of 22.
3. It is likely to continue indefinitely.

4. It results in substantial functional limitations in three or more of the following areas of major life activity:

- Self-care.
- Understanding and use of language.
- Learning.
- Mobility.
- Self-direction.
- Capacity for independent living.

“*Service plan*” means a person-centered, outcome-based plan of services which is written by the member’s case manager with input and direction from the member and which addresses all relevant services and supports being provided. The service plan is developed by the interdisciplinary team, which includes the member and, if appropriate, the member’s legal representative, member’s family, service providers, and others directly involved with the member.

“*SIS assessment*” means the Supports Intensity Scale® assessment developed and licensed by the American Association on Intellectual and Developmental Disabilities for use in the assessment of the support and service needs of individuals.

“*Specialized respite*” means respite provided on a staff-to-consumer ratio of one to one or higher to individuals with specialized medical needs requiring the care, monitoring or supervision of a licensed registered nurse or licensed practical nurse.

“*Staff*” means a person under the direction of the organization to perform duties and responsibilities of the organization.

“*Third-party payments*” means payments from an attorney, individual, institution, corporation, insurance company, or public or private agency which is liable to pay part or all of the medical costs incurred as a result of injury, disease or disability by or on behalf of an applicant or a past or present recipient of Medicaid.

“*Usual caregiver*” means a person or persons who reside with the consumer and are available on a 24-hour-per-day basis to assume responsibility for the care of the consumer.

[ARC 9650B, IAB 8/10/11, effective 10/1/11; ARC 0306C, IAB 9/5/12, effective 11/1/12; ARC 2050C, IAB 7/8/15, effective 7/1/15; ARC 2168C, IAB 9/30/15, effective 11/4/15; ARC 2361C, IAB 1/6/16, effective 1/1/16; ARC 3874C, IAB 7/4/18, effective 8/8/18]

441—83.61(249A) Eligibility. To be eligible for HCBS intellectual disability waiver services a person must meet certain eligibility criteria and be determined to need a service(s) available under the program.

83.61(1) Eligibility criteria. All of the following criteria must be met. The person must:

a. Have a diagnosis of intellectual disability as defined in rule 441—83.60(249A). The diagnosis shall be initially established and recertified as follows:

Age	Initial application to HCBS intellectual disability waiver program	Recertification for persons with a diagnosis of moderate, severe or profound level of severity	Recertification for persons with a diagnosis of mild or unspecified level of severity
0 through 17 years	Psychological documentation within three years of the application date substantiating a diagnosis of intellectual disability as defined in rule 441—83.60(249A)	After the initial psychological evaluation, substantiate a diagnosis of intellectual disability as defined in rule 441—83.60(249A) every six years and when a significant change occurs	After the initial psychological evaluation, substantiate a diagnosis of intellectual disability as defined in rule 441—83.60(249A) every three years and when a significant change occurs
18 years and above	Current psychological documentation substantiating a diagnosis of intellectual disability if the last testing date was (1) more than six years ago for an applicant with a diagnosis of mild or unspecified severity, or (2) more than ten years ago for an applicant with a diagnosis of moderate, severe or profound level of severity	Psychological documentation substantiating a diagnosis of intellectual disability made since the member reached 22 years of age	Psychological documentation substantiating a diagnosis of intellectual disability every six years and whenever a significant change occurs

b. Be eligible for Medicaid under SSI, SSI-related, FMAP, or FMAP-related coverage groups; eligible under the special income level (300 percent) coverage group; or become eligible through application of the institutional deeming rules or would be eligible for Medicaid if in a medical institution.

c. Be certified as being in need for long-term care that, but for the waiver, would otherwise be provided in an ICF/ID. The IME medical services unit shall be responsible for the initial approval, and the IME medical services unit or a managed care organization will be responsible for the annual approval of the certification of the level of care based on the data collected by the case manager and interdisciplinary team on a tool designated by the department.

d. Be a recipient of the Medicaid case management services or be identified to receive Medicaid case management services immediately following program enrollment.

e. Have service needs that can be met by this waiver program. At a minimum, a consumer must receive one billable unit of service per calendar quarter under this program.

f. Have a service plan completed annually and approved by the department in accordance with rule 441—83.67(249A).

g. For individual supported employment and long-term job coaching services:

(1) Be at least 16 years of age.

(2) The services must not be available to the member through one of the following:

1. Special education and related services as defined in the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.); or

2. A program funded under Section 110 of the Rehabilitation Act of 1973 (29 U.S.C. 730).

(3) Not reside in a medical institution.

(4) Have documented in the waiver service plan a goal to achieve or to sustain individual employment.

h. For small-group supported employment services:

(1) Be at least 16 years of age.

(2) The services must not be available to the member through one of the following:

1. Special education and related services as defined in the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.); or

2. A program funded under Section 110 of the Rehabilitation Act of 1973 (29 U.S.C. 730).

(3) Have documented in the waiver service plan a goal to achieve or to sustain individual employment.

(4) Have documented in the waiver service plan that the choice to receive individual supported employment services was offered and explained in a manner sufficient to ensure informed choice, after which the choice to receive small-group supported employment services was made.

(5) Not reside in a medical institution.

i. For prevocational services:

(1) Be at least 16 years of age.

(2) The services must not be available to the member through one of the following:

1. Special education and related services as defined in the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.); or

2. A program funded under Section 110 of the Rehabilitation Act of 1973 (29 U.S.C. 730).

(3) Have documented in the waiver service plan a goal to achieve or to sustain individual employment.

(4) Have documented in the waiver service plan that the choice to receive individual supported employment services was offered and explained in a manner sufficient to ensure informed choice, after which the choice to receive small-group supported employment services was made.

(5) Not reside in a medical institution.

j. Choose HCBS intellectual disability waiver services rather than ICF/ID services.

k. To be eligible for interim medical monitoring and treatment services the consumer must be:

(1) Under the age of 21;

(2) Currently receiving home health agency services under rule 441—78.9(249A) and require medical assessment, medical monitoring, and regular medical intervention or intervention in a medical

emergency during those services. (The home health aide services for which the consumer is eligible must be maximized before the consumer accesses interim medical monitoring and treatment.);

- (3) Residing in the consumer's family home or foster family home; and
- (4) In need of interim medical monitoring and treatment as ordered by a physician.

l. Be assigned an HCBS intellectual disability payment slot pursuant to subrule 83.61(4).

m. For residential-based supported community living services, meet all of the following additional criteria:

(1) Be less than 18 years of age.

(2) Be preapproved as appropriate for residential-based supported community living services by the bureau of long-term care. Requests for approval shall be submitted in writing to the DHS Bureau of Long-Term Care, 1305 East Walnut Street, Des Moines, Iowa 50319-0114, and shall include the following:

- 1. Social history;
- 2. Case history that includes previous placements and service programs;
- 3. Medical history that includes major illnesses and current medications;
- 4. Current psychological evaluations and consultations;
- 5. Summary of all reasonable and appropriate service alternatives that have been tried or considered;
- 6. Any current court orders in effect regarding the child;
- 7. Any legal history;
- 8. Whether the child is at risk of out-of-home placement or the proposed placement would be less restrictive than the child's current placement for services;
- 9. Whether the proposed placement would be safe for the child and for other children living in that setting; and
- 10. Whether the interdisciplinary team is in agreement with the proposed placement.

(3) Either:

1. Be residing in an ICF/ID;

2. Be at risk of ICF/ID placement, as documented by an interdisciplinary team assessment pursuant to paragraph 83.61(2)“a”; or

3. Be a child whose long-term placement outside the home is necessary because continued stay in the home would be a detriment to the health and welfare of the child or the family, and all service options to keep the child in the home have been reviewed by an interdisciplinary team, as documented in the service file.

n. For day habilitation, be 16 years of age or older.

o. For the consumer choices option as set forth in 441—subrule 78.41(5), not be living in a residential care facility.

83.61(2) Need for services.

a. Applicants currently receiving Medicaid case management shall have the applicable staff coordinate with the department to arrange completion of Form 470-4694 for children under the age of five and, for all others, a SIS assessment.

b. Applicants not receiving services as set forth in paragraph 83.61(2)“a” shall have a department service worker or case manager:

(1) Arrange for completion of Form 470-4694 for children under the age of five and, for all others, a SIS assessment for the initial level of care determination;

(2) Establish an initial interdisciplinary team for HCBS intellectual disability waiver services; and

(3) With the initial interdisciplinary team, identify the applicant's needs and desires as well as the availability and appropriateness of services.

c. Applicants meeting other eligibility criteria who do not have a Medicaid case manager shall be referred to a Medicaid case manager.

d. Services shall not exceed the number of maximum units established for each service.

e. The cost of services shall not exceed unit expense maximums. Requests shall only be reviewed for funding needs exceeding the supported community living service unit cost maximum. Requests require special review by the department and may be denied as not cost-effective.

f. The case manager shall coordinate with the department for completion of Form 470-4694 for children under the age of five and, for all others, to arrange a SIS assessment for the initial level of care determination within 30 days from the date of the HCBS application unless the case manager can document difficulty in locating information necessary to arrange the assessment or other circumstances beyond the case manager's control.

g. At initial enrollment, the case manager shall establish an interdisciplinary team for each applicant and, with the team, identify the applicant's need for service based on the applicant's needs and desires as well as the availability and appropriateness of services. The Medicaid case manager shall complete an annual review thereafter. The following criteria shall be used for the initial and ongoing identification of need for services:

(1) The assessment shall be based on the results of the most recent Form 470-4694 for children under the age of five and, for all others, the SIS assessment or of the SIS contractor's off-year review.

(2) Service plans must be developed or reviewed to reflect use of all appropriate nonwaiver Medicaid services so as not to replace or duplicate those services.

(3) Service plans for applicants aged 20 or under which include supported community living services beyond intermittent shall be approved (signed and dated) by the designee of the bureau of long-term care. The service worker, department QIDP, or Medicaid case manager shall attach a written request for a variance from the maximum for intermittent supported community living with a summary of services and service costs. The written request for the variance shall provide a rationale for requesting supported community living beyond intermittent. The rationale shall contain sufficient information for the designee to make a decision regarding the need for supported community living beyond intermittent.

h. Interim medical monitoring and treatment services must be needed because all usual caregivers are unavailable to provide care due to one of the following circumstances:

(1) Employment. Interim medical monitoring and treatment services are to be received only during hours of employment.

(2) Academic or vocational training. Interim medical monitoring and treatment services provided while a usual caregiver participates in postsecondary education or vocational training shall be limited to 24 periods of no more than 30 days each per caregiver as documented by the service worker. Time spent in high school completion, adult basic education, GED, or English as a second language does not count toward the limit.

(3) Absence from the home due to hospitalization, treatment for physical or mental illness, or death of the usual caregiver. Interim medical monitoring and treatment services under this subparagraph are limited to a maximum of 30 days.

(4) Search for employment.

1. Care during job search shall be limited to only those hours the usual caregiver is actually looking for employment, including travel time.

2. Interim medical monitoring and treatment services may be provided under this paragraph only during the execution of one job search plan of up to 30 working days in a 12-month period, approved by the department service worker or targeted case manager pursuant to 441—subparagraph 170.2(2) "b"(5).

3. Documentation of job search contacts shall be furnished to the department service worker or targeted case manager.

83.61(3) HCBS intellectual disability waiver program limit. The number of persons receiving HCBS intellectual disability waiver services in the state shall be limited to the number of payment slots provided in the HCBS intellectual disability waiver approved by the Centers for Medicare and Medicaid Services (CMS). The department shall make a request to CMS to adjust the program limit as deemed necessary.

a. The payment slots are available on a statewide basis. These slots shall be available based on the prioritized need of an applicant pursuant to subrule 83.61(4).

b. When services are denied because the limit is reached, a notice of decision denying service based on the limit and stating that the person's name will be put on a waiting list shall be sent to the person by the department.

83.61(4) Securing a payment slot. The department shall determine if a payment slot is available for each applicant for the HCBS intellectual disability waiver.

a. A payment slot shall be assigned to the applicant upon confirmation of an available slot.

(1) Once a payment slot is assigned, the department shall give written notice to the applicant.

(2) The department shall hold the payment slot for the applicant as long as reasonable efforts are being made to arrange services and the applicant has not been determined to be ineligible for the program. If services have not been initiated and reasonable efforts are no longer being made to arrange services, the slot shall revert for use by the next person on the waiting list, if applicable. The applicant originally assigned the slot must reapply for a new slot.

b. If no payment slot is available, the applicant shall be placed on a statewide priority waiting list. The department shall assess each applicant to determine the applicant's priority need. The assessment shall be made for all applicants who are on a waiting list maintained by the state or a county on September 30, 2011, and for all new applications received on or after October 1, 2011.

(1) Emergency need criteria are as follows:

1. The usual caregiver has died or is incapable of providing care, and no other caregivers are available to provide needed supports.

2. The applicant has lost primary residence or will be losing housing within 30 days and has no other housing options available.

3. The applicant is living in a homeless shelter and no alternative housing options are available.

4. There is founded abuse or neglect by a caregiver or others living within the home of the applicant, and the applicant must move from the home.

5. The applicant cannot meet basic health and safety needs without immediate supports.

(2) Urgent need criteria are as follows:

1. The caregiver will need support within 60 days in order for the applicant to remain living in the current situation.

2. The caregiver will be unable to continue to provide care within the next 60 days.

3. The caregiver is 55 years of age or older and has a chronic or long-term physical or psychological condition that limits the ability to provide care.

4. The applicant is living in temporary housing and plans to move within 31 to 120 days.

5. The applicant is losing permanent housing and plans to move within 31 to 120 days.

6. The caregiver will be unable to be employed if services are not available.

7. There is a potential risk of abuse or neglect by a caregiver or others within the home of the applicant.

8. The applicant has behaviors that put the applicant at risk.

9. The applicant has behaviors that put others at risk.

10. The applicant is at risk of facility placement when needs could be met through community-based services.

(3) Applicants who meet an emergency need criterion shall be placed on the priority waiting list based on the total number of criteria in subparagraph 83.61(4) "b"(1) that are met. If applicants meet an equal number of criteria, the position on the waiting list shall be based on the date of application and the age of the applicant. The applicant who has been on the waiting list longer shall be placed higher on the waiting list. If the application date is the same, the older applicant shall be placed higher on the waiting list.

(4) Applicants who meet an urgent need criterion shall be placed on the priority waiting list after applicants who meet emergency need criteria. The position on the waiting list shall be based on the total number of criteria in subparagraph 83.61(4) "b"(2) that are met. If applicants meet an equal number of criteria, the position on the waiting list shall be based on the date of application and the age of the applicant. The applicant who has been on the waiting list longer shall be placed higher on the waiting list. If the application date is the same, the older applicant shall be placed higher on the waiting list.

(5) Applicants who do not meet emergency or urgent need criteria shall be placed lower on the waiting list than the applicants meeting urgent need criteria, based on the date of application. If the application date is the same, the older applicant shall be placed higher on the waiting list.

(6) Applicants shall remain on the waiting list until a payment slot has been assigned to them for use, they withdraw from the list, or they become ineligible for the waiver. If there is a change in an applicant's need, the applicant may contact the local department office and request that a new assessment be completed. The outcome of the assessment shall determine placement on the waiting list as directed in this subrule.

c. To maintain the approved number of members in the program, persons shall be selected from the waiting list as payment slots become available, based on their priority order on the waiting list.

(1) Once a payment slot is assigned, the department shall give written notice to the person within five working days.

(2) The department shall hold the payment slot for 30 days for the person to file a new application. If an application has not been filed within 30 days, the slot shall revert for use by the next person on the waiting list, if applicable. The person originally assigned the slot must reapply for a new slot.

[ARC 9650B, IAB 8/10/11, effective 10/1/11; ARC 0191C, IAB 7/11/12, effective 7/1/12; ARC 0306C, IAB 9/5/12, effective 11/1/12; ARC 0359C, IAB 10/3/12, effective 12/1/12; ARC 2050C, IAB 7/8/15, effective 7/1/15; ARC 2168C, IAB 9/30/15, effective 11/4/15; ARC 2361C, IAB 1/6/16, effective 1/1/16; ARC 2471C, IAB 3/30/16, effective 5/4/16; ARC 3184C, IAB 7/5/17, effective 8/9/17]

441—83.62(249A) Application.

83.62(1) *Application for HCBS intellectual disability waiver services.* The application process as specified in rules 441—76.1(249A) to 441—76.6(249A) shall be followed.

83.62(2) Rescinded IAB 6/5/96, effective 8/1/96.

83.62(3) *Approval of application.*

a. Applications for the HCBS intellectual disability waiver program shall be processed in 30 days unless the case manager or worker can document difficulty in locating and arranging services or other circumstance beyond the worker's control. In these cases a decision shall be made as soon as possible.

b. Decisions shall be mailed or given to the applicant on the date when both service and income maintenance eligibility determinations are completed.

c. An applicant shall be given the choice between HCBS waiver services and ICF/ID care. The case manager or worker shall have the consumer or legal representative indicate the consumer's choice of care.

d. HCBS intellectual disability waiver services provided before eligibility for the waiver is approved shall not be reimbursed by the HCBS waiver program.

e. Services provided when the person is a consumer of group foster care services or is an inpatient in a medical institution shall not be reimbursed.

f. HCBS intellectual disability waiver services are not available in conjunction with other Medicaid waiver services or group foster care services.

g. Rescinded IAB 5/6/09, effective 7/1/09.

83.62(4) *Effective date of eligibility.*

a. Deeming of parental income and resources ceases the month following the month in which a person requires care in a medical institution.

b. The effective date of eligibility for the waiver for persons who are already determined eligible for Medicaid is the date on which the person is determined to meet the criteria set forth in rule 441—83.61(249A).

c. The effective date of eligibility for the waiver for persons who qualify for Medicaid due to eligibility for the waiver services is the date on which the person is determined to meet criteria set forth in rule 441—83.61(249A) and when the eligibility factor set forth in 441—subrule 75.1(7) and for married persons, in rule 441—75.5(249A) have been satisfied.

d. Eligibility continues until the consumer fails to meet eligibility criteria listed in rule 441—83.61(249A). Consumers who are inpatients in a medical institution for 120 consecutive days shall receive a review by the interdisciplinary team to determine additional inpatient needs for possible termination from the HCBS program. Consumers shall be reviewed for eligibility under other Medicaid

coverage groups. The consumer or legal representative shall participate in the review and receive formal notification of that decision through Form 470-0602, Notice of Decision.

If the consumer returns home before the effective date of the notice of decision and the consumer's needs can still be met by the HCBS waiver services, the denial may be rescinded and eligibility may continue.

e. Eligibility and service reimbursement are effective through the last day of the month of the previous annual service plan staffing meeting and the corresponding long-term care need determination.

83.62(5) Attribution of resources. For the purposes of attributing resources as provided in rule 441—75.5(249A), the date on which the waiver applicant met the level of care criteria in a medical institution as established by the peer review organization shall be used as the date of entry to the medical institution. Only one attribution of resources shall be completed per person. Attributions completed for prior institutionalizations shall be applied to the waiver application.

[ARC 7741B, IAB 5/6/09, effective 7/1/09; ARC 9650B, IAB 8/10/11, effective 10/1/11; ARC 0306C, IAB 9/5/12, effective 11/1/12; ARC 2168C, IAB 9/30/15, effective 11/4/15; ARC 3234C, IAB 8/2/17, effective 9/6/17]

441—83.63(249A) Client participation. Persons who are eligible under the 300 percent group must contribute a predetermined client participation amount to the costs of the services.

83.63(1) Computation of client participation. Client participation shall be computed by deducting an amount for the maintenance needs of the individual which is 300 percent of the maximum SSI grant for an individual from the client's total income.

83.63(2) Limitation on payment. If the sum of the third-party payment and client participation equals or exceeds the reimbursement for the specific HCBS waiver service, Medicaid will make no payments for the HCBS waiver service. However, Medicaid will make payments to other medical vendors.

441—83.64(249A) Redetermination. A redetermination of nonfinancial eligibility for HCBS intellectual disability waiver services shall be completed at least once every 12 months. In years in which a SIS assessment is not completed for an individual five years of age or older, the SIS contractor shall conduct a review in collaboration with the case manager, documenting any changes in the member's functional status since the previous SIS or other full assessment. Form 470-4694 shall be completed annually for children under the age of five.

A redetermination of continuing eligibility factors shall be made when a change in circumstances occurs that affects eligibility in accordance with rule 441—83.61(249A).

83.64(1) The IME medical services unit or the member's managed care organization shall be responsible for annual redetermination of the level of care.

83.64(2) The managed care organization must submit documentation to the IME medical services unit for all reassessments, performed at least annually, which indicate a change in the member's level of care. The IME medical services unit shall make a final determination for any reassessments which indicate a change in the level of care. If the level of care reassessment indicates no change in level of care, the member is approved to continue at the already established level of care.

[ARC 9650B, IAB 8/10/11, effective 10/1/11; ARC 2168C, IAB 9/30/15, effective 11/4/15; ARC 2361C, IAB 1/6/16, effective 1/1/16; ARC 3184C, IAB 7/5/17, effective 8/9/17]

441—83.65(249A) Rescinded IAB 6/5/96, effective 8/1/96.

441—83.66(249A) Allowable services. Services allowable under the HCBS intellectual disability waiver are supported community living, respite, personal emergency response system, nursing, home health aide, home and vehicle modification, supported employment, consumer-directed attendant care, interim medical monitoring and treatment, transportation, adult day care, day habilitation, prevocational services, financial management, independent support brokerage, self-directed personal care, self-directed community supports and employment, and individual-directed goods and services as set forth in rule 441—78.41(249A).

[ARC 9650B, IAB 8/10/11, effective 10/1/11]

441—83.67(249A) Service plan. A service plan shall be prepared for each HCBS intellectual disability waiver consumer.

83.67(1) Development. The service plan shall be developed by the interdisciplinary team, which includes the consumer, and, if appropriate, the legal representative, consumer's family, case manager or service worker, service providers, and others directly involved.

83.67(2) Retention. The service plan shall be stored by the case manager for a minimum of three years.

83.67(3) Interdisciplinary team meeting. The interdisciplinary team meeting shall be conducted before the current service plan expires.

83.67(4) Information in plan. The plan shall be in accordance with 441—subrule 24.4(3) and shall additionally include the following information to assist in evaluating the program:

- a. A listing of all services received by a consumer at the time of waiver program enrollment.
- b. For supported community living:
 - (1) The consumer's living environment at the time of waiver enrollment.
 - (2) The number of hours per day of on-site staff supervision needed by the consumer.
 - (3) The number of other waiver consumers who will live with the consumer in the living unit.
- c. An identification and justification of any restriction of the consumer's rights including, but not limited to:
 - (1) Maintenance of personal funds.
 - (2) Self-administration of medications.
- d. The name of the service provider responsible for providing each service.
- e. The service funding source.
- f. The amount of the service to be received by the consumer.
- g. Whether the consumer has elected the consumer choices option and, if so:
 - (1) The independent support broker selected by the consumer; and
 - (2) The financial management service selected by the consumer.
- h. A plan for emergencies and identification of the supports available to the consumer in an emergency.

i. For members receiving daily supported community living, day habilitation or adult day care: the following standard scores from the most recently completed SIS assessment:

- (1) Score on subsection 1A: Exceptional Medical Support Needs.
- (2) Score on subsection 1B: Exceptional Behavioral Support Needs.
- (3) Sum total of standard scores on the following subsections:
 - 1. Subsection 2A: Home Living Activities;
 - 2. Subsection 2B: Community Living Activities;
 - 3. Subsection 2E: Health and Safety Activities; and
 - 4. Subsection 2F: Social Activities.

83.67(5) Documentation. The Medicaid case manager shall ensure that the consumer's case file contains the consumer's service plan and documentation supporting the diagnosis of mental retardation.

83.67(6) Approval of plan. The plan shall be approved through the Individualized Services Information System (ISIS). Services shall be entered into ISIS based on the service plan.

- a. Services must be authorized and entered into ISIS before the plan implementation date.
- b. The department has 15 working days after receipt of the summary and service costs in which to approve the services and service cost or request modification of the service plan unless the parties mutually agree to extend that time frame.

c. If the department and the service worker or case manager are unable to agree on the terms of the services or service cost within 10 days, the department has final authority regarding the services and service cost.

[ARC 9650B, IAB 8/10/11, effective 10/1/11; ARC 0191C, IAB 7/11/12, effective 7/1/12; ARC 0359C, IAB 10/3/12, effective 12/1/12; ARC 3481C, IAB 12/6/17, effective 12/1/17; ARC 3790C, IAB 5/9/18, effective 6/13/18]

441—83.68(249A) Adverse service actions.

83.68(1) Denial. An application for services shall be denied when it is determined by the department that:

- a. The applicant is not eligible for the services.
- b. Service needs exceed the service unit or reimbursement maximums.
- c. Service needs are not met by the services provided.
- d. Needed services are not available or received from qualifying providers.
- e. No HCBS intellectual disability waiver service is identified in the applicant's service plan.
- f. There is another community resource available to provide the service or a similar service free of charge to the applicant that will meet the applicant's needs.
- g. Completion or receipt of required documents by the department for the HCBS program applicant has not occurred.

83.68(2) Reduction. A particular service may be reduced when the department determines that the provisions of 441—subrule 130.5(3), paragraph “a” or “b,” apply.

83.68(3) Termination. A particular service may be terminated when the department determines that:

- a. The provisions of 441—subrule 130.5(2) paragraph “d,” “g,” or “h,” apply.
- b. Needed services are not available or received from qualifying providers.
- c. No HCBS intellectual disability waiver service is identified in the member's annual service plan.
- d. Service needs are not met by the services provided.
- e. Services needed exceed the service unit or reimbursement maximums.
- f. Completion or receipt of required documents by the department for the HCBS program consumer has not occurred.
- g. The consumer receives services from other Medicaid waiver programs.
- h. The consumer or legal representative through the interdisciplinary process requests termination from the services.

[ARC 9650B, IAB 8/10/11, effective 10/1/11]

441—83.69(249A) Appeal rights. Notice of adverse action and right to appeal shall be given in accordance with 441—Chapter 7 and rule 441—130.5(234).

[ARC 0191C, IAB 7/11/12, effective 7/1/12; ARC 0306C, IAB 9/5/12, effective 11/1/12; ARC 0359C, IAB 10/3/12, effective 12/1/12]

441—83.70(249A) County reimbursement. Rescinded ARC 0191C, IAB 7/11/12, effective 7/1/12.

441—83.71(249A) Conversion to the X-PERT system. Rescinded IAB 8/7/02, effective 10/1/02.

441—83.72(249A) Rent subsidy program. Members in the HCBS intellectual disability waiver program may be eligible for a rent subsidy. See 265—Chapter 24.

[ARC 9650B, IAB 8/10/11, effective 10/1/11]

These rules are intended to implement Iowa Code sections 249A.3 and 249A.4.

441—83.73 to 83.80 Reserved.

DIVISION V—BRAIN INJURY WAIVER SERVICES

441—83.81(249A) Definitions.

“*Adaptive*” means age appropriate skills related to taking care of one's self and the ability to relate to others in daily living situations. These skills include limitations that occur in the areas of communication, self-care, home living, social skills, community use, self-direction, safety, functional academics, leisure and work.

“*Adult*” means a person with a brain injury aged 18 years or over.

“*Appropriate*” means that the services or supports or activities provided or undertaken by the organization are relevant to the consumer's needs, situation, problems, or desires.

“*Assessment*” means the review of the consumer's current functioning in regard to the consumer's situation, needs, strengths, abilities, desires and goals.

“Attorney in fact under a durable power of attorney for health care” means an individual who is designated by a durable power of attorney for health care, pursuant to Iowa Code chapter 144B, as an agent to make health care decisions on behalf of an individual and who has consented to act in that capacity.

“Basic individual respite” means respite provided on a staff-to-consumer ratio of one to one or higher to individuals without specialized needs requiring the care of a licensed registered nurse or licensed practical nurse.

“Behavior” means skills related to regulating one’s own behavior including coping with demands from others, making choices, conforming conduct to laws, and displaying appropriate sociosexual behavior.

“Brain injury” means clinically evident damage to the brain resulting directly or indirectly from trauma, infection, anoxia, vascular lesions or tumor of the brain, not primarily related to degenerative or aging processes, which temporarily or permanently impairs a person’s physical, cognitive, or behavioral functions. The person must have a diagnosis from the following list:

- Malignant neoplasms of brain, cerebrum.
- Malignant neoplasms of brain, frontal lobe.
- Malignant neoplasms of brain, temporal lobe.
- Malignant neoplasms of brain, parietal lobe.
- Malignant neoplasms of brain, occipital lobe.
- Malignant neoplasms of brain, ventricles.
- Malignant neoplasms of brain, cerebellum.
- Malignant neoplasms of brain, brain stem.
- Malignant neoplasms of brain, other part of brain, includes midbrain, peduncle, and medulla oblongata.
- Malignant neoplasms of brain, cerebral meninges.
- Malignant neoplasms of brain, cranial nerves.
- Secondary malignant neoplasm of brain.
- Secondary malignant neoplasm of other parts of the nervous system, includes cerebral meninges.
- Benign neoplasm of brain and other parts of the nervous system, brain.
- Benign neoplasm of brain and other parts of the nervous system, cranial nerves.
- Benign neoplasm of brain and other parts of the nervous system, cerebral meninges.
- Encephalitis, myelitis and encephalomyelitis.
- Intracranial and intraspinal abscess.
- Anoxic brain damage.
- Subarachnoid hemorrhage.
- Intracerebral hemorrhage.
- Other and unspecified intracranial hemorrhage.
- Occlusion and stenosis of precerebral arteries.
- Occlusion of cerebral arteries.
- Transient cerebral ischemia.
- Acute, but ill-defined, cerebrovascular disease.
- Other and ill-defined cerebrovascular diseases.
- Fracture of vault of skull.
- Fracture of base of skull.
- Other and unqualified skull fractures.
- Multiple fractures involving skull or face with other bones.
- Concussion.
- Cerebral laceration and contusion.
- Cerebral edema.
- Cerebral palsy.
- Subarachnoid, subdural, and extradural hemorrhage following injury.
- Other and unspecified intracranial hemorrhage following injury.

Intracranial injury of other and unspecified nature.
Poisoning by drugs, medicinal and biological substances.
Toxic effects of substances.
Effects of external causes.
Drowning and nonfatal submersion.
Asphyxiation and strangulation.
Child maltreatment syndrome.
Adult maltreatment syndrome.
Status epilepticus.

“Case management services” means those services established pursuant to Iowa Code chapter 225C.

“Child” means a person with a brain injury aged 17 years or under.

“Client participation” means the amount of the consumer’s income that the person must contribute to the cost of brain injury waiver services, exclusive of medical vendor payments, before Medicaid will provide additional reimbursement.

“Deemed status” means acceptance of certification or licensure of a program or service by another certifying body in place of certification based on review and evaluation.

“Department” means the Iowa department of human services.

“Direct service” means services involving face-to-face assistance to a consumer such as transporting a consumer or providing therapy.

“Fiscal accountability” means the development and maintenance of budgets and independent fiscal review.

“Group respite” is respite provided on a staff-to-consumer ratio of less than one to one.

“Guardian” means a guardian appointed in probate court.

“Health” means skills related to the maintenance of one’s health including eating; illness identification, treatment and prevention; basic first aid; physical fitness; regular physical checkups and personal habits.

“Immediate jeopardy” means circumstances where the life, health, or safety of a person will be severely jeopardized if the circumstances are not immediately corrected.

“Intermediate care facility for persons with an intellectual disability level of care” means that the individual has a diagnosis of intellectual disability made in accordance with the criteria provided in the current version of the Diagnostic and Statistical Manual of Mental Disorders published by the American Psychiatric Association; or has a related condition as defined in 42 CFR 435.1009; and needs assistance in at least three of the following major life areas: mobility, musculoskeletal skills, activities of daily living, domestic skills, toileting, eating skills, vision, hearing or speech or both, gross/fine motor skills, sensory-taste, smell, tactile, academic skills, vocational skills, social/community skills, behavior, and health care.

“Intermittent supported community living service” means supported community living service provided from one to three hours a day for not more than four days a week.

“Managed care organization” means an entity that (1) is under contract with the department to provide services to Medicaid recipients and (2) meets the definition of “health maintenance organization” as defined in Iowa Code section 514B.1.

“Medical assessment” means a visual and physical inspection of the consumer, noting deviations from the norm, and a statement of the consumer’s mental and physical condition that can be amendable to or resolved by appropriate actions of the provider.

“Medical institution” means a nursing facility, a skilled nursing facility, intermediate care facility for persons with an intellectual disability, or hospital which has been approved as a Medicaid vendor.

“Medical intervention” means consumer care in the areas of hygiene, mental and physical comfort, assistance in feeding and elimination, and control of the consumer’s care and treatment to meet the physical and mental needs of the consumer in compliance with the plan of care in areas of health, prevention, restoration, and maintenance.

“Medical monitoring” means observation for the purpose of assessing, preventing, maintaining, and treating disease or illness based on the consumer’s plan of care.

“Natural supports” means services and supports identified as wanted or needed by the consumer and provider by persons not for pay (family, friends, neighbors, coworkers, and others in the community) and organizations or entities that serve the general public.

“Nursing facility level of care” means that the following conditions are met:

1. The presence of a physical or mental impairment which restricts the member’s daily ability to perform the essential activities of daily living, bathing, dressing, and personal hygiene, and impedes the member’s capacity to live independently.

2. The member’s physical or mental impairment is such that self-execution of required nursing care is improbable or impossible.

“Organization” means the entity being certified.

“Organizational outcome” means a demonstration by the organization of actions taken by the organization to provide for services or supports to consumers.

“Outcome” means an action or event that follows as a result or consequence of the provision of a service or support.

“Procedures” means the steps to be taken to implement a policy.

“Process” means service or support provided by an agency to a consumer that will allow the consumer to achieve an outcome. This can include a written, formal, consistent trackable method or an informal process that is not written but is trackable.

“Program” means a set of related resources and services directed to the accomplishment of a fixed set of goals and objectives for the population of a specified geographic area or for special target populations. It can mean an agency, organization, or unit of an agency, organization or institution.

“Qualified brain injury professional” means one of the following who meets the educational and licensure or certification requirements for the profession as required in the state of Iowa and who has two years’ experience working with people living with a brain injury: a psychologist; psychiatrist; physician; physician assistant; registered nurse; certified teacher; social worker; mental health counselor; physical, occupational, recreational, or speech therapist; or a person with a bachelor of arts or science degree in psychology, sociology, or public health or rehabilitation services.

“Service coordination” means activities designed to help individuals and families locate, access, and coordinate a network of supports and services that will allow them to live a full life in the community.

“Service plan” means a person-centered, outcome-based plan of services which is written by the member’s case manager with input and direction from the member and which addresses all relevant services and supports being provided. The service plan is developed by the interdisciplinary team, which includes the member and, if appropriate, the member’s legal representative, member’s family, service providers, and others directly involved with the member.

“Skilled nursing facility level of care” means that the following conditions are met:

1. The member’s medical condition requires skilled nursing services or skilled rehabilitation services as defined in 42 CFR 409.31(a), 409.32, and 409.34.

2. Services are provided in accordance with the general provisions for all Medicaid providers and services as described in rule 441—79.9(249A).

3. Documentation submitted for review indicates that the member has:

a. A physician order for all skilled services.

b. Services that require the skills of medical personnel, including registered nurses, licensed practical nurses, physical therapists, occupational therapists, speech pathologists, or audiologists.

c. An individualized care plan that identifies support needs.

d. Confirmation that skilled services are provided to the member.

e. Skilled services that are provided by, or under the supervision of, medical personnel as described above.

f. Skilled nursing services that are needed and provided seven days a week or skilled rehabilitation services that are needed and provided at least five days a week.

“Specialized respite” means respite provided on a staff-to-consumer ratio of one to one or higher to individuals with specialized medical needs requiring the care, monitoring or supervision of a licensed registered nurse or licensed practical nurse.

“*Staff*” means a person under the direction of the organization to perform duties and responsibilities of the organization.

“*Third-party payments*” means payments from an individual, institution, corporation, or public or private provider which is liable to pay part or all of the medical costs incurred as a result of injury or disease on behalf of a consumer of medical assistance.

“*Usual caregiver*” means a person or persons who reside with the consumer and are available on a 24-hour-per-day basis to assume responsibility for the care of the consumer.

[ARC 0306C, IAB 9/5/12, effective 11/1/12; ARC 2361C, IAB 1/6/16, effective 1/1/16; ARC 3184C, IAB 7/5/17, effective 8/9/17; ARC 3874C, IAB 7/4/18, effective 8/8/18]

441—83.82(249A) Eligibility. To be eligible for brain injury waiver services a consumer must meet eligibility criteria and be determined to need a service allowable under the program.

83.82(1) Eligibility criteria. All of the following criteria must be met. The person must:

- a. Have a diagnosis of brain injury.
- b. Be eligible for Medicaid under SSI, SSI-related, FMAP, or FMAP-related coverage groups or be eligible under the special income level (300 percent) coverage group consistent with a level of care in a medical institution.
- c. Be at least one month of age.
- d. Be a U.S. citizen and Iowa resident.
- e. Rescinded IAB 7/11/01, effective 7/1/01.
- f. Be determined by the IME medical services unit as in need of intermediate care facility for persons with an intellectual disability (ICF/ID), skilled nursing, or ICF level of care based on information submitted on a completed Form 470-4694 for children aged 3 and under, the interRAI - Pediatric Home Care (PEDS-HC) for those aged 4 to 20, or the interRAI - Home Care (HC) for those aged 21 and over and other supporting documentation as relevant. Form 470-4694, the interRAI - Pediatric Home Care (PEDS-HC), and the interRAI - Home Care (HC) are available on request from the IME medical services unit. Copies of the completed information submission tool for an individual are available to that individual from the individual’s case manager or managed care organization.
- g. Be assessed by the IME medical services unit as able to live in a home- or community-based setting where all medically necessary service needs can be met within the scope of this waiver.
- h. At a minimum, receive a waiver service each quarter in addition to case management.
- i. Choose HCBS.
- j. To be eligible for interim medical monitoring and treatment services the consumer must be:
 - (1) Under the age of 21;
 - (2) Currently receiving home health agency services under rule 441—78.9(249A) and require medical assessment, medical monitoring, and regular medical intervention or intervention in a medical emergency during those services. (The home health aide services for which the consumer is eligible must be maximized before the consumer accesses interim medical monitoring and treatment.);
 - (3) Residing in the consumer’s family home or foster family home; and
 - (4) In need of interim medical monitoring and treatment as ordered by a physician.
- k. Receive services in a community, not an institutional, setting.
- l. Be assigned a state payment slot within the yearly total approved by the Centers for Medicare and Medicaid Services.
- m. For the consumer choices option as set forth in rule 441—subrule 78.43(15), not be living in a residential care facility.
- n. For individual supported employment and long-term job coaching services:
 - (1) Be at least 16 years of age.
 - (2) The services must not be available to the member through one of the following:
 1. Special education and related services as defined in the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.); or
 2. A program funded under Section 110 of the Rehabilitation Act of 1973 (29 U.S.C. 730).
 - (3) Not reside in a medical institution.

(4) Have documented in the waiver service plan a goal to achieve or to sustain individual employment and an expectation that this service will result in this outcome.

o. For small-group supported employment services:

(1) Be at least 16 years of age.

(2) The services must not be available to the member through one of the following:

1. Special education and related services as defined in the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.); or

2. A program funded under Section 110 of the Rehabilitation Act of 1973 (29 U.S.C. 730).

(3) Have documented in the waiver service plan a goal to achieve or to sustain individual employment.

(4) Have documented in the waiver service plan that the choice to receive individual supported employment services was offered and explained in a manner sufficient to ensure informed choice, after which the choice to receive small-group supported employment services was made.

(5) Not reside in a medical institution.

p. For prevocational services:

(1) Be at least 16 years of age.

(2) The services must not be available to the member through one of the following:

1. Special education and related services as defined in the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.); or

2. A program funded under Section 110 of the Rehabilitation Act of 1973 (29 U.S.C. 730).

(3) Have documented in the waiver service plan a goal to achieve or to sustain individual employment and an expectation that this service will result in community employment.

(4) Have documented in the waiver service plan that the choice to receive individual supported employment services was offered and explained in a manner sufficient to ensure informed choice, after which the choice to receive prevocational services was made.

83.82(2) *Need for services.*

a. The applicant shall have a service plan approved by the department that is developed by the certified case manager for this waiver as identified by the county of residence. This must be completed before services provision and annually thereafter. The case manager shall establish the interdisciplinary team for the applicant and, with the team, identify the applicant's need for service based on the applicant's needs and desires as well as the availability and appropriateness of services using the following criteria:

(1) The assessment shall be based, in part, on information provided to the IME medical services unit.

(2) Service plans must be developed to reflect use of all appropriate nonwaiver Medicaid state services so as not to replace or duplicate those services.

(3) Service plans for applicants aged 20 or under which include supported community living services beyond intermittent shall not be approved until a home health provider has made a request to cover the service through all nonwaiver Medicaid services.

(4) Service plans for applicants aged 20 or under which include supported community living services beyond intermittent must be approved (signed and dated) by the designee of the bureau of long-term care. The Medicaid case manager must request in writing more than intermittent supported community living with a summary of services and service costs, and submit a written justification with the service plan. The rationale must contain sufficient information for the bureau's designee to make a decision regarding the need for supported community living beyond intermittent.

b. Interim medical monitoring and treatment services must be needed because all usual caregivers are unavailable to provide care due to one of the following circumstances:

(1) Employment. Interim medical monitoring and treatment services are to be received only during hours of employment.

(2) Academic or vocational training. Interim medical monitoring and treatment services provided while a usual caregiver participates in postsecondary education or vocational training shall be limited to 24 periods of no more than 30 days each per caregiver as documented by the service worker. Time spent

in high school completion, adult basic education, GED, or English as a second language does not count toward the limit.

(3) Absence from the home due to hospitalization, treatment for physical or mental illness, or death of the usual caregiver. Interim medical monitoring and treatment services under this subparagraph are limited to a maximum of 30 days.

(4) Search for employment.

1. Care during job search shall be limited to only those hours the usual caregiver is actually looking for employment, including travel time.

2. Interim medical monitoring and treatment services may be provided under this paragraph only during the execution of one job search plan of up to 30 working days in a 12-month period, approved by the department service worker or targeted case manager pursuant to 441—subparagraph 170.2(2)“b”(5).

3. Documentation of job search contacts shall be furnished to the department service worker or targeted case manager.

c. The consumer shall access, if a child, all other services for which the person is eligible and which are appropriate to meet the person’s needs as a precondition of eligibility for the HCBS BI waiver.

d. The total cost of brain injury waiver services, excluding the cost of case management and home and vehicle modifications, shall not exceed \$3,013.08 per month.

83.82(3) *HCBS brain injury (BI) waiver program limit for persons requiring the ICF/MR level of care.* Rescinded IAB 7/11/01, effective 7/1/01.

83.82(4) *Securing a state payment slot.*

a. The county department office shall enter all waiver applications into the individualized services information system (ISIS) to determine if a payment slot is available for all new applicants for the HCBS BI waiver program.

(1) For applicants not currently receiving Medicaid, the county department office shall make the entry by the end of the fifth working day after receipt of a completed Form 470-2927 or 470-2927(S), Health Services Application, or within five working days after receipt of disability determination, whichever is later.

(2) For current Medicaid members, the county department office shall make the entry by the end of the fifth working day after receipt of a written request signed and dated by the waiver applicant.

b. If no payment slot is available, the department shall enter the applicant on a waiting list according to the following:

(1) Applicants not currently eligible for Medicaid shall be entered on the waiting list on the basis of the date a completed Form 470-2927 or 470-2927(S), Health Services Application, is received by the department or upon receipt of disability determination, whichever is later. Applicants currently eligible for Medicaid shall be added to the waiting list on the basis of the date the applicant requests HCBS BI program services.

(2) In the event that more than one application is received at one time, applicants shall be entered on the waiting list on the basis of the month of birth, January being month one and the lowest number.

c. Persons who do not fall within the available slots shall have their applications rejected but their names shall be maintained on the waiting list. As slots become available, persons shall be selected from the waiting list to maintain the number of approved persons on the program based on their order on the waiting list.

[ARC 0191C, IAB 7/11/12, effective 7/1/12; ARC 0306C, IAB 9/5/12, effective 11/1/12; ARC 0359C, IAB 10/3/12, effective 12/1/12; ARC 0548C, IAB 1/9/13, effective 1/1/13; ARC 0665C, IAB 4/3/13, effective 6/1/13; ARC 0842C, IAB 7/24/13, effective 7/1/13; ARC 1056C, IAB 10/2/13, effective 11/6/13; ARC 1445C, IAB 4/30/14, effective 7/1/14; ARC 2471C, IAB 3/30/16, effective 5/4/16; ARC 2848C, IAB 12/7/16, effective 11/15/16; ARC 2936C, IAB 2/1/17, effective 3/8/17; ARC 3184C, IAB 7/5/17, effective 8/9/17]

441—83.83(249A) Application.

83.83(1) *Application for financial eligibility.* The application process as specified in rules 441—76.1(249A) to 441—76.6(249A) shall be followed.

83.83(2) *Approval of application for eligibility.*

a. Applications for the determination of ability of the consumer to have all medically necessary service needs met within the scope of this waiver shall be initiated on behalf of the consumer and with

the consumer's consent or with the consent of the consumer's legal representative by the discharge planner of the medical facility where the consumer resides at the time of application or the case manager. The discharge planner or case manager shall provide to the IME medical services unit all appropriate information needed regarding all the medically necessary service needs of the consumer. After completing the determination of ability to have all medically necessary service needs met within the scope of this waiver, the IME medical services unit shall inform the discharge planner or case manager on behalf of the consumer or the consumer's legal representative and send to the income maintenance worker a copy of the decision as to whether all of the consumer's service needs can be met in a home- or community-based setting.

b. Eligibility for the HCBS BI waiver shall be effective as of the date when both the service eligibility and financial eligibility have been completed. Decisions shall be mailed or given to the consumer or the consumer's legal representative on the date when each eligibility determination is completed.

c. An applicant shall be given the choice between waiver services and institutional care. The applicant or legal representative shall sign the applicable information submission tool listed in paragraph 83.82(1) "f," indicating that the applicant has elected home- and community-based services. This shall be arranged by the medical facility discharge planner or case manager.

d. The medical facility discharge planner, if there is one involved, shall contact the consumer's managed care organization or the designated case manager to initiate development of the consumer's service plan and initiation of waiver services.

e. HCBS BI waiver services provided prior to both approvals of eligibility for the waiver cannot be paid.

f. HCBS BI waiver services are not available in conjunction with other HCBS waiver programs or group foster care services.

g. The Medicaid case manager shall establish an HCBS BI waiver interdisciplinary team for each consumer and, with the team, identify the consumer's "need for service" based on the consumer's needs and desires as well as the availability and appropriateness of services.

83.83(3) *Effective date of eligibility.*

a. The effective date of eligibility for the waiver for persons who are already determined eligible for Medicaid is the date on which the person is determined to meet all of the criteria set forth in rule 441—83.82(249A).

b. The effective date of eligibility for the waiver for persons who qualify for Medicaid due to eligibility for the waiver services is the date on which the person is determined to meet all of the criteria set forth in rule 441—83.82(249A) and when the eligibility factors set forth in 441—subrule 75.1(7) and for married persons, in rule 441—75.5(249A), have been satisfied.

c. Eligibility for the waiver continues until the consumer fails to meet eligibility criteria listed in rule 441—83.82(249A). Consumers who return to inpatient status in a medical institution for more than 120 consecutive days shall be reviewed by the IME medical services unit to determine additional inpatient needs for possible termination from the brain injury waiver. The consumer shall be reviewed for eligibility under other Medicaid coverage groups in accordance with rule 441—76.11(249A). The consumer shall be notified of that decision through Form 470-0602, Notice of Decision.

If the consumer returns home before the effective date of the notice of decision and the consumer's condition has not substantially changed, the denial may be rescinded and eligibility may continue.

83.83(4) *Attribution of resources.* For the purposes of attributing resources as provided in rule 441—75.5(249A), the date on which the waiver consumer meets the level of care criteria in a medical institution as established by the peer review organization shall be used as the date of entry to the medical institution. Only one attribution of resources shall be completed per person. Attributions completed for prior institutionalizations shall be applied to the waiver application.

[ARC 0306C, IAB 9/5/12, effective 11/1/12; ARC 3184C, IAB 7/5/17, effective 8/9/17; ARC 3234C, IAB 8/2/17, effective 9/6/17]

441—83.84(249A) Client participation. Consumers who are financially eligible under 441—subrule 75.1(7) (the 300 percent group) must contribute a predetermined participation amount to the cost of brain injury waiver services.

83.84(1) Computation of client participation. Client participation shall be computed by deducting an amount for the maintenance needs of the consumer which is 300 percent of the maximum SSI grant for an individual from the consumer's total income. For a couple, client participation is determined as if each person were an individual.

83.84(2) Limitation on payment. If the sum of the third-party payment and client participation equals or exceeds the reimbursement for the specific brain injury waiver service, Medicaid shall make no payments for the waiver service. However, Medicaid shall make payments to other medical providers.

441—83.85(249A) Redetermination. A complete financial redetermination of eligibility for brain injury waiver shall be completed at least once every 12 months. A redetermination of continuing eligibility factors shall be made when a change in circumstances occurs that affects eligibility in accordance with rule 441—83.82(249A). A redetermination shall contain the components listed in rule 441—83.82(249A).

441—83.86(249A) Allowable services. Services allowable under the brain injury waiver are case management, respite, personal emergency response, supported community living, behavioral programming, family counseling and training, home and vehicle modification, specialized medical equipment, prevocational services, transportation, supported employment, adult day care, consumer-directed attendant care, interim medical monitoring and treatment, financial management, independent support brokerage, self-directed personal care, self-directed community supports and employment, and individual-directed goods and services as set forth in rule 441—78.43(249A).

441—83.87(249A) Service plan. A service plan shall be prepared and utilized for each HCBS BI waiver consumer. The service plan shall be developed by an interdisciplinary team, which includes the consumer, and, if appropriate, the legal representative, consumer's family, case manager, providers, and others directly involved. The service plan shall be stored by the case manager for a minimum of three years. The service plan staffing shall be conducted before the current service plan expires.

83.87(1) Information in plan. The plan shall be in accordance with 441—subrule 24.4(3) and shall additionally include the following information to assist in evaluating the program:

- a. A listing of all services received by a consumer at the time of waiver program enrollment.
- b. For supported community living:
 - (1) The consumer's living environment at the time of waiver enrollment.
 - (2) The number of hours per day of on-site staff supervision needed by the consumer.
 - (3) The number of other waiver consumers who will live with the consumer in the living unit.
- c. An identification and justification of any restriction of a consumer's rights including, but not limited to:
 - (1) Maintenance of personal funds.
 - (2) Self-administration of medications.
- d. The names of all providers responsible for providing all services.
- e. All service funding sources.
- f. The amount of the service to be received by the consumer.
- g. Whether the consumer has elected the consumer choices option and, if so:
 - (1) The independent support broker selected by the consumer; and
 - (2) The financial management service selected by the consumer.
- h. A plan for emergencies and identification of the supports available to the consumer in an emergency.

83.87(2) Use of nonwaiver services. Service plans must be developed to reflect use of all appropriate nonwaiver Medicaid services and so as not to replace or duplicate those services. Service plans for members aged 20 or under which include supported community living services beyond intermittent must

be approved (signed and dated) by the designee of the bureau of long-term care. The Medicaid case manager shall attach a written request for a variance from the limitation on supported community living to intermittent.

83.87(3) Annual assessment. The IME medical services unit shall assess the member annually and certify the member's need for long-term care services. The IME medical services unit shall be responsible for determining the level of care based on the completed information submission tool listed in paragraph 83.82(1) "f" and other supporting documentation as relevant.

a. The IME medical services unit or the member's managed care organization shall be responsible for annual redetermination of the level of care.

b. The managed care organization must submit documentation to the IME medical services unit for all reassessments, performed at least annually, which indicate a change in the member's level of care. The IME medical services unit shall make a final determination for any reassessments which indicate a change in the level of care. If the level of care reassessment indicates no change in level of care, the member is approved to continue at the already established level of care.

83.87(4) Service file. The Medicaid case manager must ensure that the consumer service file contains the consumer's service plan.

a. to d. Rescinded IAB 8/7/02, effective 10/1/02.

[ARC 0191C, IAB 7/11/12, effective 7/1/12; ARC 0306C, IAB 9/5/12, effective 11/1/12; ARC 0359C, IAB 10/3/12, effective 12/1/12; ARC 2361C, IAB 1/6/16, effective 1/1/16; ARC 3184C, IAB 7/5/17, effective 8/9/17]

441—83.88(249A) Adverse service actions.

83.88(1) Denial. An application for services shall be denied when it is determined by the department that:

a. The consumer is not eligible for the services because all of the medically necessary service needs cannot be met in a home- or community-based setting.

b. Service needs exceed the service unit or reimbursement maximums.

c. Service needs are not met by the services provided.

d. Needed services are not available or received from qualifying providers.

e. The brain injury waiver service is not identified in the consumer's service plan.

f. There is another community resource available to provide the service or a similar service free of charge to the consumer that will meet the consumer's needs.

g. The consumer receives services from other Medicaid waiver providers.

h. The consumer or legal representative through the interdisciplinary process requests termination from the services.

83.88(2) Reduction. A particular service may be reduced when the department determines that the provisions of 441—subrule 130.5(3), paragraph "a" or "b," apply.

83.88(3) Termination. A particular service may be terminated when the department determines that:

a. The provisions of 441—subrule 130.5(2), paragraph "d," "g," or "h," apply.

b. Needed services are not available or received from qualifying providers.

c. The brain injury waiver service is not identified in the consumer's annual service plan.

d. Service needs are not met by the services provided.

e. Services needed exceed the service unit or reimbursement maximums.

f. Completion or receipt of required documents by the department or the medical facility discharge planner for the brain injury waiver service consumer has not occurred.

g. The consumer receives services from other Medicaid providers.

h. The consumer or legal representative through the interdisciplinary process requests termination from the services.

441—83.89(249A) Appeal rights. Notice of adverse actions and right to appeal shall be given in accordance with 441—Chapter 7 and rule 441—130.5(234).

[ARC 0191C, IAB 7/11/12, effective 7/1/12; ARC 0306C, IAB 9/5/12, effective 11/1/12; ARC 0359C, IAB 10/3/12, effective 12/1/12]

441—83.90(249A) County reimbursement. Rescinded ARC 0191C, IAB 7/11/12, effective 7/1/12.

441—83.91(249A) Conversion to the X-PERT system. Rescinded IAB 8/7/02, effective 10/1/02.

These rules are intended to implement Iowa Code sections 249A.3 and 249A.4.

441—83.92 to 83.100 Reserved.

DIVISION VI—PHYSICAL DISABILITY WAIVER SERVICES

441—83.101(249A) Definitions.

“Adaptive” means age-appropriate skills related to taking care of one’s self and the ability to relate to others in daily living situations. These skills include limitations that occur in the areas of communication, self-care, home living, social skills, community use, self-direction, safety, functional academics, leisure and work.

“Adult” means a person with a physical disability aged 18 years to 64 years.

“Appropriate” means that the services or supports or activities provided or undertaken by the organization are relevant to the consumer’s needs, situation, problems, or desires.

“Assessment” means the review of the consumer’s current functioning in regard to the consumer’s situation, needs, strengths, abilities, desires and goals.

“Attorney in fact under a durable power of attorney for health care” means an individual who is designated by a durable power of attorney for health care, pursuant to Iowa Code chapter 144B, as an agent to make health care decisions on behalf of an individual and who has consented to act in that capacity.

“Behavior” means skills related to regulating one’s own behavior including coping with demands from others, making choices, controlling impulses, conforming conduct to laws, and displaying appropriate sociosexual behavior.

“Client participation” means the amount of the consumer’s income that the person must contribute to the cost of physical disability waiver services, exclusive of medical vendor payments, before Medicaid will provide additional reimbursement.

“Department” means the Iowa department of human services.

“Guardian” means a guardian appointed in probate court for an adult.

“Intermediate care facility for persons with an intellectual disability level of care” means that the individual has a diagnosis of intellectual disability made in accordance with the criteria provided in the current version of the Diagnostic and Statistical Manual of Mental Disorders published by the American Psychiatric Association; or has a related condition as defined in 42 CFR 435.1009; and needs assistance in at least three of the following major life areas: mobility, musculoskeletal skills, activities of daily living, domestic skills, toileting, eating skills, vision, hearing or speech or both, gross/fine motor skills, sensory-taste, smell, tactile, academic skills, vocational skills, social/community skills, behavior, and health care.

“Managed care organization” means an entity that (1) is under contract with the department to provide services to Medicaid recipients and (2) meets the definition of “health maintenance organization” as defined in Iowa Code section 514B.1.

“Medical institution” means a nursing facility, a skilled nursing facility, intermediate care facility for persons with an intellectual disability, or hospital which has been approved as a Medicaid vendor.

“Nursing facility level of care” means that the following conditions are met:

1. The presence of a physical or mental impairment which restricts the member’s daily ability to perform the essential activities of daily living, bathing, dressing, and personal hygiene, and impedes the member’s capacity to live independently.

2. The member’s physical or mental impairment is such that self-execution of required nursing care is improbable or impossible.

“Physical disability” means a severe, chronic condition that is attributable to a physical impairment that results in substantial limitations of physical functioning in three or more of the following areas of major life activities: self-care, receptive and expressive language, learning, mobility, self-direction, capacity for independent living, and economic self-sufficiency.

“*Service plan*” means a person-centered, outcome-based plan of services which is written by the member’s case manager with input and direction from the member and which addresses all relevant services and supports being provided. The service plan is developed by the interdisciplinary team, which includes the member and, if appropriate, the member’s legal representative, member’s family, service providers, and others directly involved with the member.

“*Skilled nursing facility level of care*” means that the following conditions are met:

1. The member’s medical condition requires skilled nursing services or skilled rehabilitation services as defined in 42 CFR 409.31(a), 409.32, and 409.34.
2. Services are provided in accordance with the general provisions for all Medicaid providers and services as described in rule 441—79.9(249A).
3. Documentation submitted for review indicates that the member has:
 - a. A physician order for all skilled services.
 - b. Services that require the skills of medical personnel, including registered nurses, licensed practical nurses, physical therapists, occupational therapists, speech pathologists, or audiologists.
 - c. An individualized care plan that identifies support needs.
 - d. Confirmation that skilled services are provided to the member.
 - e. Skilled services that are provided by, or under the supervision of, medical personnel as described above.
 - f. Skilled nursing services that are needed and provided seven days a week or skilled rehabilitation services that are needed and provided at least five days a week.

“*Third-party payments*” means payments from an individual, institution, corporation, or public or private provider which is liable to pay part or all of the medical costs incurred as a result of injury or disease on behalf of a consumer of medical assistance.

“*Waiver year*” means a 12-month period commencing on April 1 of each year.

[ARC 0306C, IAB 9/5/12, effective 11/1/12; ARC 2361C, IAB 1/6/16, effective 1/1/16; ARC 3874C, IAB 7/4/18, effective 8/8/18]

441—83.102(249A) Eligibility. To be eligible for physical disability waiver services, a consumer must meet eligibility criteria set forth in subrule 83.102(1) and be determined to need a service allowable under the program per subrule 83.102(2).

83.102(1) Eligibility criteria. All of the following criteria must be met. The person must:

- a. Have a physical disability.
- b. Be blind or disabled as determined by the receipt of social security disability benefits or by a disability determination made through the department. Disability determinations are made according to supplemental security income guidelines under Title XVI of the Social Security Act or the disability guidelines for the Medicaid employed people with disabilities coverage group.
- c. Be ineligible for the HCBS intellectual disability waiver.
- d. Have the ability to hire, supervise, and fire the provider as determined by the service worker, and be willing to do so, or have a parent or guardian named by probate court, or attorney in fact under a durable power of attorney for health care who will take this responsibility on behalf of the consumer.
- e. Be eligible for Medicaid under 441—Chapter 75.
- f. Be aged 18 years to 64 years.
- g. Rescinded IAB 2/7/01, effective 2/1/01.
- h. Be in need of skilled nursing or intermediate care facility level of care based on information submitted on a completed interRAI - Pediatric Home Care (PEDS-HC) for those aged 18 to 20 or the interRAI - Home Care (HC) for those aged 21 and over and other supporting documentation as relevant. The interRAI - Pediatric Home Care (PEDS-HC) and the interRAI - Home Care (HC) are available on request from the IME medical services unit. Copies of the completed information submission tool for an individual are available to that individual from the individual’s case manager or managed care organization.

(1) Initial decisions on level of care shall be made for the department by the IME medical services unit within two working days of receipt of medical information. The IME medical services

unit determines whether the level of care requirement is met based on medical necessity and the appropriateness of the level of care under 441—subrules 79.9(1) and 79.9(2).

(2) Adverse decisions by the IME medical services unit may be appealed to the department pursuant to 441—Chapter 7.

i. Choose HCBS.

j. Use a minimum of one unit of service per calendar quarter under this program.

k. For the consumer choices option as set forth in 441—subrule 78.46(6), not be living in a residential care facility.

83.102(2) Need for services.

a. The applicant shall have a service plan which is developed by the applicant and a department service worker. The plan must be completed and approved before service provision.

(1) The designated case manager shall identify the need for service based on the needs of the applicant, as documented in the information submission tool listed in 83.102(1)“*h*,” as well as the availability and appropriateness of services.

(2) The service worker shall have a face-to-face visit with the member at least annually.

b. The total cost of physical disability waiver services, excluding the cost of home and vehicle modifications, shall not exceed \$705.84 per month.

83.102(3) Slots. The total number of persons receiving HCBS physical disability waiver services in the state shall be limited to the number provided in the waiver approved by the Secretary of the U.S. Department of Health and Human Services. These slots shall be available on a first-come, first-served basis.

83.102(4) County payment slots for persons requiring the ICF/MR level of care. Rescinded IAB 10/6/99, effective 10/1/99.

83.102(5) Securing a slot.

a. The county department office shall enter all waiver applications into the individualized services information system (ISIS) to determine if a slot is available for all new applicants for the HCBS physical disability waiver program.

(1) For applicants not currently receiving Medicaid, the county department office shall make the entry by the end of the fifth working day after receipt of a completed Form 470-2927 or 470-2927(S), Health Services Application, or within five working days after receipt of disability determination, whichever is later.

(2) For current Medicaid members, the county department office shall make the entry by the end of the fifth working day after receipt of a written request signed and dated by the waiver applicant.

b. If no slot is available, the department shall enter applicants on the HCBS physical disabilities waiver waiting list according to the following:

(1) Applicants not currently eligible for Medicaid shall be entered on the basis of the date a completed Form 470-2927 or 470-2927(S), Health Services Application, is received by the department or upon receipt of disability determination, whichever is later. Applicants currently eligible for Medicaid shall be added on the basis of the date the applicant requests HCBS physical disability program services. In the event that more than one application is received on the same day, applicants shall be entered on the waiting list on the basis of the day of the month of their birthday, the lowest number being first on the list. Any subsequent tie shall be decided by the month of birth, January being month one and the lowest number.

(2) Persons who do not fall within the available slots shall have their applications rejected but their names shall be maintained on the waiting list. As slots become available, persons shall be selected from the waiting list to maintain the number of approved persons on the program based on their order on the waiting list.

83.102(6) Securing a county payment slot. Rescinded IAB 10/6/99, effective 10/1/99.

83.102(7) HCBS physical disability waiver waiting list. When services are denied because the limit on the number of slots is reached, a notice of decision denying service based on the limit and stating that the person's name shall be put on a waiting list shall be sent to the person by the department.

[ARC 9650B, IAB 8/10/11, effective 10/1/11; ARC 0306C, IAB 9/5/12, effective 11/1/12; ARC 0548C, IAB 1/9/13, effective 1/1/13; ARC 0665C, IAB 4/3/13, effective 6/1/13; ARC 0842C, IAB 7/24/13, effective 7/1/13; ARC 1056C, IAB 10/2/13, effective 11/6/13; ARC 1445C, IAB 4/30/14, effective 7/1/14; ARC 2848C, IAB 12/7/16, effective 11/15/16; ARC 2936C, IAB 2/1/17, effective 3/8/17; ARC 3184C, IAB 7/5/17, effective 8/9/17]

441—83.103(249A) Application.

83.103(1) Application for financial eligibility. The application process as specified in rules 441—76.1(249A) to 441—76.6(249A) shall be followed. Applications for this program may only be filed on or after April 1, 1999.

83.103(2) Approval of application for eligibility.

a. Applications for this waiver shall be initiated on behalf of the applicant who is a resident of a medical institution with the applicant's consent or with the consent of the applicant's legal representative by the discharge planner of the medical facility where the applicant resides at the time of application.

(1) The discharge planner shall contact the member's managed care organization or designated case manager to arrange for completion of the appropriate information submission tool as listed in paragraph 83.102(1) "h."

(2) After completing the determination of the level of care needed by the applicant, the IME medical services unit shall inform the income maintenance worker and the discharge planner of the IME medical services unit's decision.

b. Applications for this waiver shall be initiated by the applicant, the applicant's parent or legal guardian, or the applicant's attorney in fact under a durable power of attorney for health care on behalf of the applicant who is residing in the community.

(1) The applicant's managed care organization or the designated case manager shall arrange for the completion of the appropriate information submission tool as listed in paragraph 83.102(1) "h" and submit it to the IME medical services unit.

(2) After completing the determination of the level of care needed by the applicant, the IME medical services unit shall inform the income maintenance worker and the applicant, the applicant's parent or legal guardian, or the applicant's attorney in fact under a durable power of attorney for health care.

c. Eligibility for this waiver shall be effective as of the date when both the eligibility criteria in subrule 83.102(1) and need for services in subrule 83.102(2) have been established. Decisions shall be mailed or given to the applicant, the applicant's parent or legal guardian, or the applicant's attorney in fact under a durable power of attorney for health care on the date when each eligibility determination is completed.

d. An applicant shall be given the choice between waiver services and institutional care. The applicant or the applicant's parent, legal guardian, or attorney in fact under a durable power of attorney for health care shall sign the information submission tool, indicating that the applicant has elected home- and community-based services.

e. The applicant, the applicant's parent or guardian, or the applicant's attorney in fact under a durable power of attorney for health care shall cooperate with the designated case manager in the development of the service plan prior to the start of services.

f. HCBS physical disability waiver services provided prior to both approvals of eligibility for the waiver cannot be paid.

g. HCBS physical disability waiver services are not available in conjunction with other HCBS waiver programs. The consumer may also receive in-home health-related care service if eligible for that program.

83.103(3) Effective date of eligibility.

a. The effective date of eligibility for the waiver for persons who are already determined eligible for Medicaid is the date on which the person is determined to meet all of the criteria set forth in subrule 83.102(1).

b. The effective date of eligibility for the waiver for persons who qualify for Medicaid due to eligibility for the waiver services is the date on which the person is determined to meet all of the criteria set forth in subrule 83.102(1) and when the eligibility factors set forth in 441—subrule 75.1(7) and, for married persons, in rule 441—75.5(249A), have been satisfied.

c. Eligibility for the waiver continues until the consumer fails to meet eligibility criteria listed in subrule 83.102(1). Consumers who return to inpatient status in a medical institution for more than 120 consecutive days shall be reviewed by the IME medical services unit to determine additional inpatient needs for possible termination from the physical disability waiver. The consumer shall be reviewed for eligibility under other Medicaid coverage groups in accordance with rule 441—76.11(249A). The consumer shall be notified of that decision through Form 470-0602, Notice of Decision.

If the consumer returns home before the effective date of the notice of decision and the consumer's condition has not substantially changed, the denial may be rescinded and eligibility may continue.

83.103(4) Attribution of resources. For the purposes of attributing resources as provided in rule 441—75.5(249A), the date on which the waiver consumer meets the institutional level of care requirement as determined by the IME medical services unit or an appeal decision shall be used as the date of entry to the medical institution. Only one attribution of resources shall be completed per person.

Attributions completed for a prior institutionalization shall be applied to the waiver application.

[ARC 0306C, IAB 9/5/12, effective 11/1/12; ARC 2361C, IAB 1/6/16, effective 1/1/16; ARC 3184C, IAB 7/5/17, effective 8/9/17; ARC 3234C, IAB 8/2/17, effective 9/6/17]

441—83.104(249A) Client participation. Consumers who are financially eligible under 441—subrule 75.1(7) (the 300 percent group) must contribute a client participation amount to the cost of physical disability waiver services.

83.104(1) Computation of client participation. Client participation shall be computed by deducting a maintenance needs allowance equal to 300 percent of the maximum SSI grant for an individual from the consumer's total income. For a couple, client participation is determined as if each person were an individual.

83.104(2) Limitation on payment. If the sum of the third-party payment and client participation equals or exceeds the reimbursement for the specific physical disability waiver service, Medicaid shall make no payments for the waiver service. However, Medicaid shall make payments to other medical providers.

441—83.105(249A) Redetermination. A complete financial redetermination of eligibility for the physical disability waiver shall be completed at least once every 12 months. A redetermination of continuing eligibility factors shall be made when a change in circumstances occurs that affects eligibility in accordance with rule 441—83.102(249A). A redetermination shall contain the components listed in rule 441—83.102(249A).

441—83.106(249A) Allowable services. The services allowable under the physical disability waiver are consumer-directed attendant care, home and vehicle modification, personal emergency response system, transportation, specialized medical equipment, financial management, independent support brokerage, self-directed personal care, self-directed community supports and employment, and individual-directed goods and services as set forth in rule 441—78.46(249A).

441—83.107(249A) Individual service plan. An individualized service plan shall be prepared and used for each HCBS physical disability waiver consumer. The service plan shall be developed and approved by the consumer, the consumer's interdisciplinary team and the designated case manager prior to services beginning and payment being made to the provider.

83.107(1) Information in plan. The plan shall be in accordance with 441—subrule 24.4(3) and shall additionally include the following information to assist in evaluating the program:

- a. A listing of all services received by a consumer at the time of waiver program enrollment.
- b. The name of all providers responsible for providing all services.
- c. All service funding sources.

- d. The amount of the service to be received by the consumer.
- e. Whether the consumer has elected the consumer choices option and, if so:
 - (1) The independent support broker selected by the consumer; and
 - (2) The financial management service selected by the consumer.
- f. A plan for emergencies and identification of the supports available to the consumer in an emergency.

83.107(2) Annual assessment. The IME medical services unit or a managed care organization shall review the member's need for continued care annually and recertify the member's need for long-term care services, pursuant to paragraph 83.102(1) "h" and the appeal process at rule 441—83.109(249A), based on the appropriate information submission tool as listed in paragraph 83.102(1) "h" and other supporting documentation as relevant.

a. The IME medical services unit or the member's managed care organization shall be responsible for annual redetermination of the level of care.

b. The managed care organization must submit documentation to the IME medical services unit for all reassessments, performed at least annually, which indicate a change in the member's level of care. The IME medical services unit shall make a final determination for any reassessments which indicate a change in the level of care. If the level of care reassessment indicates no change in level of care, the member is approved to continue at the already established level of care.

83.107(3) Case file. Rescinded IAB 8/7/02, effective 10/1/02.
 [ARC 0306C, IAB 9/5/12, effective 11/1/12; ARC 2361C, IAB 1/6/16, effective 1/1/16; ARC 3184C, IAB 7/5/17, effective 8/9/17]

441—83.108(249A) Adverse service actions.

83.108(1) Denial. An application for services shall be denied when it is determined by the department that:

- a. All of the medically necessary service needs cannot be met in a home- or community-based setting.
- b. Service needs exceed the reimbursement maximums.
- c. Service needs are not met by the services provided.
- d. Needed services are not available or received from qualifying providers.
- e. The physical disability waiver service is not identified in the consumer's service plan.
- f. There is another community resource available to provide the service or a similar service free of charge to the consumer that will meet the consumer's needs.
- g. The consumer receives services from other Medicaid waiver providers.
- h. The consumer or legal representative requests termination from the services.

83.108(2) Reduction. A particular service may be reduced when the department determines that the provisions of 441—subrule 130.5(3), paragraph "a" or "b," apply.

83.108(3) Termination. A particular service may be terminated when the department determines that:

- a. The provisions of 441—subrule 130.5(2), paragraph "d," "g," or "h," apply.
- b. Needed services are not available or received from qualifying providers.
- c. The physical disability waiver service is not identified in the consumer's annual service plan.
- d. Service needs are not met by the services provided.
- e. Services needed exceed the service unit or reimbursement maximums.
- f. Completion or receipt of required documents by the consumer for the physical disability waiver service has not occurred.
- g. The consumer receives services from other Medicaid providers.
- h. The consumer or legal representative requests termination from the services.

441—83.109(249A) Appeal rights. Notice of adverse actions and right to appeal shall be given in accordance with 441—Chapter 7 and rule 441—130.5(234).

83.109(1) Appeal to county. Rescinded IAB 2/7/01, effective 2/1/01.

83.109(2) *Reconsideration request to IME medical services unit.* Rescinded IAB 9/5/12, effective 11/1/12.
[ARC 0306C, IAB 9/5/12, effective 11/1/12]

441—83.110(249A) County reimbursement. Rescinded IAB 10/6/99, effective 10/1/99.

441—83.111(249A) Conversion to the X-PERT system. Rescinded IAB 8/7/02, effective 10/1/02.
These rules are intended to implement Iowa Code sections 249A.3 and 249A.4.

441—83.112 to 83.120 Reserved.

DIVISION VII—HCBS CHILDREN’S MENTAL HEALTH WAIVER SERVICES

441—83.121(249A) Definitions.

“*Assessment*” means the review of the consumer’s current functioning in regard to the consumer’s situation, needs, abilities, desires, and goals.

“*Care coordinator*” means the professional who assists members in care coordination as described in 441—paragraph 78.53(1)“b.”

“*Case manager*” means the person designated to provide Medicaid targeted case management services for the consumer.

“*CMS*” means the Centers for Medicare and Medicaid Services, a division of the U.S. Department of Health and Human Services.

“*Consumer*” means an individual up to the age of 18 who is included in a Medicaid coverage group listed in 441—75.1(249A) and is a recipient of children’s mental health waiver services.

“*Deeming*” means considering parental or spousal income or resources as income or resources of a consumer in determining eligibility for a consumer according to Supplemental Security Income program guidelines.

“*Department*” means the Iowa department of human services.

“*Guardian*” means a parent of a consumer or a legal guardian appointed by the court.

“*HCBS*” means home- and community-based services provided under a Medicaid waiver.

“*IME*” means the Iowa Medicaid enterprise.

“*IME medical services unit*” means the contracted entity in the Iowa Medicaid enterprise that determines level of care for consumers initially applying for or continuing to receive children’s mental health waiver services.

“*Integrated health home*” means the provision of services to enrolled members as described in 441—subrule 78.53(1).

“*Interdisciplinary team*” means the consumer, the consumer’s family, and persons of varied professional and nonprofessional backgrounds with knowledge of the consumer’s needs, as designated by the consumer and the consumer’s family, who meet to develop a service plan based on the individualized needs of the consumer.

“*ISIS*” means the department’s individualized services information system.

“*Local office*” means a department of human services office as described in 441—subrule 1.4(2).

“*Managed care organization*” means an entity that (1) is under contract with the department to provide services to Medicaid recipients and (2) meets the definition of “health maintenance organization” as defined in Iowa Code section 514B.1.

“*Medical institution*” means a nursing facility, an intermediate care facility for persons with an intellectual disability, a psychiatric hospital or psychiatric medical institution for children, or a state mental health institute that has been approved as a Medicaid vendor.

“*Mental health professional*” means a person who meets all of the following conditions:

1. Holds at least a master’s degree in a mental health field including, but not limited to, psychology, counseling and guidance, psychiatric nursing and social work; or is a doctor of medicine or osteopathic medicine; and

2. Holds a current Iowa license when required by the Iowa professional licensure laws (such as a psychiatrist, a psychologist, a marital and family therapist, a mental health counselor, an advanced registered nurse practitioner, a psychiatric nurse, or a social worker); and

3. Has at least two years of postdegree experience supervised by a mental health professional in assessing mental health problems, mental illness, and service needs and in providing mental health services.

“*Psychiatric medical institution for children level of care*” means that the member has been diagnosed with a serious emotional disturbance and an independent team as identified in 441—subrule 85.22(3) has certified that ambulatory care resources available in the community do not meet the treatment needs of the recipient, that proper treatment of the recipient’s psychiatric condition requires services on an inpatient basis under the direction of a physician, and that the services can reasonably be expected to improve the recipient’s condition or prevent further regression so that the services will no longer be needed.

“*Serious emotional disturbance*” means a diagnosable mental, behavioral, or emotional disorder that (1) is of sufficient duration to meet diagnostic criteria for the disorder specified by the current version of the Diagnostic and Statistical Manual of Mental Disorders (DSM) published by the American Psychiatric Association; and (2) has resulted in a functional impairment that substantially interferes with or limits a consumer’s role or functioning in family, school, or community activities. “Serious emotional disturbance” shall not include neurodevelopmental disorders, substance-related disorders, or conditions or problems classified in the current version of the DSM as “other conditions that may be a focus of clinical attention,” unless these conditions co-occur with another diagnosable serious emotional disturbance.

“*Service plan*” means a person-centered, outcome-based plan of services that is written by the member’s case manager with input and direction from the member and that addresses all relevant services and supports being provided. The service plan is developed by the interdisciplinary team, which includes the member and, if appropriate, the member’s legal representative, member’s family, service providers, and others directly involved with the member.

“*Skill development*” means that the service provided is habilitative and is intended to impart an ability or capacity to the consumer. Supervision without habilitation is not skill development.

“*Targeted case management*” means Medicaid case management services accredited under 441—Chapter 24 and provided according to 441—Chapter 90 for consumers eligible for the children’s mental health waiver.

“*Waiver year*” for the children’s mental health waiver means a 12-month period commencing on July 1 of each year.

[ARC 0306C, IAB 9/5/12, effective 11/1/12; ARC 2164C, IAB 9/30/15, effective 10/1/15; ARC 2361C, IAB 1/6/16, effective 1/1/16; ARC 3184C, IAB 7/5/17, effective 8/9/17; ARC 3874C, IAB 7/4/18, effective 8/8/18]

441—83.122(249A) Eligibility. To be eligible for children’s mental health waiver services, a consumer must meet all of the following requirements:

83.122(1) Age. The consumer must be under 18 years of age.

83.122(2) Diagnosis. The consumer must be diagnosed with a serious emotional disturbance.

a. Initial certification. For initial application to the HCBS children’s mental health waiver program, psychological documentation that substantiates a mental health diagnosis of serious emotional disturbance as determined by a mental health professional must be current within the 12-month period before the application date.

b. Ongoing certification. A mental health professional must complete an annual evaluation that substantiates a mental health diagnosis of serious emotional disturbance.

83.122(3) Level of care. The applicant must be certified as being in need of a level of care that, but for the waiver, would be provided in a psychiatric hospital serving children under the age of 21. The IME medical services unit or a managed care organization shall certify the applicant’s level of care annually based on information submitted on Form 470-4694, Case Management Comprehensive Assessment, for children aged 3 and under or on the interRAI - Child and Youth Mental Health (ChYMH) for those

aged 4 to 20 and other supporting documentation as relevant. For those aged 12 to 18, the interRAI - Adolescent Supplement shall also be completed in addition to the interRAI - Child and Youth Mental Health (ChYMH). Form 470-4694, the interRAI - Child and Youth Mental Health (ChYMH), and the interRAI - Adolescent Supplement are available on request from the IME medical services unit. Copies of the completed information submission tool for an individual are available to that individual from the individual's case manager, integrated health home care coordinator or managed care organization.

83.122(4) *Financial eligibility.* The consumer must be eligible for Medicaid as follows:

- a. Be eligible for Medicaid under an SSI, SSI-related, FMAP, or FMAP-related coverage group; or
- b. Be eligible under the special income level (300 percent) coverage group; or
- c. Become eligible through application of the institutional deeming rules; or
- d. Would be eligible for Medicaid if in a medical institution. For this purpose, deeming of parental or spousal income or resources ceases in the month after the month of application.

83.122(5) *Choice of program.* The applicant must choose HCBS children's mental health waiver services over institutional care, as indicated by the signature of the applicant's parent or legal guardian on the assessment.

83.122(6) *Need for service.* The consumer must have service needs that can be met under the children's mental health waiver program, as documented in the service plan developed in accordance with rule 441—83.12(249A).

a. The consumer must be a recipient of case management or integrated health home services or be identified to receive case management or integrated health home services immediately following program enrollment.

b. The total cost of children's mental health waiver services needed to meet the member's needs, excluding the cost of environmental modifications, adaptive devices and therapeutic resources, may not exceed \$2,006.34 per month.

c. At a minimum, each consumer must receive one billable unit of a children's mental health waiver service per calendar quarter.

d. A consumer may not receive children's mental health waiver services and foster family care services under 441—Chapter 202 at the same time.

e. A consumer may be enrolled in only one HCBS waiver program at a time.

[ARC 7741B, IAB 5/6/09, effective 7/1/09; ARC 0306C, IAB 9/5/12, effective 11/1/12; ARC 0548C, IAB 1/9/13, effective 1/1/13; ARC 0665C, IAB 4/3/13, effective 6/1/13; ARC 0842C, IAB 7/24/13, effective 7/1/13; ARC 1056C, IAB 10/2/13, effective 11/6/13; ARC 1445C, IAB 4/30/14, effective 7/1/14; ARC 2361C, IAB 1/6/16, effective 1/1/16; ARC 2848C, IAB 12/7/16, effective 11/15/16; ARC 2936C, IAB 2/1/17, effective 3/8/17; ARC 3184C, IAB 7/5/17, effective 8/9/17]

441—83.123(249A) *Application.* The Medicaid application process as specified in rules 441—76.1(249A) to 441—76.6(249A) shall be followed for an application for HCBS children's mental health waiver services.

83.123(1) *Program limit.* The number of persons who may be approved for the HCBS children's mental health waiver shall be subject to the number of consumers to be served as set forth in the federally approved HCBS children's mental health waiver. When the number of applicants exceeds the number of consumers specified in the approved waiver, the consumer's application shall be rejected and the consumer's name shall be placed on a waiting list.

a. The local office shall determine if a payment slot is available by the end of the fifth working day after receipt of:

- (1) A completed Form 470-2297, Health Services Application, from a consumer who is not currently a Medicaid member; or
- (2) A written request signed and dated by a Medicaid member's parent or legal guardian.

b. When a payment slot is available, the local office shall enter the application into ISIS to begin the waiver approval process.

(1) The department shall hold the payment slot for the consumer as long as reasonable efforts are being made to arrange services and the consumer has not been determined to be ineligible for the program.

(2) If services have not been initiated and reasonable efforts are no longer being made to arrange services, the slot shall revert for use by the next consumer on the waiting list, if applicable. The consumer must reapply for a new slot.

c. If no payment slot is available, the department shall enter the names of persons on a waiting list according to the following:

(1) The names of applicants not currently eligible for Medicaid shall be entered on the waiting list on the basis of the date a completed Form 470-2927 or 470-2927(S), Health Services Application, is received by the department;

(2) The names of Medicaid members shall be added to the waiting list on the date as specified in paragraph 83.123(1) "a."

(3) In the event that more than one application is received at one time, the names of consumers shall be entered on the waiting list on the basis of the month of birth, January being month one and the lowest number.

d. Consumers whose names are on the waiting list shall be contacted to reapply as slots become available, based on the order of the waiting list, so that the number of approved consumers on the program is maintained.

(1) Once a payment slot is assigned, the department shall give written notice to the consumer within five working days.

(2) The department shall hold the payment slot for 30 days for the consumer to file a new application.

(3) If an application has not been filed within 30 days, the slot shall revert for use by the next consumer on the waiting list, if applicable. The consumer originally assigned the slot must reapply for a new slot.

83.123(2) Approval of waiver eligibility.

a. *Time limit.* Applications for the HCBS children's mental health waiver program shall be processed within 30 days unless one or more of the following conditions exist:

(1) An application has been filed and is pending for federal Supplemental Security Income (SSI) benefits.

(2) The application is pending because the department has not received information for a reason that is beyond the control of the consumer or the department.

(3) The application is pending because the assessment has not been completed. When a determination is not completed 90 days after the date of application due to the lack of a completed assessment, the application shall be denied.

b. *Notice of decisions.* The department shall mail or give decisions to the applicant on the dates when eligibility and level of care determinations are completed.

83.123(3) Effective date of eligibility. The effective date of a consumer's eligibility for children's mental health waiver services shall be the first date that all of the following conditions exist:

a. All eligibility requirements are met; and

b. Eligibility and level of care determinations have been made.

[ARC 0306C, IAB 9/5/12, effective 11/1/12; ARC 2361C, IAB 1/6/16, effective 1/1/16; ARC 3184C, IAB 7/5/17, effective 8/9/17]

441—83.124(249A) Financial participation. A consumer must contribute to the cost of children's mental health waiver services to the extent of the consumer's total income less 300 percent of the maximum monthly payment for one person under the federal Supplemental Security Income (SSI) program.

441—83.125(249A) Redetermination. The department shall redetermine a consumer's eligibility for the children's mental health waiver at least once every 12 months or when there is significant change in the consumer's situation or condition.

83.125(1) Eligibility review.

a. Every 12 months, the department shall review a consumer's eligibility in accordance with procedures in rule 441—76.7(249A). The review shall verify continuing eligibility factors as specified in rule 441—83.122(249A).

b. The IME medical services unit or a managed care organization shall review the member's need for continued care annually and recertify the member's need for long-term care services, pursuant to rule 441—83.122(249A) and the appeal process at rule 441—83.129(249A), based on the completed information submission tool designated in 83.122(3) and other supporting documentation as relevant.

c. The IME medical services unit or the member's managed care organization shall be responsible for annual redetermination of the level of care.

d. The managed care organization must submit documentation to the IME medical services unit for all reassessments, performed at least annually, which indicate a change in the member's level of care. The IME medical services unit shall make a final determination for any reassessments which indicate a change in the level of care. If the level of care reassessment indicates no change in level of care, the member is approved to continue at the already established level of care.

83.125(2) Continuation of eligibility. A consumer's waiver eligibility shall continue until one of the following conditions occurs.

a. The consumer fails to meet eligibility criteria listed in rule 441—83.122(249A).

b. The consumer is an inpatient of a medical institution for 120 or more consecutive days.

(1) After the consumer has spent 120 consecutive days in a medical institution, the local office shall terminate the consumer's waiver eligibility and review the consumer for eligibility under other Medicaid coverage groups. The local office shall notify the consumer and the consumer's parents or legal guardian through Form 470-0602, Notice of Decision.

(2) If the consumer returns home after 120 consecutive days, the consumer must reapply for children's mental health waiver services, and the IME medical services unit must redetermine the consumer's level of care.

c. The consumer does not reside at the consumer's natural home for a period of 60 consecutive days. After the consumer has resided outside the home for 60 consecutive days, the local office shall terminate the consumer's waiver eligibility and review the consumer for eligibility under other Medicaid coverage groups. The local office shall notify the consumer and the consumer's parents or legal guardian through Form 470-0602, Notice of Decision.

83.125(3) Payment slot. When a consumer loses waiver eligibility, the consumer's assigned payment slot shall revert for use to the next consumer on the waiting list.

[ARC 2361C, IAB 1/6/16, effective 1/1/16; ARC 3184C, IAB 7/5/17, effective 8/9/17; ARC 3234C, IAB 8/2/17, effective 9/6/17]

441—83.126(249A) Allowable services. Services allowable under the children's mental health waiver shall be provided as set forth in rule 441—78.52(249A) and shall include:

1. Environmental modifications, adaptive devices and therapeutic resources;
2. Family and community support services;
3. In-home family therapy; and
4. Respite care.

441—83.127(249A) Service plan. The consumer's case manager or integrated health home care coordinator shall prepare an individualized service plan for each consumer that meets the requirements set for case plans in rule 441—130.7(234).

83.127(1) The service plan shall be developed through an interdisciplinary team process.

83.127(2) The service plan shall be developed annually or when there is significant change in the consumer's situation or condition.

83.127(3) The service plan shall be based on information in the completed information submission tool designated in subrule 83.122(3) and other supporting documentation as relevant.

83.127(4) The service plan shall specify the type and frequency of the waiver services and the providers that will deliver the services.

83.127(5) The service plan shall identify and justify any restriction of the consumer's rights.

[ARC 0306C, IAB 9/5/12, effective 11/1/12; ARC 3184C, IAB 7/5/17, effective 8/9/17]

441—83.128(249A) Adverse service actions.

83.128(1) Denial. An application for children’s mental health waiver services shall be denied when the department determines that:

- a. The consumer is not eligible for or in need of waiver services.
- b. Needed services are not available or received from qualified providers.
- c. Service needs exceed the limit on aggregate monthly costs established in 83.122(6)“c” or are not met by the services provided.

83.128(2) Termination. A consumer’s participation in the children’s mental health waiver program may be terminated when the department determines that:

- a. The provisions of 441—paragraph 130.5(2)“a,” “b,” “c,” “g,” or “h” apply.
- b. The costs of the children’s mental health waiver services for the consumer exceed the aggregate monthly costs established in 83.122(6)“c.”
- c. The consumer receives care in a hospital, nursing facility, psychiatric hospital serving children under the age of 21, or psychiatric medical institution for children for 120 days in any one stay.
- d. The physical or mental condition of the consumer requires more care than can be provided in the consumer’s own home, as determined by the consumer’s case manager or integrated health home care coordinator.
- e. Service providers are not available.

83.128(3) Reduction. Reduction of services shall apply as specified in 441—paragraphs 130.5(3)“a” and “b.”

[ARC 3184C, IAB 7/5/17, effective 8/9/17; ARC 3234C, IAB 8/2/17, effective 9/6/17]

441—83.129(249A) Appeal rights. Notice of adverse action and right to appeal shall be given in accordance with 441—Chapter 7 and rule 441—130.5(234).

[ARC 0306C, IAB 9/5/12, effective 11/1/12]

These rules are intended to implement Iowa Code section 249A.4 and 2005 Iowa Acts, chapter 167, section 13, and chapter 117, section 3.

CHAPTER 84
EARLY AND PERIODIC SCREENING, DIAGNOSIS, AND TREATMENT

[Prior to 7/1/83, Social Services [770] Ch 84]

[Prior to 2/11/87, Human Services[498]]

PREAMBLE

This chapter defines and structures the early and periodic screening, diagnosis and treatment services provided under the Medicaid program to eligible children under the age of 21. As further described in these rules, services include physical and mental health screenings (including hearing and vision), laboratory tests, immunizations, and health education. Services are provided in compliance with federal regulations at Title 42, Part 441, Subpart B, as amended to November 16, 1984.

441—84.1(249A) Definitions.

“*Diagnosis*” is the determination of the nature of physical or mental disease or abnormality.

“*Interperiodic screen*” means a screen that occurs between the times stated in the periodicity schedule in 441—subrule 78.18(3).

“*Screening*” is the use of quick, simple procedures to sort out apparently well persons from those who may have a disease or abnormality and to identify those in need of more definitive study. These services shall be provided in accordance with reasonable standards of medical and dental practice.

441—84.2(249A) Eligibility. All persons eligible for medical assistance under age 21 are eligible for early and periodic screening, diagnosis, and treatment.

441—84.3(249A) Screening services. Screening may be done by a screening center or other qualified providers. Other qualified providers are physicians, advanced registered nurse practitioners, rural health centers, federally qualified health centers, clinics, and dentists. Screening services shall include all of the following services:

84.3(1) A comprehensive health and developmental history including an assessment of both physical and mental health development. This includes:

- a. A developmental assessment.
- b. An assessment of nutritional status.

84.3(2) A comprehensive unclothed physical examination. This includes:

- a. Physical growth.
- b. A physical inspection including ear, nose, mouth, throat, teeth, and all organ systems such as pulmonary, cardiac, and gastrointestinal.

84.3(3) Appropriate immunizations according to age and health history as recommended through the Vaccines for Children Program, except that “covered Part D drugs” as defined by 42 U.S.C. Section 1395w-102(e)(1)-(2) are not covered for any “Part D eligible individual” as defined in 42 U.S.C. Section 1395w-101(a)(3)(A), including an individual who is not enrolled in a Part D plan.

84.3(4) Health education including anticipatory guidance. See 441—subparagraph 78.18(6) “b”(1) for a description of the information services.

84.3(5) Hearing and vision screening.

84.3(6) Appropriate laboratory tests. These shall include:

- a. Hematocrit or hemoglobin.
- b. Rapid urine screening.
- c. Lead toxicity screening for all children aged 12 to 72 months.
- d. Tuberculin test, when appropriate.
- e. Hemoglobinopathy screening.
- f. Serology, when appropriate.

84.3(7) Direct dental referral for children over age 12 months.

441—84.4(249A) Referral.

84.4(1) The availability of early and periodic screening shall be discussed with the payee for any Medicaid-eligible child under the age of 21 at the time of application and periodically thereafter in compliance with federal regulations at Title 42, Part 441, Subpart B, as amended to November 16, 1984.

84.4(2) Screening shall be offered to each eligible individual according to the periodicity schedule in 441—subrule 78.18(3) when screening has been accepted, or on at least an annual basis when screening has been rejected. Interperiodic screens may be furnished when medically necessary to determine whether a child has a physical or mental illness or condition that may require further assessment, diagnosis, or treatment.

441—84.5(249A) Follow up. Follow-up services shall be provided when a referral for screening was accepted, but 60 days have elapsed and no screening examination has been performed, and when a screening examination discloses a possible abnormal condition and a referral was made for further diagnosis or treatment and such diagnosis or treatment has not been received within a period of 60 days from the date of the screening examination.

These rules are intended to implement Iowa Code section 249A.4.

CHAPTER 85
SERVICES IN PSYCHIATRIC INSTITUTIONS

PREAMBLE

Inpatient psychiatric services are provided in three types of psychiatric facilities in addition to general hospitals with psychiatric units: acute care psychiatric hospitals, psychiatric medical institutions for children, and nursing facilities for the mentally ill. Except for services in the state mental health institutes, Medicaid covers only persons under the age of 21 and persons aged 65 and older in acute care psychiatric hospitals. Medicaid covers only persons under the age of 21 in psychiatric medical institutions for children, and only persons aged 65 and older in nursing facilities for the mentally ill. These rules establish conditions of participation for providers, record-keeping requirements, reimbursement methodologies, and client eligibility requirements.

DIVISION I
PSYCHIATRIC HOSPITALS

441—85.1(249A) Acute care in psychiatric hospitals. These rules do not apply to general hospitals with psychiatric units.

85.1(1) *Psychiatric hospitals serving persons aged 21 and older.* A psychiatric hospital serving persons aged 21 and older shall meet the federal criteria for an institution for mental disease and shall be licensed pursuant to department of inspections and appeals rule 481—51.36(135B). An out-of-state facility shall be licensed as a psychiatric hospital, shall meet the federal criteria for an institution for mental disease, and shall be certified to participate in the Medicare program. An institution is an institution for mental disease only if its overall character is that of a facility established and maintained primarily for the care and treatment of persons with mental diseases. The following guidelines are used by the department in evaluating the overall character of a facility. These guidelines are all useful in identifying institutions for mental disease; however, no single guideline is necessarily determinative in any given case.

a. The facility:

- (1) Is licensed as a psychiatric facility for the care and treatment of persons with mental diseases.
- (2) Advertises or holds itself out as a facility for the care and treatment of persons with mental diseases.
- (3) Is accredited as a psychiatric facility by the Joint Commission on the Accreditation of Health Care Organizations or by any other federally recognized accrediting organization that has comparable standards or surveys and is approved by the department of inspections and appeals.

(4) Specializes in providing psychiatric or psychological care and treatment. This may be ascertained through review of patients' records. It may also be indicated by the fact that an unusually large proportion of the staff has specialized psychiatric or psychological training or that a large proportion of the patients are receiving psychopharmacological drugs.

(5) Is under the jurisdiction of the division of behavioral, developmental, and protective services for families, adults, and children of the department.

b. More than 50 percent of all the patients in the facility have mental diseases which require inpatient treatment according to the patient's medical records.

c. A large proportion of the patients in the facility has been transferred from a state mental institution for continuing treatment of their mental disorders.

d. Independent review teams report a preponderance of mental illness in the diagnoses of the patients in the facility.

e. The average patient age is significantly lower than that of a typical nursing home.

f. Part or all of the facility consists of locked wards.

85.1(2) *Psychiatric hospitals serving persons under the age of 21.* A psychiatric hospital serving persons under the age of 21 shall be licensed pursuant to department of inspections and appeals rule 481—51.36(135B) or shall be licensed in another state as a hospital, shall be accredited by the Joint

Commission on the Accreditation of Health Care Organizations, the Commission of Accreditation of Rehabilitation Facilities, the Council on Accreditation of Services for Families and Children, or by any other federally recognized accrediting organization that has comparable standards or surveys and is approved by the department of inspections and appeals, and shall meet federal service requirements.

441—85.2(249A) Out-of-state placement. Placement in an out-of-state psychiatric hospital for acute care requires prior approval by the bureau of managed care and clinical services and shall be approved only if special services are not available in Iowa facilities as determined by the division of behavioral, developmental, and protective services for families, adults, and children.

441—85.3(249A) Eligibility of persons under the age of 21.

85.3(1) Age. To be eligible for payment for the cost of care provided by a psychiatric hospital, the person shall be under 21 years of age. When treatment in the hospital is provided immediately preceding the person's twenty-first birthday, coverage continues to be available until the twenty-second birthday or until service is no longer required, whichever is earlier.

85.3(2) Period of eligibility. The person is considered to be an inpatient until unconditionally discharged. Coverage extends until the last day of the month of the discharge or the twenty-second birthday. While on inpatient status the eligible person is entitled to the full scope of Medicaid benefits.

85.3(3) Certification of need for care. For persons eligible for Medicaid prior to admission, an independent team shall certify that ambulatory care resources available in the community do not meet the treatment needs of the recipient, that proper treatment of the recipient's psychiatric condition requires services on an inpatient basis under the direction of a physician, and that the services can reasonably be expected to improve the recipient's condition or prevent further regression so that the services will no longer be needed. Team members are independent when they are not employees of or consultants to the facility. Form 470-2780, Certification of Need for Inpatient Psychiatric Services, may be used to document these criteria.

a. For persons eligible for Medicaid prior to admission, this preadmission certification shall be performed within 45 days prior to the proposed date for admission to the facility by an independent team that includes a physician who has competence in diagnosis and treatment of mental illness, preferably in child psychiatry, and who has knowledge of the person's situation. If a social worker is a part of the team, the social worker may be from the county office of the department of human services.

The evaluation shall be submitted to the facility on or prior to the date of the patient's admission.

b. When a person makes application for Medicaid subsequent to admission or has an application in process at the time of admission, a certification by the team responsible for the plan of care shall be provided within 14 days after admission and shall cover any period prior to application for which claims are to be made.

c. For emergency admissions, a certification shall be provided by the team responsible for the plan of care within 14 days after admission.

85.3(4) Financial eligibility for persons under the age of 21. To be eligible for payments for the cost of care provided by a psychiatric facility, persons under the age of 21 must be eligible under one of the coverage groups listed in rule 441—75.1(249A).

441—85.4(249A) Eligibility of persons aged 65 and over. To be eligible for payment for the cost of care provided by an institution for mental disease, persons must be aged 65 or over and be eligible under one of the coverage groups listed in rule 441—75.1(249A).

441—85.5(249A) Client participation.

85.5(1) Before July 2005. For months before July 2005, the resident shall be liable to pay client participation toward the cost of care on a monthly basis. The state will pay the balance of the cost of care for the month. The facility shall make arrangements directly with the resident for payment of client participation. Client participation is determined according to rule 441—75.16(249A).

85.5(2) *July 2005 and after.* Effective with the month of July 2005, the resident shall not be liable to pay client participation toward the cost of care, and no client participation amount shall be deducted from the state payment to the hospital.

441—85.6(249A) Responsibilities of hospitals.

85.6(1) *Medical record requirements.* The medical records maintained by the psychiatric hospital shall permit determination of the degree and intensity of the treatment provided to persons who are furnished services in the hospital.

a. Development of assessment and diagnostic data. Medical records shall stress the psychiatric components of the record, including history of findings and treatment provided for the psychiatric condition for which the patient is hospitalized.

(1) The identification data shall include the patient's legal status.

(2) A provisional or admitting diagnosis shall be made on every patient at the time of admission, and shall include the diagnoses of intercurrent diseases as well as the psychiatric diagnoses.

(3) The reasons for admission shall be clearly documented as stated by the patient or others significantly involved.

(4) The social service records, including reports of interviews with patients, family members, and others, shall provide an assessment of home plans and family attitudes and community resource contacts, as well as a social history.

(5) When indicated, a complete neurological examination shall be recorded at the time of the admission physical examination.

b. Psychiatric evaluation. Each patient shall receive a psychiatric evaluation that shall:

(1) Be completed within 60 hours of admission.

(2) Include a medical history.

(3) Contain a record of mental status.

(4) Note the onset of illness and the circumstances leading to admission.

(5) Describe attitudes and behavior.

(6) Estimate intellectual functioning, memory functioning, and orientation.

(7) Include an inventory of the patient's assets in descriptive, not interpretive, fashion.

c. Treatment plan.

(1) Each patient shall have an individual comprehensive treatment plan that shall be based on an inventory of the patient's strengths and disabilities. The written plan shall include a substantiated diagnosis, short-term and long-range goals, the specific treatment modalities utilized, the responsibilities of each member of the treatment team, and adequate documentation to justify the diagnosis and the treatment and rehabilitation activities carried out.

(2) The treatment received by the patient shall be documented in a way to ensure that all active therapeutic efforts are included.

d. Recording progress. Progress notes shall be recorded by the doctor of medicine or osteopathy responsible for the care of the patient, nurse, social worker and, when appropriate, others significantly involved in active treatment modalities. The frequency of progress notes is determined by the condition of the patient but shall be recorded at least weekly for the first two months and at least once a month thereafter and shall contain recommendations for revisions in the treatment plan as indicated, as well as precise assessment of the patient's progress in accordance with the original or revised treatment plan.

e. Discharge planning and discharge summary. The record of each patient who has been discharged shall have a discharge summary that includes a recapitulation of the patient's hospitalization and recommendations from appropriate services concerning follow-up or aftercare, as well as a brief summary of the patient's condition on discharge.

f. The facility shall obtain a professional review organization (PRO) determination that the person requires acute psychiatric care when a person applying or eligible for Medicaid enters the facility, returns from an acute care general hospital, or enters the facility after 30 consecutive days of visitation.

85.6(2) *Fiscal records.*

a. A Case Activity Report, Form 470-0042, shall be submitted to the department whenever a Medicaid applicant or recipient enters the facility, changes level of care, is hospitalized in a general hospital, leaves for visitation, or is discharged from the facility.

b. The facility shall bill after each calendar month for the previous month's services.

85.6(3) Additional requirements. Additional requirements are mandated for persons under the age of 21.

a. *Active treatment.* Inpatient psychiatric services shall involve active treatment. Active treatment means implementation of a professionally developed and supervised individual plan of care that is developed and implemented by an interdisciplinary team no later than 14 days after admission and is designed to achieve the recipient's discharge from inpatient status at the earliest possible time.

b. *Individual plan of care.* An individual plan of care is a written plan developed for each recipient to improve the recipient's condition to the extent that inpatient care is no longer necessary. The plan shall be reviewed every 30 days by the team to determine that services being provided are or were required on an inpatient basis and to recommend changes in the plan as indicated by the recipient's overall adjustment as an inpatient. The plan of care shall:

(1) Be based on a diagnostic evaluation that includes examination of the medical, psychological, social, behavioral and developmental aspects of the recipient's situation and reflects the need for inpatient psychiatric care.

(2) Be developed by a team of professionals, as specified in paragraph "c" below, in consultation, if possible, with the recipient and the recipient's parents, legal guardians or others in whose care the recipient will be released after discharge.

(3) State the treatment objectives.

(4) Prescribe an integrated program of therapies, activities and experiences designed to meet the objectives.

(5) Include, at an appropriate time, postdischarge plans and coordination of inpatient services with partial discharge plans and related community services to ensure continuity of care with the recipient's family, school and community upon discharge.

c. *Interdisciplinary team.* The individual plan of care shall be developed by an interdisciplinary team of physicians and other personnel who are employed by the facility or who provide services to patients in the facility.

(1) Based on education and experience, preferably including competence in child psychiatry, the team shall be capable of assessing the recipient's immediate and long-range therapeutic needs, developmental priorities, and personal strengths and liabilities; assessing the potential resources of the recipient's family; setting treatment objectives; and prescribing therapeutic modalities to achieve the plan's objectives.

(2) The team shall include, as a minimum, either a board-eligible or board-certified psychiatrist, a clinical psychologist who has a doctoral degree and a physician licensed to practice in medicine or osteopathy, or a physician licensed to practice medicine or osteopathy with specialized training and experience in the diagnosis and treatment of mental diseases and a psychologist who has a master's degree in clinical psychology and has been licensed by the state.

(3) The team shall also include one of the following: a social worker with a master's degree in social work with specialized training or one year's experience in treating persons with mental illness, a registered nurse with specialized training or one year's experience in treating persons with mental illness, an occupational therapist who is licensed and who has specialized training or one year of experience in treating persons with mental illness, or a psychologist who has a master's degree in clinical psychology or who has been licensed by the state.

441—85.7(249A) Psychiatric hospital reimbursement.

85.7(1) Reimbursement formula. Acute care in psychiatric hospitals shall be reimbursed on a per diem rate based on Medicare principles.

a. The reimbursement principles follow and comply with the retrospective Principles of Medicare reimbursement found in Title 18 of the Social Security Act and amendments to that Act,

Medicare regulations found in the Health Insurance Regulation Manual (HIRM-1), and General Instructions-Health Insurance Manual sections 10, 11, 12 and 15 when applicable.

b. Allowable costs are those defined as allowable in 42 CFR, Subpart A, Sections 413.5 and 413.9, as amended to December 2, 1996, and 42 CFR 447.250 as amended to September 23, 1992. Only those costs are considered in calculating the Medicaid inpatient reimbursement.

c. Medicare and Medicaid principles of reimbursement require hospitals to be paid at the lower of customary charges or reasonable cost and to adhere to all Medicare cost principles in the calculation of the facility rates.

d. Payment for inpatient hospital care for recipients for whom the PRO has determined that the level of care that is medically necessary is only that of skilled care or nursing care will be made at a rate equal to the statewide average Medicaid skilled nursing facility rate or the average state nursing facility rate. Periodic PRO determinations of the need for continuing care are also required.

e. Each participating Medicaid provider shall file a CMS 2552 Medicare Cost Report or a substitute accepted by the Centers for Medicare and Medicaid Services. In addition, supplemental information sheets are furnished to all Medicaid providers to be filed with the annual cost report. This report must be filed with the Iowa Medicaid enterprise provider audits and rate-setting unit for Iowa within 150 days after the close of the hospital's fiscal year.

f. Compensation for a disproportionate share of indigent patients is determined as described in 441—subrule 79.1(5).

g. Medicaid reimbursement shall be reduced by any payments from a third party toward the cost of a patient's care.

85.7(2) *Medical necessity.* The medical necessity of admission and continued stay will be determined by the PRO. Payment shall not be made for admissions which are determined not to be medically necessary nor will payment be approved for stays beyond the time at which inpatient specialized hospital care at the acute level has been determined not to be medically necessary.

85.7(3) *Reserve bed day payment.* No reserve bed day payments are made to acute care psychiatric hospitals.

85.7(4) *Outpatient services.* No coverage is available for outpatient psychiatric hospital services. These rules are intended to implement Iowa Code section 249A.4.

441—85.8(249A,81GA,ch167) Eligibility of persons aged 21 through 64.

85.8(1) *Facility.* Acute care in a psychiatric hospital is covered for persons aged 21 through 64 only at the state mental health institutes at Cherokee, Clarinda, Independence, and Mount Pleasant.

85.8(2) *Basis of eligibility.* To be eligible for payment for the cost of care provided by one of the covered facilities, a person aged 21 through 64 must be either:

a. Eligible for one of the coverage groups listed in 441—75.1(249A); or

b. Eligible under the IowaCare program pursuant to 441—Chapter 92.

85.8(3) *Period of eligibility.* A person is considered to be an inpatient until unconditionally discharged. Coverage extends until the last day of the month of discharge.

85.8(4) *Extent of eligibility.*

a. While on inpatient status, a person eligible under a coverage group listed in 441—75.1(249A) is entitled to the full scope of Medicaid benefits.

b. While on inpatient status, a person eligible under the IowaCare program is entitled to the services listed at 441—92.8(249A,81GA,ch167).

441—85.9 to 85.20 Reserved.

DIVISION II
PSYCHIATRIC MEDICAL INSTITUTIONS FOR CHILDREN

441—85.21(249A) Conditions for participation. Psychiatric medical institutions for children shall be issued a license by the department of inspections and appeals under Iowa Code chapter 135H and shall hold either a license from the department of human services under Iowa Code section 237.3, subsection

2, paragraph “a,” subparagraph (3) or, for facilities which provide substance abuse treatment, a license from the department of public health under Iowa Code section 125.13.

This rule is intended to implement Iowa Code sections 135H.4 and 249A.4.

441—85.22(249A) Eligibility of persons under the age of 21.

85.22(1) Age. To be eligible for payment for the cost of care provided by a psychiatric medical institution for children, the person shall be under 21 years of age. When treatment in the facility is provided immediately preceding the individual’s twenty-first birthday, coverage continues to be available until the twenty-second birthday or until service is no longer required, whichever is earlier.

85.22(2) Period of eligibility. The person is considered to be an inpatient until unconditionally discharged. Coverage extends until the last day of the month of the discharge or the twenty-second birthday. While on inpatient status, the eligible individual is entitled to the full scope of Medicaid benefits.

85.22(3) Certification for need for care. For persons eligible for Medicaid prior to admission, an independent team shall certify that ambulatory care resources available in the community do not meet the treatment needs of the recipient, that proper treatment of the recipient’s psychiatric condition requires services on an inpatient basis under the direction of a physician, and that the services can reasonably be expected to improve the recipient’s condition or prevent further regression so that the services will no longer be needed. Team members are independent when they are not employees of or consultants to the facility. Form 470-2780, Certification of Need for Inpatient Psychiatric Services, may be used to document these criteria.

a. For persons determined eligible for Medicaid prior to admission, this preadmission certification shall be performed within 45 days prior to the proposed date for admission to the facility by an independent team that includes a physician who has competence in diagnosis and treatment of mental illness, preferably in child psychiatry, and who has knowledge of the person’s situation. If a social worker is a part of the team, the social worker may be from the county office of the department of human services.

The evaluation shall be submitted to the facility on or prior to the date of the patient’s admission.

b. When a person makes application for Medicaid subsequent to admission or has an application in process at the time of admission, a certification by the team responsible for the plan of care shall be provided within 14 days after admission and shall cover any period prior to application for which claims are to be made.

c. For emergency admissions, a certification shall be provided by the team responsible for the plan of care within 14 days after admission.

85.22(4) Financial eligibility for persons under the age of 21. To be eligible for payments for the cost of care provided by psychiatric medical institutions, persons under the age of 21 shall be eligible under one of the coverage groups listed in rule 441—75.1(249A), except medically needy.

441—85.23(249A) Client participation. The resident’s client participation and medical payments from a third party shall be paid toward the total cost of care on a monthly basis. The state will pay the balance of the cost of care for the month. The facility shall make arrangements directly with the resident for payment of client participation. Client participation is determined according to rule 441—75.16(249A).

441—85.24(249A) Responsibilities of facilities.

85.24(1) Medical record requirements. The medical records maintained by psychiatric medical institutions for children shall permit determination of the degree and intensity of the treatment provided to persons who are furnished services in the facility.

a. Development of assessment and diagnostic data. Medical records shall stress the psychiatric components of the record, including history of findings and treatment provided for the psychiatric condition for which the patient is admitted.

(1) The identification data shall include the patient’s legal status.

(2) A provisional or admitting diagnosis shall be made on every patient at the time of admission, and shall include the diagnoses of intercurrent diseases as well as the psychiatric diagnoses.

(3) The reasons for admission shall be clearly documented as stated by the patient or others significantly involved.

(4) The social service records, including reports of interviews with patients, family members, and others, shall provide an assessment of home plans and family attitudes and community resource contacts, as well as a social history.

(5) When indicated, a complete neurological examination shall be recorded at the time of the admission physical examination.

b. Psychiatric evaluation. Each patient shall receive a psychiatric evaluation that shall:

(1) Be completed within seven days of admission.

(2) Include a medical history.

(3) Contain a record of mental status.

(4) Note the onset of illness and the circumstances leading to admission.

(5) Describe attitudes and behavior.

(6) Estimate intellectual functioning, memory functioning, and orientation.

(7) Include an inventory of the patient's assets in descriptive, not interpretive, fashion.

c. Treatment plan.

(1) Each patient shall have an individual comprehensive treatment plan that shall be based on an inventory of the patient's strengths and disabilities. The written plan shall include a substantiated diagnosis, short-term and long-range goals, the specific treatment modalities utilized, the responsibilities of each member of the treatment team, and adequate documentation to justify the diagnosis and the treatment and rehabilitation activities carried out.

(2) The treatment received by the patient shall be documented in a way to ensure that all active therapeutic efforts are included.

d. Recording progress. Progress notes shall be recorded by the doctor of medicine or osteopathy responsible for the care of the patient, nurse, social worker and, when appropriate, others significantly involved in active treatment modalities. The frequency of progress notes is determined by the condition of the patient but shall be recorded at least weekly for the first two months and at least once a month thereafter and shall contain recommendations for revisions in the treatment plan as indicated, as well as precise assessment of the patient's progress in accordance with the original or revised treatment plan.

e. Discharge planning and discharge summary. The record of each patient who has been discharged shall have a discharge summary that includes a recapitulation of the patient's stay at the facility and recommendations from appropriate services concerning follow-up or aftercare, as well as a brief summary of the patient's condition on discharge.

f. The facility shall obtain a professional review organization (PRO) determination that the person requires psychiatric medical institution level of care when a person applying or eligible for Medicaid enters the facility, returns from an acute care hospital stay longer than 10 days, or enters the facility after 30 consecutive days of visitation. Periodic PRO determinations of the need for continuing care are also required.

85.24(2) *Fiscal records.*

a. A Case Activity Report, Form 470-0042, shall be submitted to the department whenever a Medicaid applicant or recipient enters the facility, changes level of care, is hospitalized, leaves for visitation, or is discharged from the facility.

b. The facility shall bill after each calendar month for the previous month's services.

85.24(3) *Additional requirements.* Additional requirements are mandated for persons under the age of 21.

a. *Active treatment.* Inpatient psychiatric services shall involve active treatment. Active treatment means implementation of a professionally developed and supervised individual plan of care that is developed and implemented by an interdisciplinary team no later than 14 days after admission and is designed to achieve the recipient's discharge from inpatient status at the earliest possible time.

b. Individual plan of care. An individual plan of care is a written plan developed for each recipient to improve the recipient's condition to the extent that inpatient care is no longer necessary. The plan shall be reviewed every 30 days by the team to determine that services being provided are or were required on an inpatient basis and to recommend changes in the plan as indicated by the recipient's overall adjustment as an inpatient. The plan of care shall:

(1) Be based on a diagnostic evaluation that includes examination of the medical, psychological, social, behavioral and developmental aspects of the recipient's situation and reflects the need for inpatient psychiatric care.

(2) Be developed by a team of professionals, as specified in paragraph "c" below, in consultation, if possible, with the recipient and the recipient's parents, legal guardians or others in whose care the recipient will be released after discharge.

(3) State the treatment objectives.

(4) Prescribe an integrated program of therapies, activities and experiences designed to meet the objectives.

(5) Include, at an appropriate time, postdischarge plans and coordination of inpatient services with partial discharge plans and related community services to ensure continuity of care with the recipient's family, school and community upon discharge.

c. Interdisciplinary team. The individual plan of care shall be developed by an interdisciplinary team of physicians and other personnel who are employed by the facility or who provide services to patients in the facility. Membership in the interdisciplinary plan of care team includes those physicians and other professionals who are involved in the direct provision of treatment services, involved in the organization of the plan of care, or involved in consulting with or supervising those professionals involved in the direct provision of care.

(1) Based on education and experience, preferably including competence in child psychiatry, the team shall be capable of assessing the recipient's immediate and long-range therapeutic needs, developmental priorities, and personal strengths and liabilities; assessing the potential resources of the recipient's family; setting treatment objectives; and prescribing therapeutic modalities to achieve the plan's objectives.

(2) The team shall include, as a minimum, either a board-eligible or board-certified psychiatrist, a clinical psychologist who has a doctoral degree and a physician licensed to practice in medicine or osteopathy, or a physician licensed to practice medicine or osteopathy with specialized training and experience in the diagnosis and treatment of mental diseases and a psychologist who has a master's degree in clinical psychology and has been licensed by the state.

(3) The team shall also include one of the following: a social worker with a master's degree in social work with specialized training or one year's experience in treating persons with mental illness, a registered nurse with specialized training or one year's experience in treating persons with mental illness, an occupational therapist who is licensed and who has specialized training or one year of experience in treating persons with mental illness, or a psychologist who has a master's degree in clinical psychology or who has been licensed by the state.

441—85.25(249A) Reimbursement to psychiatric medical institutions for children.

85.25(1) *Computation of inpatient rate for non-state-owned facilities prior to July 1, 2014, and for state-owned facilities.* For services rendered by non-state-owned facilities on or before June 30, 2014, or by state-owned facilities, facilities are paid at a per diem rate based on the facility's actual and allowable cost for the service not to exceed the upper limit as provided in 441—subrule 79.1(2).

a. Rates for new facilities are based on historical costs submitted on Form 470-0664, Financial and Statistical Report for Purchase of Service Contracts, if the institution is established and has the historical data. If the institution is newly established, the rate shall be based on a proposed budget submitted on Form 470-0664. A Form 470-0664 with actual cost data shall be submitted after at least six months of participation in the program for a new rate adjustment.

b. After the initial cost report period, the institution shall submit Form 470-0664 annually within three months of the close of the facility's fiscal year. Failure to submit the report within this time shall

reduce payment to 75 percent of the current rate. The reduced rate shall be paid for no longer than three months, after which time no further payments will be made.

c. For services rendered on or after August 1, 2011, rates paid shall be adjusted to 100 percent of the facility's actual and allowable average costs per patient day, based on the cost information submitted pursuant to paragraphs 85.25(1) "a" and "b," subject to the upper limit provided in 441—subrule 79.1(2) for non-state-owned facilities. Before rate adjustment, providers shall be paid a prospective interim rate equal to the previous year's retrospectively calculated unit-of-service rate.

85.25(2) *Inpatient reimbursement for non-state-owned facilities effective January 1, 2016.* Services rendered by non-state-owned facilities on or after January 1, 2016, are paid on a fee-for-service basis.

85.25(3) *Reserve bed payments.*

a. Reserve bed day payment for days a resident of a psychiatric medical institution for children is absent from the facility for hospitalization in an acute care general hospital is paid in accordance with the following policies:

(1) The intent of the department and the facility shall be for the resident to return to the facility after the hospitalization.

(2) Staff from the psychiatric medical institution shall be available to provide support to the child and family during the hospitalization.

(3) Payment for reserve bed days shall be canceled and payment returned if the facility refuses to accept the child back except when the department and the facility agree that the return would not be in the child's best interests. If the department and the facility agree that the return would not be in the child's best interests, payment shall be canceled effective the day after the joint decision not to return the child.

(4) Payment will not be authorized for over ten days per calendar month and will not be authorized for over ten days for any continuous hospital stay.

b. Reserve bed days for visitation shall be made for days a resident is absent from a psychiatric medical institution for children at the time of a nightly census for the purpose of visitation when the absence is in accordance with the following policies:

(1) The visits are consistent with the child's case permanency plan and the facility's individual case plan.

(2) The intent of the department and the facility shall be for the child to return to the facility after the visitation.

(3) Staff from the psychiatric medical institution shall be available to provide support to the child and family during the visit.

(4) Payment for reserve bed days shall be canceled and payments returned if the facility refuses to accept the child back except when the department and the facility agree that the return would not be in the child's best interests. If the department and the facility agree that the return would not be in the child's best interests, payment shall be canceled effective the day after the joint decision not to return the child.

(5) Payment for reserve bed days shall be canceled effective the day after a decision not to return the child is made by the court or, in a voluntary placement, by the parent.

(6) Payment for reserve bed days shall not exceed 14 consecutive days or 30 days per year, except upon written approval of the regional administrator. In no case shall payment exceed 60 days per year for visitation or other absences.

c. Reserve bed payment shall be made for days a resident is absent from a psychiatric medical institution for children at the time of the nightly census for reasons such as detention, shelter care, or running away when the absence is in accordance with the following policies:

(1) The intent of the department and the psychiatric medical institution for children shall be for the child to return to the facility after the absence.

(2) Payment for reserve bed days shall be canceled and payments returned if the facility refuses to accept the child back except when the department and the facility agree that the return would not be in the child's best interests. If the department and the facility agree that the return would not be in the child's best interests, payment shall be canceled effective the day after the joint decision not to return the child.

(3) Payment for reserve bed days shall be canceled effective the day after a decision is made not to return the child by the court or, in a voluntary placement, by the parent.

(4) Payment for reserve bed days shall not exceed 14 consecutive days or 30 days per year, except upon written approval of the regional administrator. In no case shall payment exceed 60 days per year for visitation or other absences.

(5) Reserve bed day payment is not available until the child has been physically admitted to the psychiatric medical institution.

(6) The psychiatric medical institution shall notify the department social worker within 24 hours after the child is out of the facility for running away or other unplanned reasons.

85.25(4) Day treatment rates. Outpatient day treatment services are paid on a fixed fee basis. [ARC 8649B, IAB 4/7/10, effective 3/11/10; ARC 8899B, IAB 6/30/10, effective 7/1/10; ARC 9176B, IAB 11/3/10, effective 12/8/10; ARC 9710B, IAB 9/7/11, effective 8/17/11; ARC 0028C, IAB 3/7/12, effective 4/11/12; ARC 2026C, IAB 6/10/15, effective 8/1/15; ARC 2361C, IAB 1/6/16, effective 1/1/16]

441—85.26(249A) Outpatient day treatment for persons aged 20 or under. Payment to a psychiatric medical institution for children will be approved for day treatment services for persons aged 20 or under if the psychiatric medical institution for children is certified by the department of inspections and appeals for day treatment services and the services are provided on the licensed premises of the psychiatric medical institution for children.

EXCEPTION: Field trips away from the premises are a covered service when the trip is therapeutic and integrated into the day treatment program's description and milieu plan. All conditions for the day treatment program for persons aged 20 or under as outlined in 441—subrule 78.16(7) for community mental health centers shall apply to psychiatric medical institutions for children.

These rules are intended to implement Iowa Code section 249A.4.

441—85.27 to 85.40 Reserved.

DIVISION III
NURSING FACILITIES FOR PERSONS WITH MENTAL ILLNESS

441—85.41(249A) Conditions of participation. A nursing facility for persons with mental illness shall be licensed pursuant to department of inspections and appeals rules 481—Chapter 65, or, if the facility is a distinct part of a hospital, pursuant to department of inspections and appeals rule 481—51.33(135B). A distinct part of a general hospital may be considered a psychiatric institution. In addition, the facility shall be certified to participate in the Iowa Medicaid program as a nursing facility pursuant to 441—Chapter 81 and shall be 16 beds or more. The facility shall also meet the criteria set forth in subrule 85.1(1).

441—85.42(249A) Out-of-state placement. Placement in out-of-state nursing facilities for persons with mental illness is not payable.

441—85.43(249A) Eligibility of persons aged 65 and over. To be eligible for payment for the cost of care provided by nursing facilities for persons with mental illness, persons must be aged 65 or over and be eligible under one of the coverage groups listed in rule 441—75.1(249A), except for medically needy.

441—85.44(249A) Client participation. The resident's client participation and medical payments from a third party shall be paid toward the total cost of care on a monthly basis. The state will pay the balance of the cost of care for the month. The facility shall make arrangements directly with the resident for payment of client participation. Client participation is determined according to rule 441—75.16(249A).

441—85.45(249A) Responsibilities of nursing facility.

85.45(1) Medical record requirements. The facility shall obtain a PRO determination that the person requires psychiatric care when a person applying or eligible for Medicaid enters the facility, returns from an acute care hospital stay longer than 10 days, or enters the facility after 30 consecutive days of visitation. Periodic PRO determinations of the need for continuing care are also required.

85.45(2) Fiscal records.

a. A Case Activity Report, Form 470-0042, shall be submitted to the department whenever a Medicaid applicant or recipient enters the facility, changes level of care, is hospitalized, leaves for visitation, or is discharged from the facility.

b. The facility shall bill after each calendar month for the previous month's services.

441—85.46(249A) Policies governing reimbursement. Cost reporting, reserve bed day payment, and reimbursement shall be the same for nursing facilities for persons with mental illness as for nursing facilities as set forth in 441—Chapter 81.

441—85.47(249A) State-funded personal needs supplement. A Medicaid member living in an intermediate care facility for persons with mental illness who has countable income for purposes of rule 441—75.16(249A) of less than \$50 per month shall receive a state-funded payment from the department for the difference between that countable income and \$50 if the legislature has appropriated funding specifically for this purpose. This payment shall not be considered a benefit under Title XIX of the Social Security Act.

This rule is intended to implement Iowa Code Supplement section 249A.30A.

These rules are intended to implement Iowa Code section 249A.4.

CHAPTER 86
HEALTHY AND WELL KIDS IN IOWA (HAWK-I) PROGRAM

PREAMBLE

These rules define and structure the department of human services healthy and well kids in Iowa (HAWK-I) program and establish requirements for the third-party administrator responsible for the program administration and for the participating health and dental plans that will be delivering services to the enrollees. The purpose of this program is to provide transitional health and dental care coverage to children who are ineligible for Title XIX (Medicaid) assistance as set forth in this chapter. This chapter shall be construed to comply with all requirements for federal funding under Title XXI of the Social Security Act or under the terms of any applicable waiver of Title XXI requirements granted by the Secretary of the U.S. Department of Health and Human Services. To the extent this chapter is inconsistent with any applicable federal funding requirement under Title XXI or the terms of any applicable waiver, the requirements of Title XXI or the terms of the waiver shall prevail.

[ARC 0837C, IAB 7/24/13, effective 10/1/13; ARC 1287C, IAB 1/8/14, effective 1/1/14]

441—86.1(514I) Definitions.

“Applicant” shall mean anyone in the household, including all adults and children under the age of 19 who are counted in the HAWK-I family size according to the modified adjusted gross income methodology and who are listed on the application or renewal form.

“Benchmark benefit package for health care coverage” shall mean any of the following:

1. The standard Blue Cross Blue Shield preferred provider option service benefit plan, described in and offered under 5 U.S.C. Section 8903(1).

2. A health benefits coverage plan that is offered and generally available to state employees in this state.

3. The plan of a health maintenance organization, as defined in 42 U.S.C. Section 300e, with the largest insured commercial, nonmedical assistance enrollment of covered lives in the state.

“Capitation rate” shall mean the fee the department pays monthly to a participating health or dental plan for each enrollee for the provision of covered medical or dental services whether or not the enrollee received services during the month for which the fee is intended.

“Contract” shall mean the contract between the department and the person or entity selected as the third-party administrator or the contract between the department and the participating health or dental plan for the provision of medical or dental services to HAWK-I enrollees for whom the participating health or dental plans assume risk.

“Cost sharing” shall mean the payment of a premium or copayment as provided for by Title XXI of the federal Social Security Act and Iowa Code section 514I.10.

“Countable income” shall mean earned and unearned income of the family according to the modified adjusted gross income methodology.

“Covered services” shall mean all or a part of those medical and dental services set forth in rule 441—86.14(514I).

“Dentist” shall mean a person who is licensed to practice dentistry.

“Department” shall mean the Iowa department of human services.

“Director” shall mean the director of the Iowa department of human services.

“Eligible child” shall mean an individual who meets the criteria for participation in the HAWK-I program as set forth in rule 441—86.2(514I).

“Emergency dental condition” shall mean an oral condition that occurs suddenly and creates an urgent need for professional consultation or treatment. Emergency conditions may include hemorrhage, infection, pain, broken teeth, knocked-out teeth, or other trauma.

“Emergency medical condition” shall mean a medical condition manifesting itself by acute symptoms of sufficient severity, including severe pain, such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in one of the following:

1. Placing the health of the person or, with respect to a pregnant woman, the health of the woman and her unborn child, in serious jeopardy,
2. Serious impairment to bodily functions, or
3. Serious dysfunction of any bodily organ or part.

“Emergency services” shall mean, with respect to an individual enrolled with a plan, covered inpatient and outpatient services which are furnished by a provider qualified to furnish these services and which are needed to evaluate and stabilize an emergency medical or dental condition.

“Enrollee” shall mean a child who has been determined eligible for the program and who has been enrolled with a participating health plan.

“Family” shall mean anyone in the household, including all adults and children under the age of 19 who are counted in the HAWK-I family size according to the modified adjusted gross income methodology.

“Federal poverty level” shall mean the poverty income guidelines revised annually and published in the Federal Register by the United States Department of Health and Human Services.

“Good cause” shall mean the family has demonstrated that one or more of the following conditions exist:

1. There was a serious illness or death of the enrollee or a member of the enrollee’s family.
2. There was a family emergency or household disaster, such as a fire, flood, or tornado.
3. There was a reason beyond the enrollee’s control.
4. There was a failure to receive the third-party administrator’s request for a reason not attributable to the enrollee. Lack of a forwarding address is attributable to the enrollee.

“HAWK-I board” or *“board”* shall mean the entity that adopts rules, establishes policy, and directs the department regarding the HAWK-I program.

“HAWK-I program” or *“program”* shall mean the healthy and well kids in Iowa program implemented in this chapter to provide health and dental care coverage to eligible children.

“Health insurance coverage” shall mean health insurance coverage as defined in 45 CFR Section 144.103, as amended to October 1, 2008.

“Health Insurance Marketplace” or *“Exchange”* shall mean the entity authorized under 42 U.S.C. Section 18031(d)(4)(F) as amended to April 1, 2013, to evaluate and determine eligibility of applicants for Medicaid, the Children’s Health Insurance Program (CHIP), and other health programs.

“Institution for mental diseases” shall mean a hospital, nursing facility, or other institution of more than 16 beds that is primarily engaged in providing diagnosis, treatment, or care of persons with mental diseases, including medical attention, nursing care and related services as defined at 42 CFR Section 435.1009 as amended November 10, 1994.

“Modified adjusted gross income” shall mean the methodology prescribed in 42 U.S.C. Section 1396a(e)(14) and 42 CFR 435.603 as amended to April 1, 2013.

“Nonmedical public institution” shall mean an institution that is the responsibility of a governmental unit or over which a governmental unit exercises administrative control as defined in 42 CFR Section 435.1009 as amended November 10, 1994.

“Participating dental plan” shall mean any entity licensed by the division of insurance of the department of commerce to provide dental insurance in Iowa that has contracted with the department to provide dental insurance coverage to eligible children under this chapter.

“Participating health plan” shall mean any entity licensed by the division of insurance of the department of commerce to provide health insurance in Iowa or an organized delivery system licensed by the director of public health that has contracted with the department to provide health insurance coverage to eligible children under this chapter.

“Physician” shall be defined as provided in Iowa Code subsection 135.1(4).

“Provider” shall mean an individual, firm, corporation, association, or institution that is providing or has been approved to provide medical or dental care or services to an enrollee pursuant to the HAWK-I program.

“*Third-party administrator*” shall mean the person or entity with which the department contracts to provide administrative services for the HAWK-I program.

[ARC 7770B, IAB 5/20/09, effective 7/1/09; ARC 8478B, IAB 1/13/10, effective 3/1/10; ARC 8580B, IAB 3/10/10, effective 3/1/10; ARC 0837C, IAB 7/24/13, effective 10/1/13]

441—86.2(514I) Eligibility factors. The decision with respect to eligibility shall be based primarily on electronic data matches and information furnished by the applicant, the enrollee, or a person acting on behalf of the applicant or enrollee. A child must meet the following eligibility factors to participate in the HAWK-I program.

86.2(1) Age. The child shall be under 19 years of age. Eligibility for the program ends the first day of the month following the month of the child’s nineteenth birthday.

86.2(2) Income.

a. Countable income. In determining initial and ongoing eligibility for the HAWK-I program, countable income shall not exceed 302 percent of the federal poverty level for a family of the same size. Countable income shall be determined using the modified adjusted gross income methodology.

b. Verification of income. Income shall be verified through electronic data matches when possible or otherwise verified using the best information available.

(1) Pay stubs, tip records, tax records and employers’ statements are acceptable forms of verification of earned income.

(2) If self-employment income cannot be verified through electronic means, business records or income tax returns from the previous year can be used if they are representative of anticipated earnings. If business records or tax returns from the previous year are not representative of anticipated earnings, an average of the business records or tax returns from the previous two or three years may be used if that average is representative of anticipated earnings.

c. Changes in income. Once initial eligibility is established, changes in income during the 12-month enrollment period shall not affect the child’s eligibility to participate in the HAWK-I program. However, if income has decreased, the family may request a review of their income to establish whether they are required to continue paying a premium in accordance with rule 441—86.8(514I).

86.2(3) Family size. For purposes of establishing initial and ongoing eligibility under the HAWK-I program, the family size shall be determined according to the modified adjusted gross income methodology.

86.2(4) Uninsured status. The child must be uninsured.

a. A child who is currently enrolled in an individual or group health plan is not eligible to participate in the HAWK-I program. However, a child who is enrolled in a plan shall not be considered insured for purposes of the HAWK-I program if:

(1) The plan provides coverage only for a specific disease or service (such as a vision, dental, or cancer policy), or

(2) The child does not have reasonable geographic access to care under that plan. “Reasonable geographic access” means that the plan or an option available under the plan does not have service area limitations or, if the plan has service area limitations, the child lives within 30 miles or 30 minutes of a network primary care provider, or

(3) The child lost Medicaid eligibility solely because of the loss of income disregards from the implementation of the modified adjusted gross income methodology. If a child loses eligibility because of such loss of income disregards, the child may be covered under the HAWK-I program for up to 12 months following the loss of Medicaid eligibility regardless of the presence of other health insurance.

b. A child whose health insurance ends in the month of application shall be considered uninsured for purposes of HAWK-I eligibility. However, a one-month waiting period may be imposed pursuant to subrule 86.5(1) for a child who is subject to a monthly premium pursuant to paragraph 86.8(2) “c.”

c. American Indian and Alaska Native. American Indian and Alaska Native children are eligible for the HAWK-I program on the same basis as other children in the state, regardless of whether or not they may be eligible for or served by Indian Health Services-funded care.

86.2(5) *Ineligibility for Medicaid.* The child shall not be receiving Medicaid or eligible to receive Medicaid except when the child would be required to meet a spenddown under the medically needy program in accordance with the provisions of 441—subrule 75.1(35).

86.2(6) *Iowa residency.* Residency in Iowa is a condition of eligibility for the HAWK-I program. Residency shall be established in accordance with rule 441—75.10(249A).

86.2(7) *Citizenship and immigration status.* To be eligible for the HAWK-I program, the child shall be a citizen or lawfully admitted immigrant. The criteria established under 441—subrule 75.11(2) shall be followed when determining whether a lawfully admitted immigrant child is eligible to participate in the HAWK-I program.

a. The citizenship or immigration status of the parents or other responsible person shall not be considered when determining the eligibility of the child to participate in the program.

b. As a condition of eligibility for HAWK-I:

(1) All applicants shall attest to their citizenship status by signing the application form, which contains a citizenship declaration.

(2) When a child under the age of 19 is not living independently, the child's parent or other responsible person with whom the child lives shall be responsible for attesting to the child's citizenship or immigration status and for providing any required proof of the status.

c. Except as provided in 441—paragraph 75.11(2)“*f*,” applicants or enrollees for whom an attestation of United States citizenship has been made pursuant to paragraph 86.2(7)“*b*” shall present satisfactory documentation of citizenship or nationality as defined in 441—paragraphs 75.11(2)“*d*,” “*e*,” “*g*,” “*h*,” and “*i*.”

d. An applicant or enrollee shall have a reasonable opportunity period to obtain and provide proof of citizenship and nationality in accordance with 441—paragraph 75.11(2)“*c*.”

e. Failure to provide acceptable documentary evidence for a child shall not affect the eligibility of other children in the family for whom acceptable documentary evidence has been provided.

86.2(8) *Dependents of state of Iowa employees.* The child shall not be eligible for the HAWK-I program if the child is eligible for health insurance coverage as a dependent of a state of Iowa employee unless the state contributes only a nominal amount toward the cost of dependent coverage. “Nominal amount” shall mean \$10 or less per month.

86.2(9) *Inmates of nonmedical public institutions.* The child shall not be an inmate of a nonmedical public institution as defined at 42 CFR Section 435.1009 as amended November 10, 1994.

86.2(10) *Inmates of institutions for mental disease.* At the time of application or annual review of eligibility, the child shall not be an inmate of an institution for mental disease as defined at 42 CFR Section 435.1009 as amended November 10, 1994.

86.2(11) *Furnishing a social security number.* As a condition of eligibility and in accordance with rule 441—75.7(249A), a social security number or proof of application for the number if the number has not been issued or is not known must be furnished for a child for whom coverage under HAWK-I is being requested or received.

[ARC 7770B, IAB 5/20/09, effective 7/1/09; ARC 7881B, IAB 7/1/09, effective 7/1/09; ARC 8109B, IAB 9/9/09, effective 10/14/09; ARC 8127B, IAB 9/9/09, effective 9/1/09; ARC 8280B, IAB 11/18/09, effective 1/1/10; ARC 8281B, IAB 11/18/09, effective 12/23/09; ARC 8478B, IAB 1/13/10, effective 3/1/10; ARC 8838B, IAB 6/16/10, effective 6/1/10; ARC 9083B, IAB 9/22/10, effective 9/1/10; ARC 0837C, IAB 7/24/13, effective 10/1/13; ARC 1287C, IAB 1/8/14, effective 1/1/14]

441—86.3(514I) Application process.

86.3(1) *Who may apply.* Each person wishing to do so shall have the opportunity to apply for the HAWK-I program in accordance with rule 441—76.1(249A).

86.3(2) *Applications.* An application for the HAWK-I program shall be filed in accordance with rule 441—76.1(249A).

86.3(3) *Place of filing.* An application for the HAWK-I program may be filed with the third-party administrator responsible for making the eligibility determination through an Internet Web site, by telephone, through other electronic means, or in any local or area office of the department of human services, an exchange, disproportionate share hospital, federally qualified health center, or other facility in which outstationing activities are provided.

86.3(4) *Date and method of filing.* The application is considered filed when received in accordance with rule 441—76.1(249A).

86.3(5) *Right to withdraw application.* After an application has been filed, the applicant may withdraw the application at any time prior to the eligibility determination. Requests for voluntary withdrawal of the application shall be documented, and the applicant shall be sent a notice of decision confirming the request.

86.3(6) *Application not required.*

- a. An application shall not be required when a child becomes ineligible for Medicaid.
- b. A new application shall not be required when an eligible child is added to an existing HAWK-I eligible group.
- c. A new application shall not be required when a child moves between supplemental dental-only coverage as specified in rule 441—86.20(514I) and full medical and dental coverage.

86.3(7) *Information and verification procedure.* The decision with respect to eligibility shall be based primarily on information furnished by the applicant, enrollee, or person acting on behalf of the applicant or enrollee and verified through electronic data matches whenever possible.

a. The applicant, enrollee, or person acting on behalf of the applicant or enrollee shall be notified in writing of additional information or verification that is required to establish eligibility. The notice may be provided personally, by U.S. mail, by e-mail, or by facsimile.

b. Failure to supply the information or verification or refusal to authorize the third-party administrator to secure the information shall serve as a basis for rejection of the application or cancellation of coverage. If the requested information or authorization is received within 14 calendar days of the notice of decision on an application or within 14 calendar days of the effective date of cancellation for enrollees, the information or authorization shall be acted upon as though it had been provided timely. If the fourteenth calendar day falls on a weekend or state holiday, the applicant or enrollee shall have until the next business day to provide the information.

c. The applicant, enrollee, or person acting on behalf of the applicant or enrollee shall have 10 working days to supply the information or verification requested. The due date may be extended for a reasonable period when the applicant, enrollee, or person acting on behalf of the applicant or enrollee is making every effort but is unable to secure the required information or verification from a third party.

86.3(8) *Time limit for decision.* Decisions regarding the applicant's eligibility to participate in the HAWK-I program shall be made within ten working days from the date of receiving the completed application and all necessary information and verification unless the application cannot be processed for reasons beyond the control of the department or third-party administrator. Day one of the ten-day period starts the first working day following the date of receipt of a completed application and all necessary information and verification.

86.3(9) *Applicant cooperation.* An applicant must cooperate with the third-party administrator in the application process, which may include providing verification or signing documents. Failure to cooperate with the application process shall serve as basis for a denial of the application.

86.3(10) *Waiting lists.* When the department has established that all of the funds appropriated for this program are obligated, all subsequent applications for HAWK-I coverage shall be denied unless Medicaid eligibility exists.

a. The department or the third-party administrator shall mail a notice of decision to the applicant that states:

- (1) The applicant meets the eligibility requirements but that no funds are available and that the applicant will be placed on a waiting list, or
- (2) The applicant does not meet eligibility requirements, in which case the applicant shall not be put on a waiting list.

b. Prior to an applicant's being denied or placed on the waiting list, it must be established that the child is not eligible for Medicaid.

c. Applicants shall be placed on the waiting list on the basis of the date an identifiable application form specified in rule 441—76.1(249A) is received.

(1) In the event that more than one application is received on the same day, applicants shall be placed on the waiting list on the basis of the day of the month of the oldest child's birthday, the lowest number being first on the list.

(2) Any subsequent ties shall be determined by the month of birth of the oldest child, January being month one and the lowest number.

d. If funds become available, applicants shall be selected from the waiting list based on the order in which their names appear on the list and shall be notified of their selection.

e. After being notified of the availability of funding, the applicant shall have 15 working days to confirm the applicant's continued interest in applying for the program and to provide any information necessary to establish eligibility. If the applicant does not confirm continued interest in applying for the program and does not provide any additional information necessary to establish eligibility within 15 working days, the applicant's name shall be deleted from the waiting list and the next applicant on the waiting list shall be contacted.

[ARC 8580B, IAB 3/10/10, effective 3/1/10; ARC 9083B, IAB 9/22/10, effective 9/1/10; ARC 0552C, IAB 1/9/13, effective 4/1/13; ARC 0837C, IAB 7/24/13, effective 10/1/13]

441—86.4(514I) Coordination with Medicaid.

86.4(1) HAWK-I applicant eligible for Medicaid. At the time of initial application, if it is determined the child is eligible for Medicaid in accordance with the provisions of rule 441—75.1(249A), with the exception of meeting a spenddown under the medically needy program at 441—subrule 75.1(35), the child shall be enrolled in the Medicaid program.

86.4(2) HAWK-I enrollee eligible for Medicaid. At the time of the annual review, if the child is determined eligible for Medicaid in accordance with the provisions of rule 441—75.1(249A), with the exception of meeting a spenddown under the medically needy program at 441—subrule 75.1(35), the child shall be enrolled in Medicaid effective the first day following the expiration of the 12-month HAWK-I enrollment period.

86.4(3) Medicaid member becomes ineligible. If a child becomes ineligible for Medicaid under the provisions of rule 441—75.1(249A), with the exception of meeting a spenddown under the medically needy program at 441—subrule 75.1(35), the child shall be enrolled in the HAWK-I program if otherwise eligible.

[ARC 0837C, IAB 7/24/13, effective 10/1/13]

441—86.5(514I) Effective date of coverage.

86.5(1) Initial application. Coverage for a child who is determined eligible for the HAWK-I program on the basis of an initial application for either HAWK-I or Medicaid shall be effective the first day of the month following the month in which the application is filed, regardless of the day of the month the application is filed. However, when the child does not meet the provisions of paragraph 86.2(4)“a,” coverage shall be effective the first day of the month following the month in which health insurance coverage is lost. Also, a one-month waiting period shall be imposed for a child who is subject to a monthly premium pursuant to paragraph 86.8(2)“c” when the child's health insurance coverage ended in the month of application. EXCEPTIONS: A waiting period shall not be imposed if any of the following conditions apply:

- a.* The child is moving from Medicaid to HAWK-I.
- b.* The child has a medical condition that, without medical care, would cause serious disability, loss of function, or death.
- c.* The cost of health insurance coverage for the child exceeds 5 percent of the family's gross income. The cost of health insurance for the child shall be the difference between the premium for coverage with and without the child.
- d.* The health insurance was provided through an individual plan.
- e.* The child's health insurance coverage was lost due to:
 - (1) Domestic violence.
 - (2) Divorce or death of a parent.

- (3) An involuntary loss of employment that qualified the parent for dependent coverage, including but not limited to layoff, business closure, reduction in hours, or termination.
- (4) A job change to a new employer that does not offer the parent dependent coverage or that requires a waiting period before children can be enrolled in dependent coverage.
- (5) Utilization of the maximum lifetime coverage amount.
- (6) Expiration of coverage under COBRA.
- (7) Discontinuation of dependent coverage by the parent's employer.
- (8) A reason beyond the control of the parent, such as a serious illness of the parent, fire, flood, or natural disaster.

86.5(2) Referrals from Medicaid.

a. Cancellation of Medicaid. Coverage for children who are determined eligible for the HAWK-I program due to cancellation of Medicaid benefits shall be effective the first day of the month after Medicaid eligibility is lost in order to ensure that there is no break in coverage. However, when such a child does not meet the provisions of paragraph 86.2(4) "a," coverage shall be effective the first day of the month following the month in which health insurance coverage is lost.

b. EXCEPTION: If the child lost Medicaid eligibility solely because of the loss of income disregards from the implementation of the modified adjusted gross income methodology, the child may be covered under the HAWK-I program for up to 12 months following the loss of Medicaid eligibility, regardless of the presence of other health insurance coverage.

86.5(3) Annual renewals. Coverage for children who are determined eligible for the HAWK-I program on the basis of an annual renewal shall be effective the first day of the month following the month in which the previous enrollment period ended.

86.5(4) Children added to an existing HAWK-I enrollment period. Coverage for children who are determined eligible for the HAWK-I program on the basis of a request from the family to add the child to an existing enrollment period shall be effective the first day of the month following the month in which the request was made. However, if the child does not meet the provisions of paragraph 86.2(4) "a," coverage shall be effective the first day of the month following the month in which health insurance coverage is lost unless the child is subject to a one-month waiting period in accordance with paragraph 86.2(4) "b."

[ARC 8281B, IAB 11/18/09, effective 12/23/09; ARC 9083B, IAB 9/22/10, effective 9/1/10; ARC 0837C, IAB 7/24/13, effective 10/1/13]

441—86.6(514I) Selection of a plan. At the time of initial application, if there is more than one participating health or dental plan available in the child's county of residence, the applicant shall select the health or dental plan in which the applicant wishes to enroll as part of the eligibility process. The enrollee may change plans only at the time of the annual review unless the provisions of subrule 86.7(1) or paragraph 86.6(2) "a" apply. The applicant may designate the plan choice verbally or in writing. Form 470-3574, Selection of Plan, may be used for this purpose but is not required.

86.6(1) Period of enrollment. Once enrolled in a health or dental plan, the child shall remain enrolled in the selected health or dental plan for a period of 12 months.

a. Exceptions. A child may be enrolled in a plan for less than 12 months if:

(1) The child is disenrolled in accordance with the provisions of rule 441—86.7(514I). If a child is disenrolled from the health or dental plan and subsequently reapplies before the end of the original 12-month enrollment period, the child shall be enrolled in the health or dental plan from which the child was originally disenrolled unless the provisions of subrule 86.7(1) apply.

(2) The child is added to an existing enrollment. When a family requests to add an eligible child, the child shall be enrolled for the months remaining in the current enrollment period.

(3) A request to change plans is accepted in accordance with paragraphs 86.6(2) "b" and "c."

b. Request to change plan. An enrollee may ask to change the health or dental plan:

(1) Within 90 days following the date the initial enrollment was sent to the health or dental plan regardless of the reason for the plan change or whether the original health or dental plan was selected by the applicant or was assigned in accordance with subrule 86.6(3).

(2) At any time for cause. “Cause” as defined in 42 CFR 438.56(d)(2) as amended to May 13, 2010, includes, but is not limited to:

1. The enrollee moves out of the plan’s service area.
2. Because of moral or religious objections, the plan does not cover the services the enrollee seeks.
3. The enrollee needs related services (for example, a cesarean section and a tubal ligation) to be performed at the same time, not all related services are available within the network, and the enrollee’s primary care provider or another provider determines that receiving the services separately would subject the enrollee to unnecessary risk.
4. Other reasons including but not limited to poor quality of care, lack of access to services covered under the contract, or lack of access to providers experienced in dealing with the enrollee’s health care needs.

c. Response to request.

(1) If the enrollee has not requested to change health or dental plans within 90 days following the date the initial enrollment was sent to the health or dental plan and it is determined that cause does not exist, the request to change plans shall be denied.

(2) All approved changes shall be made prospectively and shall be effective on the first day of the month following the month in which the request was made.

86.6(2) Failure to select a health or dental plan. When more than one health or dental plan is available, if the applicant fails to select a health or dental plan within ten working days of the written request to make a selection, the third-party administrator shall select the health or dental plan and notify the family of the enrollment. The third-party administrator shall select the plan on a rotating basis to ensure an equitable distribution between participating health and dental plans.

86.6(3) Child moves from the service area. The child may be disenrolled from the health or dental plan when the child moves to an area of the state in which the health or dental plan does not have a provider network established. If the child is disenrolled, the child shall be enrolled in a participating health or dental plan in the new location. The period of enrollment shall be the number of months remaining in the original certification period.

86.6(4) Change at annual review. If more than one health or dental plan is available at the time of the annual review of eligibility, the family may designate another plan either verbally or in writing. Form 470-3574, Selection of Plan, may be used for this purpose. The child shall remain enrolled in the current health or dental plan if the family does not notify the third-party administrator of a new health or dental plan choice by the end of the current 12-month enrollment period.

[ARC 8478B, IAB 1/13/10, effective 3/1/10; ARC 9084B, IAB 9/22/10, effective 9/1/10; ARC 0837C, IAB 7/24/13, effective 10/1/13]

441—86.7(514I) Cancellation. The child’s eligibility for the HAWK-I program shall be canceled before the end of the 12-month enrollment period for any of the following:

86.7(1) Child moves from the service area. Rescinded IAB 1/13/10, effective 3/1/10.

86.7(2) Age. The child shall be canceled from the HAWK-I program as of the first day of the month following the month in which the child attained the age of 19.

86.7(3) Nonpayment of premiums. The child shall be canceled from the program as of the first day of the month in which premiums are not paid in accordance with the provisions of subrules 86.8(3), 86.8(4) and 86.8(5).

86.7(4) Iowa residence abandoned. The child shall be canceled from the program as of the first day of the month following the month in which the child relocated to another state. Eligibility shall not be canceled when the child is temporarily absent from the state in accordance with the provisions of 441—subrule 75.10(2).

86.7(5) Eligible for Medicaid. The child shall be canceled from the program as of the first day of the month following the month in which Medicaid eligibility is obtained. If there are months during which the child is covered by both the Medicaid and HAWK-I programs, the HAWK-I program shall be the primary payor and Medicaid shall be the payor of last resort.

86.7(6) Enrolled in other health insurance coverage. The child shall be canceled from the program as of the first day of the month following the month in which the department or the third-party

administrator is notified that the child has other health insurance coverage. If there are months during which the child is covered by both another insurance plan and the HAWK-I program, the other insurance plan shall be the primary payor and HAWK-I shall be the payor of last resort.

86.7(7) Admission to a nonmedical public institution. The child shall be canceled from the program as of the first day of the month following the month in which the child enters a nonmedical public institution unless the temporary absence provisions of paragraph 86.2(3) “d” apply.

86.7(8) Admission to an institution for mental disease. The child shall be canceled from the program if the child is a patient in an institution for mental disease at the time of annual review.

86.7(9) Employment with the state of Iowa. The child shall be canceled from the HAWK-I program as of the first day of the month in which the child’s parent became eligible to participate in a health or dental plan available to state of Iowa employees.

[ARC 8478B, IAB 1/13/10, effective 3/1/10; ARC 9083B, IAB 9/22/10, effective 9/1/10; ARC 0837C, IAB 7/24/13, effective 10/1/13]

441—86.8(514I) Premiums and copayments.

86.8(1) Income considered. The income considered in determining the premium amount shall be the family’s countable income using the modified adjusted gross income methodology.

86.8(2) Premium amount. Except as specified for supplemental dental-only coverage in subrule 86.20(3), premiums under the HAWK-I program shall be assessed as follows:

a. No premium is charged if:

- (1) The eligible child is an American Indian or Alaskan Native; or
- (2) The family’s countable income is less than 181 percent of the federal poverty level for a family of the same size.

b. If the family’s countable income is equal to or exceeds 181 percent of the federal poverty level for a family of the same size but does not exceed 242 percent of the federal poverty level for a family of that size, the premium is \$10 per child per month with a \$20 monthly maximum per family.

c. If the family’s countable income is equal to or exceeds 243 percent of the federal poverty level for a family of the same size, the premium is \$20 per child per month with a \$40 monthly maximum per family.

86.8(3) Due date.

a. *Payment upon initial application.* “Initial application” means the first program application or a subsequent application that is not a renewal. Upon approval of an initial application, the first month for which a premium is due is the third month following the month of decision. The due date of the first premium shall be the fifth day of the second month following the month of decision.

b. *Payment upon renewal.* “Renewal” means any application used to establish ongoing eligibility, without a break in coverage, for any enrollment period subsequent to an enrollment period established by an initial application.

(1) Upon approval of a renewal, the first month for which a premium is due is the first month of the enrollment period. The premium for the first month of the enrollment period shall be due by the fifth day of the month before the month of coverage or the tenth business day following the date of decision, whichever is later.

(2) All premiums due must be paid before the child will be enrolled for coverage. When the premium is received, the third-party administrator shall notify the health and dental plans of the enrollment.

c. *Subsequent payments.* All subsequent premiums are due by the fifth day of each month for the next month’s coverage and must be postmarked no later than the last day of the month before the month of coverage. Premiums may be paid in advance (e.g., on a quarterly or semiannual basis) rather than a monthly basis.

d. *Holiday or weekend.* When the premium due date falls on a holiday or weekend, the premium shall be due on the first business day following the due date.

86.8(4) Grace period. A grace period shall be allowed on any monthly premium not received as prescribed in paragraph 86.8(3) “c.” The grace period shall be the coverage month for which the premium is due.

a. Failure to submit a premium by the last calendar day of the grace period shall result in disenrollment.

b. If the premium is subsequently received, coverage will be reinstated if the premium was postmarked or otherwise paid:

- (1) In the grace period, or
- (2) In the 14 calendar days following the grace period.

86.8(5) *Method of premium payment.* Premiums may be submitted in the form of cash, personal checks, electronic funds transfers (EFT), or other methods established by the third-party administrator.

86.8(6) *Failure to pay premium.* Failure to pay the premium in accordance with subrules 86.8(3) and 86.8(5) shall result in cancellation from the program unless the grace period provisions of subrule 86.8(4) apply. Once a child is canceled from the program due to nonpayment of premiums, the family must reapply for coverage.

86.8(7) *Copayment.* There shall be a \$25 copayment for each emergency room visit if the child's medical condition does not meet the definition of emergency medical condition.

EXCEPTION: A copayment shall not be imposed when family income is less than 181 percent of the federal poverty level for a family of the same size or when the child is an eligible American Indian or Alaskan Native.

86.8(8) *Program lock-out.* A child who has been disenrolled from the program due to nonpayment of premiums shall be locked out of the program until the arrearage is paid in full or for a period not to exceed 90 days, whichever occurs first.

a. Failure to pay the unpaid premiums shall result in denial of the application if less than 90 days has elapsed since the effective date of disenrollment. EXCEPTION: The unpaid premium obligation shall be reduced to zero if upon reapplication a premium would not be assessed because the household's income is less than 150 percent of the federal poverty level.

b. If the arrearage is not paid within 24 months of failing to pay a premium, the debt shall be expunged and shall no longer be owed.

[ARC 7770B, IAB 5/20/09, effective 7/1/09; ARC 8478B, IAB 1/13/10, effective 3/1/10; ARC 9083B, IAB 9/22/10, effective 9/1/10; ARC 0837C, IAB 7/24/13, effective 10/1/13; ARC 1287C, IAB 1/8/14, effective 1/1/14; ARC 2912C, IAB 1/18/17, effective 3/1/17]

441—86.9(514I) Annual reviews of eligibility. All eligibility factors shall be reviewed at least every 12 months to establish ongoing eligibility for the program. "Month one" shall be the first month in which coverage is provided.

86.9(1) *Review form.* A prepopulated review form on which the answers, except for income, have been completed based on the information on file shall be sent to the family. The family shall review the completed information for accuracy and fill in the income section of the form. If family income cannot be verified through electronic data matches, the family shall be required to provide verification of current income. The family shall sign and date the form attesting to its accuracy as part of the review process.

86.9(2) *Failure to provide information.* The child shall not be enrolled for the next 12-month period if the family fails to provide information and verification of income or otherwise fails to cooperate in the annual review process. If the completed review form and any information necessary to establish continued eligibility are received within 14 calendar days of the end of an enrollment period, the review form and information shall be acted upon as though they had been received timely. If the fourteenth calendar day falls on a weekend or state holiday, the enrollee shall have until the next business day to provide the review form and any information necessary to establish continued eligibility.

86.9(3) *Change in plan.* Rescinded IAB 1/13/10, effective 3/1/10.
[ARC 8478B, IAB 1/13/10, effective 3/1/10; ARC 8580B, IAB 3/10/10, effective 3/1/10; ARC 0837C, IAB 7/24/13, effective 10/1/13]

441—86.10(514I) Reporting changes. Changes that may affect eligibility shall be reported timely to the department or the third-party administrator. "Timely" shall mean no later than ten working days after the change occurred. The ten working-day period begins the first working day following the date of the change. The parent, guardian, or other adult responsible for the child shall report the change unless the child is emancipated, married, or otherwise in an independent living situation, in which case the child shall be responsible for reporting the change.

86.10(1) *Entry to a nonmedical public institution.* The entry of a child into a nonmedical public institution, such as a penal institution, shall be reported following entry to the institution.

86.10(2) *Iowa residence is abandoned.* The abandonment of Iowa residence shall be reported following the move from the state.

86.10(3) *Other insurance coverage.* Enrollment of the child in other health insurance coverage shall be reported.

86.10(4) *Employment with the state of Iowa.* The employment of the child's parent with the state of Iowa shall be reported.

86.10(5) *Decrease in income.* If the family reports a decrease in income, the third-party administrator shall ascertain whether the change affects the premium obligation of the family. If the change is such that the family is no longer required to pay a premium in accordance with the provisions of rule 441—86.8(514I), premiums will no longer be charged beginning with the month following the month of the report of the change.

86.10(6) *Information reported by a third party.* Information reported by a third party shall not be acted upon until the information is verified in accordance with subrule 86.3(7).

86.10(7) *Cooperation.* The provisions of subrule 86.3(7) shall apply when a request for information or verification is made due to a change. In addition, failure of the enrollee or of the person acting on behalf of the enrollee to provide requested information or verification that may affect eligibility for the program shall result in cancellation and recoupment of all payments made by the department on behalf of the enrollee during the period in question.

86.10(8) *Effective date of change in eligibility.*

a. When a change in circumstances has a positive effect on eligibility, the change in eligibility shall be effective no earlier than the month following the month in which the change in circumstances was reported, regardless of when the change was reported.

b. When a change in circumstances has an adverse effect on eligibility, the change in eligibility shall be effective no earlier than the month following the issuance of a timely notification, in accordance with the provisions of rule 441—86.11(514I). When the change in circumstances was not reported timely, as defined in this rule, benefits shall be recouped beginning with the month following the month in which the change occurred.

c. When an anticipated change in circumstances is reported before the change occurs, no action shall be taken until the change actually occurs and is verified in accordance with the provisions of subrule 86.3(7).

[ARC 0837C, IAB 7/24/13, effective 10/1/13]

441—86.11(514I) Notice requirements. The applicant shall be provided an adequate written notice of the decision regarding the applicant's eligibility for the HAWK-I program. The enrollee shall be notified in writing of any decision that adversely affects the enrollee's eligibility or the amount of benefits. The notice shall be timely and adequate as provided in 441—subrule 7.7(1).

[ARC 0837C, IAB 7/24/13, effective 10/1/13]

441—86.12(514I) Appeals and fair hearings. If the applicant or enrollee disputes a decision to reduce, cancel or deny participation in the HAWK-I program, the applicant or enrollee may appeal the decision in accordance with 441—Chapter 7.

[ARC 0837C, IAB 7/24/13, effective 10/1/13]

441—86.13(514I) Third-party administrator. The third-party administrator shall have the following responsibilities:

86.13(1) *Determination of eligibility.* Eligibility for the HAWK-I program shall be determined utilizing the department's eligibility system and in accordance with the provisions of rule 441—86.2(514I).

86.13(2) *Dissemination of application forms and information.* The third-party administrator shall disseminate the following:

a. Rescinded IAB 10/17/01, effective 12/1/01.

b. Outreach materials, application forms, or other materials developed and produced by the department to any organization or individual making a request for the materials. If the request is for quantities exceeding ten, the third-party administrator shall forward the request to Iowa prison industries for dissemination.

c. Participating health and dental plan information.

d. Other materials as specified by the department.

86.13(3) Toll-free dedicated customer services line. The third-party administrator shall maintain a toll-free multilingual dedicated customer service line in accordance with the requirements of the department.

86.13(4) HAWK-I program web site. The third-party administrator shall work in cooperation with the department to maintain a web site providing information about the HAWK-I program.

86.13(5) Application process. Applications shall be processed in accordance with the provisions of rule 441—86.3(514I).

a. Processing applications and mailing of approvals and denials shall be completed within ten working days of receipt of the application and all necessary information and verification unless the application cannot be processed within this period for a reason beyond the control of the third-party administrator.

b. Original verification information shall be returned to the applicant or enrollee upon completion of review.

c. Applications shall be screened for completeness. Additional information or verification necessary to establish eligibility may be requested in writing. All information or verification of information attained shall be logged.

d. Health and dental plans shall be notified when the number of enrollees who speak the same non-English language equals or exceeds 10 percent of the number of enrollees in the health or dental plan.

86.13(6) Effective date of coverage. The effective date of coverage shall be established in accordance with the provisions of rule 441—86.5(514I).

86.13(7) Selection of health or dental plan. The third-party administrator shall provide participating health and dental plan information to families of eligible children by telephone or mail and, if necessary, offer unbiased assistance in the selection of a health or dental plan in accordance with the provisions of rule 441—86.6(514I).

86.13(8) Enrollment. The third-party administrator shall notify participating health and dental plans of enrollments.

86.13(9) Disenrollments. The third-party administrator shall disenroll an enrollee when the enrollee's eligibility for the HAWK-I program is canceled in accordance with the provisions of rule 441—86.7(514I). The third-party administrator shall notify the participating health and dental plans when an enrollee is disenrolled.

86.13(10) Annual reviews of eligibility. Eligibility shall be reviewed annually in accordance with the provisions of rules 441—86.2(514I) and 441—86.9(514I).

86.13(11) Acting on reported changes. The third-party administrator shall ensure that all changes reported by the HAWK-I enrollee in accordance with rule 441—86.10(514I) are acted upon no later than ten working days from the date the change is reported.

86.13(12) Premiums. The third-party administrator shall:

a. Calculate premiums in accordance with the provisions of rule 441—86.8(514I).

b. Collect HAWK-I premium payments. The funds shall be deposited into an interest-bearing account maintained by the department for periodic transmission of the funds and any accrued interest to the HAWK-I trust fund in accordance with state accounting procedures.

c. Track the status of the enrollee premium payments and provide the data to the department.

d. Mail a reminder notice to the family if the premium is not received by the due date.

86.13(13) Notices to families. Timely and adequate approval, denial, and cancellation notices that clearly explain the action being taken in regard to an application or an existing enrollment shall be issued

to the family. Denial and cancellation notices shall clearly explain the appeal rights of the applicant or enrollee. All notices shall be available in English and Spanish.

86.13(14) Records. The third-party administrator shall at a minimum maintain the following records:

- a. All records required by the department and the department of inspections and appeals.
- b. Records which identify transactions with or on behalf of each enrollee by social security number or other unique identifier.
- c. Application, case and financial records.
- d. All other records as required by the department in determining compliance with any federal or state law or rule or regulation promulgated by the United States Department of Health and Human Services or by the department.

86.13(15) Confidentiality. The third-party administrator shall protect and maintain the confidentiality of HAWK-I applicants and enrollees in accordance with 441—Chapter 9.

86.13(16) Reports to the department. The third-party administrator shall submit reports as required by the department.

86.13(17) Systems. The third-party administrator shall maintain data files that are compatible with the department's and the health plans' data files and shall make the system accessible to department staff. [ARC 8478B, IAB 1/13/10, effective 3/1/10; ARC 0837C, IAB 7/24/13, effective 10/1/13]

441—86.14(514I) Covered services. The benefits provided under the HAWK-I program shall meet a benchmark, benchmark equivalent, or benefit plan that complies with Title XXI of the federal Social Security Act.

86.14(1) Required medical services. The participating health plan shall cover at a minimum the following medically necessary services:

- a. Inpatient hospital services (including medical, surgical, intensive care unit, mental health, and substance abuse services).
- b. Physician services (including surgical and medical, and including office visits, newborn care, well-baby and well-child care, immunizations, urgent care, specialist care, allergy testing and treatment, mental health visits, and substance abuse visits).
- c. Outpatient hospital services (including emergency room, surgery, lab, and x-ray services and other services).
- d. Ambulance services.
- e. Physical therapy.
- f. Nursing care services (including skilled nursing facility services).
- g. Speech therapy.
- h. Durable medical equipment.
- i. Home health care.
- j. Hospice services.
- k. Prescription drugs.
- l. Rescinded IAB 1/13/10, effective 3/1/10.
- m. Hearing services.
- n. Vision services (including corrective lenses).
- o. Translation and interpreter services as specified pursuant to the federal Children's Health Insurance Program Reauthorization Act of 2009, Pub. L. No. 111-3.
- p. Chiropractic services.
- q. Occupational therapy.

86.14(2) Abortion. Payment for abortion shall only be made under the following circumstances:

- a. The physician certifies that the pregnant enrollee suffers from a physical disorder, physical injury, or physical illness, including a life-endangering physical condition caused by or arising from the pregnancy itself, that would place the enrollee in danger of death unless an abortion is performed.
- b. The pregnancy was the result of an act of rape or incest.

86.14(3) Required dental services. Participating dental plans shall cover at a minimum the following necessary dental services:

- a. Diagnostic and preventive services.
- b. Routine and restorative services.
- c. Endodontic services.
- d. Periodontal services.
- e. Cast restorations.
- f. Prosthetics.

[ARC 8478B, IAB 1/13/10, effective 3/1/10; ARC 2912C, IAB 1/18/17, effective 3/1/17]

441—86.15(514I) Participating health and dental plans.

86.15(1) Licensure. The participating health or dental plan must:

- a. Be licensed by the division of insurance of the department of commerce to provide health or dental care coverage in Iowa; or
- b. Be an organized delivery system licensed by the director of public health to provide health or dental care coverage.

86.15(2) Services. The participating health or dental plan shall provide coverage for the services specified in rule 441—86.14(514I) to all children determined eligible.

a. The participating health or dental plan shall make services it provides to HAWK-I enrollees at least as accessible to the enrollees (in terms of timeliness, duration and scope) as those services are accessible to other commercial enrollees in the area served by the health or dental plan.

b. Participating health plans shall ensure that emergency services (inpatient and outpatient) are available for treatment of an emergency medical condition 24 hours a day, seven days a week, either through the health plan's own providers or through arrangements with other providers.

c. If a participating health or dental plan does not provide statewide coverage, the health or dental plan shall participate in every county in which it is licensed and in which a provider network has been established.

86.15(3) Premium tax. Premiums paid to participating health and dental plans by the third-party administrator are exempt from premium tax.

86.15(4) Provider network. The participating health or dental plan shall establish a network of providers. Providers contracting with the participating health or dental plan shall comply with HAWK-I requirements, which shall include collecting copayments, if applicable.

86.15(5) Identification cards. Identification cards shall be issued by the participating health or dental plan to the enrollees for use in securing covered services.

86.15(6) Marketing.

a. Participating health and dental plans may not distribute directly or through an agent or independent contractor any marketing materials.

b. All marketing materials require prior approval from the department.

c. At a minimum, participating health and dental plans must provide the following material in writing or electronically:

(1) A current member handbook that fully explains the services available, how and when to obtain them, and special factors applicable to the HAWK-I enrollees. At a minimum the handbook shall include covered services, network providers, exclusions, emergency services procedures, 24-hour toll-free number for certification of services, daytime number to call for assistance, appeal procedures, enrollee rights and responsibilities, and definitions of terms.

(2) All health and dental plan literature and brochures shall be available in English and any other language when enrollment in the health or dental plan by enrollees who speak the same non-English language equals or exceeds 10 percent of all enrollees in the health or dental plan and shall be made available to the third-party administrator for distribution.

d. All health and dental plan literature and brochures shall be approved by the department.

e. The participating health and dental plans shall not, directly or indirectly, conduct door-to-door, telephonic, or other "cold-call" marketing.

f. The participating health or dental plan may make marketing presentations at the discretion of the department.

86.15(7) *Appeal process.* The participating health or dental plan shall have a written procedure by which enrollees may appeal issues concerning the health or dental care services provided through providers contracted with the health or dental plan and which:

- a.* Is approved by the department prior to use.
- b.* Acknowledges receipt of the appeal to the enrollee.
- c.* Establishes time frames which ensure that appeals be resolved within 45 days, except for appeals which involve emergency medical conditions, which shall be resolved within time frames appropriate to the situations.
- d.* Ensures the participation of persons with authority to take corrective action.
- e.* Ensures that the decision be made by a physician, dentist, or clinical peer not previously involved in the case.
- f.* Ensures the confidentiality of the enrollee.
- g.* Ensures issuance of a written decision to the enrollee for each appeal which shall contain an adequate explanation of the action taken and the reason for the decision.
- h.* Maintains a log of the appeals which is made available to the department at its request.
- i.* Ensures that the participating health or dental plan's written appeal procedures be provided to each newly covered enrollee.
- j.* Requires that the participating health or dental plan make quarterly reports to the department summarizing appeals and resolutions.

86.15(8) *Appeals to the department.* Rescinded IAB 1/13/99, effective 1/1/99.

86.15(9) *Records and reports.* The participating health and dental plans shall maintain records and reports as follows:

a. The health or dental plan shall comply with the provisions of rule 441—79.3(249A) regarding maintenance and retention of clinical and fiscal records and shall file a letter with the commissioner of insurance as described in Iowa Code section 228.7. In addition, the health or dental plan or subcontractor of the health or dental plan, as appropriate, must maintain a medical or dental records system that:

- (1) Identifies each medical or dental record by HAWK-I enrollee identification number.
- (2) Maintains a complete medical or dental record for each enrollee.
- (3) Provides a specific medical or dental record on demand.
- (4) Meets state and federal reporting requirements applicable to the HAWK-I program.
- (5) Maintains the confidentiality of medical or dental records information and releases the information only in accordance with established policy below:

1. All medical and dental records of the enrollee shall be confidential and shall not be released without the written consent of the enrollee or responsible party.

2. Written consent is not required for the transmission of medical or dental records information to physicians, dentists, other practitioners, or facilities that are providing services to enrollees under a subcontract with the health or dental plan. This provision also applies to specialty providers who are retained by the health or dental plan to provide services which are infrequently used, which provide a support system service to the operation of the health or dental plan, or which are of an unusual nature. This provision is also intended to waive the need for written consent for department staff and the third-party administrator assisting in the administration of the program, reviewers from the peer review organization (PRO), monitoring authorities from the Centers for Medicare and Medicaid Services (CMS), the health or dental plan itself, and other subcontractors which require information as described under numbered paragraph "5" below.

3. Written consent is not required for the transmission of medical or dental records information to physicians, dentists, or facilities providing emergency care pursuant to paragraph 86.15(2) "b."

4. Written consent is required for the transmission of the medical or dental records information of a former enrollee to any physician or dentist not connected with the health or dental plan.

5. The extent of medical or dental records information to be released in each instance shall be based upon a test of medical or dental necessity and a “need to know” on the part of the practitioner or a facility requesting the information.

6. Medical and dental records maintained by subcontractors shall meet the requirements of this rule.

EXCEPTION: Written consent is required for the transmission of medical records relating to substance abuse, HIV, or mental health treatment in accordance with state and federal laws.

b. Each health or dental plan shall provide at a minimum reports and plan information to the third-party administrator as follows:

- (1) A list of providers of services under the plan.
- (2) Encounter data on a monthly basis as required by the department.
- (3) Other information as directed by the department.

c. Each health or dental plan shall at a minimum provide reports and health or dental plan information to the department as follows:

- (1) Information regarding the plan’s appeal process.
- (2) A plan for a health improvement program.
- (3) Periodic financial, utilization and statistical reports as required by the department.
- (4) Time-specific reports which define activity for child health care, appeals and other designated activities which may, at the department’s discretion, vary among plans, depending on the services covered or other differences.

(5) Other information as directed by the department.

86.15(10) *Systems.* The participating health or dental plan shall maintain data files that are compatible with the department’s and third-party administrator’s systems.

86.15(11) *Payment to the participating health or dental plan.*

a. In consideration for all services rendered by a health or dental plan, the health or dental plan shall receive a payment each month for each enrollee. This capitation rate represents the total obligation of the department with respect to the costs of medical or dental care and services provided to the enrollees.

b. The capitation rate shall be actuarially determined by the department July of 2000 and each fiscal year thereafter using statistics and data assumptions and relevant experience derived from similar populations.

c. The capitation rate does not include any amounts for the recoupment of losses suffered by the health or dental plan for risks assumed under the current or any previous contract. The health or dental plan accepts the rate as payment in full for the contracted services. Any savings realized by the health or dental plan due to lower utilization from a less frequent incidence of health or dental problems among the enrolled population shall be wholly retained by the health or dental plan.

d. If an enrollee has third-party coverage or a responsible party other than the HAWK-I program available for purposes of payment for medical or dental expenses, it is the right and responsibility of the health or dental plan to investigate these third-party resources and attempt to obtain payment. The health or dental plan shall retain all funds collected through third-party sources. A complete record of all income from these sources must be maintained and made available to the department.

86.15(12) *Quality assurance.* The health or dental plan shall have in effect an internal quality assurance system.

[ARC 8478B, IAB 1/13/10, effective 3/1/10; ARC 0837C, IAB 7/24/13, effective 10/1/13]

441—86.16(514I) Clinical advisory committee. Members of the clinical advisory committee established in accordance with the provisions of 441—paragraph 1.10(2) “c” shall be appointed to three-year terms. Members may be appointed for more than one term. No more than one-third of the membership of the committee shall rotate off the committee in any given calendar year.

441—86.17(514I) Use of donations to the HAWK-I program. If an individual or other entity makes a monetary donation to the HAWK-I program, the department shall deposit the donation into the HAWK-I trust fund. The department shall track all donations separately and shall not commingle the donations

with other moneys in the trust fund. The department shall report the receipt of all donations to the HAWK-I board.

86.17(1) If the donor specifically identifies the purpose of the donation, regardless of the amount, the donation shall be used as specified by the donor as long as the identified purpose is permissible under state and federal law.

86.17(2) If the donation is less than \$5,000 and the donor does not specifically identify how it is to be used, the department shall use the moneys in the following order:

- a. For the direct benefit of enrollees (e.g., premium payments).
- b. For outreach activities.
- c. For other purposes as determined by the HAWK-I board.

86.17(3) If the donation is more than \$5,000 and the donor does not specify how the funds are to be used, the HAWK-I board shall determine how the funds are to be used.

441—86.18(505) Health insurance data match program. All carriers, as defined in Iowa Code section 514C.13, shall enter into an agreement with the department to provide data necessary to allow the department to comply with the mandate of Iowa Code section 505.25. Each carrier shall either:

1. Enter into and maintain an agreement with the department on Form 470-4435, HAWK-I Data Use Agreement; or
2. Provide proof of an existing agreement with the department or the department's designee.

441—86.19(514I) Recovery.

86.19(1) Definitions.

“Administrative error” means an action of the department or the HAWK-I third-party administrator that results in incorrect payment of benefits, including premiums paid to a health or dental plan, due to one or more of the following circumstances:

1. Misfiled or lost form or document.
2. Error in typing or copying.
3. Computer input error.
4. Mathematical error.
5. Failure to determine eligibility correctly when all essential information was available to the department or the HAWK-I third-party administrator.
6. Failure to request essential verification necessary to make an accurate eligibility determination.
7. Failure to make timely revision in eligibility following a change in policy requiring application of the policy change as of a specific date.
8. Failure to issue timely notice to cancel benefits that results in benefits continuing in error.

“Client error” means any action or inaction of the enrollee or the enrollee's representative that results in incorrect payment of benefits, including premiums paid to a health or dental plan, because at least one of the following occurred:

1. The enrollee or the enrollee's representative failed to disclose information or gave a false or misleading statement, oral or written, regarding income or another eligibility factor; or
2. The enrollee or the enrollee's representative failed to timely report a change as defined in rule 441—86.10(514I).

86.19(2) Amount subject to recovery from the enrollee or representative. The department may recover from the enrollee or the enrollee's representative the amount of premiums incorrectly paid to a health or dental plan on behalf of the enrollee due to client error, minus any premium payments made by the enrollee, in accordance with 441—Chapter 11.

- a. Premiums incorrectly paid to a health or dental plan on behalf of an enrollee due to an administrative error are not subject to recovery from the enrollee.
- b. Payments made by a health or dental plan to a provider of medical or dental services are not subject to recovery from the enrollee regardless of the cause of the error.

86.19(3) Notification. The enrollee shall be promptly notified when it is determined that funds were incorrectly paid due to a client error. Notification shall include:

- a. The name of the person for whom funds were incorrectly paid;
- b. The period during which the funds were incorrectly paid;
- c. The amount subject to recovery; and
- d. The reason for the incorrect payment.

86.19(4) Recovery.

- a. Recovery shall be made:

(1) From the enrollee when the enrollee completed the application and had responsibility for reporting changes, or

(2) From the enrollee's representative (i.e., the parent, guardian, or other responsible person acting on behalf of an enrollee who is under the age of 19) when the representative completed the application and had responsibility for reporting changes.

- b. The enrollee or representative shall repay to the department the funds incorrectly expended on behalf of the enrollee.

- c. Recovery may come from income, income tax refunds, lottery winnings, or other resources of the enrollee or representative.

86.19(5) Appeals. The enrollee shall have the right to appeal a decision to recover benefits under the provisions of 441—Chapter 7.

[ARC 8478B, IAB 1/13/10, effective 3/1/10; ARC 8839B, IAB 6/16/10, effective 8/1/10; ARC 0552C, IAB 1/9/13, effective 4/1/13; ARC 0837C, IAB 7/24/13, effective 10/1/13]

441—86.20(514I) Supplemental dental-only coverage.

86.20(1) Definition.

“*Supplemental dental-only coverage*” means dental care coverage provided to a child who meets the eligibility requirements for the HAWK-I program except that the child is covered by health insurance through an individual or group health plan.

86.20(2) Eligibility. Unless otherwise specified, eligibility for supplemental dental-only coverage shall be determined in accordance with the provisions of rules 441—86.1(514I) through 441—86.12(514I), 441—86.18(514I), and 441—86.19(514I).

86.20(3) Premiums. Premiums for participation in the supplemental dental-only plan are assessed as follows:

- a. No premium is charged to families who meet the provisions of subparagraph 86.8(2) “a”(1) or to families whose countable income is less than 167 percent of the federal poverty level for a family of the same size using the modified adjusted gross income methodology.

- b. If the family's countable income is equal to or exceeds 167 percent of the federal poverty level but does not exceed 203 percent of the federal poverty level for a family of the same size, the premium is \$5 per child per month with a \$10 monthly maximum per family.

- c. If the family's countable income exceeds 203 percent of the federal poverty level but does not exceed 254 percent of the federal poverty level for a family of the same size, the premium is \$10 per child per month with a \$15 monthly maximum per family.

- d. If the family's countable income exceeds 254 percent of the federal poverty level for a family of the same size, the premium is \$15 per child per month with a \$20 monthly maximum per family.

- e. If the family includes uninsured children who are eligible for both medical and dental coverage under HAWK-I and insured children who are eligible only for dental coverage, the premium shall be assessed as follows:

(1) The total premium shall be no more than the amount that the family would pay if all the children were eligible for both medical and dental coverage.

(2) If the family has one child eligible for both medical and dental coverage and one child eligible for dental coverage only, the premium shall be the total of the health and dental premium for one child and the dental premium for one child.

(3) If the family has two or more children eligible for both medical and dental coverage, no additional premium shall be assessed for dental-only coverage for the children who do not qualify for medical coverage under HAWK-I because they are covered by health insurance.

f. The provisions of subrules 86.8(3) to 86.8(6) and 86.8(8) apply to premiums specified in this subrule.

86.20(4) *Waiting lists.* Before the provisions of subrule 86.3(10) are implemented, all children enrolled in supplemental dental-only coverage shall be disenrolled from the program.

[ARC 8478B, IAB 1/13/10, effective 3/1/10; ARC 9083B, IAB 9/22/10, effective 9/1/10; ARC 0837C, IAB 7/24/13, effective 10/1/13; ARC 1287C, IAB 1/8/14, effective 1/1/14; ARC 2912C, IAB 1/18/17, effective 3/1/17]

These rules are intended to implement Iowa Code chapter 514I as amended by 2009 Iowa Acts, Senate File 389.

CHAPTER 87
FAMILY PLANNING PROGRAM

PREAMBLE

This chapter defines and structures the family planning program administered by the department pursuant to 2017 Iowa Acts, House File 653, section 90. The purpose of this program is to provide family planning services to individuals who are not enrolled in medical assistance under 441—Chapter 74 or 441—Chapter 75. The department is not receiving federal financial participation for expenditures under the family planning program. Therefore, this chapter shall remain in effect only as long as state funding is available.

The family planning program shall replicate the eligibility requirements and other provisions included in the Medicaid family planning network waiver, as approved by the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services in effect on June 30, 2017, but shall provide for distribution of the family planning services program funds in accordance with this chapter.

Distribution of family planning program funds under this chapter shall be made in a manner that continues access to family planning services.

[ARC 3199C, IAB 7/19/17, effective 7/1/17; ARC 3389C, IAB 10/11/17, effective 11/15/17]

441—87.1(217) Definitions.

“Applicant” means a person who applies for assistance under the family planning program described in this chapter.

“Authorized Title X agency” means an agency or entity with an executed memorandum of understanding (MOU) with the Iowa department of human services authorizing the agency to perform point-of-service eligibility determinations for the family planning program.

“Creditable qualifying quarters” means all of the qualifying quarters of coverage as defined under Title II of the Social Security Act worked by a parent of an alien while the alien was under the age of 18, and qualifying quarters worked by a spouse of an alien during their marriage if the alien remains married to the spouse or was married to the spouse at the spouse’s death, except for quarters beginning after December 31, 1996, if the parent or spouse of the alien received any federal means-tested public benefit during the period for which the qualifying quarter is credited.

“Department” means the Iowa department of human services.

“Family planning services” means pregnancy prevention and related reproductive health services.

[ARC 3199C, IAB 7/19/17, effective 7/1/17; ARC 3389C, IAB 10/11/17, effective 11/15/17]

441—87.2(217) Eligibility. Eligibility for the family planning program shall be determined according to the provisions of this rule.

87.2(1) Persons covered. Subject to funding as described in subrule 87.7(1) and to the requirements of subrules 87.2(2), 87.2(4), and 87.2(6), assistance for family planning services shall be available to the following individuals who are not enrolled in medical assistance pursuant to 441—Chapter 74 or 441—Chapter 75:

a. Women who were enrolled in medical assistance when their pregnancy ended and who are capable of bearing children but are not pregnant. Eligibility for these women extends for 12 consecutive months after the month when their 60-day postpartum period ends;

b. Women who are under the age of 55, who are capable of bearing children but are not pregnant, and who have household income that does not exceed 300 percent of the federal poverty level as determined pursuant to subrule 87.2(3);

c. Men who are under the age of 55, who are capable of fathering children, and who have household income that does not exceed 300 percent of the federal poverty level as determined pursuant to subrule 87.2(3).

87.2(2) *Furnishing of social security number.* As a condition of eligibility, except as provided by paragraph 87.2(2)“a,” all social security numbers issued to each individual (including children) for whom family planning services are sought must be furnished to the department.

a. The requirement of furnishing a social security number does not apply to an individual who:

- (1) Is not eligible to receive a social security number;
- (2) Does not have a social security number and may only be issued a social security number for a valid nonwork reason in accordance with 20 CFR § 422.104; or
- (3) Refuses to obtain a social security number because of a well-established religious objection.

For this purpose, a well-established religious objection means that the individual:

1. Is a member of a recognized religious sect or division of a sect; and
2. Adheres to the tenets or teachings of the sect or division of the sect and for that reason is conscientiously opposed to applying for or using a national identification number.

b. If a required social security number has not been issued or is not known, the individual seeking coverage under the family planning program must apply for a social security number with the Social Security Administration or request the Social Security Administration to furnish the number.

87.2(3) *Determination of household income.* The department shall determine the countable household income of an individual applying under paragraph 87.2(1)“b” or “c” as follows:

a. Household composition. The household shall include the applicant or member, any dependent children, as defined below, living in the same home as the applicant or member, and any spouse living in the same home as the applicant or member, except when a dependent child or spouse has elected to receive supplemental security income under Title XVI of the Social Security Act.

(1) *Definition of dependent children.* A dependent child is one under the age of 18 years or aged 18 years who is a full-time student in a secondary school, or in the equivalent level of vocational or technical training, and who is reasonably expected to complete the program before reaching the age of 19.

(2) Reserved.

b. Earned income. All earned income that is received by a member of the household shall be counted except for earnings of a child who is a full-time student as defined in subparagraph 87.2(3)“a”(1). The following earned income, including but not limited to, shall be counted:

- (1) Salary.
- (2) Wages.
- (3) Tips.
- (4) Bonuses.
- (5) Commissions.
- (6) Income from Job Corps.
- (7) Earnings from self-employment defined as gross income less the allowable costs of producing the income.

c. Unearned income. The following unearned income of all household members shall be counted:

- (1) Unemployment insurance benefits.
- (2) Child support.
- (3) Alimony.
- (4) Social security and railroad retirement benefits.
- (5) Workers’ compensation and disability payments.
- (6) Benefits paid by the U.S. Department of Veterans Affairs to disabled members of the armed forces or survivors of deceased veterans.

d. Deemed income. Income deeming for a sponsored alien shall be determined pursuant to subrule 87.2(5).

e. Deductions. Deductions from income shall be made for any payments made by household members for the following:

- (1) Court-ordered child support, alimony, or spousal support paid to non-household members.
- (2) Twenty percent of nonexempt earnings.

(3) Child care expenses or expenses related to care for an incapacitated adult. This deduction shall not exceed \$200 per month for each child under the age of two and \$175 per month for each adult or child aged two or older.

87.2(4) Citizenship or alienage requirements.

a. To be eligible for the family planning program, a person must be one of the following:

- (1) A citizen or national of the United States.
- (2) A qualified alien residing in the United States before August 22, 1996.
- (3) A qualified alien under the age of 21.
- (4) A refugee admitted to the United States under Section 207 of the Immigration and Nationality Act (INA).
- (5) An alien who has been granted asylum under Section 208 of the INA.
- (6) An alien whose deportation is withheld under Section 243(h) or 241(b)(3) of the INA.
- (7) A qualified alien veteran who has an honorable discharge that is not due to alienage.
- (8) A qualified alien who is on active duty in the armed forces of the United States other than active duty for training.
- (9) A qualified alien who is the spouse or unmarried dependent child of a qualified alien described in subparagraph 87.2(4) "a"(7) or 87.2(4) "a"(8), including a surviving spouse who has not remarried.
- (10) A qualified alien who has resided in the United States for a period of at least five years.
- (11) An Amerasian admitted as described in 8 U.S.C. Section 1612(b)(2)(A)(i)(V).
- (12) A Cuban/Haitian entrant as described in 8 U.S.C. Section 1641(b)(7).
- (13) A certified victim of trafficking as described in Section 107(b)(1)(A) of Public Law 106-386 as amended to December 20, 2010.
- (14) An American Indian born in Canada to whom Section 289 of the INA applies or who is a member of a federally recognized Indian tribe as defined in 25 U.S.C. Section 450b(e).
- (15) An Iraqi or Afghan immigrant treated as a refugee pursuant to Section 1244(g) of Public Law 110-181 as amended to December 20, 2010, or to Section 602(b)(8) of Public Law 111-8 as amended to December 20, 2010.

b. As a condition of eligibility, all applicants for the family planning program shall attest to their citizenship or alien status by signing the application form.

c. Except as provided in paragraph 87.2(4) "f," applicants or members for whom an attestation of United States citizenship has been made pursuant to paragraph 87.2(4) "b" shall present satisfactory documentation of citizenship or nationality as defined in paragraph 87.2(4) "d," "e," or "i." A reference to a form in paragraph 87.2(4) "d" or "e" includes any successor form. An applicant or member shall have a reasonable period to obtain and provide required documentation of citizenship or nationality.

(1) For the purposes of this requirement, the "reasonable period" begins on the date a written request for documentation or a notice pursuant to subparagraph 87.2(4) "i"(2) is issued to an applicant or member, whichever is later, and continues for 90 days.

(2) Family planning services shall be approved for new applicants and continue for members not previously required to provide documentation of citizenship or nationality until the end of the reasonable period to obtain and provide required documentation of citizenship or nationality. However, the receipt of family planning services pending documentation of citizenship or nationality is limited to one reasonable period of up to 90 days for each individual. An applicant or member who has already received benefits during any portion of a reasonable period shall not be granted coverage for a second reasonable period.

d. Any one of the following documents shall be accepted as satisfactory documentation of citizenship or nationality:

- (1) A United States passport.
- (2) Form N-550 or N-570 (Certificate of Naturalization) issued by the U.S. Citizenship and Immigration Services.
- (3) Form N-560 or N-561 (Certificate of United States Citizenship) issued by the U.S. Citizenship and Immigration Services.
- (4) A valid state-issued driver's license or other identity document described in Section 274A(b)(1)(D) of the INA, but only if the state issuing the license or document either:

1. Requires proof of United States citizenship before issuance of the license or document; or
2. Obtains a social security number from the applicant and verifies before certification that the number is valid and is assigned to the applicant who is a citizen.

(5) Documentation issued by a federally recognized Indian tribe showing membership or enrollment in or affiliation with that tribe.

(6) Another document that provides proof of United States citizenship or nationality and provides a reliable means of documentation of personal identity, as the Secretary of the U.S. Department of Health and Human Services may specify by regulation pursuant to 42 U.S.C. Section 1396b(x)(3)(B)(v).

e. Satisfactory documentation of citizenship or nationality may also be demonstrated by the combination of:

(1) Any identity document described in Section 274A(b)(1)(D) of the INA or any other documentation of personal identity that provides a reliable means of identification, as the Secretary of the U.S. Department of Health and Human Services finds by regulation pursuant to 42 U.S.C. Section 1396b(x)(3)(D)(ii); and

(2) Any one of the following:

1. A certificate of birth in the United States.
2. Form FS-545 or Form DS-1350 (Certification of Birth Abroad) issued by the U.S. Citizenship and Immigration Services.
3. Form I-97 (United States Citizen Identification Card) issued by the U.S. Citizenship and Immigration Services.
4. Form FS-240 (Report of Birth Abroad of a Citizen of the United States) issued by the U.S. Citizenship and Immigration Services.
5. Another document that provides proof of United States citizenship or nationality, as the Secretary of the U.S. Department of Health and Human Services may specify pursuant to 42 U.S.C. Section 1396b(x)(3)(C)(v).

f. A person for whom an attestation of United States citizenship has been made pursuant to paragraph 87.2(4)“*b*” is not required to present documentation of citizenship or nationality for the family planning program if any of the following circumstances apply:

(1) The person is entitled to or enrolled for benefits under any part of Title XVIII of the federal Social Security Act (Medicare).

(2) The person is receiving federal social security disability insurance (SSDI) benefits under Title II of the federal Social Security Act, Section 202 or 223, based on disability (as defined in Section 223(d)).

(3) The person is receiving supplemental security income (SSI) benefits under Title XVI of the federal Social Security Act.

(4) The person is a child in foster care who is assisted by child welfare services funded under Part B of Title IV of the federal Social Security Act.

(5) The person is receiving foster care maintenance or adoption assistance payments funded under Part E of Title IV of the federal Social Security Act.

(6) The person has previously presented satisfactory documentary evidence of citizenship or nationality, as specified by the Secretary of the U.S. Department of Health and Human Services.

(7) The person is or was eligible for medical assistance pursuant to 42 U.S.C. Section 1396a(e)(4) as the newborn of a Medicaid-eligible mother.

(8) The person is or was eligible for medical assistance pursuant to 42 U.S.C. Section 1397ll(e) as the newborn of a mother eligible for assistance under a state children’s health insurance program (SCHIP) pursuant to Title XXI of the Social Security Act.

g. If no other identity documentation allowed by subparagraph 87.2(4)“*e*”(1) is available, identity may be documented by affidavit as described in this paragraph. However, affidavits cannot be used to document both identity and citizenship.

(1) For children under the age of 16, identity may be documented using Form 470-4386 or 470-4386(S), Affidavit of Identity, signed by the child’s parent, guardian, or caretaker relative under penalty of perjury.

(2) For disabled persons who live in a residential care facility, identity may be documented using Form 470-4386 or 470-4386(S), Affidavit of Identity, signed by a residential care facility director or administrator under penalty of perjury.

h. If no other documentation that provides proof of United States citizenship or nationality allowed by subparagraph 87.2(4) “*e*”(2) is available, United States citizenship or nationality may be documented using Form 470-4373 or 470-4373(S), Affidavit of Citizenship. However, affidavits cannot be used to document both identity and citizenship.

(1) Two affidavits of citizenship are required. The person who signs the affidavit must provide proof of citizenship and identity. A person who is not related to the applicant or member must sign at least one of the affidavits.

(2) When affidavits of citizenship are used, Form 470-4374 or 470-4374(S), Affidavit Concerning Documentation of Citizenship, or an equivalent affidavit explaining why other evidence of citizenship does not exist or cannot be obtained must also be submitted and must be signed by the applicant or member or by another knowledgeable person (guardian or representative).

i. In lieu of a document listed in paragraph 87.2(4) “*d*” or “*e*,” satisfactory documentation of citizenship or nationality may also be presented pursuant to this paragraph.

(1) Provision of an individual’s name, social security number, and date of birth to the department shall constitute satisfactory documentation of citizenship and identity if submission of the name, social security number, and date of birth to the Social Security Administration produces a response that substantiates the individual’s citizenship.

(2) If submission of the name, social security number, and date of birth to the Social Security Administration does not produce a response that substantiates the individual’s citizenship, the department shall issue a written notice to the applicant or member giving the applicant or member 90 days to correct any errors in the name, social security number, or date of birth submitted, to correct any errors in the Social Security Administration’s records, or to provide other documentation of citizenship or nationality pursuant to paragraph 87.2(4) “*d*” or “*e*.”

87.2(5) *Deeming of alien sponsor’s income.*

a. When an alien admitted for lawful permanent residence is sponsored by a person who executed an affidavit of support as described in 8 U.S.C. Section 1631(a)(1) on behalf of the alien, the income of the alien shall be deemed to include the income of the sponsor (and of the sponsor’s spouse if living with the sponsor). The amount deemed to the sponsored alien shall be the total countable income of the sponsor and the sponsor’s spouse, determined pursuant to paragraphs 87.2(3) “*b*” through “*d*.”

b. An indigent alien is exempt from the deeming of a sponsor’s income for 12 months after indigence is determined. An alien shall be considered indigent if:

- (1) The alien does not live with the sponsor; and
- (2) The alien’s gross income, including any income actually received from or made available by the sponsor, is less than 100 percent of the federal poverty level for the sponsored alien’s household size.

c. A battered alien as described in 8 U.S.C. Section 1641(c) is exempt from the deeming of a sponsor’s income for 12 months.

d. Deeming of the sponsor’s income does not apply when:

(1) The sponsored alien attains citizenship through naturalization pursuant to Chapter 2 of Title II of the INA.

(2) The sponsored alien has earned 40 qualifying quarters of coverage as defined in Title II of the Social Security Act or can be credited with 40 creditable qualifying quarters as defined in rule 441—87.1(217).

(3) The sponsored alien or the sponsor dies.

(4) The sponsored alien is a child under the age of 21.

87.2(6) *Residency requirements.* Residency in Iowa is a condition of eligibility for the family planning services program.

a. Definition of resident. A resident of Iowa is one:

(1) Who is living in Iowa voluntarily with the intention of making that person’s home there and not for a temporary purpose. A child is a resident of Iowa when living there on other than a temporary basis.

Residence may not depend upon the reason for which the individual entered the state, except insofar as it may bear upon whether the individual is there voluntarily or for a temporary purpose; or

(2) Who, at the time of application, is living in Iowa, is not receiving assistance from another state, and entered Iowa with a job commitment or seeking employment in Iowa, whether or not currently employed. Under this definition, the child is a resident of the state in which the parent or caretaker is a resident.

b. Retention of residence. Residence is retained until abandoned. Temporary absence from Iowa, with subsequent returns to Iowa, or intent to return when the purposes of the absence have been accomplished does not interrupt continuity of residence.

87.2(7) *Investigation by quality control or the department of inspections and appeals.* As a condition of eligibility, an applicant or member shall cooperate with the department when the applicant's or member's case is selected by quality control or the department of inspections and appeals for verification of eligibility unless the investigation revolves solely around the circumstances of a person whose income and resources do not affect family planning program eligibility. (See department of inspections and appeals rules in 481—Chapter 72.) Failure to cooperate shall serve as a basis for denial of an application or cancellation of family planning program eligibility. Once a person's eligibility is denied or canceled for failure to cooperate, the person may reapply but shall not be determined eligible until cooperation occurs.

87.2(8) *Funding contingency.* Initial and continuing eligibility for family planning services under this program is subject to the availability of funding appropriated for this purpose.

a. When appropriated funding is exhausted, ongoing eligibility shall be terminated and new applications shall be denied.

b. When appropriated funding becomes available, applications submitted thereafter will be considered on a first-come, first-served basis, based on the date of approval.

[ARC 3199C, IAB 7/19/17, effective 7/1/17; ARC 3389C, IAB 10/11/17, effective 11/15/17]

441—87.3(217) Enrollment.

87.3(1) *Application.* An individual who requests assistance for family planning services shall file an application Form 470-5485, Family Planning Program Application. A woman eligible under paragraph 87.2(1) "a" is not required to file an application for assistance under this program. The department will automatically redetermine eligibility upon loss of other Medicaid eligibility within 12 months after the month when the 60-day postpartum period ends.

87.3(2) *Place of filing.* An application may be filed at any department office or authorized Title X family planning agency.

87.3(3) *Information or verification needed to determine eligibility.* The department shall notify the applicant, authorized representative, or responsible person in writing of the information or verification required to establish eligibility. This notice shall be provided to the applicant, authorized representative, or responsible person personally or by mail or fax.

a. The department shall allow the applicant, authorized representative, or responsible person ten calendar days to supply the information or verification requested.

b. The department may extend the deadline for a reasonable period of time when the applicant, authorized representative, or responsible person is making reasonable efforts but is unable to secure the required information or verification.

c. If benefits are denied for failure to provide information or verification and the information or verification is provided within 14 calendar days of the effective date of the denial, the department shall complete the eligibility determination as though the information or verification were received timely. If the fourteenth calendar day falls on a weekend or state holiday, the applicant, authorized representative, or responsible person shall have until the next business day to provide the information.

87.3(4) *Annual review.* An individual who requests that assistance continue for family planning services shall complete Form 470-4071, Family Planning Program Review. The member must submit the completed review form before the end of the eligibility period to any location specified in subrule 87.3(2).

87.3(5) *Time limit for decision.* An application or review form shall be processed by the family planning agency with which the application was filed. A determination of eligibility shall be made within 45 days of receipt of the application or review form.

87.3(6) *Notice of decision.* The individual shall be notified in writing of the decision regarding eligibility for the family planning program.

[ARC 3199C, IAB 7/19/17, effective 7/1/17; ARC 3389C, IAB 10/11/17, effective 11/15/17]

441—87.4(217) *Effective date of eligibility.* Subject to the availability of funding appropriated for this purpose, assistance for family planning services under this program shall be effective on the first day of the month of application or the first day of the month in which all eligibility requirements are met, whichever is later. Assistance shall not be available under this program for any months prior to the month of application.

[ARC 3199C, IAB 7/19/17, effective 7/1/17; ARC 3389C, IAB 10/11/17, effective 11/15/17]

441—87.5(217) *Period of eligibility.* Eligibility for family planning services under this program shall be limited to a period of 12 months from the effective date of eligibility, or the duration of appropriated funding, whichever is less. A new application or annual redetermination of eligibility shall be required for benefits to continue beyond 12 months.

[ARC 3199C, IAB 7/19/17, effective 7/1/17; ARC 3389C, IAB 10/11/17, effective 11/15/17]

441—87.6(217) *Reporting changes.*

87.6(1) *Required changes to report.* An individual applying for or receiving family planning services under this program shall report the following changes within ten days from the date the change is known:

- a. Change in mailing address;
- b. No longer a resident of Iowa;
- c. A woman becomes pregnant;
- d. No longer capable of bearing or fathering children;
- e. Becomes Medicaid eligible, except women meeting criteria in paragraph 87.2(1)“a”; or
- f. Turns 55 years of age.

87.6(2) *Disregard of changes.* An individual found to be eligible upon application or annual redetermination of eligibility shall remain eligible for 12 months or the duration of appropriated funding, whichever is less, regardless of any change in income or household size.

[ARC 3199C, IAB 7/19/17, effective 7/1/17; ARC 3389C, IAB 10/11/17, effective 11/15/17]

441—87.7(217) *Funding of family planning services program.*

87.7(1) *Distribution of funds.* Distribution of family planning services program funds shall be made to eligible, approved, and participating family planning providers subject to rule 441—87.11(217). Eligible family planning providers shall not include any provider that performs abortions or that maintains or operates a facility where abortions are performed and must attest to this fact. Effective July 1, 2018, eligible family planning providers shall be interpreted to include a distinct location of a nonprofit health care delivery system, if the distinct location provides family planning services but does not perform abortions or maintain or operate as a facility where abortions are performed. For the purposes of this subrule, “nonprofit health care delivery system” means an Iowa nonprofit corporation that controls, directly or indirectly, a regional health care network consisting of hospital facilities and various ambulatory and clinic locations that provide a range of primary, secondary, and tertiary inpatient, outpatient, and physician services. For the purposes of this subrule, “abortion” does not include any of the following:

a. The treatment of a woman for a physical disorder, physical injury, or physical illness, including a life-endangering physical condition caused by or arising from the pregnancy itself, that would, as certified by a physician, place the woman in danger of death.

b. The treatment of a woman for a spontaneous abortion, commonly known as a miscarriage, when not all of the products of human conception are expelled.

87.7(2) Recovery. The department shall recover from a member all funds incorrectly expended to or on behalf of the member for family planning program services.

[ARC 3199C, IAB 7/19/17, effective 7/1/17; ARC 3389C, IAB 10/11/17, effective 11/15/17; ARC 4069C, IAB 10/10/18, effective 11/14/18]

441—87.8(217) Availability of services. Family planning services are payable for an individual enrolled in this program only when care is received at or authorized by a participating family planning provider.

87.8(1) Sterilization is a covered service subject to the limitations in 441—paragraphs 78.1(16) “a” through “i.”

87.8(2) Covered services shall not include abortion services.

[ARC 3199C, IAB 7/19/17, effective 7/1/17; ARC 3389C, IAB 10/11/17, effective 11/15/17]

441—87.9(217) Payment of covered services. Payment for family planning services covered under this chapter, including services authorized but not provided by a participating family planning provider, shall be made only to participating family planning providers on a fee schedule determined by the department. Family planning services program funds distributed in accordance with this rule shall not be used for direct or indirect costs, including but not limited to administrative costs or expenses, overhead, employee salaries, rent, and telephone and other utility costs, related to providing abortions as specified in subrule 87.7(1).

87.9(1) Fee schedule. The fee schedule shall include the amount of payment for each service and any limits on the service (e.g., a routine Pap smear is payable once annually).

87.9(2) Third-party payments. This program is the payer of last resort for services covered in this chapter. Any third-party payment received by the family planning agency or other provider of services plus any payments under this program cannot exceed the fee schedule allowance.

87.9(3) Supplementation. Payment made under this program shall be considered payment in full.

[ARC 3199C, IAB 7/19/17, effective 7/1/17; ARC 3389C, IAB 10/11/17, effective 11/15/17]

441—87.10(217) Submission of claims.

87.10(1) Family planning providers that participate in the program shall submit claims to the Iowa Medicaid enterprise for services rendered no later than 45 days from the last day of the month in which services were provided.

87.10(2) Following a successful review of the claim, the Iowa Medicaid enterprise shall make payments to the family planning provider subject to the availability of funding and the allocation of available funds under subrule 87.7(1).

[ARC 3199C, IAB 7/19/17, effective 7/1/17; ARC 3389C, IAB 10/11/17, effective 11/15/17]

441—87.11(217) Providers eligible to participate.

87.11(1) Providers must be enrolled with the Iowa Medicaid program, subject to rule 441—79.14(249A), and otherwise qualified to provide family planning services under Medicaid, subject to the limitations related to abortions, as specified above under subrule 87.7(1). Effective July 1, 2018, as a condition of eligibility as a provider under the family planning services program, each distinct location of a nonprofit health care delivery system shall enroll in the program as a separate provider, be assigned a distinct provider identification number, and complete an attestation that abortions are not performed at the distinct location. For the purposes of this subrule, “nonprofit health care delivery system” shall have the same meaning as provided under subrule 87.7(1).

87.11(2) Process for enrollment. Providers wishing to enroll under the state family planning program must complete the following steps:

a. Must complete enrollment with Iowa Medicaid enterprise.

b. Must complete Form 470-5484, Family Planning Program Provider Attestation, regarding nonprovision of abortions, pursuant to requirements referenced above under subrule 87.7(1).

c. Forms referenced in this subrule must be sent to Iowa Medicaid Enterprise, Provider Enrollment Unit, P.O. Box 36450, Des Moines, Iowa 50315.

[ARC 3199C, IAB 7/19/17, effective 7/1/17; ARC 3389C, IAB 10/11/17, effective 11/15/17; ARC 4069C, IAB 10/10/18, effective 11/14/18]

These rules are intended to implement Iowa Code section 217.41B as amended by 2018 Iowa Acts, Senate File 2418, section 83.

CHAPTER 88
SPECIALIZED MANAGED CARE PROGRAMS

[Prior to 2/11/87, Human Services[498]]

PREAMBLE

This chapter provides for specialized programs of managed care, within the Iowa medical assistance program but outside of managed care pursuant to 441—Chapter 73. Managed care providers under these programs are not required to comply with 441—Chapter 73.

[ARC 2358C, IAB 1/6/16, effective 1/1/16]

DIVISION I
PREPAID HEALTH PLANS

441—88.1(249A) Definitions.

“*Capitation rate*” shall mean the fee the department pays monthly to a PHP for each enrolled recipient for the provision of covered medical services whether or not the enrolled recipient received services during the month for which the fee is intended.

“*Contract*” shall mean a contract between the department and a PHP for the provision of medical services to enrolled Medicaid recipients for whom the PHP assumes a risk as defined in the contract. These contracts shall meet the requirements of the Code of Federal Regulations, Title 42, Part 434 as amended to December 31, 1996.

“*Department*” shall mean the Iowa department of human services.

“*Emergency service*” shall mean those medical services rendered under unforeseen conditions which require hospitalization for the treatment of accidental injury and relief of acute pain, which, if not immediately diagnosed and treated, would result in risk of permanent danger to the patient’s health.

“*Enrollment area*” shall mean the county or counties which the PHP has capability to serve and is defined in the contract with the department. An enrollment area shall not be less than an entire county.

“*Grievance*” shall mean an incident, complaint, or concern which cannot be resolved in a manner satisfactory to enrolled recipients by the immediate response, verbal or otherwise, of the PHP staff member receiving the complaint or any complaint received in writing.

“*Managed health care*” shall mean any one of the alternative deliveries of regular, fee-for-service Medicaid such as defined in subrules dealing with health maintenance organizations (HMOs), or prepaid health plans (PHPs), or Medicaid Patient Access to Service System (MediPASS).

“*Managed health care review committee*” shall mean a committee composed of representatives from the department. The committee shall review and render a decision on all requests for disenrollment which are not automatically approvable.

“*Managed services*” shall mean all or part of those medical services set forth in 441—Chapter 78 and covered in the contract between the department and a PHP.

“*Nonmanaged services*” shall mean medical services covered under regular Medicaid, but which are not covered in the PHP’s contract with the department. Payment for nonmanaged services incurred by an enrolled recipient shall be made under regular Medicaid procedures.

“*Participating providers*” shall mean the providers of covered medical services who subcontract with or who are employed by the PHP.

“*Prepaid health plan (PHP)*” shall mean an entity defined in Section 1903(m)(2)(B)(iii) of the Social Security Act and considered to be a PHP by the department based upon criteria set forth in the Code of Federal Regulations at Title 42, Part 434.20(a)(3) as amended to March 31, 1991.

“*Recipient*” shall mean any person determined by the department to be eligible for Medicaid and for PHP enrollment. See subrule 88.2(4) for a list of Medicaid eligibles who are not eligible for PHP enrollment.

“*Routine care*” shall mean medical care which is not urgent or emergent in nature and can wait for a regularly scheduled physician appointment without risk of permanent damage to the patient’s life or health status. The condition requiring routine care is not likely to substantially worsen without immediate clinical intervention.

“*Urgent, nonemergency need*” shall mean the existence of conditions due to an illness or injury which are not life threatening but which require expeditious treatment because of the prospect of the condition worsening without immediate clinical intervention.

[ARC 2358C, IAB 1/6/16, effective 1/1/16]

441—88.2(249A) Participation.

88.2(1) *Contracts with PHPs.* The department shall enter into contracts for the scope of services specified in 441—Chapter 78, or a part thereof, with a PHP which has verified to the department that the criteria set forth in the Social Security Act have been met. This verification shall be reviewed by Centers for Medicare and Medicaid Services (CMS) staff to ensure that the status of PHP is rightfully conferred. The department may also include the scope of services described in 441—Chapter 74, known as the Iowa Health and Wellness Plan, or part thereof, in contracts with PHPs.

a. The department shall also determine that the PHP meets the following additional requirements:

(1) The PHP shall make the services it provides to enrolled recipients at least as accessible (in terms of timeliness, duration, and scope) to them as those services are accessible to recipients in the enrollment area who are not enrolled.

(2) The PHP shall provide satisfaction to the department that insolvency is not likely to occur and that enrolled Medicaid recipients shall not be responsible for its debts if the PHP should become insolvent.

b. The contract shall meet the following minimum requirements. The contract shall:

(1) Be in writing.

(2) Be renewable by mutual consent for a period of up to three years.

(3) List the services covered.

(4) Describe information access and disclosure.

(5) List conditions for nonrenewal, termination, suspension, and modification.

(6) Specify the method and rate of reimbursement.

(7) Provide for disclosure of ownership and subcontractor relationship.

(8) Be made with the licensee by the department.

c. Any protests to the award of contracts shall be in writing and submitted to the director of the department. Prior to termination or suspension of a contract, the department shall send a notice to cure to the PHP, specifying the number of days the PHP has to correct the problems. Failure to correct the problems in the time given shall then result in termination or suspension. The PHP may appeal the decision of the department in writing to the director of the department or to the federal Department of Health and Human Services, Centers for Medicare and Medicaid Services, if the appeal documents state violations of federal law or regulation.

88.2(2) *Method of selection of PHP.* In counties served by a single prospective PHP, the department shall attempt to negotiate directly with the PHP. In counties where two or more prospective PHPs exist, the department shall initiate communication and attempt to negotiate as many contracts as are administratively feasible.

88.2(3) *Termination of contract.* Either party may, by mutual consent, terminate a contract. Either party may give 60 days written notice to the other party. The effective date of termination must be the first day of a month. The department may terminate or suspend a contract if the contract is determined by the department to be inconsistent with the overall goals and objectives of the Medicaid program. The determination shall be based upon, but not limited to, the following:

a. The PHP’s delivery system does not ensure enrolled recipients adequate access to medical services.

b. The PHP’s delivery system does not ensure the availability of all services covered under the contract.

c. There are not proper assurances of solvency on the part of the PHP.

d. There is not substantial compliance with all provisions of the contract.

e. The PHP has discriminated against persons eligible to be covered under the contract on the basis of age, race, sex, religion, national origin, creed, color, physical or mental disability, political belief, health status, or the need for health services.

88.2(4) Recipients eligible to enroll. Any Medicaid-eligible recipient is eligible to enroll in a contracting PHP except for the following:

- a.* Recipients who are medically needy as defined at 441—subrule 75.1(35).
- b.* Recipients over the age of 65 and under the age of 21 in psychiatric institutions as defined at 441—Chapter 85.
- c.* Recipients who are supplemental security income-related case members.
- d.* Rescinded IAB 10/3/01, effective 12/1/01.
- e.* Recipients whose eligibility is in the process of automatic redetermination as defined at rule 441—76.11(249A).
- f.* Recipients who are foster care and subsidized adoption-related case members.
- g.* Recipients who are Medicare beneficiaries.
- h.* Recipients who are pregnant women and who are deemed to be presumptively eligible as defined at 441—subrule 75.1(30).
- i.* Recipients who are Native American Indians or Alaskan natives.
- j.* Recipients who are receiving services from a Title V provider.

[ARC 1135C, IAB 10/30/13, effective 10/2/13; ARC 2358C, IAB 1/6/16, effective 1/1/16]

441—88.3(249A) Enrollment.

88.3(1) Enrollment area. Counties in a PHP enrollment area shall be designated as voluntary or mandatory. In voluntary counties, enrollment is not required but eligible recipients may choose to join the PHP. Recipients not excluded in rule 441—88.1(249A) may volunteer to enroll in the PHP. In mandatory counties, enrollment in managed health care is required for eligible recipients.

88.3(2) Voluntary enrollment. When only one managed health care option is providing service in a county, enrollment by recipients is voluntary. The department encourages recipients to enroll in a managed health care option. Applicants and recipients are offered the option of managed health care enrollment or regular Medicaid coverage. Applicants and recipients who do not choose one option or the other shall be assigned to a managed health care provider as defined in subrule 88.3(6). These persons shall have the right to request disenrollment at any time as defined in subrule 88.3(3).

Applicants or recipients may designate their choices of providers on a form designated by the managed health care contractor or in writing to or through a verbal request to the managed health care contractor. The form shall be available through the county office, the PHP office, provider offices, the managed health care contractor, or other locations at the department's discretion. If the PHP (or any entity listed above other than the managed health care contractor) receives the form, it shall be forwarded to the managed health care contractor within three working days.

Recipients shall be accepted by the PHP as they are enrolled by the department unless a maximum limit has been specified in the contract.

Recipients who choose not to enroll in a PHP shall be covered under regular Medicaid.

88.3(3) Mandatory enrollment. In a county where the department has a contract with more than one PHP, HMO, or other managed health care provider, the department shall require whenever it is administratively feasible that all eligible recipients enroll with a managed health care provider of their own choosing. Administrative feasibility is determined by whether the managed health care providers have the capacity to adequately serve all potential enrolled recipients. Recipients may enroll by completing the choice form designated by the managed health care contractor, in writing to or through verbal request to the managed health care offices. Recipients may also contact the managed health care contractor by the publicized toll-free telephone number for enrollment assistance.

88.3(4) Effective date. The effective date of enrollment shall be no later than the first day of the second month subsequent to the date on which the managed health care contractor receives the form designated by the managed health care contractor.

88.3(5) Identification card. The PHP may issue an appropriate identification card to the enrolled recipient or request the department to do so on its behalf. The identification card shall be issued so that the recipient receives it prior to the effective date of enrollment.

88.3(6) Assignment methodology. When no choice is made, the recipient shall be systematically assigned to, between, or among the contracting managed health care providers.

a. Notification. Recipients who are assigned to a managed health care provider shall receive notification of the assignment and the name of the provider in a timely fashion prior to the effective date of enrollment.

b. Limitations. Contracting providers may specify in the contract a limit to the number of recipients who can be assigned under this subrule. If a specified limitation is attained, the remaining assignment needs in that county shall be met by the other managed health care providers who are contracting with the department in that county.

c. Household member enrollment. Inasmuch as persons within a household are allowed to make individual decisions about choosing enrollment in managed health care, it is possible that a case may exist where some household members have made a choice and some have not (so that assignment is required). In these instances, a systematic search of household member choices regarding managed health care option shall be completed. Assignment of those who have made no choice shall be made whenever possible to the managed health care provider with whom the first household member is already enrolled.

d. Assigned recipients who desire another choice. Recipients who are assigned to a managed health care provider as described in this subrule shall have at least 30 days in which to request enrollment in a different available managed health care plan. The change of plan is subject to provisions in subrules 88.3(4) and 88.4(2) dealing with effective date.

[ARC 2358C, IAB 1/6/16, effective 1/1/16]

441—88.4(249A) Disenrollment.

88.4(1) Disenrollment request. An enrolled recipient may request disenrollment at any time. In voluntary counties, this request shall be approved and acted upon within ten days of receipt without requiring the recipient to demonstrate good cause. In mandatory counties as defined at subrule 88.3(3), the disenrollment shall not be acted upon by the health care contractor unless the request includes an alternate choice of managed health care.

88.4(2) Effective date. Disenrollment will be effective no later than the first day of the second calendar month after the month in which the department receives a request for disenrollment. The recipient will remain enrolled in the PHP and the PHP will be responsible for services covered under the contract until the effective date of disenrollment which will always be the first day of a month.

88.4(3) Disenrollment process. If the recipient is requesting disenrollment, the recipient shall complete the choice form designated by the managed health care contractor which can be obtained through the PHP, the county office, or the managed health care contractor. If the PHP receives a request from the recipient, the PHP shall forward the form to the managed health care contractor within three working days. If the recipient must show good cause for disenrollment, the determination as to whether disenrollment shall occur shall be made by the managed health care review committee within 30 days. If the recipient or the PHP disagrees with the decision of the review committee, an appeal may be filed under the provisions of 441—Chapter 7. If the PHP is requesting disenrollment, the PHP shall complete Form 470-2169, Managed Health Care Provider Request for Disenrollment. If the county office receives a completed Form 470-2169 from the managed health care provider, the county office shall forward the form to the managed health care review committee within three working days.

a. Request for disenrollment by the recipient. In voluntary counties, the request shall be approved and acted upon within ten days of receipt by the managed health care contractor. In mandatory counties, a request for disenrollment shall be denied unless a choice of another managed health care provider is requested simultaneously or good cause can be demonstrated to the review committee. Examples of good cause include services received which were untimely, inaccessible, of insufficient quality, or inadequately provided by all of the contracting managed health care providers in the recipient's county of residence. If the recipient has not experienced the above conditions in all the other available managed health care

programs, enrollment in one of the alternative managed health care programs shall be a condition of approving disenrollment.

b. Request for disenrollment by the PHP. With prior approval of the managed health care review committee, a request for disenrollment of an enrolled recipient may be approved when:

- (1) There is evidence of fraud or forgery in the use of PHP services or in the choice for PHP services.
- (2) There is evidence of unauthorized use of the PHP identification card.
- (3) Upon documentation, the PHP has been unable after reasonable efforts to establish or maintain a satisfactory physician-patient relationship with the recipient.

88.4(4) *Disenrollments by the department.* Disenrollments will occur when:

- a.* The contract between the department and the PHP is terminated.
- b.* The recipient becomes ineligible for Medicaid. If the recipient becomes ineligible and is later reinstated to Medicaid, enrollment in the PHP will also be reinstated.
- c.* The recipient permanently moves outside the PHP's enrollment area.
- d.* The recipient transfers to an eligibility group excluded from PHP enrollment. See definition of recipient in rule 441—88.1(249A).
- e.* The department has determined that participation in the HIPP (Health Insurance Premium Payment) program as described in rule 441—75.21(249A) is more cost-effective than enrollment in managed health care.

88.4(5) *No disenrollment for health reasons.* No recipient shall be disenrolled from a PHP because of an adverse change in health status.

[ARC 2358C, IAB 1/6/16, effective 1/1/16]

441—88.5(249A) Covered services.

88.5(1) *Amount, duration, and scope of services.* Except as provided for in the contract, PHPs shall cover as a minimum all services covered by the Medicaid program as set forth in 441—Chapter 78.

88.5(2) *Mandatory services.*

a. Although the contract may specify additional services covered (with the exception of those defined in 88.5(3)), the PHP shall cover as a minimum the following services:

- (1) Inpatient hospital services.
- (2) Outpatient hospital services.
- (3) Physician services.
- (4) Family planning services.
- (5) Home health agency services.
- (6) Laboratory and X-ray services.
- (7) Early periodic screening, diagnosis and treatment for persons under age 21.
- (8) Rural health clinic services (where available).
- (9) Advanced registered nurse practitioners.

b. PHPs shall attempt to subcontract with all local family planning clinics funded by Title X moneys and all maternal and child health centers funded by Title V moneys.

c. According to the Consolidated Omnibus Budget Reconciliation Act of 1985, Public Law 99-272, recipients enrolled in managed health care options (including PHPs) may seek family planning services anywhere without referral, even if they are minors. The PHP must pay any claims submitted by a provider of family planning services when the service has been provided to a recipient in a month for which a capitation rate has been paid on the recipient's behalf to the PHP by the department.

88.5(3) *Excluded services.* Unless specifically included in the contract, PHPs will not be required to cover long-term care (skilled nursing facilities, intermediate care facilities, residential care facilities, state resource centers, or intermediate care facilities for the mentally retarded), inpatient psychiatric care provided at the state-administered mental health institutes, services provided by the area education agencies, services provided at specialized adolescent psychiatric facilities, day treatment and partial hospitalization services for persons aged 20 or under, or the enhanced services provided to certain eligible recipients. Reimbursement to recipients for nonemergency medical transportation as described at rule

441—78.13(249A) will not be covered by the PHP; the department will continue to reimburse through its fee-for-service methodology for this service.

88.5(4) Restrictions and limitations. If the PHP covers a type of service which is also covered under Medicaid, the PHP may not impose any restrictions or limitations on that service more stringent than those applicable in Medicaid according to the provisions at 441—Chapter 78. The PHP may, at its discretion, offer services to its enrolled recipients beyond the scope of Medicaid as defined at 441—Chapter 78.

88.5(5) Recipient use of PHP services. An enrolled recipient must utilize PHP participating providers of service. No payment by the PHP will be made for services provided by non-PHP providers if the same type of service is available through the PHP under its contract with the department except as provided in subrule 88.5(2) “c,” and rule 441—88.6(249A).

[ARC 2358C, IAB 1/6/16, effective 1/1/16]

441—88.6(249A) Emergency services.

88.6(1) Availability of services. The PHP will ensure that the services of a primary care physician are available on an emergency basis 24 hours a day, seven days a week, either through the PHP’s own providers or through arrangements with other providers. In addition, the PHP must provide payment to nonparticipating providers within 60 days of receipt of the bill for all contracted services furnished by providers which do not have contractual arrangements with the PHP to provide services but which were needed immediately because of an injury or illness and in which case the illness or injury did not permit a choice of provider.

88.6(2) PHP payment liability. PHP payment liability on account of injury or emergency illness is limited to emergency care required before the recipient can, without medically harmful consequences, return to the enrollment area or to the care of a provider with whom the PHP has arrangements to provide services. If an ambulance is necessary to transport the recipient to follow-up treatment, the PHP shall be financially liable. Benefits for continuing the follow-up treatment are provided only in the PHP’s enrollment area.

If an enrolled recipient is injured or becomes ill and receives emergency services outside the PHP’s enrollment area, the PHP shall pay the facility or person who provided the emergency care for emergency medical services and medical services, for inpatient hospital services in a general hospital as a result of the emergency, and for emergency ambulance service.

88.6(3) Notification and claim filing time span. The PHP may set notification and claim filing time limitations in the event of the provision of care by nonparticipating providers. However, failure to give notice or to file claims within those time limitations will not invalidate any claim if it can be shown that it was not reasonably possible to give the notice and that notice was, in fact, given as soon as was reasonably possible.

[ARC 2358C, IAB 1/6/16, effective 1/1/16]

441—88.7(249A) Access to service.

88.7(1) Choice of provider. Recipients will have the opportunity to choose their health care professionals to the extent possible and medically appropriate from any of the PHP providers participating in the Medicaid contract.

88.7(2) Medical service delivery sites. Medical service delivery sites shall have the following specific characteristics:

- a. Be located within 30 miles of and be accessible from the personal residences of enrolled recipients.
- b. Have sufficient staff resources to adequately provide the medical services for which the contract is in effect including physicians with privileges at one or more acute care hospitals.
- c. Have arrangements for services to be provided by other providers where in-house capability to serve specific medical needs does not exist.
- d. Meet the applicable standards for participating in the Medicaid program.
- e. Be in compliance with all applicable local, state, and federal standards related to the service provided as well as those for fire and safety.

88.7(3) Adequate appointment system. The PHP shall have procedures for the scheduling of patient appointments which are appropriate to the reason for the visit as follows:

- a. Patients with urgent nonemergency needs shall be seen within one hour of presentation at a PHP medical service delivery site.
- b. Patients with persistent symptoms shall be seen within 48 hours of reporting of the onset of the persistent symptoms.
- c. Patient routine visits shall be scheduled within four to six weeks of the date the patient requests the appointment.
- d. Scheduling of appointments shall be by specific time intervals and not on a block basis.

88.7(4) Adequate after hours call-in coverage. The PHP must have in effect the following arrangements which provide for adequate after hours call-in coverage:

- a. Twenty-four-hour-a-day telephone coverage shall exist.
- b. If a physician does not respond to the initial telephone call, there must be a written protocol specifying when a physician must be consulted. Calls requiring a medical decision shall be forwarded to the on-call physician and a response to each call which requires a medical decision must be provided within 30 minutes.
- c. Notations shall be made in the patient's medical record of relevant information related to an after-hours call.

88.7(5) Adequate referral system. The PHP must effect the following arrangements which provide for an adequate referral system:

- a. A network of referral sources for all services which are covered in the contract, but not directly provided by the PHP.
- b. Procedures for the return of relevant medical information from referral sources including review of information by the referring physicians, entry of information into the patient's medical record, and arrangements for periodic reports from ongoing referral arrangements.
- c. A notation in the medical record for hospitals' patients indicating the reason, date, and duration of hospitalization and entry of pertinent reports from the hospitalization and discharge planning in the medical record.

[ARC 2358C, IAB 1/6/16, effective 1/1/16]

441—88.8(249A) Grievance procedures.

88.8(1) Written procedure. The PHP must have a written procedure by which enrolled recipients may express grievances, complaints, or recommendations, either individually or as a class and which:

- a. Is approved by the department prior to use.
- b. Acknowledges receipt of a grievance to the grievant.
- c. Sets time frames for resolution including emergency procedures which are appropriate to the nature of the grievance and which require that all grievances shall be resolved within 30 days.
- d. Ensures the participation of persons with authority to require corrective action.
- e. Includes at least one level of appeal.
- f. Ensures the confidentiality of the grievant.

88.8(2) Written record. All grievances, including all informal or verbal complaints, which must be referred or researched for resolution must be recorded in writing. A log of the grievances must be retained and made available at the time of audit and must include progress notes and method of resolution.

88.8(3) Information concerning grievance procedures. The PHP's written grievance procedure must be provided to each newly enrolled recipient not later than the effective date of coverage.

88.8(4) Appeals to the department. A recipient who has exhausted the grievance procedure of the PHP may appeal the issue to the department under the provisions of 441—Chapter 7. Instances where the substance of the grievance relates to department policy shall be appealed directly to the department.

88.8(5) Periodic report to the department. The PHP shall make quarterly reports to the department summarizing grievances and resolutions as specified in the contract.

[ARC 2358C, IAB 1/6/16, effective 1/1/16]

441—88.9(249A) Records and reports.

88.9(1) *Medical records system.* The PHP shall comply with the provisions of rule 441—79.3(249A) regarding maintenance and retention of clinical and fiscal records and, in addition, the PHP must maintain a medical record system which:

- a. Identifies each medical record by the departmentally assigned state identification number.
- b. Identifies the location of every medical record.
- c. Places medical records in a given order and location.
- d. Provides a specific medical record on demand.
- e. Maintains the confidentiality of medical records information and releases the information only in accordance with established policy pursuant to subrule 88.9(3).
- f. Maintains inactive medical records in a specific place.
- g. Permits effective professional review in medical audit processes.
- h. Facilitates an adequate system for follow-up treatment including monitoring and follow-up of off-site referrals and inpatient stays.
- i. Meets state and federal reporting requirements applicable to PHPs.

88.9(2) *Content of individual medical record.* The PHP must have in effect arrangements which provide for an adequate medical record-keeping system which includes a complete medical record for each enrolled recipient in accordance with provisions set forth in the contract.

88.9(3) *Confidentiality of records.* PHPs must maintain the confidentiality of medical record information and release the information only in the following manner:

- a. All medical records of enrolled recipients shall be confidential and shall not be released without the written consent of the enrolled recipients or the responsible party acting on behalf of the enrolled recipient.
- b. Written consent is not required for the transmission of medical record information to physicians, other practitioners, or facilities which are providing services to enrolled recipients under a subcontract with the PHP. This provision also applies to specialty providers who are retained by the PHP to provide services which are infrequently used or are of an unusual nature.
- c. Written consent is not required for the transmission of medical record information to physicians or facilities providing emergency care pursuant to rule 441—89.26(249A).
- d. Written consent is required for the transmission of medical record information of a former enrolled recipient to any medical provider not connected with the PHP.
- e. The extent of medical record information to be released in each instance shall be based upon tests of medical necessity and a “need to know” on the part of the practitioner or facility requesting the information.
- f. Medical records maintained by subcontracting providers must meet the requirements of this rule.

88.9(4) *Reports to the department.* Each PHP shall submit reports to the department as follows:

- a. Annual audited financial statements no later than 120 days after the close of the PHP’s fiscal year.
- b. Periodic financial, utilization, and statistical reports as required by the department under the contract.

88.9(5) *Audits.* The department or its designee and the U.S. Department of Health and Human Services (HHS) may evaluate through inspections or other means, the quality, appropriateness, and timeliness of services performed by the PHP. The department or HHS may audit and inspect any records of a PHP, or the subcontractors of a PHP, which pertain to services performed and the determination of amounts paid under the contract. These records will be made available at times, places, and in a manner as authorized representatives of the department, its designee, or HHS may request.

[ARC 2358C, IAB 1/6/16, effective 1/1/16]

441—88.10(249A) Marketing.

88.10(1) *Marketing procedures.* All marketing plans, procedures, and materials used by the PHP must be approved in writing by the department prior to use. Random door-to-door marketing of low-income families or the offering of financial incentives will not be approved.

88.10(2) *Marketing representatives.* Marketing representatives utilized to market Medicaid recipients must be sufficiently trained and capable of performing marketing activities within the requirements of the contract. The PHP's marketing representatives must represent the PHP in an honest and straightforward manner. In its marketing presentations, the PHP must include information which ensures that the representative is not mistaken for a department employee. Marketing presentations which intentionally belittle or maliciously downplay the benefit package, services, or providers of another participating managed health care option will not be approved.

88.10(3) *Marketing presentations.* The PHP may make marketing presentations in the local office(s) of the department or otherwise include the department in marketing efforts at the discretion of the department.

88.10(4) *Marketing materials.* Written material must include a marketing brochure or a member handbook which fully explains the services available, how and when to obtain them, and special factors applicable to enrolled recipients as specified in the contract.

[ARC 2358C, IAB 1/6/16, effective 1/1/16]

441—88.11(249A) Patient education.

88.11(1) *Use of services.* The PHP shall have procedures in effect to orient enrolled recipients in the use of services the PHP is contracting to provide. This includes what to do if the recipient requires medical care while out of the enrollment area, a 24-hour-a-day telephone number, appropriate use of the referral system, grievance procedures, and how emergency treatment is to be provided.

88.11(2) *Patient rights and responsibilities.* The PHP shall have in effect a written statement of patient rights and responsibilities which is available upon request as well as issued to all new enrolled recipients. This statement may be part of an informational brochure provided to all new enrollees. The right of the enrolled recipient to request disenrollment must be included.

[ARC 2358C, IAB 1/6/16, effective 1/1/16]

441—88.12(249A) Payment to the PHP.

88.12(1) *Capitation rate.* In consideration for all services rendered by a PHP under a contract with the department, the PHP will receive a payment each month for each enrolled recipient. This capitation rate represents the total obligation of the department with respect to the costs of medical care and services provided to enrolled recipients under the contract.

88.12(2) *Determination of rate.* The capitation rate is actuarially determined by the department for the beginning of the new fiscal year using statistics and data about Medicaid fee-for-service expenses for PHP-covered services to a similar population during the preceding fiscal year. (For example, fiscal year 1990 rates are predicted with fiscal year 1988 dates of service for Medicaid fee-for-service expenditures.) The capitation rate may not exceed the cost to the department of providing the same services on a fee-for-service basis to an actuarially equivalent nonenrolled population group. A 1 percent incentive will be available to PHPs who contract to cover all services except those specified in subrule 88.5(3). PHPs electing to share risk with the department will have their payment rates reduced by an amount reflecting the department's experience for high cost fee-for-service recipients.

88.12(3) *Amounts not included in rate.* The capitation rate does not include any amounts for the recoupment of losses suffered by the PHP for risks assumed under the current or any previous contract. The PHP accepts the rate as payment in full for the contracted services. Any savings realized by the PHP due to lower utilization from a less frequent incidence of health problems among the enrolled population shall be wholly retained by the PHP.

88.12(4) *Third-party liability.* If an enrolled recipient has health coverage or a responsible party other than the Medicaid program available for purposes of payment for medical expenses, it is the right and responsibility of the PHP to investigate these third-party resources and attempt to obtain payment. The PHP shall retain all funds collected through third-party sources. A complete record of all income from these sources must be maintained and made available to the department.

[ARC 2358C, IAB 1/6/16, effective 1/1/16]

441—88.13(249A) Quality assurance. The PHP shall have in effect an internal quality assurance system that meets the requirements of 42 CFR 434.44 as amended to December 31, 1996, and a system of periodic medical audits meeting the requirements of 42 CFR 434.53 as amended to December 13, 1990.

[ARC 2358C, IAB 1/6/16, effective 1/1/16]

441—88.14 to 88.20 Reserved.

DIVISION II
PROGRAMS OF ALL-INCLUSIVE CARE FOR THE ELDERLY

441—88.21(249A) Scope and definitions.

88.21(1) Purpose. A program of all-inclusive care for the elderly (PACE) organization provides prepaid, capitated, comprehensive health care services designed to meet the following objectives:

- a. Enhance the quality of life and autonomy of frail older adults.
- b. Maximize the dignity of and respect for frail older adults.
- c. Enable frail older adults to live in the community as long as medically and socially feasible.
- d. Preserve and support frail older adults' family units.

88.21(2) Scope. PACE programs may serve Medicaid members, Medicare beneficiaries, persons eligible for both Medicare and Medicaid benefits, and private-pay individuals. Enrollment to receive services from a PACE organization is voluntary.

a. Enrollment is limited to persons who are 55 years of age or older and who need care at the nursing facility level but are able to live in a community setting without jeopardizing their health and safety.

b. If a Medicaid member chooses to enroll in a PACE program, the member must receive Medicaid benefits solely through the PACE organization while enrolled in the program.

88.21(3) Authorization. A PACE organization must enter into a three-way agreement with the department and the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services.

88.21(4) Definitions. For purposes of this division:

“*Alternate PACE service site*” means a location outside a primary or alternate PACE center in which one or more PACE services are offered to PACE enrollees.

“*Capitation rate*” means the monthly fee the department pays to a PACE organization for each Medicaid enrollee for the provision of covered medical and health services, whether or not the enrollee received services during the month for which the fee is intended.

“*CMS*” means the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services.

“*Contract year*” means the term of a PACE program agreement. The term is a calendar year, with the exception that a PACE organization's initial contract year is determined by CMS and may be from 12 to 23 months.

“*Department*” means the Iowa department of human services.

“*Enrollee*” means a person who is enrolled in a PACE program.

“*Federal PACE regulations*” means the standards published in 42 CFR Part 460, Programs of All-Inclusive Care for the Elderly. These rules shall be interpreted so as to comply with the federal PACE regulations.

“*Interdisciplinary team*” means the team designated by the PACE organization to assess the needs of and develop a comprehensive plan of care for each enrollee.

“*Medicaid enrollee*” means a Medicaid member who is enrolled in a PACE program.

“*Medicare beneficiary*” means a person who is entitled to Medicare Part A benefits, is enrolled under Medicare Part B, or both.

“*Medicare enrollee*” means a Medicare beneficiary who is enrolled in a PACE program.

“*PACE*” means programs of all-inclusive care for the elderly.

“*PACE center*” means a facility operated by a PACE organization where primary care is furnished to PACE enrollees. A primary PACE center is the principal facility operated by a PACE organization. An alternate PACE center is another facility operated by a PACE organization outside its primary center. “Primary care” shall include all program components in accordance with 42 CFR Section 460.92 as amended to December 8, 2006.

“*PACE enrollment agreement*” means the contract between the PACE organization and the enrollee that includes, at a minimum, all information identified in 42 CFR Section 460.154 as amended to December 8, 2006.

“*PACE organization*” means an entity that has in effect a PACE program agreement with the department and CMS to operate a PACE program in Iowa.

“*PACE program*” means a program of all-inclusive care for the elderly operated by an approved PACE organization that provides comprehensive health care services to enrollees in Iowa in accordance with a PACE program agreement.

“*PACE program agreement*” means a three-way agreement between CMS, the department, and an entity approved to be a PACE organization for the operation of a PACE program.

“*Service area*” means the specific counties in which a PACE provider may provide services, as identified in the PACE program agreement.

“*Services*” means both items and services provided to an enrollee by the PACE organization.

“*Trial period*” means the first three contract years in which a PACE organization operates under a PACE program agreement.

[ARC 2358C, IAB 1/6/16, effective 1/1/16]

441—88.22(249A) PACE organization application and waiver process. This rule sets forth the application requirements for an entity that seeks approval from the department as a PACE organization and the process by which a prospective PACE organization may request department review and approval of requests to CMS for waiver of federal requirements.

88.22(1) Application requirements. A person authorized to act on behalf of an entity seeking approval as a PACE organization shall prepare an application in the format suggested by CMS at: http://www.cms.hhs.gov/PACE/06_ProviderApplicationandRelatedResources.asp.

a. The application shall:

(1) Describe how the entity meets the requirements of this division and of the federal PACE regulations; and

(2) Identify the counties in which the entity proposes to provide PACE services.

b. Upon completion of the application sections designated for PACE providers, the prospective PACE organization shall submit the application to the attention of the PACE program manager at the following address: Iowa Medicaid Enterprise, 100 Army Post Road, Des Moines, Iowa 50315.

88.22(2) Waiver of federal requirements. A prospective PACE organization must also receive CMS approval as a PACE organization. A prospective PACE organization must submit any request for waiver of federal PACE regulations to the department for initial review before submitting the request to CMS.

a. The waiver request shall be submitted as a document separate from the application. The request may be submitted:

(1) In conjunction with and at the same time as the application; or

(2) At any time during the approval process.

b. The prospective PACE organization shall submit the waiver request and documentation to the attention of the PACE program manager at the following address: Iowa Medicaid Enterprise, 100 Army Post Road, Des Moines, Iowa 50315.

88.22(3) Review of applications and requests for waiver of federal requirements. The department may conduct on-site visits and may request additional information from an entity in connection with an application for approval as a PACE organization or a request for waiver of federal requirements.

88.22(4) Department action on applications. Upon review of an application for approval as a PACE organization and action by CMS on any request for waiver of federal requirements, the department shall determine whether it considers the entity qualified to be a PACE organization and whether it is willing to

enter into a PACE program agreement with the entity. If so, the department shall complete the application sections designated for the state administering agency and submit the completed application in its entirety to CMS.

[ARC 2358C, IAB 1/6/16, effective 1/1/16]

441—88.23(249A) PACE program agreement. An entity that has been approved by the department and CMS to be a PACE organization must enter into an agreement with CMS and the department for the operation of a PACE program under Medicare and Medicaid. The agreement must be signed by an authorized official of CMS, the PACE organization, and the department.

88.23(1) Content and terms of agreement.

a. Required content. A PACE program agreement must include the following information:

(1) A designation of the service area of the PACE organization's program, identified by county. The department and CMS must approve any change in the designated service area.

(2) The PACE organization's commitment to meet all applicable requirements under federal, state, and local laws and regulations, including provisions of the Civil Rights Act, the Age Discrimination Act, and the Americans with Disabilities Act.

(3) The effective date and term of the agreement.

(4) A description of the organizational structure of the PACE organization and information on the organization's administrative contacts.

(5) An enrollee bill of rights approved by CMS and an assurance that the listed rights and protections will be provided.

(6) A description of the process for handling enrollee grievances and appeals.

(7) A statement of the PACE organization's policies on eligibility, enrollment, voluntary disenrollment, and involuntary disenrollment.

(8) A description of the services available to enrollees.

(9) A description of the PACE organization's quality assessment and performance improvement program.

(10) A statement of the levels of performance required in CMS standard quality measures.

(11) A statement of the data and information required by the department and CMS to be collected on enrollee care.

(12) The Medicaid capitation rate and the methodology used to calculate the Medicare capitation rate.

(13) A description of procedures that the PACE organization will follow if the PACE program agreement is terminated, including how the organization will:

1. Inform enrollees, the community, CMS, and the department, in writing, about the organization's termination and transition procedures.

2. Initiate contact with income maintenance staff in the local department office and assist enrollees in obtaining reinstatement of conventional Medicare and Medicaid benefits.

3. Transition enrollees' care to other providers.

4. Terminate marketing and enrollment activities.

b. Optional content. An agreement may:

(1) Provide additional requirements for individuals to qualify as PACE enrollees in accordance with subparagraph 88.84(1)"a"(5).

(2) Contain any additional terms and conditions agreed to by the parties.

88.23(2) Duration of agreement. A PACE program agreement shall be effective for a contract year but may be extended for additional contract years in the absence of a notice by a party to terminate.

88.23(3) Enforcement of agreement. If the department determines that the PACE organization is not in substantial compliance with requirements of the federal PACE regulations or of this division, the department may take one or more of the following actions:

a. Condition the continuation of the PACE program agreement upon timely execution of a corrective action plan.

b. Withhold some or all payments under the PACE program agreement until the PACE organization corrects the deficiency.

c. Terminate the PACE program agreement.

88.23(4) Termination of agreement by the department.

a. *Grounds for termination.* The department may terminate a PACE program agreement at any time for cause, including but not limited to the following circumstances:

(1) Termination due to uncorrected deficiencies. The department may terminate a PACE program agreement if both of the following circumstances exist:

1. The department has determined through a review pursuant to subrule 88.87(4) that the PACE organization has significant deficiencies in the quality of care furnished to enrollees or has failed to comply substantially with the conditions for a PACE organization or PACE program under this division, the federal PACE regulations, or the terms of its PACE program agreement.

2. The PACE organization has failed to develop and successfully initiate a plan to correct the deficiencies within 30 days of the date of receipt of a written notice of deficiencies, as confirmed by certified mail, or has failed to continue implementation of the corrective action plan.

(2) Termination due to health and safety risk. The department may terminate a PACE program agreement if the department determines that the PACE organization cannot ensure the health and safety of its enrollees. This determination may result from the identification of deficiencies that the department determines cannot be corrected.

b. *Notice and opportunity for hearing.* Except as provided in paragraph “c” of this subrule, before terminating an agreement, the department shall furnish the PACE organization with the following:

(1) A reasonable opportunity to develop and implement a corrective action plan to correct the deficiencies that are the basis of the department’s determination that cause exists for termination.

(2) Reasonable notice and opportunity for hearing (including the right to appeal an initial determination) before terminating the agreement.

c. *Immediate termination.* The department may terminate an agreement without invoking the procedures described in paragraph “b” of this subrule if the department determines that a delay in termination resulting from compliance with those procedures before termination would pose an imminent and serious risk to the health of the enrollees.

88.23(5) Termination of agreement by PACE organization. A PACE organization may terminate an agreement after timely notice issued as follows:

a. To CMS and the department, 90 days before termination.

b. To enrollees, 60 days before termination.

88.23(6) Transitional care during termination. A PACE organization whose PACE program agreement is being terminated must provide assistance to each enrollee in obtaining necessary transitional care by making appropriate referrals and making the enrollee’s medical records available to new providers.

[ARC 2358C, IAB 1/6/16, effective 1/1/16]

441—88.24(249A) Enrollment and disenrollment. A PACE organization must comply with the federal enrollment requirements stated in 42 CFR Sections 460.152 through 460.156 as amended to December 8, 2006.

88.24(1) Eligibility for Medicaid enrollees. To enroll in a PACE program as an Iowa Medicaid enrollee, a person must meet the eligibility requirements specified in this subrule.

a. *Basic eligibility requirements.*

(1) The person must be 55 years of age or older.

(2) The person must reside in the service area of the PACE organization.

(3) The person must be eligible for Medicaid pursuant to the provisions in 441—Chapter 75 for persons in a medical institution.

(4) The department must determine that the person is eligible for Iowa Medicaid pursuant to 441—Chapter 76.

(5) The department must determine that the person needs the nursing facility level of care.

(6) The person must meet any additional program-specific eligibility conditions imposed under the PACE program agreement. These additional conditions shall not modify the requirements stated in this subrule.

b. Other eligibility requirements.

(1) At the time of enrollment, the person must be able to live in a community setting without jeopardizing the person's health or safety, pursuant to the criteria specified in the PACE program agreement.

(2) To continue to be eligible for PACE as an Iowa Medicaid enrollee, a person must meet the annual recertification requirements specified in subrule 88.24(4).

88.24(2) Effective date of enrollment. A person's enrollment in the program is effective on the first day of the calendar month following the date the PACE organization receives the signed enrollment agreement.

88.24(3) Duration of enrollment. Enrollment continues until the enrollee's death unless either of the following actions occurs:

a. The enrollee voluntarily disenrolls. An enrollee may voluntarily disenroll from the program without cause at any time.

b. The enrollee is involuntarily disenrolled, as described in subrule 88.24(5).

88.24(4) Annual recertification.

a. At least annually, the department shall:

(1) Reevaluate whether each enrollee continues to need the nursing facility level of care; and

(2) Review all financial and nonfinancial eligibility requirements for Medicaid enrollees. The enrollee shall complete Form 470-3118 or 470-3118(S), Medicaid Review.

b. Deemed continued eligibility. If the department determines that an enrollee no longer needs the nursing facility level of care, the department, in consultation with the PACE organization, shall determine whether, in the absence of continued PACE coverage, the enrollee reasonably would be expected to meet the nursing facility level-of-care requirement within the next six months. This determination shall be based on a review of the enrollee's medical record and plan of care, applying criteria specified in the PACE program agreement. If the enrollee reasonably would be expected to meet the level-of-care requirement within six months, the enrollee's eligibility for the PACE program may continue until the next annual reevaluation.

88.24(5) Involuntary disenrollment. An involuntary disenrollment shall not become effective until the Department has determined that the PACE organization has adequately documented acceptable grounds for disenrollment.

a. Reasons for involuntary disenrollment. An enrollee may be involuntarily disenrolled for any of the following reasons:

(1) After a 30-day grace period, the enrollee fails to pay any amount due to the PACE organization pursuant to subrule 88.28(2) or refuses to make satisfactory arrangements to pay.

(2) The enrollee engages in disruptive or threatening behavior as described in paragraph 88.24(5) "b."

(3) The enrollee moves out of the PACE program service area or is out of the service area for more than 30 consecutive days, unless the PACE organization agrees to a longer absence due to extenuating circumstances.

(4) The department determines that the enrollee no longer needs the nursing facility level of care and the enrollee is not deemed eligible pursuant to paragraph 88.24(4) "b."

(5) The PACE program agreement with CMS and the department is not renewed or is terminated.

(6) The PACE organization is unable to offer health care services due to the loss of state licenses or contracts with outside providers.

b. Disruptive or threatening behavior. "Disruptive or threatening behavior" refers to either of the following:

(1) Behavior that jeopardizes the enrollee's health or safety or the safety of others; or

(2) Consistent refusal by the enrollee to comply with the enrollee's individual plan of care or the terms of the PACE enrollment agreement when the enrollee has decision-making capacity.

c. Documentation of disruptive or threatening behavior: If a PACE organization proposes to disenroll an enrollee who is disruptive or threatening, the organization must document the following information in the enrollee's medical record:

- (1) The reasons for proposing to disenroll the enrollee.
- (2) All efforts to remedy the situation.

d. Noncompliant behavior: A PACE organization may not disenroll an enrollee on the grounds that the enrollee has engaged in noncompliant behavior if the behavior is related to a mental or physical condition of the enrollee, unless the enrollee's behavior jeopardizes the enrollee's health or safety or the safety of others. "Noncompliant behavior" includes repeated noncompliance with medical advice and repeated failure to keep appointments.

88.24(6) Effective date of disenrollment.

a. In disenrolling a Medicaid enrollee, the PACE organization must:

- (1) Use the most expedient process allowed under the PACE program agreement;
- (2) Coordinate the disenrollment date between Medicare and Medicaid for an enrollee who is eligible for both Medicare and Medicaid; and
- (3) Give reasonable advance notice to the enrollee.

b. Until the date when enrollment is terminated, the following requirements must be met:

- (1) The PACE organization must continue to furnish all needed services.
- (2) The enrollee must continue to use PACE organization services.

88.24(7) Documentation of disenrollment. A PACE organization must meet the following requirements:

a. Have a procedure in place to document the reasons for all voluntary and involuntary disenrollments.

b. Make documentation available for review by CMS and the department.

c. Use the information on voluntary disenrollments in the PACE organization's internal quality assessment and performance improvement program.

88.24(8) Reinstatement in other Medicare and Medicaid programs. After a disenrollment, the PACE organization shall work with CMS and the department to facilitate the former enrollee's reinstatement in other Medicare and Medicaid programs by:

a. Making appropriate referrals to other Medicare and Medicaid programs for which the enrollee may be eligible; and

b. Ensuring that medical records are made available to new providers in a timely manner.

88.24(9) Reinstatement in PACE. A previously disenrolled enrollee may be reinstated in a PACE program.

[ARC 0758C, IAB 5/29/13, effective 8/1/13; ARC 2358C, IAB 1/6/16, effective 1/1/16]

441—88.25(249A) Program services. A PACE organization shall furnish comprehensive medical, health, and social services that integrate acute and long-term care.

88.25(1) Required services. The PACE benefit package for all enrollees, regardless of the source of payment, must include the following:

a. All Medicare-covered items and services.

b. All Medicaid-covered items and services as specified in 441—Chapters 78, 81, 82, 85, and 90. Medicaid benefit limitations and conditions relating to amount, duration, scope of services, deductibles, copayments, coinsurance, or other cost sharing do not apply to PACE services.

c. Other services determined necessary by the enrollee's interdisciplinary team to improve or maintain the enrollee's overall health status.

88.25(2) Excluded services. The following services are excluded from coverage under PACE:

a. Any service that is not authorized by the enrollee's interdisciplinary team, even if it is a required service, unless it is an emergency service.

b. In an inpatient facility:

- (1) A private room and private-duty nursing services unless medically necessary; and

(2) Nonmedical items for personal convenience, such as telephone charges and radio or television rental, unless specifically authorized by the interdisciplinary team as part of the enrollee's plan of care.

c. Cosmetic surgery. "Cosmetic surgery" does not include surgery that is required for improved functioning of a malformed part of the body resulting from an accidental injury or for reconstruction following mastectomy.

d. Experimental medical, surgical, or other health procedures.

e. Services furnished outside the United States, except in accordance with 42 CFR Sections 424.122 and 424.124 as amended to September 29, 1995, or as otherwise permitted under the Iowa Medicaid program.

88.25(3) Service delivery. The PACE organization must establish and implement a written plan to furnish care that meets the needs of each enrollee in all care settings 24 hours a day, every day of the year.

a. *Provision of services.* PACE services must be furnished in at least:

- (1) The PACE center,
- (2) The enrollee's home, and
- (3) Inpatient facilities.

b. *PACE center operation.* A PACE organization must ensure accessible and adequate services to meet the needs of its enrollees. The interdisciplinary team shall determine the frequency of each enrollee's attendance at a PACE center, based on the needs and preferences of the enrollee.

(1) A PACE organization must operate at least one PACE center either in or contiguous to its defined service area. A PACE center must be certified as an adult day services program pursuant to Iowa Code chapter 231D and the department of elder affairs' rules at 321—Chapter 24.

(2) If necessary to maintain sufficient capacity to allow routine attendance by enrollees, a PACE organization must add staff or develop alternate PACE centers or service sites. If a PACE organization operates more than one center, each alternate PACE center must offer the full range of services and have sufficient staff to meet the needs of enrollees.

88.25(4) Minimum services furnished at a PACE center. At a minimum, the following services must be furnished at each primary or alternate PACE center:

- a. Primary care, including physician and nursing services.
- b. Social services.
- c. Restorative therapies, including physical therapy and occupational therapy.
- d. Personal care and supportive services.
- e. Nutritional counseling.
- f. Recreational therapy.
- g. Meals.

88.25(5) Primary care. Primary medical care must be furnished to an enrollee by a PACE primary care physician. Each primary care physician is responsible for:

- a. Managing an enrollee's medical situations; and
- b. Overseeing an enrollee's use of medical specialists and inpatient care.

88.25(6) Out-of-network emergency care. A PACE organization must pay for out-of-network emergency care when the care is needed immediately because of an injury or sudden illness and the time required to reach the PACE organization or one of its contract providers would cause risk of permanent damage to the enrollee's health.

a. *Definitions.* As used in this subrule, the following definitions apply:

"*Emergency medical condition*" means a condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that a prudent lay person with an average knowledge of health and medicine could reasonably expect the absence of immediate medical attention to result in any of the following:

1. Serious jeopardy to the health of the enrollee.
2. Serious impairment to bodily functions of the enrollee.
3. Serious dysfunction of any bodily organ or part of the enrollee.

“*Emergency services*” means inpatient and outpatient services that are needed to evaluate or stabilize an emergency medical condition and are furnished by a qualified emergency services provider other than the PACE organization or one of its contract providers, either inside or outside the PACE organization’s service area.

“*Poststabilization care*” means services provided subsequent to an emergency that a treating physician views as medically necessary after an emergency medical condition has been stabilized but that do not meet the definition of emergency services.

“*Urgent care*” means care that is provided to an enrollee outside the service area because the enrollee believes that an illness or injury is too severe to postpone treatment until the enrollee returns to the service area but that does not meet the definition of emergency services because the enrollee’s life or functioning is not in severe jeopardy.

b. Plan. A PACE organization must establish and maintain a written plan to handle out-of-network emergency care. The plan must ensure that CMS, the department, and the enrollee are held harmless if the PACE organization does not pay for out-of-network emergency services. The plan must provide for the following:

(1) An on-call provider available 24 hours per day to address enrollee questions about out-of-network emergency services and to respond to requests for authorization of out-of-network urgent care and poststabilization care following emergency services.

(2) Coverage of out-of-network urgent care and poststabilization care when either of the following conditions is met:

1. The PACE organization has approved the services.

2. The PACE organization has not approved the services because the PACE organization did not respond to a request for approval within one hour after being contacted or because the PACE organization cannot be contacted for approval.

c. Explanation to enrollee. The organization must ensure that the enrollee or caregiver, or both, understand:

(1) When and how to access out-of-network emergency services, and

(2) That no prior authorization is needed.

[ARC 2358C, IAB 1/6/16, effective 1/1/16]

441—88.26(249A) Access to PACE services. An enrollee’s access to PACE services is governed by a comprehensive plan of care developed for each enrollee by an interdisciplinary team based on a comprehensive assessment of the enrollee’s health and social status.

88.26(1) Interdisciplinary team. A PACE organization shall establish an interdisciplinary team at each PACE center to comprehensively assess and meet the individual needs of each enrollee.

a. Team composition. The members of the interdisciplinary team must primarily serve PACE enrollees. At a minimum, the interdisciplinary team shall be composed of the following members:

(1) Primary care physician.

(2) Registered nurse.

(3) Master’s-level social worker.

(4) Physical therapist.

(5) Occupational therapist.

(6) Recreational therapist or activity coordinator.

(7) Dietitian.

(8) PACE center manager.

(9) Home care coordinator.

(10) Personal care attendant or attendant’s representative.

(11) Driver or driver’s representative.

b. Team responsibilities. Each enrollee shall be assigned to an interdisciplinary team functioning at the PACE center that the enrollee attends. The interdisciplinary team is responsible for the initial assessment, periodic reassessments, plan of care, and coordination of 24-hour care delivery for each assigned enrollee. Each interdisciplinary team member is responsible for the following:

(1) Regularly informing the team of the medical, functional, and psychosocial condition of each enrollee.

(2) Remaining alert to pertinent input from other team members, enrollees, and caregivers.

(3) Documenting changes in an enrollee's condition in the enrollee's medical record, consistent with documentation policies established by the medical director.

c. Exchange of information. The PACE organization must establish, implement, and maintain documented internal procedures governing the exchange of information between team members, contractors, and enrollees and their caregivers consistent with the federal requirements for confidentiality in 42 CFR Section 460.200(e) as amended to November 24, 1999.

88.26(2) Initial assessment. The interdisciplinary team must conduct an initial comprehensive assessment of each enrollee promptly following enrollment.

a. Each of the following members of the interdisciplinary team must evaluate the enrollee, at appropriate intervals, and develop a discipline-specific assessment of the enrollee's health and social status:

(1) Primary care physician.

(2) Registered nurse.

(3) Master's-level social worker.

(4) Physical therapist.

(5) Occupational therapist.

(6) Recreational therapist or activity coordinator.

(7) Dietitian.

(8) Home care coordinator.

b. At the recommendation of interdisciplinary team members, other professional disciplines (such as speech-language pathology, dentistry, or audiology) may be included in the comprehensive assessment process.

c. The assessment of each enrollee must include, but not be limited to, assessment of the following:

(1) Physical and cognitive function and ability.

(2) Medication use.

(3) Enrollee and caregiver preferences for care.

(4) Socialization and availability of family support.

(5) Current health status and treatment needs.

(6) Nutritional status.

(7) Home environment, including home access and egress.

(8) Enrollee behavior.

(9) Psychosocial status.

(10) Medical and dental status.

(11) Enrollee language.

88.26(3) Plan of care. The interdisciplinary team must promptly consolidate discipline-specific assessments into a single plan of care for each enrollee through discussion in team meetings and consensus of the entire team.

a. Development. The interdisciplinary team must develop, review, and reevaluate the plan of care in collaboration with the enrollee or caregiver, or both, to ensure that there is agreement with the plan of care and that the enrollee's concerns are addressed. In developing the plan of care, female enrollees must be informed that they are entitled to choose a qualified specialist for women's health services from the PACE organization's network to furnish routine or preventive women's health services.

b. Content. The plan of care must:

(1) Specify the care needed to meet the enrollee's medical, physical, emotional, and social needs, as identified in the initial comprehensive assessment.

(2) Identify measurable outcomes to be achieved.

c. Documentation. The interdisciplinary team shall document in the enrollee's medical record the plan of care and any changes made to the plan of care.

d. Implementation. The interdisciplinary team shall:

(1) Implement, coordinate, and monitor the plan of care, whether the services are furnished by PACE employees or contractors; and

(2) Continuously monitor the enrollee's health and psychosocial status, as well as the effectiveness of the plan of care, through the provision of services, informal observation, input from enrollees and caregivers, and communications among team members and other providers.

e. Evaluation. On at least a semiannual basis, the interdisciplinary team shall reevaluate the plan of care, including defined outcomes, and make changes as necessary.

88.26(4) Reassessment.

a. Semiannual reassessment. On at least a semiannual basis, or more often if an enrollee's condition dictates, the following interdisciplinary team members must conduct an in-person reassessment:

- (1) Primary care physician.
- (2) Registered nurse.
- (3) Master's-level social worker.
- (4) Recreational therapist or activity coordinator.
- (5) Other interdisciplinary team members actively involved in the development or implementation of the enrollee's plan of care, such as the home care coordinator, physical therapist, occupational therapist, or dietitian.

b. Annual reassessment. On at least an annual basis, the following interdisciplinary team members must conduct an in-person reassessment:

- (1) Physical therapist.
- (2) Occupational therapist.
- (3) Dietitian.
- (4) Home care coordinator.

c. Unscheduled reassessments. In addition to annual and semiannual reassessments, unscheduled reassessments may be required based on the following:

(1) A change in enrollee status. If the health or psychosocial status of an enrollee changes, the interdisciplinary team members listed in paragraph 88.26(2) "a" must conduct an in-person reassessment.

(2) A request by the enrollee or designated representative. If an enrollee (or the enrollee's designated representative) believes that the enrollee needs to initiate, eliminate, or continue a particular service, the appropriate interdisciplinary team members, as identified by the interdisciplinary team, must conduct an in-person reassessment.

d. Changes to plan of care. Interdisciplinary team members who conduct a reassessment must:

- (1) Reevaluate the enrollee's plan of care.
- (2) Discuss any changes in the plan of care with the interdisciplinary team.
- (3) Obtain approval of the revised plan of care from the interdisciplinary team and the enrollee or the enrollee's designated representative.
- (4) Document all assessment and reassessment information in the enrollee's medical record.
- (5) Furnish to the enrollee any services included in the revised plan of care as a result of a reassessment as expeditiously as the enrollee's health condition requires.

88.26(5) Procedures for resolving enrollee request to change the plan of care. The PACE organization must have explicit procedures for timely resolution of a request by an enrollee or an enrollee's designated representative to initiate, eliminate, or continue a particular service.

a. Except as provided in paragraph "b" of this subrule, the interdisciplinary team must notify the enrollee or the enrollee's designated representative of its decision to approve or deny the request from the enrollee or the designated representative as expeditiously as the enrollee's condition requires, but no later than 72 hours after the date the interdisciplinary team receives the request.

b. The interdisciplinary team may extend the 72-hour period for notifying the enrollee or the designated representative of its decision to approve or deny the request by no more than five additional days if:

- (1) The enrollee or designated representative requests the extension; or

(2) The interdisciplinary team documents its need for additional information and how the delay is in the interest of the enrollee.

c. The PACE organization must:

(1) Explain to the enrollee or the enrollee's designated representative orally and in writing any denial of a request to change the plan of care; and

(2) Provide the specific reasons for the denial in understandable language.

d. The PACE organization is responsible for:

(1) Informing the enrollee or the enrollee's designated representative of the enrollee's right to appeal the decision as specified in 42 CFR Section 460.122 as amended to December 8, 2006.

(2) Describing both the standard and expedited appeals processes of the PACE organization, including the right to obtain and conditions for obtaining expedited consideration of an appeal of a denial of services as specified in 42 CFR Section 460.122 as amended to December 8, 2006.

(3) Describing the right to and conditions for continuation of appealed services through the period of an appeal as specified in 42 CFR Section 460.122(e) as amended to December 8, 2006.

e. If the interdisciplinary team fails to provide the enrollee with timely notice of the resolution of the request or fails to furnish the services required by the revised plan of care, this failure constitutes an adverse decision. The enrollee's request must be automatically processed by the PACE organization as an appeal in accordance with 42 CFR Section 460.122 as amended to December 8, 2006.

f. The PACE organization must submit all documentation related to an appeal to the attention of the PACE program manager at the following address: Iowa Medicaid Enterprise, 100 Army Post Road, Des Moines, Iowa 50315.

[ARC 2358C, IAB 1/6/16, effective 1/1/16]

441—88.27(249A) Program administrative requirements. A PACE organization shall comply with the federal administrative requirements stated in 42 CFR Sections 460.60 through 460.82 as amended to December 8, 2006, including requirements relating to organizational structure, governing body, qualifications for staff who have direct contact with enrollees, training, program integrity, contracted services, oversight of direct care services, physical environment, infection control, transportation services, dietary services, fiscal soundness, and marketing.

88.27(1) Enrollee rights. A PACE organization shall comply with the federal participant rights requirements stated in 42 CFR Sections 460.110 through 460.124 as amended to December 8, 2006. Upon exhaustion of the PACE organization's appeal process, a Medicaid enrollee has the right to appeal to the department any adverse coverage or payment decision regarding any service, including any denial, reduction, or termination of any service, pursuant to 441—Chapter 7.

88.27(2) Data collection, record maintenance, and reporting. A PACE organization shall comply with federal data collection, records maintenance, and reporting requirements stated in 42 CFR Sections 460.200 through 460.210 as amended to December 8, 2006.

88.27(3) Quality assessment and performance improvement. A PACE organization shall comply with the federal quality assessment and performance improvement requirements stated in 42 CFR Sections 460.130 through 460.140 as amended to November 24, 1999.

88.27(4) Federal and state monitoring.

a. The PACE program shall cooperate with federal and state monitoring pursuant to 42 CFR Sections 460.190 through 460.196 as amended to Nov. 24, 1999, including:

(1) Corrective action required pursuant to 42 CFR Section 460.194; and

(2) Disclosure of review results pursuant to 42 CFR Section 460.196(c) and (d).

b. The PACE program is subject to sanctions or termination pursuant to subrules 88.23(3) and 88.23(4).

c. During the trial period, CMS, in cooperation with the department, shall conduct comprehensive annual reviews of the operations of a PACE organization to ensure compliance with PACE federal regulations and 441—Chapter 88, Division II.

d. After the trial period, the department, in cooperation with CMS, shall conduct on-site reviews of a PACE organization at least every two years.

e. After a review, CMS and the department shall report the results of the review to the PACE organization, along with any recommendations for changes to the organization's program.

f. Within 30 days of issuance of the report, the PACE organization shall develop and implement a corrective action plan to address any deficiencies identified through the review.

g. CMS or the department shall monitor the effectiveness of the corrective actions implemented.
[ARC 2358C, IAB 1/6/16, effective 1/1/16]

441—88.28(249A) Payment.

88.28(1) *Medicaid payment to PACE organization.* Under a PACE program agreement, the department shall make a prospective monthly payment to the PACE organization of a capitation amount for each Medicaid enrollee. The monthly capitation payment amount shall be negotiated between the PACE organization and the department and shall be specified in the PACE program agreement.

a. The amount of the capitation payment:

(1) Shall be less than the amount that would otherwise have been paid under the Medicaid program if the enrollees were not enrolled under the PACE program.

(2) Shall be a fixed amount regardless of changes in the enrollee's health status.

(3) May be renegotiated on an annual basis.

b. The PACE organization must accept the capitation payment amount as payment in full for Medicaid enrollees. The organization shall not collect or receive any other form of payment from the department or from, or on behalf of, the enrollee except for any amounts due from the enrollee pursuant to subrule 88.88(2).

88.28(2) *Liability of Medicaid enrollee.* A Medicaid enrollee shall contribute toward the cost of the enrollee's care according to the terms of this subrule. A PACE organization may not charge a premium to a Medicaid enrollee except for any amounts due pursuant to this subrule.

a. Institutionalized enrollees. Medicaid enrollees who reside in a medical facility are liable to the PACE organization for the Medicaid capitation payment to the extent of their total monthly income, with the exceptions allowed by 441—subrule 75.16(1) and the deductions allowed by 441—subrule 75.16(2).

b. Noninstitutionalized enrollees. Medicaid enrollees who do not reside in a medical facility are liable to the PACE organization for the Medicaid capitation payment to the extent of their total monthly income, with the deductions required by 42 CFR Section 435.726(c) as amended to July 25, 1994, with maintenance needs amounts set at the following levels:

(1) The amount for the maintenance needs of the enrollee is set at 300 percent of the maximum SSI grant for an individual.

(2) The additional amount for the maintenance needs of a spouse at home is set at the Iowa Medicaid program's medically needy income standard for one person.

(3) The additional amount for the maintenance needs of a family at home is set at the Iowa Medicaid program's medically needy income standard for a family of the same size, to the extent that amount exceeds any amount allowed for the maintenance needs of a spouse at home.

CHAPTER 89
DEBTS DUE FROM TRANSFERS OF ASSETS

PREAMBLE

This chapter provides for the establishment of a debt for medical assistance due to a transfer of assets for less than fair market value. These rules allow the department to establish a debt against a person who receives the transferred assets from a Medicaid applicant or recipient within five years prior to an application for medical assistance if the applicant is approved for Medicaid. The debt is established against the transferee in an amount equal to the medical assistance provided, but not in excess of the fair market value of the assets transferred.

441—89.1(249F) Definitions.

“*Department*” shall mean the department of human services.

“*Dwelling*” shall mean real property in which a person has an ownership interest and which serves as the person’s principal place of residence. Real property shall include the shelter in which the person lives, the land on which the shelter is located and related buildings on the land.

“*Fair market value*” shall mean the price for which property or an item could have been sold on the open market at the time of transfer.

“*Medical assistance*” shall mean “medical assistance,” “additional medical assistance,” “discretionary medical assistance” or “Medicare cost sharing” as each is defined in Iowa Code section 249A.2 which is provided to a person pursuant to Iowa Code chapter 249A and Title XIX of the federal Social Security Act.

“*Property*” shall mean anything of value, including both tangible and intangible property, real property and personal property.

“*Transfer*” shall mean the disposal of property for less than fair market value through gifting, sale or any transfer or assignment of a legal or equitable interest in property.

“*Transferee*” shall mean the person who receives a transfer or assignment of a legal or equitable interest in property for less than fair market value.

“*Transferor*” shall mean the person who makes a transfer of a legal or equitable interest in property for less than fair market value.

441—89.2(249F) Creation of debt.

89.2(1) *Transfer of property.* Except as provided in rule 441—89.3(249F), any transfer of property for less than fair market value creates a debt due and owing to the department from the transferee if:

a. The transfer is made while the transferor is receiving medical assistance or within five years prior to application for medical assistance and on or after July 1, 1993.

b. The transfer is made with the intent on the part of the transferee of enabling the transferor to obtain or maintain eligibility for medical assistance.

89.2(2) *Amount of debt.* The amount of the debt is the lesser of:

a. An amount equal to the medical assistance provided to or on behalf of the transferor on or after the date of the transfer.

b. The difference between the fair market value of the property at the time of transfer and the value of any consideration received.

441—89.3(249F) Exceptions. Notwithstanding rule 441—89.2(249F), exceptions for transfers that occur between July 1, 1993, and June 30, 1996, are in accordance with the rules during that time period. Notwithstanding rule 441—89.2(249F), the following exceptions apply to transfers that occur on or after July 1, 1996. The following transfers do not create a debt to the department:

1. Transfers to or for the sole benefit of the transferor’s spouse, including a transfer to a spouse by an institutionalized spouse pursuant to Section 1924(f)(1) of the federal Social Security Act.

2. Transfers to or for the sole benefit of the transferor’s child who is blind or disabled, as defined in Section 1614 of the federal Social Security Act.

3. Transfer of a dwelling, which serves as the transferor's home as defined in 20 CFR Section 416.1212, as amended to August 23, 1994, to a child of the transferor under 21 years of age.

4. Transfer of a dwelling, which serves as the transferor's home as defined in 20 CFR Section 416.1212, as amended to August 23, 1994, after the transferor is institutionalized, to either of the following:

- A sibling of the transferor who has an equity interest in the dwelling and who was residing in the dwelling for a period of at least one year immediately prior to the date the transferor became institutionalized.

- A child of the transferor who was residing in the dwelling for a period of at least two years immediately prior to the date the transferor became institutionalized and who provided care to the transferor which permitted the transferor to reside at the dwelling rather than in an institution or facility.

5. Transfers of less than \$2,000. All transfers by the same transferor during the five-year period prior to the application for medical assistance by the transferor shall be aggregated. If a transferor transfers property to more than one transferee during the five-year period prior to application for medical assistance by the transferor, the \$2,000 exemption shall be divided equally between the transferees for the five-year period prior to application for medical assistance.

6. Transfers that would, at the time of the transferor's application for medical assistance, have been exempt from consideration as a resource if they had been retained by the transferor, pursuant to 42 U.S.C. Section 1382(b)(a).

7. Transfers to a trust established solely for the benefit of the transferor's child who is blind or permanently and totally disabled as defined in Section 1614 of the federal Social Security Act.

8. Transfers to a trust established solely for the benefit of a person under 65 years of age who is disabled, as defined in Section 1614 of the federal Social Security Act.

9. Rescinded IAB 11/29/00, effective 1/3/01.

441—89.4(249F) Presumption of intent. Any transfer of property for less than fair market consideration made while the transferor is receiving medical assistance or within five years prior to an application for medical assistance is presumed to be made with the intent, on the part of the transferee, of enabling the transferor to obtain or maintain eligibility for medical assistance. This presumption can be rebutted only by clear and convincing evidence that the transferor's eligibility or potential eligibility for medical assistance was no part of the transferee's reason for accepting the transfer of property.

441—89.5(249F) Notice of debt. The department may issue a notice establishing and demanding payment of an accrued or accruing debt due and owing to the department as provided in rule 441—89.2(249F). The notice shall be sent by restricted certified mail, as defined in Iowa Code section 618.15, to the transferee at the transferee's last-known address. If service of the notice is unable to be completed by restricted certified mail, the notice shall be served upon the transferee in accordance with the Iowa Rules of Civil Procedure. The notice shall include all of the following:

89.5(1) Amount of debt. The amount of medical assistance provided to the transferor to date which creates the debt.

89.5(2) Computation of debt. A computation of the debt due and owing.

89.5(3) Demand for payment. A demand for immediate payment of the debt.

89.5(4) Request for conference.

a. A statement that if the transferee desires to discuss the notice, the transferee may contact the department and request an informal conference.

b. A statement that, if a conference is requested, the transferee has until 10 days after the date set for the conference or until 20 days after the date of service of the original notice, whichever is later, to send a written request for a hearing to the department.

c. A statement that after the conference, the department may issue a new notice to be sent to the transferee or the transferee's attorney.

d. A statement that if the department issues a new notice the transferee has until 10 days after the date of mailing of the new notice or until 20 days after the date of service of the original notice to send a written request for a hearing to the department.

89.5(5) Request for hearing without conference. A statement that the transferee has until 20 days after the date of service of the original notice to send a written response setting forth any objections and requesting a hearing to the department.

89.5(6) Hearing in district court. A statement that if a timely written request for a hearing is received by the department, the transferee has the right to a hearing to be held in district court; and if no timely written request for hearing is received, the department shall enter an order in accordance with the latest notice.

89.5(7) Collection action. A statement that as soon as the order is entered the property of the transferee is subject to collection action including, but not limited to, wage withholding, garnishment, attachment of a lien, issuance of a distress warrant, or execution.

89.5(8) Responsibilities of transferee. A statement that the transferee must give the department written notice of any change of address or employment.

89.5(9) Questions. A statement that if the transferee has any questions regarding the transfer of assets, the transferee should contact the department or consult an attorney.

89.5(10) Other information. Other information as the department finds appropriate.

441—89.6(249F) No timely request of a hearing.

89.6(1) Entering of order. If a timely written request for hearing is not received by the department, the department may enter an order in accordance with the latest notice. The order is final, and action by the department to enforce and collect upon the order may be taken from the date of the issuance of the order.

89.6(2) Order. The transferee shall be sent a copy of the order by first-class mail addressed to the transferee at the transferee's last known address or, if applicable, to the transferee's attorney at the last known address of the transferee's attorney. The order shall specify:

- a.* The amount to be paid with directions as to the manner of payment.
- b.* The amount of the debt accrued and accruing in favor of the department.
- c.* Notice that the property of the transferee is subject to collection action including, but not limited to, wage withholding, garnishment, attachment of a lien, issuance of a distress warrant, and execution.

441—89.7(249F) Timely request for a hearing. If a timely written request for a hearing is received by the department, the department shall certify the matter for hearing to the district court where the transferee resides or to the district court where the transferor resides if the transferee is not an Iowa resident. If neither the transferor nor the transferee resides in Iowa, the order may be filed in any county in which the transferor formerly resided.

The certification shall include true copies of the original notice, the return of service, any request for an informal conference, if applicable, any subsequent notices, the written request for hearing, and true copies of any administrative orders previously entered.

441—89.8(249F) Department-requested hearing. The department may also request a hearing on its own motion regarding the determination of a debt at any time prior to entry of an administrative order.

441—89.9(249F) Filing and docketing of the order. A true copy of an order entered by the department, pursuant to this chapter, along with a true copy of the return of service, if applicable, may be filed in the office of the clerk of the district court in the county in which the transferee resides or, if the transferee resides in another state, in the office of the district court in the county in which the transferor resides. The department's order shall be presented, *ex parte*, to the district court for review and approval.

441—89.10(249F) Exemption from Iowa Code chapter 17A. Actions initiated under Iowa Code chapter 249F are not subject to Iowa Code chapter 17A. Review by the district court shall be an original hearing before the district court.

These rules are intended to implement Iowa Code chapter 249F as amended by 2000 Iowa Acts, chapter 1060.

CHAPTER 90
TARGETED CASE MANAGEMENT

PREAMBLE

These rules define and structure medical assistance targeted case management services provided in accordance with Iowa Code section 225C.20 for Medicaid members with an intellectual disability, a chronic mental illness, or a developmental disability and members eligible for the home- and community-based services (HCBS) children's mental health waiver. Provider accreditation standards are set forth in 441—Chapter 24.

Case management is a method to manage multiple resources effectively for the benefit of Medicaid members. The service is designed to ensure the health, safety, and welfare of members by assisting them in gaining access to appropriate and necessary medical services and interrelated social, educational, housing, transportation, vocational, and other services.

[ARC 7957B, IAB 7/15/09, effective 7/1/09; ARC 2164C, IAB 9/30/15, effective 10/1/15]

441—90.1(249A) Definitions.

“Adult” means a person 18 years of age or older on the first day of the month in which service begins.

“Child” means a person under 18 years of age.

“Chronic mental illness” means the condition present in adults who have a persistent mental or emotional disorder that seriously impairs their functioning relative to such primary aspects of daily living as personal relations, living arrangements, or employment.

People with chronic mental illness typically meet at least one of the following criteria:

1. They have undergone psychiatric treatment more intensive than outpatient care more than once in a lifetime (e.g., emergency services, alternative home care, partial hospitalization, or inpatient hospitalization).

2. They have experienced at least one episode of continuous, structured supportive residential care other than hospitalization.

In addition, people with chronic mental illness typically meet at least two of the following criteria on a continuing or intermittent basis for at least two years:

1. They are unemployed, or employed in a sheltered setting, or have markedly limited skills and a poor work history.

2. They require financial assistance for out-of-hospital maintenance and may be unable to procure this assistance without help.

3. They show severe inability to establish or maintain a personal social support system.

4. They require help in basic living skills.

5. They exhibit inappropriate social behavior that results in demand for intervention by the mental health or judicial system.

In atypical instances, a person who varies from these criteria could still be considered to be a person with chronic mental illness.

For purposes of this chapter, people with mental disorders resulting from Alzheimer's disease or substance abuse shall not be considered chronically mentally ill.

“Department” means the department of human services.

“Developmental disability” means a severe, chronic disability that:

1. Is attributable to a mental or physical impairment or combination of mental and physical impairments;

2. Is manifested before the age of 22;

3. Is likely to continue indefinitely;

4. Results in substantial functional limitations in three or more of the following areas of major life activity: self-care, receptive and expressive language, learning, mobility, self-direction, capacity for independent living, and economic self-sufficiency; and

5. Reflects the person's need for a combination and sequence of special, interdisciplinary, or generic services, individualized supports, or other forms of assistance that are of lifelong or extended duration and are individually planned and coordinated.

"Intellectual disability" means a diagnosis of intellectual disability (intellectual developmental disorder), global developmental delay, or unspecified intellectual disability (intellectual developmental disorder) which:

1. Is made only when the onset of the person's condition was during the developmental period;
2. Is based on an assessment of the person's intellectual functioning and level of adaptive skills;
3. Is made by a licensed psychologist or psychiatrist who is professionally trained to administer the tests required to assess intellectual functioning and to evaluate a person's adaptive skills; and
4. Is made in accordance with the criteria provided in the current version of the Diagnostic and Statistical Manual of Mental Disorders published by the American Psychiatric Association.

"Major incident" means an occurrence involving a member using the service that:

1. Results in a physical injury to or by the member that requires a physician's treatment or admission to a hospital; or
2. Results in a member's death or the death of another person; or
3. Requires emergency mental health treatment for the member; or
4. Requires the intervention of law enforcement; or
5. Requires a report of child abuse pursuant to Iowa Code section 232.69 or a report of dependent adult abuse pursuant to Iowa Code section 235B.3; or
6. Constitutes a prescription medication error or a pattern of medication errors that leads to the outcome in paragraph "1," "2," or "3."
7. Involves a member's location being unknown by provider staff who are assigned protective oversight.

"Medical institution" means an institution that is organized, staffed, and authorized to provide medical care as set forth in 42 Code of Federal Regulations 435.1009, as amended to October 1, 2001. A residential care facility is not a medical institution.

"Member" means a person who has been determined to be eligible for Medicaid under 441—Chapter 75.

"Rights restriction" means limitations not imposed on the general public in the areas of communication, mobility, finances, medical or mental health treatment, intimacy, privacy, type of work, religion, place of residence, and people with whom a person may share a residence.

"Targeted case management" means services furnished to assist members who are part of a targeted population and who reside in a community setting or are transitioning to a community setting in gaining access to needed medical, social, educational, housing, transportation, vocational, and other services in order to ensure the health, safety, and welfare of the members. Case management is provided to a member on a one-to-one basis by one case manager.

"Targeted population" means people who meet one of the following criteria:

1. An adult who is identified with a primary diagnosis of intellectual disability, chronic mental illness or developmental disability; or
2. A child who is eligible to receive HCBS intellectual disability waiver or HCBS children's mental health waiver services according to 441—Chapter 83.

[ARC 7957B, IAB 7/15/09, effective 7/1/09; ARC 2164C, IAB 9/30/15, effective 10/1/15]

441—90.2(249A) Eligibility. A person who meets all of the following criteria shall be eligible for targeted case management:

- 90.2(1)** The person is eligible for Medicaid or is conditionally eligible under 441—subrule 75.1(35).
- 90.2(2)** The person is a member of the targeted population.
- 90.2(3)** The person resides in a community setting or qualifies for transitional case management as set forth in subrule 90.5(3).
- 90.2(4)** The person has applied for targeted case management in accordance with the policies of the provider.

90.2(5) The person's need for targeted case management has been determined in accordance with rule 441—90.3(249A).

[ARC 7957B, IAB 7/15/09, effective 7/1/09]

441—90.3(249A) Determination of need for service.

90.3(1) *Authorization required.* Rescinded IAB 7/15/09, effective 7/1/09.

90.3(2) *Need for service.* Assessment of the need for targeted case management is required at least annually as a condition of payment under the medical assistance program. The case management provider shall determine the initial and ongoing need for service based on diagnostic reports, documentation of provision of services, and information supplied by the member and other appropriate sources. The evidence shall be documented in the member's file and shall demonstrate that all of the following criteria are met:

a. The member has a need for targeted case management to manage needed medical, social, educational, housing, transportation, vocational, and other services for the benefit of the member.

b. The member has functional limitations and lacks the ability to independently access and sustain involvement in necessary services.

c. The member is not receiving other paid benefits under the medical assistance program or under a Medicaid managed health care plan that serve the same purpose as targeted case management.

90.3(3) *Managed health care.* Rescinded IAB 1/6/16, effective 1/1/16.

90.3(4) *Transition authorization.* Rescinded IAB 7/15/09, effective 7/1/09.

[ARC 7957B, IAB 7/15/09, effective 7/1/09; ARC 2361C, IAB 1/6/16, effective 1/1/16]

441—90.4(249A) Application. The provider shall process an application for targeted case management no later than 30 days after receipt of the application. The provider shall refer the applicant to the department's service unit if other services are needed or requested.

90.4(1) *Application process and documentation.* The application shall include the member's name, the nature of the request for services, and a summary of any evaluation activities completed. The provider shall inform the applicant in writing of the applicant's right to choose the provider of case management services and, at the applicant's request, shall provide a list of other case management agencies from which the applicant may choose. The provider shall maintain this documentation for at least five years.

90.4(2) *Application decision.* The provider shall inform the applicant or the applicant's legally authorized representative of any decision to approve, deny, or delay the service in accordance with notification requirements at 441—subrule 7.7(1).

90.4(3) *Delayed services.* The application shall be approved and the member put on the referral list for assignment to a case manager when targeted case management cannot begin immediately because there is no opening on a caseload. The provider shall notify the applicant or the applicant's legally authorized representative in writing of approval and placement on the referral list. If an applicant is on a referral list for more than 90 days from the date of application, this shall be considered a denial of service.

90.4(4) *Denying applications.* The provider shall deny applications for service when:

a. The applicant is not currently eligible for Medicaid; or

b. The applicant does not meet the eligibility criteria in rule 441—90.2(249A); or

c. The applicant or the applicant's legally authorized representative withdraws the application; or

d. The applicant does not provide information required to process the application; or

e. The applicant is receiving targeted case management from another Medicaid provider; or

f. The applicant does not have a need for targeted case management.

[ARC 7957B, IAB 7/15/09, effective 7/1/09]

441—90.5(249A) Service provision.

90.5(1) *Covered services.* The following shall be included in the assistance that case managers provide to members in obtaining services:

a. *Assessment.* The case manager shall perform a comprehensive assessment and periodic reassessment of the member's individual needs using Form 470-4694, Targeted Case Management

Comprehensive Assessment, to determine the need for any medical, social, educational, housing, transportation, vocational or other services. The comprehensive assessment shall address all of the member's areas of need, strengths, preferences, and risk factors, considering the member's physical and social environment. A face-to-face reassessment must be conducted at a minimum annually and more frequently if changes occur in the member's condition. The assessment and reassessment activities include the following:

(1) Taking the member's history, including current and past information and social history in accordance with 441—subrule 24.4(2), and updating the history annually.

(2) Identifying the needs of the member and completing related documentation.

(3) Gathering information from other sources, such as family members, medical providers, social workers, legally authorized representatives, and others as necessary to form a complete assessment of the member.

b. Service plan. The case manager shall develop and periodically revise a comprehensive service plan based on the comprehensive assessment, which shall include a crisis intervention plan based on the risk factors identified in the risk assessment portion of the comprehensive assessment. The case manager shall ensure the active participation of the member and work with the member or the member's legally authorized representative and other sources to choose providers and develop the goals. This plan shall:

(1) Document the parties participating in the development of the plan.

(2) Specify the goals and actions to address the medical, social, educational, housing, transportation, vocational or other services needed by the member.

(3) Identify a course of action to respond to the member's assessed needs, including identification of all providers, services to be provided, and time frames for services.

(4) Document services identified to meet the needs of the member which the member declined to receive.

(5) Include an individualized crisis intervention plan that identifies the supports available to the member in an emergency. A crisis intervention plan shall identify:

1. Any health and safety issues applicable to the individual member based on the risk factors identified in the member's comprehensive assessment.

2. An emergency backup support and crisis response system, including emergency backup staff designated by providers, to address problems or issues arising when support services are interrupted or delayed or the member's needs change. The interdisciplinary team shall determine which of the following options will be included in the crisis intervention plan:

- After-hours contact information for all persons or resources identified for the member and an alternate contact to be used in the event that an individual provider not employed by an agency is not present to provide services as scheduled; or

- After-hours contact information for an on-call system for the provider of case management to ensure that in the event of an emergency, members have access to a case manager 24 hours per day, including weekends and holidays.

(6) Include a discharge plan.

(7) Be revised at least annually, and more frequently if significant changes occur in the member's medical, social, educational, housing, transportation, vocational or other service needs or risk factors.

c. Referral and related activities. The case manager shall perform activities to help the member obtain needed services, such as scheduling appointments for the member, and activities that help link the member with medical, social, educational, housing, transportation, vocational or other service providers or programs that are capable of providing needed services to address identified needs and risk factors and to achieve goals specified in the service plan.

d. Monitoring and follow-up. The case manager shall perform activities and make contacts that are necessary to ensure the health, safety, and welfare of the member and to ensure that the service plan is effectively implemented and adequately addresses the needs of the member. At a minimum, monitoring shall include assessing the member, the places of service (including the member's home when applicable), and all services. Monitoring may also include review of service provider documentation. Monitoring shall be conducted to determine whether:

(1) Services are being furnished in accordance with the member's service plan, including the amount of service provided and the member's attendance and participation in the service.

(2) The member has declined services in the service plan.

(3) Communication is occurring among all providers to ensure coordination of services.

(4) Services in the service plan are adequate, including the member's progress toward achieving the goals and actions determined in the service plan.

(5) There are changes in the needs or status of the member. Follow-up activities shall include making necessary adjustments in the service plan and service arrangements with providers.

e. Contacts. Case management contacts shall occur as frequently as necessary and shall be conducted and documented as follows:

(1) The case manager shall have at least one face-to-face contact with the member every three months.

(2) The case manager shall have at least one contact per month with the member, the member's legally authorized representative, the member's family, service providers, or other entities or individuals. This contact may be face-to-face or by telephone. The contact may also be by written communication, including letters, E-mail, and fax, when the written communication directly pertains to the needs of the member. E-mail contacts are allowed only when other means of communication are not feasible for the member, representative or family and the necessity for E-mail communication is documented in the member's comprehensive service plan. A copy of any written communication must be maintained in the case file. When E-mail communication is used, there must be clear two-way communication in the member's record showing an exchange of information as well as follow-up activity related to the information.

(3) The case manager may bill for contacts with non-eligible persons if the contacts are directly related to identifying the member's needs and care as necessary for the purpose of helping the member access services, identifying needs and supports to assist the member in obtaining services, providing case managers with useful feedback, and alerting case managers to changes in the member's needs.

(4) When applicable, documentation of case management contacts shall include:

1. The name of the service provider.

2. The need for and occurrences of coordination with other case managers within the same agency or of referral or transition to another case management agency.

90.5(2) Exclusions. Payment shall not be made for activities otherwise within the definition of case management when any of the following conditions exist:

a. The activities are an integral component of another covered Medicaid service, including but not limited to assertive community treatment (ACT).

b. The activities constitute the direct delivery of underlying medical, social, educational, housing, transportation, vocational or other services to which a member has been referred. Such services include, but are not limited to:

(1) Services under parole and probation programs.

(2) Public guardianship programs.

(3) Special education programs.

(4) Child welfare and child protective services.

(5) Foster care programs.

c. The activities are integral to the administration of foster care programs, including but not limited to the following:

(1) Research gathering and completion of documentation required by the foster care program.

(2) Assessing adoption placements.

(3) Recruiting or interviewing potential foster care parents.

(4) Serving legal papers.

(5) Home investigations.

(6) Providing transportation.

(7) Administering foster care subsidies.

(8) Making placement arrangements.

d. The activities for which a member may be eligible are integral to the administration of another nonmedical program, such as a guardianship, child welfare or child protective services, parole, probation, or special education program, except for case management that is included in an individualized education program or individualized family service plan consistent with Section 1903(c) of the Social Security Act.

e. The activities duplicate institutional discharge planning.

90.5(3) *Transition to a community setting.* Case management services may be provided to a member transitioning to a community setting during the 60 days before the member's discharge from a medical institution when the following requirements are met:

a. The member is an adult who qualifies for targeted case management under a targeted population. Transitional case management is not an allowable service under the HCBS brain injury waiver, the HCBS elderly waiver, or HCBS habilitation services.

b. Case management services shall be coordinated with institutional discharge planning, but shall not duplicate institutional discharge planning.

c. The amount, duration, and scope of case management services shall be documented in the member's plan of care, which must include case management services before and after discharge, to facilitate a successful transition to community living.

d. Payment shall be made only for services provided by community case management providers.

e. Claims for reimbursement for case management shall not be submitted until the member's discharge from the medical institution and enrollment in community services.

90.5(4) *Rights restrictions.* Member rights may be restricted only with the consent of the member or the member's legally authorized representative and only if the service plan includes:

a. Documentation of why there is a need for the restriction;

b. A plan to restore those rights or a reason why restoration is not necessary or appropriate; and

c. Documentation that periodic evaluations of the restriction are conducted to determine continued need.

90.5(5) *Documentation.* Service documentation shall also meet the requirements set forth in rule 441—79.3(249A) and 441—subrule 24.4(4).

[ARC 7957B, IAB 7/15/09, effective 7/1/09; ARC 9588B, IAB 6/29/11, effective 9/1/11]

441—90.6(249A) Terminating services.

90.6(1) Targeted case management shall be terminated when:

a. The member does not meet eligibility criteria under rule 441—90.2(249A); or

b. The member has achieved all goals and objectives of the service; or

c. The member has no current need for targeted case management; or

d. The member receiving targeted case management based on eligibility under an HCBS waiver is no longer eligible for the waiver; or

e. The member or the member's legally authorized representative requests termination; or

f. The member is unwilling or unable to accept further services; or

g. The member or the member's legally authorized representative fails to provide access to information necessary for the development of the service plan or implementation of targeted case management.

90.6(2) The provider shall notify the member or the member's legally authorized representative in writing of the termination of targeted case management, in accordance with 441—subrule 7.7(1).

[ARC 7957B, IAB 7/15/09, effective 7/1/09]

441—90.7(249A) Appeal rights.

90.7(1) *Appeal to the provider.* After notice of an adverse decision by the provider of targeted case management, the member or the member's representative may request an appeal as provided in the appeal process established by the provider agency.

90.7(2) *Appeal to the department.* After notice of an adverse decision by the department pertaining to authorization and need for service, the member or the member's representative may request reconsideration by the department by sending a letter to the department not more than 30 days after

the date of the notice of adverse decision. The member or the member's representative may appeal an adverse reconsideration decision by the department as provided in 441—Chapter 7.

90.7(3) *Appeal to the managed health care contractor.* After notice of an adverse decision by a managed health care plan, the member or the member's representative may request a review as provided in rule 441—88.68(249A).

[ARC 7957B, IAB 7/15/09, effective 7/1/09]

441—90.8(249A) Provider requirements.

90.8(1) *Incident reporting.*

a. When a major incident occurs during the provision of case management services:

(1) The case management provider shall notify the following persons of the incident by the end of the next calendar day after the incident:

1. The case management supervisor.
2. The member's legally authorized representative.

(2) By the end of the next calendar day after the incident, the case manager who observed the incident shall also report as much information as is known about the incident to the member's managed care organization in the format defined by the managed care organization. If the member is not enrolled with a managed care organization, the staff member shall report the information to the department's bureau of long-term care either:

1. By direct data entry into the Iowa Medicaid Provider Access System, or
2. By faxing or mailing Form 470-4698, Critical Incident Report, according to the directions on the form.

(3) The following information shall be reported:

1. The name of the member involved.
2. The date and time the incident occurred.
3. A description of the incident.
4. The names of all case management staff and others who were present at the time of the incident or who responded after becoming aware of the incident. The confidentiality of other members or nonmembers who were present must be maintained by the use of initials or other means.
5. The action that the case manager took to manage the incident.
6. The resolution of or follow-up to the incident.
7. The date the report is made and the handwritten or electronic signature of the person making the report.

(4) The case manager shall monitor the situation as required in paragraph 90.5(1) "d" to ensure the member's needs continue to be met. Submission of the initial report will generate a workflow in the Individualized Services Information System (ISIS) for follow-up by the case manager.

(5) The case management provider shall maintain the completed report in a centralized file, with a notation in the member's file.

b. When an incident report for a major incident is received from any provider, the case manager shall monitor the situation as required in paragraph 90.5(1) "d" to ensure the member's needs continue to be met.

c. When any major incident occurs, the case manager shall reevaluate the risk factors identified in the risk assessment portion of the comprehensive assessment as required in paragraph 90.5(1) "a" in order to ensure the continued health, safety, and welfare of the member.

90.8(2) *Emergency coverage.* Rescinded IAB 6/29/11, effective 9/1/11.

90.8(3) *Quality assurance.* Providers shall cooperate with quality assurance activities conducted by the Iowa Medicaid enterprise to ensure the health, safety, and welfare of Medicaid members. These activities may include, but are not limited to:

- a.* Postpayment reviews of case management services,
- b.* Review of incident reports,
- c.* Review of reports of abuse or neglect, and

d. Technical assistance in determining the need for service.

[ARC 7957B, IAB 7/15/09, effective 7/1/09; ARC 9588B, IAB 6/29/11, effective 9/1/11; ARC 2361C, IAB 1/6/16, effective 1/1/16]

These rules are intended to implement Iowa Code sections 249A.4, 249A.26, and 249A.27.

CHAPTER 91
MEDICARE DRUG SUBSIDY

PREAMBLE

Public Law 108-173, the Medicare Modernization Act of 2003, created a prescription drug benefit for Medicare beneficiaries (Medicare Part D) and a subsidy to reduce or eliminate costs associated with the Medicare drug benefit for persons with limited income and resources. The Act requires both the federal Social Security Administration and state Medicaid agencies to accept and adjudicate subsidy applications. The Social Security Administration refers to the subsidy as “extra help for Medicare prescription drug costs.” This chapter implements procedures for the department of human services, the state Medicaid agency in Iowa, to carry out these duties.

441—91.1(249A) Definitions. As used in this chapter:

“*Applicant*” means a person applying for a Medicare drug subsidy through the department and includes a responsible person or authorized representative acting for an applicant, except for the purposes of subrule 91.2(2).

“*Application*” or “*Medicare drug subsidy application*” means the federal Social Security Administration’s Form SSA-1020B-OCR-SM, Application for Help with Medicare Prescription Drug Plan Costs, accompanied by the department’s Form 470-4159, Authorization for Department to Process.

“*Authorized representative*” means a person representing an applicant or recipient as described in 441—paragraph 76.1(7)“*b.*”

“*Department*” means the Iowa department of human services and includes any local office of the department.

“*Local office*” means a department office as described in 441—subrule 1.4(2).

“*Recipient*” means a person receiving a Medicare drug subsidy based on an application filed with the department and includes a responsible person or authorized representative acting for a recipient, except for the purposes of subrule 91.2(2).

“*Responsible person*” means a person acting on an applicant’s or recipient’s behalf as described at 441—paragraph 76.1(7)“*a.*”

441—91.2(249A) Application. Any person may apply for the Medicare drug subsidy through the department.

91.2(1) Date, method, and place of filing. An application is considered filed on the date an identifiable signed application is received and date-stamped in any local office.

a. When an application is delivered to a closed local office, the application will be considered received on the first day that is not a weekend or state holiday following the day that the office was last open.

b. A copy of an application received by fax shall be given the same effect as the original application.

91.2(2) Identifiable application and signature.

a. An identifiable application is an application that contains:

(1) The legible name and address of the applicant; and

(2) The signature of the applicant, a responsible person, or an authorized representative on both Form SSA-1020B-OCR-SM, Application for Help with Medicare Prescription Drug Plan Costs, and Form 470-4159, Authorization for Department to Process.

b. If an authorized representative signed the application forms on behalf of an applicant, the applicant or a responsible person must also sign the application forms before the application can be approved.

91.2(3) Right to withdraw. After an application has been filed, the applicant may withdraw the application at any time before the eligibility determination.

a. The applicant may request that the application be withdrawn entirely or may, before the date the application is processed, request withdrawal for any month covered by the application.

b. The local office shall send a Notice of Decision, Form 470-0485, 470-0486, 470-0486(S), or 470-0490, to the applicant confirming the request to withdraw the application.

441—91.3(249A) Eligibility determination. The department shall determine eligibility for the Medicare drug subsidy pursuant to Section 1860D-14 of the Social Security Act and implementing federal regulations at 20 CFR Part 418. The department shall base decisions with respect to initial and ongoing eligibility primarily on information furnished by the applicant or recipient.

91.3(1) Cooperation. An applicant must cooperate with the department in the application process. Cooperation may include providing additional information or verification of information, participating in an interview, or signing documents. Failure to cooperate in the application process shall be a basis for denial of an application.

91.3(2) Additional information and verification. The department shall notify the applicant or recipient in writing of any additional information or verification that is required to maintain or establish eligibility. This notice shall be delivered to the applicant or recipient by personal delivery, mail, or facsimile transmission.

a. The applicant or recipient shall have five working days to supply the information or verification requested by the department. The local office may extend the deadline for a reasonable period when the applicant or recipient is making every effort to secure the required information or verification from a third party but has been unable to do so.

b. Failure of the applicant or recipient to supply the information or verification, or refusal by the applicant or recipient to authorize the department to secure the information or verification from other sources, shall serve as a basis for denial of an application or cancellation or reduction of the Medicare drug subsidy.

91.3(3) Interviews. At the discretion of the local office, an interview with the applicant or recipient may be required when processing the initial application or at the time of any review of eligibility.

a. The department shall notify the applicant or recipient in writing of the date, time, and method of any required interview. This notice shall be delivered to the applicant or recipient by personal delivery, mail, or facsimile transmission. Interviews may be rescheduled at the request of the applicant or recipient without written notice.

b. Failure of the applicant or recipient to participate in a scheduled interview shall serve as a basis for denial of an application or cancellation or reduction of the Medicare drug subsidy.

441—91.4(249A) Notice of decision. The department shall notify the applicant or recipient in writing of any decision regarding the applicant's or recipient's subsidy eligibility or level of subsidy.

91.4(1) The department shall issue a written notice of decision to an applicant by the next working day following a determination of subsidy eligibility and level of subsidy.

91.4(2) The department shall give a recipient timely and adequate written notice as provided in 441—subrule 7.7(1) when any decision or action is taken that adversely affects subsidy eligibility or the level of subsidy.

91.4(3) In the circumstances described in 441—subrule 7.7(2), the department may dispense with timely notice but shall send adequate notice no later than the effective date of action.

441—91.5(249A) Effective date. A Medicare prescription drug subsidy shall be effective beginning with the first day of the month of application or the first day of the first month in which all eligibility requirements are met, whichever is later, but no earlier than January 1, 2006.

441—91.6(249A) Changes in circumstances.

91.6(1) Responsibility to report changes. A Medicare drug subsidy applicant or recipient shall timely report to the department any changes in the following circumstances:

- a. Care of dependents.
- b. Household composition.
- c. Household income.

- d. Household resources.
- e. Marital status.
- f. Medicare eligibility or enrollment.
- g. Place of residence.

91.6(2) *Timely report.* A report shall be considered timely when received in the local office within ten days from the date the change is known to a recipient and within five days from the date the change is known to an applicant.

91.6(3) *Effective date of change.* Changes in eligibility or level of subsidy shall be effective the month following the month in which the change is reported.

441—91.7(249A) Reinvestigation. The department shall reinvestigate eligibility as often as the recipient's circumstances indicate, but in no instance shall the period between reinvestigations exceed 12 months.

91.7(1) *Application requested.* When requested to do so by the department, the recipient shall complete the Medicare drug subsidy application as part of the reinvestigation process. The application shall be completed within five working days from the date a written request is issued. Failure to complete the application shall be a basis for cancellation or reduction of the subsidy.

91.7(2) *Additional information requested.* The recipient shall supply additional information needed to establish eligibility or level of subsidy within five working days from the date a written request is issued.

a. The recipient shall give written permission for the release of information when the recipient is unable to furnish information needed to establish eligibility.

b. Failure to supply requested information or authorize the department to secure the information from other sources shall be a basis for cancellation or reduction of the subsidy.

441—91.8(249A) Appeals. An applicant or recipient shall have the right to appeal any adverse action by the department regarding the Medicare drug subsidy, pursuant to 441—Chapter 7.

These rules are intended to implement Iowa Code sections 217.6 and 249A.4 and Section 1935(a) of the Social Security Act (42 U.S.C. § 1396u-5).

TITLE IX
WORK INCENTIVE DEMONSTRATION
CHAPTER 93
PROMISE JOBS PROGRAM
[Prior to 7/1/89, see 441—Chapters 55, 59 and 90]

PREAMBLE

This chapter implements the promoting independence and self-sufficiency through employment, job opportunities, and basic skills (PROMISE JOBS) program. The PROMISE JOBS program is designed to assist family investment program (FIP) recipients to become self-sufficient. Unless exempt, each FIP applicant must develop a family investment agreement (FIA) that outlines steps the applicant will take to leave public assistance and must cooperate with the terms of the agreement as a condition for receiving FIP as directed in Iowa Code chapter 239B. Rules regarding FIP eligibility requirements, including participation in the PROMISE JOBS program, are found in 441—Chapter 41.

The PROMISE JOBS program also implements the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (PRWORA), Title I, “Block Grants for Temporary Assistance for Needy Families (TANF),” which was reauthorized on February 8, 2006, through the Deficit Reduction Act of 2005, Public Law 109-171.

441—93.1(239B) Definitions.

“*Applicant*” means a child for whom assistance is being requested under the family investment program, any parent living in the home with the child, and any nonparental relative as defined in 441—subrule 41.22(3) who is requesting assistance for the child.

“*FaDSS*” means the family development and self-sufficiency program operated under 441—Chapter 165, which provides services to families at risk of long-term welfare dependency.

“*Family investment agreement*” or “*FIA*” means the agreement developed with a participant in accordance with Iowa Code section 239B.8.

“*FIA-responsible person*” means any member of the FIP applicant family unless exempt as described at 441—subrule 41.24(2). See subrule 93.4(2) for more information.

“*FIP*” means the family investment program authorized in Iowa Code chapter 239B.

“*Limited benefit plan*” or “*LBP*” means a period of time in which a participant or member of a participant’s family is either ineligible for any assistance under the family investment program or eligible for reduced assistance only in accordance with Iowa Code section 239B.9.

“*Needy specified relative*” means a nonparental specified relative as defined in 441—subrule 41.22(3) who meets all the eligibility requirements to be included in the family investment program.

“*Participant*” for purposes of the PROMISE JOBS program means a person who has signed an FIA and is approved to receive FIP benefits, a parent or relative living in the home of a child approved to receive FIP benefits, or a person reconsidering a subsequent limited benefit plan.

“*PROMISE JOBS program*” means the promoting independence and self-sufficiency through employment, job opportunities, and basic skills program created in Iowa Code section 239B.17.

441—93.2(239B) Program administration. The department of human services shall administer an employment and training program known as PROMISE JOBS. To the extent compatible with resources available, the department’s bureau of refugee services shall provide PROMISE JOBS services to persons who entered the United States with refugee status until those persons obtain United States citizenship.

93.2(1) Availability of service. PROMISE JOBS services shall include, but are not limited to, those listed in paragraph 93.4(4)“b.”

a. The program shall be available statewide. If the department of human services determines that sufficient funds are not available to offer services on location in each county, the department shall prioritize the availability of services to those counties having the largest FIP populations.

b. Because of state and federal budgetary limitations, federal mandatory work requirements, requirements for minimum participation rates, and other TANF requirements imposed on the PROMISE JOBS program, the department of human services shall have the administrative authority to:

- (1) Determine agency and geographical breakdowns for service;
- (2) Designate specific groups for priority services; and
- (3) Designate specific PROMISE JOBS components or supportive service levels for a waiting list.

93.2(2) *Contracts with provider agencies.* The department of human services may contract with the department of workforce development, the department of economic development, or other appropriate entity to provide PROMISE JOBS services and case management of those services.

a. Reimbursement for services. The provider agency shall receive financial reimbursement as specified in contracts negotiated with each agency. Contracts shall also specify in detail the expenses that are not eligible for reimbursement.

b. Record keeping. All PROMISE JOBS agencies shall maintain PROMISE JOBS participant case files and records for at least three years, in either paper or electronic format. Records shall be maintained for longer than three years if any litigation, audit, or claim is started and not resolved during that period. In these instances, the records must be retained for three years after the litigation, audit, or claim is resolved. Case files must be disposed of in accordance with applicable federal requirements pertaining to confidentiality.

c. Confidentiality. The departments of education, workforce development, economic development, and human rights, local education agencies, and all subcontractor provider agencies shall safeguard participant information in conformance with Iowa Code section 217.30. The department of human services and the PROMISE JOBS provider agencies may disclose participant information to other state agencies or to any other entity when that agency or entity must have that information in order to provide services to PROMISE JOBS participants that have been determined to be necessary for successful participation in PROMISE JOBS.

[ARC 1694C, IAB 10/29/14, effective 1/1/15]

441—93.3(239B) Registration and referral.

93.3(1) *Registration for PROMISE JOBS.* Unless the department of human services determines a person is exempt as specified in 441—subrule 41.24(2), an application for FIP assistance constitutes a registration for the PROMISE JOBS program and acceptance of the requirement to enter into an FIA for all members of the FIP case and all other persons responsible for the FIA as specified at rule 441—41.24(239B).

93.3(2) *Referral.* The department of human services shall refer all FIA-responsible persons from FIP applicant and participant households to PROMISE JOBS pursuant to 441—subrule 41.24(4).

93.3(3) *Initial appointment.*

a. FIP applicants. FIP applicants, including those who are in a limited benefit plan, shall be offered an appointment with the PROMISE JOBS provider agency for assessment and FIA development at the earliest available time. The provider agency shall make sufficient appointment times available to allow the applicant to be scheduled no later than ten calendar days after the date of the notice that FIA responsibility has begun, as required by rule 441—93.4(239B) and 441—paragraphs 41.24(1)“c,” 41.24(1)“d,” and 41.24(10)“g.”

b. Exempt status change. Persons who become FIA-responsible while receiving FIP shall initiate PROMISE JOBS orientation and FIA development by contacting the appropriate PROMISE JOBS office to schedule an appointment within ten calendar days of the mailing date of the letter explaining that exempt status has been lost and FIA responsibility has begun, as required by 441—subrule 41.24(5). If the person fails to schedule an appointment or fails to appear for an appointment, PROMISE JOBS shall send one written reminder that informs the person that those who do not develop a family investment agreement shall enter into a limited benefit plan. If the person fails to schedule an appointment within

ten calendar days of the reminder letter or fails to appear for an appointment scheduled after the reminder is sent, the person shall enter into a limited benefit plan as described at 441—paragraph 41.24(8) “c.”

93.3(4) Orientation. Every person referred to PROMISE JOBS shall receive orientation services. PROMISE JOBS workers shall provide FIA orientation if not previously provided by the department of human services.

a. During orientation, each applicant shall receive a full explanation of:

(1) The advantages of employment under the family investment program (FIP), including information on earned income tax credits;

(2) Services available under PROMISE JOBS;

(3) Participant rights and responsibilities under the FIA and PROMISE JOBS;

(4) The limited benefit plan as described at 441—subrule 41.24(8);

(5) The benefits of cooperation with the child support recovery unit;

(6) Other programs available through the department of human services, specifically the transitional Medicaid and child care assistance programs; and

(7) The availability of family planning counseling services in the area and the financial implications of newly born children on the participant’s family.

b. Each applicant shall sign Form 470-3104, Your FIA Rights and Responsibilities, acknowledging that information described in paragraph “a” of this subrule has been provided.

93.3(5) Initial meeting. The PROMISE JOBS worker shall meet with each referred person, or with the family if another parent or a child is also referred to PROMISE JOBS, to:

a. Determine participation activities,

b. Establish expenses and a schedule for supportive payments, and

c. Discuss child care needs.

93.3(6) Workforce development registration. Each applicant is required to complete a current workforce development registration form as described at 877—subrule 8.2(3) when requested by the PROMISE JOBS worker.

[ARC 1146C, IAB 10/30/13, effective 1/1/14]

441—93.4(239B) The family investment agreement (FIA). The family investment agreement (FIA) is the condition of and basis for PROMISE JOBS services and is an eligibility requirement for the family investment program as specified in rule 441—41.24(239B).

93.4(1) Development. An initial FIA shall be developed during the orientation and assessment process through discussion between the FIA-responsible person and the PROMISE JOBS worker. For the FIA to be considered completed, Form 470-3095, Family Investment Agreement, and Form 470-3096, FIA Steps to Achieve Self-Sufficiency, shall be signed by all of the following:

a. The FIA-responsible person or persons.

b. Other family members who are referred to PROMISE JOBS.

c. The PROMISE JOBS worker.

d. The PROMISE JOBS supervisor.

93.4(2) FIA-responsible persons. All members of the FIP applicant family shall develop and sign an FIA, unless exempt as described at 441—subrule 41.24(2). When an FIA-responsible person is incompetent or incapacitated, someone acting responsibly on that person’s behalf may participate in the interview. Responsibility for carrying out the steps of the FIA ends at the point that FIP assistance is not provided to the participant or when a participant becomes exempt.

a. Parents. All parents who are not exempt from PROMISE JOBS shall be responsible for signing and carrying out the activities of the FIA. Parents of any age are exempt only if they are receiving Supplemental Security Income (SSI) or they do not meet citizenship requirements. When the FIP eligible group includes a minor parent living with one or both parents or a needy specified relative who receives FIP, as described at 441—subparagraph 41.28(2) “b”(2), and none is exempt from PROMISE JOBS participation, each parent or needy specified relative is responsible for a separate FIA.

b. Teens. Persons aged 16 to 19 shall be responsible for signing and carrying out the activities of the FIA unless they are receiving Supplemental Security Income (SSI) or they attend school full-time.

(1) When the FIP-eligible group includes one or both parents or a needy specified relative and a child or children and none is exempt from PROMISE JOBS participation, all shall be asked to sign one FIA with the family and to carry out the activities of that FIA rather than signing separate FIAs. Copies of the FIA shall be placed in each individual case file.

(2) When the FIP-eligible group includes one or both parents or a needy specified relative who is exempt from PROMISE JOBS participation and a child or children who are not exempt, each child is responsible for completing a separate FIA.

(3) A minor nonparental specified relative who is not exempt and whose needs are included in the FIP grant shall be responsible for signing and carrying out the activities of the FIA.

c. Other adults. All other adults who are not exempt and whose needs are included in the FIP grant shall be responsible for signing and carrying out the activities of the FIA.

93.4(3) FIA content. The FIA shall include the goals of the family for achieving self-sufficiency and shall establish a time frame with a specific ending date, during which the family expects to become self-sufficient and after which FIP benefits will be terminated. For individuals and families with acknowledged barriers, one or more incremental FIAs may be written.

a. All FIAs shall:

(1) Outline the expectations of the PROMISE JOBS program and of the family;

(2) Clearly establish interim goals and FIA activities necessary to reach long-term goals and self-sufficiency;

(3) Identify barriers to participation so that the FIA may include a plan, appropriate referrals, and supportive services necessary to eliminate or manage the barriers;

(4) Stipulate specific services to be provided by the PROMISE JOBS program, including child care assistance, transportation assistance, family development services, and other supportive services;

(5) Include the participant's responsibility to provide verification of hours of participation, and how and when the verification shall be submitted;

(6) Record a participant's response to the option of referral for family planning counseling as described at subrule 93.9(3).

b. Plans from other agencies. The FIA may incorporate a self-sufficiency plan that the family has developed with another agency or person, such as, but not limited to, Head Start, public housing authorities, child welfare workers, vocational rehabilitation, and FaDSS grantees, subject to the following requirements:

(1) The participant shall authorize PROMISE JOBS to obtain the self-sufficiency plan and to arrange coordination with the manager of the self-sufficiency plan by signing Form 470-0429, Consent to Obtain and Release Information.

(2) The self-sufficiency plan may be included in the participant's FIA if the self-sufficiency plan meets the requirements of this chapter and is deemed by the PROMISE JOBS worker to be appropriate to the family circumstances.

93.4(4) Participation requirements. The FIA shall require the FIA-responsible persons and family members who are referred to PROMISE JOBS to choose participation in one or more activities as described in this subrule.

a. Goals. It is expected that employment leading to economic self-sufficiency is the eventual goal of the FIA.

(1) To the maximum extent possible, the FIA shall reflect the goals of the family, subject to program rules; funding; the capability, experience, and aptitudes of family members; and the potential market for the job skills currently possessed or to be developed.

(2) The program goal for all participants is to be involved in PROMISE JOBS activities on a full-time basis unless barriers prohibit this level of involvement. "Full-time" is considered as an average of at least 30 hours per week. Exceptions to full-time involvement are identified in rule 441—93.14(239B) and subrule 93.4(5).

b. Activities. Except as specified in paragraph 93.4(4) "c," PROMISE JOBS activities may include, but are not limited to, any combination of the following activities:

(1) Orientation as described in subrule 93.3(4).

- (2) Assessment as described in rule 441—93.5(239B).
- (3) Job readiness activities, including job club, individual job search, workplace essentials training, mental health treatment, substance abuse treatment, or other rehabilitative activities, as described in rule 441—93.6(239B).
- (4) Work activities, including part-time or full-time employment, self-employment, on-the-job training, work experience, or unpaid community service as described in rule 441—93.7(239B).
- (5) Educational activities, including high school completion, high school equivalency diploma (HSED) certification, adult basic education (ABE), English as a second language (ESL) training, vocational training, or postsecondary training up to and including a baccalaureate degree, as described in rule 441—93.8(239B).
- (6) Parenting skills training as described in subrule 93.9(1).
- (7) Participation in the family development and self-sufficiency program (FaDSS) or other family development programs as described in subrule 93.9(2).
- (8) Referral for family planning counseling as described in subrule 93.9(3).
- (9) Services provided by other agencies.

c. FIA activities for participants aged 16 to 19. Development of FIA activities shall follow these guidelines for participants aged 16 to 19.

(1) Participants aged 16 to 19 who are not parents and who have not completed high school shall be strongly encouraged to participate in educational activities to obtain a high school diploma or the equivalent. A high school education is recognized as important to achieving self-sufficiency. Participants shall be given information on the earning power of people with a high school education compared to those who do not so that participants are able to make an informed choice. If high school or high school equivalency completion is not included in a teenager's FIA, other FIA activities shall be required. High school or high school equivalency completion shall be proposed and reconsidered at the next FIA review.

(2) Parents under the age of 18 who are not married and who have not completed high school shall be expected to use enrollment or continued attendance in high school or involvement in a high school equivalency program as a first step in the FIA, except when the parent is deemed incapable of participating in these activities by the local education agency.

(3) Parents aged 19 and younger shall include parenting skills training as described at subrule 93.9(1) in their FIA or the case file shall include documentation that this requirement has been fulfilled.

(4) Unmarried parents aged 17 and younger who do not live with a parent or legal guardian shall include FaDSS, as described at 441—Chapter 165, or other family development services, as described in subrule 93.9(2), in the FIA. The FaDSS or other family development services shall continue after the parent reaches the age of 18 only when the participant and the family development worker believe that the services are needed for the family to reach self-sufficiency.

d. Waiting lists. The department of human services reserves the authority to prioritize services to FIP applicants and participants in the order that best fits the needs of FIP applicants and recipients and of the PROMISE JOBS program. Participants who are placed on a waiting list for a PROMISE JOBS component shall include other appropriate activities in the FIA while waiting unless family circumstances indicate otherwise.

(1) Persons shall be removed from these waiting lists and placed in components at the discretion of state-level PROMISE JOBS administrators in order to help participants achieve self-sufficiency in the shortest possible time, meet budgetary limitations, enable participants to make maximum use of other programs, fulfill the federal minimum participation rate requirements, and meet other TANF requirements.

(2) Persons who were enrolled in approved postsecondary training at the time of FIP cancellation shall not be placed on a postsecondary training waiting list if the participant is still satisfactorily participating in approvable training at the time that FIP eligibility is regained.

e. Unavailability of funding. If funding for the PROMISE JOBS activities included in a participant's FIA or required supportive payments are not available, the participant's FIA shall be renegotiated to include different activities.

93.4(5) Barriers to participation. Problems with participation of a permanent or long-term nature shall be considered barriers to participation and shall be identified in the FIA as issues to be resolved or managed so that maximum participation can result.

a. Barriers defined. Barriers to participation shall include, but not be limited to, the following:

(1) Child or adult care needed before a person can participate or take a job is not available. Participants are not required to do any activity unless suitable child or adult care has been arranged.

(2) Lack of transportation.

(3) Substance addiction.

(4) Sexual or domestic abuse history.

(5) Overwhelming family stress.

(6) Physical or cognitive disability or mental illness.

b. Inclusion in FIA.

(1) When barriers are identified during assessment, removal or management of the barrier shall be part of the FIA from the beginning.

(2) When barriers are revealed by the applicant or participant during the FIA development or are identified by problems that develop after the FIA is signed, the FIA shall be renegotiated and amended to provide for removal or management of the barriers.

(3) In limited instances where special-needs care for a child or adult is not available, it may be most practical for the participant to develop the FIA to identify providing the care as part of the FIA.

c. Cooperation with removing or managing barriers.

(1) Applicants. An FIA-responsible applicant who chooses not to cooperate in removing or managing barriers to participation identified during FIA development shall be denied FIP.

(2) Participants. A participant who chooses not to cooperate in removing or managing identified barriers to participation shall be considered to have chosen the limited benefit plan. If the participant claims a cognitive or physical disability or mental illness that is expected to last for more than 12 consecutive months, the participant is required to apply for Social Security Disability and Supplemental Security Income benefits. When the participant refuses to apply for those benefits, the FIP household is ineligible for FIP as described at 441—subrule 41.27(1), and the limited benefit plan does not apply.

93.4(6) Failure to complete an FIA.

a. FIP applicants. An applicant's failure to develop or sign an FIA shall result in denial of the family's application for FIP assistance, as described at 441—paragraphs 41.24(4) "a," "b" and "c."

b. FIP participants. FIP participants who choose not to enter into an FIA or who choose not to continue its activities after signing an FIA shall enter into the limited benefit plan (LBP) as described at 441—subrule 41.24(8).

93.4(7) Progress reviews. The PROMISE JOBS worker shall review all FIAs at least once every six months. Progress reviews do not have to be face-to-face interviews but must include verbal contact with and input from at least one family member. FIA goals, Form 470-3096, FIA Steps for Achieving Self-Sufficiency, and, if appropriate, the needs for child care, transportation, and other supports shall be reviewed for continued appropriateness.

93.4(8) Renegotiation.

a. The FIA shall be renegotiated to reflect a new plan for self-sufficiency if:

(1) The participant has participated satisfactorily in the current FIA activities but is not self-sufficient by the end date specified in the FIA; or

(2) The participant demonstrates effort in carrying out the steps of the FIA but is unable to participate satisfactorily in the current FIA activities due to a barrier as described at subrule 93.4(5); or

(3) The participant's circumstances change to such an extent that the current FIA activities are no longer appropriate.

b. Participants who choose not to cooperate in the renegotiation process when requested by PROMISE JOBS shall be considered to have chosen the limited benefit plan.

93.4(9) Reinstatement. When a participant who has signed an FIA loses FIP eligibility and has not become exempt from PROMISE JOBS at the time of FIP reapplication, the contents of the original FIA and the participant's responsibility for carrying out the steps of that FIA may be reinstated when the steps

of the FIA fit the family's current circumstances. The FIA shall be renegotiated and amended if needed to accommodate changed family circumstances.

[ARC 1146C, IAB 10/30/13, effective 1/1/14; ARC 1694C, IAB 10/29/14, effective 1/1/15]

441—93.5(239B) Assessment. The purpose of assessment is to provide an evaluation of the FIP applicant or participant family that furnishes a basis for the PROMISE JOBS worker to determine: (1) family members' employability and educational potential, so that participants can make well-informed choices; and (2) the services that will be needed for the family to achieve self-sufficiency, so that the worker can provide appropriate guidance.

93.5(1) Initial assessment. All persons referred to PROMISE JOBS shall complete an initial assessment, which shall be used to develop the initial FIA. The PROMISE JOBS worker shall meet individually with FIA-responsible persons who are referred to PROMISE JOBS to develop the FIA.

a. Self-assessment. The participant may either fill out Form 470-0806, Self-Assessment, before the meeting or fill the form out during the meeting with assistance from the PROMISE JOBS worker. The results from self-assessment shall be used to assist in identifying the applicant's needs.

b. Scope of initial assessment. The initial assessment meeting, at a minimum, shall review the family's financial situation, family profile and goals, employment background, educational background, housing needs, child care needs, transportation needs, health care needs, family-size assessment and the participant's wishes regarding referral to family planning counseling, and other barriers which may require referral to entities other than PROMISE JOBS for services.

93.5(2) Additional assessments. Additional assessments may include, but are not limited to, literacy and aptitude testing, educational level and basic skills assessment, evaluation of job interests or job skills, occupation-specific assessment or testing, or an evaluation of past pertinent information. An additional assessment may be used by mutual agreement between the PROMISE JOBS worker and the participant as a tool and to help explore possible FIA development. For a specific additional assessment to be required, completion of the assessment must be specified in the FIA.

a. Additional information on applicants. If information identified during the initial assessment indicates that further information is needed to help the participant and PROMISE JOBS worker identify appropriate FIA activities and level of involvement, the applicant shall complete additional assessments as determined by the PROMISE JOBS worker. Completion of this assessment may be the first step in the initial FIA.

b. Medical examination. The PROMISE JOBS worker may require a person to complete a medical examination before including a particular PROMISE JOBS activity in the FIA when a participant specifies or exhibits any condition that might jeopardize successful participation in the program. The worker shall ask the health practitioner to indicate to the best of the practitioner's knowledge whether the person is capable of completing the FIA activity or continuing with appropriate employment.

c. Rehabilitation assessments. At any time during the assessment process or as more information is revealed, a referral may be made for professional assessments in physical health, mental health, substance abuse, or other rehabilitative services.

d. Additional information on participants. Assessments may be completed or redone at any time throughout the development and duration of the FIA if the information is needed to help the participant and the PROMISE JOBS worker make decisions concerning the type or level of the participant's involvement in PROMISE JOBS activities.

93.5(3) Postsecondary educational evaluation. Participants who wish to include postsecondary education in their FIA shall complete an educational evaluation to determine the likelihood of success.

a. Request for education resulting in a vocational certificate or certificate of completion. Vocational certificate or certification of completion training programs offer short-term training in a specific vocational area. Examples include, but are not limited to: nurse aid certification, training to receive a commercial driver's license, training in information technology, health care services, and child care services. The PROMISE JOBS worker shall determine the likelihood of success using the following types of tools or information:

- (1) A review of information from past training situations,
- (2) Past job performance in comparable positions,
- (3) Basic skills tests,
- (4) Career-specific assessments,
- (5) A specific standardized test, or
- (6) Other key historical information.

b. Request for education resulting in an associate or baccalaureate degree. The PROMISE JOBS worker shall determine the likelihood of academic success through an educational evaluation. The evaluation may include use of the following types of tools or information:

- (1) Standardized assessments in reading comprehension, math, and writing skills, such as GATB (General Aptitude Test Battery), Kuder Skills Assessment, or CASA (Comprehensive Adult Student Assessment) system;
- (2) Occupation-specific skills assessments;
- (3) Interest inventories;
- (4) Current or past grades; and
- (5) Other pertinent historical information.

c. Documenting educational evaluation results. When a participant has requested education to be included in the FIA, the PROMISE JOBS worker shall document:

- (1) What formal assessments were completed, if any, and what the results were;
- (2) What other information was reviewed;
- (3) How the evaluation information was used by the PROMISE JOBS worker in either approving or denying the inclusion of education in the participant's FIA; and
- (4) Whether the request is approved or denied. If the request is denied, PROMISE JOBS shall issue Form 470-0602, Notice of Decision: Services, to the participant as required in paragraph 93.10(1) "b."

93.5(4) Substituting or supplementing an assessment.

a. Substituting assessment information. If the FIA-responsible person's mental status, physical status, and life situation have not changed significantly, comparable assessment information completed with another agency or person within the past two years may be used instead of performing new assessments.

(1) Examples of agencies or persons that may complete comparable assessment information include, but are not limited to, the department of workforce development, Head Start, public housing authorities, child welfare workers, vocational rehabilitation services, an educational institution or testing service, or family development services.

(2) The FIA-responsible person may authorize PROMISE JOBS to obtain these assessment results by signing Form 470-0429, Consent to Obtain and Release Information.

b. Supplementing assessment information. In order to ensure that the family investment agreement activities do not conflict with any case plans that have already been established for the family, the FIA-responsible person may:

- (1) Supplement assessment information, and
- (2) Establish communication between the PROMISE JOBS worker and other agencies or persons.

c. Use of key historical information. When key historical information, such as a review of the participant's job history or past training outcomes, relays a clear picture of the participant's skills and abilities, a formal, standardized educational assessment may not be needed.

(1) If a participant is currently enrolled in or has been enrolled in comparable training or an academic program in the past two years, the evaluation of the participant's performance, including grades received, may be substituted for a formal, standardized educational assessment.

(2) When using historical information as an indicator of future success, changes in the participant's mental status, physical status, life circumstances, and motivation shall be given consideration.

93.5(5) Assessment after FIP cancellation or limited benefit plan. FIP participants who previously participated in either a basic or additional assessment and then were canceled from FIP or entered a limited benefit plan may be required to complete an assessment again when the PROMISE JOBS worker determines that updated information is needed for development or amendment of the FIA.

93.5(6) *Participants with FaDSS services only.* For participants with FaDSS services as the only activity in their FIA, the PROMISE JOBS worker shall use information provided by the FaDSS worker to help assess when a participant is ready to participate in other PROMISE JOBS activities. The PROMISE JOBS worker may require additional assessments to be completed if more information is needed to decide the type or level of the participant's involvement in other PROMISE JOBS activities.

93.5(7) *Documenting participation.* The participant shall provide documentation of participation in assessments as described at subrule 93.10(2). Persons who miss any portion of a scheduled assessment may be required to make up the missed portion, based on worker judgment and participant needs.

93.5(8) *Supportive payments allowed.* Except for assessment activities that occur on the same day as orientation, persons participating in assessment activities are eligible for payments for transportation and child care needed to allow the scheduled participation as described at rule 441—93.11(239B). When make-up sessions are required, the participant shall not receive an additional transportation payment, but necessary child care shall be paid.

93.5(9) *Failure to complete assessment.* Participants who do not complete assessments that are written into their FIA shall be considered to have chosen the limited benefit plan unless they have good cause. Procedures at 441—93.14(239B) shall apply.

441—93.6(239B) *Job readiness and job search activities.* Job readiness and job search activities include job club, job search, workplace essentials training, substance abuse treatment, mental health treatment, and other rehabilitation activities. The participant and the PROMISE JOBS worker shall incorporate into the FIA the job readiness and job search activities that are appropriate for the goals, work history, skill level, and life circumstances of the participant.

93.6(1) *Job club.* Job club prepares participants to search for work. Job club consists of training in job-seeking skills and structured job search.

a. Delivery of services. Job club is provided over a consecutive three-week period. Each week consists of 30 hours of structured activity.

(1) Generally, the first week of job club consists of job-seeking skills training and the next two weeks consist of structured group job search.

(2) Based on local office need and resources, the 30 hours of job-seeking skills training may be completed over the first two weeks when the hours not spent in job-seeking skills training are spent in structured job search. The total time spent in each of the two weeks must meet the 30-hour requirement. The third week of job club is 30 hours of structured group job search.

b. Job-seeking skills training. Job-seeking skills training may include but is not limited to:

- (1) Résumé development;
- (2) Writing application and follow-up letters;
- (3) Completing job applications and interest and skills assessments;
- (4) Job retention skills;
- (5) Motivational exercises;
- (6) Identifying and eliminating employment barriers;
- (7) Self-marketing;
- (8) Finding job leads;
- (9) Obtaining interviews;
- (10) Use of telephones for job seeking;
- (11) Interviewing skills; and
- (12) Financial education.

c. Structured job search. A written plan shall be developed with each participant using Form 470-4481, Job Search Plan Agreement, indicating the number of job search hours required depending on family circumstances and other component activities listed on the participant's FIA. Structured job search includes daily reporting to the job search site to access resources for job leads.

d. Attendance. Daily attendance is required during both the job-seeking skills training and structured job search. Participants who miss any portion of the job-seeking skills training or structured

job search may be required to either make up the missed portion of the sessions or to retake the entire week of training based on practical worker judgment and participant need.

(1) Participants who obtain employment are required to continue the job-seeking skills training unless the scheduled job club hours conflict with the scheduled hours of employment.

(2) Participants who obtain employment averaging 30 hours or more per week may discontinue the structured job search portion of job club.

(3) Participants who obtain employment averaging 20 hours per week or more but less than 30 hours per week may discontinue the structured job search portion of job club if part-time employment was the FIA goal or the scheduled job club hours conflict with the scheduled hours of employment. The participant may be required to participate in other FIA activities during the hours that do not conflict with work hours.

(4) Participants who obtain employment averaging less than 20 hours per week shall continue the structured job search portion of job club unless the scheduled job club hours conflict with the scheduled hours of employment. The participant may be required to participate in other FIA activities during the hours that do not conflict with work hours.

e. Supportive payments allowed. Child care and transportation payments shall be provided as described at rule 441—93.11(239B) when needed to participate in job club. The transportation payment shall be paid in full at the start of participation.

(1) Participants who must repeat the job-seeking skills training or structured job search because of absence due to reasons as described at rule 441—93.14(239B) shall receive an additional transportation payment as described at subrule 93.11(3) for each day that must be repeated and a child care payment for needed child care. This rule applies only when the participant will have transportation costs that exceed the participant's original payment because of repeating a portion of job club.

(2) Participants who must repeat job-seeking skills training or structured job search as a result of absences due to reasons other than those described at rule 441—93.14(239B) shall not receive an additional transportation payment.

f. Documenting job club participation. Participants shall provide documentation of job search activities as described at subrule 93.10(2).

g. Failure to participate in job club activities. Participants who without good cause do not appear for scheduled job club activities or who fail to complete or document and submit job search contacts according to their written plan shall be considered to have chosen the limited benefit plan. Procedures at 441—93.14(239B) shall apply.

93.6(2) Individual job search. Individual job search shall be available to all participants, particularly those who have recent ties with the workforce, have successfully removed or reduced barriers to work, or have completed job club or training and are now ready to work. If after three calendar months the participant still has not found employment, the worker shall review the participant's situation for possible barriers to employment or possible need for training to increase the participant's employability. Job search may continue if appropriate, but linking with other activities should be considered.

a. Job search plan. In consultation with the PROMISE JOBS worker, the participant shall design and provide a written plan of the individual job search activities on Form 470-4481, Job Search Plan Agreement. The plan shall:

(1) Contain a designated period for job search not to exceed five weeks ending on a Friday within the same calendar month and the specific methods for finding job openings.

(2) Specify the number of hours to be committed for each week of the designated period so as to provide the most effective use of transportation funds.

(3) Specify due dates for providing documentation of job search activities.

(4) Contain information as specific as possible about areas of employment interest, employers to be contacted, and other pertinent factors.

b. Supportive payments allowed. Child care and transportation payments shall be provided as described at rule 441—93.11(239B) when needed for participation in individual job search. The transportation payment shall be paid in full at the start of each designated period of the individual

job search. Transportation payments for any missed days of job search activity shall be subject to transportation overpayment policies as described at subrule 93.11(3).

c. Documenting job search participation. The participant shall document the actual hours spent on job contacts and other job search activities. Participant documentation shall be provided as described at subrule 93.10(2).

d. Failure to participate in individual job search. Participants who without good cause do not complete the steps of the written plan of the individual job search shall be considered to have chosen the limited benefit plan. Procedures at 441—93.14(239B) shall apply.

93.6(3) Unplanned job opportunity. PROMISE JOBS participants who have an unplanned opportunity to interview or apply for a job shall be encouraged to take advantage of the opportunity.

a. Supportive payments allowed. Child care and transportation payments needed to make an unplanned job contact shall be provided as described at rule 441—93.11(239B) when the following conditions are met:

- (1) The participant has a signed FIA,
- (2) The job contact is an in-person contact to complete an application or to attend an interview, and
- (3) The participant provides documentation as described in paragraph “b” of this subrule. Payment shall be issued after documentation is received.

b. Documenting participation. The participant shall provide documentation of the actual time spent making the specific job contact. Documentation shall be provided as described at subrule 93.10(2).

c. Limited benefit plan. A limited benefit plan does not apply when a participant fails to complete a job contact that is not part of a structured or individual job search plan.

93.6(4) Workplace essentials. The workplace essentials component consists of soft skills and life-skills training.

a. Delivery of services. Workplace essentials training is one 30-hour week in duration. Based on local office need and resources, the 30 hours may be completed over a two-week period. For the remainder of the 30 participation hours required in each week, participants must engage in other PROMISE JOBS activities.

b. Content. Workplace essentials training may include but is not limited to:

- (1) Identifying and setting goals.
- (2) Self-esteem building.
- (3) Emotional awareness.
- (4) Relationship management.
- (5) Conflict-resolution skills.
- (6) Problem-solving skills.
- (7) Decision-making skills.
- (8) Time-management skills.
- (9) Team-building skills.
- (10) Networking skills.
- (11) Listening skills.
- (12) Positive thinking.
- (13) Priority setting.
- (14) Appropriate workplace behaviors.
- (15) Cultural sensitivity.
- (16) Workplace expectations.
- (17) Stress management.

c. Supportive payments allowed. Child care and transportation payments shall be provided as described at rule 441—93.11(239B) when needed to participate in workplace essentials.

d. Documenting participation. The PROMISE JOBS worker shall verify and document each participant’s monthly hours of actual participation in workplace essentials. Participant documentation shall be provided as described at subrule 93.10(2).

e. Failure to participate in workplace essentials. Participants who without good cause do not complete workplace essentials as identified in their FIA shall be considered to have chosen the limited benefit plan. Procedures at 441—93.14(239B) shall apply.

93.6(5) Substance abuse treatment, mental health treatment, and other rehabilitative activities. Substance abuse or mental health treatment or other rehabilitative activities are available when needed for a participant to be successful in participating in other FIA activities.

a. Treatment determination. The need for treatment or rehabilitative activities must be determined by a qualified medical professional, substance abuse professional, or mental health professional. The qualified professional must document that treatment or rehabilitative activities are needed for the participant to obtain or retain employment.

b. Supportive payments allowed. Transportation and child care payments as described at rule 441—93.11(239B) are available for participating in substance abuse treatment, mental health treatment, or other rehabilitative activities when specified in the FIA.

c. Documenting participation. The service provider shall verify actual hours of participation in treatment. Documentation of participation shall be provided as described at subrule 93.10(2).

d. Failure to participate in treatment or other rehabilitative activities. Participants who without good cause do not participate in substance abuse treatment, mental health treatment, or other rehabilitative activities as specified in their FIA shall be considered to have chosen the limited benefit plan. Procedures at 441—93.14(239B) shall apply.

[ARC 1146C, IAB 10/30/13, effective 1/1/14]

441—93.7(239B) Work activities. Work activities include full-time employment, part-time employment, self-employment, on-the-job training, work experience placement, and unpaid community service. The participant and the PROMISE JOBS worker shall incorporate into the FIA employment activities that are appropriate for the work history, skill level, and life circumstances of the participant. If the FIA activity is so hazardous that safety glasses, hard hats, or other safety equipment is needed, participation shall not be arranged or approved unless these safety precautions are available.

93.7(1) Full-time or part-time employment. FIAs may include full-time employment or part-time employment. Employment that does not lead to economic self-sufficiency may be included in the FIA only if the employment situation leads to better employment opportunities through building work skills and work history. See subrule 93.7(2) for additional policies applicable to self-employment.

a. Full-time employment. The goal for all participants is to participate in full-time employment. “Full-time employment” is defined as being employed an average of 30 or more hours per week.

(1) Persons who have not achieved self-sufficiency through full-time employment before the end date of the FIA may have the FIA extended.

(2) Persons who choose not to enter into the renegotiation process to extend the FIA shall be considered to have chosen the limited benefit plan.

b. Part-time employment. Part-time employment is defined as being employed an average of less than 30 hours per week. An FIA that includes part-time employment shall also include participation in other PROMISE JOBS activities, including additional part-time employment, unless barriers to participation exist as defined in rule 441—93.14(239B) and subrule 93.4(5).

c. Supportive payments allowed. Transportation expenses are not paid through PROMISE JOBS but are covered by FIP earned income deductions. Child care payments shall be provided when needed as described at rule 441—93.11(239B).

d. Verification of employment hours. Participants must provide verification of employment hours as described at subrule 93.10(2).

e. Failure to provide verification. Failure to provide verification of work hours after receiving a written reminder will result in a limited benefit plan.

f. Failure to maintain employment. A participant who without good cause does not maintain employment as identified in the FIA shall be considered to have chosen the limited benefit plan. Procedures at 441—93.14(239B) shall apply.

93.7(2) Self-employment.

a. Calculation of hours. Hours of participation for persons who are self-employed shall be calculated using actual gross income less business expenses divided by the federal minimum wage. PROMISE JOBS shall use the same income as used for FIP eligibility and benefits.

(1) Participants with self-employment income that equates to 30 or more hours per week are considered to be working full-time.

(2) Participants with self-employment income that equates to less than 30 hours per week are considered to be working part-time.

b. Review of participation. The PROMISE JOBS worker shall review calculated hours:

(1) When income changes, or

(2) At least once every six months.

c. Progress toward self-sufficiency. At the participant's FIA review, the participant's progress is determined by noting incremental increases in income and calculated work hours. In order to maintain self-employment as the only FIA activity, participants must:

(1) Reach full-time employment as defined in subparagraph 93.7(2) "a"(1), or

(2) Show progress toward self-sufficiency.

d. Requiring other FIA activities. When a participant has been self-employed for more than 12 months and has not shown progress toward self-sufficiency, the FIA shall include the part-time self-employment in combination with participation in other PROMISE JOBS activities, unless barriers to participation exist as described in subrule 93.4(5).

(1) The other activities could include additional part-time employment.

(2) When the determination that a participant has not shown progress toward self-sufficiency is made after the initial FIA is developed, the FIA shall be renegotiated to include the other PROMISE JOBS activities. Participants who choose not to enter into the FIA renegotiation process shall enter into a limited benefit plan as described in 441—subrule 41.24(8).

e. Supportive payments allowed. Transportation expenses are not paid through PROMISE JOBS but are covered by FIP earned income deductions. Child care payments shall be provided when needed as described at subrule 93.11(2).

f. Documenting participation. Hours of participation in self-employment shall be calculated as specified in paragraph 93.7(2) "a" and documented in the case file. Participant documentation shall be provided as described at subrule 93.10(2).

g. Failure to maintain employment. Participants who without good cause do not maintain employment as identified in their FIA shall be considered to have chosen the limited benefit plan. Procedures at 441—93.14(239B) shall apply.

93.7(3) On-the-job training.

a. Definition. "On-the-job training" is defined as training in the public or private sector that:

(1) Is given to a paid employee while the employee is engaged in productive work, and

(2) Provides knowledge and skills essential to the full and adequate performance of the job.

b. Supportive payments. Transportation for on-the-job training is treated in the same manner as transportation for employment. Expenses are not paid through PROMISE JOBS but are covered by FIP earned income deductions. Child care payments shall be provided when needed as described at subrule 93.11(2).

c. Documenting participation. Documentation of participation shall be provided as described at subrule 93.10(2).

d. Failure to participate in on-the-job training. Participants who without good cause do not participate in on-the-job training as identified in their FIA shall be considered to have chosen the limited benefit plan. Procedures at 441—93.14(239B) shall apply.

93.7(4) Work experience program. Work experience sites shall provide participants with work experience and on-the-job training opportunities.

a. Sponsors. Employers who participate in the work experience program are referred to as sponsors. Work experience sponsors may be public sector, private sector, community-based, faith-based, or nonprofit employers.

(1) Participants may be placed at work sites with religious institutions only when the work performed is nonsectarian and not in support of sectarian activities.

(2) Participants may not be used to replace regular employees in the performance of nonsectarian work for the purpose of enabling regular employees to engage in sectarian activities.

(3) Each work experience program sponsor shall provide to the PROMISE JOBS service provider a copy of the sponsor's safety rules before participants are referred for work site placement.

b. Positions. To request a work experience placement, the sponsor shall complete Form 470-0809, Sponsor's Request for Work Experience (WEP) Participant, for each type of position the sponsor wishes to fill. The request shall include a complete job description that specifies all tasks to be performed by the participant. PROMISE JOBS has final authority to determine suitability of any work experience position offered by a sponsor. Work experience positions:

(1) Must contain the same job description and performance requirements that would exist if the sponsor were hiring an employee for the same position;

(2) Shall not be related to political, electoral, or partisan activities;

(3) Shall not be developed in response to or in any way be associated with the existence of a strike, lockout, or other bona fide labor dispute;

(4) Shall not violate any existing labor agreement between employees and employers;

(5) Shall comply with applicable state and federal health and safety standards;

(6) Shall not be used by sponsors to displace current employees or to infringe on the promotional opportunities of current employees;

(7) Shall not be used in place of hiring staff for established vacant positions; and

(8) Shall not result in placement of a participant in a position when any other person is on layoff from the same or an equivalent position in the same unit.

c. Participant selection. A participant's vocational skills and interests shall be matched as closely as possible with the job description and skills required by the sponsor.

(1) Participant responsibility. Participants shall interview for and accept positions offered by work experience sponsors. Participants shall present Form 470-0810, Referral for Work Experience (WEP) Placement, to the sponsor at the interview. The form shall be completed by the sponsor and returned to PROMISE JOBS.

(2) Sponsor responsibility. Although sponsors are expected to accept work experience referrals made by PROMISE JOBS, sponsors may refuse any referrals they deem inappropriate for the available position. Sponsors shall not discriminate against any program participant because of race, color, religion, sex, age, creed, physical or mental disability, political affiliation, or national origin. Sponsors who refuse a referral must notify PROMISE JOBS in writing of the reason for the refusal.

d. Hours of participation. When a participant is involved in work experience that is subject to the Fair Labor Standards Act (FLSA), the participant cannot be required to work more hours than the amount of the monthly FIP grant divided by federal or state minimum wage, whichever is higher. EXCEPTION: To determine the maximum hours that can be required of a single-parent family on FIP with a child under the age of six, add the value of the family's food assistance to the FIP grant amount before dividing by the minimum wage.

(1) A participant cannot be required to work more hours than those calculated under paragraph "d" of this subrule. Only hours up to or less than that calculation can be included in the participant's FIA.

(2) If two or more members of the same household participate in work experience, the total required hours of participation of the household cannot exceed the hours calculated according to paragraph "d" of this subrule.

(3) Each work experience assignment shall not exceed six months in duration.

e. Participant performance evaluations.

(1) Monthly evaluations. Sponsors shall complete a monthly evaluation of the participant's performance using Form 470-0805, Work Experience Participant Evaluation, and provide a copy to PROMISE JOBS and to the participant.

(2) Final evaluations. Sponsors shall complete Form 470-0805, Work Experience Participant Evaluation, at the time of termination for each work experience participant. When termination occurs

at the sponsor's request, the sponsor shall specify the reason for termination and identify those areas of unsatisfactory performance. For participants who leave to accept regular employment or reach their work experience placement time limit, the sponsor's evaluation shall indicate whether or not a positive job reference would be provided if the participant requested one.

f. Supportive payments for work experience placements.

(1) Child care and transportation. Participants assigned to work experience shall receive a child care payment, if required, and a transportation payment for each month or part thereof as described at subrules 93.11(2) and 93.11(3). The portion of the transportation payment for job-seeking activities shall be determined by including the day of the job search obligation in the normally scheduled days used in the formulas described at subrule 93.11(3).

(2) Required clothing and equipment. A participant may receive up to a limit of \$100 per work-site assignment for clothing or equipment if required by the work experience site and not covered by the sponsor.

(3) Workers' compensation. The department of human services shall provide workers' compensation coverage for all PROMISE JOBS work experience participants.

g. Documenting participation. Documentation of participation shall be provided as described at subrule 93.10(2).

h. Completion of work experience. Persons who complete a work experience assignment may move to another activity as provided under the FIA, be assigned to a different work site, or be reassigned to the same work site, whichever is appropriate under the FIA.

i. Failure to participate in work experience. A participant who without good cause does not participate in work experience as identified in the FIA shall be considered to have chosen the limited benefit plan. Procedures at rule 441—93.14(239B) shall apply.

93.7(5) Unpaid community service. Unpaid community service shall provide participants with opportunities to establish or reestablish contact with the workforce while providing services that are of direct benefit to the community.

a. Work sites. Unpaid community service work sites shall be public or private nonprofit organizations. The PROMISE JOBS provider agencies shall provide community service work sites a written explanation of the following placement criteria. The placement:

- (1) Shall comply with applicable state and federal health and safety standards;
- (2) Shall not be related to political, electoral or partisan activities;
- (3) Shall not be developed in response to or in any way associated with the existence of a strike, lockout, or other bona fide labor dispute;
- (4) Shall not violate any existing labor agreement between employees and employers;
- (5) Shall not be used to displace current employees or to infringe on their promotional opportunities;
- (6) Shall not be used in place of hiring staff for established vacant positions; and
- (7) Shall not result in placement of a participant in a position when any other person is on layoff from the same or an equivalent position in the same unit.

b. Locating the work site. The PROMISE JOBS provider agencies shall develop local listings of potential unpaid community service work sites. When a participant and the PROMISE JOBS worker agree that an unpaid community service placement is appropriate, the participant is responsible for locating and making arrangements with the work site. Formal interviews are not required to establish the relationship between the participant and the work site organization.

c. Length of assignment and weekly hours. The length of the work site assignment and the weekly hours of participation shall be determined through agreement among the work-site organization, the participant, and the PROMISE JOBS worker. When a participant is involved in community service that is subject to the Fair Labor Standards Act (FLSA), the participant cannot be required to work more hours than the amount of the participant's monthly FIP grant divided by federal or state minimum wage, whichever is higher. Only hours up to or less than the maximum calculated may be included in the participant's FIA. Exceptions are as follows:

(1) For a participant who is a single parent with a child under the age of six, the maximum hours that can be required are determined by adding the value of the participant's food assistance to the FIP grant amount before dividing by the minimum wage.

(2) Participants who are court-ordered to do community service shall work the number of hours required by the court.

e. Supportive payments. A child care payment and a transportation payment for each month of participation or part thereof shall be paid as described at rule 441—93.11(239B) if these services are required for participation.

f. Documenting participation. Documentation of participation shall be provided as described at subrule 93.10(2).

g. Failure to complete unpaid community service. Participants who without good cause do not participate in unpaid community service as specified in their FIA shall be considered to have chosen the limited benefit plan. Procedures at rule 441—93.14(239B) shall apply.

[ARC 1694C, IAB 10/29/14, effective 1/1/15]

441—93.8(239B) Education and training activities. Education refers to any academic or vocational course of study that enables a participant to complete high school, improves a participant's ability to read and speak English, or prepares a participant for a specific professional or vocational area of employment. Though employment leading to economic self-sufficiency is the eventual goal of all FIAs, it is recognized that education increases a person's chance of finding employment, particularly employment that leads to economic self-sufficiency. Any participant who requests participation in educational activities shall be evaluated to determine the likelihood of success. If the request is approved, a training plan shall be developed and included in the participant's FIA.

93.8(1) Participant requirements. The decision to include education in an FIA shall take into account the results of the educational evaluation pursuant to paragraph "b" of this subrule and the current educational level of the participant. Prior academic or vocational training is not, in itself, a reason for denial or approval of educational services. All family members who are approved for education shall be eligible for all program benefits, even when two or more family members are simultaneously participating and even if participation is at the same educational facility and in the same program. For education to be approved for inclusion in an FIA, the following requirements shall be met.

a. Vocational goal. For a participant enrolled in postsecondary education, the education must lead to a specific vocational goal. A degree in general studies or programs not leading to specific occupational outcomes cannot be included in a participant's FIA.

(1) Except as provided in subparagraph 93.8(1) "a"(2), a vocational goal must be in an occupational field for which available labor market information or emerging business trends in the participant's local area indicate employment potential. These trends or statistics must be provided by a legitimate source, such as but not limited to:

1. The department of workforce development,
2. Private employment agencies, or
3. Local employers providing jobs paying at least minimum wage for which the education is being requested.

(2) Information to support employment potential in the participant's local area is not required when:

1. The participant has a documented job offer in the field before entering the training; or
2. The participant is willing to relocate after training to an area where there is employment potential. Documentation for the new location shall meet the requirements in subparagraph 93.8(1) "a"(1).

(3) For participants attending high school or high school equivalency activities, adult basic education or English as a second language, the vocational goal is to improve employability by successfully completing the activity.

b. Evaluation. A participant under the age of 19 does not need to complete an educational evaluation in order to have high school completion included in the FIA. For every other training activity,

an educational evaluation shall be completed according to this paragraph before the activity is included as part of a participant's FIA.

(1) A participant who chooses to enter educational activities before obtaining approval is not eligible to receive supports as described in subrule 93.8(6), cannot use that activity to meet the FIA participation obligation, and shall be expected to participate in other FIA activities.

(2) A participant who is already involved in education at the time of FIP application or enters education before approval must meet the requirements in this rule before the educational activities can be included in the FIA. Once approved, the current educational activity may then be included in the participant's FIA, and the participant will be eligible to receive supports as described in subrule 93.8(6).

93.8(2) Provider requirements. Both public and private agencies may provide educational activities.

a. Type of provider. Education may be included in the FIA if obtained from a provider that is approved or registered with the state or is accredited by an appropriate accrediting agency. Training provided by a community action program, church, or other agency may be included in the FIA only if the PROMISE JOBS worker determines that:

(1) The training is adequate and leads to the completion of the participant's vocational goal; and

(2) The training provider possesses appropriate and up-to-date equipment; has qualified instructors, adequate facilities, a complete curriculum, acceptable grade point requirements, and a good job-placement history; and demonstrates expenses of training that are reasonable and comparable to the costs of similar programs.

b. Time and attendance. The participant's actual hours attending an educational activity must be verified pursuant to subrule 93.10(2). If the educational activity is structured in such a way that verification cannot be obtained or the educational provider is unwilling to provide time and attendance verification, the educational activity cannot be included in the participant's FIA.

93.8(3) Approvable activities. Training plans shall include only training activities that can be considered as meeting the FIA obligations for participation. The following activities may be included in a training plan:

a. Adult basic education.

b. Continuing education units when needed for the participant to be recertified or retrained to reenter a field in which the participant was previously trained or employed or to maintain certification needed to remain employed.

c. Correspondence courses when the courses are required but not offered by an educational facility attended by the participant.

d. English as a second language.

e. High school or high school equivalency completion. Any participant who does not have a high school diploma or high school equivalency diploma (HSED) shall be encouraged to obtain a diploma. A participant who is 18 years of age or older may be approved to return to regular high school only when the participant can graduate within one year of the normal graduation date. High school equivalency or high school courses and other types of vocational training may run concurrently.

f. On-line or distance learning. Distance learning includes training such as, but not limited to, that conducted over the Iowa communications network, on-line courses, or Web conferencing. The training:

(1) Must include interaction between the instructor and the student, such as required chats or message boards;

(2) Must include mechanisms for evaluation and measurement of student achievement; and

(3) Must be offered in Iowa unless the conditions in paragraph "g" of this subrule apply. An on-line training program shall be considered an out-of-state training program when any of the required training or testing occurs out-of-state.

g. Out-of-state training. Out-of-state training is approvable only when:

(1) Similar training is not available in Iowa,

(2) Relocation required to attend an in-state facility would be unnecessary if attending an out-of-state facility, or

(3) The only in-state facilities within commuting distance are private schools where tuition costs are higher than at an out-of-state facility within commuting distance.

h. Postsecondary education up to and including a baccalaureate degree program.

(1) A participant with no postsecondary education may be approved for training resulting in a certificate of program completion or an academic degree, such as an associate or baccalaureate degree. Participants who have not completed a high school education or received a high school equivalency diploma (HSED) may be required to do so before courses leading to an associate degree or higher are approved.

(2) A participant who has a baccalaureate degree or higher is considered employable. No further training shall be approved unless the participant's physical or mental status has changed to such an extent that the past education is no longer appropriate. The participant must provide supportive evidence from either a qualified medical or mental health professional or the state rehabilitation agency.

(3) A participant who has successfully completed a postsecondary educational program that provides less than a baccalaureate degree may be approved for further training if the participant meets one of the following criteria:

1. The previous training is in an occupation that is outdated.
2. The previous training is in a field where current labor market information or emerging business trends show little or no employment opportunity.
3. The training requested is a progression in a specific career that moves a participant from entry-level positions to higher levels of pay, skill, responsibility, or authority.
4. The participant's background makes employment in the area in which the participant is trained impossible.
5. Changes in the participant's physical or mental status make the past training no longer appropriate. The participant must provide supportive evidence from a qualified medical or mental health professional or the state rehabilitation agency.

i. Prerequisite courses required by the selected training program.

j. Remedial coursework for one term when needed as determined by testing conducted by the training facility.

k. Summer school.

93.8(4) *Nonapprovable activities.* Nonapprovable training activities shall not be included in the FIA. When an activity in which the participant is enrolled becomes nonapprovable, PROMISE JOBS shall cancel the current training plan and require the participant to renegotiate the FIA to include other activities. Form 470-0602, Notice of Decision: Services, shall be issued to inform the participant that the request for education is canceled. Nonapprovable activities include the following:

a. A course or training that the participant has previously completed.

b. Any course or training in a field in which the participant does not intend to seek employment after the training is completed. An exception may be made when the reason for not seeking employment is to receive further education when the education:

- (1) Is a planned progression in a specific career path; and
 - (2) Will not lead to an advanced degree beyond a baccalaureate.
- c.* A training program that does not relate to the identified vocational goal.

d. Educational activities for which the participant has failed to earn the grades required for admission.

e. Education in a field in which the participant will not be able to be employed due to known criminal convictions or founded child or dependent adult abuse.

f. Out-of-state training except as allowed under paragraph 93.8(3) "g."

g. Training for jobs paying less than state minimum wage.

h. Training that will not be completed until after the participant leaves FIP. Training programs that exceed the known length of time during which the participant will remain eligible for FIP assistance shall be approved only if:

(1) The time remaining in the training is minimal and tuition has already been paid.

(2) There is a reasonable plan for how the program will be completed without the assistance and support from FIP or PROMISE JOBS. A reasonable plan may include, but not be limited to, school loans, grants, and scholarships.

93.8(5) Training plan content. Once a participant is approved for training, a training plan shall be developed and written into the participant's FIA. The training plan shall include:

a. Academic enrollment hours. Participants are encouraged to maintain as full an academic workload as is possible in order to complete their education in a timely manner. However, a person may choose to participate in education along with other activities such as employment, job-seeking skills, or other FIA activities.

b. Approved training plan activities.

c. The specific educational goal as defined in paragraph 93.8(1) "a."

d. A date by which the participant expects to complete training. This end date depends on:

(1) Time frames specified for a program as established by the educational facility.

(2) Whether the participant is attending full-time or part-time.

(3) Problems or barriers to involvement as identified in subrule 93.4(5) or 93.14(1).

e. Testing schedule. Participants enrolled in ABE or ESL programs must be able to complete training in the time determined by the testing schedule unless the PROMISE JOBS worker and, if appropriate, the participant's academic advisor or instructor agree that additional time may be allowed. Under no circumstances, however, shall more than 6 additional months be allowed. Additional time shall not be allowed if, as a result, months required to complete training would exceed 24 months for ABE or 12 months for ESL.

93.8(6) Supportive payments. PROMISE JOBS may provide payment for certain expenses when needed to participate in approved education and training activities as described in this subrule and in subrule 93.11(4).

a. *Eligibility.*

(1) Eligibility for PROMISE JOBS supportive payments for education and training begins with the date when the participant begins training under an approved plan or is removed from a waiting list as described at paragraph 93.4(4) "d," whichever is later.

(2) Participant eligibility for payment of transportation and child care payments begins as described in subparagraph 93.8(6) "a"(1) and shall be terminated when a training plan is canceled.

(3) Each participant in postsecondary vocational training is limited to 24 fiscal months of PROMISE JOBS payment of expenses needed for participation. The 24 fiscal months do not have to be consecutive. See paragraph "b" of this subrule for additional limits on child care expenses.

(4) When more than one facility offers a particular program, payment is limited to the amount required to attend the nearest educational facility except when attending a facility that is farther away will allow the family to reach self-sufficiency earlier.

b. *Child care.* Participants assigned to educational activities shall receive a child care payment, if required, for each month or part thereof as described at subrule 93.11(2). EXCEPTION: Each PROMISE JOBS participant is limited to 24 fiscal months of child care assistance.

(1) All child care assistance payments issued under the PROMISE JOBS program count toward this limit.

(2) All child care assistance payments issued for child care provided on or after March 1, 2009, count toward this limit, including payments issued while the person was not a PROMISE JOBS participant, pursuant to 441—subparagraph 170.2(2) "b"(1).

c. *Transportation.* Participants assigned to educational activities shall receive a transportation payment for each month or part thereof as described at subrule 93.11(3) unless transportation payments are available from another source.

(1) When a participant receives a transportation payment from another program which equals or exceeds that possible under PROMISE JOBS, transportation shall not be paid by PROMISE JOBS for any month covered by the other program.

(2) When the amount received from another program is less than that possible under PROMISE JOBS, a supplemental payment may be made as long as the combined payment does not exceed that normally paid by PROMISE JOBS.

(3) When a participant is enrolled in high school, a transportation payment shall not be allowed if transportation is available from another source, such as the school district. If child care needs or the needs

of the child or the participant make it impractical or inappropriate for the participant to use transportation provided by the school district, a transportation payment may be authorized.

d. Training expenses. Participants enrolled in high school or high school equivalency completion, ABE, ESL, or postsecondary vocational training may be eligible for payment of the following expenses of training when required for participation, subject to limits in subrule 93.11(4):

- (1) Enrollment fees,
- (2) School application fees,
- (3) Educational grant or scholarship application fees,
- (4) Licensing, certification and testing fees,
- (5) Travel costs required for certification or testing, and
- (6) Certain practicum expenses as described in subparagraph 93.11(4)“a”(3).

e. Direct education costs. Participants enrolled in high school or high school equivalency completion, ABE, ESL, or short-term training programs of 29 weeks or less may also be eligible for payment for direct education costs, including:

- (1) Tuition,
- (2) Books,
- (3) Fees including graduation,
- (4) Basic school supplies,
- (5) Specific supplies related to obtaining credit for a course and required of all students in a course, and
- (6) Required uniforms.

f. Supplies purchased with PROMISE JOBS funds. Participants who successfully complete their training plans may keep any books or supplies, including tools, which were purchased with PROMISE JOBS funds. Participants who leave their training program before completion and do not obtain training-related employment within 60 days of leaving training shall return all reusable supplies, including books and tools, but not clothing, purchased by PROMISE JOBS.

(1) The PROMISE JOBS worker is authorized to donate to nonprofit organizations any items determined to be unusable by the PROMISE JOBS program.

(2) When tools are not returned, the amount of the PROMISE JOBS payment shall be considered an overpayment unless the participant verifies theft of the tools through documentation of timely report to a law enforcement agency.

93.8(7) Documentation.

a. Plan. The following information shall be documented in the participant’s file.

- (1) Evaluation results, pursuant to paragraph 93.8(1)“b.”
- (2) Current educational level.
- (3) Justification for approval of additional postsecondary education pursuant to subrule 93.5(3).
- (4) Academic probationary status pursuant to subrule 93.8(8).
- (5) Justification for denial of education. Form 470-0602, Notice of Decision: Services, shall be issued to the participant to deny the request for education.

b. Participation. A participant shall provide documentation of the actual hours of participation in education and homework and of grades and academic progress as described in subrule 93.10(2).

93.8(8) Academic probation. A participant may be placed on academic probation for at least one term, or a comparable time limit appropriate to the educational program, after which the participant shall be reevaluated for continued inclusion in education activities. This subrule does not apply to parents under the age of 18 who are attending high school completion programs.

a. Placing a participant on academic probation. The PROMISE JOBS worker may choose to place a participant on academic probation in the following circumstances:

(1) The educational evaluation completed according to paragraph 93.8(1)“b” identifies some factors with the participant’s ability or past circumstances that could make successful completion of the training difficult but the participant’s motivation is high and changes in the participant’s life situation indicate a realistic probability of success.

(2) The participant was previously unable to maintain the cumulative grade point average required by a training facility in training comparable to that being requested.

(3) The participant enrolled but did not complete a previous education activity without good cause.

(4) At the end of a term, or of a comparable period applicable to the educational program, the participant is receiving less than a 2.0 grade point average or less than a higher average that is required by the specific training facility or curriculum.

b. Probation outcomes. The participant shall be removed from probation for satisfactory performance if, by the end of the established probationary period, the participant is receiving at least a 2.0 grade point average or a higher average as required by the specific training facility or curriculum.

(1) *Reevaluation.* If the participant is not receiving the required grade point by the end of the probationary period, the participant shall be reevaluated to determine continued eligibility for participation in education using the same type of information used to originally evaluate the likelihood of academic success as identified in paragraph 93.8(1) "b." Documentation shall meet the requirements as stated in subrule 93.8(7).

(2) *Continued probation.* Probation may be continued when reevaluation indicates that education is appropriate. The PROMISE JOBS worker may also consider continued probation when:

1. Temporary barriers such as illness or family emergencies that interfered with successful participation have been resolved.

2. Long-term barriers to successful participation have been identified and accommodations developed and implemented.

3. The counselor or the lead instructor in the educational program verifies that there is an excellent likelihood the student will raise the grade point to the acceptable level in the next term or a comparable time limit appropriate to the educational program.

(3) *Cancellation of a training plan.* The participant's current training plan shall be canceled if the participant has failed to maintain at least a 2.0 grade point average or a higher average required by the specific training facility or curriculum, and reevaluation indicates no mitigating circumstances as listed in subparagraph 93.8(8) "b"(2). When a training plan is canceled, the participant will be required to renegotiate the family investment agreement to include either a new, more appropriate training plan or other FIA activities. Form 470-0602, Notice of Decision: Services, shall be issued to the participant to inform the participant that the approval for education is canceled.

93.8(9) Limited benefit plan. Participants in education choose a limited benefit plan through the following actions.

a. Failure to participate. The participant fails to maintain education activities or follow training plan requirements as specified in the participant's FIA, and the participant does not have good cause. Procedures at rule 441—93.14(239B) shall apply.

b. Misuse of payments. The participant misuses expense payments to the extent that the training plan is no longer achievable or knowingly provides receipts or any other written statements that have been altered, forged, or, in any way, are not authentic.

[ARC 1694C, IAB 10/29/14, effective 1/1/15]

441—93.9(239B) Other FIA activities.

93.9(1) Parenting skills training.

a. Parents aged 20 or older. For parents who are aged 20 or older when the FIA is signed, activities that strengthen the participant's ability to be a better parent can be considered approvable training under PROMISE JOBS and may be included in the FIA as long as the participant is active in at least one other PROMISE JOBS component. Parents aged 20 or older who do not carry out the parenting skills training described in the FIA shall be considered to have chosen the limited benefit plan, unless family circumstances warrant renegotiation and amendment of the FIA.

b. Parents aged 19 or younger. Parents aged 19 or younger when the FIA is signed are required to include parenting skills training in the FIA, but may be excused from the requirement when documentation of satisfactory completion of parenting skills training is provided before the FIA is signed.

(1) Priority for orientation or assessment. In any month, PROMISE JOBS shall give priority for orientation or assessment services to parents who are already aged 19 in order to establish their responsibility for parenting classes before they are aged 20. This applies to those who are scheduled for orientation, to those who are still in assessment, and to those who have an FIA that must be renegotiated and amended.

(2) FIA requirement. The FIA shall be written or renegotiated and amended to include specific plans for parenting skills training and shall identify the training provider's name and beginning and ending dates of the training. The scheduled training may be in the future to accommodate availability of provider resources. However, it shall occur as soon as is compatible with the circumstances of the family, the other activities in the FIA, and the availability of provider resources, except as specified at paragraph 93.4(4) "d."

(3) Parents aged 19 or younger who are participating in a parenting skills training program at the time the FIA is signed shall be allowed to continue in that program, if they choose, as long as the provider is listed in paragraph 93.9(1) "c" or meets the requirements of paragraph 93.9(1) "c" and documentation of enrollment is provided. The time frames as described in paragraph 93.9(1) "d" shall be used to determine the remaining training time to be included in the FIA.

(4) Participation in other activities. Parents aged 19 or younger are not required to be participating in another PROMISE JOBS component to be eligible for parenting skills training. Other PROMISE JOBS components are included in the FIA according to policies at subrule 93.4(4).

c. Approved providers. The sources listed in this paragraph are approvable providers for parenting skills training.

(1) High school departments of family and consumer sciences that offer child development, family relationships, or parenting classes and alternative high school programs for pregnant and parenting teens. Services shall be limited to a minimum of one semester and a maximum of two semesters.

(2) Community colleges, other associate-degree institutions, and baccalaureate-degree institutions that offer child development, family relationships, or parenting classes. Services shall be limited to one semester or two quarters.

(3) Area education agencies; child abuse prevention programs; child and adult food program sponsors; child care resource and referral agencies; family resource centers; maternal and child health centers; family development and self-sufficiency program grantees and other family development providers; Head Start, Head Start parent and child centers, and Early Head Start programs; Iowa State University Extension services such as, but not limit to, the "Best Beginnings" program; private nonprofit social service agencies; and young parent support and information organizations. Services shall be limited to:

1. A minimum of 6 contact hours or six weeks, whichever comes first, and
 2. A maximum of 26 contact hours or six calendar months, whichever comes first.
- d. Other providers of parenting skills training are approvable as long as they:

(1) Have five of these six elements: child growth and development, child health and nutrition, child safety, positive discipline, relationships, and life skills.

(2) Offer training within the following time frames:

1. A minimum of 6 contact hours or six weeks, whichever comes first, and
2. A maximum of 26 contact hours or six calendar months, whichever comes first.

e. Supportive payments. For participants described in paragraphs 93.9(1) "a" and 93.9(1) "b," a child care payment and a transportation payment for each month of participation, or part thereof, as described at subrule 93.11(3), shall be paid if these services are not available from another entity and are required for participation.

(1) Other expenses. Payment for tuition, fees, or books and supplies shall be made only when parenting skills training is not available from a free source in the local area. PROMISE JOBS shall not pay for any expenses that are covered by student financial aid in postsecondary educational institutions as provided elsewhere in these rules.

(2) Continuation of payments. If the participant chooses to continue with the parenting skills training program beyond the designated period of participation described in paragraph 93.9(1) "c,"

PROMISE JOBS responsibility for payment of expense payments shall not extend beyond the designated period unless completion is delayed by acceptable instances for nonparticipation as stipulated at rule 441—93.14(239B) or barriers to participation at subrule 93.4(5).

f. Participation in parenting skills training. The planned duration of the parenting skills training shall be determined by agreement between the participant and the training provider within the limits described in paragraphs 93.9(1)“c” and 93.9(1)“d.”

(1) In consultation with the PROMISE JOBS worker, the participant and the provider shall design a written agreement and provide a copy to PROMISE JOBS. The agreement shall designate the period during which the mandatory parenting skills training requirement will be fulfilled. The period specified in the agreement or notice of decision shall be included in the FIA.

(2) Participants who fail to carry out this step in the FIA shall be considered to have chosen the limited benefit plan.

g. Failure to complete parenting skills training. Parents aged 19 or younger who do not include parenting skills training in the FIA or do not carry out the parenting skills training described in the FIA shall be considered to have chosen the limited benefit plan. Procedures at rule 441—93.14(239B) shall apply.

93.9(2) Family development. Family development services are support services for PROMISE JOBS families at risk of long-term dependency on public assistance. The services are designed to promote, empower, and nurture the family to self-sufficiency and healthy reintegration into the community.

a. PROMISE JOBS may arrange for family development services from entities that meet one of the following criteria wherever these are available. Family development services shall be:

(1) Provided by a family development specialist certified by the University of Iowa College of Social Work, National Resource Center on Family-Based Services; or

(2) Provided under a plan that has been approved by the family development and self-sufficiency (FaDSS) council of the department of human rights.

b. Inclusion of family development services by participants as a family investment agreement activity is voluntary except for unmarried parents aged 17 and younger who do not live with a parent or legal guardian as described at subparagraph 93.4(4)“c”(4).

93.9(3) Family planning counseling. Referral for family planning counseling is an optional service that shall be offered to each applicant or participant. It is not a component of PROMISE JOBS.

a. The department of human services worker or the PROMISE JOBS worker shall:

(1) Discuss orally and in writing the financial implications of newly born children on the participant’s family during PROMISE JOBS orientation or assessment, using a form approved by the department; and

(2) Review information about the basics of family planning; and

(3) Provide a listing of resources in the participant’s county of residence or the service delivery area.

b. The FIA shall record participant response to the option of referral for family planning counseling. It is not acceptable for the FIA to have family planning counseling as the only step of the FIA.

c. Supportive payments. No supportive payments are allowed for family planning counseling.

d. Participation. Limited benefit plan policies do not apply to participants who choose not to include family planning counseling in the FIA or who do not carry out the steps of family planning counseling.

[ARC 1146C, IAB 10/30/13, effective 1/1/14]

441—93.10(239B) Required documentation and verification.

93.10(1) Written notification to participants.

a. Notice of meetings, assignments, and issues. PROMISE JOBS shall notify participants in writing of all scheduled meetings, of FIA activity and work-site assignments, and of any participation issues as described at rule 441—93.13(239B). PROMISE JOBS shall also notify the participant in

writing when the participant is required to provide medical documentation, verification of hours of participation, employment verification, or any other verification.

(1) PROMISE JOBS shall allow a participant five working days from the date notice is mailed to appear for scheduled meetings unless the participant agrees to an appointment that is scheduled to take place in less than five working days.

(2) PROMISE JOBS shall allow a participant five working days from the date notice is mailed to appear for an FIA activity or work-site assignment or to provide medical documentation, employment verification, or any other verification, except as otherwise specified in 93.10(2).

(3) PROMISE JOBS shall allow additional time upon request from the participant when the participant is making every effort but is unable to fulfill requirements within the established time frame.

b. Notice of decision. PROMISE JOBS shall send written notice to each participant in accordance with 441—Chapter 7 when services are approved, rejected, renewed, changed, canceled, or terminated for failure to cooperate or participate. PROMISE JOBS services are approved when the participant is assigned to begin participation in an activity as written in the FIA.

93.10(2) Verification of participation and progress. Hours of participation and a participant's progress in FIA activities must be documented and verified. When the participant is responsible for providing the verification, PROMISE JOBS shall notify the participant in writing as required in subrule 93.10(1).

a. FIA activities directly monitored by PROMISE JOBS. When the FIA activities are provided or directly monitored by PROMISE JOBS staff, such as job club or workplace essentials, the staff will document the participant's hours of attendance and progress in the case file.

b. FIA activities not directly monitored by PROMISE JOBS. When FIA activities are provided by a service provider other than PROMISE JOBS, the provider shall verify the participant's hours of attendance with Form 470-2617, PROMISE JOBS Time and Attendance Report, unless another method is required by this rule.

(1) The provider is expected to specify the participant's hours of attendance and to sign and date the Time and Attendance Report.

(2) The participant is responsible for providing the signed and dated form to PROMISE JOBS within ten calendar days following the end of each month, unless the provider provides the form to PROMISE JOBS within this time frame.

(3) EXCEPTION: If the participant is under age 20 and in high school or high school equivalency classes, the participant may verify the hours by completing and submitting the PROMISE JOBS Time and Attendance Report monthly. The training provider does not need to sign the form.

c. Documentation of job search. The participant shall complete and provide documentation of any job search activities that cannot be verified by the PROMISE JOBS worker. The participant shall provide Form 470-3099, Job Search Record, within ten calendar days following the end of each month during which the participant has made a job search. The PROMISE JOBS worker shall consider the Job Search Record complete if the form includes:

(1) Sufficient information to identify the employer that was contacted or the activity that was completed,

(2) The date that the contact was made or the date the activity was completed,

(3) The amount of time spent, and

(4) The participant's signature.

d. Employment verification. Participants shall verify actual hours of employment at the time that employment begins, upon FIP approval if employed at the time of application, when changes in hours occur, and no less than once every six months thereafter. Participants may use employer statements or copies of pay stubs, Employer Statement of Earnings Form 470-2844, or may sign Form 470-0429, Consent to Obtain and Release Information, so that the employer may provide information directly to the PROMISE JOBS worker. Participants shall provide verification of actual hours of employment within five working days of the written request from PROMISE JOBS.

e. Documentation of self-employment. At the time of the participant's FIA review, a self-employed participant shall provide documentation of actual hours worked and gross income and business expenses

from the last 30 days. Data from more than 30 days may be requested if the last month is not indicative of normal business. The participant shall provide documentation within five working days of the written request from PROMISE JOBS.

f. Distance learning. When a participant is involved in a distance-learning program, PROMISE JOBS will accept the documentation issued by the distance-learning institution verifying that the student participated in the sessions.

(1) Documentation may include the attendance records or log-in and log-out records available on line or in an electronic format. Documentation may also be obtained through an agreement with a support agency that monitors the student's actual participation.

(2) The participant is responsible for providing the documentation within ten calendar days following the end of each month unless the institution provides the documentation to PROMISE JOBS within this time frame.

g. Failure to provide required documentation or verification. Participants who fail to provide documentation or verification as described in this subrule after written notification from PROMISE JOBS as described in subrule 93.10(1) shall be considered to have chosen the limited benefit plan. Procedures at rule 441—93.14(239B) shall apply.

93.10(3) Verification of problems or barriers. Participants may be required to provide written verification or supporting documentation of reported problems or barriers to participation, such as but not limited to lack of transportation, family emergency, or existence of a mental or physical disability or limitation or substance abuse.

a. Medical documentation. A participant shall secure and provide written documentation signed by a qualified medical or mental health professional to verify a claimed illness or disability within five working days of a written request by PROMISE JOBS. This time limit may be extended due to individual circumstances, such as the need to obtain an updated evaluation. Acceptable verification includes Form 470-0447, Report on Incapacity, or other statement signed by a qualified medical or mental health professional to verify the existence of an illness, disability, or limitation.

b. Other documentation. A participant shall secure and provide written documentation to verify a claimed problem or barrier to participation within five working days of a written request by PROMISE JOBS. Acceptable documentation may include a signed statement from a third party with knowledge of the problem or barrier.

c. Failure to verify problem or barrier or to provide medical documentation. Failure to provide verification of a problem or barrier or to provide medical documentation as described at subrule 93.10(3) does not directly result in the imposition of a limited benefit plan. Examples of actions that do not directly result in a limited benefit plan include, but are not limited to, failure to provide Form 470-0447, Report on Incapacity, or other statement from a medical or mental health professional to verify the existence of an illness or disability, or a statement from a third party with knowledge about the problem or barrier.

(1) Participants who claim an inability to participate on a full-time basis due to a claimed problem or barrier and who fail to provide verification or medical documentation upon written request may be required to renegotiate the FIA to include full-time participation in FIA activities. Failure to renegotiate the FIA may result in a limited benefit plan.

(2) Participants who claim a problem or barrier caused their failure to participate for the full number of hours identified in their FIA and who fail to provide verification of the problem or barrier or medical documentation upon written request may not be excused for the failure to participate. If the failure is not excused, the failure will result in imposition of a limited benefit plan if the failure meets the criteria described at subrule 93.13(2).

[ARC 1146C, IAB 10/30/13, effective 1/1/14; ARC 1694C, IAB 10/29/14, effective 1/1/15]

441—93.11(239B) Supportive payments. In order to facilitate successful participation, PROMISE JOBS may provide payment for the expenses listed in this rule. Participants shall submit Form 470-0510, Estimate of Cost, to initiate payments or change the amount of payment for expenses other than child care.

93.11(1) Eligibility. Participants are eligible for supportive payments needed for participation in activities in their FIA, subject to the limits in this chapter.

a. Applicants in a limited benefit plan who must complete significant contact with or action in regard to PROMISE JOBS for FIP eligibility to be considered, as described at 441—paragraphs 41.24(8) “*a*” and “*d*,” are eligible for expense payments for the 20 hours of activity. However, PROMISE JOBS services and supportive payments are only available when it appears the applicant will otherwise be eligible for FIP.

b. Applicants who have received 60 months of FIP are eligible for PROMISE JOBS services and payments under the circumstances described at 441—subrule 41.30(3).

93.11(2) Child care. Payments for child care shall be issued through the child care assistance program as described at 441—Chapter 170.

a. Payment shall be provided for child care if:

- (1) Care is needed for participation in any PROMISE JOBS activity other than orientation,
- (2) Payment is not specifically prohibited elsewhere in these rules, and
- (3) Payment is not available from another source.

b. Payment shall be issued to the child care provider after the service has been received, as described in 441—subrule 170.4(7).

93.11(3) Transportation. Participants may receive a transportation payment for each day that transportation is needed for participation in a PROMISE JOBS activity. Transportation payments shall be determined according to the circumstances of each participant. If necessary, payments shall cover transportation for the participant and child from the participant’s home to the child care provider and to the PROMISE JOBS site or activity.

a. Exclusions.

(1) A transportation payment is not available for orientation or for assessment activities that occur on the same day as orientation.

(2) A transportation payment is not available for employment. Participants who are employed shall be entitled to the work expense deduction described at 441—paragraph 41.27(2) “*a*” to cover transportation costs associated with employment.

b. Rate of payment. Payments shall not exceed the rate that the provider would charge a private individual.

(1) Public transportation. For those who use public transportation, the payment shall be based on the normally scheduled days of participation in the PROMISE JOBS activity for the period covered by the payment, using the rate schedules of the local transit authority to the greatest advantage, including use of weekly and monthly passes or other rate reduction opportunities.

(2) Private transportation. For participants who use a privately owned motor vehicle or who hire private transportation, the transportation payment shall be based on a formula which uses the normally scheduled days of participation in the PROMISE JOBS activity for the period covered by the payment multiplied by the participant’s anticipated daily round-trip miles and then multiplied by the mileage rate of 30 cents per mile.

c. Special transportation needs. Participants who require, due to a mental or physical disability, a mode of transportation other than a vehicle they operate themselves shall be eligible for payment of a supplemental transportation payment when documented actual transportation costs are greater than transportation payments provided under these rules and transportation is not available from another source.

(1) Medical evidence. To be eligible for a supplemental payment, the participant must provide medical evidence of the need for an alternate mode of transportation due to disability or incapacity. EXCEPTION: A finding of eligibility for social security benefits or supplemental security income benefits based on disability or blindness is acceptable proof of disability. The evidence must be from a qualified medical or mental health professional or the state rehabilitation agency. The evidence may be submitted either by letter from the qualified medical or mental health professional or on Form 470-0447, Report on Incapacity.

(2) Resources for examination. When an examination is required and other resources are not available to meet the expense of the examination, the PROMISE JOBS worker shall authorize the examination and submit a claim for payment on Form 470-0502, Authorization for Examination and Claim for Payment.

(3) Payment rates. Actual costs of transportation by a public or private agency shall be allowed. Costs of transportation provided by private automobile shall be allowed as described in subparagraph 93.11(3)“b”(2).

d. Issuance of payments. The transportation payment shall be issued before the first scheduled day of participation in an activity. For participants in the same activity for more than one month, transportation payments shall be issued before the first day of the month of scheduled participation except as described below.

(1) Transportation payments for assessment shall be issued in advance in weekly increments, with payments for the second or third week of assessment being issued as soon as it is determined that the participant will be required to participate in the second or third week of assessment.

(2) Payments for the third and subsequent months of an ongoing activity shall not be authorized before receipt of time and attendance verification, as described at subrule 93.10(2), for the month before the issuance month. EXAMPLE: A transportation payment for June, normally issued after May 15 to be available to the participant by June 1, will not be authorized until time and attendance verification for the month of April has been received in the PROMISE JOBS office.

(3) The amounts of payments for the third and subsequent months of an ongoing activity shall be adjusted by subtracting from normally scheduled days any number of days which represents a difference between the number of scheduled days of activity in the month before the issuance month and the number of actual days attended in that month. EXAMPLE: A transportation payment is issued in May based on 16 scheduled days of participation for June. The participant attends only 14 days of the activity. When preparing to issue the August transportation allowance, the worker subtracts two days from the normally scheduled August activities to calculate the payment. If ten days of participation are scheduled, the transportation payment issued in July for August is calculated using eight days.

(4) Because adjustment for actual attendance is not possible in the last two months of an ongoing activity, transportation payments for the last two months of an ongoing activity shall be subject to transportation overpayment provisions of paragraph 93.11(3)“e.”

EXCEPTION: A transportation overpayment does not occur for any month in which the participant leaves the PROMISE JOBS activity in order to enter employment.

e. Transportation overpayment. Payment for transportation shall be considered an overpayment subject to recovery in accordance with rule 441—93.12(239B) in the following instances:

(1) When the participant attends none of the scheduled days of participation in a PROMISE JOBS activity, the entire transportation payment shall be considered an overpayment. Recovery of the overpayment shall be initiated when it becomes clear that subsequent participation in the activity is not possible for reasons such as, but not limited to, family investment program ineligibility, establishment of a limited benefit plan, or exemption from PROMISE JOBS participation requirements.

(2) When the participant fails to attend 75 percent of the normally scheduled days of participation in either of the last two months of an ongoing PROMISE JOBS activity or in any transportation payment period of an activity which has not been used for payment adjustment as described at paragraph 93.11(3)“d,” an overpayment is considered to have occurred. The amount to recover shall be the difference between the amount for the actual number of days attended and the amount for 75 percent of normally scheduled days.

93.11(4) Training and education expenses. Participants shall use PROMISE JOBS payments that they receive to pay authorized expenses.

a. Classroom training. PROMISE JOBS payments for classroom training are limited as follows:

(1) Tuition payments for high school or high school equivalency completion, ABE, ESL, or short-term training programs of 29 weeks or less shall not exceed the rate charged by the Iowa community college located nearest the participant’s residence which offers a course or program comparable to the one in which the participant plans to enroll. If an Iowa community college does not

offer a comparable program, the maximum tuition rate payment shall not exceed the Iowa resident rate charged by the out-of-state area school located nearest the participant's residence.

(2) A standard payment for basic school supplies of \$10 per term or actual cost, whichever is higher, shall be allowed for those participants who request it. A claim for actual costs higher than \$10 must be verified by receipts.

(3) A per diem payment of \$10 for living costs during a practicum shall be allowed when the practicum is required by the curriculum of the training facility, would require a round-trip commuting time of three hours or more per day, and is not available closer to the participant's home. If practicum earnings or other assistance is available to meet practicum living costs, no payment shall be made.

(4) Payments may be authorized to meet the costs of travel required for certification and testing, not to exceed the transportation payment as described at subrule 93.11(3) and the current state employee reimbursement rate for meals and lodging.

(5) Funds may not be used to purchase supplies to enable a participant to begin a private business.

(6) No payment shall be made for jewelry, pictures, rental of graduation gowns, elective courses that require expenditures for field trips or special equipment, such as photography or art supplies, or other items that are not required to complete training for a vocational goal.

b. Retroactive payments. Retroactive payments for transportation and allowable direct education costs shall be allowed only under the following conditions:

(1) If plan approval or removal from a waiting list occurs after the start of the term due to administrative delay or worker delay, payments shall be approved retroactive to the start of the term for which the plan is approved or removal from the waiting list is authorized. If the participant has already paid costs with private resources, the participant shall be reimbursed.

(2) If plan approval is delayed due to the fault of the participant, payment eligibility shall begin with the first day of the month during which the plan is approved or the month in which the participant is removed from a waiting list as described at paragraph 93.4(4) "d," whichever is later. In this instance, there shall be no reimbursement for costs already paid by the participant.

c. Receipts. Participants shall furnish receipts for expenditures that they pay, except for transportation payments. Failure to provide receipts will preclude additional payments. Receipts may be requested for payments paid directly to the training provider if the PROMISE JOBS worker determines it is appropriate.

d. Payments directly to facility. PROMISE JOBS is authorized to provide payment for expenses allowable under these rules to the training facility for the educational expenses of tuition and fees and books and supplies which are provided by the facility and billed to the PROMISE JOBS participant. Payment may also be made to the participant in those situations where payment to the participant is determined to be appropriate by the PROMISE JOBS worker.

93.11(5) Other expenses.

a. Birth certificates. PROMISE JOBS funds shall be used to pay costs of obtaining a birth certificate when the birth certificate is needed in order for the participant to complete the workforce development registration process described in subrule 93.3(6).

b. Required clothing and equipment. A participant may receive up to a limit of \$100 per work-site assignment for clothing or equipment if required by the work experience site and not covered by the sponsor.

c. Workers' compensation. The department of human services shall provide workers' compensation coverage for all PROMISE JOBS work experience participants.

d. Workforce Investment Act. PROMISE JOBS funds may also be used to pay expenses for PROMISE JOBS participants enrolled in federal Workforce Investment Act (WIA) funded services or activities when those expenses are allowable under these rules.

[ARC 8346B, IAB 12/2/09, effective 12/1/09; ARC 8557B, IAB 3/10/10, effective 4/14/10; ARC 1694C, IAB 10/29/14, effective 1/1/15]

441—93.12(239B) Recovery of PROMISE JOBS expense payments. When an applicant, a participant, or a provider receives an expense payment for transportation or other supportive expenses

that is greater than allowed under these rules or receives a duplicate payment of an expense payment, an overpayment is considered to have occurred and recovery is required. There are two categories of PROMISE JOBS expense payments subject to recovery: (1) transportation, and (2) other supportive expense payments.

93.12(1) The PROMISE JOBS worker shall notify the department of inspections and appeals (DIA) to record the overpayment in the overpayment recovery system. The outstanding balance of any overpayments that occurred before July 1, 1990, shall be treated in the same manner.

93.12(2) The department of inspections and appeals shall notify the participant or the provider when it is determined that an overpayment exists, as described at 441—subrule 7.5(6).

a. Notification shall include the amount, date, and reason for the overpayment. Upon the participant's request, the local office shall provide additional information regarding the computation of the overpayment.

b. The participant may appeal the computation of the overpayment and any action to recover the overpayment through benefit reduction in accordance with 441—subrule 7.5(6). If a participant or provider files an appeal request, the PROMISE JOBS unit shall notify the DIA within three working days of receipt of the appeal request.

93.12(3) A PROMISE JOBS overpayment shall be recovered through repayment in part or in full. Repayments received by the PROMISE JOBS unit shall be transmitted to the Department of Human Services, Cashier's Office, Room 14, 1305 E. Walnut Street, Des Moines, Iowa 50319-0144.

a. Overpayments of PROMISE JOBS child care issued for any month before July 1999 shall be subject to recovery rules of the PROMISE JOBS program.

b. Overpayments of child care assistance issued for July 1999, and any month thereafter, are subject to recovery rules of the child care assistance program set forth in rule 441—170.9(234).

93.12(4) When a participant or a provider offers repayment in part or in full before the end of the 30-day appeal period, the PROMISE JOBS unit or the department of human services' local office shall accept the payment. If a subsequent appeal request is received, the PROMISE JOBS unit shall notify the DIA and shall not accept any further payments on the claim. The amount of the voluntary payment shall not be returned to the participant or provider unless the final decision on the appeal directs the department to do so.

93.12(5) When a participant or a provider has been referred to the DIA to initiate recovery, the DIA shall use the same methods of recovery as are used for the FIP program, described at DIA administrative rules 481—71.1(10A) to 71.9(10A), except that the FIP grant shall not be reduced to effect recovery without the participant's written permission.

a. When the participant requests grant reduction on Form 470-0495, Repayment Contract, the grant will be reduced for repayment as described in 441—subrule 46.25(3), paragraphs “a,” “b,” and “c.”

b. The DIA is authorized to take any reasonable action to effect recovery of provider overpayments such as, but not limited to, informal agreements, civil action, or criminal prosecution. However, the DIA shall not take any collection action on a provider overpayment that would jeopardize the participant's continued participation in the PROMISE JOBS program.

441—93.13(239B) Resolution of participation issues. PROMISE JOBS participants who do not carry out the responsibilities of the FIA shall be considered to have chosen the limited benefit plan, as described at 441—subrule 41.24(8). The participation issues listed in this rule are those that are important for effective functioning in the workplace or training facility and for the completion of the FIA.

93.13(1) Notification of participation issue. When participants appear to be choosing a limited benefit plan by not carrying out the FIA responsibilities, the PROMISE JOBS worker shall send one written reminder or letter as specified in subrule 93.10(1). The reminder or letter shall:

- a.* Clearly identify the participation issue and the specific action needed to resolve it,
- b.* Clarify expectations,
- c.* Attempt to identify barriers to participation that should be addressed in the FIA,
- d.* Explain the consequences of the limited benefit plan, and

e. Offer supervisory intervention.

93.13(2) Participation issues. Actions that may cause participants to be considered as having chosen the limited benefit plan when the participant does not have a problem or barrier to participation as defined at paragraph 93.4(5) “a” or rule 441—93.14(239B) are:

a. Tardiness. Participants who are more than 15 minutes late to a scheduled FIA activity for a third time within three months of the first tardiness, after receiving one written reminder at the time the second tardiness occurred.

b. Failure to attend scheduled activities. Participants who do not, for a second time after receiving one written reminder at the first occurrence, appear for scheduled appointments, participate in assessment activities, including taking required vocational or aptitude tests, complete or provide required forms other than those described at subrule 93.10(3) or are absent from activities designated in the FIA.

c. Absence from work experience. Participants who do not, for a second time after receiving one written reminder at the first occurrence, notify work experience sponsors or the PROMISE JOBS worker of an absence within one hour of the time at which they are due to appear.

d. Disruptive behavior. Participants who exhibit disruptive behavior for a second time after receiving one written reminder at the first occurrence. “Disruptive behavior” means the participant hinders the performance of other participants or staff, refuses to follow instructions, uses abusive language, or is under the influence of alcohol or drugs.

e. Unsatisfactory performance or participation. Participants whose performance or participation in an FIA activity continues to be unsatisfactory after PROMISE JOBS sends one letter as described in subrule 93.13(1).

f. Physical threats. Participants who make physical threats to other participants or staff and do not demonstrate that the participant is not at fault by providing written documentation from a doctor, licensed psychologist, probation officer, or law enforcement official after PROMISE JOBS sends one letter as described in subrule 93.13(1).

(1) “Physical threat” means having a dangerous weapon in one’s possession and either threatening with or using the weapon or committing assault.

(2) The documentation must verify that the act was caused by either a temporary problem or a serious problem or barrier that needs to be included in the FIA. The documentation must also provide reasonable assurance that the threatening behavior will not occur again.

g. Accepting work experience assignments. Participants who do not accept work experience assignments when the work experience is part of the FIA and do not demonstrate a problem or barrier that caused the failure after PROMISE JOBS sends one letter.

h. Work experience interviews. Participants who do not appear for work experience interviews for a second time after receiving a written reminder at the first occurrence.

i. Employment and other work activity issues. Participants who do not follow up on job referrals, who refuse offers of employment or other work activity, who reduce hours of employment or other work activity, who terminate employment or other work activity, or who are discharged from employment or other work activity due to misconduct.

(1) For the purposes of these rules, “misconduct” means a deliberate act or omission by the employed participant that constitutes a material breach of the duties and obligations arising out of the employee’s contract of employment. To be considered misconduct, the employee’s conduct must demonstrate deliberate violation or disregard of standards of behavior that the employer has the right to expect of employees. Mere inefficiency, unsatisfactory conduct, failure to perform well due to inability or incapacity, ordinary negligence in isolated instances, or good-faith errors in judgment or discretion shall not be deemed misconduct for the purpose of these rules.

(2) At the time of the occurrence, PROMISE JOBS shall send a letter to the participant regarding the misconduct. The letter shall give the participant an opportunity to resolve the issue by accepting a previously refused employment offer if available, returning to previously terminated employment if available, obtaining comparable employment, or demonstrating a problem or barrier that caused the failure.

j. Failure to secure child care. Participants who do not secure adequate child care when registered or licensed facilities are available after PROMISE JOBS sends one written reminder and when PROMISE JOBS has provided the participant with resources for locating adequate child care.

k. Inappropriate use of funds. Participants for whom child care, transportation, or educational services become unavailable as a result of failure to use PROMISE JOBS funds or child care assistance funds to pay the provider or failure to provide required receipts and who do not demonstrate a problem or barrier that caused the failure after PROMISE JOBS sends one letter.

l. Failure to follow training plan. Education participants who do not follow the requirements of a training plan in the FIA as described at rule 441—93.8(239B).

m. Failure to renegotiate the FIA. When a participant fails to respond to the PROMISE JOBS worker's request to renegotiate the FIA because the participant has not attained self-sufficiency by the date established in the FIA, a limited benefit plan shall be imposed regardless of whether the request to renegotiate is made before or after expiration of the FIA.

93.13(3) Choosing a limited benefit plan.

a. Before determining that a participant has chosen the limited benefit plan due to a potential participation issue, the PROMISE JOBS worker shall make every effort to negotiate a solution. Local PROMISE JOBS management has the option to involve an impartial third party to assist in a resolution process. Arrangements shall be indicated in the local services plan of the local service delivery region. As part of the resolution process, the PROMISE JOBS worker shall determine:

(1) Whether the participant has a problem that provides good cause for the participation issue, as described in rule 441—93.14(239B). If so, the participant shall be encouraged to take actions to fulfill the FIA.

(2) Whether participant circumstances indicate that a barrier to participation exists, as described in subrule 93.4(5). If so, the FIA shall be negotiated to address the barrier.

b. The participant may be considered to have chosen the limited benefit plan when all of the following occur:

(1) The participant is notified of a participation issue as described in subrule 93.13(1);

(2) The participant does not resolve the participation issue;

(3) The participant does not present acceptable evidence of a problem providing good cause for the issue as described in rule 441—93.14(239B); and

(4) The participant does not present acceptable evidence of a barrier to participation as described in subrule 93.4(5) or fails to renegotiate the FIA to address the identified barrier.

c. If the resolution process does not lead to fulfillment of the FIA, the case shall be referred for review by the administering or contracted service provider agency.

(1) The procedure may include review by state-level staff of the administering or contracted agency or by a regional PROMISE JOBS manager, a PROMISE JOBS supervisor, an income maintenance supervisor, or a combination of any of the above. Approval of any review procedure at less than the state level shall occur only after the service delivery region demonstrates satisfactory performance of the resolution process.

(2) The department of human services retains control and oversees review procedures even when another agency is contracted with to provide PROMISE JOBS services.

d. If the above steps do not lead to fulfillment of the FIA, the FIP participant is considered to have chosen the limited benefit plan and the notice of decision shall be initiated. The notice of decision shall inform the participant of:

(1) The action needed to reconsider the limited benefit plan as described at 441—subparagraph 41.24(8)“d”(1).

(2) Appeal rights under the limited benefit plan are described at rule 441—93.15(239B).

[ARC 1146C, IAB 10/30/13, effective 1/1/14; ARC 1208C, IAB 12/11/13, effective 2/1/14]

441—93.14(239B) Problems that may provide good cause for participation issues.

93.14(1) Problems leading to less than full participation. Problems affecting participation shall be considered to be of a temporary or incidental nature when the participation can easily be resumed. The

following problems may provide good cause for participation of less than the full number of hours identified in the FIA. PROMISE JOBS may require the participant to provide verification of the problem or barrier as described at subrule 93.10(3):

- a. Illness of the participant. When a participant is ill more than three consecutive days or if illness is habitual, the PROMISE JOBS worker may require medical documentation of the illness.
- b. Illness of family member. When a participant is required in the home due to illness of another family member, the PROMISE JOBS worker may require medical documentation.
- c. Family emergency, using reasonable standards of an employer.
- d. Bad weather, using reasonable standards of an employer.
- e. Absence or tardiness due to participant's or spouse's job interview. When possible, the participant shall provide notice of the interview at least 24 hours in advance including the name and address of the employer conducting the interview. When 24-hour notice is not possible, notice must be given as soon as possible and before the interview.
- f. Leave due to the birth of a child. When a child is born after referral, necessary absence shall be determined in accordance with the Family Leave Act of 1993.
- g. Court appearance.
- h. Attendance at school functions of the participant's children or children in the participant's household.
- i. Attendance at required meetings with the department of human services or PROMISE JOBS.
- j. Absence due to up to ten holidays per year.

(1) The participant must normally have been scheduled to work, or participate in an unpaid work activity on the given day and the work site or facility is closed due to a holiday, or open but the participant is allowed to take the participant's normally scheduled hours off on a different day.

(2) The holidays included are New Year's Day, Martin Luther King Day, President's Day, Memorial Day, Fourth of July, Labor Day, Veterans Day, Thanksgiving, the day after Thanksgiving, and Christmas.

93.14(2) Problems leading to refusing or quitting a job or limiting or reducing hours. The following problems may provide good cause for participation issues of refusing or quitting a job or limiting or reducing hours. PROMISE JOBS may require the participant to provide verification of the problem or barrier as described at subrule 93.10(3):

- a. Required travel time from home to the job or available work experience or unpaid community service site exceeds one hour each way. This includes additional travel time necessary to take a child to a child care provider.
- b. Except as described in 441—subrule 41.25(5), work offered is at a site subject to a strike or lockout, unless the strike has been enjoined under Section 208 of the Labor-Management Relations Act (29 U.S.C. 78A, commonly known as the Taft-Hartley Act), or unless an injunction has been issued under Section 10 of the Railway Labor Act (45 U.S.C. 160).
- c. The work site violates applicable state or federal health and safety standards or workers' compensation insurance is not provided.
- d. The job is contrary to the participant's religious or ethical beliefs.
- e. The participant is required to join, resign from or refrain from joining a legitimate labor organization.
- f. Work requirements are beyond the mental or physical capabilities as documented by medical evidence or other reliable sources.
- g. Discrimination by an employer based on age, race, sex, color, disability, religion, national origin or political beliefs.
- h. Work demands or conditions render continued employment unreasonable, such as working without being paid on schedule.
- i. Circumstances beyond the control of the participant, such as interruption of regular mail delivery or other disruptions of services.
- j. Employment change or termination is part of the FIA.
- k. Job does not pay at least the minimum amount customary for the same work in the community.

l. The participant terminates employment in order to take a better-paying job, even though hours of the new job may be less than those in the previous job.

m. The employment would result in the family of the participant experiencing a net loss of cash income. Net loss of cash income results if the family's gross income less necessary work-related expenses is less than the cash assistance the person was receiving at the time the offer of employment is made. Gross income includes, but is not limited to, earnings, unearned income, and cash assistance. Gross income does not include food stamp benefits and in-kind income.

n. The employment changes substantially from the terms of hire, such as a change in work hours or work shift or a decrease in pay rate.

93.14(3) Other problems. The PROMISE JOBS worker may identify circumstances that could negatively impact the participant's achievement of self-sufficiency that are not described in subrule 93.14(1) or 93.14(2). When this occurs, the case shall be referred to the administrator of the division of financial, health and work supports for a determination as to whether the problems are acceptable reasons for:

a. Not participating,

b. Refusing or quitting a job, or

c. Discharge from employment due to misconduct as described at paragraph 93.13(2) "i."

[ARC 1146C, IAB 10/30/13, effective 1/1/14]

441—93.15(239B) Right of appeal. In accordance with 441—Chapter 7, each applicant or participant is entitled to appeal and to be granted a hearing over disputes regarding: (1) services being received; (2) services which have been requested and denied, reduced, canceled, or inadequately provided; and (3) acts of discrimination on the basis of race, sex, national origin, religion, age or handicapping condition.

93.15(1) Informal resolution process. When there is a disagreement between the participant and the immediate PROMISE JOBS worker regarding the participant's FIA or participation in PROMISE JOBS components, the participant may request an interview with the supervisor and a decision on the dispute. The supervisor shall schedule a face-to-face interview with the participant within 7 days and issue a decision in writing within 14 days of the participant's request.

93.15(2) Appeal on the content of the family investment agreement. A participant shall have the right to appeal the content of the FIA when the informal resolution process described at subrule 93.15(1) does not resolve a disagreement between the participant and the PROMISE JOBS worker.

93.15(3) Appeal of an alleged violation of PROMISE JOBS program policy. Participants shall have the right to file a written appeal concerning any alleged violation of a PROMISE JOBS program policy that is imposed as a condition of participation. The responsible agency shall provide the participant with written documentation that specifies the participation requirement in dispute.

93.15(4) Appeal rights under the limited benefit plan. A participant has the right to appeal the establishment of the limited benefit plan only once, at the time the department issues the timely and adequate notice that establishes the limited benefit plan. However, when the reason for the appeal is based on incorrect grant computation, an error in determining the eligible group, or another worker error, a hearing shall be granted when the appeal otherwise meets the criteria for hearing.

93.15(5) Request for a hearing on work conditions or availability of workers' compensation coverage. A participant who is enrolled in the PROMISE JOBS program may request a hearing if dissatisfied with working conditions, the availability of workers' compensation coverage or the wage rate used in determining hours of work experience program participation.

a. When any involved party is dissatisfied with the department's final decision, the dissatisfied party shall be informed of the right to appeal the issue to the Secretary of Labor, Office of Administrative Law Judges, U.S. Department of Labor, Vanguard Building, Room 600, 111 20th Street N.W., Washington, DC 20036, within 20 days of receipt of the decision. The department may assist with the appeal upon request.

b. For the purposes of this rule, the department's final decision shall be considered received the second day after the date that the written decision was mailed, unless the intended recipient can

demonstrate that it was not received on the second day after the mailing date. When the second day falls on a Sunday or legal holiday, the time shall be extended to the next mail delivery day.

c. The option to appeal to the Secretary of Labor does not preclude an individual from exercising any right to judicial review provided in Iowa Code chapter 17A or as described in 441—Chapter 7.

441—93.16(239B) Resolution of a limited benefit plan.

93.16(1) Resolution process for a first limited benefit plan. For participants who choose a first limited benefit plan, the notice of decision shall inform the participant of the action needed to reconsider the limited benefit plan as described at 441—subparagraph 41.24(8) “d”(1).

a. The notice of decision establishing a first limited benefit plan shall inform the FIP participant that the participant may reconsider at any time from the date timely and adequate notice is issued establishing the limited benefit plan. The notice of decision shall inform the participant that the participant shall contact the department or appropriate PROMISE JOBS office to reconsider the limited benefit plan.

b. When the participant contacts either the income maintenance worker or the PROMISE JOBS office, the participant shall be scheduled to begin or resume development of the FIA as described elsewhere in these rules.

c. When the FIA is signed, the PROMISE JOBS worker shall notify the department and the limited benefit plan shall be terminated. FIP benefits shall be effective as described at 441—subparagraph 41.24(8) “d”(1).

93.16(2) Resolution process for a subsequent limited benefit plan. The notice of decision establishing a subsequent limited benefit plan shall inform the FIP participant of the six-month ineligibility period and that the participant may reconsider at any time following the six-month ineligibility period. To reconsider, the participant must complete significant contact with or action in regard to the PROMISE JOBS program as described at 441—subparagraph 41.24(8) “d”(3).

a. When the six-month ineligibility period ends and the participant contacts either the income maintenance worker or the PROMISE JOBS office, the participant shall be scheduled to sign a new or updated FIA and to begin significant action as described at 441—subparagraph 41.24(8) “d”(3).

b. When the FIA is signed and the participant has satisfactorily completed the significant action, the PROMISE JOBS worker shall notify the department and the limited benefit plan shall be terminated. FIP benefits shall be effective as described at 441—subparagraph 41.24(8) “d”(3).

441—93.17(239B) Worker displacement grievance procedure. The PROMISE JOBS program shall provide a grievance procedure to address and resolve public complaints regarding the displacement of regular workers with program participants in a work experience placement.

93.17(1) The procedure shall provide that:

a. Complaints must be filed in writing and received by the PROMISE JOBS service provider within one year of the alleged violation.

b. A representative of the PROMISE JOBS service provider must schedule a face-to-face interview with the complainant within 7 days of the date the complaint is filed, to provide the opportunity for informal resolution of the complaint.

c. Written notice of the location, date and time of the face-to-face interview must be provided.

d. An opportunity must be provided to present evidence at the face-to-face interview.

e. The representative of the PROMISE JOBS service provider shall issue a decision in writing within 14 days of the date a complaint is filed.

f. A written explanation must be provided to all involved parties of the right to file a written appeal, according to 441—Chapter 7, if the opportunity for informal resolution is declined, if a party receives an adverse decision from the PROMISE JOBS service provider, or if there is no decision within the 14-day period.

(1) To be considered, an appeal must be filed with the department within 10 days of the mailing date of the adverse decision or within 24 days of the date a complaint is filed

(2) An appeal hearing will not be granted until informal resolution procedures have been exhausted, unless a decision has not been issued within 24 days of the complaint filing date.

93.17(2) The department shall issue a final decision within 90 days of the date the complaint was filed with the PROMISE JOBS service provider.

93.17(3) Any dissatisfied party shall be informed of the right to appeal the decision of the department to the Secretary of Labor, Office of Administrative Law Judges, U.S. Department of Labor, Vanguard Building, Room 600, 111 20th Street N.W., Washington, DC 20036, within 20 days of the receipt of the department's final decision.

a. For the purposes of this rule, the department's final decision shall be considered received the second day after the date that the written decision was mailed, unless the intended recipient can demonstrate that it was not received on the second day after the mailing date. When the second day falls on a Sunday or legal holiday, the time shall be extended to the next mail delivery date.

b. The option to appeal to the Secretary of Labor does not preclude an individual from exercising any right to judicial review as provided in Iowa Code chapter 17A or as described in 441—Chapter 7.

93.17(4) Upon notice of a complaint or grievance, the PROMISE JOBS office must provide the complaining party with a copy of the grievance procedures, notification of the right to file a formal complaint and instruction on how to file a complaint.

93.17(5) Upon filing a complaint, and at each stage thereafter, each complainant must be notified in writing of the next step in the complaint procedure.

93.17(6) The identity of any person who has furnished information relating to, or assisting in, an investigation of a possible violation must be kept confidential to the extent possible, consistent with due process and a fair determination of the issues.

93.17(7) All employers who participate in the PROMISE JOBS program shall provide assurances that all regular employees are aware of this grievance procedure.

These rules are intended to implement Iowa Code section 239B.17 to 239B.22.

CHAPTER 94
IOWA TRANSITIONAL ASSISTANCE FOR
DIRECT EDUCATION COSTS PROGRAM
Rescinded IAB 2/6/02, effective 4/1/02

TITLE X
SUPPORT RECOVERYCHAPTER 95
COLLECTIONS

[Prior to 7/1/83, Social Services[770] Ch 95]

[Prior to 2/11/87, Human Services[498]]

441—95.1(252B) Definitions.

“*Bureau chief*” shall mean the chief of the bureau of collections of the department of human services or the bureau chief’s designee.

“*Caretaker*” shall mean a custodial parent, relative or guardian whose needs are included in an assistance grant paid according to Iowa Code chapter 239B, or who is receiving this assistance on behalf of a dependent child, or who is a recipient of nonassistance child support services.

“*Child support recovery unit*” shall mean any person, unit, or other agency which is charged with the responsibility for providing or assisting in the provision of child support enforcement services pursuant to Title IV-D of the Social Security Act.

“*Consumer reporting agency*” shall mean any person or organization which, for monetary fees, dues or on a cooperative nonprofit basis, regularly engages in whole or in part in the practice of assembling or evaluating consumer credit information or other information on consumers for the purpose of furnishing consumer reports to third parties, and which uses any means or facility of interstate commerce for the purpose of preparing or furnishing consumer reports.

“*Current support*” shall mean those payments received in the amount, manner and frequency as specified by an order for support and which are paid to the clerk of the district court, the public agency designated as the distributor of support payments as in interstate cases, or another designated agency. Payments to persons other than the clerk of the district court or other designated agency do not satisfy the definition of support pursuant to Iowa Code section 598.22. In addition, current support shall include assessments received as specified pursuant to rule 441—156.1(234).

“*Date of collection*” shall mean the date that a support payment is received by the department or the legal entity of any state or political subdivision actually making the collection, or the date that a support payment is withheld from the income of a responsible person by an employer or other income provider, whichever is earlier.

“*Delinquent support*” shall mean a payment, or portion of a payment, including interest, not received by the clerk of the district court or other designated agency at the time it was due. In addition, delinquent support shall also include assessments not received as specified pursuant to rule 441—156.1(234).

“*Department*” shall mean the department of human services.

“*Dependent child*” shall mean a person who meets the eligibility criteria established in Iowa Code chapter 234 or 239B, and whose support is required by Iowa Code chapter 234, 239B, 252A, 252C, 252F, 252H, 252K, 598 or 600B, and any other comparable chapter.

“*Federal nontax payment*” shall mean an amount payable by the federal government which is subject to administrative offset for support under the federal Debt Collection Improvement Act, Public Law 104-134.

“*Obligee*” shall mean any person or entity entitled to child support or medical support for a child.

“*Obligor*” shall mean a parent, relative or guardian, or any other designated person who is legally liable for the support of a child or a child’s caretaker.

“*Payor of income*” shall have the same meaning provided this term in Iowa Code section 252D.16.

“*Prepayment*” shall mean payment toward an ongoing support obligation when the payment exceeds the current support obligation and amounts due for past months are fully paid.

“*Public assistance*” shall mean assistance provided according to Iowa Code chapter 239B or 249A, the cost of foster care provided by the department according to chapter 234, or assistance provided under comparable laws of other states.

“*Responsible person*” shall mean a parent, relative or guardian, or any other designated person who is or may be declared to be legally liable for the support of a child or a child’s caretaker. For the purposes of calculating a support obligation pursuant to the mandatory child support guidelines prescribed by the

Iowa Supreme Court in accordance with Iowa Code section 598.21B, this shall mean the person from whom support is sought.

“*Support*” shall mean child support or medical support or both for purposes of establishing, modifying or enforcing orders, and spousal support for purposes of enforcing an order.

This rule is intended to implement Iowa Code chapters 252B, 252C and 252D.
[ARC 1357C, IAB 3/5/14, effective 5/1/14]

441—95.2(252B) Child support recovery eligibility and services.

95.2(1) *Public assistance cases.* The child support recovery unit shall provide paternity establishment and support establishment, modification and enforcement services, as appropriate, under federal and state laws and rules for children and families referred to the unit who have applied for or are receiving public assistance. Referrals under this subrule may be made by the family investment program, the Medicaid program, the foster care program or agencies of other states providing child support services under Title IV-D of the Social Security Act for recipients of public assistance.

95.2(2) *Nonpublic assistance cases.* The same services provided by the child support recovery unit for public assistance cases shall also be made available to any person not otherwise eligible for public assistance. The services shall be made available to persons upon the completion and filing of an application with the child support recovery unit except that an application shall not be required to provide services to the following persons:

a. Persons not receiving public assistance for whom an agency of another state providing Title IV-D child support recovery services has requested services.

b. Persons for whom a foreign reciprocating country or a foreign country with which this state has an arrangement as provided in 42 U.S.C. §659 has requested services.

c. Persons who are eligible for continued services upon termination of assistance under the family investment program or Medicaid.

95.2(3) *Services available.* Except as provided by separate rule, the child support recovery unit shall provide the same services as the unit provides for public assistance recipients to persons not otherwise eligible for services as public assistance recipients. The child support recovery unit shall determine the appropriate enforcement procedure to be used. The services are limited to the establishment of paternity, the establishment and enforcement of child support obligations and medical support obligations, and the enforcement of spousal support orders if the spouse is the custodial parent of a child for whom the department is enforcing a child support or medical support order.

95.2(4) *Application for services.*

a. A person who is not on public assistance requesting services under this chapter, except for those persons eligible to receive support services under paragraphs 95.2(2)“*a,*” “*b,*” and “*c,*” shall complete and return Form 470-0188, Application for Nonassistance Support Services, for each parent from whom the person is seeking support.

(1) The application shall be returned to the child support recovery unit serving the county where the person resides. If the person does not live in the state, the application form shall be returned to the county in which the support order is entered or in which the other parent or putative father resides.

(2) The person requesting services has the option to seek support from one or both of the child’s parents.

b. An individual who is required to complete Form 470-0188, Application for Nonassistance Support Services, shall be charged an application fee in the amount set by statute. The unit shall charge one application fee for each parent from whom support is sought. The unit shall charge the fee at the time of initial application and any subsequent application for services. The individual shall pay the application fee to the local child support recovery unit before services are provided.

This rule is intended to implement Iowa Code sections 252B.3 and 252B.4.

441—95.3(252B) Crediting of current and delinquent support. The amounts received as support from the obligor shall be credited as the required support obligation for the month in which they are collected. Any excess shall be credited as delinquent payments and shall be applied to the immediately preceding

month, and then to the next immediately preceding month until all excess has been applied. Funds received as a result of federal tax offsets shall be credited according to rule 441—95.7(252B).

The date of collection shall be determined as follows:

95.3(1) *Payments from income withholding.* Payments collected as the result of income withholding are considered collected in the month in which the income was withheld by the income provider. The date of collection shall be the date on which the income was withheld.

a. For the purpose of reporting the date the income was withheld, the department shall notify income providers of the requirement to report the date income was withheld and shall provide Form 470-3221, “Income Withholding Return Document,” to those income providers who manually remit payments. When reported on this form or through other electronic means or multiple account listings, the date of collection shall be used to determine support distributions. When the date of collection is not reported, support distributions shall initially be issued based on the date of the check. If proof of the date of collection is subsequently provided, any additional payments due the recipient shall be issued.

b. When the collection services center (CSC) is notified or otherwise becomes aware that a payment received from an income provider pursuant to 441—Chapter 98, Division II, includes payment amounts such as vacation pay or severance pay, these amounts are considered irrevocably withheld in the months documented by the income provider. When the income provider does not document the months for which the sums are withheld, the amounts shall initially be distributed based on the date of the check. If documentation is subsequently provided, any additional payments due the recipient shall be issued.

95.3(2) *Payments from state or political subdivisions.* Payments collected from any state or political subdivision are considered collected in the same month the payments were actually received by that legal entity or the month withheld by an income provider, whichever is earlier. Any state or political subdivision transmitting payments to the department shall be responsible for reporting the date the payments were collected. When the date of collection is not reported, support distributions shall be initially issued based on the date of the state’s or political subdivision’s check. If proof of the date of collection is subsequently provided, any additional payments due the recipient shall be issued.

95.3(3) *Additional payments.* An additional payment in the month which is received within five calendar days prior to the end of the month shall be considered collected in the next month if:

- a.* CSC is notified or otherwise becomes aware that the payment is for the next month, and
- b.* Support for the current month is fully paid.

This rule is intended to implement Iowa Code sections 252B.15 and 252D.17.

441—95.4(252B) Prepayment of support. Prepayment which is due to the child support obligee shall be sent to the obligee upon receipt by the department, and shall be credited as payment of future months’ support. Prepayment which is due the state shall be distributed as if it were received in the month when due. Support is prepaid when amounts have been collected which fully satisfy the ongoing support obligation for the current month and all past months.

441—95.5(252B) Lump sum settlement.

95.5(1) Any lump sum settlement of child support involving an assignment of child support payments shall be negotiated in conjunction with the child support recovery unit. The child support recovery unit shall be responsible for the determination of the amount due the department, including any accrued interest on the support debt computed in accordance with Iowa Code section 535.3 for court judgments. This determination of the amount due shall be made in accordance with Section 302.51, Code of Federal Regulations, Title 45 as amended to August 4, 1989. The bureau chief may waive collection of the accrued interest when negotiating a lump sum settlement of a support debt, if the waiver will facilitate the collection of the support debt.

95.5(2) The child support recovery unit shall be responsible for the determination of the department’s entitlement to all or any of the lump sum payment in a paternity action.

This rule is intended to implement Iowa Code chapter 252C.

441—95.6(252B) Offset against state income tax refund or rebate. The department will make a claim against an obligor's state income tax refund or rebate when a support payment is delinquent as set forth in 11—Chapter 40. A claim against an obligor's state income tax refund or rebate shall apply to support which the department is attempting to collect.

95.6(1) By the first day of each month, the department shall submit to the department of administrative services a list of obligors who are delinquent at least \$50 in support payments.

95.6(2) When the department claims an obligor's state income tax refund or rebate, the department shall send a preoffset notice to the obligor to inform the obligor of the amount the department intends to claim and apply to support. The department shall send a preoffset notice when:

a. The department of administrative services notifies the department that the obligor is entitled to a state income tax refund or rebate; and

b. The obligor has a delinquency of \$50 or greater.

95.6(3) When the obligor wishes to contest a claim, a written request shall be submitted to the department within 15 days after the preoffset notice is sent. When the request is received within the 15-day limit, a hearing shall be granted pursuant to rules in 441—Chapter 7.

95.6(4) The spouse's proportionate share of a joint return filed with an obligor, as determined by the department of revenue, shall be released by the department of revenue unless other claims are made on that portion of the joint income tax refund. The request for release of a spouse's proportionate share shall be received by the department within 15 days after the date of the preoffset notice.

95.6(5) The department shall refund any amount incorrectly offset to the obligor unless the obligor agrees in writing to apply the refund of the incorrect offset to any other support obligation due.

95.6(6) The department shall notify an obligor of the final decision regarding the claim against the tax refund or rebate by sending a final disposition of support recovery claim notice to the obligor.

95.6(7) Application of offset. Offsets shall be applied as provided in rule 441—95.3(252B).

This rule is intended to implement Iowa Code sections 8A.504, 252B.3, 252B.4 and 252B.5(4).
[ARC 9177B, IAB 11/3/10, effective 1/1/11]

441—95.7(252B) Offset against federal income tax refund and federal nontax payment. The department will make a claim against an obligor's federal income tax refund or federal nontax payment when delinquent support is owed. For purposes of this offset, delinquent support shall include the entire balance of a judgment for accrued support, as provided in Iowa Code section 252B.5(4).

95.7(1) Amount of assigned support. If the delinquent support is assigned to the department, the amount of delinquent support shall be at least \$150, calculated by combining the assigned delinquent support in all of the obligor's cases in which the assigned delinquent support is at least \$50.

95.7(2) Amount of nonassigned support. If delinquent support is not assigned to the department, the claim shall be made if the amount of delinquent support is at least \$500, calculated by combining the nonassigned delinquent support in all of the obligor's cases in which the nonassigned delinquent support is at least \$50.

a. The amount distributed to an obligee shall be the amount remaining following payment of a support delinquency assigned to the department. The department shall distribute to an obligee the amount collected from an offset according to subrule 95.7(9) within the following time frames:

(1) Within six months from the date the department applies an offset amount from a joint income tax refund to the child support account of the responsible person, or within 15 days of the date of resolution of an appeal under subrule 95.7(8), whichever is later, or

(2) Within 30 days from the date the department applies an offset amount from a single income tax refund to the child support account of the responsible person, or within 15 days of the date of resolution of an appeal under subrule 95.7(8), whichever is later.

(3) However, the department is not required to distribute until it has received the amount collected from an offset from the federal Department of the Treasury.

b. Federal nontax payment offset distribution. Federal nontax payment offsets shall be applied as provided in rule 441—95.3(252B).

95.7(3) Notification to federal agency. The department shall, by October 1 of each year or at times as permitted or specified by federal regulations, submit a notification(s) of liability for delinquent support to the federal office of child support enforcement.

95.7(4) Preoffset notice and review. Each obligor who does not have an existing support debt on record with the federal office of child support enforcement will be sent a preoffset notice in writing, using address information provided to the federal office of child support enforcement, stating the amount of the delinquent support certified for offset.

a. Individuals whose names were submitted for federal offset who wish to dispute the offset must notify the department in writing within the time period specified in the preoffset notice.

b. Upon receipt of a complaint from the individual disputing the submission for offset, the child support recovery unit shall conduct a review to determine if there is a mistake of fact and respond to the individual in writing within ten days. For purposes of this rule, “mistake of fact” means a mistake in the identity of the obligor or whether the delinquency meets the criteria for referral.

95.7(5) Recalculation of delinquency. When the records of the department differ with those of the obligor for determining the amount of the delinquent support, the obligor may provide and the department will accept documents verifying modifications of the order, and records of payments made pursuant to state law, and will recalculate the delinquency.

95.7(6) The department shall notify the federal office of child support enforcement, within time frames established by it, of any modification or elimination of an amount referred for offset.

95.7(7) When an individual does not respond to the preoffset notice within the specified time even though the department later agrees a certification error was made, the person must wait for corrective action as specified in subrule 95.7(8).

95.7(8) Offset notice, appeal, and refund. The federal Department of the Treasury will send notice that a federal income tax refund or federal nontax payment owed to the obligor has been intercepted. When the unit receives information from the federal office of child support enforcement regarding the offset, or when the individual whose name was submitted for federal offset notifies the department that the individual has received an offset notice, the department shall issue to that individual Form 470-3684, Appeal Rights for Federal Offsets.

a. The individual whose name was submitted for federal offset shall have 15 days from the date of the notice to contest the offset by initiating an administrative appeal pursuant to 441—subrules 7.8(1) and 7.8(2). Except as specifically provided in this rule, administrative appeals will be governed by 441—Chapter 7. The issue on appeal shall be limited to a mistake of fact as specified at paragraph 95.7(4) “*b.*”

b. The department shall refund the incorrect portion of a federal income tax offset or federal nontax payment offset within 30 days following verification of the offset amount. Verification shall mean a listing from the federal office of child support enforcement containing the obligor’s name and the amount of tax refund or nontax payment to which the obligor is entitled. The date the department receives the federal listing will be the beginning day of the 30-day period in which to make a refund.

c. The department shall refund the amount incorrectly set off to the obligor unless the obligor agrees in writing to apply the refund of the incorrect offset to any other support obligation due.

95.7(9) Application of offsets. Offsets of federal income tax refunds shall be applied to delinquent support only. The department shall first apply the amount collected from an offset to delinquent support assigned to the department under Iowa Code chapters 234 and 239B. The department shall then apply any amount remaining in equal proportions to delinquent support due individuals receiving nonassistance services.

This rule is intended to implement Iowa Code sections 252B.3, 252B.4, and 252B.5.
[ARC 9177B, IAB 11/3/10, effective 1/1/11]

441—95.8(96) Child support offset of unemployment insurance benefits. When the department of workforce development notifies the child support recovery unit that an individual who owes a child support obligation being enforced by the unit has been determined to be eligible for unemployment insurance benefits, the unit will enforce a child support obligation that is owed by an obligor but is not

being met by offset of unemployment insurance benefits. “Owed but not being met” means either current child support not being met or arrearages that are owed.

95.8(1) Withholding. The child support recovery unit shall offset unemployment insurance benefits by initiating a withholding of income pursuant to Iowa Code chapter 252D and 441—Chapter 98, Division II. The amount to be withheld through a withholding of unemployment insurance benefits shall not exceed the amount specified in 15 U.S.C. 1673(b).

95.8(2) A receipt of the payments intercepted through unemployment insurance benefits will be provided once a year, upon the obligor’s request to the child support recovery unit.

This rule is intended to implement Iowa Code section 96.3 and 15 U.S.C. 1673(b).

441—95.9 Reserved.

441—95.10(252C) Mandatory assignment of wages. Rescinded IAB 9/5/90, effective 11/1/90.

441—95.11(252C) Establishment of an administrative order. Rescinded IAB 9/1/93, effective 11/1/93. See 441—99.41(252C).

441—95.12(252B) Procedures for providing information to consumer reporting agencies. The bureau chief shall make information available to consumer reporting agencies, upon their request, regarding the amount of overdue support owed by a responsible person only in cases where the overdue support exceeds \$1,000.

95.12(1) Request of information. Agencies shall request the information from the Bureau of Collections, Department of Human Services, Hoover State Office Building, Des Moines, Iowa 50319-0114. Requests for information about an individual shall include the individual’s name and identifying information such as a social security number or birth date. Agencies may also request a listing of all obligors owing support in excess of \$1,000.

95.12(2) A notice of proposed release of information shall be sent to the last known address of the responsible person 30 calendar days prior to the release of the support arrearage information to a consumer reporting agency. This notice shall explain the information to be released and the methods available for contesting the accuracy of the information.

95.12(3) The responsible person may, within 15 calendar days of the date of the notice of proposed release of information, request a conference with the child support recovery officer to contest the accuracy of the information to be given to the consumer reporting agency. In contested cases no referral shall be made to the consumer reporting agency until after the amount of overdue support has been confirmed to exceed \$1,000.

95.12(4) Rescinded IAB 11/6/96, effective 1/1/97.

This rule is intended to implement Iowa Code section 252B.8.

441—95.13(17A) Appeals. Nonreceipt of support collected by the department that is to be paid to the obligee may be appealed pursuant to the procedures provided in this rule if the obligee claims that the payment was credited to the incorrect month in accordance with subrules 95.3(1), 95.3(2), and 95.3(3).

95.13(1) Contact with department. Obligees who believe they have not received all or part of a support payment to which they are entitled in accordance with subrules 95.3(1), 95.3(2), and 95.3(3) must first contact a customer service representative and indicate that they have not received the payment.

a. An obligee may contact a customer service representative in person at the department’s collection services center, by telephone through the specialized customer services unit, or by writing to the Collection Services Center, 727 East 2nd Street, Des Moines, Iowa 50306.

b. The department will acknowledge this contact in writing, indicating the months at issue.

95.13(2) Written decision. Within 30 days of the contact, the department shall issue a written decision on all contested support distributions based on the date of collection.

95.13(3) Initiation of appeal. If the department denies some or all support payments that are claimed based on the date of collection, the obligee may initiate an administrative appeal.

a. To initiate an administrative appeal, the obligee shall make a written request to the child support recovery unit indicating an intent to appeal.

b. The time limit for initiating an administrative appeal shall be governed by 441—subrule 7.5(4). The time limit provided in 441—subrule 7.5(4) shall start with the date that a written decision as required by subrule 95.13(2) is issued.

c. If no written decision has been issued after 30 days, the obligee may appeal the failure to issue a written decision. The appeal may be initiated at any time after 30 days and before a written decision is issued.

95.13(4) *Limitation of appeals.* Appeals will be limited to claims based on child support received by the department during the nine-month period before the month in which the appeal is initiated.

95.13(5) *Appeal process.* Except as specifically provided in this rule, administrative appeals shall be governed by 441—Chapter 7.

95.13(6) *Appeal issue.* The issue in appeals held pursuant to these procedures shall be limited to the obligee's entitlement to a support payment that has been collected by the department.

This rule is intended to implement Iowa Code sections 17A.12 to 17A.20.

441—95.14(252B) Termination of services.

95.14(1) *Case closure criteria.*

a. The child support recovery unit may terminate services when the case meets at least one of the following case closure criteria and the child support recovery unit maintains supporting documentation for the case closure decision in the record:

(1) There is no ongoing support obligation, and arrearages are under \$500 or unenforceable under state law.

(2) The noncustodial parent or alleged father is deceased, and no further action, including a levy against the estate, can be taken.

(3) The noncustodial parent is living with the minor child as the primary caregiver, the custodial parent is deceased, and there is no assignment to the state of support or of arrearages that accrued under the support order.

(4) The child support recovery unit cannot establish paternity because:

1. The child is at least 18 years old and the statute of limitations bars an action to establish paternity;

2. A genetic test or a court or administrative process has excluded the alleged father and no other alleged father can be identified;

3. The child support recovery unit has determined that it would not be in the best interest of the child to establish paternity in a case that involves incest or rape or a case in which legal proceedings for adoption are pending; or

4. The identity of the biological father is unknown and cannot be identified after diligent efforts, including at least one interview by the child support recovery unit with the recipient of services.

(5) The noncustodial parent's location is unknown and the child support recovery unit has made diligent efforts to locate the noncustodial parent using multiple sources, in accordance with regulations in 45 CFR 303.3, all of which have been unsuccessful, within the applicable time frame:

1. Over a three-year period when there is sufficient information to initiate an automated locate effort.

2. Over a one-year period when there is not sufficient information to initiate an automated locate effort.

(6) The child support recovery unit has determined that, throughout the duration of the child's minority (or after the child has reached the age of majority), the noncustodial parent cannot pay support and shows no evidence of support potential because the parent has been institutionalized in a psychiatric facility, is incarcerated, or has a medically verified total and permanent disability. The child support recovery unit must also determine that the noncustodial parent has no income or assets available above the subsistence level that could be levied or attached for support.

(7) The noncustodial parent's sole income is from supplemental security income (SSI) payments.

(8) The noncustodial parent is a citizen of and lives in a foreign country, does not work for the federal government or a company with headquarters or offices in the United States, and has no reachable domestic income or assets, and there is no federal or state treaty or reciprocity with the country.

(9) In a case involving child support services to a person who is not a recipient of public assistance, the child support recovery unit has provided location-only services.

(10) The child support recovery unit has received a written or verbal request from the recipient of services to close the case, and there is no assignment to the state of support or of arrearages that accrued under the support order.

(11) In a case involving child support services to a recipient of public assistance, there has been a finding of good cause or other exception in a public assistance case as specified in 441—subrules 41.22(8) through 41.22(12) and 441—subrule 75.14(3), including a determination that support enforcement may not proceed without risk or harm to the child or caretaker relative.

(12) In a case involving child support services to a person who is not a recipient of public assistance or who is a recipient of public assistance receiving Medicaid only, the child support recovery unit has received information that the address in the unit's record is no longer current and the unit is unable to contact or otherwise locate the recipient within 60 days following receipt of this information, despite a good-faith effort to contact the recipient through at least two different methods.

(13) In a case involving child support services to a person who is not a recipient of public assistance or who is a recipient of public assistance receiving Medicaid only, the recipient of services has failed to cooperate with the child support recovery unit, which documented the circumstances of the noncooperation, and an action by the recipient of services is essential for the next step in providing services. (See rule 441—95.19(252B).)

(14) The child support recovery unit documents failure by the initiating agency, as defined under 45 CFR 301.1, to take an action that is essential for the next step in providing services.

(15) The initiating agency, as defined under 45 CFR 301.1, has notified the child support recovery unit that the initiating agency has closed its case.

(16) The initiating agency, as defined under 45 CFR 301.1, has notified the child support recovery unit that its intergovernmental services are no longer needed.

(17) Another assistance program, including IV-A, IV-E, SNAP, and Medicaid, has referred to the child support recovery unit a case for which it is inappropriate to establish, enforce, or continue to enforce a child support order and the custodial or noncustodial parent has not applied for child support services.

(18) The case meets any other basis for case closure based upon federal law.

b. The child support recovery unit may terminate services when no support or arrearages that accrued under the support order are assigned to the state and the recipient of services requested the child support recovery unit to close the case to allow the tribal IV-D agency to start providing services under that program.

c. The child support recovery unit must close a case and maintain supporting documentation for the case closure decision when the following criteria have been met:

(1) The child support recovery unit is notified that the child is eligible for health care services from the Indian Health Service (IHS); and

1. The IV-D case was opened because of a Medicaid referral based solely upon health care services, including the Purchased/Referred Care Program, provided through an Indian health program (as defined at 25 U.S.C. 1603(12)); and

2. The recipient of services requested the child support recovery unit to close the case.

(2) The child support recovery unit receives instructions for case closure from an initiating agency, as defined under 45 CFR 301.1. Within ten working days, the child support recovery unit must stop the income withholding order or notice and close the intergovernmental IV-D case.

95.14(2) Case closure notifications. In cases meeting one of the criteria of 95.14(1), except 95.14(1)“a”(9), (10), or (11), the child support recovery unit shall send notification of its intent to close the case to the recipient of services or the initiating agency, as defined under 45 CFR 301.1, in writing 60 calendar days before case closure. The notice shall be sent to the recipient of services or the state requesting services at the last-known address stating the reason for denying or terminating services,

the effective date, and an explanation of the right to request a hearing according to 441—Chapter 7. Closure of the case following notification is subject to the following:

a. If, in response to the notice, the recipient of services or the initiating agency, as defined under 45 CFR 301.1, supplies information which could lead to the establishment of paternity or a support order or enforcement of an order, the case shall be kept open.

b. If the case is to be closed because the child support recovery unit was unable to contact the recipient of services as provided in subparagraph 95.14(1) “a”(12), the case shall be kept open if contact is reestablished with the recipient of services before the effective date of the closure.

c. The recipient of services may request to have the child support recovery unit reopen the case at a later date if there is a change in circumstances which could lead to the establishment of paternity or a support order or enforcement of an order by completing a new application and paying any applicable fee.

d. For notices under this subrule, if the recipient of services specifically authorizes consent for electronic notifications, the child support recovery unit may elect to notify the recipient of services electronically of the child support recovery unit’s intent to close the case. The child support recovery unit must maintain documentation of the recipient’s consent in the case record.

This rule is intended to implement Iowa Code sections 252B.4, 252B.5, and 252B.6.
[ARC 3719C, IAB 3/28/18, effective 7/1/18]

441—95.15(252B) Child support recovery unit attorney.

95.15(1) *State’s representative.* An assistant attorney general, assistant county attorney, or independent contract attorney employed by or under contract with the child support recovery unit represents only the state of Iowa. The sole attorney-client relationship for the child support recovery unit attorney is between the attorney and the state of Iowa. A private attorney acting under Iowa Code section 252B.6A is not a child support recovery unit attorney, and is not a party to the action.

95.15(2) *Provision of services.* The special role of the child support recovery unit attorney is limited by the attorney-client relationship between the attorney and the state of Iowa. The provision of legal services by the child support recovery unit attorney is limited as follows:

a. The child support recovery unit attorney shall not represent any person or entity other than the state of Iowa in the course of the attorney’s employment by or contractual relationship with the child support recovery unit.

b. The child support recovery unit attorney shall issue written disclosure of the attorney-client relationship between the attorney and the state of Iowa to recipients of child support enforcement services and to all parties in a review and adjustment proceeding.

95.15(3) *Communication concerning case circumstances.*

a. The child support recovery unit shall provide case status information upon written request by any recipient of child support enforcement services or any party under the review and adjustment procedure, unless otherwise prohibited by state or federal statute or rules pertaining to confidentiality.

b. All communications with other parties will be directed to those parties personally, unless a licensed attorney has entered an appearance or notified the child support recovery unit in writing that the attorney is representing a party. If any party is represented by counsel, all communications shall be directed to counsel for that party.

c. When a party is receiving public assistance, the unit shall refer any suspected fraud or questionable family investment program expenditures to the appropriate governmental agencies.

This rule is intended to implement Iowa Code sections 252B.5 to 252B.7 and 598.21.

441—95.16(252B) Handling and use of federal 1099 information. Data from the collection and reporting system is matched with federal 1099 records for information on assets and income. Verified 1099 information may be used for: establishing support orders, modifying support orders under the review and adjustment process and enforcing payment of support debts.

95.16(1) Security of 1099 information. Information received from the federal source, 1099, shall be safeguarded in accordance with Internal Revenue Code Section 6103(p)(4). Information shall be kept in a secure section of the state computer system and not released until verified by a third party.

95.16(2) Verification of 1099 information. Prior to release of any information to the local child support recovery office, the information shall be verified by a third party as follows:

a. When information indicates there may be assets available from a financial institution, the child support recovery unit shall secure verification of these assets from the financial institution on Form 470-3170, Asset Verification Form.

b. When address information is received, the child support recovery unit shall secure verification of the address information from the post office on Form 470-0176, Address Information Request.

c. When employment information is received, the child support recovery unit shall secure verification of the employment from the employer on Form 470-0177, Employer Information Request.

This rule is intended to implement Iowa Code section 252B.9.

441—95.17(252B) Effective date of support. For all original orders established by the child support recovery unit, the effective date of the support obligation under the orders shall be the twentieth day following the date the order is prepared by the unit, unless otherwise specified.

441—95.18(252B) Continued services available to canceled family investment program (FIP) or Medicaid recipients. Support services shall automatically be provided to persons who were eligible to receive support services as recipients of FIP or Medicaid and who were canceled from FIP or Medicaid. Continued support services shall not be provided to a person who has been canceled from FIP or Medicaid when a claim of good cause, as defined at 441—subrule 41.22(8) or 441—subrule 75.14(3), as appropriate, was valid at the time assistance was canceled or when one of the reasons for termination of services, listed at rule 441—95.14(252B), applies to the case.

Support services shall be provided to eligible persons without application or application fee, but subject to applicable enforcement fees.

95.18(1) Notice of services. When a family is no longer eligible for public assistance, the department shall forward Form 470-1981, Notice of Continued Support Services, to the family's last-known address within five working days of the notification of ineligibility, to inform the family:

a. That, unless the family notifies the department to the contrary, services will continue.

b. Of the effect of continuing to receive support services, including the available services and the state's policies on fees, cost recovery, and distribution.

95.18(2) Termination of services. A person may request the department to terminate support services at any time by the completion and return of the appropriate portion of Form 470-1981, Notice of Continued Support Services, or in any other form of written communication, to the child support recovery unit.

Continued support services may be terminated at any time for any of the reasons listed in rule 441—95.14(252B).

95.18(3) Reapplication for services. A person whose services were denied or terminated may reapply for services under this chapter by completing the application process and paying the application fee described in subrule 95.2(4).

This rule is intended to implement Iowa Code section 252B.4.

441—95.19(252B) Cooperation of public assistance recipients in establishing and obtaining support. If a person who is a recipient of FIP or Medicaid is required to cooperate with the child support recovery unit in establishing paternity; in establishing, modifying, or enforcing child or medical support; or in enforcing spousal support, the following shall apply:

95.19(1) Cooperation defined. The person shall cooperate in good faith in obtaining support for persons whose needs are included in the assistance grant or Medicaid household, except when good cause or other exception as defined in 441—subrule 41.22(8) or 75.14(8) for refusal to cooperate, is established.

- a.* The person shall cooperate in the following areas:
- (1) Identifying and locating the parent of the child for whom assistance or Medicaid is claimed.
 - (2) Establishing the paternity of a child born out of wedlock for whom assistance or Medicaid is claimed.
 - (3) Obtaining support payments for the person and the child for whom assistance is claimed, and obtaining medical support for the person and child for whom Medicaid is claimed.
- b.* Cooperation is defined as including the following actions by the person if the action is requested by the child support recovery unit:
- (1) Providing the name of the noncustodial parent and additional necessary information.
 - (2) Appearing at the child support recovery unit to provide verbal or written information or documentary evidence known to, possessed by, or reasonably obtained by the person that is relevant to achieving the objectives of the child support recovery program.
 - (3) Appearing at judicial or other hearings, proceedings or interviews.
 - (4) Providing information or attesting to the lack of information, under penalty of perjury.
 - (5) If the paternity of the child has not been legally established, submitting to blood or genetic tests pursuant to a judicial or administrative order. The person may be requested to sign a voluntary affidavit of paternity after being given notice of the rights and consequences of signing such an affidavit as required by the statute in Iowa Code section 252A.3A. However, the person shall not be required to sign an affidavit or otherwise relinquish the right to blood or genetic tests.
- c.* The person shall cooperate with the child support recovery unit to the extent of supplying all known information and documents pertaining to the location of the noncustodial parent and taking action as may be necessary to secure or enforce a support obligation or establish paternity or to secure medical support. This includes completing and signing Form 470-3877, Child Support Information, if requested, as well as documents determined to be necessary by the state's attorney for any relevant judicial or administrative process.

95.19(2) *Failure to cooperate.* The local child support recovery unit shall make the determination of whether or not a person has cooperated with the unit. The child support recovery unit shall promptly send notice of a determination of noncooperation to the person on Form 470-3400, Notice of Noncooperation, and notify the FIP and Medicaid programs, as appropriate, of the noncooperation determination and the reason for the determination. The FIP and Medicaid programs shall take appropriate sanctioning actions as provided in statute and rules.

95.19(3) *Good cause or other exception.*

a. A person who is a recipient of FIP assistance may claim a good cause or other exception for not cooperating, taking into consideration the best interests of the child as provided in 441—subrules 41.22(8) through 41.22(12).

b. A person who is a recipient of Medicaid may claim a good cause or other exception for not cooperating, taking into consideration the best interests of the child as provided in 441—subrule 75.14(3). This rule is intended to implement Iowa Code section 252B.3.

441—95.20(252B) Cooperation of public assistance applicants in establishing and obtaining support. If a person who is an applicant of FIP or Medicaid is required to cooperate in establishing paternity; in establishing, modifying, or enforcing child or medical support; or in enforcing spousal support, the requirements in 441—subrule 41.22(6) and rule 441—75.14(249A) shall apply. The appropriate staff in the FIP and Medicaid programs are designees of the child support recovery unit to determine noncooperation and issue notices of that determination until the referral to the unit is completed.

This rule is intended to implement Iowa Code section 252B.3.

441—95.21(252B) Cooperation in establishing and obtaining support in nonpublic assistance cases.

95.21(1) *Requirements.* The individual receiving nonpublic assistance support services shall cooperate with the child support recovery unit by meeting all the requirements of rule 441—95.19(252B), except that the individual may not claim good cause or other exception for not cooperating.

95.21(2) *Failure to cooperate.* The child support recovery unit shall make the determination of whether or not the nonpublic assistance applicant or recipient of services has cooperated. Noncooperation shall result in termination of support services. An applicant or recipient may also request termination of services under 95.14(1)“b”(1).

This rule is intended to implement Iowa Code section 252B.4.

441—95.22(252B) Charging pass-through fees. Pass-through fees are fees or costs incurred by the department for service of process, genetic testing and court costs if the entity providing the service charges a fee for the services. The child support recovery unit may charge pass-through fees to persons who receive continued services according to rule 441—95.18(252B) and to other persons receiving nonassistance services, except no fees may be charged an obligee residing in a foreign country or the foreign country if the unit is providing services under paragraph 95.2(2)“b.”

This rule is intended to implement Iowa Code section 252B.4.

441—95.23(252B) Reimbursing assistance with collections of assigned support. For an obligee and child who currently receive assistance under the family investment program, the full amount of any assigned support collection that the department receives shall be distributed according to rule 441—95.3(252B) and retained by the department to reimburse the family investment program assistance.

This rule is intended to implement Iowa Code section 252B.15.

441—95.24(252B) Child support account. The child support recovery unit shall maintain a child support account for each client. The account, representing money due the department, shall cover all periods of time public assistance has been paid, commencing with the date of the assignment. The child support recovery unit will not maintain an interest-bearing account.

This rule is intended to implement Iowa Code chapter 252C.

441—95.25(252B) Emancipation verification. The child support recovery unit (CSRU) may verify whether a child will emancipate according to the provisions established in the court order prior to the child’s eighteenth birthday.

95.25(1) *Verification process.* CSRU shall send Form 470-2562, Emancipation Verification, to the obligor and obligee on a case if CSRU has an address.

95.25(2) *Return information.* The obligor and obligee shall be asked to complete and return the form to the unit. CSRU shall use the information provided by the obligor or obligee to determine if the status of the child indicates that any previously ordered adjustments related to the obligation and a child’s emancipation are necessary on the case.

95.25(3) *Failure to return information.* If the obligor and obligee fail to return the questionnaire, CSRU shall apply the earliest emancipation date established in the support order to the case and implement changes in support amounts required in the support order.

95.25(4) *Conflicting information returned.* If conflicting information is returned or made known to CSRU, CSRU shall have the right to verify the child’s status through sources other than the obligor and obligee.

This rule is intended to implement Iowa Code sections 252B.3 and 252B.4.

¹ Two ARCs

² Effective date of 95.1, definition of “Date of collection,” and 95.3 delayed 70 days by the Administrative Rules Review Committee at its meeting held September 15, 1999; delayed until the end of the 2000 Session of the General Assembly at its meeting held October 11, 1999.

CHAPTER 96
INFORMATION AND RECORDS

PREAMBLE

Title IV-D of the Social Security Act provides that state child support agencies providing services under the Act shall have access to information and records from third parties to assist in providing services. Information and records shall be provided as specified in these rules, other rules, Iowa statutes, and federal statute and regulations. These rules implement a procedure for the child support agency to request or administratively subpoena information from employers and other sources, and provide an appeal procedure before imposition of the statutory fine for failure to comply.

441—96.1(252B) Access to information and records from other sources. In addition to statutes and other rules, the following entities shall provide information and records based on the following methods of requesting the information and within the following time frame:

96.1(1) *Oral or written request.* All persons and entities, including all for-profit, nonprofit, and governmental employers, shall, within 15 days of receipt of a request, provide the child support recovery unit or a child support agency of another state information on the employment, compensation, and benefits of any individual employed by the person or entity as an employee or contractor if the unit or agency is providing services in relation to that individual. The request may be made orally, by letter, by form or by other written request listed in subrule 96.1(3); however, the fine and procedures described in rules 96.2(252B) to 96.6(252B) only apply if the request was by a written request listed in subrule 96.1(3).

96.1(2) *Subpoena.* All persons and entities shall comply with a Child Support Recovery Unit Subpoena, Form 470-3413, issued by the child support recovery unit, or an Administrative Subpoena, OMB Control # 0970-0152, or its successor, issued by the unit or a child support agency of another state, as provided in Iowa Code section 252B.9. The child support recovery unit or a child support agency of another state may issue a subpoena regarding more than one individual. The person or entity shall provide the information and records as directed in Form 470-3413 or the Administrative Subpoena.

96.1(3) *Time to reply to a written request.* A person or entity who is sent any of the following shall provide the information and records requested in the manner requested to the child support recovery unit or child support agency of another state, as appropriate, within 15 days of the date of the request.

a. Form 470-3232, Employer Verification Request, Form 470-0177, Employment and Health Insurance Questionnaire, or other forms as specified in appropriate rules from the child support recovery unit which request information described at subrule 96.1(1).

b. Form 470-3413, Child Support Recovery Unit Subpoena, or an Administrative Subpoena, OMB Control # 0970-0152, or its successor, as provided at subrule 96.1(2), from the child support recovery unit.

c. A written request or form as provided at subrule 96.1(1) from a child support agency of another state.

d. An Administrative Subpoena, OMB Control # 0970-0152, or its successor, as provided at subrule 96.1(2), from a child support agency of another state.

441—96.2(252B) Refusal to comply with written request or subpoena.

96.2(1) A parent or putative father in a support or paternity proceeding in which the child support recovery unit or a child support agency of another state is providing services who fails to comply with a request or subpoena as provided in subrule 96.1(3) shall be subject to license sanctioning as provided in 441—Chapter 98, Division VIII.

96.2(2) An entity or a person who is not a parent or putative father as described in subrule 96.2(1) may refuse to comply under the circumstances provided in rule 441—96.3(252B).

441—96.3(252B) Procedure for refusal.

96.3(1) *No information.* A person or entity who does not have any information or records requested or subpoenaed shall respond as follows:

a. If the request or subpoena is a form from the child support recovery unit under paragraph 96.1(3) “*a*” or “*b*,” the person or entity shall sign and return to the unit the appropriate portion of the form indicating the lack of information or records.

b. If the request or subpoena is one listed in paragraphs 96.1(3) “*c*” or “*d*,” the person or entity shall send the child support agency of the other state a signed and dated written statement indicating the lack of information or records.

96.3(2) *Good cause.* The person or entity may claim good cause for refusing to comply as required in Iowa Code section 252B.9.

a. To claim good cause, the person or entity shall file a request for a conference by mailing or submitting a written request to the child support recovery unit which issued the request or subpoena within 15 days of the issuance of the request or subpoena.

b. If a child support agency of another state issued the request or subpoena, the person or entity may request a conference with the child support recovery unit or with the child support agency of the other state. The person or entity shall request a conference with the child support recovery unit by mailing or submitting a written request and a copy of the subpoena or document received from the child support agency of the other state to the Iowa Department of Human Services, Bureau of Collections, Central Registry, P.O. Box 9218, Des Moines, Iowa 50306-9218. The person or entity shall request a conference with the child support agency of the other state by following the requirements of that state’s laws and regulations.

441—96.4(252B) Conference conducted.

96.4(1) *Request or subpoena issued by CSRU.* If the child support recovery unit issued the request or subpoena, the unit shall notify the person or entity and conduct a conference within ten days of receipt of the request for a conference. At the request of either the unit or the person or entity, the conference may be rescheduled one time. The conference may be conducted in person or by telephone.

96.4(2) *Request or subpoena issued by other state.* If a conference with the child support recovery unit is requested based upon a request or subpoena issued by a child support agency of another state, the bureau chief, as defined at rule 441—95.1(252B), shall request that agency send an interstate referral and appropriate information to the unit or central registry.

a. The child support recovery unit shall notify the person or entity and conduct a conference within ten days of opening a case based upon an interstate referral and appropriate information. If the child support recovery unit does not receive an interstate referral and appropriate information within 60 days of the bureau chief’s request, the request or subpoena received under subrule 96.1(3) shall be void, and the child support recovery unit shall notify the person or entity it is void.

b. The voiding of a request or subpoena under this subrule shall not prevent the issuance of subsequent requests or subpoenas.

96.4(3) *Submission of information.* On or before the conference date, the person or entity shall submit information to the child support recovery unit which demonstrates a mistake in the identity of the person or entity, or a mistake in the identity of the individual who is the subject of the request or subpoena, or which demonstrates a specific prohibition under federal law to release of the information or records. The child support recovery unit may extend the time to conduct the conference an additional ten days to allow time for the person or entity to provide the information.

96.4(4) *Notice of findings.* Following the conference, the unit shall issue a notice as provided in Iowa Code section 252B.9.

441—96.5(252B) Fine assessed.

96.5(1) *Conditions resulting in fine.* The child support recovery unit shall assess a fine of \$100 per refusal and notify the person or entity of the fine if any one of the following applies:

a. Ten days have passed since the unit issued a notice under subrule 96.4(4) stating the unit determined there is no good cause to refuse to comply with the request or subpoena, and the information or records have not been received.

b. Fifteen days have passed since the child support recovery unit issued the request or subpoena and the information or records have not been received, nor has the person or entity filed a request for a conference.

c. Fifteen days have passed since a child support agency of another state has issued the request or subpoena, and that agency sends an interstate referral to the child support recovery unit requesting enforcement of the request or subpoena because the information or records were not received.

96.5(2) *Definition of refusal.* One refusal is a refusal to supply information or records based on one written request, or one subpoena regarding one or more individuals.

96.5(3) *Notification of fine.* If the child support recovery unit assesses a fine, the unit shall notify the person or entity by regular mail with proof of service completed according to Rule of Civil Procedure 1.442. The person or entity shall have 30 days from the date of the notice to pay the fine.

441—96.6(252B) Objection to fine or failure to pay.

96.6(1) *Objection filed.* The person or entity may object to the imposition of the fine by filing an application for judicial review in district court within 30 days of issuance of the notice of the fine, and sending a copy of the application to the child support recovery unit.

96.6(2) *Petition to compel.* If the person or entity fails to pay the fine imposed, and does not file an application for judicial review within the time provided in this rule, the child support recovery unit may file a petition to compel the person or entity to comply with the request, subpoena or fine in district court in the county in which the underlying support order or pending matter is filed. If there is no support order or pending matter filed in district court in Iowa, then the unit may file the petition in the county in which the person resides, or the person or entity has its principal place of business.

96.6(3) *Certification to court.* If the person, entity, or the child support recovery unit files an action in district court, the unit shall certify a copy of the following, as appropriate, to the court prior to a hearing:

- a.* Proof of service of the request or subpoena.
- b.* Proof of service of the notice of assessment of a fine.
- c.* Written decision following a conference.

96.6(4) *Failure to comply with court order.* Failure of the person or entity to comply with an order of the district court shall be subject to enforcement through contempt of court.

These rules are intended to implement Iowa Code section 252B.9.

CHAPTER 97
COLLECTION SERVICES CENTER

PREAMBLE

The collection services center is the public agency designated by state law as the state disbursement unit with responsibility for the receipt, recording and disbursement of specified support payments within the state of Iowa. The administrative guidelines within this chapter describe the process of transferring support cases or information from the clerks of district court to the collection services center and the policies and procedures used to receive, monitor, and distribute support payments.

441—97.1(252B) Definitions. The definitions of terms used in this chapter shall follow those terms defined in rule 441—95.1(252B) with the exception or addition of the following:

“Collection services center” means the public agency designated to receive, record, monitor, and disburse support payments as defined in Iowa Code section 598.1, 252B.15 or 252D.16, in accordance with Iowa Code sections 252B.13A and 252B.14.

“Correlated non-IV-D case” means a non-IV-D case where income withholding information must be maintained by the unit in order to properly process an income withholding payment because the obligor has both a non-IV-D and a current or former IV-D case.

“Electronic funds transmission” means, for purposes of this chapter, the use of a NACHA-approved child support format for the electronic transmission of funds to the collection services center.

“Employee” shall have the same meaning provided this term in Iowa Code section 252G.1.

“Former IV-D case” means a case that previously received services from the unit under rule 441—95.2(252B) but currently receives only payment processing services from the collection services center.

“Insufficient funds payment” means a support payment by check or other financial instrument which is dishonored, not paid, or the funding of the payment is determined to be inadequate.

“IV-D case” means a case that receives services from the unit under rule 441—95.2(252B), including payment processing services from the collection services center.

“NACHA-approved child support format” means a child support payment transmission format approved by the National Automated Clearing House Association (NACHA).

“Non-IV-D case” means a support order that never received services from the unit under rule 441—95.2(252B), but that receives payment processing services from the collection services center for income withholding payments.

“Obligee” means the guardian, custodial parent, person, or entity entitled to receive support payments.

“Obligor” means a parent, relative, or any other person declared to be legally liable for the support of a child or the custodial parent or guardian of the child.

“Payor of income” shall have the same meaning provided this term in Iowa Code section 252D.16.

“Support payment” shall have the same meaning provided this term in Iowa Code section 252D.16.

“Unit” means the child support recovery unit as defined in Iowa Code section 252B.2.

“Web site” means the Web site operated by the department of human services for the purpose of allowing a payor of income to make a support payment through electronic transmission to the collection services center.

[ARC 9351B, IAB 2/9/11, effective 4/1/11]

441—97.2(252B) Transfer of records and payments. For non-IV-D cases, the clerk of court shall provide core case information to the unit upon the filing of a new income withholding order or upon the request of the unit. “Core case information” means information listed in paragraphs 97.2(1) “a” and “b” and subrule 97.2(2). For IV-D and correlated non-IV-D cases, the clerk of court shall provide detailed case information to the unit upon request. After the establishment of a case, the unit shall send notices of transfer to obligors, obligees, and payors of income based upon case type.

97.2(1) Transfer of information on non-IV-D and correlated non-IV-D cases.

a. In non-IV-D cases, the unit shall request the following information necessary for the receipt, recording and disbursement of payments from the clerk of the district court:

- (1) The obligor's name and address.
- (2) The obligee's name and address.
- (3) The court order numbers.

b. In correlated non-IV-D cases, the unit shall request the following information necessary for the receipt, recording and disbursement of payments from the clerk of the district court:

- (1) The obligor's name and address.
- (2) The obligee's name and address.
- (3) The court order numbers.
- (4) The income withholding order.

c. The clerk of the district court shall provide case information to the unit on a regular basis when an income withholding order is filed with a clerk of court or when the unit requests the information in order to process a payment.

d. The unit shall automatically create cases for payment processing based upon the information received from the clerks of court.

97.2(2) *Transfer of information on IV-D cases.* In IV-D cases, the clerk of district court shall provide the unit with the following information if the information has been provided to the clerk upon request of the unit:

a. The obligee's name, date of birth, last-known mailing address, the social security number if known and, if different in whole or part, the names of the persons to whom the obligation of support is owed by the obligor.

b. The name, birth date, social security number, and last-known mailing address of the obligor.

c. A copy of all support orders that establish or modify a support amount.

d. The names, social security numbers, and dates of birth of any minor dependents for whom support is ordered, if available.

e. A record of any support payments received by the clerk of district court prior to the transfer of case information and any payments received by the collection services center and the date of transfer to the collection services center.

f. A record of any determination of controlling order under the Uniform Interstate Family Support Act.

441—97.3(252B) Support payment records. Each IV-D, former IV-D and non-IV-D case type shall have an official payment record.

97.3(1) *Official records for cases.* The official payment records for each case type shall be maintained by a designated entity.

a. The collection services center shall establish, maintain and certify the official support payment records for IV-D or former IV-D cases.

b. The clerk of the district court shall establish, maintain and certify the official support payment records for non-IV-D and correlated non-IV-D cases. The collection services center shall establish and maintain records for receipt and disbursement of income withholding payments for these cases, but shall not certify these records as the complete payment record.

97.3(2) *Informal conference for payment records.* The unit shall provide an informal conference or desk review regarding the contents of any support payment record to the obligor or obligee upon request.

a. In IV-D or former IV-D cases, the conference shall be available to review the payment record and to answer questions of the obligee or obligor regarding the accuracy of the record.

b. In non-IV-D and correlated non-IV-D cases, the conference shall be available to review the accuracy of the contents of any record of income withholding payments.

97.3(3) *Certified payment records.* The unit shall provide certified copies of the official support payment records as defined in paragraph 97.3(1) "a" in accordance with Iowa Code section 252B.9.

[ARC 1262C, IAB 1/8/14, effective 3/1/14]

441—97.4(252B) Method of payment. Payments shall be accepted in specific forms from obligors and payors of income.

97.4(1) Form of payment. Except as otherwise provided in this rule and in rule 441—97.5(252D), support payments may be paid in the form of cash, check, bank draft, money order, preauthorized withdrawal of funds, or other financial instrument, and sent by mail to the collection services center, or by electronic transmission of funds.

97.4(2) Treatment of insufficient funds payments. The unit shall have a process in place to handle insufficient funds payments.

a. An obligor submitting an insufficient funds support payment to the collection services center shall be required to submit payments by cash, bank draft, or money order for a period of up to 12 months unless waived by the collection services center.

b. A payor of income submitting an insufficient funds support payment to the collection services center shall be required to submit payments through electronic funds transmission, cash, bank draft, or money order for a period of up to 12 months unless waived by the collection services center.

c. Insufficient funds payments shall not be credited to the collection services center account for the obligor or shall be removed from the account if credited before sufficiency was verified. Insufficient funds support payments shall be subject to additional collection by the collection services center for the dishonored amount.

d. The collection services center shall not process additional payments other than cash, bank drafts or money orders from an obligor or payor of income who has previously submitted insufficient funds payments without first verifying the payment. The collection services center shall have a process in place to allow the obligor or the payor of income the opportunity to replace any additional moneys submitted for payment of support before processing in order to avoid additional insufficient funds entries into the official payment records on the affected cases.

97.4(3) Distribution of payment. Nonincome withholding support payments received by the collection services center in IV-D, former IV-D, non-IV-D, or correlated non-IV-D cases which are not directed to a specific account or support obligation shall first be applied proportionately to the current support obligation on all cases for the obligor and, secondly, to the support arrearages owed by the obligor.

[ARC 9351B, IAB 2/9/11, effective 4/1/11]

441—97.5(252D) Electronic transmission of payments. Payors of income shall electronically transmit to the collection services center the amounts withheld under an income withholding order.

97.5(1) Thresholds for electronic funds transmission. A payor of income shall transmit payment through electronic funds transmission if either of the following applies:

- a.* The payor of income employs 100 or more employees and uses an agent for payroll processing.
- b.* The payor of income employs 200 or more employees.

97.5(2) Use of the Web site. Unless paragraph 97.4(2) “*b*” applies, a payor of income required to use electronic funds transmission under subrule 97.5(1) may elect to submit payments electronically by using the Web site if the payor of income determines that using electronic funds transmission would cause undue hardship.

97.5(3) Implementing electronic funds transmission. A payor of income implementing electronic funds transmission shall complete all the following before the implementation date specified in subrule 97.5(5):

- a.* Contact the collection services center to obtain file layout and case reconciliation information.
- b.* Provide to the collection services center:
 - (1) The contact information for the person responsible for electronic funds transmission for the payor of income or the payor of income’s agent for payroll processing;
 - (2) The contact information for the person responsible for payroll accounts for the payor of income or the payor of income’s agent for payroll processing;
 - (3) The name and address of the authorized financial institution from which the payment will be withheld; and

(4) A sample file layout in a NACHA-approved child support format and, if necessary, a test file in a NACHA-approved child support format.

c. If needed upon review by the collection services center:

(1) Make corrections to the file layout to meet a NACHA-approved child support format, and

(2) Provide a corrected copy to the collection services center for review.

d. Upon approval of the file layout by the collection services center, provide an implementation date before the first submission of payment through electronic funds transmission.

97.5(4) *Maintaining information and file format after implementation.* A payor of income that has implemented electronic funds transmission shall:

a. Transmit both payment amounts and detailed information records in accordance with a NACHA-approved child support format.

b. Advise the collection services center of a payment error within two business days.

c. Provide the collection services center ten working days' advance notice when changing between NACHA-approved child support formats.

d. Correct case number or file problems identified by the collection services center before sending any additional files.

97.5(5) *Time frames for implementation.* A payor of income shall comply with the following implementation schedule:

a. A payor of income that employs 1,000 or more employees shall implement electronic funds transmission or begin using the Web site no later than December 31, 2011.

b. A payor of income that employs between 500 and 999 employees shall implement electronic funds transmission or begin using the Web site no later than December 31, 2012.

c. A payor of income that employs between 200 and 499 employees shall implement electronic funds transmission or begin using the Web site no later than December 31, 2013.

d. A payor of income that employs 100 or more employees and uses an agent for payroll processing shall implement electronic funds transmission or begin using the Web site no later than December 31, 2013.

97.5(6) *Exemption from electronic transmission.* To avoid undue hardship, a payor of income that has fewer than 200 employees or a payor of income that has fewer than 100 employees and uses an agent for payroll processing is exempt from using electronic transmission unless subrule 97.4(2) applies.

[ARC 9351B, IAB 2/9/11, effective 4/1/11]

441—97.6(252B) Authorization of payment. The collection services center must authorize the generation of payments for support paid. The collection services center shall issue payments as follows:

97.6(1) *Submittal of information to department of administrative services.* In order to disburse payments to the obligee within two working days, the collection services center shall submit information daily to the department of administrative services to issue a warrant or electronic file transfer (EFT) payment to the obligee.

97.6(2) *Release of funds.* The following workday an electronic transfer of funds shall be sent to the designated account of the obligee or an alternate account to be accessed by the obligee through an electronic access card, or if subrule 97.6(5) applies, a state warrant may be sent by regular mail to the last-known address of the obligee.

97.6(3) *Electronic transfer.* Obligees who want electronic transfer of support payments to a designated account shall complete Form 470-2612, Authorization for Automatic Deposit, and submit it to the collection services center. Unless subrule 97.6(5) applies, any obligee not using automatic deposit to a designated account shall be issued an electronic access card for receipt of support payments.

97.6(4) *Walk-ins.* Support payments shall not be hand-delivered to the obligee on a walk-in basis.

97.6(5) *Warrants.* The collection services center may authorize generation of a warrant if any one of the following conditions applies:

a. Generation of a warrant is necessary to meet federal requirements to disburse a payment to an obligee within two working days when electronic transfer is not feasible.

b. The obligee has not requested automatic deposit to a designated account of the obligee, and payment is from a source that is nonrecurring or is not expected to continue in a 12-month period.

c. The obligee has not requested automatic deposit to a designated account of the obligee and has asserted in writing on Form 470-3972, Electronic Support Payments, that one of the exemptions listed in this paragraph applies. To claim an exemption, the obligee must return Form 470-3972 to the collection services center within ten days of the date the form was issued. An exemption granted under this paragraph is subject to periodic review by the collection services center. When the collection services center reviews an exemption, it shall issue Form 470-3973, Review of Electronic Transfer Exemption, to the obligee for completion. The exemptions available under this paragraph are:

- (1) A physical disability imposes a hardship in accessing an electronically transferred payment.
- (2) A mental disability imposes a hardship in accessing an electronically transferred payment.
- (3) A language barrier imposes a hardship in accessing an electronically transferred payment.
- (4) A literacy barrier imposes a hardship in accessing an electronically transferred payment.
- (5) The obligee's home and work addresses are more than 30 miles from an automated teller machine and more than 30 miles from a financial institution where the account funds can be accessed.

d. The representative payee, court appointee, or trustee notifies the collection services center or unit in writing that one of the following applies:

- (1) The obligee is under a court-ordered guardianship or conservatorship.
- (2) The obligee is involved in other legal proceedings, including bankruptcy, which require payments to be sent to a trustee or other representative payee.

441—97.7(252B) Processing misdirected payments. If the collection services center receives a payment for which a corresponding obligee cannot be identified, the collection services center shall contact the person or entity that directed the payment to obtain additional information. Payments inappropriately directed to the collection services center shall be returned to the person or entity sending the payment.

These rules are intended to implement Iowa Code sections 252B.13A through 252B.17 and section 252D.17.

CHAPTER 98
SUPPORT ENFORCEMENT SERVICES

PREAMBLE

In addition to the enforcement services described in 441—Chapter 95, “Collections,” the child support recovery unit is charged with the responsibility to provide the services delineated in this chapter.

DIVISION I
MEDICAL SUPPORT ENFORCEMENT

441—98.1(252E) Definitions.

“*Medical support*” means either the provision of health care coverage or the payment of cash medical support. Medical support is not alimony.

“*Obligee*” means a parent or other natural person legally entitled to receive a support payment on behalf of a child.

“*Obligor*” means a parent or other natural person legally responsible for the support of a dependent.
[ARC 4112C, IAB 11/7/18, effective 2/15/19]

441—98.2(252E) Provision of services. The child support recovery unit shall provide medical support services to public assistance and nonpublic assistance recipients of child support services. Unless good cause has been established, recipients of public assistance are required to cooperate with the child support recovery unit as a condition of eligibility as prescribed in rule 441—75.14(249A).
[ARC 4112C, IAB 11/7/18, effective 2/15/19]

441—98.3(252E) Establishing medical support. Rescinded ARC 4112C, IAB 11/7/18, effective 2/15/19.

441—98.4(252E) Accessibility of the health benefit plan. Rescinded ARC 4112C, IAB 11/7/18, effective 2/15/19.

441—98.5(252E) Health benefit plan information. The unit shall gather information concerning a health benefit plan.

98.5(1) Information from an employer. The unit shall gather information concerning a health benefit plan an employer may offer an obligor as follows:

a. The unit may send Form 470-0177M, Employment and Health Insurance Questionnaire, whenever a potential employer is identified.

b. The unit shall secure information about health care coverage from a known employer on Form 470-2743, Employer Medical Support Information, when Form 470-3818, National Medical Support Notice, or an order has been forwarded to the employer pursuant to Iowa Code section 252E.4.

98.5(2) Information from an obligor. The unit may secure medical support information from an obligor on Form 470-0413, Obligor Insurance Questionnaire.

98.5(3) Disposition of information. The unit shall provide the information:

a. To the Medicaid agency and to the obligee, when requested, when the dependent is a recipient of Medicaid.

b. To the obligee, when requested, when the dependent is not a recipient of Medicaid.

[ARC 4112C, IAB 11/7/18, effective 2/15/19]

441—98.6(252E) Insurer authorization. When the obligor does not provide to the insurer the signed documents necessary to enroll and process claims for the dependent for whom support is ordered, the insurer is authorized to accept the signature of the obligee or the department’s designee on necessary forms. For purposes of Division I of this chapter, the third-party liability unit is the department’s designee when support is assigned.

441—98.7(252E) Enforcement.

98.7(1) Medical support enforcement. For the purposes of enforcement, medical support may be reduced to a dollar amount and collected through the same remedies available for the collection and enforcement of child support.

98.7(2) Health care coverage.

a. If an obligor was ordered to provide health care coverage under an order but did not comply with the order, the child support recovery unit may implement the order by forwarding to the employer a copy of the order, an ex parte order as provided in Iowa Code section 252E.4, or Form 470-3818, National Medical Support Notice.

b. If the child support recovery unit implements an order under this subrule, the unit shall send a notice to the obligor at the last-known address of the obligor by regular mail. The notice shall contain the following information:

- (1) A statement of the obligor's right to an informal conference.
- (2) The process to request an informal conference.
- (3) The obligor's right to file a motion to quash with the district court.

98.7(3) Termination of employment. When the child support recovery unit receives information indicating the obligor's employment has terminated, the unit shall secure the status of the health benefit plan by sending Form 470-3218, Employer Insurance Notification, to the employer.

If no response is received within 30 days of sending Form 470-3218, the unit shall send a second request on Form 470-3219, Employer Insurance Second Notification, to the employer.

[ARC 4112C, IAB 11/7/18, effective 2/15/19]

441—98.8(252E) Contesting the order. The obligor may contest the enforcement of medical support by means of an informal conference with the child support recovery unit, or by filing a motion to quash.

98.8(1) Motion to quash. Procedures for filing a motion to quash the order are specified under Iowa Code sections 252D.31 and 252E.6A.

98.8(2) Informal conference.

a. The obligor shall be entitled to only one informal conference for each new employer to which the unit has forwarded Form 470-3818, National Medical Support Notice, or order under Iowa Code section 252E.4 to enforce medical support.

b. Procedures for the informal conference are as follows:

(1) The child support recovery unit shall inform the obligor in writing of the right to request an informal conference.

(2) The obligor may request an informal conference with the child support recovery unit if the obligor believes the enforcement was entered in error.

(3) The obligor shall request an informal conference in writing, within 15 calendar days from the date of the notice of the right to an informal conference, or at any time if a mistake of fact regarding the identity of the obligor is believed to have been made.

(4) The child support recovery unit shall schedule an informal conference within 15 calendar days of the receipt of a written request from the obligor or the obligor's representative.

(5) The child support recovery unit may conduct the conference in person or by telephone.

(6) If the obligor fails to attend the conference, only one alternative time shall be scheduled by the child support recovery unit.

(7) The child support recovery unit shall issue a written decision to the obligor within ten calendar days of the conference.

c. The issues to be reviewed at the conference shall be as follows:

(1) Whether the identity of the obligor is in error.

(2) Whether the obligor is already providing health care coverage for the dependent.

(3) Whether the availability of dependent health care coverage is in error.

(4) Whether the obligor was ordered to provide health care coverage under the support order.

d. The results in an informal conference shall in no way affect the right of the obligor to file a motion to quash the order under Iowa Code section 252E.6A.

[ARC 4112C, IAB 11/7/18, effective 2/15/19]

441—98.9 to 98.20 Reserved.

DIVISION II
INCOME WITHHOLDING
PART A
DELINQUENT SUPPORT PAYMENTS

441—98.21(252D) When applicable. When there is a delinquency in an amount equal to the support payable for one month as specified by an order for support or reimbursement order and the child support recovery unit is providing services under 441—Chapter 95, the unit shall enter an order to withhold the obligor's income not exempt by state or federal law to require the income withheld to be paid to the collection services center to pay the support obligation. An income withholding order shall also be entered to collect the unpaid balance of a judgment for the reimbursement of a support debt when a repayment schedule is not specified in the order establishing the judgment.

441—98.22 and 98.23 Reserved.

441—98.24(252D) Amount of withholding. The child support recovery unit shall determine the amount to be withheld by the employer or other income providers as follows:

98.24(1) *Current support obligation exists.* When a current support obligation exists, the amount withheld shall be an amount equal to the current support obligation, and an additional amount equal to 20 percent of the current support obligation to be applied toward the liquidation of any delinquency. However, the amount withheld to be applied toward the liquidation of any delinquency shall be 50 percent of the current support obligation for any support order entered or modified prior to July 1, 1998, and for which an income withholding order has been filed by the Iowa child support recovery unit prior to July 1, 1998.

98.24(2) *Current obligation ended.* When the current support obligation has ended or has been suspended, the income withholding order shall remain in effect until any delinquency has been satisfied. The amount withheld shall be equal to the amount of the most recent prior current support obligation which is greater than zero. However, in the following circumstances, the amount withheld shall be 20 percent of the amount owed for current support at the time the obligation ended or was suspended:

- a. There has been a change of legal custody from the obligee to the obligor.
- b. The obligee and obligor have reconciled and have obtained a modification ending the current support obligation.
- c. The current obligation is suspended through the suspension process.
- d. In a foster care case, the order for parental liability ended when the child left placement, or an order ending the liability has been entered and the child in foster care has returned to the home of a parent ordered to pay parental liability. In this situation, the amount withheld shall be reduced to 20 percent of the current support amount when the obligation ended, but only for the parent with whom the child resides.

98.24(3) *No support ordered.* When there is no current child support ordered and the obligation is solely the result of a judgment which does not specify a repayment schedule, the withholding amount shall be set at the amount for one person from the FIP schedule of basic needs.

98.24(4) *Lump-sum income source.* Notwithstanding subrules 98.24(1), 98.24(2), and 98.24(3), when the obligor is paid by a lump-sum income source, the withholding amount may include all current and delinquent support due through the current month. Lump-sum income includes income received in a sole payment or in payments that occur at two-month or greater intervals.

[ARC 4112C, IAB 11/7/18, effective 2/15/19]

441—98.25(252D) Amendment of amount of withholding due to hardship.

98.25(1) *Request for amendment.* If subrule 98.24(2) or 98.24(3) applies, the obligor may request at any time an amendment of the amount withheld as payment toward the delinquency or reimbursement

on the grounds of hardship. The obligor must submit the request in writing to the child support recovery unit.

98.25(2) *Hardship criterion.* Hardship exists if the obligor's income is equal to or less than 200 percent of the poverty level for one person according to the poverty guidelines updated periodically in the Federal Register by the U.S. Department of Health and Human Services under the authority of 42 U.S.C. 9902(2).

a. If hardship is claimed by the obligor, the child support recovery unit may verify income from:

- (1) The employer or other income provider of the obligor.
- (2) The obligor.
- (3) The state employment security agency.
- (4) Other records available in accordance with Iowa Code section 252B.9.

b. If the hardship criterion is met, the amount withheld as payment toward the delinquency may be amended as follows:

(1) The obligor's gross yearly income shall be divided by 200 percent of the established yearly gross poverty level income for one person. That amount shall be multiplied by .5. The resulting figure shall be multiplied by the most recent prior current support obligation or the amount determined pursuant to subrule 98.24(3), as applicable, to determine the amended amount. Notwithstanding this calculation, the amended amount shall not be less than \$15 per month.

(2) If criteria for withholding 20 percent toward liquidation of any delinquency are also met, the lesser of 20 percent or the amended amount determined in subparagraph 98.25(2) "b"(1) is to be withheld.

98.25(3) *Hardship period.* If the hardship criterion in subrule 98.25(2) is met, the child support recovery unit will grant the amended amount of withholding for a period of two years, subject to the provisions of subrule 98.25(6). However, if the obligor is receiving social security disability benefits, social security retirement benefits, or supplemental security income disability benefits, the obligor is deemed to continue to meet the hardship criterion for the duration of those benefits.

98.25(4) *Denying requests.* A hardship request may be denied if:

- a.* The criterion in subrule 98.25(2) is not met.
- b.* The obligor has been granted an amended amount of withholding based on this rule within the last two years and that hardship period will not expire in less than 30 days.
- c.* The obligor's previous hardship period expired within the last six months and, within 30 days prior to the expiration date of the previous hardship period, the obligor did not submit the following to the child support recovery unit:

- (1) A written request for hardship; or
- (2) Verification of the obligor's income, and the child support recovery unit was not able to verify the obligor's income as described in paragraph 98.25(2) "a."

98.25(5) *Notice requirements.* The child support recovery unit will provide written notification to the obligor of the result of the hardship request.

a. When a hardship request is granted, the written notification will include the amended amount of withholding and the date the hardship period will expire.

b. When a hardship request is denied, the written notification will include the reason for denial.

98.25(6) *Termination of hardship prior to expiration date.* The hardship period will automatically end, regardless of expiration date, if any of the following occurs:

- a.* A current support obligation is added to the support order.
- b.* The current support obligation was previously suspended and is reinstated.
- c.* The delinquency has been paid in full.
- d.* The obligor was receiving social security disability benefits, social security retirement benefits, or supplemental security income disability benefits at the time the hardship request was granted, and the child support recovery unit has verified that the obligor is no longer receiving social security disability benefits, social security retirement benefits, or supplemental security income disability benefits.

441—98.26(252D) Additional information about hardship. The child support recovery unit shall make reasonable efforts within 13 months after January 1, 2019, to identify and incrementally notify obligors who may be impacted by the changes to hardship procedures in rule 441—98.25(252D).
[ARC 4112C, IAB 11/7/18, effective 2/15/19]

These rules are intended to implement Iowa Code chapter 252D.

441—98.27 to 98.30 Reserved.

PART B
IMMEDIATE INCOME WITHHOLDING

441—98.31(252D) Effective date. In cases for which the child support recovery unit is providing enforcement services, the income of the obligor is subject to immediate withholding pursuant to Iowa Code section 252D.8 without regard to the existence of a delinquency in the payment of support.

441—98.32(252D) Withholding automatic. Immediate withholding of income is automatic without additional notice to the obligor unless:

98.32(1) Good cause exists. Good cause is found to exist by the court or the child support recovery unit. For purposes of this rule, “good cause” is defined as the posting of a secured bond by the obligor sufficient to pay all current and future child support obligations, including any delinquency which may accrue.

98.32(2) Written agreement exists. A written agreement is reached between both parties which provides for an alternative arrangement for payment of child support subject to the following conditions:

a. Unless approved by the child support recovery unit, written agreements between the obligee and obligor to waive immediate income withholding become void when child support is assigned to this state or to another state pursuant to a statute of that jurisdiction.

b. All payments pursuant to any written agreement shall be paid as directed in Iowa Code sections 252B.14 and 598.22.

[ARC 4112C, IAB 11/7/18, effective 2/15/19]

441—98.33 Reserved.

441—98.34(252D) Approval of request for immediate income withholding. When the obligee or other party to the proceeding requests immediate withholding, the child support recovery unit shall determine whether the request shall be approved.

98.34(1) Basis for approval. Approval of a request for immediate income withholding by the child support recovery unit may be based on:

a. Past payment record of the obligor which demonstrates an inconsistent compliance with the support order.

b. Whether the state of Iowa is providing public assistance.

98.34(2) Request denied. The child support recovery unit may not approve a request for immediate income withholding on cases where no public assistance has been expended and there is a prior written agreement between the obligee and obligor which has been approved by court order.

441—98.35(252D) Modification or termination of withholding. Rescinded ARC 4112C, IAB 11/7/18, effective 2/15/19.

441—98.36(252D) Immediate income withholding amounts. The amount withheld shall be the amount of the current support obligation as specified in the support order. If a judgment for accrued support is established in the support order, the amount withheld shall be the amount due for current support and the periodic payment amount due for the accrued support as specified in the order. If no periodic payment for the accrued support is established in the support order, the amount withheld shall be the amount due for current support plus 10 percent of the amount of the current obligation to be applied to the accrued support.

441—98.37(252D) Immediate income withholding amounts when current support has ended. When the child support obligation has ended, the amounts to be withheld shall be in accordance with subrule 98.24(2).

These rules are intended to implement Iowa Code chapter 252D.

441—98.38 Reserved.

PART C
INCOME WITHHOLDING—GENERAL PROVISIONS

441—98.39(252D,252E) Provisions for medical support. An income withholding order or notice of income withholding may also include provisions for enforcement of medical support when medical support is included in the support order. The income withholding order or notice of income withholding may require implementation of dependent health care coverage pursuant to Iowa Code chapter 252E or the withholding of a dollar amount for medical support. Amounts withheld for medical support shall be determined in the same manner as amounts withheld for child support.

[ARC 4112C, IAB 11/7/18, effective 2/15/19]

441—98.40(252D,252E) Maximum amounts to be withheld. An income withholding order or a notice issued by the child support recovery unit shall require that the employer or other income provider withhold no more than the maximum amounts allowed under the Federal Consumer Credit Protection Act, 15 U.S.C. Section 1673(b).

98.40(1) The amount of income subject to withholding shall be limited to 50 percent of the nonexempt disposable income of the obligor unless there is more than one support order for which the obligor is obligated and the criteria of 15 U.S.C. Section 1673(b) are met, or the obligor agrees to a greater amount within these limits.

98.40(2) Disposable income means that part of the earnings of any individual remaining after the deduction from those earnings of any amounts required by law to be withheld.

[ARC 4112C, IAB 11/7/18, effective 2/15/19]

441—98.41(252D) Multiple obligations. In the event that an obligor has more than one support obligation that is being enforced by the child support recovery unit, the unit may enter an income withholding order to enforce each obligation. The amount specified to be withheld on the delinquency under the income withholding order or notice shall be determined in accordance with rule 441—98.24(252D).

[ARC 4112C, IAB 11/7/18, effective 2/15/19]

441—98.42(252D) Notice to employer and obligor. The child support recovery unit shall send the obligor and the employer or other income provider a notice of income withholding as follows:

98.42(1) Notice to employer. The unit may send notice to the employer or other income provider by regular mail or by electronic means in accordance with Iowa Code chapter 252D. If the unit is sending notice by regular mail, it shall send Form 470-3272, Income Withholding for Support, or a notice in the standard format prescribed by 42 U.S.C. §666(b)(6)(A). If the unit is sending the notice by electronic means, it may include notice of more than one obligor's order and need only state once provisions which are applicable to all obligors, such as the information in paragraphs 98.42(1) "d," "f," "g," and "i." The statement of provisions applicable to all obligors may be sent by regular mail or electronic means. The notice of income withholding shall contain information such as the following:

- a. The obligor's name and social security number.
- b. The amount of current support to withhold.
- c. The amount of support to withhold for payment of delinquent support, if any.
- d. The amount an income provider may deduct for costs of processing each support payment.
- e. The child support case number.

- f. The location to which payments are sent.
- g. The maximum amount that can be withheld for payment of support as specified in rule 441—98.40(252D,252E).
- h. The method to calculate net income.
- i. Responsibilities of the income provider as specified in Iowa Code section 252D.17.
- j. Responsibility, if any, of the income provider to enroll the obligor's dependent for coverage under a health benefit plan.

98.42(2) Notice to obligor. Form 470-2624, Initiation of Income Withholding/Medical Support Enforcement, shall be sent to the last-known address of the obligor by regular mail. The notice shall contain the following information:

- a. A statement of the obligor's right to an informal conference.
- b. The process to request an informal conference.
- c. The obligor's right to claim hardship criteria and the process for a claim.
- d. The obligor's right to file a motion to quash the income withholding order or notice with the district court.
- e. The information provided to the employer or other income provider, or a copy of the notice sent to the employer or other income provider.
- f. The amount of any delinquency.

98.42(3) Standard format. As provided in Iowa Code section 252D.17, an order or notice of an order for income withholding shall be in a standard format prescribed by the child support recovery unit. Form 470-3272, Income Withholding for Support, is the standard format prescribed by the child support recovery unit, and the unit shall make a copy of the form available to the state court administrator and the Iowa state bar association.

[ARC 4112C, IAB 11/7/18, effective 2/15/19]

441—98.43(252D) Contesting the withholding. The obligor may contest the income withholding by means of an informal conference with the child support recovery unit or by filing a motion to quash.

98.43(1) Motion to quash. Procedures for filing a motion to quash the order or the notice of income withholding are specified in Iowa Code chapter 252D.

98.43(2) Informal conference.

a. The obligor shall be entitled to only one informal conference for each new or modified income withholding order or notice issued by the child support recovery unit that specifies a new or modified total amount to withhold.

b. Procedures for the informal conference are as follows:

- (1) The child support recovery unit shall inform the obligor in writing of the right to request an informal conference.
- (2) The obligor may request an informal conference with the child support recovery unit if the obligor believes the withholding is in error.
- (3) The obligor shall request an informal conference in writing.
- (4) The child support recovery unit shall schedule an informal conference within 15 calendar days of the receipt of a written request from the obligor or the obligor's representative.
- (5) The child support recovery unit may conduct the conference in person or by telephone.
- (6) If the obligor fails to attend the conference, only one alternative time shall be scheduled by the child support recovery unit.
- (7) The child support recovery unit shall issue a written decision to the obligor within ten calendar days of the conference.
- (8) If the child support recovery unit has not complied with rule 441—98.24(252D), it shall then adjust the income withholding amount.

c. The issues to be reviewed at the conference shall be as follows:

- (1) For all income withholding orders or notices, whether:
 1. The identity of the obligor is in error.
 2. The amount of the current support obligation is in error.

- (2) For orders or notices resulting from the existence of a delinquency, whether:
 1. The amount of delinquent support is in error.
 2. For income withholding orders or notices issued after November 1, 1990, whether the guidelines described at rule 441—98.24(252D) were followed.
- (3) For immediate income withholding orders or notices, whether the criteria of rules 441—98.32(252D) and 441—98.34(252D) were appropriately applied.
 - d. The results of an informal conference shall in no way affect the right of the obligor to file a motion to quash the income withholding order or notice with the court.

98.43(3) *Income withholding issued from another state.* The child support recovery unit shall follow procedures for a motion to quash or a request for hardship or conduct an informal conference based on an income withholding order or notice issued in another state only if the unit is providing services under 441—Chapter 95.

[ARC 4112C, IAB 11/7/18, effective 2/15/19]

441—98.44(252D) Termination of order. The child support recovery unit may, by ex parte order, terminate an income withholding order under the following conditions:

98.44(1) *Order entered in error.* The child support recovery unit shall terminate an income withholding order upon determination that the order was entered in error as follows:

- a. The person named as the obligor in the income withholding order is not the person required to provide support under the support order being enforced.
- b. For orders resulting from the existence of a delinquency, the required minimum delinquency did not exist at the time the income withholding order was entered.

98.44(2) *No support due.* In cases for which services are being provided by the child support recovery unit, the child support recovery unit shall terminate an income withholding order previously entered by the unit when the current support obligation has terminated and when the delinquent support obligation has been fully satisfied as applicable to all of the children covered by the income withholding order. In no case shall payment of overdue support be the sole basis for termination of withholding.

- a. to d. Rescinded IAB 9/1/93, effective 11/1/93.

98.44(3) *Other circumstances.* The child support recovery unit may revoke an income withholding order under other circumstances provided the conditions of Iowa Code chapter 252D are met.

441—98.45(252D) Modification of income withholding. The child support recovery unit may modify a previously issued income withholding order or notice according to the guidelines established under rule 441—98.24(252D) if it is determined that:

98.45(1) *Current support obligation changed.* There has been a change in the amount of the current support obligation.

98.45(2) *Amount in error.* The amount required to be withheld under the income withholding order or notice is in error as follows:

- a. The amount required to be withheld as current support is not the amount specified in the order for support being enforced.
- b. The guidelines established in rule 441—98.24(252D) were not followed.

98.45(3) *Past-due support paid.* Any past-due support debt has been paid in full. The withholding order or notice shall be modified to require that only the current support obligation be withheld from the income of the obligor. Should a delinquency later accrue, the withholding order or notice may again be modified to secure an additional payment toward the delinquency. The amount of the arrears payment shall be set at 20 percent of the current support amount.

98.45(4) *Income withholding and determination of controlling orders.* An obligation amount different than what the child support recovery unit has been enforcing is established upon the determination of controlling order as allowed in Iowa Code section 252K.207. Upon the change to the new obligation amount, the amount withheld to be applied toward the liquidation of any delinquency shall be 20 percent.

98.45(5) *Income withholding and review and adjustment of orders.* The child support recovery unit has conducted a review of the obligation pursuant to 441—Chapter 99, Division IV. The unit shall modify the amount withheld to be applied toward the liquidation of any delinquency to 20 percent upon completion of the review and adjustment process.

98.45(6) *Implementation or termination of amended amount of withholding due to hardship.* The child support recovery unit has determined that the withholding order should be modified based upon the hardship provisions in rule 441—98.25(252D).
[ARC 4112C, IAB 11/7/18, effective 2/15/19]

441—98.46(252D) Refunds of amounts improperly withheld. The child support recovery unit shall refund to the obligor any amounts improperly withheld and received by the department under an income withholding order or notice issued by the unit, subject to the following:

98.46(1) *Services provided by the department.* Only those amounts received by the department during the period enforcement services are being provided are subject to refund.

98.46(2) *Satisfaction of amount to withhold.* No refund shall be made unless amounts have been collected which fully satisfy the amount specified in the income withholding order or notice for the withholding period during which income has been generated.

98.46(3) *When issued.* Any amounts received in excess of the amounts specified in the order or notice to withhold shall be issued to the obligor within 30 days of discovery by the child support recovery unit, unless the obligor requests in writing that these amounts be credited toward the delinquency or future child support. If there is a dispute regarding whether there is an overpayment, the obligor may request an informal conference by following the procedures set out in subparagraphs 98.43(2) “a”(3) through (7). This procedure shall not preclude the obligor from utilizing other civil remedies.

98.46(4) *Recovery by department.* The department may recover payments from the obligee in excess of those described in subrule 98.46(2) which have been received by the department and improperly forwarded to the obligee.
[ARC 4112C, IAB 11/7/18, effective 2/15/19]

441—98.47(252D) Additional information about hardship. Rescinded ARC 4112C, IAB 11/7/18, effective 2/15/19.

These rules are intended to implement Iowa Code Supplement chapters 252D and 252E.

441—98.48 to 98.50 Reserved.

DIVISION III
REVIEW AND ADJUSTMENT OF CHILD SUPPORT OBLIGATIONS

441—98.51 to 98.60 Renumbered as 99.61 to 99.70, IAB 9/1/93, effective 11/1/93.

DIVISION IV
PUBLICATION OF NAMES

441—98.61(252B) List for publication. The department may compile and make available for publication a list of cases in which no payment has been credited to an accrued or accruing support obligation during a previous three-month period, subject to the following:

98.61(1) *Support order entered in Iowa.* The list shall include cases with a support order entered in Iowa which is being enforced by the child support recovery unit.

98.61(2) *Support order entered in another state.* The list may include cases with a support order entered in another state, if another state has requested this service, has demonstrated that the provision of this service is not in conflict with the laws of the state where the support order is entered, and the order is being enforced by the child support recovery unit.

98.61(3) *When compiled.* The department shall determine when to compile the list, but shall not be required to do so.

98.61(4) Case selection. Case selection shall be based on the records of the department at the time the list is compiled. The three-month period of nonpayment shall end no earlier than one month prior to the date the list is compiled. When an obligor has multiple orders on a case, all orders contained in the child support recovery unit record may be listed.

98.61(5) Good cause. The name of the obligor shall not be included when there has been a finding of good cause for noncooperation with the child support recovery unit in a public assistance case pursuant to 441—subrule 41.2(8) or 441—subrule 75.14(1) and a determination has been made that enforcement may not proceed without risk of harm to the child or caretaker.

441—98.62(252B) Releasing the list. The department may release the information, no more than twice annually, as follows:

98.62(1) Release to media. The department shall issue a press release to the weekly and daily newspapers in Iowa describing the manner in which a copy of the list may be obtained. Cost of producing the list shall be borne by the department. Costs of producing and transmitting a copy of the list shall be borne by the recipient of the copy.

98.62(2) Availability of list. Once released, the list shall be provided to other persons upon payment of an amount to cover the cost of producing a copy as specified in 441—subrule 9.3(7). Requests shall be directed to the Bureau of Collections, Fifth Floor, Hoover State Office Building, Des Moines, Iowa 50319-0114.

These rules are intended to implement Iowa Code section 252B.9.

441—98.63 to 98.70 Reserved.

DIVISION V
ADMINISTRATIVE SEEK EMPLOYMENT ORDERS

441—98.71(252B) Seek employment order. The child support recovery unit (CSRU) may enter an ex parte order requiring the obligor to seek employment if employment of the obligor cannot be verified and if the obligor has failed to make support payments. Any obligor who has failed to make support payments and for whom employment cannot be verified is subject to issuance of an administrative order to seek employment.

441—98.72(252B) Effective date of order. The seek employment order shall be effective 15 days after issuance of the order to the obligor. This 15-day period shall serve as advance notice to the obligor.

441—98.73(252B) Method and requirements of reporting. The obligor shall complete Form 470-3155, Report of Seek Employment Activity, which shall be submitted to the unit on a weekly basis throughout the duration of the order unless the obligor has a valid reason for not complying with the order. The obligor shall document at least five new attempts to find employment on the form each week. The same employer may not be reported more than once per week.

The obligor shall include the names, addresses, and the telephone numbers of each of the five employers or businesses with whom the obligor attempted to seek employment and the name of the individual contact to whom the obligor made application for employment or to whom the inquiry was directed.

441—98.74(252B) Reasons for noncompliance. Upon verification, certain conditions shall be considered valid reasons for noncompliance. At the request of the child support recovery unit (CSRU), the obligor shall provide verification of any reason for noncompliance with the order when the information is not available to CSRU through online sources. Valid reasons for noncompliance and acceptable verification are:

98.74(1) Receipt of social security, supplemental security income (SSI), or the family investment program (FIP). Receipt of social security, SSI, or FIP is considered a valid reason for noncompliance

when verified by information contained in online sources available to CSRU or written verification from the agency providing the benefits.

98.74(2) *Temporary illness or disability.* Temporary illness or disability of the obligor or other household member is considered a valid reason upon receipt of completed Form 470-3158, Physician's Statement, verifying the obligor's inability to seek or accept employment.

98.74(3) *High school student.* Attending high school is considered a valid reason upon verification from the high school.

98.74(4) *Incarceration.* Incarceration is considered a valid reason when verified through online information available to CSRU or on receipt of verification from the institution.

98.74(5) *Substance abuse treatment.* Participating in a supervised substance abuse treatment program that is associated with a treatment center is considered a valid reason upon verification from the treatment center.

98.74(6) *Job training.* Participation in a job training or job seeking program through the department of employment services as a result of receiving food stamps is considered a valid reason upon receipt of verification from the department of employment services.

98.74(7) *Employment or self-employment.* Employment or self-employment is considered a valid reason upon verification through the employer for those employed or through tax documents or business records for those self-employed.

98.74(8) *Payment of support.* Payment on the account equal to the amounts prescribed for income withholding in accordance with rule 441—98.24(252D) throughout the duration of the seek employment order is considered a valid reason upon verification of payments posted to the Iowa collection and reporting (ICAR) system.

441—98.75(252B) Method of service. The seek employment order shall be served on the obligor by regular mail. Proof of service shall be completed in accordance with Iowa Rules of Civil Procedure, Number 82.

441—98.76(252B) Duration of order. The seek employment order shall remain in effect for three months from the date of issuance unless CSRU determines the obligor has a valid reason for noncompliance as specified at rule 441—98.74(252B), at which time the order becomes unenforceable.

Upon acceptance of the reason for noncompliance, CSRU shall notify the obligor that the obligor is no longer required to comply with the seek employment order. Upon denial of the reason for noncompliance, CSRU shall notify the obligor that the obligor shall comply with the existing seek employment order. The notice shall be filed with the clerk of the district court. If the obligor disputes this decision, the obligor shall have recourse through the district court.

These rules are intended to implement Iowa Code section 252B.21.

441—98.77 to 98.80 Reserved.

DIVISION VI
DEBTOR OFFSET

441—98.81(252B) Offset against payment owed to a person by a state agency. The department will make a claim against a payment owed to an obligor by a state agency when support payments are delinquent as set forth in rule 11—40.1(8A). A claim against a payment owed to an obligor shall be applied to court-ordered support which the department is attempting to collect pursuant to Iowa Code chapter 252B.

98.81(1) *Case selection.* The department shall submit to the department of administrative services, at least monthly, a list of obligors who are delinquent at least \$50 in support payments.

98.81(2) *Notification of offset.* Within ten days of receiving notification from the department of administrative services that the obligor is entitled to a payment, the department shall:

a. Send a preoffset notice to the obligor. The preoffset notice shall inform the obligor of the amount the department intends to claim and apply to the support obligation and shall contain all information required by Iowa Code subsection 8A.504(2) and 11—subrule 40.4(4).

b. Notify the department of administrative services that the preoffset notice has been sent to the obligor.

98.81(3) Appeal process. An obligor may contest the department's claim by submitting a written request to the department. A hearing shall be granted pursuant to rules in 441—Chapter 7 if the obligor's request is submitted within 15 days of the date of the preoffset notice.

98.81(4) Joint owner. A joint owner's proportionate share of the payment, as determined by the department of administrative services, shall be released unless other claims are made on that portion of the payment. The department must receive a request for release of a joint owner's share within 15 days of the date of the preoffset notice. The request may be made by either owner.

98.81(5) Final disposition of offset. The department shall notify an obligor of the final decision regarding the claim against the offset by sending a final disposition of support recovery claim notice to the obligor.

98.81(6) Distribution of offset amount. Offsets shall be applied in accordance with rules 441—95.3(252B) and 441—95.4(252B).

98.81(7) Percentage of payment offset. The amount of offset shall be 50 percent of the total payment due the obligor, unless the payment results from lottery winnings, from gambling winnings, or from a payment for a claim under treasurer of state rules on unclaimed property at 781—Chapter 9, in which case the amount of offset shall be 100 percent of the payment. The amount taken shall not exceed the delinquent amount owed by the obligor.

This rule is intended to implement Iowa Code sections 252B.3 and 252B.4 and Iowa Code subsection 8A.504(2).

[ARC 9177B, IAB 11/3/10, effective 1/1/11]

441—98.82 to 98.90 Reserved.

DIVISION VII
ADMINISTRATIVE LEVY

441—98.91(252I) Administrative levy. When there is a delinquency in an amount equal to the ordered support payable for one month, the child support recovery unit may issue an administrative levy to the obligor's financial institution.

441—98.92 Reserved.

441—98.93(252I) Verification of accounts. The unit may contact a financial institution to obtain verification of the account number, the names and social security numbers listed on the account, and the account balance for an obligor's account. This contact may be by telephone or written communication on Form 470-3170, Asset Verification Form, or by computer printout.

441—98.94(252I) Notice to financial institution. The unit may send a notice to the financial institution with which the account is placed, directing that the financial institution forward to the collection services center all or a portion of the moneys in the obligor's account or accounts on the date the notice is received. The notice shall be sent by first-class mail, with proof of service completed according to rule of civil procedure 82. The notice to the financial institution shall contain all of the information specified in Iowa Code chapter 252I.

441—98.95(252I) Notice to support obligor. The unit shall notify an obligor, and any other party known to have an interest in the account, of the action. The notice shall contain all of the information specified in Iowa Code chapter 252I. The unit shall forward the notice by first-class mail within two working days

of sending the notice to the financial institution. Proof of service shall be completed according to Iowa Rules of Civil Procedure 82.

441—98.96(252I) Responsibilities of financial institution. Upon receipt of the notice of administrative levy, the financial institution shall follow procedures specified in Iowa Code section 252I.7 for encumbering and forwarding funds to collection services center. The financial institution shall encumber only the funds in the obligor's account on the day the notice is received. Any deposits made by the obligor after notice is received by the financial institution are not subject to the administrative levy process unless another notice is issued to the financial institution.

441—98.97(252I) Challenging the administrative levy. An obligor or an account holder of interest may challenge the administrative levy by submitting a written challenge to the person identified as the contact for the unit in the notice, within ten working days of the date of the notice to the obligor as specified in rule 441—98.95(252I). Upon receipt of a challenge, the unit shall follow criteria and procedures specified in Iowa Code section 252I.8 for resolving the challenge.

98.97(1) Review of facts. The unit shall, upon receipt of a written challenge, review the facts of the case with the challenging party. Only a mistake of fact including, but not limited to, a mistake in the identity of the obligor or a mistake in the amount of delinquent support due shall be considered as a reason to dismiss or modify the proceeding. If the unit determines that a mistake of fact has occurred, the unit shall proceed as follows:

a. If a mistake in identity has occurred or the obligor is not delinquent in an amount equal to the payment for one month, the unit shall notify the financial institution and the obligor that the administrative levy has been released.

b. If the amount of support due was incorrectly overstated, the unit shall notify the financial institution to release the excess moneys to the obligor and remit the remaining moneys.

98.97(2) Refunds of amounts improperly held. If a mistake of fact has occurred and money has already been forwarded from the financial institution, the unit shall proceed as follows:

a. If a mistake in identity has occurred or the obligor is not delinquent in an amount equal to the payment for one month, the unit shall refund the funds to the account and reimburse the account for any fees assessed by the financial institution.

b. If the amount of support due was incorrectly overstated, the unit shall refund a portion to the account. The unit is not required to reimburse the account for fees.

98.97(3) Request for district court hearing. If no mistake of fact is found, the unit shall send a notice to the challenging party by first-class mail. An obligor or an account holder may submit a second written challenge to the person identified as the contact for the unit in the notice, within ten working days of the date of the notice. The unit shall request a hearing before the district court in the county the support order is filed. Procedures for filing a hearing are specified in Iowa Code chapter 252I.

98.97(4) Request for withdrawal. The challenging party may withdraw the challenge by submitting a written withdrawal to the person identified as the contact person for the unit in the notice at any time prior to the court hearing. The unit may withdraw the administrative levy at any time prior to the court hearing. The unit shall provide notice of the withdrawal to the financial institution and any account holder of interest by first-class mail.

These rules are intended to implement Iowa Code chapter 252I.

441—98.98 to 98.100 Reserved.

DIVISION VIII
LICENSE SANCTION

441—98.101(252J) Referral for license sanction. In the process referred to as license sanction, the child support recovery unit (CSRU) may refer an individual to a licensing agency for the suspension, revocation, nonissuance, or nonrenewal of a variety of licenses including, but not limited to, motor

vehicle registrations, driver's licenses, business and professional licenses, and licenses for hunting, fishing, boating, or other recreational activity. In order to be referred to a licensing agency for license sanction, one of the following must apply:

98.101(1) *Delinquent support payments.* An obligor's support payments must be delinquent in an amount equal to the support payment for three months. CSRU may first refer for license sanction those obligors having the greatest number of months of support delinquency. CSRU shall not refer obligors whose support payments are being made under an income withholding order.

98.101(2) *Subpoena or warrant.* An individual must have failed to comply with a subpoena or warrant, as defined in Iowa Code chapter 252J, relating to a paternity or support proceeding. If a subpoena was issued, the individual must have failed to comply with either Form 470-3413, Child Support Recovery Unit Subpoena, or an Interstate Subpoena as provided in paragraph 96.2(1) "a" within 15 days of the issuance of the subpoena, and proof of service of the subpoena was completed according to Rule of Civil Procedure 82.

441—98.102(252J) Reasons for exemption. Certain conditions shall be considered valid reasons for exemption from the license sanction process. Upon verification of these conditions, CSRU shall bypass, exempt, or withdraw the individual's name from referral to licensing agencies for the purpose of applying a license sanction. When the information to verify the exemption is not available to CSRU through online sources, CSRU shall request, and the individual shall provide, verification of the reason for exemption. Valid reasons for exemption for failure to comply with a subpoena or warrant and acceptable verification are those listed in subrules 98.102(2), 98.102(3), 98.102(5), and 98.102(6). Valid reasons for exemption for delinquent support payments and acceptable verification are any of the following:

98.102(1) *Receipt of social security, supplemental security income (SSI) or the family investment program (FIP).* Receipt of social security, SSI, FIP, or county assistance (general relief, general assistance, community services, veteran's assistance), based upon the eligibility of the obligor, is considered a valid reason for exemption when verified by information contained in online sources available to CSRU or written verification from the agency providing the benefits.

98.102(2) *Temporary illness or disability.* Temporary illness or disability of the individual or illness or disability of another household member which requires the presence of the individual in the home as caretaker is considered a valid reason for exemption upon receipt of a completed Form 470-3158, Physician's Statement, verifying the individual's or household member's inability to work.

98.102(3) *Incarceration.* Incarceration is considered a valid reason for exemption when verified through online information available to CSRU or upon receipt of verification from the institution.

98.102(4) *Job training.* Participation in a job-training or job-seeking program through the department of employment services as a result of receiving food stamps is considered a valid reason for exemption upon receipt of verification from the department of employment services or verification through online information available to CSRU or upon receipt of a written statement from an income maintenance worker.

98.102(5) *Chemical dependency treatment.* Participation in a chemical dependency treatment program that is licensed by the department of public health or the joint commission on the accreditation of hospitals (JCAH) is considered a valid reason for exemption upon receipt of written verification from the professional staff of the program that participation in the program precludes the individual from working.

98.102(6) *Contempt process.* Involvement in a contempt action dealing with support issues is considered a valid reason for exemption from the license sanction process during the pendency of the contempt action.

441—98.103(252J) Notice of potential sanction of license. When an individual meets the criteria for selection, CSRU may issue a notice to the individual of the potential sanction of any license held by the individual, using Form 470-3278, Official Notice of Potential License Sanction.

98.103(1) *Delinquent support payments.* CSRU shall inform the obligor that the obligor may make immediate payment of all current and past due child support, schedule a conference to review the action

of CSRU, or request to enter into a payment agreement with the unit. CSRU shall follow the procedures and requirements of Iowa Code chapter 252J regarding the issuance of the notice and the holding of a conference.

98.103(2) *Subpoena or warrant.* CSRU shall inform the individual that the individual may comply with the subpoena or warrant, or schedule a conference to review the action of CSRU. CSRU shall follow the procedures and requirements of Iowa Code chapter 252J regarding the issuance of the notice and the holding of a conference.

98.103(3) *Certificate of noncompliance.* If an individual fails to respond in writing to the notice within 20 days, or if the individual requests a conference and fails to appear, the unit shall issue a Certificate of Noncompliance, Form 470-3274, to applicable licensing authorities in accordance with Iowa Code section 252J.3.

441—98.104(252J) Conference.

98.104(1) *Scheduling of conference.* Upon receipt from an individual of a written request for a conference, CSRU shall schedule a conference not more than 30 days in the future. At the request of either CSRU or the individual, the conference may be rescheduled one time. When setting the date and time of the conference, if notice was sent to an obligor under subrule 98.103(1), CSRU shall request the completion of Form 470-0204, Financial Statement, and other financial information from both the obligor and the obligee as may be necessary to determine the obligor's ability to comply with the support obligation.

98.104(2) *Payment calculation.* If notice was sent to an obligor under subrule 98.103(1) during the conference held in compliance with the provisions of Iowa Code section 252J.4, CSRU shall determine if the obligor's ability to pay varies from the current support order by applying the mandatory supreme court guidelines as contained in 441—Chapter 99, Division I, with the exception of subrules 99.4(3) and 99.5(5). If further information from the obligor is necessary for the calculation, CSRU may schedule an additional conference no less than ten days in the future in order to allow the obligor to present additional information as may be necessary to calculate the amount of the payment. If, at that time, the obligor fails to provide the required information, CSRU shall issue a Certificate of Noncompliance, Form 470-3274, to applicable licensing authorities. If the obligee fails to provide the necessary information to complete the calculation, CSRU shall use whatever information is available. If no income information is available for the obligee, CSRU shall determine the obligee's income in accordance with 441—subrules 99.1(2) and 99.1(4). This calculation is for determining the amount of payment for the license sanction process only, and does not modify the amount of support obligation contained in the underlying court order.

98.104(3) *Referral for review and adjustment.* If the amount calculated in subrule 98.104(2) meets the criteria for review and adjustment as specified in rule 441—99.62(252B,252H), or administrative modification as specified in rule 441—99.82(252H) and subrules 441—99.83(1), 99.83(2) and 99.83(6) at the time CSRU provides the payment agreement to the obligor, CSRU shall also provide the obligor with any necessary forms to request a review and adjustment or administrative modification of the support obligation. The payment agreement remains in effect during the review and adjustment or administrative modification process.

441—98.105(252J) Payment agreement. The License Sanction Payment Agreement, Form 470-3273, shall require the obligor to pay the lower of the amount calculated in subrule 98.104(2) or the maximum amount payable under an income withholding order as specified in rule 98.24(252D).

98.105(1) *Duration of payment agreement.* The License Sanction Payment Agreement signed under this division shall remain in effect for at least one year from the date of issuance unless CSRU determines the obligor has a valid reason for exemption as specified in rule 98.102 (252J). Except in those cases in which review and adjustment are in process, CSRU may, at the end of the year, begin the process of reviewing the case to ensure that the payment amount continues to accurately reflect the obligor's ability to pay as calculated in subrule 98.104(1).

98.105(2) *Failure to comply.* If at any time following the signing of a payment agreement the obligor fails to comply with all the terms of the agreement, CSRU shall issue a Certificate of Noncompliance,

Form 470-3274, to applicable licensing authorities in accordance with the provisions of Iowa Code chapter 252J.

441—98.106(252J) Staying the process due to full payment of support. If the obligor, at any time, pays the total support owed, both current and past due, or an individual complies with the subpoena or warrant, CSRU shall stay the process, and any Certificate of Noncompliance, Form 470-3274, which has been issued shall be withdrawn by CSRU.

441—98.107(252J) Duration of license sanction. The Certificate of Noncompliance, Form 470-3274, shall remain in effect until the obligor pays all support owed, both arrears and current; or the obligor enters into a payment agreement with CSRU; or the obligor meets one of the criteria for exemption specified at subrules 98.102(1), 98.102(2), and 98.102(4); or the individual complies with the subpoena or warrant.

These rules are intended to implement Iowa Code chapter 252J as amended by 1997 Iowa Acts, House File 612, division X.

441—98.108 to 98.120 Reserved.

DIVISION IX
EXTERNAL ENFORCEMENT

PREAMBLE

This division implements provisions of 1997 Iowa Acts, House File 612, sections 35 and 244, which provide for enforcement of child support arrearages by external sources. These sources are entities under contract to collect difficult-to-collect arrearages and private attorneys acting independently of the unit but with the unit's consent. The rules provide criteria and procedures for referral of delinquent support to collection contractors, assessment of the statutory surcharge, and opportunity for the delinquent parent to contest. The rules also provide a procedure to allow state payment to private attorneys enforcing child support recovery unit (CSRU) cases and provide criteria to exempt cases from the procedure.

441—98.121(252B) Difficult-to-collect arrearages. The child support recovery unit may refer difficult-to-collect arrearages to a collection entity under contract with the unit or with another state entity. Upon referral, a surcharge, in addition to the support, shall be due and payable by the obligor as provided in 1997 Iowa Acts, House File 612, section 244.

98.121(1) *Difficult-to-collect arrearage.* A difficult-to-collect arrearage is one based upon a court or administrative order which meets all the following criteria:

a. There is no order for current support and only an arrearage is owing.

b. There has been no payment, except for federal or state tax refund offset payments, in the past three months.

c. There is no valid reason for exemption from the referral and surcharge process. Valid reasons for exemption and acceptable verification are those listed in subrules 98.102(1), 98.102(3), and 98.102(6). Upon verification of those conditions, the child support recovery unit shall bypass or exempt the obligor's arrearages from the referral and surcharge process. When the information to verify the exemption is not available to the child support recovery unit through online sources, the child support recovery unit shall request, and the obligor shall provide, verification of the reason for exemption.

98.121(2) *Notice of the possibility of referral and surcharge.* The child support recovery unit shall provide notice of the possibility of a referral and surcharge to the obligor as required by 1997 Iowa Acts, House File 612, section 244. The notice shall be provided at least 15 days before the unit sends the notice of referral and surcharge to the obligor, subject to the following:

a. Notification contained in order. When the support order under which the arrearage has accrued contains language advising of statutory provisions for referral and surcharge, no other preliminary notice shall be required.

b. Notification issued by the child support recovery unit. When the support order under which the arrearage has accrued does not contain language regarding the statutory provisions for referral and surcharge, or was entered under a foreign jurisdiction and notification was not included in the support order or provided as a separate written notice, the child support recovery unit shall issue Form 470-3412, Legal Notice of Referral and Surcharge, to the obligor. The notice shall be sent by regular mail to the obligor's last-known address.

98.121(3) Notice of referral and surcharge. The child support recovery unit shall send notice of a referral and surcharge to the obligor by regular mail to the obligor's last-known address, with proof of service completed according to Rule of Civil Procedure 82. The notice shall contain all the information required by 1997 Iowa Acts, House File 612, section 244. The notice shall be sent at least 30 days before the unit refers the arrearage to the collection entity.

98.121(4) Contesting the referral and surcharge. An obligor may contest the referral and surcharge. The right to contest is limited to a mistake of fact including but not limited to a mistake in the identity of the obligor, a mistake as to whether there was a payment in the three months before the date of the notice specified in subrule 98.121(3), a mistake as to whether an exemption in paragraph 98.121(1) "c" applies, or a mistake in the amount of arrearages.

a. An obligor may contest the referral and surcharge by submitting a written request for a review to the unit within 20 days of the date on the notice of referral and surcharge specified in subrule 98.121(3). Upon receipt of a written request for review, the unit shall follow the criteria and procedures specified in 1997 Iowa Acts, House File 612, section 244, for resolving the request.

(1) If the unit determines there is a mistake in the identity of the obligor, if there was a payment, other than a federal or state income tax offset, within the three months before the date of the notice specified in subrule 98.121(3), or if there is another mistake of fact and the arrearage does not meet the criteria for referral, the unit shall issue a written notice to the contestant or obligor of the determination and not refer the arrearages. If the unit later determines an arrearage may be subject to referral, it shall issue a new notice as provided in subrule 98.121(3).

(2) If the unit determines there was a mistake in the amount of arrearages, but the corrected amount of arrearages will still be referred, or if the unit determines there is no mistake of fact, the unit shall issue a written notice of the determination of the review to the obligor by regular mail to the last-known address of the obligor. The notice shall include the amount of the arrearages that will be referred and the surcharge which will be assessed. The notice shall also include information on requesting an additional review by the bureau chief, and on requesting a judicial hearing. For purposes of this rule, bureau chief shall mean "bureau chief" as defined in rule 441—95.1(252B).

b. An obligor may contest the notice of determination of review by submitting a written request for an additional review by the bureau chief within 20 days of the date of the notice of determination of the review issued under paragraph "a." Upon receipt of the written request for additional review, the bureau chief shall review the facts of the case.

(1) If the bureau chief determines a mistake in the identity of the obligor has occurred, if there was a payment, other than a federal or state income tax offset, within the three months before the date of the notice specified in subrule 98.121(3), or if there is another mistake of fact and the arrearage does not meet the criteria for referral, the bureau chief shall issue a written notice to the contestant or obligor of the determination and the arrearages shall not be referred. If the unit later determines an arrearage may be subject to referral, it shall issue a new notice as provided in subrule 98.121(3).

(2) If the bureau chief determines that there was a mistake in the amount of the arrearage but the corrected amount of arrearages will still be referred, or if there is no mistake of fact, the bureau chief shall send a written notice of the additional review determination to the obligor by regular mail to the last-known address of the obligor. The notice shall include the amount of the arrearage that will be referred and the surcharge which will be assessed. The notice shall also include information on requesting a judicial hearing.

c. Following the issuance of a notice of determination of a review under paragraph "a," or issuance of a notice of determination of an additional review under paragraph "b," the obligor may request a district court hearing. The obligor shall make a request by sending a written request for a

hearing to the unit within ten days of the date of the unit's written determination of the review, or within ten days of the date of the bureau chief's written determination of an additional review, whichever is later. Procedures for a district court hearing are specified in 1997 Iowa Acts, House File 612, section 244.

d. The unit shall not refer arrearages and assess a surcharge until after completion of any review, additional review or judicial hearing process.

98.121(5) Referral and surcharge.

a. If the obligor has not paid the arrearage, has not contested the referral, or if, following the unit's review, the bureau chief's additional review, and any judicial hearing, the unit, bureau chief, or court does not find a mistake of fact, the arrearage shall be referred to the collection entity.

b. The amount of the arrearage referred shall be the amount that is unpaid as of the date of the referral. The amount of the surcharge shall be an amount equal to the amount of the arrearage unpaid as of the date of the referral, multiplied by the percentage specified in the contract with the collection entity.

c. The child support recovery unit shall file Form 470-3411, Notice of Surcharge, with the clerk of the district court in the county in which the underlying support order is filed.

This rule is intended to implement 1997 Iowa Acts, House File 612, section 244.

441—98.122(252B) Enforcement services by private attorney entitled to state compensation. An attorney licensed to practice law in Iowa may utilize judicial proceedings to collect support, at least a portion of which is assigned support, and be entitled to compensation by the state as provided in 1997 Iowa Acts, House File 612, section 35.

98.122(1) Eligible cases. To be eligible for attorney services with compensation under this rule, a case must meet all of the following:

a. The child support recovery unit is providing services under Iowa Code chapter 252B.

b. The current support obligation is terminated and only arrearages are due under the administrative or court order.

c. There has been no payment under any order in the case for at least a 12-month period prior to the provision of the notice from the attorney to the unit under paragraph "*f.*"

d. At least a portion of the arrearages due under any order in the case is assigned to the state because cash assistance was paid under 1997 Iowa Acts, Senate File 516, sections 2 through 24 and 35.

e. The case does not have any of the following characteristics:

(1) There has been a finding of good cause or other exception pursuant to Iowa Code section 252B.3 as amended by 1997 Iowa Acts, House File 612, section 26.

(2) A portion of the arrears is assigned to another state because of public assistance provided by that state.

(3) Another attorney has already notified the unit of the intent to initiate a judicial proceeding to collect support due under any order in the same case under this rule, and either the time to receive the collection has not expired or the unit has not received a notice from the other attorney that the judicial proceeding has concluded prior to the expiration of the time period.

(4) If the notice from the attorney under paragraph "*f.*" specifies contempt of court as the judicial proceeding, and the unit has generated a seek employment order to the obligor under Iowa Code section 252B.21 less than nine months prior to the date on the notice from the attorney.

(5) The case or arrearages have been referred by the child support recovery unit to a collection entity under Iowa Code section 252B.5, subsection 3, as amended by 1997 Iowa Acts, House File 612, section 30, or 1997 Iowa Acts, House File 612, section 244, less than nine months prior to the date on the notice from the attorney.

(6) The obligor has filed for bankruptcy and collection activities are stayed.

(7) The notice from the attorney under paragraph "*f.*" lists a specific judicial proceeding and the unit has already initiated the same type of proceeding in court.

(8) The case has been referred to the U.S. Attorney's office and is still pending at that office.

f. The attorney has provided written notice to the central office of the child support recovery unit in Des Moines, as specified in subrule 98.122(2), and to the last-known address of the obligee of the intent

to initiate a specified judicial proceeding to collect support on any identified court or administrative order involving the obligor and obligee in the case.

g. The attorney has provided documentation of insurance to the unit as required by 1997 Iowa Acts, House File 612, section 35.

h. The collection must be received by the collection services center within 90 days of the notice from the attorney in paragraph “f,” or within a subsequent 90-day extension period.

98.122(2) Procedure.

a. To begin the process under this rule, the attorney shall submit the following to the External Services Process Specialist, Bureau of Collections, Iowa Department of Human Services, Hoover Building, Fifth Floor, Des Moines, Iowa 50319-0114 at least 30 days prior to initiating the specified judicial proceeding:

(1) A dated, written statement which lists the specific judicial proceeding which the attorney intends to initiate, any court or administrative order under which the arrearages accrued identified by the order number, and the names of the obligor and obligee.

(2) Documentation that the attorney is insured as required by the statute. Documentation shall be either a copy of the attorney’s policy from the insurer, or a letter from the insurer verifying insurance coverage as required by the statute.

(3) Documentation that the attorney is licensed to practice law in Iowa.

b. The unit shall mail a response to the attorney within ten days of receipt of the notice from the attorney. All of the following shall apply to the unit’s response:

(1) If the case meets the requirements of this rule, the notice shall list the case number, any order numbers, the judicial proceeding specified by the attorney, the balance due the state of Iowa, the balance due an obligee, and the date that is 90 days from the date of the notice from the attorney. The notice shall also contain a statement that any compensation due the attorney as a result of application of this rule will be calculated on the amount of support credited to arrearages due the state at the time the support paid as a result of the judicial proceeding is received by the collection services center. The notice shall also contain a statement that any support collected shall be disbursed in accordance with federal requirements, and any support due the obligee shall be disbursed to the obligee prior to disbursement to the attorney as compensation.

(2) If the case does not meet the requirements of this rule, the notice shall list the case number, any order number, and the reason the case does not meet the requirements.

c. If the case is eligible under this rule, the attorney may initiate judicial proceedings after 30 days after providing the notice to child support recovery unit in paragraph “a.” Section 35 of 1997 Iowa Acts, House File 612, defines “judicial proceedings.”

d. The attorney may extend the time to complete the judicial proceeding or to allow for receipt of the collection by the collection services center by submitting a notice requesting a 90-day extension to the address in paragraph “a.” This or any subsequent notice must be received by the unit before expiration of the current 90-day time frame. The child support recovery unit shall acknowledge receipt of the subsequent notice and list on the acknowledgment the date that is 90 days from the date of the attorney’s subsequent notice.

98.122(3) Collection and payment to attorney.

a. Upon compliance with the requirements of 1997 Iowa Acts, House File 612, section 35, and this rule, the attorney shall be entitled to compensation from the state as provided for in this rule.

b. Upon receipt of a file-stamped copy of a court order which identifies the amount of support collected as a result of the judicial proceeding and which does not order the payment of attorney fees by the obligor, and the receipt of the collection by the collection services center, all the following apply:

(1) Section 35 of 1997 Iowa Acts, House File 612, specifies the formula to calculate the compensation due the attorney from the state. The child support recovery unit shall calculate the compensation due the attorney based upon the amount of support which is credited to arrearages due the state at the time the collection is received by the collection services center. After calculating the amount due the attorney, the unit shall reduce the amount due the attorney by the amount of any penalty or sanction imposed upon the state as a result of any other judicial proceeding initiated by that attorney

under 1997 Iowa Acts, House File 612, section 35. The child support recovery unit shall send the attorney a notice of the amount of the compensation due from the state.

(2) The collection services center shall disburse any support due an obligee prior to payment of compensation to the attorney.

(3) The child support recovery unit shall not authorize disbursement of compensation to the attorney until the later of 30 days after receipt of the collection and the file-stamped copy of the order, or resolution of any timely appeal by the obligor or obligee.

(4) The amount of compensation due the attorney is subject to judicial review upon application to the court by the attorney.

This rule is intended to implement 1997 Iowa Acts, House File 612, section 35.

These rules are intended to implement Iowa Code chapter 252D.

CHAPTER 99
SUPPORT ESTABLISHMENT AND ADJUSTMENT SERVICES

PREAMBLE

This chapter contains rules governing the provision of services by the child support recovery unit regarding: the establishment of paternity; the establishment of support obligations in accordance with the mandatory guidelines set by the Iowa Supreme Court; the review and adjustment of support obligations; the modification of support obligations; and the suspension and reinstatement of support obligations. The rules in this chapter pertain only to administrative actions or procedures used by the unit in providing the services identified. This chapter shall not be interpreted to limit the unit's authority to use other means as provided for by state or federal statute, including, but not limited to, judicial procedures in providing these services.

DIVISION I
CHILD SUPPORT GUIDELINES

441—99.1(234,252B,252H) Income considered. The child support recovery unit shall consider all regularly recurring income of both legal parents to determine the amount of the support award in accordance with the child support guidelines prescribed by the Iowa Supreme Court. These rules on child support guidelines shall not apply if the child support recovery unit is determining the support amount by a cost-of-living alteration as provided in Iowa Code chapter 252H, subchapter IV.

99.1(1) Exempt income. The following income of the parent is exempt in the establishment or modification of support:

- a. Income received by the parent under the family investment program (FIP).
- b. Income or other benefits derived from public assistance programs funded by a federal, state, or local governmental agency or entity that are listed in rule 441—41.27(239B) as exempt from consideration in determining eligibility under FIP.
- c. Income such as child support, social security dependent benefits received by a parent for a child because of the other parent's disability, and veteran's dependent benefits received by a parent on behalf of a child.
- d. Stepparent's income.
- e. Income of a guardian who is not the child's parent.
- f. Income of the child's siblings.
- g. Earned income tax credit.

99.1(2) Determining income. Any of the following may be used in determining a parent's income for establishing or modifying a support obligation:

- a. Income reported by the parent in a financial statement.
- b. Income established by any of the following:
 - (1) Income verified by an employer or other source of income.
 - (2) Income reported to the department of workforce development.
 - (3) For a public assistance recipient, income reported to the department of human services caseworker assigned to the public assistance case.
 - (4) Other written documentation that identifies income.
- c. Income as determined through occupational wage rate information published by the Iowa workforce development department or other state or federal agencies.
- d. The median income for parents on the CSRU caseload, calculated annually.
- e. Social security dependent benefits. Social security dependent benefits paid for a child because of a parent's disability shall be included in the disabled parent's income. Social security dependent benefits paid for a parent due to the other parent's disability shall be included in the receiving parent's income.

99.1(3) Verification of income. Verification of income and allowable deductions from each parent shall be requested.

a. Verification of income may include, but is not limited to, the following:

- (1) Federal and state income tax returns.
- (2) W-2 statements.
- (3) Pay stubs.
- (4) Signed statements from an employer or other source of income.
- (5) Self-employment bookkeeping records.
- (6) Award letters confirming entitlement to benefits under a program administered by a government or private agency such as social security, veterans' or unemployment benefits, military or civil service retirement or pension plans, or workers' compensation.

b. Cases in which the information or verification provided by a parent is questionable or inconsistent with other circumstances of the case may be investigated. If the investigation does not reveal any inconsistencies, the financial statement and other documentation provided by the parent shall be used to establish income.

c. If discrepancies exist in the financial statement provided by the parent and additional income information is not available, the child support recovery unit may:

- (1) Request a hearing before the court if attempting to establish a support order through administrative process.

- (2) Conduct discovery if a parent places the matter before the court by answering a petition or requesting a hearing before the court.

- (3) When attempting to establish a default order, provide the court with a copy of the parent's financial information and the reasons the information may be questionable.

d. If the child support recovery unit is unable to obtain verification of a parent's income, the financial statement provided by the parent may be used to establish support.

99.1(4) *Use of occupational wage rate information or median income for parents on the CSRU caseload.* Occupational wage rate information or median income for parents on the CSRU caseload shall be used to determine a parent's income when the parent has failed to return a completed financial statement when requested, and when complete and accurate income information from other readily available sources cannot be secured.

a. *Occupation known.* When the last-known occupation of a parent can be determined through a documented source including, but not limited to, Iowa workforce development or the National Directory of New Hires, occupational wage rate information shall be used to determine income. When the last-known occupation of a parent cannot be determined through a documented source, information may be gathered from the other parent and occupational wage rate information applied. Wage rate information shall be converted to a monthly amount in accordance with subrule 99.3(1).

b. *Occupation unknown.* When the occupation of a parent is unknown, CSRU shall estimate the income of a parent using the median income amount for parents on the CSRU caseload.

99.1(5) *Self-employment income.* A self-employed parent's adjusted gross income, rather than the net taxable income, shall be used in determining net income. The adjusted gross income shall be computed by deducting business expenses involving actual cash expenditures that affect the actual dollar income of the parent.

a. A person is self-employed when the person:

- (1) Is not required to report to the office regularly except for specific purposes such as sales training meetings, administrative meetings, or evaluation sessions.

- (2) Establishes the person's own working hours, territory, and methods of work.

- (3) Files quarterly reports of earnings, withholding payments, and FICA payments to the Internal Revenue Service (IRS).

b. In calculating net income from self-employment, the child support recovery unit shall deduct only those items allowed by the child support guidelines. Amounts from a prior period claimed as net losses shall not be allowed as deductions.

c. Net profits from self-employment may be determined through a review of self-employment bookkeeping records, sales and expenditure records, quarterly reports filed with the IRS, previous year's federal or state income tax returns, or other documentation. The parent shall provide records of

bookkeeping, sales, and expenditures for the most recent 12-month period or, if the self-employment is less than 12 months old, for the period since the self-employment began.

99.1(6) *Fluctuating income.* A person has a fluctuating income when the calculated gross income or the adjusted gross income, as defined in subrule 99.1(5), for the current year varies from the gross or adjusted gross income of the previous year by more than 20 percent.

a. If requested, the child support recovery unit shall average the income of a person whose income fluctuated because the nature of the person's occupation is of a type that normally experiences fluctuations in income.

b. In determining a person's average income, the following procedures shall be used:

(1) For non-self-employed persons, the child support recovery unit shall estimate the gross income for the current year and add the amount to the gross income from relevant years that would accurately depict fluctuations in the person's income. The unit shall divide this sum by the number of years added, prior and current, to arrive at an average gross annual income. The unit shall divide the average gross annual income by 12 to arrive at the person's average gross monthly income.

(2) For income from self-employment, the child support recovery unit shall compute the adjusted gross annual income as defined in subrule 99.1(5) for the relevant years that would accurately depict fluctuations in the person's income. The unit shall use the adjusted gross annual income to compute the average adjusted gross monthly income in the same manner as the computation of average gross monthly income in 99.1(6) "b"(1).

441—99.2(234,252B) Allowable deductions. The deductions specified in the supreme court child support guidelines shall be allowed when determining the amount of income subject to application of the guidelines. The parent claiming the deduction shall provide the documentation necessary for computing allowable deductions. Allowable deductions are:

99.2(1) Federal and state income tax.

a. The child support recovery unit shall calculate the amount of the deduction for federal and state income tax as specified in the Iowa Supreme Court guidelines.

b. The unit shall calculate the amount of the deduction for self-employed persons with fluctuating incomes, as defined in subrule 99.1(6), by computing the person's averaged income and applying the method of calculating a tax deduction as required by Iowa Supreme Court guidelines.

99.2(2) Social security and Medicare tax deductions, mandatory pensions, and union dues as specified in the Iowa Supreme Court guidelines.

99.2(3) Mandatory occupational license fees as specified in the Iowa Supreme Court guidelines.

99.2(4) Actual payments of child and spousal support pursuant to a prior court or administrative order. The date of the original court or administrative order, rather than the date of any modifications, shall establish a prior order under this subrule. Support paid under an order established subsequent to the order being modified shall not be deducted. All support payments shall be verified before being allowed as a deduction. The child support recovery unit shall calculate deductions for support as follows:

a. In establishing prior support payments, the child support recovery unit shall verify payments made for the 12 months preceding the month in which the amount of support for the new order is determined. If the support obligation is less than one year old, the child support recovery unit shall verify each monthly payment since the beginning of the obligation.

b. If the obligation is one year old or older, the child support recovery unit shall add together all verified amounts paid during the past 12 months up to the total of the current support obligation that accrued during this 12-month period, and divide by 12. All amounts collected shall be included, regardless of the source.

c. If the support obligation is less than one year old, the child support recovery unit shall add together the verified amounts paid since the obligation began up to the total of the current support obligation that accrued during this period, and divide by the number of months that the obligation has existed.

d. When a parent has more than one prior support order, the child support recovery unit shall calculate the allowable deduction for each obligation separately, and then add the amounts together to determine the parent's total allowable deduction.

99.2(5) Actual medical support paid pursuant to a court order or administrative order in another order for other children, not the pending matter. All medical support payments shall be verified before being allowed as a deduction and shall be calculated in the same manner as the deductions for support in subrule 99.2(4).

99.2(6) Actual child care expenses during the custodial parent's employment, less the applicable federal income tax credit. The child support recovery unit shall determine the amount of the child care deduction as follows:

a. Actual child care expenses related to the custodial parent's employment shall be verified by a copy of the custodial parent's federal or state income tax return or by a signed statement from the person or agency providing the child care.

b. Only the amount of reported child care expenses in excess of the amount allowed as "credit for child and dependent care expenses" for federal income tax purposes shall be allowed as a deduction in determining the custodial parent's net income.

c. In determining the deduction allowed to the custodial parent for child care expenses due to employment, the following procedures shall be used:

(1) If the custodial parent provides a copy of a federal income tax return for the current tax processing year and the amount is consistent with the current financial circumstances of the parent, the child support recovery unit shall use the amount reported as "credit for child and dependent care expenses."

(2) If income tax information is not available, or if the parent indicates or there is reason to believe that the amount stated in the return is no longer representative of the parent's financial conditions or child care expenses, the child support recovery unit shall determine the allowable deduction for child care expenses for federal income tax purposes using the custodial parent's income only.

d. The child support recovery unit shall compute the child care deduction as follows:

(1) Divide the amount of child care expense the parent may claim as a deduction for federal income tax purposes by 12 to arrive at a monthly amount.

(2) If the child care expense reported on the financial statement is not a monthly amount, convert the reported amount to an equivalent monthly figure and round the figure to two decimal places.

(3) Subtract the amount the parent may claim as "credit for child and dependent care expenses" for federal income tax from the amount of child care expenses reported on the financial statement. The difference is the amount allowed for a deduction in determining income for child support.

99.2(7) Qualified additional dependent deduction (QADD). The qualified additional dependent deduction is the amount specified in the supreme court guidelines as a deduction for any child for whom parental responsibility has been legally established as defined by the child support guidelines. However, this deduction may not be used for a child for whom the parent may be eligible to take a deduction under subrule 99.2(4).

a. The deduction for qualified additional dependents may be used:

(1) For dependents of the custodial or noncustodial father or mother, whether in or out of the parent's home. The father may establish the deduction by providing written verification of a legal obligation to the children through one of the actions enumerated in the guidelines. The mother may establish the deduction by providing written verification of a legal obligation to the children, including the mother's statement.

(2) In the establishment of original orders.

(3) In the modification of existing orders. The deduction may be used in an upward modification. The deduction cannot be used to affect the threshold determination of eligibility for a downward modification, but may be used after the threshold determination is met.

b. Reserved.

99.2(8) Cash medical support as specified in the Iowa Supreme Court guidelines.

[ARC 1357C, IAB 3/5/14, effective 5/1/14]

441—99.3(234,252B) Determining net income. Unless otherwise specified in these rules, the child support recovery unit shall determine net income as prescribed by the Iowa Supreme Court guidelines.

99.3(1) *Calculating net income.* All includable income and allowable deductions shall be expressed in monthly amounts. Income and corresponding deductions received at a frequency other than monthly shall be converted to equivalent monthly amounts by multiplying the income and corresponding deductions received on a weekly basis by 4.33, on a biweekly basis by 2.17, and on a semimonthly basis by 2.

99.3(2) *Estimating net income.*

a. The estimated net income of a parent shall be 80 percent of the reported income or the estimated income as determined from occupational wage rate information or derived from the median income of parents on the CSRU caseload, as appropriate, minus the deductions enumerated in subrules 99.2(3) to 99.2(8) when the information to calculate these deductions is readily available through automated or other sources.

b. The net income of a parent shall be estimated under the following conditions:

(1) Gross earned income information was obtained from a source that did not provide itemized deductions allowed by the mandatory support guidelines.

(2) Occupational wage rate information or median income of parents on the CSRU caseload was used to determine a parent's income.

[ARC 1357C, IAB 3/5/14, effective 5/1/14]

441—99.4(234,252B) Applying the guidelines.

99.4(1) *Applying the guidelines.* The child support recovery unit shall use the child support guidelines schedule as prescribed by the Iowa Supreme Court only for the number of children for whom support is being sought sharing the same two legal parents.

EXCEPTION: For foster care recovery cases, the guidelines schedule shall be used as set forth in subrule 99.5(4).

99.4(2) *Establishing current support.*

a. Calculation. The child support recovery unit shall calculate the amount of support as prescribed by the Iowa Supreme Court guidelines. Round amount of support to the nearest whole dollar.

b. Additional factors.

(1) In all cases other than foster care, CSRU shall establish current support payable in monthly frequencies.

(2) In foster care cases, CSRU may establish current support payable in monthly or weekly frequencies. To establish a weekly amount, CSRU shall divide the figure in paragraph 99.4(2) "a" by 4.33 and round to the nearest whole dollar.

(3) If the court orders joint (equally shared) physical care of a child or split or divided physical care of multiple children, the unit shall calculate current support according to the Iowa Supreme Court guidelines for each parent assuming the other is the custodial parent. If a child begins receiving family investment program (FIP) benefits or if foster care funds are expended, an offset of the two amounts as a method of payment shall be disallowed.

(4) The amount of support shall be zero if the noncustodial parent's only income is Supplemental Security Income paid pursuant to 42 U.S.C. 1381a.

99.4(3) *Establishing accrued support debt amount.*

a. Support debt created. The payment of public assistance to or for the benefit of a dependent child or a dependent child's caretaker creates an accrued support debt due and owing by the child's parent to the department. The amount of the accrued support debt is based on the period of time public assistance payment or foster care funds were expended, but is not created for the period of receipt of public assistance on the parent's own behalf for the benefit of the dependent child or the child's caretaker.

b. Calculating accrued support debt. CSRU shall calculate the accrued support debt as follows:

(1) For Family Investment Program (FIP) benefits, CSRU shall use the period for which FIP was paid during the 36 months preceding the date the notice of support debt is prepared or the date the petition is filed. For foster care assistance, CSRU shall use the three-month period for which foster care assistance

was paid prior to the date the initial notice to the noncustodial parent of the amount of support obligation is prepared, or the date a written request for a court hearing is received, whichever is earlier.

(2) CSRU shall exclude periods the noncustodial parent received public assistance as a part of this eligible group.

(3) CSRU may extend the period to include any additional periods public assistance is expended prior to the entry of the order.

(4) CSRU shall calculate the amount of the obligation by using the current net income of both parents, the guidelines in effect at the time the order is entered, and the number of children of the noncustodial parent who were receiving public assistance for each month for which accrued support is sought.

(5) CSRU shall calculate the total amount of the FIP support debt by multiplying the number of months for which assistance was paid times the determined guidelines amount.

(6) CSRU may calculate the total amount of the foster care support debt by multiplying the number of months for which assistance was paid times the determined guidelines amount and shall adjust this amount for weeks in which no foster care benefits were paid.

c. Establishing the accrued support repayment amount.

(1) In cases other than foster care, CSRU shall establish the repayment amount as follows:

1. When there is an ongoing obligation, the monthly repayment amount shall be 10 percent of the ongoing amount unless the noncustodial parent agrees to a higher amount.

2. When the order does not include ongoing support, the monthly repayment amount shall be the same as the amount for ongoing support which would have been due if such an obligation had been established. However, when all of the children for whom accrued support debt is sought are residing with the noncustodial parent, the monthly repayment amount shall be set at 10 percent of this amount.

(2) In foster care cases, CSRU shall establish the repayment amount in the same manner as subparagraph (1), but may establish weekly amounts and if the order does not include ongoing support, the repayment amount shall be set at 10 percent of the amount for ongoing support which would have been due if such an obligation had been established.

99.4(4) *Children in nonparental homes or foster care.* The parents of a child in a nonparental home or in foster care are severally liable for the support of the child. A support obligation shall be established separately for each parent.

a. Parents' location known. When the location is known for both parents having a legal obligation to provide support for their children, the income of both parents shall be used to determine the amount of ongoing support in accordance with the child support guidelines.

(1) Calculating support amount. There shall be a separate calculation of each parent's child support amount, regardless of whether the parents are married and living together, or living separately. Each calculation shall assume that the parent for whom support is being calculated is the noncustodial parent and the other parent is the custodial parent.

(2) Prior orders. If only one parent is paying support under a prior order for the children for whom support is being calculated, the amount of support paid shall not be deducted from that parent's net monthly income in computing the support amount for the other parent.

b. One parent's location unknown. When the location of one parent is not known, procedures shall be initiated to establish a support order against the parent whose location is known in accordance with the mandatory support guidelines as follows:

(1) The parent whose location is known shall be considered the noncustodial parent and that parent's income shall be used to calculate child support.

(2) The income of the parent whose location is unknown shall be determined by using the estimated median income for parents on the CSRU caseload and that parent shall be considered the custodial parent in calculating child support.

c. When one parent is deceased or has had parental rights terminated, the method used to calculate support when one parent's location is not known shall be used. The parent who is deceased or has had parental rights terminated shall be considered the custodial parent with zero income.

99.4(5) *Extraordinary visitation adjustment.* The extraordinary visitation adjustment is a credit as specified in the supreme court guidelines. The credit shall not reduce the child support below the amount required by the supreme court guidelines.

The extraordinary visitation adjustment credit shall be given if all of the following apply:

a. There is an existing order for the noncustodial parent that meets the criteria for extraordinary visitation in excess of 127 overnights per year on an annual basis for the child for whom support is sought. The order granting visitation can be a different order than the child support order. If a controlling order is determined pursuant to Iowa Code chapter 252K and that controlling support order does not meet the criteria for extraordinary visitation, there is another order that meets the criteria.

b. The noncustodial parent has provided CSRU with a file-stamped or certified copy of the order.

c. The court has not ordered equally shared physical care.

99.4(6) *Establishing medical support.* The child support recovery unit shall calculate medical support as required by Iowa Code chapter 252E and the Iowa Supreme Court guidelines. The cost of the health insurance premium for the child is added to the basic support obligation and prorated between the parents as provided in the Iowa Supreme Court guidelines, and the parent ordered to provide health insurance must provide verification of this expense or anticipated expense.

[ARC 1357C, IAB 3/5/14, effective 5/1/14]

441—99.5(234,252B) Deviation from guidelines.

99.5(1) *Criteria for deviation.* The court shall not vary from the amount of child support that would result from application of the guidelines without a written finding as required by the Iowa Supreme Court guidelines.

99.5(2) *Supporting financial and legal documentation.*

a. The party requesting a deviation from the guidelines shall provide supporting documentation. The supporting documentation shall include an itemized list identifying the amount and nature of each adjustment requested. Failure to provide supporting documentation for a request for deviation shall result in a denial of the request.

b. Legal documents prepared for the court's approval, such as stipulations and orders for support, shall include language to identify the following:

(1) The amount of support calculated under the guidelines without allowance for deviations.

(2) The reasons for deviating from the guidelines.

(3) The amount of support calculated after allowing for the deviation.

99.5(3) *Depreciation.* A parent may request a deduction for depreciation of machinery, equipment, or other property used to earn income. Straight-line depreciation shall be the only type of depreciation that shall be allowed as a deduction. The child support recovery unit shall allow the straight-line depreciation amount as a deduction if the parent provides documentation from a tax preparer verifying the amount of straight-line depreciation being claimed. Straight-line depreciation is computed by deducting the property's estimated salvage value from the cost of the property, and deducting that figure in equal yearly amounts over the period of the property's remaining estimated useful life.

99.5(4) *Foster care case.* In a foster care case, the child support recovery unit may deviate from the guidelines by applying a 30 percent flat rate deduction for parents who provide financial documentation. The flat rate deduction represents expenses under the case permanency plan and financial hardship allowances or other circumstances contemplated in Iowa Code section 234.39.

CSRU shall calculate the support obligation of the parents of children in foster care when the parents have a legal obligation for additional dependents in the home, as follows: The support obligation of each parent shall be calculated by allowing all deductions the parent is eligible for under the child support guidelines as provided in rule 441—99.2(234,252B) and by using the guidelines schedule corresponding to the sum of the children in the home for whom the parent has a legal obligation and the children in foster care. The calculated support amount shall be divided by the total number of children in foster care and in the home to compute the support obligation of the parent for each child in foster care.

99.5(5) *Negotiation of accrued support debt.* The child support recovery unit may negotiate with a parent to establish the amount of accrued support debt owed to the department. In negotiating accrued

support, the state does not represent the custodial parent. The custodial parent may intervene at any time prior to the filing of the order to contest the amount of the debt or request the entry of a judgment in the parent's behalf which may otherwise be relinquished through negotiation or entry of a judgment.
[ARC 1357C, IAB 3/5/14, effective 5/1/14]

These rules are intended to implement Iowa Code sections 234.39, 252B.3, 252B.5, 252B.7A, and 598.21(4).

441—99.6 to 99.9 Reserved.

DIVISION II
PATERNITY ESTABLISHMENT
PART A
JUDICIAL PATERNITY ESTABLISHMENT

441—99.10(252A) Temporary support. If a court ordered a putative father to pay temporary support before entering an order making a final determination of paternity under Iowa Code section 252A.6A, but then the court determines that the putative father is not the legal father and enters an order terminating the temporary support, all the following apply.

99.10(1) Satisfaction of accrued support. Upon receipt of a file-stamped copy of the order terminating the support order, the child support recovery unit shall take the following action concerning unpaid support assigned to the department:

- a. The child support recovery unit shall satisfy only unpaid support assigned to the department.
- b. The child support recovery unit shall ask the obligee to sign the satisfaction acknowledging the obligee has no right to support owed the department and waive notice of hearing on a subsequent satisfaction order. If the obligee does not sign the satisfaction and waiver or notice, the child support recovery unit is not prevented from satisfying amounts due the department.
- c. The child support recovery unit shall prepare the required documents to satisfy any amounts owed the department and shall file them with the appropriate district court.

99.10(2) Previously collected moneys. The child support recovery unit shall not return any moneys previously paid on the temporary support judgment.

This rule is intended to implement Iowa Code section 252A.6A.

441—99.11 to 99.20 Reserved.

PART B
ADMINISTRATIVE PATERNITY ESTABLISHMENT

441—99.21(252F) When paternity may be established administratively. The child support recovery unit may seek to administratively establish paternity and accrued or accruing child support and medical support obligations against an alleged father when the conditions specified in Iowa Code chapter 252F are met.

441—99.22(252F) Mother's certified statement. Before initiating an action under Iowa Code chapter 252F, the unit may obtain a signed Child Support Information, Form 470-3877, or Establishment Questionnaire, Form 470-3929, or a similar document from the child's caretaker. The unit shall obtain the Mother's Written Statement Alleging Paternity, Form 470-3293, from the child's mother certifying, in accordance with Iowa Code section 622.1, that the man named is or may be the child's biological father. Government records, including but not limited to an application for public assistance, which substantially meet the requirements of Iowa Code section 622.1 may also be used. In signing Form 470-3293, the mother acknowledges that the unit may initiate a paternity action against the alleged father, and she agrees to accept service of all notices and other documents related to that action by first-class mail. The mother shall sign and return Form 470-3293 to the unit within ten days of the date of the unit's request.

[ARC 1357C, IAB 3/5/14, effective 5/1/14]

441—99.23(252F) Notice of alleged paternity and support debt. Following receipt of the Mother's Written Statement Alleging Paternity, Form 470-3293, or government records, including but not limited to an application for public assistance, which substantially meet the requirements of Iowa Code section 622.1, the unit shall serve a notice of alleged paternity and support debt as provided in Iowa Code section 252F.3.

[ARC 1357C, IAB 3/5/14, effective 5/1/14]

441—99.24(252F) Conference to discuss paternity and support issues. The alleged father may request a conference as provided in Iowa Code section 252F.3, subsection (1), with the office that issued the notice to discuss paternity establishment and the amount of support he may be required to pay.

441—99.25(252F) Amount of support obligation. The unit shall determine the amount of the child support obligation accrued and accruing using the child support guidelines established by the Iowa Supreme Court, and pursuant to the provisions of Iowa Code section 252B.7A.

441—99.26(252F) Court hearing. If the alleged father requests a court hearing within the time frames specified in Iowa Code section 252F.3, or as extended by the unit, and paternity testing has not been conducted, the unit shall issue ex parte administrative orders requiring the alleged father, the mother and the child to submit to paternity testing.

441—99.27(252F) Paternity contested. The alleged father may contest the paternity establishment by submitting, within 20 calendar days after service of the notice upon him, as provided in rule 441—99.23(252F), a written statement contesting paternity to the address of the unit as set forth in the notice. The mother may contest paternity establishment by submitting, within 20 calendar days after the unit mailed her notice of the action or within 20 calendar days after the alleged father is served with the original notice, whichever is later, a written statement contesting paternity to the address of the unit as set forth in the notice. When paternity is contested, or at the unit's initiative, the unit shall issue ex parte administrative orders requiring the alleged father, the mother and the child to submit to paternity testing. If the mother and child or children previously submitted blood or genetic specimens in a prior action to establish paternity against a different alleged father, the previously submitted specimens and prior results, if available, may be used for testing in this action.

[ARC 2813C, IAB 11/9/16, effective 1/1/17]

441—99.28(252F) Paternity test results challenge. Either party or the unit may challenge the results of the paternity test by filing a written notice with the district court within 20 calendar days after the unit issues or mails the paternity test results to the parties. When a party challenges the paternity test results, and requests an additional paternity test, the unit shall order an additional blood or genetic test, if the party requesting the additional test pays for the additional testing in advance. If the party challenges the first paternity test results, but does not request additional tests, the unit may order additional blood or genetic tests.

441—99.29(252F) Agreement to entry of paternity and support order. If the alleged father admits paternity and reaches agreement with the unit on the entry of an order for support, the father may acknowledge his consent on the Child Support Declaration, Form 470-4084. If the mother does not contest paternity within the allowed time period or if the mother waives the time period for contesting paternity, the unit may file the Child Support Declaration, if applicable, and Administrative Paternity Order with the court in accordance with Iowa Code section 252F.6.

[ARC 1357C, IAB 3/5/14, effective 5/1/14]

441—99.30(252F) Entry of order establishing paternity only. If the alleged father requests a court hearing on support issues and paternity is not contested, or if paternity was contested but neither party filed a timely challenge of the paternity test results, the unit shall prepare an order establishing paternity and reserving the support issues for determination by the court. The unit shall present the order and other

documents supporting the entry of the ex parte paternity-only order to the court for review and approval prior to the hearing on the support issues.

441—99.31(252F) Exception to time limit. The unit may accept and respond to written requests for court hearings beyond the time limits allowed in this part.

441—99.32(252F) Genetic test costs assessed.

99.32(1) Paternity established. If genetic testing of an alleged father is conducted and that man is established as the child's father, the unit shall assess the costs of the genetic testing to the father who denied paternity and enter an order for repayment of these costs.

99.32(2) Paternity not established. If genetic testing of an alleged father is conducted and that man is not established as the child's father, the costs of the genetic testing shall not be assessed to any of the parties.

99.32(3) Results contested. If the results of the genetic testing are timely challenged and the challenging party requests additional testing, the party contesting the results shall advance the cost of the additional testing. If the challenging party does not advance payment for the additional testing, the unit shall certify the case to district court.

These rules are intended to implement Iowa Code chapter 252F.

441—99.33 to 99.35 Reserved.

PART C
PATERNITY DISESTABLISHMENT

441—99.36(598,600B) Definitions.

"Disestablishment" means paternity which is legally overcome under the conditions specified in Iowa Code section 600B.41A or section 598.21, subsection 4A.

"Nonrequesting parent" means a parent who is not filing a petition to overcome paternity.

"Requesting parent" means a parent who files a petition to overcome paternity.

441—99.37(598,600B) Communication between parents. When a parent who has filed a petition to disestablish paternity requests assistance from the child support recovery unit in contacting the other parent, the child support recovery unit shall take the following actions if services are being provided by the child support recovery unit, the location of the nonrequesting party is known, and the child support recovery unit has been provided a copy of the petition to disestablish paternity.

99.37(1) Written contact. The child support recovery unit shall send written notification to the nonrequesting parent of the requesting parent's desire to disestablish paternity and of the requesting parent's whereabouts. The notice shall state that the nonrequesting parent may cooperate in this action by filing a statement of the nonrequesting parent's current address or the name and address of the nonrequesting parent's attorney in the court file, or may contact the requesting parent with this information.

99.37(2) Notification of requesting parent. The child support recovery unit shall provide notification to the requesting party that contact was made with the nonrequesting party and that the nonrequesting parent may file a statement in the court file or may contact the requesting parent directly.

441—99.38(598,600B) Continuation of enforcement. The child support recovery unit shall continue all enforcement actions to collect current and accrued support as ordered until the unit receives a file-stamped copy of the order disestablishing paternity.

441—99.39(598,600B) Satisfaction of accrued support.

99.39(1) Disestablishment orders entered before May 21, 1997. Upon receipt of a file-stamped copy of an order disestablishing paternity which was entered before May 21, 1997, the child support recovery unit shall take the following action concerning unpaid support assigned to the department.

a. The child support recovery unit shall satisfy only unpaid support assigned to the department and only if:

(1) For actions under Iowa Code section 600B.41A, blood or genetic testing was done and a guardian ad litem was appointed for the child.

(2) For actions under Iowa Code section 598.21, the written statement was filed and a guardian ad litem was appointed for the child.

b. The child support recovery unit shall ask the obligee to sign the satisfaction acknowledging the obligee has no right to support owed the department and waive notice of hearing on a subsequent satisfaction order. If the obligee does not sign the satisfaction and waiver of notice, the child support recovery unit is not prevented from satisfying amounts due the department.

c. The child support recovery unit shall prepare the required documents to satisfy any amounts owed the department and shall file them with the appropriate district court. If the court later determines that paternity was incorrectly disestablished, the child support recovery unit may attempt to reinstate and enforce the prior judgment.

99.39(2) *Disestablishment orders entered on or after May 21, 1997.* Upon receipt of a file-stamped copy of an order disestablishing paternity which was entered on or after May 21, 1997, the child support recovery unit shall take the following action concerning unpaid support:

a. If the order also contains a provision satisfying unpaid support, the unit shall adjust its records to show unpaid support is paid.

b. If the order does not contain a provision satisfying unpaid support, the unit shall satisfy only unpaid support assigned to the department. The unit shall notify the party who petitioned the court for disestablishment that this is the only support the unit can satisfy.

(1) The child support recovery unit shall ask the obligee to sign the satisfaction acknowledging the obligee has no right to support owed the department and waive notice of hearing on a subsequent satisfaction order. If the obligee does not sign the satisfaction and waiver notice, the child support recovery unit is not prevented from satisfying amounts due the department.

(2) The child support recovery unit shall prepare the required documents to satisfy any amounts owed the department and shall file them with the appropriate court. If the court later determines that paternity was incorrectly disestablished, the child support recovery unit may attempt to reinstate and enforce the prior judgment.

99.39(3) *Termination of paternity.* If the court entered an order dismissing a disestablishment of paternity action on or before May 21, 1997, this subrule applies. Upon receipt of a file-stamped copy of an order terminating paternity under the requirements of Iowa Code section 600B.41A, the child support recovery unit shall take the following action concerning unpaid support assigned to the department:

a. The child support recovery unit shall satisfy only unpaid support assigned to the department.

b. The child support recovery unit shall ask the obligee to sign the satisfaction acknowledging the obligee has no right to support owed the department and waive notice of hearing on a subsequent satisfaction order. If the obligee does not sign the satisfaction and waiver of notice, the child support recovery unit is not prevented from satisfying amounts due the department.

c. The child support recovery unit shall prepare the required documents to satisfy any amounts owed the department and shall file them with the appropriate district court. If the court later determines that paternity was incorrectly terminated, the child support recovery unit may attempt to reinstate and enforce the prior judgment.

99.39(4) *Previously collected moneys.* The child support recovery unit shall not return any moneys previously paid on the judgment.

These rules are intended to implement Iowa Code section 598.21, subsection 4A, and Iowa Code section 600B.41A.

441—99.40 Reserved.

DIVISION III
ADMINISTRATIVE ESTABLISHMENT OF SUPPORT
[Prior to 9/1/93, see 441—95.11(252C)]

441—99.41(252C) Establishment of an administrative order.

99.41(1) *When order may be established.* The bureau chief may establish a child or medical support obligation against a responsible person through the administrative process. This does not preclude the child support recovery unit from pursuing the establishment of an ongoing support obligation through other available legal proceedings. When gathering information to establish a support order, the unit may obtain a signed Child Support Information, Form 470-3877, or Establishment Questionnaire, Form 470-3929, or a similar document from the child's caretaker.

99.41(2) *Support debt.* When public assistance is paid to or Medicaid is received by a child of the responsible person, or the dependent child's caretaker, a support debt is created and owed to the department. When no public assistance is paid or Medicaid is received, the debt is owed to the individual caretaker.

99.41(3) *Notice to responsible person.* When the bureau chief establishes a support debt against a responsible person, a notice of child support debt shall be served in accordance with the Iowa Rules of Civil Procedure or Iowa Code section 252B.26. The notice shall include all of the rights and responsibilities shown in Iowa Code section 252C.3. The notice shall also inform the responsible person which of these rights may be waived pursuant to Iowa Code section 252C.12, and the procedures for and effect of waiving these rights. The notice shall include a statement that failure to respond within the time limits given and to provide information and verification of financial circumstances shall result in the entry of a default judgment for support.

99.41(4) *Negotiation conference.* The responsible person may, within ten calendar days after being served the notice of child support debt, request a negotiation conference with the office of the child support recovery unit which sent the notice.

99.41(5) *Amount of support obligation.* The child support recovery unit shall determine the amount of the child support obligation accrued and accruing using the child support guidelines established by the Iowa Supreme Court, and pursuant to the provisions of Iowa Code section 252B.7A.

a. Any deviation from the guidelines shall require a written finding by the bureau chief.

b. Reserved.

99.41(6) Reserved.

99.41(7) *Court hearing.* Either the responsible person or the child support recovery unit may request a court hearing regarding the establishment of a support obligation through the administrative process.

a. The request for a hearing by the responsible person shall be in writing and sent to the office of the child support recovery unit which sent the original notice of the support debt by the latest of the following:

(1) Thirty days from the date of service of the first notice of support debt.

(2) Ten days from the date of the negotiation conference.

(3) Thirty days from the date the second notice and finding of financial responsibility is issued.

(4) Ten days from the date of issuance of the conference report if the bureau chief does not issue a second notice and finding of financial responsibility after a conference was requested.

b. When a request for a court hearing is received from the responsible person, within the time limits allowed, or is made by the child support recovery unit, the bureau chief shall schedule or request that the hearing be scheduled in the district court in the county:

(1) Where the dependent child resides if the child resides in Iowa.

(2) Where the responsible person resides if the child for whom support is sought resides in another state or the sole purpose of the administrative order is to secure a judgment for the time period that public assistance was expended by the state on behalf of the family or child.

99.41(8) *Exception to time limit.* The bureau chief may accept and respond to written requests for a court hearing beyond the time limits allowed in this rule.

99.41(9) Entry of order. If no request for a hearing is received from the responsible person at the local office of the child support recovery unit, or made by the unit, the bureau chief may prepare an order for support and have it presented ex parte to the court for approval.

a. The attorney for the child support recovery unit shall present the order and other documents supporting the entry of the ex parte order to the court for review and approval. Pursuant to Iowa Code chapter 252C, the court shall approve the order unless defects appear in the order or supporting documents.

b. The bureau chief shall file a copy of the approved order with the clerk of the district court.

c. The bureau chief shall send a copy of the filed order by regular mail, to the caretaker's last-known address, to the responsible person's last-known address or the caretaker's or the responsible person's attorney pursuant to the provisions of Iowa Code chapter 252C within 14 days after approval and issuance of the order by the court.

99.41(10) Force and effect. Once the order has been signed by the judge and filed, it shall have all the force and effect of an order or decree entered by the court. Unless otherwise specified, the effective date of the support obligation shall be the twentieth day following the date the order is prepared by the unit.

99.41(11) Modification by bureau chief. The bureau chief may petition an appropriate court for modification of a court order on the same grounds as a party to the court order can petition the court for modification.

This rule is intended to implement Iowa Code chapter 252C.
[ARC 1357C, IAB 3/5/14, effective 5/1/14]

441—99.42 to 99.60 Reserved.

DIVISION IV
REVIEW AND ADJUSTMENT OF CHILD SUPPORT OBLIGATIONS
[Prior to 9/1/93, see 441—98.51(73GA,ch1244) to 98.60(73GA,ch1244)]

441—99.61(252B,252H) Definitions.

"Guidelines" means the most current guidelines and criteria prescribed by the Iowa Supreme Court for determining the amount of child support to be awarded.

"Parent" means a person who is a responsible person or a caretaker, as those terms are defined in rule 441—95.1(252B).

"Recipient of service" means a person receiving foster care services, or a recipient of family investment program assistance or Medicaid benefits whose child support or medical support is assigned, or a person who is not receiving public assistance but who is entitled to child support enforcement services pursuant to Iowa Code section 252B.4.

441—99.62(252B,252H) Review of permanent child support obligations. Permanent child support obligations that are ongoing and being enforced by the child support recovery unit or the child support agency of another state shall be reviewed by the unit to determine whether or not to adjust the obligation. The unit shall determine the appropriate obligation amount using the child support guidelines. Iowa must have continuing, exclusive jurisdiction to modify the order under Iowa Code chapter 252K.

99.62(1) Periodic review. A permanent child support obligation being enforced by the child support recovery unit and meeting the conditions in Iowa Code section 252H.12 may be reviewed upon the initiative of the unit if:

a. The right to any ongoing child support obligation is currently assigned to the state due to the receipt of public assistance.

b. The support order does not already contain medical support provisions.

c. A review is otherwise necessary to comply with state or federal law.

99.62(2) Review by request. A review shall be conducted upon the request of the child support recovery agency of another state or upon the written request of either parent subject to the order submitted on Form 470-2749, Request to Modify a Child Support Order. One review may be conducted every two

years when the review is being conducted at the request of either parent. The request for review may be no earlier than two years from the filing date of the support order or most recent modification or the last completed review, whichever is later.

99.62(3) Review outcome.

a. Procedures to adjust the support obligation shall be initiated only when the financial and other information available to the child support recovery unit indicates that the:

- (1) Present child support obligation varies from the Iowa Supreme Court mandatory child support guidelines by more than 20 percent, and
- (2) Variation is due to a change in financial circumstances which has lasted at least three months and can reasonably be expected to last for an additional three months.

b. Procedures to modify a support order may be initiated when the order does not include provisions for medical support.

[ARC 9352B, IAB 2/9/11, effective 4/1/11]

441—99.63(252B,252H) Notice requirements. The child support recovery unit shall provide written notification to each parent affected by a permanent child support obligation being enforced by the child support recovery unit as follows:

99.63(1) Notice of right to request review. The child support recovery unit shall notify each parent of the right to request review of the order and the appropriate place and manner in which the request should be made. Notification shall be provided on Form 470-0188, Application For Nonassistance Support Services, Form 470-1981, Notice of Continued Support Services, Form 470-3078, Availability of Review and Adjustment Services, or through another printed or electronic format.

99.63(2) Notice of review. One of the following shall apply:

a. At least 15 days before the review is conducted, the child support recovery unit shall serve notice of its intent to review the order on each parent affected by the child support obligation. This notice shall include a request that the parties complete a financial statement and provide verification of income. The notice shall be served in accordance with Iowa Code section 252B.26 or 252H.15.

b. If the conditions of Iowa Code section 252H.14A(1) are met, the unit may conduct a review using information accessible to the unit without:

- (1) Issuing a notice under paragraph 99.63(2) “*a.*,” or
- (2) Requesting additional information from the parent.

99.63(3) Notice of decision. After the child support recovery unit completes the review of the child support obligation in accordance with rule 441—99.62(252B,252H), the unit shall issue a notice of decision in accordance with Iowa Code section 252H.14A or 252H.16 stating whether or not an adjustment is appropriate and, if so, the unit’s intent to enter an administrative order for adjustment.

a. and *b.* Rescinded IAB 2/5/03, effective 4/1/03.

99.63(4) Challenges to outcome of review. Each parent shall be allowed to request a second review challenging the determination of the child support recovery unit. The procedure for challenging the determination is as follows:

a. The parent challenging the determination shall submit the request for a second review in writing to the child support recovery unit stating the reasons for the request and providing written evidence necessary to support the challenge. The request must be submitted:

- (1) Within 10 days from the date of a notice of decision issued pursuant to Iowa Code section 252H.16, or
- (2) Within 30 days from service of a notice of decision issued pursuant to Iowa Code section 252H.14A.

b. The child support recovery unit shall review the written evidence submitted with the request and all financial information available to the unit and make a determination of one of the following:

- (1) Rescinded IAB 2/5/03, effective 4/1/03.
- (2) To enter an administrative order for adjustment of the obligation.
- (3) That adjustment of the child support obligation is inappropriate.

c. The unit shall send written notice of the outcome of the second review to each parent affected by the child support obligation at the parent's last-known mailing address.

d. For a review initiated under Iowa Code section 252H.15, if either parent disputes the second decision, the objecting parent may request a court hearing within 15 days from the date the notice of decision is issued or within 10 days of the date the second notice of decision is issued, whichever is later.

e. For a review initiated under Iowa Code section 252H.14A, either parent may request a court hearing within 10 days of the issuance of the second notice of decision.

f. If the unit receives a timely written request or the unit determines that a court hearing is necessary, the unit shall certify the matter to the district court. An objecting parent may seek recourse by filing a private petition for modification through the district court.

[ARC 9352B, IAB 2/9/11, effective 4/1/11]

441—99.64(252B,252H) Financial information. The child support recovery unit shall attempt to obtain and verify information concerning the financial circumstances of the parents subject to the order to be reviewed necessary to conduct the review.

99.64(1) *Financial statements.* Except for a review initiated under Iowa Code section 252H.14A, both parents subject to the order to be reviewed shall provide a financial statement and verification of income within ten days of service of the notice of the unit's intent to review the obligation. If a review is initiated under Iowa Code section 252H.14A and the first notice of decision is challenged as described in subrule 99.63(4), both parents shall be requested to provide a financial statement and verification of income within ten days of the unit's request.

a. Verification of income shall include, but not be limited to, the following: copies of state and federal income tax returns, W-2 statements, pay stubs, or a signed statement from an employer or other source of income.

b. The child support recovery unit may also request that the parent requesting review provide an affidavit regarding the financial circumstances of the nonrequesting parent when the unit is otherwise unable to obtain financial information concerning the nonrequesting parent. The requesting parent shall complete the affidavit if the parent possesses sufficient information to do so.

99.64(2) *Independent sources.* The child support recovery unit may utilize other resources to obtain or confirm information concerning the financial circumstances of the parents subject to the order to be reviewed.

a. These resources include, but are not limited to, the following: the Iowa workforce development department, the Iowa department of revenue, the Internal Revenue Service, the employment, revenue, and child support recovery agencies of other states, and the Social Security Administration.

b. In the absence of other verification of income and deductions allowed under the mandatory support guidelines, the child support recovery unit may estimate the net earned income of a parent for the purpose of determining the amount of support that would be due under the guidelines by deducting 20 percent from the gross earned income confirmed by an independent source. A parent may challenge this estimate by providing verification of actual earned income deductions.

99.64(3) *Availability of medical insurance.* Both parents subject to the order to be reviewed shall provide documentation regarding the availability of health insurance coverage for the children covered under the order, and the cost of the coverage, within ten days of a written request by the child support recovery unit. Verification may include, but not be limited to: a copy of the health benefit plan including the effective date of the plan, a letter from the employer detailing the availability of health insurance, or any other source that will serve to verify health insurance information and the cost of the coverage.

[ARC 9352B, IAB 2/9/11, effective 4/1/11]

441—99.65(252B,252H) Review and adjustment of a child support obligation.

99.65(1) *Conducting the review.* The child support recovery unit or its attorney shall review the case for administrative adjustment of a child support obligation unless it is determined that any of the following exist:

a. The location of one or both of the parents is unknown.

b. The variation from the Iowa Supreme Court mandatory child support guidelines is based on any material misrepresentation of fact concerning any financial information submitted to the child support recovery unit.

c. The criteria of rule 441—99.62(252B,252H) are not met.

d. The end date of the order is less than 12 months in the future or the youngest child is 17½ years of age.

99.65(2) *Civil action.* The review and adjustment action that is certified to court for hearing shall proceed as an ordinary civil action in equity, and the child support recovery unit attorney shall represent the state of Iowa in those proceedings.

99.65(3) *Private counsel.* After the notice has been issued as described in subrule 99.63(2) or 99.63(3), any party may choose to be represented personally by private counsel. Any party who retains private counsel shall notify the child support recovery unit of this fact in writing.

[ARC 9352B, IAB 2/9/11, effective 4/1/11; ARC 3719C, IAB 3/28/18, effective 7/1/18]

441—99.66(252B,252H) *Medical support.* The child support recovery unit, or its attorney, shall review the medical support provisions contained in any permanent child support order which is subject to review under rule 441—99.65(252B,252H) and shall include in any adjustment order a provision for medical support as defined in Iowa Code chapter 252E, and as set forth in 441—Chapter 98, Division I, or other appropriate provisions pertaining to medical support for all children affected directly by the child support order under review.

[ARC 9352B, IAB 2/9/11, effective 4/1/11]

441—99.67(252B,252H) *Confidentiality of financial information.* Financial information provided to the child support recovery unit by either parent for the purpose of facilitating the review and adjustment process may be disclosed to the other parties to the case, or to the district court, as follows:

99.67(1) *Financial statements.* Statements of financial status may be disclosed to either party.

99.67(2) *Other documentation.* Supporting financial documentation such as state and federal income tax returns, pay stubs, IRS Form W-2, bank statements, and other written evidence of financial status may be disclosed to the court after the notice has been issued as described in subrule 99.63(2) or 99.63(3), unless otherwise prohibited by state or federal law.

[ARC 9352B, IAB 2/9/11, effective 4/1/11]

441—99.68(252B,252H) *Payment of service fees and other court costs.* Payment of fees for administrative review or service of process and other court costs associated with the review and adjustment process is the responsibility of the party requesting review unless the court orders otherwise or the requesting party, as a condition of eligibility for receiving public assistance benefits, has assigned the rights to child or medical support for the order to be modified.

A requesting party who is indigent or receiving public assistance may request deferral of fees and costs. For the purposes of the division, “indigent” means that the requesting party’s income is 200 percent or less than the poverty level for one person as defined by the United States Office of Management and Budget and revised annually in accordance with Section 673(2) of the Omnibus Budget Reconciliation Act of 1981.

441—99.69(252B,252H) *Denying requests.* A request for review by a parent subject to the order may be denied for the following reasons:

99.69(1) Rescinded IAB 8/2/95, effective 10/1/95.

99.69(2) It has been less than two years since the support order was filed with the court, last modified, or last reviewed for the purpose of adjustment.

99.69(3) The child support recovery unit or a child support agency of another state is not providing enforcement services for an ongoing support obligation under the order for which the review has been requested.

99.69(4) The request is based entirely on issues such as custody or visitation rights, which are not directly related to child support.

99.69(5) The request is for the sole purpose of modifying the amount of delinquent support that has accrued under a support order.

99.69(6) The request is for the review of a temporary support order.

441—99.70(252B,252H) Withdrawing requests. If the requesting party contacts the child support recovery unit to withdraw the request, the child support recovery unit shall proceed as follows:

99.70(1) *Best interests of the child.* Rescinded IAB 2/5/03, effective 4/1/03.

99.70(2) *Consent of both parties.* The child support recovery unit shall notify the nonrequesting party of the requesting party's desire to withdraw the request.

a. If the nonrequesting party indicates a desire to continue the review, the unit shall proceed with the review and adjust the obligation, if appropriate.

b. If the nonrequestor indicates a desire to stop the process or fails to respond within ten days to the notification of the request to withdraw, the unit shall notify all parties that the review and adjustment process has been terminated.

99.70(3) *Effect of withdrawal.* If a request is successfully withdrawn pursuant to subrule 99.70(2), a later request by either party shall be subject to the limitations of subrule 99.62(2).

441—99.71(252H) Effective date of adjustment. Unless subject to court action or reconciliation of multiple Iowa orders, the new obligation amount shall be effective on the first date that the periodic payment is due under the order being modified after the unit files the adjustment order with the court.

These rules are intended to implement Iowa Code sections 252B.5 to 252B.7 and 598.21C(2) and Iowa Code chapter 252H.

441—99.72 to 99.80 Reserved.

DIVISION V
ADMINISTRATIVE MODIFICATION

PREAMBLE

This division implements those provisions of Iowa Code chapter 252H which provide for administrative modification of support obligations when there is a substantial change in the financial circumstances of a party and when both parties agree to a change in an obligation through a cost-of-living alteration. These rules also provide for use of the administrative procedure to modify orders to add children, correct errors, set support which had previously been reserved or set at zero dollars, and increase support for minor obligors who do not comply with statutory educational or parenting class requirements or who are no longer minors.

441—99.81(252H) Definitions.

"Additional child" means a child to be added to an existing support order covering another child of the same parents.

"Born of a marriage" means a child was born of a woman who was married at the time of conception, birth, or at any time during the period between conception and birth of the child pursuant to Iowa Code chapter 252A and Iowa Code section 144.13.

"Cost-of-living alteration" means a change in an existing child support order that equals an amount which is the amount of the support obligation following application of the percentage change of the consumer price index for all urban consumers, United States city average, as published in the Federal Register by the federal Department of Labor, Bureau of Labor Statistics, pursuant to Iowa Code section 252H.2.

"Guidelines" means the most current guidelines and criteria prescribed by the Iowa Supreme Court for determining the amount of child support to be awarded.

"Parent" means a person who is a responsible person or a caretaker, as those terms are defined in rule 441—95.1(252B).

"Substantial change of circumstances," for the purposes of this division, means:

1. There has been a change of 50 percent or more in the net income of a parent, as determined by comparing the new net income with the net income upon which the current child support obligation was based, and

2. The change is due to financial circumstances which have existed for a minimum period of three months and can reasonably be expected to exist for an additional three months, pursuant to Iowa Code section 252H.18A.

441—99.82(252H) Availability of service. The child support recovery unit shall provide the services described in this division for a support order originally entered or a foreign order registered in the state of Iowa. The order must be one which:

1. Involves at least one child born of a marriage or one child for whom paternity has been legally established.

2. Is being enforced by the unit in accordance with Iowa Code chapter 252B.

3. Is subject to the jurisdiction of this state for the purposes of modification.

4. Is not subject to or is not appropriate for review and adjustment.

5. Provides for support of at least one child under the age of 18 or a child between the ages of 18 and 19 years who is engaged full-time in completing high school graduation or equivalency requirements in a manner which is reasonably expected to result in completion of the requirements prior to the person's reaching 19 years of age.

6. Has an obligation ending more than 12 months in the future.

7. Involves parents for whom the location of both parents is known.

441—99.83(252H) Modification of child support obligations. Permanent child support obligations meeting the criteria set forth in rule 441—99.82(252H) may be modified at the initiative of the unit, or upon written request of either parent subject to the order submitted on Form 470-2749, Request to Modify a Child Support Order. Any action shall be limited to adjustment, modification, or alteration of the child support or medical provisions of the support order. The duration of the underlying order shall not be modified. The procedures used by the child support recovery unit to determine if a modification is appropriate are as follows:

99.83(1) Substantial change of circumstances. Procedures to modify the support obligation may be initiated outside the minimum time frame described in subrule 99.62(2) if a request is received from either parent and if the parent has submitted verified documentation of a substantial change in circumstances which indicates both of the following:

a. A change of at least 50 percent in the net income of a parent as defined by guidelines. The new net income will be compared to the net income upon which the current child support obligation was based.

b. The change is due to financial circumstances which have existed for a minimum period of three months and can reasonably be expected to exist for an additional three months.

The unit shall review the request and documentation and, if appropriate, issue a notice of intent to modify as described in subrule 99.84(1).

99.83(2) Adding provisions for additional children. Procedures to modify the support obligation may be initiated if:

a. A parent requests, in writing, or the unit determines that it is appropriate to add an additional child to the support order and modify the obligation amount according to the guidelines pursuant to Iowa Code section 598.21B and Iowa Code section 252B.7A; and

b. Paternity has been legally established.

When adding a child to an order through administrative modification, medical support provisions shall apply to the additional child.

99.83(3) Reserved, zero-dollar-amount, or medical-provisions-only orders. Procedures to modify the support obligation may be initiated if:

a. A parent requests a modification in writing or the unit determines that it is appropriate to include a support amount based on the guidelines; and

b. The original order:

- (1) Reserved establishment of an ongoing, dollar-amount support obligation giving a specific reason other than lack of personal jurisdiction over the obligor, or
- (2) Set the amount at zero, or
- (3) Was for medical provisions only.

99.83(4) *Corrections.* Procedures to modify the support obligation may be initiated if:

- a.* An error or omission pertaining to child support or medical provisions was made during preparation or filing of a support order; and
- b.* A necessary party requests a modification or the unit determines that a modification to correct an error or omission is appropriate.

99.83(5) *Noncompliance by minor obligors.* The unit may initiate procedures to modify a support order if a parent requests modification in writing or the unit determines that it is appropriate when:

- a.* An obligor who is under 18 years of age fails to comply with the requirement to attend parenting classes pursuant to Iowa Code section 598.21G; or
- b.* An obligor who is 19 years of age or younger fails to provide proof of compliance with education requirements described in Iowa Code section 598.21B(2) “*e*”; or
- c.* The obligor no longer meets the age requirements as defined in Iowa Code section 598.21B(2) “*e*” or 598.21G.

99.83(6) *Cost-of-living alteration.* A support order may be modified to provide a cost-of-living alteration if all the following criteria are met:

- a.* A parent requests a cost-of-living alteration in writing.
- b.* At least two years have passed since the order was filed with the court or last reviewed, modified, or altered.
- c.* The nonrequesting parent signs a statement agreeing to the cost-of-living alteration of the support order.
- d.* Each parent signs a waiver of personal service accepting service by regular mail.
- e.* The current support order addresses medical support for the children.
- f.* A copy of each affected order is provided, if the unit does not already have copies in its files.

[ARC 9352B, IAB 2/9/11, effective 4/1/11; ARC 1357C, IAB 3/5/14, effective 5/1/14]

441—99.84(252H) Notice requirements. The child support recovery unit shall provide written notification to parents affected by a permanent child support obligation being enforced by the unit as follows:

99.84(1) *Notice of intent to modify.* When a request for administrative modification is received or the unit initiates an administrative modification, the unit shall provide written notice to each parent of its intent to modify.

a. The notice shall include the legal basis and purpose for the action; a request for income or other information necessary for the application of guidelines (if applicable); an explanation of the legal rights and responsibilities of the affected parties, including time frames; and procedures for contesting the action.

b. The unit shall take the following actions to notify parents:

- (1) Rescinded IAB 2/5/03, effective 4/1/03.
- (2) If the modification is based on subrules 99.83(1) through 99.83(5), notice shall be provided to each parent. The notice shall be served in accordance with the Iowa Rules of Civil Procedure or Iowa Code section 252B.26 or 252H.19.

(3) If the modification is based on provision of a cost-of-living alteration as established at subrule 99.83(6) and the required documentation is included, the child support recovery unit shall notify each parent of the amount of the cost-of-living alteration by regular mail to the last-known address of each parent or, if applicable, each parent’s attorney. The notice shall include:

1. The method of determining the amount of the alteration pursuant to Iowa Code section 252H.21.
2. The procedure for contesting a cost-of-living alteration by making a request for review of a support order as provided in Iowa Code section 252H.24.

3. A statement that either parent may waive the 30-day notice waiting period. If both parents waive the notice waiting period, the unit may prepare an administrative order altering the support obligation.

99.84(2) Notice of decision to modify. The unit shall issue a notice of its decision to modify the support order to each parent affected by the support obligation at each parent's (or attorney's) last-known address. The notice shall contain information about whether the unit will continue or terminate the action and the procedures and time frames for contesting the action by requesting a court hearing pursuant to 441—subrule 99.86(2).

[ARC 9352B, IAB 2/9/11, effective 4/1/11]

441—99.85(252H) Financial information. The child support recovery unit may attempt to obtain and verify information concerning the financial circumstances of the parents subject to the order to be modified that is necessary to conduct an analysis and determine support. The unit does not require financial information if the request is for a cost-of-living alteration.

99.85(1) Financial statements. Parents subject to the order shall provide a financial statement and verification of income within ten days of a written request by the unit.

a. If the modification action is based on a substantial change of circumstances:

(1) The requesting party must provide Form 470-2749, Request to Modify a Child Support Order, and documentation that proves the amount of change in net income and the date the change took place, such as:

1. Copies of state and federal income tax returns, W-2 statements, or pay stubs, or
2. A signed statement from an employer or other source of income.

(2) The unit shall review the request and documentation. If appropriate, the unit shall issue to each parent a notice of intent to modify the order as stated in subrule 99.84(1) and a financial statement. Each parent shall complete and sign the financial statement and return it to the unit with verification of income and deductions as described in subrule 99.1(3).

b. The unit may require a completed and signed financial statement and verification of income from each parent as described in subrule 99.1(3) if the modification is based on:

- (1) Addition of a child;
- (2) Changing a reserved or zero-dollar-amount obligation;
- (3) Changing a medical-provisions-only obligation;
- (4) Making a correction (if financial information is needed); or
- (5) Noncompliance by a minor obligor as defined in Iowa Code section 598.21B(2) "e" or 598.21G.

c. The unit may also request that a parent requesting a modification provide an affidavit regarding the financial circumstances of the nonrequesting parent when the unit is otherwise unable to obtain financial information concerning the nonrequesting parent. The requesting parent shall complete the affidavit if the parent possesses sufficient information to do so.

d. The unit may also use the most recent wage rate information published by the department of workforce development or the median income for parents on the unit caseload to estimate the net earned income of a parent when a parent has failed to return a completed financial statement when requested and complete and accurate information is not readily available from other sources.

e. Self-employment income will be determined as described in subrule 99.1(5).

99.85(2) Independent sources. The child support recovery unit may use other resources to obtain or confirm information concerning the financial circumstances of the parents subject to the order to be modified as described in rule 441—99.1(234,252B).

99.85(3) Guidelines calculations.

a. The unit shall determine:

(1) The appropriate amount of the child support obligation (excluding cost-of-living alteration amounts) as described in rules 441—99.1(234,252B) through 441—99.5(234,252B), and

(2) Medical support provisions as described in Iowa Code chapter 252E and rules 441—98.1(252E) through 441—98.7(252E).

b. If the modification action is due to noncompliance by a minor obligor, as defined in Iowa Code section 598.21B(2) "e" or 598.21G, the unit will impute an income to the obligor equal to a 40-hour

workweek at the state minimum wage unless the parent's education, experience, or actual earnings justify a higher income.

[ARC 9352B, IAB 2/9/11, effective 4/1/11]

441—99.86(252H) Challenges to the proposed modification action. For modification actions based on subrules 99.83(1) through 99.83(5), each parent shall have the right to request a conference to contest the proposed modification. Either parent, or the unit, may also request a court hearing. For requests made based on subrule 99.83(6), either parent may contest the cost-of-living alteration by making a request for a review and adjustment of the support order.

99.86(1) Conference. Either parent may contest the proposed modification based on subrules 99.83(1) through 99.83(5) by means of a conference with the office of the unit that issued the notice of intent to modify.

- a. Only one conference shall be held per parent.
- b. The request must be made within ten days of the date of service of the notice of intent to modify.
- c. The office that issued the notice of intent to modify shall schedule a conference with the parent and advise the parent of the date, time, place, and procedural aspects of the conference.
- d. Reasons for contesting the modification include, but are not limited to, mistake of fact regarding the identity of one of the parties or the amount or terms of the modification.
- e. The child support recovery unit may conduct the conference in person or by telephone.
- f. If the party who requested the conference fails to attend the conference, only one alternative time shall be scheduled by the child support recovery unit.
- g. The results of a conference shall in no way affect the right of either party to request a court hearing pursuant to subrule 99.86(2).
- h. Upon completion of the conference, the unit shall issue a notice of decision to modify as described in subrule 99.84(2).

99.86(2) Court hearing.

- a. Either parent, or the unit, may contest the proposed modification, based on subrules 99.83(1) through 99.83(5), by requesting a court hearing within the latest of any of the following time periods:
 - (1) Twenty days from the date of successful service of the notice of intent to modify,
 - (2) Ten days from the date scheduled for a conference, or
 - (3) Ten days from the date of issuance of a notice of decision to modify.
- b. If the unit receives a timely written request, the unit shall certify the matter to the district court as described in Iowa Code section 252H.8.
- c. If a timely request is not received, if waiting periods have been waived, or if the notice periods have expired, the unit shall prepare an administrative order as provided in Iowa Code section 252H.9.

99.86(3) Contesting a proposed cost-of-living alteration. Either parent may contest a cost-of-living alteration within 30 days of the date of the notice of intent to modify by making a request for a review of the support order as provided in Iowa Code section 252H.13.

- a. If the unit receives a timely written request for review, the unit shall terminate the cost-of-living alteration process and proceed with the review and adjustment process.
- b. If a timely request is not made, or the notice waiting period has been waived by both parties, or the notice period has expired, the unit shall prepare an administrative order as provided in Iowa Code section 252H.24.

441—99.87(252H) Misrepresentation of fact.

99.87(1) The unit shall not modify the support order based on a substantial change of circumstances if a change in income is due to any material misrepresentation of fact concerning any financial information submitted to the child support recovery unit.

99.87(2) The unit may request verification that all facts concerning financial information are true. Verification may include, but is not limited to, a statement from the employer, a doctor, or other person with knowledge of the situation.

[ARC 3719C, IAB 3/28/18, effective 7/1/18]

441—99.88(252H) Effective date of modification. Unless subject to court action or reconciliation of multiple Iowa orders, the new obligation shall be effective on the first date that the periodic payment is due under the order being modified after the unit files the modification order with the court. If the modification is based on a reserved, zero-dollar-amount, or medical-provisions-only obligation, the new obligation shall be effective 20 days after generation of the administrative modification order.

441—99.89(252H) Confidentiality of financial information. Financial information provided to the child support recovery unit by either parent for the purpose of facilitating the modification process may be disclosed to the other parties to the case, or the district court, as follows:

99.89(1) *Financial statements.* The financial statement or affidavit may be disclosed to either party.

99.89(2) *Other documentation.* Supporting financial documentation such as state and federal income tax returns, paycheck stubs, IRS Form W-2, bank statements, and other written evidence of financial status may be disclosed to the court unless otherwise prohibited by state or federal law.

441—99.90(252H) Payment of fees. Payment of service of process and other costs associated with the modification process is the responsibility of the party requesting modification unless the court orders otherwise or the requesting party, as a condition of eligibility for receiving public assistance benefits, has assigned the rights to child or medical support for the order to be modified.

A requesting party who is indigent or receiving public assistance may request deferral of fees and costs. For the purposes of this division, “indigent” means that the requesting party’s income is 200 percent or less than the poverty level for one person as defined by the United State Office of Management and Budget and revised annually in accordance with Section 673(2) of the Omnibus Budget Reconciliation Act of 1981.

441—99.91(252H) Denying requests. A request for modification by a parent subject to the order may be denied if the criteria in rule 441—99.82(252H) are not met or the following conditions exist:

99.91(1) *Nonsupport issues.* The request is based entirely on issues such as custody or visitation rights.

99.91(2) *Request only for delinquent support.* The request is for the sole purpose of modifying the amount of delinquent support that has accrued under a support order.

99.91(3) *Temporary order.* The request is for the modification of a temporary support order.

99.91(4) *Two-year time frame.* The request is for a cost-of-living alteration and it has been less than two years since the order was filed with the court or last reviewed, modified, or altered.

99.91(5) *Change of circumstances.* The request is based on a substantial change in circumstances and:

a. The requestor’s net income has not changed by at least 50 percent, as required in paragraph 99.83(1) “*a,*” or

b. The requestor has not provided adequate documentation of the change in income, as required in subrule 99.85(1), or

c. The change in income has not yet lasted for three months, as required in paragraph 99.83(1) “*b,*” or

d. The change in income is not expected to last another three months, as required in paragraph 99.83(1) “*b,*” or

e. The change in income is due to material misrepresentation of fact, as explained in rule 441—99.87(252H).

[ARC 3719C, IAB 3/28/18, effective 7/1/18]

441—99.92(252H) Withdrawing requests. If the requesting party contacts the child support recovery unit to withdraw the request, the child support recovery unit shall notify the nonrequesting party of the requesting party’s desire to withdraw the modification request. If the nonrequesting party indicates, in writing, a desire to continue with the modification process, the child support recovery unit shall proceed, and if appropriate, modify the support order. If there is no response from the nonrequesting party or if the nonrequesting party also wants the process to end, the unit shall end the modification process. If the

unit initiated the modification action, the unit may terminate the process if, after notifying both parents, neither parent indicates a desire to continue with the modification.

These rules are intended to implement Iowa Code chapter 252H.

441—99.93 to 99.100 Reserved.

DIVISION VI
SUSPENSION AND REINSTATEMENT OF SUPPORT
PART A
SUSPENSION BY MUTUAL CONSENT

441—99.101(252B) Definitions. As used in this part, unless the context otherwise requires:

“*Caretaker*” means a natural person with whom a child is residing and who is not legally entitled to receive support for that child pursuant to the order that is the subject of the pending suspension request.

“*Child*” means the same as defined in Iowa Code section 252E.1.

“*Child support recovery unit*” or “*unit*” means the same as defined in rule 441—95.1(252B) and Iowa Code section 252B.1.

“*Obligee*” means a custodial parent or other natural person legally entitled to receive a support payment on behalf of a child.

“*Obligor*” means a noncustodial parent or other natural person who is ordered to pay support pursuant to the order that is the subject of the pending suspension request.

“*Public assistance*” means the same as defined in Iowa Code section 252H.2.

“*Spousal support*” means either a set amount of monetary support, or medical support as defined in Iowa Code section 252E.1, for the benefit of a spouse or former spouse, including alimony, maintenance, or any other term used to describe these obligations.

“*Step change*” means a change designated in a support order that specifies the amount of the child support obligation as the number of children entitled to support under the order changes.

“*Support*” means the same as defined in Iowa Code section 252D.16, and shall include spousal support and support for a child.

“*Support for a child*” means either a set amount of monetary support (child support), or medical support as defined in Iowa Code section 252E.1, for the benefit of a child. This term does not include spousal support as defined in this rule.

“*Support order*” means the same as a “court order” as defined in Iowa Code section 252C.1.

[ARC 2813C, IAB 11/9/16, effective 1/1/17]

441—99.102(252B) Availability of service. The child support recovery unit shall provide the services described in this part only with respect to support orders entered or registered in this state for which the unit is providing enforcement services in accordance with Iowa Code chapter 252B to collect current or accrued support.

99.102(1) Services described in this part shall only be provided if a court in this state would have continuing, exclusive jurisdiction to suspend and reinstate the order under Iowa Code chapter 252K.

99.102(2) Services described in this part shall be provided only if no prior request for suspension of all or part of a support order has been filed with the unit pursuant to Iowa Code section 252B.20 and no prior request for suspension of all or part of a support order has been served by the unit pursuant to Iowa Code section 252B.20A during the two-year period preceding the request.

[ARC 2813C, IAB 11/9/16, effective 1/1/17]

441—99.103(252B) Basis for suspension of support.

99.103(1) Reconciliation. The child support recovery unit shall assist an obligor and obligee in suspending support for a child and, if contained in a child support order, spousal support, when the obligor and obligee are reconciled and are residing together, with at least one child entitled to support under the order, in the same household.

99.103(2) Change in residency. The unit shall assist an obligor and obligee in suspending support for a child when the child is residing with the obligor; however, the unit shall not assist in suspending

any spousal support provisions of a support order on this basis. The unit shall also assist an obligor and obligee in suspending support for a child residing with a caretaker who has not requested unit services, if the child is not receiving public assistance.

99.103(3) *Affected children.* The unit shall assist an obligor and obligee in suspending all or part of a support order as provided in this part if the basis for suspension as described in this rule applies to the children entitled to support under the order to be suspended as follows:

a. If the basis for suspension applies to all of the children, the unit shall assist in suspending support obligations for all of the children.

b. If the basis for suspension applies to at least one but not all of the children and if the support order includes a step change, the unit shall assist in suspending the support obligations for children for whom the basis for suspension applies.

99.103(4) *Limited to current support.* The provisions in this part for suspending support apply only toward ongoing or current support. Any support that has accrued prior to the entry of an order suspending support, including judgments for past periods of time, is unaffected by the suspension.

99.103(5) *Duration of conditions.* The basis for suspension of support as provided in subrule 99.103(2) and subrule 99.103(3) must reasonably be expected to continue for not less than six months from the date a request for assistance to suspend is received by the child support recovery unit.

[ARC 2813C, IAB 11/9/16, effective 1/1/17]

441—99.104(252B) Request for assistance to suspend.

99.104(1) *Submitting a request.* The obligor and obligee subject to a support order being enforced by the unit may request that the unit assist in having the ongoing support provisions suspended as follows:

a. A request for suspension shall be submitted to the local child support unit providing services using Form 470-3033, Request to Suspend Support, and Form 470-3032, Affidavit Regarding Suspension of Support.

b. The unit shall provide Forms 470-3032 and 470-3033 to the obligor or obligee upon request.

c. Both forms must be signed by both the obligor and the obligee affected by the order to be suspended. In the event that current support payments are assigned to an individual or entity other than the obligee named in the original order, but may revert to the original obligee at a future date without court action, both the original obligee and the current assignee must sign both forms.

d. Form 470-3032 must be notarized.

e. The request shall contain sufficient information to allow the local unit to identify the court order and parties involved, and a statement that the obligor and obligee expect the basis for suspension to continue for not less than six months.

f. If the obligor and obligee are requesting suspension of more than one order at the same time, the obligor and obligee shall be required to submit only one copy of Form 470-3033, identifying each order the request involves; however, the obligor and obligee shall be required to submit a separate, signed and notarized affidavit, Form 470-3032, for each order.

99.104(2) *Denying a request.* The local unit providing services shall issue a written notice to the obligor and obligee indicating that a properly completed request is denied.

a. This notice shall be sent by first-class regular mail to the last-known address of the obligor and obligee or, if applicable, to the last-known address of the obligor's or obligee's attorney.

b. If the basis for suspension is reconciliation, one notice shall be sent to the address shared by the obligor and obligee. If the basis for suspension is a change in residency of the children entitled to support, a separate notice shall be issued to the obligor and obligee at their respective last-known addresses.

c. The notice denying a request shall indicate the reason for denial.

d. A request for suspension shall be denied when the conditions specified in Iowa Code section 252B.20, rule 441—99.102(252B), or rule 441—99.103(252B) are not met.

e. Denial of a request is not subject to appeal or review under Iowa Code chapter 17A.

[ARC 2813C, IAB 11/9/16, effective 1/1/17]

441—99.105(252B) Order suspending support. To approve a request to suspend support, the unit shall prepare and present to the district court an order suspending support as provided in Iowa Code section 252B.20.

99.105(1) When the basis for suspension is reconciliation, the suspension shall apply to any ongoing support provisions of the order, including medical support, with respect to any child residing with the parents and with respect to any spouse or former spouse entitled to support under the order to be suspended.

99.105(2) When the basis for suspension is a change in residency of one or more of the children entitled to support, the suspension shall apply to ongoing support provisions, including medical support, with respect to only the children entitled to support under the order who are residing with the obligor. Any spousal support also ordered in the same support order shall remain unaffected by this action.

99.105(3) A copy of the filed order shall be sent by first-class regular mail to the last known address of the obligor and obligee, or, if applicable, to the last known address of the obligor's or obligee's attorney.

[ARC 2813C, IAB 11/9/16, effective 1/1/17]

441—99.106(252B) Suspension of enforcement of current support. The child support recovery unit shall suspend enforcement actions intended to collect or enforce any current support obligation that would have accrued during the time the support obligation is suspended. The unit shall continue to provide all appropriate enforcement services to collect any support not suspended and any arrearages that accrued before the effective date of the suspension.

PART B
SUSPENSION BY PAYOR'S REQUEST

441—99.107(252B) Definitions. As used in this part, unless the context otherwise requires:

“Caretaker” means a natural person with whom a child is residing and who is not legally entitled to receive support for that child pursuant to the order that is the subject of the pending suspension request.

“Child” means the same as defined in Iowa Code section 252E.1.

“Child support recovery unit” or *“unit”* means the same as defined in rule 441—95.1(252B) and Iowa Code section 252B.1.

“Obligee” means a custodial parent or other natural person legally entitled to receive a support payment on behalf of a child.

“Obligor” means a noncustodial parent or other natural person who is ordered to pay support pursuant to the order that is the subject of the pending suspension request.

“Public assistance” means the same as defined in Iowa Code section 252H.2.

“Step change” means a change designated in a support order that specifies the amount of the child support obligation as the number of children entitled to support under the order changes.

“Support” means the same as defined in Iowa Code section 252D.16 and shall include support for a child.

“Support for a child” means either a set amount of monetary support (child support), or medical support as defined in Iowa Code section 252E.1, for the benefit of a child. This term does not include spousal support as defined in rule 441—99.101(252B).

“Support order” means the same as a “court order” as defined in Iowa Code section 252C.1.

[ARC 2813C, IAB 11/9/16, effective 1/1/17]

441—99.108(252B) Availability of service. The child support recovery unit shall provide the services described in this part only with respect to support orders entered pursuant to Iowa Code chapter 252A, 252C or 252F for which the unit is providing enforcement services in accordance with Iowa Code chapter 252B to collect current or accrued support.

99.108(1) Services described in this part shall only be provided if a court in this state would have continuing, exclusive jurisdiction to suspend and reinstate the order pursuant to Iowa Code chapter 252K.

99.108(2) Services described in this part shall be provided only if no prior request for suspension of all or part of a support order has been filed with the unit pursuant to Iowa Code section 252B.20 and no prior request for suspension of all or part of a support order has been served by the unit pursuant to Iowa Code section 252B.20A during the two-year period preceding the request.
[ARC 2813C, IAB 11/9/16, effective 1/1/17]

441—99.109(252B) Basis for suspension of support.

99.109(1) *Child residing with obligor or caretaker.* The unit shall assist an obligor in suspending support for a child residing with the obligor or with a caretaker who has not requested unit services, if the child has been residing with the obligor or caretaker for more than 60 consecutive days.

99.109(2) *Orders eligible for suspension.*

a. The unit shall assist an obligor in suspending support for a child under this part only when there is no order in effect regarding legal custody, physical care, visitation or other parenting time for the child.

b. If an order exists that contains language regarding legal custody, physical care, visitation or other parenting time for the child, the unit shall deny the suspension request.

99.109(3) *Children on public assistance.* The children for whom ongoing support is being suspended shall not be receiving public assistance pursuant to Iowa Code chapter 239B or 249A or a comparable law of another state or foreign country, or if the children are receiving public assistance, the obligor must be considered to be a member of the same household as the children for the purposes of public assistance eligibility.

99.109(4) *Duration of conditions.* The basis for suspension of support under this part must reasonably be expected to continue for not less than six months from the date a request for assistance to suspend is received by the child support recovery unit.

99.109(5) *Affected children.* The unit shall assist an obligor in suspending all or part of a support order as provided in this part if the basis for suspension as described in this rule applies to the children entitled to support under the order to be suspended as follows:

a. If the basis for suspension applies to all of the children, the unit shall assist in suspending support obligations for all of the children.

b. If the basis for suspension applies to at least one but not all of the children and if the support order includes a step change, the unit shall assist in suspending the support obligations for children for whom the basis for suspension applies.

99.109(6) *Limited to current support.* The provisions in this part for suspending support apply only toward ongoing or current support. Any support that has accrued prior to the entry of an order suspending support, including judgments for past periods of time, is unaffected by the suspension.
[ARC 2813C, IAB 11/9/16, effective 1/1/17]

441—99.110(252B) Request for assistance to suspend. The obligor subject to a support order being enforced by the unit may request that the unit assist in having the ongoing support provisions suspended as follows:

99.110(1) *Submitting a request.*

a. A request for suspension shall be submitted to the local child support unit providing services using Form 470-5348, Request from the Payor to Suspend Support.

b. The unit shall provide Form 470-5348 to the obligor upon request.

c. The request form must be signed by the obligor affected by the order to be suspended.

d. The request shall contain sufficient information to allow the local unit to identify the court order and parties involved and shall attest that the children have lived in the obligor's household or the caretaker's household for more than 60 consecutive days and are expected to live there for at least six months.

99.110(2) *Submitting an affidavit.* After receiving a valid request for suspension, the local unit shall provide the requestor with Form 470-5349, Affidavit Requesting Suspension of Support Based on Payor's Request.

a. The obligor shall submit the affidavit for suspension to the local child support unit providing services. If the request for suspension is made pursuant to Iowa Code section 252B.20A(17), the caretaker must also submit an affidavit, Form 470-5349.

b. Form 470-5349 must be signed, attesting to the existence of the conditions under subrules 99.109(1) through 99.109(4). Form 470-5349 must be notarized.

c. If the obligor is requesting suspension of more than one order at the same time, the obligor shall be required to submit only one copy of Form 470-5348, identifying each order the request involves; however, the obligor shall be required to submit a separate, signed and notarized affidavit, Form 470-5349, for each order.

[ARC 2813C, IAB 11/9/16, effective 1/1/17]

441—99.111(252B) Determining eligibility for suspension. Upon receipt of the request for suspension and the properly executed and notarized affidavit, the unit shall review the request and the affidavit to determine that the criteria have been met.

99.111(1) *If the criteria are not met.* If the criteria have not been met, the local unit providing services shall issue a written notice to the obligor indicating that the request is denied.

a. The notice shall be sent by first-class regular mail to the last-known address of the obligor or, if applicable, to the last-known address of the obligor's attorney.

b. The notice shall indicate the reason for denial and notify the obligor of the right to proceed through private counsel. Denial of the request is not subject to contested case proceedings or further review pursuant to Iowa Code chapter 17A.

99.111(2) *If the criteria are met.* If the criteria are met, the unit shall proceed as follows:

a. The unit shall serve Form 470-5351, Notice of Intent to Payee to Suspend a Child Support Obligation Based on Payor's Request, and Form 470-5352, Payee's Affidavit Objecting to Suspension of Support, and supporting documents on the obligee by any means provided in Iowa Code section 252B.26. The notice to the obligee shall include all of the following:

(1) Information sufficient to identify the parties and the support order affected.

(2) An explanation of the procedure for suspension under Part B and reinstatement of support under Part C of this division.

(3) An explanation of the rights and responsibilities of the obligee to respond to the action.

(4) A statement that, within 20 days of service, the obligee must submit a signed and notarized response to the unit objecting to at least one of the assertions in subrules 99.109(1) through 99.109(4). The statement shall inform the obligee that if, within 20 days of service, the obligee fails to submit a response as specified in this subparagraph, notwithstanding Rules of Civil Procedure 1.972(2) and 1.972(3), the unit will prepare and submit an order.

b. No sooner than 30 days after service on the obligee, the unit shall do one of the following:

(1) If the obligee submits a signed and notarized objection to at least one of the assertions in subrules 99.109(1) through 99.109(4), deny the request and notify the parties in writing that the request is denied, providing reasons for the denial, and notifying the parties of the right to proceed through private counsel. Denial of the request is not subject to contested case proceedings or further review pursuant to Iowa Code chapter 17A.

(2) If the obligee cannot be served, the local unit providing services shall issue a written notice to the obligor indicating the request is denied, following the procedure described in subrule 99.111(2).

(3) If the obligee does not timely submit a signed and notarized objection to the unit, prepare an order following the procedure described in rule 441—99.112(252B).

[ARC 2813C, IAB 11/9/16, effective 1/1/17]

441—99.112(252B) Order suspending support. After approving a request to suspend support and properly serving the obligee, the unit shall prepare and present to the district court an order suspending support as provided in Iowa Code section 252B.20A.

99.112(1) The suspension shall apply to ongoing support provisions, including medical support, with respect to only the children entitled to support under the order who are residing with the obligor or caretaker.

99.112(2) A copy of the filed order shall be sent by first-class regular mail to the last-known address of the obligor and obligee or, if applicable, to the last-known address of the obligor's or obligee's attorney. [ARC 2813C, IAB 11/9/16, effective 1/1/17]

441—99.113(252B) Suspension of enforcement of current support. The child support recovery unit shall suspend enforcement actions intended to collect or enforce any current support obligation that would have accrued during the time the support obligation is suspended. The unit shall continue to provide all appropriate enforcement services to collect any support not suspended and any arrearages that accrued before the effective date of the suspension. [ARC 2813C, IAB 11/9/16, effective 1/1/17]

PART C
REINSTATEMENT OF SUPPORT

441—99.114(252B) Request for reinstatement. The unit may request that the court reinstate the suspended support obligation in accordance with the procedures found in Iowa Code sections 252B.20 and 252B.20A.

99.114(1) Either the obligor or the obligee affected by the suspended order may request reinstatement by submitting a written request for reinstatement to the child support recovery unit. The request must indicate that reinstatement is being requested and the reason for reinstatement and must contain sufficient information to identify the court order and parties involved. The request must also be signed by the requesting party.

99.114(2) The unit may, at its own initiative, request that the court reinstate a support obligation when it is determined that a child for whom the obligation was suspended is receiving public assistance benefits.

99.114(3) The unit shall issue a written notice approving or denying the request to any obligor or obligee requesting reinstatement. This notice shall be sent by first-class regular mail to the last-known address of the requesting party and shall indicate any reason for denial.

99.114(4) A properly completed request for reinstatement shall be denied when any of the following conditions exist:

- a.* The request is made by someone other than the obligor, the obligee, or the obligor's or obligee's attorney.
- b.* The unit is no longer providing enforcement services for the suspended order.
- c.* The request is received more than six months after the date of the filing of the order suspending support.
- d.* The request is for partial reinstatement of the suspended support order for some but not all of the children, and the order does not contain a step change.
- e.* A court in this state would not have continuing, exclusive jurisdiction to reinstate the order under Iowa Code chapter 252K.

[ARC 2813C, IAB 11/9/16, effective 1/1/17]

441—99.115(252B) Reinstatement. The child support recovery unit shall follow the procedures in Iowa Code sections 252B.20 and 252B.20A in seeking to have the court reinstate a support order.

99.115(1) The unit shall request that the court reinstate a spousal support provision previously suspended if the provision was included in the suspension in accordance with subrule 99.105(1) and if the unit receives a properly completed request from the obligor or the obligee.

99.115(2) The unit shall seek to have the previously suspended support for a child reinstated under this part when the conditions in paragraph "a" or "b" of this subrule are met. This provision shall not prohibit any party, including the child support recovery unit, from taking other action to establish support as provided for by law.

- a.* The basis for suspension no longer applies to any of the children for whom support was suspended; or

b. The basis for suspension continues to apply to some but not all of the children for whom support was suspended, and there is a step change in the order.

[ARC 2813C, IAB 11/9/16, effective 1/1/17]

441—99.116(252B) Reinstatement of enforcement of support. If a suspended support obligation is reinstated, the unit shall also reinstate all appropriate enforcement measures to enforce all reinstated ongoing support provisions of the support order.

[ARC 2813C, IAB 11/9/16, effective 1/1/17]

441—99.117(252B) Temporary suspension becomes final. The temporary suspension of a support order under this division shall become final if not reinstated in accordance with Iowa Code sections 252B.20 and 252B.20A.

[ARC 2813C, IAB 11/9/16, effective 1/1/17]

The rules in this division are intended to implement Iowa Code sections 252B.20 and 252B.20A.

[Filed 8/12/93, Notice 6/23/93—published 9/1/93, effective 11/1/93]

CHAPTER 100
CHILD SUPPORT PROMOTING OPPORTUNITIES FOR PARENTS PROGRAM

PREAMBLE

This chapter describes the promoting opportunities for parents program developed by the department of human services child support recovery unit (CSRU). The purpose of this program is to assist parents in overcoming the barriers which interfere with fulfilling their obligations to their children. For the purpose of these rules, promoting opportunities includes emotional and personal involvement of the parents, parenting or fatherhood classes and employment resources beyond simply meeting the parents' financial obligations. In order to encourage participation by parents, CSRU may partner with community providers and resources and may offer various incentives for participation. These incentives may be offered through projects whose plans have been approved by the bureau chief or through projects in which CSRU participates and for which the bureau chief approves of CSRU's offering any or all of the incentives.

[ARC 3720C, IAB 3/28/18, effective 7/1/18]

441—100.1(252B) Definitions.

“Assigned support arrearages” means support arrearages for which all rights have been and shall remain assigned to the state of Iowa.

“Bureau chief” means the chief of the bureau of collections of the department of human services or the bureau chief's designee.

“Child support recovery unit (CSRU)” means any person, unit, or other agency which is charged with responsibility for providing or assisting in the provision of child support enforcement services pursuant to Title IV-D of the Social Security Act.

“Designated provider” means any project approved in whole or in part by CSRU and approved by the bureau chief to assist parents in overcoming the barriers which interfere with their fulfilling obligations to their children. Each project shall have a project plan approved by the bureau chief.

“Incentives” means, but is not limited to, satisfaction of support obligations and bypass of select enforcement tools such as license sanction, administrative levy, and contempt.

“Participant” means a person who receives services or incentives through a project.

“Periodic support payment” means the total support payment due in each time period in accordance with the established support obligation. If no current support is due, the periodic support payment is equivalent to the last current support amount as would be ordered under 441—Chapter 98, Division II.

“Project plan” means the written policies, procedures, eligibility criteria and other components, as described at subrule 100.3(2).

[ARC 3720C, IAB 3/28/18, effective 7/1/18]

441—100.2(252B) Incentives. CSRU may offer incentives to participants through designated providers to encourage participants' completion of the project. The available incentives include, but are not limited to, the following:

100.2(1) Satisfaction of the assigned support arrearages.

a. A participant shall be granted a partial satisfaction of the assigned support arrearages which are and which will remain owed by that participant to the state after that participant's successful completion of the project and payment of that participant's periodic support payments. Satisfactions granted under this subrule shall apply only to those cases for which periodic support payment is credited.

b. Each satisfaction shall be an amount equal to a percentage of that participant's support arrearages, which are and which will remain owed to the state, according to the following schedule:

(1) A one-time satisfaction after 6 consecutive months from the participant's completion of the project. The amount of satisfaction shall be a percentage based on the amount of periodic support paid on all qualifying cases as follows:

1. When 100 percent of the periodic support is paid, the satisfaction amount will equal 50 percent of the amount owed to the state.

2. When 99 to 80 percent of the periodic support is paid, the satisfaction amount will equal 40 percent of the amount owed to the state.

3. When 79 to 60 percent of the periodic support is paid, the satisfaction amount will equal 30 percent of the amount owed to the state.

4. When 59 to 40 percent of the periodic support is paid, the satisfaction amount will equal 20 percent of the amount owed to the state.

5. When 39 to 20 percent of the periodic support is paid, the satisfaction amount will equal 10 percent of the amount owed to the state.

6. When 19 to 0 percent of the periodic support is paid, the satisfaction amount will equal 0 percent of the amount owed to the state.

(2) A one-time satisfaction after 12 consecutive months from the participant's completion of the project. The amount of satisfaction shall be a percentage based on the amount of periodic support paid on all qualifying cases as follows:

1. When 100 percent of the periodic support is paid, the satisfaction amount will equal 100 percent of the amount owed to the state.

2. When 99 to 80 percent of the periodic support is paid, the satisfaction amount will equal 80 percent of the amount owed to the state.

3. When 79 to 60 percent of the periodic support is paid, the satisfaction amount will equal 60 percent of the amount owed to the state.

4. When 59 to 40 percent of the periodic support is paid, the satisfaction amount will equal 40 percent of the amount owed to the state.

5. When 39 to 20 percent of the periodic support is paid, the satisfaction amount will equal 20 percent of the amount owed to the state.

6. When 19 to 0 percent of the periodic support is paid, the satisfaction amount will equal 0 percent of the amount owed to the state.

c. A participant subject to an income withholding order shall be eligible for the satisfaction in this subrule if the sole reason for ineligibility is a disparity between the schedules of the participant's pay date and the scheduled date the payment is due.

d. A participant shall be eligible for a satisfaction under this subrule if the participant is no longer a participant but has continued to pay the participant's periodic support payment without interruption.

100.2(2) Enforcement processes. CSRU may bypass select enforcement tools, including but not limited to license sanction, administrative levy, and contempt, if the participant is actively in the project. [ARC 3720C, IAB 3/28/18, effective 7/1/18]

441—100.3(252B) Establishment of designated providers. CSRU may initiate a request for project plans to become designated providers.

100.3(1) Contents of a request for project plans. The request for project plans shall contain the requirements for contents of the project plan and any other parameter for the specific project being advertised. The request shall also contain a deadline by which project plans must be submitted to the bureau chief.

100.3(2) Contents of project plans. Each project shall have and maintain a project plan. At a minimum, the project plan shall contain or address the following:

a. The applicant's experience and success at integrating collaborations and services essential to the project.

b. The geographic area to be served and community need for projected services.

c. The projected number of participants to be served and the criteria to be used for the selection and termination of participants.

d. The specific parenting curriculum to be used. The curriculum must be well-established, have a track record of use and be field-tested.

e. A description of the components of the curriculum. The components of the curriculum should include personal development, responsible parenting, parenting skills, financial responsibilities, communication skills, and domestic violence prevention.

- f.* The schedule, location, hours of instruction and format for administering the curriculum.
- g.* A description of the organization and identification of staff responsible for delivering the curriculum. The staff should have experience in group facilitation and be certified trainers in the curriculum.
- h.* A clear explanation of how the curriculum and services will be monitored and evaluated, including how the participants will be tracked and what data will be collected.
- i.* Project duration.

100.3(3) Amendments to project plan. Projects may submit proposed amendments to their project plan in writing to the bureau chief. The bureau chief shall have the option, after review, of approving or disapproving all proposed amendments to the project plan.

[ARC 3720C, IAB 3/28/18, effective 7/1/18]

441—100.4(252B) Selection of designated providers. The bureau chief shall have sole authority to select designated providers. The bureau chief shall select which of the project plans received on or before the deadline date shall be granted the status of designated providers. The selection of designated providers shall be based upon the content of the project plan including, but not limited to, the following criteria:

1. Applicant's experience.
2. Geographic area selected and community need for the project.
3. Participants to be served and criteria to be used to select participants and terminate their participation.
4. The parenting curriculum to be used.
5. A description of the components of the curriculum.
6. The schedule, location, hours of instruction and format for administering the curriculum.
7. A description of the organization and identification of staff.
8. An explanation of monitoring and evaluation.
9. Project duration.

[ARC 3720C, IAB 3/28/18, effective 7/1/18]

441—100.5(252B) Termination of designated providers. The bureau chief may immediately terminate CSRU's participation with a designated provider if the designated provider is not fulfilling the terms of its project plan or the designated provider is not fulfilling the terms for CSRU's participation in the project plan.

[ARC 3720C, IAB 3/28/18, effective 7/1/18]

441—100.6(252B) Reports and records.

100.6(1) Reports. Designated providers established under these rules shall report to CSRU at least monthly, unless otherwise required by the project plan. These reports shall include, but not be limited to, the following:

- a.* Attendance documentation with the names of participants served.
- b.* Signed voluntary consent of participants seeking incentives.
- c.* Certification of participants completing the curriculum.
- d.* Other information as specified in the project plan.

100.6(2) Records retention. Designated providers shall retain all records as necessary to meet the requirements of these rules.

[ARC 3720C, IAB 3/28/18, effective 7/1/18]

441—100.7(252B) Receipt of incentives. Participants receiving incentives under these rules may continue to receive the incentives after the termination of these rules or after they are no longer participants only under subrule 100.2(1). Subrule 100.2(1) shall apply to a participant or former participant for the full time period allowed in that subrule.

[ARC 3720C, IAB 3/28/18, effective 7/1/18]

These rules are intended to implement Iowa Code section 252B.3(5).

[Filed 7/13/00, Notice 5/17/00—published 8/9/00, effective 10/1/00]

[Filed Emergency 9/22/03 after Notice 7/9/03—published 10/15/03, effective 10/1/03]

TITLE XI
CHILDREN'S INSTITUTIONS
CHAPTER 101
IOWA JUVENILE HOME
[Prior to 7/1/83, Social Services[770] Ch 101]
[Prior to 2/11/87, Human Services[498]]

441—101.1(218) Definitions.

“Assigned service worker” means the individual’s social work case manager who is a department employee.

“Child” means a person under the age of 18 years.

“Contraband” means weapons, ammunition, tobacco, alcohol, drugs, money, altered authorized property, mood-altering plant material, obscene material as defined in Iowa Code section 728.1(5), explosives, material that can be used in the manufacture of explosives, or material advocating disruption of or injury to residents, employees, programs, or physical facilities. “Contraband” includes anything which is illegal to possess under federal or state law and materials that are used in the production of drugs or alcohol or used in conjunction with the taking of illicit drugs. “Contraband” also includes anything determined to be banned from individual possession by published facility rules.

“Department” means the Iowa department of human services.

“Division administrator” means the administrator of the division of mental health and disability services within the department.

“Facility” means the Iowa juvenile home.

“Family” means spouse, child, parent, sibling, or grandparent.

“Gift or bequest” means anything of value that a facility receives that is intended for use directly by the employees of the facility. Items intended for public distribution, such as clothes or furniture, do not constitute a gift to the facility.

“Grievance” means a written or oral complaint by or on behalf of an individual that involves:

1. A rights violation or unfairness to the individual, or
2. Any aspect of the individual’s life with which the individual does not agree.

“Individual,” as used in this chapter, means any child who is committed to the director of the department of human services and is admitted to and receives services from the Iowa juvenile home. The terms “student,” “resident,” “juvenile,” and “youth” are synonymous with the term “individual.”

“Legal representative” means a person, including an attorney, who is authorized by law to act on behalf of an individual.

“Money” means all forms of currency, checks, money orders, stocks, bonds, and any other item that can be used as a medium of exchange for payment for goods or services.

“Parent” means a natural or adoptive mother or father of a child but does not include a mother or father whose parental rights have been terminated.

“Rights” means the human, civil, and constitutional liberties an individual possesses through federal and state constitutions and laws.

“Tobacco” means all forms of tobacco.

“Weapon” means any gun, knife, tool, object, or chemical that can be used to inflict harm on one’s self or another.

This rule is intended to implement Iowa Code section 218.4.
[ARC 9318B, IAB 12/29/10, effective 2/2/11]

441—101.2(218) Standards.

101.2(1) The Iowa juvenile home shall comply with:

a. Standards required for comprehensive residential facilities for children in 441—Chapter 115 except that requirements contained in 441—subrule 115.4(1) for staff ratios during prime programming time are waived when there is inadequate funding.

b. Standards related to mandatory reporting of child abuse found in rule 441—112.10(232).

101.2(2) The Iowa juvenile home shall comply with the standards for group living foster care facilities in 441—Chapter 114 except that:

a. Rules 441—114.6(237) on organization and administration and 441—114.9(237) on intake procedures do not apply.

b. Only sleeping rooms built after January 1, 1988, must meet the requirements in 441—paragraph 114.3(2) “*b.*”

c. Staff job descriptions shall be identified by the department of administrative services’ human resources enterprise.

This rule is intended to implement Iowa Code section 218.4.

[ARC 9318B, IAB 12/29/10, effective 2/2/11]

441—101.3(218) Admission.

101.3(1) *Population guidelines.* The facility population level shall be based on the population guidelines that the judicial branch, in consultation with the department, develops on the number of individuals who may be placed at a juvenile facility at any one time. Pursuant to those guidelines and the responsibility of the superintendent for admission of individuals, the superintendent and the chief juvenile court officers shall allocate to each judicial district the number of children from each district who may be placed in the facility for diagnosis and evaluation and for treatment.

101.3(2) *Acceptance of child.* A certified copy of the court order which complies with Iowa Code chapter 232 shall accompany the child to the facility, along with the relevant petitions.

a. A child shall be accepted for evaluation as specified in the court order only when a diagnostic bed is available.

b. A child shall be accepted into the regular program as specified in the court order only when a treatment bed is available.

c. A child adjudicated to have committed a delinquent act shall not be admitted to the Iowa juvenile home.

d. The superintendent or chief juvenile court officer shall notify the court when the appropriate space, service, or program is not available so that admission can be ordered when the facility can meet the child’s needs.

101.3(3) *Time of admission.* When a child is to be admitted to the Iowa juvenile home, arrangements shall be made for the actual admission to occur between 8 a.m. and 4:30 p.m., Monday through Friday, whenever possible.

This rule is intended to implement Iowa Code section 218.4.

[ARC 9318B, IAB 12/29/10, effective 2/2/11]

441—101.4(218) Plan of care.

101.4(1) *Individual care plan conference.* At least ten working days before the individual care plan conference, the facility shall provide written notification of the time, date and nature of the conference to:

- a.* The individual;
- b.* The individual’s parents;
- c.* The individual’s legal representative;
- d.* The assigned service worker; and
- e.* The court.

101.4(2) *Special meeting.* Whenever special concerns and needs arise regarding an individual, the superintendent or designee shall schedule a meeting to evaluate and formulate appropriate changes in the individual care plan. Notice of the meeting shall be issued to:

- a.* The individual;
- b.* The individual’s parents;
- c.* The individual’s legal representative;
- d.* The assigned service worker; and
- e.* Other relevant parties.

101.4(3) Prerelease conference. A conference shall be held 30 days before any anticipated release of an individual from the regular program. At least 5 working days before the conference, the facility shall provide written notice of the time, date, and purpose of the conference to:

- a. The individual;
- b. The individual's parents;
- c. The individual's legal representative;
- d. The assigned service worker; and
- e. The court.

This rule is intended to implement Iowa Code section 218.4.

[ARC 9318B, IAB 12/29/10, effective 2/2/11]

441—101.5(218) Communication with individuals.

101.5(1) Incoming telephone calls. Approval of the superintendent or designee is required for all incoming telephone calls for an individual before the conversation occurs. An authorized employee shall verify the identity of the caller before approval is given. Approved telephone calls shall not be monitored.

101.5(2) Mail and packages.

a. Outgoing or incoming letters and packages shall not be opened, read, censored, or tampered with in any manner except that, to search for and seize contraband, an employee may:

- (1) Open, but not read, incoming and outgoing letters and packages in the presence of the individual to whom the letters and packages belong; or
- (2) Require that the individual open the letters and packages in an employee's presence and disclose the contents.

b. Letters or packages found to contain contraband shall be confiscated. Both the sender and the intended receiver of the confiscated letters and packages shall be notified and given reasons for the action in writing within 48 hours of the action.

c. The superintendent or designee may terminate correspondence between an individual and another person when the individual's treatment team has determined that the correspondence is not in the individual's best interest and is detrimental to the individual's treatment plan. Termination shall be based on the circumstances of each case.

(1) The superintendent or designee shall provide justification to terminate the correspondence in a written notice to the correspondents.

(2) Correspondents may file a grievance concerning the termination.

101.5(3) Visits.

a. *Schedule.* Visiting hours shall be from 10 a.m. to 4:30 p.m. on Saturday and Sunday. Visits by the individual's family or legal representative shall be encouraged. Necessary flexibility in these hours and days will be allowed.

(1) The superintendent may designate certain weekdays or holidays for visiting. The resident shall be responsible for informing visitors about designated visiting days.

(2) Visiting during times other than those described in this subrule shall require approval of the superintendent before the day of the visit.

b. *Applicability.* Other than a family member or legal representative, a person who wants to visit an individual shall obtain prior approval from the superintendent or designee before visiting. Visitation rights shall be denied to:

(1) A former juvenile home resident unless the former resident is a family member or has prior approval of the superintendent or designee;

(2) A parent whose parental rights have been terminated or limited by court order;

(3) A person who is restricted by court order from contact with the individual;

(4) A visitor who refuses to cooperate with the rules of the facility;

(5) A visitor who creates a disturbance or is hostile to the point of being disruptive;

(6) A visitor who passes or attempts to pass contraband to an individual or who aids in an escape or attempted escape;

(7) A visitor who is under the influence of or has been partaking of drugs or alcoholic beverages; and

(8) Any other person who, based on reasonable cause, is believed to pose a risk to the individual's treatment or to the safety or security of the facility.

c. Procedures.

(1) Visitors shall check in with security upon arrival. The employee on duty may request identification of the visitor. Failure to produce identification may result in denial of the visit.

(2) An individual shall be permitted to visit with up to six family members during any one visit. Family members under 18 years of age shall visit only with adult family supervision.

(3) An individual shall not be permitted to visit with the family of another individual unless the superintendent or designee has given prior approval. An individual shall have written authorization of the superintendent or designee before accompanying parents of another individual off grounds on a visit.

d. Limits. The superintendent reserves the right to limit or terminate visiting in all cases when doing so is in the best interests of the individual's personal and therapeutic needs. When limitation or termination of visiting rights occurs, the superintendent or designee shall:

(1) Immediately notify persons involved why the action was taken; and

(2) Place a written report in the individual's file.

101.5(4) Attorney contacts. An individual's attorney shall have the right to visit or have telephone contact with the individual at any reasonable time.

a. An individual shall have the right to contact the individual's attorney during normal business hours and at other times with prior approval of the attorney. Responsibility for payment for the cost of the contact shall be determined before the contact is made.

b. An individual who does not have an attorney shall be referred to the committing court for an attorney to be appointed.

101.5(5) Interviews and statements.

a. Request. Requests to interview an individual made by media (newspapers, television stations, radio stations, etc.), groups, or persons not related to the individual shall be made through the superintendent's office.

(1) The superintendent or designee shall inform the individual of the request and of the individual's right to agree to participate in the interview or to remain silent and not participate.

(2) If an interview may have an impact on the individual's legal status, the superintendent or designee shall contact the individual's attorney to determine if the attorney has any objection to the individual's participation.

b. Decision. When the individual agrees to participate, the interview shall be granted at the discretion of the superintendent. The superintendent may deny an interview in situations deemed detrimental to the individual. The person requesting the interview may appeal the superintendent's decision to the division administrator.

c. Procedure.

(1) Whenever an interview is granted, at least one facility employee shall be present for the entirety of the interview and shall have the authority to terminate the interview anytime the employee believes the best interests of the individual are not being served. Exceptions to this requirement shall be made when the individual's interview is with the individual's own attorney or with state officials acting in an official capacity.

(2) The individual shall be represented by legal counsel during any interview that is conducted to obtain information that will be or may be used in court.

d. Depositions. The superintendent may grant permission for written depositions according to the procedures for granting interviews. Voice recording of depositions shall not be permitted. One copy of the deposition shall be submitted to the superintendent. This rule shall in no way restrict depositions ordered by the court.

This rule is intended to implement Iowa Code section 218.4.
[ARC 9318B, IAB 12/29/10, effective 2/2/11]

441—101.6(218) Photographing and recording of individuals. An individual's parent or legal representative may take photographs or make audio or video recordings of that individual but shall not be authorized to take photographs or make recordings of any other individual.

101.6(1) With the authorization of the superintendent or designee, an individual may take a photograph of another individual with that individual's consent.

101.6(2) Use of still or video cameras or voice recorders to photograph or record an individual by anyone other than the individual, parent, legal representative or authorized employee shall be allowed only with the prior authorization of the superintendent or designee.

a. When granted, authorization to photograph or record shall be for one specific use and shall not extend to any other use.

b. Photographs and video or voice recordings of an individual for public distribution shall be permitted only with a signed informed consent from the superintendent and the individual's parent or legal representative.

101.6(3) A person authorized to take photographs or recordings shall make every effort to preserve the inherent dignity of the individual and to preclude exploitation or embarrassment of the individual or the family of the individual.

This rule is intended to implement Iowa Code section 218.4.
[ARC 9318B, IAB 12/29/10, effective 2/2/11]

441—101.7(218) Employment of individual. Employers that want to hire an individual must obtain approval from the superintendent or designee.

101.7(1) To clarify the employer-individual employment agreement, the superintendent or designee shall communicate to the individual's employer and document:

a. The employer's legal responsibilities, including:

(1) Adherence to child labor laws; and

(2) Payment in accordance with the Fair Labor Standards Act. Work of a more skilled nature shall be compensated accordingly.

b. The employer's responsibility to meet the requirements of the Iowa juvenile home, including but not limited to those relating to salary, supervision, transportation, and work hours of the individual. The employer shall:

(1) Make all payments for the individual's employment to the facility business office for deposit in the individual's account. Payment of any nature shall not be given directly to the individual for any purpose.

(2) Immediately report a runaway individual to the superintendent or designee.

(3) Report to the superintendent or designee an individual's behavior that is unacceptable to the employer.

101.7(2) An individual's behavior that is unacceptable to an employer shall not subject the individual to any sanctions, punishment or punitive restriction of privileges unless the behavior constitutes a public offense or violates facility rules. In such case, the individual may be referred to court for prosecution or the facility's discipline procedure may be followed.

101.7(3) The employer, the superintendent or designee, or the individual shall have the right to terminate the employment at any time.

This rule is intended to implement Iowa Code section 218.4.
[ARC 9318B, IAB 12/29/10, effective 2/2/11]

441—101.8(218) Temporary home visits.

101.8(1) An individual may be granted a temporary home visit for up to five days for reasons such as:

a. To attend funerals, weddings, or holiday functions;

b. For job seeking;

c. For the primary purpose of exploring and improving family and community relations; or

d. For a preplacement visit to a foster or group home to test the appropriateness of such a placement.

101.8(2) The superintendent or designee and the assigned service worker shall approve a temporary home visit before the visit is scheduled and only after the assigned service worker has investigated and approved in writing the temporary home visit placement.

101.8(3) Five working days in advance of a visit, the superintendent or designee shall notify the following in writing:

- a. The individual's parents;
- b. The individual's legal representative;
- c. The temporary placement, if different from the parents' home;
- d. The assigned service worker; and
- e. The court.

101.8(4) In cases of an emergency, the notice required by subrule 101.8(3) may be delivered by telephone and shall be followed by a written notice explaining the special circumstance.

101.8(5) In a special case, based on the individual's treatment needs, the superintendent or designee may extend a temporary home visit when both the superintendent or designee and the assigned service worker's supervisor agree that the proposed extension is appropriate.

This rule is intended to implement Iowa Code section 218.4.
[ARC 9318B, IAB 12/29/10, effective 2/2/11]

441—101.9(218) Grievances. Any individual who believes the individual's rights have been violated by the Iowa juvenile home or who has a complaint concerning the individual's treatment at the Iowa juvenile home may file a grievance. The individual's parent, family, or legal representative may file a grievance on behalf of the individual by submitting the grievance in writing to the superintendent.

This rule is intended to implement Iowa Code section 218.4.
[ARC 9318B, IAB 12/29/10, effective 2/2/11]

441—101.10(218) Alleged child abuse. The department shall arrange for the investigation of any reported case of alleged child abuse. For cases in which the alleged perpetrator is a facility employee, contractor, or volunteer, or some other department employee, the investigation shall be conducted by an agency other than the department.

This rule is intended to implement Iowa Code section 218.4.
[ARC 9318B, IAB 12/29/10, effective 2/2/11]

441—101.11(233B) Cost of care. The Iowa juvenile home shall seek to recover a portion of the cost of care from an individual who has unearned income. In determining the amount to be recovered:

1. The individual shall be allowed to retain a personal allowance equal to the personal allowance amount established by the Social Security Administration for the Supplemental Security Income program.
2. The amount recovered shall not exceed the actual cost of care.
3. The cost of care shall be determined using the average per diem multiplied by the total days of care.
4. The superintendent may grant a one-time exception to recovery of up to \$1,000 for a personal needs living expense if an individual is being discharged and has no viable means of support upon release.

This rule is intended to implement Iowa Code section 233B.16.
[ARC 9318B, IAB 12/29/10, effective 2/2/11]

441—101.12(218) Buildings and grounds.

101.12(1) Tours. Tours of the facility shall be subject to the prior approval of the superintendent or designee. Tours may be scheduled on weekdays from 8 a.m. to 4 p.m. by appointment through the superintendent's office. Approval shall be based on availability of employee time to conduct the tour and the programmatic and security needs of the facility.

101.12(2) Public use. Facility space shall be for the primary use of the Iowa juvenile home. All public use of facility space shall require prior approval of the superintendent or designee. Approval for

use shall be based on the order of requests received and on space availability after the programmatic and security needs of the facility are met.

This rule is intended to implement Iowa Code section 218.4.

[ARC 9318B, IAB 12/29/10, effective 2/2/11]

441—101.13(8,218) Gifts and bequests. Gifts or bequests of money, clothing, books, games, recreational equipment or other gifts shall be made directly to the superintendent.

101.13(1) The superintendent or designee shall evaluate the gift or bequest in terms of the nature of the contribution to the facility program.

101.13(2) The superintendent shall be responsible for accepting the gift or bequest and reporting it to the division administrator.

a. All monetary gifts or bequests shall be acknowledged in writing to the donor.

b. All gifts or bequests, regardless of value, shall be reported to the Iowa ethics and campaign disclosure board within 20 days of receipt of the gift or bequest using the board's Form-GB.

This rule is intended to implement Iowa Code sections 8.7 and 218.4.

CHAPTER 103
STATE TRAINING SCHOOL
[Prior to 7/1/83, Social Services[770] Ch 103]
[Prior to 2/11/87, Human Services[498]]

441—103.1(218) Definitions.

“*Child*” means a person under the age of 18 years.

“*Contraband*” means weapons, ammunition, tobacco, alcohol, drugs, money, altered authorized property, mood-altering plant material, obscene material as defined in Iowa Code section 728.1(5), explosives, material that can be used in the manufacture of explosives, or material advocating disruption of or injury to residents, employees, programs, or physical facilities. “*Contraband*” includes anything which is illegal to possess under federal or state law and materials that are used in the production of drugs or alcohol or used in conjunction with the taking of illicit drugs. “*Contraband*” also includes anything determined to be banned from individual possession by published facility rules.

“*Department*” means the Iowa department of human services.

“*Division administrator*” means the administrator of the division of mental health and disability services within the department.

“*Facility*” means the state training school.

“*Family*” means spouse, child, parent, sibling, or grandparent.

“*Gift or bequest*” means anything of value that a facility receives that is intended for use directly by the employees of the facility. Items intended for public distribution, such as clothes or furniture, do not constitute a gift to the facility.

“*Grievance*” means a written or oral complaint by or on behalf of an individual that involves:

1. A rights violation or unfairness to the individual, or
2. Any aspect of the individual’s life with which the individual does not agree.

“*Individual*,” as used in this chapter, means any child who is committed to the director of the department of human services and is admitted to and receives services from the state training school. The terms “*student*,” “*resident*,” “*juvenile*,” and “*youth*” are synonymous with the term “*individual*.” For purposes of the state training school, the term shall also include a person whose stay is extended beyond the age of 18 under the provisions of 2009 Iowa Code Supplement sections 232.53(2) and 232.53(4).

“*Iowa sex offender registry*” means a central registry of sex offenders established under 2009 Iowa Code Supplement chapter 692A that is maintained by the department of public safety.

“*Juvenile court officer*” means the same as defined in Iowa Code section 232.2(30).

“*Juvenile offender*” means a juvenile who is required to be registered with the Iowa sex offender registry and with the sheriff of the juvenile’s county of residence.

“*Legal representative*” means a person, including an attorney, who is authorized by law to act on behalf of an individual.

“*Money*” means all forms of currency, checks, money orders, stocks, bonds, and any other item that can be used as a medium of exchange for payment for goods or services.

“*Parent*” means a natural or adoptive mother or father of a child but does not include a mother or father whose parental rights have been terminated.

“*Registration*” means the submission of registration forms to the Iowa sex offender registry and to the sheriff of the person’s county of residence.

“*Rights*” means the human, civil, and constitutional liberties an individual possesses through federal and state constitutions and laws.

“*State training school*” means the units for juvenile delinquents at the Eldora and Toledo facilities as defined in Iowa Code section 233A.1(2).

“*Tobacco*” means all forms of tobacco.

“*Weapon*” means any gun, knife, tool, object, or chemical that can be used to inflict harm on one’s self or another.

This rule is intended to implement Iowa Code section 218.4.
[ARC 9318B, IAB 12/29/10, effective 2/2/11]

441—103.2(218) Admission.

103.2(1) *Population guidelines.* The facility population level shall be based on the population guidelines that the judicial branch, in consultation with the department, develops on the number of individuals who may be placed at a juvenile facility at any one time. Pursuant to those guidelines and the responsibility of the superintendents for admission of individuals, the superintendents and the chief juvenile court officers shall allocate to each judicial district the number of children from each district who may be placed in the facility for diagnosis and evaluation and for treatment.

103.2(2) *Acceptance of child.* A certified copy of the court order which complies with Iowa Code chapter 232 shall accompany the child to the facility, along with the relevant petitions.

a. A child shall be accepted for evaluation as specified in the court order only when a diagnostic bed is available.

b. A child shall be accepted into the regular program as specified in the court order only when a treatment bed is available.

c. A child adjudicated as a child in need of assistance shall not be admitted to the state training school, except:

(1) For diagnosis and evaluation and then only when a current petition is on file that alleges the child to have committed a delinquent act, or

(2) When the child is also adjudicated delinquent and meets admission criteria for the state training school as a delinquent.

d. The superintendent or chief juvenile court officer shall notify the court when the appropriate space, service, or program is not available so that admission can be ordered when the facility can meet the child's needs.

103.2(3) *Time of admission.* When a child is to be admitted to the state training school, arrangements shall be made for the actual admission to occur between 8 a.m. and 4:30 p.m., Monday through Friday, whenever possible.

This rule is intended to implement Iowa Code section 218.4.
[ARC 9318B, IAB 12/29/10, effective 2/2/11]

441—103.3(218) Plan of care.

103.3(1) *Individual care plan conference.* At least ten working days before the individual care plan conference, the facility shall provide written notification of the time, date and nature of the conference to:

- a.* The individual;
- b.* The individual's parents;
- c.* The individual's legal representative;
- d.* The individual's juvenile court officer; and
- e.* The court.

103.3(2) *Special meeting.* Whenever special concerns and needs arise regarding an individual, the superintendent or designee shall schedule a meeting to evaluate and formulate appropriate changes in the individual care plan. Notice of the meeting shall be issued to:

- a.* The individual;
- b.* The individual's parents;
- c.* The individual's legal representative;
- d.* The individual's juvenile court officer; and
- e.* Other relevant parties.

103.3(3) *Prerelease conference.* A conference shall be held 30 days before any anticipated release of an individual from the regular program. At least 5 working days before the conference, the facility shall provide written notice of the time, date, and purpose of the conference to:

- a.* The individual;
- b.* The individual's parents;
- c.* The individual's legal representative;
- d.* The individual's juvenile court officer; and

e. The court.

This rule is intended to implement Iowa Code section 218.4.
[ARC 9318B, IAB 12/29/10, effective 2/2/11]

441—103.4(218) Communication with individuals.

103.4(1) *Incoming telephone calls.* Approval of the superintendent or designee is required for all incoming telephone calls for an individual before the conversation occurs. An authorized employee shall verify the identity of the caller before approval is given. Approved telephone calls shall not be monitored.

103.4(2) *Mail and packages.*

a. Outgoing or incoming letters and packages shall not be opened, read, censored, or tampered with in any manner except that, to search for and seize contraband, an employee may:

- (1) Open, but not read, incoming and outgoing letters and packages in the presence of the individual to whom the letters and packages belong; or
- (2) Require that the individual open the letters and packages in an employee's presence and disclose the contents.

b. Letters or packages found to contain contraband shall be confiscated. Both the sender and the intended receiver of the confiscated letters and packages shall be notified and given reasons for the action in writing within 48 hours of the action.

c. The superintendent or designee may terminate correspondence between an individual and another person when the individual's treatment team has determined that the correspondence is not in the individual's best interest and is detrimental to the individual's treatment plan. Termination shall be based on the circumstances of each case.

- (1) The superintendent or designee shall provide justification to terminate the correspondence in a written notice to the correspondents.
- (2) Correspondents may file a grievance concerning the termination.

103.4(3) *Visits.*

a. Schedule. Visiting hours shall be from 10 a.m. to 4:30 p.m. on Saturday and Sunday. Visits by the individual's family or legal representative shall be encouraged. Necessary flexibility in these hours and days will be allowed.

(1) The superintendent may designate certain weekdays or holidays for visiting. The resident shall be responsible for informing visitors about designated visiting days.

(2) Visiting during times other than those described in this subrule shall require approval of the superintendent before the day of the visit.

b. Applicability. Other than a family member or legal representative, a person who wants to visit an individual shall obtain prior approval from the individual's juvenile court officer and the superintendent or designee before visiting. Visitation rights shall be denied to:

- (1) A former training school resident unless the former resident is a family member or has prior approval of the superintendent or designee;
- (2) A parent whose parental rights have been terminated or limited by court order;
- (3) A person who is restricted by court order from contact with the individual;
- (4) A visitor who refuses to cooperate with the rules of the facility;
- (5) A visitor who creates a disturbance or is hostile to the point of being disruptive;
- (6) A visitor who passes or attempts to pass contraband to an individual or who aids in an escape or attempted escape;
- (7) A visitor who is under the influence of or has been partaking of drugs or alcoholic beverages; and
- (8) Any other person who, based on reasonable cause, is believed to pose a risk to the individual's treatment or to the safety or security of the facility.

c. Procedures.

(1) Visitors shall check in with security upon arrival. The employee on duty may request identification of the visitor. Failure to produce identification may result in denial of the visit.

(2) An individual shall be permitted to visit with up to six family members during any one visit. Family members under 18 years of age shall visit only with adult family supervision.

(3) An individual shall not be permitted to visit with the family of another individual unless the individual's juvenile court officer and the superintendent or designee have given prior approval. An individual shall have written authorization of the individual's juvenile court officer and the superintendent or designee before accompanying parents of another individual off grounds on a visit.

d. Limits. The superintendent reserves the right to limit or terminate visiting in all cases when doing so is in the best interests of the individual's personal and therapeutic needs. When limitation or termination of visiting rights occurs, the superintendent or designee shall:

- (1) Immediately notify persons involved why the action was taken; and
- (2) Place a written report in the individual's file.

103.4(4) Attorney contacts. An individual's attorney shall have the right to visit or have telephone contact with the individual at any reasonable time.

a. An individual shall have the right to contact the individual's attorney during normal business hours and at other times with prior approval of the attorney. Responsibility for payment for the cost of the contact shall be determined before the contact is made.

b. An individual who does not have an attorney shall be referred to the committing court for an attorney to be appointed.

103.4(5) Interviews and statements.

a. Request. Requests to interview an individual made by media (newspapers, television stations, radio stations, etc.), groups, or persons not related to the individual shall be made through the superintendent's office.

(1) The superintendent or designee shall inform the individual of the request and of the individual's right to agree to participate in the interview or to remain silent and not participate.

(2) If an interview may have an impact on the individual's legal status, the superintendent or designee shall contact the individual's attorney to determine if the attorney has any objection to the individual's participation.

b. Decision. When the individual agrees to participate, the interview shall be granted at the discretion of the superintendent. The superintendent may deny an interview in situations deemed detrimental to the individual. The person requesting the interview may appeal the superintendent's decision to the division administrator.

c. Procedure.

(1) Whenever an interview is granted, at least one facility employee shall be present for the entirety of the interview and shall have the authority to terminate the interview anytime the employee believes the best interests of the individual are not being served. Exceptions to this requirement shall be made when the individual's interview is with the individual's own attorney or with state officials acting in an official capacity.

(2) The individual shall be represented by legal counsel during any interview that is conducted to obtain information that will be or may be used in court.

d. Depositions. The superintendent may grant permission for written depositions according to the procedures for granting interviews. Voice recording of depositions shall not be permitted. One copy of the deposition shall be submitted to the superintendent. This rule shall in no way restrict depositions ordered by the court.

This rule is intended to implement Iowa Code section 218.4.

[ARC 9318B, IAB 12/29/10, effective 2/2/11]

441—103.5(218) Photographing and recording of individuals. An individual's parent or legal representative may take photographs or make audio or video recordings of that individual but shall not be authorized to take photographs or make recordings of any other individual.

103.5(1) With the authorization of the superintendent or designee, an individual may take a photograph of another individual with that individual's consent.

103.5(2) Use of still or video cameras or voice recorders to photograph or record an individual by anyone other than the individual, parent, legal representative, or authorized employee shall be allowed only with the prior authorization of the superintendent or designee.

a. When granted, authorization to photograph or record shall be for one specific use and shall not extend to any other use.

b. Photographs and voice or video recordings of an individual for public distribution shall be permitted only with a signed informed consent from the superintendent and the individual's parent or legal representative.

103.5(3) A person authorized to take photographs or recordings shall make every effort to preserve the inherent dignity of the individual and to preclude exploitation or embarrassment of the individual or the family of the individual.

This rule is intended to implement Iowa Code section 218.4.
[ARC 9318B, IAB 12/29/10, effective 2/2/11]

441—103.6(218) Employment of individual. Employers that want to hire an individual must obtain approval from the superintendent or designee.

103.6(1) To clarify the employer-individual employment agreement, the superintendent or designee shall communicate to the individual's employer and document:

a. The employer's legal responsibilities, including:

(1) Adherence to child labor laws; and

(2) Payment in accordance with the Fair Labor Standards Act. Work of a more skilled nature shall be compensated accordingly.

b. The employer's responsibility to meet the requirements of the training school, including but not limited to those relating to salary, supervision, transportation, and work hours of the individual. The employer shall:

(1) Make all payments for the individual's employment to the facility business office for deposit in the individual's account. Payment of any nature shall not be given directly to the individual for any purpose.

(2) Immediately report a runaway individual to the superintendent or designee.

(3) Report to the superintendent or designee an individual's behavior that is unacceptable to the employer.

103.6(2) An individual's behavior that is unacceptable to an employer shall not subject the individual to any sanctions, punishment or punitive restriction of privileges unless the behavior constitutes a public offense or violates facility rules. In such case, the individual may be referred to court for prosecution or the facility's discipline procedure may be followed.

103.6(3) The employer, the superintendent or designee, or the individual shall have the right to terminate the employment at any time.

This rule is intended to implement Iowa Code section 218.4.
[ARC 9318B, IAB 12/29/10, effective 2/2/11]

441—103.7(218) Temporary home visits.

103.7(1) An individual may be granted a temporary home visit for up to five days for reasons such as:

a. To attend funerals, weddings, or holiday functions;

b. For job seeking;

c. For the primary purpose of exploring and improving family and community relations; or

d. For a preplacement visit to a foster or group home to test the appropriateness of such a placement.

103.7(2) The superintendent or designee and the individual's juvenile court officer shall approve a temporary home visit before the visit is scheduled and only after the juvenile court officer has investigated and approved in writing the temporary home visit placement.

103.7(3) Five working days in advance of a visit, the superintendent or designee shall notify the following in writing:

- a. The individual's parents;
- b. The individual's legal representative;
- c. The temporary placement, if different from the parents' home;
- d. The individual's juvenile court officer; and
- e. The court.

103.7(4) In cases of an emergency, the notice required by subrule 103.7(3) may be delivered by telephone and shall be followed by a written notice explaining the special circumstance.

103.7(5) In a special case, based on the individual's treatment needs, the superintendent or designee may extend a temporary home visit when both the superintendent or designee and the individual's juvenile court officer agree that the proposed extension is appropriate.

This rule is intended to implement Iowa Code section 218.4.

[ARC 9318B, IAB 12/29/10, effective 2/2/11]

441—103.8(218) Grievances. Any individual who believes the individual's rights have been violated by the state training school or who has a complaint concerning the individual's treatment at the state training school may file a grievance. The individual's parent, family, or legal representative may file a grievance on behalf of the individual by submitting the grievance in writing to the superintendent.

This rule is intended to implement Iowa Code section 218.4.

[ARC 9318B, IAB 12/29/10, effective 2/2/11]

441—103.9(692A) Sex offender registration. An individual who has been determined to be a sex offender as defined in 2009 Iowa Code Supplement section 692A.101 must register as a sex offender before release from the state training school unless the juvenile court finds that the individual is exempted from this requirement.

103.9(1) Notification. When an individual who is a juvenile offender has not previously registered, the superintendent or designee shall provide the individual with Form DCI-144, Notification of Registration Requirement, as required by the department of public safety in 661—subrule 83.3(1). Failure to provide a juvenile offender with the notification form does not relieve the juvenile offender of the duty to register with the Iowa sex offender registry.

103.9(2) Exemption from registration. To exempt a juvenile offender from registration, the language in the order of adjudication or disposition must clearly state that the juvenile offender is exempted from the registration requirement. If a court order is silent, the registration requirement applies.

a. If the order language does not clearly state that the juvenile offender is exempted from the registration process, then the responsibility rests with the juvenile offender to seek a clarifying order to be exempt from the registration process. A juvenile offender who seeks an exemption from the registration requirement has the obligation to prove that the juvenile offender deserves the exemption.

b. When the judicial decision is deferred, registration shall be assumed to be required until the court orders otherwise. If the court order defers the decision to grant an exemption from registration until the juvenile offender's treatment is completed, the language in the order should specify who tracks the case until the new court order is issued. If it is not clear who tracks the case, the juvenile offender is responsible to seek a clarifying order to be exempt from the registration process.

103.9(3) Registration. The superintendent or designee shall provide the juvenile offender with Form DCI-145, Sex Offender Registration, as required by the department of public safety in 661—subrule 83.3(2). Form DCI-145 must be submitted to the sheriff of each county in which the offender will be residing, employed, or attending classes as well as to the department of public safety to satisfy the registration requirements of the Iowa sex offender registry.

a. When the juvenile offender is released from the state training school, the superintendent or designee shall submit the registration form to the division of criminal investigation of the department of public safety unless, by the time of release, the juvenile court finds that the juvenile should not be required to register as allowed by 2009 Iowa Code Supplement chapter 692A.

b. Copies of the sex offender registration shall be maintained in the juvenile offender's file at the state training school.

This rule is intended to implement 2009 Iowa Code Supplement section 692A.109.
[ARC 9318B, IAB 12/29/10, effective 2/2/11]

441—103.10(218) Alleged child abuse. The department shall arrange for the investigation of any reported case of alleged child abuse. For cases in which the alleged perpetrator is a facility employee, contractor, or volunteer, or some other department employee, the investigation shall be conducted by an agency other than the department.

This rule is intended to implement Iowa Code section 218.4.
[ARC 9318B, IAB 12/29/10, effective 2/2/11]

441—103.11(233A) Cost of care. The state training school shall seek to recover a portion of the cost of care from an individual who has unearned income. In determining the amount to be recovered:

1. The individual shall be allowed to retain a personal allowance equal to the personal allowance amount established by the Social Security Administration for the Supplemental Security Income program.
2. The amount recovered shall not exceed the actual cost of care.
3. The cost of care shall be determined using the average per diem multiplied by the total days of care.
4. The superintendent may grant a one-time exception to recovery of up to \$1,000 for a personal needs living expense if an individual is being discharged and has no viable means of support upon release.

This rule is intended to implement Iowa Code section 233A.17.
[ARC 9318B, IAB 12/29/10, effective 2/2/11]

441—103.12(218) Buildings and grounds.

103.12(1) Tours. Tours of the facility shall be subject to the prior approval of the superintendent or designee. Tours may be scheduled on weekdays from 8 a.m. to 4 p.m. by appointment through the superintendent's office. Approval shall be based on availability of employee time to conduct the tour and the programmatic and security needs of the facility.

103.12(2) Public use. Facility space shall be for the primary use of the state training school. All public use of facility space shall require prior approval of the superintendent or designee. Approval for use shall be based on the order of requests received and on space availability after the programmatic and security needs of the facility are met.

This rule is intended to implement Iowa Code section 218.4.
[ARC 9318B, IAB 12/29/10, effective 2/2/11]

441—103.13(8,218) Gifts and bequests. Gifts or bequests of money, clothing, books, games, recreational equipment or other gifts shall be made directly to the superintendent.

103.13(1) The superintendent or designee shall evaluate the gift or bequest in terms of the nature of the contribution to the facility program.

103.13(2) The superintendent shall be responsible for accepting the gift or bequest and reporting it to the division administrator.

- a.* All monetary gifts or bequests shall be acknowledged in writing to the donor.
- b.* All gifts or bequests, regardless of value, shall be reported to the Iowa ethics and campaign disclosure board within 20 days of receipt of the gift or bequest using the board's Form-GB. One copy of the completed form shall be sent to the division administrator.

This rule is intended to implement Iowa Code sections 8.7 and 218.4.

TITLE XII
LICENSING AND APPROVED STANDARDS
CHAPTER 105
JUVENILE DETENTION
AND SHELTER CARE HOMES
[Prior to 7/1/83, Social Services[770] Ch 105]
[Prior to 2/11/87, Human Services[498]]

441—105.1(232) Definitions.

“*Administer medication*” means to remove medication from its storage place; to ensure to the extent possible that the child ingests, applies, or uses the appropriate dosage at the appropriate time of day; and to document the dosage and the time and date that the child ingested, applied, or used the medication.

“*Authorized prescriber*” means those persons identified in Iowa Code section 147.107 and Iowa Code chapter 154.

“*Chemical restraint*” means the use of chemical agents including psychotropic drugs as a form of restraint. The therapeutic use of psychotropic medications as a component of a service plan for a particular child is not considered chemical restraint.

“*Child care worker or house parent*” shall mean an individual employed by a facility whose primary responsibility is the direct care of the children in the facility.

“*Coed facility*” shall mean a facility which has both sexes in residence.

“*Control room*” shall mean a locked room in a juvenile detention home, used for the purpose of isolation or seclusion of a child. A control room shall not be allowed in a juvenile shelter care home.

“*Controlled substances*” means those substances identified in Iowa Code chapter 124.

“*County or multicounty*” shall mean that the governing body is a county board of supervisors or a combination of representatives from county boards of supervisors.

“*Facility*” shall mean a county or multicounty “juvenile detention home” or county or multicounty “juvenile shelter care home” as those terms are defined in Iowa Code section 232.2.

“*Family shelter home*” means a family home providing temporary care for a child in a physically unrestricting home at any time between the child’s initial contact with the juvenile authorities and the disposition of the case.

“*Mechanical restraint*” means restriction by the use of a mechanical device of a child’s mobility or ability to use the hands, arms or legs.

“*Nonprescription medication*” means any drug or device that is not a prescription medication as defined in this chapter.

“*Physical restraint*” means direct physical contact required on the part of a staff person to prevent a child from hurting self, others, or property.

“*Prescription medication*” means a prescription drug as defined in Iowa Code section 155A.3(30).

“*Prime programming time*” is any period of the day when special attention or supervision is necessary, for example, upon awakening in the morning, during meals, later afternoon play, transitions between activities, evenings, and bedtime, weekends and holidays, in order to maintain continuity of programs and care. Prime programming time shall be defined by the facility and approved by the department of human services.

“*Prone restraint*” means a physical restraint in which a child is held face down on the floor.
[ARC 9488B, IAB 5/4/11, effective 7/1/11]

441—105.2(232) Buildings and grounds.

105.2(1) Grounds.

- a. An outdoor play area of 75 square feet per child shall be provided.
- b. The play area shall be identified and kept free from hazards that could cause injury to a child.
- c. Rubbish and trash shall be kept separated from the play area.
- d. The grounds shall be adequately drained.

105.2(2) Buildings.

- a. All living areas shall:

- (1) Have screens on windows used for ventilation.
 - (2) Be maintained in clean, sanitary conditions, free from vermin, rodents, dampness, noxious gases, and objectionable odors.
 - (3) Be in safe repair.
 - (4) Provide for adequate lighting when natural sunlight is inadequate.
 - (5) Have heating and storage areas separated from sleeping or play areas.
 - (6) Have walls and ceilings surfaced with materials that are asbestos free.
- b. All sleeping rooms shall be of finished construction and provide a minimum of 60 square feet per child for multiple occupancy, 80 square feet per child for single occupancy, and not sleep more than four children per room.

(1) Facilities licensed prior to July 1, 1981, having a square foot area less than that required shall be considered to meet these standards.

(2) There shall be not more than four youths per room in shelter and two youths per room in detention. Sleeping areas shall be assigned on the basis of the individual child's needs for privacy and independence of group support. For detention facilities built prior to July 1, 1979, four youths per room in detention may be allowed provided the minimum square feet per child requirement is met. When a detention facility licensed prior to July 1, 1979, remodels or makes an addition after July 1, 1979, only two youths per room shall be allowed.

c. All rooms aboveground shall:

- (1) Have a ceiling height of at least 7 feet, 6 inches.
- (2) Have a window area of at least 8 percent of the floor area unless mechanical ventilation is provided that is capable of removing dampness and odors.

d. All rooms belowground shall:

- (1) Have a ceiling height of at least 6 feet, 8 inches.
- (2) Have a window area of at least 2 percent of the floor area unless mechanical ventilation is provided that is capable of removing dampness and odors.
- (3) Have floor and walls constructed of concrete or other materials with an impervious finish and free from groundwater leakage.

105.2(3) Bedrooms.

- a. Each child in care shall have a solidly constructed bed.
- b. Sheets, pillowcases and blankets shall be provided for each child and shall be kept clean and in good repair.
- c. Each child in care shall have adequate storage space for private belongings.
- d. No child over the age of five years shall occupy a bedroom with a member of the opposite sex.

105.2(4) Heating.

a. The heating unit shall be so located and operated as to maintain the temperature in the living quarters at a minimum of 65 degrees Fahrenheit during the day and 55 degrees Fahrenheit during the night. Variances may be made in case of health problems. Temperature is measured at 24 inches above the floor in the middle of the room.

b. All space heaters involving the combustion of fuel, such as gas, oil or similar fuel, shall be properly vented to the outside atmosphere.

c. Neither rubber nor plastic tubing shall be used as supply lines for gas or oil heaters.

d. The heating and cooling plant shall be checked yearly and kept in a safe working condition at all times.

105.2(5) Bathroom facilities.

a. Bathrooms shall have an adequate supply of hot and cold running water.

b. Each bathroom shall be properly equipped with toilet tissue, towels, soap, and other items required for personal hygiene unless children are individually given such items. Paper towels, when used, and toilet tissue shall be in dispensers. Detention facilities shall provide items required for personal hygiene but shall not be required to keep items in the bathrooms.

c. Toilets and baths or showers shall provide for individual privacy.

d. There shall be a shower or tub for each ten children or portion thereof.

- e. Tubs and showers shall have slip-proof surfaces.
- f. At least one toilet and one lavatory shall be provided for each six children or portion thereof.
- g. Toilet facilities shall be provided with natural or artificial ventilation capable of removing odors and moisture.
- h. Toilet facilities adjacent to a food preparation area shall be separated completely by a windowless door that completely fills the doorframe.
- i. All toilet facilities shall be kept clean.
- j. When more than one stool is used in one bathroom, partitions providing privacy shall be used.
- k. Toilets, wash basins, and other plumbing or sanitary facilities shall be maintained in good operating condition.

105.2(6) Food preparation and storage.

- a. Cracked dishes and utensils shall not be used in the preparation, serving, or storage of food.
- b. Storage areas for perishable foods shall be kept at 45 degrees Fahrenheit or below.
- c. Storage areas for frozen food shall be kept at zero degrees Fahrenheit or below.
- d. Food that is to be served hot shall be maintained at 140 degrees Fahrenheit or above.
- e. Food that is to be served cold shall be maintained at 45 degrees Fahrenheit or less.
- f. The kitchen and food storage areas shall be kept clean and neat. Food shall not be stored on the floor.
- g. The floor and walls shall be of smooth construction and in good repair.

105.2(7) Personnel handling food.

- a. Shall be free of infection that might be transferred while preparing or handling food.
- b. Shall be clean and neatly groomed.
- c. Shall wear clean clothes.
- d. Shall not use tobacco in any form while preparing or serving food.

105.2(8) Dishwashing facilities.

- a. Manual dishwashing will be allowed in facilities that normally serve 15 or less people at one meal.
- b. Automatic or commercial dishwashers shall be used in facilities normally serving more than 15 people at one meal, as long as the following conditions are met:
 - (1) When chemicals are added for sanitation purposes, they shall be automatically dispensed.
 - (2) Machines using hot water for sanitizing must maintain the wash water at least 150 degrees Fahrenheit and rinse water at a temperature of at least 180 degrees Fahrenheit or a single temperature machine at 165 degrees Fahrenheit for both wash and rinse.
 - (3) All machines shall be thoroughly cleaned and sanitized at least once each day or more often if necessary to maintain satisfactory operating condition.
- c. Soiled and clean dish table areas shall be of adequate size to accommodate the dishes for one meal.
- d. All hand-held food preparation and serving equipment shall be cleaned and sanitized following each meal. Dispensers, urns and similar equipment shall be cleaned and sanitized daily.

105.2(9) Foods not prepared at site of serving.

- a. The place where food is prepared for off-site serving shall conform with all requirements for on-site food preparation.
- b. Food shall be transported in covered containers or completely wrapped or packaged so as to be protected from contamination.
- c. During transportation, and until served, hot foods shall be maintained at 140 degrees Fahrenheit or above and cold food maintained at 45 degrees Fahrenheit or below.

105.2(10) Milk supply. When fluid milk is used, it shall be pasteurized Grade "A."

105.2(11) Public water supply. The water supply is approved when the water is obtained from a public water supply system.

105.2(12) Private water supplies.

- a. Each privately operated water supply shall be annually checked and evaluated for obvious deficiencies such as open or loose well tops or platforms and poor drainage around the wells.

b. As part of the evaluation, water samples must be collected and submitted by the department of human services worker or local health sanitarian to the state hygienic laboratory or other laboratory certified by the hygienic laboratory and analyzed for coliform bacteria and nitrate (NO₃) content.

c. When the water supply is obtained from more than one well, proof of the quality of the water from each well is required.

d. When no apparent deficiencies exist in the well and the water sample is approved, water safety requirements have been met.

e. When the water sample is not approved, the facility shall provide a written statement as to how the water supply will be upgraded.

f. A facility with unsafe water can meet water safety requirements by utilizing an alternative safe water source for children until the facility's own water supply is tested as safe. The facility must complete Form 470-0699, Provisions for Alternate Water Supply, and obtain approval from the department.

105.2(13) Heating or storage of hot water. Each tank used for the heating or storage of hot water shall be provided with a pressure and temperature relief valve.

105.2(14) Sewage treatment.

a. Facilities shall be connected to public sewer systems where available.

b. Private disposal systems shall be designed, constructed, and maintained so that no unsanitary or nuisance conditions exist, such as surface discharge of raw or partially treated sewage or failure of the sewer lines to convey sewage properly.

105.2(15) Garbage storage and disposal.

a. A sufficient number of garbage and rubbish containers shall be provided to properly store all material between collections.

b. Containers shall be fly-tight, leakproof, and rodent proof and shall be maintained in a sanitary condition.

105.2(16) General.

a. Facilities shall take sufficient measures to ensure the safety of the children in care.

b. Stairways, halls and aisles shall be of substantial nonslippery material, shall be maintained in a good state of repair, shall be adequately lighted and shall be kept free from obstructions at all times. All stairways shall have handrails.

c. Radiators, registers and steam and hot water pipes shall have protective covering or insulation. Electrical outlets and switches shall have wall plates.

d. Fuse boxes shall be inaccessible to children.

e. Facilities shall have written procedures for the handling and storage of hazardous materials.

f. Firearms are prohibited in shelter care and detention facilities.

g. All swimming pools shall conform to state and local health and safety regulations. Adult supervision shall be provided at all times when children are using the pool.

h. The facility shall have policies regarding fishing ponds, lakes or any bodies of water located on or near the institution grounds and accessible to the children.

105.2(17) Emergency evacuation. All living units utilized by children shall have a posted plan for evacuation in case of fire or disaster with practice drills held at least every six months.

105.2(18) Fire inspection. Each facility shall procure an annual fire inspection approved by the state fire marshal and shall meet the recommendations thereof.

105.2(19) Local codes. Each facility shall meet local building, zoning, sanitation and fire safety ordinances. Where no local standards exist, state standards shall be met.

441—105.3(232) Personnel policies.

105.3(1) Policies in writing. The following personnel policies and practices of the agency relating to a specific facility shall be described in writing and accessible to staff upon request:

a. Affirmative action and equal employment opportunity policies and procedures covering the hiring, assignment and promotion of employees.

b. Job descriptions for all positions.

c. Provisions for vacations, holidays and sick leave.

d. Effective, time-limited grievance procedures allowing the aggrieved party to bring the grievance to at least one level above that party's supervisor.

e. Authorized procedures, consistent with due process for the suspension and dismissal of an employee for just cause.

f. Written procedures for annual employee evaluation shall be in place for each facility and available to all staff upon request.

105.3(2) *Health of employees.* Each staff person who has direct client contact or is involved in food preparation shall be medically determined to be free of serious infectious communicable diseases and able to perform assigned duties. A statement attesting to these facts shall be secured at the time of employment and filed in the personnel records of the staff person. A new statement shall be secured at least every three years. The statement shall be signed by one of the following:

a. A physician as defined in Iowa Code section 135.1(4);

b. An advanced registered nurse practitioner who is registered with and certified by the Iowa board of nursing to practice nursing in an advanced role; or

c. A physician assistant licensed under Iowa Code chapter 148C.

105.3(3) *Personnel records.* A record shall be maintained by the facility as applicable for each volunteer who has direct responsibility for a child or access to a child when the child is alone and for each employee. The record shall contain at least the following:

a. Name, address, and social security number of the volunteer or employee.

b. A job application containing sufficient information to justify the initial and current employment.

c. Verification of education and experience. Applicants for positions having educational requirements shall be permanently employed only after the facility has obtained a certified copy of the transcript, diploma, or verification from the school or supervising agency. Applicants for positions having experience requirements shall be permanently employed only after the facility has obtained verification from the agency supervising the experience.

d. Verification of license. Applicants for positions requiring licenses shall be permanently employed only after the facility has obtained written verification of their licenses. Evidence of renewal of licenses as required by the licensing agency shall be maintained in the personnel record.

e. References. At least two written references or documentation of oral references shall be contained in the volunteer's or employee's personnel record. In case of unfavorable references, there shall be documentation of further checking to ensure that the person will be a reliable volunteer or employee.

f. A written, signed and dated statement which discloses any substantiated instances of child abuse, neglect or sexual abuse committed by the volunteer or job applicant.

g. Documentation of the submission of Form 470-0643, Request for Child Abuse Information, to the central abuse registry, the registry response, the department's evaluation of any abuse record discovered, and a copy of Form 470-2310, Record Check Evaluation, if the volunteer or staff person has completed and submitted it.

h. A written, signed and dated statement furnished by the new volunteer or applicant for employment which discloses any convictions of crimes involving the mistreatment or exploitation of a child.

i. Documentation of a check with the Iowa department of public safety on all new volunteers and applicants for employment using Form 595-1396, DHS Criminal History Record Check, Form B; a copy of the department's evaluation of any criminal record discovered; and a copy of Form 470-2310, Record Check Evaluation, if the volunteer or applicant has completed and submitted it.

j. Documentation of any checks with the Iowa department of public safety for persons hired before July 1, 1983, for whom the agency has reason to suspect a criminal record.

k. Current information relative to work performance evaluation.

l. Records of preemployment health examination or a record of a health report as required in 105.3(2) as well as a written record of subsequent health services rendered to an employee as necessary to ensure that all facility employees are physically able to perform their duties.

m. Information on written current reprimands or commendations.

n. Position in the agency, and date of employment.
[ARC 9488B, IAB 5/4/11, effective 7/1/11; ARC 9829B, IAB 11/2/11, effective 1/1/12]

441—105.4(232) Procedures manual. The facility shall have written policies and procedures specifying the manner in which the program of the facility is to be carried out.

441—105.5(232) Staff.

105.5(1) Number of staff.

a. Generally. A sufficient number of child care or house parent staff shall be on duty at all times so as to provide adequate coverage. The number of staff required will vary depending on the size and complexity of the program. All facilities shall have at least one staff person on duty. Facilities having six or more residents shall have at least two staff persons on duty at all times that children are usually awake and present in the facility. Coed facilities having more than five residents should have both male and female staff on duty at all times. All child care or house parent staff shall be at least 18 years of age.

b. On-call system. There shall be an on-call system for coed facilities to provide that staff of the same sex as the resident shall perform the following:

- (1) All personal body searches.
- (2) Supervision of personal care.

c. Prime programming time. A minimum staff-child ratio of one child care worker or house parent to five children shall be maintained during prime programming times.

d. Night hours. At night, there shall be a staff person awake in each living unit and making regular visual checks throughout the night. The visual checks shall be made at least every hour in shelter care and every half hour in detention. A log shall be kept of all checks, including the time of the check and any significant observations. There shall be an on-call system which allows backup within minutes for both child care staff and casework personnel.

105.5(2) Staff composition. The composition of the program staff shall be determined by the facility, based on an assessment of the needs of the children being served, the facility's goals, the programs provided, and all applicable federal, state and local laws and regulations.

105.5(3) Staff development. Staff development shall be appropriate to the size and nature of the facility. There shall be a written plan for staff training that includes:

- a.* Orientation for all new employees, to acquaint them with the philosophy, organization, program practices, and goals of the facility.
- b.* Training of new employees in areas related to their job assignments.
- c.* Provisions in writing for all staff members to improve their competency through such means as:

- (1) Attending staff meetings;
- (2) Attending seminars, conferences, workshops, and institutes;
- (3) Visiting other facilities;
- (4) Access to consultants;
- (5) Access to current literature, including books, monographs, and journals relevant to the facility's services.

d. There shall be an individual designated responsible for staff development and training, who will complete a written staff development plan which shall be updated annually.

105.5(4) Organization and administration. Whenever there is a change in the name of the facility, the address of the facility, the executive, or the capacity, the information shall be reported to the licensing manager. A table of organization including the identification of lines of responsibility and authority from policymaking to service to clients shall be available to the licensing staff. An executive director shall have full administrative responsibility for carrying out the policies, procedures and programs.

105.5(5) Record checks. The facility shall not employ any person or give any person direct volunteer responsibility for a child or access to a child when the child is alone if that person has been convicted of a crime involving the mistreatment or exploitation of a child. The facility shall not employ any person or give any person direct volunteer responsibility for a child or access to a child when the child is alone

if that person has a record of a criminal conviction or founded child abuse report unless the department has evaluated the crime or abuse and determined that the crime or abuse does not merit prohibition of volunteering or employment.

a. If a record of criminal conviction or founded child abuse exists, the person shall be offered the opportunity to complete and submit Form 470-2310, Record Check Evaluation.

b. In its evaluation, the department shall consider:

(1) The nature and seriousness of the crime or founded abuse in relation to the employment or volunteer position sought;

(2) The time elapsed since the commission of the crime or founded abuse;

(3) The circumstances under which the crime or founded abuse was committed;

(4) The degree of rehabilitation; and

(5) The number of crimes or founded abuses committed by the person involved.

[ARC 9829B, IAB 11/2/11, effective 1/1/12]

441—105.6(232) Intake procedures.

105.6(1) Admissions. Admission to shelter care or detention shall be in accordance with Iowa Code sections 232.20, 232.21 and 232.22. In no case shall a youth be admitted to detention or shelter care when the resulting admission would exceed the facility's approved client capacity. The facility and referring agency shall agree upon service responsibilities at the time of admission.

105.6(2) Agency or court order placement. Each agency or court placing a child in a facility shall make available to the facility the following:

a. A placement agreement should accompany the child.

When this is not possible, a copy of the placement agreement shall be provided the facility within 24 hours.

b. For court-ordered placements, a copy of the court order authorizing placement shall be provided to the facility within 48 hours.

c. When the child is in the facility more than four days, the following information shall be made available to the facility.

(1) All available psychological and psychiatric tests and reports concerning the child.

(2) Any available family social history.

(3) Any available school information.

105.6(3) Self-referrals. Any child admitting self to a facility shall be provided appropriate services. The facility shall notify the child's parents, guardian or the juvenile court as soon as possible concerning the child's admission to the facility but in any event the notification shall take place within 48 hours after the child's admission. Self-referrals shall not be accepted for placement in detention.

105.6(4) Person responsible. Each agency shall designate who has the authority to do intake. This may include anyone trained in intake procedures and who is designated to do intake.

105.6(5) Intake sheet. An intake sheet shall be completed on each child containing at least the information specified in 105.17(2).

441—105.7(232) Assessments.

105.7(1) Personal. At the time of intake and throughout a child's stay, individual needs will be identified by staff. The initial and ongoing determination of each child's needs will be based on written and verbal information from referral sources, observable behavior at intake, initial interview with the youth or family, school contacts, physical examination, and other relevant materials. The individual assessment shall provide the basis for development of a care plan for each youth.

105.7(2) Educational. An educational assessment shall be developed by the staff and referring worker for each child. When appropriate, other agencies such as the public schools and the area education agency shall be involved.

441—105.8(232) Program services.

105.8(1) Care plan. There shall be a written care plan developed for each resident remaining in the facility over four days. The care plan will be based on individual needs determined through the assessment of each youth. The care plan shall be developed in consultation with child care services, probation services, social services and educational, medical, psychiatric and psychological personnel as appropriate. The plan shall include:

- a. Identification of specific needs;
- b. Description of planned service;
- c. Which staff person(s) will be responsible for each element of the plan;
- d. Where services are to occur;
- e. Frequency of activities or services.

105.8(2) Educational programs. All children currently enrolled in a school shall continue in that school when possible, or in an appropriate alternative. Where educational assessments indicate an educational need for a child not currently enrolled in public schools, an alternative shall be developed in cooperation with public schools, area education agency, and the referring worker. When an educational program is established within the facility it shall meet the educational and teaching standards established by the state department of public instruction. A child should be compelled to participate in an educational program only in compliance with the compulsory education law, Iowa Code chapter 299.

105.8(3) Daily program. The daily program shall be planned to provide a consistent, well structured, yet flexible framework for daily living, and shall be periodically reviewed and revised as the needs of the individual child or the living group change.

Attention shall be given to the special nature of the facility population and its resulting stresses, for example, rapid turnover in population and minimal screening at intake.

105.8(4) Optional services. When a facility provides services in addition to those required by these rules, they shall be clearly defined in writing.

105.8(5) Recreation program. The facility shall provide adequately designed and maintained indoor and outdoor activity areas, equipment, and equipment storage facilities appropriate for the age group which it serves. There shall be a variety of activity areas and equipment so that all children can be active participants in different types of individual and group sports and other motor activity.

a. Games, toys, equipment, and arts and crafts materials shall be selected according to age, number of children, and with consideration of the needs of children to engage in both active and quiet play. All materials shall be of a quality to ensure safety and shall be of a type which allows imaginative play and creativeness.

b. The facility shall plan and carry out efforts to establish and maintain workable relationships with the community recreational resources. The facility staff shall enlist the support of these resources to provide opportunities for children to participate in community recreational activities.

105.8(6) Health care.

a. *Health assessment at intake.* Facility staff shall review each child's health status at intake. The purpose of this preliminary review is to identify medication needs and problems that need immediate medical attention. Within seven days of intake, all reasonable efforts shall be made to perform a more comprehensive health assessment on each child who has not had a comprehensive health assessment within the past year. If the assessment cannot be performed within seven days, it shall be arranged for the earliest possible time, and the reasons for the delay shall be documented. A registered nurse, an advanced registered nurse practitioner, a physician assistant, or a physician shall perform the comprehensive health assessment.

b. *Existing health needs.* Facilities shall provide or secure medical treatment for a child's illnesses and injuries that come to the facility's attention during the child's stay.

c. *Monitoring side effects of medications.* Facilities shall monitor each child's use of medications and shall inform the authorized prescriber if adverse reactions are noted.

d. Sharing medical information. Facilities shall share information about significant changes in medical status with the child's caseworker and parents or guardian. Discharge information shall include information about significant medical changes that occurred while the child was at the facility.

105.8(7) Counseling program. Counseling services shall be related to the immediate problem, daily living skills, peer relationships, educational opportunities, vocational opportunities, future planning and preparation for placement, family counseling, and any other factors identified in the individual care plan. Counseling shall be done by appropriate staff personnel.

105.8(8) Dietary program. The facility shall provide properly planned, nutritious and inviting food and take into consideration the special food needs and tastes of children.

105.8(9) Liability. Juvenile shelter care homes that apply the reasonable and prudent parent standard reasonably and in good faith in regard to a child in foster care shall have immunity from civil or criminal liability which might otherwise be incurred or imposed. This subrule shall not remove or limit any existing liability protection afforded under any other law.

[ARC 2743C, IAB 10/12/16, effective 12/1/16]

441—105.9(232) Medication management and administration.

105.9(1) Obtaining prescription medications. Facilities shall permit prescription medications to be brought into the facility for a child.

a. Prescription medication in its original container, clearly labeled and prescribed for the child, may be accepted as legitimate prescription medication for the child. The label serves as verification that the medication was ordered by an authorized prescriber.

b. Facilities shall review size, shape, color, and dosages and contact the identified pharmacy or authorized prescriber to confirm legitimacy if contraband is suspected.

105.9(2) Obtaining nonprescription medications. Shelter and detention facilities shall maintain a supply of standard nonprescription medications for use for children residing at the facility. Examples of standard nonprescription medications include cough drops and cough syrups, aspirin substitutes and other pain control medication, poison antidote, and diarrhea control medication.

a. All nonprescription medications kept on the premises for the use of residents shall be preapproved annually by a licensed pharmacist or an authorized prescriber.

b. Facilities shall maintain a list of all preapproved nonprescription medications. The list shall indicate standard uses, standard dosages, contraindications, side effects, and common drug interaction warnings. The facility administrator or the administrator's designee shall be responsible for determining the scope of the list and brands and types of medications included.

c. Only nonprescription medications on the preapproved list shall be available for use. However, the facility administrator or the administrator's designee, in consultation with an authorized prescriber or licensed pharmacist, may approve use of a nonprescription medication that is not on the preapproved list for a specific child.

105.9(3) Storing medications. Prescription and nonprescription medications shall be stored in a locked cabinet, a locked refrigerator, or a locked box within an unlocked refrigerator.

a. Controlled substances shall be stored in a locked box within a locked cabinet. Nothing other than controlled substances shall be stored in the locked box. Controlled substances requiring refrigeration also shall be maintained within a double-locked container separate from food and other items.

b. The facility administrator shall determine distribution and maintenance of keys to the medication storage cabinets and boxes.

c. A shelter facility administrator or the administrator's designee may preapprove shelter staff to carry prescription or nonprescription medications with them temporarily for use while on day trips or at sites away from the facility.

105.9(4) Labeling medications. Controlled substances and prescription medications shall be maintained in their original containers, clearly labeled by an authorized prescriber and prescribed for the child. Sample prescription medications shall be accompanied by a written prescription. Nonprescription medications shall be maintained as purchased in their original containers.

105.9(5) *Administering controlled medications.* Only staff who have completed a medication administration course shall be allowed to administer controlled substances.

105.9(6) *Administering prescription and nonprescription medications.* The facility administrator shall determine and provide written authority as to which staff may administer prescription and nonprescription medications.

a. Prescription medications shall be administered only in accordance with the orders of the authorized prescriber. Nonprescription medications shall be administered following the directions on the label.

b. The facility administrator or the administrator's designee may allow a child to self-administer prescription and nonprescription medication in appropriate situations. The facility shall require documentation if the child self-administers a medication.

105.9(7) *Documenting errors in administering medications.* All errors in administering prescription and nonprescription medications shall be documented. Facilities shall review and take appropriate action to ensure that similar errors do not recur.

105.9(8) *Medication for discharged residents.* When a child is discharged or leaves the facility, the facility shall turn over to a responsible agent controlled substances and prescription medications currently being administered. The facility may send nonprescription medications with the child as needed. The facility shall document in the child's file:

a. The name, strength, dosage form, and quantity of each medication.

b. The signature of the facility staff person turning over the medications to the responsible agent.

c. The signature of the responsible agent receiving the medications.

105.9(9) *Destroying outdated and unused medications.* Unused controlled and prescription medications kept at the facility for more than six months after the child has left the facility shall be destroyed by the administrator or the administrator's designee in the presence of at least one witness. Outdated, discontinued, or unusable nonprescription medications shall also be destroyed in a similar manner. The person destroying the medication shall document:

a. The child's name.

b. The name, strength, dosage form, and quantity of each medication.

c. The date the medication was destroyed.

d. The names and signatures of the witness and staff person who destroyed the medication.

441—105.10(232) Control room—juvenile detention home only.

105.10(1) *Written policies.* When a juvenile detention facility uses a control room as part of its service, the facility shall have written policies regarding its use and the facility director shall complete Form 470-0700, Evaluation and Recommendation to Operate a Control Room. The policy shall:

a. Specify the behaviors resulting in control room placement.

b. Delineate the staff members who may authorize its use as well as procedures for notification of supervisory personnel.

c. Document in writing behaviors leading to control room placement and the nature of the agreement reached with the child that will allow the child to return to the living unit.

105.10(2) *Physical requirements.* The control room shall be designed to ensure a physically safe environment that:

a. Has all switches controlling lights and ventilation outside of the room.

b. Allows for total observation of the child at all times.

c. Has protected recessed ceiling light.

d. Has no electrical outlets in the room.

e. Is properly heated, cooled and ventilated.

f. Has all doors, ceilings and walls constructed of strength and materials as to prevent damage to the extent that no harm could come to the child.

g. When a window is present, it is secured and protected in such a manner as to prevent harm to the child.

h. Is a minimum of 6 feet by 9 feet in size with at least a 7½ foot ceiling.

105.10(3) Use. A control room shall be used only when a less restrictive alternative to quiet or allow the child to gain control has failed. Utilization of the control room shall be in accordance with the following policies:

- a.* No more than one child shall be in the control room at any time.
- b.* There shall be provision for visual observation of the child at all times, regardless of the child's position in the room.
- c.* The control room should be checked thoroughly for safety and the absence of contraband prior to placing a child in the room.
- d.* The child shall be thoroughly checked before placement in the control room and all potentially injurious objects removed from such child including shoes, belts, pocket items, and similar items. The staff member placing the child in the control room shall document such check.
- e.* In no case shall all clothing or underwear be removed and the child shall be provided sufficient clothing to meet seasonal needs.
- f.* A staff member shall always be within hearing distance of the control room and the child shall be visually checked by the staff at least every 15 minutes and each check shall be recorded.
- g.* The child shall not remain in the control room longer than 1 hour except in consultation with and approval from the supervisor. Documentation in the child's case record shall include the time in the control room, the reasons for the control, and the reasons for the extension of time. Use of the control room for a total of more than 12 hours in any 24-hour period shall occur only in consultation with the referring agency or court. In no case shall a child be in a control room for a period longer than 24 hours.
- h.* The child's parents, referring worker, and the child's attorney shall be notified when the control room is used for more than a total of 30 minutes in any 24-hour period.

441—105.11(232) Clothing. All children shall have clothing that is suited to existing climate and seasonal conditions and is clean, dry and in good repair.

441—105.12(232) Staffings. The staff shall be available to participate in staffings or upon request to provide a written summary of the child's progress and behavior while in the facility program. Written recommendations regarding future planning and placement shall be provided to the referring agency or court upon request. Staff shall be available to discuss recommendations with the child's parent or guardian.

441—105.13(232) Child abuse. Written policies shall prohibit mistreatment, neglect or abuse of children and specify reporting and enforcement procedures for the facility. Alleged violations shall be reported immediately to the director of the facility and appropriate department of human services personnel. Any employee for whom there is a substantiated instance of child abuse or failure to report child abuse shall be subject to the agency's policies concerning dismissal.

441—105.14(232) Daily log. The facility shall maintain a daily log. The log shall be used to note general progress in regard to the care plan and any problem areas or unusual behavior for each child.

441—105.15(232) Children's rights.

105.15(1) Policies in writing. All policies and procedures covered in this rule shall be in writing and provided to the child upon admission and made available to the child's parent or guardian upon request. If the child remains in care over four days, the policies and procedures shall be provided to the parent or guardian. The rationale and circumstances of any deviation from these policies shall be discussed with the child's parents or guardian and the referring worker, documented, and placed in the child's case record.

105.15(2) Confidentiality. Information regarding children and their families shall be kept confidential and released only with proper written authorization.

105.15(3) Communication.

a. Unless specifically regulated by the court, visitation shall be allowed with members of the child's immediate family.

b. Family visits shall be monitored only to the extent necessary to ensure the child's safety and facility security. Rationale for monitoring shall be documented in the child's record.

c. The child shall be permitted to communicate privately with legal counsel and the referring worker.

d. The child shall be allowed to conduct telephone conversations with family members. Telephone calls shall be monitored only to the extent necessary to ensure the child's well-being and facility security. Rationale for monitoring a child's conversation shall be documented in the child's record. Incoming calls may be screened by staff to verify the identity of the caller before approval is given.

e. The staff shall not open or read residents' mail. The child shall be allowed to send and receive mail. The facility may require the child to open incoming mail in the presence of a staff member when the mail is suspected to contain contraband articles, or to contain money that should be received and deposited.

f. When limitations on visitation or other communications are indicated, they shall be determined with the participation or knowledge of the child, family or guardian, and the referring worker. All restrictions shall have specific bases which shall be made explicit to the child and family and documented in the child's case record.

105.15(4) Privacy. Reasonable provisions shall be made for the privacy of residents.

441—105.16(232) Discipline.

105.16(1) Generally. A facility shall have written policies regarding methods used for control and discipline of children which shall be available to all staff and to the child's family. Discipline shall not include withholding of basic necessities such as food, clothing, or sleep. Agency staff shall be in control of and responsible for discipline at all times.

105.16(2) Corporal punishment prohibited. The facility shall have a policy that clearly prohibits staff or the children from utilizing corporal punishment as a method of disciplining or correcting children. This policy shall be communicated in writing to all staff of the facility.

105.16(3) Physical restraint. The use of physical restraint shall be employed only to prevent the child from injury to self, to others, or to property. Physical restraint must be conducted with the child in a standing position whenever possible.

a. No staff person shall use any restraint that obstructs the airway of a child.

b. Prone restraint is prohibited. Staff persons who find themselves involved in the use of a prone restraint when responding to an emergency must take immediate steps to end the prone restraint.

c. If a staff person physically restrains a child who uses sign language or an augmentative mode of communication as the child's primary mode of communication, the child shall be permitted to have the child's hands free of restraint for brief periods unless the staff person determines that such freedom appears likely to result in harm to the child, others, or property.

d. The rationale and authorization for the use of physical restraint and staff action and procedures carried out to protect the child's rights and to ensure safety shall be clearly set forth in the child's record by the responsible staff persons.

105.16(4) Room confinement. Facilities shall provide sufficient programming and staff coverage to enable children to be involved in group activities during the day and evening hours. A child shall only be confined to the child's room for illness, at the child's own request, or for disciplinary reasons. A juvenile detention home may confine a child to the child's room during normal sleeping hours if the facility has written policies and procedures which are approved by the department regarding this confinement.

105.16(5) Written policies. The facility shall provide to the child written policies specifying inappropriate behaviors, reasonable consequences for misconduct, and due process procedures available to the child. Upon request, the above information shall be provided to the child's parent or guardian and referring worker.

[ARC 9488B, IAB 5/4/11, effective 7/1/11]

441—105.17(232) Case files.

105.17(1) Generally. For the purpose of promoting a uniformity of program for all facilities and as an aid to the department of human services in determining its approval of a facility all facilities shall establish and maintain for inspection case files on each child.

105.17(2) Face sheet. For all children, a face sheet containing the following information shall be completed.

- a. Full name, current address, and date of birth.
- b. Parent's(s') full name(s).
- c. Parent's(s') address and telephone number.
- d. Religious preference of the child and also parent, if available.
- e. Statement of who has legal custody and guardianship.
- f. Name of referring worker and agency making the referral.
- g. Telephone number and address of referring agency or court.
- h. Name, address, and telephone number of the child's attorney.

105.17(3) Written summary. When a written summary has been requested under 441—105.12(232), a copy shall be placed in the child's record.

105.17(4) Documentation. The following information shall be documented in each child's record:

a. Appropriate notes on all significant contacts by staff with parents, referral person and other collateral contacts.

b. A summary related to discharge including name, address, and relationship of person to whom discharged.

105.17(5) Other information. The following information shall be requested when the child remains in the facility more than four days and, when available, shall be placed in the child's record.

a. Current family history or social history.

b. Case plans submitted by the referring agency or orders of the court.

c. Psychological and psychiatric records; copies of all available testing performed plus notes and records of contact with the child.

d. Medical.

(1) A record of all illnesses, immunizations, communicable diseases and follow-up treatment.

(2) Medical and surgical releases or authorizations signed by the parent, guardian, custodian or court, including releases or authorizations for anesthesia and emergency medical and surgical treatment.

(3) A record of all medical and dental examinations, including findings.

(4) Date of last physical examination prior to placement.

e. School.

(1) Name and address of school attended.

(2) Grade placement.

(3) Current school in which child is enrolled.

(4) Specific educational problems.

(5) Remedial action.

f. Placement agreement, court order, and other releases and authorizations.

(1) An agreement authorizing the facility to accept the child.

(2) An agreement setting forth the terms of payment for care.

(3) Other releases and authorizations applicable to the placement.

(4) All court orders affecting the custody or guardianship of the child.

[ARC 2743C, IAB 10/12/16, effective 12/1/16]

441—105.18(232) Discharge.

105.18(1) Children in shelter care shall be discharged to a permanent placement at the earliest possible time, and in any event within 30 days from the date of admission. Extension requests shall be made, substantiated, and approved by both the referral agency and the shelter care agency by the twenty-fifth day of care. Maximum length of stay should not exceed 45 days. Maximum length of stay in detention should not exceed 21 days.

105.18(2) Rescinded IAB 3/31/04, effective 5/5/04.

441—105.19(232) Approval. The department will issue a Certificate of Approval, Form 470-0620, annually without cost to any juvenile detention home or juvenile shelter care home which meets the standards. The department may offer consultation to assist homes in meeting the standards.

105.19(1) Applications. An application shall be submitted on Form 470-0723, Application for License or Certificate of Approval. The application shall be signed by the operator of the home, chairman of the county board of supervisors, or chairman of the multicounty board of directors and shall indicate the type of home for which the application is made.

- a. The withdrawal of an application shall be reported promptly to the department.
- b. Each application will be evaluated by the department to ensure that all standards are met.
- c. Reports and information shall be furnished to the department as requested.

105.19(2) Rejection.

a. Applications will be rejected when the minimum standards set forth in the rules in this chapter are not met.

b. Fraudulent applications will be rejected. A fraudulent application is one which contains false statements knowingly made by the applicant or one in which the applicant knowingly conceals information.

c. Applications will be rejected when the director of the facility has been convicted of a crime indicating an inability to operate a children's facility or care for children.

d. Applications will be rejected for just cause.

105.19(3) Approval. Approvals will be given for one year.

105.19(4) Notification. Homes should be notified of approval or rejection within 120 days of application unless the applicant requests and is granted an extension by the department. Form 470-0728, Notice of Action, will be used to inform applicants of approval, and a restricted certified letter will be used to inform applicants of rejection.

105.19(5) Renewals.

a. Applications for renewal shall be made on forms provided by the department and shall be made at least 30 days, but no more than 90 days, prior to expiration of the approval.

b. Each application for renewal will be evaluated by the department to ensure that standards continue to be met.

c. The application for renewal will be rejected or approved in the same manner as an application.

d. Decisions on renewals should be made within 60 days from the application for renewal.

Notification of renewal decisions shall be the same as for new applications.

105.19(6) Revocations.

a. Approval shall be revoked by the state director for the following reasons:

(1) When the facility violates laws governing the provision of services or rules contained in this chapter.

(2) When the facility is misusing funds furnished by the department.

(3) When the facility is operating without due regard to the health, sanitation, hygiene, comfort, or well-being of the children in the facility.

(4) When the director has been convicted of a crime indicating an inability to operate a children's facility or care for children.

b. The following may be causes for revocation:

(1) Substantiated child abuse.

(2) When the facility staff has been convicted of a crime indicating an inability to operate a children's facility or care for children.

105.19(7) Certificate of approval. Upon approval, the home will be issued a certificate of approval containing the name of the home, address, capacity, and the date of expiration. Renewals will be shown by a seal bearing the new date of expiration, unless a change requires a new certificate to be issued.

441—105.20(232) Provisional approval.

105.20(1) Required conditions. A provisional approval may be issued at the time of application or reapplication for approval or as a result of a complaint investigation when all of the following conditions exist:

- a. The shelter care or detention facility fails to meet the approval requirements.
- b. A provisional approval has not previously been issued to the facility for the same deficiencies during the past year.
- c. The deficiencies do not present an immediate danger to the child's physical or mental health.
- d. The director of the facility, chairman of the county board of supervisors, or chairman of the multicounty board of directors provides the department with the following:
 - (1) A plan for correcting the deficiencies.
 - (2) The date by which the standards will be met.

If conditions "b," "c," or "d" are not met, then the application for approval shall be rejected or the approval revoked.

105.20(2) Time limited. Provisional approvals shall not be issued for longer than one year.

105.20(3) Completed corrective action. When the corrective action is completed on or before the date specified on the provisional approval, a full approval shall be issued for the remainder of the year.

105.20(4) Uncompleted corrective action. When the corrective action is not completed by the date specified on a provisional approval, the department shall not grant a full approval and has the option of rejecting or extending the provisional approval. An extension of a provisional approval shall not cause the effective period of a provisional approval to exceed 18 months. If the corrective action plan is not completed within 18 months, the approval shall be rejected.

441—105.21(232) Mechanical restraint—juvenile detention only. When a juvenile detention facility uses mechanical restraints as part of its program, the facility shall have written policies regarding their use. These policies shall be approved by the department before use of mechanical restraints. The policies shall be available to clients, parents or guardians, and referral sources at the time of admission. Policies shall also be available to staff. The executive director of the detention home shall sign the commitment contained in Form 470-0703, Evaluation and Recommendation for Approval to Use Mechanical Restraint, before the facility shall be approved to use a mechanical restraint.

105.21(1) Restrictions on mechanical restraints.

- a. Mechanical restraints shall not inflict physical injury.
- b. Each use of mechanical restraint shall be authorized by the executive director of the facility, as discussed in 105.5(4), or other staff designated by the executive director if those staff meet one of the following requirements:

- (1) Have a bachelor's degree in social work, psychology or a related behavioral science and one year of supervised experience in a juvenile shelter care, detention or foster group care facility.

- (2) Have five years of supervised experience in a juvenile shelter care, detention or foster group care facility.

- (3) Have some combination of advanced education in related behavioral sciences and supervised experience in a juvenile shelter care, detention or foster group care facility equal to five years. The facility shall have a written listing of all staff designated and qualified to authorize the use of mechanical restraint.

- c. When immediate restraint is necessary to protect the safety of the child, other residents of the facility, staff or others, mechanical restraint may be utilized without prior authorization but in each case a person designated to provide authorization shall be contacted as soon as the child is restrained. The designated person shall visit the resident before determining if continued use of the mechanical restraint is necessary. If not viewed as necessary, the child shall be immediately released from restraint.

- d. Each authorization of mechanical restraint shall not exceed one hour in duration without a visit by and written authorization from a licensed psychologist, psychiatrist or physician or psychologist employed by a local mental health center.

e. No child shall be kept in mechanical restraint for more than 1 hour in a 12-hour period without a visit by and written authorization from a licensed psychologist, psychiatrist or physician or psychologist employed by a local mental health center.

f. Anytime that a child is placed in mechanical restraint, a staff person shall be assigned to monitor the child with no duties other than to ensure that the child's physical needs are properly met. The staff person shall remain in continuous auditory and visual contact with the child.

g. Each child shall be released from mechanical restraint as soon as the restraints are no longer needed.

105.21(2) Documentation.

a. Each use of mechanical restraints shall be documented in the client's record and shall include at least the following:

- (1) The date and time the child was placed in mechanical restraint.
- (2) The type of mechanical restraint utilized.
- (3) The reason for the restraint.
- (4) The signature of the person authorizing the restraint and the time of authorization.
- (5) The signature of the person placing the child in restraint.
- (6) The signature of the person providing the continuous auditory and visual contact with the child.
- (7) The signature of the person releasing the child and the time of release.

b. Each use of mechanical restraint shall be documented in a separate file which is used only for the recording of uses of mechanical restraints and shall contain the name of the child restrained and the information discussed in 105.21(2)"*a.*"

c. Each facility authorized to use mechanical restraint shall submit a quarterly report to the bureau of adult, children and family services of the department which shall include all the information required in 105.21(2)"*b.*"

105.21(3) Continued use of mechanical restraints. When a child requires mechanical restraint on more than four occasions during any 30-day period, the facility shall hold an immediate emergency meeting within 3 days of the fifth incident and shall have a licensed psychologist or psychiatrist or psychologist employed by a local mental health center present at the staffing to discuss the appropriateness of the child's continued placement at the facility.

105.21(4) In transporting children. Notwithstanding 105.21(1)"*d.*" mechanical restraint of a child by the staff of a juvenile detention facility while that child is being transported to a point outside the facility is permitted when there is a serious risk of the child exiting the vehicle while the vehicle is in motion. The facility shall place a written report on each use in the child's case record and the mechanical restraint file. This report shall document the necessity for the use of restraint.

Seat belts are not considered mechanical restraints. Agency policies should encourage the use of seat belts while transporting children.

441—105.22(232) Chemical restraint. Chemical restraint shall not be utilized in juvenile shelter care or detention facilities. Each juvenile shelter care or detention facility shall have written policies which clearly prohibit the use of chemical restraints.

These rules are intended to implement Iowa Code section 232.142 as amended by 2011 Iowa Acts, Senate File 482, section 7.

CHAPTER 106
CERTIFICATION STANDARDS FOR CHILDREN'S RESIDENTIAL FACILITIES

PREAMBLE

It is the policy of this state to provide appropriate protection for children who are separated from the direct personal care of their parents, relatives, or guardians. Therefore, the intent of this chapter is to establish certification standards for facilities that meet the definition of "children's residential facility" pursuant to Iowa Code chapter 237C. Iowa Code chapter 237C requires the department to establish standards that shall, at a minimum, address the basic health and educational needs of children; protection of children from mistreatment, abuse, and neglect; background and records checks of persons providing care to children in facilities certified under this chapter; the use of seclusion, restraint, or other restrictive interventions; health; safety; emergency; and the physical premises on which care is provided by a children's residential facility.

Iowa Code chapter 237C specifies that the standards established by the department shall not regulate religious education curricula at children's residential facilities.

These rules cover definitions, application of the standards, the certification process, and provisions to address basic needs; educational programs and services; protection of children from mistreatment, abuse, and neglect; discipline; background and records checks of persons providing care to children in facilities certified under this chapter; the use of seclusion, restraint, or other restrictive interventions; health; safety; emergencies; the physical premises where care is provided by a children's residential facility; sanitation, water, and waste disposal; staffing; and reports and inspections.

[ARC 3007C, IAB 3/29/17, effective 5/3/17]

441—106.1(237C) Definitions.

"Administrator" means the administrator of that division of the department designated by the director of human services to administer this chapter or the administrator's designee.

"Agency," unless otherwise provided by law, means an individual, corporation, limited liability company, business trust, estate, trust, partnership or association, or any other legal entity which provides care as a children's residential facility.

"Chemical restraint" means the use of chemical agents, including psychotropic drugs, as a form of restraint.

"Child" or *"children"* means an individual or individuals less than 18 years of age.

"Children's residential facility" means a private facility designed to serve children who have been voluntarily placed for reasons other than an exclusively recreational activity outside of their home by a parent or legal guardian and who are not under the custody or authority of the department of human services, juvenile court, or another governmental agency, that provides 24-hour care, including food, lodging, supervision, education, or other care on a full-time basis by a person other than a relative or guardian of the child, but does not include an entity providing any of the following:

1. Care furnished by an individual who receives the child of a personal friend as an occasional and personal guest in the individual's home, free of charge and not as a business.
2. Care furnished by an individual with whom a child has been placed for lawful adoption, unless that adoption is not completed within two years after placement.
3. Child care furnished by a child care facility as defined in Iowa Code section 237A.1.
4. Care furnished in a hospital licensed under Iowa Code chapter 135B or care furnished in a health care facility as defined in Iowa Code section 135C.1.
5. Care furnished by a juvenile detention home or juvenile shelter care home approved under Iowa Code section 232.142.
6. Care furnished by a child foster care facility licensed under Iowa Code chapter 237.
7. Care furnished by an institution listed in Iowa Code section 218.1.
8. Care furnished by a facility licensed under Iowa Code chapter 125.
9. Care furnished by a psychiatric medical institution for children licensed under Iowa Code chapter 135H.

“*Control room*” means a locked room used for treatment purposes.

“*Department*” means the Iowa department of human services.

“*Mechanical restraint*” means restriction of a child’s mobility or ability to use the child’s hands, arms, or legs by the use of a mechanical device.

“*Physical restraint*” means direct physical contact required on the part of a staff member to prevent a child from hurting self, others, or property.

“*Prone restraint*” means a physical restraint in which a child is held face down on the floor.

“*Staff*” means any person providing care or services to or on behalf of the facility whether the person is an employee of the facility, an independent contractor or any other person who contracts with the facility, an employee of an independent contractor or any other person who contracts with the facility, or a volunteer.

[ARC 3007C, IAB 3/29/17, effective 5/3/17]

441—106.2(237C) Application of the standards. These rules shall apply to all facilities that meet the definition of “children’s residential facility” pursuant to Iowa Code chapter 237C. In the event that a children’s residential facility is also subject to licensure, certification, registration, or regulation pursuant to another provision of law, those legal requirements shall take precedence over these rules.

[ARC 3007C, IAB 3/29/17, effective 5/3/17]

441—106.3(237C) Application for a certificate of approval. A person shall not operate a children’s residential facility without a certificate of approval to operate issued by the administrator.

106.3(1) Right to apply.

a. Any adult individual or agency may apply for a certificate of approval.

b. Parties wishing to apply for certification as a children’s residential facility shall contact the department using the department’s website or by contacting the Iowa Department of Human Services, Division of Adult, Children and Family Services, Attn: children’s residential facility certification, 1305 East Walnut Street, Des Moines, Iowa 50319-0114.

106.3(2) Application. An applicant shall complete Form 470-0723, Application for License or Certificate of Approval.

106.3(3) Withdrawal of an application. The applicant shall report the withdrawal of an application promptly to the department.

106.3(4) Evaluation of the application. Each application will be evaluated by the department to ensure that all standards are met.

a. Before it results in adverse action, a founded abuse report on a director, a sole proprietor involved in the facility’s operation, or any facility staff shall be evaluated by the department to determine if the abuse merits prohibition of employment, volunteer work, or certification.

b. The department shall evaluate all founded child abuse on a case-by-case basis. Considerations shall include, but not be limited to:

(1) The applicant’s or certified entity’s response (e.g., immediate termination of involved staff).

(2) Whether the abuse was an isolated incident or is symptomatic of a broader, systemic problem.

106.3(5) Reports and information. The applicant shall furnish requested reports and information relevant to the certification determination to the department.

106.3(6) Applications for renewal of certificate of approval.

a. The department or its agent shall send the certificate of approval holder an application for renewal 90 days before the certificate expires. Applications for certificate renewal shall be made on the form specified in subrule 106.3(2).

b. Applications for certificate renewal shall be made at least 30 days but no more than 90 days before the certificate of approval expires. Applications for renewal of a children’s residential facility certificate of approval shall be submitted to the address listed in paragraph 106.3(1)“*b.*”

106.3(7) Notification. The department shall notify a children’s residential facility of approval or denial of a certificate within 90 days of the department’s receipt of complete application or reapplication information.

106.3(8) Fire inspection.

a. Before the administrator issues or reissues a certificate of approval to a children's residential facility, the facility shall comply with standards adopted by the state fire marshal under Iowa Code chapter 100.

b. Each children's residential facility shall procure an annual fire inspection approved by the state fire marshal and shall meet the recommendations thereof.

c. In the case of a conflict between rules and standards adopted pursuant to this chapter and local rules and standards, the more stringent requirement applies.

This rule is intended to implement Iowa Code sections 237C.4 and 237C.6.
[ARC 3007C, IAB 3/29/17, effective 5/3/17]

441—106.4(237C) Certificate of approval.

106.4(1) A new certificate of approval shall be obtained when the certified location moves or the facility is remodeled.

106.4(2) The certificate of approval shall state on its face the name of the holder of the certificate, the particular premises for which the certificate is issued, and the number of children who may be cared for by the children's residential facility on the premises at one time under the certificate of occupancy issued by the state fire marshal or the state fire marshal's designee. The certificate of approval shall be posted in a conspicuous place in the children's residential facility.

106.4(3) A children's residential facility shall operate only in a building or on premises designated in the certificate of approval.

106.4(4) A new certificate of approval shall be requested when the children's residential facility wishes to be certified for a different number of children.

106.4(5) The department shall issue Form 470-0620, Certificate of Approval, without cost to any children's residential facility that meets the standards. The department may offer consultation to assist applicants in meeting the standards.

106.4(6) Children's residential facilities shall be certified for a term of one year.

This rule is intended to implement Iowa Code sections 237C.6 and 237C.7.
[ARC 3007C, IAB 3/29/17, effective 5/3/17]

441—106.5(237C) Denial, suspension, or revocation.

106.5(1) The administrator may deny an application for issuance or reissuance of a certificate of approval if:

a. The applicant or certificate holder, as applicable, fails to comply with these rules or knowingly makes a false statement concerning a material fact or conceals a material fact on the application for the issuance or reissuance of a certificate of approval or in a report regarding operation of the children's residential facility submitted to the administrator.

b. The applicant or any person residing in the children's residential facility or any facility staff has a record of founded child abuse unless an evaluation of the founded abuse has been made by the department which concludes that the abuse does not merit prohibition of employment, volunteer work, or certification.

106.5(2) The administrator may suspend a certificate of approval if:

a. The applicant or certificate holder, as applicable, fails to comply with these rules or knowingly makes a false statement concerning a material fact or conceals a material fact on the application for the issuance or reissuance of a certificate of approval or in a report regarding operation of the children's residential facility submitted to the administrator.

b. A children's residential facility's failure to meet the certification requirements poses a danger to the health, safety, or well-being of the children being served.

c. A children's residential facility fails to comply with Iowa Code section 282.34.

106.5(3) All operations of a children's residential facility shall cease during a period of suspension or revocation of a certificate of approval, including during an appeal. A suspension of a certificate of approval shall not extend beyond six months, and the existence of the condition requiring suspension shall be corrected within six months and documented in the record of the holder of the certificate of approval.

106.5(4) Effective period of suspension. A suspension shall be effective on the date the notice is received by the holder of the certificate of approval and shall remain in effect until one of the following occurs:

- a. The department withdraws the suspension due to a change in conditions in the children's residential facility.
- b. The court orders the certificate of approval reinstated.
- c. The action is reversed by a final decision in accordance with 441—Chapter 7.
- d. The certification period expires.

106.5(5) Method and content of notice. The notice of suspension shall be sent by restricted certified mail or personal service and shall include the following:

- a. The condition requiring the suspension.
- b. The specific law or rule violated.

106.5(6) The administrator may revoke a certificate of approval if:

a. The applicant or certificate holder, as applicable, fails to comply with these rules or knowingly makes a false statement concerning a material fact or conceals a material fact on the application for the issuance or reissuance of a certificate of approval or in a report regarding operation of the children's residential facility submitted to the administrator.

b. The conditions requiring suspension are not corrected within six months.

c. A children's residential facility fails to comply with Iowa Code section 282.34.

106.5(7) Right to appeal suspension or revocation. The holder of the certificate of approval has the right to appeal a suspension or revocation of the certificate of approval, but initiation of an appeal does not alter the suspension or revocation. Notices of adverse actions and the right to appeal shall be given to applicants and certificate of approval holders in accordance with 441—Chapter 7.

106.5(8) Corrective action. The facility shall furnish the department with a plan of action to correct deficiencies that resulted in the suspension or revocation of a certificate of approval. The plan shall give specific dates upon which the corrective action will be completed.

This rule is intended to implement Iowa Code section 237C.6.

[ARC 3007C, IAB 3/29/17, effective 5/3/17]

441—106.6(237C) Providing for basic needs.

106.6(1) A children's residential facility shall provide the following for children in its care:

- a. Adequate shelter.
- b. Nourishing food and water.
- c. Opportunities for adequate sleep, exercise, cleanliness, and health maintenance.

106.6(2) A children's residential facility shares responsibility for meeting these basic needs with the children's parents, guardians, or other primary caretakers.

106.6(3) A children's residential facility shall have written policies related to:

a. Children's communication with their parents or guardians.

b. Children's ability to receive visitors who have been approved by their parents or guardians.

c. Confidentiality and reasonable privacy for children. The children's residential facility shall afford children and their families privacy and confidentiality unless doing so would jeopardize a child's health or safety.

d. Children's ability to keep personal belongings such as clothing, pictures, and other items.

e. Children's ability to participate in normal community activities.

106.6(4) A children's residential facility shall not impose rules and restrictions that prevent communication with parents, guardians, other family members, or others.

106.6(5) A children's residential facility shall share its written policies related to communication, visitors, personal belongings, and participation in community activities with a child's parents or guardians before a child is admitted to the children's residential facility.

[ARC 3007C, IAB 3/29/17, effective 5/3/17]

441—106.7(237C) Educational programs and services. A children's residential facility operating under a certificate of approval issued under Iowa Code chapter 237C shall comply with rules adopted by the state board of education pursuant to Iowa Code section 282.34.
[ARC 3007C, IAB 3/29/17, effective 5/3/17]

441—106.8(237C) Protection from mistreatment, physical abuse, sexual abuse, and neglect.

106.8(1) The state of Iowa prohibits child abuse as defined in Iowa Code chapter 232, criminal assault, and other criminal acts of violence. A children's residential facility shall not use discipline that amounts to child abuse or a criminal act of assault or violence.

106.8(2) A children's residential facility's written policies shall:

- a. Prohibit mistreatment, physical abuse, sexual abuse, and neglect of children.
- b. Specify reporting and enforcement procedures for the children's residential facility. Alleged violations shall be reported immediately to the director of the facility and appropriate department of human services personnel.
- c. Prohibit the use of corporal punishment. The facility's policies shall clearly prohibit staff or the children from utilizing corporal punishment as a method of discipline or correcting children.
- d. These policies shall be communicated in writing to all staff of the facility.

This rule is intended to implement Iowa Code section 237C.3.

[ARC 3007C, IAB 3/29/17, effective 5/3/17]

441—106.9(237C) Discipline.

106.9(1) Generally. The facility shall have written policies, which shall be available to all staff and to the child's family, regarding methods used for control and discipline of children. Agency staff shall be in control of and responsible for discipline at all times. Discipline shall not include the withholding of basic necessities such as food, clothing, or sleep.

106.9(2) Corporal punishment is prohibited. The facility shall have a policy that clearly prohibits staff or the children from utilizing corporal punishment as a method of disciplining or correcting children. This policy is to be communicated in writing to all staff of the facility.

106.9(3) The administration of discipline by a child to another child is prohibited.

106.9(4) Behavior expectations. The facility shall make available to the child and the child's parents or guardian written policies regarding the following areas:

- a. The general expectation of behavior, including the facility's rules and practices.
- b. The range of reasonable consequences that may be used to deal with inappropriate behavior.

106.9(5) Discipline policies shall be discussed with:

- a. Staff, volunteers, or others who perform duties under a subcontract with the children's residential facility; and
- b. Parents or guardians before children are admitted to the children's residential facility.

[ARC 3007C, IAB 3/29/17, effective 5/3/17]

441—106.10(237C) Record checks.

106.10(1) A children's residential facility shall conduct record checks for:

a. Any owner, director, staff member, volunteer, or other person who performs duties under a subcontract with the children's residential facility and who:

- (1) Has direct responsibility for children, or
 - (2) Has access to a child when the child is alone.
- b. Anyone living in the children's residential facility who is 14 years of age or older.

106.10(2) The record checks shall be conducted to determine whether the person:

- a. Has any founded child abuse reports.
- b. Has any founded dependent adult abuse reports.
- c. Has any criminal convictions.
- d. Has been placed on the sex offender registry.

106.10(3) Every applicant for employment shall submit to the children's residential facility a written, signed and dated statement that discloses:

- a. Any substantiated instances of child abuse, neglect, or sexual abuse committed by the person.
- b. Any substantiated instances of dependent adult abuse committed by the person.
- c. Any convictions of crimes involving the mistreatment or exploitation of a child.

106.10(4) A children's residential facility may request additional information from the central abuse registry or the Iowa department of public safety.

106.10(5) If a record of criminal conviction or founded child abuse or founded dependent adult abuse exists, the children's residential facility shall evaluate the crime or founded child abuse or dependent adult abuse to determine whether or not the crime or founded child abuse or founded dependent adult abuse merits prohibition of employment or any voluntary or subcontracted position. The evaluation shall consider:

- a. The nature and seriousness of the crime or founded abuse in relation to the position sought,
- b. The time elapsed since the commission of the crime or founded abuse,
- c. The circumstances under which the crime or founded abuse was committed,
- d. The degree of rehabilitation,
- e. The number of crimes or founded abuses committed by the person involved, and
- f. The likelihood that the person will commit the crime or founded abuse again.

[ARC 3007C, IAB 3/29/17, effective 5/3/17]

441—106.11(237C) Seclusion and restraints.

106.11(1) A children's residential facility shall not physically restrain a child unless necessary to prevent the child from hurting self, others, or property. Physical restraint must be conducted in a standing position whenever possible. Prone restraint is prohibited.

- a. No staff person shall use any restraint that obstructs the airway of a child.
- b. Staff persons who find themselves involved in the use of a prone restraint when responding to an emergency must take immediate steps to end the prone restraint.
- c. If a staff person physically restrains a child who uses sign language or an augmentative mode of communication as the child's primary mode of communication, the child shall be permitted to have the child's hands free of restraint for brief periods unless the staff person determines that such freedom appears likely to result in harm to the child, others, or property.
- d. The rationale and authorization for the use of physical restraint and staff action and procedures carried out to protect the child's rights and to ensure safety shall be clearly set forth in the child's record by the responsible staff persons.

106.11(2) A children's residential facility shall not put a child into time-out seclusion for more than one hour. A child shall never be secluded in an area that is locked or out of the view of staff, volunteers, or others who perform duties under a subcontract with the children's residential facility.

106.11(3) At no time shall a children's residential facility use a control room, mechanical restraint, or chemical restraint.

[ARC 3007C, IAB 3/29/17, effective 5/3/17]

441—106.12(237C) Health.

106.12(1) A children's residential facility shall obtain, store, prepare, and serve food and water free from contamination.

106.12(2) A children's residential facility shall have written health policies that describe how the facility will care for a sick child residing there.

106.12(3) A children's residential facility shall have written policies and procedures related to disease control and the use of universal precautions for handling of any bodily excrement or discharge, including blood and breast milk. A children's residential facility shall take precautions to prevent the spread of infectious and communicable disease.

106.12(4) A children's residential facility shall seek immediate medical attention for a child when it is necessary to ensure that the child remains healthy. There shall be 24-hour emergency and routine medical and dental services available and provided when prescribed. Provision of these services shall be documented.

106.12(5) A children's residential facility shall have written policies and procedures to ensure that staff, volunteers, or others who perform duties under a subcontract with the children's residential facility demonstrate clean personal hygiene sufficient to prevent or minimize the transmission of illness or disease and are certified in the provision of first aid and cardiopulmonary resuscitation.

106.12(6) A children's residential facility shall be required to report any reportable disease to the department of public health.

106.12(7) A children's residential facility shall have written policies on physical examination reports or health status statements for all children in the facility's care.

106.12(8) A children's residential facility shall have written policies and procedures for the dispensing, storage, authorization, and recording of all prescription and nonprescription medications.

106.12(9) A children's residential facility shall ensure that a clearly labeled first-aid kit is available and easily accessible to staff, volunteers, or others who perform duties under a subcontract with the children's residential facility at all times when children are in the facility, in the outdoor play area, and on field trips. The first-aid kit shall be sufficient to address first aid related to minor injury or trauma and shall be stored in an area inaccessible to children.

106.12(10) A children's residential facility shall have written policies on reporting illness or injury to parents or guardians. These policies shall be shared with parents or guardians before a child is admitted to the children's residential facility. A significant change in health status or incidents resulting in a serious injury to or death of a child shall be reported immediately to the parent or guardian.

106.12(11) A children's residential facility shall have written policies on smoking and tobacco use that comply with Iowa state law.

[ARC 3007C, IAB 3/29/17, effective 5/3/17]

441—106.13(237C) Safety.

106.13(1) A children's residential facility shall provide a sufficient number of staff to ensure safe practices that are based on the ages and needs of the children in care to ensure adequate supervision and child safety. This requirement applies to daytime and overnight hours.

106.13(2) Poison control centers' telephone numbers shall be posted in prominent locations and readily available. All poisonous or caustic drugs or materials shall:

- a. Be plainly labeled.
- b. Be stored separately from other drugs in a specific, well-illuminated cabinet, closet, or storeroom.
- c. Be stored in a manner that prevents accidental or intentional ingestion.
- d. Be accessible only to authorized persons.

106.13(3) A children's residential facility shall have written policies regarding fishing ponds, lakes, or any bodies of water located on or near the facility's grounds and accessible to children.

- a. All swimming pools shall conform to state and local health and safety regulations.
- b. Adult supervision shall be provided at all times when children are near or in the water.

106.13(4) A children's residential facility shall have written policies regarding transportation of a child that ensure compliance with Iowa Code section 321.446 regarding child restraint devices.

- a. Drivers of vehicles shall possess a valid driver's license.
- b. Drivers shall not operate a vehicle while under the influence of alcohol, illegal drugs, or prescription or nonprescription drugs that could impair the drivers' ability to operate a motor vehicle.
- c. All vehicles used for children's residential facility activities shall be maintained in safe operating condition.
- d. A children's residential facility shall have proof of current insurance that covers all vehicles and drivers used to transport children.

106.13(5) Animals kept on site shall:

- a. Be in good health with no evidence of disease.
- b. Be of such disposition as to not pose a safety threat to any person.
- c. Be maintained in a clean and sanitary manner.

106.13(6) Weapons and ammunition are prohibited on the premises of a children's residential facility.

[ARC 3007C, IAB 3/29/17, effective 5/3/17]

441—106.14(237C) Emergencies.

106.14(1) A children's residential facility shall have written emergency plans for responding to evacuations, fires, tornadoes, floods, blizzards, other weather incidents, power failures, bomb threats, chemical spills, earthquakes, or other natural or man-made disasters that could create structural damage to the children's residential facility or pose health or safety hazards.

a. The emergency plans shall include guidelines for responding to situations involving intruders within the children's residential facility and grounds, intoxicated persons, lost or abducted children, and evacuations.

b. Emergency plans shall be coordinated with county emergency planning agencies.

c. Evacuations and how to seek protective shelter shall be practiced periodically.

106.14(2) The emergency plans shall include procedures for annual training regarding the contents and implementation of the plans for staff, volunteers, or others who perform duties under a subcontract with the children's residential facility.

106.14(3) A children's residential facility shall have:

a. Written policies and procedures for medical and dental emergencies.

b. Sufficient information and authorization to meet the medical and dental needs or emergencies of children.

106.14(4) Emergency telephone numbers shall be readily available, including emergency telephone numbers for parents or guardians.

[ARC 3007C, IAB 3/29/17, effective 5/3/17]

441—106.15(237C) Buildings and physical premises. A children's residential facility shall ensure that the facility and grounds, playground surfaces and other areas, and all related equipment are safe and free from hazards.

106.15(1) A children's residential facility shall comply with requirements established by the fire marshal for the applicable type of occupancy and shall comply with any applicable additional fire safety requirements established by local ordinance, including fire inspections.

106.15(2) A children's residential facility shall be structurally sound. Any new facility or existing facility that is extensively renovated shall be constructed in compliance with applicable requirements of the state of Iowa building code established pursuant to Iowa Code chapter 103A and with any local building code in force at the time of construction.

106.15(3) A children's residential facility located in a building built before 1960 shall conduct a visual assessment for lead hazards that exist in the form of peeling or chipping paint.

a. If the presence of peeling or chipping paint is found, the paint shall be presumed to be lead-based paint unless a certified inspector as defined in department of public health rules at 641—Chapter 70 determines that the paint is not lead-based.

b. In the absence of the determination that peeling or chipping paint is not lead-based, a children's residential facility shall use safe work methods as defined by the state department of public health to eliminate human exposure or likely exposure to lead-based paint hazards.

106.15(4) Living areas.

a. All living areas shall:

(1) Have screens on windows used for ventilation.

(2) Be maintained in clean, sanitary conditions, free from vermin, rodents, dampness, noxious gases and objectionable odors.

(3) Be in safe repair.

(4) Provide for adequate lighting when natural sunlight is inadequate.

(5) Have heating and storage areas separated from sleeping or play areas.

(6) Have walls and ceiling surfaced with materials that are asbestos-free.

b. All sleeping rooms shall:

- (1) Provide a minimum of 60 square feet per child for multiple occupancy.
- (2) Provide a minimum of 80 square feet per child for single occupancy.
- (3) Not sleep more than four children per room.
- (4) Be of finished construction.
- c. Rooms aboveground shall:
 - (1) Have a ceiling height of at least 7 feet, 6 inches.
 - (2) Have a window area of at least 8 percent of the floor area unless mechanical ventilation is provided that is capable of removing dampness and odors.
- d. Rooms belowground shall:
 - (1) Have a ceiling height of at least 6 feet, 8 inches.
 - (2) Have a window area of at least 2 percent of the floor area unless mechanical ventilation is provided that is capable of removing dampness and odors.
 - (3) Have floor and walls constructed of concrete or other materials with an impervious finish and free from groundwater leakage.

106.15(5) Bedrooms.

- a. Each child in care shall have a solidly constructed bed.
- b. Sheets, pillowcases, and blankets shall be provided for each child and shall be kept clean and in good repair.
- c. Each child in care shall have adequate storage space for private use and a designated space for hanging clothing in proximity to the bedroom occupied by the child.
- d. No child over the age of five years shall occupy a bedroom with a member of the opposite sex.

106.15(6) Heating.

- a. The heating unit shall be located and operated to maintain the temperature in the living quarters at a minimum of 65 degrees Fahrenheit during the day and 55 degrees Fahrenheit during the night. Variances may be made in case of health problems. Temperature is measured at 24 inches above the floor in the middle of the room.
- b. All space heaters and water heaters involving the combustion of fuel, such as gas, oil or similar fuel, shall be vented to the outside atmosphere.
- c. Neither rubber nor plastic tubing shall be used as supply lines for gas heaters.
- d. The heating or cooling plant shall be checked at least annually and kept in safe working condition at all times.

These rules are intended to implement Iowa Code section 237C.3.
[ARC 3007C, IAB 3/29/17, effective 5/3/17]

441—106.16(237C) Sanitation, water, and waste disposal. In the case of a conflict between rules and standards adopted pursuant to this chapter and local rules and standards, the more stringent requirement applies.

106.16(1) Bathroom facilities.

- a. Bathrooms shall have an adequate supply of hot and cold running water.
- b. Each bathroom shall be properly equipped with toilet tissue, towels, soap, and other items required for personal hygiene unless children are individually given these items. Paper towels, when used, and toilet tissue shall be in dispensers.
- c. Toilets and baths or showers shall provide for individual privacy.
- d. There shall be a shower or tub for each ten children or portion thereof.
- e. Tubs and showers shall have slip-proof surfaces.
- f. At least one toilet and one lavatory shall be provided for each six children or portion thereof.
- g. Toilet facilities shall be provided with natural or artificial ventilation capable of removing odors and moisture.
- h. Toilet facilities adjacent to a food preparation area shall be separated completely by an enclosed solid door.
- i. All toilet facilities shall be kept clean.
- j. When more than one stool is used in one bathroom, partitions providing privacy shall be used.

k. Toilets, wash basins, and other plumbing or sanitary facilities shall be maintained in good operating condition.

106.16(2) Food preparation and storage.

- a. Cracked dishes and utensils shall not be used in the preparation, serving, or storage of food.
- b. Storage areas for perishable foods shall be kept at 45 degrees Fahrenheit or below.
- c. Storage areas for frozen foods shall be kept at 0 degrees Fahrenheit or below.
- d. Food that is to be served hot shall be maintained at 140 degrees Fahrenheit or above.
- e. Food that is to be served cold shall be maintained at 45 degrees Fahrenheit or below.
- f. The kitchen and food storage areas shall be kept clean and neat. Foods shall not be stored on the floor.
- g. The floor and walls shall be of smooth construction and in good repair.

106.16(3) Personnel handling food. Personnel who handle food shall:

- a. Be free of infection.
- b. Be clean and neatly groomed.
- c. Wear clean clothes.
- d. Not use tobacco in any form while preparing or serving food.

106.16(4) Dishwashing facilities.

- a. Manual dishwashing will be allowed in facilities that normally serve 15 or fewer people at one meal.
- b. Commercial dishwashers shall be used in facilities serving more than 15 people at one meal and shall meet the following criteria:
 - (1) When chemicals are added for sanitation purposes, they shall be automatically dispensed.
 - (2) Machines using hot water for sanitizing must maintain wash water at a temperature of at least 150 degrees Fahrenheit and rinse water at a temperature of at least 180 degrees Fahrenheit or a single temperature machine at 165 degrees Fahrenheit for both wash and rinse.
 - (3) All machines shall be thoroughly cleaned and sanitized at least once each day or more often if necessary to maintain satisfactory operating condition.
- c. Soiled and clean dish table areas shall be of adequate size to accommodate the dishes for one meal.
- d. All handheld food preparation and serving equipment shall be cleaned and sanitized following each meal. Dispensers, urns, and similar equipment shall be cleaned and sanitized daily.

106.16(5) Foods not prepared at site of serving.

- a. The place where food is prepared for off-site serving shall conform to all requirements for on-site food preparation.
- b. Food shall be transported in covered containers or completely wrapped or packaged so as to be protected from contamination.
- c. During transportation, and until served, hot foods shall be maintained at 140 degrees Fahrenheit or above and cold food shall be maintained at 45 degrees Fahrenheit or below.

106.16(6) Milk supply. When fluid milk is used, it shall be pasteurized Grade A.

106.16(7) Public water supply. The water supply is approved when the water is obtained from a public water supply system, as regulated by the department of natural resources.

106.16(8) Private water supplies. Any facility that serves at least 25 people for at least 60 days during the year and is supplied by its own well meets the definition of a public water supply and must be regulated by the department of natural resources.

a. Each privately operated water supply shall be maintained and operated in a manner that ensures safe drinking water. Each water supply used as part of a facility shall be annually inspected and evaluated for deficiencies that may allow contaminants access to the well interior. Items such as open or loose well caps, missing or defective well vents, poor drainage around the wells, and the nearby storage of potential contaminants shall be evaluated. All deficiencies shall be corrected within 30 days of discovery by a well contractor certified by the state.

b. Evaluation and water testing. As part of the inspection and evaluation, water samples shall be collected and submitted by the local health sanitarian or a well contractor certified by the state to the

state hygienic laboratory or other laboratory certified for drinking water analysis by the department of natural resources. The minimum yearly water analysis shall include coliform bacteria and nitrate (NO₃-) content. Total arsenic testing shall be performed once every three years. The water shall be deemed safe when there are no detectible coliform bacteria, when nitrate levels are less than 10 mg/L as nitrogen, and when total arsenic levels are 10 µg/L or less. A copy of the laboratory analysis report shall be provided to the department within 72 hours of receipt by the water supply.

c. Multiple wells supplying water. When the water supply obtains water from more than one well, each well connected to the water distribution system shall meet all of the requirements of these rules.

d. Deficiencies. When no apparent deficiencies exist with the well or its operations and the water supply is proven safe by meeting the minimum sampling and analysis requirements, water safety requirements have been met. Wells with deficiencies that result in unsafe water analysis require corrective actions through the use of a well contractor certified by the state.

e. When water is proven unsafe. When the water supply is proven unsafe by sampling and analysis, the facility shall immediately provide a known source of safe drinking water for all water users and hang notification at each point of water use disclosing the water is not safe to consume. In addition, the facility shall provide a written statement to the department disclosing the unsafe result and detail a plan on how the water supply deficiencies will be corrected and the supply brought back into a safe and maintained condition. The statement shall be submitted to the department within 10 days of the laboratory notice. All corrective work shall be performed and the water supply sampled and analyzed again within 45 days from any water test analysis report that indicates the water supply is unsafe for drinking water uses.

f. Water obtained from another source through hauling and storage must meet the requirements of the department of natural resources.

106.16(9) Heating or storage of hot water. Each tank used for the heating or storage of hot water shall be provided with a pressure and temperature relief valve.

106.16(10) Sewage treatment.

a. A children's residential facility shall be connected to a public sewer system where available.

b. Private disposal systems shall be designed, constructed, and maintained so that no unsanitary or nuisance conditions exist, such as surface discharge of raw or partially treated sewage or failure of the sewer lines to convey sewage properly.

106.16(11) Garbage storage and disposal.

a. A sufficient number of garbage and rubbish containers shall be provided to properly store all material between collections.

b. Containers shall be insect-, rodent-, and leakproof and shall be maintained in a sanitary condition.

[ARC 3007C, IAB 3/29/17, effective 5/3/17]

441—106.17(237C) Staffing.

106.17(1) Children's residential facility staff shall be 21 years of age or older with appropriate training and experience related to job duties.

106.17(2) A children's residential facility shall have written policies and procedures regarding staff supervision, development, training requirements, and orientation to children's residential facility policies and practices.

106.17(3) A children's residential facility shall provide a sufficient number of staff to ensure proper supervision and child safety at all times and at all activities conducted by a children's residential facility off its premises.

[ARC 3007C, IAB 3/29/17, effective 5/3/17]

441—106.18(237C) Reports and inspections.

106.18(1) The administrator may require submission of reports by a certificate of approval holder and shall cause at least one annual unannounced inspection of a children's residential facility to assess compliance with applicable requirements and standards.

106.18(2) The inspections shall be conducted by the department of inspections and appeals in addition to initial, renewal, and other inspections that result from complaints or self-reported incidents.

106.18(3) The department of inspections and appeals and the department of human services may examine records of a children's residential facility and may inquire into matters concerning the children's residential facility and its employees, volunteers, and subcontractors relating to requirements and standards for children's residential facilities under this chapter.

[ARC 3007C, IAB 3/29/17, effective 5/3/17]

441—106.19(232) Mandatory reporting of child abuse.

106.19(1) *Mandatory reporters.* Any employee, operator, owner, or other person who performs duties for a children's residential facility shall make a report, in accordance with Iowa Code section 232.69, whenever that person reasonably believes a child for whom the person is providing care has suffered abuse.

106.19(2) *Required training.* Staff shall receive training relating to the identification and reporting of child abuse as required by Iowa Code section 232.69.

106.19(3) *Training documentation.* The certified children's residential facility shall develop and maintain a written record for each employee, operator, owner, or other person who performs duties for the children's residential facility in order to document the content and amount of training.

This rule is intended to implement Iowa Code section 232.69.

[ARC 4113C, IAB 11/7/18, effective 1/1/19]

These rules are intended to implement Iowa Code chapter 237C.

CHAPTER 107
CERTIFICATION OF ADOPTION INVESTIGATORS
[Prior to 2/11/87, Human Services[498]]

441—107.1(600) Introduction. Persons with academic qualifications and adoption work experience may be certified by the department to provide adoption preplacement investigations, postplacement supervision, and reports to the court.

441—107.2(600) Definitions.

“Adoption work experience” means supervised employment in adoption services, which includes direct provision of adoption services, developing adoption policies, conducting training related to adoption services, oversight and review of adoption documents and activities, and direct supervision of adoption workers. Only the percent of time related to provision of adoption services shall be considered as adoption work experience when job duties involve activities other than adoption services.

“Certified adoption investigator” means a person authorized by the department to provide background reports on birth parents, adoption preplacement investigations, postplacement supervision, and reports to the court within the state of Iowa.

“Department” means the department of human services.
[ARC 1754C, IAB 12/10/14, effective 2/1/15]

441—107.3(600) Application.

107.3(1) Application form. Application for certification as an adoption investigator shall be made on Form SS-6105-0, Application for Certification of Adoption Investigator. This form may be obtained from the Division of Adult, Children, and Family Services, Department of Human Services, Hoover State Office Building, Des Moines, Iowa 50319-0114.

107.3(2) Employees of licensed child placing agencies and the department of human services. Persons employed as social workers in licensed child placing agencies who meet the requirements for certification in rule 441—107.4(600) are eligible to apply for certification as adoption investigators unless the agency employing them objects in writing. The applicant shall furnish a letter of approval from the agency as part of the certification process.

Persons employed as social workers for the department of human services who meet the requirements for certification in rule 441—107.4(600) are eligible to apply for certification as adoption investigators for services provided outside of their current job duties, unless their current job duties include any of the following:

- a. Any of the activities described in rule 441—107.8(600).
- b. Immediate supervision of employees engaged in activities described in rule 441—107.8(600).
- c. Certification of adoption investigators.
- d. Placement of children for adoption.
- e. Development of adoption policies used in administration of the adoption program.

441—107.4(600) Requirements for certification.

107.4(1) Office location. The applicant shall retain an office in Iowa where all Iowa adoption reports and records of fees are maintained and are available for inspection.

107.4(2) Education and experience.

a. If the applicant was initially certified as an adoption investigator before October 1, 1991, the applicant shall have one of the following combinations of education and experience:

(1) Graduation from an accredited four-year college or university and adoption work experience equivalent to a total of three years, full-time experience.

(2) A bachelor's degree in social work from an accredited four-year college or university in a program accredited by the council on social work education and adoption work experience equivalent to a total of two years, full-time experience.

(3) A master's degree in social work from an accredited college or university in a program accredited by the council on social work education and adoption work experience equivalent to a total of one year, full-time experience.

b. If the applicant is initially certified as an adoption investigator on or after October 1, 1991, the applicant shall have one of the following combinations of education and experience:

(1) Graduation from an accredited four-year college or university with a bachelor's degree in social work, psychology, counseling, family therapy, family living, or other family-oriented degree and postgraduation adoption work experience equivalent to a total of three years, full-time experience.

(2) Graduate education in a master's program in social work, psychology, counseling, family therapy, family living, or other family-oriented program from an accredited four-year college or university may be substituted for required adoption work experience on the basis of 30 semester hours for one year of full-time experience, for up to two full years of the required three years of adoption work experience.

(3) A master's degree in social work, psychology, counseling, family therapy, family living, or other family-oriented degree from an accredited college or university and postgraduation adoption work experience equivalent to a total of one year, full-time experience.

107.4(3) Verification of qualifications.

a. The applicant shall provide a certified transcript of college credits, and

b. The applicant shall provide a record of all adoption work experience including dates and location, and

c. The applicant shall provide the name(s) of employer(s) and supervisor(s) to enable the department to verify the applicant's adoption work experience, and

d. The applicant shall give names of at least two additional persons as character references who shall be contacted by the certifier.

107.4(4) Statement of activities and duties. Prior to certification, the applicant shall prepare a written statement identifying the proposed activities, duties and fees of the applicant as a certified adoption investigator.

a. The statement shall indicate that the services described in rule 441—107.8(600) are being provided by the individual investigator, not a child placing agency, and are not provided in the course of the individual investigator's employment with a child placing agency or the department of human services.

b. The activities and duties identified in the statement cannot exceed the scope of an investigator's services as defined in rule 441—107.8(600).

c. The statement shall include the fee schedule to be used in the determination of a charge for investigative services.

d. A copy of the statement shall be provided to the department to be maintained as a public record.

e. Upon request, this statement shall be provided by the investigator to persons requesting services from the investigator.

107.4(5) Record checks. The department of inspections and appeals shall submit record checks for each new applicant and those applying for recertification to determine whether they have any founded child abuse reports or convictions or have been placed on the sex offender registry. The department of inspections and appeals shall use Form 470-0643, Request for Child Abuse Information, and Form 595-1396, DHS Criminal History Record Check, Form B for this purpose. The department shall not certify the applicant with a record of founded child abuse, a criminal conviction, or placement on the sex offender registry as an adoption investigator unless evaluation of the founded abuse or crime indicates approval for certification.

The applicant shall complete and return Form 470-2310, Record Check Evaluation, within ten calendar days of the date on the form to be used by the department to assist in the evaluation. Failure of the applicant to complete and return Form 470-2310 within the specified time frame shall result in denial of certification.

The department shall evaluate the nature and seriousness of the founded abuse or crimes, the time elapsed since the commission of the founded abuse or crimes, the circumstances under which the founded

abuse or crime was committed, the degree of rehabilitation, the likelihood that the person will commit the abuse or crime again, and the number of founded abuses or crimes committed by the applicant. The department shall notify the applicant of the results of the evaluation using Form 470-2386, Record Check Decision. The department shall also issue Form 470-2386 when the applicant fails to complete the evaluation form.

Investigators applying for recertification are subject to the same record checks as new applicants. The department shall evaluate only abuses, convictions of crimes, and placement on the sex offender registry since the last record check using the same process.

107.4(6) Certification actions for nonpayment of child support. The department shall revoke or deny the issuance or renewal of a certification of an adoption investigator upon the receipt of a certificate of noncompliance from the child support recovery unit of the department according to the procedures in Iowa Code chapter 252J. In addition to the procedures set forth in Iowa Code chapter 252J, the rules in this chapter shall apply.

a. The notice required by Iowa Code section 252J.8 shall be served upon the applicant or certified investigator by restricted certified mail, return receipt requested, or personal service in accordance with Iowa Rules of Civil Procedure 56.1. Alternatively, the applicant or certified investigator may accept service personally or through authorized counsel.

b. The effective date of the revocation or denial of the certification as specified in the notice required by Iowa Code section 252J.8 shall be 60 days following service of the notice upon the applicant or certified investigator.

c. The department director or designee of the director is authorized to prepare and serve the notice as required by Iowa Code section 252J.8 upon the applicant or certified investigator.

d. Applicants and certified investigators shall keep the department informed of all court actions, and all child support recovery unit actions taken under or in connection with Iowa Code chapter 252J, and shall provide the department copies, within seven days of filing or issuance, of all applications filed with the district court pursuant to Iowa Code section 252J.9, all court orders entered in these actions, and withdrawals of certificates of noncompliance by the child support recovery unit.

e. An applicant or certified investigator may file an application with the district court within 30 days of service of a department notice pursuant to Iowa Code sections 252J.8 and 252J.9.

(1) The filing of the application shall stay the department action until the department receives a court order lifting the stay, dismissing the action, or otherwise directing the department to proceed.

(2) For purposes of determining the effective date of the revocation, or denial of the issuance or renewal of a certification, the department shall count the number of days before the action was filed and the number of days after the action was disposed of by the court.

f. The department shall notify the applicant or certified investigator in writing through regular first-class mail, or such other means as the department deems appropriate in the circumstances, within ten days of the effective date of the revocation of certification or the denial of the issuance or renewal of a certificate of adoption investigator, and shall similarly notify the applicant or certified investigator when the certificate is issued, renewed, or reinstated following the department's receipt of a withdrawal of the certificate of noncompliance.

g. Notwithstanding Iowa Code section 17A.18, the registrant does not have the right to a hearing regarding this issue, but may request a court hearing pursuant to Iowa Code section 252J.9.

441—107.5(600) Granting, denial, or revocation of certification.

107.5(1) Granting of certification. When all of the requirements of this chapter are met, certification shall be granted.

107.5(2) Denial or revocation of certification.

a. Certification or recertification shall be denied or revoked when one or more of the following conditions exist:

(1) The applicant does not comply with the requirements listed in subrules 107.4(1), 107.4(2), and 107.4(4), and rules 441—107.10(600) and 441—107.11(600).

(2) The applicant does not provide information required in subrule 107.4(3).

(3) The applicant has willfully or knowingly misrepresented information regarding qualifications for certification.

(4) When information about the certified investigator is received and verified by the department of inspections and appeals such as, but not limited to, failure to carry out the activities and duties as stated in this chapter, charging fees in excess of those specified in subrule 107.8(5) and breaches of confidentiality, and the effect of the investigator's actions would be detrimental to any of the parties to the adoption. Complaints involving the reasonable exercise of professional judgment in the denial or approval of a preplacement investigation are not grounds for decertification.

(5) The investigator, after being warned in writing by the licenser, provided incomplete or inadequate information or inaccurate information in required reports as described in rule 441—107.8(600).

(6) The applicant has a founded child abuse or criminal record conviction unless an evaluation of the founded abuse or criminal conviction is conducted by the department of inspections and appeals which concludes that the abuse or crime does not merit prohibition of certification.

(7) The investigator aids or participates in an illegal placement or violates the statutes of Iowa Code chapter 600.

b. If an applicant is denied certification or recertification based on an inability to meet the requirements of subrule 107.4(1), 107.4(2), 107.4(3), 107.4(4), 107.4(5), or 107.4(6), the applicant may reapply when the requirements for certification have been met.

c. Rescinded IAB 8/12/98, effective 10/1/98.

441—107.6(600) Certificate.

107.6(1) Contents. Form SS-1204-0, Certificate of Adoption Investigator, shall contain the name of the investigator and the expiration date of the certificate and be signed by a person designated by the director of the department.

107.6(2) Time limit. The investigator shall be certified for two years. Certification shall expire at the end of two years unless the investigator has made timely application for recertification. No provisional certificates shall be issued.

107.6(3) Records of certifications.

a. The department shall keep records of certifications including the application and verifications.

b. The department shall keep an alphabetical list of certified adoption investigators by districts and shall update the list at least semiannually. Lists of certified adoption investigators shall be furnished to all district offices of the department and to any person who requests a list.

441—107.7(600) Renewal of certification.

107.7(1) Request for renewal. A currently certified investigator who wishes to be recertified shall notify the department in writing at least 30 days but no more than 60 days prior to the expiration of the certificate. To be recertified, the person shall submit a new application on Form SS-6105-0, Application for Certification of Adoption Investigator. If no application is submitted, the certification shall expire.

107.7(2) Evaluation of investigator. Upon receipt of the request for recertification, the department investigators' records shall be reviewed and evaluated by the licenser to determine whether the requirements of these rules have been met. This evaluation shall include the review of 20 percent, or no fewer than four, of the adoption records opened since the last review for certification and the fees assessed clients. Reports of investigations shall be available to the licenser during the review for recertification, or at any other time upon request by the licenser.

When deficiencies are noted at the time of review, the investigator shall be given 7 to 30 days to meet the standards set forth in 441—Chapter 107. The deficiencies shall be noted in writing and the investigator shall sign a statement that includes agreement to the following:

a. The deficiencies noted by the licenser, including the areas of 441—Chapter 107 which are not met.

b. A plan for correcting the deficiencies.

c. The date by which the deficiencies will be corrected.

When the deficiencies are corrected within the time frame granted, the certificate will be renewed. Deficiencies not corrected within the allowed time frame are grounds for revocation of the investigator's certificate.

107.7(3) Notification. The department shall notify the investigator of the decision regarding the initial application, and any applications for recertification, within 60 days of receipt of the application. When the request for recertification is not received prior to the date of expiration, the department shall notify the investigator that the certification has expired.

441—107.8(600) Investigative services.

107.8(1) *Preplacement investigations.* When a certified adoption investigator provides a preplacement investigation of a prospective adoptive family, the investigation shall meet the requirements of Iowa Code section 600.8(1) "a," including an assessment of the family's ability to parent a child.

a. The preplacement investigation shall include at a minimum two contacts, one face-to-face interview with the applicants and each member of the household and at least one home visit.

b. The certified adoption investigator shall have on file a written assessment of the family which shall be used to approve or deny a prospective adoptive family. The written assessment (home study) shall include the date the home study was completed, shall be signed by the investigator and the signature notarized. The assessment shall include the following:

- (1) Motivation for adoption and whether the family has biological, adopted, or foster children;
- (2) Family and extended family's attitude toward accepting an adopted child, and plans for discussing adoption with the child;
- (3) The attitude towards adoption of other people involved with the family in a significant way;
- (4) Emotional maturity; marital history, including verification of marriages and divorces; assessment of marital relationship; and compatibility of the adoptive parents;
- (5) Ability to cope with problems, stress, frustrations, crises, separation, and loss;
- (6) Medical, mental, or emotional conditions which would affect the applicant's ability to parent a child;
- (7) Ability to provide for the child's physical and emotional needs and to respect the child's cultural and religious identity;
- (8) Description of biological children and previously adopted children, if any, including their attitudes towards adoption, relationships with others, and school performance;
- (9) Capacity to give and receive affection;
- (10) Statements from at least three references provided by the family and other unsolicited references that the investigator may wish to contact;
- (11) Attitudes of the adoptive applicants towards the birth parent(s) and the reason(s) the child is available for adoption;
- (12) Income information, including the family's ability to financially provide for a child;
- (13) Disciplinary practices that will be used;
- (14) History of abuse involving family members, including how the abuse was addressed and how that history impacts the applicant's ability to be an adoptive parent;
- (15) Assessment of, commitment to, and capacity to maintain other significant relationships;
- (16) Substance use or abuse by members of the household, treatment history and current status of treatment;
- (17) Recommendations for the number, age, sex, characteristics, and unique needs of children best served by this family; and
- (18) The family's ability to anticipate and understand the unique needs of an adopted child as the child gets older and how the family will manage those needs.

c. Record checks. The certified adoption investigator shall perform record checks for each applicant and for the other persons living in the home of the applicant as follows:

- (1) The records of the applicants shall be checked:
 1. On the Iowa central abuse registry using the Request for Child Abuse Information form;

2. By the Iowa division of criminal investigation, using the DHS Criminal History Record Check Form B;

3. On the Iowa sex offender registry;

4. On the child abuse registry of any state where the applicant has lived during the five years prior to the issuance of the investigative report; and

5. For a national criminal history through fingerprinting or another biometric identification-based process accepted by the federal government.

(2) The records of persons aged 14 or older living in the home of the applicant shall be checked:

1. On the Iowa central abuse registry using the Request for Child Abuse Information form;

2. By the Iowa division of criminal investigation, using the DHS Criminal History Record Check Form B; and

3. On the Iowa sex offender registry.

(3) Out-of-state child abuse checks and national criminal history checks may be completed on any adult in the home of the applicant if the certified adoption investigator has reason to do so.

(4) The person making the investigation shall not approve a prospective applicant and shall not perform an evaluation if the applicant or any other adult living in the home of the applicant has been convicted of a felony offense as set forth in Iowa Code section 600.8(2) "b."

(5) The person making the investigation shall not approve a prospective applicant and shall not perform an evaluation if the applicant or any other adult living in the home of the applicant has committed a crime in a state other than Iowa that would be a forcible felony if the crime would have been committed in Iowa, as set forth in Iowa Code section 600.8(2) "b."

d. Evaluation of record. If there is a record of founded child abuse or a criminal conviction for the applicant or any other adult living in the home of the applicant, the applicant shall not be approved to adopt unless an evaluation determines that the abuse or criminal conviction does not warrant prohibition of approval.

(1) The evaluation shall consider the nature and seriousness of the founded child abuse or crime in relation to adoption, the time elapsed since the commission of the founded abuse or crime, the circumstances under which the abuse or crime was committed, the degree of rehabilitation, the likelihood that the person will commit the abuse or crime again, and the number of abuses or crimes committed by the person.

(2) The person with the founded child abuse or criminal conviction report shall complete and return the Record Check Evaluation form within ten calendar days of the date on the form to be used to assist in the evaluation. Failure of the person to complete and return the form within the specified time frame may result in a written denial of approval for adoption.

(3) If the applicant, or any other adult living in the home of the applicant, has been convicted of a simple misdemeanor or a serious misdemeanor that occurred five or more years prior to application, the evaluation and decision may be made by a certified adoption investigator. The certified adoption investigator shall notify the applicant of the results of the evaluation in writing. The notice shall contain information on appeal rights.

(4) If the applicant, or any other person living in the home of the applicant, has a founded child abuse report, has been convicted of an aggravated misdemeanor or felony at any time, or has been convicted of a simple or serious misdemeanor that occurred within five years prior to application, a certified adoption investigator shall initially conduct the evaluation.

1. If the certified adoption investigator determines that the abuse or crime does warrant prohibition of approval, the certified adoption investigator shall notify the applicant of the results of the evaluation in writing.

2. If the certified adoption investigator determines that the applicant should be approved despite the abuse or criminal conviction, the certified adoption investigator shall provide copies of the child abuse report or criminal history record and the Record Check Evaluation form to the Administrator, Division of Adult, Children and Family Services, Department of Human Services, Hoover State Office Building, Des Moines, Iowa 50319-0114. Within 30 days, the administrator shall determine whether the abuse or crime merits prohibition of approval and shall notify the certified adoption investigator in

writing of that decision. The certified adoption investigator shall mail the applicant the department's written decision regarding the evaluation of an abuse or crime.

e. Decision. The certified adoption investigator shall notify the applicant in writing no later than 30 days after completion of the home study of the investigator's decision regarding approval for placement of a child.

(1) If the applicant is denied, the certified adoption investigator shall state the reasons for denial in the written decision.

(2) The certified adoption investigator shall date, sign and notarize the adoptive home study.

(3) The certified adoption investigator shall provide a copy of the home study to the family at the time the written decision is sent.

(4) A home study shall be valid for up to two years from the date signed by the certified adoption investigator.

f. Denial. The certified adoption investigator shall deny approval of an adoption application when:

(1) The applicant or any other person living in the home of the applicant has been convicted of a felony offense as set forth in Iowa Code section 600.8(2) "b."

(2) The standards set forth in these rules are not met and cannot be corrected.

(3) The applicant or any person residing in the home has been convicted of a crime, unless an evaluation of the crime has been made by the department, which concludes that the crime does not merit prohibition of approval of an adoption application.

(4) The applicant or any person residing in the home has a record of founded child abuse, unless an evaluation of the founded child abuse has been made by the department, which concluded that the founded child abuse does not merit prohibition of approval of an adoption application.

(5) The applicant has knowingly made false statements or has knowingly concealed information that is material to the investigation.

g. Updates. An update to the home study shall be completed no later than 24 months from the previous home study or previous home study update in order for the home study to remain valid. The home study update shall consist of completion of the following:

(1) The child abuse and criminal history record checks, except for national criminal history checks, shall be repeated. If there are new founded abuses or convictions of crimes that were not evaluated in the previous home study, they shall be evaluated using the process set forth in paragraph 107.8(1) "d."

(2) One face-to-face visit shall be conducted with the approved family annually.

(3) The information in the approved home study shall be reviewed.

(4) An updated report of the adoptive home study shall be written, dated, signed and notarized and a copy provided to the applicant.

h. Annual visits to the adoptive home. The certified adoption investigator shall complete a minimum of one visit each year in the homes of families approved to adopt by the investigator.

(1) The visit shall include, but not be limited to, assessment of the following areas:

1. Home environment.

2. Persons present at the time of the visit.

3. Changes in the home or household members, or other areas addressed in the home study.

(2) When a person aged 14 or older moves into the home, the investigator shall perform checks on the Iowa central child abuse registry, by the division of criminal investigation, and on the sex offender registry. The record check evaluation process shall be completed if the person has a criminal conviction or founded child abuse report or is on the sex offender registry.

(3) The findings from the visit shall be documented and maintained in the file.

107.8(2) Background information investigation. When a certified adoption investigator is requested to complete a background information investigation on the child to be adopted, the investigation shall include a complete medical, mental health and criminal history of the family and developmental history of the child to be adopted.

a. A personal interview with each parent of the child must be completed unless a parent's identity or whereabouts is unknown.

b. If a parent's identity or whereabouts is unknown, as much information as possible shall be obtained from the other parent or other sources if available.

c. A copy of the background information shall be provided to prospective adoptive families before placement of the child.

107.8(3) *Postplacement supervision.* When a certified adoption investigator completes postplacement supervision, at least three visits to the adoptive family's home and personal observation of the child are required.

a. Postplacement reports shall be written after each postplacement visit and copies kept in the permanent family file retained by the investigator.

b. Postplacement supervision shall address the unique needs of the child, including but not limited to the following areas:

- (1) Integration and interaction of the child with the family.
- (2) Changes in the family functioning which may be due to the child's placement.
- (3) Social and emotional adjustment of the child.
- (4) Child's growth and development since placement with the adoptive family.
- (5) Changes and adjustments that have been made in the family since the child's placement.
- (6) Family's method of dealing with testing behaviors and discipline.
- (7) Behavioral evidence of the degree of bonding that is taking place and the degree to which the child is becoming a permanent member of the adoptive family.
- (8) School adjustment of a child who is attending a school.
- (9) The behavioral needs of the child.
- (10) The psychological and mental health needs of the child.
- (11) Services and supports that will assist the family in the future.

c. Postplacement visits shall be completed at a minimum as follows:

- (1) One no later than 30 days after placement.
- (2) One no later than 90 days after placement.
- (3) A final visit prior to requesting a consent to adopt, no later than 180 days after placement.
- (4) Postplacement visits shall be completed as often as necessary if the adoptive family is experiencing problems, and the visits may extend to finalization or beyond 180 days if additional time is needed.

d. The certified adoption investigator shall prepare a written report based on observations made during each home visit. Each report shall address the specific needs of the child and the family's ability to meet those needs. The reports shall be used by the certified adoption investigator in making a written recommendation to the court regarding finalization of the adoption.

107.8(4) *Reports of investigations.* The certified adoption investigator is authorized to provide reports to the courts concerning the above investigations and reports to the guardian or custodian of the child and the attorney for the adoptive family.

107.8(5) *Fees for services.* Certified adoption investigators may charge a fee for the services described in subrules 107.8(1), 107.8(2), and 107.8(3). The licensor shall review the amount of fees for services charged to families at the time that the investigator's records are reviewed for recertification. Information shall also be retained regarding fees charged to a family by another party and collected by the investigator.

[ARC 1754C, IAB 12/10/14, effective 2/1/15]

441—107.9(600) International adoptions postplacement report.

107.9(1) For an adoption based on a decree issued by a foreign jurisdiction within the United States, the certified adoption investigator shall conduct a postplacement investigation and issue a postplacement report as required in 441—subrule 108.9(5).

107.9(2) For an adoption based on a decree issued by a jurisdiction outside the United States, a certified adoption investigator shall conduct a postplacement investigation that consists of a minimum of three face-to-face visits with the minor person and the adoptive parents during the first year after placement with the first such visit to be conducted within 60 days of the placement of the minor person

in the adoptive home. Additional visits shall be conducted if required by the jurisdiction that issued the decree.

107.9(3) The postplacement investigation and report under this rule shall include documentation that any unique needs of the minor person are being met appropriately through the placement.

[ARC 1754C, IAB 12/10/14, effective 2/1/15]

441—107.10(600) Retention of adoption records. The adoption investigator shall maintain a record of each family or child when one or more of the required reports have been completed. The record shall contain copies of all completed reports and a statement of fees charged by the investigator.

107.10(1) Access to records. The provisions regarding sealing of and access to adoption records in Iowa Code section 600.16 shall be followed, except that access under subrule 107.10(3) for recertification is permitted.

107.10(2) Disposition of records. Upon revocation, denial of renewal, or expiration of certification, all sealed records held by investigators shall be forwarded to the department.

107.10(3) Access for recertification. Authorized representatives of the department shall have access to all records of reports completed within a two-year period prior to recertification for purposes of recertification. Authorized representatives shall respect the confidential nature of these records.

[ARC 1754C, IAB 12/10/14, effective 2/1/15]

441—107.11(600) Reporting of violations. All violations or suspected violations under Iowa Code chapter 600 or 600A which come to the attention of the investigator shall be reported in writing to the district court having jurisdiction of the matter and to the department of human services. The investigator shall maintain copies of these written reports to the court and the department.

[ARC 1754C, IAB 12/10/14, effective 2/1/15]

441—107.12(600) Appeals. Certified investigators or applicants may appeal decisions of the department according to rules in 441—Chapter 7.

[ARC 1754C, IAB 12/10/14, effective 2/1/15]

These rules are intended to implement Iowa Code chapter 600.

CHAPTER 108
LICENSING AND REGULATION OF CHILD-PLACING AGENCIES

[Prior to 7/1/83, Social Services [770] Ch 108]

[Prior to 2/11/87, Human Services [498]]

PREAMBLE

This chapter establishes licensing procedures for all child-placing agencies authorized by Iowa Code chapter 238. Included in this chapter are rules relating to: the licensing process; administration and organization; foster care services; adoption services; and supervised apartment living services.

441—108.1(238) Definitions.

“Administrator” means the person who is designated to have day-to-day responsibility for the administration of a child-placing agency, and who ensures that the mission of the agency and laws relating to the welfare and protection of children are carried out.

“Adoption work experience” means supervised employment in adoption services, which includes direct provision of adoption services, development of adoption policies, provision of training related to adoption services, oversight and review of adoption documents and activities, and direct supervision of adoption workers. Only the percent of time related to provision of adoption services shall be considered as adoption work experience when job duties involve activities other than adoption services.

“Adoptive applicant” means the person who has requested approval for placement of a child for adoption from a licensed child-placing agency.

“Adoptive family” means an approved person or persons who have a child placed in their home for the purpose of adoption and are being supervised by the agency or who have a child in their home who has been legally adopted and is entitled to the same benefits as a child born to the parents.

“Approved living arrangement” means that the living situation shall be located so as to provide reasonably convenient access to schools, places of employment, or services required by the youth, comply with applicable state and local zoning, fire, and sanitary regulations, and be reasonably priced so as to fit within the youth’s budget.

“Caseworker” means the person who works directly with children, their families, and other relevant individuals and who has primary responsibility for the development, implementation, and review of the agency’s service plans for the child and parents; or who completes foster care or adoptive family home studies or supervises foster family or adoptive placements; or who supervises children placed in approved supervised apartment living arrangements.

“Child” shall mean the same as defined by Iowa Code section 234.1.

“Child-placing agency” means an agency organized within the state of Iowa for the purpose of receiving minor children for placement, supervision, or both in private family homes for foster care; or for adoption; or the placement, supervision, or both of children who are 16 years of age and older living in approved supervised apartment living placements.

“Department” means the department of human services.

“Parent” means custodial and noncustodial parent.

“Safety-related information” means information that indicates whether the child has behaved in a manner that threatened the safety of another person, has committed a violent act causing bodily injury to another person, or has been a victim or perpetrator of sexual abuse.

“Sibling” means two or more persons having at least one common parent.

“Supervised apartment living placement” means the placement of a child who is at least 16 years of age in an approved living arrangement which provides an environment in which the child can experience living in the community with minimum supervision.

“Volunteer” means any nonpaid person who donates time to an agency, either in working with an individual or groups of clients. A volunteer may also be a student intern.

[ARC 1754C, IAB 12/10/14, effective 2/1/15]

441—108.2(238) Licensing procedure.

108.2(1) *Right to apply.* Any person or agency has the right to make application for a child-placing license. When applying for a child-placing license, the applicant shall indicate the services for which licensure is being requested.

108.2(2) *Application.* An agency or person applying for a license shall complete Form 470-0723, Application for License or Certificate of Approval. The application shall be completed and signed by the administrator or the appropriate officer and submitted to the department.

a. The applicant shall report withdrawal of an application to the department within 30 days of the withdrawal decision.

b. Each application shall be evaluated by the department to ensure that all requirements are met.

c. The applicant shall provide requested reports and information relevant to the licensing determination to the department.

108.2(3) *Applications for renewal.* Applications for renewal shall be made to the department at least 30 but no more than 90 days before expiration of the license.

108.2(4) *Notification.* Agencies shall be notified of approval or denial within 90 days of application or reapplication.

108.2(5) *Certificate of license.* The department shall issue or renew Form 470-3623, Certificate of License, every three years, without cost, to any child-placing agency which meets the minimum requirements applicable to child-placing agencies as defined by Iowa Code chapter 238 and this chapter. The license shall be posted in a conspicuous place on the licensed premises.

108.2(6) *Provisional license.* A provisional license may be issued to an agency which does not meet all licensing requirements when the failure to meet all licensing requirements does not pose a danger to the health, safety, or well-being of the children being served. It is issued until the agency meets all requirements, up to a maximum time period of one year. A provisional license is issued when the applicant has signed a written statement which includes the following:

a. The deficiencies necessitating the provisional license, including the specific requirements which are not met.

b. A plan for correcting the deficiencies.

c. The date by which the requirements will be met.

108.2(7) *Suspension of a license.* The suspension of a child-placing license prohibits the agency from engaging in any child-placing activities during the period of the suspension. The department shall suspend a license when the agency's failure to meet the requirements poses a danger to the health, safety, or well-being of the children being served. The suspension of a license shall not extend beyond 12 months, and the existence of the condition requiring suspension shall be corrected within a year and documented in the agency's record.

The agency shall submit a written statement for approval by the department. The statement shall include the following:

a. The deficiencies necessitating the suspended license, including the specific requirements which are not met.

b. A plan for correcting the deficiencies.

c. The date by which the requirements will be met.

108.2(8) *Completed corrective action.* When the corrective action plan is completed on or before the date specified on the provisional license or notice of suspension, a full license shall be issued for the remainder of the licensing period.

108.2(9) *Denial or revocation of a license.* The department shall deny an application or reapplication for a license or revoke a license when the applicant fails to meet the licensing requirements or when any of the following conditions exist:

a. The agency is operating without due regard to the health, safety, and well-being of the children being served.

b. A provisional license is not approved.

c. The recipient of a provisional license fails to complete the corrective action plan within the time allowed.

- d. An agency with a suspended license fails to complete the corrective action plan on time and a provisional license is not appropriate.
- e. The agency misuses public funds.
- f. The agency refuses to cooperate with child protective investigations involving children placed by the agency.
- g. The agency continuously and significantly violates licensing requirements.

108.2(10) Method and content of notice. The notice of denial, revocation, or suspension shall be sent by restricted certified mail and shall include the following:

- a. A specific description of the condition requiring the suspension, denial or revocation.
- b. The specific laws or rules violated.
- c. The effective date of denial, revocation or suspension.

108.2(11) Right to appeal. Any agency which disagrees with the department's licensing decision may appeal to the department. The appeal shall be filed within 30 days of receipt of the licensing decision.

441—108.3(238) Administration and organization.

108.3(1) Statement of purpose. The agency shall have a written statement of its child-placing philosophy, purpose, and program. The statement shall contain a description of services and methods for service delivery and a description of the persons for whom the services will be provided. The statement shall be available to the public.

108.3(2) Governing board. The agency shall have a governing board which, together with the executive, shall be responsible for making policy and for financing and general management of the agency. The governing board may be either the board of directors or the owners of the agency. If the governing board is a board of directors, the following rules shall apply:

- a. The agency shall provide for continuity of board membership.
- b. The board shall meet regularly for the purpose of ensuring the proper operation of the agency and fulfilling its responsibilities.
- c. The minutes of each meeting of the board shall be kept and made a part of the permanent record of the agency.

108.3(3) Annual report. A child-placing agency shall require the administrator to submit a written annual report of the agency's activities. The report shall include fiscal and statistical sections indicating receipts and disbursements, number of clients served, and programs. The annual report shall be available to the department.

108.3(4) Table of organization. A table of organization, including the identification of lines of responsibility and authority for policy making and service to clients, shall be available to agency staff and to the department.

108.3(5) Finances. The licensee shall:

- a. Annually develop and implement a plan of financing which is necessary for the operation of the agency in carrying out its programs, ensuring proper care for children, and meeting requirements for licensing.
- b. Annually provide either an audit or a detailed financial statement prepared by an independent fiscal agency that provides a review of receipts and disbursements and a statement of fund balances.
- c. Retain fiscal records for five years.

108.3(6) Employment of administrator. The agency shall employ a qualified administrator and shall delegate to the administrator the responsibility for the administration of the agency. The administrator shall ensure that the mission of the agency and laws relating to the welfare and protection of children are carried out.

108.3(7) Office space, equipment and supplies. The agency shall provide and maintain sufficient office space, equipment, and supplies to ensure delivery of services.

441—108.4(238) Staff qualifications.

108.4(1) Qualifications for all staff. A child-placing agency employee or volunteer shall be emotionally stable and have the experience and education to perform the duties assigned. The agency

shall not employ any person or give any person direct volunteer responsibility for a child or access to a child when the child is alone if that person has been convicted of a crime involving the mistreatment or exploitation of a child. The agency shall not employ any person or give any person direct volunteer responsibility for a child or access to a child when the child is alone if that person has a record of a criminal conviction or founded child abuse report unless the department has evaluated the crime or abuse and determined that the crime or abuse does not merit prohibition of volunteering or employment. If the child-placing agency is out of state, the agency shall complete that state's child abuse record check and a criminal record check.

a. If a record of criminal conviction or founded child abuse exists, the person shall be offered the opportunity to complete and submit Iowa's Record Check Evaluation form.

b. In its evaluation, the department shall consider:

(1) The nature and seriousness of the crime or founded abuse in relation to the employment or volunteer position sought;

(2) The time elapsed since the commission of the crime or founded abuse;

(3) The circumstances under which the crime or founded abuse was committed;

(4) The degree of rehabilitation; and

(5) The number of crimes or founded abuses committed by the person involved.

c. The agency shall maintain the following information with respect to each staff person:

(1) Documentation that a criminal record check with the Iowa division of criminal investigation has been completed on the staff person prior to the staff person's providing any care or service directly or indirectly to children under the care of the agency. A copy of the department's evaluation of the criminal record check shall be kept in the staff record.

(2) A written, signed and dated statement furnished by the staff person which discloses any founded reports of child abuse on the person that may exist prior to the staff person's providing any care or services to or on behalf of the facility.

(3) Documentation that a child abuse record check of the staff person has been completed with the Iowa central abuse registry for any founded reports of child abuse prior to the staff person's providing any care or services directly or indirectly to children under the care of the agency. A copy of the department's evaluation of this child abuse record check shall be kept in the staff record.

108.4(2) *Contracted employees.* A child-placing agency which contracts for services shall ensure that contracted employees meet the same qualifications, training, and evaluation requirements as those of workers in employed positions. A child-placing agency is responsible for the services provided by contracted providers as well as volunteers and agency employees.

108.4(3) *Qualifications of administrator.* An agency administrator shall possess one of the following:

a. A master's degree in social work, sociology, psychology, guidance and counseling, a related area of human services, education, business administration, or public administration and two years of experience in a public or private social services agency.

b. A bachelor's degree in social work, sociology, psychology, guidance and counseling, a related area of human services, education, business administration, or public administration and four years of experience in a public or private social services agency.

108.4(4) *Caseworker qualifications.* Therapy and counseling services, psychosocial evaluation and assessment and care plan development shall be provided by staff who meet one of the following minimum education and experience criteria:

a. Graduation from an accredited four-year college or university and the equivalent of three years of full-time experience in social work or experience in the delivery of human services in a public or private agency. In addition, these individuals shall have been employed by the agency prior to September 1, 1993. Persons meeting this criterion will not be qualified to provide therapy and counseling if they change place of employment.

b. Graduation from an accredited four-year college, institute or university with a bachelor's degree in social work from a program accredited by the council on social work education.

c. Graduation from an accredited four-year college or university with a bachelor's degree in a human service field related to social work and the equivalent of two years of full-time experience in social work or experience in the delivery of human services in a public or private agency.

d. Graduation from an accredited four-year college or university with a master's degree in social work or related human service field.

e. Any equivalent combination of graduate education in the social or behavioral sciences from an accredited four-year college or university and qualifying experience up to a maximum of 30 semester hours for one year of the required experience.

108.4(5) *Person filling more than one position.* A person functioning in more than one position specified by these rules shall meet the requirements for each of the positions the person fills.

[ARC 3185C, IAB 7/5/17, effective 9/1/17]

441—108.5(238) Staffing requirements.

108.5(1) *Number of staff.* The agency shall employ a sufficient number of competent staff to perform duties as required by licensing rules for those programs operated by the agency. This shall include the following:

- a. Administration of services offered by the agency.
- b. Selection and appointment of qualified staff.
- c. Provision for staff training.

108.5(2) *Staffing caseload.* The agency shall develop a written policy regarding a staffing ratio based on the workload necessary to provide services in accordance with the agency's program statements. The staffing ratio shall take into consideration all of the following:

- a. Qualifications of the caseworkers.
- b. Types of children served and their special needs.
- c. Types and intensity of services to be provided.
- d. Distances involved in provision of services.
- e. Other functions or responsibilities of the caseworkers.

441—108.6(238) Personnel administration.

108.6(1) *Personnel policies.* An agency shall develop personnel policies in writing that identify responsibilities of the organization and staff. The policies shall specify hours of work, grievance procedures, sick leave, vacation and all other benefits. A copy of the policies shall be made available to the employee at time of hire.

108.6(2) *Job description and evaluation.* There shall be a written job description for each employee, volunteer, and contracted position identifying duties, qualifications, education, training requirements, and lines of authority. A copy shall be made available to the employees, volunteers, and contracted workers. There shall be a written evaluation of an employee's or contracted worker's performance within six months of being hired or contracted, and annually thereafter.

108.6(3) *Staff training.* An agency shall provide orientation training on the agency's purpose, policies and procedures within one month of hire and 24 hours of training in the first year of employment for all employed and contracted casework staff. The 24 hours of training shall include: training on family foster care services, adoption services, supervised apartment living services, or children and families' mental health topics, and 2 hours of training related to the identification and reporting of child abuse for all employed or contracted casework staff in accordance with Iowa Code section 232.69. An agency shall provide 12 hours of training per year after the first year of employment for all employed or contracted casework staff. The 12 hours of training shall include: training on family foster care services, adoption services, supervised apartment living services, or children and families' mental health topics and child abuse training every five years in accordance with Iowa Code section 232.69.

The training formats that shall qualify as training are as follows: in-service training, seminars, conferences, workshops, institutes, visiting other facilities, and meeting with consultants.

The training provided shall be documented. The documentation shall include the training topic, format, date and number of hours.

108.6(4) *Volunteers.* An agency which utilizes volunteer or student intern staff to work directly with a particular child or group of children shall have a written plan for using these volunteers. This plan shall be given to all volunteer staff and shall indicate that all volunteers are:

- a. To be supervised directly by a paid staff member.
- b. To be trained and oriented in the philosophy of the agency, the needs of the clients being served, and the methods of meeting these needs.
- c. To be subject to the character and reference disclosure and checks required of employed and contracted applicants and employees.
- d. To be subject to the same confidentiality rules as paid or contracted staff.
- e. To assist and supplement paid staff only, and not replace them.

108.6(5) *Personnel records.* A confidential personnel record shall be maintained for each employee, contracted agent, and volunteer. The record shall contain all of the following information:

- a. Name and address.
- b. Record of training sessions attended, including dates and content of training.
- c. Record of criminal convictions and the department's evaluation of same.
- d. Record of founded child abuse reports and the department's evaluation of same.

441—108.7(238) Foster care services.

108.7(1) *Program statement.* An agency authorized to place children in foster care shall have a current written program statement. This statement shall be made available to all agency foster parents, foster children, their parents, referring agencies, and all persons making formal inquiry regarding foster care. The program statement shall include all of the following:

- a. Types of foster care provided.
- b. Types of children accepted for foster care.
- c. Types of services provided to the children, their families, and their foster families.
- d. Fees and application costs, if any.
- e. A statement informing applicants of the right to appeal the agency's decision regarding nonapproval of the family for placement of a child for foster care.

108.7(2) *Agency's authorization to place.* The agency shall obtain a signed placement agreement from the child's custodial parent or legal custodian within 48 hours of placement.

108.7(3) *Preplacement documentation.* Except for emergency placements, a child shall be placed in the agency's foster care program only after the agency determines that its foster care program is an appropriate resource.

108.7(4) *Placement of siblings.* Preference shall be given to placing children from the same family together. If this is not in the best interest of the child, the reasons shall be documented in the child's record.

108.7(5) *Consideration of racial and cultural identity.* Race, color, or national origin may not be routinely considered in placement selections. Placement decisions shall be made consistent with the best interests and special needs of the child.

108.7(6) *Placement preparation.* An agency shall document the preparation for each child placed in foster care. Preparation shall be appropriate to the child's age, individual needs, the circumstances requiring placement, and the special problems presented. Preparation activities shall, when possible, include:

- a. Face-to-face visits.
- b. A description provided to the child of the foster family.
- c. A description of the child's strengths and needs and safety-related information provided to the foster family. Safety-related information shall be withheld only if:
 - (1) Withholding the information is ordered by the court; or
 - (2) The department or the agency developing the service plan determines that providing the information would be detrimental to the child or to the family with whom the child is living.
- d. Any other activities deemed significant.

108.7(7) Initial placement outline. If a placement outline is not in the child's case permanency plan, a brief outline documenting all of the following shall be entered in the child's case record within five working days after placement:

- a. Name, birthdate, sex, race, and other significant identifying information.
- b. Date of placement.
- c. Name and address of parents or legal guardian.
- d. Names and whereabouts of siblings.
- e. Religious preference.
- f. Immediate and significant health needs including the child's physical and emotional state at the time of placement.
- g. The circumstances leading to the need for foster care.
- h. Known previous out-of-home placements.
- i. The immediate needs of the child and parents and services to be provided to meet these needs.
- j. The name, address, and telephone number of the referring agent or worker.

108.7(8) Education. Within ten school days of placement, provisions shall be made by the agency for enrollment of each child of school age into a school program.

108.7(9) Clothing. An agency shall make provisions for adequate and individualized clothing for each child admitted into foster care.

108.7(10) Monthly visit. Each child in care shall be personally visited by the assigned caseworker at least once a month.

108.7(11) Parent and child contact. Provisions for contact between parents and children shall be made except where the parental rights have been terminated or where the court has determined that visits or contact are detrimental to the child.

- a. If the mother is breastfeeding the child:
 - (1) An assessment shall be made whether continuation of breastfeeding is in the best interest of the child; and
 - (2) A plan shall be developed to support the mother's breastfeeding efforts, if appropriate.
- b. The parents and child shall be informed of the contact plan in a manner consistent with their capacity to understand.

108.7(12) Health and dental program. An agency shall provide for a complete health and dental program for each child. An agency shall have a written procedure for handling medical emergencies on a 24-hour basis. A copy of the procedure shall be given to each foster home.

a. The agency shall obtain written authorization from the parent or legal guardian to provide medical, psychiatric, dental, anesthesia, immunization, substance abuse evaluation, and emergency surgical treatment. Only the parent or legal guardian shall consent to nonemergency surgery, unless ordered by court. If the child's parent prohibits medical examination, immunization, or treatment based on religious grounds, the agency shall obtain a signed statement from the parent that specifies the prohibitions. In potentially life-threatening situations, the agency shall refer the child's care to appropriate medical and legal authorities.

b. A child shall have a physical examination at least annually. This shall be performed by a licensed physician, physician's assistant or licensed nurse practitioner.

c. A child shall have current immunizations as required by the department of public health. If documentation of prior immunization is unavailable, immunizations shall begin within 30 days of placement, unless contraindicated and unless a statement from a physician to that effect is included in the child's medical record. A statement from physician, referring agency, parent, or guardian indicating immunizations are current is sufficient documentation of immunizations.

d. An agency shall provide for dental examinations and treatment; the initial referral at 12 months of age, the next at 24 months of age, then every 6 months.

- e. A health record shall be maintained for each child and shall include all of the following:
 - (1) Authorization for medical care.
 - (2) A medical history and copies of required physical examinations.

(3) A record of medical and dental care, treatment and prescribed medication, immunizations, accidents requiring medical treatment, and hospitalizations. At the time of discharge from agency foster care, a summary of this record shall be provided to the legal custodian. Information about drug evaluation or treatment, venereal disease tests, HIV tests, and pregnancy tests shall be excluded.

108.7(13) *Service plan development and review.* The provider shall develop and revise service plans for each child in placement. An initial service plan shall be developed within 30 calendar days of placement in foster care. The provider shall identify qualified persons to monitor the services identified in the service plan to ensure that the plan continues to be necessary, appropriate, and addresses the permanency goal. Service plans shall be developed and reviewed as follows:

a. The service plan shall be developed and revised in collaboration with the referral worker, child, family, and the foster parents unless the service plan contains documentation for the treatment rationale for the lack of involvement of one of these parties. The provider shall document the dates and content of the collaboration on the initial and revised service plans. The provider shall provide a copy of the initial and revised service plans to the child's parent and the referring agency, unless otherwise ordered by the court. The initial and revised service plan shall identify the following:

- (1) Strengths and needs of the child and parents.
- (2) Goals, which are statements of outcomes to be achieved in meeting the needs of the child including the child's permanency needs.
- (3) Objectives, which are specific, measurable and time-limited statements of indicators, levels of competence, or accomplishments which are necessary for progress toward each goal.
- (4) Specific treatment service activities to be provided to achieve the objectives.
- (5) Designation of the persons responsible for providing the services.
- (6) Date of initiation and service plan development.
- (7) Anticipated duration of services.

b. All service plans shall be reviewed 90 calendar days from the initiation of services and every 90 calendar days thereafter for the duration of the services or when the needs of the child or the services necessary for the parents to meet the needs of the child have changed and these changes significantly affect goals, objectives and service activities. The review shall determine if the services continue to be necessary, appropriate and consistent with the child's permanency goal. The reviewer shall revise the service plan to reflect the services that are necessary, appropriate, and consistent with the child's permanency goal.

108.7(14) *Information for foster parents.* At the time of placement, an agency shall provide foster parents with all of the following if known:

a. Name of the child, agency caseworker, and referring agency.
b. Information about the child's known behavioral characteristics including safety-related information, needs, and plans for the child and family. Safety-related information shall be withheld only if:

- (1) Withholding the information is ordered by the court, or
- (2) The department or the agency developing the service plan determines that providing the information would be detrimental to the child or to the family with whom the child is living.

c. Written consent to obtain routine, nonsurgical medical care and to authorize emergency medical and surgical treatment, anesthesia, and immunizations for each child placed in the foster home.

d. A copy of the child's current physical examination and medical history when completed.

As this information becomes available to the agency, foster parents shall be informed immediately.

108.7(15) *Religious policy.* The agency shall have a written policy on religious participation and training for foster children. The agency shall provide the policy to parents and foster parents and shall ensure that the policy is adhered to in each foster home.

108.7(16) *Mail.* There shall be a written policy which ensures that foster children are permitted to send and receive mail, unless documented that this practice is contraindicated.

108.7(17) *Allowance policy.* An agency shall have a written policy addressing payment of and accounting for personal allowances for foster children.

108.7(18) Reporting hospitalization or death of child. Any serious injury or illness requiring hospitalization of a child in care shall be reported to the parent and the responsible agency as soon as possible. Efforts to notify parents and responsible agency staff shall be documented in the child's record. The death of a child shall be reported immediately to the parent or next of kin and to the referring agency.

108.7(19) Foster care records. The agency shall maintain confidential individual records for each child placed in a foster home. The record shall include:

- a. The initial placement outline. (Refer to subrule 108.7(7).)
- b. All legal documents pertaining to the child.
- c. The child's health record, including psychological and psychiatric reports.
- d. The summary narrative which reflects the dates and content of the caseworker's contact regarding the child.
- e. Educational records and reports.
- f. All service plans developed by the agency.
- g. Case permanency plans developed by the referring agency.
- h. A record of foster placements made by the agency including foster parents' names and addresses and dates of placements.

108.7(20) Termination of foster care. When a foster care placement is terminated, all of the following information shall be documented in the child's record within 30 days:

- a. Reason for termination.
- b. Current location of the child, unless the child was placed for adoption. In that case the record shall state only that the child was placed for adoption and shall not disclose the identity of the adoptive family unless the adoptive family agrees to disclosure of identity prior to finalizing of adoption.
- c. Steps remaining to achieve permanency plan goal.
- d. Provisions for follow-up, if any.
- e. For unplanned terminations, a summary explaining the circumstances.

441—108.8(238) Foster home studies. The agency shall provide information to prospective foster parents about foster care, agency policies, licensing requirements for foster care, the children needing foster care, the licensing process and the reimbursement rates.

108.8(1) Licensing procedures.

- a. Availability of applications. The agency may provide Form 470-0689, Foster Family Home License Application, to anyone requesting to be licensed.
- b. Licensing study. The agency may complete a licensing study of the family.
- c. New applications. If the child-placing agency decides to complete the initial licensing study, the agency shall submit to the department all documents and information required by 441—Chapter 113 pertaining to the licensing and regulation of foster family homes. This shall include a narrative evaluation of the foster family home which reflects a thorough study of each foster family. The narrative shall document at least two face-to-face interviews with the prospective foster family and at least one face-to-face interview with each member of the household before the placement of a child. At least one interview shall take place in the applicant's home. The narrative summary of the family study shall assess all of the following:

- (1) Motivation for foster care.
- (2) Family's and extended family's attitude toward accepting foster children.
- (3) Family's attitude toward foster children's parents.
- (4) Emotional stability, physical health, and compatibility of foster parents, and ways they cope with change and stress.
- (5) Adjustment of own children, if any.
- (6) Assessment of the child-caring skills, including disciplinary techniques used.
- (7) Strengths and weaknesses of each member of the household.
- (8) Types of children desired.
- (9) Type of children, if any, for whom placement with the family would be appropriate.

(10) Recommendation as to the number, age, sex, characteristics, and special needs of children best served by this family.

(11) Assessment of the need for training and a plan for providing the needed training.

(12) Any other pertinent information that might assist the agency in making the licensing recommendation.

(13) Record checks. The licensed child-placing agency shall submit record checks for each applicant and for anyone who is 14 years of age or older living in the home of the applicant to determine whether they have any founded child abuse reports or criminal convictions or have been placed on the sex offender registry. The licensed child-placing agency shall use Form 470-0643, Request for Child Abuse Information, and Form 595-1396, DHS Criminal History Record Check, Form B, for this purpose. Each person subject to record checks shall also be fingerprinted for a national criminal history check. The department's contractor for the recruitment and retention of resource families shall assist applicants in completing required record checks, including fingerprinting. Any criminal or abuse records discovered shall be evaluated according to the procedures in rule 441—113.13(237).

(14) Health of foster parents and impact of medical conditions on their ability to foster a child.

(15) Income information.

(16) Documentation that at least three references have been received and the responses reviewed.

108.8(2) Licensing decision. The department shall make the licensing decision and notify the applicant and the child-placing agency within 30 days of the licensing decision. In no case shall a child be placed in a foster home before licensing approval.

a. A full license shall be issued to foster families meeting all necessary criteria for a full licensure.

b. A provisional license may be issued for up to one year if the foster family fails to meet all requirements for licensure. When an agency recommends, because of rule violation, that a foster home receive a provisional license at the time the license is issued or renewed, the agency shall document the violation in the foster home file, and shall send the following to the department:

(1) A copy of the assessment of the rule violation and recommendation.

(2) A copy of the foster home's plan to achieve rule compliance within stipulated time frames.

c. When an agency recommends that a foster home license be denied or revoked, the agency shall send the following documents to the department:

(1) A copy of the assessment of rule compliance and the foster family's reaction to the assessment.

(2) The agency's recommendation and supporting rationale.

(3) Other appropriate documents supporting the findings.

108.8(3) Reapplications. At least 30 days before the expiration of the license, the agency shall submit all documents and information required by 441—Chapter 113 pertaining to the licensing and regulation of foster family homes. This shall include an update of the narrative noting any changes that may have occurred in the foster family's living arrangement or life style and any other pertinent information that might assist in making the licensing decision, including an assessment of the foster family's ability to provide foster care.

108.8(4) Unannounced visits. The agency shall conduct at least one annual unannounced visit to each licensed foster family home the agency inspects to meet the requirements of Iowa Code section 237.7.

108.8(5) Complaints. When an agency receives a complaint which may indicate possible violation of the foster care licensing rules, the agency shall, within five working days of receiving the complaint, either conduct an investigation to assess compliance with applicable rules or refer the complaint to the department for investigation. If the agency conducts the investigation, the agency shall submit a written report of the investigation to the department within ten working days of receiving the complaint with a statement of rule violation and a recommendation regarding the license of the foster family home. The written report shall be filed in the foster parents' file.

108.8(6) Foster family training. The agency shall ensure that each foster home recommended for foster family license has complied with the training requirements in 441—113.8(237).

Within six months of licensure and every five years thereafter, each foster parent shall obtain mandatory reporter training relating to identification and reporting of child abuse.

108.8(7) Placement agreement. When a child is placed with a foster family, the agency shall have a signed agreement with each foster family home including the expectations and responsibilities of both the agency and the foster family, the services to be provided, and the financial arrangements for children placed in the home.

108.8(8) Foster family home records. The agency shall keep separate records for each foster family home. The agency shall begin the record at the time of application. Foster family home records shall contain:

- a. The application.
- b. Family assessment.
- c. Most recent medical reports on foster family members.
- d. Summary of dates and content of worker's contacts relating to licensing or relicensing.
- e. Reference letters.
- f. Annual assessment of strengths and weaknesses of the foster family relative to the care of individual children placed with them.

441—108.9(238) Adoption services.

108.9(1) Program statement.

a. An agency licensed to place children for adoption shall have a current written program statement which shall include all of the following:

- (1) Characteristics of children to be placed.
- (2) Eligibility requirements for adoptive families.
- (3) Services provided during the adoption process.
- (4) Services to the birth parents upon relinquishment.
- (5) Postadoption services to adoptive families, if offered.
- (6) Explanation of all fees and any other costs for which the adoptive family is responsible for payment.
- (7) A statement that payment of fees does not ensure adoption approval.
- (8) A statement informing applicants of the right to appeal the agency's decision regarding nonapproval of the family for placement of a child for adoption, or other adverse decisions.

b. The program statement shall be made available to referring agencies and to all persons making formal inquiry regarding adoption.

108.9(2) Services to birth families. An agency which offers services to birth parents who are considering relinquishing a child for adoption shall provide the following:

a. Intake process. When an agency agrees to provide services to the birth parents, intake interviews shall be conducted, including provision of information to the birth parents regarding the adoption process and their rights and role.

(1) When an agency completes a background information investigation report on the child to be adopted, a personal interview with each parent of the child must be completed unless a parent's identity or whereabouts is unknown.

(2) If a parent's identity or whereabouts is unknown, as much information as possible shall be obtained from the other parent or other sources if available.

b. Background information on birth parents. The agency shall obtain as much information as possible about birth parents that includes, but is not limited to:

- (1) Birth parents' strengths and needs.
- (2) Birth parents' physical description.
- (3) Birth parents' and extended family members' medical and mental health history.
- (4) Parents' criminal history.
- (5) Birth parents' educational level.
- (6) An affidavit signed by the birth parents instructing the court to reveal, or not reveal, their names to the child pursuant to Iowa Code chapter 600.
- (7) Any additional information the birth parents wish to include in the child's adoption record.

c. Background information for an infant adoption. Information shall be obtained that includes, but is not limited to, the following:

- (1) The child's due date.
- (2) Prenatal care received by the mother during pregnancy.
- (3) Risk factors that may affect the child's health after birth.
- (4) Birth records following the child's birth, if available.

d. Background information on an older child. Information shall be obtained that includes, but is not limited to the following:

- (1) The child's legal status.
- (2) The child's physical description, medical and mental health history, developmental information, and other pertinent information necessary for a child study.
- (3) Identification of any specific and unique needs of the child and the type of family to be considered for adoptive placement.
- (4) The involvement of the birth parents and significant others in the child's care.

e. A copy of the background information of the child and birth parents shall be provided to the prospective family before placement of the child.

f. Birth parent counseling. If accepted by the birth parents, the counseling shall be provided after the birth of the child and prior to the signing of a release of custody that meets the requirements of Iowa Code chapter 600A or prior to the filing of a petition for termination of parental rights.

- (1) The purpose of the counseling is to:
 1. Provide information about options to assist birth parents in making an informed decision regarding release of custody.
 2. Assist birth parents in resolving emotional issues related to separation and loss.
- (2) Counseling shall be provided to birth parents only by the following persons:
 1. Certified adoption investigators.
 2. Mental health professionals who have the equivalent of two years of adoption work experience in the direct provision of adoption services.
 3. Private agency staff with two years of adoption work experience in the direct provision of adoption services.
 4. Department staff with two years of adoption work experience in the direct provision of adoption services.

(3) Forms. All forms used to execute a release of custody shall comply with the requirements of Iowa Code chapters 600 and 600A.

(4) Affidavit and documentation. The person providing the counseling shall complete the Counseling Affidavit to certify that the counselor has provided the birth parent with the requested counseling or that the birth parent has refused counseling. The Counseling Affidavit and documentation that the person providing the counseling is qualified to provide the requested counseling shall be attached to the release of custody. Documentation shall include one of the following:

1. A copy of a professional license, when applicable.
2. A record of all adoption work experience, including dates and location. In addition, the person providing counseling shall provide the names of the counselor's employers and supervisors to enable the court to verify the counselor's adoption work experience.

108.9(3) Preparation of child for adoptive placement. Preparing a child, especially an older child, includes activities designed to enable a child to make a transition to an adoptive placement. The activities shall include, but are not limited to:

- a. Counseling regarding issues of separation, loss, grief, guilt, anger and adjustment to an adoptive family.
- b. Preparation of a life book.
- c. Provision of age-appropriate information regarding community resources available, such as children's support group to assist the child in the transition and integration into the adoptive family.

108.9(4) Services to adoptive applicants.

a. Application process. Before proceeding with an adoptive home study, the agency shall have received an application for adoption from the person or persons wishing to adopt a child. The application form shall include information about the applicant's intent to become an adoptive parent, and the basic data about the applicant's family, home, financial status, health, and references.

b. Explanation of the adoption process. The agency shall provide the applicant an explanation of the entire adoption process, including the legal procedures, the agency policies and procedures regarding placement of children, and the children available for adoption.

c. Adoptive home study. The home study consists of a family assessment which shall include at least two face-to-face interviews with the applicant and at least one face-to-face interview with each member of the household. At least one interview shall take place in the applicant's home. The assessment shall include, but need not be limited to, the following:

- (1) Motivation for adoption and whether the family has biological, adopted or foster children.
- (2) Family and extended family's attitude toward accepting an adopted child, and plans for discussing adoption with the child.
- (3) The attitude toward adoption of other people involved with the family in a significant way.
- (4) Emotional maturity; marital history, including verification of marriages and divorces; assessment of marital relationship; and compatibility of the adoptive parents.
- (5) Ability to cope with problems, stress, frustrations, crises, separation and loss.
- (6) Medical, mental, or emotional conditions which may affect the applicant's ability to parent a child.
- (7) Ability to provide for the child's physical and emotional needs and to respect the child's cultural and religious identity.
- (8) Description of biological and previously adopted children, if any, including their attitudes toward adoption, relationship with others, and school performance.
- (9) Capacity to give and receive affection.
- (10) Statements from at least three references provided by the family and other unsolicited references that the agency may wish to contact.
- (11) Attitudes of the adoptive applicants toward the birth parents and the reasons the child is available for adoption.
- (12) Income information, including the family's ability to financially provide for a child.
- (13) Disciplinary practices that will be used.
- (14) History of abuse involving family members, including how the abuse was addressed and how that history impacts the applicant's ability to be an adoptive parent.
- (15) Assessment of, commitment to, and capacity to maintain other significant relationships.
- (16) Substance use or abuse by members of the household, treatment history and current status of treatment.
- (17) Recommendations for the number, age, sex, characteristics, and unique needs of children best parented by this family.
- (18) The family's ability to anticipate and understand the unique needs of an adopted child as the child gets older and how the family will manage those needs.

d. Record checks. The licensed child-placing agency shall perform record checks for each applicant and for the other persons living in the home of the applicant as follows:

- (1) The records of the applicants shall be checked:
 1. On the Iowa central abuse registry using the Request for Child Abuse Information form;
 2. By the Iowa division of criminal investigation, using the DHS Criminal History Record Check Form B;
 3. On the Iowa sex offender registry;
 4. On the child abuse registry of any state where the applicant has lived during the five years prior to the issuance of the investigative report; and
 5. For a national criminal history through fingerprinting or another biometric identification-based process accepted by the federal government.
- (2) The records of persons aged 14 or older living in the home of the applicant shall be checked:

1. On the Iowa central abuse registry using the Request for Child Abuse Information form;
2. By the Iowa division of criminal investigation, using the DHS Criminal History Record Check Form B; and

3. On the Iowa sex offender registry.

(3) Out-of-state child abuse checks and national criminal history checks may be completed on any adult in the home of the applicant if the certified adoption investigator has reason to do so.

(4) The agency shall not approve a prospective applicant and the department shall not perform an evaluation if the applicant or anyone living in the home of the applicant has been convicted of a felony offense as set forth in Iowa Code section 600.8(2) "b."

(5) The agency shall not approve a prospective applicant and shall not perform an evaluation if the applicant or anyone living in the home of the applicant has committed a crime in a state other than Iowa that would be a forcible felony if the crime would have been committed in Iowa, as set forth in Iowa Code section 600.8(2) "b."

e. Evaluation of record. If the applicant or anyone living in the home has record of founded child abuse, a criminal conviction, or placement on the sex offender registry, the applicant shall not be approved to adopt unless an evaluation determines that the abuse or criminal conviction does not warrant prohibition of approval.

(1) The evaluation shall consider the nature and seriousness of the founded abuse or crime in relation to adoption, the time elapsed since the commission of the founded abuse or crime, the circumstances under which the abuse or crime was committed, the degree of rehabilitation, the likelihood that the person will commit the abuse or crime again, and the number of abuses or crimes committed by the person.

(2) The person with the criminal conviction or founded child abuse report shall complete and return the Record Check Evaluation form within 10 calendar days of the date on the form to be used to assist in the evaluation. Failure of the person to complete and return the form within the specified time frame may result in a written denial of approval for adoption.

(3) If the applicant, or anyone living in the home of the applicant, has been convicted of a simple misdemeanor or a serious misdemeanor that occurred five or more years prior to application, the evaluation and decision may be made by the licensed child-placing agency. The licensed child-placing agency shall notify the applicant of the results of the evaluation.

(4) If the applicant, or any person living in the home of the applicant, has a founded child abuse report, has been convicted of an aggravated misdemeanor or felony at any time, or has been convicted of a simple or serious misdemeanor that occurred within five years prior to application, the licensed child-placing agency shall initially conduct the evaluation.

1. If the licensed child-placing agency determines that the abuse or crime does warrant prohibition of approval, the licensed child-placing agency shall notify the applicant of the results of the evaluation in writing. The notice shall contain information on appeal rights.

2. If the child-placing agency determines that the applicant should be approved despite the abuse or criminal conviction, the agency shall provide copies of the Record Check Evaluation form and the written notice to the applicant to the Administrator, Division of Adult, Children and Family Services, Department of Human Services, 1305 East Walnut Street, Des Moines, Iowa 50319-0114. Within 30 days, the administrator shall determine whether the abuse or crime merits prohibition of approval and shall notify the child-placing agency in writing of that decision.

f. Agency decision. The licensed child-placing agency shall notify the applicant in writing no later than 30 days after completion of the home study of the agency's decision regarding approval for placement of a child.

(1) If the applicant is denied approval, the agency shall state the reasons for denial in the written decision.

(2) The agency worker and supervisor shall date and sign the adoptive home study.

(3) The agency shall provide a copy of the home study to the family at the time the written notice is sent.

(4) An agency shall not place a child in an adoptive home before the family is approved, or before a placement agreement is signed by the family and the agency.

(5) A home study shall be valid for up to two years from the date signed by the agency worker and supervisor.

g. Denial. The licensed child-placing agency shall deny approval of an adoption application when:

(1) The applicant or any other person living in the home of the applicant has been convicted of a felony offense as set forth in Iowa Code section 600.8(2) "b."

(2) The minimum standards set forth in these rules are not met and cannot be corrected.

(3) The applicant or any person residing in the home has been convicted of a crime, unless an evaluation of the crime has been made by the department which concludes that the crime does not merit prohibition of approval.

(4) The applicant or any person residing in the home has a record of founded child abuse, unless an evaluation of the founded child abuse has been made by the department which concluded that the founded child abuse does not merit prohibition of approval.

(5) The application is fraudulent, which means the applicant has knowingly made false statements or has knowingly concealed information that is material to the investigation.

h. Updates. To remain valid, an update to the home study shall be completed no later than 24 months from the previous home study or previous home study update. The update shall be conducted by completion of the following:

(1) The child abuse and criminal history record checks, except for the national criminal history check, shall be repeated. Any abuses or convictions of crimes since the last record check shall be evaluated using the same process.

(2) A minimum of one home visit shall be conducted with the approved adoptive family.

(3) The information in the approved adoptive home study shall be reassessed.

(4) A written report of the assessment and updated adoptive home study shall be completed, dated, signed by the agency worker and the agency supervisor, and provided to the adoptive family.

i. Annual visits to the adoptive home. The agency shall complete a minimum of one visit each year in the homes of families approved to adopt by the agency.

(1) The visit shall include, but not be limited to, assessment of the following areas:

1. Home environment.

2. Persons present at the time of the visit.

3. Changes in the home or household members, or other areas addressed in the home study.

(2) When a person aged 14 or older moves into the home, the agency shall perform checks on the Iowa central abuse registry, by the division of criminal investigation, and on the sex offender registry. The record check evaluation process shall be completed if the person has a criminal conviction or founded child abuse report or is on the sex offender registry.

(3) The findings from the visit shall be documented and maintained in the file.

108.9(5) Services to adoptive families.

a. Preparation of the family includes activities designed to prepare the adoptive family for the placement of a particular child. These activities shall assist the adoptive family in expanding its knowledge and understanding of the child and enhance the family's readiness to accept the child into the family and encourage the family's commitment. The activities shall include, but not be limited to:

(1) Providing background information on the child and the birth family, including a child study.

(2) Providing information regarding the unique needs and characteristics of the child.

(3) Providing information regarding an older child's anticipated behavior.

(4) Discussing the impact that adding a new member to their family may have on all current family members.

(5) Discussing the issues of separation, loss, grief, anger, and guilt that adoptive children experience at various developmental stages.

(6) Providing the family with community resources that are available, such as support groups.

b. Preplacement services include the preplacement visits of the child and approved family and any activities necessary to plan, conduct, and assess these transitional visits before the placement of the child in the adoptive family's home for the purpose of adoption.

c. Postplacement services include postplacement supervision, support, crisis intervention, and required reports to the court. The postplacement services are provided from the time the child is placed with an approved adoptive family until finalization of the adoption occurs.

(1) No fewer than three face-to-face postplacement visits in the family's home are required.

(2) At a minimum the first visit shall be completed within 30 days after placement; the second visit within 90 days after placement; and the final visit before granting consent to adopt no later than 180 days after placement.

(3) Postplacement visits shall be completed as often as necessary if the adoptive family is experiencing problems, and may extend to finalization or beyond 180 days if additional time is needed.

d. Postplacement supervision. The agency shall provide postplacement supervision to assess the unique needs of the child including, but not limited to, the following areas:

(1) Integration and interaction of the child with the family.

(2) Changes in the family functioning which may be due to the child's placement.

(3) Social and emotional adjustment of the child.

(4) Child's growth and development since placement with the adoptive family.

(5) Changes and adjustments that have been made in the family since the child's placement.

(6) Family's method of dealing with testing behaviors and discipline.

(7) Behavioral evidence of the degree of bonding that is taking place and the degree to which the child is becoming a permanent member of the adoptive family.

(8) School adjustment of a child who is attending a school.

(9) The behavioral needs of the child.

(10) The psychological and mental health needs of the child.

(11) Services and supports that will assist the family in the future.

e. Postadoption services. The agency shall provide postadoption services to adoptive parents and adoptees, or shall refer adoptive parents and adoptees to other community resources for the services.

f. Postplacement reports. The agency worker shall prepare a written report based on observations made during each home visit. Each report shall address the specific needs of the child and the family's ability to meet those needs. The reports shall be used by the agency in making a written recommendation to the court regarding finalization of the adoption.

108.9(6) *International adoptions.*

a. *International adoptions preplacement investigation.* Preplacement investigations for the purpose of international adoptions shall meet the requirements of the United States Citizen Immigration Service.

b. *International adoptions postplacement report.*

(1) For an adoption based on a decree issued by a foreign jurisdiction within the United States, the agency shall conduct a postplacement investigation and issue a postplacement report as required in subrule 108.9(5).

(2) For an adoption based on a decree issued by a jurisdiction outside the United States, an investigator shall conduct a postplacement investigation that consists of a minimum of three face-to-face visits with the minor person and the adoptive parents during the first year after placement with the first such visit to be conducted within 60 days of the placement of the minor person in the adoptive home. Additional visits shall be conducted if required by the jurisdiction that issued the decree.

(3) The postplacement investigation and report under this subrule shall include documentation that any unique needs of the minor person are being met appropriately through the placement.

108.9(7) *Religious policy.* There shall be a written policy on religious participation for prospective placing parents, adoptive parents, and adoptees. The policy shall be made available to referral sources as well.

108.9(8) *Adoption records.* The agency shall keep separate records for each prospective, approved, or active adoptive family. Contents of these records shall be as follows:

- a. The application.
- b. The adoptive home study.
- c. Current medical records.
- d. All references.
- e. All legal documents pertaining to the adoption.
- f. Birth family information and background report, including physical descriptions, medical and mental health history, educational level, developmental history, problem areas such as substance or alcohol abuse.
- g. Summary narrative on the placement decision and the preplacement and postplacement contacts with the adoptive family and child.
- h. Information pertaining to the child including, but not limited to: physical, medical, and mental health; problem areas, including verification of the child's special needs; and whether or not a referral was made to the department for adoption subsidy.
- i. In the event a family is not approved for placement of a child, the narrative shall clearly indicate the reason.
- j. In the event a family is approved, but no child is placed with them, the narrative shall clearly indicate the reason.

108.9(9) Right to appeal. An adoptive applicant or an adoptive family may appeal an adverse decision made by a licensed agency. The appeal shall be filed with the department within 30 days of the notice of decision to the applicant or family by the licensed agency.

108.9(10) Disposition of records. When an adoption has occurred, the agency must maintain all records regarding the child, the birth family, and the adoptive family or families, forever. Any subsequent information received following the adoption finalization shall be placed in the adoption record. If the agency closes, all adoption records shall be forwarded to the department.

[ARC 1754C, IAB 12/10/14, effective 2/1/15]

441—108.10(238) Supervised apartment living placement services. An agency seeking to obtain a child-placing license which authorizes the agency to place or supervise children in supervised apartment living placements shall meet the standards in rules 441—108.2(238) to 441—108.6(238).

108.10(1) Program statement. An agency authorized to place or supervise children in supervised apartment living placements shall have a current written program statement which shall be provided to all children placed in supervised apartment living. The statement shall include all of the following:

- a. A description of the types of living arrangements approved by the agency.
- b. The eligibility requirements for the children who may be placed in a supervised apartment living placement.
- c. The means of financial support for the children.
- d. The expectations the agency has for children while placed in a supervised apartment living placement.
- e. Services provided to the children.
- f. Provisions for emergency medical care.
- g. A description of the education and community activity options that are available.

108.10(2) Basis for placement. Before placing a child in supervised apartment living, an agency shall document all of the following:

- a. The child is at least 16 years of age.
- b. An initial assessment has been made that identifies the child's strengths and needs as these pertain to the child's ability to live independently.
- c. The child has the capacity to function outside the structure of a foster family or group care setting.
- d. The selection of a supervised apartment living placement is the most appropriate placement for the child.
- e. The child will be involved in school or an educational or vocational program, work, or a combination thereof, as indicated in the child's individual service plan.

f. The child has entered into a mutually agreed-upon written contract with the agency which specifies the responsibilities of the agency and the child. This contract shall be reviewed with the child quarterly.

g. The agency has determined, through a visit to the living arrangement, that the following minimum standards for approval have been met:

(1) The living arrangement provides reasonably convenient access to schools, places of employment, and services required by the child.

(2) The living arrangement is in compliance with the applicable state and local zoning, fire, sanitary, and safety regulations.

(3) The living arrangement is reasonably priced to fit within the child's budget.

h. The agency has determined, based on the criteria in this subrule, that the agency's program can meet the needs of the child.

108.10(3) Services provided. The following services are required:

a. Ongoing assessment that identifies the child's strengths and needs as these pertain to the child's ability to live independently.

b. Development of an individual service plan by the agency worker within 30 days of the child's placement. The service plan shall be developed in consultation with the child, the child's family (unless a reason for noninvolvement is documented in the case record), and referring worker and shall be signed by all involved. The individual service plan shall be reviewed and updated quarterly or more often as necessary and shall be signed by all involved. The plan shall document the following:

(1) The goals that are intended to meet the specific needs of the child and the projected dates of accomplishment.

(2) The objectives (action steps) to be taken by the child and the agency and the projected dates of accomplishment to meet the child's goals.

(3) The services and activities necessary to achieve the child's goals and facilitate objectives (action steps), the frequency of services or activities, and the persons responsible.

(4) A budget, developed with the child, based upon the child's monthly maintenance payment, any start-up allowance, and any earned or unearned income or assistance (such as food assistance). The agency worker shall work with the child to ensure that needed items are purchased and that bills are paid.

(5) In the quarterly update, the child's progress toward the goals and objectives and the child's compliance with the service plan.

c. Supervision to assist the child in developing the needed structure to live in this setting and in locating and using other needed services. Supervision shall include guidance, oversight, and behavior monitoring.

(1) If the child is under age 18, supervision shall include a minimum of weekly face-to-face contacts.

(2) For children aged 18 or older, supervision shall include face-to-face contact at least every other week.

(3) Agency staff shall be present on site in a cluster setting at any time when more than one child is present in the living arrangement and shall be available to the children 24 hours a day, seven days a week.

(4) The agency shall provide a means for children in a scattered site setting to contact agency personnel 24 hours a day, seven days a week.

(5) The agency shall ensure that each child has access to and is receiving necessary medical care.

d. Documented observation by the agency worker that:

(1) The living situation is an environment that allows for the child's social and emotional needs to be met;

(2) There is an operating smoke alarm on each level of occupancy;

(3) The child has access to a telephone; and

(4) There is no reasonable cause for believing that the child's mode of living presents any unacceptable risks to the child's health or safety.

108.10(4) Record. In addition to any other documentation requirements, an agency shall maintain a record for each child in a supervised apartment living placement. The record shall contain all of the following:

- a. The name, date of birth, sex, and address of the child and information on how the child can be contacted.
- b. Documentation of financial support sufficient to meet the child's housing, clothing, food, and miscellaneous expenses.
- c. Name, address, and telephone number of guardian, if applicable, and referring worker.
- d. Medical records.
- e. Educational and employment records.
- f. All of the individual service plans and updated reviews.
- g. Documentation of visits.

108.10(5) Staffing requirements. Each child in a supervised apartment living placement shall receive an agreed-upon number of hours of casework services per month. This shall be recorded in the child's individual service plan.

CHAPTER 109
CHILD CARE CENTERS

[Filed as Chapter 108, 2/14/75 and renumbered 7/1/75]

[Prior to 7/1/83, Social Services[770] Ch 109]

[Prior to 2/11/87, Human Services[498]]

PREAMBLE

The intent of this chapter is to specify minimum requirements for licensed child care centers and preschools and to define those child-caring environments that are governed by the licensing standards. The licensing standards govern licensing procedures, administration, parental participation, personnel, records, health and safety policies, physical facilities, activity programs, and food services.

441—109.1(237A) Definitions.

“*Adult*” means a person 18 years of age or older.

“*Child*” means either of the following:

1. A person 12 years of age or younger.
2. A person 13 years of age or older but younger than 19 years of age who has a developmental disability, as defined under the federal Developmental Disabilities Assistance and Bill of Rights Act of 2000, Public Law No. 106-402, codified in 42 U.S.C. 15002(8).

“*Child care*” means the care, supervision, or guidance of a child by a person other than the child’s parent, guardian, or custodian for periods of less than 24 hours per day per child on a regular basis in a place other than the child’s home, but does not include care, supervision, or guidance of a child by any of the following:

1. An instructional program for children who are attending prekindergarten as defined by the state board of education under Iowa Code section 256.11 or a higher grade level and are at least four years of age, or at least three years of age and eligible for special education under Iowa Code chapter 256B, and administered by a public or nonpublic school system accredited by the department of education or the state board of regents or a nonpublic school system which is not accredited by the department of education or the state board of regents.
2. Any of the following church-related programs:
 - An instructional program.
 - A youth program other than a preschool, before or after school child care program, or other child care program.
 - A program providing care to children on church premises while the children’s parents are attending church-related or church-sponsored activities on the church premises.
3. Short-term classes of less than two weeks’ duration held between school terms or during a break within a school term.
4. A child care center for sick children operated as part of a pediatrics unit in a hospital licensed by the department of inspections and appeals pursuant to Iowa Code chapter 135B.
5. A program operated not more than one day per week by volunteers that meets all the following conditions:
 - Not more than 11 children are served per volunteer.
 - The program operates for less than 4 hours during any 24-hour period.
 - The program is provided at no cost to the children’s parent, guardian, or custodian.
6. A program administered by a political subdivision of the state which is primarily for recreational or social purposes and is limited to children who are five years of age or older and attending school.
7. An after-school program continuously offered throughout the school year to children who are at least five years of age and enrolled in school and attend the program intermittently, or a summer-only program for such children. The program must be provided through a nominal membership fee or at no cost.
8. A special activity program which meets less than four hours per day for the sole purpose of the special activity. Special activity programs include but are not limited to music or dance classes,

organized athletic or sports programs, recreational classes, scouting programs, and hobby or craft clubs or classes.

9. A nationally accredited camp.

10. A structured program for the purpose of providing therapeutic, rehabilitative, or supervisory services to children under any of the following:

- A purchase of service or managed care contract with the department.
- A contract approved by a local decategorization governance board.
- An arrangement approved by a juvenile court order.

11. Care provided on site to children of parents residing in an emergency, homeless, or domestic violence shelter.

12. A child care facility providing respite care to a licensed foster family home for a period of 24 hours or more to a child who is placed with that licensed foster family home.

13. A program offered to a child whose parent, guardian, or custodian is engaged solely in a recreational or social activity, remains immediately available and accessible on the physical premises on which the child's care is provided, and does not engage in employment while the care is provided. However, if the recreational or social activity is provided in a fitness center or on the premises of a nonprofit organization, the parent, guardian, or custodian of the child may be employed to teach or lead the activity.

"Child care center" or *"center"* means a facility providing child day care for seven or more children, except when the facility is registered as a child development home. For the purposes of this chapter, the word *"center"* shall apply to a child care center or preschool, unless otherwise specified.

"Child care facility" or *"facility"* means a child care center, a preschool, or a registered child development home.

"Department" means the department of human services.

"Direct responsibility for child care" means being charged with the care, supervision, or guidance of a child.

"Extended evening care" means child care provided by a child care center between the hours of 9 p.m. and 5 a.m.

"Facility" means a building or physical plant established for the purpose of providing child day care.

"Get-well center" means a facility that cares for a child with an acute illness of short duration for short enrollment periods.

"Involvement with child care" means licensed or registered as a child care facility, employed in a child care facility, residing in a child care facility, receiving public funding for providing child care, providing child care as a child care home provider, or residing in a child care home.

"National Health and Safety Performance Standards" means the National Health and Safety Performance Standards: Guidelines for Out-of-Home Child Care Programs produced by the American Public Health Association and the American Academy of Pediatrics with the support of the Maternal and Child Health Bureau, Department of Health and Human Services.

"Parent" means parent or legal guardian.

"Person subject to an evaluation" means a person who has committed a transgression and who is described by any of the following:

1. The person is being considered for licensure or is licensed.
2. The person is being considered by a child care facility for employment involving direct responsibility for a child or with access to a child when the child is alone, or the person is employed with such responsibilities.
3. The person will reside or resides in a child care facility.
4. The person has applied for or receives public funding for providing child care.

"Preschool" means a child day care facility which provides care to children aged three through five, for periods of time not exceeding three hours per day. The preschool's program is designed to help the children develop intellectual, social and motor skills, and to extend their interest in and understanding of the world about them.

“*Regulatory fee*” means the amount payable to the department for licensure of a child care center based on the capacity of the center.

“*Requesting entity*” means an entity covered by these rules that is requesting an evaluation to determine if the person being evaluated can have involvement with child care. The requesting entity must be a child care facility as defined in Iowa Code chapter 237A.

“*Transgression*” means the existence of any of the following in a person’s record:

1. Conviction of a crime.
2. A record of having committed founded child or dependent adult abuse.
3. Listing in the sex offender registry established under Iowa Code chapter 692A.
4. A record of having committed a public or civil offense.
5. Department revocation or denial of a child care facility registration or license due to the person’s continued or repeated failure to operate the child care facility in compliance with licensing and registration laws and rules.

“*Unrestricted access*” means that a person has contact with a child alone or is directly responsible for child care.

[ARC 8650B, IAB 4/7/10, effective 6/1/10; ARC 0030C, IAB 3/7/12, effective 5/1/12; ARC 1809C, IAB 1/7/15, effective 3/1/15; ARC 2169C, IAB 9/30/15, effective 1/1/16; ARC 2646C, IAB 8/3/16, effective 10/1/16; ARC 3555C, IAB 1/3/18, effective 3/1/18]

441—109.2(237A) Licensure procedures.

109.2(1) *Application for license.*

a. Any adult or agency has the right to apply for a license. The application for a license shall be made to the department on a department-provided application for a license to operate a child care center.

b. Requested reports including the fire marshal’s report and other information relevant to the licensing determination shall be furnished to the department upon application and renewal. A building owned or leased by a school district or accredited nonpublic school that complies with rules adopted by the state fire marshal for school buildings is considered appropriate for use by a child care facility.

c. When a center makes a sufficient application for an initial license, the center may operate for a period of up to 120 calendar days from the date of issuance of the form granting permission to open without a license, pending a final licensing decision. A center has made a sufficient application when it has submitted the following to the department:

- (1) An application for a license.
- (2) An approved fire marshal’s report.
- (3) A floor plan indicating room descriptions and dimensions, including location of windows and doors.
- (4) Information sufficient to determine that the center director meets minimum personnel qualifications.
- (5) The regulatory fee as specified in subrule 109.2(7), and the fee is received by the department’s division of fiscal management.

d. Applicants shall be notified of approval or denial of initial applications within 120 days from the date the application is submitted.

(1) If the applicant has been issued a form granting permission to open without a license, the applicant shall be notified of approval or denial within 120 calendar days of the date of issuance of the form.

(2) No full or provisional license shall be issued before payment of the applicable regulatory fee as determined pursuant to subrule 109.2(7).

e. The department shall not act on a licensing application for 12 months after an applicant’s child care center license has been denied or revoked.

f. When the department has denied or revoked a license, the applicant or person shall be prohibited from involvement with child care unless the department specifically permits involvement through a record check decision.

109.2(2) *License.*

a. An applicant showing compliance with center licensing laws and these rules, including department approval of center plans and procedures and submission of the regulatory fee as specified in subrule 109.2(7) to the department by the date due, shall be issued a license for 24 months. In determining whether or not a center is in compliance with the intent of a licensing standard outlined in this chapter, the department shall make the final decision.

b. A new license shall be applied for when the center moves, expands, or the facility is remodeled to change licensed capacity.

c. A new license shall be applied for when another adult or agency assumes ownership or legal responsibility for the center.

109.2(3) Provisional license.

a. A provisional license may be issued or a previously issued license may be reduced to a provisional license for a period up to one year when the center does not meet all standards imposed by law and these rules.

b. A provisional license shall be renewable when written plans giving specific dates for completion to bring the center up to standards are submitted to and approved by the department. A provisional license shall not be reissued for more than two consecutive years when the lack of compliance with the same standards has not been corrected within two years.

c. When the center submits documentation or it can otherwise be verified that the center complies with standards imposed by law or these rules, the license shall be upgraded to a full license.

109.2(4) Denial. Initial applications or renewals shall be denied when:

a. The center does not comply with center licensing laws and these rules in order to qualify for a full or provisional license.

b. The center is operating in a manner which the department determines impairs the safety, health, or well-being of children in care.

c. A person subject to an evaluation has transgressions that merit prohibition of involvement with child care and of licensure, as determined by the department.

d. Information provided either orally or in writing to the department or contained in the center's files is shown to have been falsified by the provider or with the provider's knowledge.

e. The center is not able to obtain an approved fire marshal's certificate as prescribed by the state fire marshal or fails to comply in correcting or repairing any deficiencies in the time determined by the fire marshal or the fire marshal determines the facility is not safe for occupancy.

f. The regulatory fee as specified in subrule 109.2(7) is not received by the department's division of fiscal management by the due date indicated on the child care center licensing fee invoice.

109.2(5) Revocation and suspension. A license shall be revoked or suspended if corrective action has not been taken when:

a. The center does not comply with center licensing laws or these rules.

b. The center is operating in a manner which the department determines impairs the safety, health, or well-being of the children in care.

c. A person subject to an evaluation has transgressions that merit prohibition of involvement with child care and of licensure, as determined by the department.

d. Information provided to the department or contained in the center's files is shown to have been falsified by the provider or with the provider's knowledge.

e. The facility is not able to obtain an approved fire marshal's certificate as prescribed by the state fire marshal or fails to comply in correcting or repairing any deficiencies in the time determined by the fire marshal or the fire marshal determines the facility is not safe for occupancy.

f. The regulatory fee as specified in subrule 109.2(7) is not paid in full due to insufficient funds to cover a check submitted to the department for the fee.

109.2(6) Adverse actions.

a. Notice of adverse actions for a denial, revocation, or suspension and the right to appeal the licensing decision shall be given to applicants and licensees in accordance with 441—Chapter 7.

b. An applicant or licensee affected by an adverse action may request a hearing by means of a written request directed to the Department of Human Services, Appeals Section, 1305 E. Walnut Street,

Fifth Floor, Des Moines, Iowa 50319-0114. The request shall be submitted within 30 days after the date the department mailed the official notice containing the nature of the denial, revocation, or suspension.

c. A letter received by an owner or director of a licensed center initiating action to deny, suspend, or revoke the facility's license shall be conspicuously posted at the main entrance to the facility where it can be read by parents or any member of the public. The letter shall remain posted until resolution of the action to deny, suspend or revoke the license. If the action to deny, suspend, or revoke is upheld, the center shall return the license to the department.

d. If the center's license is denied, suspended or revoked, the administrator of the department shall notify the parent, guardian, or legal custodian of each child for whom the facility provides child care. The center shall cooperate with the department in providing the names and address of the parent, guardian, or legal custodian of each child for whom the facility provides child care.

109.2(7) Regulatory fees. A fee based upon center capacity is due to the department before the issuance of the license in accordance with this subrule.

a. Fee structure. The amount of the fee is based on the capacity of the center as indicated below:

<u>Center Capacity</u>	<u>Fee Amount</u>
0 to 20 children	\$50
21 to 50 children	\$75
51 to 100 children	\$100
101 to 150 children	\$125
151 or more children	\$150

b. Determination of capacity. The licensing consultant shall determine center capacity by dividing the amount of usable space by the amount of space required per child, as specified in subrule 109.11(1) and subparagraphs 109.11(3) "a"(2) and (3). Upon approval by the department, the final determination of center capacity may include evaluation of other factors that influence capacity, as long as physical space requirements per child as defined in subrule 109.11(1) and subparagraphs 109.11(3) "a"(2) and (3) are maintained.

c. Notification. Upon final determination of center capacity by the licensing consultant, the licensing consultant or designee shall sign and provide the child care center licensing fee invoice to the center.

d. Payment. The center shall return the child care center licensing fee invoice to the department with the licensing fee payment within 30 calendar days from the date of the licensing consultant's or designee's signature on the invoice. Payment may be in the form of cash, check, money order, or cashier's check.

(1) Payment must be received before the department will issue a full or provisional license.

(2) Regulatory fees are nonrefundable and nontransferable.

[ARC 8650B, IAB 4/7/10, effective 6/1/10; ARC 1209C, IAB 12/11/13, effective 2/1/14; ARC 2646C, IAB 8/3/16, effective 10/1/16]

441—109.3(237A) Inspection and evaluation. The department shall conduct an on-site visit in order to make a licensing recommendation for all initial and renewal applications for licensure and shall determine compliance with licensing standards imposed by licensing laws and these rules when a complaint is received.

109.3(1) At least one unannounced on-site visit shall be conducted each calendar year.

109.3(2) After each visit and complaint, the department shall document whether a center was in compliance with center licensing standards imposed by licensing laws and these rules.

109.3(3) The written documentation of the department's conclusion as to whether a center was in compliance with licensing standards for all licensing visits and complaints shall be available to the public. However, the identity of the complainant shall be withheld unless expressly waived by the complainant.

441—109.4(237A) Administration.

109.4(1) Purpose and objectives. Incorporated and unincorporated centers shall submit a written statement of purpose and objectives. The plan and practices of operation shall be consistent with this statement.

109.4(2) Required written policies. The child care center owner, board or director shall:

- a. Develop fee policies and financial agreements for the children served.
- b. Develop and implement policies for enrollment and discharge of children, field trips and non-center activities, transportation, discipline, nutrition, and health and safety policies.
- c. Develop a curriculum or program structure that uses developmentally appropriate practices and an activity program appropriate to the developmental level and needs of the children.
- d. Develop and implement a written plan for staff orientation to the center's policies and to the provisions of 441—Chapter 109 where applicable to staff.
- e. Develop and implement a written plan for ongoing training and staff development in compliance with professional growth and development requirements established by the department in rule 441—109.7(237A).

f. Make available for review a copy of the center policies and program to all staff at the time of employment and each parent at the time a child is admitted to the center. A copy of the fee policies and financial agreements shall be provided to each parent at the time a child is admitted to the center.

g. Develop and implement a policy for responding to incidents of biting that includes the following elements.

- (1) An explanation of the center's perspective on biting.
 - (2) A description of how the center will respond to individual biting incidents and episodes of ongoing biting.
 - (3) A description of how the center will assess the adequacy of caregiver supervision and the context and the environment in which the biting occurred.
 - (4) A description of how the center will respond to the individual child or caregiver who was bitten.
 - (5) A description of the process for notification of parents of children involved in the incident.
 - (6) A description of how the incident will be documented.
 - (7) A description of how confidentiality will be protected.
 - (8) A description of first-aid procedures that the center will use in response to biting incidents.
- h. Develop a policy to ensure that people do not have unauthorized access to children at the center.

The policy shall be subject to review for minimum safety standards by the licensing consultant. The policy shall include but is not limited to the following:

- (1) The center's criteria for allowing people to be on the property of the facility when children are present.
 - (2) A description of how center staff will supervise and monitor people who are permitted on the property of the center when children are present, but who have not been cleared for involvement with child care through the formal record check process as outlined in subrule 109.6(6). The description shall include definitions of "supervision" and "monitoring."
 - (3) A description of how responsibility for supervision and monitoring of people in the center will be delegated to center staff, which includes provisions that address conflicts of interest.
 - (4) A description of how the policy will be shared with parents, guardians, and custodians of all children who are enrolled at the center.
- i. Develop and implement a policy for protection of each child's confidentiality.

109.4(3) Required postings.

a. Postings are required for the certificate of license, notice of exposure of children to a communicable disease, and notice of decision to deny, suspend, or revoke the center's license or reduce the center's license to a provisional status. The center's license, reflecting current regulatory status, and all other required postings shall be conspicuously placed at the main entrance to the center. If the center is located in a building used for additional purposes and shares the main entrance to the building, the required postings shall be conspicuously placed in the center in an area that is frequented daily by parents or the public.

b. Postings are required for mandatory reporter requirements, the notice of availability of the handbook required in subrule 109.4(5), and the program activities and shall be placed in an area that is frequented daily by parents or the public.

109.4(4) *Mandatory reporters.* Requirements and procedures for mandatory reporting of suspected child abuse as defined in Iowa Code section 232.69 shall be posted where they can be read by staff and parents. Methods of identifying and reporting suspected child abuse and neglect shall be discussed with all staff within 30 days of employment.

109.4(5) *Handbook.* A copy of “Child Care Centers and Preschools Licensing Standards and Procedures” shall be available in the child care center, and a notice stating that a copy is available for review upon request from the center director shall be conspicuously posted. The name, office mailing address and telephone number of the child care consultant shall be included in the notice.

109.4(6) *Certificate of license.* The child care license shall be posted in a conspicuous place and shall state the particular premises in which child care may be offered and the number of children who may be cared for at any one time. Notwithstanding the requirements in rule 441—109.8(237A), no greater number of children than is authorized by the license shall be cared for at any one time.

[ARC 8650B, IAB 4/7/10, effective 6/1/10; ARC 1209C, IAB 12/11/13, effective 2/1/14; ARC 2646C, IAB 8/3/16, effective 10/1/16]

441—109.5(237A) Parental participation.

109.5(1) *Unlimited access.* Parents shall be afforded unlimited access to their children and to the provider caring for their children during the center’s hours of operation or whenever their children are in the care of a provider, unless parental contact is prohibited by court order. The provider shall inform all parents of this policy in writing at the time the child is admitted to the center.

109.5(2) *Parental evaluation.* If requested by the department, centers shall assist the department in conducting an annual survey of parents being served by their center. The department shall notify centers of the time frames for distribution and completion of the survey and the procedures for returning the survey to the department. The purpose of the survey shall be to increase parents’ understanding of developmentally appropriate and safe practice, solicit statewide information regarding parental satisfaction with the quality of care being provided to children and obtain the parents’ perspective regarding the center’s compliance with licensing requirements.

[ARC 2646C, IAB 8/3/16, effective 10/1/16]

441—109.6(237A) Personnel. The board or director of the center shall develop policies for hiring and maintaining staff that demonstrate competence in working with children and that meet the following minimum requirements:

109.6(1) *Center director requirements.* Centers that have multiple sites shall have a center director or on-site supervisor in each center. The center director is responsible for the overall functions of the center, including supervising staff, designing curriculum and administering programs. The director shall ensure services are provided for the children within the framework of the licensing requirements and the center’s statement of purpose and objectives. The center director shall have overall responsibility for carrying out the program and ensuring the safety and protection of the children. Information shall be submitted in writing to the child care consultant prior to the start of employment. Final determination shall be made by the department. Information shall be submitted sufficient to determine that the director meets the following minimum qualifications:

- a. Is at least 21 years of age.
- b. Has obtained a high school diploma or passed a general education development test.
- c. Has completed at least one course in business administration or 12 contact hours in administrative-related training related to personnel, supervision, record keeping, or budgeting or has one year of administrative-related experience.
- d. Has certification in infant, child, and adult cardiopulmonary resuscitation (CPR), first aid, and Iowa’s training for the mandatory reporting of child abuse.
- e. Has achieved a total of 100 points obtained through a combination of education, experience, and child development-related training as outlined in the following chart:

EDUCATION		EXPERIENCE (Points multiplied by years of experience)		CHILD DEVELOPMENT- RELATED TRAINING
Bachelor's or higher degree in early childhood, child development, or elementary education	75	Full-time (20 hours or more per week) in a child care center or preschool setting	20	One point per contact hour of training
Associate's degree in child development or bachelor's degree in a child-related field	50	Part-time (less than 20 hours per week) in a child care center or preschool setting	10	
Child development associate (CDA) or one-year diploma in child development from a community college or technical school	40	Full-time (20 hours or more per week) child development-related experience	10	
Bachelor's or higher degree in a non-child-related field	40	Part-time (less than 20 hours per week) child development-related experience	5	
Associate's degree in a non-child-related field or completion of at least two years of a four-year degree	20	Registered child development home provider	10	
		Nonregistered family home provider	5	

(1) In obtaining the total of 100 points, a minimum of two categories must be used, no more than 75 points may be achieved in any one category, and at least 20 points shall be obtained from the experience category.

(2) Points obtained in the child development-related training category shall have been taken within the past five years.

(3) For directors in centers predominantly serving children with special needs, the directors may substitute a disabilities-related or nursing degree for the bachelor's degree in early childhood, child development or elementary education in determining point totals. In addition, experience in working with children with special needs in an administrative or direct care capacity shall be equivalent to full-time experience in a child care center or preschool in determining point totals.

(4) For directors in centers serving predominantly school-age children, the directors may substitute a degree in secondary education, physical education, recreation or related fields for the bachelor's degree in early childhood, child development or elementary education in determining point totals. In addition, child-related experience working with school-age children shall be equivalent to full-time experience in a child care center or preschool in determining point totals.

109.6(2) On-site supervisor. The on-site supervisor is responsible for the daily supervision of the center and must be on site daily either during the hours of operation that children are present or a minimum of eight hours of the center's hours of operation. Information shall be submitted in writing to the child care consultant prior to the start of employment. Final determination shall be made by the department. Information shall be submitted sufficient to determine that the on-site supervisor meets the following minimum qualifications:

- a. Is an adult.
- b. Has obtained a high school diploma or passed a general education development test.
- c. Has certification in infant, child, and adult cardiopulmonary resuscitation (CPR), first aid, and Iowa's mandatory reporting of child abuse.
- d. Has achieved a total of 75 points obtained through a combination of education, experience, and child development-related training as outlined in the following chart:

EDUCATION		EXPERIENCE (Points multiplied by years of experience)		CHILD DEVELOPMENT- RELATED TRAINING
Bachelor's or higher degree in early childhood, child development, or elementary education	75	Full-time (20 hours or more per week) in a child care center or preschool setting	20	One point per contact hour of training
Associate's degree in child development or bachelor's degree in a child-related field	50	Part-time (less than 20 hours per week) in a child care center or preschool setting	10	
Child development associate (CDA) or one-year diploma in child development from a community college or technical school	40	Full-time (20 hours or more per week) child development-related experience	10	
Bachelor's or higher degree in a non-child-related field	40	Part-time (less than 20 hours per week) child development-related experience	5	
Associate's degree in a non-child-related field or completion of at least two years of a four-year degree	20	Registered child development home provider	10	
		Nonregistered family home provider	5	

(1) In obtaining the total of 75 points, a minimum of two categories must be used, no more than 50 points may be achieved in any one category, and at least 10 points shall be obtained from the experience category.

(2) Points obtained in the child development-related training category shall have been taken within the past five years.

(3) For on-site supervisors in centers predominantly serving children with special needs, the on-site supervisor may substitute a disabilities-related or nursing degree for the bachelor's degree in early childhood, child development or elementary education in determining point totals. In addition, experience in working with children with special needs in an administrative or direct care capacity shall be equivalent to full-time experience in a child care center or preschool in determining point totals.

(4) For on-site supervisors in centers serving predominantly school-age children, the on-site supervisor may substitute a degree in secondary education, physical education, recreation or related fields for the bachelor's degree in early childhood, child development or elementary education in determining point totals. In addition, child-related experience working with school-age children shall be equivalent to full-time experience in a child care center or preschool in determining point totals.

109.6(3) Director and on-site supervisor functions combined. In a center where the functions of the center director and the on-site supervisor are accomplished by the same person, the educational and experience requirements for a center director shall apply. If the center director is serving in the role of the on-site supervisor, the director shall be on site daily either during the hours of operation or a minimum of at least eight hours of the center's hours of operation. If the staff person designated as the on-site supervisor is temporarily absent from the center, another responsible adult staff shall be designated as the interim on-site supervisor.

109.6(4) Transition period for staff. Rescinded IAB 8/3/16, effective 10/1/16.

109.6(5) Volunteers and substitutes. A volunteer shall be at least 16 years of age. All volunteers and substitutes shall:

a. Sign a statement indicating whether or not they have one of the following:

(1) A conviction of any law in any state or any record of founded child abuse or dependent adult abuse in any state.

(2) A communicable disease or other health concern that could pose a threat to the health, safety, or well-being of the children.

b. Sign a statement indicating the volunteer or substitute has been informed of the volunteer's or substitute's responsibilities as a mandatory reporter.

c. Undergo the record check process when any of the following criteria are met:

- (1) The volunteer or substitute is included in meeting the required child-to-staff ratio;
- (2) The volunteer or substitute has direct responsibility for a child or children; or
- (3) The volunteer or substitute has access to a child or children with no other staff present.

d. Have on file at the facility a record containing the statements required in paragraphs 109.6(5) "a" and "b" and documentation of any record check process. The record shall be maintained as required in paragraph 109.9(1) "b."

109.6(6) Record checks.

a. *Applicability.*

(1) Criminal and child abuse record checks shall be conducted for:

1. Each owner, director, staff member, substitute, volunteer, or subcontracted staff person with direct responsibility for child care or with access to a child when the child is alone;

2. Anyone living in the child care facility who is 14 years of age or older.

(2) Parents, guardians, and custodians are exempt from the record check process in relation to access to their own children or wards.

(3) Professional staff who hold a current, valid license issued by the educational examiners board are exempt from the record check process in relation to children in the center to whom they provide professional services consistent with Iowa Code chapter 272 and rules adopted by the educational examiners board.

b. *Authorization.* A requesting entity shall request a record check evaluation prior to the employment of a person subject to record checks. The person subject to record checks shall complete the DHS criminal history record check form and any other forms required by the department of public safety to authorize the release of records.

c. *Iowa records checks.* Checks and evaluations of Iowa child abuse and criminal records, including the sex offender registry, shall be completed before the person's involvement with child care at the center. Iowa records checks shall be repeated at a minimum of every two years and when the department or the center becomes aware of any possible transgressions. The department is not responsible for the cost of conducting the Iowa records check.

(1) The child care center may access the single-contact repository (SING) as necessary to conduct a criminal and child abuse record check of the person in Iowa. If the results of the check indicate a potential transgression, the center shall send a copy of the results to the department for determination of whether or not the person may be involved with child care, regardless of the person's status with the center.

(2) Unless a record check has already been conducted in accordance with subparagraph (1), the department shall conduct a criminal and child abuse record check in Iowa for a person who is subject to a record check. When the department conducts the records check, the fee shall be \$35 for each record check. The center shall submit the fee before the department initiates the record check process. Payment must be in the form of cash, check, money order, or cashier's check. The department may access SING to conduct the records check. The department may also conduct dependent adult abuse, sex offender, and other public or civil offense record checks in Iowa for a person who is subject to a record check.

(3) Centers that participate in student intern programs may seek a waiver for substitution of the state record check process with a check performed by the student's educational institution. Requests for a waiver shall be submitted on Form 470-4893, Record Check Waiver, to the address listed on the form.

d. *National criminal history checks.* National criminal history checks based on fingerprints are required for all persons subject to record checks. The national criminal history check shall be repeated for each person every four years and when the department or center becomes aware of any new transgressions committed by that person in another state. The department is not responsible for the cost of conducting the national criminal history check.

(1) The child care center is responsible for obtaining the fingerprints of all persons subject to record checks. Fingerprints may be taken by law enforcement agencies, by agencies or companies

that specialize in taking fingerprints, or by center staff or subcontractors who have received appropriate training in the taking of fingerprints.

(2) If the results of the Iowa records checks do not warrant prohibition of the person's involvement with child care or otherwise present protective concerns, the person may be involved with child care on a provisional basis until the national criminal history check and evaluation have been completed.

(3) The child care center shall provide fingerprints to the department of public safety prior to a person's involvement with child care at the center. The center shall submit the fingerprints on forms or in a manner allowed by the department of public safety.

(4) Centers that are required to submit fingerprint-based checks of the FBI national criminal database to comply with federal regulations may seek a waiver to substitute that record check for the procedure required in this subrule. Requests for a waiver shall be submitted on Form 470-4893, Record Check Waiver, to the address listed on the form.

(5) Centers that participate in student intern programs may seek a waiver to substitute the fingerprint-based check of the FBI national criminal database performed by the student's educational institution for the procedure required in this subrule. Requests for a waiver shall be submitted on Form 470-4893, Record Check Waiver, to the address listed on the form.

(6) A center considering involvement of a person who has had a national criminal history check at another center may request information from that center. That center may provide the following information in writing upon a center's request, using Form 470-4896, National Criminal History Check Confirmation:

1. Date of most recent national criminal history check conducted by the center on the person in question, and

2. Whether or not the national check process resulted in clearance of the person for involvement with child care.

(7) If the results of the national criminal history check indicate that the person has committed a transgression, the center, if interested in continuing the person's involvement in child care, shall send a copy of the results to the department for evaluation. The department shall determine whether or not the person may be involved with child care.

(8) A center shall submit all required fingerprints to the department of public safety before the issuance or renewal of the center's license.

e. Mandatory prohibition. A person with any of the following convictions or founded abuse reports is prohibited from involvement with child care:

- (1) Founded child or dependent adult abuse that was determined to be sexual abuse.

- (2) A requirement to be listed on any state sex offender registry or the national sex offender registry.

- (3) Any of the following felony convictions:

1. Child endangerment or neglect or abandonment of a dependent person.

2. Domestic abuse.

3. Crime against a child including, but not limited to, sexual exploitation of a minor.

4. Forcible felony.

5. Arson.

- (4) A record of a misdemeanor conviction of a crime against a child that constitutes one of the following offenses:

1. Child abuse.

2. Child endangerment.

3. Sexual assault.

4. Child pornography.

(5) If a person subject to a record check refuses to consent to a record check, the person shall be prohibited from involvement with child care.

(6) If a person has been convicted of a crime and makes what the person knows to be a false statement of material fact in connection with the conviction or record check, the person shall be prohibited from involvement with child care.

f. Mandatory time-limited prohibition.

(1) A person with the following convictions or founded abuse reports is prohibited from involvement with child care for five years from the date of the conviction or founded abuse report:

1. Conviction of a controlled substance offense under Iowa Code chapter 124.
2. Founded child abuse that was determined to be physical abuse.

(2) After the five-year prohibition period imposed pursuant to 109.6(6)“f”(1), the person may request the department to perform an evaluation under paragraph 109.6(6)“g” to determine whether prohibition of the person’s involvement with child care continues to be warranted.

g. Evaluation required. For all other transgressions, and as requested under subparagraph 109.6(6)“f”(2), the department shall notify the requesting entity that an evaluation shall be conducted to determine whether prohibition of the person’s involvement with child care is warranted.

(1) The person with the transgression shall complete the record check evaluation form. The requesting entity shall provide the form and any other documents to the department within ten calendar days of the date on the form. The department shall use the information the person with the transgression provides on this form to assist in the evaluation. Failure of the person with the transgression to complete and the requesting entity to return this form by the specified date shall result in denial or revocation of the license or denial of employment. The department shall not process evaluations that are not signed by the person subject to an evaluation.

(2) The department may use information from the department’s case records in performing the evaluation.

(3) The requesting entity may provide, or the department may request from the person subject to an evaluation or from the requesting entity, information to assist in performance of the evaluation that includes, but is not limited to, the following:

1. Documentation of criminal justice proceedings.
2. Documentation of rehabilitation.
3. Written employment references or applications.
4. Documentation of substance abuse education or treatment.
5. Criminal history records, child abuse information, and dependent adult abuse information from other states.
6. Documentation of the person’s prior residences.

(4) Any person or agency that might have pertinent information regarding criminal or abuse history and rehabilitation of the prospective employee may be contacted.

(5) In an evaluation, the department shall consider all of the following factors:

1. The nature and seriousness of the transgression in relation to the position sought or held.
2. The time elapsed since the commission of the transgression.
3. The circumstances under which the transgression was committed.
4. The degree of rehabilitation.
5. The likelihood that the person will commit the transgression again.
6. The number of transgressions committed by the person.

(6) When a person subject to a record check has a transgression that has been determined in a previous evaluation not to warrant prohibition of the person’s involvement with child care and has no subsequent transgressions, an exemption from reevaluation of the latest record check is authorized. The person may commence employment with another child care facility in accordance with the department’s previous evaluation. The exemption is subject to all of the following conditions:

1. The person’s position with the subsequent employer is substantially the same or has the same job responsibilities as the position for which the previous evaluation was performed.
2. Any restrictions placed on the person’s employment by the department in the previous evaluation shall remain applicable in the person’s subsequent employment.

3. The person subject to the record check has maintained a copy of the previous evaluation and provides the evaluation to the subsequent employer, or the previous employer provides to the subsequent employer the previous evaluation from the person’s personnel file pursuant to the person’s authorization. If a physical copy of the previous evaluation is not provided to the subsequent employer, the record check shall be reevaluated.

4. The subsequent employer may request a reevaluation of the record check and may employ the person while the reevaluation is being performed.

h. Evaluation decision. Within 30 days of receipt of a completed record check evaluation, the department shall make a decision on the person's involvement with child care. The department has final authority in determining whether prohibition of the person's involvement with child care is warranted and in developing any conditional requirements and corrective action plan under this paragraph.

(1) The department shall mail to the requesting entity and the person on whom the evaluation was completed the record check decision that explains the decision reached regarding the evaluation of the transgression.

(2) If the department determines through an evaluation of a person's transgressions that the person's prohibition of involvement with child care is warranted, the person shall be prohibited from involvement with child care. The department may identify a period of time after which the person may request that another record check and evaluation be performed.

(3) The department may permit a person who is evaluated to maintain involvement with child care if the person complies with the department's conditions and corrective action plan relating to the person's involvement with child care.

(4) The department shall send a letter to the employer that informs the employer whether the person subject to an evaluation has been approved or denied involvement with child care. If the person has been approved, the letter shall inform the employer of any conditions and corrective action plan relating to the person's involvement with child care.

(5) The department shall reevaluate any transgressions where a state or federal law change requires different considerations of the transgression than had been previously applied.

i. Notice to parents. The administrator of the department shall notify the parents, guardians, and legal custodians of each child for whom the person provides child care if there has been founded child abuse committed by an owner, director, or staff member of the child care center. The center shall cooperate with the department in providing the names and addresses of the parents, guardians, and legal custodians of each child for whom the facility provides child care.

109.6(7) Use of controlled substances and medications. All owners, personnel, and volunteers shall be free of the use of illegal drugs and shall not be under the influence of alcohol or of any prescription or nonprescription drug that could impair their ability to function.

[ARC 8650B, IAB 4/7/10, effective 6/1/10; ARC 9441B, IAB 4/6/11, effective 6/1/11; ARC 0418C, IAB 10/31/12, effective 1/1/13; ARC 1209C, IAB 12/11/13, effective 2/1/14; ARC 1809C, IAB 1/7/15, effective 3/1/15; ARC 2646C, IAB 8/3/16, effective 10/1/16; ARC 4114C, IAB 11/7/18, effective 1/1/19]

441—109.7(237A) Professional growth and development. The center director, on-site supervisor, and staff counted as part of the staff ratio shall meet the following minimum staff training requirements:

109.7(1) Required training within the first three months of employment. During their first three months of employment, all staff shall receive the following training:

a. Two hours of Iowa's training for mandatory reporting of child abuse.

b. At least one hour of training regarding universal precautions and infectious disease control.

c. Certification in American Red Cross, American Heart Association, American Safety and Health Institute, or MEDIC First Aid infant, child, and adult cardiopulmonary resuscitation (CPR) or equivalent certification approved by the department. A valid certificate indicating the date of training and expiration date shall be maintained.

d. Certification in infant, child, and adult first aid that uses a nationally recognized curriculum or is received from a nationally recognized training organization, including the American Red Cross, American Heart Association, the National Safety Council, the American Safety and Health Institute, or MEDIC First Aid or an equivalent certification approved by the department. A valid certificate indicating the date of training and expiration date shall be maintained.

e. Minimum health and safety trainings, approved by the department, in the following areas and every five years thereafter:

- (1) Prevention and control of infectious disease, including immunizations.
- (2) Prevention of sudden infant death syndrome and use of safe sleep practices.

- (3) Administration of medication, consistent with standards for parental consent.
- (4) Prevention of and response to emergencies due to food and allergic reactions.
- (5) Building and physical-premises safety, including identification of and protection from hazards that can cause bodily injury, such as electrical hazards, bodies of water, and vehicular traffic.
- (6) Prevention of shaken baby syndrome and abusive head trauma.
- (7) Emergency preparedness and response planning for emergencies resulting from a natural disaster or a human-caused event.
- (8) Handling and storage of hazardous materials and the appropriate disposal of biocontaminants.
- (9) Precautions in transporting children.
- (10) Child development, on or after August 1, 2017.

Minimum health and safety training may be required prior to the five-year period if content has significant changes which warrant that the training be renewed.

109.7(2) Center directors and all staff.

a. During their first year of employment, all center directors and all staff shall receive the following training:

- (1) Ten contact hours of training from one or more of the following content areas:
 1. Planning a safe, healthy learning environment (includes nutrition).
 2. Steps to advance children's physical and intellectual development.
 3. Positive ways to support children's social and emotional development (includes guidance and discipline).
 4. Strategies to establish productive relationships with families (includes communication skills and cross-cultural competence).
 5. Strategies to manage an effective program operation (includes business practices).
 6. Maintaining a commitment to professionalism.
 7. Observing and recording children's behavior.
 8. Principles of child growth and development.
- (2) Training received for cardiopulmonary resuscitation (CPR), first aid, mandatory reporting of child abuse, and universal precautions shall not count toward the ten contact hours. A provider shall not use a specific training or class to meet minimum continuing education requirements more than one time every five years.

(3) Staff who have completed a comprehensive training package of at least ten contact hours offered through a child care resource and referral agency or community college within six months prior to initial employment shall have the first year's ten contact hours of training waived.

b. Following their first year of employment, all center directors and all staff shall:

- (1) Maintain current certification for Iowa's training for the mandatory reporting of child abuse; infant, child and adult CPR; and infant, child and adult first aid.
- (2) Receive six contact hours of training annually from one or more of the content areas listed in subparagraph 109.7(2)"a"(1). A provider shall not use a specific training or class to meet minimum continuing education requirements more than one time every five years.
- (3) Center directors and on-site supervisors shall receive eight contact hours of training annually from one or more of the content areas listed in subparagraph 109.7(2)"a"(1).

c. Initial training obtained as identified in paragraph 109.7(1)"e" may be counted toward annual training hours during the year of employment in which the training is taken.

d. Training identified in paragraph 109.7(1)"e" shall not count towards annual professional development more than once.

109.7(3) Staff employed in centers that operate summer-only programs. During their first three months of employment, all staff shall receive the following training:

- a.* Two hours of Iowa's training for mandatory reporting of child abuse.
- b.* At least one hour of training regarding universal precautions and infectious disease control.
- c.* Certification in American Red Cross, American Heart Association, American Safety and Health Institute, or MEDIC First Aid infant, child, and adult cardiopulmonary resuscitation (CPR) or equivalent

certification approved by the department. A valid certificate indicating the date of training and expiration date shall be maintained.

d. Certification in infant, child, and adult first aid that uses a nationally recognized curriculum or is received from a nationally recognized training organization, including the American Red Cross, American Heart Association, the National Safety Council, the American Safety and Health Institute, or MEDIC First Aid or an equivalent certification approved by the department. A valid certificate indicating the date of training and expiration date shall be maintained.

e. Minimum health and safety trainings, approved by the department, in the following areas:

- (1) Prevention and control of infectious disease, including immunizations.
- (2) Prevention of sudden infant death syndrome and use of safe sleep practices.
- (3) Administration of medication, consistent with standards for parental consent.
- (4) Prevention of and response to emergencies due to food and allergic reactions.
- (5) Building and physical-premises safety, including identification of and protection from hazards that can cause bodily injury, such as electrical hazards, bodies of water, and vehicular traffic.
- (6) Prevention of shaken baby syndrome and abusive head trauma.
- (7) Emergency preparedness and response planning for emergencies resulting from a natural disaster or a human-caused event.

(8) Handling and storage of hazardous materials and the appropriate disposal of biocontaminants.

(9) Precautions in transporting children.

109.7(4) *Training plans.* Training shall supplement the educational and experience requirements in rule 441—109.6(237A) and shall enhance the staff's skill in working with the developmental and cultural characteristics of the children served.

109.7(5) *Substitution.* A provider who submits documentation from a child care resource and referral agency that the provider has completed the Iowa Program for Infant/Toddler Care (IA PITC), ChildNet, or Beyond Business Basics training series may use those hours to fulfill a maximum of two years' training requirements, not including first-aid and mandatory reporter training.

109.7(6) *Approved training.*

a. The training must be conducted by a trainer who is employed by or under contract with one of the following entities or who uses curriculum or training materials developed or obtained with the written permission of one of the following entities:

- (1) An accredited university or college.
- (2) A community college.
- (3) Iowa State University Extension.
- (4) A child care resource and referral agency.
- (5) An area education agency.
- (6) The regents' center for early developmental education at the University of Northern Iowa.
- (7) A hospital (for health and safety, first-aid, and CPR training).
- (8) The American Red Cross, the American Heart Association, the National Safety Council, or Medic First Aid (for first-aid and CPR training).
- (9) An Iowa professional association, including the Iowa Association for the Education of Young Children (Iowa AEYC), the Iowa Family Child Care Association (IFCCA), the Iowa After School Alliance, and the Iowa Head Start Association.
- (10) A national professional association, including the National Association for the Education of Young Children (NAEYC), the National Child Care Association (NCCA), the National Association for Family Child Care (NAFCC), the National After School Association, and the American Academy of Pediatrics.
- (11) The Child and Adult Care Food Program and the Special Supplemental Nutrition Program for Women, Infants and Children (WIC).
- (12) The Iowa department of public health, department of education, or department of human services.
- (13) Head Start agencies or the Head Start technical assistance system.

(14) Organizations that are certified by the International Association for Continuing Education and Training (IACET).

b. Training received in a group setting must follow a presentation format that incorporates a variety of adult learning methods. The material or content of the training must be obtained from one of the entities listed in paragraph “a” or an entity approved under paragraph “g.” Approved training shall be made available to Iowa child care providers through the child care provider training registry beginning July 1, 2009.

c. Training received in a group setting may include distance learning opportunities such as training conducted over the Iowa communications network, on-line courses, or web conferencing (webinars) if:

- (1) The training meets the requirements in subrule 109.7(7);
- (2) The training is taught by an instructor and requires interaction between the instructor and the participants, such as required chats or message boards; and
- (3) The training organization meets the requirements listed in this subrule or is approved by the department.

d. The department will not approve more than eight hours of training delivered in a single day.

e. The department may randomly monitor any state-approved training for quality control purposes.

f. Training conducted with staff either during the hours of operation of the facility, staff lunch hours, or while children are resting must not diminish the required staff ratio coverage. Staff shall not be actively engaged in care and supervision and simultaneously participate in training.

g. A training organization not approved by the department may submit for review to the department a request for child care training approval. All approvals, unless otherwise specified, shall be valid for five years. The department shall issue its decision within 30 business days of receipt of a complete request.

109.7(7) *Elements of training.* Training provided to Iowa child care providers shall offer:

a. Instruction that is consistent with:

- (1) Iowa child care regulatory standards;
- (2) The Iowa early learning standards; and
- (3) The philosophy of developmentally appropriate practice as defined by the National Association for the Education of Young Children, the Program for Infant/Toddler Care, and the National Health and Safety Performance Standards.

b. Content equal to at least one contact hour of training.

c. An opportunity for ongoing interaction and timely feedback, including questions and answers within the contact hours.

d. A certificate of training for each participant that includes:

- (1) The name of the participant.
- (2) The title of the training.
- (3) The dates of training.
- (4) The content area addressed.
- (5) The name of the training organization.
- (6) The name of the instructor.
- (7) The number of contact hours.

109.7(8) *Training for supervisors and designees.* The director, on-site supervisor, and any person designated a lead in the absence of supervisory staff shall have completed all preservice/orientation training outlined in subrule 109.7(1).

[ARC 8650B, IAB 4/7/10, effective 6/1/10; ARC 2646C, IAB 8/3/16, effective 10/1/16; ARC 3095C, IAB 6/7/17, effective 8/1/17]

441—109.8(237A) Staff ratio requirements.

109.8(1) *Staff requirements.* Persons counted as part of the staff ratio shall meet the following requirements:

a. Be at least 16 years of age. If less than 18 years of age, the staff shall be under the direct supervision of an adult.

b. Be involved with children in programming activities.

c. At least one staff person on duty in the center and outdoor play area when children are present and present on field trips shall be over the age of 18 and hold current certification in first aid and cardiopulmonary resuscitation (CPR) as required in rule 441—109.7(237A).

109.8(2) Staff ratio. The staff-to-child ratio shall be as follows:

<u>Age of children</u>	<u>Minimum ratio of staff to children</u>
Two weeks to two years	One to every four children
Two years	One to every six children
Three years	One to every eight children
Four years	One to every twelve children
Five years to ten years	One to every fifteen children
Ten years and over	One to every twenty children

a. Combinations of age groupings for children four years of age and older may be allowed and may have staff ratio determined on the age of the majority of the children in the group. If children three years of age and under are included in the combined age group, the staff ratio for children aged three and under shall be maintained for these children. Preschools shall have staff ratios determined on the age of the majority of the children, including children who are three years of age.

b. If a child between the ages of 18 and 24 months is placed outside the infant area, as defined at subrule 109.11(2), the staff ratio of 1 to 4 shall be maintained as would otherwise be required for the group until the child reaches the age of two.

c. Every child-occupied program room shall have adult supervision present in the room.

d. During nap time, at least one staff shall be present in every room where children are resting. Staff ratio requirements may be reduced to one staff per room where children are resting for a period of time not to exceed one hour provided staff ratio coverage can be maintained in the center. The staff ratio shall always be maintained in the infant area.

e. The minimum staff ratio shall be maintained at mealtimes and for any outdoor activities at the center.

f. When seven or more children over the age of three are present on the licensed premises or are being transported in one vehicle, at least two adult staff shall be present. Only one adult is required when a center is transporting children in a center-owned vehicle with parent authorization for the sole purpose of transporting children to and from school. When a center contracts with another entity to provide transportation other than for the purpose of transporting school-age children to or from school, at least one adult staff in addition to the driver shall be present if at least seven children provided care by the center are transported.

g. Any child care center-sponsored program activity involving five or more children conducted away from the licensed facility shall provide a minimum of one additional staff over the required staff ratio for the protection of the children.

h. For a period of two hours or less at the beginning or end of the center's hours of operation, one staff may care for six or fewer children, provided no more than two of the children are under the age of two years and there are no more than six children in the center.

i. For centers or preschools serving school-age children, the ratio for school-age children may be exceeded for a period of no more than four hours during a day when school classes start late or are dismissed early due to inclement weather or structural damage provided the children are already enrolled at the center and the center does not exceed the licensed capacity.

[ARC 2646C, IAB 8/3/16, effective 10/1/16]

441—109.9(237A) Records.

109.9(1) Personnel records. The center shall maintain personnel information sufficient to ensure that persons employed in the center meet minimum staff and training requirements and do not pose

any threat to the health, safety, or well-being of the children. Each employee's file shall contain, at a minimum, the following:

a. A statement signed by each individual indicating whether or not the individual has any conviction of violating any law in any state or has any record of founded child abuse or dependent adult abuse in any state.

b. Copies of all records checks kept in accordance with state and federal law regarding confidentiality of records checks. These records shall include:

(1) A copy of a DHS criminal history record check form or any other permission form approved by the department of public safety for conducting an Iowa or national criminal history record check.

(2) A copy of a request for child abuse information form, when applicable.

(3) Copies of the results of Iowa records checks conducted through the SING for review by the department upon request.

(4) Copies of national criminal history check results.

(5) Any department-issued documents sent to the center related to a records check, regardless of findings.

c. Reserved.

d. A physical examination report. Personnel shall have good health as evidenced by a preemployment physical examination. Acceptable physical examinations shall be documented on Form 470-5152, Child Care Provider Physical Examination Report. The examination shall include any necessary testing for communicable diseases; shall include a discussion regarding current Advisory Committee on Immunization Practices (ACIP)-recommended vaccinations; shall be performed within six months prior to beginning employment by a licensed medical doctor, doctor of osteopathy, physician assistant or advanced registered nurse practitioner; and shall be repeated at least every three years.

e. Documentation showing the minimum staff training requirements as outlined at rule 441—109.7(237A) are met, including current certifications in first aid and cardiopulmonary resuscitation (CPR) and Iowa's training for the mandatory reporting of child abuse.

f. A photocopy of a valid driver's license if the staff will be involved in the transportation of children.

109.9(2) *Child's file.* Centers shall maintain sufficient information in a file for each child, which shall be updated at least annually or when the parent notifies the center of a change or the center becomes aware of a change, to ensure that:

a. A parent or an emergency contact authorized by the parent can be contacted at any time the child is in the care of the center.

b. Appropriate emergency medical and dental services can be secured for the child while in the center's care.

c. Information is available in the center regarding the specific health and medical needs of a child, including information regarding any professionally prescribed treatment. Information shall include a physical examination report as required at subrule 109.10(1). For a center serving school-age children that operates in the same school facility in which the child attends school, documentation shall include a statement signed by the parent that the immunization information is available in the school file.

d. A child is released only to authorized persons.

e. Documentation of injuries, accidents, or other incidents involving the child is maintained.

f. Parent authorization is obtained for a child to attend center-sponsored field trips and non-center activities. If parental authorization is obtained on an authorization form inclusive of all children participating in the activity, the authorization form shall be kept on file at the center.

g. For any child with allergies, a written emergency plan is available in case of an allergic reaction. A copy of this information shall accompany the child if the child leaves the premises.

109.9(3) *Immunization certificates.* Signed and dated Iowa immunization certificates, provided by the state department of public health, shall be on file for each child enrolled as prescribed by the department of public health at 641—Chapter 7.

109.9(4) *Daily activities.* For each child under two years of age, the center shall make a daily written record. At the end of the child's day at the center, the daily written record shall be provided verbally or

in writing to the parent or the person who removes the child from the center. The record shall contain information on each of these areas:

- a. The time periods in which the child has slept.
- b. The amount of food consumed and the times at which the child has eaten.
- c. The time of and any irregularities in the child's elimination patterns.
- d. The general disposition of the child.
- e. A general summary of the activities in which the child participated.

[ARC 8650B, IAB 4/7/10, effective 6/1/10; ARC 0996C, IAB 9/4/13, effective 11/1/13; ARC 2646C, IAB 8/3/16, effective 10/1/16; ARC 3095C, IAB 6/7/17, effective 8/1/17]

441—109.10(237A) Health and safety policies. The child care center shall establish definite health policies, including the criteria for excluding a sick child from the center. The policies shall be consistent with the recommendations of the National Health and Safety Performance Standards and shall include, but are not limited to:

109.10(1) Physical examination report.

a. *Preschool-age children.* For each child five years of age and younger not enrolled in kindergarten, the child care center shall require an admission physical examination report, submitted within 30 days from the date of admission, signed by a licensed medical doctor, doctor of osteopathy, physician's assistant or advanced registered nurse practitioner. The date of the physical examination shall be no more than 12 months prior to the first day of attendance at the center. The written report shall include past health history, status of present health including allergies, medications, and acute or chronic conditions, and recommendations for continued care when necessary. Annually thereafter, a statement of health condition, signed by a licensed medical doctor, doctor of osteopathy, physician's assistant or advanced registered nurse practitioner, shall be submitted that includes any change in functioning, allergies, medications, or acute or chronic conditions.

b. *School-age children.* For each child five years of age and older and enrolled in school, the child care center shall require, prior to admission, a statement of health status signed by the parent or legal guardian that certifies that the child is free of communicable disease and that specifies any allergies, medications, or acute or chronic conditions. The statement from the parent shall be submitted annually thereafter.

c. *Religious exemption.* Nothing in this rule shall be construed to require medical treatment or immunization for staff or the child of any person who is a member of a church or religious organization which has guidelines governing medical treatment for disease that are contrary to these rules. In these instances, an official statement from the organization shall be incorporated in the personnel or child's file.

109.10(2) Medical and dental emergencies. The center shall have sufficient information and authorization to meet the medical and dental emergencies of children. The center shall have written procedures for medical and dental emergencies and shall ensure, through orientation and training, that all staff are knowledgeable of and able to implement the procedures.

109.10(3) Medications. The center shall have written procedures for the dispensing, storage, authorization, and recording of all prescription and nonprescription medications, including the following:

a. All medications shall be stored in their original containers, with accompanying physician or pharmacist's directions and label intact and stored so they are inaccessible to children and the public. Nonprescription medications shall be labeled with the child's name.

b. For every day an authorization for medication is in effect and the child is in attendance, there shall be a notation of administration including the name of the medicine, date, time, dosage given or applied, and the initials of the person administering the medication or the reason the medication was not given.

c. In the case of medications that are administered on an ongoing, long-term basis, authorization shall be obtained for a period not to exceed the duration of the prescription.

d. A child care staff member shall not provide medications to a child if the staff member has not completed preservice/orientation training that includes medication administration.

109.10(4) Daily contact. Each child shall have direct contact with a staff person upon arrival for early detection of apparent illness, communicable disease, or unusual condition or behavior which may adversely affect the child or the group. The center shall post notice at the main entrance to the center where it is visible to parents and the public of exposure of a child receiving care by the center to a communicable disease, the symptoms, and the period of communicability. If the center is located in a building used for other purposes and shares the main entrance to the building, the notice shall be conspicuously posted in the center in an area that is frequented daily by parents or the public.

109.10(5) Infectious disease control. Centers shall establish policies and procedures related to infectious disease control and the use of universal precautions with the handling of any bodily excrement or discharge, including blood and breast milk. Soiled diapers shall be stored in containers separate from other waste.

109.10(6) Quiet area for ill or injured. The center shall provide a quiet area under supervision for a child who appears to be ill or injured. The parents or a designated person shall be notified of the child's status in the event of a serious illness or emergency.

109.10(7) Staff hand washing. The center shall ensure that staff demonstrate clean personal hygiene sufficient to prevent or minimize the transmission of illness or disease. All staff shall wash their hands at the following times:

- a.* Upon arrival at the center.
- b.* Immediately before eating or participating in any food service activity.
- c.* After diapering a child.
- d.* Before leaving the rest room either with a child or by themselves.
- e.* Before and after administering nonemergency first aid to a child if gloves are not worn.
- f.* After handling animals and cleaning cages.

109.10(8) Children's hand washing. The center shall ensure that staff assist children in personal hygiene sufficient to prevent or minimize the transmission of illness or disease. For each infant or child with a disability, a separate cloth for washing and one for rinsing may be used in place of running water. Children's hands shall be washed at the following times:

- a.* Immediately before eating or participating in any food service activity.
- b.* After using the rest room or being diapered.
- c.* After handling animals.

109.10(9) First-aid kit. The center shall ensure that a clearly labeled first-aid kit is available and easily accessible to staff at all times whenever children are in the center, in the outdoor play area, and on field trips. The kit shall be sufficient to address first aid related to minor injury or trauma and shall be stored in an area inaccessible to children.

109.10(10) Recording incidents.

a. Incidents involving a child, including minor injuries, minor changes in health status, or other minor behavioral concerns, shall be reported to the parents, guardians, and legal custodians on the day of the incident. Incidents resulting in an injury to a child shall be reported to the parent on the day of the incident.

b. Incidents resulting in a serious injury, as defined in Iowa Code section 702.18, to a child in the child care facility or in the care of child care facility staff or incidents resulting in a significant change in the health status of a child shall be verbally reported to the parents, guardians, and legal custodians immediately.

(1) Serious injuries shall be reported to the department within 24 hours of the incident.

(2) Serious injuries shall be documented and information maintained in the child's file as required by subrule 109.9(2).

c. The parents, guardians, and legal custodians of any child included in incidents involving inappropriate, sexually acting-out behavior shall be notified immediately after the incident. A written report fully documenting every incident shall be provided to the parent or person authorized to remove

the child from the center. The written report shall be prepared by the staff member who observed the incident, and a copy shall be retained in the child's file.

109.10(11) Smoking. Smoking and the use of tobacco products shall be prohibited at all times in the center and in every vehicle used to transport children. Smoking and the use of tobacco products shall be prohibited in the outdoor play area during hours of operation of the center. Nonsmoking signs shall be posted at every entrance of the child care center and in every vehicle used to transport children. All signs shall include:

- a. The telephone number for reporting complaints, and
- b. The Internet address of the department of public health (www.iowasmokefreeair.gov).

109.10(12) Transportation. As outlined in Iowa Code section 321.446, all children transported in a motor vehicle subject to registration, except a bus, shall be individually secured by a safety belt, safety seat, or harness in accordance with federal motor vehicle safety standards and the manufacturer's instructions.

a. Children under the age of 6 shall be secured during transit in a federally approved child restraint system. Children under 1 year of age and weighing less than 20 pounds shall be secured during transit in a rear-facing child restraint system.

b. Children under the age of 12 shall not be located in the front seating section of the vehicle.

c. Drivers of vehicles shall possess a valid driver's license and shall not operate a vehicle while under the influence of alcohol, illegal drugs, prescription or nonprescription drugs that could impair the drivers' ability to operate a motor vehicle.

d. Vehicles that are owned or leased by the center shall receive regular maintenance and inspection according to manufacturer-recommended guidelines for vehicle and tire maintenance and inspection.

109.10(13) Field trip emergency numbers. Emergency telephone numbers for each child shall be taken by staff when transporting children to and from school and on field trips and non-center-sponsored activities away from the premises.

109.10(14) Pets. Animals kept on site shall be in good health with no evidence of disease, be of such disposition as to not pose a safety threat to children, and be maintained in a clean and sanitary manner. Documentation of current vaccinations shall be available for all cats and dogs. No ferrets, reptiles, including turtles, or birds of the parrot family shall be kept on site. Pets shall not be allowed in kitchen or food preparation areas.

109.10(15) Emergency plans.

a. The center shall have written emergency plans and diagrams for responding to fire, tornado, and flood (if area is susceptible to flood), and plans for responding to intruders within the center, intoxicated parents, and lost or abducted children. In addition, the center shall have guidelines for responding or evacuating in case of blizzards, power failures, bomb threats, chemical spills, earthquakes, or other disasters that could create structural damage to the center or pose health hazards. If the center is located within a ten-mile radius of a nuclear power plant or research facility, the center shall also have plans for nuclear evacuations. Emergency plans shall include written procedures including plans for the following:

- (1) Evacuation to safely leave the facility.
 - (2) Relocation to a common, safe location after evacuation.
 - (3) Shelter-in-place to take immediate shelter when the current location is unsafe to leave due to the emergency issue.
 - (4) Lockdown to protect children and providers from an external situation.
 - (5) Communication and reunification with parents or other adults responsible for the children which shall include emergency telephone numbers.
 - (6) Continuity of operations.
 - (7) To address the needs of individual children, including those with functional or access needs.
- b. Emergency instructions, telephone numbers, and diagrams for fire, tornado, and flood (if area is susceptible to floods) shall be visibly posted by all program and outdoor exits. Emergency plan procedures shall be practiced and documented at least once a month for fire and for tornado. Records on the practice of fire and tornado drills shall be maintained for the current and previous year.

c. The center shall develop procedures for annual staff and volunteer training on these emergency plans and shall include information on responding to fire, tornadoes, intruders, intoxicated parents, and lost or abducted children in the orientation provided to new employees and volunteers.

d. The center shall conduct a daily check to ensure that all exits are unobstructed.

109.10(16) Supervision and access.

a. The center director and on-site supervisor shall ensure that each staff member, substitute, or volunteer knows the number and names of children assigned to that staff member, substitute, or volunteer for care. Assigned staff, substitutes, and volunteers shall provide careful supervision.

b. Any person in the center who is not an owner, staff member, substitute, or volunteer who has a record check and department approval to be involved with child care shall not have unrestricted access to children for whom that person is not the parent, guardian, or custodian.

c. Persons who are exempt from the record check process are granted access in accordance with 109.6(6) "a"(2) unless the provisions of paragraph 109.10(16) "d" apply.

d. A sex offender who has been convicted of a sex offense against a minor and who is required to register with the Iowa sex offender registry under the provisions contained in Iowa Code chapter 692A shall not operate, manage, be employed by, or act as a contractor or volunteer at a child care center. The sex offender also shall not be present upon the property of a child care center without the written permission of the center director, except for the time reasonably necessary to transport the offender's own minor child or ward to and from the center.

(1) Written permission shall include the conditions under which the sex offender may be present, including:

1. The precise location in the center where the sex offender may be present;
2. The reason for the sex offender's presence at the facility;
3. The duration of the sex offender's presence;
4. Description of the supervision that the center staff will provide the sex offender to ensure that no child is alone with the sex offender.

(2) Before giving written permission, the center director shall consult with the center licensing consultant. The written permission shall be signed and dated by the center director and the sex offender and kept on file for review by the center licensing consultant.

[ARC 8650B, IAB 4/7/10, effective 6/1/10; ARC 1209C, IAB 12/11/13, effective 2/1/14; ARC 2646C, IAB 8/3/16, effective 10/1/16; ARC 3095C, IAB 6/7/17, effective 8/1/17; ARC 3096C, IAB 6/7/17, effective 8/1/17]

441—109.11(237A) Physical facilities.

109.11(1) Room size. The program room size shall be a minimum of 80 square feet of useable floor space or sufficient floor space to provide 35 square feet of useable floor space per child. In rooms where floor space occupied by cribs is counted as useable floor space, there shall be 40 square feet of floor space per child. Kitchens, bathrooms, halls, lobby areas, storage areas and other areas of the center not designed as activity space for children shall not be used as regular program space or counted as useable floor space.

109.11(2) Infants' area. An area shall be provided properly and safely equipped for the use of infants and free from the intrusion of children two years of age and older. Children over 18 months of age may be grouped outside this area if appropriate to the developmental needs of the child. Upon the recommendation of a child's physician or the area education agency serving the child, a child who is two years of age or older with a disability that results in significant developmental delays in physical and cognitive functioning who does not pose a threat to the safety of the infants may, if appropriate and for a limited time approved by the department, remain in the infant area.

109.11(3) Facility requirements.

a. The center shall ensure that:

- (1) The facility and premises are sanitary, safe and hazard-free.
- (2) Adequate indoor and outdoor program space that is adjacent to the center is provided. Centers shall have a safe outdoor program area with at least sufficient square footage to accommodate 30 percent

of the enrollment capacity at any one time at 75 square feet per child. The outdoor area shall include safe play equipment and an area of shade.

(3) Sufficient program space is provided for dining to allow ease of movement and participation by children and to allow staff sufficient space to attend to the needs of the children during routine care and emergency procedures.

(4) Sufficient lighting shall be provided to allow children to adequately perform developmental tasks without eye strain.

(5) Sufficient ventilation is provided to maintain adequate indoor air quality.

(6) Sufficient heating is provided to allow children to perform tasks comfortably without excessive clothing.

(7) Sufficient cooling is provided to allow children to perform tasks without being excessively warm or subject to heat exposure.

(8) Sufficient bathroom and diapering facilities are provided to attend immediately to children's toileting needs and maintained to reduce the transmission of disease.

(9) Equipment, including kitchen appliances, placed in a program area is maintained so as not to result in burns, shock or injury to children.

(10) Sanitation and safety procedures for the center are developed and implemented to reduce the risk of injury or harm to children and reduce the transmission of disease.

b. Approval may be given by the department to waive the outdoor space requirement for programs of three hours or less, provided there is suitable substitute space and equipment available.

c. Approval may be given by the department for centers operating in a densely developed area to use alternative outdoor play areas in lieu of adjacent outdoor play areas.

d. The director or designated person shall complete and keep a record of at least monthly inspections of the outdoor recreation area and equipment for the purpose of assessing and rectifying potential safety hazards. If the outdoor play area is not used for a period of time due to inclement weather conditions, the center shall document the reasons why the monthly inspection did not occur and shall complete and document an inspection prior to resuming use of the area.

e. Centers that operate in a public school building, including before and after school programs and summer programs serving school-age children, may receive limited exemption from a facility requirement at subrule 109.11(3), particularly relating to ventilation and bathroom facilities, if complying with the requirement would require a structural or mechanical change to the school building. Centers shall ensure that the space occupied by the center is sanitary, safe, and hazard-free and shall conduct monthly playground inspections or provide documentation that one has been completed by the public school personnel.

109.11(4) Bathroom facilities. At least one functioning toilet and one sink for each 15 children shall be provided in a room with natural or artificial ventilation. Training seats or chairs may be used for children under two years of age. New construction after November 1, 1995, shall provide for at least one sink in the same area as the toilet and, for centers serving children two weeks to two years of age, shall provide for at least one sink in the central diapering area. At least one sink shall be provided in program rooms for infants and toddlers or in an adjacent area other than the kitchen. New construction after April 1, 1998, shall have at least one sink provided in the program rooms for infants and toddlers.

109.11(5) Telephone. A working nonpay telephone shall be available in the center with emergency telephone numbers for police or 911, fire, ambulance, and poison information center posted adjacent to the telephone. The street address and telephone number of the center shall be included in the posting. A separate file or listing of emergency telephone numbers for each child shall be maintained near the telephone.

109.11(6) Kitchen appliances and microwaves. Gas or electric ranges or ovens shall not be placed in the program area. If kitchen appliances are maintained in the program area for food preparation activities, the area shall be sectioned off and shall not be counted as useable floor space for room size. Centers using microwave ovens for warming infant bottles or infant food shall ensure that the formula or food item is not served immediately to the child after being removed from the microwave. The infant bottle shall be

shaken or food stirred and the formula or food item tested by the caregiver before being fed to the infant. Breast milk shall not be warmed in a microwave.

109.11(7) Environmental hazards.

a. Within one year of being issued an initial or renewal license, centers operating in facilities built prior to 1960 shall conduct a visual assessment for lead hazards that exist in the form of peeling or chipping paint. If the presence of peeling or chipping paint is found, the paint shall be presumed to be lead-based paint unless a certified inspector as defined in department of public health rules at 641—Chapter 70 determines that it is not lead-based paint. If the presence of peeling or chipping paint is found, interim controls using safe work methods as defined by the state department of public health shall be accomplished prior to a full license being issued.

b. Within one year of being issued an initial or renewal license, centers operating in facilities that are at ground level, use a basement area as program space, or have a basement beneath the program area shall have radon testing performed as prescribed by the state department of public health at 641—Chapter 43. Testing shall be required if test kits are available from the local health department or the Iowa Radon Coalition. Retesting shall be accomplished at least every two years from the date of the initial measurement if test kits are available from the local health department or the Iowa Radon Coalition. If testing determines confirmed radon gas levels in excess of 4.0 picocurie per liter, a plan using radon mitigation procedures established by the state department of public health shall be developed with and approved by the state department of public health prior to a full license being issued.

c. To reduce the risk of carbon monoxide poisoning, all centers shall, on an annual basis prior to the heating season, have a professional inspect all fuel-burning appliances, including oil and gas furnaces, gas water heaters, gas ranges and ovens, and gas dryers, to ensure the appliances are in good working order with proper ventilation. All centers shall install one carbon monoxide detector on each floor of the center that is listed with Underwriters Laboratory (UL) as conforming to UL Standard 2034.

d. Centers that operate before and after school programs and summer-only programs that serve only school-age children and that operate in a public school building are exempted from testing for lead, radon, and carbon monoxide.

441—109.12(237A) Activity program requirements.

109.12(1) Activities. The center shall have a written curriculum or program structure that uses developmentally appropriate practices and a written program of activities planned according to the developmental level of the children. The center shall post a schedule of the program in a visible place. The child care program shall complement but not duplicate the school curriculum. The program shall be designed to provide children with:

a. A curriculum or program of activities that promotes self-esteem and positive self-image; social interaction; self-expression and communication skills; creative expression; and problem-solving skills.

b. A balance of active and quiet activities; individual and group activities; indoor and outdoor activities; and staff-initiated and child-initiated activities.

c. Activities which promote both gross and fine motor development.

d. Experiences in harmony with the ethnic and cultural backgrounds of the children.

e. A supervised nap or quiet time for all children under the age of six not enrolled in school who are present at the center for five or more hours.

109.12(2) Discipline. The center shall have a written policy on the discipline of children which provides for positive guidance, with direction for resolving conflict and the setting of well-defined limits. The written policy shall be provided to staff at the start of employment and to parents at time of admission. The center shall not use as a form of discipline:

a. Corporal punishment including spanking, shaking, and slapping.

b. Punishment which is humiliating or frightening or which causes pain or discomfort to the child. Children shall never be locked in a room, closet, box or other device. Mechanical restraints shall never be used as a form of discipline. When restraints are part of a treatment plan for a child with a disability authorized by the parent and a psychologist or psychiatrist, staff shall receive training on the safe and appropriate use of the restraint.

c. Punishment or threat of punishment associated with a child's illness, lack of progress in toilet training, or in connection with food or rest.

d. No child shall be subjected to verbal abuse, threats, or derogatory remarks about the child or the child's family.

109.12(3) Policies for children requiring special accommodations. Reasonable accommodations, based on the special needs of the child, shall be made in providing care to a child with a disability. Accommodation can be a specific treatment prescribed by a professional or a parent, or a modification of equipment, or removal of physical barriers. The accommodation shall be recorded in the child's file.

109.12(4) Play equipment, materials and furniture. The center shall provide sufficient and safe indoor play equipment, materials, and furniture that conform with the standards or recommendations of the Consumer Product Safety Commission or the American Society for Testing and Materials for juvenile products. Play equipment, materials, and furniture shall meet the developmental, activity, and special needs of the children.

Rooms shall be arranged so as not to obstruct the direct observation of children by staff. Individual covered mats, beds, or cots and appropriate bedding shall be provided for all children who nap. The center shall develop procedures to ensure that all equipment and materials are maintained in a sanitary manner. Sufficient spacing shall be maintained between equipment to reduce the transmission of disease, to allow ease of movement and participation by children and to allow staff sufficient space to attend to the needs of the children during routine care and emergency procedures. The center shall provide sufficient toilet articles for each child for hand washing. Parents may provide items for oral hygiene (if appropriate to the developmental age and needs of the child). The center shall ensure that sanitary procedures are followed for use and storage of the articles.

109.12(5) Infant environment. A child care center serving children two weeks to two years old must provide an environment which protects the children from physical harm, but is not so restrictive as to inhibit physical, intellectual, emotional, and social development.

a. Stimulation shall be provided to each child through being held, rocked, played with and talked with throughout the time care is provided. Insofar as possible, the same adult should provide complete care for the same child.

b. Each infant and toddler shall be diapered in a sanitary manner as frequently as needed at a central diapering area. Diapering, sanitation, and hand-washing procedures shall be posted and implemented in every diapering area. There shall be at least one changing table for every 15 infants.

c. Highchairs or hook-on seats shall be equipped with a safety strap which shall be engaged when the chair is in use and shall be constructed so the chair will not topple.

d. Safe, washable toys, large enough so they cannot be swallowed and with no removable parts, shall be provided. All hard-surface toys used by children shall be sanitized daily.

e. The provider shall follow safe sleep practices as recommended by the American Academy of Pediatrics for infants under the age of one. Requirements are as follows:

(1) Infants shall always be placed on their backs for sleep.

(2) Infants shall be placed on a firm mattress with a tight fitted sheet that meets U.S. Consumer Product Safety Commission federal standards.

(3) Infants shall not be allowed to sleep on a bed, sofa, air mattress or other soft surface. No child shall be allowed to sleep in any item not designed for sleeping including, but not limited to, an infant seat, car seat, swing, or bouncy seat.

(4) No toys, soft objects, stuffed animals, pillows, bumper pads, blankets, or loose bedding shall be allowed in the sleeping area with the infant.

(5) No co-sleeping shall be allowed.

(6) Sleeping infants shall be actively observed by sight and sound.

(7) If an alternate sleeping position is needed, a signed physician or physician assistant authorization with statement of medical reason is required.

f. A crib or criblike furniture which has a waterproof mattress covering and sufficient bedding to enable a child to rest comfortably and which meets the current standards or recommendations from the Consumer Product Safety Commission or ASTM International for juvenile products shall be provided

for each child under two years of age if developmentally appropriate. Crib railings shall be fully raised and secured when the child is in the crib. A crib or criblike furniture shall be provided for the number of children present at any one time. The center shall develop procedures for maintaining all cribs or criblike furniture and bedding in a clean and sanitary manner. There shall be no restraining devices of any type used in cribs.

g. Infant walkers shall not be used.

h. For programs operating five hours or less on a daily basis, the center shall have a sufficient number of cribs or criblike furniture which has a waterproof mattress covering and sufficient bedding to enable a child to rest comfortably and which meets the current standards from the Consumer Product Safety Commission or the American Society for Testing and Materials for juvenile products for children who may nap during the time in attendance. Cribs or criblike furniture shall be used by only one child at a time and shall be maintained in a clean and sanitary manner.

i. All items used for sleeping must be used in compliance with manufacturer standards for age and weight of the child.

[ARC 2646C, IAB 8/3/16, effective 10/1/16; ARC 3556C, IAB 1/3/18, effective 3/1/18]

441—109.13(237A) Extended evening care. A center providing extended evening care shall comply with the licensing requirements for centers contained in Iowa Code chapter 237A and this chapter, with the additional requirements set forth below.

109.13(1) Facility requirements.

a. The center shall ensure that sufficient cribs, beds, cots and bedding are provided appropriate to the child's age and that sufficient furniture, lighting, and activity materials are available for the children. Equipment and materials shall be maintained in a safe and sanitary manner.

b. The center shall ensure that a separate space is maintained for school-age boys and girls to provide privacy during bathroom and bedtime activities. Bathroom doors used by children shall be nonlockable.

c. The center shall ensure that parents have provided the personal effects needed to meet their child's personal hygiene and prepare for sleep. The center shall supplement those items needed for personal hygiene which the parent does not provide. The center shall obtain written information from the parent regarding the child's snacking, toileting, personal hygiene and bedtime routines.

109.13(2) Activities.

a. Evening activities shall be primarily self-selected by the child.

b. Every child-occupied room except those rooms used only by school-age children for sleeping shall have adult supervision present in the room. Staff counted for purposes of meeting child-to-staff ratios shall be present and awake at all times. In rooms where only school-age children are sleeping, visual monitoring equipment may be used. If a visual monitor is used, the monitoring must allow for all children to be visible at all times. Staff shall be present in the room with the monitor and shall enter the room used for sleeping to conduct a check of the children every 15 minutes.

441—109.14(237A) Get-well center. A get-well center shall comply with the licensing requirements for centers contained in Iowa Code chapter 237A and this chapter with the additional requirements and exceptions set forth below.

109.14(1) Staff requirements.

a. The center shall have a medical advisor for the center's health policy. The medical advisor shall be a medical doctor or a doctor of osteopathy currently in pediatrics or family practice.

b. A center shall have a licensed LPN or RN on duty at all times that children are present. If the nurse on duty is an LPN, the medical advisor or an RN shall be available in the proximate area as defined in state board of nursing rules at 655—6.1(152).

109.14(2) Health policies.

a. The center shall have a written health policy, consistent with the National Health and Safety Performance Standards, approved and signed by the owner or the chair of the board and by the medical advisor before the center can begin operations. Changes in the health policy shall be approved by the

medical advisor and submitted in writing to the department. A written summary of the health policy shall be given to the parent when a child is enrolled in the center. The center's health policy at a minimum shall address procedures in the following areas:

(1) Medical consultation, medical emergencies, triage policies, storage and administration of medications, dietary considerations, sanitation and infection control, categorization of illness, length of enrollment periods, exclusion policy, and employee health policy.

(2) Reportable disease policies as required by the state department of public health.

b. The child shall be given a brief evaluation by an LPN or RN upon each arrival at the center.

c. The parent shall receive a brief written summary when the child is picked up at the end of the day. The summary must include:

(1) Admitting symptoms.

(2) Medications administered and time they were administered.

(3) Nutritional intake.

(4) Rest periods.

(5) Output.

(6) Temperature.

109.14(3) Exceptions. The following exceptions to 441—Chapter 109 shall be applied to get-well centers:

a. A center shall maintain a minimum staff ratio of one-to-four for infants and one-to-five for children over the age of two.

b. All staff that have contact with children shall have a minimum of 17 clock hours of special training in caring for mildly ill children. Current certification of the training shall be contained in the personnel files. Special training shall be department-approved and include the following:

(1) Four hours' training in infant and child cardiopulmonary resuscitation (CPR), four hours' training in pediatric first aid, and one hour of training in infection control within the first month of employment.

(2) Six hours' training in care of ill children, and two hours' training in child abuse identification and reporting within the first six months of employment and every five years thereafter.

c. There shall be 40 square feet of program space per child.

d. There shall be a sink with hot and cold running water in every child-occupied room.

e. Outdoor space may be waived with the approval of the department if the program is in an area adjacent to the pediatrics unit of a hospital.

f. Grouping of children shall be allowed by categorization of illness or by transmission route without regard to age, and shall be in separate rooms with full walls and doors.

441—109.15(237A) Food services. Centers participating in the USDA Child and Adult Care Food Program (CACFP) may have requirements that differ from those outlined in this rule in obtaining CACFP reimbursement and shall consult with a state CACFP consultant.

109.15(1) Nutritionally balanced meals or snacks. The center shall serve each child a full, nutritionally balanced meal or snack as defined by the USDA Child and Adult Care Food Program (CACFP) guidelines and shall ensure that staff provide supervision at the table during snacks and meals. Children remaining at the center two hours or longer shall be offered food at intervals of not less than two hours or more than three hours apart unless the child is asleep.

109.15(2) Menu planning. The center shall follow the minimum CACFP menu patterns for meals and snacks and serving sizes for children aged infant to 13 years. Menus shall be planned at least one week in advance, made available to parents, and kept on file at the center. Substitutions in the menu, including substitutions made for infants, shall be noted and kept on file. Foods with a high incident rate of causing choking in young children shall be avoided or modified. Provisions of this subrule notwithstanding, exceptions shall be allowed for special diets because of medical reasons in accordance with the child's needs and written instructions of a licensed physician or health care provider.

109.15(3) Feeding of children under two years of age.

a. All children under 12 months of age shall be fed on demand, unless the parent provides other written instructions. Meals and snacks provided by the center shall follow the CACFP infant menu patterns. Foods shall be appropriate for the infant's nutritional requirements and eating abilities. Menu patterns may be modified according to written instructions from the parent, physician or health care provider. Special formulas prescribed by a physician or health care provider shall be given to a child who has a feeding problem.

b. All children under six months of age shall be held or placed in a sitting-up position sufficient to prevent aspiration during feeding. No bottles shall be propped for children of any age. A child shall not be placed in a crib with a bottle or left sleeping with a bottle. Spoon feeding shall be adapted to the developmental capabilities of the child.

c. Single-service, ready-to-feed formulas, concentrated or powdered formula following the manufacturer's instructions or breast milk shall be used for children 12 months of age and younger unless otherwise ordered by a parent or physician.

d. Whole milk for children under age two who are not on formula or breast milk unless otherwise directed by a physician.

e. Cleaned and sanitized bottles and nipples shall be used for bottles prepared on site. Prepared bottles shall be kept under refrigeration when not in use.

109.15(4) Food brought from home.

a. The center shall establish policies regarding food brought from home for children under five years of age who are not enrolled in school. A copy of the written policy shall be given to the parent at admission. Food brought from home for children under five years of age who are not enrolled in school shall be monitored and supplemented if necessary to ensure CACFP guidelines are maintained.

b. The center may not restrict a parent from providing meals brought from home for school-age children or apply nutritional standards to the meals.

c. Perishable foods brought from home shall be maintained to avoid contamination or spoilage.

d. Snacks that may not meet CACFP nutrition guidelines may be provided by parents for special occasions such as birthdays or holidays.

109.15(5) Food preparation, storage, and sanitation. Centers shall ensure that food preparation and storage procedures are consistent with the recommendations of the National Health and Safety Performance Standards and provide:

a. Sufficient refrigeration appropriate to the perishable food to prevent spoilage or the growth of bacteria.

b. Sanitary and safe methods in food preparation, serving, and storage sufficient to prevent the transmission of disease, infestation of insects and rodents, and the spoilage of food. Staff preparing food who have injuries on their hands shall wear protective gloves. Staff serving food shall have clean hands or wear protective gloves and use clean serving utensils.

c. Sanitary methods for dish-washing techniques sufficient to prevent the transmission of disease.

d. Sanitary methods for garbage disposal sufficient to prevent the transmission of disease and infestation of insects and rodents.

109.15(6) Water supply. The center shall ensure that suitable water and sanitary drinking facilities are available and accessible to children. Centers that serve infants and toddlers shall provide individual cups for drinking in addition to drinking fountains that may be available in the center.

a. Private water supplies shall be of satisfactory bacteriological quality as shown by an annual laboratory analysis. Water for the analysis shall be drawn between May 1 and June 30 of each year. When the center provides care for children under two years of age, a nitrate analysis shall also be obtained.

b. When public or private water supplies are determined unsuitable for drinking, commercially bottled water certified as chemically and bacteriologically potable or water treated through a process approved by the health department or designee shall be provided.

These rules are intended to implement Iowa Code section 232.69 and chapter 237A.

CHAPTER 110
CHILD DEVELOPMENT HOMES

PREAMBLE

This chapter establishes registration procedures for child development homes. Included are application and renewal procedures, standards for providers, and procedures for compliance checks and complaint investigations.

[ARC 2647C, IAB 8/3/16, effective 10/1/16]

441—110.1(237A) Definitions.

“Adult” means a person 18 years of age or older.

“Assistant” means a responsible person 14 years of age or older. The assistant may never be left alone with children. Ultimate responsibility for supervision is with the child care provider.

“Child” means either of the following:

1. A person 12 years of age or younger.
2. A person 13 years of age or older but younger than 19 years of age who has a developmental disability, as defined under the federal Developmental Disabilities Assistance and Bill of Rights Act of 2000, Public Law No. 106-402, codified in 42 U.S.C. 15002(8).

“Child care” means the care, supervision, or guidance of a child by a person other than the child’s parent, guardian, or custodian for periods of less than 24 hours per day per child on a regular basis. *“Child care”* shall not mean special activity programs that meet on a regular basis such as music or dance classes, organized athletics or sports programs, scouting programs, or hobby or craft classes or clubs.

“Child care facility” or *“facility”* means a child care center, a preschool, or a registered child development home.

“Child care home” means a person or program providing child care to five or fewer children at any one time that is not registered to provide child care under this chapter, as authorized under Iowa Code section 237A.3.

“Child development home” means a person or program registered under this chapter that may provide child care to six or more children at any one time.

“Department” means the department of human services.

“Involvement with child care” means licensed or registered as a child care facility, employed in a child care facility, residing in a child care facility, receiving public funding for providing child care, providing child care as a child care home provider, or residing in a child care home.

“Parent” means parent or legal guardian.

“Part-time hours” means the hours that child development homes in categories B and C are allowed to exceed their maximum preschool- or school-age capacity. A provider may use a total of up to 180 hours per month as part-time hours. No more than two children using part-time hours may be in the child development home at any one time.

“Person subject to an evaluation” means a person who has committed a transgression and who is described by any of the following:

1. The person is being considered for registration or is registered.
2. The person is being considered by a child care facility for employment involving direct responsibility for a child or with access to a child when the child is alone, or the person is employed with such responsibilities.
3. The person will reside or resides in a child care facility.
4. The person has applied for or receives public funding for providing child care.
5. The person will reside or resides in a child care home that is not registered but that receives public funding for providing child care.

“Provider” means the person or program that applies for registration to provide child care and is approved as a child development home.

“Registration” means the process by which child care providers certify that they comply with rules adopted by the department.

“*Registration certificate*” means the written document issued by the department to publicly state that the provider has certified in writing compliance with the minimum requirements for registration of a child development home.

“*School*” means kindergarten or a higher grade level.

“*Transgression*” means the existence of any of the following in a person’s record:

1. Conviction of a crime.
2. A record of having committed founded child or dependent adult abuse.
3. Listing in the sex offender registry established under Iowa Code chapter 692A.
4. A record of having committed a public or civil offense.

5. Department revocation or denial of a child care facility registration or license due to the person’s continued or repeated failure to operate the child care facility in compliance with licensing and registration laws and rules.

[ARC 2647C, IAB 8/3/16, effective 10/1/16]

441—110.2(237A) Application for registration. A provider shall apply for registration on Form 470-3384, Application for Child Development Home Registration, provided by the department’s local office or, if available, on the department’s website. The provider shall also use Form 470-3384 to inform the department of any changes in circumstances that would affect the registration.

[ARC 2647C, IAB 8/3/16, effective 10/1/16]

441—110.3(237A) Renewal of registration. Renewal of registration shall be completed every 24 months. To request renewal, a provider shall submit Form 470-3384, Application for Child Development Home Registration, and copies of certificates of training, which shall be retained in the registration file. The registration renewal process shall include completion of child abuse, sex offender, and criminal record checks.

[ARC 2647C, IAB 8/3/16, effective 10/1/16]

441—110.4(237A) Compliance checks. Prior to registration, a compliance visit to inspect for compliance with health, safety, and fire standards shall be completed.

An unannounced compliance visit shall be conducted not less than annually to check for compliance with health, safety, and fire standards as well as all child care regulatory standards. Completed evaluation checklists shall be placed in the registration files.

[ARC 2647C, IAB 8/3/16, effective 10/1/16]

441—110.5(237A) Parental access. Parents shall be afforded unlimited access to their children and to the people caring for their children during the normal hours of operation or whenever their children are in the care of the child development home, unless parental contact is prohibited by court order.

[ARC 2647C, IAB 8/3/16, effective 10/1/16]

441—110.6(237A) Number of children. The number of children in a child development home shall conform to the following standards:

110.6(1) Limit. Except as provided in subrule 110.6(3), no greater number of children shall be received for care at any one time than the number authorized on the registration certificate.

110.6(2) Children counted. To determine the number of children cared for at any one time in a child development home, each child present in the child development home shall be considered to be receiving care unless the child is described by one of the following exceptions:

a. The child’s parent, guardian, or custodian established or operates the child development home and either the child is attending school or the child receives child care full-time on a regular basis from another person.

b. The child has been present in the child development home for more than 72 consecutive hours and meets the requirements of the exception in paragraph 110.6(2)“*a*” as though the person who established or operates the child development home is the child’s parent, guardian, or custodian.

110.6(3) Exception for emergency school closing. On days when schools are closed due to emergencies such as inclement weather or physical plant failure, a child development home may have

additional children present in accordance with the authorization for the registration category of the home and subject to all of the following conditions:

- a. The child development home has prior written approval from the parent or guardian of each child present in the home concerning the presence of additional children in the home.
- b. The child development home has a department-approved assistant, aged 14 or older, on duty to assist the care provider, as required for the registration category of the home.
- c. One or more of the following conditions are applicable to each of the additional children present in the child development home:
 - (1) The home provides care to the child on a regular basis for periods of less than two hours.
 - (2) If the child were not present in the child development home, the child would be unattended.
 - (3) The home regularly provides care to a sibling of the child.
- d. The provider shall maintain a written record including the date of the emergency school closing, the reason for the closing, and the number of children in care on that date.

[ARC 2647C, IAB 8/3/16, effective 10/1/16]

441—110.7(237A) Provider requirements.

110.7(1) Provider. The provider shall:

- a. Give careful supervision at all times.
- b. Exchange information with the parent of each child frequently to enhance the quality of care.
- c. Give consistent, dependable care and be capable of handling emergencies.
- d. Be present at all times except when emergencies occur or an absence is planned, at which time care shall be provided by a department-approved substitute. When an absence is planned, the provider shall give parents at least 24 hours' prior notice.
- e. Be free of the use of illegal drugs and shall not be under the influence of alcohol or of any prescription or nonprescription drug that could impair the provider's ability to give careful supervision.

110.7(2) Substitutes. The provider shall assume responsibility for providing adequate and appropriate supervision at all times when children are in attendance. Any designated substitute shall have the same responsibility for providing adequate and appropriate supervision. Ultimate responsibility for supervision shall be with the provider.

- a. All standards in this chapter regarding supervision and care of children shall apply to substitutes.
- b. Except in emergency situations, the provider shall inform parents in advance of the planned use of a substitute.
- c. The substitute must be 18 years of age or older.
- d. Use of a substitute shall be limited to:
 - (1) No more than 25 hours per month.
 - (2) An additional period of up to two weeks in a 12-month period.
- e. The provider shall maintain a written record of the number of hours care is provided by a substitute, including the date of the care and the name of the substitute.

[ARC 2647C, IAB 8/3/16, effective 10/1/16]

441—110.8(237A) Standards. Conditions in the home shall be safe, sanitary, and free of hazards. The provider shall certify that the child development home meets the following standards and also the standards in either rule 441—110.13(237A), 441—110.14(237A), or 441—110.15(237A), specific to the category of home for which the provider requests registration.

110.8(1) Facility requirements.

a. The home shall have a nonpay, working landline or mobile telephone with emergency numbers posted for police, fire, ambulance, and the poison information center. The number for each child's parent, for a responsible person who can be reached when the parent cannot, and for the child's physician shall be written on paper and readily accessible by the telephone. The home must prominently display all emergency information, and all travel vehicles must have a paper copy of emergency parent contact information.

b. Electrical wiring shall be maintained, and all accessible electrical outlets shall be tamper-resistant outlets or shall be safely capped. Electrical cords shall be properly used. Improper use

includes the running of cords under rugs, over hooks, or through door openings or other use that has been known to be hazardous.

c. Combustible materials shall be kept a minimum of three feet away from furnaces, stoves, water heaters, and gas dryers.

d. Approved safety gates at stairways and doors shall be provided and used as needed.

e. Annual laboratory analysis of a private water supply shall be conducted to show satisfactory bacteriological quality. When children under the age of two are to be cared for, the analysis shall include a nitrate analysis. When private water supplies are determined unsuitable for drinking, commercially bottled water or water treated through a process approved by the health department or designee shall be provided.

f. A safety barrier shall surround any heating stove or heating element, in order to prevent burns.

g. The home shall have at least one 2A 10BC-rated fire extinguisher located in a visible and readily accessible place on each child-occupied floor.

h. The home shall have at least one single-station, battery-operated, UL-approved smoke detector in each child-occupied room and at the top of every stairway. Each smoke detector shall be installed according to the manufacturer's recommendations. The provider shall test each smoke detector monthly and keep a record of testing for inspection purposes.

i. Smoking and the use of tobacco products shall be prohibited at all times in the home and in every vehicle in which children receiving care in the home are transported. Smoking and the use of tobacco products shall be prohibited in the outdoor play area during the home's hours of operation. "No smoking" signs shall be posted at every entrance of the child care home and in every vehicle used to transport children. All signs shall include:

(1) The telephone number for reporting complaints, and

(2) The Internet address of the department of public health (www.iowasmokefreeair.gov).

j. Homes served by private sewer systems shall be in compliance with discharge restrictions identified at 567—Chapter 69. Discharge of untreated waste water from private sewage disposal systems is prohibited. Compliance shall be verified by the local board of health at the time of registration renewal and new registration.

k. A provider operating in a facility built before 1960 shall assess and control lead hazards before being issued an initial child development home registration or a renewal of the registration. To comply with this requirement, the provider shall:

(1) Conduct a visual assessment of the facility for lead hazards that exist in the form of chipping or peeling paint;

(2) Apply interim controls on any chipping or peeling paint found, using lead-safe work methods in accordance with and as defined by department of public health rules at 641—Chapters 69 and 70, unless a certified inspector as defined in 641—Chapter 70 determines that the paint is not lead-based paint; and

(3) Submit Form 470-4755, Lead Assessment and Control, as verification of the visual assessment and completion of interim controls, if necessary.

l. The child development home shall be located in a single-family residence that is owned, rented, or leased by the person, or, for dual registrations, at least one of the persons, who is named on the child development home's certificate of registration.

m. Any driver who transports children for any purpose shall have a valid driver's license and adequate motor vehicle insurance that authorizes the driver to operate the type of vehicle being driven. Child restraint devices shall be utilized in compliance with Iowa Code section 321.446.

n. Providers shall inform parents of the presence of any pet in the home.

(1) Each dog or cat in the household shall undergo an annual health examination by a licensed veterinarian. Acceptable veterinary examinations shall be documented on Form 470-5153, Veterinary Health Certificate. This examination shall verify that the animal's routine immunizations, particularly rabies, are current and that the animal shows no evidence of endoparasites (roundworms, hookworms, whipworms) and ectoparasites (fleas, mites, ticks, lice).

(2) Each pet bird in the household shall be purchased from a dealer licensed by the Iowa department of agriculture and land stewardship and shall be examined by a veterinarian to verify that the bird is free

of infectious diseases. Acceptable veterinary examinations shall be documented on Form 470-5153, Veterinary Health Certificate. Children shall not handle pet birds.

(3) Aquariums shall be well maintained and installed in a manner that prevents children from accessing the water or pulling over a tank.

(4) All animal waste shall be immediately removed from the children's areas and properly disposed of. Children shall not perform any feeding or care of pets or cleanup of pet waste.

(5) No animals shall be allowed in the food preparation, food storage, or serving areas during food preparation and serving times.

o. Using an injury report form, the provider shall document all injuries that require first aid or medical care. The form shall be completed on the date of occurrence, shared with the parent, and maintained in the child's file.

p. The provider shall have written policies regarding the care of mildly ill children and the exclusion of children due to illness and shall inform parents of these policies.

q. The provider shall have written policy and procedures for responding to health-related emergencies.

r. The certificate of registration shall be displayed in a conspicuous place.

s. Serious injuries.

(1) Serious injuries, as defined in Iowa Code section 702.18, that occur in a child care facility or when a child is in the care of child care facility staff shall be reported to the department within 24 hours of the incident.

(2) Serious injuries shall be documented and information maintained in the child's file as required by subrule 110.9(4).

110.8(2) Use of outdoor space.

a. A safe outdoor play area shall be maintained in good condition throughout the year. The play area shall be fenced off when located on a busy thoroughfare or near a hazard which may be injurious to a child and shall have both sunshine and shade areas. The play area shall be kept free from litter, rubbish, and flammable materials and shall be free from contamination by the drainage or ponding of sewage, household waste, or storm water.

b. When there is a swimming or wading pool on the premises:

(1) The wading pool shall be drained daily and shall be inaccessible to children when it is not in use.

(2) An aboveground or in-ground swimming pool that is not fenced shall be covered whenever the pool is not in use. The cover shall meet or exceed the ASTM International (formerly known as the American Society for Testing and Materials) specification intended to reduce the risk of drowning by inhibiting access to the water by children under five years of age.

(3) An uncovered aboveground swimming pool shall be enclosed with an approved fence that is nonclimbable and is at least four feet high.

(4) An uncovered in-ground swimming pool shall be enclosed with an approved fence that is nonclimbable and is at least four feet high and flush with the ground.

c. If children are allowed to use an aboveground or in-ground swimming pool:

(1) Written permission from parents shall be available for review.

(2) Equipment needed to rescue a child or adult shall be readily accessible.

(3) The child care provider shall accompany the children and provide constant supervision while the children use the pool.

(4) The child care provider shall complete training in cardiopulmonary resuscitation for infants, toddlers, and children, according to the criteria of the American Red Cross or the American Heart Association.

110.8(3) Medications and hazardous materials.

a. All medicines and poisonous, toxic, or otherwise unsafe materials shall be secured from access by a child.

b. A first-aid kit shall be available and easily accessible whenever children are in the child development home, in the outdoor play area, in vehicles used to transport children, and on field trips.

The kit shall be sufficient to address first aid related to minor injury or trauma and shall be stored in an area inaccessible to children. The kit shall, at a minimum, include adhesive bandages, bottled water, disposable tweezers, and disposable plastic gloves.

c. Medications shall be given only with the parent's or doctor's written authorization. Each prescribed medication shall be accompanied by a physician's or pharmacist's direction. Both nonprescription and prescription medications shall be in the original container with directions intact and labeled with the child's name. All medications shall be stored properly and, when refrigeration is required, shall be stored in a separate, covered container so as to prevent contamination of food or other medications. All medications shall be stored so they are inaccessible to children. Any medication administered to a child shall be recorded, and the record shall indicate the name of the medication, the date and time of administration, and the amount administered.

d. All new providers and providers renewing registrations after September 30, 2016, shall not provide medications to a child if the provider has not completed preservice/orientation training that includes medication administration.

110.8(4) *Emergency plans.* Emergency plans in case of man-made or natural disaster shall be written and posted by the primary and secondary exits. The plans shall clearly map building evacuation routes and tornado and flood shelter areas.

a. Fire and tornado drills shall be practiced monthly, and the provider shall keep documentation evidencing compliance with monthly practice on file for the current year and the previous year.

b. The provider must have procedures in place for the following:

- (1) Evacuation to safely leave the facility.
- (2) Relocation to a common, safe location after evacuation.
- (3) Shelter-in-place to take immediate shelter where the child is when it is unsafe to leave that location due to the emergent issue.
- (4) Lockdown to protect children and providers from an external situation.
- (5) Communication and plans for reunification with families.
- (6) Continuity of operations.
- (7) To address the needs of individual children, including those with functional or access needs.

110.8(5) *Safe sleep.*

a. The provider shall follow safe sleep practices as recommended by the American Academy of Pediatrics for infants under the age of one. Infant sleep shall conform to the following standards:

- (1) Infants shall always be placed on their backs for sleep.
- (2) Infants shall be placed on a firm mattress with a tight fitted sheet that meets U.S. Consumer Product Safety Commission federal standards.
- (3) Infants shall not be allowed to sleep on a bed, sofa, air mattress or other soft surface.
- (4) No toys, soft objects, stuffed animals, pillows, bumper pads, blankets, or loose bedding shall be allowed in the sleeping area with the infant.
- (5) No co-sleeping shall be allowed.
- (6) Sleeping infants shall be actively observed by sight and sound.
- (7) If an alternate sleeping position is needed, a signed physician or physician assistant authorization with statement of medical reason is required.

b. No child shall be allowed to sleep in any item not designed for sleeping including, but not limited to, an infant seat, car seat, swing, or bouncy seat.

c. A crib or criblike furniture which has a waterproof mattress covering and sufficient bedding to enable a child to rest comfortably and which meets the current standards or recommendations from the Consumer Product Safety Commission or ASTM International for juvenile products shall be provided for each child under two years of age if developmentally appropriate. Crib railings shall be fully raised and secured when the child is in the crib. A crib or criblike furniture shall be provided for the number of children present at any one time. The home shall maintain all cribs or criblike furniture and bedding in a clean and sanitary manner. There shall be no restraining devices of any type used in cribs.

d. All items used for sleeping must be used in compliance with manufacturer standards for age and weight of the child.

110.8(6) Discipline. Discipline shall conform to the following standards:

- a.* Corporal punishment, including spanking, shaking and slapping, shall not be used.
- b.* Punishment that is humiliating or frightening or that causes pain or discomfort to the child shall not be used.
- c.* Punishment shall not be administered because of a child's illness, or progress or lack of progress in toilet training, nor shall punishment or threat of punishment be associated with food or rest.
- d.* No child shall be subjected to verbal abuse, threats, or derogatory remarks about the child or the child's family.
- e.* Discipline shall be designed to help the child develop self-control, self-esteem, and respect for the rights of others.

110.8(7) Meals and snacks.

- a.* Regular meals and midmorning or midafternoon snacks shall be provided. The meals and snacks shall be well-balanced, nourishing, and in appropriate amounts as defined by the USDA Child and Adult Care Food Program.
- b.* Children may bring food to the child development home for their own consumption but shall not be required to provide their own food.
- c.* Clean, sanitary drinking water shall be readily available to children in indoor and outdoor areas, throughout the day.

110.8(8) Activity program. There shall be an activity program which promotes self-esteem and exploration and includes:

- a.* Active play.
- b.* Quiet play.
- c.* Activities for large-muscle development.
- d.* Activities for small-muscle development.
- e.* Play equipment and materials in a safe condition, for both indoor and outdoor activities which are developmentally appropriate for the ages and number of children present.

[ARC 2647C, IAB 8/3/16, effective 10/1/16; ARC 3096C, IAB 6/7/17, effective 8/1/17; ARC 3556C, IAB 1/3/18, effective 3/1/18]

441—110.9(237A) Files.

110.9(1) A provider file shall be maintained and shall contain the following:

a. A physical examination report. Providers and all members of a provider's household over the age of 12 shall have good health as evidenced by a preregistration physical examination. Acceptable physical examinations shall be documented on Form 470-5152, Child Care Provider Physical Examination Report. The physical examination shall include any necessary testing for communicable diseases; shall include a discussion regarding current Advisory Committee on Immunization Practices (ACIP)-recommended vaccinations; shall be performed by a licensed medical doctor, doctor of osteopathy, physician assistant or advanced registered nurse practitioner within six months prior to the provider's registration; and shall be repeated at least every three years. All children residing in the household who are 12 years of age or younger must have the medical documentation outlined in paragraphs 110.9(4) "*d*," "*f*," and "*g*."

b. Certificates or other documentation from the department verifying the following:

- (1) Required training as set forth in subrule 110.10(1).
- (2) Completion of all record checks as required in subrule 110.11(3), at initial application, at each application for change, and at each application for renewal.

110.9(2) An individual file for each staff assistant shall be maintained and shall contain the following:

a. Documentation from the department which confirms that the record checks required under subrule 110.11(3) have been completed and authorizes or conditionally limits the person's involvement with child care.

b. A completed Form 470-5152, Child Care Provider Physical Examination Report, that meets the requirements of paragraph 110.9(1)“a.”

c. Certification of a minimum of two hours of approved training relating to the identification and reporting of child abuse, completed within three months of employment and every five years thereafter, as required by Iowa Code section 232.69.

110.9(3) An individual file for each substitute shall be maintained and shall contain the following:

a. Documentation from the department which confirms that the record checks required under subrule 110.11(3) have been completed and authorizes or conditionally limits the person’s involvement with child care.

b. A completed Form 470-5152, Child Care Provider Physical Examination Report, that meets the requirements of paragraph 110.9(1)“a.”

c. Certification of a minimum of two hours of approved training relating to the identification and reporting of child abuse, completed within three months of employment and every five years thereafter, as required by Iowa Code section 232.69.

d. Certification in first aid that meets the requirements of paragraph 110.10(1)“c.”

e. Certification or other documentation that minimum health and safety training has been completed in compliance with paragraph 110.10(1) “a” within three months of a substitute’s hiring or before a substitute provides care, whichever occurs first.

110.9(4) Children’s files. An individual file for each child shall be maintained and updated annually or when the provider becomes aware of changes. The file shall contain:

a. Identifying information including, at a minimum, the child’s name and birth date; the parent’s name, address and telephone number; special needs of the child; and the parent’s work address and telephone number.

b. Emergency contact information including, at a minimum, where the parent can be reached, the name, street address, city and telephone number of the child’s regular source of health care, and the name, telephone number, and relationship to the child of another adult available in case of emergency.

c. A signed medical consent from the parent authorizing emergency medical and dental treatment.

d. An admission physical examination report signed by a licensed physician or a designee in a clinic supervised by a licensed physician.

(1) The date of the physical examination shall not be more than 12 months before the child’s first day of attendance at the child development home.

(2) The written report shall include the child’s past health history, status of the child’s present health, allergies and restrictive conditions, and recommendations for continued care when necessary.

(3) For a child who is five years of age or older and enrolled in school, a statement of health status signed by the parent or legal guardian may be substituted for the physical examination report.

(4) The examination report or statement of health status shall be on file before the child’s first day of care.

e. A statement of health condition signed by a physician or designee and submitted annually from the date of the admission physical examination. For a child who is five years of age or older and enrolled in school, a statement of health status signed by the parent or legal guardian may be substituted for the physician statement.

f. For each school-age child, on the first day of attendance, documentation of a physical examination that was completed at the time of school enrollment or since.

g. A signed and dated immunization certificate provided by the Iowa department of public health. For the school-age child, a copy of the most recent immunization record shall be acceptable.

h. For any child with allergies, a written emergency plan in case of an allergic reaction. A copy of this information shall accompany the child if the child leaves the premises.

i. A list that is signed by the parent and names persons authorized to pick up the child. The authorization shall include the name, telephone number, and relationship of the authorized person to the child.

j. Written permission from the parent for the child to attend activities away from the child development home. The permission shall include:

- (1) Times of departure and arrival.
 - (2) Destination.
 - (3) Names of persons who will be responsible for the child.
 - k. Injury report forms documenting injuries requiring first aid or medical care.
 - l. If the child meets the definition of homelessness as defined by Section 725(2) of the McKinney-Vento Homeless Education Assistance Act, the family shall receive a 60-day grace period to obtain medical documentation.
- [ARC 2647C, IAB 8/3/16, effective 10/1/16; ARC 3095C, IAB 6/7/17, effective 8/1/17]

441—110.10(237A) Professional development.

110.10(1) Required training.

- a. Prior to registration and every five years thereafter, the provider shall complete minimum health and safety trainings, approved by the department, in all of the following areas:
 - (1) Prevention and control of infectious disease, including immunizations.
 - (2) Prevention of sudden infant death syndrome and use of safe sleep practices.
 - (3) Administration of medication, consistent with standards for parental consent.
 - (4) Prevention of and response to emergencies due to food and allergic reactions.
 - (5) Building and physical-premises safety, including identification of and protection from hazards that can cause bodily injury, such as electrical hazards, bodies of water, and vehicular traffic.
 - (6) Prevention of shaken baby syndrome and abusive head trauma.
 - (7) Emergency preparedness and response planning for emergencies resulting from a natural disaster or a human-caused event.
 - (8) Handling and storage of hazardous materials and the appropriate disposal of biocontaminants.
 - (9) Precautions in transporting children.
 - (10) Child development, on or after August 1, 2017.
- b. Prior to registration and every five years thereafter, the provider shall complete two hours of Iowa's training for mandatory reporting of child abuse.
- c. Prior to registration, the provider shall complete first-aid and cardiopulmonary resuscitation (CPR) training that meets the following requirements:
 - (1) Training shall be provided by a nationally recognized training organization, such as the American Red Cross, American Heart Association, National Safety Council, the American Safety and Health Institute, or MEDIC First Aid or by an equivalent trainer using curriculum approved by the department.
 - (2) CPR training shall include certification in infant and child CPR.
 - (3) The provider shall maintain a valid certificate indicating the date of first-aid training and the expiration date.
 - (4) The provider shall maintain a valid certificate indicating the date of CPR training and the expiration date.
- d. During each two-year registration period, the provider shall receive a minimum of 24 hours of training from one or more of the following content areas. A provider shall not use a specific training or class to meet minimum continuing education requirements more than one time every five years.
 - (1) Planning a safe, healthy learning environment (includes nutrition).
 - (2) Steps to advance children's physical and intellectual development.
 - (3) Positive ways to support children's social and emotional development (includes guidance and discipline).
 - (4) Strategies to establish productive relationships with families (includes communication skills and cross-cultural competence).
 - (5) Strategies to manage an effective program operation (includes business practices).
 - (6) Maintaining a commitment to professionalism.
 - (7) Observing and recording children's behavior.
 - (8) Principles of child growth and development.

e. Training identified in paragraph 110.10(1)“*a*” may be counted toward the total 24 hours of required training only at the initial time in which it is received.

f. Minimum health and safety training may be required prior to the five-year period if content has significant changes which warrant that the training be renewed.

g. A provider who has completed training through a child care resource and referral agency or community college within six months prior to initial registration shall be permitted to count the training toward the provider’s total training required during the initial registration.

110.10(2) *Approved training.*

a. The training must be conducted by a trainer who is employed by or under contract with one of the following entities or who uses curriculum or training materials developed by or obtained with the written permission of one of the following entities:

- (1) An accredited university or college.
- (2) A community college.
- (3) Iowa State University Extension.
- (4) A child care resource and referral agency.
- (5) An area education agency.
- (6) The regents’ center for early developmental education at the University of Northern Iowa.
- (7) A hospital (for health and safety, first-aid, and CPR training).
- (8) The American Red Cross, American Heart Association, National Safety Council, American Safety and Health Institute or MEDIC First Aid (for first-aid and CPR training).
- (9) An Iowa professional association, including the Iowa Association for the Education of Young Children (Iowa AEYC), the Iowa Family Child Care Association (IFCCA), the Iowa After School Alliance, and the Iowa Head Start Association.
- (10) A national professional association, including the National Association for the Education of Young Children (NAEYC), the National Child Care Association (NCCA), the National Association for Family Child Care (NAFCC), the National After School Association, and the American Academy of Pediatrics.
- (11) The Child and Adult Care Food Program (CACFP) and the Special Supplemental Nutrition Program for Women, Infants and Children (WIC).
- (12) The Iowa department of public health, department of education, or department of human services.
- (13) Head Start agencies or the Head Start technical assistance system.
- (14) Organizations that are certified by the International Association for Continuing Education and Training (IACET).

b. Training received in a group setting must follow a presentation format that incorporates a variety of adult learning methods. The material or content of the training must be obtained from one of the entities listed in paragraph 110.10(2)“*a*” or an entity approved under paragraph 110.10(2)“*h*.”

c. Approved training shall be made available to Iowa child care providers through the child care provider training registry.

d. Training received in a group setting may include distance learning opportunities, such as training conducted over the Iowa communications network, online courses, or web conferencing (webinars) if:

- (1) The training meets the requirements in subrule 110.10(3);
- (2) The training is taught by an instructor and requires interaction between the instructor and the participants, such as required chats or message boards; and
- (3) The training organization meets the requirements listed in this subrule or is approved by the department.

e. The department will not approve more than eight hours of training delivered in a single day.

f. The department may randomly monitor any state-approved training for quality control purposes.

g. Training conducted with the provider either during the hours of operation of the facility, provider lunch hours, or while children are resting must not diminish the required ratio coverage. The provider shall not be actively engaged in care and supervision and simultaneously participate in training.

h. A training organization not approved by the department may submit a request for review to the department on Form 470-4528, Request for Child Care Training Approval. All approvals, unless otherwise specified, shall be valid for five years. The department shall issue its decision within 30 business days of receipt of a complete request.

110.10(3) Elements of training. Training provided to Iowa child care providers shall offer:

a. Instruction that is consistent with:

- (1) Iowa child care regulatory standards;
- (2) The Iowa early learning standards; and
- (3) The philosophy of developmentally appropriate practice as defined by the National Association for the Education of Young Children, the Program for Infant/Toddler Care, and the National Health and Safety Performance Standards.

b. Content equal to at least one contact hour of training.

c. An opportunity for teacher-student interaction and timely feedback, including questions and answers and with evaluation of learning.

d. For each participant, a certificate of training that includes:

- (1) The name of the participant.
- (2) The title of the training.
- (3) The dates of training.
- (4) The content area addressed.
- (5) The name of the training organization.
- (6) The name of the instructor.
- (7) The number of contact hours.

[ARC 2647C, IAB 8/3/16, effective 10/1/16; ARC 3095C, IAB 6/7/17, effective 8/1/17; ARC 3556C, IAB 1/3/18, effective 3/1/18]

441—110.11(234) Registration decision. The department shall issue Form 470-3498, Certificate of Registration, when an applicant meets all requirements for registration. Each local office of the department shall maintain a current list of registered child development homes as a referral service to the community.

110.11(1) Registration shall be denied or revoked if the department finds a hazard to the safety and well-being of a child and the provider cannot correct or refuses to correct the hazard, even though the hazard may not have been specifically listed under the health and safety rules. Registration may also be denied or revoked if the department determines that the provider has failed to comply with standards imposed by law and these rules.

110.11(2) Record of all denials or revocations of registration and the documentation of reasons for denying or revoking the registration shall be kept in an open file.

110.11(3) Record checks.

a. Applicability. The department shall conduct Iowa criminal history record and child abuse record checks for each registrant, substitute or staff member, anyone living in the home who is 14 years of age or older, and anyone having access to a child when the child is alone. The department shall conduct national criminal history record checks, based on fingerprints, for each registrant, substitute or staff member, anyone living in the home who is 18 years of age or older, and anyone 18 years of age or older having access to a child when the child is alone. In accordance with Iowa Code section 726.23, minors under the age of 18 will not be subject to the fingerprint requirement.

(1) The purpose of these record checks is to determine whether the person has committed a transgression that prohibits or limits the person's involvement with child care.

(2) The department may also conduct criminal history record and child abuse record checks in other states and may conduct dependent adult abuse, sex offender registry, and other public or civil offense record checks in Iowa or other states.

(3) Effective July 1, 2013, registration or renewal certificates shall not be issued until the results of all state and national record checks have been received and, when necessary, evaluated.

b. Authorization. The person subject to record checks shall complete the Iowa department of human services record check authorization form; Form DCI-45, Waiver Agreement; Form FD-258,

Federal Fingerprint Card; and any other forms required by the department of public safety to authorize the release of records.

c. Iowa records checks. Checks and evaluations of Iowa child abuse and criminal history records shall be completed before the person's involvement with child care. Iowa records checks shall be repeated at a minimum of every two years and when the department or the registrant becomes aware of any possible transgressions. The department is responsible for the cost of conducting the Iowa records checks.

d. National criminal history record checks. Fingerprint-based checks of national criminal history records shall also be completed before a person's involvement with child care. This requirement shall be for an initial application for registration or a renewal application for registration. The national criminal history record check shall be repeated for each person subject to the check every four years and when the department or registrant becomes aware of any new transgressions committed by that person in another state. The department is responsible for the cost of conducting the national criminal history record check.

(1) The registrant is responsible for any costs associated with the taking (rolling) of fingerprints of all persons subject to record checks and for submitting the fingerprints to the department so that the national criminal history record check can be completed. Fingerprints may be taken (rolled) by law enforcement agencies or by agencies or companies that specialize in taking (rolling) fingerprints.

(2) The department shall provide fingerprints to the department of public safety no later than ten business days after receipt of the fingerprint cards. The department shall submit the fingerprints on forms or in a manner allowed by the department of public safety.

(3) The department may rely on the results of previously conducted national criminal history record checks when a person subject to a record check in one child development home or child care home submits a request for involvement with child care in another child development home or child care home, so long as the person's national criminal history record check is within the allowable four-year time frame. All initial or new applications shall require a new national criminal history record check.

e. Mandatory prohibition. A person with any of the following convictions or founded abuse reports is prohibited from involvement with child care:

- (1) Founded child or dependent adult abuse that was determined to be sexual abuse.
- (2) A requirement to be listed on any state sex offender registry or the national sex offender registry.
- (3) Any of the following felony convictions:
 1. Child endangerment or neglect or abandonment of a dependent person.
 2. Domestic abuse.
 3. Crime against a child including, but not limited to, sexual exploitation of a minor.
 4. Forcible felony.
 5. Arson.
- (4) A record of a misdemeanor conviction of a crime against a child that constitutes one of the following offenses:

1. Child abuse.
2. Child endangerment.
3. Sexual assault.
4. Child pornography.

(5) If a person subject to a record check refuses to consent to a record check, the person shall be prohibited from involvement with child care.

(6) If a person has been convicted of a crime and makes what the person knows to be a false statement of material fact in connection with the conviction or record check, the person shall be prohibited from involvement with child care.

f. Mandatory time-limited prohibition.

(1) A person with the following conviction or founded abuse report is prohibited from involvement with child care for five years from the date of the conviction or founded abuse report:

1. Conviction of a controlled substance offense .
2. Founded abuse that was determined to be physical abuse.

(2) After the five-year prohibition period (from the date of the conviction or the founded abuse report) as defined in subparagraph 110.11(3)“f”(1), the person may request the department to perform an evaluation under paragraph 110.11(3)“g” to determine whether prohibition of the person’s involvement with child care continues to be warranted.

g. Evaluation required. For all other transgressions, and as requested under subparagraph 110.11(3)“f”(2), the department shall evaluate the transgression and make a decision about the person’s involvement with child care.

(1) The person with the transgression shall complete and return the record check evaluation form within ten calendar days of the date on the form. The department shall use the information the person with the transgression provides on this form to assist in the evaluation. Failure of the person with the transgression to complete and return this form within ten calendar days of the date on the form shall result in denial or revocation of the registration certificate.

(2) The department may use information from the department’s case records in performing the evaluation.

(3) In an evaluation, the department shall consider all of the following factors:

1. The nature and seriousness of the transgression in relation to the position sought or held.
2. The time elapsed since the commission of the transgression.
3. The circumstances under which the transgression was committed.
4. The degree of rehabilitation.
5. The likelihood that the person will commit the transgression again.
6. The number of transgressions committed by the person.

(4) When a person subject to a record check has a transgression that has been determined in a previous evaluation not to warrant prohibition of the person’s involvement with child care and the person has no subsequent transgressions, an exemption from reevaluation of the latest record check is authorized. The person may commence employment with another child care facility in accordance with the department’s previous evaluation. The exemption is subject to all of the following conditions:

1. The position with the subsequent employer is substantially the same or has the same job responsibilities as the position for which the previous evaluation was performed.

2. Any restrictions placed on the person’s employment by the department in the previous evaluation shall remain applicable in the person’s subsequent employment.

3. The person subject to the record check has maintained a copy of the previous evaluation and provides the evaluation to the subsequent employer or the previous employer provides to the subsequent employer the previous evaluation from the person’s personnel file pursuant to the person’s authorization. If a physical copy of the previous evaluation is not provided to the subsequent employer, the record check shall be reevaluated.

4. The subsequent employer may request a reevaluation of the record check and may employ the person while the reevaluation is being performed.

h. Evaluation decision. The department has final authority in determining whether prohibition of the person’s involvement with child care is warranted and in developing any conditional requirements or corrective action plan.

(1) Within 30 calendar days of receipt of a completed record check evaluation, the department shall make a decision on the person’s involvement with child care.

(2) Within 30 calendar days of receipt of a completed record check evaluation, the department shall mail to the person subject to an evaluation a record check decision that explains the decision reached regarding the evaluation of the transgression and a notice of decision: child care.

(3) The department shall issue a notice of decision: child care prohibiting involvement with child care when the person subject to an evaluation fails to complete the record check evaluation within the ten-calendar-day time frame.

(4) If the department determines, through the record check evaluation process, that the person’s prohibition of involvement with child care is warranted, the person shall be prohibited from involvement with child care. The department may identify a period of time after which the person may request that another record check and evaluation be performed.

(5) The department may permit a person who is evaluated to maintain involvement with child care if the person complies with the department's conditions relating to the person's involvement with child care, which may include completion of additional training or an individually designed corrective action plan, or both. For an employee of a registrant, these conditional requirements shall be developed with the registrant. All conditions placed on a person's involvement with child care shall be communicated, in writing, to both the person subject to the evaluation and the registrant.

(6) The department shall reevaluate any transgressions where a state or federal law change requires different considerations of the transgression than had been previously applied.

i. Notice to parents of abuse in care. If there has been founded child abuse committed by an owner, director, or staff member of the child care facility or child care home, the department's administrator shall notify the parents, guardians, and legal custodians of each child for whom the facility or child care home provides care.

(1) The child care facility or child care home shall cooperate with the department in providing the names and addresses of the parent, guardian, or custodian of each child for whom the facility provides child care.

(2) This information shall be provided to the department within ten calendar days from the date of the initial request.

(3) Failure or refusal to provide the requested information may result in revocation of registration.

110.11(4) If the department has denied or revoked a registration because the provider has continually or repeatedly failed to operate in compliance with Iowa Code chapter 237A and this chapter, the person shall not own or operate a registered facility for a period of 12 months from the date of denial or revocation. The department shall not act on an application for registration submitted by the applicant or provider during the 12-month period. The applicant shall be prohibited from involvement with child care unless the department specifically permits the involvement.

110.11(5) Required notifications. If a certificate of registration is revoked, the administrator of the department shall notify the parent, guardian, or legal custodian of each child for whom the facility provides care. The provider shall cooperate with the department in providing the name and address of the parent, guardian, or legal custodian of each child for whom the facility provides child care.

110.11(6) Required notifications to the department.

a. The provider shall, within ten days, notify the department of any of the following:

- (1) Changes in assistants or substitutes;
- (2) Changes in household membership;
- (3) Address changes; and
- (4) Criminal convictions.

b. No assistant, substitute, or coprovider shall be utilized in the care of children and no person shall be permitted to reside in the household until approved by the department.

c. If the provider does not notify the department of changes within ten days, the provider may be subject to revocation of registration or to recoupment of child care assistance provided, or both.

110.11(7) Letter of revocation. A letter received by an owner or operator of a child development home initiating action to deny or revoke the home's registration shall be conspicuously posted where it can be read by parents or any member of the public. The letter shall remain posted until resolution of the action to deny or revoke an owner's or operator's certificate of registration.

[ARC 2647C, IAB 8/3/16, effective 10/1/16; ARC 4114C, IAB 11/7/18, effective 1/1/19]

441—110.12(237A) Complaints. The department shall conduct an on-site visit when a complaint is received.

110.12(1) After each complaint visit, the department shall document whether the child development home was in compliance with registration requirements.

110.12(2) The written documentation of the department's conclusion as to whether the child development home was in compliance with requirements shall be available to the public. However, the identity of all complainants shall be confidential, unless expressly waived by the complainant.

[ARC 2647C, IAB 8/3/16, effective 10/1/16]

441—110.13(237A) Additional requirements for child development home category A. In addition to the requirements in rule 441—110.8(237A), a provider requesting registration in child development home category A shall meet the following standards:

110.13(1) Limits on number of children in care.

a. No more than six children not attending kindergarten or a higher grade level shall be present at any one time.

b. Of these six children, no more than four children who are 24 months of age or younger shall be present at any one time. Of these four children, no more than three may be 18 months of age or younger.

c. In addition to the six children not in school, no more than two children who attend school may be present for a period of less than two hours at a time.

d. No more than eight children shall be present at any one time when an emergency school closing is in effect.

110.13(2) Provider qualifications.

a. The provider shall be at least 18 years old.

b. The provider shall have three written references which attest to character and ability to provide child care.

[ARC 2647C, IAB 8/3/16, effective 10/1/16]

441—110.14(237A) Additional requirements for child development home category B. In addition to the requirements in rule 441—110.8(237A), a provider requesting registration in child development home category B shall meet the following standards:

110.14(1) Limits on number of children in care.

a. No more than six children not attending kindergarten or a higher grade level shall be present at any one time.

b. Of these six children, no more than four children who are 24 months of age or younger shall be present at any one time. Of these four children, no more than three may be 18 months of age or younger.

c. In addition to the six children not in school, no more than four children who attend school may be present.

d. In addition to these ten children, no more than two children who are receiving care on a part-time basis may be present.

e. No more than 12 children shall be present at any one time when an emergency school closing is in effect.

f. If more than eight children are present at any one time for a period of more than two hours, the provider shall be assisted by a department-approved assistant who is at least 14 years old.

110.14(2) Provider qualifications.

a. The provider shall be at least 20 years old.

b. The provider shall have a high school diploma, GED, or documentation of current or previous enrollment in credit-based coursework from a postsecondary educational institution that is an accredited college or university.

c. The provider shall either:

(1) Have two years of experience as a registered or nonregistered child care provider, or

(2) Have a child development associate credential or any two-year or four-year degree in a child care-related field and one year of experience as a registered or nonregistered child care home provider.

110.14(3) Facility requirements.

a. The home shall have a minimum of 35 square feet of child-use floor space for each child in care indoors, and a minimum of 50 square feet per child in care outdoors.

b. The home shall have a separate quiet area for sick children.

c. The home shall have a minimum of two direct exits to the outside from the main floor.

(1) If the second level or the basement of the home is used for the provision of child care, other than the use of a restroom, each additional child-occupied floor shall have at least one direct exit to the outside in addition to one inside stairway.

(2) All exits shall terminate at grade level with permanent steps.

(3) A basement window may be used as an exit if the window can be opened from the inside without the use of tools and it provides a clear opening of not less than 20 inches in width, 24 inches in height, and 5.7 square feet in area. The bottom of the opening shall be not more than 44 inches above the floor, with permanent steps inside leading up to the window.

(4) Occupancy above the second floor shall not be permitted for child care.
[ARC 2647C, IAB 8/3/16, effective 10/1/16]

441—110.15(237A) Additional requirements for child development home category C. In addition to the requirements in rule 441—110.8(237A), a provider requesting registration in child development home category C shall meet the following standards:

110.15(1) Limits on number of children in care.

a. No more than 12 children not attending kindergarten or a higher grade level shall be present at any one time.

b. Of these 12 children, no more than four children who are 24 months of age or younger shall be present at any one time. Whenever four children who are under the age of 18 months are in care, both providers shall be present.

c. In addition to the 12 children not in school, no more than two children who attend school may be present for a period of less than two hours at any one time.

d. In addition to these 14 children, no more than two children who are receiving care on a part-time basis may be present.

e. No more than 16 children shall be present at any one time when an emergency school closing is in effect. If more than eight children are present at any one time due to an emergency school closing exception, the provider shall be assisted by a department-approved assistant who is at least 18 years of age.

f. If more than eight children are present, both providers shall be present. Each provider shall meet the provider qualifications for child development home category C.

110.15(2) Provider qualifications.

a. One provider who meets the following qualifications must always be present:

(1) The provider shall be at least 21 years old.

(2) The provider shall have a high school diploma, GED, or documentation of current or previous enrollment in credit-based coursework from a postsecondary educational institution that is an accredited college or university.

(3) The provider shall either:

1. Have five years of experience as a registered or nonregistered child care provider, or

2. Have a child development associate credential or any two-year or four-year degree in a child care-related field and four years of experience as a registered or nonregistered child care home provider.

b. The coprovider shall meet the requirements of subrule 110.14(2).

c. No more than two named providers shall be allowed on a registration certificate.

110.15(3) Facility requirements.

a. The home shall have a minimum of 35 square feet of child-use floor space for each child in care indoors, and a minimum of 50 square feet per child in care outdoors.

b. The home shall have a separate quiet area for sick children.

c. The home shall have a minimum of two direct exits to the outside from the main floor.

(1) If the second level or the basement of the home is used for the provision of child care, other than the use of a restroom, each additional child-occupied floor shall have at least one direct exit to the outside in addition to one inside stairway.

(2) All exits shall terminate at grade level with permanent steps.

(3) A basement window may be used as an exit if the window can be opened from the inside without the use of tools and it provides a clear opening of not less than 20 inches in width, 24 inches in height, and 5.7 square feet in area. The bottom of the opening shall be not more than 44 inches above the floor, with permanent steps inside leading up to the window.

(4) Occupancy above the second floor shall not be permitted for child care.
[ARC 2647C, IAB 8/3/16, effective 10/1/16]

441—110.16(237A) Registration actions for nonpayment of child support. The department shall revoke or deny the issuance or renewal of a child development home registration upon the receipt of a certificate of noncompliance from the child support recovery unit of the department according to the procedures in Iowa Code chapter 252J. In addition to the procedures set forth in Iowa Code chapter 252J, the rules in this chapter shall apply.

110.16(1) Service of notice. The notice required by Iowa Code section 252J.8 shall be served upon the applicant or registrant by restricted certified mail, return receipt requested, or personal service in accordance with Iowa Rule of Civil Procedure 1.305. Alternatively, the applicant or registrant may accept service personally or through authorized counsel.

110.16(2) Effective date. The effective date of the revocation or denial of the registration as specified in the notice required by Iowa Code section 252J.8 shall be 60 days following service of the notice upon the applicant or licensee.

110.16(3) Preparation of notice. The department director or designee of the director is authorized to prepare and serve the notice as required by Iowa Code section 252J.8 upon the applicant or registrant.

110.16(4) Responsibilities of registrants and applicants. Registrants and registrant applicants shall keep the department informed of all court actions, and all child support recovery unit actions taken under or in connection with Iowa Code chapter 252J, and shall provide the department copies, within seven days of filing or issuance, of all applications filed with the district court pursuant to Iowa Code section 252J.9, all court orders entered in the actions, and withdrawals of certificates of noncompliance by the child support recovery unit.

110.16(5) District court. A registrant or applicant may file an application with the district court within 30 days of service of a department notice pursuant to Iowa Code sections 252J.8 and 252J.9.

a. The filing of the application shall stay the department action until the department receives a court order lifting the stay, dismissing the action, or otherwise directing the department to proceed.

b. For purposes of determining the effective date of the revocation, or denial of the issuance or renewal of a registration, the department shall count the number of days before the action was filed and the number of days after the action was disposed of by the court.

110.16(6) Procedure for notification. The department shall notify the applicant or registrant in writing through regular first-class mail, or such other means as the department deems appropriate in the circumstances, within ten days of the effective date of the revocation of a registration or the denial of the issuance or renewal of a registration, and shall similarly notify the applicant or registrant when the registration is issued, renewed, or reinstated following the department's receipt of a withdrawal of the certificate of noncompliance.

110.16(7) Appeal rights. Notwithstanding Iowa Code section 17A.18, the registrant does not have the right to a hearing regarding this issue but may request a court hearing pursuant to Iowa Code section 252J.9.

[ARC 2647C, IAB 8/3/16, effective 10/1/16]

441—110.17(237A) Prohibition from involvement with child care. If the department has prohibited a person or program from involvement with child care, that person or program shall not provide child care as a nonregistered child care home provider.

[ARC 2647C, IAB 8/3/16, effective 10/1/16]

These rules are intended to implement Iowa Code section 234.6 and chapter 237A.

CHAPTER 111

FAMILY-LIFE HOMES

[Prior to 7/1/83, Social Services[770] Ch 111]

[Prior to 2/11/87, Human Services[498]]

441—111.1(249) Definitions.

“Department” means the Iowa department of human services.

“Eligible adult” means a person 18 years of age or older who meets the eligibility requirements for services or is a recipient of protective services, and who is considering or needs a living arrangement in a family-life home.

“Encouragement to share in the interests and activities of the household” means that the family members welcome and encourage the person to participate with them in their general family conversations and in their social, recreational, educational, and religious activities; that they invite and encourage use of the general facilities of their home; and they expect the person to care for assigned living quarters and participate within reason in the chores of the household.

“Essentially capable of self-care” means the person is ambulatory or can move from place to place; can manage the activities of daily living including personal hygiene and grooming, toileting, dressing and undressing, feeding, and medicating; and can attend to the care of personal property adequately with minimal support or occasional assistance.

“Family” means a person or persons, either related or unrelated to the client, who constitute the members of the household and are related to one another by kinship of blood, marriage, or adoption.

“Family-life home” means a private household offering a protective social living arrangement for one or two eligible adults who are not able or willing to adequately maintain themselves in an independent living arrangement, but who are essentially capable of physical self-care. In this living arrangement, the family provides the client room, board, laundry, encouragement to share in the interests and activities of the household, and opportunities for participation in the social, cultural, educational, religious, and other activities of the community.

“Not able or willing to adequately maintain themselves in an independent living arrangement” means that the person requires some assistance, encouragement, or social stimulation for adequate self-care or to maintain physical or mental health or personal safety.

“Private household” means a dwelling unit occupied exclusively by a family and furnished by and belonging to them by reason of ownership, rental, or by a contract for purchase of life estate.

441—111.2(249) Application for certification.

111.2(1) The department shall issue a certificate of approval for the operation of a family-life home upon the recommendation of a local office of the department.

111.2(2) Any person has the right to make application for a family-life home certificate.

111.2(3) Persons wishing to care for adults shall make application to the local office of the department.

111.2(4) When an applicant has reached a decision to operate a family-life home, the applicant shall complete Form 470-0606, Application for Certification.

111.2(5) Each applicant shall supply two references who may be contacted by the local office.

441—111.3(249) Provisions pertaining to the certificate.

111.3(1) No family-life home shall be certified to provide a living arrangement for more than two eligible adults.

111.3(2) At least one responsible adult member of the family shall be at the family dwelling or be reasonably available to the client, most of the daytime and nighttime hours, based on the service worker’s assessment of the individual’s need for supervision.

111.3(3) The certificate shall be effective for one year from date issued subject to continued compliance with rules governing the program.

111.3(4) The certificate shall not be transferred to another person nor be valid for an address other than that shown on the certificate issued.

111.3(5) A current certificate shall be in the possession of the certified family-life home, and be available for inspection.

111.3(6) There shall be no fee nor charge for certificate issued.

111.3(7) A certified family-life home shall not be concurrently licensed as a residential care facility, intermediate care facility, child care center or a foster family home. An exception may be made for a home to be concurrently licensed as a foster family home and certified as a family-life home in order to provide continued care for a person who was placed in the home as a foster child.

441—111.4(249) Physical standards.

111.4(1) The family-life home shall be safe, clean, well ventilated, properly lighted and heated. The family's dwelling shall comply with all local health ordinances.

111.4(2) The family's dwelling shall not be a dwelling unit furnished by or belonging to a client.

111.4(3) Sleeping rooms shall be suitably and comfortably furnished.

111.4(4) Each resident shall have a single bedroom unless there is agreement among the family and the residents that a room may be shared.

111.4(5) The family shall provide nutritional food, in sufficient quantity to meet the needs of the client.

441—111.5(249) Personal characteristics of family-life home family.

111.5(1) The adult head of the household shall be a mature, responsible individual who is physically able to maintain a household, and who shall exercise good judgment in caring for adults.

111.5(2) The family shall have an appreciation of and respect for the client's relationship with the client's own relatives, neighbors and friends.

111.5(3) The family shall respect the client's religious background and affiliation.

111.5(4) The family shall have sufficient income and resources to provide adequately for the family's own needs.

441—111.6(249) Health of family.

111.6(1) Prior to certification the family shall furnish the local department with a medical report on each member of the household. The report shall be on Form 470-0672, Provider Health Assessment Form.

111.6(2) The medical report shall provide significant findings of a physician, such as the presence or absence of any communicable disease.

111.6(3) Medical reexaminations may be required at the discretion of a physician or the local department.

441—111.7(249) Planned activities and personal effects.

111.7(1) The daily routine shall be to promote and provide an opportunity for normal activity with time for rest and recreation compatible with the needs of the client.

111.7(2) Every client shall be encouraged to develop social relationships through participation in neighborhood and other community and group activities.

111.7(3) The family shall not require a client to do general housecleaning, cooking, or child care for the family. A client may voluntarily share in these responsibilities.

111.7(4) Space shall be provided where a client may keep personal belongings.

441—111.8(249) Client eligibility.

111.8(1) The client shall be 18 years of age or older, as proven by birth or school records, personal records, or by records of the department or another agency.

111.8(2) The client shall be willing to live in a certified family-life home by the client's own declaration or the declaration of a person legally responsible for such client.

111.8(3) The client shall be willing to accept the terms and requirements of the family-life home program.

111.8(4) The client shall be capable of personal physical self-care.

441—111.9(249) Medical examinations, records, and care of a client.

111.9(1) A physician shall certify that the client is free from any communicable disease and does not require a higher level of care than that provided by a family-life home. The certification shall be given prior to placement and following an annual medical review thereafter. The certification shall be given on Form 470-0673, Physician's Report.

111.9(2) The family shall have available at all times, the name, address and telephone number of the client's physician.

111.9(3) The family shall keep the department informed of any health problems. The family shall immediately notify the department in case of an accident, illness, or emergency that may affect the placement.

441—111.10(249) Placement agreement. The head of the family-life home and the resident shall enter into a placement agreement by signing Form 470-0634, Placement Agreement Family-Life Home, provided by the department.

441—111.11(249) Legal liabilities. The worker shall advise the family to seek counsel regarding the family's needs for insurance to cover personal injury, property damage, and other legal contingencies.

441—111.12(249) Emergency care and release of client.

111.12(1) In case of an emergency, vacation, or overnight trip, requiring the family's temporary absence from the home, the local department shall be notified and arrangements shall be made with a designated, responsible person for the care of a client during the period of absence.

111.12(2) The department shall be notified when the client leaves or the client or family expresses a desire for the client to leave the family-life home.

441—111.13(249) Information about client to be confidential. Information concerning a client, the client's family, and the client's background shall be regarded and handled as confidential by all persons involved in the client's care.

These rules are intended to implement Iowa Code sections 234.6(6) "e" and 249.3(2) "a"(1).

CHAPTER 112
LICENSING AND REGULATION OF CHILD FOSTER CARE FACILITIES

[Prior to 7/1/83, Social Services[770] Ch 112]

[Prior to 2/11/87, Human Services[498]]

441—112.1(237) Applicability. This chapter relates to licensing procedures for all child foster care facilities authorized by Iowa Code chapter 237. Rules relating to specific types of facilities are located in 441—Chapter 113, “Licensing and Regulation of Foster Family Homes,” 441—Chapter 114, “Licensing and Regulation of All Group Living Foster Care Facilities for Children,” 441—Chapter 115, “Licensing and Regulation of Comprehensive Residential Facilities for Children,” and 441—Chapter 116, “Licensing and Regulation of Residential Facilities for Children with an Intellectual Disability.”

This rule is intended to implement Iowa Code chapter 237.

[ARC 8010B, IAB 7/29/09, effective 10/1/09; ARC 3185C, IAB 7/5/17, effective 9/1/17]

441—112.2(237) Definitions.

“Applicant:”

1. For a foster family home license, the applicant is the person or persons applying.
2. For a proprietary child caring facility, the applicant is the owner of the facility.
3. For facilities having a board of directors, the applicant may be the president of the board or the board’s designee.

“Community residential facility” means a facility which provides care for children who are considered unable to live in a family situation due to social, emotional or physical disabilities but are capable of interacting in a community environment with a minimum amount of supervision. The facility provides 24-hour care including board and room. Community resources are used for education, recreation, medical, social and rehabilitation services. The facility is responsible for planning the daily activities of the children, discipline, guidance, peer relationships, and recreational programs.

“Comprehensive residential facility” means a facility which provides care and treatment for children who are unable to live in a family situation due to social, emotional, or physical disabilities and who require varying degrees of supervision as indicated in the individual treatment plan. Care includes room and board. Services include the internal capacity for individual, family, and group treatment. These services and others provided to the child shall be under the administrative control of the facility. Community resources may be used for medical, recreational, and educational needs. Comprehensive residential facilities have higher staff to client ratios than community residential facilities and may use control rooms, locked cottages, mechanical restraints, and chemical restraints when these controls meet licensing requirements.

“Director’s designee:”

1. For group facilities, the director’s designee is the chief of the bureau of protective services.
2. For foster family homes, the designee is the department of human services’ service area manager.

“Foster family home” means a home in which an individual person or persons or a married couple who wishes to provide or is providing, for a period exceeding 24 consecutive hours, board, room, and care for a child in a single family living unit.

“Group facility” means a community residential facility, a comprehensive residential facility, or a residential facility for children with an intellectual disability.

“Residential facility for children with an intellectual disability” means any residential facility which serves children with an intellectual disability as defined in Iowa Code chapter 222.

This rule is intended to implement Iowa Code sections 237.3 and 237.5.

[ARC 3185C, IAB 7/5/17, effective 9/1/17]

441—112.3(237) Application for license.

112.3(1) Right to apply. Any adult individual or agency has the right to apply for a license.

a. Foster family care. A person wishing to apply to be a foster parent shall contact the department's recruitment and retention contractor in the applicable service area to request an application packet. This procedure also applies to:

- (1) Persons wishing to care for children placed through any public or private agency.
- (2) A relative who is caring for a child directly placed by the child's parents, guardians, or another relative and who wishes to be licensed as a foster parent.

b. Group care. A person wishing to apply for a group care license shall contact the department:

- (1) Through the "Child Welfare" link on the department's Web site, www.dhs.iowa.gov; or
- (2) By mail to the DHS Division of Child and Family Services, Attn: Group Care Licensing, 1305 East Walnut Street, Des Moines, Iowa 50319-0114.

112.3(2) Decision to operate a facility.

a. When an applicant has reached a decision to operate a foster family home, the applicant shall complete Form 470-0689, Foster Family Home License Application.

b. When an applicant has reached a decision to operate a group facility, the applicant shall complete Form 470-0723, Application for License or Certificate of Approval.

112.3(3) Withdrawal of an application. The applicant shall report the withdrawal of an application promptly to the department.

112.3(4) Evaluation of the application. Each application will be evaluated by the department to ensure that all standards are met.

a. Before it results in adverse action, a founded abuse report on a director, a sole proprietor involved in the facility's operation, or any facility staff or foster parent applicant shall be evaluated by the department to determine if the abuse merits prohibition of employment or licensure.

b. The department shall evaluate all founded child abuse on a case-by-case basis. Considerations shall include, but not be limited to:

- (1) The facility's response (e.g., immediate termination of involved staff).
- (2) Whether the abuse was an isolated incident or is symptomatic of a broader, systemic problem.

112.3(5) Reports and information. Requested reports and information relevant to the licensing determination shall be furnished to the department by the applicant.

112.3(6) Applications for renewal.

a. The department or its agent shall send the licensee an application for renewal 90 days before the license expires. Applications for license renewal shall be made on the form specified in subrule 112.3(2).

b. Applications for renewal shall be made at least 30 but no more than 90 days before the license expires. Applications for renewal of a group care license shall be submitted to the address in subparagraph 112.3(1) "b"(2). Applications for renewal of a foster family home license shall be submitted to the recruitment and retention contractor.

c. The department shall approve or deny an application for license renewal through the same process as that used for the original application.

112.3(7) Notification.

a. Foster family homes.

(1) The department shall notify an applicant of the approval or denial of an initial license within 140 days of the date that the applicant begins the preservice training required in 441—subrule 113.8(1). When preservice training is waived, the department shall notify the applicant of approval or denial within 120 days of the date that the training waiver is granted.

(2) The department shall notify a licensee of the approval or denial of license renewal within 90 days of reapplication.

b. Group facilities. The department shall notify a group facility of approval or denial of a license within 90 days of application or reapplication.

This rule is intended to implement Iowa Code section 237.5.

[ARC 8010B, IAB 7/29/09, effective 10/1/09; ARC 3185C, IAB 7/5/17, effective 9/1/17]

441—112.4(237) License.

112.4(1) A new license shall be obtained when the licensee moves or the facility is remodeled.

112.4(2) A new license shall be requested when the facility wishes to be licensed for a different number of children.

112.4(3) When corrective action is completed on or before the date specified on a provisional or renewal license, a full license shall be issued for the remainder of the licensure term.

112.4(4) When the corrective action is not completed by the date specified on a provisional or renewal license, a full license shall be denied.

112.4(5) The department shall issue Form 470-0727, Certificate of License, without cost to any foster family that meets the standards. The department shall issue Form 470-3623, Certificate of License, without cost to any group facility that meets the standards. The department may offer consultation to assist applicants in meeting the standards.

112.4(6) A foster family home license shall be approved for a term of one year for the first and second years of licensure. Thereafter, the license shall be approved for a term of two years unless it is determined by the administrator that a one-year license shall be issued. A group facility license shall be approved for a term of one to three years according to the following criteria:

- a. A one-year license may be approved for all new agencies that meet licensure standards.
- b. A two-year license may be approved upon completion of a survey for a renewal license when:
 - (1) Some health or safety concerns have been identified, but they are determined to be minor or easily corrected;
 - (2) Some complaints against a facility have been substantiated, but they are determined to be minor; and
 - (3) Deficiencies that have been identified are determined to be minor or easily corrected.
- c. A three-year license may be approved upon completion of a survey for a renewal license when:
 - (1) No health or safety deficiencies have been identified;
 - (2) There have either been no substantiated complaints against the facility or, if substantiated, complaints have been determined not to be serious or severe; and
 - (3) A facility has no founded incidents of child abuse by facility staff.

This rule is intended to implement Iowa Code sections 237.3 and 237.5.
[ARC 0356C, IAB 10/3/12, effective 12/1/12; ARC 3185C, IAB 7/5/17, effective 9/1/17]

441—112.5(237) Denial.

112.5(1) The department shall deny the license application when:

- a. The minimum standards set forth in these rules are not met and a provisional license is inappropriate or disapproved by the director's designee.
- b. For just cause.
- c. The applicant, as a sole proprietor or a foster family home parent, or any person residing in the foster family home other than a foster child, or any facility staff, has been convicted of a crime unless an evaluation of the crime has been made by the department which concludes that the crime does not merit prohibition of employment or licensure.
- d. The applicant, as a sole proprietor or foster family home parent, or any person residing in the foster family home other than a foster child, or any facility staff, has a record of founded child abuse unless an evaluation of the founded abuse has been made by the department which concludes that the abuse does not merit prohibition of employment or licensure.
- e. The application is fraudulent, which means that the applicant has knowingly made fraudulent statements or has knowingly concealed information.

112.5(2) Reapplications shall be denied:

- a. For the same reasons as original applications.
- b. For the same reasons as listed in the grounds for revocation.
- c. When the foster family applicant's license has been denied or revoked within the 12 months before the date of reapplication. Denial for this reason does not require a licensing study.

d. If the foster family refuses to engage as a resource to a foster child's birth parents when engagement can be done in a way that does not put the foster family or the foster child at risk of harm.

This rule is intended to implement Iowa Code section 237.5.

[ARC 8010B, IAB 7/29/09, effective 10/1/09]

441—112.6(237) Revocation.

112.6(1) *Mandatory.* The department shall revoke the license for the following reasons unless subrule 112.6(3) applies:

- a.* When the facility is misusing funds furnished by the department.
- b.* When the facility is operating without due regard to the health, sanitation, hygiene, comfort, or well-being of the children in the facility.
- c.* When the director or sole proprietor involved in the operation of the facility, or foster parent, or any person residing in the foster home other than a foster child, or any facility staff has been convicted of a crime unless an evaluation of the crime has been made by the department which concludes that the crime does not merit prohibition of employment or licensure.
- d.* When there is a founded abuse report on a foster family home parent, any person residing in a foster family home other than a foster child, a director or sole proprietor who is involved in the facility's operation, or any facility staff, unless an evaluation of the founded abuse has been made by the department which concludes that the abuse does not merit prohibition of employment or licensure.

e. Rescinded, effective November 1, 1987.

112.6(2) *Optional.* Licenses may be revoked for any of the following reasons unless subrule 112.6(3) applies:

- a.* When moving to a new home, the foster family fails to notify the department and the recruitment and retention contractor within seven working days of the move to a new home.
- b.* Rescinded, effective July 1, 1987.
- c.* The foster family or facility fails to meet any or all requirements of the placement agreement.
- d.* Rescinded, effective July 1, 1987.
- e.* Rescinded, effective July 1, 1987.
- f.* The child foster care facility fails to continue to comply with all of the licensing requirements in both law and regulation.
- g.* The foster family or the staff of a licensed group facility refuses to cooperate with an unannounced visit.

112.6(3) *Exceptions.* The license for a foster family home shall not be revoked when there are 30 or fewer days until the date the license expires.

The foster family home shall be advised in writing that a reapplication may be denied and the reasons for the possible denial. The foster family home license may be suspended immediately pursuant to rule 441—112.9(237).

This rule is intended to implement Iowa Code sections 237.3 and 237.5.

[ARC 2069C, IAB 8/5/15, effective 10/1/15]

441—112.7(237) Provisional license.

112.7(1) *Statement of reasons for provisional licenses.* Provisional licenses shall be accompanied by a statement of the reasons for the provisional license, the standards that have not been met, the date that the facility must make required changes to meet standards.

112.7(2) *Corrective action.* The facility shall furnish the licensing agency with a plan of action to correct deficiencies listed that resulted in the provisional license. The plan shall give specific dates upon which the corrective action will be completed.

This rule is intended to implement Iowa Code section 237.5.

441—112.8(237) Adverse actions. Notice of adverse actions and the right to appeal the licensing decision shall be given to applicants and licensees in accordance with 441—Chapter 7. Any issues of placement or payment are independent of the licensing decision and right of appeal.

This rule is intended to implement Iowa Code section 237.5.

441—112.9(237) Suspension.

112.9(1) *Types of suspension.* There are two types of suspension of a license.

a. Emergency suspensions are to prevent persons from providing foster care by suspending their license until it is revoked or denied.

b. Time-limited suspensions are to prevent persons from providing foster care by suspending their license until a deficiency in the home or facility is corrected.

112.9(2) *Requirements for emergency suspension.* The emergency suspension of a license by the director or designee shall occur only when all of the following conditions exist:

a. The licensee fails to meet licensing requirements.

b. There are sufficient grounds for revocation on denial of the license.

c. The health, safety, and welfare of any child placed in the home or facility requires immediate action.

d. The existence of the condition requiring suspension is documented in the licensee's record.

112.9(3) *Requirements for time-limited suspensions.* The time-limited suspension of a license by the director or designee shall occur only when all of the following conditions exist:

a. The licensee fails to meet licensing requirements.

b. The health, safety, and welfare of any child placed in the home or facility requires immediate action.

c. The existence of the condition requiring suspension is documented in the licensee's record.

d. The condition requiring the suspension can be corrected by the licensee to meet licensing requirements.

e. If the condition were corrected, a full license would be issued.

f. The licensee signs a written statement acknowledging the existence of the condition, citing the law or rule violated, and making a commitment to correct the condition within a specific time period, not to exceed the period of the license.

112.9(4) *Effective period of suspensions.* A suspension shall be effective on the date the notice is received by the licensee and shall remain in effect until one of the following occurs:

a. The department withdraws the suspension due to a change in conditions in the home or facility.

b. The court orders the license reinstated.

c. The action is reversed by a final decision in accordance with 441—Chapter 7.

d. For emergency suspensions, a revocation or denial becomes effective and the license is rescinded.

e. The licensing period expires.

f. For time-limited suspensions, the period of suspension ends.

112.9(5) *Method and content of notice.* The notice of suspension shall be sent by restricted certified mail or personal service and shall include the following:

a. The condition requiring the suspension.

b. The specific law or rule violated.

c. The type of suspension.

d. For an emergency suspension, the adverse action being sought by the department.

e. For a time-limited suspension, the duration of the suspension.

112.9(6) *Right to appeal suspension.* The licensee has the right to appeal the suspension of the license, but initiation of an appeal does not alter the suspension.

This rule is intended to implement Iowa Code sections 237.3 and 237.5.

[ARC 8010B, IAB 7/29/09, effective 10/1/09]

441—112.10(232) Mandatory reporting of child abuse.

112.10(1) *Mandatory reporters.* The following foster care providers shall make a report, in accordance with Iowa Code section 232.69, whenever they reasonably believe a child for whom they are providing foster care has suffered abuse:

a. Any social worker who is employed by a licensed child foster care facility and who works with foster children.

b. Any licensed foster parent providing child foster care.

112.10(2) Required training. After completing the initial mandatory reporter training, and every five years thereafter, any person required to make a report under subrule 112.10(1) shall complete two hours of training relating to the identification and reporting of child abuse.

112.10(3) Training provider.

a. If the foster care provider is a social worker employed by a licensed child foster care facility, the employer shall be responsible for providing the required training in child abuse identification and reporting.

b. If the foster care provider is a licensed foster parent, the foster parent shall be responsible for obtaining the required two-hour training in child abuse identification and reporting as part of a continuing education program required under Iowa Code section 232.69 and chapter 272C and approved by the department of public health.

112.10(4) Training content.

a. Training in child abuse identification shall include physical and behavioral signs of physical abuse, denial of critical care, sexual abuse and other categories of child abuse pursuant to Iowa Code section 232.68.

b. Training in child abuse reporting shall include reporting requirements and procedures.

112.10(5) Training documentation.

a. If the foster care provider is a social worker employed by a licensed child foster care facility, the employer shall document in the employee's personnel record the content and amount of training.

b. If the foster care provider is a licensed foster parent, the foster parent shall be responsible for securing documentation of the training content, amount, and provider, and shall forward the documentation to the department's recruitment and retention contractor, which will provide a copy to the department licensing worker for the service area where the family resides for inclusion in the licensing file.

This rule is intended to implement Iowa Code section 232.69.

[ARC 8010B, IAB 7/29/09, effective 10/1/09; ARC 3185C, IAB 7/5/17, effective 9/1/17]

441—112.11(237) Required training on the reasonable and prudent parent standard. Each group facility shall have an on-site official authorized to apply the reasonable and prudent parent standard as defined in rule 441—202.1(234). Within one year of being identified as an authorized on-site official, each authorized official shall complete the same department-approved training on the reasonable and prudent parent standard in the same manner as required for prospective foster parents and referenced in 441—subrule 117.1(4).

CHAPTER 113
LICENSING AND REGULATION OF FOSTER FAMILY HOMES

[Prior to 7/1/83, Social Services [770] Ch 113]

[Prior to 2/11/87, Human Services[498]]

441—113.1(237) Applicability. This chapter specifically relates to the licensing and regulation of foster family homes. Refer to 441—Chapter 112 for general licensing rules and regulations which apply to all foster care facilities, including foster family homes.

This rule is intended to implement Iowa Code chapter 237.

441—113.2(237) Definitions.

“Age- or developmentally appropriate activities” means activities or items that are generally accepted as suitable for children of the same chronological age or level of maturity or that are determined to be developmentally appropriate for a child, based on the development of cognitive, emotional, physical, and behavioral capacities that are typical for an age or age group; and in the case of a specific child, activities or items that are suitable for the child based on the developmental stages attained by the child with respect to the cognitive, emotional, physical, and behavioral capacities of the child.

“Corporal punishment” means the intentional physical punishment of a foster child.

“Department” means the Iowa department of human services and includes the local offices of the department.

“Foster family home” means a home in which an individual person or persons or a married couple who wishes to provide or is providing, for a period exceeding 24 consecutive hours, board, room, and care for a child in a single family living unit.

“Health care provider” means a licensed medical doctor, doctor of osteopathy, physician assistant or advanced registered nurse practitioner who completes a health report.

“Public water supply system (PWS)” means a system for the provision to the public of water for human consumption through pipes or other constructed conveyances, if such system has at least 15 service connections or regularly serves an average of at least 25 individuals daily at least 60 days out of the year.

“Reasonable and prudent parent standard” means the standard characterized by careful and sensible parental decisions that maintain the health, safety, and best interests of a child while at the same time encourage the emotional and developmental growth of the child, that a caregiver shall use when determining whether to allow a child in foster care under the responsibility of the state to participate in extracurricular, enrichment, cultural, and social activities. For the purposes of this definition, “caregiver” means a foster parent with whom a child in foster care has been placed or a designated official for a child care institution (including group homes, residential treatment, shelters, or other congregate care settings) in which a child in foster care has been placed.

“Reasonable force” means that force, and no more, which a reasonable person in like circumstances would judge to be necessary to prevent an injury or loss.

“Recruitment and retention contractor” means the entity that contracts with the department statewide to recruit foster and adoptive parents, complete home studies, and perform activities to support and encourage retention of foster and adoptive parents, or any of its subcontractors.

“Service area manager” means the department employee responsible for managing department offices and personnel within the service area and for implementing policies and procedures of the department.

“Social work administrator” means the department employee responsible for supervising the social work staff within a department service area and for implementing service policies and procedures of the department.

This rule is intended to implement Iowa Code chapter 237.

[ARC 8010B, IAB 7/29/09, effective 10/1/09; ARC 2069C, IAB 8/5/15, effective 10/1/15; ARC 2743C, IAB 10/12/16, effective 12/1/16; ARC 3185C, IAB 7/5/17, effective 9/1/17]

441—113.3(237) Licensing procedure.

113.3(1) Application. Applications for an initial license to operate a foster family home shall be submitted and processed as directed in rule 441—112.3(237). In addition to the application form, the applicant shall submit the following forms during the licensing process:

a. Form 595-1396, DHS Criminal History Record Check, for each person living in the home who is 14 years of age or older, as required by rule 441—113.13(237).

b. Form 470-0720, Physician's Report for Foster and Adoptive Parents, to satisfy the requirements of rule 441—113.11(237).

c. Form 470-0693, Foster Care Private Water Supply Survey, if applicable.

d. Form 470-4657, Floor Plan. The applicant or the recruitment and retention provider shall complete a drawing of the floor plan of the family's home.

e. If licensed to drive, a copy of the driver's license and motor vehicle insurance.

113.3(2) Orientation. Applicants shall attend an orientation provided by the recruitment and retention contractor as described in rule 441—117.2(237).

113.3(3) Record checks. Before beginning preservice training, applicants shall pass at least the local record check procedures as specified in rule 441—113.13(237).

113.3(4) Home study. The worker for the recruitment and retention contractor shall complete a family home study.

a. Process. Information for the home study is gathered primarily through the required preservice training as described in rule 441—117.1(237). In addition:

(1) The worker shall hold at least two face-to-face interviews with the applicant with one of the interviews taking place in the applicant's home.

(2) The worker shall hold at least one face-to-face interview with each member of the household in the applicant's home.

(3) A physical inspection of the home is required. The worker shall use the Foster Family Survey Report to complete the physical inspection of the home to verify compliance with the licensing and regulation standards in this chapter.

(4) Reference checks shall be conducted as described at rule 441—113.14(237).

b. Family assessment topics. The assessment of the prospective foster family shall evaluate the family's ability to parent a special needs child. The assessment shall include the following:

(1) The applicant's motivation for foster care and whether the family has biological, adopted, or foster children.

(2) The attitude of the family and the extended family toward accepting a foster child.

(3) The applicant's emotional stability; marital relationship and history, including verification of marriages and divorces; family relationships; and compatibility.

(4) The applicant's ability to cope with problems, stress, frustrations, crisis, separation, and loss.

(5) Medical, mental, and emotional conditions that may affect the applicant's ability to parent a child; treatment history; current status of treatment; and the evaluation of the treatment.

(6) An evaluation of the applicant's willingness to accept a child who has medical problems (such as HIV), an intellectual disability, or emotional or behavioral problems. The applicant shall complete the department form to indicate choices about caring for children who have or are at risk for HIV infection and other medical problems.

(7) The applicant's ability to provide for a child's physical, medical, and emotional needs and respect the child's ethnic and religious identity.

(8) The safety of foster children in relation to any animals that live on the applicant's property.

(9) The adjustment of any children in the home, including their attitudes toward foster care and adoption, relationships with others, and school performance.

(10) An assessment of the applicant's disciplinary techniques and practices.

(11) The applicant's financial information and ability to provide for a child.

(12) The applicant's attitude toward the foster child's birth parents and siblings.

(13) The applicant's commitment to and capacity to maintain a foster child's significant relationships and work with the child's parents when the permanency goal is reunification.

(14) Any history of substance use or substance abuse by family members or members of the household, including treatment history and current status of treatment.

(15) Any history of abuse by family members or members of the household, including treatment history, current status of treatment, and how this issue would affect the applicant’s ability to be a foster parent.

(16) Any criminal convictions of family members or adults in the household and the evaluation of the criminal record.

c. Written report. The recruitment and retention contractor shall prepare a written report of the family assessment using Form 470-5436, Resource Parent Home Study. The Resource Parent Home Study shall include a recommendation for the number, age, sex, characteristics, and special needs of a child or children the family can best parent and any other pertinent information in making the licensing recommendation. The home study shall be maintained in the foster family record.

113.3(5) Decision. The department worker shall use the home study to approve or deny a prospective family as an appropriate placement for a child or children. The department worker shall notify the family of the licensing decision using Form 470-0709, Notice of Action: Foster Family Home.

a. Upon approval, the department shall issue the applicant a foster family home license as described at rule 441—112.4(237). The license shall indicate the licensed capacity for the number of foster children approved for placement in the foster family home under subrule 113.4(1).

b. If the department worker does not approve the home study, the notice shall state the reasons for that decision, as listed in rule 441—112.5(237). A license denial may be appealed as described at rule 441—112.8(237).

This rule is intended to implement Iowa Code section 237.5.
 [ARC 8010B, IAB 7/29/09, effective 10/1/09; ARC 3185C, IAB 7/5/17, effective 9/1/17]

441—113.4(237) Provisions pertaining to the license. On a case-by-case basis, the service area manager or area social work administrator may waive any standard in this chapter unless:

1. The requirement is set in state or federal law; or
2. The waiver could have a negative impact on the safety and well-being of a child placed in the foster family home.

113.4(1) Number of children. A foster family home may care for up to five children unless a variance is approved as described in this rule. The license capacity shall be based on the number of the foster family’s biological and adoptive children and any relative placements. The license shall be issued for at least one child. A child who has reached the age of 18 and remains eligible for foster family care shall be included in the license capacity. Any variance to this rule must:

- a.* Be approved by the service area manager or designee.
- b.* Be documented in the licensing record with reasons given for granting the variance.
- c.* Meet one of the following criteria:
 - (1) The foster parents have three or more children in the home and have shown the ability to parent a large number of children. A licensing variance may be approved at initial or renewal licensure to allow the placement of up to three foster children as set forth in the chart below:

No. of Children in the Home (birth/relative/adoptive placements)	Maximum License Capacity:	
	Without variance	With variance
0 children	5	Not applicable
1 child	4	Not applicable
2 children	3	Not applicable
3 children	2	3
4 children	1	3
5 or more children	Not applicable	3

(2) A variance beyond the maximum capacity of the foster home license is needed for the placement of a specific child in foster family care. A child-specific variance shall end when that child leaves the

placement or any other change brings the family into licensed capacity. Unless a variance is needed for the placement of a sibling(s) of a foster child already in the home, or to keep siblings together, the maximum number of children in the home shall not exceed eight. On a case-by-case basis, if it is determined the foster parents have shown the parenting skills and have the social support system to meet the children's needs for parenting more than eight children, the social work administrator shall approve the foster parents to parent more than eight children. A foster family may have both a licensing and a child-specific variance concurrently.

d. All other licensing requirements including, but not limited to, parenting ability and available bedroom space must be met before a foster home can be approved for a variance.

113.4(2) *Employees of the department as foster parents.* Employees of the department may be licensed as foster family home parents unless they are engaged in the administration or provision of foster care services. Employees engaged in the administration or provision of foster care services include:

a. Child care staff, social workers, youth service workers or their supervisors involved in programs for children in state institutions.

b. Foster care service workers, foster care licensing staff, and their supervisors employed in county or central offices of the department.

c. Other staff engaged in foster care placements, such as child protective staff or adoption workers.

d. Department staff responsible for the development of policies and procedures relating to foster care licensing and placement.

113.4(3) *Limits on foster family home licensure.* A licensed foster family home shall not be permitted to be a licensed comprehensive residential facility, community residential facility, or licensed child care center.

This rule is intended to implement Iowa Code sections 237.3 and 237.5.

[ARC 7606B, IAB 3/11/09, effective 5/1/09; ARC 8010B, IAB 7/29/09, effective 10/1/09; ARC 3185C, IAB 7/5/17, effective 9/1/17]

441—113.5(237) Physical standards.

113.5(1) *General standards.* The foster home shall be safe, clean, well ventilated, properly lighted, properly heated, and free from vermin and rodents to ensure the well-being of the foster children residing in the home.

113.5(2) *Grounds.*

a. There shall be safe outdoor space provided according to the age and developmental needs of the foster child for active play. The area available shall be documented in the case record.

b. The foster child shall be adequately supervised and protected against hazards including, but not limited to, traffic, bodies of water, railroads, waste material, and contaminated water. The foster parent shall provide environmental protections such as door alarms, baby monitors, fences, and foliage barriers.

c. When there is a swimming pool or child's plastic pool on the premises:

(1) A child's plastic pool shall be drained daily and shall be inaccessible to children when it is not in use.

(2) An aboveground or in-ground swimming pool that is not fenced shall be covered whenever the pool is not in use. The cover shall meet or exceed the ASTM International (formerly known as the American Society for Testing and Materials) specification intended to reduce the risk of drowning by inhibiting access to the water by children under five years of age.

(3) An uncovered aboveground swimming pool shall be enclosed with an approved fence that is nonclimbable and is at least four feet high. The height of the side of the pool may be included.

(4) An uncovered in-ground swimming pool flush with the ground shall be enclosed with an approved fence that is nonclimbable and is at least four feet high.

d. If children are allowed to use an aboveground or in-ground swimming pool, or other body of water:

(1) Equipment needed to rescue a child or adult shall be readily accessible.

(2) The foster parent or other adult shall provide reasonable supervision according to the ages and swimming abilities of the foster children when they are using the pool.

113.5(3) Bedrooms for foster children.

a. Bedrooms shall either have been constructed for the purpose of providing sleeping accommodation or remodeled for sleeping to provide proper heat and ventilation. Bedroom additions to a home shall meet building code requirements. All bedrooms used by foster children shall have:

- (1) Permanent walls;
- (2) A door that closes;
- (3) An unobstructed, operable window that opens from the inside that is large enough to allow for an unrestricted exit by a foster child;
- (4) A closet, wardrobe, armoire, or dresser for the child's clothes; and
- (5) A standard bed, for infants and toddlers who cannot safely use a standard bed, a crib or crib-like furniture which has a waterproof mattress covering and sufficient bedding to enable a child to rest comfortably and which meets the current standards or recommendations from the U.S. Consumer Product Safety Commission or ASTM International for juvenile products for each child under two years of age if developmentally appropriate. The provider shall follow safe sleep practices as recommended by the American Academy of Pediatrics for infants under the age of one. Safe infant sleep practices shall conform to the following standards:

1. Infants shall always be placed on their backs for sleep.
2. Infants shall be placed on a firm mattress with a tight fitting sheet that meets U.S. Consumer Product Safety Commission federal standards.
3. Infants shall not be allowed to sleep on a bed, sofa, air mattress or other soft surface. No child shall be allowed to sleep in any item not designed for sleeping. This is not referring to a child in a car seat in a car.
4. No toys, soft objects, stuffed animals, pillows, bumper pads, blankets, or loose bedding shall be allowed in the sleeping area with the infant.
5. No co-sleeping shall be allowed.
6. If an alternate sleeping position is needed for an infant, a signed authorization with a statement of a medical reason is required and shall be submitted by a physician, advanced registered nurse practitioner, or physician assistant.

b. The minimum bedroom area per child shall be 40 square feet. However, the service area manager or designee may approve a smaller room size when approval is in the best interest of specific children placed or to be placed in the home. Such approvals shall:

- (1) Be in writing;
- (2) Contain the names and birth dates of the children for whom issued; and
- (3) Be reviewed at each license renewal.

c. When bedrooms meet only minimum requirements, the home shall provide additional room in other parts of the home for study and play.

d. The ceiling height for bedrooms shall be adequate for the child.

e. Except for baby video monitors for children birth to two years of age used in their bedrooms, video or surveillance cameras are not allowed in children's bedrooms or bathrooms.

f. Bedrooms belowground shall:

- (1) Be free from excessive dampness, noxious gases, and objectionable odors;
- (2) Have access to at least one direct exit to the outside from the level belowground and one inside stairway exit from the level belowground;
- (3) Have an egress window with a clear opening area with an opening height of 24 inches and an opening width of 20 inches or an opening height of 20 inches and an opening width of 24 inches;
- (4) Have provisions, such as a ladder or steps, to ensure that the foster child can safely reach the window if the finished sill height is more than 44 inches above the floor and that the foster child can safely reach ground level if there is a window well that has a depth of 44 inches or higher;
- (5) Have a finished ceiling such as drywall or a drop ceiling; and

(6) Have a covered floor.

113.5(4) *All rooms aboveground.* Rescinded IAB 10/3/12, effective 12/1/12.

113.5(5) *Rooms belowground.* Rescinded IAB 10/3/12, effective 12/1/12.

113.5(6) *Physical care standards for foster children.*

a. Grouping children in bedrooms shall take into consideration the age and sex of children.

(1) Children over 6 years of age shall not share a bedroom with a child of the opposite sex.

(2) Foster children shall not share a bed with any other child. The social work administrator may approve a waiver of this policy.

b. Children 2 years of age or older shall be provided bedroom space other than in the foster parents' bedroom. Foster children under the age of 2 may share a bedroom with the foster parent.

c. There shall be a plan for isolating healthy children from a child who is ill or suspected of having a contagious disease.

d. The foster home shall provide food with good nutritional content and in sufficient quantity to meet the individual needs of the children.

e. Bedding shall be clean, odor-free, and free of urine and feces.

f. Foster parents shall follow universal precautions to reduce exposure to bloodborne pathogens and other infectious materials when providing care to all children placed in their physical custody.

g. Smoking and vaping shall be prohibited in the foster home or any vehicle when the foster child is present.

113.5(7) *Lead-based paint.* If the applicant lives in a home built before 1960, the applicant shall submit Form 470-4819, Lead Paint Assessment, certifying that the applicant:

a. Has conducted a visual assessment for lead hazards that exist in the form of peeling or chipping paint; and

b. Has applied interim controls using safe work methods if the presence of peeling or chipping paint is found, unless an inspector certified pursuant to department of public health rules at 641—Chapter 70 has determined that the paint is not lead-based. “Interim controls” are measures designed to temporarily reduce human exposure or likely exposure to lead-based paint hazards, such as repairing deteriorated lead-based paint, specialized cleaning, maintenance, painting, and temporary containment.

113.5(8) *Artificial lighting.* Adequate artificial lighting fixtures shall be provided for study in areas where children will be studying.

113.5(9) *Toilet facilities.*

a. Toilet facilities shall have natural or artificial ventilation.

b. All toilet facilities shall be maintained in a clean and working condition.

113.5(10) *Heating plant.*

a. The heating plant shall have a capacity to maintain a temperature of approximately 65 degrees Fahrenheit in the bedrooms with the door closed.

b. Fireplaces and water heaters shall be vented to the outside atmosphere. Kerosene heaters and gas-fired space heaters shall not be used to heat any space in the home.

113.5(11) *Ventilation.* Ventilation shall be provided in all rooms where foster children eat, sleep, and play either by windows which can be opened or by mechanical venting systems. Windows and doors used for ventilation shall be screened.

This rule is intended to implement Iowa Code section 237.3.

[ARC 8010B, IAB 7/29/09, effective 10/1/09; ARC 0357C, IAB 10/3/12, effective 12/1/12; ARC 3185C, IAB 7/5/17, effective 9/1/17]

441—113.6(237) Sanitation, water, and waste disposal.

113.6(1) *Food preparation and storage.* Food preparation areas shall be clean, and there shall be facilities to store perishable food at cold temperatures and storage areas for other nonperishable food supplies.

113.6(2) *Public water supply.* The water supply is approved when the water is obtained from a public water supply system.

113.6(3) *Private water supply.*

a. Each privately operated water supply shall be tested prior to initial licensure and tested before license renewal, and evaluated for obvious deficiencies such as open or loose well tops or platforms and poor drainage around the wells.

b. As part of the evaluation, water samples must be collected and submitted by the licensing worker or health sanitarian to the university hygienic laboratory or other laboratory certified by the hygienic laboratory and analyzed for coliform bacteria. In order to be licensed for the care of children under two years of age the nitrate (NO³) content must be analyzed.

c. When the water supply is obtained from more than one well, proof of the quality of the water from each well is required.

d. When the water sample result shows the water is potable, the license can be granted.

e. When the water sample is not approved, no foster family home license shall be issued until the foster parents provide a written statement that foster children will be provided potable water, including where the water will be obtained and how it will be transported and stored.

(1) The statement shall be provided on Form 470-0699, Provisions for Alternate Water Supply.

(2) When the family has made ongoing alternative arrangements for the use of safe, potable water, annual testing of the water may be waived after the private water supply has tested unpotable for three consecutive years.

113.6(4) Sewage treatment.

a. Foster homes, wherever possible, shall be connected to public sewer systems.

b. Private disposal systems shall be designed, constructed and maintained so that no unsanitary or nuisance conditions exist, such as surface discharge of raw or partially treated sewage or failure of the sewer lines to convey sewage properly.

113.6(5) Garbage storage and disposal.

a. A sufficient number of covered garbage and rubbish containers shall be provided to properly store all material between collections.

b. Containers shall be fly tight, watertight, and rodent proof and shall be maintained in a sanitary condition.

This rule is intended to implement Iowa Code section 237.3.

[ARC 8010B, IAB 7/29/09, effective 10/1/09; ARC 3185C, IAB 7/5/17, effective 9/1/17]

441—113.7(237) Safety.

113.7(1) Fire protection for bedrooms. Any floor of a house, including the basement, shall be equipped with the following:

a. A working smoke detector. On floors that are used for sleeping, the smoke detector shall be in a location where sleeping areas can be alerted. For hearing-impaired children, the foster parent shall install a smoke detector in the child's bedroom that will use an alternative means of waking the child.

b. Hallways and stairways free of debris and clutter to allow unrestricted access to an exit.

c. A working carbon monoxide detector in all homes with:

(1) Gas appliances, furnaces, fireplaces, or other gas equipment; and

(2) Attached garages.

113.7(2) Combustion hazards.

a. Combustible materials shall be kept away from heat sources, including but not limited to furnaces, stoves, electrical panels, space heaters, and hot water heaters.

b. Explosives and flammable substances shall be stored securely and be inaccessible to a child. Matches and lighters shall be inaccessible to a child.

c. The home shall have at least one operable 2A-10BC-rated or ABC-rated fire extinguisher.

113.7(3) Safety plan. The family shall have an emergency safety plan to be used for fire, tornado, blizzard, flood, other natural or manmade disasters, accidents, medical issues, and other life-threatening situations for children in out-of-home placements. The safety plans shall state the action that the foster parents and children are to take in each situation that may occur.

a. The safety plans for fire and tornadoes shall be reviewed with foster children at the time of placement. Fire and tornado plans shall be practiced with the foster children within one week of placement and no less than annually thereafter.

b. In a disaster requiring evacuation of the foster home, the foster parents shall notify the department of the evacuation and the address and telephone number of the foster parents' temporary residence within 24 hours after evacuation.

c. The plans shall include a designated meeting place.

113.7(4) Medications and poisonous substances. All medications and poisonous, toxic, or otherwise unsafe substances shall be kept secured from access by children.

a. All prescription medication shall be administered as prescribed and documented in a medication log that is given to the child's department caseworker when the child leaves the placement.

b. All over-the-counter medications shall be administered according to label directions or as directed by a physician.

113.7(5) Weapons. All weapons, firearms, and ammunition shall be inaccessible to a child of any age.

a. Weapons and firearms shall be maintained in a locked place, such as a gun case.

b. Ammunition shall be maintained in a locked place separate from the firearms.

c. The weapons, firearms, and ammunition storage unit shall not share the same key or matching security code. If a key is used, the key shall be stored in a place inaccessible to the foster child.

d. Any motor vehicles used to transport foster children shall not contain a loaded gun, and any ammunition in the vehicle shall be kept in a separate, locked container.

e. Foster parents who have a permit to carry a firearm shall sign Form 470-4657, Firearms Safety Plan. Foster parents who have firearms but do not have a permit to carry shall complete the safety plan section of the Firearms Safety Plan form.

113.7(6) Transporting foster children.

a. Foster parents shall have a valid Iowa driver's license and adequate motor vehicle insurance when the foster parents transport foster children in a motor vehicle.

b. Foster parents shall ensure that appropriate child safety restraints, as required by Iowa law, are used for all foster children when the foster parents transport the children in a motor vehicle.

c. Any motor vehicles used to transport foster children shall be smoke-free when foster children are being transported.

113.7(7) Supervision. The foster parents shall provide reasonable and prudent supervision of foster children to ensure their safety.

a. Foster parents shall adequately supervise foster children while the children are using any hazardous or dangerous objects or equipment. In order for foster children to participate in age- or developmentally appropriate activities, the foster parent would apply the reasonable and prudent parent standard.

b. Foster parents shall use reasonable and prudent supervision of foster children when the foster children are using the Internet or other social media.

113.7(8) Household pets. Household pets and any outdoor animals or pets accessible to foster children shall have a current veterinary health certificate verifying that the animal's routine immunizations, e.g., rabies, are current.

a. At the time of the initial home study and any time thereafter, foster parents shall report an animal's history of aggression towards people and inform the department of the animal's aggression towards people within 24 hours of an occurrence.

b. Foster parents who have pets or animals with any history of aggression shall have a written plan that addresses strategies to reduce the risk of aggression by their pets or animals with which the child will have contact.

c. Animal waste will be contained and disposed of on a routine basis.

113.7(9) Liability. Foster parents who apply the reasonable and prudent parent standard reasonably and in good faith in regard to a foster child placed in their home shall have immunity from civil or

criminal liability which might otherwise be incurred or imposed. This subrule shall not remove or limit any existing liability protection afforded under any other law.

This rule is intended to implement Iowa Code section 237.3.

[ARC 8010B, IAB 7/29/09, effective 10/1/09; ARC 0357C, IAB 10/3/12, effective 12/1/12; ARC 2743C, IAB 10/12/16, effective 12/1/16; ARC 3185C, IAB 7/5/17, effective 9/1/17]

441—113.8(237) Foster parent training.

113.8(1) Preservice training. All foster parent applicants shall complete the following training before licensure and the placement of a child in foster care in their home:

- a. Orientation pursuant to rule 441—117.2(237);
- b. Preservice training pursuant to rule 441—117.1(237);
- c. Preservice training, which shall include:
 - (1) An agency-approved medication management training,
 - (2) A face-to-face cardiopulmonary resuscitation (CPR) and first-aid training,
 - (3) Mandatory reporter training on child abuse identification, and
 - (4) The reasonable and prudent parent standard training; and
- d. Mandatory reporter training on child abuse identification and reporting before initial licensure and every five years thereafter as required by rule 441—112.10(232) and 441—subrule 117.8(3).

113.8(2) In-service training. All licensed foster parents shall complete six hours of in-service training annually as required by rule 441—117.7(237).

Each foster parent shall maintain certification in CPR and first-aid training.

This rule is intended to implement Iowa Code section 237.5A.

[ARC 8010B, IAB 7/29/09, effective 10/1/09; ARC 2069C, IAB 8/5/15, effective 10/1/15; ARC 3185C, IAB 7/5/17, effective 9/1/17]

441—113.9(237) Involvement of kin.

113.9(1) Support by foster parents. Foster parents shall support the involvement of biological or adoptive parents and other relatives of the foster child unless this involvement is evaluated and documented by the department to be detrimental to the child's well-being.

113.9(2) Nature of involvement. The extent and nature of the involvement of the biological or adoptive parents and other relatives shall be determined by the caseworker in consultation with the foster parents, biological or adoptive parents, and others involved with the child and family.

113.9(3) Cultural connections. Throughout the provision of care, the foster family shall actively ensure that the foster child stays connected to the child's kin, culture, and community as required in the child's case permanency plan.

This rule is intended to implement Iowa Code section 237.3.

[ARC 8010B, IAB 7/29/09, effective 10/1/09]

441—113.10(237) Information on the foster child.

113.10(1) Foster child information. Foster parents shall maintain a separate folder of information on each foster child placed in the foster family home. This folder shall be provided to the department or the child's parent or guardian when the child leaves the placement. The folder shall contain:

- a. The names and addresses of all doctors, mental health professionals, and dentists who have treated the foster child; current medications prescribed, including over-the-counter medications; medication log; and the type of medical, dental, vision, and mental health treatments and hearing examinations received while the foster child is in the foster home.
- b. School reports including report cards and pictures.
- c. Date the child left the placement.
- d. Name, address, and telephone number of the person to whom the child is discharged.

113.10(2) Confidentiality. Foster parents shall maintain confidentiality regarding a child in placement except as required to comply with rules on mandatory reporting of child abuse and with the child's case permanency plan. Foster parents shall not without parent or guardian and department

consent post pictures or information concerning a foster child on any Internet Web site or on social media.

This rule is intended to implement Iowa Code section 237.7.
[ARC 8010B, IAB 7/29/09, effective 10/1/09; ARC 3185C, IAB 7/5/17, effective 9/1/17]

441—113.11(237) Health of foster family.

113.11(1) *Health report required.* The foster parents shall furnish the licensing agency with a health report on the family completed no more than six months before the application for licensure. The report shall include information on all family members, including foster parents, their minor children who reside in the home, and adult household members. An updated report shall be provided upon request of the department licensing worker or the recruitment and retention contractor.

113.11(2) *Contents of report.* This report shall include a statement from the health practitioner that there are no physical or mental health problems which would be a hazard to foster children placed in the home and a statement that the foster parents' health would not prevent needed care from being provided to the child.

113.11(3) *Capability for caring for the child.* If there is evidence that the foster parent is unable to provide necessary care for the child, the department licensing worker, the recruitment and retention contractor, or the physician may require additional medical and mental health reports, including a substance abuse evaluation.

This rule is intended to implement Iowa Code section 237.7.
[ARC 8010B, IAB 7/29/09, effective 10/1/09; ARC 3185C, IAB 7/5/17, effective 9/1/17]

441—113.12(237) Characteristics of foster parents.

113.12(1) *Age.*

- a. Foster parents shall be at least 21 years of age.
- b. The age of foster parents shall be considered as it affects their ability to care for a specific child and function in a parental role.

113.12(2) *Income and resources.* The foster family shall have sufficient income and resources to provide adequately for the family's own needs.

113.12(3) *Religious considerations.* The foster parent shall respect the foster child's religious background and affiliation.

113.12(4) *Requirements of foster parents.* Foster parents shall be stable, responsible, physically able to care for the type of child placed, mature individuals who are not unsuited by reason of substance abuse, lewd or lascivious behavior or other conduct likely to be detrimental to the physical or mental health or morals of the child. They shall exercise good judgment in caring for children and have a capacity to accept agency supervision.

113.12(5) *Personal characteristics.* The foster parents shall:

- a. Provide evidence of relationship stability.
- b. Have realistic expectations of foster children.
- c. Have time available to parent foster children.
- d. Be able to accept and deal with acting out behavior with realistic expectations and good judgment.
- e. Include foster children in normal family life.
- f. Have the ability to be accepting and loving toward a foster child entering the home.
- g. Be able to support the case permanency plan for the foster child and be willing to cooperate with visits, transportation, or other activities that support the child's connection to and reunification with the child's family.
- h. Ensure that all family members are aware of having foster children in the home.
- i. Articulate their strengths and concerns and limitations which are essential to the department's matching the foster children with foster parents appropriately.

113.12(6) *Determination of characteristics.* The areas discussed in subrules 113.12(4) and 113.12(5) shall be explored through observation of the family and interviews with family members and documented in a foster home study as described in subrule 113.3(4), or in the foster family record when explored after

licensure and prior to renewal. Any additional areas that the family or worker identifies as a possibility for creating problems shall also be documented in the foster family record.

This rule is intended to implement Iowa Code section 237.3.

[ARC 8010B, IAB 7/29/09, effective 10/1/09; ARC 3185C, IAB 7/5/17, effective 9/1/17]

441—113.13(237) Record checks. Record checks are required for each foster parent applicant and for anyone who is 14 years of age or older living in the home of the applicant. The purpose of the record checks is to determine whether any of these persons has any founded child abuse reports or criminal convictions or has been placed on the sex offender registry.

113.13(1) Procedure. The department's contractor for the recruitment and retention of resource families shall assist applicants in completing required record checks, including fingerprinting.

a. Iowa records. Each foster parent applicant and anyone who is 14 years of age or older living in the home of the applicant shall be checked for records with:

- (1) The Iowa central abuse registry, using Form 470-0643, Request for Child and Dependent Adult Abuse Information;
- (2) The Iowa division of criminal investigation, using Form 595-1396, DHS Criminal History Record Check, Form B;
- (3) The Iowa sex offender registry; and
- (4) Iowa Courts Online.

b. Other records.

(1) Each foster parent applicant and any other adult living in the household shall also be checked for records on the child abuse registry of any state where the person has lived during the past five years.

(2) Each foster parent applicant shall also be fingerprinted for a national criminal history check. Fingerprinting, for the purpose of a national criminal history check, is required on all other adult household members at the time of initial application effective with applications dated on or after October 1, 2011. When warranted, the department may require fingerprinting for a national criminal history check on adult household members who move in after initial application.

113.13(2) Evaluation of record. If the applicant or anyone living in the home has a record of founded child or dependent adult abuse, a criminal conviction, or placement on the sex offender registry, the department shall not license the applicant as a foster family unless an evaluation determines that the abuse or criminal conviction does not warrant prohibition of license.

a. Exclusion. An evaluation shall not be performed if the person has been convicted of:

- (1) A felony offense as set forth in Iowa Code section 237.8(2) "a"(4); or
- (2) A crime in another state that would be a felony as set forth in Iowa Code section 237.8(2) "a"(4).

b. Scope. The evaluation shall consider the nature and seriousness of the founded child or dependent adult abuse or crime in relation to:

- (1) The position sought or held,
- (2) The time elapsed since the abuse or crime was committed,
- (3) The degree of rehabilitation,
- (4) The likelihood that the person will commit the abuse or crime again, and
- (5) The number of abuses or crimes committed by the person.

c. Evaluation form. The person with the founded child or dependent adult abuse or criminal conviction report shall complete and return Form 470-2310, Record Check Evaluation, within ten calendar days of the date of receipt to be used to assist in the evaluation. Failure of the person to complete and return Form 470-2310 within the specified time frame shall result in denial of licensure.

113.13(3) Evaluation decision. The service area manager or designee shall conduct the evaluation and make the decision. The department shall issue Form 470-2310, Record Check Evaluation, to inform the subject of the decision and describe the basis of the decision using the criteria specified in paragraph 113.13(2) "b." The department shall mail the form to the person on whom the evaluation was completed:

a. Within 30 days of receipt of the completed Form 470-2310, Record Check Evaluation, or

b. When the person whose record is being evaluated fails to complete the evaluation form within the time frame specified in paragraph 113.13(2) "c."

113.13(4) License renewal. Foster parents applying for an annual or biennial license renewal shall be subject to the same checks as new applicants, except for fingerprinting. The department shall evaluate only abuses and convictions of crimes that occurred since the last record check. The evaluation shall be conducted using the same process.

This rule is intended to implement Iowa Code section 237.8(2).
[ARC 7606B, IAB 3/11/09, effective 5/1/09; ARC 0356C, IAB 10/3/12, effective 12/1/12; ARC 3185C, IAB 7/5/17, effective 9/1/17]

441—113.14(237) Reference checks.

113.14(1) At least three additional unsolicited references shall be checked for all foster family home applicants in addition to a minimum of three references provided by the applicant.

113.14(2) Responses of references shall be documented in the applicant's record.

113.14(3) Information received from references may be discussed with the applicant at the discretion of the worker. The reference shall be so informed.

113.14(4) Reference checks shall include only those areas related to the applicant's ability to care for children and should include discussion of the following areas:

- a. How long and in what capacity the reference has known the applicant.
- b. Personal qualities of the applicant including the general character, ability to get along with others, ability to deal with children's problem behavior, ability to give affection and care, discussion of use of drugs and alcohol, questions regarding personal difficulties that could be detrimental to a foster child.
- c. Relationship stability.
- d. How the applicant handles anger, problems, crisis situations, discipline, and disappointments.
- e. Any areas of general concern not previously mentioned.
- f. Would the reference feel comfortable leaving a child in this home for a period of time?
- g. Recommendations regarding licensing.

113.14(5) When warranted, additional references may be sought after licensure.

This rule is intended to implement Iowa Code section 237.3.
[ARC 8010B, IAB 7/29/09, effective 10/1/09; ARC 3185C, IAB 7/5/17, effective 9/1/17]

441—113.15(237) Unannounced visits.

113.15(1) The department's recruitment and retention contractor shall make unannounced visits during periods of the day when the child and foster parents would normally be at home and awake, unless there has been a specific complaint about the family and care of the child.

113.15(2) The unannounced visit shall include, but is not limited to, assessment of the following areas:

- a. Home environment.
- b. Who was present at the time of the visit.
- c. Interaction between the foster child and foster family and their children.
- d. The foster child's perception of the foster parents, other children and adults in the home, behavioral expectations of foster parents, discipline used by foster parents, religious training, school, contact with natural parents, and purpose of placement in foster care.
- e. The foster parents' view of the child, the child's problem, placement worker's involvement, plan for the child, involvement of natural parents, and additional services that either the foster child or foster parents need.
- f. Any previously or currently cited deficiencies, corrective action plans and progress.
- g. Any previous or current concerns from department workers.
- h. Discussion of placements during the licensing year and, if none, the reason why.
- i. Progress on completing training in the foster parents' training plan.
- j. Awareness of the foster parents' license capacity and compliance.
- k. Recommended action.

113.15(3) An unannounced visit to the foster home:

- a. Shall be completed annually;
- b. Shall not be waived; and

c. Shall not occur in conjunction with license renewal.

113.15(4) The findings from the unannounced visit shall be summarized on Form 470-5438, Progress Notes.

a. The report shall be sent to the department licensing worker and the foster parents within two weeks after the visit.

b. A copy of the report shall be retained in the foster parents' record.

113.15(5) Actions after the unannounced visit.

a. When deficiencies are cited that do not appear likely to cause immediate physical or mental harm to the child, an additional visit may be scheduled. The department licensing worker and the recruitment and retention contractor shall discuss the deficiencies with the foster parents and make plans for improving the deficiencies.

b. When the reported deficiencies raise questions of concern as to the quality of care provided, the recruitment and retention contractor shall:

(1) Report deficiencies to the department licensing worker and to the placement worker for each foster child currently placed in the home;

(2) Hold a meeting with the department licensing worker and the foster parents to discuss deficiencies and the plans for improving the deficiencies and then complete a written corrective action plan as to how the foster parents intend to address the deficiencies.

c. When the reported deficiencies appear likely to cause immediate physical or mental harm to the child, the service area manager or designee shall immediately:

(1) Direct the placement worker to determine if the child should be removed, and

(2) Direct the licensing worker to complete a review of the foster home to determine if the family should continue to be licensed, should receive a provisional license, or should have the license revoked according to 441—112.6(237).

113.15(6) When the foster parents refuse to make a written commitment to improve the deficiencies, the department licensing worker shall conduct a complete review of the foster home to determine if the license should be revoked according to rule 441—112.6(237).

This rule is intended to implement Iowa Code section 237.7.

[ARC 8010B, IAB 7/29/09, effective 10/1/09; ARC 3185C, IAB 7/5/17, effective 9/1/17]

441—113.16(237) Planned activities and personal effects.

113.16(1) *Daily routine.* The daily routine shall promote good health and provide an opportunity for activity suitable for the foster child with time for rest and play.

113.16(2) *Clothing.*

a. All children should have their own clothing.

b. Children shall have training and help in selection and proper care of clothing.

c. Clothing shall be suited to the existing climate and seasonal conditions.

d. Clothing shall be becoming, of proper size, and culturally appropriate.

e. There shall be an adequate supply of clothing to permit laundering, cleaning and repair.

f. There shall be adequate closet and drawer space for children to permit access to their clothing.

113.16(3) *Educational opportunity.* Every foster child shall be given the opportunity to complete high school or vocational training in accordance with the child's case permanency plan. The foster parent shall be an advocate for the foster child by working with the foster child's school.

113.16(4) *Religion and culture.* Each child shall be given an opportunity, in consultation with the child's parents, to participate in the child's culture and religion. Children shall not be required to participate in religious training or observances contrary to the wishes of the biological or adoptive family or the religious beliefs of the child.

113.16(5) *Community participation.* Every child shall be given the opportunity to develop healthy social relationships through participation in neighborhood, school and other community and group activities. The child shall have the opportunity to invite friends to the foster home and to visit the home of friends.

113.16(6) Work assignments. Work assignments shall be in keeping with the child's age and development.

a. Exploitation of the child is prohibited. No child shall be permitted to do any hazardous tasks or to engage in any work which is in violation of the child labor laws of the state.

b. Each child shall have the opportunity to learn to assume some responsibility for self and for household duties in accordance with the child's age, health and ability. However, assigned tasks shall not deprive the child of school, sleep, play or study periods.

This rule is intended to implement Iowa Code section 237.3.
[ARC 8010B, IAB 7/29/09, effective 10/1/09; ARC 3185C, IAB 7/5/17, effective 9/1/17]

441—113.17(237) Medical examinations and health care of the child.

113.17(1) Medical and dental care. Foster parents shall keep the child's department case manager informed of any medical and dental appointments and treatments prescribed for the child.

a. Foster parents shall contact the child's parents to engage them in the process of accessing routine medical and dental care for their child unless parental rights have been terminated.

b. In case of an emergency or urgent situation requiring medical care and treatment of an acute illness, disease or condition of a child, when a delay or inability to access parental or department consent for medical care or treatment would endanger the health or physical well-being of the child, the foster parents can provide consent for medical care and treatment.

113.17(2) Exemption from medical care. Nothing in this rule shall be construed to require medical treatment or immunization for a minor child of any person who is a member of a church or religious organization which is against medical treatment for disease. In such instance, an official statement from the organization and a notarized statement from the parents shall be incorporated in the record. In potentially life-threatening situations, the child's care shall be referred to appropriate medical and legal authorities.

This rule is intended to implement Iowa Code section 237.3.
[ARC 7606B, IAB 3/11/09, effective 5/1/09; ARC 8010B, IAB 7/29/09, effective 10/1/09; ARC 3185C, IAB 7/5/17, effective 9/1/17]

441—113.18(237) Training and discipline of foster children.

113.18(1) Foster parents' methods of training and discipline. The home study evaluation of each foster parent applicant shall include a discussion and a written report of the foster parents' methods of training and discipline. Discipline shall be designed to help the child develop self-control, self-esteem, and respect for the rights of others.

113.18(2) Restrictions on training and discipline. Child training and discipline shall be handled with kindness and understanding.

a. A child shall not be locked in a room, closet, box, or other device.

b. No child shall be deprived of food as punishment.

c. No child shall be subjected to verbal abuse, threats or derogatory remarks about the child or the child's family.

d. The use of corporal punishment is prohibited.

e. Restraints shall not be used as a form of discipline.

(1) Reasonable physical force may be used to restrain a child only in order to prevent injury to the child, injury to others, the destruction of property, or extremely disruptive behavior.

(2) Upon approval of the department, the foster parent may use restraints only in accordance with the written plan of a licensed mental health professional who is working with the child and the foster parents.

113.18(3) Reports of mistreatment. Reports of mistreatment coming to the attention of the department licensing worker and caseworker for the foster child shall be investigated promptly and referred to the proper authorities when necessary.

This rule is intended to implement Iowa Code sections 234.40 and 237.3.
[ARC 8010B, IAB 7/29/09, effective 10/1/09; ARC 3185C, IAB 7/5/17, effective 9/1/17]

441—113.19(237) Emergency care and release of children.

113.19(1) *Supervision and arrangements for emergency care.*

a. Foster parents shall provide supervision of foster children and children in preadoptive placement as dictated by the individual child's specific needs.

b. In case of emergency requiring the foster parents' temporary absence from the home, arrangements shall be made with other licensed foster parents or with designated, responsible persons for the care of the children during the period of absence. The child's placement worker shall be notified of all emergency absences of the foster parents.

113.19(2) *Release of foster child.* The foster parents shall release the foster child only to the agency, parent or guardian from whom the child was received for care, or the person specifically designated by the agency, parent or guardian.

This rule is intended to implement Iowa Code section 237.3.

[ARC 8010B, IAB 7/29/09, effective 10/1/09]

441—113.20(237) Changes in foster family home. Foster parents shall notify the department and the recruitment and retention contractor within seven working days of:

1. Any change in the number of persons living in the home (except for foster children);
2. A move to a new home; or
3. Any circumstances in the home that could negatively affect the health, safety or welfare of a child in the family's care.

This rule is intended to implement Iowa Code section 237.3.

CHAPTER 114
LICENSING AND REGULATION OF ALL
GROUP LIVING FOSTER CARE FACILITIES FOR CHILDREN

[Prior to 7/1/83, Social Services[770] Ch 114]

[Prior to 2/11/87, Human Services[498]]

441—114.1(237) Applicability. This chapter outlines the basic standards for all group living foster care facilities and contains the basic standards applicable to community residential facilities for children. Additional standards applicable to specific levels of group living are discussed in 441—Chapter 115, “Licensing and Regulation of Comprehensive Residential Facilities for Children,” and 441—Chapter 116, “Licensing and Regulation of Residential Facilities for Children with an Intellectual Disability.”

This rule is intended to implement Iowa Code chapter 237.
[ARC 3185C, IAB 7/5/17, effective 9/1/17]

441—114.2(237) Definitions.

“*Adequate lighting*” means a light intensity of 20 foot-candles (approximately equivalent to a 60 watt bulb at a clear distance of 5 feet).

“*Caseworker*” means any staff of the facility who is primarily responsible for planning for individual children, a family, or groups, as well as coordination with referral sources and coordination of services to the individual.

“*Casework supervisor*” means any staff of the facility who provides supervision of the caseworker(s) by regularly scheduled face-to-face case specific discussions with the caseworker.

“*Chemical restraint*” means the use of chemical agents including psychotropic drugs as a form of restraint. The therapeutic use of psychotropic medications as a component of a service plan for a particular child is not considered chemical restraint.

“*Child care worker*” means any staff of the facility whose primary responsibility is the direct care of children in the facility.

“*Community residential facility*” means a facility which provides care for children who are considered unable to live in a family situation due to social, emotional or physical disabilities but are capable of interacting in a community environment with a minimum amount of supervision. The facility provides 24-hour care including board and room. Community resources are used for education, recreation, medical, social and rehabilitation services. The facility is responsible for planning the daily activities of the children, discipline, guidance, peer relationships, and recreational programs.

“*Control room*” means a locked room used for treatment purposes in a comprehensive residential facility.

“*Educational degrees*” means formally approved certificates from accredited schools.

“*Highly structured juvenile program*” means a short-term treatment program lasting 90 days and having a high degree of structure that stresses discipline, physical activity, and education. The program must be licensed either as a community residential facility under this chapter or as a comprehensive residential facility under 441—Chapter 115. The program shall have the ability to use a physically secure setting dependent upon the level of the license.

“*Locked cottage*” means an occupied comprehensive residential facility or an occupied unit of a comprehensive residential facility which is physically restrictive because of the continual locking of doors to prevent the children in care from leaving the facility.

“*Mechanical restraint*” means restriction by the use of a mechanical device of a child’s mobility or ability to use the hands, arms, or legs.

“*Physical restraint*” means direct physical contact required on the part of a staff member to prevent a child from hurting self, others, or property.

“*Prime programming time*” means any period of the day when special attention or supervision is necessary, for example, upon awakening in the morning until departure for school, during meals, after school, transition between activities, evenings and bedtime, or weekends and holidays, in order to maintain continuity of program and care. Prime programming time shall be defined by the facility.

“*Private juvenile detention home*” means a juvenile detention home as defined in Iowa Code section 232.2, which does not meet the requirements of being “county or multicounty” as defined in 441—subrule 105.1(2).

“*Private juvenile shelter care home*” means a juvenile shelter care home as defined in Iowa Code section 232.2, which does not meet the requirements of being “county or multicounty” as defined in 441—subrule 105.1(2).

“*Prone restraint*” means a physical restraint in which a child is held face down on the floor.

“*Staff*” means any person providing care or services to or on behalf of the facility whether the person is an employee of the facility, an independent contractor or any other person who contracts with the facility, an employee of an independent contractor or any other person who contracts with the facility, or a volunteer.

[ARC 9488B, IAB 5/4/11, effective 7/1/11]

441—114.3(237) Physical standards. Local building and zoning ordinances shall be met.

114.3(1) Grounds.

- a. An outdoor play area of 75 square feet per child shall be provided.
- b. The play area shall be identified and kept free from hazards that could cause injury to a child.
- c. Rubbish and trash shall be kept separated from the play area.
- d. The grounds shall be adequately drained.

114.3(2) Buildings.

a. All living areas shall:

- (1) Have screens on windows used for ventilation.
- (2) Be maintained in clean, sanitary conditions, free from vermin, rodents, dampness, noxious gases and objectionable odors.
- (3) Be in safe repair.
- (4) Provide for adequate lighting when natural sunlight is inadequate.
- (5) Have heating and storage areas separated from sleeping or play areas.
- (6) Have walls and ceiling surfaced with materials that are asbestos free.

b. *All sleeping rooms shall:*

- (1) Provide a minimum of 60 square feet per child for multiple occupancy.
- (2) Provide a minimum of 80 square feet per child for single occupancy.
- (3) Not sleep more than four children per room. Facilities licensed prior to July 1, 1981, meeting current square footage requirements shall be allowed to house five children per room.
- (4) Be of finished construction.

Facilities licensed prior to July 1, 1981, having a square foot area less than that required in subparagraphs (1) and (2) shall be considered to meet those standards.

c. *All rooms aboveground shall:*

- (1) Have a ceiling height of at least 7 feet, 6 inches.
- (2) Have a window area of at least 8 percent of the floor area unless mechanical ventilation is provided that is capable of removing dampness and odors.

d. *All rooms belowground shall:*

- (1) Have a ceiling height of at least 6 feet, 8 inches.
- (2) Have a window area of at least 2 percent of the floor area unless mechanical ventilation is provided that is capable of removing dampness and odors.
- (3) Have floor and walls constructed of concrete or other materials with an impervious finish and free from groundwater leakage.

114.3(3) Bedrooms.

- a. Each child in care shall have a solidly constructed bed.
- b. Sheets, pillowcases, and blankets shall be provided for each child and shall be kept clean and in good repair.
- c. Each child in care shall have adequate storage space for private use, and a designated space for hanging clothing in proximity to the bedroom occupied by the child.

d. No child over the age of five years shall occupy a bedroom with a member of the opposite sex.

114.3(4) Heating.

a. The heating unit shall be located and operated to maintain the temperature in the living quarters at a minimum of 65 degrees Fahrenheit during the day and 55 degrees Fahrenheit during the night. Variances may be made in case of health problems. Temperature is measured at 24 inches above the floor in the middle of the room.

b. All space heaters and water heaters involving the combustion of fuel, such as gas, oil or similar fuel, shall be vented to the outside atmosphere.

c. Neither rubber nor plastic tubing shall be used as supply lines for gas heaters.

d. The heating or cooling plant shall be checked at least annually and kept in safe working condition at all times.

This rule is intended to implement Iowa Code section 237.3.

441—114.4(237) Sanitation, water, and waste disposal.

114.4(1) Bathroom facilities.

a. Bathrooms shall have an adequate supply of hot and cold running water.

b. Each bathroom shall be properly equipped with toilet tissue, towels, soap, and other items required for personal hygiene unless children are individually given these items. Paper towels, when used, and toilet tissue shall be in dispensers.

c. Toilets and baths or showers shall provide for individual privacy.

d. There shall be a shower or tub for each ten children or portion thereof.

e. Tubs and showers shall have slip-proof surfaces.

f. At least one toilet and one lavatory shall be provided for each six children or portion thereof.

g. Toilet facilities shall be provided with natural or artificial ventilation capable of removing odors and moisture.

h. Toilet facilities adjacent to a food preparation area shall be separated completely by an enclosed solid door.

i. All toilet facilities shall be kept clean.

j. When more than one stool is used in one bathroom, partitions providing privacy shall be used.

k. Toilets, wash basins, and other plumbing or sanitary facilities shall be maintained in good operating condition.

114.4(2) Food preparation and storage.

a. Cracked dishes and utensils shall not be used in the preparation, serving, or storage of food.

b. Storage areas for perishable foods shall be kept at 45 degrees Fahrenheit or below.

c. Storage areas for frozen foods shall be kept at zero degrees Fahrenheit or below.

d. Food that is to be served hot shall be maintained at 140 degrees Fahrenheit or above.

e. Food that is to be served cold shall be maintained at 45 degrees Fahrenheit or below.

f. The kitchen and food storage areas shall be kept clean and neat. Foods shall not be stored on the floor.

g. The floor and walls shall be of smooth construction and in good repair.

114.4(3) Personnel handling food. Personnel who handle food shall:

a. Be free of infection.

b. Be clean and neatly groomed.

c. Wear clean clothes.

d. Not use tobacco in any form while preparing or serving food.

114.4(4) Dishwashing facilities.

a. Manual dishwashing will be allowed in facilities that normally serve 15 or less people at one meal.

b. Commercial dishwashers shall be used in facilities serving more than 15 people at one meal, and shall meet the following criteria:

(1) When chemicals are added for sanitation purposes, they shall be automatically dispensed.

(2) Machines using hot water for sanitizing must maintain wash water at least 150 degrees Fahrenheit and rinse water at a temperature of at least 180 degrees Fahrenheit or a single temperature machine at 165 degrees Fahrenheit for both wash and rinse.

(3) All machines shall be thoroughly cleaned and sanitized at least once each day or more often if necessary to maintain satisfactory operating condition.

c. Soiled and clean dish table areas shall be of adequate size to accommodate the dishes for one meal.

d. All hand-held food preparation and serving equipment shall be cleaned and sanitized following each meal. Dispensers, urns, and similar equipment shall be cleaned and sanitized daily.

114.4(5) *Foods not prepared at site of serving.*

a. The place where food is prepared for off-site serving shall conform with all requirements for on-site food preparation.

b. Food shall be transported in covered containers or completely wrapped or packaged so as to be protected from contamination.

c. During transportation, and until served, hot foods shall be maintained at 140 degrees Fahrenheit or above and cold food maintained at 45 degrees Fahrenheit or below.

114.4(6) *Milk supply.* When fluid milk is used, it shall be pasteurized Grade A.

114.4(7) *Public water supply.* The water supply is approved when the water is obtained from a public water supply system.

114.4(8) *Private water supplies.*

a. Each privately operated water supply shall be annually checked and evaluated for obvious deficiencies such as open or loose well tops or platforms and poor drainage around the wells.

b. As part of the evaluation, water samples shall be collected and submitted by the department of human service worker or local health sanitarian to the state hygienic laboratory or other laboratory certified by the hygienic laboratory and analyzed for coliform bacteria and nitrate (NO³) content.

c. When the water supply is obtained from more than one well, proof of the quality of the water from each well is required.

d. When no apparent deficiencies exist in the well and the water sample is approved, water safety requirements have been met.

e. When the water sample is not approved, the facility shall provide a written statement as to how the water supply will be upgraded.

f. A facility can obtain potable water from another source when a written statement is provided on where the water will be obtained and the manner of transportation and storage until the water supply is tested as safe. This shall be considered as meeting the water safety requirements.

114.4(9) *Heating or storage of hot water.* Each tank used for the heating or storage of hot water shall be provided with a pressure and temperature relief valve.

114.4(10) *Sewage treatment.*

a. Facilities shall be connected to public sewer systems where available.

b. Private disposal systems shall be designed, constructed, and maintained so that no unsanitary or nuisance conditions exist, such as surface discharge of raw or partially treated sewage or failure of the sewer lines to convey sewage properly.

114.4(11) *Garbage storage and disposal.*

a. A sufficient number of garbage and rubbish containers shall be provided to properly store all material between collections.

b. Containers shall be fly tight, leakproof, and rodent proof and shall be maintained in a sanitary condition.

This rule is intended to implement Iowa Code section 237.3.

441—114.5(237) Safety.

114.5(1) *General.*

a. Facilities shall take sufficient measures to ensure the safety of the children in care.

b. Stairways, halls and aisles shall be of substantial nonslippery material, shall be maintained in a good state of repair, shall be adequately lighted and shall be kept free from obstructions at all times. All stairways shall have handrails.

c. Radiators, registers, and steam and hot water pipes shall have protective covering or insulation. Electrical outlets and switches shall have wall plates.

d. Fuse boxes shall be inaccessible to children.

e. Facilities shall have written procedures for the handling and storage of hazardous materials.

f. Firearms and ammunition shall be kept under lock and key and inaccessible to children. When firearms are used, the facility shall have written policies regarding their purpose, use, and storage.

g. All swimming pools shall conform to state and local health and safety regulations. Adult supervision shall be provided at all times when children are using the pool.

h. The facility shall have policies regarding fishing ponds, lakes, or any bodies of water located on or near the institution grounds and accessible to the children.

114.5(2) *Emergency evacuation.* All living units utilized by children shall have a posted plan for evacuation in case of fire or disaster with practice drills held at least every six months.

114.5(3) *Fire inspection.* Each facility shall procure an annual fire inspection approved by the state fire marshal and shall meet the recommendations thereof.

114.5(4) *Local codes.* Each facility shall meet local building, zoning, sanitation and fire safety ordinances. Where no local standards exist, state standards shall be met.

This rule is intended to implement Iowa Code section 237.3.
[ARC 2743C, IAB 10/12/16, effective 12/1/16]

441—114.6(237) Organization and administration. Any change in the name of the facility, the address of the facility, the executive, or the capacity shall be reported to the licensing manager.

114.6(1) *Table of organization.* A table of organization including the identification of lines of responsibility and authority from policymaking to service to clients shall be available to the licensing staff.

114.6(2) *Purpose of agency.* The purpose or function of the organization shall be clearly defined in writing and shall include a description of the children to be accepted for care and the services offered.

114.6(3) *Governing bodies or individuals.* All group living foster care facilities shall:

a. Have a governing board or individuals who are accountable for and have authority over the policies and activities of the organization. In the case of an organization owned by a proprietor or partnership, the proprietor or partner shall be regarded as the governing body.

b. Provide the department with a list of names, addresses, telephone numbers and titles of the members of the governing body.

c. Have adequate insurance covering fire and liability as a protection to children in care.

d. For organizations with the home base located outside Iowa, have duly authorized representatives with decision-making abilities designated within the state of Iowa.

114.6(4) *Executive director.* The governing body shall select and appoint an executive director with full administrative responsibility for carrying out the policies, procedures and programs established by the governing body.

114.6(5) *Financial solvency of facilities.* Profit and nonprofit institutions shall maintain financial solvency to ensure adequate care of children and youth for whom responsibility is assumed. It shall have sufficient financial resources, predictable income, or both, and not be totally dependent upon current fees, for a three-month operating period. The facility shall have written policies and procedures describing the program of the facility and specifying how it will be carried out.

This rule is intended to implement Iowa Code section 237.2.

441—114.7(237) Policies and record-keeping requirements.

114.7(1) *Policies in writing.* The following current personnel policies and practices of the agency and relating to the specific facility shall be described in writing and accessible to staff upon request:

- a. Affirmative action and equal employment opportunity policies and procedures covering the hiring, assignment, and promotion of employees.
- b. Job descriptions for all positions.
- c. Provisions for vacations, holidays, and sick leave.
- d. Effective, time-limited grievance procedures allowing the aggrieved party to bring the grievance to at least one level above that party's supervisor.
- e. Authorized procedures, consistent with due process, for the suspension and dismissal of an employee for just cause.
- f. Written procedures for annual employee evaluations.

114.7(2) Health of staff. Each staff person who has direct client contact or is involved in food preparation shall be medically determined to be free of serious infectious communicable diseases and able to perform assigned duties. A statement attesting to these facts shall be secured at the time of employment and filed in the staff record of the staff person. A new statement shall be secured at least every three years. The statement shall be signed by one of the following:

- a. A physician as defined in Iowa Code section 135.1(4);
- b. An advanced registered nurse practitioner who is registered with and certified by the Iowa board of nursing to practice nursing in an advanced role; or
- c. A physician assistant licensed under Iowa Code chapter 148C.

114.7(3) Staff records.

- a. The facility shall maintain the following information with respect to each staff person:
 - (1) Name and current address of each staff person.
 - (2) At least two written references or documentation of oral references. In case of unfavorable references, there shall be documentation of further checking to ensure that the person will be reliable.
 - (3) Documentation that a criminal records check with the Iowa division of criminal investigation has been completed on the staff person prior to providing any care or service directly or indirectly to children under the care of the agency. A copy of the department's evaluation of the criminal record check shall be kept in the staff record.
 - (4) A written, signed and dated statement furnished by the staff person prior to providing any care or services to or on behalf of the facility which discloses any founded reports of child abuse on the person that may exist.
 - (5) Documentation that a check of the staff person has been completed with the Iowa central abuse registry for any founded reports of child abuse prior to the person's providing any care or services directly or indirectly to children under the care of the agency. A copy of the department's evaluation of this child abuse record check shall be kept in the staff record.
 - (6) Records of a health examination or a record of a health report, as required in subrule 114.7(2), plus a written record of subsequent health services rendered to staff necessary to ensure that each individual is physically able to perform the job duties or functions.
 - (7) If the staff person has completed and submitted Form 470-2310, Record Check Evaluation, to the agency, a copy shall be kept in the staff record.
 - (8) Records of training sessions attended, including dates and content of the training.
 - (9) When otherwise required in situations that apply, a certified copy of a school transcript, diploma, or written statement from the school or supervising agency for positions having educational requirements.
- b. In addition, with respect to staff who are employed by the facility, the facility shall maintain the following records:
 - (1) Social security number of each employee.
 - (2) A job application containing sufficient information to justify the initial and current employment.
 - (3) A certified copy of a school transcript, diploma, or written statement from the school or supervising agency before permanent employment of applicants for positions having educational requirements.
 - (4) Written verification of licensure before permanent employment of applicants for positions requiring licenses. Evidence of renewal of licenses as required by the licensing agency.

- (5) Current information relative to work performance evaluation.
 - (6) Information on written reprimands or commendations.
 - (7) Information on position in the agency and date of employment.
 - (8) If the applicant, probationary or temporary employee has completed and submitted Form 470-2310, Record Check Evaluation, to the agency, a copy shall be kept in the staff record.
- [ARC 9488B, IAB 5/4/11, effective 7/1/11]

441—114.8(237) Staff.

114.8(1) *Qualifications of staff.*

a. A caseworker shall have a bachelor of arts or bachelor of science degree in social work, psychology or a related behavioral science, plus two years of supervised experience; or a bachelor's degree in social work with one year of supervised experience; or six years of supervised child welfare experience in residential care or a combination of advanced education in the behavioral sciences and experience equal to six years.

b. A casework supervisor shall have either a master's degree in social work with one year of supervised experience after the master's degree or a master's degree in psychology or counseling with two years of experience beyond the master's degree, one of which was under supervision. The experience shall be in the area of child welfare services.

c. Child care workers shall be at least 18 years of age.

d. Any licensed facility having persons in employment in positions for which present rules require higher qualifications will be considered to meet rules with the present staff. New staff will need to meet the requirements of these rules.

e. A person who has a record of a criminal conviction or founded child abuse report shall not be employed, unless an evaluation of the crime or founded child abuse has been made by the department which concludes that the crime or founded child abuse does not merit prohibition of employment. If a record of criminal conviction or founded child abuse exists, the person shall be offered the opportunity to complete and submit Form 470-2310, "Record Check Evaluation." In its evaluation, the department shall consider the nature and seriousness of the crime or founded abuse in relation to the position sought, the time elapsed since the commission of the crime or founded abuse, the circumstances under which the crime or founded abuse was committed, the degree of rehabilitation, and the number of crimes or founded abuses committed by the person involved.

114.8(2) *Number of staff.*

a. Children shall be provided with 24-hour awake supervision. There shall be at least one awake and readily accessible staff person on duty for each currently occupied living unit. The staff person shall make regular visual checks at least every hour throughout the night. A log shall be kept of all checks, including the time of the check and any significant observations. Policies for nighttime checks shall be in writing.

b. Each facility shall have the services of a casework supervisor and a caseworker adequate to fulfill the staff duties.

c. There shall be an on-call system operational 24 hours a day to provide supervisory consultation. There shall be a written plan documenting this system.

d. The number and qualifications of the staff will vary depending on the needs of the children. There shall be at least a one to eight staff to client ratio during prime programming time.

114.8(3) *Staff duties.*

a. The casework supervisor shall provide in-person case specific supervision at the site of the facility for one hour per month per caseworker and be available for consultation in case of emergency.

b. Caseworkers shall:

- (1) Develop a care plan for each child containing goals and objectives with projected dates of accomplishment and shall involve the client, referral agency, and family whenever possible.

- (2) Develop a specific plan relating to the involvement of the child's parents unless documented by the caseworker that their involvement would be counterproductive.

c. The facility shall define in writing who shall be responsible for the following staff duties:

- (1) Documenting case reassessments quarterly, involving the same personnel as previously involved in care plan development.
- (2) Documenting the implementation of the care plan.
- (3) Providing for scheduled in-person conferences with each resident.
- (4) Providing a supportive atmosphere for the child.
- (5) Providing for coordination of internal and external activities of the child.
- (6) Providing for liaison with the referring agency.
- (7) Providing leadership and guidance to the children.
- (8) Providing a mechanism for dealing with day-to-day program operations.
- (9) Being responsible for overseeing and maintaining general health and well-being of children.
- (10) Supervising the living activities of the children.
- (11) Monitoring and recording behavior on a daily basis.
- (12) At all times, knowing where the children are supposed to be.

114.8(4) Staff development. Staff development shall be appropriate to the size and nature of the facility. There shall be a written format for staff training that includes:

- a. Orientation for all new employees to acquaint them with the philosophy, organization, program practices, and goals of the facility.
- b. Training of new employees in areas related to their job assignments.
- c. Provisions for all staff members to improve their competency. This may be accomplished through such means as:
 - (1) Attending staff meetings.
 - (2) Attending seminars, conferences, workshops and institutes.
 - (3) Visiting other facilities.
 - (4) Access to consultants.
 - (5) Access to current literature, including books, monographs, and journals relevant to the facility's services.

d. An individual designated responsible for staff development and training, who will complete a written staff development plan which shall be updated annually.

This rule is intended to implement Iowa Code section 237.3.
 [ARC 9488B, IAB 5/4/11, effective 7/1/11]

441—114.9(237) Intake procedures.

114.9(1) Intake policies. The agency shall have written intake policies specific to the licensed facility.

114.9(2) Basis of acceptance. Children shall be accepted for care only after the following criteria have been met:

- a. An assessment of the child's need for service and supervision has been agreed upon by the staff of the facility and the referring agency worker. The child, the child's family, and any other significant people shall be invited to participate in this process to the fullest extent possible.
- b. The assessment indicates that the child requires the care offered by this type of facility and is likely to benefit from the program the facility offers.

114.9(3) Referral requirements. The following information shall be available prior to any decision being made regarding the acceptance of a child:

- a. A current social history.
- b. A copy of the child's physical assessment including immunization history completed within one year prior to application, when available.
- c. Where indicated, or when available, psychological testing completed no more than one year prior to referral.
- d. Current educational data.
- e. When indicated or available, psychiatric report completed no more than one year prior to referral.

f. Referring agency's case plan which includes goals and objectives to be achieved during placement with a time frame for the achievement of these goals and objectives.

g. Documentation of the legal status of the child which includes any court orders or statements of custody and guardianship.

114.9(4) Admission requirements.

a. The following items shall be secured upon admission of the child to the facility.

(1) A placement agreement for the child signed by the person having legal responsibility for the child and the agency where the child is being placed. When this is not available at the time of placement, it shall be furnished within 48 hours of placement in the facility.

(2) Emergency medical authorization from the court, the parents, the guardian, or custodian.

b. The following items shall be provided to the child, the child's family or guardian, and the referring worker at the time of placement:

(1) A description of the services provided.

(2) Written policies regarding children's rights as in 114.13(2).

(3) Written policies regarding religion, work or vocational experiences, family involvement, grievance procedures and discipline as in 441—114.13(237) to 114.18(237) and 114.20(237).

114.9(5) Personal assessment. At the time of intake, individual needs will be identified by staff based on written and verbal information from referral sources, observable behavior at intake and the initial interview with youth or family, school contacts, physical examinations, and other relevant material. The individual assessment shall provide the basis for development of a care plan for each child.

114.9(6) Educational assessment. An educational assessment shall be developed by the staff and the referring worker. Involvement of the parents or guardian, area education agency, and public schools may be appropriate.

114.9(7) Person responsible. Each agency shall designate a person or persons who have the authority to do intake.

114.9(8) Intake sheet. An intake sheet shall be completed on each child containing at least the information specified in 114.11(2).

This rule is intended to implement Iowa Code section 237.3.

441—114.10(237) Program services.

114.10(1) Evaluation services.

a. When evaluation services are provided by staff of the facility, the services shall be clearly defined so that referral sources are clear about the components of the service.

b. Evaluations shall be based on behavioral observations, social history, educational assessments and shall include an assessment of vocational needs, recreational skills, and physical therapy, speech, language, vision and hearing needs to assist in planning and placement for the child. The need for providing all of these evaluative services will be determined on the basis of the specific child being referred.

114.10(2) Care plan. There shall be a written care plan for each child. The care plan shall be based on the individual needs determined through the assessment of each resident, provide for consultation with the family, and shall include the following:

a. Identification of special needs.

b. Description of planned services which indicate which staff person will be responsible for the specific services in the plan.

c. Indication of where the services are to occur and note the frequency of activities or services.

114.10(3) Daily routine. Each facility shall provide a daily routine for the children in residence which is directed toward developing healthful habits in eating, sleeping, exercising, personal care, hygiene, and grooming according to the needs of the individual child and the living group.

114.10(4) Daily log. The facility shall maintain a daily log. The log shall be used to note general progress in regard to the care plan and any problem areas or unusual behavior for each child.

114.10(5) Educational services. An educational program shall be available for each child in accordance with abilities and needs. The educational and teaching standards established by the state department of education shall be met when an educational program is provided within an institution.

114.10(6) Health care.

a. There shall be 24-hour emergency and routine medical and dental services available and provided when prescribed. Provisions for these services shall be documented.

b. The facility shall arrange a physical assessment including vision and hearing tests for each child in care within one week of admission unless the child has received an examination within the past year and the results of this examination are available to the facility.

c. A facility shall not require medical treatment when the parent(s) or guardian of the child or the child objects to treatment on the grounds that it conflicts with the tenets and practices of a recognized church or religious denomination of which the parent(s), guardian or child is an adherent. In potentially life-threatening situations, the facility shall refer the child's care to appropriate medical and legal authorities.

d. A facility shall have written procedures for staff members to follow in case of medical emergency.

e. A facility shall schedule a dental examination for each child within 14 days of admission unless the child has been examined within six months prior to admission and the facility has the results of that examination.

114.10(7) Dietary program. The facility shall provide properly planned, nutritious and inviting food and take into consideration the special food needs and tastes of children.

114.10(8) Recreation and leisure activities.

a. A facility shall provide the opportunity for recreation and leisure activities for children in care.

b. Opportunities shall be based on both the individual interests and needs of the children in care and the composition of the living group.

c. A facility shall utilize the recreational resources of the community whenever appropriate.

114.10(9) Casework services. A facility shall provide or obtain casework services in the form of counseling in accordance with the needs of each child's individual care plan. Casework services include crisis intervention, daily living skills, interpersonal relationships, future planning and preparation for placement as required by the child.

114.10(10) Psychiatric and psychological services—(Optional service).

a. When the diagnostic evaluation of a child indicates need for care by a psychiatrist and under psychiatric guidance, the specialized treatment or consultation shall be provided or arranged by the facility.

b. Psychologists, whose services are used in behalf of children, shall be licensed as a psychologist in the state of Iowa, or be certified by the department of education.

114.10(11) Volunteers—(Optional service). A facility which utilizes volunteers to work directly with a particular child or group of children, shall have a written plan for using volunteers. This plan shall be given to all volunteers. The plan shall indicate that all volunteers shall:

a. Be directly supervised by a paid staff member.

b. Be oriented and trained in the philosophy of the facility and the needs of children in care, and methods of meeting those needs.

c. Be subject to character and reference checks required of employment applicants.

114.10(12) Liability. Licensed group living foster care facilities that apply the reasonable and prudent parent standard reasonably and in good faith in regard to a child in foster care shall have immunity from civil or criminal liability which might otherwise be incurred or imposed. This subrule shall not remove or limit any existing liability protection afforded under any other law.

This rule is intended to implement Iowa Code section 237.3.

[ARC 2743C, IAB 10/12/16, effective 12/1/16]

441—114.11(237) Case files.

114.11(1) Generally. All facilities shall establish and maintain case files on each child. The case files shall include the following:

114.11(2) Face sheet. The face sheet shall contain the following information:

- a. Full name, birth place and date of birth.
- b. Parents' full name.
- c. Parents' address and telephone number.
- d. Religious preference of parents and child.
- e. Statement of who has legal custody and guardianship.
- f. Name of the referring worker and agency making the referral.
- g. Telephone number and address of the agency or court making the referral.

114.11(3) Referral packet. All of the information required in the referral packet shall be contained in the case record including a social history on the child, a copy of the child's physical assessment and immunization history, psychological testing, when available, current educational information, psychiatric report, when available, and the referring agency's case plan.

114.11(4) Legal documents.

- a. Placement agreement signed by parent(s) or custodian of the child.
- b. Petitions and orders of the court regarding adjudication, custody, or guardianship.

114.11(5) Psychiatric and psychological. Psychiatric and psychological reports, when available.

114.11(6) Correspondence. Correspondence regarding the child.

114.11(7) Medical.

a. Medical and surgical authorizations signed by the parent(s), guardian, or contained in the court order.

- b. Record of medical care received while in the facility.
- c. Information on past medical history.

114.11(8) School.

- a. Name of school currently attended.
- b. Grade placement.
- c. Any specific educational problem.
- d. Remedial action recommended.

114.11(9) Care plan. Individual child care plan and semiannual review and revision of care plan.

114.11(10) Dictation.

a. Appropriate notes, all significant contacts with parents, referring worker and other collateral contracts, as well as staff counseling with child and notations on behavior.

b. Information on release of the child from the facility including the name, address and relationship of the person or agency to whom the child was released.

This rule is intended to implement Iowa Code section 237.3.

441—114.12(237) Drug utilization and control. The agency shall have written policies and procedures governing the methods of handling prescription drugs and over-the-counter drugs within the facility. No prescription or narcotic drugs are to be allowed in the facility without the authorization of a licensed physician.

114.12(1) Approved drugs. Only drugs which have been approved by the federal Food and Drug Administration for use in the United States may be used. No experimental drugs may be used.

114.12(2) Prescribed by physician. Drugs shall be prescribed by a physician licensed to practice in the state of Iowa or the state in which the physician is currently practicing and may be prescribed only for use in accordance with dosage ranges and indications approved by the federal Food and Drug Administration.

114.12(3) Dispensed from a licensed pharmacy. Drugs provided to residents shall be dispensed only from a licensed pharmacy in the state of Iowa in accordance with the pharmacy laws in the Code of Iowa, or from a licensed pharmacy in another state according to the laws of that state, or by a licensed physician.

114.12(4) Locked cabinet. All drugs shall be maintained in a locked cabinet. Controlled substances shall be maintained in a locked box within the locked cabinet. The cabinet key shall be in the possession

of a staff person. A bathroom shall not be used for drug storage. A documented exception can be made by a physician for self-administered drugs as discussed in 114.12(17).

114.12(5) Medications requiring refrigeration. Medications requiring refrigeration shall be kept in a locked box in the refrigerator and separated from food and other items.

114.12(6) Poisonous or caustic drugs. All potent poisonous or caustic drugs shall be plainly labeled, stored separately from other drugs in a specific well-illuminated cabinet, closet, or storeroom, and made accessible only to authorized persons.

114.12(7) Prescribed medications. All prescribed medications shall be clearly labeled indicating the resident's full name, physician's name, prescription number, name and strength of the drug, dosage, directions for use and, date of issuing the drug. Medications shall be packaged and labeled according to state and federal guidelines.

114.12(8) Medication containers. Medication containers having soiled, damaged, illegible or makeshift labels shall be returned to the issuing pharmacist.

114.12(9) Medication for discharged residents. When a resident is discharged or leaves the facility, medications currently being administered shall be sent, in the original container, with the resident or with a responsible agent, and with the approval of the physician.

114.12(10) Unused prescription drugs. Unused controlled prescription drugs prescribed for residents shall be returned to the issuing pharmacist or physician for credit or destruction according to state law. Other unused prescription drugs shall be destroyed by facility staff in the presence of a witness and this destruction shall be documented.

114.12(11) Refills. Prescriptions shall be refilled only with the permission of the attending physician.

114.12(12) Use of medications. No prescription medications prescribed for one resident may be administered to or allowed in the possession of another resident.

114.12(13) Order of physician. No prescription medication may be administered to a resident without the order of a licensed physician.

114.12(14) Patient reaction. Any unusual patient reaction to a drug shall be reported to the attending physician immediately.

114.12(15) Dilution or reconstitution of drugs. Dilution or reconstitution of drugs and their labeling shall be done only by a licensed pharmacist.

114.12(16) Administration of drugs. Medications shall be administered only in accordance with the instructions of the attending physician. Controlled substances shall be administered only by qualified personnel. The type and amount of the medication, the time and date, and the staff member administering the medication shall be documented in the child's record. (See IAC 620—8.16(204).)

114.12(17) Self-administration of drugs. There shall be written policy and procedures relative to self-administration of prescription medications by residents and only when:

- a. Medications are prescribed by a physician.
- b. The physician agrees that the patient can self-administer the drug.
- c. What is taken and when is documented in the record of the child.

This rule is intended to implement Iowa Code section 237.3.

441—114.13(237) Children's rights.

114.13(1) Policies in writing. All policies and procedures covered in this rule shall be in writing and provided to the child and parents or guardian upon the child's admission to the facility. The rationale and circumstances of any deviation from these policies shall be discussed with the child's parents or guardian and the referring worker, documented, and placed in the child's case record.

114.13(2) Confidentiality. Information regarding children and their families shall be kept confidential and released only with proper written authority.

114.13(3) Communication.

a. Visitation shall be allowed with members of the child's immediate family unless otherwise regulated by the court.

b. Visits shall be allowed with other significant persons.

c. Consideration shall be given to privacy for family visits.

- d. The child shall be permitted to communicate with legal counsel and the referring worker.
- e. The child shall be allowed to conduct private telephone conversations with family members. Incoming calls may be screened by staff to verify the identity of the caller before approval is given.
- f. The child shall be allowed to send and receive mail. The facility may require the child to open incoming mail in the presence of a staff member when it is suspected to contain contraband articles, or when there is money that should be receipted and deposited.
- g. When limitations on visitation, calls or other communications are indicated, they shall be determined with the participation or knowledge of the child, family or guardian, and the referring worker. All restrictions shall have specific bases which shall be made explicit to the child and family and documented in the child's case record.

114.13(4) Privacy. Reasonable provisions shall be made for the privacy of residents.

This rule is intended to implement Iowa Code section 237.2.

441—114.14(237) Personal possessions.

114.14(1) Belongings. A facility shall allow a child in care to bring personal belongings and to acquire belongings in accordance with the child's service plan. However, the facility shall, as necessary, limit or supervise the use of these items while the child is in care.

114.14(2) Clothing. A facility shall ensure that each child in care has adequate, clean, well-fitting, attractive, and seasonable clothing as required for health, comfort, and physical well-being. The clothes should be appropriate to age, sex and individual needs.

This rule is intended to implement Iowa Code section 237.2.

441—114.15(237) Religion—culture.

114.15(1) Facility orientation. A facility shall have a written description of its religious orientation, particular religious practices that are observed, and any religious restrictions. This description shall be provided to the child, the parent(s) or guardian, and the placing agency at the time of admission.

114.15(2) Child participation. When a facility accepts a child, the child shall have the opportunity to participate in religious activities and services in accordance with the child's own faith or that of the child's parent(s) or guardian. The facility shall, when necessary and reasonable, arrange transportation for religious activities. Wherever feasible, the child shall be permitted to attend religious activities and services in the community.

This rule is intended to implement Iowa Code section 237.2.

441—114.16(237) Work or vocational experiences.

114.16(1) Written description. The facility shall have a written statement of any work and vocational experiences available to children.

114.16(2) Program component. Work as part of the program shall be identified in the child's case plan.

114.16(3) Self-care. Ordinary self-care and self-sufficiency tasks are not considered work.

114.16(4) Purpose. Work shall be in the child's interest, within the child's ability, with payment where appropriate, and never solely in the interest of the facility's goals or needs.

This rule is intended to implement Iowa Code section 237.2.

441—114.17(237) Family involvement. There shall be written policies and procedures for family involvement that shall encourage continued involvement of the family with the child.

This rule is intended to implement Iowa Code section 237.2.

441—114.18(237) Children's money.

114.18(1) Treatment of funds. Money earned, received as a gift, or as an allowance by a child in care shall be deemed to be that child's personal property.

114.18(2) Limitations. The facility shall have a written policy on limitations on the child's use of funds.

114.18(3) Records. The facility shall maintain a separate accounting system for children's money. This rule is intended to implement Iowa Code section 237.2.

441—114.19(237) Child abuse. Written policies shall prohibit mistreatment, neglect, or abuse of children and specify reporting and enforcement procedures for the facility. Alleged violations shall be reported immediately to the director of the facility and appropriate department of human services personnel. Any employee found to be in violation of Iowa Code chapter 232, division III, part 2, as substantiated by the department of human services' investigation shall be subject to the agency's policies concerning dismissal.

This rule is intended to implement Iowa Code section 237.2.

441—114.20(237) Discipline.

114.20(1) Generally. The facility shall have written policies regarding methods used for control and discipline of children which shall be available to all staff and to the child's family. Agency staff shall be in control of and responsible for discipline at all times. Discipline shall not include the withholding of basic necessities such as food, clothing, or sleep.

114.20(2) Corporal punishment prohibited. The facility shall have a policy that clearly prohibits staff or the children from utilizing corporal punishment as a method of disciplining or correcting children. This policy is to be communicated, in writing, to all staff of the facility.

114.20(3) Physical restraint. The use of physical restraint shall be employed only to prevent the child from injury to self, to others, or to property. Physical restraint must be conducted with the child in a standing position whenever possible.

a. No staff person shall use any restraint that obstructs the airway of a child.

b. Prone restraint is prohibited. Staff persons who find themselves involved in the use of a prone restraint when responding to an emergency must take immediate steps to end the prone restraint.

c. If a staff person physically restrains a child who uses sign language or an augmentative mode of communication as the child's primary mode of communication, the child shall be permitted to have the child's hands free of restraint for brief periods unless the staff person determines that such freedom appears likely to result in harm to the child, others, or property.

d. The rationale and authorization for the use of physical restraint and staff action and procedures carried out to protect the child's rights and to ensure safety shall be clearly set forth in the child's record by the responsible staff persons.

114.20(4) Other restraints. Only comprehensive residential facilities may use a control room, locked cottages, mechanical restraints or chemical restraint.

114.20(5) Behavior expectations. The facility shall make available to the child and the child's parents or guardian written policies regarding the following areas:

a. The general expectation of behavior including the facility's rules and practices.

b. The range of reasonable consequences that may be used to deal with inappropriate behavior.

This rule is intended to implement Iowa Code section 237.3.

[ARC 9488B, IAB 5/4/11, effective 7/1/11]

441—114.21(237) Illness, accident, death, or absence from the facility.

114.21(1) Notification of illness. A facility shall notify the child's parent(s), guardian and responsible agency of any serious illness, incident involving serious bodily injury, or circumstances causing removal of the child from the facility.

114.21(2) Notification of death. In the event of the death of a child, a facility shall notify immediately the physician, the child's parent(s) or guardian, the placing agency, and the appropriate state authority. The agency shall cooperate in arrangements made for examination, autopsy, and burial.

This rule is intended to implement Iowa Code section 237.2.

441—114.22(237) Records. In the event of closure of a facility, children's records shall be sent to the department of human services for retention according to the records retention policy.

This rule is intended to implement Iowa Code section 237.2.

441—114.23(237) Unannounced visits.

114.23(1) *Time.* The unannounced visit shall occur during periods of the day when the child would normally be in the facility and awake. Visits at other times may occur only as a result of a specific complaint.

114.23(2) *Observations.* The visit shall include an assessment of the following areas:

- a. Interaction between the staff and child.
- b. Interaction between the children.
- c. Discussion with the child about experiences in the facility.
- d. A check on any previously sighted deficiencies.
- e. Overall impression of the facility.

114.23(3) *Recommendation.* The licensing staff shall recommend follow-up, when needed.

This rule is intended to implement Iowa Code section 237.7.

441—114.24(237) Standards for private juvenile shelter care and detention homes. The standards of 441—Chapter 105 shall be used as the basis for licensing private juvenile shelter care and detention homes. These homes are not required to meet other standards of 441—Chapter 114.

This rule is intended to implement Iowa Code section 237.3.

CHAPTER 115
LICENSING AND REGULATION OF
COMPREHENSIVE RESIDENTIAL FACILITIES FOR CHILDREN

[Prior to 7/1/83, Social Services[770] Ch 115]

[Prior to 2/11/87, Human Services[498]]

441—115.1(237) Applicability. This chapter relates specifically to the licensing and regulation of comprehensive residential care facilities. Refer to 441—Chapter 112 for the basic licensing and regulation of all foster care facilities and 441—Chapter 114 for definitions and minimum standards for all group living foster care facilities.

This rule is intended to implement Iowa Code chapter 237.

441—115.2(237) Definitions.

“*Comprehensive residential facility*” means a facility which provides care and treatment for children who are unable to live in a family situation due to social, emotional, or physical disabilities and who require varying degrees of supervision as indicated in the individual treatment plan. Care includes room and board. Services include the internal capacity for individual, family, and group treatment. These services and others provided to the child shall be under the administrative control of the facility. Community resources may be used for medical, recreational, and educational needs. Comprehensive residential facilities have higher staff to client ratios than community residential facilities and may use control rooms, locked cottages, mechanical restraints, and chemical restraints when these controls meet licensing requirements.

“*Nonsecure facility*” means any facility which does not meet the definition of a secure facility.

“*Secure facility*” means any comprehensive residential facility which employs, on a regular basis, locked doors or other physical means to prevent children in care from leaving the facility. Secure facilities may only be used for children who have been adjudicated delinquent or placed pursuant to provisions of Iowa Code chapter 229.

This rule is intended to implement Iowa Code chapter 237.

441—115.3(237) Information upon admission. In addition to the requirements in 114.9(4) “b,” parents or guardians shall be provided with information on conditions for the use of restraints.

This rule is intended to implement Iowa Code section 237.3.

441—115.4(237) Staff.

115.4(1) Number of staff.

a. The number and qualifications of the staff will vary depending on the needs of the children. There shall be at least a one to five staff to child ratio during prime programming time.

b. A staff person shall be in each living unit at all times when children are in residence.

115.4(2) Staff duties.

a. A casework supervisor shall provide:

(1) One hour per week per caseworker of in-person case specific supervision.

(2) On-site supervision at least monthly.

(3) At least one additional hour per week per caseworker in other related duties including case intake discussions, staffings of cases, evaluations of caseworker, teaching, and administrative duties.

b. Casework staff shall:

(1) Provide at least weekly group or individually scheduled in-person conferences with each resident for whom the caseworker is responsible. More frequent in-person contact shall be provided if required in the care plan.

(2) Provide a supportive and therapeutic atmosphere for the child.

(3) Select and employ appropriate treatment approaches to different types of children.

This rule is intended to implement Iowa Code section 237.3.

[ARC 9488B, IAB 5/4/11, effective 7/1/11]

441—115.5(237) Program services.**115.5(1) Recreation program.**

a. The facility shall provide adequately designed and maintained indoor and outdoor activity areas, equipment, and equipment storage facilities appropriate for the age group it serves. There shall be a variety of activity areas and equipment so that all children can be active participants in different types of individual and group sports and other motor activities.

b. Games, toys, equipment, and arts and crafts material shall be selected according to the age and number of children with consideration to the needs of the children to engage in active and quiet play.

c. The facility shall plan and carry out efforts to establish and maintain workable relationships with community recreational resources so these resources may provide opportunities for children to participate in community recreational activities.

115.5(2) Casework services. The facility shall have the internal capacity to provide individual, family and group counseling and shall include, but not be limited to, casework dealing with crisis intervention, daily living skills, peer relationships, future planning and preparation for discharge.

This rule is intended to implement Iowa Code section 237.3.

441—115.6(237) Restraints.

115.6(1) Nonsecure facilities. Physical restraints and a control room are permitted in nonsecure facilities.

115.6(2) Secure facilities. Secure facilities may use physical restraints, a control room, locked cottages, mechanical restraints, and chemical restraints.

115.6(3) Written policies. A facility which uses restraints shall have a written policy on their use. This policy shall include:

- a. A statement specifically identifying each form of restraint in use at the facility.
- b. Criteria for use of each form of restraint.
- c. Identification of staff authorized to approve and use each form of restraint.
- d. Requirement for documentation in the child's individual case file.
- e. Procedures for application or administration of each form of restraint.
- f. Maximum time limit for use of restraints.

115.6(4) Use of restraint.

a. A facility shall not use, apply, or administer restraint in any manner which causes physical injury.

b. A facility shall not use restraint as a disciplinary or punitive measure, for staff convenience, or as a substitute for programming.

c. A secure facility which uses any form of restraint other than physical restraint shall ensure that all direct service staff are adequately trained in the following areas:

- (1) The appropriate use and application or administration of each approved form of restraint.
- (2) The facility's policies and procedures related to restraint.
- (3) Crisis management techniques.

d. A secure facility shall continually review any placement of a child in any form of restraint other than physical restraint. The facility shall release the child from restraint immediately when the situation precipitating restraint no longer exists.

This rule is intended to implement Iowa Code section 237.4.

441—115.7(237) Control room.

115.7(1) Purpose. The control room shall be used for treatment purposes only. A facility shall be approved by the licensing authority as meeting the requirements of this chapter regarding control rooms before control rooms can be utilized.

115.7(2) Written policies. When a residential treatment facility uses a control room as part of its treatment program, the facility shall have written policies regarding its use. The policy shall:

- a. Specify the types of behavior which may result in control room placement.

b. Delineate the staff members who may authorize its use as well as procedures for notification of supervisory personnel.

c. Require documentation in writing of the types of behaviors leading to control room placement and the conditions that will allow the child to return to the living unit. The child shall be informed of these conditions.

d. Limit the utilization of the control room to one of the following two circumstances:

(1) The child's care plan includes and explains how this use of the control room fits into the treatment plan for the child.

(2) A one time placement in an emergency without a care plan outlining the rationale for its use. This treatment shall be included in the care plan for a second placement of a child in the control room.

115.7(3) Physical requirements. The control room shall be designed to ensure a physically safe environment with:

a. All switches controlling lights and ventilation outside the room.

b. Allowance for observation of the child at all times.

c. Protected recessed ceiling light.

d. No electrical outlets in the room.

e. Proper heating, cooling, and ventilation.

f. Any window secured and protected in a manner to prevent harm to the child.

g. A minimum of 54 square feet in floor space with at least a 7-foot ceiling.

115.7(4) Use of control room. The control room shall be used only when a less restrictive alternative to quiet or allow the child to gain control has failed and when it is in the care plan. The following policies shall apply to the use of the control room:

a. No more than one child shall be in a control room at any time.

b. There shall be provisions for visual observation of the child at all times, regardless of the child's position in the room.

c. The control room shall be checked thoroughly for safety and the absence of contraband prior to placing the child in the room.

d. The child shall be thoroughly checked before placement in the control room and all potentially injurious objects removed including shoes, belts, and pocket items. The staff member placing the child in the control room shall document each check.

e. In no case shall all clothing or underwear be removed and the child shall be provided sufficient clothing to meet seasonal needs.

f. A staff member shall always be within hearing distance of the control room, the child shall be visually checked by the staff at least every 15 minutes, and each check shall be recorded.

g. The child shall remain in the control room longer than one hour only with consultation and approval from the supervisor. Documentation in the child's case record shall include the time in the control room, the reasons for the control, and the reasons for the extension of time. Use of the control room for a total of more than 12 hours in any 24-hour period shall occur only after authorization of the psychiatrist or upon court order. In no case shall a child be in a control room for a period longer than 24 hours.

h. The child's parents or guardian and the referring worker shall be aware of the control room as a part of the treatment program.

This rule is intended to implement Iowa Code section 237.4.

441—115.8(237) Locked cottages.

115.8(1) Approval. A facility shall be approved by the licensing authority as meeting the requirements of this chapter regarding locked cottages before locked cottages can be operated.

115.8(2) Nighttime staff. Awake nighttime staff is required in each locked cottage.

115.8(3) As one unit of treatment program. When a facility utilizes a locked cottage as one unit of its treatment program, it shall have written policies. The policies shall be provided to the child, the child's parents or guardian and, when the child has an attorney, the child's attorney at the time of admission. The policies shall include:

- a. The type of behavior which may result in locked cottage placement.
- b. The staff members who may authorize placement in the locked cottage as well as procedures for notification of supervisory personnel.
- c. Requirement for documentation in writing of particular behaviors of a particular child that led to the locked cottage placement.
- d. Requirement for documentation of the conditions that will allow the child to return to an unlocked cottage. These conditions shall be shared with the child.
- e. Requirement for documentation of the use of the locked cottage as a part of the treatment plan for a specific child.
- f. Specific policies as to the length of stay in the locked cottage.
- g. Requirements for notification of the child's parents or guardian, the court, and the referring agency of a child's placement in the locked cottage.
- h. Requirement for written documentation of placements in the locked cottage in the child's case record.

This rule is intended to implement Iowa Code section 237.4.

441—115.9(237) Mechanical restraint. When a facility uses mechanical restraints as a part of its treatment program, the facility shall have written policies regarding their use. These policies shall be approved by the licensor prior to their use. The policies shall be available to clients, parents or guardians, and referral sources at the time of admission. Policies shall also be available to staff.

115.9(1) Restrictions on mechanical restraints.

- a. Mechanical restraints shall not inflict physical injury.
- b. Each use of mechanical restraint shall be authorized by the administrator or case supervisor.
- c. Each authorization of mechanical restraint shall not exceed one hour in duration.
- d. No child shall be kept in mechanical restraint for more than two hours in a 12-hour period.
- e. Any time that a child is placed in mechanical restraint a staff person shall be assigned to monitor the placement with no duties other than to ensure that the child's physical needs are properly met. The staff person shall remain in continuous auditory and visual contact with the child.
- f. Each child shall be released from mechanical restraint as soon as the restraints are no longer needed.

115.9(2) Continued use of mechanical restraints. When a child requires mechanical restraint on more than four occasions during any 30-day period, the facility shall hold an immediate emergency meeting to discuss the appropriateness of the child's continued placement at the facility.

115.9(3) In transporting children. Notwithstanding 115.9(1) "d," mechanical restraint of a child in case of a secure facility while that child is being transported to a point outside the facility is permitted when there is a serious risk of the child exiting the vehicle while the vehicle is in motion. The facility shall place a written report on each use in the child's case record. This report shall document the necessity for the use of restraint.

This rule is intended to implement Iowa Code section 237.4.

441—115.10(237) Chemical restraint. When a secure facility uses chemical restraints, the facility shall have written policies regarding their use. These policies shall be approved by the licensor prior to the use of this type of restraint. These policies shall be posted in the facility, understood by all staff, explained to all parents or guardians, children, and referring agencies at the time of admission.

115.10(1) Physicians orders. Each administration of chemical restraint shall be specifically ordered by a physician who has personally examined the child. There shall not be standing orders for the use of chemical restraint.

115.10(2) Monitoring. The child shall be monitored continuously by a person trained and qualified to observe potentially adverse side effects.

115.10(3) Authorization. The administrator of a residential facility or a person designated by that officer shall authorize the request for the use of chemical restraint.

115.10(4) *Continual use of chemical restraint.* When a child in care requires chemical restraint on more than four occasions during any 30-day period, a secure facility shall hold an immediate meeting to discuss the appropriateness of the child's continued placement at the facility.

This rule is intended to implement Iowa Code section 237.4.

[Filed 8/27/81, Notice 7/8/81—published 9/16/81, effective 11/1/81]

[Filed emergency 2/10/84—published 2/29/84, effective 2/10/84]

[Filed emergency 1/15/87—published 2/11/87, effective 1/15/87]

[Filed ARC 9488B (Notice ARC 9368B, IAB 2/9/11), IAB 5/4/11, effective 7/1/11]

CHAPTER 116
LICENSING AND REGULATION OF RESIDENTIAL FACILITIES
FOR CHILDREN WITH AN INTELLECTUAL DISABILITY

[Prior to 7/1/83, Social Services[770] Ch 116]

[Prior to 2/11/87, Human Services[498]]

441—116.1(237) Applicability. This chapter relates specifically to the licensing and regulation of residential facilities serving children with an intellectual disability. Refer to 441—Chapter 112 for basic licensing and regulation of all foster care facilities, 441—Chapter 114 for definitions and minimum standards for all group living foster care facilities, including community care facilities, and 441—Chapter 115 for definitions and standards for comprehensive residential facilities for children. Chapters 112 and 114 apply to community residential facilities for children with an intellectual disability and Chapters 112, 114 and 115 apply to comprehensive residential facilities for children with an intellectual disability with the exception of the areas discussed specifically in this chapter.

This rule is intended to implement Iowa Code chapter 237.

[ARC 3185C, IAB 7/5/17, effective 9/1/17]

441—116.2(237) Definitions.

“*Community residential facility for children with an intellectual disability*” means a community residential facility as defined in rule 441—114.2(237) which serves children with an intellectual disability as defined in Iowa Code chapter 222.

“*Comprehensive residential facility for children with an intellectual disability*” means a comprehensive residential facility as defined in rule 441—115.2(237) which serves children with an intellectual disability as defined in Iowa Code chapter 222.

“*Direct-service provider*” means any employee of an agency whose primary responsibility is the care and programming of the children through direct interactions. The definition of “child care worker” in rule 441—114.2(237) and all other references to child care workers shall be replaced by this definition and the term “direct-service providers” when reading the other applicable rule chapters.

“*Indirect-service provider*” means an employee of an agency who supervises, coordinates and administers employees and program components. The definitions of “caseworker” and “casework supervisor” in rule 441—114.2(237) and all other references to caseworkers or casework supervisors shall be replaced by this definition and the term “indirect-service providers” when reading the other applicable rule chapters.

This rule is intended to implement Iowa Code section 237.1.

[ARC 3185C, IAB 7/5/17, effective 9/1/17]

441—116.3(237) Qualifications of staff.

116.3(1) *Direct-service providers.* Direct-service providers shall be paraprofessionals or professionals meeting all of the following criteria:

a. Paraprofessionals shall:

- (1) Be at least 18 years of age.
- (2) Have graduated from high school or earned a high school equivalency degree.
- (3) Have completed the prescribed agency training program.
- (4) Be appropriate to the specific job description of the employing agency.

b. Professionals in the direct-service provider category shall:

- (1) Be at least 18 years of age.
- (2) Have a bachelor of arts degree in a related field; or an associate of arts degree in a related field and two years experience specific to the job responsibilities; or two years of higher education in a related field and two years’ experience specific to job responsibilities; or four years’ experience in programming specific to job responsibilities.

- (3) Have completed the prescribed agency training program.

- (4) Be appropriate to the specific job description of the employing agency.

116.3(2) Indirect-service providers. Indirect-service providers shall meet one of the following education and experience criteria:

- a. Have a master's in social work or a master of arts degree in a related field and one year of experience specific to job responsibilities.
 - b. Have a bachelor of arts degree in a related field and two years' experience specific to job responsibilities.
 - c. Have an associate of arts degree in a related field and four years' experience specific to job responsibilities.
 - d. Have five years' specific treatment program experience relating to the job responsibilities.
- This rule is intended to implement Iowa Code section 237.3.

441—116.4(237) Staff to client ratio. The number and qualifications of the staff will vary depending on the needs of the children. There shall be at least a one to four staff to client ratio during prime programming time.

This rule is intended to implement Iowa Code section 237.3.

441—116.5(237) Program components. In addition to the requirements of 441—subrule 114.8(3), the facility shall define in writing who is responsible for overseeing personal hygiene of children and maintaining general orderliness of the facility.

This rule is intended to implement Iowa Code section 237.3.

441—116.6(237) Restraint. In addition to the provisions of 441—Chapters 114 and 115, a restraint may be used as stated in the child's individual care plan as approved by the parent or guardian, caseworker, and facility as long as that facility meets the standards for utilizing that particular type of restraint.

This rule is intended to implement Iowa Code section 237.4.

[Filed 8/27/81, Notice 7/8/81—published 9/16/81, effective 11/1/81]

[Filed emergency 2/10/84—published 2/29/84, effective 2/10/84]

[Filed emergency 2/21/86, after Notice 1/1/86—published 3/12/86, effective 3/1/86]

[Filed emergency 1/15/87—published 2/11/87, effective 1/15/87]

[Filed ARC 3185C (Notice ARC 3040C, IAB 4/26/17), IAB 7/5/17, effective 9/1/17]

CHAPTER 117
FOSTER PARENT TRAINING

PREAMBLE

These rules describe required foster parent orientation, preservice training and in-service training. Their purpose is to ensure that the training and orientation are effective in preparing foster parents for their role.

These rules also describe the standards for training and orientation and the procedure to be approved as a training provider.

[ARC 8010B, IAB 7/29/09, effective 10/1/09]

441—117.1(237) Required preservice training. Foster parent preservice training shall be offered by the department or by a licensed child-placing agency through a training program that has been approved by the department pursuant to rule 441—117.5(237).

117.1(1) Preservice training requirement. Each individual foster parent applicant shall complete the entire 30-hour preservice training as approved by the foster family program manager.

a. Applicants shall complete the 30-hour preservice training before receiving a license for the first time.

b. Applicants shall retake the 30-hour preservice training if they do not complete the curriculum within 24 months after initially commencing it.

c. The department may waive the preservice training requirement in whole or in part when the department finds that:

(1) The applicant has completed relevant training or has a combination of relevant training and experience that is an acceptable equivalent to all or a portion of the required preservice training; or

(2) There is good cause for the waiver based upon the circumstances of the child and the applicant.

117.1(2) Preservice training program approval requirements.

a. Content. The program shall be designed to assist prospective foster parents in developing the understanding and abilities that are essential to promote children's safety, permanence, and well-being. The program shall address the following topics:

(1) Children in foster care, their needs and rights.

(2) Families of children in foster care, their rights and responsibilities.

(3) Caseworkers and their role.

(4) Foster parents, their motivation and role.

(5) Self-assessment of foster parent's strengths.

(6) The team effort of foster parents and caseworkers.

(7) The impact of foster care placement on the child, the child's family and the foster family.

(8) The purpose and importance of the child's contact with the child's family.

(9) Training in communication and behavior management.

(10) Permanency planning.

(11) The reasons for placement termination and feelings involved.

b. Length. The entire preservice training program shall total at least 30 hours of contact between leaders and participants. The department's recruitment and retention contractor shall devise a procedure for applicants to make up any portions of the preservice training that are missed.

c. Instructors. The program shall be team taught by at least one foster or adoptive parent and one casework staff person. All instructors shall be certified leaders or as approved by the adult, children and family services division administrator or designee.

d. Group method. The program shall be provided in groups that consist of six or more persons. The training shall be offered to a foster family individually only when the foster family is unable to attend group training for reasons such as serious medical conditions, as approved by the social work administrator or designee.

e. Training certificate. A certificate of completion shall be provided to each foster parent who completes the training.

f. Training evaluation. A means for participants in the training to evaluate the instructors and the content shall be provided.

g. Training records. A record of the applicants who begin and complete the training and of the training program evaluations shall be submitted to the recruitment and retention contractor at the end of each 30-hour preservice training session.

117.1(3) Universal precautions. Before licensure, each individual foster parent shall complete one hour of training related to the use and practice of universal precautions. Training shall be completed through the approved individual self-study course, “Universal Precautions in Foster and Adoptive Resource Family Homes.”

117.1(4) Additional preservice training. Before licensure, each foster parent shall complete training in an agency-approved medication management course, cardiopulmonary resuscitation (CPR), first aid, the reasonable and prudent parent standard, and the mandatory reporter training on child abuse identification.

[ARC 8010B, IAB 7/29/09, effective 10/1/09; ARC 1808C, IAB 1/7/15, effective 3/1/15; ARC 3185C, IAB 7/5/17, effective 9/1/17]

441—117.2(237) Required orientation. All foster parent applicants shall attend orientation before attending the 30-hour preservice training and before a foster child is placed in their home. Orientation shall not count toward the required 30 hours of preservice training.

117.2(1) Method of provision. The recruitment and retention contractor may provide orientation:

- a. In an individual meeting with one set of foster parent applicants; or
- b. In a group setting.

117.2(2) Provider. Orientation shall be provided by the recruitment and retention contractor completing the family’s licensing study.

117.2(3) Content. Orientation shall be designed to provide the foster parent applicant with information on the policies and procedures of the foster care and adoption programs and shall include the following:

- a. Process and procedures for placement and termination of placement.
- b. Medical assistance program information.
- c. Foster family reimbursement information and adoption subsidy information if applicable.
- d. Child abuse law and child abuse investigation procedures.
- e. Confidentiality.

[ARC 8010B, IAB 7/29/09, effective 10/1/09; ARC 1808C, IAB 1/7/15, effective 3/1/15]

441—117.3(237) Application materials for in-service training. Applications for approval of an in-service training program shall be submitted on Form 470-2541, Foster Parent Training Application, and must be approved before the delivery of the training. Applications submitted after a training is completed shall not be approved.

117.3(1) Except for cardiopulmonary resuscitation and first-aid training, foster parent in-service training shall meet the requirements in rule 441—117.7(237).

117.3(2) Applications shall be submitted with the following materials:

a. A detailed training program description relative to a foster parent, including objectives, program agenda, content, participant materials, and time frames.

b. Names of program instructors and their qualifications to provide the training.

[ARC 8010B, IAB 7/29/09, effective 10/1/09]

441—117.4(237) Application process for in-service training.

117.4(1) Group training. Applications to provide group foster parent training shall be submitted to the department office for the service area in which the training will be conducted.

117.4(2) Individual training. Applications for approval for individual training, college credit, written materials, DVDs or videotapes shall be submitted to the department office for the service area in which the foster family resides.

[ARC 8010B, IAB 7/29/09, effective 10/1/09]

441—117.5(237) Application decisions. The department shall notify the applicant of its decision regarding the application for approval of in-service training within 30 days of receipt of the training materials described in rule 441—117.3(237). This notification shall include the reason for not giving approval if approval is denied.

117.5(1) Approval. Foster parent training programs which meet the criteria in rule 441—117.1(237) or in rule 441—117.7(237) and which are submitted pursuant to rules 441—117.3(237) and 441—117.4(237) shall be approved by the department. In-service training completed before the program has received department approval shall not count toward the required six credit hours of in-service training. In-service training approvals are valid for one year.

117.5(2) Rescinded IAB 8/9/89, effective 10/1/89.

117.5(3) Denial. Preservice training programs which do not meet the requirements in rules 441—117.1(237), 117.3(237), and 117.4(237) and in-service training programs which do not meet the criteria in rules 441—117.3(237), 117.4(237) and 117.7(237) shall be denied approval. The applicant may submit a revised program for approval at a later date.

117.5(4) Revocation. Approval shall be revoked when any of the following exist and corrective action is not taken to correct the deficiencies within 45 days.

a. The training provider fails to provide the training as described in the approved application materials.

b. Over 25 percent of the participant evaluations of the training program rate the training program as not helpful.

If approval is revoked, the training provider may submit a revised program at a later date.

[ARC 8010B, IAB 7/29/09, effective 10/1/09]

441—117.6(237) Application conference available. If an applicant or provider of training objects in writing within seven days after the notification of the department's decision to deny approval, the area social work administrator shall review the decision to determine if the original decision shall stand. The decision of the area social work administrator is final and is not subject to appeal.

[ARC 8010B, IAB 7/29/09, effective 10/1/09]

441—117.7(237) Required in-service training. At least six hours of in-service training are required to assist foster parents in confidently and effectively addressing the needs of children placed in foster care. The Foster Parent Training Plan, Form 470-3341, shall be used to address in-service training needs. The training plan shall be developed with the department or retention and recruitment contractor and the foster parent annually.

117.7(1) Providers of in-service training. Foster parent in-service training may be provided by the department, a licensed child-placing or child-caring agency, or an agency, institution, or association with expertise in the training content. Agencies, institutions, or associations wishing to have a foster parent in-service training program or workshop approved shall submit application materials pursuant to rules 441—117.3(237) and 441—117.4(237).

117.7(2) In-service training program approval requirements.

a. Content. The program shall relate to the foster parent's role in providing foster care and the skills needed by a foster parent. Training shall be specific to developing each foster parent's skills for addressing the needs of foster children.

b. Method. The training shall be provided through one or more of the following methods:

(1) Face-to-face training to a group.

(2) Face-to-face training to an individual foster family.

(3) Written materials.

(4) DVDs or videotapes.

(5) Internet training classes offered through the Iowa Foster and Adoptive Parents Association (IFAPA).

(6) Internet training classes offered through www.fosterparents.com, except for cardiopulmonary resuscitation and first-aid trainings, which are not approved.

c. Credit hours. Credit hours for approved training shall be as follows:

- (1) Group training shall receive one credit hour for each face-to-face contact hour.
- (2) Written materials shall receive one credit hour for each 100 pages.
- (3) DVDs or videotapes shall receive one credit hour for each two program hours.
- (4) College courses shall receive one credit hour for each college credit hour.
- (5) Internet training classes shall receive one credit hour for each program hour. A maximum of three hours of training credit per year may be earned through the Web site www.fosterparents.com.

d. Approved training. The following training programs shall be considered as meeting the in-service training requirements:

- (1) Workshops offered at the Iowa Association of Foster and Adoptive Parents' annual state conference.
- (2) Workshops offered at the National Foster Parent Association's annual conference.
- (3) Rescinded IAB 8/9/89, effective 10/1/89.

117.7(3) Foster parent training requirements. Each individual foster parent shall complete six credit hours of department-approved in-service training annually when the foster parent has an approved one-year license or an approved two-year license.

a. Renewal license. For a one-year license renewal, each foster parent shall complete six hours of annual in-service training within the 12-month period beginning on the effective date of the foster parent's renewal license. For a two-year license renewal, each foster parent shall complete six hours of in-service training within the 12 months of the first license year beginning on the effective date of the two-year license renewal. For the second year of a two-year license renewal, each foster parent shall complete six hours of in-service training within the 12 months of the second year of the two-year license renewal.

b. Content. The choice of in-service training shall be based upon an assessment of the foster parent's training needs made by the foster parent and the recruitment and retention contractor in collaboration with the department licensing worker.

- (1) Each foster parent must complete the specific training required in rule 441—117.8(237).
- (2) At least three credit hours of the annual six hours of in-service training shall be group training.
- (3) Except for the mandatory reporter training on child abuse identification class, training credit will not be allowed for any in-service training class that is repeated unless the class has been updated with new information.

c. Documentation. Each individual foster parent shall submit Form 470-2540, Foster Parent Training Report, to the recruitment and retention contractor within 30 days after completion of each in-service training.

[ARC 8010B, IAB 7/29/09, effective 10/1/09; ARC 0356C, IAB 10/3/12, effective 12/1/12; ARC 3185C, IAB 7/5/17, effective 9/1/17]

441—117.8(237) Specific in-service training required.

117.8(1) Cardiopulmonary resuscitation (CPR). All foster parents shall maintain their CPR certification and a certificate or card indicating the date of training and expiration. The training shall be provided by:

- a.* A nationally recognized training organization, such as the American Red Cross, the American Heart Association, the National Safety Council, or Emergency Medical Planning (Medic First Aid), or
- b.* An equivalent certified trainer and curriculum approved by the department.

117.8(2) First aid. All foster parents shall be certified in first aid at least every three years and shall maintain their first-aid certification and a certificate or card indicating the date of training and expiration.

117.8(3) Child abuse reporting. Each foster parent shall complete an approved mandatory child abuse reporter training every five years after the foster parent's initial preservice mandatory child abuse reporter training relating to the identification of child abuse and the requirements and procedures for the reporting of child abuse pursuant to Iowa Code section 232.68.

a. Training provider. The foster parent shall be responsible for obtaining the required two-hour mandatory reporter training on child abuse identification and reporting as approved by the Iowa department of public health. A list of approved training opportunities is available on the Iowa department of public health Web site by searching "mandatory reporter training."

b. Documentation. The foster parent shall secure documentation of the training content, amount, and provider and shall forward the documentation to the recruitment and retention contractor, who will provide the documentation to the department for inclusion in the foster parent's licensing file.

117.8(4) Caring for children with HIV. Before placement of an HIV-infected child occurs, the foster parents shall complete the course "Caring for Children With HIV" or an approved alternative course that contains information on the unique aspects of pediatric HIV disease, transmission and infection control, the spectrum of HIV disease, confidentiality, death and bereavement, and self-care for the caregiver. [ARC 8010B, IAB 7/29/09, effective 10/1/09; ARC 2069C, IAB 8/5/15, effective 10/1/15; ARC 3185C, IAB 7/5/17, effective 9/1/17]

441—117.9(237) Foster parent training expenses. No expense stipend is provided for orientation or preservice training.

117.9(1) Training stipend. Each family that is issued an initial or renewal foster family home license shall receive a \$100 stipend to be used for the family's annual in-service training. The department's recruitment and retention contractor shall issue one stipend per license on or after the date that the license is issued. When a family with a two-year foster family home license has completed the first training cycle of six hours of in-service training, the contractor shall issue the next training stipend no earlier than the start of the second year of licensure contingent upon the foster family's completion of the in-service training hours in the first cycle. Foster families who elect not to receive the \$100 stipend shall notify the department.

117.9(2) Trainer fees. Foster parents and social workers who serve as trainers for approved preservice training programs shall each be paid a contract fee per class hour appropriate to community standards based upon the education and experience of each trainer. These rates shall be negotiated between the recruitment and retention contractor and the trainer.

[ARC 8010B, IAB 7/29/09, effective 10/1/09; ARC 0356C, IAB 10/3/12, effective 12/1/12]

These rules are intended to implement Iowa Code section 237.5A.

CHAPTER 118
CHILD CARE QUALITY RATING SYSTEM

PREAMBLE

This chapter establishes rules for the child care quality rating system, which is designed for child care programs that primarily serve children between birth and the age of 12. Participation in the quality rating system is voluntary. The chapter includes application procedures and standards for the quality rating.

[ARC 9257B, IAB 12/1/10, effective 2/1/11]

441—118.1(237A) Definitions.

“Aim4Excellence credential” means the national director credential for early childhood administrators that is administered by the McCormick Center for Early Childhood Leadership.

“Apprenticeship certificate” means a nationally recognized Child Care Development Specialist Registered Apprenticeship Certificate awarded by the U.S. Department of Labor. The certificate requires two years of full-time employment with on-the-job training and 288 hours (at least 19 credits) of approved, related college education or training.

“Child care facility” means a licensed child care center, a preschool, or a registered child development home.

“Child care nurse consultant” means a registered nurse licensed in the state of Iowa who has completed training using a nationally approved curriculum for health and safety in child care and early education. The child care nurse consultant provides on-site consultation, technical assistance, and training to child care and early education providers regarding health and safety. The child care nurse consultant is employed by or has a written agreement with the local Title V maternal and child health agency or contracts for service delivery directly through the state-level Title V maternal and child health program administered by the Iowa department of public health, bureau of family health.

“Child development associate credential (CDA)” means a credential awarded by the Council for Professional Recognition to individuals working in child care settings who demonstrate proficiency in specific competency standards. The credential requires 120 hours of approved training over the past five years.

“ChildNet certification” means verified completion of the 25-hour ChildNet training series in areas specifically designed for child development home providers and completion of the certification process.

“Department” means the department of human services.

“Eligible applicants” means programs meeting the definition of “child care facility” or programs operating under the authority of an accredited school district or nonpublic school.

“Environment rating scale” means a child care program assessment instrument (scale) developed through the auspices of the Frank Porter Graham Child Development Center of the University of North Carolina at Chapel Hill. The scale is the measurement tool used by an assessor during an on-site observation of a child care classroom to evaluate and provide a score to a child care program. Scales must be administered by entities approved by the department of human services or the department’s designee. Four scales are available, based on the type of program being assessed:

1. Family child care environment rating scale for programs conducted in a provider’s own home for children from infancy through school age.
2. Infant/toddler environment rating scale for group programs for children from birth to 2½ years of age.
3. Early childhood environment rating scale for group programs for children of preschool through kindergarten age, 2½ to 5 years.
4. School-age care environment rating scale for group programs for children of school age, 5 to 12 years.

“*Head Start program performance standards*” means the standards that define the services that Head Start programs are required to provide to the children and families they serve. The standards constitute the expectations and requirements that Head Start grantees must meet.

“*Iowa quality preschool program standards*” means standards developed by the Iowa department of education, based on the ten standards of the National Association for the Education of Young Children accreditation.

“*National administrator credential (NAC)*” means the 40-hour comprehensive training for child care and education administrators and successful completion of the certification process.

“*Staff in the classroom*” means staff responsible for care of children in the classroom.
[ARC 9257B, IAB 12/1/10, effective 2/1/11]

441—118.2(237A) Application for quality rating. Eligible applicants shall apply for a quality rating by submitting the specified application form and any required supporting documentation to the department. Applications for a Level 1 rating will not be accepted from programs that have previously been rated at Level 1.

118.2(1) Transition period. For the period February 1, 2011, through July 31, 2011, eligible applicants may apply for a quality rating either under this subrule or under subrule 118.2(2).

a. A child care center or preschool applying under this subrule shall complete Form 470-4229, Application for Quality Rating—Center/Preschool. The quality rating will be based on the standards in rule 441—118.3(237A).

b. A child development home applying under this subrule shall complete Form 470-4302, Application for Quality Rating—Child Development Home. The quality rating will be based on the standards in rule 441—118.4(237A).

118.2(2) Ongoing standards. Until August 1, 2011, eligible applicants have the choice of applying under this subrule or under subrule 118.2(1). Effective August 1, 2011, all eligible applicants must apply for a quality rating under this subrule.

a. A child care center, preschool, or program operating under the authority of an accredited school district or nonpublic school applying under this subrule shall complete Form 470-4902, Quality Rating System Application for Licensed Centers, Preschools, and School-Based Programs. The quality rating will be based on the standards in rule 441—118.5(237A).

b. A child development home applying under this subrule shall complete Form 470-4901, Quality Rating System Application for Child Development Homes. The quality rating will be based on the standards in rule 441—118.6(237A).

118.2(3) Change in location of facility. If the location of a rated program changes, the program must notify the department and complete a new application form as specified in subrule 118.2(1) or 118.2(2). The department shall make a new determination of the appropriate rating.
[ARC 9257B, IAB 12/1/10, effective 2/1/11]

441—118.3(237A) Rating standards for child care centers and preschools (sunsetting on July 31, 2011). For applications submitted under subrule 118.2(1), to participate in the quality rating system, a child care center or preschool shall certify that its facility meets the applicable criteria as defined in subrule 118.3(1).

118.3(1) Criteria. Criteria for each rating level are defined as follows.

a. Level 1. To be rated at Level 1, a facility must either:

- (1) Have a full or provisional license from the department of human services with no action pending to revoke or deny the license; or
- (2) Operate under the authority of an accredited school district or nonpublic school.

b. Level 2. To be rated at Level 2, a facility must meet the following criteria:

- (1) The facility must have a full license from the department of human services with no action pending to revoke or deny the license, or operate under the authority of an accredited school district or nonpublic school.
- (2) The facility must complete the Iowa department of public health’s Form HCCI-BPA2006, Child Care Business—Partnership Agreement.

(3) The facility must complete the Iowa department of public health's provider health and safety questionnaire, Form HCCI-CDOS2006, Child Care Center Director/Owner Survey.

(4) If eligible, the facility must participate in the child and adult care food program (CACFP), unless children are in attendance less than four hours per day and the program does not serve meals.

(5) The facility must have on duty in each room at all times at least one staff member who has completed training in mandatory reporting of child abuse, universal precautions and infectious disease control, cardiopulmonary resuscitation, and first aid as specified in 441—subrule 109.7(1) and subparagraphs 109.7(2)“a”(1) and (2).

(6) The facility must provide basic orientation for all staff before they begin work.

(7) All staff, including the facility's director, must complete Form 470-4234, Child Care Center Staff Self-Assessment, no more than 12 months before application for quality rating. The director must also complete Form 470-4233, Child Care Center Self-Assessment.

c. Level 3. To be rated at Level 3, a facility must meet the following criteria in addition to meeting the criteria for Level 2:

(1) The facility must earn a minimum of 10 points from the categories listed in subrules 118.3(2) through 118.3(6).

(2) The facility must earn at least one point from each category.

d. Level 4. To be rated at Level 4, a facility must meet the following criteria in addition to meeting the criteria for Level 2:

(1) The facility must earn a minimum of 18 points from the categories listed in subrules 118.3(2) through 118.3(6).

(2) The facility must earn at least one point from each category.

e. Level 5. To be rated at Level 5, a facility must meet the following criteria in addition to meeting the criteria for Level 2:

(1) The facility must earn a minimum of 26 points from the categories listed in subrules 118.13(2) through 118.13(6).

(2) The facility must earn at least one point from each category.

118.3(2) Professional development. A child care center or preschool may earn a maximum of 12 points in the professional development category. Points are awarded as follows:

a. Credential. Two points are awarded if the facility director:

(1) Has a current national administrator credential; or

(2) Is a school principal licensed by the Iowa board of educational examiners.

b. Related degree. One point is awarded if at least one staff member at the facility has at least a bachelor's degree in education specific to the age group for whom the person provides care.

c. Education and experience. A facility may earn a maximum of nine points for staff education and experience. Programs may select up to two of the following options:

(1) Five points are awarded if at least 50 percent of staff in each classroom have a minimum of a bachelor's degree in education specific to the age group for whom they provide care.

(2) Four points are awarded if at least 50 percent of staff in each classroom have a minimum of an associate's degree in education specific to the age group for whom they provide care.

(3) Three points are awarded if at least 50 percent of staff in each classroom have a minimum of a child development associate credential or apprenticeship certificate.

(4) Two points are awarded if at least 50 percent of staff in each classroom have a minimum of either six college credit hours in education specific to the age group for whom they provide care or have a paraeducator certificate from the Iowa board of educational examiners.

(5) Two points are awarded if at least 50 percent of staff in each classroom have received a minimum of 30 hours of training beyond regulatory requirements in the last 12 months and have at least five years of experience working in a child care facility or a program operating under the authority of an accredited school district or nonpublic school.

(6) One point is awarded if at least 50 percent of staff in each classroom have received a minimum of 15 hours of training beyond regulatory requirements in the last 12 months.

118.3(3) Health and safety. A child care center or preschool may earn a maximum of eight points in the health and safety category. Points are awarded as follows:

a. Injury prevention. A facility may earn a maximum of three points for injury prevention. Points are awarded as follows:

(1) One point is awarded if the facility completes the Iowa department of public health's Form HCCI-IP2006, Injury Prevention Summary Report, during a visit with a child care nurse consultant.

(2) Two points are awarded if the child care nurse consultant verifies that the facility has started the process of making recommended corrections.

(3) Three points are awarded if the child care nurse consultant verifies that the facility has completed all corrections.

b. Child record review. A facility may earn a maximum of two points for child record review. Points are awarded as follows:

(1) One point is awarded if the facility completes the Iowa department of public health's Form HCCI-CRR2006, Child Record Review, during a visit with a child care nurse consultant.

(2) Two points are awarded if the child care nurse consultant verifies that the facility has worked with the child care nurse consultant to refer families to health care providers.

c. Health and safety assessment. A facility may earn a maximum of three points for health and safety assessment. Points are awarded as follows:

(1) One point is awarded if the facility completes the Iowa department of public health's Form HCCI-HSA2006, Health and Safety Assessment, during a visit with the child care nurse consultant.

(2) Two points are awarded if the child care nurse consultant verifies that the facility has developed a plan of action to correct deficiencies.

(3) Three points are awarded if the child care nurse consultant verifies that the facility has completed all corrections.

118.3(4) Environment. A child care center or preschool may earn a maximum of 11 points in the environment category. Points are awarded as follows:

a. Environment rating scale training and self-assessment.

(1) One point is awarded if the facility director or assistant director completes approved training on using the infant/toddler environment rating scale, the early childhood environment rating scale, or the school-age care environment rating scale to evaluate and improve the facility before outside evaluation.

(2) One point is awarded if, after completing training on how to use the infant/toddler environment rating scale, the early childhood environment rating scale, or the school-age care environment rating scale, the facility director or assistant director completes a self-assessment of at least one-third of the facility's classrooms, including at least one classroom in each age group served by the facility using the appropriate environment rating scale.

(3) One point is awarded if, after completing training on how to use the infant/toddler environment rating scale, the early childhood environment rating scale, or the school-age care environment rating scale, the facility director or assistant director completes Form 470-4288, Child Care Center Improvement Plan, based on the environment rating scale self-assessment. Form 470-4288 must be completed for each room for which a self-assessment was completed.

b. Environment rating scale. A facility may earn a maximum of three points on the environment rating scale. The facility director or assistant director must complete training on the use of one of the environment rating scales before requesting assessment. An assessor approved by the department of human services or the department's designee must perform the environment rating assessment. At least one-third of the facility's classrooms must be assessed, including at least one classroom in each age group served by the facility. Points are awarded as follows:

(1) One point is awarded if the facility receives an average score of 3 on a scale of 7 (with no subscale scores lower than 2) on the infant/toddler environment rating scale, the early childhood environment rating scale, or the school-age care environment rating scale.

(2) Two points are awarded if the facility receives an average score of 4 on a scale of 7 (with no subscale scores lower than 2) on the infant/toddler environment rating scale, the early childhood environment rating scale, or the school-age care environment rating scale.

(3) Three points are awarded if the facility receives an average score of 5 on a scale of 7 (with no subscale scores lower than 2) on the infant/toddler environment rating scale, the early childhood environment rating scale, or the school-age care environment rating scale.

c. Iowa quality preschool program standards. A facility may earn a maximum of two points on the Iowa quality preschool program standards. Points are awarded as follows:

(1) One point is awarded if the facility completes training on Iowa quality preschool program standards.

(2) One point is awarded if the facility completes the Iowa quality preschool program standards self-assessment and develops a quality improvement plan.

d. Accreditation. A facility may earn a maximum of three points for accreditation. Points are awarded as follows:

(1) One point is awarded if the facility meets accreditation standards for group or class size from an accrediting body identified in subparagraph (2) that is appropriate to the child care setting.

(2) Three points are awarded if the facility is accredited by the National Association for the Education of Young Children, the National Afterschool Association, or another accrediting body approved by the department of human services or if a Head Start program demonstrates compliance with Head Start program performance standards.

118.3(5) Family and community partnerships. A child care center or preschool may earn a maximum of two points in the family and community partnerships category. Points are awarded as follows:

a. One point is awarded if the facility or the facility director is a member of a professional organization specific to the age group for whom care is provided.

b. One point is awarded if the facility provides orientation for new parents and holds annual conferences with parents.

118.3(6) Leadership and administration. A child care center or preschool may earn a maximum of four points in the leadership and administration category. Points are awarded as follows:

a. One point is awarded if the facility completes yearly written evaluations for all staff.

b. One point is awarded if the facility develops and updates Form 470-4235, Child Care Center Improvement Plan, annually.

c. One point is awarded if all staff complete Form 470-4236, Professional Development Plan.

d. One point is awarded if all staff who have direct contact with children have a full, facility-based orientation within four months of beginning employment with the facility.

[ARC 9257B, IAB 12/1/10, effective 2/1/11]

441—118.4(237A) Rating criteria for child development homes (sunsetting on July 31, 2011). For applications submitted under subrule 118.2(1), to participate in the quality rating system, a child development home provider shall certify that the home meets the applicable criteria as defined in subrule 118.4(1).

118.4(1) Criteria for each rating level.

a. To be rated at Level 1, the home must be a registered child development home.

b. To be rated at Level 2, the home must meet the following criteria in addition to meeting the criterion for Level 1:

(1) The provider completes and maintains ChildNet certification.

(2) The provider participates in the child and adult care food program (CACFP).

(3) The provider completes the Iowa department of public health's Form HCCI-BPA2006, Child Care Business—Partnership Agreement.

(4) The provider completes the Iowa department of public health's provider health and safety questionnaire, Form HCCI-HDOS2006, Home Child Care Center Director/Owner Survey.

(5) The provider completes Form 470-4231, Child Development Home Professional Development Self-Assessment.

(6) The provider completes Form 470-4236, Professional Development Plan.

c. To be rated at Level 3, the home must meet the following criteria in addition to meeting the criteria for Levels 1 and 2:

(1) The home must earn a minimum of seven points from the categories listed in subrules 118.4(2) through 118.4(5).

(2) The home must earn at least one point from each category.

d. To be rated at Level 4, the home must meet the following criteria in addition to meeting the criteria for Levels 1 and 2:

(1) The home must earn a minimum of 12 points from the categories listed in subrules 118.4(2) through 118.4(5).

(2) The home must earn at least one point from each category.

e. To be rated at Level 5, the home must meet the following criteria in addition to meeting the criteria for Levels 1 and 2:

(1) The home must earn a minimum of 16 points from the categories listed in subrules 118.4(2) through 118.4(5).

(2) The home must earn at least one point from each category.

118.4(2) Professional development. A child development home may earn a maximum of six points in the professional development category. Points are awarded as follows:

a. Experience and training. A home may earn a maximum of two points for experience and training. Points are awarded as follows:

(1) One point is awarded if the provider has at least two years of experience working in a child care facility or a program operating under the authority of an accredited school district or nonpublic school and 10 hours of additional training per year beyond regulatory requirements.

(2) Two points are awarded if the provider has at least five years of experience working in a child care facility or a program operating under the authority of an accredited school district or nonpublic school and 20 hours of additional training per year beyond regulatory requirements.

b. Education. A home may earn a maximum of four points for education. Points are awarded as follows:

(1) Two points are awarded if the provider has completed an apprenticeship certificate, child development associate credential, or at least nine college credit hours in education specific to the age group for whom care is provided.

(2) Three points are awarded if the provider has completed an associate's degree in education specific to the age group for whom care is provided.

(3) Four points are awarded if the provider has completed a bachelor's degree or higher in education specific to the age group for whom care is provided.

118.4(3) Health and safety. A child development home may earn a maximum of eight points in the health and safety category. Points are awarded as follows:

a. Injury prevention. A home may earn a maximum of three points for injury prevention. Points are awarded as follows:

(1) One point is awarded if the provider completes the Iowa department of public health's Form HCCI-IP2006, Injury Prevention Summary Report, during a visit with a child care nurse consultant.

(2) Two points are awarded if the child care nurse consultant verifies that the provider has started the process of making recommended corrections.

(3) Three points are awarded if the child care nurse consultant verifies that the provider has completed all corrections.

b. Child record review. A home may earn a maximum of two points for child record review. Points are awarded as follows:

(1) One point is awarded if the provider completes the Iowa department of public health's Form HCCI-CRR2006, Child Record Review, during a visit with a child care nurse consultant.

(2) Two points are awarded if the child care nurse consultant verifies that the provider has worked with the child care nurse consultant to refer families to health care providers.

c. Health and safety assessment. A home may earn a maximum of three points in the health and safety assessment category. Points are awarded as follows:

(1) One point is awarded if the provider completes the Iowa department of public health's Form HCCI-HSA2006, Health and Safety Assessment, during a visit with the child care nurse consultant.

(2) Two points are awarded if the child care nurse consultant verifies that the provider has developed a plan of action to correct deficiencies.

(3) Three points are awarded if the child care nurse consultant verifies that the provider has completed all corrections.

118.4(4) *Environment.* A child development home may earn a maximum of eight points in the environment category. Points are awarded as follows:

a. Environment rating scale training and self-assessment. A home may earn a maximum of three points for environment rating scale training and self-assessment. Points are awarded as follows:

(1) One point is awarded if the provider completes approved training on how to use the family day care rating scale to assess the child development home environment.

(2) One point is awarded if, after completing training on how to use the family day care rating scale, the provider completes a self-assessment using the family day care rating scale.

(3) One point is awarded if, after completing training on how to use the family day care rating scale, the provider completes Form 470-4232, Child Development Home Improvement Plan, based on the family day care rating scale self-assessment.

b. Environment rating scale. A home may earn a maximum of two points on the environment rating scale. An assessor approved by the department of human services or the department's designee must perform the environment rating assessment. The provider must complete training on the family day care rating scale before requesting assessment. Points are awarded as follows:

(1) One point is awarded if the home receives an average score of 4 on a scale of 7, with no subscale scores lower than 2.

(2) Two points are awarded if the home receives an average score of 5 on a scale of 7, with no subscale scores lower than 2.

c. Accreditation. Three points are awarded if the home is accredited by the National Association for Family Child Care or another accrediting body approved by the department of human services.

118.4(5) *Family and community partnerships.* A child development home may earn a maximum of two points in the family and community partnerships category. Points are awarded as follows:

a. One point is awarded if the provider is a member of a professional organization specific to the age group for whom care is provided.

b. One point is awarded if the provider offers an orientation for new parents and holds annual conferences with parents.

[ARC 9257B, IAB 12/1/10, effective 2/1/11]

441—118.5(237A) Rating standards for child care centers, preschools, and programs operating under the authority of an accredited school district or nonpublic school. To participate in the quality rating system, a child care center, preschool, or program operating under the authority of an accredited school district or nonpublic school applying under subrule 118.2(2) shall certify that its facility meets the applicable criteria as defined in subrule 118.5(1).

118.5(1) *Criteria.* Criteria for each rating level are defined as follows:

a. Level 1. To be rated at Level 1, a facility must either:

(1) Have a full or provisional license from the department with no action pending to revoke or deny the license; or

(2) Operate under the authority of an accredited school district or nonpublic school.

b. Level 2. To be rated at Level 2, a facility must meet the following criteria:

(1) The facility must have a full license from the department with no action pending to revoke or deny the license or must operate under the authority of an accredited school district or nonpublic school.

(2) If eligible, the facility must participate in the child and adult care food program (CACFP), unless children are in attendance less than four hours per day and the program does not serve meals.

(3) The facility must have on duty in each room at all times at least one staff member who has completed training in mandatory reporting of child abuse, universal precautions and infectious disease control, cardiopulmonary resuscitation, and first aid as specified in 441—subrule 109.7(1) and subparagraphs 109.7(2)“a”(1) and (2).

(4) The facility must provide basic orientation for all staff before they begin work.

(5) All staff, including the facility's director, must complete Form 470-4234, Child Care Center Staff Self-Assessment, no more than 12 months before application for quality rating. The director must also complete Form 470-4233, Child Care Center Self-Assessment.

c. Level 3. To be rated at Level 3, a facility must meet the following criteria in addition to meeting the criteria for Level 2:

(1) The facility must earn a minimum of 17 points from the categories listed in subrules 118.5(2) through 118.5(6).

(2) The facility must earn at least one point from each category.

d. Level 4. To be rated at Level 4, a facility must meet the following criteria in addition to meeting the criteria for Level 2:

(1) The facility must earn a minimum of 27 points from the categories listed in subrules 118.5(2) through 118.5(6).

(2) The facility must earn at least one point from each category.

e. Level 5. To be rated at Level 5, a facility must meet the following criteria in addition to meeting the criteria for Level 2:

(1) The facility must earn a minimum of 34 points from the categories listed in subrules 118.5(2) through 118.5(6).

(2) The facility must earn at least one point from each category.

(3) The facility must earn a minimum score of 5.0 in each assessed classroom on the appropriate environment rating scale. An assessor approved by the department or the department's designee must perform the environment rating assessment. At least one-third of the facility's classrooms must be assessed, including at least one classroom in each age group served by the facility.

118.5(2) Professional development. A maximum of 30 points may be earned in the professional development category. Points are awarded as follows:

a. Credential. A maximum of five points may be earned in the credential category.

(1) Five points are awarded if the facility director has a current national administrator credential or Aim4Excellence credential.

(2) Five points are awarded if the facility director is a school principal licensed by the Iowa board of educational examiners.

(3) Five points are awarded if a staff member has completed the two-year Head Start management acceleration program covering all aspects of Head Start management, services and systems.

b. Education and experience. A maximum of 25 points may be earned for education and experience. To arrive at the total number of points earned, each staff member shall indicate the highest applicable education and experience qualification. Points will be assigned for each staff member based on the following criteria, and the total points will be divided by the number of staff. Only one criterion may be scored for each staff member.

(1) Has a master's degree in education appropriate to the age group for whom care is provided: 25 points.

(2) Has a bachelor's degree in education appropriate to the age group for whom care is provided: 20 points.

(3) Has an associate's degree in education appropriate to the age group for whom care is provided: 10 points.

(4) Has a one-year diploma in education appropriate to the age group for whom care is provided: 8 points.

(5) Has an apprenticeship certificate: 7 points.

(6) Has a child development associate credential: 6 points.

(7) Has an Iowa board of educational examiners paraeducator certificate at Level 2, early childhood, plus two years of experience in early childhood education under the supervision of a licensed early childhood teacher: 6 points.

(8) Has nine college credit hours in education specific to the age group for whom care is provided: 5 points.

(9) Has 30 hours of annual approved training beyond regulatory requirements and at least five years of experience working in a child care facility or a program operating under the authority of an accredited school district or nonpublic school: 4 points.

(10) Has 15 hours of annual approved training beyond regulatory requirements: 2 points.

118.5(3) Health and safety. A maximum of 19 points may be earned in the health and safety category. Points are awarded as follows:

a. Five points are awarded if within the five-year period before the application date the center director, assistant director, or on-site supervisor has successfully completed a three-semester-hour health, safety, and nutrition class through an approved community college or four-year college.

b. Two points are awarded if within the two-year period before the application date the center director, assistant director, or on-site supervisor has successfully completed a health and safety training approved by the department for the specific purpose of awarding points in the quality rating system.

c. Two points are awarded if the provider develops and implements an emergency preparedness plan in a format prescribed by the department.

d. Two points are awarded if the provider develops and implements enhanced health and safety policies in a format prescribed by the department.

e. Up to three points may be awarded for injury prevention.

(1) One point is awarded if the facility completes the Iowa department of public health's Form HCCI-IP2006, Injury Prevention Summary Report, during a visit with a child care nurse consultant.

(2) Two points are awarded if the child care nurse consultant verifies that the facility has started the process of making recommended corrections.

(3) Three points are awarded if the child care nurse consultant verifies that the facility has completed all corrections.

f. Up to two points may be awarded for child record review.

(1) One point is awarded if the facility completes the Iowa department of public health's Form HCCI-CRR2006, Child Record Review, during a visit with a child care nurse consultant.

(2) Two points are awarded if the child care nurse consultant verifies that the facility has worked with the child care nurse consultant to refer families to health care providers.

g. Up to three points may be awarded for health and safety assessment.

(1) One point is awarded if the facility completes the Iowa department of public health's Form HCCI-HSA2006, Health and Safety Assessment, during a visit with the child care nurse consultant.

(2) Two points are awarded if the child care nurse consultant verifies that the facility has developed a plan of action to correct deficiencies.

(3) Three points are awarded if the child care nurse consultant verifies that the facility has completed all corrections.

118.5(4) Environment. A maximum of 27 points may be earned in the environment category. Points are awarded as follows:

a. Training and self-assessment. A maximum of nine points may be earned in training and self-assessment.

(1) Two points are awarded if the facility director or assistant director completes approved training on the use of the infant/toddler environment rating scale, the early childhood environment rating scale, or the school-age care environment rating scale to evaluate and improve the facility before outside evaluation.

(2) Two points are awarded if, after completing approved training on how to use the environment rating scale, the facility director or assistant director completes a self-assessment and score sheet of at least one-third of the facility's classrooms, including at least one classroom in each age group served by the facility using the applicable environment rating scale.

(3) Two points are awarded if, after completing approved training on how to use the environment rating scale, the facility director or assistant director completes Form 470-4288, Child Care Center Improvement Plan, based on the environment rating scale self-assessment. Form 470-4288 must be completed for each room for which a self-assessment was completed.

(4) Three points are awarded if, after completing approved training on Iowa quality preschool program standards, the facility director or assistant director completes the Iowa quality preschool program standards self-assessment and develops a quality improvement plan.

b. Enhanced ratios. A facility may earn a maximum of three points for enhanced staff-to-child ratios. Three points are awarded if the facility meets accreditation standards for group or class size and staff-to-child ratio from an accrediting body identified at subparagraph 118.5(4)“d”(3) that is appropriate to the child care setting. These points may not be awarded to programs receiving points under subparagraph 118.5(4)“d”(3).

c. Accreditation preparation. A facility may earn a maximum of five points for accreditation preparation. Five points are awarded if the facility’s accreditation self-assessment is approved by the National Association for the Education of Young Children. These points may not be awarded to programs receiving points under subparagraph 118.5(4)“d”(3).

d. Accreditation. A facility may earn a maximum of 18 points for accreditation. Points are awarded for one of the following criteria:

(1) Five points are awarded if the program is verified by the Iowa quality preschool program standards.

(2) Six points are awarded if a Head Start program demonstrates compliance with Head Start program performance standards.

(3) Eighteen points are awarded if the facility is accredited by the National Association for the Education of Young Children, the National Afterschool Association, or another accrediting body approved by the department.

118.5(5) Family and community partnerships. A maximum of eight points may be earned in the family and community partnership category. Points are awarded as follows:

a. One point is awarded if the facility or the facility director is a member of a professional organization specific to the age group for whom care is provided.

b. One point is awarded if the facility provides orientation for new parents.

c. One point is awarded if the facility holds annual conferences with parents.

d. One point is awarded if the facility holds at least one parent meeting annually.

e. Two points are awarded if a parent advisory board coordinated by the facility meets quarterly.

f. Two points are awarded if the facility collects annual parent surveys and uses the results to inform program practices.

118.5(6) Leadership and administration. A maximum of seven points may be earned in the leadership and administration category. Points are awarded as follows:

a. Two points are awarded if the facility completes yearly written evaluations for all staff.

b. One point is awarded if the facility develops an improvement plan using Form 470-4235, Child Care Center Improvement Plan, and updates the form annually.

c. One point is awarded if all staff complete Form 470-4236, Professional Development Plan.

d. Three points are awarded if all staff who have direct contact with children complete one of the following within four months of beginning employment with the facility:

(1) The new staff orientation training delivered by Iowa state university that provides new center and preschool staff a full, program-based orientation, or

(2) Another curriculum approved by the department.

[ARC 9257B, IAB 12/1/10, effective 2/1/11]

441—118.6(237A) Rating criteria for child development homes. To participate in the quality rating system, a child development home provider applying under subrule 118.2(2) shall certify that the home meets the applicable criteria as defined in subrule 118.6(1).

118.6(1) Criteria for each rating level.

a. Level 1. To be rated at Level 1, the home must be a registered child development home.

b. Level 2. To be rated at Level 2, the home must meet the following criteria in addition to meeting the criterion for Level 1:

(1) The provider completes and maintains ChildNet certification.

- (2) The provider participates in the child and adult care food program (CACFP).
 - (3) The provider completes Form 470-4231, Child Development Home Professional Development Self-Assessment.
 - (4) The provider completes Form 470-4236, Professional Development Plan.
- c. Level 3.* To be rated at Level 3, the home must meet the following criteria in addition to meeting the criteria for Levels 1 and 2:
- (1) The home must earn a minimum of 14 points from the categories listed in subrules 118.6(2) through 118.6(5).
 - (2) The home must earn at least one point from each category.
- d. Level 4.* To be rated at Level 4, the home must meet the following criteria in addition to meeting the criteria for Levels 1 and 2:
- (1) The home must earn a minimum of 19 points from the categories listed in subrules 118.6(2) through 118.6(5).
 - (2) The home must earn at least one point from each category.
- e. Level 5.* To be rated at Level 5, the home must meet the following criteria in addition to meeting the criteria for Levels 1 and 2:
- (1) The home must earn a minimum of 25 points from the categories listed in subrules 118.6(2) through 118.6(5).
 - (2) The home must earn at least one point from each category.
 - (3) The home must earn a minimum score of 5.0 on the family child care environment rating scale. An assessor approved by the department or the department's designee must perform the assessment.

118.6(2) Professional development. A child development home may earn a maximum of 34 points in the professional development category. For child development homes registered as Category C, points will be awarded only to the coprovider who has earned the most points. Points are awarded as follows:

a. Experience and training. A home may earn a maximum of four points for experience and training. Points are awarded as follows:

- (1) Two points are awarded if the provider has at least two years of experience working in a child care facility or a program operating under the authority of an accredited school district or nonpublic school and 10 hours of additional training per year beyond regulatory requirements.
- (2) Four points are awarded if the provider has at least five years of experience working in a child care facility or a program operating under the authority of an accredited school district or nonpublic school and 20 hours of additional training per year beyond regulatory requirements.

b. Additional professional development. A home may earn a maximum of five points for additional professional development. Points are awarded as follows:

- (1) Two points are awarded if the provider successfully completes approved modules 1 and 2 of positive behavior and intervention support training developed by the Center on Social and Emotional Foundations for Learning (CSEFEL). Modules 1 and 2 total a minimum of 12 hours of training which focuses on promoting effective classroom and center practices that enhance the social and emotional competency of young children.
- (2) Three points are awarded if the provider successfully completes modules 1 through 4 of the program for infant and toddler care developed by WestEd and the California Department of Education, covering social-emotional growth and socialization, group care, learning and development, culture, and family and providers.

c. Education. A home may earn a maximum of 25 points for education. Points are awarded for one of the following criteria:

- (1) Twenty-five points are awarded if the provider has completed a master's degree in education appropriate to the age group for whom care is provided.
- (2) Twenty points are awarded if the provider has completed a bachelor's degree in education appropriate to the age group for whom care is provided.
- (3) Ten points are awarded if the provider has completed an associate's degree in education appropriate to the age group for whom care is provided.

(4) Eight points are awarded if the provider has completed a one-year diploma in education appropriate to the age group for whom care is provided.

(5) Seven points are awarded if the provider has a current apprenticeship certificate.

(6) Six points are awarded if the provider has a current child development associate credential.

(7) Five points are awarded if the provider has completed at least nine college credit hours in education specific to the age group for whom care is provided.

118.6(3) *Health and safety.* A child development home may earn a maximum of 19 points in the health and safety category. Points are awarded as follows:

a. Five points are awarded if within the five-year period before the application date the provider successfully completes a three-semester-hour health, safety, and nutrition class through an approved community college or four-year college.

b. Two points are awarded if within the two-year period before the application date the provider successfully completes a health and safety training approved by the department for the specific purpose of awarding points in the quality rating system.

c. Two points are awarded if the provider develops and implements an emergency preparedness plan in a format prescribed by the department.

d. Two points are awarded if the provider develops and implements enhanced health and safety policies in a format prescribed by the department.

e. Up to three points may be awarded for injury prevention.

(1) One point is awarded if the facility completes the Iowa department of public health's Form HCCI-IP2006, Injury Prevention Summary Report, during a visit with a child care nurse consultant.

(2) Two points are awarded if the child care nurse consultant verifies that the facility has started the process of making recommended corrections.

(3) Three points are awarded if the child care nurse consultant verifies that the facility has completed all corrections.

f. Up to two points may be awarded for child record review.

(1) One point is awarded if the facility completes the Iowa department of public health's Form HCCI-CRR2006, Child Record Review, during a visit with a child care nurse consultant.

(2) Two points are awarded if the child care nurse consultant verifies that the facility has worked with the child care nurse consultant to refer families to health care providers.

g. Up to three points may be awarded for health and safety assessment.

(1) One point is awarded if the facility completes the Iowa department of public health's Form HCCI-HSA2006, Health and Safety Assessment, during a visit with the child care nurse consultant.

(2) Two points are awarded if the child care nurse consultant verifies that the facility has developed a plan of action to correct deficiencies.

(3) Three points are awarded if the child care nurse consultant verifies that the facility has completed all corrections.

118.6(4) *Environment.* A child development home may earn a maximum of 23 points in the environment category. Points are awarded as follows:

a. Environment rating scale training and self-assessment. A home may earn a maximum of six points for environment rating scale training and self-assessment. Points are awarded as follows:

(1) Two points are awarded if the provider completes approved training on how to use the family child care environment rating scale to assess the child development home environment.

(2) Two points are awarded if, after completing training on how to use the environment rating scale, the provider completes a self-assessment and score sheet using the environment rating scale.

(3) Two points are awarded if, after completing training on how to use the environment rating scale and completion of the environment rating scale self-assessment and score sheet, the provider completes Form 470-4232, Child Development Home Improvement Plan, based on the environment rating scale self-assessment.

b. Enhanced ratios. A home may earn a maximum of two points for enhanced staff-to-child ratios. Two points are awarded if no more than two children under the age of two are in care at any one time

and no more than six children total are in care at any one time, including the provider's own children under school age.

c. Accreditation. A home may earn a maximum of 15 points for accreditation. Fifteen points are awarded if the home is accredited by the National Association for Family Child Care or another accrediting body approved by the department.

118.6(5) Family and community partnerships. A child development home may earn a maximum of six points in the family and community partnership category. Points are awarded as follows:

a. One point is awarded if the provider is a member of a professional organization specific to the age group for whom care is provided.

b. One point is awarded if the provider offers an orientation for new parents.

c. One point is awarded if the provider holds annual conferences with parents.

d. One point is awarded if the provider holds at least one parent meeting annually.

e. Two points are awarded if the provider collects annual parent surveys and uses the results to inform program practices.

[ARC 9257B, IAB 12/1/10, effective 2/1/11]

441—118.7(237A) Award of quality rating.

118.7(1) The facility shall display Form 470-4230, Quality Rating Certificate, in a conspicuous place.

118.7(2) Achievement bonuses may be awarded as funds are available.

118.7(3) Participants may request another quality rating for the purpose of increasing their rating no sooner than 12 months after issuance of a quality rating certificate.

118.7(4) Ratings are effective for 24 months from the date of issuance.

[ARC 9257B, IAB 12/1/10, effective 2/1/11]

441—118.8(237A) Adverse actions.

118.8(1) An eligible applicant must be notified of the right to appeal the rating decision in accordance with 441—Chapter 7.

118.8(2) A participant's quality rating shall be revoked if the facility no longer meets the definition of "eligible applicants."

118.8(3) Form 470-4230, Quality Rating Certificate, shall be returned to the department of human services if:

a. The certificate is revoked;

b. The certificate is not renewed; or

c. The provider voluntarily withdraws from the program.

118.8(4) Ratings are effective for 24 months from the date of issuance.

[ARC 9257B, IAB 12/1/10, effective 2/1/11]

These rules are intended to implement Iowa Code section 237A.30.

[Filed 11/16/05, Notice 9/14/05—published 12/7/05, effective 2/1/06]

[Filed ARC 9257B (Notice ARC 8757B, IAB 5/19/10; Amended Notice ARC 8863B, IAB 6/16/10), IAB 12/1/10, effective 2/1/11]

CHAPTER 119
RECORD CHECK EVALUATIONS FOR
CERTAIN EMPLOYERS AND EDUCATIONAL TRAINING PROGRAMS

PREAMBLE

These rules establish procedures for the performance of record check evaluations by the department of human services for personnel employed by health care facilities and other programs and for students in educational training programs for nurses and certified nurse aides. Record check evaluations are performed, at the request of a prospective employer or training program, on persons who have been found to have been convicted of a crime under a law of any state or have a record of founded child or dependent adult abuse, to determine whether the crimes or founded abuses warrant prohibition of employment or enrollment in a training program.

[ARC 0486C, IAB 12/12/12, effective 2/1/13]

441—119.1(135B,135C) Definitions.

“Deferred judgment” means deferred judgment as defined in Iowa Code section 907.1 and is considered an admission of committing an act. Under this chapter, the admission of committing an act must be considered a conviction for purposes of public protection.

“Department” means the department of human services.

“Requesting entity” means an entity covered by these rules that is requesting an evaluation to determine if the person being evaluated can be employed by the entity or participate in an educational training program and includes the following:

1. Health care facilities as defined in Iowa Code section 135C.1.
2. Programs in which the provider is regulated by the state or receives any state or federal funding and the employee being evaluated provides direct services to consumers including but not limited to programs that employ homemakers or home health aides, programs that provide adult day services, hospices, federal home- and community-based services waiver providers, elder group homes, and assisted living programs.
3. Substance abuse programs for juveniles as described in Iowa Code section 125.14A.
4. Hospitals as defined in Iowa Code section 135B.1.
5. Psychiatric medical institutions for children as defined in Iowa Code section 135H.1.
6. The department as described in Iowa Code section 217.44.
7. Department institutions as defined in Iowa Code section 218.13.
8. Child foster care facilities as defined in Iowa Code section 237.1.
9. Medicaid home- and community-based services waiver providers as defined in Iowa Code section 249A.29.
10. Certified nurse aide training programs as defined in Iowa Code section 135C.33(9).
11. Nursing training programs as described in Iowa Code chapter 152.
12. The department as described in Iowa Code section 217.45.

[ARC 0486C, IAB 12/12/12, effective 2/1/13; ARC 1263C, IAB 1/8/14, effective 3/1/14; ARC 2604C, IAB 7/6/16, effective 9/1/16; ARC 3680C, IAB 3/14/18, effective 4/18/18]

441—119.2(135B,135C) When record check evaluations are requested.

119.2(1) *Record check evaluations on prospective employees and students.* A requesting entity shall request a record check evaluation prior to employment or enrollment of a person whose background check indicates a criminal or dependent adult abuse or child abuse record. Any deferred judgments will be considered in criminal background checks. Criminal, child abuse and dependent adult abuse background checks are required on all prospective employees or students, including employees or students who have terminated employment or participation in a training program for any reason or any length of time and wish to return to the same employment or training program, unless an exemption is provided in these rules.

a. A hospital or licensee of a health care facility may employ a person for up to 60 calendar days pending completion of the evaluation if all of the following criteria are met:

- (1) The employment does not involve operation of a motor vehicle; and
- (2) The person to be employed has been convicted of a simple misdemeanor offense (under Iowa Code section 123.47 or chapter 321) or a first offense of operating a motor vehicle while intoxicated (under Iowa Code section 321J.2(1)); and
- (3) The person to be employed does not have a record of founded child or dependent adult abuse; and
- (4) The hospital or licensee has requested an evaluation.

b. A training program in a facility licensed under Iowa Code chapter 135C may allow a student who is applying for, enrolled in, or returning to a certified nurse aide training program to participate in the clinical education component of the training program for up to 60 calendar days pending completion of the evaluation if all of the following criteria are met:

- (1) The student's clinical education component of the training program involves children or dependent adults; and
- (2) The program does not involve operation of a motor vehicle; and
- (3) The student has been convicted of a simple misdemeanor offense (under Iowa Code section 123.47 or chapter 321) or a first offense of operating a motor vehicle while intoxicated (under Iowa Code section 321J.2(1)); and
- (4) The student does not have a record of founded child or dependent adult abuse; and
- (5) The training program has requested an evaluation.

119.2(2) *Record check evaluations on current employees and students.* A requesting entity shall request a record check evaluation on current employees and students when a current employee or student background check indicates a criminal conviction (other than an Iowa Code chapter 321 simple misdemeanor or equivalent simple misdemeanor offense from another jurisdiction) or dependent adult or child abuse record and the requesting entity intends to continue to employ the employee or to continue the student's enrollment in a training program. The requesting entity shall request a current criminal or dependent adult or child abuse record check when the entity receives credible information as determined by the entity that a current employee or student has a criminal or dependent adult or child abuse record that has not been previously considered by the requesting entity.

119.2(3) *Transfer of employee between facilities.* If a person owns or operates more than one facility, and an employee of one of the facilities is transferred to another facility without a lapse in employment, the facility is not required to request additional criminal or abuse record checks of the employee or obtain a new record check evaluation.

119.2(4) *Exceptions to record check evaluation requirements for employment under Iowa Code chapter 135B or 135C or participation in a training program in facilities licensed under Iowa Code chapter 135C.* If an evaluation was previously performed by the department and the department determined the person's criminal and abuse background did not warrant prohibition of employment, the person who is or was employed by a hospital licensed under Iowa Code chapter 135B and is hired by another hospital or the person who is or was employed by a facility licensed under Iowa Code section 135C.33 and is hired by another facility licensed under Iowa Code section 135C.33 may commence employment without further action by the department subject to the following conditions:

- a. The record check performed by the subsequent employer does not indicate that a crime was committed or that a founded abuse record was entered subsequent to the previous evaluation.
- b. The position with the subsequent employer is substantially the same or has the same job responsibilities as the position for which the previous evaluation was performed.
- c. Any restriction placed on the person's employment in the previous evaluation by the department shall remain applicable in the person's subsequent employment.
- d. The person subject to the record checks has maintained a copy of the previous evaluation and provides the evaluation to the subsequent employer, or the previous employer provides the previous evaluation from the person's personnel file pursuant to the person's authorization. If a physical copy of the previous evaluation is not provided to the subsequent employer, a new record check evaluation shall be performed.

e. Although an authorized new evaluation is not required, the subsequent employer may choose to request a reevaluation of the person's criminal and abuse background and may employ the person while the reevaluation is being performed.

f. The subsequent employer must maintain the previous evaluation in the employee's or student's personnel file for verification of the exception to the requirement for a record check evaluation.

119.2(5) *Exceptions to record check evaluation requirements for new employees under Iowa Code chapter 135B or 135C or participants in a training program in facilities licensed under Iowa Code chapter 135C.* If the person approved for employment or participation does not start employment or attend the training program, as defined in subrule 119.4(3), within 30 days from the notice of decision approving the person, the requesting entity must perform a new record check.

a. If the evaluation was previously performed by the department and the department determined the person's criminal and abuse background did not warrant prohibition of employment or participation in a training program, the person being considered for employment may commence employment without further action by the department subject to the following conditions:

(1) The record check performed by the employer does not indicate that a crime was committed or that a founded abuse record was entered subsequent to the previous evaluation.

(2) The position with the employer is substantially the same or has the same job responsibilities as the position for which the previous evaluation was performed.

(3) Any restriction placed on the person's employment in the previous evaluation by the department shall remain applicable in the person's subsequent employment.

(4) The employer or person subject to the record checks has maintained a copy of the previous evaluation. If a physical copy of the previous evaluation is not maintained, a new record check evaluation shall be requested.

(5) Although an authorized new evaluation is not required, the subsequent employer may choose to request a reevaluation of the person's criminal and abuse background and may employ the person while the reevaluation is being performed.

(6) The employer must maintain the previous evaluation in the employee's or student's personnel file for verification of the exception to the requirement for a record check evaluation.

b. If the record check indicates that a crime was committed or that a founded abuse record was entered subsequent to the previous evaluation, a new record check evaluation shall be performed.

c. Record check evaluations completed in accordance with paragraph 119.4(3) "c" are valid for 30 days from the date the notice of decision is issued. If the person does not start employment or attend the training program within the 30-day time period, the conditions in subrule 119.2(5) shall apply. "Start employment or attend the training program" means to begin to receive a salary or take classes.

[ARC 0486C, IAB 12/12/12, effective 2/1/13; ARC 1263C, IAB 1/8/14, effective 3/1/14; ARC 2604C, IAB 7/6/16, effective 9/1/16]

441—119.3(135C) Request for evaluation.

119.3(1) *Required documentation.* The requesting entity and the prospective employee or student shall complete and submit the record check evaluation form to the department to request an evaluation. The requesting entity shall submit the form and required documentation to the Department of Human Services, Central Abuse Registry, P.O. Box 4826, Des Moines, Iowa 50305-4826. The department shall not process evaluations that are not signed by the prospective employee or student. The position sought or held must be clearly written on the first page of the record check evaluation form. The form shall be accompanied by the following documents:

a. A copy of the documentation of the person's status on the DCI criminal history database generated within 30 days of the date on which the request for evaluation is submitted to the department.

b. A copy of the Iowa criminal history data, if there is a history, as provided to the requesting entity by the division of criminal investigation.

c. A copy of the documentation of the person's status on the dependent adult abuse registry generated within 30 days of the date on which the request for evaluation is submitted to the department.

d. A copy of the documentation of the person's status on the child abuse registry generated within 30 days of the date on which the request for evaluation is submitted to the department.

119.3(2) Additional documentation.

a. The requesting entity may provide or the department may request from the prospective employee or student or from the requesting entity information to assist in performance of the evaluation that includes, but is not limited to, the following:

- (1) Documentation of criminal justice proceedings.
- (2) Documentation of rehabilitation.
- (3) Written employment references or applications.
- (4) Documentation of substance abuse education or treatment.
- (5) Criminal history records, child abuse information, and dependent adult abuse information from other states.
- (6) Documentation of the applicant's prior residences.

b. Any person or agency that might have pertinent information regarding the criminal or abuse history and rehabilitation of a prospective employee or student may be contacted.

[ARC 0486C, IAB 12/12/12, effective 2/1/13; ARC 1263C, IAB 1/8/14, effective 3/1/14]

441—119.4(135B,135C) Completion of evaluation.

119.4(1) Considerations. The department shall consider the following when conducting a record check evaluation:

- a. The nature and seriousness of the crime or founded child or dependent adult abuse in relation to the position sought or held.
- b. The time elapsed since the commission of the crime or founded child or dependent adult abuse.
- c. The circumstances under which the crime or founded abuse was committed.
- d. The degree of rehabilitation.
- e. The likelihood that the person will commit a crime or founded child or dependent adult abuse again.
- f. The number of crimes or instances of founded child or dependent adult abuse committed by the person involved.

119.4(2) Evaluation conclusions.

a. The department may determine the following:

- (1) The person may be employed by the entity or enroll in the training program with no restrictions.
- (2) The person may be employed by the entity or enroll in the training program with restrictions.
- (3) The person may be employed by the entity or enroll in the training program with restrictions specific to a position within the program.
- (4) The person may not be employed by the entity or enroll in the training program.

b. Restrictions on a person's employment or enrollment status shall be based upon what is necessary for the protection of the person or persons receiving care.

c. Medicaid waiver consumer-directed attendant care evaluations shall determine that either the person may work or the person may not work pursuant to Medicaid law.

119.4(3) Notice of decision. The department shall issue a notice of decision in writing to the requesting entity. The requesting entity is responsible for providing a copy of the notice to the prospective employee or student.

a. The notice shall be valid only for employment with the employer or enrollment in a training program that requested the record check evaluation.

b. The notice shall not be valid for employment with any other prospective employer or enrollment in another training program.

c. Record check evaluations are valid for 30 days from the date the notice of decision is issued. If the person does not start employment or attend the training program within the 30-day time period, the conditions in subrule 119.2(5) shall apply. "Start employment or attend the training program" means to begin to receive a salary or take classes.

d. The notice of decision shall contain the notice of right to appeal.

[ARC 0486C, IAB 12/12/12, effective 2/1/13; ARC 1263C, IAB 1/8/14, effective 3/1/14]

441—119.5(135B,135C) Appeal rights. Any person or the person's attorney may file a written statement with the department requesting an appeal of the record check evaluation decision within 30 days of the date of the notice of the results of the record check evaluation in accordance with 441—Chapter 7.

[ARC 1263C, IAB 1/8/14, effective 3/1/14]

These rules are intended to implement Iowa Code section 135C.33.

CHAPTER 120
CHILD CARE HOMES

PREAMBLE

This chapter establishes procedures for child care homes that have a child care assistance provider agreement to receive child care assistance funds. Included are application and renewal procedures, standards for providers, and procedures for compliance checks and complaint investigations.

[ARC 2648C, IAB 8/3/16, effective 10/1/16]

441—120.1(237A) Definitions.

“*Adult*” means a person 18 years of age or older.

“*Child*” means either of the following:

1. A person 12 years of age or younger.
2. A person 13 years of age or older but younger than 19 years of age who has a developmental disability, as defined under the federal Developmental Disabilities Assistance and Bill of Rights Act of 2000, Public Law No. 106-402, codified in 42 U.S.C. 15002(8).

“*Child care*” means the care, supervision, or guidance of a child by a person other than the child’s parent, guardian, or custodian for periods of less than 24 hours per day per child on a regular basis. “*Child care*” shall not mean special activity programs that meet on a regular basis such as music or dance classes, organized athletics or sports programs, scouting programs, or hobby or craft classes or clubs.

“*Child care facility*” or “*facility*” means a child care center, a preschool, or a registered child development home.

“*Child care home*” means a person or program providing child care to five or fewer children at any one time that is not registered to provide child care under this chapter, as authorized under Iowa Code section 237A.3.

“*Child development home*” means a person or program registered under this chapter that may provide child care to six or more children at any one time.

“*Department*” means the department of human services.

“*Involvement with child care*” means licensed or registered as a child care facility, employed in a child care facility, residing in a child care facility, receiving public funding for providing child care, providing child care as a child care home provider, or residing in a child care home.

“*Parent*” means parent or legal guardian.

“*Person subject to an evaluation*” means a person who has committed a transgression and who is described by any of the following:

1. The person is being considered for registration or is registered.
2. The person is being considered by a child care facility for employment involving direct responsibility for a child or with access to a child when the child is alone, or the person is employed with such responsibilities.
3. The person will reside or resides in a child care facility.
4. The person has applied for or receives public funding for providing child care.
5. The person will reside or resides in a child care home that is not registered but that receives public funding for providing child care.

“*Provider*” means the person or program that applies to receive payment from the child care assistance program to provide child care and is approved as a child care home.

“*Relative*” means grandparents, great grandparents, aunts, uncles, and siblings living in a separate residence.

“*School*” means kindergarten or a higher grade level.

“*Transgression*” means the existence of any of the following in a person’s record:

1. Conviction of a crime.
2. A record of having committed founded child or dependent adult abuse.
3. Listing in the sex offender registry established under Iowa Code chapter 692A.
4. A record of having committed a public or civil offense.

5. Department revocation or denial of a child care facility registration or license due to the person's continued or repeated failure to operate the child care facility in compliance with licensing and registration laws and rules.

[ARC 2648C, IAB 8/3/16, effective 10/1/16; ARC 3556C, IAB 1/3/18, effective 3/1/18]

441—120.2(237A) Application for payment. A provider shall apply for payment on Form 470-2890, Payment Application for Nonregistered Providers, provided by the department's local office or on the department's website. The provider shall also use Form 470-2890 to inform the department of any changes in circumstances that would affect the provider.

[ARC 2648C, IAB 8/3/16, effective 10/1/16]

441—120.3(237A) Renewal of agreement. Renewal of the child care assistance provider agreement shall be completed every 24 months. To request renewal, a provider shall submit Form 470-2890, Payment Application for Nonregistered Providers, and copies of certificates of training, which shall be retained in the file. The agreement renewal process shall include completion of child abuse, sex offender, and criminal record checks.

[ARC 2648C, IAB 8/3/16, effective 10/1/16]

441—120.4(237A) Compliance checks. An unannounced compliance visit shall be conducted not less than annually to check for compliance with health, safety, and fire standards. Completed evaluation checklists shall be placed in agency files.

[ARC 2648C, IAB 8/3/16, effective 10/1/16]

441—120.5(237A) Parental access. Parents shall be afforded unlimited access to their children and to the people caring for their children during the normal hours of operation or whenever their children are in the care of the child care home, unless parental contact is prohibited by court order.

[ARC 2648C, IAB 8/3/16, effective 10/1/16]

441—120.6(237A) Number of children. The number of children in a child care home shall conform to the following standards:

120.6(1) Limit. No more than five children shall receive care at any one time in the single-family residence.

120.6(2) Children counted. To determine the number of children cared for at any one time in a child care home, each child present in the child care home shall be considered to be receiving care unless the child is described by one of the following exceptions:

a. The child's parent, guardian, or custodian established or operates the child care home and either the child is attending school or the child receives child care full-time on a regular basis from another person.

b. The child has been present in the child care home for more than 72 consecutive hours and meets the requirements of the exception listed above as though the person who established or operates the child care home is the child's parent, guardian, or custodian.

[ARC 2648C, IAB 8/3/16, effective 10/1/16]

441—120.7(237A) Provider requirements.

120.7(1) Provider. The provider shall:

a. Give careful supervision at all times.

b. Exchange information with the parent of each child frequently to enhance the quality of care.

c. Give consistent, dependable care and be capable of handling emergencies.

d. Be present at all times except when emergencies occur or an absence is planned, at which time care shall be provided by a department-approved substitute. When an absence is planned, the provider shall give parents at least 24 hours' prior notice.

e. Be free of the use of illegal drugs and shall not be under the influence of alcohol or of any prescription or nonprescription drug that could impair the provider's ability to give careful supervision.

f. Be at least 18 years of age.

120.7(2) *Substitutes.* The provider shall assume responsibility for providing adequate and appropriate supervision at all times when children are in attendance. Any designated substitute shall have the same responsibility for providing adequate and appropriate supervision. Ultimate responsibility for supervision shall be with the provider.

- a. All standards in this chapter regarding supervision and care of children shall apply to substitutes.
- b. Except in emergency situations, the provider shall inform parents in advance of the planned use of a substitute.
- c. The substitute must be 18 years of age or older.
- d. Use of a substitute shall be limited to:
 - (1) No more than 25 hours per month.
 - (2) An additional period of up to two weeks in a 12-month period.
- e. The provider shall maintain a written record of the number of hours care is provided by a substitute, including the date of the care and the name of the substitute.

[ARC 2648C, IAB 8/3/16, effective 10/1/16]

441—120.8(237A) Standards. Conditions in the home shall be safe, sanitary, and free of hazards. The provider shall certify that the child care home meets the following minimum standards.

120.8(1) *Facility requirements.*

a. The home shall have a nonpay, working landline or mobile telephone with emergency numbers posted for police, fire, ambulance, and the poison information center. The number for each child's parent, for a responsible person who can be reached when the parent cannot, and for the child's physician shall be written on paper and readily accessible by the telephone. The home must prominently display all emergency information, and all travel vehicles must have a paper copy of emergency parent contact information.

b. Electrical wiring shall be maintained, and all accessible electrical outlets shall be tamper-resistant outlets or shall be safely capped. Electrical cords shall be properly used. Improper use includes the running of cords under rugs, over hooks, or through door openings or other use that has been known to be hazardous.

c. Combustible materials shall be kept a minimum of three feet away from furnaces, stoves, water heaters, and gas dryers.

d. Approved safety gates at stairways and doors shall be provided and used as needed.

e. Annual laboratory analysis of a private water supply shall be conducted to show satisfactory bacteriological quality. When children under the age of two are to be cared for, the analysis shall include a nitrate analysis. When private water supplies are determined unsuitable for drinking, commercially bottled water or water treated through a process approved by the health department or designee shall be provided.

f. A safety barrier shall surround any heating stove or heating element, in order to prevent burns.

g. The home shall have at least one 2A 10BC-rated fire extinguisher located in a visible and readily accessible place on each child-occupied floor.

h. The home shall have at least one single-station, battery-operated, UL-approved smoke detector in each child-occupied room and at the top of every stairway. Each smoke detector shall be installed according to manufacturer's recommendations. The provider shall test each smoke detector monthly and keep a record of testing for inspection purposes.

i. Smoking and the use of tobacco products shall be prohibited at all times in the home and in every vehicle in which children receiving care in the home are transported. Smoking and the use of tobacco products shall be prohibited in the outdoor play area during the home's hours of operation. "No smoking" signs shall be posted at every entrance of the child care home and in every vehicle used to transport children. All signs shall include:

(1) The telephone number for reporting of complaints, and

(2) The Internet address of the department of public health (www.iowasmokefreeair.gov).

j. Homes served by private sewer systems shall be in compliance with discharge restrictions identified at 567—Chapter 69. Discharge of untreated waste water from private sewage disposal systems

is prohibited. Compliance shall be verified by the local board of health at the time of renewal of the child care assistance provider agreement and new application.

k. A provider operating in a facility built before 1960 shall assess and control lead hazards before being issued an initial child care assistance provider agreement or a renewal of the provider agreement. To comply with this requirement, the provider shall:

(1) Conduct a visual assessment of the facility for lead hazards that exist in the form of chipping or peeling paint;

(2) Apply interim controls on any chipping or peeling paint found, using lead-safe work methods in accordance with and as defined by department of public health rules at 641—Chapters 69 and 70, unless a certified inspector as defined in 641—Chapter 70 determines that the paint is not lead-based paint; and

(3) Submit Form 470-4755, Lead Assessment and Control, as verification of the visual assessment and completion of interim controls, if necessary.

l. The child care home shall be located in a single-family residence that is owned, rented, or leased by the provider.

m. Any driver who transports children for any purpose shall have a valid driver's license and adequate motor vehicle insurance that authorizes the driver to operate the type of vehicle being driven. Child restraint devices shall be utilized in compliance with Iowa Code section 321.446.

n. Providers shall inform parents of the presence of any pet in the home.

(1) Each dog or cat in the household shall undergo an annual health examination by a licensed veterinarian. Acceptable veterinary examinations shall be documented on Form 470-5153, Veterinary Health Certificate. This examination shall verify that the animal's routine immunizations, particularly rabies, are current and that the animal shows no evidence of endoparasites (roundworms, hookworms, whipworms) and ectoparasites (fleas, mites, ticks, lice).

(2) Each pet bird in the household shall be purchased from a dealer licensed by the Iowa department of agriculture and land stewardship and shall be examined by a veterinarian to verify that the bird is free of infectious diseases. Acceptable veterinary examinations shall be documented on Form 470-5153, Veterinary Health Certificate. Children shall not handle pet birds.

(3) Aquariums shall be well maintained and installed in a manner that prevents children from accessing the water or pulling over a tank.

(4) All animal waste shall be immediately removed from the children's areas and properly disposed of. Children shall not perform any feeding or care of pets or cleanup of pet waste.

(5) No animals shall be allowed in the food preparation, food storage, or serving areas during food preparation and serving times.

o. Using an injury report form, the provider shall document all injuries that require first aid or medical care. The form shall be completed on the date of occurrence, shared with the parent, and maintained in the child's file.

p. Serious injuries.

(1) Serious injuries, as defined in Iowa Code section 702.18, that occur in a child care home or when a child is in the care of child care home staff shall be reported to the department within 24 hours of the incident.

(2) Serious injuries shall be documented and information maintained in the child's file as required by subrule 120.9(2).

120.8(2) Use of outdoor space.

a. A safe outdoor play area shall be maintained in good condition throughout the year. The play area shall be fenced off when located on a busy thoroughfare or near a hazard which may be injurious to a child and shall have both sunshine and shade areas. The play area shall be kept free from litter, rubbish, and flammable materials and shall be free from contamination by the drainage or ponding of sewage, household waste, or storm water.

b. When there is a swimming or wading pool on the premises:

(1) The wading pool shall be drained daily and shall be inaccessible to children when it is not in use.

(2) An aboveground or in-ground swimming pool that is not fenced shall be covered whenever the pool is not in use. The cover shall meet or exceed the ASTM International (formerly known as the American Society for Testing and Materials) specification intended to reduce the risk of drowning by inhibiting access to the water by children under five years of age.

(3) An uncovered aboveground swimming pool shall be enclosed with an approved fence that is nonclimbable and is at least four feet high.

(4) An uncovered in-ground swimming pool shall be enclosed with an approved fence that is nonclimbable and is at least four feet high and flush with the ground.

c. If children are allowed to use an aboveground or in-ground swimming pool:

(1) Written permission from parents shall be available for review.

(2) Equipment needed to rescue a child or adult shall be readily accessible.

(3) The child care provider shall accompany the children and provide constant supervision while the children use the pool.

(4) The child care provider shall complete training in cardiopulmonary resuscitation for infants, toddlers, and children, according to the criteria of the American Red Cross or the American Heart Association.

120.8(3) Medications and hazardous materials.

a. All medicines and poisonous, toxic, or otherwise unsafe materials shall be secured from access by a child.

b. A first-aid kit shall be available and easily accessible whenever children are in the child care home, in the outdoor play area, in vehicles used to transport children, and on field trips. The kit shall be sufficient to address first aid related to minor injury or trauma and shall be stored in an area inaccessible to children. The kit shall, at a minimum, include adhesive bandages, bottled water, disposable tweezers, and disposable plastic gloves.

c. Medications shall be given only with the parent's or doctor's written authorization. Each prescribed medication shall be accompanied by a physician's or pharmacist's direction. Both nonprescription and prescription medications shall be in the original container with directions intact and labeled with the child's name. All medications shall be stored properly and, when refrigeration is required, shall be stored in a separate, covered container so as to prevent contamination of food or other medications. All medications shall be stored so they are inaccessible to children. Any medication administered to a child shall be recorded, and the record shall indicate the name of the medication, the date and time of administration, and the amount administered.

d. Medications shall not be provided to a child if the provider has not completed preservice/orientation training that includes medication administration.

120.8(4) Emergency plans. Emergency plans in case of man-made or natural disaster shall be written and posted by the primary and secondary exits. The plans shall clearly map building evacuation routes and tornado and flood shelter areas.

a. Fire and tornado drills shall be practiced monthly, and the provider shall keep documentation evidencing compliance with monthly practice on file.

b. The provider must have procedures in place for the following:

(1) Evacuation to safely leave the facility.

(2) Relocation to a common, safe location after evacuation.

(3) Shelter-in-place to take immediate shelter where the child is when it is unsafe to leave that location due to the emergent issue.

(4) Lockdown to protect children and providers from an external situation.

(5) Communication and plans for reunification with families.

(6) Continuity of operations.

(7) To address the needs of individual children, including those with functional or access needs.

120.8(5) Safe sleep.

a. The provider shall follow safe sleep practices as recommended by the American Academy of Pediatrics for infants under the age of one. Infant sleep shall conform to the following standards:

(1) Infants shall always be placed on their backs for sleep.

(2) Infants shall be placed on a firm mattress with a tight fitted sheet that meets U.S. Consumer Product Safety Commission federal standards.

(3) Infants shall not be allowed to sleep on a bed, sofa, air mattress or other soft surface.

(4) No toys, soft objects, stuffed animals, pillows, bumper pads, blankets, or loose bedding shall be allowed in the sleeping area with the infant.

(5) No co-sleeping shall be allowed.

(6) Sleeping infants shall be actively observed by sight and sound.

(7) If an alternate sleeping position is needed, a signed physician or physician assistant authorization with statement of medical reason is required.

b. No child shall be allowed to sleep in any item not designed for sleeping including, but not limited to, an infant seat, car seat, swing, or bouncy seat.

c. A crib or criblike furniture which has a waterproof mattress covering and sufficient bedding to enable a child to rest comfortably and which meets the current standards or recommendations from the Consumer Product Safety Commission or ASTM International for juvenile products shall be provided for each child under two years of age if developmentally appropriate. Crib railings shall be fully raised and secured when the child is in the crib. A crib or criblike furniture shall be provided for the number of children present at any one time. The home shall maintain all cribs or criblike furniture and bedding in a clean and sanitary manner. There shall be no restraining devices of any type used in cribs.

d. All items used for sleeping must be used in compliance with manufacturer standards for age and weight of the child.

120.8(6) Discipline. Discipline shall conform to the following standards:

a. Corporal punishment, including spanking, shaking and slapping, shall not be used.

b. Punishment that is humiliating or frightening or that causes pain or discomfort to the child shall not be used.

c. Punishment shall not be administered because of a child's illness, or progress or lack of progress in toilet training, nor shall punishment or threat of punishment be associated with food or rest.

d. No child shall be subjected to verbal abuse, threats, or derogatory remarks about the child or the child's family.

e. Discipline shall be designed to help the child develop self-control, self-esteem, and respect for the rights of others.

120.8(7) Meals and snacks.

a. Regular meals and snacks that are well-balanced and nourishing shall be provided.

b. Children may bring food to the child care home for their own consumption but shall not be required to provide their own food.

c. Clean, sanitary drinking water shall be readily available to children in indoor and outdoor areas, throughout the day.

[ARC 2648C, IAB 8/3/16, effective 10/1/16; ARC 3096C, IAB 6/7/17, effective 8/1/17; ARC 3556C, IAB 1/3/18, effective 3/1/18]

441—120.9(237A) Children's files.

120.9(1) An individual file for each child shall be maintained and updated annually or when the provider becomes aware of changes.

120.9(2) The file shall contain:

a. Identifying information including, at a minimum, the child's name and birth date; the parent's name, address and telephone number; the special needs of the child; and the parent's work address and telephone number.

b. Emergency contact information including, at a minimum, where the parent can be reached, the name, street address, city and telephone number of the child's regular source of health care, and the name, telephone number, and relationship to the child of another adult available in case of emergency.

c. A signed medical consent from the parent authorizing emergency medical and dental treatment.

d. An admission physical examination report signed by a licensed physician or the designee in a clinic supervised by a licensed physician.

e. A statement of health condition signed by a physician or designee submitted annually from the date of the admission physical examination. For a child who is five years of age or older and enrolled in school, a statement of health status signed by the parent or legal guardian may be substituted for the physician statement.

f. A list that is signed by the parent and names persons authorized to pick up the child. The authorization shall include the name, telephone number, and relationship of the authorized person to the child.

g. A signed and dated immunization certificate provided by the Iowa department of public health. For the school-age child, a copy of the most recent immunization record shall be acceptable.

h. For any child with allergies, a written emergency plan in case of an allergic reaction. A copy of this information shall accompany the child if the child leaves the premises.

i. Written permission from the parent for the child to attend activities away from the child care home. The permission shall include:

- (1) Times of departure and arrival.
- (2) Destination.
- (3) Names of persons who will be responsible for the child.

j. If the child meets the definition of homelessness as defined by Section 725(2) of the McKinney Vento Homeless Education Assistance Act, the family shall receive a 60-day grace period to obtain medical documentation.

[ARC 2648C, IAB 8/3/16, effective 10/1/16; ARC 3095C, IAB 6/7/17, effective 8/1/17]

441—120.10(237A) Professional development.

120.10(1) Prior to the issuance of a provider agreement and every five years thereafter, the provider shall complete minimum health and safety trainings, approved by the department, in all of the following content areas:

- a.* Prevention and control of infectious disease, including immunizations.
- b.* Prevention of sudden infant death syndrome and use of safe sleep practices.
- c.* Administration of medication, consistent with standards for parental consent.
- d.* Prevention of and response to emergencies due to food and allergic reactions.
- e.* Building and physical-premises safety, including identification of and protection from hazards that can cause bodily injury, such as electrical hazards, bodies of water, and vehicular traffic.
- f.* Prevention of shaken baby syndrome and abusive head trauma.
- g.* Emergency preparedness and response planning for emergencies resulting from a natural disaster or a human-caused event.
- h.* Handling and storage of hazardous materials and the appropriate disposal of biocontaminants.
- i.* Precautions in transporting children.
- j.* Child development, on or after August 1, 2017.

120.10(2) Prior to issuance of a provider agreement and every five years thereafter, the provider shall complete two hours of Iowa's training for mandatory reporting of child abuse.

120.10(3) Prior to issuance of a provider agreement, the provider shall complete first-aid and cardiopulmonary resuscitation (CPR) training that meets the following requirements:

- a.* Training shall be provided by a nationally recognized training organization, such as the American Red Cross, American Heart Association, National Safety Council, American Safety and Health Institute or MEDIC First Aid or by an equivalent trainer using curriculum approved by the department.
- b.* CPR training shall include certification in infant and child CPR.
- c.* The provider shall maintain a valid certificate indicating the date of first-aid training and the expiration date.
- d.* The provider shall maintain a valid certificate indicating the date of CPR training and the expiration date.

120.10(4) Minimum health and safety training may be required prior to the five-year period if content has significant changes which warrant that the training be renewed.

120.10(5) Approved substitutes must have certification or other documentation that minimum health and safety training has been completed in compliance with 441—subrule 110.10(1) within three months of a substitute’s hiring or before a substitute provides care, whichever occurs first.

120.10(6) During each two-year provider agreement period, the provider shall receive a minimum of six hours of training. A provider shall not use a specific training or class to meet minimum continuing education requirements more than one time every five years.

a. Training shall be completed from one or more of the following content areas.

- (1) Planning a safe, healthy learning environment (includes nutrition).
- (2) Steps to advance children’s physical and intellectual development.
- (3) Positive ways to support children’s social and emotional development (includes guidance and discipline).

- (4) Strategies to establish productive relationships with families (includes communication skills and cross-cultural competence).

- (5) Strategies to manage an effective program operation (includes business practices).

- (6) Maintaining a commitment to professionalism.

- (7) Observing and recording children’s behavior.

- (8) Principles of child growth and development.

b. Training identified in subrule 120.10(1) may be counted toward the total six hours of required training only at the initial time in which the training is received.

c. A child care home provider operating under this chapter that meets the definition of “relative” as defined in rule 441—120.1(237A) shall be exempt from the training requirements under this subrule.

120.10(7) Approved training.

a. The training must be conducted by a trainer who is employed by or under contract with one of the following entities or who uses curriculum or training materials developed by or obtained with the written permission of one of the following entities:

- (1) An accredited university or college.

- (2) A community college.

- (3) Iowa State University Extension.

- (4) A child care resource and referral agency.

- (5) An area education agency.

- (6) The regents’ center for early developmental education at the University of Northern Iowa.

- (7) A hospital (for health and safety, first-aid, and CPR training).

- (8) The American Red Cross, American Heart Association, National Safety Council, American Safety and Health Institute or MEDIC First Aid (for first-aid and CPR training).

- (9) An Iowa professional association, including the Iowa Association for the Education of Young Children (Iowa AEYC), the Iowa Family Child Care Association (IFCCA), the Iowa After School Alliance, and the Iowa Head Start Association.

- (10) A national professional association, including the National Association for the Education of Young Children (NAEYC), the National Child Care Association (NCCA), the National Association for Family Child Care (NAFCC), the National After School Association, and the American Academy of Pediatrics.

- (11) The Child and Adult Care Food Program (CACFP) and the Special Supplemental Nutrition Program for Women, Infants and Children (WIC).

- (12) The Iowa department of public health, department of education, or department of human services.

- (13) Head Start agencies or the Head Start technical assistance system.

- (14) Organizations that are certified by the International Association for Continuing Education and Training (IACET).

b. Training received in a group setting must follow a presentation format that incorporates a variety of adult learning methods. The material or content of the training must be obtained from one of the entities listed in paragraph 120.10(7) “*a*” or an entity approved under paragraph 120.10(7) “*h*.”

c. Approved training shall be made available to Iowa child care providers through the child care provider training registry.

d. Training received in a group setting may include distance learning opportunities, such as training conducted over the Iowa communications network, online courses, or web conferencing (webinars) if:

- (1) The training meets the requirements in subrule 120.10(8);
- (2) The training is taught by an instructor and requires interaction between the instructor and the participants, such as required chats or message boards; and
- (3) The training organization meets the requirements listed in this subrule or is approved by the department.

e. The department will not approve more than eight hours of training delivered in a single day.

f. The department may randomly monitor any state-approved training for quality control purposes.

g. Training conducted with the provider either during the hours of operation of the facility, provider lunch hours, or while children are resting must not diminish the required ratio coverage. The provider shall not be actively engaged in care and supervision and simultaneously participate in training.

h. A training organization not approved by the department may submit a request for review to the department on Form 470-4528, Request for Child Care Training Approval. All approvals, unless otherwise specified, shall be valid for five years. The department shall issue its decision within 30 business days of receipt of a complete request.

120.10(8) Elements of training. Training provided to Iowa child care providers shall offer:

a. Instruction that is consistent with:

- (1) Iowa child care regulatory standards;
- (2) The Iowa early learning standards; and
- (3) The philosophy of developmentally appropriate practice as defined by the National Association for the Education of Young Children, the Program for Infant/Toddler Care, and the National Health and Safety Performance Standards.

b. Content equal to at least one contact hour of training.

c. An opportunity for teacher-student interaction and timely feedback, including questions and answers and with evaluation of learning.

d. For each participant, a certificate of training that includes:

- (1) The name of the participant.
- (2) The title of the training.
- (3) The dates of training.
- (4) The content area addressed.
- (5) The name of the training organization.
- (6) The name of the instructor.
- (7) The number of contact hours.

[ARC 2648C, IAB 8/3/16, effective 10/1/16; ARC 3095C, IAB 6/7/17, effective 8/1/17; ARC 3556C, IAB 1/3/18, effective 3/1/18]

441—120.11(237A) Child care assistance provider agreement decision. The department shall issue Form 470-3871, Child Care Assistance Provider Agreement, when an applicant meets all requirements for a child care home. The department shall maintain a current list of child care homes as a referral service to the community.

120.11(1) A provider agreement shall be denied or canceled if the department finds a hazard to the safety and well-being of a child and the provider cannot correct or refuses to correct the hazard, even though the hazard may not have been specifically listed under these rules. The provider agreement may also be denied or canceled if the department determines that the provider has failed to comply with standards imposed by law and rules found in this chapter or at 441—Chapter 170.

120.11(2) Record of all denials or cancellations of provider agreements and the documentation of reasons for denying or canceling the agreement shall be kept in an open file.

120.11(3) Record checks.

a. Applicability. The department shall conduct Iowa criminal history record and child abuse record checks for each provider, substitute or staff member, anyone living in the home who is 14 years of age or older, and anyone having access to a child when the child is alone. The department shall conduct national criminal history record checks, based on fingerprints, for each provider, substitute or staff member, anyone living in the home who is 18 years of age or older, and anyone 18 years of age or older having access to a child when the child is alone. In accordance with Iowa Code section 726.23, minors under the age of 18 will not be subject to the fingerprint requirement.

(1) The purpose of these record checks is to determine whether the person has committed a transgression that prohibits or limits the person's involvement with child care.

(2) The department may also conduct criminal history record and child abuse record checks in other states and may conduct dependent adult abuse, sex offender registry, and other public or civil offense record checks in Iowa or other states.

(3) Child care assistance provider agreements shall not be issued until the results of all state and national record checks have been received and, when necessary, evaluated.

b. Authorization. The person subject to record checks shall complete the Iowa department of human services record check authorization form; Form DCI-45, Waiver Agreement; Form FD-258, Federal Fingerprint Card; and any other forms required by the department of public safety to authorize the release of records.

c. Iowa records checks. Checks and evaluations of Iowa child abuse and criminal history records shall be completed before the person's involvement with child care. Iowa records checks shall be repeated at a minimum of every two years and when the department or the provider becomes aware of any possible transgressions. The department is responsible for the cost of conducting the Iowa records checks.

d. National criminal history record checks. Fingerprint-based checks of national criminal history records shall also be completed before a person's involvement with child care. This requirement shall be required for an initial application or a renewal application. The national criminal history record check shall be repeated for each person subject to the check every four years and when the department or provider becomes aware of any new transgressions committed by that person in another state. The department is responsible for the cost of conducting the national criminal history record check.

(1) The provider is responsible for any costs associated with the taking (rolling) of fingerprints of all persons subject to record checks and for submitting the fingerprints to the department so the national criminal history record check can be completed. Fingerprints may be taken (rolled) by law enforcement agencies or by agencies or companies that specialize in taking (rolling) fingerprints.

(2) The department shall provide fingerprints to the department of public safety no later than ten business days after receipt of the fingerprint cards. The department shall submit the fingerprints on forms or in a manner allowed by the department of public safety.

(3) The department may rely on the results of previously conducted national criminal history record checks when a person subject to a record check in one child development home or child care home submits a request for involvement with child care in another child development home or child care home, so long as the person's national criminal history record check is within the allowable four-year time frame. All initial or new applications shall require a new national criminal history record check.

e. Mandatory prohibition. A person with any of the following convictions or founded abuse reports is prohibited from involvement with child care:

- (1) Founded child or dependent adult abuse that was determined to be sexual abuse.
- (2) A requirement to be listed on any state sex offender registry or the national sex offender registry.
- (3) Any of the following felony convictions:
 1. Child endangerment or neglect or abandonment of a dependent person.
 2. Domestic abuse.
 3. Crime against a child including, but not limited to, sexual exploitation of a minor.
 4. Forcible felony.
 5. Arson.

(4) A record of a misdemeanor conviction of a crime against a child that constitutes one of the following offenses:

1. Child abuse.
2. Child endangerment.
3. Sexual assault.
4. Child pornography.

(5) If a person subject to a record check refuses to consent to a record check, the person shall be prohibited from involvement with child care.

(6) If a person has been convicted of a crime and makes what the person knows to be a false statement of material fact in connection with the conviction or record check, the person shall be prohibited from involvement with child care.

f. Mandatory time-limited prohibition.

(1) A person with the following conviction or founded abuse report is prohibited from involvement with child care for five years from the date of the conviction or founded abuse report:

1. Conviction of a controlled substance offense.
2. Founded abuse that was determined to be physical abuse.

(2) After the five-year prohibition period (from the date of the conviction or the founded abuse report) as defined in subparagraph 120.11(3)“f”(1), the person may request the department to perform an evaluation under paragraph 120.11(3)“g” to determine whether prohibition of the person’s involvement with child care continues to be warranted.

g. Evaluation required. For all other transgressions, and as requested under subparagraph 120.11(3)“f”(2), the department shall evaluate the transgression and make a decision about the person’s involvement with child care.

(1) The person with the transgression shall complete and return the record check evaluation form within ten calendar days of the date on the form. The department shall use the information the person with the transgression provides on this form to assist in the evaluation. Failure of the person with the transgression to complete and return this form within ten calendar days of the date on the form shall result in denial or revocation of the child care assistance provider agreement.

(2) The department may use information from the department’s case records in performing the evaluation.

(3) In an evaluation, the department shall consider all of the following factors:

1. The nature and seriousness of the transgression in relation to the position sought or held.
2. The time elapsed since the commission of the transgression.
3. The circumstances under which the transgression was committed.
4. The degree of rehabilitation.
5. The likelihood that the person will commit the transgression again.
6. The number of transgressions committed by the person.

(4) When a person subject to a record check has a transgression that has been determined in a previous evaluation not to warrant prohibition of the person’s involvement with child care and the person has no subsequent transgressions, an exemption from reevaluation of the latest record check is authorized. The person may commence employment with another child care facility in accordance with the department’s previous evaluation. The exemption is subject to all of the following conditions:

1. The position with the subsequent employer is substantially the same or has the same job responsibilities as the position for which the previous evaluation was performed.

2. Any restrictions placed on the person’s employment by the department in the previous evaluation shall remain applicable in the person’s subsequent employment.

3. The person subject to the record check has maintained a copy of the previous evaluation and provides the evaluation to the subsequent employer or the previous employer provides to the subsequent employer the previous evaluation from the person’s personnel file pursuant to the person’s authorization. If a physical copy of the previous evaluation is not provided to the subsequent employer, the record check shall be reevaluated.

4. The subsequent employer may request a reevaluation of the record check and may employ the person while the reevaluation is being performed.

h. Evaluation decision. The department has final authority in determining whether prohibition of the person's involvement with child care is warranted and in developing any conditional requirements or corrective action plan.

(1) Within 30 calendar days of receipt of a completed record check evaluation, the department shall make a decision on the person's involvement with child care.

(2) Within 30 calendar days of receipt of a completed record check evaluation, the department shall mail to the person subject to an evaluation a record check decision that explains the decision reached regarding the evaluation of the transgression and a notice of decision: child care.

(3) The department shall issue a notice of decision: child care prohibiting involvement with child care when the person subject to an evaluation fails to complete the record check evaluation within the ten-calendar-day time frame.

(4) If the department determines, through the record check evaluation process, that the person's prohibition of involvement with child care is warranted, the person shall be prohibited from involvement with child care. The department may identify a period of time after which the person may request that another record check and evaluation be performed.

(5) The department may permit a person who is evaluated to maintain involvement with child care if the person complies with the department's conditions relating to the person's involvement with child care, which may include completion of additional training or an individually designed corrective action plan, or both. For an employee of a provider, these conditional requirements shall be developed with the provider. All conditions placed on a person's involvement with child care shall be communicated, in writing, to both the person subject to the evaluation and the provider.

(6) The department shall reevaluate any transgressions where a state or federal law change requires different considerations of the transgression than had been previously applied.

i. Notice to parents of abuse in care. If there has been founded child abuse committed by an owner, director, or staff member of the child care facility or child care home, the department's administrator shall notify the parents, guardians, and legal custodians of each child for whom the facility or child care home provides care.

(1) The child care facility or child care home shall cooperate with the department in providing the names and addresses of the parent, guardian, or custodian of each child for whom the facility provides child care.

(2) This information shall be provided to the department within ten calendar days from the date of the initial request.

(3) Failure or refusal to provide the requested information may result in cancellation of the provider agreement.

120.11(4) Required notifications to the department.

a. The provider shall, within ten days, notify the department of any of the following:

- (1) Changes in substitutes;
- (2) Changes in household membership;
- (3) Address changes; and
- (4) Criminal convictions.

b. No substitute shall be utilized in the care of children and no person shall be permitted to reside in the household until approved by the department.

c. If the provider does not notify the department of changes within ten days, the provider may be subject to revocation of the provider's child care assistance provider agreement or to recoupment of child care assistance provided, or both.

[ARC 2648C, IAB 8/3/16, effective 10/1/16; ARC 4114C, IAB 11/7/18, effective 1/1/19]

441—120.12(237A) Complaints. The department shall conduct an on-site visit when a complaint is received.

120.12(1) After each complaint visit, the department shall document whether the child care home was in compliance with requirements.

120.12(2) The written documentation of the department's conclusion as to whether the child care home was in compliance with requirements shall be available to the public. However, the identity of all complainants shall be confidential, unless expressly waived by the complainant.
[ARC 2648C, IAB 8/3/16, effective 10/1/16]

441—120.13(237A) Prohibition from involvement with child care. If the department has prohibited a person or program from involvement with child care, that person or program shall not provide child care as a nonregistered child care home provider.

[ARC 2648C, IAB 8/3/16, effective 10/1/16]

These rules are intended to implement Iowa Code section 237A.12.

TITLE XIII
SERVICE ADMINISTRATION
CHAPTER 130
GENERAL PROVISIONS
[Prior to 7/1/83, Social Services[770] Ch 130]
[Prior to 2/11/87, Human Services[498]]

441—130.1(234) Definitions.

“*Family*” includes the following members:

1. Legal spouses (including common law) who reside in the same household.
2. Natural, adoptive, or step mother or father, and children who reside in the same household.
3. An individual or a child who lives alone or who resides with a person, or persons, not legally responsible for the child’s support.

This rule is intended to implement Iowa Code section 234.6.

441—130.2(234) Application.

130.2(1) Application for social services shall be made at any county office of the department of human services on forms available at the county office.

Application for services shall be made on Form 470-0615, Application for All Social Services.

130.2(2) The application may be filed by the applicant, the applicant’s authorized representative, or where the applicant is incompetent or incapacitated, someone acting responsibly for the applicant.

130.2(3) The date of application is the date a signed application form is received in the county office.

130.2(4) The application shall be approved or denied within 30 days from the date of application and the applicant notified of the decision. The decision shall be mailed or given to the applicant on the date the determination is made except that for services ordered by the court, the court order provided by the court and the case permanency plan provided by the department shall serve as notification. When individual case management services are being provided under 441—Chapter 24 for persons with mental retardation, a developmental disability, or chronic mental illness, the application shall be approved or denied no later than the date that the department service manager, who is part of the interdisciplinary team, signs the individual program plan.

130.2(5) Eligibility shall be redetermined in the same manner as an application at least every 6 months for family-centered services. For all other services, eligibility shall be redetermined in the same manner as an application at least every 12 months.

130.2(6) Rescinded IAB 6/9/04, effective 7/1/04.

130.2(7) Rescinded IAB 6/9/04, effective 7/1/04.

130.2(8) Rescinded IAB 4/11/07, effective 7/1/07.

This rule is intended to implement Iowa Code section 234.6.

441—130.3(234) Eligibility.

130.3(1) Eligibility factors for services available through the department are individual need for a service and family income except when services are provided without regard to income or when services are directed in a court order.

a. Individual need is established when the service to be provided is directed at and will facilitate an individual in reaching or maintaining one of the goals and objectives in 130.7(1). Except when the court establishes need, the department shall do so in accordance with individual service chapters. The department shall determine the number of units to be provided.

b. The block grant service to be provided shall be contained in the pre-expenditure report and listed for the specific district and county. Service available through the department and funded by resources other than the social service block grant is identified in rules for that specific service.

c. Service shall be provided only when funds are available for service delivery.

d. Persons are financially eligible for services when they are in one of the following categories:

(1) Income maintenance status. They are recipients of the family investment program, or those whose income was taken into account in determining the needs of family investment program recipients,

or recipients of supplemental security income or state supplementary assistance, or those in the 300 percent group as defined in 441—subrule 75.1(7).

(2) Income eligible status. The monthly gross income according to family size is no more than the following amounts:

Monthly Gross Income Limits	
Family Size	
1 Member	\$ 583
2 Members	762
3 Members	942
4 Members	1,121
5 Members	1,299
6 Members	1,478
7 Members	1,510
8 Members	1,546
9 Members	1,581
10 Members	1,612
11 Members	1,645
12 Members	1,678
13 Members	1,711
14 Members	1,744
15 Members	1,777
16 Members	1,810
17 Members	1,843
18 Members	1,876

20 Members	1,942

(3) to (5) Rescinded IAB 6/9/04, effective 7/1/04.

e. Certain services are provided without regard to income which means family income is not considered in determining eligibility. The services provided without regard to income are information and referral, child abuse investigation, child abuse treatment, child abuse prevention services, including protective child care services, family-centered services, dependent adult abuse evaluation, dependent adult abuse treatment, dependent adult abuse prevention services, and purchased adoption services to individuals and families referred by the department.

f. In certain cases the department will provide services directed in a court order.

130.3(2) To be eligible for services the person must be living in the state of Iowa. Living in the state shall include those persons living in Iowa for a temporary period, other than for the purpose of vacation.

130.3(3) In determining gross income, all income received by an individual from sources identified by the U.S. Census Bureau in computing median income is considered and includes money wages or salary, net income from nonfarm self-employment, net income from farm self-employment, social security, dividends, interest, income from estates or trusts, net rental income and royalties, public assistance or welfare payments, pensions and annuities, unemployment compensation, worker's compensation, alimony, child support; and veterans pensions. Excluded from the computation of monthly gross income are the following:

a. Per capita payments to or funds held in trust for any individual in satisfaction of a judgment of the Indian claims commission or the court of claims.

b. Payments made pursuant to the Alaska Claims Settlement Act to the extent such payments are exempt from taxation under section 21(a) of the Act.

- c. Money received from the sale of property, unless the person was engaged in the business of selling such property.
- d. Withdrawals of bank deposits.
- e. Money borrowed.
- f. Tax refunds.
- g. Gifts.
- h. Lump sum inheritances or insurance payments or settlements.
- i. Capital gains.
- j. The value of the coupon allotment under the Food Stamp Act of 1964, as amended, in excess of the amount paid for the coupons.
- k. The value of USDA donated foods.
- l. The value of supplemental food assistance under the Child Nutrition Act of 1966 and the special food program for children under the National School Lunch Act, as amended.
- m. Earnings of a child 14 years of age or under.
- n. Loans and grants obtained and used under conditions that preclude their use for current living expenses.
- o. Any grant or loan to any undergraduate student for educational purposes made or insured under the Higher Education Act.
- p. Home produce utilized for household consumption.
- q. Earnings received by any youth under Title III, Part C—Youth Employment Demonstration Program of the Comprehensive Employment and Training Act of 1973.
- r. Stipends received by persons for participating in the foster grandparent program.
- s. The first \$65 plus 50 percent of the remainder of income earned in a sheltered workshop or work activity setting.
- t. Payments from the low-income home energy assistance program.
- u. In determining eligibility for purchase of local services, one-third of the income of a disabled survivor who is a recipient of child's insurance benefits under the federal old-age, survivors, and disability insurance program established under Title II of the Federal Social Security Act.
- v. In determining eligibility for purchase of local services, one-third of the income of a person who receives social security permanent disability benefits.
- w. Agent Orange settlement payments.
- x. Rescinded IAB 6/9/04, effective 7/1/04.
- y. Rescinded IAB 6/9/04, effective 7/1/04.
- z. Moneys received under the federal Social Security Persons Achieving Self-Sufficiency (PASS) program or the Income-Related Work Expense (IRWE) program.
- aa. Rescinded IAB 6/9/04, effective 7/1/04.
- ab. Rescinded IAB 6/9/04, effective 7/1/04.

130.3(4) Rescinded IAB 8/9/89, effective 10/1/89.

130.3(5) Temporary absence. The composition of the family group does not change when one, or more, of the group members is temporarily absent from the household.

“Temporary absence” means:

- a. A medical absence anticipated to be less than three months.
- b. An absence for the purpose of education or employment.
- c. When a family member is absent and intends to return home within three months.

130.3(6) Rescinded IAB 6/9/04, effective 7/1/04.

This rule is intended to implement Iowa Code section 234.6.

441—130.4(234) Fees. The department may set fees to be charged to clients for services received. The fees will be charged to those clients eligible under rule 130.3(234), but not those receiving services without regard to income due to a protective service situation. Nothing in these rules shall preclude a client from voluntarily contributing toward the costs of service.

130.4(1) Collection. The provider shall collect fees from clients. The provider shall maintain records of fees collected, and such records shall be available for audit by the department or its representative. When a client does not pay the fee, the provider shall demonstrate that a reasonable effort has been made to collect the fee. Reasonable effort to collect means an original billing and two follow-up notices of nonpayment.

130.4(2) Monthly income. Rescinded IAB 1/8/92, effective 3/1/92.

130.4(3) Child care services. Rescinded IAB 6/9/04, effective 7/1/04.

130.4(4) Rescinded, effective 7/1/81.

This rule is intended to implement Iowa Code section 234.6.

441—130.5(234) Adverse service actions.

130.5(1) Denial. Services shall be denied when it is determined by the department that:

- a. The client is not in need of service, or
- b. The client is not financially eligible, or
- c. The service to be provided is not in the Social Services Block Grant Pre-Expenditure Report, or
- d. There is another community resource available to provide the service or a similar service free of charge to the client that will meet the client's needs, or
- e. In cases other than protective service investigation, the client, parent, or representative refuses to sign the application form, or
- f. The service for which the client is eligible is currently not available; a list of these services will be posted in each local office, or
- g. Funding is not available to provide the service. A list of services not available due to lack of funding shall be posted in each local office.
- h. Rescinded IAB 8/9/89, effective 10/1/89.
- i. Rescinded IAB 6/9/04, effective 7/1/04.

130.5(2) Termination. A particular service may be terminated when the department determines that:

- a. The specific need to attain the goals and objectives to which the service was directed has been achieved, or
- b. After repeated assessment, it is evident that the family or individual is unable to achieve or maintain the goals set forth in the individual client service plan, or
- c. After repeated efforts, it is evident that the family or individual is unwilling to accept further service, or
- d. The client's income or resources exceed the financial guidelines, or the client no longer meets other eligibility criteria established by the department for the service, or
- e. The service is no longer offered or available from the department, or
- f. No payment or partial payment of client fees has been received within 30 days following the issuance of the last billing, or
- g. Another community resource is available to provide the service or a similar service free of charge to the client that will meet the client's needs, or
- h. The client refuses to allow documentation of eligibility as to need, income, and resources, or
- i. Funding is not available to provide the service. A list of services not available due to lack of funding shall be posted in each local office.
- j. The fee for case management services has not been paid within 30 days of the date on the second invoice sent by the department case management unit to the client. The second invoice shall be sent 30 days after the date of the first invoice if full payment of the fee has not been received.

130.5(3) Reduction. A particular service may be reduced when the department determines that:

- a. Continued provision of service at its current level is not necessary. The department shall determine the level to which the service may be reduced without jeopardizing the client's continued progress toward achieving or maintaining the goal. The client shall be notified of the decision.
- b. Another community resource is available to provide the same or similar service to the client at no financial cost to the client, that will meet the client's needs.

c. Funding is not available to continue the service at the current level. The client shall be reassessed to determine the level of service to be provided.

d. Rescinded IAB 6/9/04, effective 7/1/04.

130.5(4) Rescinded, effective 6/1/84.

130.5(5) *Pending changes.* Workers shall endeavor to make clients aware of pending changes in services to be provided by social services block grant from one program year to the next, particularly for those services that will no longer be available. This requirement also applies to time-limited services.

130.5(6) *Inability of eligible cases to pay fees.* After billing or notification of termination and when the client reports in writing the inability to pay the fee due to the existence of one or more of the conditions set forth in the paragraphs below, and the worker assesses and verifies the condition, service shall be continued without fee until the condition no longer exists and the client is able to participate in the current fee for service. The worker shall assess all inability to pay cases to determine whether any case can be charged a reduced fee. The reduced fee shall then be charged until full participation in fees is possible.

a. Extensive medical bills for which there is neither payment through the medical assistance program, Title XVIII of the Social Security Act, nor other insurance coverage.

b. Shelter costs in excess of 30 percent of the household income.

c. Utility costs not including the cost of a telephone, in excess of 15 percent of the household income.

d. Rescinded 10/30/91, effective 11/1/91.

e. Additional expenses for food resulting from diets prescribed by a physician.

This rule is intended to implement Iowa Code section 234.6.

441—130.6(234) Social casework. For each active service case, when service is provided directly, purchased, or by a combination of methods, a department social worker shall:

130.6(1) Determine eligibility.

130.6(2) Ensure that there is a department case plan for each individual or family based on assessment of strengths and needs. Furnish appropriate sections of the initial plan and of all updated department case plans to the provider agency when services are purchased for an individual. When individual case management services are being provided under 441—Chapter 24 for persons with mental retardation, a developmental disability, or chronic mental illness, the individual case management services provider shall distribute the case plans.

130.6(3) Refer the client to other workers or agencies through proper channels, and coordinate all workers involved in the case.

When individual case management services are being provided under 441—Chapter 24 for persons with mental retardation, a developmental disability, or chronic mental illness, the individual case management services provider shall be responsible for making referrals and coordinating workers as specified in the individual program plan.

130.6(4) Enter information to the service reporting system.

130.6(5) Monitor the case to ensure that eligibility continues, services are received, plans are adjusted as needed, services reporting system reporting is correct, and the case is canceled when appropriate, according to these rules.

130.6(6) Ensure that services are unavailable elsewhere without cost to the client.

This rule is intended to implement Iowa Code section 234.6.

441—130.7(234) Case plan. The department worker shall develop a case plan with or on behalf of persons approved to receive services. However, a case plan is not required (1) for child or adult protective investigation, (2) for foster care cases in which the department does not have custody, guardianship or a voluntary placement agreement, or (3) when child care is the only service. A case plan shall be developed with or on behalf of every other person approved to receive services unless the person has a case manager as specified in 441—Chapter 24. When department services are provided before an

individual program plan in compliance with 441—Chapter 24 is approved, a department case plan must be developed according to the requirements of this rule.

When individual case management services are being provided under 441—Chapter 24 for persons with mental retardation, a developmental disability, or chronic mental illness, the rules in 441—Chapter 24 on time limits, plan format and on who develops the plan shall apply for adults and for children whose services are not under court jurisdiction. The department worker shall determine eligibility for those services provided by the department; however, a separate department case plan need not be developed. If the individual program plan does not include sufficient information to meet department service requirements or the requirements in this chapter, the person providing department social casework shall complete either a case plan or addendum and coordinate distribution to the persons who receive the individual program plan with the case manager.

The case plan shall become part of the client's case record. The client shall participate in the development of this plan to the extent possible. The case plan shall be consistent with other service or program plans. A copy of the case plan shall be provided to the client or, when indicated, to the parent or representative of the client. For adult services, the case plan shall be recorded using Form 470-0583, Individual Client Case Plan. For children's services, the case plan shall be known as the case permanency plan and shall be prepared using Form 470-3453, Family Case Plan.

130.7(1) Services shall be directed toward the social services block grant goals of:

- a. Achieving or maintaining self-support to prevent, reduce or eliminate dependency.
- b. Achieving or maintaining self-sufficiency, including reduction or prevention of dependency.
- c. Preventing or remedying neglect, abuse or exploitation of children or adults unable to protect their own interest, or preserving, rehabilitating or reuniting families.
- d. Preventing or reducing inappropriate institutional care by providing for community-based care, home-based care, or other forms of less intensive care.
- e. Securing referral or admission for institutional care when other forms of care are not appropriate, or providing services to individuals in institutions.

130.7(2) The recorded case plan shall contain, but not be limited to, the following:

- a. The goal and objective to which the plan is directed, stated in a clear manner indicating the specific services required to achieve or maintain the goals to meet the needs of the particular client.
- b. Activities of clients, workers, and others involved in the plan related to specific services. These shall be measurable and have time frames for completion.
- c. A summary of all pertinent information relating to the client and the client's situation relative to need, and containing, but not limited to, the following:
 - (1) Emotional behavior.
 - (2) Social aspects.
 - (3) Historical perspective.
 - (4) Reasons for success or lack of success.
 - (5) Safety-related information indicating whether a child has behaved in a manner that threatened the safety of another person, has committed a violent act causing bodily injury to another person, or has been a victim or perpetrator of sexual abuse. The safety-related information shall be withheld only if ordered by the court or the department or the agency developing the service plan determines that providing the information would be detrimental to the child or to the family with whom the child is living.
- (6) An assessment of whether continued breastfeeding by a child's mother is in the best interest of the child, and a plan to support the mother's breastfeeding efforts, if appropriate.
- d. Information on case entries that will substantiate the client's eligibility for service.
- e. A target date for reevaluation of the case plan based on assessment of need, which shall not exceed six months.
- f. A review of financial eligibility in accordance with 130.2(5).
- g. The reason for termination or reduction of any or all services.
- h. Rescinded IAB 8/9/89, effective 10/1/89.

130.7(3) The case plan shall be developed and filed in the case record as follows:

a. In child welfare cases, the case plan shall be developed in partnership with the child, the family, and the caregiver.

(1) The recommendations from the child protective services assessment summary and the safety plan developed with the family shall be considered an initial case plan.

(2) A case plan that meets the requirements of Iowa Code section 232.2 shall be filed within 60 days from the date the child enters foster care or the date the department opens a child welfare service case, whichever occurs first.

b. For all other cases, the case plan shall be developed before services begin unless there is an unanticipated provision of service for the protection and well-being of a client. In that case, the case plan shall be filed within 45 days from the date that services begin.

130.7(4) The reevaluation of the case plan shall include all components listed under 130.7(2) and shall be filed at least every six months, or more often when there are significant changes, when required by the court, or when required according to the rules of the service.

130.7(5) The case plan may be amended between evaluation periods. Participants in the plan shall receive a copy of the amendment.

This rule is intended to implement Iowa Code section 234.6.

441—130.8 Monitoring and evaluation. Rescinded IAB 12/13/89, effective 2/1/90.

441—130.9(234) Entitlement. There is no automatic right to ongoing service in any service category from one fiscal year to the next.

This rule is intended to implement Iowa Code section 234.6.

¹ Two ARCs

² Effective date of 130.3(3) “ab” delayed 70 days by the Administrative Rules Review Committee at its meeting held November 10, 2003; at its meeting held March 8, 2004, the Committee delayed the effective date until adjournment of the 2004 Session of the General Assembly.

CHAPTER 131
SOCIAL CASEWORK

[Prior to 7/1/83, Social Services[770] Ch 159]
[Previously appeared as Ch 159—renumbered IAB 2/29/84]
[Prior to 2/11/87, Human Services[498]]

441—131.1(234) Definitions.

“*Evaluate*” means to periodically assess the appropriateness of services provided under the case plan (including social casework services) and to continue or terminate them as appropriate according to 441—Chapter 130 and the specific service chapters.

“*Implement*” means to arrange for the activities described in the case plan to begin and to advocate for the client when necessary so that services can begin.

“*Social casework*” means working with the client to:

1. Assess and identify individual and family strengths and needs,
2. Develop a case plan to provide appropriate supports and services,
3. Implement the case plan using community resources,
4. Coordinate and monitor the provision of services, and
5. Evaluate client progress and the case plan to determine continued need for services.

441—131.2(234) Eligibility. Social casework is provided to persons who meet the eligibility requirements for services as specified in rule 441—130.3(234).

441—131.3(234) Service provision. Social casework is provided directly by departmental staff.

441—131.4 Rescinded IAB 5/31/89, effective 8/1/89.

441—131.5(234) Adverse actions. Services shall be denied or terminated and appropriate notice given to clients as specified in rule 441—130.5(234).

These rules are intended to implement Iowa Code section 234.6.

[Filed emergency 1/15/87—published 2/11/87, effective 1/15/87]

[Filed 5/12/89, Notice 2/8/89—published 5/31/89, effective 8/1/89]

CHAPTER 132
STATE PAYMENT PROGRAM FOR SERVICES TO ADULTS
Rescinded IAB 7/8/92, effective 7/1/92

CHAPTER 133
IV-A EMERGENCY ASSISTANCE PROGRAM

PREAMBLE

This chapter defines and structures the department of human services' IV-A emergency assistance program. This program is designed to extend a menu of services to children who are victims or at risk of abuse or neglect, at risk of out-of-home placement, or in need of care or treatment. These rules define emergency assistance services as family-centered services, family preservation services, foster care, protective day care and wrap-around services. The rules further outline an application process, eligibility criteria, methods of service provision, and duration of service.

441—133.1(235) Definitions.

“*Child*” means a person under 18 years of age.

“*Department worker*” means the worker who is responsible for providing social casework as described in 441—Chapter 131.

“*Emergency assistance*” means any one or more of the following services provided in response to a IV-A emergency assistance application:

1. Family-centered child welfare services as set forth in 441—Chapter 172.
2. Shelter care as set forth in 441—Chapters 156 and 202, except for placements of less than 48 hours.
3. Protective child care as set forth in 441—Chapter 170.
4. Tracking, monitoring, and outreach as set forth in 441—Chapter 151, Division III.

“*Family*” includes the following members:

1. Legal spouses (including common law) who reside in the same household.
2. Natural, adoptive, or stepmother or stepfather, and children who reside in the same household.
3. An individual or child who lives alone or who resides with a person, or persons, not legally responsible for the child's support.

[ARC 7741B, IAB 5/6/09, effective 7/1/09]

441—133.2(235) Application. An application for emergency assistance shall be made according to rule 441—130.2(234). An application shall be completed anytime a decision is made to provide emergency assistance or when an adult family member requests emergency assistance on behalf of a child.

133.2(1) The application shall be filed by a parent, except where both parents are absent or unwilling to apply on behalf of a child who meets all other eligibility conditions, in which case another adult member of the family with whom the child resides or has resided within the past six months acting on behalf of the child may file the application.

133.2(2) If the application is made on behalf of a child for whom the department has legal custody, the department worker may sign the application on behalf of the child.

[ARC 7741B, IAB 5/6/09, effective 7/1/09]

441—133.3(235) Eligibility. To be eligible for emergency assistance, the family shall meet all of the following criteria:

133.3(1) *Existence of an emergency.* An emergency situation shall exist. An emergency exists when one of the following situations exists:

- a. Abuse, neglect, or abandonment of a child exists, or risk of same.
- b. Children are in imminent danger where continued presence in the home is not in the best interests of the child.
- c. Children have been removed from the home or are at risk of removal from the home because of abuse, neglect, which may include homelessness, or inability of parents to provide needed care or treatment or to control the behavior of the child.

133.3(2) *No refusal to accept employment or training.* The emergency situation did not arise out of an applicant's or applicant's family's refusal without good cause to accept employment or training for employment within 30 days of the date of the application.

133.3(3) Residence. The child is living, or within six months prior to the month in which assistance is requested has been living, with one or both parents, or a grandparent, adoptive parent, stepparent, sibling, aunt, uncle or cousin in a place of residence maintained as the child's own home.

133.3(4) Service need. The applicant must demonstrate a need for one or more of the emergency assistance services as follows:

a. Family-centered child welfare services as established at rule 441—172.12(234) or 441—172.22(234).

b. Shelter care as established at rule 441—202.2(234).

c. Protective child care as established at 441—subparagraph 170.2(2) “b”(3).

d. Tracking, monitoring, and outreach as established at rule 441—151.33(232).

133.3(5) Receipt of assistance. An application for IV-A emergency assistance was not previously approved within 12 months of the current application for IV-A emergency assistance.

133.3(6) Financial eligibility. The applicant family:

a. Is receiving FIP, SSI, food assistance benefits, or Medicaid in the month of the application, or

b. Does not have cash to provide needed emergency care or services as evidenced by the applicant family's income not exceeding 800 percent of the poverty guidelines established by the Office of Management and Budget.

[ARC 7741B, IAB 5/6/09, effective 7/1/09]

441—133.4(235) Method of service provision. Except for tracking, monitoring, and outreach services, services shall be provided through department workers or through purchase of service agreements with providers that are approved by the department as qualified to provide specified services and have a current contract with the department of human services to provide services.

[ARC 7741B, IAB 5/6/09, effective 7/1/09]

441—133.5(235) Duration of services. Services to families and children provided through the emergency assistance program as a result of a single application may be provided for either a period not to exceed 12 months or until there is no longer a need for services according to eligibility criteria for the specified services, whichever occurs first.

[ARC 7741B, IAB 5/6/09, effective 7/1/09]

441—133.6(235) Discontinuance of the program. The program shall be discontinued when federal funds have been exhausted.

These rules are intended to implement Iowa Code section 235.2.

CHAPTER 142
INTERSTATE COMPACT ON THE PLACEMENT OF CHILDREN

[Prior to 7/1/83, Social Services[770] Ch 142]

[Prior to 2/11/87, Human Services[498]]

441—142.1(232) Compact agreement. As a member of the interstate compact on placement of children, the department of human services shall cooperate on interstate aspects of placements preliminary to possible adoptions, placements in foster care where no adoption is contemplated, placements with any parent or relative, and institutional placements of adjudicated children in need of assistance needing special services or programs not available within the state. Any public or private agency instrumental in placement of a child in Iowa or from Iowa and in such public or private agency's custody shall go through the interstate compact on placement of children.

[ARC 3186C, IAB 7/5/17, effective 8/15/17]

441—142.2(232) Compact administrator.

142.2(1) The compact administrator may appoint up to three deputy compact administrators to serve as active members of the association of the interstate compact on the placement of children and who shall be responsible for day-to-day operation of the interstate compact.

142.2(2) The compact administrator shall be responsible for the administration of the compact between the compact administrator's state and other contracting states.

[ARC 3186C, IAB 7/5/17, effective 8/15/17]

441—142.3(232) Article II(d). For the purposes of article II(d), a child caring agency or institution shall not include any institution caring for the mentally ill, mentally defective or epileptic; or any institution primarily educational in character; or any hospital or other medical facility.

[ARC 3186C, IAB 7/5/17, effective 8/15/17]

441—142.4(232) Article III(a). For the purposes of article III(a), "sending state" shall mean "sending agency".

[ARC 3186C, IAB 7/5/17, effective 8/15/17]

441—142.5(232) Article III(a) procedures.

142.5(1) All intended placements in Iowa or from Iowa coming under the purview of this compact shall be referred to the interstate compact unit, bureau of adult, children and family services, department of human services.

142.5(2) All persons involved in the placement of a child into Iowa or from Iowa into another state shall meet all the placement requirements of the receiving state prior to the actual placement.

142.5(3) Supervision of placements made by persons or agencies outside of Iowa shall be provided by a licensed Iowa agency, the department of human services, or an Iowa certified adoption investigator. Exempted from this provision are:

a. Any agency licensed as a child-placing agency in another state which has its principal place of business in a county directly adjacent to an Iowa border may practice in the Iowa counties contiguous to the out-of-state county.

b. Placement in a facility for treatment that is licensed by the department unless the department specifies that the supervision must be provided by the department for all placements in any particular facility.

[ARC 3186C, IAB 7/5/17, effective 8/15/17]

441—142.6(232) Article III(c). A child may be placed in Iowa preliminary to adoption only when:

142.6(1) Rescinded by Governor's Administrative Rules Executive Order No. 3, 11/6/79.

142.6(2) There has been a preplacement investigation by an authorized person or agency in Iowa, such investigation has been made available to the Iowa interstate compact unit, the investigation has been made within the past year, and the sending state intending to place the child has been notified that the home has been approved for an adoptive placement in Iowa.

[ARC 3186C, IAB 7/5/17, effective 8/15/17]

441—142.7(232) Article VIII(a). For the purpose of article VIII(a), relative shall mean stepparent, grandparent, adult brother or sister, or adult uncle or aunt, and guardian shall mean any guardian other than that appointed as preliminary to adoption.

[ARC 3186C, IAB 7/5/17, effective 8/15/17]

441—142.8(232) Applicability. The requirements of this compact shall be in effect for all placements into Iowa from any state or from Iowa to any state within the United States and the District of Columbia.

[ARC 3186C, IAB 7/5/17, effective 8/15/17]

441—142.9(232) NEICE database.

142.9(1) Definitions. For the purpose of this chapter, unless the context otherwise requires:

“*National Electronic Interstate Compact Enterprise system*” or “*NEICE system*” means the national electronic web-based system for administration of the interstate compact on the placement of children made available to states by the American Public Human Services Association through its affiliate, the Association of Administrators of the Interstate Compact on the Placement of Children.

“*Security requirements*” means all policies or system security guidance established by the department and the office of the chief information officer related to the use of external computer systems for the storage of personally identifiable data elements of applicants for and recipients of department services. Security requirements as defined herein include but are not necessarily limited to completion by the vendor of the then current cybersecurity framework made available by the National Institute of Standards and Technology, department confirmation that the system has passed the cybersecurity framework analysis, completion by the vendor of an information security risk assessment acceptable to the department, performance by the vendor of a system penetration test acceptable to the department, and an application scan for vulnerabilities, as well as remediation of any vulnerabilities identified.

142.9(2) Department obligation to provide data to the NEICE system.

a. At all times that the NEICE system meets security requirements, the department shall place in the system all data elements and information that the system is configured to accept concerning children subject to the interstate compact.

b. Prior to placing personally identifiable data elements in the NEICE system, the department shall confirm that the NEICE system complies with all security requirements. If at any time after placement of personally identifiable data in the NEICE system the department determines that the NEICE system fails to meet all security requirements or that personally identifiable data placed in the system by the department has been used or disclosed inappropriately, the department may cease using the NEICE system and may demand that all data provided by the department be removed from the system.

These rules are intended to implement Iowa Code chapter 232, division IX.

CHAPTER 143
INTERSTATE COMPACT ON JUVENILES

[Prior to 7/1/83, Social Services[770] Ch 143]

[Prior to 2/11/87, Human Services[498]]

PREAMBLE

Iowa Code section 232.171 authorizes the state of Iowa to enter into the interstate compact on juveniles and incorporates into the Iowa Code the 15 basic articles and optional amendments that govern the interstate compact for all participating parties. The department implements the interstate compact on juveniles and participates in the contractual agreement with the other 49 states, the District of Columbia, the Virgin Islands, and Guam. The contractual agreement allows the parties to cooperate on the interstate aspects of juvenile delinquency as well as the return from one state to another of nondelinquent children who have run away from home.

441—143.1(232) Compact agreement. As a member of the interstate compact on juveniles, Iowa is in a contractual agreement with the other 49 states, the District of Columbia, Puerto Rico and Guam, in which the department of human services shall cooperate on interstate aspects of juvenile delinquency, and the return from one state to another of nondelinquent children who have run away from home.

441—143.2(232) Compact administrator.

143.2(1) The compact administrator may appoint a deputy compact administrator to serve as an active member of the association of juvenile compact administrators and who shall be responsible for day-to-day operation of the interstate compact.

143.2(2) The compact administrator shall be responsible for the administration of the compact between the compact administrator's state and other contracting states.

441—143.3(232) Sending a juvenile out of Iowa under the compact.

143.3(1) Local officials requesting to transfer a juvenile to another state shall work through the office of the interstate compact administrator. All persons using the compact shall comply with the official rule and regulations promulgated by the compact administrator under authority of the compact.

143.3(2) Interstate Compact Form IA, Application for Compact Services; and Interstate Compact Form VI, Memorandum of Understanding and Waiver shall be signed by the juvenile and parents or guardian, the Iowa juvenile court judge consenting to the placement in the receiving state, and the juvenile compact deputy.

143.3(3) The Memorandum of Understanding and Waiver shall have the conditions of the probation or parole as granted by the court of jurisdiction attached.

143.3(4) Whenever a juvenile is accepted in another state for supervision, the Iowa sending agency shall send medical release and financial statements signed by the parents or guardian.

441—143.4(232) Receiving cases in Iowa under the interstate compact.

143.4(1) The department of human services shall accept supervision of out-of-state cases when a juvenile meets the requirements of the interstate compact.

143.4(2) The department of human services shall exercise the same care and treatment that is given to Iowa cases, to notify the sending state promptly of any violations or antisocial behavior that may occur.

143.4(3) No interstate juvenile shall be given permission to return to the sending state without obtaining permission from that state.

143.4(4) The receiving state shall promptly upon parole or probation violation notify the sending state. Prior to making a recommendation for revocation of parole or probation, a preliminary hearing shall be held to determine if there is probable cause for revocation of parole or probation.

143.4(5) A parolee or probationer from another state held or placed in Iowa under the provisions of article VII and who commits a felony while in Iowa shall be:

- a. Returned to the sending state per mutual agreement; or
- b. Processed according to the Iowa statutes and not returned to the sending state for violation.

441—143.5(232) Runaways.

143.5(1) A runaway from Iowa or to Iowa shall be returned to the state of residence only after article VI setting forth the voluntary procedures or article IV setting forth the involuntary procedures has been completed by the asylum court of jurisdiction. Denial of these procedures by the asylum court as set forth in articles IV and VI abdicates the demanding jurisdiction of any responsibility for the return under the provisions of the compact.

143.5(2) Any nondelinquent runaway from another state found in Iowa shall be held only in a nonrestrictive shelter facility until returned to the state of legal residence.

143.5(3) Any nondelinquent runaway from another state found in Iowa may be held in a nonrestrictive shelter facility beyond 48 hours on issuance of a court order to permit arrangements for return to the home state or to permit the demanding state opportunity for issuance of a requisition under article IV.

143.5(4) Any runaway from another state who is charged with a felony under Iowa Code chapter 232 may either be held in a secure setting until return to the state of legal residence or be adjudicated delinquent under Iowa Code chapter 232, placed on probation, and returned to the state of legal residence under article VII of the compact.

143.5(5) Any adjudicated delinquent who has escaped or absconded from another state and has been apprehended as a nondelinquent runaway in Iowa may be held in a secure setting awaiting return to the demanding state under article V.

143.5(6) The interstate unit shall pay for the return to Iowa of any runaway, escapee, or absconder for whom the department has, at the time the juvenile left the state, legal custody or guardianship responsibility. The interstate unit shall also pay upon request for the return of any runaway who is an Iowa resident and whose parent is unable or unwilling to pay for the juvenile's return. The responsibility for the payment for the return of a runaway, escapee, or absconder not under custody or guardianship of the department shall be that of the juvenile court having legal jurisdiction of the juvenile.

These rules are intended to implement Iowa Code section 232.171.

CHAPTER 151
JUVENILE COURT SERVICES DIRECTED PROGRAMS

[Prior to 7/1/83, Social Services[770] Ch 141]
[770—Ch 141 renumbered as 498—Ch 209, IAB 2/29/84]
[Agency number changed from [498] to [441] IAB 2/11/87]
[Prior to 7/26/89, 441—Ch 209]

PREAMBLE

These rules prescribe services for eligible children for reimbursement from funds appropriated specifically for juvenile court services directed programs. The state court administrator and chief juvenile court officers have primary responsibility for the administration of court-ordered services (COS) and graduated sanction services for eligible children. The graduated sanction services are also known as “early intervention and follow-up services” or “community-based delinquency programs.” The COS and graduated sanction funds shall also be used to enhance the education and performance of those employees who are directly involved with the clients and their programs.

The juvenile court services directed programs addressed in this chapter include court-ordered services and three graduated sanction programs: community-based interventions; school-based supervision; and supportive enhancements. The rules establish the criteria for the allocation of funds and the procedures for administration, application, eligibility, appeals, service delivery, and billing and payment.

[ARC 2435C, IAB 3/16/16, effective 5/1/16]

DIVISION I
GENERAL PROVISIONS

PREAMBLE

These rules, pursuant to the authority granted in the Iowa Code and annual appropriations Acts, prescribe the relationship between the state court administrator (the judicial branch), the chief juvenile court officer from each judicial district, and the department of human services (the executive branch) in the administration of the funds for the juvenile court services directed programs. These rules also prescribe the joint responsibilities of the chief juvenile court officers and the department’s service area managers for the planning and implementation of an annual child welfare and juvenile justice plan for each department service area.

441—151.1(232) Definitions.

“*At risk*” or “*high risk*” means that a child has been referred to juvenile court services for a delinquency violation or has exhibited behaviors likely to result in a juvenile delinquency referral.

“*Case file*” means a paper or electronic file that includes referral information, information generated during assessment, documentation of court proceedings, other eligibility determinations, case plans, and case reports, including quarterly progress reports. Case files of providers also include records of provider-child contact that document provision of services.

“*Case record*” means a minimal record that identifies the child and the service provided and documents the child’s eligibility. A case record is maintained when a case file is not required.

“*Certification of the court*” means that the chief juvenile court officer has determined that (1) the court-ordered services fall within the defined services pursuant to Iowa Code section 232.141, subsections (4) and (5), and (2) there are sufficient funds in the district’s fiscal year fund allocation to pay for all court-ordered services.

“*Child*” means a person under 18 years of age. “Child” also includes a person up to 19½ years of age when (1) the person is adjudicated delinquent and the dispositional order is entered while the person is 17 years of age (in which case, the order terminates 18 months after the date of disposition), or (2) the person, as an adult, has been transferred to the jurisdiction of the juvenile court and is adjudicated as having committed a delinquent act before becoming an adult (in which case, the dispositional order

automatically terminates 18 months after the last date upon which jurisdiction could attach). Also included is a juvenile who has been adjudicated by the court to have committed a delinquent act upon the child reaching 18 years of age until the child is 21 years of age, if the child and juvenile court services determine the child should remain under the guidance of juvenile court services.

“*Child welfare and juvenile justice plan*” means the annual plan for using decategorized funds within each department service area.

“*Court-ordered services*” means the defined or specific care and treatment that are ordered by the court for an eligible child and for which no other payment source is available to cover the cost.

“*Department*” means the department of human services.

“*Eligible child*” means a child who has been adjudicated delinquent, is at risk, or has been certified by the chief juvenile court officer as eligible for court-ordered services.

“*Graduated sanction services*” means community-based interventions; school-based supervision; and supportive enhancements. Graduated sanction services are provided in community-based settings to an eligible child who is adjudicated delinquent or who is at risk of adjudication. Services are directed to help the child transition into productive adulthood and to prevent or reduce criminal charges, out-of-home placement, and recidivism. Graduated sanction services are also known as “early intervention and follow-up services” or “community-based delinquency programs” and are intended to enhance life skills of eligible children by providing quality services and purchasing goods to achieve individual and programmatic outcomes. Purchase of goods and services shall be monitored to ensure compliance with state and federal limitations on use of funds.

“*Juvenile court officer*” means a person appointed as a juvenile court officer or a chief juvenile court officer under Iowa Code chapter 602.

“*Provider*” means a public agency, including a school district or government unit, or a private agency, organization or eligible individual authorized to do business in the state. The provider is also known as the claimant.

[ARC 2435C, IAB 3/16/16, effective 5/1/16]

441—151.2(232) Administration of funds for court-ordered services and graduated sanction services. Pursuant to the authority granted in Iowa Code chapters 232, 602, 7E, and 8 and the annual appropriations Acts, the executive branch, represented by the department, and the judicial branch, represented by the state court administrator and the chief juvenile court officers, are each charged with specific responsibilities for funding, administering, and providing graduated sanction services and court-ordered services.

151.2(1) Allocations for court-ordered services. Court-ordered services are funded by an appropriation made to the department for allocation by the state court administrator.

a. The state court administrator shall allocate the funds, minus the administrative set-aside specified in the appropriations bill, to the eight judicial districts for the payment of the expenses of court-ordered services provided to juveniles that are a charge upon the state pursuant to Iowa Code section 232.141, subsection (4), and also as allowed by subsection 5.

b. The state court administrator may use not more than the administrative set-aside, specified in the appropriations bill, for the costs of administering the court-ordered services program, including the costs of travel associated with court-ordered placements, that are a charge to the state pursuant to Iowa Code section 232.141, subsection (4).

c. The state court administrator shall allocate the funds, minus the administrative set-aside, among the judicial districts on or before the date directed by the legislature.

(1) The state court administrator shall base the allocation on each district’s respective portion of the statewide population of children as reported in current census data.

(2) The source of the census data shall be determined and agreed upon by the state court administrator and the chief juvenile court officers.

151.2(2) Allocations for graduated sanction services. Graduated sanction services are funded by an appropriation to the department. The department allocates the funds to the state court administrator

and to the chief juvenile court officers for administration. The funds are allocated and administered as follows:

a. The department shall allocate a set-aside amount up to, but not to exceed, 20 percent of the total allocation for graduated sanction services for the state court administrator to pay the administrative costs of the graduated sanction services, including the costs of a contract administrator accountant position established in each judicial district. The contract administrator accountant is responsible to assist in producing data, promoting fiscal efficiencies related to criminogenic risk factors, and monitoring outcome measurements for eligible children served. The contract administrator accountant will also support ongoing development, implementation, and monitoring of evidence-based practices.

b. The state court administrator shall:

(1) Establish and implement a written job classification and pay schedule for the contract administrator accountant positions; and

(2) Administer the set-aside for the eight judicial districts.

c. The department shall allocate the graduated sanction services funds, minus the administrative set-aside, among the eight judicial districts based on each district's respective portion of the statewide population of children as reported in current census data. The source of the census data shall be determined and agreed upon by the department and the chief juvenile court officers.

151.2(3) *Transfer of funds to a decategorization governance board for administration.* Funds allocated to a district for court-ordered services or graduated sanction services, less the administrative set-asides, may be transferred to a decategorization governance board for administration.

a. To initiate a transfer of funds to a decategorization governance board:

(1) The chief juvenile court officer shall submit to the chair of the decategorization governance board a written notice of intent to transfer the funds to the board. The chief shall include in the notice a statement identifying any special conditions or limitations to which the funds would be subject. If no statement identifying any special conditions or limitations to which the funds would be subject is included, then no special conditions or limitations apply.

(2) The chair of the decategorization governance board shall provide the chief juvenile court officer with a written statement of acceptance of the funds; otherwise the chief juvenile court officer shall not transfer the funds. When the chief juvenile court officer has identified special conditions or limitations that apply to the funds, the decategorization governance board chair's signature on the written statement of acceptance of the funds indicates agreement with the special conditions or limitations.

(3) The chief juvenile court officer shall submit the written request to transfer the funds and the written statement of acceptance to the department.

b. The department must receive a signed agreement transferring the funds before the department signs any contract using the funds.

c. The decategorization governance board may authorize the chief juvenile court officer to act on behalf of the decategorization governance board in the administration of the funds, but is not required to do so. An authorization from the decategorization governance board granting authority to the chief juvenile court officer to act on behalf of the decategorization governance board in the administration of the funds must be in writing and must be received by the department before the department representative signs any contract using the funds. The request and authorization to administer the funds may be included in the request and agreement to transfer the funds.

d. Funds transferred to a decategorization governance board for administration are subject to the same audit requirements as specified in 151.6(1).

151.2(4) *Availability of funds.* The chief juvenile court officers, the state court administrator, and the department shall monitor the availability of the court-ordered services funds to ensure that funds are available within each district throughout the state fiscal year. The chief juvenile court officers and the department shall monitor the availability of the graduated sanction services funds to ensure that the funds are available within each district throughout the state fiscal year.

a. The department shall provide to each contract administrator accountant at the start of each state fiscal year a blank electronic report, known as the "Y" form, as well as a spreadsheet showing the amount of the district's allocations for graduated sanction services. The state court administrator shall determine

and provide to each district at the start of each state fiscal year the amount of the district's allocation for court-ordered services.

b. Each contract administrator accountant shall enter on the "Y" form the annual allocation and expenditures of funds of each service.

c. The department shall:

(1) Use the information provided by each contract administrator accountant to prepare an annual electronic report, known as the Form Y Summary, showing the statewide balance of service funds, as well as the cumulative expenditures and fund transfers for each service for each district; and

(2) Distribute the Form Y Summary annually to the state court administrator and to department and juvenile court services management.

d. The chief juvenile court officers, in consultation with the department or the state court administrator, shall reallocate funds as needed to ensure the availability of graduated sanction services and court-ordered services on a statewide basis throughout the state fiscal year.

e. If funding for either graduated sanction services or court-ordered services is exhausted in any district, the respective services within that district shall be discontinued.

[ARC 2435C, IAB 3/16/16, effective 5/1/16]

441—151.3(232) Administration of juvenile court services programs within each judicial district. Each chief juvenile court officer is responsible for the administration of the court-ordered services and graduated sanction services within the judicial district. The chief juvenile court officer shall purchase court-ordered services and graduated sanction services on behalf of eligible children within the judicial district.

151.3(1) Planning for service needs.

a. Each chief juvenile court officer shall develop a process for determining:

(1) The service needs of the children within the district; and

(2) The mix of services to be provided to best meet the identified needs within the district.

b. Each chief juvenile court officer and service area manager shall develop, sign, and implement an annual plan for prioritizing and allocating decategorized funds within each department service area. The plan shall be known as the child welfare and juvenile justice plan.

c. Each chief juvenile court officer shall develop procedures to evaluate and improve the quality and effectiveness of the services being provided. The chief juvenile court officer shall make recommendations concerning changes in the child welfare system that are needed to ensure that children and families receive the services necessary to meet their unique needs. These recommendations may be incorporated into the annual child welfare and juvenile justice plan.

151.3(2) Eligible providers. The chief juvenile court officer shall purchase court-ordered services or graduated sanction services from public or private agencies, organizations, or eligible individuals. To be eligible to provide services, an individual shall meet one of the following criteria:

a. Have a federal identification number; or

b. Have a social security number for which the state accounting enterprise has determined that an employee/employer relationship with the state does not exist; or

c. Be paid an amount during a state fiscal year that does not exceed \$1,000 plus allowable expenses such as meals, lodging, and mileage per state fiscal year as determined according to state accounting enterprise procedure 240.102.

151.3(3) Allowable costs. The administrative and program requirements of this chapter include those costs specified below:

a. Reimbursement for mileage, meals, and lodging expenses involved in the transportation of the child shall not exceed the lower of the rates set by the state executive council or the provider's customary rate, unless the transportation is provided by a public officer or employee. A public officer or employee, other than a state officer or employee, is entitled to be paid for expenses as specified in the Iowa Code in an amount as determined:

(1) By the public officer's or employee's local governing board when the court order specifies that the public officer or employee is to provide the transportation. The allowable expenses for which sheriffs may be reimbursed are found at Iowa Code sections 70A.9 and 331.655.

(2) By the chief juvenile court officer when the court order does not specify that the public officer or employee is to provide the transportation.

b. For Medicaid-covered services, the provider shall be reimbursed at the same rate and duration as Medicaid reimburses under the fee schedule provided in 441—subrule 79.1(2) unless the chief juvenile court officer determines that a rate negotiated with the provider may be paid.

c. A provider with a purchase of service contract for a similar service shall be reimbursed at the rate of the purchase of service contract. A provider that does not have a purchase of service contract shall be reimbursed at a rate comparable to the rate reimbursed to providers that have purchase of service contracts.

d. Private insurance allowances may be supplemented up to, but shall not exceed, the amounts allowed in this subrule. Funds for court-ordered care and treatment or graduated sanction services shall not be used in lieu of private insurance.

e. A provider shall not be reimbursed at a rate that is greater than that allowed by administrative rules. Reimbursement paid to a provider shall be considered paid in full unless the county voluntarily agrees to pay the difference between the reimbursement rate and the actual costs of the service. When there are specific program regulations prohibiting supplementation, such as the prohibition of supplementation of Medicaid reimbursement, those regulations shall be applied to providers requesting supplemental payments.

151.3(4) Record keeping. The provider and juvenile court services shall maintain financial and service records for a period of five years following termination of services. The records are subject to audit.

a. Each provider shall maintain all the financial and service records used to submit or substantiate claims for reimbursement, including court orders as required and lists of the children served. The provider bears ultimate responsibility for the completeness and accuracy of the claim submitted as set forth in these rules.

b. Each provider shall maintain all the corresponding service and financial information necessary to document the provision of the service as agreed upon in the contract. When the contract identifies units of service to be provided, each provider shall maintain a case record or case file that documents the provision of the units of the contracted service for each individual child for whom a claim is made.

c. Each juvenile court officer shall maintain a case record for each child referred for graduated sanction service. Each juvenile court officer shall maintain a case file for each child who receives an ongoing service. The case record or case file shall include all the corresponding service information necessary to document that the contracted service was provided.

d. Each chief juvenile court officer shall ensure that an original court order supports the payment of any claim paid for court-ordered services.

e. Each chief juvenile court officer shall ensure that the district is accountable for payments, receipts, and retention of records as described in subrule 151.4(7).

151.3(5) Access to records. Each provider of court-ordered services or graduated sanction services shall make available upon request to juvenile court services, the department, the department of inspections and appeals, or the state auditor the service and financial records used to support or substantiate claims for reimbursement, including court orders and lists of children. The records shall be subject to audit by juvenile court services, the department, the department of inspections and appeals, or the state auditor.

441—151.4(232) Billing and payment. The chief juvenile court officer shall ensure that billing and payment are in compliance with department requirements and the requirements of the accounting policies and procedures manual of the department of administrative services, state accounting enterprise. A claim that meets the requirements of this chapter becomes a state liability on the date of a claim's accrual. The

date of a claim's accrual is the date the service was provided, the end of the agreed-upon billing interval specified in the contract, or the date of a determination of liability for the claim.

151.4(1) *Claim forms and instructions.* The instructions and forms used for billing shall be available to the provider from each judicial district office. Electronic versions of all forms are available.

a. Court-ordered services.

(1) The provider shall prepare a claim for court-ordered services on Form GAX, General Accounting Expenditure. An original, itemized invoice may accompany a Form GAX in lieu of a claimant's original signature.

(2) Juvenile court services shall maintain an approved application with court order to validate payment for services.

b. Community-based intervention and supportive enhancements.

(1) The provider shall prepare a claim for community-based intervention and supportive enhancements on Form GAX, General Accounting Expenditure.

(2) The provider shall also submit an approved invoice or a copy of the provider's list of the eligible children for whom the claim is made. The document submitted shall include the name of each child and the number of units of service provided to that child each month.

c. School-based supervision. The provider shall prepare a claim for school-based supervision on Form GAX, General Accounting Expenditure.

151.4(2) *Preparation of claim.* Form GAX, General Accounting Expenditure, shall be submitted with all claims. The Form GAX submitted shall not include claims for more than one fiscal year. The provider, as vendor, must enter on Form GAX:

a. The vendor code,

b. The vendor's name and mailing address,

c. The vendor's service month,

d. A short description of the item or service that was purchased, and

e. A claimant original signature of the provider unless an original invoice is submitted.

151.4(3) *Support of claim.* The provider bears ultimate responsibility for the completeness and accuracy of each claim submitted. The provider must maintain a record of the days and times during which each service was provided for each eligible child. The provider's record must correspond to the units billed.

151.4(4) *Submittal of claims to juvenile court services.* Providers shall submit claims to the contract administrator accountant in the judicial district in which the service was provided. The provider shall submit the original Form GAX and any required support of claim pursuant to subrule 151.4(3).

a. Claims shall be submitted timely to allow the chief juvenile court officer to submit the claim to the department within 90 calendar days of the date of the claim's accrual.

b. To ensure payment from funds appropriated for the fiscal year, claims shall be submitted timely to allow the contract administrator accountant to submit the claim to the department within 45 calendar days of fiscal year end, June 30.

151.4(5) *Review and approval of claims.* The chief juvenile court officer is responsible for accuracy and disposition of claims. The contract administrator accountant shall verify the accuracy of the provider's billings and approve the claims.

a. Juvenile court services may complete Form GAX when the provider submits an original invoice or may enter the following information on Form GAX when the provider has omitted it from the form:

(1) The name and mailing address of the agency or individual providing the services.

(2) A short description identifying the specific services or item purchased. The description will be entered on the warrant sent to the provider.

b. To approve the claim, the chief juvenile court officer or designee shall sign Form GAX in the space titled, "order approved by." The signature shall be deemed as certification that the billed expenses were incurred, that the amounts are correct, and that payment should be made by the department.

151.4(6) *Juvenile court services submittal of claims to department.* The contract administrator accountant shall prepare and submit claims to the department. Juvenile court services shall make the required number of copies for submittal and shall submit the required documents to the Department of

Human Services, Division of Fiscal Management, Bureau of Purchasing, Payments and Receipts, 1305 East Walnut Street, Des Moines, Iowa 50319-0114. The documents required to be submitted are as follows:

a. New contract and any contract amendments. For the first claim submitted for a new contract or a contract amendment, juvenile court services must submit:

- (1) Two copies of the signed contract or signed contract amendment.
- (2) Two copies of the Pre-Contract Questionnaire.
- (3) The original and one copy of Form GAX, showing the contract number, if applicable.

b. Ongoing contract. For subsequent claims for contract payment, juvenile court services shall submit the original and one copy of Form GAX, which shall include the contract number, if applicable.

151.4(7) Claim records. The chief juvenile court officer or approved administrator shall have responsibility for retention of records, maintenance of records, and authorized access to records.

a. Juvenile court services shall retain one copy of the claim and supporting documentation as submitted to the department as well as any additional required supporting documentation submitted to juvenile court services by the provider. The copy of Form GAX and supporting documentation, as submitted to the department, as well as any additional required supporting documentation submitted to juvenile court services by the provider, are subject to audit.

b. Each chief juvenile court officer shall establish a system for retention of the records in an organized, audit-friendly manner. During the required retention period, the records and knowledgeable personnel must be accessible and available for the audit. All documents related to each other must be appropriately attached and organized in a manner that provides easy access.

151.4(8) Claim payment. The department shall reimburse providers for contract costs when claims are submitted according to the required procedures.

a. The bureau of purchasing, payments and receipts of the division of fiscal management shall process a claim through the state appeal board's administrative process for approving outdated invoices when the department receives the claim:

- (1) More than 90 calendar days after the date of its accrual; or
- (2) More than 45 calendar days after the date of its accrual at fiscal year end, June 30.

b. If the claim cannot be processed through the state appeal board's administrative process for approving outdated invoices, the claim must be submitted to the state appeal board for approval.

[ARC 2435C, IAB 3/16/16, effective 5/1/16]

441—151.5(232) Appeals. If services are court-ordered, children who have been adversely affected by decisions made by juvenile court and their parents or guardians may appeal through procedures established pursuant to Iowa Code section 232.133.

441—151.6(232) District program reviews and audits. Each chief juvenile court officer shall establish procedures to review and audit the provision of the graduated sanction services to ensure that the requirements of this chapter and the contracts are met. The contract administrator accountant as established according to subrule 151.2(2) shall conduct the reviews and audits.

151.6(1) Schedule. The department shall notify each chief juvenile court officer or designee of the providers for which a review and audit must be conducted. The department shall identify in the notice all other judicial districts that have a contract with the provider.

a. Annual on-site reviews and audits are required for any provider having one or more contracts with one or more judicial districts when the total annual value of the contracts is \$100,000 or more.

b. An on-site review and audit are required for each provider new to the district during the first year of the provider's contract with the district when the total annual value of the provider's contracts with the judicial district is \$50,000 or more.

c. Additional on-site reviews and audits are optional but may be considered appropriate by the chief juvenile court officer for providers, other than those described in paragraphs "a" and "b," based on factors such as:

- (1) Length of time provider has been in business.

- (2) Amount of time provider has offered the services being purchased.
- (3) Type of service or program being purchased.
- (4) Amount of money involved in the contract.
- (5) Whether other governmental entities contract with this provider.
- (6) Findings from previous audits by the district, the department, or other entities such as the state auditor's office.

151.6(2) Location. The reviews and audits shall take place at the sites where the program is operated and where necessary program and fiscal records are maintained.

151.6(3) Scope. The contract administrator accountant shall review and audit the provider's service and financial records, including the client case records and case files, to ensure that the records contain the required documentation of the provision of the contracted service for each individual child for whom a claim is made. The reviews and audits shall include:

- a. Contact with the client.
- b. Review and audit of service billings and delivery of service.
- c. Review and audit of provider standards, staff qualifications, case files and case records, progress reports, and billing and payment records.

151.6(4) Repayment. The chief juvenile court officer may seek repayment of claims paid for noncovered services or for services for which documentation is not established.

a. The chief juvenile court officer shall notify the provider in writing that a repayment is due. The written notice shall identify:

- (1) The claims;
- (2) The amounts of the claims that are not documented or substantiated; and
- (3) The amount of the repayment requested.

b. The provider shall repay the department the difference between the amount received and the amount established through the audit, not to exceed the amount paid by the state, when:

(1) The provider, upon audit, fails to verify or document the provision of covered services or costs in the amount for which a claim was paid or when the audit confirms claims paid for noncovered services; and

(2) Juvenile court services or the department makes a request for repayment.

c. The provider shall repay the department for the amount of any claims not supported by audit when:

(1) The provider fails to maintain adequate records for auditing purposes or fails to make records available for audit or when the records, upon audit, fail to support the claims submitted; and

(2) Juvenile court services or the department makes a request for repayment.

d. A provider that is adversely affected by the request for repayment may appeal using procedures established in 441—Chapter 7.

e. If the provider does not make payment within 60 days, the chief juvenile court officer shall submit to the department a copy of the notice to the provider for the department's review and further action if necessary.

151.6(5) Report. Each contract administrator accountant shall submit to the department an annual report of the district's review and audit activities for each state fiscal year.

a. The annual report shall be submitted by December 31 following the end of the state fiscal year. This date may be extended upon the written request of the chief juvenile court officer to the department.

b. The annual report shall include a report of the results of the review and audit for each required audit as well as a summary of the findings of the reviews and audits conducted on any other providers receiving state or federal funds in the state fiscal year.

[ARC 2435C, IAB 3/16/16, effective 5/1/16]

These rules are intended to implement Iowa Code section 232.141.

441—151.7 to 151.19 Reserved.

DIVISION II
COURT-ORDERED SERVICES

PREAMBLE

These rules prescribe the responsibilities of the chief juvenile court officers and the department of human services for the administration of court-ordered services. In addition, these rules prescribe a list of expenses that are eligible for reimbursement and a list of expenses that are ineligible for reimbursement. The lists are intended to be exhaustive.

441—151.20(232) Juvenile court services responsibilities. The chief juvenile court officer shall purchase court-ordered services for eligible children pursuant to the authority of a court order and the certification of the court.

151.20(1) The chief juvenile court officer shall have the opportunity to establish the availability of funds before a request for court-ordered services is presented to the court.

151.20(2) Any services that are provided without the signed approval of the chief juvenile court officer or approved administrator may be denied payment, unless there is an emergency or after-hours situation and no other provision exists for handling emergency or after-hours situations or transports.

151.20(3) A district or juvenile court shall not order any service that is a charge upon the state pursuant to Iowa Code section 232.141 if there are insufficient court-ordered services funds available in the district court distribution amount to pay for the service.

151.20(4) The chief juvenile court officer shall encourage use of the funds in the district's fiscal year fund allocation such that there are sufficient funds during the entire year to pay for all court-ordered services.

a. The chief juvenile court officer shall establish service priorities for spending the court-ordered services funds allocated to the district.

b. The chief juvenile court officer shall inform the state court administrator of potential shortfalls in the district's distribution amount and shall request the state court administrator to transfer funds between the districts' distribution amounts as prudent.

c. The chief juvenile court officer shall notify the state court administrator and the chief judge of the district in the event that the court-ordered services funds for the judicial district are exhausted.

[ARC 2435C, IAB 3/16/16, effective 5/1/16]

441—151.21(232) Certification process. The chief juvenile court officer or approved administrator shall determine the certification of the court for each ordered service.

151.21(1) Application for court-ordered services. Any party intending to request court-ordered services funds shall complete an application and receive approval for the funding request from the chief juvenile court officer or approved administrator.

a. The application form with instructions shall be available upon request from the office of each chief juvenile court officer.

b. The applicant shall have verified that there are no other alternative funding sources for the service.

c. The chief juvenile court officer or approved administrator may establish procedures for handling emergency or after-hours situations and for the handling of transports.

151.21(2) Determination. The chief juvenile court officer or approved administrator shall determine whether the requested service is eligible for reimbursement and shall certify that there are sufficient funds available to pay for the service. The chief juvenile court officer or approved administrator shall determine whether:

a. The requested service falls within the court-ordered services expenses defined in Iowa Code section 232.141, subsections (4) and (5), and subrule 151.22(1); and

b. There are sufficient funds in the district's fiscal year fund allocation to pay for the requested service.

151.21(3) Use of other funding sources. The department, in cooperation with the chief juvenile court officers, shall ensure that the funds allocated for court-ordered services are spent only after all other reasonable actions have been taken to use other funding sources. Services are not eligible for reimbursement when another payment source is available.

a. Medicaid. The department shall maximize the use of funds that may be available from the Medicaid program, including coverage for early and periodic screening, diagnosis, and treatment and for psychiatric medical institutions for children (PMIC), before requesting assistance through the court-ordered services fund. However, medical cost sharing for the one-time payment per court order of a deductible amount or a coinsurance amount for treatment specified in a court order is an allowable expense that may be paid through the court-ordered services fund when insurance or Medicaid is then available to pay the remainder of the cost.

b. Other third-party payments. The department shall recover payments from any third-party insurance carrier that is liable for coverage of the services, including health insurance coverage. The department shall submit claims to third-party insurance carriers liable for coverage of the services before the claims are submitted for payment through the court-ordered services fund.

c. The date of a medical claim's accrual for reimbursement through court-ordered services is the date the claim becomes a state liability. For example, a claim becomes a state liability on:

- (1) The date of a court order for a contested claim; or
- (2) The date of a determination by Medicaid or private insurance that Medicaid or private insurance denies partial or full payment for care and treatment for which an application has been made.

d. If eligible for reimbursement through the court-ordered services fund, medical claims that are submitted to, but are denied by, Medicaid or private insurance shall be paid at a rate not to exceed the rate set by Medicaid.

151.21(4) Certification. The chief juvenile court officer or approved administrator shall approve or disapprove the request for funds and shall sign and return the application to the applicant.

a. If the request is disapproved, the applicant must approach another service.

b. If the request is approved, the service plan may be presented to the court for a court order to be issued for the services.

151.21(5) Allowable rates not available. When the department has been unable to establish an allowable rate of reimbursement for a service or a provider, the chief juvenile court officer or approved administrator shall negotiate a reimbursement rate with the provider to obtain the service at a reasonable cost based on available community or statewide rates.

[ARC 2435C, IAB 3/16/16, effective 5/1/16]

441—151.22(232) Expenses. The following lists of expenses that are either eligible or ineligible for reimbursement from the court-ordered services fund are intended to be exhaustive. Billings for services not listed in subrule 151.22(1) shall not be paid except as provided in subrule 151.22(3).

151.22(1) Expenses to be reimbursed. The expenses for which reimbursement shall be made include:

a. Expenses, other than salary, incurred by a person ordered by the court, other than a juvenile court officer, in transporting a child to or from a place designated by the court, including mileage, lodging and meals.

b. The expense of care or treatment ordered by the court whenever the minor is placed by the court with someone other than the parents; or a minor is given a physical or mental examination or treatment under order of the court; or, upon certification by the department, a minor is given physical or mental examinations or treatment with the consent of the parent, guardian or legal custodian relating to a child abuse investigation and no provision is otherwise made by the law for payment for the care, examination, or treatment of the minor. Care and treatment expenses for which no other provision for payment is made by law that shall be reimbursable include court-ordered:

- (1) Individual services for the child separate from a family's treatment plan.
- (2) Diagnosis and evaluation on an outpatient basis unless the diagnosis and evaluation is provided by a person or agency with a contract with the department for that service for which the child is eligible.
- (3) An evaluation of a child in a residential facility.

- (4) Inpatient (hospital) evaluation of a child previous to disposition.
- (5) Medical treatment for a child. This includes medical treatment while in detention in a facility used for detention when the medical treatment is court-ordered.
- (6) Drug treatment, testing and care for a child.
- (7) Intensive in-home supervision and monitoring and alternatives to shelter care unless a person or agency that has a contract with the department provides the service for which the child is eligible.
- (8) Evaluation of parents pursuant to a delinquent adjudication unless the diagnosis and evaluation is provided by a person or agency with a contract with the department for that service for which the child is eligible.
- (9) One-to-one supervision of a child not in a detention facility unless the service is provided by a person or agency with a contract with the department for that service for which the child is eligible.
- (10) Physical or mental examinations ordered pursuant to Iowa Code section 232.49 or 232.98 except those set forth in paragraph 151.22(2) "c" or those eligible for payment pursuant to Iowa Code chapter 249A.
- (11) Services ordered under family in need of assistance proceedings unless a person or agency with a contract with the department provides the service for which the child is eligible.
- (12) Expenses for all educational testing or programming for children, not weighted as special education students, who attend an on-campus school in an out-of-state facility.
- (13) Expenses for educational testing or programs related to a general equivalency diploma (GED) or for credit hours, when the expenses are not required to be paid by the state.
 - c. Medical cost sharing for payment of one deductible amount or a coinsurance amount when Medicaid or private insurance is then available to pay the remainder of the cost.

151.22(2) Expenses not reimbursed. Expenses that are excluded from reimbursement from court-ordered services funds because another source is available to pay for the service include:

 - a. Foster care (including shelter care). Payment provision is Iowa Code section 234.35.
 - b. All charges for which the county is obligated by statute to pay including:
 - (1) Care and treatment of patients by any state mental health institute. Payment provision is Iowa Code section 230.20(5).
 - (2) Care and treatment of patients by either of the state resource centers or by any other facility established under Iowa Code chapter 222. Payment provision is Iowa Code section 222.60.
 - (3) Care and treatment of patients by the psychiatric hospital at Iowa City. Payment provision is Iowa Code chapter 225.
 - (4) Care and treatment of persons at the alcoholic treatment center at Oakdale or any other facility as provided in Iowa Code chapter 125. Payment provision is Iowa Code section 125.44.
 - (5) Care of children admitted or committed to the Iowa juvenile home at Toledo. Payment provision is Iowa Code section 233B.14.
 - (6) Clothing, transportation, and medical or other service provided to persons attending the Iowa Braille and Sight-Saving School, the Iowa School for the Deaf, or the state hospital-school for severely handicapped children at Iowa City for which the county becomes obligated to pay pursuant to Iowa Code sections 263.12, 269.2, and 270.4 to 270.7.
 - (7) Expenses for detention in a facility used for detention. The payment provision is Iowa Code section 232.142.
 - (8) Care and treatment of persons placed in the county hospital, county care facility, a health care facility as defined in Iowa Code section 135C.1, subsection 6, or any other public or private facility in lieu of admission or commitment to a state mental health institute, resource center, or other facility established pursuant to Iowa Code chapter 222. Payment provisions are Iowa Code sections 222.50, 230.1 and 233B.14.
 - c. Child-abuse photos and X-rays. Payment provision is Iowa Code section 232.77.
 - d. Any expenses set forth in subrule 151.22(1) above, which qualify for payment pursuant to Iowa Code chapter 249A.
 - e. Expense of a child sexual abuse examination. Payment provision is Iowa Code section 915.41.
 - f. Expense of child day care. Payment provision is Iowa Code section 234.6.

- g. Expense of in-home treatment services. Payment provision is 441—Chapters 78, 79, and 83.
- h. Expense of homemaker-home health aide services. Payment provision is department of public health rules 641—Chapter 80.
- i. Expenses for all educational testing or programming required to be paid by the state, except for juveniles who attend an on-campus school in an out-of-state facility and who are not weighted as special education students. The payment provision is Iowa Code chapter 256.
- j. Expenses, except for the allowable medical cost sharing, for all court-ordered counseling and treatment for adults, including individual, marital, mental health, substance abuse and group therapy. The payment provision is private insurance, Medicare, Medicaid, or other resources consistent with Medicaid and social services eligibility and Iowa Code chapter 249A.
- k. Expenses, except for the allowable medical cost sharing, for psychiatric medical institutions for children (PMIC). The payment provision is private insurance, Medicare, Medicaid, or other resources consistent with Medicaid and social services eligibility and Iowa Code chapter 249A.

151.22(3) Services not listed. If a court orders a service not currently listed in subrule 151.22(1), the chief juvenile court officer or approved administrator shall review the order and shall consult with the department. If reimbursement for the service expense is not in conflict with current law or administrative rules and meets the criteria for certification of the court, the chief juvenile court officer or approved administrator shall authorize reimbursement to the provider.

[ARC 2435C, IAB 3/16/16, effective 5/1/16]

These rules are intended to implement Iowa Code section 232.141.

441—151.23 to 151.29 Reserved.

DIVISION III
GRADUATED SANCTION SERVICES

PREAMBLE

The graduated sanction services are early intervention and follow-up services to be provided to children adjudicated delinquent and to children who have been referred to juvenile court services for a delinquency violation or who have exhibited behaviors likely to result in a juvenile delinquency referral. The services are directed to enhance personal adjustment to help the children transition into productive adulthood and to prevent or reduce criminal charges, out-of-home placement, and recidivism. The services are provided in the child's home community.

The graduated sanction services are community-based intervention, school-based supervision, and supportive enhancement services. Together this mix of services and the flexibility allowed in tailoring the services to meet specific needs offer a choice of treatment to meet the specific needs of the child.

[ARC 2435C, IAB 3/16/16, effective 5/1/16]

441—151.30(232) Community-based interventions. “Community-based interventions” means individual or group instruction which includes, but is not limited to, supervised educational support, treatment and outreach services to an eligible child who is experiencing social, behavioral, or emotional problems that placed the child at risk of group care or state institutional placement. A program for a child may be funded from multiple sources, but the funding sources may not duplicate or overlap. The components and activities shall be described in the contract. Services offered may provide individualized and intensive interventions to assist a child in establishing positive behavior patterns and to help the child maintain accountability in a community-based setting.

151.30(1) Service eligibility. Children shall be eligible for community-based intervention services without regard to individual or family income when they are adjudicated delinquent or are determined by a juvenile court officer to be at risk and to be in need of the service provided by a community-based intervention program. Juvenile court services shall maintain in the child's case record or case file documentation of the child's adjudication or at-risk status as well as the child's need for services.

a. The chief juvenile court officer shall establish written procedures for screening and approving referrals for community-based intervention services and make the procedures available to the district's juvenile court officers.

b. The juvenile court officer shall determine the child to be in need of services as evidenced by one or more of the following situations:

(1) Schools, parents or community organizations, due to complaints of delinquent activities, indicate the need for monitoring and guidance of the child.

(2) A petition has been filed alleging delinquent behavior.

(3) Juvenile court services action has been initiated including, but not limited to, diversion, informal adjustment agreements, adjudication and disposition proceedings.

c. The chief juvenile court officer may approve community-based intervention services for up to six consecutive months at a time, except that service approval shall not extend beyond the current fiscal year unless a contract is in effect to assume the cost for the services provided in the next fiscal year. The officer shall reevaluate the child's eligibility and need for these services in accordance with procedures established by the respective juvenile court services district.

d. Referrals shall not be made or accepted when funds for the program are not available.

e. The child shall not require more extensive treatment than is provided in the community-based intervention program.

151.30(2) Service components.

a. Community-based interventions provide treatment to an eligible child as well as an opportunity for the eligible child to participate in state-funded educational programming. Therapy or counseling and skill development services may be provided through this program to the child's family; components include specific training to develop and enhance:

(1) Personal skills, including anger management, stress reduction, and self-esteem.

(2) Child and parent relationships.

(3) Problem solving.

(4) Accountability and acceptance of responsibility.

(5) Victim empathy and self-advocacy.

(6) Activities of daily living and time management.

(7) Job skills including job-seeking skills as well as training for specific jobs and on-the-job training experiences.

(8) Parenting skills.

b. The contract must specify what is required of the provider.

c. Services may be co-located with school programs. Although the costs of the state-funded educational programming shall not be funded through the graduated sanctions appropriation, programs shall be developed so that there is close coordination between the treatment and the state-funded educational components.

d. Services shall include one or more of the following components:

(1) Skill-building services focusing on social skills, recreation activities, employment readiness, independent living, and other areas related to a child's treatment needs.

(2) Individual, group and family therapy and counseling as determined appropriate by the program director and referral source. Staff that provide individual, group and family therapy shall meet applicable state licensing standards.

(3) Snacks and meals as necessary during the non-state-funded educational portion of the program day.

(4) Supervision and support services, such as transportation to the non-state-funded educational program, family outreach, telephone contact, and electronic monitoring of the eligible child.

(5) Transition service planning upon admission so that timely transition services are available upon discharge, if needed.

(6) Supervision and support services when necessary to help the eligible child transition out of the program.

e. Community support services are directed toward the child's maintaining accountability and may include multiple daily contacts with the child through direct face-to-face contact, telephone or technology.

f. Outreach activities provide guidance and advocacy for the child and may include individualized interventions with the child's family as well as assistance in accessing the following types of resources:

- (1) Referral to community organizations.
- (2) Health services (physical and mental).
- (3) Education.
- (4) Employment.
- (5) Legal.
- (6) Case conferences and services planning.
- (7) Diagnostic assessment services.
- (8) Family competency-building services.

g. Outreach activities may also include recreation and transportation when guidance and advocacy are a part of the service component.

h. Providers of community-based interventions shall submit progress reports on each child receiving services to the assigned juvenile court officer at intervals specified in the contract. The contractor shall complete progress reports not more than one month after services are initiated and within 30 days of the termination of service. Progress reports shall describe the child's school attendance and progress toward desired goals identified by the provider and referral source. Progress reports shall also describe the specific instruction provided to the child and the child's response to the instruction.

i. The juvenile court officer shall file the provider progress report in the child's case file. Providers of community-based intervention services shall prepare an initial treatment plan in consultation with the referral source within 30 days of the child's admission and shall prepare a minimum of quarterly progress reports on each child receiving services.

(1) Additional reports may be prepared when requested by the juvenile judge or the child's juvenile court officer.

(2) All reports shall be submitted to the juvenile court officer responsible for monitoring the child's progress. All reports shall, at a minimum, describe the child's attendance, adjustment, and progress in achieving the desired goals and objectives established in the treatment plan.

151.30(3) *Service referral and follow-up.* The juvenile court officer shall:

- a.* Determine which service provider can best meet the child's needs.
- b.* Refer the child to the provider.
- c.* Assist in the child's transition to receive the service.
- d.* Follow up after the service has been provided.

151.30(4) *Monitoring of service delivery.* The juvenile court officer shall monitor the delivery of community-based intervention services to children for whom the officer is responsible.

a. The juvenile court officer shall review provider progress reports and maintain contact with the child, the child's family, the provider, and other community agencies to adequately assess the child's progress and need for service.

b. The juvenile court officer shall report problems in service delivery to the chief juvenile court officer.

c. The provider, the child, or the child's representatives may report problems in service delivery to the chief juvenile court officer.

151.30(5) *Billable unit and rate setting.* Rates for community-based intervention services shall be established through an agreement between the provider and the chief juvenile court officer based on the provider's proposed budget. Rates may vary among providers for various types of community-based intervention services. The billable unit and unit costs shall be specified in the contract.

a. Community-based intervention service shall be billed on the basis of units of instruction provided to eligible children during specified time frames.

b. The community-based intervention instruction may be provided on an individual or group basis. See paragraph 151.35(2) "*c*" for rate-setting requirements when more than one child is served at a time.

c. The provider may incorporate the expenses for instructional materials into the service unit cost or may identify the expenses for instructional materials in an attachment to the contract to be billed separately from the unit cost.

d. Rescinded IAB 11/9/05, effective 1/1/06.

151.30(6) Provider standards. Providers shall have a contract with juvenile court services and the department for community-based intervention services and agree to abide by all required instructional, reporting, rate-setting, and billing and payment procedures for community-based intervention services. The chief juvenile court officer shall review provider staff qualifications and training activities. Providers of community-based intervention services shall meet all of the following conditions. Providers shall:

a. Be selected and approved by the chief juvenile court officer or designee within each judicial district to provide community-based intervention services.

b. Use staff who, in the opinion of the chief juvenile court officer, have the necessary training and qualifications to provide quality services on the topic about which they will be delivering instruction.

c. Use a curriculum approved by the chief juvenile court officer for community-based interventions.

d. Have the educational and instructional ability, as determined by the chief juvenile court officer, to deliver community-based intervention services to eligible children in the settings most suited to each child's needs.

151.30(7) Outcome measures. Each contract for purchase of community-based intervention services shall contain a section to inform the provider that juvenile court services and the department shall track the outcome of the service provision following each child's discharge from the service received through the contract.

a. Juvenile court services and the department shall collaborate to determine the criteria and data needed to track and record the outcomes.

b. The provider shall report data as requested by juvenile court services.

c. Juvenile court services shall determine whether the child has reoffended within the six-month period following the date of discharge from community-based interventions. Service to a child shall be considered successful if the child has not been referred to juvenile court services for a law violation during the six-month period following discharge from community-based interventions.

d. The data shall be used to develop information to make decisions regarding service provision and contracting.

[ARC 2435C, IAB 3/16/16, effective 5/1/16]

441—151.31(232) School-based supervision. "School-based supervision" means a program that provides for salaried staff, known as juvenile court school liaisons, to be hired by providers. The juvenile court school liaisons provide on-site services at middle and high schools to children experiencing truancy or other behavior problems at school and at home or in the community.

151.31(1) Service eligibility.

a. Children shall be eligible for school-based supervision services without regard to individual or family income when they are adjudicated delinquent or adjudicated a child in need of assistance or are determined by a juvenile court officer or school official to be at risk and in need of school-based supervision services. Documentation of the adjudication or at-risk status as well as the need for services shall be maintained by the juvenile court school liaison in the child's case record or case file.

b. The chief juvenile court officer shall establish written procedures for screening and approving referrals for school-based supervision services. The written procedures for screening and approving referrals shall be made available to the juvenile court school liaisons and to the district's juvenile court officers.

c. Referrals shall not be made or accepted when funds for the program are not available.

151.31(2) Service components.

a. Juvenile court school liaisons assist with behavior and classroom management, conflict resolution, school attendance, and violence prevention. Services provided may include, but are not limited to, dealing with misbehavior and truancy on an immediate basis, providing family support

services such as outreach and education, performing juvenile court intake functions under the supervision of the chief juvenile court officer, and promoting resource development to meet most effectively the needs of at-risk youth.

b. Each school-based supervision program shall have established procedures for communication and for maintaining records on individual children receiving assistance. The procedure shall include methods for the timely communication of critical information between juvenile court school liaisons and juvenile court services, the department, and school officials; assurances that child abuse allegations shall be reported promptly in accordance with applicable Iowa statutes; and systems to safeguard the confidentiality of the child's records.

151.31(3) *Service referral and follow-up.* The juvenile court officer, department staff, or school personnel shall:

- a.* Determine when a service referral should be made to best meet the child's needs.
- b.* Refer the child to the provider.
- c.* Assist in the child's transition to receive the service.
- d.* Follow up after the service has been provided.

151.31(4) *Monitoring of service delivery.*

a. The juvenile court officer and school personnel shall monitor the delivery of school-based supervision services to children for whom the officer is responsible.

b. The juvenile court officer and school personnel shall report problems in service delivery to the chief juvenile court officer.

c. The juvenile court school liaison, the child, or the child's representatives may report problems in service delivery to the chief juvenile court officer.

151.31(5) *Billable unit and rate setting.* The school-based supervision program is used to hire salaried staff, through a contract with a provider, to provide school-based supervision. The cost of the service is the cost of the salary and administrative expenses identified in the contract for which the department is billed, generally monthly or quarterly.

a. The contract shall define the rate and schedule to be used for submitting a claim for salary and related administrative expenses.

b. School-based supervision provides short-term or long-term service to children. The juvenile court school liaison shall maintain a list (roster), by month, of the individual children to whom service is provided. The juvenile court school liaison shall have face-to-face or verbal contact with each child whose name appears on the roster. The list shall include the name of the child and the referral source.

(1) The school shall maintain a copy of the list and the claim. Each claim is validated by the list of children served during each month the school is in session. The list and the claim are subject to audit.

(2) The juvenile court school liaison is not required to list the names of children receiving group services.

(3) The juvenile court school liaison and school are not required to maintain or submit lists of children served for those months covered by a school employee contract for which the salary is prorated when school is not in session and no service is provided. The prorated salary arrangement shall be described in the contract.

c. School-based supervision rates are based on directives in annual legislation for the school-based appropriation as well as budget and rate-setting procedures within each school district. Funds allocated to the department and administered by juvenile court services shall be matched with funds committed from the local school district where the program is established. The chief juvenile court officer shall negotiate the match rate with the school board's authorized designee.

(1) The amount of dollars each chief juvenile court officer may use for school-based supervision is equal to the judicial district's current school-based supervision allocation plus an amount from the court-ordered services allocation. The total amount available from the court-ordered services allocation is equal to 50 percent of the school-based supervision allocation available for state fiscal year 1998 or \$580,000. The state court administrator shall determine the amount from the court-ordered services allocation available to each district each year based on each district's respective portion of the statewide population of children as reported in current census data.

(2) The chief juvenile court officer shall transfer an amount, as necessary and allowable, to the school-based supervision allocation from the court-ordered services allocation so that the school-based supervision share of the program cost of each contract equals the agreed-upon match amount for each contract.

(3) The contract shall specify the maximum percentage of the program cost that shall be paid from the school-based supervision funds as well as the minimum percentage of the program cost that shall be paid by the school district.

151.31(6) *Selecting schools for programs.* The chief juvenile court officer of each judicial district shall be responsible for selecting school-based programs for funding and for managing the judicial district's school-based supervision allocation to ensure that resources are targeted effectively among schools within the district. All applications for funding and subsequent contracts shall contain funding commitments from the local school district for the local school district's share of program costs.

a. The chief juvenile court officer may elect to develop an intergovernmental 28E agreement with the school district, or the school district may request that a contract be developed with an independent provider pursuant to a competitive bid.

b. The funding arrangements shall be described in the contract.

c. Each contract shall contain:

(1) A description of the school district and specific schools in which the supervision program shall be implemented, including a description of why these schools were targeted as needing the program.

(2) A description of the proposed school-based supervision program to be implemented, including the referral process for the child, eligibility determination, service denial, reduction, or termination, and appeal procedures. This description may be included in the contract or may be included as an attachment.

(3) A description of the number of staff to be employed in the program, including the job description, staff qualifications, procedures for training and supervising staff, and methods for monitoring the program. A minimum of a bachelor of arts or a bachelor of science degree in the behavioral sciences or related field is required unless the chief juvenile court officer and the school agree that an associate degree is acceptable.

(4) A description of the record-keeping and statistical reporting procedures to be used by the program.

151.31(7) *Provider progress reports.*

a. School-based supervision programs shall maintain information and statistics that shall include, at a minimum, the service and financial records used to support or substantiate claims for reimbursement and, for the individual children referred for service, the total number of children served as well as educational and behavioral outcomes including attendance, grades, and student conduct.

b. Each school with a school-based supervision program shall prepare a progress report summarizing information about the program and shall submit the report to the chief juvenile court officer. The format and time for submitting these reports shall be specified in the contract.

151.31(8) *Outcome measures.* Each contract shall contain a section to inform the provider that juvenile court services and the department shall track the outcome of the service provision for each child who is served through the contract and meets predetermined contact criteria.

a. Juvenile court services and the department shall collaborate to determine preservice and postservice measures needed to track and record outcomes such as attendance, truancy, tardiness, suspensions, law violations, and grade-point average.

b. The juvenile court school liaison shall report data as requested by juvenile court services.

c. Data collected on the children shall be used to establish or modify a baseline for the provider and for the service. The data shall be used to develop information to make decisions regarding service provision and contracting.

441—151.32(232) Supportive enhancements. “Supportive enhancements” means a category of services, real goods or incentives matched to the risk needs of a child and which supports a child in a way to reduce or eliminate antisocial behavior. All services in this category are predicated on a planning and individualized goal development process which elicits input from the juvenile court

officer, service providers, and the child and the family. Services are to build constructive relationships and support networks around the eligible child, within the child's community or during transition, and with the child's family. Supportive enhancements are community-based, culturally relevant, individualized, strength-based, and family-centered. Supportive enhancements may also be called supportive enhancement services. Supportive enhancements are individualized to address the child's comprehensive and multiple life domains across home, school, and community, including:

- Living environment.
- Accountability.
- Basic needs.
- Safety.
- Social needs.
- Educational needs.
- Cultural needs.

151.32(1) *Service eligibility.* The eligible child shall be qualified for supportive enhancement services without regard to individual or family income when the child is adjudicated delinquent or is determined by a juvenile court officer to be at risk and to be in need of service provided by supportive enhancements. Juvenile court services shall maintain documentation in the child's case file of the adjudication or at-risk status as well as of the need for services.

a. The chief juvenile court officer shall establish written procedures for screening and approving referrals for supportive enhancement services and make the procedures available to the district's juvenile court officers.

b. The juvenile court officer shall determine the child is in need of services as evidenced by one of the following situations which is tied into the individualized case plan:

- (1) Schools, parents or community organizations, due to complaints of delinquent activities, indicate a need for monitoring and guidance of the child.
- (2) A petition has been filed alleging delinquent behavior.
- (3) Juvenile court services action has been initiated including, but not limited to, informal adjustment agreements, adjudication and dispositional proceedings.

c. Juvenile court services shall maintain in the child's case record or case file documentation of the child's adjudication or at-risk status as well as the child's need for services.

d. The chief juvenile court officer may approve supportive enhancement services for up to six consecutive months at a time, except that service approval shall not extend beyond the current fiscal year unless a contract is in effect to assume the cost for the services provided in the next fiscal year. The officer shall reauthorize the child's eligibility and need for these services in accordance with the procedures established by the respective juvenile court services district.

e. Referrals shall not be made or accepted when funds for the program are not available.

151.32(2) *Service components.* Supportive enhancement services are to complement other services or interventions for a child served by the juvenile court services or other provider. These supports allow the juvenile court services to intervene immediately with a support or incentive that is expected to reduce misbehavior or truancy and will lead to improved outcomes. Alternative funds or services shall be utilized prior to supportive enhancements when available. Supportive enhancements may include, but are not limited to:

- a.* Education-related services.
- b.* Restitution.
- c.* Crisis intervention.
- d.* Transportation.
- e.* Clothing and grooming supplies.
- f.* Enrollment for prosocial activities.
- g.* Other expenses as approved by the chief juvenile court officer.

151.32(3) *Service referral and follow-up.* The juvenile court officer shall:

- a.* Determine which service and service provider can best meet the child's needs.
- b.* Assist in the child's transition to receive the service.

c. Follow up after the service has been provided with the eligible child, the family, and the provider.

151.32(4) *Monitoring of service delivery.* The juvenile court officer shall monitor the delivery of supportive enhancements to the eligible child for whom the officer is responsible.

a. The juvenile court officer shall report problems in service delivery to the chief juvenile court officer.

b. The provider, the child, or the child's representatives may report problems in service delivery to the chief juvenile court officer.

151.32(5) *Billable unit and rate setting.* Rates for supportive enhancements shall be established through an agreement between the provider and the chief juvenile court officer, based on actual expenses and allowed administration costs. Rates may vary.

151.32(6) *Provider standards.* Providers shall have a contract with juvenile court services and the department for supportive enhancements and agree to abide by all required instructional reporting, rate-setting, and billing and payment procedures.

151.32(7) *Outcome measures.* Each contract for purchase of supportive enhancements shall contain a section to inform the provider that juvenile court services and the department shall track the outcome of the service provision following each child's discharge from the service received through the contract. The contract will detail expected outcomes of the service.

a. Juvenile court services, the department, and the provider shall collaborate to determine the criteria and data needed to track and record the outcomes.

b. The provider shall report data as requested by juvenile court services.

c. Juvenile court services shall determine whether the child has reoffended within the six-month period following the date of discharge from supportive enhancements.

d. Service to a child shall be considered successful if the child has not been referred to juvenile court services for a law violation or removed from the child's home during the six-month period following discharge.

e. The data shall be used to develop information to make decisions regarding service provision and contracting.

[ARC 2435C, IAB 3/16/16, effective 5/1/16]

441—151.33(232) Tracking, monitoring, and outreach. Rescinded ARC 2435C, IAB 3/16/16, effective 5/1/16.

441—151.34(232) Administration of graduated sanction services. The chief juvenile court officer shall purchase graduated sanction services for eligible children pursuant to a contract with juvenile court services and the department.

151.34(1) *Requirements.* Each chief juvenile court officer shall:

a. Establish minimum qualifications for providers of graduated sanction services;

b. Establish criteria and procedures for determining when and where to develop contracts with providers to best meet the service needs of the children in the judicial district;

c. Require providers to comply with applicable professional standards; and

d. Ensure that use of graduated sanction funds for education and performance for juvenile court staff can be shown to benefit the eligible child.

151.34(2) *Referrals.* Each chief juvenile court officer shall develop procedures for eligible children to receive graduated sanction services.

a. Children who are adjudicated delinquent or who are at risk shall apply or be referred for graduated sanction services through the juvenile court services office.

b. School officials may refer adjudicated or at-risk children for school-based supervision services in schools where school-based supervision programs are established.

151.34(3) *Adverse actions.* Graduated sanction services shall be reduced or terminated when:

a. The court orders discontinuation of services; or

b. The juvenile court officer determines that there is no longer a need for service; or

c. The juvenile court officer determines that maximum benefit of service provision has been achieved; or

d. The funds allocated or appropriated for these services are exhausted.
[ARC 2435C, IAB 3/16/16, effective 5/1/16]

441—151.35(232) Contract development for graduated sanction services. The chief juvenile court officer shall have the responsibility to purchase graduated sanction services (community-based interventions; school-based supervision; or supportive enhancement services).

151.35(1) Contracting process.

a. The chief juvenile court officer for each judicial district shall develop the process for contracting for graduated sanction services. The process shall include:

- (1) The rationale for selecting which services to provide;
- (2) The provider selection process, including bid solicitations;
- (3) Vendor evaluation criteria; and
- (4) A procedure for resolving appeals.

b. The chief juvenile court officer or designee shall develop selection criteria for choosing providers to ensure that resources are targeted effectively within the district. Multiple providers may be selected to address the needs within the district.

c. The chief juvenile court officer shall develop a contract with each provider selected through the process.

(1) The chief juvenile court officer or designee shall prepare Form 470-0022, Pre-Contract Questionnaire, for each new contract.

(2) The chief juvenile court officer, the provider, and the department shall sign the contract.

(3) The chief juvenile court officer or designee is responsible for distributing a copy of the signed contract or amendment to the provider.

d. The chief juvenile court officer shall have the authority to resolve provider appeals in accordance with procedures approved by the department.

e. Contract amendments shall be prepared whenever there is a change in the amount of contracted dollars, contract duration, program description, or any other terms of the contract.

(1) Any party to the contract may request an amendment to the contract. The provider may request a contract amendment through the chief juvenile court officer.

(2) The chief juvenile court officer, the provider, and the department shall sign a contract amendment.

(3) The chief juvenile court officer or designee shall prepare Form 470-0022, Pre-Contract Questionnaire, for each contract amendment.

f. The chief juvenile court officer may submit a claim for payment of juvenile court services' costs of printing, copying, distributing and advertising associated with the contracting process. The claim shall be submitted on Form GAX, General Accounting Expenditure. The cost shall be charged first to the administrative set-aside funds and second to the program fund, as funds are available.

151.35(2) Contract content. Contracts for purchasing graduated sanction services shall be developed using contract forms approved as to legal form by the assistant attorney general assigned to work with juvenile court services contracts. Contracts with providers shall incorporate all applicable requirements in Iowa Code section 8.47 as well as the administrative and program requirements of this chapter.

a. The contract shall:

- (1) Note the unit cost or payment rate;
- (2) State the interval for which the cost will be billed;
- (3) Describe the process the provider shall follow to complete and submit claims for payment; and
- (4) Specify any approved charges for curriculum materials or other expenses that are involved in the delivery of services but not included in the unit cost or payment rate.

b. Contracts with providers of community-based interventions or supportive enhancements shall establish and define the unit of service and the cost of the unit of service to be provided and billed per child. The contract shall specify the payment amount for the unit of service and may specify a maximum

number of units but shall not ensure a provider reimbursement for a specific rate of utilization. Payment shall be made only for units of service provided to and billed for specific children.

c. Contracts with providers of community-based interventions or supportive enhancements may establish individual or group rates. The contract shall establish a group rate when the service is provided to more than one child at a time. A minimum and a maximum number of participants shall be established when a group rate is set.

(1) The group rate may be a set amount to be charged for each child who attends the group. The provider will receive payment for each child served.

(2) The group rate may be a set amount to be charged for the group. The provider will receive the same payment amount each time the provider serves the group. The provider must identify all attendees of each group for which payment is claimed.

d. Contracts with providers of community-based interventions or supportive enhancements may establish per diem rates when the intensity of service provision per child is variable but the total cost of the provision of the service is known. The range of coverage of the intensity of service provision shall be described in the contract.

CHAPTER 152
FOSTER CARE CONTRACTING

PREAMBLE

This chapter sets forth the contracting process used for providers of foster group care, child welfare emergency services shelter, and supervised apartment living, including standards for rate-setting, payment mechanisms, and provider monitoring, audits, and sanctions. The terms of these contracts are limited to no more than six years pursuant to 11—Chapter 118. This chapter also establishes provider qualifications, service authorization procedures, documentation requirements, and service termination and appeal procedures associated with these foster care services. Refer to 441—Chapter 156 for additional program requirements.

441—152.1(234) Definitions.

“Affiliates” means persons having an overt or covert relationship such that any one of them directly or indirectly controls or has the power to control another.

“Authorized representative,” within the context of rule 441—152.3(234), means that person appointed to carry out audit procedures, including an assigned auditor, fiscal consultant, or agent contracted for a specific audit or audit procedure.

“Bureau of service contract support” means the division of fiscal management bureau that is responsible for administering performance-based contracts.

“Child” means a person under 18 years of age or a person 18 or 19 years of age who meets the criteria in Iowa Code section 234.1.

“Claim” means each record the department receives that tells the amount of requested payment and the service rendered by a provider to a child and family.

“Client” means a child who has been found to be eligible for foster care services through the department of human services.

“Confidence level” means the probability that an overpayment or underpayment rate determined from a random sample of charges is less than or equal to the rate that exists in the universe from which the sample was drawn.

“Contract” means a formal written agreement between the department of human services and a provider of foster care services.

“Contract monitor” means a department employee who is assigned to assist in developing, monitoring, and evaluating a contract and to provide related technical assistance.

“Department” means the Iowa department of human services and includes the local offices of the department.

“Extrapolation” means using sample data meeting the confidence level requirement to estimate the total dollars of overpayment or underpayment.

“Family,” for purposes of child welfare service delivery, shall include the following:

1. The natural or adoptive parents, stepparents, domestic partner of the natural or adoptive parent, and children who reside in the same household.

2. A child who lives with an adult related to the child within the fourth degree of consanguinity and the adult relatives within the fourth degree of consanguinity in the child’s household who are responsible for the child’s supervision. Relatives within the fourth degree of consanguinity include: full or half siblings, aunts, uncles, great-aunts, great-uncles, nieces, great-nieces, nephews, great-nephews, grandparents, great-grandparents, great-great-grandparents, and first cousins.

3. A child who lives alone or who resides with a person or persons not legally responsible for the child’s support.

“Fiscal record” means a tangible and legible history that documents the criteria established for financial and statistical records as set forth in subrule 152.2(5).

“Grant” means an award of funds to develop specific programs or achieve specific outcomes.

“Juvenile court officer” means a person appointed as a juvenile court officer or chief juvenile court officer under Iowa Code chapter 602.

“*Level of care*” means a type of foster group care service that is differentiated by the ratio of staff to children. There are three levels of foster group care services:

1. Community-level group care (service code D1), which requires a minimum staff-to-client ratio of 1 to 8 during prime programming time.
2. Comprehensive-level group care (service code D2), which requires a minimum staff-to-client ratio of 1 to 5 during prime programming time.
3. Enhanced comprehensive-level group care (service code D3), which requires a minimum staff-to-client ratio during prime programming time as follows:
 - 1 staff person for facilities serving up to 4 children.
 - 2 staff persons for facilities serving 5 to 7 children.
 - 3 staff persons for facilities serving 8 to 10 children.
 - 4 staff persons for facilities serving 11 to 13 children.
 - 5 staff persons for facilities serving 14 to 16 children.
 - 6 staff persons for facilities serving 17 to 19 children.
 - 1 staff person for every 3 children for facilities serving 20 or more children.

“*Non-prime programming time*” means any period of the day other than prime programming time and sleeping time.

“*Overpayment*” means any payment or portion of a payment made to a provider that is incorrect according to the laws and rules applicable to foster care services and results in a payment greater than that to which the provider is entitled.

“*Prime programming time*” means any period of the day when special attention, supervision, or treatment is necessary (for example, upon awakening of the clients in the morning until their departure for school, during meals, after school, during transition between activities, evenings and bedtime, and on nonschool days such as weekends, holidays, and school vacations).

“*Probation*” means a specified period of conditional participation in the provision of foster care services.

“*Provider*” means the entity that has executed a contract with the department to provide services.

“*Random sample*” means a systematic (or every “nth” unit) sample for which each item in the universe has an equal probability of being selected.

“*Referral worker*” means the department worker or juvenile court officer who refers the case to a provider and who is responsible for carrying out the follow-up activities of determining client eligibility and ensuring that the service authorization is completed.

“*Service authorization*” means the process of determining service necessity and the level of care and number of units of service to be provided to a child.

“*Service record*” means an individual, tangible, and legible file that records service-related activities set forth in subrule 152.2(4).

“*Site*” means each licensed location of the foster care provider.

“*Sleeping time*” means any period of the day during which clients are normally sleeping.

“*Suspension of payments*” means the withholding of all payments due a provider until resolution of the matter in dispute between the provider and the department.

“*Underpayment*” means any payment or portion of a payment not made to a provider for services delivered to eligible recipients according to the laws and rules applicable to the foster care services program and to which the provider is entitled.

“*Unit of service*” means one day for group care and child welfare emergency services shelter.

“*Universe*” means all items (claims) submitted by a specific provider for payment during a specific period, from which a random sample will be drawn.

“*Withholding of payments*” means a reduction or adjustment of the amounts paid to a provider on pending and subsequently submitted claims for purposes of offsetting overpayments previously made to the provider.

[ARC 2885C, IAB 1/4/17, effective 3/1/17; ARC 3442C, IAB 11/8/17, effective 1/1/18]

441—152.2(234) Conditions of participation.

152.2(1) Provider licensure. A provider facility shall obtain licensure prior to accepting placements from the department.

152.2(2) Provider staffing. At a minimum, all providers shall meet all licensure requirements for staff qualifications, training, and number of staff pursuant to 441—Chapter 105, Chapter 108, or Chapter 114.

152.2(3) Provider charges. A provider shall not charge departmental clients more than it receives for the same foster care services provided to nondepartmental clients. The provider shall agree not to require any fee from departmental clients unless a fee is required by the department and is consistent with federal regulation and state policy.

152.2(4) Maintenance of service records. A provider shall maintain complete and legible records as required in this subrule.

a. For foster group care and shelter care, the provider shall establish and maintain confidential, individual service records for each client receiving foster care services. The service records must adequately support the provision of child welfare services and group care maintenance as defined in rule 441—156.1(234). The service record shall include, at a minimum, those items identified in rule 441—114.11(237) and 441—Chapter 105 and shall also include all of the following:

- (1) Additional reports, if requested by the referral worker.
- (2) Form 470-3055, Referral and Authorization for Child Welfare Services.
- (3) Daily documentation of billed per diem services. The documentation shall include:
 1. The child's first and last name;
 2. The month, day, and year service was provided;
 3. The first and last names of the persons who provided the service;
 4. A clear description of the specific service rendered, including interventions, actions, and activities performed which support the provision of child welfare services.
- (4) Notes, which shall be entered no less than every seven calendar days, indicating the child's general progress in regard to the child's care plan.
- (5) Any problem areas or unusual behavior for the child.

b. For supervised apartment living, the provider shall establish and maintain confidential, individual service records for each client receiving supervised apartment living services. The service records must adequately support the provision of services consistent with rules 441—108.10(238) and 441—202.9(234).

c. Failure to maintain records or failure to make records available to the department or to its authorized representatives upon request may result in a notice of violation and recoupment of payments pursuant to rules 441—152.3(234) and 441—152.4(234).

152.2(5) Maintenance of financial and statistical records. The provider shall maintain sufficient financial and statistical records, including program and census data, to document the validity of the reports submitted to the department. The records shall be available for review at any time during normal business hours by department personnel, the department's fiscal consultant, and state or federal audit personnel.

a. At a minimum, financial and statistical records shall include all revenue and expenses supported by a provider's general ledger and documentation on file in the provider's office. These records include, but are not limited to:

- (1) Payroll information.
- (2) Capital asset schedules.
- (3) All canceled checks, deposit slips, and invoices (paid and unpaid).
- (4) Audit reports (if any).
- (5) The board of directors' minutes (if applicable).
- (6) Loan agreements and other contracts.
- (7) Reviewable, legible census reports and documentation of units of service provided to departmental clients that identify the individual client and are kept on a daily basis and summarized in a monthly report.

(8) For nondepartmental clients, sufficient documentation of utilization to establish a complete unit of service count.

b. The provider shall maintain a list of all staff and supervisors providing foster care services and their qualifications for each program.

c. Independent audits. When a provider has an audit conducted, a firm not related to the provider shall conduct the audit. The provider shall submit a copy of the independent audit report to the department within 30 days of receipt of the report. The bureau of service contract support shall maintain the report.

152.2(6) Cost report. Providers shall complete Form 470-5421, Combined Cost Report, as required by contract. The instructions for the cost report are found in Comm. 502 (7/16), Instructions for the Combined Cost Report.

a. Due date. The cost report shall be submitted to the department no later than three months after the close of the provider's established fiscal year. The provider may request a one-month extension from the chief of the bureau of service contract support.

b. Opinion of accountant. The department may require that an opinion of a certified public accountant or public accountant accompany the report when adjustments made to prior reports indicate noncompliance with reporting instructions.

c. County reimbursement for child welfare services shelter costs. If a shelter care provider's actual and allowable costs as set forth in 441—Chapter 156 for a child's shelter care placement exceed the amount the department is authorized to pay and the provider is reimbursed by the child's county of legal settlement for the difference between actual and allowable costs and the amount reimbursed by the department, the amount paid by the county shall not be included by the department in its reimbursement rate determination, as long as the amount paid is not greater than the provider's actual and allowable costs or the statewide average of actual and allowable costs as identified in annual appropriations, whichever is less.

[ARC 2885C, IAB 1/4/17, effective 3/1/17]

441—152.3(234) Provider reviews. The department may, at its discretion, review any provider at any time. Records generated and maintained by the department or its fiscal agent may be used by reviewers and in all proceedings of the department.

152.3(1) Review of provider records. The department shall have the authority to conduct a scheduled or unannounced visit to evaluate the adequacy of service records in compliance with the policies and procedures for foster care services.

152.3(2) Purpose. Upon proper identification, authorized representatives of the department shall have the right to review the service and fiscal records of the provider to determine whether:

a. The department has accurately paid claims for services.

b. The provider has furnished the services.

c. The provider has retained service records and fiscal records that substantiate claims submitted for payment during the review period.

d. Expenses reported to the department have been handled as required under subrule 152.2(6).

152.3(3) Method. The department shall select the appropriate method of conducting a review and shall protect the confidential nature of the records being reviewed. The provider may be required to furnish records to the department. The provider may select the method of delivering any requested records to the department. Review procedures may include, but are not limited to, the following:

a. Comparing service and fiscal records with each claim.

b. Interviewing clients and employees of providers.

152.3(4) Sampling. The department's procedures for reviewing a provider's service records may include the use of random sampling and extrapolation. When these procedures are used, all sampling will be performed within acceptable statistical methods, yielding not less than a 95 percent confidence level.

a. Findings. The review findings generated through the review procedure shall constitute prima facie evidence in all department proceedings of the number and amount of requests for payment as submitted by the provider.

b. Extrapolation. Findings of the sample will be extrapolated to the universe for the review period. The total of the payments determined to be in error in the review sample shall be divided by the total payments in the reviewed sample to calculate the percentage of dollars paid in error. This percentage shall then be multiplied by the total payments in the review universe to determine the extrapolated overpayment.

c. Disagreement with findings. When the provider disagrees with the department's review findings and the findings have been generated through sampling and extrapolation, the provider may present evidence to show that the sample was invalid. The burden of proof of compliance rests with the provider. The evidence may include a 100 percent review of the universe of provider records used by the department in the drawing of the department's sample. This review shall:

- (1) Be arranged and paid for by the provider.
- (2) Be conducted by a certified public accountant.
- (3) Demonstrate that bills and records not reviewed in the department's sample complied with program regulations and requirements.
- (4) Be submitted to the department with all supporting documentation.

152.3(5) Actions based on review findings.

a. The department shall report the results of a review of provider records to concerned parties consistent with the provisions of 441—Chapter 9.

b. When an overpayment is found, the department may do one or more of the following:

- (1) Request repayment in writing.
- (2) Impose sanctions provided for in rule 441—152.4(234).
- (3) Investigate and refer the matter to an agency empowered to prosecute.

[ARC 2885C, IAB 1/4/17, effective 3/1/17]

441—152.4(234) Sanctions against providers. Failure to meet the requirements relevant to provider contracting, financial record keeping, billing and payment, and client record keeping may subject providers to sanctions.

152.4(1) Grounds for sanction. The department may impose sanctions against a provider for committing one or more of the following actions:

a. Failing to provide and maintain the quality of the services to children and families within established standards, including:

- (1) Failing to meet standards required by state or federal law for licensure.
- (2) Failing to correct deficiencies in provider operations after receiving notice of these deficiencies from the department.
- (3) Engaging in a course of conduct or performing an act that is in violation of state or federal regulations or continuing that conduct following notification that it should cease.
- (4) Violating any laws, regulations, or code of ethics governing the conduct of occupations or professions subject to this chapter.
- (5) Receiving a formal reprimand or censure by an association of the provider's peers for unethical practices.

(6) Being suspended or terminated from participation in another governmental program.

(7) Committing a negligent practice resulting in client death or injury.

b. Failing to disclose or make available to the department or its authorized agent records of services provided to a child and family and records of payments made for those services.

c. Failing to provide accurate and auditable cost report information or engaging in deceptive billing practices, such as, but not limited to:

(1) Presenting or causing to be presented for payment any false or deceptive claim for services.

(2) Submitting or causing to be submitted false information for the purpose of obtaining greater compensation than that to which the provider is legally entitled.

d. Submitting or causing to be submitted false information to meet service authorization requirements.

e. Inducing, furnishing or otherwise causing the child or family to receive foster care services that are not authorized (overutilization of services).

f. Rebating or accepting a fee or portion of a fee or a charge for referrals of a child or family.

g. Failing to repay or arrange for the repayment of identified overpayments or other erroneous payments.

h. Failing to submit the cost report on time or failing to submit complete responses to follow-up questions from the department or its fiscal consultant within 14 days of request without written approval from the chief of the bureau of service contract support.

152.4(2) *Notice of violation.* Should the department have information that indicates that a provider may have submitted bills or been practicing in a manner inconsistent with the program requirements, or may have received payment for which the provider may not be properly entitled, the department shall notify the provider of the discrepancies noted.

a. Notification shall set forth:

(1) The nature of the discrepancies or violations.

(2) The known dollar value of the discrepancies or violations.

(3) The method of computing the dollar value.

(4) Further actions to be taken or sanctions to be imposed by the department.

(5) Any actions required of the provider.

b. The provider shall have 15 days after the date of the notice to appeal to the contract owner.

152.4(3) *Sanctions.* The following sanctions may be imposed on providers based on the grounds specified in subrule 152.4(1):

a. A term of probation for provision of foster care services.

b. Termination from participation in the provision of foster care services.

c. Suspension from provision of foster care services.

d. Suspension or withholding of payments to the provider.

e. Review of 100 percent of the provider's claims before payment.

f. Referral to the appropriate state licensing board for investigation.

g. Referral of the matter to appropriate federal or state legal authorities for investigation and prosecution under applicable federal or state laws.

h. Suspension of foster care services licensure.

i. Termination of foster care services licensure.

j. Reduction of payment to 75 percent of the current rate for failure to submit the cost report or cost report clarifications timely.

k. Termination of the provider's contract for failure to submit the report within six months of the end of the fiscal year.

152.4(4) *Imposition and extent of sanction.* The department shall determine the sanction to impose. The following factors shall be considered in determining the sanction or sanctions to be imposed:

a. Seriousness of the offense.

b. Extent of violations.

c. History of prior violations.

d. Prior imposition of sanctions.

e. Prior provision of technical assistance.

f. Pattern of failure to follow program rules.

g. Whether a lesser sanction will be sufficient to remedy the problem.

h. Actions taken or recommended by peer review groups or licensing bodies.

152.4(5) *Scope of sanction.*

a. The sanction may be applied to all known affiliates of a provider. Each decision to include an affiliate shall be made on a case-by-case basis after giving due regard to all relevant factors and circumstances. The violation, failure, or inadequacy of performance may be imputed to a person with whom the violator is affiliated when the conduct was committed in the course of official duty or was effectuated with the knowledge or approval of that person.

b. When there are grounds for sanction pursuant to subrule 152.4(1) against a provider facility, campus, or site, the department may suspend or terminate the provision of foster care services by:

- (1) The provider; or
- (2) The specific facility, campus, or site; or
- (3) Any individual within the provider's organization who is responsible for the violation.

c. No provider shall submit claims for payments to the department for any services provided by any facility, campus, site, or person within the organization that has been suspended or terminated from provision of foster care services, except for those services provided before the suspension or termination.

d. Suspension or termination from provision of foster care services shall preclude the submission of claims to the department for payment for any services provided after suspension or termination, whether submitted personally or through the provider.

152.4(6) *Suspension or withholding of payments pending a final determination.* When the department has notified a provider of a violation pursuant to paragraph 152.3(5) "b" or subrule 152.4(2) and has demanded repayment of an identified overpayment, the department may withhold payments on pending and subsequently received claims in an amount reasonably calculated to approximate the amounts in question or may suspend payments pending a final determination. When the department intends to withhold or suspend payments, it shall notify the provider in writing.

152.4(7) *Notice of sanction.* When a provider has been sanctioned, the department shall notify, as appropriate, the applicable professional society, board of registration or licensure, and federal or state agencies of the findings made and the sanctions imposed.

[ARC 2885C, IAB 1/4/17, effective 3/1/17]

441—152.5(234) Adverse actions. Notice of adverse actions and the right to appeal the licensing decision shall be given to applicants and licensees in accordance with 441—Chapter 7.

[ARC 2885C, IAB 1/4/17, effective 3/1/17]

These rules are intended to implement Iowa Code section 234.6.

CHAPTER 153
FUNDING FOR LOCAL SERVICES
[Prior to 7/1/83, see Social Services[770] Ch 131]
[Previously appeared as Ch 131—renumbered IAB 2/29/84]
[Prior to 2/11/87, Human Services[498]]

DIVISION I
SOCIAL SERVICES BLOCK GRANT

PREAMBLE

This division sets forth the requirements for reporting required for receipt of federal social services block grant (SSBG) funds and service availability and allocation methodology related to those funds.

441—153.1(234) Definitions.

“*Direct services*” means services provided by staff of the department of human services to clients. This includes the administrative support necessary to maintain and oversee services. Direct services are funded with state and federal dollars.

“*State purchase services*” means those services the department purchases in every county statewide. State purchase services are funded with state and federal funds.

441—153.2(234) Development of preexpenditure report.

153.2(1) The department of human services shall develop the social services block grant preexpenditure report on an annual basis. The report shall be developed in accordance with the Code of Federal Regulations, Title 45, Part 96, Subpart G, as amended to July 20, 2000. The report shall describe the services to be funded, in what areas services are available and the amount of funding available. The plan shall also indicate the source of funding.

153.2(2) The department shall issue a proposed preexpenditure report before publication of the final report. The proposed report shall be available for public review and comment:

a. In each local office where a service area manager is based during regular business hours for a two-week period; and

b. On the department’s Internet Web site, www.dhs.iowa.gov.

153.2(3) The time and scope of public review will be announced each year. The announcement will indicate the time the proposed report can be viewed. The department:

a. Shall make this information available on the department’s Internet Web site, www.dhs.iowa.gov, and post signs in each local human services office; and

b. May publish advertisements in each service area listing the time of review.

153.2(4) The department shall accept comments about the preexpenditure report during the specified public review and comment period. Individuals or groups may submit written comments to the service area manager or to the Division of Fiscal Management, Iowa Department of Human Services, Hoover State Office Building, 1305 E. Walnut Street, Des Moines, Iowa 50319-0114. The service area manager may arrange public hearings where testimony will be accepted.

153.2(5) The department shall consider the public comment when developing the final preexpenditure report.

153.2(6) A copy of the final preexpenditure report will be available:

a. In each local office where a service area manager is based; and

b. On the department’s Internet Web site, www.dhs.iowa.gov.

441—153.3(234) Amendment to preexpenditure report.

153.3(1) The preexpenditure report may be amended throughout the year. The department may file an amendment changing the kind, scope or duration of a service. Decisions to change a direct service or state purchase service will be made by the department.

Prior to filing an amendment the department and the county boards of supervisors will evaluate available funds and the effect any change will have on clients.

153.3(2) An amendment in the preexpenditure report will be posted in the local offices affected by the amendment at least 30 days prior to the effective date of the change. However, in the event funding for the service has been exhausted, an amendment shall be posted immediately notifying the public that the service will no longer be available. The service area manager will, whenever possible, give advance notice of a service termination made necessary because funds have been exhausted. When a service is added or extended, an amendment may be posted immediately and a 30-day posting period is not required.

153.3(3) Individuals or groups may submit written comments to the service area manager or to the Division of Fiscal Management, Iowa Department of Human Services, Hoover State Office Building, 1305 E. Walnut Street, Des Moines, Iowa 50319-0114.

153.3(4) Nothing in this rule will supersede the requirement for notifying clients of adverse action as provided in 441—130.5(234).

441—153.4(234) Service availability.

153.4(1) A client shall apply for services in the appropriate office of the Iowa department of human services.

a. The department shall determine eligibility according to 441—130.3(234).

b. The department shall develop a case plan to monitor the client's progress toward achieving goals as identified in 441—130.7(234).

153.4(2) An eligible client shall receive a service for which the client is eligible, subject to the provisions of 441—Chapter 130, when the service is listed in the geographic area in which the client resides. The geographic area for direct and state purchase is the state.

153.4(3) To the extent federal law prohibits use of federal funds for provision of social service block grant services to persons the department has defined as eligible, state funds shall be used to pay for these services.

441—153.5(234) Allocation of block grant funds.

153.5(1) The department shall follow a cost allocation plan for determining the appropriate administrative costs to be funded with block grant money.

153.5(2) Funding for services shall be allocated in accordance with the annual budgeting process. The department's annual budget is available for review on the department's Internet Web site at www.dhs.iowa.gov. Costs may be shifted in and between service areas to ensure continued statewide availability of services.

441—153.6(234) Local purchase planning process. Rescinded IAB 7/8/92, effective 7/1/92.

441—153.7(234) Advisory committees. Rescinded IAB 3/6/02, effective 7/1/02.

441—153.8(234) Expenditure of supplemental funds. When supplemental funds are issued through the social services block grant as emergency disaster relief, the department shall administer the funds in compliance with the terms of the federal award rather than the provisions of this division.
[ARC 7641B, IAB 3/25/09, effective 3/1/09; ARC 7830B, IAB 6/3/09, effective 7/8/09]

441—153.9 and 153.10 Reserved.

These rules are intended to implement Iowa Code section 234.6.

DIVISION II
DECATEGORIZATION OF CHILD WELFARE AND JUVENILE JUSTICE FUNDING

PREAMBLE

Decategorization of child welfare and juvenile justice funding is an initiative intended to establish systems of delivering human services based upon client needs that replace systems based upon a multitude of categorical funding programs and funding sources, each with different service definitions

and eligibility requirements. Decategorization is designed to redirect child welfare and juvenile justice funding to services that are more preventive, family-centered, and community-based in order to reduce use of restrictive approaches that rely on institutional, out-of-home, and out-of-community care.

441—153.11(232) Definitions. For the purposes of this division, the following definitions apply:

“Budget accountability” means that expenditures for decategorization services from a decategorization project’s funding pool during the state fiscal year do not exceed the total amount of funding available in the funding pool for the state fiscal year.

“Carryover funding” means moneys designated for a project’s decategorization services funding pool that remain unencumbered or unobligated at the close of the state fiscal year.

“Chief juvenile court officer” mean the judicial department official responsible for managing and supervising juvenile court services operations within one of the eight judicial districts.

“Decategorization” means an initiative established pursuant to Iowa Code section 232.188 that is designed to redirect child welfare and juvenile justice funding to services that are more preventive, family-centered, and community-based in order to reduce use of more restrictive approaches.

“Decategorization agreement” means the agreement entered into among representatives of the department of human services, juvenile court services, and the county government in one or more counties to implement a decategorization project in accordance with the requirements of Iowa Code Supplement section 232.188 and this division.

“Decategorization project” means the county or counties that have entered into a decategorization agreement to implement the decategorization initiative in the county or multicounty area covered by the agreement.

“Decategorization services funding pool” or *“funding pool”* means the funding designated for a decategorization project from all sources.

“Department” means the department of human services.

“Governance board” means a decategorization governance board, which is the group that enters into and implements a decategorization agreement.

“Service area manager” means the department official responsible for managing the department’s programs, operations, and child welfare budget within one of the eight department service areas.

“Unencumbered or unobligated” means funding within a decategorization services funding pool that is not spent by the project’s governance board for a specific program or purpose by the close of the state fiscal year.

441—153.12(232) Implementation requirements. The decategorization initiative shall be implemented through the creation and operation of decategorization projects. One or more counties may jointly agree to form a decategorization project to implement the initiative. The decategorization initiative shall be implemented in accordance with the following requirements:

153.12(1) Decategorization agreement. Representatives from the department, juvenile court services, and county government within the county or counties interested in forming a decategorization project shall develop a written agreement to work together to implement decategorization.

153.12(2) Department approval. A decategorization project must request and receive approval from the department director.

153.12(3) Governance board. A decategorization project shall be implemented by a decategorization governance board.

a. The department director shall ensure that each decategorization project has an operating governance board that includes:

(1) Representatives designated by administrators of the department and of juvenile court services; and

(2) Officials with the authority to represent county government in the affected county or counties.

b. Decategorization projects may choose to expand their governance boards to include representatives from other entities.

153.12(4) Department information. The service area manager shall provide the governance board with:

a. Information concerning the department service area's funding allocation for department-administered child welfare service programs; and

b. A copy of the service area's child welfare and juvenile justice annual plan.

153.12(5) Juvenile justice information. The chief juvenile court officer shall provide the governance board with information on the judicial district's allocation of funding for juvenile justice service programs.

153.12(6) Support and coordination. The department service area manager and the chief juvenile court officer shall:

a. Work with the governance board throughout each state fiscal year to coordinate planning and to target resources most effectively.

b. Regularly provide the governance board with available data concerning child welfare and juvenile justice needs, service trends and expenditures, child welfare and juvenile justice outcomes, and other relevant issues.

c. Work with the governance board to:

(1) Support board planning and service development; and

(2) Promote effective alignment of available financial resources to enhance preventive, family-centered, and community-based services.

441—153.13(232) Role and responsibilities of decategorization project governance boards. The governance board of a decategorization project shall have the following authority and responsibilities:

153.13(1) Rules of operation. The governance board shall establish and adopt written rules of operation that are available to the public.

153.13(2) Open meetings and records. The governance board shall adhere to statutory requirements for government bodies concerning open meetings and open records procedures as specified in Iowa Code chapters 21 and 22.

153.13(3) Coordination. The governance board shall coordinate project planning, decategorization service decisions, and budget planning activities with the service area manager and the chief juvenile court officer for the county or counties comprising the project.

153.13(4) Right to services. The governance board shall implement the decategorization initiative in a manner that does not limit the legal rights of children and families to receive services.

153.13(5) Community service planning. The governance board shall undertake community planning activities within the county or counties comprising the project. These activities shall be designed to develop services that are more preventive, family-centered, and community-based.

a. As part of decategorization community planning, the governance board shall partner with other community stakeholders to develop service alternatives that provide less restrictive levels of care for children and families within the project area. The governance board shall involve community representatives, including representatives for families and youth and for county organizations, in the development of specific and quantifiable short-term and long-term plans for:

(1) Enhancing preventive, family-centered, and community-based services; and

(2) Reducing reliance on out-of-community care and restrictive interventions.

b. In community planning, the governance board may use information from federal reviews of Iowa's child welfare system and indicators and outcomes from other community planning efforts. The governance board shall coordinate its community planning efforts as much as possible with those of other planning entities in the community, such as but not limited to:

(1) Communities of promise;

(2) Community empowerment;

(3) United Way;

(4) Community partnerships for protecting children;

(5) Comprehensive school improvement planning;

(6) Comprehensive substance abuse agency planning; and

(7) Substance-abuse-free environment (SAFE) program planning.

153.13(6) Annual service plan. The governance board shall oversee the development and submission of an annual child welfare and juvenile justice services plan that meets the requirements of rule 441—153.18(232). The governance board shall involve community representatives and county organizations in the development of the plan for the use of the decategorization services funding pool.

153.13(7) Fiscal management. The governance board shall manage and have authority over the project's decategorization services funding pool.

a. The governance board shall develop a plan to maintain budget accountability by ensuring during each state fiscal year that there is ongoing accountability for results, fiscal monitoring, and oversight of expenditures from the decategorization services funding pool.

b. Budget planning and decategorization services funding decisions shall be coordinated with the affected service area managers and chief juvenile court officers or their designees throughout each state fiscal year.

c. The governance board shall ensure that expenditures do not exceed the amount of funding available within the funding pool.

d. If necessary, the governance board shall approve actions to reduce expenditures, discontinue programs, or take other action to manage expenditures within the available decategorization services funding pool during each state fiscal year.

153.13(8) Annual report. The governance board shall oversee the development and submission of an annual progress report for the decategorization project that meets the requirements of rule 441—153.19(232).

441—153.14(232) Realignment of decategorization project boundaries. If a governance board votes to change the composition of counties participating in the project, the governance board shall send a letter to the department director that describes the nature of the proposed project realignment and is signed by each board member who supports the proposed realignment.

153.14(1) If the realignment request involves the move of one or more counties from one decategorization project to another, the governance board of the project receiving the county or counties shall send a letter to the department director expressing support for the realignment.

153.14(2) The department director shall review the request and within 30 days shall provide a written decision to the project governance boards involved.

a. In evaluating the request, the department director shall consider the reasons expressed for the proposed realignment and the community and budgetary impacts of the realignment.

b. The director may consult with governance board representatives and others before making a decision.

441—153.15(232) Decategorization services funding pool.

153.15(1) Creation and composition of pool. The department shall create the decategorization services funding pool for a project by combining funding resources that may be made available to the project from one or more of the following funding sources:

a. The project's allocation of any funding designated for decategorization in a state appropriation. When the general assembly designates a portion of the department's child welfare appropriation specifically for decategorization services, the designated funds shall be allocated to decategorization project services funding pools. Unless otherwise specified by legislation, the designated funds shall be allocated among decategorization projects based solely on each project's share of the population of children under the age of 18.

b. Child welfare and juvenile justice services funds that are:

(1) Specifically designated and committed in writing to the project by the service area manager; and

(2) Accepted by the project's governance board.

c. Any juvenile justice program funds that are:

(1) Specifically designated and committed in writing to the decategorization project by a chief juvenile court officer; and

(2) Accepted by the project's governance board.

d. Any carryover funds available to the project from funding transfers and from operation of decategorization services during the previous state fiscal year.

e. Funds made available to the project from any other funding source, such as another state agency or a grant awarded to the project. Funds awarded to the project under this provision may be subject to specific conditions, reporting requirements, and expenditure limits specified by the entity that awards funding.

153.15(2) *Use of funding pool.* A governance board shall use the funding pool in accordance with the following requirements:

a. The funding pool shall be used to provide services that meet at least one of the following criteria:

(1) Services are flexible;

(2) Services are individualized;

(3) Services are family-centered;

(4) Services are preventive;

(5) Services are community-based;

(6) Services are comprehensive; or

(7) Services promote coordinated service systems for children and families in order to reduce the use of restrictive approaches that rely on institutional, out-of-home, and out-of-community care.

b. The governance board may use the funding pool for enhancements to the child welfare and juvenile justice service systems within the project.

c. The funding pool shall not be used for any of the following services:

(1) Institutional services;

(2) Out-of-home services; or

(3) Out-of-community services.

d. The funding pool shall be expended in accordance with statutes and rules regarding vendor solicitation and service contracting, including Iowa Code chapter 8 and department of administrative services rules at 11—Chapters 106 and 107, Iowa Administrative Code.

153.15(3) *Designation and transfer of department funds.* A service area manager may choose during each state fiscal year to designate and transfer a portion of the service area's child welfare and juvenile justice service allocation to a decategorization project's funding pool. When designating funds, the service area manager and the governance board shall follow these procedures:

a. The service area manager shall provide written notification of any funding designations to the governance boards within the service area by June 1 of the state fiscal year. The service area manager shall specify any special terms and conditions of the funding designation in the written notification to the governance board.

b. The governance board shall consider the offer of designated funding and provide written notification of acceptance or rejection to the service area manager by June 30 of the state fiscal year.

c. If the governance board accepts the designated funding, the funds shall:

(1) Be transferred to the project's decategorization services funding pool; and

(2) Be under the sole management authority of the governance board, subject to any special terms and conditions agreed to by the governance board.

d. Any funding from such transfers that remains unencumbered or unobligated at the close of the state fiscal year shall be carryover funding in accordance with subrule 153.15(5).

153.15(4) *Designation and transfer of juvenile justice funds.* A chief juvenile court officer may choose to designate and transfer a portion of the judicial district's juvenile justice program funding to a decategorization project's services funding pool. When designating funds, the chief juvenile court officer and the governance board shall follow these procedures:

a. The chief juvenile court officer shall provide written notification of any funding designations to the governance boards within the judicial district by June 1 of the state fiscal year. The chief juvenile

court officer shall specify any special terms and conditions of the funding designation in the written notification to the governance board.

b. The governance board shall consider the offer of funding and shall provide the chief juvenile court officer with written notification of acceptance or rejection of the funding by June 30 of the state fiscal year.

c. If the governance board accepts the designated funding, the funds shall:

(1) Be transferred to the project's decategorization services funding pool; and

(2) Be under the sole management authority of the governance board, subject to any special terms and conditions agreed to by the governance board.

d. Any funding from such transfers that remains unencumbered or unobligated at the close of the state fiscal year shall be carryover funding in accordance with subrule 153.15(5).

153.15(5) Carryover funding. Funds allocated to a decategorization project from a legislative appropriation for decategorization services and funds designated and transferred to a decategorization project's funding pool that remain unencumbered or unobligated at the close of a state fiscal year are referred to as "carryover funding." The following procedures shall apply to the determination and use of decategorization carryover funding:

a. Upon the close of a state fiscal year, the department shall determine the exact amount of funding that is unencumbered or unobligated in each project's decategorization services funding pool. The department shall collaborate with governance boards to reconcile expenditure records and determine the amount of carryover funding for each decategorization project.

b. Before December 15 of each state fiscal year, the department shall provide each governance board with written notification of the official amount of carryover funding available from the previous state fiscal year.

c. Carryover funding shall not revert to the state general fund but shall remain available to the governance board until the close of the succeeding state fiscal year.

d. Carryover funding shall be under the authority of the project's governance board. These funds shall be available for expenditure for child welfare and juvenile justice systems enhancements and other purposes of the project as determined by the governance board.

e. Any carryover funding not expended by a decategorization project by the close of the succeeding state fiscal year shall revert to the fiscal authority of the department. The department shall return these funds to the state general fund.

441—153.16(232) Relationship of decategorization funding pool to other department child welfare funding. With the exception of any portion of the service area's child welfare allocation that is allocated by law for decategorization services, each service area's child welfare allocation shall be managed under the authority of the respective service area manager as follows:

153.16(1) Allocation. Each service area manager receives an allocation from the state appropriation for child welfare and juvenile justice services funding to meet child welfare and juvenile justice needs within all counties comprising the service area. The service area manager is responsible for meeting service needs throughout the service area within that allocation.

153.16(2) Budgeting. The service area manager may establish internal child welfare and juvenile justice services budget targets for the counties comprising the service area. Based on budget monitoring and changes in circumstances, the service area manager may revise the child welfare and juvenile justice budget targets within the service area to provide for the safety, permanency, and well-being of children served in the child welfare and juvenile justice systems.

153.16(3) Transfer to project. A service area manager may choose to designate and to transfer a portion of the service area's child welfare allocation to the funding pool of a decategorization project. The service area manager may ask a governance board to accept specific terms and conditions concerning use of this funding. Once funding is transferred to a governance board, the funding is under the management authority of the governance board, subject to any special terms and conditions agreed to by the governance board.

153.16(4) *Communication with the governance board.* The service area manager shall regularly communicate with the governance boards within the service area to provide updated data and other information on child welfare and juvenile justice funding amounts, service expenditures and trends, and other issues in order to assist the governance board in service and budget planning.

441—153.17(232) Relationship of decategorization funding pool to juvenile court services funding streams. Funds allocated by the department among the eight judicial districts for the court-ordered services and graduated sanctions programs shall be managed under the authority of the chief juvenile court officer for each judicial district as follows:

153.17(1) *Allocation.* Each chief juvenile court officer receives an allocation from the state appropriation for the court-ordered services and graduated sanction programs. The chief juvenile court officer is responsible for managing needs for these programs throughout the judicial district within that allocation.

153.17(2) *Budgeting.* The chief juvenile court officer may establish internal budget targets for expenditures from the court-ordered services and graduated sanction programs for the counties comprising the judicial district. Based on budget monitoring and changes in circumstances, a chief juvenile court officer may revise the budget targets established within the judicial district to provide programs most effectively for children within the district.

153.17(3) *Transfer to project.* A chief juvenile court officer may choose to designate and to transfer a portion of the judicial district's allocation for court-ordered services and graduated sanction programs to the funding pool of a decategorization project. The chief juvenile court officer may ask a governance board to accept specific terms and conditions concerning use of this funding. Once funding is transferred to a governance board, the funding is under the management authority of the governance board, subject to any special terms and conditions agreed to by the governance board.

153.17(4) *Communication with the governance board.* The chief juvenile court officer shall regularly communicate with the governance boards within the judicial district to provide data and other information on juvenile justice program allocation amounts, service expenditures and trends, and other issues that may assist the governance boards in service and budget planning.

441—153.18(232) Requirements for annual services plan. Each decategorization project shall annually develop and submit a child welfare and juvenile justice decategorization services plan.

153.18(1) *Content of plan.* The decategorization services plan shall describe:

a. The project's proposed use of funding from the decategorization services funding pool during the state fiscal year.

b. The community planning and needs assessment process that was used in developing the annual decategorization services plan, including information on:

- (1) The community members and organizations that participated in developing the plan; and
- (2) Efforts to coordinate with other community planning initiatives affecting children and families.

c. The project's specific and quantifiable short-term plans and desired results for the state fiscal year and how these plans align with the project's long-term plans to improve outcomes for vulnerable children and families by enhancing service systems.

d. The methods that the project will use to track results and outcomes during the year.

e. The project's plans for monitoring and maintaining fiscal accountability, which shall include monitoring:

- (1) The performance and results achieved by contractors that receive funding; and
- (2) Expenditures from the decategorization services funding pool throughout the state fiscal year.

f. The project's plans to expend projected carryover funds by the conclusion of the state fiscal year.

153.18(2) *Submission of plan.* The decategorization services plan shall be submitted to the department's child welfare administrator and to the Iowa empowerment board by October 1 of each state fiscal year.

441—153.19(232) Requirements for annual progress report. Each decategorization project shall develop and submit an annual progress report.

153.19(1) Content of report. At a minimum, the progress report shall:

- a. Summarize the project's key activities and the progress toward reaching the project's desired outcomes during the previous state fiscal year.
- b. Describe key activities, outcomes, and expenditures for programs and services that received funding from the governance board during the previous state fiscal year.
- c. Describe any lessons learned and planning adjustments made by the governance board during the previous state fiscal year.

153.19(2) Submission of report. The progress report shall be submitted to the department's child welfare administrator and to the Iowa empowerment board by December 1 of each state fiscal year.

These rules are intended to implement Iowa Code Supplement section 232.188.

441—153.20 to 153.30 Reserved.

DIVISION III
MENTAL ILLNESS, MENTAL RETARDATION, AND
DEVELOPMENTAL DISABILITIES—LOCAL SERVICES
[Rescinded IAB 3/6/02, effective 5/1/02]

441—153.31 to 153.50 Reserved.

DIVISION IV
STATE PAYMENT PROGRAM FOR LOCAL MENTAL HEALTH, MENTAL RETARDATION, AND
DEVELOPMENTAL DISABILITIES SERVICES TO ADULTS WITHOUT LEGAL SETTLEMENT

PREAMBLE

The state payment program provides 100 percent state funds to pay for local mental health, mental retardation, and developmental disabilities services for eligible adults who have no legal settlement in Iowa. The state payment program is intended to enable all eligible residents to receive services from the county mental health, mental retardation and developmental disabilities services fund through the county central point of coordination, regardless of the resident's legal settlement status.

Three basic principles underlie the state payment program.

First, duration of residency, including legal settlement, is not an eligibility factor for local mental health, mental retardation, and developmental disabilities service programs. The state payment program ensures that each of the local mental health, mental retardation, and developmental disabilities services provided by an Iowa county to residents who have legal settlement is also available to residents of that county who do not have legal settlement.

Second, each state is responsible to provide care and services for its own residents. Iowa provides for residents of Iowa.

Third, one's own family is of primary importance to one's well-being. Thus, the state payment program emphasizes that care and services for a person be provided near the person's own family, unless this is contraindicated or impossible to provide.

441—153.51(331) Definitions.

"Adult" means a person who is 18 years of age or older and is a United States citizen or a qualified alien as defined in 8 U.S.C. §1641.

"Applicant" means a person for whom payment is requested from the state payment program.

"Approved county management plan" means the county plan for mental health, mental retardation, and developmental disabilities services developed pursuant to Iowa Code section 331.439 that has been approved by the department's director.

"Central point of coordination" or *"CPC"* means the administrative entity designated by a county board of supervisors or by the boards of supervisors of a consortium of counties to act as the single entry point to the service system established under an approved county management plan.

“*County of residence*” means the county in Iowa where, at the time an adult applies for or receives services, the adult is living and has established an ongoing presence with the declared, good-faith intention of living permanently or for an indefinite period. The county of residence of an adult who is a homeless person is the county where the adult usually sleeps. “County of residence” does not mean the county where the adult is present for the purpose of:

1. Attending a college or university; or
2. Receiving services in a hospital, a correctional facility, a nursing facility, an intermediate care facility for persons with mental retardation, or a residential care facility.

The county of residence may be transferred using procedures set forth in subrule 153.53(5).

“*Department*” means the Iowa department of human services.

“*Division*” means the division of mental health and disability services of the department of human services.

“*Homeless person*” means a person who lacks a fixed, regular, and adequate nighttime residence and who has a primary nighttime residence that is one of the following:

1. A supervised publicly or privately operated shelter designed to provide temporary living accommodations.
2. An institution that provides a temporary residence for persons intended to be institutionalized.
3. A public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings.

“*Legal representative*” means a person recognized by law as standing in the place or representing the interests of another; for example, a guardian, conservator, custodian, parent of a minor, or the executor, administrator or next of kin of a deceased person.

“*Legal settlement*” is a legal status as defined in Iowa Code sections 252.16 and 252.17.

“*Member*” means a person authorized by the division to receive benefits from the state payment program.

“*Provider*” means a provider of mental health, mental retardation, or developmental disabilities services that has a valid contract for the service with a county to provide services under a county management plan.

“*Resident,*” for purposes of division IV of this chapter, means a person who is present in the state and who has established an ongoing presence with the declared, good-faith intention of living in Iowa permanently or for an indefinite period.

441—153.52(331) Eligibility requirements. To be eligible for the state payment program, an applicant must meet all of the following conditions.

153.52(1) *Adult status.* The applicant shall be an adult as defined in 441—153.51(331).

153.52(2) *Residency.* The applicant shall be a resident of Iowa, present in the state and without legal settlement in an Iowa county. The applicant shall not be in Iowa for purposes of a visit or vacation nor be traveling through the state to another destination at the time of application for services.

153.52(3) *Eligibility under county management plan.* The applicant shall meet the eligibility criteria established in the approved county management plan for the applicant’s county of residence.

153.52(4) *Payment source.* The applicant shall have no other political entity, organization, or other source responsible for provision of or payment for the needed services nor be eligible to have the service funded or provided at no additional cost to the state by another state-funded or federally funded facility or program. The department may, on a case-by-case basis, attempt collection from a legally responsible entity.

441—153.53(331) Application procedure.

153.53(1) *Initiation of application.* The county CPC or the CPC’s designee shall be responsible for applying for state payment program funding for any person who may be eligible and whose county of residence is that county.

a. When an applicant is awaiting discharge from a state mental health institute or state resource center, the facility’s social worker shall initiate the application and forward it to the CPC of the applicant’s

county of residence for completion. If the applicant has no clear county of residence, the application shall be forwarded to the county where the applicant intends to establish residency upon discharge. This county may be designated by the applicant's declaration.

b. Applications shall be made only with the knowledge and consent of the applicant or the applicant's legal representative.

153.53(2) Application requirements. The CPC or the CPC's designee shall complete the application, preferably in electronic format. A complete application shall include:

a. A funding request for the applicant showing:

- (1) The services being requested,
- (2) The total monthly dollar amount needed for the services requested, and
- (3) The chart of accounts codes from the county billing system for the requested services.

b. A copy of a legal settlement worksheet that is completed in accordance with provisions of Iowa Code chapter 252 and other applicable laws and rulings of courts; and

c. The client profile report (or equivalent) from a CPC application that contains information necessary for the division to enter the member into the data system used for payment processing.

153.53(3) Application submission. The CPC or the CPC's designee shall:

a. Submit the complete application as defined in subrule 153.53(2) to the division within 15 business days of the date the CPC or designee receives a completed and signed CPC application form containing a properly completed legal settlement worksheet.

b. Generate a delivery receipt for the application, whether sent to the division by E-mail, fax, or certified mail. The division may require the delivery receipt when it is alleged that an application was sent but the division has no record of receiving the application.

153.53(4) Application date.

a. Waiting list not in effect. When a waiting list is not in effect, the application date shall be the latest of the following dates:

- (1) The date on court commitment documents,
- (2) The date on the CPC application form, or
- (3) 60 days before the division receives the complete application, if the complete application is received more than 60 days after the date on the CPC application form.

b. Waiting list in effect. When a waiting list is in effect pursuant to subrule 153.54(5), the date of application shall be:

- (1) The date on court commitment documents, or
- (2) The date the application is moved off the waiting list.

153.53(5) Transfer of county of residence. The designated county of residence for an adult may be transferred when it seems more reasonable for the county in which the person is receiving services to assume management of the services.

a. Examples of situations where transfer may be reasonable include, but are not limited to:

(1) The person receiving services has been in a facility for more than a year; and the person no longer has any connection to the county of residence, such as relatives who live there, and, so far as anyone can tell, has no desire to return to the county of residence.

(2) The person receiving services was in the state and county of residence for such a short time before needing services that no real attachment was established in the county of residence.

(3) The person is a student attending a college or university but lives and works in the community 12 months per year.

b. If the county of residence desires a transfer and the county in which the person is receiving services agrees, the county accepting the transfer shall notify the department's state payment program manager. The new county of residence shall complete the application procedures, if necessary, and maintain responsibility for the person's case.

c. If the county of residence desires a transfer and the county in which the services are being received does not agree, the county of residence may appeal for resolution to the residency team established by the mental health, mental retardation, developmental disabilities, and brain injury

commission. Either county may appeal the decision of the residency team using the procedures in 441—Chapter 7.

[ARC 8319B, IAB 12/2/09, effective 11/1/09; ARC 8486B, IAB 1/13/10, effective 1/1/10; ARC 8611B, IAB 3/10/10, effective 4/14/10; ARC 8612B, IAB 3/10/10, effective 4/14/10]

441—153.54(331) Eligibility determination.

153.54(1) Approval by county.

a. The CPC or the CPC's designee shall determine whether an applicant is eligible for services based on the eligibility guidelines contained in the approved county management plan for the applicant's county of residence.

b. The county shall apply any policies and procedures regarding waiting lists to state payment program applicants in the same manner as it applies them to persons who have legal settlement in that county.

153.54(2) Certification by the department. Within 15 business days after receipt of a complete application as specified in subrule 153.53(2), division staff shall certify the applicant's eligibility for the state payment program to the central point of coordination.

a. The applicant's legal settlement status shall be ascertained in accordance with Iowa Code sections 252.16 and 252.17 and with other applicable laws, rulings of courts and opinions of the Iowa attorney general.

b. An application shall be approved only when funds are available. When funds are insufficient, the application shall be placed on a statewide waiting list pursuant to subrule 153.54(5).

153.54(3) Effective date of eligibility.

a. An applicant's eligibility for state payment program funding shall be effective from the application date as defined in subrule 153.53(4).

b. Each member shall be assigned a payment slot number based on the member's application date and commitment status.

(1) Members under a court-ordered involuntary commitment shall be considered the first priority for payment slot number assignment, in order of oldest commitment date first. The CPC shall notify the department within seven days of the date when the commitment order is released. When the commitment order is released, the member shall be reassigned a payment slot according to subparagraph 153.54(5) "b"(2).

(2) Slot number assignment for members who are not under an involuntary commitment order shall be based on the application date. For a member who was on a commitment order which has been released, the application date is the date of the member's first commitment order or the member's original application date, whichever is earliest. If there are multiple members with the same application date, the members will be prioritized by the birth month and day (earliest birth date first). If there are multiple members with the same birth month and day, the last four digits of the members' social security numbers will be used, with the lowest number being considered first.

153.54(4) Notification of eligibility decisions. The CPC or the CPC's designee shall notify the applicant or member of the following decisions in accordance with CPC requirements and procedures:

a. Certification of the applicant's eligibility.

b. A change in a member's services, including termination of service.

153.54(5) Waiting list. The department shall start a waiting list when analysis of submitted expenditure reports indicates that the amount of funds needed to pay for the currently assigned payment slots exceeds the state payment program appropriation.

a. *Notice of waiting list.* The department shall notify county CPCs:

(1) Before implementing a waiting list, and

(2) Promptly when the department determines a waiting list is no longer required.

b. *Placement on the waiting list.* When a waiting list is in effect, all new applications shall be placed on the waiting list with the exception of applicants who are subject to an involuntary commitment. Applicants who are subject to an involuntary commitment are exempted from waiting list placement for the services listed on the court order when the CPC includes a copy of relevant court orders directing

services under Iowa Code chapter 229 for which payment is sought. If this documentation is not included, the application will be placed on the waiting list.

c. Movement off the waiting list. The department shall review the waiting list every 30 days. As funds are determined available, applications shall be moved off of the statewide waiting list. Applicants shall be served on a first-come, first-served basis, as determined by the date and time the complete application is received in the division office.

(1) In cases where applications are received simultaneously, the applicants will be prioritized by the birth month and day (earliest birth date first).

(2) If there are multiple applicants with the same birth month and day, the last four digits of the applicants' social security numbers will be used, with the lowest number being considered first.

d. Notification of applicant status. The department shall notify the CPC of each applicant's status quarterly, unless an application can be removed from the waiting list sooner. When the department notifies the CPC that an application can be removed from the waiting list, the CPC shall:

(1) Verify with the applicant that the services are still needed, and

(2) Notify the applicant that service funding is available for services identified.

[ARC 8319B, IAB 12/2/09, effective 11/1/09; ARC 8486B, IAB 1/13/10, effective 1/1/10; ARC 8611B, IAB 3/10/10, effective 4/14/10; ARC 8612B, IAB 3/10/10, effective 4/14/10]

441—153.55(331) Eligible services. Services eligible for reimbursement under the state payment program are the services defined in the approved county management plan of the applicant's county of residence.

153.55(1) Purchased services.

a. Service management may be provided through a county CPC process during the period for which services are paid.

b. The county may pay for services as long as the member is eligible and the following criteria are met:

(1) The member is receiving a service that requires funding from the state payment program.

(2) The service is provided under the approved county management plan of the member's county of residence.

(3) The member's county of residence provides or pays for the service from the county mental health, mental retardation, and developmental disabilities services fund for persons who have legal settlement in the county.

(4) Service providers bill the other payment systems for which the member is eligible before billing the county of residence.

153.55(2) Excluded costs. The following costs are excluded from payment by the state payment program:

a. Services received before the effective date of eligibility.

b. The cost of local services that the member is eligible to have funded by private sources or by other state or federal programs or funds, such as medical assistance program services or services provided in a state institution.

c. Scheduled appointments or consultations for which the member did not appear.

d. Service management (county chart of accounts numbers beginning with 22-000) for members eligible for Medicaid targeted case management, unless the Iowa plan contractor decertifies the member for case management services.

e. Services described by the following county chart of accounts codes:

(1) 4x03, information and referral.

(2) 4x04, consultation.

(3) 4x11, direct administrative.

(4) 4x12, purchased administrative.

(5) 4x21-374, case management Medicaid match.

(6) 4x32-328, home/vehicle modification.

[ARC 8486B, IAB 1/13/10, effective 1/1/10; ARC 8612B, IAB 3/10/10, effective 4/14/10]

441—153.56(331) Program administration.**153.56(1) CPC responsibilities.**

a. Financial participation on the part of the member shall be governed by the financial participation provisions of the approved county management plan of the member's county of residence.

b. The CPC or the CPC's designee shall submit to the division's state payment program manager by the fifth business day of each month a report on the eligible services paid for during the previous month. The report shall be submitted electronically and shall include the following data in each record:

- (1) The calendar month and year in which the county made the payment.
- (2) The name of the county submitting the information.
- (3) The member's name.
- (4) The member's state identification number.
- (5) The member's identification number as assigned under subparagraph 153.56(2) "a"(2).
- (6) The member's diagnostic group code.
- (7) The provider's name.
- (8) The chart of accounts code for each service paid.
- (9) The number of units paid (if applicable).
- (10) The beginning date of each service for which the county paid.
- (11) The ending date of each service for which the county paid.
- (12) The dollar amount paid.

c. The CPC or the CPC's designee shall include payments made on behalf of members in the data warehouse annual reports required by 441—Chapter 25, Division IV.

153.56(2) Department responsibilities. As the sponsoring agency, the department shall be responsible for:

a. Enrolling members as necessary to produce payment to the counties, including:

- (1) Maintaining member information in the data system for payment;
- (2) Notifying counties of the member identification number required for billing; and
- (3) Closing data system files on members as directed by the counties, or when the member has not had any payments processed for a six-month period.

b. Verifying receipt of monthly payment report files. Within 15 business days of receipt of each county's monthly payment report file, the department shall:

- (1) Identify the county's payment amount for that month and the number of clients included in the payment; and
- (2) Notify the county of any clients whose costs were denied and the reason for the denial.

c. Generating and reconciling payments to the counties.

d. Receiving and auditing reports of member activity and expenditures from the counties.

153.56(3) Payment to counties. The following policies shall govern payment to counties for services furnished to members:

a. Monthly payment. Beginning in May 2007, the department shall make a monthly payment to each county based on the expense report for the previous month that was submitted by the county pursuant to paragraph 153.56(1) "b." The department shall process monthly payments by the twentieth day of each month.

b. Prospective payment. The department may make a prospective payment to the county for cash flow purposes by July 10 of each year.

(1) The prospective payment shall be based on the sum of the expense reports that the department received from the county in April, May, and June of that year.

(2) For the state fiscal year ending June 30, 2007, the payments made to the county on or before April 1, 2007, shall be considered the prospective payment.

c. Payment reconciliation. The department and counties shall reconcile the total of the prospective payment and monthly payments made to a county with the total actual expenses paid by the county for that same period.

d. Payment adjustment. Beginning in April of each year, the department may adjust the monthly payment to the county to:

- (1) Spend down the balance of the prospective payments previously made; or
 - (2) Make additional payment to ensure that the county has sufficient moneys for cash flow purposes.
- e. Deductions.* For the state fiscal year ending June 30, 2007, moneys that the county received but did not expend, according to the report required by paragraph 153.56(1)“b,” shall be deducted from the county’s subsequent payment.

[ARC 8486B, IAB 1/13/10, effective 1/1/10; ARC 8612B, IAB 3/10/10, effective 4/14/10]

441—153.57(331) Reduction, denial, or termination of benefits. The member’s state payment program benefits may be denied, terminated, or reduced according to the provisions of the approved county management plan of the member’s county of residence.

153.57(1) Termination of eligibility. A member shall remain eligible until:

- a.* Reimbursement for episodic commitment costs has been made to the county if the member was enrolled for commitment costs only;
- b.* The CPC in the county of residence notifies the state payment program manager that the member is no longer eligible;
- c.* No services have been reported for the member for six months; or
- d.* The member is disenrolled pursuant to subrule 153.57(2).

153.57(2) Disenrollment. If instituting a waiting list does not adequately address the funding shortfall, the department shall begin disenrollment of members.

a. Members who are enrolled and receiving services being reimbursed by the state and who are not under court-ordered involuntary commitment shall be disenrolled beginning with the highest payment slot number first.

b. The department shall notify the member and the CPC when a member is to be disenrolled. The department shall give the member at least ten days’ notice of disenrollment pursuant to rule 441—7.7(17A). The department shall give a member receiving any residential service 30 days’ notice of disenrollment from the program consistent with department of inspections and appeals’ rule 481—57.36(135C).

c. Any member who is disenrolled shall be placed on the waiting list as provided in subrule 153.54(5).

[ARC 8486B, IAB 1/13/10, effective 1/1/10; ARC 8612B, IAB 3/10/10, effective 4/14/10]

441—153.58(331) Appeals.

153.58(1) Decisions regarding denial or termination of state payment program eligibility, including disenrollment, may be appealed to the department pursuant to 441—Chapter 7. Continuation of assistance will be granted pursuant to rule 441—7.9(17A).

153.58(2) Decisions (other than eligibility) adversely affecting applicants or members shall be appealed pursuant to the county CPC’s appeal provisions.

[ARC 8319B, IAB 12/2/09, effective 11/1/09; ARC 8486B, IAB 1/13/10, effective 1/1/10; ARC 8611B, IAB 3/10/10, effective 4/14/10]

These rules are intended to implement Iowa Code section 331.440.

CHAPTER 154

Rescinded IAB 9/6/89, effective 11/1/89

[See 441—Chapter 168]

CHAPTER 155
CHILD ABUSE PREVENTION PROGRAM

[Prior to 7/1/83, Social Services[770] Ch 146]
[Previously appeared as Ch 146—renumbered IAB 2/29/84]
[Prior to 2/11/87, Human Services[498]]

PREAMBLE

These rules define and structure the child abuse prevention program. Services are provided through multiple local grant projects, as well as a single statewide performance-based contract for the administration of community-based child abuse prevention projects.

[ARC 3495C, IAB 12/6/17, effective 1/10/18]

441—155.1(235A) Definitions.

“*Advisory committee*” or “*committee*” means the child abuse prevention program advisory committee authorized by Iowa Code section 217.3A.

“*Child abuse prevention program*” or “*program*” means the program established by Iowa Code section 235A.1. Use of either term in the context of this chapter refers to the program as a whole rather than individual projects funded under the program.

“*Community-based volunteer coalition or council*” or “*community council*” means that group of persons who, by consensus of a community’s human service providers, represent that community’s interests in the area of prevention of child abuse and neglect and who serve in that representational capacity without compensation. The consensus of the community’s human service providers may be demonstrated through letters of support or similar documentation.

“*Contractor*” means the single agency or organization with which the department contracts for the administration of the child abuse prevention program.

“*Department*” means the Iowa department of human services.

“*Director*” means the director of the department of human services.

“*Fiscal year*” means the 12-month period for which child abuse prevention program funds are appropriated.

“*Grant project*” means a project funded under the child abuse prevention program as awarded by the department.

[ARC 9489B, IAB 5/4/11, effective 4/15/11; ARC 3495C, IAB 12/6/17, effective 1/10/18]

441—155.2(235A) Contract for program administration. The department shall contract for the administration of the child abuse prevention program through formal competitive procurement conducted according to all applicable state and federal procurement laws.

155.2(1) Eligibility requirements. Eligibility for the program administration contract is limited to statewide agencies or organizations that make maximum use of voluntary administrative services.

155.2(2) Duties. The department shall contract with a single agency or organization to:

a. Administer the grant projects awarded through the appropriated funds and any grants, gifts or bequests to the department that are specifically designated by their source for use in the child abuse prevention program; and

b. Study and evaluate community-based prevention projects and educational programs for the problems of families and children in accordance with the provisions of Iowa Code section 235A.1 and this chapter.

[ARC 9489B, IAB 5/4/11, effective 4/15/11; ARC 3495C, IAB 12/6/17, effective 1/10/18]

441—155.3(235A) Awarding of grants. In any year in which funding is appropriated or otherwise made available for the child abuse prevention program, the contractor shall solicit new grant project proposals or renew existing projects when eligible and in accordance with all applicable state and federal procurement laws. Funds for the grant projects shall be applied for and received by community-based volunteer coalitions or councils. Grant projects may be awarded to fund the establishment or expansion of community-based prevention projects or educational programs for the prevention of child abuse and neglect.

155.3(1) The advisory committee shall establish specific program goals for each fiscal year in which program funds are appropriated and new contracts are issued. These program goals shall address the current and emerging needs of children and families throughout the state.

155.3(2) The contractor shall assist the department in widely disseminating a request for grant project proposals consistent with all state and federal procurement requirements. The request for grant project proposals shall fully describe the child abuse prevention program goals and the procedures for applying for and receiving program funds.

155.3(3) All grant project proposals shall be reviewed by an independent review committee in accordance with all applicable state and federal procurement laws. The contractor shall assist the department in the review and shall consult with the advisory committee on grant project award recommendations. The department will consider the recommendations of the committee but will have final decision-making authority on the awarding of grantee contracts. The committee shall advise the department as to the contractor's compliance with the established program goals.

[ARC 9489B, IAB 5/4/11, effective 4/15/11; ARC 3495C, IAB 12/6/17, effective 1/10/18]

441—155.4(235A) Grantee requirements. In order to receive funding from the department, community councils must be legal entities or must designate a legal entity to receive the project funds directly (e.g., a local service provider).

155.4(1) Grantees, or the identified service providers, shall participate in program evaluation as required by the contractor and the department.

155.4(2) Grantees, or the identified service providers, that provide family support services under the program shall enter participant data in the state-administered, Internet-based data collection system identified in Iowa Code section 256I.13(3) and maintained by the Iowa department of public health.

[ARC 3495C, IAB 12/6/17, effective 1/10/18]

These rules are intended to implement Iowa Code sections 235A.1 and 235A.2.

CHAPTER 156
PAYMENTS FOR FOSTER CARE

[Prior to 7/1/83, Social Services[770] Ch 137]
[Previously appeared as Ch 137—renumbered IAB 2/29/84]
[Prior to 2/11/87, Human Services[498]]

441—156.1(234) Definitions.

“*Child welfare services*” means age-appropriate activities to maintain a child’s connection to the child’s family and community, to promote reunification or other permanent placement, and to facilitate a child’s transition to adulthood.

“*Cost of foster care*” means the maintenance and supervision costs of foster family care, the maintenance costs and child welfare service costs of group care, and the maintenance and service costs of supervised apartment living and shelter care. The cost for foster family care supervision and for supervised apartment living services provided directly by the department caseworker shall be \$250 per month. When using this average monthly charge results in unearned income or parental liability being collected in excess of the cost of foster care, the excess funds shall be placed in the child’s escrow account. The cost for supervised apartment living services purchased from a private provider shall be the actual costs paid by the department.

“*Department*” means the Iowa department of human services and includes the local offices of the department.

“*Director*” means the director of the department of human services or the director’s designee.

“*Earned income*” means income in the form of a salary, wages, tips, bonuses, commissions earned as an employee, income from job corps or profit from self-employment.

“*Escrow account*” means an interest bearing account in a bank or savings and loan association that is maintained by the department in the name of a particular child.

“*Family foster care supervision*” means the support, assistance, and oversight provided by department caseworkers to children in family foster care and directed toward achievement of the child’s permanency plan goals.

“*Foster care*” means substitute care furnished on a 24-hour-a-day basis to an eligible child in a licensed or approved facility by a person or agency other than the child’s parent or guardian but does not include care provided in a family home through an informal arrangement for a period of 20 days or less. Child foster care shall include but is not limited to the provision of food, lodging, training, education, supervision and health care.

“*Foster family care*” means foster care provided by a foster family licensed by the department according to 441—Chapter 113 or licensed or approved by the placing state. The care includes the provision of food, lodging, clothing, transportation, recreation, and training that is appropriate for the child’s age and mental and physical capacity.

“*Group care maintenance*” means food, clothing, shelter, school supplies, personal incidentals, daily care, general parenting, discipline, and supervision of children to ensure their well-being and safety, and administration of maintenance items provided in a group care facility.

“*Income*” means earned and unearned income.

“*Inflation factor*” means the amount by which the consumer price index for all urban consumers increased during the calendar year ending December 31 that preceded the contractor’s fiscal year end.

“*Intellectual disabilities professional*” means a psychologist, physician, registered nurse, educator, social worker, physical or occupational therapist, speech therapist or audiologist who meets the educational requirements for the profession, as required in the state of Iowa, and has at least one year of experience working with persons with an intellectual disability.

“*Mental health professional*” means a person who meets all of the following conditions:

1. Holds at least a master’s degree in a mental health field including, but not limited to, psychology, counseling and guidance, psychiatric nursing and social work; or is a doctor of medicine or osteopathic medicine; and

2. Holds a current Iowa license when required by the Iowa professional licensure laws (such as a psychiatrist, a psychologist, a marital and family therapist, a mental health counselor, an advanced registered nurse practitioner, a psychiatric nurse, or a social worker); and

3. Has at least two years of postdegree experience supervised by a mental health professional in assessing mental health problems, mental illness, and service needs and in providing mental health services.

“Parent” means the biological or adoptive parent of the child.

“Parental liability” means a parent’s liability for the support of a child during the period of foster care placement. Liability shall be determined pursuant to 441—Chapter 99, Division I.

“Physician” means a licensed medical or osteopathic doctor as defined in Iowa Code section 135.1(4).

“Prevailing rate” means the maximum combined service and maintenance reimbursement rate the department pays to contracted shelter care providers as authorized by the legislature.

“Provider” means the entity that has executed a contract with the department to provide services.

“Service area manager” means the department employee or designee responsible for managing department offices and personnel within the service area and for implementing policies and procedures of the department.

“Special needs child” means a child with needs for emotional care, behavioral care, or physical and personal care that require additional skills, knowledge, or responsibility on the part of the foster parents, as measured by Form 470-4401, Foster Child Behavioral Assessment. See subrule 156.6(4).

“Unearned income” means any income that is not earned income and includes supplemental security income (SSI) and other funds available to a child residing in a foster care placement.

This rule is intended to implement Iowa Code section 234.39.

[ARC 7606B, IAB 3/11/09, effective 5/1/09; ARC 7741B, IAB 5/6/09, effective 7/1/09; ARC 8010B, IAB 7/29/09, effective 10/1/09; ARC 2885C, IAB 1/4/17, effective 3/1/17]

441—156.2(234) Foster care recovery. The department shall recover the cost of foster care provided by the department pursuant to the rules in this chapter and the rules in 441—Chapter 99, Division I, which establishes policies and procedures for the computation and collection of parental liability.

156.2(1) Funds shall be applied to the cost of foster care in the following order and each source exhausted before utilizing the next funding source:

- a. Unearned income of the child.
- b. Parental liability of the noncustodial parent.
- c. Parental liability of custodial parent(s).

156.2(2) The department shall serve as payee to receive the child’s unearned income. When a parent or guardian is not available or is unwilling to do so, the department shall be responsible for applying for benefits on behalf of a child placed in the care of the department. Until the department becomes payee, the payee shall forward benefits to the department. For voluntary foster care placements of children aged 18 and over, the child is the payee for the unearned income. The child shall forward these benefits, up to the actual cost of foster care, to the department.

156.2(3) The custodial parent shall assign child support payments to the department.

156.2(4) Unearned income of a child and parental liability of the noncustodial parent shall be placed in an account from whence it shall be applied toward the cost of the child’s current foster care and the remainder placed in an escrow account.

156.2(5) When a child has funds in escrow these funds may be used by the department to meet the current needs of the child not covered by the foster care payments and not prohibited by the source of the funds.

156.2(6) When the child leaves foster care, funds in escrow shall be paid to the custodial parent(s) or guardian or to the child when the child has attained the age of majority, unless a guardian has been appointed.

156.2(7) When a child who has unearned income returns home after the first day of a month, the remaining portion of the unearned income (based on the number of days in the particular month) shall

be made available to the child and the child's parents, guardian or custodian, if the child is eligible for the unearned income while in the home of a parent, guardian or custodian.

This rule is intended to implement Iowa Code section 234.39.

441—156.3(252C) Computation and assessment of parental liability. Rescinded IAB 3/13/96, effective 5/1/96.

441—156.4(252C) Redetermination of liability. Rescinded IAB 3/13/96, effective 5/1/96.

441—156.5(252C) Voluntary payment. Rescinded IAB 3/13/96, effective 5/1/96.

441—156.6(234) Rate of maintenance payment for foster family care.

156.6(1) Basic rate. A monthly payment for care in a foster family home licensed in Iowa shall be made to the foster family based on the following schedule:

<u>Age of child</u>	<u>Daily rate</u>
0 through 5	\$16.78
6 through 11	\$17.45
12 through 15	\$19.10
16 or over	\$19.35

156.6(2) Out-of-state rate. A monthly payment for care in a foster family home licensed or approved in another state shall be made to the foster family based on the rate schedule in effect in Iowa, except that the service area manager or designee may authorize a payment to the foster family at the rate in effect in the other state if the child's family lives in that state and the goal is to reunite the child with the family.

156.6(3) Mother and child in foster care. When the child in foster care is a mother whose young child is in placement with her, the rate paid to the foster family shall be based on the daily rate for the mother according to the rate schedule in subrules 156.6(1) and 156.6(4) and for the child according to the rate schedule in subrule 156.6(1). The foster parents shall provide a portion of the young child's rate to the mother to meet the partial maintenance needs of the young child as defined in the case permanency plan.

156.6(4) Difficulty of care payment.

a. For placements made before January 1, 2007, when foster parents provide care to a special needs child, the foster family shall be paid the basic maintenance rate plus \$5 per day for extra expenses associated with the child's special needs. This rate shall continue for the duration of the placement.

b. When a foster family provides care to a sibling group of three or more children, an additional payment of \$1 per day per child may be authorized for each nonspecial needs child in the sibling group.

c. When the foster family's responsibilities in the case permanency plan include providing transportation related to family or preplacement visits outside the community in which the foster family lives, the department worker may authorize an additional maintenance payment of \$1 per day. Expenses over the monthly amount may be reimbursed with prior approval by the worker. Eligible expenses shall include the actual cost of the most reasonable passenger fare or gas.

d. Effective January 1, 2007, when a foster family provides care to a child who was receiving behavioral management services for children in therapeutic foster care in that placement as of October 31, 2006, the foster family shall be paid the basic maintenance rate plus \$15 per day for that child. This rate shall continue for the duration of the placement.

e. Effective January 1, 2007, when a service area manager determines that as of October 31, 2006, a foster family was providing care for a child comparable to behavioral management services for children in therapeutic foster care, except that the placement is supervised by the department and the child's treatment plan is supervised by a physician, a mental health professional, or an intellectual disabilities professional, the foster family shall be paid the basic maintenance rate plus \$15 per day for that child. This rate shall continue for the duration of the placement.

f. For placements made on or after January 1, 2007, the supervisor may approve an additional maintenance payment above the basic rate in subrule 156.6(1) to meet the child's special needs as identified by the child's score on Form 470-4401, Foster Child Behavioral Assessment. The placement worker shall complete Form 470-4401 within 30 days of the child's initial entry into foster care.

(1) Additional maintenance payments made under this paragraph shall begin no earlier than the first day of the month following the month in which Form 470-4401 is completed and shall be awarded as follows:

1. Behavioral needs rated at level 1 qualify for a payment of \$4.81 per day.
2. Behavioral needs rated at level 2 qualify for a payment of \$9.62 per day.
3. Behavioral needs rated at level 3 qualify for a payment of \$14.44 per day.

(2) The department shall review the child's need for this difficulty of care maintenance payment using Form 470-4401:

1. Whenever the child's behavior changes significantly;
2. When the child's placement changes;
3. After termination of parental rights, in preparation for negotiating an adoption subsidy or pre-subsidy payment; and

4. Before a court hearing on guardianship subsidy.

g. All maintenance payments, including difficulty of care payments, shall be documented on Form 470-0716, Foster Family Placement Contract.

h. Rescinded IAB 1/3/07, effective 1/1/07.

156.6(5) *Payment method.* All foster family maintenance payments shall be made directly to the foster family.

156.6(6) *Return of overpayments.* When a foster family has received payments in excess of those allowed under this chapter, the department caseworker shall ask the foster family to return the overpayment. If the foster family is returning the overpayment to the department, the caseworker will note the monthly amount the foster family agrees to pay in the family's case file. The amount returned shall not be less than \$50 per month.

This rule is intended to implement Iowa Code section 234.38 and 2013 Iowa Acts, Senate File 446, sections 18 and 19.

[ARC 8010B, IAB 7/29/09, effective 10/1/09; ARC 8451B, IAB 1/13/10, effective 1/1/10; ARC 8653B, IAB 4/7/10, effective 5/12/10; ARC 8904B, IAB 6/30/10, effective 7/1/10; ARC 9778B, IAB 10/5/11, effective 11/9/11; ARC 0240C, IAB 8/8/12, effective 7/11/12; ARC 0419C, IAB 10/31/12, effective 12/5/12; ARC 0858C, IAB 7/24/13, effective 7/1/13; ARC 1061C, IAB 10/2/13, effective 11/6/13; ARC 2885C, IAB 1/4/17, effective 3/1/17]

441—156.7(234) Purchase of family foster care services. Rescinded IAB 5/6/09, effective 7/1/09.

441—156.8(234) Additional payments.

156.8(1) *Clothing allowance.* When, in the judgment of the worker, clothing is needed at the time the child is removed from the child's home and placed in foster care, an allowance may be authorized, not to exceed \$237.50, to purchase clothing.

a. Once during each calendar year that the child remains in foster care, the department worker may authorize another clothing allowance, not to exceed \$190 for family foster care and \$100 for all other levels when:

- (1) The child needs clothing to replace lost clothing or because of growth or weight change, and
- (2) The child does not have escrow funds to cover the cost.

b. When clothing is purchased by the foster family, the foster family shall submit receipts to the worker within 30 days of purchase for auditing purposes, using Form 470-1952, Foster Care Clothing Allowance.

156.8(2) *Supervised apartment living.* Effective July 1, 2013, when a child is initially placed in supervised apartment living, the service area manager or designee may authorize an allowance not to exceed \$630 if the child does not have sufficient resources to cover initial costs.

156.8(3) *Medical care.* When a child in foster care needs medical care or examinations which are not covered by the Medicaid program and no other source of payment is available, the cost may be paid from

foster care funds with the approval of the service area manager or designee. Eligible costs shall include emergency room care, medical treatment by out-of-state providers who refuse to participate in the Iowa Medicaid program, and excessive expenses for nonprescription drugs or supplies. Requests for payment for out-of-state medical treatment and for nonprescription drugs or supplies shall be approved prior to the care being provided or the drugs or supplies purchased. Claims shall be submitted to the department on Form GAX, General Accounting Expenditure, within 90 days after the service is provided. The rate of payment shall be the same as allowed under the Iowa Medicaid program.

156.8(4) *Transportation for medical care.* When a child in foster family care has expenses for transportation to receive medical care which cannot be covered by the Medicaid program, the expenses may be paid from foster care funds, with the approval of the service area manager. The claim for all the expenses shall be submitted to the department on Form GAX, General Accounting Expenditure, within 90 days after the trip. This payment shall not duplicate or supplement payment through the Medicaid program. The expenses may include the actual cost of meals, parking, child care, lodging, passenger fare, or mileage at the rate granted state employees.

156.8(5) *Funeral expense.* When a child under the guardianship of the department dies, the department will pay funeral expenses not covered by the child's resources, insurance or other death benefits, the child's legal parents, or the child's county of legal settlement, not to exceed \$650.

The total cost of the funeral and the goods and services included in the total cost shall be the same as defined in rule 441—56.3(239,249).

The claim shall be submitted by the funeral director to the department on Form GAX, General Accounting Expenditure, and shall be approved by the service area manager. Claims shall be submitted within 90 days after the child's death.

156.8(6) *School fees.* Payment for required school fees of a child in foster family care or supervised apartment living that exceed \$5 may be authorized by the department worker in an amount not to exceed \$50 per calendar year if the child does not have sufficient escrow funds to cover the cost. Required school fees shall include:

- a. Fees required for participation in school or extracurricular activities; and
- b. Fees related to enrolling a child in preschool when a mental health professional or an intellectual disabilities professional has recommended school attendance.

156.8(7) *Respite care.* Respite care for a child in family foster care shall be for up to 24 days per calendar year per placement. Except for a certified respite provider, respite shall be provided by a licensed foster family. The payment rate to the respite foster family shall be the rate authorized under rule 441—156.6(234) to meet the needs of the child. Certified respite providers deliver foster child respite services in the foster family home for at least five hours a day at \$20 per day.

156.8(8) *Tangible goods, child care, and ancillary services.* To the extent that a foster child's escrow funds are not available, the service area manager or designee may authorize reimbursement to foster parents for the following:

a. Tangible goods for a special needs child including, but not limited to, building modifications, medical equipment not covered by Medicaid, specialized educational materials not covered by educational funds, and communication devices not covered by Medicaid.

b. Child care services when the foster parents are working, the child is not in school, and the provision of child care is identified in the child's case permanency plan.

(1) Child care services shall be provided by a licensed foster parent or a licensed or registered child care provider when available.

(2) When foster parents elect to become child care providers, they shall be registered pursuant to 441—Chapter 110.

c. Ancillary services needed by the foster parent to meet the needs of a special needs child including, but not limited to, specialized classes when directed by the case permanency plan.

d. Ancillary services needed by the special needs child including, but not limited to, recreation fees, in-home tutoring and specialized classes not covered by education funds.

e. Requests for tangible goods, child care, and ancillary services shall be submitted to the service area manager for approval on Form 470-3056, Request for Tangible Goods, Child Care, and Ancillary

Services. Payment rates for tangible goods and ancillary services shall be comparable to prevailing community standards. Payment rates for child care shall be established pursuant to 441—subrule 170.4(7).

f. Prior payment authorization shall be issued by the service area manager before tangible goods, child care, and ancillary services are purchased by or for foster parents.

This rule is intended to implement Iowa Code section 234.35.

[ARC 7606B, IAB 3/11/09, effective 5/1/09; ARC 8010B, IAB 7/29/09, effective 10/1/09; ARC 8451B, IAB 1/13/10, effective 1/1/10; ARC 8653B, IAB 4/7/10, effective 5/12/10; ARC 9778B, IAB 10/5/11, effective 11/9/11; ARC 0856C, IAB 7/24/13, effective 7/1/13; ARC 1062C, IAB 10/2/13, effective 11/6/13; ARC 2885C, IAB 1/4/17, effective 3/1/17; ARC 3185C, IAB 7/5/17, effective 9/1/17]

441—156.9(234) Rate of payment for foster group care.

156.9(1) *In-state reimbursement.* Effective July 1, 2014, contracted foster group care facilities licensed or approved in the state of Iowa shall be paid for group care maintenance and child welfare services in accordance with contracted terms.

a. Additional payment for group care maintenance may be authorized if a facility provides care for a mother and her young child according to subrule 156.9(4).

b. No less than annually, the department shall redetermine the allocation of the combined child welfare service per diem rate between the maintenance and service portions plus the inflation factor based on review of the verified Form 470-5421, Combined Cost Report. If the new allocation differs from the current allocation, the department shall:

(1) Reallocate the combined child welfare service per diem for foster group care between the maintenance and service portions plus the inflation factor of the combined rate; and

(2) Notify all providers of any change in the allocation between maintenance and service rates.

156.9(2) *Out-of-state group care payment rate.* When the department determines that appropriate care is not available in Iowa and a licensed or approved contractor outside Iowa is used, the payment rate for contracted foster group care services shall be the Iowa rate unless the director grants an exception. The rate shall not exceed the rate paid for clients from that state.

156.9(3) *Out-of-state placement determination.*

a. Placement. When determining whether appropriate care is available within the state, the director shall consider each of the following:

(1) Whether the child's treatment needs are exceptional.

(2) Whether appropriate in-state alternatives are available.

(3) Whether an appropriate in-state alternative could be developed by using juvenile court-ordered service funds or wrap-around funds.

(4) Whether the placement and additional payment are expected to be time-limited with anticipated outcomes identified.

(5) If the placement has been approved by the service area manager or chief juvenile court officer.

b. Procedure. The service area manager or chief juvenile court officer shall submit the request for director's exception to the Appeals Section, Department of Human Services, Hoover State Office Building, Fifth Floor, Des Moines, Iowa 50319-0114. This request shall be made in advance of placing the child and should allow a minimum of two weeks for a response. The request shall contain documentation addressing the criteria for director's approval listed in paragraph 156.9(3) "a."

c. Appeals. The decision of the director regarding approval of an exception to the rate determination in rule 441—156.9(234) is not appealable.

156.9(4) *Mother-young child rate.* When a group foster care facility provides foster care for a mother and her young child, an additional maintenance rate shall cover the maintenance needs of the young child. No additional amount shall be allowed for service needs of the child.

a. The rate shall be set in the provider contract. The young child maintenance rate shall be limited to the costs associated with food, clothing, shelter, personal incidentals, and supervision for each young child and shall not exceed the maintenance rate for the mother. Costs for day care shall not be included in the maintenance rate.

b. Unless the court has transferred custody from the mother, the mother shall have primary responsibility for providing supervision and parenting for the young child. The facility shall provide

services to the mother to assist her to meet her parenting responsibilities and shall monitor her care of the young child.

c. The provider shall provide services to the mother to assist her to:

- (1) Obtain a high school diploma or high school equivalency.
- (2) Develop preemployment skills.
- (3) Establish paternity for her young child whenever appropriate.
- (4) Obtain child support for the young child whenever paternity is established.

d. The provider shall maintain information in the mother's file on:

(1) The involvement of the mother's parents or of other adults.
 (2) The involvement of the father of the minor's child, including steps taken to establish paternity, if appropriate.

(3) A decision of the minor to keep and raise her young child.

(4) Plan for the minor's completion of high school or a high school equivalency program.

(5) The parenting skills of the minor parent.

(6) Child care and transportation plans for education, training or employment.

(7) Ongoing health care of the mother and child.

(8) Other services as needed to address personal or family problems or to facilitate the personal growth and development toward economic self-sufficiency of the minor parent and young child.

e. The provider shall designate \$35 of the young child rate as an allowance to the mother to meet the maintenance needs of her young child, as defined in her case permanency plan.

This rule is intended to implement Iowa Code sections 234.6 and 234.38.

[ARC 7741B, IAB 5/6/09, effective 7/1/09; ARC 8715B, IAB 5/5/10, effective 7/1/10; ARC 9778B, IAB 10/5/11, effective 11/9/11; ARC 1523C, IAB 7/9/14, effective 7/1/14; ARC 1607C, IAB 9/3/14, effective 10/8/14; ARC 2885C, IAB 1/4/17, effective 3/1/17]

441—156.10(234) Payment for reserve bed days.

156.10(1) Group care facilities. The department shall provide payment for group care maintenance and child welfare services according to the following requirements.

a. *Family visits.* Reserve bed payment shall be made for days a child is absent from the facility for family visits when the absence is in accord with the following:

(1) The visits shall be consistent with the child's case permanency plan.

(2) The facility shall notify the worker of each visit and its planned length prior to the visit.

(3) The intent of the department and the facility shall be for the child to return to the facility after the visit.

(4) Staff from the facility shall be available to provide support to the child and family during the visit.

(5) Payment shall be canceled and payments returned if the facility refuses to accept the child back.

(6) If the department and the facility agree that the return would not be in the child's best interest, payment shall be canceled effective the day after the joint decision not to return the child.

(7) Payment shall be canceled effective the day after a decision is made by the court or parent in a voluntary placement not to return the child.

(8) Payment shall not exceed 14 consecutive days, except upon prior written approval of the service area manager. In no case shall payment exceed 30 consecutive days.

(9) The provider shall document the use of reserve bed days in the daily log and report the number of reserve bed days claimed in the quarterly report.

b. *Hospitalization.* Reserve bed payment shall be made for days a child is absent from the facility for hospitalization when the absence is in accord with the following:

(1) The facility shall contact the worker at least 48 hours in advance of a planned hospitalization and within 24 hours after an unplanned hospitalization.

(2) The intent of the department and the facility shall be for the child to return to the facility after the hospitalization.

(3) Staff from the facility shall be available to provide support to the child and family during the hospitalization.

(4) Payment shall be canceled and payments returned if the facility refuses to accept the child back.
(5) If the department and the facility agree that the return would not be in the child's best interest, payment shall be canceled effective the day after the joint decision not to return the child.

(6) Payment shall be canceled effective the day after a decision is made by the court or parent in a voluntary placement not to return the child.

(7) Payment shall not exceed 14 consecutive days, except upon prior written approval of the service area manager. In no case shall payment exceed 30 consecutive days.

(8) The provider shall document the use of reserve bed days in the daily log and report the number of reserve bed days claimed in the quarterly report.

c. Runaways. Reserve bed payment shall be made for days a child is absent from the facility after the child has run away when the absence is in accord with the following:

(1) The facility shall notify the worker within 24 hours after the child runs away.

(2) The intent of the department and the facility shall be for the child to return to the facility once the child is found.

(3) Payment shall be canceled and payments returned if the facility refuses to accept the child back.

(4) If the department and the facility agree that the return would not be in the child's best interest, payment shall be canceled effective the day after the joint decision not to return the child.

(5) Payment shall be canceled effective the day after a decision is made by the court or parent in a voluntary placement not to return the child.

(6) Payment shall not exceed 14 consecutive days, except upon prior written approval of the service area manager. In no case shall payment exceed 30 consecutive days.

(7) The provider shall document the use of reserve bed days in the daily log and report the number of reserve bed days claimed in the quarterly report.

d. Preplacement visits. Reserve bed payment shall be made when a child is making a planned preplacement visit to another foster care placement or an adoptive placement when the absence is in accord with the following:

(1) The visits shall be consistent with the child's case permanency plan.

(2) The intent of the department and the facility shall be for the child to return to the facility.

(3) Staff from the facility shall be available to provide support to the child and provider during the visit.

(4) Payment shall be canceled and payment returned if the facility refuses to accept the child back.

(5) Payment shall not exceed two consecutive days.

(6) The provider shall document the use of reserve bed days in the daily log and report the number of reserve bed days claimed in the quarterly report.

156.10(2) Foster family care.

a. Family visits. Reserve bed payment shall be made for days a foster child is absent from the foster family home for family visits when the absence is in accord with the following:

(1) The visits shall be consistent with the child's case permanency plan.

(2) The intent of the department and the foster family shall be for the child to return to the foster family home after the visit.

(3) Payment shall be canceled and payments returned if the foster family refuses to accept the child back.

(4) If the department and the foster family agree that the return would not be in the child's best interest, payment shall be canceled effective the day after the joint decision not to return the child.

(5) Payment shall be canceled effective the day after a decision is made by the court or parent in a voluntary placement not to return the child.

(6) Payment shall not exceed 14 consecutive days, except upon prior written approval of the service area manager. In no case shall payment exceed 30 consecutive days.

b. Hospitalization. Reserve bed payment shall be made for days a foster child is absent from the foster family home for hospitalization when the absence is in accord with the following:

(1) The intent of the department and the foster family shall be for the child to return to the foster family home after the hospitalization.

(2) Payment shall be canceled and payments returned if the foster family refuses to accept the child back.

(3) If the department and the foster family agree that the return would not be in the child's best interest, payment shall be canceled effective the day after the joint decision not to return the child.

(4) Payment shall be canceled effective the day after a decision is made by the court or parent in a voluntary placement not to return the child.

(5) Payment shall not exceed 14 consecutive days, except upon prior written approval of the service area manager. In no case shall payment exceed 30 consecutive days.

c. Runaways. Reserve bed payment shall be made for days a foster child is absent from the foster family home after the child has run away when the absence is in accord with the following:

(1) The foster family shall notify the worker within 24 hours after the child runs away.

(2) The intent of the department and the foster family shall be for the child to return to the foster family home once the child is found.

(3) Payment shall be canceled and payments returned if the foster family refuses to accept the child back.

(4) If the department and the foster family agree that the return would not be in the child's best interest, payment shall be canceled effective the day after the joint decision not to return the child.

(5) Payment shall be canceled effective the day after a decision is made by the court or parent in a voluntary placement not to return the child.

(6) Payment shall not exceed 14 consecutive days, except upon prior written approval of the service area manager. In no case shall payment exceed 30 consecutive days.

d. Preplacement visits. Reserve bed payment shall be made when a foster child is making a planned preplacement visit to another foster care placement or an adoptive placement when the absence is in accord with the following:

(1) The visits shall be consistent with the child's case permanency plan.

(2) The intent of the department and the foster family home shall be for the child to return to the foster family home.

(3) Payment shall be canceled and payment returned if the foster family home refuses to accept the child back.

(4) Payment shall not exceed two consecutive days.

156.10(3) Shelter care facilities.

a. Hospitalization. Reserve bed payment shall be made for days a child is absent from the facility for hospitalization when the absence is in accord with the following:

(1) The facility shall contact the worker at least 48 hours in advance of a planned hospitalization and within 24 hours after an unplanned hospitalization.

(2) The intent of the department and the facility shall be for the child to return to the facility after the hospitalization.

(3) Staff from the facility shall be available to provide support to the child and family during the hospitalization.

(4) Payment shall be canceled and payments returned if the facility refuses to accept the child back.

(5) If the department and the facility agree that the return would not be in the child's best interest, payment shall be canceled effective the day after the joint decision not to return the child.

(6) Payment shall be canceled effective the day after a decision is made by the court or parent in a voluntary placement not to return the child.

(7) Payment shall not exceed 14 consecutive days, except upon prior written approval of the service area manager. In no case shall payment exceed 30 consecutive days.

(8) The provider shall document the use of reserve bed days in the daily log and report the number of reserve bed days claimed in the quarterly report.

b. Preplacement visits. Reserve bed payment shall be made when a child is making a planned preplacement visit to another foster care placement or an adoptive placement when the absence is in accord with the following:

(1) The visits shall be consistent with the child's case permanency plan.

- (2) The intent of the department and the facility shall be for the child to return to the facility.
- (3) Staff from the facility shall be available to provide support to the child and provider during the visit.
- (4) Payment shall be canceled and payment returned if the facility refuses to accept the child back.
- (5) Payment shall not exceed two consecutive days.
- (6) The provider shall document the use of reserve bed days in the daily log and report the number of reserve bed days claimed in the quarterly report.

This rule is intended to implement Iowa Code sections 234.6 and 234.35.
 [ARC 8010B, IAB 7/29/09, effective 10/1/09; ARC 2885C, IAB 1/4/17, effective 3/1/17]

441—156.11(234) Emergency juvenile shelter care payment. Contracted juvenile shelter care facilities approved or licensed in Iowa shall be paid according to the following rate-setting methodology.

156.11(1) The combined service and maintenance reimbursement rate paid to a shelter care provider shall be based on the verified Form 470-5421, Combined Cost Report, submitted to the department, but shall not exceed the prevailing rate. The department shall adjust the provider's reimbursement rate to the provider's actual and allowable cost, plus the inflation factor and the \$3.99 allowance originated under the tobacco settlement fund, or to the prevailing rate, whichever is less, effective the first day of the month following the department's receipt from the fiscal consultant of the provider's verified cost for the most recently reviewed fiscal year.

156.11(2) Net allowable expenditures are limited to those costs that are considered reasonable, necessary, and related to the service provided to the client as set forth in Comm. 502 (7/16), Instructions for the Combined Cost Report.

[ARC 7606B, IAB 3/11/09, effective 5/1/09; ARC 2885C, IAB 1/4/17, effective 3/1/17]

441—156.12(234) Supervised apartment living.

156.12(1) Child monthly stipend. For each eligible child living in a supervised apartment living situation, the monthly stipend payment for the child shall be \$787.50. This payment may be paid to the child or another payee, other than a department employee, for the child's living expenses.

156.12(2) Service. When services for a youth in supervised apartment living are purchased, the service components and any special provisions shall be specified by the service worker in the youth's case permanency plan.

This rule is intended to implement Iowa Code section 234.35 and 2011 Iowa Acts, House File 649, section 28(4).

[ARC 8451B, IAB 1/13/10, effective 1/1/10; ARC 8653B, IAB 4/7/10, effective 5/12/10; ARC 9778B, IAB 10/5/11, effective 11/9/11; ARC 0856C, IAB 7/24/13, effective 7/1/13; ARC 1062C, IAB 10/2/13, effective 11/6/13; ARC 3442C, IAB 11/8/17, effective 1/1/18]

441—156.13(234) Excessive rates. Rescinded IAB 6/9/93, effective 8/1/93.

441—156.14(234,252C) Voluntary placements. When placement is made on a voluntary basis, the parent or guardian shall complete and sign Form 470-0715, Voluntary Placement Agreement.

441—156.15(234) Child's earnings. Earned income of a child who is in foster care shall be reported to the department, and the earned income's use shall be part of the child's plan for service, but the income shall not be used towards the cost of the child's care as established by the department.

[ARC 2885C, IAB 1/4/17, effective 3/1/17]

441—156.16(234) Trust funds and investments.

156.16(1) When the child is a beneficiary of a trust and the proceeds therefrom are not currently available, or are not sufficient to meet the child's needs, the worker shall assist the child in having a petition presented to the court requesting release of funds to help meet current requirements. When the child and responsible adult cooperate in necessary action to obtain a ruling of the court, income shall not be considered available until the decision of the court has been rendered and implemented. When the child and responsible adult do not cooperate in the action necessary to obtain a ruling of the court, the trust fund or investments shall be considered as available to meet the child's needs immediately. When

the child or responsible adult does not cooperate within 90 days in making the income available the maintenance payment shall be terminated.

156.16(2) The Iowa department of human services shall be payee for income from any trust funds or investments unless limited by the trust.

156.16(3) Savings accounts from any income and proceeds from the liquidation of securities shall be placed in the child's account maintained by the department and any amount in excess of \$1,500 shall be applied towards cost of the child's maintenance.

This rule is intended to implement Iowa Code section 234.39.

441—156.17(234) Preadoptive homes. Payment for a foster child placed in a preadoptive home shall be limited to the amount negotiated pursuant to rule 441—201.5(600) and shall not exceed the foster care maintenance amount paid in family foster care.

This rule is intended to implement Iowa Code section 234.38.

[ARC 8010B, IAB 7/29/09, effective 10/1/09]

441—156.18(237) Foster parent training expenses. Rescinded IAB 7/29/09, effective 10/1/09.

441—156.19(237) Rate of payment for care in a residential care facility. Rescinded ARC 2885C, IAB 1/4/17, effective 3/1/17.

441—156.20(234) Eligibility for foster care payment.

156.20(1) Client eligibility. Foster care payment shall be limited to the following populations.

a. Youth under the age of 18 shall be eligible based on legal status, subject to certain limitations.

(1) Legal status. The youth's placement shall be based on one of the following legal statuses:

1. The court has ordered foster care placement pursuant to Iowa Code section 232.52(2) "d," 232.102(1), 232.117, or 232.182(5).

2. The child is placed in shelter care pursuant to Iowa Code section 232.20(1) or 232.21.

3. The department has agreed to provide foster care under a voluntary placement agreement pursuant to rule 441—202.3(234).

(2) Limitations. Department payment for group care shall be limited to placements that have been authorized by the department and that conform to the service area group care plan developed pursuant to rule 441—202.17(232). Payment for an out-of-state group care placement shall be limited to placements approved pursuant to 441—subrule 202.8(2).

b. Youth aged 18 and older who meet the definition of child in rule 441—202.1(234) shall be eligible based on age, a voluntary placement agreement pursuant to 441—subrule 202.3(3), and type of placement.

(1) Except as provided in subparagraph 156.20(1) "b"(3), payment for a child who is 18 years of age shall be limited to family foster care or supervised apartment living.

(2) Except as provided in subparagraph 156.20(1) "b"(3), payment for a child who is 19 years of age shall be limited to supervised apartment living.

(3) Exceptions. An exception to subparagraphs (1) and (2) shall be granted for all unaccompanied refugee minors. The child's eligibility for the exception shall be documented in the case record. The service area manager or designee shall grant an exception for other children when the child meets all of the following criteria.

1. The child does not have an intellectual disability. Funding for services for persons with an intellectual disability is the responsibility of the county or state pursuant to Iowa Code section 222.60.

2. The child is at imminent risk of becoming homeless or of failing to graduate from high school or obtain a general equivalency diploma. "At imminent risk of becoming homeless" shall mean that a less restrictive living arrangement is not available.

3. The placement is in the child's best interests.

4. Funds are available in the service area's allocation. When the service area manager has approved payment for foster care pursuant to this subparagraph, funds that may be necessary to provide payment for the time period of the exception, not to exceed the current fiscal year, shall be considered

encumbered and no longer available. Each service area's funding allocation shall be based on the service area's portion of the total number of children in foster care on March 31 preceding the beginning of the fiscal year, who would no longer be eligible for foster care during the fiscal year due to age, excluding unaccompanied refugee minors.

c. A young mother shall be eligible for the extra payment for her young child living with her in care as set forth in paragraph 156.6(4) "a" and subrule 156.9(4) if all of the following apply:

- (1) The mother is placed in foster care.
- (2) The mother's custodian determines, as documented in the mother's case permanency plan, that it is in her best interest and the best interest of the young child that the child remain with her.
- (3) A placement is available.
- (4) The mother agrees to refund to the department any child support payments she receives on behalf of the child and to allow the department to be made payee for any other unearned income for the child.

156.20(2) Provider eligibility for payment. Providers of foster care services shall have a foster care services contract under 441—Chapter 152 in force.

This rule is intended to implement Iowa Code sections 232.143, 234.35 and 234.38.

CHAPTER 157
PURCHASE OF ADOPTION SERVICES
[Prior to 2/11/87, Human Services [498]]
Rescinded IAB 5/6/09, effective 7/1/09

CHAPTER 158
FOSTER HOME INSURANCE FUND

PREAMBLE

These rules implement the provisions of the foster home insurance fund. These rules define eligible claims, the payment limits for claims, the procedure for filing claims, and the time frames for filing claims.

441—158.1(237) Payments from the foster home insurance fund.

158.1(1) Eligible foster family claims. The foster home insurance fund shall pay the following within the limits defined in Iowa Code section 237.13, subsections 3 and 4:

a. Valid and approved claims of family foster care children, their parents, guardians or guardians ad litem.

b. Compensation to licensed foster families for property damage, at replacement cost, or for bodily injury, as a result of the activities of the family foster care child.

c. Reasonable and necessary legal fees incurred by licensed foster families in defense of civil claims filed pursuant to Iowa Code section 237.13, subsection 7, paragraph “d,” and any judgments awarded as a result of these claims. The reasonableness and necessity of legal fees shall be determined by the department or its contract agent.

158.1(2) Eligible guardian and conservator claims. Rescinded IAB 10/5/11, effective 11/9/11.
[ARC 9779B, IAB 10/5/11, effective 11/9/11]

441—158.2(237) Payment limits. The fund is not liable for the first \$100 for all claims arising out of one or more occurrences during a fiscal year related to a single foster home. The fund is not liable for damages in excess of \$300,000 for all claims arising out of one or more occurrences during a fiscal year related to a single home.

[ARC 9779B, IAB 10/5/11, effective 11/9/11]

441—158.3(237) Claim procedures. Claims against the fund shall be filed with the department’s contractor. If the department does not have a contractor, claims shall be filed on Form 470-2470, Foster Home Insurance Fund Claim. The decision to approve or deny the claim shall be made by the department or its contractor and the notice mailed or given to the claimant within 180 days of the date the claim is received.

441—158.4(237) Time frames for filing claims.

158.4(1) Claims by children who were under the age of 18 at the time of the occurrence shall be submitted within two years of the date of the occurrence or after the child’s eighteenth birthday, but before the child’s nineteenth birthday.

158.4(2) Claims by persons who were aged 18 or older at the time of the occurrence shall be submitted within two years of the occurrence.

158.4(3) Claims by foster parents pursuant to paragraph 158.1(1) “c” for legal fees or court-ordered judgments shall be submitted within two years of the date of the judgment.

[ARC 9779B, IAB 10/5/11, effective 11/9/11]

441—158.5(237) Appeals. Claimants dissatisfied with the decision may request a fair hearing under the provisions of 441—Chapter 7.

These rules are intended to implement Iowa Code section 237.13 as amended by 2011 Iowa Acts, Senate File 482, division II.

[Filed emergency 6/9/88—published 6/29/88, effective 7/1/88]

[Filed 9/2/88, Notice 6/29/88—published 9/21/88, effective 11/1/88]

[Filed 11/9/94, Notice 9/28/94—published 12/7/94, effective 2/1/95]

[Filed 8/12/99, Notice 6/16/99—published 9/8/99, effective 11/1/99]

[Filed ARC 9779B (Notice ARC 9636B, IAB 7/27/11), IAB 10/5/11, effective 11/9/11]

CHAPTER 159
CHILD CARE RESOURCE AND REFERRAL SERVICES

PREAMBLE

These rules define the process for awarding grants for the delivery of child care resource and referral services.

441—159.1(237A) Definitions.

“*Applicant*” means an agency that applies for a contract as a regional child care resource and referral agency.

“*Child care facility*” means a child care center, preschool, or child development home.

“*Child care resource and referral agency*” means a community-based nonprofit incorporated agency or public agency that is under a contract with the department to provide resource and referral services as defined in subrule 159.3(1).

“*Director*” means the director of the department of human services.

“*Region*” means the service area of the child care resource and referral agency as determined in the contract with the department.

[ARC 8654B, IAB 4/7/10, effective 6/1/10]

441—159.2(237A) Availability of funds. In any year in which funds are available for child care resource and referral services, the department shall award grants for child care resource and referral services pursuant to a request for proposals.

159.2(1) The total amount of grant moneys awarded shall be contingent upon the funds available.

159.2(2) Grants shall be issued on a regional basis. The department shall determine the amount of grant money available for each region based upon the factors set forth in the request for proposals.

[ARC 8654B, IAB 4/7/10, effective 6/1/10]

441—159.3(237A) Participation requirements.

159.3(1) Resource and referral services. Grants will be awarded to community-based nonprofit incorporated agencies and public agencies that have the capacity to provide all of the following types of services:

a. Parent services.

(1) The agency shall assist families in selecting quality child care and shall provide referrals to child care facilities.

(2) The agency may provide referrals to child care homes and may provide specialized referral services to employers.

b. Provider services. The agency shall:

(1) Assist child care providers in adopting developmentally appropriate programs and sustainable business practices to provide quality child care services through the delivery of consultation, training, and other resources and materials.

(2) Support the development of new child care facilities and the expansion of existing child care facilities in response to identified needs.

(3) Encourage participation of eligible child care facilities in the federal Child and Adult Care Food Program (CACFP).

c. Community services. The agency shall:

(1) Provide information to the public regarding the availability and quality of child care services within the agency’s region.

(2) Coordinate with other public and private entities and services within the region. Activities shall include coordinating with community-level efforts to improve the consistency and quality of data collection, consultation and other supports to child care homes and child development homes, particularly the efforts of home consultants funded by a community empowerment area board.

d. Other. The agency shall offer such other services as set forth in the request for proposals issued by the department.

159.3(2) Matching funds. The agency must provide a financial match of the grant award as set forth in the request for proposals. Eligible match includes in-kind contributions, private donations and public funding.

[ARC 8654B, IAB 4/7/10, effective 6/1/10]

441—159.4(237A) Request for proposals for project grants. The department shall announce the request for proposals through public notice.

159.4(1) Proposal submittal. All applicants shall submit proposals to Iowa Department of Human Services, Bureau of Child Care, Hoover State Office Building, Fifth Floor, 1305 E. Walnut, Des Moines, Iowa 50319-0114.

159.4(2) Proposal requirements. To be eligible for review, a proposal shall:

- a. Be received by the due date specified in the request for proposals;
- b. Be in the form prescribed by the department in the request for proposals; and
- c. Meet the requirements set forth in the request for proposals.

[ARC 8654B, IAB 4/7/10, effective 6/1/10]

441—159.5(237A) Selection of proposals. The selection criteria for the grants shall be set forth in the request for proposals.

159.5(1) The director shall make the final decision regarding grants awarded to applicants. Only one grant shall be awarded in each specified region to the agency that best meets the criteria set forth in the request for proposals.

159.5(2) The department reserves the right to award grants for less than the amount of appropriated funds if there is an insufficient number of acceptable proposals submitted to adequately achieve the purpose of child care resource and referral services statewide.

[ARC 8654B, IAB 4/7/10, effective 6/1/10]

These rules are intended to implement Iowa Code section 237A.26.

[Filed emergency 6/9/88—published 6/29/88, effective 7/1/88]

[Filed 9/1/88, Notice 6/29/88—published 9/21/88, effective 11/1/88]

[Filed 8/16/90, Notice 7/11/90—published 9/5/90, effective 11/1/90]

[Filed ARC 8654B (Notice ARC 8459B, IAB 1/13/10), IAB 4/7/10, effective 6/1/10]

CHAPTER 160
ADOPTION OPPORTUNITY GRANT PROGRAM

PREAMBLE

These rules define and structure the adoption opportunity grant program. The services under the grant program are to be provided to special needs children, prospective adoptive families and adoptive families in an effort to place children in adoptive families and to prevent disruptions and dissolutions.

441—160.1(234) Definitions.

“Adoptive family” means an approved family who has a special needs child placed in their family for the purpose of adopting the child, or a family with a special needs child in their family whose adoption has been finalized by the court.

“Applicant” means a private agency licensed in Iowa as a child-placing agency that offers a continuum of child welfare services to families and special needs children, or an individual provider involved in providing services to adoptive families and special needs children which makes application for a grant.

“Department” means the Iowa department of human services.

“Director” means the director of the department of human services.

“Grant review committee” means a five-member committee composed of two departmental employees and two private child-placing agency employees or supervisors who work with children and adoptive families, but are not currently applying for a grant, and one member with a fiscal background, responsible for reviewing and designating grant awards.

“Grantee” means an applicant who has been awarded a grant.

“Prospective adoptive family” means a family with an approved home study waiting placement of a special needs child into their family for the purpose of adoption.

“Special needs child” means a child as defined in 441—subrule 201.3(1).

441—160.2(234) Availability of grant funds. The amount of money granted shall be contingent upon the amount of federal grant funds available to Iowa in a given year. The allocation of funds shall be in compliance with legislation and approved by the grant review committee.

441—160.3(234) Project eligibility.

160.3(1) Grant awards. Grants will be awarded to eligible applicants for specifically designed adoption projects with the duration of the projects based on the time frames specified in the relevant federal grant.

160.3(2) Residence of clients. A grantee may not use grant funds to serve residents of states other than Iowa.

160.3(3) Services. Grants will be awarded to provide one or more of the following services:

- a. Preplacement assessment and adoptive home studies of families wishing to adopt a special needs child.
- b. Training and preparation of families for adoption.
- c. Preparation of children for adoption.
- d. Postplacement services.
- e. Postadoption services.
- f. Other specified services as stated in the federal grant award to Iowa.

441—160.4(234) Request for proposals for project grants.

160.4(1) Application. The department will announce through a request for proposals the opening of an application period. The request shall state the purpose for which grant funds shall be spent. A grant application shall be included in the request for proposals. Applicants shall submit their grant proposal

using Form 470-2910, Application for Adoption Opportunity Grant Funding, by the deadline specified in the announcement.

160.4(2) *Project proposal requirements.* Requirements for project proposals shall be specified in the “Adoption Opportunity Grant Application Packet.” If a proposal does not contain the information specified in the application packet, or if it is late, it will be disapproved. Proposals accepted for review shall contain the following information:

- a. Application for Adoption Opportunity Grant Funding, Form 470-2910.
- b. Proposal summary.
- c. Reason for grant request, including statement of problems and needs.
- d. Agency background information and demonstrated effectiveness.
- e. Project goals, objectives and methods.
- f. Project monitoring and evaluation.
- g. Project budget and budget forms.
- h. Plans for future funding.
- i. Assurances and certification.
- j. Letters of support.
- k. Explanation of grantee share of matching funds, when applicable.
- l. Project checklist.

Projects will demonstrate that they can be replicated for use with families and special needs children in other parts of the state.

Projects will be coordinated with other local agencies or groups.

441—160.5(234) Selection of proposals.

160.5(1) *Evaluation of proposals.* All proposals completed as directed and submitted within the time frames allowed will be evaluated by the grant review committee to determine which applicants will be awarded grants.

160.5(2) *Factors in selection.* The following factors will be considered in selecting proposals for grant awards:

- a. The demonstrated need for the service in the program area selected and assurance that the proposed project does not duplicate other services offered in the community.
- b. The support of and coordination with other existing agencies providing services to the targeted population.
- c. The program structure, including how realistic goals and objectives are, likelihood of the anticipated impact on the problem addressed, experience serving similar populations or providing similar services, administration of funds, stability of the organization and the overall quality of the proposal in comparison to other proposals submitted.
- d. Plans for use of funds. Grant funds may not be used for construction, capital improvements, or purchase of real estate.
- e. Potential of replicating the project in other parts of the state.

160.5(3) *Scoring criteria.* A weighted criteria will be used to determine grant awards. A maximum of 110 points is possible. Determination of final point awards will be based on the following:

- a. Proposal summary—10 points.
- b. Statement of problems and need—20 points.
- c. Agency background information and demonstrated effectiveness—15 points.
- d. Project goals, objectives and methods of attainment—25 points.
- e. Project monitoring and evaluation—10 points.
- f. Budget information points—15 points.
- g. Future funding and applicant assurances and certification—5 points.
- h. Overall quality and impact of program—10 points.

441—160.6(234) Project contracts. The funds for approved applicants will be awarded through a contract entered into by the director and the applicant. The contract period shall not exceed the time

frames of the federal grant awarded to the department. Expenditures shall be reimbursed monthly pursuant to the regular reimbursement procedures of the state of Iowa.

441—160.7(234) Records. Grantees shall keep client and fiscal records of services provided and any other records required by the department and specified in the contract.

441—160.8(234) Evaluation of projects. The department or a designee shall evaluate the grantee at least once prior to the end of the contract period to determine whether or not the goals are being met and shall provide feedback to the grantee. Funding is to be spent to meet the program goals stated in the contract. Grantees may request and receive copies of the department's evaluation of their grant project.

441—160.9(234) Termination. The contract may be terminated by either party at any time during the contract period by giving 30 days' notice to the other party.

160.9(1) Notice of termination. The department may terminate a contract upon 10 days' notice when a grantee fails to comply with the award stipulation, standards or conditions.

160.9(2) Financial statement. Within 45 days of termination of a contract, the grantee shall supply the department with a financial statement detailing all costs up to the effective date of the termination.

160.9(3) Availability of funding. The department shall administer the funds for the adoption grants contingent upon their availability. If the department lacks the funding necessary to fulfill its fiscal responsibility under the adoption grant program, the contracts shall be terminated or renegotiated.

441—160.10(234) Appeals. Applicants dissatisfied with the grant review committee's decision may file an appeal with the director. The written appeal must be received within ten working days of the date of the notice of decision; must be based on a contention that the process was conducted outside of statutory authority, violated state or federal law, policy or rules, did not provide adequate public notice, was altered without adequate public notice, or involved conflict of interest by staff or committee members; and must include a request for the director to review the decision and the reasons for dissatisfaction. Within ten working days of receipt of the appeal the director will review the appeal request and issue a final decision. No disbursements will be made to any applicant for a period of ten calendar days following the notice of decision. If an appeal is filed within ten days, all disbursements will be held pending a final decision on the appeal. All applicants involved will be notified if an appeal is filed and given the opportunity to be included as a party in the appeal.

These rules are intended to implement Iowa Code section 234.6.

[Filed emergency 11/14/91—published 12/11/91, effective 11/14/91]

[Filed 1/15/92, Notice 12/11/91—published 2/5/92, effective 4/1/92]

CHAPTER 161
IOWA SENIOR LIVING TRUST FUND

PREAMBLE

These rules describe the Iowa senior living trust fund created by 2000 Iowa Acts, Senate File 2193, and explain how public nursing facilities can participate in a program for funding of the senior living trust fund.

441—161.1(249H) Definitions.

“*Department*” means the Iowa department of human services.

“*Senior living coordinating unit*” means the senior living coordinating unit created within the Iowa department of elder affairs pursuant to Iowa Code section 231.58 as amended by 2000 Iowa Acts, Senate File 2193, section 13.

“*Senior living program*” means the Iowa senior living program established by 2000 Iowa Acts, Senate File 2193.

“*Senior living trust fund*” or “*trust fund*” means the Iowa senior living trust fund created by 2000 Iowa Acts, Senate File 2193, section 4, in the state treasury under the authority of the department.

441—161.2(249H) Funding and operation of trust fund.

161.2(1) *Moneys from intergovernmental agreements and other sources.* Moneys received by the department through intergovernmental agreements for the senior living program and moneys received by the department from other sources for the senior living trust fund, including grants, contributions, and participant payments, shall be deposited in the senior living trust fund.

161.2(2) *Use of moneys.* Moneys deposited in the trust fund shall be used only for the purposes of the senior living program as specified in 2000 Iowa Acts, Senate File 2193, and in rule 441—161.3(249H).

441—161.3(249H) Allocations from the senior living trust fund. Moneys deposited in the senior living trust fund shall be used only as provided in appropriations from the trust fund to the department of human services and the department of elder affairs and for purposes, including the awarding of grants, as specified in 2000 Iowa Acts, Senate File 2193, section 6, and in 441—Chapter 162.

441—161.4(249H) Participation by government-owned nursing facilities.

161.4(1) *Participation agreement.* Iowa government-owned nursing facilities participating in the Iowa Medicaid program and wishing to participate in the funding of the senior living trust fund shall contact the Department of Human Services, Office of Deputy Director for Policy, Fifth Floor, 1305 E. Walnut Street, Des Moines, Iowa 50319-0114, for information regarding the conditions of participation. Upon acceptance of the conditions of participation, the facility shall sign Form 470-3763, Participation Agreement.

161.4(2) *Reimbursement.* Upon acceptance of the participation agreement, the department shall authorize increased reimbursement to the participating facility for nursing facilities services provided under the Medicaid program. The facility shall retain \$5,000 of the additional reimbursement received during each state fiscal year as an administration fee. The facility shall refund the remainder of the additional reimbursement through intergovernmental transfer to the department for deposit of the federal share (less the \$5,000 retained by the facility) in the Iowa senior living trust fund and the nonfederal share in the medical assistance appropriation.

These rules are intended to implement Iowa Code chapter 249H.

[Filed emergency 6/8/00—published 6/28/00, effective 7/1/00]

[Filed 8/9/00, Notice 6/14/00—published 9/6/00, effective 11/1/00]

CHAPTER 162
NURSING FACILITY CONVERSION
AND LONG-TERM CARE SERVICES
DEVELOPMENT GRANTS

PREAMBLE

These rules define and structure grants to be made from the Iowa senior living trust fund, hereafter referred to as the trust fund.

Grants are available to nursing facilities for capital or other one-time expenditure costs incurred for conversion of all or a portion of the facility to an assisted living facility or other alternatives to nursing facility care, and to noninstitutional providers of long-term care for development of other needed long-term care alternatives.

These rules implement provisions of Iowa Code chapter 249H, which establishes an overall goal of moving toward a balanced, comprehensive, affordable, high quality long-term care system.

441—162.1(249H) Definitions.

“Adult day care” means structured social, habilitation, and health activities provided in a congregate setting to alleviate deteriorating effects of isolation; to aid in transition from one living arrangement to another; to provide a supervised environment while the regular caregiver is working or otherwise unavailable; or to provide a setting for receipt of multiple health services in a coordinated setting.

“Affordable” means rates for payment of services that do not exceed the rates established for providers of medical and health services under the medical assistance program. In relation to services provided by a home- and community-based waiver services provider, “affordable” means that the total monthly cost of the home- and community-based waiver services provided do not exceed the maximum cost for that level of care as established by rule by the department.

In relation to assisted living, “affordable” means rates for the costs not paid by medical assistance are less than or equal to 110 percent of the maximum prevailing fair market rent for the same size apartment under guidelines of the applicable United States Department of Housing and Urban Development (HUD) low-rent housing program in the area where the assisted living program is located, plus 185 percent of the maximum federal supplemental security income benefit for an individual or couple (as applicable). Rates for the costs paid by medical assistance may not exceed the rates established for payment under the medical assistance home- and community-based services (HCBS) elderly waiver program.

“Assisted living program” means an assisted living program certified or voluntarily accredited by the Iowa department of elder affairs under Iowa Code chapter 231C.

“Child care for children with special needs” means physical, emotional, and social care delivered up to ten hours a day to children under the age of 18 by a service provider approved for participation in the medical assistance waivers in lieu of care by the parent or legal guardian.

“Department” means the Iowa department of human services.

“Director” means the director of the Iowa department of human services.

“Distinct portion of a nursing facility” means a clearly identifiable area or section within a nursing facility, consisting of at least a living unit, wing, floor, or building containing contiguous rooms.

“Efficient and economical care” means services provided within the reimbursement limits for the services under 441—subrule 79.1(2) for Medicaid home- and community-based services (HCBS) waivers and for less than the cost of comparable services provided in a nursing facility.

“Grantee” means the recipient of a grant.

“HCBS waivers” means Medicaid home- and community-based services waivers under 441—Chapter 83, which provide service funding for specific eligible consumer populations in Iowa.

“Long-term care alternatives” means those services specified under HCBS waivers as available services for elderly persons or adults with disabilities; elder group homes certified under Iowa Code chapter 231B; assisted living programs certified or voluntarily accredited under Iowa Code chapter 231C;

and the PACE program. These are services other than nursing facility care provided to the elderly and persons with disabilities.

“Long-term care service development” means either of the following:

1. The remodeling of existing space and, if necessary, the construction of additional space required to accommodate development of long-term care alternatives, excluding the development of assisted living programs or elder group home alternatives.

2. New construction for long-term care alternatives, excluding new construction of assisted living programs or elder group homes, if the senior living coordinating unit determines that new construction is more cost-effective for the grant program than the conversion of existing space.

“Medical assistance program” means the program established in Iowa Code chapter 249A and otherwise referred to as Medicaid or Title XIX.

“Nursing facility” means a licensed nursing facility as defined in Iowa Code section 135C.1 or a licensed hospital as defined in Iowa Code section 135B.1, a distinct part of which provides long-term care nursing facility beds.

“Nursing facility conversion” means either of the following:

1. The remodeling of nursing facility space existing on July 1, 1999, and certified for medical assistance nursing facility reimbursement and, if necessary, the construction of additional space required to accommodate an assisted living program.

2. New construction of an assisted living program if existing nursing facility beds are no longer licensed and the senior living coordinating unit determines that new construction is more cost-effective for the grant program than the conversion of existing space.

“PACE program” means a program of all-inclusive care for the elderly established pursuant to 42 U.S.C. Section 1396u-4 that provides delivery of comprehensive health and social services to seniors by integrating acute and long-term care services, and that is operated by a public, private, nonprofit, or proprietary entity. *“Pre-PACE program”* means a PACE program in the initial start-up phase that provides the same scope of services as a PACE program.

“Persons with disabilities” means persons 18 years of age or older with disabilities as disability is defined in Iowa Code section 225B.2.

“Respite care” means temporary care of an aged adult, or an adult or child with disabilities, to relieve the usual caregiver from continuous support and care responsibilities. Components of respite care services are supervision, tasks related to the individual’s physical needs, tasks related to the individual’s psychological needs, and social and recreational activities. A facility providing respite care must provide some respite care in the facility, but may also provide in-home respite.

“Safe shelter for victims of dependent adult abuse” means board, room, and services provided to persons identified by a department dependent adult abuse investigator as victims of dependent adult abuse.

“Senior” means elder as defined in Iowa Code section 231.4.

“Senior living coordinating unit” means the planning group established in Iowa Code section 231.58, or its designee.

“Senior living program” means the senior living program created by 2000 Iowa Acts, Senate File 2193, to provide for long-term care alternatives, long-term care service development, and nursing facility conversion.

“Trust fund” means the Iowa long-term care trust fund established by Iowa Code section 249H.4.

“Underserved area” means a county in which the number of currently licensed nursing facility beds and certified or accredited assisted living units is less than or equal to 4.4 percent of the number of individuals 65 years of age or older according to the most current census data. In addition, the department, in determining if a county is underserved, may consider additional information gathered through its own research or submitted by an applicant including, but not limited to, any of the following:

1. Availability of and access to long-term care alternatives relative to individuals eligible for medical assistance.

2. The current number of seniors and persons with disabilities and the projected number of these individuals.

3. The current number of seniors and persons with disabilities requiring professional nursing care and the projected number of these individuals.

4. The current availability of long-term care alternatives and any anticipated changes in the availability of these alternatives.

441—162.2(249H) Availability of grants. In any year in which funds are available for new nursing facility conversion or long-term care services development grants, the department shall issue a request for applications for grants. The amount of money granted shall be contingent upon the funds available. The use of funds appropriated to award grants shall be in compliance with legislation and at the direction of the senior living coordinating unit.

There is no entitlement to any funds available for grants awarded pursuant to this chapter. The department may award grants to the extent funds are available and, within its discretion, to the extent that applications are approved.

441—162.3(249H) Grant eligibility.

162.3(1) Eligible applicants. A grant applicant shall be:

a. A licensed nursing facility that has been an approved provider under the medical assistance program under the same ownership for the two-year period prior to application for the grant.

b. A provider of long-term care services, including one not covered by the medical assistance program, that has been in business for at least two years under the same owner.

162.3(2) Types and amounts of grants.

a. *Architectural and financial feasibility study allowance.* An architectural and financial feasibility study allowance may be awarded solely for costs directly attributable to development of the architectural and financial review documentation associated with conversion or service development. Architectural and financial feasibility study allowances for conversion or service development grants are limited to \$15,000, not to exceed actual costs for each project.

b. *Conversion grants.* A conversion grant may be awarded to convert all or a portion of a licensed nursing facility to affordable certified assisted living units (limited to \$45,000 per unit) and for capital or one-time expenditures including, but not limited to, start-up expenses, training expenses, and operating losses for the first year of operation following conversion.

Conversion grants are limited to a total of \$1,000,000 per facility, with an additional \$100,000 if the provider agrees to also provide adult day care, child care for children with special needs, safe shelter for victims of dependent adult abuse, or respite care.

A grant application which expands resident capacity of an existing nursing facility shall not be considered. A grant that requires additional space to accommodate supportive services related to the functioning of the long-term care alternative, such as dining rooms, kitchen and recreation areas, or other community-use areas, may be considered.

c. *Long-term care services development grant.* A long-term care services development grant may be awarded for capital or one-time expenditures to develop needed long-term care services covered under a Medicaid HCBS waiver or to develop a PACE program. Expenditures may include, but are not limited to, start-up expenses, training expenses, and operating losses for the first year of operation. Service development grants are limited to \$1,000,000 per PACE program, and \$150,000 for HCBS waiver services.

162.3(3) Criteria for grant applicants. A grant shall be awarded only to an applicant meeting all of the following criteria:

a. The applicant is located in an area determined by the senior living coordinating unit to be underserved with respect to a particular long-term care alternative service.

b. The applicant is able to provide a minimum matching contribution of 20 percent of the total cost of any conversion, remodeling, or construction. Costs used by grantees to match grant funds shall be directly attributable to the costs of conversion or service development.

c. Grant applications from nursing facilities shall be considered only from facilities with an established history of providing quality long-term care services. Facilities shall be in substantial

compliance with federal Medicaid participation requirements as evidenced at a minimum by all of the following:

(1) No identified deficiencies which pose a significant risk to resident health and safety at the time of application.

(2) No more than one isolated event resulting in actual harm to residents during the current Medicaid certification period.

(3) No citations for a pattern of events resulting in actual harm to residents for three years prior to application.

d. Grants to applicants other than nursing facilities shall be considered from applicants only when:

(1) There is substantial compliance with Medicare and Medicaid participation requirements or other applicable provider certification requirements at the time of application.

(2) Compliance exists with Medicare and Medicaid requirements, if applicable, for a three-year period prior to application.

(3) Compliance exists with the criminal background check system, if applicable.

e. The applicant agrees to do all of the following as applicable to the type of grant:

(1) Participate in the medical assistance program and maintain a medical assistance client participation rate of at least 40 percent, subject to the demand for participation by persons eligible for medical assistance. Applicants shall also agree that persons able to pay the costs of assisted living shall not be discharged from their living unit due to a change in payment source.

(2) Provide a service delivery package that is affordable for those persons eligible for services under the medical assistance home- and community-based services waiver program.

(3) Provide a refund of the grant to the senior living trust fund on a prorated basis if the applicant or the applicant's successor in interest: ceases to operate an affordable long-term care alternative within the first ten-year period of operation following the awarding of the grant; fails to maintain a participation rate of 40 percent in accordance with subparagraph (1) within the first ten-year period of operation following the awarding of the grant; or discharges persons able to pay the costs of assisted living from their living unit due to a change in payment source.

f. The applicant must demonstrate that the proposed method of construction, whether new or remodeling, is the most cost-effective for the grant program and, when developing assisted living units, must agree that a specified number of existing nursing facility beds will not continue to be licensed.

162.3(4) Allowable and nonallowable costs.

a. Examples of allowable costs include:

(1) Professional fees incurred specifically for conversion of facility or service development, including architectural, financial, legal, human resources, research, and marketing fees.

(2) Construction costs for the remodeling of existing space and, if necessary, the construction of additional space required to accommodate assisted living program services or other alternatives to nursing facility care or new construction of an assisted living facility or other alternative to nursing facility care if existing nursing facility beds are no longer licensed and the department determines that new construction is more cost-effective for the grant program than the conversion of existing space.

(3) Start-up and training expenses and operating losses for the first year.

b. Examples of nonallowable costs include:

(1) Costs of travel, personal benefits, and other facility programs or investments.

(2) Construction costs to remodel nursing facility space that will remain in use for nursing facility care.

(3) Any costs associated with operation and maintenance of a non-grant-related facility or service.

(4) Any costs incurred above per-unit grant amounts.

441—162.4(249H) Grant application process.

162.4(1) Public notice of grant availability. When funds are available for new grants, the department shall announce through public notice the opening of a competitive application period. The announcement shall include information on how agencies may obtain an application package and the deadlines for submitting an application.

162.4(2) Request for applications. The department shall distribute grant application packages for nursing facility conversion and long-term care service development grants upon request. Applicants desiring to apply for a grant shall submit Form 470-3759, Application for Nursing Facility Conversion Grant, or Form 470-3760, Application for Long-Term Care Service Development Grant, with accompanying documentation to the department by the date established in the application package. If an application does not include the information specified in the grant application package or if it is late, it will be disapproved.

The application must be submitted by the legal owner of the nursing facility or long-term care provider. In cases in which the provider licensee does not hold title to the real property in which the service is operated, both the licensee and the owner of the real property must submit a joint application. Form 470-3759 or Form 470-3760 must be signed by an individual authorized to bind the applicant to perform legal obligations. The title of the individual must be stated.

162.4(3) Application requirements.

a. Prior to submission of an application, the applicant must arrange and conduct a community assessment and solicit public comment on the plans proposed in the grant application. In soliciting public comment the applicant must at a minimum:

(1) Publish an announcement in a local or regional newspaper of the date, time, and location of a public meeting regarding the proposed project, with a brief description of the proposed project.

(2) Post notice of the meeting at the nursing facility or applicant's offices and at other prominent civic locations.

(3) Notify potentially affected clients and their families of the proposed project, of the potential impact on them, and of the public meeting at least two weeks prior to the public meeting.

(4) Advise the department of the public meeting date at least two weeks before the scheduled meeting.

(5) Address the following topics at the public meeting: a summary of the proposed project, the rationale for the project, and resident retention and relocation issues.

(6) Receive written and oral comments at the meeting and provide for a seven-day written comment period following the meeting.

(7) Summarize all comments received at the meeting or within the seven-day written comment period and submit the summary to the department as part of the application package.

b. Grant applications shall contain, at a minimum, the following information:

(1) Applicant identification and a description of the agency and its resources, which will demonstrate the ability of the applicant to carry out the proposed plan.

(2) Information to indicate the nursing facility applicant's extent of conversion of all or a portion of its facility to an assisted living program or development of other long-term care alternatives. Current and proposed bed capacity shall be given as well as the number of beds to be used for special services. Nursing facility and noninstitutional providers shall describe outpatient services they wish to develop.

(3) A request for an architectural and financial feasibility study allowance, if desired.

(4) Demonstration at a minimum of the following:

1. Public support for the proposal exists. Evidence of public support shall include, but not be limited to, the following: the summary of all comments received at the public meeting or within the seven-day written comment period and letters of support from the area agency on aging; the local board of health; local provider or consumer organizations such as the local case management program for frail elders, resident advocate committee or Alzheimer's chapter; and consumers eligible to receive services from the developed long-term care alternative.

2. The proposed conversion or service development will have a positive impact on the overall goal of moving toward a balanced, comprehensive, high-quality long-term care system.

3. Conversion of the nursing facility or a distinct portion of the nursing facility to an assisted living program or development of an alternative service will offer efficient and economical long-term care services in the service area described by the applicant.

4. The assisted living program or other alternative services are otherwise not likely to be available in the service area described by the applicant for individuals eligible for services under the medical assistance program.

5. If applicable, a resulting reduction in the availability of nursing facility services will not cause undue hardship to those individuals requiring nursing facility services for a period of at least ten years.

6. Conversion to an assisted living program or development of other alternative services will result in a lower per-client reimbursement to the grant applicant under the medical assistance program.

7. The service delivery package will be affordable for individuals eligible for services under the medical assistance home- and community-based services waiver program.

8. Long-term care alternatives will be available and accessible to individuals eligible for medical assistance and other individuals with low or moderate income.

9. Long-term care alternative services are needed based on the current and projected numbers of seniors and persons with disabilities, including those requiring assistance with activities of daily living in the service area described by the applicant.

10. Long-term care alternatives in the service area are needed based on the community needs assessment and upon current availability and any anticipated changes in availability.

162.4(4) Selection of grantees. All applications received by the department within the designated time frames and meeting the criteria set forth in rule 441—162.3(249H) and subrule 162.4(3) shall be reviewed by the department under the direction of the senior living coordinating unit.

If grant applications that meet the minimum criteria exceed the amount of available funds, scoring criteria shall be used to determine which applicants shall receive a grant. Scoring shall be based on the following:

1. The degree to which the county or counties in the service area described by the grant applicant are underserved - up to 20 points. If more than one county is in the service area, a weighted average shall be used.

2. The level of community support as identified by the community-based assessment, public meeting comments, and letters of support and the degree of collaboration among local service providers - up to 20 points.

3. For conversion grants, the number of licensed beds eliminated or converted to special needs beds, with evidence that the resulting reduction in licensed beds will not cause a hardship for persons requiring nursing services - up to 20 points.

4. The number of added services to fill a service need gap - up to 20 points.

5. Evidence of an adequate plan to carry out the requirements of this chapter and regulations pertaining to the long-term care alternative service - up to 20 points.

6. Costs of long-term care alternative services to consumers - up to 30 points.

7. Evidence of the ability and commitment to make proposed alternatives accessible to low- and moderate-income persons - up to 20 points.

162.4(5) Notification of applicants. Applicants shall be notified whether the grant proposal is approved or denied. Denial of an application in one year does not preclude submission of an application in a subsequent year.

441—162.5(249H) Grant dispersal stages. Following approval of an applicant's grant proposal by the department, the grant process shall proceed through the following stages:

162.5(1) Completion of architectural and financial feasibility study.

a. An architectural and financial feasibility study shall be completed pursuant to the guidelines included in the applicable grant application package and applicable service regulations.

(1) For facility conversion, construction, or remodeling, the architectural plan shall provide schematic drawings at a minimum of one-eighth scale consisting of the building site plan, foundation plan, floor plan, cross section, wall sections, and exterior elevations.

(2) The grantee shall comply with all local, state and national codes pertaining to construction; and certification, licensure, or accreditation requirements applicable to the long-term care alternative.

(3) Construction documents, budget cost estimates, and related services must be rendered by a professional architect or engineer registered in Iowa.

b. Payment of up to \$15,000 may be issued to each approved applicant to proceed with the architectural and financial feasibility study if requested in the original application. By making a request for an architectural and financial feasibility study allowance, the applicant agrees that the funds will be used solely for costs directly attributable to development of the architectural and financial review documentation associated with conversion or service development.

c. All grantees must submit the completed study documents within the time frame identified in the request for application together with an itemized accounting of the expenditure of any allowance funds. Any unexpended architectural and financial review allowance funds shall be returned to the department.

162.5(2) *Review of architectural and financial feasibility study.* The department shall review the architectural and financial feasibility study materials and shall grant or deny approval to develop or obtain final budget estimates for the proposed project. Approval to proceed shall be granted only if the architectural and financial feasibility study supports the ability of the grantee to meet the minimum grant criteria and to complete the proposed project as set forth in the original application.

162.5(3) *Completion of final budget estimate.* Grantees approved to proceed with the final budget estimate shall submit the final budget estimates, any revisions to previously submitted materials, and a request for a grant in a specific amount. The matching fund amount to be paid by the grantee must be stated in the request.

162.5(4) *Review of final budget estimate.* The department shall review the final budget estimate and issue a notice of award for a grant in a specific amount if the final budget estimate supports the ability of the grantee to meet the minimum grant criteria and to complete the proposed project as set forth in the original application.

441—162.6(249H) Project contracts. The funds for approved applications shall be awarded through a contract entered into by the department and the applicant.

441—162.7(249H) Grantee responsibilities.

162.7(1) *Records and reports.*

a. The grantee shall maintain the following records:

(1) Consumer participation records that identify persons by payment source.

(2) Complete and separate records regarding the expenditure of senior living trust funds for the grant amounts received.

b. Recipients of grants shall submit a bimonthly progress report to the department and senior living coordinating unit beginning the second month following project approval through project completion.

c. Recipients shall submit annual cost reports to the department, in conformance with policies and procedures established by the department, regarding the project for a period of ten years after the date the grantee begins operation of its facility as an assisted living facility or other long-term care alternative.

162.7(2) *Reasonable access.* The grantee shall allow access to records at reasonable times by duly authorized representatives of the department for the purpose of conducting audits and examinations and for preparing excerpts and transcripts. This access to records shall continue for a period of ten years from the date the grantee begins operation as an assisted living facility or other long-term care alternative.

162.7(3) *Relinquishment of license.* The grantee shall relinquish the nursing facility bed license for any facility space converted to assisted living or alternatives to nursing facility care for a ten-year period.

162.7(4) *Acceptance of financial responsibility.* The grantee shall accept financial responsibility for all costs over and above the grant amount which are related to project completion.

162.7(5) *Participation in the medical assistance program.* The grantee shall participate in the medical assistance program as a provider of nursing facility services if the grantee continues to provide any nursing facility services.

162.7(6) *Segregation of medical assistance residents forbidden.* The grantee shall not segregate medical assistance residents in an area, section, or portion of an assisted living program or long-term care alternative service. Grantees shall allow a resident who is converting from private-pay to medical

assistance to remain in the resident's living unit if the resident is able to pay the rate and shall not relocate the resident solely due to a change in payment source.

441—162.8(249H) Offset. The department may deduct the amount of any refund due from a grantee from any money owed by the department to the grantee or the grantee's successor in interest.

441—162.9(249H) Appeals. Applicants dissatisfied with the department's actions regarding applications for grants and grantees dissatisfied with actions regarding a grant may file an appeal with the director. The letter of appeal must be received by the director within five working days of the date of the notice and must include a request for the director to review the action and the reasons for dissatisfaction. Within ten working days of the receipt of the appeal, the director shall review the appeal request and issue a final decision.

No disbursements shall be made to any applicant for a period of five working days following the notice awarding the original grants. If an appeal is filed within the five days, all disbursements shall be held pending a final decision on the appeal.

These rules are intended to implement Iowa Code section 249H.6 as amended by 2001 Iowa Acts, House File 740, section 7.

CHAPTER 163
ADOLESCENT PREGNANCY PREVENTION AND SERVICES
TO PREGNANT AND PARENTING ADOLESCENTS
PROGRAMS

PREAMBLE

These rules define and structure the grant programs for adolescent pregnancy prevention statewide campaign, adolescent pregnancy evaluation, adolescent pregnancy state coalition, and community adolescent pregnancy prevention and services programs. The services are to be provided to adolescents and their parents for the purpose of preventing adolescent pregnancy; to adolescents who are either pregnant or parenting to prevent subsequent pregnancies, promote self-sufficiency and physical and emotional well-being; and to communities to assist them in addressing issues of adolescent pregnancy.

441—163.1(234) Definitions.

“Adolescent” means a person under 18 years of age or a person 18 years of age or older who is attending an accredited high school or pursuing a course of study which will lead to a high school diploma or its equivalent.

“Community” means a defined service area no smaller than a neighborhood and no larger than a region of the state.

“Department” means the Iowa department of human services.

“Director” means the director of the department of human services or successor agency.

“Grant designation committee” means the body which is responsible for designating and awarding grants.

“Grantee” or *“provider”* means an applicant who has received a grant.

“Percentage of pregnancies” means the total number of births to mothers aged 13 years of age and older but younger than 18 years of age in the service area for the most recent year for which data is available divided by the total number of births statewide for the same age group and the same year.

“Pregnancy prevention” means activities to avoid initial pregnancies.

“Prevention of subsequent pregnancy” means activities to avoid additional pregnancies during the adolescent years.

“Region” means one of the five department regions in the state.

441—163.2(234) Availability of grants for projects. In any year in which funds are available for adolescent pregnancy prevention statewide campaign, evaluation, coalition or community teen pregnancy prevention and services programs, the department shall administer grants to eligible applicants for projects that serve residents of Iowa. The amount of money granted shall be contingent upon the funds available and shall be made on an annual basis. The allocation of funds shall be in compliance with legislation and approved by the grant designation committee and the administrator of the division of adult, children, and family services.

441—163.3(234) Project eligibility.

163.3(1) Grants will be awarded to eligible applicants for specifically designed projects. Preference in awarding grants shall be given to projects which use a variety of community resources and agencies. Priority in awarding of points for community grants shall be given to programs that serve areas of the state which demonstrate the highest percentage of pregnancies of females aged 13 years of age or older but younger than the age of 18 within the geographic area to be served by the grant. Projects selected for the adolescent pregnancy prevention statewide campaign, adolescent pregnancy evaluation grant, and state coalition grants will be eligible for noncompetitive funding for up to three years, pending availability of funds and based upon satisfactory progress toward program goals. Projects which do not make satisfactory progress toward program goals shall be required to competitively bid for refunding. After three years, all projects must competitively bid for refunding.

Projects funded prior to July 2000 under the community adolescent pregnancy prevention and services grants are eligible for funding for up to nine years, pending availability of funds if the programs are comprehensive in scope and have demonstrated positive outcomes. Grants awarded after July 2000 must be comprehensive in scope and be based on existing models that have demonstrated positive outcomes.

An increasing grantee match will be required. A 5 percent grantee match will be required in year one. The match will increase by 5 percent each subsequent year a project receives funding. In-kind matches may be applied toward the grantee match. Projects which do not make satisfactory progress toward program goals shall be required to competitively bid for refunding.

163.3(2) A grantee may not use grant funds to serve residents of states other than Iowa. An exception to this would be a media campaign in which radio or television messages may “reach” audiences outside of Iowa.

163.3(3) Rescinded IAB 7/6/94, effective 7/1/94.

163.3(4) Projects must serve adolescents. Persons who were served prior to age 18 may continue to be served even though they are not currently pursuing a high school diploma.

163.3(5) Rescinded IAB 7/6/94, effective 7/1/94.

163.3(6) Eligible applicants for the statewide campaign are public or private agencies or individuals. Eligible applicants for the evaluation program are organizations or individuals affiliated with institutions under the authority of the state board of regents or other organizations or individuals experienced in evaluation techniques. Applications for the state coalition program will be accepted from groups or networks with statewide representation focusing on issues of adolescent pregnancy prevention, parenting and community collaboration. Applications for the community adolescent pregnancy prevention and services program will be accepted from community or regional boards or committees with broad-based representation or a single agency representing a broad-based group.

163.3(7) Rescinded IAB 11/4/98, effective 1/1/99.

163.3(8) Rescinded IAB 11/4/98, effective 1/1/99.

163.3(9) An adolescent pregnancy prevention statewide campaign grant will be awarded for a project providing a statewide campaign which encourages abstinence and provides information which will emphasize prevention of adolescent pregnancies.

163.3(10) An adolescent pregnancy prevention evaluation grant will be awarded to provide technical assistance to grantees in assessing their project and developing an evaluation tool for ongoing use. The evaluation grantee will provide an annual written report to the department.

163.3(11) A state coalition grant will be awarded to provide assistance to an existing coalition or network focusing on the issues of adolescent pregnancy prevention and services and coalition building in the state.

163.3(12) Community adolescent pregnancy prevention grants will be awarded to projects providing:

a. Broad-based representation from community or regional representatives including, but not limited to, schools, churches, human service-related organizations, and businesses.

b. Comprehensive programming focusing on the prevention of initial pregnancies during the adolescent years. Projects may provide one or more of the following services:

(1) Workshops and informational programs for adolescents and parents of adolescents to improve communication between children and parents regarding human sexuality issues.

(2) Programs that focus on the prevention of initial pregnancies through responsible decision making in relationships. These programs should be comprehensive with emphasis on, but not limited to, abstinence, risks associated with drug and alcohol use, contraceptives and associated failure rates, sexually transmitted diseases, and AIDS.

(3) Programs which use peer counseling or peer education techniques for the prevention of adolescent pregnancies.

(4) Development and distribution of informational material designed to discourage adolescent sexual activity, to provide information regarding acquired immune deficiency syndrome and sexually

transmitted diseases, and to encourage male and female adolescents to assume responsibility for their sexual activity and parenting.

c. Services to pregnant and parenting adolescents. Not more than 25 percent of a community grant may be used for these services. Projects may provide one or more of the following services:

(1) Programs intended to prevent an additional pregnancy by a parent who is less than 19 years of age. Preference in grant awards will be given to programs providing incentives to clients for their program participation and success in avoiding a subsequent pregnancy.

(2) Programs for pregnant or parenting teens intended to educate adolescents concerning the risks associated with alcohol and other drug use during pregnancy, improve parenting skills, and plan for the future.

(3) Programs for young fathers.

(4) Development and distribution of informational material designed to encourage male and female adolescents to assume responsibility for their sexual activity and parenting.

441—163.4(234) Request for proposals for pilot project grants.

163.4(1) The department will announce through public notice the opening of an application period for each of the grant programs. Applicants for grants shall request an Adolescent Pregnancy Prevention Application Kit for any or all of the open categories and shall submit grant proposals by the deadline specified in the announcement.

163.4(2) Requirements for project proposals are specified in the “Adolescent Pregnancy Prevention Grant Application Kit.” If a proposal does not contain the information specified in the application package or if it is late, it will be disapproved. Proposals shall contain the following information:

a. General information.

b. Proposal checklist.

c. Proposal summary.

d. Statement of problem and need, including information demonstrating the percentage of pregnancies of females aged 13 years of age or older but younger than the age of 18 within the geographic area to be served.

e. Community or regional background information and demonstrated effectiveness at collaboration.

f. Project goals, objectives and methods.

g. Project monitoring and evaluation.

h. Budget information.

i. Explanation of grantee share of budget.

j. Future funding.

k. Cooperative agencies agreement.

l. Applicant assurances and certification.

m. Letters of support.

n. Project advisory committee.

441—163.5(234) Selection of proposals.

163.5(1) All proposals received will be evaluated by the grant designation committee to determine which applicants will be awarded grants.

163.5(2) The following factors will be considered in selecting proposals:

a. The demonstrated need for the service in the program area(s) selected and assurance that the proposed project does not duplicate other services in the community.

b. The community support demonstrated and the coordination with other existing agencies and organizations providing services to the targeted population.

c. The general program structure including, but not limited to, how well goals can be met, how realistic the objectives are, services offered and likelihood of anticipated impact on the problem, experience serving similar populations, the administration of funds, stability of the requesting entity and the overall quality of the proposal in comparison to other proposals.

d. The plan for using the funds. Funds may not be used for construction, capital improvement or purchase of real estate.

e. Rescinded IAB 11/4/98, effective 1/1/99.

163.5(3) Weighted scoring criteria will be used to determine grant awards. The maximum number of points possible is 125. Determination of final point awards will be based on the following:

a. Proposal summary—10 points.

b. Statement of problem and need—15 points.

c. Community or regional background information and demonstrated effectiveness with coalition building—10 points.

d. Project goals, objectives and methods—15 points.

e. Project monitoring and evaluation—10 points.

f. Budget information, explanation of grantee share of budget, and cooperative agencies agreement—15 points.

g. Future funding and applicant assurances and certification—5 points.

h. Project advisory committee—10 points.

i. Overall quality and impact of program—10 points.

j. Letters of support—10 points.

k. Consideration of legislative priority area—15 points.

441—163.6(234) Project contracts. The funds for approved applications will be awarded through a contract entered into by the director and the applicant. The contract period shall not exceed the state fiscal year in which the contract is awarded. The state fiscal year is from July 1 to June 30. Expenditures shall be reimbursed monthly pursuant to regular reimbursement procedures of the state of Iowa. Grantees will submit a projected yearly expenditure on April 15. Those projects expecting to spend more than 10 percent less than their granted amount shall free the excess for the purpose of providing supplemental funding to those grantees who wish to apply.

441—163.7(234) Records. Providers shall keep client and specific fiscal records of services provided and any other records as required by the department and specified in the contract.

441—163.8(234) Evaluation. The department shall evaluate the provider at least once prior to the end of the contract year to determine how well the purposes and goals are being met and shall provide ongoing feedback to the provider. Funds are to be spent to meet program goals as provided in the contract.

Grantees shall be required to submit quarterly reports. All grantees shall cooperate with the statewide evaluation grantee and provide all requested information. The evaluation grantee shall provide a written yearly report to the department.

441—163.9(234) Termination of contract. The contract may be terminated by either party at any time during the contract period by giving 30 days' notice to the other party.

163.9(1) The department may terminate a contract upon ten days' notice when the provider or any of its subcontractors fail to comply with the grant award stipulations, standards, or conditions.

163.9(2) Within 45 days of the termination, the provider shall supply the department with a financial statement detailing all costs up to the effective date of the termination.

163.9(3) The department shall administer the funds for this program contingent upon their availability. If the department lacks the funds necessary to fulfill its fiscal responsibility under this program, the contracts shall be terminated or renegotiated.

441—163.10(234) Appeals. Applicants dissatisfied with the grant designation committee's decision may file an appeal with the director. The letter of appeal must be received within ten working days of the date of the notice of decision; must be based on a contention that the process was conducted outside of statutory authority, violated state or federal law, policy or rule, did not provide adequate public notice, was altered without adequate public notice, or involved conflict of interest by staff or committee members; and must include a request for the director to review the decision and the reasons

for dissatisfaction. Within ten working days of the receipt of the appeal the director will review the appeal request and issue a final decision.

No disbursements will be made to any applicant for a period of ten calendar days following the notice of decision. If an appeal is filed within the ten days, all disbursements will be held pending a final decision on the appeal. All applicants involved will be notified if an appeal is filed and given the opportunity to be included as a party in the appeal.

These rules are intended to implement Iowa Code section 234.6.

CHAPTER 164
IOWA HOSPITAL TRUST FUND

PREAMBLE

These rules describe the Iowa hospital trust fund created by the Second Extraordinary Session of the Seventy-ninth General Assembly in 2001 Iowa Acts, House File 763, and explain how public hospitals can participate in a program for funding of the Iowa hospital trust fund.

441—164.1(249I) Definitions.

“Department” means the Iowa department of human services.

“Hospital” means hospital as defined in Iowa Code section 135B.1.

“Hospital trust fund” or *“trust fund”* means the Iowa hospital trust fund created by Iowa Code Supplement section 249I.4, in the state treasury under the authority of the department.

“Public hospital” means a hospital licensed pursuant to Iowa Code chapter 135B and governed pursuant to Iowa Code chapter 145A, 347, 347A, or 392.

441—164.2(249I) Funding and operation of trust fund. Net funds received by the department through intergovernmental agreements for the hospital trust fund and moneys received by the department from other sources for the hospital trust fund, including grants, contributions, and participant payments, shall be deposited in the hospital trust fund. Annual expenses that are incurred to operate the hospital trust fund shall be deducted from funds received as a result of intergovernmental agreements and other sources, before their deposit in the hospital trust fund.

441—164.3(249I) Allocations from the hospital trust fund. Moneys deposited in the hospital trust fund shall be used only for the purposes of the hospital trust fund as specified in Iowa Code Supplement section 249I.2 and as provided in appropriations from the trust fund to the department of human services as specified in Iowa Code Supplement section 249I.4.

441—164.4(249I) Participation by public hospitals.

164.4(1) Participation agreement. Iowa public hospitals that participate in the Iowa Medicaid program and wish to participate in the funding of the hospital trust fund shall contact the Department of Human Services, Office of the Deputy Director for Policy, Hoover State Office Building, Fifth Floor, 1305 E. Walnut Street, Des Moines, Iowa 50319-0114, for information regarding the conditions of participation. Upon acceptance of the conditions of participation, the hospital shall sign Form 470-3932, Participation Agreement for Intergovernmental Transfer.

164.4(2) Administration fee. Upon acceptance of the participation agreement, the department shall authorize increased reimbursement to the participating facility for hospital services provided under the Medicaid program. Once every state fiscal year, the hospital shall retain \$5,000 of the additional reimbursement received, as an administration fee. The hospital shall refund the remainder of the additional reimbursement through intergovernmental transfer to the department for deposit of the federal share (less the \$5,000 retained by the hospital) in the Iowa hospital trust fund and the nonfederal share in the medical assistance budget.

164.4(3) Limit on participation. The department may limit participation by public hospitals to no more than the number needed to maximize the fund.

These rules are intended to implement Iowa Code Supplement section 249I.4.

[Filed 9/12/02, Notice 7/24/02—published 10/2/02, effective 12/1/02]

CHAPTER 165
FAMILY DEVELOPMENT AND SELF-SUFFICIENCY PROGRAM
Rescinded IAB 9/8/10, effective 9/1/10

CHAPTER 166
QUALITY IMPROVEMENT INITIATIVE GRANTS

PREAMBLE

These rules define and structure grants to be funded from collected civil money penalties. The grant funds are available for activities that protect or improve the quality of care and quality of life for residents of a nursing facility.

[ARC 3717C, IAB 3/28/18, effective 7/1/18]

441—166.1(249A) Definitions.

“*Eligible entities*” means nursing facilities, state agencies, nursing facility advocacy groups, resident and family councils, and other nursing facility stakeholder groups.

“*Nursing facility*” means a Medicaid-enrolled facility that is defined in rule 441—81.1(249A) as “facility.”

“*Quality improvement initiative*” or “*initiative*” means a project or training in accordance with provisions of 42 CFR 488.433 as amended to December 4, 2017, that directly or indirectly supports and benefits the quality of care and quality of life of nursing facility residents.

[ARC 3717C, IAB 3/28/18, effective 7/1/18]

441—166.2(249A) Availability of grants. The department shall set aside an annual amount from the civil money penalty fund established pursuant to Iowa Code section 249A.57 to be awarded in the form of grants to eligible entities for approved quality improvement initiatives. At no time shall the grant set-aside cause the civil money penalty fund to drop below \$1 million.

166.2(1) In any calendar year in which sufficient funds are available in the civil money penalty fund to support quality improvement initiative grants, the department may issue a notice for applications for grants.

166.2(2) There is no entitlement to any funds available for grants awarded pursuant to this chapter. The department may award grants to the extent funds are available and, within its discretion, to the extent that applications are approved.

166.2(3) The allocation of funds shall be in compliance with state and federal law and approved by the Centers for Medicare and Medicaid Services (CMS).

[ARC 3717C, IAB 3/28/18, effective 7/1/18]

441—166.3(249A) Grant eligibility. Grants are available only for quality improvement initiatives that are outside the scope of normal operations for the nursing facility or other applicants. Grants cannot be used as replacement funding for goods or services that the applicant already offers.

166.3(1) Grants may be awarded for:

a. Short-term quality improvement initiatives (three years or less), and

b. Initiatives with a longer term that involve collaborative efforts of state government and various stakeholders.

166.3(2) The department will comply with CMS guidance on civil money penalty uses.

[ARC 3717C, IAB 3/28/18, effective 7/1/18]

441—166.4(249A) Grant application process and selection of proposals. The department will announce through a request for proposals the opening of an application period. The request will state the purpose for which grant funds may be sought. Applicants shall submit their grant proposals by the deadline specified in the announcement.

166.4(1) Evaluation of proposals. All proposals completed as directed and submitted within the time frames allowed will be evaluated by the grant review committee to determine which applicants’ project plans will be submitted for CMS approval.

166.4(2) The department will submit the project plan for each grant the department intends to award, along with any required documentation, to CMS to seek approval or denial of the proposed project. All activities and plans for utilizing civil money penalty funds must be approved in advance by CMS.

[ARC 3717C, IAB 3/28/18, effective 7/1/18]

441—166.5(249A) Project contracts. Grants for approved applicant project plans will be awarded through a contract entered into by the department and the applicant. The contract period shall not exceed the time frames allowed by state and federal laws. The department will reimburse expenditures pursuant to contract terms and the regular reimbursement procedures of the state of Iowa.

[ARC 3717C, IAB 3/28/18, effective 7/1/18]

These rules are intended to implement Iowa Code section 249A.57.

[Filed Emergency After Notice ARC 9402B (Notice ARC 9157B, IAB 10/20/10), IAB 3/9/11,
effective 4/1/11]

[Filed ARC 3717C (Notice ARC 3573C, IAB 1/17/18), IAB 3/28/18, effective 7/1/18]

CHAPTER 167
JUVENILE DETENTION REIMBURSEMENT
[Prior to 2/11/87, Human Services [498]]

DIVISION I
ANNUAL REIMBURSEMENT PROGRAM

441—167.1(232) Definitions.

“*Allowable costs*” means those expenses of the county or multicounty related to the establishment, improvements, operation, and maintenance of county or multicounty juvenile detention homes.

“*County or multicounty*” means that the governing body is a county board of supervisors or a combination of members of participating county boards of supervisors.

“*Detained*” means the period of time a youth is physically occupying a bed in a juvenile detention home (that is, from the time of intake at the juvenile detention home (nothing prior to this) to the time a youth is discharged from the bed at the home (nothing after this)).

“*Eligible costs*” are those allowable costs that are directly attributable to the function of detaining youth in the home, from the point of intake through discharge from the home, as further defined in subrule 167.3(3).

[ARC 8716B, IAB 5/5/10, effective 7/1/10; ARC 3681C, IAB 3/14/18, effective 5/1/18]

441—167.2(232) Availability of funds. Any year that the Iowa legislature makes funds available for this program, the department shall accept requests for reimbursement from eligible facilities.

441—167.3(232) Eligible detention homes. County and multicounty juvenile detention homes shall be eligible for reimbursement under this program when:

167.3(1) The home is approved by the department under the standards of Iowa Code chapter 232 and IAC 441—Chapter 105.

167.3(2) The home submits the reports in paragraphs 167.3(2) “a” and 167.3(2) “b” by March 15 and the certified audit in paragraph 167.3(2) “c” by March 15 or within ten days of completion if after March 15 of the year following the conclusion of the state fiscal year for which reimbursement will be made:

a. A written statement delivered in printed form or via electronic mail identifying the eligible total net cost that will be claimed under rule 441—167.5(232).

b. A printed or electronic copy of the department-authorized financial and statistical report for juvenile detention homes.

(1) Certification page.

(2) Schedule A, Revenue Report.

(3) Schedule C, Property and Equipment Depreciation and Related Party Property Costs.

(4) Schedule D, Expense Report.

c. A printed or electronic copy of the home’s certified audit containing financial information for the period for which reimbursement is being claimed.

167.3(3) The department has reviewed the information submitted and determined that the costs to be claimed meet eligibility requirements. Eligible costs shall be determined by using a cost allocation methodology that follows generally accepted accounting principles (GAAP). Eligible costs shall be based on the portions of the allowable costs that are directly attributable to the function of detaining youth in the home.

a. Costs are not eligible for reimbursement if a supplemental funding, reimbursement, or refund source is available to the home. County payments to an eligible home for the function of detaining youth in the home (“care and keep”) are not considered to be supplemental funding, reimbursement, or refund sources for the purpose of this subrule. Ineligible costs include, but are not limited to:

(1) Refundable deposits.

(2) Services funded by sources other than the juvenile detention reimbursement program.

(3) Operational activities such as the food and nutrition program that is funded by the Iowa department of education.

b. Costs attributed to portions of the home not directly used for detaining children are not eligible for reimbursement.

c. Costs of alternatives to detaining youth in the approved detention home are not eligible for reimbursement. Services ineligible for reimbursement include, but are not limited to:

(1) Community tracking and monitoring activities.

(2) Transportation during the time a youth is detained that is not related to service or care and keep or that is the responsibility of or funded by another source.

(3) Outreach services.

(4) In-home detention.

d. Capital expenses shall be depreciated over the useful life of the item following generally accepted accounting principles. The annual depreciated amount for items that are eligible costs may be claimed for reimbursement.

(1) Capital expenses shall include items costing more than \$5,000 that have a useful life of over two years.

(2) Depreciation schedules shall be filed annually as needed.

[ARC 8716B, IAB 5/5/10, effective 7/1/10; ARC 3681C, IAB 3/14/18, effective 5/1/18]

441—167.4(232) Available reimbursement. The reimbursement for the participating detention homes shall be based on the distribution formula authorized by Iowa law.

[ARC 3681C, IAB 3/14/18, effective 5/1/18]

441—167.5(232) Submission of voucher. Eligible detention homes shall submit a complete signed and dated Form GAX, General Accounting Expenditure, to the department to claim reimbursement.

167.5(1) Form GAX shall be submitted to the Department of Human Services, Division of Fiscal Management, First Floor, Hoover State Office Building, 1305 East Walnut Street, Des Moines, Iowa 50319-0114, by August 1.

167.5(2) The Form GAX shall include the total net eligible costs incurred between July 1 and June 30 of the year covered by the reimbursement. These costs will be used to calculate the reimbursement amount based on the distribution formula authorized by Iowa law.

167.5(3) Only detention homes that submit Form GAX by August 1 shall receive reimbursement.

[ARC 8716B, IAB 5/5/10, effective 7/1/10; ARC 3681C, IAB 3/14/18, effective 5/1/18]

441—167.6(232) Reimbursement by the department. Reimbursement shall be made to those participating juvenile detention homes that have complied with these rules.

[ARC 3681C, IAB 3/14/18, effective 5/1/18]

These rules are intended to implement Iowa Code section 232.142.

CHAPTER 168
CHILD CARE EXPANSION PROGRAMS

[Prior to 6/28/89, see 441—Chapter 154]

PREAMBLE

These rules define and structure funding for wrap-around child care programs and expansion of school-age child care programs. The purpose of wrap-around funding is to provide continuity of services for children through programs that support core programs by expanding the day and continuing the services through breaks in the core program schedule. School-age expansion funding is intended to increase access to child care for school-age children before and after school.

441—168.1(234) Definitions.

“*Administrator*” means the administrator of the department’s division of children and family services.

“*Applicant*” means any eligible entity that submits a proposal.

“*Child care facility*,” for the purposes of this chapter, means a facility that is licensed or that has a license in process under Iowa Code chapter 237A or a child care program established by a school pursuant to Iowa Code section 279.49.

“*Contractor*” means the entity with which the department contracts for administration of child care expansion program funds.

“*Core program*” means a Head Start program, an Early Head Start program, a department of education at-risk program, a Title I preschool, an Even Start program, or an early childhood special education program.

“*Department*” means the Iowa department of human services.

“*Director*” means the director of the department of human services.

“*Proposal review committee*” means a committee appointed by the chief of the department’s bureau of child care and community services to review proposals and make recommendations to the department.

“*School-age child care program*” means a program that provides child care to children who are between five years of age and 13 years of age by September 15 and who are enrolled in a public or approved nonpublic school program.

“*School-age expansion funding*” means funding that assists in meeting expansion needs for school-age child care programs. School-age expansion funds shall increase access to school-age child care for children before and after school and during the summer and other breaks in the regular school schedule.

“*Wrap-around child care program*” means a program that provides child care for children before and after a core program and during the summer and other breaks in the core program schedule. Wrap-around child care programs shall provide continuity of services for children who attend an eligible core program and whose families meet the eligibility guidelines for child care assistance as set forth in rule 441—170.2(237A,239B).

441—168.2(234) Availability of funds.

168.2(1) In any year in which funds are available for wrap-around child care programs or for both wrap-around child care programs and school-age child care expansion, the department shall administer awards to eligible applicants based on:

- a. The availability of funds;
- b. The applicant’s history and demonstration of quality of services provided; and
- c. The applicant’s compliance with department requirements.

168.2(2) If sufficient eligible proposals are not received or available, the department reserves the right not to allocate all funds.

441—168.3(234) Eligibility requirements.

168.3(1) *Wrap-around child care funding.* Funds shall be awarded to entities administering child care programs that provide continuity of services with a core program as defined in this chapter. Collaborative proposals within communities are encouraged.

a. All wrap-around program slots shall be reserved for children:

- (1) Who attend a core program; and
- (2) Whose families meet the eligibility guidelines for child care assistance as set forth in rule 441—170.2(237A,239B) at the time of enrollment for each contract year.

b. Wrap-around child care funds shall be used to support costs of the child care provided before and after the core program, including summer and other breaks in the core program schedule, for one service period as specified in the contract.

c. Child care assistance funds shall not be used for a child during the time the child is attending a wrap-around child care program.

168.3(2) *School-age expansion funding.* Funds may be awarded to entities that administer a school-age child care program as defined in this chapter if the applicant shows that the funds will increase the number of school-age children served or will expand participation of school-age children with special needs.

441—168.4(234) Request for proposals. The department shall announce the request for proposal period through public notice.

168.4(1) *Proposal submittal.* All applicants shall submit proposals to: Iowa Department of Human Services, Bureau of Child Care and Community Services, Hoover State Office Building, Fifth Floor, 1305 E. Walnut St., Des Moines, Iowa 50319-0114.

a. Proposals shall be in the form prescribed by the department.

b. To be eligible for review, the proposals shall be received by the due date specified in the request for proposals.

168.4(2) *Proposal requirements.* Requirements for proposals shall be specified in each request for proposals. A proposal that does not contain the information specified may be disqualified at the discretion of the department. Proposals shall describe how the program will improve services to children and shall include but not be limited to the following information:

a. Program description, including but not limited to:

- (1) Stated goals and objectives of the program.
- (2) Impact of proposal on children, families, and core program.
- (3) Facility plan.
- (4) Curriculum plan.
- (5) Positive guidance plan.
- (6) Health and safety plan.
- (7) Food and nutrition plan.
- (8) Evidence of an inclusive environment.
- (9) Continuity of services plan.
- (10) Staff plan.
- (11) Professional development plan.
- (12) Parental involvement plan.

b. Needs assessment:

- (1) Geographical area to be served, including population density.
- (2) Demographics of the service population.
- (3) Socioeconomic data for the area served, such as indicators of poverty and teen pregnancy.

c. Description of community linkages and community collaboration.

d. Evidence of program quality and sustainability.

e. Proposed budget for the requested contract funds.

f. Evidence of required insurance coverage.

g. Other information identified in the request for proposals.

441—168.5(234) Selection of proposals. The administrator shall make the funding decisions.

168.5(1) Review. The department shall conduct a preliminary review of each proposal to ensure that the proposal is eligible for review by the proposal review committee. All eligible proposals received by the department shall be evaluated by the proposal review committee, which shall make funding recommendations to the administrator.

168.5(2) Criteria. The selection criteria shall be set forth in the request for proposals.

168.5(3) Notice of decision. Each applicant shall be notified within 60 days after the proposal due date whether the proposal has been denied or approved for funding and the amount of funds approved for the contract.

441—168.6(234) Appeals. Applicants dissatisfied with the department's decision may file a written appeal with the director. An appeal of a decision shall not stay contract negotiations with the apparent successful bidders.

168.6(1) The appeal must:

- a. Be received within five working days of the date of the notice of decision;
- b. Be based on a contention that the process:
 - (1) Was conducted outside of statutory authority;
 - (2) Violated state or federal law, policy, or rules;
 - (3) Did not provide adequate public notice;
 - (4) Was altered without adequate public notice; or
 - (5) Involved a conflict of interest by staff or committee members.
- c. Include a request for the director to review the decision.
- d. Include the reasons for the applicant's dissatisfaction.

168.6(2) Within ten working days of receipt of the appeal, the director shall review the appeal request and issue a final decision. An evidentiary hearing will not be conducted.

441—168.7(234) Contracts.

168.7(1) Before entering into a contract, the department may require modification of the program or budget, submission of further information or documents, or other stipulation of the applicant. The required modification, information, document, or stipulation shall be specified in the notification of contract award.

168.7(2) The department shall pay the contractor semiannually. The first payment shall be made after all parties have signed the contract. The second payment shall be made after the department has received, reviewed and approved the contractor's semiannual expenditure and performance report, as required in the contract. The contractor shall spend the funds only in accordance with the proposal approved by the department and as set forth in the contract.

168.7(3) The contractor shall keep records to document all services provided, as set forth in the contract. All records pertaining to programs funded by the contract shall be made available to the department upon request.

168.7(4) As specified in the contract, the contractor shall return unspent funds to the department with the submission of the final reports. Following the department review of the reports and contract delivery assessment, the department will determine if additional funds shall be returned.

168.7(5) Nothing in these rules shall be construed as limiting the remedies available to the state or the department for improper use of contract funds or other breach of the contractor's duties under the contract and applicable law.

441—168.8(234) Reporting requirements. Each contractor shall provide specified documents and information to the department to enable the department to evaluate the contractor, to monitor fiscal activity, and to ensure that the program goals are met.

168.8(1) The contractor shall submit expenditure reports at such times and in a format prescribed by the department as described in the contract.

168.8(2) The contractor shall submit performance reports at such times and in a format prescribed by the department as described in the contract.

168.8(3) Failure to submit a report by the due date shall result in suspension of department payment to the contractor until the report is received and approved. Delinquent or inadequate reports may negatively affect contracts or renewals for the following year.

168.8(4) The department may make monitoring visits to evaluate program management, fiscal accountability, and service delivery. The contractor shall receive a written report of the monitoring visit.

441—168.9(234) Termination of contract. Either party may terminate the contract at any time during the contract period by giving 60 days' notice to the other party.

168.9(1) The department may terminate a contract upon ten days' notice when the contractor fails to comply with the contract award stipulations, standards, or conditions.

168.9(2) Within 45 days of the termination of the contract, the contractor shall supply the department with a financial statement detailing all expenditures up to the effective date of the termination.

These rules are intended to implement Iowa Code section 234.6.

INDIVIDUAL AND FAMILY SUPPORT
AND PROTECTIVE SERVICES
CHAPTER 170
CHILD CARE SERVICES
[Prior to 7/1/83, Social Services[770] Ch 132]
[Previously appeared as Ch 132—renumbered IAB 2/29/84]
[Prior to 2/11/87, Human Services[498]]

PREAMBLE

The intent of this chapter is to establish requirements for the payment of child care services. Child care services are for children of low-income parents who are in academic or vocational training; or employed or looking for employment; or for a limited period of time, unable to care for children due to physical or mental illness; or needing protective services to prevent or alleviate child abuse or neglect. Services may be provided in a licensed child care center, a registered child development home, the home of a relative, the child's own home, or a nonregistered family child care home.
[ARC 2169C, IAB 9/30/15, effective 1/1/16]

441—170.1(237A) Definitions.

“Agency error” means child care assistance incorrectly paid for the client because of action attributed to the department as the result of one or more of the following circumstances:

1. Loss or misfiling of forms or documents.
2. Errors in typing or copying.
3. Computer input errors.
4. Mathematical errors.
5. Failure to determine eligibility correctly or to certify assistance in the correct amount when all essential information was available to the department.
6. Failure to make timely changes in assistance following amendments of policies that require the changes by a specific date.

“Child care” means a service that provides child care in the absence of parents for a portion of the day, but less than 24 hours. Child care supplements parental care by providing care and protection for children who need care in or outside their homes for part of the day. Child care provides experiences for each child's social, emotional, intellectual, and physical development. Child care may involve comprehensive child development care or it may include special services for a child with special needs. Components of this service shall include supervision, food services, program and activities, and may include transportation.

“Child with protective needs” means a child who is not in foster care and has a case file that identifies child care as a safety or well-being need to prevent or alleviate the effects of child abuse or neglect. Child care is provided as part of a safety plan during a child abuse or child in need of assistance assessment or as part of the service plan established in the family's case plan. The child must have:

1. An open child abuse assessment;
2. An open child in need of assistance assessment;
3. An open child welfare case as a result of a child abuse assessment;
4. A petition on file for a child in need of assistance adjudication; or
5. Adjudication as a child in need of assistance.

“Child with special needs” means a child with one or more of the following conditions:

1. The child has been diagnosed by a physician or by a person endorsed for service as a school psychologist by the Iowa department of education to have a developmental disability which substantially limits one or more major life activities, and the child requires professional treatment, assistance in self-care, or the purchase of special adaptive equipment.
2. The child has been determined by a qualified intellectual disability professional to have a condition which impairs the child's intellectual and social functioning.

3. The child has been diagnosed by a mental health professional to have a behavioral or emotional disorder characterized by situationally inappropriate behavior which deviates substantially from behavior appropriate to the child's age, or which significantly interferes with the child's intellectual, social, or personal adjustment.

"Client" means a current or former recipient of the child care assistance program.

"Client error" means and may result from:

1. False or misleading statements, oral or written, regarding the client's income, resources, or other circumstances which affect eligibility or the amount of assistance received;
2. Failure to timely report changes in income, resources, or other circumstances which affect eligibility or the amount of assistance received;
3. Failure to timely report the receipt of child care units in excess of the number approved by the department;
4. Failure to comply with the need for service requirements.

"Department" means the Iowa department of human services.

"Food services" means the preparation and serving of nutritionally balanced meals and snacks.

"Fraudulent means" means knowingly making or causing to be made a false statement or a misrepresentation of a material fact, knowingly failing to disclose a material fact, or committing a fraudulent practice.

"In-home" means care which is provided within the child's own home.

"Migrant seasonal farm worker" means a person to whom all of the following conditions apply:

1. The person performs seasonal agricultural work which requires travel so that the person is unable to return to the person's permanent residence within the same day.
2. Most of the person's income is derived from seasonal agricultural work performed during the months of July through October. Most shall mean the simple majority of the income.
3. The person generally performs seasonal agricultural work in Iowa during the months of July through October.

"On-line or distance learning" means training such as, but not limited to, training conducted over the Iowa communications network, on-line courses, or web conferencing. The training includes:

1. Interaction between the instructor and the student, such as required chats or message boards;
2. Mechanisms for evaluation and measurement of student achievement.

"Overpayment" means any benefit or payment received in an amount greater than the amount the client or provider is entitled to receive.

"Parent" means the parent or the person who serves in the capacity of the parent of the child receiving child care assistance services.

"Program and activities" means the daily schedule of experiences in a child care setting.

"PROMISE JOBS" means the department's training program, promoting independence and self-sufficiency through employment job opportunities and basic skills, as described in 441—Chapter 93.

"Provider" means a licensed child care center, a registered child development home, a relative who provides care in the relative's own home solely for a related child, a caretaker who provides care for a child in the child's home, or a nonregistered child care home.

"Provider error" means and may result from:

1. Presentation for payment of any false or fraudulent claim for services or merchandise;
2. Submittal of false information for the purpose of obtaining greater compensation than that to which the provider is legally entitled;
3. Failure to report the receipt of a child care assistance payment in excess of that approved by the department;
4. Charging the department an amount for services rendered over and above what is charged private pay clients for the same services;
5. Failure to maintain a copy of Form 470-4535, Child Care Assistance Billing/Attendance Provider Record, signed by the parent and the provider.

“*Recoupment*” means the repayment of an overpayment by a payment from the client or provider or both.

“*Relative*” means an adult aged 18 or older who is a grandparent, aunt or uncle to the child being provided child care.

“*Supervision*” means the care, protection, and guidance of a child.

“*Transportation*” means the movement of children in a four or more wheeled vehicle designed to carry passengers, such as a car, van, or bus, between home and facility.

“*Unit of service*” means a half day which shall be up to 5 hours of service per 24-hour period.

“*Vocational training or education*” means a training plan which includes a specific goal, that is, high school completion, improved English skills, or development of specific academic or vocational skills.

Training may be approved for high school completion activities, high school equivalency, adult basic education, English as a second language, or postsecondary education, up to and including an associate or a baccalaureate degree program.

[ARC 8506B, IAB 2/10/10, effective 3/1/10; ARC 9651B, IAB 8/10/11, effective 10/1/11; ARC 1525C, IAB 7/9/14, effective 7/1/14; ARC 1606C, IAB 9/3/14, effective 10/8/14; ARC 2169C, IAB 9/30/15, effective 1/1/16; ARC 2555C, IAB 6/8/16, effective 7/1/16]

441—170.2(237A,239B) Eligibility requirements. A person deemed eligible for benefits under this chapter is subject to all other state child care assistance requirements including, but not limited to, provider requirements under Iowa Code chapter 237A and provider reimbursement methodology. The department shall determine the number of units of service to be approved.

170.2(1) Financial eligibility. Financial eligibility for child care assistance shall be based on federal poverty levels as determined by the Office of Management and Budget and on Iowa’s median family income as determined by the U.S. Census Bureau. Poverty guidelines and median family income amounts are updated annually. Changes shall go into effect for the child care assistance program on July 1 of each year.

a. Income limits. For initial and ongoing eligibility, an applicant family’s nonexempt gross monthly income as established in paragraph 170.2(1)“*c*” cannot exceed the amounts in subparagraphs 170.2(1)“*a*”(1) to (3). If, at the time of eligibility redetermination as described in subrule 170.3(5), a family’s nonexempt gross monthly income exceeds the limits established in 170.2(1)“*a*”(1) or (2) but not (3), the family shall remain eligible for an additional 12-month period or until their income exceeds that stated in (3), whichever comes first.

(1) 145 percent of the federal poverty level applicable to the family size for children needing basic care, or

(2) 200 percent of the federal poverty level applicable to the family size for children needing special-needs care, or

(3) 85 percent of Iowa’s median family income, if that figure is lower than the standard in subparagraph (1) or (2).

b. Exceptions to income limits.

(1) A person who is participating in activities approved under the PROMISE JOBS program is eligible for child care assistance without regard to income if there is a need for child care services.

(2) A person who is part of the family investment program or whose earned income was taken into account in determining the needs of a family investment program recipient is eligible for child care assistance without regard to income if there is a need for child care services.

(3) Protective child care services are provided without regard to income.

(4) In certain cases, the department will provide child care services directed in a court order.

c. Determining gross income. Eligibility shall be determined using a projection of income based on the best estimate of future income. In determining a family’s gross monthly income, the department shall consider all income received by a family member from sources identified by the U.S. Census Bureau in computing median income, unless excluded under paragraph 170.2(1)“*d*.”

(1) Income considered shall include wages or salary, net profit from farm or nonfarm self-employment, social security, dividends, interest, income from estates or trusts, net rental income and royalties, public assistance or welfare payments, pensions and annuities, unemployment compensation,

workers' compensation, alimony, child support, veterans pensions, cash payments, casino profits, railroad retirement, permanent disability insurance, strike pay and living allowance payments made to participants of the AmeriCorps program. "Net profit from self-employment" means gross income less the costs of producing the income other than depreciation. A net loss in self-employment income cannot be offset from other earned or unearned income.

(2) For migrant seasonal farm workers, the monthly gross income shall be determined by calculating the total amount of income earned in a 12-month period preceding the date of application and dividing the total amount by 12.

(3) When income received weekly or once every two weeks is projected for future months, income shall be projected by adding all income received in the period being used for the projection and dividing the result by the number of instances of income received in that period. The result shall be multiplied by four if the income is received weekly, or by two if the income is received biweekly, regardless of the number of weekly or biweekly payments to be made in future months.

d. Income exclusions. The following sources are excluded from the computation of monthly gross income:

(1) Per capita payments from or funds held in trust in satisfaction of a judgment of the Indian Claims Commission or the court of claims.

(2) Payments made pursuant to the Alaska Claims Settlement Act, to the extent the payments are exempt from taxation under Section 21(a) of the Act.

(3) Money received from the sale of property, unless the person was engaged in the business of selling property.

(4) Withdrawals of bank deposits.

(5) Money borrowed.

(6) Tax refunds.

(7) Gifts.

(8) Lump-sum inheritances or insurance payments or settlements.

(9) Capital gains.

(10) The value of the food assistance allotment under the Food and Nutrition Act of 2008.

(11) The value of USDA donated foods.

(12) The value of supplemental food assistance under the Child Nutrition Act of 1966 and the special food program for children under the National School Lunch Act.

(13) Earnings of a child 14 years of age or younger.

(14) Loans and grants obtained and used under conditions that preclude their use for current living expenses.

(15) Any grant or loan to any undergraduate student for educational purposes made or insured under the Higher Education Act.

(16) Home produce used for household consumption.

(17) Earnings received by any youth under the Workforce Investment Act (WIA).

(18) Stipends received for participating in the foster grandparent program.

(19) The first \$65 plus 50 percent of the remainder of income earned in a sheltered workshop or work activity setting.

(20) Payments from the Low-Income Home Energy Assistance Program.

(21) Agent Orange settlement payments.

(22) The income of the parents with whom a teen parent resides.

(23) For children with special needs, income spent on any regular ongoing cost that is specific to that child's disability.

(24) Moneys received under the federal Social Security Persons Achieving Self-Sufficiency (PASS) program or the Income-Related Work Expense (IRWE) program.

(25) Income received by a Supplemental Security Income recipient if the recipient's earned income was considered in determining the needs of a family investment program recipient.

(26) The income of a child who would be in the family investment program eligible group except for the receipt of Supplemental Security Income.

- (27) Any adoption subsidy payments received from the department.
- (28) Federal or state earned income tax credit.
- (29) Payments from the Iowa individual assistance grant program (IIAGP).
- (30) Payments from the transition to independence program (TIP).
- (31) Payments to volunteers participating in the Volunteers in Service to America (VISTA) program.

EXCEPTION: This exemption will not be applied when the director of ACTION determines that the value of all VISTA payments, adjusted to reflect the number of hours the volunteer is serving, is equivalent to or greater than the minimum wage then in effect under the Fair Labor Standards Act of 1938 or the minimum wage under the laws of the state where the volunteer is serving, whichever is greater.

- (32) Reimbursement from the employer for job-related expenses.
- (33) Stipends from the preparation for adult living (PAL) program.
- (34) Payments from the subsidized guardianship waiver program.
- (35) The earnings of a child aged 18 or under who is a full-time student.
- (36) Census earnings received by temporary workers from the Bureau of the Census.
- (37) Payments for major disaster and emergency assistance provided under the Disaster Relief Act of 1974 as amended by Public Law 100-707, the Disaster Relief and Emergency Assistance Amendments of 1988.

e. Family size. The following people shall be included in the family size for the determination of eligibility:

- (1) Legal spouses (including common law) who reside in the same household.
- (2) Natural mother or father, adoptive mother or father, or stepmother or stepfather, and children who reside in the same household.
- (3) A child or children who live with a person or persons not legally responsible for the child's support.

f. Effect of temporary absence. The composition of the family does not change when a family member is temporarily absent from the household. "Temporary absence" means:

- (1) An absence for the purpose of education or employment.
- (2) An absence due to medical reasons that is anticipated to last less than three months.
- (3) Any absence when the person intends to return home within three months.

g. Resource limits. For initial and ongoing eligibility, family resources may not exceed \$1 million.

170.2(2) General eligibility requirements. In addition to meeting financial requirements, the child needing services must meet age, citizenship, and residency requirements. Each parent in the household must have at least one need for service and shall cooperate with the department's quality control review and with investigations conducted by the department of inspections and appeals.

a. Age. Child care shall be provided only to children up to age 13, unless they are children with special needs, in which case child care shall be provided up to age 19. When a child reaches the age of 13, or, as applicable, the age of 19, during the certification period, eligibility shall continue until the end of the approved certification period.

b. Need for service. Except for assistance provided under subparagraph 170.2(2)"b"(3), assistance shall be provided to a two-parent family only during the parents' coinciding hours of participation in training, employment, or job search. Each parent in the household shall meet one or more of the following requirements:

(1) The parent is in academic or vocational training. Training shall be on a full-time basis. The training facility shall define what is considered as full-time. Part-time training may be approved only if the number of credit hours to complete training is less than that required for full-time status, the required prerequisite credits or remedial course work is less than that required for full-time status, or training is not offered on a full-time basis. Child care services may be provided for the parent's hours of participation in the academic or vocational training and for actual travel time between the child care location and the training facility.

1. Child care provided while the parent participates in postsecondary education leading up to and including a baccalaureate degree program or vocational training shall be limited to a 24-month lifetime limit. A month is defined as a fiscal month or part thereof and shall generally have starting and ending

dates that fall within two adjacent calendar months but shall only count as one month. Time spent in high school completion, adult basic education, high school equivalency, or English as a second language does not count toward the 24-month limit. PROMISE JOBS child care allowances provided while the parent is a recipient of the family investment program and participating in PROMISE JOBS components in postsecondary education or training shall count toward the 24-month lifetime limit.

2. Payment shall not be approved for child-care during training in the following circumstances:

- Labor market statistics for a local area indicate low employment potential for workers with that training. Exceptions may be made when the parent has a job offer before entering the training or if a parent is willing to relocate after training to an area where there is employment potential. Parents willing to relocate must provide documentation from the department of workforce development, private employment agencies, or employers that jobs paying at least minimum wage for which training is being requested are available in the locale specified by the parent.

- The training is for jobs paying less than minimum wage.

- A parent who possesses a baccalaureate degree wants to take additional college coursework unless the coursework is to obtain a teaching certificate or complete continuing education units.

- The course or training is one that the parent has previously completed.

- The parent was previously unable to maintain the cumulative grade point average required by the training or academic facility in the same training for which application is now being made. This does not apply to parents under the age of 18 who are enrolled in high school completion activities.

- The education is in a field in which the parent will not be able to be employed due to known criminal convictions or founded child or dependent adult abuse.

- The parent wants to participate in on-line or distance learning from the parent's own home, and the training facility does not require specified hours of attendance.

(2) The parent is employed 28 or more hours per week or an average of 28 or more hours per week during the month. Child care services may be provided for the hours of employment and for actual travel time between the child care location and the place of employment. If the parent works a shift consisting of at least six hours of employment between the hours of 8 p.m. and 6 a.m. and needs to sleep during daytime hours, child care services may also be provided to allow the parent to sleep during daytime hours.

(3) The parent has a child with protective needs for child care.

(4) The parent is absent from the home due to inpatient hospitalization or outpatient treatment because of physical or mental illness, or is present but due to medical incapacity is unable to care for the child or participate in work or training, as verified by a physician.

1. Eligibility under this paragraph is limited to parents who become medically incapacitated while eligible for child care assistance based on the need criteria in subparagraph 170.2(2) "b"(1) or 170.2(2) "b"(2).

2. Child care assistance shall continue to be available for up to 90 consecutive days after the parent becomes medically incapacitated. Assistance beyond 90 days may be approved by the service area manager or designee if extenuating circumstances are verified by a physician.

3. The number of units of service authorized shall be determined as follows:

- For a single-parent family or for a two-parent family where both parents are incapacitated, the number of units authorized for the period of incapacity shall not exceed the number of units authorized for the family before the onset of incapacity.

- For a two-parent family where only one parent is incapacitated, the units of service authorized shall be based on the need of the parent who is not incapacitated.

(5) The parent is looking for employment. Child care for job search hours shall be limited to only those hours the parent is actually looking for employment, including travel time. Job search shall be limited to a maximum of 90 consecutive calendar days.

1. For applicants, job search shall be approved for a maximum of 90 consecutive calendar days. If the parent has not started employment within 90 days, assistance shall be canceled.

2. For ongoing participants, job search shall be limited to a maximum of 90 consecutive calendar days and will be treated the same as a temporary lapse in need as described at 170.2(2) "b"(9) and (10).

(6) The parent needs child care services due to participation in activities approved under the PROMISE JOBS program.

(7) The family is part of the family investment program and there is a need for child care services due to employment or participation in vocational training or education. A family who meets this requirement due to employment is not required to work a minimum number of hours. If a parent in a family investment program household remains in the home, child care assistance can be paid if that parent receives Supplemental Security Income.

(8) The parent is employed and participating in academic or vocational training for 28 or more hours per week or an average of 28 or more hours per week in the aggregate, during the month. Child care services may be provided for the hours of employment, the hours of participation in academic or vocational training and for actual travel time between the child care location and the place of employment or training. All of the requirements relating to academic or vocational training found at subparagraph 170.2(2)“b”(1), except for the requirement to be enrolled full-time, apply to the part-time training in this subparagraph.

(9) Family eligibility shall continue during an approved certification period when a temporary lapse in need for service for a parent established under this subparagraph occurs. A temporary lapse is defined as:

1. Any time-limited absence from work or a training or education program for a parent due to:
 - Need to care for a family member.
 - An illness.
 - Maternity leave.
 - Family Medical Leave Act (FMLA) situations for household members.
 - Participation in a treatment/rehabilitation program.
2. Any reduction in employment or education/training hours that fall below the minimum number required at 170.2(2)“b”(1), (2) or (8) as long as the parent continues to work or attend training or education.
3. Any student holiday or break for a parent participating in training or education.
4. Any interruption in work for a seasonal worker who is not working between regular industry work seasons.
5. Any other cessation of work or attendance at a training or education program that does not exceed three months.

(10) Family eligibility shall be canceled if the lapse in need is not temporary because the lapse will continue for more than 3 consecutive months.

c. Residency. To be eligible for child care services, the person must be living in the state of Iowa. “Living in the state” shall include those persons living in Iowa for a temporary period, other than for the purpose of vacation.

d. Citizenship. As a condition of eligibility, the applicant shall attest to the child’s citizenship or alien status by signing Form 470-3624 or 470-3624(S), Child Care Assistance Application, or Form 470-0462 or 470-0462(S), Health and Financial Support Application. Child care assistance payments may be made only for a child who:

- (1) Is a citizen or national of the United States; or
- (2) Is a qualified alien as defined at 8 U.S.C. Section 1641. The applicant shall furnish documentation of the alien status of any child declared to be a qualified alien. A child who is a qualified alien is not eligible for child care assistance for a period of five years beginning on the date of the child’s entry into the United States with qualified alien status.

EXCEPTION: The five-year prohibition from receiving assistance does not apply to:

1. Qualified aliens described at 8 U.S.C. Section 1613; or
2. Qualified aliens as defined at 8 U.S.C. Section 1641 who entered the United States before August 22, 1996.

e. Cooperation. Parents shall cooperate with the department when the department selects the family’s case for quality control review to verify eligibility. Parents shall also cooperate with investigations conducted by the department of inspections and appeals to determine whether information

supplied by the parent regarding eligibility for child care assistance is complete and correct. (See 481—Chapter 72.)

(1) Failure to cooperate shall serve as a basis for cancellation or denial of the family's child care assistance.

(2) Once denied or canceled for failure to cooperate, the family may reapply but shall not be considered for approval until cooperation occurs.

170.2(3) Priority for assistance. Child care services shall be provided only when funds are available. Funds available for child care assistance shall first be used to continue assistance to families currently receiving child care assistance and to families with protective child care needs. When funds are insufficient, families applying for services must meet the specific requirements in this subrule.

a. Priority groups. As funds are determined available, families shall be served on a statewide basis from a service-area-wide waiting list as specified in subrule 170.3(4) based on the following schedule in descending order of prioritization.

(1) Families with an income at or below 100 percent of the federal poverty level whose members, for at least 28 hours per week in the aggregate, are employed or are participating at a satisfactory level in an approved training program or educational program, and parents with a family income at or below 100 percent of the federal poverty level who are under the age of 21 and are participating in an educational program leading to a high school diploma or equivalent.

(2) Parents under the age of 21 with a family income at or below 100 percent of the federal poverty guidelines who are participating, at a satisfactory level, in an approved training program or in an education program.

(3) Families with an income of more than 100 percent but not more than 145 percent of the federal poverty guidelines whose members, for at least 28 hours per week in the aggregate, are employed or are participating at a satisfactory level in an approved training program or educational program.

(4) Families with an income at or below 200 percent of the federal poverty guidelines whose members are employed at least 28 hours per week with a special-needs child as a member of the family.

b. Exceptions to priority groups. The following are eligible for child care assistance notwithstanding waiting lists for child care services:

(1) Families with protective child care needs.

(2) Recipients of the family investment program or those whose earned income was taken into account in determining the needs of family investment program recipients.

(3) Families that receive a state adoption subsidy for a child.

(4) Families that are experiencing homelessness.

c. Effect on need for service. Families approved under a priority group are not required to meet the requirements in paragraph 170.2(2) "b" except at review or redetermination.

170.2(4) Reporting changes. The parent must report any changes in circumstances affecting these eligibility requirements and changes in the choice of provider to the department worker or the PROMISE JOBS worker within ten calendar days of the change.

a. If the change is timely reported within ten calendar days, the effective date of the change shall be the date when the change occurred.

b. If the change is not timely reported, the effective date of the change shall be the date when the change is reported to the department office or PROMISE JOBS office.

c. Exception: Changes in income do not need to be reported during the approved certification period unless the family's gross monthly income exceeds 85 percent of Iowa's median family income.

[ARC 8506B, IAB 2/10/10, effective 3/1/10; ARC 9651B, IAB 8/10/11, effective 10/1/11; ARC 1525C, IAB 7/9/14, effective 7/1/14; ARC 1606C, IAB 9/3/14, effective 10/8/14; ARC 2555C, IAB 6/8/16, effective 7/1/16; ARC 3092C, IAB 6/7/17, effective 7/1/17; ARC 3791C, IAB 5/9/18, effective 7/1/18]

441—170.3(237A,239B) Application and determination of eligibility.

170.3(1) Application process.

a. Application for child care assistance may be made at any local office of the department on:

(1) Form 470-3624 or 470-3624(S), Child Care Assistance Application,

(2) Form 470-0462 or 470-0462(S), Health and Financial Support Application, or

(3) Form 470-4377 or 470-4377(S), Child Care Assistance Review, when returned after the end of the certification period.

b. The application may be filed by the applicant, by the applicant's authorized representative or, when the applicant is incompetent or incapacitated, by a responsible person acting on behalf of the applicant.

c. The date of application is the date a signed application form containing a legible name and address is received in the department office. An electronic or paper application delivered to a closed office is considered to be received on the first day following the day the office was last open that is not a weekend or state holiday.

d. Families who are determined eligible for child care assistance shall be approved for a certification period of at least 12 months. Families who fail to complete the review and redetermination process as described at subrule 170.3(5) will lose eligibility at the end of the certification period.

170.3(2) Exceptions to application requirement. An application is not required for:

a. A person who is participating in activities approved under the PROMISE JOBS program.

b. Recipients of the family investment program or those whose earned income was taken into account in determining the needs of family investment program recipients. The date of application is the date the family requests child care assistance from the department.

c. Children with protective needs.

d. Child care services provided under a court order.

e. Families whose application has been denied for failure to provide requested information who have provided all necessary information to determine eligibility within 14 days of the denial of the application, or by the next working day if the fourteenth day falls on a weekend or state holiday.

170.3(3) Application processing. The department shall approve or deny an application as soon as possible, but no later than 30 days following the date the application was received. This time limit shall apply except in unusual circumstances, such as when the department and the applicant have made every reasonable effort to secure necessary information that has not been supplied by the date the time limit expires, or because of emergency situations, such as fire, flood or other conditions beyond the administrative control of the department.

a. The department worker or PROMISE JOBS worker shall determine the number of units of service authorized for each eligible family and shall:

(1) Inform the family through the notice of decision; and

(2) Inform the family's provider through the notice of decision or through Form 470-4444, Certificate of Enrollment.

b. The department shall issue a written notice of decision to the applicant by the next working day following a determination of eligibility.

c. The effective date of assistance shall be the date of application or the date the need for service began, whichever is later. When an application is not required as described under subrule 170.3(2), the effective date shall be as follows:

(1) For a person participating in activities under the PROMISE JOBS program, the effective date of child care assistance shall be the date the person becomes a PROMISE JOBS participant as defined in rule 441—93.1(239B) or the date the person has a need for child care assistance to participate in an approved PROMISE JOBS activity as described in 441—Chapter 93, whichever is later.

(2) For a family receiving family investment program benefits, the effective date of child care assistance shall be no earlier than the effective date of family investment program benefits, or 30 days before the date of application for child care assistance, or the date the need for service began, whichever is the latest.

(3) For a family with protective service needs, the effective date of assistance shall be the date the family signs Form 470-0615 or 470-0615(S), Application for All Social Services.

(4) When child care services are provided under a court order, the effective date of assistance shall be the date specified in the court order or the date of the court order if no date is specified.

(5) For a family whose application was denied for failure to provide requested information but who provides all information necessary to determine eligibility, including verification of all changes

in circumstances, within 14 days of the denial, the effective date of assistance shall be the date that all information required to establish eligibility is provided. If the fourteenth calendar day falls on a weekend or state holiday, the family shall have until the next business day to provide the information.

170.3(4) *Waiting lists for child care services.* When the department has determined that there may be insufficient funding, applications for child care assistance shall be taken only for the priority groups for which funds have been determined available according to subrule 170.2(3).

a. The department shall maintain a log of families applying for child care services that meet the requirements within the priority groups for which funds may be available.

(1) Each family shall be entered on the logs according to their eligibility priority group and in sequence of their date of application.

(2) If more than one application is received on the same day for the same priority group, families shall be entered on the log based on the day of the month of the birthday of the oldest eligible child. The lowest numbered day shall be first on the log. Any subsequent tie shall be decided by the month of birth, January being month one and the lowest number.

b. When the department determines that there is adequate funding, the department shall notify the public regarding the availability of funds.

170.3(5) *Review and redetermination.* The department shall redetermine a family's financial and general eligibility for child care assistance at least every 12 months. EXCEPTION: The department shall redetermine only general eligibility for recipients of the family investment program (FIP), persons whose earned income was taken into account in determining the needs of FIP recipients, and parents who have children with protective needs, because these families are deemed financially eligible so long as the FIP eligibility or need for protective services continues.

a. If FIP or protective services eligibility ends, the department shall redetermine financial and general eligibility for child care assistance according to the requirements in rule 441—170.2(237A,239B). The redetermination of eligibility shall be completed within 30 days.

b. The department shall use information gathered on Form 470-4377 or 470-4377(S), Child Care Assistance Review, to redetermine eligibility, except when the family is not required to complete a review form as provided in paragraph 170.3(5)“c.”

(1) The department shall issue a notice of expiration for the child care assistance certification period on Form 470-4377 or 470-4377(S).

(2) If the family does not return a complete review form to the department by the end of the certification period, the family must reapply for benefits, except as provided in paragraph 170.3(6)“b.” A complete review form is Form 470-4377 or 470-4377(S) with all items answered that is signed and dated by the applicant and is accompanied by all verification needed to determine continued eligibility.

c. Families who have children with protective needs and families who are receiving child care assistance because the parent is participating in activities under the PROMISE JOBS program are not required to complete Form 470-4377 or 470-4377(S).

(1) The department shall issue a notice of expiration for the child care assistance certification period on the notice of decision when the department approves the family's certification period.

(2) The department shall gather information needed to redetermine general eligibility. If the department needs information from the family, the department will send a written request to the family. If the family does not return the requested information by the due date, the family must reapply for child care assistance, except as provided in paragraph 170.3(6)“b.”

d. Families who apply for child care assistance because the parent is seeking employment are not subject to review requirements because eligibility is limited to 90 consecutive calendar days. This waiver of the review requirement applies only when the parent who is seeking employment does not have another need for service.

170.3(6) *Reinstatement.*

a. Assistance shall be reinstated without a new application when all necessary information is provided before the effective date of cancellation and eligibility can be reestablished. If there is a change in circumstances, the change must be verified before the case will be reinstated.

b. Assistance shall be reinstated without a new application when the case was canceled for failure to provide requested information but all information necessary to determine eligibility, including verification of all changes in circumstances, is provided within 14 days of the effective date of cancellation and eligibility can be reestablished. If the fourteenth calendar day falls on a weekend or state holiday, the family shall have until the next business day to provide the information. The effective date of child care assistance shall be the date that all information required to establish eligibility is provided.

[ARC 8506B, IAB 2/10/10, effective 3/1/10; ARC 9651B, IAB 8/10/11, effective 10/1/11; ARC 2555C, IAB 6/8/16, effective 7/1/16; ARC 3092C, IAB 6/7/17, effective 7/1/17]

441—170.4(237A) Elements of service provision.

170.4(1) Case file. The child welfare case file shall document the eligibility for service under 170.2(2)“b”(3).

170.4(2) Fees. Fees for services received shall be charged to clients according to the schedules in this subrule, except that fees shall not be charged to clients receiving services without regard to income. The fee is a per-unit charge that is applied to the child in the family who receives the largest number of units of service. The fee shall be charged for only one child in the family, regardless of how many children receive assistance.

a. Sliding fee schedule.

(1) The fee schedule shown in the following table is effective for eligibility determinations made on or after July 1, 2018:

Level	Monthly Income According to Family Size													Unit Fee Based on Number of Children in Care		
	1	2	3	4	5	6	7	8	9	10	11	12	13+	1	2	3 or more

- (2) To use the chart:
1. Find the family size used in determining income eligibility for service.
 2. Move across the monthly income table to the column headed by that number.
 3. Move down the column for the applicable family size to the highest figure that is equal to or less than the family's gross monthly income. Income at or above that amount (but less than the amount in the next row) corresponds to the fees in the last three columns of that row.
 4. Choose the fee that corresponds to the number of children in the family who receive child care assistance.

b. Collection. The provider shall collect fees from clients.

(1) The provider shall maintain records of fees collected. These records shall be available for audit by the department or its representative.

(2) When a client does not pay the fee, the provider shall demonstrate that a reasonable effort has been made to collect the fee. "Reasonable effort to collect" means an original billing and two follow-up notices of nonpayment.

c. Inability of client to pay fees. Child care assistance may be continued without a fee, or with a reduced fee, when a client reports in writing the inability to pay the assessed fee due to the existence of one or more of the conditions set forth below. Before reducing the fee, the worker shall assess the case to verify that the condition exists and to determine whether a reduced fee can be charged. The reduced fee shall then be charged until the condition justifying the reduced fee no longer exists. Reduced fees may be justified by:

(1) Extensive medical bills for which there is no payment through insurance coverage or other assistance.

(2) Shelter costs that exceed 30 percent of the household income.

(3) Utility costs not including the cost of a telephone that exceed 15 percent of the household income.

(4) Additional expenses for food resulting from diets prescribed by a physician.

170.4(3) Method of provision. Parents shall be allowed to exercise their choice for in-home care, except when the parent meets the need for service under subparagraph 170.2(2)"b"(3), as long as the conditions in paragraph 170.4(7)"d" are met. When the child meets the need for service under 170.2(2)"b"(3), parents shall be allowed to exercise their choice of licensed, registered, or nonregistered child care provider except when the department service worker determines it is not in the best interest of the child. The provider must meet one of the applicable requirements set forth below.

a. Licensed child care center. A child care center shall be licensed by the department to meet the requirements set forth in 441—Chapter 109 and shall have a current Certificate of License, Form 470-0618.

b. Registered child development home. A child development home shall meet the requirements for registration set forth in 441—Chapter 110 and shall have a current Certificate of Registration, Form 470-3498.

c. Out-of-state provider. A child care provider who is not located in Iowa may be selected by the parent so long as the out-of-state child care provider verifies that the provider meets all of the requirements to be a provider in the state in which the provider operates.

d. Relative care. Rescinded IAB 2/6/02, effective 4/1/02.

e. In-home care. The adult caretaker selected by the parent to provide care in the child's own home shall be sent Form 470-2890 or 470-2890(S), Payment Application for Nonregistered Providers. The provider shall complete and sign Form 470-2890 or 470-2890(S) and return the form to the department before payment may be made. An identifiable application is an application that contains a legible name and address and that has been signed. Signature on the form certifies the provider's understanding of and compliance with the conditions and requirements for nonregistered in-home care providers that include:

(1) Professional development. The provider shall complete:

1. Prior to provider agreement and every five years thereafter, minimum health and safety trainings, approved by the department, in the following content areas:

- Prevention and control of infectious disease, including immunizations.

- Prevention of sudden infant death syndrome and use of safe sleep practices.
- Administration of medication, consistent with standards for parental consent.
- Prevention of and response to emergencies due to food and allergic reactions.
- Building and physical-premises safety, including identification of and protection from hazards that can cause bodily injury, such as electrical hazards, bodies of water, and vehicular traffic.
- Prevention of shaken baby syndrome and abusive head trauma.
- Emergency preparedness and response planning for emergencies resulting from a natural disaster or a human-caused event.
- Handling and storage of hazardous materials and appropriate disposal of biocontaminants.
- Precautions in transporting children.

Minimum health and safety training may be required prior to the five-year period if content has significant changes which warrant that the training be renewed.

2. Prior to provider agreement, two hours of Iowa's training for mandatory reporting of child abuse.

3. Prior to provider agreement, first-aid and cardiopulmonary resuscitation (CPR) training meeting the following requirements:

- Training shall be provided by a nationally recognized training organization, such as the American Red Cross, American Heart Association, National Safety Council, American Safety and Health Institute or MEDIC First Aid or by an equivalent trainer using curriculum approved by the department.

- First-aid training shall include certification in infant and child first aid.

- The provider shall maintain a valid certificate indicating the date of first-aid training and the expiration date.

- The provider shall maintain a valid certificate indicating the date of CPR training and the expiration date.

(2) Limits on the number of children for whom care may be provided.

(3) Unlimited parental access to the child or children during hours when care is provided, unless prohibited by court order.

(4) Conditions that warrant nonpayment.

f. Nonregistered family child care home. A nonregistered child care home shall meet the requirements set forth in 441—Chapter 120.

g. Iowa records checks for in-home care. If a person who provides in-home care applies to receive public funds as reimbursement for providing child care for eligible clients, the provider shall complete and submit the required authorization form(s) to the department. The department shall use the form(s) to conduct Iowa criminal history record and child abuse record checks.

(1) The purpose of these checks is to determine whether the person has committed a transgression that prohibits or limits the person's involvement with child care.

(2) The department may also conduct criminal and child abuse record checks in other states and may conduct dependent adult abuse, sex offender registry, and other public or civil offense record checks in Iowa or in other states.

(3) Records checks shall be repeated every two years and when the department or provider becomes aware of any new transgressions.

h. National criminal history record checks for in-home care. If a person who provides in-home care applies to receive public funds as reimbursement for providing child care for eligible clients, the provider shall complete Form DCI-45, Waiver Agreement, and Form FD-258, Federal Fingerprint Card.

(1) The provider subject to this check shall submit any other forms required by the department of public safety to authorize the release of records.

(2) The provider subject to this check is responsible for any costs associated with obtaining the fingerprints and for submitting the prints to the department.

(3) Fingerprints may be taken (rolled) by law enforcement agencies or by agencies or companies that specialize in taking fingerprints.

(4) The national criminal history record check shall be repeated for each person subject to the check every four years and when the department or provider becomes aware of any new transgressions committed by that person in another state.

(5) The department may rely on the results of previously conducted national criminal history record checks when a person subject to a record check in one child development home or child care home submits a request for involvement with child care in another child care home, so long as the person's national criminal history record check is within the allowable four-year time frame. All initial or new applications shall require a new national criminal history record check.

i. Transgressions. If any person subject to the record checks in paragraph 170.4(3)“g” or 170.4(3)“h” has a record of founded child abuse, dependent adult abuse, a criminal conviction, or placement on the sex offender registry, the department shall follow the process for prohibition or evaluation defined at 441—subrule 110.7(3).

(1) If any person would be prohibited from registration, employment, or residence, the person shall not provide child care and is not eligible to receive public funds to do so. The department's designee shall notify the applicant.

(2) A person who continues to provide child care in violation of this rule is subject to penalty and injunction under Iowa Code chapter 237A.

170.4(4) Components of service program. Every child eligible for child care services shall receive supervision, food services, and program and activities, and may receive transportation.

170.4(5) Levels of service according to age. Rescinded IAB 9/30/92, effective 10/1/92.

170.4(6) Provider's individual program plan. Rescinded IAB 2/10/10, effective 3/1/10.

170.4(7) Payment. The department shall make payment for child care provided to an eligible family when the family reports their choice of provider to the department and the provider has a completed Form 470-3871 or 470-3871(S), Child Care Assistance Provider Agreement, on file with the department. Both the child care provider and the department worker shall sign this form.

a. Rate of payment. The rate of payment for child care services, except for in-home care which shall be paid in accordance with 170.4(7)“d,” shall be the actual rate charged by the provider for a private individual, not to exceed the maximum rates shown below. When a provider does not have a half-day rate in effect, a rate is established by dividing the provider's declared full-day rate by 2. When a provider has neither a half-day nor a full-day rate, a rate is established by multiplying the provider's declared hourly rate by 4.5. Payment shall not exceed the rate applicable to the provider type and age group as shown in the tables below. To be eligible for the special needs rate, the provider must submit documentation to the child's service worker that the child needing services has been assessed by a qualified professional and meets the definition for “child with special needs,” and a description of the child's special needs, including, but not limited to, adaptive equipment, more careful supervision, or special staff training.

Preschool	\$7.19	\$10.79
School Age	\$7.36	\$11.04

The following definitions apply in the use of the rate tables:

(1) “Licensed center” shall mean those providers as defined in 170.4(3) “a.” “Child development home A/B” or “child development home C” shall mean those providers as defined in 170.4(3) “b.” “Child care home (not registered)” shall mean those providers as defined in 441—Chapter 120.

(2) Under age group, “infant and toddler” shall mean age two weeks to two years; “preschool” shall mean two years to school age; “school age” shall mean a child in attendance in full-day or half-day classes.

(3) “No QRS” shall mean a provider who is not participating in the quality rating system.

(4) A provider who is rated under the quality rating system shall be paid according to the corresponding QRS payment level in the tables above only during the period the rating is valid as defined in 441—Chapter 118. If the provider’s QRS rating expires, the provider shall be paid according to the “No QRS” payment level.

(5) For a provider rated “QRS 1” through “QRS 4,” if the rating period expires before a new QRS level is approved, the provider will be paid according to the “No QRS” payment level until the new QRS level is approved.

(6) For a provider rated “QRS 5,” if a renewal application is received before the current rating period expires, the provider will continue to be paid according to the “QRS 5” payment level until a decision is made on the provider’s application.

(7) “QRS 1 or 2” shall mean a provider who has achieved a rating of Level 1 or Level 2 under the quality rating system.

(8) “QRS 3 or 4” shall mean a provider who has achieved a rating of Level 3 or Level 4 under the quality rating system.

(9) “QRS 5” shall mean a provider who has achieved a rating of Level 5 under the quality rating system.

b. Payment for days of absence. Payment may be made to a child care provider defined in subrule 170.4(3) for an individual child not in attendance at a child care facility not to exceed four days per calendar month providing that the child is regularly scheduled on those days and the provider also charges a private individual for days of absence.

c. Payment for multiple children in a family. When a provider reduces the charges for the second and any subsequent children in a family with multiple children whose care is unsubsidized, the rate of payment made by the department for a family with multiple children shall be similarly reduced.

d. Payment for in-home care. Payment may be made for in-home care when there are three or more children in a family who require child care services. The rate of payment for in-home care shall be the minimum wage amount.

e. Limitations on payment. Payment shall not be made for therapeutic services that are provided in the care setting and include, but are not limited to, services such as speech, hearing, physical and other therapies, individual or group counseling, therapeutic recreation, and crisis intervention.

f. Review of the calculation of the rate of payment. Maximum rate ceilings are not appealable. A provider who is in disagreement with the calculation of the half-day rate as set forth in 170.4(7) “a” may request a review. The procedure for review is as follows:

(1) Within 15 calendar days of notification of the rate in question, the provider shall send a written request for review to the service area manager. The request shall identify the specific rate in question and the methodology used to calculate the rate. The service manager shall provide a written response within 15 calendar days of receipt of the request for review.

(2) When dissatisfied with the response, the provider may, within 15 calendar days of the response, request a review by the chief of the bureau of financial support. The provider shall submit to the bureau chief the original request, the response received, and any additional information desired. The bureau chief shall render a decision in writing within 15 calendar days of receipt of the request.

(3) The provider may appeal the decision to the director of the department or the director’s designee within 15 calendar days of the decision. The director or director’s designee shall issue the final department decision within 15 calendar days of receipt of the request.

g. Submission of claims. The department shall issue payment when the provider submits correctly completed documentation of attendance and charges. The department shall pay for no more than the number of units of service authorized in the notice of decision issued pursuant to subrule 170.3(3). Providers shall submit a claim in one of the following ways:

(1) Using Form 470-4534, Child Care Assistance Billing/Attendance; or

(2) Using an electronic request for payment submitted through the KinderTrack system. Providers using this method shall print Form 470-4535, Child Care Assistance Billing/Attendance Provider Record, to be signed by the provider and the parent. The provider shall keep the signed Form 470-4535 for a period of five years after the billing date.

441—170.5(237A) Adverse actions.

170.5(1) Provider agreement. The department may refuse to enter into or may revoke the Child Care Assistance Provider Agreement, Form 470-3871 or 470-3871(S), if any of the following occur:

a. The department finds a hazard to the safety and well-being of a child, and the provider cannot or refuses to correct the hazard.

b. The provider has submitted claims for payment for which the provider is not entitled.

c. The provider fails to cooperate with an investigation conducted by the department of inspections and appeals to determine whether information the provider supplied to the department regarding payment for child care services is complete and correct. Once the agreement is revoked for failure to cooperate, the department shall not enter into a new agreement with the provider until cooperation occurs.

d. The provider does not meet one of the applicable requirements set forth in subrule 170.4(3).

e. The provider fails to comply with any of the terms and conditions of the Child Care Assistance Provider Agreement, Form 470-3871 or 470-3871(S).

f. The provider submits attendance documentation for payment and the provider knows or should have known that the documentation is false or inaccurate.

g. An overpayment of CCA funds with a balance of \$3,000 or more exists for a provider and that provider fails to enter into a repayment agreement with the department of inspections and appeals (DIA) or does not make payments according to the repayment agreement on file with DIA.

h. The provider is found to have more children in care at one time than allowed for the provider type as found at rule 441—110.6(237A) and 441—subrules 110.13(1), 110.14(1), 110.15(1), 120.6(1) and 170.4(3).

170.5(2) Denial. Child care assistance shall be denied when the department determines that:

a. The client is not in need of service; or

b. The client is not financially eligible; or

c. There is another resource available to provide the service or a similar service free of charge that allows parents to select from the full range of eligible providers; or

d. An application is required and the client or representative refuses or fails to sign the application form; or

e. Funding is not available; or

f. The client refuses or fails to supply information or verification requested or to request assistance and authorize the department to secure the required information or verification from other sources (signing a general authorization for release of information to the department does not meet this responsibility); or

g. The client fails to cooperate with a quality control review or with an investigation conducted by the department of inspections and appeals.

170.5(3) Termination. Child care assistance may be terminated when the department determines that:

a. The client no longer meets the eligibility criteria in subrule 170.2(2); or

b. The client's income exceeds the financial guidelines; or

c. The client refuses or fails to supply information or verification requested or to request assistance and authorize the department to secure the required information or verification from other sources (signing a general authorization for release of information to the department does not meet this responsibility); or

d. No payment or only partial payment of client fees has been received within 30 days following the issuance of the last billing; or

e. Another resource is available to provide the service or a similar service free of charge that allows parents to select from the full range of eligible providers; or

f. Funding is not available; or

g. The client fails to cooperate with a quality control review or with an investigation conducted by the department of inspections and appeals.

170.5(4) Reduction. Authorized units of service may be reduced when the department determines that:

a. Continued provision of service at the current level is not necessary to meet the client's service needs; or

b. Another resource is available to provide the same or similar service free of charge that will meet the client's needs and allow parents to select from the full range of eligible providers; or

c. Funding is not available to continue the service at the current level. When funding is not available, the department may limit on a statewide basis the number of units of child care services for which payment will be made.

170.5(5) Provider agreement sanction. If a Child Care Assistance Provider Agreement, Form 470-3871 or 470-3871(S), is terminated for any of the reasons in subrule 170.5(1), the agreement shall remain terminated for the time periods set forth below:

a. The first time the agreement is terminated, the provider may reapply for another agreement at any time.

b. The second time the agreement is terminated, the provider may not reapply for another agreement for 12 months from the effective date of termination.

c. The third or subsequent time the agreement is terminated, the provider may not reapply for another agreement for 36 months from the effective date of termination.

d. The department shall not act on an application for a child care assistance provider agreement submitted by a provider during the sanction period.

[ARC 7740B, IAB 5/6/09, effective 6/10/09; ARC 8506B, IAB 2/10/10, effective 3/1/10; ARC 9651B, IAB 8/10/11, effective 10/1/11; ARC 1893C, IAB 3/4/15, effective 7/1/15; ARC 3092C, IAB 6/7/17, effective 7/1/17]

441—170.6(237A) Appeals. Notice of adverse actions and the right of appeal shall be given in accordance with 441—Chapter 7.

441—170.7(237A) Provider fraud.

170.7(1) Fraud. The department shall consider a child care provider to have committed fraud when:

a. The department of inspections and appeals, in an administrative or judicial proceeding, has found the provider to have obtained by fraudulent means child care assistance payment in an amount in excess of \$1,000; or

b. The provider has agreed to entry of a civil judgment or judgment by confession that includes a conclusion of law that the provider has obtained by fraudulent means child care assistance payment in an amount in excess of \$1,000.

170.7(2) Potential sanctions. Providers found to have committed fraud shall be subject to one or more of the following sanctions, as determined by the department:

a. Special review of the provider's claims for child care assistance.

b. Suspension from receipt of child care assistance payment for six months.

c. Ineligibility to receive payment under child care assistance.

170.7(3) Factors considered in determining level of sanction. The department shall evaluate the following factors in determining the sanction to be imposed:

a. *History of prior violations.*

(1) If the provider has no prior violations, the sanction imposed shall be a special review of provider claims.

(2) If the provider has one prior violation, the sanction imposed shall be a suspension from receipt of child care assistance payment for six months as well as a special review of provider claims.

(3) If the provider has more than one prior violation, the sanction imposed shall be ineligibility to receive payment under child care assistance.

b. *Prior imposition of sanctions.*

(1) If the provider has not been sanctioned before, the sanction imposed shall be a special review of the provider's claims for child care assistance.

(2) If the provider has been sanctioned once before, the sanction imposed shall be a suspension from receipt of child care assistance payment for six months as well as a special review of provider claims.

(3) If the provider has been sanctioned more than once before, the sanction imposed shall be ineligibility to receive payment under child care assistance.

c. *Seriousness of the violation.*

(1) If the amount fraudulently received is less than \$5,000, the sanction level shall be determined according to paragraphs "a" and "b."

(2) If the amount fraudulently received is \$5,000 or more, and the sanction determined according to paragraphs “a” and “b” is review of provider claims, the sanction imposed shall be suspension from receipt of child care assistance payment.

(3) If the amount fraudulently received is \$5,000 or more, and the sanction determined according to paragraphs “a” and “b” is suspension from receipt of child care assistance payment, the sanction imposed shall be ineligibility to receive payment under child care assistance.

d. Extent of the violation.

(1) If the fraudulent claims involve five invoices or less or five months or less, the sanction level shall be determined according to paragraphs “a” and “b.”

(2) If the fraudulent claims involve at least six invoices or six months, and the sanction determined according to paragraphs “a” and “b” is review of provider claims, the sanction imposed shall be suspension from receipt of child care assistance payment.

(3) If the fraudulent claims involve at least six invoices or six months, and the sanction determined according to paragraphs “a” and “b” is suspension from receipt of child care assistance payment, the sanction imposed shall be ineligibility to receive payment under child care assistance.

170.7(4) Mitigating factors.

a. If the sanction determined according to subrule 170.7(3) is suspension from or ineligibility for receipt of child care assistance payment, the department shall determine whether it is appropriate to reduce the level of a sanction for the particular case, considering:

- (1) Prior provision of provider education.
- (2) Provider willingness to obey program rules.

b. If the sanction determined according to subrule 170.7(3) is ineligibility for receipt of child care assistance payment, but consideration of the two factors in paragraph “a” indicates that a lesser sanction will resolve the violation, the sanction imposed shall be:

- (1) Suspension from receipt of child care assistance payment for six months; and
- (2) A special review of provider claims.

c. If the sanction determined according to subrule 170.7(3) is suspension from receipt of child care assistance payment, but consideration of the two factors in paragraph “a” indicates that a lesser sanction will resolve the violation, the sanction imposed shall be a special review of provider claims.

441—170.8(234) Allocation of funds. Rescinded IAB 2/6/02, effective 4/1/02.

441—170.9(237A) Child care assistance overpayments. All child care assistance overpayments shall be subject to recoupment.

170.9(1) Notification and appeals. All clients or providers shall be notified as described at subrule 170.9(6), when it is determined that an overpayment exists. Notification shall include the amount, date and reason for the overpayment. The department shall provide additional information regarding the computation of the overpayment upon the client’s or provider’s request. The client or provider may appeal the computation of the overpayment and any action to recover the overpayment in accordance with 441—subrule 7.5(9).

170.9(2) Determination of overpayments. All overpayments due to client, provider, or agency error or due to benefits or payments issued pending an appeal decision shall be recouped. Overpayments shall be computed as if the information had been acted upon timely.

170.9(3) Benefits or payments issued pending appeal decision. Recoupment of overpayments resulting from benefits or payments issued pending a decision on an appeal hearing shall not occur until after a final appeal decision is issued affirming the department.

170.9(4) Failure to cooperate. Failure by the client to cooperate in the investigation of alleged overpayments shall result in ineligibility for the months in question and the overpayment shall be the total amount of assistance received during those months. Failure by the provider to cooperate in the investigation of alleged overpayments shall result in payments being recouped for the months in question.

170.9(5) *Payment agreement.* The client or provider may choose to make a lump-sum payment or make periodic installment payments as agreed to on the notification form issued pursuant to subrule 170.9(6). Failure to negotiate an approved payment agreement may result in further collection action as outlined in 441—Chapter 11.

170.9(6) *Procedures for recoupment.*

a. When the department determines that an overpayment exists, the department shall refer the case to the department of inspections and appeals for investigation, recoupment, or referral for possible prosecution.

b. The department of inspections and appeals shall initiate recoupment by notifying the debtor of the overpayment on Form 470-4530, Notice of Child Care Assistance Overpayment.

c. When financial circumstances change, the department of inspections and appeals has the authority to revise the recoupment plan.

d. Recoupment for overpayments due to client error or due to an agency error that affected eligibility shall be made from the parent who received child care assistance at the time the overpayment occurred. When two parents were in the home at the time the overpayment occurred, both parents are equally responsible for repayment of the overpayment.

e. Recoupment for overpayments due to provider error or due to an agency error that affected benefits shall be made from the provider.

f. Recoupment for overpayments caused by both the provider and client shall be collected from both the provider and client equally, 50 percent from the client and 50 percent from the provider.

170.9(7) *Suspension and waiver.* Recoupment will be suspended on nonfraud overpayments when the amount of the overpayment is less than \$35. Recoupment will be waived on nonfraud overpayments of less than \$35 which have been held in suspense for three years.

CHAPTER 171
ADULT DAY CARE
Rescinded IAB 3/6/02, effective 5/1/02

CHAPTER 172
FAMILY-CENTERED CHILD WELFARE SERVICES

PREAMBLE

These rules define and describe procedures for delivery of family-centered child welfare services. The rules describe the service definitions and eligibility criteria, contractor selection and contracting processes, performance measures, billing and payment methods, procedures for client appeals, and service review and audit procedures.

[ARC 9491B, IAB 5/4/11, effective 7/1/11]

DIVISION I
GENERAL PROVISIONS

441—172.1(234) Definitions.

“Agency” means the Iowa department of human services.

“Child” means a person who meets the definition of a child in Iowa Code section 234.1(2).

“Child vulnerability” means the degree that a child cannot on the child’s own avoid, negate, or minimize the impact of present or impending danger.

“Conditionally safe” means that one or more signs of present or impending danger to a child that are identified on the safety assessment form are not offset by the child’s degree of vulnerability or the caretaker’s protective capacity. A safety plan is required.

“Contractor” means a private organization authorized to do business in Iowa that has entered into a contract with the agency to provide one or more of the services defined in this chapter. “Contractor” refers to the organization that is named as the responsible party in the contract and whose authorized representative has signed the contract.

“Family safety, risk, and permanency service” means a service that uses strategies and interventions designed to achieve safety and permanency for a child with an open agency child welfare case, regardless of the setting in which the child resides.

“Permanency” means a child has a safe, stable, custodial environment in which to grow up and a lifelong relationship with a nurturing caregiver.

“Protective capacities” means the family strengths or resources that reduce, control, or prevent risks from arising or from having an unsafe impact on a child.

“Risk” means the probability or likelihood that a child will experience maltreatment.

“Safe” means that no signs of present or impending danger to a child are identified or that one or more signs of present or impending danger are identified but the child’s degree of vulnerability or the caregiver’s protective capacities offset the current threat. The child is not likely to be in imminent danger of maltreatment.

“Safety plan service” means a service that is designed to monitor the safety of a child during the agency’s child protective assessment or child in need of assistance assessment process.

“Service area manager” means the agency official responsible for managing the agency’s programs, operations, and budget within one of the agency service areas.

[ARC 9491B, IAB 5/4/11, effective 7/1/11; ARC 1156C, IAB 10/30/13, effective 1/1/14]

441—172.2(234) Purpose and scope. Family-centered child welfare services are designed to achieve safety, permanency, and well-being for children.

172.2(1) Family-centered child welfare services provide interventions and supports for children who have come to the agency’s attention because of:

- a. Allegations of child abuse; or
- b. Juvenile court action to adjudicate the child as a child in need of assistance.

172.2(2) Family-centered child welfare services shall be designed to:

- a. Identify and build on the family’s strengths and enhance the family’s protective capacities;
- b. Address the risk factors that affect the child’s safety, permanency, and well-being; and

c. Help the family become connected with community support systems in order to promote greater self-reliance.

172.2(3) Family-centered child welfare services shall utilize evidence-based interventions to the greatest possible extent.

[ARC 9491B, IAB 5/4/11, effective 7/1/11]

441—172.3(234) Authorization. When the agency has approved provision of family-centered child welfare services for a child and family, the agency worker shall notify the contractor by issuing the referral and authorization for child welfare services form. This referral form shall indicate:

1. The specific service category authorized (safety plan; family safety, risk, and permanency); and
2. The duration of the authorization.

[ARC 9491B, IAB 5/4/11, effective 7/1/11; ARC 1156C, IAB 10/30/13, effective 1/1/14]

441—172.4(234) Reimbursement. Billed services that meet the requirements of this chapter and the contract between the agency and the contractor shall become a liability of the state. The format and process for submitting billings to the agency and for receiving agency payments shall be specified in all contracts. The agency shall process claims for payment promptly upon submission by the contractor.

172.4(1) The contractor shall bear ultimate responsibility for the completeness and accuracy of all billings submitted.

172.4(2) The contractor shall maintain all financial and service records that are necessary to substantiate the contractor's claims submitted for reimbursement for services provided to agency clients as specified in the contract.

[ARC 9491B, IAB 5/4/11, effective 7/1/11]

441—172.5(234) Client appeals. Clients may appeal the agency's decision pursuant to 441—Chapter 7 when:

1. The client's application for services as described in this chapter is denied, or
2. The services are terminated.

[ARC 9491B, IAB 5/4/11, effective 7/1/11]

441—172.6(234) Reviews and audits. Contractors for the services described in this chapter shall be subject to review and audit procedures established by the agency. Information on these procedures shall be included in the request for proposals and in contracts resulting from the procurement process.

[ARC 9491B, IAB 5/4/11, effective 7/1/11]

441—172.7 to 172.9 Reserved.

DIVISION II SAFETY PLAN SERVICES

PREAMBLE

Family-centered safety plan services are designed to maintain children safely in their own families whenever possible. These services use strategies and interventions to monitor and evaluate the safety of children who, during a child protective assessment or during the agency's child in need of assistance assessment, are assessed to be conditionally safe.

[ARC 9491B, IAB 5/4/11, effective 7/1/11]

441—172.10(234) Service requirements. A contractor providing a safety plan service shall meet the following requirements:

172.10(1) The service shall meet the minimum expectations defined in the contract.

172.10(2) The contractor shall provide interventions and supports based on the particular service needs identified for each child and family.

172.10(3) The contractor shall design interventions that:

- a. Promote identification and enhancement of family strengths and protective capacities;
- b. Address the factors that have placed the child in "conditionally safe" status;

- c. Strengthen family connections to community resources and informal supports; and
- d. Are culturally competent and respectful of the family's cultural, ethnic, and racial identity and values.

[ARC 9491B, IAB 5/4/11, effective 7/1/11]

441—172.11(234) Contractor selection. Family-centered safety plan services shall be available on a statewide basis and shall be purchased through a formal competitive selection process according to the requirements of 11—Chapters 118 and 119.

172.11(1) The agency shall issue a request for proposals at the state level to seek applications from organizations interested in providing family-centered safety plan services within specific geographic areas.

172.11(2) The request for proposals shall specify:

- a. The minimum qualifications and requirements for consideration as a contractor;
- b. The scope of services to be purchased; and
- c. The duration of contracts to be awarded.

172.11(3) The agency shall select one or more contractors within each agency service area based on service needs and the number and quality of contractor proposals.

172.11(4) When multiple contractors are selected to serve the same geographic area, the agency shall implement a fair and equitable case referral process.

[ARC 9491B, IAB 5/4/11, effective 7/1/11]

441—172.12(234) Service eligibility.

172.12(1) The agency may refer a family for family-centered safety plan services when:

- a. A child in the family is alleged to be a victim of abuse (an “alleged child victim”) on a child protective assessment or is the subject of a child in need of assistance assessment (a “child subject”); and
- b. During the child protective assessment or child in need of assistance assessment, the agency determines that the alleged child victim or child subject is conditionally safe.

172.12(2) When the agency approves a case for safety plan services, the following persons may be included in service provision:

- a. The alleged child victim or child subject;
- b. Any whole, half, or step siblings of the alleged child victim or child subject who reside in the same household; and
- c. The parents, stepparents, adoptive parents, or caretakers of the alleged child victim or child subject.

[ARC 9491B, IAB 5/4/11, effective 7/1/11]

441—172.13(234) Service components.

172.13(1) *Strategies and interventions.* Safety plan services shall provide a flexible array of strategies and interventions to:

- a. Monitor, evaluate, and intervene to ensure the child's safety; and
- b. Evaluate and supplement the protective capacities of the child's caregivers.

172.13(2) *Service activities.* The activities to be provided by safety plan services shall be as described in the scope of services section of the request for proposals and in the contract. At a minimum, a contractor for safety plan services shall do all of the following:

- a. Be available 24 hours a day, seven days per week.
- b. Respond to the agency worker within one hour after the contractor receives a referral call.
- c. Initiate face-to-face contact with the alleged child victim or child subject and the child's parents within 24 hours of the referral call from the agency worker.
- d. Make daily face-to-face contact with the alleged child victim or child subject and the child's parents as identified in the safety plan form and the safety plan services referral face sheet. The frequency of contact with siblings and others involved in the case shall be as identified on the safety plan service referral face sheet.

- e. Provide an electronic communication to update the agency worker by the end of the next calendar day after each contact with a person included in service provision.
- f. Attend all family team meetings held on behalf of the family during the service delivery period.
- g. Respond within two hours to any family crisis during the service delivery period.
 - (1) The response may be made either face to face or by telephone, depending on the situation.
 - (2) Immediately following the response, the contractor shall report the crisis and the response to the agency worker or the worker's supervisor via telephone or electronic communication.
- h. Attend court hearings about the child upon request of the court or the agency worker.

172.13(3) Additional services available. Based on child and family needs and subject to approval by the agency worker, a child and family who are receiving safety plan services may also receive the following services, which shall be purchased and funded separately, in addition to the activities listed in subrule 172.13(2):

- a. Drug testing as provided in subrule 172.30(1).
- b. Family team meeting facilitation as provided in subrule 172.30(2).
- c. Legal services for permanency as provided in subrule 172.30(3).
- d. Payment of foster family care maintenance costs under rule 441—156.6(234) if the child is placed in foster family care.

- e. Shelter care payment as provided in rule 441—156.11(234) if the child is placed in shelter care. [ARC 9491B, IAB 5/4/11, effective 7/1/11; ARC 1156C, IAB 10/30/13, effective 1/1/14; ARC 2885C, IAB 1/4/17, effective 3/1/17]

441—172.14(234) Monitoring of service delivery.

172.14(1) Case management. During the time a child and the child's family are approved to receive safety plan services, the agency worker shall be responsible for providing case management. The agency worker shall maintain contact with the family and the family's contractor to ensure that factors that present risks to the safety and well-being of children in the family are being adequately addressed.

172.14(2) Contractor progress reports. A contractor for safety plan services shall submit client reports in accordance with the requirements concerning format, content, and frequency that are specified in the contract.

172.14(3) Outcome measures. The agency shall establish outcome-based performance measures for safety plan services. These performance measures shall:

- a. Be specified in each contract; and
- b. Be aligned with the measures defined by the federal government as part of the child and family services review process.

[ARC 9491B, IAB 5/4/11, effective 7/1/11]

441—172.15(234) Billing and payment.

172.15(1) Unit of service. Safety plan services shall be delivered based on a 15-calendar-day unit of service with an established per-unit payment rate that shall be specified in each contract. The agency worker may purchase up to two units of service for a case.

172.15(2) Performance-based payments. Contracts for safety plan services may contain provisions under which a portion of the payment to the contractor is connected to the contractor's level of achievement on specified outcome-based performance measures. Any provisions for performance-based payments shall be described in the agency's request for proposals and in the contract.

[ARC 9491B, IAB 5/4/11, effective 7/1/11]

441—172.16 to 172.19 Reserved.

DIVISION III
FAMILY SAFETY, RISK, AND PERMANENCY SERVICES

PREAMBLE

Family safety, risk, and permanency services provide family-focused interventions and supports to improve parents' capacity to keep their children safe. The purpose of these services is to achieve safety and permanency for children, regardless of the setting in which the children reside. The outcome may be to maintain children safely within their own families or with relatives, to reunite children safely with their parents or other relatives, or to achieve alternative permanent family connections for the child.

441—172.20(234) Service requirements. Family safety, risk, and permanency services shall meet the following requirements:

172.20(1) The service shall meet the minimum expectations defined in the contract.

172.20(2) The contractor shall have flexibility to select interventions and supports based on the particular service needs identified for each child and family.

172.20(3) The contractor shall:

- a. Identify family strengths and protective capacities;
- b. Build on these strengths in the contractor's interventions with children and families;
- c. Participate in family team meetings and court hearings;
- d. Be culturally competent and respectful of the family's cultural, ethnic, and racial identity and values;
- e. Work to connect children and families with community resources and informal support systems to promote family self-reliance;
- f. Use evidence-based models of intervention to the greatest extent possible;
- g. Address risk factors and needs that are barriers to the child's safety, permanency, and well-being.

[ARC 9491B, IAB 5/4/11, effective 7/1/11]

441—172.21(234) Contractor selection. Family safety, risk, and permanency services shall be available on a statewide basis and shall be purchased through a formal competitive selection process according to the requirements of 11—Chapters 118 and 119.

172.21(1) The agency shall issue a request for proposals at the state level to seek applications from organizations interested in providing family safety, risk, and permanency services within specific geographic areas.

172.21(2) The request for proposals shall specify:

- a. The minimum qualifications and requirements for consideration as a contractor;
- b. The scope of services to be purchased; and
- c. The duration of contracts to be awarded.

172.21(3) The agency shall select one or more contractors within each agency service area based on service needs and the number and quality of contractor proposals.

172.21(4) When multiple contractors are selected to serve the same geographic area, the agency shall implement a fair and equitable case referral process.

[ARC 9491B, IAB 5/4/11, effective 7/1/11]

441—172.22(234) Service eligibility. Family safety, risk, and permanency services may be provided when the child meets the criteria in subrules 172.22(1) and 172.22(2).

172.22(1) The child is eligible for child welfare services based on:

- a. The child's adjudication as a child in need of assistance; or
- b. The child's placement out of home under the care and supervision of the agency; or
- c. Evaluation of the findings of a child abuse assessment report and the family's risk assessment score.

172.22(2) The child is in need of services:

- a. To maintain the child's placement safely within the child's own family or in the home of a relative or other suitable person; or
- b. To reunify the child safely with the child's birth family or with another relative following placement with a relative or in a foster family, shelter care facility, group care facility, or other placement setting; or
- c. To move the child toward an alternative permanent family connection.

172.22(3) When the agency approves a case for family safety, risk, and permanency services, the following persons may be included in service provision:

- a. A child or children who are determined eligible for service under this rule;
- b. Any whole, half, or step siblings of that child or children who:
 - (1) Reside in the same household at the time of service referral,
 - (2) Move into the household during the service delivery period, or
 - (3) Are in placement under the care and supervision of the agency; and
- c. The parents, stepparents, adoptive parents, or caretakers of that child or children and any adult who has a significant relationship with that child or children.

[ARC 9491B, IAB 5/4/11, effective 7/1/11; ARC 1156C, IAB 10/30/13, effective 1/1/14]

441—172.23(234) Service components.

172.23(1) *Strategies and interventions.* Family safety, risk, and permanency services shall be designed to deliver a flexible array of strategies and interventions to promote achievement of the goals of child and family safety, risk reduction, and permanency for children. It is expected that:

- a. The specific interventions and supports delivered and service intensity will vary depending on child and family needs identified during the course of the family's child welfare involvement with the agency; and
- b. The contractor will use evidence-based models of intervention when possible as well as develop creative and innovative service models.

172.23(2) *Service activities.* Specific minimum service standards and expectations for family safety, risk, and permanency services shall be as described in the request for proposals issued by the agency. The contractor shall be responsible for meeting identified needs of referred children and families through interventions that may include, but are not limited to, the following:

- a. Assistance and instruction for parents in life skills and household management.
- b. Family functioning assessment.
- c. Crisis intervention response.
- d. Support for a plan of family visits when children are placed out of home, and supervision of visits, if necessary.
- e. Safety checks and supervision to ensure that children are safe within their environments.
- f. Transportation assistance for children and families to access needed services and supports.
- g. Interventions to enhance family functioning skills, which may include interventions and instruction in one or more of the following areas:
 - (1) Communication and social interaction skills.
 - (2) Family relationship enhancement.
 - (3) Parenting education and behavior management of children.
 - (4) Consumer education instruction.
 - (5) Advocacy skill enhancement.
 - (6) Transitional life skills for adolescents.
- h. Activities to help connect the child and family with mental health and substance abuse services and with community resources and informal supports to promote self-reliance.
- i. Activities to support the families' participation in services related to mental health, domestic violence, and substance abuse.
- j. Family reunification interventions.
- k. Permanency planning activities, including help in identifying and achieving alternative permanent family connections for the child.

l. Provision of tangible supports for children and families.

172.23(3) Additional services available. Based on child and family needs and subject to approval by the agency worker, a child and family who are receiving family safety, risk, and permanency interventions may also be approved to receive the following services, which shall be purchased and funded separately:

- a.* Drug testing as provided in subrule 172.30(1).
- b.* Family team meeting facilitation as provided in subrule 172.30(2).
- c.* Legal services for permanency as provided in subrule 172.30(3).
- d.* Foster care maintenance payments under rule 441—156.6(234) if the child is placed in foster family care.
- e.* Shelter care payment as provided in 441—subrule 156.11(3) if the child is placed in shelter care.
- f.* Group care maintenance and group care child welfare services under rule 441—156.9(234) if the child is placed in group care.
- g.* Supervised apartment living maintenance and services under rule 441—156.12(234) if the child is placed in supervised apartment living placement.

[ARC 9491B, IAB 5/4/11, effective 7/1/11]

441—172.24(234) Monitoring of service delivery.

172.24(1) Case management. During the time that a child and the child's family are approved to receive family safety, risk, and permanency services, the agency worker shall be responsible for maintaining contact with the child and family to ensure that:

- a.* The factors that present risks of harm to the safety and well-being of all children in the family are being adequately addressed; and
- b.* Services and supports are in place to achieve the child's permanency goal.

172.24(2) Contractor progress reports. A contractor for family safety, risk, and permanency services shall submit service progress reports in accordance with the format, content, and frequency requirements as specified in the agency's request for proposals and in the contract.

172.24(3) Outcome measures. The agency shall establish outcome-based performance measures for family safety, risk, and permanency services. These performance measures shall:

- a.* Be specified in each contract; and
- b.* Be aligned with the measures defined by the federal government as part of the child and family services review process.

[ARC 9491B, IAB 5/4/11, effective 7/1/11]

441—172.25(234) Billing and payment.

172.25(1) Unit of service. Family safety, risk, and permanency services shall be purchased based on a calendar month as one unit of service.

- a.* A monthly payment rate shall be established for each contract.
- b.* When services are opened or closed with agency worker approval during a calendar month, payment shall be prorated based on the number of days the case was approved for services during the month, including both the beginning and ending dates of service. The amount paid for each day of service shall be the contractor's monthly rate divided by 30.

172.25(2) Performance-based payments. Contracts for family safety, risk, and permanency services may contain provisions under which a portion of the contractor's payment is connected to the contractor's level of outcome-based performance achievement. Any performance-based payment provisions and procedures shall be described in the agency's request for proposals and in each contract.

[ARC 9491B, IAB 5/4/11, effective 7/1/11]

441—172.26 to 172.29 Reserved.

DIVISION IV
FAMILY-CENTERED SUPPORTIVE SERVICES

PREAMBLE

Family-centered supportive child welfare services are specific services that agency workers may approve and deliver at various points during the course of a child's and family's involvement with the agency's child welfare system to address the children's safety, permanency, and well-being.

[ARC 9491B, IAB 5/4/11, effective 7/1/11]

441—172.30(234) Service components. Family-centered supportive services include the following components:

172.30(1) Drug testing. At a minimum, drug testing contractors shall be responsible for the costs associated with all of the following activities:

- a. Collection of samples from adults or children or installation of sweat patches or other drug-testing devices;
- b. Purchasing of collection supplies and devices;
- c. Preservation and documentation of the chain of evidence for collected samples;
- d. Laboratory testing and analysis fees;
- e. Reporting of test results to the referring worker; and
- f. Provision of court testimony, if requested, concerning testing results.

172.30(2) Family team meeting facilitation. Meeting facilitation shall:

- a. Be provided in accordance with the agency's family team meeting model of practice and family team meeting standards; and
- b. Include activities involved in:
 - (1) Planning, preparing for, arranging, facilitating, and reporting on a family team meeting for a child welfare case; and
 - (2) Coaching and mentoring new facilitators.

172.30(3) Legal services for permanency. Payment for legal services shall include:

- a. Providing funding to an attorney for legal services associated with achieving greater permanency for children through either:
 - (1) Modification of a child custody order; or
 - (2) Creation of a guardianship or adoptive relationship for a child who is residing with a relative or another suitable caretaker; and
- b. Payment of related legal fees, such as filing costs and reporting fees.

172.30(4) Service-area-specific services. A service area manager shall have the authority to use a portion of the child welfare funds allocated to that service area to fund family-centered services specific to that agency service area. Service-area-specific services shall be designed to:

- a. Address unique child welfare needs within the service area;
- b. Allow flexibility and innovation in intervention approach; and
- c. Promote safety, permanency, and well-being for children.

[ARC 9491B, IAB 5/4/11, effective 7/1/11]

441—172.31(234) Contractor selection. With the exception of legal services for permanency, family-centered supportive services shall be purchased through a formal competitive selection process according to the requirements of 11—Chapters 118 and 119. With the exception of service-area-specific services, family-centered supportive services shall be available on a statewide basis.

172.31(1) The agency shall procure family-centered supportive services within specific geographic areas.

172.31(2) The request for proposals shall specify:

- a. The minimum qualifications and requirements for consideration as a contractor;
- b. The scope of services to be purchased;
- c. The specific geographic areas to be covered; and
- d. The duration of contracts to be awarded.

172.31(3) The agency shall select one or more contractors within each geographic area based on service needs and the number and quality of contractor proposals.

172.31(4) When multiple contractors are selected to serve the same geographic area, the agency shall implement a fair and equitable case referral process.

[ARC 9491B, IAB 5/4/11, effective 7/1/11]

441—172.32(234) Service eligibility. Supportive child welfare services are designed to provide services for children when:

1. The agency has initiated a child protective assessment in response to receipt of child abuse allegations concerning the child or another child within the same family; or
2. The agency has assumed care and supervision of a child placed in out-of-home care; or
3. The agency has opened a child welfare service case on the child or family following a child abuse assessment or juvenile court action; or
4. A child in need of assistance petition has been filed on behalf of the child and the court has set a date for the prehearing conference or adjudication hearing.

[ARC 9491B, IAB 5/4/11, effective 7/1/11]

441—172.33(234) Monitoring of service delivery.

172.33(1) Case management. When the agency approves a child and family to receive one or more family-centered supportive service components, the child's agency worker shall be responsible for providing case management. Case management shall include maintaining contact with the child, the family, and the contractor to ensure that approved services:

- a. Are delivered in a manner that will be most effective; and
- b. Are helping to achieve identified goals and objectives.

172.33(2) Contractor progress reports. The agency shall establish and define mandated contractor reporting requirements for each family-centered supportive service component and include these requirements in the agency's request for proposals and contracts developed as a result of the procurement process.

[ARC 9491B, IAB 5/4/11, effective 7/1/11]

441—172.34(234) Billing and payment. The units of service for family-centered supportive service components shall be as follows:

172.34(1) Drug testing. The unit of service for drug testing shall be completion of one drug testing procedure, as defined in the agency's request for proposals.

172.34(2) Family team meeting facilitation.

- a. Family team meeting facilitation shall be purchased based on either:
 - (1) A payment rate for each facilitated family team meeting; or
 - (2) A monthly payment to a contractor to facilitate family team meetings.
- b. Regardless of the purchasing method, facilitation services shall include:
 - (1) Completion of necessary premeeting planning activities;
 - (2) Facilitation of the meeting; and
 - (3) Completion of a written report of meeting results.

172.34(3) Legal services for permanency. The unit of service for legal services shall be a variable amount per client, based on the actual costs of legal services and related court costs necessary to achieve the desired legal result, up to the limits applicable to nonrecurring expenses for adoption subsidy as described in 441—subparagraph 201.6(1) "a"(7).

172.34(4) Service-area-specific services. The unit of services and unit cost for service-area-specific services shall be defined in the request for proposals and contracts resulting from the procurement process.

[ARC 9491B, IAB 5/4/11, effective 7/1/11]

These rules are intended to implement Iowa Code section 234.6.

441—175.1 to 175.20 Reserved.

DIVISION II
CHILD ABUSE ASSESSMENT

PREAMBLE

The purpose of this division is to implement requirements established in the Iowa Code which charge the department of human services with accepting reports of child abuse, assessing those reports and taking necessary steps to ensure a reported child's safety. Protection is provided through encouraging the reporting of suspected cases of abuse, conducting a thorough and prompt assessment of the reports, and providing rehabilitative services to abused children and their families. This response to reports of child abuse emphasizes child safety and engagement of a family in services, where necessary. The assessment-based approach recognizes that child protection and strong families are the responsibility not only of the family itself, but also of the larger community (including formal and informal service networks). It is the department's legal mandate to respond to reports of child abuse. The assessment approach shall allow the department to develop divergent strategies when responding to reports of child abuse, adjusting its response according to the severity of abuse, to the functioning of the family, and to the resources available within the child and family's community.

441—175.21(232,235A) Definitions.

"Adequate food, shelter, clothing, medical or mental health treatment, supervision or other care" means that food, shelter, clothing, medical or mental health treatment, supervision or other care which, if not provided, would constitute a denial of critical care.

"Allegation" means a statement setting forth a condition or circumstance yet to be proven.

"Assessment" means the process by which the department responds to all accepted reports of alleged child abuse. An "assessment" addresses child safety, family functioning, culturally competent practice, and identifies the family strengths and needs, and engages the family in services if needed. The department's assessment process occurs either through a child abuse assessment or a family assessment.

"Assessment intake" means the process by which the department receives and records a report of suspected child abuse.

"Caretaker" means a person responsible for the care of a child as defined in Iowa Code section 232.68.

"Case" means a report of suspected child abuse that has been accepted for assessment services.

"Child abuse assessment" means an assessment process by which the department responds to all accepted reports of child abuse which allege child abuse as defined in Iowa Code section 232.68(2) "a"(1) through (3) and (5) through (11) as amended by 2016 Iowa Acts, Senate File 2258; or which allege child abuse as defined in Iowa Code section 232.68(2) "a"(4) that also allege imminent danger, death, or injury to a child. A "child abuse assessment" results in a disposition and a determination of whether a case meets the definition of child abuse and a determination of whether criteria for placement on the registry are met.

"Community care," as provided in rule 441—186.1(234), means child- and family-focused services and supports provided to families referred from the department. Services shall be geared toward keeping the children in the family safe from abuse and neglect; keeping the family intact; preventing the need for further intervention by the department, including removal of the child from the home; and building

ongoing linkages to community-based resources that improve the safety, health, stability, and well-being of families served.

“Denial of critical care” means the failure on the part of a person responsible for the care of a child to provide for the adequate food, shelter, clothing, medical or mental health treatment, supervision or other care necessary for the child’s health and welfare when financially able to do so, or when offered financial or other reasonable means to do so, and shall mean any of the following:

1. Failure to provide adequate food and nutrition to the extent that there is danger of the child suffering injury or death.

2. Failure to provide adequate shelter to the extent that there is danger of the child suffering injury or death.

3. Failure to provide adequate clothing to the extent that there is danger of the child suffering injury or death.

4. Failure to provide adequate health care to the extent that there is danger of the child suffering injury or death. A parent or guardian legitimately practicing religious beliefs who does not provide specified medical treatment for a child for that reason alone shall not be considered abusing the child and shall not be placed on the child abuse registry. However, a court may order that medical service be provided where the child’s health requires it.

5. Failure to provide the mental health care necessary to adequately treat an observable and substantial impairment in the child’s ability to function.

6. Gross failure to meet the emotional needs of the child necessary for normal development.

7. Failure to provide for the adequate supervision of the child that a reasonable and prudent person would provide under similar facts and circumstances when the failure results in direct harm or creates a risk of harm to the child.

8. Failure to respond to the infant’s life-threatening conditions (also known as withholding medically indicated treatment) by providing treatment (including appropriate nutrition, hydration and medication) which in the treating physician’s reasonable medical judgment will be most likely to be effective in ameliorating or correcting all conditions, except that the term does not include the failure to provide treatment (other than appropriate nutrition, hydration, or medication) to an infant when, in the treating physician’s reasonable medical judgment any of the following circumstances apply: the infant is chronically and irreversibly comatose; the provision of the treatment would merely prolong dying, not be effective in ameliorating or correcting all of the infant’s life-threatening conditions, or otherwise be futile in terms of the survival of the infant; the provision of the treatment would be virtually futile in terms of the survival of the infant and the treatment itself under the circumstances would be inhumane.

“Department” means the Iowa department of human services and includes the local offices of the department.

“Differential response” means an assessment system in which there are two discrete pathways to respond to accepted reports of child abuse, a child abuse assessment and a family assessment. The child abuse assessment pathway shall require a determination of abuse and a determination of whether criteria for placement on the central abuse registry are met.

“Facility providing care to a child” means any public or private facility, including an institution, hospital, health care facility, intermediate care facility for persons with an intellectual disability, residential care facility for persons with an intellectual disability, or skilled nursing facility, group home, mental health facility, residential treatment facility, shelter care facility, detention facility, or child care facility which includes licensed day care centers, all registered family and group day care homes and licensed family foster homes. A public or private school is not a facility providing care to a child, unless it provides overnight care. Public facilities which are operated by the department of human services are assessed by the department of inspections and appeals.

“Family assessment” means an assessment process by which the department responds to all accepted reports of child abuse which allege child abuse as defined in Iowa Code section 232.68(2)“a”(4), but do not allege imminent danger, death, or injury to a child. A “family assessment” does not include a determination of whether a case meets the definition of child abuse and does not include a determination of whether criteria for placement on the central abuse registry are met.

“Home” means a permanent or temporary structure where one resides, including a licensed foster family home. For the purpose of this chapter, “home” shall not be construed to include any public or private facility, such as an institution, hospital, health care facility, intermediate care facility for persons with an intellectual disability, residential care facility for persons with an intellectual disability, skilled nursing facility, group care, mental health facility, residential treatment facility, shelter care facility, detention facility, licensed day care center, or child foster care provided by an agency.

“Illegal drug” means cocaine, heroin, amphetamine, methamphetamine or other illegal drugs, including marijuana, or combinations or derivatives of illegal drugs which were not prescribed by a health practitioner.

“Immediate threat” or *“imminent danger”* means conditions which, if no response were made, would be more likely than not to result in sexual abuse, injury or death to a child.

“Infant,” as used in the definition of “denial of critical care,” numbered paragraph “8,” means an infant less than one year of age or an infant older than one year of age who has been hospitalized continuously since birth, who was born extremely prematurely, or who has a long-term disability.

“Nonaccidental physical injury” means an injury which was the natural and probable result of a caretaker’s actions which the caretaker could have reasonably foreseen, or which a reasonable person could have foreseen in similar circumstances, or which resulted from an act administered for the specific purpose of causing an injury.

“Physical injury” means damage to any bodily tissue to the extent that the tissue must undergo a healing process in order to be restored to a sound and healthy condition or damage to any bodily tissue which results in the death of the person who has sustained the damage.

“Preponderance of evidence” means evidence which is of greater weight or more convincing than the evidence which is offered in opposition to it.

“Proper supervision” means that supervision which a reasonable and prudent person would exercise under similar facts and circumstances, but in no event shall the person place a child in a situation that may endanger the child’s life or health, or cruelly or unduly confine the child. Dangerous operation of a motor vehicle is a failure to provide proper supervision when the person responsible for the care of a child is driving recklessly, or driving while intoxicated with the child in the motor vehicle. The failure to restrain a child in a motor vehicle does not, by itself, constitute a cause to assess a child abuse report.

“Rejected intake” means a report of suspected child abuse that has not been accepted for assessment.

“Reporter” means the person making a verbal or written statement to the department, alleging child abuse.

“Report of suspected child abuse” means a verbal or written statement made to the department by a person who suspects that child abuse has occurred.

“Reside” or *“resides”* means to habitually sleep or live. A person’s subjective intent as to where the person resides is not relevant.

“Sex trafficking” means the recruitment, harboring, transportation, provision, obtaining, patronizing, or soliciting of a person for the purpose of commercial sexual activity as defined in Iowa Code section 710A.1.

“Sex trafficking victim” means a victim of sex trafficking.

“Subject of a report of child abuse” means any of the following:

1. A child named in a report as having been abused, or the child’s attorney or guardian ad litem.
2. A parent or the attorney for the parent of a child named in a child abuse assessment summary as having been abused.
3. A guardian or legal custodian, or that person’s attorney, of a child named in a child abuse assessment summary as having been abused.
4. A person or the attorney for the person named in a child abuse assessment summary as having abused a child.

“Unduly” shall mean improper or unjust, or excessive.

[ARC 9698B, IAB 9/7/11, effective 8/15/11; ARC 1156C, IAB 10/30/13, effective 1/1/14; ARC 2069C, IAB 8/5/15, effective 10/1/15; ARC 2742C, IAB 10/12/16, effective 12/1/16]

441—175.22(232) Receipt of a report of suspected child abuse. Reports of suspected child abuse shall be received by local department offices, the central abuse registry, or the Child Abuse Hotline.

175.22(1) Any report made to the department which alleges child abuse, as defined in Iowa Code section 232.68, or constitutes a complaint that a child is a child in need of assistance, as defined in Iowa Code section 232.2(6), shall be accepted for assessment.

175.22(2) Reports of suspected child abuse which do not meet the legal definition of child abuse shall become rejected intakes.

a. If a report of suspected child abuse does not meet the legal definition of child abuse or is accepted as a family assessment, but a criminal act harming a child is alleged, the department shall immediately refer the matter to the appropriate law enforcement agency.

b. If a report constitutes an allegation of child sexual abuse as defined under Iowa Code section 232.68(2)“a”(3) as amended by 2016 Iowa Acts, Senate File 2258, except that the suspected abuse resulted from the acts or omissions of a person who was not a caretaker or was not a person who resides in a home with the child, the department shall refer the report to law enforcement orally as soon as practicable and follow up in writing within 72 hours of receiving the report.

[ARC 1156C, IAB 10/30/13, effective 1/1/14; ARC 2069C, IAB 8/5/15, effective 10/1/15; ARC 2742C, IAB 10/12/16, effective 12/1/16]

441—175.23(232) Sources of report of suspected child abuse.

175.23(1) Mandatory reporters. Any person meeting the criteria of a mandatory reporter is required to make an oral report of the suspected child abuse to the department within 24 hours of becoming aware of the abusive incident and make a written report to the department within 48 hours following the oral report. If the person making the report has reason to believe that immediate protection for the child is advisable, that person shall also make an oral report to an appropriate law enforcement agency.

175.23(2) Others required to report. In addition to mandatory reporters which are so designated by the Iowa Code, there are other classifications of persons who are required, either by administrative rule or department policy, to report suspected child abuse when this is a duty identified through the person’s employment. Others required to report include:

a. Income maintenance workers.

b. Certified adoption investigators.

175.23(3) Permissive reporters. Any person who suspects child abuse may make an oral or written report, or both, to the department. Mandatory reporters may report as permissive reporters when they suspect abuse of a child outside the scope of their professions. A permissive reporter may remain anonymous and is not required by law to report abuse.

[ARC 1156C, IAB 10/30/13, effective 1/1/14]

441—175.24(232) Assessment intake process. The primary purpose of intake is to obtain available and pertinent information regarding an allegation of child abuse and determine whether a report of suspected child abuse becomes accepted for assessment or a rejected intake.

175.24(1) To result in an assessment, the report of suspected child abuse must include some information to indicate all of the following.

a. The alleged victim of child abuse is a child.

b. The alleged perpetrator of child abuse is:

(1) A caretaker; or

(2) A person who resides in a home with the child, if the allegation is sexual abuse as defined in Iowa Code section 232.68(2)“a”(3) as amended by 2016 Iowa Acts, Senate File 2258; or

(3) A person who engages in or allows child sex trafficking as defined in Iowa Code section 232.68(2)“a”(11) as amended by 2016 Iowa Acts, Senate File 2258.

c. The alleged incident falls within the definition of child abuse.

175.24(2) If the report constitutes a child abuse allegation, a determination is made as to whether the assessment will be assigned as a child abuse assessment, to be commenced within 24 hours of receiving the report, or a family assessment, to be commenced within 72 hours of receiving the report.

a. A child abuse assessment is required for all accepted reports which allege child abuse as defined in Iowa Code section 232.68(2) “a”(1) through (3) and (5) through (11) as amended by 2016 Iowa Acts, Senate File 2258; or which allege child abuse as defined in Iowa Code section 232.68(2) “a”(4) that also allege imminent danger, death, or injury to a child. If one or more of the following factors are met, a child abuse assessment shall be required:

- (1) The alleged abuse type includes a category other than denial of critical care.
- (2) The allegation requires a one-hour response or alleges imminent danger, death, or injury to a child.
- (3) The child has been taken into protective custody as a result of the allegation.
- (4) There is an open service case on the alleged child victim or any sibling or any other child who resides in the home or in the home of the noncustodial parent if the noncustodial parent is the alleged person responsible.
- (5) The alleged person responsible is not a birth or adoptive parent, a legal guardian, or a member of the child’s household.
- (6) There has been a termination of parental rights in juvenile court on the alleged person responsible or on any caretaker who resides in the home.
- (7) There has been prior confirmed or founded abuse within the past six months which lists any caretaker who resides in the home as the person responsible.
- (8) It is alleged that illegal drugs are being manufactured or sold from the family home.
- (9) The allegation is failure to thrive or that the caretaker has failed to respond to an infant’s life-threatening condition.
- (10) The allegation involves an incident for which the caretaker has been charged with a felony under Iowa Code chapter 726.

b. A family assessment is required for all accepted reports which allege child abuse as defined in Iowa Code section 232.68(2) “a”(4) but do not allege imminent danger, death, or injury to a child. If all of the following factors are met, a family assessment shall be required:

- (1) The alleged abuse type is denial of critical care only.
- (2) The allegation does not require a one-hour response or allege imminent danger, death, or injury to a child.
- (3) The child has not been taken into protective custody as a result of the allegation.
- (4) There is no current open service case on the alleged child victim or any sibling or any other child who resides in the home or in the home of the noncustodial parent if the noncustodial parent is the alleged person responsible.
- (5) The alleged person responsible is a birth or adoptive parent, a legal guardian, or a member of the child’s household.
- (6) There has not been a termination of parental rights in juvenile court on the alleged person responsible or on any caretaker who resides in the home.
- (7) There has been no prior confirmed or founded abuse within the past six months which lists any caretaker who resides in the home as the person responsible.
- (8) It is not alleged that illegal drugs are being manufactured or sold from the family home.
- (9) The allegation is not failure to thrive or that the caretaker has failed to respond to an infant’s life-threatening condition.
- (10) The allegation does not involve an incident for which the caretaker has been charged with a felony under Iowa Code chapter 726.

175.24(3) Only the person making a report of suspected abuse may be contacted during the intake process to expand upon or to clarify information in the report. Any contact with subjects of the report or with anyone outside the department of human services, other than the original reporter(s), automatically causes the report of suspected child abuse to be accepted for assessment.

175.24(4) If the report of suspected child abuse fails to constitute a child abuse allegation.

a. When it is determined that the report of suspected child abuse fails to constitute a child abuse allegation, the report of suspected child abuse shall become a rejected intake and shall be evaluated to

determine whether the information reported constitutes a complaint that a child is a child in need of assistance.

b. When it is determined that a report of a child needing the assistance of the court fails to meet the definition of a child in need of assistance, the report shall become a rejected intake.

c. Rejected intake information shall be maintained by the department for three years from the date the report was rejected and shall then be destroyed.

175.24(5) Intake information shall be provided as follows:

a. The county attorney shall be notified of all reports of suspected child abuse.

b. When a report of suspected child abuse is received which does not meet the requirements for an assessment or is accepted as a family assessment and there is information about a criminal act harming a child, the department shall notify law enforcement of the report.

c. If the department has reasonable cause to believe that a child or youth for whom the department has responsibility for placement, care, or supervision is or is at risk of being a victim of sex trafficking or a severe form of trafficking in persons, the department must identify that child or youth as such, document it in agency records, and refer the information as necessary to determine appropriate services, in accordance with 42 U.S.C. Section 671(a)(9)(C). Additionally, the department shall report the child or youth immediately, and in no case later than 24 hours, to law enforcement authorities, in accordance with 42 U.S.C. Section 671(a)(34).

[ARC 8453B, IAB 1/13/10, effective 3/1/10; ARC 1156C, IAB 10/30/13, effective 1/1/14; ARC 2069C, IAB 8/5/15, effective 10/1/15; ARC 2742C, IAB 10/12/16, effective 12/1/16]

441—175.25(232) Assessment process. A child abuse assessment shall be initiated within 24 hours following the report of suspected child abuse. A family assessment shall be initiated within 72 hours following the report of suspected child abuse. The primary purpose in conducting an assessment is to protect the safety of the child named in the report. The secondary purpose of the assessment is to engage the child's family in services in a culturally competent way, to enhance family strengths and to address needs, where this is necessary and desired.

175.25(1) *Observing and evaluating the child's safety.* A safety assessment and risk assessment will be completed during the course of a child abuse assessment or family assessment.

a. During a child abuse assessment, when there is an immediate threat to the child's safety, reasonable efforts shall be made to observe the alleged child victim and evaluate the safety of the child named in the report within one hour of receipt of the report of suspected child abuse. Otherwise, reasonable efforts shall be made to observe the alleged child victim and evaluate the child's safety within 24 hours of receipt of the report of suspected child abuse.

(1) When the alleged perpetrator clearly does not have access to the alleged child victim, reasonable efforts shall be made to observe the alleged child victim and evaluate the child's safety within 96 hours of receipt of the report of suspected child abuse.

(2) When reasonable efforts have been made to observe the alleged child victim within the specified time frames and the worker has established that there is no risk to the alleged child victim, the observation of the alleged child victim may be delayed or waived with supervisory approval.

b. During a family assessment, reasonable efforts shall be made to observe the alleged child victim and evaluate the child's safety within 72 hours of receipt of the report of suspected child abuse.

(1) When reasonable efforts have been made to observe the alleged child victim within the specified time frame and the worker has established that there is no risk to the alleged child victim, the observation of the alleged child victim may be delayed or waived with supervisory approval.

(2) If at any time during a family assessment a child is determined unsafe or in imminent danger, it appears that the immediate safety or well-being of a child is endangered, it appears that the family may flee or the child may disappear, or that the facts otherwise warrant, the department shall immediately commence a child abuse assessment as defined in Iowa Code section 232.71B as amended by 2013 Iowa Acts, House File 590.

(3) If the department determines that safety issues continue to require a child to reside outside of the child's home at the conclusion of a family assessment, the department shall transfer the assessment to the child abuse assessment pathway for a disposition.

c. If the department has reasonable cause to believe that a child or youth for whom the department has responsibility for placement, care, or supervision is or is at risk of being a victim of sex trafficking or a severe form of trafficking in persons, the department must identify that child or youth as such, document it in agency records, and determine appropriate services, in accordance with 42 U.S.C. Section 671(a)(9)(C). Additionally, the department shall report the child or youth immediately, and in no case later than 24 hours, to law enforcement authorities, in accordance with 42 U.S.C. Section 671(a)(34).

175.25(2) *Interviewing the alleged child victim.* The primary purpose of an interview with the child, during the course of a child abuse assessment or family assessment, is to gather information regarding the abuse allegation, the child's immediate safety, and risk of abuse. During a child abuse assessment, the child protection worker shall also identify the person or persons responsible for the alleged abuse as well as the nature, extent, and cause of injuries, if any, to the child named in the report of suspected child abuse.

175.25(3) *Interviewing subjects of the report and other sources.*

a. During a child abuse assessment, attempts shall be made to conduct interviews with subjects of the report and persons who have relevant information to share regarding the allegations. This may include contact with physicians to assess the child's condition. The child's custodial parents or guardians and the alleged perpetrator (if different) shall be interviewed or offered the opportunity to be interviewed. The court may waive the requirement of the interview for good cause.

b. During a family assessment, the child's custodial parents or guardians shall be interviewed or offered the opportunity to be interviewed. The child protection worker may request information from any person believed to have knowledge regarding a child named in an assessment. A family assessment requires the cooperation of the family; should a family choose not to participate, the department is required to transfer the assessment to the child abuse assessment pathway for a disposition.

175.25(4) *Gathering of physical and documentary evidence.* During a child abuse assessment, evidence shall be gathered from, but not be limited to, interviews, observations, photographs, medical and psychological reports and records, reports from child protection centers, written reports, audiotapes and their transcripts or summaries, videotapes and their transcripts or summaries, or other electronic forms.

175.25(5) *Evaluating the home environment and relationships of household members.* An evaluation of the home environment shall be conducted during the course of an assessment with the consent of the parent or guardian. If permission is refused, the juvenile court may authorize the worker to enter the home to observe or interview the child.

a. If protective concerns are identified, the child protection worker shall evaluate the child named in the report and any other children in the same home as the parents or other persons responsible for their care.

(1) Each assessment shall include a full description of observations and information gathered during the assessment process. This description shall provide information which evaluates the safety of the child named in the report.

(2) If the child protection worker has concerns about a child's safety or a family's functioning, the worker shall conduct a more intensive assessment until those concerns are addressed.

b. When an assessment is conducted at an out-of-home setting, an evaluation of the environment and relationships where the abuse allegedly occurred shall be conducted.

c. The child abuse assessment shall include a description of the name, age, and condition of other children in the same home as the child named in the report.

175.25(6) *Evaluating the information.* During a child abuse assessment, evaluation of information shall include an analysis, which considers the credibility of the physical evidence, observations, and interviews, and shall result in a conclusion of whether or not to confirm the report of suspected child abuse.

175.25(7) *Determining placement on central abuse registry.* During a child abuse assessment, a determination of whether the report data and disposition data of a confirmed case of child abuse is subject to placement on the central abuse registry pursuant to Iowa Code section 232.71D shall be made on each assessment. Determining placement on the central abuse registry is not applicable in a family assessment.

175.25(8) *Service recommendations and referrals.* During or at the conclusion of a child abuse assessment or a family assessment, the department shall consult with the child's family to offer services to the child and the child's family which address strengths and needs identified in the assessment. The department may recommend information, information and referral, community care referral, or services provided by the department. If it is believed that services are necessary for the protection of the abused child or other children in the home, juvenile court intervention shall be sought.

a. Information or information and referral.

(1) Either information or information and referral shall be offered when:

1. A family assessment has identified the child to be at low risk of future abuse or neglect; or

2. A child abuse assessment has identified the abuse is not confirmed and the child is believed to be at low risk of future abuse or neglect; or

3. A child abuse assessment has identified the abuse is confirmed and not placed on the registry and the child is believed to be at low risk of future abuse or neglect.

(2) Recommendation options for information and information and referral.

1. When no service needs are identified, the worker may recommend no service; or

2. When service needs are identified, the worker may recommend new or continuing services to the family to be provided through informal supports; or

3. When service needs are identified, the worker may recommend new or continuing services to the family to be provided through community organizations.

b. Referral to community care.

(1) A referral to community care shall be offered when:

1. A family assessment has identified the child to be at moderate or high risk of future abuse or neglect; or

2. A child abuse assessment has identified the abuse is not confirmed and the child is believed to be at moderate or high risk of future abuse or neglect; or

3. A child abuse assessment has identified the abuse is confirmed and not placed on the registry and the child is believed to be at moderate risk of future abuse or neglect.

(2) Referral to community care not offered. A referral to community care shall not be offered when any child in the family has an open child welfare service case with the department, a child in need of assistance petition was filed or is pending, or if the abuse occurred in an out-of-home setting.

(3) Responsibilities for community care referral.

1. At the conclusion of a family assessment, the department shall transfer the case, if appropriate, to a contracted provider to review the service plan for the child and family.

2. The contracted provider shall make a referral to the department abuse hotline if a family's noncompliance with a service plan places a child at risk.

- If any of the criteria for child abuse as defined in Iowa Code section 232.68 are met, the department shall commence a child abuse assessment.

- If criteria for a child in need of assistance as defined in Iowa Code section 232.2(6) are met, the department shall determine whether to request a child in need of assistance petition.

c. Referral for department services.

(1) The department shall provide or arrange for and monitor services for abused children and their families on a voluntary basis or under a final or intermediate order of the juvenile court when:

1. A child abuse assessment has identified the abuse is confirmed and not placed on the registry and the child is believed to be at high risk of future abuse or neglect; or

2. A child abuse assessment has identified the abuse is founded.

(2) The worker shall recommend new or continuing services to the family to be provided by the department, either directly or through contracted agencies.

(3) Families that refuse voluntary services shall be referred for a child in need of assistance petition through juvenile court.

175.25(9) Court action following assessment. If, upon completion of an assessment performed under Iowa Code section 232.71B as amended by 2013 Iowa Acts, House File 590, the department determines that the best interests of the child require juvenile court action, the department shall act appropriately to initiate the action.

a. If at any time during the assessment process the department believes court action is necessary to safeguard a child, the department shall act appropriately to initiate the action.

b. The department shall assist the juvenile court or district court during all stages of court proceedings involving an alleged child abuse case in accordance with Iowa Code section 232.71C as amended by 2013 Iowa Acts, House File 590.

[ARC 9698B, IAB 9/7/11, effective 8/15/11; ARC 1156C, IAB 10/30/13, effective 1/1/14; ARC 2069C, IAB 8/5/15, effective 10/1/15]

441—175.26(232) Completion of a written assessment report. The child protection worker shall complete a written assessment report as follows:

175.26(1) Completion of a child abuse assessment report. A child abuse assessment report shall be completed within 20 business days of the receipt of the child abuse report. In most instances, a child abuse assessment report shall be developed in conjunction with the child and family being assessed. A child abuse assessment report shall consist of two parts as follows:

a. Report and disposition data. A child abuse assessment report shall include report and disposition data as follows:

(1) Allegations: the report of suspected child abuse which caused the assessment to be initiated and additional allegations raised after the report of suspected child abuse becomes a case that have not been previously investigated or assessed. If the report of suspected child abuse was initially accepted as a family assessment, the reason why it was transferred to a child abuse assessment shall be identified.

(2) Evaluation of the child's safety: evaluation of the child's safety and the risk for occurrence or reoccurrence of abuse. Criteria to be used in the evaluation of the child's safety include, but are not limited to, the severity of the incident or condition, chronicity of the incident or condition, age of the child, attitude of the person alleged responsible, current services or supports, access of the person alleged responsible for the abuse to the child, and protectiveness of the parent or caretaker who is not alleged responsible for the abuse.

(3) Findings and contacts: a description of the child's condition including identification of the nature, extent, and cause of the injuries, if any, to the child named in the report; identification of the injury or risk to which the child was exposed; the circumstances which led to the injury or risk to the child; the identity of the person alleged to be responsible for the injury or risk to the child; an evaluation of the home environment; the name and condition of other children in the same home as the child named in the report if protective concerns are identified; a list of collateral contacts; and a history of confirmed or founded abuse.

(4) Determination regarding the allegations of child abuse: a statement of determination of whether the allegation of child abuse was founded, confirmed but not placed on the central abuse registry, or not confirmed. The statement shall include a rationale for placing or not placing the report on the central abuse registry.

(5) Recommendation for services as specified in 175.25(8) and a statement describing whether services are necessary to ensure the safety of the child or to prevent or remedy other identified problems.

1. The statement shall include the type of services recommended, if any, and whether these services are to be provided by the department, a child welfare service contractor, another community organization, other informal supports, or another source.

2. If services are already being provided, the statement shall include a recommendation whether these services should continue.

(6) Juvenile court recommendation: a statement describing whether juvenile court action is necessary to ensure the safety of the child; the type of action needed, if any; and the rationale for the recommendation.

(7) Criminal court recommendation: a statement describing whether criminal court action is necessary and the rationale for the recommendation.

(8) Addendum: An addendum to a child abuse assessment report shall be completed within 20 business days when any of the following occur:

1. New information becomes available that would alter the finding, conclusion, or recommendation of the report.

2. Substantive information that supports the finding becomes available.

3. A subject who was not previously interviewed requests an interview to address the allegations of the report.

4. A review or a final appeal decision modifies the report.

b. Use of assessment data. A safety assessment, family risk assessment, and safety plan, if applicable, may be used as part of the child's initial case plan, referenced at 441—subrule 130.7(3), for cases in which the department will provide services.

175.26(2) Completion of a family assessment report. A family assessment report shall be completed within ten business days of the receipt of the report of suspected child abuse. A family assessment report shall consist of assessment data only.

a. Assessment data. A family assessment report shall include information pertaining to the department's evaluation of a family, which includes:

(1) Allegations: the report of suspected child abuse which caused the assessment to be initiated and additional allegations raised after the report of suspected child abuse becomes a case that have not been previously assessed.

(2) Evaluation of the child's safety: evaluation of the child's safety and the risk for occurrence or reoccurrence of abuse. Criteria to be used in the evaluation of the child's safety include, but are not limited to, the severity of the incident or condition, chronicity of the incident or condition, age of the child, attitude of the person alleged responsible, current services or supports, access of the person alleged responsible for the abuse to the child, and protectiveness of the parent or caretaker who is not alleged responsible for the abuse.

(3) Contacts: description of the circumstances that led to the allegations of abuse; strengths and needs of the child, and of the child's parent, home, and family; any information obtained from others during the assessment; a history of confirmed or founded abuse; and an evaluation of the home environment and evaluation of any other children in the same home as the parents or other persons responsible for the children's care.

(4) Recommendation for services as specified in 175.25(8) and a statement describing whether services are necessary to ensure the safety of the child or to prevent or remedy other identified problems.

1. The statement shall include the type of services recommended, if any, and whether these services are to be provided by the department, a child welfare service contractor, another community organization, other informal supports, or another source.

2. If services are already being provided, the statement shall include a recommendation whether these services should continue.

b. Use of assessment data. A safety assessment, family risk assessment, and safety plan may be used as part of the information referred for any services in which the family voluntarily agrees to participate.

[ARC 1156C, IAB 10/30/13, effective 1/1/14]

441—175.27(232) Contact with juvenile court or the county attorney. The child protection worker may orally contact juvenile court or the county attorney, or both, as circumstances warrant.

175.27(1) Report of intake. When a report of suspected child abuse is accepted or rejected for assessment, the county attorney shall be provided a child protective service intake form, with information about the allegation of child abuse and with identifying information about the subjects of the report.

175.27(2) Report of disposition. The child protection worker shall provide the juvenile court and the county attorney with a copy of the child abuse assessment report, which pertains to the findings, determinations, and recommendations regarding the child abuse assessment.

175.27(3) Report of assessment. The child protection worker shall provide the county attorney and the juvenile court with a copy of the family risk assessment, safety assessment, safety plan, and family assessment report when any of the following occur:

a. County attorney's or juvenile court's assistance necessary. The worker requires the court's or the county attorney's assistance to complete the assessment process.

b. Court's protection needed. The worker believes that the child requires the court's protection.

c. Child adjudicated. The child is currently adjudicated or pending adjudication under a child in need of assistance petition or a delinquency petition.

d. County attorney or juvenile court requests copy. The county attorney or juvenile court requests a copy of the child abuse assessment data. The child protection worker shall document when the assessment data is provided to the county attorney or juvenile court and the rationale provided for the request.

[ARC 8453B, IAB 1/13/10, effective 3/1/10; ARC 1156C, IAB 10/30/13, effective 1/1/14]

441—175.28(232) Consultation with health practitioners or mental health professionals. The child protection worker may contact a health practitioner or a mental health professional as circumstances warrant and shall contact a health practitioner or a mental health professional when the worker requires the assistance of the health practitioner or mental health professional in order to complete the assessment process or when the worker requires the opinion or advice of the health practitioner or mental health professional in order to determine if the child requires or should have required medical, health or mental health care as a result of suspected abuse.

[ARC 1156C, IAB 10/30/13, effective 1/1/14]

441—175.29(232) Consultation with law enforcement.

175.29(1) During the course of a child abuse assessment, the child protection worker may contact law enforcement as warranted and shall contact law enforcement when the worker believes that:

a. The abuse reported may require a criminal investigation and subsequent prosecution.

b. The child must be separated from the person responsible for the abuse.

c. Contact by the child protection worker with the family will result in a volatile and dangerous response by the child or family members.

175.29(2) During the course of a family assessment, the child protection worker shall not involve law enforcement for the purposes of a joint investigation, but shall immediately refer any information regarding a criminal act harming a child to the appropriate law enforcement agency.

[ARC 1156C, IAB 10/30/13, effective 1/1/14]

441—175.30(232) Information shared with law enforcement. When the department is jointly conducting a child abuse assessment with law enforcement personnel, the department may share information gathered during the child abuse assessment process when an assessment is conducted in conjunction with a criminal investigation. When the department has rejected an intake or an intake is accepted for a family assessment, only the information collected at intake (excluding reporter information) may be shared with law enforcement.

[ARC 1156C, IAB 10/30/13, effective 1/1/14]

441—175.31(232) Completion of required correspondence.

175.31(1) Notification to parents that an assessment is being conducted. Written notice shall be provided to the parents of a child who is the subject of an assessment within five working days of commencing an assessment. Both custodial and noncustodial parents shall be notified, if their whereabouts are known. If it is believed that notification will result in danger to the child or others, an emergency order to prohibit parental notification shall be sought from juvenile court.

175.31(2) *Notification of completion of assessment and right to request correction.* Written notice which indicates that the child abuse assessment is completed shall be provided to all subjects of a child abuse assessment and to the mandatory reporter who made the report of child abuse. Both custodial and noncustodial parents shall be notified if their whereabouts are known.

a. The notice shall contain the following information pursuant to Iowa Code section 235A.19:

(1) A subject may request correction of the information contained within the child abuse assessment report if the subject disagrees with the information.

(2) A person named responsible for the abuse has the right to appeal if the department does not correct the data or findings as requested.

(3) A subject, other than the person named responsible for the abuse, has the opportunity to file a motion to intervene in an appeal hearing.

b. If the child abuse assessment results in a determination that abuse is confirmed, the notice shall indicate the type of abuse, name of the child and name of the person responsible for the abuse and whether the report has been placed on the central abuse registry.

c. The department shall provide written notice to the parent or guardian of each child listed in the family assessment report of the completion of the assessment and review any service recommendations. Because no determination concerning child abuse or neglect is made and nothing is reported to the central abuse registry, a subject of a family assessment shall not be afforded the opportunity for a contested case hearing pursuant to Iowa Code chapter 17A.

[ARC 0487C, IAB 12/12/12, effective 2/1/13; ARC 1156C, IAB 10/30/13, effective 1/1/14]

441—175.32(232,235A) Case records. The assessment case record shall contain the assessment report as described in rule 441—175.26(232) and any related correspondence or information which pertains to the assessment or to the child and family. The name of the person who made the report of child abuse shall not be disclosed.

175.32(1) *Child abuse assessment report.* A child abuse assessment report has two parts.

a. Report and disposition data as described in 175.26(1)“a.” Subjects of the report have access to report and disposition data, including, where applicable, confirmation of placement on the central abuse registry for abuse reports meeting the criteria pursuant to Iowa Code section 232.71D as amended by 2013 Iowa Acts, House File 590. A child abuse assessment report shall be submitted to the central abuse registry only if the abuse is confirmed and determined to meet the criteria pursuant to Iowa Code section 232.71D as amended by 2013 Iowa Acts, House File 590.

b. Assessment data as described in 175.26(1)“b” shall be available to subjects. Release of assessment data shall be accomplished only when the parent or guardian approves the release as provided in Iowa Code section 217.30 or as specified in Iowa Code section 235A.15. Assessment data shall not be submitted to the central abuse registry.

175.32(2) *Family assessment report.* A family assessment report includes assessment data only as described in 175.26(2)“b.” Assessment data shall be available to subjects. Release of assessment data shall be accomplished only when the parent or guardian of a child named in a family assessment report approves the release as provided in Iowa Code section 217.30 or as specified in Iowa Code section 235A.15. Assessment data shall not be submitted to the central abuse registry.

175.32(3) *Child abuse assessments where abuse was confirmed but not placed on the central abuse registry.* The following conditions apply to case records for assessments in which abuse was confirmed but not placed on the central registry.

a. Access to the report data and disposition data is authorized only to the subjects of the report, the child protection worker, the law enforcement officer responsible for assisting in the assessment or for the temporary emergency removal of a child from the child’s home, the multidisciplinary team assisting the department in the assessment of the abuse, the county attorney, juvenile court, a person or agency responsible for the care of the child if the department or juvenile court determines that access is necessary, the department or contract personnel necessary for official duties, the department of justice, and the attorney for the department.

b. The child abuse assessment is retained for five years from the date of intake or five years from the date of closure of the service record, whichever occurs later.

c. The child abuse assessment report is subject to the confidentiality provisions of Iowa Code section 217.30 and 441—Chapter 9. No confidential information shall be released without consent except where there is otherwise authorized access to information as specified in the provisions of Iowa Code section 235A.15.

175.32(4) *Child abuse assessments not placed on the central abuse registry where abuse was not confirmed.* The following conditions apply to case records for assessments in which abuse was not confirmed and not placed on the central registry:

a. Access to the assessment data on a child abuse assessment summary where abuse was not determined to have occurred and, therefore, the assessment was not placed on the central abuse registry is authorized only to the subjects of the assessment, the child protection worker, the county attorney, juvenile court, a person or agency responsible for the care of the child if the department or juvenile court determines that access is necessary, the department of justice, and department or contract personnel necessary for official duties.

b. Records are retained for five years from the date of intake or five years from the date of closure of the service record, whichever occurs later.

c. The child abuse assessment report is subject to the confidentiality provisions of Iowa Code section 217.30 and 441—Chapter 9. No confidential information shall be released without consent except where there is otherwise authorized access to information as specified in the provisions of Iowa Code section 235A.15.

175.32(5) *Family assessment.* The following conditions apply to case records for all family assessments:

a. Access to the assessment data on a family assessment report is authorized only to the subjects of the assessment, the child protection worker, a person or agency responsible for the care of the child if the department or juvenile court determines that access is necessary, the department of justice, and department or contract personnel necessary for official duties.

b. Records are retained for five years from the date of intake or five years from the date of closure of the service record, whichever occurs later.

c. The family assessment report is subject to the confidentiality provisions of Iowa Code section 217.30 and 441—Chapter 9. No confidential information shall be released without consent except where there is otherwise authorized access to information as specified in the provisions of Iowa Code section 235A.15.

[ARC 9698B, IAB 9/7/11, effective 8/15/11; ARC 1156C, IAB 10/30/13, effective 1/1/14]

441—175.33(232,235A) Child protection centers. The department may contract with designated child protection centers for assistance in conducting child abuse assessments. When a child who is the subject of an assessment is interviewed by staff at a child protection center, that interview may be used in conjunction with an interview conducted by the child protection worker. Written reports developed by the child protection center shall be provided to the child protection worker and may be included in the assessment case record. Video or audio records are considered to be part of the assessment process and shall be maintained by the child protection center under the same confidentiality provisions of Iowa Code section 217.30 and 441—Chapter 9. Services or assistance from a child protection center will not be available through a family assessment. Law enforcement may refer families as appropriate.

[ARC 1156C, IAB 10/30/13, effective 1/1/14]

441—175.34(232) Department-operated facilities. When an allegation of child abuse occurs at a department-operated facility, the allegation shall be referred to the department of inspections and appeals for investigation or assessment.

441—175.35(232,235A) Jurisdiction of assessments. Child protection workers serving the county in which the child's home is located have primary responsibility for completing the assessment except when

the suspected abuse occurs in an out-of-home placement. Circumstances in which the department shall conduct an assessment when another state is involved include the following:

175.35(1) *Child resides in Iowa but incident occurred in another state.* When the child who is the subject of a report of suspected abuse physically resides in Iowa but has allegedly been abused in another state, the worker shall do all of the following:

- a. Obtain available information from the reporter.
- b. Make an oral report to the office of the other state's protective services agency and request assistance from the other state in completing the assessment.
- c. Complete the assessment with assistance, as available, of the other state.

175.35(2) *Child resides in another state, but is present within Iowa.* When the child who is the subject of a report of abuse is a legal resident of another state, but is present within Iowa, the worker receiving the report shall do all of the following:

- a. Act to ensure the safety of the child.
- b. Contact the child's state of legal residency to coordinate the assessment of the report.
- c. Commence an assessment if the state of legal residency declines to conduct an investigation.

175.35(3) *Child resides in another state and perpetrator resides in Iowa.* When the child who is the subject of a report of abuse resides in another state and the perpetrator resides in Iowa, the worker receiving the report shall do all of the following:

- a. Contact the state where the child resides and offer assistance to that state in its completion of a child abuse assessment. This assistance shall include an offer to interview the person allegedly responsible for the abuse and any other relevant source of information.
- b. Commence an assessment if the child's state of legal residency declines to conduct an investigation.

[ARC 1156C, IAB 10/30/13, effective 1/1/14]

441—175.36(235A) Multidisciplinary teams. Multidisciplinary teams shall be developed in county or multicounty areas in which more than 50 child abuse cases are received annually. These teams may be used as an advisory group to assist the department in conducting child abuse assessments. Multidisciplinary teams consist of professionals practicing in the disciplines of medicine, public health, mental health, social work, child development, education, law, juvenile probation, law enforcement, nursing, and substance abuse counseling. Members of multidisciplinary teams shall maintain confidentiality of cases in which they provide consultation. Rejected intakes shall not be shared with multidisciplinary teams since the rejected intakes are not considered to be child abuse information. During the course of a child abuse assessment, information regarding the initial report of child abuse and information related to the child and family functioning may be shared with the multidisciplinary team. After a conclusion is made, only report data and disposition data on confirmed cases of child abuse may be shared with the team members. When the multidisciplinary team is created, all team members shall execute an agreement, filed with the central abuse registry, which specifies:

175.36(1) *Consultation.* The team shall be consulted solely for the purpose of assisting the department in the child abuse assessment and diagnosis of child abuse cases.

175.36(2) *Redissemination.* No team member shall redisseminate child abuse information obtained through the multidisciplinary team. This shall not preclude redissemination of information as authorized by Iowa Code section 235A.17 when an individual team member has received information as a result of another authorized access provision of the Iowa Code.

175.36(3) *Department not bound.* The department shall consider the recommendation of the team in a specific child abuse case but shall not, in any way, be bound by the recommendation.

175.36(4) *Confidentiality provisions.* Any written report or document produced by the team pertaining to an assessment case shall be made a part of the file for the case and shall be subject to all confidentiality provisions of 441—Chapter 9, unless the child abuse assessment results in placement on the central abuse registry in which case the written report or document shall be subject to all confidentiality provisions of Iowa Code chapter 235A.

175.36(5) *Written records.* Any written records maintained by the team which identify an individual child abuse assessment case shall be destroyed when the agreement lapses.

175.36(6) *Compensation.* Consultation team members shall serve without compensation.

175.36(7) *Withdrawal from contract.* Any party to the agreement may withdraw with or without cause upon the giving of 30 days' notice.

175.36(8) *Expiration date.* The date on which the agreement will expire shall be included.
[ARC 1156C, IAB 10/30/13, effective 1/1/14]

441—175.37(232) *Community education.* The department shall conduct a continuing publicity and educational program for the personnel of the department, mandatory reporters, and the general public to encourage recognition and reporting of child abuse, to improve the quality of reports of child abuse made to the department, and to inform the community about the assessment-based approach to child abuse cases.

441—175.38(235) *Written authorizations.* Requests for information from members of the general public as to whether a person is named on the central abuse registry as having abused a child shall be submitted on the authorization for release of child abuse information form to the county office of the department or the central abuse registry. The form shall be completed and signed by the person requesting the information and the person authorizing the check for the release of child abuse information.

[ARC 1156C, IAB 10/30/13, effective 1/1/14]

441—175.39(232) *Founded child abuse.* Reports of child abuse where abuse has been confirmed shall be placed on the central abuse registry as founded child abuse for either five or ten years under any of the circumstances specified by Iowa Code section 232.71D as amended by 2013 Iowa Acts, House File 590. When none of the placement criteria listed in Iowa Code section 232.71D(3) "b" as amended by 2013 Iowa Acts, House File 590, are applicable, reports of denial of critical care by failure to provide adequate clothing or failure to provide adequate supervision and physical abuse where abuse has been confirmed and determined to be minor, isolated, and unlikely to reoccur shall not be placed on the central abuse registry as a case of founded child abuse. The confirmed abuse shall be placed on the registry unless all three conditions are met.

175.39(1) *Confidentiality of founded child abuse report and data.* The confidentiality of report and disposition data pertaining to founded child abuse shall be maintained as provided in Iowa Code chapter 235A. Access to the report and disposition data on founded child abuse is authorized only as provided in Iowa Code section 235A.15.

175.39(2) *Sealing and expungement of founded child abuse report and data.* Report and disposition data pertaining to founded child abuse shall be sealed and expunged as provided in Iowa Code section 235A.18.

[ARC 9698B, IAB 9/7/11, effective 8/15/11; ARC 0487C, IAB 12/12/12, effective 2/1/13; ARC 1156C, IAB 10/30/13, effective 1/1/14]

441—175.40(235A) *Retroactive reviews.* Rescinded IAB 9/7/11, effective 8/15/11.

441—175.41(235A) *Access to child abuse information.* Requests for child abuse information shall include sufficient information to demonstrate that the requesting party has authorized access to the information.

175.41(1) *Written requests.* Requests for child abuse information shall be submitted on a Request for Child Abuse Information form to the county office of the department, except requests made for the purpose of determining employability of a person in a department-operated facility shall be submitted to the central abuse registry. Subjects of a report may submit a request for child abuse information to the county office of the department on a request for child abuse information form, a notice of child abuse assessment: founded form, a notice of child abuse assessment: confirmed not registered form, a notice of child abuse assessment: not confirmed form, or a family assessment report form. The county office

is granted permission to release child abuse information to the subject of a report immediately upon verification of the identity and subject status.

175.41(2) Oral requests. Oral requests for child abuse information may be made when a person making the request believes that the information is needed immediately and if the person is authorized to access the information. When an oral request to obtain child abuse information is granted, the person approving the request shall document the approval to the central abuse registry through use of a request for child abuse information form or a notice of child abuse assessment: founded form.

Upon approval of any request for child abuse information authorized by this rule, the department shall withhold the name of the person who made the report of child abuse unless ordered by a juvenile court or district court after a finding that the person's name is needed to resolve an issue in any phase of a case involving child abuse. Written requests and oral requests do not apply to child abuse information that is disseminated to an employee of the department, to a juvenile court, or to the attorney representing the department as authorized by Iowa Code section 235A.15.

175.41(3) Written authorizations. Requests for information from members of the general public as to whether a person is named on the central abuse registry as having abused a child shall be submitted on an Authorization for release of child abuse information form to the county office of the department or the central abuse registry. The form shall be completed and signed by the person requesting the information and the person authorizing the check for the release of child abuse information. The department shall not provide requested information when the authorization form is incomplete. Incomplete authorization forms shall be returned to the requester.

[ARC 1156C, IAB 10/30/13, effective 1/1/14]

441—175.42(235A) Person conducting research. The supervisor of the central abuse registry shall be responsible for determining whether a person requesting child abuse information is conducting bona fide research, whether the research will further the official duties and functions of the central abuse registry, and whether identified information is essential to the research design. A bona fide research design is one which shows evidence of a good-faith, academically objective and sincere intent to add to the body of knowledge about child abuse. To make this determination, the central abuse registry shall require the person to submit credentials and the research design. Additional criteria for approval of a research project may include whether the research involves contact with subjects of child abuse information, and whether contact with department personnel is required to complete the research design. If it is determined that the research will involve use of identified information, the central abuse registry shall also determine under what circumstances and in what format the information is to be used and shall execute an agreement with the researcher which will enable the researcher to obtain access to identified information on subjects of child abuse investigations, as an agent of the central abuse registry. The department will require the researcher to assume costs incurred by the department in obtaining or providing information for research purposes. The department shall keep a public record of persons conducting this research.

175.42(1) Child abuse factors. For purposes of conducting research pursuant to Iowa Code sections 235A.15 and 235A.23, official duties and functions of the central abuse registry shall include analysis or identification of child abuse factors in at least one of the following areas:

- a. Causes of abuse—victim, parent and perpetrator characteristics, types of abuse, and correlations to family and environmental factors.
- b. Effects of abuse—immediate and long-term effects of abuse on the individual child victim, the child's family and the perpetrator, in areas such as family functioning, foster placement, emotional and medical problems, and criminal activity; and effects of abuse on the community and society in general.
- c. Prevention of abuse—intervention, prevention and treatment strategies.
- d. Treatment of abuse—impact of service delivery upon recidivism and maintenance of the family unit.
- e. Reporting of abuse—mandatory and permissive reporter characteristics, training needs, and perception of the department's protective services to children and families.
- f. Identification of strengths and weaknesses in statute, policy or practice concerning child abuse services.

175.42(2) Guidelines. To be accepted by the central abuse registry, a research proposal originating outside the department shall meet the following guidelines:

a. The proposal shall meet the criteria listed above as “official duties and functions” of the central abuse registry.

b. The research shall be conducted by a competent researcher, evidenced by affiliation with a recognized human services agency, government body, or academic, social work or medical facility. The researcher shall demonstrate an ability to conduct nonbiased research and present findings in a professional and responsible manner which will benefit the department in providing protective services to children and families.

c. The proposed research shall not unduly interfere with the ongoing duties and responsibilities of department staff.

d. When the proposed research includes contact with subjects of child abuse information, the research design shall reflect a plan for initial subject contact by the department, which includes the following:

(1) Subjects shall be informed in writing of their right to refuse to participate in the research.

(2) Subjects shall receive written assurance that their participation in the research will not affect eligibility for services.

(3) Department staff shall be advised of research goals and procedures prior to contact with subjects, in order to answer questions which may arise.

(4) Subjects shall receive written assurance that when identifying information is released by the central abuse registry to research staff, the information will remain confidential and that all child abuse information will be deidentified prior to publication of the research findings.

175.42(3) Approval procedures. Procedures for approval of a research proposal are conducted as follows:

a. The supervisor of the central abuse registry shall designate a person to be the single point of contact (SPOC) for all research proposals requesting child abuse information or involving department staff who provide child protective services. All proposals shall be routed to the SPOC at the Division of Adult, Children and Family Services, Department of Human Services, 1305 E. Walnut Street, Des Moines, Iowa 50319-0114.

b. Having received a research proposal, the SPOC shall log the date the proposal was received and other identifying information about the researcher and the research design and shall convene a research advisory committee to review the proposal. This committee may consist of:

(1) The unit supervisor of the child and dependent adult abuse registry, when applicable.

(2) The unit managers for the programs addressed by the research proposal.

(3) The research specialist.

(4) Representatives from the field, including a service area manager or designee and one representative from a service area, appointed by the service area manager, if a specific service area is involved.

(5) A representative from the department’s division of data management, when the proposal involves use of one of the department’s computerized data systems.

(6) A representative of the attorney general’s office, when the proposal involves legal questions or issues.

(7) Other persons whom the SPOC may designate to assist in the review.

c. The SPOC is responsible for ensuring that advisory committee members receive copies of the research proposal.

d. The advisory committee may meet in person or by teleconference.

e. The researcher may, at the discretion of the SPOC, be provided an opportunity to address the advisory committee concerning the research proposal and answer questions about the research design.

f. The committee shall determine the value of the proposed research and formulate recommendations for acceptance of the proposal (with conditions as necessary) or rejection of the proposal (with rationale for the rejection). These recommendations shall be submitted to the SPOC.

g. The SPOC shall transmit the committee's recommendations, with additional comments and recommendations, as needed, to the division administrators for the divisions involved.

h. The division administrators shall review committee recommendations and submit the research proposal to the director or designee for final approval.

i. After review by the director, the proposal shall be returned to the SPOC, who shall notify the researcher of the director's decision, which decision shall be final.

j. If the research proposal is approved, the SPOC shall prepare a written research agreement with the researcher which provides:

(1) The purpose of the research.

(2) The research design or methodology.

(3) The control of research findings and publication rights of all parties, including the deidentification of child abuse information prior to publication.

(4) The duties of all parties in conducting the research.

(5) The transfer of funds, if applicable.

k. The SPOC shall be responsible for securing written approval of the research agreement from the attorney general's office, applicable division administrators, and the researcher.

l. The SPOC shall be responsible for maintaining the research agreement throughout the research project and renewing or modifying the agreement when necessary.

441—175.43(235A) Child protection services citizen review panels. The purposes of the child protection services citizen review panels established in this rule are to comply with requirements set forth by the Child Abuse Prevention and Treatment Act and to take advantage of this process to identify strengths and weaknesses of the child protective service system as a whole, including community-based services and agencies. The specific objectives are to clarify expectations for child protective services with current policy; to review consistency of practice with current policy; to analyze trends and recommend policy to address them; and to provide feedback on what is or is not working, and why, and to suggest corrective action if needed.

175.43(1) Establishment of panels. The department shall establish at least three panels, with at least one panel each at the state level, multicounty level, and county level. The department may designate as panels one or more existing entities established under state or federal law, such as multidisciplinary teams, if the entities have the capacity to satisfy the requirements of the function of a citizen review panel set forth in the Child Abuse Prevention and Treatment Act and the department ensures that the entities will satisfy the requirements. The department shall establish procedures to be used for selecting the panels.

175.43(2) Membership of panels. Each panel established shall be composed of a multidisciplinary team of volunteer members who are broadly representative of the community in which the panel is established, including members who possess knowledge and skills related to the diagnosis, assessments, and disposition of child abuse cases, and who have expertise in the prevention and treatment of child abuse. The membership of each panel shall include professionals practicing in the disciplines of medicine, nursing, public health, substance abuse, domestic violence, mental health, social work, child development, education, law, juvenile probation, law enforcement; or representatives from organizations that advocate for the protection of children. The panel shall function under the leadership of a chairperson and vice-chairperson who are elected annually by the membership. Members shall enter into a contract with the department.

175.43(3) Meetings. Each panel established pursuant to this rule shall meet not less than once every three months.

175.43(4) Functions. Each panel established pursuant to this rule shall:

a. Evaluate the extent to which the department effectively discharges the child protection responsibilities in accordance with: the state plan and the child protection standards under subsection (b) of the Child Abuse Prevention and Treatment Act of 1996; the child protection duties of the department set forth in Iowa Code chapters 232 and 235A; and any other criteria that the panel considers important to ensure the protection of children, including:

(1) A review of the extent to which the child protective services system is coordinated with the foster care and adoption programs established under Part E of Title IV of the Social Security Act (42 USCS 670 et seq.); and

(2) A review of child fatalities and near fatalities.

b. Provide for public outreach and comment in order to:

(1) Assess the impact of current procedures and practices upon children and families in the community; and

(2) Make recommendations to the state and the public on improving the child protective services system at the state and local levels.

175.43(5) *Redissemination.* No panel member shall disseminate child abuse information obtained through the citizen review panel. This shall not preclude dissemination of information as authorized by Iowa Code section 235A.17 when an individual panel member has received information as a result of another authorized access provision of the Iowa Code.

175.43(6) *Department not bound.* The department shall consider the recommendations of the panel but shall not, in any way, be bound by the recommendations.

175.43(7) *Confidentiality.* Members and staff of a panel may not disclose child abuse information about any specific child abuse case to any person or government official and may not make public any information unless authorized by the Iowa Code to do so.

175.43(8) *Reports.* Each panel established under this rule shall prepare and make available to the public, on an annual basis, a report containing a summary of the activities of the panel.

175.43(9) *Staff assistance.* The department shall provide staff assistance to citizen review panels for the performance of their duties, upon request of the panel.

175.43(10) *Access to child abuse information.* Citizen review panels shall be under contract to carry out official duties and functions of the department and have access to child abuse information according to Iowa Code section 235A.15 [2“e”(2)].

CHAPTER 176
DEPENDENT ADULT ABUSE
[Prior to 7/1/83, Social Services[770] Ch 156]
[Previously appeared as Ch 156—renumbered IAB 2/29/84]
[Prior to 2/11/87, Human Services[498]]

441—176.1(235B) Definitions.

“Adult abuse” means either:

1. Any of the following as a result of the willful or negligent acts or omissions of a caretaker:
 - Physical injury to, or injury which is at variance with the history given of the injury, or unreasonable confinement, unreasonable punishment, or assault of a dependent adult.
 - The commission of a sexual offense under Iowa Code chapter 709 or Iowa Code section 726.2 with or against a dependent adult.
 - Exploitation of a dependent adult, which means the act or process of taking unfair advantage of a dependent adult or the adult’s physical or financial resources for one’s own personal or pecuniary profit, without the informed consent of the dependent adult, including theft, by the use of undue influence, harassment, duress, deception, false representation, or false pretenses.
 - The deprivation of the minimum food, shelter, clothing, supervision, physical or mental health care, and other care necessary to maintain a dependent adult’s life or health.
 - Sexual exploitation of a dependent adult by a caretaker. *“Sexual exploitation”* means any consensual or nonconsensual sexual contact with a dependent adult which includes but is not limited to kissing; touching of the clothed or unclothed inner thigh, breast, groin, buttock, anus, pubes, or genitals; or a sex act, as defined in Iowa Code section 702.17. *“Sexual exploitation”* includes the transmission, display, taking of electronic images of the unclothed breast, groin, buttock, anus, pubes, or genitals of a dependent adult by a caretaker for a purpose not related to treatment or diagnosis or as part of an ongoing assessment, evaluation or investigation. *“Sexual exploitation”* does not include touching which is part of a necessary examination, treatment, or care by a caretaker acting within the scope of the practice or employment of the caretaker; the exchange of a brief touch between the dependent adult and a caretaker for the purpose of reassurance, comfort, or casual friendship; or touching between spouses.
2. The deprivation of the minimum food, shelter, clothing, supervision, physical or mental health care, and other care necessary to maintain a dependent adult’s life or health as a result of the acts or omissions of the dependent adult.

“Appropriate evaluation or assessment” means that evaluation or assessment reasonably believed by the department to be warranted by the facts and circumstances of the case as reported.

“Assault” means “assault” as defined in Iowa Code section 708.1.

“At-risk adult” means an adult who, because of a significant impairment due to a physical or mental disability or both, is unable to meet essential daily needs without assistance and whose personal health or safety is at risk due to such impairments, the environment, substance abuse problems, a lack of services or social supports, a refusal to accept services, or other risk factors identified through an assessment.

“Caretaker” means a related or nonrelated person who has the responsibility for the protection, care, or custody of a dependent adult as a result of assuming the responsibility voluntarily, by contract, through employment, or by order of the court.

“Collateral sources” means any person or agency who is presently providing, either in a professional or paraprofessional capacity, service to the dependent adult, including, but not limited to, doctors, counselors, and public health nurses.

“Confidentiality” means the withholding of information from any manner of communication, public or private.

“Denial of critical care” exists when the dependent adult’s basic needs are denied or ignored to such an extent that there is immediate or potential danger of the dependent adult suffering injury or death, or is a denial of, or a failure to provide the mental health care necessary to adequately treat the dependent adult’s serious social maladjustment, or is a gross failure of the caretaker to meet the emotional needs of the dependent adult necessary for normal functioning, or is a failure of the caretaker to provide for the proper supervision of the dependent adult.

“*Department*” means the department of human services and includes the county and central offices of the department, unless otherwise specified.

“*Dependent adult*” means a person 18 years of age or older who is unable to protect the person’s own interests or unable to adequately perform or obtain services necessary to meet essential human needs, as a result of a physical or mental condition which requires assistance from another.

“*Expungement*” means the process of destroying dependent adult abuse information.

“*Immediate danger to health or safety*” means a situation in which death or severe bodily injury could reasonably be expected to occur without intervention.

“*Immediately*” means within 24 hours when referring to mandatory reporters reporting suspected abuse of a dependent adult.

“*Individual employed as an outreach person*” means a person who, in the course of employment, makes regular contacts with dependent adults regarding available community resources.

“*Informed consent*” (as used in Iowa Code paragraph 235B.2(5) “c”) means a dependent adult’s agreement to allow something to happen that is based on a full disclosure of known facts and circumstances needed to make the decision intelligently, i.e., knowledge of risks involved or alternatives.

“*Minimum food, shelter, clothing, supervision, physical and mental health care, and other care*” means that food, shelter, clothing, supervision, physical and mental health care, and other care which, if not provided, would constitute denial of critical care.

“*Multidisciplinary team*” shall mean a membership of individuals who possess knowledge and skills related to the diagnosis, assessment, and disposition of dependent adult abuse cases and who are professionals practicing in the disciplines of medicine, public health, social work, law, law enforcement and other disciplines relative to dependent adults. Members of the team shall include, but are not limited to, persons representing the area agencies on aging, county attorneys, health care providers, and others involved in advocating or providing services for dependent adults.

“*Physical injury*” means damage to any bodily tissue to the extent that the tissue must undergo a healing process in order to be restored to a sound and healthy condition, or damage to any bodily tissue to the extent that the tissue cannot be restored to a sound and healthy condition, or damage to any bodily tissue which results in the death of the person who has sustained the damage, or physical injury which is at variance with the history given of it.

“*Preponderance of evidence*” shall mean evidence which is of greater weight or more convincing than the evidence which is offered in opposition to it.

“*Proper supervision*” means that supervision which a reasonable and prudent person would exercise under similar facts and circumstances, but in no event shall a person place a dependent adult in a situation that may endanger the dependent adult’s life or health or cruelly punish or unreasonably confine the dependent adult.

“*Registry*” means the central registry for dependent adult abuse information established in Iowa Code Supplement section 235B.5.

“*Report*” means a verbal or written statement, made to the department, which alleges that dependent adult abuse has occurred.

[ARC 8099B, IAB 9/9/09, effective 8/13/09; ARC 9258B, IAB 12/1/10, effective 2/1/11]

441—176.2(235B) Denial of critical care. The failure on the part of the caretaker or dependent adult to provide for minimum food, shelter, clothing, supervision, physical or mental care, and other care necessary for the dependent adult’s health and welfare when financially able to do so or when offered financial and other reasonable means to do so shall constitute denial of critical care to that dependent adult.

441—176.3(235B) Appropriate evaluation. Immediately upon receipt of a dependent adult abuse report the worker shall conduct an intake sufficient to determine whether the allegation constitutes a report of dependent adult abuse.

176.3(1) Dependent adult abuse reports shall be evaluated when all of the following criteria are alleged to be met:

- a. The person is a dependent adult.
- b. Dependent adult abuse exists as defined in Iowa Code section 235B.2.
- c. A caretaker exists in reports of physical injury to or unreasonable confinement or cruel punishment of a dependent adult; commission of a sexual offense; exploitation; and deprivation by another person of food, shelter, clothing, supervision, physical and mental health care and other care necessary to maintain life or health.

176.3(2) Nondependent adult abuse situations. The following are not dependent adult abuse situations:

- a. A report of domestic abuse under Iowa Code chapter 236, Domestic Abuse, does not in and of itself constitute a report of dependent adult abuse.
- b. Circumstances in which the dependent adult declines medical treatment if the dependent adult holds a belief or is an adherent of a religion whose tenets and practices call for reliance on spiritual means in place of reliance on medical treatment.
- c. Circumstances in which the dependent adult's caretaker, acting in accordance with the dependent adult's stated or implied consent, declines medical treatment if the dependent adult holds a belief or is an adherent of a religion whose tenets and practices call for reliance on spiritual means in place of reliance on medical treatment.
- d. Withholding and withdrawing of health care from a dependent adult who is terminally ill in the opinion of a licensed physician when the withholding and withdrawing of health care is done at the request of the dependent adult or at the request of the dependent adult's next-of-kin or guardian pursuant to the applicable procedures under Iowa Code chapter 125, 144A, 222, 229, or 633.
- e. All persons legally incarcerated in a penal setting, either in a local jail or confined to the custody of the director of the department of corrections.

176.3(3) Reports of dependent adult abuse which are the result of the acts or omissions of the dependent adult shall be collected and maintained in the files of the dependent adult as assessments only and shall not be included on the central registry. The central registry shall be notified as to the disposition of the assessment.

176.3(4) Confirmed, not registered. Reports of physical abuse or denial of critical care by a caretaker that would otherwise be founded reports shall be considered confirmed, not registered reports if the abuse is determined to be minor, isolated, and unlikely to reoccur. These reports shall be assessments and shall not be included on the central abuse registry. The assessment shall be maintained in the local office as directed in subrule 176.13(4).

441—176.4(235B) Reporters. The central registry and county office shall accept reports from mandatory reporters or any other person who believes dependent adult abuse has occurred.

176.4(1) Mandatory reporters shall:

- a. Report suspected abuse of a dependent adult within 24 hours of becoming aware of an abusive incident.
- b. Make a written report within 48 hours after an oral report.

176.4(2) The reporter may use the department's Form 470-2441, Suspected Dependent Adult Abuse Report, or may use a form developed by the reporter that meets the requirements of Iowa Code section 235B.3.

441—176.5(235B) Reporting procedure.

176.5(1) Each report made by someone other than a mandatory reporter may be oral or written.

176.5(2) The report shall be made by telephone or otherwise to the department of human services. When the person making the report has reason to believe that immediate protection for the dependent adult is advisable, that person shall also make an oral report to an appropriate law enforcement agency.

176.5(3) The department of human services shall:

- a. Immediately, upon receipt of a report, make an oral report to the registry;
- b. Forward a copy of the report to the registry; and
- c. Promptly notify the appropriate county attorney of the receipt of any report.

176.5(4) The report shall contain the following information, or as much thereof as the person making the report is able to furnish:

- a.* The names and home addresses of the dependent adult, appropriate relatives, caretakers, and other persons believed to be responsible for the care of the dependent adult.
- b.* The dependent adult's present whereabouts if not the same as the address given.
- c.* The reason the adult is believed to be dependent. Dependency is the first criterion to be considered before beginning an evaluation.
- d.* The dependent adult's age.
- e.* The nature and extent of the adult abuse, including evidence of previous adult abuse. The existence of alleged adult abuse is the second criterion to be considered before beginning an evaluation.
- f.* Information concerning the suspected adult abuse of other dependent adults in the same residence.
- g.* Other information which the person making the report believes might be helpful in establishing the cause of the abuse or the identity of the person or persons responsible for the abuse, or helpful in providing assistance to the dependent adult.
- h.* The name and address of the person making the report.

176.5(5) A report shall be accepted whether or not it contains all of the information requested in 176.5(4), and may be made to the department, county attorney, or law enforcement agency. When the report is made to any agency other than the department of human services, that agency shall promptly refer the report to the department.

441—176.6(235B) Duties of the department upon receipt of report.

176.6(1) When a report is received, the department shall promptly commence an appropriate evaluation or assessment, except that the department of inspections and appeals is responsible for the evaluation and disposition of a case of adult abuse in a health care facility, including hospitals as defined in Iowa Code section 135B.1 and facilities as defined in Iowa Code section 135C.1. The department shall forward all reports and other information concerning adult abuse in a health care facility to the department of inspections and appeals on the first working day following the submitting of the report. The department of inspections and appeals shall inform the registry of all actions taken or contemplated concerning the evaluation or disposition of a case of adult abuse in a health care facility. The primary purpose of the evaluation or assessment by the department shall be the protection of the dependent adult named in the report.

176.6(2) The evaluation or assessment shall include all of the following:

- a.* Identification of the nature, extent, and cause of the adult abuse, if any, to the dependent adult named in the report.
- b.* The identification of the person or persons responsible for the adult abuse.
- c.* A determination of whether other dependent adults in the same residence have been subjected to adult abuse.
- d.* A critical examination of the residential environment of the dependent adult named in the report, and the dependent adult's relationship with caretakers and other adults in the same residence.
- e.* A critical explanation of all other pertinent matters.

176.6(3) The evaluation or assessment, with the consent of the dependent adult or caretaker, when appropriate, may include a visit to the residence of the dependent adult named in the report and an examination of the dependent adult. If permission to enter the residence and to examine the dependent adult is refused, the district court, upon a showing of probable cause that a dependent adult has been abused, may authorize a person, authorized by the department, to make an evaluation or assessment, to enter the residence of, and to examine the dependent adult.

Upon a showing of probable cause that a dependent adult has been financially exploited, a court may authorize a person, also authorized by the department, to gain access to the financial records of the dependent adult.

176.6(4) County attorneys, law enforcement agencies, multidisciplinary teams as defined in Iowa Code section 235B.1, subsection 1, and social services agencies in the state shall cooperate and assist in

the evaluation or assessment upon the request of the department. County attorneys and appropriate law enforcement agencies shall also take any other lawful action necessary or advisable for the protection of the dependent adult.

176.6(5) Completion of evaluation or assessment report. Upon completion of its evaluation or assessment, the department shall complete a report that describes its findings and includes all actions taken or contemplated.

a. The department shall complete its report within 20 working days of the receipt of the abuse allegations, unless the worker's supervisor grants an extension of time for good cause shown. The worker's supervisor may grant an extension for a maximum of 30 working days. No more than three extensions shall be granted.

b. Upon completion of an evaluation, the department shall enter its report into the system on dependent adults (SODA).

c. Upon completion of an assessment when the alleged abuse is the result of the acts or omissions of the dependent adult, the department shall place the report in the case file of the dependent adult and on SODA.

176.6(6) Report to county attorney. The department shall transmit a copy of the report of its evaluation or assessment to the appropriate county attorney. The county attorney shall notify the local office of the department of any actions or contemplated actions with respect to a suspected case of adult abuse.

176.6(7) Based on the evaluation, the department shall complete an assessment of services needed by a dependent adult believed to be the victim of abuse, the dependent adult's family, or a caretaker. The department shall explain that the department does not have independent legal authority to compel the acceptance of protective services. Upon voluntary acceptance of the offer of services, the department shall make referrals or may provide necessary protective services to eligible dependent adults, their family members, and caretakers.

176.6(8) Court action. When, upon completion of the evaluation or assessment or upon referral from the state department of inspections and appeals, the department determines that the best interests of the dependent adult require court action, the department shall initiate action for the appointment of a guardian or conservator, or for admission or commitment to an appropriate institution or facility, pursuant to the applicable procedures under Iowa Code chapter 125, 222, 229, or 633. The department may pursue other remedies provided by law pursuant to the applicable procedures under Iowa Code sections 235B.17, 235B.18, 235B.19, and 235B.20 or any other legal remedy which provides protection to a dependent adult. The appropriate county attorney shall assist the department in the preparation of the necessary papers to initiate the action, and shall appear and represent the department at all district court proceedings.

176.6(9) The department shall assist the district court during all stages of court proceedings involving a suspected case of adult abuse.

176.6(10) In every case involving adult abuse which is substantiated by the department and which results in a judicial proceeding on behalf of the dependent adult, legal counsel shall be appointed by the court to represent the dependent adult in the proceedings. The court may also appoint a guardian ad litem to represent the dependent adult when necessary to protect the dependent adult's best interests. The same attorney may be appointed to serve both as legal counsel and as guardian ad litem. Before legal counsel or a guardian ad litem is appointed pursuant to Iowa Code section 235B.3, subsection 7, paragraph "c," the court shall require the dependent adult and any person legally responsible for the support of the dependent adult to complete under oath a detailed financial statement. If, on the basis of that financial statement, the court deems that the dependent adult or the legally responsible person is able to bear all or a portion of the cost of the legal counsel or guardian ad litem, the court shall so order. In cases where the dependent adult or the legally responsible person is unable to bear the cost of the legal counsel or guardian ad litem, the expense shall be paid by the county.

176.6(11) Notification of licensing authority. Based on information discovered during an evaluation of dependent adult abuse in a program providing care to a dependent adult, the department shall notify

the licensing or accrediting authority for the program, the governing body of the program, and the administrator in charge of the program of any of the following:

- a. A violation of program policy noted in the evaluation.
- b. An instance in which program policy or lack of program policy may have contributed to the dependent adult abuse.
- c. An instance in which general practice in the program appears to differ from the program's policy.

The licensing or accrediting authority, the governing body, and the administrator in charge of the program shall take any lawful action which may be necessary or advisable to protect dependent adults receiving care in the program.

176.6(12) Assessments by other agencies. The department may approve agencies considered capable and appropriate to complete assessments of dependent adults who are suspected of being abused.

a. The department may make a referral to an approved agency to complete an assessment of a dependent adult who is suspected of being abused, in conjunction with a department abuse evaluation or assessment on the dependent adult.

b. The department may use information obtained from the assessment completed by the approved agency in the abuse evaluation or assessment. The department has complete authority in determining the conclusions of the abuse evaluation or assessment.

176.6(13) Referrals to other agencies. During an assessment or evaluation of suspected abuse of a dependent adult, the department shall:

a. Make a referral to the division of labor services of the department of workforce development if an issue is discovered that concerns wages, workplace safety, or labor and employment matters under the jurisdiction of that agency.

b. Make a referral to the civil rights commission if an issue is discovered that involves discrimination under the jurisdiction of that agency.

176.6(14) Assessment of dependency and risk. After the first visit to a dependent adult who is alleged to be abused, the department shall complete an assessment of the adult using Form 470-3246, Dependent Adult Assessment Tool. The department shall assess:

a. The adult's dependency,

b. The risk to the adult's health or safety, and

c. The areas in which the adult is either dependent or independent.

176.6(15) Follow-up for at-risk adults. When it has not been possible or necessary to obtain a court order for services to an at-risk adult, the department shall attempt to persuade the at-risk adult to agree to accept services and to participate in preparing a safety plan. If the adult refuses to sign Form 470-4835, Safety Plan for At-Risk Adult, and to accept services, the department shall provide periodic visits.

a. *Purpose.* The purpose of the visits shall be to:

(1) Assess the adult for increased risk or impairment,

(2) Monitor the adult's situation to determine the feasibility of intervening with protective services, and

(3) Persuade the adult to accept services and to sign Form 470-4835, Safety Plan for At-Risk Adult.

b. *Exemption.* If it has been determined there is a physical threat to the safety of the department employee who is attempting to visit an at-risk adult, the department shall not attempt a periodic visit unless the physical threat to safety has been removed.

c. *Criteria to continue visits.* Periodic visits shall continue if:

(1) The adult's health or safety has deteriorated somewhat but not to the point that a court order is necessary; or

(2) The adult's health or safety has remained the same and there is a possibility the adult may in the future agree to services and to participating in preparing a safety plan.

d. *Criteria to end visits.* Periodic visits shall be terminated when:

(1) The adult agrees to services and services are arranged; or

(2) The adult's health or safety has deteriorated to the point that the department has requested court action pursuant to subrule 176.6(8); or

(3) The adult's health or safety has not changed six months after the initial report of alleged abuse; there appears no possibility the adult will ever agree to services; and the adult is competent to make decisions.

[ARC 9258B, IAB 12/1/10, effective 2/1/11]

441—176.7(235B) Appropriate evaluation or assessment.

176.7(1) After receipt of the report alleging dependent adult abuse, the field worker shall make an evaluation or assessment to determine whether the information as reported, other known information, and any information gathered as a result of the worker's contact with collateral sources would tend to corroborate the alleged abuse.

176.7(2) When the information gathered in the evaluation or assessment tends to corroborate, or the worker is uncertain as to whether it repudiates the allegations of the report, the worker shall immediately continue the evaluation or assessment by making a reasonable effort to ensure the safety of the adult. The worker and the worker's supervisor shall determine whether an immediate threat to the physical safety of the adult is believed to exist.

a. If an immediate threat to the physical safety of the adult is believed to exist, the field worker shall make every reasonable effort to examine the adult, as authorized by 176.6(3), within one hour after receipt of the report and shall take any lawful action necessary or advisable for the protection of the adult.

b. When physical safety of the adult is not endangered, the worker shall make every reasonable effort to examine the adult within 24 hours after receipt of the report.

176.7(3) In the event the information gathered in the evaluation or assessment fails to corroborate the allegation of adult abuse, the worker, with approval of the supervisor, may terminate the evaluation or assessment and submit the report required by subrule 176.6(5).

441—176.8(235B) Immunity from liability for reporters. A person participating in good faith in making a report or cooperating or assisting the department in evaluating or assessing a case of dependent adult abuse has immunity from liability, civil or criminal, which might otherwise be incurred or imposed based upon the act of making the report or giving the assistance. The person has the same immunity with respect to participation in good faith in a judicial proceeding resulting from the report or assistance or relating to the subject matter of the report or assistance.

441—176.9(235B) Registry records. Central registry records shall be kept in the name of the dependent adult and cross-referenced in the name of the caretaker.

441—176.10(235B) Adult abuse information disseminated.

176.10(1) Requests for information. Written requests for adult abuse information by the subject of a report as defined in subrule 176.10(3), paragraph "a," may be submitted to the county office of the department on the department-prescribed form entitled Request for Child and Dependent Adult Abuse Information.

Oral requests for dependent adult abuse information may be made to the county office or the central registry when the person making the request believes that the information is needed immediately and the person is authorized to access the information, pursuant to the requirements of Iowa Code section 235B.7, subsection 2. If a request is made orally by telephone, a written request shall be filed within 72 hours of the oral request on the department-prescribed form entitled Request for Child and Dependent Adult Abuse Information. When an oral request to the county office to obtain dependent adult abuse information is granted by the central registry, the county shall document the approval to the central registry on the department-prescribed form entitled Request for Child and Dependent Adult Abuse Information.

All other requests for information shall be made to the central registry by mail or fax pursuant to the requirements of Iowa Code section 235B.7.

176.10(2) *Verification of identity.* The county office shall verify the identity of the person making the request on the department-prescribed form entitled Request for Child and Dependent Adult Abuse Information. Upon verification of the identity of the person making the request, the county office shall transmit the request to the central registry. The central registry shall verify the identity of persons making requests for information directly to the central registry by telephone, mail, fax, or in person, on the department-prescribed form entitled Request for Child and Dependent Adult Abuse Information.

176.10(3) *Approval of requests.* The department shall grant access to dependent adult abuse information as authorized by Iowa Code section 235B.6. Upon approval of any request for dependent adult abuse information authorized by this rule, the department may withhold the name of the person who made the report of dependent adult abuse when the department finds that the disclosure of the person's identity would be detrimental to the person's interest.

176.10(4) *Requests concerning applicants for employment and employees of health care programs.* A health care program making a request for dependent adult abuse information for the purpose of determining employability, as authorized by Iowa Code section 235B.6, subsection 2, paragraph "e," subparagraphs (6) and (7), and section 135C.33, subsection 6, shall request the information directly from the central registry or obtain the information from the Internet electronic information system maintained by the health facilities division of the department of inspections and appeals.

Requests made directly to the central registry shall be made on the department-prescribed form entitled Request for Child and Dependent Adult Abuse Information.

Health care programs requesting dependent adult abuse background checks on employee applicants and employees by use of the Internet electronic information system shall complete the department-prescribed form entitled Access to Confidential Abuse Information and Non-Redissemination Agreement. The form shall be signed by the administrator of the health care program and be sent to the central registry before receipt of the information from the department. The administrator shall agree not to redisseminate dependent adult abuse information obtained through the Internet electronic information system, except as authorized in Iowa Code sections 235B.6 and 235B.8.

176.10(5) *Dissemination of undetermined reports.* Rescinded IAB 8/6/03, effective 7/10/03.

176.10(6) *Access to unfounded dependent adult abuse information.* Access to unfounded dependent adult abuse information is authorized only to:

a. Persons identified as subjects of a report, including the dependent adult named in a report as a victim, a guardian of a dependent adult named in a report as a victim, a person named in a report as having abused a dependent adult, or an attorney representing any of the above;

b. An employee or agency of the department of human services responsible for the evaluation or assessment of a dependent adult abuse report;

c. Registry or department personnel, when necessary to the performance of their official duties, or a person or agency under contract with the department to carry out official duties and functions of the registry;

d. The mandatory reporter who reported dependent adult abuse in an individual case;

e. The long-term care resident advocate, if the victim resides in a long-term care facility or the alleged perpetrator is an employee of a long-term care facility; and

f. A multidisciplinary team, if the department approves the composition of the team and determines that access to the team is necessary to assist in the evaluation, diagnosis, assessment, and disposition of a dependent adult abuse case.

176.10(7) *Requests concerning employees of department facilities.* When a request is made by the hiring authority of a department operated facility which provides direct client care and the request is made for the purpose of determining continued employability of a person employed, with or without compensation, by the facility, the information shall be requested directly from the central registry. The information requested shall be disseminated to the personnel office of the department. The personnel office shall redisseminate the information to the hiring authority for the person involved only upon a finding that the information has a direct bearing on employability of the person involved.

When the personnel office determines that the information has no direct bearing on employability, the hiring authority shall be notified that no job-related dependent adult abuse information is available. If the central registry and local office files contain no information, the hiring authority shall be so informed.

176.10(8) *Dependent adult abuse information disseminated and redisseminated.* Notwithstanding subrule 176.10(1), written requests and oral requests are not required for dependent adult abuse information that is disseminated to an employee of the department of human services, a district court, or the attorney representing the department as authorized by Iowa Code section 235B.6.

176.10(9) *Required notification.* The department shall notify orally the subject of a report of the results of the evaluation or assessment. The department shall subsequently transmit a written notice to the subject which will include information regarding the results, the confidentiality provisions of Iowa Code sections 235B.6 and 235B.12, and the procedures for correction or expungement and appeal of dependent adult abuse information as provided in Iowa Code section 235B.10.

176.10(10) *Mandatory reporter notification.* The department shall attempt to notify orally the mandatory reporter who made the report in a dependent adult abuse case of the results of the evaluation or assessment and of the confidentiality provisions of Iowa Code sections 235B.6 and 235B.12. The department shall subsequently transmit a written notice on Form 470-2444, Adult Protective Notification, to the mandatory reporter who made the report. The form shall include information regarding the results of the evaluation or assessment and confidentiality provisions. A copy of the written notice shall be transmitted to the registry and shall be maintained by the registry as provided in Iowa Code section 235B.8.

176.10(11) *Subjects informed of abuse history.* The department may inform a subject of a dependent adult abuse report of a person's abuse history if the department determines at any time that disclosure is necessary for the protection of the dependent adult. A subject may be informed that a person is listed on the child or dependent adult abuse registry as having a founded abuse report or is listed on the sex offender registry.

[ARC 2427C, IAB 3/2/16, effective 5/1/16]

441—176.11(235B) Person conducting research. The person in charge of the central registry shall be responsible for determining whether a person requesting dependent adult abuse information is conducting bona fide research. To make this determination, the central registry may require these persons to submit credentials and the research design. If the registry determines that identified information is essential to the research design, the registry shall also determine the method by which written permission is to be secured from the dependent adult or guardians of the dependent adult who could be identified by the information to be researched. Any costs incurred in the dissemination of the information shall be assumed by the researcher. The department will keep a public record of persons conducting research.

441—176.12(235B) Examination of information. Examination of information contained in the central registry can be made at the site of the central registry between the hours of 8 a.m. and 12 p.m. or 1 p.m. and 4 p.m., Monday through Friday, except state authorized holidays.

The person, or that person's attorney, requesting to examine the information in the registry which refers to that person, shall be allowed to inspect the information after providing appropriate identification.

441—176.13(235B) Dependent adult abuse information registry. The department shall create a central abuse registry for dependent adult abuse information. The registry shall collect, maintain, and disseminate dependent adult abuse information as follows:

176.13(1) *Founded reports.* A report of dependent adult abuse determined to be founded shall be retained and sealed by the registry in accordance with Iowa Code section 235B.9.

176.13(2) *Unfounded reports.* A report of dependent adult abuse determined to be unfounded shall be expunged five years from the date it is determined to be unfounded, in accordance with Iowa Code section 235B.9, subsection 2, as amended by 2009 Iowa Acts, Senate File 484.

176.13(3) *Rejected intakes.* Reports that are found not to meet the criteria to be accepted for evaluation or assessment of abuse shall be kept in the local office for three years from the date the report of abuse was determined to be rejected.

176.13(4) *Assessments.* Reports classified as assessments shall not be included in the central registry but shall be maintained in the local office. The central registry shall be notified of the disposition of the assessment report.

a. Self-denial of critical care. Reports involving abuse as a result of the acts or omissions of the dependent adult will be assessments. These reports shall be retained in the dependent adult's case file in the local office for five years and then destroyed.

b. Confirmed, not registered. Reports of dependent adult abuse where physical abuse or denial of critical care committed by a caretaker is confirmed but is determined to be minor, isolated, and unlikely to reoccur shall be assessments. These reports shall be maintained in the local office for five years and then destroyed unless a subsequent report of dependent adult abuse on the same caretaker is founded. If a subsequent report on the same caretaker is founded within the five-year period, the confirmed, not registered report shall be maintained in the local office for ten years from the date of the subsequent report and then sealed.

[ARC 8099B, IAB 9/9/09, effective 8/13/09]

441—176.14(235B) Central registry. Rescinded IAB 10/30/91, effective 1/1/92.

441—176.15(235B) Multidisciplinary teams.

176.15(1) *Purpose of multidisciplinary teams.* The service area shall establish multidisciplinary teams for the purpose of assisting the department in assessment, diagnosis, and disposition of reported dependent adult abuse cases. The disposition of a case may include the provision for treatment recommendations and services.

176.15(2) *Execution of team agreement.* When the team is established, the service area manager or designee and all team members shall execute an agreement on Form 470-2328, Dependent Adult Abuse Multidisciplinary Team Agreement. This agreement specifies:

a. That the team shall be consulted solely for the purpose of assisting the department in the assessment, diagnosis and treatment of dependent adult abuse cases.

b. That any team member may cause a dependent adult abuse case to be reviewed if approved by the department through use of the process of requesting adult abuse information specified in rule 441—176.10(235B).

c. That no team members shall disseminate adult abuse information obtained solely through the multidisciplinary team. This shall not preclude dissemination of information as authorized by Iowa Code section 235B.6 when an individual team member has received information as a result of another authorized access provision of the Code.

d. That the department may consider the recommendation of the team in a specific dependent adult abuse case but shall not, in any way, be bound by the recommendations.

e. That any written report or document produced by the team pertaining to an individual case shall be made a part of the file for the case and shall be subject to all confidentiality provisions of Iowa Code sections 235B.6 and 235B.8 and of 441—Chapter 176.

f. That any written records maintained by the team which identify an individual dependent adult abuse case shall be destroyed when the agreement lapses.

g. That consultation team members shall serve without compensation.

h. That any party to the contract may withdraw with or without cause upon the giving of 30 days' notice.

i. The date on which the agreement will expire.

176.15(3) *Filing of agreement.* Whenever a team is created, a copy of the executed contract shall be filed with the central registry in addition to any other requirement placed upon execution of agreements by the department.

441—176.16(235B) Medical and mental health examinations. In any year in which the legislature appropriates funds, the department shall administer a payment program for mental health or medical health examinations for subjects of dependent adult abuse reports.

176.16(1) Conditions for payment. The following conditions must be met before payment can be made:

- a. Local resources to pay these costs must be exhausted.
- b. The examination must be scheduled during the evaluation or assessment process.
- c. Department staff must be involved in the decision to request the examination.

176.16(2) Payment limits. Payment for mental health examinations shall not exceed \$250. Payment for a complete medical examination shall not exceed \$160.

176.16(3) Billing procedures. Claims for payment shall be submitted to the division of behavioral, developmental, and protective services on Form GAX, General Accounting Expenditure, accompanied by a letter from department staff certifying that the necessary conditions for payment have been met.

441—176.17(235B) Request for correction or expungement. The department of human services is responsible for correction or expungement of reports prepared by department staff. The department of inspections and appeals is responsible for correction or expungement of reports prepared by that department's staff and that determination shall be binding on the registry.

176.17(1) Within six months of the date of the notice of evaluation results, a person may file with the registry a written statement to the effect that the dependent adult abuse information referring to the person is partially or entirely erroneous. The person may also request a correction of that information or of the findings of the report. The registry will record all requests and immediately forward the requests to the division of health facilities, department of inspections and appeals, when the reports were prepared by the department of inspections and appeals. The registry will notify the person requesting a correction that the report has been sent to the department of inspections and appeals.

176.17(2) Unless the designated department corrects the information or findings as requested, the designated department shall provide the person with an opportunity for a hearing as provided by 441—Chapter 7 to correct the information or the findings. The department may defer the hearing until the conclusion of a pending district court case relating to the information or findings.

These rules are intended to implement Iowa Code chapter 235B.

CHAPTER 177
IN-HOME HEALTH RELATED CARE
[Prior to 7/1/83, Social Services[770] Ch 148]
[Previously appeared as Ch 148—renumbered IAB 2/29/84]
[Prior to 2/11/87, Human Services [498]]

441—177.1(249) In-home health related care. In-home health related care is a program of nursing care in an individual's own home to provide personal services to an individual because such individual's state of physical or mental health prevents independent self-care.

441—177.2(249) Own home. Own home means an individual's house, apartment, or other living arrangement intended for single or family residential use.

441—177.3(249) Service criteria. The client shall require health care services that would require the supervision of a professional registered nurse working under the certification of a physician.

177.3(1) Skilled services may include but not be limited to:

- a. Gavage feedings of individuals unable to eat solid foods.
- b. Intravenous therapy administered only by a registered nurse.
- c. Intramuscular injections required more than once or twice a week, excluding diabetes.
- d. Catheterizations, continuing care of indwelling catheters with supervision of irrigations and changing of Foley catheter when required.
- e. Inhalation therapy.
- f. Care of decubiti and other ulcerated areas, noting and reporting to physician.
- g. Rehabilitation services including, but not limited to: bowel and bladder training, range of motion exercises, ambulation training, restorative nursing services, reteaching the activity of daily living, respiratory care and breathing programs, reality orientation, reminiscing therapy, remotivation and behavior modification.
- h. Tracheotomy care.
- i. Colostomy care until the individual is capable of maintaining the colostomy personally.
- j. Care of medical conditions out of control which includes brittle diabetes and terminal conditions.
- k. Postsurgical nursing care, but only for short time periods, and primarily for individuals with complications following surgery, or with the need for frequent dressing changes.
- l. Monitoring medications needed for close supervision of medications because of fluctuating physical or psychological conditions, i.e., hypertensives, digitalis preparations, narcotics.
- m. Diets which are therapeutic and require evaluation at frequent intervals.
- n. Vital signs which is the recording and reporting of change in vital signs to the attending physician.

177.3(2) Personal care services may include but not be limited to:

- a. Supervision on a 24-hour basis for physical or emotional needs.
- b. Helping client with bath, shampoo, oral hygiene.
- c. Helping client with toileting.
- d. Helping client in and out of bed and with ambulation.
- e. Helping client to reestablish activities of daily living.
- f. Assisting with oral medications ordinarily self-administered and ordered by the physician.
- g. Performing incidental household services which are essential to the client's health care at home and are necessary to prevent or postpone institutionalization.

441—177.4(249) Eligibility.

177.4(1) Eligible individual.

- a. The individual shall be eligible for supplemental security income in every respect except for income.

b. The physician's certification shall include a statement of the specific health care services and that the services can be provided in the individual's own home. The certification shall be given on Form 470-0673, Physician's Report, or on a similar plan of care form presently used by public health agencies.

c. The individual shall live in the individual's own home.

d. The client shall require and be receiving qualified health care services. Qualified health care services are health care services supervised by a registered nurse and approved by a physician.

177.4(2) Relationship to other programs. In-home health related care shall be provided only when other existing programs cannot meet the client's need.

177.4(3) Maximum costs. The maximum cost of service shall be \$480.55. The provider shall accept the payment made and shall make no additional charges to the recipient or others.

177.4(4) Service plan. A complete service plan shall be prepared which includes the services needed, the plan for providing these services, and the health care plan defined in rule 177.6(249).

177.4(5) Certification procedure. The approval of the case plan by the service area manager or designee shall constitute certification and approval for payment.

177.4(6) Temporary absence from home. The client will remain eligible and payment will be made for services for a period not to exceed 15 days in any calendar month when the client is absent from the home for a temporary period. Payment will not be authorized for over 15 days for any continuous absence whether or not the absence extends into a succeeding month or months.

177.4(7) Income for adults. The countable income of the individual and spouse living in the home shall be limited to \$480.55 per month if one needs care or \$961.10 if both need care, after the following disregards from gross income:

a. The amount of the basic supplemental security income standard for an individual or a couple, as applicable.

b. When income is earned, \$65.00 plus one-half of any remaining income.

c. The amount of the supplemental security income standard for a dependent plus any established unmet medical needs, for each dependent living in the home. Any income of the dependent shall be applied to the dependent's needs before making this disregard.

d. The amount of the established medical needs of the ineligible spouse which are not otherwise met.

e. The amount of the established medical needs of the applicant or recipient which are not otherwise met and would not be met if the individual were eligible for the medical assistance program.

f. Rescinded, effective 7/1/84.

177.4(8) Income for children.

a. All income received by the parents in the home shall be deemed to the child with the following disregards:

(1) The amount of the basic supplemental security income standard for an individual when there is one parent in the home or for a couple when there are two parents in the home.

(2) The amount of the basic supplemental security income standard for a dependent for each ineligible child in the home.

(3) The amount of the unmet medical needs of the parents and ineligible dependents.

(4) When all income is earned, an additional basic supplemental security income standard for an individual in a one-parent home or for a couple in a two-parent home.

(5) When the income is both earned and unearned, \$65.00 plus one-half of the remainder of the earned income.

b. The countable income of the child shall be limited to \$480.55 per month after the following disregards from gross income:

(1) The amount of the basic supplemental security income standard for an individual.

(2) The amount of the established medical needs of the child which are not otherwise met and would not be met if the child were eligible for the medical assistance program.

(3) One-third of the child support payments received from an absent parent.

c. Rescinded, effective 7/1/84.

177.4(9) Payment. The client or the person legally designated to handle the client's finances shall be the sole payee for payments made under the program and shall be responsible for making payment to the provider except when the client payee becomes incapacitated or dies while receiving service.

a. The department shall have the authority to issue one payment to a provider on behalf of a client payee who becomes incapacitated or dies while receiving service.

b. When continuation of an incapacitated client payee in the program is appropriate, the department shall assist the client and the client's family to legally designate a person to handle the client's finances. Guardians, conservators, protective or representative payees, or persons holding power of attorney are considered to be legally designated.

c. Payment for the program shall be approved effective as of the date of application or the date all eligibility requirements are met and qualified health care services are provided, whichever is later, notwithstanding 42 U.S.C. 1382(c)(7).

177.4(10) Application. Application for in-home health-related care shall be made on Form 470-2927 or 470-2927(S), Health Services Application. An eligibility determination shall be completed within 30 days from the date of the application, unless one or more of the following conditions exist:

a. An application has been filed and is pending for federal supplemental security income benefits.

b. The application is pending because the department has not received information, which is beyond the control of the client or the department.

c. The application is pending due to the disability determination process performed through the department.

d. The application is pending because Form 470-0636, Provider Agreement, has not been completed and completion is beyond control of the client. When Form 470-0636 cannot be completed due to the client's failure to locate a provider, applications shall not be held pending beyond 60 days from the date of application.

[ARC 7549B, IAB 2/11/09, effective 4/1/09]

441—177.5(249) Providers of health care services.

177.5(1) Age. The provider shall be at least 18 years of age.

177.5(2) Health assessment. The provider shall obtain certification that the provider is physically and emotionally capable of providing assistance to another person who may have physical and emotional limitations.

a. The certification shall be based on an examination performed by a physician or advanced registered nurse practitioner or by a physician assistant who is working under the direction of a physician. If the provider works for an agency, the practitioner performing the examination may not be employed by the same agency.

b. The practitioner conducting the examination shall indicate the certification by signing Form 470-0672, Provider Health Assessment.

c. The certification shall be submitted to the department service worker:

(1) Before the provider agreement is signed, and

(2) Annually thereafter.

177.5(3) Qualifications. The provider shall be qualified by training and experience to carry out the health care plan as specified in rule 177.4(4).

177.5(4) Relative. The provider may be related to the client, so long as the provider is not a member of the family as defined in rule 441—130.1(234).

[ARC 8912B, IAB 6/30/10, effective 9/1/10]

441—177.6(249) Health care plan. The nurse shall complete the health care plan with the physician's approval. The health care plan shall include the specific types of services required, the method of providing those services, and the expected duration of services.

177.6(1) Transfer from medical facility. When the client is being transferred from a medical hospital or long-term care facility, the service worker shall obtain a transfer document describing the client's current care plan, to be provided to the nurse supervising the in-home care plan.

177.6(2) Medical records.

a. Medical records shall include, whenever appropriate, transfer forms, physician's certification and orders, interdisciplinary case plan, interdisciplinary progress notes, drug administration records, treatment records, and incident reports. The nurse shall be responsible for ensuring that record requirements are met.

b. Medical records shall be located in the nurse's case file, with a copy of the interdisciplinary plan of care and physician's plan of service in the service worker's file, and all other records available to the service worker. Upon termination of the in-home care plan, the records shall be maintained in the county office of the department of human services, or in the office of the public health nurse and available to the service worker, for five years or until completion of an audit.

c. The client or legal representative shall have the right to view the client's medical records.

177.6(3) Review. The continuing need for in-home health care services shall be reviewed:

a. At a minimum of every 60 days by the physician, including a written recertification of continuing appropriateness of the plan;

b. At a minimum of every six months by the service worker, including a review of the total care plan;

c. At a minimum of every 60 days by the nurse who shall review the nursing plan; or

d. More frequently if required by the physician, the service worker, or the nurse.

177.6(4) Annual physical. The client shall obtain a physical examination report annually and shall be under the regular supervision of a physician.

[ARC 7549B, IAB 2/11/09, effective 4/1/09]

441—177.7(249) Client participation.

177.7(1) All income remaining after the disregards in 177.4(7) and 177.4(8) shall be considered income available for services and shall be used for service costs before payment for in-home health care begins.

177.7(2) First month. When the first month of service is less than a full month, there is no client participation for that month. Payment will be made for the actual days of service provided according to the agreed-upon rate.

441—177.8(249) Determination of reasonable charges. Payment will be made only for reasonable charges for in-home health care services as determined by the service worker. Reasonableness shall be determined by:

177.8(1) Community standards. The prevailing community standards for cost of care for similar services.

177.8(2) Services at no charge. The availability of service providers at no cost to the department.

441—177.9(249) Written agreements.

177.9(1) Independent contractor. The provider shall be an independent contractor and shall in no sense be an agent, employee or servant of the state of Iowa, the Iowa department of human services, any of its employees, or of its clients.

177.9(2) Liability coverage. All professional health care providers shall have adequate liability coverage consistent with their responsibilities, as the department of human services assumes no responsibility for, or liability for, individuals providing care.

177.9(3) Provider agreement. The client and the provider shall enter into an agreement, using Form 470-0636, Provider Agreement, prior to the provision of service. Any reduction to the state supplemental assistance program shall be applied to the maximum amount paid by the department of human services as stated in the Provider Agreement by using Form 470-1999, Amendment to Provider Agreement.

441—177.10(249) Emergency services. Written instructions for dealing with emergency situations shall be completed by the nurse and maintained in the client's home and in the county department of human services office. The instructions shall include:

177.10(1) *Persons to notify.* The name and telephone number of the client's physician, the nurse, responsible family members or other significant persons, and the service worker.

177.10(2) *Hospital.* Information as to which hospital to utilize.

177.10(3) *Ambulance.* Information as to which ambulance service or other emergency transportation to utilize.

441—177.11(249) Termination. Termination of in-home health related care shall occur under the following conditions.

177.11(1) *Request.* Upon the request of the client or legal representative.

177.11(2) *Care unnecessary.* When the client becomes sufficiently self-sustaining to remain in the client's own home with services that can be provided by existing community agencies as determined by the service worker.

177.11(3) *Additional care necessary.* When the physical or mental condition of the client requires more care than can be provided in the client's own home as determined by the service worker.

177.11(4) *Excessive costs.* When the cost of care exceeds the maximum established in 177.4(3).

177.11(5) *Other services utilized.* When the service worker determines that other services can be utilized to better meet the client's needs.

177.11(6) *Terms of provider agreement not met.* When it has been determined by the service worker that the terms of the provider agreement have not been met by the client or the provider, the state supplementary assistance payment may be terminated.

CHAPTER 184
INDIVIDUAL AND FAMILY DIRECT SUPPORT

DIVISION I
FAMILY SUPPORT SUBSIDY PROGRAM

PREAMBLE

The purpose of this division is to define and structure the family support subsidy program. This program is designed to assist families in staying together by defraying some of the costs of caring for a child with special needs living at home.

441—184.1(225C) Definitions.

“Department” means the department of human services.

“Family” means a family member and the parent or legal guardian of the family member.

“Family member” means a person less than 18 years of age who by educational determination has a moderate, severe, or profound educational handicap or special health care needs or who otherwise meets the definition of developmental disability in the federal Developmental Disabilities Act, Section 102(5), as codified in 42 U.S.C. 6001(5).

“Home” means the home of the parent or legal guardian of the family member.

“Legal guardian” means a person appointed by a court to exercise powers over a family member.

“Parent” means a biological or adoptive parent.

“Supplemental Security Income (SSI)” means financial assistance provided to individuals pursuant to Title XVI of the federal Social Security Act, 42 U.S.C. Sections 1381 to 1383c.

441—184.2(225C) Eligibility requirements. A child shall be eligible for the family support subsidy program if funds are available and all of the following requirements are met:

184.2(1) The child meets the definition of family member.

184.2(2) Rescinded IAB 6/27/90, effective 7/1/90.

184.2(3) The child is currently residing in the applicant’s home, or there is a discharge plan for the child to return home in the next 60 calendar days.

184.2(4) The family resides in the state of Iowa.

184.2(5) The family’s net taxable income for the calendar year immediately preceding the date of application did not exceed \$40,000 unless it can be verified that their estimated taxable income for the year in which the application is made will be less than \$40,000.

184.2(6) The applicant agrees that, if the child receives Medicaid, the subsidy shall only be used for the cost of services that are not covered by Medicaid. This subsidy is intended to complement but not supplant public assistance or social service benefits that are based on economic need and are available to the family through governmental programs or other means.

184.2(7) Exclusions. Unless a family requests and receives approval from the department for an exception to policy according to rule 441—1.8(17A,217), a family is not eligible to receive the family support subsidy if any of the following are applicable to the family or the family member for whom the application is submitted:

a. The family member is a special needs child who was adopted by the family, and the family is receiving financial assistance under Iowa Code section 600.17.

b. Medicaid home- and community-based waiver services are provided for the family member, and the family lives in a county in which comprehensive family support program services are available.

c. Medicaid home- and community-based waiver services are available to the family member under a consumer choices option.

441—184.3(225C) Application process. Applications for the family support subsidy program may be obtained at the local office of the department in the county in which the family resides. Arrangements shall be made through the local office for the parent or legal guardian to meet with a trained volunteer or staff person to respond to questions.

184.3(1) A parent or legal guardian who wishes to apply shall complete Form 470-2526, Application for Family Support Subsidy, and provide the following verification for each family member for whom application is being made:

a. Verification of the family's net taxable income for the previous calendar year, or estimated income for the current year.

b. Verification of educational or health care needs.

(1) If the child has undergone an educational evaluation and by educational determination has a moderate, severe, or profound educational handicap or special health care needs, either the child's school principal, local superintendent of schools or the director of special education for the area education association, or any person so designated by the above individuals, shall complete the educational sign-off portion of Form 470-2526, Application for Family Support Subsidy.

(2) If the child has not undergone an educational evaluation and, therefore, the parents or guardians are unable to obtain signatures on the educational sign-off portion of Form 470-2526, then the medical sign-off portion of Form 470-2526 shall be utilized. When using the medical sign-off portion of Form 470-2526, the doctor completing the form shall be familiar with the child and the definition of developmental disability as defined in the federal Developmental Disabilities Act, Section 102(5), as codified in 42 U.S.C. 6001(5), which is contained on the form itself. In addition, the doctor shall be a doctor of medicine (M.D.) or a doctor of osteopathic medicine and surgery (D.O.) and licensed to practice in the doctor's state of residence.

(3) The application shall identify the age at which the family member's eligibility shall end. The age identified is subject to approval by the department.

184.3(2) The date of application is the date that Form 470-2526 and all verifications specified in subrule 184.3(1) are received in the local office of the department. Application materials shall be processed in the office within two working days of receipt. Obtaining verifications is the responsibility of the applicant.

184.3(3) A determination of eligibility shall be made within 15 working days after the completed application and required verification are received by the department.

184.3(4) After funds appropriated for this purpose are obligated, pending applications will be denied.

a. A denial shall require a notice of decision to be mailed within ten calendar days following the determination that funds have been obligated. The notice shall state that the applicant meets eligibility requirements but no funds are available and that the applicant will be placed on the waiting list, or that the applicant does not meet eligibility requirements.

b. Applicants not awarded funding who meet the eligibility requirements will be placed on a statewide waiting list according to the order in which the completed applications and verification were received by the local office. In the event that more than one application is received at one time, families shall be entered on the waiting list on the basis of the day of the month of the child's birthday, the lowest number being first on the waiting list. Any subsequent tie shall be decided by the month of birth, January being month one and the lowest number.

441—184.4(225C) Family support services plan.

184.4(1) The special needs of the child and the family for the subsidy, and the resources available to meet those needs shall be identified on the application form.

184.4(2) The applicant shall agree that the subsidy will be used to meet the special needs identified in the plan or other special needs of the child and family.

184.4(3) Families shall retain the greatest possible flexibility in determining use of the subsidy, except a parent or legal guardian who receives family investment program benefits shall not use the subsidy to meet the basic needs of the family as defined in 441—subrule 41.28(2) or the special needs

as defined in 441—subrule 41.28(3). In addition, if the child receives Medicaid, the subsidy shall only be used for the cost of services which are not covered by Medicaid.

441—184.5(225C) Approval. Rescinded IAB 6/27/90, effective 7/1/90. Subrule 184.5(3) transferred to 184.3(4).

441—184.6(225C) Amount of subsidy payment.

184.6(1) Monthly payment. Families approved for payment shall receive an ongoing monthly payment that is determined by dividing the amount appropriated by the legislature by the number of available subsidy slots designated by the legislature for each state fiscal year. The number of slots and amount requested by the department shall be determined after consultation with the comprehensive family support council.

184.6(2) Advance payment. In addition, a one-time lump-sum advance payment of twice the monthly amount may be paid to the parent or legal guardian whose family member will be returning home for the purpose of preparing for in-home care.

184.6(3) Effective date. An approved subsidy shall be payable as of the first of the month following approval. A notice of decision stating that the application is approved shall be sent within two working days of the approval. The notice shall state the date payments will begin, the amount of monthly payments, and, if different, the amount of the first payment.

441—184.7(225C) Redetermination of eligibility.

184.7(1) The department shall send an application packet, which shall include instructions and necessary forms for verification of continuing eligibility, to all recipients of subsidy payments at least 30 calendar days prior to the deadline date for annual redetermination of eligibility. The completed Form 470-2526, Application for Family Support Subsidy, and required verification materials shall be submitted annually to the Department of Human Services, Division of MH/MR/DD, Hoover State Office Building, Des Moines, Iowa 50319-0114. If the signed application and verification of continuing eligibility are not received by the division by the last working day of the renewal month, the family's subsidy shall be terminated.

184.7(2) When funding allows additional individuals to be added to the subsidy program, they shall be taken from the statewide waiting list, and their eligibility shall be redetermined at that time. An application packet, which includes instructions and necessary forms for verification of continuing eligibility, shall be sent to these families for completion and returned to the Department of Human Services, Division of MH/MR/DD, Hoover State Office Building, Des Moines, Iowa 50319-0114, within timelines specified by the department. If the signed application and verification of continuing eligibility are not received by the timeline specified by the department, the family's name shall be dropped from consideration for receipt of the subsidy payments.

441—184.8(225C) Termination of subsidy payments.

184.8(1) The family support subsidy shall terminate at the end of the month in which any of the following occur and a notice shall be sent which states the reason for the termination:

- a. The family member dies.
- b. The family no longer meets one or more of the eligibility criteria outlined in rule 441—184.2(225C).
- c. The parent or legal guardian has failed to provide information required for redetermination of eligibility as outlined in rule 441—184.7(225C).
- d. No funds appropriated for this purpose are available.

184.8(2) The parent or legal guardian is required to report to the local office within ten working days any changes which may affect eligibility. Failure to do so may result in responsibility for repayment of funds and termination of the subsidy.

184.8(3) If funds are not sufficient to cover payments for all persons on the subsidy, persons will be terminated from the subsidy in inverse order to the dates they began receiving payments, i.e., the last

person to be added on to the subsidy being the first person to be removed. The person terminated will move back to the waiting list with the person's original application date dictating the person's position as stated in subrule 184.3(4). The division of MH/MR/DD is responsible for notifying the persons who will be removed from the subsidy for this reason.

441—184.9(225C) Appeals. The parent or legal guardian of the child may appeal a denial of an application or termination of the subsidy payment pursuant to 441—Chapter 7. **EXCEPTION:** When the parent or guardian appeals the termination of benefits for a child who has attained the age of 18 or who will attain the age of 18 during the appeal, subsidy payments shall not be paid during the appeal after the child has turned 18. If there is a final decision in favor of the parent or legal guardian, subsidy payments shall be made consistent with the ruling.

These rules are intended to implement Iowa Code sections 225C.35 to 225C.42.

441—184.10 to 184.20 Reserved.

DIVISION II
COMPREHENSIVE FAMILY SUPPORT PROGRAM

PREAMBLE

The purpose of this division is to define and structure the comprehensive family support program, known as “children at home.” This program is designed to assist families raising a child with a disability in obtaining needed services and supports. This program provides families with assistance in locating resources and with funding when other sources of support are not available. It is the intent of the legislature that families maintain control over decision making regarding what is best for their children. Services and support provided under the children at home program shall not be used to supplant other services and supports available to the family of an individual with disabilities but shall be used to meet family needs that would not be met without the program.

441—184.21(225C) Definitions.

“*Comprehensive family support*” means the array of services and supports that assist families who are caring for a family member with a disability. Services and supports include, but are not limited to, programs, services, parent-to-parent support, assistive devices, and various adaptations that allow children with disabilities to participate more fully in family and community life.

“*Family*” means a group of interdependent persons living in the same household. A family may consist of an individual with a disability and any of the following:

1. The individual's parent.
2. The individual's sibling.
3. The individual's grandparent, aunt, or uncle.
4. The individual's legal custodian.
5. A person who is providing short-term foster care to the individual subject to a case permanency plan that provides for reunification between the individual and the individual's parent.

“*Family*” does not include a person who is employed to provide services to an individual with a disability in an out-of-home setting, including but not limited to a hospital, nursing facility, personal care home, board and care home, group foster care home, or other institutional setting.

“*Individual with a disability*” means a person who is less than 22 years of age and meets the definition of developmental disability in 42 U.S.C. § 6001.

“*Services and support*” means services or other assistance intended to enable an individual with a disability to control the individual's environment, to remain living with the individual's family, to function more independently, and to integrate into the individual's community. Services and support may include, but are not limited to, funding for:

1. Purchase of equipment, respite care, supplies, or assistive technology; and
2. Payment of other costs attributable to the individual's disability that are identified by the individual's family.

441—184.22(225C) Eligibility. Eligibility for the children at home program is limited to families who meet all the following conditions:

184.22(1) The family resides in the state of Iowa.

184.22(2) The family includes an individual with a disability.

184.22(3) The family expresses an intent for the individual with a disability to remain living in the family's home.

184.22(4) The family's net taxable income in the most recently completed tax year is less than \$60,000.

441—184.23(225C) Application. A family may apply to the department or to a local children at home contractor for assistance using Form 470-4399, Application for Children at Home Services. The local children at home contractor shall determine eligibility for services in accordance with the provisions of this division.

441—184.24(225C) Contractor selection and duties. Whenever possible, the department shall contract with local agencies to implement the children at home program.

184.24(1) Selection. Contractors shall be selected through competitive bidding and a demonstrated ability to provide disability-related services and supports.

184.24(2) Duties. The local children at home contractor shall agree to perform the following activities:

a. Provide a single entry point for applicants to learn about and connect with a variety of needed services and supports.

b. Assist families in identifying and applying for services they believe will help meet the needs of their family.

c. Develop and disseminate a brochure describing the services available.

d. Provide services and support in a timely manner.

e. Inform families of emergency access to needed services and support, as needed.

f. Survey parents annually to determine how the program is helping parents meet the needs of individuals with disabilities and include the survey results in the annual report to the department.

g. Submit quarterly and annual reports to the department. The reports shall contain:

(1) A summary of the number of applications and services provided;

(2) An unduplicated count of children and families served; and

(3) Any other items listed in the contract with the department.

441—184.25(225C) Direct assistance. Each local children at home contractor shall, with the advice and assistance of the parent advisory council described in rule 441—184.27(225C), develop procedures for providing direct financial assistance for supports and services that cannot be funded through other programs or means. Local policies shall be submitted to and approved by the department.

441—184.26(225C) Appeals. A process is available to appeal the department's or the local children at home contractor's decisions involving families that apply for the children at home program and are denied services and support under the program. Families, contractors, and the department shall follow the appeal procedures outlined in 441—Chapter 7.

441—184.27(225C) Parent advisory council. Each local children at home contractor shall establish a local advisory council of at least five members to advise the children at home program coordinator in developing local policies and procedures.

184.27(1) *Membership.* A majority of the advisory council members shall be parents of an individual with a disability. Other members shall be recruited from agencies and organizations that have expertise in serving families and children with special needs.

184.27(2) *Role.* The role of the council is to ensure that the views and best interests of individuals with disabilities and their families are represented in the policy discussions with the program coordinator. Council members may attend meetings of the comprehensive family support council established in Iowa Code section 225C.48 as amended by 2006 Iowa Acts, Senate File 2217, section 22. Final decisions regarding funding of specific requests are the responsibility of the contracting agency that is responsible for the children at home program.

These rules are intended to implement Iowa Code section 225C.47 as amended by 2006 Iowa Acts, Senate File 2217, division VI.

[Filed 11/12/08, Notice 8/27/08—published 12/3/08, effective 2/1/09]

CHAPTER 185
REHABILITATIVE TREATMENT SERVICES
Rescinded IAB 5/6/09, effective 7/1/09

CHAPTER 186
COMMUNITY CARE

PREAMBLE

These rules define and structure community care services. Services are provided through a single statewide performance-based contract for the development and delivery of community care in all rural and urban areas of the state.

441—186.1(234) Definitions.

“*Assessment*” means the process by which the department responds to all accepted reports of alleged child abuse. An “assessment” addresses child safety, family functioning, culturally competent practice, and identifies the family strengths and needs, and engages the family in services if needed. The department’s assessment process occurs either through a child abuse assessment or a family assessment.

“*At risk*” means that potential exists within the family for some level of child abuse or neglect.

“*Child*” means a person who is under 18 years of age.

“*Child abuse assessment*” means an assessment process by which the department responds to all accepted reports of child abuse which allege child abuse as defined in Iowa Code section 232.68(2) “a”(1) through (3) and (5) through (10); or which allege child abuse as defined in Iowa Code section 232.68(2) “a”(4) that also allege imminent danger, death, or injury to a child. A “child abuse assessment” results in a disposition and a determination of whether a case meets the definition of child abuse and a determination of whether criteria for placement on the central abuse registry are met.

“*Community care*” means child- and family-focused services and supports provided to families referred from the department. Services shall be geared toward keeping the children in the family safe from abuse and neglect; keeping the family intact; preventing the need for further intervention by the department, including removal of the child from the home; and building ongoing linkages to community-based resources that improve the safety, health, stability, and well-being of families served.

“*Confirmed*” means the department has determined that a preponderance of credible evidence (greater than 50 percent) indicates that child abuse has occurred.

“*Department*” means the Iowa department of human services.

“*Family*” means the persons comprising the household where the alleged victim of child abuse resides.

“*Founded*” means the department has determined that a preponderance of credible evidence (greater than 50 percent) indicates that child abuse occurred and the circumstances meet the criteria for placement on the central abuse registry.

“*Not confirmed*” or “*unconfirmed*” means the department has determined that there is not a preponderance of credible evidence (greater than 50 percent) indicating that child abuse has occurred.

[ARC 1156C, IAB 10/30/13, effective 1/1/14]

441—186.2(234) Eligibility. A family’s eligibility for community care is established by department referral to the community care contractor.

186.2(1) Referral indicated. The department will refer a family for community care when the following conditions exist:

a. A child abuse assessment has identified a need for community care and the child abuse assessment findings are one of the following:

(1) Abuse is not confirmed, but the child is believed to be at moderate to high risk of future abuse or neglect; or

(2) Abuse is confirmed but not founded, and the child is believed to be at moderate risk of future abuse or neglect.

b. A family assessment has identified a need for community care, and the child is believed to be at moderate to high risk of future abuse or neglect.

c. The family has voluntarily agreed to be referred to community care.

186.2(2) Referral not indicated. The department will not refer a family for community care when:

a. A child has been adjudicated a child in need of assistance or a child in need of assistance petition was filed or is pending. Court orders are not used as a mechanism for families to receive community care.

b. Any child in the household has an open child welfare service case with the department.

c. The abuse occurred in an out-of-home setting.

[ARC 1156C, IAB 10/30/13, effective 1/1/14]

441—186.3(234) Services provided. The department has a single contract for development and delivery of community care in all rural and urban areas of the state. The contractor shall meet the following expectations, either directly, through subcontract, or through a provider network or consortium.

186.3(1) The community care contractor shall serve families at risk of child abuse or neglect referred through the contract, including families from a wide range of cultural, racial, and ethnic groups and those with limited English proficiency.

186.3(2) The community care contractor shall assess individual child needs, family functioning, and potential child and family risk factors.

186.3(3) The community care contractor shall respond to the needs of community care families in crisis.

186.3(4) The community care contractor shall connect families to a wide range of community resources and services that are responsive to the families' presenting needs at the time of referral, in keeping with community standards of care and evidence-based research.

186.3(5) The community care contractor shall connect families to community resources and services that are responsive to the identified needs of the family.

186.3(6) The community care contractor shall have a service referral network that is readily accessible, available, and convenient to families in all areas served by the contract.

186.3(7) The community care contractor shall provide ongoing assessment of the services provided.

186.3(8) The community care contractor shall ensure coordination of referrals from the department's offices statewide.

186.3(9) The community care contractor shall monitor and document service utilization.

186.3(10) The community care contractor shall achieve minimum performance targets as specified in the contract.

441—186.4(234) Appeals. A person or family may appeal the decisions of a community care contractor only after exhausting the contractor's dispute resolution process, as outlined in the contract with the department for provision of community care. If it is verified that the contractor's dispute resolution process has been exhausted, a person or family who wants to appeal the decisions of a community care contractor may do so under the provisions of 441—Chapter 7.

These rules are intended to implement Iowa Code section 234.6 and 2003 Iowa Acts, chapter 178, section 44.

[Filed emergency 2/10/05 after Notice 12/22/04—published 3/2/05, effective 3/1/05]

[Filed ARC 1156C (Notice ARC 0915C, IAB 8/7/13), IAB 10/30/13, effective 1/1/14]

CHAPTER 187
AFTERCARE SERVICES PROGRAM

PREAMBLE

These rules define and structure the aftercare services program, which assists youth leaving foster care, the Iowa state training school, or a court-ordered Iowa juvenile detention center in their successful transition to adulthood. The aftercare services program, including the preparation for adult living (PAL) program component, helps youth formerly in foster care, the Iowa state training school, or a court-ordered Iowa juvenile detention center to continue preparing for the challenges and opportunities presented by adulthood while receiving services and supports. The program also offers financial benefits to eligible youth up to the age of 21. All services and supports are voluntary.

DIVISION I
AFTERCARE SERVICES

441—187.1(234) Purpose. The purpose of the aftercare services program is to provide services and supports to youth aged 18, 19 or 20 who were formerly in foster care, the Iowa state training school, or a court-ordered Iowa juvenile detention center. The primary goal of the program is for participants to achieve self-sufficiency and to recognize and accept their personal responsibility for the transition from adolescence to adulthood.

[ARC 1894C, IAB 3/4/15, effective 5/1/15]

441—187.2(234) Aftercare services program eligibility requirements. To be eligible for aftercare services, a youth must meet the following requirements:

187.2(1) Residence. The youth must be a resident of Iowa.

187.2(2) Age. The youth must be at least 18 years of age but less than 21 years of age.

187.2(3) Out-of-home placement experience.

a. The youth must:

(1) Leave foster care, the Iowa state training school, or a court-ordered Iowa juvenile detention center:

1. On or after the youth's eighteenth birthday; or

2. Between the ages of 17½ and 18 after being in any combination of foster care, the Iowa state training school, or a court-ordered detention center in at least 6 of the last 12 months before the youth left placement; or

(2) Have been adopted from foster care on or after the youth's sixteenth birthday; or

(3) Have entered a subsidized guardianship arrangement from foster care on or after the youth's sixteenth birthday.

b. For purposes of this division, "foster care" is defined as 24-hour substitute care for a child who is placed away from the child's parents or guardians and for whom the department or juvenile court services has placement and care responsibility through either court order or voluntary agreement.

c. A placement may meet the definition of foster care regardless of whether:

(1) The placement is licensed and the state or a local agency makes payments for the child's care;

(2) Adoption subsidy payments are being made before the finalization of adoption; or

(3) There is federal matching of any payments made.

d. Foster care may include, but is not limited to, placement in:

(1) A foster family home; or

(2) A foster care group home; or

(3) An emergency shelter; or

(4) A preadoptive home; or

(5) The home of a relative or suitable person; or

(6) A psychiatric medical institution for children (PMIC).

187.2(4) Responsibility. The youth must:

- a. Actively take part in developing and participating in a self-sufficiency plan; and
- b. Indicate recognition and acceptance of personal responsibility in the transition toward self-sufficiency.

[ARC 8717B, IAB 5/5/10, effective 7/1/10; ARC 1894C, IAB 3/4/15, effective 5/1/15]

441—187.3(234) Services and supports provided. The aftercare services program shall provide the following services and supports to eligible youth:

187.3(1) Individual self-sufficiency plan. Each youth shall have an individual self-sufficiency plan based on an assessment of the youth's strengths and needs. The plan shall identify:

- a. The youth's goals for achieving self-sufficiency;
- b. The target date for reaching the goals; and
- c. The tasks, responsible parties, time frames, and desired outcomes needed to reach the goals.

187.3(2) Case management. Case management activities shall include, but not be limited to, all of the following:

a. Connection to community involvement services to enable the youth to access community resources.

b. Assistance in development and maintenance of healthy support systems, including services to assist the youth in establishing or reestablishing relationships with significant adults.

c. Services, supports, and life skills training, which shall be provided as defined in the youth's self-sufficiency plan and according to the youth's needs. Services shall be offered at a location convenient for the youth. Life skills training shall include but not be limited to the youth's establishing and maintaining safe and stable housing; education goals; employment goals; health and health care coverage; and healthy relationships.

d. Additional case management activities necessary for youth participating in the preparation for adult living (PAL) program component as outlined in rules 441—187.10(234) through 441—187.15(234) below.

e. Follow-up. The case manager shall maintain individual face-to-face contact with the youth at the frequency defined in the youth's self-sufficiency plan and according to the youth's changing needs. If a youth is a resident of Iowa but attending a postsecondary education program in another state, the program administrator or designee shall approve an alternative method for maintaining contact with the youth if and when it is a hardship for the youth to physically be in Iowa.

f. Ongoing assessment. Ongoing assessment activities shall be directed toward the coordination and evaluation of the services, supports, and life skills training being provided to assist the youth in reaching self-sufficiency goals and to determine if and what progress is being made. The case manager shall amend any goals, outcomes, tasks, responsible parties, and time frames in the plan along with services, supports, and life skills training provided as necessary to assist the youth in achieving self-sufficiency.

187.3(3) Vendor payments. The program shall make vendor payments to meet direct expenses of the participant that are necessary in order to meet goals of the participant's self-sufficiency plan.

a. *Need.* To receive a vendor payment, the youth must demonstrate that there are no other means to meet these needs. Youth receiving a PAL stipend are not eligible for a vendor payment.

b. *Scope.* Vendor payments may include but are not limited to:

- (1) Health care-related expenses;
- (2) Transportation assistance;
- (3) Costs related to employment and education;
- (4) Clothing; and
- (5) Room and board.

c. *Maximum payment.* The amount available for a 12-month period of service shall not exceed \$1200 per youth.

[ARC 1894C, IAB 3/4/15, effective 5/1/15]

441—187.4(234) Termination. Aftercare services and supports shall be terminated when any of the following conditions apply:

187.4(1) The youth fails to follow self-sufficiency plan components and expectations as determined by the program administrator.

187.4(2) The youth voluntarily withdraws from the aftercare services program.

187.4(3) The youth is no longer a resident of Iowa.

187.4(4) The youth reaches 21 years of age.

187.4(5) There are insufficient funds to continue the services.

[ARC 1894C, IAB 3/4/15, effective 5/1/15]

441—187.5(234) Waiting list. The program administrator or designee shall create a waiting list when all funds for the aftercare services program are committed for the fiscal year. Names shall be entered on the waiting list on a first-come, first-served basis once the youth is determined eligible.

[ARC 1894C, IAB 3/4/15, effective 5/1/15]

441—187.6(234) Administration. The department may contract with another state agency or a private organization to perform the administrative and case management functions necessary to administer the aftercare services program. Agencies and organizations providing services or supports shall meet the standards in rules 441—108.2(238) through 441—108.6(238).

[ARC 1894C, IAB 3/4/15, effective 5/1/15]

441—187.7 to 187.9 Reserved.

These rules are intended to implement Iowa Code section 234.46 and Public Law 106-169, the Foster Care Independence Act of 1999.

DIVISION II
PREPARATION FOR ADULT LIVING (PAL) PROGRAM COMPONENT

441—187.10(234) Purpose. The purpose of the PAL program component is to provide financial support to youth who are eligible for the aftercare services program. Youth receiving a PAL stipend are not eligible to receive aftercare services program vendor payments as specified in subrule 187.3(3).

[ARC 1894C, IAB 3/4/15, effective 5/1/15]

441—187.11(234) PAL program component eligibility requirements. A monthly stipend may be provided to a youth who meets the aftercare services program eligibility requirements in Division I of this chapter and the criteria in subrule 187.11(1) or 187.11(2).

187.11(1) Foster care experience. The youth:

a. Was in foster care paid for by the state under Iowa Code section 234.35 on the youth's eighteenth birthday; and

b. Exited foster care after having been in any combination of foster care, the Iowa state training school, or a court-ordered Iowa juvenile detention center in at least 6 of the last 12 months before the youth left placement; and

c. Is ineligible for voluntary foster care placement under 441—Chapter 202.

187.11(2) Iowa state training school or Iowa court-ordered juvenile detention center experience. The youth:

a. Was in the Iowa state training school or a court-ordered Iowa juvenile detention center on the youth's eighteenth birthday; and

b. Exited the Iowa state training school or a court-ordered Iowa juvenile detention center after May 1, 2014; and

c. Exited the state training school or a court-ordered Iowa juvenile detention center after having been in any combination of foster care, the Iowa state training school, or a court-ordered Iowa juvenile detention center in at least 6 of the last 12 months before the youth left placement.

187.11(3) Living arrangement. The youth must have a living arrangement other than a parent's home, which may include a former foster family, an apartment, a college dormitory, or another approved arrangement. The program administrator or designee is responsible for approving the living arrangement.

187.11(4) Activity. The youth must meet one or more of the following criteria:

- a. Be enrolled in or actively pursuing enrollment in a postsecondary education or training program or work training;
- b. Be employed for 80 hours per month or be actively seeking that level of employment; or
- c. Be attending an accredited school full-time pursuing a course of study leading to a high school diploma; or
- d. Be attending an instructional program leading to a high school equivalency diploma.

187.11(5) Financial need. Initial and ongoing eligibility shall be based on the youth's income and need as determined according to rule 441—187.12(234).

[ARC 8717B, IAB 5/5/10, effective 7/1/10; ARC 1894C, IAB 3/4/15, effective 5/1/15]

441—187.12(234) Payment. The program administrator or designee shall issue payment to each participant according to the following guidelines:

187.12(1) Need. The amount of the PAL stipend shall be based on the needs of the youth as documented in the youth's self-sufficiency plan. Eligibility and the stipend amount shall be based on the best estimate of the youth's income, as determined at least quarterly.

a. All earned and unearned income received by the youth during the 30 days before the determination shall be used to project future income.

(1) If the 30-day period is not indicative of future income, income from a longer period or verification of anticipated income from the income source may be used to project future income.

(2) Nonrecurring lump-sum payments are excluded as income. Nonrecurring lump-sum payments include but are not limited to one-time payments received for such things as income tax refunds, rebates, credits, refunds of security deposits on rental property or utilities, and retroactive payments for past months' benefits such as social security, unemployment insurance, or public assistance.

b. The youth shall timely report the beginning or ending of earned or unearned income. A report shall be considered timely when made within ten days from the receipt of income or the date income ended.

c. When the youth timely reports a change in income, prospective eligibility and stipend amount for the following month shall be determined based on the change.

d. Recoupment shall be made for any overpayment due to failure to timely report a change in income or for benefits paid during an administrative appeal if the department's action is ultimately upheld. Recoupment shall be done through a reasonable reduction of any future stipends.

e. Recoupment shall not be made when a youth timely reports a change in income and the change is timely acted upon, but the timely notice policy in rule 441—7.7(17A) requires that the action be delayed until the second calendar month following the month of change.

187.12(2) Amount of monthly stipend. The maximum monthly stipend shall be \$602.70.

a. The stipend shall be prorated based on the date of entry.

b. Effect of income.

(1) When the monthly unearned income of the youth exceeds the maximum monthly stipend, the youth is not eligible for a stipend.

(2) When the net earnings of the youth exceed the maximum monthly stipend, the stipend shall be reduced the following month by 50 cents for every dollar earned over the maximum monthly stipend.

187.12(3) Payee. The PAL stipend may be paid to the youth, the foster family, or another payee other than a department employee. The payee shall be agreed upon by the parties involved and specified in the self-sufficiency plan under 187.3(1).

187.12(4) Start-up allowance. When a youth is approved for the PAL program component, the program administrator or designee may authorize a start-up allowance in addition to the monthly stipend. The start-up allowance:

a. Is intended to assist in covering the initial costs of establishing the youth's living arrangement, such as rental and utility deposits, purchase of food, and purchase of necessary household items.

b. Shall be based on the youth's income and need as determined according to subrule 187.12(1).

c. Shall not exceed the maximum monthly stipend amount.

[ARC 8451B, IAB 1/13/10, effective 1/1/10; ARC 8653B, IAB 4/7/10, effective 5/12/10; ARC 8717B, IAB 5/5/10, effective 7/1/10; ARC 0851C, IAB 7/24/13, effective 7/1/13; ARC 1064C, IAB 10/2/13, effective 11/6/13; ARC 1894C, IAB 3/4/15, effective 5/1/15]

441—187.13(234) Termination of stipend. The PAL stipend shall be terminated according to rule 441—187.4(234) in addition to when any of the following conditions apply:

187.13(1) The youth fails to meet work or education eligibility requirements for 30 consecutive days without good cause as determined by the program administrator or designee.

187.13(2) The youth fails to maintain satisfactory progress as defined by the education or training program in which the youth is enrolled. A youth who is not making satisfactory progress may stay in the PAL program component by choosing the work option.

187.13(3) The youth chooses to live in a nonapproved living arrangement.

187.13(4) The youth's budget demonstrates lack of need for the PAL stipend.

187.13(5) The youth voluntarily withdraws from the PAL program component.

187.13(6) The youth misrepresents income. A PAL stipend shall not be reinstated for at least 30 days if the stipend was terminated due to the youth's misrepresentation of income.

187.13(7) There are insufficient funds to continue the stipend.

[ARC 1894C, IAB 3/4/15, effective 5/1/15]

441—187.14(234) Waiting list. The program administrator or designee shall create a waiting list when all funds for the PAL program component are committed for the fiscal year. Names shall be entered on the waiting list on a first-come, first-served basis once the youth is determined eligible.

[ARC 1894C, IAB 3/4/15, effective 5/1/15]

441—187.15(234) Administration. The department may contract with another state agency or a private organization to perform the administrative and case management functions necessary to administer the PAL program component. Agencies providing support or services shall meet the standards in rules 441—108.2(238) through 441—108.6(238).

[ARC 1894C, IAB 3/4/15, effective 5/1/15]

These rules are intended to implement Iowa Code section 234.46.

ADOPTION SERVICES

[Prior to 7/1/83, Social Services[770] Ch 139]
[Previously appeared as Ch 139—renumbered IAB 2/29/84]
[Prior to 2/11/87, Human Services[498]]

PREAMBLE

These rules define and structure the adoption services to be provided to birth families, children legally available for adoption, prospective adoptive families and adoptive families. These rules also establish policy regarding requests for access to sealed records.

441—200.1(600) Definitions.

“Adoption” means a legal and social process through which a child becomes a member of a family into which the child was not born. Adoption provides the child the same rights, privileges and duties as a birth child.

“Adoption service” means a service directed towards children who are legally available for adoption, the birth family, prospective adoptive family and adoptive family.

“Adoption work experience” means supervised employment in adoption services, which includes direct provision of adoption services, development of adoption policies, provision of training related to adoption services, oversight and review of adoption documents and activities, and direct supervision of adoption workers. Only the percent of time related to provision of adoption services shall be considered as adoption work experience when job duties involve activities other than adoption services.

“Adoptive family” means an approved person or persons who have a child placed in their home and are being supervised prior to finalizing the adoption; or who have a child in their home who is legally adopted and entitled to the same benefits as a child born into the family.

“Adoptive home study” includes an assessment of the family’s parental attributes and a written report stating approval or nonapproval of the family for adoptive placement of a child or children.

“Certified adoption investigator” means a person as defined at rule 441—107.2(600).

“Child study or social history” includes a written description of the child including strengths and needs; medical, mental, social, educational, placement and court history; a description of the child’s relationships with the birth family, foster family, and significant others; a summary of the child’s understanding and feeling about adoption and recommendations as to the type of family that can best meet the child’s needs.

“Court-ordered studies” means home studies ordered by a judge for the purpose of determining custody of a child or placement of a child for the purpose of adoption.

“Department” means the department of human services.

“Family safety, risk, and permanency service” means a service provided under 441—Chapter 172 that uses strategies and interventions designed to achieve safety and permanency for a child with an open department child welfare case, regardless of the setting in which the child resides.

“Foster family adoption” means the adoption of a child by a licensed foster family who has cared for the child.

“Guardianship record” means a case record regarding a child, established and retained by the department, when the department is named guardian of the child by court order. The purpose of the guardianship record is to collect and maintain information about the child and the birth family, legal documents, and other information that will assist in fulfilling the responsibility of guardian.

“Life book” means a compilation of information about the child, including birth information, photographs of the child; placement history, including dates of placement, names of caretakers, reasons for leaving the placement; relationships; school reports; social, medical, mental health developmental

history; awards received, important events, letters from significant persons, and other information that the child wishes to include. The life book will assist the child in dealing with separation and loss issues and provide background and genealogy data.

“Mental health professional” means a psychiatrist, psychologist, social worker, psychiatric nurse or mental health counselor who holds a current license as required by law.

“Placement services” includes the activities and travel necessary to place the child in the adoptive family.

“Postadoption services” includes those services that an adoptive family may access after the adoption is finalized to assist the family in coping with and resolving problems within the family.

“Postplacement services” includes the supervision, support and intervention necessary prior to finalization to assist in maintaining the adoptive placement.

“Preadoptive family” means an approved adoptive family with a child placed in the home for adoption whose adoption has not been finalized.

“Preparation of child” includes activities necessary to ready the child for placement into an adoptive family.

“Preparation of family” includes the activities necessary to assist the family in adding an adoptive child as a new member of their family.

“Preplacement visits” means contacts, activities, and visits between the child and adoptive family prior to the adoptive placement.

“Procedendo” means an order issued by the supreme court returning jurisdiction to the district court after a final appellate decision regarding an appeal.

“Recruitment and retention contractor” means the entity that contracts with the department statewide to recruit foster and adoptive parents, complete home studies, and perform activities to support and encourage retention of foster and adoptive parents, or any of its subcontractors.

“Relative within the fourth degree of consanguinity” means an adult who is related to a child as follows:

1. The child’s parent, brother, or sister (first degree);
2. The child’s grandparent, aunt, uncle, niece, nephew, or first cousin (second degree);
3. The child’s great grandparent, great aunt, great uncle, great niece, great nephew, first cousin once removed, or second cousin (third degree); or
4. The child’s great-great grandparent, great-grand aunt, great-grand uncle, great-grand niece, great-grand nephew, first cousin twice removed, second cousin once removed, or third cousin (fourth degree).

“Release of custody services” includes providing information regarding options to assist the parents in making permanent plans for their child and counseling regarding personal and emotional issues as described in 441—subrule 108.9(2).

“Selection of family” means reviewing approved home studies to match a family’s strengths with a specific child’s needs.

“Special needs child” means a child who meets one or more of the criteria set forth at 441—subrule 201.3(1).

[ARC 8010B, IAB 7/29/09, effective 10/1/09; ARC 1754C, IAB 12/10/14, effective 2/1/15]

441—200.2(600) Release of custody services. This rule applies to all terminations filed under Iowa Code chapter 600A. The parents shall be offered a minimum of three hours of counseling by a person authorized to provide counseling in accordance with 441—paragraph 108.9(2)“f.”

[ARC 8010B, IAB 7/29/09, effective 10/1/09; ARC 1754C, IAB 12/10/14, effective 2/1/15]

441—200.3(600) Application. Persons wishing to apply to adopt a child through the department shall complete an Application for Adoption form. An application for adoption shall only be accepted for children who are under the guardianship of the department.

200.3(1) Limitations. The department and its recruitment and retention contractor shall accept only applications for adoption of a special needs child. Applications for adoption of a child without special needs shall be referred to private child-placing agencies. Exceptions to this rule may be made for:

- a. Relatives of a child under the guardianship of the department; or
- b. Foster parents with whom the child has a significant relationship.

200.3(2) Procedures. An application for adoption of a special needs child shall be accepted by any department office or by the department's recruitment and retention contractor. Before a home study is completed, applicants shall:

- a. Complete the Application for Adoption form, and
- b. Ensure that the Physician's Report for Foster and Adoptive Parents form is completed by the applicant's family physician.

[ARC 8010B, IAB 7/29/09, effective 10/1/09; ARC 1754C, IAB 12/10/14, effective 2/1/15]

441—200.4(600) Adoption services. Adoption services shall include: adoptive home study, preparation of child, selection of family, preparation of family, preplacement visits, placement services, and postplacement services.

200.4(1) Adoptive home study. For applicants who apply to the department to adopt, the recruitment and retention contractor shall prepare an adoptive home study through the following activities:

a. *Family assessment.* The family assessment shall include a minimum of two face-to-face interviews with the applicants and at least one face-to-face interview with each member of the household. At least one of the interviews shall take place at the applicant's home. The assessment of the prospective adoptive family shall include an evaluation of the family's ability to parent a special needs child or children including the following:

- (1) Motivation for adoption and whether the family has biological, adopted or foster children.
- (2) Family's and extended family's attitude toward accepting an adopted child and plans for discussing adoption with the child.
- (3) The attitude toward adoption of other people involved with the family in a significant way.
- (4) Emotional maturity; marital history, including verification of marriages and divorces; assessment of marital relationship; and compatibility of the adoptive parents.
- (5) Ability to cope with problems, stress, frustrations, crises, separation, and loss.
- (6) Medical, mental and emotional conditions that may affect the applicant's ability to parent a child, treatment history, and current status of treatment.
- (7) Willingness to accept a child who has medical problems (such as a child who is at risk for HIV or is HIV positive), intellectual disabilities, or emotional or behavioral problems. Ability to provide for the child's physical, medical and emotional needs and respect the child's ethnic and religious identity.
- (8) Description of biological children and previously adopted children, if any, including their attitudes toward adoption, relationship with others, and school performance.
- (9) Capacity to give and receive affection.
- (10) Statements from three references provided by the family and additional references the worker for the recruitment and retention contractor may wish to contact.
- (11) Attitudes of the adoptive applicants toward the birth parents and the reasons the child is available for adoption.
- (12) Financial information, including the family's ability to provide for a child.
- (13) Disciplinary practices that will be used.
- (14) History of abuse involving family members, including how the abuse was addressed and how that history impacts the applicant's ability to be an adoptive parent.
- (15) Assessment of, commitment to, and capacity to maintain other significant relationships.
- (16) Substance use or abuse by members of the household, treatment history and current status of treatment.
- (17) Recommendations for the number, age, sex, characteristics, and special needs of a child or children the family can best parent.
- (18) The family's ability to anticipate and understand the special needs of an adopted child as the child gets older and how the family will manage those needs.

b. *Record checks.* Record checks are required for each applicant and for anyone who is 14 years of age or older living in the home of the applicant to determine whether any of those persons have

founded child abuse reports or criminal convictions or have been placed on the sex offender registry. The department's contractor for the recruitment and retention of resource families shall assist applicants applying through the department in completing required record checks, including fingerprinting.

(1) The records of the applicants shall be checked:

1. On the Iowa central abuse registry using the Request for Child Abuse Information form;
2. By the Iowa division of criminal investigation, using the DHS Criminal History Record Check Form B;
3. On the Iowa sex offender registry;
4. On the child abuse registry of any state where the applicant has lived during the five years prior to the issuance of the investigative report; and
5. For a national criminal history through fingerprinting or another biometric identification-based process accepted by the federal government.

(2) The records of persons aged 14 or older living in the home of the applicant shall be checked:

1. On the Iowa central abuse registry using the Request for Child Abuse Information form;
2. By the Iowa division of criminal investigation, using the DHS Criminal History Record Check Form B; and

3. On the Iowa sex offender registry.

(3) Out-of-state child abuse checks and national criminal history checks may be completed on any adult living in the home of the applicant if the department has reason to do so.

(4) The department shall not approve a prospective applicant and shall not perform an evaluation if the applicant or anyone living in the home of the applicant has been convicted of a felony offense as set forth in Iowa Code section 600.8(2) "b."

(5) The department shall not approve a prospective applicant and shall not perform an evaluation if the applicant or anyone living in the home of the applicant has committed a crime in a state other than Iowa that would be a forcible felony if the crime would have been committed in Iowa, as set forth in Iowa Code section 600.8(2) "b."

c. Evaluation of record.

(1) If the applicant or anyone living in the home has a record of founded child abuse, a criminal conviction, or placement on the sex offender registry, the applicant shall not be approved to adopt unless an evaluation determines that the abuse or criminal conviction does not warrant prohibition of approval.

(2) The evaluation shall be conducted according to procedures in 441—subrules 113.13(2) and 113.13(3) for applications for adoption through the department or procedures in 441—paragraph 108.9(4) "e" for applications for adoption through a child-placing agency.

d. Written report. The worker for the recruitment and retention contractor shall prepare a written report of the family assessment, known as the adoptive home study, using the PS-MAPP family profile format. The worker for the recruitment and retention contractor shall use the home study to recommend to the department to approve or deny a prospective family as an appropriate placement for a child or children. The worker and supervisor for the recruitment and retention contractor shall date and sign the adoptive home study.

(1) The department shall notify the family of the decision using the Adoption Notice of Decision form.

(2) If the department does not approve the home study, the reasons shall be stated on the notice.

(3) The department shall provide the family a copy of the adoptive home study with the notification of approval or denial.

e. Preplacement assessment and home study update. A preplacement assessment and home study update is required if the adoptive home study was written more than two years previously, in accordance with Iowa Code section 600.8. The preplacement assessment and home study update shall be conducted by completion of the following:

(1) The child abuse and criminal record checks shall be repeated, except for fingerprinting. If there are any founded abuses or convictions of crimes that were not evaluated in the previous home study, they shall be evaluated using the process set forth in paragraph 200.4(1) "c."

(2) One face-to-face visit shall be conducted with the approved adoptive family.

(3) The information in the approved adoptive home study shall be reassessed.

(4) An updated written report of the reassessment and adoptive home study shall be written, dated, signed by the worker and the supervisor for the recruitment and retention contractor, and a copy provided to the adoptive family.

(5) Families who are dually licensed to provide foster family care shall have their adoption approval date align with their foster home licensing date.

f. Procedure for foster parent adoptions. When a licensed foster parent applies for approval as an adoptive home, home study activities that have been completed within the previous year as part of a licensing study pursuant to 441—Chapter 113 need not be repeated.

g. Annual visits to the adoptive family home. The recruitment and retention contractor shall complete a minimum of one visit each year in the homes of families approved to adopt.

(1) The visit shall not be waived.

(2) When a person aged 14 or older moves into the home, the agency shall perform checks on the Iowa central abuse registry, by the division of criminal investigation, and on the sex offender registry. The record check evaluation process shall be completed if the person has a criminal conviction or founded abuse report or is on the sex offender registry.

(3) Findings and observations of the visit shall be documented and provided to the department when the update is submitted.

(4) The department shall be notified within 30 days of any deficiencies noted or other concerns discovered that require corrective action.

200.4(2) Preparation of child. The department worker shall conduct specific activities designed to enable a child to make the transition to an adoptive placement or refer the child to the family safety, risk, and permanency services contractor or other professionals. The activities shall include, but not be limited to:

a. Counseling regarding issues of separation, loss, grief, guilt, anger and adjustment to an adoptive family.

b. Assisting in the preparation or update of a life book.

c. Provision of age-appropriate information regarding community resources available, such as children's support groups, to assist the child in the transition and integration into the adoptive family.

d. Any appropriate evaluations or testing.

e. HIV testing of a child by the University of Iowa Hospitals and Clinics (UIHC) or a local physician when any of the following conditions exist:

(1) The child was, or may have been, sexually abused by a person who participated in high-risk behavior such as sharing of needles with an infected person or sex participation with an infected person.

(2) The child's birth mother participated in high-risk behavior, or is HIV positive.

(3) The child participated in, or has participated in, high-risk behavior.

(4) The child is symptomatic or at high risk of infections.

(5) There is a lack of medical information regarding the birth parents or the child.

200.4(3) Selection of family. The family that can best meet the needs of the adoptive child shall be selected as follows:

a. Before preplacement visits occur, a conference shall be held to select an approved family. A minimum of two department social workers and a department supervisor shall be included in the conference. The child's special needs, characteristics, and anticipated behaviors shall be reviewed in the conference to determine a family that can best meet the needs of the child. Approved families shall also be reviewed in an effort to match the specific family's parenting strengths with a particular child's needs.

b. The following selection criteria shall be observed:

(1) Preference shall be given to placing children from the same birth family together. If placement together is not possible, or is not in the best interest of the children, the reasons shall be identified and documented in each child's case record. Efforts shall be made to ensure continuous contact between siblings when the siblings are not placed together.

(2) Race, color, or national origin may not be routinely considered in placement selections except when an Indian child is being placed pursuant to Iowa Code section 232.7 or Iowa Code chapter 232B. Placement decisions shall be made consistent with the best interests and special needs of the child.

(3) A relative who is within the fourth degree of consanguinity shall be given consideration for selection as the adoptive family for a child who is legally available for adoption if the child has a significant relationship with the relative or the child is aged 14 or older and elects adoption by the relative.

(4) Foster parents shall be given consideration for selection as the adoptive family for a child in the foster parents' care who is legally available for adoption if the child has been in the foster parents' care for six months or longer or the child has a significant relationship with the family.

200.4(4) *Preparation of family.* The recruitment and retention contractor and the department shall conduct activities designed to enhance the family's readiness to accept the child or children into the family and strengthen the family's commitment to adopt. A referral may be made for family safety, risk, and permanency services if needed. The activities shall include, but not be limited to:

a. Completion of at least 30 hours of preservice training and the self-study course, "Universal Precautions in Foster and Adoptive Family Homes," before placement of a child. These training requirements apply to families who are adopting special needs children who are under the guardianship of the department.

(1) Foster parents licensed before December 31, 2002, who have been caring for a foster child in their home for at least six months and who have been selected to adopt that child may have their participation in adoption training waived by the service area manager or designee.

(2) Relatives who have cared for a related child for at least six months and who have been selected to adopt that related child may have their participation in the preservice training waived by the service area manager or designee.

(3) The department may waive the 30-hour preservice training requirement in whole or in part when the department finds that:

1. The applicant has completed relevant training or has a combination of relevant training and experience that is an acceptable equivalent to all or a portion of the required preservice training; or

2. There is good cause for the waiver based upon the circumstances of the child and the applicant.

(4) If the adoptive parents are accepting placement of a child who is at high risk of becoming or is HIV positive, they shall also complete the "Caring for Children With HIV" course.

(5) Applicants must retake the 30-hour preservice training if the adoption approval process is not completed within 24 months after the preservice training is initially completed.

b. Discussion with family members regarding problems resulting from a child's separation, loss, grief, and anger due to the loss of the birth parents.

c. Provision of background information on the child and birth family, including a child study that includes experiences such as foster and adoption placements and other pertinent information and the child's life book.

d. Provision of information regarding the child's special needs and behavior patterns.

e. Provision of a description of the child's medical needs, including whether or not the child is at risk of or is HIV positive.

f. Discussion of the impact that adding a new member or members to the family may have on all current family members.

g. Explanation of the subsidized adoption program.

h. Provision of information regarding the community resources that are available to assist the family, such as parent support groups.

200.4(5) *Preplacement visits.* The department worker shall plan, conduct and assess the transitional visits between the adoptive family and the child or children before the adoptive placement of the child in the home.

200.4(6) *Placement services.* Placement services include the activities necessary to plan and carry out the placement of a child or children into the adoptive family.

Before placement of a child, the Agreement of Placement for Adoption, Form 470-0761, shall be signed by all parties.

200.4(7) Postplacement services. An adoptive family is eligible for postplacement services from the time a child is placed with the family until finalization of the adoption occurs. The department worker shall supervise the placement, provide ongoing support to the child and family, perform crisis intervention, and complete required reports. Assistance with behavioral interventions to strengthen the placement and prevent disruption may be provided through family safety, risk, and permanency services.

- a.* Postplacement supervision shall focus on the following areas:
- (1) Integration and interaction of the child or children with the family.
 - (2) Changes in the family functioning which may be due to the child's placement.
 - (3) Social and emotional adjustment of the child or children.
 - (4) Child's growth and development since placement with the adoptive family.
 - (5) Changes and adjustments that have been made in the family since the child's placement.
 - (6) Family's method of dealing with testing behaviors and discipline.
 - (7) Behavioral evidence of the degree of bonding that is taking place and the degree to which the child is becoming a permanent member of the adoptive family.
 - (8) School adjustment of a child who is attending a school.
 - (9) The behavioral needs of the child.
 - (10) The psychological and mental health needs of the child.
 - (11) Services and supports that will assist the child and family in the future.

b. At a minimum, the department worker shall make monthly home visits until the adoption is final. If the family is experiencing problems, the department worker shall make as many visits as are necessary to assess and support the placement.

c. The department worker shall prepare a written report based on the postplacement visits with recommendations regarding the finalization of the adoption and submit the report to the court before the hearing to consider granting a decree of adoption.

200.4(8) Postadoption services. The department's recruitment and retention contractor shall provide postadoption services to families that are eligible for the department's adoption subsidy program in accordance with the contract. The goal of these services is to prevent adoption dissolution. The family may obtain additional support through community resources or support groups.

[ARC 8010B, IAB 7/29/09, effective 10/1/09; ARC 1754C, IAB 12/10/14, effective 2/1/15; ARC 1808C, IAB 1/7/15, effective 3/1/15]

441—200.5(600) Termination of parental rights. The department shall not place a child in an approved adoptive home until parental rights of the child's birth parents have been terminated and guardianship assigned to the department. If one or both birth parents are deceased, the worker shall provide the court with verification of the birth parents' death and the death shall be stated in the guardianship order. When the termination of parental rights is appealed by a birth parent, an adoptive placement may be made if the adoptive parents sign an adoptive placement agreement that includes an acknowledgment of the conditions of the placement should termination be overturned. However, the adoption may not be finalized until the appeal is withdrawn or a final decision regarding the appeal is reached and a procedendo issued.

441—200.6(600) Service provision. Rescinded IAB 7/29/09, effective 10/1/09.

441—200.7(600) Department fees. Rescinded IAB 7/29/09, effective 10/1/09.

441—200.8(600) Interstate placements. Interstate placement of a child into Iowa, or out of Iowa, shall follow interstate placement of child procedures in accordance with Iowa Code sections 232.158 through 232.166.

[ARC 1754C, IAB 12/10/14, effective 2/1/15]

441—200.9(600) International adoptions. Rescinded IAB 7/29/09, effective 10/1/09.

441—200.10(600) Requests for home studies.

200.10(1) Court-ordered. Court-ordered home studies for adoption of a child or children under the authority of the department shall be completed by the department's recruitment and retention contractor.

200.10(2) Interstate compact. Requests for an adoptive home study through the interstate compact process shall be completed by the department's recruitment and retention contractor.

[ARC 8010B, IAB 7/29/09, effective 10/1/09]

441—200.11(600) Reasons for denial. An individual or family shall be denied approval of an adoptive home study for one or more of the following reasons:

200.11(1) Founded child abuse report. A founded child abuse report shall mean denial of approval unless an evaluation determines that it does not merit denial.

200.11(2) Criminal conviction. A criminal conviction shall mean denial of approval unless an evaluation determines that it does not merit denial.

200.11(3) Documented concerns. Concerns may be documented in one or more of the following areas:

- a. Motivation to adopt.
- b. Child-rearing ability and practices.
- c. Emotional stability.
- d. Physical or mental health.
- e. Interpersonal relationships.
- f. Finances.
- g. Marital relationship.

h. Other areas that may impact the applicant's ability to meet the needs of a child both at present and in the future.

200.11(4) Substance abuse. Verified substance use or abuse that prevents the family from adequately caring for the child shall mean denial of approval.

200.11(5) Lack of cooperation. If the individual or family fails to cooperate in providing the information needed to complete the preplacement assessment or home study, the application shall be denied.

[ARC 1754C, IAB 12/10/14, effective 2/1/15]

441—200.12(600) Removal of child from preadoptive family. When the department determines that it is in the best interest of a child to be removed from a preadoptive family, a Letter of Removal, Form 470-3018, shall be mailed to the family prior to the removal. Removal of a child from a preadoptive family is not an appealable issue, as a child continues to be under the guardianship of the department until an adoption is finalized.

441—200.13(600) Consents. A request for consent to the adoption shall be submitted to the guardian for a child who is under the guardianship of the department and for whom finalizing an adoption is recommended. If the adoption is in the best interest of the child, the director or designee shall sign a Consent to Adoption, Form 470-0775, prior to a court hearing to finalize the adoption.

A consent to adopt may be rescinded by the department, by signing Rescinding the Consent to Adoption, Form 470-2990, for any of the following reasons:

1. At the request of the adoptive family.
2. A founded child abuse report, or accusation of child abuse, pending determination of the report.
3. Conviction of a crime, or accusation of a crime, pending a court decision regarding the crime.
4. At the request of a child who is aged 14 or over and has reversed the decision regarding the adoption.
5. Other verified indications that the adoption is not in the best interest of the child.

441—200.14(600) Requests for access to information for research or treatment.

200.14(1) Requests. Any person seeking access to the department's sealed adoption records for the purpose or purposes set forth in Iowa Code paragraph 600.16(1) "c" or Iowa Code subsection 600.24(2) shall submit a request in writing to the director. Each request shall contain sufficient facts to establish that

the information sought is necessary for conducting a legitimate medical research project, or for treating a patient in a medical facility.

200.14(2) Process. Upon receipt of a request for information sought in conducting a research project, the director or a designee shall review the request for information and make a decision to approve, or deny, the request based on the research to be conducted, the benefits of the research, the methodology, and the confidentiality measures to be followed. Upon a request for information for treating a patient in a medical facility, a decision regarding approval or denial shall be made by the director or designee based on the written information provided by a physician or the medical facility, making the request. Requesters shall be notified in writing of approval or denial and if denied, reasons for denial given.

441—200.15(600) Requests for information for purposes other than research or treatment. Requests for information from department adoption records for purposes other than research or treatment shall be made to the Department of Human Services, Division of Adult, Children and Family Services, Adoption Program, Hoover State Office Building, 1305 East Walnut Street, Des Moines, Iowa 50319-0114.

200.15(1) The department shall not release identifying information from sealed adoption records. Adult adoptees, adoptive parents, birth parents, siblings or descendants of an adopted person, or legal representatives of any of the above shall be provided:

- a. An adoption packet containing a sample affidavit for filing with the court,
- b. Directions for filing the affidavit,
- c. A list of county clerks of court,
- d. The address of the bureau of vital statistics, and
- e. Instructions on how to obtain the name of the Iowa county where the adoption was finalized, if necessary.

200.15(2) An adopted person who was a resident of the Annie Wittenmeyer Home (Iowa Soldier's and Sailor's Home) may receive nonidentifying information from Annie Wittenmeyer records if the information is available.

[ARC 8010B, IAB 7/29/09, effective 10/1/09; ARC 1754C, IAB 12/10/14, effective 2/1/15]

441—200.16(600) Appeals. Prospective adoptive families may appeal denial of approval of their home study based on rule 441—200.11(600), pursuant to 441—Chapter 7.

These rules are intended to implement Iowa Code chapter 600.

CHAPTER 201
SUBSIDIZED ADOPTIONS
[Prior to 7/1/83, Social Services(770), Ch 138]
[Previously appeared as Ch 138—renumbered IAB 2/29/84]
[Prior to 2/11/87, Human Services(498)]

441—201.1(600) Administration. The Iowa department of human services, through the administrator of the division of child and family services, shall administer the subsidized adoption program, in conformance with the legal requirements for adoption as defined in Iowa Code chapter 600.

441—201.2(600) Definitions.

“*Child*” means a person who has not attained age 18, or a person with a physical or mental disability who has not attained age 21.

“*Escrow account*” means an interest-bearing account in a bank or savings and loan association which is maintained by the department in the name of a particular child.

“*Maintenance subsidy*” means a monthly payment to assist the family in meeting the living expenses and expenses related to the care of a special needs child in covering the cost of room, board, clothing, and spending money. The child will also be eligible for medical assistance pursuant to 441—Chapter 75.

“*Nonrecurring expenses*” means reasonable and necessary adoption fees, court costs, attorney fees and other expenses which are directly related to the legal adoption of a child with special needs. These shall be limited to attorney fees, court filing fees and other court costs.

“*Physician*” means a licensed medical or osteopathic doctor as defined in rule 441—77.1(249A).

“*Presubsidy*” means payment for maintenance or special services for a special needs child who is placed in an adoptive home and who meets all eligibility criteria for maintenance subsidy but whose adoption is not finalized.

“*Qualified intellectual disability professional*” means a person who has at least one year of experience working directly with persons with an intellectual disability or other developmental disabilities and who is one of the following:

1. A doctor of medicine or osteopathy.
2. A registered nurse.
3. A person who holds at least a bachelor’s degree in a human services field including, but not

limited to, social work, sociology, special education, rehabilitation counseling, or psychology.

“*Qualified mental health professional*” means a person who meets all of the following conditions:

1. Holds a master’s degree in a mental health field including, but not limited to, psychology, counseling and guidance, or psychiatric nursing and social work; or is a doctor of medicine or osteopathic medicine; and

2. Holds a current Iowa license when required by the Iowa professional licensure laws for persons practicing as a psychiatrist, a psychologist, a marital and family therapist, a mental health counselor, an advanced registered nurse practitioner, a psychiatric nurse, or a social worker; and

3. Has at least two years of postdegree experience supervised by a mental health professional in assessing mental health problems, mental illness, and services needs and in providing mental health services.

“*Special services subsidy*” means payment to a provider or reimbursement to the parent for medical, dental, therapeutic, or other services, equipment or appliances required by a child in order to meet the child’s identified special needs.

[ARC 4166C, IAB 12/5/18, effective 2/1/19]

441—201.3(600) Conditions of eligibility or ineligibility.

201.3(1) The child is eligible for subsidy when the department or a private agency has documented that it has been unable to place the child in an appropriate adoptive home without a subsidy and the child is determined to be a child with “special needs” based on one or more of the following reasons:

- a. The child has a medically diagnosed disability, as determined by a physician, an advanced registered nurse practitioner or a physician assistant, which substantially limits one or more major life

activities, requires ongoing professional treatment, impacts the child's ability to perform daily living skills, and is expected to last 12 months or longer.

b. The child has been determined by a qualified intellectual disability professional to be intellectually disabled.

c. The child has been determined by a qualified professional to be at high risk of developing a qualifying medical, mental, or emotional condition as defined in this subrule. A child in this group is eligible for subsidy of nonrecurring expenses only.

d. The child has been diagnosed by a qualified mental health professional to have a psychiatric condition which impairs the child's mental, intellectual, or social functioning, and for which the child requires ongoing professional services.

e. The child has been diagnosed by a qualified mental health professional to have a behavioral or emotional disorder characterized by situationally inappropriate behavior which deviates substantially from behavior appropriate to the child's age or significantly interferes with the child's intellectual, social and personal adjustment and which requires ongoing treatment.

f. The child is aged five or over.

g. The child is a member of a sibling group of three or more children who are placed in the same adoptive home.

201.3(2) A child who enters the United States from another country on the basis of a visa classifying the child as an orphan, in accordance with the Immigration and Naturalization Act, for the purpose of adoption by a specific United States family is not eligible for subsidized adoption maintenance payments, medical assistance, or special services except for nonrecurring expenses.

201.3(3) Child care subsidies for children who were determined eligible before January 1, 2004, shall continue if child care was written into the Adoption Subsidy Agreement and the need for child care continues. The child care subsidy payment shall not exceed the applicable reimbursement rate under the child care assistance program as specified in 441—subrule 170.4(7).

201.3(4) The determination of whether a child meets eligibility requirements is made by the Iowa department of human services. An adverse determination may be appealed according to rules in 441—Chapter 7.

201.3(5) The department shall review the subsidy agreement when the child reaches the age of 17½ to determine whether the child is eligible to receive subsidy to the age of 21 due to the child's physical, intellectual, or mental health disability.

a. The disability shall be diagnosed by a physician, a qualified mental health professional, or a qualified intellectual disability professional.

b. The diagnosis shall be current within one year prior to the child's eighteenth birthday.

c. Documentation of the child's diagnosed disability shall be provided by the child's parents to the department to make the determination of continued eligibility to the age of 21.

[ARC 4166C, IAB 12/5/18, effective 2/1/19]

441—201.4(600) Application. Application for presubsidy or subsidy for a special needs child in the guardianship of the department shall be made on Form 470-0744, Application for Subsidy, at the time of the adoptive placement of the child, or at any time in the adoptive process before finalization of the adoption.

201.4(1) The prospective adoptive family residing in Iowa who has been studied and approved for adoptive placement or a family residing outside of the state of Iowa studied and approved by a governmental child-placing agency or a licensed child-placing agency in that state, may apply for subsidy for an eligible Iowa child.

201.4(2) Withdrawal of the application for the subsidy shall be reported to the department immediately.

201.4(3) The effective date for the Adoption Subsidy Agreement will be the date the agreement is signed by the adoptive parents and a representative of the department, which may be the date the child is placed in the adoptive home or any date up to and including the date the adoption is finalized. The

agreement shall state the amount of the presubsidy or subsidy, the frequency and duration of payments and the conditions under which the agreement may be terminated.

201.4(4) An application for subsidy cannot be taken after the child is adopted except when there are facts relevant to a child's eligibility that were not presented before the finalizing of the adoption.

a. Upon receiving verification that the child was eligible before the child's adoption, the department may conduct an administrative review of the facts and may determine the child an eligible special needs child. Eligibility will be effective after Form 470-0744, Application for Subsidy, is completed and Form 470-0749, Adoption Subsidy Agreement, is signed by all parties.

b. Requests for determining a child an eligible special needs child after the adoption is finalized shall be forwarded with verification of eligibility to the division of child and family services, adoption program. The division shall conduct an administrative review of eligibility factors and render a written decision regarding the child's eligibility as a special needs child within 30 days of receipt of request and verification materials unless additional verification is requested. If additional verification is requested, a decision shall be reached within 30 days of receipt of additional verification materials.

201.4(5) A child in the guardianship of a licensed child-placing agency may be eligible for adoption subsidy when one of the following conditions is met:

a. The child receives or is eligible to receive SSI based on a diagnosed disability, or

b. The child received federally funded adoption subsidy in a prior adoption.

[ARC 4166C, IAB 12/5/18, effective 2/1/19]

441—201.5(600) Negotiation of amount of presubsidy or subsidy.

201.5(1) The amount of presubsidy or subsidy shall be negotiated between the department and the adoptive parents and shall be based upon the needs of the child and the circumstances of the family.

a. Each time negotiations are completed, the Adoption Subsidy Agreement, Form 470-0749, shall be completed.

b. Form 470-0762, Agreement to Future Adoption Subsidy, shall be completed and retained in an inactive case record for future reference when:

(1) A child is eligible for subsidy but the child or family does not currently need assistance; or

(2) The child is at risk of being determined a child with special needs according to paragraph 201.3(1) "a," "b," "d," or "e" in the future.

201.5(2) Other services available to the family free of charge to meet the needs of the child, such as other federal, state, and local governmental and private assistance programs, shall be explored and used before the expenditure of subsidy funds.

a. and *b.* Rescinded IAB 5/11/05, effective 5/1/05.

c. Unearned income of the child shall be verified by documentation provided to the department worker by the family from the source of the income.

201.5(3) to 201.5(5) Rescinded IAB 5/3/89, effective 7/1/89.

201.5(6) A maintenance subsidy may be no less than \$10 per month.

201.5(7) An adoptive family may request a review of the subsidy agreement when there is a change in the family's circumstances or the needs of the child.

201.5(8) Maintenance subsidy shall continue under the same rules if the adoptive family moves outside of the state of Iowa.

201.5(9) The maximum monthly maintenance payment for a child in subsidized adoption shall be made pursuant to the foster family care maintenance rates according to the age and special needs of the child as found at 441—subrule 156.6(1) and 441—paragraph 156.6(4) "f."

441—201.6(600) Types of subsidy.

201.6(1) *Special services only.*

a. Reimbursement to the family or direct payment to a provider may be made for the following special services needed to meet the needs of the child.

(1) Outpatient counseling or therapy services. Reimbursement for outpatient individual or family services may be provided from a non-Medicaid provider only with approval from the service area manager or designee and when one of the following applies:

1. The services are not available from a Medicaid provider within a reasonable distance from the family.
2. The child and the family were already receiving therapy or counseling from a non-Medicaid provider and it would not be in the child's best interest to disrupt the services.
3. Available Medicaid providers lack experience in working with foster, adoptive, or blended families.

Reimbursement to non-Medicaid providers shall be limited to the Medicaid rate.

(2) Expenses for transportation, lodging, or per diem related to preplacement visits, not to exceed \$2000 per family.

(3) Medical services not covered by the Medicaid program when the child, either alone or with the family, resides outside the state of Iowa and that state's Medicaid does not cover a needed service, or a provider enrolled with Iowa Medicaid cannot be secured. An adoption subsidy payment shall not supplement the Medicaid payment rate to a Medicaid provider or a non-Medicaid provider.

(4) An additional premium amount as a result of adding the child to the family's health insurance group.

(5) Medical transportation, food and lodging not covered by Medicaid when the child is receiving specialized care in a facility 50 miles or farther from the family home, when the family is participating in services and to facilitate reunification with the child.

(6) Supplies and equipment as required by the child's special needs and unavailable through other resources.

1. When the siblings in a sibling group of three or more are placed together, a one-time-only payment can be made, not to exceed \$500 per child, to reimburse the family for expenses related to accommodating the needs of the sibling group.

2. When home modifications have been authorized to accommodate a child's special needs and the family later sells the house, the family shall repay the department an amount equal to the increase in the equity value of the home attributable to the modifications.

(7) Nonrecurring expenses. Payment for nonrecurring expenses is generally limited to a total of \$500 per child for attorney fees, court costs and other related legal expenses. Nonrecurring expenses may be paid when the adoptive family has negotiated an Adoption Subsidy Agreement, Form 470-0747, or an Agreement to Future Adoption Subsidy, Form 470-0762.

(8) Funeral benefits at the amount allowed for a foster child in accordance with 441—subrule 156.8(5).

b. The need for special services shall be documented in the Adoption Subsidy Agreement. The family shall provide documentation of expenses to the department.

c. Any single special service and any special service delivered over a 12-month period costing \$500 or more shall have prior approval from the central office adoption program manager prior to expending program funds.

d. For all Medicaid covered services the department shall reimburse at the same rate and duration as Medicaid as set forth in rule 441—79.1(249A).

201.6(2) Maintenance only. A monthly payment to assist with room, board, clothing and spending money may be provided, as determined under rule 441—201.5(600). The child will also be eligible for medical assistance pursuant to 441—Chapter 75.

201.6(3) Maintenance and special services. For special needs children, a special services subsidy may also be included when a maintenance subsidy is provided.

[ARC 8451B, IAB 1/13/10, effective 1/1/10; ARC 8653B, IAB 4/7/10, effective 5/12/10; ARC 4166C, IAB 12/5/18, effective 2/1/19]

441—201.7(600) Termination of subsidy. Subsidy will terminate when any of the following occur:

201.7(1) The adoptive child no longer meets the definition of child in rule 441—201.1(600).

201.7(2) The child marries.

201.7(3) The adoptive parents are no longer using the maintenance payments to support the child.

201.7(4) Death of the child, or death of the parents of the child (one in a single-parent family and both in a two-parent family).

201.7(5) Upon conclusion of the terms of the agreement.

201.7(6) Upon request of the adoptive parents.

201.7(7) The adoptive parents are no longer legally responsible for the child.

201.7(8) The child enlists in the military.

[ARC 4166C, IAB 12/5/18, effective 2/1/19]

441—201.8(600) Reinstatement of subsidy. Reinstatement of subsidy will be made when the subsidy was terminated because of reasons in 201.7(3), 201.7(6), or 201.7(7) and the reason for termination no longer exists.

441—201.9(600) New application. New applications will be taken at any time, but processed only so long as funds are available. Maintenance and special services already approved will continue.

441—201.10(600) Determination of ongoing subsidy eligibility and suspension of subsidy payments.

201.10(1) Eligibility for continuation of adoption subsidy shall be evaluated when the department has reasonable cause to suspect the adoptive parent is not providing financial support, or is no longer legally responsible for the child. This includes, but is not limited to, the following circumstances:

- a. The child is placed in out-of-home care.
- b. A person alleges the parents are not providing financial support to the child.
- c. A person other than the parent is awarded legal custody of the child.
- d. A person other than the parent is appointed as the guardian of the child.
- e. The child has applied for food assistance or other benefits.
- f. The child has not resided with the parent for the past 30 consecutive days.
- g. The parent is incarcerated.
- h. The parent is awaiting trial for criminal charges related to harm caused to a child in the home.

201.10(2) The department shall contact the child's parents via letter, telephone, or electronic or other means and document such efforts.

201.10(3) The child's parents shall provide documentation of support, including receipts, to the department upon request.

201.10(4) Upon completion of the department's evaluation of the child's continued eligibility for adoption subsidy, the department shall issue a written notice to the parents documenting required ongoing actions by the parents, including an expectation of continued cooperation by the parents to provide documentation of ongoing support to the child at the request of the department.

201.10(5) The department shall suspend adoption subsidy payments if the parents refuse to cooperate or if the department is unable to determine whether the parents are providing financial support or are legally responsible for the child.

201.10(6) Through a Notice of Decision, the department shall terminate the Adoption Subsidy Agreement upon a finding that the child is not being financially supported.

201.10(7) When the child has resided out of the parental home for 30 consecutive days, the department shall request a renegotiation of the Adoption Subsidy Agreement with the parents to reduce or suspend payments as agreed to by the parents.

[ARC 4166C, IAB 12/5/18, effective 2/1/19]

441—201.11(600) Medical assistance based on residency. Special needs children eligible for any type of subsidy are entitled to medical assistance as defined in 441—Chapter 75. The funding source for medical assistance is based on the following criteria:

201.11(1) IV-E-eligible children:

a. IV-E-eligible children residing in Iowa from Iowa and from other states shall receive medical assistance from Iowa.

b. IV-E-eligible children from Iowa residing in another state shall receive medical assistance from the family's state of residence, even though medical assistance available in the family's state of residence may vary from Iowa's medical assistance.

201.11(2) Non-IV-E-eligible children:

a. Non-IV-E-eligible children from Iowa residing in Iowa shall be covered by Iowa's medical assistance.

b. Non-IV-E-eligible children from Iowa residing in another state shall be covered by Iowa's medical assistance unless eligible for benefits from the other state pursuant to a program funded under Title XIX of the federal Social Security Act.

c. Non-IV-E-eligible children from another state residing in Iowa shall be covered by Iowa's medical assistance if all of the following conditions are met:

- (1) The child is under the age of 21.
- (2) The child is residing in Iowa in a private home with the child's adoptive parent or parents.
- (3) Another state is currently paying an adoption subsidy for the child pursuant to an adoption assistance agreement in effect for the child with that state.

(4) The state paying the adoption subsidy is a member of the interstate compact on adoption and medical assistance (ICAMA).

(5) The state paying the adoption subsidy provides medical assistance benefits pursuant to a program funded under Title XIX of the Social Security Act, under the optional group at Section 1902(a)(10)(A)(ii)(VIII) of the Act, to children residing in that state (at least until age 18) for whom there is a state adoption assistance agreement in effect with the state of Iowa other than under Title IV-E of the Social Security Act.

201.11(3) When an Iowa child receives medical assistance from another state, Iowa shall discontinue paying any medical costs the month following the move unless additional time is necessary for a timely notice of decision to be provided to the family. An exception shall be made when the initial Iowa subsidy agreement provides for services not covered by the other states.

[ARC 4166C, IAB 12/5/18, effective 2/1/19]

441—201.12(600) Presubsidy recovery. The department shall recover the cost of presubsidy maintenance and special services provided by the department as follows:

201.12(1) Funds shall be applied to the cost of presubsidy maintenance and special services from the unearned income of the child.

201.12(2) The department shall serve as payee to receive the child's unearned income. The income shall be placed in an account from whence it shall be applied toward the cost of the child's current care and the remainder placed in an escrow account.

201.12(3) When a child has funds in escrow these funds may be used by the department to meet the current needs of the child not covered by the presubsidy payments and not prohibited by the source of the funds.

201.12(4) When the child leaves presubsidy care, funds in the escrow shall be paid to the adoptive parents, or to the child if the child has attained the age of majority.

[ARC 4166C, IAB 12/5/18, effective 2/1/19]

These rules are intended to implement Iowa Code sections 600.17 to 600.23.

¹ Effective date of amendments published as ARC 2900B delayed 70 days by the Administrative Rules Review Committee at its meeting held November 10, 2003; at its meeting held March 8, 2004, the Committee delayed the effective date until adjournment of the 2004 Session of the General Assembly.

CHAPTER 202
FOSTER CARE PLACEMENT AND SERVICES

[Prior to 7/1/83, Social Services[770] Ch 136]
[Previously appeared as Ch 136—renumbered IAB 2/29/84]
[Prior to 2/11/87, Human Services[498]]

441—202.1(234) Definitions.

“Age- or developmentally appropriate activities” means activities or items that are generally accepted as suitable for children of the same chronological age or level of maturity or that are determined to be developmentally appropriate for a child, based on the development of cognitive, emotional, physical, and behavioral capacities that are typical for an age or age group; and in the case of a specific child, activities or items that are suitable for the child based on the developmental stages attained by the child with respect to the cognitive, emotional, physical, and behavioral capacities of the child.

“Case permanency plan” shall mean the plan identifying goals, needs, strengths, problems, services, time frames for meeting goals and for delivery of the services to the child and parents, objectives, desired outcomes, and responsibilities of all parties involved and reviewing progress.

“Child” shall mean the same as defined by Iowa Code section 234.1.

“Department” shall mean the Iowa department of human services and includes the local offices of the department.

“Eligible child” shall mean a child for whom the court has given guardianship to the department or has transferred legal custody to the department or for whom the department has agreed to provide foster care services on the basis of a signed placement agreement or who has been placed in emergency care for a period of not more than 30 days upon the approval of the director or the director’s designee.

“Facility” means the personnel, program, plant and equipment of a person or agency providing child foster care.

“Family safety, risk, and permanency service” means a service provided under 441—Chapter 172 that uses strategies and interventions designed to achieve safety and permanency for a child with an open department child welfare case, regardless of the setting in which the child resides.

“Foster care” shall mean substitute care furnished on a 24-hour-a-day basis to an eligible child in a licensed or approved facility by a person or agency other than the child’s parent or guardian but does not include care provided in a family home through an informal arrangement for a period of 20 days or less. Child foster care shall include but is not limited to the provision of food, lodging, training, education, supervision, and health care.

“Natural parent” shall mean a parent by blood, marriage, or adoption.

“Person” or *“agency”* shall mean individuals, institutions, partnerships, voluntary associations, and corporations, other than institutions under the management or control of the department, who are licensed by the department as a foster family home, child caring agency or child placing agency, or approved as a shelter care facility.

“Reasonable and prudent parent standard” means the standard characterized by careful and sensible parental decisions that maintain the health, safety, and best interests of a child while at the same time encourage the emotional and developmental growth of the child, that a caregiver shall use when determining whether to allow a child in foster care under the responsibility of the state to participate in extracurricular, enrichment, cultural, and social activities. For the purposes of this definition, “caregiver” means a foster parent with whom a child in foster care has been placed or a designated official for a child care institution (including group homes, residential treatment, shelters, or other congregate care settings) in which a child in foster care has been placed.

“Resource family” means an individual person or married couple who is licensed to provide foster family care or approved for adoption.

“Safety-related information” means information that indicates whether the child has behaved in a manner that threatened the safety of another person, has committed a violent act causing bodily injury to another person, or has been a victim or perpetrator of sexual abuse.

“*Service area manager*” shall mean the department employee responsible for managing department offices and personnel within the service area and for implementing policies and procedures of the department.

“*Social history*” or “*child study*” means a written description of the child that includes strengths and needs; medical, mental, social, educational, placement and court history; and the child’s relationships with the birth family and significant others.

This rule is intended to implement Iowa Code section 234.6(6) “*b.*”
[ARC 8010B, IAB 7/29/09, effective 10/1/09; ARC 2069C, IAB 8/5/15, effective 10/1/15]

441—202.2(234) Eligibility.

202.2(1) Only an eligible child as defined in these rules shall be considered for foster care services supervised by the department.

202.2(2) The need for foster care placement and social and other related services, including but not limited to medical, psychiatric, psychological, and educational services, shall be determined by an assessment of the child and family to determine their needs and the appropriateness of services.

a. Assessments shall include:

(1) The educational, physical, psychological, social, family living, and recreational needs of the child,

(2) The family’s ability to meet those needs, and

(3) A family genogram to determine relatives and other suitable support persons who have a kinship bond with the child.

b. The assessment is a continual process to identify needed changes in service or placement for the child.

202.2(3) With the exception of emergency care, a social history shall be completed on each child before a department recommendation for foster care placement, using the outline RC-0027, Social History Format.

a. For voluntary emergency placements, a social history shall be completed before a decision is made to extend the placement beyond 30 days.

b. For court-ordered emergency placements, a social history shall be completed before the disposition hearing.

202.2(4) Foster care placement shall be recommended by the department only after efforts have been made to prevent or eliminate the need for removal of the child from the family unless the child is in immediate danger at home.

202.2(5) The need for foster care and the efforts to prevent placement shall be evaluated by a review committee prior to placement or, for emergency placements only, within 30 days after the date of placement. For children who are mentally retarded or developmentally disabled and receive case management services, this requirement may be met by the interdisciplinary staffing described in 441—Chapter 90, as long as the service area manager approves, the department worker attends the staffing, and the staffing meets the requirements of paragraphs “*b*” to “*h*” below.

The review shall meet the following requirements:

a. Department staff on the review committee shall be the child’s service worker, a supervisor knowledgeable in child welfare, and one or more additional persons appointed by the service area manager.

b. The review shall be open to the participation of the parents or guardian of the child, local and area education staff, juvenile court staff, the guardian ad litem, current service providers and previous service providers who have maintained a license.

c. The present foster care provider, if any, shall be notified of the review and have the opportunity to participate.

d. Written notice of the review shall be sent to the child’s parents or guardian at least five working days prior to the date of the review.

e. Other persons may be invited to the review with the consent of the parents or guardian.

f. A written summary of the review recommendations shall be sent to the child's parents or guardian following the review.

g. Review committee recommendations shall be advisory to the service worker and supervisor, who are responsible for development of the department case plan and for reports and recommendations to the juvenile court.

h. At least one of the persons on the review committee shall be someone without responsibility for the case management or the delivery of services to either the child or the parents or guardian who are the subject of the review.

202.2(6) The citizenship or alien status of a child who enters foster care must be verified.

a. When the child will remain in foster care for no more than 60 days, Form 470-4500, Statement of Citizenship Status: Foster Care, signed by the parent or guardian of the child is sufficient.

b. When the child will remain in foster care for more than 60 days, one of the documents listed in this paragraph is required. Any one of the following documents shall be accepted as satisfactory documentation of citizenship or nationality:

(1) A certificate of birth in the United States.

(2) Form FS-240 (Report of Birth Abroad of a Citizen of the United States) issued by the U.S. Citizenship and Immigration Services.

(3) Form FS-545 or Form DS-1350 (Certification of Birth Abroad) issued by the U.S. Citizenship and Immigration Services.

(4) A United States passport.

(5) Form I-97 (United States Citizen Identification Card) issued by the U.S. Citizenship and Immigration Services.

(6) Form N-560 or N-561 (Certificate of United States Citizenship) issued by the U.S. Citizenship and Immigration Services.

(7) Form N-550 or N-570 (Certificate of Naturalization) issued by the U.S. Citizenship and Immigration Services.

(8) A valid state-issued driver's license or other identity document described in Section 274A(b)(1)(D) of the United States Immigration and Nationality Act, but only if the state issuing the license or document either:

1. Requires proof of United States citizenship before issuance of the license or document; or

2. Obtains a social security number from the applicant and verifies before certification that the number is valid and is assigned to the applicant who is a citizen.

(9) Another document that provides proof of United States citizenship or nationality as the Secretary of the U.S. Department of Health and Human Services may specify by regulation pursuant to 42 U.S.C. Section 1396b(x)(3)(B)(v) or 1396b(x)(3)(C)(v).

c. A child entering foster care is exempt from these requirements when the family has previously presented satisfactory documentary evidence of citizenship, as specified by the Secretary of the U.S. Department of Health and Human Services.

d. The parent or guardian of the child shall have a reasonable period to obtain and provide proof of citizenship. For the purposes of this requirement, the "reasonable period" begins on the date when the child is placed in foster care and continues to the date when the proof is provided or when the department establishes that the parent or guardian is no longer making a good-faith effort to obtain the proof.

This rule is intended to implement Iowa Code sections 234.6(1) and 234.6(6) "b."

[ARC 8010B, IAB 7/29/09, effective 10/1/09]

441—202.3(234) Voluntary placements.

202.3(1) All voluntary placement agreements initiated after July 1, 2003, for children under the age of 18 shall terminate after 90 days.

202.3(2) When the voluntary placement is of a child who is under the age of 18, a Voluntary Foster Care Placement Agreement, Form 470-0715, shall be completed and signed by the parent(s) or guardian and the county office where the parent or guardian resides. Voluntary Foster Care Placement Agreements shall not be used to place children outside Iowa and shall not be signed with parents or guardians who

reside outside Iowa. Voluntary Foster Care Placement Agreements shall terminate if the child's parent or guardian moves outside Iowa after the placement.

202.3(3) Voluntary placement of a child aged 18 or older may be granted for six months at a time.

a. The department shall enter into the agreement only when the child:

- (1) Meets the definition of "child" in Iowa Code section 234.1,
- (2) Was in foster care or a state institution immediately before reaching the age of 18,
- (3) Has continued in foster care or a state institution since reaching the age of 18,
- (4) Has demonstrated a willingness to participate in case planning and to fulfill responsibilities as defined in the case permanency plan, and

(5) Will be placed in foster family care or supervised apartment living in Iowa.

b. Payment shall be limited pursuant to 441—paragraph 156.20(1) "b."

c. When the voluntary placement is of a child who is aged 18 or older and who has a court-ordered guardian, the Voluntary Foster Care Placement Agreement, Form 470-0715, shall be completed and signed by the guardian and the local office where the guardian resides. Voluntary Foster Care Agreements shall not be signed with guardians who reside outside Iowa. Voluntary Foster Care Placement Agreements shall terminate if the child's guardian moves outside Iowa after the placement.

d. When the voluntary placement is of a child who is aged 18 or older and who does not have a court-appointed guardian, the Voluntary Foster Care Placement Agreement, Form 470-0715, shall be completed and signed by the child and the local office where the child resides.

e. An exception to the requirement for continuous placement may be made for a youth who leaves foster care at age 18 and voluntarily returns to supervised apartment living foster care before the youth's twentieth birthday in order to complete high school or obtain a general equivalency diploma (GED).

202.3(4) All voluntary placements shall be approved by the service area manager or designee.

This rule is intended to implement Iowa Code sections 234.6(6) "b" and 234.35(1) "c."

[ARC 8010B, IAB 7/29/09, effective 10/1/09]

441—202.4(234) Selection of facility.

202.4(1) Placement consistent with the best interests and special needs of the child shall be made in the least restrictive, most family-like facility available and in close proximity to the child's home. Race, color, or national origin may not be routinely considered in placement selections.

202.4(2) Efforts shall be made to place siblings together unless to do so would be detrimental to any of the children's physical, emotional or mental well-being. Efforts to prevent separating siblings, reasons for separating siblings, and plans to maintain sibling contact shall be documented in the child's case permanency plan.

202.4(3) The department shall first consider placing the child in a relative's home unless no relatives are available or willing to accept placement or such placement would be detrimental to the child's physical, emotional or mental well-being.

a. If a relative or a suitable person who has a kinship bond with the child will accept placement of the child:

(1) The person shall sign Form 595-1489, Non-Law Enforcement Record Check Request, and

(2) The department shall complete record checks as listed in 441—subrule 113.13(1) to evaluate if the person's home is appropriate for the child before making the placement.

b. Efforts to place the child in a relative's home and reasons for using a nonrelative placement shall be documented in the child's case permanency plan.

202.4(4) If the child cannot be placed with a relative or a suitable person who has a kinship bond with the child, foster family care shall be used for a child unless the child has problems which require specialized services that cannot be provided in a family setting. Reasons for using a more restrictive placement shall be documented in the child's case permanency plan.

202.4(5) A foster family shall be selected on the basis of compatibility with the child, taking into consideration:

a. The extent to which interests, strengths, abilities and needs of the foster family enable the foster family members to understand, accept and provide for the individual needs of the child.

b. The child's individual problems, medical needs, and plans for future care. The department shall not place a child with asthma or other respiratory health issues in a foster home where any member of the household smokes.

c. The capacity of the foster family to understand and accept the child's case permanency plan, the needs and attitudes of the child's parents, and the relationship of the child to the parents.

d. The characteristics of the foster family that offer a positive experience for the child who has specific problems as a consequence of past relationships.

e. An environment that will cause minimum disruption of the child including few changes in placement for the child.

f. Rescinded IAB 4/11/07, effective 7/1/07.

202.4(6) A foster group care facility shall be selected on the basis of its ability to meet the needs of the child, promote the child's growth and development, and ensure physical, intellectual and emotional progress during the stay in the facility. The department shall place a child only in a licensed or approved facility which has a current contract with the department pursuant to 441—Chapter 152.

This rule is intended to implement Iowa Code section 234.6(6) "b."
[ARC 8010B, IAB 7/29/09, effective 10/1/09]

441—202.5(234) Preplacement.

202.5(1) Except for placements made in less than 24 hours, a child placed in a facility shall have a preplacement visit involving:

- a.* The child,
- b.* The foster parents or agency staff, if the child is placed in a public or private agency,
- c.* The department service worker, and
- d.* The child's parents, unless their presence would be disruptive to the child's placement.

202.5(2) Before placement, the worker shall provide the facility with general information regarding the child, including a description of the child's medical needs, behavioral patterns including safety-related information, educational plans, and permanency goal. Safety-related information shall be withheld only if:

- a.* Withholding the information is ordered by the court; or
- b.* The department or the agency developing the service plan determines that providing the information would be detrimental to the child or to the family with whom the child is living.

202.5(3) The child shall have a physical examination by a physician, advanced registered nurse practitioner, or a physician assistant before the initial placement into foster care, or the physical examination shall be scheduled within 14 calendar days of placement. The physician, advanced registered nurse practitioner, or a physician assistant shall complete a preliminary screening for dental and mental health and refer the child to a dentist or mental health professional if appropriate. To address any immediate medical needs, the child shall be seen immediately at an emergency room, an urgent care center, or other community health resource.

This rule is intended to implement Iowa Code section 234.6(6) "b."
[ARC 7606B, IAB 3/11/09, effective 5/1/09; ARC 8010B, IAB 7/29/09, effective 10/1/09; ARC 3185C, IAB 7/5/17, effective 9/1/17]

441—202.6(234) Placement.

202.6(1) At the time of placement, the department worker shall furnish to the foster care provider any available information regarding the child.

- a.* The information provided shall include:
 - (1) The child's full name and date of birth;
 - (2) The names, work addresses, and telephone numbers of the placement worker and the worker's supervisor, including a home telephone, cell phone, or on-call number;
 - (3) The names, addresses, and telephone numbers of the child's physician and dentist;
 - (4) The names, addresses, and telephone numbers of significant relatives of the child, including parents, grandparents, brothers and sisters, aunts and uncles, and any other significant persons (for an adopted child, the adoptive parents and adoptive relatives);
 - (5) The case permanency plan;

- (6) The results of a physical examination, including immunization history;
- (7) The child's medical needs including allergies, physical limitations, dental and medical recommendations, and special needs of HIV;
- (8) Behavioral patterns including safety-related information;
- (9) Educational arrangements including, but not limited to, the school the child attends, special education needs, and school contacts;
- (10) The placement contract or agreement including the date of acceptance for care;
- (11) Medical authorizations, service authorizations, and other releases as needed; and
- (12) If the child is an Indian, the identification of the child's tribe and tribal social service agency including telephone number and contact person.

b. Before releasing specific information about HIV, the department shall use Form 470-3225, Authorization to Release HIV-Related Information, to obtain a release from the child or the child's parent or guardian, or a court order permitting the release of the information.

(1) The person receiving this information shall complete Form 470-3227, Receipt of HIV-Related Information, to document understanding of the confidentiality of this knowledge.

(2) Form 470-3226, HIV General Agreement, shall be completed by foster parents who have agreed to care for children who have AIDS, test HIV positive, or are at risk for HIV infection.

c. Safety-related information shall be withheld only if:

- (1) Withholding the information is ordered by the court; or
- (2) The department or the agency developing the service plan determines that providing the information would be detrimental to the child or to the family with whom the child is living.

202.6(2) For each foster care placement in a foster family home supervised directly by department staff, Form 470-0716 or 470-0716(S), Foster Family Placement Contract, shall be completed by the foster family and the placement worker and supervisor. A new foster family placement contract shall be completed when the rate of payment or special provisions change.

202.6(3) A follow-up visit shall be made to the child at the foster family home within two weeks of the initial placement for placements supervised directly by the department.

202.6(4) The case permanency plan shall be reviewed at least every six months to ensure appropriateness of the child's placement. A copy of the subsequent case plan shall be submitted to the court every six months unless the court orders a different frequency for reports.

202.6(5) In conjunction with the case plan review, the case shall be presented every six months to a review committee which conforms to the requirements in subrule 202.2(5). The service area manager may also approve a review by a local foster care review board authorized in Iowa Code section 237.19 or the court as meeting this requirement as long as the review conforms to subrule 202.2(5), paragraphs "b" to "h," and to subrule 202.6(5), paragraphs "a" to "e." The review committee shall:

- a.* Evaluate the continuing necessity for foster care placement.
- b.* Evaluate the continuing appropriateness of the foster care placement.
- c.* Evaluate the extent of compliance with the case plan.
- d.* Evaluate the extent of progress made toward lessening the causes for foster care placement.
- e.* Project a likely date by which the child will leave foster care.

This rule is intended to implement Iowa Code sections 234.6(6) "b," and 237.19.

[ARC 8010B, IAB 7/29/09, effective 10/1/09]

441—202.7(234) Out-of-area placements.

202.7(1) When the department makes a placement of a child in the foster care system out of the service area in which the child resides, this placement shall occur only when there is no appropriate placement within the service area, when the placement is necessary to facilitate reunification of the child with the parents, or when an out-of-area agency is closer to the community where the child resides than an in-area agency offering the same services.

202.7(2) The authority for approving out-of-area placements rests with both the placing and receiving service area managers.

202.7(3) Transfer of responsibility for supervision, planning, and visitation shall be approved by the placing and receiving service area managers and, when appropriate, by the court.

This rule is intended to implement Iowa Code section 234.6(6) "b."

441—202.8(234) Out-of-state placements.

202.8(1) The department shall make an out-of-state foster family care placement only with the approval of the service area manager or designee. Approval shall be granted only when the placement will not interfere with the goals of the child's case permanency plan and when one of the following conditions exists:

- a. The foster family with whom the child is placed is moving out of state.
- b. An out-of-state family having previous knowledge of the child desires to provide foster care to the child.
- c. An out-of-state family is approved to adopt the child under subsidy and is eligible to receive maintenance payments until the adoption is final.
- d. An out-of-state placement is necessary to facilitate reunification of the child with the parents.

202.8(2) Placements shall be made in an out-of-state group care facility only with the approval of the service area manager or designee.

202.8(3) All out-of-state placements shall be made pursuant to interstate compact procedures.

202.8(4) The reasons for selecting an out-of-state placement shall be documented in the child's case permanency plan.

202.8(5) Regional out-of-state placement committees. Rescinded IAB 7/6/94, effective 7/1/94.

This rule is intended to implement Iowa Code section 234.6(6) "b."

[ARC 8010B, IAB 7/29/09, effective 10/1/09]

441—202.9(234) Supervised apartment living. A supervised apartment living arrangement shall provide a child with an environment in which the child can experience living in the community with supervision and prepare for self-sufficiency. The child must have the capacity to live in the community with less supervision than that provided by a foster family or in a group care setting and must be able to follow the provisions of the case plan and participate in activities and services to achieve self-sufficiency.

202.9(1) Living arrangements.

a. The two types of supervised apartment living arrangements are as follows:

(1) A cluster setting, which provides support in a structured setting. Up to six children reside in apartments or bedrooms in one building (such as an apartment building or residential housing), supervised by one agency. The supervising agency must have an adult staff member present and available on site in the living arrangement at any time when more than one child is present.

(2) A scattered-site setting, which is the less restrictive of the two types of living arrangements. Up to three children supervised by one agency may reside in individual housing arrangements, such as apartments or residential housing, located in one building. Children must be able to contact supervising agency staff 24 hours a day, seven days a week.

b. If an agency rents an apartment to the child, there shall be a signed lease between both parties that includes, but is not limited to:

- (1) Amount to be paid for the rental unit.
- (2) The term of the lease with both a beginning and an ending date.
- (3) Rights and responsibilities of the tenant.
- (4) Rights and responsibilities of the landlord.
- (5) Conditions under which the lease can be terminated.

202.9(2) Eligibility. To be eligible for supervised apartment living placement, a child shall meet all of the following conditions:

- a. The child must be at least 16½ years old for placement in a cluster setting.

b. The child must be at least 17 years old, and it has been determined by the department or juvenile court services referral worker that the child has lived successfully in a SAL cluster setting until the child is able to live in a more independent placement in a scattered-site setting.

c. If the child is under the age of 18, the child must:

(1) Satisfactorily attend school, in accordance with the school's attendance policies, with the objective of obtaining a high school diploma; or

(2) Satisfactorily attend an instructional program, pursuant to the program's policies, necessary to obtain a high school equivalency diploma; or

(3) Attend school to obtain postsecondary education or training on a full-time basis (based upon the institution's definition of full-time) or attend on a part-time basis and be either working or participating in a work training program leading to employment; or

(4) Work at least an average of 80 hours per month if not enrolled in school; or

(5) Participate in a work training program leading to employment if not enrolled in school.

d. If the child is aged 18 or older, the child must:

(1) Meet the definition of "child" in Iowa Code section 234.1; and

(2) Have been in foster care immediately before reaching the age of 18 and have continued in foster care since reaching the age of 18. The service area manager or designee may waive the requirement for continuous placement for a child who leaves foster care at age 18 and voluntarily returns before the child's twentieth birthday in order to complete high school or obtain a high school equivalency diploma, consistent with Iowa Code sections 234.35(1) "f" and 234.35(3) "c"; and

(3) Attend school on a full-time basis leading to a high school diploma or attend an instructional program leading to a high school equivalency diploma.

e. The child must need foster care placement and services, based on an assessment completed according to rule 441—202.2(234) and subrule 202.6(5).

f. The child must participate in services and activities to achieve self-sufficiency.

g. The child must have the capacity to live in the community with less supervision than that provided by a foster family or in a group care setting, as determined by an assessment that reviews available information on the child to identify the needs, strengths, and resources of the child, especially as they pertain to the child's ability to function in the community. To determine if a supervised apartment living foster care placement is suitable for the child, the department worker must complete Form 470-4063, Preplacement Screening for Supervised Apartment Living Foster Care.

h. The child must have an approved living situation that meets the following minimum standards:

(1) Comply with applicable state and local zoning, fire, sanitary and safety regulations.

(2) Be located so as to provide reasonably convenient access to schools, places of employment, and services and supports required by the child.

(3) Be reasonably priced so as to fit within the child's budget.

i. If supervised apartment living foster care is deemed suitable for the child, the worker shall complete Form 470-3186, Request for Approval of Supervised Apartment Living Foster Care Placement, to request that the service area manager or designee approve the placement. This form is also to be used to request that the service area manager or designee waive the requirement for continuous placement for a child who leaves foster care on or after the child's eighteenth birthday and voluntarily returns before the child's twentieth birthday in order to complete high school or obtain a GED.

j. The placement must have the approval of the juvenile court if the child is under court jurisdiction.

202.9(3) Services to be provided. To ensure that the supervised apartment living arrangement is meeting the child's needs, required services shall be provided directly by the department or purchased from an agency that has a contract with the department to provide supervised apartment living foster care services. The following services are required:

a. Development of a case or service plan (by either the department worker or the service provider, if contracted out) in consultation with the child and the child's family (unless a reason for noninvolvement is documented in the case record) and significant others whenever appropriate that documents the following:

(1) Goals, intended to meet the specific needs of the child to achieve self-sufficiency, with projected dates of accomplishment.

(2) Objectives (action steps) to be taken by the child, the child's support system, and staff, with projected dates of accomplishment.

(3) Services to be provided and activities to be undertaken, the frequency of such services, who will provide the services, the child's progress with the goals and objectives, and the child's compliance with the service plan.

(4) A budget, developed with the child, based upon the child's monthly stipend payment, any start-up allowance, any earned or unearned incomes and financially related assistance (e.g., food assistance). Staff will work with the child to ensure payment of bills and receipt of necessary items as outlined in the budget.

b. Life skills training involving interpersonal and daily living skills training to prepare the child to maintain a safe, healthy, and stable lifestyle and achieve self-sufficiency. Life skills training includes training of "hard" skills (e.g., money management, self-care and hygiene, physical and mental health care, skills related to educational and employment goals, housing and home management, time management, accessing community resources) and training of "soft" skills (e.g., decision making, problem solving, developing healthy relationships, self-advocacy). Life skills training should be individualized to the needs of the child toward achieving self-sufficiency. If a child needs a specific life skills training service or services (e.g., parenting skill development, counseling services to reduce stress and social, emotional, or behavioral problems that affect the child's stability or ability to achieve self-sufficiency) in addition to basic life skills training services and services are purchased, the department worker will specify the necessary services under special provisions on Form 470-5081, Placement Agreement and Service Authorization for Supervised Apartment Living (SAL).

c. Through visits with the child and to the living situation, determination and documentation that:

(1) The living arrangement and mode of living are safe and suitable and provide an environment that allows for the child's social and emotional needs to be met; and

(2) There is no reasonable cause to believe that the child's living situation or mode of living presents any unacceptable risks to the child's health or safety; and

(3) The child has access to a telephone; and

(4) There is an operating smoke alarm on each level of occupancy; and

(5) The child is receiving any necessary medical care; and

(6) The child is receiving appropriate and sufficient services and supports to achieve the child's goals and facilitate objectives according to the child's service plan.

d. Supervision to assist the child in developing the needed structure to live in the supervised apartment living setting and in locating and using other needed services. If the child is under the age of 18, supervision shall include a minimum of weekly face-to-face contacts. For a child aged 18 or older, supervision shall include a minimum of biweekly (every other week) face-to-face contacts. Supervision may include guidance, oversight, and behavior monitoring.

e. Ongoing assessment activities to monitor the child's ability to achieve self-sufficiency.

f. If services are purchased, visits by the department to the child according to subrule 202.11(2).

g. If services are purchased, compliance by the provider with all reporting requirements as required by the provider's contract with the department, including requirements for the individual service plan, quarterly reports, and a termination summary.

h. A review of the case and case plan every six months, in accordance with subrules 202.6(4) and 202.6(5).

202.9(4) Method of service provision. Supervised apartment living services may be provided directly by the department or purchased from an agency that has a contract with the department to provide supervised apartment living foster care services. If services are purchased:

a. Department staff shall be responsible to determine the specific service components to be provided and any special provisions of this care. The department case permanency plan shall specify the goals and objectives (action steps) of the services that are being purchased. If services are purchased, the worker shall complete Form 470-5081, Placement Agreement and Service Authorization for Supervised

Apartment Living (SAL), to place the child with the contractor, to authorize the SAL service, and to identify any special provisions for the case.

b. Supervised apartment living billings shall follow the terms of the contract with the department.

202.9(5) Termination of services.

a. Mandatory termination. Supervised apartment living services shall be terminated when the child:

- (1) No longer meets eligibility criteria;
- (2) No longer needs services or needs a more restrictive level of placement;
- (3) Chooses to live in a nonapproved setting; or
- (4) Refuses to follow the provisions of the case plan.

b. When services are purchased and the department plans to remove a child from the supervised apartment living placement, the department shall inform the provider in writing of the date of removal, the reason for the removal, the recourse available, if any, and that the contested case (appeal) proceeding does not apply to the removal.

c. The provider shall be informed ten days in advance of the removal, except when the court orders removal of the child from the placement or there is evidence of neglect or physical or sexual abuse.

This rule is intended to implement Iowa Code section 234.6.

[ARC 0417C, IAB 10/31/12, effective 1/1/13; ARC 2342C, IAB 1/6/16, effective 2/10/16; ARC 2885C, IAB 1/4/17, effective 3/1/17; ARC 3442C, IAB 11/8/17, effective 1/1/18]

441—202.10(234) Services to foster parents. Foster parents shall be provided necessary supportive services for the purpose of aiding them in the care and supervision of the child. These services shall include, but not be limited to:

202.10(1) Availability of social service staff on a 24-hour basis in case of emergency.

202.10(2) Conferences to develop in-depth planning regarding family visits, expectations of the department, future objectives and time frames, use of resources, and termination of placements.

202.10(3) Visitation by the service worker at least monthly regardless of the duration of the placements.

202.10(4) Making available all known pertinent information needed for the care of the child including HIV status, safety-related information, and special confidentiality requirements.

a. Before releasing specific information about HIV, the department shall use Form 470-3225, Authorization to Release HIV-Related Information, to obtain a release from the child or the child's parent or guardian, or a court order permitting the release of the information. The person receiving this information shall complete Form 470-3227, Receipt of HIV-Related Information, to document understanding of the confidentiality of this knowledge.

b. Safety-related information shall be withheld only if:

- (1) Withholding the information is ordered by the court; or
- (2) The department or the agency developing the service plan determines that providing the information would be detrimental to the child or to the family with whom the child is living.

c. When continued breastfeeding of the child is determined to be in the best interest of the child, the service worker and the foster parents shall make reasonable efforts to support the continued breastfeeding of the child by the mother.

This rule is intended to implement Iowa Code section 234.6(6) "b."

441—202.11(234) Services to the child. The department service worker shall maintain a continuous relationship with the child.

202.11(1) The department service worker shall:

- a.* Help the child plan for the future,
- b.* Evaluate the child's needs and progress,
- c.* Supervise the living arrangement,
- d.* Arrange for social and other related services including, but not limited to, medical, psychiatric, psychological, and educational services from other resources as needed, and
- e.* Counsel the child in adjusting to the placement.

202.11(2) The assigned department service worker shall personally visit each child in out-of-home care at least once every calendar month, with the frequency of the visits based upon the needs of the child.

a. The visit shall take place in the child's place of residence the majority of the time.

b. The visit shall be of sufficient length to focus on issues pertinent to case planning. During the visit, the worker shall address the safety, permanency, and well-being of the child, including the child's needs, services to the child, and achievement of the case permanency plan goals.

202.11(3) When placement of a breastfeeding child is made, the service worker shall:

a. Assess in consultation with the worker's supervisor whether continued breastfeeding by the mother is in the best interest of the child;

b. Make every reasonable effort to support the mother's continued breastfeeding for the child if determined appropriate; and

c. Document the assessment and efforts in the child's case plan and case notes.

202.11(4) When a child is in continuous foster care, a new physical examination shall not be required when the child transfers from one foster care placement to another unless there is some indication that an examination is necessary. The service worker shall obtain from the health practitioner or practitioners an annual medical review of treatment the child has received.

This rule is intended to implement Iowa Code section 234.6(6) "b."

202.11(5) Throughout the provision of care, the foster care provider shall actively ensure that the child stays connected to the child's kin, culture, and community as documented in the child's case permanency plan.

202.11(6) Throughout the provision of care, the foster care provider is permitted to use the reasonable and prudent parent standard to create opportunities for participation of the child in age- or developmentally appropriate activities.

202.11(7) Transition planning program. The purpose of the transition planning program is to provide services, supports, activities and referrals to programs that assist children currently or formerly in foster care in acquiring skills and abilities necessary for transition to successful adulthood. The transition planning program offers a life skills assessment, transition plan development, and transition-related services, supports, activities and referrals to programs.

a. Eligibility. To be eligible for the transition planning program, a child must be or have been in foster care as defined by rule 441—202.1(234) or 45 Code of Federal Regulations 1355.20 as amended to October 1, 2008, and must meet at least one of the following eligibility requirements:

(1) Is currently in foster care and is 14 years of age or older.

(2) Is under the age of 21 and was adopted from foster care at 16 years of age or older.

(3) Is under the age of 21 and was placed in a subsidized guardianship arrangement from foster care at 16 years of age or older.

(4) Was formerly in foster care and is eligible for and participating in Iowa's aftercare services program as described at 441—Chapter 187.

(5) Was formerly in foster care and is eligible for and participating in Iowa's postsecondary education and training voucher (ETV) program as described at 42 U.S.C. Section 677(a)(6-7).

b. Assessment. A life skills assessment shall be administered to all children in foster care who are aged 14 or older. An assessment shall be available upon request to any child who has been discharged from foster care but meets the eligibility requirements in paragraph "a." The assessment is designed to evaluate the child's strengths and needs in areas including, but not limited to:

(1) Education,

(2) Physical and mental health,

(3) Employment,

(4) Housing and money management, and

(5) Supportive relationships.

c. Transition plan development. A transition plan shall be completed for all children in foster care who are aged 14 or older, as provided in Iowa Code section 232.2(4) "f." Transition plan development shall also be available upon request to any child who has been discharged from foster care but meets the

eligibility requirements in paragraph “a,” but the transition plan will not be part of a case permanency plan. Transition plan requirements include the following:

(1) The transition plan shall be personalized at the direction of the child and shall be developed in consultation with the child and reviewed by the department in collaboration with a child-centered transition team, honoring the goals and concerns of the child.

(2) The transition plan shall document that the child received and signed a document that describes the rights of the child with respect to education, health, visitation, and court participation. The document must be signed by the child indicating that the child has been provided with a copy of the document and that the rights contained in the document have been explained to the child in an age-appropriate way.

(3) The transition plan shall document that the child received a copy of any credit report pertaining to the child as provided by the child’s caseworker on an annual basis until the child is discharged from foster care. The child must receive assistance from the child’s caseworker in interpreting and resolving any inaccuracies in the report.

(4) The transition plan shall document that any child leaving foster care at the age of 18 or older was provided with the following documents and information unless the child has been in foster care for less than 30 days or is not eligible to receive such document:

1. An official or certified copy of the child’s birth certificate.
2. The child’s social security card.
3. A driver’s license or identification card issued by the state to the child.
4. Health insurance information.
5. A copy of the child’s medical and education records.

(5) The transition plan shall document that the caseworker provided to the child, at the case permanency plan review in the 90 days before the child reached the age of 18, information and education about the importance of having a durable power of attorney for health care and a copy of the state’s form used to identify such a proxy. The child has the option to complete the form at the age of 18 or older.

(6) The transition plan shall address the strengths and needs identified in the assessment and detail the services, supports, activities and referrals to programs needed to implement the plan to best assist the child in preparing for successful adulthood. The membership of the transition team and the meeting dates for the team shall be documented in the transition plan.

(7) The transition plan shall be reviewed and updated at each case review after the plan’s initial development; within 90 days before the child’s eighteenth birthday; and within 90 days before the child is expected to leave foster care if the child remains in care after reaching the age of 18.

d. Transition services. Children shall be offered services, supports, activities and referrals to programs within, but not limited to, the five areas described below according to the child’s age and development, strengths and needs, permanency goal, and placement as documented in the case permanency plan.

(1) Education skills increase the child’s chances of completing high school or obtaining high school equivalency and of entering a satisfying career. Services may include assistance in academic advising and guidance, secondary and postsecondary educational support, records transfer coordination, tutoring, financial aid planning, career exploration, mentoring, and career advising. Financial assistance for postsecondary education and training may be available to eligible children.

(2) Physical and mental health skills promote healthy physical, mental and emotional functioning. Health education services may include guidance on risk prevention, how to be healthy and fit, how to self-advocate for health care needs and access to health insurance, how to select medical professionals, and how to make informed decisions regarding treatment, lifestyle considerations, spirituality, and recreation. Provision must be made for the child’s application for adult services if it is likely the child will need or be eligible for services or other support from the adult service system.

(3) Employment skills enable children to prepare for, seek, and maintain gainful career employment. Services may include employment programs or vocational training, employment search resources, career advising, résumé writing, interview skills, workplace etiquette, and on-the-job training.

(4) Housing and money management skills prepare a child to select, manage, and maintain safe and stable housing. Services may include lessons on the physical maintenance and cleaning of a house and guidance on managing personal finances, such as financial decisions, budgeting, bill paying, use of credit, and financing. Financial assistance for items, including room and board, may be available to children who meet the eligibility criteria of the aftercare services program pursuant to 441—Chapter 187.

(5) Supportive relationships skills promote the healthy development and maintenance of rewarding, lasting relationships. Services may include family support and healthy marriage education, mentoring opportunities, and guidance on how to recognize the needs of others, how to identify and understand personal motivations, how to ensure personal safety, and how to communicate effectively.

[ARC 7606B, IAB 3/11/09, effective 5/1/09; ARC 8010B, IAB 7/29/09, effective 10/1/09; ARC 8718B, IAB 5/5/10, effective 7/1/10; ARC 0417C, IAB 10/31/12, effective 1/1/13; ARC 2069C, IAB 8/5/15, effective 10/1/15; ARC 2743C, IAB 10/12/16, effective 12/1/16]

441—202.12(234) Services to parents.

202.12(1) Child welfare services shall be made available to the parents throughout the period of placement for the purpose of reuniting the family in an agreed-upon time frame. Family safety, risk, and permanency services may be provided to:

- a. Promote identification and enhancement of family strengths and protective capacities;
- b. Address the factors that resulted in the child's being removed from the family home; and
- c. Strengthen family connections to community resources and informal supports.

202.12(2) Placement notification.

a. The parents shall be notified of the location and nature of the child's placement, unless the conditions of this subrule are met.

(1) The department evaluates the situation and determines that notifying the child's parents of the location of the placement would be detrimental to the child's safety and well-being and to the stability of the child's placement due to:

1. Evidence of a direct or indirect threat to harm the foster child or the foster family; or
2. Credible third-party information of a threat of harm to the foster child or the foster family.

(2) The department includes a statement in the child's case permanency plan explaining the decision not to disclose the location of the child to the parents.

b. The decision not to disclose the location of a child's placement shall be reviewed at least every six months when the child's case permanency plan is revised.

202.12(3) The case plan and treatment plan shall specify the services to be provided and the time frame for reuniting the family. These plans shall be developed in cooperation with the parents.

202.12(4) Personal contact shall be made regularly with the parents and the progress towards goal attainment reviewed and documented in the case record. The frequency of the personal contact shall be at least monthly and shall be specified in the child's case permanency plan.

202.12(5) When placement of a breastfeeding child is made, the service worker shall:

a. Assess in consultation with the worker's supervisor whether continued breastfeeding by the mother is in the best interest of the child;

b. Make every reasonable effort to support the mother's continued breastfeeding of the child if determined appropriate; and

c. Document the assessment and efforts in the child's case plan and case notes.

This rule is intended to implement Iowa Code section 234.6(6) "b."
[ARC 8010B, IAB 7/29/09, effective 10/1/09; ARC 9961B, IAB 1/11/12, effective 12/15/11]

441—202.13(234) Removal of the child.

202.13(1) When the department plans to remove a child from a facility, the facility shall be informed in writing of the date of the removal, the reason for the removal, the recourse available to the facility, if any, and that the chapter 17A contested case proceeding is not applicable to the removal. The department shall inform the facility ten days in advance of the removal, except that the facility may be informed less than ten days prior to the removal in the following instances:

- a. When the parent or guardian removes the child from voluntary placement.
- b. When the court orders removal of a child from placement.
- c. When there is evidence of neglect or physical or sexual abuse.

202.13(2) The department may remove a child from a facility when any of the following conditions exist:

- a. There is evidence of abuse, neglect, or exploitation of the child.
- b. The child needs a specialized service that the facility does not offer.
- c. The child is unable to benefit from the placement as evidenced by lack of progress of the child.
- d. There is evidence the facility is unable to provide the care needed by the child and fulfill its responsibilities under the case plan.
- e. There is lack of cooperation of the facility with the department.

202.13(3) If a foster family objects in writing within seven days from the date that the department furnishes notice of plans to remove the child, the service area manager or designee shall grant a conference to the foster family to determine whether the removal is in the child's best interest.

a. This conference shall not be construed to be a contested case under the Iowa administrative procedure Act, Iowa Code chapter 17A.

b. The conference shall be provided before the child is removed except in instances listed in 202.13(1) "a" to "c." The service area manager or designee shall review the propriety of the removal and explain the decision to the foster family.

c. The service area manager or designee, on finding that the removal is not in the child's best interests, may overrule the removal decision unless a court order or parental decision prevents the department from doing so.

202.13(4) When the facility requests a child be removed from its care, it shall give a minimum of ten days' notice to the department so planning may be made on behalf of the child.

This rule is intended to implement Iowa Code section 234.6(6) "b."
[ARC 8010B, IAB 7/29/09, effective 10/1/09]

441—202.14(234) Termination. The foster care services shall be terminated when the child is no longer an eligible child, or when the attainment of goals in the case plan has been achieved, or when the goals for whatever reasons cannot be achieved, or when it is evident that the family or individual is unable to benefit from the service or unwilling to accept further services.

This rule is intended to implement Iowa Code section 234.6(6) "b."

441—202.15(234) Case permanency plan.

202.15(1) The department worker shall ensure that a case permanency plan is developed for each child who is placed in foster care if the department has agreed to provide foster care through a voluntary placement agreement, if a court has transferred custody or guardianship to the department for the purpose of foster care, or if a court has placed the child in foster care and ordered the department to supervise the placement.

202.15(2) The department worker shall develop the case permanency plan with the child's parents, unless the child's parents are unwilling to participate in the plan's development, and with the child, unless the child is unable or unwilling to participate. For a child 14 years of age or older in foster care, the case permanency plan must be developed in consultation with the child. The child may choose up to two members of the case planning team who are not the child's foster parent or caseworker. The department may reject an individual selected by a child at any time if the department has good cause to believe the individual would not act in the best interests of the child. One individual selected by the child to be a member of a child's case planning team may be designated to be the child's advisor and, as necessary, advocate with respect to the use of the reasonable and prudent parent standard.

202.15(3) The department worker shall be responsible for ensuring the development of the case permanency plan within the time frames specified in rule 441—130.7(234). In all cases, the case permanency plan shall be completed within 60 days of the date the child entered foster care.

202.15(4) Copies of the initial and subsequent case permanency plans shall be provided to the child, the child's parents, and the foster care provider. Copies shall also be provided to the following, if involved in services to the child: the juvenile court officer, the judge, the child's attorney, the child's guardian ad litem, the child's guardian, the child's custodian, the child's court-appointed special advocate, the parents' attorneys, the county attorney, the state foster care review board, and any other interested parties identified in the plan.

202.15(5) The initial and subsequent case permanency plans shall be completed on the forms specified in rule 441—130.7(234).

202.15(6) Rescinded IAB 4/28/04, effective 6/2/04.
[ARC 2069C, IAB 8/5/15, effective 10/1/15]

441—202.16(135H) Department approval of need for a psychiatric medical institution for children.

202.16(1) Applicants for departmental approval of need shall submit the following to the division of child and family services:

a. A description of the population to be served, including age, sex, and types of disorders, and an estimate of the number of these youth in need of psychiatric care in the area of the state in which the applicant is located.

b. A statement of the number of beds requested and a description of the treatment program to be provided, the outcomes to be achieved and the techniques for measuring outcomes.

c. A proposed date of operation as a psychiatric medical institution for children.

d. A description of the applicant's experience with providing similar services to youth, especially the target population.

e. A description of the applicant's plan, including the timeline for achieving accreditation to provide psychiatric services from a federally recognized accrediting organization under the organization's standards for residential settings and licensure as a psychiatric medical institution for children, or a copy of the organization's report if already accredited.

f. References from the service area manager for the department service area in which the proposed psychiatric medical institution for children would be located, the chief juvenile court officer of the judicial district in which the proposed psychiatric medical institution for children would be located and the applicant's licenser from the department of inspections and appeals or department of public health.

202.16(2) The department shall evaluate proposals and issue a decision based on the following criteria:

a. The number of psychiatric medical institutions for children beds for the proposed population which are needed in the area of the state in which the facility would be located, based on the department's most recent needs assessment.

b. The steps the facility has taken towards achieving accreditation from a federally recognized accrediting organization and licensure as a psychiatric medical institution for children.

c. The applicant's ability to provide services and support consistent with the requirements under Iowa Code chapter 232 including, but not limited to, evidence that:

(1) Children will be served in a setting which is in close proximity to their parents' home.

(2) Each child will receive services consistent with the child's best interests and special psychiatric needs as identified in the child's case permanency plan.

(3) Children and their families will receive services to facilitate the children's return home or other permanent placement.

d. The applicant's ability to provide children with a non-hospital-type living environment if the applicant is not freestanding from a hospital or health care facility.

e. The limits on the number of beds found in Iowa Code section 135H.6, subsection 5.

202.16(3) If a facility has not been licensed as a psychiatric medical institution for children within one year after the date of the department's approval of need, the department's approval shall expire unless the department has approved an extension. An extension may be approved up to a maximum of

six months if the agency has documented extenuating circumstances which prevented completion of the licensing process.

This rule is intended to implement Iowa Code section 135H.6.

441—202.17(232) Area group care targets.

202.17(1) *Area target.* A group care budget target shall be established for each departmental service area, which shall be based on the annual statewide group care appropriation established by the general assembly.

a. The department and the judicial branch shall jointly develop a formula for allocating the group care appropriation among the departmental service areas. The formula shall be based on:

- (1) Proportional child population.
- (2) Proportional group foster care usage in the previous five completed fiscal years.
- (3) Other indicators of need.

b. Any portion of the group care appropriation allocated for 50 highly structured juvenile program beds and not used may be used for group care.

c. Upon written agreement of the affected service area managers and chief juvenile court officers, service areas may transfer part of their group care budget from one service area to another. A service area may exceed its budget target figure up to 5 percent during the fiscal year, providing that the overall funding allocation by the department for all child welfare services in the service area is not exceeded.

d. Notwithstanding the statewide appropriation established in this subrule, a budget established in a service area's group care plan pursuant to Iowa Code section 232.143 may be exceeded, a group care placement may be ordered, and state payment may be made if the review organization finds that the placement is necessary to meet the child's service needs and if the service area has additional funds transferred from another service area or if the service area is within 5 percent of its group care budget target figure pursuant to 441—paragraph 202.17(1) "c."

The department and juvenile court services shall work together to ensure that a service area's group care expenditures shall not exceed the funds allocated to the service area for group care in the fiscal year.

e. If at any time after September 30, 1998, annualization of a service area's current expenditures indicates a service area is at risk of exceeding its group foster care expenditure target under Iowa Code section 232.143 by more than 5 percent, the department and juvenile court services shall examine all group foster care placements in that service area in order to identify those which might be appropriate for termination. In addition, any aftercare services believed to be needed for the children whose placements may be terminated shall be identified.

The department and juvenile court services shall initiate action to set dispositional review hearings for the placements identified. In the dispositional review hearing, the juvenile court shall determine whether needed aftercare services are available and whether termination of the placement is in the best interest of the child and the community.

202.17(2) *Plan for achieving target.* For each of the departmental service areas, representatives appointed by the department and juvenile court services shall establish a plan for containing the expenditure for children placed in group care within the budget target allocated to that service area. The plan shall include monthly targets and strategies for developing alternatives to group care placements.

The plans shall also ensure potential group care referrals are reviewed by the review organization prior to submission of a recommendation for group care placement to the court.

Each area plan shall be established in advance of the fiscal year to which the plan applies. To the extent possible, the department and the juvenile court shall coordinate the planning required under this subrule with planning for services paid under Iowa Code section 232.141, subsection 4. The department's service area manager shall communicate regularly, as specified in the area plan, with the juvenile courts within the service area concerning the current status of the plan's implementation.

This rule is intended to implement Iowa Code section 232.143.

441—202.18(235) Local transition committees. Local transition committees shall be established in each of the department service areas. The service area manager or designee shall determine the number

of local transition committees needed within the service area, set operating policies and procedures, and appoint committee membership.

202.18(1) Purpose. The purpose of local transition committees, as established by Iowa Code Supplement section 235.7, is to ensure that the transition needs of youth in foster care who are 16 years of age or older have been addressed in order to assist the youth in preparing for the transition from foster care to adulthood.

202.18(2) Membership. Each committee shall have a designated number of members.

a. The standing committee membership may include, but is not limited to:

- (1) Department staff involved with child welfare, adult services, or transition planning.
- (2) Juvenile court services staff.
- (3) Adult service system staff.
- (4) Education staff.
- (5) Service care provider representation.
- (6) Others knowledgeable about community resources.

b. Additionally, nonstanding membership may include those knowledgeable about the youth, including the child's court-appointed special advocate, guardian ad litem, and service or care providers.

c. In areas where teams or boards already in existence are involved in review and planning for youth needs, such as the foster care review board or child welfare funding decategorization boards, such teams or boards may serve as local transition committees.

202.18(3) Duties. Local transition committees shall address the transition needs of youth in foster care who are 16 years of age or older and who have a case permanency plan as defined in Iowa Code Supplement section 232.2. Each committee shall have operating policies and procedures to carry out the duties below.

a. Each committee shall establish a process for review and approval of written transition plans for youth for whom the committee has placement responsibility that meets a continuum of case needs and coordinates with local transition planning protocol. The process may include a paper review or an in-person review, or both, according to case need.

b. The committee may be involved when the youth is at least 16 years of age, but shall be involved in reviewing and approving a youth's transition plan before the youth reaches age 17½. When a youth enters foster care at age 17½ or older, the committee shall be involved in reviewing and approving the youth's transition plan within 30 days of completion.

c. In reviewing a youth's transition plan, the committee shall identify and act to address gaps existing in services or supports available that would assist the youth in the transition from foster care to adulthood.

d. For those youth expected to need services as adults, the committee shall ensure that the transition plan was developed with the participation of any person reasonably expected to be a service provider when the youth becomes an adult or to become responsible for the costs of services at that time.

e. The committee shall ensure that transition planning and review is coordinated with overall case planning and review. Committee review and approval shall be indicated in the youth's case permanency plan.

f. With respect to meetings involving a specific youth receiving foster care and the youth's family, the local transition committees are not subject to Iowa Code chapter 21.

g. The information and records of or provided to a local transition committee regarding a youth receiving foster care and the youth's family are not public records pursuant to Iowa Code chapter 22 when the records relate to the foster care placement and transition needs of the youth.

h. Members of the committees are subject to the standards of confidentiality set forth in Iowa Code sections 600.16, 217.30 and 235A.15.

202.18(4) Report. The service area manager or designee shall submit a report on transition planning committees to the department's division of child and family services. The report shall be submitted annually by October 1 for the immediately preceding fiscal year. The report shall include, but not be limited to, the following:

- a.* The geographical area covered for each committee within the service area.

- b. Standing committee membership for each committee.
- c. The number of cases reviewed by each committee.
- d. Identification of barriers to successful transition and gaps in community services or supports.
- e. Suggestions for ways to transition youth from foster care to adulthood more effectively.

This rule is intended to implement Iowa Code Supplement section 235.7.

CHAPTER 203
IOWA ADOPTION EXCHANGE

PREAMBLE

The purpose of the Iowa adoption exchange as mandated by Iowa Code section 232.119, is to facilitate the placement of Iowa children who are legally available for adoption.

This chapter requires that children with special needs under state guardianship be registered on the Iowa adoption exchange within 60 days after termination of parental rights unless a deferral is granted according to Iowa Code section 232.119 and that all children under state guardianship for whom an adoptive home is not available within 90 days after termination be registered, not just children with special needs. Child-placing agencies may also register children under their guardianship whose parental rights have been terminated.

Department workers, child-placing agencies and certified adoption investigators shall register approved adoptive families, if the families wish to adopt a child with special needs or a sibling group.

441—203.1(232) Definitions.

“*Certified adoption investigator*” means a person as defined in Iowa Code chapter 600 and certified by the department under 441—Chapter 107.

“*Child-placing agency*” means an agency as defined in Iowa Code chapter 238 and licensed under 441—Chapter 108.

“*Children with special needs*” means children as defined in 441—subrule 201.3(1).

“*Department*” means the Iowa department of human services.

“*Exchange*” means the Iowa adoption exchange system.

“*Iowa adoption exchange system*” is a computerized system established to facilitate the adoptive placement of children by matching children legally available for adoption and approved families desiring to adopt a child with special needs or a sibling group and referring the families to the child’s adoption worker.

“*Prospective adoptive family*” means a family residing in Iowa approved to provide an adoptive home for a child.

441—203.2(232) Children to be registered on the exchange system. All children with special needs under state guardianship shall be registered on the Iowa adoption exchange system within 60 days of receipt of the termination of parental rights court order, unless a deferral is granted by the adoption program manager. In addition to the children with special needs being placed on the exchange system, those children under state guardianship for whom an adoptive home is not available within 90 days after termination shall be placed on the exchange system by department staff. Department workers shall forward the child’s photograph to the Division of Adult, Children and Family Services, Adoption Program, for photolisting in the Iowa’s Waiting Children Book at the time that the child is registered on the Iowa adoption exchange system.

Licensed child-placing agencies may register a child whose parental rights have been terminated and who is under their guardianship using one of the following methods:

a. The agency shall submit Form 470-0751, Exchange Referral of Child/Sibling Group to the department for entry of the child’s name and data if the agency is registering less than four children a calendar year.

b. The agency shall access the Iowa adoption exchange system and directly enter the child’s name and data when the agency registers four or more children in a calendar year.

441—203.3(232) Families to be registered on the exchange system. Approved families wishing to adopt a child with special needs or a sibling group shall be registered on the exchange system by department staff.

Licensed child-placing agencies and certified adoption investigators shall register an approved family wishing to adopt a child with special needs or a sibling group on the exchange using one of the following methods:

a. Licensed child-placing agencies shall:

(1) Submit Form 470-0752, Exchange Referral of Family, to the department for entry of the family's name and data if the agency is registering less than four families a calendar year.

(2) Access the Iowa adoption exchange system and directly enter the family's name and data when the agency registers four or more families in a calendar year.

b. Certified adoption investigators shall submit Form 470-0752, Exchange Referral of Family, to the department for entry of the family's name and data.

Only families wishing to adopt a child with special needs or a child for whom no adoptive placement can be found within 90 days after termination will be placed on the exchange.

441—203.4(232) Matching process. Using the computerized Iowa adoption exchange system, department workers and licensed child-placing agencies shall search for approved families to meet the needs of the available children. The child's and family's workers shall be contacted for additional information needed to make an informed decision concerning possible adoptive placements.

These rules are intended to implement Iowa Code section 232.119.

[Filed 9/24/87, Notice 8/12/87—published 10/21/87, effective 12/1/87]

[Filed 11/15/91, Notice 9/18/91—published 12/11/91, effective 2/1/92]

CHAPTER 204
SUBSIDIZED GUARDIANSHIP PROGRAM

PREAMBLE

This chapter implements a subsidized guardianship program to provide financial assistance to guardians of eligible children who are in foster care but are not able to be adopted and are not able to return home. A subsidized guardianship agreement authorized under this chapter will remain in effect until the agreement is terminated under the terms of this chapter.

[ARC 8914B, IAB 6/30/10, effective 8/4/10; ARC 4167C, IAB 12/5/18, effective 2/1/19]

441—204.1(234) Definitions.

“*Child*” means a person who has not attained the age of 18.

“*Department*” means the Iowa department of human services.

“*Guardianship subsidy*” means a monthly payment to assist in covering the cost of room, board, clothing, and spending money for the child.

“*Nonrecurring expenses*” means reasonable and necessary guardianship fees, court costs, attorney fees, and other expenses that are directly related to finalizing the legal guardianship of a child. These expenses shall be limited to attorney fees, court filing fees and other court costs.

“*Relative*” means, for this chapter only, a person to whom a child is related by blood, marriage, or adoption, or a person who has a significant, committed, positive relationship with the child.

“*Sibling group*” means at least two children who are whole or half-siblings. A sibling group may include adopted children who have a common parent. Stepsiblings are not included as part of the sibling group.

[ARC 4167C, IAB 12/5/18, effective 2/1/19]

441—204.2(234) Eligibility.

204.2(1) *General conditions of eligibility.* The guardian named in a permanency order under Iowa Code section 232.104(2) “*d*”(1) or Iowa Code chapter 633 for a child who was previously in the custody of the department is eligible for subsidy when all of the following conditions exist:

a. The child has a documented permanency goal of:

- (1) Guardianship; or
- (2) Another planned permanent living arrangement.

b. The child is either:

- (1) 14 years of age or older and consents to the guardianship; or
- (2) No younger than 12 years of age and part of a sibling group with a child aged 14 or older.

c. The child has lived in continuous foster family care with the prospective guardian for the six months before initiation of the guardianship subsidy.

d. The prospective guardian is a licensed relative foster parent who has a significant relationship with the child and demonstrates a willingness to make a long-term commitment to the child’s care.

(1) The guardian shall be a relative as defined in this chapter.

(2) Placement with that guardian must be in the best interest of the child. The best-interest determination must be documented in the case file.

e. A child 12 years of age or older and part of a sibling group with a child 14 years of age or older may be eligible for subsidy if all criteria are met. The following conditions for the younger sibling shall also be met:

(1) The sibling is placed as a foster child in the same prospective guardian home.

(2) The guardian and the department agree it is appropriate for guardianship to be granted for the sibling.

204.2(2) *Residency.* The subsidized guardianship applicant or recipient need not reside in Iowa.

204.2(3) *Unearned income.* The family or the guardian shall provide to the department worker documentation from the source of the child’s unearned income.

204.2(4) Other services. Other services available to meet the needs of the child that are free of charge, such as federal, state, and local governmental programs, or private assistance programs, shall be explored and used prior to the expenditure of subsidized guardianship funds.
[ARC 4167C, IAB 12/5/18, effective 2/1/19]

441—204.3(234) Application. Applications for the subsidized guardianship program may be made at any county office of the department.

204.3(1) Application forms. Application for a subsidized guardianship shall be made on the approved department form.

204.3(2) Eligibility determination. The determination of whether a child meets the eligibility requirements is made by the department. The proposed guardian shall be notified in writing of the decision of the department regarding the child's eligibility for the program and the amount of subsidy to be provided.

204.3(3) Effective date. The effective date of the guardianship subsidy payment shall be the date the guardianship order is signed if all other conditions of eligibility are met.

204.3(4) Redetermination. The department worker shall review the child's eligibility, the needs of the child and the child's unearned income every 12 months. Reviews may be done more often if needed due to the child's need for special services, revision of the subsidy amount because of the child's age, or a request for review by the guardian.

204.3(5) Determination of eligibility after age 18. The department shall review the subsidy agreement when the child reaches the age of 17½ to determine whether the child is eligible to receive subsidy to the age of 21 due to the child's physical, intellectual, or mental health disability.

a. A disability shall be diagnosed by a physician, a qualified mental health professional or a qualified intellectual disability professional.

b. The diagnosed disability shall be current within one year prior to the child's eighteenth birthday.

c. Documentation of the child's diagnosed disability shall be provided by the child's parents to the department to make the determination of continued eligibility to the age of 21.

[ARC 8914B, IAB 6/30/10, effective 8/4/10; ARC 4167C, IAB 12/5/18, effective 2/1/19]

441—204.4(234) Negotiation of amount of subsidy.

204.4(1) Subsidy agreement. The amount of subsidy shall be negotiated between the department and the guardian and shall be based upon the needs of the child and the circumstances of the family.

204.4(2) Amount of subsidy. Each time negotiations are completed, the department worker and the guardian shall complete and sign a new Guardianship Subsidy Agreement.

a. The maximum monthly maintenance payment for a child in subsidized guardianship shall be made pursuant to the foster family care maintenance rates according to the age and special needs of the child as found in 441—subrule 156.6(1) and 441—paragraphs 156.6(4)“*b*” and “*f*.”

(1) The rate for the guardianship subsidy shall not exceed the state's current daily basic foster care rate plus any daily special needs allowance or sibling allowance for which the child is eligible, as found in 441—subrule 156.6(1) and 441—paragraphs 156.6(4)“*b*” and “*f*.”

(2) Rescinded IAB 1/3/07, effective 1/1/07.

b. If the subsidized guardianship payment is less than the maximum amount allowed, the guardian may request an increase if there is a substantial change in the child's needs and circumstances that requires additional resources.

c. Guardianship payments shall continue if the guardian dies or becomes incapacitated and has named a successor guardian in the Guardianship Subsidy Agreement or in any amendments to the agreement.

204.4(3) Placement outside of home. If a child needs to be placed out of the guardian's home and the plan is for the child to return to the guardian within six months, a partial subsidy amount may be negotiated.

204.4(4) Nonrecurring expenses. The nonrecurring expenses necessary to finalize a guardianship shall not exceed \$2,000.

204.4(5) Special services.

a. Reimbursement to the guardian family or direct payment made to a provider is limited to the following services.

(1) Outpatient individual or family services provided from a non-Medicaid provider only with approval from the service area manager or designee and when one of the following applies:

1. The services are not available from a Medicaid provider within a reasonable distance from the family.

2. The child and the family were receiving therapy or counseling from a non-Medicaid provider and it would not be in the child's best interest to disrupt the services.

3. Available Medicaid providers lack experience in working with foster, adopted, or blended families.

(2) Travel-related expenses including transportation, meals and lodging not covered by Medicaid for visitation or family therapy when the child is receiving Medicaid-paid services out of the home.

(3) Supplies and equipment as required by the child's special needs and unavailable through other resources.

(4) Funeral benefits at the amount allowed for a foster child in accordance with rule 441—156.8(234).

b. Any single special service and any special service delivered over a 12-month period costing \$500 or more shall have prior approval from the central office program manager prior to expending program funds.

c. For all Medicaid-covered services, the department shall reimburse at the same rate and duration as Medicaid as set forth in rule 441—79.1(249A).

[ARC 4167C, IAB 12/5/18, effective 2/1/19]

441—204.5(234) Parental liability. These subsidy payments are considered foster care payments for purposes of child support recovery and as such create a support debt for the parents.

441—204.6(234) Termination of subsidy. A Guardianship Subsidy Agreement shall remain in effect until the subsidy is terminated based on one of the grounds listed in this rule. The subsidy shall terminate when any of the following occur, and a notice shall be sent which states the reason for the termination:

1. The child reaches the age of 18, unless the department determines that the subsidy may continue until the child reaches the age of 19 to facilitate the child's completion of high school or a high school equivalency diploma.

2. The child marries or enlists in the military.

3. The child no longer lives with the guardian, except for placement outside the home as limited by subrule 204.4(3).

4. The relationship ends due to the death of the child.

5. The terms of the Guardianship Subsidy Agreement are concluded.

6. The guardian requests that the guardianship payment cease.

7. The department has determined the guardian is not providing financial support to the child.

8. The guardian fails to abide by the terms of the Guardianship Subsidy Agreement.

9. The guardianship case is terminated by court order.

10. The department funds for subsidized guardianship are no longer available.

[ARC 8914B, IAB 6/30/10, effective 8/4/10; ARC 4167C, IAB 12/5/18, effective 2/1/19]

441—204.7(234) Reinstatement of subsidy. Reinstatement of the subsidy shall be made when the subsidy was terminated at the guardian's request and the guardian has requested reinstatement.

[ARC 4167C, IAB 12/5/18, effective 2/1/19]

441—204.8(234) Appeals. The guardian may appeal adverse determination pursuant to 441—Chapter 7.

441—204.9(234) Medical assistance. Children eligible for subsidy are entitled to medical assistance as defined in 441—Chapter 75. When an Iowa child receives medical assistance from another state,

Iowa shall discontinue paying any medical costs the month following the move unless additional time is necessary for a timely notice of decision to be provided to the guardian.

The funding source for medical assistance is based on the following criteria:

1. Children from Iowa residing in Iowa shall be covered by Iowa's medical assistance.
2. Children from Iowa residing in another state shall receive medical assistance from the state of residence if eligible. Iowa shall provide medical assistance for children not eligible in their state of residence. Medical assistance available in the family's state of residence may vary from Iowa's medical assistance.
3. Children from another state residing in Iowa shall continue to be covered by the other state's medical assistance unless the state has adopted the adoption assistance interstate compact and a contract between Iowa and the other state exists.

These rules are intended to implement Iowa Code section 234.6 and 2006 Iowa Acts, House File 2734, section 17, subsection 10.
