655—3.9(17A,272C) License denial.

3.9(1) Prior to the denial of licensure to an applicant, the board shall issue a preliminary notice of denial that cites the factual and legal basis for denying the application, notifies the applicant of the appeal process and specifies the date upon which the denial will become final if not appealed.

3.9(2) An applicant who has been issued a preliminary notice of denial may appeal the notice and request a hearing on the issues related to the preliminary notice of denial by serving a request for hearing upon the executive director within 30 days following the date the preliminary notice of denial was mailed. The request for hearing shall specify the factual or legal errors in the preliminary notice of denial and provide any additional written information or documents in support of the licensure.

3.9(3) All hearings held pursuant to this rule shall be held in accordance with the process outlined in 655—Chapter 20.

3.9(4) If an applicant does not appeal a preliminary notice of denial, the preliminary notice of denial automatically becomes final.

3.10(2) To participate in the clinical component of a nurse refresher course in Iowa, a licensee must have an active license to practice nursing in Iowa or a limited authorization issued by the board. A licensee shall request the limited authorization from the board prior to beginning the clinical component of a nurse refresher course.

3.10(3) To receive a certificate of completion from the nurse refresher course, a licensee must complete all requirements of the nurse refresher course to the satisfaction of the course provider. 655—3.11(272C) Use of criminal convictions in eligibility determinations and initial licensing decisions.

3.11(1) Definitions.

"Complete criminal record" includes the complaint and judgment of conviction for each offense of which the applicant has been convicted, regardless of whether the offense is classified as a felony or a misdemeanor and regardless of the jurisdiction in which the offense occurred.

"Conviction" means a finding, plea, or verdict of guilt made or returned in a criminal proceeding, even if the adjudication of guilt is deferred, withheld, or not entered. "Conviction" includes Alford pleas and pleas of nolo contendere.

"Disqualifying offense" means a conviction directly related to the duties and responsibilities of the profession. A conviction is directly related to the duties and responsibilities of the profession if either (1) the actions taken in furtherance of an offense are actions customarily performed within the scope of practice of a licensed profession, or (2) the circumstances under which an offense was committed are circumstances customary to a licensed profession.

"License" means a license issued by the board.

3.11(2) License application. Unless an applicant for licensure petitions the board for an eligibility determination pursuant to subrule 3.11(3), the applicant's convictions will be reviewed when the board receives a completed license application.

a. An applicant must disclose all convictions on a license application. Failure to disclose all convictions is grounds for license denial or disciplinary action following license issuance.

b. In order for the license application to be considered complete, an applicant with one or more convictions shall submit the complete criminal record for each conviction and a personal statement regarding whether each conviction directly relates to the duties and responsibilities of the profession.

c. An applicant must submit as part of the license application all evidence of rehabilitation that the applicant wishes to be considered by the board.

d. The board may deny a license if the applicant has a disqualifying offense, unless the applicant demonstrates by clear and convincing evidence that the applicant is rehabilitated pursuant to Iowa Code section 272C.15.

e. An applicant with one or more disqualifying offenses who has been found rehabilitated must still satisfy all other requirements for licensure.

f. Any application fees paid will not be refunded if the license is denied.

3.11(3) Eligibility determination.

a. An individual who has not yet submitted a completed license application may petition the board for a determination of whether one or more of the individual's convictions are disqualifying offenses that would render the individual ineligible for licensure. An individual with a conviction is not required to petition the board for an eligibility determination prior to applying for licensure.

b. To petition the board for an eligibility determination of whether one or more of the petitioner's convictions are disqualifying offenses, a petitioner shall submit all of the following:

- (1) A completed eligibility determination form;
- (2) The complete criminal record for each of the petitioner's convictions;
- (3) A personal statement regarding whether each conviction directly relates to the duties and responsibilities of the profession and why the board should deem the petitioner rehabilitated;
- (4) All evidence of rehabilitation that the petitioner wishes to be considered by the board; and
- (5) Payment of a nonrefundable fee of \$25.

3.11(4) Appeal. A petitioner deemed ineligible or an applicant denied a license because of a disqualifying offense may appeal the decision in the manner and time frame set forth in the board's written decision. A timely appeal will initiate a nondisciplinary contested case proceeding. The board's rules governing contested case proceedings will apply unless otherwise specified in this rule. If the petitioner or applicant fails to timely appeal, the board's written decision will become a final order.

a. An administrative law judge will serve as the presiding officer of the nondisciplinary contested case proceeding, unless the board elects to serve as the presiding officer. When an administrative law judge serves as the presiding officer, the decision rendered shall be a proposed decision.

b. The contested case hearing shall be closed to the public, and the board's review of a proposed decision shall occur in closed session.

c. The office of the attorney general shall represent the board's initial ineligibility determination or license denial and shall have the burden of proof to establish that the petitioner's or applicant's convictions include at least one disqualifying offense. Upon the satisfaction of this burden by a preponderance of the evidence by the office of the attorney general, the burden of proof shall shift to the petitioner or applicant to establish rehabilitation by clear and convincing evidence.

d. A petitioner or applicant must appeal an ineligibility determination or license denial in order to exhaust administrative remedies. A petitioner or applicant may only seek judicial review of an ineligibility determination or license denial after the issuance of a final order following a contested case proceeding. Judicial review of the final order following a contested case proceeding shall be in accordance with Iowa Code chapter 17A.

3.11(5) Future petitions or applications. If a final order determines a petitioner is ineligible, the petitioner may not submit a subsequent petition for eligibility determination or a license application prior to the date specified in the final order. If a final order denies a license application, the applicant may not submit a subsequent license application or a petition for eligibility determination prior to the date specified in the final order.

[Prior to 5/23/84, IAC, "Disciplinary Proceedings" appeared as Ch 8]

[Prior to 5/23/84, "Licensure to Practice—Licensed Practical Nurse" appeared as Ch 4. See Ch 3.]

[Prior to 8/26/87, Nursing Board[590] Ch 4]

655—4.1(17A,147,152,272C) Board authority. The board may discipline a licensee pursuant to Iowa Code chapters 147, 152, 272C, and 272D and rules promulgated thereunder.
[ARC 6198C, IAB 2/23/22, effective 3/30/22]

655—4.2(17A,147,152,272C) Complaints and investigations.

4.2(1) General. Upon receipt of a written complaint or upon its own motion pursuant to other information received by the board, the board may review and investigate alleged acts or omissions that may violate the board's rules or that are related to the ethical or professional conduct of a licensee. The board may also determine that a complaint does not warrant an investigation.

4.2(2) Confidentiality of investigative files. Complaint files, investigation files, and all other investigation reports and investigation information in the possession of the board, including any employees or agents of the board, that relate to licensee discipline are confidential pursuant to Iowa Code section 272C.6(4).

4.2(3) Investigation. In order to determine whether disciplinary action is warranted, the executive director or a board investigator may conduct an investigation into the allegations of a complaint. Upon completion of an investigation, the investigator shall prepare a report for the board's consideration. The report may contain evidence gathered by the investigator, findings made by the investigator, the licensee's response to the allegations, and the potential laws or rules alleged to have been violated.

[ARC 6198C, IAB 2/23/22, effective 3/30/22]

655—4.3(17A,147,152,272C) Issuance of investigatory subpoenas. The board has the authority to issue investigatory subpoenas pursuant to Iowa Code section 17A.13.

4.3(1) Scope of subpoena. The executive director or designee may, upon the written request of a board investigator or on the executive director's own initiative, subpoena books, papers, records, and any other real evidence necessary for the board to determine whether it should institute a contested case proceeding.

4.3(2) Content of request. A written request for a subpoena or the executive director's written memorandum in support of the issuance of a subpoena shall contain the following:

- a. The name and address of the person to whom the subpoena will be directed;
- b. A specific description of the books, papers, records or other real evidence requested;
- c. An explanation of why the documents sought to be subpoenaed are necessary for the board to determine whether it should institute a contested case proceeding; and
- d. In the case of a subpoena request for mental health records, confirmation that the conditions described in subrule 4.3(1) have been satisfied.

4.3(3) Additional requirements for subpoenas for mental health records. In the case of a subpoena for mental health records, a written request for a subpoena or the executive director's written memorandum in support of the issuance of the subpoena shall, in addition to the requirements of subrule 4.3(2), set forth sufficient facts to establish the following:

- a. The nature of the complaint reasonably justifies the issuance of a subpoena;
- b. Adequate safeguards have been established to prevent unauthorized disclosure;
- c. An express statutory mandate, articulated public policy, or other recognizable public interest favors access; and
- d. An attempt was made to notify the patient and to secure an authorization from the patient for release of the records at issue.

4.3(4) Contents of subpoena. Each issued subpoena shall contain the following:

- a. The name and address of the person to whom the subpoena is directed;
- b. A description of the books, papers, records, or other real evidence requested;
- c. The date, time, and location for production or inspection and copying;

- d. The time within which a motion to quash or modify the subpoena must be filed;
- e. The signature, address, and telephone number of the executive director or designee;
- f. The date of issuance; and
- g. A return of service.

4.3(5) *Motion to quash.* Any person who is aggrieved or adversely affected by compliance with the subpoena and who desires to challenge the subpoena must, within 14 days after service of the subpoena, or before the time specified for compliance if such time is less than 14 days, file with the board a motion to quash or modify the subpoena. The motion shall describe the legal reasons why the subpoena should be quashed or modified and may be accompanied by legal briefs or factual affidavits.

4.3(6) *Ruling on motion.* Upon receipt of a timely motion to quash or modify a subpoena, the board may request an administrative law judge to issue a decision, or the board may issue a decision. Oral argument may be scheduled at the discretion of the board or the administrative law judge. The administrative law judge or the board may quash or modify the subpoena, deny the motion, or issue an appropriate protective order.

4.3(7) *Appeal of an administrative law judge ruling.* A person aggrieved by a ruling of an administrative law judge who desires to challenge that ruling must appeal the ruling to the board by serving on the executive director, either in person or by certified mail, a notice of appeal within ten days after service of the decision of the administrative law judge.

4.3(8) *Judicial review.* If the person contesting the subpoena is not the person under investigation, the board's decision is final for purposes of judicial review. If the person contesting the subpoena is the person under investigation, the board's decision is not final for purposes of judicial review until either:

- a. The person is notified that the investigation has been concluded with no formal action; or
- b. There is a final decision in the contested case.

[ARC 6198C, IAB 2/23/22, effective 3/30/22]

655—4.4(17A,147,152,272C) Board action. When reviewing complaints and investigative material, the board shall do one of the following:

4.4(1) Close the case without further action.

4.4(2) Close the case and issue the licensee a confidential letter of warning or letter of education. The purpose of confidential letters of warning and letters of education is to alert the licensee to possible violations of Iowa law or board rules so the licensee may address any issues. Confidential letters of warning and letters of education do not constitute formal disciplinary action and are not open for inspection under Iowa Code chapter 22. The board shall maintain a copy of confidential letters of warning and letters of education in the confidential investigative file regarding the licensee. Confidential letters of warning and letters of education may be used as evidence against a licensee in future contested case hearings before the board.

4.4(3) Request further investigation, including obtaining a peer review.

4.4(4) Determine the existence of probable cause and issue a notice of hearing and statement of charges or approve a combined statement of charges and settlement agreement.

[ARC 6198C, IAB 2/23/22, effective 3/30/22]

655—4.5(17A,147,152,272C) Peer review committee. Any case may be referred to peer review for evaluation of the professional services rendered by the licensee.

4.5(1) *Contract and case referral.* The board shall enter into a contract with peer reviewers to provide peer review services. The board or board staff shall determine which peer reviewer(s) will review a case and what investigative information shall be referred to a peer reviewer.

4.5(2) *Written report.* Peer reviewers shall review the information provided and provide a written report to the board. The written report shall contain an opinion of the peer reviewer regarding whether the licensee conformed to minimum standards of acceptable and prevailing practice of nursing and the rationale supporting the opinion.

4.5(3) *Confidentiality.* Peer reviewers shall observe the confidentiality requirements imposed by Iowa Code section 272C.6(4).

[ARC 6198C, IAB 2/23/22, effective 3/30/22]

Appropriate subject matter for continuing education credits reflects both the educational needs of the nurse learner and the health needs of the consumer. Subject matter is limited to offerings that are scientifically founded and predominantly for professional growth. The following areas are deemed appropriate subject matter for continuing education credit:

(1) Nursing practice related to health care of patients/clients/families in any setting.

(2) Professional growth and development related to nursing practice roles with a health care focus.

(3) Sciences upon which nursing practice, nursing education, or nursing research is based, e.g., nursing theories and biological, physical, behavioral, computer, social, or basic sciences.

(4) Social, economic, ethical and legal aspects of health care.

(5) Management of or administration of health care, health care personnel, or health care facilities.

(6) Education of patients or patients' significant others, students, or personnel in the health care field.

b. Continuing education credit shall not be awarded for the following:

- (1) Self-help or self-care that is not scientifically supported.
- (2) Cardiopulmonary resuscitation and basic life support classes.
- (3) Orientation in-service activities.

c. Criteria related to operation of an approved continuing education providership. The provider shall:

(1) Have a consistent, identifiable authority who has overall responsibility for the operation of the providership. The authority shall be knowledgeable in administration and have the capability to organize, execute, and evaluate the overall operations of the providership.

(2) Have an organizational chart to delineate lines of authority and communication within the providership, including any other cooperative or advisory committees. The organizational chart must illustrate the reporting structure of the providership within the parent organization, if applicable.

(3) Develop and implement mission, vision and values statements specific to the providership, and a strategic plan for their implementation.

(4) Maintain financial integrity so that participants receive the continuing education for which they have paid.

(5) Maintain participant and program records.

(6) Demonstrate and guarantee active nursing participation in the planning and administration of informal offerings. Nursing participation shall be documented in a written statement of policy, in denotation on the organizational chart, and in planning minutes.

(7) Develop a subject matter plan which indicates the mechanism of assessing the practice gaps of the nurse learner and describes how the provider shall meet the appropriate subject matter criteria as specified in subparagraphs 5.3(4) "a" (1) to (6).

(8) Demonstrate planning for each offering that includes a statement of purpose and measurable and observable learning outcomes. The outcomes shall address the educational needs and shall result in narrowing or closing the identified practice gap(s).

(9) Provide notification to licensees of the availability of informal offerings. A brochure or written advertisement shall be developed for all informal offerings other than learner-designed self-study, and an electronic copy shall be sent to the board prior to each offering. The brochure or written advertisement shall accurately describe the activities by including the date, time, and location of the informal offering, a statement of purpose, educational objectives, the intended audience, credentials of instructors, the amount of continuing education credit to be awarded, and, if applicable, costs and items covered by the fee and refund policy. The board-approved provider number shall appear on the brochure or written advertisement.

(10) Structure the program content and learning experience to relate to the stated purpose and objectives. Program content shall cover one topic or a group of closely related topics. Current, relevant, scientifically based supportive materials shall be used.

(11) Develop policies and procedures for verification of satisfactory completion of the activity by each participant. Policy shall include a system for verification of satisfactory completion, the control methods to ensure completion and a method to inform participants that completion of the offering is required prior to the awarding of credit. The provider may make an exception and award partial credit in extreme emergency conditions. The provider may award credit to other members of the providership who attend but do not serve as organizers during the actual offering. The provider may base the verification of satisfactory completion of an extended course on the participant's meeting the course objectives rather than on the number of sessions attended. The provider may award credit to a nurse for learner-designed self-study such as lecture development, research, preparation of articles for publication, development of patient care programs or patient education programs, or projects directed at resolving administrative problems.

(12) Develop policies and procedures for management of continuing education programs, including registration procedures, tuition refund, and enrollee grievances.

(13) Assign credit according to a uniform measure of credit: One contact hour equals 60 minutes. Credit shall not be awarded for courses less than one contact hour.

(14) If desired, cosponsor an offering provided by a nonapproved provider. When cosponsoring is pursued, the approved provider is responsible for ensuring that all criteria are met. A cosponsorship contract or letter of agreement shall delineate responsibilities of all parties, which include the approved provider awarding the credit and maintaining the program and participant records. Cosponsoring is not acceptable for learner-designed self-study.

(15) An approved provider shall notify the board within 30 days of changes in the administrative authority or address of the providership, or the provider's inability to meet the approved provider criteria.

d. Criteria related to record system and maintenance of continuing education programs. The provider shall:

(1) Maintain participant records for a minimum of four years from the date of program completion. The participant records shall include the name of the licensee, license number, contact hours awarded, titles of offerings, and dates of offerings. The record system policy and procedure shall provide for secure storage and retrieval of the participant records, shall limit employee access and shall describe security measures. Upon request from an individual nurse or the board, individual attendance and information regarding each offering shall be available within two weeks after the request. If individual nurses are assessed a fee for this retrieval service, the fee shall be specified. The board may not be charged for record retrieval requests.

(2) Maintain program records for a minimum of four years from the date of program completion. Program records for all informal offerings, other than learner-designed self-study, shall include a brochure or advertising, roster of participants to whom credit was awarded, and a summary of the program including participant and provider evaluations. The approved provider shall submit records for one informal offering in the most recent year for renewal of the approved provider status. Program records for learner-designed self-study shall include the written agreement between the learner and provider, date of completion, and learner and provider evaluations.

(3) Furnish a certificate to each participant documenting the date the credit was earned. The front of the certificate shall display: participant's name, provider number, contact hours awarded, date(s) of the offering, program title, and a reminder to the participant to retain the certificate for four years. A certificate issued by electronic means must be a print-only file.

e. Criteria related to faculty who teach informal offerings. The faculty shall:

(1) Be current, knowledgeable, and skillful in the subject matter of the offering by supplying evidence of further education in the subject. Such education shall be acquired through course completion or an advanced degree, experience in teaching in the specialized area within the three years preceding the offering, or one year of work experience in the specialized area within the three years preceding the offering.

(2) If applicable, be skillful in assisting a nurse in designing a learner-designed self-study program by having experience or education in course design.

(3) Include an actively licensed nurse if the subject matter is nursing or if the informal offering is learner-designed self-study.

(4) Utilize teaching methodologies appropriate to the subject, audience, and time allotment.

(5) Utilize current supportive materials by drawing from resources that are predominantly less than five years old unless the topic is of an historical nature.

(6) Not receive credit when teaching participants unless the faculty is presenting the offering for the first time. Faculty may receive partial credit for other presentations attended as part of the same offering.

(7) Not receive credit for learner-designed self-study from a provider which employs the faculty in the regular administration of the providership.

f. Criteria related to evaluation of continuing education programs. The provider shall include:

(1) A design for participants to assess achievement of program objectives, faculty effectiveness, and teaching-learning methodologies, resources and facilities for each offering.

(2) A summary evaluation process to assess the effectiveness of the offering and identify how results may be used to plan future offerings.

(3) A method of notifying the participants that the evaluation may be submitted directly to the board.

5.3(5) *Voluntary relinquishment of an approved providership.* An approved provider may voluntarily relinquish its provider number in one of two ways: Method one is to notify the board in writing that it no longer wants to be an Iowa approved provider. Method two is when an approved provider does not submit the required materials for reapproval or is unable to be located by the board, by certified mail, the board will consider that the provider has voluntarily relinquished its approved provider status.

a. When the approved providership has been voluntarily relinquished, the provider shall discontinue providing continuing education as an Iowa approved provider.

b. The provider shall maintain the records as required in subrule 5.3(4) for four years after the last credit was granted or shall transfer the records to the custody of the board.

c. The board staff shall notify other states which have mandatory nursing continuing education of the relinquishment of the approved provider status and the reason(s) for relinquishment.

d. The provider whose approved provider status has been voluntarily relinquished may apply to become an approved provider by starting the initial approval process.

5.3(6) *Audit of approved providers.* The board shall monitor approved providers for adherence to criteria as established in this chapter.

a. The board may order an audit of an approved provider or may audit as a result of a written complaint. A written complaint may be filed with the board against a provider for acts or omissions which indicate a failure to meet the criteria established in this chapter.

b. The board may revoke the approved-provider status for willful or repeated failure to meet one or more of the criteria specified in subrule 5.3(4).

c. A notice of revocation shall be issued to the provider. A provider who wishes to appeal the board's decision regarding revocation shall file an appeal within 30 days of the board's decision of revocation. A timely appeal shall initiate a contested case proceeding regarding the provider's revocation. The contested case shall be conducted according to the provisions of Iowa Code chapter 17A and 655—Chapter 20. The written decision issued at the conclusion of a contested case hearing shall be considered final agency action.

d. A provider whose approved-provider status has been revoked shall no longer advertise that the provider is an approved provider. The provider number shall no longer be used or appear in brochures, advertisements, certificates, or other materials.

e. A provider whose approved-provider status has been revoked shall maintain the records required in subrule 5.3(4) for four years after the last credit was granted or shall transfer the records to the custody of the board.

f. The board shall notify other states that have mandatory nursing continuing education of the revocation of the approved-provider status and the reason(s) for revocation.

g. A provider whose approved-provider status has been revoked may reapply no sooner than one year after the revocation of approval. The initial approval process must be followed to reapply.

655—7.9(152) Standards of practice for telehealth.

7.9(1) *Telehealth permitted.* A licensee may, in accordance with all applicable laws and rules, provide health care services to a patient through telehealth.

7.9(2) *License required.* An advanced registered nurse practitioner who provides services through telehealth to a patient physically located in Iowa must be licensed by the board. A licensee who provides services through telehealth to a patient physically located in another state shall be subject to the laws and jurisdiction of the state where the patient is physically located.

7.9(3) *Standard of care.*

a. A licensee who provides services through telehealth shall be held to the same standard of care as is applicable to in-person settings. A licensee shall not perform any service via telehealth unless the same standard of care can be achieved as if the service was performed in person.

b. Prior to initiating contact with a patient for the purpose of providing services to the patient using telehealth, a licensee shall:

- (1) Review the patient's history and all relevant medical records; and
- (2) Determine as to each unique patient encounter whether the licensee will be able to provide the same standard of care using telehealth as would be provided if the services were provided in person.

7.9(4) *Scope of practice.* A licensee who provides services through telehealth must practice within the licensee's respective population foci and ensure the services provided are consistent with the licensee's scope of practice, education, training, and experience.

7.9(5) *Practitioner-patient relationship.*

a. Prior to providing services through telehealth, the licensee shall first establish a practitioner-patient relationship. A practitioner-patient relationship is established when:

- (1) The person with a health-related matter seeks assistance from the licensee;
- (2) The licensee agrees to provide services; and
- (3) The person agrees to be treated, or the person's legal guardian or legal representative agrees to the person's being treated, by the licensee regardless of whether there has been a previous in-person encounter between the licensee and the person.

b. A practitioner-patient relationship can be established through an in-person encounter, consultation with another licensee or health care provider, or telehealth encounter.

c. Notwithstanding paragraphs 7.9(5) "a" and "b," services may be provided through telehealth without first establishing a practitioner-patient relationship in the following settings or circumstances:

- (1) Institutional settings;
- (2) Licensed or certified nursing facilities, residential care facilities, intermediate care facilities, assisted living facilities, and hospice settings;
- (3) In response to an emergency or disaster;

(4) Informal consultations with another health care provider performed by a licensee outside of the context of a contractual relationship, or on an irregular or infrequent basis, without the expectation or exchange of direct or indirect compensation;

(5) Episodic consultations by a specialist located in another jurisdiction who provides consultation services upon request to a licensee;

(6) A substitute licensee acting on behalf and at the designation of an absent licensee or other health care provider in the same specialty on an on-call or cross-coverage basis; or

(7) When a sexually transmitted disease has been diagnosed in a patient, a licensee prescribes or dispenses antibiotics to the patient's named sexual partner(s) for the treatment of the sexually transmitted disease as recommended by the U.S. Centers for Disease Control and Prevention.

7.9(6) Consent to telehealth. Prior to providing services via telehealth, the licensee shall obtain consent from the patient, or the patient's legal guardian or legal representative, to receive services via telehealth.

7.9(7) Technology. A licensee providing services through telehealth shall utilize technology that is secure and compliant with the Health Insurance Portability and Accountability Act (HIPAA). The technology must be of sufficient quality, size, resolution, and clarity such that the licensee can safely and effectively provide the telehealth services and abide by the applicable standard of care.

7.9(8) Prescriptions. A licensee providing services through telehealth may issue a prescription to a patient as long as the issuance of such prescription is consistent with the standard of care applicable to the in-person setting.

7.9(9) Records. A licensee who provides services through telehealth shall maintain a record of the care provided to the patient. Such records shall comply with all applicable laws, rules, standards of care for recordkeeping, confidentiality, and disclosure of a patient's medical record.

7.9(10) Follow-up care. A licensee who provides services through telehealth shall refer a patient for follow-up care when required by the standard of care.

CHAPTER 11
EXAMINATION OF PUBLIC RECORDS

655—11.1(17A,22,147,152,272C) Definitions.

“*Access to records*” means the general right of the public to examine and copy records. In subrule 11.2(9), it also means the right of the subject of a confidential record to authorize its release, in writing, to a named third party.

“*Confidential record*” means a record which is not available to members of the public except as specified in Iowa Code section 22.7 or other law forbidding disclosure. Nothing in this definition shall be construed to deny access to the public portions of a record which contains a mixture of public and confidential information, or to broaden the definition of confidential information to include an entire document.

“*Custodian of records*” means the executive director of the board or that official’s designee.

“*Disclosure*” means the availability or release of a record.

“*Individual*” means a living person. It does not include persons such as sole proprietorships, partnerships, corporations, or educational institutions. A business firm which is identified by the name of one or more persons is not an individual within the meaning of this part.

“*Open records*” are those records which are not authorized or required to be kept confidential under Iowa Code section 22.7 or any other provision of the law.

“*Personally identifiable information*” means information about or pertaining to an individual in a record which identifies the person by personal identifier such as the name of the individual, number, symbol or other unique retriever assigned to the individual and which is contained in a system of records as defined in this subrule.

“*Record,*” when used in these rules means “public record,” includes all records, documents, tapes or other information stored or preserved in any medium of or belonging to the board.

“*Release of information*” means granting access to examine records and providing copies as requested.

“*Subject of a record*” means an individual under whose name or other personal identifier a record is kept in a system of records.

“*System of records*” means any group of records under the control of the board from which a record is retrieved by personal identifier and all records or group of records that are not retrievable by personal identifier. Papers maintained by individual employees of the board which are prepared, maintained, or discarded at the discretion of the employee are not part of the system of records; provided, that the personal papers are not used by the employee or the board to determine any rights, benefits, or privileges of the individuals.

655—11.2(17A,22,147,152,272C) Public information and inspection of records.

11.2(1) *Public information.* Any interested person may examine public records of the board by making a written request. This request may be mailed or presented in person to the executive director or the designee at the office of the board. Records shall only be examined at the board office during the board’s regular business hours, Monday through Friday from 8 a.m. to 4:30 p.m., excluding legal holidays. Unless otherwise provided by law, all records other than confidential records, maintained by the board shall be made available for public inspection.

11.2(2) *Inspection of records.* Procedures governing requests for the inspection of records are set out in subrule 11.2(1).

11.2(3) *Board records routinely available for public inspection.* The board collects and maintains the following records that are routinely available for public inspection:

- a. Board calendars, agenda, newsletter, news releases and other information intended for the public.
- b. Board decisions, orders, opinions and other statements of law or policy issued by the board in the performance of its function.
- c. The records of rule-making proceedings.

- d. Annual reports of the board.
- e. Reports and materials filed with the board by nursing education programs and continuing education providers.
- f. Board minutes except those resulting from meetings in closed sessions in accordance with Iowa Code section 21.5.
- g. Rulings on requests for waivers of board rules.
- h. Information about licensees (rosters and mailing lists).
- i. All of the records that are not specifically exempted from disclosure from subrule 11.2(4).

The board files of public records listed above may contain confidential records. Any request to review confidential records must be made in accordance with subrule 11.2(4). In addition, the board records listed in “a,” “b,” “d,” “f,” “g,” “h,” and “i” of this subrule may contain personally identifiable information.

Various legal and technical publications relating to nursing are also available for inspection by the public in the board office.

11.2(4) *Records not routinely available for public inspection.* The following records are not routinely available for public inspection. These records are withheld as specified in Iowa Code section 22.7.

a. Materials that are specifically exempted from disclosure by statute in which the board may in its discretion withhold from public inspection. Any person may request permission to inspect particular records withheld from inspection under this subrule. At the time of the request, the board will notify all interested parties. If the request is to review materials under this subrule, the board will withhold the materials from public inspection for 14 days to allow the party who submitted the materials an opportunity to seek injunctive relief.

b. Records which the board is authorized to withhold from public inspection under Iowa law include, but are not limited to, the following:

(1) Hospital records, medical records, and professional counselor records of the conditions, diagnosis, care, or treatment of a patient or former patient or a counselee or former counselee, including outpatient.

(2) Peace officers’ investigative reports as specified in Iowa Code section 22.7, except where disclosure is authorized elsewhere in the Code. However, the date, time, specific location, and immediate facts and circumstances surrounding a crime or incident shall not be kept confidential under this section, except in those unusual circumstances where disclosure would plainly and seriously jeopardize an investigation or pose a clear and present danger to the safety of an individual.

(3) Personnel records of board staff and board members which may be confidential pursuant to Iowa Code section 22.7(11). The board maintains files containing information about employees, their families and dependents, and applicants for positions with the board. The files may include payroll records, biographical information, medical information relating to disability, performance reviews and evaluations, disciplinary information, information required for tax withholding, information concerning employee benefits, affirmative action reports, and other information concerning the employer-employee relationship.

(4) Information in a report to the state department of public health, to a local board of health, or to a local health department, which identifies a person infected with a reportable disease.

(5) Communications not required by law, rule, or procedure that are made to a government body or to any of its employees by identified persons outside of the government, to the extent that the government body receiving those communications from such persons outside of the government could reasonably believe that those persons would be discouraged from making them to that government body if they were available for general public examination. Notwithstanding this provision:

1. The communication is a public record to the extent that the person outside of government making that communication consents to its treatment as a public record.

2. Information contained in the communication is public record to the extent that it can be disclosed without directly or indirectly indicating the identity of the person outside of government making it or enabling others to ascertain the identity of that person.

3. Information contained in the communication is public record to the extent that it indicates the date, time, specific location, and immediate facts and circumstances surrounding the occurrence of a crime or other illegal act, except to the extent that its disclosure would plainly and seriously jeopardize a continuing investigation or pose a clear and present danger to the safety and danger of any person. In any action challenging the failure of the lawful custodian to disclose any particular information of the kind enumerated in this paragraph, the burden of proof is on the lawful custodian to demonstrate that the disclosure of that information would jeopardize an investigation or would pose a clear and present danger.

(6) Identifying details in final orders, decisions and opinions to the extent required to prevent a clearly unwarranted invasion of personal privacy under Iowa Code section 17A.3(1)“d.”

(7) Materials exempt from public inspection under any other provision of state law.

11.2(5) *Materials specifically exempt from disclosure by statute and which the board is prohibited from making available for public inspection.* The board is required to withhold the following materials from public inspection:

a. Records which include all complaint files, investigation files, other investigation reports and all other investigative information in the possession of the board or peer review committee acting under the authorization of the board or its employees or agents which relate to licensee application or discipline are privileged and confidential and are not subject to discovery, subpoena or other means of legal compulsion for their release to persons other than the licensee or applicant, the board, its employees and agents involved in licensee discipline. For further information and exceptions, see Iowa Code section 272C.6(4).

b. Minutes and tape recordings of portions of board meetings held in closed sessions in accordance with Iowa Code section 21.5(4).

c. Criminal history or prior misconduct of the examination applicant.

d. Information relating to the contents of the licensure examination.

e. Information relating to the examination results other than final score except for information about the results of the examination given to the person who took the examination.

11.2(6) *Requests that materials or information submitted to the board be withheld from public inspection.* Any person submitting information or materials to the board may submit a request that part or all of the information or materials not be made available for public inspection pursuant to the following requirements:

a. *Procedure.* The request shall be attached to the materials to which it applies, each page of which shall be clearly marked confidential.

b. *Content of the request.* Each request shall contain a statement of the legal basis for withholding the materials from inspection and the facts to support the legal basis relied upon. The facts underlying the legal basis shall be supported by affidavit executed by a corporate officer (or by an individual, if not a business entity) with personal knowledge of the specific facts. If the request is that the materials be withheld from inspection for a limited period of time, the period shall be specified.

c. *Compliance.* If a request complies with the requirements of paragraphs “a” and “b” of this subrule, the materials will be temporarily withheld from public inspection. The board will examine the documents to determine whether the documents should be afforded confidentiality. If the request is granted, the ruling will be placed in a public file in lieu of the materials withheld from public inspection.

d. *Request denied.* If a request for confidentiality is denied, the documents will be held confidential for 14 days to allow the applicant an opportunity to seek injunctive relief. After the 14 days expire, the materials will be available for public inspection, unless the board is directed by a court to keep the material confidential.

11.2(7) *Procedures for the inspection of board records which are routinely available for public inspection.* The records requested must be reasonably described by the person requesting them to permit their location by staff personnel. Members of the public will not be given access to the area in which records are kept and will not be permitted to search the files.

Advance requests to have records available on a certain date may be made by telephone or by correspondence.

a. Search fees. An hourly fee will be charged for searching for requested records. The fee will be based upon the pay scale of the employee who makes the search. No search fee will be charged if the records are not located, the records are not made available for inspection, or the search does not exceed one-quarter hour in duration.

b. Written request. Written requests shall list the telephone number (if any) of the person making the request, and for each document requested shall set out all available information which would assist in identifying and locating the document. The request should also set out the maximum search fee the person making the request is prepared to pay. If the maximum search fee is reached before all the requested documents have been located and copied the requesting person will be notified. When the requesting person requests that the board mail copies of the material, postage and handling expenses should also be included. Fees shall be paid directly to the board prior to the release of the requested information.

c. Procedure for written request. Records will be produced for inspection at the earliest possible date following a request. Records should be inspected within seven days after notice is given that the records have been located and are available for inspection or as otherwise agreed upon. After seven days, the records will be returned to storage and additional charges may be imposed for having to produce them again.

d. Copies. Copies of public records shall be made by the board staff and the charge shall be \$.10 per page.

11.2(8) Procedures for inspection of board records which are not routinely available for public inspections. Any person desiring to inspect board records which are not routinely available for public inspection shall file a request for inspection meeting the requirements of this subrule.

a. Content of request. The records must be reasonably described by the person requesting them so as to permit their location by staff personnel. Requests shall be directed to the Executive Director of the board.

b. Procedure. Requests for inspection shall be acted upon as follows:

(1) If the board is prohibited from disclosing the records, the request for inspection will be denied with a statement setting forth the specific grounds for denial.

(2) If the board is prohibited from disclosing part of a document from inspection, that part will be deleted and the remainder will be made available for inspection.

(3) In the case of requests to inspect records not routinely available for public inspection under subrule 11.2(4)“a”(1) through (9), the board will notify all interested parties of the request to view the materials. The board will withhold the materials from public inspection for 14 days to allow the party who submitted the material an opportunity to seek injunctive relief. If the request is granted by the board, or is partially granted and partially denied, the person who submitted the records to the board will be afforded 14 days from the date of the written ruling in which to seek injunctive relief. If injunctive relief is not requested within this period, the records will be produced for inspection.

Upon request which complies with the following procedures, the board will disclose a confidential record to its subject or to a named third party designated by the subject. a. In person request. Subjects of a confidential record who request that information be given to a named third party will be asked for positive means of identification. If an individual cannot provide suitable identification, the request will be denied.

Subjects of a confidential record who request that information be given to a named third party will be asked to sign a release form before records are disclosed.

b. Written request. All requests by subject of a confidential board record for release of the information to a named third party sent by mail shall be signed by the requester and shall include the requester’s current address and telephone number (if any). If positive identification cannot be made on the basis of the information submitted along with the information contained in the record, the request will be denied.

Subjects of a confidential record who request by mail that information be given to a named third party will be asked to sign a release form before the records are disclosed.

c. Denial of access to the record. If positive identification cannot be made on the basis of the information submitted or if data in the record are so sensitive that authorized access could cause harm or embarrassment to the individual to whom the record pertains, the board may deny access to the record pending the production of additional evidence of identity.

11.2(10) Procedure by which the subject of a board record may have additions, dissents or objections entered into the record. An individual may request an addition, dissent or any objection be entered into a board record which contains personally identifiable data pertaining to that individual. 655—11.4(17A,22,147,152,272C) Notice to suppliers of information. When the board requests a person to supply personal information, the board shall notify the person of the use that will be made of the information, which persons outside the board might routinely be provided this information, which parts of the requested information are required and which are optional, and the consequences of a failure to provide the requested information. 11.4(2) Home address. License applicants and licensees are requested to provide their home addresses. These addresses are treated as open records. If a license applicant or licensee has a basis to shield a home address from public disclosure, such as a domestic abuse protective order, written notification should be provided to the board office. Absent a court order, the board does not have a basis under Iowa Code chapter 22 to shield the home address from public disclosure, but the board shall refrain from placing the home address on its Web site and may notify the applicant or licensee before the home address is released to the public to provide an opportunity for the applicant or licensee to seek injunction.

11.4(3) License renewal. Licensees are requested to supply a wide range of information in connection with license renewal, including continuing education information, criminal history and disciplinary actions, as provided by statutes, board rules and application forms, both on paper and electronically. 11.4(4) Investigations. Licensees are required to respond to board requests for information involving the investigation of disciplinary complaints against licensees. Failure to timely respond may result in disciplinary action against the licensee to whom the request is made. Information provided in response to such a request is confidential pursuant to Iowa Code section 272C.6(4), but may become public if introduced at a hearing that is open to the public, contained in a final order, or filed with a court of judicial review.

CHAPTER 15
WAIVER RULES

655—15.1(17A,147) Definition. For purposes of this chapter, a “waiver” means action by a division board which suspends in whole or in part the requirements or provisions of a rule as applied to an identified person on the basis of the particular circumstances of that person.

[ARC 5482C, IAB 2/24/21, effective 3/31/21; ARC 5826C, IAB 8/11/21, effective 9/15/21]

655—15.2(17A,147) Scope of chapter. This chapter outlines generally applicable standards and a uniform process for the granting of individual waivers from rules adopted by division boards in situations where no other more specifically applicable law provides for waivers. To the extent another more specific provision of law governs the issuance of a waiver from a particular rule, the more specific provision shall supersede this chapter with respect to any waiver from that rule.

[ARC 5826C, IAB 8/11/21, effective 9/15/21]

655—15.3(17A,147) Applicability of chapter. A division board may only grant a waiver from a rule if the board has jurisdiction over the rule and the requested waiver is consistent with applicable statutes, constitutional provisions, or other provisions of law. A division board may not waive requirements created or duties imposed by statute.

[ARC 5826C, IAB 8/11/21, effective 9/15/21]

655—15.4(17A,147) Criteria for waiver. In response to a petition completed pursuant to rule 655—15.6(147,ExecOrd8,78GA,ch1176), a division board may in its sole discretion issue an order waiving in whole or in part the requirements of a rule if the board finds, based on clear and convincing evidence, all of the following:

1. The application of the rule would impose an undue hardship on the person for whom the waiver is requested;

2. The waiver from the requirements of the rule in the specific case would not prejudice the substantial legal rights of any person;

3. The provisions of the rule subject to the petition for waiver are not specifically mandated by statute or another provision of law; and

4. Substantially equal protection of public health, safety, and welfare will be afforded by a means other than that prescribed in the particular rule for which the waiver is requested.

[ARC 5482C, IAB 2/24/21, effective 3/31/21; ARC 5826C, IAB 8/11/21, effective 9/15/21]

655—15.5(17A,147) Filing of petition. A petition for a waiver must be submitted in writing to the board, as follows:

15.5(1) License application. If the petition relates to a license application, the petition shall be made in accordance with the filing requirements for the license in question.

15.5(2) Contested cases. If the petition relates to a pending contested case, the petition shall be filed in the contested case proceeding, using the caption of the contested case.

15.5(3) Other. If the petition does not relate to a license application or a pending contested case, the petition may be submitted to the board’s executive secretary.

[ARC 5826C, IAB 8/11/21, effective 9/15/21]

655—15.6(17A,147) Content of petition. A petition for waiver shall include the following information where applicable and known to the requester:

1. The name, address, and telephone number of the person or entity for whom a waiver is requested, and the case number of any related contested case.

2. A description and citation of the specific rule from which a waiver is requested.

3. The specific waiver requested, including the precise scope and duration.

4. The relevant facts that the petitioner believes would justify a waiver under each of the four criteria described in rule 655—15.4(147,ExecOrd8,78GA,ch1176). This statement shall include a signed

statement from the petitioner attesting to the accuracy of the facts provided in the petition, and a statement of reasons that the petitioner believes will justify a waiver.

5. A history of any prior contacts between the board and the petitioner relating to the regulated activity or license affected by the proposed waiver, including a description of each affected license held by the requester, any notices of violation, contested case hearings, or investigative reports relating to the regulated activity or license within the last five years.

6. Any information known to the requester regarding the board's treatment of similar cases.

7. The name, address, and telephone number of any public agency or political subdivision which also regulates the activity in question, or which might be affected by the grant of a waiver.

8. The name, address, and telephone number of any person or entity who would be adversely affected by the grant of a waiver.

9. The name, address, and telephone number of any person with knowledge of the relevant facts relating to the proposed waiver.

10. Signed releases of information authorizing persons with knowledge regarding the request to furnish the board with information relevant to the waiver.

[ARC 5826C, IAB 8/11/21, effective 9/15/21]

655—15.7(17A,147) Additional information. Prior to issuing an order granting or denying a waiver, the board may request additional information from the petitioner relative to the petition and surrounding circumstances. If the petition was not filed in a contested case, the board may, on its own motion or at the petitioner's request, schedule a telephonic or in-person meeting between the petitioner and the board's executive secretary, a committee of the board, or a quorum of the board.

[ARC 5826C, IAB 8/11/21, effective 9/15/21]

655—15.8(17A,147) Notice. The board shall acknowledge a petition upon receipt. The board shall ensure that notice of the pendency of the petition and a concise summary of its contents have been provided to all persons to whom notice is required by any provision of law within 30 days of the receipt of the petition. In addition, the board may give notice to other persons. To accomplish this notice provision, the board may require the petitioner to serve the notice on all persons to whom notice is required by any provision of law, and provide a written statement to the board attesting that notice has been provided.

[ARC 5826C, IAB 8/11/21, effective 9/15/21]

655—15.9(17A,147) Hearing procedures. The provisions of Iowa Code sections 17A.10 to 17A.18A regarding contested case hearings shall apply to any petition for a waiver filed within a contested case, and shall otherwise apply to agency proceedings for a waiver only when the board so provides by rule or order or is required to do so by statute.

[ARC 5826C, IAB 8/11/21, effective 9/15/21]

655—15.10(17A,147) Ruling. An order granting or denying a waiver shall be in writing and shall contain a reference to the particular person and rule or portion thereof to which the order pertains, a statement of the relevant facts and reasons upon which the action is based, and a description of the precise scope and duration of the waiver if one is issued.

15.10(1) Board discretion. The final decision on whether the circumstances justify the granting of a waiver shall be made at the sole discretion of the board, upon consideration of all relevant factors. Each petition for a waiver shall be evaluated by the board based on the unique, individual circumstances set out in the petition.

15.10(2) Burden of persuasion. The burden of persuasion rests with the petitioner to demonstrate by clear and convincing evidence that the board should exercise its discretion to grant a waiver from a board rule.

15.10(3) Narrowly tailored exception. A waiver, if granted, shall provide the narrowest exception possible to the provisions of a rule.

15.10(4) Administrative deadlines. When the rule from which a waiver is sought establishes administrative deadlines, the board shall balance the special individual circumstances of the petitioner with the overall goal of uniform treatment of all similarly situated persons.

15.10(5) Conditions. The board may place any condition on a waiver that the board finds desirable to protect the public health, safety, and welfare.

15.10(6) Time period of waiver. A waiver shall not be permanent unless the petitioner can show that a temporary waiver would be impracticable. If a temporary waiver is granted, there is no automatic right to renewal. At the sole discretion of the board, a waiver may be renewed if the board finds that grounds for a waiver continue to exist.

15.10(7) Time for ruling. The board shall grant or deny a petition for a waiver as soon as practicable but, in any event, shall do so within 120 days of its receipt, unless the petitioner agrees to a later date. However, if a petition is filed in a contested case, the board shall grant or deny the petition no later than the time at which the final decision in that contested case is issued.

15.10(8) When deemed denied. Failure of the board to grant or deny a petition within the required time period shall be deemed a denial of that petition by the board. However, the board shall remain responsible for issuing an order denying a waiver.

15.10(9) Service of order. Within seven days of its issuance, any order issued under this chapter shall be transmitted to the petitioner or the person to whom the order pertains and to any other person entitled to such notice by any provision of law.

[ARC 5826C, IAB 8/11/21, effective 9/15/21]

655—15.11(17A,147) Public availability. All orders granting or denying a waiver petition shall be indexed, filed, and available for public inspection as provided in Iowa Code section 17A.3. Petitions for a waiver and orders granting or denying a waiver petition are public records under Iowa Code chapter 22. Some petitions or orders may contain information the board is authorized or required to keep confidential. The board may accordingly redact confidential information from petitions or orders prior to public inspection.

[ARC 5826C, IAB 8/11/21, effective 9/15/21]

655—15.12(17A,147) Submission of waiver information. Within 60 days of granting or denying a waiver, the board shall submit the following information to the Internet site created pursuant to Iowa Code section 17A.9A(4): the rule(s) for which a waiver has been granted or denied, the number of times a waiver was granted or denied for each rule, a citation to the statutory provisions implemented by the rule(s), and a general summary of the reasons justifying the board's actions on the waiver request. If practicable, the submission shall detail the extent to which the granting of a waiver has established a precedent for additional waivers and the extent to which the granting of a waiver has affected the general applicability of the rule itself.

[ARC 5826C, IAB 8/11/21, effective 9/15/21]

655—15.13(17A,147) Cancellation of a waiver. A waiver issued by a division board pursuant to this chapter may be withdrawn, canceled, or modified if, after appropriate notice and hearing, the board issues an order finding any of the following:

1. The petitioner or the person who was the subject of the waiver order withheld or misrepresented material facts relevant to the propriety or desirability of the waiver; or
2. The alternative means for ensuring that the public health, safety and welfare will be adequately protected after issuance of the waiver order have been demonstrated to be insufficient; or
3. The subject of the waiver order has failed to comply with all conditions contained in the order.

[ARC 5826C, IAB 8/11/21, effective 9/15/21]

655—15.14(17A,147) Violations. Violation of a condition in a waiver order shall be treated as a violation of the particular rule for which the waiver was granted. As a result, the recipient of a waiver under this chapter who violates a condition of the waiver may be subject to the same remedies or penalties as a person who violates the rule at issue.

[ARC 5826C, IAB 8/11/21, effective 9/15/21]

655—15.15(17A,147) Defense. After the board issues an order granting a waiver, the order is a defense within its terms and the specific facts indicated therein for the person to whom the order pertains in any proceeding in which the rule in question is sought to be invoked.
[ARC 5826C, IAB 8/11/21, effective 9/15/21]

655—15.16(17A,147) Judicial review. Judicial review of the board's decision to grant or deny a waiver petition may be taken in accordance with Iowa Code chapter 17A.
[ARC 5826C, IAB 8/11/21, effective 9/15/21]

CHAPTER 18
MILITARY SERVICE AND VETERAN RECIPROCITY

655—18.1(272C) Definitions.

“Military service” means honorably serving on federal active duty, state active duty, or national guard duty, as defined in Iowa Code section 29A.1; in the military services of other states, as provided in 10 U.S.C. Section 101(c); or in the organized reserves of the United States, as provided in 10 U.S.C. Section 10101.

“Military service applicant” means an individual requesting credit toward licensure for military education, training, or service obtained or completed in military service.

“Reciprocity” means the process by which a nurse licensed in another jurisdiction becomes licensed in Iowa. Reciprocity may also be referred to as “endorsement.”

“Veteran” means an individual who meets the definition of “veteran” in Iowa Code section 35.1(2). [ARC 1910C, IAB 3/18/15, effective 4/22/15; ARC 4757C, IAB 11/6/19, effective 12/11/19; ARC 5761C, IAB 7/14/21, effective 8/18/21]

655—18.2(272C) Military education, training, and service credit. A military service applicant may apply for credit for verified military education, training, or service toward any experience or educational requirement for licensure by submitting a military service application form to the board office.

18.2(1) The application may be submitted with an application for licensure or examination or prior to application for licensure or to take an examination. No fee is required with submission of an application for military service credit.

18.2(2) The applicant shall identify the experience or educational licensure requirement to which the credit would be applied if granted. Credit shall not be applied to an examination requirement.

18.2(3) The applicant shall provide documents, military transcripts, a certified affidavit, or forms that verify completion of the relevant military education, training, or service, which may include, when applicable, the applicant’s Certificate of Release or Discharge from Active Duty (DD Form 214) or Verification of Military Experience and Training (VMET) (DD Form 2586).

18.2(4) Upon receipt of a completed military service application, the board shall promptly determine whether the verified military education, training, or service will satisfy all or any part of the identified experience or educational qualifications for licensure requirement.

18.2(5) The board shall grant the credit requested in the application in whole or in part if the board determines that the verified military education, training, or service satisfies all or part of the experience or educational qualifications for licensure.

18.2(6) The board shall inform the military service applicant in writing of the credit, if any, given toward an experience or educational qualification for licensure, or explain why no credit was granted. The applicant may request reconsideration upon submission of additional documentation or information.

18.2(7) A military service applicant who is aggrieved by the board’s decision may request a contested case (administrative hearing) and may participate in a contested case by telephone. A request for a contested case shall be made within 30 days of issuance of the board’s decision. No fees or costs shall be assessed against the military service applicant in connection with a contested case conducted pursuant to this subrule.

18.2(8) The board shall grant or deny the military service application prior to ruling on the application for licensure. The applicant shall not be required to submit any fees in connection with the licensure application unless the board grants the military service application. If the board does not grant the military service application, the applicant may withdraw the licensure application or request that the licensure application be placed in pending status for up to one year or as mutually agreed. The withdrawal of a licensure application shall not preclude subsequent applications supported by additional documentation or information.

[ARC 1910C, IAB 3/18/15, effective 4/22/15; ARC 4757C, IAB 11/6/19, effective 12/11/19]

655—18.3(272C) Veteran reciprocity.

18.3(1) A veteran with a nursing license in another jurisdiction may apply for licensure in Iowa through reciprocity (endorsement) pursuant to 655—Chapter 3. A veteran must pass any examinations required for licensure to be eligible for licensure through reciprocity. A fully completed application for licensure submitted by a veteran under this subrule shall be given priority and shall be expedited.

18.3(2) Such an application shall contain all of the information required of all applicants for licensure who hold licenses in other jurisdictions and who are applying for licensure by reciprocity, including but not limited to completion of all required forms, payment of applicable fees, disclosure of criminal or disciplinary histories, and, if applicable, a criminal history background check. The applicant shall use the same forms as any other applicant for licensure by reciprocity and shall additionally provide such documentation as is reasonably needed to verify the applicant's status as a veteran under Iowa Code section 35.1(2) .

18.3(3) Upon receipt of a fully completed licensure application, the board shall promptly determine if the professional or occupational licensing requirements of the jurisdiction where the applicant is licensed are substantially equivalent to the licensing requirements in Iowa. The board shall make this determination based on information supplied by the applicant and such additional information as the board may acquire from the applicable jurisdiction. The board may consider the following factors in determining substantial equivalence: scope of practice, education and coursework, degree requirements, postgraduate experience, and examinations required for licensure.

18.3(4) The board shall promptly grant a license to the applicant if the applicant is licensed in the same or similar profession in another jurisdiction whose licensure requirements are substantially equivalent to those required in Iowa, unless the applicant is ineligible for licensure based on other grounds, for example, the applicant's disciplinary or criminal background.

18.3(5) If the board determines that the licensing requirements in the jurisdiction in which the applicant is licensed are not substantially equivalent to those required in Iowa, the board shall promptly inform the applicant of the additional experience, education, or examinations required for licensure in Iowa. Unless the applicant is ineligible for licensure based on other grounds, such as disciplinary or criminal background, the following shall apply:

a. If an applicant has not passed the required examination(s) for licensure, the applicant may not be issued a provisional license but may request that the licensure application be placed in pending status for up to one year or as mutually agreed to provide the applicant with the opportunity to satisfy the examination requirements.

b. If additional experience or education is required in order for the applicant's qualifications to be considered substantially equivalent, the applicant may request that the board issue a provisional license for a specified period of time during which the applicant will successfully complete the necessary experience or education. The board shall issue a provisional license for a specified period of time upon such conditions as the board deems reasonably necessary to protect the health, welfare or safety of the public unless the board determines that the deficiency is of a character that the public health, welfare or safety will be adversely affected if a provisional license is granted.

c. If a request for a provisional license is denied, the board shall issue an order fully explaining the decision and shall inform the applicant of the steps the applicant may take in order to receive a provisional license.

d. If a provisional license is issued, the application for full licensure shall be placed in pending status until the necessary experience or education has been successfully completed or the provisional license expires, whichever occurs first. The board may extend a provisional license on a case-by-case basis for good cause.

18.3(6) A veteran who is aggrieved by the board's decision to deny an application for a reciprocal license or a provisional license or is aggrieved by the terms under which a provisional license will be granted may request a contested case (administrative hearing) and may participate in a contested case by telephone. A request for a contested case shall be made within 30 days of issuance of the board's

decision. No fees or costs shall be assessed against the applicant in connection with a contested case conducted pursuant to this subrule.

CHAPTER 19
IOWA NURSE ASSISTANCE PROGRAM

655—19.1(272C) Iowa nurse assistance program committee. Pursuant to the authority of Iowa Code section 272C.3(1)“k,” the board establishes the Iowa nurse assistance program committee (INAPC), formerly known as the licensee review committee, to implement the Iowa nurse assistance program (INAP). The purpose of the INAPC is to provide a program to support the evaluation and monitoring of licensees who are impaired as a result of any substance use disorder or any mental or physical health condition, while protecting the health, safety and welfare of the public.
[ARC 2204C, IAB 10/28/15, effective 12/2/15; ARC 5188C, IAB 9/23/20, effective 10/28/20]

“*INAP*” or “*program*” means the Iowa nurse assistance program.

“*Recognized treatment provider*” means a licensed health care provider with board-approved expertise in substance use disorders or mental or physical health conditions.

“*Referral by the board*” means the board has determined, with or without having taken disciplinary action, that the applicant or licensee is an appropriate candidate for participation in the program.

[ARC 2204C, IAB 10/28/15, effective 12/2/15; ARC 5188C, IAB 9/23/20, effective 10/28/20]

655—19.3(272C) Organization of the committee. The board shall appoint the members of the INAPC.

19.3(1) Membership. The membership of the INAPC includes, but is not limited to:

- a. The executive director of the board or the director’s designee from the board’s staff;
- b. One board of nursing licensee who has maintained sobriety for a period of no less than two years following successful completion of a recovery program;
- c. One licensed health care provider with expertise in substance use disorders;
- d. One licensed provider with expertise in mental health; and
- e. One public member.

19.3(2) Officers. At the last meeting of each calendar year, the INAPC shall elect a chairperson and a vice chairperson, each of whom will begin serving a one-year term on January 1.

a. The chairperson is responsible for offering guidance and direction to staff between regularly scheduled committee meetings, including guidance and direction concerning negotiation and execution of initial agreements, contracts, and program descriptions and interim restrictions on practice, on behalf of the committee. The INAPC retains authority to review all interim decisions at its discretion.

b. The vice chairperson is responsible for providing guidance and direction to staff between regularly scheduled committee meetings if the chairperson is unavailable or unable to assist in a particular matter.

19.3(3) Terms. Committee members, except the executive director or designee, shall be appointed for three-year terms and shall serve for a maximum of three terms. Each term shall expire on December 31 of the third year of the term.

[ARC 2204C, IAB 10/28/15, effective 12/2/15]

655—19.4(272C) Eligibility.

19.4(1) Self-report. An applicant or a licensee shall provide a written self-report of an impairment or potential impairment directly to the program.

19.4(2) Board referral. The board may refer an applicant or licensee to the program if a complaint or investigation reveals an impairment or potential impairment and the board determines that the individual is an appropriate candidate for review by the INAPC. The board may refer a licensee to the program in a public disciplinary order or other public order.

19.4(3) Review by the INAPC. The INAPC will determine on a case-by-case basis whether an applicant or licensee who self-reports or is referred by the board is an appropriate candidate for participation in the program. Several factors may lead to the INAPC's determination that an applicant or licensee is ineligible to participate in the program, including but not limited to if the committee finds sufficient evidence that the applicant or licensee:

- a. Diverted drugs for distribution to third parties or for personal profit;
- b. Adulterated, misbranded, or otherwise tampered with drugs intended for a patient;
- c. Provided inaccurate, misleading, or fraudulent information or failed to fully cooperate with the INAPC;
- d. Participated in the program, or similar programs offered by other states, without success; or
- e. Fails to sign a contract when recommended by the INAPC.

19.4(4) Discretion. Eligibility to participate in the program is at the sole discretion of the INAPC. No person is entitled to participate in the program.

19.4(5) Authority and jurisdiction of the board over participants.

a. A participant's entrance into an initial agreement or contract with the INAPC does not divest the board of its authority or jurisdiction over the participant.

b. A participant's entrance into an initial agreement or contract with the INAPC specifically does not divest the board of its authority or jurisdiction to impose discipline against a participant who receives a criminal conviction or discipline from another state's licensing agency, regardless of whether the conduct resulting in the conviction or out-of-state discipline is related to the participant's impairment, and regardless of whether the conviction or out-of-state discipline occurred prior to or after the participant entered into the initial agreement or contract with the INAPC.

c. Participants may be eligible to continue participating in the program, subject to the INAPC's discretion, while being subject to investigation or discipline by the board for conduct unrelated to the participant's impairment.

[ARC 2204C, IAB 10/28/15, effective 12/2/15; ARC 5188C, IAB 9/23/20, effective 10/28/20]

655—19.5(272C) Terms of participation. A participant shall agree to comply with the INAP terms of participation established in the initial agreement and contract. Participants will be responsible for all expenses incurred to comply with the terms imposed by the program. Terms of participation specified in the contract shall include, but not be limited to:

19.5(1) Duration. The length of time a participant may participate in the program shall be determined by the INAPC in accordance with the following:

a. Participation in the program for participants impaired as a result of a substance use disorder is set at a minimum of three years. The INAPC may offer a contract with a shorter duration to a participant who can demonstrate successful participation in another state's nurse assistance program, who can document similar experience, or who, as a board referral, has successfully completed a portion of the monitoring period established in the board order.

b. Length of participation in the program for participants with impairments resulting from mental or physical conditions will vary depending upon the recommendations provided by an approved licensed health care professional and the determination of the INAPC following review of all relevant information.

19.5(2) Requirements. The INAPC shall establish terms designed to meet the specific needs of the participant. The committee shall determine the type of recovery, rehabilitation, or maintenance program required to treat the participant's impairment. The contract shall provide a detailed description of the goals of the program, the requirements for successful participation, and the participant's obligations therein. The committee may establish terms specific to a participant's impairment including, but not limited to: treatment, aftercare, worksite monitoring, chemical screening, further evaluations, structured recovery meetings, therapy, and medication management.

19.5(3) Practice restrictions. The INAPC may impose restrictions on the license to practice as a term of the initial agreement or contract until such time as the INAPC receives a report from an approved evaluator and the INAPC determines, based on all relevant information, that the participant is capable of practicing with reasonable skill and safety. As a condition of participation in the program, a licensee is required to agree to restricted practice in accordance with the terms specified in the initial agreement or contract. In the event the licensee refuses to agree to or comply with the practice restrictions, the committee shall refer the licensee to the board for appropriate action.

19.5(4) Noncompliance. Noncompliance is the failure to adhere to the terms of the initial agreement or contract. Participants shall promptly notify the INAPC of any instances of noncompliance, including relapse. Instances of noncompliance shall initially be reviewed by the INAP program coordinator. The INAP program coordinator may refer instances of noncompliance to the INAPC for further review of continued participation in the program. The INAPC may refer instances of noncompliance to the board for possible disciplinary action.

[ARC 2204C, IAB 10/28/15, effective 12/2/15]

655—19.6(272C) Referral to the board. If a participant is alleged to have violated a statute or board administrative rule, based on conduct that is unrelated to the participant's impairment, the INAPC shall refer the participant to the board for appropriate action.

[ARC 2204C, IAB 10/28/15, effective 12/2/15; ARC 5188C, IAB 9/23/20, effective 10/28/20]

655—19.7(272C) Confidentiality. Information in the possession of the board or the committee shall be subject to the confidentiality requirements of Iowa Code section 272C.6. Information about participants in the program shall not be disclosed except as provided in this rule.

19.7(1) The INAPC is authorized, pursuant to Iowa Code section 272C.6(4), to communicate information about a current or former INAP participant to the applicable regulatory authorities or impaired licensee programs in the state of Iowa and in any jurisdiction of the United States or foreign nations in which the participant is currently licensed or in which the participant seeks licensure. INAP participants must report their participation to the applicable nurse assistance program or licensing authority in any state in which the participant is currently licensed or in which the participant seeks licensure.

19.7(2) The INAPC is authorized to communicate information about an INAP participant to any person assisting in the participant's treatment, recovery, rehabilitation, monitoring, or maintenance for the duration of the contract.

19.7(3) The INAPC is authorized to communicate information about an INAP participant to the board in the event a participant does not comply with the terms of the contract as set forth in rule 655—19.5(272C). The INAPC may provide the board with a participant's INAP file in the event the participant does not comply with the terms of the contract and the INAPC refers the case to the board for the filing of formal disciplinary charges or other appropriate action. If the board initiates disciplinary action against a licensee for noncompliance with the terms of the contract, the board may include information about a licensee's participation in the INAP in the public disciplinary documents. The INAPC is also authorized to communicate information about a participant to the board in the event the participant is under investigation by the board.

19.7(4) The INAPC is authorized to communicate information about a current or former INAP participant to the board if reliable information held by the INAPC reasonably indicates a significant risk to the public exists. If the board initiates disciplinary action based upon this information, the board may

include in the public disciplinary documents information about a licensee's participation if necessary to address impairment issues related to the violations which are the subject of the disciplinary action.

[ARC 2204C, IAB 10/28/15, effective 12/2/15]

655—19.8(28E) Authority for 28E agreements. The INAPC may enter into 28E agreements with other health professional licensing boards to evaluate, assist, and monitor impaired licensees from other health professions who self-report and to report to those professional licensing boards regarding the compliance of individual licensees. In the event of noncompliance, the licensee may be referred to the appropriate licensing board for appropriate disciplinary action.

For good cause, the presiding officer may lengthen or shorten the time to take any action, except as precluded by statute or by rule. Except for good cause stated in the record, before lengthening or shortening the time to take any action, the presiding officer shall afford all parties an opportunity to be heard or to file written arguments.

[ARC 2339C, IAB 1/6/16, effective 2/10/16]

655—20.4(17A,272C) Applicability of Iowa Rules of Civil Procedure. Except as expressly provided in Iowa Code chapter 17A and these rules, the Iowa Rules of Civil Procedure do not apply to contested case proceedings. However, upon application by a party, the board may permit the use of procedures provided for in the Iowa Rules of Civil Procedure unless doing so would unreasonably complicate the proceedings or impose an undue hardship on a party.

[ARC 2339C, IAB 1/6/16, effective 2/10/16]

655—20.5(17A,272C) Combined statement of charges and settlement agreement. Upon a determination by the board that probable cause exists to take public disciplinary action, the board and the licensee may enter into a combined statement of charges and settlement agreement.

20.5(1) No licensee is entitled to be offered a combined statement of charges and settlement agreement.

20.5(2) Entering into a combined statement of charges and settlement agreement is completely voluntary.

20.5(3) The combined statement of charges and settlement agreement shall include a brief statement of the charges, the circumstances that led to the charges, and the terms of settlement.

20.5(4) A combined statement of charges and settlement agreement shall constitute the commencement and resolution of a contested case proceeding. By entering into a combined statement of charges and settlement agreement, the licensee waives the right to a contested case hearing on the matter.

20.5(5) A combined statement of charges and settlement agreement is a permanent public record open for inspection under Iowa Code chapter 22.

[ARC 2339C, IAB 1/6/16, effective 2/10/16]

655—20.6(17A,272C) Notice of hearing.

20.6(1) Delivery. Delivery of the notice of hearing constitutes the commencement of the contested case proceeding. Delivery may be executed by:

[ARC 2339C, IAB 1/6/16, effective 2/10/16]

655—20.9(17A,272C) Presiding officer in a disciplinary contested case. The presiding officer in a disciplinary contested case shall be the board. When acting as presiding officer, the board may request that an administrative law judge perform certain functions as an aid to the board, such as ruling on prehearing motions, conducting the prehearing conference, ruling on evidentiary objections at hearing, assisting in deliberations, and drafting the written decision for review by the board.

[ARC 2339C, IAB 1/6/16, effective 2/10/16]

655—20.10(17A,272C) Presiding officer in a nondisciplinary contested case.

20.10(1) Any party in a nondisciplinary contested case who wishes to request that the presiding officer assigned to render a proposed decision be an administrative law judge employed by the department of inspections and appeals must file a written request within 20 days after service of the notice of hearing.

20.10(2) The board may deny the request only upon a finding that one or more of the following apply:

- a. There is a compelling need to expedite issuance of a final decision in order to protect the public health, safety, or welfare.
- b. An administrative law judge is unavailable to hear the case within a reasonable time.
- c. The case involves significant policy issues of first impression that are inextricably intertwined with the factual issues presented.
- d. The demeanor of the witnesses is likely to be dispositive in resolving the disputed factual issues.
- e. Funds are unavailable to pay the costs of an administrative law judge and an interagency appeal.
- f. The request was not timely filed.
- g. The request is not consistent with a specified statute.

20.10(3) The board shall issue a written ruling specifying the grounds for its decision within 20 days after a request for an administrative law judge is filed. If the ruling is contingent upon the availability of an administrative law judge, the parties shall be notified at least 10 days prior to hearing if an administrative law judge will not be available.

[ARC 2339C, IAB 1/6/16, effective 2/10/16]

655—20.11(17A,272C) Disqualification.

20.11(1) A presiding officer or other person shall withdraw from participation in the making of any proposed or final decision in a contested case if that person:

- a. Has a personal bias or prejudice concerning a party or a representative of a party.
- b. Has personally investigated, prosecuted, or advocated in connection with that case, the specific controversy underlying that case, another pending factually related contested case, or a pending factually related controversy that may culminate in a contested case involving the same parties. If the licensee elects to appear before the board in the investigative process, the licensee waives this provision.
- c. Is subject to the authority, direction or discretion of any person who has personally investigated, prosecuted or advocated in connection with that contested case, the specific controversy underlying that contested case, or a pending factually related contested case or controversy involving the same parties.
- d. Has acted as counsel to any person who is a private party to that proceeding within the past two years.
- e. Has a personal financial interest in the outcome of the case or any other significant personal interest that could be substantially affected by the outcome of the case.
- f. Has a spouse or relative within the third degree of relationship who:
 - (1) Is a party to the case, or an officer, director or trustee of a party;
 - (2) Is a lawyer in the case;
 - (3) Is known to have an interest that could be substantially affected by the outcome of the case; or
 - (4) Is likely to be a material witness in the case.
- g. Has any other legally sufficient cause to withdraw from participation in the decision making in that case.

20.11(2) The term “personally investigated” means taking affirmative steps to interview witnesses directly or to obtain documents or other information directly. The term “personally investigated” does not include:

- a. General direction and supervision of assigned investigators;
- b. Unsolicited receipt of information which is relayed to assigned investigators;
- c. Review of another person’s investigative work product in the course of determining whether there is probable cause to initiate a proceeding; or
- d. Exposure to factual information while performing other agency functions, including fact gathering for purposes other than investigation of the matter which culminates in a contested case.

Factual information relevant to the merits of a contested case received by a person who later serves as presiding officer in that case shall be disclosed if required by Iowa Code section 17A.17(3) and subrules 20.11(3) and 20.28(8).

By electing to participate in an appearance before the board, the licensee waives any objection to a board member's both participating in the appearance and later participating as a decision maker in a contested case proceeding on the grounds that the board member "personally investigated" the matter under this provision.

20.11(3) In a situation where a presiding officer or other person knows of information which might reasonably be deemed to be a basis for disqualification and decides voluntary withdrawal is unnecessary, that person shall submit the relevant information for the record by affidavit and shall provide for the record a statement of the reasons for the determination that withdrawal is unnecessary.

20.11(4) If a party asserts disqualification on any appropriate ground, including those listed in subrule 20.11(1), the party shall file a motion supported by an affidavit pursuant to Iowa Code section 17A.11(3). The motion must be filed as soon as practicable after the reason alleged in the motion becomes known to the party. The individual against whom disqualification is asserted shall make the initial determination as to whether disqualification is required. If the individual elects not to disqualify, the board shall make the final determination as to disqualification of that individual as part of the record in the case.

[ARC 2339C, IAB 1/6/16, effective 2/10/16]

655—20.12(17A,272C) Waiver of procedures. Unless otherwise precluded by law, the parties in a contested case proceeding may waive any provision of this chapter. However, the board in its discretion may refuse to give effect to such a waiver when the board deems the waiver to be inconsistent with the public interest.

[ARC 2339C, IAB 1/6/16, effective 2/10/16]

655—20.13(17A,272C) Telephone or electronic proceedings. The presiding officer may resolve prehearing matters by telephone conference in which all parties have an opportunity to participate. Contested case hearings will generally not be held by telephone or electronic means in the absence of consent by all parties under compelling circumstances. Nothing shall prohibit a witness from testifying by telephone or electronic means pursuant to paragraph 20.26(3) "b."

[ARC 2339C, IAB 1/6/16, effective 2/10/16]

655—20.14(17A,272C) Consolidation—severance.

20.14(1) Consolidation. The presiding officer may consolidate any or all matters at issue in two or more contested case proceedings where: (a) the matters at issue involve common parties or common questions of fact or law; (b) consolidation would expedite and simplify consideration of the issues involved; and (c) consolidation would not adversely affect the rights of any of the parties to those proceedings.

20.14(2) Severance. The presiding officer may, for good cause shown, order any contested case proceedings or portions thereof severed.

[ARC 2339C, IAB 1/6/16, effective 2/10/16]

655—20.15(17A,272C) Appearance. The respondent or applicant may be represented by an attorney. The attorney must file an appearance in the contested case. If the attorney is not licensed to practice law in Iowa, the attorney must fully comply with Iowa Court Rule 31.14.

[ARC 2339C, IAB 1/6/16, effective 2/10/16]

655—20.16(17A,272C) Answer. An answer may be filed within 20 days of service of the notice of hearing and statement of charges. An answer shall specifically admit, deny, or otherwise answer all material allegations of the statement of charges to which it responds. It shall state any facts supporting any affirmative defenses and contain as many additional defenses as the respondent may claim. An answer shall state the name, address and telephone number of the person filing the answer. Any allegation in the statement of charges not denied in the answer is considered admitted. The presiding officer may

refuse to consider any defense not raised in the answer which could have been raised on the basis of facts known when the answer was filed if any party would be prejudiced.

[ARC 2339C, IAB 1/6/16, effective 2/10/16]

655—20.17(17A,272C) Filing and service of documents.

20.17(1) Filing—when required. After the notice of hearing, all documents in a contested case proceeding shall be filed with the board.

20.17(2) Filing—how made. Filing shall be made by delivering or mailing the document to the board office located at 400 S.W. 8th Street, Suite B, Des Moines, Iowa 50309-4685.

20.17(3) Filing—when made. A document is deemed filed at the time it is delivered to the board office, delivered to an established courier service for immediate delivery to the board office, or mailed by first-class mail or state interoffice mail to that office, so long as there is proof of mailing.

20.17(4) Service—when required. Except as otherwise provided by law, every document filed in a contested case proceeding shall be simultaneously served upon each of the parties of record to the proceeding, including the assistant attorney general representing the state. Except for an application for rehearing as provided in Iowa Code section 17A.16(2), the party filing a document is responsible for service on all parties.

20.17(5) Service—how made. Service upon a party represented by an attorney shall be made upon the attorney unless otherwise ordered. Service is made by delivery or by mailing a copy to the person's last-known address. Service by mail is complete upon mailing, except where otherwise specifically provided by statute, rule, or order, so long as there is proof of mailing.

20.17(6) Electronic service. Service may be made upon a party or attorney by electronic mail (e-mail) if the person consents in writing in that case to be served in that manner. The written consent shall specify the e-mail address for such service. The written consent may be withdrawn by written notice served on the parties or attorneys.

20.17(7) Proof of mailing/e-mailing. Proof of mailing/e-mailing includes either: a legible United States Postal Service postmark on the envelope, a certificate of service, a notarized affidavit, or a certification in substantially the following form:

I certify under penalty of perjury and pursuant to the laws of Iowa that, on (date of mailing), I mailed copies of (describe document) addressed to the (agency office and address) and to the names and addresses of the parties listed below by depositing the same in the United States mail, state interoffice mail, or e-mail when permitted by 655 IAC 20.17(6).

A licensee who elects to enter into a combined statement of charges and settlement agreement is not entitled to request the investigative file. 655—20.19(17A,272C) Discovery.

20.19(1) The scope of discovery described in Iowa Rule of Civil Procedure 1.503 shall apply to contested case proceedings.

20.19(2) The following discovery procedures available in the Iowa Rules of Civil Procedure are available to the parties in a contested case proceeding: depositions upon oral examination or written questions; written interrogatories; production of documents, electronically stored information, and things; and requests for admission. Unless lengthened or shortened by the presiding officer, the time frames for discovery in the specific Iowa Rules of Civil Procedure govern those specific procedures.

a. Iowa Rules of Civil Procedure 1.701 through 1.717 regarding depositions shall apply to any depositions taken in a contested case proceeding. Any party taking a deposition in a contested case shall be responsible for any deposition costs, unless otherwise specified or allocated in an order. Deposition costs include, but are not limited to, reimbursement for mileage of the deponent, costs of a certified shorthand reporter, and expert witness fees, as applicable.

b. Iowa Rule of Civil Procedure 1.509 shall apply to any interrogatories propounded in a contested case proceeding.

c. Iowa Rule of Civil Procedure 1.512 shall apply to any requests for production of documents, electronically stored information, and things in a contested case proceeding.

d. Iowa Rule of Civil Procedure 1.510 shall apply to any requests for admission in a contested case proceeding. Iowa Rule of Civil Procedure 1.511 regarding the effect of an admission shall apply in contested case proceedings.

20.19(3) The mandatory disclosure and discovery conference requirements in Iowa Rules of Civil Procedure 1.500 and 1.507 do not apply to contested case proceedings. However, upon application by a party, the board may order the parties to comply with these procedures unless doing so would unreasonably complicate the proceedings or impose an undue hardship.

20.19(4) Iowa Rule of Civil Procedure 1.508 shall apply to discovery of any experts identified by a party to a contested case proceeding.

20.19(5) Discovery shall be served on all parties to the contested case proceeding but shall not be filed with the board.

20.19(6) A party may file a motion to compel or other motion related to discovery in accordance with this subrule. Any motion filed with the board relating to discovery shall allege that the moving party has previously made a good-faith attempt to resolve the discovery issues involved with the opposing party. Motions in regard to discovery shall be ruled upon by the presiding officer. Opposing parties shall be afforded the opportunity to respond within 10 days of the filing of the motion unless the time is lengthened or shortened by the presiding officer. The presiding officer may rule on the basis of the written motion and any response or may order argument on the motion.

20.19(7) Evidence obtained in discovery may be used in the contested case proceeding if that evidence would otherwise be admissible in that proceeding.

655—20.20(17A,272C) Issuance of subpoenas in a contested case.

20.20(1) Subpoenas issued in a contested case may compel the attendance of witnesses at deposition or hearing and may compel the production of books, papers, records, and other real evidence. A command to produce evidence or to permit inspection may be joined with a command to appear at deposition or hearing or may be issued separately. Subpoenas shall be issued by the executive director or designee upon a written request that complies with the requirements of this rule. A request for a subpoena of mental health records must confirm that the conditions described in subrule 20.20(3) have been satisfied prior to the issuance of the subpoena. The executive director or designee may refuse to issue a subpoena if the request does not comply with the requirements of this rule.

20.20(2) A request for a subpoena shall include the following information, as applicable, unless the subpoena is requested to compel testimony or documents for rebuttal or impeachment purposes:

- f.* In the case of a subpoena request for mental health records, confirmation that the conditions described in subrule 20.20(3) have been satisfied.

20.20(3) In the case of a request for a subpoena of mental health records, the request must confirm compliance with the following conditions prior to the issuance of the subpoena:

- a.* The nature of the issues in the case reasonably justifies the issuance of the requested subpoena;
- b.* Adequate safeguards have been established to prevent unauthorized disclosure;
- c.* An express statutory mandate, articulated public policy, or other recognizable public interest favors access; and
- d.* An attempt was made to notify the patient and to secure an authorization from the patient for the release of the records at issue.

20.20(4) Each subpoena shall contain, as applicable, the following:

- a.* The caption of the case;
- b.* The name, address and telephone number of the person who requested the subpoena;

- h.* The time within which the motion to quash or modify the subpoena must be filed;
- i.* The signature, address and telephone number of the executive director or designee;
- j.* The date of issuance;
- k.* A return of service.

20.20(5) Unless a subpoena is requested to compel testimony or documents for rebuttal or impeachment purposes, the executive director or designee shall mail copies of all subpoenas to the parties. The person who requested the subpoena is responsible for serving the subpoena upon the subject of the subpoena.

20.20(6) Any person who is aggrieved or adversely affected by compliance with the subpoena or any party to the contested case who desires to challenge the subpoena must, within 14 days after service of the subpoena, or before the time specified for compliance if such time is less than 14 days, file with the board a motion to quash or modify the subpoena. The motion shall describe the legal reasons why the subpoena should be quashed or modified and may be accompanied by legal briefs or factual affidavits.

20.20(7) Upon receipt of a timely motion to quash or modify a subpoena, the board may request an administrative law judge to issue a decision or the board may issue a decision. Oral argument may be scheduled at the discretion of the board or the administrative law judge. The administrative law judge or the board may quash or modify the subpoena, deny the motion, or issue an appropriate protective order.

20.20(8) A person aggrieved by a ruling of an administrative law judge who desires to challenge that ruling must appeal the ruling to the board by serving on the executive director in accordance with subrule 20.17(5) a notice of appeal within 10 days after service of the decision of the administrative law judge.

20.20(9) If the person contesting the subpoena is not a party to the contested case proceeding, the board's decision is final for purposes of judicial review. If the person contesting the subpoena is a party to the contested case proceeding, the board's decision is not final for purposes of judicial review until there is a final decision in the contested case.

655—20.21(17A,272C) Motions.

20.21(1) No technical form for motions is required. Prehearing motions must be in writing, state the grounds for relief, and state the relief sought.

20.21(2) Any party may file a written response to a motion within 10 days after the motion is served, unless the time period is lengthened or shortened by rules of the board or the presiding officer. The presiding officer may consider a failure to respond within the required time period in ruling on a motion.

20.21(3) The presiding officer may schedule oral argument on any motion.

20.21(4) Motions pertaining to the hearing must be filed and served at least 10 days prior to the date of hearing unless there is good cause for permitting later action or the time for such action is lengthened or shortened by rule of the board or the presiding officer.

20.21(5) Dispositive motions, such as motions for summary judgment or motions to dismiss, must be filed with the board and served on all parties to the contested case proceeding at least 30 days prior to the scheduled hearing date, unless otherwise ordered or permitted by the presiding officer. Any party may file a written response to a dispositive motion within 10 days after the motion is served, unless the time for response is otherwise lengthened or shortened by the presiding officer.

[ARC 2339C, IAB 1/6/16, effective 2/10/16]

655—20.22(17A,272C) Prehearing conferences.

20.22(1) Any party may request a prehearing conference. Prehearing conferences shall be conducted by the executive director, who may request that an administrative law judge conduct the prehearing conference. A written request for prehearing conference or an order for prehearing conference on the executive director's own motion shall be filed not less than 7 days prior to the hearing date, unless authorized by the person conducting the prehearing conference. A prehearing conference shall be scheduled not less than 3 business days prior to the hearing date.

20.22(2) Each party shall be prepared to discuss the following subjects at the prehearing conference:

a. Submission of expert and other witness lists. Witness lists may be amended subsequent to the prehearing conference within the time limits established by the executive director or administrative law judge at the prehearing conference. Any such amendments must be served on all parties. Witnesses not listed on the final witness list may be excluded from testifying unless there was good cause for the failure to include their names.

b. Submission of exhibit lists. Exhibit lists may be amended subsequent to the prehearing conference within the time limits established by the executive director or administrative law judge at the prehearing conference. Other than rebuttal exhibits, exhibits that are not listed on the final exhibit list may be excluded from admission into evidence unless there was good cause for the failure to include them.

c. The entry of a scheduling order to include deadlines for completion of discovery.

d. Stipulations of law or fact.

e. Stipulations on the admissibility of exhibits.

f. Identification of matters which the parties intend to request be officially noticed.

g. Consideration of any additional matters which will expedite the hearing.

20.22(3) Prehearing conferences shall be conducted by telephone unless otherwise ordered.

20.22(4) A party must seek intra-agency appeal to the board of prehearing rulings made by an administrative law judge in order to adequately exhaust administrative remedies. Such appeals must be filed within 10 days of the date of the issuance of the challenged ruling but no later than the time for compliance with the order or the date of hearing, whichever is first.

[ARC 2339C, IAB 1/6/16, effective 2/10/16]

655—20.23(17A,272C) Continuances. Unless otherwise provided, requests for continuance shall be filed with the board.

20.23(1) A written request for a continuance shall:

a. Be made at the earliest possible time and no less than 7 days before the hearing except in cases of unanticipated emergencies;

b. State the specific reasons for the request; and

c. Be signed by the requesting party or the party's attorney.

20.23(2) No request for continuance shall be made or granted without notice to all parties except in an emergency where notice is not feasible. The presiding officer may allow an oral application for continuance at the contested case hearing only in the event of an unanticipated emergency.

20.23(3) The presiding officer or the executive director has the authority to grant or deny a request for a continuance in accordance with this subrule. The executive director or an administrative law judge may enter an order granting an uncontested request for a continuance. Upon consultation with the board chair,

the executive director or an administrative law judge may deny an uncontested request for a continuance or may rule on a contested request for continuance.

20.23(4) In determining whether to grant a continuance, the presiding officer or the executive director may require documentation of any grounds for continuance and may consider:

- a. Prior continuances;
- b. The interests of all parties;
- c. The public interest;
- d. The likelihood of settlement;
- e. The existence of an emergency;
- f. Any objection;
- g. Any applicable time requirements;
- h. The existence of a conflict in the schedules of counsel, parties, or witnesses;
- i. The timeliness of the request; and

655—20.24(17A,272C) Settlement agreements.

20.24(1) A contested case may be resolved by settlement agreement. Settlement negotiations may be initiated by any party at any stage of a contested case. No party is required to participate in the settlement process.

20.24(2) If the respondent initiates or consents to settlement negotiations, the assistant attorney general prosecuting the case may discuss settlement with the board chair without violating the prohibition against ex parte communications in Iowa Code section 17A.17 and without disqualifying the board chair from participating in the adjudication of the contested case. The full board shall not be involved in settlement negotiations until a proposed settlement agreement executed by the respondent is submitted to the board for approval.

20.24(3) By signing the proposed settlement agreement, the respondent authorizes an assistant attorney general to have ex parte communications with the board related to the terms of the proposed settlement. If the board fails to approve the proposed settlement agreement, it shall be of no force or effect to either party and shall not be admissible at hearing. Upon rejecting a proposed settlement agreement, the board may suggest alternative terms of settlement, which the respondent is free to accept or reject.

20.24(4) A settlement agreement is a permanent public record open for inspection under Iowa Code chapter 22.

[ARC 2339C, IAB 1/6/16, effective 2/10/16]

655—20.25(17A,272C) Hearing procedures in contested cases.

20.25(1) The presiding officer shall be in control of the proceedings and shall have the authority to administer oaths and to admit or exclude testimony or evidence and shall rule on all motions and objections. The board may request that an administrative law judge assist the board by performing any of these functions.

20.25(2) When, in the opinion of the board, it is desirable to obtain specialists within an area of practice when holding disciplinary hearings, the board may appoint a panel of three specialists who are not board members to make findings of fact and to report to the board. Such findings shall not include any recommendation for or against licensee discipline.

20.25(3) An applicant or respondent has the right to participate or to be represented in all hearings related to the applicant's or respondent's case. Any applicant or respondent may be represented by an attorney at the party's own expense.

20.25(4) All objections shall be timely made and stated on the record.

20.25(5) Subject to terms prescribed by the presiding officer, parties have the right to introduce evidence on issues of material fact, cross-examine witnesses present at the hearing as necessary for a full and true disclosure of the facts, present evidence in rebuttal, submit briefs, and engage in oral argument.

20.25(6) The presiding officer shall maintain the decorum of the hearing and may refuse to admit or may expel anyone whose conduct is disorderly.

20.25(7) All rulings by an administrative law judge who acts either as presiding officer or as an aid to the board are subject to appeal to the board. While a party may seek immediate board review of rulings made by an administrative law judge when the administrative law judge is sitting with and acting as an aid to the board or panel of specialists during a hearing, such immediate review is not required to preserve error for judicial review.

20.25(8) Conduct of hearing. The presiding officer shall conduct the hearing in the following manner:

a. The presiding officer shall give an opening statement briefly describing the nature of the proceedings;

b. The parties shall be given an opportunity to present opening statements;

c. Parties shall present their cases in the sequence determined by the presiding officer;

d. Each witness shall be sworn or affirmed by the presiding officer or the court reporter and be subject to examination and cross-examination. The board members and administrative law judge have the right to question a witness. The presiding officer may limit questioning in a manner consistent with law;

e. When all parties and witnesses have been heard, parties may be given the opportunity to present final arguments.

20.25(9) The hearing shall be open to the public unless the respondent requests that the hearing be closed, in accordance with Iowa Code section 272C.6(1). At the request of either party, or on the board's own motion, the presiding officer may issue a protective order to protect documents which are privileged or confidential by law.

[ARC 2339C, IAB 1/6/16, effective 2/10/16]

655—20.26(17A,272C) Evidence.

20.26(1) General.

a. Relevant evidence is admissible, subject to the discretion of the presiding officer. Irrelevant, immaterial and unduly repetitious evidence should be excluded. A finding will be based upon the kind of evidence on which reasonably prudent persons are accustomed to rely for the conduct of their serious affairs, and may be based on hearsay or other types of evidence which may or would be inadmissible in a jury trial.

b. The presiding officer shall rule on admissibility of evidence and may, where appropriate, take official notice of facts in accordance with all applicable requirements of law.

c. Stipulation of facts is encouraged. The presiding officer may make a decision based on stipulated facts.

d. Evidence in the proceeding shall be confined to the issues as to which the parties received notice prior to the hearing unless the parties waive their right to such notice or the presiding officer determines that good cause justifies expansion of the issues. If the presiding officer decides to admit evidence on issues outside the scope of the notice over the objection of a party who did not have actual notice of those issues, that party, upon timely request, shall receive a continuance sufficient to amend pleadings and to prepare on the additional issue.

e. Any party may object to specific evidence or may request limits on the scope of any examination or cross-examination. Such an objection shall be accompanied by a brief statement of the grounds upon which it is based. The objection, the ruling on the objection, and the reasons for the ruling shall be noted in the record. The presiding officer may rule on the objection at the time it is made or may reserve a ruling until the written decision.

f. Whenever evidence is ruled inadmissible, the party offering that evidence may submit an offer of proof on the record. The party making the offer of proof for excluded oral testimony shall briefly summarize the testimony or, with permission of the presiding officer, present the testimony. If the

excluded evidence consists of a document or exhibit, it shall be marked as part of an offer of proof and inserted in the record.

20.26(2) Exhibits.

a. The party seeking admission of an exhibit must provide opposing parties with an opportunity to examine the exhibit prior to the ruling on its admissibility. Copies of documents should normally be provided to opposing parties. If admitted, copies of documents should be distributed to individual board members and the administrative law judge. Unless prior arrangements have been made, the party seeking admission of a document should arrive at the hearing prepared with sufficient copies of the document to distribute to opposing parties, board members, the administrative law judge, and witnesses who are expected to examine the document. The state's exhibits shall be marked numerically, and the applicant's or respondent's exhibits shall be marked alphabetically.

b. All exhibits admitted into evidence shall be appropriately marked and be made part of the record.

c. An original is not required to prove the content of a writing, recording, or photograph. Duplicates or photocopies are admissible. Any objection related to the authenticity of an exhibit shall go to the weight given to that exhibit and not preclude its admissibility.

20.26(3) Witnesses.

a. Witnesses may be sequestered during the hearing.

b. Subject to the terms prescribed by the presiding officer and the limitations in Iowa Rule of Civil Procedure 1.704, parties may present the testimony of witnesses in person, by telephone, by videoconference, by affidavit, or by written or video deposition. If a witness is providing testimony in person, by telephone, or by videoconference, use of any deposition is limited by Iowa Rule of Civil Procedure 1.704.

c. Witnesses are entitled to be represented by an attorney at their own expense. In a closed hearing, the attorney may be present only when the client testifies. The attorney may assert legal privileges personal to the client, but may not make other objections. The attorney may only ask questions to the client to prevent a misstatement from being entered into the record.

d. The parties in a contested case shall be responsible for any witness fees and expenses incurred by witnesses appearing at the contested case hearing, unless otherwise specified or allocated in an order. The costs for lay witnesses shall be determined in accordance with Iowa Code section 622.69. The costs for expert witnesses shall be determined in accordance with Iowa Code section 622.72. Witnesses are entitled to reimbursement for mileage and may be entitled to reimbursement for meals and lodging, as incurred.

[ARC 2339C, IAB 1/6/16, effective 2/10/16]

655—20.27(17A,272C) Default.

20.27(1) If a party fails to appear or participate in a contested case proceeding after proper service of notice, the presiding officer may, if no adjournment is granted, enter a default decision or proceed with the hearing and render a decision in the absence of the party.

20.27(2) Where appropriate and not contrary to law, any party may move for default against a party who has requested the contested case proceeding and has failed to file a required pleading or has failed to appear after proper service.

20.27(3) Default decisions or decisions rendered on the merits after a party has failed to appear or participate in a contested case proceeding become final agency action unless, within 15 days after the date of notification or mailing of the decision, a motion to vacate is filed and served on all parties or an appeal of a decision on the merits is timely initiated within the time provided by rule 655—20.30(17A,272C). A motion to vacate must state all facts relied upon by the moving party which establish that good cause existed for that party's failure to appear or participate at the contested case proceeding. Each fact so stated must be substantiated by at least one sworn affidavit from a person with personal knowledge of each such fact. The affidavit(s) must be attached to the motion.

20.27(4) The time for further appeal of a decision for which a timely motion to vacate has been filed is stayed pending a decision on the motion to vacate.

20.27(5) Properly substantiated and timely filed motions to vacate shall be granted only for good cause shown. The burden of proof as to good cause is on the moving party. Adverse parties shall have 10 days to respond to a motion to vacate. Adverse parties shall be allowed to conduct discovery as to the issue of good cause and to present evidence on the issue prior to a decision on the motion, if a request to do so is included in that party's response.

20.27(6) "Good cause" for purposes of this rule shall have the same meaning as "good cause" for setting aside a default judgment under Iowa Rule of Civil Procedure 1.971.

20.27(7) A decision by an administrative law judge granting or denying a motion to vacate is subject to appeal to the board within 20 days.

20.27(8) If a motion to vacate is granted and no timely appeal to the board has been filed, the presiding officer shall issue a rescheduling order setting a new hearing date and the contested case shall proceed accordingly.

[ARC 2339C, IAB 1/6/16, effective 2/10/16]

655—20.28(17A,272C) Ex parte communication.

20.28(1) Prohibited communications. Unless required for the disposition of ex parte matters specifically authorized by statute, following issuance of the notice of hearing, there shall be no communication, directly or indirectly, between the presiding officer and any party or representative of any party or any other person with a direct or indirect interest in such case in connection with any issue of fact or law in the case, except upon notice and opportunity for all parties to participate. This does not prohibit persons jointly assigned such tasks from communicating with each other. Nothing in this provision is intended to preclude the presiding officer from communicating with members of the agency or seeking the advice or help of persons other than those with a personal interest in, or those engaged in personally investigating as defined in subrule 20.11(2), prosecuting, or advocating in, either the case under consideration or a pending factually related case involving the same parties, as long as those persons do not directly or indirectly communicate to the presiding officer any ex parte communications they have received of a type that the presiding officer would be prohibited from receiving or that furnish, augment, diminish, or modify the evidence in the record.

20.28(2) Prohibitions on ex parte communications commence with the issuance of the notice of hearing in a contested case and continue for as long as the case is pending.

20.28(3) Written, oral or other forms of communication are "ex parte" if made without notice and opportunity for all parties to participate.

20.28(4) To avoid prohibited ex parte communications, notice must be given in a manner reasonably calculated to give all parties a fair opportunity to participate. Notice of written communications shall be provided in compliance with rule 655—20.17(17A,272C) and may be supplemented by telephone, facsimile, electronic mail or other means of notification. Where permitted, oral communications may be initiated through telephone conference call which includes all parties or their representatives.

20.28(5) Persons who jointly act as presiding officer in a pending contested case may communicate with each other without notice or opportunity for parties to participate.

20.28(6) The executive director or designee may be present in deliberations or otherwise advise the presiding officer without notice or opportunity for parties to participate as long as the executive director or designee is not disqualified from participating in the making of a proposed or final decision under subrule 20.11(1) or other law and the executive director or designee complies with subrule 20.28(1).

20.28(7) Communications with the presiding officer involving scheduling or uncontested procedural matters do not require notice or opportunity for parties to participate. A party should notify other parties prior to initiating such contact with the presiding officer when feasible.

20.28(8) A presiding officer who received a prohibited ex parte communication during the pendency of a contested case must initially determine if the effect of the communication is so prejudicial that the presiding officer should be disqualified. If the presiding officer determines that disqualification is warranted, a copy of any prohibited written communication, all written responses to the communication, a written summary stating the substance of any prohibited oral or other communication not available in written form for disclosure, all responses made, and the identity of each person from whom the presiding

officer received a prohibited ex parte communication shall be submitted for inclusion in the record under seal by protective order. If the presiding officer determines that disqualification is not warranted, such documents shall be submitted for inclusion in the record and served on all parties. Any party desiring to rebut the prohibited communication must be allowed the opportunity to do so upon written request filed within 10 days after notice of the communication.

20.28(9) Promptly after being assigned to serve as presiding officer, the presiding officer shall disclose to all parties material factual information received through ex parte communication prior to such assignment, unless the factual information has already been or shortly will be disclosed pursuant to Iowa Code section 17A.13(2) or through discovery. Factual information contained in an investigative report or similar document need not be separately disclosed by the presiding officer as long as such documents have been or will shortly be provided to the parties.

20.28(10) The presiding officer may render a proposed or final decision imposing appropriate sanctions for violations of this rule including default, a decision against the offending party, censure, or suspension or revocation of the privilege to practice before the board. Violation of ex parte communication prohibitions by board personnel shall be reported to the board's executive director for possible sanctions including: censure, suspension, dismissal, or other disciplinary action.

[ARC 2339C, IAB 1/6/16, effective 2/10/16]

655—20.29(17A,272C) Recording. Contested case hearings shall be recorded by electronic means or by a certified shorthand reporter. A party may request that a hearing be recorded by a certified shorthand reporter instead of through electronic means by filing a request with the board at least 14 days in advance of the hearing. Parties who request that a hearing be recorded by a certified shorthand reporter rather than by electronic means shall bear the cost of the certified shorthand reporter. Upon request, the board shall provide a copy of the whole or any portion of the record at cost. The cost of preparing a copy of the record or of transcribing the hearing record shall be paid by the requesting party. If the request for the hearing record is made as a result of a petition for judicial review, the party who filed the petition shall be considered the requesting party.

[ARC 2339C, IAB 1/6/16, effective 2/10/16]

655—20.30(17A,272C) Proposed decisions. Decisions issued by an administrative law judge in nondisciplinary cases are proposed decisions. A proposed decision issued by an administrative law judge becomes a final decision if not timely appealed or reviewed in accordance with this rule.

20.30(1) Appeal by party. Any adversely affected party may appeal a proposed decision to the board within 30 days after issuance of the proposed decision.

20.30(2) Review. The board may initiate review of a proposed decision on its own motion at any time within 30 days following the issuance of such a decision.

20.30(3) Exhaustion. A party must timely seek intra-agency appeal of a proposed decision in order to adequately exhaust administrative remedies.

20.30(4) Notice of appeal. An appeal of a proposed decision is initiated by filing a timely notice of appeal with the board. The notice of appeal must be signed by the appealing party or an attorney for that party and contain a certificate of service. The notice shall specify:

- a. The parties initiating the appeal;
- b. The proposed decision or order which is being appealed;
- c. The specific findings or conclusions to which exception is taken and any other exceptions to the decision or order;
- d. The relief sought;
- e. The grounds for relief.

20.30(5) Requests to present additional evidence. A party may request the taking of additional evidence only by establishing that the evidence is material, that good cause existed for the failure to present the evidence at the hearing, and that the party has not waived the right to present the evidence. A written request to present additional evidence must be filed with the notice of appeal or, by a nonappealing party, within 14 days of service of the notice of appeal. The board may remand a case to the presiding officer for further hearing or may itself preside at the taking of additional evidence.

20.30(6) Scheduling. The board shall issue a schedule for consideration of the appeal.

20.30(7) Briefs and arguments. Unless otherwise ordered, within 20 days of the notice of appeal or order for review, each appealing party may file exceptions and briefs. Within 20 days thereafter, any party may file a responsive brief. Briefs shall cite any applicable legal authority and specify relevant portions of the record in that proceeding. Written requests to present oral argument shall be filed with the briefs. The board may resolve the appeal on the briefs or provide an opportunity for oral argument. The board may shorten or extend the briefing period as appropriate.

20.30(8) Record. The record on appeal or review shall be the entire record made before the administrative law judge.

[ARC 2339C, IAB 1/6/16, effective 2/10/16]

655—20.31(17A,272C) Final decisions.

20.31(1) A final decision of the board shall include findings of fact and conclusions of law. When the board presides over the reception of the evidence at the hearing, its decision is a final decision.

20.31(2) The board may charge a fee to the licensee not to exceed \$75 for conducting a disciplinary hearing which results in disciplinary action taken against the licensee by the board.

20.31(3) Final decisions shall be served on the respondent or applicant using one of the following methods:

a. Personal service, as provided in the Iowa Rules of Civil Procedure, or

b. Certified mail, return receipt requested, or

c. Signed acknowledgment accepting service, or

d. When service cannot be accomplished using the above methods:

(1) An affidavit shall be prepared outlining the measures taken to attempt service; and

e. If the respondent or applicant is represented by an attorney, the final decision shall be mailed to the attorney. The attorney may waive the requirement to serve the respondent or applicant through a written acknowledgment that the attorney is accepting service on behalf of the client. The state shall be served by first-class mail or state interoffice mail.

20.31(4) A final decision is a permanent public record open for inspection under Iowa Code chapter 22, in accordance with Iowa Code section 272C.6(4).

655—20.32(17A,272C) Applications for rehearing.

20.32(1) Who may file. Any party to a contested case proceeding may file an application for rehearing from a final order.

20.32(2) Content of application. An application for rehearing shall state on whose behalf it is filed, the specific grounds for rehearing, and the relief sought. In addition, the application shall state whether the applicant desires reconsideration of all or part of the board decision on the existing record and whether, upon showing good cause, the applicant requests an opportunity to submit additional evidence. A party may request the taking of additional evidence after the issuance of a final order only by establishing that:

a. The evidence is material; and

b. The evidence arose after the completion of the original hearing; or

c. Good cause exists for failure to present the evidence at the original hearing; and

d. The party has not waived the right to present additional evidence.

20.32(3) Time of filing. The application shall be filed with the board office within 20 days after issuance of the final decision.

20.32(4) Notice to other parties. A copy of the application shall be timely mailed by the applicant to all parties of record not joining therein. If the application does not contain a certificate of service, the board shall serve copies on all parties.

20.32(5) Disposition. Any application for a rehearing shall be deemed denied unless the board grants the application within 20 days after its filing.

20.32(6) *Only remedy.* Application for rehearing is the only procedure by which a party may request that the board reconsider a final board decision.

[ARC 2339C, IAB 1/6/16, effective 2/10/16]

655—20.33(17A,272C) Stays of agency actions.

20.33(1) *When available.* Any party to a contested case proceeding may petition the board for a stay of an order issued in that proceeding or for other temporary remedies, pending review by the board or pending judicial review. The petition shall state the reasons justifying a stay or other temporary remedy. The petition must be filed within 30 days of the issuance of the final order, or if a party filed a request for rehearing that was denied, the petition must be filed within 30 days after the request for rehearing was denied or deemed denied.

20.33(2) *When granted.* The board shall not grant a stay in any case in which the district court would be expressly prohibited by statute from granting a stay. In determining whether to grant a stay, the presiding officer shall consider the following factors:

- a. The extent to which the applicant is likely to prevail when the board or court finally disposes of the matter;
- b. The extent to which the applicant will suffer irreparable injury if relief is not granted;
- c. The extent to which the grant of relief to the applicant will substantially harm other parties to the proceedings;
- d. The extent to which the public interest relied on by the board is sufficient to justify the board's action in the circumstances.

20.33(3) *Exhaustion required.* A party must petition the board for a stay pursuant to this rule prior to requesting a stay from the district court in a judicial review proceeding.

[ARC 2339C, IAB 1/6/16, effective 2/10/16]

655—20.34(17A,272C) No factual dispute contested cases. If the parties agree that no dispute of material fact exists as to a matter that would be a contested case if such a dispute of fact existed, the parties may present all relevant admissible evidence either by stipulation or otherwise as agreed by the parties, without necessity for the production of evidence at an evidentiary hearing. If such agreement is reached, a jointly submitted schedule detailing the method and timetable for submission of the record, briefs and oral argument should be submitted to the presiding officer for approval as soon as practicable.

655—20.35(17A,272C) Emergency adjudicative proceedings.

20.35(1) *Necessary emergency action.* To the extent necessary to prevent or avoid immediate danger to the public health, safety, or welfare, the board may issue a written order in compliance with Iowa Code section 17A.18 to suspend a license in whole or in part, order the cessation of any continuing activity, order affirmative action, or take other action within the jurisdiction of the agency by emergency adjudicative order. Before issuing an emergency adjudicative order, the board shall consider factors including, but not limited to, the following:

- a. Whether there has been a sufficient factual investigation to ensure that the agency is proceeding on the basis of reliable information;
- b. Whether the specific circumstances which pose immediate danger to the public health, safety or welfare have been identified and determined to be continuing;
- c. Whether the person required to comply with the emergency adjudicative order may continue to engage in other activities without posing immediate danger to the public health, safety or welfare;
- d. Whether imposition of monitoring requirements or other interim safeguards would be sufficient to protect the public health, safety or welfare; and
- e. Whether the specific action contemplated by the agency is necessary to avoid the immediate danger.

20.35(2) *Issuance.*

a. An emergency adjudicative order shall contain findings of fact, conclusions of law, and policy reasons to justify the determination of an immediate danger in the board's decision to take immediate action.

b. The written emergency adjudicative order shall be immediately served on persons who are required to comply with the order by utilizing one or more of the following procedures:

- (1) Personal service, as provided in the Iowa Rules of Civil Procedure, or
- (2) Certified restricted mail, return receipt requested, or
- (3) Signed acknowledgment accepting service.

c. To the degree practicable, the board shall select the procedure for providing written notice that best ensures prompt, reliable delivery.

20.35(3) Notice. Unless the written emergency adjudicative order is served personally on the same day that the order issues, the board shall make reasonable immediate efforts to contact by telephone and electronic mail the persons who are required to comply with the order.

20.35(4) Proceedings. Issuance of a written emergency adjudicative order shall include notification of the date on which agency proceedings are scheduled for hearing. After issuance of an emergency adjudicative order, the licensee subject to the emergency adjudicative order may request a continuance of the hearing at any time by filing a request with the board. The state may only file a request for a continuance in compelling circumstances. Nothing in this subrule shall be construed to eliminate the opportunity to resolve the matter with a settlement agreement.

20.35(5) Public record. An emergency adjudicative order is a permanent public record open for inspection under Iowa Code chapter 22.

655—20.36(17A,147,272C) Application for reinstatement. Any person whose license to practice nursing has been revoked or has been voluntarily surrendered may apply for reinstatement. An application for reinstatement must be made in accordance with the terms specified in the board's order of revocation or order accepting the voluntary surrender. Any person whose license to practice nursing has been suspended and the board order imposing the suspension indicates that the respondent must apply for and receive reinstatement may apply for reinstatement in accordance with the terms specified in the board's order. All applications for reinstatement must be filed in accordance with this rule.

20.36(1) If the order for revocation, suspension, or surrender did not establish terms for reinstatement, an initial application for reinstatement may not be filed until at least one year has elapsed from the date of issuance of the order. Persons who have failed to satisfy the terms imposed by the board order revoking, suspending, or surrendering a license shall not be entitled to apply for reinstatement.

20.36(2) Reinstatement proceedings shall be initiated by the respondent, who shall file with the board an application for reinstatement of the respondent's license. Such application shall be docketed in the original contested case in which the license was revoked, suspended, or surrendered. The person filing the application for reinstatement shall immediately serve a copy upon the office of the attorney general and shall serve any additional documents filed in connection with the application.

20.36(3) The application shall allege facts and circumstances which, if established, will be sufficient to enable the board to determine that the basis for the revocation, suspension, or surrender no longer exists and that it shall be in the public interest for the license to be reinstated. The application shall include written evidence supporting the respondent's assertion that the basis for the revocation, suspension, or surrender no longer exists and that it shall be in the public interest for the license to be reinstated. Such evidence may include, but is not limited to: medical and mental health records establishing successful completion of any necessary medical or mental health treatment and aftercare recommendations; documentation verifying successful completion of any court-imposed terms of probation; statements from support group sponsors verifying active participation in a support group; verified statements from current and past employers attesting to employability; and evidence establishing that prior professional competency or unethical conduct issues have been resolved. The burden of proof to establish such facts shall be on the respondent.

20.36(4) The executive director or designee shall review the application for reinstatement and determine if it conforms to the terms established in the board order that revoked, suspended, or surrendered the license and the requirements imposed by this rule. Applications failing to comply with the specified terms or with the requirements in this rule will be denied. Such denial shall be in writing, stating the grounds, and may be appealed by requesting a hearing before the board.

20.36(5) Applications not denied for failure to conform to the terms established in the board order that revoked, suspended, or surrendered the license or requirements imposed by this rule may be set for hearing before the board. The hearing shall be a contested case hearing within the meaning of Iowa Code section 17A.12, and the order to grant or deny reinstatement shall incorporate findings of fact and conclusions of law. If reinstatement is granted, terms may be imposed. Nothing shall prohibit the board from entering into a stipulated order granting reinstatement with or without terms in the absence of a hearing.

20.36(6) A nurse whose license is reinstated must complete the requirements for license reactivation in order to receive an active license.

20.36(7) An order granting or denying reinstatement is a permanent public record open for inspection under Iowa Code chapter 22.
