ORGANIZATION AND PROCEDURES

CHAPTER 1

ORGANIZATION OF DIVISION

[Prior to 10/22/86, Insurance Department[510]]

191—1.1(502,505) Organization. The insurance division is headed by the commissioner of insurance who is assisted by a first deputy commissioner and other deputy and assistant commissioners. The functions of the division are divided into five bureaus.

1.1(1) The administrative bureau provides staff support to the commissioner and is responsible for legal services, budgetary and personnel services. General oversight of the division operations is provided through interaction with the public, the insurance industry, and other state and federal agencies.

1.1(2) The company regulation bureau is responsible for the following:

a. Regulating of all domestic and foreign insurance companies licensed in Iowa through licensure, analysis and financial and market examinations.

b. Examining the financial condition of Iowa insurance companies not less than once every five years. Foreign companies are examined as deemed appropriate. The bureau ensures compliance with National Association of Insurance Commissioners accreditation mandates, and financial examination and analysis standards.

c. Serving as a general insurance information repository and resource for both insurers and consumers regarding, for example: insurance companies' status, addresses, telephone numbers, certifications, and financial statements; statutory construction; guaranty fund calculations; powers of attorney; compilation of statistics; and publication of annual governor's report.

d. Reviewing and approving filed company transactions including, but not limited to, approval of acquisitions and mergers of domestic insurers, intercompany contractual agreements and assumption reinsurance agreements.

e. Authorizing and overseeing individual and group workers' compensation self-insurance.

f. Authorizing, examining and analyzing benevolent associations.

g. Authorizing and reviewing multiple employer welfare arrangements.

h. Registering and verifying compliance for risk retention groups.

i. Supervising the rehabilitation and liquidation of insurance companies.

j. Auditing and monitoring premium tax remittances for admitted companies and supervising statutory deposits.

k. Reviewing and approving admission applications for foreign surplus lines insurers as well as conducting premium tax audits associated with the nonadmitted insurance industry.

1.1(3) The market regulation bureau is responsible for the following:

a. Ensuring fair treatment of consumers and preventing unfair or deceptive trade practices in the insurance and securities marketplaces. Inquiries from the public are answered and consumer complaints regarding insurance producers, insurers, broker-dealers, securities agents, investment advisers, and investment adviser representatives are received, reviewed, and investigated. Administrative actions are taken where appropriate, and criminal matters are referred to prosecutors for potential action.

b. Operating the senior health insurance information program (SHIIP), which provides training to senior volunteers throughout the state. These volunteers then provide free, confidential health insurance counseling to Iowa seniors. Issues addressed include Medicare, Medicare subscription drug coverage, Medicare supplement insurance, long-term care insurance, insurance claims, and all other health insurance policies. This program is primarily funded by a Centers for Medicare and Medicaid Services grant.

c. Reviewing, approving or disapproving property, casualty, life and health forms and, where provided by law, premium rates of certain types of insurance.

d. Performing actuarial analysis of life and health insurance plans funded by certain public bodies.

e. Licensing insurance producers and overseeing the continuing education that insurance producers are required to complete.

f. Monitoring surplus lines placement, registering purchasing groups, and overseeing the payment of premium taxes for surplus lines business including that which is placed through purchasing groups and risk retention groups.

g. Registering managing general agents and legal expense insurers.

h. Registering and monitoring third-party administrators.

i. Registering and monitoring health maintenance organizations.

j. Licensing advisory organizations.

1.1(4) The fraud bureau confronts the problem of insurance fraud by prevention, investigation, and prosecution of fraudulent insurance acts in an effort to reduce the amount of premium dollars used to pay fraudulent insurance claims, as set forth in Iowa Code chapter 507E.

1.1(5) The securities and regulated industries bureau is responsible for administering and enforcing the Iowa uniform securities Act through enforcement, licensing, and securities registration to ensure investor protection and a positive climate for capital formation. The bureau also is responsible for protecting the public by administering and enforcing rules related to motor vehicle service contracts, residential service contracts, retirement facilities, cemeteries, and preneed purchase agreements for cemetery merchandise, funeral merchandise and funeral services.

191—1.2(502,505) Location and contact information. The insurance division is located at 330 East Maple in Des Moines, Polk County, Iowa. The general telephone number for the division is (515)281-5705 or 1-877-955-1212. The division's Web site is www.iid.state.ia.us.

FAIR INFORMATION PRACTICES

The insurance division hereby adopts the rules on fair information practices of the Governor's Task Force on Uniform Rules of Agency Procedure to appear as subrules 1.3(1) to 1.3(8) with amendments. The uniform rules are printed in the first volume of the Iowa Administrative Code.

191—1.3(22,502,505) Public information and inspection of records.

1.3(1) Definitions. As used in this chapter:

"Agency" means the insurance division of the department of commerce.

"Confidential records" are records which are not available as a matter of right for examination and copying by members of the public under law. Confidential records include records that the agency is prohibited by law from making available for examination by members of the public, and records that are specified as confidential by Iowa Code section 22.7, or other provisions of law, but that may be disclosed upon order of a court, the lawful custodian of the record, or by another person duly authorized to release the record. Mere inclusion in a record of information declared confidential by an applicable provision of law does not necessarily make that entire record a confidential record.

"Custodian" means the agency or a person lawfully delegated authority by the agency to act for the agency in implementing Iowa Code chapter 22.

"Open record" means a record other than a confidential record.

"Personally identifiable information" means information about or pertaining to an individual which identifies the individual and which is contained in a record system and does not include information pertaining to corporations.

"Record" means all or part of a "public record," as defined in Iowa Code section 22.1 that is owned by or in the physical possession of the agency.

"Record system" means any group of records under the control of the agency from which a record may be retrieved by a personal identifier such as the name of the individual, number, symbol or other unique retriever assigned to the individual.

1.3(3) Requests for access to records.

a. Location of record. A request for access to a record should be directed to the office of the bureau where the record is kept. If the location of the record is not known by the requester, the request shall be directed to the division's receptionist at (515)281-5705 or toll-free at 1-877-955-1212, or in writing

to Iowa Insurance Division, 330 East Maple, Des Moines, Iowa 50319-0065. The division will forward the request to the appropriate person.

b. Office hours. Records shall be made available from 8 a.m. to 4 p.m. daily, excluding Saturdays, Sundays and legal holidays.

c. Telephone access. The general telephone number for the insurance division is (515)281-5705 or toll-free at 1-877-955-1212.

d. Internet access. The division's Internet Web site home page is www.iid.state.ia.us. The page from which the division's bulletins are available is http://www.iid.state.ia.us/news_media/bulletins.asp.

e. Request for access. Requests for access to open records may be made in writing, in person, or by telephone. Requests shall identify the particular records sought by name or description in order to facilitate the location of the record. Mail or telephone requests shall include the name, address, and telephone number of the person requesting the information. A person shall not be required to give a reason for requesting an open record.

f. Response to requests. The division provides a public access room with photocopiers and work surfaces. Space is limited and advance reservations are requested. A location will be made available as soon as feasible. Subject to availability of the public access room or an alternative location in the division's offices, access to an open record shall be provided promptly upon request unless the size or nature of the request makes prompt access infeasible. If the size or nature of the request for access to an open record requires time for compliance, the division shall comply with the request as soon as feasible. Access to an open record may be delayed for one of the purposes authorized by Iowa Code section 22.8(4) or 22.10(4), or to permit the division time to redact personally identifiable information from the record. The custodian shall promptly give notice to the requester of the reason for any delay in access to an open record and an estimate of the length of that delay and, upon request, shall promptly provide that notice to the requester in writing. The division may deny access to the record by members of the public only on the grounds that such denial is warranted under Iowa Code sections 22.8(4) and 22.10(4), or that it is a confidential record, or that its disclosure is prohibited by a court order.

g. Fees. Copies of an open record may be made in the division's public access room. Price schedules for published materials and for photocopies of records shall be determined by the division and prominently posted in the public access room. The payment of fees may be waived when the imposition of fees is inequitable or when a waiver is in the public interest. When the mailing of copies of records is requested, the actual costs of the mailing will be charged to the requester.

The following additional subrules are also adopted:

1.3(9) Data processing system. The agency currently has certain data processing systems which match, collate or permit the comparison of personally identifiable information in one record system with personally identifiable information in another record system.

1.3(10) Agency records routinely available for public inspection. The agency collects and maintains the following records that are open records, some of which may contain personally identifiable information:

- a.* Financial statements of insurers.
- b.* Rate and policy form filings by insurers.
- c.* The records of rule making, declaratory ruling, and contested case proceedings.
- d.* Agent licensure records.
- e.* The records of premium tax and fee collection.
- f.* Insurer acquisition and reinsurance records.
- g.* Securities issuer registration records, exemption filings, and agent or broker-dealer records, except those pertaining to a broker-dealer audit or investigation, unless released by the division at a hearing upon the broker-dealer's registration.
- h.* License, permit, registration, exemption, or other required filings in connection with membership sales, business opportunity promotions, residential service contracts, loan brokers, and motor vehicle service contracts.
- i.* Various legal and technical publications related to insurance.
- j.* All other records that are not confidential records under subrule 1.3(11).

1.3(11) *Records which are confidential records.* Confidential agency records are the following:

- a. Trade secrets recognized and protected by law. Iowa Code section 22.7(3).
- b. Records that represent and constitute the work product of an attorney, which are related to litigation or claim made by or against a public body. Iowa Code section 22.7(4).
- c. Reports made to the agency which, if released, would give advantage to competitors and serve no public purpose. Iowa Code section 22.7(6). Included in this category are insurer examination reports prior to expiration of the 20-day period set forth in rule 191—5.1(507) for requesting a hearing before the commissioner of insurance upon the report and if a hearing is requested, until the commissioner enters a decision upon the report, and reports of the National Association of Insurance Commissioners' Insurance Regulatory Information System.
- d. Personal information in confidential personnel records of the division. Iowa Code section 22.7(10).
- e. Communications not required by law, rule, or procedure that are made to a government body or to any of its employees by identified persons outside of government, to the extent that the government body receiving those communications could reasonably believe that those persons would be discouraged from making them to the government body if they were available for general public examination. Notwithstanding this provision:
 - (1) The communication is a public record to the extent the person outside of government making that communication consents to its treatment as a public record.
 - (2) Information contained in the communication is a public record to the extent it can be disclosed without directly or indirectly indicating the identity of the person outside of government making it or enabling others to ascertain the identity of that person.
 - (3) Information contained in the communication is a public record to the extent it indicates the date, time, specific location, and immediate facts and circumstances surrounding the occurrence of a crime or other illegal act, except to the extent its disclosure would plainly and seriously jeopardize a continuing investigation or pose a clear and present danger to the safety of any person. In any action challenging the failure of the lawful custodian to disclose any particular information of the kind enumerated in this paragraph, the burden of proof is on the lawful custodian to demonstrate that the disclosure of that information would jeopardize an investigation or would pose a clear and present danger. Iowa Code section 22.7(18).
- f. Complaint files, investigation files, other investigative reports and other investigative information of the agency relating to discipline of licensed insurance agents, except as allowed under Iowa Code section 505.8(6), 505.17, 507A.10, or 507B.3.
- g. Insurance holding company system registration and holding company examination records unless the statutory determination in favor of publication is made. Iowa Code section 521A.7.
- h. Reports and recommendations by insurer guaranty associations regarding insolvent or impaired insurers. Iowa Code sections 508C.12(3), 508C.12(5), 515B.10(2).
- i. Investigation material in the possession of the superintendent of securities pertaining to violation of the securities laws unless released by the superintendent pursuant to statute. Iowa Code section 502.603(1) "c."
- j. All records relating to prearranged funeral contracts except upon the approval of the commissioner of insurance or the attorney general. Iowa Code section 523A.2(1) "e."
- k. Any other records made confidential by law.

191—1.4(505) Service of process. A party to a proceeding who requests that the commissioner provide service of process as allowed by law shall pay a fee to the Iowa insurance division of \$50.

These rules are intended to implement Iowa Code sections 22.11, 505.1 and 505.29.

CHAPTER 2
DECLARATORY ORDERS
[Prior to 2/11/87, see 191—2.6]

191—2.1(17A) Petition for declaratory order.

2.1(1) Any person or agency may file a petition with the insurance division for a declaratory order as to the applicability to specified circumstances of a statute, rule or order within the primary jurisdiction of the division, at the address disclosed in rule 191—1.2(502,505). A petition is deemed filed when it is received. The division shall provide petitioner with a file-stamped copy of the petition if petitioner provides the agency an extra copy for this purpose. The petition must be typewritten or legibly handwritten in ink and must substantially conform to the following form:

BEFORE THE INSURANCE DIVISION OF THE STATE OF IOWA

Petition by (Name of Petitioner) for a Declaratory Order on (Cite provisions of law involved).		PETITION FOR DECLARATORY ORDER
--	---	-----------------------------------

2.1(2) The petition shall provide the following information:

- a. A clear and concise statement of all relevant facts upon which the order is requested.
- b. A citation and the relevant language of the specific statutes, rules, policies, decisions, or orders, whose applicability or interpretation is questioned, and any other relevant law.
- c. The questions petitioner wants answered, stated clearly and concisely.
- d. The answers to the questions desired by petitioner and a summary of the reasons urged by petitioner in support of those answers.
- e. The reasons for requesting the declaratory order and disclosure of petitioner’s interest in the outcome.
- f. A statement indicating whether petitioner is currently a party to another proceeding involving the questions at issue and whether, to petitioner’s knowledge, those questions have been decided by, are pending determination by, or are under investigation by, any governmental entity.
- g. Any request by petitioner for a meeting provided for by rule 2.7(17A).

The petition must be dated and signed by petitioner or petitioner’s representative. It must also include the name, mailing address, and telephone number of petitioner and petitioner’s representative, and a statement indicating the person to whom communications concerning the petition should be directed.

191—2.2(17A) Notice of petition. Within seven days after receipt of a petition for a declaratory order, the insurance division shall give notice of the petition to all persons not served by petitioner pursuant to rule 2.6(17A) to whom notice is required by any provision of law. The division may also give notice to any other persons.

191—2.3(17A) Intervention. A person may file a petition for intervention at any time prior to issuance of an order and may be allowed to intervene in a proceeding for a declaratory order at the discretion of the insurance division.

191—2.4(17A) Briefs. Petitioner or any intervenor shall file a brief in support of the position urged.

191—2.5(17A) Inquiries. Inquiries concerning the status of a declaratory proceeding may be made to the insurance division at the address disclosed in rule 191—1.2(502,505).

191—2.6(17A) Service and filing of petitions and other papers.

2.6(1) Every petition for declaratory order, petition for intervention, brief, or other paper filed in a proceeding for a declaratory order shall be served upon each of the parties of record to the proceeding. The party filing a document is responsible for service.

2.6(2) All petitions for declaratory orders, petitions for intervention, briefs, or other papers in a proceeding for a declaratory order shall be filed with the insurance division at the address disclosed in rule 191—1.2(502,505). All petitions, briefs, or other papers required to be served upon a party shall be filed simultaneously with the division.

2.6(3) Method of service, time of filing, and proof of mailing shall be as provided by rule 3.12(17A).

191—2.7(17A) Consideration. Upon request by petitioner, the insurance division must schedule a brief and informal meeting between the original petitioner, all intervenors, and the commissioner or a member of the commissioner's staff, to discuss the questions raised.

191—2.8(17A) Action on petition.

2.8(1) Within the time allowed by 1998 Iowa Acts, chapter 1202, section 13(5), after receiving a petition for a declaratory order, the insurance division shall take action on the petition as required by 1998 Iowa Acts, chapter 1202, section 13(5).

2.8(2) The date of issuance of an order is as defined in rule 3.2(17A).

191—2.9(17A) Refusal to issue order.

2.9(1) The insurance division shall not issue a declaratory order where prohibited by 1998 Iowa Acts, chapter 1202, section 13(1), and may refuse to issue a declaratory order on some or all questions raised for the following reasons:

- a.* The petition does not substantially comply with the required form.
- b.* The petition does not contain facts sufficient to demonstrate that petitioner will be aggrieved or adversely affected by failure of the division to issue an order.
- c.* The agency does not have jurisdiction over the questions presented in the petition.
- d.* The questions presented by the petition are also presented in a current rule making, contested case, or other agency or judicial proceeding, that may definitively resolve them.
- e.* The questions presented by the petition would more properly be resolved in a different type of proceeding or by another body with jurisdiction over the matter.
- f.* The facts or questions presented in the petition are unclear, overbroad, insufficient, or otherwise inappropriate as a basis upon which to issue an order.
- g.* There is no need to issue an order because the questions raised in the petition have been settled due to a change in circumstances.
- h.* The petition is not based upon facts calculated to aid in the planning of future conduct but is, instead, based solely upon prior conduct in an effort to establish the effect of that conduct or to challenge an agency decision already made.
- i.* The petition requests a declaratory order that would necessarily determine the legal rights, duties, or responsibilities of other persons who have not joined in the petition, intervened separately, or filed a similar petition and whose position on the questions presented may fairly be presumed to be adverse to that of petitioner.
- j.* Petitioner requests the division to determine whether a statute is unconstitutional on its face.

2.9(2) A refusal to issue a declaratory order must indicate the specific grounds for refusal and constitutes final agency action on the petition.

2.9(3) Refusal to issue a declaratory order pursuant to this provision does not preclude filing of a new petition that seeks to eliminate the grounds for refusal to issue a ruling.

191—2.10(17A) Contents of declaratory order—effective date. In addition to the ruling itself, a declaratory order must contain the date of its issuance, the name of petitioner and all intervenors, the specific statutes, rules, policies, decisions, or orders involved, the particular facts upon which it is based, and the reasons for its conclusion.

A declaratory order is effective on the date of issuance.

191—2.11(17A) Copies of orders. A copy of all orders issued in response to a petition for a declaratory order shall be mailed promptly to the original petitioner and all intervenors.

191—2.12(17A) Effect of a declaratory order. A declaratory order has the same status and binding effect as a final order issued in a contested case proceeding. It is binding on the insurance division, petitioner, and any intervenors and is applicable only in circumstances where the relevant facts and the law involved are indistinguishable from those on which the order was based. As to all other persons, a declaratory order serves only as precedent and is not binding on the division. Issuance of a declaratory order constitutes final agency action on the petition.

These rules are intended to implement Iowa Code chapter 17A as amended by 1998 Iowa Acts, chapter 1202.

3.3(2) For good cause, the presiding officer may extend or shorten the time to take any action, except as precluded by statute. Except for good cause stated in the record, before extending or shortening the time to take any action, the presiding officer may afford all parties an opportunity to be heard or to file written arguments.

191—3.4(17A) Requests for contested case proceeding. Any person claiming an entitlement to a contested case proceeding shall file a written request for such a proceeding within the time specified by the particular rules or statutes governing the subject matter or, in the absence of such law, the time specified in the agency action in question. The request shall be filed with the insurance division, at the address disclosed in rule 191—1.2(502,505).

The request for a contested case proceeding shall state the name and address of the requester, identify the specific agency action which is disputed and, where the requester is represented by a lawyer, identify the provisions of law or precedent requiring or authorizing a contested case proceeding in the particular circumstances involved, and shall include a short and plain statement of the issues of material fact in dispute.

191—3.5(17A) Commencement of hearing; notice.

3.5(1) Delivery of the notice of hearing constitutes commencement of the contested case proceeding. Delivery shall be accomplished in the manner described below, at least 15 days before the hearing date unless the parties agree to a shorter time period, or unless otherwise provided by statute.

a. For nonlicensed persons, delivery may be accomplished by:

- (4) Publication, as provided in the Iowa Rules of Civil Procedure.

b. For licensees, delivery shall be executed by:

- (1) Personal service as provided in the Iowa Rules of Civil Procedure; or
- (2) Restricted certified mail.

3.5(2) The notice of hearing shall be prepared in the form of an order and contain the following information:

- a.* A statement of the time, place, and nature of the hearing;
- b.* A statement of the legal authority and jurisdiction under which the hearing is to be held;
- c.* A reference to the particular sections of the statutes and rules involved;
- d.* A short and plain statement of the matters asserted. If the insurance division or other party is unable to state the matters in detail at the time the notice is served, the initial notice may be limited to a statement of the issues involved. Thereafter, upon written application, a more definite and detailed statement shall be furnished;
- e.* Identification of all parties including the name, address and telephone number of the person who will act as advocate for the division and of parties' counsel where known;
- f.* Reference to the procedural rules governing conduct of the contested case proceeding;
- g.* Reference to the procedural rules governing informal settlement;
- h.* Identification of the presiding officer and address, if known. If not known, a description of who generally will serve as presiding officer; and
- i.* Notification of the time period in which a party may request, under 1998 Iowa Acts, chapter 1202, section 15(1), and rule 3.6(17A), that the presiding officer be an administrative law judge.
- j.* Notification that failure to file an answer within 20 days of service may result in default.

3.5(3) An answer shall be filed within 20 days of service of the notice of hearing unless otherwise ordered. A party may move to dismiss or apply for a more definite and detailed statement when appropriate.

- a.* An answer shall show on whose behalf it is filed and specifically admit, deny, or otherwise answer all material allegations of the notice of hearing. The answer shall state any facts deemed to show an affirmative defense and contain as many additional defenses as the pleader may claim.
- b.* An answer shall state the name, address and telephone number of the person filing the answer, the person or entity on whose behalf it is filed, and the attorney representing that person, if any.
- c.* Any allegation in the notice of hearing not denied in the answer is considered admitted. The presiding officer may refuse to consider any defense not raised in the answer which could have been raised on the basis of facts known when the answer was filed if any party would be prejudiced.

3.5(4) Any notice of hearing or other charging document may be amended before a responsive pleading has been filed. Amendments to a notice of hearing or charging document after a responsive pleading has been filed and to an answer may be allowed with the consent of the other parties or in the discretion of the presiding officer who may impose terms or grant a continuance.

3.5(5) The hearing in a contested case proceeding shall be held within 90 days after the date of the notice of hearing, subject to the provisions of rule 3.17(17A).

191—3.6(17A) Presiding officer.

3.6(1) If the presiding officer is not an administrative law judge, any party wishing to request that the presiding officer assigned to render a proposed decision be an administrative law judge employed by the department of inspections and appeals must file a written request with the insurance division within 20 days after service of a notice of hearing identifying or describing the presiding officer as the commissioner or members of the commissioner's staff.

3.6(2) The commissioner may deny the request only upon a finding that one or more of the following apply:

- a.* Neither the commissioner nor any designee under whose authority the contested case is to take place is a named party to the proceeding or a real party in interest to that proceeding.
- b.* There is a compelling need to expedite issuance of a final decision in order to protect the public health, safety, or welfare.
- c.* An administrative law judge with the qualifications identified in subrule 3.6(4) is unavailable to hear the case within a reasonable time.
- d.* The case involves significant policy issues of first impression that are inextricably intertwined with the factual issues presented.

- e.* The demeanor of the witnesses is likely to be dispositive in resolving the disputed factual issues.
- f.* Funds are unavailable to pay the costs of an administrative law judge and an interagency appeal.
- g.* The request was not timely filed.
- h.* The request is not consistent with a specified statute.
- i.* A statute requires the commissioner or designee to serve as presiding officer.
- j.* The contested case arises from matters asserted pursuant to Iowa Code chapters 507A, 507B, 508B, 515G and 521A.

3.6(3) The commissioner or designee shall issue a written ruling specifying the grounds for its decision within 20 days after a request for an administrative law judge is filed. If the ruling is contingent upon the availability of an administrative law judge with the qualifications identified in subrule 3.6(4), the parties shall be notified at least ten days prior to hearing if a qualified administrative law judge will not be available.

3.6(4) An administrative law judge assigned to act as presiding officer in insurance and securities matters shall be admitted to practice law before the courts of the state of Iowa.

3.6(5) Except as provided otherwise by another provision of law, all rulings by an administrative law judge acting as presiding officer are subject to appeal to the commissioner. A party must seek any available intra-agency appeal in order to exhaust adequate administrative remedies.

191—3.7(17A) Waiver of procedures. Unless otherwise precluded by law, the parties in a contested case proceeding may waive any provision of this chapter. However, the insurance division may exercise discretion to refuse to give effect to such a waiver when the waiver is to be inconsistent with the public interest.

191—3.8(17A) Telephone proceedings.

3.8(1) The presiding officer may resolve preliminary procedural motions by telephone conference in which all parties have been afforded notice and an opportunity to participate.

3.8(2) The presiding officer may, on the officer's own motion or as requested by a party, order hearings or argument to be held by telephone conference or other electronic means in which all parties have an opportunity to participate. Any party may call witnesses by telephone, with 14 days' advance notice to all parties and the presiding officer. Failure of a party to make timely disclosure may result in the disallowance of testimony by telephone.

191—3.9(17A) Disqualification.

3.9(1) A presiding officer or other person shall withdraw from participation in the making of any proposed or final decision in a contested case if that person:

- a.* Has a personal bias or prejudice concerning a party or a representative of a party;
- b.* Has personally investigated, prosecuted or advocated in connection with that case, the specific controversy underlying that case, another factually related contested case with common disputed facts, or a pending controversy with common disputed facts that may culminate in a contested case involving the same parties;
- c.* Is subject to the authority, direction or discretion of any person who has personally investigated, prosecuted or advocated in connection with that contested case, the specific controversy underlying that contested case, or a factually related contested case with common disputed facts or controversy involving the same parties;
- d.* Has acted as counsel to any person who is a private party to that proceeding within the past two years;
- e.* Has a personal financial interest in the outcome of the case or any other significant personal interest that could be substantially affected by the outcome of the case;
- f.* Has a spouse or relative within the third degree of relationship that is (1) a party to the case, or an officer, director or trustee of a party; (2) a lawyer in the case; (3) known to have an interest that could be substantially affected by the outcome of the case; or (4) likely to be a material witness in the case; or

g. Has any other legally sufficient cause to withdraw from participation in the decision making in the case.

3.9(2) The term “personally investigated” means taking affirmative steps to interview witnesses directly or to obtain documents or other information directly. The term “personally investigated” does not include general direction and supervision of assigned investigators, unsolicited receipt of information which is relayed to assigned investigators, review of another person’s investigative work product in the course of determining whether there is probable cause to initiate a proceeding, or exposure to factual information while performing other agency functions, including fact gathering for purposes other than investigation of the matter which culminates in a contested case. Factual information relevant to the merits of a contested case received by a person who later serves as presiding officer in that case shall be disclosed if required by Iowa Code section 17A.17 as amended by 1998 Iowa Acts, chapter 1202, section 19, and subrules 3.9(3) and 3.23(9).

3.9(3) In a situation where a presiding officer or other person knows of information which might reasonably be deemed to be a basis for disqualification and decides voluntary withdrawal is unnecessary, that person shall submit the relevant information for the record by affidavit and shall provide for the record a statement of the reasons for the determination that withdrawal is unnecessary.

3.9(4) To request disqualification of a presiding officer, a party shall file a motion supported by an affidavit pursuant to 1998 Iowa Acts, chapter 1202, section 19(7). The motion shall be filed as soon as practical after the reason alleged in the motion becomes known to the party. If, during the course of the hearing, a party first becomes aware of evidence of bias or other grounds for disqualification, the party may move for disqualification but shall establish the grounds by the introduction of evidence into the record.

If the presiding officer determines that disqualification is appropriate, the presiding officer shall withdraw. If the presiding officer determines that withdrawal is not required, the presiding officer shall enter an order to that effect. A party requesting disqualification may seek an interlocutory appeal under rule 3.25(17A) and seek a stay under rule 3.29(17A).

191—3.10(17A) Consolidation—severance.

3.10(1) The presiding officer may consolidate contested case proceedings where (a) the matters at issue involve common parties or common questions of fact or law; (b) consolidation would expedite and simplify consideration of the issues involved; and (c) consolidation would not adversely affect the rights of any of the parties to those proceedings.

3.10(2) The presiding officer may, for good cause shown, order any contested case proceedings or portions thereof severed.

191—3.11(17A) Pleadings.

3.11(1) Petition for intervention requirements:

a. Any petition required in a contested case proceeding shall be filed within 20 days of delivery of the notice of hearing or subsequent order of the presiding officer, unless otherwise ordered.

b. A petition shall state in separately numbered paragraphs the following:

- (1) The persons or entities on whose behalf the petition is filed;
- (2) The particular provisions of statutes and rules involved;
- (3) The relief demanded and the facts and law relied upon for such relief; and
- (4) The name, address and telephone number of petitioner and petitioner’s attorney, if any.

3.11(2) An answer to a petition for intervention shall be filed within 20 days of service of the petition unless otherwise ordered. A party may move to dismiss or apply for a more definite and detailed statement when appropriate.

a. An answer shall show on whose behalf it is filed and specifically admit, deny, or otherwise answer all material allegations of the pleading to which it responds. It shall state any facts deemed to show an affirmative defense and contain as many additional defenses as the pleader may claim.

b. An answer shall state the name, address and telephone number of the person filing the answer, the person or entity on whose behalf it is filed, and the attorney representing that person, if any.

c. Any allegation in the petition not denied in the answer is considered admitted. The presiding officer may refuse to consider any defense not raised in the answer which could have been raised on the basis of facts known when the answer was filed if any party would be prejudiced.

3.11(3) Any petition for intervention may be amended before a responsive pleading has been filed. Amendments to pleadings after a responsive pleading has been filed and to an answer may be allowed with the consent of the other parties or in the discretion of the presiding officer who may impose terms or grant a continuance.

191—3.12(17A) Service and filing of pleadings and other papers.

3.12(1) Every pleading, motion, document, or other paper filed in a contested case proceeding and every paper relating to discovery in such a proceeding shall be served upon each of the parties of record to the proceeding, including the person designated as advocate or prosecutor for the insurance division, at the time of filing. Except for an application for rehearing as provided in Iowa Code section 17A.16(2), the party filing a document is responsible for service on all parties.

3.12(2) Service upon a party represented by an attorney shall be made upon the attorney unless otherwise ordered. Service is made by delivering or mailing a copy to the attorney at the attorney's last-known address. Service upon an unrepresented party shall be made by delivering or mailing a copy to the party's last-known address. Service by mail is complete upon mailing, except where otherwise specifically provided by statute, rule, or order.

3.12(3) After the notice of hearing, all pleadings, motions, documents or other papers in a contested case proceeding shall be filed with the presiding officer.

3.12(4) Except where otherwise provided by law, a document is deemed filed at the time it is delivered to the presiding officer, delivered to an established courier service for immediate delivery to that office, or mailed by first-class mail or state interoffice mail to that office, so long as there is proof of mailing.

3.12(5) Proof of mailing includes either: a legible United States Postal Service postmark on the envelope, a certificate of service, a notarized affidavit, or a certification in substantially the following form:

I certify under penalty of perjury and pursuant to the laws of Iowa that, on (date of mailing), I mailed copies of (describe document) addressed to the Insurance Division at the address disclosed in 191—1.2(502,505) and to the names and addresses of the parties listed below by depositing the same in (a United States post office mailbox with correct postage properly affixed or state interoffice mail).

3.12(6) The presiding officer, by order, may permit service or filing of particular documents by facsimile or electronic mail or similar electronic means unless such service or filing is precluded by a provision of law. When permitted, service by facsimile, electronic mail or similar electronic means is complete upon transmission. In the absence of such an order, facsimile or electronic transmission does not satisfy service or filing requirements, but may be used to supplement service or filing when rapid notice is needed.

191—3.13(17A) Discovery.

3.13(1) Where statutory time limitations permit, discovery may be conducted as permitted by the Iowa Rules of Civil Procedure. Unless lengthened or shortened by these rules or by order of the presiding officer, time periods for compliance with discovery shall be as provided in the Iowa Rules of Civil Procedure.

3.13(2) Any motion relating to discovery shall allege that the moving party has previously made a good-faith attempt to resolve the discovery issues involved with the opposing party. Motions in regard to discovery shall be ruled upon by the presiding officer. Opposing parties shall be afforded the opportunity to respond within ten days of the filing of the motion unless the time is shortened as provided in subrule

3.13(1). The presiding officer may rule on the basis of the written motion and any response, or may order argument on the motion.

191—3.14(17A) Subpoenas.

3.14(1) A subpoena shall be issued by the presiding officer at a party's request. Such a request must be in writing. In the absence of good cause for permitting later action, a request for a subpoena must be received at least ten days before the scheduled hearing. The request shall include the name, address, and telephone number of the requesting party.

3.14(2) Except to the extent otherwise provided by law, parties are responsible for service of their own subpoenas and payment of witness fees and mileage expenses.

3.14(3) The presiding officer may quash or modify a subpoena upon motion as provided in the Iowa Rules of Civil Procedure. A motion to quash or modify a subpoena shall be promptly set for hearing.

191—3.15(17A) Motions.

3.15(1) No technical form for motions is required. However, prehearing motions must be in writing, state the grounds for relief and relief sought.

3.15(2) Any party may file a written response to a motion within ten days after the motion is served, unless the time period is extended or shortened by the presiding officer. In ruling on a motion, the presiding officer may consider the motion unresisted, if no response is timely filed.

3.15(3) The presiding officer may schedule oral argument on any motion.

3.15(4) Motions pertaining to the hearing, except motions for summary judgment, must be filed and served at least ten days prior to the date of hearing unless there is good cause for permitting later action or the time for such action is lengthened or shortened by an order of the presiding officer.

3.15(5) Motions for summary judgment shall comply with the requirements of Iowa Rule of Civil Procedure 1.981 and shall be subject to disposition according to the requirements of that rule to the extent such requirements are not inconsistent with the provisions of this rule or any other provision of law governing the procedure in contested cases.

Motions for summary judgment may be filed and served within a reasonable time prior to the hearing, as determined by the presiding officer. Any party resisting the motion shall file and serve a resistance within 15 days, unless otherwise ordered by the presiding officer, from the date a copy of the motion was served. The time fixed for hearing or nonoral submission shall be not less than 20 days after the filing of the motion, unless a shorter time is ordered by the presiding officer. A summary judgment order rendered on all issues in a contested case is subject to rehearing pursuant to rule 3.28(17A) and appeal pursuant to rule 3.27(17A).

191—3.16(17A) Prehearing conference.

3.16(1) Any party may request a prehearing conference. A written request for prehearing conference or an order for prehearing conference on the presiding officer's own motion shall be filed not less than 14 days prior to the hearing date. A prehearing conference shall be scheduled not less than three business days prior to the hearing date.

The presiding officer shall give written notice of the prehearing conference to all parties.

3.16(2) Prehearing conferences shall be conducted by telephone unless otherwise ordered.

3.16(3) Each party shall exchange and receive prior to the prehearing conference:

a. A final list of the witnesses who the party anticipates will testify at hearing. Witnesses not listed may be excluded from testifying unless there was good cause for failure to include their names; and

b. A final list of exhibits which the party anticipates will be introduced at hearing. Exhibits other than rebuttal exhibits that are not listed may be excluded from admission into evidence unless there was good cause for failure to include them.

3.16(4) Witness or exhibit lists may be amended subsequent to the prehearing conference within time limits established by the presiding officer at the prehearing conference. Any such amendments must be served on all parties.

3.16(5) In addition to the requirements of subrule 3.16(3), the parties at a prehearing conference may:

- a. Enter into stipulations of law or fact;
- b. Enter into stipulations on the admissibility of exhibits;
- c. Identify matters which the parties intend to request be officially noticed;
- d. Enter into stipulations for waiver of any provision of law; and
- e. Consider any additional matters which will expedite the hearing.

191—3.17(17A) Continuances. Unless otherwise provided, applications for continuances shall be made to the presiding officer.

3.17(1) An application for a continuance shall:

- a. Be made at the earliest possible time and no less than 14 days before the hearing except in case of unanticipated emergencies or consent of all parties, and
- b. State the specific reasons for the request.

3.17(2) In determining whether to grant a continuance, the presiding officer may consider:

- a. Prior continuances;
- b. The interests of all parties;
- c. The likelihood of informal settlement;
- d. The existence of an emergency;
- e. Any objection;
- f. Any applicable time requirements;
- g. The existence of a conflict in the schedules of counsel, parties, or witnesses;
- h. The timeliness of the request;
- i. Failure to timely provide discovery responses; and
- j. Other relevant factors.

The presiding officer may require documentation of any grounds for continuance.

191—3.18(17A) Withdrawals. A party requesting a contested case proceeding may withdraw that request prior to the hearing.

191—3.19(17A) Intervention.

3.19(1) A motion for leave to intervene in a contested case proceeding shall state the grounds for the proposed intervention, including any statutory grounds, and the position and interest of the proposed intervenor. A proposed answer or petition in intervention shall be attached to the motion. Any party may file a response within 14 days of service of the motion to intervene unless the time period is extended or shortened by the presiding officer.

3.19(2) Motion for leave to intervene shall be filed as early in the proceeding as possible to avoid adverse impact on existing parties or the conduct of the proceeding. Unless otherwise ordered, a motion for leave to intervene shall be filed before the prehearing conference, if any, or at least 20 days before the date scheduled for hearing. Any later motion must contain a statement of good cause for failure to file in a timely manner. Unless inequitable or unjust, an intervenor shall be bound by any agreement, arrangement, or other matter previously raised in the case. Requests by untimely intervenors for continuances which would delay the proceeding will ordinarily be denied.

3.19(3) The movant shall demonstrate that (a) intervention would not unduly prolong the proceedings or otherwise prejudice the rights of existing parties; (b) the movant is likely to be aggrieved or adversely affected by a final order in the proceeding; and (c) the interests of the movant are not adequately represented by existing parties; or (d) there exists a statutory right to intervene.

3.19(4) If appropriate, the presiding officer may order consolidation of the petitions and briefs of different parties whose interests are aligned and limit the number of representatives allowed to participate actively in the proceedings. A person granted leave to intervene is a party to the proceeding. The order granting intervention may restrict the issues that may be raised by the intervenor or otherwise condition the intervenor's participation in the proceeding.

191—3.20(17A) Hearing procedures.

3.20(1) The presiding officer presides at the hearing, and may rule on motions, require briefs, issue a proposed decision, and issue such orders and rulings as will ensure orderly conduct of the proceedings.

3.20(2) The presiding officer shall conduct the hearing in the following manner:

a. The presiding officer shall give an opening statement briefly describing the nature of the proceedings;

b. Parties shall be given an opportunity to present opening statements;

c. Parties shall present their cases in the sequence determined by the presiding officer;

d. Each witness shall be sworn or affirmed by the presiding officer or the court reporter, and be subject to examination and cross-examination. The presiding officer may limit questioning in a manner consistent with law; and

e. When all parties and witnesses have been heard, parties may be given the opportunity to present final arguments.

3.20(3) The presiding officer shall maintain the decorum of the hearing and may refuse to admit or may expel a person whose conduct is disorderly.

3.20(4) Parties have the right to participate or to be represented in all hearings or prehearing conferences related to their case. Partnerships, corporations, or associations may be represented by any member, officer, director, or duly authorized agent. Any party may be represented by an attorney or another person authorized by law, subject to Iowa Court Rule 113.

3.20(5) Subject to terms and conditions prescribed by the presiding officer, parties have the right to introduce evidence on issues of material fact, cross-examine witnesses present at the hearing as necessary for a full and true disclosure of the facts, present evidence in rebuttal, and submit briefs and engage in oral argument.

3.20(6) All objections shall be timely made and stated on the record.

3.20(7) Witnesses may be sequestered during the hearing. This rule does not authorize exclusion of (1) a party who is a natural person, or (2) an officer or employee of a party which is not a natural person designated as its representative by its attorney, or (3) a person whose presence is shown by a party to be essential to presentation of the cause.

191—3.21(17A) Evidence.

3.21(1) The presiding officer shall rule on admissibility of evidence and may, where appropriate, take official notice of facts in accordance with applicable requirements of law.

3.21(2) Stipulation of facts is encouraged. The presiding officer may make a decision based on stipulated facts.

3.21(3) Evidence in the proceeding shall be confined to the issues as to which the parties received notice prior to the hearing unless the parties waive their right to such notice or the presiding officer determines that good cause justifies expansion of the issues. If the presiding officer decides to admit evidence on issues outside the scope of the notice over the objection of a party who did not have actual notice of those issues, that party, upon timely request, may receive a continuance sufficient to amend pleadings and to prepare on the additional issue.

3.21(4) The party seeking admission of an exhibit must provide opposing parties with an opportunity to examine the exhibit prior to the ruling on its admissibility. Copies of documents should be provided to opposing parties no later than the time they are proffered to the presiding officer. All exhibits admitted into evidence shall be appropriately marked and be made part of the record.

3.21(5) A party may object to specific evidence. A party may request limits on the scope of any examination or cross-examination. Objections shall be accompanied by a brief statement of the grounds upon which the objections are based. The objection and the ruling on the objection shall be noted in the record. The presiding officer may rule on the objection at the time it is made or may reserve a ruling until the written decision, if appropriate.

3.21(6) Whenever evidence is ruled inadmissible, the party offering that evidence may submit an offer of proof on the record. The party making the offer of proof for excluded oral testimony shall briefly summarize the testimony or, with permission of the presiding officer, present the testimony. If

the excluded evidence consists of a document or exhibit, it shall be marked as part of an offer of proof and inserted in the record.

191—3.22(17A) Default.

3.22(1) If a party fails to appear or participate in a contested case proceeding after proper service of notice, the presiding officer may, if no adjournment is granted, enter a default decision or proceed with the hearing and render a decision in the absence of the party.

3.22(2) Where appropriate and not contrary to law, any party may move for default against a party who has requested the contested case proceeding and failed to file a required pleading or has failed to appear after proper service.

3.22(3) Default decisions or decisions rendered on the merits after a party has failed to appear or participate become final agency action unless, within 15 days after the date of notification or mailing of the decision, a motion to vacate is filed and served on all parties or an appeal of a decision on the merits is timely initiated within the time provided by rule 3.27(17A). A motion to vacate must state all facts relied upon by the moving party which establish that good cause existed for that party's failure to appear or participate at the contested case proceeding. Each fact so stated must be substantiated by at least one sworn affidavit of a person with personal knowledge of each such fact, which affidavit(s) must be attached to the motion.

3.22(4) The time for further appeal of a decision for which a timely motion to vacate has been filed is stayed pending a decision on the motion to vacate.

3.22(5) Properly substantiated and timely filed motions to vacate shall be granted only for good cause shown. The burden of proof as to good cause is on the moving party. Adverse parties shall have ten days to respond to a motion to vacate. Adverse parties shall be allowed to conduct discovery as to the issue of good cause and to present evidence on the issue prior to a decision on the motion, if a request to do so is included in that party's response.

3.22(6) "Good cause" for purposes of this rule shall have the same meaning as "good cause" for setting aside a default judgment under Iowa Rule of Civil Procedure 1.977.

3.22(7) A decision denying a motion to vacate is subject to further appeal within the time limit allowed for further appeal of a decision on the merits in the contested case proceeding. A decision granting a motion to vacate is subject to interlocutory appeal by the adverse party pursuant to rule 3.25(17A).

3.22(8) If a motion to vacate is granted and no timely interlocutory appeal has been taken, the presiding officer shall schedule another hearing on the merits and the contested case shall proceed accordingly.

3.22(9) A default decision may award any relief consistent with the request for relief made in the petition, notice of hearing, or charging document and embraced in its issues.

3.22(10) A default decision may provide either that the default decision is to be stayed pending a timely motion to vacate or that the default decision is to take effect immediately, subject to a request for stay under rule 3.29(17A).

[Editorial change: IAC Supplement 11/17/10]

191—3.23(17A) Ex parte communication.

3.23(1) Unless required for the disposition of ex parte matters specifically authorized by statute, following issuance of the notice of hearing, there shall be no communication, directly or indirectly, between the presiding officer and any party or representative of any party or any other person with a direct or indirect interest in such case in connection with any issue of fact or law in the case except upon notice and opportunity for all parties to participate. This does not prohibit persons jointly assigned such tasks from communicating with each other. Nothing in this provision is intended to preclude the presiding officer from communicating with members of the division or seeking the advice or help of persons other than those with a personal interest in, or those engaged in personally investigating as defined in subrule 3.9(2), prosecuting, or advocating in, either the case under consideration or a pending factually related case involving the same parties as long as those persons do not directly or indirectly communicate to

the presiding officer any ex parte communications they have received of a type that the presiding officer would be prohibited from receiving or that furnish, augment, diminish, or modify the evidence in the record.

3.23(2) Prohibitions on ex parte communications commence with the issuance of the notice of hearing in a contested case and continue for as long as the case is pending.

3.23(3) Written, oral or other forms of communication are “ex parte” if made without notice and opportunity for all parties to participate.

3.23(4) To avoid prohibited ex parte communications notice must be given in a manner reasonably calculated to give all parties a fair opportunity to participate. Notice of written communications shall be provided in compliance with rule 3.12(17A) and may be supplemented by telephone, facsimile, electronic mail or other means of notification.

3.23(5) Persons who jointly act as presiding officer in a pending contested case may communicate with each other without notice or opportunity for parties to participate.

3.23(6) Communications with the presiding officer involving uncontested scheduling or procedural matters do not require notice or opportunity for parties to participate. Parties should notify other parties prior to initiating such contact with the presiding officer when feasible, and shall notify other parties when seeking to continue hearings or other deadlines pursuant to rule 3.16(17A).

3.23(7) A presiding officer who receives a prohibited ex parte communication during the pendency of a contested case must initially determine if the effect of the communication is so prejudicial that the presiding officer should be disqualified. If the presiding officer determines that disqualification is warranted, a copy of any prohibited written communication, all written responses to the communication, a written summary stating the substance of any prohibited oral or other communication not available in written form for disclosure, all responses made, and the identity of each person from whom the presiding officer received a prohibited ex parte communication shall be submitted for inclusion in the record, either under seal by protective order or in the public file, at the discretion of the presiding officer. If the presiding officer determines that disqualification is not warranted, such documents shall be submitted for inclusion in the record and served on all parties. Any party desiring to rebut the prohibited communication must be allowed the opportunity to do so upon written request filed within ten days after notice of the communication.

3.23(8) Promptly after being assigned to serve as presiding officer at any stage in a contested case proceeding, a presiding officer shall disclose to all parties material factual information received through ex parte communication prior to such assignment unless the factual information has already been or shortly will be disclosed pursuant to Iowa Code section 17A.13(2) or through discovery. Factual information contained in an investigative report or similar document need not be separately disclosed by the presiding officer as long as such documents have been or will shortly be provided to the parties.

3.23(9) The presiding officer may render a proposed or final decision imposing appropriate sanctions for violations of this rule including default, a decision against the offending party, censure, suspension or revocation of the privilege to practice before the agency. Violation of ex parte communication prohibitions by agency personnel shall be reported to the first deputy commissioner or designee for possible sanctions including censure, suspension, dismissal or other disciplinary action.

191—3.24(17A) Recording costs. Upon request, the presiding officer with notice to all parties shall provide a copy of the whole or any portion of the record at a reasonable cost. The cost of preparing a copy of the record or of transcribing the hearing record shall be paid by the requesting party. Parties who request that a hearing be recorded by certified shorthand reporters rather than by electronic means shall bear the cost of that recordation, unless otherwise provided by law.

191—3.25(17A) Interlocutory appeals. Upon written request of a party or on its own motion, the commissioner or designee may review an interlocutory order of the presiding officer. In determining whether to do so, the commissioner or designee shall weigh the extent to which granting the interlocutory appeal would expedite final resolution of the case and the extent to which review of that interlocutory order at the time the proposed decision of the presiding officer is reviewed would provide an adequate

remedy. Any request for interlocutory review must be filed within 14 days of issuance of the challenged order, but no later than the time for compliance with the order or the date of hearing, whichever is first.

191—3.26(17A) Final decision.

3.26(1) When the commissioner presides over the reception of evidence at the hearing, the commissioner's decision is a final decision.

3.26(2) When the commissioner does not preside over the reception of evidence, the presiding officer shall make a proposed decision. The proposed decision becomes the final decision of the agency without further proceedings unless there is an appeal to, or review on motion of, the commissioner within the time provided in rule 3.27(17A).

3.26(3) The presiding officer's decision shall specify in bold print either that the decision is final or that the decision shall become final without further proceedings unless there is an appeal to, or review on motion of, the commissioner within the time provided in rule 3.27(17A).

3.26(4) Any administrative law judge serving as a presiding officer in a contested case shall report to the commissioner on a monthly basis all matters taken under advisement for longer than 60 days, together with an explanation of the reasons for the delay and an expected date of a proposed decision. A matter shall be reported when all hearings have been completed and the matter awaits decision without further appearance of the parties or their attorneys, even though briefs or transcripts have been ordered but have not yet been filed. The report shall be due on the tenth day of each calendar month for the period ending with the last day of the preceding calendar month. The report shall be signed by the administrative law judge. All reports received will be filed with the Iowa insurance division as records available for public inspection.

191—3.27(17A) Appeals and review.

3.27(1) Any adversely affected party may appeal a proposed decision to the commissioner within 30 days after issuance of the proposed decision.

3.27(2) The insurance division may initiate review of a proposed decision on its own motion at any time within 30 days following issuance of such a decision.

3.27(3) An appeal of a proposed decision is initiated by filing a timely notice of appeal with the commissioner. The notice of appeal must be signed by the appealing party or a representative of that party and contain a certificate of service. The notice shall specify:

- a. The proposed decision or order appealed from;
- b. The parties initiating the appeal;
- c. The specific findings or conclusions to which exception is taken and any other exceptions to the decision or order;
- d. The grounds for relief; and
- e. The relief sought.

3.27(4) On appeal from a proposed decision of a presiding officer, the issues shall be limited to those raised before the presiding officer. No new issues will be considered for the first time on appeal.

3.27(5) On appeal, a party may request the taking of additional evidence only by establishing that the evidence is material, that good cause existed for failure to present the evidence at the hearing, and that the party has not waived the right to present the evidence. A written request to present additional evidence must be filed with the notice of appeal or, by a nonappealing party, within ten days of service of the notice of appeal. The commissioner may remand a case to the presiding officer for further hearing or the commissioner may preside at the taking of additional evidence.

3.27(6) The commissioner shall issue a schedule for consideration of the appeal.

3.27(7) Unless otherwise ordered, within 20 days of the notice of appeal or order for review, each appealing party may file exceptions and briefs. Within 20 days thereafter, any party may file a responsive brief. Briefs shall cite any applicable legal authority and specify relevant portions of the record in that proceeding. Any written requests to present oral argument shall be filed with the briefs. The commissioner may resolve the appeal on the briefs or provide an opportunity for oral argument. The commissioner may shorten or extend the briefing period as appropriate.

191—3.28(17A) Applications for rehearing.

3.28(1) Any party to a contested case proceeding may file an application for rehearing from a final order.

3.28(2) The application for rehearing shall state on whose behalf it is filed, the specific grounds for rehearing, and the relief sought. In addition, the application shall state whether the applicant desires reconsideration of all or part of the agency decision on the existing record and whether, on the basis of the grounds enumerated in subrule 3.27(5), the applicant requests an opportunity to submit additional evidence.

3.28(3) The application shall be filed with the commissioner within 20 days after issuance of the final decision.

3.28(4) A copy of the application shall be timely mailed by the applicant to all parties of record not joining therein. If the application does not contain a certificate of service, the division shall serve copies on all parties.

3.28(5) Any application for a rehearing shall be deemed denied unless the commissioner grants the application within 20 days after its filing.

191—3.29(17A) Stay of agency action.

3.29(1) Petition requirements for stay of agency action:

a. Any party to a contested case proceeding may petition the commissioner for a stay of an order issued in that proceeding or for other temporary remedies, pending review by the agency. The petition shall be filed with the notice of appeal and shall state the reasons justifying a stay or other temporary remedy. The commissioner may rule on the stay or authorize the presiding officer to do so.

b. Any party to a contested case proceeding may petition the commissioner for a stay or other temporary remedy pending judicial review of all or part of that proceeding. The petition shall state the reasons justifying a stay or other temporary remedy.

3.29(2) In determining whether to grant a stay, the presiding officer or commissioner shall consider the factors listed in 1998 Iowa Acts, chapter 1202, section 23(5c).

3.29(3) A stay may be vacated by the issuing authority upon application of the commissioner or any other party.

191—3.30(17A) No factual dispute contested cases. If the parties agree that no dispute of material fact exists as to a matter that would be a contested case if such a dispute of fact existed, the parties may present all relevant admissible evidence either by stipulation or otherwise as agreed by the parties, without necessity for the production of evidence at an evidentiary hearing. If such agreement is reached, a jointly submitted schedule detailing the method and timetable for submission of the record, briefs and oral argument should be submitted to the presiding officer for approval as soon as is practicable.

191—3.31(17A) Emergency adjudicative proceedings.

3.31(1) To the extent necessary to prevent or avoid immediate danger to the public health, safety, or welfare, and consistent with the Constitution and other provisions of law, the insurance division may issue a written order in compliance with 1998 Iowa Acts, chapter 1202, section 21, to suspend a license in whole or in part, order the cessation of any continuing activity, order affirmative action, or take other action within the jurisdiction of the division by emergency adjudicative order. Before issuing an emergency adjudicative order the division shall consider factors including, but not limited to, the following:

a. Whether there has been a sufficient factual investigation to ensure that the division is proceeding on the basis of reliable information;

b. Whether the specific circumstances which pose immediate danger to the public health, safety or welfare have been identified and determined to be continuing;

c. Whether the person required to comply with the emergency adjudicative order may continue to engage in other activities without posing immediate danger to the public health, safety or welfare;

d. Whether imposition of monitoring requirements or other interim safeguards would be sufficient to protect the public health, safety or welfare;

e. Whether the specific action contemplated by the insurance division is necessary to avoid the immediate danger; and

f. Whether the proposed emergency adjudicative order is sufficiently limited in scope and narrowly tailored to protect the public health, safety or welfare.

3.31(2) An emergency adjudicative order shall contain findings of fact, conclusions of law, and policy reasons to justify the determination of an immediate danger in the insurance division's decision to take immediate action.

a. The written emergency adjudicative order shall be immediately delivered to persons who are required to comply with the order by utilizing one or more of the following procedures:

(1) For nonlicensed persons, delivery may be executed by:

1. Personal service as provided in the Iowa Rules of Civil Procedure; or

2. Certified mail, return receipt requested; or

3. First-class mail; or

4. Publication, as provided in the Iowa Rules of Civil Procedure; or

5. Facsimile or other electronic transmission. Facsimile or other electronic transmission may be used as the sole method of delivery if the person required to comply with the order has filed a written request that agency orders be sent by facsimile and has provided a fax number for that purpose.

(2) For licensees, delivery shall be executed by:

1. Personal service as provided in the Iowa Rules of Civil Procedure; or

2. Restricted certified mail.

b. If practical, the insurance division shall select the procedure for providing written notice that best ensures prompt, reliable delivery.

3.31(3) Unless the written emergency adjudicative order is provided by personal delivery on the same day that the order issues, the insurance division shall make reasonable immediate efforts to contact by telephone the persons who are required to comply with the order.

3.31(4) After issuance of an emergency adjudicative order, the insurance division shall proceed as quickly as feasible to complete any proceedings that would be required if the matter did not involve an immediate danger.

3.31(5) A written emergency adjudicative order shall include notification of the date on which insurance division proceedings are scheduled for completion. After an emergency adjudicative order is issued, continuance of further division proceedings to a later date will be granted only in compelling circumstances, and upon written application.

3.31(6) This rule does not preclude issuance of summary cease and desist orders as authorized by Iowa Code sections 502.604, 502A.12, 523A.17, 523B.8(1), 523D.13, and 523E.17; chapters 505, 507B, 507C, 508, and 515; and rule 191—3.32(502,505).

191—3.32(502,505,507B) Summary cease and desist orders. When a statute authorizes action to be taken without a prior hearing, the commissioner's order shall be sent to the last-known address of the party by certified mail, return receipt requested, unless the party is a licensee, in which case the order shall be sent by restricted certified mail. The order shall include a brief statement of findings of fact, conclusions of law and policy reasons for the decision; direct the person or insurer to cease and desist from engaging in the act or practice or to take other affirmative action as is necessary, in the judgment of the commissioner, to comply with the statute; and state that the party will be afforded a contested case proceeding and a hearing if a request is filed with the commissioner at least 30 days from the date that the order is issued, unless a different time is specified by statute. The commissioner shall issue a notice of hearing no later than 30 days from the date of receipt of a timely request for a contested case proceeding and hearing. If a statute requires a hearing to be held following issuance of a summary order, the date and time of that hearing shall be set forth in the order. Summary orders shall remain effective during the pendency of proceedings.

191—3.33(17A,502,505) Informal settlement.

3.33(1) A party to a controversy that may culminate in contested case proceedings may attempt informal settlement of the controversy by complying with the procedures set forth in this subrule. No party to a controversy shall be required to settle the controversy by submitting to informal settlement procedures.

a. Parties desiring informal settlement shall set forth in writing the various points of a proposed settlement, which may include a stipulated statement of facts.

b. When signed by the parties to a controversy, a proposed settlement shall represent final disposition of the matter in place of contested case proceedings.

c. Where there are more than two parties to a controversy involving the insurance division, a separate settlement between one party and the division is permissible.

d. A proposed settlement which is not accepted or signed by the parties shall not be admitted as evidence in the record of a contested case proceeding.

3.33(2) A party to a contested case proceeding may attempt informal settlement by complying with the procedures set forth in this subrule. No party shall be required to settle the contested case proceeding by submitting to informal settlement procedures.

a. Parties desiring informal settlement shall set forth in writing the various points of a proposed settlement, which may include a stipulated statement of facts.

b. When signed by the parties to the contested case proceeding and the presiding officer, a proposed settlement shall represent final disposition of the proceeding.

c. Where there are more than two parties to a contested case proceeding involving the insurance division, a separate settlement between one party and the division is permissible.

d. A proposed settlement which is not accepted or signed by the parties and the presiding officer shall not be admitted as evidence in the record of a contested case proceeding. Evidence of conduct or statements made in settlement negotiations likewise are not admissible. This rule does not require exclusion when the evidence is offered for another purpose, such as proving bias or prejudice of a witness, negating a contention of undue delay, or proving an effort to obstruct a criminal investigation or prosecution.

191—3.34(17A,502,505) Witness fees.

3.34(1) Subpoenaed witnesses shall be entitled to receive fees authorized by Iowa Code section 622.69.

3.34(2) Witnesses called to testify only to an opinion founded on special study or experience in any branch of science, or to make scientific or professional examinations and state the result thereof, may receive additional compensation, to be fixed by the presiding officer, with reference to the value of the time employed and the degree of learning or skill required; but such additional compensation shall not exceed the sum set forth in Iowa Code section 622.72.

These rules are intended to implement Iowa Code chapter 17A as amended by 1998 Iowa Acts, chapter 1202.

CHAPTER 4
AGENCY PROCEDURE FOR RULE MAKING AND WAIVER OF RULES

DIVISION I
AGENCY PROCEDURE FOR RULE MAKING

191—4.1(17A) Applicability. Except to the extent otherwise expressly provided by statute, all rules adopted by the insurance division are subject to the provisions of Iowa Code chapter 17A, the Iowa administrative procedure Act, and the provisions of this chapter.

191—4.2(17A) Advice on possible rules before notice of proposed rule adoption. In addition to seeking information by other methods, the insurance division may, before publication of a Notice of Intended Action under Iowa Code section 17A.4(1) “a,” solicit comments from the public on a subject matter of possible rule making by causing notice to be published in the Iowa Administrative Bulletin and indicating where, when, and how persons may comment.

191—4.3(17A) Public rule-making docket.

4.3(1) The insurance division shall maintain a current public rule-making docket.

4.3(2) The rule-making docket shall list each pending rule-making proceeding. A rule-making proceeding is pending from the time it is commenced by publication in the Iowa Administrative Bulletin to the time it is terminated or the rule becomes effective. For each rule-making proceeding, the docket shall indicate:

- a.* The subject matter of the proposed rule;
- b.* A citation to all published notices relating to the proceeding;
- c.* Where written submissions on the proposed rule may be inspected;
- d.* The time during which written submissions may be made;
- e.* The names of persons who have made written requests for an opportunity to make oral presentations on the proposed rule, where those requests may be inspected and where and when oral presentations may be made;
- f.* Whether a written request for issuance of a regulatory analysis or a concise statement of reasons has been filed, whether such an analysis or statement or a fiscal impact statement has been issued, and where any such written request, analysis or statement may be inspected;
- g.* The current status of the proposed rule;
- h.* Any known timetable for division decisions or other action in the proceeding;
- i.* The date of the rule’s adoption;
- j.* The date of the rule’s filing and publication;
- k.* The date on which the rule will become effective; and
- l.* Where the rule-making record may be inspected.

191—4.4(17A) Notice of proposed rule making.

4.4(1) At least 35 days before adoption of a rule the insurance division shall publish Notice of Intended Action in the Iowa Administrative Bulletin. The Notice of Intended Action shall include:

- a.* A brief explanation of the purpose of the proposed rule;
- b.* The specific legal authority for the proposed rule;
- c.* Except to the extent impracticable, the text of the proposed rule;
- d.* Where, when, and how persons may present their views on the proposed rule; and
- e.* Where, when, and how persons may request an oral proceeding on the proposed rule if the notice does not already provide for one.

Where inclusion of the complete text of a proposed rule in the Notice of Intended Action is impractical, the insurance division shall include in the notice a statement fully describing the specific subject matter of the omitted portion of the text of the proposed rule, the specific issues to be addressed by that omitted text of the proposed rule, and the range of possible choices being considered by the division for the resolution of each of those issues.

4.4(2) A proposed rule may incorporate other materials by reference only if it complies with subrule 4.12(2).

4.4(3) Persons desiring copies of future Notices of Intended Action by subscription must file with the insurance division at the address disclosed in rule 191—1.2(502,505) a written request indicating the name and address to which such Notices of Intended Action should be sent. The request shall specify whether the person wants to receive insurance rules, securities bureau rules as defined by rule 191—1.1(502,505), or both. Within seven days after submission of a Notice of Intended Action for publication, the division shall mail or otherwise transmit a copy of that notice to subscribers who have filed a written request. The written request shall be accompanied by payment of the subscription price. The subscription price per calendar year is \$15 for securities rules only, \$15 for insurance rules only, and \$30 for both.

191—4.5(17A) Public participation.

4.5(1) For at least 20 days after publication of the Notice of Intended Action, persons may submit argument, data and views, in writing, on the proposed rule. Such written submissions should identify the proposed rule to which they relate and should be submitted to the insurance division or the person designated in the Notice of Intended Action, at the address disclosed in rule 191—1.2(502,505).

4.5(2) The insurance division may, at any time, schedule an oral proceeding on a proposed rule. The division shall schedule an oral proceeding on a proposed rule if, within 20 days after the published Notice of Intended Action, a written request for an opportunity to make oral presentations is submitted to the division by the administrative rules review committee, a governmental subdivision, an agency, an association having not less than 25 members, or at least 25 persons. That request must also contain the following:

a. A request by one or more individual persons must be signed by each person and include the address and telephone number of each person;

b. A request by an association must be signed by an officer or designee of the association and must contain a statement that the association has at least 25 members and the address and telephone number of the person signing that request; and

c. A request by an agency or governmental subdivision must be signed by an official having authority to act on behalf of the entity and must contain the address and telephone number of the person signing that request.

4.5(3) This rule applies only to those oral rule-making proceedings in which an opportunity to make oral presentations is authorized or required by Iowa Code section 17A.4(1)“b” as amended by 1998 Iowa Acts, chapter 1202, section 8, or this chapter.

a. An oral proceeding on a proposed rule may be held in one or more locations and shall not be held earlier than 20 days after notice of its location and time is published in the Iowa Administrative Bulletin. That notice shall also identify the proposed rule by ARC number and citation to the Iowa Administrative Bulletin.

b. The commissioner, or another person designated by the commissioner who will be familiar with the substance of the proposed rule, shall preside at the oral proceeding on a proposed rule.

4.5(4) At an oral proceeding on a proposed rule, persons may make oral statements and make documentary and physical submissions, which may include data, views, comments or arguments concerning the proposed rule. Persons wishing to make oral presentations at such a proceeding are encouraged to notify the insurance division at least one business day prior to the proceeding and indicate the general subject of their presentations. At the proceeding, those who participate shall indicate their names and addresses, identify any persons or organizations they may represent, and provide any other information relating to their participation deemed appropriate by the presiding officer. Oral proceedings shall be open to the public and shall be recorded by stenographic or electronic means.

a. At the beginning of the oral proceeding, the presiding officer shall give a brief synopsis of the proposed rule, a statement of the statutory authority for the proposed rule, and the reasons for the agency decision to propose the rule. The presiding officer may place time limitations on individual oral presentations when necessary to ensure the orderly and expeditious conduct of the oral proceeding. To

encourage joint oral presentations and to avoid repetition, additional time may be provided for persons whose presentations represent the views of other individuals as well as their own.

b. Persons making oral presentations are encouraged to avoid restating matters which have already been submitted in writing.

c. To facilitate the exchange of information, the presiding officer may, where time permits, open the floor to questions or general discussion.

d. The presiding officer shall have the authority to take any reasonable action necessary for the orderly conduct of the meeting.

e. Physical and documentary submissions presented by participants in the oral proceeding shall be submitted to the presiding officer. Such submissions become the property of the insurance division.

f. The oral proceeding may be continued by the presiding officer to a later time without notice other than by announcement at the hearing.

g. Participants in an oral proceeding shall not be required to take an oath or to submit to cross-examination. However, the presiding officer in an oral proceeding may question participants and permit the questioning of participants by other participants about any matter relating to that rule-making proceeding, including any prior written submissions made by those participants in that proceeding; but no participant shall be required to answer any question.

h. The presiding officer in an oral proceeding may permit rebuttal statements and request the filing of written statements subsequent to the adjournment of the oral presentations.

4.5(5) In addition to receiving written comments and oral presentations on a proposed rule according to the provisions of this rule, the insurance division may obtain information concerning a proposed rule through any other lawful means deemed appropriate under the circumstances.

4.5(6) The insurance division shall schedule oral proceedings in rooms accessible to and functional for persons with physical disabilities. Persons who have special requirements should contact the division at (515)281-5705 in advance to arrange access or other needed services. Persons who are hearing impaired should call Relay Iowa TTY at 1-800-735-2942.

191—4.6(17A) Regulatory analysis.

4.6(1) A “small business” is defined in 1998 Iowa Acts, chapter 1202, section 10(7).

4.6(2) Small businesses or organizations of small businesses may be registered on the insurance division’s small business impact list by making a written application to the division at the address disclosed in rule 191—1.2(502,505). The application for registration shall state:

a. The name of the small business or organization of small businesses;

b. Its address;

c. The name of a person authorized to transact business for the applicant;

d. A description of the applicant’s business or organization; an organization representing 25 or more persons who each qualify as a small business shall indicate that fact; and

e. Whether the applicant desires copies of Notices of Intended Action, for a reasonable cost, or desires advance notice of the subject of all or some specific category of proposed rule making affecting small business.

The insurance division may at any time request additional information from the applicant to determine whether the applicant is qualified as a small business or as an organization of 25 or more small businesses. The division may periodically send a letter to each registered small business or organization, or organization of small businesses, asking whether that business or organization wishes to remain on the registration list. The name of a small business or organization of small businesses will be removed from the list if a negative response is received, or if no response is received within 30 days after the letter is sent.

4.6(3) Within seven days after submission of a Notice of Intended Action to the administrative rules coordinator for publication in the Iowa Administrative Bulletin, the insurance division shall mail to all registered small businesses or organizations of small businesses, in accordance with their request, either a copy of the Notice of Intended Action or notice of the subject of that proposed rule making. For a rule that may have an impact on small business adopted in reliance upon Iowa Code section 17A.4(2), the

division shall mail notice of the adopted rule to registered businesses or organizations prior to the time the adopted rule is published in the Iowa Administrative Bulletin.

4.6(4) The insurance division shall issue a regulatory analysis of a proposed rule that conforms to the requirements of 1998 Iowa Acts, chapter 1202, section 10(2a), after a proper request from:

- a. The administrative rules review committee; or
- b. The administrative rules coordinator.

4.6(5) The insurance division shall issue a regulatory analysis of a proposed rule that conforms to the requirements of 1998 Iowa Acts, chapter 1202, section 10(2b), after a proper request from:

- a. The administrative rules review committee;
- b. The administrative rules coordinator;
- c. At least 25 or more persons who sign the request provided that each represents a different small business; or
- d. An organization representing at least 25 small businesses. The request shall list the name, address and telephone number of not less than 25 small businesses it represents.

4.6(6) Upon receipt of a timely request for a regulatory analysis the insurance division shall adhere to the time lines described in 1998 Iowa Acts, chapter 1202, section 10(4).

4.6(7) A request for a regulatory analysis is made when it is received by the division, at the address disclosed in rule 191—2.1(502,505). The request shall be in writing and satisfy the requirements of 1998 Iowa Acts, chapter 1202, section 10(1).

4.6(8) The contents of the concise summary shall conform to the requirements of 1998 Iowa Acts, chapter 1202, section 10(4,5).

4.6(9) Upon request, the insurance division shall make available to the extent feasible, copies of the published summary in conformance with 1998 Iowa Acts, chapter 1202, section 10(5).

4.6(10) When a regulatory analysis is issued in response to a written request from the administrative rules review committee or the administrative rules coordinator, the regulatory analysis shall conform to the requirements of 1998 Iowa Acts, chapter 1202, section 10(2a), unless a written request expressly waives one or more of the items listed in that section.

4.6(11) When a regulatory analysis is issued in response to a written request from the administrative rules review committee, the administrative rules coordinator, at least 25 persons signing that request who each qualify as a small business or by an organization representing at least 25 small businesses, and, if the insurance division determines that the rule would have a substantial impact on small businesses, the regulatory analysis shall conform to the requirements of 1998 Iowa Acts, chapter 1202, section 10(2b).

191—4.7(17A,25B) Fiscal impact statement.

4.7(1) A proposed rule that mandates additional combined expenditures exceeding \$100,000 by all affected political subdivisions or agencies and entities which contract with political subdivisions to provide services must be accompanied by a fiscal impact statement outlining the costs associated with the rule. A fiscal impact statement must satisfy the requirements of Iowa Code section 25B.6.

4.7(2) If the insurance division determines at the time it adopts a rule that the fiscal impact statement upon which the rule is based contains errors, the division shall, at the same time, issue a corrected fiscal impact statement and publish the corrected fiscal impact statement in the Iowa Administrative Bulletin.

191—4.8(17A) Time and manner of rule adoption.

4.8(1) The insurance division shall not adopt a rule until the period for making written submissions and oral presentations has expired. Within 180 days after the later of the publication of the Notice of Intended Action, or the end of oral proceedings thereon, the insurance division shall adopt a rule pursuant to the rule-making proceeding or terminate the proceeding by publication in the Iowa Administrative Bulletin.

4.8(2) Before the adoption of a rule, the insurance division shall fully consider all of the written and oral submissions received in that rule-making proceeding and any regulatory analysis or fiscal impact statement issued in that rule-making proceeding.

4.8(3) Except as otherwise provided by law, the insurance division may use its own experience, technical competence, specialized knowledge and judgment in the adoption of a rule.

191—4.9(17A) Variance between adopted rule and rule proposed in Notice of Intended Action. The insurance division shall not adopt a rule that differs from the rule proposed in the Notice of Intended Action upon which the rule is based unless:

1. The differences are within the scope of the subject matter announced in the Notice of Intended Action and are in character with the issues raised in that notice; and
2. The differences are a logical outgrowth of the contents of that Notice of Intended Action and the comments submitted in response thereto.

191—4.10(17A) Exemptions from public rule-making procedures.

4.10(1) To the extent the insurance division for good cause finds that public notice and participation are unnecessary, impracticable or contrary to the public interest in the process of adopting a particular rule, the division may adopt that rule without publishing advance Notice of Intended Action in the Iowa Administrative Bulletin and without providing for written or oral public submissions prior to its adoption. The division shall incorporate the required finding and a brief statement of its supporting reasons in each rule adopted in reliance upon this subrule.

4.10(2) The insurance division may, at any time, commence a standard rule-making proceeding for the adoption of a rule that is identical or similar to a rule it adopts in reliance upon subrule 4.10(1).

191—4.11(17A) Concise statement of reasons.

4.11(1) When requested by a person, either prior to the adoption of a rule or within 30 days after its publication in the Iowa Administrative Bulletin as an adopted rule, the insurance division shall issue a concise statement of reasons for the rule. Requests for such a statement shall be in writing and shall be delivered to the division at the address disclosed in rule 191—1.2(502,505). The request should indicate whether the statement is sought for all or only a specified part of the rule. Requests will be considered made on the date received.

4.11(2) The concise statement of reasons shall contain:

- a.* The reasons for adopting the rule;
- b.* An indication of any change between the text of the proposed rule contained in the published Notice of Intended Action and the text of the rule as finally adopted, with the reasons for any such change; and
- c.* The principal reasons urged in the rule-making proceeding for and against the rule, and the insurance division's reasons for overruling the arguments made against the rule.

4.11(3) After a proper request, the insurance division shall issue a concise statement of reasons by the later of the time the rule is adopted or 35 days after receipt of the request.

191—4.12(17A) Contents, style, and form of rule.

4.12(1) Each rule adopted by the insurance division shall contain the text of the rule and:

- a.* The date the division adopted the rule;
- b.* A brief explanation of the principal reasons for the rule-making action;
- c.* A reference to all rules repealed, amended, or suspended by the rule;
- d.* A reference to the specific statutory or other authority authorizing adoption of the rule;
- e.* Any findings required by any provision of law as a prerequisite to adoption or effectiveness of the rule;
- f.* A brief explanation of the principal reasons for failure to provide for waivers to the rule if no waiver provision is included and a brief explanation of any waiver or special exceptions provided in the rule if such reasons are required by 1998 Iowa Acts, chapter 1202, section 8, or the insurance division exercises discretion to include such reasons; and
- g.* The effective date of the rule.

4.12(2) The insurance division may incorporate by reference in a proposed or adopted rule, and without causing publication of the incorporated matter in full, all or any part of a code, standard, rule, or other matter if the division finds that the incorporation of its text in the proposed or adopted rule would be unduly cumbersome, expensive, or otherwise burdensome. The reference in the proposed or adopted rule shall fully and precisely identify the incorporated matter by location, title, citation, date, and edition, if any, and shall briefly indicate the precise subject and the general contents of the incorporated matter. The division may incorporate such matter by reference in a proposed or adopted rule only if the division makes copies of it readily available to the public. The proposed or adopted rule shall state how and where copies of the incorporated matter may be obtained at a reasonable cost from the division. The division shall retain permanently a copy of any materials incorporated by reference in a rule.

If the division adopts standards by reference to another publication, it shall provide a copy of the publication containing the standards to the administrative rules coordinator for deposit in the state law library and may make the standards available electronically.

4.12(3) When the administrative code editor omits the full text of a proposed or adopted rule, the insurance division shall prepare and submit to the administrative code editor a summary statement describing the omitted material. This summary statement shall include the title and a brief description sufficient to inform the public of the specific nature and subject matter of the proposed or adopted rules, and of significant issues involved in these rules. The summary statement shall also describe how a copy of the full text of the proposed or adopted rule, including any unpublished matter and any matter incorporated by reference, may be obtained from the division. The division shall provide a copy of that full text for a reasonable charge upon request, shall make copies of the full text available for review at the state law library, and may make the standards available electronically.

4.12(4) In preparing its rules, the division shall follow the uniform numbering system, form, and style prescribed by the administrative rules coordinator.

191—4.13(17A) Agency rule-making record.

4.13(1) The insurance division shall maintain an official rule-making record for each rule proposed or adopted. The rule-making record and materials incorporated by reference must be available for public inspection.

4.13(2) The rule-making record shall contain:

- a.* Copies of all relevant publications in the Iowa Administrative Bulletin and any file-stamped copies of insurance division submissions to the administrative rules coordinator;
- b.* Copies of any relevant portions of the insurance division's public rule-making docket;
- c.* All written petitions, requests, and submissions received by the insurance division, and all other written materials of a factual nature as distinguished from opinion that are relevant to the merits of the rule and that were created or compiled by the division and considered by the division, in connection with the formulation, proposal, or adoption of the rule or the proceeding upon which the rule is based, except to the extent the division is authorized by law to keep them confidential; provided, however, that when any such materials are deleted because they are authorized by law to be kept confidential, the division shall identify in the record the particular materials deleted and state the reasons for deletion;
- d.* Any official transcript of oral presentations made in the proceeding upon which the rule is based or, if not transcribed, the stenographic record or electronic recording of those presentations, and any memorandum prepared by a presiding officer summarizing the contents of those presentations;
- e.* A copy of any regulatory analysis or fiscal impact statement prepared for the proceeding upon which the rule is based;
- f.* A copy of the rule and any concise statement of reasons prepared for that rule;
- g.* All petitions for, amendments of, or repeal or suspension of, the rule;
- h.* A copy of any objection to the issuance of that rule without public notice and participation that was filed pursuant to Iowa Code section 17A.4(2) by the administrative rules review committee, the governor, or the attorney general;

i. A copy of any objection to the rule filed by the administrative rules review committee, the governor, or the attorney general pursuant to Iowa Code section 17A.4(4), and any insurance division response to that objection;

j. A copy of any significant written criticism of the rule, including a summary of any petition for waiver of the rule; and

k. A copy of any executive order concerning the rule.

4.13(3) Except as otherwise required by a provision of law, the rule-making record required by this rule need not constitute the exclusive basis for agency action on that rule.

4.13(4) The insurance division shall maintain the rule-making record for a period of not less than five years from the later of: (a) the date the rule to which it pertains became effective, (b) the date of the Notice of Intended Action, or (c) the date of any written criticism as described in paragraph 4.13(2) “g,” “h,” “i,” or “j.”

191—4.14(17A) Filing of rules. The insurance division shall file each rule it adopts with the administrative rules coordinator. The filing must be executed as soon after adopting the rule as is practicable. At the time of filing, each rule must have attached to it any fiscal impact statement and any concise statement of reasons that was issued for that rule. If a fiscal impact statement or statement of reasons for that rule was not issued until after the filing of that rule, the note or statement must be attached to the filed rule within five working days after the note or statement is issued. In filing a rule, the division shall use the standard form prescribed by the administrative rules coordinator.

191—4.15(17A) Effectiveness of rules prior to publication.

4.15(1) The insurance division may make a rule effective after its filing at any stated time prior to 35 days after its indexing and publication in the Iowa Administrative Bulletin if the division finds that a statute so provides, the rule confers a benefit or removes a restriction on some segment of the public, or that the effective date of the rule is necessary to avoid imminent peril to the public health, safety, or welfare. The division shall incorporate the required finding and a brief statement of its supporting reasons in each rule adopted in reliance upon this subrule.

4.15(2) When the insurance division makes a rule effective prior to its indexing and publication in reliance upon the provisions of Iowa Code section 17A.5(2) “b”(3), the division shall employ all reasonable efforts to make its contents known to the persons who may be affected by that rule prior to the rule’s indexing and publication. The term “all reasonable efforts” requires the division to employ the most effective and prompt means of notice rationally calculated to inform potentially affected parties of the effectiveness of the rule that is justified and practical under the circumstances considering the various alternatives available for this purpose, the comparative costs to the division of utilizing each of those alternatives, and the harm suffered by affected persons from any lack of notice. The means that may be used for providing notice of such rules prior to their indexing and publication include, but are not limited to, any of the following means: radio, newspaper, television, signs, mail, telephone, personal notice or electronic means.

A rule made effective prior to its indexing and publication in reliance upon the provisions of Iowa Code section 17A.5(2) “b”(3) shall include in that rule a statement describing the reasonable efforts that will be used to comply with the requirements of this subrule.

191—4.16(17A) General statements of policy.

4.16(1) The insurance division shall maintain an official, current, and dated compilation that is indexed by subject, containing all of its general statements of policy within the scope of Iowa Code section 17A.2(10) “a,” “c,” “f,” “g,” “h,” and “k.” Each addition to, change in, or deletion from the official compilation must also be dated, indexed, and a record thereof kept. Except for those portions containing rules governed by Iowa Code section 17A.2(10) “f,” or otherwise authorized by law to be kept confidential, the compilation must be made available for public inspection and copying.

4.16(2) A general statement of policy subject to the requirements of this subsection shall not be relied on by the insurance division to the detriment of any person who does not have actual, timely knowledge

of the contents of the statement until the requirements of subrule 4.16(1) are satisfied. This provision is inapplicable to the extent necessary to avoid imminent peril to the public health, safety or welfare.

191—4.17(17A) Review of rules by division.

4.17(1) Any interested person, association, agency, or political subdivision may submit a written request to the administrative rules coordinator requesting the insurance division to conduct a formal review of an existing rule. Upon approval of that request by the administrative rules coordinator, the division shall conduct a formal review of a specified rule to determine whether a new rule should be adopted or whether the rule should be amended or repealed. The division may refuse to conduct a review if it has conducted such a review of the specified rule within five years prior to the filing of the written request.

4.17(2) In conducting the formal review, the insurance division shall prepare within a reasonable time a written report summarizing its findings, its supporting reasons, and any proposed course of action. The report shall comply with Iowa Code section 17A.7(2). A copy of the division's report shall be sent to the administrative rules review committee and the administrative rules coordinator. The report shall also be available for public inspection at the division at the address disclosed in rule 191—1.2(502,505).

191—4.18(17A) Petition for rule making.

4.18(1) Any person or agency may file a petition for rule making with the insurance division at the address disclosed in rule 191—1.2(502,505). A petition is deemed filed when it is received. The division must provide petitioner with a file-stamped copy of the petition if petitioner provides the division an extra copy for this purpose. The petition must be typewritten or legibly handwritten in ink and must substantially conform to the following form:

BEFORE THE INSURANCE DIVISION OF THE STATE OF IOWA		
Petition by (Name of Petitioner) for the (adoption, amendment, or repeal) of rules relating to (state subject matter).	}	PETITION FOR RULE MAKING

4.18(2) The petition shall provide the following information:

a. A statement of the specific rule-making action sought by petitioner including the text or a summary of the contents of the proposed rule or amendment to a rule and, if it is a petition to amend or repeal a rule, a citation to the particular portion or portions of the rule proposed to be amended or repealed.

b. A citation to any law deemed relevant to the insurance division's authority to take the action urged or to the desirability of that action.

c. A brief summary of petitioner's arguments in support of the action urged in the petition.

d. A brief summary of any data supporting the action urged in the petition.

e. The names and addresses of other persons, or a description of any class of persons known by petitioner to be affected by, or interested in, the proposed action which is the subject of the petition.

f. Any request by petitioner for a meeting provided for by subrule 4.18(7).

4.18(3) The petition must be dated and signed by petitioner or petitioner's representative. It must also include the name, mailing address, and telephone number of petitioner and petitioner's representative, and a statement indicating the person to whom communications concerning the petition should be directed.

4.18(4) The insurance division may deny a petition because it does not substantially conform to the required form.

4.18(5) Petitioner may submit a brief in support of the action urged in the petition. The insurance division may request a brief from petitioner or from any other person concerning the substance of the petition.

4.18(6) Inquiries concerning the status of a rule-making petition may be made to the insurance division at the address disclosed in rule 191—1.2(502,505).

4.18(7) Within 14 days after the filing of a petition, the insurance division must submit a copy of the petition and any accompanying brief to the administrative rules coordinator and to the administrative rules review committee. Upon request by petitioner in the petition, the division must schedule a brief and informal meeting between the petitioner and the division or a member of the division staff, to discuss the petition. The division may request petitioner to submit additional information or argument concerning the petition.

4.18(8) Within 60 days after filing the petition, or within any longer period agreed to by petitioner, the insurance division must, in writing, deny the petition, and notify petitioner of its action and the specific grounds for the denial, or grant the petition and notify petitioner that it has instituted rule-making proceedings on the subject of the petition. Petitioner shall be deemed notified of the denial or grant of the petition on the date when the agency mails or delivers the required notification to petitioner.

4.18(9) Denial of a petition because it does not substantially conform to the required form does not preclude the filing of a new petition on the same subject that seeks to eliminate the grounds for the insurance division's rejection of the petition.

These rules are intended to implement Iowa Code chapter 17A as amended by 1998 Iowa Acts, chapter 1202.

191—4.19 and 4.20 Reserved.

DIVISION II
WAIVER AND VARIANCE RULES

191—4.21(17A) Definition. For purposes of Division II of Chapter 4, a “waiver or variance” means action by the insurance division which suspends in whole or in part the requirements or provisions of a rule as applied to an identified person on the basis of the particular circumstances of that person. For simplicity, the term “waiver” shall include both a “waiver” and a “variance.”

191—4.22(17A) Scope. Division II of Chapter 4 outlines generally applicable standards and a uniform process for the granting of individual waivers from rules adopted by the insurance division in situations when no other more specifically applicable law provides for waivers. To the extent another more specific provision of law governs the issuance of a waiver from a particular rule, the more specific provision shall supersede the rules in this division with respect to any waiver from that rule.

Division II of Chapter 4 shall not preclude the division from granting waivers or variances in other contexts or on the basis of other standards if a statute or agency rule authorizes the division to do so and the division deems it appropriate to do so.

191—4.23(17A) Applicability of Division II of Chapter 4. The insurance division may grant a waiver from a rule only if the division has jurisdiction over the rule and the requested waiver is consistent with applicable statutes, constitutional provisions, or other provisions of law. The insurance division may not waive the following categories of rules:

1. Rules setting requirements that are created or duties that are imposed by statute.
2. Rules that provide definitions or interpretations, set fees, clarify enforcement authority, deal with fraud or are the subject of prosecutorial discretion.
3. Rules that merely define the meaning of a statute or other provision of law or precedent if the commissioner does not possess delegated authority to bind the courts to any extent with its definition.

191—4.24(17A) Criteria for waiver or variance.

4.24(1) *Criteria for order for waiver or variance.* In response to a petition completed pursuant to rule 191—4.26(17A), except for a petition seeking a waiver order issued pursuant to subrule 4.24(2), the insurance division may in its sole discretion issue an order waiving in whole or in part the requirements of a rule if the division finds, based on clear and convincing evidence, all of the following:

- a. Application of the rule would impose an undue hardship on the person for whom the waiver is requested;

b. Waiver from the requirements of the rule in the specific case would not prejudice the substantial legal rights of any person;

c. Provisions of the rule subject to the petition for a waiver are not specifically mandated by statute or another provision of law;

d. Substantially equal protection of public health, safety, and welfare will be afforded by a means other than that prescribed in the particular rule for which the waiver is requested; and

e. If the rule implements Iowa Code chapter 502, or is being applied in conjunction with implementation of Iowa Code chapter 502, a waiver may be granted only if the waiver is necessary or appropriate in the public interest or for the protection of investors and consistent with the purposes fairly intended by the policy and provisions of Iowa Code chapter 502.

4.24(2) *Criteria for waiver or variance related to approval of a manner of electronic delivery of notices of cancellation, nonrenewal or termination.* This subrule is intended to implement Iowa Code sections 17A.9 and 505B.1.

a. For purposes of Iowa Code chapter 505B and this subrule, the following definitions shall apply: “*Commissioner*” means the Iowa insurance commissioner or insurance division.

“*Intended recipient*” means the person to whom notice is required to be delivered, including but not limited to notices listed in the definition of “notice of cancellation, nonrenewal or termination” in this paragraph and in 191—paragraphs 20.80(1)“b,” 30.9(1)“b,” 35.9(1)“b,” 39.33(1)“b,” and 40.26(1)“b.”

“*Notice of cancellation, nonrenewal or termination*” means:

1. Notice of an insurance company’s termination of an insurance policy at the end of a term or before the termination date;

2. Notice of an insurance company’s decision or intention not to renew a policy; and

3. For purposes of notices required by Iowa Code chapters 505B, 508, 509B, 513B, 514, 514B, 514D, 514G, 515, 515D, 518, 518A and 519, “notice of cancellation, nonrenewal or termination” includes but is not limited to the following:

- An insurance company’s notice of cancellation, nonrenewal, suspension, exclusion, intention not to renew, failure to renew, termination, replacement, rescission, forfeiture or lapse in an annuity policy, a life insurance policy, a long-term care insurance policy, or an insurance policy other than life;

- An insurance company’s rescission or discontinuance of an accident and health insurance policy;

- An insurance company’s notice of cancellation of personal lines policies or contracts;

- A health maintenance organization’s notice to an enrollee of cancellation or rescission of membership;

- An employer’s or group policyholder’s notice to an employee or member of the termination or substantial modification of the continuation of an employer group accident or health policy; or

- A carrier’s advance notice to affected small employers, participants, and beneficiaries of its decision to discontinue offering a particular type of health insurance coverage.

b. This subrule shall apply to all insurance companies holding a certificate of authority to transact the business of insurance in Iowa, health maintenance organizations, employers, group policyholders, or carriers and to all requirements by statute or rule related to notices of cancellation, nonrenewal or termination. This subrule shall apply when an insurance company, health maintenance organization, employer, group policyholder, or carrier seeks the commissioner’s approval of a manner for delivering by electronic means required notices of cancellation, nonrenewal or termination, as described in Iowa Code section 505B.1.

c. The commissioner, by order pursuant to this chapter, may approve a request for approval of a manner for delivering notices of cancellation, nonrenewal or termination by an electronic means if the commissioner has jurisdiction to enforce the statute or rule requiring the notice and if the requested approval is consistent with Iowa Code section 505B.1 and with this chapter.

d. In response to a petition submitted pursuant to rule 191—4.26(17A) and related statutes and rules, the commissioner may issue an order approving an insurer’s proposed manner for delivering

notices of cancellation, nonrenewal or termination by an electronic means rather than mail, if the commissioner finds, based on clear and convincing evidence, all of the following:

(1) The proposed manner allows the commissioner, the insurer and the intended recipient to verify receipt by the intended recipient;

(2) The proposed manner provides for consent, by the intended recipient, to have notices or documents delivered by electronic means, in compliance with Iowa Code chapter 505B; and

(3) The proposed manner provides that the insurance company shall maintain adequate records of notices, receipts and consents. The records shall be available for review upon request by the commissioner and the intended recipient and be shall maintained for a period of five years from the date of cancellation, nonrenewal or termination.

e. Such an order would constitute approval by the commissioner to satisfy Iowa Code chapter 505B.

f. Although any proposed manner that complies with the above requirements may be approved, the following system is provided as an example, for purposes of guidance, of an insurer's system of verifiable receipt that will be approved by the commissioner, if the system includes all of the following aspects:

(1) The system provides that the intended recipients shall give written consent to the insurer of delivery of required notices of cancellation, nonrenewal and termination by electronic means, in compliance with Iowa Code section 505B.1.

(2) The system provides that, when an insurer is required to provide notices of cancellation, nonrenewal and termination, the insurer shall provide to the intended recipients a link to the required notice by electronic mail.

(3) The system provides that the insurer provide intended recipients with user names and passwords to log in to the insurer's notice system website.

(4) The system provides that the link required by subparagraph 4.24(2) "f"(2) shall be to a secure website that requires the intended recipients' user names and passwords for the intended recipients to access insurer's notice system website and the contents of the notices.

(5) The system provides that, when the intended recipients log in to the insurer's notice system website, either the insurer's notice to the intended recipients or the intended recipients' online inboxes will be the first thing automatically displayed.

(6) The system provides a procedure whereby, if the intended recipients do not log in to the intended recipients' accounts within seven days after the insurer sent the link to the intended recipients by email, the insurer shall mail paper copies of the notices to the intended recipients' last-known physical addresses.

(7) The system provides for adequate maintenance of records by the insurer as required by subparagraph 4.24(2) "d"(3).

g. The commissioner may, upon proper request by an insurance company pursuant to rule 191—1.3(22,502,505) or another applicable rule, maintain the confidentiality of information in any document or materials submitted in support of a request for approval under this rule:

(1) If release of the specific information would disclose trade secrets protected by law pursuant to Iowa Code section 22.7(3) and rule 191—1.3(22,502,505); or

(2) If the specific information otherwise must be withheld from public inspection pursuant to Iowa Code chapter 22 or rule 191—1.3(22,502,505).

Only such information that requires confidentiality pursuant to Iowa Code section 22.7 and rule 191—1.3(22,502,505) may be withheld from public inspection, and any reasonably separable portion of a record shall be provided to any person requesting such record after deletion of the portions which are withheld pursuant to Iowa Code section 22.7 and rule 191—1.3(22,502,505).

[ARC 2415C, IAB 2/17/16, effective 3/23/16; ARC 3682C, IAB 3/14/18, effective 4/18/18]

191—4.25(17A) Filing of petition. A petition for a waiver must be submitted in writing to the insurance division as follows:

4.25(1) Applications. If the petition relates to an application or license, the petition shall be made in accordance with the filing requirements for the application or license in question.

4.25(2) Contested cases. If the petition relates to a pending contested case, the petition shall be filed in the contested case proceeding, using the caption of the contested case. The waiver petition shall be decided within the context of the contested case unless the presiding officer, other than the insurance commissioner, determines that the petition should be referred directly to the commissioner.

4.25(3) Other. If the petition does not relate to an application or a pending contested case, the petition may be submitted to the insurance commissioner.

191—4.26(17A) Content of petition. A petition for waiver shall be typewritten or legibly handwritten in ink and include the following information where applicable and known to the petitioner:

1. A caption which substantially conforms to the following example:

BEFORE THE INSURANCE COMMISSIONER OF THE STATE OF IOWA	
In the matter of: (name of person requesting waiver or variance)	}
	REQUEST FOR WAIVER OF RULE (specify number of rule for which waiver is requested)

2. The name, address and telephone number of the entity or person for whom a waiver is being requested, and the case number of any related contested case.

3. A description and citation of the specific rule from which a waiver is requested.

4. The specific waiver requested, including the precise scope and duration.

5. The relevant facts that the petitioner believes would justify a waiver under each of the criteria described in rule 4.24(17A). This statement shall include a signed statement from the petitioner attesting to the accuracy of the facts provided in the petition and a statement of reasons that the petitioner believes will justify a waiver.

6. A history of any prior contacts between the insurance division and the petitioner relating to the regulated activity, application or license affected by the proposed waiver, including a description of each affected license held by the petitioner, any notices of violation, contested case hearings, or investigative reports relating to the regulated activity or license within the prior five years and any waivers or waiver applications filed by the petitioner with the insurance division within the prior five years.

7. Any information known to the petitioner regarding the insurance division's treatment of similar cases.

8. The name, address and telephone number of any public agency or political subdivision which also regulates the activity in question, or which might be affected by the granting of a waiver.

9. The name, address and telephone number of any entity or person who would be adversely affected by the granting of a waiver.

10. The name, address and telephone number of any person with knowledge of the relevant facts relating to the proposed waiver.

11. Signed releases of information authorizing persons with knowledge regarding the request to furnish the insurance division with information relevant to the waiver.

191—4.27(17A) Additional information. Prior to issuing an order granting or denying a waiver, the insurance division may request additional information from the petitioner relative to the petition and surrounding circumstances. If the petition was not filed in a contested case, the division may, on its own motion or at the petitioner's request, schedule a telephonic or in-person meeting between the petitioner and the division.

191—4.28(17A) Notice. The insurance division shall acknowledge a petition upon receipt. The division shall ensure that, within 30 days of the receipt of the petition, notice of the pendency of the petition and a concise summary of its contents have been provided to all persons to whom notice is required by any provision of law. In addition, the insurance division may give notice to other persons. To accomplish this

notice provision, the insurance division may require the petitioner to serve the notice on all persons to whom notice is required by any provision of law, and provide a written statement to the division attesting that notice has been provided.

191—4.29(17A) Hearing procedures. The provisions of Iowa Code sections 17A.10 to 17A.18A regarding contested case hearings shall apply to any petition for a waiver filed within a contested case, and shall otherwise apply to agency proceedings for a waiver only when the insurance division so provides by rule or order or is required to do so by statute.

191—4.30(17A) Ruling. An order granting or denying a waiver shall be in writing and shall contain a reference to the particular person and rule or portion thereof to which the order pertains, a statement of the relevant facts and reasons upon which the action is based, and a description of the precise scope and duration of the waiver if one is issued.

4.30(1) Insurance division discretion. The final decision on whether the circumstances justify the granting of a waiver shall be made at the sole discretion of the insurance division, upon consideration of all relevant factors. Each petition for a waiver shall be evaluated by the division based on the unique, individual circumstances set out in the petition.

4.30(2) Burden of persuasion. The burden of persuasion rests with the petitioner to demonstrate by clear and convincing evidence that the insurance division should exercise its discretion to grant a waiver from a division rule.

4.30(3) Narrowly tailored exception. A waiver, if granted, shall provide the narrowest exception possible to the provisions of a rule.

4.30(4) Administrative deadlines. When the rule from which a waiver is sought establishes administrative deadlines, the insurance division shall balance the special individual circumstances of the petitioner with the overall goal of uniform treatment of all similarly situated persons.

4.30(5) Conditions. The insurance division may place any condition on a waiver that the division finds desirable to protect the public health, safety, and welfare.

4.30(6) Time period of waiver. A waiver shall not be permanent unless the petitioner can show that a temporary waiver would be impracticable. If a temporary waiver is granted, there is no automatic right to renewal. At the sole discretion of the insurance division, a waiver may be renewed if the division finds that grounds for a waiver continue to exist.

4.30(7) Time for ruling. The insurance division shall grant or deny a petition for a waiver as soon as practicable but, in any event, shall do so within 120 days of its receipt, unless the petitioner agrees to a later date. However, if a petition is filed in a contested case, the insurance division shall grant or deny the petition no later than the time at which the final decision in that contested case is issued.

4.30(8) When deemed denied. Failure of the insurance division to grant or deny a petition within the required time period shall be deemed a denial of that petition by the division. However, the insurance division shall remain responsible for issuing an order denying a waiver.

4.30(9) Service of order. Within seven days of its issuance, any order issued under this chapter shall be transmitted to the petitioner or the person to whom the order pertains and to any other person entitled to such notice by any provision of law.

191—4.31(17A) Public availability. All orders granting or denying a waiver petition shall be indexed, filed, and available for public inspection as provided in Iowa Code section 17A.3. Petitions for a waiver and orders granting or denying a waiver petition are public records under Iowa Code chapter 22. Some petitions or orders may contain information the insurance division is authorized or required to keep confidential. The division may accordingly redact confidential information from petitions or orders prior to public inspection.

191—4.32(17A) Summary reports. Semiannually, the insurance division shall prepare a summary report identifying the rules for which a waiver has been granted or denied, the number of times a waiver was granted or denied for each rule, a citation to the statutory provisions implemented by these rules,

and a general summary of the reasons justifying the division's actions on waiver requests. If practicable, the report shall detail the extent to which the granting of a waiver has affected the general applicability of the rule itself. Copies of this report shall be available for public inspection and shall be provided semiannually to the administrative rules coordinator and the administrative rules review committee.

191—4.33(17A) Cancellation of a waiver. A waiver issued by the insurance division pursuant to this chapter may be withdrawn, canceled, modified or revoked if, after appropriate notice and hearing, the division issues an order finding any of the following:

1. The petitioner or the person who was the subject of the waiver order withheld or misrepresented material facts relevant to the propriety or desirability of the waiver; or
 2. The alternative means for ensuring that the public health, safety and welfare will be adequately protected after issuance of the waiver order have been demonstrated to be insufficient; or
 3. The subject of the waiver order has failed to comply with all conditions contained in the order;
- or
4. The waiver is contrary to the public health, safety and welfare in light of newly discovered evidence or changed circumstances.

191—4.34(17A) Violations. Violation of a condition in a waiver order shall be treated as a violation of the particular rule for which the waiver was granted. As a result, the recipient of a waiver under this chapter who violates a condition of the waiver may be subject to the same remedies or penalties as a person who violates the rule at issue.

191—4.35(17A) Defense. After the insurance division issues an order granting a waiver, the order is a defense within its terms and the specific facts indicated therein for the person to whom the order pertains in any proceeding in which the rule in question is sought to be invoked.

191—4.36(17A) Judicial review. Judicial review of a decision by the insurance division to grant or deny a waiver petition may be sought in accordance with Iowa Code chapter 17A.

These rules are intended to implement Iowa Code section 17A.9A and Executive Order Number 11.

REGULATION OF INSURERS

CHAPTER 5

REGULATION OF INSURERS—GENERAL PROVISIONS

[Prior to 10/22/86, Insurance Department [510]]

191—5.1(507) Examination reports. Upon the completion of an examination a copy of the report will be furnished the company, association or society examined, whereupon the company, association or society will have 20 days in which to determine whether or not it will demand a hearing before the commissioner of insurance. If a hearing is desired, then and in that event the company, association or society shall, within said 20 days, file with the commissioner of insurance a written application, attaching thereto the specific grounds upon which a hearing is desired. Within a reasonable time after the receipt of said application, the commissioner will fix a date for the hearing and notify the company, association or society thereof. Upon the completion of the hearing, or as soon as convenient thereafter, the commissioner shall render the commissioner's decision, either orally or in writing at the commissioner's discretion and file said report as part of the records in the division.

This rule is intended to implement Iowa Code sections 505.8 and 507.2.

191—5.2(505,507) Examination for admission. Any foreign or alien insurance company seeking to be admitted to do business in the state of Iowa shall, at the discretion of the division of insurance, be subject to either or both of the following:

1. An on-site examination by the division;
2. A desk examination, if the applicant provides a financial examination report prepared by the insurance regulatory body of the applicant's state or country of domicile. The examination report must be certified by the issuing regulatory body and must have an effective date of not more than two years prior to the date of application for admission.

This rule is intended to implement Iowa Code section 507.2.

191—5.3(507,508,515) Submission of quarterly financial information. All insurers, corporations, associations, and other entities required to submit annual financial statements to the commissioner shall also submit a short form quarterly financial statement within 45 days of the close of each calendar quarter on a form as specified by the commissioner. Upon request of the commissioner an exhibit showing a count of policies in force by line of business as of the close of the quarter shall be submitted with the quarterly report. The quarterly financial statements shall also be filed with the National Association of Insurance Commissioners.

This rule is intended to implement Iowa Code section 507.2 and Iowa Code chapters 508 and 515.

191—5.4(505,508,515,520) Surplus notes. Surplus notes are recognized by the commissioner for both stock and mutual insurers. All payments of principal and interest on these notes require the prior approval of the commissioner.

191—5.5(505,515,520) Maximum allowable premium volume. A domestic property/casualty insurer shall not cause the ratio of its net written premiums to its surplus as regards policyholders to exceed three to one without the approval of the commissioner of insurance.

191—5.6(505,515,520) Treatment of various items on the financial statement. An admitted insurer shall at all times show the value of the following items on its financial statements in the following manner unless a different treatment is authorized by the state where the insurer is domiciled:

5.6(1) Real estate. At amortized cost.

5.6(2) Stocks. At market value as determined by the Securities Valuation Office of the National Association of Insurance Commissioners.

5.6(3) Bonds. At amortized cost, unless directed otherwise by the commissioner of insurance.

5.6(4) Artwork. Nonadmitted.

5.6(5) *Other assets not listed.* As treated by the applicable accounting practices and procedures manual of the National Association of Insurance Commissioners.

5.6(6) *Liabilities.* Liabilities, including active life reserves, unearned premium reserves, and liabilities for claims and losses unpaid and for incurred but not reported claims. As determined by the applicable accounting practices and procedures manual of the National Association of Insurance Commissioners.

These rules are intended to implement Iowa Code sections 505.8, 515.20, 515.49, 515.63, and 520.21.

191—5.7(505) Ordering withdrawal of domestic insurers from states. Upon a finding, after notice and opportunity for hearing, of substantial likelihood of future financial impairment of a domestic insurer due to persistent operating losses in any line of business in any state where the insurer does business, the commissioner may order a domestic insurer to withdraw and cease doing business in that line of business in that state or in the alternative, order the insurer to withdraw and cease doing business in all lines, pending further order. For the purposes of this rule, impaired or threatened financial solvency is deemed to exist where an insurer experiences a reduction of 5 percent or greater in surplus in any 12-month period from all cases, including the regulatory environment in a state.

191—5.8(505) Monitoring. Upon request of the commissioner, a domestic insurer shall provide all relevant information as to its business in any state identified by the commissioner and found by the commissioner to have a consistently oppressive and confiscatory regulatory environment: The commissioner's request shall identify the state and shall include a basis for the commissioner's findings that the state has a consistently oppressive and confiscatory regulatory environment.

191—5.9(505) Rate and form filings. Insurers doing business in Iowa shall file rates and forms in accordance with applicable law and with 191—Chapters 20, 30, 31, 34, 35, 36, 37, and 39, as applicable.

191—5.10(511) Life companies—permissible investments.

5.10(1) The phrase “preferred dividend requirements as of the date of acquisition” in Iowa Code section 511.8(6) is construed to include the dividend requirements of a new issue. Consequently, a new preferred issue will qualify if the net earnings of the corporation for each of the five preceding years have been not less than one and one-half times the sum of the annual fixed charges, contingent interest and the annual preferred dividend requirements including the new issue.

5.10(2) The phrase “the obligations are adequately secured and have investment qualities and characteristics wherein the speculative elements are not predominant” in Iowa Code section 511.8(5) means “investment grade” as defined in 191—subrule 22.1(4). As a result, except as permitted by the commissioner in exceptional circumstances, corporate obligations must be “investment grade” in order to meet legal reserve requirements unless the other requirements of Iowa Code section 511.8(5) “a” regarding the financial condition of the issuer of the obligation are met. The legal reserve investment limitations of Iowa Code section 511.8 regarding less than investment grade obligations, but not the deposit requirements of that section, are applicable to foreign insurers.

This rule is intended to implement Iowa Code section 511.8(5).

191—5.11(511) Investment of funds.

Ruling No. R21. By Division.

The Forty-first General Assembly of Iowa amended [508 & 511](511.8) of the Code of 1924, relating to the investment of funds by life insurance companies organized in this state, by adding to paragraph one of said section the following:

“Or federal farm loan bonds issued under the Act of Congress, approved July 17, 1916.”

Doubt has arisen in the minds of company officials as to whether or not the amendment in question authorizes life insurance companies organized in Iowa to invest their funds in bonds issued by joint stock land banks.

In a written opinion of the attorney general of Iowa, bearing date May 25, 1925, it is held that, inasmuch as joint stock land banks were created under the Act of Congress approved July 17, 1916, bonds issued by such banks are included in the amendment aforesaid.

Therefore, it is the ruling of this division that such bonds are a legal investment for life insurance companies organized in this state. However, said amendment is not effective until July 4, 1925, and until said date no such investments should be made.

191—5.12(515) Collateral loans. The collateral pledged to secure a loan must qualify as a legal investment for insurance companies before the loan it secures may so qualify [section 515.35(7)]. The statute provides that a company may not invest in excess of 30 percent of its capital and funds in stocks and not more than 10 percent of its capital and surplus in the stock or bonds, or both, of any one corporation.

Normally, a loan is little better than the collateral securing it. Therefore, in order to conform to the intent and purpose of the legislature it would appear that the same limitations should likewise be applied to the stock securing a collateral loan. The statute also provides that the value of the collateral must exceed the amount of the loan by 10 percent.

191—5.13(508,515) Loans to officers, directors, employees, etc. No insurance company or association of any kind, domiciled in the state of Iowa, shall loan any portion of its funds to an officer, director, stockholder, employee or any relative or immediate member of the family of an officer or director.

The provisions of Iowa Code sections 508.8 and 511.12 shall likewise be applicable to fire and casualty companies.

191—5.14(515) Salvage as an asset. Rescinded IAB 11/25/92, effective 11/6/92.

191—5.15(508,512B,514,514B,515,520) Accounting practices and procedures manual and annual statement instructions.

5.15(1) Purpose. The purpose of this rule is to adopt the National Association of Insurance Commissioners' accounting practices and procedures manual which has been revised to provide a comprehensive guide to statutory accounting principles, commonly referred to as the "codification project." Additionally, the rule adopts by reference the annual statement instructions promulgated by the National Association of Insurance Commissioners.

5.15(2) Financial statements. Effective January 1, 2001, all information reflected in the financial statements of insurance companies authorized to do business in Iowa shall conform with the accounting practices and procedures manual of the National Association of Insurance Commissioners.

All annual financial statements filed with the commissioner shall conform to the annual statement instructions and manuals promulgated by the National Association of Insurance Commissioners.

This rule is intended to implement Iowa Code sections 508.11(43), 512B.24, 514.9, 514B.12, 515.63 and 520.10.

191—5.16 to 5.19 Reserved.

191—5.20(508) Computation of reserves. Iowa life insurance companies may report the nonadmitted excess item to this division on the basis of the true reserve instead of the mean reserve as has been the practice in the past. Under the true reserve system there will be no excess excepting in the case of indebtedness in excess of policy liabilities. The true reserve system eliminates all excess on account of due and deferred premiums, but there may be an excess equal to or in excess of the loading depending upon what premium the note represents, and how long it has been running when a premium note is taken for the gross premiums or when there is an overloan.

This concession is made to Iowa companies with the conviction that it removes many of the defects and disadvantages of the present practice of requiring the excess of the mean reserve.

As a corollary to the proposed system of determining this excess item, the business of the company must be reported upon a strictly paid for basis.

This division will not require that policies be lapsed if premium is not paid within a limited time after the due date, but no credit for an uncollected premium may be taken if more than 60 days past due, unless a premium note of the proper form has been taken therefor.

UNEARNED PREMIUM RESERVES ON MORTGAGE GUARANTY INSURANCE POLICIES

191—5.21(515C) Unearned premium reserve factors. In the case of premiums paid in advance on ten-year policies, mortgage guaranty insurers shall apply the following annual factors or comparable monthly factors in determining the unearned premium reserve:

Years policy is in force	Unearned premium factor	Years policy is in force	Unearned premium factor
1	81.8	6	18.2
2	65.5	7	10.9
3	50.9	8	5.5
4	38.2	9	1.8
5	27.3	10	-0-

191—5.22(515C) Contingency reserve. From the premium remaining after applying the appropriate factor from the table in 191—5.21(515C) above, there shall be maintained a contingency reserve as prescribed in Iowa Code section 515C.4.

These rules are intended to implement Iowa Code sections 515C.3 and 515C.4.

191—5.23(507C) Standards. The following standards, either singly or a combination of two or more, may be considered by the commissioner to determine whether the continued operation of any insurer transacting an insurance business in this state might be deemed to be hazardous to the policyholders, creditors or the general public. The commissioner may consider:

5.23(1) Adverse findings reported in financial condition and market conduct examination reports.

5.23(2) The National Association of Insurance Commissioners Insurance Regulatory Information System and its related reports.

5.23(3) The ratios of commission expense, general insurance expense, policy benefits and reserve increases to annual premium and net investment income which could lead to an impairment of capital and surplus.

5.23(4) The insurer's asset portfolio when viewed in light of current economic conditions is not of sufficient value, liquidity, or diversity to ensure the company's ability to meet its outstanding obligations as they mature.

5.23(5) The ability of an assuming reinsurer to perform and whether the insurer's reinsurance program provides sufficient protection for the company's remaining surplus after taking into account the insurer's cash flow and the classes of business written as well as the financial condition of the assuming reinsurer.

5.23(6) The insurer's operating loss in the last 12-month period or any shorter period of time including, but not limited to: net capital gain or loss, change in nonadmitted assets, and cash dividends paid to shareholders reduces such insurer's remaining surplus as regards policyholders below the minimum required.

5.23(7) Whether any affiliate, subsidiary or reinsurer of the insurer is insolvent as defined in Iowa Code section 507C.2(11), is threatened with insolvency, or is delinquent in payment of its monetary or other obligation.

5.23(8) Contingent liabilities, pledges or guarantees which either individually or collectively involve a total amount which, in the opinion of the commissioner, may affect the solvency of the insurer.

5.23(9) Whether any "controlling person" of an insurer is delinquent in the transmitting to, or payment of, net premiums to such insurer.

5.23(10) The age and collectibility of receivables.

5.23(11) Whether the management of an insurer, including officers, directors, or any other person who directly or indirectly controls the operation of such insurer, fails to possess and demonstrate the competence, fitness and reputation deemed necessary to serve the insurer in such position.

5.23(12) Whether management of an insurer has failed to respond to inquiries relative to the condition of the insurer or has furnished false and misleading information concerning an inquiry.

5.23(13) Whether management of an insurer either has filed any false or misleading sworn financial statement, or has released false or misleading financial statement to lending institutions or to the general public, or has made a false or misleading entry, or has omitted an entry of material amount in the books of the insurer.

5.23(14) Whether the insurer has grown so rapidly and to such an extent that it lacks adequate financial and administrative capacity to meet its obligations in a timely manner.

5.23(15) Whether the company has experienced or will experience in the foreseeable future cash flow or liquidity problems.

5.23(16) Rescinded IAB 7/10/91, effective 6/21/91.

This rule is intended to implement Iowa Code sections 507C.9, 507C.12 and 507C.17.

191—5.24(507C) Commissioner's authority.

5.24(1) For the purposes of making a determination of an insurer's financial condition under this rule, the commissioner may:

a. Disregard any credit or amount receivable resulting from transactions with a reinsurer which is insolvent, impaired or otherwise subject to a delinquency proceeding;

b. Make appropriate adjustments to asset values attributable to investments in or transactions with parents, subsidiaries, or affiliates;

c. Refuse to recognize the stated value of accounts receivable if the ability to collect receivables is highly speculative in view of the age of the account or the financial condition of the debtor; or

d. Increase the insurer's liability in an amount equal to any contingent liability, pledge, or guarantee not otherwise included if there is a substantial risk that the insurer will be called upon to meet the obligation undertaken within the next 12-month period.

5.24(2) If the commissioner determines that the continued operation of the insurer licensed to transact business in this state may be hazardous to the policyholders or the general public, then the commissioner may issue an order requiring the insurer to:

a. Reduce the total amount of present and potential liability for policy benefits by reinsurance;

b. Reduce, suspend or limit the volume of business being accepted or renewed;

c. Reduce general insurance and commission expenses by specified methods;

d. Increase the insurer's capital and surplus;

e. Suspend or limit the declaration and payment of dividend by an insurer to its stockholders or to its policyholders;

f. File reports in a form acceptable to the commissioner concerning the market value of an insurer's assets;

g. Limit or withdraw from certain investments or discontinue certain investment practices to the extent the commissioner deems necessary;

h. Document the adequacy of premium rates in relation to the risks insured;

i. File, in addition to regular annual statements, interim financial reports on the form adopted by the National Association of Insurance Commissioners or on such format as promulgated by the commissioner.

5.24(3) Any insurer subject to an order under subrule 5.24(2) may request, pursuant to rule 191—3.4(17A), review of that order. Any ensuing hearing shall not be open to the public, unless the insurer requests otherwise.

This rule is intended to implement Iowa Code sections 507C.9, 507C.12 and 507C.17.

191—5.25(505) Annual audited financial reports. Rescinded IAB 11/17/10, effective 12/22/10.

191—5.26(508,515) Participation in the NAIC Insurance Regulatory Information System.

5.26(1) This rule applies to all domestic, foreign and alien insurers who are authorized to transact business in this state.

5.26(2) Each domestic, foreign and alien insurer, except entities organized under Iowa Code chapters 512A, 512B, 514, 514B, 518 and 518A and those which write only in this state, who is authorized to transact insurance in this state shall annually on or before March 1 of each year, file with the National Association of Insurance Commissioners (NAIC) a copy of its annual statement convention blank, along with such additional filings as prescribed by the insurance commissioner for the preceding year. The information filed with the NAIC shall be in the same format and scope as that required by the commissioner and shall include the signed jurat page and the actuarial certification. Any amendments and addendums to the annual statement filing subsequently filed with the commissioner shall also be filed with the NAIC.

Foreign insurers that are domiciled in a state which has a law substantially similar to the requirement in the previous sentence shall be deemed in compliance with this rule.

5.26(3) Members of the NAIC, their duly authorized committees, subcommittees, and task forces, their delegates, NAIC employees, and all others charged with the responsibility of collecting, reviewing, analyzing and disseminating the information developed from the filing of the annual statement convention blanks shall be deemed to be acting on behalf of the commissioner by virtue of their collection, review, and analysis or dissemination of the data and information collected from the filings required under this rule.

5.26(4) All financial analysis ratios and examination synopses concerning insurance companies that are submitted to the insurance division by the NAIC Insurance Regulatory Information System are confidential as provided in 191—subrule 1.3(11), paragraph “c.”

5.26(5) The commissioner may suspend, revoke or refuse to renew the certificate of authority of any insurer failing to file its annual statement when due or within any extension of time which the commissioner, for good cause, may have granted.

5.26(6) Electronic filing. The annual financial statement filings required of domestic insurers pursuant to Iowa Code sections 508.11 and 515.63 and the quarterly statement filings required pursuant to rule 191—5.3(507,508,515) must be filed electronically with the National Association of Insurance Commissioners. Electronic filing shall include filing via the Internet or by diskette. The electronic filing must be prepared in accordance with the NAIC Directive to Companies, Coding Conventions, Field Names and Definitions, Data Elements, and Reporting Requirements for Annual/Quarterly Statement Submission on Diskettes. Electronic filings are in addition to and due at the time of the filing of the annual/quarterly financial statement blank with the National Association of Insurance Commissioners. Diskette filings do not need to be filed with the insurance division unless the insurer is directed by the insurance commissioner to submit the filing(s) on diskette. This diskette filing requirement does not apply to entities organized pursuant to Iowa Code chapters 512A, 512B, 514, 514B, 518, and 518A.

This rule is intended to implement Iowa Code sections 508.11 and 515.63.

191—5.27(508,515,520) Asset valuation.

5.27(1) All bonds or other evidences of debt having a fixed term and rate of interest held by an insurer may, if amply secured and not in default as to principal or interest, be valued as follows:

- a. If purchased at par, at the par value.
- b. If purchased above or below par, on the basis of the purchase price adjusted so as to bring the value to par at maturity and so as to yield in the meantime the effective rate of interest at which the purchase was made or, in lieu of such method, according to such accepted method of valuation as is approved by the division.
- c. Purchase price shall in no case be taken at a higher figure than the actual market value at the time of purchase, plus actual brokerage, transfer, postage or express charges paid in the acquisition of such securities.

5.27(2) The division shall have full discretion in determining the method of calculating values according to the procedures set forth in this rule, but no such method or valuation shall be inconsistent

with any applicable valuation or method used by insurers in general, or any method formulated or approved by the National Association of Insurance Commissioners or its successor organization.

5.27(3) Securities, other than those referred to in subrule 5.27(1), held by an insurer shall be valued, in the discretion of the division, at their market value, or at their appraised value, or at prices determined by it as representing their fair market value.

5.27(4) Preferred or guaranteed stocks or shares while paying full dividends may be carried at a fixed value in lieu of market value, at the discretion of the division and in accordance with such method of valuation as it may approve.

5.27(5) Stock of a subsidiary corporation of an insurer shall not be valued at an amount in excess of the net value of the subsidiary as based upon only those assets of the subsidiary which would be eligible under Iowa Code section 521A.2 had investment of the funds of the insurer been made directly.

5.27(6) No valuations under this rule shall be inconsistent with any applicable valuation or method formulated or approved by the National Association of Insurance Commissioners.

191—5.28(508,515,520) Risk-based capital and surplus. Capital and surplus requirements in Iowa Code chapters 508, 518 and 520 are minimums. The commissioner retains the discretion to require greater amounts than set forth in those chapters when the risk-based circumstances of a particular insurer, including the type, nature and volume of business being written, require it.

191—5.29(508,515) Actuarial certification of reserves. An opinion on life and health policy and claim reserves and property and casualty loss and loss adjustment expense reserves by a qualified actuary is required in the annual statement blank for all domestic insurers under the terms and conditions contained in the annual statement instructions handbook of the National Association of Insurance Commissioners. All other provisions of the handbook shall be applicable to annual and quarterly financial statements filed with the division.

These rules are intended to implement Iowa Code sections 508.5, 508.9, 508.10, 508.11, 515.8, 515.10, 515.12 and 515.63.

191—5.30(515) Single maximum risk—fidelity and surety risks. No insurance company is permitted under the limitations of Iowa Code section 515.49 to expose itself to any risk on a fidelity or surety bond in excess of 10 percent of its surplus to policyholders, unless such excess shall be reinsured in accordance with the provisions of the statute.

191—5.31(515) Reinsurance contracts. No credit will be given the ceding insurer for reinsurance made, ceded, or renewed unless the reinsurance agreements (treaty, facultative or otherwise) substantially provide, or are amended by a supplemental contract to read in substance as follows:

In consideration of the continuing benefits to accrue hereunder to the assuming insurer, the assuming insurer hereby agrees that, as to all reinsurance made, ceded, or renewed the reinsurance shall be payable by the assuming insurer on the basis of the liability of the ceding insurer under the contract or contracts reinsured without diminution because of the insolvency of the ceding insurer.

191—5.32(511,515) Investments in medium grade and lower grade obligations.

5.32(1) Reason for promulgation. The insurance division is concerned that changes in economic conditions and other market variables could adversely affect domestic insurers having a high concentration of these investments. Accordingly, the division has concluded that a limitation on the percentage of total admitted assets that a domestic insurer may prudently invest in such obligations is reasonable, necessary and required in order to carry out the division's responsibilities under relevant statutory law.

The division understands that medium grade and lower grade obligations can have a place in a well diversified portfolio. However, it is also understood that the special risks associated with these investments require a high degree of management even when they are held within an aggregate limit. While this rule will leave all domestic insurers with authority to invest a substantial portion of their assets

in medium grade and lower grade obligations, the prudent management of the attendant risk will remain an essential element of such investing.

5.32(2) Purposes. The purposes of this rule are:

a. To protect the interests of the insurance-buying public by establishing limitations on the concentration of medium grade and lower grade obligations in which a domestic insurer can invest;

b. To regulate the acts and practices of domestic insurers with respect to the concentration of investments in medium grade and lower grade obligations. An insurer's obligations of these classifications shall not exceed the greater of those allowed in subrule 5.10(2) or Iowa Code section 515.35(4) "e," whichever is applicable, or this rule.

5.32(3) Definitions. As used in this rule:

"*Admitted assets*" means the amount thereof as of the last day of the most recently concluded annual statement year, computed in accordance with rule 191—5.6(505,515,520).

"*Aggregate amount*" of medium grade and lower grade obligations means the aggregate statutory statement value thereof.

"*Institution*" means a corporation, a joint-stock company, an association, a trust, a business partnership, a business joint venture or similar entity.

"*Lower grade obligations*" means obligations which are rated four, five or six by the Securities Valuation Office of the National Association of Insurance Commissioners.

"*Medium grade obligations*" means obligations which are rated three by the Securities Valuation Office of the National Association of Insurance Commissioners.

5.32(4) Provisions.

a. No domestic insurer shall acquire, directly or indirectly, any medium grade or lower grade obligation of any institution if, after giving effect to any such acquisition, the aggregate amount of all medium grade and lower grade obligations then held by the domestic insurer would exceed 20 percent of its admitted assets provided that:

(1) No more than 10 percent of its admitted assets consists of obligations rated four, five or six by the Securities Valuation Office;

(2) No more than 3 percent of its admitted assets consists of obligations rated five or six by the Securities Valuation Office;

(3) No more than 1 percent of its admitted assets consists of obligations rated six by the Securities Valuation Office. Attaining or exceeding the limit of any one category shall not preclude an insurer from acquiring obligations in other categories subject to the specific and multicategory limits.

b. No domestic insurer may invest more than an aggregate of 1 percent of its admitted assets in medium grade obligations issued, guaranteed or insured by any one institution, nor may it invest more than one-half of 1 percent of its admitted assets in lower grade obligations issued, guaranteed or insured by any one institution. In no event, however, may a domestic insurer invest more than 1 percent of its admitted assets in any medium or lower grade obligations issued, guaranteed or insured by any one institution.

c. Nothing contained in this rule shall prohibit a domestic insurer from acquiring any obligations which it has committed to acquire if the insurer would have been permitted to acquire that obligation pursuant to this rule on the date on which such insurer committed to purchase that obligation.

d. Notwithstanding the foregoing, a domestic insurer may acquire an obligation of an institution in which the insurer already has one or more obligations if the obligation is acquired in order to protect an investment previously made in the obligations of the institution, provided that all such acquired obligations shall not exceed one-half of 1 percent of the insurer's admitted assets.

e. Nothing contained in this rule shall prohibit a domestic insurer from acquiring an obligation as a result of a restructuring of a medium or lower grade obligation already held.

f. Nothing contained in this rule shall require a domestic insurer to sell or otherwise dispose of any obligation legally acquired prior to January 29, 1991.

g. The board of directors of any domestic insurance company which acquires or invests, directly or indirectly, more than 2 percent of its admitted assets in medium grade and lower grade obligations of any institution shall adopt a written plan for the making of such investments. The plan, in addition

to guidelines with respect to the quality of the issues invested in, shall contain diversification standards including, but not limited to, standards for issuer, industry, duration, liquidity and geographic location.

This rule is intended to implement Iowa Code sections 511.8 and 515.35.

191—5.33(510) Credit for reinsurance.

5.33(1) Purpose. The purpose of this rule is to set forth the procedural requirements which the insurance commissioner deems necessary to carry out the provisions of Iowa Code sections 521B.1 to 521B.5. The actions and information required by this rule are hereby declared to be necessary and appropriate to the public interest and for the protection of the ceding insurers in this state.

5.33(2) Applicability. This rule shall have no applicability to reinsurance ceded and assumed pursuant to a pooling arrangement among insurers in the same holding company system.

5.33(3) Reinsurer licensed in this state. The commissioner shall allow credit for reinsurance ceded by a domestic insurer to assuming insurers which were licensed in this state as of the date of the ceding insurer's statutory financial statement.

5.33(4) Accredited reinsurers.

a. The commissioner shall allow credit for reinsurance ceded by a domestic insurer to an assuming insurer which is accredited as a reinsurer in this state as of the date of the ceding insurer's statutory financial statement. An accredited reinsurer is one which:

(1) Files a properly executed Form AR-1¹ as evidence of its submission to this state's jurisdiction and to this state's authority to examine its books and records;

(2) Files with the commissioner a certified copy of a letter or a certificate of authority or of compliance as evidence that it is licensed to transact insurance or reinsurance in at least one state, or, in the case of a United States branch of an alien assuming insurer, is entered through and licensed to transact insurance or reinsurance in at least one state;

(3) Files annually with the commissioner a copy of its annual statement filed with the insurance department of its state of domicile or, in the case of an alien assuming insurer, with the state through which it is entered and in which it is licensed to transact insurance or reinsurance, and a copy of its most recent audited financial statement;

(4) Maintains a surplus as regards policyholders in an amount not less than \$20 million or obtains the affirmative approval of the commissioner upon a finding that the accredited reinsurer has adequate financial capacity to meet its reinsurance obligations and is otherwise qualified to assume reinsurance from domestic insurers.

b. If the commissioner determines that the assuming insurer has failed to meet or maintain any of these qualifications, the commissioner may upon written notice and hearing suspend or revoke the accreditation. A domestic ceding insurer shall not be allowed credit under this subrule if the assuming insurer's accreditation has been revoked by the commissioner or if the reinsurance was ceded while the assuming insurer's accreditation was under suspension by the commissioner.

5.33(5) Reinsurer domiciled and licensed in another state.

a. The commissioner shall allow credit for reinsurance ceded by a domestic insurer to an assuming insurer which as of the date of the ceding insurer's statutory financial statement:

(1) Is domiciled and licensed in (or, in the case of a United States branch of an alien assuming insurer, is entered through and licensed in) a state which employs standards regarding credit for reinsurance substantially similar to those applicable in this state;

(2) Maintains a surplus as regards policyholders in an amount not less than \$20 million;

(3) Files a properly executed Form AR-1¹ with the commissioner as evidence of its submission to this state's authority to examine its books and records.

b. The provisions of this subrule relating to surplus as regards policyholders shall not apply to reinsurance ceded and assumed pursuant to pooling arrangements among insurers in the same holding company system. As used herein, "substantially similar standards" means credit for reinsurance standards which the commissioner determines equal or exceed the standards of this state.

5.33(6) Reinsurers maintaining trust funds.

a. The commissioner shall allow credit for reinsurance ceded by a domestic insurer to an assuming insurer which, as of the date of the ceding insurer's statutory financial statement, maintains a trust fund in an amount prescribed below in a qualified United States financial institution, as determined by the commissioner, for the payment of the valid claims of its United States policyholders and ceding insurers, their assigns and successors in interests. The assuming insurer shall report annually to the commissioner substantially the same information as that required to be reported on the NAIC annual statement form by licensed insurers, to enable the commissioner to determine the sufficiency of the trust fund.

b. The following requirements apply to the following categories of assuming insurer:

(1) The trust fund for a single assuming insurer shall consist of funds in trust in an amount not less than the assuming insurer's liabilities attributable to reinsurance ceded by United States domiciled insurers, and in addition, the assuming insurer shall maintain a trustee surplus of not less than \$20 million, except as provided in subparagraph 5.33(6) "b"(4).

(2) The trust fund for a group of individual unincorporated underwriters shall consist of funds in trust in an amount not less than the group's aggregate liabilities attributable to business written in the United States and, in addition, the group shall maintain a trustee surplus of which \$100 million shall be held jointly for the benefit of the United States ceding insurers of any member of the group. The group shall make available to the commissioner annual certifications by the group's domiciliary regulator and its independent public accountants of the solvency of each underwriter member of the group.

(3) The trust fund for a group of incorporated insurers under common administration, whose members possess aggregate policyholder surplus of \$10 billion (calculated and reported in substantially the same manner as prescribed by the annual statement instructions and Accounting Practices and Procedures Manual of the National Association of Insurance Commissioners) and which has continuously transacted an insurance business outside the United States for at least three years immediately prior to making application for accreditation, shall consist of funds in trust in an amount not less than the assuming insurers' liabilities attributable to business ceded by United States ceding insurers to any members of the group pursuant to reinsurance contracts issued in the name of such group and, in addition, the group shall maintain a joint trustee surplus of which \$100 million shall be held jointly for the benefit of United States ceding insurers of any member of the group. The group shall file a properly executed Form AR-1 as evidence of the submission to this state's authority to examine the books and records of any of its members and shall certify that any member examined will bear the expense of any such examination. The group shall make available to the commissioner annual certifications by the members' domiciliary regulators and their independent public accountants of the solvency of each member of the group.

(4) At any time after the assuming insurer has permanently discontinued underwriting new business secured by the trust for at least three full years, the commissioner with principal regulatory oversight of the trust may authorize a reduction in the required trustee surplus, but only after a finding, based on an assessment of the risk, that the new required surplus level is adequate for the protection of United States ceding insurers, policyholders and claimants in light of reasonably foreseeable adverse loss development. The risk assessment may involve an actuarial review, including an independent analysis of reserves and cash flows, and shall consider all material risk factors, including, when applicable, the lines of business involved, the stability of the incurred loss estimates and the effect of the surplus requirements on the assuming insurer's liquidity or solvency. The minimum required trustee surplus may not be reduced to an amount less than 30 percent of the assuming insurer's liabilities attributable to reinsurance ceded by United States ceding insurers covered by the trust.

c. The trust shall be established in a form approved by the commissioner. The trust instrument shall provide that:

(1) Contested claims shall be valid and enforceable out of funds in trust to the extent remaining unsatisfied 30 days after entry of the final order of any court of competent jurisdiction in the United States.

(2) Legal title to the assets of the trust shall be vested in the trustee for the benefit of the grantor's United States policyholders and ceding insurers, their assigns and successors in trust.

(3) The trust shall be subject to examination as determined by the commissioner.

(4) The trust shall remain in effect for as long as the assuming insurer, or any member or former member of a group of insurers, shall have outstanding obligations under reinsurance agreements subject to the trust.

(5) No later than February 28 of each year the trustees of the trust shall report to the commissioner in writing setting forth the balance in the trust and listing the trust's investments at the preceding year end, and shall certify the date of termination of the trust, if so planned, or certify that the trust shall not expire prior to the next following December 31.

(6) No amendment to the trust shall be effective unless reviewed and approved in advance by the commissioner.

5.33(7) Certified reinsurers.

a. The commissioner shall allow credit for reinsurance ceded by a domestic insurer to an assuming insurer that has been certified as a reinsurer in this state at all times for which statutory financial statement credit for reinsurance is claimed under this subrule. The credit allowed shall be based upon the security held by or on behalf of the ceding insurer in accordance with a rating assigned to the certified reinsurer by the commissioner. The security shall be in a form consistent with subrules 5.33(10), 5.33(11) and 5.33(12) of this rule and 2013 Iowa Acts, Senate File 182, sections 2(5) and 3. The amount of security required in order for full credit to be allowed shall correspond with the following requirements:

(1) Ratings/security.

Ratings	Security Required
Secure – 1	0%
Secure – 2	10%
Secure – 3	20%
Secure – 4	50%
Secure – 5	75%
Vulnerable – 6	100%

(2) Affiliated reinsurance transactions shall receive the same opportunity for reduced security requirements as all other reinsurance transactions.

(3) The commissioner shall require the certified reinsurer to post 100 percent, for the benefit of the ceding insurer or its estate, security upon the entry of an order of rehabilitation, liquidation or conservation against the ceding insurer.

(4) In order to facilitate the prompt payment of claims, a certified reinsurer shall not be required to post security for catastrophe recoverables for a period of one year from the date of the first instance of a liability reserve entry by the ceding company as a result of a loss from a catastrophic occurrence as recognized by the commissioner. When determining what constitutes a catastrophic occurrence, the commissioner will consult with the NAIC and consider both natural and human events. The one-year deferral period is contingent upon the certified reinsurer's continuing to pay claims in a timely manner. Reinsurance recoverables for only the following lines of business as reported on the NAIC annual financial statement related specifically to the catastrophic occurrence will be included in the deferral:

1. Line 1: Fire
2. Line 2: Allied Lines
3. Line 3: Farmowners multiple peril
4. Line 4: Homeowners multiple peril
5. Line 5: Commercial multiple peril
6. Line 9: Inland Marine
7. Line 12: Earthquake
8. Line 21: Auto physical damage

(5) Credit for reinsurance under this subrule shall apply only to reinsurance contracts entered into or renewed on or after the effective date of the certification of the assuming insurer. Any reinsurance contract entered into prior to the effective date of the certification of the assuming insurer that is

subsequently amended after the effective date of the certification of the assuming insurer, or a new reinsurance contract, covering any risk for which collateral was provided previously, shall only be subject to this subrule with respect to losses incurred and reserves reported from and after the effective date of the amendment or new contract.

(6) Nothing in this subrule shall prohibit the parties to a reinsurance agreement from agreeing to provisions establishing security requirements that exceed the minimum security requirements established for certified reinsurers under this subrule.

b. Certification procedure.

(1) The commissioner shall post notice on the division's Web site promptly upon receipt of any application for certification, including instructions on how members of the public may respond to the application. The commissioner may not take final action on the application until at least 30 days after posting the notice required by this subparagraph.

(2) The commissioner shall issue written notice to an assuming insurer that has made application and been approved as a certified reinsurer. Included in such notice shall be the rating assigned the certified reinsurer in accordance with paragraph 5.33(7) "a." The commissioner shall publish a list of all certified reinsurers and their ratings.

(3) In order to be eligible for certification, the assuming insurer shall meet the following requirements:

1. The assuming insurer must be domiciled and licensed to transact insurance or reinsurance in a qualified jurisdiction, as determined by the commissioner pursuant to paragraph 5.33(7) "c."

2. The assuming insurer must maintain capital and surplus, or their equivalents, of no less than \$250 million calculated in accordance with paragraph 5.33(7) "b"(4)"8." This requirement may also be satisfied by an association including incorporated and individual unincorporated underwriters having minimum capital and surplus equivalents (net of liabilities) of at least \$250 million and a central fund containing a balance of at least \$250 million.

3. The assuming insurer must maintain financial strength ratings from two or more rating agencies deemed acceptable by the commissioner. These ratings shall be based on interactive communication between the rating agency and the assuming insurer and shall not be based solely on publicly available information. These financial strength ratings will be one factor used by the commissioner in determining the rating that is assigned to the assuming insurer. Acceptable rating agencies include the following:

- Standard & Poor's;
- Moody's Investors Service;
- Fitch Ratings;
- A.M. Best Company; or
- Any other nationally recognized statistical rating organization.

4. The certified reinsurer must comply with any other requirements reasonably imposed by the commissioner.

(4) Each certified reinsurer shall be rated on a legal entity basis, with due consideration being given to the group rating where appropriate, except that an association including incorporated and individual unincorporated underwriters that has been approved to do business as a single certified reinsurer may be evaluated on the basis of its group rating. Factors that may be considered as part of the evaluation process include, but are not limited to, the following:

1. The certified reinsurer's financial strength rating from an acceptable rating agency. The maximum rating that a certified reinsurer may be assigned will correspond to its financial strength rating as outlined in the table below. The commissioner shall use the lowest financial strength rating received from an approved rating agency in establishing the maximum rating of a certified reinsurer. Failure to obtain or maintain at least two financial strength ratings from acceptable rating agencies will result in loss of eligibility for certification.

Ratings	Best	S&P	Moody's	Fitch
Secure – 1	A++	AAA	Aaa	AAA
Secure – 2	A+	AA+, AA, AA-	Aa1, Aa2, Aa3	AA+, AA, AA-
Secure – 3	A	A+, A	A1, A2	A+, A
Secure – 4	A-	A-	A3	A-
Secure – 5	B++, B+	BBB+, BBB, BBB-	Baa1, Baa2, Baa3	BBB+, BBB, BBB-
Vulnerable – 6	B, B-, C++, C+, C, C-, D, E, F	BB+, BB, BB-, B+, B, B-, CCC, CC, C, D, R	Ba1, Ba2, Ba3, B1, B2, B3, Caa, Ca, C	BB+, BB, BB-, B+, B, B-, CCC+, CC, CCC-, DD

2. The business practices of the certified reinsurer in dealing with its ceding insurers, including its record of compliance with reinsurance contractual terms and obligations.

3. For certified reinsurers domiciled in the United States, a review of the most recent applicable NAIC Annual Statement Blank, either Schedule F (for property/casualty reinsurers) or Schedule S (for life and health reinsurers).

4. For certified reinsurers not domiciled in the United States, a review annually of Form CR-F (for property/casualty reinsurers) or Form CR-S (for life and health reinsurers) (Forms CR-F and CR-S are available from the division).

5. The reputation of the certified reinsurer for prompt payment of claims under reinsurance agreements, based on an analysis of ceding insurers' Schedule F reporting of overdue reinsurance recoverables, including the proportion of obligations that are more than 90 days past due or are in dispute, with specific attention given to obligations payable to companies that are in administrative supervision or receivership.

6. Regulatory actions against the certified reinsurer.

7. The report of the independent auditor on the financial statements of the insurance enterprise, on the basis described in paragraph 5.33(7) "b"(4)"8."

8. For certified reinsurers not domiciled in the United States, audited financial statements (audited United States GAAP basis if available; audited IFRS basis statements are allowed but must include an audited footnote reconciling equity and net income to a United States GAAP basis; or, with the permission of the state insurance commissioner, audited IFRS statements with reconciliation to United States GAAP certified by an officer of the company), regulatory filings, and actuarial opinion (as filed with the non-United States jurisdiction supervisor). Upon the initial application for certification, the commissioner will consider audited financial statements for the last three years filed with the certified reinsurer's non-United States jurisdiction supervisor.

9. The liquidation priority of obligations to a ceding insurer in the certified reinsurer's domiciliary jurisdiction in the context of an insolvency proceeding.

10. A certified reinsurer's participation in any solvent scheme of arrangement, or similar procedure, which involves United States ceding insurers. The commissioner shall receive prior notice from a certified reinsurer that proposes participation by the certified reinsurer in a solvent scheme of arrangement.

11. Any other information deemed relevant by the commissioner.

(5) Based on the analysis conducted under paragraph 5.33(7) "b"(4)"5" of a certified reinsurer's reputation for prompt payment of claims, the commissioner may make appropriate adjustments in the security that the certified reinsurer is required to post to protect its liabilities to United States ceding insurers, provided that the commissioner shall, at a minimum, increase the security that the certified reinsurer is required to post by one rating level under paragraph 5.33(7) "b"(4)"1" if the commissioner finds that:

1. More than 15 percent of the certified reinsurer's ceding insurance clients have overdue reinsurance recoverables on paid losses of 90 days or more which are not in dispute and which exceed \$100,000 for each ceding; or

2. The aggregate amount of reinsurance recoverables on paid losses which are not in dispute that are overdue by 90 days or more exceeds \$50 million.

(6) The assuming insurer must submit a properly executed Form CR-1 as evidence of its submission to the jurisdiction of this state, appointment of the commissioner as an agent for service of process in this state, and agreement to provide security for 100 percent of the assuming insurer's liabilities attributable to reinsurance ceded by United States ceding insurers if the assuming insurer resists enforcement of a final United States judgment. The commissioner shall not certify any assuming insurer that is domiciled in a jurisdiction that the commissioner has determined does not adequately and promptly enforce final United States judgments or arbitration awards.

(7) The certified reinsurer must agree to meet applicable information filing requirements as determined by the commissioner, both with respect to an initial application for certification and on an ongoing basis. All information submitted by certified reinsurers which is not otherwise public information subject to disclosure shall be exempted from disclosure under Iowa Code chapter 22 and shall be withheld from public disclosure. The applicable information filing requirements are as follows:

1. Notification within ten days of any regulatory actions taken against the certified reinsurer, any change in the provisions of its domiciliary license or any change in rating by an approved rating agency, including a statement describing such changes and the reasons therefor.

2. Annually, Form CR-F or CR-S, as applicable.

3. Annually, the report of the independent auditor on the financial statements of the insurance enterprise, on the basis described in paragraph 5.33(7) "b"(7)"4."

4. Annually, audited financial statements (audited United States GAAP basis if available; audited IFRS basis statements are allowed but must include an audited footnote reconciling equity and net income to a United States GAAP basis; or, with the permission of the state insurance commissioner, audited IFRS statements with reconciliation to United States GAAP certified by an officer of the company), regulatory filings, and actuarial opinion (as filed with the certified reinsurer's supervisor). Upon the initial certification, audited financial statements for the last three years filed with the certified reinsurer's supervisor.

5. At least annually, an updated list of all disputed and overdue reinsurance claims regarding reinsurance assumed from United States domestic ceding insurers.

6. A certification from the certified reinsurer's domestic regulator that the certified reinsurer is in good standing and maintains capital in excess of the jurisdiction's highest regulatory action level.

7. Any other information that the commissioner may reasonably require.

(8) Change in rating or revocation of certification.

1. In the case of a downgrade by a rating agency or other disqualifying circumstance, the commissioner shall upon written notice assign a new rating to the certified reinsurer in accordance with the requirements of paragraph 5.33(7) "b"(4)"1."

2. The commissioner shall have the authority to suspend, revoke, or otherwise modify a certified reinsurer's certification at any time if the certified reinsurer fails to meet its obligations or security requirements under this subrule, or if other financial or operating results of the certified reinsurer, or documented significant delays in payment by the certified reinsurer, lead the commissioner to reconsider the certified reinsurer's ability or willingness to meet its contractual obligations.

3. If the rating of a certified reinsurer is upgraded by the commissioner, the certified reinsurer may meet the security requirements applicable to its new rating on a prospective basis, but the commissioner shall require the certified reinsurer to post security under the previously applicable security requirements as to all contracts in force on or before the effective date of the upgraded rating. If the rating of a certified reinsurer is downgraded by the commissioner, the commissioner shall require the certified reinsurer to meet the security requirements applicable to its new rating for all business it has assumed as a certified reinsurer.

4. Upon revocation of the certification of a certified reinsurer by the commissioner, the assuming insurer shall be required to post security in accordance with subrule 5.33(9) of this rule in order for the ceding insurer to continue to take credit for reinsurance ceded to the assuming insurer. If funds continue to be held in trust in accordance with subrule 5.33(6) of this rule, the commissioner may allow

additional credit equal to the ceding insurer's pro rata share of such funds, discounted to reflect the risk of uncollectibility and anticipated expenses of trust administration. Notwithstanding the change of a certified reinsurer's rating or revocation of its certification, a domestic insurer that has ceded reinsurance to that certified reinsurer may not be denied credit for reinsurance for a period of three months for all reinsurance ceded to that certified reinsurer, unless the reinsurance is found by the commissioner to be at high risk of uncollectibility.

c. Qualified jurisdictions.

(1) If, upon conducting an evaluation under this subrule with respect to the reinsurance supervisory system of any non-United States assuming insurer, the commissioner determines that the jurisdiction qualifies to be recognized as a qualified jurisdiction, the commissioner shall publish notice and evidence of such recognition in an appropriate manner. The commissioner may establish a procedure to withdraw recognition of those jurisdictions that are no longer qualified.

(2) In order to determine whether the domiciliary jurisdiction of a non-United States assuming insurer is eligible to be recognized as a qualified jurisdiction, the commissioner shall evaluate the reinsurance supervisory system of the non-United States jurisdiction, both initially and on an ongoing basis, and consider the rights, benefits and the extent of reciprocal recognition afforded by the non-United States jurisdiction to reinsurers licensed and domiciled in the United States. The commissioner shall determine the appropriate approach for evaluating the qualifications of such jurisdictions, and create and publish a list of jurisdictions whose reinsurers may be approved by the commissioner as eligible for certification. A qualified jurisdiction must agree to share information and cooperate with the commissioner with respect to all certified reinsurers domiciled within that jurisdiction. Additional factors to be considered in determining whether to recognize a qualified jurisdiction, in the discretion of the commissioner, include but are not limited to the following:

1. The framework under which the assuming insurer is regulated.
2. The structure and authority of the domiciliary regulator with regard to solvency regulation requirements and financial surveillance.
3. The substance of financial and operating standards for assuming insurers in the domiciliary jurisdiction.
4. The form and substance of financial reports required to be filed or made publicly available by reinsurers in the domiciliary jurisdiction and the accounting principles used.
5. The domiciliary regulator's willingness to cooperate with United States regulators in general and the commissioner in particular.
6. The history of performance by assuming insurers in the domiciliary jurisdiction.
7. Any documented evidence of substantial problems with the enforcement of final United States judgments in the domiciliary jurisdiction. A jurisdiction will not be considered to be a qualified jurisdiction if the commissioner has determined that it does not adequately and promptly enforce final United States judgments or arbitration awards.
8. Any relevant international standards or guidance with respect to mutual recognition of reinsurance supervision adopted by the International Association of Insurance Supervisors or successor organization.
9. Any other matters deemed relevant by the commissioner.

(3) A list of qualified jurisdictions shall be published through the NAIC committee process. The commissioner shall consider this list in determining qualified jurisdictions. If the commissioner approves a jurisdiction as qualified that does not appear on the list of qualified jurisdictions, the commissioner shall provide thoroughly documented justification with respect to the criteria provided under paragraphs 5.33(7) "c"(2)"1" to "9."

(4) United States jurisdictions that meet the requirements for accreditation under the NAIC Financial Standards and Accreditation Program shall be recognized as qualified jurisdictions.

d. Recognition of certification issued by an NAIC-accredited jurisdiction.

(1) If an applicant for certification has been certified as a reinsurer in an NAIC-accredited jurisdiction, the commissioner has the discretion to defer to that jurisdiction's certification, and to defer to the rating assigned by that jurisdiction, if the assuming insurer submits a properly executed Form

CR-1 and such additional information as the commissioner requires. The assuming insurer shall be considered to be a certified reinsurer in this state.

(2) Any change in the certified reinsurer's status or rating in the other jurisdiction shall apply automatically in this state as of the date it takes effect in the other jurisdiction. The certified reinsurer shall notify the commissioner of any change in its status or rating within ten days after receiving notice of the change.

(3) The commissioner may withdraw recognition of the other jurisdiction's rating at any time and assign a new rating in accordance with paragraph 5.33(7) "b"(7)"1."

(4) The commissioner may withdraw recognition of the other jurisdiction's certification at any time, with written notice to the certified reinsurer. Unless the commissioner suspends or revokes the certified reinsurer's certification in accordance with paragraph 5.33(7) "b"(7)"2," the certified reinsurer's certification shall remain in good standing in this state for a period of three months, which shall be extended if additional time is necessary to consider the assuming insurer's application for certification in this state.

e. Mandatory funding clause. In addition to the clauses required under subrule 5.33(13) of this rule, reinsurance contracts entered into or renewed under this subrule shall include a proper funding clause, which requires the certified reinsurer to provide and maintain security in an amount sufficient to avoid the imposition of any financial statement penalty on the ceding insurer under this subrule for reinsurance ceded to the certified reinsurer.

f. The commissioner shall comply with all reporting and notification requirements that may be established by the NAIC with respect to certified reinsurers and qualified jurisdictions.

5.33(8) Credit for reinsurance required by law. The commissioner shall allow credit for reinsurance ceded by a domestic insurer to an assuming insurer not meeting the requirements of this state, but only with respect to the insurance of risks located in jurisdictions where such reinsurance is required by the applicable law or regulation of that jurisdiction. As used in this subrule, "jurisdiction" means any state, district or territory of the United States and any lawful national government.

5.33(9) Reduction from liability for reinsurance ceded to an unauthorized assuming insurer. The commissioner shall allow a reduction from liability for reinsurance ceded by a domestic insurer to an assuming insurer not meeting the requirements of this state in an amount not exceeding the liabilities carried by the ceding insurer. Such reduction shall be in the amount of funds held by or on behalf of the ceding insurer, including funds held in trust for the exclusive benefit of the ceding insurer, under a reinsurance contract with such assuming insurer as security for the payment of obligations thereunder. Such security must be held in the United States subject to withdrawal solely by, and under the exclusive control of, the ceding insurer or, in the case of a trust, held in a qualified United States financial institution. This security may be in the form of any of the following:

a. Cash.

b. Securities listed by the Securities Valuation Office of the National Association of Insurance Commissioners, including those deemed exempt from filing as defined by the Purposes and Procedures Manual of the Securities Valuation Office, and qualifying as admitted assets.

c. Clean, irrevocable, unconditional and "evergreen" letters of credit issued or confirmed by a qualified United States institution, as determined by the commissioner, effective no later than December 31 of the year for which filing is being made, and in the possession of, or in the trust for, the ceding insurer on or before the filing date of its annual statement. Letters of credit meeting applicable standards of issuer acceptability as of the dates of their issuance (or confirmation) shall, notwithstanding the issuing (or confirming) institution's subsequent failure to meet applicable standards of issuer acceptability, continue to be acceptable as security until their expiration, extension, renewal, modification or amendment, whichever first occurs.

d. Any other form of security acceptable to the commissioner. An admitted asset or a reduction from liability for reinsurance ceded to an unauthorized assuming insurer shall be allowed only when the requirements of this rule are met, as determined by the commissioner.

5.33(10) Trust agreements qualified under subrule 5.33(9).

a. Definitions. As used in this rule:

“*Beneficiary*” means the entity for whose sole benefit the trust has been established and any successor of the beneficiary by operation of law. If a court of law appoints a successor in interest to the named beneficiary, then the named beneficiary includes and is limited to the court-appointed domiciliary receiver (including conservator, rehabilitator or liquidator).

“*Grantor*” means the entity that has established a trust for the sole benefit of the beneficiary. When established in conjunction with a reinsurance agreement, the grantor is the unlicensed, unaccredited assuming insurer.

“*Obligations*” means:

1. Reinsured losses and allocated loss expenses paid by the ceding company, but not recovered from the assuming insurer;
2. Reserves for reinsured losses reported and outstanding;
3. Reserves for reinsured losses incurred but not reported;
4. Reserves for allocated reinsured loss expenses and unearned premiums.

“*Qualified United States financial institution*” means an institution meeting the requirements of rule 191—32.4(508), except as permitted otherwise by the commissioner.

b. Required conditions:

(1) The trust agreement shall be entered into between the beneficiary, the grantor and a trustee which shall be a qualified United States financial institution as determined by the commissioner.

(2) The trust agreement shall create a trust account into which assets shall be deposited.

(3) All assets in the trust account shall be held by the trustee at the trustee’s office in the United States, except that a bank may apply for the commissioner’s permission to use a foreign branch office of such bank as trustee for trust agreements established pursuant to this subrule. If the commissioner approves the use of such foreign branch office as trustee, then its use must be approved by the beneficiary in writing and the trust agreement must provide that the written notice described in subparagraph 5.33(10)“*b*”(4) must also be presentable, as a matter of legal right, at the trustee’s principal office in the United States.

(4) The trust agreement shall provide that:

1. The beneficiary shall have the right to withdraw assets from the trust account at any time, without notice to the grantor, subject only to written notice from the beneficiary to the trustee;

2. No other statement or document is required to be presented in order to withdraw assets, except that the beneficiary may be required to acknowledge receipt of withdrawn assets;

3. It is not subject to any conditions or qualifications outside of the trust agreement;

4. It shall not contain references to any other agreements or documents except as provided for under subparagraph 5.33(10)“*b*”(11).

(5) The trust agreement shall be established for the sole benefit of the beneficiary.

(6) The trust agreement shall require the trustee to:

1. Receive assets and hold all assets in a safe place;

2. Determine that all assets are in such form that the beneficiary, or the trustee upon direction by the beneficiary, may whenever necessary negotiate any such assets, without consent or signature from the grantor or any other person or entity;

3. Furnish to the grantor and the beneficiary a statement of all assets in the trust account upon its inception and at intervals no less frequent than the end of each calendar quarter;

4. Notify the grantor and the beneficiary, within ten days, of any deposits to or withdrawals from the trust account;

5. Upon written demand of the beneficiary, immediately take any and all steps necessary to transfer absolutely and unequivocally all right, title and interest in the assets held in the trust account to the beneficiary and deliver physical custody of the assets to the beneficiary;

6. Allow no substitutions or withdrawals of assets from the trust account, except on written instructions from the beneficiary, except that the trustee may, without the consent of but with notice to the beneficiary, upon call or maturity of any trust asset, withdraw such asset upon condition that the proceeds are paid into the trust account.

(7) The trust agreement shall provide that at least 30 days, but not more than 45 days, prior to termination of the trust account, written notification of termination shall be delivered by the trustee to the beneficiary.

(8) The trust agreement shall be made subject to and governed by the laws of the state in which the trust is established.

(9) The trust agreement shall prohibit invasion of the trust corpus for the purpose of paying compensation to, or reimbursing the expenses of, the trustee.

(10) The trust agreement shall provide that the trustee shall be liable for its own negligence, willful misconduct or lack of good faith.

(11) Notwithstanding other provisions of this rule, when a trust agreement is established in conjunction with a reinsurance agreement covering risks other than life, annuities and accident and health, where it is customary practice to provide a trust agreement for a specific purpose, such a trust agreement may, notwithstanding any other conditions in this rule, provide that the ceding insurer shall undertake to use and apply amounts drawn upon the trust account, without diminution because of the insolvency of the ceding insurer or the assuming insurer, for the following purposes:

1. To pay or reimburse the ceding insurer for the assuming insurer's share under the specific reinsurance agreement regarding any losses and allocated loss expenses paid by the ceding insurer, but not recovered from the assuming insurer, or for unearned premiums due to the ceding insurer if not otherwise paid by the assuming insurer;

2. To make payment to the assuming insurer of any amounts held in the trust account that exceed 102 percent of the actual amount required to fund the assuming insurer's obligations under the specific reinsurance agreement;

3. Where the ceding insurer has received notification of termination of the trust account and where the assuming insurer's entire obligations under the specific reinsurance agreement remain unliquidated and undischarged ten days prior to the termination date, to withdraw amounts equal to the obligations and deposit those amounts in a separate account, in the name of the ceding insurer, in any qualified United States financial institution apart from its general assets, in trust for such uses and purposes specified in subparagraph 5.33(10) "d"(1) as may remain executory after such withdrawal and for any period after the termination date.

(12) The reinsurance agreement entered into in conjunction with the trust agreement may, but need not, contain the provisions required by subparagraph 5.33(10) "d"(1) so long as these required conditions are included in the trust agreement.

(13) Either the reinsurance agreement or the trust agreement must stipulate that assets deposited in the trust account shall be valued according to their current fair market value and shall consist only of cash in United States dollars, certificates of deposit issued by a United States bank and payable in United States dollars, and investments permitted by Iowa law or any combination of the above, provided investments in or issued by an entity controlling, controlled by or under common control with either the grantor or the beneficiary of the trust shall not exceed 5 percent of total investments. The agreement may further specify the types of investments to be deposited. If the reinsurance agreement covers life, annuities or accident and health risks, then the provisions required by this subparagraph must be included in the reinsurance agreement.

c. Permitted conditions.

(1) The trust agreement may provide that the trustee may resign upon delivery of a written notice of resignation, effective not less than 90 days after receipt by the beneficiary and grantor of the notice, and that the trustee may be removed by the grantor by delivery to the trustee and the beneficiary of a written notice of removal, effective not less than 90 days after receipt by the trustee and the beneficiary of the notice, provided that no such resignation or removal shall be effective until a successor trustee has been duly appointed and approved by the beneficiary and the grantor and all assets in the trust have been duly transferred to the new trustee.

(2) The grantor may have the full and unqualified right to vote any shares of stock in the trust account and to receive from time to time payments of any dividends or interest upon any shares of stock

or obligations included in the trust account. Any such interest or dividends shall be either forwarded promptly upon receipt to the grantor or deposited in a separate account established in the grantor's name.

(3) The trustee may be given authority to invest, and accept substitutions of, any funds in the account, provided that no investment or substitution shall be made without prior approval of the beneficiary, unless the trust agreement specifies categories of investments acceptable to the beneficiary and authorizes the trustee to invest funds and to accept substitutions which the trustee determines are at least equal in market value to the assets withdrawn and that are consistent with the restrictions in 5.33(10) "d"(1)"2."

(4) The trust agreement may provide that the beneficiary may at any time designate a party to which all or part of the trust assets are to be transferred. Such transfer may be conditioned upon the trustee receiving, prior to or simultaneously, other specified assets.

(5) The trust agreement may provide that, upon termination of the trust account, all assets not previously withdrawn by the beneficiary shall, with written approval by the beneficiary, be delivered over to the grantor.

d. Additional conditions applicable to reinsurance agreements.

(1) A reinsurance agreement, which is entered into in conjunction with a trust agreement and the establishment of a trust account, may contain provisions that:

1. Require the assuming insurer to enter into a trust agreement and to establish a trust account for the benefit of the ceding insurer, and specifying what the agreement is to cover;

2. Stipulate that assets deposited in the trust account shall be valued according to their current fair market value and shall consist only of cash (United States legal tender), certificates of deposit (issued by a United States bank and payable in United States legal tender), and investments of the types permitted by the laws of this state for domestic insurers, or any combination of the above provided that such investments are issued by an institution that is not the parent, subsidiary or affiliate of either the grantor or the beneficiary. The reinsurance agreement may further specify the types of investments to be deposited. Where a trust agreement is entered into in conjunction with a reinsurance agreement covering risks other than life, annuities, and accident and health, then the trust agreement may contain the provisions required by this paragraph in lieu of including such provisions in the reinsurance agreement;

3. Require the assuming insurer, prior to depositing assets with the trustee, to execute assignments or endorsements in blank, or to transfer legal title to the trustee of all shares, obligations, or any assets requiring assignments, in order that the ceding insurer, or the trustee upon the direction of the ceding insurer, may whenever necessary negotiate these assets without consent or signature from the assuming insurer or any other entity;

4. Require that all settlements of account between the ceding insurer and the assuming insurer be made in cash or its equivalent;

5. Stipulate that the assuming insurer and the ceding insurer agree that the assets in the trust account, established pursuant to the provisions of the reinsurance agreement, may be withdrawn by the ceding insurer at any time, notwithstanding any other provisions in the reinsurance agreement, and shall be utilized and applied by the ceding insurer or its successors in interest by operation of law, including without limitation any liquidator, rehabilitator, receiver or conservator of such company, without diminution because of insolvency on the part of the ceding insurer or the assuming insurer, only for the following purposes:

- To reimburse the ceding insurer for the assuming insurer's share of premiums returned to the owners of policies reinsured under the reinsurance agreement because of cancellations of such policies;

- To reimburse the ceding insurer for the assuming insurer's share of surrenders and benefits or losses paid by the ceding insurer pursuant to the provisions of the policies reinsured under the reinsurance agreement;

- To fund an account with the ceding insurer in an amount at least equal to the deduction, for reinsurance ceded, from the ceding insurer liabilities for policies ceded under the agreement. The account shall include, but not be limited to, amounts for policy reserves, claims and losses incurred (including losses incurred but not reported), loss adjustment expenses and unearned premium reserves;

- To pay any other amounts the ceding insurer claims are due under the reinsurance agreement.

(2) The reinsurance agreement may also contain provisions that:

1. Give the assuming insurer the right to seek approval from the ceding insurer to withdraw from the trust account all or any part of the trust assets and transfer those assets to the assuming insurer, provided:

- The assuming insurer shall, at the time of withdrawal, replace the withdrawn assets with other qualified assets having a market value equal to the market value of the assets withdrawn so as to maintain at all times the deposit in the required amount, or

- After withdrawal and transfer, the market value of the trust account is not less than 102 percent of the required amount.

The ceding insurer shall not unreasonably or arbitrarily withhold its approval.

2. Provide for:

- The return of any amount withdrawn in excess of the actual amounts required to comply with 5.33(10) "d"(1)"5," first three bulleted paragraphs, or in the case of 5.33(10) "d"(1)"5," fourth bulleted paragraph, any amounts that are subsequently determined not to be due; and

- Interest payments, at a rate not in excess of the prime rate of interest, on the amounts held pursuant to 5.33(10) "d"(1)"5," third bulleted paragraph.

3. Permit the award by any arbitration panel or court of competent jurisdiction of:

- Interest at a rate different from that provided in 5.33(10) "d"(2)"2";

- Court of arbitration costs;

- Attorney's fees;

- Any other reasonable expenses.

(3) Financial reporting. A trust agreement may be used to reduce any liability for reinsurance ceded to an unauthorized assuming insurer in financial statements required to be filed with this division in compliance with the provision of this rule when established on or before the date of filing of the financial statement of the ceding insurer. Further, the reduction for the existence of an acceptable trust account may be up to the current fair market value of acceptable assets available to be withdrawn from the trust account at that time, but such reduction shall be no greater than the specific obligations under the reinsurance agreement that the trust account was established to secure.

(4) Existing agreements. Any trust agreement or underlying reinsurance agreement in existence prior to January 1, 1992, will continue to be acceptable until January 1, 1993, at which time the agreements will have to be in full compliance with this rule for the trust agreement to be acceptable.

(5) The failure of any trust agreement to specifically identify the beneficiary as defined in paragraph 5.33(10) "a" shall not be construed to affect any actions or rights which the commissioner may take or possess pursuant to the provisions of the laws of this state.

5.33(11) Letters of credit qualified under subrule 5.33(9).

a. The letter of credit must be clean, irrevocable and unconditional and issued or confirmed by a qualified United States financial institution. The letter of credit shall contain an issue date and date of expiration and shall stipulate that the beneficiary need only draw a sight draft under the letter of credit and present it to obtain funds and that no other document need be presented. The letter of credit shall also indicate that it is not subject to any condition or qualifications outside of the letter of credit. In addition, the letter of credit itself shall not contain reference to any other agreements, documents or entities, except as provided in subparagraph 5.33(11) "i"(1). As used in this paragraph, "beneficiary" means the domestic insurer for whose benefit the letter of credit has been established and any successor of the beneficiary by operation of law. If a court of law appoints a successor in interest to the named beneficiary, then the named beneficiary includes and is limited to the court-appointed domiciliary receiver (including conservator, rehabilitator or liquidator).

b. The heading of the letter of credit may include a boxed section which contains the name of the applicant and other appropriate notations to provide a reference for the letter of credit. The boxed section shall be clearly marked to indicate that such information is for internal identification purposes only.

c. The letter of credit shall contain a statement to the effect that the obligation of the qualified United States financial institution under the letter of credit is in no way contingent upon reimbursement with respect thereto.

d. The term of the letter of credit shall be for at least one year and shall contain an “evergreen clause” which prevents the expiration of the letter of credit without due notice from the issuer. The “evergreen clause” shall provide for a period of no less than 30 days’ notice prior to expiry date or nonrenewal.

e. The letter of credit shall state whether it is subject to and governed by the laws of this state or the Uniform Customs and Practice for Documentary Credits of the International Chamber of Commerce Publication 600 (UCP 600) or International Standby Practices of the International Chamber of Commerce Publication 590 (ISP98), or any successor publication, and all drafts drawn thereunder shall be presentable at an office in the United States of a qualified United States financial institution.

f. If the letter of credit is made subject to the Uniform Customs and Practice for Documentary Credits of the International Chamber of Commerce Publication 500, or any successor publication, then the letter of credit shall specifically address and make provision for an extension of time to draw against the letter of credit in the event that one or more of the occurrences specified in Article 17 of Publication 500 or any other successor publication, occur.

g. The letter of credit shall be issued or confirmed by a qualified United States financial institution authorized pursuant to the organic laws of its chartering jurisdiction to issue letters of credit.

h. If the letter of credit is not issued by a qualified United States financial institution authorized to issue letters of credit, the following additional requirements shall be met:

(1) The issuing United States financial institution shall formally designate a qualified United States financial institution as its agent for the receipt and payment of the drafts;

(2) The “evergreen clause” shall provide for 30 days’ notice prior to expiry date for nonrenewal.

i. Reinsurance agreement provisions.

(1) The reinsurance agreement in conjunction with which the letter of credit is obtained may contain provisions which:

1. Require the assuming insurer to provide letters of credit to the ceding insurer and specify what they are to cover;

2. Stipulate that the assuming insurer and ceding insurer agree that the letter of credit provided by the assuming insurer pursuant to the provisions of the reinsurance agreement may be drawn upon at any time, notwithstanding any other provisions in the agreement, and shall be utilized by the ceding insurer or its successors in interest only for one or more of the following reasons:

- To reimburse the ceding insurer for the assuming insurer’s share of premiums returned to the owners of policies reinsured under the reinsurance agreement on account of cancellations of such policies;

- To reimburse the ceding insurer for the assuming insurer’s share of surrenders and benefits or losses paid by the ceding insurer under the terms and provisions of the policies reinsured under the reinsurance agreement;

- To fund an account with the ceding insurer in an amount at least equal to the deduction, for reinsurance ceded, from the ceding insurer’s liabilities for policies ceded under the agreement (such amount shall include, but not be limited to, amounts for policy reserves, claims and losses incurred and unearned premium reserves);

- To pay any other amounts the ceding insurer claims are due under the reinsurance agreement.

3. All of the provisions required by paragraph 5.33(11) “i” should be applied without diminution because of insolvency on the part of the ceding insurer or assuming insurer.

(2) Nothing contained in this paragraph shall preclude the ceding insurer and assuming insurer from providing for:

1. An interest payment, at a rate not in excess of the prime rate of interest, on the amounts held pursuant to 5.33(11) “i”(1)“2,” third bulleted paragraph.

2. The return of any amounts drawn down on the letters of credit in excess of the actual amounts required for the above or, in the event 5.33(11) “i”(1)“2,” fourth bulleted paragraph, is applicable, any amounts that are subsequently determined not to be due.

(3) When a letter of credit is obtained in conjunction with a reinsurance agreement covering risks other than life, annuities and health, where it is customary practice to provide a letter of credit for a

specific purpose, then the reinsurance agreement may, in lieu of 5.33(11) “i”(1)“2,” require that the parties enter into a “Trust Agreement” which may be incorporated into the reinsurance agreement or be a separate document.

j. A letter of credit may not be used to reduce any liability for reinsurance ceded to an unauthorized assuming insurer in financial statements required to be filed with this division unless an acceptable letter of credit with the filing ceding insurer as beneficiary has been issued on or before the date of filing of the financial statement. Further, the reduction for the letter of credit may be up to the amount available under the letter of credit but no greater than the specific obligation under the reinsurance agreement which the letter of credit was intended to secure.

5.33(12) Other security. A ceding insurer may take credit for unencumbered funds withheld by the ceding insurer in the United States subject to withdrawal solely by the ceding insurer and under its exclusive control.

5.33(13) Reinsurance contract. Credit will not be granted, nor an asset or reduction from liability allowed, to a ceding insurer for reinsurance effected with assuming insurers meeting the requirements of subrules 5.33(4), 5.33(5), 5.33(6), 5.33(7), 5.33(8), or 5.33(10) after the adoption of this rule unless the reinsurance agreement:

a. Includes a proper insolvency clause, which stipulates that reinsurance is payable directly to the liquidator or successor without diminution regardless of the status of the ceding company, pursuant to Iowa Code section 507C.32;

b. Includes a provision whereby the assuming insurer, if an unauthorized assuming insurer, has submitted to the jurisdiction of an alternative dispute resolution panel or court of competent jurisdiction within the United States, has agreed to comply with all requirements necessary to give such court or panel jurisdiction, has designated an agent upon whom service of process may be effected, and has agreed to abide by the final decision of such court or panel; and

c. Includes a proper reinsurance intermediary clause, if applicable, which stipulates that the credit risk for the intermediary is carried by the assuming insurer.

5.33(14) Contracts affected. All new and renewal reinsurance transactions entered into after January 1, 2014, shall conform to the requirements of this rule if credit is to be given to the ceding insurer for such reinsurance.

5.33(15) Severability. If any provision of this rule, or the application of the provision to any person or circumstance, is held invalid, the remainder of the rule, and the application of the provision to persons or circumstances other than those to which it is held invalid, shall not be affected.

This rule is intended to implement Iowa Code chapter 521B.

191—5.34(508) Actuarial opinion and memorandum.

5.34(1) Purpose and effective date. The purpose of this rule is to prescribe:

a. Requirements for statements of actuarial opinion that are to be submitted in accordance with Iowa Code section 508.36 and for memoranda in support thereof;

b. Rules applicable to the appointment of an appointed actuary; and

c. Guidance as to the meaning of “adequacy of reserves.”

5.34(2) Authority. This rule is issued pursuant to the authority vested in the commissioner of insurance under Iowa Code section 508.36. This rule will take effect for annual statements for the year 2004.

5.34(3) Scope. This rule shall apply to all life insurance companies and fraternal benefit societies doing business in this state and to all life insurance companies and fraternal benefit societies which are authorized to reinsure life insurance, annuities or accident and health insurance business in this state.

This rule shall be applied in a manner that allows the appointed actuary to utilize the actuary’s professional judgment in performing the asset analysis and developing the actuarial opinion and supporting memoranda, consistent with relevant actuarial standards of practice. However, the

commissioner shall have the authority to specify specific methods of actuarial analysis and actuarial assumptions when, in the commissioner's judgment, these specifications are necessary for an acceptable opinion to be rendered relative to the adequacy of reserves and related items.

This rule shall be applicable to all annual statements filed with the office of the commissioner after January 1, 2004. A statement of opinion on the adequacy of the reserves and related actuarial items based on an asset adequacy analysis in accordance with subrule 5.34(6), and a memorandum in support thereof in accordance with subrule 5.34(7), shall be required each year.

5.34(4) Definitions. As used in this rule:

"Actuarial opinion" means the opinion of an appointed actuary regarding the adequacy of the reserves and related actuarial items based on an asset adequacy analysis in accordance with subrule 5.34(6) and with applicable actuarial standards.

"Actuarial Standards Board" means the board established by the American Academy of Actuaries to develop and promulgate standards of actuarial practice.

"Annual statement" means that statement required by Iowa Code section 508.11 to be filed annually by the company with the office of the commissioner.

"Appointed actuary" means any individual who is appointed or retained in accordance with the requirements set forth in 5.34(5) "c" to provide the actuarial opinion and supporting memorandum as required by Iowa Code section 508.36.

"Asset adequacy analysis" means an analysis that meets the standards and other requirements referred to in 5.34(5) "d."

"Commissioner" means the insurance commissioner of this state.

"Company" means a life insurance company, fraternal benefit society or reinsurer subject to the provisions of this rule.

"Qualified actuary" means any individual who meets the requirements set forth in 5.34(5) "b."

5.34(5) General requirements.

a. Submission of statement of actuarial opinion.

(1) There is to be included on or attached to page 1 of the annual statement for each year beginning with the statement filed as of December 31, 2004, the statement of an appointed actuary, entitled "Statement of Actuarial Opinion," setting forth an opinion relating to reserves and related actuarial items held in support of policies and contracts, in accordance with 5.34(6).

(2) Upon written request by the company, the commissioner may grant an extension of the date for submission of the statement of actuarial opinion.

b. Qualified actuary. A "qualified actuary" is an individual who:

(1) Is a member in good standing of the American Academy of Actuaries;

(2) Is qualified to sign statements of actuarial opinion for life and health insurance company annual statements in accordance with the American Academy of Actuaries qualification standards for actuaries signing such statements;

(3) Is familiar with the valuation requirements applicable to life and health insurance companies;

(4) Has not been found by the commissioner (or if so found has subsequently been reinstated as a qualified actuary), following appropriate notice and hearing, to have:

1. Violated any provision of, or any obligation imposed by, the insurance code or other law in the course of dealing as a qualified actuary;

2. Been found guilty of fraudulent or dishonest practices;

3. Demonstrated incompetency, lack of cooperation, untrustworthiness to act as a qualified actuary;

4. Submitted to the commissioner during the past five years, pursuant to this rule, an actuarial opinion or memorandum that the commissioner rejected because it did not meet the provisions of this rule including standards set by the Actuarial Standards Board; or

5. Resigned or been removed as an actuary within the past five years as a result of acts or omissions indicated in any adverse report on examination or as a result of failure to adhere to generally acceptable actuarial standards; and

(5) Has not failed to notify the commissioner of any action taken by any commissioner of any other state similar to that under 5.34(5) "b"(4).

c. Appointed actuary. An "appointed actuary" is a qualified actuary who is appointed or retained to prepare the statement of actuarial opinion required by this rule, either directly by or by the authority of the board of directors through an executive officer of the company other than the qualified actuary. The company shall give the commissioner timely written notice of the name, title (and, in the case of a consulting actuary, the name of the firm) and manner of appointment or retention of each person appointed or retained by the company as an appointed actuary and shall state in the notice that the person meets the requirements set forth in 5.34(5) "b." Once notice is furnished, no further notice is required with respect to this person, provided that the company shall give the commissioner timely written notice in the event the actuary ceases to be appointed or retained as an appointed actuary or to meet the requirements set forth in 5.34(5) "b." If any person appointed or retained as an appointed actuary replaces a previously appointed actuary, the notice shall so state and give the reasons for replacement.

d. Standards for asset adequacy analysis. The asset adequacy analysis required by this rule shall:

(1) Conform to the standards of practice as promulgated from time to time by the Actuarial Standards Board and any additional standards under this rule, which standards are to form the basis of the statement of actuarial opinion in accordance with 5.34(6);

(2) Be based on methods of analysis as are deemed appropriate for such purposes by the Actuarial Standards Board.

e. Liabilities to be covered.

(1) Under the authority of Iowa Code section 508.36, the statement of actuarial opinion shall apply to all in-force business on the statement date, whether directly issued or assumed, regardless of when or where issued, e.g., reserves of Exhibits 8, 9, and 10, and claim liabilities in Exhibit 11, part 1, and equivalent items in the separate account statement or statements.

(2) If the appointed actuary determines as the result of asset adequacy analysis that a reserve should be held in addition to the aggregate reserve held by the company and calculated in accordance with methods set forth in Iowa Code section 508.36, the company shall establish the additional reserve.

(3) Additional reserves established under 5.34(5) "e"(2) and deemed not necessary in subsequent years may be released. Any amounts released shall be disclosed in the actuarial opinion for the applicable year. The release of such reserves would not be deemed an adoption of a lower standard of valuation.

5.34(6) Statement of actuarial opinion based on an asset adequacy analysis.

a. General description. The statement of actuarial opinion submitted in accordance with this subrule shall consist of:

(1) A paragraph identifying the appointed actuary and the actuary's qualifications (see 5.34(6) "b"(1));

(2) A scope paragraph identifying the subjects on which an opinion is to be expressed and describing the scope of the appointed actuary's work, including a tabulation delineating the reserves and related actuarial items that have been analyzed for asset adequacy and the method of analysis (see 5.34(6) "b"(2)), and identifying the reserves and related actuarial items covered by the opinion that have not been so analyzed;

(3) A reliance paragraph describing those areas, if any, where the appointed actuary has deferred to other experts in developing data, procedures or assumptions (e.g., anticipated cash flows from currently owned assets, including variation in cash flows according to economic scenarios (see 5.34(6) "b"(3))), supported by a statement of each such expert in the form prescribed by 5.34(6) "e"; and

(4) An opinion paragraph expressing the appointed actuary's opinion with respect to the adequacy of the supporting assets to mature the liabilities (see 5.34(6) "b"(6)).

(5) One or more additional paragraphs will be needed in individual company cases as follows:

1. If the appointed actuary considers it necessary to state a qualification of opinion;

2. If the appointed actuary must disclose an inconsistency in the method of analysis or basis of asset allocation used at the prior opinion date with that used for this opinion;

3. If the appointed actuary must disclose whether additional reserves of the prior opinion date are released as of this opinion date, and the extent of the release;

4. If the appointed actuary chooses to add a paragraph briefly describing the assumptions that form the basis for the actuarial opinion.

b. Recommended language. The following paragraphs shall be included in the statement of actuarial opinion in accordance with this subrule. Language is that which in typical circumstances should be included in a statement of actuarial opinion. The language may be modified as needed to meet the circumstances of a particular case, but the appointed actuary should use language that clearly expresses the actuary’s professional judgment. However, in any event, the opinion shall retain all pertinent aspects of the language provided in this subrule.

(1) The opening paragraph should generally indicate the appointed actuary’s relationship to the company and qualifications to sign the opinion. For a company actuary, the opening paragraph of the actuarial opinion should include a statement such as:

“I, [name], am [title] of [insurance company name] and a member of the American Academy of Actuaries. I was appointed by, or by the authority of, the board of directors of said insurer to render this opinion as stated in the letter to the commissioner dated [insert date]. I meet the Academy qualification standards for rendering the opinion and am familiar with the valuation requirements applicable to life and health insurance companies.”

For a consulting actuary, the opening paragraph should include a statement such as:

“I, [name], a member of the American Academy of Actuaries, am associated with the firm of [name of consulting firm]. I have been appointed by, or by the authority of, the board of directors of [name of company] to render this opinion as stated in the letter to the commissioner dated [insert date]. I meet the Academy qualification standards for rendering the opinion and am familiar with the valuation requirements applicable to life and health insurance companies.”

(2) The scope paragraph should include a statement such as:

“I have examined the actuarial assumptions and actuarial methods used in determining reserves and related actuarial items listed below, as shown in the annual statement of the company, as prepared for filing with state regulatory officials, as of December 31, 20____. Tabulated below are those reserves and related actuarial items which have been subjected to asset adequacy analysis.”

(3) If the appointed actuary has relied on other experts to develop certain portions of the analysis, the reliance paragraph should include a statement such as:

“I have relied on [name], [title] for [e.g., ‘anticipated cash flows from currently owned assets, including variations in cash flows according to economic scenarios’ or ‘certain critical aspects of the analysis performed in conjunction with forming my opinion’], as certified in the attached statement. I have reviewed the information relied upon for reasonableness.”

“My examination included such review of the actuarial assumptions and actuarial methods and of the underlying basic asset and liability records and such tests of the actuarial calculations as I considered necessary. I also reconciled the underlying basic asset and liability records to [exhibits and schedules listed as applicable] of the company’s current annual statement.”

(5) If the appointed actuary has not examined the underlying records, but has relied upon data (e.g., listings and summaries of policies in force or asset records) prepared by the company, the reliance paragraph should include a statement such as:

“In forming my opinion on [specify types of reserves], I relied upon data prepared by [name and title of company officer certifying in-force records or other data] as certified in the attached statements.

I evaluated that data for reasonableness and consistency. I also reconciled that data to [exhibits and schedules to be listed as applicable] of the company's current annual statement. In other respects, my examination included review of the actuarial assumptions and actuarial methods used and tests of the calculations I considered necessary."

The section shall be accompanied by a statement by each person relied upon in the form prescribed by 5.34(6)"e."

(6) The opinion paragraph shall include a statement such as:

"In my opinion the reserves and related actuarial values concerning the statement items identified above:

"1.Are computed in accordance with presently accepted actuarial standards consistently applied and are fairly stated, in accordance with sound actuarial principles;

"2.Are based on actuarial assumptions that produce reserves at least as great as those called for in any contract provision as to reserve basis and method, and are in accordance with all other contract provisions;

"3.Meet the requirements of the insurance law and rules of the state of [state of domicile]; and are at least as great as the minimum aggregate amounts required by the state in which this statement is filed;

"4.Are computed on the basis of assumptions consistent with those used in computing the corresponding items in the annual statement of the preceding year-end (with any exceptions noted below); and

"5.Include provision for all actuarial reserves and related statement items which ought to be established.

"The reserves and related items, when considered in light of the assets held by the company with respect to such reserves and related actuarial items including, but not limited to, the investment earnings on such assets, and the considerations anticipated to be received and retained under such policies and contracts, make adequate provision, according to presently accepted actuarial standards of practice, for the anticipated cash flows required by the contractual obligations and related expenses of the company. (At the discretion of the commissioner, this language may be omitted for an opinion filed on behalf of a company doing business only in this state and in no other state.)

"The actuarial methods, considerations and analyses used in forming my opinion conform to the appropriate Standards of Practice as promulgated by the Actuarial Standards Board, which standards form the basis of this statement of opinion.

"The following material change(s) which occurred between the date of the statement for which this opinion is applicable and the date of this opinion should be considered in reviewing this opinion: (Describe the change or changes.)

"The impact of unanticipated events subsequent to the date of this opinion is beyond the scope of this opinion. The analysis of asset adequacy portion of this opinion should be viewed recognizing that the company's future experience may not follow all the assumptions used in the analysis.

c. Assumptions for new issues. The adoption for new issues or new claims or other new liabilities of an actuarial assumption that differs from a corresponding assumption used for prior new issues or new claims or other new liabilities is not a change in actuarial assumptions within the meaning of this subrule.

d. Adverse opinion. If the appointed actuary is unable to form an opinion, then the actuary shall refuse to issue a statement of actuarial opinion. If the appointed actuary's opinion is adverse or qualified,

then the actuary shall issue an adverse or qualified actuarial opinion explicitly stating the reason(s) for the opinion. This statement should follow the scope paragraph and precede the opinion paragraph.

e. Reliance on information furnished by other persons. If the appointed actuary relies on the certification of others on matters concerning the accuracy or completeness of any data underlying the actuarial opinion, or the appropriateness of any other information used by the appointed actuary in forming the actuarial opinion, the actuarial opinion should so indicate the persons upon whom the actuary is relying and a precise identification of the items subject to reliance. In addition, the persons on whom the appointed actuary relies shall provide a certification that precisely identifies the items on which the person is providing information and a statement as to the accuracy, completeness or reasonableness, as applicable, of the items. This certification shall include the signature, title, company, address and telephone number of the person rendering the certification, as well as the date on which it is signed.

f. Alternate option.

(1) Iowa Code section 508.36 gives the commissioner broad authority to accept the valuation of a foreign insurer when that valuation meets the requirements applicable to a company domiciled in this state in the aggregate. As an alternative to the requirements of subparagraph 5.34(6) "b"(6), item "3," the commissioner may make one or more of the following additional approaches available to the opening actuary:

1. A statement that the reserves "meet the requirements of the insurance laws and regulations of the State of [state of domicile] and the formal written standards and conditions of this state for filing an opinion based on the law of the state of domicile." If the commissioner chooses to allow this alternative, a formal written list of standards and conditions shall be made available. If a company chooses to use this alternative, the standards and conditions in effect on July 1 of a calendar year shall apply to statements for that calendar year, and they shall remain in effect until they are revised or revoked. If no list is available, this alternative is not available.

2. A statement that the reserves "meet the requirements of the insurance laws and regulations of the State of [state of domicile] and I have verified that the company's request to file an opinion based on the law of the state of domicile has been approved and that any conditions required by the commissioner for approval of that request have been met." If the commissioner chooses to allow this alternative, a formal written statement of such allowance shall be issued no later than March 31 of the year it is first effective. The statement shall remain valid until rescinded or modified by the commissioner. A rescission or modification of the statement shall be issued no later than March 31 of the year it is first effective. After that statement is issued, if a company chooses to use this alternative, the company shall file a request to do so, along with justification for its use, no later than April 30 of the year the opinion is to be filed. The request shall be deemed approved on October 1 of that year if the commissioner has not denied the request by that date.

3. A statement that the reserves "meet the requirements of the insurance laws and regulations of the State of [state of domicile] and I have submitted the required comparison as specified by this state."

- If the commissioner chooses to allow this alternative, a formal written list of products (to be added to the table in 5.34(6) "f"(1) "3," second bulleted paragraph) for which the required comparison shall be provided will be published. If a company chooses to use this alternative, the list in effect on July 1 of a calendar year shall apply to statements for that calendar year, and it shall remain in effect until it is revised or revoked. If no list is available, this alternative is not available.

- If a company desires to use this alternative, the appointed actuary shall provide a comparison of the gross nationwide reserves held to the gross nationwide reserves that would be held under National Association of Insurance Commissioners codification standards adopted in rule 191—5.15(508,512B,514,514B,515,520). Gross nationwide reserves are the total reserves calculated for the total company in-force business directly sold and assumed, indifferent to the state in which the risk resides, without reduction for reinsurance ceded. The information provided shall include at least the following:

(1) Product Type	(2) Death Benefit or Account Value	(3) Reserves Held	(4) Codification Reserves	(5) Codification Standard

- The information listed shall include all products identified by either the state of filing or any other states subscribing to this alternative.

- If there is no codification standard for the type of product or risk in force or if the codification standard does not directly address the type of product or risk in force, the appointed actuary shall provide detailed disclosure of the specific method and assumptions used in determining the reserves held.

- The comparison provided by the company is to be kept confidential to the same extent and under the same conditions as the actuarial memorandum.

(2) Notwithstanding 5.34(6)“f”(1), the commissioner may reject an opinion based on the laws and regulations of the state of domicile and require an opinion based on the laws of this state. If a company is unable to provide the opinion within 60 days of the request or such other period of time determined by the commissioner after consultation with the company, the commissioner may contract an independent actuary at the company’s expense to prepare and file an opinion.

5.34(7) *Description of actuarial memorandum including an asset adequacy analysis and regulatory asset adequacy issues summary.*

a. *General.*

(1) In accordance with Iowa Code section 508.36, the appointed actuary shall prepare a memorandum to the company describing the analysis done in support of the opinion regarding the reserves. The memorandum shall be made available for examination by the commissioner upon request but shall be returned to the company after such examination and shall not be considered a record of the insurance division or subject to automatic filing with the commissioner.

(2) In preparing the memorandum, the appointed actuary may rely on, and include as a part of the actuary’s own memorandum, memoranda, prepared and signed by other actuaries who are qualified within the meaning of 5.34(5)“b” with respect to the areas covered in such memoranda, and so state in their memoranda.

(3) If the commissioner requests a memorandum and no such memorandum exists or if the commissioner finds that the analysis described in the memorandum fails to meet the standards of the Actuarial Standards Board or the standards and requirements of this rule, the commissioner may designate a qualified actuary to review the opinion and prepare such supporting memorandum as is required for review. The reasonable and necessary expense of the independent review shall be paid by the company but shall be directed and controlled by the commissioner.

(4) The reviewing actuary shall have the same status as an examiner for purposes of obtaining data from the company, and the work papers and documentation of the reviewing actuary shall be retained by the commissioner; provided, however, that any information provided by the company to the reviewing actuary and included in the work papers shall be considered as material provided by the company to the commissioner and shall be kept confidential to the same extent as is prescribed by law with respect to other material provided by the company to the commissioner pursuant to the statute governing this rule. The reviewing actuary shall not be an employee or a consulting firm involved with the preparation of any prior memorandum or opinion for the insurer pursuant to this rule for the current year or the preceding three years.

(5) In accordance with Iowa Code section 508.36, the appointed actuary shall prepare a regulatory asset adequacy issues summary, the contents of which are specified in 5.34(7)“c.” Companies submitting the regulatory asset adequacy issues summary shall submit the summary no later than March 15 of the year following the year for which a statement of actuarial opinion based on asset adequacy is required. Iowa foreign companies are not required to submit the regulatory asset adequacy issues summary annually; however, the summary shall be made available for examination by the commissioner

upon request. The regulatory asset adequacy issues summary is to be kept confidential to the same extent and under the same conditions as the actuarial memorandum.

b. Details of the memorandum section documenting asset adequacy analysis (5.34(6)). When an actuarial opinion under 5.34(6) is provided, the memorandum shall demonstrate that the analysis has been done in accordance with the standards for asset adequacy referred to in 5.34(5) “d” and any additional standards under this rule. It shall specify:

- (1) For reserves:
 1. Product descriptions including market description, underwriting and other aspects of a risk profile and the specific risks the appointed actuary deems significant;
 2. Source of liability in force;
 3. Reserve method and basis;
 4. Investment reserves;
 5. Reinsurance arrangements;
 6. Identification of any explicit or implied guarantees made by the general account in support of benefits provided through a separate account or under a separate account policy or contract and the methods used by the appointed actuary to provide for the guarantees in the asset adequacy analysis;
 7. Documentation of assumptions to test reserves for the following:
 - Lapse rates (both base and excess);
 - Interest crediting rate strategy;
 - Mortality;
 - Policyholder dividend strategy;
 - Competitor or market interest rate;
 - Annuitization rates;
 - Commissions and expenses; and
 - Morbidity.

The documentation of the assumptions shall be such that an actuary reviewing the actuarial memorandum could form a conclusion as to the reasonableness of the assumptions.

- (2) For assets:
 1. Portfolio descriptions, including a risk profile disclosing the quality, distribution and types of assets;
 2. Investment and disinvestment assumptions;
 3. Source of asset data;
 4. Asset valuation bases; and
 5. Documentation of assumptions made for:
 - Default costs;
 - Bond call function;
 - Mortgage prepayment function;
 - Determining market value for assets sold due to disinvestment strategy; and
 - Determining yield on assets acquired through the investment strategy.

The documentation of assumptions shall be such that an actuary reviewing the actuarial memorandum could form a conclusion as to the reasonableness of the assumptions.

- (3) For the analysis basis:
 1. Methodology;
 2. Rationale for inclusion or exclusion of different blocks of business and how pertinent risks were analyzed;
 3. Rationale for degree of rigor in analyzing different blocks of business (include in the rationale the level of “materiality” that was used in determining how vigorously to analyze different blocks of business);
 4. Criteria for determining asset adequacy (include in the criteria the precise basis for determining if assets are adequate to cover reserves under “moderately adverse conditions” or other conditions as specified in relevant actuarial standards of practice); and

5. Whether the impact of federal income taxes was considered and the method of treating reinsurance in the asset adequacy analysis.

(4) Summary of material changes in methods, procedures, or assumptions from prior year's asset adequacy analysis.

(5) Conclusion(s).

c. Details of the regulatory asset adequacy issues summary.

(1) The regulatory asset adequacy issues summary shall include:

1. Descriptions of the scenarios tested (including whether those scenarios are stochastic or deterministic) and the sensitivity testing done relative to those scenarios. If negative ending surplus results under certain tests in the aggregate, the actuary should describe those tests and the amount of additional reserves as of the valuation date which, if held, would eliminate the negative aggregate surplus values. Ending surplus values shall be determined by either extending the projection period until the in-force and associated assets and liabilities at the end of the projection period are immaterial or by adjusting the surplus amount at the end of the projection period by an amount that appropriately estimates the value that can reasonably be expected to arise from the assets and liabilities remaining in force;

2. The extent to which the appointed actuary uses assumptions in the asset adequacy analysis that are materially different from the assumptions used in the previous asset adequacy analysis;

3. The amount of reserves and the identity of the product lines that had been subjected to asset adequacy analysis in the prior opinion but were not subject to analysis for the current opinion;

4. Comments on any interim results that may be of significant concern to the appointed actuary, for example, the impact of the insufficiency of assets to support the payment of benefits and expenses and the establishment of statutory reserves during one or more interim periods;

5. The methods used by the actuary to recognize the impact of reinsurance on the company cash flows, including both assets and liabilities, under each of the scenarios tested; and

6. Whether the actuary has been satisfied that all options, whether explicit or embedded, in any asset or liability (including but not limited to those affecting cash flows embedded in fixed income securities) and equitylike features in any investments have been appropriately considered in the asset adequacy analysis.

(2) The regulatory asset adequacy issues summary shall contain the name of the company for which the regulatory asset adequacy issues summary is being supplied and shall be signed and dated by the appointed actuary rendering the actuarial opinion.

d. Conformity to standards of practice. The memorandum shall include the following statement: "Actuarial methods, considerations and analyses used in the preparation of this memorandum conform to the appropriate standards of practice as promulgated by the Actuarial Standards Board, which standards form the basis for this memorandum."

e. Use of assets supporting the interest maintenance reserve and the asset valuation reserve. An appropriate allocation of assets in the amount of the interest maintenance reserve (IMR), whether positive or negative, shall be used in any asset adequacy analysis. Analysis of risks regarding asset default may include an appropriate allocation of assets supporting the asset valuation reserve (AVR); these AVR assets may not be applied for any other risks with respect to reserve adequacy. Analysis of these and other risks may include assets supporting other mandatory or voluntary reserves available to the extent not used for risk analysis and reserve support.

The amount of assets used for the AVR shall be disclosed in the Table of Reserves and Liabilities of the opinion and in the memorandum. The method used for selecting particular assets or allocated portions of assets must be disclosed in the memorandum.

f. Documentation. The appointed actuary shall retain on file, for at least seven years, sufficient documentation so that it will be possible to determine the procedures followed, the analyses performed, the bases for assumptions and the results obtained.

This rule is intended to implement Iowa Code section 508.36.
[ARC 9184B, IAB 11/3/10, effective 12/8/10]

191—5.35 to 5.39 Reserved.

191—5.40(515) Premium tax. The fact that the companies choose to call a stipulated amount a “policy fee” and do not include it under the term of “premium” would not have the effect of exempting this income from taxation. It is most assuredly a part of the premium or income received from policyholders for business done in Iowa and thus subject to taxation.

191—5.41(508) Tax on gross premiums—life companies. In determining the gross amount of premiums to be taxed hereunder, there shall be excluded:

1. All premiums returned to policyholders or annuitants during the preceding calendar year, except cash surrender values.
2. All dividends that, during said year, have been paid in cash or applied in reduction of premiums or left to accumulate to the credit of policyholders or annuitants.

191—5.42(432) Cash refund of premium tax. A cash refund of premium tax may be made to an insurance company that has paid a premium tax payment or prepayment and demonstrates an inability to recoup the funds paid via a credit, provided that the insurance division determines that a refund is appropriate. A claim for refund is a formal request made by the insurance company or its successor in interest to the insurance division for repayment of premium tax prepayments that were paid with the insurance company’s previously filed tax return. The claim for refund shall not be filed with a premium tax prepayment, annual tax payment, or with other documents or forms submitted to the division.

5.42(1) Eligibility criteria. Upon the written application of an insurance company or its successor in interest, the insurance division shall authorize the department of revenue to make a cash refund to an insurer if:

- a. The insurance company is subject to an order of liquidation or equivalent order issued by a court of competent jurisdiction; or
- b. The insurance company has not written any business in the state of Iowa for five years; or
- c. The insurance company’s certificate of authority is voluntarily or involuntarily surrendered or terminated; upon application for a refund, the company shall be prohibited from applying for readmission in Iowa for at least five years; and
- d. The insurance company has no insurer within its holding company which could utilize the credit.

5.42(2) Application procedure. An insurance company may file a claim for a cash refund with the insurance division by stating in detail the reasons and facts and including supporting documents with the claim for a cash refund. These documents shall include but not be limited to:

- a. A written request applying for a cash refund and identifying the address where the cash refund should be mailed;
- b. A copy of the tax return from which the premium tax credit originated;
- c. A copy of the liquidation order or other documentation demonstrating that the insurance company’s certificate of authority has been surrendered and that the company is prohibited from applying for admission in Iowa for at least five years; and
- d. A certification from the chief executive officer stating that the company has no plans for writing business in the state of Iowa and agrees to notify the insurance division before writing any business in this state if the claim for refund is made pursuant to 5.42(1) “b.”

5.42(3) Appeals. If the claim for refund is denied and the applicant wishes to appeal the denial, the insurance division will consider an appeal to be timely if filed not later than 30 days following the date of denial.

5.42(4) Statute of limitations. Upon meeting the eligibility criteria outlined in 5.42(1), an insurance company has up to five years to file an application for a refund. A refund will not be authorized if an application is not made within this time frame.

This rule is intended to implement Iowa Code section 432.1(6).

191—5.43(510) Managing general agents.

5.43(1) The requirement that a domestic insurer submit its contracts with managing general agents for approval of the commissioner of insurance set forth in Iowa Code section 510.2 remains in effect after July 1, 1991.

5.43(2) A managing general agent shall at all times maintain a surety bond in the amount of \$50,000 issued by an insurer licensed to transact business in this state for the benefit of each domestic insurer with which the managing general agent has contracted.

5.43(3) A managing general agent shall maintain an errors and omissions policy in the face amount of \$250,000.

5.43(4) A third-party administrator subject to Iowa Code chapter 510 shall not be deemed to be a managing general agent.

5.43(5) The amount of claims in excess of which a person is authorized to adjust or pay for purposes of the definition of “managing general agent” in Iowa Code section 510.2A(4) “a”(3) “a” is \$15,000 per claim.

[Appeared as ch 6, 1973 IDR]

[Prior to 10/22/86, Insurance Department[510]]

191—7.1(523) Application of regulation. This regulation is applicable to all domestic stock insurers having 100 or more stockholders; provided, however, that this regulation shall not apply to any insurer if 95 percent or more of its stock is owned or controlled by a parent or an affiliated insurer and the remaining shares are held by less than 500 stockholders. A domestic stock insurer which files with the Securities and Exchange Commission forms of proxies, consents and authorizations complying with the requirements of the Securities and Exchange Act of 1934 and the Securities and Exchange Acts Amendments of 1964 and regulation X-14 of the Securities and Exchange Commission promulgated thereunder shall be exempt from the provisions of this regulation.

191—7.2(523) Proxies, consents and authorizations. No domestic stock insurer, or any director, officer or employee of such insurer subject to 7.1(523) hereof, or any other person, shall solicit, or permit the use of the person's name to solicit, by mail or otherwise, any proxy, consent or authorization in respect of any stock of such insurer in contravention of this regulation and Schedules A and B hereto annexed and hereby made a part of this regulation.

191—7.3(523) Disclosure of equivalent information. Unless proxies, consents or authorizations in respect of a stock of a domestic insurer subject to 7.1(523) hereof are solicited by or on behalf of the management of such insurer from the holders of record of stock of such insurer in accordance with this regulation and the schedules thereunder prior to any annual or other meeting, such insurer shall, in accordance with this regulation and such further regulations as the commissioner may adopt, file with the commissioner, and transmit to all stockholders of record information substantially equivalent to the information which would be required to be transmitted if a solicitation were made.

191—7.4(523) Definitions.

7.4(1) The definitions and instructions set out in Schedule SIS, as promulgated by the National Association of Insurance Commissioners, shall be applicable for purposes of this regulation.

7.4(2) The terms "solicit" and "solicitation" for purposes of this regulation shall include:

- a. Any request for proxy, whether or not accompanied by or included in a form of proxy; or
- b. Any request to execute or not to execute, or to revoke, a proxy; or
- c. The furnishing of a proxy or other communication to stockholders under circumstances reasonably calculated to result in the procurement, withholding or revocation of a proxy.

7.4(3) The terms "solicit" and "solicitation" shall not include:

- a. Any solicitation by a person in respect of stock of which the person is the beneficial owner;
- b. Action by a broker or other person in respect to stock carried in that person's name or in the name of that person's nominee in forwarding to the beneficial owner of such stock soliciting material received from the company, or impartially instructing such beneficial owner to forward a proxy to the person, if any, to whom the beneficial owner desires to give a proxy, or impartially requesting instructions from the beneficial owner with respect to the authority to be conferred by the proxy and stating that a proxy will be given if the instructions are received by a certain date;
- c. The furnishing of a form of proxy to a stockholder upon the unsolicited request of such stockholder, or the performance by any person of ministerial acts on behalf of a person soliciting a proxy.

191—7.5(523) Information to be furnished to stockholders.

7.5(1) No solicitation subject to this regulation shall be made unless each person solicited is concurrently furnished or has previously been furnished with a written proxy statement containing the information specified in Schedule A.

7.5(2) If the solicitation is made on behalf of the management of the insurer and relates to an annual meeting of stockholders at which directors are to be elected, each proxy statement furnished pursuant to 7.5(1) hereof shall be accompanied or preceded by an annual report (in preliminary or final form) to such stockholders containing such financial statements for the last fiscal year as are referred to in Schedule SIS under the heading "Financial Reporting to Stockholders." Subject to the foregoing requirements with respect to financial statements, the annual report to stockholders may be in any form deemed suitable by the management.

7.5(3) Two copies of each report sent to the stockholder pursuant to this rule shall be mailed to the commissioner not later than the date on which such report is first sent or given to stockholders or the date on which preliminary copies of solicitation material are filed with the commissioner pursuant to 7.7(1), whichever date is later.

A proxy may confer discretionary authority with respect to matters as to which a choice is not so specified if the form of proxy states in bold-face type how it is intended to vote the shares or authorization represented by the proxy in each such case.

7.6(3) A proxy may confer discretionary authority with respect to other matters which may come before the meeting, provided the persons on whose behalf the solicitation is made are not aware a reasonable time prior to the time the solicitation is made that any other matters are to be presented for action at the meeting and provided further that a specific statement to that effect is made in the proxy statement or in the form of proxy.

7.6(4) No proxy shall confer authority (*a*) to vote for the election of any person to any office for which a bona fide nominee is not named in the proxy statement, or (*b*) to vote at any annual meeting other than the next annual meeting (or any adjournment thereof) to be held after the date on which the proxy statement and form of proxy are first sent or given to stockholders.

7.7(5) Copies of replies to inquiries from stockholders requesting further information and copies of communications which do no more than request that forms of proxy theretofore solicited be signed and returned need not be filed pursuant to this rule.

No solicitation subject to this regulation shall be made by means of any proxy statement, form of proxy, notice of meeting, or other communication, written or oral, containing any statement which at the time and in the light of the circumstances under which it is made, is false or misleading with respect to any material fact, or which omits to state any material fact necessary in order to make the statements therein not false or misleading or necessary to correct any statement in any earlier communication with respect to the solicitation of a proxy for the same meeting or subject matter which has become false or misleading.

191—7.9(523) Prohibition of certain solicitations. No person making a solicitation which is subject to this regulation shall solicit any undated or postdated proxy or any proxy which provides that it shall be deemed to be dated as of any date subsequent to the date on which it is signed by the stockholder.

a. For purposes of this rule the term “participant” and “participant in a solicitation” include: (1) The insurer; (2) any director of the insurer, and any nominee for whose election as a director proxies are solicited; (3) any other person, acting alone or with one or more other persons, committees or groups, in organizing, directing or financing the solicitation.

7.10(3) Filing of information required by Schedule B.

behalf of each participant in such solicitation a statement in duplicate containing the information specified by Schedule B and a copy of any material proposed to be distributed to stockholders in furtherance of such solicitation. Where preliminary copies of any materials are filed, distribution to stockholders should be deferred until the commissioner's comments have been received and complied with.

b. Within five business days after a solicitation subject to this rule is made by the management of an insurer, or such longer period as the commissioner may authorize upon a showing of good cause therefor, there shall be filed with the commissioner by or on behalf of each participant in such solicitation, other than the insurer, and by or on behalf of each management nominee for director, a statement in duplicate containing the information specified by Schedule B.

c. If any solicitation on behalf of a management or any other person has been made, or if proxy material is ready for distribution, prior to a solicitation subject to this rule in opposition thereto, a statement in duplicate containing the information specified in Schedule B shall be filed with the commissioner by or on behalf of each participant in such prior solicitation, other than the insurer, as soon as reasonably practicable after the commencement of the solicitation in opposition thereto.

d. If, subsequent to the filing of the statements required by paragraphs "a," "b" and "c" of this subrule, additional persons become participants in a solicitation subject to this rule, there shall be filed with the commissioner by or on behalf of each such person, a statement in duplicate containing the information specified by Schedule B, within three business days after such person becomes a participant, or such longer period as the commissioner may authorize upon a showing of good cause therefor.

e. If any material change occurs in the facts reported in any statement filed by or on behalf of any participant, an appropriate amendment to such statement shall be filed promptly with the commissioner.

f. Each statement and amendment thereto filed pursuant to this paragraph shall be part of the public files of the commissioner.

7.10(4) *Solicitations prior to furnishing required written proxy statement.* Notwithstanding the provisions of 7.5(1), a solicitation subject to this rule may be made prior to furnishing stockholders a written proxy statement containing the information specified in Schedule A with respect to such solicitation, provided that:

a. The statements required by 7.10(3) hereof are filed by or on behalf of each participant in such solicitation.

b. No form of proxy is furnished to stockholders prior to the time the written proxy statement required by 7.5(1) is furnished to such persons. Provided, however, that this paragraph "b" shall not apply where a proxy statement then meeting the requirements of Schedule A has been furnished to stockholders.

These rules are intended to implement Iowa Code chapter 523.

CHAPTER 8
BENEVOLENT ASSOCIATIONS

[Appeared as ch 7, 1973 IDR]

[Prior to 10/22/86, Insurance Department[510]]

191—8.1 and 8.2 Reserved.

191—8.3(512A) Organization. Before any new benevolent association shall form or operate in this state, it shall first file with the commissioner for examination and approval one copy of its general plan of organization and operation, an original and two copies of its articles of incorporation, an original and one copy of any bylaws, and two copies of its certificate of membership with application blank. All fees for examination and filing in the office of the commissioner and the secretary of state as prescribed by law must accompany the association's submission.

8.3(1) The plan of organization and operation must set forth in detail any and all fees, dues and assessments to be made against the membership, the intended size and grouping of the membership, the method of member enrollment and procedure for replacement of deceased or left members, the establishment of any reserves or surplus funds, and the intended name and business address of the association. The plan shall also contain a biographical sketch of all organizers and officers and comply with the laws and regulations governing benevolent associations.

8.3(2) If an association is organized or becomes organized under Iowa Code chapter 504A for the purpose of selling or offering for sale stock to the public of this state such offer must be fully disclosed in the plan of organization and if such offer is exempt from registration the specific exemption must be set forth in the plan.

8.3(3) Reserved.

8.3(4) Except where a public stock offer is made, the plan of operation for associations existing prior to the adoption of this regulation may be contained in its bylaws, however, such plan shall be in accordance with the laws and regulations pertaining to such associations.

191—8.4(512A) Membership. Each association shall have one or more groups or units consisting of not more than 1250 members per group or unit who may make voluntary contributions to the association for distribution to the beneficiary of a deceased member or to the members as contributions toward expenses incurred by accident or sickness.

8.4(1) If membership in the association is conditioned upon the payment of benefit assessments levied against the members, such loss or cancellation of membership shall take place only if a member, after being notified by mail of such assessment, has failed to remit a contribution within 30 days from the date of mailing of the benefit assessment notice. The association may thereafter serve notice of cancellation of membership which shall provide that if all delinquencies are not paid within 10 days after mailing of such notice, all benefits of membership shall be fully terminated.

8.4(2) Rescinded, effective April 20, 1983.

191—8.5(512A) Fees, dues and assessments. Benevolent associations may make charges against the membership in the form of benefit assessments, enrollment fees or dues and operational expense fees.

8.5(1) An enrollment fee or dues to cover initial expenses may be charged but such fees or dues shall not exceed \$10 per enrollee membership. If two or more enrollees are in one family, the enrollment fee shall not exceed \$8 for each person, provided that the family unit enrolls at the same time.

8.5(2) A benefit assessment may be made against the group or unit membership to cover each valid claim presented by a member or the named beneficiary of a deceased member of that unit or group. The benefit portion of the assessment shall not exceed the maximum benefit payable as stated upon the certificate of membership by more than 20 percent of the maximum benefit payable to the claiming member or beneficiary of a member.

8.5(3) In addition to the benefit contribution an expense fee may be added as a separate item to each assessment or as a separate periodical assessment, provided the expense portion of any assessment represents actual costs directly related to the collection and payment of the certificate benefit, and further

provided that said fee is identified as an expense charge. Reasonable directors' fees and salaries of officers shall be considered as expenses to the association.

8.5(4) Any assessment levied against the members of a group or unit, other than any reasonable corporate dividends or undivided profits as declared by the board of directors, shall be considered as trust funds belonging to the members of the group and shall not become the property of the association itself, except for that portion of the assessment or contribution added as a separate item for expenses in the collection and distribution of such fund.

191—8.6(512A) Reserve fund. Any moneys remaining after the payment of a benefit by the association, except the expense contribution and any reasonable corporate dividends or undivided profits, shall be maintained as a reserve fund to be used only for the benefit of the members of the specific group or unit from which it was collected. Such reserve funds shall be used periodically as determined by the board of directors to pay benefits to a claiming member or the beneficiary of a member without making an assessment against the membership of the group or unit.

Any association in existence before January 1, 1967, having presently in use an equally equitable plan for the periodic distribution of the reserve funds, can continue to use such plan provided it is fully disclosed in writing to the commissioner and has been approved by the commissioner for use.

191—8.7(512A) Certificates. In addition to the requirements of Iowa Code section 512A.7 as they concern the membership certificates, said certificates shall also contain sufficient information to inform a member or a member's beneficiary on the proper procedure in the filing of a claim, including any limitations or exclusions affecting the claim.

191—8.8(512A) Beneficiaries. In the application for membership, the applicant may designate a beneficiary or beneficiaries. If no beneficiary is named or the named beneficiary or beneficiaries do not survive the member, the estate shall become the beneficiary.

Each association shall have forms to provide for the change of beneficiary in the event a member wishes to change or add a beneficiary.

191—8.9(512A) Mergers. Should the membership of a group or unit fall below 50 percent of its established size as set forth in the plan of operation, such group or unit shall be merged into another existing group in the association and any funds of the depleted membership group shall become the reserve funds of the group into which it is merged.

If the entire membership of an association falls below 60 percent of its established size as described in its plan of operation, such association must make a bona fide attempt to merge with another such association to protect the interests of the remaining members. Any reserve funds of the merging association shall become the reserve funds of the surviving merged association. If merger attempts are unsuccessful, the association must present a plan of reorganization to the commissioner for approval.

191—8.10(512A) Directors and officers. Each benevolent association shall have at least three persons on its board of directors at all times and shall have more than one person act as corporate officer.

191—8.11(512A) Stockholders. If any benevolent association issues stock, such association shall have its stock owned by more than one stockholder.

191—8.12(512A) Bookkeeping and accounts. Each benevolent association shall maintain a set of books and records in accordance with normally accepted accounting procedures. Such books and records shall be used to supply the information requested in the annual statement provided each year by the insurance commissioner.

These rules are intended to implement Iowa Code chapter 512A.

10.3(2) A person offering to the public, for a fee or commission, to engage in the business of offering any advice, counsel, opinion or service with respect to the benefits, advantages or disadvantages promised under any policy of insurance must be licensed as a producer.

10.3(3) A person shall not advise an Iowa resident to cancel, not renew, or otherwise change an existing insurance policy unless that person holds an Iowa producer license regarding the line of insurance for which the advice is given. This subrule shall not apply to a licensed attorney or certified public accountant who does not sell or solicit insurance.

10.3(4) The license itself does not provide the producer with any authority to represent or commit an insurer.

191—10.4(522B) Licensing of resident producers.

10.4(1) A person whose home state is Iowa and who desires to be licensed as a producer must satisfy the following requirements:

Instructions are available at the division’s Web site: www.iid.state.ia.us.

10.4(3) Reserved.

10.4(4) Examination results are valid for 90 days after the date of the test. Failure to apply for licensure within 90 days after the examination is passed shall void the examination results.

10.4(5) Amendments to producer licenses shall be done either by an outside vendor or by the division, as directed by the division. Any licensed producer desiring to become licensed in an additional line of authority shall:

a. Submit a completed uniform application form through the NIPR Gateway or as directed by the division, specifying the line(s) of authority requested to be added. Instructions are available at the division’s Web site: www.iid.state.ia.us; and

b. For each line of authority requested to be added, pass any required examination.

10.4(6) A producer who holds a personal lines authority can obtain property and casualty lines of authority upon successful completion of the commercial insurance subject examination.

10.4(7) To receive a license for excess and surplus lines, the applicant must have successfully completed the excess and surplus lines examination and also have successfully completed either: (1)

the examinations for property and casualty lines of authority; or (2) the examination for personal lines of authority and the commercial insurance subject examination.

10.4(8) To receive a license for the variable products line of authority, the applicant must:

- a. Hold an active Iowa insurance license with a life insurance line of authority;
- b. Pass the Financial Industry Regulatory Authority (FINRA) examinations necessary to obtain an Iowa securities license; and
- c. File an application through the NIPR Gateway or as directed by the division to amend the license to add the variable products line of authority.

10.4(9) The division may require any documents reasonably necessary to verify the information contained in the application or to verify that the individual making application has the character and competency required to receive a producer license. If an applicant does not provide the additional information requested by the division within 45 days of receipt of the request, the application will expire and the license fee will not be returned.

191—10.5(522B) Licensing of nonresident producers.

10.5(1) A producer for whom Iowa is not the home state who desires to sell, solicit or negotiate insurance in Iowa must satisfy the following requirements to obtain an Iowa nonresident producer license:

- a. Be licensed and in good standing in the home state;
- b. Submit a proper request for licensure to the division through the NIPR Gateway; and
- c. Pay the appropriate fee.

10.5(2) Any licensed nonresident producer desiring to become licensed in an additional line of authority shall submit to the division using the NIPR Gateway a completed application form specifying the line(s) of authority requested to be added.

10.5(3) A license will not be issued to a nonresident producer if the producer's resident state does not issue licenses to Iowa resident producers applying for nonresident producer licenses in that state or if the producer's resident state restricts Iowa resident producers' nonresident activities in that state.

10.5(4) The division may require any documents reasonably necessary to verify the information contained in the application or to verify that the individual making application has the character and competency required to receive a producer license. If an applicant does not provide the additional information requested by the division within 45 days of receipt of the request, the application will expire and the license fee will not be returned.

191—10.6(522B) Issuance of license.

10.6(1) A person who meets the requirements of Iowa Code sections 522B.4 and 522B.5, or section 522B.7, and of rule 10.5(522B), unless otherwise denied licensure pursuant to Iowa Code section 522B.11 or rule 10.20(522B), shall be issued a producer license. A producer license shall remain in effect for an initial term of three years after the last day of the applicant's birth month of the year the license was issued, unless revoked or suspended. A license may be continually renewed pursuant to rule 10.8(522B) as long as the proper fees are paid and home state continuing education requirements are met. A renewal term is three years. If not renewed, a producer license automatically terminates on the last day of the month of the initial or renewal term.

10.6(2) An individual producer whose license has expired may seek reinstatement as set forth in rule 191—10.9(522B).

10.6(3) The license shall contain the producer's name, address, license number, date of issuance, date of expiration, the line(s) of authority held and any other information the division deems necessary. The license number shall be the same as the producer's National Insurance Producer Registry (NIPR) national producer number (NPN).

10.6(4) If the division issues or renews a producer license and subsequently determines that payment for the license or renewal was returned to the division by a bank without payment, or that the credit card company does not approve or cancels or refuses amounts charged to the credit card, the license shall be immediately suspended until the payments are made and any fees or penalties charged by the division

are paid, at which time the license may be reinstated. The individual may request a hearing within 30 days of receipt of notice by the division that the license was suspended.

191—10.7(522B) License lines of authority. In addition to the lines of authority listed in Iowa Code subsection 522B.6(2), the following lines of authority also are available for issuance in Iowa: crop; surety; and reciprocal (any other line of insurance issued in another state and for which Iowa grants authority to sell, solicit or negotiate in this state).

191—10.8(522B) License renewal.

10.8(1) Upon request by a producer, the division shall electronically transmit a producer renewal notice to a licensed producer at the producer's last-known electronic mail address as it appears in division records. If the division has received notification that the electronic address of record is no longer valid, no renewal notice will be transmitted.

10.8(2) A producer must apply for license renewal within 60 days prior to the expiration date of the license. Failure to apply to renew a license and pay appropriate fees prior to the expiration date of the license will result in expiration of the license.

10.8(3) A producer may submit an electronic mail address to the division as directed by the division.

10.8(4) Resident producer licenses may be renewed electronically through the NIPR Gateway at www.NIPR.com.

10.8(5) Nonresident producer licenses may be renewed only through the NIPR Gateway, or as otherwise directed by the division.

[ARC 7836B, IAB 6/3/09, effective 7/8/09]

191—10.9(522B) License reinstatement.

10.9(1) A resident producer may reinstate an expired license up to 12 months after the license expiration date by proving that during the CE term the producer met the CE requirements found in 191—Chapter 11, and by paying a reinstatement fee and license renewal fees. A resident producer who fails to apply for license reinstatement within 12 months of the license expiration date must apply for a new license.

10.9(2) A nonresident producer may reinstate an expired license up to 12 months after the expiration date by submitting a request through the NIPR Gateway and by paying a reinstatement fee and license renewal fee. After the 12-month period, a nonresident producer must apply for a new license.

10.9(3) A producer who has surrendered a license for a nondisciplinary reason and stated an intent to exit the insurance business may file a request to reactivate the license. The request must be received at the division within 90 days of the date the license was placed on inactive status. The request will be granted if the former producer is otherwise eligible to receive the license. If the request is not received within 90 days, the producer must apply for a new license.

191—10.10(522B) Reinstatement or reissuance of a license after suspension, revocation or forfeiture in connection with disciplinary matters; and forfeiture in lieu of compliance.

10.10(1) The term "reinstatement" as used in this rule means the reinstatement of a suspended license. The term "reissuance" as used in this rule means the issuance of a new license following either the revocation of a license or the forfeiture of a license in connection with a disciplinary matter, including but not limited to proceedings pursuant to rules 191—10.21(252J), 191—10.22(261) and 191—10.23(82GA,SF2428). This rule does not apply to the reinstatement of an expired license.

10.10(2) Any producer whose license has been revoked or suspended by order, or who forfeited a license in connection with a disciplinary matter, may apply to the commissioner for reinstatement or reissuance in accordance with the terms of the order of revocation or suspension or the order accepting the forfeiture.

a. All proceedings for reinstatement or reissuance shall be initiated by the applicant who shall file with the commissioner an application for reinstatement or reissuance of a license.

b. An application for reinstatement or reissuance shall allege facts which, if established, will be sufficient to enable the commissioner to determine that the basis of revocation, suspension or forfeiture

of the applicant's license no longer exists and that it will be in the public interest for the application to be granted. The burden of proof to establish such facts shall be on the applicant.

c. A producer may request reinstatement of a suspended license prior to the end of the suspension term.

d. Unless otherwise provided by law, if the order of revocation or suspension did not establish terms upon which reinstatement or reissuance may occur, or if the license was forfeited, an initial application for reinstatement or reissuance may not be made until at least one year has elapsed from the date of the order of the suspension (notwithstanding paragraph 10.10(2) "c"), revocation, or acceptance of the forfeiture of a license.

10.10(3) All proceedings upon the application for reinstatement or reissuance, including matters preliminary and ancillary thereto, shall be held in accordance with Iowa Code chapter 17A. Such application shall be docketed in the original case in which the original license was suspended, revoked, or forfeited, if a case exists.

10.10(4) An order of reinstatement or reissuance shall be based upon a written decision which incorporates findings of fact and conclusions of law. An order granting an application for reinstatement or reissuance may impose such terms and conditions as the commissioner or the commissioner's designee deems desirable, which may include one or more of the types of disciplinary sanctions provided by Iowa Code section 522B.11. The order shall be a public record, available to the public, and may be disseminated in accordance with Iowa Code chapter 22.

10.10(5) A request for voluntary forfeiture of a license shall be made in writing to the commissioner. Forfeiture of a license is effective upon submission of the request unless a contested case proceeding is pending at the time the request is submitted. If a contested case proceeding is pending at the time of the request, the forfeiture becomes effective when and upon such conditions as required by order of the commissioner. A forfeiture made during the pendency of a contested case proceeding is considered disciplinary action and shall be published in the same manner as is applicable to any other form of disciplinary order.

10.10(6) When a producer's license has been suspended for a period of time which extends beyond the producer's license expiration date, the license will terminate at the license expiration date, and the producer must request reinstatement pursuant to subrule 10.10(2). If suspension for a period of time ends prior to the producer's license expiration date, the division shall reinstate the license at the end of the suspension period. The commissioner is not prohibited from bringing an additional immediate action if the producer has engaged in misconduct during the period of suspension.

191—10.11(522B) Temporary licenses. An Iowa resident may apply for a temporary license pursuant to Iowa Code section 522B.10. The applicant should submit a written request to the division which includes the reason for the request and the length of time for which the temporary license is requested. Temporary licenses will be issued for 90 days, with extensions allowed, but in no event for longer than 180 days, pursuant to Iowa Code section 522B.10.

191—10.12(522B) Change in name, address or state of residence.

10.12(1) If a producer's name is changed, the producer must file notification with the division within 30 days of the name change. The notification must include the producer's:

- a.* Prior name;
- b.* License number; and
- c.* New name.

Notification shall be filed through the NIPR Gateway at www.NIPR.com, unless the division instructs the producer otherwise.

10.12(2) Address change. If a resident or nonresident producer's address is changed, the producer must file notification with the division within 30 days of the address change. The notification must include the producer's:

- a.* Name;
- b.* License number;

- c. Previous address; and
- d. New address. A producer may designate a business address instead of a resident address at the option of the producer.

Notification shall be filed through the NIPR Gateway at www.NIPR.com, unless the division instructs the producer otherwise.

10.12(3) A nonresident producer who moves from one state to another state or an Iowa resident producer who moves to another state and wishes to retain an Iowa producer license must file a change of address with the division and provide a certification from the new resident state within 30 days of the change of legal residence. No fee or license application is required. If the new resident state is actively participating in the producer database, a letter of certification is not required. A nonresident licensed producer who moves to Iowa and wishes to retain the nonresident's producer license must file a change of address with the division within 90 days of the change of legal residence.

10.12(4) Issuance of an Iowa nonresident producer license is contingent on proper licensure in the nonresident producer's home state. Termination of the producer's resident license will be deemed termination of the Iowa nonresident producer license unless the producer timely files a change of address pursuant to this rule.

10.12(5) If a producer has provided an E-mail address to the division, the division has the option to send information to the producer through the E-mail address rather than through the mail.

191—10.13(522B) Reporting of actions.

10.13(1) A producer shall report to the division any actions required to be reported by Iowa Code section 522B.16.

10.13(2) A producer shall report to the division all CSAC or CSRU actions taken under or in connection with Iowa Code chapter 261 or 252J and all court orders entered in such actions.

10.13(3) Failure to file reports required by this rule is a violation of this chapter and will subject producers to penalty pursuant to rule 191—10.20(522B).

191—10.14(522B) Commissions and referral fees.

10.14(1) An insurance company shall not pay, and a person shall not accept, any commission, service fee, brokerage or other valuable consideration unless the person performing the service held a valid license for the line of insurance for which the service was rendered at the time the service was performed.

10.14(2) A producer may assign commissions to an entity organized for the purpose of operating that producer's insurance business if all of the entity's representatives who personally sell, solicit or negotiate insurance in Iowa are individually licensed as producers under Iowa law.

10.14(3) An insurer or a producer may pay a nominal fee for referrals if the same fee is paid for each referral whether or not the referral results in an insurance transaction.

10.14(4) An insurer or a producer may not charge an additional fee for services that are customarily associated with the sale, solicitation, negotiation and servicing of an insurance policy. This prohibition does not apply to assigned risk and commercial property/casualty policies. Any fees or other charges that are assessed to an insurance consumer must be fully disclosed.

10.14(5) A person who is not engaged in any activities in Iowa that require a producer license in Iowa is not required to maintain an active producer license in order to receive override or hierarchy commissions or to receive renewal commissions earned while the producer was actively engaged in activities that required a producer license.

191—10.15(522B) Appointments.

10.15(1) Insurers are required to file appointments with the division for each producer with which the producer has an agency relationship. The determination of whether an insurer and a producer have an agency relationship will be made by the division based on the totality of the circumstances surrounding the business relationship. Appointments are not issued for business entities.

10.15(2) Insurers shall file and pay for initial appointments using the NIPR Gateway, except that insurers authorized under Iowa Code chapter 518 or 518A shall file appointments directly with the division by arrangement with the division.

10.15(3) The notice of appointment must be filed within 30 days of the date the insurer and producer execute an agency contract or the first insurance application is submitted to the insurer.

10.15(4) Appointment fees are set forth in rule 191—10.26(522B). The division or its designee will electronically transmit a billing statement to insurers authorized under Iowa Code chapter 518 or 518A, and payment is due within 45 days. The division will assess a late fee of \$100 for the failure to timely pay appointment billing statements and an additional \$500 on or after the forty-sixth day.

10.15(5) The division may adopt special appointment filing procedures to allow an insurer to file one appointment request that will appoint a producer to some or all of the affiliated insurance companies that comprise a holding company.

10.15(6) When a company loses its identity in a new company by merger, acquisition, or otherwise, the new company must contact the licensing bureau to arrange for reappointment of the producers to the remaining company.

10.15(7) Insurance companies are required to file the name, address, and electronic address of a contact person for the company, to whom the billing statements will be sent. Insurance companies are required to notify the division if there is a change of the person appointed as the contact person or if a change of the address of such contact occurs. If a company fails to notify the division of such a change, the division shall charge the insurance company a \$100 fee.

191—10.16(522B) Appointment renewal.

10.16(1) On or about December 1 of each year, the division or its designee will deliver reminders to insurance companies that appointment renewals are imminent. Appointments shall be renewed electronically via the NIPR Gateway at www.NIPR.com.

10.16(2) On or about January 2 of each year, a list of the producers currently appointed with each insurance company and a billing statement will be provided to each insurance company via the NIPR Gateway. The billing statement may not be altered, amended or used for appointing or terminating producers.

10.16(3) Payment is due on or before March 1.

10.16(4) Failure to pay renewal appointment fees by March 15 will result in termination of a company's appointments. Appointments that are terminated due to nonpayment of renewal fees may be reinstated upon payment of the renewal fee plus a reinstatement fee of \$500.

10.16(5) Insurance companies are required to file the name, address, and electronic address of a contact person for the company, to whom the appointment renewals will be sent. Insurance companies are required to notify the division if a change of the address of such contact occurs. If a company fails to notify the division of such a change of address, the division shall charge the insurance company a \$100 fee.

[ARC 7836B, IAB 6/3/09, effective 7/8/09]

191—10.17(522B) Appointment terminations.

10.17(1) When an insurance company terminates its relationship with a producer, the company shall notify the division using the NIPR Gateway. The termination must be filed within 30 days of the date the insurer terminated its agency relationship with the producer. The company shall also notify the producer that the producer's appointment has been canceled.

10.17(2) There is no fee for the filing of an appointment termination.

10.17(3) The division may adopt special procedures for the filing of termination requests for a group of affiliated insurance companies that comprise a holding company.

10.17(4) When an insurer terminates an appointment for cause pursuant to Iowa Code section 522B.14, the notification of termination may be filed according to subrule 10.17(1). The supporting documents required by Iowa Code section 522B.14 shall be submitted to the division within ten days

of the filing of the notification. The documents shall include a certification by an officer or authorized representative of the insurer.

191—10.18(522B) Licensing of a business entity.

10.18(1) Application. A business entity may apply for an Iowa insurance license. For purposes of this rule, upon approval of an application by the division, the business entity shall be classified as a producer and shall be subject to all standards of conduct and reporting requirements applicable to producers.

10.18(2) Requirements.

a. To qualify for such a license, the business entity must:

(1) File a completed NAIC uniform business entity application through the NIPR Gateway or as directed by the division. For purposes of this subrule, “uniform business entity application” means the National Association of Insurance Commissioners’ uniform business entity application for resident and nonresident business entities, as the application appears on the NAIC Web site;

(2) Designate one officer, owner, partner, or member of the business entity, which person also is a producer licensed by the division, as the person who will have full responsibility for the conduct of all business transactions of the business entity or of producers affiliated with the business entity;

(3) For a nonresident business entity, submit an appropriate request through the NIPR Gateway; and

(4) Pay the license fee.

b. The designated responsible producer shall maintain an active Iowa producer license. If the license of the designated responsible producer terminates or lapses for any reason, the business entity must supply the division with a substitute designated responsible producer within ten days. If the business entity does not provide a substitute, the division shall terminate the license, and the entity shall submit a new application.

10.18(3) License term. A business entity license issued under this rule shall be effective for three years and one month, including the year of application, beginning on the first day of the month of the business entity’s formation date and ending with the last day of the month of the business entity’s formation date. By arrangement with the division, a business entity may choose a different month for its license term.

10.18(4) License renewal. Upon request by a business entity, the division shall electronically transmit a renewal notice to the electronic mail address of the business entity on file with the division on or before the first day of the month preceding the renewal month. The renewal fee must be received by the division or its designated vendor on or before the license expiration date. All business entities must renew their licenses through the NIPR Gateway or as otherwise directed by the division.

10.18(5) Business address. Business entities licensed under this rule must maintain a current business address with the division. If a business entity’s address is changed, notification from the designated responsible producer must be submitted to the division within 30 days of the address change, stating:

- a.* Name of the business entity;
- b.* License number;
- c.* Previous address; and
- d.* New address.

The notification may be sent by electronic mail through the NIPR Gateway at www.NIPR.com, unless the division instructs the producer otherwise.

10.18(6) Business name. A business entity licensed under this rule must keep the division informed of its business name. If a business entity changes the name under which it is operating, notification from the designated responsible producer must be submitted to the division within 30 days of the name change. The notification may be sent by electronic mail to producer.licensing@iid.state.ia.us, or through the NIPR Gateway, if available.

191—10.19(522B) Use of senior-specific certifications and professional designations in the sale of life insurance and annuities.

10.19(1) Purpose. The purpose of this rule is to set forth standards to protect consumers from misleading and fraudulent marketing practices with respect to the use of senior-specific certifications and professional designations in the solicitation, sale or purchase of, or advice made in connection with, a life insurance or annuity product.

10.19(2) Scope. This rule shall apply to any solicitation, sale or purchase of, or advice made in connection with, a life insurance or annuity product by a producer.

10.19(3) Authority.

a. This rule is promulgated under the authority of Iowa Code chapters 507B and 522B.

b. Nothing in this rule shall limit the division's authority to enforce existing provisions of law.

10.19(4) Prohibited uses of senior-specific certifications and professional designations.

a. It is an unfair and deceptive act or practice in the business of insurance within the meaning of Iowa Code chapter 507B for a producer to use a senior-specific certification or professional designation that indicates or implies in such a way as to mislead a purchaser or prospective purchaser that the producer has special certification or training in advising or servicing seniors in connection with the solicitation, sale or purchase of a life insurance or annuity product or in the provision of advice as to the value of or the advisability of purchasing or selling a life insurance or annuity product, either directly or indirectly through publications or writings, or by issuing or promulgating analyses or reports related to a life insurance or annuity product.

b. The prohibited use of senior-specific certifications or professional designations includes, but is not limited to, the following:

(1) Use of a certification or professional designation by an insurance producer who has not actually earned or is otherwise ineligible to use such certification or designation;

(2) Use of a nonexistent or self-conferred certification or professional designation;

(3) Use of a certification or professional designation that indicates or implies a level of occupational qualifications obtained through education, training or experience that the producer using the certification or designation does not have; and

(4) Use of a certification or professional designation that was obtained from a certifying or designating organization that:

1. Is primarily engaged in the business of instruction in sales or marketing;

2. Does not have reasonable standards or procedures for assuring the competency of its certificants or designees;

3. Does not have reasonable standards or procedures for monitoring and disciplining its certificants or designees for improper or unethical conduct; or

4. Does not have reasonable continuing education requirements for its certificants or designees in order to maintain the certificate or designation.

c. There is a rebuttable presumption that a certifying or designating organization is not disqualified solely for purposes of subparagraph 10.19(4)“b”(4) when the certification or designation issued from the organization does not primarily apply to sales or marketing and when the organization or the certification or designation in question has been accredited by:

(1) The American National Standards Institute (ANSI);

(2) The National Commission for Certifying Agencies; or

(3) Any organization that is on the U.S. Department of Education’s list entitled “Accrediting Agencies Recognized for Title IV Purposes.”

d. In determining whether a combination of words or an acronym standing for a combination of words constitutes a certification or professional designation indicating or implying that a person has special certification or training in advising or servicing seniors, factors to be considered shall include:

(1) Use of one or more words such as “senior,” “retirement,” “elder,” or like words combined with one or more words such as “certified,” “registered,” “chartered,” “adviser,” “specialist,” “consultant,” “planner,” or like words, in the name of the certification or professional designation; and

(2) The manner in which those words are combined.

e. Financial services regulatory agency.

(1) For purposes of this rule, a job title within an organization that is licensed or registered by a state or federal financial services regulatory agency is not a certification or professional designation, unless it is used in a manner that would confuse or mislead a reasonable consumer, when the job title:

1. Indicates seniority or standing within the organization; or
2. Specifies an individual's area of specialization within the organization.

(2) For purposes of paragraph 10.19(4)“*e*,” “financial services regulatory agency” includes, but is not limited to, an agency that regulates insurers, insurance producers, broker-dealers, investment advisers, or investment companies as defined under the Investment Company Act of 1940.

f. Effective date. This rule shall become effective January 1, 2009.

191—10.20(522B) Violations and penalties.

10.20(1) A producer who sells, solicits or negotiates insurance, directly or indirectly, in violation of this chapter shall be deemed to be in violation of Iowa Code section 522B.2 and subject to the penalties provided in Iowa Code section 522B.17.

10.20(2) A person who sells, solicits or negotiates insurance, directly or indirectly, who is not properly licensed as a producer is subject to the penalties provided in Iowa Code chapter 507A and Iowa Code section 522B.17.

10.20(3) Any company or company representative who aids and abets a producer in the above-described violation shall be deemed to be in violation of Iowa Code section 522B.2 and subject to the penalties provided in Iowa Code section 522B.17.

10.20(4) The commissioner may place on probation, suspend, revoke, or refuse to issue or renew a producer's license or may levy a civil penalty, in accordance with Iowa Code section 522B.17 or any combination of actions, for any action listed in Iowa Code section 522B.11 and any one or more of the following causes:

a. Submitting to the division or to the outside testing service on contract with the division a check which is returned to the division by a bank without payment, or submitting a payment to the division by credit card which the credit card company does not approve, or canceling or refusing amounts charged to a credit card by the outside testing service on contract with the division where services were received by the producer;

b. Failing to report any administrative action or criminal prosecution taken against the producer or failure to report the termination of a resident producer license;

c. Acting as a producer through persons not licensed as producers; or

d. Taking any action to circumvent the spirit of these rules and the Iowa insurance statutes or any other action that shows noncompliance with the requirements of Iowa Code chapter 522B or these rules.

10.20(5) If a producer fails to provide to the division any notification required either by Iowa Code chapter 522B or by this chapter, including but not limited to notification of a change of address, notification of change of name, or notification of administrative criminal action as required by rules 191—10.12(522B) and 191—10.13(522B), within the required time, the producer shall pay a late fee of \$100. A business entity that fails to make a notification to the division as required by rule 191—10.18(522B) within the required time shall pay a late fee of \$100.

10.20(6) In the event that the division denies a request to renew a producer license or denies an application for a producer license, the commissioner shall provide written notification to the producer or applicant of the denial or failure to renew, including the reason therefor. The producer or applicant may request a hearing within 30 days of receipt of the notice to determine the reasonableness of the division's action. The hearing shall be held within 30 days of the date of the receipt of the written demand by the applicant and shall be held pursuant to 191—Chapter 3.

10.20(7) The commissioner may suspend, revoke, or refuse to issue the license of a business entity if the commissioner finds, after hearing, that an individual licensee's violation was known or should have been known by one or more of the partners, officers or managers acting on behalf of the entity and the violation was neither reported to the insurance division nor was corrective action taken.

191—10.21(252J) Suspension for failure to pay child support.

10.21(1) Upon receipt of a certificate of noncompliance from the child support recovery unit (CSRU), the commissioner shall issue a notice to the producer that the producer's pending application for licensure, pending request for renewal, or current license will be suspended 30 days after the date of the notice. Notice shall be sent to the producer's last-known address by regular mail.

10.21(2) The notice shall contain the following items:

a. A statement that the commissioner intends to suspend the producer's application, request for renewal or current insurance license in 30 days.

b. A statement that the producer must contact the CSRU to request a withdrawal of the certificate of noncompliance;

c. A statement that the producer's application, request for renewal or current license will be suspended if the certificate of noncompliance is not withdrawn;

d. A statement that the producer does not have a right to a hearing before the division, but that the producer may file an application for a hearing in district court pursuant to Iowa Code section 252J.9;

e. A statement that the filing of an application with the district court will stay the proceedings of the division;

f. A copy of the certificate of noncompliance.

10.21(3) The filing of an application for hearing with the district court will stay all suspension proceedings until the division is notified by the district court of the resolution of the application.

10.21(4) If the division does not receive a withdrawal of the certificate of noncompliance from the CSRU or a notice from a clerk of court that an application for hearing has been filed, the division shall suspend the producer's application, request for renewal or current license 30 days after the notice is issued.

10.21(5) Upon receipt of a withdrawal of the certificate of noncompliance from the CSRU, suspension proceedings shall halt and the named producer shall be notified that the proceedings have been halted. If the producer's license has already been suspended, the license shall be reinstated if the producer is otherwise in compliance with division rules. All fees required for license renewal or license reinstatement must be paid by producers and all continuing education requirements must be met before a producer license will be renewed or reinstated after a license suspension or revocation pursuant to this subrule.

191—10.22(261) Suspension for failure to pay student loan.

10.22(1) The division shall deny the issuance or renewal of a producer license upon receipt of a certificate of noncompliance from the college student aid commission (CSAC) according to the procedures set forth in Iowa Code sections 261.126 and 261.127. In addition to the procedures contained in those sections, this rule shall apply.

10.22(2) Upon receipt of a certificate of noncompliance from the CSAC according to the procedures set forth in Iowa Code sections 261.126 and 261.127, the commissioner shall issue a notice to the producer that the producer's pending application for licensure, pending request for renewal, or current license will be suspended 60 days after the date of the notice. Notice shall be sent to the producer's last-known address by restricted certified mail, return receipt requested, or by personal service in accordance with the Iowa Rules of Civil Procedure. Alternatively, the applicant or licensed producer may accept service personally or through authorized counsel.

10.22(3) The notice shall contain the following items:

a. A statement that the commissioner intends to suspend the producer's application, request for renewal or current insurance license in 60 days;

b. A statement that the producer must contact the CSAC to request a withdrawal of the certificate of noncompliance;

c. A statement that the producer's application, request for renewal or current producer license will be suspended if the certificate of noncompliance is not withdrawn or, if the current license is on suspension, a statement that the producer's current producer license will be revoked;

d. A statement that the producer does not have a right to a hearing before the division, but that the producer may file an application for a hearing in district court pursuant to Iowa Code section 261.127;

e. A statement that the filing of an application with the district court will stay the proceedings of the division;

f. A copy of the certificate of noncompliance.

10.22(4) The effective date of revocation or suspension of a producer license, as specified in the notice required by Iowa Code section 261.126, shall be 60 days following service of the notice upon the applicant or registrant.

10.22(5) In the event an applicant or licensed producer timely files a district court action following service of a division notice pursuant to Iowa Code section 261.127, the division's suspension proceedings will be stayed until the division is notified by the district court of the resolution of the application. Upon receipt of a court order lifting the stay, or otherwise directing the division to proceed, the division shall continue with the intended action described in the notice. For purposes of determining the effective date of the denial of the issuance or renewal of a producer license, the division shall count the number of days before the action was filed and the number of days after the court disposed of the action.

10.22(6) If the division does not receive a withdrawal of the certificate of noncompliance from the CSAC or a notice from a clerk of court that an application for hearing has been filed, the division shall suspend the producer's application, request for renewal or current producer license 60 days after the notice is issued.

10.22(7) Upon receipt of a withdrawal of the certificate of noncompliance from the CSAC, suspension proceedings shall halt and the named producer shall be notified that the proceedings have been halted. If the producer's insurance license has already been suspended, the license shall be reinstated if the producer is otherwise in compliance with division rules. All fees required for license renewal or license reinstatement must be paid by producers and all continuing education requirements must be met before a producer license will be renewed or reinstated after a license suspension or revocation pursuant to Iowa Code section 261.126.

10.22(8) The division shall notify the producer in writing through regular first-class mail, or such other means as the division deems appropriate in the circumstances, within ten days of the effective date of the suspension or revocation of a producer license, and shall similarly notify the producer when the producer license is reinstated following the division's receipt of a withdrawal of the certificate of noncompliance.

10.22(9) Notwithstanding any statutory confidentiality provision, the division may share information with the CSAC for the sole purpose of identifying producers subject to enforcement under Iowa Code chapter 261.

191—10.23(82GA,SF2428) Suspension for failure to pay state debt.

10.23(1) The commissioner shall deny the issuance or renewal of a producer license upon receipt of a certificate of noncompliance from the centralized collection unit of the department of revenue according to the procedures in 2008 Iowa Acts, Senate File 2428. In addition to the procedures set forth in 2008 Iowa Acts, Senate File 2428, this rule shall apply.

10.23(2) Upon receipt of a certificate of noncompliance from the centralized collection unit of the department of revenue according to the procedures set forth in 2008 Iowa Acts, Senate File 2428, the commissioner shall issue a notice to the producer that the producer's pending application for licensure, pending request for renewal, or current producer license will be suspended 60 days after the date of the notice. 10.23(6) In the event an applicant or licensed producer timely files a district court action following service of a notice by the commissioner pursuant to 2008 Iowa Acts, Senate File 2428, section 15, the commissioner's suspension proceedings will be stayed until the commissioner is notified by the district court of the resolution of the application. Upon receipt of a court order lifting the stay, or otherwise directing the commissioner to proceed, the commissioner shall continue with the intended action described in the notice. For purposes of determining the effective date of the denial of the issuance or renewal of a producer license, the commissioner shall count the number of days before the action was filed and the number of days after the court disposed of the action.

10.23(7) If the commissioner does not receive a withdrawal of the certificate of noncompliance from the centralized collection unit of the department of revenue or a notice from a clerk of court that an application for hearing has been filed, the commissioner shall suspend the producer's application, request for renewal or current producer license 60 days after the notice is issued.

10.23(8) Upon receipt of a withdrawal of the certificate of noncompliance from the centralized collection unit of the department of revenue, suspension proceedings shall halt, and the named producer shall be notified that the proceedings have been halted. If the producer's license has already been suspended, the license shall be reinstated if the producer is otherwise in compliance with this chapter. All fees required for license renewal or license reinstatement must be paid by the producer, and all continuing education requirements must be met before a producer license will be renewed or reinstated after a license suspension or revocation pursuant to 2008 Iowa Acts, Senate File 2428.

10.23(9) The commissioner shall notify the producer in writing through regular first-class mail, or such other means as the commissioner deems appropriate in the circumstances, within ten days of the effective date of the suspension or revocation of a producer license, and shall similarly notify the producer when the producer license is reinstated following the commissioner's receipt of a withdrawal of the certificate of noncompliance.

10.23(10) Notwithstanding any statutory confidentiality provision, the commissioner may share information with the centralized collection unit of the department of revenue for the sole purpose of identifying producers subject to enforcement under 2008 Iowa Acts, Senate File 2428.

11.10(2) A CE provider shall obtain and maintain an attendance record for each course for at least four years from the end of the year in which the course is offered. Upon request by the division, a CE provider must submit copies of attendance records.

11.10(3) A CE provider of an approved course is responsible for both the attendance of the students and their attention. A CE provider must refuse to award CE credit for time periods when the student was absent.

11.10(4) A CE provider must verify that each examination submitted for a self-study course contains an affidavit following the NAIC CE guidelines from the producer that the examination was independently proctored and that the examination was completed without any outside assistance. A CE provider must refuse to award CE credit to producers who fail to submit a properly completed examination or who fail to correctly answer at least 70 percent of the questions on the examination.

11.10(5) Upon request by the division, a CE provider shall videotape a course and such recording shall be promptly submitted to the division.

11.10(6) Upon request by the division, a CE provider must provide a copy of all course materials.

11.10(7) If an approved course is canceled, a CE provider must notify the division, or its outside vendor, and registrants at least 48 hours prior to the course date.

11.10(8) CE providers must submit rosters of all course attendees to the division's outside vendor. These reports must be received at the division by the tenth day of the month following the month in which the course is completed. Rosters shall be submitted electronically in a manner prescribed by the division.

11.10(9) Once a course is completed, the CE provider shall issue a certificate of completion to each person who satisfactorily completes a course. The certificate must be issued within 20 days of course completion and must be signed by either the course instructor or the CE provider's authorized representative. The certificate of completion used by the CE provider must be in a form or format prescribed by the division.

11.10(10) CE providers must report to the division any disciplinary action taken against that CE provider by another state licensing authority.

191—11.11(505,522B) Prohibited conduct—CE providers.

11.11(1) CE providers shall not:

- a. Advertise, prior to approval, that a course is approved;
- b. Prepare and distribute certificates of completion before the course has been conducted;
- c. Issue inaccurate or incomplete certificates of completion;
- d. Refuse to issue certificates of completion to any participant who satisfactorily completes an approved course, except when subrule 11.10(3) or subrule 11.10(4) applies.

11.11(2) The division may revoke the approval of a continuing education provider or may discipline a continuing education provider, upon a finding that the CE provider:

- a. Committed any one or more of the actions prohibited in subrule 11.11(1);
- b. Failed to perform any duties required by these rules; or
- c. Committed any other action inconsistent with these rules.

11.11(3) If the division finds that a CE provider has violated Iowa laws or these rules, the division shall give written notification to the CE provider of the alleged improper conduct and any discipline or sanction imposed. The CE provider may make a written request for a hearing within 30 days of receipt of the notice. The hearing shall be held within 30 days of the division's receipt of the written demand by the CE provider unless the parties agree to a later hearing date. The hearing shall be conducted pursuant to 191—Chapter 3.

11.11(4) A fine may be imposed against a CE provider if the commissioner finds, after hearing, that the CE provider knew or should have known that it was in violation of this chapter. The division may take any one or more of the following actions upon a finding of a violation of this rule:

- a. Require the CE provider to pay a fine not to exceed \$1,000 per violation;

- b. Require the CE provider to refund the course admission fee to all participants;
- c. Require the CE provider to provide a suitable course to replace the course that was found in violation;
- d. Withdraw the approval of courses sponsored by such CE provider; or
- e. Take other disciplinary action permitted by statute.

191—11.12(505,522B) Outside vendor. The division may enter into a contractual arrangement with a qualified outside vendor to assist the division with any or all continuing education services. Fees charged by the outside vendor will be subject to division approval and will be paid by the CE provider. Course approval fees are nonrefundable.

191—11.13(505,522B) CE course audits. The division may audit any CE course. The cost of the audit will be charged to the CE provider. Any discrepancies between the materials submitted for approval to the division and the content found at the audit, or any evidence of noncompliance with these rules, may subject the CE provider or instructor to administrative sanctions, including imposition of fines. Governmental bodies, such as community colleges and universities, shall not be charged for the cost of an audit.

191—11.14(505,522B) Fees and costs.

11.14(1) The fees for approval and renewal of CE providers, CE courses and registration of instructors shall be set by the outside vendor retained by the division and are subject to approval by the division.

11.14(2) The division may charge a fee for other services.

These rules are intended to implement Iowa Code chapters 505 and 522B.

CHAPTER 12
PORT OF ENTRY REQUIREMENTS

191—12.1(508,515) Purpose. The purpose of this chapter is to specify what requirements an alien insurer (one domiciled outside of the United States) must comply with to be considered as a domestic insurer of this state under port of entry authority. An alien insurer may hold this status only after compliance with all of the requirements of this chapter and approval by the commissioner for this status.

191—12.2(508,515) Trust and other admission requirements. The insurer must establish a trust account with a financial institution meeting the requirements of rule 191—32.4(508) or other financial institution approved by the commissioner. The following requirements for the account exist:

12.2(1) The minimum amount of assets to be held in trust must equal the total United States liabilities plus the amount of surplus determined pursuant to rule 12.4(508,515). The insurer will submit a detailed plan for future business activities in the United States and a financial statement of its operations on a worldwide basis with the application for port of entry authority. This worldwide financial statement, which must also be submitted annually thereafter, shall be adjusted to reflect the National Association of Insurance Commissioners (NAIC) statement format to ensure sufficient consistency to be comprehensible and usable by supervisors in the United States. Thereafter, once port of entry status has been granted, a statement in the form prescribed in Iowa Code chapter 508 or 515 shall be filed in the same manner as by domestic insurers for all business written in the United States.

12.2(2) The form of the trust agreement must be submitted to the commissioner in advance for approval as part of the admission process for the alien insurer. The agreement shall be in the form set forth in rule 191—32.3(508). The “minimum aggregate value of securities” for this purpose shall be specified by the commissioner. The commissioner may from time to time require additions or changes in the agreement as are deemed necessary for protection of policyholders in the United States.

191—12.3(508,515) Examination and preferred supervision. A “desk” or on-site examination shall be conducted of the alien insurer seeking domestic insurer status. Reasonable expenses of the examination shall be paid by the insurer directly to the insurance division’s revolving fund. The commissioner may designate certain insurance regulatory or supervisory authorities, bodies, or officials outside the United States as preferred supervisors. Prior to designation, the commissioner shall ensure that credible regulatory supervision will be provided by the other supervisor. Preferred supervisors shall maintain membership in the International Insurance Regulators Association. A list of preferred supervisors shall be maintained by the commissioner.

191—12.4(508,515) Surplus required. In the event preferred supervision exists for an alien/domestic insurer, the surplus required shall be \$5 million. If preferred supervision has not been determined to exist, the commissioner may require such additional amount of surplus as the commissioner deems appropriate.

191—12.5(508,515) Investments. The assets of the trust pursuant to rule 12.2(508,515) shall meet the same investment requirements as are imposed upon domestic insurers under Iowa Code chapter 511 or 515. If chapter 511 is applicable, and the concept of “legal reserve” is not meaningful with regard to the insurer, then “legal reserve” shall mean admitted assets of the insurer.

These rules are intended to implement Iowa Code sections 508.10 and 515.70.

13.3(3) A prohibited person engaging in or transacting the business of insurance in Iowa without the consent of the insurance commissioner of the person’s resident state is in violation of these rules, is subject to the penalties of this chapter, and risks federal criminal and civil sanctions and penalties.
[ARC 8309B, IAB 11/18/09, effective 12/23/09]

191—13.4(505,522B) Applications for consent. The prohibited person must file with the division an application for consent as set forth in this rule.

13.4(1) Except as provided in subrule 13.4(2), a prohibited person who is, or seeks to be, employed in any capacity in the business of insurance in Iowa shall complete and file an application for consent using the “Short Form Application for Written Consent to Engage in the Business of Insurance Pursuant to 18 U.S.C. § 1033 and 1034.” The form is available on the division’s Web site at www.iid.state.ia.us or is available by request from the division.

a. Two 2” × 2” recent passport-type photographs attached to the upper right-hand corner of the first page of the application for consent.

b. A certified copy of the applicant’s criminal history record both from the applicant’s state of residence and from the state in which the felony was committed if different from the state of residence. e. Any other relevant documents or information that the prohibited person would like to have considered.

13.4(4) Upon the occurrence of any event that would change any answer on the application, an amendment must be promptly filed. Failure to file an amendment may result in denial of the request for consent or the immediate suspension or revocation of a previously granted consent.
[ARC 8309B, IAB 11/18/09, effective 12/23/09]

191—13.5(505,522B) Consideration of applications for consent.

13.5(1) The commissioner shall have the sole discretion to grant or deny an application for consent to engage in or transact the business of insurance.

13.5(2) Each decision of whether or not to grant consent to engage in or transact the business of insurance to a prohibited person will be handled on a case-by-case basis. Factors to be considered include, but are not limited to, the following:

- b. The length of time since the conviction;
- c. The injury or loss caused by the prohibited person;

13.6(1) A completed application shall be reviewed by the commissioner, and the following shall be considered:

- a. The information submitted by the applicant;

- c. Any mitigating or aggravating circumstances.

13.6(2) At the commissioner's discretion, the commissioner may convene a hearing to receive evidence and testimony about the application.

13.6(4) If the commissioner determines that the applicant does seem to constitute a significant threat to the public, the commissioner shall deny the application. Notice of the denial shall be sent to the applicant via certified mail to the address on record with the division, return receipt requested. The prohibited person shall have 30 days to request a hearing with the commissioner.

13.6(5) The application and materials supplied with the application or at the request of the division and any information obtained by the division during the course of its review shall be considered information submitted to the insurance division or obtained by the insurance division in the course of an investigation for purposes of Iowa Code section 505.8(8), and the commissioner shall keep such information confidential. A consent issued by the commissioner shall be deemed a public record for purposes of Iowa Code chapter 22; however, Iowa Code section 505.8(9) also shall apply.

[ARC 8309B, IAB 11/18/09, effective 12/23/09]

191—13.7(505,522B) Consent effective for specified positions and responsibilities only. A consent issued by the commissioner shall be effective only so long as the prohibited person remains in the same or similar job position with the same or similar responsibilities to which the person attested in the initial request for consent. A material change in job responsibilities requires the prohibited person to file an amended request for consent.

[ARC 8309B, IAB 11/18/09, effective 12/23/09]

191—13.8(505,522B) Change in circumstances.

13.8(1) *Failure to disclose.* In the event that the division determines that the prohibited person receiving the consent made materially false or misleading statements, or failed to disclose material information in the application for consent, the consent shall be suspended or revoked. The prohibited person shall have 30 days to request a hearing with the commissioner.

13.8(2) *New felony.*

a. A prohibited person who previously received consent from the commissioner to participate in the business of insurance shall immediately notify the division if that person is subsequently convicted of an offense under the Act, or of any felony offense involving dishonesty or breach of trust.

b. The entry of a new conviction shall automatically terminate the prior consent.

c. When the division becomes aware of the new conviction, it will inform the prohibited person in writing, via certified mail to the address on record with the division, return receipt requested, that the consent previously issued has been revoked.

d. The prohibited person may seek a new consent from the commissioner pursuant to the Act and to this chapter after reporting the new conviction.

13.8(3) *Violation of terms of consent.* If the commissioner determines that a prohibited person has violated the terms of a consent, the commissioner shall immediately terminate the consent. The prohibited person shall have 30 days to request a hearing with the commissioner.

13.8(4) *Suspension of insurance producer license.* The commissioner may summarily suspend the insurance producer license of a prohibited person for any of the actions described in subrule 13.8(1), 13.8(2) or 13.8(3) if the person has been issued a license by the division. A hearing shall be scheduled in accordance with Iowa Code chapter 17A to determine whether the person's license should be revoked. [ARC 8309B, IAB 11/18/09, effective 12/23/09]

191—13.9(505,522B) Burden of proof. The burden of proof of persuasion and of the production of evidence at a hearing regarding a request for consent is on the prohibited person. The person shall have to demonstrate by clear and convincing evidence that the person is not a threat to the public interest and public safety.

[ARC 8309B, IAB 11/18/09, effective 12/23/09]

191—13.10(505,522B) Violations and penalties. A prohibited person who engages in the business of insurance without the consent of the commissioner or otherwise in violation of this chapter shall be deemed to be in violation of Iowa Code section 522B.2 and shall be subject to the penalties provided in Iowa Code section 522B.17.

[ARC 8309B, IAB 11/18/09, effective 12/23/09]

These rules are intended to implement Iowa Code chapter 505, Iowa Code section 522B.16B and 18 U.S.C. Section 1033.

UNFAIR TRADE PRACTICES

CHAPTER 14

LIFE INSURANCE ILLUSTRATIONS MODEL REGULATION

191—14.1(507B) Purpose. The purpose of this chapter is to provide rules for life insurance policy illustrations that will protect consumers and foster consumer education. These rules provide illustration formats, prescribe standards to be followed when illustrations are used, and specify the disclosures that are required in connection with illustrations. The goals of these rules are to ensure that illustrations do not mislead purchasers of life insurance and to make illustrations more understandable. Insurers will, as far as possible, eliminate the use of footnotes and caveats and define terms used in the illustration in language that would be understood by a typical person within the segment of the public to which the illustration is directed.

191—14.2(507B) Authority. These rules are issued based upon the authority granted the commissioner under Iowa Code section 507B.4.

191—14.3(507B) Applicability and scope. These rules apply to all group and individual life insurance policies and certificates except:

1. Variable life insurance;
2. Individual and group annuity contracts;
3. Credit life insurance; or
4. Life insurance policies or certificates with initial face amounts of \$10,000 or less.

191—14.4(507B) Definitions. For the purposes of these rules:

“*Actuarial Standards Board*” means the board established by the American Academy of Actuaries to develop and promulgate standards of actuarial practice.

“*Contract premium*” means the gross premium that is required to be paid under a fixed premium policy, including the premium for a rider for which benefits are shown in the illustration.

“*Currently payable scale*” means a scale of nonguaranteed elements in effect for a policy form as of the preparation date of the illustration or declared to become effective within the next 95 days.

“*Disciplined current scale*” means a scale of nonguaranteed elements constituting a limit on illustrations currently being illustrated by an insurer that is reasonably based on actual recent historical experience, as certified annually by an illustration actuary designated by the insurer. Further guidance in determining the disciplined current scale as contained in standards established by the Actuarial Standards Board may be relied upon if the standards:

1. Are consistent with all provisions of these rules;
2. Limit a disciplined current scale to reflect only actions that have already been taken or events that have already occurred;
3. Do not permit a disciplined current scale to include any projected trends of improvements in experience or any assumed improvements in experience beyond the illustration date; and
4. Do not permit assumed expenses to be less than minimum assumed expenses.

“*Generic name*” means a short title descriptive of the policy being illustrated such as “whole life,” “term life” or “flexible premium adjustable life.”

“*Guaranteed elements*” and “*nonguaranteed elements.*”

1. “Guaranteed elements” means the premiums, benefits, values, credits or charges under a policy of life insurance that are guaranteed and determined at issue.
2. “Nonguaranteed elements” means the premiums, benefits, values, credits or charges under a policy of life insurance that are not guaranteed or not determined at issue.

“*Illustrated scale*” means a scale of nonguaranteed elements currently being illustrated that is not more favorable to the policyowner than the lesser of:

1. The disciplined current scale; or
2. The currently payable scale.

“*Illustration*” means a presentation or depiction that includes nonguaranteed elements of a policy of life insurance over a period of years and that is one of the three types defined below:

1. “Basic illustration” means a ledger or proposal used in the sale of a life insurance policy that shows both guaranteed and nonguaranteed elements.

2. “Supplemental illustration” means an illustration furnished in addition to a basic illustration that meets the applicable requirements of this regulation, and that may be presented in a format differing from the basic illustration, but may only depict a scale of nonguaranteed elements that is permitted in a basic illustration.

3. “In-force illustration” means an illustration furnished at any time after the policy that it depicts has been in force for one year or more.

“*Illustration actuary*” means an actuary meeting the requirements of rule 14.11(507B) who certifies to illustrations based on the standard of practice promulgated by the Actuarial Standards Board.

“*Lapse-supported illustration*” means an illustration of a policy form failing the test of self-supporting as defined in these rules, under a modified persistency rate assumption using persistency rates underlying the disciplined current scale for the first five years and 100 percent policy persistency thereafter.

“*Minimum assumed expenses*” means the minimum expenses that may be used in the calculation of the disciplined current scale for a policy form. The insurer may choose to designate each year the method of determining assumed expenses for all policy forms from the following:

1. Fully allocated expenses;
2. Marginal expenses; and
3. A generally recognized expense table based on fully allocated expenses representing a significant portion of insurance companies and approved by the National Association of Insurance Commissioners.

Marginal expenses may be used only if greater than a generally recognized expense table. If no generally recognized expense table is approved, fully allocated expenses must be used.

“*Nonterm group life*” means a group policy or individual policies of life insurance issued to members of an employer group or other permitted group where:

1. Every plan of coverage was selected by the employer or other group representative;
2. Some portion of the premium is paid by the group or through payroll deduction; and
3. Group underwriting or simplified underwriting is used.

“*Policyowner*” means the owner named in the policy or the certificate holder in the case of a group policy.

“*Premium outlay*” means the amount of premium assumed to be paid by the policyowner or other premium payer out of pocket.

“*Self-supporting illustration*” means an illustration of a policy form for which it can be demonstrated that, when using experience assumptions underlying the disciplined current scale, for all illustrated points in time on or after the fifteenth policy anniversary or the twentieth policy anniversary for second-or-later-to-die policies (or upon policy expiration if sooner), the accumulated value of all policy cash flows equals or exceeds the total policyowner value available. For this purpose, policyowner value will include cash surrender values and any other illustrated benefits amounts available at the policyowner’s election.

191—14.5(507B) Policies to be illustrated.

14.5(1) Each insurer marketing policies to which these rules are applicable shall notify the commissioner whether a policy form is to be marketed with or without an illustration. For all policy forms being actively marketed on February 1, 1997, the insurer shall identify in writing those forms and whether or not an illustration will be used with them. For policy forms filed after February 1, 1997, the identification shall be made at the time of filing. Any previous identification may be changed by notice to the commissioner.

14.5(2) If the insurer identifies a policy form as one to be marketed without an illustration, any use of an illustration for any policy using that form prior to the first policy anniversary is prohibited.

14.5(3) If a policy form is identified by the insurer as one to be marketed with an illustration, a basic illustration prepared and delivered in accordance with these rules is required, except that a basic illustration need not be provided to individual members of a group or to individuals insured under multiple lives coverage issued to a single applicant unless the coverage is marketed to these individuals. The illustration furnished an applicant for a group life insurance policy or policies issued to a single applicant on multiple lives may be either an individual or composite illustration representative of the coverage on the lives of members of the group or the multiple lives covered.

14.5(4) Potential enrollees of nonterm group life subject to these rules shall be furnished a quotation with the enrollment materials. The quotation shall show potential policy values for sample ages and policy years on a guaranteed and nonguaranteed basis appropriate to the group and the coverage. This quotation shall not be considered an illustration for purposes of these rules, but all information provided shall be consistent with the illustrated scale. A basic illustration shall be provided at delivery of the certificate to enrollees for nonterm group life who enroll for more than the minimum premium necessary to provide pure death benefit protection. In addition, the insurer shall make a basic illustration available to any nonterm group life enrollee who requests it.

191—14.6(507B) General rules and prohibitions.

14.6(1) An illustration used in the sale of a life insurance policy shall satisfy the applicable requirements of these rules, be clearly labeled “life insurance illustration” and contain the following basic information:

- a. Name of insurer;
- b. Name and business address of producer or insurer’s authorized representative, if any;
- c. Name, age and sex of proposed insured, except where a composite illustration is permitted under these rules;
- d. Underwriting or rating classification upon which the illustration is based;
- e. Generic name of policy, the company product name, if different, and form number;
- f. Initial death benefit; and
- g. Dividend option election or application of nonguaranteed elements, if applicable.

14.6(2) When using an illustration in the sale of a life insurance policy, an insurer or its producers or other authorized representatives shall not:

- a. Represent the policy as anything other than a life insurance policy;
- b. Use or describe nonguaranteed elements in a manner that is misleading or has the capacity or tendency to mislead;
- c. State or imply that the payment or amount of nonguaranteed elements is guaranteed;
- d. Use an illustration that does not comply with the requirements of these rules;
- e. Use an illustration that at any policy duration depicts policy performance more favorable to the policyowner than that produced by the illustrated scale of the insurer whose policy is being illustrated;
- f. Provide an applicant with an incomplete illustration;
- g. Represent in any way that premium payments will not be required for each year of the policy in order to maintain the illustrated death benefits, unless that is the fact;
- h. Use the term “vanish” or “vanishing premium” or a similar term that implies the policy becomes paid up, to describe a plan for using nonguaranteed elements to pay a portion of future premiums;
- i. Except for policies that can never develop nonforfeiture values, use an illustration that is “lapse-supported”; or
- j. Use an illustration that is not “self-supporting.”

14.6(3) If an interest rate used to determine the illustrated nonguaranteed elements is shown, it shall not be greater than the earned interest rate underlying the disciplined current scale.

191—14.7(507B) Standards for basic illustrations.

14.7(1) Format. A basic illustration shall conform with the following requirements:

- a. The illustration shall be labeled with the date on which it was prepared.

b. Each page, including any explanatory notes or pages, shall be numbered and show its relationship to the total number of pages in the illustration (e.g., the fourth page of a seven-page illustration shall be labeled “page 4 of 7 pages”).

c. The assumed dates of payment receipt and benefit payout within a policy year shall be clearly identified.

d. If the age of the proposed insured is shown as a component of the tabular detail, it shall be issue age plus the numbers of years the policy is assumed to have been in force.

e. The assumed payments on which the illustrated benefits and values are based shall be identified as premium outlay or contract premium, as applicable. For policies that do not require a specific contract premium, the illustrated payments shall be identified as premium outlay.

f. Guaranteed death benefits and values available upon surrender, if any, for the illustrated premium outlay or contract premium shall be shown and clearly labeled guaranteed.

g. If the illustration shows any nonguaranteed elements, they cannot be based on a scale more favorable to the policyowner than the insurer’s illustrated scale at any duration. These elements shall be clearly labeled nonguaranteed.

h. The guaranteed elements, if any, shall be shown before corresponding nonguaranteed elements and shall be specifically referred to on any page of an illustration that shows or describes only the nonguaranteed elements (e.g., “see page 1 for guaranteed elements”).

i. The account or accumulation value of a policy, if shown, shall be identified by the name this value is given in the policy being illustrated and shown in close proximity to the corresponding value available upon surrender.

j. The value available upon surrender shall be identified by the name this value is given in the policy being illustrated and shall be the amount available to the policyowner in a lump sum after deduction of surrender charges, policy loans and policy loan interest, as applicable.

k. Illustrations may show policy benefits and values in graphic or chart form in addition to the tabular form.

l. Any illustration of nonguaranteed elements shall be accompanied by a statement indicating that:

1. The benefits and values are not guaranteed;
2. The assumptions on which they are based are subject to change by the insurer; and
3. Actual results may be more or less favorable.

m. If the illustration shows that the premium payer may have the option to allow policy charges to be paid using nonguaranteed values, the illustration must clearly disclose that a charge continues to be required and that, depending on actual results, the premium payer may need to continue or resume premium outlays. Similar disclosure shall be made for premium outlay of lesser amounts or shorter durations than the contract premium. If a contract premium is due, the premium outlay display shall not be left blank or show zero unless accompanied by an asterisk or similar mark to draw attention to the fact that the policy is not paid up.

n. If the applicant plans to use dividends or policy values, guaranteed or nonguaranteed, to pay all or a portion of the contract premium or policy charges, or for any other purpose, the illustration may reflect those plans and the impact on future policy benefits and values.

14.7(2) Narrative summary. A basic illustration shall include the following:

a. A brief description of the policy being illustrated, including a statement that it is a life insurance policy;

b. A brief description of the premium outlay or contract premium, as applicable, for the policy. For a policy that does not require payment of a specific contract premium, the illustration shall show the premium outlay that must be paid to guarantee coverage for the term of the contract, subject to maximum premiums allowable to qualify as a life insurance policy under the applicable provisions of the Internal Revenue Code;

c. A brief description of any policy features, riders or options, guaranteed or nonguaranteed, shown in the basic illustration and the impact they may have on the benefits and values of the policy;

d. Identification and a brief definition of column headings and key terms used in the illustration; and

e. A statement containing in substance the following: “This illustration assumes that the currently illustrated nonguaranteed elements will continue unchanged for all years shown. This is not likely to occur, and actual results may be more or less favorable than those shown.”

14.7(3) *Numeric summary.*

a. Following the narrative summary, a basic illustration shall include a numeric summary of the death benefits and values and the premium outlay and contract premium, as applicable. For a policy that provides for a contract premium, the guaranteed death benefits and values shall be based on the contract premium. This summary shall be shown for at least policy years 5, 10 and 20 and at age 70, if applicable, on the three bases shown below. For multiple life policies the summary shall show policy years 5, 10, 20 and 30.

- (1) Policy guarantees;
- (2) Insurer’s illustrated scale;
- (3) Insurer’s illustrated scale used but with the nonguaranteed elements reduced as follows:
 1. Dividends at 50 percent of the dividends contained in the illustrated scale used;
 2. Nonguaranteed credited interest at rates that are the average of the guaranteed rates and the rates contained in the illustrated scale used; and
 3. All nonguaranteed charges, including but not limited to term insurance charges, mortality and expense charges, at rates that are the average of the guaranteed rates and the rates contained in the illustrated scale used.

b. In addition, if coverage would cease prior to policy maturity or age 100, the year in which coverage ceases shall be identified for each of the three bases.

14.7(4) *Statements.* Statements substantially similar to the following shall be included on the same page as the numeric summary and signed by the applicant, or the policyowner in the case of an illustration provided at time of delivery, as required in these rules.

a. A statement to be signed and dated by the applicant or policyowner reading as follows: “I have received a copy of this illustration and understand that any nonguaranteed elements illustrated are subject to change and could be either higher or lower. The producer has told me they are not guaranteed.”

b. A statement to be signed and dated by the insurance producer or other authorized representative of the insurer reading as follows: “I certify that this illustration has been presented to the applicant and that I have explained that any nonguaranteed elements illustrated are subject to change. I have made no statements that are inconsistent with the illustration.”

14.7(5) *Tabular detail.*

a. A basic illustration shall include the following for at least each policy year from one to ten and for every fifth policy year thereafter ending at age 100, policy maturity or final expiration; and except for term insurance beyond the twentieth year, for any year in which the premium outlay and contract premium, if applicable, is to change:

- (1) The premium outlay and mode the applicant plans to pay and the contract premium, as applicable;
- (2) The corresponding guaranteed death benefit, as provided in the policy; and
- (3) The corresponding guaranteed value available upon surrender, as provided in the policy.

b. For a policy that provides for a contract premium, the guaranteed death benefit and value available upon surrender shall correspond to the contract premium.

c. Nonguaranteed elements may be shown if described in the contract. In the case of an illustration for a policy on which the insurer intends to credit terminal dividends, they may be shown if the insurer’s current practice is to pay terminal dividends. If any nonguaranteed elements are shown, they must be shown at the same durations as the corresponding guaranteed elements, if any. If no guaranteed benefit or value is available at any duration for which a nonguaranteed benefit or value is shown, a zero shall be displayed in the guaranteed column.

191—14.8(507B) Standards for supplemental illustrations.

14.8(1) A supplemental illustration may be provided so long as:

- a. It is appended to, accompanied by or preceded by a basic illustration that complies with these rules;
- b. The nonguaranteed elements shown are not more favorable to the policyowner than the corresponding elements based on the scale used in the basic illustration;
- c. It contains the same statement required of a basic illustration that nonguaranteed elements are not guaranteed; and
- d. For a policy that has a contract premium, the contract premium underlying the supplemental illustration is equal to the contract premium shown in the basic illustration. For policies that do not require a contract premium, the premium outlay underlying the supplemental illustration shall be equal to the premium outlay shown in the basic illustration.

14.8(2) The supplemental illustration shall include a notice referring to the basic illustration for guaranteed elements and other important information.

191—14.9(507B) Delivery of illustration and record retention.

14.9(1) If a basic illustration is used by an insurance producer or other authorized representative of the insurer in the sale of a life insurance policy and the policy is applied for as illustrated, a copy of that illustration, signed in accordance with these rules, shall be submitted to the insurer at the time of policy application. A copy shall also be provided to the applicant.

If the policy is issued other than as applied for, a revised basic illustration conforming to the policy as issued shall be sent with the policy. The revised illustration shall conform to the requirements of this rule, shall be labeled “Revised Illustration” and shall be signed and dated by the applicant or policyowner and producer or other authorized representative of the insurer no later than the time the policy is delivered. A copy shall be provided to the insurer and the policyowner.

14.9(2) If no illustration is used by an insurance producer or other authorized representative of the insurer in the sale of a life insurance policy or if the policy is applied for other than as illustrated, the producer or representative shall certify to that effect in writing on a form provided by the insurer. On the same form the applicant shall acknowledge that no illustration conforming to the policy applied for was provided and shall further acknowledge an understanding that an illustration conforming to the policy as issued will be provided no later than at the time of policy delivery. This form shall be submitted to the insurer at the time of policy application.

If the policy is issued, a basic illustration conforming to the policy as issued shall be sent with the policy and signed no later than the time the policy is delivered. A copy shall be provided to the insurer and the policyowner.

14.9(3) If the basic illustration or revised illustration is sent to the applicant or policyowner by mail from the insurer, it shall include instructions for the applicant or policyowner to sign the duplicate copy of the numeric summary page of the illustration for the policy issued and return the signed copy to the insurer. The insurer’s obligation under this subrule shall be satisfied if it can demonstrate that it has made a diligent effort to secure a signed copy of the numeric summary page. The requirement to make a diligent effort shall be deemed satisfied if the insurer includes in the mailing a self-addressed postage prepaid envelope with instructions for the return of the signed numeric summary page.

14.9(4) A copy of the basic illustration and a revised basic illustration, if any, signed as applicable, along with any certification either that no illustration was used or that the policy was applied for other than as illustrated, shall be retained by the insurer until three years after the policy is no longer in force. A copy need not be retained if no policy is issued.

191—14.10(507B) Annual report; notice to policyowners.

14.10(1) In the case of a policy designated as one for which illustrations will be used, the insurer shall provide each policyowner with an annual report on the status of the policy that shall contain at least the following information:

- a. For universal life policies, the report shall include the following:
 - (1) The beginning and end date of the current report period;

- (2) The policy value at the end of the previous report period and at the end of the current report period;
 - (3) The total amounts that have been credited or debited to the policy value during the current report period, identifying each by type (e.g., interest, mortality, expense and riders);
 - (4) The current death benefit at the end of the current report period on each life covered by the policy;
 - (5) The net cash surrender value of the policy as of the end of the current report period;
 - (6) The amount of outstanding loans, if any, as of the end of the current report period; and either
 - (7) For fixed premium policies: If, assuming guaranteed interest, mortality and expense loads and continued scheduled premium payments, the policy's net cash surrender value is such that it would not maintain insurance in force until the end of the next reporting period, a notice to this effect shall be included in the report; or
 - (8) For flexible premium policies: If, assuming guaranteed interest, mortality and expense loads, the policy's net cash surrender value will not maintain insurance in force until the end of the next reporting period unless further premium payments are made, a notice to this effect shall be included in the report.
- b.* For all other policies, where applicable:
 - (1) Current death benefit;
 - (2) Annual contract premium;
 - (3) Current cash surrender value;
 - (4) Current dividend;
 - (5) Application of current dividend; and
 - (6) Amount of outstanding loan.
 - c.* Insurers writing life insurance policies that do not build nonforfeiture values shall only be required to provide an annual report with respect to these policies for those years when a change has been made to nonguaranteed policy elements by the insurer.

14.10(2) If the annual report does not include an in-force illustration, it shall contain the following notice displayed prominently: "IMPORTANT POLICYOWNER NOTICE: You should consider requesting more detailed information about your policy to understand how it may perform in the future. You should not consider replacement of your policy or make changes in your coverage without requesting a current illustration. You may annually request, without charge, such an illustration by calling [insurer's telephone number], writing to [insurer's name] at [insurer's address] or contacting your agent. If you do not receive a current illustration of your policy within 30 days from your request, you should contact your state insurance department." The insurer may vary the sequential order of the methods for obtaining an in-force illustration.

14.10(3) Upon the request of the policyowner, the insurer shall furnish an in-force illustration of current and future benefits and values based on the insurer's present illustrated scale. This illustration shall comply with the requirements of subrules 14.6(1), 14.6(2), 14.7(1) and 14.7(5). No signature or other acknowledgment of receipt of this illustration shall be required.

14.10(4) If an adverse change in nonguaranteed elements that could affect the policy has been made by the insurer since the last annual report, the annual report shall contain a notice of that fact and the nature of the change prominently displayed.

191—14.11(507B) Annual certifications.

14.11(1) The board of directors of each insurer shall appoint one or more illustration actuaries.

14.11(2) The illustration actuary shall certify that the disciplined current scale used in illustrations is in conformity with the Actuarial Standard of Practice for Compliance with the NAIC Model Regulation on Life Insurance Illustrations promulgated by the Actuarial Standards Board, and that the illustrated scales used in insurer-authorized illustrations meet the requirements of these rules.

14.11(3) The illustration actuary shall:

- a.* Be a member in good standing of the American Academy of Actuaries;
- b.* Be familiar with the standard of practice regarding life insurance policy illustrations;
- c.* Not have been found by the commissioner, following appropriate notice and hearing, to have:

(1) Violated any provision of, or any obligation imposed by, the insurance law or other law in the course of dealings as an illustration actuary;

(2) Been found guilty of fraudulent or dishonest practices;

(3) Demonstrated incompetence, lack of cooperation, or untrustworthiness to act as an illustration actuary; or

(4) Resigned or been removed as an illustration actuary within the past five years as a result of acts or omissions indicated in any adverse report on examination or as a result of a failure to adhere to generally acceptable actuarial standards;

d. Not fail to notify the commissioner of any action taken by a commissioner of another state similar to that under paragraph 14.11(3) “*c*” above;

e. Disclose in the annual certification whether, since the last certification, a currently payable scale applicable for business issued within the previous five years and within the scope of the certification has been reduced for reasons other than changes in the experience factors underlying the disciplined current scale. If nonguaranteed elements illustrated for new policies are not consistent with those illustrated for similar in-force policies, this must be disclosed in the annual certification. If nonguaranteed elements illustrated for both new and in-force policies are not consistent with the nonguaranteed elements actually being paid, charged or credited to the same or similar forms, this must be disclosed in the annual certification; and

f. Disclose in the annual certification the method used to allocate overhead expenses for all illustrations:

(1) Fully allocated expenses;

(2) Marginal expenses; or

(3) A generally recognized expense table based on fully allocated expenses representing a significant portion of insurance companies and approved by the National Association of Insurance Commissioners.

14.11(4) The illustration actuary shall file a certification with the board and with the commissioner:

1. Annually for all policy forms for which illustrations are used; and

2. Before a new policy form is illustrated.

If an error in a previous certification is discovered, the illustration actuary shall notify the board of directors of the insurer and the commissioner promptly.

14.11(5) If an illustration actuary is unable to certify the scale for any policy form illustration the insurer intends to use, the actuary shall notify the board of directors of the insurer and the commissioner promptly of the actuary’s inability to certify.

14.11(6) A responsible officer of the insurer, other than the illustration actuary, shall certify annually:

a. That the illustration formats meet the requirements of these rules and that the scales used in insurer-authorized illustrations are those scales certified by the illustration actuary; and

b. That the company has provided its agents with information about the expense allocation method used by the company in its illustrations and disclosed as required in 14.11(3) “*f*.”

14.11(7) The annual certifications shall be provided to the commissioner each year by a date determined by the insurer.

14.11(8) If an insurer changes the illustration actuary responsible for all or a portion of the company’s policy forms, the insurer shall notify the commissioner of that fact promptly and disclose the reason for the change.

191—14.12(507B) Penalties. In addition to any other penalties provided by the laws of this state, an insurer or producer that violates a requirement of these rules shall be found to have committed a violation of Iowa Code section 507B.4.

191—14.13(507B) Separability. If any provision of these rules or their application to any person or circumstance is for any reason held to be invalid by any court of law, the remainder of the rules and their application to other persons or circumstances shall not be affected.

191—14.14(507B) Effective date. These rules shall become effective February 1, 1997, and shall apply to policies sold on or after the effective date.

These rules are intended to implement Iowa Code chapter 507B.

CHAPTER 15
UNFAIR TRADE PRACTICES
[Prior to 10/22/86, Insurance Department[510]]

DIVISION I
SALES PRACTICES

191—15.1(507B) Purpose. This chapter is intended to establish certain minimum standards and guidelines of conduct by identifying unfair methods of competition and unfair or deceptive acts or practices in the business of insurance, as prohibited by Iowa Code chapter 507B.

191—15.2(507B) Definitions.

“Advertisement” for the purpose of these rules shall be material designed to create public interest in insurance or an insurer, or to induce the public to purchase, increase, modify, reinstate or retain a policy including:

1. Printed and published material, audio and visual material, and descriptive literature of an insurer or producer used in direct mail, newspapers, magazines, radio scripts, TV scripts, billboards, computer on-line networks and similar displays; descriptive literature and sales aids of all kinds issued by an insurer or producer for presentation to members of the public, including but not limited to circulars, leaflets, booklets, depictions, illustrations, and form letters; and sales talks, presentations, and material for use by producers.

2. However, for the purpose of these rules “advertisement” shall not include: communications or materials used within an insurer’s own organization and not intended for dissemination to the public; communications with policyholders other than material urging policyholders to purchase, increase, modify, reinstate, or retain a policy; and a general announcement from a group or blanket policyholder to eligible individuals on an employment or membership list that a policy or program has been written or arranged, provided the announcement clearly indicates that it is preliminary to the issuance of a booklet explaining the proposed coverage.

“Aftermarket crash parts” means replacement parts as defined in Iowa Code section 537B.4.

“Certificate” means a statement of the coverage and provisions of a policy of group accident and sickness insurance which has been delivered or issued for delivery in this state and includes riders, endorsements and enrollment forms, if attached.

“Duplicate Medicare supplement insurance” shall mean the sale or the attempt to knowingly sell to an individual a policy of insurance designed to supplement Medicare benefits as provided in The Health Insurance for the Aged Act, Title XVII of the Social Security Amendments of 1965 as then constituted or later amended when the individual is already insured under such a policy.

“Duplication” means policies of the same coverage type according to minimum standards classifications outlined in 191 IAC 36.6(514D) which overlap to the extent that a reasonable individual would not consider the ownership of the policies to be beneficial.

“Exception” for the purpose of these rules shall mean any provision in a policy whereby coverage for a specified hazard is entirely eliminated; it is a statement of a risk not assumed under the policy.

“Illustrated scale” shall mean a scale of nonguaranteed elements currently being illustrated that is not more favorable to the policyholder than the lesser of the disciplined current scale or the currently payable scale as defined in 191 IAC 14.4(507B).

“Institutional advertisement” means an advertisement having as its sole purpose the promotion of the reader’s, viewer’s or listener’s interest in the concept of accident and sickness insurance, or the promotion of the insurer as a seller of accident and sickness insurance.

“Insurer” shall mean any corporation, association, partnership, reciprocal exchange, interinsurer, Lloyd’s, fraternal benefit society, and any other legal entity engaged in the business of insurance.

“Invitation to contract” means an advertisement for accident and sickness insurance that is neither an invitation to inquire nor an institutional advertisement.

“Invitation to inquire” means an advertisement having as its objective the creation of a desire to inquire further about accident and sickness insurance and that is limited to a brief description of the loss

for which benefits are payable. An invitation to inquire may not refer to cost but may contain the dollar amount of benefits payable and the period of time during which benefits are payable.

“*Limitation*” for the purpose of these rules shall mean any provision which restricts coverage under the policy other than an exception or a reduction.

“*Limited benefit health coverage*” shall have the same meaning as defined in 191—subrule 36.6(10).

“*Person*” shall mean any individual, corporation, association, partnership, reciprocal exchange, interinsurer, fraternal benefit society, and any other legal entity engaged in the business of insurance, including insurance producers and adjusters. “*Person*” shall also mean any corporation operating under the provisions of Iowa Code chapter 514 and any benevolent association as defined and operated under Iowa Code chapter 512A. For purposes of this chapter, corporations operating under the provisions of Iowa Code chapter 514 and Iowa Code chapter 512A shall be deemed to be engaged in the business of insurance.

“*Policy*” shall include any policy, plan, certificate, contract, agreement, statement of coverage, rider, or endorsement which provides for insurance benefits.

“*Preneed funeral contract or prearrangement*” shall mean an agreement by or for an individual before the individual’s death relating to the purchase or provision of specific funeral or cemetery merchandise or services.

“*Producer*” shall mean a person who solicits, negotiates, effects, procures, delivers, renews, continues or binds policies of insurance for risks residing, located or to be performed in this state.

“*Prominently*” or “*conspicuously*” means that the information to be disclosed will be presented in a manner that is noticeably set apart from other information or images in the advertisement.

“*Reduction*” for the purpose of these rules shall mean any provision which reduces the amount of the benefit; a risk of loss is assumed but payment upon the occurrence of such loss is limited to some amount or period less than would be otherwise payable had such reduction not been used.

“*Twisting*” shall mean any action by a producer or insurer to induce or attempt to induce any individual to lapse, forfeit, surrender, terminate, retain, assign, borrow, or convert a policy or an annuity in order that such individual procure another policy or annuity, when such action would operate to the overall detriment of the interests of the individual.

191—15.3(507B) Advertising.

15.3(1) *Form and content of advertisements.* The format and content of an advertisement shall be truthful and sufficiently complete and clear to avoid deception or the capacity or tendency to misrepresent or deceive. Whether an advertisement has a capacity or tendency to misrepresent or deceive shall be determined by the overall impression that the advertisement may be reasonably expected to create upon an individual in the segment of the public to which it is primarily directed and who has average education, intelligence and familiarity with insurance terminology for products in that market.

Information regarding exceptions, limitations, reductions and other restrictions required to be disclosed by this rule shall not be minimized, rendered obscure or presented in an ambiguous fashion or intermingled with the context of the advertisements so as to be confusing or misleading.

15.3(2) *Prohibited terms and disclosure requirements for health insurance.*

a. No advertisement shall contain or use words or phrases such as “all”; “full”; “complete”; “comprehensive”; “unlimited”; “up to”; “as high as”; “this policy will help fill some of the gaps that Medicare and your present insurance leave out”; “this policy will help to replace your income” (when used to express loss of time benefits); or similar words and phrases, in a manner which exaggerates any benefits beyond the terms of the policy.

b. No advertisement shall contain descriptions of a policy limitation, exception, or reduction, worded in a positive manner to imply that it is a benefit, such as describing a waiting period as a “benefit builder” or stating “even preexisting conditions are covered after two years.” Words and phrases used in an advertisement to describe such policy limitations, exceptions and reductions shall fairly and accurately describe the negative features of such limitations, exceptions and reductions of the policy offered.

c. No advertisement of a benefit for which payment is conditional upon confinement in a hospital or similar facility shall use words or phrases such as “tax free,” “extra cash” and substantially similar

phrases which have the capacity, tendency or effect of misleading the public into believing that the policy advertised will, in some way, enable an individual to make a profit from being hospitalized.

d. No advertisement shall use the words “only”; “just”; “merely”; “minimum” or similar words or phrases to describe the applicability of any exceptions and reductions, such as: “This policy is subject to the following minimum exceptions and reductions.”

e. An advertisement which refers to either a dollar amount, or a period of time for which any benefit is payable, or the cost of the policy, or specific policy benefit, or the loss for which such benefit is payable, shall also disclose those exceptions, reductions, and limitations affecting the basic provisions of the policy without which the advertisement would have the capacity or tendency to mislead or deceive.

f. An advertisement may contain a brief description of coverage in an invitation to inquire so long as it is limited to a brief description of the loss for which benefits are payable. The brief description may also contain the dollar amount of benefits payable or the period of time during which benefits are payable, or both, but may not refer to the cost of the policy.

g. An advertisement for a policy which contains a waiting, elimination, probationary, or similar time period between the effective date of the policy and the effective date of coverage under the policy or a time period between the date a loss occurs and the date benefits begin to accrue for such loss shall prominently disclose the existence of such periods.

h. An invitation to inquire shall contain a provision in the following or substantially similar form: “This policy has [exclusions] [limitations] [reduction of benefits] [terms under which the policy may be continued in force or discontinued]. For costs and complete details of the coverage, call [or write] your insurance agent or the company [whichever is applicable].”

15.3(3) *Prohibited terms in life insurance and annuity policies.* No advertisement for a life insurance or annuity policy shall use the terms “investment,” “investment plan,” “founder’s plan,” “charter plan,” “expansion plan,” “profit,” “profits,” “profit sharing,” “interest plan,” “savings,” “savings plan,” “retirement plan,” or other similar term which has the capacity or tendency to mislead an insured or prospective insured to believe that the insurer is offering something other than an insurance policy or some benefit not available to other individuals of the same class and equal expectation of life. An advertisement shall not state that there are “no more premiums” or that premiums will “vanish” or “disappear” or use similar terms when such statement is not based on the guaranteed rates.

15.3(4) *Exclusions, limitations, exceptions and reductions.* Words and phrases used in an advertisement to describe policy exclusions, limitations, exceptions and reductions shall clearly, prominently and accurately indicate the negative or limited nature of the exclusions, limitations, exceptions and reductions.

An advertisement for a policy providing benefits for specified illnesses only, such as cancer, or other policies providing benefits that are limited in nature shall clearly and conspicuously in prominent type state the limited nature of the policy. The statement shall be worded in language identical to or substantially similar to the following: “THIS IS A LIMITED POLICY,” “THIS POLICY PROVIDES LIMITED BENEFITS,” or “THIS IS A CANCER-ONLY POLICY.”

15.3(5) *Use of statistics.* An advertisement shall not contain statistical information relating to any insurer or policy unless it accurately reflects recent and relevant facts. The source of any such statistics used in an advertisement shall be identified therein.

15.3(6) *Introductory, initial or special offers.*

a. An advertisement shall not directly or by implication represent that a policy is an introductory, initial or special offer, or that a person will receive advantages not available at a later date, or that the offer is available only to a specified group of persons, unless such is the fact.

b. An advertisement shall not offer a policy which utilizes a reduced initial premium rate in a manner which overemphasizes the availability and the amount of the initial reduced premium. When an insurer charges an initial premium that differs in amount from the amount of the renewal premium payable on the same mode, the advertisement shall not display the amount of the reduced initial premium either more frequently or more prominently than the renewal premium, and both the initial reduced

premium and the renewal premium must be stated in each portion of the advertisement where the initial reduced premium appears. This paragraph shall not apply to annual renewable term policies.

15.3(7) Testimonials or endorsements by third parties.

a. Testimonials used in advertisements must be genuine, represent the current opinion of the author, be applicable to the policy advertised and be accurately reproduced. The insurer, in using a testimonial, makes as its own all of the statements contained therein, and the advertisement, including such statement, is subject to all the provisions of these rules.

b. If the person making a testimonial or an endorsement has a financial interest in the insurer or a related entity as a stockholder, director, officer, employee, or otherwise, such fact shall be disclosed in the advertisement. If a person is compensated for making a testimonial or endorsement, such fact shall be disclosed in the advertisement by language substantially as follows: "Paid Endorsement." This rule does not require disclosure of union "scale" wages required by union rules if the payment is actually for such "scale" for TV or radio performances. The payment of substantial amounts, directly or indirectly, for "travel and entertainment" for filming or recording of TV or radio advertisements constitutes compensation and requires disclosure. This rule does not apply to an institutional advertisement which has as its sole purpose the promotion of the insurer.

c. An advertisement which states or implies that an insurer or an insurance product has been approved or endorsed by any person or other organizations must also disclose any proprietary or other relationship between the parties.

15.3(8) Disparaging and incomplete comparisons and statements. An advertisement shall not directly or indirectly make unfair or incomplete comparisons of policies or benefits or comparisons of noncomparable policies of other insurers, and shall not disparage other insurers, their policies, services or business methods, and shall not disparage or unfairly minimize competing methods of marketing insurance. An advertisement shall not contain statements which are untrue in fact, or by implication misleading, with respect to the assets, corporate structure, financial standing, age or relative position of an insurer in the insurance business.

15.3(9) Identity of insurer.

a. The name of the actual insurer shall be clearly identified in all advertisements for a particular policy. An advertisement shall not use a trade name, insurance group designation, name of a parent company, name of a particular company division, service mark, slogan, symbol or other device which would have the capacity and tendency to misrepresent the true identity of an insurer.

b. No advertisement shall use any combination of words, symbols, or physical materials which by its content, phraseology, shape, color or other characteristics is so similar to combinations of words, symbols, or physical materials used by a municipal, state or federal agency that it would lead a reasonable individual to believe that the advertisement is approved, endorsed or accredited by an agency of the municipal, state, or federal government.

15.3(10) Disclosure requirements for life insurance and annuities.

a. An advertisement for a policy containing graded or modified benefits shall prominently display any limitation of benefits. If the premium is level and coverage decreases or increases with age or duration, such fact shall be prominently disclosed.

b. An advertisement for a policy with nonlevel premiums shall prominently describe the premium changes.

c. Dividends.

(1) An advertisement shall not state or imply that the payment or amount of dividends is guaranteed. If dividends for an annuity are illustrated, the illustration must be based on the insurer's illustrated scale and must contain a statement that the illustration is not to be construed as a guarantee or estimate of dividends to be paid in the future.

(2) An advertisement shall not state or imply that the illustrated scale under a participating policy or pure endowments will be or can be sufficient at any future time to ensure, without the further payment of premiums, the receipt of benefits, such as a paid-up policy, unless the advertisement clearly and precisely explains (1) what benefits or coverage would be provided at such time and (2) under what conditions this would occur.

d. An advertisement of a deferred annuity shall not state the net premium accumulation interest rate unless it discloses in close proximity thereto and with equal prominence the actual relationship between the gross and net premiums.

e. An advertisement that states the projected values of a policy must use the guaranteed interest rates in determining such projected values and, in addition, may show other projected values based on interest rates which comply with the illustrated scale. Any statements containing or based upon an interest rate higher than the guaranteed accumulation interest rates shall likewise set forth with equal prominence comparable statements containing or based upon the guaranteed accumulation interest rates. If the policy does not contain a provision for a guaranteed interest rate, any advertisement showing projected values must clearly state that the rates are not guaranteed. This subrule does not apply to an illustration or supplemental illustration subject to the provisions of the Life Illustrations Model Regulation, 191 IAC 14.

f. An advertisement or presentation which does not recognize the time value of money through the use of appropriate interest adjustments shall not be used for comparing the cost of two or more life insurance policies. Such advertisement may be used for the purpose of demonstrating the cash flow pattern of a policy if such advertisement is accompanied by a statement disclosing that the advertisement does not recognize that, because of interest, a dollar in the future may not have the same value as a dollar at the time of the presentation.

g. An advertisement of benefits shall not display guaranteed and nonguaranteed benefits as a single sum unless they are also shown separately in close proximity thereto.

h. A statement regarding the use of life insurance cost indexes shall include an explanation that the indexes are useful only for the comparison of the relative costs of two or more similar policies.

i. A life insurance cost index which reflects dividends or an equivalent level annual dividend shall be accompanied by a statement that it is based on the insurer's illustrated scale and is not guaranteed.

15.3(11) *Special offers.* Advertisements, applications, requests for additional information and similar materials are prohibited if they state or imply that the recipient has been individually selected to be offered insurance or has had the recipient's eligibility for the insurance individually determined in advance when the advertisement is directed to all individuals in a group or to all individuals whose names appear on a mailing list.

15.3(12) *Disclosure requirement.* In an advertisement that is an invitation to contract for an accident and sickness insurance policy that is guaranteed renewable, cancelable or renewable at the option of the company, the advertisement shall disclose that the insurer has the right to increase premium rates if the policy so provides.

15.3(13) *Group or quasi-group implications.*

a. An advertisement of a particular policy shall not state or imply that prospective insureds become group or quasi-group members covered under a group policy and, as members, enjoy special rates or underwriting privileges, unless that is the fact.

b. This rule prohibits the solicitation of a particular class, such as governmental employees, by use of advertisements which state or imply that their class membership entitles the member to reduced rates on a group or other basis when, in fact, the policy being advertised is sold only on an individual basis at regular rates.

c. Advertisements that indicate that a particular coverage or policy is exclusively for "preferred risks" or a particular segment of the population or that a particular segment of the population is an acceptable risk, when the distinctions are not maintained in the issuance of policies, are prohibited.

d. An advertisement to join an association, trust or discretionary group that is also an invitation to contract for insurance coverage shall clearly disclose that the applicant will be purchasing both membership in the association, trust or discretionary group and insurance coverage. The insurer shall solicit insurance coverage on a separate and distinct application that requires a separate signature. The separate and distinct application required need not be on a separate document or contained in a separate mailing. The insurance program shall be presented so as not to conceal the fact that the prospective members are purchasing insurance as well as applying for membership, if that is the case. Similarly,

the use of terms such as “enroll” or “join” to imply group or blanket insurance coverage is prohibited when that is not the fact.

e. Advertisements for group or franchise group plans that provide a common benefit or a common combination of benefits shall not imply that the insurance coverage is tailored or designed specifically for that group, unless that is the fact.

15.3(14) Compliance with Medicare supplement advertising rules. Insurers and producers shall comply with the Medicare supplement advertising rules set forth in 191—Chapter 37, Division II. [ARC 7964B, IAB 7/15/09, effective 8/19/09]

191—15.4(507B) Life insurance cost and benefit disclosure requirements.

15.4(1) The definition of terms applicable to this rule and its appendices will be found in Appendix I.

15.4(2) Except as hereafter exempted, this rule shall apply to any solicitation, negotiation or procurement of life insurance occurring within this state. This rule shall apply to any insurer issuing life insurance contracts including fraternal benefit societies.

Unless otherwise specifically included, this rule shall not apply to:

- a.* Annuities.
- b.* Credit life insurance.
- c.* Group life insurance, except for disclosures relating to preneed funeral contracts or prearrangements as provided herein. These disclosure requirements shall extend to the issuance or delivery of certificates as well as to the master policy.
- d.* Life insurance policies issued in connection with pension and welfare plans as defined by and which are subject to the federal Employee Retirement Income Security Act of 1974 (ERISA).
- e.* Variable life insurance under which the death benefits and cash values vary in accordance with unit values of investments held in a separate account.

15.4(3) Prior to or at delivery of a life insurance policy, an insurer or producer shall provide the prospective purchaser the following:

- a.* A life insurance buyer’s guide in the current form prescribed by the National Association of Insurance Commissioners or language approved by the commissioner of insurance, and
- b.* A policy summary as defined in Appendix I.

15.4(4) A policy summary is not required to include information available in the policy form or illustration. If an illustration subject to the provisions of 191 IAC 14, Life Insurance Illustrations Model Regulation, is used in the sale of a policy, delivery of a policy summary is not required. A policy summary may not include any element that is not guaranteed.

191—15.5(507B) Health insurance sales to individuals 65 years of age or older. The sale of duplicate Medicare supplement insurance is prohibited.

191—15.6(507B) Preneed funeral contracts or prearrangements. Rescinded ARC 2258C, IAB 11/25/15, effective 12/30/15.

191—15.7(507B) Twisting prohibited. No insurer or producer shall engage in the act of twisting.

191—15.8(507B) Producer responsibilities.

15.8(1) Required disclosures. A producer shall inform the prospective purchaser, prior to commencing an insurance sales presentation, that the producer is acting as an insurance producer and inform the prospective purchaser of the producer’s full name and the full name of the insurance company which the producer will represent in the insurance sales presentation. In sales situations in which a producer is not involved, the insurer shall identify its full name to a prospective purchaser.

15.8(2) Improper sales tactics.

- a.* Producers and insurers shall not employ any method of marketing or tactic which uses undue pressure, force, fright, threat, whether explicit or implied, to solicit the purchase of insurance.
- b.* A producer shall not:

(1) Execute a transaction for an insurance customer without authorization by the customer to do so; or

(2) Commit any act which shows that the producer has exerted undue influence over a person.

c. Producers and insurers shall not, without good cause:

(1) Fail or refuse to furnish any individual, upon reasonable request, information to which that individual is entitled, or to respond to a formal written request or complaint from any individual.

(2) Sell an insurance policy or rider to an individual which is a duplication of a policy or rider which the individual owns or for which the individual has applied at the time of the sale.

15.8(3) Prohibited designations and fees.

a. When an insurance producer is engaged only in the sale of insurance policies or annuities, the insurance producer shall not hold the producer out, directly or indirectly, to the public as a “financial planner,” “investment adviser,” “consultant,” “financial counselor,” or any other specialist solely engaged in the business of financial planning or giving advice relating to investments, insurance, real estate, tax matters or trust and estate matters. This provision does not preclude insurance producers who hold some form of formal recognized financial planning or consultant certification or designation from using this certification or designation when they are only selling insurance.

b. An insurance producer shall not engage in the business of financial planning without disclosing to the client prior to the execution of the agreement required by paragraph “c” or to the solicitation of the sale of a product or service that the producer is also an insurance producer and that a commission for the sale of an insurance product will be received in addition to a fee for financial planning, if such is the case. The disclosure requirement under this paragraph may be met by including the disclosure in any disclosure required by federal or state securities law.

c. An insurance producer shall not charge fees other than commissions unless such fees are based upon a written agreement signed by the client in advance of the performance of the services under the agreement. A copy of the agreement must be provided to the client at the time the agreement is signed by the client. The agreement must specifically state:

(1) The service for which the fee is to be charged;

(2) The amount of the fee to be charged or how it will be determined or calculated; and

(3) That the client is under no obligation to purchase any insurance product through the insurance producer or consultant.

The insurance producer shall retain a copy of the agreement for not less than three years after completion of services, and a copy shall be available to the commissioner upon request.

d. Producers shall not charge an additional fee for services that are customarily associated with the solicitation, negotiation or servicing of policies. This prohibition shall not apply to assigned risk policies and commercial property and casualty policies. Any additional fee that a producer intends to charge for assigned risk policies and commercial property and casualty policies must be fully disclosed to the insured.

e. Producers shall comply with rule 191—10.19(522B) in using senior-specific certifications and professional designations in the sale of life insurance and annuities.

15.8(4) Suitability. A producer shall not recommend to any person the purchase, sale or exchange of any life insurance policy, or any rider, endorsement or amendment thereto, without reasonable grounds to believe that the transaction or recommendation is not unsuitable for the person based upon reasonable inquiry concerning the person’s insurance objectives, financial situation and needs, age and other relevant information known by the producer. For purposes of this subrule, when a producer recommends a group life insurance policy, “person” shall refer to the intended group policyowner.

15.8(5) Prohibited acts.

a. For purposes of this subrule:

“Gift” means a rendering of anything of value in return for which legal consideration of equal or greater value is not given and received.

“Immediate family” shall include parent, mother-in-law, father-in-law, spouse, former spouse, brother, sister, brother-in-law, sister-in-law, son-in-law, daughter-in-law, child and stepchild. In

addition, “immediate family” shall include any other person who is supported, directly or indirectly, to a material extent by a producer.

“*Loan*” means an agreement to advance property, including but not limited to money, in return for the promise that payment will be made for use of the property.

b. A producer shall not:

(1) Solicit or accept, directly or indirectly, at any time, a personal loan from an insurance customer that in the aggregate exceeds \$250, unless the customer is:

1. A bank, savings and loan, credit union or other recognized lending entity; or
2. A member of the producer’s immediate family.

(2) Solicit or accept, directly or indirectly, at any time, a gift to the producer or to a member of the producer’s immediate family from an insurance customer that in the aggregate exceeds \$250, unless the customer is a member of the producer’s immediate family. A gift to a member of the producer’s immediate family shall be included in calculating the aggregate amount. A gift received by a member of the producer’s immediate family from a customer that is not a member of the producer’s immediate family in excess of the aggregate amount shall be deemed a violation of this subrule by the producer.

(3) Solicit or accept being named as a beneficiary, executor or trustee in a will, trust, insurance policy or annuity of a customer, unless the customer is a member of the producer’s immediate family.

(4) Evade or otherwise violate the spirit of this subrule by terminating a producer relationship with an insurance customer for the purpose of soliciting or accepting a loan or a gift, or for the purpose of being named as a beneficiary, executor or trustee in a will, trust, insurance policy or annuity that the producer otherwise would have been prohibited from soliciting or accepting by this subrule. A producer will not be in violation of this subrule if the producer has made a bona fide termination of the producer relationship with the insurance customer and has conducted no insurance or other business with the insurance customer for a period of three years.

c. Transactions which involve nominal interim ownership immediately precedent to transfer of ownership into a trust are exempt from this subrule.

191—15.9(507B) Right to return a life insurance policy or annuity (free look). The owner of an individual policy has the right, within ten days after receipt of a life insurance policy or annuity, to a free-look period. During this period, the policyowner may return the life insurance policy or annuity to the insurer at its home office, branch office, or to the producer through whom it was purchased. If so returned, the premium paid will be promptly refunded, the policy or annuity voided and the parties returned to the same position as if a policy or annuity had not been issued. If the transaction involved a replacement, the length of the free-look period will be determined according to 191—Chapter 16.

If the transaction involved a variable product, the amount to be refunded shall be determined according to the policy language. The calculations must comply with the relevant rule in either 191—Chapter 16, Replacement of Life Insurance and Annuities, or 191—Chapter 33, Variable Life Insurance Model Regulation.

191—15.10(507B) Uninsured/underinsured automobile coverage—notice required.

15.10(1) Contents of notice. Automobile insurance policies delivered in this state shall include a notice which contains and is limited to the following language:

NOTICE REGARDING UNINSURED/UNDERINSURED COVERAGE

Uninsured/underinsured coverage does not cover damage done to your vehicle. It provides benefits only for bodily injury caused by an uninsured or underinsured motorist. If you wish to be insured for damage done to your vehicle, you must have collision coverage. Please check your policy to make sure you have the coverage desired.

15.10(2) Form of notice. Notice may be provided on a separate form or may be stamped on the declaration page of the policy. The notice shall be provided in conjunction with all new policies issued. Notice may be provided at the time of application but shall in no case be provided later than the time of delivery of the new policy. Insurers may inform applicants that the notice in this rule is required by the insurance division.

191—15.11(507B) Unfair discrimination.**15.11(1) Sex discrimination.**

a. A contract shall not be denied to an individual based solely on that individual's sex or marital status. No benefits, terms, conditions or type of coverage shall be restricted, modified, excluded, or reduced on the basis of the sex or marital status of the insured or prospective insured except to the extent permitted under the Iowa Code or Iowa Administrative Code. An insurer may consider marital status for the purpose of defining individuals eligible for dependents' benefits. This subrule does not apply to group life insurance policies or group annuity contracts issued in connection with pension and welfare plans which are subject to the federal Employee Retirement Income Security Act of 1974 (ERISA).

b. Specific examples of practices prohibited by this subrule include, but are not limited to, the following:

(1) Denying coverage to individuals of one sex employed at home, employed part-time or employed by relatives when coverage is offered to individuals of the opposite sex similarly employed.

(2) Denying policy riders to persons of one sex when the riders are available to persons of the opposite sex.

(3) Denying a policy under which maternity coverage is available to an unmarried female when that same policy is available to a married female.

(4) Denying, under group contracts, dependent coverage to spouses of employees of one sex, when dependent coverage is available to spouses of employees of the opposite sex.

(5) Denying disability income coverage to employed members of one sex when coverage is offered to members of the opposite sex similarly employed.

(6) Treating complications of pregnancy differently from any other illness or sickness under the contract.

(7) Restricting, reducing, modifying, or excluding benefits relating to coverage involving the genital organs of only one sex.

(8) Offering lower maximum monthly benefits to members of one sex than to members of the opposite sex who are in the same underwriting and occupational classification under a disability income contract.

(9) Offering more restrictive benefit periods and more restrictive definitions of disability to members of one sex than to members of the opposite sex in the same underwriting and occupational classifications under a disability income contract.

(10) Establishing different contract conditions based on gender which limit the benefit options a policyholder may exercise.

(11) Limiting the amount of coverage due to an insured's or prospective insured's marital status unless such limitation applies only to coverage for dependents and is uniformly applied to males and females.

c. When rates are differentiated on the basis of sex, an insurer must, upon the request of the commissioner of insurance, justify the rate differential in writing to the satisfaction of the commissioner. All rates shall be based on sound actuarial principles or a valid classification system and actual experience statistics, if available.

d. This subrule shall not affect the right of fraternal benefit societies to determine eligibility requirements for membership. If a fraternal benefit society does, however, admit members of both sexes, this subrule is applicable to the insurance benefits available to its members.

15.11(2) Physical or mental impairment. No contract, benefits, terms, conditions or type of coverage shall be denied, restricted, modified, excluded or reduced solely on the basis of physical or mental impairment of the insured or prospective insured except where based on sound actuarial principles or related to actual or reasonably anticipated experience. For purposes of this subrule, both blindness and partial blindness shall be considered a physical impairment.

15.11(3) Income discrimination. An insurer shall not refuse to issue, limit the amount or apply different rates to individuals of the same class in the sale of individual life insurance based solely upon the prospective insured's legal source or level of income, unless such action is based on sound actuarial

principles or is related to actual or reasonably anticipated experience. The portion of this subrule pertaining to level of income does not:

- a. Apply to the sale of disability income insurance of any kind or of any insurance designed to protect against economic loss due to a disruption in the regular flow of an individual's earned income;
- b. Prohibit the sale of any insurance or annuity which is made available only to employees;
- c. Prohibit basing the amount of insurance sold to an employee on a multiple or a percentage of the employee's salary or prohibit limiting availability to employees who have achieved a certain employment status as defined by the employer;
- d. Prohibit insurers from providing life or health insurance as an incidental benefit through a qualified pension plan;
- e. Prohibit insurers from applying suitability standards which include income as a factor in the sale of any life insurance or annuity products;
- f. Prohibit insurers from establishing maximum or minimum amounts of insurance that will be issued to individuals so long as this is pursuant to a preexisting specialized marketing strategy which the insurer can demonstrate is related to the financial capacity of the insurer to write business or to bona fide transaction costs.

15.11(4) *Domestic abuse.* A contract shall not be denied to an individual based solely on the fact that such individual has been or is believed to have been a victim of domestic abuse as defined in Iowa Code section 236.2.

15.11(5) *Genetic information.* Any action by an insurer that is not in compliance with Title I of the Genetic Information Nondiscrimination Act of 2008 (Public Law 110-233, 122 Stat. 881) shall be considered an unfair trade practice and shall be subject to the penalties of Iowa Code chapter 507B and of these rules.

15.11(6) *Discrimination relating to children under the age of 19.* It is an unfair trade practice to:

- a. Encourage individuals or groups to refrain from filing an application with an insurer for coverage for a child under the age of 19 because of the child's health status, claims experience, industry, occupation, or geographic location;
- b. Encourage or direct children under the age of 19 to seek coverage from another insurer because of the child's health status, claims experience, industry, occupation, or geographic location; and
- c. Encourage an employer to exclude an employee from coverage.

[ARC 7796B, IAB 5/20/09, effective 5/22/09; ARC 7965B, IAB 7/15/09, effective 8/19/09; ARC 9498B, IAB 5/4/11, effective 6/8/11]

191—15.12(507B) Testing restrictions of insurance applications for the human immunodeficiency virus.

15.12(1) *Written release.* No insurer shall obtain a test of any individual in connection with an application for insurance for the presence of an antibody to the human immunodeficiency virus unless the individual to be tested provides a written release on a form which contains the following information:

- a. A statement of the purpose, content, use, and meaning of the test.
- b. A statement regarding disclosure of the test results including information explaining the effect of releasing the information to an insurer.
- c. A statement of the purpose for which test results may be used.

15.12(2) *Form.* A preapproved form is provided in Appendix II. An insurer wishing to utilize a form which deviates from the language in the appendix to these rules shall submit the form to the insurance division for approval. Any form containing, but not limited to, the language in the appendix shall be deemed approved.

15.12(3) *Test results.* A person engaged in the business of insurance who receives results of a positive human immunodeficiency virus (HIV) test in connection with an application for insurance shall report those results to a physician or alternative testing site of the applicant's or policyholder's choice or, if the applicant or policyholder does not choose a physician or alternative testing site to receive the results, to the Iowa department of public health.

191—15.13(507B) Records maintenance.

15.13(1) *Complaint and business records.*

a. An insurer shall maintain its books, records, documents and other business records in such an order that data regarding complaints, claims, rating, underwriting and marketing are accessible and retrievable for examination by the insurance commissioner.

b. An insurer shall maintain a complete record of all the complaints received since the date of its last examination by the insurer's state of domicile or port-of-entry state. This record shall indicate the total number of complaints, their classification by line of insurance, the nature of each complaint, the disposition of each complaint, and the time it took to process each complaint. Appendix IV sets forth the minimum information required to be contained in the complaint record.

15.13(2) *Insurer's control over advertisements.* Every insurer shall establish and at all times maintain a system of control over the content, form, and method of dissemination of all advertisements which explain a particular policy. All such advertisements, whether written, created, designed or presented by the insurer or its appointed producer, shall be the responsibility of the insurer whose particular policies are so advertised. As part of this requirement, each insurer shall maintain at its home or principal office a complete file containing a specimen copy of every printed, published or prepared advertisement of its policies, with a notation indicating the manner and extent of distribution and the form number of any policy advertised. Such file shall be subject to inspection by the insurance division. All such advertisements shall be maintained for a period of either four years or until the filing of the next regular report on examination of the insurer, whichever is the longer period of time.

15.13(3) *Education and training materials.* Every insurer shall establish and maintain a system of control over the content and form of all material used by the insurer or any of its employees for the recruitment, training, and education of producers in the sale of insurance. Upon request, copies of these materials shall be made available to the commissioner.

191—15.14(505,507B) Enforcement section—cease and desist and penalty orders.

15.14(1) If, after hearing, the commissioner determines that a person has engaged in an unfair trade practice in violation of these rules, an unfair method of competition, or an unfair or deceptive act or practice in violation of Iowa Code chapter 507B, the commissioner shall reduce the findings to writing and shall issue and cause to be served upon the person charged with the violation a copy of such findings and an order requiring the person to cease and desist from engaging in such method of competition, act or practice. The commissioner also may order one or more of the following:

a. Payment of a civil penalty of not more than \$1,000 for each act or violation, but not to exceed an aggregate penalty of \$10,000, unless the person knew or reasonably should have known that the actions were in violation of these rules or of Iowa Code chapter 507B, in which case the penalty shall be not more than \$5,000 for each act or violation, but not to exceed an aggregate penalty of \$50,000 in any one six-month period. If the commissioner finds that a violation of these rules or of Iowa Code chapter 507B was directed, encouraged, condoned, ignored, or ratified by the employer of the person or by an insurer, the commissioner shall also assess a fine to the employer or insurer;

b. Suspension or revocation of an insurer's certificate of authority or the producer's license if the insurer or producer knew or reasonably should have known that it was in violation of these rules or of Iowa Code chapter 507B;

c. Payment of interest at the rate of 10 percent per annum if the commissioner finds that the insurer failed to pay interest as required under Iowa Code section 507B.4, subsection 12;

d. Full disclosure by the insurer of all terms and conditions of the policy to the policyowner;

e. Payment of the costs of the investigation and administrative expenses related to any act or violation. The commissioner may retain funds collected pursuant to any settlement, enforcement action, or other legal action authorized under federal or state law for the purpose of reimbursing costs and expenses of the division.

15.14(2) Any person who violates a cease and desist order of the commissioner while such order is in effect may, after notice and hearing and upon order of the commissioner, be subject at the discretion of the commissioner to one or both of the following:

a. A civil penalty of not more than \$10,000 for each and every act or violation.

- b. Suspension or revocation of such person's license.

191—15.15 to 15.30 Reserved.

DIVISION II
CLAIMS

191—15.31(507B) General claims settlement guidelines. No insurer shall issue checks or drafts in partial settlement of a loss or claim under a specific coverage that contains language purporting to release the insurer or its insured from total liability.

191—15.32(507B) Prompt payment of certain health claims. Effective July 1, 2002, the following provisions apply:

15.32(1) Definitions and scope.

- a. For purposes of this rule, the following definitions apply:

"Circumstance requiring special treatment" means:

1. A claim that an insurer has a reasonable basis to suspect may be fraudulent or that fraud or a material misrepresentation may have occurred under the benefit certificate or policy or in obtaining such certificate or policy; or
2. A matter beyond the insurer's control, such as an act of God, insurrection, strike or other similar labor dispute, fire or power outage or, for a group-sponsored health plan, the failure of the sponsoring group to pay premiums to the insurer in a timely manner; or
3. Similar unique or special circumstances which would reasonably prevent an insurer from paying an otherwise clean claim within 30 days.

"Clean claim" means clean claim as defined in 2001 Iowa Acts, chapter 69, section 8(2b).

"Coordination of benefits for third-party liability" means a claim for benefits by a covered individual who has coverage under more than one health benefit plan.

"Properly completed billing instrument" means:

1. In the case of a health care provider that is not a health care professional:
 - The Health Care Finance Administration (HCFA) Form 1450, also known as Form UB-92, or similar form adopted by its successor Centers for Medicare/Medicaid Services (CMS) as adopted by the National Uniform Billing Committee (NUBC) with data element usage prescribed in the UB-92 National Uniform Billing Data Elements Specification Manual, or
 - The electronic format for institutional claims adopted as a standard by the Secretary of Health and Human Services pursuant to Section 1173 of the Social Security Act; or

 - The electronic format for professional claims adopted as a standard by the Secretary of Health and Human Services pursuant to Section 1173 of the Social Security Act; and
3. Any other information reasonably necessary for an insurer to process a claim for benefits under the benefit certificate or policy with the insured contract.

b. Scope. This subrule applies to claims submitted to an insurer as defined above on or after July 1, 2002, and is limited to policies issued, issued for delivery, or renewed in this state.

15.32(2) Insurer duty to promptly pay claims and pay interest.

a. Insurers subject to this subrule shall either accept and pay or deny a clean claim for health care benefits under a benefit certificate or policy issued by the insurer within 30 days after the insurer's receipt of such claim. A clean claim is considered to be paid on the date upon which a check, draft, or other valid negotiable instrument is written. Insurers shall implement procedures to ensure that these payments are promptly delivered.

b. Insurers or entities that administer or process claims on behalf of an insurer who fail to pay a clean claim within 30 days after the insurer's receipt of a properly completed billing instrument shall

pay interest. Interest shall accrue at the rate of 10 percent per annum commencing on the thirty-first day after the insurer's receipt of all information necessary to establish a clean claim. Interest will be paid to the claimant or provider based upon who is entitled to the benefit payment.

c. Insurers shall have 30 days from the receipt of a claim to request additional information to establish a clean claim. An insurer shall provide a written or electronic notice to the claimant or health care provider if additional information is needed to establish a clean claim. The notice shall include a full explanation of the information necessary to establish a clean claim.

d. Effective January 1, 2003, when a claim involves coordination of benefits, an insurer is required to comply with the requirements of this subrule when that insurer's liability has been determined.

15.32(3) *Certain insurance products exempt.* Claims paid under the following insurance products are exempt from the provisions of this subrule: liability insurance, workers' compensation or similar insurance, automobile or homeowners insurance, medical payment insurance or disability income insurance.

This rule is intended to implement Iowa Code sections 507B.4A and 514G.111 and 2015 Iowa Acts, House File 632, section 21.

191—15.33(507B) Audit procedures for medical claims.

15.33(1) *Prohibitions.* This rule applies to all claims paid on or after January 1, 2002:

a. Absent a reasonable basis to suspect fraud, an insurer may not audit a claim more than two years after the submission of the claim to the insurer. Nothing in this rule prohibits an insurer from requesting all records associated with the claim.

b. Absent a reasonable basis to suspect fraud, an insurer may not audit a claim with a billed charge of less than \$25.

15.33(2) *Standards.*

a. In auditing a claim, the insurer must make a reasonable effort to ensure that the audit is performed by a person or persons with appropriate qualifications for the type of audit being performed.

b. In auditing a claim, the auditor must use the coding guidelines and instructions that were in effect on the date the medical service was provided.

15.33(3) *Contents of audit request.* All correspondence regarding the audit of a claim must include the following information:

a. The name, address, telephone number and contact person of the insurer conducting the audit,

b. The name of the entity performing the audit if not the insurer,

c. The purpose of the audit, and

d. If included in the audit, the specific coding or billing procedure that is under review.

This rule is intended to implement Iowa Code section 507B.4, subsection 9, as amended by 2001 Iowa Acts, chapter 69.

191—15.34 to 15.40 Reserved.

191—15.41(507B) Claims settlement guidelines for property and casualty insurance. For purposes of this rule, "insurer" means property and casualty insurers.

15.41(1) An insurer shall fully disclose to first-party claimants all pertinent benefits, coverages or other provisions of a policy or contract under which a claim is presented.

15.41(2) Within 30 days after receipt by the insurer of properly executed proofs of loss, the first-party property claimant shall be advised of the acceptance or denial of the claim by the insurer. No insurer shall deny a claim on the grounds of a specific policy provision, condition or exclusion unless reference to such provision, condition, or exclusion is included in the denial. The denial must be given to the claimant in writing, and the claim file of the insurer shall contain documentation of the denial.

When there is a reasonable basis supported by specific information available for review by the commissioner that the first-party claimant has fraudulently caused or contributed to the loss, the insurer is relieved from the requirements of this subrule. However, the claimant shall be advised of the acceptance

or denial of the claim within a reasonable time for full investigation after receipt by the insurer of a properly executed proof of loss.

15.41(3) If the insurer needs more time to determine whether a first-party claim should be accepted or denied, the insurer shall so notify the first-party claimant within 30 days after receipt of the proof of loss and give the reasons more time is needed. If the investigation remains incomplete, the insurer shall, 45 days from the initial notification and every 45 days thereafter, send to the claimant a letter setting forth the reasons additional time is needed for investigation.

When there is a reasonable basis supported by specific information available for review by the commissioner for suspecting that the first-party claimant has fraudulently caused or contributed to the loss, the insurer is relieved from the requirements of this subrule. However, the claimant shall be advised of the acceptance or denial of the claim by the insurer within a reasonable time for full investigation after receipt by the insurer of a properly executed proof of loss.

15.41(4) Insurers shall not fail to settle first-party claims on the basis that responsibility for payment should be assumed by others except as may otherwise be provided by policy provisions.

15.41(5) No insurer shall make statements indicating that the rights of a third-party claimant may be impaired if a form or release, other than a release to obtain medical records, is not completed within a given period of time unless the statement is given for the purpose of notifying the third-party claimant of the provision of a statute of limitations.

15.41(6) The insurer shall affirm or deny liability on claims within a reasonable time and shall tender payment within 30 days of affirmation of liability, if the amount of the claim is determined and not in dispute. In claims where multiple coverages are involved, payments which are not in dispute under one of the coverages and where the payee is known should be tendered within 30 days if such payment would terminate the insurer's known liability under that coverage.

15.41(7) No producer shall conceal from a first-party claimant benefits, coverages or other provisions of any insurance policy or insurance contract when such benefits, coverages or other provisions are pertinent to a claim.

15.41(8) A claim shall not be denied on the basis of failure to exhibit property unless there is documentation of breach of the policy provisions to exhibit or cooperate in the claim investigation.

15.41(9) No insurer shall deny a claim based upon the failure of a first-party claimant to give written notice of loss within a specified time limit unless the written notice is a written policy condition. An insurer may deny a claim if the claimant's failure to give written notice after being requested to do so is so unreasonable as to constitute a breach of the claimant's duty to cooperate with the insurer.

15.41(10) No insurer shall indicate to a first-party claimant on a payment draft, check or in any accompanying letter that said payment is "final" or "a release" of any claim unless the policy limit has been paid or there has been a compromise settlement agreed to by the first-party claimant and the insurer as to coverage and amount payable under the contract.

15.41(11) No insurer shall request or require any insured to submit to a polygraph examination unless authorized under the applicable insurance contracts and state law.

191—15.42(507B) Acknowledgment of communications by property and casualty insurers. For purposes of this rule, "insurer" means property and casualty insurers.

15.42(1) Upon receiving notification of a claim, an insurer shall, within 15 days, acknowledge the receipt of such notice unless payment is made within that period of time. If an acknowledgment is made by means other than in writing, an appropriate notation of the acknowledgment shall be made in the claim file of the insurer and dated.

15.42(2) Upon receipt of any inquiry from the Iowa insurance division regarding a claim, an insurer shall, within 21 days of receipt of such inquiry, furnish the division with an adequate response to the inquiry, in duplicate.

15.42(3) The insurer shall reply within 15 days to all pertinent communications from a claimant which reasonably suggest that a response is expected.

15.42(4) Upon receiving notification of claim, an insurer shall promptly provide necessary claim forms, instructions and reasonable assistance so that first-party claimants can comply with the policy

conditions and the insurer's reasonable requirements. Compliance with this subrule within 15 days of notification of a claim shall constitute compliance with subrule 15.42(1).

191—15.43(507B) Standards for settlement of automobile insurance claims.

15.43(1) Loss calculation and deviation guidelines.

a. Loss calculation. When the insurance policy provides for the adjustment and settlement of first-party automobile total losses on the basis of actual cash value or replacement with another automobile of like kind and quality, one of the following methods shall apply:

(1) The insurer may elect to offer a replacement automobile that is at least comparable in that it will be by the same manufacturer, same or newer year, similar body style, similar options and mileage as the insured vehicle and in as good or better overall condition and available for inspection at a licensed dealer within a reasonable distance of the insured's residence. All applicable taxes, license fees and other fees incident to the transfer of evidence of ownership of the automobile shall be paid by the insurer, at no cost to the insured, other than any deductible provided in the policy. The offer and any rejection thereof must be documented in the claim file.

(2) The insurer may elect a cash settlement based upon the actual cost, less any deductible provided in the policy, to purchase a comparable automobile including all applicable taxes, license fees and other fees incident to transfer of evidence of ownership of a comparable automobile. Such cost may be derived from:

1. The cost of two or more comparable automobiles in the local market area when comparable automobiles are available or were available within the last 90 days to consumers in the local market area; or

2. The cost of two or more comparable automobiles in areas proximate to the local market area, including the closest major metropolitan areas within or without the state, that are available or were available within the last 90 days to consumers when comparable automobiles are not available in the local market area; or

3. One of two or more quotations obtained by the insurer from two or more licensed dealers located within the local market area when the cost of comparable automobiles is not available; or

4. Any source for determining statistically valid fair market values that meet all of the following criteria:

- The source shall give primary consideration to the values of vehicles in the local market area and may consider data on vehicles outside the area.

- The source's database shall produce values for at least 85 percent of all makes and models for the last 15 model years taking into account the values of all major options for such vehicles.

- The source shall produce fair market values based on current data available from the area surrounding the location where the insured vehicle was principally garaged or a necessary expansion of parameters (such as time and area) to ensure statistical validity.

(3) If the insurer is notified within 35 days of the receipt of the claim draft that the insured cannot purchase a comparable vehicle for such market value, the insured shall have a right of recourse. The insurer shall reopen its claim file and the following procedure(s) shall apply:

1. The insurer may locate a comparable vehicle by the same manufacturer, same or newer year, similar body style and similar options and price range for the insured for the market value determined by the insurer at the time of settlement. Any such vehicle must be available through a licensed dealer; or

2. The insurer shall either pay the insured the difference between the market value before applicable deductions and the cost of the comparable vehicle of like kind and quality which the insured has located, or negotiate and effect the purchase of this vehicle for the insured; or

3. The insurer may elect to offer a replacement in accordance with the provisions set forth in subrule 15.43(1); or

4. The insurer may conclude the loss settlement as provided for under the appraisal section of the insurance contract in force at the time of loss. This appraisal shall be considered as binding against both parties, but shall not preclude or waive any other rights either party has under the insurance contract or a common law.

The insurer is not required to take action under this subrule if its documentation to the insured at the time of settlement included written notification of the availability and location of a specified and comparable vehicle of the same manufacturer, same or newer year, similar body style and similar options in as good or better condition as the total-loss vehicle which could have been purchased for the market value determined by the insurer before applicable deductions. The documentation shall include the vehicle identification number.

b. Deviation. When a first-party automobile total loss is settled on a basis which deviates from the methods described in paragraph “a,” the deviation must be supported by documentation giving particulars of the automobile’s condition. Any deductions from such cost, including deduction for salvage, must be measurable, discernible, itemized and specified as to dollar amount and shall be appropriate in amount. The basis for such settlement shall be fully explained to the first-party claimant.

15.43(2) Where liability and damages are reasonably clear, an insurer shall not recommend that third-party claimants make claims under their own policies solely to avoid paying claims under the insurer’s policy.

15.43(3) The insurer shall not require a claimant to travel an unreasonable distance either to inspect a replacement automobile, to obtain a repair estimate or to have the automobile repaired at a specific repair shop.

15.43(4) The insurer shall, upon the claimant’s request, include the first-party claimant’s deductible, if any, in subrogation demands. Subrogation recoveries shall be shared on a proportionate basis with the first-party claimant, unless the deductible amount has been otherwise recovered. No deduction for expenses shall be made from the deductible recovery unless an outside attorney is retained to collect such recovery. The deduction may then be for only a pro-rata share of the allocated loss adjustment expense.

15.43(5) Vehicle repairs. If partial losses are settled on the basis of a written estimate prepared by or for the insurer, the insurer shall supply the insured a copy of the estimate upon which the settlement is based. The estimate prepared by or for the insurer shall be reasonable, in accordance with applicable policy provisions, and of an amount which will allow for repairs to be made in a workmanlike manner. If the insured subsequently claims, based upon a written estimate which the insured obtains, that necessary repairs will exceed the written estimate prepared by or for the insurer, the insurer shall (1) pay the difference between the written estimate and a higher estimate obtained by the insured, or (2) promptly provide the insured with the name of at least one repair shop that will make the repairs for the amount of the written estimate. If the insurer designates only one or two such repair shops, the insurer shall ensure that the repairs are performed according to automobile industry standards. The insurer shall maintain documentation of all such communications.

15.43(6) When the amount claimed is reduced because of betterment or depreciation, all information for such reduction shall be contained in the claim file. Such deductions shall be itemized and specified as to dollar amount and shall be appropriate for the amount of deductions.

15.43(7) When the insurer elects to repair an automobile, the insurer shall cause the damaged automobile to be restored to its condition prior to the loss at no additional cost to the claimant other than as stated in the policy, within a reasonable period of time.

15.43(8) Storage and towing. The insurer shall provide reasonable notice to an insured prior to termination of payment for automobile storage charges. The insurer shall provide reasonable time for the insured to remove the vehicle from storage prior to the termination of payment. Unless the insurer has provided an insured with the name of a specific towing company prior to the insured’s use of another towing company, the insurer shall pay all reasonable towing charges.

15.43(9) Betterment. Betterment deductions are allowable only if the deductions reflect a measurable decrease in market value attributable to the poorer condition of, or prior damage to, the vehicle. Betterment deductions must be measurable, itemized, specified as to dollar amount and documented in the claim file.

15.43(10) Diminished value. Rescinded IAB 4/28/04, effective 4/7/04.

191—15.44(507B) Standards for determining replacement cost and actual cost values.

15.44(1) Replacement cost. When the policy provides for the adjustment and settlement of first-party losses based on replacement cost, the following shall apply:

a. When a loss requires repair or replacement of an item or part, any consequential physical damage incurred in making such repair or replacement not otherwise excluded by the policy shall be included in the loss. The insured shall not have to pay for betterment or any other cost except for the applicable deductible.

b. When a loss requires replacement of items and the replaced items do not match in quality, color or size, the insurer shall replace as much of the item as is necessary to result in a reasonably uniform appearance within the same line of sight. This subrule applies to interior and exterior losses. Exceptions may be made on a case-by-case basis. The insured shall not bear any cost over the applicable deductible, if any.

15.44(2) Actual cash value.

a. When the insurance policy provides for the adjustment and settlement of losses on an actual cash value basis on residential fire and extended coverage, the insurer shall determine the actual cash value. "Actual cash value" means replacement cost of property at time of loss, less depreciation, if any. Alternatively, an insurer may use market value in determining actual cash value. Upon the insured's request, the insurer shall provide a copy of the claim file worksheet(s) detailing any and all deductions for depreciation.

b. In cases in which the insured's interest is limited because the property has nominal or no economic value, or a value disproportionate to replacement cost less depreciation, the determination of actual cash value as set forth above is not required. In such cases, the insurer shall provide, upon the insured's request, a written explanation of the basis for limiting the amount of recovery along with the amount payable under the policy.

15.44(3) Applicability. This rule does not apply to automobile insurance claims.

191—15.45(507B) Guidelines for use of aftermarket crash parts in motor vehicles.

15.45(1) Identification. All aftermarket crash parts supplied for use in this state shall comply with the identification requirements of Iowa Code section 537B.4.

15.45(2) Like kind and quality. An insurer shall not require the use of aftermarket crash parts in the repair of an automobile unless the aftermarket crash part is certified by a nationally recognized entity to be at least equal in kind and quality to the original equipment manufacturer part in terms of fit, quality and performance, or that the part complies with federal safety standards.

15.45(3) Contents of notice. Any automobile insurance policy delivered in this state that pays benefits based on the cost of aftermarket crash parts or that requires the insured to pay the difference between the cost of original equipment manufacturer parts and the cost of aftermarket crash parts shall include a notice which contains and is limited to the following language:

NOTICE—PAYMENT FOR AFTERMARKET CRASH PARTS

Physical damage coverage under this policy includes payment for aftermarket crash parts. If you repair the vehicle using more expensive original equipment manufacturer (OEM) parts, you may pay the difference. Any warranties applicable to these replacement parts are provided by the manufacturer or distributor of these parts rather than the manufacturer of your vehicle.

15.45(4) Form of notice. Notice may be provided on a separate form or may be printed prominently on the declaration page of the policy. The notice shall be provided in conjunction with all new policies issued. Notice may be provided at the time of application, but shall in no case be provided later than the time of delivery of the new policy. Insurers may inform applicants that the insurance division requires the notice in this rule.

191—15.46 to 15.50 Reserved.

DIVISION III
DISCLOSURE FOR SMALL FACE AMOUNT LIFE INSURANCE POLICIES

191—15.51(507B) Purpose. The purpose of these rules is to ensure the provision of meaningful information to the purchasers of small face amount life insurance policies. The rules in this division apply to all small face amount policies not exempted under rule 191—15.53(507B) that are issued on or after July 1, 2004.

191—15.53(507B) Exemptions. These rules apply to all group and individual life insurance policies and certificates except:

1. Variable life insurance;
2. Individual and group annuity contracts;
3. Credit life insurance;
4. Group or individual policies of life insurance issued to members of an employer group or other permitted group when:
 - Every plan of coverage was selected by the employer or other group representative;
 - Some portion of the premium is paid by the group or through payroll deduction; and
 - Group underwriting or simplified underwriting is used; and
5. Policies and certificates where an illustration has been provided pursuant to the requirements of 191—Chapter 14.

191—15.54(507B) Disclosure requirements.

15.54(1) An insurer issuing a small face amount policy shall provide the disclosure included in Appendix IV if at any point in time over the term of the policy the cumulative premiums paid may exceed the face amount of the policy at that point in time. The required disclosure shall be provided to the policy owner or certificate holder no later than at the time the policy or certificate is delivered. The disclosure shall not be attached to the policy, but may be delivered with the policy.

15.54(2) If, for a particular policy form, the cumulative premiums may exceed the face amount for some demographic or benefit combination but not for all combinations, the insurer may choose to either:

- a. Provide the disclosure only in those circumstances when the premiums may exceed the face amount; or
- b. Provide the disclosure for all demographic and benefit combinations.

15.54(3) Cumulative premiums shall include premiums paid for riders. However, the face amount shall not include the benefit attributable to the riders.

191—15.55(507B) Insurer duties. The insurer and its producers shall have a duty to provide information to policyholders or certificate holders that ask questions about the disclosure statement.

191—15.56 to 15.60 Reserved.

DIVISION IV
ANNUITY DISCLOSURE REQUIREMENTS

191—15.61(507B) Purpose. The purpose of the rules in Division IV of this chapter is to provide standards for the disclosure of certain minimum information about annuity contracts to protect consumers and to foster consumer education. The rules specify the minimum information which must be disclosed, the method for disclosing it and the use and content of illustrations, if used, in connection with the sale of annuity contracts. The goal of these rules is to ensure that purchasers of annuity contracts understand certain basic features of annuity contracts.

[ARC 0035C, IAB 3/7/12, effective 4/11/12]

191—15.62(507B) Applicability and scope. These rules apply to all annuities not exempted under this rule 191—15.62(507B) for which applications are taken on or after January 1, 2013, except that rule 191—15.66(507B) applies to all annuities not exempted under this rule 191—15.62(507B) which are in effect or for which applications are taken on or after January 1, 2013, and except that rule 191—15.67(507B) applies to all annuity contracts not exempted under this rule 191—15.62(507B) which are in effect on or after January 1, 2013. These rules apply to all group and individual annuity contracts and certificates except:

15.62(1) Immediate and deferred annuities that contain no nonguaranteed elements;

15.62(2) Annuities used to fund:

a. An employee pension plan which is covered by the Employee Retirement Income Security Act (ERISA);

b. A plan described by Section 401(a), 401(k) or 403(b) of the Internal Revenue Code, where the plan, for purposes of ERISA, is established or maintained by an employer;

c. A governmental or church plan defined in Section 414 of the Internal Revenue Code or a deferred compensation plan of a state or local government or a tax exempt organization under Section 457 of the Internal Revenue Code; or

d. A nonqualified deferred compensation arrangement established or maintained by an employer or plan sponsor.

Notwithstanding this subrule 15.62(2), these rules shall apply to annuities used to fund a plan or arrangement that is funded solely by contributions an employee elects to make whether on a pretax or after-tax basis, and where the insurance company has been notified that plan participants may choose from among two or more fixed annuity providers and there is a direct solicitation of an individual employee by a producer for the purchase of an annuity contract. As used in this subrule, direct solicitation shall not include any meeting held by a producer solely for the purpose of educating or enrolling employees in the plan or arrangement;

15.62(3) Structured settlement annuities;

15.62(4) Charitable gift annuities as defined in Iowa Code chapter 508F;

15.62(5) Nonregistered variable annuities issued exclusively to an accredited investor or qualified purchaser as those terms are defined by the Securities Act of 1933 (15 U.S.C. Section 77a et seq.), the Investment Company Act of 1940 (15 U.S.C. Section 80a-1 et seq.), or the regulations promulgated under either of those acts, and offered for sale and sold in a transaction that is exempt from registration under the Securities Act of 1933 (15 U.S.C. Section 77a et seq.); and

15.62(6) Transactions involving variable annuities and other registered products in compliance with Securities and Exchange Commission (SEC) rules and Financial Industry Regulatory Authority (FINRA) rules relating to disclosures and illustrations, provided that compliance with rule 191—15.64(507B) shall be required after January 1, 2015, unless, or until such time as, the SEC has adopted a summary prospectus rule or FINRA has approved for use a simplified disclosure form applicable to variable annuities or other registered products.

a. Notwithstanding this subrule 15.62(6), the delivery of the Buyer's Guide is required in sales of variable annuities and, when appropriate, in sales of other registered products.

b. Nothing in this subrule 15.62(6) shall limit the commissioner's ability to enforce the provisions of these rules or to require additional disclosure.

[ARC 0035C, IAB 3/7/12, effective 4/11/12]

191—15.63(507B) Definitions. For purposes of these rules:

"Buyer's Guide" means the National Association of Insurance Commissioners' approved Annuity Buyer's Guide.

"Contract owner" means the owner named in the annuity contract or the certificate holder in the case of a group annuity contract.

"Determinable elements" means elements that are derived from processes or methods that are guaranteed at issue and not subject to company discretion, but where the values or amounts cannot be determined until some point after the contract is issued. These elements include the premiums, credited

interest rates (including any bonus), benefits, values, non-interest-based credits, charges, or elements of formulas used to determine any of these elements. These elements may be described as guaranteed but not determined at issue. An element is considered determinable if it was calculated from underlying determinable elements only, or from both determinable and guaranteed elements.

“*Funding agreement*” means an agreement for an insurer to accept and accumulate funds and to make one or more payments at future dates in amounts that are not based on mortality or morbidity contingencies.

“*Generic name*” means a short title descriptive of the annuity contract for which application is made or an illustration is prepared, such as “single premium deferred annuity.”

“*Guaranteed elements*” means the premiums, credited interest rates (including any bonus), benefits, values, non-interest-based credits, charges, or elements of formulas used to determine any of these elements, that are guaranteed and determined at issue. An element is considered guaranteed if all of the underlying elements that go into its calculation are guaranteed.

“*Illustration*” means a personalized presentation or depiction that is prepared for and provided to an individual consumer and that includes nonguaranteed elements of an annuity contract over a period of years.

“*Market value adjustment*” or “*MVA*” is a positive or negative adjustment that may be applied to the account value or cash value of the annuity upon withdrawal, surrender, contract annuitization or death benefit payment based either on the movement of an external index or on the company’s current guaranteed interest rate being offered on new premiums or new rates for renewal periods, if that withdrawal, surrender, contract annuitization or death benefit payment occurs at a time other than on a specified guaranteed benefit date.

“*Nonguaranteed elements*” means the premiums, credited interest rates (including any bonus), benefits, values, non-interest-based credits, charges or elements of formulas used to determine any of these elements, that are subject to company discretion and are not guaranteed at issue. An element is considered nonguaranteed if any of the underlying nonguaranteed elements are used in its calculation.

“*Structured settlement annuity*” means a “qualified funding asset” as defined in Section 130(d) of the Internal Revenue Code or an annuity that would be a qualified funding asset under Section 130(d) but for the fact that it is not owned by an assignee under a qualified assignment.

[ARC 0035C, IAB 3/7/12, effective 4/11/12]

191—15.64(507B) Standards for the disclosure document and Buyer’s Guide.

15.64(1) Delivery methods. The documents required under this rule may be delivered as follows:

a. When an application for an annuity contract is taken in a face-to-face meeting, the applicant shall be given at or before the time of application both the disclosure document described in rule 191—15.65(507B) and the Buyer’s Guide, if any.

b. When an application for an annuity contract is taken by means other than a face-to-face meeting, the applicant shall be sent both the disclosure document and the Buyer’s Guide no later than five business days after the completed application is received by the insurer.

c. When an application is received as a result of direct solicitation through the mail:

(1) Providing a Buyer’s Guide in a mailing inviting prospective applicants to apply for an annuity contract shall be deemed to satisfy the requirement that the Buyer’s Guide be provided no later than five business days after receipt of the application.

(2) Providing a disclosure document in a mailing inviting a prospective applicant to apply for an annuity contract shall be deemed to satisfy the requirement that the disclosure document be provided no later than five business days after receipt of the application.

d. When an application is received via the Internet:

(1) Taking reasonable steps to make the Buyer’s Guide available for viewing and printing on the insurer’s Web site shall be deemed to satisfy the requirement that the Buyer’s Guide be provided no later than five business days after receipt of the application.

(2) Taking reasonable steps to make the disclosure document available for viewing and printing on the insurer's Web site shall be deemed to satisfy the requirement that the disclosure document be provided no later than five business days after receipt of the application.

15.64(2) *Free Buyer's Guide.* A solicitation for an annuity contract provided in other than a face-to-face meeting shall include a statement that the proposed applicant may contact the Iowa insurance division for a free Buyer's Guide. In lieu of the foregoing statement, an insurer may include a statement that the prospective applicant may contact the insurer for a free Buyer's Guide.

15.64(3) *Free-look period.* When the Buyer's Guide and disclosure document are not provided at or before the time of application, a free-look period of no less than 15 days shall be provided for the applicant to return the annuity contract without penalty. This free look shall run concurrently with any other free look provided under state law or rule.

[ARC 0035C, IAB 3/7/12, effective 4/11/12]

191—15.65(507B) Content of disclosure documents.

15.65(1) At a minimum, the following information shall be included in the disclosure document required to be provided under these rules:

a. The generic name of the contract, the company product name, if different, and form number and the fact that it is an annuity;

b. The insurer's legal name, physical address, Web site address and telephone number;

c. A description of the contract and its benefits, emphasizing its long-term nature, including examples where appropriate, including but not limited to:

(1) The guaranteed and nonguaranteed elements of the contract, and their limitations, if any, including for fixed indexed annuities, the elements used to determine the index-based interest, such as the participation rates, caps or spread, and an explanation of how they operate;

(2) An explanation of the initial crediting rate, or for fixed indexed annuities, an explanation of how the index-based interest is determined, specifying any bonus or introductory portion, the duration of the rate and the fact that rates may change from time to time and are not guaranteed;

(3) Periodic income options both on a guaranteed and nonguaranteed basis;

(4) Any value reductions caused by withdrawals from or surrender of the contract;

(5) How values in the contract can be accessed;

(6) The death benefit, if available, and how it will be calculated;

(7) A summary of the federal tax status of the contract and any penalties applicable on withdrawal of values from the contract; and

(8) Impact of any rider including, but not limited to, a guaranteed living benefit or a long-term care rider;

d. Specific dollar amount or percentage charges and fees, listed with an explanation of how they apply; and

191—15.66(507B) Standards for annuity illustrations.

15.66(1) An insurer or producer may elect to provide a consumer an illustration at any time, provided that the illustration is in compliance with this rule and:

a. Is clearly labeled as an illustration;

b. Includes a statement referring consumers to the disclosure document and Buyer's Guide provided to them at time of purchase for additional information about their annuity; and

c. Is prepared by the insurer or third party using software that is authorized by the insurer prior to its use, provided that the insurer maintains a system of control over the use of illustrations.

15.66(2) An illustration furnished an applicant for a group annuity contract or contracts issued to a single applicant on multiple lives may be either an individual or composite illustration representative of the coverage on the lives of members of the group or the multiple lives covered.

15.66(3) The illustration shall not be provided unless accompanied by the disclosure document referenced in rules 191—15.64(507B) and 191—15.65(507B).

15.66(4) When an illustration is used, the illustration shall not:

a. Describe nonguaranteed elements in a manner that is misleading or has the capacity or tendency to mislead;

b. State or imply that the payment or amount of nonguaranteed elements is guaranteed; or

c. Be incomplete.

15.66(5) Costs and fees of any type shall be individually noted and explained in the illustration.

15.66(6) An illustration shall conform to the following requirements:

a. The illustration shall be labeled with the date on which it was prepared;

b. Each page, including any explanatory notes or pages, shall be numbered and show its relationship to the total number of pages in the disclosure document (e.g., the fourth page of a seven-page disclosure document shall be labeled “page 4 of 7 pages”);

c. The assumed dates of premium receipt and benefit payout within a contract year shall be clearly identified;

d. If the age of the proposed insured is shown as a component of the tabular detail, the age shown shall be issue age plus the numbers of years the contract is assumed to have been in force;

e. The assumed premium on which the illustrated benefits and values are based shall be clearly identified, including rider premium for any benefits being illustrated;

f. Any charges for riders or other contract features assessed against the account value or the crediting rate shall be recognized in the illustrated values and shall be accompanied by a statement indicating the nature of the rider benefits or the contract features and indicating whether or not they are included in the illustration;

g. Guaranteed death benefits and values available upon surrender, if any, for the illustrated contract premium shall be shown and clearly labeled as guaranteed;

h. The nonguaranteed elements underlying the nonguaranteed illustrated values shall be no more favorable than current nonguaranteed elements and shall not include any assumed future improvement of such elements. Additionally, nonguaranteed elements used in calculating nonguaranteed illustrated values at any future duration shall reflect any planned changes, including any planned changes that may occur after expiration of an initial guaranteed or bonus period;

i. In determining the nonguaranteed illustrated values for a fixed indexed annuity, the index-based interest rate and account value shall be calculated for three different scenarios: one to reflect historical performance of the index for the most recent 10 calendar years; one to reflect the historical performance of the index for the continuous period of 10 calendar years out of the last 20 calendar years that would result in the least index value growth (the “low scenario”); one to reflect the historical performance of the index for the continuous period of 10 calendar years out of the last 20 calendar years that would result in the most index value growth (the “high scenario”). The following requirements apply:

(1) The most recent 10 calendar years and the last 20 calendar years are defined to end on the prior December 31, except for illustrations prepared during the first three months of the year, for which the end date of the calendar year period may be the December 31 prior to the last full calendar year;

(2) If any index utilized in determination of an account value has not been in existence for at least 10 calendar years, indexed returns for that index shall not be illustrated. If the fixed indexed annuity provides an option to allocate account value to more than one indexed or fixed declared rate account, and one or more of those indexes has not been in existence for at least 10 calendar years, the allocation to such indexed account shall be assumed to be zero;

(3) If any index utilized in determination of an account value has been in existence for at least 10 calendar years but less than 20 calendar years, the 10-calendar-year periods that define the low and high scenarios shall be chosen from the exact number of years the index has been in existence;

(4) The nonguaranteed elements, such as caps, spreads, participation rates or other interest crediting adjustments, used in calculating the nonguaranteed index-based interest rate shall be no more favorable than the corresponding current elements;

(5) If a fixed indexed annuity provides an option to allocate the account value to more than one indexed or fixed declared rate account:

1. The allocation used in the illustration shall be the same for all three scenarios; and

2. The 10-calendar-year periods resulting in the least and greatest index growth periods shall be determined independently for each indexed account option;

(6) The geometric mean annual effective rate of the account value growth over the 10-calendar-year period shall be shown for each scenario;

(7) If the most recent 10-calendar-year historical period experience of the index is shorter than the number of years needed to fulfill the requirement of subrule 15.66(8), the most recent 10-calendar-year historical period experience of the index shall be used for each subsequent 10-calendar-year period beyond the initial period for the purpose of calculating the account value for the remaining years of the illustration;

(8) The low and high scenarios:

1. Need not show surrender values (if different than account values);

2. Shall not extend beyond 10 calendar years (and therefore are not subject to the requirements of subrule 15.66(8) beyond subparagraph 15.66(8)“a”(1)); and

3. May be shown on a separate page. A graphical presentation shall also be included comparing the movement of the account value over the 10-calendar-year period for the low scenario, the high scenario and the most recent 10-calendar-year scenario; and

(9) The low and high scenarios should reflect the irregular nature of the index performance and should trigger every type of adjustment to the index-based interest rate under the contract. The effect of the adjustments should be clear; for example, additional columns showing how the adjustment applied may be included. If an adjustment to the index-based interest rate is not triggered in the illustration (because no historical values of the index in the required illustration range would have triggered it), the illustration shall so state;

j. The guaranteed elements, if any, shall be shown before corresponding nonguaranteed elements and shall be specifically referred to on any page of an illustration that shows or describes only the nonguaranteed elements (e.g., “see page 1 for guaranteed elements”);

k. The account or accumulation value of a contract, if shown, shall be identified by the name this value is given in the contract being illustrated and shown in close proximity to the corresponding value available upon surrender;

l. The value available upon surrender shall be identified by the name this value is given in the contract being illustrated and shall be the amount available to the contract owner in a lump sum after deduction of surrender charges, bonus forfeitures, contract loans, contract loan interest and application of any market value adjustment, as applicable;

m. Illustrations may show contract benefits and values in graphic or chart form in addition to the tabular form;

n. Any illustration of nonguaranteed elements shall be accompanied by a statement indicating that:

(1) The benefits and values are not guaranteed;

(2) The assumptions on which they are based are subject to change by the insurer; and

(3) Actual results may be higher or lower;

o. Illustrations based on nonguaranteed credited interest and nonguaranteed annuity income rates shall contain equally prominent comparisons to guaranteed credited interest and guaranteed annuity income rates, including any guaranteed and nonguaranteed participation rates, caps or spreads for fixed indexed annuities;

p. The annuity income rate illustrated shall not be greater than the current annuity income rate unless the contract guarantees are in fact more favorable;

q. Illustrations shall be concise and easy to read;

r. Key terms shall be defined and then used consistently throughout the illustration;

- s. Illustrations shall not depict values beyond the maximum annuitization age or date;
- t. Annuitization benefits shall be based on contract values that reflect surrender charges or any other adjustments, if applicable; and
- u. Illustrations shall show both annuity income rates per \$1000.00 and the dollar amounts of the periodic income payable.

15.66(7) An annuity illustration shall include a narrative summary that includes the following unless provided at the same time in a disclosure document:

a. A brief description of any contract features, riders or options, whether guaranteed or nonguaranteed, shown in the basic illustration and the impact they may have on the benefits and values of the contract.

b. A brief description of any other optional benefits or features that are selected, but not shown in the illustration and the impact they have on the benefits and values of the contract.

c. Identification and a brief definition of column headings and key terms used in the illustration.

d. A statement containing in substance the following:

(1) For other than fixed indexed annuities:

This illustration assumes the annuity's current nonguaranteed elements will not change. It is likely that they **will** change and actual values will be higher or lower than those in this illustration but will not be less than the minimum guarantees.

The values in this illustration are **not** guarantees or even estimates of the amounts you can expect from your annuity. Please review the entire Disclosure Document and Buyer's Guide provided with your Annuity Contract for more detailed information.

(2) For fixed indexed annuities:

This illustration assumes the index will repeat historical performance and that the annuity's current nonguaranteed elements, such as caps, spreads, participation rates or other interest crediting adjustments, will not change. It is likely that the index **will not** repeat historical performance, the nonguaranteed elements **will** change, and actual values will be higher or lower than those in this illustration but will not be less than the minimum guarantees.

The values in this illustration are **not** guarantees or even estimates of the amounts you can expect from your annuity. Please review the entire Disclosure Document and Buyer's Guide provided with your Annuity Contract for more detailed information.

e. Additional explanations as follows:

(1) Minimum guarantees shall be clearly explained;

(2) The effect on contract values of contract surrender prior to maturity shall be explained;

(3) Any conditions on the payment of bonuses shall be explained;

(4) For annuities sold as an IRA or as a qualified plan or in another arrangement subject to the required minimum distribution (RMD) requirements of the Internal Revenue Code, the effect of RMDs on the contract values shall be explained;

(5) For annuities with recurring surrender charge schedules, a clear and concise explanation of what circumstances will cause the surrender charge to recur shall be included; and

(6) A brief description of the types of annuity income options available shall be explained, including:

1. The earliest or only maturity date for annuitization (as the term is defined in the contract);

2. For contracts with an optional maturity date, the periodic income amount for at least one of the annuity income options available based on the guaranteed rates in the contract, at the later of age 70 or 10 years after issue, but in no case later than the maximum annuitization age or date in the contract;

3. For contracts with a fixed maturity date, the periodic income amount for at least one of the annuity income options available, based on the guaranteed rates in the contract at the fixed maturity date; and

4. The periodic income amount based on the currently available periodic income rates for the annuity income option in numbered paragraph 15.66(7) "e"(6)"2" or "3," if desired.

15.66(8) Following the narrative summary, an illustration shall include a numeric summary which shall include, at minimum, numeric values at the following durations:

- a. Either:
 - (1) The first 10 contract years; or
 - (2) The surrender charge period if longer than 10 years, including any renewal surrender charge period;
- b. Every tenth contract year up to the later of 30 years or age 70; and
- c. Either:
 - (1) The required annuitization age; or
 - (2) The required annuitization date.

15.66(9) If the annuity contains a market value adjustment, hereafter MVA, all of the following provisions apply to the illustration (Appendix V provides an illustration of an annuity containing an MVA that addresses paragraphs 15.66(9) "a" through "f" below):

- a. The MVA shall be referred to as such throughout the illustration.
- b. The narrative shall include an explanation, in simple terms, of the potential effect of the MVA on the value available upon surrender.
- c. The narrative shall include an explanation, in simple terms, of the potential effect of the MVA on the death benefit.
- d. A statement, containing in substance the following, shall be included:

When you make a withdrawal, the amount you receive may be increased or decreased by a Market Value Adjustment (MVA). If interest rates on which the MVA is based go up after you buy your annuity, the MVA likely will decrease the amount you receive. If interest rates go down, the MVA will likely increase the amount you receive.
- e. Illustrations shall describe both the upside and the downside aspects of the contract features relating to the market value adjustment.
- f. The illustrative effect of the MVA shall be shown under at least one positive and one negative scenario. This demonstration shall appear on a separate page and be clearly labeled that it is information demonstrating the potential impact of an MVA.
- g. Actual MVA floors and ceilings as listed in the contract shall be illustrated.
- h. If the MVA has significant characteristics not addressed by paragraphs 15.66(9) "a" through "f," the effect of such characteristics shall be shown in the illustration.

15.66(10) A narrative summary for a fixed indexed annuity illustration also shall include the following unless provided at the same time in a disclosure document:

- a. An explanation, in simple terms, of the elements used to determine the index-based interest, including, but not limited to, the following elements:
 - (1) The index(es) which will be used to determine the index-based interest;
 - (2) The indexing method – such as point-to-point, daily averaging, monthly averaging;
 - (3) The index term – the period over which indexed-based interest is calculated;
 - (4) The participation rate, if applicable;
 - (5) The cap, if applicable; and
 - (6) The spread, if applicable;
- b. The narrative shall include an explanation, in simple terms, of how index-based interest is credited in the indexed annuity;
- c. The narrative shall include a brief description of the frequency with which the company can reset the elements used to determine the indexed-based credits, including the participation rate, the cap, and the spread, if applicable; and
- d. If the product allows the contract holder to make allocations to declared-rate segment, then the narrative shall include a brief description of:
 - (1) Any options to make allocations to a declared-rate segment, both for new premiums and for transfers from the indexed-based segments; and

(2) Differences in guarantees applicable to the declared-rate segment and the indexed-based segments.

15.66(11) A numeric summary for a fixed indexed annuity illustration shall include, at a minimum, the following elements:

- a. The assumed growth rate of the index in accordance with paragraph 15.66(6) “i”;
- b. The assumed values for the participation rate, cap and spread, if applicable; and
- c. The assumed allocation between indexed-based segments and declared-rate segment, if applicable, in accordance with paragraph 15.66(6) “i.”

15.66(12) If the contract is issued other than as applied for, a revised illustration conforming to the contract as issued shall be sent with the contract, except that nonsubstantive changes including, but not limited to, changes in the amount of expected initial or additional premiums and any changes in amounts of exchanges pursuant to Section 1035 of the Internal Revenue Code, rollovers or transfers, which do not alter the key benefits and features of the annuity as applied for will not require a revised illustration unless requested by the applicant.

15.67(1) The beginning and ending date of the current report period;

15.67(2) The accumulation and cash surrender value, if any, at the end of the previous report period and at the end of the current report period;

15.67(3) The total amounts, if any, that have been credited, charged to the contract value or paid during the current report period; and

191—15.75(507B) Duties of insurers and of insurance producers.

15.75(1) In recommending to a consumer the purchase of an annuity or the exchange of an annuity that results in another insurance transaction or series of insurance transactions, the insurance producer, or the insurer where no producer is involved, shall have reasonable grounds for believing that the recommendation is suitable for the consumer on the basis of the facts disclosed by the consumer as to the consumer's investments and other insurance products and as to the consumer's financial situation and needs, including the consumer's suitability information, and that there is a reasonable basis to believe all of the following:

a. The consumer has been reasonably informed of various features of the recommended annuity, such as: the potential surrender period and surrender charge; potential tax penalty if the consumer sells, exchanges, surrenders or annuitizes the annuity; mortality and expense fees; investment advisory fees; potential charges for and features of riders; limitations on interest returns; insurance and investment components; and market risk;

b. The consumer would benefit from certain features of the annuity, such as tax-deferred growth, annuitization, death benefit, or living benefit;

c. The particular annuity as a whole, the underlying subaccounts to which funds are allocated at the time of purchase or exchange of the annuity, and riders and similar product enhancements, if any, are suitable (and in the case of an exchange or replacement, the transaction as a whole is suitable) for the particular consumer based on the consumer's suitability information; and

d. In the case of an exchange or replacement of an annuity, the exchange or replacement is suitable, including taking into consideration whether:

(1) The consumer will incur a surrender charge, be subject to the commencement of a new surrender period, lose existing benefits (such as death benefit, living benefit, or other contractual benefits), or be subject to increased fees, investment advisory fees or charges for riders and similar product enhancements;

(2) The consumer would benefit from product enhancements and improvements; and

(3) The consumer has had another annuity exchange or replacement and, in particular, an exchange or replacement within the preceding 36 months.

15.75(2) Prior to the execution of a purchase, exchange or replacement of an annuity resulting from a recommendation, an insurance producer, or an insurer where no producer is involved, shall make reasonable efforts to obtain the consumer's suitability information.

15.75(3) Except as permitted under subrule 15.75(4), an insurer shall not issue an annuity recommended to a consumer unless there is a reasonable basis to believe the annuity is suitable based on the consumer's suitability information.

15.75(4) Exceptions.

a. Except as provided under paragraph 15.75(4)“*b*,” neither an insurance producer, nor an insurer, shall have any obligation to a consumer under subrule 15.75(1) or 15.75(3) related to any annuity transaction if:

(1) No recommendation is made;

(2) A recommendation was made and was later found to have been prepared based on inaccurate material information provided by the consumer;

(3) A consumer refuses to provide relevant suitability information and the annuity transaction is not recommended; or

(4) A consumer decides to enter into an annuity transaction that is not based on a recommendation of the insurer or the insurance producer.

b. An insurer's issuance of an annuity subject to paragraph 15.75(4) "a" shall be reasonable under all the circumstances actually known to the insurer at the time the annuity is issued.

15.75(5) An insurance producer or, where no insurance producer is involved, the responsible insurer representative, shall at the time of sale:

a. Make a record of any recommendation subject to subrule 15.75(1);

b. Obtain a customer-signed statement documenting a customer's refusal to provide suitability information, if any; and

c. Obtain a customer-signed statement acknowledging that an annuity transaction is not recommended if a customer decides to enter into an annuity transaction that is not based on the insurance producer's or insurer's recommendation.

15.75(6) An insurer's duty to supervise.

a. An insurer shall establish a supervision system that is reasonably designed to achieve the insurer's and its insurance producers' compliance with rules 191—15.72(507B) through 191—15.78(507B) including, but not limited to, the following:

(1) The insurer shall maintain reasonable procedures to inform its insurance producers of the requirements of these rules and shall incorporate the requirements of these rules into relevant insurance producer training manuals;

(2) The insurer shall establish standards for insurance producer product training and shall maintain reasonable procedures to require its insurance producers to comply with the requirements of rule 191—15.76(507B);

(3) The insurer shall provide product-specific training and training materials which explain all material features of its annuity products to its insurance producers;

(4) The insurer shall maintain procedures for review of each recommendation prior to issuance of an annuity that are designed to ensure that there is a reasonable basis to determine that a recommendation is suitable. Such review procedures may apply a screening system for the purpose of identifying selected transactions for additional review and may be accomplished electronically or through other means including, but not limited to, physical review. Such an electronic or other system may be designed to require additional review only of those transactions identified for additional review by the selection criteria;

(5) The insurer shall maintain reasonable procedures to detect recommendations that are not suitable. These procedures may include, but are not limited to, confirmation of consumer suitability information, systematic customer surveys, interviews, confirmation letters and programs of internal monitoring. Nothing in this subparagraph prevents an insurer from complying with this subparagraph by applying sampling procedures or by confirming suitability information after issuance or delivery of the annuity; and

(6) The insurer shall annually provide a report to senior management, including to the senior manager responsible for audit functions, which details a review, with appropriate testing, reasonably designed to determine the effectiveness of the supervision system, the exceptions found, and corrective action taken or recommended, if any.

b. Third-party supervisor.

(1) Nothing in this subrule restricts an insurer from contracting for performance of a function (including maintenance of procedures) required under paragraph 15.75(6) "a." An insurer is responsible for taking appropriate corrective action and may be subject to sanctions and penalties pursuant to rule 191—15.73(507B) regardless of whether the insurer contracts for performance of a function and regardless of the insurer's compliance with subparagraph 15.75(6) "b"(2).

(2) An insurer's supervision system under paragraph 15.75(6) "a" shall include supervision of contractual performance under this subrule including, but not limited to, the following:

1. Monitoring and, as appropriate, conducting audits to assure that the contracted function is properly performed; and

2. Annually obtaining a certification from a senior manager who has responsibility for the contracted function that the manager has a reasonable basis to represent, and does represent, that the function is properly performed.

c. An insurer is not required to include in its system of supervision an insurance producer's recommendations to consumers of products other than the annuities offered by the insurer.

15.75(7) An insurance producer shall not dissuade, or attempt to dissuade, a consumer from:

- a. Truthfully responding to an insurer's request for confirmation of suitability information;
- b. Filing a complaint; or
- c. Cooperating with the investigation of a complaint.

15.75(8) Compliance with FINRA.

a. Sales made in compliance with FINRA requirements pertaining to suitability and supervision of annuity transactions shall satisfy the requirements under these rules. This subrule applies to FINRA member broker-dealer sales of variable annuities and fixed annuities if the suitability and supervision are similar to those applied to variable annuity sales. However, nothing in this subrule shall limit the insurance commissioner's ability to enforce (including investigate) the provisions of this regulation.

b. For paragraph 15.75(8) "a" to apply, an insurer shall:

(1) Monitor the FINRA member broker-dealer using information collected in the normal course of an insurer's business; and

(2) Provide to the FINRA member broker-dealer information and reports that are reasonably appropriate to assist the FINRA member broker-dealer to maintain its supervision system.

191—15.76(507B) Insurance producer training.

15.76(1) An insurance producer shall not solicit the sale of an annuity product unless the insurance producer has adequate knowledge of the product to recommend the annuity and the insurance producer is in compliance with the insurer's standards for product training. An insurance producer may rely on insurer-provided product-specific training standards and materials to comply with this subrule.

15.76(2) Training required.

a. One-time course.

DIVISION VI INDEXED PRODUCTS TRAINING REQUIREMENT

191—15.80(507B,522B) Purpose. The purpose of the rules in this division is to require certain specific minimum training for insurance producers who wish to sell indexed annuities or indexed life insurance in Iowa. This additional training is necessary due to the complex nature of these indexed products and to ensure that insurance producers are able to determine whether an indexed product is suitable for a consumer and are able to adequately explain to a consumer how the indexed product works. The ultimate goal of these rules is to ensure that purchasers of indexed products understand basic features of the indexed products. The rules in this division apply to all indexed products sold on or after January 1, 2008.

191—15.81(507B,522B) Definitions. For the purpose of this division:

15.83(3) The minimum length of the indexed products training must be sufficient to qualify for at least four CE credits, but may be longer.

15.83(4) To satisfy the requirements of subrules 15.83(1), 15.83(2) and 15.83(3), an indexed products training course shall be filed, approved and conducted according to the rules and guidelines applicable to insurance producer continuing education courses as set forth in 191—Chapter 11.

15.83(5) Indexed products training courses may be conducted and completed by classroom or self-study methods according to the rules in 191—Chapter 11.

15.83(6) CE providers of indexed products training shall comply with the reporting requirements as set forth in 191—Chapter 11.

15.84(2) An insurer shall verify that a producer has completed the required indexed products training before allowing the producer to sell an indexed product for that insurer.

15.84(3) For insurance producers under contract with or employed by a broker-dealer, general agent or independent agency, an insurer may enter into a contract with the broker-dealer, general agent or independent agency to establish and maintain a system of verification as required by subrule 15.84(1) with respect to those insurance producers. In such circumstances, the insurer shall make reasonable inquiry to ensure that the broker-dealer, general agent or independent agency is performing the functions required under subrules 15.84(1) and 15.84(2).

191—15.85(507B,522B) Verification of training. Insurers, producers and third-party contractors may verify a producer’s completion of the indexed products training by accessing the division’s Web site at www.iid.iowa.gov.

Appendix I
LIFE INSURANCE COST AND
BENEFIT DISCLOSURE

Definitions.

“Annual premium” for a basic policy or rider, for which the company reserves the right to change the premium, shall be the maximum annual premium.

“Cash dividend” means dividends which can be applied toward payment of gross premiums which comply with the illustrated scale.

“Equivalent level annual dividend” is calculated by applying the following steps:

1. Accumulate the annual cash dividends at 5 percent interest compounded annually to the end of the tenth and twentieth policy years.

2. Divide each accumulation of paragraph “1” by an interest factor that converts it into one equivalent level annual amount that, if paid at the beginning of each year, would accrue to the values in paragraph “1” over the respective periods stipulated in paragraph “1.” If the period is 10 years, the factor is 13.207 and if the period is 20 years, the factor is 34.719.

3. Divide the results of paragraph “2” by the number of thousands of the equivalent level death benefit to arrive at the equivalent level annual dividend.

“Equivalent level death benefit” of a policy or term life insurance rider is an amount calculated as follows:

1. Accumulate the guaranteed amount payable upon death, regardless of the cause of death other than suicide, or other specifically enumerated exclusions, at the beginning of each policy year for 10 and 20 years at 5 percent interest compounded annually to the end of the tenth and twentieth policy years respectively.

2. Divide each accumulation of paragraph “1” by an interest factor that converts it into one equivalent level annual amount that, if paid at the beginning of each year, would accrue to the value in paragraph “1” over the respective periods stipulated in paragraph “1.” If the period is 10 years, the factor is 13.207 and if the period is 20 years, the factor is 34.719.

“Generic name” means a short title which is descriptive of the premium and benefit patterns of a policy or a rider.

“Life insurance net payment cost index.” The life insurance net payment cost index is calculated in the same manner as the comparable life insurance cost index except that the cash surrender value and any terminal dividend are set at zero.

“Life insurance surrender cost index.” The life insurance surrender cost index is calculated by applying the following steps:

1. Determine the guaranteed cash surrender value, if any, available at the end of the tenth and twentieth policy years.

2. For participating policies, add the terminal dividend payable upon surrender, if any, to the accumulation of the annual cash dividends at 5 percent interest compounded annually to the end of the period selected and add this sum to the amount determined in subparagraph “1.”

3. Divide the result of subparagraph “2” (subparagraph “1” for guaranteed-cost policies) by an interest factor that converts it into an equivalent level annual amount that, if paid at the beginning of each year, would accrue to the value in subparagraph “2” (subparagraph “1” for guaranteed-cost policies) over the respective periods stipulated in subparagraph “1.” If the period is 10 years, the factor is 13.207 and if the period is 20 years, the factor is 34.719.

4. Determine the equivalent level premium by accumulating each annual premium payable for the basic policy or rider at 5 percent interest compounded annually to the end of the period stipulated in subparagraph “1” and dividing the result by the respective factors stated in subparagraph “3” (this amount is the annual premium payable for a level premium plan).

5. Subtract the result of subparagraph “3” from subparagraph “4.”

6. Divide the result of subparagraph “5” by the number of thousands of the equivalent level death benefit to arrive at the life insurance surrender cost index.

“Policy summary,” for the purposes of these rules, shall mean a written statement describing the elements of the policy including but not limited to:

1. A prominently placed title as follows: STATEMENT OF POLICY COST AND BENEFIT INFORMATION.

2. The name and address of the insurance producer or, if no producer is involved, a statement of the procedure to be followed in order to receive responses to inquiries regarding the policy summary.

3. The full name and home office or administrative office address of the company in which the life insurance policy is to be or has been written.

4. The generic name of the basic policy and each rider.

5. The following amounts, where applicable, for the first five policy years and representative policy years thereafter sufficient to clearly illustrate the premium and benefit patterns including, but not necessarily limited to, the years for which life insurance cost indexes are displayed and at least one age from 60 through 65 or maturity, whichever is earlier:

(a) The annual premium for the basic policy.

(b) The annual premium for each optional rider.

(c) Guaranteed amount payable upon death, at the beginning of the policy year regardless of the cause of death other than suicide and other specifically enumerated exclusions, which is provided by the basic policy and each optional rider, with benefits provided under the basic policy and each rider shown separately.

(d) Total guaranteed cash surrender values at the end of the year with values shown separately for the basic policy and each rider.

(e) Cash dividends payable at the end of the year with values shown separately for the basic policy and each rider. (Dividends need not be displayed beyond the twentieth policy year.)

(f) Guaranteed endowment amounts payable under the policy which are not included under guaranteed cash surrender values above.

6. The effective policy loan annual percentage interest rate, if the policy contains this provision, specifying whether this rate is applied in advance or in arrears. If the policy loan interest rate is variable, the policy summary includes the maximum annual percentage rate.

7. Life insurance cost indexes for 10 and 20 years but in no case beyond the premium paying period. Separate indexes are displayed for the basic policy and for each optional term life insurance rider. Such indexes need not be included for optional riders which are limited to benefits such as accidental death benefits, disability waiver of premium, preliminary term life insurance coverage of less than 12 months and guaranteed insurability benefits nor for basic policies or optional riders covering more than one life.

8. The equivalent level annual dividend, in the case of participating policies and participating optional term life insurance riders, under the same circumstances and for the same durations at which life insurance cost indexes are displayed.

9. A policy summary which includes dividends shall also include a statement that dividends are based on the company’s illustrated scale and are not guaranteed and a statement in close proximity to the equivalent level annual dividend as follows: An explanation of the intended use of the equivalent level annual dividend is included in the life insurance buyer’s guide.

10. A statement in close proximity to the life insurance cost indexes as follows: An explanation of the intended use of these indexes is provided in the life insurance buyer’s guide.

11. The date on which the policy summary is prepared.

The policy summary must consist of a separate document. All information required to be disclosed must be set out in such a manner as not to minimize or render any portion thereof obscure. Any amounts which remain level for two or more years of the policy may be represented by a single number if it is clearly indicated what amounts are applicable for each policy year. Amounts in paragraph “5” of this definition shall be listed in total, not a per-thousand nor a per-unit basis. If more than one insured is covered under one policy or rider, guaranteed death benefits shall be displayed separately for each insured or for each class of insured if death benefits do not differ within the class. Zero amounts shall be displayed as zero and shall not be displayed as a blank space.

Appendix II
HIV ANTIBODY TEST
INFORMATION FORM FOR INSURANCE APPLICANT

AIDS

Acquired Immunodeficiency Syndrome (AIDS) is a life-threatening disorder of the immune system, caused by a virus, HIV. The virus is transmitted by sexual contact with an infected person, from an infected mother to her newborn infant, or by exposure to infected blood (as in needle sharing during IV drug use). Persons at high risk of contracting AIDS include males who have had sexual contact with another man, intravenous drug users, hemophiliacs, and persons who have had sexual contact with any of these persons. AIDS does not typically develop until a person has been infected with HIV for several years. A person may remain free of symptoms for years after becoming infected. Infected persons have a 25 percent to 50 percent chance of developing AIDS over the next ten years.

The HIV antibody test:

Before consenting to testing, please read the following important information:

1. Purpose. This test is being run to determine whether you may have been infected with HIV. If you are infected, you are probably not insurable. This test is not a test for AIDS; AIDS can only be diagnosed by medical evaluation.

2. Positive test results. If you test positive, you should seek medical follow-up with your personal physician. If your test is positive, you may be infected with HIV.

3. Accuracy. An HIV test will be considered positive only after confirmation by a laboratory procedure that the state health officer has determined to be highly accurate. Nonetheless, the HIV antibody test is not 100 percent accurate. Possible errors include:

a. False positives: This test gives a positive result, even though you are not infected. This happens rarely and is more common in persons who have not engaged in high-risk behavior. Retesting should be done to help confirm the validity of a positive test.

b. False negatives: The test gives a negative result, even though you are infected with HIV. This happens most commonly in recently infected persons; it takes at least 4 to 12 weeks for a positive test result to develop after a person is infected.

4. Side effects. A positive test result may cause you significant anxiety. A positive test may result in uninsurability for life, health, or disability insurance policies for which you may apply in the future. Although prohibited by law, discrimination in housing, employment, or public accommodations may result if your test results become known to others. A negative result may create a false sense of security.

5. Disclosure of results. A positive test result will be reported to you in one of the following ways. You may choose to have information about a positive test result communicated to you through your physician or through the alternative testing site. If you do not designate a physician or an alternative testing site to receive the information, the information about a positive test result will be reported to the Iowa Department of Public Health, and the Iowa Department of Public Health will contact you.

6. Confidentiality. Like all medical information, HIV test results are confidential. An insurer, insurance agent, or insurance-support organization is required to maintain the confidentiality of HIV test results. However, certain disclosures of your test results may occur, including those authorized by consent forms that you may have signed as part of your overall application. Your test results may be provided to the Medical Information Bureau, a national insurance data bank. Your insurance agent will provide you with additional written information about this subject at your request.

7. Prevention. Persons who have a history of high-risk behavior should change these behaviors to prevent getting or giving AIDS, regardless of whether they are tested. Specific important changes in behavior include safe sex practices (including condom use for sexual contact with someone other than a long-term monogamous partner) and not sharing needles.

8. Information. Further information about HIV testing and AIDS can be obtained by contacting the CDC national health information hotline, 1-800-CDC-INFO (1-800-232-4636); TTY 1-888-232-6348; www.cdc.gov/info.

Appendix IV

DISCLOSURE FORM FOR SMALL FACE AMOUNT LIFE INSURANCE POLICIES

Important Information About Your Policy

The premiums you'll pay for your policy may be more than the amount of your coverage (the face amount). You can find both the face amount and the annual premium in your policy. Look for the page labeled [use the label the company uses for that information, such as "Statement of Policy Cost and Benefit Information"].

- Usually, you can figure out how many years it will take until the premiums paid will be greater than the face amount. For an estimate, divide the face amount by the annual premium. Several factors may affect how many years this might take for *your* policy. These include not paying premiums when due, taking out a policy loan, surrendering your policy for cash, policy riders, payment of dividends, if applicable, and changes in the face amount.
- Many factors will affect how much your life insurance costs. Some are your age and health, the face amount of the policy, and the cost of a policy rider. You may be able to pay less for your insurance if you answer health questions. You may also pay less if you pay your premiums less often.
- Ask your insurance agent or your insurance company if you have any questions about your premiums, your coverage, or anything else about your policy.

If You Change Your Mind . . .

- You can get a full refund of premiums you've paid if you return your policy and cancel your coverage. You *must* do this within the number of days stated on your policy's front page. To return the policy for a full refund, send it back to the agent or the company.
- If you stop paying premiums or cancel your policy *after* the time that a full refund is available, you have specific rights. Ask your insurance agent or your insurance company about your rights.

Contact Information

If you have questions about your insurance policy, ask your agent or your company. If your agent isn't available, contact your insurance company at [provide telephone number (including toll-free number if available), address and Web site (if available)].

Column Descriptions

- (1) **Ages** shown are measured from the Annuitant's age at issue.
- (2) **Premium Payments** are assumed to be made at the beginning of the Contract Year shown.

Values Based on Guaranteed Rates

- (3) **Interest Crediting Rates** shown are annual rates; however, interest is credited daily. During the Initial Interest Guarantee Period, values developed from the Initial Premium Payment are illustrated using the Initial Guaranteed Interest Rate(s) declared by the insurance company, which include an additional first year only interest bonus credit of 0.75%. The interest rates will be guaranteed for the Initial Interest Guarantee Period, subject to an MVA. After the Initial Interest Guarantee Period, a new renewal interest rate will be declared annually, but can never be less than the Minimum Guaranteed Interest Rate shown.
- (4) **Account Value** is the amount you have at the end of each year if you leave your money in the contract until you start receiving annuity payments. It is also the amount available upon the Annuitant's death if it occurs before annuity payments begin. The death benefit is not affected by surrender charges or the MVA.
- (5) **Cash Surrender Value Before MVA** is the amount available at the end of each year if you surrender the contract (after deduction of any Surrender Charge) but before the application of any MVA. Surrender charges are applied to the Account Value according to the schedule below until the surrender charge period ends, which may be after the Initial Interest Guarantee Period has ended.

Years Measured from Premium Payment:	1	2	3	4	5	6	7	8+
Surrender Charges:	8%	7%	6%	5%	4%	3%	2%	0%

- (6) **Minimum Cash Surrender Value After MVA** is the minimum amount available at the end of each year if you surrender your contract before the end of five years, no matter what the MVA is. The minimum is set by law. The amount you receive may be higher or lower than the cash surrender value due to the application of the MVA, but never lower than this minimum. Otherwise the MVA works as follows: If the interest rate available on new contracts offered by the company is LOWER than your Initial Guaranteed Interest Rate, the MVA will INCREASE the amount you receive. If the interest rate available on new contracts offered by the company is HIGHER than your Initial Guaranteed Interest Rate, the MVA will DECREASE the amount you receive. Page 4 of this illustration provides additional information concerning the MVA.

Values Based on Assumption That Initial Guaranteed Rates Continue

- (7) **Interest Crediting Rates** are the same as in Column (3) for the Initial Interest Guarantee Period. After the Initial Interest Guarantee Period, a new renewal interest rate will be declared annually. For the purposes of calculating the values in this column, it is assumed that the Initial Guaranteed Interest Rate (without the bonus) will continue as the new renewal interest rate in all years. The actual renewal interest rates are not subject to an MVA and will very likely NOT be the same as the illustrated renewal interest rates.
- (8) **Account Value** is calculated the same way as Column (4).
- (9) **Cash Surrender Value Before and After MVA** is the Cash Surrender Value at the end of each year assuming that Initial Guaranteed Interest Rates continue, and that the continuing rates are the rates offered by the company on new contracts. In this case, the MVA would be zero, and Cash Surrender Values before and after the MVA would be the same.

Important Note: This illustration assumes you will take **no** withdrawals from your annuity before you begin to receive periodic income payments. **Withdrawals will reduce both the annuity Account Value and the Cash Surrender Value.** You may make partial withdrawals of up to 10% of your account value each contract year without paying surrender charges. Excess withdrawals (above 10%) and full withdrawals will be subject to surrender charges.

This illustration assumes the annuity's current interest crediting rates will not change. It is likely that they will change and actual values may be higher or lower than those in the illustration.

The values in this illustration are not guarantees or even estimates of the amounts you can expect from your annuity. For more information, read the annuity disclosure and annuity buyer's guide.

MVA-Adjusted Cash Surrender Values (CSVs) Under Sample Scenarios

The graphs below* show MVA-adjusted Cash Surrender Values (CSVs) during the first five years of the contract, as illustrated on page 2 (\$100,000 single premium, a 5-year MVA Period) under two sample scenarios, as described below.

Graph #1 shows if the interest rate on new contracts is 3% LOWER than your Initial Guaranteed Interest Rate, the MVA will increase the amount you receive (green line). The pink line shows the Cash Surrender Values if the Initial Guaranteed Interest Rates continue (from Column (9) on Page 2).

Graph #2 shows if the interest rate on new contracts is 3% HIGHER than your Initial Guaranteed Interest Rate, the MVA will decrease the amount you receive, but not below the minimum set by law (Column (6) on Page 2), which in this scenario limits the decrease for the first 2 years (yellow line). The pink line shows the Cash Surrender Values if the Initial Guaranteed Interest Rates continue (from Column (9) on Page 2).

These graphs and the sample guaranteed interest rates on new contracts used are for demonstration purposes only and are not intended to be a projection of how guaranteed interest rates on new contracts are likely to behave.

CHAPTER 16
REPLACEMENT OF LIFE INSURANCE AND ANNUITIES
[Prior to 10/22/86, Insurance Department[510]]

DIVISION I

Rescinded IAB 8/7/02, effective 9/11/02

191—16.1 to 16.20 Reserved.

DIVISION II

(Effective July 1, 2000)

191—16.21(507B) Purpose.

16.21(1) The purpose of these rules is:

a. To regulate the activities of insurers and producers with respect to the replacement of existing life insurance and annuities.

b. To protect the interests of life insurance and annuity purchasers by establishing minimum standards of conduct to be observed in replacement or financed purchase transactions by:

(1) Ensuring that purchasers receive information with which a decision can be made in the purchaser's own best interest;

(2) Reducing the opportunity for misrepresentation and incomplete disclosure; and

(3) Establishing penalties for failure to comply with requirements of these rules.

16.21(2) These rules are authorized by Iowa Code section 507B.12 and are intended to implement Iowa Code section 507B.4.

191—16.22(507B) Definitions.

"Commissioner" means the Iowa insurance commissioner.

"Contract" means an individual annuity contract.

"Direct-response solicitation" means a solicitation through a sponsoring or endorsing entity or individually solely through mails, telephone, the Internet or other mass communication media.

"Existing insurer" means the insurance company whose policy or contract is or will be changed or affected in a manner described within the definition of "replacement."

"Existing policy or contract" means an individual life insurance policy (policy) or annuity contract (contract) in force, including a policy under a binding or conditional receipt or a policy or contract that is within an unconditional refund period.

"Financed purchase" means the purchase of a new policy involving the actual or intended use of funds obtained by the withdrawal or surrender of, or by borrowing from, values of an existing policy to pay all or part of any premium due on a new policy. For purposes of a regulatory review of an individual transaction only, if a withdrawal, surrender, or borrowing involving the policy values of an existing policy is used to pay premiums on a new policy owned by the same policyholder and issued by the same company, within 4 months before or 13 months after the effective date of the new policy, it will be deemed prima facie evidence of the policyholder's intent to purchase the new policy with existing policy values. This prima facie standard is not intended to increase or decrease the monitoring obligations contained in paragraph 16.25(1)"e."

"Illustration" means a presentation or depiction that includes nonguaranteed elements of a policy of life insurance over a period of years as defined in Iowa Administrative Code 191—Chapter 14.

"Policy" means an individual life insurance policy.

"Policy summary," for the purposes of these rules, means:

1. For policies or contracts other than universal life policies, a written statement regarding a policy or contract which shall contain to the extent applicable, but need not be limited to, the following

information: current death benefit; annual contract premium; current cash surrender value; current dividend; application of current dividend; and amount of outstanding loan.

2. For universal life policies, a written statement that shall contain at least the following information: the beginning and end date of the current report period; the policy value at the end of the previous report period and at the end of the current report period; the total amounts that have been credited or debited to the policy value during the current report period, identifying each by type (e.g., interest, mortality, expense and riders); the current death benefit at the end of the current report period on each life covered by the policy; the net cash surrender value of the policy as of the end of the current report period; and the amount of outstanding loans, if any, as of the end of the current report period.

“*Producer*” means a person licensed under Iowa Code chapter 522.

“*Registered contract*” means a variable annuity contract or variable life insurance policy subject to the prospectus delivery requirements of the Securities Act of 1933.

“*Replacement*” means a transaction in which a new policy or contract is to be purchased, and it is known or should be known to the proposing producer, or to the proposing insurer if there is no producer, that by reason of the transaction, an existing policy or contract has been or is to be:

1. Lapsed, forfeited, surrendered or partially surrendered, assigned to the replacing insurer or otherwise terminated;
2. Converted to reduced paid-up insurance, continued as extended term insurance, or otherwise reduced in value by the use of nonforfeiture benefits or other policy values;
3. Amended so as to effect either a reduction in benefits or in the term for which coverage would otherwise remain in force or for which benefits would be paid;
4. Reissued with any reduction in cash value; or
5. Used in a financed purchase.

“*Replacing insurer*” means the insurance company that issues or proposes to issue a new policy or contract that replaces an existing policy or contract or is a financed purchase.

“*Sales material*” means a sales illustration and any other written, printed or electronically presented information created, completed or provided by the company or producer that is used in the presentation to the policy or contract owner related to the policy or contract which is purchased.

191—16.23(507B) Exemptions.

16.23(1) Unless otherwise specifically included, these rules shall not apply to transactions involving:

- a. Credit life insurance.
- b. Group life insurance or group annuities where there is no direct solicitation of individuals by an insurance producer. Direct solicitation shall not include any group meeting held by an insurance producer solely for the purpose of educating or enrolling individuals or, when initiated by an individual member of the group, assisting with the selection of investment options offered by a single insurer in connection with enrolling that individual. Group life insurance or group annuity certificates marketed through direct-response solicitation shall be subject to the provisions of rule 16.28(507B).
- c. Group life insurance and annuities used to fund formal prepaid funeral contracts.
- d. An application to the existing insurer that issued the existing policy or contract when a contractual change or a conversion privilege is being exercised; or when the existing policy or contract is being replaced by the same insurer pursuant to a program filed with and approved by the commissioner.
- e. Proposed life insurance that is to replace life insurance under a binding or conditional receipt issued by the same company.
- f. Except as noted below, policies or contracts used to fund:
 - (1) An employee pension or welfare benefit plan that is covered by the Employee Retirement and Income Security Act (ERISA);
 - (2) A plan described by Section 401(a), 401(k) or 403(b) of the Internal Revenue Code, where the plan, for purposes of ERISA, is established or maintained by an employer;
 - (3) A governmental or church plan defined in Section 414 of the Internal Revenue Code, a governmental or church welfare benefit plan, or a deferred compensation plan of a state or local government or tax-exempt organization under Section 457 of the Internal Revenue Code; or

(4) A nonqualified deferred compensation arrangement established or maintained by an employer or plan sponsor.

These rules shall apply to policies or contracts used to fund any plan or arrangement that is funded solely by contributions an employee elects to make, whether on a pretax or after-tax basis, and where the insurance company has been notified that plan participants may choose from among two or more annuity providers or policy providers and there is a direct solicitation of an individual employee by an insurance producer for the purchase of a contract or policy. As used in this subrule, direct solicitation shall not include any group meeting held by an insurance producer solely for the purpose of educating individuals about the plan or arrangement or enrolling individuals in the plan or arrangement or, when initiated by an individual employee, assisting with the selection of investment options offered by a single insurer in connection with enrolling that individual employee.

g. New coverage provided under a life insurance policy or contract where the cost is borne wholly by the insured's employer or by an association of which the insured is a member.

h. Existing life insurance that is a non-convertible term life insurance policy that will expire in five years or less and cannot be renewed.

i. Immediate annuities that are purchased with proceeds from an existing contract. Immediate annuities purchased with proceeds from an existing policy are not exempted from the requirements of this chapter.

j. Structured settlement annuities.

16.23(2) Registered contracts shall be exempt from the requirements of paragraph 16.26(1) "b" and subrule 16.27(2) with respect to the provision of illustrations or policy summaries; however, premium or contract contribution amounts and identification of the appropriate prospectus or offering circular shall be required instead.

191—16.24(507B) Duties of producers.

16.24(1) A producer who initiates an application for a policy or a contract shall submit to the insurer, with or as part of the application, a statement signed by both the applicant and the producer as to whether the applicant has existing policies or contracts. If the applicant does not have an existing policy or contract, the producer's duties with respect to replacement are complete.

16.24(2) If the applicant does have an existing policy or contract, the producer shall present and read to the applicant, not later than at the time of taking the application, a notice regarding replacements in the form as described in Appendix A or other substantially similar form approved by the commissioner. No approval shall be required when amendments to the notice are limited to the omission of references not applicable to the product being sold or replaced.

a. The notice shall be signed by both the applicant and the producer attesting that the notice has been read aloud by the producer or that the applicant did not wish the notice to be read aloud (in which case the producer need not have read the notice aloud) and that a copy of the notice was left with the applicant.

b. The notice shall list all life insurance policies or annuities proposed to be replaced, properly identified by name of insurer, the insured or annuitant, and policy or contract number if available; and shall include a statement as to whether each policy or contract will be replaced or whether a policy will be used as a source of financing for the new policy. If a policy or contract number has not been issued by the existing insurer, alternative identification, such as an application or receipt number, shall be listed.

16.24(3) In connection with a replacement transaction, the producer shall leave with the applicant at the time an application for a new policy or contract is completed the original or a copy of all sales material. A copy of any electronically presented sales material shall be provided to the policyholder in printed form no later than at the time of policy or contract delivery.

16.24(4) Except as provided in subrule 16.26(3), in connection with a replacement transaction, the producer shall submit to the insurer to which an application for a policy or contract is presented a copy of each document required by this subrule, a statement identifying any preprinted or electronically presented insurer-approved sales materials used, and copies of any individualized sales materials, including any illustrations related to the specific policy or contract purchased.

191—16.25(507B) Duties of all insurers that use producers on or after January 1, 2001.

16.25(1) Each insurer that uses producers shall maintain a system of supervision and control to ensure compliance with the requirements of these rules that shall include at least the following:

- a.* Informing its producers of the requirements of these rules and incorporating the requirements of these rules into all relevant producer training manuals prepared by the insurer;
- b.* Providing to each producer a written statement of the insurer's position with respect to the acceptability of replacements including providing guidance to its producer as to the appropriateness of these transactions;
- c.* Reviewing the appropriateness of each replacement transaction that the producer does not indicate is in accord with paragraph 16.25(1) "b" above;
- d.* Confirming that the requirements of these rules have been met; and
- e.* Detecting transactions that are replacements of existing policies or contracts by the existing insurer but that have not been reported as such by the applicant or producer. Compliance with this subrule may include, but shall not be limited to, systematic customer surveys, interviews, confirmation letters or programs of internal monitoring.

16.25(2) Each insurer that uses producers shall have the capacity to monitor each producer's life insurance policy and annuity contract replacements for that insurer and shall, upon request, make such records available to the insurance division. The capacity to monitor shall include the ability to produce records for each producer's:

- a.* Life replacements, including financed purchases, as a percentage of the producer's total annual sales for life insurance;
- b.* Number of lapses of policies by the producer as a percentage of the producer's total annual sales for life insurance;
- c.* Annuity contract replacements as a percentage of the producer's total annual annuity contract sales;
- d.* Number of transactions that are unreported replacements of existing policies or contracts by the existing insurer detected by the insurer's monitoring system as required by paragraph "e" of subrule 16.25(1); and
- e.* Replacements, indexed by replacing producer and existing insurer.

16.25(3) Each insurer that uses producers shall require with or as a part of each application for life insurance or for an annuity a statement signed by both the applicant and the producer as to whether the applicant has existing policies or contracts.

16.25(4) Each insurer that uses producers shall require with each application for life insurance or for an annuity that indicates an existing policy or contract a completed notice regarding replacements as contained in Appendix A.

16.25(5) When the applicant has existing policies or contracts, each replacing insurer that uses producers shall be able to produce completed and signed copies of the notice regarding replacements for at least five years after the termination or expiration of the proposed policy or contract.

16.25(6) In connection with a replacement transaction, each replacing insurer that uses producers shall be able to produce copies of any sales material required by subrule 16.24(4), the basic illustration and any supplemental illustrations related to the specific policy or contract which is purchased and the producer's and applicant's signed statements with respect to financing and replacement for at least five years after the termination or expiration of the proposed policy or contract.

16.25(7) Each insurer that uses producers shall ascertain that the sales material and illustrations required by subrule 16.24(4) meet the requirements of these rules and are complete and accurate for the proposed policy or contract.

16.25(8) If an application does not meet the requirements of these rules, each insurer that uses producers shall notify the producer and applicant and fulfill the outstanding requirements.

16.25(9) Records required to be retained by this rule may be maintained in paper, photographic, microprocessed, magnetic, mechanical or electronic media or by any process which accurately reproduces the actual document.

191—16.26(507B) Duties of replacing insurers that use producers.

16.26(1) Where a replacement is involved in the transaction, the replacing insurer that uses producers shall:

- a.* Verify that the required forms are received and are in compliance with these rules;
- b.* Notify any other existing insurer that may be affected by the proposed replacement within five business days of receipt of a completed application indicating replacement or when the replacement is identified if not indicated on the application, and mail a copy of the available illustration or policy summary for the proposed policy or available disclosure document for the proposed contract within five business days of a request from an existing insurer;
- c.* Be able to produce copies of the notification regarding replacement required in subrule 16.24(2), indexed by producer, for at least five years or until the next regular examination by the insurance department of an insurer's state of domicile, whichever is later; and
- d.* Provide to the policy or contract owner notice of the right to return the policy or contract within 30 days of the delivery of the contract and receive an unconditional full refund of all premiums or considerations paid on it including any policy fees or charges or, in the case of a variable or market value adjustment policy or contract, a payment of the cash surrender value provided under the policy or contract plus the fees and other charges deducted from the gross premiums or considerations or imposed under such policy or contract. The notice may be included in Appendix A or C.

16.26(2) Where a replacement is involved in the transaction and where the replacing insurer and the existing insurer are the same or subsidiaries or affiliates under common ownership or control, the replacing insurer shall allow credit for the period of time that has elapsed under the replaced policy's or contract's incontestability and suicide period up to the face amount of the existing policy or contract. With regard to financed purchases, the credit may be limited to the amount that the face amount of the existing policy is reduced by the use of existing policy values to fund the new policy or contract.

16.26(3) Where a replacement is involved in the transaction and where an insurer prohibits the use of sales material other than that approved by the insurer, the insurer may, as an alternative to the requirements of subrule 16.24(4) do all of the following:

- a.* Require of and obtain from the producer a signed statement with each application that:
 - (1) Represents that the producer used only insurer-approved sales material; and
 - (2) Represents that copies of all sales material were left with the applicant in accordance with subrule 16.24(3).
- b.* Provide to the applicant a letter or by verbal communication by a person whose duties are separate from the marketing area of the insurer, within ten days of the issuance of the policy or contract, which shall include:
 - (1) Information that the producer has represented that copies of all sales material have been left with the applicant in accordance with subrule 16.24(3);
 - (2) The toll-free number by which the applicant can contact company personnel involved in the compliance function if copies of all sales material were not left with the applicant; and
 - (3) Information regarding the importance of retaining copies of the sales material for future reference.
- c.* Be able to produce a copy of the letter or other verification obtained pursuant to this subrule in the policy file for at least five years after the termination or expiration of the policy or contract.

191—16.27(507B) Duties of the existing insurer. Where a replacement is involved in the transaction, the existing insurer shall:

16.27(1) Retain and be able to produce all replacement notifications received, indexed by replacing insurer, for at least five years or until the conclusion of the next regular examination conducted by the insurance department of its state of domicile, whichever is later.

16.27(2) Send a letter to the policy or contract owner notifying the owner of the right to receive information regarding the existing policy or contract values including, if available, an in-force illustration or policy summary if an in-force illustration cannot be produced within five business days of receipt of

a notice that an existing policy or contract is being replaced. The information shall be provided within five business days of receipt of the request from the policy or contract owner.

16.27(3) Upon receipt of a request to borrow, surrender or withdraw any policy values, send to the applicant a notice, advising the policyowner that the release of policy values may affect the guaranteed elements, nonguaranteed elements, face amount or surrender value of the policy from which the values are released. The notice shall be sent separate from the check if the check is sent to anyone other than the policyowner. In the case of consecutive automatic premium loans, the insurer is only required to send the notice at the time of the first loan.

191—16.28(507B) Duties of insurers with respect to direct-response solicitations.

16.28(1) In the case of an application that is initiated as a result of a direct-response solicitation, the insurer shall require, with or as part of each completed application for a policy or contract, a statement asking whether the applicant, by applying for the proposed policy or contract, intends to replace, discontinue or change an existing policy or contract. If the applicant indicates a replacement or change is not intended or if the applicant fails to respond to the statement, the insurer shall send the applicant, with the policy or contract, the notice regarding replacement in Appendix B, or other substantially similar form approved by the commissioner.

16.28(2) If the insurer has proposed the replacement or if the applicant indicates a replacement is intended and the insurer continues with the replacement, the insurer shall:

a. Provide to applicants or prospective applicants with the policy or contract a notice, as described in Appendix C, or other substantially similar form approved by the commissioner. In these instances the insurer may delete the references to the producer, including the producer's signature, and references not applicable to the product being sold or replaced, without having to obtain approval of the form from the commissioner. The insurer's obligation to obtain the applicant's signature shall be satisfied if it can demonstrate that it has made a diligent effort to secure a signed copy of the notice referred to in this paragraph. The requirement to make a diligent effort shall be deemed satisfied if the insurer includes in the mailing a self-addressed, postage prepaid envelope with instructions for the return of the signed notice referred to in this subrule; and

b. Comply with the requirements of paragraph 16.26(1) "b," if the applicant furnishes the names of the existing insurers, and the requirements of paragraphs 16.26(1) "c" and "d" and subrule 16.26(2).

191—16.29(507B) Violations and penalties.

16.29(1) Any failure to comply with these rules shall be considered a violation of Iowa Administrative Code rules 191—15.7(507B) and 191—15.8(507B). Examples of violations include but are not limited to:

- a.* Any deceptive or misleading information set forth in sales material;
- b.* Failing to ask the applicant in completing the application the pertinent questions regarding the possibility of financing or replacement;
- c.* The intentional incorrect recording of an answer;
- d.* Advising an applicant to respond negatively to any question regarding replacement in order to prevent notice to the existing insurer; or
- e.* Advising a policy or contract owner to write directly to the insurer in such a way as to attempt to obscure the identity of the replacing producer or insurer.

16.29(2) Policy and contract owners have the right to replace existing life insurance policies or annuity contracts after indicating in or as a part of applications for new coverage that replacement is not their intention; however, patterns of such action by policy or contract owners of the same producer shall be deemed prima facie evidence of the producer's knowledge that replacement was intended in connection with the identified transactions, and these patterns of action shall be deemed prima facie evidence of the producer's intent to violate these rules.

16.29(3) Where it is determined that the requirements of these rules have not been met, the replacing insurer shall provide to the policy owner an in-force illustration if available or policy summary for the

replacement policy or available disclosure document for the replacement contract and the appropriate notice regarding replacements in Appendix A or C.

16.29(4) Violations of these rules shall subject the violators to penalties that may include the revocation or suspension of a producer's or insurer's license, monetary fines, the forfeiture of any commissions or compensation paid to a producer as a result of the transaction in connection with which the violations occurred, or any other penalties authorized by Iowa Code chapter 507B or Iowa Administrative Code 191—Chapter 15.

191—16.30(507B) Severability. If any rule or portion of a rule of this division, or its applicability to any person or circumstances, is held invalid by a court, the remainder of this division, or the applicability of its provisions to other persons, shall not be affected.

These rules are intended to implement Iowa Code chapter 507B.

APPENDIX A**IMPORTANT NOTICE:
REPLACEMENT OF LIFE INSURANCE OR ANNUITIES**

This document must be signed by the applicant and the producer, if there is one, and a copy left with the applicant.

You are contemplating the purchase of a life insurance policy or annuity contract. In some cases this purchase may involve discontinuing or changing an existing policy or contract. If so, a replacement is occurring. Financed purchases are also considered replacements.

A replacement occurs when a new policy or contract is purchased and, in connection with the sale, you discontinue making premium payments on the existing policy or contract, or an existing policy or contract is surrendered, forfeited, assigned to the replacing insurer, or otherwise terminated or used in a financed purchase.

A financed purchase occurs when the purchase of a new life insurance policy involves the use of funds obtained by the withdrawal or surrender of or by borrowing some or all of the policy values, including accumulated dividends, of an existing policy, to pay all or part of any premium or payment due on the new policy. A financed purchase is a replacement.

You should carefully consider whether a replacement is in your best interest. You will pay acquisition costs and there may be surrender costs deducted from your policy or contract. You may be able to make changes to your existing policy or contract to meet your insurance needs at less cost. A financed purchase will reduce the value of your existing policy and may reduce the amount paid upon the death of the insured.

We want you to understand the effects of replacements before you make your purchase decision and ask that you answer the following questions and consider the questions on the back of this form.

1. Are you considering discontinuing making premium payments, surrendering, forfeiting, assigning to the insurer, or otherwise terminating your existing policy or contract? ___ YES ___ NO
2. Are you considering using funds from your existing policies or contracts to pay premiums due on the new policy or contract? ___ YES ___ NO

If you answered “yes” to either of the above questions, list each existing policy or contract you are contemplating replacing (include the name of the insurer, the insured, and the contract number if available) and whether each policy will be replaced or used as a source of financing:

INSURER NAME	CONTRACT OR POLICY #	INSURED	REPLACED (R) OR FINANCING (F)
1.			
2.			
3.			

Make sure you know the facts. Contact your existing company or its agent for information about the old policy or contract. [If you request one, an in-force illustration, policy summary or available disclosure document must be sent to you by the existing insurer.] Ask for and retain all sales material used by the agent in the sales presentation. Be sure that you are making an informed decision.

The existing policy or contract is being replaced because _____.

I do not want this notice read aloud to me. _____ (Applicants must initial only if they do not want the notice read aloud.)

A replacement may not be in your best interest, or your decision could be a good one. You should make a careful comparison of the costs and benefits of your existing policy or contract and the proposed policy or contract. One way to do this is to ask the company or agent that sold you your existing policy or contract to provide you with information concerning your existing policy or contract. This may include an illustration of how your existing policy or contract is working now and how it would perform in the future based on certain assumptions. Illustrations should not, however, be used as a sole basis to compare policies or contracts. You should discuss the following with your agent to determine whether replacement or financing your purchase makes sense:

- PREMIUMS: Are they affordable?
 Could they change?
 You're older—are premiums higher for the proposed new policy?
 How long will you have to pay premiums on the new policy? On the old policy?
- POLICY VALUES: New policies usually take longer to build cash values and to pay dividends. Acquisition costs for the old policy may have been paid; you will incur costs for the new one.
 What surrender charges do the policies have?
 What expense and sales charges will you pay on the new policy?
 Does the new policy provide more insurance coverage?
- INSURABILITY: If your health has changed since you bought your old policy, the new one could cost you more, or you could be turned down.
 You may need a medical exam for a new policy.
 [Claims on most new policies for up to the first two years can be denied based on inaccurate statements. Suicide limitations may begin anew on the new coverage.]

IF YOU ARE KEEPING THE OLD POLICY AS WELL AS THE NEW POLICY:

- How are premiums for both policies being paid?
- How will the premiums on your existing policy be affected?
- Will a loan be deducted from death benefits?
- What values from the old policy are being used to pay premiums?

IF YOU ARE SURRENDERING AN ANNUITY OR INTEREST SENSITIVE LIFE PRODUCT:

- Will you pay surrender charges on your old contract?
- What are the interest rate guarantees for the new contract?
- Have you compared the contract charges or other policy expenses?

OTHER ISSUES TO CONSIDER FOR ALL TRANSACTIONS:

- What are the tax consequences of buying the new policy?
- Is this a tax-free exchange? (See your tax advisor.)
- Is there a benefit from favorable "grandfathered" treatment of the old policy under the federal tax code?
- Will the existing insurer be willing to modify the old policy?

How does the quality and financial stability of the new company compare with your existing company?

**NOTICE REGARDING REPLACEMENT
REPLACING YOUR LIFE INSURANCE POLICY OR ANNUITY?**

Are you thinking about buying a new life insurance policy or annuity and discontinuing or changing an existing one? If you are, your decision could be a good one—or a mistake. You will not know for sure unless you make a careful comparison of your existing benefits and the proposed policy or contract's benefits.

Make sure you understand the facts. You should ask the company or agent that sold you your existing policy or contract to give you information about it.

Hear both sides before you decide. This way you can be sure you are making a decision that is in your best interest.

CHAPTER 17
LIFE AND HEALTH REINSURANCE AGREEMENTS

191—17.1(508) Authority and purpose. This chapter is adopted and promulgated by the commissioner of insurance pursuant to Iowa Code section 505.8 and chapter 508.

The insurance division recognizes that licensed insurers routinely enter into reinsurance agreements that yield legitimate relief to the ceding insurer from strain to surplus.

However, it is improper for a licensed insurer, in the capacity of a ceding insurer, to enter into reinsurance agreements for the principal purpose of producing a significant surplus aid for the ceding insurer, typically on a temporary basis, while not transferring all of the significant risks inherent in the business being reinsured. In substance or effect, the expected potential liability to the ceding insurer remains basically unchanged by the reinsurance transaction, notwithstanding certain risk elements in the reinsurance agreement, such as catastrophic mortality or extraordinary survival. The terms of such agreements referred to herein and described in rule 17.3(508) would violate:

1. Iowa Code section 508.11 relating to financial statements which do not properly reflect the financial condition of the ceding insurer;
2. Iowa Code section 521B.2 relating to reinsurance reserve credits, thus resulting in a ceding insurer improperly reducing liabilities or establishing assets for reinsurance ceded; and
3. Iowa Code section 507C.12 relating to creating a situation that may be hazardous to policyholders and the people of this state.

191—17.2(508) Scope. This chapter shall apply to all domestic life and accident and health insurers and to all other licensed life and accident and health insurers which are not subject to a substantially similar regulation in their domiciliary state. This chapter shall also similarly apply to licensed property and casualty insurers with respect to their accident and health business. This chapter shall not apply to assumption reinsurance, yearly renewable term reinsurance or certain nonproportional reinsurance such as stop loss or catastrophe reinsurance.

191—17.3(508) Accounting requirements.

17.3(1) No insurer subject to this chapter shall, for reinsurance ceded, reduce any liability or establish any asset in any financial statement filed with the division if, by the terms of the reinsurance agreement, in substance or effect, any of the following conditions exist:

a. Renewal expense allowances provided or to be provided to the ceding insurer by the reinsurer in any accounting period are not sufficient to cover anticipated allocable renewal expenses of the ceding insurer on the portion of the business reinsured, unless a liability is established for the present value of the shortfall (using assumptions equal to the applicable statutory reserve basis on the business reinsured). Those expenses include commissions, premium taxes and direct expenses including, but not limited to, billing, valuation, claims and maintenance expected by the company at the time the business is reinsured.

b. The ceding insurer can be deprived of surplus or assets at the reinsurer's option or automatically upon the occurrence of some event, such as the insolvency of the ceding insurer, except that termination of the reinsurance agreement by the reinsurer for nonpayment of reinsurance premiums or other amounts due, such as modified coinsurance reserve adjustments, interest and adjustments on funds withheld, and tax reimbursements, shall not be considered to be such a deprivation of surplus or assets.

c. The ceding insurer is required to reimburse the reinsurer for negative experience under the reinsurance agreement, except that neither offsetting experience refunds against current and prior years' losses under the agreement nor payment by the ceding insurer of any amount equal to the current and prior years' losses under the agreement upon voluntary termination of in-force reinsurance by the ceding insurer shall be considered such a reimbursement to the reinsurer for negative experience. Voluntary termination does not include situations where termination occurs because of unreasonable provisions which allow the reinsurer to reduce its risk under the agreement. An example of such a provision is the right of the reinsurer to increase reinsurance premiums or risk and expense charges to excessive levels forcing the ceding company to prematurely terminate the reinsurance treaty.

d. The ceding insurer must, at specific points in time scheduled in the agreement, terminate or automatically recapture all or part of the reinsurance ceded.

e. The reinsurance agreement involves the possible payment by the ceding insurer to the reinsurer of amounts other than from income realized from the reinsured policies. For example, it is improper for a ceding company to pay reinsurance premiums or other fees or charges to a reinsurer which are greater than the direct premiums collected by the ceding company.

f. The treaty does not transfer all of the significant risk inherent in the business being reinsured. The following table identifies, for a representative sampling of products or type of business, the risks which are considered to be significant. For products not specifically included, the risks determined to be significant shall be consistent with this table.

Risk categories:

(1) Morbidity.

(2) Mortality.

(3) Lapse. This is the risk that a policy will voluntarily terminate prior to the recoupment of a statutory surplus strain experienced at issue of the policy.

(4) Credit quality (C1). This is the risk that invested assets supporting the reinsured business will decrease in value. The main hazards are that assets will default or that there will be a decrease in earning power. It excludes market value declines due to changes in interest rate.

(5) Reinvestment (C3). This is the risk that interest rates will fall and funds reinvested (coupon payments or moneys received upon asset maturity or call) will therefore earn less than expected. If asset durations are less than liability durations, the mismatch will increase.

(6) Disintermediation (C3). This is the risk that interest rates rise and policy loans and surrenders increase or maturing contracts do not renew at anticipated rates of renewal. If asset durations are greater than the liability durations, the mismatch will increase. Policyholders will move their funds into new products offering higher rates. The company may have to sell assets at a loss to provide for these withdrawals.

g. (1) The credit quality, reinvestment, or disintermediation risk is significant for the business reinsured and the ceding company does not (other than for the classes of business excepted in subparagraph (2) of this paragraph “g”) either transfer the underlying assets to the reinsurer or legally segregate such assets in a trust or escrow account or otherwise establish a mechanism satisfactory to the commissioner which legally segregates, by contract or contract provision, the underlying assets.

(2) Notwithstanding the requirements of subparagraph (1) of this paragraph “g,” the assets supporting the reserves for the following classes of business and any classes of business which do not have a significant credit quality, reinvestment or disintermediation risk may be held by the ceding company without segregation of such assets:

1. Health Insurance—LTC/LTD
2. Traditional Non-Par Permanent
3. Traditional Par Permanent
4. Adjustable Premium Permanent
5. Indeterminate Premium Permanent
6. Universal Life Fixed Premium (no dump-in premiums allowed)

The associated formula for determining the reserve interest rate adjustment must use a formula which reflects the ceding company’s investment earnings and incorporates all realized and unrealized gains and losses reflected in the statutory statement. The following is an acceptable formula:

$$\text{Rate} = \frac{2(I + CG)}{X + Y - I - CG}$$

- Where:
- I is the net investment income (Exhibit 2, Column 7)
 - CG is capital gains less capital losses (Exhibit 4, Column 6)
 - X is the current year cash and invested assets (Page 2, Column 1) plus investment income due and accrued (Page 2, Column 1) less borrowed money (Page 3, Column 1)
 - Y is the same as X but for the prior year

h. Settlements are made less frequently than quarterly or payments due from the reinsurer are not made in cash within 90 days of the settlement date.

i. The ceding insurer is required to make representations or warranties not reasonably related to the business being reinsured.

j. The ceding insurer is required to make representations or warranties about future performance of the business being reinsured.

k. The reinsurance agreement is entered into for the principal purpose of producing significant surplus aid for the ceding insurer, typically on a temporary basis, while not transferring all of the significant risks inherent in the business reinsured and, in substance or effect, the expected potential liability to the ceding insurer remains basically unchanged.

17.3(2) Notwithstanding 191—subrule 17.3(1), an insurer subject to this chapter may, with the prior approval of the commissioner, take such reserve credit or establish such asset as the commissioner may

deem consistent with the insurance code or rules, including actuarial interpretations or standards adopted by the insurance division.

17.3(3) a. Agreements entered into after the effective date of this chapter which involve the reinsurance of business issued prior to the effective date of the agreements, along with any subsequent amendments thereto, shall be filed by the ceding company with the commissioner within 30 days from its date of execution. Each filing shall include data detailing the financial impact of the transaction. The ceding insurer's actuary who signs the financial statement actuarial opinion with respect to valuation of reserves shall consider this rule and any applicable actuarial standards of practice when determining the proper credit in financial statements filed with this division. The actuary should maintain adequate documentation and be prepared upon request to describe the actuarial work performed for inclusion in the financial statements and to demonstrate that such work conforms to this rule.

b. Any increase in surplus net of federal income tax resulting from arrangements described in paragraph "a" of this subrule shall be identified separately on the insurer's statutory financial statement as a surplus item (aggregate write-ins for gains and losses in surplus in the Capital and Surplus Account, page 4 of the Annual Statement) and recognition of the surplus increase as income shall be reflected on a net of tax basis in the "Reinsurance ceded" line, page 4 of the Annual Statement, as earnings emerge from the business reinsured.

*[For example, on the last day of calendar year N, company XYZ pays a \$20 million initial commission and expense allowance to company ABC for reinsuring an existing block of business. Assuming a 34% tax rate, the net increase in surplus at inception is \$13.2 million (\$20 million - \$6.8 million) which is reported on the "Aggregate write-ins for gains and losses in surplus" line in the Capital and Surplus Account. \$6.8 million (34% of \$20 million) is reported as income on the "Commissions and expense allowances on reinsurance ceded" line of the Summary of Operations.

At the end of year N + 1 the business has earned \$4 million. ABC has paid \$.5 million in profit and risk charges in arrears for the year and has received a \$1 million experience refund. Company ABC's annual statement would report \$1.65 million (66% of (\$4 million - \$1 million - \$.5 million) up to a maximum of \$13.2 million) on the "Commissions and expense allowance on reinsurance ceded" line of the Summary of Operations, and - \$1.65 million on the "Aggregate write-ins for gains and losses in surplus" line of the Capital and Surplus Account. The experience refund would be reported separately as a miscellaneous income item in the Summary of Operations.]

*NOTE: Brackets supplied by agency.

191—17.4(508) Written agreements.

17.4(1) No reinsurance agreement or amendment to any agreement may be used to reduce any liability or to establish any asset in any financial statement filed with the division, unless the agreement, amendment, or a binding letter of intent has been duly executed by both parties no later than the "as of date" of the financial statement.

17.4(2) In the case of a letter of intent, a reinsurance agreement or an amendment to a reinsurance agreement must be executed within a reasonable period of time, not exceeding 90 days from the execution date of the letter of intent, in order for credit to be granted for the reinsurance ceded.

17.4(3) The reinsurance agreement shall contain provisions which provide that:

a. The agreement shall constitute the entire agreement between the parties with respect to the business being reinsured thereunder and that there are no understandings between the parties other than as expressed in the agreement; and

b. Any change or modification to the agreement shall be null and void unless made by amendment to the agreement and signed by both parties.

191—17.5(508) Existing agreements. Insurers subject to this chapter shall, by December 31, 1994, reduce to zero any reserve credits or assets established with respect to reinsurance agreements entered into prior to the effective date of this chapter which, under the provisions of this chapter, would not be entitled to recognition of the reserve credits or assets; provided, however, that the reinsurance agreements

shall have been in compliance with laws or rules in existence immediately preceding the effective date of this chapter.

These rules are intended to implement Iowa Code chapter 508.

DIVISION I

FORM AND RATE REQUIREMENTS

191—20.1(505,509,514A,515,515A,515F) General filing requirements.

20.1(1) Insurance companies required to file rates or forms with the division shall submit required rate and form filings and any fees required for the filings electronically using the National Association of Insurance Commissioners' System for Electronic Rate and Form Filing (SERFF). Insurance companies must comply with the division's requirements, including both the Iowa general instructions and the specific submission requirements for the type of insurance for which the companies are submitting forms or rates, as set out on the SERFF Web site at www.serff.org.

20.1(2) No rate filing shall include any adjustment designed to recover underwriting or operating losses incurred out of state. Upon request by the commissioner, insurers doing business in Iowa shall segregate in their rate filings data from any state identified by the commissioner, and the filings shall include a certification that no portion of any rate increase is designed to recover underwriting or operating losses incurred in another state.

191—20.2(505) Objection to filing.

20.2(1) Any insured or established organization with one or more insureds among its members that has an objection to a form filing may submit to the insurance commissioner a written request for a hearing on the filing. A request for a hearing must be filed within 20 days after the filing has been received by the commissioner.

20.2(2) Within 20 days after receipt of the request for a hearing, the commissioner will hold a hearing to consider the objection to the filing. The commissioner will provide not less than 10 days' written notice of the time and place of the hearing to the person or association filing the demand, to the filing insurer or organization, and to any other person requesting notice. The commissioner may suspend or postpone the effective date of the filing pending the hearing. Upon consideration of the information received at the hearing, the commissioner may determine whether or not to approve the filing.

20.4(1) Each policy form, endorsement, application and agreement modifying the provisions of policies must bear an identification form number. This form number must be in the lower left-hand corner unless uniform or authentic forms are used.

20.4(2) Rescinded IAB 2/19/14, effective 3/26/14.

[ARC 1334C, IAB 2/19/14, effective 3/26/14]

191—20.5(515A) Rate or manual rule filing.

20.5(1) Every insurer shall determine and file its final rates with the commissioner pursuant to provisions of Iowa Code chapter 515F, except for insurers of workers' compensation who are specifically excluded by Iowa Code section 515F.5 and residual market mechanisms.

a. Advisory organizations may file on behalf of their member and subscriber companies prospective loss costs, supplementary rate information and supporting information as defined in Iowa Code section 515F.2. Advisory organization filings shall be filed and made effective in accordance with

the provisions of Iowa Code sections 515F.4 to 515F.6 or 515F.23 to 515F.25 that apply to the filing and approval of rates and supplementary rating information.

b. An insurer may satisfy its obligation to make rate filings by becoming a participating insurer of a licensed advisory organization that makes reference filings of advisory prospective loss costs and by authorizing the commissioner to accept such filings on its behalf. The insurer's rates shall be the prospective loss costs filed by the advisory organization which have been put into effect in accordance with 20.5(1) "a," combined with the loss cost adjustments which are filed in accordance with this paragraph.

c. An insurer may satisfy its obligation to make filings of supplementary rating information by becoming a participating insurer of a licensed advisory organization which makes such filings and by authorizing the commissioner to accept such filings on its behalf, subject to any modifications filed by the insurer.

d. If an insurer has previously filed forms modifying coverage provided by the applicable advisory organization forms, such fact should be noted in the rate filing.

20.5(2) Rate filings shall reflect that due consideration has been given to the factors enumerated in Iowa Code section 515F.4(1), and shall be accompanied by supporting statistical exhibits. In addition, each filing shall note the date of the last revision of rates affecting this coverage and briefly describe the nature of that revision.

20.5(3) Insurers making filings in their own behalf and advisory organizations shall identify each page filed by printing, typing or stamping their own name thereon.

20.5(4) If a company filing rates used the manuals of an advisory organization in its filings, any portion of the manuals of the organization which will not be followed by the filing must be clearly shown as deleted or amended by use of an appropriately numbered exception page.

20.5(5) For residual market mechanisms, insurers making filings in their own behalf shall identify the submission as an independent filing or a deviation from the bureau filing. A deviation filing is a submission which represents modification of a form or rate or rule previously filed by an authorized rating organization or advisory organization on behalf of its member and subscriber companies. If an insurer has previously filed forms modifying coverage provided by the applicable standard or bureau forms, such fact should be noted in the rate filing.

191—20.6(515A) Exemption from filing requirement.

20.6(1) An insurer requesting, pursuant to Iowa Code section 515F.5(4), suspension or modification of the requirement of filing of a rate shall provide the commissioner with a full explanation for the proposed exemption from the filing requirement together with any actuarial data available and shall furnish the commissioner with any additional material the commissioner may desire.

20.6(2) If the commissioner finds that a proposed rate represents a classification for which credible and homogeneous statistical experience does not exist and cannot be analyzed using standard actuarial techniques to produce a statistically significant average rate for the individual risks within the classification, the commissioner may exempt the proposed rate from the filing requirement.

20.6(3) An insurer shall maintain statistical records of the experience and expenses attendant upon the risks covered by any rate exempted by the commissioner from the filing requirement. The insurer may supplement statistical information with information filed with the commissioner by an advisory organization.

This rule is intended to implement Iowa Code section 515A.4(6).

2. In addition, 100 percent of the premiums obtained for homeowners multiple peril policies shall be added to 100 percent of the premiums obtained for basic property insurance and the basic property insurance premium components of all other multiple peril policies. The basic year for the computation shall be the first preceding calendar year.

191—20.44(515,515F) Eligible risks.

20.44(1) All risks at a fixed location shall be eligible for inspection and considered for insurance under the Plan except motor vehicles, inland marine risks, and manufacturing risks as defined above.

20.44(2) The maximum limits of coverage for the type of basic property insurance for customary fire and extended coverage which may be placed under the Plan are those established by the governing committee from time to time.

20.44(3) The maximum limits of coverage for the type of basic property insurance for burglary and theft which may be placed under the Plan are those established by the governing committee from time to time.

20.44(4) The maximum limits of coverage for the type of basic property insurance for homeowners coverage which may be placed under the Plan are those established by the governing committee from time to time.

191—20.45(515,515F) Membership.

20.45(1) Every insurer licensed to write one or more components of basic property insurance shall be considered a member of the Plan. Any other insurer may, upon application to and approval by the governing committee, become a member.

20.45(2) An insurer's membership terminates when the insurer is no longer authorized to write basic property insurance in Iowa, but the effective date of termination shall be the last day of the fiscal year of the Plan in which termination occurs. Any insurer so terminated shall continue to be governed by the provisions of this division until the insurer completes all of its obligations under the Plan.

20.45(3) Any voluntary insurer member may terminate its membership only as of the last day of the fiscal year of the Plan by giving written notice to the Plan 30 days prior to the last day of the fiscal year of the Plan. The governing committee upon a majority vote may terminate the membership of a voluntary insurer. Any such terminated member shall continue to be governed by the provisions of this division until the insurer completes all of its obligations under the Plan.

20.45(4) Subject to the approval of the commissioner, the governing committee may charge a reasonable annual membership fee.

191—20.46(515,515F) Administration.

20.46(1) The Plan shall be administered by the governing committee, subject to supervision of the commissioner, and operated by a manager appointed by the governing committee.

20.46(2) The governing committee shall consist of seven members, each of whom shall serve for a period of one year or until a successor is elected or designated. Each member shall have one vote.

191—20.47(515,515F) Duties of the governing committee.

20.47(1) The governing committee shall meet as often as may be required to perform the general duties of the administration of the Plan, or on the call of the commissioner. Four members of the committee present or by proxy shall constitute a quorum. Members of the committee who choose to appoint a proxy shall give a written proxy to the person elected to act as proxy. The written proxy shall then be filed with the governing committee, thus ensuring the validity of the proxy's actions as the governing committee performs its duties.

20.47(2) The governing committee shall be empowered to appoint a manager, who shall serve at the pleasure of the committee, to budget expenses, levy assessments, disburse funds, and perform all other duties of the Plan. The adoption of or substantive changes in pension plans or employee benefit programs for the manager and staff shall be subject to approval of the governing committee.

20.47(3) The governing committee may designate, with the approval of the commissioner, a rate service organization as defined in Iowa Code chapter 515F, to make inspections as required under the Plan and to perform such other duties as may be authorized by the governing committee.

20.47(4) The manager shall annually prepare an operating budget which shall be subject to approval of the governing committee.

20.47(5) The governing committee shall submit to the commissioner periodic reports setting forth information as the commissioner may request. On or before April 1 of each year, the governing committee shall submit a report summarizing any new programs or reforms in operation undertaken during the preceding calendar year in order to comply with any new legislation, regulations or directives affecting the Plan. This report shall contain a statistical tabulation on business written in accordance with the Plan.

20.47(6) The governing committee shall separately code all policies written by the Plan so that appropriate records may be compiled for purposes of performing loss prevention and other studies of the operation of the Plan.

20.47(7) The governing committee shall authorize the manager to file rates, surcharge schedules and forms for prior approval by the commissioner.

20.47(8) The governing committee shall prepare such agreements and contracts as may be necessary for the execution of this division consistent with its provisions.

191—20.48(515,515F) Annual and special meetings.

20.48(1) There shall be an annual meeting of the insurers on a date fixed by the governing committee at which time members may be chosen.

20.48(2) A special meeting shall be called by the governing committee within 40 days after receipt of written request from any ten insurers, not more than one of which may be in a group under the same management or ownership.

20.48(3) The time and place of all meetings shall be reasonable. Twenty days' notice of an annual or special meeting shall be given in writing by the governing committee to all insurers defined above. Four members present in person or by proxy shall constitute a quorum. Voting by proxy shall be permitted.

20.48(4) Any matter not inconsistent with the law or this division may be proposed and voted upon at any special meeting of the committee. Notice of any such proposal shall be mailed to each insurer not less than 20 days prior to the final date fixed by the committee for voting thereon.

191—20.49(515,515F) Application for insurance.

20.49(1) Any person who has an insurable interest in an eligible risk in property permitted to be written in the Plan and who has received within the last six months a notice of rejection, nonrenewal or cancellation from an insurer may apply for insurance by the Plan.

20.49(2) An inspection need not be made if the governing committee determines that insurance can be provided for specified classes of risks on the basis of representations of the applicant or insurance producer.

20.49(3) The Plan may bind coverage. The Plan may wait until receipt of the inspection report or receipt of additional underwriting information before determining whether to bind coverage. Coverage will be bound by the Plan by acknowledgement to the producer.

191—20.50(515,515F) Inspection procedure.

20.50(1) The inspection by the Plan shall be without cost to the applicant.

20.50(2) The manner and scope of the inspection shall be prescribed by the Plan with the approval of the commissioner.

20.50(3) An inspection report shall be made for each property inspected covering pertinent structural and occupancy features as well as the general condition of the building and surrounding structures. Representative photographs may be taken during the inspection to indicate the pertinent features of building, construction, maintenance, occupancy, and surrounding property.

20.50(4) After the inspection, a copy of the completed inspection report and any relevant photographs shall be kept on file by the Plan. The report shall include a description of any deficient physical condition changes proposed by the inspector. A copy of the inspection report shall be made available to the applicant or producer upon request.

191—20.51(515,515F) Procedure after inspection and receipt of application.

20.51(1) After receipt of the application, the inspection report, and any additional underwriting information requested from the applicant, the Plan shall within five business days complete and send to the applicant an action report advising the applicant of one of the following:

a. That the risk is acceptable. If the inspection reveals substandard conditions, appropriate charges may be imposed, but the report shall specify the improvements necessary for removal of each such charge.

b. That the risk is declined unless reasonable improvements noted in the action report are made by the applicant and confirmed by reinspection.

c. That the risk is declined because it fails to meet reasonable underwriting standards as set forth in 191—20.52(515,515F). Reasonable underwriting standards as set forth in 191—20.52(515,515F) shall not include neighborhood or area location or any environment hazard beyond the control of the property owner.

20.51(2) If the risk is accepted, the action report shall advise the applicant of:

- a.* The amount of coverage the Plan agrees to write.
- b.* The amount of coverage the Plan agrees to write if specified improvements are made.
- c.* The amount of coverage the Plan agrees to write only if a large or special deductible is agreed to by the applicant.

20.51(3) If the risk is accepted, the Plan, upon receipt of the premium, shall deliver the policy to the applicant or to the licensed producer designated by the applicant for delivery to the applicant. The Plan shall remit the commissions to the licensed producer designated by the applicant.

191—20.52(515,515F) Reasonable underwriting standards for property coverage.

20.52(1) The following characteristics may be used in determining whether a risk is acceptable for property coverage. Where there is more than one cause for declination, all causes shall be listed and complied with before the property may be accepted for insurance purposes.

a. Physical condition of property; however, the mere fact that a property does not satisfy all current building code specifications will not, of itself, suffice as a reason for declination.

b. The property's present use as extended vacancy or extended unoccupancy of the property for 60 consecutive days. Properties that are vacant or unoccupied for more than 60 days may be insured while rehabilitation or reconstruction work is actively in process, meaning that the insured or owner should make monthly progress in order to complete the rehabilitation or reconstruction within a one-year time frame.

c. Other specific characteristics of ownership, condition, occupancy or maintenance that violate the law and that result in substantial increased exposure to loss. Any circumstance considered under this paragraph must relate to the peril insured against.

d. Physical condition of buildings which results in an outstanding order to vacate, in an outstanding demolition order or in being declared unsafe in accordance with the applicable law.

e. One or more of the conditions for nonrenewal as listed in 191—20.54(515,515F) currently exist. The Plan shall upon notice that conditions at the buildings have changed consider new application for coverage.

f. Vandalism and malicious mischief coverage shall not be provided for a dwelling or commercial property where the property has been subject to two vandalism and malicious mischief losses, each loss amounting to at least \$500, in the immediately preceding 12-month period, or three or more such losses in the immediately preceding 24-month period.

g. Previous loss history or matters of public record concerning the applicant or any person defined as an insured under the policy.

h. Any other guidelines which have been approved by the commissioner.

20.52(2) Reserved.

[ARC 8624B, IAB 3/24/10, effective 4/28/10]

191—20.53(515,515F) Reasonable underwriting standards for liability coverage.

20.53(1) The following characteristics may be used in determining whether a risk is acceptable for liability insurance on homeowner policies:

a. Broken, cracked, uneven or otherwise faulty steps, porches, decks, sidewalks, patios and similar areas.

b. Downspouts or drains which discharge onto sidewalks or driveways.

c. Unsafe conditions including inadequate lighting of stairways.

d. Animals known to be vicious or animals that have caused a liability claim.

e. Swimming pools or private ponds not fenced in accordance with local regulations.

f. Unsafe, or the absence of, handrails.

g. Junk cars, empty refrigerators, trampolines or other potentially dangerous objects in the yard which are an attraction to children.

h. Previous loss history or matters of public record concerning the applicant or any person defined as an insured under the policy.

i. Any other guidelines which have been approved by the commissioner.

20.53(2) Liability insurance shall only be provided as contained in the Iowa FAIR Plan homeowners policy.

20.53(3) Liability insurance shall not be provided for risks with any of the deficiencies set forth in paragraphs 20.53(1) “a” through “g,” as disclosed by the application or inspection, until the deficiencies have been corrected.

20.53(4) Liability insurance may not be provided where there is a business operating at the insured location, unless the applicant has in force a business liability policy with limits of at least \$100,000 per occurrence providing premises liability coverage.

20.53(5) Liability insurance shall not be provided where the applicant owns three or more horses or other riding animals, unless the applicant has in force a liability policy with limits of at least \$100,000 per occurrence providing coverage for the ownership and use of the horses or other riding animals.

191—20.54(515,515F) Cancellation; nonrenewal and limitations; review of eligibility.

20.54(1) The Plan shall not cancel or refuse to renew a policy issued by the Plan except for the following reasons:

a. Facts as confirmed by inspection or investigation which would have been grounds for nonacceptance of the risk by the Plan had they been known to the Plan at the time of acceptance.

b. Changes in the physical condition of the property or other changed conditions as confirmed by inspection or investigation that make the risk uninsurable pursuant to paragraphs “j” and “k.”

c. Nonpayment of premiums.

d. At least 65 percent of the rental units in the building are unoccupied, and the insured has not received prior approval from the Plan of a rehabilitation program which necessitates a high degree of unoccupancy.

e. Unrepaired damage exists and the insured has stated that repairs will not be made, or such time has elapsed as clearly indicates that the damage will not be repaired. The elapsed time under this paragraph is a length of time over 60 days where the damage remains unrepaired, unless there are known to be extenuating circumstances.

f. After a loss, permanent repairs have not been commenced within 60 days following payment of the claim, unless there are known to be extenuating circumstances. The 60-day period starts upon acceptance of payment of the claim.

g. Property has been abandoned for 90 days or more.

h. There is good cause to believe, based on reliable information, that the building will be burned for the purpose of collecting the insurance on the property. The removal of damaged salvageable items, such as normally permanent fixtures, from the building shall be considered under this paragraph when the insured can provide no reasonable explanation for such removal.

i. A named insured or loss payee or other person having a financial interest in the property being convicted of the crime of arson or a crime involving a purpose to defraud an insurance company. The fact that an appeal has been entered shall not negate the use of this paragraph.

j. The property has been subject to more than two losses, each loss amounting to at least \$500 or 1 percent of the insurance in force, whichever is greater, in the immediately preceding 12-month period, or more than three such losses in the immediately preceding 24-month period, provided that the cause of such losses is due to the conditions which are the responsibility of the owner named insured or due to the actions of any person defined as an insured under the policy.

k. Theft frequency in which there have been more than two thefts, each loss amounting to at least \$500, in a 12-month period.

l. Material misrepresentation in any statement to the Plan.

m. On homeowners policies, excessive theft or liability losses. If a given property has been subject to two vandalism and malicious mischief losses, each loss amounting to at least \$500, in the immediately preceding 12-month period, or three or more such losses in the immediately preceding 24-month period, the Plan may convert the homeowners policy to a dwelling policy without vandalism and malicious mischief coverage.

20.54(2) The Plan shall terminate all insurance contracts in accordance with Iowa Code sections 515.125, 515.127, and 515.128.

20.54(3) At the completion of 36 months of coverage and prior to the completion of 48 months, each risk shall be reviewed for its eligibility for coverage in the voluntary market. The risk shall be submitted by the Plan to the producer of record, if any, for a search of the voluntary market. If the producer resubmits the risk to the Plan, the risk must be resubmitted with a new application and a written statement from the producer that a search of the voluntary market was performed.

[ARC 8624B, IAB 3/24/10, effective 4/28/10]

191—20.55(515,515F) Assessments.

20.55(1) Participation and assessments by and upon each insurer in the Plan for losses and expenses in connection with Plan business shall be levied and assessed by the governing committee of the Plan on the basis of participation factors determined annually, giving effect to the proportion which such insurer's weighted premiums written bears to the aggregate weighted premiums written by all insurers in the Plan.

20.55(2) De minimis assessments. Any assessment of less than \$20 shall not be billed to an insurer, but will be accumulated as a deferred assessment until the cumulative amount deferred is at least \$20.

20.55(3) Late payment fee. Assessments shall be due and payable when billed. If any member fails to pay an assessment within 60 days after it is due, the insurer shall pay interest from the billing date at the rate of 1.5 percent per month. In the event that an insurer fails to pay any applicable late payment fee with an assessment, the amount of such unpaid late payment fee will be included in the amount of the insurer's next assessment.

20.55(4) Credits for voluntary writings. The Plan may develop a voluntary writing credit policy, subject to approval by the commissioner. Credits may be used as offsets to member company assessments made by the Plan.

191—20.56(515,515F) Commission.

20.56(1) Commission to the licensed producer designated by the applicant shall be 10 percent of all policy premiums. The Plan shall not license or appoint producers.

20.56(2) In the event of cancellation of a policy, or if an endorsement is issued which requires the premium to be returned to the insured, the producer shall refund proportionally to the Plan commissions on the return premium at the same rate at which such commissions were originally paid.

191—20.57(515,515F) Public education. In cooperation with the insurance commissioner, the Plan shall undertake a continuing education program with insurers, producers and consumers about the Plan's insurance program and its availability. All insurers and producers shall cooperate fully in the continuing education program. Such continuing education program will include the publication and distribution of literature:

1. Describing the Plan and its general operation;
2. Explaining the possible cost savings of obtaining insurance in the voluntary market; and
3. Advising of the availability of rate comparison charts.

191—20.58(515,515F) Cooperation and authority of producers.

20.58(1) Each insurer shall require its licensed producers to cooperate fully in the accomplishment of the intents and purposes of the Plan.

20.58(2) Licensed insurance producers shall not act as agents for the Plan.

20.58(3) Licensed insurance producers shall not do any of the following:

- a.* Bind coverage for the Plan.
- b.* Alter or change policies issued by the Plan.

- c. Settle losses of the Plan.
- d. Act on behalf of the Plan or commit the Plan to any course of action.

20.58(4) Licensed insurance producers shall assist applicants who need to apply for coverage under the Plan, and shall submit applications that meet the requirements under rule 191—20.49(515,515F). Producers shall follow the rules and procedures of the Plan.

191—20.59(515,515F) Review by commissioner. The governing committee shall report to the commissioner the name of any insurer or producer which fails to comply with the provisions of the Plan or with any rules prescribed thereunder by the governing committee or to pay within 30 days any assessment levied.

191—20.60(515,515F) Indemnification. Each person serving on the governing committee or any of its subcommittees, each member of the Plan, and the manager and each officer and employee of the Plan shall be indemnified by the Plan against all cost, settlement, judgment, and expense actually and necessarily incurred by that person in connection with the defense of any action, suit, or proceeding in which that person is made a party by reason of that person's being or having been a member of the governing committee or a member or manager or officer or employee of the Plan, except in relation to matters as to which that person has been judged in an action, suit, or proceeding to be liable by reason of willful misconduct in the performance of that person's duties as a member of the governing committee or as a member, manager, officer or employee of the Plan. This indemnification shall not apply to any loss, cost or expense on insurance policy claims under the Plan. Indemnification under this rule shall not be exclusive of other rights to which the member, manager, officer, or employee may be entitled as a matter of law.

191—20.61 to 20.69 Reserved.

These rules are intended to implement 2003 Iowa Acts, chapter 119.

191—21.1(515E,515I) Definitions. In addition to the definitions provided in Iowa Code chapters 515E and 515I, the following definitions shall apply to this chapter, unless the context clearly requires otherwise:

“*Division*” means the Iowa insurance division, supervised by the commissioner pursuant to Iowa Code section 505.8, in the division’s performance of the duties of the commissioner under Iowa Code chapters 515E and 515I.

“*Division’s Web site*” means the Web site of the Iowa insurance division, www.iid.iowa.gov.

“*Place*” or “*places*” means obtaining insurance for an insured with a specific insurer.

[ARC 7663B, IAB 3/25/09, effective 4/29/09; ARC 2727C, IAB 9/28/16, effective 11/2/16]

191—21.2(515I) Eligible surplus lines insurer’s duties.

21.2(1) *Insurer liable.* Where, pursuant to Iowa Code chapter 515I, coverage is placed with an eligible surplus lines insurer, but the surplus lines insurance producer fails to pay to the state of Iowa the premium tax required by Iowa Code section 515I.3(2) and rule 191—21.3(515), the eligible surplus lines insurer shall be liable for the premium tax required by Iowa Code chapter 515I and this chapter.

21.2(2) *How premium tax quoted.* An eligible surplus lines insurer or a broker for an eligible surplus lines insurer is authorized to quote a premium which includes tax as is required by Iowa Code chapter 515I, and thereafter no additional tax amount may be charged or collected. Premium tax may be stated in the contract of insurance as a separate component of the total premium only when the premium is not based upon rates or premiums which included a premium tax component when promulgated. Any fees collected from residents of this state are considered part of the premium and thus are subject to taxation.

[ARC 7663B, IAB 3/25/09, effective 4/29/09; ARC 2727C, IAB 9/28/16, effective 11/2/16]

191—21.3(515I) Surplus lines insurance producer’s duties.

21.3(1) *Surplus lines insurance producer’s collection of tax.* A surplus lines insurance producer who places insurance with an eligible surplus lines insurer shall collect premium tax from the eligible surplus lines insurer by withholding 1 percent of the premiums for such tax.

21.3(2) *Electronic reporting of premium tax.* A surplus lines insurance producer who places insurance with an eligible surplus lines insurer shall file electronically the premium tax information with the division on or before March 1 for policies issued during the preceding calendar year.

21.3(3) *Annual report.* On or before March 1 of each year, every surplus lines insurance producer who has placed insurance with an eligible surplus lines insurer when the policies have been issued during the preceding calendar year shall file electronically with the division or as otherwise directed by the division a sworn report of all such business written during the preceding calendar year and shall submit the amount to cover the taxes due on all such business. If no business was written during the preceding calendar year, no report is required. Failure to file an annual report or pay the taxes imposed by Iowa Code chapter 515I will be deemed grounds for the revocation of a surplus lines insurance producer’s license by the division, and failure to file an annual report or pay taxes within the time requirements of this rule will subject the surplus lines insurance producer to the penalties of Iowa Code section 515I.12.

[ARC 7663B, IAB 3/25/09, effective 4/29/09; ARC 2727C, IAB 9/28/16, effective 11/2/16]

191—21.4(515I) Surplus lines insurance producer’s duty to insured. A surplus lines insurance producer who places coverage with an eligible surplus lines insurer as defined in Iowa Code section 515I.2 shall deliver to the insured, within 30 days of the date the policy is issued, a notice that states the following: “This policy is issued, pursuant to Iowa Code chapter 515I, by a nonadmitted company in Iowa and as such is not covered by the Iowa Insurance Guaranty Association.” A surplus lines insurance producer may comply with this rule by verifying disclosure of this language in a clear and conspicuous position on the policy or by electronic delivery authorized by Iowa Code chapter 505B, if the method

of delivery of the notice allows the division, the surplus lines insurance producer and the intended recipient to verify receipt of the specific notice.

[ARC 7663B, IAB 3/25/09, effective 4/29/09; ARC 2727C, IAB 9/28/16, effective 11/2/16]

The division may require other information as deemed necessary.

21.5(2) *Procedures for renewal of a nonadmitted insurer as an eligible surplus lines insurer.* A nonadmitted insurer that is not an alien insurer as defined in Iowa Code section 515.70 and that was approved by the division as an eligible surplus lines insurer shall, by March 1 of each year following the year of approval:

191—21.7(515E) Risk retention groups. A risk retention group as defined in Iowa Code chapter 515E may utilize its producers to report and pay premium taxes or may pay the taxes directly. If producers are utilized, the producers shall file the premium tax information electronically with the division through the division's Web site on or before March 1 for policies issued during the preceding calendar year.

[ARC 2727C, IAB 9/28/16, effective 11/2/16]

The reserve may be released after the expiration of the applicable time period, listed in paragraph “b,” subparagraphs (1) and (2), in the same manner, except that a part of the reserve may be released proportional to the reduction in net total liabilities resulting from reinsurance and the reinsurer shall, on the effective date of the reinsurance, establish a reserve in an amount equal to the amount released.

d. A withdrawal from the contingency reserve, to the extent of any excess, may be made from the earliest contributions to the reserve remaining in the reserve:

(1) With the approval of the commissioner, in any year in which the actual incurred losses exceed 35 percent of earned premiums.

(2) Upon 30 days’ prior notice to the commissioner, provided that the contingency reserve has been in existence for 40 quarters, for reserves subject to paragraph “b,” subparagraph (1), and 20 quarters, for reserves subject to paragraph “b,” subparagraph (2), upon demonstration that the amount carried is excessive in relation to the corporation’s outstanding obligations.

22.2(3) In addition to the contingency reserve, the case basis method or other method as the commissioner may require must be used to determine loss reserve on guaranties issued or delivered in this state. This method shall include a reserve for claims reported and unpaid net of collateral. A deduction from loss reserves must be allowed for the time value of money by application of a discount rate equal to the average rate of return on the admitted assets of the insurer as of the date of the computation of the reserve. The discount rate shall be adjusted at the end of each calendar year.

22.2(4) The insurance company shall maintain an unearned premium reserve on guaranties issued or delivered in this state, net of reinsurance, computed on the month pro rata basis, if financial guaranty premiums are paid on an installment basis. All other financial guaranty premiums paid must be earned proportionately with the expiration of exposure, or by any other method the commissioner requires or approves.

These rules are intended to implement Iowa Code sections 511.8(5) and 515C.6.

CHAPTER 25
MILITARY SALES PRACTICES

191—25.1(505) Purpose and authority.

25.1(1) The purpose of this chapter is to set forth standards to protect active duty service members of the United States armed forces from dishonest and predatory insurance sales practices by declaring certain identified practices to be false, misleading, deceptive or unfair.

25.1(2) Nothing herein shall be construed to create or imply a private cause of action for a violation of this chapter.

25.1(3) This chapter is issued under the authority of 2007 Iowa Acts, House File 499, section 7.

25.1(4) This chapter shall apply to acts or practices committed on or after January 1, 2008.

191—25.2(505) Scope. This chapter shall apply only to the solicitation or sale of any life insurance or annuity product by an insurer or insurance producer to an active duty service member of the United States armed forces.

191—25.3(505) Exemptions.

25.3(1) This chapter shall not apply to solicitations or sales involving:

- a.* Credit insurance;
- b.* Group life insurance or group annuities where in-person, face-to-face solicitation of individuals by an insurance producer does not occur or where the contract or certificate does not include a side fund;
- c.* An application to the existing insurer that issued the existing policy or contract when a contractual change or a conversion privilege is being exercised, when the existing policy or contract is being replaced by the same insurer pursuant to a program filed with and approved by the commissioner, or when a term conversion privilege is exercised among corporate affiliates;
- d.* Individual stand-alone health policies, including disability income policies;
- e.* Contracts offered by Servicemembers' Group Life Insurance (SGLI) or Veterans' Group Life Insurance (VGLI), as authorized by 38 U.S.C. Section 1965 et seq.;
- f.* Life insurance contracts offered through or by a nonprofit military association, qualifying under Section 501(c)(23) of the Internal Revenue Code (IRC), and which are not underwritten by an insurer; or
- g.* Contracts used to fund:
 - (1) An employee pension or welfare benefit plan that is covered by the Employee Retirement and Income Security Act (ERISA);
 - (2) A plan described by Section 401(a), 401(k), 403(b), 408(k) or 408(p) of the IRC, if established or maintained by an employer;
 - (3) A government or church plan defined in Section 414 of the IRC, a government or church welfare benefit plan, or a deferred compensation plan of a state or local government or tax exempt organization under Section 457 of the IRC;
 - (4) A nonqualified deferred compensation arrangement established or maintained by an employer or plan sponsor;
 - (5) Settlements of or assumptions of liabilities associated with personal injury litigation or of any dispute or claim resolution process; or
 - (6) Prearranged funeral contracts.

25.3(2) Nothing in this rule shall be construed to abrogate the ability of nonprofit or other organizations to educate members of the United States armed forces in accordance with Department of Defense DoD Instruction 1344.07, Personal Commercial Solicitation on DoD Installations or successor directive.

25.3(3) For purposes of this chapter, general advertisements, direct mail and Internet marketing shall not constitute solicitation. Telephone marketing shall not constitute solicitation, provided the caller explicitly and conspicuously discloses that the product concerned is life insurance and makes no statements that avoid a clear and unequivocal statement that life insurance is the subject matter of the telephone communication. However, nothing in this rule shall be construed to exempt an insurer

or insurance producer from the requirements of this chapter in any in-person, face-to-face meeting established as a result of the solicitation exemptions identified in this rule.

191—25.4(505) Definitions. For purposes of this chapter, the following definitions shall apply.

“*Active duty*” means full-time duty in the active military service of the United States and includes members of the reserve component (national guard and reserve) while serving under published orders for active duty or full-time training. 25.5(1) The following acts or practices when committed on a military installation by an insurer or insurance producer with respect to the in-person, face-to-face solicitation of life insurance are declared to be false, misleading, deceptive or unfair:

- a.* Knowingly soliciting the purchase of any life insurance product door to door or without first establishing a specific appointment for each meeting with the prospective purchaser.
- b.* Soliciting service members in a group or mass audience or in a captive audience where attendance is not voluntary.

- h.* Knowingly accepting an application for life insurance or issuing a policy of life insurance on the life of an enlisted member of the United States armed forces without first obtaining for the insurer’s files a completed copy of any required form which confirms that the applicant has received counseling or fulfilled any other similar requirement for the sale of life insurance established by regulations, directives or rules of the DoD or any branch of the United States armed forces.

25.5(2) The following acts or practices when committed on a military installation by an insurer or insurance producer constitute corrupt practices, improper influences or inducements and are declared to be false, misleading, deceptive or unfair:

- a.* Using DoD personnel, directly or indirectly, as representatives or agents in any official or business capacity with or without compensation with respect to the solicitation or sale of life insurance to service members.
- b.* Using an insurance producer to participate in any United States armed forces-sponsored education or orientation program.

191—25.6(505) Practices declared false, misleading, deceptive or unfair regardless of location.

25.6(1) The following acts or practices by an insurer or insurance producer constitute corrupt practices, improper influences or inducements and are declared to be false, misleading, deceptive or unfair:

a. Submitting, processing or assisting in the submission or processing of any allotment form or similar device used by the United States armed forces to direct a service member’s pay to a third party for the purchase of life insurance. The foregoing includes, but is not limited to, using or assisting in using a service member’s MyPay account or other similar Internet or electronic medium for such purposes. This subrule does not prohibit assisting a service member by providing insurer or premium information necessary to complete any allotment form.

b. Knowingly receiving funds from a service member for the payment of premium from a depository institution with which the service member has no formal banking relationship. For purposes of this rule, a formal banking relationship is established when the depository institution:

- (1) Provides the service member a deposit agreement and periodic statements and makes the disclosures required by the Truth in Savings Act, 12 U.S.C. § 4301 et seq. and the regulations promulgated thereunder; and
- (2) Permits the service member to make deposits and withdrawals unrelated to the payment or processing of insurance premiums.

c. Employing any device or method or entering into any agreement whereby funds received from a service member by allotment for the payment of insurance premiums are identified on the service member's Leave and Earnings Statement or equivalent or successor form as "savings" or "checking" and where the service member has no formal banking relationship as defined in paragraph 25.6(1) "b."

d. Entering into any agreement with a depository institution for the purpose of receiving funds from a service member whereby the depository institution, with or without compensation, agrees to accept direct deposits from a service member with whom it has no formal banking relationship.

e. Using DoD personnel, directly or indirectly, as representatives or agents in any official or unofficial capacity with or without compensation with respect to the solicitation or sale of life insurance to service members who are junior in rank or grade, or to the family members of such personnel.

f. Offering or giving anything of value, directly or indirectly, to DoD personnel to procure their assistance in encouraging, assisting or facilitating the solicitation or sale of life insurance to another service member.

g. Knowingly offering or giving anything of value to a service member with a pay grade of E-4 or below for the service member's attendance at any event where an application for life insurance is solicited.

h. Advising a service member with a pay grade of E-4 or below to change the service member's income tax withholding or state of legal residence for the sole purpose of increasing disposable income to purchase life insurance.

25.6(2) The following acts or practices by an insurer or insurance producer lead to confusion regarding source, sponsorship, approval or affiliation and are declared to be false, misleading, deceptive or unfair:

a. Making any representation, or using any device, title, descriptive name or identifier that has the tendency or capacity to confuse or mislead a service member into believing that the insurer, insurance producer or product offered is affiliated, connected or associated with, endorsed, sponsored, sanctioned or recommended by the U.S. Government, the United States armed forces, or any state or federal agency or government entity. Examples of prohibited insurance producer titles include, but are not limited to, "Battalion Insurance Counselor," "Unit Insurance Advisor," "Servicemen's Group Life Insurance Conversion Consultant" or "Veteran's Benefits Counselor."

Nothing in this subrule shall be construed to prohibit a person from using a professional designation awarded after the successful completion of a course of instruction in the business of insurance by an accredited institution of higher learning. Such designations include, but are not limited to, Chartered Life Underwriter (CLU), Chartered Financial Consultant (ChFC), Certified Financial Planner (CFP), Master of Science in Financial Services (MSFS), or Masters of Science Financial Planning (MS).

b. Soliciting the purchase of any life insurance product through the use of or in conjunction with any third-party organization that promotes the welfare of or assists a member of the United States armed forces in a manner that has the tendency or capacity to confuse or mislead a service member into believing that either the insurer, insurance producer or insurance product is affiliated, connected or associated with, endorsed, sponsored, sanctioned or recommended by the U.S. Government or the United States armed forces.

25.6(3) The following acts or practices by an insurer or insurance producer lead to confusion regarding premiums, costs or investment returns and are declared to be false, misleading, deceptive or unfair:

a. Using or describing the credited interest rate on a life insurance policy in a manner that implies that the credited interest rate is a net return on premium paid.

b. Excluding individually issued annuities, misrepresenting the mortality costs of a life insurance product, including stating or implying that the product costs nothing or is free.

25.6(4) The following acts or practices by an insurer or insurance producer regarding SGLI or VGLI are declared to be false, misleading, deceptive or unfair:

a. Making any representation regarding the availability, suitability, amount or cost of or exclusions or limitations to coverage provided to a service member or dependents by SGLI or VGLI which is false, misleading or deceptive.

b. Making any representation regarding conversion requirements, including the costs of coverage, or exclusions or limitations to coverage of SGLI or VGLI to private insurers which is false, misleading or deceptive.

c. Suggesting, recommending or encouraging a service member to cancel or terminate the service member's SGLI policy, or issuing a life insurance policy which replaces an existing SGLI policy unless the replacement shall take effect upon or after the service member's separation from the United States armed forces.

25.6(5) The following acts or practices by an insurer or insurance producer regarding disclosure are declared to be false, misleading, deceptive or unfair:

a. Deploying, using or contracting for any lead-generating materials designed exclusively for use with service members that do not clearly and conspicuously disclose that the recipient will be contacted by an insurance producer, if that is the case, for the purpose of soliciting the purchase of life insurance.

b. Failing to disclose that a solicitation for the sale of life insurance will be made when establishing a specific appointment for an in-person, face-to-face meeting with a prospective purchaser.

c. Excluding individually issued annuities, failing to clearly and conspicuously disclose the fact that the product being sold is life insurance.

d. Failing to make, at the time of sale or offer to an individual known to be a service member, the written disclosures required by Section 10 of the Military Personnel Financial Services Protection Act, Pub. L. No. 109-290, p.16.

e. Excluding individually issued annuities, when an in-person, face-to-face sale is conducted with an individual known to be a service member, failing at the time the application is taken to provide the applicant:

(1) An explanation of any free-look period with instructions on how to cancel if a policy is issued; and

(2) Either a copy of the application or a written disclosure. The copy of the application or the written disclosure shall clearly and concisely set out the type of life insurance and the death benefit applied for and its expected first-year cost. A basic illustration that meets the requirements of 191—Chapter 15 and Iowa Code chapter 507B shall be deemed sufficient to meet this requirement for a written disclosure.

25.6(6) The following acts or practices by an insurer or insurance producer with respect to the sale of certain life insurance products are declared to be false, misleading, deceptive or unfair:

a. Excluding individually issued annuities, recommending the purchase of any life insurance product which includes a side fund to a service member in pay grades E-4 and below unless the insurer has reasonable grounds for believing that the life insurance death benefit, standing alone, is suitable.

b. Offering for sale or selling a life insurance product which includes a side fund to a service member in pay grades E-4 and below who is currently enrolled in SGLI, is presumed unsuitable unless, after the completion of a needs assessment, the insurer demonstrates that the applicant's SGLI death benefit, together with any other military survivor benefits, savings and investments, survivor income, and other life insurance are insufficient to meet the applicant's insurable needs for life insurance.

(1) "Insurable needs" means the risks associated with premature death, taking into consideration the financial obligations and immediate and future cash needs of the applicant's estate and survivors or dependents.

(2) "Other military survivor benefits" include, but are not limited to: the Death Gratuity, Funeral Reimbursement, Transition Assistance, Survivor and Dependents' Educational Assistance, Dependency and Indemnity Compensation, TRICARE Healthcare benefits, Survivor Housing Benefits and Allowances, Federal Income Tax Forgiveness, and Social Security Survivor Benefits.

c. Excluding individually issued annuities, offering for sale or selling any life insurance contract which includes a side fund:

(1) Unless interest credited accrues from the date of deposit to the date of withdrawal and permits withdrawals without limit or penalty;

(2) Unless the applicant has been provided with a schedule of effective rates of return based upon cash flows of the combined product. For this disclosure, the effective rate of return will consider all premiums and cash contributions made by the policyholder and all cash accumulations and cash surrender

values available to the policyholder in addition to life insurance coverage. This schedule will be provided for at least each policy year from one to ten and for every fifth policy year thereafter ending at the insured's age 100, the policy's maturity date or the policy's final expiration date; and

(3) Which by default diverts or transfers funds accumulated in the side fund to pay, reduce or offset any premium due.

d. Excluding individually issued annuities, offering for sale or selling any life insurance contract which after considering all policy benefits, including but not limited to endowment, return of premium or persistency, does not comply with standard nonforfeiture law for life insurance.

e. Selling to an individual known to be a service member any life insurance product that excludes coverage if the insured's death is related to war, declared or undeclared, or to any act related to military service except for an accidental death coverage, e.g., double indemnity, which may be excluded.

191—25.7(505) Reporting requirements. No insurer may participate in any military sales unless that insurer has implemented a system to report to the Iowa insurance commissioner in a manner prescribed by the commissioner any military sales disciplinary actions about which the insurer had actual awareness, or in the exercise of ordinary care should have known, at the time of the action, and unless the insurer also has reported such action to the commissioner. Failure to comply with this rule shall be a violation of this chapter and shall subject the insurer to penalties set forth in rule 25.8(505).

191—25.8(505) Violation and penalties.

25.8(1) Any insurance producer or insurer found after hearing to have violated a provision of this chapter shall be deemed to have committed an unfair trade practice under Iowa Code chapter 507B and shall be subject to the penalties set forth in Iowa Code chapters 505 and 507B.

25.8(2) Any insurance producer or insurer found after hearing to have violated a provision of this chapter will be reported by the commissioner pursuant to, and may be subject to, the penalties set forth in Section 10(d) of the Military Personnel Financial Services Protection Act, Pub. L. No. 109-290 (2006).

191—25.9(505) Severability. If any provision of this chapter or the application thereof to any person or circumstance is held invalid for any reason, the invalidity shall not affect the other provisions or any other application of these rules which can be given effect without the invalid provisions or application. To this end, all provisions of these rules are declared to be severable.

These rules are intended to implement Iowa Code chapter 505 and 2007 Iowa Acts, House File 499, section 7.

CHAPTER 26
Reserved

CHAPTER 27
PREFERRED PROVIDER ARRANGEMENTS

191—27.1(514F) Purpose. The purpose of this chapter is to encourage health care cost containment while preserving quality of care by allowing health care insurers to enter into preferred provider arrangements and by establishing minimum standards for preferred arrangements and the health benefit plans associated with those arrangements.

191—27.2(514F) Definitions. As used in this chapter, unless the context otherwise requires:

“*Commissioner*” means the commissioner of insurance.

“*Covered person*” means a person on whose behalf the health care insurer is obligated to pay for or provide health care services.

“*Covered services*” means health care services which the health care insurer is obligated to pay for or provide under the health benefit plan.

“*Emergency services*” means, with respect to an individual enrolled with an organization, covered inpatient and outpatient services that are furnished by a provider that is qualified to furnish such services and are needed to evaluate or stabilize an emergency medical condition. The term “emergency medical condition” means a medical condition manifesting itself by acute symptoms of sufficient severity, including severe pain, that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect that absence of immediate medical attention to result in one of the following:

1. Placing the health of the individual or, with respect to a pregnant woman, the health of the woman and her unborn child, in serious jeopardy;
2. Serious impairment to bodily function; or
3. Serious dysfunction of any bodily organ or part.

“*Health benefit plan*” means the health insurance policy or subscriber agreement between the covered person or the policyholder and the health care insurer which defines the covered services and benefit levels available.

“*Health care insurer*” means a third-party payer of health benefits including, but not limited to, a person providing a policy or contract providing for third-party payment or prepayment of health or medical expenses, including the following:

1. Individual or group accident and sickness insurance providing coverage on an expense-incurred basis.
2. An individual or group hospital or medical service contract issued pursuant to Iowa Code chapter 509, 514 or 514A.
3. An individual or group health maintenance organization contract regulated under Iowa Code chapter 514B.
4. An individual or group Medicare supplement policy.
5. A fraternal benefit society.

“*Health care provider*” or “*provider*” means a provider of health care services as defined in rule 191—34.2(514).

“*Health care services*” means services rendered or products sold by a health care provider within the scope of the provider’s license. The term includes, but is not limited to, hospital, medical, surgical, dental, vision, and pharmaceutical services or products.

“*Preferred provider*” means a health care provider or group of providers who have contracted to provide specified covered services.

“*Preferred provider arrangement*” means a contract between or on behalf of the health care insurer and a preferred provider which complies with all the requirements of this chapter.

191—27.3(514F) Preferred provider arrangements. Notwithstanding any provisions of law to the contrary, any health care insurer may enter into a preferred provider arrangement.

27.3(1) A preferred provider arrangement shall at minimum:

a. Establish the amount and manner of payment to the preferred provider. The amount and manner of payment may include capitation payments for preferred providers.

b. Include mechanisms which are designed to minimize the cost of the health benefit plan. These mechanisms may include among others:

(1) The review or control of utilization of health care costs.

(2) A procedure for determining whether health care services rendered are medically necessary.

c. Ensure reasonable access to covered services available under the preferred provider arrangement.

27.3(2) A preferred provider arrangement shall not unfairly deny health benefits for medically necessary covered services.

27.3(3) If an entity enters into a contract providing covered services with a health care provider, but is not engaged in activities which would require it to be licensed as a health care insurer, such entity shall file with the commissioner information describing its activities and a description of the contract or agreement it has entered into with the health care providers. An employer which contracts with health care providers for the exclusive benefit of that employer's employees and employees' dependents is exempt from this requirement. This exemption does not apply to any producer, agent, or administrator acting on behalf of one or more employers.

27.3(4) Rescinded IAB 7/14/99, effective 7/1/99.

191—27.4(514F) Health benefit plans.

27.4(1) A health care insurer may issue a health benefit plan which provides for incentives for covered persons to use the health care services of a preferred provider. The policies or subscriber agreements shall contain at least all of the following provisions:

a. A provision that if a covered person receives emergency services specified in the preferred provider arrangement and cannot reasonably reach a preferred provider, emergency services rendered during the course of the emergency will be reimbursed as though the covered person had been treated by a preferred provider, subject to any restriction which may govern payment by a preferred provider for emergency services.

b. A provision which clearly identifies the differentials in benefit levels for health care services of preferred providers and benefit levels for health care services of nonpreferred providers.

27.4(2) If a health benefit plan provides differences in benefit levels payable to preferred providers compared to other providers, such differences shall not unfairly deny payment for covered services and shall be no greater than necessary to provide a reasonable incentive for covered persons to use the preferred provider.

191—27.5(514F) Preferred provider participation requirements.

27.5(1) A health care insurer may place reasonable limits on the number or classes of preferred providers which satisfy the standards set forth by the health care insurer, provided that there is no discrimination against providers on the basis of religion, race, color, national origin, age, sex or marital status.

27.5(2) Notwithstanding any other provision of this chapter, a health care insurer may issue policies or subscriber agreements which provide benefits for health care services only if the services have been rendered by a preferred provider, provided the program has met all standards imposed by the commissioner for availability and adequacy of covered services.

27.5(3) A health care insurer shall file with the commissioner for the commissioner's prior review a prototype of any preferred provider arrangement and of the health care plan's policy, contract, or subscriber agreement associated with the arrangement, together with any changes in the prototype. Use of the prototypical preferred provider arrangement and health care plan's policy, contract, or subscriber agreement is conditioned upon approval of these documents by the commissioner.

191—27.6(514F) General requirements. A health care insurer subject to this chapter shall be subject to and is required to comply with all other applicable laws and rules and regulations of this state.

191—27.7(514F) Civil penalties. Civil penalties for violation of this chapter shall be imposed in the amount, and pursuant to the procedure, set forth in Iowa Code sections 507B.6, 507B.7, and 507B.8.

191—27.8(514F) Health care insurer requirements.

27.8(1) A health care insurer shall not prohibit a participating provider from or penalize a participating provider for discussing treatment options with covered persons, irrespective of the health care insurer's position on the treatment options, or from advocating on behalf of covered persons within the utilization review or grievance processes established by the health care insurer or a person contracting with the health care insurer.

27.8(2) A health care insurer shall not penalize a provider because the provider, in good faith, reports to state or federal authorities any act or practice by the health care insurer that, in the opinion of the provider, jeopardizes patient health or welfare.

These rules are intended to implement Iowa Code section 514F.3 and 1999 Iowa Acts, Senate File 276.

CHAPTER 28
CREDIT LIFE AND CREDIT
ACCIDENT AND HEALTH INSURANCE

191—28.1(509) Purpose. The purpose of this chapter is to protect the interests of debtors and the public in this state by providing a system of rate, policy form, and operating standards for the transaction of credit life and credit accident and health insurance. Compliance with any disclosure requirements in this chapter shall not be deemed to be in compliance with the requirements set out in the Iowa consumer credit code and supporting rules. This chapter shall not be applicable to coverage provided by creditors at their own expense where no charge is made to the insured debtors for their coverage or to coverage which is an isolated transaction on the part of the insurer not related to an agreement or a plan for insuring debtors of a creditor.

191—28.2(509) Definitions.

“*Consumer credit transaction*” shall have the same definition as set out in Iowa Code section 537.1301(11) to (14).

“*Credit accident and health insurance*” means insurance on a debtor or debtors to provide indemnity for payments becoming due on a specific loan or other credit transaction while the debtor is disabled as defined in the policy.

“*Credit insurance*” means both credit life and credit accident and health insurance.

“*Credit life insurance*” means insurance on the lives of debtors pursuant to or in connection with a specific loan or other credit transaction.

“*Creditor*” means the lender of money or vendor or lessor of goods, services or property, rights or privileges, for which payment is arranged through a credit transaction, or any successor to the right, title or interest of any lender, vendor, or lessor, and an affiliate, associate or subsidiary of any of them or any director, officer or employee of any of them or any other person in any way associated with any of them.

“*Credit transaction*” means any transaction by the terms of which the repayment of money loaned or loan commitment made, or payment for goods, services or properties sold or leased, is to be made at a future date or dates.

“*Debtor*” means a borrower of money or a purchaser or lessee of goods, services, property, rights or privileges for which payment is arranged through a credit transaction.

“*Indebtedness*” means total amount repayable including principal, interest and finance charges.

“*Lender-agent*” means a creditor, as defined herein, who offers credit insurance or arranges for the offering of credit insurance to debtors.

“*Open-end credit*” means credit extended by a creditor under an agreement in which:

1. The creditor reasonably contemplates repeated transactions;
2. The creditor imposes a finance charge from time to time on an outstanding unpaid balance; and
3. The amount of credit that may be extended to the debtor during the term of the agreement (up to any limit set by the creditor) is generally made available to the extent that any outstanding balance is repaid.

“*Person*” means any natural person, partnership, corporation or other business entity.

191—28.3(509) Rights and treatment of debtors.

28.3(1) Multiple plans of insurance. If a creditor has available to the debtors more than one plan of credit life insurance or more than one plan of credit accident and health insurance, the debtors must be informed of all plans applicable to the credit transaction. All relevant plans shall be fully disclosed to the consumer prior to the preparation of any insurance documents and before the consumer becomes obligated on the credit transaction.

28.3(2) Substitution. When a creditor requires credit life insurance, credit accident and health insurance, or both, as additional security for an indebtedness, the debtor shall be given the option of furnishing the required amount of insurance through existing policies of insurance owned or controlled by the debtor or by procuring and furnishing the required coverage through any insurer authorized to

transact insurance business in this state. If this subrule is applicable, the debtor shall be informed by the creditor of the right to provide alternative coverage before the transaction is completed.

28.3(3) Evidence of coverage.

a. All credit insurance shall be evidenced by an individual policy, or, in the case of group insurance, by a certificate of insurance, which individual policy or group certificate of insurance shall be delivered to the debtor at the time the indebtedness is incurred, except as provided in the following. If the individual policy or group certificate of insurance is not delivered to the debtor at the time the indebtedness is incurred, a copy of the application for the policy or a notice of proposed insurance shall be delivered to the debtor at the time the indebtedness is incurred. Upon acceptance of the insurance by the insurer and within 30 days of the date upon which the indebtedness is incurred, the insurer shall cause the individual policy or group certificate of insurance to be delivered to the debtor.

b. Each individual policy or group certificate of credit insurance delivered or issued for delivery in this state shall, in addition to the other requirements of law, set forth:

- (1) The name and home office address of the insurer and, on group certificates, an identification of the master policy;
- (2) The identity of the insured debtor by name or any other reasonable alternative method of identification approved by the insurance commissioner;
- (3) The amount of premium or identifiable insurance charge to the debtor, separately for the credit life insurance and credit accident and health insurance;
- (4) A description of the coverage including the amount and term thereof;
- (5) Any exceptions, limitations and restrictions;
- (6) A statement that the benefits will be paid to the creditor to reduce or extinguish the indebtedness, and any excess shall be paid to a beneficiary, other than the creditor, named by the debtor or to the debtor's estate.

c. A policy, certificate of credit insurance or notice of proposed insurance shall not contain provisions which would encourage misrepresentation or which are unjust, unfair, inequitable, misleading, deceptive or contrary to law or to the public policy of this state.

d. A credit life insurance or credit accident and health insurance policy violates paragraph "*c*" if it provides an amount of insurance less than the amount necessary to discharge the indebtedness, when it does not set forth clearly the information on the insured debtor's policy or certificate in not less than 10-point bold-faced type or in some other prominent method approved by the commissioner.

e. A notice of proposed insurance or a copy of the application for the policy, when delivered pursuant to paragraph "*a*" as evidence of coverage, violates paragraph "*c*" above, if it does not set forth the name and home office of the insurer; the name or names of the debtor; the premium or amount of payment by the debtor, separately for credit life or credit accident and health insurance; the amount, term and a brief description of the coverage provided. The copy of the application for, or notice of proposed insurance, shall also refer exclusively to insurance coverage and shall be separate and apart from the loan, sale or other credit statement of account, instrument, or agreement, unless the information required by this subrule is prominently disclosed.

f. If an insurer other than the insurer named on the application, notice of proposed insurance, policy or certificate of insurance accepts the risk, the debtor shall receive a new policy or certificate of insurance setting forth the name and home office address of the substituted insurer and the amount of the premium to be charged and, if the amount of the new premium is less, an appropriate refund shall be made.

g. If an insured debtor states that the debtor is under the maximum age for insurance, but is not, the insurer shall return the premium when this is discovered and no benefit will be paid.

h. If the insurer accepts premiums where the debtor has correctly stated the debtor's age, insurance coverage shall be effective regardless of age limitations or age exclusions unless a premium refund is made within 30 days following the date the application or notice of proposed insurance is received by the insurer.

i. No statements made by a debtor shall be used by an insurer as a basis for denying a claim unless the statement is contained in a written application for insurance signed by the debtor, a copy of which is

or has been furnished to the debtor or to the debtor's beneficiary, and the form of which has been filed with and approved by the insurance commissioner for use in connection with the policy form in question.

j. An application must identify the insurer providing the coverage. An application signed by the debtor is required whenever the policy contains an exclusion on account of age or other eligibility requirement.

28.3(4) Claims processing. All claims shall be promptly reported to the insurer or its designated claim representatives, and the insurer shall maintain adequate claim files. All claims shall be settled as soon as possible and in accordance with the terms of the insurance contract, but in no event shall claims be settled more than 30 days after notification of the claim and compliance by the debtor of all requirements under the policy. All claims shall be paid or credited to the claimant pursuant to the policy provisions, or upon direction of the claimant to one specified. No plan or arrangement shall be used whereby any person, firm or corporation other than the insurer or its designated claim representative shall be authorized to settle or adjust claims. The creditor shall not be designed as claim representative for the insurer in adjusting claims. However, a group policyholder may, by arrangement with the group insurer, pay or credit the claims due to the group policyholder subject to audit and review by the insurer.

28.3(5) Termination of group credit insurance policy.

a. If a debtor is covered by a group credit insurance policy providing for the payment of single premiums to the insurer, then provision shall be made by the insurer that in the event of termination of the policy for any reason, insurance coverage with respect to any debtor insured under the policy shall be continued for the entire period for which the single premium has been paid.

b. If a debtor is covered by a group credit insurance policy providing for the payment of premiums to the insurer on a monthly outstanding balance basis, then the policy shall provide that, in the event of its termination for whatever reason, the termination notice shall be given to the insured debtor at least 30 days prior to the effective date of termination except where replacement of the coverage by the same or another insurer in the same or greater amount takes place without lapse of coverage. The notice required in this paragraph shall be given by the insurer or, at the option of the insurer, by the creditor.

28.3(6) Interest on premiums. If the creditor adds identifiable insurance charges or premiums for credit insurance to the indebtedness and any direct or indirect finance carrying, credit or service charge is made to the debtor on the insurance charges or premiums, the creditor must remit and the insurer shall collect the premium within 60 days after it is added to the indebtedness.

28.3(7) Renewal or refinancing of the indebtedness. If the indebtedness is discharged due to renewal or refinancing prior to the scheduled maturity date, the insurance in force shall be terminated before any new insurance may be issued in connection with the renewed or refinanced indebtedness. In all cases of termination prior to scheduled maturity, a refund shall be paid or credited to the debtor as provided in rule 28.8(509). In any renewal or refinancing of the indebtedness, the effective date of the coverage as respects any policy provision shall be deemed to be the first date on which the debtor became insured under the policy covering the indebtedness which was renewed or refinanced, at least to the extent of the amount and term of the indebtedness outstanding at the time of renewal and refinancing of the debt. This subrule shall apply to all consumer credit transactions renewed pursuant to Iowa Code section 537.2504 or 537.2505.

28.3(8) Maximum aggregate provisions. A provision in a policy or certificate that sets a maximum limit on total payments must apply only to that policy or certificate.

28.3(9) Voluntary prepayment of indebtedness. If a debtor prepays the indebtedness other than as a result of death or through a lump sum disability payment:

a. Any credit life insurance covering the indebtedness shall be terminated and an appropriate refund of the credit life insurance premium shall be paid to the debtor in accordance with rule 28.9(509); and

b. Any credit accident and health insurance covering the indebtedness shall be terminated and an appropriate refund of the credit accident and health insurance premium shall be paid to the debtor in accordance with rule 28.9(509). If a claim under the coverage is in progress at the time of prepayment, the amount of refund may be determined as if the prepayment did not occur until the payment of benefits terminates. No refund need be paid during any period of disability for which credit accident and health

benefits are payable. A refund shall be computed as if prepayment occurred at the end of the disability period.

28.3(10) *Involuntary prepayment of indebtedness.* If an indebtedness is prepaid by the proceeds of a credit life insurance policy covering the debtor or by a lump sum payment of a disability claim under a credit insurance policy covering the debtor, then it shall be the responsibility of the insurer to see that the following are paid to the insured debtor, if living, or the beneficiary, other than the creditor, named by the debtor or to the debtor's estate:

a. In the case of prepayment by the proceeds of a credit life insurance policy, or by the proceeds of a lump sum total and permanent disability benefit under credit life coverage, an appropriate refund of the credit accident and health insurance premium in accordance with rule 28.9(509);

b. In the case of prepayment by a lump sum disability claim, an appropriate refund of the credit life insurance premium in accordance with rule 28.9(509);

c. In either case, the amount of the benefits in excess of the amount required to repay the indebtedness after crediting any unearned interest or finance charges.

28.3(11) *Amounts to be insured.*

a. Credit life insurance benefits shall be consistent with the premium charge. Credit life insurance may provide benefits in amounts which do not exceed, but may be less than, the scheduled amount of indebtedness, including unearned interest or finance charges, or the actual amount of unpaid indebtedness, whichever is greater.

b. Credit accident and health insurance may provide benefits not exceeding the amount of outstanding indebtedness inclusive of unearned interest or finance charges.

191—28.4(509) Policy forms and related material.

28.4(1) *Permissible forms.* Credit life insurance and credit accident and health insurance shall be issued only in the following forms:

a. Individual policies of life insurance issued to debtors on the term plan;

b. Individual policies of accident and health insurance issued to debtors on a term plan or disability benefit provisions in individual policies of credit life insurance;

c. Group policies of life insurance issued to creditors providing insurance upon the lives of debtors on the term plan;

d. Group policies of accident and health insurance issued to creditors on a term plan insuring debtors or disability benefit provisions in group credit life insurance policies to provide such coverage.

28.4(2) *Filing requirements.* All policies, certificates of insurance, notices of proposed insurance, applications for insurance, endorsements, disclosure forms and riders delivered or issued for delivery in this state must be filed and approved by the insurance commissioner prior to use of the form.

28.4(3) *Issuance of policies.* All policies of credit life insurance and credit accident and health insurance shall be delivered or issued for delivery in this state only by an insurer authorized to do an insurance business herein. No person shall, directly or indirectly, act within this state as agent in receiving or procuring applications for credit insurance for any company until procuring from the insurance commissioner a license to act as agent for that company.

191—28.5(509) Determination of reasonableness of benefits in relation to premium charge.

28.5(1) *General standard.* Under the credit insurance law, benefits provided by credit insurance policies must be reasonable in relation to the premium charged. This requirement is satisfied if the premium rate charged develops or may be reasonably expected to develop a loss ratio of not less than 50 percent. With the exception of deviations approved under rule 28.11(509), the rates shown in rules 28.7(509) and 28.8(509), as adjusted pursuant to rule 28.10(509), shall be conclusively presumed to satisfy this general standard.

28.5(2) *Nonstandard coverage.* If any insurer files for approval of any form providing coverage more restrictive than that described in rules 28.7(509) and 28.8(509), the insurer shall demonstrate to the satisfaction of the insurance commissioner that the premium rates to be charged for the restricted

coverage will develop or may be reasonably expected to develop a loss ratio not less than that contemplated for standard coverage at the premium rates described in these rules.

28.5(3) Coverage without separate charge. If no specific charge is made to the debtor for credit insurance, the standards of this rule are not required to be used; but any premium rates resulting from the standards used which exceed the premium rate standards set out in rules 28.7(509) and 28.8(509) must be filed with the insurance commissioner. For purposes of this subrule, it will be considered that the debtor is charged a specific amount for insurance if an identifiable charge for insurance is disclosed in the credit or other instrument furnished the debtor which sets out the financial elements of the credit transactions, or if there is a differential in finance, interest, service or other similar charge made to debtors who are in like circumstances, except for their insured or noninsured status.

191—28.6 Reserved.

191—28.7(509) Credit life insurance rates.

28.7(1) Premium rate. Credit life insurance premium rates for the insured portion of an indebtedness repayable in equal monthly installments, where the insured portion of the indebtedness decreases uniformly by the amount of the monthly installment paid, shall be as set forth in paragraphs “a” and “b” below. Paragraph “c” below refers to premium rates for other types of benefits either alone or in combination with the type of benefits applicable to paragraphs “a” and “b.”

a. \$.89 per month per \$1,000 of outstanding principal balance if premiums are payable on a monthly outstanding balance basis.

b. Gross coverage — decreasing term. If premiums are payable on a single premium basis and the amount of insurance decreases in equal monthly amounts, the prima facie premium rate shall be \$.58 per annum per \$100 of initial insured indebtedness.

c. Gross coverage — level term. If premiums are payable on a single premium basis when the benefit provided is level term, the prima facie rate shall be \$1.07 per annum per \$100 of initial insured indebtedness.

d. Joint coverage on either of the bases in paragraph “a,” “b,” or “c” of this subrule shall be 166 percent of the specific rate for that type of coverage.

e. A combination of the appropriate rate for level term and the appropriate rate for decreasing term (with equal decrements), if coverage provided is a combination of level term and decreasing term (with equal decrements).

f. If the benefits provided are other than those described in the introduction to this subrule, premium rates for the benefits shall be actuarially consistent with the rates provided in paragraphs “a,” “b,” “c,” and “d” above.

28.7(2) The premium rates in 28.7(1) shall apply to policies providing credit life insurance to be issued with or without evidence of insurability, to be offered to all debtors, and containing:

a. No exclusions other than suicide within six months of the incurred indebtedness; and

b. Either no age restrictions or age restrictions making ineligible for coverage debtors 65 or over at the time the indebtedness is incurred or debtors having attained age 66 or over on the maturity date of the indebtedness.

c. Insurance written in connection with an open-end credit plan may exclude from the classes eligible for insurance classes of debtors determined by age, and provide for the cessation of insurance or reduction in the amount of insurance upon attainment of not less than age 65.

d. On insurance written in connection with closed-end credit plans and open-end credit plans where the amount of insurance is based on or limited to the outstanding unpaid balance, no provision excluding or denying a claim for death resulting from a preexisting condition except for those conditions for which the insured debtor received medical diagnosis or treatment within six months preceding the effective date of coverage and which caused or substantially contributed to the death of the insured debtor within six months following the effective date of coverage. The effective date of coverage for each part of the insurance attributable to a different advance or charge to the plan account is the date on which the

advance or charge is posted to the plan account. Other more restrictive provisions may be used subject to appropriate rate adjustment approved by the insurance commissioner.

191—28.8(509) Credit accident and health insurance.

28.8(1) Premium rate. Credit accident and health insurance premium rates for the insured portion of an indebtedness repayable in equal monthly installments, where the insured portion of the indebtedness decreases uniformly by the amount of the monthly installment paid, shall be as set forth in paragraphs “a” and “b” below. Paragraphs “c,” “d” and “e” refer to premium rates for other types of benefits either alone or in combination with the type of benefits applicable to paragraphs “a” and “b.”

a. If premiums are payable on a single premium basis for the duration of the coverage, the rates shall be as follows:

Single Premium Per \$100 of Initial Insured Indebtedness

Months	Nonretroactive 14-Day Elimination	30-Day Elimination	Retroactive 14-Day Elimination	30-Day Elimination
12	\$1.26	\$0.72	\$1.98	\$1.53
24	\$1.98	\$1.44	\$2.70	\$2.25
36	\$2.70	\$2.16	\$3.42	\$2.97
48	\$3.15	\$2.61	\$3.87	\$3.42
60	\$3.51	\$2.97	\$4.23	\$3.78

Credit accident and health insurance rates for durations less than 12 months shall be derived by multiplying the number of months by one-twelfth of the 12-month rate. Rates for durations of more than 12 months but less than 60 months, which are not listed above shall be derived by straight-line interpolation between the listed rates, with the results rounded to the nearest cent. Rates for durations exceeding 60 months shall be derived by adding 3 cents to the 60-month rate for each month in excess of 60 months and rounding to the nearest cent.

b. If premiums are paid on the basis of a premium rate per month per \$1,000 of outstanding insured indebtedness, these premiums shall be computed according to the following formula or according to a formula approved by the insurance commissioner which produces rates actuarially equivalent to the single premium rates:

$$Op_n = \frac{20 SP_n}{n+1}$$

Where SP_n = Single Premium Rate per \$100 of initial insured indebtedness repayable in n equal monthly installments.

Op = Monthly Outstanding Balance Premium Rate per \$1,000.

n = Original repayment period, in months.

c. The actuarial equivalent of paragraphs “a” and “b” shall be used if the coverage provided is a constant maximum indemnity for a given period of time.

d. An appropriate combination of the premium rate for a constant maximum indemnity for a given period of time and the premium rate for a maximum indemnity which decreases in even amounts per month, if the coverage provided is a combination of a constant maximum indemnity for a given period of time after which the maximum indemnity begins to decrease in even amounts per month.

e. If the benefits provided are other than those described in paragraph “a” above, rates shall be actuarially consistent with rates provided in paragraphs “a,” “b,” “c” and “d.”

f. The outstanding balance rate for credit accident and health insurance may be either a term-specified rate or may be a single composite term outstanding balance rate applicable to all loans made under open-end or closed-end credit plans.

28.8(2) The premium rates in 28.8(1) shall apply to all policies providing credit accident and health insurance, be issued with or without evidence of insurability, be offered to all eligible debtors, and contain:

a. No provision excluding or denying a claim for disability resulting from preexisting conditions except for those conditions for which the insured debtor received medical advice, diagnosis or treatment within six months preceding the effective date of the debtor's coverage and which caused loss within the six months following the effective date of coverage. On insurance written in connection with closed-end credit plans and open-end credit plans where the amount of insurance is based on or limited to the outstanding unpaid balance, the effective date of coverage for each part of the insurance attributable to a different advance or charge to the plan account is the date on which the advance or charge is posted to the plan account.

b. No other provision which excludes or restricts liability in the event of disability caused in a specific manner except that it may contain provisions excluding or restricting coverage in the event of normal pregnancy and intentionally self-inflicted injuries.

c. No actively-at-work requirement more restrictive than one requiring that the debtor be actively at work at a full-time gainful occupation on the effective date of coverage. "Full-time" means a regular work week of not less than 30 hours. A debtor shall be deemed to be actively at work if absent from work due solely to regular day off, holiday or paid vacation.

d. No age restrictions, or only age restrictions making ineligible for coverage debtors 65 or over at the time the indebtedness is incurred or debtors who will have attained age 66 or over on the maturity date of the indebtedness.

e. A daily benefit equal in amount to one-thirtieth of the monthly benefit payable under the policy for the indebtedness.

f. A definition of "disability" which provides that during the first 12 months of disability the insured shall be unable to perform the duties of the occupation at the time the disability occurred, and thereafter the duties of any occupation for which the insured is reasonably fitted by education, training or experience. This paragraph shall not apply to lump-sum disability coverage.

g. Insurance written in connection with an open-end credit plan may exclude from the classes eligible for insurance classes of debtors determined by age and provide for the cessation of insurance or reduction in the amount of insurance upon attainment of not less than age 66.

191—28.9(509) Refund formulas.

28.9(1) Refund formulas must be filed with and approved by the insurance commissioner prior to use.

28.9(2) In the event of termination, no charge for credit insurance may be made for the first 15 days of a loan month and a full month may be charged for 16 days or more of a loan month.

28.9(3) The requirement that refund formulas be filed with the insurance commissioner shall be considered fulfilled if the refund formulas are set forth in the individual policy or group certificate filed with the insurance commissioner.

28.9(4) No refund of \$1 or less need be made.

191—28.10(509) Experience reports and adjustment of prima facie rates.

28.10(1) Each insurer doing insurance business in this state shall annually file with the insurance commissioner and the NAIC Support and Services Office a report of credit life and credit accident and health business written on a calendar-year basis. The report shall utilize the Credit Insurance Supplement-Annual Statement Blank as approved by the National Association of Insurance Commissioners. The filing shall be made in accordance with and no later than the due date in the instructions to the annual statement and should be sent separately to the life and health bureau.

28.10(2) The insurance commissioner will, no later than on a triennial basis, review the loss ratio standards set forth in rule 28.5(509), and the prima facie rates set forth in rules 28.7(509) and 28.8(509) and determine the rate of expected claims on a statewide basis, compare the rate of expected claims with the rate of actual claims for the preceding triennium determined from the incurred claims and earned

premiums at prima facie rates reported in the annual statement supplement, and publish the adjusted actual statewide prima facie rates to be used by insurers during the next triennium. These rates will reflect the difference between (a) actual claims based on experience; and (b) expected claims based on the loss ratio standards set forth in rule 28.5(509) applied to the prima facie rates set forth in rules 28.7(509) and 28.8(509).

28.10(3) The actual prima facie rates adjusted pursuant to subrule 28.10(2) above shall be published by bulletin from the insurance commissioner to all credit life and credit accident and health insurers licensed in Iowa.

191—28.11(509) Use of rates—direct business only.

28.11(1) *As used in this rule:*

“*Earned premiums*” means gross written premiums minus refunds on terminations, with this result adjusted for the change in unearned premium reserve.

“*Experience*” means “earned premiums” and “incurred claims” during the experience period.

“*Experience period*” means the most recent period of time for which experience is reported, but not for a period longer than three full years.

“*Incurred claims*” means total claims paid during the experience period, adjusted for the change in claim reserve.

28.11(2) *Use of prima facie rates.* An insurer that files rates or has rates on file that are not in excess of the prima facie rates shown in rules 28.7(509) and 28.8(509), to the extent adjusted pursuant to rule 28.10(509), may use those rates without further proof of their reasonableness.

28.11(3) *Use of rates higher than prima facie rates.* An insurer may file for approval of and use rates that are higher than the prima facie rates shown in rules 28.7(509) and 28.8(509), to the extent adjusted pursuant to rule 28.10(509), if it can be expected that the use of higher rates will result in a ratio of claims incurred to premiums earned (assuming the use of the higher rates) that is not less than 50 percent for those accounts to which the higher rates apply and that the upward deviations will not result on a statewide basis in that insurer having a ratio of claims incurred to premiums earned less than the expected loss ratio underlying the current prima facie rate developed or adjusted pursuant to rule 28.10(509).

If rates higher than the prima facie rates shown in rules 28.7(509) and 28.8(509), to the extent adjusted pursuant to rule 28.10(509), are filed for approval, the filing shall specify the account to which the rates apply. The rates may be:

- a. Applied uniformly to all accounts of the insurer; or
- b. Applied on an equitable basis approved by the insurance commissioner to only one or more accounts of the insurer for which the experience has been less favorable than expected.

28.11(4) *Approval period of deviated rates.*

a. A deviated rate will be in effect for a period of time not longer than three years based on the most recent three-year experience period. An insurer may file for a new rate before the end of a rate period, but not more often than once during any 12-month period.

b. Notwithstanding the provision of 28.11(2), if an account changes insurers, the rate approved to be used for the account by the prior insurer is the maximum rate that may be used by the succeeding insurer for the remainder of the rate approval period approved for the prior insurer or until a new rate is approved for use on the account, if sooner.

28.11(5) *Use of rates lower than filed rates.* An insurer may at any time use a rate for an account that is lower than its filed rate without notice to the insurance commissioner.

191—28.12(509) Supervision of credit insurance operations.

28.12(1) Each insurer transacting credit insurance in this state shall be responsible for conducting a thorough periodic review of creditors, with respect to their credit insurance business, to ensure compliance with the insurance laws of this state and the rules promulgated by the insurance commissioner. The review required above shall include, but not be limited to, a determination that:

- a. The proper charges are being made by the creditor;

- b. The proper refunds are being made;
- c. All known claims are being filed and properly handled;
- d. Amounts of insurance payable on death in excess of the amount necessary to discharge the indebtedness are properly refunded; and
- e. The creditor is promptly and fairly processing complaints concerning its credit insurance operations and is maintaining proper procedures for and records of the complaints processed.

28.12(2) Written records of the reviews shall be maintained by the insurer for review by the insurance commissioner.

191—28.13(509) Prohibited transactions. The following practices, when engaged in by insurers in connection with the sale or placement of credit insurance, or as an inducement, shall constitute unfair methods of competition and shall be subject to the unfair trade practices Acts of this state.

28.13(1) The offer or grant by an insurer to a creditor of any special advantage or any service not set out in either the group insurance contract or in the agency contract, other than the payment of agent's commissions.

28.13(2) Agreement by an insurer to deposit with a bank or financial institution money or securities of the insurer with the design or intent that the same shall affect or take the place of a deposit of money or securities which otherwise would be required of the creditor by the bank or financial institution as a compensating balance or offsetting deposit for a loan or other advancement.

28.13(3) Deposit by an insurer of money or securities without interest or at a lesser rate of interest than is currently being paid by the creditor, bank or financial institution to other depositors of like amounts. This subrule shall not be construed to prohibit the maintenance by an insurer of demand deposits or premium deposit accounts reasonably necessary for use in the ordinary course of the insurer's business.

28.13(4) Failure by the insurance companies to refund, within a reasonable time period, unearned premiums to the person who originally paid the premium.

28.13(5) Misrepresentation or deception by the lender-agent by either leading a borrower to believe that the borrower must purchase insurance from a specific insurance company or failing to inform the borrower that insurance is not mandatory and by including the cost of insurance premiums in all loan quotations.

28.13(6) Any representation, either express or implied, that could reasonably cause a borrower to believe that the loan might be jeopardized if insurance is not purchased through the recommended channels and, by taking advantage of the weak bargaining position of the debtor, cause the purchase of insurance which might not otherwise be wanted.

28.13(7) Claim adjusting not in reasonable conformity with policy provisions.

28.13(8) Failure by both companies and agents to inform the debtor of coverage.

28.13(9) Charging rates that are unfairly discriminatory in that the company charges different rates for identical groups with similar mortality, morbidity, expenses and other valid underwriting characteristics.

28.13(10) Any violation of Iowa Code chapter 507B or Iowa Code section 714.16.

191—28.14(509) Disclosure and readability.

28.14(1) Disclosure. When a premium or identifiable charge is payable by a debtor for credit insurance coverage offered by a creditor, at the time insurance is applied for, disclosures shall be made to the principal debtor and copies given and retained, in accordance with state and federal law. The creditor shall also disclose the optional nature of the coverage, premium or identifiable charge separately by type of coverage, eligibility requirements, and policy limitations and exclusions. These disclosures shall be made prominently above the space for the signature indicating election to obtain the coverage. These disclosures may be made in conjunction with either (a) the federal truth-in-lending disclosure, or (b) a notice of proposed insurance, or insurance policy or certificate.

28.14(2) Readability. The insurance commissioner shall not approve any form unless the policy or certificate is written in nontechnical, readily understandable language, using words of common everyday usage:

- a.* Each insurer is required to test the readability of its policies or certificates by use of the Flesch Readability Formula, as set forth in Rudolf Flesch, The Art of Readable Writing (1949, as revised 1974);
- b.* A total readability score of 40 or more on the Flesch scale is required;
- c.* All policies or certificates within the scope of this rule shall be filed with the insurance commissioner accompanied by a certification setting forth the Flesch score and certifying the compliance with the guidelines set forth in this rule.

191—28.15(509) Severability. If any provision or clause of this chapter or its application to any person or situation is held invalid, the invalidity shall not affect any other provision or application of the chapter which can be given effect without the invalid provision or application, and to this end the provisions of this chapter are declared severable.

191—28.16(509) Effective date.

28.16(1) This chapter shall take effect January 1, 1991.

28.16(2) Any deviations thought to be appropriate by an insurer as a result of promulgation of this chapter shall be filed in accordance with the provisions of rule 28.11(509) no later than January 1, 1991.

28.16(3) Certificates, notices of proposed insurance and premium rates in connection with existing group policies shall conform to the requirements of this chapter not later than the anniversary date of the group policy next following January 1, 1991.

191—28.17(509) Fifteen-day free examination. The certificate of insurance, notice of proposed insurance, or individual policy may be returned to the creditor within 15 days of receipt of the policy or certificate for a full refund of premium paid, if after examination, the debtor(s) is not satisfied with the insurance for any reason. Notice of the 15-day free examination right shall be prominently printed upon the cover of the insurance policy, certificate of insurance or notice of proposed insurance.

These rules are intended to implement Iowa Code chapter 509.

CHAPTER 29
CONTINUATION RIGHTS UNDER GROUP ACCIDENT
AND HEALTH INSURANCE POLICIES

191—29.1(509B) Definitions. As used in this chapter:

“*COBRA*” means Title X of the federal Consolidated Omnibus Budget Reconciliation Act (P.L. 99-272), as amended by the Tax Reform Act of 1986 (P.L. 99-514).

“*Continuation right*” refers to the right under Iowa Code chapter 509B of an employee or member or the employee’s or member’s spouse and dependent children whose coverage under a group accident and health insurance policy would terminate because of termination of employment or membership or dissolution or annulment of marriage or death of the employee or member to continue their accident and sickness insurance under the policy for the period, and under the terms specified, in that chapter.

“*Employer*” means that person which provides group accident or health insurance to its employees, or former employees, or the dependents of such persons, regardless of whether the employer directly contracts with an insurance company for a policy or obtains insurance by virtue of its membership in an organization which is deemed to be a “group policyholder.”

“*Group policyholder*” means a person which both contracts with an insurance company for accident or health insurance policies and provides group accident or health insurance to individuals by virtue of their membership in an organization. An organization shall not be deemed to be a “group policyholder” to the extent that its members are “employers” and those “employers” in turn provide benefits to their employees and their dependents under the “employer’s” benefit plan. Hence, if an individual has group accident or health insurance by virtue of employment, all obligations fall on the “employer” even if that insurance is provided by virtue of the “employer’s” membership in an organization which is deemed to be a “group policyholder.”

“*Policy*” means the group accident and health insurance policy maintained by an employer or group policyholder for the employer’s employees or group policyholder’s members to implement the employer’s or group policyholder’s benefit plan for its employees or members.

191—29.2(509B) Notice regarding continuation rights.

29.2(1) An employer or group policyholder must provide written notice of the continuation right arising by virtue of termination of employment or membership, other than the notice required by Iowa Code section 509B.3(7), no later than ten days after termination.

29.2(2) The employee or member shall make an election regarding continuation of coverage in writing within ten days of the later of the date the insurance coverage would cease by virtue of termination of employment or membership or the date the notice set forth in subrule 29.2(1) is given and pay the premiums for the continuation coverage within 31 days of the date the group insurance would otherwise terminate. Payment by the employee or member shall be made in advance of coverage commencing.

29.2(3) An employer or group policyholder need only give written notice of termination of continuation coverage by reason of nonpayment of premium by the employee or member once, in advance, to the employee or member in some general form such as the certificate of coverage referred to in section 509B.3(7).

29.2(4) In the event of a right to continuation coverage arising because of dissolution or annulment of marriage or death of the employee or member, the person eligible for continuation, who shall be the spouse or the custodial parent or legal guardian on behalf of a dependent child, must notify the employer or group policyholder of the occurrence of the event within 30 days after the dissolution or annulment of marriage or death of the employee or member. Within ten days of receipt of that notice, the employer or group policyholder shall give the person notice of the continuation right, and that person shall have ten days from the date the latter notice is received to elect continuation coverage in writing from the employer or group policyholder.

29.2(5) An election to continue coverage received by an employer or group policyholder from an employee or member or other eligible person shall be promptly transmitted to the issuer of the policy.

The issuer shall then cause coverage to be effective within ten days of receipt by the employer or group policyholder of the election, subject to receipt of the premium from the employee or member.

29.2(6) Notwithstanding subrule 29.2(5), continuation coverage shall run from the date of the qualifying event. An adequate premium to cover this period may be charged by an insurer.

191—29.3(509B) Qualifying events for continuation rights.

29.3(1) A dependent child ceasing to be a dependent of its parent or legal guardian is not an event qualifying for a continuation right.

29.3(2) Loss of continuation rights under COBRA, chapter 509B, or any other state group health insurance continuation law, is not an event qualifying for a continuation right.

29.3(3) Multiple qualifying events shall not be recognized under chapter 509B.

29.3(4) Voluntary termination of membership in an association shall not be a qualifying event.

191—29.4(509B) Interplay between chapter 509B and COBRA.

29.4(1) In the event an employee is eligible for a continuation right under Iowa Code chapter 509B and is also eligible for continuation of benefits from the employer under COBRA, an employer shall be deemed to comply with the requirements of chapter 509B if the employer offers to qualified beneficiaries the continuation right under COBRA. An election in favor of COBRA continuation shall satisfy the requirements of chapter 509B.

29.4(2) In lieu of, and as an alternative to the procedure set forth in subrule 29.4(1), the employer may give the employee continuation benefits, and charge the employee for continuation costs, on terms most favorable to the employee, as between chapter 509B and COBRA. For example, an employee could offer continuation for the period provided in COBRA — 18 months, as opposed to the 9 months under chapter 509B — but only at the cost to the employee allowable under chapter 509B — 100 percent of the per-employee cost, as opposed to the 102 percent per-employee cost allowable under COBRA.

191—29.5(509B) Effective date for compliance.

29.5(1) An insurer renewing an existing policy on or after July 1, 1987, shall provide a continuation right in its policy no later than the renewal date of the policy.

29.5(2) Policies issued or delivered on or after July 1, 1987, shall contain the continuation right as of the date of issuance or delivery.

These rules are intended to implement Iowa Code sections 509B.3 and 509B.5.

LIFE AND HEALTH INSURANCE
CHAPTER 30
LIFE INSURANCE POLICIES
[Prior to 10/22/86, Insurance Department[510]]

191—30.1(508) Purpose. In the best interest of the citizens of Iowa and to maintain a fair and honest life insurance market, certain types of life policy forms and certain policy provisions shall be either prohibited, altered or clarified as set out herein.

191—30.2(508) Scope. These rules shall apply to all insurance policies issued by insurance companies holding a certificate of authority under the provisions of Iowa Code chapter 508.

191—30.3(508) Definitions. Certain life insurance policy forms and provisions referred to herein shall have the following meaning:

30.3(1) Founders policy. The term or name assigned to a policy of insurance offered to the public by a newly organized stock life insurance company, issued on a participating basis with the representations that the purchasers will share preferentially in the future divisible surplus earnings of the company arising from all classes of business, both participating and nonparticipating, and all plans of insurance.

30.3(2) Profit-sharing policy. It is any policy form which contains provisions or is represented in such a way that the policyholder will be eligible to preferentially participate in any future distribution of general corporate profits.

30.3(3) Coupon policy. It is any policy or contract of life insurance, other than annuity, which contains in addition to basic life insurance benefits a series of annual pure endowment benefits evidenced in the policy contract by a series of coupons each of which matures on the maturation date of an annual pure endowment. For the purposes of these rules, policies containing annual pure endowments evidenced by coupons, passbooks or other devices generally acquainted with savings, banking or investment institutions shall be considered coupon policies.

30.3(4) Pure endowment benefit. It is a guaranteed insurance benefit, actuarially determined, the payment of which is contingent upon the survival of the insured to a specific point in time.

191—30.4(508) Prohibitions, regulations and disclosure requirements. In accordance with the purpose expressed in 30.1(508) and in conjunction with the intent of Iowa Code section 508.28, the use of certain types of policy forms and policy provisions shall be subject to the following prohibitions and regulations:

30.4(1) Policy names. Any insurance policy labeled or described as a founders, charter or coupon policy or names of similar connotation shall not be approved for use in this state on or after the effective date of these rules, and furthermore no policies so named or labeled heretofore approved shall be issued or delivered in this state on or after March 1, 1964.

30.4(2) Founders policy. No founders policy as herein defined shall be approved for use in this state on or after the effective date of these rules, and furthermore no founders policy as herein defined heretofore approved shall be issued or delivered in this state on or after March 1, 1964.

30.4(3) Profit-sharing policy. No profit-sharing policy shall be approved for use in this state on or after the effective date of these rules, and furthermore no profit-sharing policy heretofore approved shall be issued or delivered in this state on or after March 1, 1964. This subrule does not intend to restrict or prohibit the sale in this state of any participating life insurance policy where the dividend or abatement of premium is derived solely from the profits of that class of participating business.

30.4(4) Coupon policy. No coupon policy shall be approved or issued in this state after the effective date of these rules, and furthermore no coupon policy heretofore approved shall be issued or delivered in this state on or after March 1, 1964.

30.4(5) Guaranteed pure endowment benefits. No policy containing a series of guaranteed pure endowment benefits shall be approved for use after the effective date of these rules unless it meets the following requirements:

- a.* The gross premium charged for this benefit shall be separately stated in a size and style of type equal in prominence to that stating the gross premium for the other benefits contained in the policy.
- b.* The payment of any guaranteed pure endowment benefit shall not be made contingent upon the payment of premiums falling due on or after the time the pure endowment benefit has matured.
- c.* The amount of the guaranteed series of pure endowment benefits shall be expressed in dollar amounts and shall not be presented or defined, either in the policy or any sales and advertising material, as a “percentage” of any of the premiums or benefits contained therein.
- d.* No participating policy shall include as part of its benefits a guaranteed pure endowment benefit.
- e.* The language and terminology of the policy or any of the sales and advertising materials used in connection with any policy, which has a series of pure endowment benefits therein, shall not purport to represent the pure endowment benefit of the policy to be anything other than a guaranteed insurance benefit for which a premium is being paid by the policyholder.

191—30.5(508) General filing requirements.

30.5(1) Insurance companies required to file rates or forms with the division shall submit required rate and form filings pursuant to rule 191—20.1(505,509,514A,515,515A,515F).

30.5(2) Each filing must be submitted to the division of insurance not less than 60 days prior to the effective date of the filing, unless the 60-day period is waived by the division for good cause. Any deficiencies or discrepancies in the filing will delay final approval. In case of disapproval, the company will be notified by the division.

30.5(3) A filing which has not been previously approved, disapproved or questioned shall be deemed approved on or after 30 days from its receipt by the division.

30.5(4) Any insured or established organization with one or more insureds among its members may object to a form or rate filing pursuant to rule 191—20.2(505).

191—30.6(508) Back dating of life policies. Upon the specific written request of an applicant for life insurance, an insurer may issue a policy with an effective date not more than six months prior to the date of the policy application. This regulation shall not be construed to prohibit the exercise of any exchange or conversion privileges in any policy or contract.

191—30.7(508,515) Expiration date of policy vs. charter expiration date. The mere fact that a corporate contract may extend beyond the term of the life of the corporation does not destroy it. We believe as a matter of public policy, insurance corporations frequently enter into such contracts. This is graphically illustrated in the case of a life insurance contract issued by a company with a limited corporate period. It has been held that the renewal of articles of incorporation is a continuation of the original corporate period which lends support to the proposition that it is within the public interest that contracts of this nature be permitted.

191—30.8(509) Electronic delivery of group life insurance certificates.

30.8(1) Purpose. The purpose of this rule is to authorize the electronic delivery of group life insurance certificates in an efficient manner by insurers and group policyholders, while guaranteeing that individual plan members still receive the important information contained in such group insurance certificates, as required by Iowa Code section 509.2(7), and as allowed by the uniform electronic transactions Act, Iowa Code chapter 554D.

30.8(2) Scope. This rule shall apply to all insurance companies holding a certificate of authority to transact the business of insurance under the provisions of Iowa Code chapters 508 and 515.

30.8(3) Electronic delivery—insurance companies. The insurer will be deemed to comply with the requirements of Iowa Code section 509.2(7) if the group insurance certificate is delivered to the group policyholder electronically and if:

- a.* The insurer takes appropriate and necessary measures to ensure that the system for furnishing group insurance certificates results in actual receipt of transmitted information by group policyholders, which can be done by:

- (1) Using return-receipt electronic mail features;
- (2) Periodic reviews or surveys to confirm receipt of the transmitted information; or
- (3) Any other method approved by the insurance commissioner.

b. The electronic documents contain the same content and appear in reasonably the same format as the certificates previously approved by the insurance commissioner.

c. Each group policyholder is provided notice, through electronic means or in writing, apprising the group policyholder of the fact that the certificate will be furnished electronically, of the significance of the certificate and the group policyholder's obligations under this rule, and of the group policyholder's right to request and receive a paper copy of the document for each participant.

d. Upon request of any group policyholder, the insurer furnishes paper copies of the group insurance certificate that was delivered to the group policyholder electronically, so that the group policyholder may provide them to participants that have requested paper copies.

30.8(4) *Electronic delivery—group policyholders.* The group policyholder will be deemed to comply with the requirements of Iowa Code section 509.2(7) if the group insurance certificate is delivered to the individual plan member electronically and if:

a. The group policyholder takes appropriate and necessary measures to ensure that the system for furnishing group insurance certificates results in actual receipt of transmitted information by participants, which may be done by:

- (1) Using return-receipt electronic mail features;
- (2) Periodic reviews or surveys to confirm receipt of the transmitted information; or
- (3) Any other method approved by the insurance commissioner.

b. The electronic documents contain the same content and appear in reasonably the same format as the certificates previously approved by the insurance commissioner.

c. Each participant is provided notice, through electronic means or in writing, apprising the participant of the fact that the certificate will be furnished electronically, of the significance of the certificate, and of the participant's right to request and receive, free of charge, a paper copy of the document.

d. Upon request of any participant, the group policyholder furnishes, free of charge, a paper copy of the group insurance certificate that was delivered to the participant electronically.

191—30.9(505,508) Notice of cancellation, nonrenewal or termination of life insurance and annuities.

30.9(1) *Purpose and definitions.*

a. Purpose. The purpose of this rule is to clarify the authorized methods of delivery for notices of cancellation, nonrenewal or termination by an insurer or insurance producer required for contracts subject to approval by the commissioner pursuant to Iowa Code section 508.25, so as to require reasonable procedures for providing notice to policyholders of the consequences of cancellation, nonrenewal or termination of life insurance and annuity contracts. The Uniform Electronic Transactions Act, in Iowa Code section 554D.110(4) "*b.*" provides that a requirement under a law to send, communicate, or transmit a record by first-class mail postage prepaid may be varied by agreement to the extent permitted by the other law. Notification regulation should effectively require reasonable advance notice to life insurance and annuity policyholders that insurance coverage will cease or be placed under a nonforfeiture benefit on a date certain.

b. Definitions. As used in Iowa Code section 505B.1 and this rule:

"*Commissioner*" means the Iowa insurance commissioner or insurance division.

"*Notice of cancellation, nonrenewal or termination*" means:

1. Notice of an insurance company's termination of an insurance policy at the end of a term or before the termination date;
2. Notice of an insurance company's decision or intention not to renew a policy; and
3. For purposes of notices of cancellation, nonrenewal or termination of contracts subject to approval by the commissioner pursuant to Iowa Code section 508.25, "notice of cancellation, nonrenewal or termination" includes but is not limited to the following:

- An insurance company's notice of cancellation, nonrenewal or termination of life insurance or annuities;
 - Notice of replacement of life insurance, for which specific notice is required to be provided by the insurance producer pursuant to rule 191—16.24(507B); and
 - Notice of termination of universal life contracts, for which specific advance notice is required to be provided by the insurance company pursuant to rule 191—92.6(508).

30.9(2) Scope. This rule shall apply to all insurance companies that issue contracts subject to approval by the commissioner pursuant to Iowa Code section 508.25.

30.9(3) Delivery. For any notice of cancellation, nonrenewal or termination by an insurer in contracts subject to approval by the commissioner pursuant to Iowa Code section 508.25 to be effective, an insurer must, within the time frame established by law, or such reasonable time in advance and as governed by contract, deliver the notice to the person to whom notice is required to be provided either in person or by mail through the U.S. Postal Service to the last-known address of the person to whom notice is required to be provided. For replacements of life insurance, specific notice is required to be provided by the insurance producer pursuant to rule 191—16.24(507B). For universal life contracts, specific advance notice of termination is required to be provided by the insurance company pursuant to rule 191—92.6(508). The use of U.S. Postal Service Intelligent Mail® fulfills any requirement for the contracts subject to approval by the commissioner pursuant to Iowa Code section 508.25 and for notices required by rule 191—16.24(507B) or 191—92.6(508) for certified mail or certificate of mailing as proof of mailing.

30.9(4) Electronic transmissions. Notwithstanding the requirements of subrule 30.9(3), if an insurer receives, pursuant to 191—subrule 4.24(2), approval from the commissioner of a manner of electronic delivery of a notice for cancellation, nonrenewal or termination of a policy, the approved manner shall satisfy the requirements of Iowa Code section 505B.1 or 508.25, rule 191—16.24(507B) or 191—92.6(508), or this rule.

CHAPTER 31
LIFE INSURANCE COMPANIES—VARIABLE ANNUITIES CONTRACTS

[Appeared as Ch 3, 1973 IDR]

[Prior to 10/22/86, Insurance Department[510]]

191—31.1(508) Definitions. When used in this regulation:

“*Commissioner*” shall mean the insurance commissioner of Iowa.

“*Contracts on a variable basis*” or “*Variable contract*” shall mean any (group or individual) policy or contract issued by an insurance company which provides for insurance or annuity benefits which may vary according to the investment experience of any separate or segregated account or accounts maintained by the insurer as to such policy or contract, as provided for in Iowa Code sections 508.31 and 508.32.

191—31.2(508) Insurance company qualifications.

31.2(1) No company shall deliver or issue for delivery variable contracts within this state unless it is licensed under Iowa Code chapter 508 entitled “Life Insurance Companies,” to do a life insurance or annuity business in this state; and the commissioner is satisfied that its condition or method of operation in connection with the issuance of such contracts will not render its operation hazardous to the public or its policyholders in this state. To this end the commissioner shall consider among other things:

- a. The history and financial condition of the company,
- b. The character, responsibility and fitness of the officers and directors of the company, and
- c. The law and regulation under which the company is authorized in the state of domicile to issue variable contracts.

31.2(2) If the company is licensed and is a subsidiary of an admitted life insurance company, or affiliated with such company by common management or ownership, it may be deemed by the commissioner to have satisfied the aforementioned provisions.

31.2(3) Before any company shall deliver or issue for delivery variable contracts within this state, it shall submit to the commissioner:

- a. A general description of the kinds of variable contracts it intends to issue,
- b. If requested by the commissioner, a copy of the statutes and regulations of its state of domicile under which it is authorized to issue variable contracts, and
- c. If requested, biographical data with respect to officers and directors of the company.

191—31.3(508) Filing, policy forms and provision.

31.3(1) No contract on a variable basis or certificate evidencing variable benefits issued pursuant to any such contract shall be issued or delivered to any person in this state until a copy of the form of the same has been filed pursuant to rule 191—20.1(505,509,514A,515,515A,515F) and approved by the commissioner.

31.3(2) The commissioner shall disapprove or withdraw approval of any such contract form or certificate if:

- a. Such contract or certificate contains provisions which are unjust, unfair, inequitable, ambiguous, misleading, likely to result in misrepresentation or contrary to law, or
- b. Sales of such contracts are being solicited by any means of advertising, communication or dissemination of information which involves misleading or inadequate description of the provisions of the contract.

c. The contract or certificate does not comply with the filing requirements and provisions set forth in rule 191—20.1(505,509,514A,515,515A,515F).

31.3(3) Any variable contract delivered or issued for delivery in this state and any certificates evidencing variable benefits issued pursuant to any such contract on a group basis shall contain a statement of the essential features of the procedures to be followed by the insurance company in determining the dollar amount of such variable benefits and shall state that such dollar amounts will vary to reflect investment experience and shall contain on its first page a clear and prominently placed statement to the effect that the benefits thereunder are on a variable basis.

31.3(4) Illustrations of benefits payable under any contract providing benefits payable in variable amounts shall not include projections of past investment experience into the future or attempted predictions of future investment experience. Hypothetical illustrations of rates to possible levels of annuity payments may be used if submitted to and not disapproved by the commissioner.

31.3(5) No individual variable annuity contract calling for the payment of periodic stipulated payments shall be delivered or issued for delivery in this state unless it contains in substance the following provision or provisions which in the opinion of the commissioner are more favorable to the holders of such contracts:

a. A provision that there shall be a period of grace of 30 days or of one month, within which any stipulated payment to the insurer falling due after the first payment may be made, during which period of grace the contract shall continue in force. The contract may include a statement of the basis for determining the date as of which any such payment received during the period of grace shall be applied to produce the values under the contract arising therefrom.

b. A provision that at any time within one year from the date of default, in making periodic stipulated payments to the insurer during the life of the annuitant and unless the cash surrender value has been paid, the contract may be reinstated upon payment to the insurer of such overdue payments as required by the contract and of all indebtedness to the insurer on the contract, including interest. The contract may include a statement of the basis for determining the date as of which the amount to cover such overdue payments and indebtedness shall be applied to produce the values under the contract arising therefrom.

c. A provision specifying the option available in the event of default in a periodic stipulated payment. Such options may include an option to surrender the contract for a cash value as determined by the contract and shall include an option to receive a paid-up annuity if the contract is not surrendered for cash, the amount of such paid-up annuity being determined by applying the value of the contract at the annuity commencement date in accordance with the terms of the contract.

31.3(6) Any variable contract evidencing variable benefits delivered or issued for delivery in this state shall stipulate the expense, mortality and investment increment factors to be used in computing the dollar amount of variable benefits or other contractual payments or values thereunder, and shall guarantee that expenses will not adversely affect such dollar amounts. In computing the dollar amount of variable benefits or other contractual payments or values under any variable contract, the annual net investment increment assumption shall not exceed 5 percent, except with the approval of the commissioner. "Expenses" as used in this paragraph may exclude some or all taxes, as stipulated in the contract.

31.3(7) To the extent that the level of benefits may be affected by mortality results, the mortality factor shall be determined from the Annuity Mortality Table for 1949, Ultimate, or any modification of that table not having a higher mortality rate at any age, or, if approved by the commissioner, from another table.

31.3(8) The reserve liability for variable annuities shall be established pursuant to the requirements of the standard valuation law in accordance with actuarial procedure that would recognize the variable nature of the benefits provided.

191—31.4(508) Separate account or accounts and investments. Any domestic life insurance company issuing variable contracts shall establish one or more separate or segregated accounts as provided in Iowa Code section 508.32 to invest and reinvest all or any of the amounts received in connection with such variable contracts subject to the following limitations.

31.4(1) Except as hereinafter provided, amounts allocated to any separate or segregated account and accumulation thereon may be invested and reinvested without regard to any requirements or limitations prescribed by the laws of this state governing the investments of life insurance companies; provided, that to the extent that the company's reserve liability with regard to benefits guaranteed as to dollar amount and duration and funds guaranteed as to principal amount or stated rate of interest is maintained in any separate or segregated account, a portion of the assets of such separate or segregated account at least equal to such reserve liability shall be, except as the commissioner may otherwise approve,

invested in accordance with laws of this state governing the investments of life insurance companies. The investments in such separate or segregated account or accounts shall not be taken into account in applying the investment limitations applicable to the investments of the company.

31.4(2) With respect to 75 percent of the market value of the total assets in a separate or segregated account, no such company shall purchase or otherwise acquire the securities of any issuer, other than securities issued or guaranteed as to principal and interest by the United States, if immediately after such purchase or acquisition the market value of such investment, together with prior investments of such separate or segregated account in such security taken at market, would exceed 5 percent of the market value of the assets of said separate or segregated account; provided, however, that the commissioner may waive such limitation if in the commissioner's opinion such waiver will not render the operation of such separate or segregated account hazardous to the public or the policyholders in this state.

31.4(3) The separate or segregated account shall not invest in the voting securities of a single issuer in an amount in excess of 10 percent of the total issued and outstanding voting securities of such issuer. The foregoing shall not apply with respect to securities held in separate or segregated accounts, the voting rights in which are exercisable only in accordance with instructions from persons having interests in such accounts.

31.4(4) The limitations in 31.4(2) and 31.4(3) shall not apply to the investments of a separate or segregated account in the securities of an investment company registered under the investment company Act of 1940, provided the investments of such investment companies comply in substance with 31.4(2) and 31.4(3) hereof.

31.4(5) Unless otherwise approved by the commissioner, assets allocated to a separate or segregated account shall be valued at their market value on the date of valuation or, if there is no readily available market, then as provided under the terms of the contract or the rules or other written agreement applicable to such separate or segregated account; provided, that the portion of the assets of such separate or segregated account equal to the company's reserve liability with regard to the benefits and funds referred to in 31.4(1), if any, shall be valued in accordance with the rules otherwise applicable to the company's assets.

31.4(6) The provisions of Iowa Code section 508.8 and any regulations applicable to the officers and directors of insurance companies with respect to conflicts of interest shall also apply to members of any separate or segregated account's committee, board or other similar body. No officer or director of such company nor any member of the committee, board or body of a separate or segregated account shall receive directly or indirectly any commission or any other compensation with respect to the purchase or sale of assets of such separate or segregated account.

31.4(7) All contracts on a variable basis shall state that the portion of the assets of any such separate or segregated accounts equal to the reserves and other contract liabilities with respect to such account shall not be chargeable with liabilities arising out of any other business the company may conduct.

31.4(8) Notwithstanding any other provisions in these rules, a company may:

a. With respect to any separate or segregated account registered with the Securities and Exchange Commission as a unit investment trust exercise voting rights in connection with any securities of a regulated investment company registered under the Investment Company Act of 1940 and held in such separate or segregated account in accordance with instructions from persons having interests in such accounts ratably as determined by the company, or

b. With respect to any separate or segregated account registered with the Securities and Exchange Commission as a management investment company, establish for such account a committee, board or other body, the members of which may or may not be otherwise affiliated with such company and may be elected to such membership by the vote of persons having interests in such account ratably as determined by the company. Such committee, board or other body may have the power, exercisable alone or in conjunction with others, to manage such account or accounts and the investment of its assets.

A company, committee, board or other body may make such other provisions in respect to any such separate or segregated account as may be deemed appropriate to facilitate compliance with requirements of any federal or state law now or hereafter in effect; provided that the commissioner approves such provisions as not hazardous to the public or the company's policyholders in this state.

31.4(9) No sale, exchange or other transfer of assets may be made by a company between any of its separate or segregated accounts or between any other investment account and one or more of its separate or segregated accounts unless, in case of a transfer into a separate or segregated account, the transfer is made solely to establish the account or to support the operation of the contracts with respect to the account to which the transfer is made and unless the transfer, whether into or from an account or accounts, is made by a transfer of cash or by a transfer of securities having a valuation which could be readily determined in the market place, and further provided that the transfer of securities must have been approved by the commissioner. The commissioner may authorize other transfers among such accounts if, in the commissioner's opinion, such transfers would not be inequitable.

31.4(10) The company shall maintain in each such separate or segregated account assets with a value at least equal to the reserves and other contract liabilities with respect to such accounts, except as may otherwise be approved by the commissioner.

This rule is intended to implement Iowa Code sections 505.8 and 508.32.

191—31.5(508) Required reports. Any company issuing individual variable contracts providing benefits in variable amounts shall mail to the contract holder, at least once in each contract year after the first, at the contract holder's last address known to the company, a statement or statements reporting the investments held in the separate or segregated account and, in the case of contracts under which payments have not yet commenced, a statement reporting as of a date not more than four months previous to the date of mailing the number of accumulation units credited to such contracts and the dollar value of a unit or the value of the contract holder's account.

An insurer issuing contracts on a variable basis shall annually on or before March 1 submit to the commissioner an annual statement for the business of its separate or segregated accounts. This statement shall be on such form as may be prescribed by the National Association of Insurance Commissioners and shall include details as to all of the income, disbursements, assets and liability items associated with such account or accounts and such other information as the commissioner of insurance may reasonably require.

191—31.6(508) Producers. No producer shall be eligible to sell or offer for sale a contract on a variable basis unless, prior to making any solicitation or sale of such a contract, the producer is also licensed for the variable products line of authority; however, any producer who participates only in the sale or offering for sale of variable contracts that are not registered under the federal Securities Act of 1933 need not be licensed for the variable products line of authority.

191—31.7(508) Foreign companies. If the law or regulation in the place of domicile of a foreign company provides a degree of protection to the policyholders and the public which is substantially equal to that provided by these regulations, the commissioner, to the extent deemed appropriate by the commissioner, may consider compliance with such law or regulation as compliance with these regulations.

These rules are intended to implement Iowa Code section 505.8(2).

CHAPTER 32
DEPOSITS BY A DOMESTIC LIFE COMPANY IN A
CUSTODIAN BANK OR CLEARING CORPORATION
[Prior to 10/22/86, Insurance Department[510]]

191—32.1(508) Purpose. These rules implement the authority of insurance companies organized under Iowa Code chapter 508 to make deposits of securities in custodian banks or clearing corporations in order to satisfy the legal reserve requirement imposed on those companies. These rules place requirements on such deposits which are for the protection of policyholders in the state.

191—32.2(508) Definitions. As used in this chapter:

32.2(1) “*Commissioner*” means the commissioner of insurance of the state of Iowa.

32.2(2) “*Company*” means a company organized under Iowa Code chapter 508.

32.2(3) “*Custodial account*” means an account established by agreement between a company and a custodian pursuant to Iowa Code section 511.8, subsection 21, and these rules.

32.2(4) “*Custodial agreement*” means an agreement entered into between a company and a custodian pursuant to these rules.

32.2(5) “*Custodian*” means an institution meeting the requirements of rule 32.4(508) which has entered into a custodial agreement with a company.

32.2(6) “*Custodied securities*” means securities held by or through a custodian when held directly by the custodian or held for the account of the custodian in an authorized clearing corporation or in the federal reserve book entry system.

32.2(7) “*Authorized clearing corporations*” means the following organizations, which are hereby recognized by the commissioner as authorized clearing corporations for purposes of Iowa Code section 511.8, subsection 21, paragraph “b,” subparagraph (2), and such other corporations as the commissioner may from time to time designate:

- a. Depository Trust Company.
- b. Midwest Securities Trust Company.
- c. Pacific Securities Depository Trust Company.
- d. Philadelphia Depository Trust Company.
- e. Euroclear Clearance Ltd.

191—32.3(508) Requirements upon custodial account and custodial agreement. Custodied securities may be used to meet the legal reserve deposit requirements of Iowa Code section 511.8, subsection 16, provided such securities are held under written agreement with a custodian which provides:

32.3(1) That the custodial account is to be titled as follows: “_____ Insurance Company Account No. _____ in custody for and to vest in the Commissioner of Insurance of the State of Iowa in accordance with Iowa Code sections 507C.18 and 508.19”.

32.3(2) The commissioner shall notify the custodian, in writing, that a “Minimum Aggregate Value of Securities” must be held in the custodial account at all times. The commissioner’s notice remains in full force and effect until amended or revoked in writing by the commissioner. The company shall, on or before the fifteenth day of each month certify to the commissioner on a form provided by the commissioner that the aggregate value (determined as provided by Iowa Code section 511.8, subsection 17) of securities on deposit with the commissioner in the manner specified by Iowa Code section 511.8, subsection 16, and in the custodial account as of the last day of the preceding month was at least equal to the company’s legal reserve (as defined in Iowa Code section 511.8) as of the last day of the preceding year. In the event the company fails or refuses to make the certification provided in this subrule, or in the event the commissioner is authorized or directed by reason of any determination, appointment, or order pursuant to Iowa Code section 507C.18, 508.17, 508.18, or 508.22, the commissioner may acquire custody or otherwise assume control of the custodied securities, and may order reregistration, delivery, or other disposition which the commissioner deems appropriate under the circumstances. In

addition, if the commissioner has reason to believe that a company may be insolvent, or that its condition is such as to render its further continuance in business hazardous to the public or holders of its policies, or that continued trading by the company in custodied securities may create a hazard to the public or policyholders, the commissioner may order the company to cease trading in custodied securities pending examination as provided in Iowa Code section 508.16. The company may from time to time deposit or withdraw securities from the custodial account, subject to the stated "Minimum Aggregate Value of Securities" on deposit.

32.3(3) That securities held in a fungible bulk by the custodian and securities in a clearing corporation or in the federal reserve book entry system shall be separately identified on the custodian's official records as being owned by the company. The custodian's records shall identify which custodied securities are held by the custodian and which securities are in a clearing corporation or in the federal reserve book entry system. If the securities are in a clearing corporation, such records shall also identify the name of the clearing corporation, the location of the securities, and, if held through an agent, the name of the agent.

32.3(4) That all custodied securities that are registered must be registered in the name of the company, in the name of a nominee of a company, in the name of the custodian or its nominee, in the name of an agent of the custodian or its nominee, or, if held in a clearing corporation, in the name of the clearing corporation or its nominee.

32.3(5) That during the course of the custodian's regular business hours, the commissioner or the commissioner's representative and authorized employees and representatives of the company, shall be entitled to examine on the premises of the custodian the custodian's records relating to custodied securities of the company.

32.3(6) That the custodian or its agents shall be required to submit to the commissioner, at least annually, or more often as the commissioner may from time to time request, the opinion(s) of an auditor who shall be satisfactory to the commissioner specifically addressing the respective systems of internal account control and record keeping of the custodian or its agents.

32.3(7) That the custodian shall maintain records sufficient to determine and verify information relating to custodied securities that may be reported in the company's annual statement and supporting schedules as filed with various regulatory authorities and in connection with any audit of the financial statements of the company. Copies of these records shall be delivered to the commissioner upon written request to the custodian.

32.3(8) That the custodian is obligated to indemnify the company for any loss of securities while in its custody occasioned by negligence or dishonesty of the custodian's officers or employees, or burglary, robbery, holdup, theft, extortion, or mysterious disappearance, including loss by damage or destruction.

32.3(9) That, in the event there is a loss of the securities for which the custodian is obligated to indemnify the company, the custodian shall promptly replace the same, or the value thereof, and the value of any loss of rights or privileges resulting from said loss of securities and the custodian shall make available to the company for inspection any and all securities or value amounts so replaced.

32.3(10) That minimum levels of deposits of securities at face values totaling \$100,000 shall be maintained at all times.

32.3(11) The custodial agreement may contain additional specific operating instructions, controls and provisions concerning the operation of the custodial account provided such operating instructions, controls and provisions are not in conflict with these rules.

32.3(12) Custodial agreements shall be submitted by a company to the commissioner for the commissioner's review prior to execution to ensure compliance with these rules.

32.3(13) That the custodial agreement may be amended or terminated only with the prior approval of the commissioner.

This rule is intended to implement Iowa Code section 511.8(21).

191—32.4(508) Requirements upon custodians. The custodian shall be a bank or trust company having its principal place of business in the United States, selected by the company to act as the custodian under

an agreement authorized by Iowa Code section 511.8, subsection 21, and shall possess the following qualifications:

32.4(1) The custodian shall be audited annually by independent public accountants whose audit report, together with the related financial statements, and opinion on internal controls shall be made available to the company and the commissioner.

32.4(2) The laws governing the custodian shall recognize that the custodied securities remain the specific property of the company, and are not subject to the claim of any third parties arising out of the third party's claim against the custodian.

32.4(3) The custodian shall maintain blanket bond coverage relating to its custodial functions with limits satisfactory to the commissioner.

32.4(4) The custodian's capital and surplus funds shall at all times equal or exceed \$25 million and the custodian shall at all times have assets in excess of \$500 million, unless the commissioner finds that a particular custodian with less than that amount of funds or assets would possess the requisite stability and soundness to perform the custodial functions without detriment to a company's policyholders.

This rule is intended to implement Iowa Code section 511.8, subsection 21, paragraph "b."

191—32.5(508,511) Deposit of securities. Banks or trust companies meeting the requirements of rule 32.4(508) are hereby designated by the commissioner as places for the deposits under Iowa Code sections 508.6 and 511.8(16). Securities required to be deposited under these Iowa Code sections shall no longer be deposited with the commissioner.

This rule is intended to implement Iowa Code sections 508.6 and 511.8, subsection 16.

CHAPTER 33
VARIABLE LIFE INSURANCE MODEL REGULATION
[Prior to 10/22/86, Insurance Department[510]]

191—33.1(508A) Authority.

33.1(1) This chapter, applicable to variable life insurance policies, is promulgated under the authority of Iowa Code sections 505.8 and 508A.4.

33.1(2) This chapter is supplementary to 191—Chapter 31, which remains in effect except that, with respect to any variable life insurance policy issued on or after the effective date of this chapter, this chapter shall control to the extent there is any conflict.

191—33.2(508A) Definitions. As used in this chapter:

33.2(1) “*Affiliate*” of an insurer means any person, directly or indirectly, controlling, controlled by, or under common control with such insurer; any person who regularly furnishes investment advice to such insurer with respect to its separate accounts for which a specific fee or commission is charged; or any director, officer, partner, or employee of any such insurer, controlling or controlled person, or person providing investment advice or any member of the immediate family of such person.

33.2(2) Rescinded IAB 3/24/99, effective 4/28/99.

33.2(3) “*Assumed investment rate*” means the rate of investment return which would be required to be credited to a variable life insurance policy, after deduction of charges for taxes, investment expenses, and mortality and expense guarantees to maintain the variable death benefit equal at all times to the amount of death benefit, other than incidental insurance benefits, which would be payable under the plan of insurance if the death benefit did not vary according to the investment experience of the separate account.

33.2(4) “*Benefit base*” means the amount to which the net investment return is applied.

33.2(5) “*Commissioner*” means the insurance commissioner of the state of Iowa.

33.2(6) “*Control*” (including the terms “controlling,” “controlled by” and “under common control with”) means the possession, direct or indirect, of the power to direct or cause the direction of the management of policies of a person, whether through the ownership of voting securities, by contract other than a commercial contract for goods or nonmanagement services, or otherwise, unless the power is the result of an official position with or corporate office held by the person. Control shall be presumed to exist if any person, directly or indirectly, owns, controls, holds with the power to vote, or holds proxies representing more than 10 percent of the voting securities of any other person. This presumption may be rebutted by a showing made to the satisfaction of the commissioner that control does not exist in fact. The commissioner may determine, after furnishing all persons in interest notice and opportunity to be heard and making specific findings of fact to support such determination, that control exists in fact, notwithstanding the absence of a presumption to that effect.

33.2(7) “*Flexible premium policy*” means any variable life insurance policy other than a scheduled premium policy as specified in subrule 33.2(15).

33.2(8) “*General account*” means all assets of the insurer other than assets in separate accounts established pursuant to Iowa Code section 508A.1 or pursuant to the corresponding section of the insurance laws of the state of domicile of a foreign or alien insurer, whether or not for variable life insurance.

33.2(9) “*Incidental insurance benefit*” means all insurance benefits in a variable life insurance policy, other than the variable death benefit and the minimum death benefit, including but not limited to accidental death and dismemberment benefits, disability benefits, guaranteed insurability options, family income, or term riders.

33.2(10) “*May*” is permissive.

33.2(11) “*Minimum death benefit*” means the amount of the guaranteed death benefit, other than incidental insurance benefits, payable under a variable life insurance policy regardless of the investment performance of the separate account.

33.2(12) “*Net investment return*” means the rate of investment return in a separate account to be applied to the benefit base.

33.2(13) “*Person*” means an individual, corporation, partnership, association, trust, or fund.

33.2(14) “*Policy processing day*” means the day on which charges authorized in the policy are deducted from the policy’s cash value.

33.2(15) “*Scheduled premium policy*” means any variable life insurance policy under which both the amount and timing of premium payments are fixed by the insurer.

33.2(16) “*Separate account*” means a separate account established pursuant to Iowa Code section 508A.1 or pursuant to the corresponding section of the insurance laws of the state of domicile of a foreign or alien insurer.

33.2(17) “*Shall*” is mandatory.

33.2(18) “*Variable death benefit*” means the amount of death benefit, other than incidental insurance benefits, payable under a variable life insurance policy dependent on the investment performance of the separate account, which the insurer would have to pay in the absence of any minimum death benefit.

33.2(19) “*Variable life insurance policy*” means any individual policy which provides for life insurance the amount or duration of which varies according to the investment experience of any separate account or accounts established and maintained by the insurer as to such policy, pursuant to Iowa Code section 508A.1 or pursuant to the corresponding section of the insurance laws of the state of domicile of a foreign or alien insurer.

191—33.3(508A) Qualification of insurer to issue variable life insurance. The following requirements are applicable to all insurers either seeking authority to issue variable life insurance in this state or having authority to issue variable life insurance in this state.

33.3(1) *Licensing and approval to do business in this state.* An insurer shall not deliver or issue for delivery in this state any variable life insurance policy unless the insurer is licensed or organized to do a life insurance business in this state, and the insurer has obtained the written approval of the commissioner for the issuance of variable life insurance policies in this state. The commissioner shall grant such written approval only after the commissioner has found that:

a. The plan of operation for the issuance of variable life insurance policies is not unsound;
b. The general character, reputation, and experience of the management and those persons or firms proposed to supply consulting, investment, administrative, or custodial services to the insurer are such as to reasonably ensure competent operation of the variable life insurance business of the insurer in this state; and

c. The present and foreseeable future financial condition of the insurer and its method of operation in connection with the issuance of such policies is not likely to render its operation hazardous to the public or its policyholders in this state. The commissioner shall consider, among other things:

(1) The history of operation and financial condition of the insurer;
(2) The qualifications, fitness, character, responsibility, reputation, and experience of the officers and directors and other management of the insurer and those persons or firms proposed to supply consulting, investment, administrative, or custodial services to the insurer;

(3) The applicable law and regulations under which the insurer is authorized in its state of domicile to issue variable life insurance policies. The state of entry of an alien insurer shall be deemed its state of domicile for this purpose; and

(4) If the insurer is a subsidiary of, or is affiliated by common management or ownership with another company, its relationship to such other company and the degree to which the requesting insurer, as well as the other company, meet these standards.

33.3(2) *Filing for approval to do business in this state.* The commissioner may, at the commissioner’s discretion, require that an insurer, before it delivers or issues for delivery any variable life insurance policy in this state, file with this division the following information for the consideration of the commissioner in making the determination required by subrule 33.3(1):

a. Copies of and a general description of the variable life insurance policies it intends to issue;

b. A general description of the methods of operation of the variable life insurance business of the insurer, including methods of distribution of policies and the names of those persons or firms proposed to supply consulting, investment, administrative, custodial or distribution services to the insurer;

c. With respect to any separate account maintained by an insurer for any variable life insurance policy, a statement of the investment policy the issuer intends to follow for the investment of the assets held in such separate account, and a statement of procedures for changing such investment policy. The statement of investment policy shall include a description of the investment objectives intended for the separate account;

d. A description of any investment advisory services contemplated as required by subrule 33.6(10);

e. A copy of the statutes and regulations of the state of domicile of the insurer under which it is authorized to issue variable life insurance policies;

f. Biographical data with respect to officers and directors of the insurer on the National Association of Insurance Commissioners Uniform Biographical Data Form; and

g. A statement of the insurer's actuary describing the mortality and expense risks which the insurer will bear under the policy.

33.3(3) *Standards of suitability.* Every insurer seeking approval to enter into the variable life insurance business in this state shall establish and maintain a written statement specifying the standards of suitability to be used by the insurer. Such standards of suitability shall specify that no recommendations shall be made to an applicant to purchase a variable life insurance policy and that no variable life insurance policy shall be issued in the absence of reasonable grounds to believe that the purchase of such policy is not unsuitable for such applicant on the basis of information furnished after reasonable inquiry of such applicant concerning the applicant's insurance and investment objectives, financial situation and needs, and any other information known to the insurer or to the agent making the recommendation.

33.3(4) *Use of sales materials.* An insurer authorized to transact variable life insurance business in this state shall not use any sales material, advertising material, or descriptive literature or other materials of any kind in connection with its variable life insurance business in this state which is false, misleading, deceptive, or inaccurate. Variable life insurance sales material, advertising material, and descriptive literature shall be subject to the additional requirements of 191—Chapter 15.

33.3(5) *Requirements applicable to contractual services.* Any material contract between an insurer and suppliers of consulting, investment, administrative, sales, marketing, custodial, or other services with respect to variable life insurance operations shall be in writing and provide that the supplier of such services shall furnish the commissioner with any information or reports in connection with such services which the commissioner may request in order to ascertain whether the variable life insurance operations of the insurer are being conducted in a manner consistent with this chapter and any other applicable law or regulations.

33.3(6) *Reports to the commissioner.*

a. Any insurer authorized to transact the business of variable life insurance in this state shall submit to the commissioner, in addition to any other materials which may be required by this chapter or any other applicable laws or regulations:

(1) An annual statement of the business of its separate account or accounts in such form as may be prescribed by the National Association of Insurance Commissioners;

(2) Prior to the use in this state any information furnished to applicants as provided for in rule 33.7(508A);

(3) Prior to the use in this state the form of any of the reports to policyholders as provided for in rule 33.9(508A); and

(4) Such additional information concerning its variable life insurance operations or its separate accounts as the commissioner shall deem necessary.

b. Any material submitted to the commissioner under this subrule shall be disapproved if it is found to be false, misleading, deceptive, or inaccurate in any material respect and, if previously distributed, the commissioner shall require the distribution of amended material.

33.3(7) Authority of commissioner to disapprove. Any material required to be filed with and approved by the commissioner shall be subject to disapproval if at any time it is found by the commissioner not to comply with the standards established in this chapter.

191—33.4(508A) Insurance policy requirements. The commissioner shall not approve any variable life insurance form filed pursuant to this chapter unless it conforms to the requirements of this rule.

33.4(1) Filing of variable life insurance policies. All variable life insurance policies, and all riders, endorsements, applications and other documents which are to be attached or made a part of the policy and which relate to the variable nature of the policy, shall be filed with the commissioner and approved by the commissioner prior to delivery or issuance for delivery in this state.

a. The procedures and requirements for such filing and approval shall be, to the extent appropriate and not inconsistent with this chapter, the same as those otherwise applicable to other life insurance policies.

b. The commissioner may approve variable life insurance policies and related forms with provisions the commissioner deems to be not less favorable to the policyholder and the beneficiary than those required by this chapter.

c. A filing which has not been previously approved, disapproved or questioned shall be deemed approved on or after 30 days from its receipt by the division.

33.4(2) Mandatory policy benefit and design requirements. Variable life insurance policies delivered or issued for delivery in this state shall comply with the following minimum requirements:

a. Mortality and expense risks shall be borne by the insurer. The mortality and expense charges shall be subject to the maximums stated in the contract.

b. For scheduled premium policies, a minimum death benefit shall be provided in an amount at least equal to the initial face amount of the policy so long as premiums are duly paid (subject to the provisions of subrule 33.4(4), paragraph "b").

c. The policy shall reflect the investment experience of one or more separate accounts established and maintained by the insurer. The insurer must demonstrate that the reflection of investment experience in the variable life insurance policy is actuarially sound.

d. Each variable life insurance policy shall be credited with the full amount of the net investment return applied to the benefit base.

e. Any changes in variable death benefits of each variable life insurance policy shall be determined at least annually.

f. The cash value of each variable life insurance policy shall be determined at least monthly. The method of computation of cash values and other nonforfeiture benefits, as described either in the policy or in a statement filed with the commissioner of the state in which the policy is delivered, or issued for delivery, shall be in accordance with actuarial procedures that recognize the variable nature of the policy. The method of computation must be such that, if the net investment return credited to the policy at all times from the date of issue should be equal to the assumed investment rate with premiums and benefits determined accordingly under the terms of the policy, then the resulting cash values to the minimum values required by Iowa Code section 508.37 (Standard Nonforfeiture Law) for a general account policy with such premiums and benefits. The assumed investment rate shall not exceed the maximum interest rate permitted under the Standard Nonforfeiture Law of this state. If the policy does not contain an assumed investment rate this demonstration shall be based on the maximum interest rate permitted under the Standard Nonforfeiture Law. The method of computation may disregard incidental minimum guarantees as to the dollar amounts payable. Incidental minimum guarantees include, for example, but are not to be limited to, a guarantee that the amount payable at death or maturity shall be at least equal to the amount that otherwise would have been payable if the net investment return credited to the policy at all times from the date of issue had been equal to the assumed investment rate.

g. The computation of values required for each variable life insurance policy may be based upon such reasonable and necessary approximations as are acceptable to the commissioner.

33.4(3) Mandatory policy provisions. Every variable life insurance policy filed for approval in this state shall contain at least the following:

a. The cover page or pages corresponding to the cover page of each such policy shall contain:

(1) A prominent statement in either contrasting color or in bold-faced type that the amount or duration of death benefit may be variable or fixed under specified conditions;

(2) A prominent statement in either contrasting color or in bold-faced type that cash values may increase or decrease in accordance with the experience of the separate account subject to any specified minimum guarantees;

(3) A statement describing any minimum death benefit required pursuant to subrule 33.4(2), paragraph "b";

(4) The method, or a reference to the policy provision which describes the method, for determining the amount of insurance payable at death;

(5) A captioned provision that the policyholder may return the variable life insurance policy within ten days of receipt of the policy by the policyholder, and receive a refund equal to the sum of:

1. The difference between the premiums paid including any policy fees or other charges and the amounts allocated to any separate accounts under the policy; and

2. The value of the amounts allocated to any separate accounts under the policy, on the date the returned policy is received by the insurer or its agent;

(6) Such other items as are currently required for fixed benefit life insurance policies and which are not inconsistent with this chapter.

b. Grace period.

(1) For scheduled premium policies, a provision for a grace period of not less than 31 days from the premium due date which shall provide that when the premium is paid within the grace period, policy values will be the same, except for the deduction of any overdue premium, as if the premium were paid on or before the due date.

(2) For flexible premium policies, a provision for a grace period beginning on the policy processing day when the total charges authorized by the policy that are necessary to keep the policy in force until the next policy processing day exceed the amount available under the policy to pay such charges in accordance with the terms of the policy. Such grace period shall end on a date not less than 61 days after the mailing date of the report to policyholders required by subrule 33.9(3).

The death benefit payable during the grace period will equal the death benefit in effect immediately prior to such period less any overdue charges. If the policy processing days occur monthly, the insurer may require the payment of not more than three times the charges which were due on the policy processing day on which the amounts available under the policy were insufficient to pay all charges authorized by the policy that are necessary to keep such policy in force until the next policy processing day.

c. For scheduled premium policies, a provision that the policy will be reinstated at any time within two years from the date of default upon the written application of the insured and evidence of insurability, including good health, satisfactory to the insurer, unless the cash surrender value has been paid or the period of extended insurance has expired, upon the payment of any outstanding indebtedness arising subsequent to the end of the grace period following the date of default together with accrued interest thereon to the date of reinstatement and payment of an amount not exceeding the greater of:

(1) All overdue premiums with interest at a rate not exceeding the legally permissible maximum rate of interest compounded annually and any indebtedness in effect at the end of the grace period following the date of default with interest at a rate not exceeding the legally permissible maximum rate of interest compounded annually; or

(2) One hundred ten percent of the increase in cash value resulting from reinstatement plus all overdue premiums for incidental insurance benefits with interest at a rate not exceeding the legally permissible maximum rate of interest compounded annually.

- d.* A full description of the benefit base and of the method of calculation and application of any factors used to adjust variable benefits under the policy;
 - e.* A provision designating the separate account to be used and stating that:
 - (1) The assets of such separate account shall be available to cover the liabilities of the general account of the insurer only to the extent that the assets of the separate account exceed the liabilities of the separate account arising under the variable life insurance policies supported by the separate account.
 - (2) The assets of such separate account shall be valued at least as often as any policy benefits vary but at least monthly.
 - f.* A provision specifying what documents constitute the entire insurance contract under state law;
 - g.* A designation of the officers who are empowered to make an agreement or representation on behalf of the insurer and an indication that statements by the insured, or on behalf of the insured, shall be considered as representations and not warranties;
 - h.* An identification of the owner of the insurance contract;
 - i.* A provision setting forth conditions or requirements as to the designation, or change of designation, of a beneficiary and a provision for disbursement of benefits in the absence of a beneficiary designation;
 - j.* A statement of any conditions or requirements concerning the assignment of the policy;
 - k.* A description of any adjustments in policy values to be made in the event of misstatement of age or sex of the insured;
 - l.* A provision that the policy shall be incontestable by the insurer after it has been in force for two years during the lifetime of the insured, provided, however, that any increase in the amount of the policy's death benefits subsequent to the policy issue date, which increase occurred upon a new application or request of the owner and was subject to satisfactory proof of the insured's insurability, shall be incontestable after any such increase has been in force, during the lifetime of the insured, for two years from the date of issue of such increase;
 - m.* A provision stating that the investment policy of the separate account shall not be changed without the approval of the insurance commissioner of the state of domicile of the insurer, and that the approval process is on file with the commissioner of this state;
 - n.* A provision that payment of variable death benefits in excess of any minimum death benefits, cash values, policy loans, or partial withdrawals (except when used to pay premiums) or partial surrenders may be deferred:
 - (1) For up to six months from the date of request, if such payments are based on policy values which do not depend on the investment performance of the separate account, or
 - (2) Otherwise, for any period during which the New York Stock Exchange is closed for trading (except for normal holiday closing) or when the Securities and Exchange Commission has determined that a state of emergency exists which may make such payment impractical.
 - o.* If settlement options are provided, at least one such option shall be provided on a fixed basis only;
 - p.* A description of the basis for computing the cash value and the surrender value under the policy shall be included;
 - q.* Premiums or charges for incidental insurance benefits shall be stated separately;
 - r.* Any other policy provision required by this chapter;
 - s.* Such other items as are currently required for fixed benefit life insurance policies and are not inconsistent with this chapter;
 - t.* A provision for nonforfeiture insurance benefits. The insurer may establish a reasonable minimum cash value below which any nonforfeiture insurance options will not be available.
- 33.4(4) Policy loan provisions.** Every variable life insurance policy, other than term insurance policies and pure endowment policies, delivered or issued for delivery in this state shall contain provisions which are not less favorable to the policyholder than the following with respect to policy loans after the policy has been in force for five full years:
- a.* At least 75 percent of the policy's cash surrender value may be borrowed.

b. The amount borrowed shall bear interest at a rate not to exceed that permitted by state insurance law.

c. Any indebtedness shall be deducted from the proceeds payable on death.

d. Any indebtedness shall be deducted from the cash surrender value upon surrender or in determining any nonforfeiture benefit.

e. For scheduled premium policies, whenever the indebtedness exceeds the cash surrender value, the insurer shall give notice of any intent to cancel the policy if the excess indebtedness is not repaid within 31 days after the date of mailing of such notice. For flexible premium policies, whenever the total charges authorized by the policy that are necessary to keep the policy in force until the next following policy processing day exceed the amounts available under the policy to pay such charges, a report must be sent to the policyholder containing the information specified by subrule 33.9(3).

f. The policy may provide that if, at any time, so long as premiums are duly paid, the variable death benefit is less than it would have been if no loan or withdrawal had ever been made, the policyholder may increase such variable death benefit up to what it would have been if there had been no loan or withdrawal by paying an amount not exceeding 110 percent of the corresponding increase in cash value and by furnishing such evidence of insurability as the insurer may request.

g. The policy may specify a reasonable minimum amount which may be borrowed at any time but such minimum shall not apply to any automatic premium loan provision.

h. No policy loan provision is required if the policy is under an extended insurance nonforfeiture option.

i. The policy loan provisions shall be constructed so that variable life insurance policyholders who have not exercised such provisions are not disadvantaged by the exercise thereof.

j. Amounts paid to the policyholders upon the exercise of any policy loan provision shall be withdrawn from the separate account and shall be returned to the separate account upon repayment except that a stock insurer may provide the amounts for policy loans from the general account.

33.4(5) Other policy provisions. The following provision may in substance be included in a variable life insurance policy or related form delivered or issued for delivery in this state:

a. An exclusion for suicide within two years of the issue date of the policy; provided, however, that to the extent of the increased death benefits only, the policy may provide an exclusion for suicide within two years of any increase in death benefits which results from an application of the owner subsequent to the policy issue date;

b. Incidental insurance benefits may be offered on a fixed or variable basis;

c. Policies issued on a participating basis shall offer to pay dividend amounts in cash. In addition, such policies may offer the following dividend options:

(1) The amount of the dividend may be credited against premium payments;

(2) The amount of the dividend may be applied to provide amounts of additional fixed or variable benefit life insurance;

(3) The amount of the dividend may be deposited in the general account at a specified minimum rate of interest;

(4) The amount of the dividend may be applied to provide paid-up amounts of fixed benefit one-year term insurance;

(5) The amount of the dividend may be deposited as a variable deposit in a separate account.

d. A provision allowing the policyholder to elect in writing in the application for the policy or thereafter an automatic premium loan on a basis not less favorable than that required of policy loans under subrule 33.4(4), except that a restriction that no more than two consecutive premiums can be paid under this provision may be imposed;

e. A provision allowing the policyholder to make partial withdrawals;

f. Any other policy provision approved by the commissioner.

191—33.5(508A) Reserve liabilities for variable life insurance.

33.5(1) Reserve liabilities for variable life insurance policies shall be established under the Standard Valuation Law (Iowa Code section 508.36) in accordance with actuarial procedures that recognize the variable nature of the benefits provided and any mortality guarantees.

33.5(2) For scheduled premium policies, reserve liabilities for the guaranteed minimum death benefit shall be the reserve needed to provide for the contingency of death occurring when the guaranteed minimum death benefit exceeds the death benefit that would be paid in the absence of the guarantee, and shall be maintained in the general account of the insurer and shall be not less than the greater of the following minimum reserves:

a. The aggregate total of the term costs, if any, covering a period of one full year from the valuation date, of the guarantee on each variable life insurance contract, assuming an immediate one-third depreciation in the current value of the assets of the separate account followed by a net investment return equal to the assumed investment rate; or

b. The aggregate total of the “attained age level” reserved on each variable life insurance contract. The “attained age level” reserve on each variable life insurance contract shall not be less than zero and shall equal the “residue,” as described in subrule 33.5(2), paragraph “*b*,” subparagraph (1), of the prior year’s “attained age level” reserve on the contract, with any such “residue,” increased or decreased by a payment computed on an attained age basis as described in subrule 33.5(2), paragraph “*b*,” subparagraph (2).

(1) The “residue” of the prior year’s “attained age level” reserve on each variable life insurance contract shall not be less than zero and shall be determined by adding interest in the valuation interest rate to such prior year’s reserve, deducting the tabular claims based on the “excess,” if any, of the guaranteed minimum death benefit over the death benefit that would be payable in the absence of such guarantee, and dividing the net result by the tabular probability of survival. The “excess” referred to in the preceding sentence shall be based on the actual level of death benefits that would have been in effect during the preceding year in the absence of the guarantee, taking appropriate account of the reserve assumptions regarding the distribution of death claim payments over the year.

(2) The payment referred to in subrule 33.5(2), paragraph “*b*,” shall be computed so that the present value of a level payment of that amount each year over the future premium paying period of the contract is equal to $A - B - C$, where A is the present value of the future guaranteed minimum death benefits, B is the present value of the future death benefits that would be payable in the absence of such guarantee, and C is any “residue,” as described in subrule 33.5(2), paragraph “*b*,” subparagraph (1), of the prior year’s “attained age level” reserve on such variable life insurance contract. If the contract is paid-up, the payment shall equal $A - B - C$. The amounts of future death benefits referred to in B shall be computed assuming a net investment return of the separate account which may differ from the assumed investment rate or the valuation interest but in no event may exceed the maximum interest rate permitted for the valuation of life contracts.

c. The valuation interest rate and mortality table used in computing the two minimum reserves described in subrules 33.5(2), paragraphs “*a*” and “*b*,” shall conform to permissible standards for the valuation of life insurance contracts. In determining such minimum reserve, the company may employ suitable approximations and estimates, including but not limited to groupings and averages.

33.5(3) For flexible premium policies, reserve liabilities for any guaranteed minimum death benefit shall be maintained in the general account of the insurer and shall be not less than the aggregate total of the term costs, if any, covering the period provided for in the guarantee not otherwise provided for by the reserves held in the separate account assuming an immediate one-third depreciation in the current value of the assets of the separate account followed by a net investment return equal to the valuation interest rate.

The valuation interest rate and mortality table used in computing this additional reserve, if any, shall conform to permissible standards for the valuation of life insurance contracts. In determining such minimum reserve, the company may employ suitable approximations and estimates, including but not limited to groupings and averages.

33.5(4) Reserve liabilities for all fixed incidental insurance benefits and any guarantees associated with variable incidental insurance benefits shall be maintained in the general account and reserve

liabilities for all variable aspects of the variable incidental insurance benefits shall be maintained in a separate account, in amounts determined in accordance with the actuarial procedures appropriate to such benefit.

191—33.6(508A) Separate accounts. The following requirements apply to the establishment and administration of variable life insurance separate accounts by any domestic insurer:

33.6(1) Establishment and administration of separate accounts. Any domestic insurer issuing variable life insurance shall establish one or more separate accounts pursuant to Iowa Code section 508A.1.

a. If no law or other regulation provides for the custody of separate account assets and if such insurer is not the custodian of such separate account assets, all contracts for custody of such assets shall be in writing and the commissioner shall have authority to review and approve of both the terms of any such contract and the proposed custodian prior to the transfer of custody.

b. Such insurer shall not without prior written approval of the commissioner employ in any material connection with the handling of separate account assets any person who:

(1) Within the last ten years has been convicted of any felony or a misdemeanor arising out of such person's conduct involving embezzlement, fraudulent conversion, or misappropriation of funds or securities or involving violation of Section 1341, 1342, or 1343 of Title 18, United States Code; or

(2) Within the last ten years has been found by any state regulatory authority to have violated or has acknowledged violation of any provision of any state insurance law involving fraud, deceit, or knowing misrepresentation; or

(3) Within the last ten years has been found by federal or state regulatory authorities to have violated or has acknowledged violation of any provision of federal or state securities laws involving fraud, deceit, or knowing misrepresentation.

c. All persons with access to the cash, securities, or other assets of the separate account shall be under bond in the amount of not less than the greater of the amount required pursuant to Section 17(g) of the Investment Company Act of 1940 or such other amount as the commissioner may deem appropriate.

d. The assets of such separate accounts shall be valued at least as often as variable benefits are determined but in any event at least monthly.

33.6(2) Amounts in the separate account. The insurer shall maintain in each separate account assets with a value at least equal to the greater of the valuation reserves for the variable portion of the variable life insurance policies or the benefit base for such policies.

33.6(3) Investments by the separate account.

a. No sale, exchange, or other transfer of assets may be made by an insurer or any of its affiliates between any of its separate accounts or between any other investment account and one or more of its separate accounts unless:

(1) In case of a transfer into a separate account, such transfer is made solely to establish the account or to support the operation of the policies with respect to the separate account to which the transfer is made; and

(2) Such transfer, whether into or from a separate account, is made by a transfer of cash; but other assets may be transferred if approved by the commissioner in advance.

b. The separate account shall have sufficient net investment income and readily marketable assets to meet anticipated withdrawals under policies funded by the account.

33.6(4) Limitations on ownership.

a. A separate account shall not purchase or otherwise acquire the securities of any issuer, other than securities issued or guaranteed as to principal and interest by the United States, if immediately after the purchase or acquisition the value of such investment, together with prior investments of such account in such security valued as required by this chapter, would exceed 10 percent of the value of the assets of the separate account. The commissioner may waive this limitation in writing if the commissioner believes such waiver will not render the operation of the separate account hazardous to the public or the policyholders in this state.

b. No separate account shall purchase or otherwise acquire the voting securities of any issuer if as a result of such acquisition the insurer and its separate accounts in the aggregate, will own more than 10 percent of the total issued and outstanding voting securities of such issuer. The commissioner may waive this limitation in writing if the commissioner believes the waiver will not render the operation of the separate account hazardous to the public or the policyholders in this state or jeopardize the independent operation of the issuer of such securities.

c. The percentage limitation specified in subrule 33.6(4), paragraph "a," shall not be construed to preclude the investment of the assets of separate accounts in shares of investment companies registered pursuant to the Investment Company Act of 1940 or other pools of investment assets if the investments and investment policies of such investment companies or asset pools comply substantially with the provisions of subrule 33.6(3) and other applicable portions of this chapter.

33.6(5) *Valuation of separate account assets.* Investments of the separate account shall be valued at their market value on the date of valuation, or at amortized cost if it approximates market value.

33.6(6) *Separate account investment policy.* The investment policy of a separate account operated by a domestic insurer filed under subrule 33.3(2), paragraph "c," shall not be changed without first filing such change with the commissioner.

a. Any change filed pursuant to this rule shall be effective 60 days after the date it was filed with the commissioner, unless the commissioner notifies the insurer before the end of such 60-day period of the commissioner's disapproval of the proposed change. At any time the commissioner may, after notice and public hearing, disapprove any change that has become effective pursuant to this subrule.

b. The commissioner may disapprove the change if the commissioner determines that the change would be detrimental to the interests of the policyholders participating in such separate account.

33.6(7) *Charges against separate account.* The insurer must disclose in writing, prior to or contemporaneously with delivery of the policy, all charges that may be made against the separate account, including, but not limited to, the following:

a. Taxes or reserves for taxes attributable to investment gains and income of the separate account;

b. Actual cost of reasonable brokerage fees and similar direct acquisition and sale costs incurred in the purchase or sale of separate account assets;

c. Actuarially determined costs of insurance (tabular costs) and the release of separate account liabilities;

d. Charges for administrative expenses and investment management expenses, including internal costs attributable to the investment management of assets of the separate account;

e. A charge, at rate specified in the policy, for mortality and expense guarantees;

f. Any amounts in excess of those required to be held in the separate accounts;

g. Charges for incidental insurance benefits.

33.6(8) *Standards of conduct.* Every insurer seeking approval to enter into the variable life insurance business in this state shall adopt by formal action of its board of directors a statement specifying the standards of conduct of the insurer, its officers, directors, employees, and affiliates with respect to the purchase or sale of investments of separate accounts. Such standards of conduct shall be binding on the insurer and those to whom it refers. A code or codes of ethics meeting the requirements of Section 17(j) under the Investment Company Act of 1940 and applicable rules and regulations thereunder shall satisfy the provisions of this subrule.

33.6(9) *Conflicts of interest.* Rules under any provision of the insurance laws of this state or any regulation applicable to the officers and directors of insurance companies with respect to conflicts of interest shall also apply to members of any separate account's committee or other similar body.

33.6(10) *Investment advisory services to a separate account.* An insurer shall not enter into a contract under which any person undertakes, for a fee, to regularly furnish investment advice to such insurer with respect to its separate accounts maintained for variable life insurance policies unless:

a. The person providing such advice is registered as an investment advisor under the Investment Advisors Act of 1940; or

b. The person providing such advice is an investment manager under the Employee Retirement Income Security Act of 1974 with respect to the assets of each employee benefit plan allocated to the separate account; or

c. The insurer has filed with the commissioner and continues to file annually the following information and statements concerning the proposed advisor:

(1) The name and form of organization, state of organization, and its principal place of business;

(2) The names and addresses of its partners, officers, directors, and persons performing similar functions or, if such an investment advisor be an individual, of such individual;

(3) A written standard of conduct complying in substance with the requirements of subrule 33.6(8) which has been adopted by the investment advisor and is applicable to the investment advisor, its officers, directors, and affiliates;

(4) A statement provided by the proposed advisor as to whether the advisor or any person associated therewith:

Has been convicted within ten years of any felony or misdemeanor arising out of such person's conduct as an employee, salesperson, officer or director of an insurance company, a banker, an insurance agent, a securities broker, or an investment advisor involving embezzlement, fraudulent conversion, or misappropriation of funds or securities, or involving the violation of Section 1341, 1342, or 1343 of Title 18 of United States Code;

Has been permanently or temporarily enjoined by order, judgment, or decree of any court of competent jurisdiction from acting as an investment advisor, underwriter, broker, or dealer, or as an affiliated person or as an employee of any investment company, bank, or insurance company, or from engaging in or continuing any conduct or practice in connection with any such activity;

Has been found by federal or state regulatory authorities to have willfully violated or have acknowledged willful violation of any provision of federal or state securities laws or state insurance laws or of any rule or regulation under any such laws; or

Has been censured, denied an investment advisor registration, had a registration as an investment advisor revoked or suspended, or been barred or suspended from being associated with an investment advisor by order of federal or state regulatory authorities; and

d. Such investment advisory contract shall be in writing and provide that it may be terminated by the insurer without penalty to the insurer or the separate account upon no more than 60 days' written notice to the investment advisor.

The commissioner may, after notice and opportunity for hearing, by order require the investment advisory contract to be terminated if the commissioner deems continued operation thereunder to be hazardous to the public or the insurer's policyholders.

191—33.7(508A) Information furnished to applicants. An insurer delivering or issuing for delivery in this state any variable life insurance policies shall deliver to the applicant for the policy, and obtain a written acknowledgment of receipt from such applicant coincident with or prior to the execution of the application, the following information. The requirements of this rule shall be deemed to have been satisfied to the extent that a disclosure containing information required by this rule is delivered, either in the form of (1) a prospectus included in the requirements of the Securities Act of 1933 and which was declared effective by the Securities and Exchange Commission; or (2) all information and reports required by the Employee Retirement Income Security Act of 1974 if the policies are exempted from the registration requirements of the Securities Act of 1933 pursuant to Section 3(a)(2) thereof.

33.7(1) A summary explanation, in nontechnical terms, of the principal features of the policy, including a description of the manner in which the variable benefits will reflect the investment experience of the separate account and the factors which affect such variation. Such explanation must include notices of the provision required by subrule 33.4(3), paragraph "a," subparagraph (5), and 33.4(3), paragraph "f."

33.7(2) A statement of the investment policy of the separate account, including:

a. A description of the investment objectives intended for the separate account and the principal types of investments intended to be made; and

b. Any restrictions or limitations on the manner in which the operations of the separate account are intended to be conducted.

33.7(3) A statement of the net investment return of the separate account for each of the last ten years or such lesser period as the separate account has been in existence.

33.7(4) A statement of the charges levied against the separate account during the previous year.

33.7(5) A summary of the method to be used in valuing assets held by the separate account.

33.7(6) A summary of the federal income tax aspects of the policy applicable to the insured, the policyholder, and the beneficiary.

33.7(7) Illustrations of benefits payable under the variable life insurance contract. Such illustrations shall be prepared by the insurer and shall not include projections of past investment experience into the future or attempted predictions of future investment experience, provided that nothing contained herein prohibits use of hypothetical assumed rates of return to illustrate possible levels of benefits if it is made clear that such assumed rates are hypothetical only.

191—33.8(508A) Applications. The application for a variable life insurance policy shall contain:

33.8(1) A prominent statement that the death benefit may be variable or fixed under specified conditions.

33.8(2) A prominent statement that cash values may increase or decrease in accordance with the experience of the separate account (subject to any specified minimum guarantees).

33.8(3) Questions designed to elicit information which enable the insurer to determine the suitability of variable life insurance for the applicant.

191—33.9(508A) Reports to policyholders. Any insurer delivering or issuing for delivery in this state any variable life insurance policies shall mail to each variable life insurance policyholder at the policyholder's last known address the following reports.

33.9(1) Within 30 days after each anniversary of the policy, a statement or statements of the cash surrender value, death benefits, any partial withdrawal or policy loan, any interest charge, any optional payments allowed pursuant to subrule 33.4(4) under the policy computed as of the policy anniversary date. Provided, however, that such statement may be furnished within 30 days after a specified date in each policy year so long as the information contained therein is computed as of a date not more than 60 days prior to the mailing of the notice. This statement shall state that, in accordance with the investment experience of the separate account, the cash values and the variable death benefit may increase or decrease, and shall prominently identify any value described therein which may be recomputed prior to the next statement required by this rule. If the policy guarantees that the variable death benefit on the next policy anniversary date will not be less than the variable death benefit specified in such statement, the statement shall be modified to so indicate. For flexible premium policies, the report must contain a reconciliation of the change since the previous report in cash value and cash surrender value, if different, because of payments made (less deductions for expense charges), withdrawals, investment experience, insurance charges and any other charges made against the cash value. In addition, the report must show the projected cash value and cash surrender value, if different, as of one year from the end of the period covered by the report assuming that: (i) Planned periodic premiums, if any, are paid as scheduled; (ii) guaranteed costs of insurance are deducted; and (iii) the net return is equal to the guaranteed rate or, in the absence of a guaranteed rate, is not greater than zero. If the projected value is less than zero, a warning message must be included that states that the policy may be in danger of terminating without value in the next 12 months unless additional premium is paid.

33.9(2) Annually, a statement or statements including:

a. A summary of the financial statement of the separate account based on the annual statement last filed with the commissioner;

b. The net investment return of the separate account for the last year and, for each year after the first, a comparison of the investment rate of the separate account during the last year with the investment rate during prior years, up to a total of not less than five years when available;

- c.* A list of investments held by the separate account as of a date not earlier than the end of the last year for which an annual statement was filed with the commissioner;
- d.* Any charges levied against the separate account during the previous year;
- e.* A statement of any change, since the last report, in the investment objective and orientation of the separate account, in any investment restriction or material quantitative or qualitative investment requirement applicable to the separate account or in the investment advisor of the separate account.

33.9(3) For flexible premium policies, a report must be sent to the policyholder if the amounts available under the policy on any policy processing day to pay the charges authorized by the policy are less than the amount necessary to keep the policy in force until the next following policy processing day. The report must indicate the minimum payment required under the terms of the policy to keep it in force and the length of the grace period for payment of such amount.

191—33.10(508A) Foreign companies. If the law or regulation in the place of domicile of a foreign company provides a degree of protection to the policyholders and the public which is substantially similar to that provided by this chapter, the commissioner to the extent deemed appropriate in the commissioner's discretion, may consider compliance with such law or regulation as compliance with this chapter.

191—33.11(508A) Qualifications of agents for the sale of variable life insurance. Rescinded IAB 3/24/99, effective 4/28/99.

191—33.12(508A) Separability article. If any provision of this chapter or the application thereof to any person or circumstance is for any reason held to be invalid, the remainder of the regulation and the application of such provision to other persons or circumstances shall not be affected thereby.

These rules are intended to implement Iowa Code chapter 508A.

With respect to determining the immediate family or spouse of a provider, only those providers licensed and practicing in Iowa on a regular basis shall be considered.

Interested persons shall submit the names of potential independent subscriber nominating committee members to the commissioner within 30 days of the effective date of these rules. The committee appointments will be within 7 days thereafter.

d. Work of the independent subscriber nominating committee. The independent subscriber nominating committee shall develop a ballot containing nominees for subscriber director positions to be filled. At least two and not more than three individuals shall be nominated for each subscriber director position to be filled.

The ballot shall alphabetically list the subscriber nominees and indicate that each member shall vote only for the same number of candidates as there are positions to be filled. Election shall be by the corporate membership. Nominees receiving the most votes shall be considered elected to the positions.

The ballot for electing subscriber directors may also contain nominees to be elected to provider director positions.

34.7(5) Nomination of provider directors.

a. Until the board composition requirements of subrule 34.7(1), paragraph "b," are met, nominations for provider director positions may be made by petition signed by at least 50 providers. The independent subscriber nominating committee shall consider the petitions to determine which persons, if any, nominated by those petitions shall be placed on the ballot.

b. Once the board composition requirements of subrule 34.7(1), paragraph "b," are met, the board of directors shall establish procedures to permit nomination of provider directors by petition of at least 50 participating providers. The board of directors shall consider the petitions to determine which persons, if any, nominated by those petitions shall be placed on the ballot.

191—35.4(509) Required provisions. No blanket policy as herein defined shall be issued or delivered in this state unless a copy of the policy and brochure if required, has been approved by the commissioner of insurance in accordance with the provisions set forth in rule 191—35.7(509). All policies of blanket accident or sickness insurance or combination thereof issued in this state shall contain in substance the following provisions:

35.4(1) A provision that the policy including endorsements and a copy of the application, if any, of the policyholder and the persons insured shall constitute the entire contract between the parties, and that any statement made by the policyholder or by a person insured shall in the absence of fraud, be deemed a representation and not a warranty. No such statement shall be used in defense of a claim under the policy, unless it is contained in a written application. If a copy of such application is not delivered to the person insured the insurer shall be precluded from introducing such application as evidence in any action involving any statements contained therein.

35.4(2) A provision that written notice of sickness or of injury must be given to the insurer within 20 days of the date when such sickness or injury occurred. Failure to give notice within such time shall not invalidate nor reduce any claim if it shall be shown not to have been reasonably possible to give such notice and that notice was given as soon as was reasonably possible.

35.4(3) A provision that the insurer will furnish either to the claimant or to the policyholder for delivery to the claimant such forms as are usually furnished by it for filing proof of loss. If such forms are not furnished before the expiration of 15 days after giving such notice, the claimant shall be deemed to have complied with the requirements of the policy as to proof of loss upon submitting within the time fixed in the policy for filing proof of loss, written proof covering the occurrence, the character and the extent of the loss for which claim is made.

35.4(4) A provision that in the case of claim for loss of time for disability, written proof of such loss must be furnished to the insurer within 90 days after the commencement of the period for which the insurer is liable, and that subsequent written proofs of the continuance of such disability must be furnished to the insurer at such intervals as the insurer may reasonably require, and that in the case of claim for any other loss, written proof of such loss must be furnished to the insurer within 90 days after the date of such loss. Failure to furnish such proof within such time shall not invalidate nor reduce any claim if it shall be shown not to have been reasonably possible to furnish such proof and that such proof was furnished as soon as was reasonably possible.

35.4(5) A provision that all benefits payable under the policy other than benefits for loss of time will be payable immediately upon receipt of due written proof of such loss, and that, subject to due proof of loss, all accrued benefits payable under the policy for loss of time will be paid not less frequently than monthly during the continuance of the period for which the insurer is liable, and that any balance remaining unpaid at the termination of such period will be paid immediately upon receipt of such proof.

35.4(6) A provision that the insurer at its own expense, shall have the right and opportunity to examine the person of the insured when and so often as it may reasonably require during the pendency of claim under the policy and also the right and opportunity to make an autopsy where it is not prohibited by law.

35.4(7) A provision that no action at law or in equity shall be brought to recover under the policy prior to the expiration of 60 days after written proof of loss has been furnished in accordance with the requirements of the policy and that no such action shall be brought after the expiration of three years after the time written proof of loss is required to be furnished.

191—35.5(509) Application and certificates not required. An individual application need not be required from a person covered under a blanket accident and sickness policy, nor shall it be necessary for the insurer to furnish each person a certificate; however, a brochure as herein defined shall be issued to the policyholder for delivery to each person insured as defined in 35.3(1) “b” and “g.”

191—35.6(509) Facility of payment. All benefits under any blanket accident and sickness policy shall be payable to the person insured, to a designated beneficiary or beneficiaries, or to their estate, except that if the person insured be a minor or otherwise not competent to give a valid release, such benefits may be made payable to their parent, guardian or other person actually supporting the insured, designated beneficiary, or beneficiaries. The policy may also provide that all or a portion of any indemnities provided by any such policy on account of hospital, nursing, medical or surgical services may with the consent of the insured be paid directly to the hospital or person rendering such services, but the policy may not require that the services be rendered by a particular hospital or person. Payment so made shall discharge the obligation of the insurer with respect to the amount of insurance so paid.

These rules are intended to implement Iowa Code section 509.6.

191—35.7(509) General filing requirements.

35.7(1) Insurance companies required to file rates or forms with the division shall submit required rate and form filings pursuant to rule 191—20.1(505,509,514A,515,515A,515F).

35.7(2) Each filing must be submitted to the division of insurance not less than 60 days prior to the effective date of the filing. Any deficiencies or discrepancies in the filing will delay final approval. In case of disapproval, the company will be notified by the division.

191—35.8(509) Electronic delivery of accident and health group insurance certificates.

35.8(1) Purpose. 35.8(2) Scope. This rule shall apply to all insurance companies holding a certificate of authority to transact the business of insurance under the provisions of Iowa Code chapters 508 and 515.

a. The insurer takes appropriate and necessary measures to ensure that the system for furnishing group insurance certificates results in actual receipt of transmitted information by group policyholders, which may be done by:

- (1) Using return-receipt electronic mail features;
- (2) Periodic reviews or surveys to confirm receipt of the transmitted information; or
- (3) Any other method approved by the insurance commissioner.

b. The electronic documents contain the same content and appear in reasonably the same format as the certificates previously approved by the insurance commissioner.

c. Each group policyholder is provided notice, through electronic means or in writing, apprising the group policyholder of the fact that the certificate will be furnished electronically, of the significance of the certificate and the group policyholder's obligations under this rule, and of the group policyholder's right to request and receive a paper copy of the document for each participant.

d. Upon request of any group policyholder, the insurer furnishes paper copies of the group insurance certificate that was delivered to the group policyholder electronically, so that the group policyholder may provide them to participants that have requested paper copies.

35.8(4) *Electronic delivery—group policyholders.* The group policyholder will be deemed to comply with the requirements of Iowa Code section 509.3(2) if the group insurance certificate is delivered to the individual plan member electronically and if:

a. The group policyholder takes appropriate and necessary measures to ensure that the system for furnishing group insurance certificates results in actual receipt of transmitted information by participants, which may be done by:

- (1) Using return-receipt electronic mail features;
- (2) Periodic reviews or surveys to confirm receipt of the transmitted information; or
- (3) Any other method approved by the insurance commissioner.

b. The electronic documents contain the same content and appear in reasonably the same format as the certificates previously approved by the insurance commissioner.

c. Each participant is provided notice, through electronic means or in writing, apprising the participant of the fact that the certificate will be furnished electronically, of the significance of the certificate, and of the participant's right to request and receive, free of charge, a paper copy of the document.

d. Upon request of any participant, the group policyholder furnishes, free of charge, a paper copy of the group insurance certificate that was delivered to the participant electronically.

This rule is intended to implement Iowa Code chapter 509.

c. Reporting requirements. In addition to the requirements of subrule 35.20(3), all public entities pooling risk shall submit:

(1) Quarterly financial statement. A plan shall file with the commissioner of insurance within 60 days of the end of each quarter a report which has been verified by at least two of its principal officers and which covers the preceding calendar quarter. The report shall be on a form prescribed by the commissioner. The commissioner of insurance may request additional reports and information from a plan as often as is deemed necessary.

(2) Amendments. A plan shall submit copies of any proposed amendment to the documents submitted in accordance with subrule 35.20(2), paragraph "a," 30 days in advance of the amendment's proposed effective date.

(3) Other documents. A plan shall submit any other documents deemed necessary by the commissioner.

35.20(3) Minimum plan standards for both pooled and single-employer public entities. Self-funded life plans subject to this rule shall meet the requirements of Iowa Code sections 509.1, 509.2, 509.4, and 509.15 and rules thereunder. Self-funded health plans subject to this rule shall meet the requirements of Iowa Code sections 509.1 and 509.3 and rules thereunder. In order to ensure that a self-funded life or health plan is able to cover all reasonably anticipated expenses and to avoid liability for the public body, a self-funded life or health plan shall provide that:

a. An annual report showing the starting and ending balance of the fund, deposits of monthly accrual rates and other assets of the fund, and the amount and nature of all disbursements from the fund shall be prepared and submitted to the governing body of the public body. An annual report shall be made to show a separate accounting to reflect all required reserves.

b. Monthly accrual rates shall be established at a satisfactory level to provide funds to cover all claims, reserves, and expenses to operate the plan. Accrual rates shall be reevaluated annually. Accrual rates shall be funded solely through public body contributions or through a combination of employer and employee contributions.

c. A plan fund shall be established exclusively for the deposit of monthly accrual rates and other assets pertaining to the plan. After a self-funded life or health plan is established and as long as any claims may be made against the plan fund, all contributions shall be deposited as collected in the plan fund. The plan fund shall be disbursed only for plan expenses.

d. The following reserves shall be established in the plan fund:

(1) A reserve for claims that have been incurred by participants under the plan, but have not yet been presented for payment. The appropriate amount of this reserve shall be on an actuarially sound basis as determined by an independent actuary, an insurance company, or a nonprofit health service corporation authorized pursuant to Iowa Code chapter 514.

(2) A claims fluctuation reserve for setting aside funds that become available during a month when claims are less than projected for that month. Funds shall be maintained and available for a month in which claims exceed those projected for that month. For public entities that require a certificate of registration under subrule 35.20(2), the claims fluctuation reserve shall equal or exceed a minimum of two months of paid claims.

e. The public body shall obtain a fidelity bond as a guaranty of faithful operation of the self-funded plan by the public body, its officers, agents, and employees.

f. Disbursements from the plan fund shall be made only for the following specified plan expenses:

(1) Payment of claims.

(2) Cost of aggregate excess loss coverage.

(3) Cost of specific excess loss coverage.

(4) Bonding expenses.

(5) Payment of service fees applicable to plan design, payment of claims, materials explaining plan benefits, actuarial assistance, legal assistance, and accounting assistance.

(6) Other expenses directly related to the operation of the plan.

g. Aggregate excess loss coverage shall be obtained which will limit a public body's total claim liability for each year to not more than 125 percent of the level of claims liability as projected by an

independent actuary or insurance company. A public body shall fund this potential additional liability of 25 percent either by allocating necessary funds from the operating fund of the general fund or by setting up an additional reserve in the operating fund. Specific excess loss coverage may also be obtained if a public body wishes to limit its total annual liability on claims for any one claimant.

h. The commissioner may retain an independent actuary, at the commissioner's discretion, to review the adequacy of a plan's reserves. The cost of such review shall be paid by the plan. Examples that illustrate when the commissioner may retain an independent actuary include, but are not limited to, negative trends in the plan's financial statements, an increase in consumer complaints about the plan's failing to timely pay claims and material changes to the plan's operations.

35.20(4) Plan shortfalls. If the resources of any self-funded plan subject to this rule are not adequate to fully cover all claims under that plan, then the public body sponsoring that plan shall make up the shortfall from other resources.

35.20(5) Confidentiality. Information held by the plan administrator of a self-funded plan shall be kept confidential. An employee or agent of the plan administrator shall not use or disclose any information to any person, except to the extent necessary to administer claims or as otherwise authorized by law.

35.20(6) A health self-funded plan subject to this rule shall not prohibit a participating provider from or penalize a participating provider for discussing treatment options with covered persons, irrespective of a self-funded plan's position on the treatment options, or from advocating on behalf of covered persons within the utilization review or grievance processes established by the self-funded plan or a person contracting with the self-funded plan.

The self-funded plan shall not penalize a provider because the provider, in good faith, reports to state or federal authorities any act or practice by the self-funded plan that, in the opinion of the provider, jeopardizes patient health or welfare.

35.20(7) Benefits shall be made available by the health self-funded plan for inpatient and outpatient emergency services. Since self-funded plans may not contract with every emergency care provider in an area, self-funded plans shall make every effort to inform members of participating providers.

The term "emergency services" means, with respect to an individual enrolled with an organization, covered inpatient and outpatient services that are furnished by a provider who is qualified to furnish the services that are needed to evaluate or stabilize an emergency medical condition.

The term "emergency medical condition" means a medical condition manifesting itself by symptoms of sufficient severity, including but not limited to severe pain, that an ordinarily prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in one of the following:

1. Placing the health of the individual or, with respect to a pregnant woman, the health of the woman and her unborn child in serious jeopardy;
2. Serious impairment to bodily function; or
3. Serious dysfunction of any bodily organ or part.

Reimbursement to a provider of "emergency services" shall not be denied by any health maintenance organization without that organization's review of the patient's medical history, presenting symptoms, and admitting or initial diagnosis as well as final diagnosis, submitted by the provider, in determining whether, by definition, emergency services could reasonably have been expected to be provided. Reimbursement for emergency services shall not be denied solely on the grounds that a noncontracted provider performed services. If reimbursement for emergency services is denied, the enrollee may file a complaint with the self-funded plan. Upon denial of reimbursement for emergency services, the self-funded plan shall notify the enrollee and the provider that they may register a complaint with the commissioner of insurance.

35.20(8) A health self-funded plan subject to this rule shall allow a female member direct access to obstetrical or gynecological services from network and participating providers. The plan shall also allow a pediatrician to be the primary care provider for a child through the age of 18.

This rule is intended to implement Iowa Code chapter 509A and 2003 Iowa Acts, chapter 83.

191—35.21(509) Review of certificates issued under group policies.

35.21(1) *Nondiscretionary groups.* A certificate of coverage delivered in this state under a group life or accident and health insurance policy issued to a group substantially as described in Iowa Code section 509.1, subsections (1) to (7), shall not be reviewed by the commissioner if the policy is issued outside of this state.

35.21(2) *Discretionary groups.* A certificate of coverage delivered in this state under a group life or accident and health insurance policy issued to a group not substantially as described in Iowa Code section 509.1, subsections (1) to (7), shall not be reviewed by the commissioner if the policy is issued outside of this state and if the policy is issued or offered in a state which has reviewed and approved the policy under a statute substantially similar to Iowa Code section 509.1(8).

These rules are intended to implement Iowa Code sections 509.1, 509.6, and 509A.14.

"Preexisting condition exclusion" means, with respect to health insurance coverage, a limitation or exclusion of benefits relating to a condition based on the fact that the condition was present before the date of enrollment for such coverage, whether or not any medical advice, diagnosis, care, or treatment was recommended or received before such date. 191—35.24(509) Eligibility to enroll.

35.24(1) A carrier offering group health insurance coverage shall not establish rules for eligibility, including continued eligibility, of an individual to enroll under the terms of the coverage based on any of the following health status-related factors in relation to the individual or a dependent of the individual:

- f. Genetic information.
- g. Evidence of insurability, including conditions arising out of acts of domestic violence.
- h. Disability.

35.24(2) Subrule 35.24(1) does not require group health insurance coverage to provide particular benefits other than those provided under the terms of the coverage, and does not prevent a coverage from establishing limitations or restrictions on the amount, level, extent, or nature of the benefits or coverage for similarly situated individuals enrolled in the coverage.

35.24(3) Rules for eligibility to enroll under group health insurance coverage include rules defining any applicable waiting or affiliation periods for such enrollment.

35.24(4) A carrier offering health insurance coverage shall not require an individual, as a condition of enrollment or continued enrollment under the coverage, to pay a premium or contribution which is greater than a premium or contribution for a similarly situated individual enrolled in the coverage on the basis of a health status-related factor in relation to the individual or to a dependent of an individual enrolled under the coverage. This subrule shall not be construed to do either of the following:

- a. Restrict the amount that an employer may be charged for health insurance coverage.

b. Prevent a carrier offering group health insurance coverage from establishing premium discounts or rebates or modifying otherwise applicable copayments or deductibles in return for adherence to programs of health promotion and disease prevention.

35.24(5) A carrier shall not modify a health insurance coverage with respect to an employer or any eligible employee or dependent through riders, endorsements or other means, to restrict or exclude coverage or benefits for specific diseases, medical conditions, or services otherwise covered by the health insurance coverage.

[ARC 3682C, IAB 3/14/18, effective 4/18/18]

191—35.25(509) Special enrollments.

35.25(1) A carrier shall permit individuals to enroll for coverage under terms of a health benefit plan, without regard to other enrollment dates permitted under the group health insurance coverage, if an eligible employee requests enrollment or, if the group health insurance coverage makes coverage available to dependents, on behalf of a dependent who is eligible but not enrolled under the group health insurance coverage, during the special enrollment period, which shall be 30 days following an event described in subrule 35.25(2) or 35.25(3) with respect to the individual for whom enrollment is requested. A carrier may impose enrollment requirements that are otherwise applicable under terms of the group health insurance coverage to individuals requesting immediate enrollment.

35.25(2) An individual, who previously had other coverage for medical care and for whom an eligible employee declined coverage under the group health insurance coverage, may be enrolled during a special enrollment period if the individual has lost the other coverage for medical care and:

a. If required by the group health insurance coverage, the eligible employee stated in writing when declining the coverage, after being given a notice of the requirement form, and the consequences of failure to submit a written statement that coverage was declined because the individual had coverage for medical care under another group health insurance coverage, group health plan, or otherwise; and

b. When enrollment was declined for the individual:

(1) The individual had coverage under a COBRA continuation provision and the coverage has been exhausted; or

(2) The individual had coverage other than under a COBRA continuation provision and the coverage has been terminated due to loss of eligibility for the coverage, including loss of coverage as a result of legal separation, divorce, death, termination of employment, reduction in the number of hours of employment and any loss of eligibility after a period that is measured by reference to any of the foregoing, or termination of employer contributions toward the other coverage.

c. For purposes of subparagraph 35.25(2)“*b*”(2):

(1) Loss of eligibility for the coverages does not include loss of eligibility due to the eligible employee’s or dependent’s failure to make timely premium payments or termination of coverage for cause such as making a fraudulent claim or intentional misrepresentation of material fact in connection with the group health insurance coverage; and

(2) Employer contributions include contributions by any current or former employer of the individual or another person that was contributing to coverage for the individual.

(3) Exhaustion of COBRA continuation coverage means that an individual’s COBRA continuation coverage ceases for any reason other than either failure of the individual to pay premiums on a timely basis, or for cause, such as making a fraudulent claim or an intentional misrepresentation of a material fact in connection with the plan. An individual is considered to have exhausted COBRA continuation coverage if the coverage ceases.

35.25(3) If the eligible employee has previously declined enrollment under the group health insurance coverage but acquires a dependent through marriage, birth, adoption or placement for adoption, the eligible employee or dependent may be enrolled during the special enrollment period with respect to the individual.

35.25(4) Enrollment of the eligible employee or dependent is effective not later than the first day of the calendar month or, for a newborn or adopted child, on the date of birth, adoption, or placement for adoption.

[ARC 3682C, IAB 3/14/18, effective 4/18/18]

191—35.26(509) Group health insurance coverage policy requirements.

35.26(1) Group health insurance coverage subject to the rules in this division is renewable with respect to all eligible employees or their dependents at the option of the employer, except for one or more of the following reasons:

a. The health insurance coverage sponsor fails to pay or to make timely payments of premiums or contributions pursuant to the terms of the health insurance coverage.

b. The health insurance coverage sponsors, performs an act or practice constituting fraud or makes an intentional misrepresentation of a material fact under the terms of the coverage.

c. Noncompliance with the carrier's minimum participation requirements or employer contribution requirements.

d. For a network plan, no enrollees connected to the plan live, reside, or work in the service area of the issuer.

e. A carrier may choose to discontinue offering and cease to renew a particular type of health insurance coverage in the large group market if the carrier does all of the following:

(1) Provides advance notice of its decision to discontinue the plan to the commissioner or director a minimum of three days prior to the notice for affected employers, participants, and beneficiaries.

(2) Provides notice of its decision not to renew a plan to all affected employers, participants, and beneficiaries no less than 90 days prior to nonrenewal of a plan.

(3) Offers to each plan sponsor of the discontinued coverage the option to purchase any other coverage currently offered by the carrier to other employers in this state.

(4) Acts uniformly, in opting to discontinue the coverage and in offering the option under subparagraph 35.26(1)“e”(3), without regard to the claims experience of the sponsors under the discontinued coverage or to a health status-related factor relating to any participants or beneficiaries covered or new participants or beneficiaries who may become eligible for the coverage.

f. A decision by the carrier to discontinue offering and cease to renew all of its health insurance delivered or issued for delivery to employers in this state shall do all of the following:

(1) Provide advance notice of its decision to discontinue such coverage to the commissioner or director. Notice to the commissioner or director, at a minimum, shall be no less than three days prior to the notice provided for in subparagraph 35.26(1)“f”(2) to affected employers, participants, and beneficiaries.

(2) Provide notice of its decision not to renew such coverage to all affected employers, participants, and beneficiaries no less than 180 days prior to the nonrenewal of the coverage.

(3) Discontinue all health insurance coverage issued or delivered for issuance to employers in this state and cease renewal of such coverage.

g. The membership of an employer in a bona fide association, which is the basis for the coverage which is provided through such association, ceases, but only if the termination of coverage under this subrule occurs uniformly without regard to any health status-related factor relating to any covered individual.

h. The commissioner or director finds that the continuation of the coverage is not in the best interests of the policyholders or certificate holders, or would impair the carrier's ability to meet its contractual obligations.

i. At the time of coverage renewal, a carrier may modify the health insurance coverage for a product offered under group health insurance coverage in the group market, if such modification is consistent with the laws of this state and is effective on a uniform basis among group health insurance coverage with that product.

35.26(2) A carrier that elects not to renew health insurance coverage under 35.26(1)“f” shall not write any new business in the group market in this state for a period of five years after the date of notice to the commissioner or director.

35.26(3) This rule applies only to a carrier doing business in one established geographic service area of the state and the carrier's operations in that service area.

35.26(4) Preexisting condition exclusions.

a. A carrier, with respect to a participant or beneficiary, may impose a preexisting condition exclusion only as follows:

(1) The exclusion relates to a condition, whether physical or mental, regardless of the cause of the condition, for which medical advice, diagnosis, care, or treatment was recommended or received within the six-month period ending on the enrollment date. However, genetic information shall not be treated as a condition under this subparagraph in the absence of a diagnosis of the condition related to such information.

(2) The exclusion extends for a period of not more than 12 months, or 18 months in the case of a late enrollee, after the enrollment date.

(3) The period of any such preexisting condition exclusion is reduced by the aggregate of the periods of creditable coverage applicable to the participant or beneficiary as of the enrollment date.

b. A carrier offering group health insurance coverage shall not impose any preexisting condition as follows:

(1) In the case of a child who is adopted or placed for adoption before attaining 18 years of age and who, as of the last day of the 30-day period beginning on the date of the adoption or placement for adoption, is covered under creditable coverage. This subparagraph shall not apply to coverage before the date of such adoption or placement for adoption.

(2) In the case of an individual who, as of the last day of the 30-day period beginning with the date of birth, is covered under creditable coverage.

(3) Relating to pregnancy as a preexisting condition.

c. A carrier shall waive any waiting period applicable to a preexisting condition exclusion or limitation period with respect to particular services under health insurance coverage for the period of time an individual was covered by creditable coverage, provided that the creditable coverage was continuous to a date not more than 63 days prior to the effective date of the new coverage. Any period that an individual is in a waiting period for any coverage under group health insurance coverage, or is in an affiliation period, shall not be taken into account in determining the period of continuous coverage. A health maintenance organization that does not use preexisting condition limitations in any of its health insurance coverage may impose an affiliation period. For purposes of this paragraph, "affiliation period" means a period of time not to exceed 60 days for new entrants and not to exceed 90 days for late enrollees during which no premium shall be collected and coverage issued is not effective, so long as the affiliation period is applied uniformly, without regard to any health status-related factors.

d. A group health plan or carrier offering group health insurance under the plan may not impose a preexisting condition exclusion with respect to a participant or dependent of the participant before notifying the participant under rule 191—35.29(509).

[ARC 3682C, IAB 3/14/18, effective 4/18/18]

191—35.27(509) Methods of counting creditable coverage. For purposes of reducing any preexisting condition exclusion period, a group health plan or carrier offering group health insurance coverage shall determine the amount of an individual's creditable coverage by using the standard method described in subrule 35.27(1) except that the plan or carrier may use the alternative method under subrule 35.27(2) with respect to any or all of the categories of benefits described under subrule 35.27(4).

35.27(1) Under the standard method, a group health plan or health insurance carrier offering group health insurance coverage shall determine the amount of creditable coverage without regard to the specific benefits included in the coverage.

a. For purposes of reducing the preexisting condition exclusion period, a group health plan or health insurance carrier offering group health insurance coverage shall determine the amount of creditable coverage by counting all the days that the individual has under one or more types of creditable coverage. If on a particular day, an individual has creditable coverage from more than one source, all

the creditable coverage on that day is counted as one day. Further, any days in a waiting period for a plan or policy are not creditable coverage under the plan or policy.

b. Days of creditable coverage that occur before a significant break in coverage are not required to be counted.

c. Notwithstanding any other provisions of subrule 35.27(2) for purposes of reducing a preexisting condition exclusion period, a group health plan or a health insurance carrier offering group health insurance coverage may determine the amount of creditable coverage in any other manner that is at least as favorable to the individual as the method set forth in subrule 35.27(2).

35.27(2) Under the alternative method, a group health plan or a health insurance carrier offering group health insurance coverage shall determine the amount of creditable coverage based on coverage within any category of benefits described in subrule 35.27(4) and not based on coverage. The plan may apply a different preexisting condition exclusion period with respect to each category and may apply a different preexisting condition exclusion period for benefits that are not within any category. The creditable coverage determined for a category of benefits applies only for purposes of reducing the preexisting condition exclusion period with respect to that category. An individual's creditable coverage for benefits that are not within any category for which the alternative method is being used is determined under the standard method of subrule 35.27(1).

35.27(3) A plan or carrier using the alternative method is required to apply it uniformly to all participants and beneficiaries in the plan or policy. The use of the alternative method must be set forth in the plan.

35.27(4) The alternative method for counting creditable coverage may be used for coverage for any of the following categories of benefits:

- a.* Mental health.
- b.* Substance abuse treatment.
- c.* Prescription drugs.
- d.* Dental care.
- e.* Vision care.

35.27(5) If the alternative method is used, the plan is required to:

a. State prominently that the plan is using the alternative method of counting creditable coverage in disclosure statements concerning the plan, and state this to each enrollee at the time of enrollment under the plan;

b. Include in these statements a description of the effect of using the alternative method, including an identification of the category's uses; and

c. Count creditable coverage within a category if any level of benefits is provided within the category.

191—35.28(509) Certificates of creditable coverage.

35.28(1) Group health plans or carriers shall issue certificates of creditable coverage to persons losing coverage. A group health plan or carrier required to provide a certificate under this rule for an individual is deemed to have satisfied the certification requirements for that individual if another party provides the certificate, but only to the extent that information relating to the individual's creditable coverage and waiting or affiliation period is provided by the other party. Certificates shall be issued within a reasonable amount of time following termination to employees and dependents:

- a.* Automatically upon the termination of an individual's group coverage;
- b.* Automatically upon the termination of COBRA coverage;
- c.* Upon request within 24 months after coverage ends.

35.28(2) Certificates in writing. Certificates of coverage must be in writing unless all of the following conditions are met:

- a.* The individual requesting the certificate is not entitled to receive a certificate;
- b.* The individual requests that the certificate be sent to another plan or carrier;

c. The plan or carrier receiving the certificate agrees to accept the information through means other than a written certificate;

d. The plan or carrier receiving the certificate receives the certificate within a reasonable amount of time.

35.28(3) Required information. The certificate shall include the following information:

a. The date the certificate is issued;

b. The name of the group plan providing coverage;

c. The name of the employee or dependent to whom the certificate applies, other relevant identifying information, and the name of the employee if the certificate is for a dependent;

d. The plan administrator's name, address and telephone number;

e. A telephone number to call for further information if different from above;

f. Either a statement that the person has at least 18 months' creditable coverage without a significant break of coverage or the date any waiting period and creditable coverage began;

g. The date creditable coverage ended or an indication that the coverage is in force.

35.28(4) Family information. Information for families may be combined on one certificate. Any differences in creditable coverages shall be clearly delineated.

35.28(5) Dependent coverage transition rule. A group health plan or carrier that does not maintain dependent data is deemed to have satisfied the requirement to issue dependent certificates by naming the employee and specifying that the coverage on the certificate is for dependent coverage.

35.28(6) Delivering certificates. The certificate shall be given to the individual, plan or carrier requesting the certificate. The certificates may be sent by first-class mail. When a dependent's last-known address differs from the employee's last-known address, a separate certificate shall be provided to the dependent at the dependent's last-known address. Separate certificates may be mailed together to the same location.

35.28(7) A group health plan or carrier shall establish a procedure for individuals to request and receive certificates.

35.28(8) A certificate is not required to be furnished until the group health plan or carrier knows or should have known that the dependent's coverage terminated.

35.28(9) Demonstrating creditable coverage. An individual has the right to demonstrate creditable coverage, waiting periods, and affiliation periods when the accuracy of the certificate is contested or a certificate is unavailable. A group health plan or carrier shall consider information obtained by it or presented on behalf of an individual to determine whether the individual has creditable coverage.

[ARC 3682C, IAB 3/14/18, effective 4/18/18]

191—35.29(509) Notification requirements.

35.29(1) A group health plan or carrier shall provide written notice to the employee and dependents that includes the following:

a. The existence of any preexisting condition exclusions.

b. A determination that the group health plan or carrier intends to impose a preexisting condition exclusion and:

(1) The basis for the decision to do so;

(2) The length of time to which the exclusion will apply;

(3) The right of the employee or dependent to appeal a decision to impose a preexisting condition exclusion;

(4) The right of the person to demonstrate creditable coverage including the right of the person to request a certificate from a prior group health plan or carrier and a statement that the current group health plan or carrier will assist in obtaining the certificate.

c. That the group health plan, carrier, or ODS will use the alternative method of counting creditable coverage.

d. Special enrollment rights when an employee declines coverage for the employee or dependents.

35.29(2) A group health plan or carrier shall provide written notice to the employee and dependents of a modification of a prior creditable coverage decision when the group health plan or carrier

subsequently determines either no or less creditable coverage existed provided that the group health plan or carrier acts according to its initial determination until the final determination is made.

[ARC 3682C, IAB 3/14/18, effective 4/18/18]

191—35.30(509) Mental health benefits. Rescinded IAB 12/7/05, effective 1/11/06.

191—35.31(509) Disclosure requirements. All carriers shall include in contracts and evidence of coverage forms a statement disclosing the existence of any prescription drug formularies. Upon request, all carriers offering health insurance coverage that includes a prescription drug formulary shall inform enrollees of the coverage, and prospective enrollees of the coverage during any open enrollment period, whether a prescription drug specified in the request is included in such formulary.

All carriers shall also disclose the existence of any contractual arrangements providing rebates received by them for prescription drugs or durable medical equipment. Durable medical equipment means equipment that can stand repeated use and is primarily and customarily used to serve a medical purpose and is generally not useful to a person who is not sick or injured or used by other family members and is appropriate for home use for the purpose of improving bodily functions or preventing further deterioration of the medical condition caused by sickness or injury.

[ARC 3682C, IAB 3/14/18, effective 4/18/18]

191—35.32(514C) Treatment options.

35.32(1) A carrier shall not prohibit a participating provider from or penalize a participating provider for discussing treatment options with covered persons, irrespective of the carrier's position on the treatment options, or from advocating on behalf of covered persons within the utilization review or grievance processes established by the carrier or a person contracting with the carrier.

35.32(2) A carrier shall not penalize a provider because the provider, in good faith, reports to state or federal authorities any act or practice by the carrier that, in the opinion of the provider, jeopardizes patient health or welfare.

191—35.33(514C) Emergency services. Benefits shall be available by the carrier for inpatient and outpatient emergency services. Since carriers may not contract with every emergency care provider in an area, carriers shall make every effort to inform members of participating providers.

35.33(1) The term "emergency services" means, with respect to an individual enrolled with an organization, covered inpatient and outpatient services that are furnished by a provider who is qualified to furnish the services that are needed to evaluate or stabilize an emergency medical condition.

35.33(2) The term "emergency medical condition" means a medical condition manifesting itself by symptoms of sufficient severity, including but not limited to severe pain, that an ordinarily prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in one of the following:

- a. Placing the health of the individual or, with respect to a pregnant woman, the health of the woman and her unborn child in serious jeopardy;
- b. Serious impairment to bodily function; or
- c. Serious dysfunction of any bodily organ or part.

35.33(3) Reimbursement to a provider of "emergency services" shall not be denied by any carrier without that organization's review of the patient's medical history, presenting symptoms, and admitting or initial as well as final diagnosis, submitted by the provider, in determining whether, by definition, emergency services could reasonably have been expected to be provided. Reimbursement for emergency services shall not be denied solely on the grounds that services were performed by a noncontracted provider. If reimbursement for emergency services is denied, the enrollee may file a complaint with the carrier. Upon denial of reimbursement for emergency services, the carrier shall notify the enrollee and the provider that they may register a complaint with the commissioner of insurance.

191—35.34(514C) Provider access. A carrier subject to this chapter shall allow a female enrollee direct access to obstetrical and gynecological services from network or participating providers. The carrier shall also allow a pediatrician to be the primary care provider for a child through the age of 18.

These rules are intended to implement Iowa Code chapters 509 and 514C and 1999 Iowa Acts, Senate File 276.

191—35.35(509) Reconstructive surgery.

35.35(1) A carrier that provides medical and surgical benefits with respect to a mastectomy shall provide the following coverage in the event an enrollee receives benefits in connection with a mastectomy and elects breast reconstruction:

- a. Reconstruction of the breast on which the mastectomy has been performed;
- b. Surgery and reconstruction of the other breast to produce a symmetrical appearance; and
- c. Prostheses and coverage of physical complications at all stages of a mastectomy including lymphedemas.

35.35(2) The benefits under this rule shall be provided in a manner determined in consultation with the attending physician and the enrollee. The coverage may be subject to annual deductibles and coinsurance provisions that are consistent with other benefits under the plan or coverage.

35.35(3) Written notice of the availability of coverage in this rule shall be provided to the enrollee upon enrollment and then annually.

35.35(4) A carrier shall not deny an enrollee eligibility or continued eligibility to enroll or renew coverage under the terms of the health insurance solely for the purpose of avoiding the requirements of this rule. A carrier shall not penalize, reduce or limit the reimbursement of an attending provider or induce the provider to provide care in a manner inconsistent with this rule.

This rule is intended to implement Public Law 105-277.

191—35.38(514K) Limitation of information published. The division may establish limits on the data to be collected and published in the event the division believes the information is not statistically relevant and would not be beneficial to consumers.

These rules are intended to implement Iowa Code Supplement section 514K.1(2).

191—35.39(514C) Contraceptive coverage.

35.39(1) A carrier that provides benefits for outpatient prescription drugs or devices shall provide benefits for prescription contraceptive drugs or prescription contraceptive devices which prevent conception and are approved by the United States Food and Drug Administration or generic equivalents approved as substitutable by the United States Food and Drug Administration.

35.39(2) A carrier is not required to provide benefits for over-the-counter contraceptive drugs or contraceptive devices that do not require a prescription for purchase.

35.39(3) A contraceptive drug or contraceptive device does not include surgical services intended for sterilization, including, but not limited to, tubal ligation or vasectomy.

35.39(4) A carrier shall be required to provide benefits for services related to outpatient contraceptive services for the purpose of preventing conception if the policy or contract provides benefits for other outpatient services provided by a health care professional.

35.39(5) If a carrier does not provide benefits for a routine physical examination, the carrier is not required to provide benefits for a routine physical examination provided in the course of prescribing a contraceptive drug or contraceptive device.

This rule is intended to implement Iowa Code chapter 514C.

CHAPTER 36
INDIVIDUAL ACCIDENT AND HEALTH—MINIMUM
STANDARDS AND RATE HEARINGS

[Prior to 10/22/86, Insurance Department[510]]

DIVISION I
MINIMUM STANDARDS

191—36.1(514D) Purpose. The purpose of this chapter is to implement Iowa Code chapter 514D so as to provide reasonable standardization and simplification of terms and coverages of individual accident and sickness insurance policies and individual subscriber contracts of hospital, medical, and dental service corporations in order to facilitate public understanding and comparison and to eliminate provisions contained in individual accident and sickness insurance policies and individual subscriber contracts of hospital, medical, and dental service corporations which may be misleading or confusing in connection either with the purchase of the coverages or with the settlement of claims and to provide for full disclosure in the sale of the coverages.

191—36.2(514D) Applicability and scope. This chapter shall apply to all individual accident and sickness insurance policies and subscriber contracts of service corporations, organized under Iowa Code chapter 514, delivered or issued for delivery to any person in this state on and after the effective date hereof, except it shall not apply to individual policies or contracts issued pursuant to a conversion privilege under a policy or contract of group or individual insurance when the group or individual policy or contract includes provisions which are inconsistent with the requirements of this chapter, nor to policies being issued to employees or members as additions to franchise plans in existence on the effective date of this chapter. The requirements contained in this chapter shall be in addition to any other applicable regulations previously adopted.

191—36.3(514D) Effective date. This chapter shall be effective on December 31, 1981, and shall be applicable to all new filings of individual accident and sickness insurance policies and nonprofit hospital, medical and dental service contracts made after that date, and all other policies and contracts covered by this chapter and delivered or issued for delivery after June 30, 1982, shall be in compliance with this chapter.

191—36.4(514D) Policy definitions. Except as provided hereafter, no individual accident or sickness insurance policy or hospital, medical, or dental service corporation subscriber contract delivered or issued for delivery to any person in this state shall contain definitions respecting the matters set forth below unless such definitions comply with the requirements of this rule.

36.4(1) *“One period of confinement”* means consecutive days of in-hospital service received as an inpatient, or successive confinements when discharge from and readmission to the hospital occurs within a period of time not more than 90 days or three times the maximum number of days of in-hospital coverage provided by the policy to a maximum of 180 days.

36.4(2) *“Hospital”* may be defined in relation to its status, facilities and available services or to reflect its accreditation by the Joint Commission on Accreditation of Hospitals.

a. The definition of the term “hospital” shall not be more restrictive than one requiring that the hospital:

- (1) Be an institution operated pursuant to law; and
- (2) Be primarily and continuously engaged in providing or operating, either on its premises or in facilities available to the hospital on a prearranged basis and under the supervision of a staff of duly licensed physicians, medical, diagnostic and major surgical facilities for the medical care and treatment of sick or injured persons on an inpatient basis for which a charge is made; and
- (3) Provide 24-hour nursing service by or under the supervision of registered graduate professional nurses (R.N.s).

b. The definition of the term “hospital” may state that the term shall not be inclusive of:

- (1) Convalescent homes, convalescent, rest, or nursing facilities; or
- (2) Facilities primarily affording custodial, educational or rehabilitative care; or
- (3) Facilities for the aged, drug addicts or alcoholics; or
- (4) Any military or veterans' hospital or soldiers' home or any hospital contracted for or operated by any national government or agency thereof for the treatment of members or ex-members of the armed forces, except where a legal liability exists for charges made to the individual.

36.4(3) "*Nursing facility*" shall be defined in relation to its status, facilities, and available services.

a. A definition of such home or facility shall not be more restrictive than one requiring that it:

- (1) Be operated pursuant to law;
- (2) Be approved for payment of Medicare benefits or be qualified to receive such approval, if so requested;

- (3) Be primarily engaged in providing, in addition to room and board accommodations, skilled nursing care under the supervision of a duly licensed physician;

- (4) Provide continuous 24-hour-a-day nursing service by or under the supervision of a registered graduate professional nurse (R.N.); and

- (5) Maintains a daily medical record of each patient.

b. The definition of such home or facility may provide that the term shall not be inclusive of:

- (1) Any home, facility or part thereof used primarily for rest;

- (2) A home or facility for the aged or for the care of drug addicts or alcoholics; or

- (3) A home or facility primarily used for the care and treatment of mental diseases, or disorders, or custodial or educational care.

36.4(4) "*Skilled nursing care*" and "*convalescent nursing care*," when used in a policy, shall be defined in the policy as follows: Skilled nursing care or convalescent nursing services means any treatment which is rehabilitative in nature, which is required to restore an individual to the individual's prior level of health after an accident or illness and hospitalization, and which is related to the condition which was the cause of the confinement. Skilled nursing care and convalescent nursing care are any level of care greater than custodial care.

36.4(5) "*Custodial nursing care*" shall be defined as that level of nursing care required to assist an individual in meeting day-to-day living requirements, such as but not limited to, eating, bathing, dressing, and which care is required primarily due to reasons of age and not reasons of sickness.

36.4(6) "*Accident*" and "*accidental injury*" shall be defined to employ "result" language and shall not include words which establish an accidental means test or use words such as "external, violent, visible wounds" or similar words of description or characterization.

a. The definition shall not be more restrictive than the following: Injury or injuries, for which benefits are provided, means accidental bodily injury sustained by the insured person which are the direct cause, independent of disease or bodily infirmity or any other cause, and occur while the insurance is in force.

b. Such definition may provide that injuries shall not include injuries for which benefits are provided under any workers' compensation, employer's liability or similar law, motor vehicle no-fault plan, unless prohibited by law, or injuries occurring while the insured person is engaged in any activity pertaining to any trade, business, employment, or occupation for wage or profit.

36.4(7) "*Sickness*" shall not be defined to be more restrictive than the following: Sickness means sickness or disease of an insured person which first manifests itself after the effective date of insurance and while the insurance is in force. A definition of sickness may provide for a probationary period which will not exceed 30 days from the effective date of the coverage of the insured person. The definition may be further modified to exclude sickness or disease for which benefits are provided under any workers' compensation, occupational disease, employer's liability or similar law.

36.4(8) "*Preexisting condition*" shall not be defined to be more restrictive than the following: Preexisting condition means the existence of symptoms which would cause an ordinary prudent person to seek diagnosis, care or treatment within a five-year period preceding the effective date of the coverage of the insured person or a condition for which medical advice or treatment was recommended

by a physician or received from a physician within a five-year period preceding the effective date of the insured person.

36.4(9) *“Physician”* may be defined by including words such as *“duly qualified physician”* or *“duly licensed physician.”* The use of the term “physician” requires an insurer to recognize and to accept, to the extent of its obligation under the contract, all providers of medical care and treatment when the services are within the scope of the provider’s licensed authority and are provided pursuant to applicable laws.

36.4(10) *“Nurses”* may be defined so that the description of nurse is restricted to a type of nurse, such as registered graduate professional nurse (R.N.), a licensed practical nurse (L.P.N.), or a licensed vocational nurse (L.V.N.). If the words “nurse,” “trained nurse” or “registered nurse” are used without specific definition, then the use of these terms requires the insurer to recognize the services of any individual who qualifies under such terminology in accordance with the applicable statutes or administrative rules of the licensing or registry board of the state of Iowa.

36.4(11) *“Total disability”*.

a. A general definition of total disability cannot be more restrictive than one requiring the individual to be totally disabled from engaging in any employment or occupation for which the individual is or becomes qualified by reason of education, training or experience and who is not in fact engaged in any employment or occupation for wage or profit.

b. Total disability may be defined in relation to the inability of the person to perform duties but may not be based solely upon an individual’s inability to: (1) perform “any occupation whatsoever,” “any occupational duty,” or “any and every duty of the person’s occupation”; or (2) engage in any training or rehabilitation program.

c. An insurer may specify the requirement of the complete inability of the person to perform all of the substantial and material duties of the person’s regular occupation or use words of similar import. An insurer may require care by a physician (other than the insured or a member of the insured’s immediate family).

36.4(12) *“Partial disability”* shall be defined in relation to the individual’s inability to perform one or more but not all of the “major,” “important,” or “essential” duties of employment or occupation or may be related to a “percentage” of time worked or to a “specified number of hours” or to “compensation.” Where a policy provides total disability benefits and partial disability benefits, only one elimination period may be required.

36.4(13) *“Residual disability”* shall be defined in relation to the individual’s reduction in earnings and may be related either to the inability to perform some part of the “major,” “important,” or “essential duties” of employment or occupation, or to the inability to perform all usual business duties for as long as is usually required. A policy which provides for residual disability benefits may require a qualification period, during which the insured must be continuously totally disabled before residual disability benefits are payable. The qualification period for residual benefits may be longer than the elimination period for total disability. In lieu of the term “residual disability,” the insurer may use “proportionate disability” or another term of similar import which in the opinion of the commissioner adequately and fairly describes the benefit.

36.4(14) *“Medicare”* shall be defined in any hospital, surgical or medical expense policy which relates its coverage to eligibility for Medicare or Medicare benefits. Medicare may be substantially defined as “The Health Insurance for the Aged Act, Title XVIII of the Social Security Amendments of 1965 as Then Constituted or Later Amended,” or “Title I, Part I of Public Laws 89-97, as Enacted by the Eighty-Ninth Congress of the United States of America and popularly known as the Health Insurance for the Aged Act,” “as then constituted and any later amendments or substitutes thereof,” or words of similar import.

36.4(15) *“Complications of pregnancy”* shall be defined to include:

a. Conditions requiring hospital stays (when the pregnancy is not terminated) whose diagnoses are distinct from pregnancy but are adversely affected by pregnancy or are caused by pregnancy; and

b. Nonelective Caesarean section, ectopic pregnancy which is terminated and spontaneous termination of pregnancy, which occurs during a period of gestation in which a viable birth is not possible.

36.4(16) “*Mental or nervous disorders*” shall not be defined more restrictively than a definition including neurosis, psychoneurosis, psychopathy, psychosis, or mental or emotional disease or disorder of any kind.

36.4(17) “*Short-term limited-duration insurance*” means health coverage provided pursuant to a contract with an issuer that has an expiration date specified in the contract that is less than 12 months after the original effective date of the contract and, taking into account renewals or extensions, has a duration of no longer than 36 months in total.

This rule is intended to implement Iowa Code section 514D.3.
[ARC 4332C, IAB 3/13/19, effective 2/20/19]

191—36.5(514D) Prohibited policy provisions.

36.5(1) Except as provided in subrule 36.4(7), no policy shall contain provisions establishing a probationary or waiting period during which no coverage is provided under the policy subject to the further exception that a policy may specify a probationary or waiting period not to exceed six months for specified diseases or conditions and losses resulting therefrom for hernia, disorder of reproductive organs, varicose veins, adenoids, appendix, and tonsils. However, the permissible six months’ exception shall not be applicable where such specified diseases or conditions are treated on an emergency basis. Accident policies shall not contain probationary or waiting periods.

36.5(2) No policy or rider for additional coverage may be issued as a dividend unless an equivalent cash payment is offered to the policyholder as an alternative to such dividend policy or rider. No such dividend policy or rider shall be issued for an initial term of less than six months. The initial renewal subsequent to the issuance of any policy or rider as a dividend shall clearly disclose that the policyholder is renewing the coverage that was provided as a dividend for the previous term and that the renewal is optional with the policyholder.

36.5(3) No policy shall exclude coverage for a loss due to a preexisting condition for a period greater than 12 months following policy issue where the application for the insurance does not seek disclosure of prior illness, disease or physical conditions or prior medical care and treatment and preexisting condition is not specifically excluded by the terms of the policy.

36.5(4) A disability income policy may contain a “return of premium” or “cash value benefit” so long as:

a. Such return of premium or cash value benefit is not reduced by an amount greater than the aggregate of any claims paid under the policy; and

b. The insurer demonstrates that the reserve basis for such policies is adequate. No other policy shall provide a return of premium or cash value benefit, except return of unearned premium upon termination or suspension of coverage, retroactive waiver of premium paid during disability, payment of dividends on participating policies, or experience rating refunds.

36.5(5) Policies providing hospital confinement indemnity coverage shall not contain provisions excluding coverage because of confinement in a hospital operated by the federal government.

36.5(6) No policy shall limit or exclude coverage by type of illness, accident, treatment or medical condition, except as follows:

a. Preexisting conditions or diseases, except for congenital anomalies of a covered dependent child;

b. Mental or emotional disorders, alcoholism and drug addiction;

c. Pregnancy, except for complications of pregnancy;

d. Illness or medical condition arising out of:

(1) War or act of war (whether declared or undeclared); participation in a felony, riot or insurrections; or service in the armed forces or units auxiliary thereto;

(2) Suicide (sane or insane), attempted suicide or intentionally self-inflicted injury;

(3) Aviation;

(4) With respect to short-term nonrenewable policies, of less than 12 months in duration, interscholastic sports;

(5) With respect to disability income protection policies, incarceration;

e. Cosmetic surgery, except that “cosmetic surgery” shall not include reconstructive surgery when service is incidental to or follows surgery resulting from trauma, infection or other diseases of the involved part, and reconstructive surgery because of congenital disease or anomaly of a covered dependent child which has resulted in a functional defect;

f. Foot care in connection with corns, calluses, flat feet, fallen arches, weak feet, chronic foot strain, or symptomatic complaints of the feet;

g. Care in connection with the detection and correction by manual or mechanical means of structural imbalance, distortion, or subluxation in the human body for purposes of removing nerve interference and the effects thereof, where interference is the result of or related to distortion, misalignment or subluxation of, or in the vertebral column;

h. Treatment provided in a government hospital; benefits provided under Medicare or other governmental program (except Medicaid), any state or federal workers’ compensation, employer’s liability or occupational disease law, or any motor vehicle no-fault law; services performed by a member of the covered person’s immediate family and services for which no charge is normally made in the absence of insurance;

i. Dental care or treatment;

j. Eye glasses, hearing aids and examination for the prescription or fitting thereof;

k. Rest cures, custodial care, transportation and routine physical examinations;

l. Territorial limitations.

36.5(7) The provisions of this chapter shall not impair or limit the use of waivers to exclude, limit or reduce coverage or benefits for specifically named or described preexisting diseases, physical condition or extra hazardous activity. Where waivers are required as a condition of issuance, renewal or reinstatement, signed acceptance by the insured is required unless on initial issuance the full text of the waiver is contained either on the first page or specification page of the policy or unless notice of the waiver appears on the first page or specification page.

36.5(8) Except as otherwise provided in 36.7(1), the terms “Medicare supplement,” “Medigap,” and words of similar import shall not be used unless the policy is issued in compliance with 191—Chapter 37.

36.5(9) Policy provisions precluded in this subrule shall not be construed as a limitation on the authority of the commissioner to disapprove other policy provisions or coverages in accordance with Iowa Code section 514D.3(2), which, in the opinion of the commissioner, are unjust, unfair, or unfairly discriminatory to the policyholder, beneficiary, or any person insured under the policy.

36.5(10) Rescinded IAB 10/30/91, effective 12/4/91.

191—36.6(514D) Accident and sickness minimum standards for benefits. The following minimum standards for benefits are prescribed for the categories of coverage noted in the following subrules. No individual policy of accident and sickness insurance or nonprofit hospital, medical or dental service corporation contract shall be delivered or issued for delivery in this state which does not meet the required minimum standards for the specified categories unless the commissioner finds that such policies or contracts are approvable as limited benefit health insurance and the outline of coverage complies with the appropriate outline in 36.7(12).

Nothing in this rule shall preclude the issuance of any policy or contract combining two or more categories of coverage set forth in this chapter.

Nonprofit hospital and medical service associations are subject to this chapter. When such associations are prohibited from issuing subscriber contracts which include all of the benefits required in 36.6(2) or 36.6(5), they shall include so much of those benefits as are permitted and they shall be issued in conjunction with another contract including at least the remainder of the minimum benefit required. In such event, the combination of contracts will be considered to have been issued in compliance with this chapter.

36.6(1) General rules.

a. A “noncancelable,” “guaranteed renewable,” or “noncancelable and guaranteed renewable” policy shall not provide for termination of coverage of the spouse solely because of the occurrence of

an event specified for termination of coverage of the insured, other than nonpayment of premium. The policy shall provide that in the event of the insured's death, the spouse of the insured, if covered under the policy, shall become the insured.

b. The terms "noncancelable," "guaranteed renewable," or "noncancelable and guaranteed renewable" shall not be used without further explanatory language in accordance with the disclosure requirements of 36.7(1)"a." The terms "noncancelable" or "noncancelable and guaranteed renewable" may be used only in a policy which the insured has the right to continue in force by the timely payment of premiums set forth in the policy until the age of 65 or to eligibility for Medicare, during which period the insurer has no right to make unilaterally any change in any provision of the policy while the policy is in force: Provided, however, any accident and health or accident only policy which provides for periodic payments, weekly or monthly, for a specified period during the continuance of disability resulting from accident or sickness may provide that the insured has the right to continue the policy only to age 60 if, at age 60 the insured has the right to continue the policy in force at least to age 65 while actively or regularly employed. Except as provided above, the term "guaranteed renewable" may be used only in a policy which the insured has the right to continue in force by the timely payment of premiums until the age of 65 or to eligibility for Medicare, during which period the insurer has no right to make unilaterally any change in any provision of the policy while the policy is in force, except that the insurer may make changes in premium rates by classes: Provided, however, any accident and health or accident only policy which provides for periodic payments, weekly or monthly, for a specified period during the continuance of disability resulting from accident or sickness may provide that the insured has the right to continue the policy only to age 60 if, at age 60, the insured has the right to continue the policy in force at least to age 65 while actively and regularly employed.

c. In a family policy covering both husband and wife, the age of the younger spouse must be used as the basis for meeting the age and durational requirements of the definitions of "noncancelable" or "guaranteed renewable." However, this requirement shall not prevent termination of coverage of the older spouse upon attainment of the stated age limit (e.g., age 65) so long as the policy may be continued in force as to the younger spouse, to the age or for the durational period as specified in said definition.

d. When accidental death and dismemberment coverage is part of the insurance coverage offered under the contract, the insured shall have the option to include all insureds under the coverage and not just the principal insured.

e. If a policy contains a status type military service exclusion or a provision which suspends coverage during military service, the policy shall provide, upon receipt of written request, for refund of premiums as applicable to the person on a pro-rata basis.

f. In the event the insurer cancels or refuses to renew, policies providing pregnancy benefits shall provide for an extension of benefits as to pregnancy commencing while the policy is in force and for which benefits would have been payable had the policy remained in force.

g. Policies providing skilled, or convalescent, or extended care benefits following hospitalization shall not condition the benefits upon admission to the nursing facility within a period of less than 14 days after discharge from the hospital.

h. Family coverage shall continue for any dependent child who is incapable of self-sustaining employment due to mental retardation or physical handicap on the date that the child's coverage would otherwise terminate under the policy due to the attainment of a specified age limit for children and is chiefly dependent on the insured for support and maintenance. The policy may require that within 31 days of the date, the company receive due proof of such incapacity in order for the insured to elect to continue the policy in force with respect to the child, or that a separate converted policy be issued at the option of the insured or policyholder.

i. Any policy providing coverage for the recipient in a transplant operation shall also provide reimbursement of any medical expenses of a live donor to the extent that benefits remain and are available under the recipient's policy, after benefits for the recipient's own expenses have been paid.

j. A policy may contain a provision relating to recurrent disabilities; provided, however, that no provision shall specify that a recurrent disability be separated by a period greater than six months.

k. Accidental death and dismemberment benefits shall be payable if the loss occurs within 90 days from the date of the accident, irrespective of total disability. Disability income benefits, if provided, shall not require the loss to commence less than 30 days after the date of accident, nor shall any policy which the insurer cancels or refuses to renew require that it be in force at the time disability commences if the accident occurred while the policy was in force.

l. Specific dismemberment benefits shall not be in lieu of other benefits unless the specific benefit equals or exceeds the other benefits.

m. Any accident only policy providing benefits which vary according to the type of accidental cause shall prominently set forth in the outline of coverage the circumstances under which benefits are payable which are lesser than the maximum amount payable under the policy.

n. Termination of the policy shall be without prejudice to coverage for any continuous loss which commenced while the policy was in force, but the extension of benefits beyond the period the policy was in force may be predicated upon the continuous total disability of the insured, limited to the duration of the policy benefit period, or payment of the maximum benefits.

o. Rescinded IAB 11/27/91, effective 1/1/92.

36.6(2) “*Basic hospital expense coverage*” is a policy of accident and sickness insurance which provides coverage for a period of not less than 31 days during any continuous hospital confinement for each person insured under the policy, for expense incurred for necessary treatment and services rendered as a result of accident or sickness for at least the following:

a. Daily hospital room and board in an amount not less than the lesser of 80 percent of the charges for the semiprivate room accommodations or \$100 per day;

b. Miscellaneous hospital services for expenses incurred for the charges made by the hospital for services and supplies which are customarily rendered by the hospital and provided for use only during any one period of confinement in an amount not less than either 80 percent of the charges incurred up to at least \$3,000 or ten times the daily hospital room and board benefits;

c. Hospital outpatient services consisting of (1) hospital services on the day surgery is performed, and (2) hospital services rendered within 72 hours after accidental injury, in an amount not less than \$150, and (3) X-ray and laboratory tests, to the extent that benefits for such services would have been provided if rendered to an inpatient of the hospital in an amount not less than \$100.

Benefits provided under “a” and “b” above may be provided subject to a combined deductible amount not in excess of \$100.

36.6(3) “*Basic medical-surgical expense coverage*” is a policy of accident and sickness insurance which provides coverage for each person insured under the policy for the expenses incurred for the necessary services rendered by a physician for treatment of an injury or sickness for at least the following:

a. Surgical services:

(1) In amounts not less than those provided in a fee schedule based on the relative values contained in the state of New York certified surgical fee schedule, or the 1964 California Relative Value Schedule or other acceptable relative value scale of surgical procedures, up to a maximum of at least \$1,000 for any one procedure; or

(2) Not less than 80 percent of the reasonable charges.

b. Anesthesia services, consisting of administration of necessary general anesthesia and related procedures in connection with covered surgical service rendered by a physician other than the physician (or assistant) performing the surgical services:

(1) In an amount not less than 80 percent of the reasonable charges; or

(2) Fifteen percent of the surgical service benefit.

c. In-hospital medical services, consisting of physician services other than surgical care, rendered to a person who is a bed patient in a hospital for treatment of sickness or injury in an amount not less than 80 percent of the reasonable charges or \$50 per day for not less than 21 days during one period of confinement.

36.6(4) “*Hospital confinement indemnity coverage*” is a policy of accident and sickness insurance which provides daily benefits for hospital confinement on an indemnity basis in an amount not less than

\$40 per day and not less than 31 days during any one period of confinement for each person insured under the policy.

a. Coverage shall not be excluded due to a preexisting condition for a period greater than 12 months following the effective date of coverage of an insured person unless the preexisting condition is specifically and expressly excluded.

b. Except as provided in 191—Chapter 38, division II, benefits shall be paid regardless of other coverage.

36.6(5) Individual major medical expense coverage.

a. “Individual major medical expense coverage” is an accident and sickness insurance policy which provides hospital, medical and surgical expense coverage, to an aggregate maximum of not less than \$500,000; coinsurance percentage per year per covered person not to exceed 50 percent of covered charges, provided that the coinsurance out-of-pocket maximum after any deductibles does not exceed \$10,000 per year; a deductible stated on a per person, per family, per illness, per benefit period, or per year basis, or a combination of these bases not to exceed 5 percent of the aggregate maximum limit under the policy for each covered person for at least:

(1) Daily hospital room and board expenses subject only to limitations based on average daily cost of the semiprivate room rate in the area where the insured resides;

(2) Miscellaneous hospital services;

(3) Surgical services;

(4) Anesthesia services;

(5) In-hospital medical services;

(6) Out-of-hospital care, consisting of physicians’ services rendered on an ambulatory basis where coverage is not provided elsewhere in the policy for diagnosis and treatment of sickness or injury, diagnostic X-ray, laboratory services, radiation therapy, and hemodialysis ordered by a physician; and

(7) Not fewer than three of the following additional benefits:

1. In-hospital private duty registered nurse services.

2. Convalescent nursing care.

3. Diagnosis and treatment by a radiologist or physiotherapist.

4. Rental of special medical equipment, as defined by the insurer in the policy.

5. Artificial limbs or eyes, casts, splints, trusses or braces.

6. Treatment for functional nervous disorders, and mental and emotional disorders.

7. Out-of-hospital prescription drugs and medications.

b. If the policy is written to complement underlying basic hospital expense coverage and basic medical-surgical expense coverage, the deductible may be increased by the amount of the benefits provided by the underlying coverage.

c. The minimum benefits required by paragraph 36.6(5) “a” may be subject to all applicable deductibles, coinsurance and general policy exceptions and limitations. An individual major medical expense policy may also have special or internal limitations for prescription drugs, nursing facilities, intensive care facilities, mental health treatment, alcohol or substance abuse treatment, transplants, experimental treatments, mandated benefits required by law and those services covered under subparagraph 36.6(5) “a”(7) and other such special or internal limitations as are authorized or approved by the commissioner. Except as authorized by this subrule through the application of special or internal limitations, an individual major medical expense policy must be designed to cover, after any deductibles or coinsurance provisions are met, the usual, customary and reasonable charges, as determined consistently by the carrier and as subject to approval by the commissioner, or another rate agreed to between the insurer and provider, for covered services up to the lifetime policy maximum.

36.6(6) Individual basic medical expense coverage.

a. “Individual basic medical expense coverage” is an accident and sickness insurance policy that provides hospital, medical and surgical expense coverage, to an aggregate maximum of not less than \$250,000; coinsurance percentage per year per covered person not to exceed 50 percent of covered charges, provided that the coinsurance out-of-pocket maximum after any deductibles does not exceed \$25,000 per year; a deductible stated on a per person, per family, per illness, per benefit period, or per

year basis, or a combination of these bases not to exceed 10 percent of the aggregate maximum limit under the policy for each covered person for at least:

- (1) Daily hospital room and board expenses subject only to limitations based on average daily cost of the semiprivate room rate in the area where the insured resides or such other rate agreed upon by the insurer and provider for a period of not less than 31 days during continuous hospital confinement;
- (2) Miscellaneous hospital services;
- (3) Surgical services;
- (4) Anesthesia services;
- (5) In-hospital medical services;
- (6) Out-of-hospital care, consisting of physicians' services rendered on an ambulatory basis where coverage is not provided elsewhere in the policy for diagnosis and treatment of sickness or injury, diagnostic X-ray, laboratory services, radiation therapy and hemodialysis ordered by a physician; and
- (7) Not fewer than three days of the following additional benefits:
 1. In-hospital private duty registered nurse services;
 2. Convalescent nursing home care;

 6. Treatment for functional nervous disorders, and mental and emotional disorders; or
 7. Out-of-hospital prescription drugs and medications.

b. If the policy is written to complement underlying basic hospital expense coverage and basic medical-surgical expense coverage, the deductible may be increased by the amount of the benefits provided by the underlying coverage.

c. The minimum benefits required by paragraph 36.6(6) "a" may be subject to all applicable deductibles, coinsurance and general policy exceptions and limitations. An individual basic medical expense policy may also have special or internal limitations for prescription drugs, nursing facilities, intensive care facilities, mental health treatment, alcohol or substance abuse treatment, transplants, experimental treatments, mandated benefits required by law and those services covered under subparagraph 36.6(6) "a"(7) and other such special or internal limitations as are authorized or approved by the commissioner. Except as authorized by this subrule through the application of special or internal limitations, an individual basic medical expense policy must be designed to cover, after any deductibles or coinsurance provisions are met, the usual customary and reasonable charges, as determined consistently by the carrier and as subject to approval by the commissioner, or another rate agreed upon by the insurer and provider, for covered services up to the lifetime policy maximum.

36.6(7) *"Disability income protection coverage"* is a policy which provides for periodic payments, weekly or monthly, for a specified period during the continuance of disability resulting from either sickness or injury or a combination of them which:

a. Provides that periodic payments which are payable at ages after 62 and reduced solely on the basis of age are at least 50 percent of amounts payable immediately prior to 62;

b. Contains an elimination period no greater than:

- (1) Ninety days in the case of a coverage providing a benefit of one year or less;
- (2) One hundred eighty days in the case of coverage providing a benefit of more than one year but not greater than two years; or
- (3) Three hundred sixty-five days in all other cases during the continuance of disability resulting from sickness or injury; and

c. Has a maximum period of time for which it is payable during disability of at least six months except in the case of a policy covering disability arising out of pregnancy or childbirth in which case the period for disability may be one month. No reduction in benefits shall be put into effect because of an increase in social security or similar benefits during a benefit period.

If a policy provides total disability benefits and partial disability benefits, only one elimination period may be required.

Subrule 36.6(7) does not apply to those policies providing business buy-out coverage.

36.6(8) “*Accident only coverage*” is a policy of accident insurance which provides coverage, singly or in combination, for death, dismemberment, disability, or hospital and medical care caused by accident. Accidental death and double dismemberment amounts under such a policy shall be at least \$1,000 and a single dismemberment amount shall be at least \$500.

36.6(9) *Specified disease and specified accident coverage.*

a. “Specified disease coverage” is a policy which meets one of the following definitions:

(1) A policy which provides coverage for each person insured under the policy for a specifically named disease (or diseases) with a deductible amount, if any, not in excess of \$250 and an overall aggregate benefit limit of not less than \$5,000 and a benefit period of not less than two years for at least the following incurred expenses:

1. Hospital room and board and any other hospital-furnished medical services or supplies;
2. Treatment by a legally qualified physician or surgeon;
3. Private duty services of a registered nurse (R.N.);
4. X-ray, radium and other therapy procedures used in diagnosis and treatment;
5. Professional ambulance for local service to or from a local hospital;
6. Blood transfusions, including expense incurred for blood donors;
7. Drugs and medicines prescribed by a physician;
8. The rental of a respirator or similar mechanical apparatus;
9. Braces, crutches and wheelchairs as are deemed necessary by the attending physician for the treatment of the disease;
10. Emergency transportation if in the opinion of the attending physician it is necessary to transport the insured to another locality for treatment of the disease; and
11. May include coverage of any other expenses necessarily incurred in the treatment of the disease.

(2) A policy which provides coverage for each person insured under the policy for a specifically named disease (or diseases) with no deductible amount, and an overall aggregate benefit limit of not less than \$25,000 payable at the rate of not less than \$50 a day while confined in a hospital and a benefit period of not less than 500 days.

b. “Specified accident coverage” is an accident insurance policy which provides coverage for a specifically identified kind of accident (or accidents) for each person insured under the policy for accidental death or accidental death and dismemberment, combined with a benefit amount not less than \$5,000 for accidental death, \$5,000 for double dismemberment, and \$2,500 for single dismemberment.

36.6(10) “*Limited benefit health insurance coverage*” is any policy or contract which provides benefits that are less than the minimum standards for benefits required under 36.6(2) to 36.6(8). Limited benefit policies or contracts may be delivered or issued for delivery in this state only if the outline of coverage required by 36.7(12) is completed and delivered as required by 36.7(2). A policy covering a specified disease or combination of diseases shall meet the requirements of 36.6(9) and shall not be offered for sale as a “limited coverage.” A policy which is designed to supplement Medicare shall meet the requirements of 191—Chapter 37 and shall not be offered for sale as a “limited coverage.”

36.6(11) *Short-term limited-duration insurance coverage.*

a. “Short-term limited-duration insurance coverage” provides coverage up to an aggregate maximum of not less than \$500,000 for each initial or renewal policy term and shall include a minimum of all of the following services subject to the approved policy terms, limitations and exclusions:

- (1) Daily hospital room and board expenses subject only to limitations based on average daily cost of the semiprivate room rate in the area where the insured resides;
- (2) Miscellaneous hospital services, including emergency room services;
- (3) Surgical services;
- (4) Anesthesia services;
- (5) In-hospital medical services;
- (6) Out-of-hospital care consisting of physicians’ services rendered on an ambulatory basis, and through telemedicine by remote diagnosis and treatment of patients by means of telecommunications technology, where coverage is not provided elsewhere in the policy for diagnosis and treatment of

If the short-term limited-duration insurance coverage establishes a separate out-of-pocket maximum for the prescription drug benefit, the short-term limited-duration insurance coverage shall contain a deductible, coinsurance and copayment out-of-pocket maximum for all benefits for each covered person, excluding prescription drug services, that shall not exceed \$5,000 multiplied by the number of months of coverage and not in excess of \$20,000 for the full policy term of any duration, and the separate prescription drug benefit shall have a deductible, coinsurance and copayment out-of-pocket maximum separate from the other required services that shall not exceed \$2,500 multiplied by the number of months of coverage and not in excess of \$10,000 for the full policy term of any duration.

c. If the short-term limited-duration insurance coverage integrates a prescription drug benefit into the plan design, the deductible, coinsurance and copayment out-of-pocket maximum for each covered person for all medical and prescription drug coverage shall not exceed \$7,500 multiplied by the number of months of coverage and not in excess of \$30,000 for the full policy term of any duration.

d. After 180 days of coverage, short-term limited-duration insurance coverage that has an initial policy term or has been renewed or extended beyond 180 days in duration shall also provide preventative and wellness services subject to deductibles, coinsurance and copayments, including annual routine office visits, immunizations, mammography examinations, prostate-specific antigen blood tests and Papanicolaou tests.

h. All short-term limited-duration insurance shall contain a free-look period of not less than ten days after the insured receives the policy during which the insured may cancel the insurance. If the insurance is so canceled, all fees and premiums paid shall be promptly refunded and the insurance shall be voided as if the policy had not been issued. Notice of the free-look period shall be prominently displayed on the first page of the policy.

(1) For the purposes of this paragraph, the policy shall be determined to be received by the insured as follows:

1. Pursuant to Iowa Code section 554D.117 if received electronically; and
2. Four days after the policy is postmarked for delivery if sent in the mail.

(2) For the purposes of this paragraph, the insured may cancel the insurance by giving notice to the insurance company, agent, broker or other representative in any manner, including but not limited to via electronic notice or by telephone.

i. All applications for short-term limited-duration insurance shall contain clear and unambiguous questions designed to ascertain the health condition of the applicant and identify any preexisting conditions.

This rule is intended to implement Iowa Code section 514D.4.

191—36.7(514D) Required disclosure provisions.

36.7(1) General rules.

a. Each individual policy of accident and sickness insurance or hospital, medical, or dental service corporation subscriber contract shall include a renewal, continuation, or nonrenewal provision. The language or specifications of the provision must be consistent with the type of contract to be issued. This provision shall be appropriately captioned, shall appear on the first page of the policy, and shall clearly state the duration, where limited, of renewability and the duration of the term of coverage for which the policy is issued and for which it may be renewed.

b. Except for riders or endorsements by which the insurer effectuates a request made in writing by the policyholder or exercises a specifically reserved right under the policy, all riders or endorsements added to a policy after date of issue or at reinstatement or renewal which reduce or eliminate benefits or coverage in the policy shall require signed acceptance by the policyholder. After date of policy issue, any rider or endorsement which increases benefits or coverage with a concomitant increase in premium during the policy term must be agreed to in writing signed by the insured, except if the increased benefits or coverage is required by law.

c. Where a separate additional premium is charged for benefits provided in connection with riders or endorsements, the premium charge shall be set forth in the policy.

d. A policy which provides for the payment of benefits based on standards described as “usual and customary,” “reasonable and customary,” or words of similar import shall include a definition and explanation of the terms “usual and customary” or “reasonable and customary” in its accompanying outline of coverage.

e. If a policy contains any limitations with respect to preexisting conditions the limitations must appear as a separate paragraph of the policy and be labeled as “Preexisting Condition Limitations.”

f. All accident only policies shall contain a prominent statement on the first page of the policy or attached to it, in either contrasting color or in boldface type at least equal to the size of type used for policy captions, as follows:

“This is an accident only policy and it does not pay benefits for loss from sickness.”

g. All policies, except single premium nonrenewable policies and as otherwise provided in this paragraph, shall have a notice prominently printed on the first page of the policy or attached to it stating in substance that the policyholder shall have the right to return the policy within ten days of its delivery and to have the premium refunded if, after examination of the policy, the policyholder is not satisfied for any reason.

h. If age is to be used as a determining factor for reducing the maximum aggregate benefits made available in the policy as originally issued, such fact must be prominently set forth in the outline of coverage.

i. If a policy contains a conversion privilege, it shall comply, in substance, with the following: The caption of the provision shall be “Conversion Privilege,” or words of similar import. The provision shall indicate the persons eligible for conversion, the circumstances applicable to the conversion privilege, including any limitations on the conversion, and the person by whom the conversion privilege may be exercised. The provision shall specify the benefits to be provided on conversion or may state that the converted coverage will be as provided on a policy form then being used by the insurer for that purpose.

j. Insurers issuing policies which provide hospital or medical expense coverage on an expense-incurred or indemnity basis other than incidentally, to a person(s) eligible for Medicare by reason of age, shall provide to the policyholder a Medicare supplement buyer’s guide in the form of the booklet “Guide to Health Insurance for People with Medicare” developed jointly by the National Association of Insurance Commissioners and the Health Care Financing Administration of the U.S. Department of Health and Human Services. Delivery of the buyer’s guide shall be made whether or not the policy qualifies as a “Medicare supplement coverage” in accordance with 191—Chapter 37. Except in the case of direct response insurers, delivery of the buyer’s guide shall be made at the time of application and acknowledgment of receipt of certification of delivery of the buyer’s guide shall be provided to the insurer. Direct response insurers shall deliver the buyer’s guide upon request but not later than at the time the policy is delivered.

k. Outlines of coverage delivered in connection with policies defined in this chapter as Hospital Confinement Indemnity, Specified Disease or Limited Benefit Health Insurance Coverages to persons eligible for Medicare by reason of age shall contain, in addition to the requirements of 36.7(6), 36.7(10) and 36.7(12), the following language which shall be printed on or attached to the first page of the outline of coverage:

This policy IS NOT A MEDICARE SUPPLEMENT policy. If you are eligible for Medicare review the Medicare Supplement Buyer's Guide, available from the company.

l. If payment will not be made for services performed by a chiropractor acting within the scope of the chiropractor's license when those services would be compensable if performed by a medical doctor, then a statement that services performed by a chiropractor are not compensable shall be included in all outlines of coverage delivered in accordance with this chapter.

m. Disclosure requirements. All insurers shall include in contracts and evidence of coverage forms a statement disclosing the existence of any prescription drug formularies. Upon request, all insurers offering policies under this chapter that include a prescription drug formulary shall inform policyholders, and prospective policyholders at time of issuance, whether a prescription drug specified in the request is included in such formulary.

All insurers shall also disclose the existence of any contractual arrangements providing rebates received by them for prescription drugs or durable medical equipment. Durable medical equipment means equipment that can stand repeated use and is primarily and customarily used to serve a medical purpose and is generally not useful to a person who is not sick or injured or used by other family members and is appropriate for home use for the purpose of improving bodily functions or preventing further deterioration of the medical condition caused by sickness or injury.

36.7(2) *Outline of coverage requirements for individual coverages.* No individual accident and sickness insurance policy or nonprofit hospital, medical or dental service corporation subscriber contract subject to this chapter shall be delivered or issued for delivery in this state unless an appropriate outline of coverage, as prescribed in 36.7(3) to 36.7(12), is completed as to the policy or contract and

It is not identical to the outline of coverage provided upon application and the coverage originally applied for has not been issued."

The appropriate outline of coverage for policies or contracts providing hospital coverage which only meets the standards of 36.6(2) shall be that statement contained in 36.7(3). Appropriate changes in terminology may be made in the outline of coverage in the case of contracts of hospital, medical, or dental service corporations. STATEMENT TO APPLICANT BY ISSUER [PRODUCER, BROKER OR OTHER REPRESENTATIVE]:

Health conditions which you may presently have (preexisting conditions) may not be immediately or fully covered under this policy. This could result in a denial or delay of payment of benefits. If you wish to purchase a short-term limited-duration policy, be certain to truthfully and completely answer all questions on the application concerning your medical health history. Failure to include all material medical information on an application may provide a basis for the company to deny any future claims and to refund your premium as though your policy had never been in force. After the application has been completed and before you sign it, reread it carefully to be certain that all information has been properly recorded.

ALSO NOTE THAT, IF THIS COVERAGE EXPIRES OR YOU LOSE ELIGIBILITY FOR THIS COVERAGE, YOU MIGHT HAVE TO WAIT UNTIL AN OPEN ENROLLMENT PERIOD TO GET OTHER HEALTH INSURANCE COVERAGE.

191—36.8(507B) Requirements for replacement.

36.8(1) Application forms shall include a question designed to elicit information as to whether the insurance to be issued is intended to replace any other accident and sickness insurance presently in force. A supplementary application or other form to be signed by the applicant containing such a question may be used.

36.8(2) Upon determining that a sale will involve replacement, an insurer, other than a direct response insurer, or its agent shall furnish the applicant, prior to issuance or delivery of the policy, the notice described in 36.8(3). One copy of such notice shall be retained by the applicant and an additional copy signed by the applicant shall be retained by the insurer. A direct response insurer shall deliver to the applicant upon issuance of the policy, the notice described in 36.8(4). In no event, however, will such a notice be required in the solicitation of the following types of policies: accident only and single premium nonrenewable policies.

36.8(3) The notice required by 36.8(2) for an insurer, other than a direct response insurer, shall provide, in substantially the following form:

NOTICE TO APPLICANT REGARDING REPLACEMENT
OF ACCIDENT AND SICKNESS INSURANCE

According to (your application) (information you have furnished), you intend to lapse or otherwise terminate existing accident and sickness insurance and replace it with a policy to be issued by (Company Name) Insurance Company. For your own information and protection, you should be aware of and seriously consider certain factors which may affect the insurance protection available to you under the new policy.

a. Health conditions which you may presently have (preexisting conditions) may not be immediately or fully covered under the new policy. This could result in denial or delay of a claim for benefits under the new policy, whereas a similar claim might have been payable under your present policy.

b. You may wish to secure the advice of your present insurer or its agent regarding the proposed replacement of your present policy. This is not only your right, but it is also in your best interest to make sure you understand all the relevant factors involved in replacing your present coverage.

c. If, after due consideration, you still wish to terminate your present policy and replace it with new coverage, be certain to truthfully and completely answer all questions on the application concerning your medical-health history. Failure to include all material medical information on an application may provide a basis for the company to deny any future claims and to refund your premium as though your policy had never been in force. After the application has been completed and before you sign it, reread it carefully to be certain that all information has been properly recorded.

The above "Notice to Applicant" was delivered to me on:

36.8(4) The notice required by subrule 36.8(2) above for a direct response insurer shall be as follows:

NOTICE TO APPLICANT REGARDING REPLACEMENT
OF ACCIDENT AND SICKNESS INSURANCE

According to (your application) (information you have furnished), you intend to lapse or otherwise terminate existing accident and sickness insurance and replace it with the policy delivered herewith issued by (Company Name) Insurance Company. Your new policy provides 30 days within which you may decide without cost whether you desire to keep the policy. For your own information and protection, you should be aware of and seriously consider certain factors which may affect the insurance protection available to you under the new policy.

a. Health conditions which you may presently have (preexisting conditions) may not be immediately or fully covered under the new policy. This could result in denial or delay of a claim for benefits under the new policy, whereas a similar claim might have been payable under your present policy.

b. You may wish to secure the advice of your present insurer or its agent regarding the proposed replacement of your present policy. This is not only your right, but it is also in your best interests to make sure you understand all the relevant factors involved in replacing your present coverage.

c. (To be included only if the application is attached to the policy.) If, after due consideration, you still wish to terminate your present policy and replace it with new coverage, read the copy of the application attached to your new policy and be sure that all questions are answered fully and correctly. Omissions or misstatements in the application could cause an otherwise valid claim to be denied. Carefully check the application and write to (Company Name and Address) within 30 days if any information is not correct and complete, or if any past medical history has been left out of the application.

191—36.9(514D) Filing requirements.

36.9(1) *Rate filing.* Every policy, rider or endorsement form affecting benefits which is submitted for approval shall be accompanied by a rate filing unless such rider or endorsement form does not require a change in a rate. Any subsequent addition to or change in rates applicable to such policy, rider or endorsement shall also be filed.

36.9(2) *Contents of rate filings.* Each rate submission shall include an actuarial memorandum describing the basis on which rates were determined and shall indicate and describe the calculation of the ratio, hereinafter called “anticipated creditable loss ratio,” of the present value of the expected benefits to the present value of the expected premiums over the entire period for which rates are computed to provide coverage. Interest shall be used in the calculation of these present values only if it is a significant factor in the calculation of this loss ratio. Each rate submission must also include a certification by a qualified actuary that to the best of the actuary’s knowledge and judgment the rate filing is in compliance with the applicable laws and regulations of Iowa and that the benefits are reasonable in relation to premiums.

36.9(3) *Previously approved forms.* Filings of rate revisions for a previously approved policy, rider or endorsement form shall also include the following:

a. A statement of the scope and reason for the revision, and an estimate of the expected average effect on premiums, including the anticipated loss ratio for the form.

b. A statement as to whether the filing applies only to new business, only to in force business, or both, and the reasons therefor.

c. A history of the experience under existing rates, including at least the data indicated in 36.9(4). The history may also include, if available and appropriate, the ratios of actual claims to the claims expected according to the assumptions underlying the existing rates. Additional data might include: substitution of actual claim runoffs for claim reserves and liabilities; determination of loss ratios with the increase in policy reserves (other than unearned premium reserves) added to benefits rather than subtracted from premiums; accumulations of experience funds; substitution of net level policy reserves

for preliminary term policy reserves; adjustment of premiums to an annual mode basis; or other adjustments or schedules suited to the form and to the records of the company. All additional data must be reconciled, as appropriate, to the required data.

d. The date and magnitude of each previous rate change, if any.

36.9(4) Experience records. Insurers shall maintain records of earned premiums and incurred benefits for each calendar year for each policy form, including data for rider and endorsement forms which are used with the policy form, on the same basis, including all reserves, as required for the accident and health policy experience exhibit. Separate data may be maintained for each rider or endorsement form to the extent appropriate. Experience under forms which provide substantially similar coverage may be combined. The data shall be for all years of issue combined, for each calendar year of experience since the year the form was first issued, except that data for calendar years prior to the most recent five years may be combined.

36.9(5) Evaluating experience data. In determining the credibility and appropriateness of experience data, due consideration must be given to all relevant factors, such as:

a. Statistical credibility of premiums and benefits, e.g., low exposure, low loss frequency.

b. Experienced and projected trends relative to the kind of coverage, e.g., inflation in medical expenses, economic cycles affecting disability income experience.

c. The concentration of experience at early policy durations where select morbidity and preliminary term reserves are applicable and where loss ratios are expected to be substantially lower than at later policy durations.

d. The mix of business by risk classification.

191—36.10(514D) Loss ratios.

36.10(1) Average annual premium.

a. New forms. With respect to a new form under which the average annual premium (as defined below) is expected to be at least \$200 benefits shall be deemed reasonable in relation to premiums provided the anticipated loss ratio is at least as great as shown in the following table:

Type of Coverage	OR	Renewal Clause		
		CR	GR	NC
Medical Expense	60%	55%	55%	50%
Loss of Income and other	60%	55%	50%	45%

For a policy form, including riders and endorsements, under which the expected average annual premium per policy is \$100 or more but less than \$200, subtract five percentage points from the numbers in the table above, or if less than \$100, subtract ten percentage points.

b. The average annual premium per policy shall be computed by the insurer based on an anticipated distribution of business by all applicable criteria having a price difference, such as age, sex, amount, dependent status, rider frequency, etc., except assuming an annual mode for all policies (i.e., the fractional premium loading shall not affect the average annual premium or anticipated loss ratio calculation).

The above anticipated loss ratio standards do not apply to a class of business where such standards are in conflict with specific statutes or regulations.

c. Definitions of renewal clause.

OR—Optionally Renewable: Renewal is at the option of the insurance company.

CR—Conditionally Renewable: Renewal can be declined by the insurance company only for stated reasons other than deterioration of health.

GR—Guaranteed Renewable: Renewal cannot be declined by the insurance company for any reason, but the insurance company can revise rates on a class basis.

NC—Non-Cancelable: Renewal cannot be declined nor can rates be revised by the insurance company.

36.10(2) Rate revisions. With respect to filings of rate revisions for a previously approved form, benefits shall be deemed reasonable in relation to premiums provided the following standards are met.

a. With respect to forms issued on and after the effective date of the revision, the standards are the same as in 36.10(1) above, except that the average annual premium shall be determined based on an actual rather than an anticipated distribution of business.

b. With respect to forms issued prior to the effective date of the revision, both (1) and (2) as follows shall be at least as great as the standards in 36.10(1):

(1) The anticipated loss ratio over the entire period for which the revised rates are computed to provide coverage;

(2) The ratio of (i) and (ii); where

(i) Is the sum of the accumulated benefits, from the later of the original effective date of the form or the effective date of this chapter, to the effective date of the revision, and the present value of future benefits, and

(ii) Is the sum of the accumulated premiums from the later of the original effective date of the form or the effective date of this chapter, to the effective date of the revision and the present value of future premiums, such present values to be taken over the entire period for which the revised rates are computed to provide coverage, and such accumulated benefits and premiums to include an explicit estimate of the actual benefits and premiums from the last date as of which an accounting has been made to the effective date of the revision. Interest shall be used in the calculation of these accumulated benefits and premiums and present values only if it is a significant factor in the calculation of this loss ratio.

36.10(3) Credibility factors. Anticipated loss ratios different than those indicated in 36.10(1) and 36.10(2) will require justification based on the special circumstances that may be applicable.

a. Examples of coverages requiring special consideration are as follows:

- (1) Accident only;
- (2) Short term nonrenewable, e.g., airline trip, student accident;
- (3) Specified peril, e.g., cancer, common carrier;
- (4) Other special risks.

b. Examples of other factors requiring special consideration are as follows:

- (1) Marketing methods, giving due consideration to acquisition and administration costs and to premium mode;
- (2) Extraordinary expenses;
- (3) High risk of claim fluctuation because of the low loss frequency or the catastrophic or experimental nature of the coverage;
- (4) Product features such as long elimination periods, high deductibles and high maximum limits;
- (5) The industrial or debit method of distribution;
- (6) Forms issued prior to the effective date of these guidelines.

Companies are urged to review their experience periodically and to file rate revisions, as appropriate, in a timely manner to avoid the necessity of later filing of exceptionally large rate increases.

36.10(4) Medicare supplement policies. Rescinded IAB 10/30/91, effective 12/4/91.

191—36.11(514D) Certification. Any policy form submitted to the insurance division for approval which is subject to Iowa Code chapter 514D shall be in conformance with the applicable requirements of Iowa Code chapter 514D and with the filing requirements set forth in rule 191—20.1(505,509,514A,515,515A,515F).

191—36.12(514D) Severability. If any provision of this regulation or the application thereof to any person or circumstance is for any reason held to be invalid, the remainder of the regulation and the application of such provision to other persons or circumstances shall not be affected thereby.

191—36.13(513C,514D) Individual health insurance coverage for children under the age of 19.

36.13(1) *Purpose, applicability and effective date.*

a. The purpose of this rule is to set forth the requirements and procedures to be followed for individual health insurance coverage for children under the age of 19.

b. This rule shall apply to all “carriers” as defined in Iowa Code subsection 513C.3(5). For purposes of this rule, “carrier” means the same as it is defined in Iowa Code subsection 513C.3(5).

c. For purposes of this rule, a “child-only” policy means a health benefit plan delivered or issued for delivery to an individual who is the primary subscriber on the policy and who is under the age of 19. A “child-only” policy does not include a health benefit plan that is delivered or issued for delivery to a primary subscriber who is 19 years of age and older but that insures persons under the age of 19.

d. This rule shall become effective June 8, 2011, for policies sold or issued on or after that date.

36.13(2) *Coverage requirement for children under the age of 19, open enrollment period and notice.*

a. Carriers doing business in the state of Iowa shall offer coverage to primary subscribers under the age of 19 during the open enrollment period as established in this rule.

b. The open enrollment period for child-only policy applicants shall commence on July 1, 2011, and end on August 14, 2011. Carriers shall provide subsequent open enrollment periods for child-only policy applicants for the periods of July 1 through August 14 in the years 2012 and 2013.

c. A carrier shall advertise the open enrollment period for children under the age of 19, including the availability of child-only policy coverage, on the carrier’s website and through any other media as determined by the carrier. The advertising shall be conspicuous and provided in a manner reasonably calculated to give potential applicants timely and informative notice regarding the annual open enrollment period.

d. For child-only policy applications received during the open enrollment period, individual health insurance coverage shall be offered on a guaranteed-issue basis to individuals under the age of 19. The child-only policies shall be in compliance with federal and state law and shall be filed with the Iowa insurance division in accordance with Iowa law.

e. Carriers are not required to offer child-only policies outside the open enrollment periods provided in this subrule. However, a carrier shall permit a child under the age of 19 to apply and enroll for child-only policy coverage during a special enrollment period under the terms of the child-only policy if the child has experienced a qualifying event. A child-only policy issued during a special enrollment period after a qualifying event shall be issued on a guaranteed basis and shall not impose any preexisting conditions. For purposes of this paragraph, a “qualifying event” shall mean one or more of the following:

(1) The child lost creditable coverage as defined in Iowa Code section 514A.3B(3) as a result of termination of the parent’s or guardian’s employment or eligibility, the involuntary termination of the creditable coverage, death of the child’s parent or guardian, or the divorce or legal separation of the child’s parent or guardian, and a request for special enrollment is made within 30 days after termination of the creditable coverage.

(2) The child became a resident of Iowa during a month that was not the child’s birth month, and a request for coverage is made within 30 days after the child became a resident of Iowa.

(3) An event of marriage, birth, adoption or placement for adoption occurs and the request for special enrollment is made within 30 days after the occurrence of the event.

(4) The child was covered under a mandated continuation of a group health plan or group health insurance coverage plan until the coverage under that plan was exhausted.

(5) A court has ordered that coverage be provided for a spouse or minor or dependent child under a covered parent’s or guardian’s health insurance coverage and the request for enrollment is made within 30 days after issuance of the court order.

(6) The child changes status and the parent or guardian becomes an eligible employee and requests enrollment within 63 days after the date of the change in status.

f. An individual applying for coverage during the open enrollment period or during a special enrollment period shall not be eligible for guaranteed-issue coverage if the individual has other coverage or if other coverage is available at the time of the effective date of coverage. Other coverage shall not include coverage through the Iowa Comprehensive Health Association (HIPIOWA) or HIPIOWA-FED.

g. A carrier that issues a policy pursuant to this rule shall comply with all other applicable statutes and administrative rules, both state and federal, regarding individual health benefit policies.

h. A child-only policy may be appropriately rated based on the health status of the child-only policy applicant.

191—37.5(514D) Policy provisions.

37.5(1) Coverage restrictions related to Medicare. Except for permitted preexisting condition clauses as described in paragraphs 37.6(1) “a,” 37.7(1) “d,” and 37.8(1) “d,” no policy or certificate may be advertised, solicited or issued for delivery in this state as a Medicare supplement policy or certificate if such Medicare supplement policy or certificate contains limitations or exclusions on coverage that are more restrictive than those permitted by Medicare.

37.5(2) Waivers of preexisting conditions. No Medicare supplement policy or certificate may use waivers to exclude, limit or reduce coverage or benefits for specifically named or described preexisting diseases or physical conditions.

37.5(3) Duplicate benefits. No Medicare supplement policy or certificate in force in the state shall contain benefits which duplicate benefits provided by Medicare insurance.

37.5(4) Renewal of pre-2006 coverage. Subject to paragraphs 37.6(1) “d,” “e,” and “g” and 37.7(1) “d” and “e,” a Medicare supplement policy or certificate with benefits for outpatient prescription drugs in existence prior to January 1, 2006, shall, at the option of a currently covered individual who does not enroll in Medicare Part D, be renewed for that covered individual.

37.5(5) Coverage of prescription drugs after 2005. A Medicare supplement policy or certificate with benefits for outpatient prescription drugs shall not be issued after December 31, 2005.

37.5(6) Renewal of coverage of prescription drugs after 2005 for enrollees of Part D. After December 31, 2005, a Medicare supplement policy or certificate with benefits for outpatient prescription drugs may not be renewed after the covered individual enrolls in Medicare Part D unless:

a. The policy or certificate is modified to eliminate outpatient prescription coverage for expenses of outpatient prescription drugs incurred after the effective date of the covered individual’s coverage under a Medicare Part D plan; and

b. Premiums are adjusted to reflect the elimination of outpatient prescription drug coverage at the time of Medicare Part D enrollment, accounting for any claims paid, if applicable.

191—37.6(514D) Minimum benefit standards for prestandardized Medicare supplement benefit plan policies or certificates issued for delivery prior to January 1, 1992 (prestandardized plans). No policy or certificate may be advertised, solicited or issued for delivery in this state as a prestandardized plan policy or certificate unless it meets or exceeds the following minimum standards. These are minimum standards and do not preclude the inclusion of other provisions or benefits which are not inconsistent with these standards.

37.6(1) General standards. The following standards apply to prestandardized plans and are in addition to all other requirements of this chapter.

a. A prestandardized plan shall not exclude or limit benefits for losses incurred more than six months from the effective date of coverage because it involved a preexisting condition. The prestandardized plan shall not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within six months before the effective date of coverage.

b. A prestandardized plan shall not indemnify against losses resulting from sickness on a different basis than losses resulting from accidents.

c. A prestandardized plan shall provide that benefits designed to cover cost-sharing amounts under Medicare will be changed automatically to coincide with any changes in the applicable Medicare deductible, copayment, or coinsurance amounts. Premiums may be modified to correspond with such changes.

d. A “noncancelable,” “guaranteed renewable,” or “noncancelable and guaranteed renewable” prestandardized plan shall not:

(1) Provide for termination of coverage of a spouse of a group member solely because of the occurrence of an event specified for termination of coverage of the group member, other than the nonpayment of premium; or

(2) Be canceled or nonrenewed by the issuer solely on the grounds of deterioration of health.

e. Except as authorized by the commissioner, an issuer shall neither cancel nor nonrenew a prestandardized plan policy or certificate for any reason other than nonpayment of premium or material misrepresentation.

f. Group Medicare supplement policies.

(1) If a group prestandardized plan is terminated by the group policyholder and not replaced as provided in subparagraph 37.6(1) “f”(3), the issuer shall offer to each of the covered individuals under the group prestandardized plan an individual Medicare supplement policy. The issuer shall offer each of the group prestandardized plan’s covered individuals at least the following choices:

1. An individual Medicare supplement policy currently offered by the issuer having comparable benefits to those contained in the terminated group prestandardized plan; and

2. An individual Medicare supplement policy which provides only such benefits as are required to meet the basic core benefits minimum standards as defined in subrule 37.7(2).

(2) If a covered individual’s membership with the group entity that is the group policyholder is terminated, the issuer shall:

1. Offer the covered individual such conversion opportunities as are described in subparagraph 37.6(1) “f”(1); or

2. At the option of the group policyholder, offer the covered individual continuation of coverage under the group prestandardized plan.

(3) If a group prestandardized plan is replaced by another group Medicare supplement policy purchased by the same group policyholder, the issuer of the replacement group Medicare supplement policy shall offer coverage to all covered individuals under the replaced group prestandardized plan on its date of termination. Coverage under the new replacement group Medicare supplement policy shall not result in any exclusion for preexisting conditions that would have been covered under the replaced group prestandardized plan.

(4) If a prestandardized plan eliminates an outpatient prescription drug benefit as a result of requirements imposed by the MMA, the modified policy shall be deemed to satisfy the guaranteed renewal requirements of this subrule.

g. Termination of a prestandardized plan policy or certificate shall be without prejudice to any continuous loss which commenced while the prestandardized plan policy or certificate was in force, but the extension of benefits beyond the period during which the prestandardized plan policy or certificate was in force may be predicated upon the continuous total disability of the covered individual, limited to the duration of the prestandardized plan policy or certificate benefit period, if any, or to payment of the maximum benefits. Receipt of Medicare Part D benefits will not be considered in determining a continuous loss.

37.6(2) Minimum benefit standards. The following are minimum benefit standards for prestandardized plans:

a. Coverage of Part A Medicare-eligible expenses for hospitalization to the extent not covered by Medicare from the sixty-first day through the ninetieth day in any Medicare benefit period;

b. Coverage for either all or none of the Medicare Part A inpatient hospital deductible amount;

c. Coverage of Part A Medicare-eligible expenses which are incurred as daily hospital charges during the covered individual’s use of Medicare’s lifetime hospital inpatient reserve days;

d. Upon exhaustion of all Medicare hospital inpatient coverage including the lifetime reserve days, coverage of 90 percent of all Medicare Part A eligible expenses for hospitalization not covered by Medicare subject to a lifetime maximum benefit of an additional 365 days;

e. Coverage under Medicare Part A for the reasonable cost of the first three pints of blood (or equivalent quantities of packed red blood cells, as defined under federal regulations) unless replaced in accordance with federal regulations or already paid for under Part B;

f. Coverage for the coinsurance amount, or in the case of hospital outpatient department services paid under a PPS, the copayment amount, of Medicare-eligible expenses under Part B regardless of hospital confinement, subject to a maximum calendar year out-of-pocket amount equal to the Medicare Part B deductible;

g. Effective January 1, 1990, coverage under Medicare Part B for the reasonable cost of the first three pints of blood (or equivalent quantities of packed red blood cells, as defined under federal regulations), unless replaced in accordance with federal regulations or already paid for under Part A, subject to the Medicare deductible amount.

[ARC 4394C, IAB 4/10/19, effective 5/15/19]

191—37.7(514D) Benefit standards for 1990 standardized Medicare supplement benefit plan policies or certificates issued for delivery on or after January 1, 1992, and with an effective date for coverage prior to June 1, 2010 (1990 plans). The following standards are applicable to all Medicare supplement policies or certificates delivered or issued for delivery in this state on or after January 1, 1992, and with an effective date for coverage prior to June 1, 2010. No policy or certificate may be advertised, solicited, delivered or issued for delivery in this state as a Medicare supplement policy or certificate unless it complies with these benefit standards. No issuer may offer any prestandardized Medicare supplement benefit plan for sale on or after January 1, 1992. Benefit standards applicable to Medicare supplement policies and certificates issued before January 1, 1992, remain subject to the requirements of rule 191—37.6(514D).

37.7(1) General standards. The following standards apply to 1990 plans and are in addition to all other requirements of this chapter.

a. *Combinations of benefits other than standard not allowed.* No groups, packages or combinations of Medicare supplement benefits other than those listed in this rule shall be offered for sale in this state, except as may be permitted in subrule 37.7(6) and in rule 191—37.20(514D).

b. *Uniformity and conformity.* All 1990 plans shall be uniform in structure, language, designation and format to the standardized Medicare supplement benefit plans A through L listed in subrule 37.7(4) and shall conform to the definitions in rules 191—37.3(514D) and 191—37.4(514D). Each benefit shall be structured in accordance with the format provided in this rule and list the benefits in the order shown in this rule. For purposes of this rule, “structure, language, and format” means style, arrangement and overall content of a benefit.

c. *Other designations may be used.* An issuer may use, in addition to the benefit plan designations required in paragraph 37.7(1)“b,” other designations to the extent permitted by law.

d. *Preexisting conditions.* A 1990 plan shall not exclude or limit benefits for losses incurred more than six months from the effective date of coverage because the claim involved a preexisting condition. The 1990 plan may not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within six months before the effective date of coverage.

e. *Sickness same as accident.* A 1990 plan shall not indemnify against losses resulting from sickness on a different basis than losses resulting from accidents.

f. *Automatic change of cost sharing.* A 1990 plan shall provide that benefits designed to cover cost-sharing amounts under Medicare will be changed automatically to coincide with any changes in the applicable deductible, copayment, or coinsurance amounts set by Medicare. Premiums may be modified to correspond with such changes.

g. Termination of coverage of spouse. No 1990 plan shall provide for termination of coverage of a spouse solely because of the occurrence of an event specified for termination of coverage of the insured, other than the nonpayment of premium.

h. Guaranteed renewability. Each 1990 plan shall be guaranteed renewable.

(1) The issuer shall not cancel or nonrenew a 1990 plan solely on the ground of health status of the covered individual.

(2) The issuer shall not cancel or nonrenew a 1990 plan for any reason other than nonpayment of premium or material misrepresentation.

(3) If the 1990 plan is terminated by the group policyholder and is not replaced as provided under subparagraph 37.7(1) "h"(5), the issuer shall offer to the covered individual a conversion opportunity of an individual Medicare supplement policy which, at the option of the covered individual, either:

1. Provides for continuation of the benefits contained in the group 1990 plan; or
2. Provides for such benefits as otherwise meet the requirements of this subrule.

(4) If a covered individual under a group 1990 plan terminates membership in the group, the issuer shall either:

1. Offer the covered individual the conversion opportunity described in subparagraph 37.7(1) "h"(3); or

2. At the option of the group policyholder, offer the covered individual continuation of coverage under the group Medicare supplement policy.

(5) If a group 1990 plan is replaced by another group Medicare supplement policy purchased by the same group policyholder, the issuer of the replacement group Medicare supplement policy shall offer coverage under the replacement group Medicare supplement policy to all covered individuals of the replaced group 1990 plan effective on the date of termination of the replaced group 1990 plan. Coverage under the replacement group Medicare supplement policy shall not result in any exclusion of any covered individual's preexisting conditions that would have been covered under the replaced group 1990 plan.

(6) If a 1990 plan eliminates an outpatient prescription drug benefit as a result of requirements imposed by the MMA, the modified 1990 plan shall be deemed to satisfy the guaranteed renewal requirements of this paragraph.

i. Termination involving continuous loss. Termination of a 1990 plan shall be without prejudice to any continuous loss which commenced while the 1990 plan was in force, but the extension of benefits beyond the period during which the 1990 plan was in force may be conditioned upon the continuous total disability of the covered individual, limited to the duration of the 1990 plan benefit period, if any, or payment of the maximum benefits. Receipt of Medicare Part D benefits will not be considered in determining a continuous loss.

j. Suspension for Title XIX coverage.

(1) A 1990 plan shall provide that benefits and premiums under the 1990 plan shall be suspended at the request of the covered individual for the period (not to exceed 24 months) in which the covered individual has applied for and is determined to be entitled to medical assistance under Title XIX of the Social Security Act, but only if the covered individual notifies the issuer of such 1990 plan within 90 days after the date the covered individual becomes entitled to such assistance.

(2) If such suspension occurs and if the covered individual loses entitlement to such medical assistance, such 1990 plan shall be automatically reinstated (effective as of the date of termination of such entitlement) if the covered individual provides notice of loss of such entitlement within 90 days after the date of such loss and pays the premium attributable to the period, effective as of the date of termination of such entitlement.

(3) Each 1990 plan shall provide that benefits and premiums under the 1990 plan shall be suspended for the period provided by federal regulation at the request of the covered individual if the covered individual is entitled to benefits under Section 226(b) of the Social Security Act and is covered under a group health plan as defined in Section 1862(b)(1)(A)(v) of the Social Security Act. If suspension occurs and if the covered individual loses coverage under the group health plan, the 1990 plan shall be automatically reinstated effective as of the date of loss of coverage if the covered individual provides

notice to the issuer of loss of coverage within 90 days after the date of such loss and pays the premium attributable to the period, effective as of the date of termination of enrollment in the group health plan.

(4) Reinstitution of coverage as described in subparagraphs 37.7(1) “j”(2) and (3):

1. Shall not provide for any waiting period with respect to treatment of preexisting conditions;

2. Shall provide for resumption of coverage that is substantially equivalent to coverage in effect before the date of suspension. If the suspended 1990 plan provided coverage for outpatient prescription drugs, reinstatement of the 1990 plan for Medicare Part D enrollees shall be without coverage for outpatient prescription drugs and shall otherwise provide substantially equivalent coverage to the coverage in effect before the date of suspension; and

3. Shall provide for classification of premiums on terms at least as favorable to the covered individual as the premium classification terms that would have applied to the covered individual had the coverage not been suspended.

k. Exchange of 1990 plan to 2010 plan. If an issuer makes a written offer to a covered individual covered by one or more of the issuer’s 1990 plans (as described in this rule) to allow, during a specified period, the covered individual to exchange coverage from the covered individual’s 1990 plan (as described in this rule) to a 2010 plan (as described in rule 191—37.8(514D)), the offer and subsequent exchange shall comply with the following requirements:

(1) An issuer need not provide justification to the commissioner or comply with 191—Chapter 16 or rule 191—37.27(514D) if the covered individual exchanges a 1990 plan policy or certificate for an issue-age-rated 2010 plan policy or certificate using the same issue age and duration as was used for the covered individual’s 1990 plan policy or certificate to be exchanged. If a covered individual’s 1990 plan policy or certificate to be exchanged is priced on an issue-age-rate schedule at the time of such offer, the rate charged to the covered individual for the exchanged 2010 plan policy or certificate shall recognize the policy reserve buildup, due to the prefunding inherent in the use of an issue-age-rate basis, for the benefit of the covered individual. The rating method proposed to be used by an issuer must be filed with the commissioner pursuant to rule 191—37.24(514D).

(2) The rating class of the new exchanged 2010 plan policy or certificate shall be the class closest to the covered individual’s rating class of the exchanged 1990 plan.

(3) An issuer may not apply new preexisting condition limitations or a new incontestability period to the covered individual’s exchanged 2010 plan for those benefits contained in the exchanged 1990 plan, but may apply preexisting condition limitations of no more than six months to any added benefits contained in the exchanged 2010 plan that were not contained in the exchanged 1990 plan.

(4) The exchanged 2010 plan shall be offered to all covered individuals within a given 1990 plan, except where the offer or issue would be in violation of state or federal law.

37.7(2) Standards for basic core benefits common to 1990 standardized Medicare supplement benefit plans A through J (1990 plans). Every issuer shall make available a 1990 plan including only the following basic core benefits to each prospective covered individual. An issuer may make available to prospective covered individuals any of the issuer’s other standardized Medicare supplement benefit plans in addition to the basic core benefits, but not in lieu thereof. The 1990 basic core benefits are the following:

a. Coverage of Part A Medicare-eligible expenses for hospitalization, to the extent not covered by Medicare, from the sixty-first day through the ninetieth day in any Medicare benefit period;

b. Coverage of Part A Medicare-eligible expenses incurred for hospitalization, to the extent not covered by Medicare, for each Medicare lifetime inpatient reserve day used;

c. Upon exhaustion of the Medicare hospital inpatient coverage including the lifetime reserve days, coverage of 100 percent of the Medicare Part A eligible expenses for hospitalization, paid at the applicable PPS rate or other appropriate Medicare standard of payment, subject to a lifetime maximum benefit of an additional 365 days. Medicare requires that the provider shall accept the issuer’s payment as payment in full and that the provider may not bill the covered individual for any balance;

d. Coverage under Medicare Parts A and B for the reasonable cost of the first three pints of blood (or equivalent quantities of packed red blood cells, as defined under federal regulations) unless replaced in accordance with federal regulations;

e. Coverage for the coinsurance amount or, in the case of hospital outpatient department services paid under a PPS, the copayment amount of Medicare Part B eligible expenses regardless of hospital confinement, subject to the Medicare Part B deductible.

37.7(3) Standards for additional benefits for plans B through J. The following benefit descriptions apply to the additional benefits specified for 1990 plans B through J in subrule 37.7(4):

a. Medicare Part A deductible: coverage for all of the Medicare Part A inpatient hospital deductible amount per benefit period.

b. Skilled nursing facility care: coverage for the actual billed charges up to the coinsurance amount from the twenty-first day through the one hundredth day in a Medicare benefit period for post-hospital skilled nursing facility care eligible under Medicare Part A.

c. Medicare Part B deductible: coverage for all of the Medicare Part B deductible amount per calendar year regardless of hospital confinement.

d. Eighty percent of the Medicare Part B excess charges: coverage for 80 percent of the difference between the actual Medicare Part B charge as billed, not to exceed any charge limitation established by Medicare or by state law, and the Medicare-approved Part B charge.

e. One hundred percent of the Medicare Part B excess charges: coverage for all of the difference between the actual Medicare Part B charge as billed, not to exceed any charge limitation established by Medicare or by state law, and the Medicare-approved Part B charge.

f. Basic outpatient prescription drug benefit: coverage for 50 percent of outpatient prescription drug charges, after a \$250 calendar year deductible, to a maximum of \$1,250 in benefits received by the covered individual per calendar year, to the extent not covered by Medicare. The outpatient prescription drug benefit may be included for sale or issuance in a Medicare 1990 plan until January 1, 2006.

g. Extended outpatient prescription drug benefit: coverage for 50 percent of outpatient prescription drug charges, after a \$250 calendar year deductible to a maximum of \$3,000 in benefits received by the covered individual per calendar year, to the extent not covered by Medicare. The outpatient prescription drug benefit may be included for sale or issuance in a Medicare 1990 plan until January 1, 2006.

h. Medically necessary emergency care in a foreign country: coverage to the extent not covered by Medicare for 80 percent of the billed charges for Medicare-eligible expenses for medically necessary emergency hospital, physician and medical care received in a foreign country, which care would have been covered by Medicare if provided in the United States and which care began during the first 60 consecutive days of each trip outside the United States, subject to a calendar year deductible of \$250 and a lifetime maximum benefit of \$50,000. For purposes of this benefit, “emergency care” shall mean care needed immediately because of an injury or an illness of sudden and unexpected onset.

i. Preventive medical care benefit:

(1) Coverage for the following preventive health services not covered by Medicare:

1. An annual clinical preventive medical history and physical examination that may include tests and services from numbered paragraph “2” and patient education to address preventive health care measures.

2. Preventive screening tests or preventive services, the selection and frequency of which is determined to be medically appropriate by the attending physician.

(2) Reimbursement shall be for the actual charges up to 100 percent of the Medicare-approved amount for each service, as if Medicare were to cover the service as identified in American Medical Association current procedural terminology (AMA CPT) codes, to a maximum of \$120 annually under this benefit. This benefit shall not include payment for any procedure covered by Medicare.

j. At-home recovery benefit: coverage for services to provide short-term, at-home assistance with activities of daily living for those recovering from an illness, injury or surgery.

(1) For purposes of this benefit, the following definitions shall apply:

“*Activities of daily living*” includes, but is not limited to, bathing, dressing, personal hygiene, transferring, eating, ambulating, assistance with drugs that are normally self-administered, and changing bandages or other dressings.

“*At-home recovery visit*” means the period of a visit required to provide at-home recovery care, without limit on the duration of the visit, except each consecutive four hours in a 24-hour period of services provided by a care provider is one visit.

“*Care provider*” means a duly qualified or licensed home health aide or homemaker, personal care aide or nurse provided through a licensed home health care agency or referred by a licensed referral agency or licensed nurses registry.

“*Home*” shall mean any place used by the covered individual as a place of residence, provided that such place would qualify as a residence for home health care services covered by Medicare. A hospital or skilled nursing facility shall not be considered the covered individual’s place of residence.

(2) Coverage requirements and limitations.

1. At-home recovery services provided must be primarily services which assist in activities of daily living.

2. The covered individual’s attending physician must certify that the specific type and frequency of at-home recovery services are necessary because of a condition for which a home care plan of treatment was approved by Medicare.

3. Coverage is limited to:

- No more than the number and type of at-home recovery visits certified as necessary by the covered individual’s attending physician. The total number of at-home recovery visits shall not exceed the number of Medicare-approved home health care visits under a Medicare-approved home care plan of treatment.

- The actual charges for each visit up to a maximum reimbursement of \$40 per visit.

- One thousand six hundred dollars per calendar year.

- Seven visits in any one week.

- Care furnished on a visiting basis in the covered individual’s home.

- Services provided by a care provider as defined in this paragraph 37.7(3) “j.”

- At-home recovery visits while the covered individual is covered under the policy or certificate and not otherwise excluded.

- At-home recovery visits received during the period the covered individual is receiving Medicare-approved home care services or no more than eight weeks after the service date of the last Medicare-approved home health care visit.

(3) Coverage is excluded for:

1. Home care visits paid for by Medicare or other government programs; and

2. Care provided by family members, unpaid volunteers or providers who are not care providers.

37.7(4) Elements required in standardized 1990 Medicare supplement benefit plans. The additional benefits described in subrule 37.7(3) shall be included in 1990 Medicare supplement benefit plans as specified for each 1990 plan as follows:

a. Plan A shall be limited to the basic core benefits, as defined in subrule 37.7(2).

b. Plan B shall include only the following: basic core benefits as set forth in subrule 37.7(2), plus the Medicare Part A deductible as defined in paragraph 37.7(3) “a.”

c. Plan C shall include only the following: basic core benefits as set forth in subrule 37.7(2), plus the Medicare Part A deductible, skilled nursing facility care, Medicare Part B deductible, and medically necessary emergency care in a foreign country as defined in paragraphs 37.7(3) “a,” “b,” “c,” and “h,” respectively.

d. 191—37.8(514D) Benefit standards for 2010 standardized Medicare supplement benefit plan policies or certificates issued for delivery with an effective date for coverage on or after June 1, 2010 (2010 plans). The following standards are applicable to all Medicare supplement policies or certificates delivered or issued for delivery in this state with an effective date for coverage on or after June 1, 2010. No policy or certificate was to be advertised, solicited, delivered, or issued for delivery in this state as a Medicare supplement policy or certificate during that time period unless it complied with the benefit standards set forth in this rule. No issuer may offer any 1990 standardized Medicare supplement benefit plan for sale on or after June 1, 2010. Benefit standards applicable to Medicare supplement policies and certificates issued before June 1, 2010, remain subject to the requirements of rule 191—37.6(514D) or 191—37.7(514D).

37.8(1) General standards. The following standards apply to 2010 plans and are in addition to all other requirements of this chapter.

a. Combinations of benefits other than standard not allowed. No groups, packages or combinations of Medicare supplement benefits other than those listed in this rule shall be offered for sale in this state, except as may be permitted in subrule 37.8(5) and rule 191—37.20(514D).

b. Uniformity and conformity. All 2010 plans shall be uniform in structure, language, designation and format to the standardized benefit plans listed in subrule 37.8(4), and shall conform to the definitions in rules 191—37.3(514D) and 191—37.4(514D). Each benefit plan shall be structured in accordance with the format provided in subrules 37.8(2), 37.8(3) and 37.8(4), or in the case of Plan K or L, each benefit plan shall be structured in accordance with the format provided in paragraph 37.8(4)“h” or “i.” Each plan shall list the benefits in the order shown. For purposes of this rule, “structure, language, and format” means style, arrangement and overall content of a benefit.

c. Other designations may be used. An issuer may use, in addition to the benefit plan designations required in paragraph 37.8(1)“b,” other designations to the extent permitted by law.

d. Preexisting conditions. A 2010 plan shall not exclude or limit benefits for losses incurred more than six months from the effective date of coverage because the losses involved a preexisting condition. The 2010 plan may not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within six months before the effective date of coverage.

e. Sickness same as accident. A 2010 plan shall not indemnify against losses resulting from sickness on a different basis than losses resulting from accidents.

f. Automatic change of cost sharing. A 2010 plan shall provide that benefits designed to cover cost-sharing amounts under Medicare will be changed automatically to coincide with any changes in the applicable Medicare deductible, copayment, or coinsurance amounts. Premiums may be modified to correspond with such changes.

g. Termination of coverage of spouse. No 2010 plan shall provide for termination of coverage of a spouse solely because of the occurrence of an event specified for termination of coverage of the named insured or group member, other than the nonpayment of premium.

h. Guaranteed renewability. Each 2010 plan shall be guaranteed renewable.

(1) The issuer shall not cancel or nonrenew the policy or certificate solely on the ground of health status of the covered individual.

(2) The issuer shall not cancel or nonrenew the 2010 plan for any reason other than nonpayment of premium or material misrepresentation.

(3) If a group 2010 plan is terminated by the group policyholder and is not replaced as provided under subparagraph 37.8(1)“h”(5), the issuer shall offer covered individuals a conversion opportunity to an individual 2010 plan which, at the option of the covered individual, either:

1. Provides for continuation of the benefits contained in the group 2010 plan; or
2. Provides for benefits that otherwise meet the requirements of this subrule.

(4) If a covered individual under a group 2010 plan terminates membership in the group, the issuer shall:

1. Offer the covered individual the conversion opportunity described in subparagraph 37.8(1)“h”(3); or

2. At the option of the group policyholder, offer the covered individual continuation of coverage under the group 2010 plan.

(5) If a group 2010 plan is replaced by another group Medicare supplement policy purchased by the same group policyholder, the issuer of the replacement group Medicare supplement policy shall offer coverage under the replacement group Medicare supplement policy to all covered individuals of the replaced group 2010 plan on the effective date of termination of the replaced group 2010 plan. Coverage under the replacement group Medicare supplement policy shall not result in any exclusion for any covered individual's preexisting conditions that would have been covered under the replaced group 2010 plan.

i. Termination involving continuous loss. Termination of a 2010 plan policy or certificate shall be without prejudice to any continuous loss which commenced while the policy or certificate was in force, but the extension of benefits beyond the period during which the policy or certificate was in force may be conditioned upon the continuous total disability of the covered individual, limited to the duration of the policy or certificate benefit period, if any, or payment of the maximum benefits. Receipt of Medicare Part D benefits will not be considered in determining a continuous loss.

j. Suspension for Title XIX coverage.

(1) A 2010 plan shall provide that benefits and premiums under the policy or certificate shall be suspended at the request of the covered individual for the period (not to exceed 24 months) in which the covered individual has applied for and is determined to be entitled to medical assistance under Title XIX of the Social Security Act, but only if the covered individual notifies the issuer of the policy or certificate within 90 days after the date the covered individual becomes entitled to assistance.

(2) If such suspension occurs and if the covered individual loses entitlement to medical assistance, the policy or certificate shall be automatically reinstated effective as of the date of termination of entitlement if the covered individual provides notice of loss of entitlement within 90 days after the date of loss and pays the premium attributable to the period, effective as of the date of termination of entitlement.

(3) Each 2010 plan shall provide that benefits and premiums under the 2010 plan shall be suspended (for any period that may be provided by federal regulation) at the request of the covered individual if the covered individual is entitled to benefits under Section 226(b) of the Social Security Act and is covered under a group health plan as defined in Section 1862(b)(1)(A)(v) of the Social Security Act. If suspension occurs and if the covered individual loses coverage under the group health plan, the 2010 plan policy or certificate shall be automatically reinstated effective as of the date of loss of coverage if the covered individual provides notice to the issuer of loss of coverage within 90 days after the date of the loss and pays the premium attributable to the period, effective as of the date of termination of such entitlement.

(4) Reinstatement of coverage as described in subparagraphs 37.8(1) "j"(2) and (3):

1. Shall not provide for any waiting period with respect to treatment of preexisting conditions;

2. Shall provide for resumption of coverage that is substantially equivalent to coverage in effect before the date of suspension; and

3. Shall provide for classification of premiums on terms at least as favorable to the covered individual as the premium classification terms that would have applied to the covered individual had the coverage not been suspended.

37.8(2) Standards for basic core benefits common to 2010 standardized Medicare supplement benefit Plans A, B, C, D, F, F with high deductible, G, M, and N (2010 basic core benefits).

a. Availability of basic core benefits required. Every issuer of 2010 plans shall make available to each prospective covered individual a 2010 plan including only the following 2010 basic core benefits. An issuer may make available to a prospective covered individual any of the issuer's other Medicare supplement benefit plans in addition to the 2010 plan of basic core benefits, but not in lieu thereof.

b. When issuer must make certain plans available. If an issuer makes available any of the additional benefits described in subrule 37.8(3) or offers standardized benefit Plans K or L (as described in paragraphs 37.8(4) "h" and "i"), then the issuer shall make available to each prospective covered individual, in addition to a policy form or certificate form with only the 2010 plan basic core benefits as set forth in paragraph 37.8(2) "c," a policy form or certificate form containing either standardized

benefit Plan C (as described in paragraph 37.8(4)“c”) or a standardized benefit Plan F (as described in paragraph 37.8(4)“e”).

For purposes of this benefit, “emergency care” shall mean care needed immediately because of an injury or an illness of sudden and unexpected onset.

37.21(1) Denial of policy for health reason prohibited. No issuer shall deny or condition the issuance or effectiveness of any Medicare supplement policy or certificate available for sale in this state, or discriminate in the pricing of such a Medicare supplement policy or certificate, because of the health status, claims experience, receipt of health care, or medical condition of an applicant in the case of an application for a Medicare supplement policy or certificate that is submitted prior to or during the six-month period beginning with the first day of the first month in which an individual is both 65 years of age or older and is enrolled for benefits under Medicare Part B. 191—37.23(514D) Loss ratio standards and refund or credit of premium.

37.23(1) Definitions. For the purposes of this rule:

“*Health care expenses*” means expenses of health maintenance organizations associated with the delivery of health care services, which expenses are analogous to incurred losses of issuers.

“*Type*” means one of the following: an individual policy, a group policy, an individual Medicare Select policy, or a group Medicare Select policy.

37.23(2) Loss ratio standards.

a. Calculations.

(1) A Medicare supplement policy form or certificate form shall not be delivered or issued for delivery unless the Medicare supplement policy form or certificate form can be expected, as estimated for the entire period for which rates are computed to provide coverage, to return to covered individuals one of the following amounts in the form of aggregate benefits (not including anticipated refunds or credits) provided under the policy form or certificate form:

1. At least 75 percent of the aggregate amount of premiums earned in the case of group Medicare supplement policies, or

2. At least 65 percent of the aggregate amount of premiums earned in the case of individual Medicare supplement policies.

(2) The percentages in subparagraph 37.23(2)“*a*”(1) are to be calculated on the basis of incurred claims experience or incurred health care expenses where coverage is provided by a health maintenance organization on a service rather than reimbursement basis and earned premiums for such period and in accordance with accepted actuarial principles and practices.

(3) For purposes of subparagraph 37.23(2)“*a*”(2), “incurred health care expenses where coverage is provided by a health maintenance organization” shall not include:

1. Home office and overhead costs;
2. Advertising costs;
3. Commissions and other acquisition costs;
4. Taxes;
5. Capital costs;
6. Administrative costs; and
7. Claims processing costs.

b. Filing demonstration of compliance. All filings of rates and rating schedules shall demonstrate that expected claims in relation to premiums comply with the requirements of this rule when combined with actual experience to date. Filings of rate revisions shall also demonstrate that the anticipated loss ratio over the entire future period for which the revised rates are computed to provide coverage can be expected to meet the appropriate loss ratio standards.

c. Certain direct sales. For purposes of applying paragraph 37.23(2)“*a*” only, policies issued as a result of solicitations of individuals through the mails or by mass media advertising (including both print and broadcast advertising) shall be deemed to be individual policies.

d. Prestandardized plans. For all policies issued prior to January 1, 1992, expected claims in relation to premiums shall meet:

(1) The originally filed anticipated loss ratio when combined with the actual experience from inception;

(2) The appropriate loss ratio requirement from paragraphs “1” and “2” of subparagraph 37.23(1)“*a*”(1) when combined with actual experience beginning with January 1, 1996, to date; and

(3) The appropriate loss ratio requirement from paragraphs “1” and “2” of subparagraph 37.23(1)“*a*”(1) over the entire future period for which rates are computed to provide coverage.

37.23(3) Refund or credit calculation.

a. An issuer shall collect and file with the commissioner by May 31 of each year the data contained in the reporting form contained in Appendix A for each type in a standardized Medicare supplement benefit plan (SMSBP).

b. If, on the basis of the experience as reported, the benchmark ratio since inception (Appendix A, ratio 1) exceeds the adjusted experience ratio since inception (Appendix A, ratio 3), then a refund or credit calculation is required. The refund calculation shall be done on a statewide basis for each type in an SMSBP. For purposes of the refund or credit calculation, experience on SMSBP policies issued within the reporting year shall be excluded.

c. For purposes of this rule, for SMSBP policies or certificates issued prior to January 1, 1992, the issuer shall make the refund or credit calculation separately for all individual SMSBP policies (including all group SMSBP policies subject to an individual loss ratio standard when issued) combined and all other group SMSBP policies combined for experience after January 1, 1996. The first report shall be due May 31, 1998.

d. A refund or credit shall be made only when the benchmark loss ratio exceeds the adjusted experience loss ratio and the amount to be refunded or credited exceeds a de minimis level. Such refund shall include interest from the end of the calendar year to the date of the refund or credit at a rate specified by the Secretary, but in no event shall it be less than the average rate of interest for 13-week Treasury notes. A refund or credit against premiums due shall be made by September 30 following the experience year upon which the refund or credit is based.

37.23(4) Annual filing of premium rates. An issuer of Medicare supplement policies and certificates issued before or after the effective date of January 1, 1992, in this state shall file annually its rates, rating schedule and supporting documentation including ratios of incurred losses to earned premiums by SMSBP policy duration for approval by the commissioner in accordance with the filing requirements and procedures prescribed by the commissioner.

a. The supporting documentation shall also demonstrate in accordance with actuarial standards of practice using reasonable assumptions that the appropriate loss ratio standards can be expected to be met over the entire period for which rates are computed.

(1) Such demonstration shall exclude active life reserves.

(2) An expected third-year loss ratio which is greater than or equal to the applicable percentage shall be demonstrated for SMSBP policies or certificates in force less than three years.

b. As soon as practicable, but prior to the effective date of enhancements in Medicare benefits, every issuer of Medicare supplement policies or certificates in this state shall file with the commissioner, in accordance with the applicable filing procedures of this state, the following:

(1) Such supporting documents as necessary to justify that the adjustments are appropriate.

1. Appropriate premium adjustments shall be those which:

- Are necessary to produce loss ratios as anticipated for the current premium for the applicable SMSBP policies or certificates;

- Are necessary to produce an expected loss ratio under such SMSBP policies or certificates as will conform with minimum loss ratio standards for SMSBP policies or certificates; and

- Are expected to result in a loss ratio at least as great as that originally anticipated in the rates used to produce current premiums by the issuer for such SMSBP policies or certificates.

2. No premium adjustment which would modify the loss ratio experience under the SMSBP policy other than the adjustments described herein shall be made with respect to an SMSBP policy at any time other than upon its renewal date or anniversary date.

3. If an issuer fails to make premium adjustments acceptable to the commissioner, the commissioner may order premium adjustments, refunds or premium credits deemed necessary to achieve the loss ratio required by this rule.

(2) Any appropriate riders, endorsements or policy forms needed to accomplish the SMSBP policy or certificate modifications necessary to eliminate benefit duplications with Medicare. Such riders, endorsements or policy forms shall provide a clear description of the Medicare supplement benefits provided by the SMSBP policy or certificate.

37.23(5) Public hearings. The commissioner may conduct a public hearing to gather information concerning a request by an issuer for an increase in a rate for an SMSBP policy form or certificate form issued before or after the effective date of January 1, 1992, if the experience of the form for the previous reporting period is not in compliance with the applicable loss ratio standard. The determination of compliance is to be made without consideration of any refund or credit for such reporting period. Public notice of such hearing shall be furnished in a manner deemed appropriate by the commissioner. [ARC 4394C, IAB 4/10/19, effective 5/15/19]

191—37.24(514D) Filing and approval of policies and certificates and premium rates.

37.24(4) Rate filing and approval required. An issuer shall not use or change premium rates for a Medicare supplement policy or certificate unless the rates, rating schedule and supporting documentation have been filed with and approved by the commissioner in accordance with the filing requirements and procedures prescribed by the commissioner.

37.24(5) One form per type.

a. Except as provided in paragraph 37.24(5)“*b*,” an issuer shall not file for approval more than one form of a policy or certificate of each type for each SMSBP.

b. An issuer may offer, with the approval of the commissioner, up to four additional policy forms or certificate forms of the same type for the same SMSBP, one for each of the following cases:

- (1) The inclusion of new or innovative benefits;

- (3) The addition of either guaranteed issue or underwritten coverage;

37.24(6) Forms to be kept available once approved.

a. Except as provided in subparagraph 37.24(6)“*a*”(1), an issuer shall continue to make available for purchase any SMSBP policy form or certificate form issued after January 1, 1992, that has been approved by the commissioner. An SMSBP policy form or certificate form shall not be considered to be available for purchase unless the issuer has actively offered it for sale in the previous 12 months.

(1) An issuer may discontinue the availability of an SMSBP policy form or certificate form if the issuer provides to the commissioner in writing its decision at least 30 days prior to discontinuing the availability of the form of the SMSBP policy or certificate. After receipt of the notice by the commissioner, the issuer shall no longer offer for sale the SMSBP policy form or certificate form in this state.

(2) An issuer that discontinues the availability of an SMSBP policy form or certificate form pursuant to subparagraph 37.24(6)“*a*”(1) shall not file for approval of a new SMSBP policy form or certificate form of the same type for the same SMSBP as the discontinued form for a period of five years after the issuer provides notice to the commissioner of the discontinuance. The period of discontinuance may be reduced if the commissioner determines that a shorter period is appropriate.

b. The sale or other transfer of Medicare supplement business to another issuer shall be considered a discontinuance for the purposes of this subrule.

c. A change in the rating structure or methodology shall be considered a discontinuance under paragraph 37.24(6)“*a*” unless the issuer complies with the following requirements:

(1) The issuer provides an actuarial memorandum, in a form and manner prescribed by the commissioner, describing the manner in which the revised rating methodology and resultant rates differ from the existing rating methodology and resultant rates.

(2) The issuer does not subsequently put into effect a change of rates or rating factors that would cause the percentage differential between the discontinued and subsequent rates as described in the actuarial memorandum to change. The commissioner may approve a change to the differential which is in the public interest.

37.24(7) Experience under forms of same type to be combined for calculations.

a. Except as provided in paragraph 37.24(7)“b,” the experience under all SMSBP policy forms or certificate forms of the same type in an SMSBP shall be combined for purposes of the refund or credit calculation prescribed in rule 191—37.23(514D).

b. Forms assumed under an assumption reinsurance agreement shall not be combined with the experience of other policy or certificate forms for purposes of the refund or credit calculation.

[ARC 4394C, IAB 4/10/19, effective 5/15/19]

191—37.27(514D) Requirements for application forms and replacement coverage.

37.27(1) Application to include Appendix C. Application forms for Medicare supplement policies or certificates shall include in the outline of coverage the “statements and questions for application forms related to duplicate or replacement coverage” set forth in Appendix C, in the order prescribed in Appendix C, designed to elicit the following information, as of the date of the application: whether the applicant currently has a Medicare supplement policy or certificate, a Medicare Advantage policy or certificate, or other Medicaid coverage; whether the applicant has another health insurance policy or certificate in force; or whether the applicant intends a Medicare supplement policy or certificate to replace any other accident and sickness policy or certificate presently in force. An additional page or form containing such questions and statements and the applicant’s responses may be used, but it must be signed by the applicant and producer, attached to the application, and kept together with the issuer’s records.

37.27(2) List of policies sold to applicant. Producers shall list on the form or on an attachment to the form of Appendix C any other health insurance policies they have sold to the applicant, including the following:

- a. Policies sold which are still in force.
- b. Policies sold in the prior five years which are no longer in force.

37.27(3) Direct response sales. In the case of a direct response issuer, a copy of the application or additional page or form, signed by the applicant and acknowledged by the issuer, shall be returned to the applicant by the issuer upon delivery of the policy and shall include the notice regarding replacement of Medicare supplement coverage required of direct response issuers by subrule 37.27(4).

37.27(4) Required notice regarding replacement. Upon determining that a sale will involve replacement of Medicare supplement coverage, any issuer, other than a direct response issuer, or its producer, shall furnish the applicant, prior to issuance or delivery of the Medicare supplement policy or certificate, a notice regarding replacement of Medicare supplement coverage. The notice shall be provided in the format described in subrule 37.27(5). One copy of such notice signed by the applicant and the producer, except where the coverage is sold without a producer, shall be provided to the applicant, and an additional signed copy shall be retained by the issuer. A direct response issuer shall deliver to the applicant at the time of the issuance of the policy the notice regarding replacement of Medicare supplement coverage.

37.27(5) Required format of notice regarding replacement. The notice required by subrule 37.27(4) for an issuer shall be provided in substantially the form and language of the Notice to Applicant regarding Replacement of Medicare Supplement Insurance or Medicare Advantage, as set forth in Appendix D, in no less than 12-point type. Statements 1 and 2 of the replacement notice of Appendix D (applicable to preexisting conditions) may be deleted by an issuer if the replacement does not involve application of a new preexisting condition limitation.

191—37.28(514D) Required disclosure provisions.

37.28(1) General rules.

a. A Medicare supplement policy or certificate shall include renewal or continuation provisions. The language or specifications of such provisions shall be consistent with the type of Medicare supplement policy issued. Such provisions shall be appropriately captioned and shall appear on the first page of the Medicare supplement policy or certificate, and shall include any reservations by the issuer of the right to change premiums and any automatic renewal premium increases based on the covered individual’s age.

b. Except for a rider or an endorsement by which the issuer effectuates a request made in writing by the covered individual, exercises a specifically reserved right under a Medicare supplement policy or certificate, or is required to reduce or eliminate benefits to avoid duplication of Medicare benefits, any rider or endorsement added to a Medicare supplement policy or certificate after the date the policy or certificate is issued, or at reinstatement or renewal, which reduces or eliminates benefits or coverage in the policy or certificate shall require a signed acceptance by the covered individual. After the date of issue of a Medicare supplement policy or certificate, any rider or endorsement which increases benefits or coverage with a concomitant increase in premium during the policy term shall be agreed to in writing signed by the covered individual, unless the benefits are required by the minimum standards for Medicare supplement policies or certificates, or if the increased benefits or coverage is required by law. Where a separate additional premium is charged for benefits provided in connection with a rider or endorsement, such premium charge shall be set forth in the Medicare supplement policy or certificate.

c. Medicare supplement policies or certificates shall not provide for the payment of benefits based on standards described as “usual and customary,” “reasonable and customary” or words of similar import.

d. If a Medicare supplement policy or certificate contains any limitations with respect to preexisting conditions, such limitations shall appear as a separate paragraph of the Medicare supplement policy or certificate and be labeled as “Preexisting Condition Limitations.”

e. A Medicare supplement policy or certificate shall have a notice prominently printed on the first page of the policy or certificate, or attached thereto, stating in substance that the covered individual shall have the right to return the Medicare supplement policy or certificate within 30 days of its delivery and to have the premium refunded if, after examination of the Medicare supplement policy or certificate, the covered individual is not satisfied for any reason.

f. An issuer of an accident or sickness policy or certificate which provides hospital or medical expense coverage on an expense-incurred or indemnity basis to an individual eligible for Medicare shall provide to any applicant for such policy or certificate the most recent version of *Choosing a Medigap Policy: Guide to Health Insurance for People with Medicare*, issued by Centers for Medicare and Medicaid Services (“guide”), developed jointly by the National Association of Insurance Commissioners and CMS, using the same language, format, type size (no less than 12 point), type-proportional spacing, bold characters and line spacing. Delivery of the guide shall be made whether or not such policy or certificate was advertised, solicited or issued as a Medicare supplement policy or certificate as defined in this chapter. Except in the case of a direct response issuer, delivery of the guide shall be made to the applicant at the time of application and acknowledgment of receipt of the guide shall be obtained by the issuer. A direct response issuer shall deliver the guide to the applicant upon request but not later than at the time the Medicare supplement policy is delivered.

37.28(2) Notice requirements.

a. As soon as practicable, but no later than 30 days prior to the annual effective date of any Medicare benefit changes, an issuer shall notify its covered individuals of modifications it has made to Medicare supplement policies or certificates in a format acceptable to the commissioner. The notice shall:

(1) Include a description of revisions to the Medicare program and a description of each modification made to the coverage provided under the Medicare supplement policy or certificate; and

(2) Inform each covered individual as to when any premium adjustment is to be made due to changes in Medicare.

b. The notice of benefit modifications and any premium adjustments shall be in outline form and in clear and simple terms so as to facilitate comprehension.

c. Such notices shall not contain or be accompanied by any solicitation.

37.28(3) MMA notice requirements. Issuers shall comply with any notice requirements of the MMA.

37.28(4) Outline of coverage requirements for Medicare supplement policies.

a. An issuer shall provide an outline of coverage to any applicant for a Medicare supplement policy or certificate at the time application is presented to the prospective applicant and, except for a direct response policy, shall obtain an acknowledgment of receipt of such outline of coverage from the applicant.

b. If an outline of coverage is provided at the time of application and the Medicare supplement policy or certificate is issued on a basis which would require revision of the outline, the issuer shall provide a substitute outline of coverage properly describing the Medicare supplement policy or certificate to accompany such Medicare supplement policy or certificate when it is delivered to the covered individual, and the substitute outline of coverage shall contain the following statement, in no less than 12-point type, immediately above the issuer's company name:

“NOTICE: Read this outline of coverage carefully. It is not identical to the outline of coverage provided upon application and the coverage originally applied for has not been issued.”

c. The outline of coverage provided to an applicant pursuant to this rule shall consist of the following four parts: a cover page; premium information; disclosure pages; and charts displaying the features of each Medicare supplement benefit plan offered by the issuer. The outline of coverage shall be in the language and format prescribed in this rule and in Appendix E in no less than 12-point type. All plans shall be shown on the cover page, and the plans that are offered by the issuer shall be prominently identified. Premium information for plans that are offered by the issuer shall be shown on the cover page or immediately following the cover page and shall be prominently displayed. The premium and mode shall be stated for all plans that are offered to the prospective applicant. All possible premiums for the prospective applicant shall be illustrated.

d. The items in Appendix E shall be included in the outline of coverage in the order prescribed in Appendix E.

191—37.30(514D) Standards for marketing.

37.30(1) Requirements for marketing. An issuer, directly or through its producers, shall:

a. Establish marketing procedures to ensure that any comparison of policies or certificates by its producers will be fair and accurate.

b. Establish marketing procedures to ensure excessive insurance is not sold or issued.

c. Display prominently by type, stamp or other appropriate means, on the first page of the policy or certificate, the following:

“Notice to buyer: This policy may not cover all of your medical expenses.”

d. Inquire and otherwise make every reasonable effort to identify whether a prospective covered individual for Medicare supplement policy or certificate already has accident and sickness insurance and the types and amounts of any such insurance.

e. Establish auditable procedures for certifying compliance with this subrule.

f. At solicitation, provide written notice to the prospective covered individual of the name, address, and telephone number of the senior health insurance information program, part of the insurance division. The written notice shall be in a form prescribed by the commissioner.

37.30(2) Prohibitions in marketing. In addition to the practices prohibited in Iowa Code chapter 507B, 191—Chapter 15 and other rules promulgated under Iowa Code chapter 507B, and rule 191—37.50(514D), the following acts and practices are prohibited:

a. *Twisting.* Knowingly making any misleading representation or incomplete or fraudulent comparison of any insurance policies or certificates, or of any issuers, for the purpose of inducing, or tending to induce, any person to lapse, forfeit, surrender, terminate, retain, pledge, assign, borrow on, or convert any insurance policy or certificate or to take out a policy or certificate of insurance with another issuer.

b. *High-pressure tactics.* Employing any method of marketing having the effect of or tending to induce the purchase of insurance through force, fright, threat, whether explicit or implied, or undue pressure to purchase or recommend the purchase of insurance.

c. *Cold-lead advertising.* Making use directly or indirectly of any method of marketing which fails to disclose in a conspicuous manner that a purpose of the method of marketing is solicitation of insurance and that contact will be made by an insurance producer or insurance company.

37.30(3) Prohibited terms in noncompliant policies or certificates. The terms “Medicare supplement,” “Medigap,” “Medicare wrap-around” and words of similar import shall not be used unless the policy or certificate is issued in compliance with this chapter.
[ARC 4394C, IAB 4/10/19, effective 5/15/19]

191—37.31(514D) Appropriateness of recommended purchase and excessive insurance.

37.31(1) Appropriateness. In recommending the purchase or replacement of any Medicare supplement policy or certificate, a producer shall make reasonable efforts to determine the appropriateness of a recommended purchase or replacement.

37.31(2) No duplication. Any sale of a Medicare supplement policy or certificate that will provide an individual more than one Medicare supplement policy or certificate is prohibited.

37.31(3) No Medicare supplement for enrollee in Part C. An issuer shall not issue a Medicare supplement policy or certificate to an individual enrolled in Medicare Part C unless the effective date of the coverage is after the termination date of the individual’s Medicare Part C coverage.
[ARC 4394C, IAB 4/10/19, effective 5/15/19]

191—37.32(514D) Reporting of multiple policies.

37.32(1) Report of in-force Medicare supplement covered individuals. On or before March 1 of each year, an issuer shall report, using the format of Appendix F, the following information for every covered individual resident of this state for which the issuer has in force more than one Medicare supplement policy or certificate:

37.32(2) Grouping of items. The items set forth in subrule 37.21(1) must be grouped by covered individual.
[ARC 4394C, IAB 4/10/19, effective 5/15/19]

191—37.33(514D) Prohibition against preexisting conditions, waiting periods, elimination periods and probationary periods in replacement policies or certificates.

37.33(1) Time credited from prior policy or certificate. If a Medicare supplement policy or certificate replaces another Medicare supplement policy or certificate, the replacing issuer shall waive any time periods applicable to preexisting conditions, waiting periods, elimination periods and probationary periods in the new replacing Medicare supplement policy or certificate to the extent such time was spent under the replaced policy.

37.33(2) Similar benefits credited from prior policy or certificate. If a Medicare supplement policy or certificate replaces another Medicare supplement policy or certificate which has been in effect for at least six months, the replacing Medicare supplement policy or certificate shall not provide any time period applicable to preexisting conditions, waiting periods, elimination periods and probationary periods for benefits similar to those contained in the replaced policy or certificate.

191—37.34(514D) Prohibitions against use of genetic information and against requests for genetic testing. This rule applies to all Medicare supplement policies or certificates with policy years beginning on or after May 21, 2009.

37.34(1) Definitions. For the purposes of this rule, the following definitions shall apply:

“*Family member*” means, with respect to an individual, any other individual who is a first-degree, second-degree, third-degree, or fourth-degree relative of such individual.

“*Genetic information*” means, with respect to any individual, information about such individual’s genetic tests, the genetic tests of family members of such individual, and the manifestation of a disease or disorder in family members of such individual. “Genetic information” includes, with respect to any individual, any request for, or receipt of, genetic services, or participation in clinical research which includes genetic services, by such individual or any family member of such individual. Any reference to genetic information concerning an individual or family member of an individual who is a pregnant

woman includes genetic information of any fetus carried by such pregnant woman or, with respect to an individual or family member utilizing reproductive technology, includes genetic information of any embryo legally held by an individual or family member. The term “genetic information” does not include information about the sex or age of any individual.

“*Genetic services*” means a genetic test, genetic counseling (including obtaining, interpreting, or assessing genetic information), or genetic education.

“*Genetic test*” means an analysis of human DNA, RNA, chromosomes, proteins, or metabolites that detects genotypes, mutations, or chromosomal changes. The term “genetic test” does not mean:

1. An analysis of proteins or metabolites that does not detect genotypes, mutations, or chromosomal changes; or
2. An analysis of proteins or metabolites that is directly related to a manifested disease, disorder, or pathological condition that could reasonably be detected by a health care professional with appropriate training and expertise in the field of medicine involved.

“*Issuer of a Medicare supplement policy or certificate*” means the same as “issuer” as defined in rule 191—37.3(514D) and includes a third-party administrator, or other person acting for or on behalf of such issuer.

“*Underwriting purposes*” means:

1. Rules for or determination of eligibility (including enrollment and continued eligibility) for benefits under the Medicare supplement policy or certificate;
2. The computation of premium or contribution amounts under the Medicare supplement policy or certificate;
3. The application of any preexisting condition exclusion under the Medicare supplement policy or certificate; and
4. Other activities related to the creation, renewal, or replacement of a contract of health insurance or health benefits.

37.34(2) *Use of genetic information by issuer prohibited.* An issuer of a Medicare supplement policy or certificate:

- a. Shall not deny or condition the issuance or effectiveness of the Medicare supplement policy or certificate (including the imposition of any exclusion of benefits under the policy based on a preexisting condition) of an individual on the basis of the genetic information with respect to such individual; and
- b. Shall not discriminate in the pricing of the Medicare supplement policy or certificate (including the adjustment of premium rates) of an individual on the basis of the genetic information with respect to such individual.

37.34(3) *What prohibition does not include.* Nothing in subrule 37.34(2) shall be construed to limit the ability of an issuer of a Medicare supplement policy or certificate, to the extent otherwise permitted by law, from:

- a. Denying or conditioning the issuance or effectiveness of the Medicare supplement policy or certificate or increasing the premium for a group plan based on the manifestation of a disease or disorder of a covered individual or applicant; or
- b. Increasing the premium for any Medicare supplement policy or certificate issued to an individual based on the manifestation of a disease or disorder of another individual who is covered under the Medicare supplement policy. In such case, the manifestation of a disease or disorder in one individual cannot also be used as genetic information about other group members and to further increase the premium for the insured group.

37.34(4) *Issuer prohibited from requiring genetic testing.* An issuer of a Medicare supplement policy or certificate shall not request or require an individual or a family member of such individual to undergo a genetic test.

37.34(5) *Obtaining and using test results to determine payment.* Subrule 37.34(4) shall not be construed to preclude an issuer of a Medicare supplement policy or certificate from obtaining and using the results of a genetic test in making a determination regarding payment (as defined for the purposes of applying the regulations promulgated under Medicare Part C of Title XI and Section 264 of the Health Insurance Portability and Accountability Act of 1996, as may be revised from time to time)

and consistent with subrule 37.34(2). However, for purposes of carrying out this subrule, an issuer of a Medicare supplement policy or certificate may request only the minimum amount of information necessary to accomplish the intended purpose.

37.34(6) *Conditions when issuer may request a genetic test.* Notwithstanding subrule 37.34(4), an issuer of a Medicare supplement policy or certificate may request, but not require, that an individual or a family member of such individual undergo a genetic test if each of the following conditions is met:

a. The request is made pursuant to research that complies with Part 46 of Title 45, Code of Federal Regulations, or equivalent federal regulations, and any applicable state or local law or regulations for the protection of human subjects in research.

b. The issuer of a Medicare supplement policy or certificate clearly indicates to each individual, or in the case of a minor child, to the legal guardian of such child, to whom the request is made that:

(1) Compliance with the request is voluntary; and

(2) Noncompliance will have no effect on enrollment status or premium or contribution amounts.

c. No genetic information collected or acquired under this subrule shall be used for underwriting, determination of eligibility to enroll or maintain enrollment status, premium rates, or the issuance, renewal, or replacement of a Medicare supplement policy or certificate.

d. The issuer of a Medicare supplement policy or certificate notifies the Secretary in writing that the issuer of a Medicare supplement policy or certificate is conducting activities pursuant to the exception provided for under this subrule, including a description of the activities conducted.

e. The issuer of a Medicare supplement policy or certificate complies with such other conditions as the Secretary may by regulation require for activities conducted under this subrule.

37.34(7) *Issuer prohibited from actively obtaining genetic information for underwriting.* An issuer of a Medicare supplement policy or certificate shall not request, require, or purchase genetic information for underwriting purposes.

37.34(8) *Issuer prohibited from actively obtaining genetic information for enrollment.* An issuer of a Medicare supplement policy or certificate shall not request, require, or purchase genetic information with respect to any individual prior to such individual's enrollment under the policy in connection with such enrollment.

37.34(9) *Obtaining information incidentally not a violation.* If an issuer of a Medicare supplement policy or certificate obtains genetic information incidental to the requesting, requiring, or purchasing of other information concerning any individual, such request, requirement, or purchase shall not be considered a violation of subrule 37.34(8) if such request, requirement, or purchase is not in violation of subrule 37.34(7).

[ARC 4394C, IAB 4/10/19, effective 5/15/19]

191—37.35(514D) Prohibition against using materials prepared by SHIIP. The Senior Health Insurance Information Program (SHIIP) may prepare a consumer Medicare supplement insurance premium guide and benefits comparison guide. This guide and the SHIIP name or logo shall not be used in the solicitation or sale of health insurance products. Violation of this rule shall be deemed an unfair trade practice under Iowa Code chapter 507B.

191—37.36(514D) Guaranteed issue for eligible persons.

37.36(1) *Definition of "Medicare Advantage organization."* For purposes of this rule:

"Medicare Advantage organization" means a private company that has a contract with Medicare to provide Medicare Advantage plans and benefits to individuals.

37.36(2) *Guaranteed issue.*

a. Eligible persons for guaranteed issue of a Medicare supplement policy or certificate are those individuals described in subrule 37.36(3) who seek to enroll under the Medicare supplement policy during the period specified in subrule 37.36(4) and who submit evidence of the date of termination, disenrollment, or Medicare Part D enrollment with the application for a Medicare supplement policy or certificate.

b. With respect to eligible individuals for guaranteed issue of a Medicare supplement policy or certificate, an issuer: shall not deny or condition the issuance or effectiveness of a Medicare supplement policy or certificate described in subrule 37.36(6) that is offered by the issuer and is available for issuance to new enrollees; shall not discriminate in the pricing of such Medicare supplement policy or certificate because of health status, claims experience, receipt of health care, or medical condition; and shall not impose an exclusion of benefits based on a preexisting condition under such Medicare supplement policy or certificate.

37.36(3) Eligible persons. An eligible person is an individual described in any of the following paragraphs 37.36(3) “a” through “g”:

a. The individual is enrolled under an employee welfare benefit plan that provides health benefits that supplement benefits under Medicare, and the plan terminates or the plan ceases to provide some or all such supplemental health benefits to the individual (for purposes of this paragraph, “employee welfare benefit plan” means a plan, fund or program of employee benefits as defined in 29 U.S.C. Section 1002 Employee Retirement Income Security Act).

b. The individual is enrolled with a Medicare Advantage organization under a Medicare Advantage plan and any of the following circumstances apply, or the individual is 65 years of age or older and is enrolled with a PACE provider and circumstances exist similar to one of the circumstances described in subparagraphs 37.36(3) “b”(1) through (5) that would permit discontinuance of the individual’s enrollment with such a provider if such individual were enrolled in a Medicare Advantage plan:

(1) The certification of the Medicare Advantage organization or Medicare Advantage plan has been terminated.

(2) The Medicare Advantage organization has terminated or otherwise discontinued providing the Medicare Advantage plan in the area in which the individual resides.

(3) The individual is no longer eligible to elect the Medicare Advantage plan because of a change in the individual’s place of residence or other change in circumstances specified by the Secretary, but not including termination of the individual’s enrollment on the basis described in Section 1851(g)(3)(B) of the federal Social Security Act (where the individual has not paid premiums on a timely basis or has engaged in disruptive behavior as specified in standards under Section 1856), or the Medicare Advantage plan is terminated for all individuals within a residence area.

(4) The individual demonstrates, in accordance with guidelines established by the Secretary, that:

1. The Medicare Advantage organization offering the Medicare Advantage plan substantially violated a material provision of the Medicare Advantage organization’s contract under this part in relation to the individual, including the failure to provide an enrollee on a timely basis medically necessary care for which benefits are available under the Medicare Advantage plan or the failure to provide such covered care in accordance with applicable quality standards; or

2. The Medicare Advantage organization, or agent, producer or other entity acting on the Medicare Advantage organization’s behalf, materially misrepresented the Medicare Advantage plan’s provisions in marketing the Medicare Advantage plan to the individual.

(5) The individual meets such other exceptional conditions as the Secretary may provide.

c. The individual is one for whom both subparagraphs 37.36(3) “c”(1) and (2) are true:

(1) The individual is enrolled with one of the following organizations:

1. An eligible organization under a contract under Section 1876 of the Social Security Act (Medicare cost);

2. A similar organization operating under demonstration project authority, effective for periods before April 1, 1999;

3. An organization operating under an agreement under Section 1833(a)(1)(A) of the Social Security Act (Health Care Prepayment Plan (HCPP)); or

4. An organization under a Medicare Select policy.

(2) The enrollment ceases under the same circumstances that would permit discontinuance of an individual’s election of coverage under paragraph 37.36(3) “b.”

d. The individual is enrolled under a Medicare supplement policy or certificate, and the enrollment ceases because:

(1) Of the insolvency or rehabilitation of the issuer (pursuant to Iowa Code chapter 507C) or the bankruptcy of the Medicare Advantage organization; or of other involuntary termination of coverage or enrollment under the policy (for purposes of this subparagraph, “bankruptcy” means when a Medicare Advantage organization that is not an issuer has filed, or has had filed against it, a petition for declaration of bankruptcy, and has ceased doing business in the state); or

(2) The issuer of the policy substantially violated a material provision of the policy; or

(3) The issuer, or an agent, producer or other entity acting on the issuer’s behalf, materially misrepresented the policy’s provisions in marketing the policy to the individual.

e. The individual was enrolled under a Medicare supplement policy or certificate and terminated enrollment and subsequently enrolls, for the first time, with any Medicare Advantage organization under a Medicare Advantage plan, any eligible organization under a contract under Section 1876 of the Social Security Act (Medicare cost), any similar organization operating under demonstration project authority, any PACE provider, or a Medicare Select policy; and the subsequent enrollment under this paragraph 37.36(3) “*e*” was terminated by the enrollee during any period within the first 12 months of such subsequent enrollment (during which the enrollee is permitted to terminate such subsequent enrollment under Section 1851(e) of the federal Social Security Act).

f. The individual, upon first becoming enrolled for benefits under Medicare Part B at age 65 or older, enrolls in a Medicare Advantage plan under Medicare Part C, or with a PACE provider, and disenrolls from the plan or program by no later than 12 months after the effective date of enrollment.

g. The individual enrolls in a Medicare Part D plan during the initial enrollment period and, at the time of enrollment in Medicare Part D, was enrolled under a Medicare supplement policy or certificate that covers outpatient prescription drugs and the individual terminates enrollment in the Medicare supplement policy or certificate and submits evidence of enrollment in Medicare Part D along with the application for a policy described in paragraph 37.36(6) “*e*.”

37.36(4) *Guaranteed issue time periods.*

a. In the case of an individual described in paragraph 37.36(3) “*a*,” the guaranteed issue period:

(1) Begins on the later of:

1. The date the individual receives a notice of termination or cessation of some or all supplemental health benefits (or, if a notice is not received, notice that a claim has been denied because of such a termination or cessation); or

2. The date that the applicable coverage terminates or ceases; and

(2) Ends 63 days thereafter.

b. In the case of an individual described in paragraph 37.36(3) “*b*,” “*c*,” “*e*” or “*f*” whose enrollment is terminated involuntarily, the guaranteed issue period begins on the date that the individual receives a notice of termination and ends 63 days after the date the applicable coverage is terminated.

c. In the case of an individual described in subparagraph 37.36(3) “*d*”(1), the guaranteed issue period:

(1) Begins on the earlier of:

1. The date that the individual receives a notice of termination, a notice that the issuer is insolvent or in rehabilitation (pursuant to Iowa Code chapter 507C), or other such similar notice, if any; and

2. The date that the applicable coverage is terminated; and

(2) Ends on the date that is 63 days after the date the coverage is terminated.

d. In the case of an individual described in paragraph 37.36(3) “*b*,” subparagraph 37.36(3) “*d*”(2) or (3), or paragraph 37.36(3) “*e*” or “*f*” who disenrolls voluntarily, the guaranteed issue period begins on the date that is 60 days before the effective date of the disenrollment and ends on the date that is 63 days after the effective date.

e. In the case of an individual described in paragraph 37.36(3) “*g*,” the guaranteed issue period begins on the date the individual receives notice pursuant to Section 1882(v)(2)(B) of the Social Security Act from the Medicare supplement or certificate issuer during the 60-day period immediately preceding

the initial Medicare Part D enrollment period and ends on the date that is 63 days after the effective date of the individual's coverage under Medicare Part D.

f. In the case of an individual described in subrule 37.36(3) but not described in the preceding paragraphs 37.36(4) "a" to "e," the guaranteed issue period begins on the effective date of disenrollment and ends on the date that is 63 days after the effective date.

37.36(5) *Extended Medigap access for interrupted trial periods.*

a. In the case of an individual described in subrule 37.36(3) (or deemed to be so described pursuant to this paragraph 37.36(5) "a") whose enrollment with an organization or provider described in paragraph 37.36(3) "e" is involuntarily terminated within the first 12 months of enrollment and who, without an intervening enrollment, enrolls with another such organization or provider, the subsequent enrollment shall be deemed to be an initial enrollment as described in paragraph 37.36(3) "e."

b. In the case of an individual described in paragraph 37.36(3) "f" (or deemed to be so described pursuant to this paragraph 37.36(5) "b") whose enrollment with a plan or in a program described in paragraph 37.36(3) "f" is involuntarily terminated within the first 12 months of enrollment and who, without an intervening enrollment, enrolls in another such plan or program, the subsequent enrollment shall be deemed to be an initial enrollment as described in paragraph 37.36(3) "f."

c. For purposes of paragraphs 37.36(3) "e" and "f," no enrollment of an individual with an organization or provider described in paragraph 37.36(3) "e," or with a plan or in a program described in paragraph 37.36(3) "f," may be deemed to be an initial enrollment under this paragraph 37.36(5) "c" after the two-year period beginning on the date on which the individual first enrolled with such an organization, provider, plan or program.

37.36(6) *Products to which eligible persons are entitled.*

a. If an individual meets the requirements of paragraph 37.36(3) "a," "b," "c," or "d," the individual may be issued a Medicare supplement policy or certificate which has a benefit package classified as Plan A, B, C, F (including F with a high deductible), K or L offered by any issuer.

b. The Medicare supplement policy or certificate to which eligible persons are entitled under paragraph 37.36(3) "e," subject to paragraph 37.36(6) "c," is the same Medicare supplement policy or certificate in which the individual was most recently previously enrolled if available from the same issuer, or, if not so available, a policy described in paragraph 37.36(6) "a."

c. After December 31, 2005, if the individual was most recently enrolled in a Medicare supplement policy or certificate with an outpatient prescription drug benefit, a Medicare supplement policy or certificate described in this subrule is:

191—37.37 to 37.49 Reserved.

191—37.50(507B,514D) Medicare supplement advertising.

37.50(1) Purpose. The purpose of this rule is to provide prospective purchasers with clear and unambiguous statements in the advertisement of Medicare supplement insurance and to ensure the clear and truthful disclosure of the benefits, limitations and exclusions of policies sold as Medicare supplement insurance. This purpose is intended to be accomplished by the establishment of guidelines and permissible and impermissible standards of conduct in the advertising of Medicare supplement insurance in a manner which prevents unfair, deceptive and misleading advertising and which is conducive to accurate presentation and description to the insurance-buying public through the advertising media and material used by producers and companies.

37.50(2) Applicability.

a. This rule shall apply to any “advertisement” of Medicare supplement insurance, as that term is defined in subrule 37.50(3), unless otherwise specified in this rule, that the issuer or producer knows or reasonably should know is intended for presentation, distribution or dissemination in this state when the presentation, distribution or dissemination is made either directly or indirectly by or on behalf of an issuer or producer.

b. The requirements of Iowa Code chapter 507B and 191—Chapter 15 also shall apply to issuers and producers to which this rule 191—37.50(507B,514D) applies, unless specifically exempted therein.

37.50(3) Definitions. In addition to the definitions in Iowa Code sections 507B.2 and 514D.2 and rules 191—15.2(507B) and 191—37.3(514D), the following definitions shall apply to this rule 191—37.50(507B,514D). When a term defined in this rule is also defined in Iowa Code section 507B.2 or 514D.2 or rule 191—15.2(507B) or 191—37.3(514D), the definition of the term in this rule shall take precedence.

“Advertisement”

1. Includes the definition of “advertisement” in rule 191—15.2(507B).
2. Includes advertising material included with a Medicare supplement policy or certificate when the Medicare supplement policy or certificate is delivered and the advertising material is used in the solicitation of Medicare supplement policy renewals and reinstatements.
3. Does not include:
 - The items excluded in paragraph “2” of the definition of “advertisement” in rule 191—15.2(507B).
 - Material to be used solely for the training and education of an issuer's employees, producers, agents or brokers.
 - Material used in-house by issuers.
 - Communications within an issuer's own organization not intended for dissemination to the public.
 - Individual communications of a personal nature with current covered individuals other than material urging the covered individuals to increase or expand coverage.
 - Correspondence between a prospective group or blanket policyholder and an issuer in the course of negotiating a group or blanket Medicare supplement policy.
 - Court-approved material ordered by a court to be disseminated to covered individuals or group policyholders of Medicare supplement policies.

- A general announcement from a group or blanket Medicare supplement policyholder to eligible individuals on an employment or membership list that a Medicare supplement policy has been written or arranged; provided the announcement clearly indicates that it is preliminary to the issuance of a booklet.

“*Certificate*” means any certificate issued under a group Medicare supplement policy, which certificate has been delivered or issued for delivery in this state.

“*Exception*” means any provision in a Medicare supplement policy whereby coverage for a specified hazard is entirely eliminated; it is a statement of a risk not assumed under the Medicare supplement policy or certificate.

“*Institutional advertisement*” means an advertisement having as its sole purpose the promotion of the reader’s, viewer’s or listener’s interest in the concept of Medicare supplement insurance, or the promotion of the issuer as a seller of Medicare supplement insurance.

“*Invitation to contract*” means an advertisement that is neither an institutional advertisement nor an invitation to inquire (defined in paragraph 37.50(8)“d”).

“*Issuer*” shall include any entity which is defined as an “issuer” in rule 191—37.3(514D) and is engaged in the advertisement of itself, or of Medicare supplement insurance.

“*Lead-generating device*” means any communication directed to the public that, regardless of form, content or stated purpose, is intended to result in the compilation or qualification of a list containing names and other personal information to be used to solicit residents of this state for the purchase of Medicare supplement insurance.

“*Limitation*” means any provision other than an exception or a reduction that restricts coverage under a Medicare supplement policy.

“*Medicare supplement insurance*” means a group or individual policy of accident and sickness insurance or a contract of hospital and medical service associations or health maintenance organizations that is advertised, marketed or designed primarily as a supplement to reimbursements under Medicare for the hospital, medical, or surgical expenses of persons eligible for Medicare by reason of age.

“*Person*” means a natural person, association, organization, partnership, trust, group, discretionary group, corporation or any other entity.

“*Reduction*” means any provision that reduces the amount of the benefit; a risk of loss is assumed but payment upon the occurrence of the loss is limited to some amount or period less than would be otherwise payable had the reduction not been used.

37.50(4) Form and content of advertisements.

a. An issuer shall clearly identify its Medicare supplement insurance as an insurance policy or certificate. A Medicare supplement policy or certificate trade name must be followed by the words “Insurance Policy” or similar words clearly identifying the fact that an insurance policy or certificate or health benefits product (in the case of health maintenance organizations, prepaid health plans and other direct service organizations) is being offered.

b. Medicare supplement insurance advertising materials that are reproduced in quantity shall be identified by form numbers or other identifying means. The identification shall be sufficient to distinguish an advertisement from any other advertising materials, policies, applications or other materials used by the issuer.

37.50(5) Testimonials or endorsements by third parties. In addition to complying with 191—subrule 15.3(7), when a testimonial refers to benefits received under a Medicare supplement policy or certificate, the issuer shall retain for examination by the commissioner the specific claim data, including claim number, date of loss, and other pertinent information, for a period of four years or until the filing of the next regular report of examination of the issuer, whichever is the longer period of time. The use of testimonials that do not correctly reflect the present practices of the issuer or that are not applicable to the Medicare supplement policy or certificate or benefit being advertised is not permissible.

37.50(6) Use of statistics; jurisdictional licensing; status of insurer. Medicare supplement insurance advertisements shall be in compliance with 191—subrule 15.3(5) and with the following:

a. A Medicare supplement insurance advertisement shall specifically identify the Medicare supplement policy or certificate to which statistics relate and, where statistics are given which are

applicable to a different policy or certificate, the advertisement shall state clearly that the data do not relate to the Medicare supplement policy or certificate being advertised.

b. A Medicare supplement insurance advertisement that is intended to be seen or heard beyond the limits of the jurisdiction in which the issuer is licensed shall not imply licensing beyond those limits.

c. A Medicare supplement insurance advertisement shall not create the impression directly or indirectly that the issuer, the issuer's financial condition or status, the issuer's payment of its claims, or the merits, desirability or advisability of the issuer's policy forms or kinds of plans of insurance are approved, endorsed or accredited by any division or agency of this state or of the United States government.

d. A Medicare supplement insurance advertisement shall not imply that approval, endorsement or accreditation of policy forms or advertising has been granted by any division or agency of this state or of the United States government. "Approval" of either policy forms or advertising shall not be used by an issuer to imply or state that a governmental agency has endorsed or recommended the issuer, its policies, its advertising or its financial condition.

37.50(7) *Identity of issuer.* Advertisements shall be in compliance with 191—subrule 15.3(9) and with the following:

a. Advertisements, stationery or envelopes that employ words, letters, initials, symbols or other devices are not permitted if they are so similar to those used by governmental agencies or other issuers that they may lead the public to believe:

(1) The advertised Medicare supplement insurance coverages are somehow provided by or are endorsed by the governmental agencies or the other issuers;

(2) The Medicare supplement insurance advertiser is the same as, is connected with or is endorsed by the governmental agencies or the other issuers.

b. No Medicare supplement insurance advertisement shall use the name of a state or political subdivision thereof in a policy name or description.

c. No Medicare supplement insurance advertisement in the form of envelopes or stationery of any kind may use any name, service mark, slogan, symbol or any device in such a manner that implies that the issuer or the policy advertised, or that any producer who may call upon the consumer in response to the advertisement, is connected with a governmental agency, such as the Social Security Administration.

d. No Medicare supplement insurance advertisement may incorporate the word "Medicare" in the title of the plan or policy being advertised unless, wherever it appears, the word is qualified by language differentiating the plan or policy from Medicare. Such an advertisement, however, shall not use the phrase "_____ Medicare Department of the _____ Insurance Company," or language of similar import.

e. No Medicare supplement insurance advertisement shall be used that fails to include a disclaimer to the effect of "Not connected with or endorsed by the U.S. government or the federal Medicare program."

f. No Medicare supplement insurance advertisement may imply that the reader may lose a right, privilege or benefit under federal, state or local law if the reader fails to respond to the advertisement.

g. No issuer may use, in the trade name of its Medicare supplement insurance policy, any terminology or words so similar to the name of a governmental agency or governmental program as to have the tendency to confuse, deceive or mislead the prospective purchaser.

h. All Medicare supplement insurance advertisements used by producers or solicitors of an issuer shall have prior written approval of the issuer before the advertisements may be used.

i. A producer who makes contact with a consumer as a result of acquiring that consumer's name from a lead-generating device shall disclose that fact in the initial contact with the consumer.

37.50(8) *Introductory, initial or special offers.*

a. Enrollment periods.

(1) An advertisement of an individual Medicare supplement insurance policy shall not directly or by implication represent that a contract or combination of contracts is an introductory, initial or special offer, or that applicants will receive substantial advantages not available at a later date, or that the offer is available only to a specified group of individuals, unless such representation is true. A

Medicare supplement insurance advertisement shall not contain phrases describing an enrollment period as “special,” “limited,” or similar words or phrases when the issuer uses such enrollment periods as the usual method of advertising Medicare supplement insurance.

(2) An enrollment period during which a particular Medicare supplement insurance product may be purchased on an individual basis shall not be offered within this state unless there has been a lapse of not less than six months between the close of the immediately preceding enrollment period for the same product and the opening of the new enrollment period. The Medicare supplement insurance advertisement shall indicate the date by which the applicant must mail the application, which shall be not fewer than 10 days and not more than 40 days from the date that the enrollment period is advertised for the first time. This rule applies to all advertising media, e.g., mail, newspapers, electronic mail, websites, radio, television, magazines and periodicals, used by any one issuer. This rule is not applicable to solicitations of employees or members of a particular group or association that otherwise would be eligible for group, blanket or franchise insurance. The phrase “any one issuer” in this subparagraph includes all the affiliated companies of a group of insurance companies under common management or control. The phrase “a particular Medicare supplement insurance product” in this subparagraph means an insurance policy that provides benefits substantially different from those contained in any other policy. Different terms of renewability, an increase or decrease in the dollar amounts of benefits, or an increase or decrease in any elimination period or waiting period from those available during an enrollment period for another policy shall not be sufficient to constitute the product’s being offered as a different product eligible for concurrent or overlapping enrollment periods.

(3) This rule prohibits any statement or implication to the effect that only a specific number of Medicare supplement policies will be sold, or that a time is fixed for the discontinuance of the sale of the particular Medicare supplement policy advertised because of special advantages available in the policy, unless either representation is true.

b. An advertisement shall not offer a Medicare supplement policy that utilizes a reduced initial premium rate in a manner that overemphasizes the availability and the amount of the initial reduced premium. When an issuer charges an initial premium that differs in amount from the amount of the renewal premium payable on the same mode, the advertisement shall not display the amount of the reduced initial premium either more frequently or more prominently than the renewal premium, and both the initial reduced premium and the renewal premium shall be stated in juxtaposition in each portion of the advertisement where the initial reduced premium appears. The term “juxtaposition” means side by side or immediately above or below.

c. Special awards, such as a “safe driver’s award,” shall not be used in connection with advertisements of Medicare supplement insurance.

d. An invitation to inquire, which means an advertisement having as its objective the creation of a desire to inquire further about Medicare supplement insurance that is limited to a brief description of coverage, shall contain a provision in the following or substantially similar form:

“This policy has [exclusions] [limitations] [reductions of benefits] [terms under which the policy may be continued in force or discontinued]. For costs and complete details of the coverage, call [or write] your producer or the company [whichever is applicable].”

37.50(9) Enforcement procedures—certificate of compliance. Each issuer required to file an annual statement which is now or which hereafter becomes subject to the provisions of this chapter must file with the insurance division, with the issuer’s annual statement, a certificate of compliance executed by an authorized officer of the issuer wherein it is stated that, to the best of the authorized officer’s knowledge, information and belief, the Medicare supplement insurance advertisements that were disseminated by the issuer during the preceding statement year complied with or were made to comply in all respects with the provisions of this chapter and the laws of this state as implemented and interpreted by this chapter.

37.50(10) Filing for prior review. The commissioner may, at the commissioner’s discretion, require the filing with the insurance division, for review prior to use, of any Medicare supplement insurance advertising material.

[ARC 4394C, IAB 4/10/19, effective 5/15/19]

191—37.51(514D) Severability. If any provisions of this chapter or the application thereof to any person or circumstance is for any reason held to be invalid, the remainder of the chapter and the application of such provision to other persons or circumstances shall not be affected thereby.

[ARC 4394C, IAB 4/10/19, effective 5/15/19]

These rules are intended to implement Iowa Code chapters 507B and 514D.

APPENDIX B
DISCLOSURE STATEMENTS

Instructions for Use of the Disclosure Statements for Health Insurance Policies
Sold to Medicare Beneficiaries that Duplicate Medicare Benefits

1. Section 1882(d) of the federal Social Security Act [42 U.S.C. 1395ss] prohibits the sale of a health insurance policy (the term policy includes certificate) to a Medicare beneficiary that duplicates Medicare benefits unless it will pay benefits without regard to a beneficiary's other health coverage and it includes the prescribed disclosure statement on or together with the application for the policy.

2. All types of health insurance policies that duplicate Medicare benefits shall include one of the attached disclosure statements, according to the particular policy type involved, on the application or together with the application. The disclosure statement may not significantly or materially vary from the attached statements in terms of language or format (using not less than 12-point type size, type-proportional spacing, bold characters, line spacing, and boxes around text).

3. State and federal law prohibits issuers from selling a Medicare supplement policy or certificate to a person that already has a Medicare supplement policy or certificate except as a replacement policy.

4. Property/casualty and life insurance policies are not considered health insurance.

5. Disability income policies are not considered to provide benefits that duplicate Medicare.

6. Long-term care insurance policies that coordinate with Medicare and other health insurance are not considered to provide benefits that duplicate Medicare.

7. The federal law does not preempt state laws that are more stringent than the federal requirements.

8. The federal law does not preempt existing state form filing requirements.

9. Section 1882 of the federal Social Security Act was amended in Subsection (d)(3)(A) to allow for alternative disclosure statements. The disclosure statements already in Appendix B remain. An issuer may use either disclosure statement with the requisite insurance product. However, issuers should use either the original disclosure statements or the alternative disclosure statements and not use both simultaneously.

APPENDIX D

NOTICE TO APPLICANT REGARDING REPLACEMENT OF MEDICARE SUPPLEMENT INSURANCE OR MEDICARE ADVANTAGE

[Insurance company's name and address]

SAVE THIS NOTICE! IT MAY BE IMPORTANT TO YOU IN THE FUTURE.

According to [your application] [information you have furnished], you intend to terminate an existing Medicare supplement policy or certificate or Medicare Advantage policy or certificate and replace it with a policy to be issued by [Company Name] Insurance Company. Your new policy will provide thirty (30) days within which you may decide without cost whether you desire to keep the policy. You should review this new coverage carefully. Compare it with all accident and sickness coverage you now have. If, after due consideration, you find that purchase of this Medicare supplement [policy or certificate] is a wise decision, you should terminate your present Medicare supplement policy or certificate or Medicare Advantage policy or certificate. You should evaluate the need for other accident and sickness coverage you have that may duplicate this policy.

STATEMENT TO APPLICANT BY ISSUER, PRODUCER [BROKER OR OTHER REPRESENTATIVE]:

I have reviewed your current medical or health insurance coverage. To the best of my knowledge, this Medicare supplement policy or certificate will not duplicate your existing Medicare supplement policy or certificate or, if applicable, Medicare Advantage policy or certificate because you intend to terminate your existing Medicare supplement policy or certificate or Medicare Advantage policy or certificate. The replacement [policy or certificate] is being purchased for the following reason (check one):

- Additional benefits.
- No change in benefits, but lower premiums.
- Fewer benefits and lower premiums.
- My plan has outpatient prescription drug coverage and I am enrolling in Part D.
- Disenrollment from a Medicare Advantage policy or certificate. Please explain reason for disenrollment. [optional only for direct mailers]
- Other. (Please specify.) _____

1. **Note:** If the issuer of the Medicare supplement policy or certificate being applied for does not impose, or is otherwise prohibited from imposing, preexisting condition limitations, please skip to statement 2 below. Health conditions which you may presently have (preexisting conditions) may not be immediately or fully covered under the new policy. This could result in denial or delay of a claim for benefits under the new [policy or certificate], whereas a similar claim might have been payable under your present policy or certificate.

2. State law provides that your replacement policy or certificate may not contain new preexisting conditions, waiting periods, elimination periods or probationary periods. The insurance company will waive any time periods applicable to preexisting conditions, waiting periods, elimination periods or probationary periods in the new policy or certificate (or coverage) for similar benefits to the extent such time was spent (depleted) under the original policy or certificate.

3. If you still wish to terminate your present policy or certificate and replace it with new coverage, be certain to truthfully and completely answer all questions on the application concerning your medical and health history. Failure to include all material medical information on an application may provide a basis for the company to deny any future claims and to refund your premium as though your policy or certificate had never been in force. After the application has been completed and before you sign it, review it carefully to be certain that all information has been properly recorded. [If the policy or certificate is guaranteed issue, this paragraph need not appear.]

Do not cancel your present policy or certificate until you have received your new [policy or certificate] and are sure that you want to keep it.

NOTICE [Boldface Type]

This policy may not fully cover all of your medical costs.

[for producers:]

Neither [insert company's name] nor its producers are connected with Medicare.

[for direct response:]

This outline of coverage does not give all the details of Medicare coverage. Contact your local Social Security office or consult "Medicare and You" for more details.

COMPLETE ANSWERS ARE VERY IMPORTANT [Boldface Type]

When you fill out the application for the new policy, be sure to answer truthfully and completely all questions about your medical and health history. The company may cancel your policy and refuse to pay any claims if you leave out or falsify important medical information. [If the policy or certificate is guaranteed issue, this paragraph need not appear.]

Review the application carefully before you sign it. Be certain that all information has been properly recorded.

[Include for each plan prominently identified in the cover page a chart showing the services, Medicare payments, plan payments and insured payments, using the same language, in the same order, using uniform layout and format as shown in the charts below. No more than four plans may be shown on one chart. For purposes of illustration, charts for each plan are included in this Appendix E: Outline of Coverage. An issuer may use additional benefit plan descriptions on these charts pursuant to paragraph 37.8(1) "c."]

* You will pay half the cost sharing of some covered services until you reach the annual out-of-pocket maximum of \$[5560] each calendar year. The amounts that count toward your annual limit are noted with diamonds (♦) in the chart above. Once you reach the annual maximum, the plan pays 100% of your Medicare copayment and coinsurance for the rest of the calendar year. **However, this limit does NOT include charges from your provider that exceed Medicare-approved amounts (these are called "Excess Charges"), and you will be responsible for paying this difference in the amount charged by your provider and the amount paid by Medicare for the item or service.**

** A benefit period begins on the first day you receive service as an inpatient in a hospital and ends after you have been out of the hospital and have not received skilled care in any other facility for 60 days in a row.

*** NOTICE: When your Medicare Part A hospital benefits are exhausted, the insurance company stands in the place of Medicare and will pay whatever amount Medicare would have paid for up to an additional 365 days as provided in the policy's basic core benefits ("basic core benefits" are the equivalent of what is provided under Medicare Part A). During this time, the hospital is prohibited from billing you for the balance based on any difference between its billed charges and the amount Medicare would have paid.

CHAPTER 38
COORDINATION OF BENEFITS

DIVISION I

Rescinded IAB 10/20/10, effective 11/24/10

191—38.1 to 38.11 Reserved.

DIVISION II

191—38.12(509,514) Purpose and applicability.

38.12(1) The purpose of this chapter is to adopt the new model provisions for coordination of benefits (COB) as promulgated by the National Association of Insurance Commissioners (NAIC).

38.12(2) This division is intended to establish a uniform order of benefit determination under which plans pay claims; to reduce duplication of benefits by permitting a reduction of the benefits to be paid by plans that, pursuant to rules established by this division, do not have to pay benefits first; and to provide greater efficiency in the processing of claims when a person is covered under more than one plan.

38.12(3) These rules apply to all plans that are issued on or after January 25, 2006.
[ARC 9164B, IAB 10/20/10, effective 11/24/10]

191—38.13(509,514) Definitions. As used in this division, these terms have the following meanings, unless the context clearly indicates otherwise:

“Allowable expense,” except as set forth below or where a statute requires a different definition, means any health care expense, including coinsurance or copayments and without reduction for any applicable deductible, that is covered in full or in part by any of the plans covering the person.

1. If a plan is advised by a covered person that all plans covering the person are high-deductible health plans and the person intends to contribute to a health savings account established in accordance with Section 223 of the Internal Revenue Code of 1986, the primary high-deductible health plan’s deductible is not an allowable expense, except for any health care expense incurred that may not be subject to the deductible as described in Section 223(c)(2)(C) of the Internal Revenue Code of 1986.

2. An expense or a portion of an expense that is not covered by any of the plans is not an allowable expense.

3. Any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a covered person is not an allowable expense.

4. The following are examples of expenses that are not allowable expenses:

a. If a person is confined in a private hospital room, the difference between the cost of a semiprivate room in the hospital and the private room is not an allowable expense, unless one of the plans provides coverage for private hospital room expenses.

b. If a person is covered by two or more plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement or other similar reimbursement methodology, any amount charged by the provider in excess of the highest reimbursement amount for a specified benefit is not an allowable expense.

c. If a person is covered by two or more plans that provide benefits or services on the basis of negotiated fees, any amount in excess of the highest of the negotiated fees is not an allowable expense.

d. If a person is covered by one plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement or other similar reimbursement methodology and by another plan that provides its benefits or services on the basis of negotiated fees, the primary plan’s payment arrangement shall be the allowable expense for all plans. However, if the provider has contracted with the secondary plan to provide the benefit or service for a specific negotiated fee or payment amount that is different from the primary plan’s payment arrangement and if the provider’s contract permits, that negotiated fee or payment shall be the allowable expense used by the secondary plan to determine its benefits.

5. The definition of “allowable expense” may exclude certain types of coverage or benefits such as dental care, vision care, prescription drugs or hearing aids. A plan that limits the application of COB to certain coverages or benefits may limit the definition of “allowable expense” in its contract to expenses that are similar to the expenses that it provides. When COB is restricted to specific coverages or benefits in a contract, the definition of “allowable expense” shall include similar expenses to which COB applies.

6. When a plan provides benefits in the form of services, the reasonable cash value of each service will be considered an allowable expense and a benefit paid.

7. The amount of the reduction may be excluded from allowable expense when a covered person’s benefits are reduced under a primary plan:

a. Because the covered person does not comply with the plan provisions concerning second surgical opinions or precertification of admissions or services; or

b. Because the covered person has a lower benefit because the covered person did not use a preferred provider.

“*Birthday*” refers only to month and day in a calendar year and does not include the year in which the individual is born.

“*Claim*” means a request that benefits of a plan be provided or paid. The benefits claimed may be in the form of services (including supplies); payment for all or a portion of the expenses incurred; a combination of services or expenses incurred; or an indemnification.

“*Closed panel plan*” means a plan that provides health benefits to covered persons primarily in the form of services through a panel of providers that have contracted with or are employed by the plan, and that excludes benefits for services provided by other providers, except in cases of emergency or referral by a panel member.

“*Consolidated Omnibus Budget Reconciliation Act of 1985*” or “*COBRA*” means coverage provided under a right of continuation pursuant to federal law.

“*Coordination of benefits*” or “*COB*” means a provision establishing an order in which plans pay their claims and permitting secondary plans to reduce their benefits so that the combined benefits of all plans do not exceed total allowable expenses.

“*Custodial parent*” means the parent awarded custody of a child by a court decree or, in the absence of a court decree, the parent with whom the child resides more than one-half of the calendar year without regard to any temporary visitation.

“*Group-type contract*” means a contract that is not available to the general public and is obtained and maintained only because of membership in or a connection with a particular organization or group, including blanket coverage. “Group-type contract” does not include an individually underwritten and issued guaranteed renewable policy even if the policy is purchased through payroll deduction at a premium savings to the insured since the insured would have the right to maintain or renew the policy independently of continued employment with the employer.

“*High-deductible health plan*” has the meaning given the term under Section 223 of the Internal Revenue Code of 1986, as amended by the Medicare Prescription Drug, Improvement and Modernization Act of 2003.

“*Hospital indemnity benefits*” means benefits not related to expenses incurred. “Hospital indemnity benefits” does not include reimbursement-type benefits even if they are designed or administered to give the insured the right to elect indemnity-type benefits at the time of claim.

“*Plan*” means a form of coverage with which coordination is allowed. Separate parts of a plan for members of a group that are provided through alternative contracts that are intended to be part of a coordinated package of benefits are considered one plan and there is no COB among the separate parts of the plan.

If a plan coordinates benefits, its contract shall state the types of coverage that will be considered in applying the COB provision of that contract. Whether the contract uses the term “plan” or some other term such as “program,” the contractual definition may be no broader than the definition of “plan” in paragraph 1 below. A model COB provision is contained in Appendix A of this division.

1. “Plan” includes:

a. Group and nongroup insurance contracts and subscriber contracts;

- b. Uninsured arrangements of group or group-type coverage;
 - c. Group and nongroup coverage through closed panel plans;
 - d. Group-type contracts;
 - e. The medical care components of long-term care contracts, such as skilled nursing care;
 - f. The medical benefits coverage in automobile “no fault” and traditional automobile “fault” contracts; and
 - g. Medicare or other governmental benefits, as permitted by law, except as provided in paragraph 2“h” below. This part of a plan may be limited to the hospital, medical and surgical benefits of the governmental program.
2. “Plan” does not include:
 - a. Hospital indemnity coverage benefits or other fixed indemnity coverage;
 - b. Accident-only coverage;
 - c. Specified disease or specified accident coverage;
 - d. Limited benefit health insurance coverage, as defined in 191—subrule 36.6(10);
 - e. School accident-type coverages that cover students for accidents only, including athletic injuries, either on a 24-hour basis or on a “to and from school” basis;
 - f. Benefits provided in long-term care insurance policies for nonmedical services, for example, personal care, adult day care, homemaker services, assistance with activities of daily living, respite care and custodial care, or for contracts that pay a fixed daily benefit without regard to expenses incurred or the receipt of services;
 - g. Medicare supplement policies;
 - h. A state plan under Medicaid; or
 - i. A governmental plan, which, by law, provides benefits that are in excess of those of any private insurance plan or other nongovernmental plan.

“*Policyholder*” means the primary insured named in a nongroup insurance policy.

“*Primary plan*” means a plan whose benefits for a person’s health care coverage must be determined without taking the existence of any other plan into consideration. A plan is a “primary plan” if:

1. The plan either has no order of benefit determination rules, or its rules differ from those permitted by this division; or
2. All plans that cover the person use the order of benefit determination rules required by this division, and under those rules the plan determines its benefits first.

“*Secondary plan*” means a plan that is not a primary plan.

191—38.14(509,514) Use of model COB contract provision.

38.14(1) Appendix A of this division contains a model COB provision for use in contracts. The use of this model COB provision is subject to the provisions of subrules 38.14(2) through 38.14(4) and to rule 38.15(509,514).

38.14(2) Appendix B of this division is a plain language description of the COB process that explains to the covered person how health plans will implement coordination of benefits. Appendix B is not intended to replace or change the provisions that are set forth in the contract. The purpose of Appendix B is to explain the process by which two or more plans will pay for or provide benefits.

38.14(3) The COB provision contained in the appendices to this division do not have to use the specific words and format shown in the appendices. Changes may be made to fit the language and style of the rest of the contract or to reflect differences among plans that provide services, that pay benefits for expenses incurred and that indemnify. No substantive changes are permitted.

38.14(4) A COB provision may not be used that permits a plan to reduce its benefits on the basis that:

- a. Another plan exists and the covered person did not enroll in that plan;
- b. A person is or could have been covered under another plan, except with respect to Part B of Medicare; or
- c. A person has elected an option under another plan providing a lower level of benefits than another option that could have been elected.

38.14(5) No plan may contain a provision that states that its benefits are “always excess” or “always secondary” except in accordance with this division.

38.14(6) Under the terms of a closed panel plan, benefits are not payable if the covered person does not use the services of a closed panel provider. In most instances, COB does not occur if a covered person is enrolled in two or more closed panel plans and obtains services from a provider in one of the closed panel plans because the other closed panel plan (the one whose providers were not used) has no liability. However, COB may occur during the plan year when the covered person receives emergency services that would have been covered by both plans. Then the secondary plan shall use the provisions of rule 38.16(509,514) to determine the amount it should pay for the benefit.

38.14(7) No plan may use a COB provision or any other provision that allows it to reduce its benefits with respect to any other coverage its insured may have that does not meet the definition of “plan” under rule 38.13(509,514).

191—38.15(509,514) Rules for coordination of benefits. When a person is covered by two or more plans, the order of benefit payments shall be determined as follows:

38.15(1) Primary plans. The primary plan shall pay or provide its benefits as if the secondary plan or plans do not exist.

a. If the primary plan is a closed panel plan and the secondary plan is not a closed panel plan, the secondary plan shall pay or provide benefits as if it were the primary plan when a covered person uses a non-panel provider, except for emergency services or authorized referrals that are paid or provided by the primary plan.

b. When multiple contracts providing coordinated coverage are treated as a single plan under this division, this subrule applies only to the plan as a whole, and coordination among the component contracts is governed by the terms of the contracts. If more than one carrier pays or provides benefits under the plan, the carrier designated as primary within the plan shall be responsible for the plan’s compliance with this division.

c. If a person is covered by more than one secondary plan, the order of benefit determination rules of this division decide the order in which secondary plans benefits are determined in relation to each other. Each secondary plan shall take into consideration the benefits of the primary plan or plans and the benefits of any other plan, which, under the rules of this division, has its benefits determined before those of that secondary plan.

38.15(2) Inconsistent plans.

a. Except as provided in paragraph “*b.*,” a plan that does not contain order of benefit determination provisions that are consistent with this division is always the primary plan unless the provisions of both plans, regardless of the provisions of this paragraph, state that the complying plan is primary.

b. Coverage that is obtained by virtue of membership in a group and is designed to supplement a part of a basic package of benefits may provide that the supplementary coverage shall be excess to any other parts of the plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance-type coverages that are written in connection with a closed panel plan to provide out-of-network benefits.

38.15(3) Consideration of other plans. A plan may take into consideration the benefits paid or provided by another plan only when, under the provisions of this division, it is secondary to the other plan.

38.15(4) Order of benefit determination. Each plan determines its order of benefits using the first of the following rules that applies:

a. Nondependent or dependent.

(1) Subject to subparagraph 38.15(4)“*a*”(2), the plan that covers the person other than as a dependent, for example, as an employee, member, subscriber, policyholder or retiree, is the primary plan and the plan that covers the person as a dependent is the secondary plan.

(2) If the person is a Medicare beneficiary and, as a result of the provisions of Title XVIII of the Social Security Act and implementing regulations, Medicare is secondary to the plan covering the person

as a dependent and primary to the plan covering the person as other than a dependent (e.g., a retired employee), then the order of benefits is reversed so that the plan covering the person as an employee, member, subscriber, policyholder or retiree is the secondary plan and the other plan covering the person as a dependent is the primary plan.

b. Dependent child covered under more than one plan. Unless there is a court decree stating otherwise, plans covering a dependent child shall determine the order of benefits as follows:

(1) For a dependent child whose parents are married or are living together, whether or not they have ever been married, the plan of the parent whose birthday falls earlier in the calendar year is the primary plan; or if both parents have the same birthday, the plan that has covered one of the parents the longest is the primary plan.

(2) For a dependent child whose parents are divorced or separated or are not living together, whether or not they have ever been married:

1. If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the plan of that parent has actual knowledge of those terms, that plan is primary. If the parent with responsibility has no health care coverage for the dependent child's health care expenses, but that parent's spouse does have health care coverage, that parent's spouse's plan is the primary plan. This item shall not apply with respect to any plan year during which benefits are paid or provided before the entity has actual knowledge of the court decree provision;

2. If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of subparagraph 38.15(4) "b"(1) shall determine the order of benefits;

3. If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of subparagraph 38.15(4) "b"(1) of this paragraph shall determine the order of benefits; or

4. If there is no court decree allocating responsibility for the child's health care expenses or health care coverage, the order of benefits for the child is as follows:

- (I) The plan covering the custodial parent;
- (II) The plan covering the custodial parent's spouse;
- (III) The plan covering the noncustodial parent; and then
- (IV) The plan covering the noncustodial parent's spouse.

(3) For a dependent child covered under more than one plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, under subparagraph 38.15(4) "b"(1) or (2) as if those individuals were parents of the child.

c. Active employee or retired or laid-off employee.

(1) The plan that covers a person as an active employee, that is, an employee who is neither laid off nor retired or as a dependent of an active employee, is the primary plan. The plan covering that same person as a retired or laid-off employee or as a dependent of a retired or laid-off employee is the secondary plan.

(2) If the other plan does not have the provision stated in subparagraph 38.15(4) "c"(1), and, as a result, the plans do not agree on the order of benefits, subparagraph 38.15(4) "c"(1) is ignored.

(3) Paragraph 38.15(4) "c" does not apply if the provisions of paragraph 38.15(4) "a" can determine the order of benefits.

d. COBRA or state continuation coverage.

(1) If a person whose coverage is provided pursuant to COBRA or under a right of continuation pursuant to state law or other federal law is covered under another plan, the plan covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the primary plan, and the plan covering that same person pursuant to COBRA or under a right of continuation pursuant to state law or other federal law is the secondary plan.

(2) If the other plan does not have the provision stated in subparagraph 38.15(4) "d"(1), and if, as a result, the plans do not agree on the order of benefits, subparagraph 38.15(4) "d"(1) is ignored.

(3) Paragraph 38.15(4) "d" does not apply if the provisions of paragraph 38.15(4) "a" can determine the order of benefits.

e. Longer or shorter length of coverage.

(1) If the preceding provisions stated in paragraphs 38.15(4) “*a*” through “*d*” do not determine the order of benefits, the plan that covered the person for the longer period of time is the primary plan and the plan that covered the person for the shorter period of time is the secondary plan.

(2) To determine the length of time during which a person has been covered under a plan, two successive plans shall be treated as one if the covered person was eligible under the second plan within 24 hours after coverage under the first plan ended.

(3) The start of a new plan does not include:

1. A change in the amount or scope of a plan’s benefits;

2. A change in the entity that pays, provides or administers the plan’s benefits; or

3. A change from one type of plan to another, such as from a single employer plan to a multiple employer plan.

(4) The length of time during which a person is covered under a plan is measured from the person’s first date of coverage under that plan. If that date is not readily available for a group plan, the date on which the person first became a member of the group shall be used as the date from which to determine the length of time the person’s coverage under the present plan has been in force.

f. If none of the preceding provisions stated in paragraphs 38.15(4) “*a*” through “*e*” determine the order of benefits, the allowable expenses shall be shared equally between the plans.

191—38.16(509,514) Procedure to be followed by secondary plan to calculate benefits and pay a claim. In determining the amount to be paid by the secondary plan on a claim, should the plan wish to coordinate benefits, the secondary plan shall calculate the benefits it would have paid on the claim in the absence of other health care coverage and apply that calculated amount to any allowable expense under its plan that is unpaid by the primary plan. The secondary plan may reduce its payment by an amount so that, when combined with the amount paid by the primary plan, the total benefits paid or provided by all plans for the claim do not exceed 100 percent of the total allowable expense for that claim. In addition, the secondary plan shall credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.

191—38.17(509,514) Notice to covered persons. A plan shall, in its explanation of benefits provided to covered persons, include the following language: “If you are covered by more than one health benefit plan, you should file all your claims with each plan.”

191—38.18(509,514) Miscellaneous provisions.

38.18(1) A secondary plan that provides benefits in the form of services may recover the reasonable cash value of the services from the primary plan, to the extent that benefits for the services are covered by the primary plan and have not already been paid or provided by the primary plan. Nothing in this subrule shall be interpreted to require a plan to reimburse a covered person in cash for the value of services provided by a plan that provides benefits in the form of services.

38.18(2) Complying and noncomplying plans.

a. A plan with order of benefit determination provisions that comply with this division (complying plan) may coordinate its benefits with a plan that is “excess” or “always secondary” or that uses order of benefit determination rules that are inconsistent with those contained in this division (noncomplying plan) on the following basis:

(1) If the complying plan is the primary plan, it shall pay or provide its benefits first;

(2) If the complying plan is the secondary plan, it shall pay or provide its benefits first, but the amount of the benefits payable shall be determined as if the complying plan were the secondary plan. In such a situation, the payment shall be the limit of the complying plan’s liability; and

(3) If the noncomplying plan does not provide the information needed by the complying plan to determine the complying plan’s benefits within a reasonable time after the noncomplying plan is requested to do so, the complying plan shall assume that the benefits of the noncomplying plan are identical to its own, and shall pay its benefits accordingly. If, within two years of payment, the complying

plan receives information as to the actual benefits of the noncomplying plan, the complying plan shall adjust payments accordingly.

b. If the noncomplying plan reduces its benefits so that the covered person receives less in benefits than the covered person would have received had the complying plan paid or provided its benefits as the secondary plan and the noncomplying plan paid or provided its benefits as the primary plan, and governing state law allows the right of subrogation set forth below, then the complying plan shall advance to the covered person or on behalf of the covered person an amount equal to the difference.

c. In no event shall the complying plan advance more than the complying plan would have paid had it been the primary plan less any amount it previously paid for the same expense or service. In consideration of the advance, the complying plan shall be subrogated to all rights of the covered person against the noncomplying plan. The advance by the complying plan shall also be without prejudice to any claim it may have against a noncomplying plan in the absence of subrogation.

38.18(3) COB differs from subrogation. Provisions for COB or subrogation may be included in health care benefits contracts without compelling the inclusion or exclusion of either.

38.18(4) If the plans cannot agree on the order of benefits within 30 calendar days after the plans have received all of the information needed to pay the claim, the plans shall immediately pay the claim in equal shares and determine their relative liabilities following payment, except that no plan shall be required to pay more than it would have paid had it been the primary plan.

191—38.19(509,514) Effective date for existing contracts. Rescinded IAB 10/20/10, effective 11/24/10.

APPENDIX A MODEL COB CONTRACT PROVISIONS

COORDINATION OF THIS CONTRACT'S BENEFITS WITH OTHER BENEFITS

The Coordination of Benefits (COB) provision applies when a person has health care coverage under more than one **Plan**. **Plan** is defined below.

The order of benefit determination rules govern the order in which each **Plan** will pay a claim for benefits. The **Plan** that pays first is called the **Primary plan**. The **Primary plan** must pay benefits in accordance with its policy terms without regard to the possibility that another **Plan** may cover some expenses. The **Plan** that pays after the **Primary plan** is the **Secondary plan**. The **Secondary plan** may reduce the benefits it pays so that payment from all **Plans** does not exceed 100% of the total **Allowable expense**.

DEFINITIONS

- A. A **Plan** is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.
- (1) **Plan** includes: group and nongroup insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan, as permitted by law.
 - (2) **Plan** does not include: hospital indemnity coverage or other fixed indemnity coverage; accident-only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident-type coverage; benefits for nonmedical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage under (1) or (2) is a separate **Plan**. If a **Plan** has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate **Plan**.

- B. **This plan** means, in a **COB** provision, the part of the contract providing the health care benefits to which the **COB** provision applies and which may be reduced because of the benefits of other plans. Any other part of the contract providing health care benefits is separate from this plan. A contract may apply one **COB** provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another **COB** provision to coordinate other benefits.
- C. The order of benefit determination rules determine whether **This plan** is a **Primary plan** or **Secondary plan** when the person has health care coverage under more than one **Plan**. When **This plan** is primary, it determines payment for its benefits first before those of any other **Plan** without considering any other **Plan's** benefits. When **This plan** is secondary, it determines its benefits after those of another **Plan** and may reduce the benefits it pays so that all **Plan** benefits do not exceed 100% of the total **Allowable expense**.
- D. **Allowable expense** is a health care expense, including deductibles, coinsurance and copayments, that is covered at least in part by any **Plan** covering the person. When a **Plan** provides benefits in the form of services, the reasonable cash value of each service will be considered an **Allowable expense** and a benefit paid. An expense that is not covered by any **Plan** covering the person is not an **Allowable expense**. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a covered person is not an **Allowable expense**. The following are examples of expenses that are not **Allowable expenses**:
- (1) The difference between the cost of a semiprivate hospital room and a private hospital room is not an **Allowable expense**, unless one of the **Plans** provides coverage for private hospital room expenses.
 - (2) If a person is covered by 2 or more **Plans** that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other

- similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an **Allowable expense**.
- (3) If a person is covered by 2 or more **Plans** that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an **Allowable expense**.
 - (4) If a person is covered by one **Plan** that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and by another **Plan** that provides its benefits or services on the basis of negotiated fees, the **Primary plan's** payment arrangement shall be the **Allowable expense** for all **Plans**. However, if the provider has contracted with the **Secondary plan** to provide the benefit or service for a specific negotiated fee or payment amount that is different than the **Primary plan's** payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the **Allowable expense** used by the **Secondary plan** to determine its benefits.
 - (5) The amount of any benefit reduction by the **Primary plan** because a covered person has failed to comply with the **Plan** provisions is not an **Allowable expense**. Examples of these types of plan provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.
- E. **Closed panel plan** is a **Plan** that provides health care benefits to covered persons primarily in the form of services through a panel of providers that have contracted with or are employed by the **Plan**, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.
- F. **Custodial parent** is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one-half of the calendar year excluding any temporary visitation.

ORDER OF BENEFIT DETERMINATION RULES

When a person is covered by two or more **Plans**, the rules for determining the order of benefit payments are as follows:

- A. The **Primary plan** pays or provides its benefits according to its terms of coverage and without regard to the benefits of any other **Plan**.
- B.
 - (1) Except as provided in Paragraph (2), a **Plan** that does not contain a coordination of benefits provision that is consistent with this regulation is always primary unless the provisions of both **Plans** state that the complying plan is primary.
 - (2) Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the **Plan** provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance-type coverages that are written in connection with a **Closed panel plan** to provide out-of-network benefits.
- C. A **Plan** may consider the benefits paid or provided by another **Plan** in calculating payment of its benefits only when it is secondary to that other **Plan**.
- D. Each **Plan** determines its order of benefits using the first of the following rules that apply:
 - (1) Nondependent or Dependent. The **Plan** that covers the person other than as a dependent, for example as an employee, member, policyholder, subscriber or retiree is the **Primary plan** and the **Plan** that covers the person as a dependent is the **Secondary plan**. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the **Plan** covering the person as a dependent; and primary to the **Plan** covering the person as other than a dependent (e.g., a retired employee); then the order of benefits between the two **Plans** is reversed so that the **Plan** covering the person as an employee, member, policyholder, subscriber or retiree is the **Secondary plan** and the other **Plan** is the **Primary plan**.

- (2) Dependent Child Covered Under More Than One Plan. Unless there is a court decree stating otherwise, when a dependent child is covered by more than one **Plan** the order of benefits is determined as follows:
- (a) For a dependent child whose parents are married or are living together, whether or not they have ever been married:
- The **Plan** of the parent whose birthday falls earlier in the calendar year is the **Primary plan**; or
 - If both parents have the same birthday, the **Plan** that has covered the parent the longest is the **Primary plan**
- (b) For a dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:
- (i) If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the **Plan** of that parent has actual knowledge of those terms, that **Plan** is primary. This rule applies to plan years commencing after the **Plan** is given notice of the court decree;
- (ii) If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of Subparagraph (a) above shall determine the order of benefits;
- (iii) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of Subparagraph (a) above shall determine the order of benefits; or
- (iv) If there is no court decree allocating responsibility for the dependent child's health care expenses or health care coverage, the order of benefits for the child is as follows:
- The **Plan** covering the **Custodial parent**;
 - The **Plan** covering the spouse of the **Custodial parent**;
 - The **Plan** covering the **Noncustodial parent**; and then
 - The **Plan** covering the spouse of the **Noncustodial parent**.
- (c) For a dependent child covered under more than one **Plan** of individuals who are the parents of the child, the provisions of Subparagraph (a) or (b) above shall determine the order of benefits as if those individuals were the parents of the child.
- (3) Active Employee or Retired or Laid-Off Employee. The **Plan** that covers a person as an active employee, that is, an employee who is neither laid off nor retired, is the **Primary plan**. The **Plan** covering that same person as a retired or laid-off employee is the **Secondary plan**. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other **Plan** does not have this rule, and as a result, the **Plans** do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.
- (4) COBRA or State Continuation Coverage. If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another **Plan**, the **Plan** covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the **Primary plan** and the COBRA or state or other federal continuation coverage is the **Secondary plan**. If the other **Plan** does not have this rule, and as a result, the **Plans** do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.
- (5) Longer or Shorter Length of Coverage. The **Plan** that covered the person as an employee, member, policyholder, subscriber or retiree longer is the **Primary plan** and the **Plan** that covered the person the shorter period of time is the **Secondary plan**.
- (6) If the preceding rules do not determine the order of benefits, the **Allowable expenses** shall be shared equally between the **Plans** meeting the definition of **Plan**. In addition, **This plan** will not pay more than it would have paid had it been the **Primary plan**.

EFFECT ON THE BENEFITS OF THIS PLAN

- A. When **This plan** is secondary, it may reduce its benefits so that the total benefits paid or provided by all **Plans** during a plan year are not more than the total **Allowable expenses**. In determining the amount to be paid for any claim, the **Secondary plan** will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any **Allowable expense** under its **Plan** that is unpaid by the **Primary plan**. The **Secondary plan** may then reduce its payment by the amount so that, when combined with the amount paid by the **Primary plan**, the total benefits paid or provided by all **Plans** for the claim do not exceed the total **Allowable expense** for that claim. In addition, the **Secondary plan** shall credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.
- B. If a covered person is enrolled in two or more **Closed panel plans** and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one **Closed panel plan**, **COB** shall not apply between that **Plan** and other **Closed panel plans**.

RIGHT TO RECEIVE AND RELEASE NEEDED INFORMATION

Certain facts about health care coverage and services are needed to apply these **COB** rules and to determine benefits payable under **This plan** and other **Plans**. [Organization responsibility for **COB** administration] may get the facts it needs from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under **This plan** and other **Plans** covering the person claiming benefits. [Organization responsibility for **COB** administration] need not tell, or get the consent of, any person to do this. Each person claiming benefits under **This plan** must give [Organization responsibility for **COB** administration] any facts it needs to apply those rules and determine benefits payable.

FACILITY OF PAYMENT

A payment made under another **Plan** may include an amount that should have been paid under **This plan**. If it does, [Organization responsibility for **COB** administration] may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under **This plan**. [Organization responsibility for **COB** administration] will not have to pay that amount again. The term “payment made” includes providing benefits in the form of services, in which case “payment made” means the reasonable cash value of the benefits provided in the form of services.

RIGHT OF RECOVERY

If the amount of the payments made by [Organization responsibility for **COB** administration] is more than it should have paid under this **COB** provision, it may recover the excess from one or more of the persons it has paid or for whom it has paid; or any other person or organization that may be responsible for the benefits or services provided for the covered person. The “amount of the payments made” includes the reasonable cash value of any benefits provided in the form of services.

APPENDIX B CONSUMER EXPLANATORY BOOKLET

COORDINATION OF BENEFITS

IMPORTANT NOTICE

This is a summary of only a few of the provisions of your health plan to help you understand coordination of benefits, which can be very complicated. This is not a complete description of all of the coordination rules and procedures, and does not change or replace the language contained in your insurance contract, which determines your benefits.

Double Coverage

It is common for family members to be covered by more than one health care plan. This happens, for example, when a husband and wife both work and choose to have family coverage through both employers.

When you are covered by more than one health plan, state law permits your insurers to follow a procedure called “coordination of benefits” to determine how much each should pay when you have a claim. The goal is to make sure that the combined payments of all plans do not add up to more than your covered health care expenses.

Coordination of benefits (COB) is complicated, and covers a wide variety of circumstances. This is only an outline of some of the most common ones. If your situation is not described, read your evidence of coverage or contact your state insurance department.

Primary or Secondary?

You will be asked to identify all the plans that cover members of your family. We need this information to determine whether we are the “primary” or “secondary” benefit payer. The primary plan always pays first when you have a claim.

Any plan that does not contain your state’s COB rules will always be primary.

When This Plan Is Primary

If you or a family member are covered under another plan in addition to this one, we will be primary when:

Your Own Expenses

- The claim is for your own health care expenses, unless you are covered by Medicare and both you and your spouse are retired.

Your Spouse’s Expenses

- The claim is for your spouse, who is covered by Medicare, and you are not both retired.

Your Child’s Expenses

- The claim is for the health care expenses of your child who is covered by this plan and
- You are married and your birthday is earlier in the year than your spouse’s or you are living with another individual, regardless of whether or not you have ever been married to that individual, and your birthday is earlier than that other individual’s birthday. This is known as the “birthday rule”;

or

- You are separated or divorced and you have informed us of a court decree that makes you responsible for the child’s health care expenses;

or

- There is no court decree, but you have custody of the child.

Other Situations

We will be primary when any other provisions of state or federal law require us to be.

How We Pay Claims When We Are Primary

When we are the primary plan, we will pay the benefits in accordance with the terms of your contract, just as if you had no other health care coverage under any other plan.

How We Pay Claims When We Are Secondary

We will be secondary whenever the rules do not require us to be primary.

How We Pay Claims When We Are Secondary

When we are the secondary plan, we do not pay until after the primary plan has paid its benefits. We will then pay part or all of the allowable expenses left unpaid, as explained below. An “allowable expense” is a health care expense covered by one of the plans, including copayments, coinsurance and deductibles.

- If there is a difference between the amount the plans allow, we will base our payment on the higher amount. However, if the primary plan has a contract with the provider, our combined payments will not be more than the amount called for in our contract or the amount called for in the contract of the primary plan, whichever is higher. Health maintenance organizations (HMOs) and preferred provider organizations (PPOs) usually have contracts with their providers.
- We will determine our payment by subtracting the amount the primary plan paid from the amount we would have paid if we had been primary. We may reduce our payment by any amount so that, when combined with the amount paid by the primary plan, the total benefits paid do not exceed the total allowable expense for your claim. We will credit any amount we would have paid in the absence of your other health care coverage toward our own plan deductible.
- If the primary plan covers similar kinds of health care expenses, but allows expenses that we do not cover, we may pay for those expenses.
- We will not pay an amount the primary plan did not cover because you did not follow its rules and procedures. For example, if your plan has reduced its benefit because you did not obtain precertification, as required by that plan, we will not pay the amount of the reduction, because it is not an allowable expense.

CHAPTER 39
LONG-TERM CARE INSURANCE

DIVISION I
GENERAL PROVISIONS

191—39.1(514G) Purpose. The purpose of this chapter is to implement Iowa Code chapter 514G, to promote the availability of long-term care insurance coverage, to protect applicants for long-term care insurance, as defined, from unfair or deceptive sales or enrollment practices, to facilitate public understanding and comparison of long-term care insurance coverages, and to facilitate flexibility and innovation in the development of long-term care insurance.

191—39.2(514G) Authority. This chapter is issued pursuant to the authority vested in the commissioner under Iowa Code section 514G.7 in accordance with the procedures set forth in Iowa Code chapter 17A.

191—39.3(514G) Applicability and scope. Except as otherwise specifically provided, this chapter applies to all long-term care insurance policies and long-term care coverage arrangements delivered or issued for delivery in this state on or after the effective date hereof, by insurers, fraternal benefit societies, nonprofit health, hospital and medical service corporations, prepaid health plans, health maintenance organizations and all similar organizations.

191—39.4(514G) Definitions. For the purpose of these rules, the terms “*Group long-term care insurance*,” “*Commissioner*,” “*Applicant*,” “*Policy*,” “*Preexisting condition*” and “*Certificate*” shall have the meanings set forth in Iowa Code chapter 514G, “Long-Term Care Insurance Act.”

“*Long-term care insurance*” means an insurance policy, insurance contract, insurance certificate, or rider, which is advertised, marketed, offered, or designed to provide coverage for not less than 12 consecutive months for each covered person on an expense-incurred, indemnity, prepaid, or other basis; for one or more necessary or medically necessary diagnostic, preventive, therapeutic, rehabilitative, maintenance, or personal care service provided in a setting other than an acute care unit of a hospital. This definition also encompasses group and individual annuities and life insurance policies or riders that provide directly for or supplement long-term care insurance as well as a policy or rider providing for payment of benefits based upon cognitive impairment or the loss of functional capacity.

Long-term care insurance may be issued by insurers, fraternal benefit societies, nonprofit health, hospital, and medical service corporations, prepaid health plans, health maintenance organizations or any similar organizations to the extent they are otherwise authorized to issue life or health insurance.

Long-term care insurance shall not include any insurance policy which is offered primarily to provide basic Medicare Supplement coverage, basic hospital expense coverage, basic medical-surgical expense coverage, disability income or related asset-protection coverage, or accident-only coverage, specific disease or specified accident coverage, or limited benefit health coverage. The definition does not include life insurance policies which accelerate the death benefit specifically for one or more of the qualifying events of terminal illness, medical conditions requiring extraordinary medical intervention, or permanent institutional confinement, and which provide the option of a lump-sum payment for those benefits and in which neither the benefits nor eligibility for those benefits is conditional upon the receipt of long-term care. Notwithstanding any other provision contained herein, any product advertised, marketed, or offered as long-term care insurance shall be subject to the provisions of 191—Chapter 39.

“*Long-term care coverage arrangement*” is a promise that long-term care will be delivered to a person upon need and the meeting of certain contractual requirements. The arrangement is offered to the general public or a sector of the general public at a cost determined by the use of sound actuarial principles based upon the probability of use. This definition does not include self-insurance.

“*Qualified long-term care insurance contract*” or “*federally tax-qualified long-term care insurance contract*” means an individual or group insurance contract that meets the requirements of Section 7702B(b) of the Internal Revenue Code of 1986, as follows:

1. The only insurance protection provided under the contract is coverage of qualified long-term care services. A contract shall not fail to satisfy the requirements of this paragraph by reason of payments being made on a per diem or other periodic basis without regard to the expenses incurred during the period to which the payments relate;

2. The contract does not pay or reimburse expenses incurred for services or items to the extent that the expenses are reimbursable under Title XVIII of the Social Security Act or would be so reimbursable but for the application of a deductible or coinsurance amount. The requirements of this paragraph do not apply to expenses that are reimbursable under Title XVIII of the Social Security Act only as a secondary payor. A contract shall not fail to satisfy the requirements of this paragraph by reason of payments being made on a per diem or other periodic basis without regard to the expenses incurred during the period to which the payments relate;

3. The contract is guaranteed renewable, within the meaning of Section 7702B(b)(1)(C) of the Internal Revenue Code of 1986;

4. The contract does not provide for a cash surrender value or other money that can be paid, assigned, pledged as collateral for a loan, or borrowed;

5. All refunds of premiums, and all policyholder dividends or similar amounts, under the contract are to be applied as a reduction in future premiums or to increase future benefits, except that a refund on the event of death of the insured or a complete surrender or cancellation of the contract cannot exceed the aggregate premiums paid under the contract; and

6. The contract meets the consumer protection provisions set forth in Section 7702B(g) of the Internal Revenue Code of 1986.

“Qualified long-term care insurance contract” or “federally tax-qualified long-term care insurance contract” also means the portion of a life insurance contract that provides long-term care insurance coverage by rider or as part of the contract and that satisfies the requirements of Sections 7702B(b) and (e) of the Internal Revenue Code of 1986.

191—39.5(514G) Policy definitions. No long-term care insurance policy delivered or issued for delivery in this state shall use the terms set forth below, unless the terms are defined in the policy and the definitions satisfy the following requirements:

39.5(1) “*Medicare*” shall be defined as “The Health Insurance for the Aged Act, Title XVIII of the Social Security Amendments of 1965 as Then Constituted or Later Amended,” or “Title I, Part I of Public Law 89-97, as Enacted by the Eighty-ninth Congress of the United States of America and popularly known as the Health Insurance for the Aged Act, as then constituted and any later amendments or substitutes thereof,” or words of similar import.

39.5(2) “*Mental or nervous disorder*” shall not be defined to include more than neurosis, psychoneurosis, psychopathy, psychosis, or mental or emotional disease or disorder.

39.5(3) *Nursing care.*

a. “*Skilled nursing care*” shall not be defined more restrictively than one or more professional services performed for the benefit of the insured on a daily basis, by or under the supervision of a registered nurse, prescribed by a physician, appropriate and consistent with the diagnosis and conditions requiring care.

b. “*Intermediate nursing care*” shall not be defined more restrictively than care which meets all of the above when professional nursing services are delivered on a regular basis but less often than daily.

c. “*Custodial nursing care*” shall not be defined more restrictively than that level of care required to assist an individual in activities of daily living when, due to age complicated by sickness or injury, such care is required. This level of care can be performed by persons without professional skills or training.

39.5(4) “*Nursing facility*” shall be defined in relation to its status, facilities, and available services.

a. A definition of such home or facility shall not be more restrictive than one requiring that it:

(1) Be operated pursuant to law; be appropriately licensed or certified;

(2) Be primarily engaged in providing, in addition to room and board accommodations, skilled or intermediate nursing care under the supervision of a duly licensed physician;

(3) Provide nursing service by or under the supervision of a registered nurse (R.N.); and

(4) Maintain a daily medical record of each patient.

b. The definition of such home or facility may provide that the term shall not include:

(1) Any home, facility or part thereof used primarily for rest;

(2) A home or facility for the aged or for the care of drug addicts or alcoholics; or

(3) A home or facility primarily used for the care and treatment of mental diseases, or disorders, or custodial or educational care.

39.5(5) “*Acute condition*” means that the individual is medically unstable. Such an individual requires frequent monitoring by medical professionals, such as physicians and registered nurses, in order to maintain the individual’s health status.

39.5(6) “*Home health care services*” means medical and nonmedical services, provided to ill, disabled or infirm persons in their residences. Such services may include homemaker services, assistance with activities of daily living and respite care services.

39.5(7) “*Activities of daily living*” means at least bathing, continence, dressing, eating, toileting and transferring.

39.5(8) “*Adult day care*” means a program for six or more individuals of social and health-related services provided during the day in a community group setting for the purpose of supporting frail, impaired elderly or other disabled adults who can benefit from care in a group setting outside the home.

39.5(9) “*Bathing*” means washing oneself by sponge bath or in either a tub or shower, including the task of getting into or out of the tub or shower.

39.5(10) “*Cognitive impairment*” means a deficiency in a person’s short- or long-term memory, orientation as to person, place and time, deductive or abstract reasoning, or judgment as it relates to safety awareness.

39.5(11) “*Continence*” means the ability to maintain control of bowel and bladder function or, when unable to maintain control of bowel or bladder function, the ability to perform associated personal hygiene (including caring for catheter or colostomy bag).

39.5(12) “*Dressing*” means putting on and taking off all items of clothing and any necessary braces, fasteners or artificial limbs.

39.5(13) “*Eating*” means feeding oneself by getting food into the body from a receptacle (such as a plate, cup or table) or by a feeding tube or intravenously.

39.5(14) “*Exceptional increase*” means only those increases filed by an insurer as exceptional for which the commissioner determines that the need for the premium rate increase is justified due to changes in laws or regulations applicable to long-term care coverage in this state or due to increased and unexpected utilization that affects the majority of insurers of similar products. Except as provided in rule 191—39.28(514G), exceptional increases are subject to the same requirements as other premium rate schedule increases.

The commissioner may request a review by an independent actuary or a professional actuarial body of the basis for a request that an increase be considered an exceptional increase. The commissioner, in determining that the necessary basis for an exceptional increase exists, shall also determine any potential offsets to higher claims costs.

39.5(15) “*Hands-on assistance*” means physical assistance (minimal, moderate or maximal) without which the individual would not be able to perform the activities of daily living.

39.5(16) “*Incidental,*” as used in subrule 39.28(10), means that the value of the long-term care benefits provided is less than 10 percent of the total value of the benefits provided over the life of the policy. These values shall be measured as of the date of issue.

39.5(17) “*Personal care*” means the provision of hands-on services to assist an individual with activities of daily living.

39.5(18) “*Qualified actuary*” means a member in good standing of the American Academy of Actuaries.

39.5(19) “*Similar policy forms*” means all of the long-term care insurance policies and certificates issued by an insurer in the same long-term care benefit classification as the policy form being considered. Certificates of groups that meet the definition in Iowa Code section 514G.4(4) are not considered similar to certificates or policies otherwise issued as long-term care insurance, but are similar to other comparable

certificates with the same long-term care benefit classifications. For purposes of determining similar policy forms, long-term care benefit classifications are defined as follows: institutional long-term care benefits only, noninstitutional long-term care benefits only, or comprehensive long-term care benefits.

39.5(20) *“Toileting”* means getting to and from the toilet, getting on and off the toilet, and performing associated personal hygiene.

39.5(21) *“Transferring”* means moving into or out of a bed, chair or wheelchair.

191—39.6(514G) Policy practices and provisions.

39.6(1) *Renewability.* The terms *“guaranteed renewable”* and *“noncancellable”* shall not be used in any individual long-term care insurance policy without further explanatory language in accordance with the disclosure requirements of this chapter. No such policy issued to an individual shall contain renewal provisions other than *“guaranteed renewable”* or *“noncancellable.”*

a. The term *“guaranteed renewable”* may be used only when the insured has the right to continue the long-term care insurance in force by the timely payment of premiums and when the insurer has no unilateral right to make any change in any provision of the policy or rider while the insurance is in force and cannot decline to renew. Rates may be revised by the insurer on a class basis.

b. The term *“noncancellable”* may be used only when the insured has the right to continue the long-term care insurance in force by the timely payment of premiums during which period the insurer has no right to unilaterally make any change in any provision of the insurance or in the premium rate.

c. Notwithstanding the provisions in 191—subrule 36.5(4), long-term care insurance policies may contain a return of premium or cash value benefit so long as:

(1) The return of premium or cash value benefit is not reduced by an amount greater than the aggregate of any claims paid under the policy; and

(2) The insurer demonstrates in its filings that the reserve basis for the policies is adequate.

Any advertisement or sales presentation of a long-term care insurance policy with a return of premium or cash value benefit provision shall include a side-by-side comparison of premiums for the same policy with and without the return of premium or cash value benefit provision.

d. The term *“level premium”* may be used only when the insurer does not have the right to change the premium.

e. In addition to the other requirements of this subrule, a qualified long-term care insurance contract shall be guaranteed renewable, within the meaning of Section 7702B(b)(1)(C) of the Internal Revenue Code of 1986.

39.6(2) *Limitations and exclusions.*

a. No policy may be delivered or issued for delivery in this state as long-term care insurance if such policy limits or excludes coverage by type of illness, treatment, medical condition or accident, except as follows:

(1) Preexisting conditions or disease;

(2) Mental or nervous disorders (however, this shall not permit exclusion or limitation of benefits on the basis of Alzheimer’s disease or similar forms of irreversible dementia nor limit coverage for Alzheimer’s disease to the skilled or intermediate level of care);

(3) Alcoholism and drug addiction;

(4) Illness, treatment or medical condition arising out of:

1. War or act of war (whether declared or undeclared);

2. Participation in a felony, riot or insurrection;

3. Service in the armed forces or units auxiliary thereto;

4. Attempted suicide (sane or insane) or intentional self-inflicted injury;

5. Aviation (this exclusion applies only to non-fare-paying passengers).

(5) Treatment provided in a government facility (unless otherwise required by law), services for which benefits are available under Medicare or other governmental program (except Medicaid), any state or federal workers’ compensation, employer’s liability or occupational disease law, or any motor vehicle no-fault law, services provided by a member of the covered person’s immediate family and services for which no charge is normally made in the absence of insurance;

(6) Expenses for services or items available or paid under another long-term care insurance or health insurance policy;

(7) In the case of a qualified long-term care insurance contract, expenses for services or items to the extent that the expenses are reimbursable under Title XVIII of the Social Security Act or would be so reimbursable but for the application of a deductible or coinsurance amount.

Paragraph “a” is not intended to prohibit exclusions and limitations by type of provider or territorial limitations.

b. Unless otherwise provided in the policy or certificate, a preexisting condition, regardless of whether it is disclosed on the application, need not be covered until the waiting period described in Iowa Code section 514G.7(3) “b” expires. No long-term care insurance policy or certificate may exclude or use waivers or riders of any kind to exclude, limit or reduce coverage or benefits for specifically named or described preexisting diseases or physical conditions beyond the waiting period described in Iowa Code section 514G.7(3) “b.”

c. No long-term care insurance policy may be delivered or issued for delivery in this state if the policy conditions eligibility for any benefits other than waiver of premium, postconfinement, postacute care or recuperative benefits on a prior institutionalization requirement.

39.6(3) Extension of benefits. Termination of long-term care insurance shall be without prejudice to any benefits payable for institutionalization if such institutionalization began while the long-term care insurance was in force and continues without interruption after termination. Such extension of benefits beyond the period the long-term care insurance was in force may be limited to the duration of the benefit period, if any, or to payment of the maximum benefits and may be subject to any policy waiting period, and all other applicable provisions of the policy.

39.6(4) Continuation or conversion.

a. Group long-term care insurance issued in this state on or after January 1, 1992, shall provide covered individuals with a basis for continuation or conversion of coverage.

b. For the purposes of this rule, “a basis for continuation of coverage” means a policy provision which maintains coverage under the existing group policy when such coverage would otherwise terminate and which is subject only to the continued timely payment of premium when due. Group policies which restrict provision of benefits and services to, or contain incentives to use, certain providers or facilities may provide continuation benefits which are substantially equivalent to the benefits of the existing group policy. The commissioner shall make a determination as to the substantial equivalency of benefits, and in doing so, shall take into consideration the differences between managed care and nonmanaged care plans including, but not limited to, provider system arrangements, service availability, benefit levels and administrative complexity.

c. For the purposes of this rule, “a basis for conversion of coverage” means a policy provision that an individual whose coverage under the group policy would otherwise terminate or has been terminated for any reason, including discontinuance of the group policy in its entirety or with respect to an insured class, and who has been continuously insured under the group policy (and any group policy which it replaced), for at least six months immediately prior to termination, shall be entitled to the issuance of a converted policy by the insurer under whose group policy the individual is covered, without evidence of insurability.

d. For the purposes of this rule, “converted policy” means an individual policy of long-term care insurance providing benefits identical to or benefits determined by the commissioner to be substantially equivalent to or in excess of those provided under the group policy from which conversion is made. Where the group policy from which conversion is made restricts provision of benefits and services to, or contains incentives to use, certain providers or facilities, the commissioner, in making a determination as to the substantial equivalency of benefits, shall take into consideration the differences between managed care and nonmanaged care plans including, but not limited to, provider system arrangements, service availability, benefit levels and administrative complexity.

e. Written application for the converted policy shall be made and the first premium due, if any, shall be paid as directed by the insurer not later than 31 days after termination of coverage under the

group policy. The converted policy shall be issued effective on the day following the termination of coverage under the group policy, and shall be renewable annually.

f. Unless the group policy from which conversion is made replaced previous group coverage, the premium for the converted policy shall be calculated on the basis of the insured's age at inception of coverage under the group policy from which conversion is made. Where the group policy from which conversion is made replaced previous group coverage, the premium for the converted policy shall be calculated on the basis of the insured's age at inception of coverage under the group policy replaced.

g. Continuation of coverage or issuance of a converted policy shall be mandatory, except where:

(1) Termination of group coverage resulted from an individual's failure to make any required payment of premium or contribution when due; or

(2) The terminating coverage is replaced not later than 31 days after termination, by group coverage, effective on the day following termination of coverage, that provides benefits identical to or benefits determined by the commissioner to be substantially equivalent to or in excess of those provided by the terminating coverage, and for which the premium is calculated in a manner consistent with the requirements of paragraph "*f*" of this subrule.

h. Notwithstanding any other provision of this rule, a converted policy issued to an individual who at the time of conversion is covered by another long-term care insurance policy which provides benefits on the basis of incurred expenses, may contain a provision which results in a reduction of benefits payable if the benefits provided under the additional coverage, together with the full benefits provided by the converted policy, would result in payment of more than 100 percent of incurred expenses. Such provision shall only be included in the converted policy if the converted policy also provides for a premium decrease or refund which reflects the reduction in benefits payable.

i. The converted policy may provide that the benefits payable under the converted policy, together with the benefits payable under the group policy from which conversion is made, shall not exceed those that would have been payable had the individual's coverage under the group policy remained in force and effect.

j. Notwithstanding any other provision of this rule, any insured individual whose eligibility for long-term care coverage is based upon the individual's relationship to another person shall be entitled to continuation of coverage under the group policy upon termination of the qualifying relationship by death or dissolution of marriage.

k. For the purpose of this rule: a "*Managed-Care Plan*" is a health care or assisted living arrangement designed to coordinate patient care or control costs through utilization review, case management or use of specific provider networks.

39.6(5) *Discontinuance and replacement.* If a group long-term care policy is replaced by another group long-term care policy issued to the same policyholder, the succeeding insurer shall offer coverage to all persons covered under the previous group policy on its date of termination. Coverage provided or offered to individuals by the insurer and premiums charged to persons under the new group policy:

a. Shall not result in any exclusion for preexisting conditions that would have been covered under the group policy being replaced; and

b. Shall not vary or otherwise depend on the individual's health or disability status, claim experience, or use of long-term care services.

39.6(6) *Premiums.*

a. The premiums charged to an insured for long-term care insurance shall not increase due to either:

(1) The increasing age of the insured at ages beyond 65; or

(2) The duration the insured has been covered under the policy.

b. The purchase of additional coverage shall not be considered a premium rate increase, but for purposes of the calculation required under subrule 39.29(6), the portion of the premium attributable to the additional coverage shall be added to and considered part of the initial annual premium.

c. A reduction in benefits shall not be considered a premium change, but for purposes of the calculation required under subrule 39.29(6), the initial annual premium shall be based on the reduced benefits.

39.6(7) *Electronic enrollment for group policies.* In the case of a group defined in Iowa Code section 514G.4(4), any requirement that a signature of an insured be obtained by a producer or insurer shall be deemed satisfied if:

a. The consent is obtained by telephonic or electronic enrollment by the group policyholder or insurer. A verification of enrollment information shall be provided to the enrollee;

b. The telephonic or electronic enrollment provides necessary and reasonable safeguards to ensure the accuracy, retention and prompt retrieval of records; and

c. The telephonic or electronic enrollment provides necessary and reasonable safeguards to ensure that the confidentiality of individually identifiable information and privileged information is maintained.

The insurer shall make available, upon request of the commissioner, records that will demonstrate the insurer's ability to confirm enrollment and coverage amounts.

[ARC 8271B, IAB 11/4/09, effective 12/9/09]

191—39.7(514G) Required disclosure provisions.

39.7(1) *Renewability.*

a. Individual long-term care insurance policies shall contain a renewability provision. Such provision shall be appropriately captioned, shall appear on the first page of the policy, and shall clearly state the duration of the term of coverage for which the policy is issued and for which it may be renewed. This provision shall not apply to policies which do not contain a renewability provision, and under which the right to nonrenew is reserved solely to the policyholder.

b. A long-term care insurance policy or certificate, other than one in which the insurer does not have the right to change the premium, shall include a statement that premium rates may change.

39.7(2) *Riders and endorsements.* Except for riders or endorsements by which the insurer effectuates a request made in writing by the insured or exercises a specifically reserved right under an individual long-term care insurance policy, no riders or endorsements may be added to an individual long-term care insurance policy after date of issue or at reinstatement or renewal which reduce or eliminate benefits or coverage in the policy. After the date of policy issue, any rider or endorsement which increases benefits or coverage with a concomitant increase in premium during the policy term must be agreed to in writing signed by the insured, except if the increased benefits or coverage is required by law. Where a separate additional premium is charged for benefits provided in connection with riders or endorsements, such premium charge shall be set forth in the policy, rider or endorsement.

39.7(3) *Payment of benefits.* A long-term care insurance policy which provides for the payment of benefits based on standards described as "usual and customary," "reasonable and customary" or words of similar import shall include a definition of such terms and an explanation of such terms in its accompanying outline of coverage.

39.7(4) *Limitations.* If a long-term care insurance policy or certificate contains any limitations with respect to preexisting conditions, such limitation shall appear as a separate paragraph of the policy or certificate and shall be labeled as "Preexisting Condition Limitations."

39.7(5) *Other limitations or conditions on eligibility for benefits.* A long-term care insurance policy or certificate containing any limitations or conditions for eligibility, other than those prohibited in Iowa Code section 514G.7(4) "b," shall set forth a description of the limitations or conditions, including any required number of days of confinement, in a separate paragraph of the policy or certificate and shall label such paragraph "Limitations or Conditions on Eligibility for Benefits."

39.7(6) *Disclosure of tax consequences.* With regard to life insurance policies which provide an accelerated benefit for long-term care, a disclosure statement is required at the time of application for the policy or rider and at the time the accelerated benefit payment request is submitted that receipt of these accelerated benefits may be taxable, and that assistance should be sought from a personal tax advisor. The disclosure statement shall be prominently displayed on the first page of the policy or rider and any other related documents. This subrule shall not apply to qualified long-term care insurance contracts.

39.7(7) *Benefit triggers.* Activities of daily living and cognitive impairment shall be used to measure an insured's need for long-term care and shall be described in the policy or certificate in a separate paragraph and shall be labeled "Eligibility for the Payment of Benefits." Any additional benefit triggers shall also be explained in this paragraph. If these triggers differ for different benefits, explanation of the trigger shall accompany each benefit description. If an attending physician or other specified person must certify a certain level of the insured's functional dependency in order for the insured to be eligible for benefits, this too shall be specified.

39.7(8) *Qualified long-term care contracts.* A qualified long-term care insurance contract shall include a disclosure statement in the policy and in the outline of coverage that the policy is intended to be a qualified long-term care insurance contract under Section 7702B(b) of the Internal Revenue Code of 1986.

39.7(9) *Nonqualified long-term care contracts.* A nonqualified long-term care insurance contract shall include a disclosure statement in the policy and in the outline of coverage that the policy is not intended to be a qualified long-term care insurance contract.

191—39.8(514G) Prohibition against postclaims underwriting.

39.8(1) All applications for long-term care insurance policies or certificates except those which are guaranteed issue shall contain clear and unambiguous questions designed to ascertain the health condition of the applicant.

39.8(2) If an application for long-term care insurance contains a question which asks whether the applicant has had medication prescribed by a physician, it must also ask the applicant to list the medication that has been prescribed.

If the medications listed in such application were known by the insurer, or should have been known at the time of application, to be directly related to a medical condition for which coverage would otherwise be denied, then the policy or certificate shall not be rescinded for that condition.

39.8(3) Except for policies or certificates which are guaranteed issue:

a. The following language shall be set out conspicuously and in close conjunction with the applicant's signature block on an application for a long-term care insurance policy or certificate:

Caution: If your answers on this application are incorrect or untrue, [company] has the right to deny benefits or rescind your policy.

b. The following language, or language substantially similar to the following, shall be set out conspicuously on the long-term care insurance policy or certificate at the time of delivery:

Caution: The issuance of this long-term care insurance [policy] [certificate] is based upon your responses to the questions on your application. A copy of your [application] [enrollment form] [is enclosed] [was retained by you when you applied]. If your answers are incorrect or untrue, the company has the right to deny benefits or rescind your policy. The best time to clear up any questions is now, before a claim arises! If, for any reason, any of your answers are incorrect, contact the company at this address: [insert address]

39.8(4) A copy of the completed application or enrollment form (whichever is applicable) shall be delivered to the insured no later than at the time of delivery of the policy or certificate.

39.8(5) Every insurer or other entity selling or issuing long-term care insurance benefits shall maintain a record of all policy or certificate rescissions, both state and countrywide, except those which the insured voluntarily effectuated and shall annually furnish this information to the insurance commissioner in the format prescribed by the National Association of Insurance Commissioners.

191—39.9(514D,514G) Minimum standards for home health care benefits in long-term care insurance policies.

39.9(1) A long-term care insurance policy or certificate may not, if it provides benefits for home health care services, limit or exclude benefits:

a. By requiring that the insured/claimant would need skilled care in a nursing facility if home health care services were not provided;

- b.* By requiring that the insured/claimant first or simultaneously receive nursing or therapeutic services in a home or community setting before home health care services are covered;
- c.* By limiting eligible services to services provided by registered nurses or licensed practical nurses;
- d.* By requiring that a nurse or therapist provide services covered by the policy that can be provided by a home health aide, or other licensed or certified home care worker acting within the scope of the provider's licensure or certification;
- e.* By requiring that the insured/claimant have an acute condition before home health care services are covered;
- f.* By limiting benefits to services provided by Medicare-certified agencies or providers;
- g.* By excluding coverage for personal care services provided by a home health aide;
- h.* By requiring that the provision of home health care services be at a level of certification or licensure greater than that required by the eligible service;
- i.* By excluding coverage for adult day care services.

39.9(2) Home health care coverage may be applied to the nonhome health care benefits provided in the policy or certificate when determining maximum coverage under the terms of the policy or certificate.

This rule is intended to implement Iowa Code section 514D.9 and chapter 514G.

191—39.10(514D,514G) Requirement to offer inflation protection.

39.10(1) No insurer may offer a long-term care insurance policy unless the insurer also offers to the policyholder, in addition to any other inflation protection offers, the option to purchase a policy that provides for benefit levels to increase with benefit maximums or reasonable durations which are meaningful to account for reasonably anticipated increases in the costs of long-term care services covered by the policy. Insurers must offer to each policyholder, at the time of purchase, the option to purchase a policy with an inflation protection feature no less favorable than one of the following:

- a.* Increases benefit levels annually in a manner so that the increases are compounded annually at a rate not less than 5 percent;
- b.* Guarantees the insured individual the right to periodically increase benefit levels without providing evidence of insurability or health status so long as the option for the previous period has not been declined. The amount of the additional benefit shall be no less than the difference between the existing policy benefit and that benefit compounded annually at a rate of at least 5 percent for the period beginning with the purchase of the existing benefit and extending until the year in which the offer is made; or
- c.* Covers a specified percentage of actual or reasonable charges and does not include a maximum specified indemnity amount or limit.

39.10(2) Where the policy is issued to a group, the required offer in subrule 39.10(1) shall be made to the group policyholder; except, if the policy is issued to a group defined in Iowa Code section 514G.4(5) "d," other than to a continuing care retirement community, the offering shall be made to each proposed certificate holder.

39.10(3) The offer in subrule 39.10(1) shall not be required of life insurance policies or riders containing accelerated long-term care benefits.

39.10(4) Insurers shall include the following information in or with the outline of coverage:

- a.* A graphic comparison of the benefit levels of a policy that increases benefits over the policy period with a policy that does not increase benefits. The graphic comparison shall show benefit levels over at least a 20-year period.
- b.* Any expected premium increases or additional premiums to pay for automatic or optional benefit increases. If premium increases or additional premiums will be based on the attained age of the applicant at the time of the increase, the insurer shall also disclose the magnitude of the potential premiums the applicant would need to pay at ages 75 and 85 for benefit increases.

An insurer may use a reasonable hypothetical, or a graphic demonstration, for the purposes of this disclosure.

39.10(5) Inflation protection benefit increases under a policy which contains these benefits shall continue without regard to an insured's age, claim status or claim history, or the length of time the person has been insured under the policy.

39.10(6) An offer of inflation protection that provides for automatic benefit increases shall include an offer of a premium which the insurer expects to remain constant. The offer shall disclose in a conspicuous manner that the premium may change in the future unless the premium is guaranteed to remain constant.

39.10(7) Inflation protection as provided in this subrule shall be included in a long-term care insurance policy unless an insurer obtains a rejection of inflation protection signed by the policyholder as required in this subrule. The rejection may be either in the application or on a separate form. The rejection shall be considered a part of the application and shall state:

I have reviewed the outline of coverage and the graphs that compare the benefits and premiums of this policy with and without inflation protection. Specifically, I have reviewed Plans _____, and I reject inflation protection.

This rule is intended to implement Iowa Code section 514D.9 and chapter 514G.

191—39.11(514D,514G) Requirements for application forms and replacement coverage.

39.11(1) Application forms shall include the following questions designed to elicit information whether, as of the date of the application, the applicant has another long-term care insurance policy or certificate in force or whether a long-term care policy or certificate is intended to replace any other accident and sickness or long-term care policy or certificate presently in force. A supplementary application or other form to be signed by the applicant and producer, except where the coverage is sold without a producer, containing such questions may be used. With regard to a replacement policy issued to a group defined by Iowa Code section 514G.4(5) "a," the following questions may be modified only to the extent necessary to elicit information about health or long-term care insurance policies other than the group policy being replaced; provided, however, that the certificate holder has been notified of the replacement.

a. Do you have another long-term care insurance policy or certificate in force (including health care service contract, health maintenance organization contract)?

b. Did you have another long-term care insurance policy or certificate in force during the last 12 months?

(1) If so, with which company?

(2) If that policy lapsed, when did it lapse?

c. Are you covered by Medicaid?

d. Do you intend to replace any of your medical or health insurance coverage with this policy [certificate]?

39.11(2) Producers shall list any other health insurance policies they have sold to the applicant.

a. List policies sold which are still in force.

b. List policies sold in the past five years which are no longer in force.

39.11(3) Solicitations other than direct response. Upon determining that a sale will involve replacement, an insurer, other than an insurer using direct response solicitation methods, or its producer, shall furnish the applicant, prior to issuance or delivery of the individual long-term care insurance policy, a notice regarding replacement of accident and sickness or long-term care coverage. One copy of such notice shall be retained by the applicant and an additional copy signed by the applicant shall be retained by the insurer. The required notice shall be provided in the following manner:

NOTICE TO APPLICANT REGARDING REPLACEMENT
OF INDIVIDUAL ACCIDENT AND SICKNESS OR LONG-TERM CARE INSURANCE

[Insurance company's name and address]

SAVE THIS NOTICE! IT MAY BE IMPORTANT TO YOU IN THE FUTURE

According to [your application] [information you have furnished], you intend to lapse or otherwise terminate existing accident and sickness or long-term care insurance and replace it with an individual long-term care insurance policy to be issued by [company name]. Your new policy provides ten days within which you may decide, without cost, whether you desire to keep the policy. For your own

information and protection, you should be aware of and seriously consider certain factors which may affect the insurance protection available to you under the new policy.

You should review this new coverage carefully, comparing it with all accident and sickness or long-term care insurance coverage you now have, and terminate your present policy only if, after due consideration, you find that purchase of this long-term care coverage is a wise decision.

STATEMENT TO APPLICANT BY PRODUCER

[BROKER OR OTHER REPRESENTATIVE]:

(Use additional sheets, as necessary.)

I have reviewed your current medical or health insurance coverage. I believe the replacement of insurance involved in this transaction materially improves your position. My conclusion has taken into account the following considerations, which I call to your attention.

1. Health conditions which you may presently have (preexisting conditions) may not be immediately or fully covered under the new policy. This could result in denial or delay in payment of benefits under the new policy, whereas a similar claim might have been payable under your present policy.

2. State law provides that your replacement policy or certificate may not contain new preexisting conditions or probationary periods. The insurer will waive any time periods applicable to preexisting conditions or probationary periods in the new policy (or coverage) for similar benefits to the extent such time was spent (depleted) under the original policy.

3. If you are replacing existing long-term care insurance coverage, you may wish to secure the advice of your present insurer or its producer regarding the proposed replacement of your present policy. This is not only your right, but it is also in your best interest to make sure you understand all the relevant factors involved in replacing your present coverage.

4. If, after due consideration, you still wish to terminate your present policy and replace it with new coverage, be certain to truthfully and completely answer all questions on the application concerning your medical health history. Failure to include all material medical information on an application may provide a basis for the company to deny any future claims and to refund your premium as though your policy had never been in force. After the application has been completed and before you sign it, reread it carefully to be certain that all information has been properly recorded.

39.11(4) Direct response solicitations. Insurers using direct response solicitation methods shall deliver a notice regarding replacement of accident and sickness or long-term care coverage to the applicant upon issuance of the policy. The required notice shall be provided in the following manner:

NOTICE TO APPLICANT REGARDING REPLACEMENT
OF ACCIDENT AND SICKNESS OR LONG-TERM CARE INSURANCE

[Insurance company's name and address]

SAVE THIS NOTICE! IT MAY BE IMPORTANT TO YOU IN THE FUTURE

According to [your application] [information you have furnished], you intend to lapse or otherwise terminate existing accident and sickness or long-term care insurance and replace it with the long-term care insurance policy delivered herewith issued by [company name]. Your new policy provides 30 days within which you may decide, without cost, whether you desire to keep the policy. For your own information and protection, you should be aware of and seriously consider certain factors which may affect the insurance protection available to you under the new policy.

You should review this new coverage carefully, comparing it with all accident and sickness or long-term care insurance coverage you now have, and terminate your present policy only if, after due consideration, you find that purchase of this long-term care coverage is a wise decision.

1. Health conditions which you may presently have (preexisting conditions) may not be immediately or fully covered under the new policy. This could result in denial or delay in payment of benefits under the new policy, whereas a similar claim might have been payable under your present policy.

2. State law provides that your replacement policy or certificate may not contain new preexisting conditions or probationary periods. Your insurer will waive any time periods applicable to preexisting conditions or probationary periods in the new policy (or coverage) for similar benefits to the extent such time was spent (depleted) under the original policy.

3. If you are replacing existing long-term care insurance coverage, you may wish to secure the advice of your present insurer or its producer regarding the proposed replacement of your present policy. This is not only your right, but it is also in your best interest to make sure you understand all the relevant factors involved in replacing your present coverage.

4. [To be included only if the application is attached to the policy.] If, after due consideration, you still wish to terminate your present policy and replace it with new coverage, read the copy of the application attached to your new policy and be sure that all questions are answered fully and correctly. Omissions or misstatements in the application could cause an otherwise valid claim to be denied. Carefully check the application and write to [company name and address] within 30 days if any information is not correct and complete, or if any past medical history has been left out of the application.

(Company Name)

39.11(5) Where replacement is intended, the replacing insurer shall notify, in writing, the existing insurer of the proposed replacement. The existing policy shall be identified by the insurer, name of the insured and policy number or address including zip code. Such notice shall be made within five working days from the date the application is received by the insurer or the date the policy is issued, whichever is sooner.

39.11(6) Life insurance policies that accelerate benefits for long-term care shall comply with this subrule if the policy being replaced is a long-term care insurance policy. If the policy being replaced is a life insurance policy, the insurer shall comply with the replacement requirements of 191—Chapter 16. If a life insurance policy that accelerates benefits for long-term care is replaced by another such policy, the replacing insurer shall comply with both the long-term care and the life insurance replacement requirements.

This rule is intended to implement Iowa Code section 514D.9 and chapter 514G.
[ARC 8271B, IAB 11/4/09, effective 12/9/09]

191—39.12(514G) Reserve standards.

39.12(1) When long-term care benefits are provided through the acceleration of benefits under group or individual life policies or riders to such policies, policy reserves for such benefits shall be determined in accordance with Iowa Code section 508.36(3) “a”(7). Claim reserves must also be established when such policy or rider is in claim status.

Reserves for policies and riders subject to this subrule should be based on the multiple decrement model utilizing all relevant decrements except for voluntary termination rates. Single decrement approximations are acceptable if the calculation produces essentially similar reserves, if the reserve is clearly more conservative, or if the reserve is immaterial. The calculations may take into account the reduction in life insurance benefits due to the payment of long-term care benefits. However, in no event shall the reserves for the long-term care benefit and the life insurance benefit be less than the reserves for the life insurance benefit assuming no long-term care benefit.

In the development and calculation of reserves for policies and riders subject to the subrule, due regard shall be given to the applicable policy provisions, marketing methods, administrative procedures

and all other considerations which have an impact on projected claim costs, including, but not limited to, the following:

- a. Definition of insured events;
- b. Covered long-term care facilities;
- c. Existence of home convalescence care coverage;
- d. Definition of facilities;
- e. Existence or absence of barriers to eligibility;
- f. Premium waiver provision;
- g. Renewability;
- h. Ability to raise premiums;
- i. Marketing method;
- j. Underwriting procedures;
- k. Claims adjustment procedures;
- l. Waiting period;
- m. Maximum benefit;
- n. Availability of eligible facilities;
- o. Margins in claim costs;
- p. Optional nature of benefit;
- q. Delay in eligibility for benefit;
- r. Inflation protection provisions; and
- s. Guaranteed insurability option.

Any applicable valuation morbidity table shall be certified as appropriate as a statutory valuation table by a member of the American Academy of Actuaries.

39.12(2) When long-term care benefits are provided other than as in subrule 39.12(1), reserves shall be determined in accordance with sound actuarial standards, applied consistently and accepted by the commissioner of insurance.

191—39.13(514D) Loss ratio.

39.13(1) *Applicability.* This rule shall apply to all long-term care insurance policies or certificates except those covered under rules 191—39.26(514G) and 191—39.28(514G).

39.13(2) *Minimum loss ratio.* Benefits under long-term care insurance policies shall be deemed reasonable in relation to premiums provided the expected loss ratio is at least 60 percent, calculated in a manner which provides for adequate reserving of the long-term care insurance risk. In evaluating the expected loss ratio, due consideration shall be given to all relevant factors including:

- a. Statistical credibility of incurred claims experience and earned premiums.
- b. The period for which rates are computed to provide coverage.
- c. Experienced and projected trends.
- d. Concentration of experience within early policy duration.
- e. Expected claim fluctuation.
- f. Experience refunds, adjustments or dividends.
- g. Renewability features.
- h. All appropriate expense factors.
- i. Interest.
- j. Experimental nature of the coverage.
- k. Policy reserves.
- l. Mix of business by risk classification.
- m. Product features such as long elimination periods, high deductibles and high maximum limits.

39.13(3) *Accelerated benefits.* Subrule 39.13(2) shall not apply to life insurance policies that accelerate benefits for long-term care. A life insurance policy that funds long-term care benefits entirely by accelerating the death benefit is considered to provide reasonable benefits in relation to premiums paid, if the policy complies with all of the following provisions:

- a.* The interest credited internally to determine cash value accumulations, including long-term care, if any, is guaranteed not to be less than the minimum guaranteed interest rate for cash value accumulations without long-term care set forth in the policy;
- b.* The portion of the policy that provides life insurance benefits meets the nonforfeiture requirements of Iowa Code section 508.37;
- c.* The policy meets the disclosure requirements of rules 191—39.20(514G) and 191—39.21(514G);
- d.* The policy illustration meets the applicable requirements of 191—Chapter 14 regarding illustrations; and
- e.* An actuarial memorandum is filed with the insurance division that includes:
 - (1) A description of the basis on which the long-term care rates were determined;
 - (2) A description of the basis for the reserves;
 - (3) A summary of the type of policy, benefits, renewability, general marketing method, and limits on ages of issuance;
 - (4) A description and a table of each actuarial assumption used. For expenses, an insurer must include percent of premium dollars per policy and dollars per unit of benefits, if any;
 - (5) A description and a table of the anticipated policy reserves and additional reserves to be held in each future year for active lives;
 - (6) The estimated average annual premium per policy and the average issue age;
 - (7) A statement as to whether underwriting is performed at the time of application. The statement shall indicate whether underwriting is used and, if used, the statement shall include a description of the type or types of underwriting used, such as medical underwriting or functional assessment underwriting. Concerning a group policy, the statement shall indicate whether the enrollee or any dependent will be underwritten and when underwriting occurs; and
 - (8) A description of the effect of the long-term care policy provision on the required premiums, nonforfeiture values and reserves on the underlying life insurance policy, both for active lives and those in long-term care claim status.

191—39.14(514G) Filing requirement. Prior to an insurer or similar organization’s offering group long-term care insurance to a resident of this state pursuant to Iowa Code section 514G.4(5) “*d*,” it shall file with the commissioner evidence that the group policy or certificate thereunder has been approved by a state having statutory or regulatory long-term care insurance requirements substantially similar to those adopted in this state.

191—39.15(514D,514G) Standards for marketing.

39.15(1) Every insurer, health care service plan or other entity marketing long-term care insurance coverage in this state, directly or through its producers, shall:

- a.* Establish marketing procedures to ensure that any comparison of policies by its producers or by other producers will be fair and accurate.
- b.* Establish marketing procedures to ensure that excessive insurance is not sold or issued.
- c.* Display prominently by type, stamp or other appropriate means, on the first page of the outline of coverage and policy, the following:
 “Notice to buyer: This policy may not cover all of the costs associated with long-term care incurred by the buyer during the period of coverage. The buyer is advised to review carefully all policy limitations.”
- d.* Inquire and otherwise make every reasonable effort to identify whether a prospective applicant or enrollee for long-term care insurance already has accident and sickness or long-term care insurance and the types and amounts of any such insurance.
- e.* Every insurer or entity marketing long-term care insurance shall establish auditable procedures for verifying compliance with this subrule.
- f.* If the state in which the policy or certificate is to be delivered or issued for delivery has a senior insurance counseling program approved by the commissioner, the insurer shall, at solicitation, provide

written notice to the prospective policyholder and certificate holder that such a program is available and the name, address and telephone number of the program.

g. For long-term care health insurance policies and certificates, use the terms “noncancellable” or “level premium” only when the policy or certificate conforms to paragraph 39.6(1) “b.”

h. Provide an explanation of contingent benefit upon lapse provided for in 39.29(6) “c.”

39.15(2) In addition to the practices prohibited in Iowa Code chapter 507B, the following acts and practices are prohibited:

a. *Twisting.* Knowingly making any misleading representation or incomplete or fraudulent comparison of any insurance policies or insurers for the purpose of inducing, or tending to induce, any person to lapse, forfeit, surrender, terminate, retain, pledge, assign, borrow on, or convert any insurance policy or to take out a policy of insurance with another insurer.

b. *High-pressure tactics.* Employing any method of marketing having the effect of or tending to induce the purchase of insurance through force, fright, threat, whether explicit or implied, or undue pressure to purchase or recommend the purchase of insurance.

c. *Cold-lead advertising.* Making use directly or indirectly of any method of marketing which fails to disclose in a conspicuous manner that a purpose of the method of marketing is solicitation of insurance and that contact will be made by an insurance producer or insurance company.

d. *Misrepresentation.* Misrepresenting a material fact in selling or offering to sell a long-term care insurance policy.

39.15(3) Association marketing.

a. When a group long-term care insurance policy is issued to an association or a trust or the trustees of a fund established, created or maintained for the benefit of members of one or more associations, the association or associations, or the insurer of the association or associations, shall, prior to advertising, marketing or offering the policy within this state, file evidence with the commissioner that the association or associations have at the outset a minimum of 100 persons and have been organized and maintained in good faith for purposes other than that of obtaining insurance; have been in active existence for at least one year; and have a constitution and bylaws that provide that:

(1) The association or associations hold regular meetings not less than annually to further purposes of the members;

(2) Except for credit unions, the association or associations collect dues or solicit contributions from members; and

(3) The members have voting privileges and representation on the governing board and committees.

Thirty days after the filing, the association or associations will be deemed to satisfy the organizational requirements, unless the commissioner makes a finding that the association or associations do not satisfy those organizational requirements.

b. When a professional, trade, or occupational association is issued a group long-term care policy for its members or retired members or combination thereof, the association shall have as its primary responsibility, when endorsing or selling long-term care insurance, to educate its members concerning long-term care issues in general so that its members can make informed decisions. Associations shall provide objective information regarding long-term care insurance policies or certificates endorsed or sold by such associations to ensure that members of such associations receive a balanced and complete explanation of the features in the policies or certificates that are being endorsed or sold.

(1) The insurer shall file with the insurance division the following material:

1. The policy and certificate;

2. A corresponding outline of coverage; and

3. All advertisements requested by the insurance division.

(2) The association shall disclose in any long-term care insurance solicitation the specific nature and amount of the compensation arrangements (including all fees, commissions, administrative fees and other forms of financial support) that the association receives from endorsement or sale of the policy or certificate to its members; and a brief description of the process under which the policies and the insurer issuing the policies were selected.

(3) If the association and the insurer have interlocking directorates or trustee arrangements, the association shall disclose that fact to its members.

(4) The board of directors of associations selling or endorsing long-term care insurance policies or certificates shall review and approve the insurance policies as well as the compensation arrangements made with the insurer.

(5) The association shall also:

1. At the time of the association's decision to endorse, engage the services of a person with expertise in long-term care insurance who is not affiliated with the insurer to conduct an examination of the policies, including its benefits, features, and rates and update the examination thereafter in the event of material change;

2. Actively monitor the marketing efforts of the insurer and its producers; and

3. Review and approve all marketing materials or other insurance communications used to promote sales or sent to members regarding the policies or certificates.

Numbered paragraphs "1" through "3" shall not apply to qualified long-term care insurance contracts.

(6) No group long-term care insurance policy or certificate may be issued to an association unless the insurer files with the insurance division the information required in this subrule.

(7) The insurer shall not issue a long-term care policy or certificate to an association or continue to market such a policy or certificate unless the insurer certifies annually that the association has complied with the requirements set forth in this subrule.

(8) Failure to comply with the filing and certification requirements of this subrule constitutes an unfair trade practice in violation of Iowa Code chapter 507B.

39.15(4) *Producer training requirements.*

a. Purpose. The purpose of this subrule is to require certain specific minimum training for insurance producers who wish to sell long-term care insurance or long-term care partnership insurance in Iowa. This additional training is necessary due to the complex nature of long-term care insurance and long-term care partnership insurance products. This additional training is also necessary to ensure that insurance producers are able to determine whether long-term care insurance or long-term care partnership insurance products are suitable for consumers and that producers are able to adequately explain to consumers how the long-term care insurance and long-term care partnership insurance products work. The ultimate goal of this subrule is to ensure that purchasers of long-term care insurance and long-term care partnership insurance products understand basic features of the products.

(1) This subrule applies to all long-term care insurance and long-term care partnership insurance products sold on or after January 1, 2010.

(2) For purposes of this subrule, "CE," "CE provider," "CE term" and "credit" shall mean the same as defined in rule 191—11.2(505,522B).

b. Required training.

(1) An individual may not sell, solicit or negotiate long-term care insurance or long-term care partnership insurance products unless the individual is licensed as an insurance producer with an accident and health or sickness line of authority and has completed a one-time training course and ongoing training every CE term thereafter. The training shall meet the requirements set forth in paragraph 39.15(4) "c."

(2) The training content of paragraph 39.15(4) "c" must be approved as continuing education courses under 191—Chapter 11, except that the one-time training required under subparagraph 39.15(4) "b"(1) must be classroom training. However, a CE provider may apply directly to the division and request that a self-study or on-line course be approved as a substitute. Ongoing training may be by any means allowable under 191—Chapter 11.

c. Training content.

(1) The one-time training required by this subrule shall be no less than eight credits and the ongoing training required by this subrule shall be no less than four credits, except that producers who have completed four credits of long-term care insurance training prior to January 1, 2010, shall complete only four credits of one-time training specifically related to the long-term care partnership program and Iowa-specific Medicaid requirements.

(2) The training required under subparagraph (1) shall consist of topics related to long-term care insurance, long-term care services and qualified state long-term care insurance partnership programs, including, but not limited to:

1. State and federal regulations and requirements and the relationship between qualified state long-term care insurance partnership programs and other public and private coverage of long-term care services, including Medicaid requirements;
2. Available long-term care services and providers;
3. Changes or improvements in long-term care services or providers;
4. Alternatives to the purchase of private long-term care insurance or long-term care partnership insurance;
5. The effect of inflation on benefits and the importance of inflation protection;
6. Consumer suitability standards and guidelines;
7. The Deficit Reduction Act;
8. Iowa's laws regarding the long-term care partnership program;
9. The Iowa Medicaid program;
10. Miller trusts;
11. Spousal protection;
12. Transfer of assets;
13. Estate recovery; and
14. Eligibility.

(3) Unless otherwise required by state or federal law, the training required by this subrule shall not include training that is specific to a single insurer or company product and shall not include any sales or marketing information, materials, or training, other than those required by state or federal law.

d. Requirements for insurers.

(1) Insurers subject to this chapter shall obtain verification that a producer has received training required by subparagraph 39.15(4)“b”(1) before a producer is permitted to sell, solicit or negotiate the insurer's long-term care insurance or long-term care partnership insurance products; shall make verifications available to the division upon request; and shall maintain records subject to the state's record retention requirements.

(2) Each insurer subject to this chapter shall maintain records with respect to the training of its producers concerning the distribution of its partnership policies that will allow the division to provide assurance to the Iowa department of human services that producers have received the training set forth in subparagraph 39.15(4)“c”(2), numbered paragraph “1,” as required by subparagraph 39.15(4)“b”(1) and that producers have demonstrated an understanding of the partnership policies and the policies' relationship to public and private coverage of long-term care, including Medicaid, in this state. These records shall be maintained in accordance with the state's record retention requirements and shall be made available to the division upon request.

e. Training obtained in other states. The satisfaction of the training requirements in any state shall be deemed to satisfy the training requirements in this state.

f. Requirements for continuing education providers to provide long-term care partnership insurance training. In addition to having been approved as a CE provider under rule 191—11.9(505,522B), a CE provider intending to provide either the initial training or the ongoing continuing education required under subrule 39.15(4) shall:

(1) Provide only classroom training for the initial one-time training for providers. However, the CE provider may apply directly to the division and request that a self-study or on-line course be approved as a substitute. Ongoing training may be by any means allowable under 191—Chapter 11.

(2) If approved, comply with rules 191—11.10(505,522B) and 191—11.11(505,522B).

This rule is intended to implement Iowa Code section 514D.9 and chapter 514G.

191—39.16(514D,514G) Suitability.

39.16(1) This rule shall not apply to life insurance policies that accelerate benefits for long-term care.

39.16(2) Every insurer, health care service plan or other entity marketing long-term care insurance (the “issuer”) shall:

- a. Develop and use suitability standards to determine whether the purchase or replacement of long-term care insurance is appropriate for the needs of the applicant;
- b. Train its producers in the use of its suitability standards; and
- c. Maintain a copy of its suitability standards and make it available for inspection upon request by the commissioner.

39.16(3) To determine whether the applicant meets the standards developed by the issuer, the producer and issuer shall develop procedures that take into consideration the following:

- a. The ability to pay for the proposed coverage and other pertinent financial information related to the purchase of the coverage;
- b. The applicant’s goals or needs with respect to long-term care and the advantages and disadvantages of insurance to meet these goals or needs; and
- c. The values, benefits and costs of the applicant’s existing insurance, if any, when compared to the values, benefits and costs of the recommended purchase or replacement.

39.16(4) The issuer, and, when a producer is involved, the producer, shall make reasonable efforts to obtain the information set out in subrule 39.16(3). The efforts shall include presentation of the “Long-Term Care Insurance Personal Worksheet” to the applicant, at the time of or prior to application. The personal worksheet used by the issuer shall contain, at a minimum, the information in the format contained in Appendix B, in not less than 12-point type. The issuer may request the applicant to provide additional information to comply with its suitability standards. A copy of the issuer’s personal worksheet shall be filed with the commissioner.

A completed personal worksheet shall be returned to the issuer prior to the issuer’s consideration of the applicant for coverage, except the personal worksheet need not be returned for sales of employer group long-term care insurance to employees and their spouses.

The sale or dissemination outside the company or agency by the issuer or producer of information obtained through the personal worksheet in Appendix B is prohibited.

39.16(5) The issuer shall use the suitability standards it has developed pursuant to this rule in determining whether issuing long-term care insurance coverage to an applicant is appropriate.

39.16(6) Producers shall use the suitability standards developed by the issuer in marketing long-term care insurance.

39.16(7) At the same time as the personal worksheet is provided to the applicant, the disclosure form entitled “Things You Should Know Before You Buy Long-Term Care Insurance” shall be provided. The form shall be in the format contained in Appendix C, in not less than 12-point type.

39.16(8) If the issuer determines that the applicant does not meet its financial suitability standards, or if the applicant has declined to provide the information, the issuer may reject the application. In the alternative, the issuer shall send the applicant a letter similar to Appendix D. However, if the applicant has declined to provide financial information, the issuer may use some other method to verify the applicant’s intent. Either the applicant’s returned letter or a record of the alternative method of verification shall be made part of the applicant’s file.

39.16(9) The issuer shall report annually to the commissioner the total number of applications received from residents of this state, the number of applicants who declined to provide information on the personal worksheet, the number of applicants who did not meet the suitability standards, and the number of applicants who chose to confirm after receiving a suitability letter.

[ARC 8271B, IAB 11/4/09, effective 12/9/09]

191—39.17(514G) Prohibition against preexisting conditions and probationary periods in replacement policies or certificates. If a long-term care insurance policy or certificate replaces another long-term care policy or certificate, the replacing insurer shall waive any time periods applicable to

preexisting conditions and probationary periods in the new long-term care policy for similar benefits to the extent that similar exclusions have been satisfied under the original policy.

191—39.18(514G) Standard format outline of coverage. This rule, which is not applicable to life policies with long-term care riders attached, implements, interprets and makes specific the provisions of Iowa Code section 514G.7(1) in prescribing a standard format and the content of an outline of coverage.

39.18(1) An outline of coverage shall be delivered to a prospective applicant for long-term care insurance at the time of initial solicitation through means which prominently direct the attention of the recipient to the document and its purpose.

39.18(2) In the case of producer solicitations, a producer must deliver the outline of coverage prior to the presentation of an application or enrollment form.

39.18(3) In the case of direct response solicitations, the outline of coverage must be presented in conjunction with any application or enrollment form.

39.18(4) The commissioner shall prescribe the standard format, including style, arrangement, and overall appearance and content of an outline of coverage.

39.18(5) The outline of coverage shall be a freestanding document, using no smaller than 10-point type.

39.18(6) The outline of coverage shall contain no material of an advertising nature.

39.18(7) Text which is capitalized or underscored in the standard format outline of coverage may be emphasized by other means which provide prominence equivalent to such capitalization or underscoring.

39.18(8) Use of the text and sequence of text of the standard format outline of coverage is mandatory, unless otherwise specifically indicated.

39.18(9) Format for outline of coverage:

Caution: The issuance of this long-term care insurance [policy] [certificate] is based upon your responses to the questions on your application. A copy of your [application] [enrollment form] [is enclosed] [was retained by you when you applied]. If your answers are incorrect or untrue, the company has the right to deny benefits or rescind your policy. The best time to clear up any questions is now, before a claim arises! 1. This policy is [an individual policy of insurance] [[a group policy] which was issued in the [indicate jurisdiction in which group policy was issued]].

2. PURPOSE OF OUTLINE OF COVERAGE. This outline of coverage provides a very brief description of the important features of the policy. You should compare this outline of coverage to outlines of coverage for other policies available to you. This is not an insurance contract, but only a summary of coverage. Only the individual or group policy contains governing contractual provisions. This means that the policy or group policy sets forth in detail the rights and obligations of both you and the insurance company. Therefore, if you purchase this coverage, or any other coverage, it is important that you READ YOUR POLICY (OR CERTIFICATE) CAREFULLY!

3. FEDERAL TAX CONSEQUENCES.

This [POLICY] [CERTIFICATE] is intended to be a federally tax-qualified long-term care insurance contract under Section 7702B(b) of the Internal Revenue Code of 1986.

OR

Federal Tax Implications of this [POLICY] [CERTIFICATE]. This [POLICY] [CERTIFICATE] is not intended to be a federally tax-qualified long-term care insurance contract under Section 7702B(b)

of the Internal Revenue Code of 1986. Benefits received under the [POLICY] [CERTIFICATE] may be taxable as income.

4. TERMS UNDER WHICH THE POLICY OR CERTIFICATE MAY BE CONTINUED IN FORCE OR DISCONTINUED.

(a) [For long-term care health insurance policies or certificates, describe one of the following permissible policy renewability provisions:

(1) [Policies and certificates that are guaranteed renewable shall contain the following statement:] RENEWABILITY: THIS [POLICY] [CERTIFICATE] IS GUARANTEED RENEWABLE. This means you have the right, subject to the terms of your [policy] [certificate], to continue this policy as long as you pay your premiums on time. [Company Name] cannot change any of the terms of your policy on its own, except that, in the future, IT MAY INCREASE THE PREMIUM YOU PAY.

(2) [Policies and certificates that are noncancellable shall contain the following statement:] RENEWABILITY: THIS [POLICY] [CERTIFICATE] IS NONCANCELLABLE. This means that you have the right, subject to the terms of your policy, to continue this policy as long as you pay your premiums on time. [Company Name] cannot change any of the terms of your policy on its own and cannot change the premium you currently pay. However, if your policy contains an inflation protection feature where you choose to increase your benefits, [Company Name] may increase your premium at that time for those additional benefits.

(b) [For group coverage, specifically describe continuation/conversion provisions applicable to the certificate and group policy;]

(c) [Describe waiver of premium provisions or state that there are not such provisions.]

5. TERMS UNDER WHICH THE COMPANY MAY CHANGE PREMIUMS.

[In bold type larger than the maximum type required to be used for the other provisions of the outline of coverage, state whether or not the company has a right to change the premium and, if a right exists, describe clearly and concisely each circumstance under which the premium may change.]

6. TERMS UNDER WHICH THE POLICY OR CERTIFICATE MAY BE RETURNED AND PREMIUM REFUNDED.

(a) [Provide a brief description of the right to return—"free look" provision of the policy.]

(b) [Include a statement that the policy either does or does not contain provisions providing for a refund or partial refund of premium upon the death of an insured or surrender of the policy or certificate. If the policy contains such provisions, include a description of them.]

7. THIS IS NOT MEDICARE SUPPLEMENT COVERAGE. If you are eligible for Medicare, review the Medicare Supplement Buyer's Guide available from the insurance company.

(a) [For producers] Neither [insert company name] nor its producers represent Medicare, the federal government or any state government.

(b) [For direct response] [insert company name] is not representing Medicare, the federal government or any state government.

8. LONG-TERM CARE COVERAGE. Policies of this category are designed to provide coverage for one or more necessary or medically necessary diagnostic, preventive, therapeutic, rehabilitative, maintenance, or personal care services, provided in a setting other than an acute care unit of a hospital, such as in a nursing home, in the community or in the home.

This policy provides coverage in the form of a fixed dollar indemnity benefit for covered long-term care expenses, subject to policy [limitations] [waiting periods] and [coinsurance] requirements. [Modify this paragraph if the policy is not an indemnity policy.]

9. BENEFITS PROVIDED BY THIS POLICY.

(a) [Covered services, related deductibles, waiting periods, elimination periods and benefit maximums.]

(b) [Institutional benefits, by skill level.]

(c) [Noninstitutional benefits, by skill level.]

(d) Eligibility for Payment of Benefits

[Activities of daily living and cognitive impairment shall be used to measure an insured's need for long-term care and must be defined and described as part of the outline of coverage.]

[Any additional benefit triggers must also be explained. If these triggers differ for different benefits, explanation of the triggers should accompany each benefit description. If an attending physician or other specified person must certify a certain level of the insured's functional dependency in order for the insured to be eligible for benefits, this too must be specified.]

10. LIMITATIONS AND EXCLUSIONS.

[Describe:

- (a) Preexisting conditions;
- (b) Noneligible facilities and provider;
- (c) Noneligible levels of care (e.g., unlicensed providers, care or treatment provided by a family member, etc.);
- (d) Exclusions and exceptions;
- (e) Limitations.]

[This section should provide a brief, specific description of any policy provisions which limit, exclude, restrict, reduce, delay, or in any other manner operate to qualify payment of the benefits described in "6" above.]

THIS POLICY MAY NOT COVER ALL THE EXPENSES ASSOCIATED WITH YOUR LONG-TERM CARE NEEDS.

11. **RELATIONSHIP OF COST OF CARE AND BENEFITS.** Because the costs of long-term care services will likely increase over time, you should consider whether and how the benefits of this plan may be adjusted. [As applicable, indicate the following:

- (a) That the benefit level will not increase over time;
- (b) Any automatic benefit adjustment provisions;
- (c) Whether the insured will be guaranteed the option to buy additional benefits and the basis upon which benefits will be increased over time if not by a specified amount or percentage;
- (d) If there is such a guarantee, include whether additional underwriting or health screening will be required, the frequency and amounts of the upgrade options, and any significant restrictions or limitations;
- (e) And finally, describe whether there will be any additional premium charge imposed, and how that is to be calculated.]

12. ALZHEIMER'S DISEASE AND OTHER ORGANIC BRAIN DISORDERS.

[State that the policy provides coverage for insureds clinically diagnosed as having Alzheimer's disease or related degenerative and dementing illnesses. Specifically describe each benefit screen or other policy provision which provides preconditions to the availability of policy benefits for such an insured.]

13. PREMIUM.

- [(a) State the total annual premium for the policy;
- (b) If the premium varies with an applicant's choice among benefit options, indicate the portion of annual premium which corresponds to each benefit option.]

14. ADDITIONAL FEATURES.

- [(a) Indicate if medical underwriting is used;
- (b) Describe other important features.]

191—39.19(514G) Requirement to deliver shopper's guide.

39.19(1) A long-term care insurance shopper's guide in the format developed by the National Association of Insurance Commissioners, the Blue Cross and Blue Shield Association, the Health Insurance Association of America or the senior health insurance information program of the insurance

division shall be provided to all prospective applicants of a long-term care insurance policy or certificate or life insurance policy or certificate that includes a long-term care rider.

a. In the case of producer solicitations, a producer must deliver the shopper's guide to the applicant at the time of application.

b. In the case of direct response solicitations, the shopper's guide must be presented to the applicant at the time the policy is delivered.

39.19(2) Insurers offering life insurance policies or riders containing accelerated long-term care benefits are not required to comply with 39.19(1), but shall furnish the policy summary required under rule 191—39.20(514G).

[ARC 8271B, IAB 11/4/09, effective 12/9/09]

191—39.20(514G) Policy summary and delivery of life insurance policies with long-term care riders.

39.20(1) If an application for a long-term care insurance contract or certificate is approved, the issuer shall deliver the contract or certificate of insurance to the applicant no later than 30 days after the date of approval.

39.20(2) At the time of policy delivery, a policy summary shall be delivered for an individual life insurance policy which provides long-term care benefits within the policy or by rider. In the case of direct response solicitations, the insurer shall deliver the policy summary upon the applicant's request, but regardless of request shall make such delivery no later than at the time of policy delivery. In addition to complying with all applicable requirements, the summary shall also include:

a. An explanation of how the long-term care benefit interacts with other components of the policy, including deductions from death benefits;

b. An illustration of the amount of benefits, the length of benefit, and the guaranteed lifetime benefits, if any, for each covered person;

c. Any exclusions, reductions, and limitations on benefits of long-term care;

d. If applicable to the policy type, the summary shall also include a disclosure of the effects of exercising other rights under the policy, a disclosure of guarantees related to long-term care costs of insurance charges, and current and projected maximum lifetime benefits; and

e. A statement that any long-term care inflation protection option required by rule 191—39.10(514D,514G) is not available under this policy.

The provisions of the policy summary listed above may be incorporated into a basic illustration required to be delivered in accordance with 191—Chapter 14 or into the life insurance policy summary which is required to be delivered in accordance with rule 191—15.4(507B).

191—39.21(514G) Reporting requirement for long-term care benefits funded through life insurance by acceleration of the death benefit. Any time a long-term care benefit, funded through life insurance which by the acceleration of the death benefit is in benefit payment status, a monthly report shall be provided to the policyholder. The report shall include:

1. Any long-term care benefits paid out during the month;

2. An explanation of any changes in the policy, e.g., death benefits or cash values, due to long-term care benefits being paid out; and

3. The amount of long-term care benefits existing or remaining.

191—39.22(514G) Unintentional lapse.

39.22(1) Notice before lapse or termination. No individual long-term care policy or certificate shall be issued until the insurer has received from the applicant either: a written designation of at least one person, in addition to the applicant, who is to receive notice of lapse or termination of the policy or certificate for nonpayment of premium; or a written waiver dated and signed by the applicant electing not to designate additional persons to receive notice. The applicant has the right to designate at least one person who is to receive the notice of termination, in addition to the insured. Designation shall not constitute acceptance of any liability on the third party for services provided to the insured. The form

used for the written designation must provide space clearly designated for listing at least one person. The designation shall include each person's full name and home address. In the case of an applicant who elects not to designate an additional person, the waiver shall state: "Protection against unintended lapse. I understand that I have the right to designate at least one person other than myself to receive notice of lapse or termination of this long-term care insurance policy for nonpayment of premium. I understand that notice will not be given until 30 days after a premium is due and unpaid. I elect NOT to designate any person to receive such notice."

The insurer shall notify the insured of the right to change this written designation no less often than once every two years.

39.22(2) When the policyholder or certificate holder pays premium for a long-term care insurance policy or certificate through a payroll or pension deduction plan, the requirements contained in subrule 39.22(1) need not be met until 60 days after the policyholder or certificate holder is no longer on such a payment plan. The application or enrollment form for such policies or certificates shall clearly indicate the payment plan selected by the applicant.

39.22(3) Lapse or termination for nonpayment of premium. No individual long-term care policy or certificate shall lapse or be terminated for nonpayment of premium unless the insurer, at least 30 days before the effective date of the lapse or termination, has given notice to the insured and to those persons designated pursuant to subrule 39.22(1) at the address provided by the insured for purposes of receiving notice of lapse or termination. Notice shall be given by first-class United States mail, postage prepaid; and notice may not be given until 30 days after a premium is due and unpaid. Notice shall be deemed to have been given as of five days after the date of mailing.

39.22(4) Reinstatement. In addition to the requirement in subrule 39.22(1), a long-term care insurance policy or certificate shall include a provision which provides for reinstatement of coverage in the event of lapse if the insurer is provided proof of cognitive impairment or the loss of functional capacity. This option shall be available to the insured if requested within five months after termination and shall allow for the collection of past due premium, where appropriate. The standard of proof of cognitive impairment or loss of functional capacity shall not be more stringent than the benefit eligibility criteria on cognitive impairment or the loss of functional capacity, if any, contained in the policy and certificate.

191—39.23(514G) Denial of claims. If a claim under a long-term care insurance contract is denied, the issuer shall, within 60 days of the date of a written request by the policyholder or certificate holder, or a representative thereof, provide a written explanation of the reasons for the denial; and make available all information directly related to the denial.

191—39.24(514G) Incontestability period.

39.24(1) For a policy or certificate that has been in force for less than six months, an insurer may rescind a long-term care insurance policy or certificate or deny an otherwise valid long-term care insurance claim upon a showing of misrepresentation that is material to the acceptance for coverage.

39.24(2) For a policy or certificate that has been in force for at least six months but less than two years, an insurer may rescind a long-term care insurance policy or certificate or deny an otherwise valid long-term care insurance claim upon a showing of misrepresentation that is both material to the acceptance for coverage and which pertains to the condition for which benefits are sought.

39.24(3) After a policy or certificate has been in force for two years, it is not contestable upon the grounds of misrepresentation alone; such policy or certificate may be contested only upon a showing that the insured knowingly and intentionally misrepresented relevant facts relating to the insured's health.

39.24(4) No long-term care insurance policy or certificate may be field-issued based on medical or health status. For purposes of this subrule, "field-issued" means a policy or certificate issued by a producer or a third-party administrator pursuant to the underwriting authority granted to the producer or third-party administrator by an insurer.

39.24(5) If an insurer has paid benefits under the long-term care insurance policy or certificate, the benefit payments may not be recovered by the insurer in the event that the policy or certificate is rescinded.

39.24(6) In the event of the death of the insured, this rule shall not apply to the remaining death benefit of a life insurance policy that accelerates benefits for long-term care. In this situation, the remaining death benefits under these policies shall be governed by Iowa Code section 508.28. In all other situations, this rule shall apply to life insurance policies that accelerate benefits for long-term care. [ARC 8271B, IAB 11/4/09, effective 12/9/09]

191—39.25(514G) Required disclosure of rating practices to consumers.

39.25(1) *Applicability.* This rule applies to any new long-term care policy or certificate issued in this state on or after February 1, 2003. For certificates issued under a group long-term care insurance policy which policy was in force prior to February 1, 2003, the provisions of this rule shall apply on the policy anniversary following February 1, 2003.

39.25(2) *Contents of disclosure.* Other than policies for which no applicable premium rate or rate schedule increases can be made, insurers shall provide all of the information listed in this subrule to the applicant at the time of application or enrollment, unless the method of application does not allow for delivery at that time. In such a case, an insurer shall provide all of the information listed in this subrule to the applicant no later than at the time of delivery of the policy or certificate.

- a. A statement that the policy may be subject to rate increases in the future;
- b. An explanation of potential future premium rate revisions, and the policyholder's or certificate holder's option in the event of a premium rate revision;
- c. The premium rate or rate schedules applicable to the applicant that will be in effect until a request is made for an increase;
- d. A general explanation for applying premium rate or rate schedule adjustments that shall include:
 - (1) A description of when premium rate or rate schedule adjustments will be effective (e.g., next anniversary date, next billing date, etc.); and
 - (2) The right to a revised premium rate or rate schedule as provided in paragraph 39.25(2) "c" if the premium rate or rate schedule is changed;
- e. Information regarding each premium rate increase on this policy form or similar policy forms over the past ten years for this state or any other state.
 - (1) The following, at a minimum, shall be included:
 1. The policy forms for which premium rates have been increased;
 2. The calendar years when the form was available for purchase; and
 3. The amount or percent of each increase. The percentage may be expressed as a percentage of the premium rate prior to the increase, and may also be expressed as minimum and maximum percentages if the rate increase is variable by rating characteristics.
 - (2) The insurer may, in a fair manner, provide additional explanatory information related to the rate increases.
 - (3) An insurer shall have the right to exclude from the disclosure premium rate increases that only apply to blocks of business acquired from other nonaffiliated insurers or the long-term care policies acquired from other nonaffiliated insurers when those increases occurred prior to the acquisition.
 - (4) If an acquiring insurer files for a rate increase on a long-term care policy form acquired from nonaffiliated insurers or on a block of policy forms acquired from nonaffiliated insurers on or before the later of February 1, 2003, or the end of a 24-month period following the acquisition of the block or policies, the acquiring insurer may exclude that rate increase from the disclosure. However, the non-affiliated selling company shall include the disclosure of that rate increase in accordance with paragraph "e."
 - (5) If the acquiring insurer in subparagraph (4) above files for a subsequent rate increase, even within the 24-month period, on the same policy form acquired from nonaffiliated insurers or block of policy forms acquired from nonaffiliated insurers referenced in subparagraph (4), the acquiring insurer

shall make all disclosures required by paragraph “e,” including disclosure of the earlier rate increase referenced in subparagraph (4).

39.25(3) Acknowledgment. An applicant shall sign an acknowledgment at the time of application, unless the method of application does not allow for signature at that time, that the insurer made the disclosure required under 39.25(2)“a” and 39.25(2)“e.” If due to the method of application the applicant cannot sign an acknowledgment at the time of application, the applicant shall sign no later than at the time of delivery of the policy or certificate.

39.25(4) Required format. An insurer shall use the forms in Appendices B and F to comply with the requirements of this rule.

39.25(5) Notice of rate increase. An insurer shall provide notice of an upcoming premium rate schedule increase to all policyholders or certificate holders, if applicable, at least 45 days prior to the implementation of the premium rate schedule increase by the insurer. The notice shall include the information required by subrule 39.25(2) when the rate increase is implemented.

191—39.26(514G) Initial filing requirements.

39.26(1) Effective date. This rule applies to any long-term care policy issued in this state on or after February 1, 2003.

39.26(2) Required filing. An insurer shall provide the information listed in this subrule to the commissioner pursuant to rule 191—20.1(505,509,514A,515,515A,515F) 30 days prior to making a long-term care insurance form available for sale.

a. A copy of the disclosure documents required in rule 191—39.25(514G); and

b. An actuarial certification consisting of at least the following:

(1) A statement that the initial premium rate schedule is sufficient to cover anticipated costs under moderately adverse experience and that the premium rate schedule is reasonably expected to be sustainable over the life of the form with no future premium increases anticipated;

(2) A statement that the policy design and coverage provided have been reviewed and taken into consideration;

(3) A statement that the underwriting and claims adjudication processes have been reviewed and taken into consideration;

(4) A complete description of the basis for contract reserves that are anticipated to be held under the form, to include:

1. Sufficient detail or sample calculations provided so as to have a complete depiction of the reserve amounts to be held;

2. A statement that the assumptions used for reserves contain reasonable margins for adverse experience;

3. A statement that the net valuation premium for renewal years does not increase (except for attained-age rating where permitted); and

4. A statement that the difference between the gross premium and the net valuation premium for renewal years is sufficient to cover expected renewal expenses; or if such a statement cannot be made, a complete description of the situations where this does not occur;

- An aggregate distribution of anticipated issues may be used as long as the underlying gross premiums maintain a reasonably consistent relationship;

- If the gross premiums for certain age groups appear to be inconsistent with this requirement, the commissioner may request a demonstration under subrule 39.26(3) based on a standard age distribution; and

(5) A statement that the premium rate schedule is not less than the premium rate schedule for existing similar policy forms also available from the insurer except for reasonable differences attributable to benefits; or a comparison of the premium schedules for similar policy forms that are currently available from the insurer with an explanation of the differences.

39.26(3) Demonstration on request.

a. The commissioner may request an actuarial demonstration that benefits are reasonable in relation to premiums. The actuarial demonstration shall include either premium and claim experience

on similar policy forms, adjusted for any premium or benefit differences, relevant and credible data from other studies, or both.

b. In the event the commissioner asks for additional information under this provision, the period in subrule 39.26(2) does not include the period during which the insurer is preparing the requested information.

191—39.27(514G) Reporting requirements.

39.27(1) Every insurer shall maintain for each producer records of that producer's amount of replacement sales as a percent of the producer's total annual sales and the amount of lapses of long-term care insurance policies sold by the producer as a percent of the producer's total annual sales.

39.27(2) Every insurer shall report annually by June 30 the 10 percent of its producers with the greatest percentages of lapses and replacements as measured by subrule 39.27(1) in the format prescribed in Appendix G.

39.27(3) Reported replacement and lapse rates do not alone constitute a violation of insurance laws or necessarily imply wrongdoing. The reports are for the purpose of reviewing more closely producer activities regarding the sale of long-term care insurance.

39.27(4) Every insurer shall report annually by June 30 the number of lapsed policies as a percent of its total annual sales and as a percent of its total number of policies in force as of the end of the preceding calendar year in the format prescribed in Appendix G.

39.27(5) Every insurer shall report annually by June 30 the number of replacement policies sold as a percent of its total annual sales and as a percent of its total number of policies in force as of the preceding calendar year in the format prescribed in Appendix G.

39.27(6) Every insurer shall report annually by June 30, for qualified long-term care insurance contracts, the number of claims denied for each class of business, expressed as a percentage of claims denied in the format prescribed in Appendix E.

39.27(7) For purposes of rule 191—39.27(514G):

- a.* "Policy" means only long-term care insurance;
- b.* Subject to paragraph "*c*" below, "claim" means a request for payment of benefits under an in-force policy regardless of whether the benefit claimed is covered under the policy or any terms or conditions of the policy have been met;
- c.* "Denied" means the insurer refuses to pay a claim for any reason other than for claims not paid for failure to meet the waiting period or because of an applicable preexisting condition; and
- d.* "Report" means on a statewide basis.

39.27(8) Reports required under this rule shall be filed with the commissioner. The first reports under this rule are due June 30, 2004.

[ARC 8271B, IAB 11/4/09, effective 12/9/09]

191—39.28(514G) Premium rate schedule increases.

39.28(1) This rule applies to any long-term care policy or certificate issued in this state on or after February 1, 2003. For certificates issued under a group long-term care insurance policy which policy was in force on February 1, 2003, the provisions of this rule shall apply on the policy anniversary following July 1, 2003.

39.28(2) An insurer shall provide notice of a pending premium rate schedule increase, including an exceptional increase, to the commissioner at least 30 days prior to the notice to the policyholders and shall include:

- a.* Information required by rule 191—39.25(514G);
- b.* Certification by a qualified actuary that:
 - (1) If the requested premium rate schedule increase is implemented and the underlying assumptions, which reflect moderately adverse conditions, are realized, no further premium rate schedule increases are anticipated;
 - (2) The premium rate filing is in compliance with the provisions of this rule;
- c.* An actuarial memorandum justifying the rate schedule change request that includes:

(1) Lifetime projections of earned premiums and incurred claims based on the filed premium rate schedule increase; and the method and assumptions used in determining the projected values, including reflection of any assumptions that deviate from those used for pricing other forms currently available for sale;

1. Annual values for the five years preceding and the three years following the valuation date shall be provided separately;

2. The projections shall include the development of the lifetime loss ratio, unless the rate increase is an exceptional increase;

3. The projections shall demonstrate compliance with subrule 39.28(3); and

4. For exceptional increases,

- The projected experience should be limited to the increases in claims expenses attributable to the approved reasons for the exceptional increase; and

- In the event the commissioner determines that offsets may exist, the insurer shall use appropriate net projected experience;

(2) Disclosure of how reserves have been incorporated in this rate increase whenever the rate increase will trigger contingent benefit upon lapse;

(3) Disclosure of the analysis performed to determine why a rate adjustment is necessary, which pricing assumptions were not realized and why, and what other actions taken by the company have been relied on by the actuary;

(4) A statement that policy design, underwriting and claims adjudication practices have been taken into consideration; and

(5) In the event that it is necessary to maintain consistent premium rates for new certificates and certificates receiving a rate increase, the insurer will need to file composite rates reflecting projections of new certificates;

d. A statement that renewal premium rate schedules are not greater than new business premium rate schedules except for differences attributable to benefits, unless sufficient justification is provided to the commissioner; and

e. Sufficient information for review of the premium rate schedule increase by the commissioner.

39.28(3) All premium rate schedule increases shall be determined in accordance with the following requirements:

a. Exceptional increases shall provide that 70 percent of the present value of projected additional premiums from the exceptional increase will be returned to policyholders in benefits;

b. Premium rate schedule increases shall be calculated such that the sum of the accumulated value of incurred claims, without the inclusion of active life reserves, and the present value of future projected incurred claims, without the inclusion of active life reserves, will not be less than the sum of the following:

(1) The accumulated value of the initial earned premium multiplied by 58 percent;

(2) Eighty-five percent of the accumulated value of prior premium rate schedule increases on an earned basis;

(3) The present value of future projected initial earned premiums multiplied by 58 percent; and

(4) Eighty-five percent of the present value of future projected premiums not in subparagraph (3) above on an earned basis;

c. In the event that a policy form has both exceptional and other increases, the values in subparagraphs 39.28(3)“*b*”(2) and (4) will also include 70 percent for exceptional rate increase amounts; and

d. All present and accumulated values used to determine rate increases shall use the maximum valuation interest rate for contract reserves as recommended by the NAIC Financial Examiners Handbook. The actuary shall disclose as part of the actuarial memorandum the use of any appropriate averages.

39.28(4) For each rate increase that is implemented, the insurer shall file for review by the commissioner updated projections, as defined in subparagraph 39.28(2)“*c*”(1), annually for the next three years and include a comparison of actual results to projected values. The commissioner may

extend the period to greater than three years if actual results are not consistent with projected values from prior projections. For group insurance policies that meet the conditions in subrule 39.28(11), the projections required by this subrule shall be provided to the policyholder in lieu of filing with the commissioner.

39.28(5) If any premium rate in the revised premium rate schedule is greater than 200 percent of the comparable rate in the initial premium schedule, lifetime projections, as defined in subparagraph 39.28(2) "c"(1), shall be filed for review by the commissioner every five years following the end of the required period in subrule 39.28(4). For group insurance policies that meet the conditions in subrule 39.28(11), the projections required by this paragraph shall be provided to the policyholder in lieu of filing with the commissioner.

39.28(6) If the commissioner has determined that the actual experience following a rate increase does not adequately match the projected experience and that the current projections under moderately adverse conditions demonstrate that incurred claims will not exceed proportions of premiums specified in subrule 39.28(3), the commissioner may require the insurer to implement any of the following:

- a. Premium rate schedule adjustments; or
- b. Other measures to reduce the difference between the projected and actual experience.

In determining whether the actual experience adequately matches the projected experience, consideration should be given to subparagraph 39.28(2) "c"(5), if applicable.

39.28(7) If the majority of the policies or certificates to which the increase is applicable are eligible for the contingent benefit upon lapse, the insurer shall file:

a. A plan, subject to commissioner approval, for improved administration or claims processing designed to eliminate the potential for further deterioration of the policy form requiring further premium rate schedule increases, or both, or to demonstrate that appropriate administration and claims processing have been implemented or are in effect; otherwise, the commissioner may impose the condition in subrule 39.28(8); and

b. The original anticipated lifetime loss ratio, and the premium rate schedule increase that would have been calculated according to subrule 39.28(3) had the greater of the original anticipated lifetime loss ratio or 58 percent been used in the calculations described in subparagraphs 39.28(3) "b"(1) and (3).

39.28(8) Review of lapse rates.

a. For a rate increase filing that meets the following criteria, the commissioner shall review, for all policies included in the filing, the projected lapse rates and past lapse rates during the 12 months following each increase to determine if significant adverse lapsation has occurred or is anticipated:

- (1) The rate increase is not the first rate increase requested for the specific policy form or forms;
- (2) The rate increase is not an exceptional increase; and
- (3) The majority of the policies or certificates to which the increase is applicable are eligible for the contingent benefit upon lapse.

b. In the event significant adverse lapsation has occurred, is anticipated in the filing or is evidenced in the actual results as presented in the updated projections provided by the insurer following the requested rate increase, the commissioner may determine that a rate spiral exists. Following the determination that a rate spiral exists, the commissioner may require the insurer to offer, without underwriting, to all in-force insureds subject to the rate increase the option to replace existing coverage with one or more reasonably comparable products being offered by the insurer or its affiliates.

(1) The offer shall:

1. Be subject to the approval of the commissioner;
2. Be based on actuarially sound principles, but not be based on attained age; and
3. Provide that maximum benefits under any new policy accepted by an insured shall be reduced by comparable benefits already paid under the existing policy.

(2) The insurer shall maintain the experience of all the replacement insureds separate from the experience of insureds originally issued the policy forms. In the event of a request for a rate increase on the policy form, the rate increase shall be limited to the lesser of:

1. The maximum rate increase determined based on the combined experience; and

2. The maximum rate increase determined based only on the experience of the insureds originally issued the form plus 10 percent.

39.28(9) If the commissioner determines that the insurer has exhibited a persistent practice of filing inadequate initial premium rates for long-term care insurance, the commissioner may, in addition to the provisions of subrule 39.28(8), prohibit the insurer from either of the following:

- a. Filing and marketing comparable coverage for a period of up to five years; or
- b. Offering all other similar coverages and limiting marketing of new applications to the products subject to recent premium rate schedule increases.

39.28(10) Subrules 39.28(1) through 39.28(9) shall not apply to policies for which the long-term care benefits provided by the policy are incidental, as defined in subrule 39.5(16), if the policy complies with all of the following provisions:

a. The interest credited internally to determine cash value accumulations, including long-term care, if any, is guaranteed not to be less than the minimum guaranteed interest rate for cash value accumulations without long-term care set forth in the policy;

b. The portion of the policy that provides insurance benefits other than long-term care coverage meets the nonforfeiture requirements as applicable in any of the following:

- (1) Iowa Code section 508.37, regarding nonforfeiture standards for life insurance;
 - (2) Iowa Code section 508.38, regarding nonforfeiture standards for individual deferred annuities;
- and

(3) Iowa Code section 508A.5 and 191—subrule 31.3(8), regarding variable annuities;

c. The policy meets the disclosure requirements of rules 191—39.20(514G) and 191—39.21(514G);

d. The portion of the policy that provides insurance benefits other than long-term care coverage meets the requirements as applicable in the following:

- (1) Policy illustrations as required by 191—Chapter 14;
- (2) Disclosure requirements for annuities as required by the commissioner; and
- (3) Disclosure requirements for variable annuities as required by 191—Chapter 31;

e. An actuarial memorandum is filed with the insurance division that includes:

- (1) A description of the basis on which the long-term care rates were determined;
- (2) A description of the basis for the reserves;
- (3) A summary of the type of policy, benefits, renewability, general marketing method, and limits on ages of issuance;
- (4) A description and a table of each actuarial assumption used. For expenses, an insurer must include percent of premium dollars per policy and dollars per unit of benefits, if any;

(5) A description and a table of the anticipated policy reserves and additional reserves to be held in each future year for active lives;

(6) The estimated average annual premium per policy and the average issue age;

(7) A statement as to whether underwriting is performed at the time of application. The statement shall indicate whether underwriting is used and, if underwriting is used, the statement shall include a description of the type or types of underwriting used, such as medical underwriting or functional assessment underwriting. Concerning a group policy, the statement shall indicate whether the enrollee or any dependent will be underwritten and when underwriting occurs; and

(8) A description of the effect of the long-term care policy provision on the required premiums, nonforfeiture values and reserves on the underlying insurance policy, both for active lives and those in long-term care claim status.

39.28(11) Subrules 39.28(6) and 39.28(8) shall not apply to group insurance policies where:

a. The policies insure 250 or more persons and the policyholder has 5,000 or more eligible employees of a single employer; or

b. The policyholder, and not the certificate holders, pays a material portion of the premium, which shall not be less than 20 percent of the total premium for the group in the calendar year prior to the year a rate increase is filed.

191—39.29(514G) Nonforfeiture.

39.29(1) Except as provided in subrule 39.29(2), a long-term care insurance policy may not be delivered or issued for delivery in this state unless the policyholder or certificate holder has been offered the option of purchasing a policy or certificate including a nonforfeiture benefit. The offer of a nonforfeiture benefit may be in the form of a rider that is attached to the policy. In the event the policyholder or certificate holder declines the nonforfeiture benefit, the insurer shall provide a contingent benefit upon lapse that shall be available for a specified period of time following a substantial increase in premium rates.

39.29(2) When a group long-term care insurance policy is issued, the offer required in subrule 39.29(1) shall be made to the group policyholder. However, if the policy is issued as group long-term care insurance to a group as defined in Iowa Code section 514G.4(4) “d,” other than to a continuing care retirement community or other similar entity, the offering shall be made to each proposed certificate holder.

39.29(3) This rule does not apply to life insurance policies or riders containing accelerated long-term care benefits.

39.29(4) To comply with the requirement to offer a nonforfeiture benefit pursuant to the provisions of subrule 39.29(1):

a. A policy or certificate offered with nonforfeiture benefits shall have coverage elements, eligibility, benefit triggers and benefit length that are the same as coverage to be issued without nonforfeiture benefits. The nonforfeiture benefit included in the offer shall be the benefit described in subrule 39.29(7); and

b. The offer shall be in writing if the nonforfeiture benefit is not otherwise described in the outline of coverage or other materials given to the prospective policyholder.

39.29(5) If the offer required to be made under subrule 39.29(1) is rejected, the insurer shall provide the contingent benefit upon lapse described in this rule.

39.29(6) Benefit triggers.

a. After rejection of the offer required under subrule 39.29(1), for individual and group policies without nonforfeiture benefits issued after February 1, 2003, the insurer shall provide a contingent benefit upon lapse.

b. In the event a group policyholder elects to make the nonforfeiture benefit an option to the certificate holder, a certificate shall provide either the nonforfeiture benefit or the contingent benefit upon lapse.

c. The contingent benefit upon lapse shall be triggered every time an insurer increases the premium rates to a level which results in a cumulative increase of the annual premium equal to or exceeding the percentage of the insured’s initial annual premium set forth below based on the insured’s issue age, and the policy or certificate lapses within 120 days of the due date of the premium so increased. Unless otherwise required, policyholders shall be notified at least 30 days prior to the due date of the premium reflecting the rate increase.

d. On or before the effective date of a substantial premium increase as defined in paragraph 39.29(6)“*c*,” the insurer shall:

(1) Offer to reduce policy benefits provided by the current coverage without the requirement of additional underwriting so that required premium payments are not increased;

(2) Offer to convert the coverage to a paid-up status with a shortened benefit period in accordance with the terms of subrule 39.29(7). This option may be elected at any time during the 120-day period referenced in paragraph 39.29(6)“*c*”; and

(3) Notify the policyholder or certificate holder that a default or lapse at any time during the 120-day period referenced in paragraph 39.29(6)“*c*” shall be deemed to be the election of the offer to convert in subparagraph (2) above.

39.29(7) Benefits continued as nonforfeiture benefits, including contingent benefits upon lapse, are described in this subrule.

a. For purposes of this subrule, attained age rating is defined as a schedule of premiums starting from the issue date which increases age at least 1 percent per year prior to age 50, and at least 3 percent per year beyond age 50.

b. For purposes of this subrule, the nonforfeiture benefit shall be of a shortened benefit period providing paid-up long-term care insurance coverage after lapse. The same benefits (amounts and frequency in effect at the time of lapse but not increased thereafter) will be payable for a qualifying claim, but the lifetime maximum dollars or days of benefits shall be determined as specified in paragraph “*c.*”

c. The standard nonforfeiture credit will be equal to 100 percent of the sum of all premiums paid, including the premiums paid prior to any changes in benefits. The insurer may offer additional shortened benefit period options, as long as the benefits for each duration equal or exceed the standard nonforfeiture credit for that duration. However, the minimum nonforfeiture credit shall not be less than 30 times the daily nursing home benefit at the time of lapse. In either event, the calculation of the nonforfeiture credit is subject to the limitation of subrule 39.29(8).

d. Benefit dates.

(1) The nonforfeiture benefit shall begin not later than the end of the third year following the policy or certificate issue date. The contingent benefit upon lapse shall be effective during the first three years as well as thereafter.

(2) Notwithstanding subparagraph (1), for a policy or certificate with attained age rating, the nonforfeiture benefit shall begin on the earlier of:

1. The end of the tenth year following the policy or certificate issue date; or
2. The end of the second year following the date the policy or certificate is no longer subject to attained age rating.

e. Nonforfeiture credits may be used for all care and services qualifying for benefits under the terms of the policy or certificate, up to the limits specified in the policy or certificate.

39.29(8) All benefits paid by the insurer while the policy or certificate is in premium-paying status and in paid-up status will not exceed the maximum benefits which would be payable if the policy or certificate had remained in premium-paying status.

39.29(9) There shall be no difference in the minimum nonforfeiture benefits as required under this rule for group and individual policies.

39.29(10) The requirements set forth in this rule shall become effective July 1, 2003, and shall apply as follows:

a. Except as provided in paragraph “*b.*” the provisions of this rule apply to any long-term care policy issued on or after February 1, 2003.

b. For certificates issued on or after July 1, 2003, under a group long-term care insurance policy which policy was in force on February 1, 2003, the provisions of this rule shall not apply.

39.29(11) Premiums charged for a policy or certificate containing nonforfeiture benefits or a contingent benefit on lapse shall be subject to the loss ratio requirements of 39.13(2) or 191—39.28(514G), whichever applies, treating the policy as a whole.

39.29(12) To determine whether contingent nonforfeiture upon lapse provisions are triggered under paragraph 39.29(6) “*c.*” a replacing insurer that purchased or otherwise assumed a block or blocks of long-term care insurance policies from another insurer shall calculate the percentage increase based on the initial annual premium paid by the insured when the policy was first purchased from the original insurer.

39.29(13) A nonforfeiture benefit for qualified long-term care insurance contracts that are level premium contracts shall be offered that meets the following requirements:

- a.* The nonforfeiture provision shall be appropriately captioned;
- b.* The nonforfeiture provision shall provide a benefit available in the event of a default in the payment of any premiums and shall state that the amount of the benefit may be adjusted subsequent to being initially granted only as necessary to reflect changes in claims, persistency and interest as reflected in changes in rates for premium-paying contracts approved by the commissioner for the same contract form; and

c. The nonforfeiture provision shall provide at least one of the following:

- (1) Reduced paid-up insurance;
- (2) Extended term insurance;

- (3) Shortened benefit period; or
- (4) Other similar offerings approved by the commissioner.

39.29(14) Notwithstanding subrule 39.29(10), if an insurer requests a premium rate increase on any long-term care policy issued prior to February 1, 2003, the commissioner shall require as a condition of approval of such premium rate increase that the insurer provide notice to all affected policyholders and certificate holders that, in lieu of the requested premium rate increase, the insured may opt for one of the following:

a. A reduced benefit. The insurer may limit any reduction in coverage to plans or options available for that policy form and to those for which benefits will be available after consideration of claims paid or payable. The age used to determine the premium for the reduced coverage shall be based on the age used to determine the premiums for the coverage currently in force. The reduced benefit offered may include one or more of the following:

- (1) A reduced daily, weekly, or monthly benefit;
- (2) A longer waiting period;
- (3) A reduced benefit period or a reduced maximum lifetime benefit; or
- (4) Any other benefit or coverage reduction option consistent with the policy or certificate design or the carrier's administrative processes.

b. A contingent benefit upon lapse as described in subrules 39.29(7), 39.29(8), 39.29(9), and 39.29(12) if the requested premium rate increase results in a cumulative increase of the annual premium equal to or exceeding the percentage of the insured's initial annual premium set forth in paragraph 39.29(6) "c."

c. Any other alternative mechanism filed by the insurer and approved by the commissioner.

191—39.30(514G) Standards for benefit triggers.

39.30(1) A long-term care insurance policy shall condition the payment of benefits on a determination of the insured's ability to perform activities of daily living and on cognitive impairment. Eligibility for the payment of benefits shall not be more restrictive than requiring either a deficiency in the ability to perform not more than three of the activities of daily living or the presence of cognitive impairment.

39.30(2) Activities of daily living.

a. Activities of daily living shall include at least the following as defined in rule 191—39.5(514G) and in the policy:

- (1) Bathing;
- (2) Continence;
- (3) Dressing;
- (4) Eating;
- (5) Toileting; and
- (6) Transferring.

b. Insurers may use other activities of daily living to trigger covered benefits as long as the activities are defined in the policy.

39.30(3) An insurer may use additional provisions for the determination of when benefits are payable under a policy or certificate; however, the provisions shall not restrict, and are not in lieu of, the requirements contained in subrules 39.30(1) and 39.30(2).

39.30(4) For purposes of this rule, the determination of a deficiency shall not be more restrictive than:

a. Requiring the hands-on assistance of another person to perform the prescribed activities of daily living; or

b. If the deficiency is due to the presence of a cognitive impairment, supervision or verbal cuing by another person is needed in order to protect the insured or others.

39.30(5) Assessments of activities of daily living and cognitive impairment shall be performed by licensed or certified professionals, such as physicians, nurses or social workers.

39.30(6) Long-term care insurance policies shall include a clear description of the process for appealing and resolving benefit determinations.

39.30(7) The requirements set forth in this rule shall be effective July 1, 2003, and shall apply as follows:

a. Except as provided in paragraph “*b.*” the provisions of this rule apply to a long-term care policy issued in this state on or after February 1, 2003.

b. For certificates issued on or after July 1, 2003, under a group long-term care insurance policy as defined in Iowa Code section 514G.4(4) “*a.*” that was in force on February 1, 2003, the provisions of this rule shall not apply.

191—39.31(514G) Additional standards for benefit triggers for qualified long-term care insurance contracts.

39.31(1) For purposes of this rule, the following definitions apply:

“*Chronically ill individual*” has the meaning prescribed for this term by Section 7702B(c)(2) of the Internal Revenue Code of 1986. Under this provision, a chronically ill individual means any individual who has been certified by a licensed health care practitioner as:

1. Being unable to perform (without substantial assistance from another individual) at least two activities of daily living for a period of at least 90 days due to a loss of functional capacity; or
2. Requiring substantial supervision to protect the individual from threats to health and safety due to severe cognitive impairment.

The term “chronically ill individual” shall not include an individual otherwise meeting these requirements unless within the preceding 12-month period a licensed health care practitioner has certified that the individual meets these requirements.

“*Licensed health care practitioner*” means a physician, as defined in Section 1861(r)(1) of the Social Security Act, a registered professional nurse, licensed social worker or other individual who meets requirements prescribed by the Secretary of the Treasury.

“*Maintenance or personal care services*” means any care the primary purpose of which is the provision of needed assistance with any of the disabilities as a result of which the individual is a chronically ill individual (including the protection from threats to health and safety due to severe cognitive impairment).

“*Qualified long-term care services*” means services that meet the requirements of Section 7702(c)(1) of the Internal Revenue Code of 1986, as follows: necessary diagnostic, preventive, therapeutic, curative, treatment, mitigation and rehabilitative services, and maintenance or personal care services which are required by a chronically ill individual, and are provided pursuant to a plan of care prescribed by a licensed health care practitioner.

39.31(2) A qualified long-term care insurance contract shall pay only for qualified long-term care services received by a chronically ill individual provided pursuant to a plan of care prescribed by a licensed health care practitioner.

39.31(3) A qualified long-term care insurance contract shall condition the payment of benefits on a determination of the insured’s inability to perform activities of daily living for an expected period of at least 90 days due to a loss of functional capacity or to severe cognitive impairment.

39.31(4) Certifications regarding activities of daily living and cognitive impairment required pursuant to subrule 39.31(3) shall be performed by the following licensed or certified professionals: physicians, registered professional nurses, licensed social workers, or other individuals who meet requirements prescribed by the Secretary of the Treasury.

39.31(5) Certifications required pursuant to subrule 39.31(3) may be performed by a licensed health care professional at the direction of the carrier as is reasonably necessary with respect to a specific claim, except that when a licensed health care practitioner has certified that an insured is unable to perform activities of daily living for an expected period of at least 90 days due to a loss of functional capacity and the insured is in claim status, the certification may not be rescinded and additional certifications may not be performed until after the expiration of the 90-day period.

39.31(6) Qualified long-term care insurance contracts shall include a clear description of the process for appealing and resolving disputes with respect to benefit determinations.

191—39.32(514G) Penalties. Violations of this chapter shall be subject to the penalties imposed under Iowa Code chapter 507B.

191—39.33(514G) Notice of cancellation, nonrenewal or termination of long-term care insurance.

39.33(1) Purpose and definitions.

a. Purpose. The purpose of this rule is to clarify the authorized methods of delivery for notices of cancellation, nonrenewal or termination by an insurer, so as to implement the various policyholder protections intended by Iowa Code section 514G.111 and rule 191—39.22(514G).

b. Definitions. As used in Iowa Code section 505B.1 and this rule:

“*Commissioner*” means the Iowa insurance commissioner or insurance division.

“*Notice of cancellation, nonrenewal or termination*” means:

1. Notice of an insurance company’s termination of an insurance policy at the end of a term or before the termination date;

2. Notice of an insurance company’s decision or intention not to renew a policy; and

3. For purposes of notices required by Iowa Code section 514G.111 and rule 191—39.22(514G), at a minimum, an insurance company’s notice of lapse or termination of a long-term care insurance policy.

39.33(2) Scope. This rule shall apply to all insurance companies holding a certificate of authority to transact the business of insurance under the provisions of Iowa Code chapter 508 or 515.

39.33(3) Delivery. For any notice of cancellation, nonrenewal or termination by an insurer under Iowa Code section 514G.111 and rule 191—39.22(514G) to be effective, an insurer must, within the time frame established by law, deliver the notice to the person to whom notice is required to be provided either in person or by mail through the U.S. Postal Service to the last-known address of the person to whom notice is required to be provided. The use of U.S. Postal Service Intelligent Mail® fulfills any requirement in Iowa Code section 514G.111 and rule 191—39.22(514G) for certified mail or certificate of mailing as proof of mailing.

39.33(4) Electronic transmissions. Notwithstanding the requirements of subrule 39.33(3), if an insurer receives, pursuant to 191—subrule 4.24(2), approval from the commissioner of a manner of electronic delivery of a notice of cancellation, nonrenewal or termination of a policy, the approved manner shall satisfy the notice requirements of Iowa Code section 514G.111 and rule 191—39.22(514G).

This rule is intended to implement Iowa Code chapter 505B.

DIVISION II
INDEPENDENT REVIEW OF BENEFIT TRIGGER DETERMINATIONS

191—39.41(514G) Purpose. This division is intended to implement Iowa Code chapter 514G as amended by 2008 Iowa Acts, House File 2694, to provide a uniform process for insureds covered under long-term care insurance to request an independent review of a denial of coverage based on a benefit trigger determination.

191—39.42(514G) Effective date. The rules contained in this division shall apply to all requests for benefit trigger determinations made on or after January 1, 2009.

191—39.43(514G) Definitions. For purposes of this division, the definitions found in 2008 Iowa Acts, House File 2694, section 4, shall apply.

191—39.44(514G) Notice of benefit trigger determination and content. The notice required by 2008 Iowa Acts, House File 2694, section 10, shall contain the following information:

1. The reason that the insurer determined that the policy benefit trigger has not been met by the insured.
2. A description of the internal appeal mechanism provided under the long-term care policy.
3. A description of how the insured, after exhausting the insurer's internal appeal process, has the right to have the benefit trigger determination reviewed under the independent review process required by 2008 Iowa Acts, House File 2694, section 11.

191—39.82(514H,83GA,HF723) Exchanges.

39.82(1) An insurer must offer, on a one-time basis, in writing, to all existing policyholders that were issued long-term care policies between February 1, 2003, and January 1, 2010, the option to exchange their existing long-term care policies for an Iowa long-term care partnership policy. The insurer must make this offer within 18 months of the date the insurer begins the first marketing efforts for any long-term care partnership insurance product.

39.82(2) Under an exchange program, an insurer must comply with all of the following:

a. The mandatory offer of an exchange shall apply only to products issued by the insurer that are comparable to the type of policy, such as group policies and individual policies, and to the policy series that the company has certified as partnership-qualified.

b. An insurer must provide the insured a minimum of 90 days from the date of mailing of the offer by the insurer to accept or reject the offer.

c. An insurer must make the offer on a nondiscriminatory basis without regard to the age or health status of the insured. However, the insurer may underwrite if the policy is amended to provide additional benefits or if the exchange would require the issuance of a new policy, except as described in paragraph 39.82(2) "d" below. Any portion of the policy that was issued prior to the exchange date shall be priced based on the policyholder's age when the policy was originally issued. Any portion of the policy that is added as a result of the exchange may be priced based on the policyholder's age at the time of the exchange.

d. If there is no change in coverage that is material to the risk, policies exchanged under this rule shall not be subject to any medical underwriting.

e. Coverage under the new policy shall not result in any exclusion for preexisting conditions that would have been covered under the policy or certificate being replaced.

f. Any portion of the policy that was issued prior to the exchange date shall maintain the policy's original price based on the policyholder's age when the policy was originally issued. Any portion of the policy that is added as a result of the exchange may be priced based on the policyholder's age at the time of the exchange.

g. When the policy is issued to a group, the offer required in subrule 39.82(1) shall be made to the group policyholder.

h. Notwithstanding paragraphs 39.82(2) "a" and "c," an insurer is not required to offer an exchange to an individual who is eligible for benefits within an elimination period, who is or who has been in claim status, or who would not be eligible to apply for coverage due to issue age or plan design limitations under the new policy. The insurer may require that policyholders meet all eligibility requirements, including plan design, underwriting, if applicable, and payment of the required premium.

39.82(3) Policies issued pursuant to this rule shall be considered exchanges and not replacements and are not subject to rule 191—39.11(514D,514G).

39.82(4) A policy received in an exchange after January 1, 2010, is treated as newly issued and is eligible for long-term care partnership policy status. For purposes of applying the Medicaid rules relating to Iowa's long-term care partnership program, the addition of a rider, endorsement or change in schedule page for a policy may be treated as giving rise to an exchange.

39.82(5) An insurer or a producer offering an exchange shall provide to each prospective applicant a Partnership Program Notice, as required by subrule 39.80(1), and a copy of the Iowa Long-Term Care Partnership Program Consumer Guide, as required by subrule 39.80(2). Under this Program the [policyholder or certificate holder] may be able to protect some of the [policyholder's or certificate holder's] assets from Medicaid spend-down requirements through a feature known as 'Asset Disregard.' Nothing in this [policy or certificate] is a guarantee of Medicaid eligibility nor is it a guarantee of any ability to disregard assets for purposes of Medicaid eligibility. If you have questions about whether or not your policy currently qualifies under the Long-Term Care Partnership Program, please contact [the insurer at ###-###-####] and request a long-term care partnership program policy summary."

39.83(2) If a policyholder or certificate holder or that person's representative requests a long-term care partnership program policy summary, as provided in subrule 39.83(1), the information the insurer shall provide and the format of the long-term care partnership program policy summary shall be as set forth in Appendix J. APPENDIX B**Long-Term Care Insurance
Personal Worksheet**

People buy long-term care insurance for many reasons. Some don't want to use their own assets to pay for long-term care. Some buy insurance to make sure they can choose the type of care they get. Others don't want their family to have to pay for care or don't want to go on Medicaid. But long-term care insurance may be expensive, and may not be right for everyone.

By state law, the insurance company must fill out part of the information on this worksheet and **ask** you to fill out the rest to help you and the company decide if you should buy this policy.

Premium Information

Policy Form Numbers _____

The premium for the coverage you are considering will be [\$_____ per month, or \$_____ per year] [a one-time single premium of \$_____].

Type of Policy (noncancellable/guaranteed renewable): _____

The Company's Right to Increase Premiums: _____

[The company cannot raise your rates on this policy.] [The company has a right to increase premiums on this policy form in the future, provided it raises rates for all policies in the same class in this state.] [Insurers shall use appropriate bracketed statement. Rate guarantees shall not be shown on this form.]

Rate Increase History

The company has sold long-term care insurance since [year] and has sold this policy since [year]. [The company has never raised its rates for any long-term care policy it has sold in this state or any other state.] [The company has not raised its rates for this policy form or similar policy forms in this state or any other state in the last 10 years.] [The company has raised its premium rates on this policy form or similar policy forms in the last 10 years. Following is a summary of the rate increases.]

Drafting Note: A company may use the first bracketed sentence above only if it has never increased rates under any prior policy forms in this state or any other state. The issuer shall list each premium increase it has instituted on this or similar policy forms in this state or any other state during the last 10 years. The list shall provide the policy form, the calendar years the form was available for sale, and the calendar year and the amount (percentage) of each increase. The insurer shall provide minimum and maximum percentages if the rate increase is variable by rating characteristics. The insurer may provide, in a fair manner, additional explanatory information as appropriate.

Questions Related to Your Income

How will you pay each year's premium?

From my Income From my Savings/Investments My Family will Pay

[Have you considered whether you could afford to keep this policy if the premiums went up, for example, by 20%?]

Drafting Note: The issuer is not required to use the bracketed sentence if the policy is fully paid up or is a noncancellable policy.

What is your annual income? (check one) Under \$10,000 \$[10-20,000] \$[20-30,000]
 \$[30-50,000] Over \$50,000

Drafting Note: The issuer may choose the numbers to put in the brackets to fit its suitability standards.

How do you expect your income to change over the next 10 years? (check one)
 No change Increase Decrease

If you will be paying premiums with money received only from your own income, a rule of thumb is that you may not be able to afford this policy if the premiums will be more than 7% of your income.

Will you buy inflation protection? (check one) Yes No

If not, have you considered how you will pay for the difference between future costs and your daily benefit amount?

From my Income From my Savings/Investments My Family will Pay

The national average annual cost of care in [insert year] was [insert \$ amount], but this figure varies across the country. In ten years the national average annual cost would be about [insert \$ amount] if costs increase 5% annually.

Drafting Note: The projected cost can be based on federal estimates in a current year. In the above statement, the second figure equals 163% of the first figure.

What elimination period are you considering? Number of days _____ Approximate cost \$ _____ for that period of care.

How are you planning to pay for your care during the elimination period? (check one)

From my Income From my Savings/Investments My Family will Pay

Under \$20,000 \$20,000-\$30,000 \$30,000-\$50,000 Over \$50,000

How do you expect your assets to change over the next ten years? (check one)

APPENDIX C

Things You Should Know Before You Buy**Long-Term Care Insurance**

- Long-Term Care Insurance**
- A long-term care insurance policy may pay most of the costs for your care in a nursing home. Many policies also pay for care at home or other community settings. Since policies can vary in coverage, you should read this policy and make sure you understand what it covers before you buy it.
 - [You should **not** buy this insurance policy unless you can afford to pay the premiums every year.] [Remember that the company can increase premiums in the future.]

Drafting Note: For single premium policies, delete this bullet; for noncancellable policies, delete the second sentence only.

- The personal worksheet includes questions designed to help you and the company determine whether this policy is suitable for your needs.
- Medicare**
- Medicare does **not** pay for most long-term care.
- Medicaid**
- Medicaid will generally pay for long-term care if you have very little income and few assets. You probably should **not** buy this policy if you are now eligible for Medicaid.
 - Many people become eligible for Medicaid after they have used up their own financial resources by paying for long-term care services.
 - When Medicaid pays your spouse's nursing home bills, you are allowed to keep your house and furniture, a living allowance, and some of your joint assets.
 - Your choice of long-term care services may be limited if you are receiving Medicaid. To learn more about Medicaid, contact your local or state Medicaid agency.
- Shopper's Guide**
- Make sure the insurance company or producer gives you a copy of a booklet called the National Association of Insurance Commissioners' "Shopper's Guide to Long-Term Care Insurance." Read it carefully. If you have decided to apply for long-term care insurance, you have the right to return the policy within 30 days and get back any premium you have paid if you are dissatisfied for any reason or choose not to purchase the policy.
- Counseling**
- Free counseling and additional information about long-term care insurance are available through your state's insurance counseling program. Contact your state insurance department or department on aging for more information about the senior health insurance counseling program in your state.

APPENDIX D**Long-Term Care Insurance Suitability Letter**

Dear [Applicant]:

Your recent application for long-term care insurance included a “personal worksheet,” which asked questions about your finances and your reasons for buying long-term care insurance. For your protection, state law requires us to consider this information when we review your application, to avoid selling a policy to those who may not need coverage.

[Your answers indicate that long-term care insurance may not meet your financial needs. We suggest that you review the information provided along with your application, including the booklet “Shopper’s Guide to Long-Term Care Insurance” and the page titled “Things You Should Know Before Buying Long-Term Care Insurance.” Your state insurance department also has information about long-term care insurance and may be able to refer you to a counselor free of charge who can help you decide whether to buy this policy.]

[You chose not to provide any financial information for us to review.]

Drafting Note: Choose the paragraph that applies.

We have suspended our final review of your application. If, after careful consideration, you still believe this policy is what you want, check the appropriate box below and return this letter to us within the next 60 days. We will then continue reviewing your application and issue a policy if you meet our medical standards.

If we do not hear from you within the next 60 days, we will close your file and not issue you a policy. You should understand that you will not have any coverage until we hear back from you, approve your application and issue you a policy.

Please check one box and return in the enclosed envelope.

Yes, [although my worksheet indicates that long-term care insurance may not be a suitable purchase,] I wish to purchase this coverage. Please resume review of my application.

Drafting Note: Delete the phrase in brackets if the applicant did not answer the questions about income.

No. I have decided not to buy a policy at this time.

APPENDIX F**Instructions:**

This form provides information to the applicant regarding premium rate schedules, rate schedule adjustments, potential rate revisions, and policyholder options in the event of a rate increase.

Insurers shall provide all of the following information to the applicant:

**Long-Term Care Insurance
Potential Rate Increase Disclosure Form**

1. **[Premium Rate] [Premium Rate Schedules]:** [Premium rate] [Premium rate schedules] that [is][are] applicable to you and that will be in effect until a request is made and [filed][approved] for an increase [is][are] [on the application][\$._____].

Drafting Note: Use “approved” in states requiring prior approval of rates.

2. **The [premium] [premium rate schedule] for this policy [will be shown on the schedule page of] [will be attached to] your policy.**

3. **Rate Schedule Adjustments:**

The company will provide a description of when premium rate or rate schedule adjustments will be effective (e.g., next anniversary date, next billing date, etc.) (fill in the blank): _____.

4. **Potential Rate Revisions:**

This policy is Guaranteed Renewable. This means that the rates for this product may be increased in the future. Your rates can NOT be increased due to your increasing age or declining health, but your rates may go up based on the experience of all policyholders with a policy similar to yours.

If you receive a premium rate or premium rate schedule increase in the future, you will be notified of the new premium amount and you will be able to exercise at least one of the following options:

- Pay the increased premium and continue your policy in force as is.
- Reduce your policy benefits to a level such that your premiums will not increase. (Subject to state law minimum standards.)
- Exercise your nonforfeiture option if purchased. (This option is available for purchase for an additional premium.)
- Exercise your contingent nonforfeiture rights.* (This option may be available if you do not purchase a separate nonforfeiture option.)

Turn the Page

***Contingent Nonforfeiture**

If the premium rate for your policy goes up in the future and you didn't buy a nonforfeiture option, you may be eligible for contingent nonforfeiture. Here's how to tell if you are eligible:

You will keep some long-term care insurance coverage, if:

- Your premium after the increase exceeds your original premium by the percentage shown (or more) in the following table; and
- You lapse (not pay more premiums) within 120 days of the increase.

The amount of coverage (i.e., new lifetime maximum benefit amount) you will keep will equal the total amount of premiums you've paid since your policy was first issued. If you have already received benefits under the policy, so that the remaining maximum benefit amount is less than the total amount of premiums you've paid, the amount of coverage will be that remaining amount.

Except for this reduced lifetime maximum benefit amount, all other policy benefits will remain at the levels attained at the time of the lapse and will not increase thereafter.

Should you choose this Contingent Nonforfeiture option, your policy, with this reduced maximum benefit amount, will be considered "paid-up" with no further premiums due.

Example:

- You bought the policy at age 65 and paid the \$1,000 annual premium for 10 years, so you have paid a total of \$10,000 in premiums.
- In the eleventh year, you receive a rate increase of 50%, or \$500 for a new annual premium of \$1,500, and you decide to lapse the policy (not pay any more premiums).
- Your "paid-up" policy benefits are \$10,000 (provided you have at least \$10,000 of benefits remaining under your policy).

APPENDIX H

Partnership Program Notice
Important Consumer Information Regarding the
Iowa Long-Term Care Partnership Program

Some long-term care insurance policies or certificates sold in Iowa may qualify for the Iowa Long-Term Care Partnership Program (the Partnership Program). The Partnership Program is a partnership between state government and private insurance companies to assist individuals in planning their long-term care needs. Insurance companies voluntarily agree to participate in the Partnership Program by offering long-term care insurance coverage that meets certain state and federal requirements. Long-term care insurance policies or certificates that qualify as partnership policies or certificates may protect the policyholder's or certificate holder's assets through a feature known as "Asset Disregard" under Iowa's Medicaid program.

Asset Disregard means that an amount of the policyholder's or certificate holder's assets equal to the amount of long-term care insurance benefits received under a qualified partnership policy or certificate will be disregarded for the purpose of determining the insured's eligibility for Medicaid. This generally allows a person to keep assets equal to the insurance benefits received under a qualified partnership policy or certificate without affecting the person's eligibility for Medicaid.

All other Medicaid eligibility criteria will apply, and special rules may apply to persons whose home equity exceeds \$500,000. Asset Disregard is not available under a long-term care insurance policy or certificate that is not a partnership policy or certificate. Therefore, you should consider if Asset Disregard is important to you and whether a partnership policy or certificate meets your needs. The purchase of a partnership policy or certificate does not automatically qualify you for Medicaid. There are other eligibility requirements you must meet, including resource and income requirements.

What Are the Requirements for a Partnership Policy or Certificate?

In order for a policy or certificate to qualify as a partnership policy or certificate, it must, among other requirements:

- Be issued to an individual on or after January 1, 2010;
- Be issued to an individual who is an Iowa resident when coverage first becomes effective under the policy;
- Be a tax-qualified policy under Section 7702B(b) of the Internal Revenue Code of 1986;
- Meet the following inflation protection requirements:
 - For a person less than 61 years of age – provides compound annual inflation protection
 - For a person at least 61 but less than 76 years of age – provides 3 percent inflation protection
 - For a person at least 76 years of age – inflation protection may be offered but is not required

If you apply and are approved for long-term care insurance coverage, [carrier name] will provide you with written documentation as to whether or not your policy or certificate qualifies as a partnership policy or certificate.

What Could Disqualify a Policy or Certificate as a Partnership Policy or Certificate?

Certain types of changes to a partnership policy or certificate could affect whether or not such policy or certificate continues to be a partnership policy or certificate. If you purchase a partnership policy or certificate and later decide to make *any* changes, you should first consult with your insurance producer or insurance company to determine the effect of a proposed change. If you move to a state that does not have a Partnership Program or does not recognize your policy or certificate as a partnership policy or certificate, you would not receive beneficial treatment of your policy or certificate under the Medicaid program of that state. The information contained in this disclosure is based on current Iowa and federal laws. These laws may be subject to change. Any change in law could reduce or eliminate the beneficial treatment of your policy or certificate under Iowa's Medicaid program.

Additional Information

If you have questions regarding the long-term care insurance policies or certificates, please contact [carrier name]. If you have questions regarding current laws governing Medicaid eligibility, you should contact the Iowa Department of Human Services (Sally Oudekerk, Medicaid Policy Specialist, Bureau of Medical Support, telephone number (515)281-3709, email address soudeke@dhs.state.ia.us).

APPENDIX I

Partnership Status Disclosure Notice
Important Information Regarding Your Policy's or Certificate's
Long-Term Care Partnership Status

This disclosure notice is issued in conjunction with your long-term care policy.

Some long-term care insurance policies or certificates sold in Iowa qualify for the Iowa Long-Term Care Partnership Program. Long-term care insurance policies or certificates that qualify as partnership policies or certificates may be entitled to special treatment, in particular as "Asset Disregard" under Iowa's Medicaid program.

Asset Disregard means that an amount of the policyholder's or certificate holder's assets equal to the amount of long-term care insurance benefits received under a qualified partnership policy or certificate will be disregarded for the purpose of determining the insured's eligibility for Medicaid. This generally allows a person to keep assets equal to the insurance benefits received under a qualified partnership policy or certificate without affecting the person's eligibility for Medicaid. All other Medicaid eligibility criteria will apply, and special rules may apply to persons whose home equity exceeds \$500,000. Asset Disregard is not available under a long-term care insurance policy or certificate that is not a partnership policy or certificate. The purchase of a partnership policy or certificate does not automatically qualify you for Medicaid. There are other eligibility requirements you must meet, including resource and income requirements.

Partnership Policy or Certificate Status

Your long-term care insurance policy or certificate is intended to qualify as a partnership policy or certificate under the Iowa Long-Term Care Partnership Program as of your policy's or certificate's effective date.

What Could Disqualify a Policy or Certificate as a Partnership Policy or Certificate?

Certain types of changes to a partnership policy or certificate could affect whether or not such policy or certificate continues to be a partnership policy or certificate. If you purchase a partnership policy or certificate and later decide to make *any* changes, you should first consult with your insurance producer or your insurance company to determine the effect of a proposed change. If you move to a state that does not maintain a Partnership Program or does not recognize your policy or certificate as a partnership policy or certificate, you would not receive beneficial treatment of your policy or certificate under the Medicaid program of that state. The information contained in this disclosure is based on current Iowa and federal laws. These laws may be subject to change. Any change on law could reduce or eliminate the beneficial treatment of your policy or certificate under Iowa's Medicaid program.

191—40.3(514B) Inspection of evidence of coverage. An enrollee may, if evidence of coverage is not satisfactory for any reason, return evidence of coverage within ten days of receipt of same and receive full refund of the deposit paid, if any. This right shall not act as a cure for misleading or deceptive advertising or marketing methods, nor may it be exercised if the enrollee utilizes the services of the HMO within the ten-day period.

191—40.4(514B) Governing body and enrollee representation. An HMO shall have a basic written organizational document setting forth its scheme of organization and establishing a governing body appropriate to its form of organization. The governing body shall be responsible for matters of policy and operation.

The HMO shall develop bylaws or guidelines which describe the scope of the health care services the HMO renders to enrollees either directly by its medical staff or dental staff, if dental care is provided, or

through arrangements with others outside of the organization. Initial bylaws, guidelines, and revisions thereto shall be submitted to the commissioner of insurance for review and approval.

The bylaws, guidelines, or similar document shall provide for “reasonable representation” on the governing body by enrollees. “Reasonable representation” as used in Iowa Code section 514B.7 shall require not less than 30 percent of the governing board members be enrollees who are not providers or are not associated with a provider. Enrollees shall have the opportunity to nominate said enrollee representatives.

The HMO may provide upon its initial formation that all representatives on the governing board shall be selected by the organizers of the HMO. Such members shall serve until the first annual meeting or election. If there are no enrollee representatives on the initial governing board, they shall be elected at the first annual meeting or election.

The nomination procedures for enrollee representatives should provide for the following to assure an adequate opportunity for participation by enrollees:

40.4(1) An opportunity for adult enrollees to nominate candidates for the governing body.

40.4(2) Notice to all adult enrollees of the nomination and election procedures.

The HMO shall be deemed to have complied with these requirements if it provides notice in its regular newsletter to enrollees of the opportunity to and the procedures for nomination of enrollee representatives.

Nomination procedures may be waived by the commissioner for a period of up to three years from the HMO’s commencement of delivery of services to enrollees.

For purposes of this rule, an HMO operated directly by a corporation or corporations subject to Iowa Code chapter 514 and rule 191—34.7(514) shall be deemed to be in compliance with this rule if it is or they are in compliance with Iowa Code section 514.4 and rule 191—34.7(514).

This rule is intended to implement Iowa Code section 514B.7.

191—40.5(514B) Quality of care. Each HMO shall:

40.5(1) Provide primary care physicians’ services commensurate with the need of the enrollees, but at a level of not less than that established in the community.

40.5(2) Advise the insurance division annually pursuant to Iowa Code section 514B.12 of the ratio of full-time equivalent physicians, paramedical and ancillary health personnel to enrollees and fee-for-service patients. Changes in the physician ratios shall be immediately reported together with action taken to correct any deficiencies in the ratios.

40.5(3) Provide assurance that all physicians, paramedical and ancillary health personnel engaged in the provisions of health services to enrollees and fee-for-service patients are currently licensed or certified by the appropriate state agency where they are located to practice their respective profession. These personnel shall be no less qualified in their respective profession than the current level of qualification, which is maintained in their community.

40.5(4) When health care facilities are utilized by the health maintenance organization, these facilities shall be licensed by the appropriate state agency where they are located. These facilities shall be either accredited by the Joint Commission on Accreditation of Hospitals or the American Osteopathic Association; or they shall be certified as a provider for Medicare or Medicaid.

40.5(5) Have a qualified administrator designated by the governing body who shall be responsible for the management of the HMO.

40.5(6) Have a formally organized medical staff.

40.5(7) Have a chief of the medical staff designated by the governing body who shall be responsible for the development of medical staff bylaws, rules which shall include assurance to enrollees that a continuum of health care services will be provided without unreasonable periods of delay.

40.5(8) Provide for an ongoing internal peer review program.

40.5(9) Each HMO shall provide a continuous program of general health education for disease prevention and identification without additional cost to the enrollee. Such a program may include publications, media presentations, and classroom instruction. Programs of wellness education including stress management, smoking cessation, nutritional education, physical fitness programs, and other such

programs as approved by the division of insurance shall be open to all enrollees on a voluntary basis and may be subject to a copayment requirement. These programs shall be conducted by qualified personnel.

The HMO must periodically remind and encourage the enrollees of an HMO to utilize benefits including physical examinations which are available and designed to prevent illness. The HMO must also offer periodic screening programs which in the opinion of the medical staff would effectively identify conditions indicative of a health problem. These periodic screening programs shall not carry a copayment. Each HMO shall keep a record of all activities it has conducted to satisfy this requirement and the cost thereof.

40.5(10) Maintain a medical records system which includes at a minimum the following information:

- a. Documentation of utilization rates for every enrollee.
- b. Patient's name, identification number, age, sex, and place of residence and employment.
- c. Services provided, when provided, where provided, and by whom.
- d. Medical diagnosis, treatment prescribed, therapy prescribed and drugs administered.
- e. Statement in regard to the status of the patient's health.

40.5(11) Provide by contract or other arrangement for peer reviews. The plans for internal and external peer review shall be submitted to the commissioner of insurance for approval.

a. Internal peer review shall be conducted by the HMO staff on a continuing basis using Joint Commission on Accreditation of Hospitals, American Osteopathic Association, or American Dental Association, if appropriate, standards as a general guide and shall be structured to review the total episode of illness that the HMO is responsible for. The HMO staff may use parts of the total episode of illness peer review done by other internal review committees to avoid duplication of work. This review shall include but not be limited to the following:

- (1) Utilization review and evaluation of the quality of care provided enrollees.
- (2) The process or method by which care is given.
- (3) The outcome of care including the morbidity and mortality rates that result.

b. External review—criteria and methodology for the selection of an external review group (ERG):

(1) Application to be the ERG may be made in the form of a letter to the commissioner of insurance, describing the qualifications of the ERG and how the ERG meets the criteria set forth in this rule.

(2) Deleted per agency memo, 9/29/93 IAC.

(3) The commissioner shall invite an application from any ERG upon the request of any HMO.

(4) The commissioner may also invite applications from any group which might have the capability of carrying out a review.

(5) The commissioner will consider all applications and appoint one, based on the following criteria:

1. The group's experience in evaluating the quality of medical care.
2. The degree to which the group is representative of the licensed physician community in Iowa.
3. The degree to which the group is knowledgeable about the health delivery system in Iowa.
4. The degree to which selection of the group will avoid duplication with other review activities in Iowa.

5. The group's ability to coordinate its activities with other review groups, and with practitioners and providers of health care in Iowa.

6. The group's knowledge of current and accepted medical opinion, and its ability to make qualitative evaluations of clinical practice.

7. The degree to which at least 50 percent of the physician members of the group (or that part of the group responsible for HMO inspections) are members of an HMO medical staff.

(6) No physician shall review an HMO of which the physician is a member.

(7) Appointment of an ERG will be for a four-year period, and only one ERG will be appointed at a time. Applications for appointment or reappointment will be accepted between 180 days and 90 days before the expiration of the acting ERG's four-year term.

c. External review—criteria and methodology by which an ERG will evaluate the effectiveness of an HMO's peer review program:

(1) The ERG will conduct an on-site inspection of each Iowa-certified HMO every two years, or on a schedule requested by the health department.

(2) The inspection will consist of interviewing HMO staff and physicians, and a review of such records (including clinical records of HMO patients) the ERG determines are necessary to conduct its inspection. The records may include any records or parts thereof maintained by the HMO or any of its physician members which pertain to HMO quality assurance operations or HMO patients, excluding financial records.

(3) The function of the ERG will be to make a qualitative evaluation of the effectiveness of an HMO's internal peer review program, and to report its findings to the health department.

(4) The following items will be considered by the ERG in making its determination:

1. The extent and acuity of the HMO's peer review program in evaluating the clinical management of enrollees provided by HMO physicians.

2. The ability of the HMO's program to identify aberrant practices in clinical management, and to take appropriate disciplinary action.

3. The method within the HMO by which the peer review program reports its findings to the medical staff and the governing body.

4. The authority with the HMO to correct practices which the peer review program has found to be detrimental.

5. The system developed within the HMO to facilitate the work of the peer review program.

6. The commitment on the part of the HMO governing body and medical staff toward an active peer review program with a goal of quality assurance.

d. External review—procedures to be followed upon completion of an ERG's inspection:

(1) Within 30 days of the completion of its inspection, the ERG will submit a written report of its findings to the HMO.

(2) The HMO will have 45 days to respond to the ERG.

(3) The ERG must file its final report with the insurance division within 90 days of the completion of its inspection. The final report must include any comments received from the HMO.

(4) The insurance division may extend the time periods referred to in this paragraph "*d.*" subparagraphs (1) to (3).

(5) After considering the report of the ERG, the insurance commissioner shall determine if the HMO's certificate of authority is to be either continued, suspended or revoked.

This rule is intended to implement Iowa Code section 514B.4.

191—40.6(514B) Change of name. No name other than that certified by the division may be used. The name of the HMO may not be changed without prior approval of the division.

191—40.7(514B) Change of ownership. Each HMO which desires to transfer ownership of more than 10 percent of the stock or ownership interest in the HMO shall not do so without first submitting a proposed plan to the division for review and approval or disapproval.

191—40.8(514B) Termination of services. When an HMO desires to cease offering a service, such service may not be terminated without prior approval of the division. Arrangements equitable to the enrollees providing for a rate adjustment or substitution of an equivalent service satisfactory to the division must be made.

191—40.9(514B) Complaints.

40.9(1) Each health maintenance organization shall provide in its bylaws for a system to resolve and record complaints.

40.9(2) The complaint system shall provide for the resolution of the following kinds of complaints and the recording of the information required to be reported to the commissioner:

a. Complaints about the quality of health care services provided by the health maintenance organization.

- b.* Complaints about the availability of such services.
- c.* Complaints relating to enrollee participation in the operation of the health maintenance organization.

40.9(3) The complaint system shall provide for the recording of the information required to be reported to the commissioner relative to the following kinds of complaints:

a. Complaints to the health maintenance organization concerning benefits provided by other than the health maintenance organization under the provisions of any indemnity policy or contract provided by the health maintenance organization. Such complaints shall be referred to the person providing the benefits and a copy shall be forwarded to the commissioner.

b. Malpractice claims settled during the year by the health maintenance organization and any of its providers.

40.9(4) The information required to be reported to the commissioner shall be included in the annual report to the commissioner on the form provided therewith.

40.9(5) All complaint files shall be retained by the health maintenance organization until the examination for the period during which the complaint was received has been completed.

191—40.10(514B) Cancellation of enrollees.

40.10(1) Membership of an enrollee in a health maintenance organization may be terminated by the health maintenance organization for the following reasons and no other:

- a.* Nonpayment of charges when due.
- b.* Termination of the conditions, other than a change in the health of the enrollee, under which the enrollee became eligible to be enrolled under a group contract.
- c.* Termination of the group contract under which the enrollee was enrolled.
- d.* Change of place of residence of the enrollee from the geographic area served by the health maintenance organization.
- e.* Failure of the enrollee to pay deductible or coinsurance charges permitted under Iowa Code section 514B.5(3).
- f.* Unreasonable refusal of the enrollee to follow a prescribed course of treatment.
- g.* A materially false statement or misrepresentation by the enrollee in an application for membership or benefits.

40.10(2) When membership of an enrollee is terminated by the HMO for a reason other than nonpayment of charges, nonpayment of deductible or coinsurance charges, unreasonable refusal of the enrollee to accept services, or a materially false statement or misrepresentation by the enrollee in the application for membership, the HMO shall arrange to have offered to the enrollee an opportunity to have issued to the enrollee, at the expense of the enrollee, without evidence of insurability, individual or family policy or policies of hospital and medical expense insurance, or individual or family contracts with hospital and medical service corporations. The form of such policies or contracts shall be that shown in the Application for Certificate of Authority of the HMO or the latest approved amendment thereto. The conversion policy or contract shall provide coverage substantially similar to that provided by the HMO. The conversion policy or contract shall also provide at least \$250,000 lifetime benefits. If the HMO enrolls persons on other than a group basis, it shall also offer to the enrollee, if the enrollment was canceled for the reason stated in 40.10(1) "b" or 40.10(1) "c," an option to be enrolled as an individual enrollee. In the event of insolvency of an HMO and revocation of its certificate of authority, all other HMOs shall offer enrollees of the insolvent HMO an open enrollment period of 30 days after the date of revocation of the certificate.

40.10(3) Membership of an enrollee in a health maintenance organization may be terminated only upon giving a notice of cancellation not less than 30 days before the date of termination. Such notice shall:

h. State that the enrollee may request such hearing by forwarding one copy of the notice of cancellation, marked to request a hearing, to the Commissioner of Insurance, Two Ruan Center, 601 Locust Street, Fourth Floor, Des Moines, Iowa 50309.

40.10(4) When a hearing is requested, the commissioner may require the HMO to continue to provide coverage during the pendency of the hearing and a period of not more than ten days after the decision is made known. The commissioner may require the enrollee, as a condition of granting continued coverage, to pay the HMO the charges for such period of coverage.

40.10(5) The hearing shall be held before the commissioner or the delegated hearing officer in the following manner:

d. At the close of the hearing, or as soon thereafter as possible, the commissioner shall advise the parties of the commissioner's decision.

This rule is intended to implement Iowa Code section 514B.17.

191—40.12(514B) Net worth.

40.12(1) An HMO shall not be authorized to transact business with a net worth less than \$1 million.

40.12(2) No HMO incorporated by or organized under the laws of any other state or government shall transact business in this state unless it possesses the net worth required of an HMO organized by the laws of this state and is authorized to do business in this state.

40.12(3) As deemed necessary by the division, each health maintenance organization that is a subsidiary of another person shall file with the division, in a form satisfactory to it, a guarantee of the HMO’s obligations issued by the ultimate controlling parent or such other person satisfactory to the division.

40.12(4) Each health maintenance organization shall, at the time of application, pay to the division a one-time, nonrefundable fee of \$10,000 to be used by the division to create a special fund solely for the payment of administrative expenses in connection with the solvency of an HMO.

191—40.13(514B) Fidelity bond. A health maintenance organization shall maintain in force a fidelity bond on employees and officers in an amount not less than \$100,000 or such other sum as may be prescribed by the commissioner. All such bonds shall be written with at least a one-year discovery period and if written with less than a three-year discovery period shall contain a provision that no cancellation or termination of the bond, whether by or at the request of the insured or by the underwriter, shall take effect prior to the expiration of 90 days after written notice of cancellation or termination has been filed with the commissioner unless an earlier date of cancellation or termination is approved by the commissioner.

This rule is intended to implement Iowa Code section 514B.5(1).

191—40.14(514B) Annual report. A health maintenance organization shall annually, on or before the first day of March, file with the commissioner of insurance a report verified by at least two of its principal officers and covering the preceding calendar year.

The report shall be on the form designated by the National Association of Insurance Commissioners (NAIC) as the report form for health maintenance organizations. The report shall be completed using “statutory accounting practices” (SAP), and shall include any other information required under law or rule.

The commissioner of insurance may request additional reports and information from a health maintenance organization as often as is deemed necessary to enable the commissioner to carry out the duties of Iowa Code chapter 514B.

This rule is intended to implement Iowa Code section 514B.12.

191—40.15(514B) Cash or asset management agreements. If an HMO utilizes a cash or asset management arrangement with its parent, affiliate, or any other person, the arrangement shall be written and subject to prior approval by the commissioner. Cash or asset management agreements shall meet the following minimum requirements:

40.15(1) Cash receipts shall be under the direct control of the HMO that generated the receipts. If the system is under the control of the HMO's parent or affiliate, then receipts shall be transferred to the HMO within five working days.

40.15(2) Securities purchased shall be in the name of the HMO generating the funds for the security purchase.

40.15(3) An HMO's investments shall not be pooled with other entities' investments unless there is an agreement which vests an undivided interest in the pooled arrangement to the HMO. Such an agreement shall be subject to prior approval by the commissioner.

40.15(4) An HMO's cash or investments shall not be commingled with the cash or investments of any other person.

40.15(7) A parent, affiliate, person, and employees thereof providing cash or asset management services shall be bonded and responsible for any physical loss of investments.

191—40.16(514B) Deductibles and coinsurance charges. Rescinded IAB 10/15/03, effective 11/19/03.

191—40.17(514B) Reinsurance. Reinsurance contracts and stop-loss agreements entered into by an HMO shall be subject to prior approval and shall meet the following minimum requirements:

40.17(1) Reinsurance contracts and stop-loss agreements shall provide that the commissioner of insurance be given notice of termination by certified mail at least 30 days prior to the effective date of termination of the reinsurance contract or stop-loss agreement.

40.17(2) Retention levels shall be reasonable in light of the HMO's financial condition and potential liabilities.

191—40.18(514B) Provider contracts. An HMO's arrangements for health care services shall be by written contract. Initial provider contracts shall be subject to prior approval. Thereafter, any provider contract deviating from previously submitted or approved contracts shall be submitted to the division within 30 days of execution for informational purposes. In all instances, all provider contracts shall include the following provision:

(Provider), or its assignee or subcontractor, hereby agrees that in no event, including, but not limited to nonpayment by the HMO, HMO insolvency or breach of this agreement, shall (Provider), or its assignee or subcontractor, bill, charge, collect a deposit from, seek compensation, remuneration or reimbursement from, or have any recourse against subscriber/enrollee or persons other than the HMO acting on their behalf for services provided pursuant to this Agreement. This provision shall not prohibit collection of supplemental charges or copayments on HMO's behalf made in accordance with terms of (applicable Agreement) between HMO and subscriber/enrollee.

(Provider), or its assignee or subcontractor, further agrees that (1) this provision shall survive the termination of this Agreement regardless of the cause giving rise to termination and shall be construed to be for the benefit of the HMO subscriber/enrollee and that (2) this provision supersedes any oral or written contrary agreement now existing or hereafter entered into between (Provider) and subscriber/enrollee or persons acting on their behalf.

191—40.19(514B) Producers' duties. In order to qualify for solicitation, enrollment, or delivery of a certificate of membership or policy in a health maintenance organization, a producer must comply with the licensing rules set forth in 191—Chapter 10 of the Iowa Administrative Code and in particular

submit to an examination to determine the applicant's competence to sell accident and health insurance as described in rule 191—10.7(522), classification 6.

191—40.20(514B) Emergency services. Benefits shall be available by the HMO for inpatient and outpatient emergency services. A physician and sufficient other licensed and ancillary personnel shall be readily available at all times to render such services. Since HMOs may not contract with every emergency care provider in an area, HMOs shall make every effort to inform members of participating providers.

40.20(1) The term “emergency services” means, with respect to an individual enrolled with an organization, covered inpatient and outpatient services that are furnished by a provider that is qualified to furnish such services and are needed to evaluate or stabilize an emergency medical condition.

40.20(2) The term “emergency medical condition” means a medical condition manifesting itself by acute symptoms of sufficient severity, including severe pain, that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect that absence of immediate medical attention to result in one of the following:

- a. Placing the health of the individual or, with respect to a pregnant woman, the health of the woman and her unborn child, in serious jeopardy;
- b. Serious impairment to bodily function; or
- c. Serious dysfunction of any bodily organ or part.

191—40.21(514B) Reimbursement. Reimbursement to a provider of “emergency services,” as defined in 191—40.1(514B), shall not be denied by any health maintenance organization without that organization's review of the patient's medical history, presenting symptoms, and admitting or initial as well as final diagnosis, submitted by the provider, in determining whether, by definition, emergency services could reasonably have been expected to be provided. Reimbursement for emergency services shall not be denied solely on the grounds that services were performed by a noncontracted provider. If reimbursement for emergency services is denied, the enrollee may file a complaint with the HMO as outlined in rule 40.9(514B). Upon denial of reimbursement for emergency services, the HMO shall notify the enrollee and the provider that they may register a complaint with the commissioner of insurance.

191—40.22(514B) Health maintenance organization requirements.

40.22(1) A health maintenance organization shall not prohibit a participating provider from or penalize a participating provider for discussing treatment options with covered persons, irrespective of the health maintenance organization's position on the treatment options, or from advocating on behalf of covered persons within the utilization review or grievance processes established by the health maintenance organization or a person contracting with the health maintenance organization.

40.22(2) A health maintenance organization shall not penalize a provider because the provider, in good faith, reports to state or federal authorities any act or practice by the health maintenance organization that, in the opinion of the provider, jeopardizes patient health or welfare.

191—40.23(514B) Disclosure requirements. All HMOs shall include in contracts and evidence of coverage forms a statement disclosing the existence of any prescription drug formularies. Upon request, an HMO offering a plan that includes a prescription drug formulary shall inform enrollees of the plan, and prospective enrollees of the plan during any open enrollment period, whether a prescription drug specified in the request is included in such formulary.

All HMOs shall also disclose the existence of any contractual arrangements providing rebates received by them for prescription drugs or durable medical equipment. Durable medical equipment means equipment that can stand repeated use and is primarily and customarily used to serve a medical purpose and is generally not useful to a person who is not sick or injured or used by other family members and is appropriate for home use for the purpose of improving bodily functions or preventing further deterioration of the medical condition caused by sickness or injury.

191—40.24(514B) Provider access. A health maintenance organization shall allow a female enrollee direct access to obstetrical and gynecological services from network or participating providers. The plan shall also allow a pediatrician to be the primary care provider for a child through the age of 18.

191—40.25(514B) Electronic delivery of accident and health group insurance certificates.

40.25(1) Purpose. The purpose of this rule is to authorize the electronic delivery of accident and health group insurance certificates in an efficient manner by health maintenance organizations and group policyholders, while guaranteeing that individual plan members still receive the important information contained in such group insurance certificates, as required by Iowa Code section 514B.9 and as allowed by the uniform electronic transactions Act, Iowa Code chapter 554D.

40.25(2) Scope. This rule shall apply to all health maintenance organizations holding a certificate of authority to transact the business of insurance under the provisions of Iowa Code chapter 514B.

40.25(3) Electronic delivery—health maintenance organizations. The health maintenance organization will be deemed to comply with the requirements of Iowa Code section 514B.9 if the group insurance certificate is delivered to the group policyholder electronically and if:

[ARC 3682C, IAB 3/14/18, effective 4/18/18]

191—41.2(514B) Application. An application on forms provided by the insurance division accompanied by a filing fee of \$100 payable to State Treasurer, State of Iowa, shall be completed by an officer or authorized representative of the LSO. The application with copies in duplicate shall be executed in conformance with rule 191—41.10(514B) and shall be accompanied by the information found in Iowa Code sections 514B.3(1) to 514B.3(14). An application shall not be deemed to be filed until all information necessary to properly process said application has been received by the commissioner, as indicated in rule 191—41.10(514B). Amendments to the application form shall be filed in the same manner as the application and approved by the commissioner before the change proposed by the amendment is effective.

191—41.3(514B) Inspection of evidence of coverage. Except for groups which maintain a cafeteria plan pursuant to Section 125 of the Internal Revenue Code (28 U.S.C.A. § 125), an enrollee may, if evidence of coverage is not satisfactory for any reason, return evidence of coverage within ten days of receipt of same and receive full refund of the deposit paid, if any. This right shall not act as a cure for misleading or deceptive advertising or marketing methods, nor may it be exercised if the enrollee utilizes the services of the LSO within the ten-day period. Enrollees in cafeteria plans must adhere to the plan provisions concerning termination or changes in coverage.

191—41.4(514B) Governing body and enrollee representation. An LSO shall have a basic written organizational document setting forth its scheme of organization and establishing a governing body appropriate to its form of organization. The governing body shall be responsible for matters of policy and operation.

The LSO shall develop bylaws or guidelines which describe the scope of the health care services the LSO renders to enrollees directly by a provider. Initial articles of incorporation, bylaws, guidelines

of the LSO and revisions thereto shall be submitted to the commissioner of insurance for review and approval.

The articles of incorporation, bylaws, guidelines, or similar document shall provide for “reasonable representation” on the governing body by enrollees. “Reasonable representation” as used in Iowa Code section 514B.7 shall require that not less than 30 percent of the governing board members be enrollees who are not providers or are not associated with a provider. Enrollees shall have the opportunity to nominate said enrollee representatives.

The LSO may provide upon its initial formation that all representatives on the governing board shall be selected by the organizers of the LSO. Such members shall serve until the first annual meeting or election. If there are no enrollee representatives on the initial governing board, they shall be elected at the first annual meeting or election. The nomination procedures for enrollee representatives should provide for the following to ensure an adequate opportunity for participation by enrollees:

41.4(1) An opportunity for adult enrollees to nominate candidates for the governing body.

41.4(2) Notice to all adult enrollees of the nomination and elective procedures. The LSO shall be deemed to have complied with these requirements if it provides notice in its regular newsletter to enrollees of the opportunity to and the procedures for nomination of enrollee representatives. Nomination procedures may be waived by the commissioner for a period of up to three years from the LSO’s commencement of delivery of services to enrollees.

191—41.5(514B) Quality of care. Each LSO shall:

41.5(1) Advise the insurance division annually of the ratio of full-time providers and ancillary health personnel to enrollees to ensure an adequate network. Changes in the provider ratios shall be immediately reported together with action taken to correct any deficiencies in the ratios.

41.5(2) Provide assurance that all personnel engaged in the provision of health services to enrollees are currently licensed or certified by the appropriate state agency where the providers are located to practice their respective professions. These personnel shall be no less qualified in their respective professions than the current level of qualification, which is maintained in the providers’ communities.

41.5(3) Provide assurance that any health care facilities utilized by the LSO are licensed by the appropriate state agency where the facilities are located. These facilities shall be accredited by the Joint Commission on Accreditation of Hospitals or the American Osteopathic Association; or they shall be certified as a provider for Medicare or Medicaid; or as otherwise accredited or licensed in accordance with state or federal law.

41.5(4) Have a qualified administrator designated by the governing body who shall be responsible for the management of the LSO.

41.5(5) Provide for an ongoing internal peer review program.

41.5(6) Maintain a provider records system which includes at a minimum the following information:

- a. Documentation of utilization rates for every enrollee.
- b. Patient’s name, identification number, age, sex, and place of residence, and place of employment, if applicable.
- c. Services provided, when provided, where provided, and by whom.
- d. Provider diagnosis, treatment prescribed, therapy prescribed and drugs administered.
- e. Statement in regard to the status of the patient’s health, as appropriate.

41.5(7) Provide by contract or other arrangement for peer review. The plans for internal and external peer review shall be submitted to the commissioner of insurance for approval.

a. Internal peer review shall be conducted by the LSO staff on a continuing basis using standards adopted by the applicable accrediting body as a general guide. Internal peer review shall be structured to review the specific type of services for which the LSO is responsible. This review shall include but not be limited to the following:

- (1) Utilization review and evaluation of the quality of services provided enrollees.
- (2) The process or method by which services are provided.
- (3) The outcome of services.

b. External review may be satisfied either by NCQA certification or meeting the requirements of the external review group appointed by the commissioner. The criteria and methodology for selection of an external review group (ERG) are as follows:

 1. The group's experience in evaluating the quality of service provided.
 2. The degree to which the group is representative of the LSOs to be reviewed.

 4. The group's ability to coordinate its activities with other review groups and with practitioners and providers of health services in Iowa.
 5. The group's knowledge of current and accepted provider opinion and its ability to make qualitative evaluations of clinical practice.
- (2) No provider shall review an LSO of which the provider is a member.
- (3) Appointment of an ERG will be for a four-year period, and only one ERG will be appointed at a time. Applications for appointment or reappointment will be accepted between 180 days and 90 days before the expiration of the acting ERG's four-year term.

c. The following are criteria and methodology by which an ERG will evaluate the effectiveness of an LSO's peer review program:

- (1) The ERG will conduct an on-site inspection of each Iowa-certified LSO every two years.
- (2) The inspection will consist of an interview with LSO staff and providers and a review of records (including clinical records of LSO patients) the ERG determines are necessary to conduct its inspection. The records may include any records or parts thereof maintained by the LSO or any of its provider members which pertain to LSO quality assurance operations or LSO patients, excluding financial records.
- (3) The function of the ERG will be to make a qualitative evaluation of the effectiveness of an LSO's internal peer review program and to report its findings to the insurance division.
- (4) The following items will be considered by the ERG in making its determination:
 1. The extent and acuity of the LSO's peer review program in evaluating the clinical management of enrollees provided by LSO providers.
 2. The ability of the LSO's program to identify aberrant practices in clinical management and to take appropriate disciplinary action.
 3. The method within the LSO by which the peer review program reports its findings to the provider staff and the governing body.
 4. The authority within the LSO to correct practices which the peer review program has found to be detrimental.
 5. The system developed within the LSO to facilitate the work of the peer review program.
 6. The commitment on the part of the LSO governing body and provider staff toward an active peer review program with a goal of quality assurance.

d. The following are procedures to be followed upon completion of an ERG's inspection:

- (1) Within 30 days of the completion of its inspection, the ERG will submit a written report of its findings to the LSO.
- (2) The LSO will have 45 days to respond to the ERG.
- (3) The ERG must file its final report with the insurance division within 90 days of the completion of its inspection. The final report must include any comments received from the LSO.
- (4) The insurance division may extend the time periods referred to in subparagraphs 41.5(7) "d"(1) to (3).
- (5) After considering the report of the ERG, the insurance commissioner shall determine if the LSO's certificate of authority is to be continued, suspended or revoked.

191—41.6(514B) Change of name. No name other than that certified by the division may be used. The name of the LSO may not be changed without prior approval of the division.

191—41.7(514B) Change of ownership. Each LSO which desires to transfer ownership of more than 10 percent of the stock or ownership interest in the LSO shall not do so without first submitting a proposed plan to the division for review and approval or disapproval.

41.8(1) Each LSO shall provide in its bylaws for a system to resolve and record complaints.

41.9(1) Membership of an enrollee in an LSO may be terminated by the LSO for the following reasons and no other:

- a. Nonpayment of charges when due.
- b. Termination of the conditions, other than a change in the health of the enrollee, under which the enrollee became eligible to be enrolled under a group contract.
- c. Termination of the group contract under which the enrollee was enrolled.
- d. Change of place of residence of the enrollee from the geographic area served by the LSO.
- e. Failure of the enrollee to pay deductible or coinsurance charges permitted under Iowa Code section 514B.5(3).
- f. Unreasonable refusal of the enrollee to follow a prescribed course of treatment.
- g. A materially false statement or misrepresentation by the enrollee in an application for membership or benefits.
- h. Withdrawal of licensure by the LSO from the state. Upon withdrawal, an LSO has no obligation to secure replacement coverage for enrollees.

41.9(2) Membership of an enrollee in an LSO may be terminated only upon giving a notice of cancellation not less than 30 days before the date of termination. Such notice shall:

- b. State the date and hour upon which the enrollment shall terminate.
- c. State the reason for cancellation.
- d. If cancellation is for nonpayment of charges, state the amount of charges due, the cost of preparing and serving the notice, and the total cost of charges and preparing the notice, and that if the enrollee pays the amount of charges due plus the cost of preparing and serving the notice at any time before the cancellation date, the coverage will remain in force.

41.9(3) When a hearing is requested, the commissioner may require the LSO to continue to provide coverage during the pendency of the hearing and a period of not more than ten days after the decision is made known. The commissioner may require the enrollee, as a condition of granting continued coverage, to pay the LSO the charges for such period of coverage.

41.9(4) The hearing shall be held before the commissioner or the delegated administrative law judge in the following manner:

- a. Upon receipt of a request for hearing, the commissioner shall notify the LSO and the enrollee of the time and place of hearing.
- b. Formal rules of evidence need not be observed, but no evidence shall be received which does not relate to the issue.

The burden of proof shall be upon the LSO to show by a preponderance of the evidence that it had good cause for cancellation for one or more of the reasons stated in the notice and provided herein, except that when the cancellation is for nonpayment of charges, the burden of proof shall be upon the enrollee to show a tender of payment before the date of cancellation.

41.11(3) No LSO organized under the laws of another state shall, directly or indirectly, assume risks or provide the services of an LSO, as defined in Iowa Code section 514B.33, subsection (3), unless it first obtains licensure from the commissioner and complies with the requirements of rule 191—41.11(514B).

41.11(4) As deemed necessary by the division, each LSO that is a subsidiary of another person shall file with the division, in a form satisfactory to the division, a guarantee of the LSO’s obligations issued by the ultimate controlling parent or such other person satisfactory to the division.

41.11(5) Each LSO shall, at the time of application, pay to the division a one-time, nonrefundable fee of \$10,000 to be used by the division to create a special fund solely for the payment of administrative expenses in connection with the insolvency of an LSO.

191—41.12(514B) Fidelity bond. An LSO shall maintain in force a fidelity bond on employees and officers in an amount not less than \$100,000 or such other sum as may be prescribed by the commissioner. All such bonds shall be written with at least a one-year discovery period and if written with less than a three-year discovery period shall contain a provision that no cancellation or termination of the bond, whether by or at the request of the insured or by the underwriter, shall take effect prior to the expiration of 90 days after written notice of cancellation or termination has been filed with the commissioner unless an earlier date of cancellation or termination is approved by the commissioner.

191—41.13(514B) Annual report. An LSO shall annually, on or before the first day of March, file with the commissioner of insurance a report verified by at least two of its principal officers and covering the preceding calendar year. The report shall be on the form designated by the National Association of Insurance Commissioners (NAIC) as the report form for LSOs. The report shall be completed using statutory accounting practices (SAP), and shall include any other information required under law or rule.

The commissioner of insurance may request additional reports and information from an LSO as often as is deemed necessary to enable the commissioner to carry out the duties of Iowa Code chapter 514B.

191—41.14(514B) Cash or asset management agreements. If an LSO utilizes a cash or asset management arrangement with its parent, affiliate, or any other person, the arrangement shall be written and subject to prior approval by the commissioner. Cash or asset management agreements shall meet the following minimum requirements:

1. Cash receipts shall be under the direct control of the LSO that generated the receipts. If the system is under the control of the LSO’s parent or affiliate, then receipts shall be transferred to the LSO within five working days.

2. Securities purchased shall be in the name of the LSO generating the funds for the security purchase.

3. An LSO's investments shall not be pooled with other entities' investments unless there is an agreement which vests an undivided interest in the pooled arrangement to the LSO. Such an agreement shall be subject to prior approval by the commissioner.

4. An LSO's cash or investments shall not be commingled with the cash or investments of any other person.

5. Investments made on behalf of an LSO shall be subject to the limitations imposed by Iowa Code sections 511.8 and 514B.15.

6. The agreement shall provide for prompt notice and verification of investments, establish responsibility for brokerage and other fees and provide for periodic reports on earnings and expenses.

7. A parent, affiliate, person, and employees thereof providing cash or asset management services shall be bonded and responsible for any physical loss of investments.

191—41.15(514B) Reinsurance. Reinsurance contracts and stop-loss agreements entered into by an LSO shall be subject to prior approval and shall meet the following minimum requirements:

1. Reinsurance contracts and stop-loss agreements shall provide that the commissioner of insurance be given notice of termination by certified mail at least 30 days prior to the effective date of termination of the reinsurance contract or stop-loss agreement.

2. Retention levels shall be reasonable in light of the LSO's financial condition and potential liabilities.

191—41.16(514B) Provider contracts. An LSO's arrangements for health care services shall be by written contract. Initial provider contracts shall be subject to prior approval. Thereafter, any provider contract deviating from previously submitted or approved contracts shall be submitted to the division for approval. In all instances, all provider contracts shall include the following provision:

(Provider), or its assignee or subcontractor, hereby agrees that in no event, including, but not limited to, nonpayment by the LSO, LSO insolvency or breach of this agreement, shall (Provider), or its assignee or subcontractor, bill, charge, collect a deposit from, seek compensation, remuneration or reimbursement from, or have any recourse against subscriber/enrollee or persons other than the LSO acting on the providers' behalf for services provided pursuant to this agreement. This provision shall not prohibit collection of supplemental charges or copayments on LSO's behalf made in accordance with terms of (applicable agreement) between LSO and subscriber/enrollee.

(Provider), or its assignee or subcontractor, further agrees that (1) this provision shall survive the termination of this agreement regardless of the cause giving rise to termination and shall be construed to be for the benefit of the LSO subscriber/enrollee and that (2) this provision supersedes any oral or written contrary agreement now existing or hereafter entered into between (Provider) and subscriber/enrollee or persons acting on their behalf.

191—41.17(514B) Producers' duties. In order to qualify for solicitation, enrollment, or delivery of a certificate of membership or policy in an LSO, a producer must comply with the licensing rules set forth in 191—Chapter 10 of the Iowa Administrative Code and in particular submit to an examination to determine the applicant's competence to sell accident and health insurance as described in rule 191—10.7(522), qualification 6.

191—41.18(514B) Emergency services. "Emergency services" (inpatient and outpatient), as defined in rule 191—40.20(514B), shall be provided by the LSO, either through its own facilities or through guaranteed arrangements with other providers, on a 24-hour basis unless a waiver from such services is approved by the commissioner. A provider and sufficient other licensed and ancillary personnel shall be readily available at all times to render such services. Since LSOs may not contract with every emergency care provider in an area, LSOs shall make every effort to inform members of participating providers.

191—41.19(514B) Reimbursement. Reimbursement to a provider of "emergency services," as defined in rule 191—40.20(514B), shall not be denied by any LSO without that organization's review of the patient's provider history, presenting symptoms, and admitting or initial as well as final diagnosis,

submitted by the provider, in determining whether, by definition, emergency services could reasonably have been expected to be provided. Reimbursement for emergency services shall not be denied solely on the grounds that services were performed by a noncontracted provider. If reimbursement for emergency services is denied, the enrollee may file a complaint with the LSO as outlined in rule 191—40.9(514B). Upon denial of reimbursement for emergency services, the LSO shall notify the enrollee and the provider that they may register a complaint with the commissioner of insurance.

191—41.20(514B) Limited service organization requirements. An LSO shall not prohibit or otherwise restrict a participating provider from advising a covered person about the health status of the covered person or medical care or treatment of the covered person's condition or disease, regardless of whether benefits for such care or treatment are provided under the plan, if the provider is acting within the lawful scope of practice.

An LSO shall not penalize a provider because the provider, in good faith, reports to state or federal authorities any act or practice by the LSO that, in the opinion of the provider, jeopardizes patient health or welfare.

191—41.21(514B) Disclosure requirements. All LSOs shall include in contracts and evidence of coverage forms a statement disclosing the existence of any prescription drug formularies. Upon request, all LSOs offering policies under this chapter that include a prescription drug formulary shall inform policyholders, and prospective policyholders at time of issuance, whether a prescription drug specified in the request is included in such formulary.

All LSOs shall also disclose the existence of any contractual arrangements providing rebates received by them for drugs or durable medical equipment. Durable medical equipment means equipment that can stand repeated uses and is primarily and customarily used to serve a medical purpose and is generally not useful to a person who is not sick or injured or used by other family members and is appropriate for home use for the purpose of improving bodily function or preventing further deterioration of the medical condition caused by sickness or injury.

These rules are intended to implement Iowa Code section 514B.33.

CHAPTER 42
GENDER-BLENDED MINIMUM NONFORFEITURE
STANDARDS FOR LIFE INSURANCE
[Prior to 10/22/86, Insurance Department[510]]

191—42.1(508) Purpose. The purpose of this rule is to permit life insurance policies to provide the same cash surrender values and paid-up nonforfeiture benefits to both men and women. No change in minimum valuation standards is implied by this rule.

191—42.2(508) Definitions. For purposes of this chapter, the following definitions shall apply:

“1980 CSO Table, with or without Ten-Year Select Mortality Factors” means that mortality table, consisting of separate rates of mortality for male and female lives, developed by the Society of Actuaries Committee to Recommend New Mortality Tables for Valuation of Standard Individual Ordinary Life Insurance, incorporated in the 1980 NAIC Amendments to the Model Standard Valuation Law and Standard Nonforfeiture Law for Life Insurance, and referred to in those models as the Commissioners 1980 Standard Ordinary Mortality Table, with or without Ten-Year Select Mortality Factors.

“1980 CSO Table (M), with or without Ten-Year Select Mortality Factors” means that mortality table consisting of the rates of mortality for male lives from the 1980 CSO Table with or without Ten-Year Select Mortality Factors.

“1980 CSO Table (F), with or without Ten-Year Select Mortality Factors” means that mortality table consisting of the rates of mortality for female lives from the 1980 CSO Table, with or without Ten-Year Select Mortality Factors.

“1980 CET Table” means that mortality table consisting of separate rates of mortality for male and female lives, developed by the Society of Actuaries Committee to Recommend New Mortality Tables for Valuation of Standard Individual Ordinary Life Insurance, incorporated in the 1980 NAIC Amendments to the Model Standard Valuation Law and Standard Nonforfeiture Law for Life Insurance, and referred to in those models as the Commissioners 1980 Extended Term Insurance Table.

“1980 CET Table (M)” means that mortality table consisting of the rates of mortality for male lives from the 1980 CET Table.

“1980 CET Table (F)” means that mortality table consisting of the rates of mortality for female lives from the 1980 CET Table.

191—42.3(508) Use of gender-blended mortality tables. For any policy of insurance on the life of either a male or female insured delivered or issued for delivery in this state after the operative date of Iowa Code section 508.37, an insurer may:

42.3(1) Substitute a mortality table which is a blend of the 1980 CSO Table (M) and the 1980 CSO Table (F) with or without Ten-Year Select Mortality Factors for the 1980 CSO Table, with or without Ten-Year Select Mortality Factors for use in determining minimum cash surrender values and amounts of paid-up nonforfeiture values, and

42.3(2) Substitute a mortality table which is of the same blend as used in subrule 42.3(1) above but applied to form a blend of the 1980 CET Table (M) and the 1980 CET Table (F) for the 1980 CET Table for use in determining minimum cash surrender values and amounts of paid-up nonforfeiture benefits.

42.3(3) The following tables, as developed and revised by the Society of Actuaries and adopted by the National Association of Insurance Commissioners shall be considered as the basis for acceptable gender-blended mortality tables:

a. 100 percent male 0 percent female, for tables to be designated as the “1980 CSO-A” and “1980 CET-A” tables.

b. 80 percent male 20 percent female, for tables to be designated as the “1980 CSO-B” and “1980 CET-B” tables.

c. 60 percent male 40 percent female, for tables to be designated as the “1980 CSO-C” and “1980 CET-C” tables.

d. 50 percent male 50 percent female, for tables to be designated as the “1980 CSO-D” and “1980 CET-D” tables.

e. 40 percent male 60 percent female, for tables to be designated as the “1980 CSO-E” and “1980 CET-E” tables.

f. 20 percent male 80 percent female, for tables to be designated as the “1980 CSO-F” and “1980 CET-F” tables.

g. 0 percent male 100 percent female, for tables to be designated as the “1980 CSO-G” and “1980 CET-G” tables.

Tables 1980 CSO-A, 1980 CET-A, 1980 CSO-G, and 1980 CET-G shall not be used with respect to policies issued on or after January 1, 1985, except where 90 percent or more of persons insured thereunder are anticipated to be of one gender or except for certain policies converted from group insurance. Such group conversions issued on or after January 1, 1986, shall use mortality tables based on the blend of lives by gender expected for such policies if the group conversion policy is considered to be controlled by the decision in *Arizona Governing Committee v. Norris*.

191—42.4(508) Unfair discrimination. It shall not be a violation of Iowa Code section 507B.4(7) for an insurer to issue the same kind of policy of life insurance on both a sex-distinct and sex-neutral basis.

191—42.5(508) Separability. If any provision of this rule or its application to any person or circumstance is for any reason held to be invalid, the remainder of the rule and the application of such provision to other persons or circumstances shall not be affected.

191—42.6(508) 2001 CSO Mortality Table. The 2001 CSO Mortality Table shall be used for purposes of this chapter pursuant to the requirements of 191—Chapter 91.

These rules are intended to implement Iowa Code section 508.37(6) “h”(6).

CHAPTER 43
ANNUITY MORTALITY TABLES FOR USE IN
DETERMINING RESERVE LIABILITIES FOR ANNUITIES
[Prior to 10/22/86, Insurance Department[510]]

191—43.1(508) Purpose. The purpose of this chapter is to recognize the following mortality tables for use in determining the minimum standard of valuation for annuity and pure endowment contracts: the 1983 Table “a” and 1983 Group Annuity Mortality (1983 GAM) Table, the Annuity 2000 Mortality Table, the 2012 Individual Annuity Reserving (2012 IAR) Table, and the 1994 Group Annuity Reserving (1994 GAR) Table.

[ARC 1110C, IAB 10/16/13, effective 1/1/15]

191—43.2(508) Definitions. For purposes of this chapter, the following definitions shall apply:

“1983 GAM Table” means that mortality table developed by the Society of Actuaries Committee on Annuities and adopted as a recognized mortality table for annuities in December 1983 by the National Association of Insurance Commissioners.

“1983 Table ‘a’” means that mortality table developed by the Society of Actuaries Committee to Recommend a New Mortality Basis for Individual Annuity Valuation and adopted as a recognized mortality table for annuities in June 1982 by the National Association of Insurance Commissioners.

“1994 GAR Table” means that mortality table developed by the Society of Actuaries Group Annuity Valuation Table Task Force and shown on pages 866 and 867 of Volume XLVII of the Transactions of the Society of Actuaries (1995). The 1994 GAR Table was adopted as a recognized mortality table for annuities in December 1996 by the National Association of Insurance Commissioners.

“2012 IAR Table” means the generational mortality table developed by the Society of Actuaries Committee on Life Insurance Research and containing rates, q_x^{2012+n} , derived from a combination of the 2012 IAM Period Table and Projection Scale G2, using the methodology stated in subrule 43.3(6).

“2012 Individual Annuity Mortality Period Life Table” or “2012 IAM Period” means the period table containing loaded mortality rates for calendar year 2012. This table contains rates, q_x^{2012+n} , developed by the Society of Actuaries Committee on Life Insurance Research and is shown in Appendices I and II.

“Annuity 2000 Mortality Table” means that mortality table developed by the Society of Actuaries Committee on Life Insurance Research and shown on page 240 of Volume XLVII of the Transactions of the Society of Actuaries (1995). The Annuity 2000 Mortality Table was adopted as a recognized mortality table for annuities in December 1996 by the National Association of Insurance Commissioners.

“Generational mortality table” means a mortality table containing a set of mortality rates that decrease for a given age from one year to the next based on a combination of a period table and a projection scale containing rates of mortality improvement.

“Period table” means a table of mortality rates applicable to a given calendar year (the period).

“Projection Scale G2” or “Scale G2” means a table of annual rates, $G2_x$, of mortality improvement by age for projecting future mortality rates beyond calendar year 2012. This table was developed by the Society of Actuaries Committee on Life Insurance Research and is shown in Appendices III and IV.

[ARC 1110C, IAB 10/16/13, effective 1/1/15]

191—43.3(508) Individual annuity or pure endowment contracts.

43.3(1) Except as provided in subrules 43.3(2) and 43.3(3), the 1983 Table “a” is recognized and approved as an individual annuity mortality table for valuation and, at the option of the company, may be used for purposes of determining the minimum standard of valuation for any individual annuity or pure endowment contract issued on or after January 1, 1980.

43.3(2) Except as provided in subrule 43.3(3), either the 1983 Table “a” or the Annuity 2000 Mortality Table shall be used for determining the minimum standard of valuation for any individual annuity or pure endowment contract issued on or after December 30, 1985.

43.3(3) Except as provided in subrule 43.3(4), the Annuity 2000 Mortality Table shall be used for determining the minimum standard of valuation for any individual annuity or pure endowment contract issued on or after January 1, 2000.

43.3(4) The 1983 Table “a” without projection is to be used for determining the minimum standard of valuation for an individual annuity or pure endowment contract issued on or after January 1, 2000, solely when the contract is based on life contingencies and is issued to fund periodic benefits arising from:

1. Settlements of various forms of claims pertaining to court settlements or out-of-court settlements from tort actions;
2. Settlements involving similar actions such as workers’ compensation claims; or
3. Settlements of long-term disability claims where a temporary or life annuity has been used in lieu of continuing disability payments.

43.3(5) Except as provided in subrule 43.3(4), the 2012 IAR Mortality Table may be used for determining the minimum standard of valuation for any individual annuity or pure endowment contract issued on or after January 1, 2015. For any individual annuity or pure endowment contract issued on or after January 1, 2016, except as provided in subrule 43.3(4), the 2012 IAR Mortality Table shall be used as provided in this subrule.

[ARC 1110C, IAB 10/16/13, effective 1/1/15; ARC 1843C, IAB 2/4/15, effective 1/14/15]

191—43.4(508) Group annuity or pure endowment contracts.

43.4(1) Except as provided in subrules 43.4(2) and 43.4(3), the 1983 GAM Table, the 1983 Table “a” and the 1994 GAR Table are recognized and approved as group annuity mortality tables for valuation and, at the option of the company, any one table may be used for purposes of valuation for any annuity or pure endowment purchased on or after January 1, 1980, under a group annuity or pure endowment contract.

43.4(2) Except as provided in subrule 43.4(3), either the 1983 GAM Table or the 1994 GAR Table shall be used for determining the minimum standard of valuation for any annuity or pure endowment purchased on or after December 30, 1985, under a group annuity or pure endowment contract.

43.4(3) The 1994 GAR Table shall be used for determining the minimum standard of valuation for any annuity or pure endowment purchased on or after January 1, 2000, under a group annuity or pure endowment contract.

191—43.5(508) Application of the 1994 GAR Table. In using the 1994 GAR Table, the mortality rate for a person aged x in year $(1994 + n)$ is calculated as follows:

$$q_x^{1994+n} = q_x^{1994} (1 - AA_x)^n$$

where the q_x^{1994} and AA_x s are as specified in the 1994 GAR Table.

191—43.6(508) Application of the 2012 IAR Mortality Table. In using the 2012 IAR Mortality Table, the mortality rate for a person aged x in year $(2012 + n)$ is calculated as follows:

$$q_x^{2012+n} = q_x^{2012} (1 - G2_x)^n$$

The resulting q_x^{2012+n} shall be rounded to three decimal places per 1,000, e.g., 0.741 deaths per 1,000. Also, the rounding shall occur according to the formula above, starting at the 2012 period table rate.

For example, for a male age 30, $q_x^{2012} = 0.741$.

$q_x^{2013} = 0.741 * (1 - 0.010)^1 = 0.73359$, which is rounded to 0.734.

$q_x^{2014} = 0.741 * (1 - 0.010)^2 = 0.7262541$, which is rounded to 0.726.

A method leading to incorrect rounding would be to calculate q_x^{2014} as $q_x^{2013} * (1 - 0.010)$, or $0.734 * 0.99 = 0.727$.

It is incorrect to use the already rounded q_x^{2013} to calculate q_x^{2014} .

[ARC 1110C, IAB 10/16/13, effective 1/1/15]

191—43.7(508) Separability. If any provision of this rule or the application thereof to any person or circumstances is for any reason held to be invalid, the remainder of the rule and the application of such provision to other persons or circumstances shall not be affected thereby.

[ARC 1110C, IAB 10/16/13, effective 1/1/15]

These rules are intended to implement Iowa Code sections 508.36(3) “a”(1) and 508.36(3) “a”(3)(c).

CHAPTER 44
SMOKER/NONSMOKER MORTALITY TABLES
FOR USE IN DETERMINING MINIMUM RESERVE LIABILITIES
AND NONFORFEITURE BENEFITS

191—44.1(508) Purpose. The purpose of the rule is to permit the use of mortality tables that reflect differences in mortality between smokers and nonsmokers in determining minimum reserve liabilities and minimum cash surrender values and amounts of paid-up nonforfeiture benefits for plans of insurance with separate risk classifications for smokers and nonsmokers.

191—44.2(508) Definitions.

“1980 CSO Table, with or without Ten-Year Select Mortality Factor” means that mortality table, consisting of separate rates of mortality for male and female lives, developed by the Society of Actuaries Committee to Recommend New Mortality Tables for Valuation of Standard Individual Ordinary Life Insurance, incorporated in the 1980 NAIC Amendments to the Model Standard Valuation Law and Standard Nonforfeiture Law for Life Insurance, and referred to in those models as the Commissioners 1980 Standard Ordinary Mortality Table, with or without Ten-Year Select Mortality Factors. The same select factors will be used for both smokers and nonsmokers tables.

“1980 CET Table” means that mortality table consisting of separate rates of mortality for male and female lives, developed by the Society of Actuaries Committee to Recommend New Mortality Tables for Valuation of Standard Individual Ordinary Life Insurance, incorporated in the 1980 NAIC Amendments to the Model Standard Nonforfeiture Law for Life Insurance, and referred to in those models as the Commissioners 1980 Extended Term Insurance Table.

“1958 CSO Table” means that mortality table developed by the Society of Actuaries Special Committee on New Mortality Tables, incorporated in the NAIC Model Standard Nonforfeiture Law for Life Insurance, and referred to in that model as the Commissioners 1958 Standard Ordinary Mortality Table.

“1958 CET Table” means that mortality table developed by the Society of Actuaries Special Committee on New Mortality Tables, incorporated in the NAIC Model Standard Nonforfeiture Law for Life Insurance, and referred to in that model as the Commissioners 1958 Extended Term Insurance Table.

“Smoker and nonsmoker mortality tables” means those mortality tables with separate rates of mortality for smokers and nonsmokers derived from the tables defined in the first four paragraphs of this rule which were developed by the Society of Actuaries Task Force on Smoker/Nonsmoker Mortality and the California Insurance Department staff and recommended by the NAIC Technical Staff Actuarial Group.

“Composite mortality tables” means those mortality tables defined in the first four paragraphs of this rule as they were originally published with rates of mortality that do not distinguish between smokers and nonsmokers.

191—44.3(508) Alternate tables.

44.3(1) In determining minimum reserve liabilities and minimum cash surrender values and amounts of paid-up nonforfeiture benefits for any policy of insurance delivered or issued for delivery in this state after the operative date of Iowa Code section 508.37(6) “k” for that policy form and before January 1, 1989, at the option of the company and subject to the conditions stated in rule 44.4(508):

a. The 1958 CSO Smoker and Nonsmoker Mortality Tables may be substituted for the 1980 CSO Table, with or without Ten-Year Select Mortality Factors, and

b. The 1958 CET Smoker and Nonsmoker Mortality Tables may be substituted for the 1980 CET Table.

For any category of insurance issued on female lives with minimum reserve liabilities and minimum cash surrender values and amounts of paid-up nonforfeiture benefits determined using the 1958 CSO or 1958 CET Smoker and Nonsmoker Mortality Tables, such minimum values may be calculated according

to an age not more than six years younger than the actual age of the insured. Further, the substitution of the 1958 CSO or 1958 CET Smoker and Nonsmoker Mortality Tables is available only if made for each policy of insurance on a policy form delivered or issued for delivery on or after the operative date for that policy form and before a date not later than January 1, 1989.

44.3(2) In determining minimum reserve liabilities and minimum cash surrender values and amounts of paid-up nonforfeiture benefits for any policy of insurance delivered or issued for delivery in this state after the operative date of Iowa Code section 508.37(6)“k” for that policy form, at the option of the company and subject to the conditions stated in rule 44.4(508):

a. The 1980 CSO Smoker and Nonsmoker Mortality Tables, with or without Ten-Year Select Mortality Factors, may be substituted for the 1980 CSO Table, with or without Ten-Year Select Mortality Factors, and

b. The 1980 CET Smoker and Nonsmoker Mortality Tables may be substituted for the 1980 CET Table.

191—44.4(508) Conditions. For each plan of insurance with separate rates for smokers and nonsmokers an insurer may:

1. Use composite mortality tables to determine minimum reserve liabilities and minimum cash surrender values and amounts of paid-up nonforfeiture benefits,

2. Use smoker and nonsmoker mortality tables to determine the valuation net premiums and additional minimum reserves, if any, required by Iowa Code section 508.36(3)“a”(1) and use composite mortality tables to determine the basic minimum reserves, minimum cash surrender values and amounts of paid-up nonforfeiture benefits, or

3. Use smoker and nonsmoker mortality tables to determine minimum reserve liabilities and minimum cash surrender values and amounts of paid-up nonforfeiture benefits.

191—44.5(508) Separability. If any provision of this chapter or the application of this chapter to any person or circumstance is for any reason held to be invalid, the remainder of this chapter and the application of the remaining provisions to other persons or circumstances shall not be affected.

191—44.6(508) 2001 CSO Mortality Table. The 2001 CSO Mortality Table shall be used for purposes of this chapter pursuant to the requirements of 191—Chapter 91.

These rules are intended to implement Iowa Code section 508.37(6)“h”(6).

INSURANCE HOLDING COMPANY SYSTEMS

CHAPTER 45

INSURANCE HOLDING COMPANY SYSTEMS

[Appeared as Ch 11, 1973 IDR]

[Prior to 10/22/86, Insurance Department[510]]

191—45.1(521A) Purpose. The purpose of these rules is to set forth rules and procedural requirements which the commissioner deems necessary to carry out the provisions of Iowa Code chapter 521A. The information called for by these rules is hereby declared to be necessary and appropriate in the public interest and for the protection of policyholders in this state.

This rule is intended to implement Iowa Code section 521A.8.

191—45.2(521A) Definitions. As used in these rules unless otherwise required by the context:

45.2(1) “*Executive officer*” means any individual charged with active management and control in an executive capacity (including a president, vice-president, treasurer, secretary, controller, and any other individual performing functions corresponding to those performed by the foregoing officers) of a person, whether incorporated or unincorporated.

45.2(2) “*Foreign insurer*” shall include an alien insurer except where clearly noted otherwise.

45.2(3) “*Ultimate controlling person*” means that person who is not controlled by any other person.

45.2(4) Other terms found in these rules and in Iowa Code section 521A.1 entitled “Definitions” shall retain the meaning as found in such section.

191—45.3(521A) Subsidiaries of domestic insurers. The authority to invest in subsidiaries under Iowa Code section 521A.2(3) is in addition to any authority to invest in subsidiaries which may be contained in any other provision of the insurance code.

An investment by a subsidiary under Iowa Code section 521A.2(3) “c” may cause the total investment of the insurer to exceed any of the limitations contained in any of the individual Iowa Code provisions referred to in section 521A.2(3) “c” provided that it does not exceed the aggregate amount which could be invested under all of those provisions with respect to the type of asset involved.

191—45.4(521A) Control acquisition of domestic insurer. Any person required to file a statement pursuant to Iowa Code section 521A.3 entitled “Acquisition of control of or merger with domestic insurer,” shall furnish all the information requested on Form A hereto annexed and hereby made a part of these rules.

45.4(1) If the person being acquired is a “domestic insurer” solely because of the provisions of Iowa Code section 521A.3(1), the name of the domestic insurer on the cover page should be as follows: “ABC Insurance Company, a Subsidiary of XYZ Holding Company.”

45.4(2) Where a domestic insurer, including any other person controlling a domestic insurer, unless such other person is either directly or through its affiliate primarily engaged in business other than the business of insurance is being acquired, references to “the insurer” contained in Form A shall refer to both the domestic subsidiary insurer and the person being acquired.

45.4(3) The applicant shall promptly advise the commissioner of any changes in the information so furnished arising subsequent to the date upon which such information was furnished but prior to the commissioner’s disposition of the application.

45.4(4) Exemptions. No statement need be filed and no approval by the commissioner is required pursuant to Iowa Code section 521A.3 if the company being acquired is considered a domestic insurer solely by reason of Iowa Code section 521A.3(1) and provided such acquisition is subject to disclosure requirements in said company’s state of domicile substantially similar to those imposed by Iowa Code section 521A.3.

191—45.5(521A) Registration of insurers.

45.5(1) Annual registration. Any insured required to file an annual registration statement pursuant to Iowa Code section 521A.4 shall furnish all the information required on Form B hereto annexed and hereby made a part of these rules.

45.5(2) Amendment to Form B. An amendment to Form B shall be filed within 15 days after the end of any month in which there is a material change to the information provided in the annual registration statement. Amendments shall be filed in the Form B format with only those items which are being amended reported. Each amendment shall include at the top of the cover page “Amendment No. [insert number] to Form B for [insert year]” and shall indicate the date of the change and not the date of the original filing.

45.5(3) Summary registration. An insurer required to file an annual registration statement pursuant to Iowa Code section 521A.4 is also required to furnish information required on Form C, hereby made a part of these rules. Form C shall include all amendments for the statement period.

[ARC 1844C, IAB 2/4/15, effective 1/14/15]

191—45.6(521A) Alternative and consolidated registrations. Any authorized insurer may file a registration statement on behalf of any affiliated insurer or insurers which are required to register under section 521A.4. A registration statement may include information regarding any insurer in the insurance holding company system even if such insurer is not authorized to do business in this state. In lieu of filing a registration statement on Form B, the authorized insurer may file a copy of the registration statement or similar report which it is required to file in its state of domicile, provided:

1. The statement or report contains substantially similar information required to be furnished on Form B; and

2. The filing insurer is the principal insurance company in the insurance holding company system.

45.6(1) The question of whether the filing insurer is the principal insurance company in the insurance holding company system is a question of fact and an insurer filing a registration statement or report in lieu of Form B on behalf of an affiliated insurer shall set forth a simple statement of facts which will substantiate the filing insurer’s claim that it, in fact, is the principal insurer in the insurance holding company system.

45.6(2) With the prior approval of the commissioner, an unauthorized insurer may follow any of the procedures which could be done by an authorized insurer under subrule 45.6(1).

Any insurer may take advantage of the provisions of Iowa Code section 521A.4(7) or 521A.4(8) without obtaining the prior approval of the commissioner. The commissioner, however, reserves the right to require individual filings if the commissioner deems such filings necessary in the interest of clarity, ease of administration or the public good.

191—45.7(521A) Exemptions. A foreign or alien insurer otherwise subject to Iowa Code section 521A.4, shall not be required to register pursuant to that section if it is admitted in the domiciliary state of the principal insurer (as that term is defined in 45.6(1)) and in said state if subject to disclosure requirements and standards adopted by the statute or rules which are substantially the same as those contained in Iowa Code section 521A.4, provided, the commissioner may require a copy of the registration statement or other information filed with the domiciliary state.

45.7(1) The state of entry of an alien insurer shall be deemed to be its domiciliary state for the purposes of these rules.

45.7(2) Any insurer not otherwise exempt or excepted from Iowa Code section 521A.4 may apply for an exemption from the requirements of said section by submitting a statement to the commissioner setting forth its reasons for being exempt.

191—45.8(521A) Disclaimers and termination of registration. A disclaimer of affiliation or a request for termination of registration claiming that a person does not, or will not upon the taking of some proposed action, control another person (hereinafter referred to as the “subject”) shall contain the following information:

45.8(1) The number of authorized, issued and outstanding voting securities of the subject;

45.8(2) With respect to the person whose control is denied and all affiliates of such person, the number and percentage of shares of the subject's voting securities which are held of record or known to be beneficially owned, and the number of such shares concerning which there is a right to acquire, directly or indirectly;

45.8(3) All material relationships and bases for affiliation between the subject and the person whose control is denied and all affiliates of such person;

45.8(4) A statement explaining why such person should not be considered to control the subject.

A request for termination of registration shall be deemed to have been granted unless the commissioner, within 30 days after receipt of the request, notifies the registrant otherwise.

191—45.9(521A) Transactions subject to prior notice—notice filing.

45.9(1) An insurer required to give notice of a proposed transaction pursuant to Iowa Code section 521A.5 shall furnish the required information on Form D, hereby made a part of these rules.

45.9(2) Agreements for cost-sharing services and management services shall, at a minimum and as applicable:

- a.* Identify the person providing services and the nature of such services;
- b.* Set forth the methods to allocate costs;
- c.* Require timely settlement, not less frequently than on a quarterly basis, and compliance with the requirements in the Accounting Practices and Procedures Manual;
- d.* Prohibit advancement of funds by the insurer to the affiliate except to pay for services defined in the agreement;
- e.* State that the insurer will maintain oversight for functions provided to the insurer by the affiliate and that the insurer will monitor services annually for quality assurance;
- f.* Define books and records of the insurer to include all books and records developed or maintained under or related to the agreement;
- g.* Specify that all books and records of the insurer are and shall remain the property of the insurer and are subject to control of the insurer;
- h.* State that all funds and invested assets of the insurer are the exclusive property of the insurer, held for the benefit of the insurer, and subject to the control of the insurer;
- i.* Include standards for termination of the agreement with and without cause;
- j.* Include provisions for indemnification of the insurer in the event of gross negligence or willful misconduct on the part of the affiliate providing the services;
- k.* Specify that if the insurer is placed in receivership or seized by the commissioner under the state receivership Act:
 - (1) All of the rights of the insurer under the agreement extend to the receiver or the commissioner; and
 - (2) All books and records will immediately be made available to the receiver or the commissioner and shall be turned over to the receiver or the commissioner immediately upon the receiver's or the commissioner's request;
- l.* Specify that the affiliate has no automatic right to terminate the agreement if the insurer is placed in receivership pursuant to Iowa Code chapter 507C; and
- m.* Specify that the affiliate will continue to maintain any systems, programs, or other infrastructure notwithstanding a seizure by the commissioner under Iowa Code chapter 507C, and will make them available to the receiver for so long as the affiliate continues to receive timely payment for services rendered.

[ARC 1844C, IAB 2/4/15, effective 1/14/15]

191—45.10(521A) Extraordinary dividends and other distributions.

45.10(1) Requests for approval of extraordinary dividends or any other extraordinary distribution to shareholders shall include the following:

- a.* The date established for payment of the dividend;
- b.* The amount of the proposed dividend;

c. A statement as to whether the dividend is to be in cash or other property and, if in property, a description thereof of its cost, and its fair market value together with an explanation of the basis for valuation;

d. A copy of the calculations used to determine that the proposed dividend is extraordinary, including the amounts and dates of all dividends (including regular dividends) paid within the period of 24 consecutive months ending on the date fixed for payment of the proposed dividend for which approval is sought and commencing on the day after the same day of the same month in the second and immediately preceding years;

e. A balance sheet and statement of income for the period intervening from the last annual statement filed with the commissioner and the end of the month preceding the month in which the request for dividend approval is submitted;

f. A brief statement as to the effect of the proposed dividend upon the insurer’s surplus and the reasonableness of surplus in relation to the insurer’s outstanding liabilities and the adequacy of surplus relative to the insurer’s financial needs.

If any such entity or person is a corporation or business organization, the name of each member of its board of directors or equivalent management team shall be provided along with the name of each member of the board of directors of the offeror. This paragraph shall not be construed to limit the rights of officers, directors and insiders from exercising subscription rights generally accorded members of the mutual insurance holding company, except that, pursuant to such subscription rights, the officers, directors and insiders of the mutual insurance holding company and its subsidiaries and affiliates may not purchase or own, in the aggregate, more than 5 percent of the stock offering for a period of at least six months following the first date the offering was publicly and regularly traded.

b. Requiring a majority of the members of the board of directors of the mutual insurance holding company to be persons who are not interested persons of the mutual insurance holding company or of an affiliated person of such company. The commissioner may waive this requirement upon a showing of good cause.

46.10(5) The commissioner may hire, at the applicant's expense, attorneys, actuaries, accountants, investment bankers and other experts as may reasonably be necessary to assist the commissioner in reviewing the application.

46.10(6) The commissioner may, in the commissioner's discretion, hold a public hearing regarding any application for approval of a stock offering. Upon receipt of an application for approval of a stock offering which includes an initial offering of stock, the commissioner shall hold a public hearing at which all interested parties may appear and present evidence and argument regarding the applicant's planned offering. The commissioner shall provide the applicant adequate notice of the hearing, such that applicant can provide notice of the hearing to members of the mutual insurance holding company, in a manner approved by the commissioner, not less than 20 days prior to the hearing. Following the hearing, the commissioner may approve, conditionally approve, or deny the application. The commissioner may approve the plan if:

b. The method for establishing the price of a stock offering is consistent with generally accepted market or industry practices for establishing stock offering prices in similar transactions, and

c. The plan and offering will not unfairly impact the interests of members of the mutual insurance holding company.

None of the foregoing shall be deemed to prohibit the filing of a registration statement with the Securities and Exchange Commission prior to or concurrently with the giving of notice to members.

46.10(7) Notwithstanding the provisions of 46.10(1) to 46.10(6) above, stock offerings which are not an initial stock offering, and which offer stock regularly traded on the New York Stock Exchange, the American Stock Exchange, or another exchange approved by the commissioner, or designated on the national association of securities dealers automated quotations—national market system (NASDAQ), may be sold in accordance with the following procedure: If a mutual insurance holding company, an insurance company subsidiary of a mutual insurance holding company, an intermediate holding company, or an insurance company subsidiary of an intermediate holding company intends to make a stock offering which would be governed by the provisions of this subrule, that entity shall deliver to the commissioner, not less than 30 days prior to the offering, a notice of the planned stock offering and information regarding *(a)* the total number of shares intended to be offered, *(b)* the intended date of sale, *(c)* evidence the stock is regularly traded on one of the public exchanges noted above, and *(d)* a record of the trading price and trading volume of the stock during the prior 52 weeks. The commissioner shall be deemed to have approved the sale unless, within 30 days following receipt of such notice, the commissioner issues an objection to the sale. If the commissioner issues an objection to the sale, the procedures set forth in subrule 46.10(2) shall be followed to determine whether the commissioner approves of the proposed sale.

46.10(8) Approval of a stock offering obtained under either subrule 46.10(6) or 46.10(7) above shall expire 90 days following the date of the approval or deemed approval, except as otherwise provided by order of the commissioner.

46.10(9) No prospectus, information, sales material or sales presentation by the applicant, or by any representative, agent or affiliate of the applicant, shall contain a representation that the commissioner's approval of a stock offering constitutes an endorsement of the price, price range, or any other information relating to the stock.

46.10(10) The following practices are prohibited:

a. Borrowing funds from the mutual insurance holding company, or its subsidiaries and affiliates, to finance the purchase of any portion of a stock offering.

b. Payment of commissions, "special fees" and any other special payments or extraordinary compensation to officers, directors, interested persons and affiliates, for arranging, promoting, aiding or assisting in reorganization to a mutual insurance holding company, or for arranging, promoting, aiding, assisting or participating in the structuring and placement of a stock offering.

c. Entering into an understanding or agreement transferring legal or beneficial ownership of stock to another person in avoidance of these rules.

191—46.11(521A) Regulation of holding company system.

46.11(1) A mutual insurance holding company, and its subsidiaries and affiliates, shall be subject to all provisions of Iowa Code chapter 521A, "Insurance Holding Company Systems." In addition to the provisions of that chapter, all material transactions, as that term is defined in Iowa Code chapters 521A and 521D, between subsidiaries and affiliates of the mutual insurance holding company must be approved by a majority of the directors of the mutual insurance holding company as being both *(a)* fair and reasonable and *(b)* made on terms and conditions not less favorable than those available from unaffiliated third parties.

46.11(2) If the commissioner finds, after notice and hearing, that activities within a mutual insurance holding company system have violated provisions of the Iowa Code, have violated administrative rules, or act to circumvent requirements or prohibitions contained in the Iowa Code or administrative rules, the commissioner may prohibit or order rescission of any transaction relating to those activities.

191—46.12(521A) Reporting of stock ownership and transactions.

46.12(1) Any director or officer of a mutual insurance holding company, its subsidiary or affiliate, who acquires directly or indirectly the beneficial ownership of any security issued by any member of the mutual insurance holding company system shall, within 15 days following the transaction, file with the insurance commissioner a statement of the transaction on the form prescribed by the commissioner.

CHAPTER 47
VALUATION OF LIFE INSURANCE POLICIES

(Including New Select Mortality Factors)

191—47.1(508) Purpose. The purpose of this chapter is to provide tables of select mortality factors and rules for their use, rules concerning a minimum standard for the valuation of plans with nonlevel premiums or benefits, and rules concerning a minimum standard for the valuation of plans with secondary guarantees. The method for calculating basic reserves defined in this chapter will constitute the commissioners' reserve valuation method for policies to which this chapter is applicable. This chapter is issued under the authority of Iowa Code section 508.36(3)“a”(3)(c) and is intended to implement Iowa Code section 508.36(6)“c.”

191—47.2(508) Application. This chapter shall apply to all life insurance policies, with or without nonforfeiture values, issued on or after February 16, 2000, subject to the following exceptions and conditions.

47.2(1) This chapter shall not apply to any of the following:

a. Any individual life insurance policy issued on or after February 16, 2000, if the policy is issued in accordance with and as a result of the exercise of a reentry provision contained in the original life insurance policy of the same or greater face amount, issued before February 16, 2000, that guarantees the premium rates of the new policy. This chapter shall also not apply to subsequent policies issued as a result of the exercise of such a provision, or a derivation of the provision, in the new policy.

b. Any universal life insurance policy that meets all the following requirements:

(1) Secondary guarantee period, if any, is five years or less;

(2) Specified premium for the secondary guarantee period is not less than the net level reserve premium for the secondary guarantee period based on the CSO valuation tables as defined in rule 47.3(508) and the applicable valuation interest rate; and

(3) The initial surrender charge is not less than 100 percent of the first year annualized specified premium for the secondary guarantee period.

c. Any variable life insurance policy that provides for life insurance, the amount or duration of which varies according to the investment experience of any separate account or accounts.

d. Any variable universal life insurance policy that provides for life insurance, the amount or duration of which varies according to the investment experience of any separate account or accounts.

e. A group life insurance certificate unless the certificate provides for a stated or implied schedule of maximum gross premiums required in order to continue coverage in force for a period in excess of one year.

47.2(2) Conditions.

a. Calculation of the minimum valuation standard for policies with guaranteed nonlevel gross premiums or guaranteed nonlevel benefits (other than universal life policies), or both, shall be in accordance with the provisions of rule 47.5(508).

b. Calculation of the minimum valuation standard for flexible premium and fixed premium universal life insurance policies that contain provisions resulting in the ability of a policyholder to keep a policy in force over a secondary guarantee period shall be in accordance with the provisions of rule 47.6(508).

191—47.3(508) Definitions. As used in this chapter, the following definitions apply:

“*Basic reserves*” means reserves calculated in accordance with Iowa Code section 508.36(6).

“*Contract segmentation method*” means the method of dividing the period from issue to mandatory expiration of a policy into successive segments, with the length of each segment being defined as the period from the end of the prior segment (from policy inception, for the first segment) to the end of the latest policy year as determined below. All calculations are made using the 1980 CSO valuation tables, as defined in this rule (or any other valuation mortality table adopted by the National Association of

Insurance Commissioners (NAIC) after January 1, 2000, and promulgated by rule by the commissioner for this purpose), and, if elected, the optional minimum mortality standard for deficiency reserves stipulated in subrule 47.4(2).

The length of a particular contract segment shall be set equal to the minimum of the value t for which G_t is greater than R_t (if G_t never exceeds R_t , the segment length is deemed to be the number of years from the beginning of the segment to the mandatory expiration date of the policy), where G_t and R_t are defined as follows:

$$G_t = \frac{GP_{x+k+t}}{GP_{x+k+t-1}}$$

where:

- x = original issue age;
- k = the number of years from the date of issue to the beginning of the segment;
- t = 1, 2, ...; t is reset to 1 at the beginning of each segment;
- $GP_{x+k+t-1}$ = Guaranteed gross premium per thousand of face amount for year t of the segment, ignoring policy fees only if level for the premium paying period of the policy.
- $R_t = \frac{q_{x+k+t}}{q_{x+k+t-1}}$, However, R_t may be increased or decreased by 1 percent in any policy year, at the company's option, but R_t shall not be less than one;

where:

- x , k and t are as defined above, and
- $q_{x+k+t-1}$ = valuation mortality rate for deficiency reserves in policy year $k+t$ but using the mortality of paragraph 47.4(2) "b" if paragraph 47.4(2) "c" is elected for deficiency reserves.

However, if GP_{x+k+t} is greater than 0 and $GP_{x+k+t-1}$ is equal to 0, G_t shall be deemed to be 1000. If GP_{x+k+t} and $GP_{x+k+t-1}$ are both equal to 0, G_t shall be deemed to be 0.

"*Deficiency reserves*" means the excess, if greater than zero, of

1. Minimum reserves calculated in accordance with Iowa Code section 508.36(10) over
2. Basic reserves.

"*Guaranteed gross premiums*" means the premiums under a policy of life insurance that are guaranteed and determined at issue.

"*Maximum valuation interest rates*" means the interest rates defined in Iowa Code section 508.36(5) that are to be used in determining the minimum standard for the valuation of life insurance policies.

"*1980 CSO valuation tables*" means the Commissioners' 1980 Standard Ordinary Mortality Table (1980 CSO Table) without ten-year selection factors, incorporated into the 1980 amendments to the NAIC Standard Valuation Law, and variations of the 1980 CSO Table approved by the NAIC, such as the smoker and nonsmoker versions approved in December 1983.

"*Scheduled gross premium*" means the smallest illustrated gross premium at issue for other than universal life insurance policies. For universal life insurance policies, scheduled gross premium means the smallest specified premium described in paragraph 47.6(1) "c," if any, or else the minimum premium described in paragraph 47.6(1) "d."

"*Segmented reserves*" means reserves, calculated using segments produced by the contract segmentation method, equal to the present value of all future guaranteed benefits less the present value of all future net premiums to the mandatory expiration of a policy, where the net premiums within each segment are a uniform percentage of the respective guaranteed gross premiums within the segment. The uniform percentage for each segment is such that, at the beginning of the segment, the present value of the net premiums within the segment equals:

1. The present value of the death benefits within the segment, plus

2. The present value of any unusual guaranteed cash value (see subrule 47.5(4)) occurring at the end of the segment, less

3. Any unusual guaranteed cash value occurring at the start of the segment, plus

4. For the first segment only, the excess of “a” over “b” below, as follows:

a. A net level annual premium equal to the present value, at the date of issue, of the benefits provided for in the first segment after the first policy year, divided by the present value, at the date of issue, of an annuity of one per year payable on the first and each subsequent anniversary within the first segment on which a premium falls due. However, the net level annual premium shall not exceed the net level annual premium on the 19-year premium whole life plan of insurance of the same renewal year equivalent level amount at an age one year higher than the age at issue of the policy.

b. A net one-year term premium for the benefits provided for in the first policy year.

The length of each segment is determined by the “contract segmentation method,” as defined in this rule. The interest rates used in the present value calculations for any policy may not exceed the maximum valuation interest rate, determined with a guarantee duration equal to the sum of the lengths of all segments of the policy.

For both basic reserves and deficiency reserves computed by the segmentation method, present values shall include future benefits and net premiums in the current segment and in all subsequent segments.

“*Tabular cost of insurance*” means the net single premium at the beginning of a policy year for one-year term insurance in the amount of the guaranteed death benefit in that policy year.

“*Ten-year select factors*” means the select factors adopted with the 1980 amendments to the NAIC Standard Valuation Law.

“*Unitary reserves*” means the present value of all future guaranteed benefits less the present value of all future modified net premiums, where:

1. Guaranteed benefits and modified net premiums are considered to the mandatory expiration of the policy; and

2. Modified net premiums are a uniform percentage of the respective guaranteed gross premiums, where the uniform percentage is such that, at issue, the present value of the net premiums equals the present value of all death benefits and pure endowments, plus the excess of “a” over “b” below, as follows:

a. A net level annual premium equal to the present value, at the date of issue, of the benefits provided for after the first policy year, divided by the present value, at the date of issue, of an annuity of one per year payable on the first and each subsequent anniversary of the policy on which a premium falls due. However, the net level annual premium shall not exceed the net level annual premium on the 19-year premium whole life plan of insurance of the same renewal year equivalent level amount at an age one year higher than the age at issue of the policy.

b. A net one-year term premium for the benefits provided for in the first policy year.

The interest rates used in the present value calculations for any policy may not exceed the maximum valuation interest rate, determined with a guarantee duration equal to the length from issue to the mandatory expiration of the policy.

“*Universal life insurance policy*” means any individual life insurance policy under the provisions of which separately identified interest credits (other than in connection with dividend accumulations, premium deposit funds, or other supplementary accounts) and mortality or expense charges are made to the policy.

191—47.4(508) General calculation requirements for basic reserves and premium deficiency reserves.

47.4(1) At the election of the company for any one or more specified plans of life insurance, the minimum mortality standard for basic reserves may be calculated using the 1980 CSO valuation tables with select mortality factors (or any other valuation mortality table adopted by the NAIC after January 1, 2000, and promulgated by rule by the commissioner for this purpose). If select mortality factors are elected, they may be:

- a. The ten-year select mortality factors incorporated into the 1980 amendments to the NAIC Standard Valuation Law;
- b. The select mortality factors in the appendix to this chapter; or
- c. Any other table of select mortality factors adopted by the NAIC after February 16, 2000, and promulgated by rule by the commissioner for the purpose of calculating basic reserves.

47.4(2) Deficiency reserves, if any, are calculated for each policy as the excess, if greater than zero, of the quantity A over the basic reserve. The quantity A is obtained by recalculating the basic reserve for the policy using guaranteed gross premiums instead of net premiums when the guaranteed gross premiums are less than the corresponding net premiums. At the election of the company for any one or more specified plans of insurance, the quantity A and the corresponding net premiums used in the determination of quantity A may be based upon the 1980 CSO valuation tables with select mortality factors (or any other valuation mortality table adopted by the NAIC after February 16, 2000, and promulgated by rule by the commissioner). If select mortality factors are elected, they may be:

- a. The ten-year select mortality factors incorporated into the 1980 amendments to the NAIC Standard Valuation Law;
- b. The select mortality factors in the appendix of this chapter;
- c. For durations in the first segment, X percent of the select mortality factors in the appendix, subject to the following:

(1) X may vary by policy year, policy form, underwriting classification, issue age, or any other policy factor expected to affect mortality experience;

(2) X is such that, when using the valuation interest rate used for basic reserves, “1” below is greater than or equal to “2”;

1. The actuarial present value of future death benefits, calculated using the mortality rates resulting from the application of X;

2. The actuarial present value of future death benefits calculated using anticipated mortality experience without recognition of mortality improvement beyond the valuation date;

(3) X is such that the mortality rates resulting from the application of X are at least as great as the anticipated mortality experience, without recognition of mortality improvement beyond the valuation date, in each of the first five years after the valuation date;

(4) The appointed actuary shall increase X at any valuation date where it is necessary to continue to meet all the requirements of paragraph 47.4(2) “c”;

(5) The appointed actuary may decrease X at any valuation date as long as X continues to meet all the requirements of paragraph 47.4(2) “c”; and

(6) The appointed actuary shall specifically take into account the adverse effect on expected mortality and lapsation of any anticipated or actual increase in gross premiums.

(7) If X is less than 100 percent at any duration for any policy, the following requirements shall be met:

1. The appointed actuary shall annually prepare an actuarial opinion and memorandum for the company in conformance with the requirements of 191—subrule 5.34(3);

2. The appointed actuary shall disclose, in the regulatory asset adequacy issues summary, the impact of the insufficiency of assets to support the payment of benefits and expenses and the establishment of statutory reserves during one or more interim periods; and

3. The appointed actuary shall annually opine for all policies subject to this chapter as to whether the mortality rates resulting from the application of X meet the requirements of paragraph 47.4(2) “c.” This opinion shall be supported by an actuarial report, subject to appropriate Actuarial Standards of Practice promulgated by the Actuarial Standards Board of the American Academy of Actuaries. The X factors shall reflect anticipated future mortality, without recognition of mortality improvement beyond the valuation date, taking into account relevant emerging experience.

d. Any other table of select mortality factors adopted by the NAIC after January 1, 2000, and promulgated by rule by the commissioner for the purpose of calculating deficiency reserves.

47.4(3) This rule applies to both basic reserves and deficiency reserves. Any set of select mortality factors may be used only for the first segment. However, if the first segment is less than ten years,

the appropriate ten-year select mortality factors incorporated into the 1980 amendments to the NAIC Standard Valuation Law may be used thereafter through the tenth policy year from the date of issue.

47.4(4) In determining basic reserves or deficiency reserves, guaranteed gross premiums without policy fees may be used where the calculation involves the guaranteed gross premium but only if the policy fee is a level dollar amount after the first policy year. In determining deficiency reserves, policy fees may be included in guaranteed gross premiums, even if not included in the actual calculation of basic reserves.

47.4(5) Reserves for policies that have changes to guaranteed gross premiums, guaranteed benefits, guaranteed charges, or guaranteed credits that are unilaterally made by the insurer after issue and that are effective for more than one year after the date of the change shall be the greatest of the following: (1) reserves calculated ignoring the guarantee, (2) reserves assuming the guarantee was made at issue, and (3) reserves assuming that the policy was issued on the date of the guarantee.

47.4(6) The commissioner may require that the company document the extent of the adequacy of reserves for specified blocks, including but not limited to policies issued prior to February 16, 2000. This documentation may include a demonstration of the extent to which aggregation with other non-specified blocks of business is relied upon in the formation of the appointed actuary opinion pursuant to and consistent with the requirements of 191—subrule 5.34(8).

[ARC 9181B, IAB 11/3/10, effective 12/8/10]

191—47.5(508) Calculation of minimum valuation standard for policies with guaranteed nonlevel gross premiums or guaranteed nonlevel benefits (other than universal life policies).

47.5(1) *Basic reserves.* Basic reserves shall be calculated as the greater of the segmented reserves and the unitary reserves. Both the segmented reserves and the unitary reserves for any policy shall use the same valuation mortality table and selection factors. At the option of the insurer, in calculating segmented reserves and net premiums, either of the adjustments described in paragraph “a” or “b” below may be made:

a. Treat the unitary reserve, if greater than zero, applicable at the end of each segment as a pure endowment and subtract the unitary reserve, if greater than zero, applicable at the beginning of each segment from the present value of guaranteed life insurance and endowment benefits for each segment.

b. Treat the guaranteed cash surrender value, if greater than zero, applicable at the end of each segment as a pure endowment; and subtract the guaranteed cash surrender value, if greater than zero, applicable at the beginning of each segment from the present value of guaranteed life insurance and endowment benefits for each segment.

47.5(2) *Deficiency reserves.*

a. The deficiency reserve at any duration shall be calculated:

(1) On a unitary basis if the corresponding basic reserve determined by subrule 47.5(1) is unitary;

(2) On a segmented basis if the corresponding basic reserve determined by subrule 47.5(1) is segmented; or

(3) On a segmented basis if the corresponding basic reserve determined by subrule 47.5(1) is equal to both the segmented reserve and the unitary reserve.

b. This rule shall apply to any policy for which the guaranteed gross premium at any duration is less than the corresponding modified net premium calculated by the method used in determining the basic reserves, but using the minimum valuation standards of mortality in subrule 47.4(2) and rate of interest.

c. Deficiency reserves, if any, shall be calculated for each policy, as the excess if greater than zero, for the current and all remaining periods, of the quantity A over the basic reserve, where A is obtained as indicated in subrule 47.4(2).

d. For deficiency reserves determined on a segmented basis, the quantity A is determined using segment lengths equal to those determined for segmented basic reserves.

47.5(3) *Minimum value.* Basic reserves may not be less than the tabular cost of insurance for the balance of the policy year, if mean reserves are used. Basic reserves may not be less than the tabular cost of insurance for the balance of the current modal period or to the paid-to-date, if later, but not beyond

the next policy anniversary, if mid-terminal reserves are used. The tabular cost of insurance shall use the same valuation mortality table and interest rates as that used for the calculation of the segmented reserves. However, if select mortality factors are used, they shall be the ten-year select factors incorporated into the 1980 amendments of the NAIC Standard Valuation Law. In no case may total reserves (including basic reserves, deficiency reserves and any reserves held for supplemental benefits that would expire upon contract termination) be less than the amount that the policyowner would receive (including the cash surrender value of the supplemental benefits, if any, referred to above), exclusive of any deduction for policy loans, upon termination of the policy.

47.5(4) Unusual pattern of guaranteed cash surrender values.

a. For any policy with an unusual pattern of guaranteed cash surrender values, the reserves actually held prior to the first unusual guaranteed cash surrender value shall not be less than the reserves calculated by treating the first unusual guaranteed cash surrender value as a pure endowment and treating the policy as an n year policy providing term insurance plus a pure endowment equal to the unusual cash surrender value, where n is the number of years from the date of issue to the date the unusual cash surrender value is scheduled.

b. The reserves actually held subsequent to any unusual guaranteed cash surrender value shall not be less than the reserves calculated by treating the policy as an n year policy providing term insurance plus a pure endowment equal to the next unusual guaranteed cash surrender value, and treating any unusual guaranteed cash surrender value at the end of the prior segment as a net single premium, where

(1) n is the number of years from the date of the last unusual guaranteed cash surrender value prior to the valuation date to the earlier of:

1. The date of the next unusual guaranteed cash surrender value, if any, that is scheduled after the valuation date; or

2. The mandatory expiration date of the policy; and

(2) The net premium for a given year during the n year period is equal to the product of the net to gross ratio and the respective gross premium; and

(3) The net to gross ratio is equal to "1" divided by "2" below as follows:

1. The present value, at the beginning of the n year period, of death benefits payable during the n year period plus the present value, at the beginning of the n year period, of the next unusual guaranteed cash surrender value, if any, minus the amount of the last unusual guaranteed cash surrender value, if any, scheduled at the beginning of the n year period.

2. The present value, at the beginning of the n year period, of the scheduled gross premiums payable during the n year period.

c. For purposes of this subrule, a policy is considered to have an unusual pattern of guaranteed cash surrender values if any future guaranteed cash surrender value exceeds the prior year's guaranteed cash surrender value by more than the sum of:

(1) One hundred ten percent of the scheduled gross premium for that year;

(2) One hundred ten percent of one year's accrued interest on the sum of the prior year's guaranteed cash surrender value and the scheduled gross premium using the nonforfeiture interest rate used for calculating policy guaranteed cash surrender values; and

(3) Five percent of the first policy year surrender charge, if any.

47.5(5) Optional exemption for yearly renewable term (YRT) reinsurance. At the option of the company, the following approach for reserves on YRT reinsurance may be used:

a. Calculate the valuation net premium for each future policy year as the tabular cost of insurance for that future year.

b. Basic reserves shall never be less than the tabular cost of insurance for the appropriate period, as defined in subrule 47.5(3).

c. Deficiency reserves.

(1) For each policy year, calculate the excess, if greater than zero, of the valuation net premium over the respective maximum guaranteed gross premium.

(2) Deficiency reserves shall never be less than the sum of the present values, at the date of valuation, of the excesses determined in accordance with subparagraph (1) above.

d. For purposes of this subrule, the calculations use the maximum valuation interest rate and the 1980 CSO mortality tables with or without ten-year select mortality factors, or any other table adopted after January 1, 2000, by the NAIC and promulgated by rule by the commissioner for this purpose.

e. A reinsurance agreement shall be considered YRT reinsurance for purposes of this subrule if only the mortality risk is reinsured.

f. If the assuming company chooses this optional exemption, the ceding company's reinsurance reserve credit shall be limited to the amount of reserve held by the assuming company for the affected policies.

47.5(6) *Optional exemption for attained-age-based yearly renewable term (YRT) life insurance policies.* At the option of the company, the following approach for reserves for attained-age-based YRT life insurance policies may be used:

a. Calculate the valuation net premium for each future policy year as the tabular cost of insurance for that future year.

b. Basic reserves shall never be less than the tabular cost of insurance for the appropriate period, as defined in subrule 47.5(3).

c. Deficiency reserves.

(1) For each policy year, calculate the excess, if greater than zero, of the valuation net premium over the respective maximum guaranteed gross premium.

(2) Deficiency reserves shall never be less than the sum of the present values, at the date of valuation, of the excesses determined in accordance with subparagraph (1) above.

d. For purposes of this subrule, the calculations use the maximum valuation interest rate and the 1980 CSO valuation tables with or without ten-year select mortality factors, or any other table adopted after January 1, 2000, by the NAIC and promulgated by rule by the commissioner for this purpose.

e. A policy shall be considered an attained-age-based YRT life insurance policy for purposes of this subrule if:

(1) The premium rates (on both the initial current premium scale and the guaranteed maximum premium scale) are based upon the attained age of the insured such that the rate for any given policy at a given attained age of the insured is independent of the year the policy was issued; and

(2) The premium rates (on both the initial current premium scale and the guaranteed maximum premium scale) are the same as the premium rates for policies covering all insureds of the same sex, risk class, plan of insurance and attained age.

f. For policies that become attained-age-based YRT policies after an initial period of coverage, the approach of this subrule may be used after the initial period if:

(1) The initial period is constant for all insureds of the same sex, risk class and plan of insurance; or

(2) The initial period runs to a common attained age for all insureds of the same sex, risk class and plan of insurance; and

(3) After the initial period of coverage, the policy meets the conditions of paragraph "e" above.

g. If this election is made, this approach shall be applied in determining reserves for all attained-age-based YRT life insurance policies issued on or after January 1, 2000.

47.5(7) *Exemption from unitary reserves for certain n year renewable term life insurance policies.* Unitary basic reserves and unitary deficiency reserves need not be calculated for a policy if the following conditions are met:

a. The policy consists of a series of n year periods, including the first period and all renewal periods, where n is the same for each period, except that for the final renewal period, n may be truncated or extended to reach the expiry age, provided that this final renewal period is less than ten years and less than twice the size of the earlier n year periods, and for each period, the premium rates on both the initial current premium scale and the guaranteed maximum premium scale are level;

b. The guaranteed gross premiums in all n year periods are not less than the corresponding net premiums based upon the 1980 CSO Table with or without the ten-year select mortality factors; and

c. There are no cash surrender values in any policy year.

47.5(8) Exemption from unitary reserves for certain juvenile policies. Unitary basic reserves and unitary deficiency reserves need not be calculated for a policy if the following conditions are met, based upon the initial current premium scale at issue:

- a. At issue, the insured is aged 24 years or younger;
- b. Until the insured reaches the end of the juvenile period, which shall occur at or before the age of 25, the gross premiums and death benefits are level, and there are no cash surrender values; and
- c. After the end of the juvenile period, gross premiums are level for the remainder of the premium paying period, and death benefits are level for the remainder of the life of the policy.

191—47.6(508) Calculation of minimum valuation standard for flexible premium and fixed premium universal life insurance policies that contain provisions resulting in the ability of a policyowner to keep a policy in force over a secondary guarantee period.

47.6(1) General.

- a. Policies with a secondary guarantee include:
 - (1) A policy with a guarantee that the policy will remain in force at the original schedule of benefits, subject only to the payment of specified premiums;
 - (2) A policy in which the minimum premium at any duration is less than the corresponding one-year valuation premium, calculated using the maximum valuation interest rate and the 1980 CSO valuation tables with or without ten-year select mortality factors, or any other table adopted after January 1, 2000, by the NAIC and promulgated by rule by the commissioner for this purpose; or
 - (3) A policy with any combination of subparagraphs (1) and (2).
- b. A secondary guarantee period is the period for which the policy is guaranteed to remain in force subject only to a secondary guarantee. When a policy contains more than one secondary guarantee, the minimum reserve shall be the greatest of the respective minimum reserves at that valuation date of each unexpired secondary guarantee, ignoring all other secondary guarantees. Secondary guarantees that are unilaterally changed by the insurer after issue shall be considered to have been made at issue. Reserves described in subrules 47.6(2) and 47.6(3) shall be recalculated from issue to reflect these changes.
- c. Specified premiums mean the premiums specified in the policy, the payment of which guarantees that the policy will remain in force at the original schedule of benefits, but which otherwise would be insufficient to keep the policy in force in the absence of the guarantee if maximum mortality and expense charges and minimum interest credits were made and any applicable surrender charges were assessed.
- d. For purposes of this rule, the minimum premium for any policy year is the premium that, when paid into a policy with a zero account value at the beginning of the policy year, produces a zero account value at the end of the policy year. The minimum premium calculation shall use the policy cost factors (including mortality charges, loads and expense charges) and the interest crediting rate, which are all guaranteed at issue.
- e. The one-year valuation premium means the net one-year premium based upon the original schedule of benefits for a given policy year. The one-year valuation premiums for all policy years are calculated at issue. The select mortality factors defined in paragraphs 47.4(2) "b," "c," and "d" may not be used to calculate the one-year valuation premiums.
- f. The one-year valuation premium should reflect the frequency of fund processing, as well as the distribution of deaths assumption employed in the calculation of the monthly mortality charges to the fund.

47.6(2) Basic reserves for the secondary guarantees. Basic reserves for the secondary guarantees shall be the segmented reserves for the secondary guarantee period. In calculating the segments and the segmented reserves, the gross premiums shall be set equal to the specified premiums, if any, or otherwise to the minimum premiums, that keep the policy in force, and the segments will be determined according to the contract segmentation method as defined in rule 47.3(508).

47.6(3) Deficiency reserves for the secondary guarantees. Deficiency reserves, if any, for the secondary guarantees shall be calculated for the secondary guarantee period in the same manner as

described in subrule 47.5(2) with gross premiums set equal to the specified premiums, if any, or otherwise to the minimum premiums that keep the policy in force.

47.6(4) *Minimum reserves.* The minimum reserves during the secondary guarantee period are the greater of:

a. The basic reserves for the secondary guarantee plus the deficiency reserve, if any, for the secondary guarantees; or

b. The minimum reserves required by other rules or rules governing universal life plans.

191—47.7(508) 2001 CSO Mortality Table. The 2001 CSO Mortality Table shall be used for purposes of this chapter pursuant to the requirements of 191—Chapter 91.

These rules are intended to implement Iowa Code section 508.36(6) “c.”

Appendix
SELECT MORTALITY FACTORS

This appendix contains tables of select mortality factors that are the bases to which the respective percentage of paragraphs 47.4(1) "b," 47.4(2) "b," and 47.4(2) "c" are applied.

The six tables of select mortality factors contained herein include: (1) male aggregate, (2) male non-smoker, (3) male smoker, (4) female aggregate, (5) female non-smoker, and (6) female smoker.

These tables apply to both age last birthday and age nearest birthday mortality tables.

For sex-blended mortality tables, compute select mortality factors in the same proportion as the underlying mortality. For example, for the 1980 CSO-B Table, the calculated select mortality factors are 80 percent of the appropriate male table in this Appendix, plus 20 percent of the appropriate female table in this Appendix.

VIATICAL AND LIFE SETTLEMENTS
CHAPTER 48
VIATICAL AND LIFE SETTLEMENTS

191—48.1(508E) Purpose and authority. The purpose of this chapter is to provide for the administration of viatical and life settlements in this state by providing rules under which viatical and life settlements may be made, disclosures and other provisions by which viators may be protected, and safeguards by which viatical settlement providers may be monitored and remain in good standing. These rules are adopted by the commissioner pursuant to the authority in Iowa Code chapter 508E. [ARC 7729B, IAB 4/22/09, effective 4/3/09]

191—48.2(508E) Definitions. For purposes of this chapter, the definitions in Iowa Code chapter 508E are incorporated by reference. In addition, the following definitions shall apply:

“*Commissioner’s Web site*” means the Web site of the commissioner and of the Iowa insurance division, www.iid.state.ia.us.

“*Life settlement*” means a viatical settlement in which the viator has not been diagnosed as terminally or chronically ill. For purposes of these rules, unless otherwise distinguished, the term “life settlement” shall be synonymous with viatical settlement. [ARC 7729B, IAB 4/22/09, effective 4/3/09]

191—48.3(508E) License requirements.

48.3(1) Viatical settlement provider:

a. To be considered for licensure as a viatical settlement provider pursuant to Iowa Code section 508E.3, a person must complete the viatical settlement provider application form found at the commissioner’s Web site, file with the commissioner the completed application in the format prescribed by the commissioner, and include the payment of an application fee in the amount of \$100. An application shall not be deemed filed until all information necessary to process the application has been received by the commissioner. In addition to complying with Iowa Code section 508E.3, the applicant also shall provide the following:

(1) Copies of the provider’s audited financial statements for the current year and each of the previous five years. At the commissioner’s discretion, the applicant also shall provide a copy of the current year’s consolidated annual audited financial statement with a financial guarantee from the provider’s ultimate controlling person, and copies of the provider’s unaudited financial statements for the current year and each of the previous five years;

(2) Evidence that the applicant maintains books and records in compliance with generally accepted accounting principles;

(3) If a legal entity intending to have any partners, officers, members, and designated employees act as viatical settlement providers or viatical settlement brokers under the legal entity’s license pursuant to Iowa Code section 508E.3, all completed forms, fees, and information required to be filed under subrule 48.3(2) for each such person named in the application and any supplements to the application;

(4) Biographical affidavits, in a form prescribed by the commissioner, for the following: officers and directors (as listed on the most recent financial statement), key managerial personnel (including any vice presidents or other individuals who will control the operations of the applicant), and individuals with a 10 percent or more beneficial ownership in the applicant who will exercise control over the applicant;

(5) An independent business character report on the individuals listed in subparagraph (4). The business character report shall be filed directly with the commissioner by the independent third party that certified the report. The business character report shall be in a format prescribed by the commissioner and shall not be older than one year prior to the date the application is filed. For purposes of subparagraph (5), “business character report” means a statement certified by an independent third party which has conducted a comprehensive review of the applicant’s background and has indicated that the biographical information provided in the report, as completed by the applicant, has no inaccurate or conflicting information. An independent third party is one that has no affiliation with the applicant and is in the business of providing background checks or investigations. Business character reports must

be current and shall not be older than one year prior to the date the application is filed. The business character report shall be in the format prescribed by the commissioner;

(6) Initial viatical settlement contracts, disclosure statements, and advertising material that have been or are being submitted for approval and that have been approved or that are approved during the course of the application process pursuant to Iowa Code section 508E.5;

(7) A copy of the provider trust, pursuant to 48.3(1)“c”; and

(8) A report of any civil, criminal or administrative actions taken or pending against the viatical settlement provider in any state or federal court or agency, regardless of outcome.

b. A form for the antifraud plan that is required to be submitted with an application pursuant to Iowa Code section 508E.3, to meet the requirements of Iowa Code section 508E.15, can be found on the commissioner’s Web site.

c. The provider trust that is required to be submitted with an application, pursuant to subparagraph 48.3(1)“a”(7), shall be in a format acceptable to the commissioner and shall include the following provisions:

(1) The provider trust cannot be terminated without the prior written consent of the commissioner.

(2) The provider trust is subject to the prior approval of the commissioner.

(3) The provider trust funds shall not be intermingled.

(4) The provider trust funds held shall be identified based on individual policyholders.

(5) The provider trust trustee is obligated to indemnify the provider or the policyholder or both for any lost funds.

(6) The agreement can only be amended or terminated with the prior written consent of the commissioner.

(7) The provider trust trustee shall be a bank or trust company, having its principal place of business in the United States.

(8) The provider trust trustee shall be audited annually by independent public accountants and complete the audit report, related financial statements, and opinion on internal controls. All reports shall be available for review by the commissioner.

d. In addition to the information required in this subrule, the commissioner may ask for other information necessary to determine whether the applicant for a license as a viatical settlement provider complies with the requirements of this subrule and Iowa Code subsection 508E.3(7).

48.3(2) Viatical settlement broker.

a. To be considered for licensure as a viatical settlement broker pursuant to Iowa Code section 508E.3, a person must complete the viatical settlement broker application form found at the commissioner’s Web site, file the completed application in the format prescribed by the commissioner, and include the payment of an application fee in the amount of \$100. In addition to finding compliance with Iowa Code section 508E.3, the commissioner also shall find that the applicant:

(1) Has provided proof of one of the following:

1. The applicant is a licensed insurance producer with a life line of authority for at least the 12 months preceding the date of application; or

2. The applicant has taken and passed an examination on viatical and life settlement contracts required by another state insurance department and currently holds a license as a viatical settlement broker from that state; or

3. The applicant has passed the viatical settlement examination required by the commissioner. Examination results are valid for 90 days after the date of the examination. If the applicant fails to apply for licensure within 90 days after passing the examination, the examination results shall be void;

(2) Has provided a report of any civil, criminal or administrative actions taken or pending against the viatical settlement broker in any state or federal court or agency, regardless of outcome, excluding misdemeanor traffic citations and juvenile offenses; and

(3) Has provided proof that the applicant is covered by an errors and omissions policy for an amount of not less than \$100,000 liability per occurrence and not less than \$100,000 total annual aggregate for all claims during the policy period.

b. A form for the antifraud plan that is required to be submitted with an application pursuant to Iowa Code section 508E.3, to meet the requirements of Iowa Code section 508E.15, can be found on the commissioner's Web site.

c. In addition to the information required in this subrule, the commissioner may ask for other information necessary to determine whether the applicant for a license as a viatical settlement broker complies with the requirements of this subrule and has made a filing pursuant to Iowa Code subsection 508E.3(7).

48.3(3) *Governing law where viators are residents of different states.* For purposes of this subrule, if there is more than one viator on a single policy and the viators are residents of different states, the viatical settlement contract shall be governed by the law of the state in which the viator having the largest percentage ownership resides or, if the viators hold equal ownership, the state of residence of one viator agreed upon in writing by all viators. If another state does not have a statute or rule substantially similar to Iowa Code chapter 508E and this rule, the actions related to the viatical settlement contract shall be governed by the law of this state.

48.3(4) *License term.*

a. A viatical settlement provider or viatical settlement broker who meets the requirements of this rule, unless otherwise denied licensure pursuant to rule 48.10(508E), shall be issued a license.

b. A viatical settlement provider license is valid for one year and automatically terminates on the last day of the month of the anniversary of the issue date unless renewed pursuant to subrule 48.3(6).

c. A viatical settlement broker license is valid for an initial term of one year from the last day of the applicant's anniversary month following the issuance of the license, and automatically terminates on the last day of the month of the initial term unless renewed pursuant to subrule 48.3(6).

d. A viatical settlement provider license or a viatical settlement broker license may remain in effect for the term of the license plus any renewals, unless the license is revoked or suspended, as long as all required fees are paid in the time prescribed by the commissioner.

e. The license issued to a viatical settlement provider or viatical settlement broker shall be a limited license that allows the licensee to operate only within the scope of its license.

48.3(5) *Continuing education for viatical settlement broker.*

a. An individual licensed as a viatical settlement broker shall complete 15 credits of approved continuing education during every two license terms. A license term is as set forth in paragraph 48.3(4) "c," and, for purposes of this rule, the two-term continuing education requirement shall be called the "CE reporting term."

b. The required continuing education credits shall include a minimum of:

- (1) Thirteen credits related to viatical settlements and viatical settlement transactions; and
- (2) Two credits in ethics.

c. The viatical settlement broker may submit the same completed credits to the commissioner both to meet the continuing education requirements for the viatical settlement broker license and to meet the continuing education requirements for an applicable insurance producer license.

d. The license of a viatical settlement broker who fails to comply with this continuing education requirement shall terminate.

e. An instructor of an approved continuing education course shall be granted the same credit as a student who completes the continuing education course, and the instructor may receive such credit once during a license term.

f. A viatical settlement broker cannot carry over from one CE reporting term to the next continuing education credits earned in excess of the viatical settlement broker's CE reporting term requirements.

g. A viatical settlement broker may receive continuing education credit for self-study courses. A self-study course is considered completed when the continuing education provider receives the completed examination from the viatical settlement broker.

(1) A viatical settlement broker may receive continuing education credit for self-study courses that are part of a recognized national designation program as described in 191—subrule 11.5(5).

(2) A viatical settlement broker may receive continuing education credits for self-study courses that do not meet the requirement of subparagraph (1) if the viatical settlement broker:

1. Submits an affidavit to the continuing education provider that the examination was independently proctored and was completed without any outside assistance, and

2. Correctly answers at least 70 percent of the questions presented.

h. A viatical settlement broker shall not receive continuing education credit for courses taken prior to the issuance of an initial license.

i. A viatical settlement broker cannot receive continuing education credit for the same course twice in one CE reporting term. A viatical settlement broker cannot receive continuing education credit both for the classroom portion and for the examination portion of a national designation program as defined in 191—subrule 11.5(5).

j. A viatical settlement broker may elect to comply with the continuing education requirements by taking and passing the viatical settlement broker licensing examination within 90 days prior to the date on which the renewal application is submitted.

k. A viatical settlement broker shall demonstrate compliance with the continuing education requirements at the time of license renewal. A viatical settlement broker shall maintain a record of all continuing education courses completed by keeping the original certificates of completion for four years after the end of the year of course completion.

l. For purposes of rule 191—48.3(508E), “credit” means continuing education credit. One credit is 50 minutes of instruction or reading material in an acceptable topic.

m. Viatical settlement broker continuing education courses will be approved in the same manner that insurance continuing education courses are approved pursuant to 191—Chapter 11. The approval of continuing education providers, the responsibilities of continuing education providers, the prohibited conduct for continuing education providers, and the fees for approval and renewal of continuing education providers and courses shall be the same as those for insurance continuing education courses, continuing education providers, and insurance producers set forth in rules 191—11.9(505,522B) to 191—11.11(505,522B) and 191—11.14(505,522B). The commissioner may enter into a contractual arrangement with a qualified outside vendor to assist the commissioner with any or all continuing education services in the same manner as the commissioner may for insurance continuing education services pursuant to rule 191—11.12(505,522B). The commissioner may audit any continuing education course in the same manner as the commissioner may for insurance continuing education courses pursuant to rule 191—11.13(505,522B).

48.3(6) License renewal. A viatical settlement provider license or a viatical settlement broker license may be renewed as follows:

a. A viatical settlement provider license may be renewed by payment of \$100 within 60 days prior to the expiration date of the license and by demonstration that the viatical settlement provider continues to meet the requirements of Iowa Code section 508E.3 and subrule 48.3(1), has provided biographical affidavits not older than one year prior to the renewal date on all persons listed in subparagraph 48.3(1)“a”(4), has provided business character reports for any new persons listed in subparagraph 48.3(1)“a”(4), and has provided the reports required by rule 48.7(508E).

(1) If renewal is approved, the license will be renewed effective the last day of the month of the anniversary of the issue date in the renewal year, will be valid for one year, and will automatically terminate on the last day of the month of the anniversary of the issue date in the following renewal year unless renewed pursuant to subrule 48.3(6).

(2) Viatical settlement providers that had licenses prior to January 1, 2009, shall have a renewal date of January 1.

b. A viatical settlement broker license may be renewed by demonstration of completion of continuing education as required in subrule 48.3(5) and payment of \$100 within 60 days prior to the expiration date of the license. If renewal is approved, the license will be renewed effective the last day of the month of the anniversary of the issue date in the renewal year, will be valid for one year, and will automatically terminate on the last day of the month of the anniversary of the issue date in the following renewal year unless renewed pursuant to subrule 48.3(6).

c. If a legal entity has any partners, officers, members, or designated employees acting as viatical settlement providers or viatical settlement brokers under the legal entity’s license pursuant to Iowa Code

section 508E.3, the legal entity must provide all completed forms, fees, and information required to be filed under paragraphs 48.3(6) “a” and “b” for each such person named in the application, or in any supplements to the application, and must provide any deletions to the list of names that was provided with the original application. If there are any new partners, officers, members, and designated employees that the legal entity intends will act as viatical settlement providers or viatical settlement brokers under the legal entity’s license, the legal entity shall provide for each such person the forms, information and fees required by subrule 48.3(2).

d. If a viatical settlement provider or viatical settlement broker fails to comply with the renewal procedures within the time prescribed, or a viatical settlement provider fails either to meet the requirements of Iowa Code section 508E.3 and subrule 48.3(1) or to submit the reports required in rule 48.7(508E), such nonpayment or failure shall result in lapse of the license.

e. A licensed viatical settlement broker who is unable to comply with license renewal procedures due to military service or some other extenuating circumstance may request from the commissioner a waiver of renewal procedures. Such viatical settlement broker may also request a waiver of any examination requirement or any other penalty or sanction imposed for failure to comply with renewal procedures.

48.3(7) License reinstatement.

a. A viatical settlement broker may reinstate an expired license up to 12 months after the license expiration date by proving that during the CE reporting term the viatical settlement broker met the CE requirements found in subrule 48.3(5), and by paying to the commissioner a reinstatement fee and license renewal fee. A viatical settlement broker who fails to apply for license reinstatement within 12 months of the license expiration date must apply for a new license.

b. A viatical settlement broker who has surrendered a license for a nondisciplinary reason and stated an intent to exit the viatical settlement business may file a request to reactivate the license. The request must be received by the commissioner within 90 days of the date the license was placed on inactive status. The request will be granted if the former viatical settlement broker is otherwise eligible to receive the license. If the request is not received within 90 days, the viatical settlement broker must apply for a new license.

48.3(8) Reinstatement or reissuance of a license after suspension, revocation or forfeiture in connection with disciplinary matters; and forfeiture in lieu of compliance.

a. The term “reinstatement” as used in this subrule means the reinstatement of a suspended license. The term “reissuance” as used in this subrule means the issuance of a new license following either the revocation of a license or the forfeiture of a license in connection with a disciplinary matter. This subrule does not apply to the reinstatement of an expired license.

b. Any viatical settlement broker whose license has been revoked or suspended by order, or who forfeited a license in connection with a disciplinary matter, may apply to the commissioner for reinstatement or reissuance in accordance with the terms of the order of revocation or suspension or the order accepting the forfeiture.

(1) All proceedings for reinstatement or reissuance shall be initiated by the applicant who shall file with the commissioner an application for reinstatement or reissuance of a license.

(2) An application for reinstatement or reissuance shall allege facts which, if established, will be sufficient to enable the commissioner to determine that the basis of revocation, suspension or forfeiture of the applicant’s license no longer exists and that it will be in the public interest for the application to be granted. The burden of proof to establish such facts shall be on the applicant.

(3) A viatical settlement broker may request reinstatement of a suspended license prior to the end of the suspension term.

(4) Unless otherwise provided by law, if the order of revocation or suspension did not establish terms upon which reinstatement or reissuance may occur, or if the license was forfeited, an initial application for reinstatement or reissuance may not be made until at least one year has elapsed from the date of the order of the suspension (notwithstanding 191—paragraph 10.10(2) “c”), revocation, or acceptance of the forfeiture of a license.

c. All proceedings upon the application for reinstatement or reissuance, including matters preliminary and ancillary thereto, shall be held in accordance with Iowa Code chapter 17A. Such application shall be docketed in the original case in which the original license was suspended, revoked, or forfeited, if a case exists.

d. An order of reinstatement or reissuance shall be based upon a written decision which incorporates findings of fact and conclusions of law. An order granting an application for reinstatement or reissuance may impose such terms and conditions as the commissioner or the commissioner's designee deems desirable, which may include one or more of the types of disciplinary sanctions provided by this chapter or by Iowa Code chapter 508E. The order shall be a public record, available to the public, and may be disseminated in accordance with Iowa Code chapter 22.

e. A request for voluntary forfeiture of a license shall be made in writing to the commissioner. Forfeiture of a license is effective upon submission of the request unless a contested case proceeding is pending at the time the request is submitted. If a contested case proceeding is pending at the time of the request, the forfeiture becomes effective when and upon such conditions as required by order of the commissioner. A forfeiture made during the pendency of a contested case proceeding is considered disciplinary action and shall be published in the same manner as is applicable to any other form of disciplinary order.

f. A license may be voluntarily forfeited in lieu of compliance with an order of the commissioner or the commissioner's designee with the written consent of the commissioner. The forfeiture becomes effective when and upon such conditions as required by order of the commissioner, which may include one or more of the types of disciplinary sanctions provided by this chapter or by Iowa Code chapter 508E.

g. When a viatical settlement broker's license has been suspended for a period of time which extends beyond the viatical settlement broker's license expiration date, the license will terminate at the license expiration date, and the viatical settlement broker must request reinstatement pursuant to subrule 48.3(7). If suspension for a period of time ends prior to the viatical settlement broker's license expiration date, the commissioner shall reinstate the license at the end of the suspension period pursuant to paragraph 48.3(8) "b." The commissioner is not prohibited from bringing an additional immediate action if the viatical settlement broker has engaged in misconduct during the period of suspension.

48.3(9) Duty to notify commissioner of cessation of business in the state. If a viatical settlement provider intends to cease business in Iowa, it must notify the commissioner of those intentions and of its plan of operation for such cessation at least 180 days before the cessation shall occur. This requirement is not meant to imply that a company must continue to accept new viatical or life settlement business during the 180-day period.

48.3(10) Duty to notify commissioner of changes.

a. A viatical settlement provider shall provide to the commissioner any new or revised information about officers, stockholders holding 10 percent or more of the stock of the company, partners, directors, members or designated employees within 30 days of the date the addition or revision occurred.

b. A viatical settlement provider or viatical settlement broker shall inform the commissioner in writing of any change of name or address within 30 days of the date of such change. In addition, a viatical settlement provider shall provide the commissioner with 30 days' notice of the cancellation or nonrenewal of a fidelity bond required for licensure under subrule 48.3(1) and the name of the carrier that will be providing coverage subsequent to such cancellation or nonrenewal.

c. A viatical settlement provider or viatical settlement broker shall report to the commissioner any administrative action taken against the viatical settlement provider or viatical settlement broker in another state or federal jurisdiction or by another governmental agency in this state within 30 days of the final disposition of the matter. This report shall include a copy of the order, consent to the order, or other relevant legal documents. Within 30 days of the initial pretrial hearing date, a viatical settlement provider or viatical settlement broker shall report to the commissioner any criminal prosecution of the viatical settlement provider or viatical settlement broker taken in any jurisdiction. The report shall include a

copy of the initial complaint filed, the order resulting from the hearing, and any other relevant legal documents.

48.3(11) *Commissioner may use outside assistance.* In order to assist with the commissioner's duties, the commissioner may contract with a nongovernmental entity, including, but not limited to, the National Association of Insurance Commissioners (NAIC) or any affiliate or subsidiary the NAIC oversees, to perform any ministerial functions related to licensing of viatical settlement providers or viatical settlement brokers that the commissioner deems appropriate including, but not limited to, the collection of fees.

48.3(12) *Fees.*

- a. Fees shall be paid by check.
- b. The fee for an examination shall be set by the outside testing service under contract with the division and approved by the division.
- c. The annual fee for issuance or renewal of a viatical broker, legal entity or provider license is \$100.
- d. The fee for reinstatement of a viatical broker, legal entity or provider license is the sum of the renewal fee plus \$100.
- e. The division may charge a reasonable fee for the compilation and production of viatical broker, legal entity or provider licensing records.

191—48.4(508E) Disclosure statements.

48.4(1) If a viatical settlement provider enters into a viatical settlement contract that allows the viator to retain an interest in the policy, the viatical settlement contract shall contain the following:

- a. A provision that the viatical settlement provider will effect the transfer of the amount of the death benefit only to the extent or portion of the amount viaticated and that benefits in excess of the amount viaticated shall be paid directly to the viator's beneficiary by the insurance company;
- b. A provision that the viatical settlement provider will, upon acknowledgment of the perfection of the transfer, either:

(1) Advise the insured, in writing, that the insurance company has confirmed the viator's interest in the policy; or

(2) Send to the insured a copy of the document(s) sent from the insurance company to the viatical settlement provider that acknowledges the viator's interest in the policy; and

c. A provision that apportions the premiums to be paid by the viatical settlement provider and the viator. It is permissible for the viatical settlement contract to specify that all premiums shall be paid by the viatical settlement provider. The viatical settlement contract also may require that the viator reimburse the viatical settlement provider only for the premiums attributable to the retained interest.

48.4(2) With each application for a viatical settlement contract, a viatical settlement provider or viatical settlement broker shall provide the viator with at least the following disclosure no later than the time the application for the viatical settlement contract is signed by the viator and the viatical settlement broker. The disclosure shall be provided in a separate document that is signed by the viator and the viatical settlement provider or viatical settlement broker, and shall advise the viator that, when entering into a viatical settlement contract, having a recent physical examination is in the viator's best interest, since an accurate life expectancy can be best calculated based on current medical records.

48.4(3) If the viator is not the insured, then these disclosures must be affirmatively made to the insured, as well as to the viator, and written consent to the viatication must be received from both parties.

191—48.5(508E) Contract requirements. In order to ensure that viators receive a reasonable return for viaticating an insurance policy when life expectancy is less than 25 months, a viatical settlement provider shall pay to a viator a discounted amount of the face value of the policy which amount shall be calculated at least at the following rates:

Insured's Life Expectancy	Minimum Percentage of Face Value Less Outstanding Loans Received by Viator
Less than 6 months	80%
At least 6 but less than 12 months	70%
At least 12 but less than 18 months	65%
At least 18 but less than 25 months	60%
25 months or more	Cash surrender value of policy

The percentage may be reduced by 5% for viaticating a policy written by an insurer rated less than the highest four categories by A.M. Best, or a comparable rating by another rating agency.

For a viatical settlement in which the viator has a life expectancy of 25 months or more, a viatical settlement provider or broker shall not enter into a viatical settlement contract that provides a payment to the viator that is unreasonable or unjust. As listed above, such payment must at least be equal to the cash surrender value of the policy. In determining whether a payment is unreasonable or unjust, the commissioner may consider, among other factors, the life expectancy of the insured; the applicable rating of the insurance company that issued the subject policy by a rating service generally recognized by the insurance industry, regulators and consumer groups; and prevailing discount rates in the viatical and life settlement market in Iowa or, if insufficient data is available for Iowa, the prevailing rates nationally or in other states that maintain this data.

191—48.6(508E) Filing of forms. If a viatical settlement provider subsequently desires to change the viatical settlement contract documents or disclosure statements approved at the time of licensure, or to use new ones, the provider shall submit the new or modified contract documents or disclosure statements to the commissioner for approval in triplicate, along with a postage-paid return envelope. The viatical settlement provider shall identify its name and address in the cover letter and also reference the form number of the modified viatical settlement contract document or disclosure statement. Black-lining the modifications made within the document(s) should expedite the form review and approval process.

- d. Number of policies reviewed and rejected; and

48.7(2) On or before March 1 of each year, the secretary and either the president or the vice president of each viatical settlement provider licensed in this state shall make a report under oath of the following or shall provide the following documentation:

- a. The commissioner may investigate suspected fraudulent viatical settlement acts and persons engaged in the business of viatical settlements.
- b. The provisions of Iowa Code chapter 507 shall apply to viatical settlement providers and viatical settlement brokers. The expense of examinations shall be assessed against the viatical settlement provider in the same manner as insurers are assessed for examinations.
- c. Neither the commissioner nor any person that received the documents, material or other information while acting under the authority of the commissioner, including the NAIC and its affiliates and subsidiaries, shall be permitted to testify in any private civil action concerning any confidential documents, materials or information subject to this subrule.

48.8(2) *Immunity from liability.* No cause of action shall arise nor shall any liability be imposed against the commissioner, the commissioner's authorized representatives or any examiner appointed by the commissioner for any statements made or conduct performed in good faith while carrying out the provisions of this rule or of Iowa Code chapter 508E.

191—48.9(508E) Requirements and prohibitions.

48.9(1) With respect to policies containing a provision for double or additional indemnity for accidental death, the additional payment shall remain payable to the beneficiary last named by the viator prior to entering into the viatical settlement contract, or to such other beneficiary, other than the viatical settlement provider, as the viator may thereafter designate, or in the absence of a beneficiary, to the estate of the viator.

48.9(2) Payment of the proceeds to the viator pursuant to a viatical settlement contract shall be made in a lump sum except where the viatical settlement provider has purchased a single-premium paid-up annuity issued by a licensed insurance company to the viator. Retention of a portion of the proceeds by the viatical settlement provider or escrow agent is not permissible. For purposes of this subrule, “escrow agent” means an individual or institution that has established an escrow or trust account with a state-chartered or federally chartered financial institution whose deposits and accounts are insured by the Federal Deposit Insurance Corporation (FDIC) and with which an escrow account has been established for use by a viatical settlement provider or viatical settlement purchaser.

48.9(3) If a viatical settlement provider or viatical settlement broker is served with a subpoena and thereby compelled to produce records containing patient-identifying information, the viatical settlement provider or viatical settlement broker shall notify the viator and the insured in writing at the viator’s and the insured’s last-known addresses within five business days after receiving notice of the subpoena.

48.9(4) A viatical settlement provider shall not act also as a viatical settlement broker, whether entitled to collect a fee directly or indirectly, related to the same viatical settlement contract.

48.9(6) A viatical settlement provider shall not use a longer life expectancy than is reasonable based on all medical and actuarial information available at the time of a viatical settlement transaction in order to reduce the payout to which the viator is entitled.

48.9(7) A viatical settlement provider or viatical settlement broker shall not discriminate in the making or solicitation of viatical settlement contracts on the basis of race, age, sex, national origin, creed, religion, occupation, marital or family status or sexual orientation, or discriminate between viators with or without dependents.

48.9(8) A viatical settlement provider or viatical settlement broker shall not pay or offer to pay any finder’s fee, commission or other compensation to any insured’s physician, or to an attorney, accountant or other person providing medical, legal or financial planning services to an insured or viator, or to any other person acting as an agent of an insured or viator with respect to a viatical settlement contract.

48.9(9) A viatical settlement provider shall not knowingly solicit individuals who have treated or have been asked to treat the illness of an insured whose coverage would be the subject of a viatical settlement contract.

48.9(10) A life insurance company may not charge a fee for responding to a request for information from a viatical settlement provider or viatical settlement broker in compliance with this rule in excess of any usual and customary charges to contract holders, certificate holders or insureds for similar services.

48.9(11) In recommending a viatical settlement contract, viatical settlement brokers and viatical settlement providers shall make suitable recommendations.

191—48.10(508E) Penalties; injunctions; civil remedies; cease and desist.

48.10(1) Unfair trade practices. Pursuant to Iowa Code section 508E.17, a violation of rule 48.4(508E), 48.5(508E), 48.6(508E), 48.7(508E) or 48.9(508E) shall be considered an unfair trade practice under Iowa Code chapter 507B, and a violator shall be subject to the penalties contained in that chapter.

48.10(2) Unauthorized insurer. A person doing the activities of a viatical settlement provider or a viatical settlement broker without a license under this chapter shall be deemed an unauthorized insurer and shall be subject to the penalties of Iowa Code chapter 507A.

48.10(3) License revocation and denial. The commissioner may suspend, revoke, refuse to issue, or refuse to renew the license of a viatical settlement provider or viatical settlement broker for violation of rule 48.3(508E).

48.10(4) A viatical settlement provider licensed in this state that in the time required fails to file either the annual statement referred to in Iowa Code section 508E.6 or the annual audited financial statement referred to in subparagraph 48.3(1)“a”(1) shall pay an administrative penalty pursuant to Iowa Code

section 508E.16. The viatical settlement provider's right to transact further new business in this state shall immediately cease until the provider has fully complied with this rule.

48.10(5) Pursuant to Iowa Code section 508E.16, if the commissioner finds that an activity in violation of this rule presents an immediate danger to the public that requires an immediate final order, the commissioner may issue an emergency cease and desist order reciting with particularity the facts underlying the findings. The emergency cease and desist order is effective immediately upon service of a copy of the order on the respondent and remains in effect for 90 days. If the commissioner begins nonemergency cease and desist proceedings, the emergency cease and desist order remains effective, absent an order by a court of competent jurisdiction pursuant to 191—Chapters 2 and 3.

[ARC 7729B, IAB 4/22/09, effective 4/3/09]

CHAPTER 49
FINANCIAL INSTRUMENTS USED IN HEDGING TRANSACTIONS

191—49.1(511) Purpose. The purpose of these rules is to set standards for the prudent use of financial instruments used in hedging transactions in accordance with Iowa Code section 511.8(22). This chapter shall be applicable to the legal reserve funds for all domestic insurers and United States branches of alien insurers entered through this state.

191—49.2(511) Definitions.

“Business entity” means a sole proprietorship, corporation, limited liability company, association, partnership, joint stock company, joint venture, mutual fund, trust, joint tenancy or other similar form of business organization, whether organized for profit or not for profit.

“Counterparty exposure” means the amount of credit risk attributable to a derivative instrument entered into with a business entity (“over-the-counter derivative instrument”). No counterparty exposure shall be assigned to transactions involving a qualified exchange or qualified foreign exchange or transactions cleared through a qualified clearinghouse.

1. The amount of credit risk equals:

a. The market value of the over-the-counter derivative instrument if the liquidation of the derivative instrument would result in a final cash payment to the insurer; or

b. Zero if the liquidation of the derivative instrument would not result in a final cash payment to the insurer.

2. If the over-the-counter derivative instruments are entered into pursuant to a written master agreement which provides for netting of payments owed by the respective parties, and the domicile of the counterparty is either within the United States or, if not within the United States, within a foreign jurisdiction listed in the Purposes and Procedures of the Securities Valuation Office as eligible for netting, the net amount of credit risk shall be the greater of zero or the net sum of:

a. The market value of the over-the-counter derivative instruments entered into pursuant to the master agreement, the liquidation of which would result in a final cash payment to the insurer; and

b. The market value of the over-the-counter derivative instruments entered into pursuant to the master agreement, the liquidation of which would result in a final cash payment by the insurer to the business entity.

For any open transactions, market value shall be determined at the end of the most recent quarter of the insurer’s fiscal year and shall be reduced by the market value of acceptable collateral held by the insurer or placed in escrow for the benefit of the insurer by one or both parties.

“Derivative instrument used in a hedging transaction” means an agreement, option, instrument or a series or combination thereof:

1. To make or take delivery of, or assume or relinquish, a specified amount of one or more underlying interests, or to make a cash settlement in lieu thereof; or

2. That has a price, performance, value or cash flow based primarily upon the actual or expected price, level, performance, value or cash flow of one or more underlying interests.

Derivative instruments include options, warrants used in a hedging transaction and not attached to another financial instrument, caps, floors, collars, swaps, forwards, futures and any other agreements, options or instruments substantially similar thereto or any series or combination thereof. Derivative instruments shall additionally include any agreements, options or instruments permitted pursuant to Iowa Code section 511.8(22)“h.” Derivative instruments shall not include an investment authorized by Iowa Code sections 511.8(1) through 511.8(21).

“Financial instrument used in a hedging transaction” means a derivative instrument used in a hedging transaction.

“Qualified clearinghouse” means a clearinghouse for, and subject to the rules of, a qualified exchange or a qualified foreign exchange, which provides clearing services, including acting as a counterparty to each of the parties to a transaction such that the parties no longer have credit risk as to each other.

“*Qualified exchange*” means:

1. A securities exchange registered as a national securities exchange, or a securities market regulated under the Securities Exchange Act of 1934 (15 U.S.C. §§ 78 et seq.);
2. A board of trade or commodities exchange designated as a contract market by the Commodity Futures Trading Commission or any successor thereof;
3. Private Offerings, Resales and Trading through Automated Linkages (PORTAL);
4. A designated offshore securities market as defined in Securities and Exchange Commission Regulation S, 17 CFR Part 230; or
5. A qualified foreign exchange.

“*Qualified foreign exchange*” means a foreign exchange, board of trade or contract market located outside the United States, its territories or possessions:

1. That has received regulatory comparability relief pursuant to Commodity Futures Trading Commission Rule 30.10 (as set forth in Appendix C to Part 30 of the CFTC’s regulations, 17 CFR Part 30);
2. That is, or its members are, subject to the jurisdiction of a foreign futures authority that has received regulatory comparability relief pursuant to Commodity Futures Trading Commission Rule 30.10 (as set forth in Appendix C to Part 30 of the CFTC’s regulations, 17 CFR Part 30) as to futures transactions in the jurisdiction where the exchange, board of trade or contract market is located; or
3. Upon which foreign stock index futures contracts are listed that are the subject of no-action relief issued by the CFTC’s Office of General Counsel, but an exchange, board of trade or contract market that qualifies as a “qualified foreign exchange” only under this paragraph shall only be a “qualified foreign exchange” as to foreign stock index futures contracts that are the subject of such no-action relief under this paragraph.

191—49.3(511) Guidelines and internal control procedures.

49.3(1) Before engaging in a derivative transaction pursuant to Iowa Code section 511.8(22), an insurer shall establish written guidelines that shall be used for effecting and maintaining the transactions. The guidelines shall:

- a.* Address investment or, if applicable, underwriting objectives, risk constraints, and the factors considered in establishing risk constraints such as credit risk limits;
- b.* Address permissible transactions and the relationship of those transactions to its operations, such as a precise identification of the risks being hedged by a derivative transaction; and
- c.* Require compliance with internal control procedures.

49.3(2) An insurer shall have a system for determining whether a derivative instrument used for hedging has been effective. In so doing a company should set specific criteria at the inception of the hedge or hedge program as to what will be considered effective in measuring the hedge and individual hedges in a hedge program and then apply those criteria in the ongoing assessment based on actual hedge results.

49.3(3) An insurer shall have a credit risk management system for over-the-counter derivative transactions that measures credit risk exposure using the counterparty exposure amount as provided in rule 49.2(511).

49.3(4) The board of directors of the insurer or a committee thereof shall, in accordance with Iowa Code section 511.8(22) “*f*”:

- a.* Approve the guidelines required by subrule 49.3(1) and the systems required by subrules 49.3(2) and 49.3(3); and
- b.* Determine whether the insurer has adequate professional personnel, technical expertise and systems to implement investment practices involving derivatives.

49.3(5) For purposes of determining whether internal control procedures are in compliance with this rule, the insurance division may consider, but is not limited to, the following items:

- a.* That only the board or its authorized designee can approve derivative instrument transactions;
- b.* That the board or its designee exercise administrative oversight of trading functions;
- c.* That periodic reporting of open positions to chief investment officer occurs; and

d. That periodic assessment of the effectiveness of hedging transactions be conducted by persons designated by the board or its designees.

191—49.4(511) Documentation requirements. An insurer shall maintain documentation and records relating to each derivative transaction transacted pursuant to Iowa Code section 511.8(22) including, but not limited to:

1. The purpose or purposes of the transaction;
2. The assets or liabilities to which the transaction relates;
3. The specific derivative instrument used in the transaction;
4. For over-the-counter derivative instrument transactions, the name of the counterparty and the counterparty exposure amount calculated not less than quarterly; and
5. For exchange traded derivative instruments, the name of the exchange and the name of the firm that handled the trade.

191—49.5(511) Trading requirements. Each derivative instrument qualifying for legal reserve purposes under Iowa Code section 511.8(22) shall be:

1. Traded on a qualified exchange;
2. Entered into with, or guaranteed by, a business entity with an investment grade rating by the NAIC Securities and Valuation Office or by a majority of nationally recognized statistical rating organizations (NRSRO), on the NAIC/NRSRO list, that rate the business entity;
3. Issued or written by, or entered into with, the issuer of the underlying interest on which the derivative instrument is based; or
4. Entered into with a qualified foreign exchange.

These rules are intended to implement Iowa Code section 511.8(22).

d. Electronic delivery. Delivery of the brochure and related supplements may be made electronically if the investment adviser:

- (1) In the case of an initial delivery to a potential client, obtains verification that readable copies of the brochure and supplements were received by the client;
- (2) In the case of other than initial deliveries, obtains each client's prior consent to provide the brochure and supplements electronically;
- (3) Prepares the electronically delivered brochure and supplements in the format prescribed in subrule 50.36(1) and Instructions to Form ADV Part 2;
- (4) Delivers the brochure and supplements in a format that can be retained by the client in either electronic or paper form; or
- (5) Establishes procedures to supervise personnel transmitting the brochure and supplements and to prevent violations of this rule.

50.36(3) Other disclosures. Nothing in this rule shall relieve any investment adviser from any obligation pursuant to any provision of the Act or the rules thereunder or other federal or state law to disclose any information to its advisory clients or prospective advisory clients not specifically required by this rule.

50.36(4) Definitions. For the purpose of this rule:

a. "Contract for impersonal advisory services" means any contract relating solely to the provision of investment advisory services:

- (1) By means of written material or oral statements which do not purport to meet the objectives or needs of specific individuals or accounts;
- (2) Through the issuance of statistical information containing no expression of opinion as to the investment merits of a particular security; or
- (3) Any combination of the foregoing services.

b. "Entering into," in reference to an advisory contract, does not include an extension or renewal without material change of any such contract which is in effect immediately prior to such extension or renewal.

This rule is intended to implement Iowa Code section 502.411(7).

191—50.37(502) Cash solicitation.

50.37(1) Payment of a cash fee, directly or indirectly, by an investment adviser to a solicitor for solicitation activities shall constitute an act, practice, or course of conduct operating as a fraud or deceit upon a person, pursuant to Iowa Code section 502.502(2), if:

- a. The solicitor:*
- (1) Is subject to an order issued by the administrator pursuant to Iowa Code section 502.412(4);
 - (2) Has been convicted of a felony or within the previous ten years has been convicted of a misdemeanor involving conduct described in Iowa Code section 502.412(4) "*c*"; or
 - (3) Is found by the administrator to have engaged or has been convicted of engaging in any of the conduct specified in Iowa Code section 502.505, 502.412(4) "*b*" or 502.412(4) "*i*"; has materially aided in violating Iowa Code section 502.412(4) "*d*"; or is subject to an order, judgment, or decree pursuant to Iowa Code section 502.412(4) "*d*" to "*f*."

b. The cash fee is not paid pursuant to a written agreement to which the investment adviser is a party. If the cash fee is paid pursuant to a written agreement, the written agreement must:

- (1) Describe the solicitation activities to be engaged in by the solicitor on behalf of the investment adviser and the compensation to be received for the solicitation activities;
- (2) Contain an undertaking by the solicitor to perform the solicitor's duties under the agreement in a manner consistent with the instructions of the investment adviser and the provisions of the Act and its implementing rules, as applicable; and
- (3) Require that the solicitor, at the time of any solicitation activities for which compensation is paid or is to be paid by the investment adviser, provide the client with a current copy of the investment adviser's written disclosure statement required by subparagraph 50.36(2) "*a*"(2) or SEC Rule 204-3, if applicable, and a separate written disclosure statement as described in subrule 50.37(2). Prior to or upon entering into a written or oral investment advisory contract with a client, the investment adviser shall obtain a signed and dated acknowledgment of receipt by the client of the investment adviser's and solicitor's written disclosure statements. Additionally, the investment adviser shall make a bona fide effort to ascertain whether the solicitor has complied in all aspects with the written agreement, and shall have a reasonable basis for believing that the solicitor has complied.

c. The cash fee is paid to a solicitor:

- (1) For solicitation activities regarding anything other than impersonal advisory services; or
- (2) Who is a partner, officer, director, or employee of the investment adviser or is a partner, officer, director, or employee of a person who controls, is controlled by, or is under common control with the investment adviser without disclosure of the status of the solicitor as a partner, officer, director, or employee of the investment adviser or other person and of any affiliation between the investment adviser and the solicitor to the client at the time of solicitation or referral.

50.37(2) The separate written disclosure statement required to be furnished pursuant to subparagraph 50.37(1) "*b*"(3) shall contain the following information:

- a. The name of the solicitor;*
- b. The name of the investment adviser;*

- c. The nature of the relationship, including any affiliation, between the solicitor and the investment adviser;
- d. A statement that the solicitor will be compensated for the solicitor's solicitation services by the investment adviser;
- e. The terms of such compensation arrangement, including a description of the compensation paid or to be paid to the solicitor; and
- f. The amount, if any, the client will be charged for the cost of obtaining the client's account in addition to the advisory fee, and the differential, if any, in advisory fees charged by the investment adviser if the differential is the result of the investment adviser's agreement to compensate the solicitor for soliciting or referring clients.

50.37(3) Nothing in this rule relieves any person of any fiduciary duty or other obligation to which the person may be subject pursuant to contract or law.

50.37(4) For the purpose of this rule:

"*Client*" includes any prospective client.

"*Impersonal advisory services*" means investment advisory services provided solely through written materials or oral statements not purporting to meet the objectives or needs of the specific client, statistical information containing no expressions of opinion as to the investment merits of particular securities, or any combination of the foregoing.

"*Principal place of business*" of an investment adviser means the executive office of the investment adviser from which the officers, partners, or managers of the investment adviser direct, control, and coordinate the activities of the investment adviser.

"*Solicitor*" means any person who, directly or indirectly, solicits any client for or refers any client to an investment adviser.

50.37(5) An investment adviser shall retain a copy of each written agreement, acknowledgment and solicitor disclosure statement required by this rule in accordance with Iowa Code section 502.411(3) and paragraph 50.42(1)"o." However, an investment adviser registered in Iowa whose principal place of business is located outside Iowa shall not be subject to the record maintenance requirements of this subrule and the applicable provisions of paragraph 50.42(1)"o" if:

- a. The investment adviser is registered or licensed as an investment adviser in the state in which the investment adviser maintains the investment adviser's principal place of business;
- b. The investment adviser complies with the applicable books and records requirements of the state in which the investment adviser maintains the investment adviser's principal place of business; and
- c. The provisions of this rule would require the investment adviser to maintain books or records in addition to those required by the laws of the state in which the investment adviser maintains the investment adviser's principal place of business.

This rule is intended to implement Iowa Code section 502.502(2).

191—50.38(502) Prohibited conduct in providing investment advice.

50.38(1) An investment adviser, an investment adviser representative, or a federal covered investment adviser is a fiduciary and has a duty to act primarily for the benefit of its clients. Rule 191—50.38(502) applies to federal covered investment advisers to the extent that the alleged conduct is fraudulent, deceptive, or as otherwise permitted by the NSMIA. While the extent and nature of this duty varies according to the nature of the relationship between an investment adviser, an investment adviser representative, or a federal covered investment adviser and its clients and the circumstances of each case, an investment adviser, an investment adviser representative, or a federal covered investment adviser shall not engage in prohibited fraudulent, deceptive, or manipulative conduct including, but not limited to:

- a. Recommending to a client to whom investment advisory services are provided the purchase, sale, or exchange of any security without reasonable grounds to believe that the recommendation is suitable for the client on the basis of information furnished by the client after reasonable inquiry concerning the client's investment objectives, financial situation and needs, and any other information

known by the investment adviser, investment adviser representative, or federal covered investment adviser;

b. Exercising any discretionary authority in placing an order for the purchase or sale of securities for a client without obtaining written discretionary authority from the client within ten business days after the date of the first transaction placed pursuant to discretionary authority, unless the discretionary authority relates solely to the price at which, or the time when, an order for a definite amount of a specified security shall be executed, or both;

c. Inducing trading in a client's account that is excessive in size or frequency compared to the financial resources, investment objectives, and character of the account;

d. Placing an order to purchase or sell a security for a client account without authority to do so;

e. Placing an order to purchase or sell a security for a client account upon instruction of a third party without first obtaining a written third-party trading authorization from the client;

f. Borrowing money or securities from a client unless the client is a broker-dealer, an affiliate of the investment adviser, or a financial institution engaged in the business of loaning funds;

g. Loaning money or securities to a client unless the investment adviser is a financial institution engaged in the business of loaning funds or the client is an affiliate of the investment adviser;

h. Misrepresenting to any client, or prospective client, the qualifications of the investment adviser, investment adviser representative, or federal covered investment adviser or any employee, or affiliated persons, or misrepresenting the nature of the advisory services being offered or fees to be charged for such service, or omitting to state a material fact necessary to make the statements made regarding qualifications, services or fees, in light of the circumstances under which they are made, not misleading;

i. Providing a report or recommendation to any advisory client prepared by someone other than the investment adviser, investment adviser representative, or federal covered investment adviser without disclosing that fact. This prohibition does not apply when the investment adviser, investment adviser representative, or federal covered investment adviser uses published research reports or statistical analyses to render advice or when an investment adviser, investment adviser representative, or federal covered investment adviser orders such a report in the normal course of providing service;

j. Charging a client an unreasonable fee;

k. Failing to disclose to clients in writing before any advice is rendered any material conflict of interest regarding the investment adviser, investment adviser representative, or federal covered investment adviser or any of its employees, or affiliated persons which could reasonably be expected to impair the rendering of unbiased and objective advice including, but not limited to:

(1) Compensation arrangements connected with investment advisory services to clients which are in addition to compensation from such clients for such services; and

(2) Charging a client an investment advisory fee for rendering advice when compensation for effecting securities transactions pursuant to such advice will be received by the investment adviser, investment adviser representative, or federal covered investment adviser or its employees or affiliated persons;

l. Knowingly selling any security to or purchasing any security from a client while acting as principal for an advisory account of the investment adviser, investment adviser representative, or federal covered investment adviser, or knowingly effecting any sale or purchase of any security for the account of the client while acting as broker-dealer for a person other than the client, without disclosing to the client in writing before the completion of the transaction the capacity in which the investment adviser, investment adviser representative, or federal covered investment adviser is acting and without obtaining the written consent of the client to the transaction.

(1) The prohibitions of paragraph 50.38(1) "l" shall not apply to any transaction with a customer of a broker-dealer if the broker-dealer is not acting as an investment adviser in relation to the transaction.

(2) The prohibitions of paragraph 50.38(1) "l" shall not apply to any transaction with a customer of a broker-dealer if the broker-dealer acts solely as an investment adviser:

1. By means of publicly distributed written materials or publicly made oral statements;

2. By means of written materials or oral statements not purporting to meet the objectives or needs of specific individuals or accounts;

3. Through the issuance of statistical information containing no expressions of opinion as to the investment merits of a particular security; or

4. Any combination of the foregoing services.

(3) Publicly distributed written materials or publicly made oral statements shall disclose that, if the purchaser of the advisory communication uses the investment adviser's services in connection with the sale or purchase of a security which is a subject of the communication, the investment adviser may act as principal for its own account or as agent for another person. Compliance by the investment adviser with the foregoing disclosure requirement shall not relieve the investment adviser of any other disclosure obligations under the Act.

(4) Definitions for purposes of rule 191—50.38(502):

1. "*Publicly distributed written materials*" means written materials which are distributed to 35 or more persons who pay for those materials.

2. "*Publicly made oral statements*" means oral statements made simultaneously to 35 or more persons who pay for access to those statements.

m. Guaranteeing a client that a specific result will be achieved with advice rendered;

n. Making, in the solicitation of clients, any untrue statement of a material fact, or omitting to state a material fact necessary in order to make the statement made, in light of the circumstances under which they are made, not misleading;

o. Disclosing the identity, affairs, or investments of any client unless required by law to do so, or unless disclosed with the client's consent;

p. Taking any action, directly or indirectly, regarding securities or funds in which any client has any beneficial interest when the investment adviser has custody or possession of such securities or funds and when the action of the investment adviser or investment adviser representative is subject to and in violation of the custody requirements provided by rule 191—50.39(502);

q. Failing to establish, maintain, and enforce written policies and procedures reasonably designed to prevent the misuse of material nonpublic information in violation of Section 204A of the Investment Advisers Act of 1940;

r. Engaging in any act, practice, or course of business which is fraudulent, deceptive, manipulative, or unethical;

s. Engaging in conduct or any act, indirectly or through or by any other person, which is unlawful for such person to do directly under the provisions of this Act, its implementing rules, or order of the administrator;

t. Failing to disclose or providing incomplete disclosure to a client regarding any securities-related activities, or engaging in deceptive practices;

u. Soliciting or accepting a gift, directly or indirectly, from an unrelated customer that in the aggregate exceeds \$250 in a calendar year. A gift accepted by an immediate family member from an unrelated client shall be included in the aggregate limit. An investment adviser shall not solicit or accept from a client a gift transferred through a relative or third party to the investment adviser's benefit that would have the effect of evading this paragraph;

v. Soliciting or accepting being named as a beneficiary, executor, or trustee in a will or trust of an unrelated customer;

w. Evading or otherwise negating the requirements of paragraph 50.38(1) "*f*," "*g*," "*u*" or "*v*," by terminating the customer relationship for the purpose of soliciting or accepting a loan or gift or being named as a beneficiary, executor or trustee in a will or trust that the agent is otherwise not permitted to solicit or accept. An investment adviser or investment adviser representative will not be in violation of this rule if the investment adviser or investment adviser representative has made a bona fide termination of the client relationship and conducted no securities-related business or other business for a period of three years with the client;

x. Engaging in conduct deemed dishonest or unethical in rule 191—50.55(502); and

y. Employing any method or tactic which uses undue pressure, force, fright, or threat, whether explicit or implied, in connection with providing investment advice, or committing any act which shows that an investment adviser or investment adviser representative has exerted undue influence over a client.

50.38(2) An investment adviser, investment adviser representative, or federal covered investment adviser shall not, directly or indirectly, publish, circulate, or distribute any advertisement that does any one of the following:

a. Refers to any testimonial of any kind concerning the investment adviser, investment adviser representative, or federal covered investment adviser or concerning any advice, analysis, report, or other service rendered by such investment adviser, investment adviser representative, or federal covered investment adviser.

b. Refers to past specific recommendations of the investment adviser, investment adviser representative, or federal covered investment adviser that were or would have been profitable to any person, except that an investment adviser, investment adviser representative, or federal covered investment adviser may furnish or offer to furnish a list of all recommendations made by the investment adviser, investment adviser representative, or federal covered investment adviser within the immediately preceding period of not less than one year if the advertisement or list also includes both of the following:

(1) The name of each security recommended, the date and nature of each recommendation, the market price at that time, the price at which the recommendation was to be acted upon, and the most recently available market price of each such security.

(2) A legend on the first page in prominent print or type that states that the reader should not assume that recommendations made in the future will be profitable or will equal the performance of the securities in the list.

c. Represents that any graph, chart, formula, or other device being offered can in and of itself be used to determine which securities to buy or sell, or when to buy or sell them; or which represents, directly or indirectly, that any graph, chart, formula, or other device being offered will assist any person in making that person's own decisions as to which securities to buy or sell, or when to buy or sell them, without prominently disclosing in such advertisement the limitations thereof and the difficulties with respect to the use of any graph, chart, formula or device.

d. Represents that any report, analysis, or other service will be furnished for free or without charge, unless such report, analysis, or other service actually is or will be furnished entirely free and without any direct or indirect condition or obligation.

e. Represents that the administrator has approved any advertisement.

f. Contains any untrue statement of a material fact, or any statement that is otherwise false or misleading.

50.38(3) With respect to federal covered investment advisers, the provisions of subrule 50.38(2) apply only to the extent permitted by Section 203A of the Investment Advisers Act of 1940.

50.38(4) For the purposes of subrule 50.38(2), the term "advertisement" shall include any notice, circular, letter, or other written communication addressed to more than one person, or any notice or other announcement in any electronic or paper publication, by radio or television, or by any medium, that offers any one of the following:

a. Any analysis, report, or publication concerning securities.

b. Any analysis, report, or publication that is to be used in making any determination as to when to buy or sell any security, or which security to buy or sell.

c. Any graph, chart, formula, or other device to be used in making any determination as to when to buy or sell any security, or which security to buy or sell.

d. Any other investment advisory service with regard to securities.

50.38(5) The prohibitions of rule 191—50.38(502) shall not apply to an investment adviser effecting an agency cross transaction for an advisory client provided the following conditions are met:

a. The advisory client executes a written consent prospectively authorizing the investment adviser to effect agency cross transactions for such client;

b. Before obtaining such written consent from the client, the investment adviser makes full written disclosure to the client that, with respect to agency cross transactions, the investment adviser will act as

broker-dealer for, receive commissions from, and have a potentially conflicting division of loyalties and responsibilities regarding both parties to the transactions;

c. At or before the completion of each agency cross transaction, the investment adviser or any other person relying on subrule 50.38(5) sends the client a written confirmation. The written confirmation shall include:

- (1) A statement of the nature of the transaction;
- (2) The date the transaction took place;
- (3) An offer to furnish, upon request, the time when the transaction took place; and
- (4) The source and amount of any other remuneration the investment adviser received or will receive in connection with the transaction. In the case of a purchase, if the investment adviser was not participating in a distribution, or, in the case of a sale, if the investment adviser was not participating in a tender offer, the written confirmation may state whether the investment adviser has been receiving or will receive any other remuneration and that the investment adviser will furnish the source and amount of such remuneration to the client upon the client's written request;

d. At least annually, and with or as part of any written statement or summary of the account from the investment adviser, the investment adviser or any other person relying on subrule 50.38(5) sends each client a written disclosure statement identifying:

- (1) The total number of agency cross transactions for the client during the period since the date of the last such statement or summary; and
- (2) The total amount of all commissions or other remuneration the investment adviser received or will receive in connection with agency cross transactions for the client during the period;

e. Each written disclosure and confirmation required by subrule 50.38(5) must include a conspicuous statement indicating that the client may revoke the written consent required under paragraph 50.38(5) "a" at any time by providing written notice to the investment adviser;

f. No agency cross transaction may be effected in which the same investment adviser recommended the transaction to both any seller and any purchaser;

g. "Agency cross transaction for an advisory client," for purposes of subrule 50.38(5), means a transaction in which a person acts as an investment adviser in relation to a transaction in which the investment adviser, or any person controlling, controlled by, or under common control with such investment adviser, including an investment adviser representative, acts as a broker-dealer for both the advisory client and for another client on the other side of the transaction. When acting in such capacity, such person acting as an investment adviser, or any person controlling, controlled by, or under common control with such investment adviser, including an investment adviser representative, is required to be registered as a broker-dealer in this state unless excluded from the definition of investment adviser;

h. Nothing in subrule 50.38(5) shall be construed to relieve an investment adviser or investment adviser representative from acting in the best interests of the client, including fulfilling the duty with respect to the best price and execution for the particular transaction for the client, nor shall subrule 50.38(5) relieve any investment adviser or investment adviser representative of any other disclosure obligations imposed by the Act.

This rule is intended to implement Iowa Code section 502.502(2).

191—50.39(502) Custody of client funds or securities by investment advisers.

50.39(1) Safekeeping required. It is unlawful and deemed to be a fraudulent, deceptive, or manipulative act, practice, or course of business for an investment adviser, registered or required to be registered, to have custody of client funds or securities unless the following conditions are met:

a. Notice to administrator. The investment adviser notifies the administrator promptly in writing that the investment adviser has or may have custody. Such notification is required to be given on Form ADV.

b. Qualified custodian. A qualified custodian maintains those funds and securities:

- (1) In a separate account for each client under that client's name; or

(2) In accounts that contain only the investment adviser's clients' funds and securities, under the investment adviser's name as agent or trustee for the clients, or, in the case of a pooled investment vehicle that the investment adviser manages, in the name of the pooled investment vehicle.

c. Notice to clients. If an investment adviser opens an account with a qualified custodian on its client's behalf, under the client's name, under the name of the investment adviser as agent, or under the name of a pooled investment vehicle, the investment adviser must notify the client in writing of the qualified custodian's name and address and the manner in which the funds or securities are maintained, promptly when the account is opened and following any changes to this information. If the investment adviser sends account statements to a client to whom the investment adviser is required to provide this notice, the investment adviser must include in the notification provided to that client and in any subsequent account statement the investment adviser sends that client a statement urging the client to compare the account statements from the custodian with those from the investment adviser.

d. Account statements. The investment adviser has a reasonable basis, after due inquiry, for believing that the qualified custodian sends an account statement, at least quarterly, to each client for which the qualified custodian maintains funds or securities, identifying the amount of funds and of each security in the account at the end of the period and setting forth all transactions in the account during that period.

e. Special rule for limited partnerships and limited liability companies. If the investment adviser or a related person is a general partner of a limited partnership (or managing member of a limited liability company, or holds a comparable position for another type of pooled investment vehicle):

(1) The account statements required under paragraph 50.39(1) "d" must be sent to each limited partner (or member or other beneficial owner); and

(2) The investment adviser must:

1. Enter into a written agreement with an independent party who is obliged to act in the best interest of the limited partners, members, or other beneficial owners to review all fees, expenses and capital withdrawals from the pooled accounts; and

2. Send all invoices or receipts to the independent party, detailing the amount of the fee, expenses or capital withdrawal and the method of calculation such that the independent party can:

- Determine that the payment is in accordance with the pooled investment vehicle standards (generally the partnership agreement or membership agreement); and

- Forward, to the qualified custodian, approval for payment of the invoice with a copy to the investment adviser.

f. Independent verification. The client funds and securities of which the investment adviser has custody are verified by actual examination at least once during each calendar year, by an independent certified public accountant (CPA), pursuant to a written agreement between the investment adviser and the independent CPA, at a time that is chosen by the independent CPA without prior notice or announcement to the investment adviser and that is irregular from year to year. The written agreement must provide for the first examination to occur within six months of execution of the written agreement, except that, if the investment adviser maintains client funds or securities pursuant to rule 191—50.38(502) as a qualified custodian, the agreement must provide for the first examination to occur no later than six months after the investment adviser obtains the internal control report. The written agreement must require the independent CPA to:

(1) File a certificate on Form ADV-E with the administrator within 120 days of the time chosen by the independent CPA in paragraph 50.39(1) "f," stating that the independent CPA has examined the funds and securities and describing the nature and extent of the examination;

(2) Notify the administrator within one business day of the finding of any material discrepancies during the course of the examination, by means of a facsimile transmission or electronic mail, followed by first-class mail, directed to the attention of the administrator; and

(3) File within four business days of the resignation or dismissal from, or other termination of, the engagement, or removing itself or being removed from consideration for being reappointed, Form ADV-E accompanied by a statement that includes:

1. The date of such resignation, dismissal, removal, or other termination, and the name, address, and contact information of the independent CPA; and

2. An explanation of any problems relating to examination scope or procedure that contributed to such resignation, dismissal, removal, or other termination.

g. Investment advisers acting as qualified custodians. If the investment adviser maintains, or if the investment adviser has custody because a related person maintains, client funds or securities pursuant to rule 191—50.39(502) as a qualified custodian in connection with advisory services the investment adviser provides to clients:

(1) The independent CPA that the investment adviser retains to perform the independent verification required by paragraph 50.39(1) “*f*” must be registered with, and subject to regular inspection as of the commencement of the professional engagement period, and as of each calendar year-end, by, the Public Company Accounting Oversight Board in accordance with its rules; and

(2) The investment adviser must obtain, or receive from its related person, within six months of execution of the written agreement and thereafter no less frequently than once each calendar year a written internal control report prepared by an independent CPA.

1. The internal control report must include an opinion of an independent CPA as to whether controls have been placed in operation as of a specific date, and are suitably designed and are operating effectively to meet control objectives relating to custodial services, including the safeguarding of funds and securities held by either the investment adviser or a related person on behalf of the investment adviser’s clients, during the year;

2. The independent CPA must verify that the funds and securities are reconciled to a custodian other than the investment adviser or the investment adviser’s related person; and

3. The independent CPA must be registered with, and subject to regular inspection as of the commencement of the professional engagement period, and as of each calendar year-end, by, the Public Company Accounting Oversight Board in accordance with its rules.

h. Independent representatives. A client may designate an independent representative to receive, on the client’s behalf, notices and account statements as required under paragraphs 50.39(1) “*c*” and “*d*.”

50.39(2) Exceptions.

a. Shares of mutual funds. With respect to shares of an open-end company as defined in Section 5(a)(1) of the Investment Company Act of 1940 (“mutual fund”), the investment adviser may use the mutual fund transfer agent in lieu of a qualified custodian for purposes of complying with subrule 50.39(1).

b. Certain privately offered securities.

(1) The investment adviser is not required to comply with paragraph 50.39(1) “*b*” with respect to securities that are:

1. Acquired from the issuer in a transaction or chain of transactions not involving any public offering;

2. Uncertificated and ownership thereof is recorded only on the books of the issuer or its transfer agent in the name of the client; and

3. Transferable only with prior consent of the issuer or holders of the outstanding securities of the issuer.

(2) Notwithstanding subparagraph 50.39(2) “*b*”(1), the provisions of paragraph 50.39(2) “*b*” are available with respect to securities held for the account of a limited partnership (or limited liability company, or other type of pooled investment vehicle) only if the limited partnership is audited, and the audited financial statements are distributed, as described in paragraph 50.39(2) “*d*,” and the investment adviser notifies the administrator in writing that the investment adviser intends to provide audited financial statements, as described in this subparagraph. Such notification is required to be provided on Form ADV.

c. Fee deduction. Notwithstanding paragraph 50.39(1) “*f*,” an investment adviser is not required to obtain an independent verification of client funds and securities maintained by a qualified custodian if all of the following conditions are met:

- (1) The investment adviser has custody of the funds and securities solely as a consequence of its authority to make withdrawals from client accounts to pay its advisory fee;
- (2) The investment adviser has written authorization from the client to deduct advisory fees from the account held with the qualified custodian;
- (3) Each time a fee is directly deducted from a client account, the investment adviser concurrently:
 1. Sends the independent party designated pursuant to subparagraph 50.39(1)“e”(2) an invoice or statement of the amount of the fee to be deducted from the client’s account; and
 2. Sends the client an invoice or statement itemizing the fee. Itemization includes the formula used to calculate the fee, the amount of assets under management on which the fee is based, and the time period covered by the fee; and
- (4) The investment adviser notifies the administrator in writing that the investment adviser intends to use the safeguards provided in paragraph 50.39(2)“c.” Such notification is required to be given on Form ADV.

d. Limited partnerships subject to annual audit. An investment adviser is not required to comply with paragraphs 50.39(1)“c” and “d” and shall be deemed to have complied with paragraph 50.39(1)“f” with respect to the account of a limited partnership (or limited liability company, or another type of pooled investment vehicle) if each of the following conditions is met:

- (1) The adviser sends to all limited partners (or members or other beneficial owners), at least quarterly, a statement showing:
 1. The total amount of all additions to and withdrawals from the fund as a whole as well as the opening and closing value of the fund at the end of the quarter based on the custodian’s records;
 2. A listing of all long and short positions on the closing date of the statement in accordance with the Financial Accounting Standards Board, Rule ASC 946-210-50; and
 3. The total amount of additions to and withdrawals from the fund by the investor as well as the total value of the investor’s interest in the fund at the end of the quarter;
- (2) At least annually the fund is subject to an audit and distributes the fund’s audited financial statements prepared in accordance with generally accepted accounting principles to all limited partners (or members or other beneficial owners) and the administrator within 120 days of the end of the fund’s fiscal year;
- (3) The audit is performed by an independent CPA that is registered with, and subject to regular inspection as of the commencement of the professional engagement period, and as of each calendar year-end, by, the Public Company Accounting Oversight Board in accordance with its rules;
- (4) Upon liquidation, the adviser distributes the fund’s final audited financial statements prepared in accordance with generally accepted accounting principles to all limited partners (or members or other beneficial owners) and the administrator promptly after the completion of such audit;

Any person who owns beneficially, either directly or through one or more controlled companies, more than 25 percent of the voting securities of a company shall be presumed to control the company.

An investment adviser shall not be deemed to be exercising a discretionary power as to the price at which or the time when a transaction is effected or is to be effected if, before the order is given by the investment adviser, the client has directed or approved the purchase or sale of a definite amount of the particular security.

"Investment adviser primarily engaged in a business or businesses other than advising investment advisory clients" means an investment adviser that for each of the most recent three fiscal years or for the period of time since organization, whichever is less, derives on an unconsolidated basis more than 50 percent of total sales and revenues and income (or loss) before income taxes and extraordinary items from business activities other than advising investment advisory clients.

"Investment supervisory services" means continuous advice regarding investment of funds provided to each client on the basis of the individual needs of the client.

"Solicitor" means any person or entity that for compensation acts as an agent of an investment adviser in referring potential clients.

This rule is intended to implement Iowa Code section 502.411(3).

191—50.43(502) Financial reporting requirements for investment advisers.

50.43(1) Every registered investment adviser that has custody of client funds or securities or requires payment of advisory fees six months or more in advance and in excess of \$500 per client shall file with the administrator an audited balance sheet as of the end of the investment adviser's fiscal year. Each balance sheet filed pursuant to this rule must be:

- a. Examined in accordance with generally accepted auditing standards and prepared in conformity with generally accepted accounting principles;
- b. Audited by an independent certified public accountant; and
- c. Accompanied by an opinion of the accountant as to the report of financial position, and by a note stating the principles used to prepare the opinion, the basis of included securities, and any other explanations required for clarity.

50.43(2) Every registered investment adviser that has discretionary authority over, but not custody of, client funds or securities shall file with the administrator a balance sheet, which need not be audited, but which must be prepared in accordance with generally accepted accounting principles or such other basis of accounting acceptable to the administrator and represented by the investment adviser or the person who prepared the statement as true and accurate, as of the end of the investment adviser's fiscal year.

50.43(3) The financial statements required by this rule shall be filed with the administrator within 90 days following the end of the investment adviser's fiscal year.

50.43(4) Every investment adviser that has its principal place of business in a state other than this state shall file only such reports as required by the state in which the investment adviser maintains its principal place of business, provided the investment adviser is licensed in such state and is in compliance with such state's financial reporting requirements.

This rule is intended to implement Iowa Code section 502.411(2).

191—50.44(502) Solely incidental services by certain professionals.

50.44(1) General approach.

a. Certain professionals may rely on an exclusion from the definition of “investment adviser” contained in Iowa Code section 502.102(15)“*b*” for lawyers, accountants, engineers or teachers whose performance of investment advice is solely incidental to the practice of the person's profession. Whether the exclusion from the definition of “investment adviser” is available to a lawyer, accountant, engineer or teacher providing investment advisory services within the meaning of Iowa Code section 502.102(15)“*b*” depends upon the relevant facts and circumstances.

b. In general, the administrator will determine whether the investment advisory services provided and the fees charged are solely incidental to the total services provided to the individual client by comparing whether the aggregate of such fees and services is solely incidental to the aggregate of services provided to all clients. In addition, the administrator will take other relevant factors into consideration in determining the applicability of the exclusion including, but not limited to, whether the firm establishes a separate subsidiary, division, or other business entity to perform advisory services or maintains an investment adviser registration with the U.S. Securities and Exchange Commission under the Investment Advisers Act of 1940. In this context, the administrator would refer to U.S. Securities and Exchange Commission Release IA-1092 relating to the analogous exclusion in the Investment Advisers Act of 1940 which states that “. . . the exclusion . . . is not available . . . to a lawyer or accountant who holds himself out to the public as providing financial planning, pension consulting, or other financial advisory services. In such a case it would appear that the performance of investment advisory services by the person would not be solely incidental to his practice as a lawyer or accountant.”

50.44(2) General versus specific advice. A lawyer, accountant, engineer or teacher, whether or not holding oneself out to the public as providing financial planning or other financial advisory services, who does not render advice with respect to investing in specific securities, types of securities, or categories of securities need not register as an investment adviser. Registration is not required when the securities advice provided to clients in this state is limited to a general recommendation that the client should be more aggressive or more conservative in securities investments, a general recommendation as to the percentage of the client's assets that should be in securities, or a general recommendation that the client pursue an income-producing or growth-oriented investment strategy, provided the recommendation does not identify specific securities, types of securities, or categories of securities. For the purpose of this subrule, the phrase “types of securities” means classes of securities in which the issuer is not specifically identified, such as common stock, preferred stock, options, warrants, bonds, and mutual funds, and the phrase “categories of securities” means general areas of securities investments where neither the issuer nor the types of securities are identified such as cyclical securities, automotive industry securities, international securities, and NYSE securities. Asset allocation recommendations, however, generally do include advice on types of securities.

EXAMPLE: An accountant provides clients accounting and financial planning services. No advice with respect to specific securities, types of securities, or categories of securities is provided. The accountant need not register as an investment adviser.

50.44(3) Professional does not hold self out as a financial planner. When the securities advice is provided by a lawyer, accountant, engineer, or teacher who does not hold oneself out to the public as providing financial planning or other financial advisory services, the availability of the exclusion from the definition of “investment adviser” contained in Iowa Code section 502.102(15)“*b*” for securities advice rendered solely incidental to the profession will depend on those factors set forth in paragraph 50.44(1)“*b*.”

EXAMPLE A: An accountant who does not hold oneself out to the public as providing financial planning or other financial advisory services provides the client both accounting and financial planning services. The services involve advice with respect to specific securities, types of securities, or categories of securities. Whether the accountant is excluded from the definition of investment adviser depends on those factors set forth in paragraph 50.44(1)“b,” including a comparison of the extent of the securities advisory services provided to any client as contrasted with the accounting services provided to that client. The comparison is measured by the compensation paid for each service.

EXAMPLE B: An accountant provides a client financial planning services only. The financial planning services involve advice with respect to specific securities, types of securities, or categories of securities. The accountant is not excluded from the definition of investment adviser and therefore must register as an investment adviser.

50.44(4) *Professional holds self out as a financial planner.*

a. If the investment advice provided by a lawyer, accountant, engineer, or teacher who holds oneself out to the public as providing financial planning or other financial advisory services is part of the financial plan being provided to a financial planning client, the professional cannot rely on the exclusion from the definition of “investment adviser” contained in Iowa Code section 502.102(15)“b” for investment advice rendered incidentally to the practice of the profession.

EXAMPLE: An accountant who holds oneself out to the public as providing financial planning or other financial advisory services provides the client both accounting and financial planning services. The financial planning services involve advice with respect to specific securities, types of securities, or categories of securities. The accountant is not excluded from the definition of investment adviser no matter how insignificantly the securities advice compares to the other financial planning advice or accounting services rendered.

b. When a lawyer, accountant, engineer, or teacher holding oneself out to the public as providing financial planning or other financial advisory services does not provide advice on specific securities, types of securities, or categories of securities as part of financial planning services but provides such advice in connection with the practice of the profession, in most instances the exclusion from the definition of investment adviser would be unavailable because the professional is holding oneself out as a financial planner or financial adviser. If, however, securities advice is not part of financial planning services and is both limited and isolated, the exclusion may still be available.

EXAMPLE: An accountant who holds oneself out to the public as providing financial planning or other financial advisory services provides clients both accounting and financial planning services. No securities advice is rendered as part of the financial planning services. Clients, on a few occasions, request the accountant’s advice on investing in certain limited partnerships. The fees charged to such a client for the advice total only a small percentage of the fees charged to that client for accounting services provided. The accountant is excluded from the definition of investment adviser. The example presented is intentionally narrow in order to illustrate that once the accountant holds oneself out as a financial planner or financial adviser, even if the only securities advice provided for compensation is not part of the financial planning or advisory activities, only limited and isolated securities advice may be provided without registration as an investment adviser.

This rule is intended to implement Iowa Code section 502.102(15)“b.”

191—50.45(502) Registration exemption for investment advisers to private funds.

50.45(1) *Definitions.* For purposes of this rule, the following definitions shall apply:

“3(c)(1) *fund*” means a qualifying private fund that is eligible for the exclusion from the definition of an investment company under the Investment Company Act of 1940 (15 U.S.C. Section 80a-3(c)(1)).

“*Private fund adviser*” means an investment adviser who provides advice solely to one or more qualifying private funds.

“*Qualifying private fund*” means a private fund that meets the definition of a qualifying private fund in SEC Rule 203(m)-1 (17 CFR 275.203(m)-1).

“*Value of primary residence*” means the fair market value of a person’s primary residence, less the amount of debt secured by the property up to its fair market value.

“*Venture capital fund*” means a private fund that meets the definition of a venture capital fund in SEC Rule 203(l)-1 (17 CFR 275.203(l)-1).

50.45(2) Exemption for private fund advisers. Subject to the additional requirements of subrule 50.45(3), a private fund adviser shall be exempt from the registration requirements of Iowa Code section 502.403 if the private fund adviser satisfies each of the following conditions:

a. Neither the private fund adviser nor any of its advisory affiliates are subject to a disqualification as described in SEC Rule 262 of Regulation A (17 CFR 230.262).

b. The private fund adviser files with the state each report and amendment thereto that an exempt reporting adviser is required to file with the SEC pursuant to SEC Rule 204-4 (17 CFR 275.204-4).

c. The private fund adviser pays any applicable fees.

50.45(3) Additional requirements for private fund advisers to certain 3(c)(1) funds. In order to qualify for the exemption described in subrule 50.45(2), a private fund adviser who advises at least one 3(c)(1) fund that is not a venture capital fund shall, in addition to satisfying each of the conditions specified in paragraph 50.45(3)“*b*,” comply with the following requirements:

a. The private fund adviser shall advise only those 3(c)(1) funds (other than venture capital funds) whose outstanding securities (other than short-term paper) are beneficially owned entirely by persons who, after deducting the value of the primary residence from the person’s net worth, would each meet the definition of a qualified client in SEC Rule 205-3 (17 CFR 275.205-3) at the time the securities are purchased from the issuer.

b. At the time of purchase, the private fund adviser shall disclose the following in writing to each beneficial owner of a 3(c)(1) fund that is not a venture capital fund:

(1) All services, if any, to be provided to individual beneficial owners;

(2) All duties, if any, the private fund adviser owes to the beneficial owners; and

(3) Any other material information affecting the rights or responsibilities of the beneficial owners.

c. The private fund adviser shall obtain on an annual basis audited financial statements of each 3(c)(1) fund that is not a venture capital fund and shall deliver a copy of such audited financial statements to each beneficial owner of the fund.

50.45(4) Federal covered investment advisers. If a private fund adviser is registered with the SEC, the adviser shall not be eligible for this exemption and shall comply with the state notice filing requirements applicable to federal covered investment advisers.

50.45(5) Investment adviser representatives. A person is exempt from the registration requirements if the person is employed by or associated with an investment adviser that is exempt from registration in this state pursuant to rule 191—50.45(502) and does not otherwise act as an investment adviser representative.

50.45(6) Electronic filing. The report filings described in paragraph 50.45(2)“*b*” shall be made electronically through the IARD. A report shall be deemed filed when the report and the fee required are filed and accepted by the IARD on the state’s behalf.

50.45(7) Transition. An investment adviser that becomes ineligible for the exemption provided by rule 191—50.45(502) must comply with all applicable laws and rules requiring registration or notice filing within 90 days from the date the investment adviser’s eligibility for this exemption ceases.

50.45(8) Grandfathering for investment advisers to 3(c)(1) funds with nonqualified clients. An investment adviser to a 3(c)(1) fund (other than a venture capital fund) that has one or more beneficial owners who are not qualified clients as described in paragraph 50.45(3)“*a*” is eligible for the exemption contained in subrule 50.45(2) if the following conditions are satisfied:

a. The subject fund existed prior to November 6, 2013;

b. As of November 6, 2013, the subject fund ceases to accept beneficial owners who are not qualified clients, as described in paragraph 50.45(3)“*a*”;

c. The investment adviser discloses in writing the information described in paragraph 50.45(3)“*b*” to all beneficial owners of the fund; and

d. As of November 6, 2013, the investment adviser delivers audited financial statements as required by paragraph 50.43(3)“c.”

This rule is intended to implement Iowa Code section 502.403.

191—50.46(502) Contents of investment advisory contract. The provisions of this rule shall apply to federal covered investment advisers to the extent that the conduct alleged is fraudulent, deceptive, or as otherwise permitted by the National Securities Markets Improvement Act of 1996.

50.46(1) It is unlawful for any investment adviser, investment adviser representative, or federal covered investment adviser to enter into, extend, or renew any investment advisory contract unless it provides in writing:

a. The services to be provided, the term of the contract, the investment advisory fee, the formula for computing the fee, the amount of prepaid fee to be returned in the event of termination or nonperformance of the contract, and any grant of discretionary power to the investment adviser, investment adviser representative, or federal covered investment adviser;

b. That no direct or indirect assignment or transfer of the contract may be made by the investment adviser, investment adviser representative, or federal covered investment adviser without the consent of the client or other party to the contract;

c. That the investment adviser, investment adviser representative, or federal covered investment adviser shall not be compensated on the basis of a share of capital gains upon or capital appreciation of the funds or any portion of the funds of the client;

d. That the investment adviser, investment adviser representative, or federal covered investment adviser, if a partnership, shall notify the client or other party to the investment contract of any change in the membership of the partnership within a reasonable time after the change.

50.46(2) It is unlawful for any investment adviser, investment adviser representative, or federal covered investment adviser to:

a. Include in an advisory contract any condition, stipulation, or provisions binding any person to waive compliance with any provision of this Act or of the Investment Advisers Act of 1940, or any other practice contrary to the provisions of Section 215 of the Investment Advisers Act of 1940; or

b. Enter into, extend or renew any advisory contract contrary to the provisions of Section 205 of the Investment Advisers Act of 1940. This provision shall apply to all advisers and investment adviser representatives registered or required to be registered under this Act, notwithstanding whether such adviser or representative would be exempt from federal registration pursuant to Section 203(b) of the Investment Advisers Act of 1940.

50.46(3) Notwithstanding paragraph 50.46(1)“c,” an investment adviser may enter into, extend or renew an investment advisory contract which provides for compensation to the investment adviser on the basis of a share of capital gains upon or capital appreciation of the funds, or any portion of the funds, of the client if the conditions in paragraphs 50.46(3)“a” to “d” are met.

a. The client entering into the contract must be:

(1) A natural person or a company that, immediately after entering into the contract, has at least \$750,000 under the management of the investment adviser; or

(2) A person that the investment adviser and its investment adviser representatives reasonably believe, immediately before entering into the contract, is a natural person or a company whose net worth, at the time the contract is entered into, exceeds \$1,500,000. The net worth of a natural person may include assets held jointly with that person’s spouse.

b. The compensation paid to the investment adviser with respect to the performance of any securities over a given period must be based on a formula with the following characteristics:

(1) In the case of securities for which market quotations are readily available within the meaning of Rule 2a-4(a)(1) under the Investment Company Act of 1940 (definition of “current net asset value” for use in computing periodically the current price of redeemable security), the formula must include the realized capital losses and unrealized capital depreciation of the securities over the period;

(2) In the case of securities for which market quotations are not readily available within the meaning of Rule 2a-4(a)(1) under the Investment Company Act of 1940, the formula must include:

1. The realized capital losses of securities over the period; and
2. If the unrealized capital appreciation of the securities over the period is included, the unrealized capital depreciation of the securities over the period; and

(3) The formula must provide that any compensation paid to the investment adviser under paragraph 50.46(3) “b” is based on the gains less the losses (computed in accordance with subparagraphs 50.46(3) “b”(1) and (2)) in the client’s account for a period of not less than one year.

c. Before entering into the advisory contract and in addition to the requirements of Form ADV, the investment adviser must disclose in writing to the client or the client’s independent agent all material information concerning the proposed advisory arrangement, including the following:

(1) That the fee arrangement may create an incentive for the investment adviser to make investments that are riskier or more speculative than would be the case in the absence of a performance fee;

(2) Where relevant, that the investment adviser may receive increased compensation with regard to unrealized appreciation as well as realized gains in the client’s account;

(3) The periods which will be used to measure investment performance throughout the contract and their significance in the computation of the fee;

(4) The nature of any index which will be used as a comparative measure of investment performance, the significance of the index, and the reason the investment adviser believes that the index is appropriate; and

(5) When the investment adviser’s compensation is based in part on the unrealized appreciation of securities for which market quotations are not readily available within the meaning of Rule 2a-4(a)(1) under the Investment Company Act of 1940, how the securities will be valued and the extent to which the valuation will be independently determined.

d. The investment adviser (and any investment adviser representative) that enters into the contract must reasonably believe, immediately before entering into the contract, that the contract represents an arm’s length arrangement between the parties and that the client (or in the case of a client which is a company as defined in paragraph 50.46(6) “d,” the person representing the company), alone or together with the client’s independent agent, understands the proposed method of compensation and its risks. The representative of a company may be a partner, director, officer or an employee of the company or of the trustee, where the company is a trust, or any other person designated by the company or trustee, but must satisfy the definition of client’s independent agent set forth in paragraph 50.46(6) “c.”

50.46(4) Any person entering into or performing an investment advisory contract under rule 191—50.46(502) is not relieved of any obligations under rule 191—50.38(502) or any other applicable provision of the Act or any rule or order thereunder.

50.46(5) Nothing in rule 191—50.46(502) shall relieve a client’s independent agent from any obligation to the client under applicable law.

50.46(6) The following definitions apply for purposes of rule 191—50.46(502):

a. “*Affiliate*” shall have the same definition as in Section 2(a)(3) of the Investment Company Act of 1940.

b. “*Assignment*,” as used in paragraph 50.46(1) “b,” includes, but is not limited to, any transaction or event that results in any change to the individuals or entities with the power, directly or indirectly, to direct the management or policies of, or to vote more than 50 percent of any class of voting securities of, the investment adviser or federal covered investment adviser as compared to the individuals or entities that had such power as of the date when the contract was first entered into, extended or renewed.

c. “*Client’s independent agent*” means any person who agrees to act as an investment advisory client’s agent in connection with the contract. “*Client’s independent agent*” does not include:

(1) The investment adviser relying on rule 191—50.46(502);

(2) An affiliated person of the investment adviser or an affiliated person of an affiliated person of the investment adviser including an investment adviser representative;

(3) An interested person of the investment adviser;

(4) A person who receives, directly or indirectly, any compensation in connection with the contract from the investment adviser, an affiliated person of the investment adviser, an affiliated person of an affiliated person of the investment adviser or an interested person of the investment adviser; or

(5) A person with any material relationship between the person (or an affiliated person of that person) and the investment adviser (or an affiliated person of the investment adviser) that exists, or has existed at any time during the past two years.

d. "Company" means a corporation, partnership, association, joint stock company, trust, or any organized group of persons, whether incorporated or not; or any receiver, trustee in a case under Title 11 of the United States Code, or similar official or any liquidating agent for any of the foregoing, in the liquidating agent's capacity as such. "Company" shall not include:

(1) A company required to be registered under the Investment Company Act of 1940 but which is not so registered;

(2) A private investment company is an entity which would be defined as an investment company under Section 3(a) of the Investment Company Act of 1940 but for the exception from that definition provided by Section 3(c)(1) of that Act;

(3) An investment company registered under the Investment Company Act of 1940; or

(4) A business development company as defined in Section 202(a)(22) of the Investment Advisers Act of 1940, unless each of the equity owners of any such company, other than the investment adviser entering into the contract, is a natural person or a company within the meaning of "company."

e. "Interested person" means:

(1) Any member of the immediate family of any natural person who is an affiliated person of the investment adviser;

(2) Any person who knowingly has any direct or indirect beneficial interest in, or who is designated as trustee, executor, or guardian of any legal interest in, any security issued by the investment adviser or by a controlling person of the investment adviser if that beneficial or legal interest exceeds:

1. One-tenth of one percent of any class of outstanding securities of the investment adviser or a controlling person of the investment adviser; or

2. Five percent of the total assets of the person seeking to act as the client's independent agent; or

(3) Any person or partner or employee of any person who has acted as legal counsel for the investment adviser within the past two years.

191—50.47(502) Business continuity and succession planning for investment advisers.

50.47(1) On and after July 1, 2017, every investment adviser registered in Iowa shall make and maintain records, pursuant to Iowa Code section 502.411(3) "a," of the establishment, implementation and maintenance of a written business continuity and succession plan. The business continuity and succession plan shall be created and implemented in a manner consistent with the NASAA Guidance on Business Continuity and Succession Planning for State-Registered Investment Advisers, which is available on the Iowa insurance division's website, iid.iowa.gov. In developing the procedures for the business continuity and succession plan, the investment adviser shall consider, among other things, the size of the firm, the types of services provided and the number of locations of the investment adviser. The business continuity and succession plan shall provide for, at a minimum, all of the following:

a. The protection, backup, and recovery of books and records;

b. Alternate means of communications with customers, key personnel, employees, vendors, service providers (including third-party custodians of securities) and regulators, that will allow the communication of certain events, including, but not limited to, providing notice of a significant business interruption or the death or unavailability of key personnel or other disruptions or cessation of business activities;

c. Office relocation in the event of temporary or permanent loss of a principal place of business;

d. Assignment of duties to qualified responsible persons in the event of the death or unavailability of key personnel; and

e. Other means of minimizing service disruptions and client harm that could result from a sudden significant business interruption.

50.47(2) Every investment adviser registered in Iowa shall annually review the investment adviser's written business continuity and succession plan and, if it has been changed since it was submitted, or if it was not previously submitted, shall file it for examination by the administrator, pursuant to Iowa Code section 502.411(4). The administrator shall review an investment adviser's written business continuity and succession plan to determine whether it is consistent with the NASAA Guidance on Business Continuity and Succession Planning for State-Registered Investment Advisers and whether it takes into account the considerations listed in subrule 50.47(1). The administrator may request the investment adviser to modify the filed business continuity and succession plan according to the administrator's suggestions. After the initial filing, the investment adviser's filing of any change shall identify any substantive amendment to the business continuity and succession plan with the registration renewal following the amendment. The administrator may request from the investment adviser at any time information regarding the business continuity and succession plan made since the last filing of the plan.

50.47(3) An investment adviser registered in Iowa shall be deemed in compliance with this rule if the investment adviser can demonstrate compliance with SEC rules or other law related to the investment adviser's adoption and implementation of a written business continuity and succession plan.

This rule is intended to implement Iowa Code chapter 502.

The issuer must agree with the administrator that the issuer will not split its common stock, or declare a stock dividend for two years after the effective date of the registration if such action has the effect of lowering the price below U.S. \$1.

c. Commissions, fees or other remuneration for soliciting any prospective purchaser in connection with the offering in the state are only paid to persons who, if required to be registered or licensed, the issuer believes, and has reason to believe, are appropriately registered or licensed in the state.

d. Financial statements shall be prepared in accordance with either U.S. or Canadian generally accepted accounting principles. If appropriate, a reconciliation note should be provided. If the company has not conducted significant operations, statements of receipts and disbursements shall be included in lieu of statements of income. Interim financial statements may be unaudited. All other financial

statements shall be audited by independent certified public accountants, provided, however, that if each of the following four conditions are met, such financial statements in lieu of being audited may be reviewed by independent certified public accountants in accordance with the Accounting and Review Service Standards promulgated by the American Institute of Certified Public Accountants or the Canadian equivalent:

50.61(3) Disqualifications.

a. Unless the administrator determines that it is not necessary under the circumstances that the disqualification under this subrule be applied, application for registration referred to in subrule 50.61(2) shall be denied if the issuer, any of its officers, directors, stockholders who own 10 percent or greater of the issuer, promoters, or selling agents, or any officer, director or partner of any selling agent:

(1) Has filed a registration statement which is subject to a currently effective stop order entered pursuant to any state or provincial securities laws within five years prior to the filing of the registration statement;

(2) Has been convicted, within five years prior to the filing of the registration statement, of any felony or misdemeanor in connection with the offer, purchase, or sale of securities, or of any felony involving fraud or deceit including, but not limited to, forgery, embezzlement, obtaining money under false pretenses, larceny, or conspiracy to defraud;

(3) Is currently subject to any state or provincial administrative enforcement order or judgment entered by that state's or province's securities administrator within five years prior to the filing of the registration statement;

(6) Is currently subject to any order, judgment, or decree of any court of competent jurisdiction that temporarily, preliminarily, or permanently restrains or enjoins such party from engaging in or continuing any conduct or practice in connection with the purchase or sale of any security, or involving the making of any false filing with the state, entered within five years prior to the filing of the registration statement; or

(7) Has violated the law of a foreign jurisdiction governing or regulating any aspect of the business of securities or banking or, within the past five years, has been the subject of an action of a securities regulator of a foreign jurisdiction denying, revoking or suspending the right to engage in the business of securities as a broker-dealer, agent or investment adviser or is the subject of an action of any securities exchange or self-regulatory organization operating under the authority of the securities regulator of a foreign jurisdiction suspending or expelling such person from membership in such exchange or self-regulatory organization.

b. The prohibitions of subparagraphs (1) to (3) and (5) of paragraph 50.61(3)“*a*” shall not apply if the person subject to the disqualification is duly registered or licensed to conduct securities-related business in the state or province in which the administrative order or judgment was entered against such person, or if the broker-dealer employing such person is registered or licensed in the state and the Form BD filed in the state discloses the order, conviction, judgment or decree relating to such person.

c. No person disqualified shall act in any capacity other than the capacity for which the person is registered or licensed.

d. Disqualification is automatically waived if the jurisdiction which created the basis for disqualification determines upon a showing of good cause that it is not necessary under the circumstances that registration be denied.

50.62(3) The unavailability of streamlined registration pursuant to this rule as a result of the disqualification of a party pursuant to paragraph 50.62(2) "b" may be waived by the administrator if the order, conviction, judgment or decree relating to the party's disqualification was disclosed in writing to the administrator and the administrator determines, based upon good cause shown, that the public interest no longer requires the party to be disqualified.

50.62(4) The administrator shall review a filing made pursuant to this rule within ten business days of receipt. Registration shall be effective upon review, or earlier if the administrator permits a shorter time frame, or comments explaining noncompliance will be promptly sent to the applicant.

50.62(5) The administrator shall not deny the effectiveness of a registration made pursuant to this rule based on subrule 50.66(13) or 50.66(15), or based upon the financial condition of the issuer under Iowa Code section 502.306(1) "h."

c. A member of the immediate family of a person described in paragraph "a" or "b" of subrule 50.62(7) if the family member receives securities of the issuer from that person in a non-arm's-length transaction within the three years prior to the filing of the registration statement pursuant to this rule.

The audit and

opinion requirements may be waived by the administrator upon written application and for good cause shown.

50.64(2) The balance sheet, statement of cash flows, and statement of income provided for compliance with the four-month requirement of Iowa Code section 502.304(2) “q” need not be certified in accordance with subrule 50.64(1) if such certification was submitted for the last fiscal year prior to the application and the date of the financial statements subject to certification is not more than 12 months prior to the registration date.

a. Definitions. For purposes of this subrule, the following definitions apply.

"Offering documents" means documents that include, but are not limited to, the registration statement, prospectus, applicable agreements, charter, bylaws, opinion of counsel and other opinions, specimen, indenture, consent to service of process and associated resolution, sales materials, subscription agreement, and applicable exhibits.

"Sales materials" means materials that include only those materials to be used in connection with the solicitation of purchasers of the securities approved as sales literature or other related materials by the SEC, FINRA, and the states, as applicable.

"Security breach" means the unauthorized accessing, acquisition, or disclosure of any data that compromises the security or confidentiality of confidential personal information maintained by the person or business; provided, however, that for this purpose a "security breach" shall relate only to a system, technology, or process that is used in connection with or is introduced into a securities offering in order to implement the use of electronic offering documents or electronic signatures.

b. Use of electronic offering documents and subscription agreements.

(1) An issuer of securities or agent acting on behalf of the issuer may deliver offering documents over the Internet or by other electronic means, or in machine-readable format, provided all of the following requirements are met:

1. Each offering document:

- Is prepared, updated, and delivered in a manner consistent and in compliance with state and federal securities laws;
- Satisfies the formatting requirements applicable to printed documents, such as font size and typeface, and is identical in content to the printed version (other than electronic instructions or procedures as may be displayed and nonsubstantive updates to daily net asset value which can be updated more efficiently in the electronic version);

- Is delivered as a single, integrated document or file; when delivering multiple offering documents, the documents must be delivered together as a single package or list;
 - Where the offering documents include a hyperlink to external documents or content, provides notice to investors or prospective investors that the document or content being accessed by the hyperlink is provided by an external source; and
 - Is delivered in an electronic format that intrinsically enables the recipient to store, retrieve, and print the documents;
2. The issuer or agent acting on behalf of the issuer:
 - Obtains informed consent from the investor or prospective investor to receive offering documents electronically;
 - Ensures that the investor or prospective investor receives timely, adequate, and direct notice when an electronic offering document has been delivered;
 - Employs safeguards to ensure that delivery of offering documents occurred at or before the time required by law in relation to the time of sale; and
 - Maintains evidence of delivery by keeping records of its electronic delivery of offering documents and makes those records available on demand by the securities administrator.

(2) Subscription agreements may be provided electronically by an issuer or agent acting on behalf of the issuer for the prospective investor to review and complete, provided the subscription process is administered in a manner that is similar to the administration of subscription agreements in paper form, as follows:

1. Before completion of any subscription agreement, the issuer or agent acting on behalf of the issuer shall review with the prospective investor all appropriate documentation related to the prospective investment including documents and instructions on how to complete the subscription agreement;
2. Mechanisms shall be established to ensure a prospective investor reviews all required disclosures and scrolls through the document in its entirety prior to initialing or signing; and
3. Unless otherwise allowed by the securities administrator, a single subscription agreement shall be used to subscribe a prospective investor in no more than one offering.

(3) Security breach.

1. In the event of discovery of a security breach at any time in any jurisdiction, the issuer or its agents, as appropriate, shall take prompt action to do all of the following:
 - Identify and locate the breach.
 - Secure the affected information.
 - Suspend the use of the particular device or technology that has been compromised until information security has been restored.
 - Provide notice of the security breach to any investor whose confidential personal information has been improperly accessed in connection with the security breach and to the securities administrator of each state in which an affected investor resides.

2. Compliance with subparagraph 50.66(22)“b”(3) after the discovery of a security breach or any other breach of personal information shall not substitute or in any way affect other requirements or obligations, including notification, imposed on an issuer or its agents pursuant to applicable laws, regulations, or standards.

(4) Delivery requires that the offering documents be conveyed to and received by the investor or prospective investor, or that the storage media in which the offering documents are stored be physically delivered to the investor or prospective investor in accordance with numbered paragraph 50.66(22)“b”(1)“1.”

(5) Each electronic document shall be preceded by or presented concurrently with the following notice: **“Clarity of text in this document may be affected by the size of the screen on which it is displayed.”**

(6) Informed consent to receive offering documents electronically pursuant to the first bulleted paragraph of numbered paragraph 50.66(22)“b”(1)“2” may be obtained in connection with each new offering or globally, either by the issuer or by an agent acting on behalf of the issuer. The investor may revoke this consent at any time by informing the party to whom the consent was given, or, if such party

is no longer available, the issuer. Generally, a consent is considered to be informed when an investor is apprised that the document to be provided will be available through a specific electronic medium or source, and that there may be costs associated with delivery. In addition, for a consent to be informed an investor must be apprised of the time and scope parameters of the consent.

(7) Investment opportunities shall not be conditioned on participation in the electronic offering documents and subscription agreements initiative.

(8) Investors or prospective investors who decline to participate in an electronic offering documents and subscription agreements initiative shall not be subjected to higher costs—other than the actual direct cost of printing, mailing, processing, and storing offering documents and subscription agreements—as a result of their lack of participation in the initiative, and no discount shall be given for participating in an electronic offering documents and subscription agreements initiative.

(9) Entities participating in an electronic initiative shall maintain, and shall require participating underwriters, dealer-managers, placement agents, broker-dealers, or other selling agents to maintain, written policies and procedures covering the use of electronic offering documents and subscription agreements.

(10) Entities and their contractors and agents having custody and possession of electronic offering documents, including electronic subscription agreements, shall store them in a nonrewriteable and nonerasable format.

(11) Subrule 50.66(22) does not change or waive any other requirement of law concerning registration or presale disclosure of securities offerings.

c. Use of electronic signatures.

(1) An issuer of securities or agent acting on behalf of the issuer may provide for the use of electronic signatures if all of the following are true:

1. The process by which electronic signatures are obtained:

- Shall be implemented in compliance with the Electronic Signatures in Global and National Commerce Act and the Uniform Electronic Transactions Act, and, where applicable, shall include required federal disclosures;

- Shall include an appropriate level of security and assurances of accuracy;

- Shall employ an authentication process to establish signer credentials;

- Shall employ security features that protect signed records from alteration; and

- Shall provide that either the issuer or agent acting on behalf of the issuer retain, in compliance with applicable laws and regulations, electronically signed documents;

2. An investor or prospective investor shall expressly opt in to the electronic signature initiative, and participation may be terminated at any time; and

3. Investment opportunities shall not be conditioned on participation in the electronic signature initiative.

(2) Entities that participate in an electronic signature initiative shall maintain, and shall require underwriters, dealer-managers, placement agents, broker-dealers, and other selling agents to maintain, written policies and procedures covering the use of electronic signatures.

(3) Documentation of an investor's election to participate in an electronic signature initiative by following the requirements of numbered paragraph 50.66(22) "b"(1)"2" may be obtained in connection with each new offering, or by an agent acting on behalf of the issuer. The investor may revoke this consent at any time by informing the party to whom the consent was given, or, if such party is no longer available, the issuer.

50.84(1) An offer, but not a sale, of a security made by or on behalf of an issuer for the sole purpose of soliciting an indication of interest in receiving a prospectus (or its equivalent) for such security is exempt from registration pursuant to Iowa Code section 502.301 if:

a. The issuer is or will be a business entity organized under the laws of one of the states or possessions of the United States or one of the provinces or territories of Canada, is engaged in or proposes to engage in a business other than petroleum exploration or production or mining or other extractive industries, and is not a blind pool offering or other offering for which the specific business or properties cannot now be described.

b. The offerer intends to register the security in Iowa and conduct its offering pursuant to either Regulation A or Rule 504 of Regulation D, as promulgated by the SEC.

c. The offerer files with the administrator a SOIF along with any other materials to be used to conduct solicitations of interest including, but not limited to, the script of any broadcast to be made and a copy of any notice to be published no less than ten business days prior to the initial solicitation of interest.

d. The issuer files with the administrator all amendments to any materials filed pursuant to paragraph “c” or additional materials it proposes to use in conducting solicitations of interest, except for materials provided to a particular investor solely pursuant to a request by that investor, no less than five business days prior to use.

e. The offerer does not use any SOIF, script, advertisement, or other material which the administrator has ordered or notified the offerer may not be used for the purpose of solicitations of interest.

f. Except for scripted broadcasts and except to the extent necessary to obtain information needed to provide a SOIF, the offerer does not orally communicate with any prospective investor about the contemplated offering unless the investor is provided with the most current SOIF at or before the time of the communication or within five days after the communication.

g. The offerer does not solicit or accept money or a commitment to purchase securities during the solicitation of interest period.

h. The offerer does not make a sale until at least seven days after delivery to the purchaser of a final prospectus or delivery of a preliminary prospectus as provided by Iowa Code section 502.202(17).

50.84(2) Unless the offerer does not know, and in the exercise of reasonable care could not know, the exemption under this rule is not available for securities of an offerer, if any of the issuer’s officers, directors, promoters, or 10 percent shareholders:

a. Have filed a registration statement which is the subject of a current effective registration stop order entered under any federal or state securities law within five years prior to filing the SOIF.

b. Have been convicted within five years prior to filing the SOIF of any felony or misdemeanor regarding the offer, purchase or sale of any security or any felony involving fraud or deceit including, but not limited to, forgery, embezzlement, obtaining money under false pretenses, larceny, or conspiracy to defraud.

c. Are currently subject to any federal or state administrative enforcement order or judgment entered by any state securities administrator or the SEC within five years prior to filing the SOIF in which fraud or deceit, including, but not limited to, the making of untrue statements of material facts and omitting to state material facts, was found.

d. Are subject to any federal or state administrative order or judgment prohibiting, denying, or revoking the use of any exemption from registration regarding the offer, purchase or sale of securities.

e. Are currently subject to any order, judgment, or decree of any court of competent jurisdiction entered within five years prior to filing the SOIF temporarily, preliminarily, or permanently restraining or enjoining the person or entity from engaging in or continuing any conduct or practice regarding the purchase or sale of any security or the making of any false filing with any state.

The disqualifications listed in this subrule shall not apply if the person or entity subject to the disqualification is licensed or registered to conduct securities-related business in the state in which the administrative order or judgment was entered against the person or entity, or if the broker-dealer employing the person or entity is licensed or registered in Iowa and the Form BD filed with the administrator discloses the order, conviction, judgment, or decree. No person disqualified under this subrule may act in a capacity other than that for which the person is licensed or registered. Any disqualification caused by this subrule is automatically waived if the agency creating the disqualification determines for good cause shown that the exemption should not be denied.

50.84(3) The failure to comply with a term, condition or requirement of this rule shall not result in the loss of the exemption from the requirements of Iowa Code section 502.301 for an offer to a particular individual or entity if the offerer establishes all of the following:

a. The failure to comply did not pertain to a term, condition or requirement directly intended to protect that particular individual or entity; and

b. The failure to comply was insignificant regarding the offering as a whole; and

c. A good-faith and reasonable attempt was made to comply with all applicable terms, conditions and requirements of this rule.

Where an exemption is established only through reliance upon subrule 50.84(2), the failure to comply is still actionable as a violation of the Act by the administrator under Iowa Code section 502.603 or 502.604.

50.84(4) The offerer shall comply with the following requirements:

a. Any published notice or script for broadcast and any printed material delivered apart from the SOIF, unless a SOIF containing the disclosures described below was previously delivered to the person, shall contain, at a minimum, the identity of the chief executive officer of the issuer, a brief and general description of the issuer's business and products, and the following disclosure printed in capital letters and boldface type at least as large as that used in the body of the printed materials:

(1) NO MONEY OR OTHER CONSIDERATION IS BEING SOLICITED AND NONE WILL BE ACCEPTED.

(2) NO SALES OF SECURITIES WILL BE MADE OR A COMMITMENT TO PURCHASE ACCEPTED UNTIL THE DELIVERY OF AN OFFERING CIRCULAR THAT INCLUDES COMPLETE INFORMATION ABOUT THE ISSUER AND THE OFFERING.

(3) AN INDICATION OF INTEREST MADE BY A PROSPECTIVE INVESTOR INVOLVES NO OBLIGATION OR COMMITMENT OF ANY KIND.

(4) THIS OFFER IS BEING MADE PURSUANT TO AN EXEMPTION UNDER FEDERAL AND STATE SECURITIES LAWS. NO SALE MAY BE MADE UNTIL THE OFFERING STATEMENT IS QUALIFIED BY THE U.S. SECURITIES AND EXCHANGE COMMISSION AND IS REGISTERED IN IOWA.

b. All communications with prospective investors made in reliance upon this rule shall cease after a registration statement is filed with the administrator, and no sale may be made until at least 20 calendar days after the last communication made in reliance upon this rule.

c. A preliminary prospectus may be used with an offering for which indications of interest have been solicited under this rule only if the offering is conducted by a registered broker-dealer.

Failure to comply with the requirements of this subrule shall not result in losing the exemption from the requirements of Iowa Code section 502.301, but is a violation of the Act, is actionable by the administrator under Iowa Code section 502.603 or 502.604, and constitutes grounds for denying or revoking the exemption for specific transactions.

50.84(5) Upon written application by the offerer and for good cause shown, the administrator may waive any condition of the solicitation of interest exemption. Neither compliance nor attempted compliance with this rule, nor the absence of any objection or order by the administrator regarding an offer of securities made under this rule, constitutes a waiver of any condition of the rule or a confirmation by the administrator of the availability of the rule.

50.84(6) Offers made in reliance upon this rule shall not be integrated with subsequent offers or sales of securities registered in Iowa. Issuers on whose behalf indications of interest are solicited under this rule may not make offers or sales in reliance upon Iowa Code section 502.202(14) or rule 191—50.80(502) until at least 12 months after the last communication with a prospective investor made pursuant to this rule.

50.84(7) Nothing in this rule limits the application of Iowa Code section 502.401, 502.402, 502.501 or 502.509 to offers made in reliance upon this rule.

50.84(8) The administrator may review the materials filed under this rule. Materials filed, if reviewed, will be judged under antifraud principles. Any discussion in the offering documents of the potential rewards of the investment must be balanced by a discussion of the possible risks.

50.84(9) Any offer effected in violation of this rule may constitute an unlawful offer of an unregistered security for which civil liability attaches under Iowa Code section 502.501 et seq. Any misrepresentation or omission may also give rise to civil liability under the Act. A subsequent registration of the security does not cure the previous unlawful offer. Only a rescission offer made in compliance with the Act can effect a cure.

This rule is intended to implement Iowa Code section 502.202(17).

191—50.85(502) Internet offers exemption. Offers of securities made by, or on behalf of, issuers on or through the Internet are exempt from registration pursuant to Iowa Code sections 502.301 and 502.504 if:

1. The Internet offer states, directly or indirectly, that the securities are not being offered to state residents; and
2. The Internet offer is not specifically directed to any person in Iowa by, or on behalf of, the issuer of the securities; and
3. No sales of the issuer's securities are made in Iowa as a result of the Internet offering until such time as the securities being offered have been registered under Iowa Code sections 502.301 and 502.504, and a final prospectus or Form U-7 is delivered to Iowa investors prior to such sales, or the issuer qualifies for the exemption provided in Iowa Code section 502.202(13).

This rule is intended to implement Iowa Code section 502.203.

191—50.86(502) Denial, suspension, revocation, condition, or limitation of limited offering transaction exemption. The administrator shall view the following as reasons for entering an order under Iowa Code section 502.204 to deny or revoke an exemption provided under Iowa Code section 502.202(14):

1. A public advertisement is used to promote the sale of securities for which such exemption is claimed; or
2. The offering is part of a registered offering under the Securities Act of 1933.

This rule is intended to implement Iowa Code section 502.204.

191—50.87(502) Nonprofit securities exemption.

50.87(1) Church extension funds or similar organizations making continuous offerings shall be exempt pursuant to Iowa Code section 502.201(7) "b" provided the issuer:

- a. Applies for the exemption;
- b. Files an offering circular and otherwise substantially complies with the NASAA Statement of Policy Regarding Church Extension Funds as adopted by the NASAA membership on April 17, 1994, and amended by the NASAA membership on April 18, 2004, and published in CCH NASAA Reports at paragraph 1951;

- c. Files all sales and advertising literature;
- d. Files a consent to service of process;
- e. Unless disallowed by the administrator within 15 days after the applicant has filed the items required by paragraphs 50.87(1)“a” to “d,” is authorized beginning 15 days after the filing is received to sell pursuant to the exemption;
- f. After authorization, may sell securities for a period of 12 months; and
- g. Upon the expiration of the 12-month period in paragraph 50.87(1)“f,” files a renewal application that complies with the requirements of this subrule.

50.87(2) Church bonds and other one-time offerings for a single specific project shall be exempt pursuant to Iowa Code section 502.201(7)“a” provided the issuer:

- a. Files a notice specifying the material terms of the offering that comply with the NASAA Statement of Policy Regarding Church Bonds as adopted by the NASAA membership on April 14, 2002, and published in CCH NASAA Reports at paragraph 1001; and
- b. Files a consent to service of process.

This rule is intended to implement Iowa Code section 502.201(7).

191—50.88(502) Transactions with specified investors. The administrator grants the exemption for transactions with specified investors to the following persons:

50.88(1) Any director, executive officer, or general partner of the issuer of the securities being offered or sold, or any director, executive officer, or general partner of a general partner of that issuer.

50.88(2) Any natural person whose individual net worth, or joint net worth with that person’s spouse, at the time of the purchase exceeds \$1 million, excluding the value of the primary residence of the natural person.

50.88(4) Any venture or seed capital company. For purposes of this subrule, a venture or seed capital company is a corporation, partnership or association that has been in existence for five years or whose net assets exceed \$250,000 and whose primary business is investing in developmental stage companies or “eligible small business companies” as that term is defined in the regulations of the Small Business Administration.

This rule is intended to implement Iowa Code section 502.202(13).

50.90(2) Exemption from registration.

a. Under the authority delegated to the administrator to promulgate rules in Iowa Code sections 502.203 and 502.605(1), a transaction is exempt from the registration provisions of the Act if all of the conditions in subparagraphs (1) to (4) are met:

(1) The issuer of the securities is at the time of any offers and sales a person that is a resident and doing business within the state of Iowa. The issuer shall be deemed to be a resident of the state of Iowa if it has its principal place of business in Iowa. The issuer shall be deemed to be doing business within Iowa if the issuer satisfies at least one of the following requirements:

1. The issuer derived at least 80 percent of its consolidated gross revenues from the operation of a business or of real property located in or from the rendering of services within the state of Iowa.

2. The issuer had, at the end of its most recent semiannual fiscal year prior to an initial offer of securities in any offering or subsequent offering pursuant to this rule, at least 80 percent of its assets and those of its subsidiaries on a consolidated basis located in the state of Iowa.

4. A majority of the issuer’s employees are based in the state of Iowa.

(2) Sales of securities pursuant to this rule are made only to residents of the state of Iowa or to persons who the issuer reasonably believes, at the time of the sale, are residents of the state of Iowa. An individual shall be deemed to be a resident of the state of Iowa if such individual has, at the time of sale, the individual’s principal residence in the state of Iowa. A trust that is not deemed by Iowa law to be a separate legal entity is deemed to be a resident of the state of Iowa only if all of the trust’s trustees are residents of the state of Iowa. For purposes of determining the residence of a purchaser:

1. A corporation, partnership, limited liability company, trust or other form of business organization shall be deemed a resident of the state of Iowa if, at the time of sale to it, it has its principal place of business within the state of Iowa.

2. A corporation, partnership, trust or other form of business organization that is organized for the specific purpose of acquiring securities offered pursuant to this rule shall not be a resident of Iowa unless all of the beneficial owners of such organization are residents of Iowa.

(3) The issuer is not, before or as a result of the offering, any of the following:

1. An investment company registered or required to be registered under the Investment Company Act of 1940 (15 U.S.C. 80a-1 et seq.).

(4) The offering is sold in compliance with the requirements of SEC Rule 147A (17 CFR 230.147A).

b. All offers and sales of securities made in reliance upon this rule shall be made through an intermediary’s Internet site.

50.90(3) Integration.

a. Offers and sales made in reliance on this rule may be integrated with other offers and sales when the following factors apply:

- (1) The sales are part of a single plan of financing;
- (2) The sales involve the issuance of the same class of securities;
- (3) The sales have been made at or about the same time;
- (4) The same type of consideration is received; and
- (5) The sales are made for the same general purpose.

b. Offers and sales made in reliance on this rule shall not be integrated with offers and sales made more than six months before the start of the offering or more than six months after completion of an offering, so long as during those six-month periods there are no offers or sales of securities by or for the issuer that are of the same class or of a similar class as those offered or sold under these rules, other than those offers or sales of securities under an employee benefit plan.

50.90(4) *Bad actor disqualification.*

a. The exemption of 50.90(2) shall not be available if the issuer; any predecessor of the issuer; any affiliated issuer; any director, executive officer, other officer participating in the offering, general partner or managing member of the issuer; any beneficial owner of 20 percent or more of the issuer's outstanding voting equity securities, calculated on the basis of voting power; any promoter connected with the issuer in any capacity at the time of such offer or sale; any investment manager of an issuer that is a pooled investment fund; any person that has been or will be paid (directly or indirectly) remuneration for solicitation of purchasers in connection with such offer or sale of securities; any general partner or managing member of any such investment manager or solicitor; or any director, executive officer, or other officer participating in the offering of any such investment manager or solicitor or general partner or managing member of such investment manager or solicitor:

2. Places limitations on the activities, functions or operations of such person; or

3. Bars such person from being associated with any entity or from participating in the offering of any penny stock;

b. Paragraph 50.90(4) "a" shall not apply under either of the following circumstances:

(1) Upon a showing of good cause and without prejudice to any other action by the commissioner, if the commissioner determines that it is not necessary under the circumstances that the exemption be denied; or

(2) If the issuer establishes that it did not know and, in the exercise of reasonable care, could not have known that a disqualification existed under this subrule. An issuer will not be able to establish that it has exercised reasonable care unless it has made, in light of the circumstances, factual inquiry into whether any disqualifications exist. The nature and scope of the factual inquiry will vary based on the facts and circumstances concerning, among other things, the issuer and the other offering participants.

c. Events relating to any affiliated issuer that occurred before the affiliation arose will be not considered disqualifying if the affiliated entity is not:

50.90(5) Filing requirements for issuers.

1. The time period in which the offering was open.

2. The number of shares or units sold in the offering.

50.90(7) *Escrow agreement.* The issuer must enter into an escrow agreement with an independent escrow agent to hold funds in an escrow account, and the escrow agreement shall include all of the following terms:

a. All offering proceeds shall be maintained in an account controlled by the escrow agent.

b. All offering proceeds will be released to the issuer only when the aggregate capital raised from all purchasers that have signed commitments to invest is equal to or greater than the minimum

offering amount disclosed in the offering materials submitted to the administrator with the issuer's filing of paragraph 50.90(5) "a."

c. If the proceeds do not meet the minimum offering amount disclosed in the offering materials within one year of the earlier of the commencement of the offering or the first posting of the offering on the Internet, the issuer shall return all funds to investors.

d. None of the following shall have any claim to the escrowed proceeds:

f. The commissioner may inspect the records of the impound account maintained by the escrow agent at any reasonable time at the location of the records and copy any record.

g. The escrow agreement must be signed by an officer of the issuer and an authorized representative of the escrow agent.

h. The escrow agent may not be affiliated with the issuer, any Iowa crowdfunding portal assisting with the offering, or any officers, director, managing member, or affiliate of the issuer or any intermediary assisting with the offering.

i. If the minimum offering amount is not received by the end of the offering period, the proceeds shall be returned to the purchasers within 30 days.

j. All purchasers shall have the right to withdraw their investments, without deduction of any kind, until such time as offering proceeds totaling at least the minimum offering amount are received.

50.90(8) Disclosure requirements for issuers.

a. Nothing in this exemption is intended to or should be in any way construed as relieving issuers or persons acting on behalf of issuers from providing disclosure to prospective investors adequate to satisfy the requirements of rule 191—50.90(502) and the antifraud provisions of Iowa Code chapter 502. The issuer is required to provide full and fair disclosure to investors of all material facts relating to the issuer and the securities being offered. If eligible, the issuer may use Form U-7, which may be obtained from the NASAA website at www.nasaa.org.

These records are subject to such reasonable audits or inspections by the administrator or a representative of the administrator as the administrator considers necessary or appropriate in the public interest and for the protection of investors. An audit or inspection may be made at any time and without prior notice. The administrator may copy, and remove for audit

or inspection copies of, all records the administrator reasonably considers necessary or appropriate to conduct the audit or inspection.

a. *Maintenance of intermediary website.* An Iowa crowdfunding intermediary shall create and maintain the intermediary website and make information and services available on or through the intermediary website in compliance with this rule.

b. *Background and regulatory checks.* Prior to offering securities to residents of Iowa, the intermediary shall conduct a reasonable investigation of the background and history of each issuer whose securities are offered on the intermediary website and of each issuer's control persons. "Control persons" for the purpose of this subrule means the issuer's officers; directors; or other persons having the power, directly or indirectly, to direct the management or policies of the issuer, whether by contract or otherwise; and persons holding more than 20 percent of the outstanding equity of the issuer. The intermediary shall deny an issuer access to the intermediary website if there is a reasonable basis to believe that one or more of the following are true:

(1) The issuer or any of its control persons is subject to disqualification under subrule 50.90(3).

(2) The issuer has engaged in, the issuer is engaging in, or the offering involves any act, practice, or course of business that will, directly or indirectly, operate as a fraud or deceit upon any person.

(3) The intermediary cannot adequately or effectively assess the risk of fraud by the issuer or by the issuer's potential offering.

c. *Purchaser screening.* Before a security is sold through the intermediary, the intermediary shall ensure that the purchaser does all of the following:

(1) Reviews the information provided in the offering documents.

(2) Provides to the intermediary an affirmative representation from the purchaser acknowledging receipt of the disclosure statement provided to the purchaser by the issuer pursuant to subrule 50.90(8).

2. The identity of the executive officers, directors, and managers, including their titles and their prior experience and the identity of all persons owning more than 20 percent of the ownership interests of any class of securities of the company.

3. A description of the securities being offered and any outstanding securities of the company, the amount of the offering, and the percentage of ownership of the company represented by the offered securities.

e. Intermediary website forum. The intermediary shall maintain a forum on the intermediary website. The forum shall be available to all potential purchasers as well as to the administrator. The intermediary website shall contain a disclaimer that reflects that access to securities offered on the intermediary website is limited to Iowa residents and that sales of the securities appearing on the intermediary website are limited to persons that are Iowa residents. Potential purchasers may ask questions and receive answers concerning the terms and conditions of the offering and may obtain additional information which the crowdfunding issuer possesses or can acquire without unreasonable effort or expense necessary to verify the accuracy of or to clarify the information provided on the intermediary website. The intermediary may adopt reasonable rules and procedures for the website forum, including registration and authentication requirements.

f. Enforcement of limits. The intermediary shall take reasonable measures to ensure that no purchaser exceeds the limits set forth in Iowa Code section 502.202(24) “c” and “d.”

50.90(14) Advertising and communications.

a. Advertising. The crowdfunding issuer shall not advertise the specific details of the offering, except for notices which direct potential purchasers to the intermediary website. Notwithstanding the foregoing, the issuer may distribute a notice that the issuer is conducting an offering of securities, the name of the intermediary through which the offering is being conducted, and a link directing the potential investor to the intermediary. The notice shall contain a disclaimer that the sale of the security is limited to persons who are Iowa residents.

b. Communications. All communications between the issuer and potential purchasers taking place pursuant to Iowa Code section 502.202(24) shall occur through the intermediary website of the intermediary. During the time the securities are being offered on the intermediary website, the intermediary shall, pursuant to paragraphs 50.90(11) “d” and “e,” provide channels through which potential purchasers can communicate with one another and with the issuer about the securities being offered. These communications shall be visible to all those with access to the intermediary website.

(1) An issuer shall respond within ten days to requests for information made by potential purchasers or by the administrator through the intermediary website.

(2) If such additional information is material and not previously included on the intermediary website, the crowdfunding issuer and the Iowa crowdfunding portal shall immediately amend the information contained on the intermediary website.

50.90(15) Offering price. The offering price of the securities offered and sold pursuant to this exemption shall be the same for all purchasers and shall not be increased during the offering period. The offering price may be lowered, but only if all previous purchasers in the particular offering are notified of the change and allowed to rescind their previous investment and participate at the lower offering price.

50.90(16) Resale of securities. On the document that is to serve as evidence of ownership, the issuer shall place a prominent notice which states that the securities have not been registered and which sets forth limitations on resale contained in SEC Rule 147A(e) (17 CFR 230.147A(e)), including that, for a period of six months from the date of last sale by the issuer of the securities in the offering, resale by any person shall be made only to Iowa residents.

This rule is intended to implement Iowa Code section 502.202.

DIVISION VII
FRAUD AND OTHER PROHIBITED CONDUCT

191—50.100(502) Fraudulent practices.

50.100(1) An issuer of securities registered under the Act, or any person who is an officer, director or controlling person of such issuer, is presumed to employ a “device, scheme or artifice to defraud” the purchasers of such securities under Iowa Code section 502.501(1) if such person applies, authorizes or causes to be applied any material part of the proceeds from the sale of such securities in any material way contrary to the purposes specified in the prospectus used in offering such securities and not reasonably related to the business of the issuer as described in the prospectus.

50.100(2) A broker-dealer or agent employing one or more of the following practices engages in an “act, practice, or course of business which operates or would operate as a fraud” under Iowa Code section 502.501(3):

a. Entering into any security transaction with a customer at an unreasonable price or at a price not reasonably related to the current market price of the security or receiving an unreasonable commission or profit.

b. Contradicting or negating the importance of any information contained in a prospectus or other offering materials with intent to deceive or mislead or using any advertising or sales presentation in a deceptive or misleading manner.

c. In connection with the offer, sale, or purchase of a security, falsely leading a customer to believe that the broker-dealer or agent possesses material, nonpublic information impacting the value of the security.

d. In connection with the solicitation of a sale or purchase of a security, engaging in a pattern or practice of making contradictory recommendations to different investors of similar investment objectives for some to sell and others to purchase the same security, at or about the same time, when the recommendation is not justified by the particular circumstances of each investor.

e. Failing to make a bona fide public offering of all the securities allotted to a broker-dealer for distribution by, among other things, (1) transferring securities to a customer, another broker-dealer or a fictitious account with the understanding that those securities will be returned to the broker-dealer or its nominees, or (2) parking or withholding securities.

f. Effecting any transaction in, or inducing the purchase or sale of, any security by means of any manipulative, deceptive or other fraudulent device or contrivance including, but not limited to, the use

of “boiler-room” tactics such as repeated or harassing unsolicited telephone calls or the use of fictitious or nominee accounts.

50.100(3) Although nothing in this rule precludes applying the general antifraud provisions to any person who engages in practices similar to paragraphs “a” through “h” listed below, the listed practices apply only to soliciting a purchase or sale of OTC non-NASDAQ equity securities and excludes interests in direct participation programs and shares in open-end mutual funds:

- a. Failing to disclose the entity’s present bid and ask price of a particular security at the time of solicitation.
- b. Failing to advise the customer, both at the time of solicitation and on confirmation, of the total of all charges and fees related to a specific securities transaction.
- c. In connection with a principal transaction, failing to disclose, both at the time of solicitation and upon confirmation, a short inventory position in the entity’s account of more than 5 percent of the issued and outstanding shares of that class of securities of the issuer, if the entity is a market maker at the time of solicitation.
- d. Conducting sales contests in a particular security.
- e. After a solicited purchase by a customer, failing or refusing, for a principal transaction, to promptly execute sell orders.
- f. Refusing to sell existing securities held by the customer unless the customer executes a purchase transaction.
- g. Soliciting a secondary market when there has not been a bona fide distribution in the primary market.
- h. Engaging in a pattern of compensating an agent in different amounts for effecting sales and purchases in the same security.

This list is not intended to be all-inclusive. Engaging in other conduct including, but not limited to, forgery, embezzlement, conversion, nondisclosure, incomplete disclosure or misstatement of material facts may also be deemed fraudulent.

This rule is intended to implement Iowa Code section 502.501.

- d. A statement that the offeree’s right to bring an action under the Act may be lost unless the offeree accepts the offer within 30 days after receiving the offer, or any shorter period, of not less than three days, that the administrator, by order, specifies.
- e. Sufficient information about the issuer and the security offered to permit the offeree to make an informed decision regarding acceptance of the rescission offer including, but not limited to, information about the issuer’s organization and management, its operations and plan of business, and its financial condition as shown by a current financial statement prepared under generally accepted accounting principles.
- f. A form by which the offeree may accept the offer and a statement explaining that the offeree may accept the offer by returning the form to the offerer at the provided address by first-class mail, or any other type of mail.
- g. If the basis for relief under Iowa Code section 502.510 alleges a violation of Iowa Code section 502.509 which employed a device, scheme, or artifice to defraud, made an untrue statement of material fact necessary in order to make the statement made, in light of the circumstances under which it was

made, not misleading, or engaged in an act, practice, or course of business that operated or would operate as a fraud or deceit on another person, in capital letters and boldface type at least as large as that used in the body of the printed materials, and placed immediately before the signature of the offerer, the following statement:

THIS IS A RESCISSION OFFER MADE PURSUANT TO Iowa Code section 502.510, A COPY OF WHICH IS ON FILE WITH THE IOWA SECURITIES AND REGULATED INDUSTRIES BUREAU. THE BUREAU MAKES NO RECOMMENDATION AS TO WHETHER THE OFFER SHOULD BE ACCEPTED OR REJECTED NOR HAS THE BUREAU PASSED UPON THE ADEQUACY OR ACCURACY OF THIS OFFER.

50.101(2) If the basis for relief under Iowa Code section 502.510 alleges a violation of Iowa Code section 502.509 which employed a device, scheme, or artifice to defraud, made an untrue statement of material fact necessary in order to make the statement made, in light of the circumstances under which it was made, not misleading, or engaged in an act, practice, or course of business that operated or would operate as a fraud or deceit on another person, prior to making a rescission offer pursuant to Iowa Code section 502.510, the offerer shall file with the administrator:

- a. A copy of the rescission offer;
- b. The names and addresses of all holders or sellers who are to receive the rescission offer; and
- c. Financial statements proving that the offerer's assets are sufficient to meet its obligations should all offerees accept the rescission offer.

50.101(3) Rescission offers made pursuant to Iowa Code section 502.510 shall be tendered to all persons to whom liability exists or may exist pursuant to Iowa Code section 502.509.

50.101(4) A rescission offer may be accepted at any time during the period stated in the rescission offer even if an offeree previously rejected the offer.

50.101(5) Rescission offers are subject to the provisions of Iowa Code sections 502.501, 502.501A, 502.505, 502.506, and 502.506A.

50.101(6) The administrator may, in the administrator's discretion, require proof by the offerer of compliance with this rule and the terms of the rescission offer.

50.101(7) A proposal or the making of a rescission offer shall not limit the administrator's administrative or enforcement authority provided by the Act.

This rule is intended to implement Iowa Code sections 502.509 and 502.510.

191—50.102(502) Fraudulent, deceptive or manipulative act, practice, or course of business in providing investment advice.

The prohibitions of this subrule shall not apply to any transaction with a customer of a broker-dealer if such broker-dealer is not acting as an investment adviser in relation to such transaction.

50.102(2) It shall constitute a fraudulent, deceptive or manipulative act, practice, or course of business for an investment adviser or an investment adviser representative to fail to disclose to any client or prospective client all material facts regarding financial and disciplinary information as provided in 17 CFR Section 275.206(4)-4.

50.102(3) Pooled investment vehicles.

(2) Otherwise engage in any act, practice, or course of business that is fraudulent, deceptive, or manipulative with respect to any investor or prospective investor in the pooled investment vehicle.

b. For purposes of this subrule, “pooled investment vehicle” means any investment company as defined in Section 3(a) of the Investment Company Act of 1940 (15 U.S.C. 80a-3(a)) or any company that would be an investment company under Section 3(a) of that Act but for the exclusion provided from that definition by either Section 3(c)(1) or Section 3(c)(7) of that Act (15 U.S.C. 80a-3(c)(1) or (7)).

This rule is intended to implement Iowa Code section 502.502(2).

191—50.103(502) Investment advisory contracts.

50.103(1) It is unlawful for any investment adviser to enter into, extend, or renew any investment advisory contract unless the contract provides in writing all of the following:

b. That no assignment of the contract may be made by the investment adviser without the consent of the other party to the contract.

c. That the investment adviser, if a partnership, shall notify the other party to the contract of any change in the membership of the partnership within a reasonable time after the change.

50.103(2) The provisions of subrule 50.103(1) shall be construed consistent with Sections 205(b) through (d) of the Investment Advisers Act of 1940, the terms of which shall be defined by Investment Advisers Act of 1940 Rules 275.205-1 and 275.205-2.

IMPORTANT RISK DISCLOSURE INFORMATION—READ BEFORE SIGNING ANY
VIATICAL SETTLEMENT INVESTMENT CONTRACT.

The disclosure must include, at a minimum, the following information:

1. That the actual annual rate of return on any viatical settlement investment contract is dependent upon an accurate projection of the viator's life expectancy and the actual date of the viator's death and that an annual "guaranteed" rate of return is not possible;
2. Whether, after purchasing the viatical settlement investment contract, the investor will be responsible for payment of premiums on the contract if the viator lives longer than projected and if the investor will be responsible for such premiums, the amount of the premium payment and any resulting negative effect on the investor's return;
3. Whether any premium payments on the contract have been escrowed and, if so, the date upon which the escrowed funds will be depleted, who is responsible for payment of premiums after depletion of the funds, and, if applicable, the amount of the premiums;
4. Whether any premium payments on the contract have been waived, whether the investor will be responsible for payment of the premiums if the insurer who wrote the policy terminates the waiver after purchase, and, if applicable, the amount of the premiums;
5. Whether the investor is responsible for payment of premiums on the contract if the viator returns to health and, if applicable, the amount of the premiums;
6. Whether the investor is entitled to all or part of the investor's investment under the contract if the viator's underlying policy is later determined to be null and void;
7. Whether the insurance policy is a group policy and, if so, the special risks associated with group policies including, but not limited to, whether the investor is responsible for payment of additional premiums if the policies are sold or converted;
8. Whether the insurance policy is term insurance and, if so, the special risks associated with term insurance including, but not limited to, whether the investor is responsible for additional premium costs if the viator continues the term policy at the end of the current term;
9. Whether the investor will be the beneficiary or owner of the insurance policy and, if the investor is the beneficiary, the special risks associated with beneficiary status;
10. Whether the insurance policy is contestable and, if so, the special risks associated with contestability including, but not limited to, the risk that the investor will have no claim or only a partial claim to death benefits should the insurer cancel the policy within the contestability period;
11. Who is making the projection of the viator's life expectancy, the information upon which the projection is based, and the relationship of the projection maker to the issuer;
12. Who is monitoring the viator's condition, how often the monitoring is done, how the date of death is determined, and how and when this information will be transmitted to the investor;
13. Whether the insurer who wrote the viator's underlying policy has any additional rights which could negatively affect or extinguish the investor's rights under the viatical settlement investment contract, what these rights are, and under what conditions these rights are activated;
14. That a viatical settlement investment contract is not a liquid investment and that there is no established secondary market for resale of these products by the investor;
15. That the investor will receive no returns (i.e., dividends and interest) until the viator dies; and
16. That the investor may lose all benefits or receive substantially reduced benefits if the insurer goes out of business during the term of the viatical investment.

This rule is intended to implement Iowa Code sections 502.102, 502.201(9E) and 502.301.

- c. A brief description of the security, including minimum purchase requirements and liquidity aspects;
- d. If a rate of return is advertised, it must be stated as the annual average rate of return, with a disclaimer that this is an annual average rate of return, that individual investor rates of return will vary based upon the viator's projected and actual date of death, and that an annual rate of return on a viatical settlement investment contract cannot be guaranteed;
- e. The name, address and telephone number of the agent of the issuer authorized to sell the viatical settlement investment contracts;
- f. A statement that the advertisement is neither an offer to sell nor a solicitation of an offer to purchase and that any offer or solicitation may only be made by providing a disclosure document; and
- g. How a copy of the disclosure document may be obtained.

50.112(3) Notwithstanding the provisions of rule 191—50.69(502), certain viatical settlement investment contract advertisements may be deemed false and misleading on their face by the administrator and are prohibited pursuant to Iowa Code sections 502.501 and 502.504. False and misleading viatical settlement investment contract advertisements include, but are not limited to, the following representations:

- b. “No risk,” “minimal risk,” “low risk,” “no speculation,” “no fluctuation,” or similar representations;
- c. “Qualified or approved for IRA, Roth IRA, 401K, SEP, 403B, Keogh plans, TSA, other retirement account rollovers,” “tax deferred,” or similar representations;
- d. “Guaranteed fixed return,” “guaranteed annual return,” “guaranteed principal,” “guaranteed earnings,” “guaranteed profits,” “guaranteed investment,” or similar representations;
- e. “No sales charges or fees” or similar representations;
- f. “High yield,” “superior return,” “excellent return,” “high return,” “quick profit,” or similar representations;
- g. “Perfect investment,” “proven investment,” or similar representations;
- h. Purported favorable representations or testimonials about the benefits of viaticals as an investment, taken out of context from newspapers, trade papers, journals, radio or television programs, or any other form of print or electronic media.

50.112(4) For purposes of this rule, the term “advertisement” includes any written, electronic or printed communication or any communication by means of recorded telephone messages or transmitted on radio, television, the Internet, or similar communications media, including filmstrips, motion pictures, and videos, published in connection with the offer or sale of a viatical settlement investment contract.

This rule is intended to implement Iowa Code sections 502.102, 502.301, and 502.504.

191—50.113(502) Duty to disclose. Issuers and agents equally share an affirmative duty to disclose all relevant and material information to prospective investors in viatical settlement investment contracts. The required disclosure is the registration statement required by Iowa Code section 502.304 which has been reviewed and made effective by the administrator.

This rule is intended to implement Iowa Code sections 502.102 and 502.201(9E).

CHAPTER 55
LICENSING OF PUBLIC ADJUSTERS

191—55.1(82GA, HF499) Purpose. The purpose of this chapter is to govern the qualifications and procedures for licensing public adjusters in this state and to specify the duties of and restrictions on public adjusters, including limitation of such licensure to assisting only insureds with first-party claims.

191—55.2(82GA, HF499) Definitions. As used in this chapter, unless the context otherwise requires:

“Business entity” means a corporation, association, partnership, limited liability company, limited liability partnership, or any other legal entity.

“Catastrophic disaster,” according to the Federal Response Plan, means an event that results in large numbers of deaths and injuries; causes extensive damage or destruction of facilities that provide and sustain human needs; produces an overwhelming demand on state and local response resources and mechanisms; causes a severe long-term effect on general economic activity; and severely affects state, local and private sector capabilities to begin and sustain response activities. A catastrophic disaster shall be declared by the President of the United States or the governor of the state or district in which the disaster occurred.

“Commissioner” means the Iowa insurance commissioner.

“Division” means the Iowa insurance division.

“Fingerprints” means an electronic impression of the lines on a human finger taken for the purposes of identification.

“First-party claim” means a claim filed by a person insured under the insurance policy against which the claim is made.

“Home state” means the District of Columbia and any state or territory of the United States in which the public adjuster’s principal place of residence or principal place of business is located. If neither the state in which the public adjuster maintains the principal place of residence nor the state in which the public adjuster maintains the principal place of business has a substantially similar law governing public adjusters, the public adjuster may declare another state in which it becomes licensed and acts as a public adjuster to be the “home state.”

“Individual” means a natural person.

“Insured” means a person insured under the insurance policy against which the claim is made.

“NAIC” means the National Association of Insurance Commissioners.

“NIPR Gateway” means the communication network developed and operated by the National Insurance Producer Registry that links state insurance regulators with the entities they regulate to facilitate the electronic exchange of, among other things, public adjuster information regarding license applications, license renewals, appointments and terminations. The National Insurance Producer Registry is a nonprofit affiliate of the NAIC. The NIPR’s Web site is www.licenseregistry.com.

“Person” means an individual or a business entity.

“Producer database” means the national database of insurance producers maintained by the NAIC.

“Public adjuster” means any person who, for compensation or any other thing of value, acts on behalf of an insured by doing any of the following:

1. Acting for or aiding an insured in negotiating for or in effecting the settlement of a first-party claim for loss or damage to real or personal property of the insured.
2. Advertising for employment as a public adjuster of first-party claims or otherwise soliciting business or representing to the public that the person is a public adjuster of first-party claims for loss or damage to real or personal property of an insured.
3. Directly or indirectly soliciting the business of investigating or adjusting losses, or of advising an insured about first-party claims for loss or damage to real or personal property of the insured.

“Uniform business entity application” means the current version of the NAIC’s uniform business entity application for resident and nonresident business entities.

“Uniform individual application” means the current version of the NAIC’s uniform individual application for resident and nonresident individuals.

191—55.3(82GA, HF499) License required to operate as public adjuster.

55.3(1) A person shall not operate as or represent that the person is a public adjuster in this state unless the person is licensed by the division in accordance with this chapter.

55.3(2) A person licensed as a public adjuster in accordance with this chapter shall assist only insureds with first-party claims.

55.3(3) Notwithstanding subrule 55.3(1), a license as a public adjuster shall not be required of the following:

- a. An attorney-at-law admitted to practice in this state, when acting in the attorney's professional capacity as an attorney;
- b. A person who negotiates or settles claims arising under a life or health insurance policy or an annuity contract;
- c. A person employed only for the purpose of obtaining facts surrounding a loss or furnishing technical assistance to a licensed public adjuster, including photographers, estimators, private investigators, engineers and handwriting experts;
- d. A licensed health care provider, or an employee of a licensed health care provider, who prepares or files a health claim form on behalf of a patient; or
- e. A person who settles subrogation claims between insurers.

191—55.4(82GA, HF499) Application for license.

55.4(1) A person applying for a public adjuster license shall make application on a uniform individual application or uniform business entity application available from the division by mail, through the division's Web site (www.iid.state.ia.us), or as otherwise directed by the division.

55.4(2) Each individual resident applying for a public adjuster license shall be required to submit an electronic set of fingerprints with the application, through the division's testing vendor, which shall be used by the division to determine the eligibility of the applicant for a license.

191—55.5(82GA, HF499) Issuance of resident license.

55.5(1) *License of individual.* A resident individual acting as a public adjuster is required to obtain a resident public adjuster license. Application shall be made using the uniform individual application. Before approving the application, the division shall find that the applicant:

- a. Either is eligible to designate this state as the individual's home state, or is a nonresident who is not eligible for a license under rule 55.8(82GA, HF499);
- b. Has not committed any act that is a ground for denial, suspension or revocation of a license as set forth in rule 55.17(82GA, HF499);
- c. Is trustworthy, reliable, and of good reputation, evidence of which may be determined by the division;
- d. Is financially responsible to exercise the license and has provided proof of financial responsibility as required in rule 55.10(82GA, HF499);
- e. Has paid the fees set forth in rule 55.20(82GA, HF499);
- f. Maintains an office in the home state of residence with public access by reasonable appointment or regular business hours;
- g. Is at least 18 years of age; and
- h. Has successfully passed the public adjuster examination pursuant to rule 55.6(82GA, HF499).

55.5(2) *License of business entity.* A business entity acting as a public adjuster is required to obtain a public adjuster license. Application shall be made using the uniform business entity application. Before approving the application, the division shall find that the business entity has:

- a. Paid the fees set forth in rule 55.20(82GA, HF499);
- b. Designated a licensed public adjuster responsible for the business entity's compliance with the insurance laws, rules and regulations of this state; and
- c. Designated a licensed individual public adjuster responsible for the business entity's compliance with the insurance laws, rules, and regulations of this state.

55.5(3) *Supplemental documentation.* The division may require the applicant for either type of license to supply any documents reasonably necessary to verify the information contained in the application.

191—55.6(82GA, HF499) Public adjuster examination.

55.6(1) A resident individual applying for a public adjuster license under this chapter shall pass a written examination, unless exempt pursuant to rule 55.7(82GA, HF499). The examination shall test the knowledge of the individual concerning the duties and responsibilities of a public adjuster and the insurance laws and regulations of this state. Examinations required by this rule shall be conducted as prescribed by the division.

55.6(2) Each resident individual applying for an examination shall remit a nonrefundable fee as prescribed by the division and set forth in rule 55.20(82GA, HF499).

55.6(3) A resident individual who fails to appear for the examination as scheduled or fails to pass the examination shall reapply for an examination and remit all required fees and forms before being scheduled for another examination.

55.6(4) The division may make arrangements, including contracting with an outside testing service, for administering examinations and collecting the fee set forth in rule 55.20(82GA, HF499).

191—55.7(82GA, HF499) Exemptions from examination.

55.7(1) An individual who applies for a public adjuster license in this state who was previously licensed as a public adjuster in another state based on a public adjuster examination shall not be required to complete an examination in this state. However, an individual who moves to this state and who was previously licensed as a public adjuster in another state based on a public adjuster examination shall make application within 90 days of establishing legal residence to become a resident licensed public adjuster pursuant to rule 55.5(82GA, HF499). No examination shall be required of that individual to obtain a public adjuster license. This exemption is available only:

a. If the individual is currently licensed in the other state or if the application is received within 12 months of the cancellation of the applicant's previous license; and

b. If the other state issues a certification that the applicant is licensed and in good standing in that state or was licensed and in good standing at the time of cancellation or if the state's producer database records, or records maintained by the NAIC, its affiliates, or subsidiaries, indicate that the public adjuster is or was licensed and in good standing.

55.7(2) An individual who applies for a public adjuster license in this state who was previously licensed as a public adjuster in this state shall not be required to complete an examination. This exemption is only available if the application is received within 12 months of the termination of the applicant's previous license in this state and if, at the time of termination, the applicant was in good standing in this state.

191—55.8(82GA, HF499) Nonresident license reciprocity.

55.8(1) Unless denied licensure pursuant to rule 55.12(82GA, HF499), an individual for whom Iowa is not the individual's home state, but whose home state awards nonresident public adjuster licenses to residents of Iowa on the same basis, must satisfy the following requirements to obtain an Iowa nonresident public adjuster license:

a. Be licensed as a resident public adjuster and in good standing in the individual's home state;

b. Submit a proper request for licensure to the division through the NIPR Gateway; and

c. Pay the appropriate fees required, as set forth in rule 55.20(82GA, HF499).

55.8(2) The division may verify the public adjuster's licensing status through the producer database maintained by the NAIC, its affiliates, or subsidiaries.

55.8(3) As a condition to continuation of a public adjuster license issued under this rule, the licensed public adjuster shall maintain a resident public adjuster license in the licensed public adjuster's home state. The nonresident public adjuster license issued under this chapter shall terminate and be surrendered immediately to the division if the home state public adjuster license terminates for any reason, unless

the individual has been issued a license as a resident public adjuster in the individual's new home state. The individual shall notify the state or states where nonresident public adjuster licenses are issued as soon as possible, but no later than 30 days after the change to the new state's resident public adjuster license. The licensed public adjuster shall include both the new and the old addresses in the notice. A new state resident public adjuster license is required for the Iowa nonresident public adjuster license to remain valid. The new state resident public adjuster license must have reciprocity with Iowa as set forth in subrule 55.8(1) for the nonresident public adjuster license not to terminate. No fee or license application is required. If the new resident state is actively participating in the producer database, a letter of certification is not required. A nonresident licensed public adjuster who moves to Iowa and wishes to retain the nonresident license must file a change of address with the division within 90 days of the change of legal residence.

55.8(4) If an individual's home state does not license public adjusters or does not award nonresident public adjuster licenses to residents of Iowa on the same basis, the nonresident individual shall follow the procedures for obtaining a license set out in rule 55.5(82GA, HF499).

191—55.9(82GA, HF499) Terms of licensure. Unless denied licensure under this chapter or under 2007 Iowa Acts, House File 499, sections 24 to 29, persons who have met the requirements of this chapter and 2007 Iowa Acts, House File 499, sections 24 to 29, shall be issued a public adjuster license.

55.9(1) Content of license. The license shall contain the public adjuster's name, city and state of business address, license number, the date of issuance, the expiration date, and any other information the division deems necessary. The license number shall be the same as the public adjuster's National Insurance Producer Registry (NIPR) national producer number (NPN). The division will not send a paper license to the public adjuster, but public adjusters may download and print licenses through the division's Web site, www.iid.state.ia.us.

55.9(2) Term of license. A public adjuster license shall remain in effect for a term of two years, unless revoked, terminated or suspended, and may be continually renewed as long as the request for renewal is received, the fee set forth in rule 55.20(82GA, HF499) is paid, and any other requirements for license renewal are met by the renewal due date. The license term shall be as follows:

a. For an individual public adjuster, the two-year-and-one-month period of time beginning on the first day of the public adjuster's birth month and ending on the last day of the public adjuster's birth month in the renewal year.

b. For a business entity public adjuster, the two-year-and-one-month period of time, including the year of application, beginning on the first day of the month of the business entity's formation date and ending on the last day of the month of the business entity's formation date. By arrangement with the division, a business entity may choose a different month for its license term.

55.9(3) Suspension for returned payment. If the division issues or renews a public adjuster license and subsequently determines that payment by check for the license or renewal was returned to the division by a bank without payment, or that the credit card company does not approve or cancels or refuses amounts charged to the credit card, the license shall be immediately suspended until the payments are made and any fees or penalties charged by the division are paid, at which time the license may be reinstated. The individual may request a hearing within 30 days of receipt of notice by the division that the license was suspended.

55.9(4) Change in name, address or state of residence.

a. Name change. If a licensed public adjuster's name is changed, the licensed public adjuster must file notification with the division within 30 days of the name change. Notification may be filed via electronic mail to producer.licensing@iid.state.ia.us, or through the NIPR Gateway, if available. The notification must include the licensed public adjuster's:

- (1) Former name;
- (2) License number; and
- (3) New name.

b. Address change. If a licensed public adjuster's address is changed, including an E-mail address, the licensed public adjuster must file notification with the division within 30 days of the address change.

Notification may be filed via electronic mail to producer.licensing@iid.state.ia.us, or through the NIPR Gateway, if available. The notification must include the licensed public adjuster's:

- (1) Name;
- (2) License number;
- (3) Previous address; and
- (4) New address. A licensed public adjuster may designate a business address instead of a resident address at the option of the licensed public adjuster.

c. Change in state of residence. A nonresident licensed public adjuster who moves from one state to another state or an Iowa resident licensed public adjuster who moves to another state and wishes to retain an Iowa license must comply with subrule 55.8(3).

55.9(5) Reporting of actions.

a. A licensed public adjuster shall report to the division any administrative action taken against the licensed public adjuster in another jurisdiction or by another governmental agency in this state within 30 days of the final disposition of the matter. This report shall include a copy of the order, consent to order, or other relevant legal documents.

b. Within 30 days of the initial pretrial hearing date, a licensed public adjuster shall report to the division any criminal prosecution of the licensed public adjuster taken in any jurisdiction. The report shall include a copy of the initial complaint filed, the order resulting from the hearing, and any other relevant legal documents.

c. A licensed public adjuster shall report to the division all college student aid commission or child support recovery unit actions taken under or in connection with Iowa Code chapter 261 or 252J and all court orders entered in such actions.

55.9(6) Failure to notify the division or to file reports required by this rule is a violation of this chapter and will subject licensed public adjusters to penalty pursuant to subrule 55.19(82GA, HF499).

55.9(7) Renewal of license.

a. A person licensed as a public adjuster must apply for renewal of the license prior to the expiration date of the license.

b. Public adjuster licenses may be renewed only through the NIPR Gateway, or as otherwise directed by the division.

c. Failure to renew a license and to pay appropriate fees prior to the expiration date of the license will result in expiration of the license.

d. A resident public adjuster may reinstate an expired license up to 12 months after the license expiration date by submitting a request to the division and by paying a reinstatement fee and license renewal fees, as set forth in rule 55.20(82GA, HF499). A resident public adjuster who fails to apply for license reinstatement within 12 months of the license expiration date must apply for a new license.

e. A nonresident public adjuster may reinstate an expired license up to 12 months after the license expiration date by submitting a request to the division through the NIPR Gateway and by paying a reinstatement fee and license renewal fee. A nonresident public adjuster who fails to apply for license reinstatement within 12 months of the license expiration date must apply for a new license.

f. A licensed public adjuster that is unable to comply with license renewal procedures due to military service, a long-term medical disability, or some other extenuating circumstance may make a request to the division for a waiver of those procedures.

55.9(8) Division functions.

a. If a licensed public adjuster has provided an E-mail address to the division, the division has the option to send information to the licensed public adjuster through E-mail rather than through United States mail.

b. In order to assist in the performance of the division's duties, the division may contract with nongovernmental entities, including the NAIC or any affiliates or subsidiaries that the NAIC oversees, to perform any ministerial functions that the division may deem appropriate, including the collection of fees and data related to licensing.

191—55.10(82GA, HF499) Evidence of financial responsibility.

55.10(1) Prior to the issuance of a license as a public adjuster and for the duration of the license, an applicant shall secure evidence of financial responsibility in a format prescribed by the division through a surety bond. The surety bond shall be executed and issued by an insurer authorized to issue surety bonds in this state, which bond:

- a.* Shall be in the minimum amount of \$20,000;
- b.* Shall be in favor of this state and shall specifically authorize recovery by the commissioner on behalf of any person in this state who sustained damages as the result of erroneous acts, failure to act, conviction of fraud, or conviction of unfair practices in the applicant's capacity as a public adjuster; and
- c.* Shall not be terminated unless at least 30 days' prior written notice has been filed with the division and submitted to the licensed public adjuster.

55.10(2) The division may request the evidence of financial responsibility at any time the division deems relevant.

55.10(3) A public adjuster shall immediately notify the division if evidence of financial responsibility terminates or becomes impaired. The authority to act as a public adjuster shall automatically terminate if the evidence of financial responsibility terminates or becomes impaired.

191—55.11(82GA, HF499) Continuing education.

55.11(1) An individual who holds a public adjuster license shall satisfactorily complete a minimum of 24 credits of continuing education, including 2 credits of ethics, reported on a biennial basis in conjunction with the license renewal cycle. "Credit" means 50 minutes of instruction or reading material in an acceptable topic of continuing education.

55.11(2) This rule shall not apply to a licensed public adjuster holding a nonresident public adjuster license who has met the continuing education requirements of the adjuster's home state and whose home state gives credit to residents of this state on the same basis.

55.11(3) Only continuing education courses approved by the division pursuant to 191—Chapter 11, substituting "public adjuster" for "insurance producer," shall be used to satisfy the continuing education requirement of subrule 55.11(1).

191—55.12(82GA, HF499) License denial, nonrenewal or revocation.

55.12(1) The commissioner may place on probation, suspend, revoke or refuse to issue or renew a public adjuster's license or may levy a civil penalty in accordance with Iowa Code section 505.7A or take corrective action pursuant to Iowa Code section 505.8 as amended by 2007 Iowa Acts, House File 499, section 6, or any combination of actions, for any one or more of the following causes:

m. Failing to pay state income tax or to comply with any administrative or court order directing payment of state income tax;

n. Misrepresenting to a claimant that the public adjuster is an adjuster representing an insurer in any capacity, including acting as an employee of the insurer or acting as an independent adjuster, unless so appointed by an insurer in writing to act on the insurer’s behalf for that specific claim or purpose. A licensed public adjuster is prohibited from charging that specific claimant a fee when the public adjuster is appointed by the insurer and the appointment is accepted by the public adjuster;

o. Failing to maintain evidence of financial responsibility as required by rule 55.10(82GA, HF499);

p. For a business entity licensed as a public adjuster, failing to designate only licensed individual public adjusters to exercise the business of the business entity’s license;

q. Failing to report to the division any notifications or actions required to be reported pursuant to rule 55.9(82GA, HF499); or

r. Failing to file reports required by this chapter.

55.12(2) In the event that the action by the commissioner is to deny an application for or not to renew a license, the commissioner shall notify the applicant or licensed public adjuster and advise, in writing, the applicant or licensed public adjuster of the reason for the nonrenewal or denial of the applicant’s or licensed public adjuster’s license. The applicant or licensed public adjuster may request a hearing pursuant to 191—Chapter 3 and Iowa Code chapter 17A.

55.12(3) The license of a business entity may be suspended, revoked or refused if the commissioner finds, after hearing, that an individual licensed public adjuster’s violation was known or should have been known by one or more of the partners, officers or managers acting on behalf of the business entity and the violation was neither reported to the commissioner nor corrective action taken.

55.12(4) In addition to or in lieu of any applicable denial, suspension or revocation of a license, a person may, after hearing, be subject to a civil fine pursuant to Iowa Code section 505.7A, or to other corrective action pursuant to Iowa Code section 505.8 as amended by 2007 Iowa Acts, House File 499, section 6.

55.12(5) The commissioner shall retain the authority to enforce the provisions of and impose any penalty or remedy authorized by this chapter and Iowa Code chapters 505 and 522C against any person who is under investigation for or charged with a violation of this chapter and 2007 Iowa Acts, House File 499, sections 24 to 29, even if the person’s license has been surrendered or has lapsed by operation of law.

191—55.13(82GA, HF499) Reinstatement or reissuance of a license after suspension, revocation or forfeiture in connection with disciplinary matters; and forfeiture in lieu of compliance.

55.13(1) Definitions and scope.

a. The term “reinstatement” as used in this rule means the reinstatement of a suspended license.

b. The term “reissuance” as used in this rule means the issuance of a new license following either the revocation of a license or the forfeiture of a license in connection with a disciplinary matter.

c. This rule does not apply to the reinstatement of an expired license.

55.13(2) Any person licensed in Iowa as a public adjuster whose license has been revoked or suspended by order, or who forfeited a license in connection with a disciplinary matter, may apply to the commissioner for reinstatement or reissuance in accordance with the terms of the order of revocation or suspension or the order accepting the forfeiture.

a. All proceedings for reinstatement or reissuance shall be initiated by the applicant who shall file with the commissioner an application for reinstatement or reissuance of a license.

b. An application for reinstatement or reissuance shall allege facts which, if established, will be sufficient to enable the commissioner to determine that the basis of revocation, suspension or forfeiture of the applicant’s license no longer exists and that it will be in the public interest for the application to be granted. The burden of proof to establish such facts shall be on the applicant.

c. A person licensed as a public adjuster may request reinstatement of a suspended license prior to the end of the suspension term.

d. Unless otherwise provided by law, if the order of revocation or suspension did not establish terms upon which reinstatement or reissuance may occur, or if the license was forfeited, an initial application for reinstatement or reissuance may not be made until at least one year has elapsed from the date of the order of the suspension (notwithstanding paragraph 55.13(2) “*c*”), revocation, or acceptance of the forfeiture of a license.

55.13(3) All proceedings upon the application for reinstatement or reissuance, including matters preliminary and ancillary thereto, shall be held in accordance with Iowa Code chapter 17A. Such application shall be docketed in the original case in which the original license was suspended, revoked, or forfeited, if a case exists.

55.13(4) An order of reinstatement or reissuance shall be based upon a written decision which incorporates findings of fact and conclusions of law. An order granting an application for reinstatement or reissuance may impose such terms and conditions as the commissioner or the commissioner’s designee deems desirable, which may include one or more of the types of disciplinary sanctions provided by this chapter and 2007 Iowa Acts, House File 499, sections 24 to 29. The order shall be a public record, available to the public, and may be disseminated in accordance with Iowa Code chapters 22 and 505.

55.13(5) When a public adjuster’s license has been suspended for a period of time which extends beyond the public adjuster’s license expiration date, the license will terminate at the license expiration date, and the public adjuster must request reinstatement pursuant to subrule 55.10(2). If suspension for a period of time ends prior to the public adjuster’s license expiration date, the division shall reinstate the license at the end of the suspension period. The commissioner is not prohibited from bringing an additional immediate action if the public adjuster has engaged in misconduct during the period of suspension.

55.13(6) A request for voluntary forfeiture of a license shall be made in writing to the commissioner. Forfeiture of a license is effective upon submission of the request unless a contested case proceeding is pending at the time the request is submitted. If a contested case proceeding is pending at the time of the request, the forfeiture shall become effective when and upon such conditions as required by order of the commissioner. A forfeiture made during the pendency of a contested case proceeding is considered disciplinary action and shall be published in the same manner as is applicable to any other form of disciplinary order.

55.13(7) A license may be voluntarily forfeited in lieu of compliance with an order of the commissioner or the commissioner’s designee with the written consent of the commissioner. The forfeiture shall become effective when and upon such conditions as required by order of the commissioner, which may include one or more of the types of disciplinary sanctions provided by this chapter and 2007 Iowa Acts, House File 499, sections 24 to 29.

191—55.14(82GA,HF499) Contract between public adjuster and insured.

55.14(1) Public adjusters shall ensure that all contracts for their services are in writing and contain the following terms:

- b.* Permanent home state business address and telephone number;
- c.* Public adjuster license number;
- d.* Title of “Public Adjuster Contract”;
- e.* Insured’s full name, street address, insurance company name and policy number, if known or upon notification;
- f.* Description of the loss and its location, if applicable;
- g.* Description of services to be provided to the insured;
- h.* Signatures of the public adjuster and the insured;
- i.* Date contract was signed by the public adjuster and date the contract was signed by the insured;
- j.* Attestation language stating that the public adjuster is fully bonded pursuant to state law; and

k. Full salary, fee commission, compensation or other considerations the public adjuster is to receive for services.

55.14(2) The contract may specify that the public adjuster shall be named as a co-payee on an insurer's payment of a claim.

a. If the compensation is based on a share of the insurance settlement, the exact percentage shall be specified.

b. Initial expenses to be reimbursed to the public adjuster from the proceeds of the claim payment shall be specified by type, with dollar estimates set forth in the contract. Any additional expenses shall be approved by the insured.

c. Compensation provisions in a public adjusting contract shall not be redacted in any copy of the contract provided to the division. Such a redaction shall constitute a dishonest practice in violation of paragraph 55.12(1) "i."

55.14(3) If the insurer, not later than 72 hours after the date on which the loss is reported to the insurer, either pays or commits in writing to pay to the insured the policy limit of the insurance policy, the public adjuster shall:

a. Not receive a commission consisting of a percentage of the total amount paid by an insurer to resolve a claim;

b. Inform the insured that the loss recovery amount might not be increased by the insurer; and

c. Be entitled only to reasonable compensation from the insured for services provided by the public adjuster on behalf of the insured, based on the time spent on a claim and expenses incurred by the public adjuster, until the claim is paid or the insured receives a written commitment to pay from the insurer.

55.14(4) A public adjuster shall provide the insured a written disclosure concerning any direct or indirect financial interest that the public adjuster has with any other party who is involved in any aspect of the claim, other than the salary, fee, commission or other consideration established in the written contract with the insured, including but not limited to any ownership of, other than as a minority stockholder, or any compensation expected to be received from, any construction firm, salvage firm, building appraisal firm, motor vehicle repair shop, or any other firm that provides estimates for work, or that performs any work, in conjunction with damage caused by the insured loss on which the public adjuster is engaged. The term "firm" shall include any corporation, partnership, association, joint-stock company or person.

55.14(5) A public adjuster contract may not contain any contract term that:

a. Allows the public adjuster's percentage fee to be collected when money is due from an insurance company, but not paid, or that allows a public adjuster to collect the entire fee from the first check issued by an insurance company, rather than as a percentage of each check issued by an insurance company;

b. Requires the insured to authorize an insurance company to issue a check only in the name of the public adjuster;

c. Imposes collection costs or late fees; or

d. Precludes a public adjuster from pursuing civil remedies.

55.14(6) Prior to the signing of the contract, the public adjuster shall provide the insured with a separate disclosure document regarding the claim process as set forth in Appendix I.

55.14(7) The contract shall be executed in duplicate to provide an original contract to the public adjuster and an original contract to the insured. The public adjuster's original contract shall be available at all times for inspection without notice by the division.

55.14(8) The public adjuster shall provide the insurer a notification letter, which has been signed by the insured, authorizing the public adjuster to represent the insured's interest.

55.14(9) The public adjuster shall give the insured written notice of the insured's rights as provided in Iowa Code chapter 555A, and the insured may rescind the contract as provided in Iowa Code chapter 555A. The contract shall not be construed to prevent an insured from pursuing any civil remedy after the three-business-day revocation or cancellation period.

55.14(10) If the insured exercises the right to rescind the contract, anything of value given by the insured under the contract will be returned to the insured within 15 business days following the receipt by the public adjuster of the cancellation notice.

191—55.15(82GA, HF499) Escrow accounts. A public adjuster who receives, accepts or holds, on behalf of an insured, any funds toward the settlement of a claim for loss or damage shall deposit the funds in a non-interest-bearing escrow account in a financial institution that is insured by an agency of the federal government in the public adjuster's home state or where the loss occurred.

191—55.16(82GA, HF499) Record retention.

55.16(1) A public adjuster shall maintain a complete record of each transaction as a public adjuster. The records required by this rule shall include the following:

- a.* The name of the insured;
- b.* The date, location and amount of the loss;
- c.* A copy of the contract between the public adjuster and the insured;
- d.* The name of the insurer, amount, expiration date and number of each policy carried with respect to the loss;

55.16(2) Records shall be maintained for at least five years after the termination of the transaction with an insured and shall be open to examination by the division at all times.

55.16(3) Records submitted to the division in accordance with this rule that contain information identified in writing as proprietary by the public adjuster shall be treated as confidential by the division and shall not be subject to Iowa Code chapter 22.

191—55.17(82GA, HF499) Standards of conduct of public adjuster.

55.17(1) A public adjuster shall serve with objectivity and complete loyalty the interest of the public adjuster's client and shall render to the insured in good faith such information, counsel and service, as within the knowledge, understanding and opinion of the licensed public adjuster, as will best serve the insured's insurance claim needs and interest.

55.17(2) A public adjuster shall not solicit, or attempt to solicit, an insured during the progress of a loss-producing occurrence, as defined in the insured's insurance contract.

55.17(3) A public adjuster shall not permit an unlicensed employee or representative of the public adjuster to conduct business for which a license is required under this chapter or 2007 Iowa Acts, House File 499, sections 24 to 29.

55.17(4) A public adjuster shall not have a direct or indirect financial interest in any aspect of the claim, other than the salary, fee, commission or other consideration established in the written contract with the insured, unless full written disclosure has been made to the insured as set forth in subrule 55.14(4).

55.17(5) A public adjuster shall not acquire any interest in salvage of property subject to the contract with the insured unless the public adjuster obtains written permission from the insured after settlement of the claim with the insurer as set forth in subrule 55.14(4).

55.17(6) The public adjuster shall abstain from referring or directing the insured to obtain needed repairs or services in connection with a loss from any person, unless disclosed to the insured:

- a.* With whom the public adjuster has a financial interest; or
- b.* From whom the public adjuster may receive direct or indirect compensation for the referral.

55.17(7) Licensed public adjusters may not solicit a client for employment between the hours of 8 p.m. and 9 a.m.

55.17(8) Any compensation or anything of value in connection with an insured's specific loss that will be received by a public adjuster shall be disclosed by the public adjuster to the insured in writing, including the source and amount of any such compensation.

55.17(9) A public adjuster shall not undertake the adjustment of any claim if the public adjuster is not competent and knowledgeable as to the terms and conditions of the insurance coverage, or if the loss or coverage otherwise exceeds the public adjuster's current expertise.

55.17(10) A public adjuster shall not knowingly make any false oral or written material statements regarding any person engaged in the business of insurance to any insured client or potential insured client.

55.17(11) No public adjuster, while so licensed by the division, may represent or act as a company adjuster or independent adjuster in any circumstance.

55.17(12) A public adjuster shall not enter into a contract or accept a power of attorney that vests in the public adjuster the effective authority to choose the persons who shall perform repair work.

55.17(13) A public adjuster may not agree to any loss settlement without the insured's knowledge and consent.

191—55.18(82GA, HF499) Public adjuster fees.

55.18(1) A public adjuster may charge the insured a reasonable fee for public adjuster services.

55.18(2) A person shall not accept a commission, service fee or other valuable consideration for investigating or settling claims in this state if that person is required to be licensed under this chapter and is not so licensed.

55.18(3) In the event of a catastrophic disaster, there shall be limits on catastrophic fees. No public adjuster shall charge, agree to or accept as compensation or reimbursement any payment, commission, fee, or other thing of value equal to or more than 10 percent of any insurance settlement or proceeds. No public adjuster shall require, demand or accept any fee, retainer, compensation, deposit, or other thing of value, prior to settlement of a claim, unless the loss is being handled by the public adjuster on a time-plus-expense basis.

191—55.19(82GA, HF499) Penalties. Failure to comply with this chapter or with 2007 Iowa Acts, House File 499, sections 24 to 29, shall subject a person to penalties set forth in 2007 Iowa Acts, House File 499, section 29.

APPENDIX I
DISCLOSURE DOCUMENT
REGARDING THE CLAIM PROCESS

(1) Property insurance policies obligate the insured to present a claim to the insured's insurance company for consideration. There are three types of adjusters that could be involved in that process. The definitions of the three types are as follows:

(a) "Company adjusters" means the insurance adjusters who are employees of insurance companies. They represent the interests of the insurance companies and are paid by the insurance companies. They will not charge the insureds fees.

(b) "Independent adjusters" means the insurance adjusters who are hired on a contract basis by insurance companies to represent the insurance companies' interests in the settlement of claims. They are paid by the insurance companies. They will not charge the insureds fees.

(c) "Public adjusters" means the insurance adjusters who do not work for any insurance companies. They work for insureds to assist in the preparation, presentation and settlement of claims. The insureds hire them by signing contracts agreeing to pay them fees or commissions based on a percentage of the settlements, or other method of compensation.

(2) The insured is not required to hire a public adjuster to help the insured meet the insured's obligations under the policy, but has the right to do so.

(3) The insured has the right to initiate direct communications with the insured's attorney, the insurer, the insurer's adjuster, the insurer's attorney or any other person regarding the settlement of the insured's claim.

(4) The public adjuster is not a representative or employee of the insurer.

(5) The salary, fee, commission or other consideration is the obligation of the insured, not the insurer.

(6) An insured may contact the Iowa Insurance Division with questions about insurance law toll-free from within Iowa at (877)955-1212 or through the Division's Web site at www.iid.state.ia.us.

191—56.5(87,505) Excess insurance. No contract or policy of per occurrence or aggregate excess insurance shall be recognized in considering the ability of an applicant to fulfill its financial obligations under the workers' compensation Act, unless such contract or policy complies with the following:

56.5(1) Is issued by a company:

- a. Licensed to transact casualty insurance business in this state; or
- b. Listed in the most recent NAIC publication "Financial Review of Alien Insurers" (commonly known as the white list); or
- c. Listed on the most recent List of Acceptable Non-Admitted Insurers prepared by this department.

56.5(2) Has a term of not less than one year.

56.5(3) No cancellation, termination or alteration of coverage whether by or at the request of the insured or by the underwriter, shall take effect prior to the expiration of 90 days after written notice of such cancellation, termination, or alteration has been filed with the commissioner unless an earlier date is approved by the commissioner.

191—56.6(87,505) Rates and reporting of rates.

56.6(1) Every workers' compensation self-insurance association shall adhere to the uniform classification system, uniform experience rating plan, and manual rules filed with the commissioner by an advisory organization designated by the commissioner.

56.6(2) Premium contributions to the association shall be determined by applying the manual rates and rules to the appropriate classification of each member which shall be adjusted by each member's experience credit or debit. Subject to approval by the commissioner, premium contributions may also be reduced by an advance premium discount reflecting the association's expense levels and loss experience.

56.6(3) Notwithstanding subrule 56.6(2), an association may apply to the commissioner for permission to make its own rates. Such rates shall be based on at least five years of the association's experience.

56.6(4) Each association shall have its members audited at least annually by an auditor acceptable to the commissioner to verify proper classifications, experience rating, payroll and rates. For small accounts, members may be audited by use of a mailed questionnaire. A report of the audit shall be filed with the commissioner in a form acceptable to the commissioner.

The audit shall be at the expense of the association.

56.6(5) The rates approved by the commissioner for approved associations prior to the effective date of these rules may remain in effect should the association so choose.

191—56.7(87,505) Special provisions.

56.7(1) If the association fails to pay workers' compensation benefits when due, the commissioner may appoint a party to receive funds from excess insurance or the surety bond, or both, to be disbursed to individual claimants.

56.7(2) The association shall notify the industrial commissioner of all fatalities within ten days of death.

56.7(3) Statutory benefits, and any fees or assessments by the industrial commissioner of Iowa are to be paid by the association for its members.

56.7(4) Loss reserves reported to the commissioner shall not be discounted with respect to investment income. Loss reserves shall only be discounted for remarriage or mortality, or both. If the loss reserves of an association are found to be unreasonably low, the commissioner can require the reserves to be certified annually by an actuary who is a reserve specialist approved by the commissioner.

56.7(5) Assessment provisions.

a. In the event of a deficit in any fiscal year, the deficit shall be immediately made up from any of the following:

- (1) Unencumbered surplus from any fiscal year other than the current year;
- (2) Moneys not allocated to pay claims;
- (3) Retained investment earnings;
- (4) Assessment of the membership if ordered;

56.7(6) All advertising and solicitation materials must be filed with the commissioner prior to their use.

191—56.8(87,505) Certificate of approval; termination.

56.8(1) The certificate of approval issued by the commissioner to a workers' compensation self-insurance association authorizes the association to provide workers' compensation benefits. The certificate of approval remains in effect until terminated at the request of the association or revoked by the commissioner.

56.8(2) The commissioner shall not grant the request of any association to terminate its certificate of approval unless the association has insured or reinsured all incurred workers' compensation obligations with an authorized insurer under an agreement filed with and approved in writing by the commissioner. Such obligations shall include both known claims and expenses associated therewith and claims incurred but not reported and expenses associated therewith. Subject to the approval of the commissioner, an association may merge with another association engaged in the same or similar type of business only if the resulting association assumes in full all obligations of the merging associations. The commissioner shall hold a hearing on the merger if any party, including a member of either association, so requests.

191—56.9(87,505) Examinations. The commissioner shall examine the affairs, transactions, accounts, records and assets of each association as often as the commissioner deems advisable. The expense of such examinations shall be assessed against the association in the same manner that insurers are assessed for examinations.

191—56.10(87,505) Board of trustees—membership, powers, duties, and prohibitions. Each association shall be operated by a board of trustees which shall consist of not less than five persons whom the board of directors of the parent association may appoint or members of an association may elect for stated terms of office. At least two-thirds of the trustees shall be employees, officers, or directors of members of the association. The association's administrator, service company, or any owner, officer, employee of, or any other person affiliated with, such administrator or service company shall not serve on the board of trustees of the association. All trustees shall be residents of this state or officers of corporations authorized to do business in this state. The board of trustees of each association shall ensure that all claims are paid promptly and take all necessary precautions to safeguard the assets of the association, including all of the following:

56.10(1) The board of trustees shall:

a. Maintain responsibility for all moneys collected or disbursed from the association and segregate all moneys into a claims fund account and an administrative fund account. At least 70 percent of the net premium shall be placed into a designated depository for the sole purpose of paying claims, allocated claims expenses, reinsurance or excess insurance, and special fund contributions. This shall be called the claims fund account. The remaining net premium shall be placed into a designated depository for the payment of taxes, general regulatory fees and assessments, and administrative costs. This shall be called the administrative fund account. The commissioner may approve an administrative fund account of more than 30 percent and a claims fund account of less than 70 percent only if the association shows to the commissioner's satisfaction that more than 30 percent is needed for an effective safety and loss control program, or the association's aggregate excess insurance attaches at less than 70 percent.

b. Maintain minutes of its meetings and make such minutes available to the commissioner.

c. Designate an administrator to carry out the policies established by the board of trustees and to provide day-to-day management of the association, and delineate in the written minutes of its meetings the areas of authority it delegates to the administrator.

d. Retain an independent certified public accountant to prepare the statement of financial condition required by subsection 56.13(2), paragraph "a."

56.10(2) The board of trustees shall not:

a. Extend credit to individual members for payment of a premium, except pursuant to payment plans approved by the commissioner.

b. Borrow any moneys from the association or in the name of the association except in the ordinary course of business, without first advising the commissioner of the nature and purpose of the loan and obtaining prior approval from the commissioner.

191—56.11(87,505) Association membership; termination; liability.

56.11(1) An employer joining a workers' compensation self-insurance association after the association has been issued a certificate of approval shall (1) submit an application for membership to the board of trustees or its administrator and (2) enter into the indemnity agreement required by subrule 56.3(2), paragraph "f." Membership takes effect no earlier than each member's date of approval. The application for membership and its approval shall be maintained as permanent records of the board of trustees.

56.11(2) Individual members of an association shall be subject to cancellation by the association pursuant to the bylaws of the association. In addition, individual members may elect to terminate their participation in the association. The association shall maintain coverage of each canceled or terminated member for 30 days after notice is given to association members. The association shall also promptly notify the commissioner and the industrial commissioner of the termination or cancellation of a member unless the association is notified sooner by the workers' compensation agency that the canceled or terminated member has procured workers' compensation insurance, has become an approved self-insurer, or has become a member of another association.

56.11(3) The association shall pay all workers' compensation benefits for which each member incurs liability during its period of membership. A member who elects to terminate its membership or is canceled by an association remains jointly and severally liable, for a public member, jointly liable only, for workers' compensation obligations of the association and its members which were incurred during the canceled or terminated member's period of membership.

56.11(4) An association member is not relieved of its workers' compensation liabilities incurred during its period of membership except through payment by the association or the member of required workers' compensation benefits.

56.11(5) The insolvency or bankruptcy of a member does not relieve the association or any other member of liability for the payment of any workers' compensation benefits incurred during the insolvent or bankrupt member's period of membership.

191—56.12(87,505) Requirements of sales agents.

56.12(1) Each person who performs any sales or promotional function for the association, deals with the rates or claims, or makes representations about the available coverage is a “person” within the meaning of Iowa Code chapter 507B and must be of good character and competence.

56.12(2) A licensed insurance agent qualifies under subrule 56.12(1).

56.12(3) The trustees must annually file for approval a list of the names, addresses, and backgrounds of all persons to which subrule 56.12(1) applies. In the case of licensed insurance agents, the name and social security number is sufficient.

191—56.13(87,505) Requirements for continued approval.

56.13(1) A certificate of relief from insurance is continuously valid, subject to the annual filing requirements of 56.13(2), and the annual processing fee of \$100. However, the certificate may be revoked under the provisions of rule 56.19(87,505).

56.13(2) By March 1 of each year, each mutual association must submit:

a. A statement of financial condition audited by an independent certified public accountant on or before the last day of the second month following the end of the calendar year. The financial statement shall be on a form prescribed by the commissioner and shall include, but not be limited to, actuarially appropriate reserves for (1) known claims and expenses associated therewith, (2) claims incurred but not reported and expenses associated therewith, (3) unearned premiums, and (4) bad debts, which reserves shall be shown as liabilities. An actuarial opinion regarding reserves for items (1) and (2) above shall be included in the audited financial statement. The actuarial opinion shall be given by a member of the American Academy of Actuaries or other qualified loss reserve specialist as defined in the annual statement adopted by the National Association of Insurance Commissioners.

The commissioner may prescribe a uniform accounting system for all associations to ensure the accurate and complete reporting of associations’ financial information.

Any premium or assessment amount that is not paid within three months of the due date shall be assumed uncollectible for financial statement purposes and in considering the amount of assessments and dividends.

The association shall keep all records and worksheets used to complete the financial statement for at least five years, unless the division permits a shorter time;

- b.* Proof of excess insurance;
- c.* Any additional relevant information required by the commissioner;
- d.* The required renewal fee.

56.13(3) The division reserves the right to require quarterly financial reporting if warranted by the loss experience.

191—56.14(87,505) Misrepresentation prohibited. No person shall make a material misrepresentation or omission of a material fact in connection with the solicitation of a member of an association.

191—56.15(87,505) Investments. Funds not needed for current obligations may be invested by the board of trustees in accordance with Iowa Code section 636.23, subsections 1 to 12.

191—56.16(87,505) Refunds.

56.16(1) Any moneys for a fund year in excess of the amount necessary to fund all obligations for that fund year may be declared to be refundable by the board of trustees not less than 11 months after the end of the fund year.

56.16(2) Each member shall be given a written description of the refund plan at the time of application for membership. A refund plan for moneys in excess of the amount necessary to fund all obligations for a fund year or disbursement of claims fund moneys may be instituted by the association. Such plan must be filed and approved with the commissioner. Payment of a refund based on a member’s participation in a previous fund year payable in the following year shall not be contingent on continued membership in the association after that fund year.

56.16(3) A request to the division for authorization to disburse surplus claims moneys shall be made in writing at least 30 days prior to the desired distribution date. The request shall include a current financial statement for the association, a statement by the association that the desired disbursal will not impair the financial condition of the association, a current quarterly status report and a report establishing the adequacy of the reserves in the fiscal year for which the disbursal is requested. The date of payment shall be agreed to by the trustees and the commissioner, but in no event shall such distribution take place less than 11 months after the end of the fiscal year.

56.16(4) If the loss reserves of an association are found to be unreasonably low, the commissioner shall require the reserves to be certified annually by a reserve specialist approved by the commissioner.

191—56.17(87,505) Premium payment; reserves.

56.17(1) Each association shall establish to the satisfaction of the commissioner a premium payment plan which shall include:

a. A deposit premium payment by each member of at least 25 percent of that member's annual premium before the start of the association's fund year. A credit may be available for past unused deposits; and

b. Payment of each member's annual premium in monthly, quarterly or other regular payments.

56.17(2) Each association shall establish and maintain actuarially appropriate loss reserves which shall include reserves for (1) known claims and expenses associated therewith and (2) claims incurred but not reported and expenses associated therewith.

56.17(3) Each association shall establish and maintain bad debt reserves based on the historical experience of the association or other associations.

191—56.18(87,505) Deficits and insolvencies.

56.18(1) If the assets of an association are at any time insufficient to enable the association to discharge its legal liabilities and other obligations and to maintain the reserves required of it under this Act, it shall forthwith make up the deficiency or levy an assessment upon its members for the amount needed to make up the deficiency.

56.18(2) In the event of a deficiency in any fund year, such deficiency shall be made up immediately, by one or more of the methods described in subrule 56.18(1). The commissioner shall be notified prior to any transfer of surplus funds from one fund year to another.

56.18(3) If the association fails to assess its members or to otherwise make up such deficit within 30 days, the commissioner shall order it to do so.

56.18(4) If the association fails to make the required assessment of its members within 30 days after the commissioner orders it to do so, or if the deficiency is not fully made up within 60 days after the date on which such assessment is made, or within such longer period of time as may be specified by the commissioner, the association shall be deemed to be insolvent.

56.18(5) The commissioner shall proceed against an insolvent association in the same manner as the commissioner would proceed against an insolvent domestic insurer in this state as prescribed in Iowa Code sections 515.85 to 515.87 regarding liquidation, conservation, etc. The commissioner shall have the same powers and limitations in such proceedings as are provided under those sections, except as otherwise provided in this chapter.

56.18(6) In the event of the liquidation of an association, the commissioner shall levy an assessment upon its members for such an amount as the commissioner determines to be necessary to discharge all liabilities of the association, including the reasonable cost of liquidation.

191—56.19(87,505) Grounds for nonrenewal or revocation of a certificate of relief from insurance. The following constitute grounds for nonrenewal or revocation of a certificate of relief from insurance:

56.19(1) Failure to comply with any provisions of these rules or of Iowa Code chapter 85, 85A, 85B, 86 or 87;

56.19(2) Failure to comply with any lawful order of the commissioner;

- 56.19(3)** Failure to promptly pay lawful compensation claims;
- 56.19(4)** Committing an unfair or deceptive act or practice;
- 56.19(5)** Deterioration of financial condition adversely affecting the certificate holder's ability to pay expected losses;
- 56.19(6)** The application or any necessary forms that have been filed with the division contain fraudulent information or omissions;
- 56.19(7)** The association or its administrator has misappropriated, converted, illegally withheld, or refused to pay over upon proper demand any moneys that belong to a member, an employee of a member, or a person otherwise entitled thereto and that have been entrusted to the association or its administrator in its fiduciary capacities;
- 56.19(8)** Failure to remit the proper amount of premium tax in a timely manner, as required by Iowa Code section 432.1.

191—56.20(87,505) Hearing and appeal. Prior to denying a renewal application or revoking a certificate issued under this chapter, a certificate holder shall be given a hearing and a right to appeal as provided in rule 3.1(17A,502,505) et seq.

191—56.21(87,505) Existing approved self-insurers.

56.21(1) All mutual associations which were given a certificate of relief from insurance or some other approval to group self-insure from the commissioner prior to the effective date of these rules shall bring themselves into full compliance with these rules within 90 days after their effective date or by the filing time set out for renewals, whichever comes later.

56.21(2) An existing association may petition the commissioner for a waiver of a rule or rules. The commissioner may grant such waiver upon showing to the commissioner's satisfaction that the association is solvent and has the ability to pay workers' compensation benefits as required by law.

191—56.22(87,505) Severability clause. If any provision of this chapter, or the application thereof to any person or circumstance, is subsequently held to be invalid, such invalidity shall not affect other provisions or applications of this chapter.

CHAPTER 57
WORKERS' COMPENSATION SELF-INSURANCE FOR INDIVIDUAL EMPLOYERS
[Prior to 10/22/86, Insurance Department[510]]

191—57.1(87,505) General provisions.

57.1(1) The purpose of this chapter is to provide general guidelines for the approval of self-insurance for workers' compensation liability for individual employers.

57.1(2) The authority to promulgate these rules is found in Iowa Code section 505.8.

57.1(3) Certificates of relief from insurance shall not exempt an employer from Iowa Code chapters 85, 85A, 85B, 86 and 87.

57.1(4) The state of Iowa shall be exempt from the requirements of this chapter.

57.1(5) A political subdivision of the state filing for a certificate of relief from insurance under this chapter shall be exempt from the requirements of subrule 57.3(1), but must comply with the other provisions of this chapter.

191—57.2(87,505) Definitions.

57.2(1) "*Commissioner*" shall mean the commissioner of the insurance division of Iowa, appointed by the governor pursuant to Iowa Code section 505.2.

57.2(2) "*Division*" shall mean the insurance division of Iowa.

57.2(3) "*Employer*" shall be defined as set forth in Iowa Code section 85.61.

57.2(4) "*Self-insurer*" shall mean an employer who has been granted relief from the requirement of insurance by the commissioner after having complied with the relevant portions of this chapter but shall not include an employer who is a member of a group of employers under 191—chapter 56.

57.2(5) "*Insolvent*" or "*insolvency*" means the inability of a workers' compensation self-insurer to pay its outstanding lawful obligations as they mature in the regular course of business, as may be shown either by an excess of its liabilities over its assets or by its not having sufficient assets to insure all of its outstanding liabilities after paying all accrued claims owed by it.

57.2(6) "*Parent company*" shall mean a company that owns at least 20 percent of the outstanding stock of another company.

191—57.3(87,505) Requirements for self-insurance. To qualify to receive a certificate of relief from insurance, an employer must satisfy the following requirements:

57.3(1) File with the division an annual surety bond issued by an insurance company licensed to do business in the state of Iowa in an amount determined by applying the formula below, but in no case shall the bond be less than \$200,000 or, if an employer cannot obtain a bond, then any other security such as cash or negotiable securities which is agreeable to the commissioner, in an equal amount. Such surety bond shall be in the form prescribed by the commissioner and, in the event of insolvency of the employer, shall be payable to the division to ensure the payment of the employer's workers' compensation liabilities in the same manner as if the division were such employer, subject to the dollar limitation of such surety bond.

The following formula will be used to determine the appropriate amount of security required:

a. Determine the following three ratios:

- (1) Current assets: Current liabilities
- (2) Capital + retained earning (net of treasury stock) as a percentage of sales (less discounts)
- (3) Long term debt: Capital + retained earnings

b. Upon determination of the value for the above ratios, points will be calculated from the following tables:

- (1) Current assets to current liabilities

2	:	=	6	Points
1.75	:	=	5	Points
1.6	:	=	4	Points
1.4	:	=	3	Points
1.25	:	=	2	Points
1.1	:	=	1	Point
1	:	=	0	Points

(2) Equity to sales

20%	=	6	Points
17.5%	=	5	Points
13.5%	=	4	Points
10%	=	3	Points
8.5%	=	2	Points
7%	=	1	Point
5%	=	0	Points

(3) Long term debt to equity

1 : 2	=	6	Points
1 : 1.75	=	5	Points
1 : 1.6	=	4	Points
1 : 1.4	=	3	Points
1 : 1.25	=	2	Points
1 : 1.11	=	1	Point
1 : 1	=	0	Points

c. Total the number of points for the three ratios and assign the appropriate percentage:

18	Points	=	0%
16	- 17	Points	= 20%
14	- 15	Points	= 40%
12	- 13	Points	= 60%
9	- 11	Points	= 70%
	Less than 9	Points	= 100%

d. The amount of the required security shall then be calculated as follows:

(1) Determine the three years average of medical payments and compensation paid under the workers' compensation laws (If fiscal year, specify dates _____ through _____.)

Year 1	Year 2	Year 3	Total
\$ _____	+ _____	+ _____	= \$ _____
Divide the total by 3 =			\$ _____
(2) Multiply this average by 2 =			\$ _____
(3) Enter the total amount of compensation for fatalities and permanent disabilities, both permanent total and permanent partial for which the employer is presently liable but has not paid, including medical reserves.			\$ _____
(4) Add lines 2 and 3			\$ _____
(5) Multiply line 4 by the percentage determined in subrule 57.3(1)“c.” This, when rounded to the nearest thousand, will be the security required.			\$ _____

57.3(2) For a private employer, a parental guarantee, completed on forms provided by the division, to cover statutory losses and any loss adjusting expense is required from any parent company.

a. The parental guarantee shall provide for giving the commissioner 60 days' notice for cancellation. Once notice is given, the division reserves the right to require additional security to be obtained prior to the effective date of the cancellation.

b. For a subsidiary that is to be sold, which desires to avoid cancellation of the certificate of relief from insurance, it must file pro forma financial statements representing the condition of the subsidiary before and after sale, sales agreement, financial statement of acquiring company and the parental guarantee of acquiring company.

57.3(3) Each employer shall have within its own organization ample facilities and competent personnel to service its own program with respect to claims, administration, loss prevention, loss control, safety engineering and rehabilitation services for injured employees or shall contract with a service company to provide these services.

191—57.4(87,505) Additional security requirements.

57.4(1) If at any time the commissioner feels additional security is necessary because any one or more of the following factors are present, the commissioner may require such additional security as provided in subrule 57.4(2):

- a.* Insufficient liquid assets or retained earnings;
- b.* A deteriorating financial condition, as evidenced by a comparison of current financial statements to recent past financial statements;
- c.* The workers' compensation loss experience is significantly higher than the average for the industry the company is in;
- d.* The loss potential within and without the state is higher than what the company can apparently withstand;
- e.* Any other relevant consideration(s).

57.4(2) When the commissioner determines the conditions of subrule 57.4(1) have been met, any one or more of the following types of additional security may be required, in an amount determined by the commissioner:

- a.* Additional surety bond;
- b.* Irrevocable letter of credit;
- c.* Annual aggregate excess insurance;
- d.* Specific per occurrence excess insurance; or
- e.* Trust fund.

(1) If a trust fund is established, the commissioner shall be the trustee. The employer may invest the funds in accordance with Iowa Code section 636.23, subsections 1 through 12. The trust document and the evidence of invested assets are to be kept in the vault of the division or in some other secure place designated by the commissioner.

(2) Interest or dividends, or both, on the trust assets are to accumulate to the trust unless the commissioner deems the trust has sufficient assets, in which case the interest or dividends, or both, are to be delivered to the employer.

(3) The trust fund is to be used to pay losses and loss adjustment expenses if the employer is unable to pay the statutorily required compensation benefits.

191—57.5(87,505) Application for an individual self-insurer.

57.5(1) An applicant for a certificate of relief from insurance shall submit a completed application to the division together with the following:

- a. A surety bond or other security, in the amount determined under rule 57.3(87,505);
- b. Parental guarantee from the ultimate controlling parent, if applicable;
- c. Most recent audited financial statement, such as that included in the shareholders annual report.

If such statement is over six months old, also include the latest unaudited financial statement and an affidavit signed by the treasurer of the company stating that there has been no material lessening of net worth or other adverse changes since the last audited statement, or, if there were, an explanation of such changes. For subsidiaries, this information is to be furnished on the ultimate controlling parent company;

d. Data from the immediate past five years on paid and outstanding Iowa workers' compensation losses subject to self-insurance; and

e. A fee of \$100 per application review and \$100 per certificate issued, paid in separate checks. If the application is denied, the fee for the issuance of a certificate will be returned to the applicant. The division will either issue one certificate for each parent and each subsidiary or the division will issue one certificate only for the approved parent and all approved subsidiaries, at the applicant's option.

57.5(2) After an initial review, the division may require additional relevant information or additional security, as provided in rule 57.4(87,505).

57.5(3) Within a reasonable time, the division will rule on the application and either issue a certificate of relief from insurance or send a letter denying the application with a specific explanation.

191—57.6 Rescinded, effective 4/27/88.

191—57.7(87,505) Excess insurance. No contract or policy of per occurrence or aggregate excess insurance shall be recognized in considering the ability of an applicant to fulfill its financial obligations under the workers' compensation Act, unless such contract or policy complies with the following:

57.7(1) Is issued by a company:

- a. Licensed to transact casualty business in this state; or
- b. Listed in the most recent NAIC publication "Financial Review of Alien Insurers" (commonly known as the white list); or
- c. Listed on the most recent List of Acceptable Non-Admitted Insurers prepared by this department.

57.7(2) Has a term of not less than one year.

57.7(3) No cancellation, termination or alteration of coverage whether by or at the request of the insured or by the underwriter, shall take effect prior to the expiration of 90 days after written notice of such cancellation, termination, or alteration has been filed with the commissioner unless an earlier date is approved by the commissioner.

191—57.8(87,505) Insolvency. If the individual employer becomes insolvent, the commissioner may appoint a party to receive funds on the surety bond or other posted security to be dispersed to individual claimants.

191—57.9(87,505) Renewals.

57.9(1) Individual employers.

a. A certificate of relief from insurance is valid for one year, unless sooner revoked under the provisions of rule 57.11(87,505). Such certificate is effective from August 1 to July 31.

b. By June 1 of each year, each individual employer must submit:

- (1) A completed application;
 - (2) A statement of financial condition audited by an independent certified public accountant as of the end of the most recently completed fiscal year. The financial statement shall be on a form prescribed by the commissioner and shall include, but not be limited to, actuarially appropriate reserves for (a) known claims and expenses associated therewith, (b) claims incurred but not reported and expenses associated therewith, (c) unearned premiums and (d) bad debts, which reserves shall be shown as liabilities. An actuarial opinion regarding reserves for items (a) and (b) above shall be included in the audited financial statement. The actuarial opinion shall be given by a member of the American Academy of Actuaries or other qualified loss reserve specialist as defined in the annual statement adopted by the National Association of Insurance Commissioners;
 - (3) Any additional relevant information required by the division; and
 - (4) The required fee.
- c. Depending on any change in financial condition, the commissioner may require additional security, as provided in rule 57.4(87,505).

57.9(2) Rescinded, effective 4/27/88.

191—57.10(87,505) Periodic examination. The commissioner reserves the right to examine an employer as often as it deems necessary. Cost of the examination is to be paid by the employer. Examination shall include but not be limited to adequacy of loss reserves and claims handling practices.

191—57.11(87,505) Grounds for nonrenewal or revocation of a certificate of relief from insurance. The following constitute grounds for nonrenewal or revocation of a certificate of relief from insurance:

191—57.12(87,505) Hearing and appeal. Prior to denying a renewal application or revoking a certificate issued under this chapter, a certificate holder shall be given a hearing and a right to appeal as provided in rule 191—3.1(17A,502,505) et seq.

191—57.13(87,505) Existing approved self-insurers.

57.13(1) All individual employers which were given a certificate of relief from insurance or some other approval to self-insure from the division prior to the effective date of these rules shall bring themselves into full compliance with these rules within 90 days after their effective date or by the filing time set out for renewals, whichever comes later.

57.13(2) An existing individual self-insurer may petition the commissioner for a waiver of a rule, or rules. CHAPTER 58
THIRD-PARTY ADMINISTRATORS

191—58.1(510) Purpose. The purpose of this chapter is to administer the provisions of Iowa Code chapter 510 relating to the regulation of third-party administrators.

[ARC 8310B, IAB 11/18/09, effective 12/23/09]

191—58.2(510) Definitions. The terms defined in Iowa Code section 510.11 shall have the same meaning for the purposes of this chapter. In addition, for purposes of this chapter:

“Affiliate” or *“affiliates”* means an entity or person who directly or indirectly through one or more intermediaries, controls or is controlled by, or is under common control with, a specified entity or person. For purposes of this definition, “control” (including the terms “controls” or “controlled by”) means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting securities, by contract other than a commercial contract for goods or nonmanagement services, or otherwise, unless the power is the result of an official position with or corporate office held by the person. Control shall be presumed to exist if any person, directly or indirectly, owns, controls, holds with the power to vote, or holds proxies representing, 10 percent or more of the voting securities of any other person. This presumption may be rebutted by a showing made in the manner provided by Iowa Code section 505.23 and Iowa Code chapter 521A that control does not exist in fact. The commissioner may determine, after furnishing notice and opportunity to be heard to all persons in interest and after making specific findings of fact to support the determination, that control exists in fact notwithstanding the absence of a presumption to that effect.

“Commissioner” means the commissioner of insurance for the state of Iowa.

“Division” means the Iowa insurance division.

“Home state” means the United States state or territory or the District of Columbia designated by a third-party administrator as its principal regulator, which shall be either its place of incorporation or its principal place of business within the United States. A third-party administrator may designate as its home state any United States jurisdiction in which it does business and which has adopted a law governing third-party administrators substantially similar to Iowa Code chapter 510 and this chapter.

“Insurance producer” means a person required to be licensed under the laws of this state to sell, solicit, or negotiate insurance.

“Insurer” means a person engaged in the business of insurance who is regulated under Iowa Code chapter 508, 512B, 514, 514B, 515, or 520.

“Nonresident third-party administrator” means a person who is applying for licensure in Iowa, who is licensed in any state other than Iowa, and whose home state is not Iowa.

“Person” means any individual, aggregation of individuals, trust, association, partnership, or corporation or an affiliate of any of these.

“Stop-loss” or *“stop-loss insurance”* means insurance protecting an employer or other person responsible for an otherwise self-insured health or life benefit plan against higher than expected obligations under the plan.

“Underwrites” or *“underwriting”* or *“underwritten”* means, but is not limited to, the acceptance of employer or individual applications for coverage of individuals in accordance with the written rules of the insurer or self-funded plan, or the overall planning and coordinating of a benefits program.

[ARC 8310B, IAB 11/18/09, effective 12/23/09]

191—58.3(505,510) Registration required. A third-party administrator shall not operate as a third-party administrator in Iowa without an approved certificate of registration from the division. A third-party administrator that has a home state other than Iowa must apply for and obtain a nonresident third-party administrator certificate of registration from the division before operating as a third-party administrator in Iowa.

58.3(1) Exceptions.

a. The following persons doing the following corresponding actions shall not be required to have approved certificates of registration from the division if these are the only actions by the persons that would otherwise cause the persons to be considered third-party administrators:

(1) An employer administering its employee benefit plan or the plan of an affiliated employer under common management and control;

(2) A trust exempt from taxation under Section 507(a) of the Internal Revenue Code and its trustees and employees acting pursuant to such trust, or a custodian and the custodian's agents or employees acting pursuant to a custodian account that meets the requirements of Section 401(f) of the Internal Revenue Code; or

(3) A person licensed as a managing general agent in this state when acting within the scope of activities conveyed under such a license.

b. An insurer that underwrites, collects charges, collateral or premiums from, or adjusts or settles claims for other than its policyholders, subscribers and certificate holders is not required to be licensed as a third-party administrator and shall be exempt from rule 191—58.3(505,510), except that the insurer shall comply with paragraphs 58.3(1) "c," "e" and "f" and rules 191—58.6(505,510) and 191—58.7(505,510), if applicable.

c. A person shall not be required to have an approved certificate of registration from the division if that person is affiliated with a licensed insurer and that person only acts as a third-party administrator for the direct and assumed insurance business of the affiliated insurer, provided that the insurer shall provide all of the third-party administrator's books and records to the insurance commissioner upon request.

d. A person shall not be required to have an approved certificate of registration from the division if that person only acts as a third-party administrator for a group plan based in another state that has fewer than 100 insureds under the plan residing in Iowa.

e. A person who is not required to be registered as a third-party administrator under Iowa Code chapter 510 or this chapter and who directly or indirectly underwrites, collects charges or premiums from, or adjusts or settles claims on residents of this state, only in connection with life, annuity or health coverage provided by a self-funded plan other than a governmental or church plan, shall file a statement with the commissioner triennially, verifying the person's status as described herein. An example of such a statement may be found on the division's Web site, www.iid.state.ia.us.

f. An administrator operating solely as a single-employer trust or Taft-Hartley labor union trust as defined under ERISA shall be required to file a statement triennially, verifying the administrator's status as described herein. An example of such a statement may be found on the division's Web site, www.iid.state.ia.us.

58.3(2) Application.

a. All third-party administrators wishing to do business in Iowa shall electronically file a completed application and any required attachments in the form prescribed by the division. The application shall be accompanied by a filing fee as stated in rule 191—58.18(510).

b. Application for resident third-party administrator certificate of registration.

(1) All applications shall include evidence of the existence of a surety bond issued by an insurance company licensed to do business in the state of Iowa. The bond must be in an amount equivalent to 10 percent of the third-party administrator's average daily client account balance during the preceding calendar year. In no case shall the bond be less than \$50,000 or more than \$1,000,000. The surety bond shall be in the form prescribed by the commissioner. The bond shall be payable to the Iowa Insurance Division to ensure the financial protection of the third-party administrator's customers, subject to the dollar limitation of the surety bond.

(2) An application by a third-party administrator that is a corporation, association or benefit society shall be accompanied by a certified copy of the articles of incorporation or association or a certification of good standing from the Iowa secretary of state.

c. Application for nonresident third-party administrator certificate of registration.

(1) A third-party administrator whose home state is not Iowa shall file with the division, in a manner acceptable to the division, a completed application and a certification from the home state that verifies that the applicant is in good standing in the home state.

(2) In lieu of requiring a third-party administrator to file a certification, the division may verify the nonresident third-party administrator's home state status through an electronic database maintained by the National Association of Insurance Commissioners, its affiliates or subsidiaries.

(3) A third-party administrator shall not be eligible for a nonresident third-party administrator certificate of registration under paragraph 58.3(2) "c" if the third-party administrator does not hold a certificate of registration as a resident in a home state that has adopted a law governing third-party administrators substantially similar to Iowa Code chapter 510 and this chapter. A third-party administrator may designate a state other than the resident state as its home state. If a third-party administrator is not eligible under paragraph 58.3(2) "c," it must meet the application requirements for a resident third-party administrator.

d. The division may refuse to issue a certificate of registration to an applicant as provided in Iowa Code section 510.21, or may refuse to issue a certificate of registration if the division determines that any of the grounds set forth in rule 191—58.16(510) exist with respect to the third-party administrator.

e. If an application is approved, the division will electronically deliver to the third-party administrator a certificate of registration.

58.3(3) *Validity.* A certificate of registration issued under Iowa Code chapter 510 and this rule shall remain valid, unless surrendered by the third-party administrator, or suspended, revoked, or not renewed by the commissioner, for as long as the third-party administrator continues to renew the certificate of registration timely, continues in business in this state, and remains in compliance with Iowa Code chapter 510 and this chapter.

[ARC 8310B, IAB 11/18/09, effective 12/23/09]

191—58.4(510) Third-party administrator duties.

58.4(1) A third-party administrator registered or applying for a certificate of registration or renewal under Iowa Code section 510.21 and this chapter shall:

a. Make available for inspection on request by the commissioner copies of all contracts with insurers or other persons utilizing the services of the third-party administrator.

b. As often as reasonably required by the commissioner, produce its accounts, records and files for examination and make its officers available to give information with respect to its affairs.

c. Immediately notify the commissioner of any material change in its ownership, control, or other fact or circumstance affecting its qualification for a certificate of registration in this state.

d. Notify the commissioner in writing of any change in the information required to be filed under these rules including, but not limited to, a change of address or name, not later than 30 days after the change.

58.4(2) The commissioner may terminate a third-party administrator's certificate of registration, following notice and an opportunity for a hearing, for failure to comply with this rule.

[ARC 8310B, IAB 11/18/09, effective 12/23/09]

191—58.5(510) Renewal procedure. A third-party administrator that wants to maintain its certificate of registration in Iowa shall file a completed request for renewal no later than 60 days before the expiration date on the certificate of registration.

58.5(1) The division shall provide notice to the third-party administrator of the upcoming renewal date.

58.5(2) The renewal form shall be filed in a manner as prescribed by the division. The renewal form shall be accompanied by the fee specified in rule 191—58.18(510).

58.5(3) Renewal requests filed after the 60-day period specified must include the late fee specified in rule 191—58.18(510).

58.5(4) A third-party administrator that allows the certificate of registration to lapse and does not renew within one year from the expiration date must apply for a new certificate of registration.

[ARC 8310B, IAB 11/18/09, effective 12/23/09]

191—58.6(505,510) Responsibilities of the insurer.

58.6(1) If an insurer utilizes the services of a third-party administrator, the insurer shall be responsible for determining the benefits, premium rates, underwriting criteria, and claims payment procedures applicable to the coverage.

58.6(2) An insurer must supervise its contracted third-party administrators to ensure that its programs are administered in a competent and appropriate manner.

58.6(3) In cases where a third-party administrator administers benefits for more than 100 certificate holders, subscribers, claimants or policyholders on behalf of an insurer, the insurer shall, at least annually, conduct a reasonable review of the operations of the third-party administrator. If a third-party administrator has an independent party conduct a review of the third-party administrator's operations and has provided that review to the insurer, and the insurer has determined that the review was reasonable for purposes of this subrule, the review may, at the discretion of the division, meet the requirement of this subrule.

58.6(4) The requirements of rule 191—58.6(505,510) also apply to any insurer that contracts with a person exempt from licensure, pursuant to the exceptions set forth in subrule 58.3(1), to act as a third-party administrator.

[ARC 8310B, IAB 11/18/09, effective 12/23/09]

191—58.7(505,510) Written agreement.

58.7(1) The written agreement required by Iowa Code section 510.12 shall include a statement of duties that the third-party administrator is expected to perform on behalf of the insurer and the lines, classes or types of insurance for which the third-party administrator is to be authorized to administer. The agreement shall make provision with respect to underwriting, claims handling and other standards pertaining to the business underwritten by the insurer. The rules pertaining to these matters shall be provided, in writing, by the insurer to the third-party administrator, pursuant to Iowa Code section 510.12 and rule 191—58.7(505,510).

58.7(2) The insurer or third-party administrator may, with written notice, terminate the written agreement for cause as provided in the agreement. The insurer may suspend the underwriting authority of the third-party administrator during the pendency of any dispute regarding the cause for termination of the written agreement. The insurer shall fulfill any lawful obligations with respect to policies affected by the written agreement, regardless of any dispute between the insurer and the third-party administrator.

58.7(3) The requirements of this rule shall also apply to any insurer that contracts with a person exempt from licensure, pursuant to the exceptions set forth in subrule 58.3(1), to act as a third-party administrator, unless that person and the insurer are the same.

[ARC 8310B, IAB 11/18/09, effective 12/23/09]

191—58.8(510) Compensation to the third-party administrator. A third-party administrator and an insurer shall not enter into an agreement or understanding that makes the amount of the third-party administrator's commissions, fees, or charges contingent upon savings effected in the adjustment, settlement and payment of losses covered by the insurer's obligations. Third-party administrators are not prohibited from receiving performance-based compensation for providing to the insurer cost control services, including hospital auditing or other auditing services, subrogation services, contractual discounting services, or claim negotiation with providers.

[ARC 8310B, IAB 11/18/09, effective 12/23/09]

191—58.9(510) Disclosure of charges and fees. The third-party administrator shall disclose to the insurer all charges, fees and commissions received from all services in connection with the provision of administrative services for the insurer, including any fees or commissions paid by insurers providing reinsurance. Additional charges may not be made for services to the extent the insurer has paid for those services.

[ARC 8310B, IAB 11/18/09, effective 12/23/09]

191—58.10(510) Delivery of materials to covered individuals. Any policies, certificates, booklets, termination notices or other written communications delivered by the insurer to the third-party administrator for delivery to insured parties or covered individuals shall be delivered by the third-party administrator promptly after receipt of delivery instructions from the insurer.

[ARC 8310B, IAB 11/18/09, effective 12/23/09]

191—58.11(510) Annual report and fee.

58.11(1) Each registered third-party administrator shall file by July 1 an annual report in a form and manner as prescribed by the commissioner. The report shall:

- a. Be verified by at least two officers of the third-party administrator;
- b. Include audited financial statements prepared by an independent certified public accountant using generally accepted accounting principles;

58.11(2) A third-party administrator that makes a late filing shall pay a late fee as stated in rule 191—58.18(510).

58.11(3) Extensions of the July 1 filing date may be granted by the commissioner for 30-day periods upon showing by the insurer and its independent certified public accountant the reasons for requesting such extension and determination by the commissioner of good cause for an extension. The request for extension must be submitted in writing not less than ten days prior to the due date in sufficient detail to permit the commissioner to make an informed decision with respect to the requested extension.

[ARC 8310B, IAB 11/18/09, effective 12/23/09]

191—58.12(510) Change of information.

58.12(1) A third-party administrator shall notify the commissioner within 30 days of any change in the information required to be filed under these rules including, but not limited to, a change of original application content. Reports of changes shall be filed electronically at tparegistration@iid.iowa.gov. Failure to timely file changes is grounds for suspension of a certificate of registration and imposition of a \$100 civil penalty.

58.12(2) A third-party administrator may not do business under any name other than the name on the original application unless the third-party administrator notifies the commissioner prior to using the assumed name. The notice shall include a detailed explanation of the manner in which the name will be used.

58.12(3) A third-party administrator who ceases doing business in Iowa may either allow its certificate of registration to expire or file a request to withdraw its certificate of registration. A request for withdrawal must include information demonstrating that the third-party administrator will no longer be acting in Iowa as a third-party administrator.

[ARC 8310B, IAB 11/18/09, effective 12/23/09]

191—58.13(510) Inquiry by commissioner. A third-party administrator shall promptly respond in writing to inquiries from the commissioner. A third-party administrator's actions are deemed untimely under this rule if the third-party administrator fails to respond to an inquiry from the commissioner within 30 days of the receipt of the inquiry, unless good cause exists for delay and the commissioner has given the third-party administrator a time extension in writing.

[ARC 8310B, IAB 11/18/09, effective 12/23/09]

191—58.14(510) Complaints. A third-party administrator shall keep all complaints on file for a period of five years. Complaint information shall be made available to the division by the third-party administrator at any time upon the commissioner's request.

[ARC 8310B, IAB 11/18/09, effective 12/23/09]

191—58.15(510) Periodic examination. The commissioner reserves the right to examine a third-party administrator or require the most recent audited financial statements from the third-party administrator and such other interim evidence as the commissioner deems appropriate.

58.15(1) Reasonable costs of the examination or audited financial statements shall be paid by the third-party administrator.

58.15(2) Examination shall include, but not be limited to: financial condition, premium collection, claims processing, and marketing practices.

58.15(3) If one or more of the following factors are present, the commissioner may require and determine an amount of additional security:

- a. Insufficient liquid assets or retained earnings;
- b. A deteriorating financial condition, as evidenced through an examination by the commissioner or any other insurance commissioner;
- c. Any other relevant considerations.

[ARC 8310B, IAB 11/18/09, effective 12/23/09]

- c. Has failed to pay any judgment rendered against it in this state within 60 days after the judgment has become final.

58.16(3) The commissioner may deny, suspend, revoke, or not renew a third-party administrator's certificate of registration if the commissioner finds that the third-party administrator:

- a. Has violated or failed to comply with any lawful rule or order of the commissioner or any provision of the insurance laws of this state;

[ARC 8310B, IAB 11/18/09, effective 12/23/09]

191—58.17(510) Confidential information.

58.17(1) Neither the commissioner nor any person who received documents, materials or other information while acting under the authority of the commissioner shall be permitted or required to testify in any private civil action concerning any confidential documents, materials or information subject to Iowa Code section 510.14.

58.17(2) In order to assist in the performance of the commissioner's duties, the commissioner:

a. May share documents, materials or other information, including the confidential and privileged documents, materials or information subject to Iowa Code section 510.14, with other state, federal and international regulatory agencies, with the National Association of Insurance Commissioners, its affiliates or subsidiaries and with state, federal and international law enforcement authorities, provided that the recipient agrees to maintain the confidentiality and privileged status of the documents, materials or other information;

58.17(3) No waiver of any applicable privilege or claim of confidentiality in the documents, materials or information shall occur as a result of disclosure to the commissioner under rule 191—58.17(510) or as a result of sharing as authorized in subrule 58.17(2).

58.17(4) Nothing in this rule shall prohibit the commissioner from releasing final, adjudicated actions, including for-cause terminations that are open to public inspection pursuant to Iowa Code chapter 22 or Iowa Code section 505.8, to a database or other clearinghouse service maintained by the National Association of Insurance Commissioners, its affiliates or subsidiaries.

58.17(5) In the event the insurer and the third-party administrator cancel their agreement, the third-party administrator may, by written agreement with the insurer, transfer all records to a new third-party administrator rather than retain the records for the five years required under Iowa Code section 510.14. In such cases, the new third-party administrator shall acknowledge, in writing, that it is responsible for retaining the records of the prior third-party administrator as required in Iowa Code section 510.14.

CHAPTER 59
PHARMACY BENEFITS MANAGERS

191—59.1(510B) Purpose. The purpose of this chapter is to administer the provisions of Iowa Code chapter 510B relating to the regulation of pharmacy benefits managers.

[ARC 1466C, IAB 5/28/14, effective 7/2/14]

191—59.2(510B) Definitions. The terms defined in Iowa Code sections 510.11 and 510B.1 shall have the same meaning for the purposes of this chapter. The definitions contained in 191—Chapter 58, “Third-Party Administrators,” and 191—Chapter 78, “Uniform Prescription Drug Information Card,” of the Iowa Administrative Code are incorporated by reference. As used in this chapter:

“*Complaint*” means a written communication from a pharmacy to a pharmacy benefits manager that makes an inquiry or expresses a grievance and includes, but is not limited to, the following:

1. A comment on, contest or appeal by a pharmacy, as permitted by Iowa Code section 510B.8(3) and rule 191—59.5(510B), of a pharmacy benefits manager’s maximum reimbursement amount rate or maximum reimbursement amount list.

2. Any pharmacy’s appeal or request for an independent third-party review of an audit report pursuant to subrules 59.4(4) and 59.4(5).

3. Any request by a pharmacy for an independent third-party review of a termination or suspension decision pursuant to paragraph 59.6(3) “d.”

4. Any inquiries from the commissioner pursuant to subrule 59.8(3).

“*Day*” means a calendar day, unless otherwise defined or limited.

“*Maximum reimbursement amount*,” as defined in Iowa Code section 510B.1(6), includes but is not limited to any prices used by a pharmacy benefits manager for therapeutically, pharmaceutically equivalent multiple-source prescription drugs such as maximum allowable cost, federal upper limit pricing, generic effective rate pricing, or any other pricing strategies used by the pharmacy benefits manager.

“*Paid*” means the later of either the day on which the payment is mailed by the pharmacy benefits manager or the day on which the electronic payment is processed by the pharmacy benefits manager’s bank.

“*Pharmacy*,” except as used in paragraph 59.4(1) “b,” means “pharmacy” as defined in Iowa Code section 155A.3 and includes “pharmacist,” as defined in Iowa Code section 155A.3, and a pharmacy services administrative organization while acting in its role as a representative of a pharmacist or pharmacy. For purposes of this definition, “pharmacy services administrative organization” means an entity that provides contracting services on behalf of pharmacies with payers and with pharmacy benefits managers, consolidated reimbursement services for pharmacies, and other business support for pharmacies.

[ARC 1466C, IAB 5/28/14, effective 7/2/14; ARC 2518C, IAB 4/27/16, effective 6/1/16]

191—59.3(510B) Timely payment of pharmacy claims.

59.3(1) All benefits payable under a pharmacy benefits management plan shall be paid as soon as feasible but within 20 days after receipt of a clean claim when the claim is submitted electronically and shall be paid within 30 days after receipt of a clean claim when the claim is submitted in paper format.

59.3(2) Payments to the pharmacy for clean claims are considered to be overdue and not timely if not paid within 20 or 30 days, whichever is applicable. If any clean claim is not timely paid, the pharmacy benefits manager must pay the pharmacy interest at the rate of 10 percent per annum commencing the day after any claim payment or portion thereof was due until the claim is finally settled or adjudicated in full.

59.3(3) Pharmacy benefits managers may demonstrate the date a claim is paid by a mail record or a bank statement.

59.3(4) For purposes of this rule, “clean claim” means a claim which is received by any pharmacy benefits manager for adjudication and which requires no further information, adjustment or alteration by the pharmacy or the covered individual in order to be processed and paid by the pharmacy benefits

manager. A claim is a clean claim if it has no defect or impropriety, including any lack of substantiating documentation, or no particular circumstance requiring special treatment that prevents timely payment from being made on the claim under this chapter. A clean claim includes a resubmitted claim with previously identified deficiencies corrected.

191—59.4(510B) Audits of pharmacies by pharmacy benefits managers.

59.4(1) An audit of pharmacy records by a pharmacy benefits manager shall be conducted in accordance with the following:

- a.* The pharmacy benefits manager conducting the initial on-site audit must provide the pharmacy written notice at least one week prior to conducting any audit;
- b.* Any audit which involves clinical or professional judgment must be conducted by or in consultation with a pharmacist as defined in Iowa Code section 155A.3;
- c.* When a pharmacy benefits manager alleges an error in reimbursement has been made to a pharmacy, the pharmacy benefits manager shall provide the pharmacy sufficient documentation to determine the specific claims included in the alleged error;
- d.* A pharmacy may use the records of a hospital, physician or other authorized practitioner of the healing arts for prescription drugs or medicinal supplies, written or transmitted by any means of communication, for purposes of validating the pharmacy record with respect to orders or refills of a drug dispensed pursuant to a prescription;
- e.* Each pharmacy shall be audited under the same standards and parameters as other similarly situated pharmacies audited by the pharmacy benefits manager;
- f.* The period covered by an audit may not exceed two years from the date on which the claim was submitted to or adjudicated by a managed care company, insurance company, third-party payor, or any pharmacy benefits manager that represents such entities;
- g.* Unless otherwise consented to by the pharmacy, an audit may not be initiated or scheduled during the first seven calendar days of any month due to the high volume of prescriptions filled during that time;
- h.* The preliminary audit report must be delivered to the pharmacy within 120 days after conclusion of the audit. A final written audit report shall be received by the pharmacy within six months of the preliminary audit report or final appeal, whichever is later;
- i.* A pharmacy shall be allowed at least 30 days following receipt of the preliminary audit report in which to produce documentation to address any discrepancy found during an audit; and
- j.* If it is determined by the pharmacy benefits manager that an error in reimbursement to a pharmacy occurred, the following criteria apply:
 - (1) For each contract between the pharmacy benefits manager and the pharmacy existing on or after January 1, 2015, a pharmacy's usual and customary price for compounded medications is considered the reimbursable cost, unless the contract between the pharmacy benefits manager and the pharmacy specifically provides details for a pricing methodology for compounded medications.
 - (2) A finding of error in reimbursement must be based on the actual error in reimbursement and not be based on a projection of the number of patients served having a similar diagnosis or on a projection of the number of similar orders or refills for similar prescription drugs.
 - (3) Calculations of errors in reimbursement must not include dispensing fees unless: prescriptions were not actually dispensed, the prescriber denied authorizations, the prescriptions dispensed were medication errors by the pharmacy, or the amounts of the dispensing fees were incorrect.
 - (4) Any clerical or record-keeping error of the pharmacy, including but not limited to a typographical error, scrivener's error, or computer error, regarding a required document or record shall not be considered fraud by the pharmacy under paragraph 59.6(3) "a" or under a pharmacy's contract with the pharmacy benefits manager.
 - (5) In the case of an error that has no actual financial harm to the patient or covered entity, the pharmacy benefits manager shall not assess a charge against the pharmacy.

(6) If a pharmacy has entered into a corrective action plan with a pharmacy benefits manager, and if the pharmacy fails to comply with the corrective action plan in a manner that results in overpayments being made by the pharmacy benefits manager to the pharmacy, the pharmacy benefits manager may recover the overpaid amounts. For purposes of this paragraph, “corrective action plan” means an agreement entered into by a pharmacy benefits manager and a pharmacy which is intended to promote accurate submission and payment of pharmacy claims.

(7) During the audit period, interest on any outstanding balance shall not accrue for the pharmacy benefits manager or the pharmacy. For purposes of this rule, the audit period begins with the notice of the audit and ends with a final determination of the audit report.

59.4(2) Notwithstanding any other provision in this rule, the entity conducting the audit shall not use the accounting practice of extrapolation in calculating the recoupment or contractual penalties for audits unless required by state or federal laws or regulations. The entity may not use the accounting practice of extrapolation in a manner more stringent than that required by state or federal laws or regulations.

59.4(3) Recoupment of any disputed funds shall occur only after final disposition of the audit, including the appeals process as set forth in subrules 59.4(4) and 59.4(5).

59.4(4) Each pharmacy benefits manager conducting an audit shall establish an appeals process under which a pharmacy may appeal an unfavorable preliminary audit report to the pharmacy benefits manager. The pharmacy benefits manager shall conduct a review of the unfavorable preliminary audit report. The cost of the audit review shall be paid by the pharmacy benefits manager. If, following the review, the pharmacy benefits manager finds that an unfavorable audit report or any portion thereof is unsubstantiated, the pharmacy benefits manager shall dismiss the unsubstantiated audit report or unsubstantiated portion of the audit report without the necessity of any further proceedings.

59.4(5) A pharmacy benefits manager shall establish a process for an independent third-party review of final audit findings. If, following the appeal of an audit report and upon conducting an audit review, the pharmacy benefits manager finds that an unfavorable audit report or any portion thereof is found to be substantiated, the pharmacy benefits manager shall notify the pharmacy in writing of its right to request an independent third-party review of the final audit findings and the process used to request such a review. If a pharmacy requests an independent third-party review of the final audit findings and the audit report is found to be substantiated, the cost of the third-party review shall be paid by the pharmacy. If a pharmacy requests an independent third-party review of the final audit findings and the audit report is found to be unsubstantiated, the cost of the third-party review shall be paid by the pharmacy benefits manager. If the reviewer finds partially in favor of both parties, the reviewer shall apportion the costs accordingly and each party will bear a portion of the costs of the review.

59.4(6) Rescinded IAB 4/27/16, effective 6/1/16.

59.4(7) Each pharmacy benefits manager conducting an audit shall, after completion of any review process, provide a copy of the final audit report to the covered entity.

59.4(8) This rule shall not apply to any investigative audit which involves fraud, willful misrepresentation, abuse, or any other statutory provision which authorizes investigations relating to but not limited to insurance fraud.

191—59.5(510B) Disclosure of national compendia used.

59.5(1) Pursuant to Iowa Code section 510B.8(3), in each contract between a pharmacy benefits manager and a pharmacy beginning or renewed on or after July 1, 2016, a pharmacy benefits manager shall identify how and where pharmacies may find the names of the national compendia or other services the pharmacy benefits manager has used to obtain the pricing data incorporated in the calculation of the maximum reimbursement amounts for therapeutically, pharmaceutically equivalent multiple-source prescription drugs included in the list made available to pharmacies pursuant to rule 191—59.7(510B).

59.5(2) Pursuant to Iowa Code section 510B.8(3), a pharmacy benefits manager shall provide a process, reasonable in procedures and timing to both the pharmacy and the pharmacy benefits manager, to

allow a pharmacy to comment on, contest or appeal a maximum reimbursement amount rate or maximum reimbursement amount list.

[ARC 2518C, IAB 4/27/16, effective 6/1/16]

191—59.6(510B) Termination or suspension of contracts with pharmacies by pharmacy benefits managers.

59.6(1) A contract between a pharmacy benefits manager and a pharmacy shall include a provision describing notification procedures for contract termination. The contract shall require no less than 60 days' prior written notice by either party that wishes to terminate the contract.

59.6(2) Termination of a contract between a pharmacy benefits manager and a pharmacy or termination of a pharmacy from the network of the pharmacy benefits manager shall not release the pharmacy benefits manager from the obligation to make payments due to the pharmacy for contract-covered services rendered before the contract of the pharmacy was terminated.

59.6(3) The following apply to terminations or suspensions of contracts with pharmacies by pharmacy benefits managers:

a. If the pharmacy benefits manager has evidence that the pharmacy has engaged in fraudulent conduct or poses a significant risk to patient care or safety, the pharmacy benefits manager may immediately suspend the pharmacy from further performance under the contract only if written notice of the suspension and reasoning therefor is provided to the pharmacy, the covered entity and the commissioner.

b. A pharmacy benefits manager shall neither take action, nor imply or state that it may or will take action, to decrease reimbursement or to terminate, suspend, cancel or limit a pharmacy's participation in a pharmacy benefits manager's provider network solely or mainly because the pharmacy files a complaint, as defined in rule 191—59.2(510B), with any entity.

c. A pharmacy shall not be terminated from the network or suspended by a pharmacy benefits manager due to any disagreement with a decision of the pharmacy benefits manager to deny or limit benefits to covered individuals or due to any assistance provided to covered individuals by the pharmacy in obtaining reconsideration of a decision of the pharmacy benefits manager.

d. The pharmacy may request an independent third-party review of the final decision to terminate or suspend the contract between the pharmacy benefits manager and the pharmacy by filing with the pharmacy benefits manager a written request for an independent third-party review of the decision. This written request must be filed with the pharmacy benefits manager within 30 days of receipt of the final termination or suspension decision.

e. If a pharmacy requests an independent third-party review of a termination or suspension decision and the termination is found to be substantiated, the cost of the third-party review shall be paid by the pharmacy. If a pharmacy requests an independent third-party review of a termination or suspension decision and the termination is found to be unsubstantiated, the cost of the third-party review shall be paid by the pharmacy benefits manager.

191—59.7(510B) Price change. For purposes of Iowa Code section 510B.7(3), a “price increase notification by a manufacturer or supplier” includes price changes made by national compendia or other services used by a pharmacy benefits manager which take into account, in whole or in part, price changes made by manufacturers or suppliers to help facilitate the development of a drug's maximum reimbursement amount to a pharmacy. A pharmacy benefits manager may comply with the requirements of Iowa Code section 510B.7(3) by keeping a list of current therapeutically, pharmaceutically equivalent multiple-source prescription drugs and current maximum reimbursement amounts for those therapeutically, pharmaceutically equivalent multiple-source prescription drugs and by updating that list at least every three business days with any maximum reimbursement amount changes. This list shall be made available to pharmacies through a readily accessible and easily usable online format, or in some other readily accessible and easily usable format.

c. Deviations may be filed at any time during the year and, once approved, need only be refiled to propose changes to the approved deviations filing.

60.4(2) An insurer may file for approval by the division a uniform percentage rate deviation to be applied to the class rates of the rating organization’s filing.

a. A rate deviation from the approved class rates of a rating organization shall not exceed 15 percent nor shall it cause the rate charged a policyholder to exceed the approved assigned risk rates.

b. In the event that an insurer has an existing approved filing for which the deviation results in rates above those approved for the assigned risk, the insurer must use the same deviation as approved for the assigned risk effective the same date as the approval of the assigned risk rates. A filing must be made confirming use of the new deviation on that date.

c. A filing must specify whether or not the proposed deviation is to be applied to minimum premiums.

60.4(3) Schedule rating may be used by any company, regardless of whether that company has an approved deviation. The maximum modification allowed for schedule rating is 15 percent for individual policies.

191—60.5(515A) Violation and penalties. Any insurer found after hearing to have violated a provision of this chapter shall be deemed to have committed an unfair trade practice under Iowa Code chapter 507B and shall be subject to the penalties set forth in Iowa Code chapter 507B.

191—60.6(515A) Severability. If any provision of this chapter or the application thereof to any person or circumstance is held invalid for any reason, the invalidity shall not affect the other provisions or any other application of these rules which can be given effect without the invalid provisions or application. To this end, all provisions of these rules are declared to be severable.

191—60.7(515A) Effective date. This chapter shall become effective January 1, 2009, and shall apply to acts or practices committed on or after that date.

These rules are intended to implement Iowa Code section 515A.7.

MANAGED HEALTH CARE
CHAPTER 70
UTILIZATION REVIEW

191—70.1(505,514F) Purpose. The purpose of this chapter is to:

1. Promote the delivery of appropriate health care in a cost-effective manner.
2. Ensure that any utilization review system used by a third-party payor adheres to reasonable standards for conducting orderly and efficient utilization review processes.
3. Ensure that any utilization review system used by a third-party payor does not result in an unfair discrimination between enrollees of essentially the same class or risk in the benefits payable under a contract for health benefits.
4. Foster greater coordination and cooperation between health care providers and utilization reviewers.
5. Improve communications and knowledge of benefits among all parties concerned before expenses are incurred.

191—70.2(505,514F) Definitions. As used in this chapter, unless the context otherwise requires:

“*Commissioner*” means the commissioner of insurance.

“*Enrollee*” means an individual who has contracted for or who participates in health benefits coverage provided through any third-party payor.

“*Third-party payor*” means any of the following entities:

1. An insurer subject to Iowa Code chapter 509 or 514A.
2. A health service corporation subject to Iowa Code chapter 514.
3. A health maintenance organization subject to Iowa Code chapter 514B.
4. A preferred provider arrangement subject to 191—Chapter 27, Iowa Administrative Code.
5. A multiple employer welfare arrangement.
6. A third-party administrator.
7. A fraternal benefit society.
8. Any other benefit program providing payment, reimbursement, or indemnification for health care costs for an enrollee or an enrollee’s eligible dependents.

“*Utilization review*” means a program or process by which an evaluation is made of the necessity, appropriateness and efficiency of the use of health care services, procedures, or facilities given or proposed to be given to an individual within this state. These standards do not apply to requests by any person or provider for a clarification, guarantee or statement of an individual’s health insurance coverage or benefits provided under a health insurance policy, nor to claims adjudication. Unless it is specifically so stated, verification of benefits, preauthorization, and prospective or concurrent utilization review programs shall not be construed in any context as a guarantee or statement of insurance coverage or benefits for any individual under a health insurance policy.

191—70.3(505,514F) Application.

70.3(1) A third-party payor which provides health benefits to enrollees residing in the state of Iowa shall not conduct utilization review, either directly or indirectly, by contract with a third party that does not meet the requirements established for accreditation by the Utilization Review Accreditation Commission (URAC) or another national accreditation entity recognized and approved by the commissioner.

70.3(2) On or before March 1 of each year, a third-party payor conducting utilization review shall provide the commissioner with a certification that it is in compliance with this chapter, and shall continuously meet all requirements of the relevant standards in addition to the following information:

- a. Name, address, telephone number and normal business hours of the third-party payor and of the utilization review agent if not the same as the third-party payor.
- b. Name, address, and telephone number of a person for the commissioner to contact in connection with utilization review compliance.

Any material changes in the information filed in accordance with this rule shall be filed with the commissioner within 30 days of the change.

70.3(3) This chapter does not apply to any utilization review performed solely under contract with the federal government for review of patients eligible for services under:

- a. Title XVIII (Medicare) of the federal Social Security Act;
- b. The Civilian Health and Medical Program of the Uniformed Services (CHAMPUS); or
- c. Any other federal employee health benefit plan.

191—70.4(505,514F) Standards. For the purpose of certification and compliance under rule 70.3(505,514F), the most recently available utilization review standards adopted by URAC shall be used.

A copy of the standards and application for accreditation may be obtained from the Utilization Review Accreditation Commission, 1227 25th Street N.W., Suite 610, Washington, D.C. 20037. A copy of the standards shall be readily available and maintained on the premises of any third-party payor conducting utilization review.

191—70.5(505,514F) Retroactive application. A third-party payor shall not impose a retroactive change in procedure that creates an impossibility or impracticability of compliance that would result in a refusal of payment.

191—70.6(505,514F) Variances allowed. Upon application by a third-party payor, the commissioner may approve a variance from the URAC standards for good cause shown, provided such conditions are consistent with the purpose of this chapter. The commissioner shall require the third-party payor to provide reasonable written notice to providers of any approved variance.

70.6(1) Notification of allowed coverage and denials. Notification of the attending physician and treatment facility (as used and defined in the URAC standards) by telephone within one working day is not required provided a documented communication with the physician or the physician's staff and treatment facility is made within one working day of a determination not to certify an admission or extension of a hospital stay.

70.6(2) Individuals who are not licensed health care professionals, but who are otherwise qualified, may perform routine utilization review under the following conditions:

- a. They have received full orientation by the utilization review organization relating to administrative practices and policies;
- b. They have been fully trained in the application of the medical and/or benefit screening criteria established or endorsed by the utilization review organization;
- c. They are trained to refer review requests to licensed health care professionals when the required review exceeds their own expertise, when not addressed in the criteria established or endorsed by the utilization review organization, or when requested by the provider; and
- d. They are under the direct supervision of a licensed health care professional.

191—70.7(505,514F) Confidentiality. A third-party payor shall require a contract utilization review agent to adhere to the same standards of patient medical record confidentiality as are directly applicable to the third-party payor.

191—70.8(76GA,ch1202) Utilization review of postdelivery benefits and care. When performing utilization review of inpatient hospital services related to maternity and newborn care, including but not limited to length of postdelivery stay and postdelivery follow-up care, a third-party payor shall use the guidelines adopted under the provisions of 191—81.3(76GA,ch1202) and shall not deselect, require additional documentation, require additional utilization review, terminate services to, reduce payment to, or in any manner provide a disincentive to an attending physician solely on the basis that the attending physician provided or directed the provision of services in compliance with those guidelines. This does not preclude a third-party payor from monitoring a patient's stay or making

reasonable inquiries necessary to assess patient progress in accordance with the guidelines and to coordinate discharge planning or postdischarge care.

191—70.9(505,507B,514F) Enforcement. The remedy for noncompliance with this chapter shall be those remedies authorized by Iowa Code chapters 505 and 507B, including, upon order of the commissioner, payment of outstanding charges, as determined to be reasonable by the commissioner. Upon a finding of a pattern or practice of noncompliance with this chapter, the commissioner may also suspend a person's authority to conduct utilization review.

191—70.10(514F) Credentialing—retrospective payment.

70.10(1) Purpose. This rule implements Iowa Code section 514F.6 as amended by 2010 Iowa Acts, Senate File 2201, section 16, which provides for the retrospective payment of clean claims for covered services provided by a physician, advanced registered nurse practitioner or physician assistant during the credentialing period, once the physician, advanced registered nurse practitioner or physician assistant is credentialed.

70.10(2) Definitions. For purposes of this rule, the definitions found in Iowa Code section 514F.6 as amended by 2010 Iowa Acts, Senate File 2201, section 16, shall apply. In addition, the following definitions shall apply:

“Application date” means the date on which the health insurer or other entity responsible for the credentialing of health care professionals on behalf of the health insurer receives the health care professional's completed application for credentialing.

“Clean claim” means clean claim as defined in Iowa Code section 507B.4A(2) “b.”

“Health care professional” means a physician, advanced registered nurse practitioner or physician assistant.

70.10(3) Retrospective payment of clean claims. A health insurer shall make retrospective payment for all clean claims submitted by a health care professional after the credentialing period for covered services provided by the health care professional during the credentialing period subject to all of the following:

a. The credentialing period shall begin on the application date and end on the date the health insurer or other entity responsible for credentialing health care professionals on behalf of the health insurer makes a final determination approving the health care professional's application to be credentialed.

b. The health insurer or other entity responsible for credentialing health care professionals on behalf of the health insurer shall notify an applicant of its determination regarding a properly completed application for credentialing within 90 days of receipt of an application containing all information required by the health insurer's credentialing form.

c. The health care professional shall not submit any claims to the health insurer during the credentialing period.

d. A health insurer shall not be required to pay any claims submitted by a health care professional during the credentialing period.

e. The health insurer's time period for timely submission of claims shall not start until the credentialing period has ended. The health insurer's rules pertaining to timely submission shall not be used to deny payment of any clean claims for medical services provided by a health care professional during the credentialing period, so long as the health care professional submits all such claims within the time period required by the health insurer's rules beginning on the date the health care professional is credentialed.

f. After the health care professional has been credentialed, the health care professional shall submit all claims to the health insurer for covered services provided by the health care professional during the credentialing period.

g. After the health care professional has been credentialed, a health insurer shall pay all clean claims submitted by the health care professional for covered services provided by the health care professional during the credentialing period within the time periods specified in 191—15.32(507B).

70.10(4) Applicability.

a. This rule shall not apply to services provided by a health care professional that are covered by Medicaid, Medicare, TRICARE, or other health care benefit programs subject to federal regulations regarding eligibility and provider payments.

b. Nothing contained in this rule shall require a health insurer or other entity responsible for credentialing health care professionals on behalf of the health insurer to take any action in violation of the requirements of the National Committee for Quality Assurance (NCQA) or Utilization Review Accreditation Commission (URAC).

c. Nothing contained in this rule shall require a health insurer or other entity responsible for credentialing health care professionals on behalf of the health insurer to credential a health care professional or to permit a noncredentialed health care professional to participate in the health insurer's provider network.

70.10(5) Effective date. This rule shall become effective on July 22, 2009.

HEALTH BENEFIT PLANS

CHAPTER 71

SMALL GROUP HEALTH BENEFIT PLANS*

191—71.1(513B) Purpose. This chapter is intended to implement the provisions of Iowa Code chapter 513B to provide for the guaranteed issue of all health insurance products in the small group market, regardless of their health status or claims experience; to regulate insurer rating practices and establish limits on differences in rates between health insurance coverages; to ensure renewability of coverage; to establish limitations on underwriting practices, eligibility requirements and the use of preexisting condition exclusions; to provide for development of “basic” and “standard” health insurance plans to be offered to all small employers; to provide for establishment of a reinsurance program; to direct the basis of market competition away from risk selection and toward the efficient management of health care; to improve the overall fairness and efficiency of the small group health insurance market and to promote broader spreading of risk in the small employer marketplace. Carriers that provide basic and standard health benefit plans, as herein set forth, to small employers are intended to be subject to all provisions of Iowa Code chapter 513B and this chapter.

71.1(1) Health insurance coverage subject to this chapter is available or renewable with respect to all eligible employees or their dependents, at the option of the employer, except for reasons set forth in Iowa Code section 513B.5.

71.1(2) A carrier subject to this chapter is required to guarantee issue small employer plans except for reasons set forth in Iowa Code chapter 513B.

[ARC 3682C, IAB 3/14/18, effective 4/18/18]

1. An individual (or the beneficiary of such individual) who is employed by a participating employer within a bargaining unit covered by at least one of the collective bargaining agreements under or pursuant to which the employee benefit plan is established or maintained; or

2. An individual who is a present or former employee (or a beneficiary of such employee) of the sponsoring employee organization, of an employer who is or was a party to at least one of the collective bargaining agreements under or pursuant to which the employee benefit plan is established or maintained, or of the employee benefit plan (or of a related plan).

“Beneficiary” has the meaning given the term under Section 3(8) of the Employee Retirement Income Security Act of 1974 (ERISA), which states, “a person designated by a participant, or by the terms of an employee benefit plan, who is or may become entitled to a benefit” under the plan.

5. Does not make health insurance coverage offered through the association available other than in connection with a member of the association.

*NOTE: In some instances, the numbering of this chapter does not adhere to the scheme developed for the Iowa Administrative Code.

“*Continuation coverage*” means coverage under a COBRA continuation provision or a similar state program. Coverage provided by a plan that is subject to a COBRA continuation provision or similar state program, but that does not satisfy all the requirements of that provision or program, will be deemed to be continuation coverage if it allows an individual to elect to continue coverage for a period of at least 18 months. Continuation coverage does not include coverage under a conversion policy required to be offered to an individual upon exhaustion of continuation coverage, nor does it include continuation coverage under the Federal Employees Health Benefits Program.

An individual is considered to have exhausted continuation coverage if:

1. Coverage ceases due to the failure of the employer or other responsible entity to remit premiums on a timely basis, or
2. When the individual no longer resides, lives, or works in a service area of an HMO or similar program, whether or not within the choice of the individual, and there is no other continuation coverage available to the individual.

1. Flexible spending accounts.
2. Short-term limited duration insurance.
3. Stop loss insurance coverage.

3. If the plan does not impose deductibles or limits on a yearly basis, and either the plan is not insured or the insurance policy is not renewed on an annual basis, the plan year is the employer’s taxable year.

“*Preexisting condition exclusion*” means, with respect to health insurance coverage, a limitation or exclusion of benefits relating to a condition based on the fact that the condition was present before the date of enrollment for such coverage, whether or not any medical advice, diagnosis, care, or treatment was recommended or received before such date. A preexisting condition exclusion includes any exclusion applicable to an individual as a result of information that is obtained relating to an individual’s health status before the individual’s first day of coverage, such as a condition identified as

a result of a preenrollment questionnaire or physical examination given to the individual, or review of medical records relating to the preenrollment period.

“*Risk characteristic*” means the health status, claims experience, duration of coverage, or any similar characteristic related to the health status or experience of a small employer group or of any member of a small employer group.

[ARC 3682C, IAB 3/14/18, effective 4/18/18]

191—71.3(513B) Applicability and scope.

71.3(1) a. Except as provided herein, this chapter shall apply to any health insurance coverage, whether provided on a group or individual basis, which:

- (1) Meets one or more of the conditions set forth in Iowa Code sections 513B.3(1) to 513B.3(3);
- (2) Provides coverage to one or more employees of a small employer located in this state without regard to whether the policy or certificate was issued in this state; and
- (3) Is in effect on or after July 1, 1991.

b. Except as specifically provided, the provisions of Iowa Code chapter 513B and this chapter shall not apply to health insurance coverages delivered or issued for delivery prior to the effective date of the Act.

71.3(2) a. A carrier that provides individual health insurance policies to one or more of the employees of a small employer shall be considered a small employer carrier and subject to the provisions of Iowa Code chapter 513B and this chapter with respect to such policies if the small employer contributes, directly or indirectly, to the premiums for the policies and the carrier is aware, or should have been aware, of such contribution.

b. In the case of a carrier that provides individual health insurance policies to one or more employees of a small employer, the small employer shall be considered an eligible small employer as defined in Iowa Code section 513B.10 and the small employer carrier subject to Iowa Code section 513B.10(1)“b”(2) if:

- (1) The small employer has at least two employees;
- (2) The small employer contributes, directly or indirectly, to the premiums charged by the carrier or ODS; and
- (3) The carrier is aware, or should have been aware, of the contribution by the employer.

71.3(3) Iowa Code chapter 513B and this chapter shall apply to health insurance coverage provided to a small employer or to the employees of a small employer without regard to whether the health insurance coverage is offered under or provided through a group policy or trust arrangement of any size sponsored by an association or discretionary group.

71.3(4) An individual health insurance policy shall not be subject to Iowa Code chapter 513B and this chapter solely because the policyholder elects a business expense deduction under Section 162(1) of the Internal Revenue Code, the health insurance coverage is treated as part of a plan or program for purposes of Section 125 of the Internal Revenue Code for which the employee makes all the contributions, or the employer provides payroll deduction of health insurance premiums on behalf of an employee if the health insurance coverage covers employees where the employer has applied for group health benefits and has received written notification that the group did not meet the small group carrier's minimum participation or contribution standards. The individual health insurance carrier shall maintain a copy of the employer's notification from the small group carrier for insurance division audit purposes.

71.3(5) a. If a small employer is issued health insurance coverage under the terms of Iowa Code chapter 513B, the provisions of Iowa Code chapter 513B and this chapter shall continue to apply to the health insurance coverage in the case that the small employer subsequently employs more than 50 eligible employees. A carrier providing coverage to such an employer shall, within 60 days of becoming aware that the employer has more than 50 eligible employees but no later than the anniversary date of the employer's health insurance coverage, notify the employer that the protections provided under Iowa Code chapter 513B and this chapter shall cease to apply to the employer if such employer fails to renew its current health insurance coverage or elects to enroll in different health insurance coverage. It is the responsibility of the employer to notify the carrier of changes in employment levels which could change the employer's status as a small employer for the purposes of this chapter.

b. (1) If health insurance coverage is issued to an employer that is not a small employer as defined, but subsequently the employer becomes a small employer (due to the loss or change of work status of one or more employees), the terms of Iowa Code chapter 513B shall not apply to the health insurance coverage. The carrier providing health insurance coverage to such an employer shall not become a small employer carrier under the terms of Iowa Code chapter 513B solely because the carrier continues to provide coverage under the health insurance coverage to the employer.

(2) A carrier providing coverage to an employer described in subparagraph 71.3(5) "b"(1) shall, within 60 days of becoming aware that the employer has 50 or fewer eligible employees, notify the employer of the options and protections available to the employer under Iowa Code chapter 513B, including the employer's option to purchase a small employer health insurance coverage from any small employer carrier. It is the responsibility of the employer to notify the carrier of changes in employment levels which could change the employer's status as a small employer for the purposes of this chapter.

71.3(6) a. (1) If a small employer has employees in more than one state, Iowa Code chapter 513B and this chapter shall apply to health insurance coverage issued to the small employer if:

1. The majority of eligible employees of such small employer are employed in this state; or
2. If no state contains a majority of the eligible employees of the small employer, the primary business location of the small employer is in this state.

(2) In determining whether the laws of this state or another state apply to health insurance coverage issued to a small employer described in subparagraph (1), the provisions of the paragraph shall be applied as of the date the health insurance coverage was issued to the small employer for the period that the health insurance coverage remains in effect.

b. If health insurance coverage is subject to Iowa Code chapter 513B and this chapter, the provisions of 513B and those set forth herein shall apply to all individuals covered under the health insurance coverage whether they reside in this state or in another state.

71.3(7) A carrier that is not operating as a small employer carrier in this state shall not become subject to the provisions of the Act and this regulation solely because a small employer that was issued health insurance coverage in another state by that carrier moves to this state.

[ARC 3682C, IAB 3/14/18, effective 4/18/18]

191—71.4(513B) Establishment of classes of business.

71.4(1) A small employer carrier that establishes more than one class of business as defined in Iowa Code section 513B.2 shall maintain on file for inspection by the commissioner the following information with respect to each class of business so established:

a. A description of each criterion employed by the carrier (or any of its agents) for determining membership in the class of business;

b. A statement describing the justification for establishing the class as a separate class of business and documentation that the establishment of the class of business is intended to reflect substantial differences in expected claims experience or administrative costs related to the reasons as set forth in the definition of “class of business” in Iowa Code section 513B.2;

c. A statement disclosing which, if any, health insurance coverages are currently available for purchase in the class and any significant limitations related to the purchase of such plans.

71.4(2) A carrier may not directly or indirectly use group size as a criterion for establishing eligibility for health insurance coverage or for a class of business.

[ARC 3682C, IAB 3/14/18, effective 4/18/18]

191—71.5(513B) Transition for assumptions of business from another carrier.

71.5(1) a. A small employer carrier shall not transfer or assume the entire insurance obligation or risk of health insurance coverage covering a small employer in this state unless:

(1) The transaction has been approved by the commissioner of the state of domicile of the assuming carrier;

(2) The transaction has been approved by the commissioner of the state of domicile of the ceding carrier; and

(3) The transaction otherwise meets the requirements of this rule and Iowa Code section 513B.3(4) “c.”

b. A carrier domiciled in this state that proposes to assume or cede the entire insurance obligation or risk of one or more small employer health benefit plans from another carrier shall make a filing for approval with the commissioner at least 60 days prior to the date of the proposed assumption. The commissioner may approve the transaction upon a finding that the transaction is in the best interests of the individuals insured under the health insurance coverages to be transferred and is consistent with the purposes of Iowa Code chapter 513B and this chapter. The commissioner shall not approve the transaction until at least 30 days after the date of the filing except that, if the ceding carrier is in hazardous financial condition, the commissioner may approve the transaction as soon as the commissioner deems reasonable after the filing.

c. (1) The filing required under paragraph 71.5(1) “b” shall:

1. Describe the class of business (including any eligibility requirements) of the ceding carrier from which the health insurance coverage will be ceded;

2. Describe whether the assuming carrier will maintain the assumed health insurance coverage as a separate class of business (pursuant to 71.5(3)) or will incorporate them into an existing class of business (pursuant to 71.5(4)). If the assumed health insurance coverage will be incorporated into an existing class of business, the filing shall describe the class of business of the assuming carrier into which the health insurance coverages will be incorporated;

3. Describe whether the health insurance coverages being assumed are currently available for purchase by small employers;

4. Describe the potential effect of the assumption (if any) on the benefits provided by the health insurance coverages to be assumed;

5. Describe the potential effect of the assumption (if any) on the premiums for the health insurance coverages to be assumed;

6. Describe any other potential material effects of the assumption on the coverage provided to the small employers covered by the health insurance coverages to be assumed; and

7. Include any other information required by the commissioner.

(2) A small employer carrier required to make a filing under 71.5(1) “b” shall also make an informational filing with the commissioner of each state in which there are small employer health insurance coverages that would be included in the transaction. The informational filing to each state shall be made concurrently with the filing made under 71.5(1) “b” and shall include at least the information specified in 71.5(1) “c”(1) for the small employer health insurance coverages in that state.

d. A small employer carrier shall not transfer or assume the entire insurance obligation or risk of health insurance coverage covering a small employer in this state unless it complies with the following provisions:

(1) The carrier has provided notice to the commissioner at least 60 days prior to the date of the proposed assumption. The notice shall contain the information specified in 71.5(1)“*c*” for the health insurance coverages covering small employers in this state.

(2) If the assumption of a class of business would result in the assuming small employer carrier’s being out of compliance with the limitations related to premium rates contained in Iowa Code section 513B.4(1)“*a*,” the assuming carrier shall make a filing with the commissioner pursuant to Iowa Code section 513B.17 seeking suspension of the application of Iowa Code section 513B.4(1)“*a*.”

(3) An assuming carrier seeking suspension of the application of Iowa Code section 513B.4(1)“*a*” shall not complete the assumption of health insurance coverages covering small employers in this state unless the commissioner grants the suspension requested pursuant to 71.5(1)“*d*”(2).

(4) Unless a different period is approved by the commissioner, a suspension of the application of 513B.4(1)“*a*” shall, with respect to an assumed class of business, be for no more than 15 months and, with respect to each individual small employer, last only until the anniversary date of such employer’s coverage (except that the period with respect to an individual small employer may be extended beyond its first anniversary date for a period of up to 12 months if the anniversary date occurs within 3 months of the date of assumption of the class of business).

71.5(2) a. Except as provided in paragraph 71.5(1)“*b*,” a small employer carrier shall not cede or assume the entire insurance obligation or risk for small employer health insurance coverage unless the transaction includes ceding to the assuming carrier the entire class of business that includes such health insurance coverage.

b. A small employer carrier may cede less than an entire class of business to an assuming carrier if:

(1) One or more small employers in the class have exercised their right under contract or state law to reject (either directly or by implication) the ceding of their health insurance coverage to another carrier. In that instance, the transaction shall include each health insurance coverage in the class of business except those health insurance coverages for which a small employer has rejected the proposed cession; or

(2) After a written request from the transferring carrier, the commissioner determines that the transfer of less than the entire class of business is in the best interests of the small employers insured in that class of business.

71.5(3) Except as provided in 71.5(4), a small employer carrier that assumes one or more health insurance coverages from another carrier shall maintain such health insurance coverages as a separate class of business.

71.5(4) A small employer carrier that assumes one or more health insurance coverages from another carrier may exceed the limitation contained in Iowa Code section 513B.2 (relating to the maximum number of classes of business a carrier may establish) due solely to such assumption for a period of up to 15 months after the date of the assumption, provided that the carrier complies with the following provisions:

a. Upon assumption of the health insurance coverages, such health insurance coverages shall be maintained as a separate class of business. During the 15-month period following the assumption, each of the assumed small employer health insurance coverages shall be transferred by the assuming small employer carrier into a single class of business operated by the assuming small employer carrier. The assuming small employer carrier shall select the class of business into which the assumed health insurance coverages will be transferred in a manner that results in the least possible change to the coverages and rating method of the assumed health insurance coverages.

b. The transfers authorized in paragraph “*a*” shall occur, with respect to each small employer, on the anniversary date of the small employer’s coverage, except that an individual small employer period may be extended beyond the first anniversary date up to 12 months if the anniversary date occurs within 3 months of the date of assumption of the class of business.

c. A small employer carrier making a transfer pursuant to paragraph “*a*” may alter the benefits of the assumed health insurance coverages to conform to the benefits currently offered by the carrier in the class of business into which the health insurance coverages have been transferred.

d. The premium rate for an assumed small employer health insurance coverage shall not be modified by the assuming small employer carrier until the health insurance coverage is transferred pursuant to paragraph “*a*.” Upon transfer, the assuming small employer carrier shall calculate a new premium rate for the health insurance coverage from the rate manual established for the class of business into which the health insurance coverage is transferred. In making such calculation, the risk load applied to the health insurance coverage shall be no higher than the risk load applicable to such health insurance coverage prior to the assumption.

e. During the 15-month period provided in this subrule, the transfer of small employer health insurance coverages from the assumed class of business in accordance with this subrule shall not be considered a violation of the first sentence of Iowa Code section 513B.4(4).

71.5(5) An assuming carrier may not apply eligibility requirements (including minimum participation and contribution requirements) with respect to an assumed health insurance coverage (or with respect to any health insurance coverage subsequently offered to a small employer covered by such an assumed health insurance coverage) that are more stringent than the requirements applicable to such health insurance coverage prior to the assumption.

71.5(6) The commissioner may approve a longer period of transition upon application of a small employer carrier. The application shall be made within 60 days after the date of assumption of the class of business and shall clearly state the justification for a longer transition period.

71.5(7) Nothing in this rule or in Iowa Code chapter 513B is intended to:

a. Reduce or diminish any legal or contractual obligation or requirement, including any obligation provided in Iowa Code chapters 521 and 521B, of the ceding or assuming carrier related to the transaction;

b. Authorize a carrier that is not admitted to transact the business of insurance in this state to offer health insurance coverages in this state; or

c. Reduce or diminish the protections related to an assumption reinsurance transaction provided in Iowa Code chapters 521 and 521B or otherwise provided by law.

191—71.6(513B) Restrictions relating to premium rates.

71.6(1) *a.* A small employer carrier shall develop a separate rate manual for each class of business. Base premium rates and new business premium rates charged to small employers by the small employer carrier shall be computed solely from the applicable rate manual developed pursuant to this rule. To the extent that a portion of the premium rates charged by a small employer carrier is based on the carrier’s discretion, the manual shall specify the criteria and factors considered by the carrier in exercising such discretion.

b. (1) A small employer carrier shall not modify the rating method used in the rate manual for a class of business until the change has been approved as provided in this paragraph. The commissioner may approve a change to a rating method if the commissioner finds that the change is reasonable, actuarially appropriate, and consistent with the purpose of Iowa Code chapter 513B and this chapter.

(2) A carrier may modify the rating method for a class of business only with prior approval of the commissioner. A carrier requesting to change the rating method for a class of business shall make a filing with the commissioner at least 30 days prior to the proposed date of the change. The filing shall contain at least the following information:

1. The reasons the change in rating method is being requested;
2. A complete description of each of the proposed modifications to the rating method;
3. A description of how the change in rating method would affect the premium rates currently charged to small employers in the class of business, including an estimate from a qualified actuary of the number of groups or individuals (and a description of the types of groups or individuals) whose premium

rates may change by more than 10 percent due to the proposed change in rating method (not generally including increases in premium rates applicable to all small employers in health insurance coverage);

4. A certification from a qualified actuary that the new rating method would be based on objective and credible data and would be actuarially sound and appropriate; and

5. A certification from a qualified actuary that the proposed change in rating method would not produce premium rates for small employers that would be in violation of Iowa Code section 513B.4.

(3) For the purpose of this rule, a change in rating method shall mean:

1. A change in the number of case characteristics used by a small employer carrier to determine premium rates for health insurance coverages in a class of business;

2. A change in the manner or procedures by which insureds are assigned into categories for the purpose of applying a case characteristic to determine premium rates for health insurance coverages in a class of business;

3. A change in the method of allocating expenses among health insurance coverages in a class of business; or

4. A change in a rating factor with respect to any case characteristic if the change would produce a change in premium for any small employer that exceeds 10 percent.

For the purpose of 71.6(1)“b”(3)“1,” a change in a rating factor shall mean the cumulative change, with respect to such factor, considered over a 12-month period. If a small employer carrier changes rating factors with respect to more than one case characteristic in a 12-month period, the carrier shall consider the cumulative effect of all such changes in applying the 10 percent test under paragraph 71.6(1)“b”(3)“1.” A filing which has not previously been approved, denied, or questioned is deemed approved on or after 30 days from receipt by the division.

71.6(2) a. The rate manual developed pursuant to 71.6(1) shall specify the case characteristics and rate factors to be applied by the small employer carrier in establishing premium rates for the class of business.

b. A small employer carrier may not use case characteristics other than those specified in 513B.4(2) without the prior approval of the commissioner. A small employer carrier seeking such an approval shall make a filing with the commissioner for a change in rating method under 71.6(1)“b.”

c. A small employer carrier shall use the same case characteristics in establishing premium rates for each health insurance coverage in a class of business and shall apply them in the same manner in establishing premium rates for each health insurance coverage. Case characteristics shall be applied without regard to the risk characteristics of a small employer.

d. The rate manual developed pursuant to 71.6(1) shall clearly illustrate the relationship among the base premium rates charged for each health insurance coverage in the class of business. If the new business premium rate is different than the base premium rate for a health insurance coverage, the rate manual shall illustrate the difference.

e. Differences among base premium rates for health insurance coverages shall be based solely on the reasonable and objective differences in the design and benefits of the health insurance coverages and shall not be based in any way on the actual or expected health status or claims experience of the small employer groups that choose, or are expected to choose, a particular health insurance coverage. A small employer carrier shall apply case characteristics and rate factors within a class of business in a manner that ensures that premium differences among health insurance coverages for identical small employer groups vary only due to reasonable and objective differences in the design and benefits of the health insurance coverages and are not due to the actual or expected health status or claims experience of the small employer groups that choose, or are expected to choose, a particular health insurance coverage.

f. The rate manual developed pursuant to 71.6(1) shall provide for premium rates to be developed in a two-step process. In the first step, a base premium rate shall be developed for the small employer group without regard to any risk characteristics of the group. In the second step, the resulting base premium rate may be adjusted by a risk load, subject to the provisions of Iowa Code section 513B.4, to reflect the risk characteristics of the group.

g. (1) Except as provided in subparagraph (2), a premium charged to a small employer for a health insurance coverage shall not include a separate application fee, underwriting fee or any other separate fee or charge.

(2) A carrier may charge a separate fee with respect to a health insurance coverage (but only one fee with respect to such plan) provided the fee is no more than \$5 per month per employee and is applied in a uniform manner to each health insurance coverage in a class of business.

h. A small employer carrier shall allocate administrative expenses to the basic and standard health benefit plans on no less favorable a basis than expenses are allocated to other health insurance coverages in the class of business. The rate manual developed pursuant to 71.6(1) shall describe the method of allocating administrative expenses to the health insurance coverages in the class of business for which the manual was developed.

i. Each rate manual developed pursuant to 71.6(1) shall be maintained by the carrier for a period of six years. Updates and changes to the manual shall be maintained with the manual.

j. The rate manual and rating practices of a small employer carrier shall comply with any guidelines issued by the commissioner.

71.6(3) If group size is used as a case characteristic by a small employer carrier, the highest rate factor associated with a group size classification shall not exceed the lowest rate factor associated with such a classification by more than 20 percent.

71.6(4) The restrictions related to changes in premium rates in Iowa Code sections 513B.4(1) “*c*” and 513B.4(1) “*d*” shall be applied as follows:

a. A small employer carrier shall revise its rate manual each rating period to reflect changes in base premium rates and changes in new business premium rates.

b. (1) If, for any health insurance coverage with respect to any rating period, the percentage change in the new business premium rate is less than or the same as the percentage change in the base premium rate, the change in the new business premium rate shall be deemed the change in the base premium rate for the purposes of Iowa Code sections 513B.4(1) “*c*” and 513B.4(1) “*d*.”

(2) If, for any health insurance coverages with respect to any rating period, the percentage change in the new business premium rate exceeds the percentage change in the base premium rate, the health insurance coverage shall be considered health insurance coverage into which the small employer carrier is no longer enrolling new small employers for the purposes of Iowa Code sections 513B.4(1) “*c*” and 513B.4(1) “*d*.”

c. If, for any rating period, the change in the new business premium rate for health insurance coverage differs from the change in the new business premium rate for any other health insurance coverage in the same class of business by more than 20 percent, the carrier shall make a filing with the commissioner containing a complete explanation of how the respective changes in new business premium rates were established and the reason for the difference. The filing shall be made within 30 days of the beginning of the rating period.

d. A small employer carrier shall keep on file, for a period of at least six years, the calculations used to determine the change in base premium rates and new business premium rates for each health insurance coverage for each rating period.

71.6(5) *a.* Except as provided in paragraphs “*b*” through “*d*,” a change in premium rate for a small employer shall produce a revised premium rate that is no more than the following:

(1) The base premium rate for the small employer (as shown in the rate manual as revised for the rating period), multiplied by

(2) One plus the sum of:

1. The risk load applicable to the small employer during the previous rating period, and

2. Fifteen percent (prorated for periods of less than one year).

b. In the case of health insurance coverage into which a small employer carrier is no longer enrolling new small employers, a change in a premium rate for a small employer shall produce a revised premium rate that is no more than the following:

(1) The base premium rate for the small employer (given its present composition and as shown in the rate manual in effect for the small employer at the beginning of the previous rating period), multiplied by

(2) One plus the lesser of:

1. The change in the base rate or

2. The percentage change in the new business premium for the most similar health insurance coverage into which the small employer carrier is enrolling new small employers, multiplied by

(3) One plus the sum of:

1. The risk load applicable to the small employer during the previous rating period and

2. Fifteen percent (prorated for periods of less than one year).

c. In the case of health insurance coverage described in Iowa Code section 513B.4(2), if the current premium rate for the health insurance coverage exceeds the ranges set forth in Iowa Code section 513B.4(1), the formulae set forth in paragraphs “a” and “b” will be applied as if the 15 percent adjustment provided in 71.6(5) “a”(2)“2” and 71.6(5) “b”(3)“2” were a zero percent adjustment.

d. Notwithstanding the provisions of paragraphs “a” and “b,” a change in premium rate for a small employer shall not produce a revised premium rate that would exceed the limitations on rates provided in Iowa Code section 513B.4(1) “b.”

71.6(6) a. A representative of a Taft Hartley trust (including a carrier upon the written request of such a trust) may file in writing with the commissioner a request for the waiver of application of the provisions of Iowa Code section 513B.4 with respect to such trust.

b. A request made under paragraph “a” shall identify the provisions for which the trust is seeking the waiver and shall describe, with respect to each provision, the extent to which application of such provisions would:

(1) Adversely affect the participants and beneficiaries of the trust; and

(2) Require modifications to one or more of the collective bargaining agreements under or pursuant to which the trust was or is established or maintained.

c. A waiver granted under Iowa Code section 513B.4A shall not apply to an individual who participates in the trust because the individual is an associate member of an employee organization or the beneficiary of such an individual.

[ARC 3682C, IAB 3/14/18, effective 4/18/18]

191—71.7(513B) Requirement to insure entire groups.

71.7(1) a. A small employer carrier that offers coverage to a small employer shall offer to provide coverage to each eligible employee and to each dependent of an eligible employee. The small employer carrier shall provide the same health insurance coverage to each employee and dependent.

b. Except as provided in Iowa Code section 513B.10(4) (with respect to exclusions for preexisting conditions), the choice among insurance coverages may not be limited, restricted or conditioned upon the risk characteristics of the employees or their dependents.

71.7(2) a. Except as provided in this subrule, a small employer carrier may not issue health insurance coverage to a small employer unless the health insurance coverage covers all eligible employees and all dependents of eligible employees.

b. A small employer carrier may issue health insurance coverage to a small employer that excludes an eligible employee or the dependent of an eligible employee only if:

(1) The excluded individual has coverage under health insurance coverage or other health coverage arrangement, including that set forth in Iowa Code chapter 514E, that provides coverage similar to or exceeding benefits provided under the basic health insurance coverage;

(2) The excluded individual does not have a risk characteristic or other attribute that would cause the carrier to make a decision with respect to premiums or eligibility for health insurance coverage that is adverse to the small employer;

(3) The excluded individual states in a signed waiver that the individual has had coverage under health insurance coverage or other health arrangement, including that set forth in Iowa Code chapter 514E, within the previous six months and reasonably expects to have coverage within the succeeding six

months under health insurance coverage or other health arrangement that provides benefits similar to or exceeding benefits provided under the basic health benefit plan.

c. A small employer carrier shall require each small employer that applies for coverage, as part of the application process, to provide a complete list of eligible employees and dependents of eligible employees. The small employer carrier shall require the small employer to provide appropriate supporting documentation in the form of a W-2 Summary Wage and Tax Form and federal or state quarterly withholding statements for the current year and the year immediately preceding the year of application for coverage.

(1) A small employer carrier shall secure a waiver, with respect to each eligible employee and each dependent of an eligible employee, declining an offer of coverage under health insurance coverage provided to a small employer. The waiver shall be signed by the eligible employee (on behalf of such employee or the dependent of such employee) and shall certify that the individual who declined coverage was informed of the availability of coverage under the health insurance coverage. The waiver form shall require that the reason for declining coverage be stated on the form and shall include a written warning of the penalties imposed on late enrollees. Waivers shall be maintained by the small employer carrier for a period of six years.

(2) A small employer carrier shall obtain, with respect to each individual who submits a waiver under 71.7(2)“c”(1), information sufficient to establish that the waiver is permitted under 71.7(2)“b.”

d. (1) A small employer carrier shall not issue coverage to a small employer if the carrier is unable to obtain the list required under 71.7(2)“c,” a waiver required under 71.7(2)“c”(1) or the information required under 71.7(2)“c”(2) in circumstances set forth in this subrule.

(2) 1. A small employer carrier shall not offer coverage to a small employer if the carrier, or a producer for such carrier, has reason to believe that the small employer has induced or pressured an eligible employee (or dependent of an eligible employee) to decline coverage due to the individual’s risk characteristics.

2. A producer shall notify a small employer carrier, prior to submitting an application for coverage with the carrier on behalf of a small employer, of any circumstances that would indicate that the small employer has induced or pressured an eligible employee (or dependent of an eligible employee) to decline coverage due to the individual’s risk characteristics.

71.7(3) a. New entrants to a small employer group shall be offered an opportunity to enroll in the health insurance coverage currently held by such group. A new entrant who does not exercise the opportunity to enroll in the health insurance coverage within the period provided by the small employer carrier may be treated as a late enrollee by the carrier, provided that the period provided to enroll in the health insurance coverage extends at least 30 days after the date the new entrant is notified of the opportunity to enroll. If a small employer carrier has offered more than one health insurance coverage to a small employer group pursuant to 71.7(1)“b,” the new entrant shall be offered the same choice of health insurance coverages as the other members of the group.

b. A small employer carrier shall not apply a waiting period, elimination period or other similar limitation of coverage (other than an exclusion for preexisting medical conditions consistent with Iowa Code section 513B.10(4)), with respect to a new entrant that is longer than 60 days. This subrule does not affect an employer’s ability to determine an employee’s probationary period of work prior to the commencement of benefits.

c. New entrants to a group shall be accepted for coverage by the small employer carrier without any restrictions or limitations on coverage related to the risk characteristics of the employees or their dependents except that a carrier may exclude coverage for preexisting medical conditions consistent with the provisions provided in Iowa Code section 513B.10.

d. A small employer carrier may assess a risk load to the premium rate associated with a new entrant consistent with the requirements of Iowa Code section 513B.4. The risk load shall be the same risk load charged to the small employer group immediately prior to acceptance of the new entrant into the group.

71.7(4) a. Opportunity to enroll.

(1) In the case of an eligible employee (or dependent of an eligible employee) who, prior to July 1, 1993, was excluded from coverage or denied coverage by a small employer carrier in the process of providing health insurance coverage to an eligible small employer (as defined in Iowa Code section 513B.2(16)), the small employer carrier shall provide an opportunity for the eligible employee (or dependent of such eligible employee) to enroll in health insurance coverage currently held by the small employer.

(2) A small employer carrier may require an individual who requests enrollment under this subrule to sign a statement indicating that such individual sought coverage under the group contract (other than as a late enrollee) and that the coverage was not offered to the individual.

b. The opportunity to enroll shall meet the following requirements:

(1) The opportunity to enroll shall begin October 1, 1993, and extend for a period of at least three months.

(2) Eligible employees and dependents of eligible employees who are provided an opportunity to enroll pursuant to this subrule shall be treated as new entrants. Premium rates related to such individuals shall be set in accordance with 71.7(3).

(3) The terms of coverage offered to an individual described in subparagraph “a”(1) may exclude coverage for preexisting medical conditions if the health insurance coverage currently held by the small employer contains such an exclusion, provided that the exclusion period shall be reduced by the number of days between the date the individual was excluded or denied coverage and the date coverage is provided to the individual pursuant to this subrule.

(4) A small employer carrier shall provide written notice at least 45 days prior to the opportunity to enroll provided in 71.7(4)“a”(1) to each small employer insured under health insurance coverage offered by such carrier. The notice shall clearly describe the rights granted under this subrule to employees and dependents previously excluded or denied coverage and the process for enrollment of such individuals in the employer’s health insurance coverage.

191—71.8(513B) Case characteristics.

71.8(1) A small employer carrier may use age, geographic area, family composition, and group size in establishing premium rates, subject to Iowa Code section 513B.4(2).

71.8(2) Additional rating factors are not allowed without the prior approval of the commissioner.

191—71.9(513B) Application to reenter state.

71.9(1) A carrier prohibited from writing coverage for small employers in this state pursuant to Iowa Code section 513B.5(2) may not resume offering health insurance coverage to small employers in this state until the carrier has made a petition to the commissioner or director to be reinstated as a small employer carrier and the petition has been approved by the commissioner or director. In reviewing a petition, the commissioner or director may ask for such information and assurances as the commissioner or director finds reasonable and appropriate.

71.9(2) In the case of a small employer carrier doing business in only one established geographic service area of the state, if the small employer carrier elects to nonrenew health insurance coverage under Iowa Code section 513B.5, the small employer carrier shall be prohibited from offering health insurance coverages to small employers in any other geographic area of the state without the prior approval of the commissioner or director. In considering whether to grant approval, the commissioner or director may ask for such information and assurances as the commissioner or director finds reasonable and appropriate.

[ARC 3682C, IAB 3/14/18, effective 4/18/18]

191—71.10(513B) Creditable coverage. For purposes of this chapter, creditable coverage shall have the same definition as 1997 Iowa Acts, House File 701, section 10.

191—71.11(513B) Rules related to fair marketing.

71.11(1) a. A small employer carrier shall actively market health insurance coverages including one basic and one standard health benefit plan to small employers in this state. A small employer carrier may

not suspend the marketing or issuance of the basic and standard health benefit plans unless the carrier has good cause and has received the prior approval of the commissioner or director.

b. In marketing the basic and standard health benefit plans to small employers, a small employer carrier shall use at least the same sources and methods of distribution that it uses to market other health insurance coverages to small employers.

71.11(2) a. A small employer carrier, in accordance with the provisions of Iowa Code section 513B.10, shall accept every small employer that applies for health insurance coverage from the small employer carrier and shall accept every eligible individual who applies for enrollment. The offer shall be in writing and shall include at least the following information:

(1) A general description of the benefits contained in the basic and standard health benefit plans and any other health insurance coverage being offered to the small employer, and

(2) Information describing how the small employer may enroll in the plans.

The offer may be provided directly to the small employer or delivered through a producer.

b. (1) A small employer carrier shall provide a price quote to a small employer (directly or through an authorized producer) within ten working days of receiving a request for a quote and other information as necessary to provide the quote. A small employer carrier shall notify a small employer (directly or through an authorized producer) of any additional information needed by the small employer carrier to provide the quote within five working days of receiving a request for a price quote.

(2) A small employer carrier shall not apply more stringent or detailed requirements related to the application process for the basic and standard health benefit plans than applied for other health insurance coverage offered by the carrier.

71.11(3) A small employer carrier shall establish and maintain a toll-free telephone service to provide information to small employers regarding the availability of health insurance coverages in this state. The service shall provide information to callers regarding application for coverage from the carrier. The information may include the names and telephone numbers of producers located in geographic proximity to the caller or such other information reasonably designed to assist the caller to locate an authorized producer or to otherwise apply for coverage.

71.11(4) The small group carrier shall not require a small employer to join or contribute to any association or group as a condition of being accepted for coverage by the small employer carrier except, if membership in an association or other group is a requirement for accepting a small employer into health insurance coverage, a small employer carrier may apply such requirement.

71.11(5) A small employer carrier may not require, as a condition to the offer or sale of health insurance coverage to a small employer, that the small employer purchase or qualify for any other insurance product or service.

71.11(6) a. Carriers offering individual and group health insurance coverages in this state shall be responsible for determining whether the plans are subject to the requirements of Iowa Code chapter 513B and this chapter. Carriers shall elicit the following information from applicants for such plans at the time of application:

(1) Whether or not any portion of the premium will be paid by or on behalf of a small employer, either directly or through wage adjustments or other means of reimbursement; and

(2) Whether or not the prospective policyholder, certificate holder or any prospective insured individual intends to treat the health insurance coverage as part of a plan or program under Section 162 (other than Section 162(1)), Section 125 or Section 106 of the United States Internal Revenue Code.

b. If a small employer carrier fails to comply with paragraph “a,” the small employer carrier shall be deemed on notice regarding any information that could reasonably have been attained if the small employer carrier had complied with paragraph “a.”

71.11(7) a. A small employer carrier shall annually file the following information with the commissioner related to health insurance coverages issued by the small employer carrier to small employers in this state:

(1) The number of small employers that were issued health insurance coverages in the previous calendar year (separated as to newly issued plans and renewals);

(2) The number of small employers that were issued the basic health benefit plan and the standard health benefit plan in the previous calendar year (separated as to newly issued plans and renewals and as to class of business);

(3) The number of small employer health insurance coverages in force in each county (or by ZIP code) of the state as of December 31 of the previous calendar year;

(4) The number of small employer health insurance coverages that were voluntarily not renewed by small employers in the previous calendar year;

(5) The number of small employer health insurance coverages that were terminated or nonrenewed (for reasons other than nonpayment of premium) by the carrier in the previous calendar year; and

(6) The number of small employer health insurance coverages that were issued to small employers that were uninsured for at least the three months prior to issue.

b. The information described in paragraph “*a*” shall be filed no later than March 15 of each year.

71.11(8) A small group carrier shall not price the basic and standard benefit plans nor set the commissions in such a way to make the plans unattractive for a producer to market. A small employer carrier shall provide reasonable compensation, as provided in the plan of operation, to a producer, if any, for the sale of a basic or standard health benefit plan.

71.11(9) A small employer carrier shall establish commission payments for the sale of basic and standard health benefit plans within each class of business at no less than 75 percent of the level of commission payments assessed on other small group health products.

191—71.12(513B) Status of carriers as small employer carriers.

71.12(1) Subject to 71.12(2), a carrier shall not offer health insurance coverages to small employers or continue to provide coverage under health insurance coverages previously issued to small employers in this state unless the carrier has made a filing with the commissioner or director that the carrier intends to operate as a small employer carrier in this state under the terms of this chapter.

71.12(2) a. If a carrier does not intend to operate as a small employer carrier in this state, the carrier may continue to provide coverage under health insurance coverages previously issued to small employers in this state only if the carrier complies with the following provisions:

(1) The carrier complies with the requirements of Iowa Code chapter 513B (other than Iowa Code sections 513B.11 to 513B.13) with respect to each of the health insurance coverages previously issued to small employers by the carrier.

(2) The carrier provides coverage to each new entrant to health insurance coverage previously issued to a small employer by the carrier. The provisions of Iowa Code chapter 513B (other than Iowa Code sections 513B.11 to 513B.13) and this chapter shall apply to the coverage issued new entrants.

(3) The carrier complies with the requirements of Iowa Code section 513B.17A, and rule 191—71.13(513B), as they apply to small employers whose coverage has been terminated by the carrier, and to individuals and small employers whose coverage has been limited or restricted by the carrier.

b. A carrier that continues to provide coverage pursuant to this subrule shall not be eligible to participate in the reinsurance program established under Iowa Code section 513B.11.

71.12(3) If a carrier does not intend to operate as a small employer carrier in this state, the carrier shall be precluded from operating as a small employer carrier in this state (except as provided for in 71.12(2)) for a period of five years from the date of this chapter. Upon a written request from such a carrier, the commissioner may reduce the period provided for in the previous sentence if the commissioner finds that permitting the carrier to operate as a small employer carrier would be in the best interests of the small employers in the state.

191—71.13(513B) Restoration of coverage.

71.13(1) a. Except as provided in 71.13(1) “*b*,” a small employer carrier shall, as a condition of continuing to transact business in this state with small employers, offer to provide health insurance coverage as described in 71.13(3) to any small employer carrier after January 1, 1993, unless the carrier’s termination is pursuant to Iowa Code section 513B.5.

b. The offer required under 71.13(1)“*a*” shall not be required with respect to health insurance coverage that was not renewed if:

(1) The health insurance coverage was not renewed for reasons permitted in Iowa Code section 513B.5(1), or

(2) The nonrenewal was a result of the small employer voluntarily electing coverage under different health insurance coverage.

71.13(2) The offer made under 71.13(1) shall occur not later than 60 days after July 2, 1993. A small employer shall be given at least 60 days to accept an offer made pursuant to 71.13(1).

71.13(3) A health insurance coverage provided to a terminated small employer pursuant to 71.13(1) shall meet the following conditions:

a. The health insurance coverage shall contain benefits that are identical to the benefits in the health insurance coverage that was terminated or nonrenewed.

b. The health insurance coverage shall not be subject to any waiting periods (including exclusion periods for preexisting conditions) or other limitations on coverage that exceed those contained in the health insurance coverage that was terminated or nonrenewed. In applying such exclusions or limitations, the health insurance coverage shall be treated as if it were continuously in force from the date it was originally issued to the date that it is restored pursuant to 191—71.13(513B).

c. The health insurance coverage shall not be subject to any provisions that restrict or exclude coverage or benefits for specific diseases, medical conditions or services otherwise covered by the plan.

d. The health insurance coverage shall provide coverage to all employees who are eligible employees as of the date the plan is restored. The carrier shall offer coverage to each dependent of such eligible employees.

e. The premium rate for the health insurance coverage shall be no more than the premium rate charged to the small employer on the date the health insurance coverage was terminated or nonrenewed provided that, if the number or case characteristics of the eligible employees (or their dependents) of the small employer has changed between the date the health insurance coverage was terminated or nonrenewed and the date that it is restored, the carrier may adjust the premium rates to reflect any changes in case characteristics of the small employer. If the carrier has increased premium rates for other similar groups with similar coverage to reflect general increases in health care costs and utilization, the premium rate may be further adjusted to reflect the lowest such increase given to a similar group. The premium rate for the health insurance coverage may not be increased to reflect any changes in risk characteristics of the small employer group until one year after the date the health insurance coverage is restored. Any such increase shall be subject to the provisions of Iowa Code section 513B.4.

f. The health insurance coverage shall not be eligible to be reinsured under the provisions of Iowa Code section 513B.12, except that the carrier may reinsure new entrants to the health insurance coverage who enroll after the restoration of coverage.

191—71.14(513B) Basic health benefit plan and standard health plan policy forms.

71.14(1) The form and level of coverage of the basic health benefit plan and the standard health benefit plan are contained in this rule. This rule provides the minimum benefit levels allowed and does not prevent carriers from voluntarily providing additional services to the basic health benefit plan or the standard health benefit plan.

71.14(2) The matrix and acceptable exclusions following this chapter are a guideline for the minimum benefit levels in a basic and standard health policy form.

71.14(3) Termination of pregnancy is to be covered in both policy forms when performed for therapeutic reasons. Elective termination of pregnancy is not to be covered in either the basic or standard form.

71.14(4) A provision shall be made in the basic health benefit plan and the standard health benefit plan covering diagnosis and treatment of human ailments for payment or reimbursement for necessary diagnosis and treatment provided by a chiropractor licensed under Iowa Code chapter 151, if the diagnosis or treatment is provided within the scope of the chiropractor’s license.

71.14(5) Prosthetic devices are covered when medically necessary.

71.14(6) Prescription oral contraceptives and contraceptive devices that are approved by the United States Food and Drug Administration are to be covered in both policy forms.

71.14(7) Both policy forms shall cover well baby care consistent with Iowa Administrative Code 191—Chapter 80.

71.14(8) The division has available “safe harbor” policy forms for the basic and standard health insurance plans required pursuant to Iowa Code chapter 513B. These are model forms approved by the division as meeting the minimum requirements of a basic and a standard policy.

71.14(9) All carriers shall provide benefits in the standard health benefit plan for the cost associated with equipment, supplies, and education for the treatment of diabetes pursuant to Iowa Code section 514C.14.

191—71.15(513B) Methods of counting creditable coverage.

71.15(1) For purposes of reducing any preexisting condition exclusion period, a group health plan or a carrier offering group health insurance coverage shall determine the amount of an individual's creditable coverage by using the standard method described in subrule 71.15(2), except that the plan or

carrier may use the alternative method under subrule 71.15(3) with respect to any or all of the categories of benefits described under paragraph 71.15(3)“b.”

71.15(2) Under the standard method, a group health plan and a health insurance carrier offering group health insurance coverage shall determine the amount of creditable coverage without regard to the specific benefits included in the coverage.

a. For purposes of reducing the preexisting condition exclusion period, a group health plan or a health insurance carrier offering group health insurance coverage shall determine the amount of creditable coverage by counting all the days that the individual has under one or more types of creditable coverage. If on a particular day, an individual has creditable coverage from more than one source, all the creditable coverage on that day is counted as one day. Further, any days in a waiting period for a plan or policy are not creditable coverage under the plan or policy.

b. Days of creditable coverage that occur before a significant break in coverage are not required to be counted.

c. Notwithstanding any other provision of paragraph 71.15(2)“b,” for purposes of reducing a preexisting condition exclusion period, a group health plan and a health insurance carrier offering group health insurance coverage may determine the amount of creditable coverage in any other manner that is at least as favorable to the individual as the method set forth in paragraph 71.15(2)“b.”

71.15(3) Under the alternative method, a group health plan or a health insurance carrier offering group health insurance coverage shall determine the amount of creditable coverage based on coverage within any category of benefits described in subparagraph 71.15(3)“b”(2) and not based on coverage. The plan may apply a different preexisting condition exclusion period with respect to each category and may apply a different preexisting condition exclusion period for benefits that are not within any category. The creditable coverage determined for a category of benefits applies only for purposes of reducing the preexisting condition exclusion period with respect to that category. An individual’s creditable coverage for benefits that are not within any category for which the alternative method is being used is determined under the standard method of paragraph 71.15(3)“a.”

a. A plan or carrier using the alternative method is required to apply it uniformly to all participants and beneficiaries in the plan or policy. The use of the alternative method must be set forth in the plan.

b. The alternative method for counting creditable coverage may be used for coverage for any of the following categories of benefits:

- (1) Mental health.
- (2) Substance abuse treatment.
- (3) Prescription drugs.
- (4) Dental care.
- (5) Vision care.

c. If the alternative method is used, the plan is required to:

(1) State prominently that the plan is using the alternative method of counting creditable coverage in disclosure statements concerning the plan, and state this to each enrollee at the time of enrollment under the plan;

(2) Include in these statements a description of the effect of using the alternative method, including an identification of the category’s uses; and

(3) Under the alternative method, the group health plan or carrier counts creditable coverage within a category if any level of benefits is provided within the category.

191—71.16(513B) Certificates of creditable coverage.

71.16(1) Group health plans or carriers shall issue certificates of creditable coverage to persons losing coverage. A group health plan or carrier required to provide a certificate under this rule for an individual is deemed to have satisfied the certification requirements for that individual if another party provides the certificate, but only to the extent that information relating to the individual’s creditable coverage and waiting or affiliation period is provided by the other party. Certificates shall be issued within a reasonable amount of time following termination to employees and dependents:

- a. Automatically upon the termination of an individual's group coverage;
- b. Automatically upon the termination of COBRA coverage;
- c. Upon request within 24 months after coverage ends.

71.16(2) Certificates in writing. Certificates of coverage must be in writing unless all of the following conditions are met:

- a. The individual requesting the certificate is not entitled to receive a certificate;
- b. The individual requests that the certificate be sent to another plan or carrier;
- c. The plan or carrier receiving the certificate agrees to accept the information through means other than a written certificate;
- d. The plan or carrier receiving the certificate receives the certificate within a reasonable amount of time.

71.16(3) Required information. The certificate shall include the following information:

- a. The date the certificate is issued;
- b. The name of the group plan providing coverage;
- c. The name of the employee or dependent to whom the certificate applies, other relevant identifying information, and the name of the employee if the certificate is for a dependent;
- d. The plan administrator's name, address and telephone number;
- e. A telephone number to call for further information if different from above;
- f. Either a statement that the person has at least 18 months' creditable coverage without a significant break of coverage or the date any waiting period and creditable coverage began;
- g. The date creditable coverage ended or an indication that the coverage is in force.

71.16(4) Family information. Information for families may be combined on one certificate. Any differences in creditable coverages shall be clearly delineated.

71.16(5) Dependent coverage transition rule. A group health plan or carrier that does not maintain dependent data is deemed to have satisfied the requirement to issue dependent certificates by naming the employee and specifying that the coverage on the certificate is for dependent coverage.

71.16(6) Delivering certificates. The certificate shall be given to the individual, plan or carrier requesting the certificate. The certificates may be sent by first-class mail. When a dependent's last-known address differs from the employee's last-known address, a separate certificate shall be provided to the dependent at the dependent's last-known address. Separate certificates may be mailed together to the same location.

71.16(7) A group health plan or carrier shall establish a procedure for individuals to request and receive certificates.

71.16(8) A certificate is not required to be furnished until the group health plan or carrier knows or should have known that dependent's coverage terminated.

71.16(9) Demonstrating creditable coverage. An individual has the right to demonstrate creditable coverage, waiting periods, and affiliation periods when the accuracy of the certificate is contested or a certificate is unavailable. A group health plan or carrier shall consider information obtained by it or presented on behalf of an individual to determine whether the individual has creditable coverage.

[ARC 3682C, IAB 3/14/18, effective 4/18/18]

191—71.17(513B) Notification requirements.

71.17(1) A group health plan or carrier shall provide written notice to the employee and dependents of:

- a. The existence of any preexisting condition exclusions.
- b. The length of time to which the exclusions will apply.
- c. The right of the employee or dependent to appeal a decision to impose a preexisting condition exclusion.
- d. The right of the person to demonstrate creditable coverage including:
 - (1) The right of the person to request a certificate from a prior group health plan or carrier;
 - (2) A statement that the current group health plan or carrier will assist in obtaining the certificate;

(3) That the group health plan or carrier will use the alternative method of counting creditable coverage; and

(4) Special enrollment rights when an employee declines coverage for the employee or dependents.

71.17(2) A group health plan or carrier shall provide written notice to the employee and dependents of the modification of a prior creditable coverage decision when the group health plan or carrier subsequently determines either no or less creditable coverage existed provided that the group health plan or carrier acts according to its initial determination until the final determination is made.

[ARC 3682C, IAB 3/14/18, effective 4/18/18]

191—71.18(513B) Special enrollments.

71.18(1) A carrier shall permit individuals to enroll for coverage under terms of a health benefit plan, without regard to other enrollment dates permitted under the group health plan, if an eligible employee requests enrollment or, if the group health plan makes coverage available to dependents, on behalf of a dependent who is eligible but not enrolled under the group health plan, during the special enrollment period, which shall be 30 days following an event described in subrules 71.18(2) and 71.18(3) with respect to the individual for whom enrollment is requested. A carrier may impose enrollment requirements that are otherwise applicable under terms of the group health plan to individuals requesting immediate enrollment.

71.18(2) An individual, who previously had other coverage for medical care and for whom an eligible employee declined coverage under the group health plan, may be enrolled during a special enrollment period if the individual has lost the other coverage for medical care and:

a. If required by the group health plan, the eligible employee stated in writing when declining the coverage, after being given a notice of the requirement form, and the consequences of failure to submit a written statement that coverage was declined because the individual had coverage for medical care under another group health plan or otherwise; and

b. When enrollment was declined for the individual:

(1) The individual had coverage other than under a COBRA continuation provision and the coverage has been exhausted; or

(2) The individual had coverage other than under a COBRA continuation provision and the coverage has been terminated due to loss of eligibility for the coverage, including loss of coverage as a result of legal separation, divorce, death, termination of employment, reduction in the number of hours of employment and any loss of eligibility after a period that is measured by reference to any of the foregoing, or termination of employer contributions toward the other coverage.

c. For purposes of this subparagraph 71.18(2)“*b*”(2):

(1) Loss of eligibility for the coverages does not include loss of eligibility due to the eligible employee’s or dependent’s failure to make timely premium payments or termination of coverage for cause such as making a fraudulent claim or intentional misrepresentation of material fact in connection with the group health plan; and

(2) Employer contributions include contributions by any current or former employer of the individual or another person that was contributing to coverage for the individual.

(3) Exhaustion of COBRA continuation coverage means that an individual’s COBRA continuation coverage ceases for any reason other than either failure of the individual to pay premiums on a timely basis, or for cause, such as making a fraudulent claim or an intentional misrepresentation of a material fact in connection with the plan. An individual is considered to have exhausted COBRA continuation coverage if the coverage ceases.

71.18(3) If the eligible employee has previously declined enrollment under the group health plan but acquires a dependent through marriage, birth, adoption or placement for adoption, the eligible employee or dependent may be enrolled during the special enrollment period with respect to the individual.

71.18(4) Enrollment of the eligible employee or dependent is effective not later than the first day of the calendar month or, for a newborn or adopted child, on the date of birth, adoption, or placement for adoption.

[ARC 3682C, IAB 3/14/18, effective 4/18/18]

191—71.19(513B) Disclosure requirements. All carriers shall include in contracts and evidence of coverage forms a statement disclosing the existence of any drug formularies. Upon request, a carrier offering health insurance coverage that includes a prescription drug formulary shall inform enrollees of the coverage, and prospective enrollees of the coverage during any open enrollment period, whether a prescription drug specified in the request is included in such formulary.

All carriers shall also disclose the existence of any contractual arrangements providing rebates received by them for prescription drugs or durable medical equipment. Durable medical equipment means equipment that can stand repeated use and is primarily and customarily used to serve a medical purpose and is generally not useful to a person who is not sick or injured or used by other family members and is appropriate for home use for the purpose of improving bodily functions or preventing further deterioration of the medical condition caused by sickness or injury.

[ARC 3682C, IAB 3/14/18, effective 4/18/18]

191—71.20(514C) Treatment options.

71.20(1) A carrier shall not prohibit a participating provider from or penalize a participating provider for discussing treatment options with covered persons, irrespective of the carrier's position on the treatment options, or from advocating on behalf of covered persons within the utilization review or grievance processes established by the carrier or a person contracting with the carrier.

71.20(2) A carrier shall not penalize a provider because the provider, in good faith, reports to state or federal authorities any act or practice by the carrier that, in the opinion of the provider, jeopardizes patient health or welfare.

191—71.21(514C) Emergency services. Benefits shall be available by the carrier for inpatient and outpatient emergency services. A physician and sufficient other licensed and ancillary personnel shall be readily available at all times to render such services. Since carriers may not contract with every emergency care provider in an area, carriers shall make every effort to inform members of participating providers.

71.21(1) The term "emergency services" means, with respect to an individual enrolled with an organization, covered inpatient and outpatient services that are furnished by a provider who is qualified to furnish the services that are needed to evaluate or stabilize an emergency medical condition.

71.21(2) The term "emergency medical condition" means a medical condition manifesting itself by symptoms of sufficient severity, including but not limited to severe pain, that an ordinarily prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in one of the following:

- a. Placing the health of the individual or, with respect to a pregnant woman, the health of the woman and her unborn child in serious jeopardy;
- b. Serious impairment to bodily function; or
- c. Serious dysfunction of any bodily organ or part.

71.21(3) Reimbursement to a provider of "emergency services" shall not be denied by any carrier without that organization's review of the patient's medical history, presenting symptoms, and admitting or initial as well as final diagnosis, submitted by the provider, in determining whether, by definition, emergency services could reasonably have been expected to be provided. Reimbursement for emergency services shall not be denied solely on the grounds that services were performed by a noncontracted provider. If reimbursement for emergency services is denied, the enrollee may file a complaint. Upon denial of reimbursement for emergency services, the carrier shall notify the enrollee and the provider that they may register a complaint with the commissioner of insurance.

[ARC 3682C, IAB 3/14/18, effective 4/18/18]

191—71.22(514C) Provider access. A carrier shall allow a female enrollee direct access to obstetrical or gynecological services from network and participating providers. The plan shall also allow a pediatrician to be the primary care provider for a child through the age of 18.

These rules are intended to implement Iowa Code chapters 513B and 514C and 1999 Iowa Acts, Senate File 276.

Authorization and Certification

I understand and agree with the following statements with regard to my application for coverage through an insurance Carrier:

- My dependents are not eligible for coverages I don't have. My dependents, including step and foster children and any over the maximum age, are eligible based on plan provisions but those over the maximum age will be verified when a claim is filed. I have read and understand the Preexisting Condition Exclusion and the Special Enrollment Rights and know if I refuse medical coverage, I and my dependents must wait for the next open enrollment unless I become eligible during a Special Enrollment. If I refuse dental coverage, I and my dependents may enroll later but this will affect the level of benefits. If I refuse life or disability coverage, I may apply later but I must show proof of good health and coverage will be subject to approval by the Carrier. If I refuse coverage, I cannot enroll after retirement.
- I understand that the coverages applied for will not start until after this application and the appropriate coverage rates are received and accepted by the Carrier and an effective date of coverage is established by the Carrier. I further agree that the Carrier is not liable for a claim before the effective date of coverage and all policy provisions apply. During the first two years coverage for life or disability or medical is in force, false statements, omissions or material misrepresentations can cause changes in that coverage, including cancellation back to the effective date.
- Any person who, with intent to defraud or knowingly is facilitating a fraud against an insurer, submits an application or files a claim with false or deceptive statements, may be guilty of insurance fraud.
- For life and disability coverages, I authorize any health care provider who has personal information, including physical, mental, drug or alcohol use history, regarding me or a dependent, to give such data to the life or disability carrier agents and employees of the Life or Disability Carrier and I authorize the Life or Disability Carrier to release data as required by law. If signed in connection with an application, reinstatement or a change in benefits, this form will be valid two years from the date below. I may revoke authorization for information not yet obtained. I understand data obtained will be used by the Life or Disability Carrier for determining eligibility for life and disability coverage. Information will not be used for any purposes prohibited by law.
- I also understand collection of social security numbers for myself and my dependents will be used by the Carrier only as allowed by law.
- For life coverage, I understand that as the employee, the insurance I and my dependents have applied for will begin on the effective date of coverage provided I am at work on that date. If I am not actively at work on such date, subject to the terms of the group policy, coverage may not go into effect until after my return to work. Furthermore, I understand that no insurance may become effective for any member of my family while he/she is in a period of limited activity.
- For medical coverage, I authorize pharmacy benefit managers, "health care providers", including but not limited to, surgeons, physicians, psychologists, nurses, social workers, health care facilities and other entities covered under the HIPAA Privacy Rule and their agents and employees, to release and disclose my personal health information, including but not limited to, all health & mental records, including those records protected by Federal or State law relating to the diagnosis or treatment of AIDS or AIDS related complex, Human Immunodeficiency Virus (HIV) infection, sexually transmitted diseases, mental health and substance abuse, the use of alcohol, drugs, and tobacco, and the past, present, or future treatments or conditions for myself or for my dependents eligible for health care coverage to the Carrier, its agents, and employees, for purposes of underwriting my application for coverage, and making eligibility, premium rating, and enrollment decisions, relating to any coverage I have, have applied for, or may in the future apply for with the Carrier or other entities covered under the HIPAA Privacy Rule. I further understand that the personal health information described above may be disclosed to and/or received by persons or organizations that are not health plans, covered health care providers or health care clearinghouses subject to federal health information privacy laws. They may further disclose the protected health information, and it may no longer be protected by federal health information privacy laws. This authorization shall remain in force for two years following the date of my signature. I may revoke this authorization in writing at any time by sending the request for revocation to the Carrier. I understand that a revocation is not effective until received by the Carrier and that any revocation is not effective to the extent that the Carrier or Providers have relied on the protected health information disclosed to them. This Authorization and Certification does not authorize the redisclosure of medical information except as otherwise stated herein. Federal and State regulations do not allow further disclosure of mental health, substance abuse and AIDS/HIV related information. The Carrier maintains the confidentiality of all information received and it will not be released to any person or facility unless you apply for life and/or disability coverage underwritten by the Life or Disability Carrier in which case the application, without any further health records or Attending Physician Statements (APS) received, will be released to the Life or Disability Carrier. I understand that if I refuse this authorization, the Carrier may not make an eligibility determination, and I will not be considered for coverage with the Carrier.

I hereby authorize the following Carriers, their reinsurers, and their legal representatives to receive, use, and disclose my, my spouse and my dependent child(ren)'s Protected Health Information for the purpose of insurance coverage. I authorize the Carriers to disclose my, my spouse and my dependent child(ren)'s Protected Health Information between themselves, to reinsuring companies, and to the plan administrator or plan sponsor (if other than the employer), insurance intermediaries, or other persons or organizations performing business or legal services in connection with the purpose of insurance coverage: *(Either you or your broker must list all Carriers that are to receive this application for insurance.)*

I certify that I am legally authorized to apply for coverage for myself and all other persons named in this application. I further certify that, after this application was completed, I carefully and fully read it, that the statements and answers set forth are full, true, and correct to the best of my knowledge and belief, and that no information required to be given, either expressly or by implication, has been knowingly withheld. I understand that the Carrier will rely on the completeness and truthfulness of the information given and the statements made, and that if I have made any false statements or misrepresentations, or have failed to disclose or concealed any material fact, the Carrier will be entitled to declare any contract or coverage issued pursuant to this application void and to refuse allowance on benefits to any person thereunder, which means that any claims incurred will become my liability. If the group policy does not require my contribution, I understand that I cannot decline any coverage unless the policy indicates otherwise. If the group policy requires my contribution, I authorize my employer to deduct from my pay. I understand an agent or broker cannot guarantee coverage, revise rates, benefits, or provisions without written approval from the Carrier.

[ARC 8271B, IAB 11/4/09, effective 12/9/09]

191—72.3(249G) Definitions.

“Asset disregard” means a \$1 increase in the amount of assets an individual who purchases a certified long-term care policy may retain, upon qualification for Medicaid, for each \$1 of benefit paid out under the individual’s certified long-term care policy for Medicaid-eligible long-term care services in determining eligibility for the Medicaid program.

“Certified long-term care insurance policy or certificate” means any long-term care insurance policy or certificate certified for sale to Iowa residents by the division of insurance as meeting standards promulgated under rules 191—72.6(249G) and 191—72.7(249G).

“Cognitive impairment” means confusion or disorientation resulting from a deterioration or loss of intellectual capacity that is not related to or a result of mental illness but which can result from Alzheimer’s disease or similar forms of senility or irreversible dementia. This deterioration or loss of

intellectual capacity is established through use of standardized tests that reliably measure impairment in the following areas:

1. Short-term or long-term memory.
2. Orientation as to person, place, and time.
3. Deductive or abstract reasoning.

Cognitive impairment must result in an individual's requiring 24-hour-a-day supervision or direct assistance to maintain the individual's safety.

"Complex, yet stable medical condition" means that the individual requires 24-hour-a-day professional nursing observation or professional nursing intervention more than once a day in a setting other than an acute care wing of a hospital.

"Deficiency in activity of daily living" means that the individual cannot perform one or more of the following six activities of daily living without direct assistance:

A certified long-term care insurance policy or certificate shall not, if it provides homemaker services incidental to personal care, limit or exclude benefits by requiring that the provision of such services be at a level of certification or licensure greater than that required by the eligible service or by limiting benefits to services provided by Medicare-certified agencies or providers.

"Informal long-term care services" means long-term care services for which the provider is not paid.

"Insured event" means the insured is eligible to receive insurance benefits and to have these benefits qualify for an asset disregard if any one of the following criteria is met:

The insured has at least two deficiencies in activities of daily living (ADLs) (to qualify for home-and community-based services including, but not limited to, home health care, adult day health/social care, personal care, homemaker services incidental to personal care, respite care and residential care facility) or three deficiencies in activities of daily living (ADLs) (to qualify for nursing facility care); or

2. The insured has a cognitive impairment; or

3. The insured has a complex, yet stable medical condition.

"Integrated benefits" means the benefits contained in the policy or certificate can be used interchangeably among the various covered home- or community-based or nursing facility benefits, and there is no limit on the use of any specific covered benefit, except for monthly limits that may be set for home-and community-based care benefits and per diem limits that may be set on nursing facility services.

“Plan of care” means a written individualized plan of services approved by a case management provider agency which specifies the type, frequency, and providers of all formal and informal long-term care services required for the individual and the cost, if any, of any formal long-term care services prescribed. Long-term care insurance policies and certificates in force on July 1, 1994, may, with the signed acceptance of the policyholder or certificate holder, be amended to meet the requirements for qualification.

191—72.5(249G) Standards for marketing. No long-term care insurance policy or certificate which does not meet the requirements of this chapter and has not been approved by the division of insurance as a certified long-term care insurance policy or certificate may be advertised, solicited, or issued for delivery in this state as a certified long-term care insurance policy or certificate. Each issuer seeking to qualify a long-term care policy or certificate for participation in the Iowa long-term care asset preservation program must do the following:

c. Received a statement regarding Medicaid eligibility and benefits that shall be in the following format:

NOTICE TO APPLICANT
REGARDING MEDICAID ELIGIBILITY

I understand that eligibility for Medicaid is not automatic; an application is necessary. My insurance company will send me quarterly statements showing how much asset protection I have earned. This permanent asset protection is in addition to any asset exemptions available to any Iowan applying for Medicaid. I understand that should I wish to apply for public assistance it is my responsibility to apply for Medicaid. I further understand that before receiving Medicaid I will first have to use any additional assets I have not protected. I will also need to meet Medicaid's criteria for medical necessity which may be different from the eligibility criteria used by my private insurance. Once I become a Medicaid recipient, I understand that I may have to apply a portion of my income toward the cost of my care, and that Medicaid services at that time may not be the same services I was receiving under my private long-term care insurance.

(Signature of Applicant(s))

I understand that the information contained in these records will be used for no purpose other than those stated above, and will be kept strictly confidential by the state of Iowa.

(Signature of Applicant(s))

e. Received a description regarding mandatory inflation protection that shall be in the following format:

NOTICE TO APPLICANT REGARDING
MANDATORY INFLATION PROTECTION

In order for this long-term care policy [certificate] to remain certified by the state of Iowa and qualify to provide asset protection for the state Medicaid program, daily coverage benefits must meet or exceed standards established by the state of Iowa. Depending on the option you choose to automatically inflate daily coverage benefits, premiums may rise over the life of the policy [certificate]. [Insert issuer name] will provide you with a graphic comparison showing the differences in premiums and benefits, over at least a 20-year period, between a policy that increases benefits over the policy period and a policy that does not increase benefits. Failure to maintain the required daily coverage benefits will result in the policy [certificate] losing its certified status and no longer being allowed to provide asset protection. It is [insert issuer name]’s responsibility to automatically inflate coverage benefit levels in order to maintain certified status; it is your responsibility to make premium payments in order to maintain certified status.

f. Received a graphic comparison showing the differences in premiums and benefits, over at least a 20-year period, between a policy or certificate that increases benefits over the policy or certificate period and a policy or certificate that does not increase benefits.

72.5(3) Report to the commissioner of the division of insurance all sales involving replacement of existing policies and certificates by certified policies or certificates within 30 days of the issue date of the newly issued certified policy or certificate. The report shall include the following:

- a.* The name and address of the insured.
- b.* The name of the company whose policy or certificate is being replaced.
- c.* The name of the producer replacing the coverage.

This report shall also include a comparison of the coverage issued with that being replaced, including a comparison of premiums and an explanation of how the replacement was beneficial to the insured. The replacing issuer shall not cancel, nonrenew, or rescind a replacement policy or certificate for any reason other than nonpayment of premium, material misrepresentation, or fraud.

72.5(4) Provide producer training as follows:

a. Provide written evidence to the division of insurance that procedures are in place to ensure that no producer will be authorized to market, sell, solicit, or otherwise contact any person for the purpose of marketing a certified long-term care insurance policy or certificate unless the producer has completed training covering at least the division’s eight-credit outline on the Iowa long-term care asset preservation program.

b. Issuers shall provide written evidence to the division of insurance that procedures are in place to ensure that no producer will be authorized to market, sell, solicit, or otherwise contact any person for the purpose of marketing a certified long-term care insurance policy or certificate unless, on an annual basis, the producer completes two hours of continuing education training specifically covering the Iowa long-term care asset preservation program and Medicaid.

c. Issuers shall use only curriculum and instructors approved by the division of insurance. Coursework must be completed in a classroom setting and may not be completed on a “take-home” basis.

d. Issuers shall submit training courses used for continuing education for approval to the outside vendor under contract with the division of insurance at least 30 days prior to the beginning of the course. Requests received later may be disapproved.

72.5(5) Include a statement on the outline of coverage, the policy or certificate application, and the front page of the policy or certificate in bold type and in a separate box as follows: “THIS POLICY

[CERTIFICATE] QUALIFIES UNDER THE IOWA LONG-TERM CARE INSURANCE PROGRAM FOR MEDICAID ASSET PROTECTION. THIS POLICY [CERTIFICATE] MAY PROVIDE BENEFITS IN EXCESS OF THE ASSET PROTECTION PROVIDED IN THE IOWA LONG-TERM CARE ASSET PRESERVATION PROGRAM.”

72.5(6) Long-term care insurance policies or certificates sold after July 1, 1994, that are not certified under the Iowa long-term care asset preservation program must include a statement on the outline of coverage, the policy or certificate application, and the front page of the policy or certificate in bold type and in a separate box as follows: “THIS POLICY [CERTIFICATE] DOES NOT QUALIFY FOR MEDICAID ASSET PROTECTION UNDER THE IOWA LONG-TERM CARE ASSET PRESERVATION PROGRAM. HOWEVER, THIS POLICY [CERTIFICATE] IS AN APPROVED LONG-TERM CARE INSURANCE POLICY [CERTIFICATE] UNDER STATE INSURANCE REGULATIONS. FOR INFORMATION ABOUT POLICIES AND CERTIFICATES QUALIFYING UNDER THE IOWA LONG-TERM CARE ASSET PRESERVATION PROGRAM, CALL THE SENIOR HEALTH INSURANCE INFORMATION PROGRAM OF THE DIVISION OF INSURANCE AT 1-515-281-5705.”

72.5(7) Provide that no qualified long-term care policy or certificate form shall be sold, transferred, or otherwise ceded to another issuer without first having obtained approval from the commissioner.

72.5(8) Except as provided in this subrule, an issuer shall continue to make available for purchase any qualified policy form or certificate form issued that has been approved by the commissioner. A policy form or certificate form shall not be considered to be available for purchase unless the issuer has actively offered it for sale in the previous 12 months. The following describe the process and result of discontinuing the availability of a policy form or certificate form:

An issuer may discontinue the availability of a policy form or certificate form if the issuer provides the commissioner, in writing, its decision at least 30 days prior to discontinuing the availability of the form of the policy or certificate. The following shall be considered a discontinuance of the availability of a policy form or certificate form:

a. The sale or other transfer of a qualified policy form or certificate form to another issuer.
b. A change in the rating structure or methodology unless the issuer complies with the following requirements.

(1) The issuer provides an actuarial memorandum, in a form and manner prescribed by the commissioner, describing the manner in which the revised rating methodology and resultant rates differ from the existing rating methodology and resultant rates.

(2) The issuer does not subsequently put into effect a change of rates or rating factors that would cause the percentage differential between the discontinued and subsequent rates as described in the actuarial memorandum to change. The commissioner may approve a change to the differential which is in the public interest.

(3) An issuer that discontinues the availability of a policy form or certificate form under this subrule shall not file for approval of a new long-term care policy form or certificate form for a period of five years after the issuer provides notice to the commissioner of the discontinuance. The period of discontinuance may be reduced if the commissioner determines that a shorter period is appropriate. This clause does not apply if: an issuer discontinues a policy form or certificate form as the result of changes to this rule; or all existing policyholders and certificate holders of a discontinued policy form or certificate form are given the opportunity to purchase the new policy form or certificate form without regard to health status, claims experience, or age. Issuers are not required to make this offer to policyholders or certificate holders receiving benefits under the discontinued policy form or certificate form.

191—72.6(249G) Minimum benefit standards for qualifying policies and certificates. No long-term care insurance policy or certificate may be advertised, solicited, or issued for delivery in this state as a qualified long-term care insurance policy or certificate which does not meet the minimum benefit standards in this rule, and which has not been approved by the division of insurance as a qualified long-term care insurance policy or certificate. These minimum standards do not preclude the inclusion of other provisions or benefits which are not inconsistent with these standards. These standards are in

addition to all other requirements for long-term care insurance policies or certificates. In order to qualify for participation in the Iowa long-term care asset preservation program, a long-term care insurance policy or certificate shall meet the following:

72.6(1) Contain a “benefit amount maximum” equivalent to at least 365 times the minimum daily nursing facility benefit defined in 72.6(6) “a.”

72.6(2) Offer a maximum benefit amount option equivalent to 365 times the minimum daily nursing facility benefit defined in 72.6(6) “a.” Issuers may offer other benefit amount options in addition to this minimum benefit amount option.

72.6(3) Provide that maximum benefits be available in dollars and not in days of care.

72.6(4) Include a provision of inflation protection which satisfies at least one of the following criteria:

a. The policy or certificate covers at least 80 percent but not more than 110 percent of the average daily private pay rate.

b. The policy or certificate provides for automatic increases in the per diem dollar level in accordance with either the consumer price index or at 5 percent each year over the previous year for each year that the contract is in force.

c. The policy or certificate provides the following:

(1) Annual per diem upgrades on a guaranteed issue basis at premiums based on the age of the policyholder or certificate holder at the time of the issuance of the qualified policy or certificate.

(2) Unless the insured takes positive action to decline them, these upgrades automatically increase the level of daily coverage to meet or exceed the minimum inflation adjusted daily benefit. The minimum inflation adjusted daily benefit is defined as the amount or amounts derived by taking the minimum daily benefit for nursing facility care at the time of purchase as specified in 72.6(6) “a” and inflating it by the consumer price index or by at least 5 percent each year over the previous year for each year that the contract is in force. The schedule of minimum per diem dollar amount increases shall be updated and maintained at the division of insurance.

(3) The issuer shall notify those policyholders or certificate holders choosing the upgrade option when the upgrades are automatically effective and what the increased premium, if any, will be. The issuer shall also provide to the policyholder or certificate holder, at the time of the upgrade, the opportunity to decline the upgrade.

(4) The issuer shall notify the policyholder or certificate holder when the insurance policy or certificate will lose its qualification status if the annual per diem benefit upgrade is declined. A qualified policy or certificate containing this inflation protection provision will remain qualified as long as the insured’s daily benefit amount equals or exceeds the minimum inflation adjusted daily benefit.

72.6(5) Provide that the unused maximum benefit amount of the policy or certificate increase proportionately with the inflation protection requirements of 72.6(4).

72.6(6) At a minimum, upon the initial effective date, provide the following:

a. A daily nursing facility benefit of at least 80 percent of the average daily private pay rate in nursing facilities rounded to the next highest \$5 increment. No policy or certificate need pay benefits in excess of the actual charges.

b. A daily home- and community-based benefit of at least 50 percent of the daily nursing facility benefit contained in the policy or certificate. No policy or certificate need pay benefits in excess of the actual charges.

c. The daily home- and community-based benefit shall not exceed the daily nursing facility benefit.

72.6(7) If issued on an expense incurred basis, provide benefits which are equal to at least 80 percent of the per diem cost incurred by the insured.

191—72.7(249G) Required policy and certificate provisions.

72.7(1) All qualified policies and certificates shall meet the following requirements:

a. Have premiums:

(1) Based on the issue age of the applicant; or

(2) Level for the life of the policy or certificate with an adjustment only for the increased benefits resulting from the inflation protection requirements of subrule 72.6(4). Nothing in this rule shall preclude an issuer from reducing premiums of a policy or certificate or using a policy form or certificate form in which the premiums are no longer required to be paid after a specified period of time.

b. Not have premiums based on the attained age of the insured.

c. Include a provision that the policy or certificate will utilize the “insured event” criteria, defined in 72.3(249G) for determining eligibility for benefits and for determining the amount of asset disregard. Approval for admission to a nursing facility under the “preadmission screening program,” as defined in 72.3(249G) shall be deemed sufficient but not necessary to meet this insured event criteria.

d. Include a provision that policy or certificate benefits can be used to purchase nursing facility care or home- and community-based care. Home- and community-based care shall include, at a minimum, but not be limited to, the following:

- (1) Home health nursing.
- (2) Home health aide services.
- (3) Attendant care.
- (4) Respite care.
- (5) Adult day care services.

All home- and community-based services shall include case management services delivered by a case management agency. An asset disregard will be provided for all benefits used by qualified insureds to purchase “Medicaid-eligible long-term care services” as defined in 72.3(249G).

e. Include a provision which allows for a 30-day period within which coverage may be canceled by the applicant by delivering or mailing the evidence of coverage to the issuer or the producer through whom it was effected for a full refund of any premium that was paid. The policy or certificate shall have a notice prominently printed on the first page of the policy or certificate, or attached thereto, stating in substance that the policyholder or certificate holder shall have the right to return the policy or certificate to the issuer or its producer for cancellation within 30 days of its delivery and to have the premium refunded if, after examination of the policy or certificate, the insured person is not satisfied for any reason.

f. Include a provision which, in the event the qualified policy or certificate is about to lapse or the policy or certificate is about to lose qualification status under 72.6(4) “c”(4), offers the policyholder or certificate holder the option to reduce coverage to a lower benefit amount. However, this benefit amount offer, plus the amount of benefits used to date, cannot be less than the minimum benefit amount requirement specified in 72.6(1). The issuer need only allow this offer to be exercised one time. Premiums shall be based on the age of the policyholder or certificate holder at the time of the issuance of the original qualified policy or certificate.

g. Include a provision which, in the event a policyholder or certificate holder lapses a qualified policy or certificate and retains a nonforfeiture benefit, the policy or certificate will maintain its qualification status only so long as the minimum inflation adjusted daily benefit, as defined in 72.6(4) “c”(2), is met or exceeded or the policy or certificate pays at least 80 percent of actual or reasonable charges, and the total of the benefit amount paid to date and the benefit amount available is not less than 365 times the minimum inflation adjusted daily benefit. If at any point while in a nonforfeiture benefit the criteria in this paragraph are not met, the policy or certificate will lose its qualification status and the issuer shall notify the policyholder or certificate holder and the department of insurance of the loss of qualification.

h. Include a provision that, upon sale of a qualified long-term care insurance policy or certificate, the issuer shall do the following:

(1) Offer to collect and store the name and address of an individual designated as an authorized designee by the purchaser to be notified when a policy or certificate lapse is imminent. The issuer must obtain a signed statement from purchasers who do not choose to designate an authorized designee that they have been offered this opportunity and declined. It shall be the issuer’s responsibility to notify such designee prior to canceling a policy or certificate due to lack of premium payment. The designee notification shall occur no sooner than 30 days after the beginning of the 30-day grace period for premium payments. The issuer shall permit the policyholder or certificate holder to periodically update

the authorized designee. In the case of an applicant who elects not to designate an additional person, the waiver shall state:

Protection against unintended lapse.

I understand that I have the right to designate at least one authorized designee other than myself to receive notice of lapse or termination of this long-term care insurance policy for nonpayment of premium. I understand that notice will not be given until 30 days after a premium is due and unpaid. I elect not to designate any person to receive the notice.

(2) Provide at least a five-month guaranteed reinstatement period for a policyholder or certificate holder whose policy or certificate has lapsed due to nonpayment of premium, who has a cognitive impairment, and who has paid all due and unpaid premiums. The reinstated policy or certificate shall have the same benefits, terms, and premiums as the policy or certificate which lapsed.

i. Include a provision that benefits shall only be paid after the payment of all other benefits to which the policyholder or certificate holder is otherwise entitled, excluding Medicaid. The issuer shall make reasonable efforts to determine whether benefits are available from other policies or certificates or from Medicare. An asset disregard will only be provided for benefits the issuer can document were used to purchase Medicaid-eligible long-term care services as defined in 72.3(249G) for a qualified insured.

j. Include a provision that the policy form shall not be changed or otherwise modified without the signed acceptance of the policyholder, or include a provision that the certificate form issued under a group long-term care policy shall not be changed or otherwise modified without the signed acceptance of the certificate holder.

72.7(2) Reserved.

191—72.8(249G) Prohibited provisions in certified policies or certificates. The following provisions may not be included in a certified policy or certificate: a restoration of benefits; a second elimination period; any cap on the daily (as opposed to monthly) home- and community-based care benefits.

(4) For persons for whom subparagraphs (1) through (3) are not available or do not provide the required information, by an assessment, carried out by or under the supervision of a physician or a registered nurse, which is substantially comparable to any of the methods in subparagraphs (1) through (3). These assessments must be based on direct observations and interviews in conjunction with a medical record review. The physician or registered nurse carrying out or supervising the assessment must sign and certify the completion of the assessment. Each individual who completes a portion of such assessment shall sign and certify as to the accuracy of that portion of the assessment.

b. Description of services provided under the policy or certificate, including the following:

(1) Name, address, telephone number, and license number, if applicable, of provider.

(2) Amount, date, and type of services provided, and whether the services qualify for asset protection.

(3) Dollar amounts paid by the issuer, whether on an indemnity, expense incurred, or other basis.

(4) The charges of the service providers, including copies of invoices for all services counting toward asset protection.

(5) Identification of the case management agency, if applicable, and copies of all assessments and reassessments.

(6) Determination of whether the policyholder or certificate holder was a qualified insured at the time of benefit payment. The issuer may rely on written representation by the policyholder or certificate holder as to whether the required coverages were held.

c. In order for home- and community-based services to qualify for asset protection, these services must be in accord with a plan of care developed by a case management agency. If the policyholder or certificate holder has received any benefits delivered as part of a plan of care, the issuer must retain the following:

(1) A copy of the original plan of care.

(2) A copy of any changes made in the plan of care. The plan of care must document that the changes are required by changes in the client's medical situation, cognitive abilities, behavioral abilities, or the availability of social supports. Such services shall count toward asset protection after the case management agency adds the documented need for and description of the new services to the plan of care. In cases when the service must begin before the revisions to the plan of care are made, the new services will only count toward asset protection if the revisions to the plan of care are made within ten business days of the commencement of the new services. Issuers must maintain initial assessments and subsequent reassessments as part of insured event documentation.

191—72.11(249G) Reporting on asset protection.

72.11(1) Each issuer shall send an asset protection report at least quarterly to each policyholder or certificate holder who has received any benefits since the last asset protection report sent to the policyholder or certificate holder. Each asset protection report shall include the following information:

a. The amount of asset protection for which the policyholder or certificate holder had qualified prior to the quarter covered by the report.

b. The total benefits paid by the issuer for services rendered during the quarter.

c. A statement of the amount of benefits paid by the issuer for services rendered during the quarter which qualify for asset protection.

d. A summary total of the amount paid to date under the policy or certificate which qualifies for asset protection.

72.11(2) Asset protection reports shall be subject to audit by the division of insurance under the same requirements as specified in 72.13(1) “*b.*”

191—72.12(249G) Preparing a service summary.

72.12(1) Each issuer shall prepare a service summary at the client’s request specifically for the policyholder or certificate holder applying for Medicaid. The issuer shall also prepare a service summary when the policyholder or certificate holder has exhausted benefits under the policy or certificate or when the policy or certificate ceases to be in force for a reason other than the death of the policyholder or certificate holder, whichever occurs first.

72.12(2) The service summary shall identify the following:

- a.* The specific qualified policy or certificate.
- b.* The total benefits paid for services rendered to date.
- c.* The amount qualifying for asset protection.

This service summary is separate and in addition to any other information requirement in this chapter.

191—72.13(249G) Plan of action.

72.13(1) Each issuer shall, prior to qualification by the division of insurance, submit to the department of human services a plan for complying with the information maintenance and documentation requirements set forth in rules 72.9(249G) and 72.10(249G). No policy or certificate shall be qualified until the department of human services has approved the issuer’s documentation plan for the policy or certificate. The documentation plan will include the following:

a. The location where records will be kept. Records required for purposes of the Iowa long-term care asset preservation program must be available at no more than three locations, each of which shall be easily accessible to the division of insurance.

b. The issuer shall agree to give the commissioner access to all information described in rule 72.10(249G) on an aggregate basis for all policyholders or certificate holders and on an individual basis for all policyholders or certificate holders who have ever received any benefits. Access to information on persons who have not applied for Medicaid is required in order for the commissioner to determine if an issuer’s system for documenting asset protection is functioning correctly. The commissioner shall have the final decision concerning the frequency of access to the data and the size of samples for auditing or other purposes.

c. The name, job title, address, and telephone number of the person primarily responsible for the maintenance of the information required and for acting as liaison with the department of human services and the division of insurance concerning the information.

d. Methods for determining when insurance benefits or prepaid benefits qualify for asset protection, including the following:

- (1) Documentation of the insured event.
- (2) Description of services.
- (3) Documentation of charges and benefits paid.
- (4) Documentation of plans of care, when required.

e. Description of electronic and manual systems which will be used in maintaining the required information.

f. Information that will be retained which is needed to comply with this rule.

g. Copies of forms and descriptions of standard procedures for maintaining and reporting the information required, including the specific electronic medium which will be used to report required information and a description of the relevant files.

72.13(2) After the department of human services reviews a plan of action, that department shall advise the division of insurance and the issuer in writing whether the department of human services approves the plan of action. If the department of human services disapproves a plan of action, that

department shall advise the division of insurance and the issuer of the shortcomings in the plan of action and shall instruct the issuer of the methods necessary to resolve them.

191—72.14(249G) Auditing and correcting deficiencies in issuer record keeping.

72.14(1) Within one year of the first date that any policyholder or certificate holder of a particular issuer's policy or certificate has met the criteria for the insured event, and as often as the commissioner of insurance or department of human services deems necessary thereafter, the commissioner of insurance or department of human services shall conduct a systems audit of that company's records. The issuer shall be responsible for advising the department of human services and the division of insurance when this one-year period has begun. The commissioner or department of human services shall promptly inform each issuer of inaccuracies and other potential problems discovered in its systems audits and shall instruct the issuer of the methods necessary to correct any problems in the issuer's methods of operation.

72.14(2) The department of human services shall periodically reconcile a sample of individual applications to Medicaid of persons who have submitted documentation for qualification for asset protection with the reports submitted by issuers. The department of human services shall have the final decision concerning sample sizes and other auditing methods. The department of human services shall promptly advise issuers of any problems discovered and shall instruct the issuer of the methods necessary to correct any problems in the issuer's method of operation. The department of human services shall also notify the issuer of any obligations described in this subrule to hold clients harmless.

72.14(3) The department of human services may enter into voluntary arrangements with issuers of qualified long-term care insurance policies and certificates under which the department of human services would issue binding determinations as to whether or not services qualify for asset protection. Policyholders or certificate holders may submit requests for information and advice through their issuer or case management agency. When the following procedures are followed in all material respects, the written determinations of the department of human services concerning whether services qualify for asset protection shall be binding upon the department of human services in all subsequent actions, and the department of human services shall not make any assertion contradicting these determinations in any action arising in this subrule:

a. All requests for determinations as to whether or not services qualify for asset protection shall be submitted to the department of human services in writing. These requests may include, but are not limited to, requests for determinations in the following areas:

- (1) Whether the insured event has occurred and has been adequately documented.
- (2) Whether a care plan is required.
- (3) Whether a revision of a care plan is required.
- (4) Whether a service or services are in accord with the care plan.
- (5) Whether a service is of such a nature as to qualify for asset protection.
- (6) Whether the applicable amount is the amount paid by the issuer or the amount charged for the service.

b. The department of human services or one of its other authorized individuals may require issuers and case management agencies submitting requests for determination to provide all records and other information necessary for making a determination. The records and other information may include, but are not limited to, the following:

- (1) Assessments.
- (2) Care plans.
- (3) Invoices for services rendered.

The party providing the records and other information shall be responsible for their accuracy. If any records or other information is later determined to be materially inaccurate, the determination based on the inaccurate information shall be void and not be binding on the department of human services or any other person or entity in subsequent actions. In the case of a policyholder or certificate holder for whom a determination has been invalidated because information provided was determined to be inaccurate, the provisions of 72.14(6) and 72.14(7) will apply in the same manner as for any other policyholder or certificate holder.

c. The department of human services or its authorized individual shall render a determination on each request in writing. Each determination of the department of human services or its other authorized individual shall state the reason for the determination, including the following:

- (1) Relevant facts.
- (2) Documentation of facts.
- (3) Statutes.
- (4) Regulations.
- (5) Policies.

d. A copy of all determinations of the department of human services or its authorized individual shall be kept on file at the department of human services, together with the related records and information. The original of the determination shall be sent to the issuer or the case management agency who originally requested it. The recipient of the original determination shall be responsible for notifying the policyholder or certificate holder or the policyholder's or certificate holder's authorized producer.

72.14(4) When an audit or other review by the department of human services or the division of insurance reveals deficiencies in the record-keeping procedures of an issuer, the department of human services or the division of insurance will notify the issuer of the deficiencies and establish a reasonable deadline for correction. If an issuer fails to correct deficiencies discovered by the department of human services within a reasonable period of time, the department of human services will notify the division of insurance of the deficiencies. If an issuer fails to correct deficiencies discovered by the division of insurance within a reasonable period of time, the division will notify the department of human services of the deficiencies.

72.14(5) The commissioner of insurance shall reserve the right to remove qualification status of long-term care insurance policies and certificates when deemed necessary. If the division of insurance removes qualification status from a long-term care insurance policy or certificate, a policyholder or certificate holder who purchased a policy or certificate while the policy or certificate was qualified will retain the right to asset protection. A policyholder or certificate holder who purchases a policy or certificate after the removal of qualification status will have no right to asset protection.

72.14(6) If an issuer prepares a service summary which is used in a Medicaid application for a policyholder or certificate holder and the client is found eligible for Medicaid, and the policyholder or certificate holder after receiving Medicaid services is found to be ineligible for Medicaid solely by reason of errors in the issuer's service summary or documentation of services, the department of human services may require the issuer to pay for services counting toward asset protection required by the policyholder or certificate holder until the issuer has paid an amount equal to the amount of the issuer's errors after which the policyholder or certificate holder, if otherwise eligible, could qualify for Medicaid coverage.

72.14(7) If the department of human services determines that an issuer's records pertaining to a policyholder or certificate holder who has received Medicaid benefits are in such condition that the department of human services cannot determine whether the policyholder or certificate holder qualifies for asset protection, the department of human services may require the issuer to pay for services counting toward asset protection required by the policyholder or certificate holder until the issuer has paid an amount equal to the amount of the issuer's error; after which the policyholder or certificate holder, if otherwise eligible, could qualify for Medicaid coverage.

72.14(8) The commissioner of insurance and the department of human services shall consult on all audits and examinations that may be required to determine compliance with this rule.

72.14(9) Compliance with 72.14(6) and 72.14(7) is a requirement for a policy or certificate to retain qualification.

191—72.15(249G) Separability. If any provision of this chapter or the application thereof to any person or circumstance is for any reason held to be invalid or unenforceable, the remainder of the chapter and the application of such provision to other persons or circumstances shall not be affected thereby.

These rules are intended to implement Iowa Code Supplement chapter 249G.

CHAPTER 73
HEALTH INSURANCE PURCHASING COOPERATIVES

191—73.1(75GA,ch158) Purpose. The purpose of this chapter is to implement 1993 Iowa Acts, chapter 158, section 2, authorizing the creation of privately established and operated health insurance purchasing cooperatives, subject to regulation by the division of insurance. The purpose of the health insurance purchasing cooperatives is to improve the quality, access, and affordability of health care by more effectively representing the interests of buyers and consumers and creating a value conscious market. Health insurance purchasing cooperatives as described in the Insurance Division's oral and written briefings, the Pooled Purchasing Group Subcommittee Report, and Jackson Hole papers relied upon by the legislature effectively organize buyers of insurance, risk management, and health care services to negotiate price and quality with sellers of insurance, risk management, and health care services, whether the sellers are organized as insurance companies, health maintenance organizations, or other legally permissible structures.

191—73.2(75GA,ch158) Applicability and scope.

73.2(1) This chapter shall apply to all health insurance purchasing cooperatives operating in this state. However, this chapter shall not apply to any other health insurance or health care marketing, distribution or purchasing mechanism otherwise permitted by law.

73.2(2) A health insurance purchasing cooperative under this chapter is exempt from any law in this state relating to the creation of groups for the purchase of insurance, prohibition of group purchasing, or any law that discriminates against a purchasing group or its members. An insurer is exempt from any law of the state that prohibits providing or offering to provide, to a purchasing group or its members, advantages based upon their loss and expense experience not afforded to other persons with respect to rates, policy forms, coverage, or other matters. A purchasing group is subject to all other applicable laws of this state including Iowa Code chapter 522.

73.2(3) An entity not approved by the division as a HIPC and engaged in the purchase, sale, marketing or distribution of health insurance or health care plans shall not hold itself out as a HIPC, health insurance purchasing cooperative, purchasing cooperative, or otherwise use a confusingly similar name or marketing materials; and a nonapproved entity that does so shall be in violation of this chapter and subject to penalties under Iowa Code chapter 507B. This subrule is not intended to restrict the activities of a purchasing coalition of ERISA-qualified, self-funded employers engaged in the purchase of health care from providers on a nonrisk-bearing basis.

191—73.3(75GA,ch158) Definitions. As used in this chapter:

“Adjusted community rating” means a method used to develop a carrier's premiums which spreads financial risk across a large population and allows adjustments only for certain demographic factors and family composition as provided by state law for insurance carriers providing services to the same consumer or as otherwise approved by the commissioner to accommodate the unique characteristics of a health insurance purchasing cooperative.

“Business plan” means the plan of operation of the health insurance purchasing cooperative.

“Carrier” means any entity that provides health benefit plans in this state. For purposes of this chapter, carrier includes an insurance company, a hospital or medical service corporation, a fraternal benefit society, a health maintenance organization, and any other entity providing a plan of health insurance or health benefits subject to state regulation.

“Commissioner” means the commissioner of insurance for the state of Iowa.

“Division” means the insurance division of the state of Iowa.

“Health insurance purchasing cooperative” means a group of individuals, a group of employers and employees, or a combination of individuals and employers and employees who join together to purchase health insurance or health care benefits.

“HIPC” means health insurance purchasing cooperative. This acronym shall be used interchangeably with the words “health insurance purchasing cooperative” throughout this chapter.

“*HIPC administrator*” means a person or organization charged with overseeing the day-to-day operations of a HIPC.

“*HIPC sponsor*” means an employer, group of employers, or private agent authorized under this chapter to facilitate the purchase of insurance and health care services for participating employers and employees.

“*Service territory*” means any of the following:

1. A regional HIPC as identified by the commissioner. A regional HIPC serves a defined regional market which shall at minimum include the surrounding rural market of any city included in the regional HIPC.

2. A statewide HIPC as identified by the commissioner shall offer service throughout the state. A statewide HIPC may establish regional service areas, governance and negotiations, provided those structures conform to the provisions of paragraph “1.”

“*Small employer*” means an employer as defined in Iowa Code section 513B.2.
[ARC 3682C, IAB 3/14/18, effective 4/18/18]

191—73.4(75GA,ch158) Division duties—application—filing requirements—license—audits and examinations.

73.4(1) The division shall have the authority to regulate the establishment and conduct of a HIPC as set forth in this chapter.

73.4(2) A HIPC shall not operate in Iowa without an approved license from the division. An application form shall be completed and signed by an authorized representative of the HIPC sponsor and proposed HIPC administrator (if applicable). The completed application form shall be verified and filed at the division. An application will not be deemed to be filed until all information necessary to properly process the application has been received by the commissioner. Upon filing, the division will make its determination concerning the application and will provide notice of the determination to the HIPC. If approved, a copy of the approved license shall be provided to the HIPC sponsor. The license shall serve as the HIPC’s authorization until the yearly renewal date. Any amendment to the license shall be filed in the same manner as the application and approved by the commissioner before the change proposed by the amendment is effective.

73.4(3) Each HIPC doing business in the state shall file with the division the following information or documents:

a. A business plan for approval by the commissioner as provided in rule 191—73.7(75GA,ch158). The business plan is a detailed, written plan of operations explaining how the proposed HIPC intends to meet the public policy objectives of reduced cost, increased access and improved quality. The business plan is a written commitment by the HIPC if approved. Failure to comply with the business plan is a basis for license suspension or revocation. Material changes in policy or operations are subject to the prior approval of the commissioner on the same basis as the original business plan.

b. Quarterly financial statements and annual reports on forms approved by the commissioner. Financial statements and annual reports are to ensure the operation of the HIPC in a fiscally sound fashion; to ensure the HIPC is not a risk-bearing entity; to ensure sound financial controls and money management; and to prevent mismanagement or misappropriation of funds either through neglect or malfeasance.

c. Reports of any material changes in the business plan or operation. The changes are subject to approval by the commissioner prior to implementation. The original business plan is the basis of licensure. Material changes in the business plan therefore require similar prior approval by the commissioner.

d. Any other information required by the commissioner deemed pertinent to the operation of a HIPC in the state. The specifics of a business plan, market conditions, enforcement cases, or other issues may make it necessary for the commissioner to gather additional information to make an informed decision in the public interest. Failure to provide requested information is a basis for denial, suspension or revocation of a license.

e. A HIPC shall not enter the market place until the commissioner has approved the business plan.

73.4(4) Financial and performance audits or examinations of the HIPC shall be conducted on a regular basis by the division. Failure to meet minimum standards in a financial or performance audit or examination is the basis for license denial, suspension or revocation, or other action to protect consumers. The commissioner may impose conditions on licensure such as, but not limited to, the removal and replacement of managerial or marketing staff or contractors to remedy compliance or performance problems.

191—73.5(75GA,ch158) Fidelity bond—letter of credit. A HIPC shall maintain in force a fidelity bond on administrators, employees and officers in an amount not less than \$1,000,000 or such greater sum as may be prescribed by the commissioner. The fidelity bond shall be in the form prescribed by the commissioner. In the event a HIPC employs a contract administrator, the administrator shall maintain a \$250,000 letter of credit for the life of the contract payable to the HIPC sponsor. This letter of credit shall be in addition to the fidelity bond.

191—73.6(75GA,ch158) Annual report. The commissioner shall submit an annual report to the general assembly no later than February 1 of each year. The report shall include a description of the operations of all health insurance purchasing cooperatives, a review of the success of health insurance purchasing cooperatives as it pertains to improving the quality, access or affordability of health insurance. The commissioner may require HIPCs to provide information in uniform format for use in compliance with this report and for other public purposes.

191—73.7(75GA,ch158) Business plan. A HIPC shall submit its business plan for the prior review and approval by the commissioner. The business plan shall include but shall not be limited to the following information:

73.7(1) The specific steps by the HIPC sponsor to advance cost control, quality improvement, and improve access to health insurance or health care services. The business plan should affirmatively demonstrate that the HIPC has the technical expertise and physical capacity to serve as a significant group of buyers not currently being served by a HIPC. Significant means at least 10 percent of the population within the proposed service territory. The business plan should affirmatively demonstrate that the HIPC will reduce cost, improve quality and improve access to health insurance or health care services.

73.7(2) The scope of HIPC services to be offered in the service territory and the resources and expertise to be used to implement and administer the plan. The HIPC as a condition of licensure must demonstrate the technical and physical capacity to serve a significant group of buyers over a wide territory, encompassing at minimum a regional health care center and its associated rural market. The HIPC as a condition of licensure must demonstrate the technical and physical capacity to provide equal service quality throughout the entire HIPC service territory.

73.7(3) The corporate charter, bylaws and other business operation documents of the HIPC. As a condition of licensure the HIPC must demonstrate to the satisfaction of the commissioner that its corporate governance makes it an appropriate and effective representative of buyers' interests within the service territory. A HIPC must be more than a marketing or distribution channel for a single product or the products of a single carrier. A HIPC as a condition of licensure must organize and facilitate competition between multiple insurers or health care providers.

73.7(4) A list of officers and directors of the HIPC and the contract administrator if one is employed and personal biographical information or firm descriptions for each. The officers, directors, or contract administrator shall not have a prior record of administrative, civil or criminal violations within any financial service industry. The personal biographical information and firm descriptions shall demonstrate by clear and convincing evidence that those involved in the HIPC have the expertise, experience and character to effectively and professionally represent buyers in a fiduciary capacity.

73.7(5) Evidence of adequate security and prudence in the accounting, deposit, collection, handling and transfer of moneys. Because the HIPC may handle payments or accounting, the HIPC must affirmatively demonstrate adequate financial controls to the satisfaction of the division as a condition of

licensure. Failure to have adequate controls or failure to follow approved procedures shall be a basis to deny, suspend, or revoke licensure.

73.7(6) The market segments and participants to which the HIPC will be marketing. The HIPC must demonstrate to the satisfaction of the commissioner that it will extend HIPC services to a significant group of buyers not currently served by a HIPC. Failure to achieve this result can be the basis of later denial to renew a license.

73.7(7) Disclosure of any preexisting oral or written agreements. Preexisting agreements may raise questions of conflict or demonstrate the intention to create a marketing channel for a single product or single carrier. Conversely, preexisting agreements may assist in affirmatively demonstrating technical or physical capacity to serve a service territory or to extend HIPC services to a significant group of buyers not currently served by a HIPC. Regardless, any preexisting oral or written agreements must be disclosed. Failure to disclose an agreement is the basis for license denial or revocation.

73.7(8) Any other information required by the commissioner to verify the HIPC is qualified.

191—73.8(75GA,ch158) Participants. A HIPC may offer services to any of the following participants:

1. Individuals.
2. A small business as defined in 191—Chapter 71.
3. A business with more than 50 employees.
4. An association and its members.
5. The state or a local government unit.
6. Any other purchaser on a voluntary basis.

Underwriting standards shall be no more restrictive than required of small group health insurance under 191—Chapter 71.

A HIPC's business plan may impose conditions or limitations on members leaving the HIPC to protect against adverse selection. A HIPC shall accept all entities within its chosen market segment in accordance with the regulations governing marketing of insurance to that market segment, e.g., individual, small group, or large group.

A HIPC may provide services to participants out-of-state or out-of-region who elect to join for the benefit of representation and participation in health insurance or health care benefits only when an employer out-of-state or out-of-region has employees within the state or region or an individual is required to have coverage in the state or region due to specific circumstance.

191—73.9(75GA,ch158) Health insurance purchasing cooperative—product offerings—exemptions.

73.9(1) A HIPC shall offer at least one indemnity plan which provides an unrestricted choice of a physician. However, the indemnity plan may require an appropriate utilization review, preauthorization of treatments, or other reasonable cost and utilization oversight.

73.9(2) All small employer group carriers participating in a HIPC shall offer a basic and a standard benefit plan.

73.9(3) A HIPC is not required but may offer an employer-choice managed health care plan. The HIPC may also offer other indemnity plans.

73.9(4) A HIPC cannot offer insurance from a risk retention group not chartered in the state nor a carrier not admitted in the state.

73.9(5) A HIPC shall retain agents who are licensed pursuant to Iowa law if the HIPC markets the products of the HIPC through agents or sales representatives. Alternatively, if the HIPC does not use sales agents or representatives, the HIPC must demonstrate to the satisfaction of the commissioner that the alternative will provide consumer service meeting the same standards as that required of agents.

73.9(6) A participating health plan is not required to be offered outside of the HIPC but may be offered through other distribution or marketing channels. An entity may not be licensed as a HIPC if it offers only one health plan or the products of only one carrier, or related carriers.

191—73.10(75GA,ch158) Insurance risk. A HIPC shall bear no insurance risk. The HIPC shall facilitate the purchase of insurance and health care services. Provisions for participants to retain risk through deductibles, retention levels, or partial or complete self-funding shall be disclosed and shall be subject to approval by the commissioner prior to implementation to ensure that risk is not borne by the HIPC.

191—73.11(75GA,ch158) Rates.

73.11(1) A carrier shall use rate restrictions and regulations applicable to each market segment.

73.11(2) The HIPC may collect a different premium within the HIPC. This difference is predicated on marketing and administrative expenses which the HIPC would assume. Therefore, the carrier could offer the HIPC a lower final rate than the carrier would charge outside of the HIPC.

191—73.12(75GA,ch158) Election—disclosure and confidentiality.

73.12(1) A HIPC may elect to preclude for a period of time a participant who leaves the HIPC from returning to the HIPC to purchase health insurance or health care benefits. However, a HIPC shall not use this subrule to discriminate against high-risk participants.

73.12(2) Subject to review and approval by the commissioner, a HIPC may provide restricted access to information in its possession which is essential to the operation of the HIPC.

Confidentiality must:

- a. Be an inducement for voluntary participation in the program;
- b. Protect the privacy of participants;
- c. Protect negotiating strategy from disclosure to contractors or competitors; or
- d. Protect proprietary information in like circumstances as for insurance.

191—73.13(75GA,ch158) Structure—merger and consolidation.

73.13(1) A HIPC shall be a legal entity which operates on behalf of its sponsor or participants.

73.13(2) A HIPC shall disclose its total administrative cost in its annual report to the commissioner in the same manner and on the same basis as insurance carriers.

73.13(3) The change in control, merger or acquisition of a HIPC is subject to the prior review and approval of the commissioner on the same terms as a change in control, merger or acquisition of an Iowa domestic insurance company.

191—73.14(75GA,ch158) Conflict of interest.

73.14(1) Health care providers or insurers offering competing products within the same service territory shall not participate in a HIPC as a sponsor. A HIPC sponsor employing a HIPC administrator that offers competing products within the same service territory shall demonstrate to the satisfaction of the commissioner precautions to protect the HIPC from unfair competition or disclosure of proprietary information.

73.14(2) A HIPC sponsor shall not be an employee or be affiliated with or a subsidiary of a health care provider or insurer offering competing products within the same service territory.

73.14(3) The employees of a health care provider or insurer may receive services through a HIPC. The employer may vote in corporate governance elections of officers and directors. However, a health care provider or insurer or an employee of a health care provider or insurer may not serve as an officer of a HIPC. A health care provider or insurer or the employee of a health care provider or insurer may be a director of a HIPC or HIPC sponsor, but such persons shall not constitute a majority of the governing board or body of a HIPC or HIPC sponsor.

73.14(4) Compensation to the HIPC's sponsor, administrator, or agents shall not vary based upon the plan selected by participating members.

191—73.15(75GA,ch158) Nondiscrimination and retaliatory protections. An insurer shall not discriminate against or take retaliatory action against a participant employer, employee, agent, sponsor, or administrator of a HIPC. A HIPC shall not discriminate against or take retaliatory actions against an insurer or agent for activities relating to the HIPC.

191—73.16(75GA,ch158) Annual health insurance or health care benefits plan selection. A HIPC shall offer participants an opportunity at least once annually to change health insurance or health care benefits. The HIPC shall determine whether the change in health insurance or health care benefits may be made by the individual employees of an employer participant or by the employer participant on behalf of the employer's employees. The HIPC shall provide pertinent available information including cost and quality of risk management services on health insurance and health care benefits offered to assist the participants in making an informed decision in the selection of health insurance or health care benefits.

191—73.17(75GA,ch158) License subject to conditions—waivers. A new participating buyer shall join when the plan is offered to them or at the annual open enrollment.

73.17(1) The commissioner may limit the number of HIPCs licensed within a geographic service territory. A HIPC must demonstrate probable success in representing a substantial share of the purchasers within the proposed service territory and that it is likely to largely represent purchasers not already served by existing HIPCs within the same service territory. The commissioner may refuse to renew or condition the license of a HIPC that fails in actual operations to achieve these requirements.

73.17(2) Existing HIPCs may present evidence of the anticipated impact of a new HIPC within their geographic service territory to resist an additional licensee. This shall include but is not limited to evidence that the new HIPC will use risk selection against an existing HIPC and the new HIPC will adversely dilute the market leverage of an existing HIPC. The division shall provide notice to existing HIPCs of an applicant's filing. Existing HIPCs must file notice of intent to submit evidence within ten days of the notice. Existing HIPCs may request a hearing or submit evidence in writing.

73.17(3) The commissioner may impose risk adjustments between HIPCs within a geographic service area or between all HIPCs within the state to ensure competition based upon service and effective cost and quality control and not based upon risk selection.

73.17(4) The commissioner may impose additional conditions to protect the interests of participating buyers and consumers, ensure fair and efficient conduct of HIPC duties, and to protect HIPCs from adverse selection or bearing insurance risk.

73.17(5) The commissioner may impose additional conditions or waive restrictions for a specified period of time to facilitate orderly market transition to reform upon a showing of necessity by the applicant HIPC or upon the commissioner's own initiative.

191—73.18(75GA,ch158) Procedures. Actions by a HIPC before the division or the commissioner shall conform to the pertinent procedures set forth in the administrative rules of the insurance division.

191—73.19(75GA,ch158) Data collection—quality evaluation.

73.19(1) The HIPC shall conform to any pertinent reporting provisions of the community health management information system.

73.19(2) A HIPC shall conduct a qualitative review of plans offered through the HIPC in order to provide participating employers and employees an accurate comparative analysis of cost, quality, access, relative value, service, and customer satisfaction. The division may require HIPCs to cooperate in establishing a common basis and methodology for plan evaluation and customer education to facilitate informed choice between plans. A HIPC shall detail in its proposed business plan the methodologies and resources it intends to employ to satisfy this requirement. The HIPC must produce an annual report card on the performance of participating plans.

73.19(3) The division may establish data reporting standards to permit the objective evaluation of HIPCs and their impact on health care costs, quality and access.

191—73.20(75GA,ch158) Examination—costs. The commissioner shall examine a HIPC and may require the most recent audited financial statements from the administrator and such other interim evidence as the commissioner deems appropriate. Reasonable costs of the examination or audit are to be paid by the HIPC. Examination shall include, but not be limited to, premium collection, marketing practices, and financial condition.

191—73.21(75GA,ch158) Trade practices. A HIPC shall be subject to Iowa Code chapter 507B, Insurance Trade Practices.

191—73.22(75GA,ch158) Grounds for denial, nonrenewal, suspension or revocation of certificate. The following constitute grounds for denial, nonrenewal, suspension or revocation of the HIPC's certificate following notice and an opportunity for hearing:

1. Failure to comply with any provisions of the rules of this chapter;
2. Failure to comply with any lawful order of the commissioner;
3. Committing an unfair or deceptive act or practice as defined in Iowa Code chapter 507B;
4. Filing any necessary form with the division which contains fraudulent information or omission;
5. Misappropriation, conversion, illegal withholding, or refusal to pay over upon proper demand any moneys that belong to a person or health care carrier otherwise not entitled to the HIPC and that have been entrusted to the HIPC in its fiduciary capacity;
6. Failure to demonstrate through clear and convincing evidence that it will extend HIPC services to a significant group of buyers not currently being served by a HIPC; or
7. Failure to demonstrate through clear and convincing evidence that it will reduce the cost, improve the quality, and improve access to or choice of affordable health insurance or health care services.

In addition, the application for certification to be a HIPC may be denied upon a finding by the commissioner that a sufficient number of HIPCs are licensed within a geographic service area and an additional HIPC would adversely affect existing HIPCs.

[ARC 3682C, IAB 3/14/18, effective 4/18/18]

191—73.23(75GA,ch158) Hearing and appeal. Prior to denying an application or a renewal application or suspending or revoking a certificate issued under this chapter, a certificate holder shall be provided with written notice of the commissioner's decision and provided an opportunity for a hearing and a right to appeal as provided in rule 191—3.1(17A,502,505) and Iowa Code chapter 17A.

191—73.24(75GA,ch158) Solvency. In the event a HIPC becomes insolvent, the division shall maintain jurisdiction of the HIPC for purposes of protection of the interests of the HIPC participants and the health insurance carriers and health benefit plans pursuant to the pertinent sections of Iowa Code chapter 507C.

These rules are intended to implement 1993 Iowa Acts, chapter 158, section 2.

CHAPTER 74
HEALTH CARE ACCESS

191—74.1(505) Purpose. The purpose of this chapter is to implement Iowa Code section 505.21 requiring an employer to provide access to health care or health insurance to an employer's eligible employees. The employer shall, at a minimum, make health care information or health insurance information available to the employer's eligible employees by a written referral. However, the employer may also satisfy the health care access requirement by offering or paying for health care or health insurance.

191—74.2(505) Applicability and scope. This chapter shall apply to all employers doing business within the state of Iowa.

191—74.3(505) Definitions. As used in this chapter:

74.3(1) "*Division*" means the insurance division of the state of Iowa.

74.3(2) "*Eligible employee*" means a natural person who is employed in this state for wages by an employer and works on a regular full-time or regular part-time basis. An eligible employee may include a commission salesperson who takes orders or performs services on behalf of a principal and who is paid on the basis of commissions but does not include persons who purchase for their own account for resale.

For purposes of this chapter:

a. An eligible employee does not include a temporary employee which means an employee who works for a limited period of time, or an employee with seasonal, intermittent, internship, trainee, or temporary status.

b. A minor as defined in Iowa Code chapter 599 is not an eligible employee.

c. The following persons engaged in agriculture are not eligible employees:

(1) The spouse of the employer and relatives of either the employer or spouse including relatives employed by a family farm corporation, a family farm partnership or family farm limited liability company.

(2) A person engaged in agriculture as an owner-operator or tenant-operator and the spouse or relatives of either.

(3) Neighboring persons engaged in agriculture who are exchanging labor or other services.

d. An independent contractor is not an eligible employee.

e. An individual working in vocational rehabilitation programs and receiving health care coverage through governmental programs is not an eligible employee.

74.3(3) "*Employer*" means a person, as defined in Iowa Code chapter 4, doing business in the state who in this state employs for wages a natural person. The term employer does not include a multiple employer trust or a client, patient, customer, or other person who obtains professional services from a licensed person who provides the services on a fee service basis or who obtains services from an independent contractor.

191—74.4(505) Access to health care or health insurance for an employee.

74.4(1) Access to health care or health insurance means any of the following:

a. An employer provides a written referral to an eligible employee as to where the eligible employee can receive information concerning health care or health insurance.

b. An employer offers coverage or contributes to health insurance or a health benefit plan.

74.4(2) An employer who provides the eligible employee a written referral, offers coverage or contributes under subrule 74.4(1) to any of the following has satisfied the health care access requirement.

a. Health care coverage through an insurer or health maintenance organization authorized to do business in Iowa.

b. Access to health benefits through a health benefits plan qualified under the federal Employee Retirement Income Security Act of 1974.

c. Joining a health purchasing cooperative as defined in 191 IAC 73 whereby the employees may purchase health insurance offered by several health insurance or health care benefit programs.

74.4(3) To satisfy subrule 74.4(1), paragraph “a,” the employer shall contact a health insurance agent, health insurance carrier, or other health care organization which agrees with the employer to provide information to the eligible employee about health care or health insurance and possible purchase of health care or health insurance. In the event that an eligible employee cannot read or understand English, the employer shall offer assistance to the eligible employee in understanding the written referral. The employer shall provide the information to the eligible employee within a reasonable time of hiring the eligible employee.

[ARC 3682C, IAB 3/14/18, effective 4/18/18]

191—74.5(505) Employer participation. The employer shall offer payroll deduction of the eligible employee’s contributions to the health care program or health insurance program to which the employer referred the eligible employee. However, payroll deduction shall occur only if the eligible employee has adequate wages to pay the cost of the health care or health insurance. In the event that the insurance carrier or health care organization does not provide for payment through payroll deduction, an automatic withdrawal from the employee’s savings or checking account shall comply with Iowa Code section 505.21.

191—74.6(505) Violation of chapter. A violation of this chapter may be reported to the consumer and legal affairs bureau of the division. The division, upon finding that the employer has failed to offer an eligible employee access to health care or health insurance, may do any of the following:

1. Issue a cease and desist order instructing the employer to cure the failure to provide access to health care and desist from future violations of this chapter.
2. Issue an order requiring the employer who has previously been the subject of a cease and desist order to pay an eligible employee’s reasonable health insurance premiums necessary to prevent or cure a lapse in health care coverage due to the employer’s failure to offer access to health care.
3. Assess the reasonable costs of the division’s investigation and enforcement to the employer.

These rules are intended to implement Iowa Code section 505.21.

CHAPTER 75
IOWA INDIVIDUAL HEALTH BENEFIT PLANS

191—75.1(513C) Purpose. This chapter is intended to implement the provisions of Iowa Code chapter 513C to promote the availability of health insurance coverage to individuals, regardless of their health status or claims experience; to prevent abusive rating practices; to require disclosure of rating practices to purchasers; to establish rules regarding the renewal of coverage; to establish limitations on the use of preexisting condition exclusions; to assure fair access to health benefit plans; to improve the overall fairness and efficiency of the individual health insurance market; and to provide for development of “basic” and “standard” health insurance plans to be offered to individuals. Carriers that provide individual health insurance benefit plans, as that term is defined in Iowa Code chapter 513C, to individuals are subject to all provisions of chapter 513C and this Chapter 75.

191—75.2(513C) Definitions. As used in this chapter:

“*Eligible resident*” means an individual who has been legally domiciled in this state for a period of 60 days. For purposes of this chapter, legal domicile is established by living in this state and obtaining an Iowa motor vehicle operator’s license, registering to vote in Iowa, or filing an Iowa income tax return. A child is legally domiciled in this state if the child lives in this state and if at least one of the child’s parents or the child’s guardian is legally domiciled in this state for a period of 60 days. A person with a developmental disability or another disability which prevents the person from obtaining an Iowa motor vehicle operator’s license, registering to vote in Iowa, or filing an Iowa income tax return, is legally domiciled in this state by living in the state for 60 days.

“*Insured group health plan*” as that term is referenced in Iowa Code section 513C.3 includes a health benefit plan offered directly through an employer with two or more employees and a plan offered through an employer with two or more employees under a group discretionary trust or association plan.

“*Risk characteristic*” means the health status, claims experience or any similar characteristic related to the health status or experience of an individual under a health benefit plan.

“*Risk load*” means the percentage above the applicable base premium rate that is charged by a carrier to an individual to reflect the risk characteristics of such individual.

Other terms shall be defined pursuant to 1995 Iowa Acts, chapter 5.
[ARC 3682C, IAB 3/14/18, effective 4/18/18]

191—75.3(513C) Applicability and scope.

75.3(1) Except as otherwise specifically provided, this chapter shall apply to any individual health benefit plan applied for on or after April 1, 1996.

75.3(2) Iowa Code chapter 513C and this chapter shall apply to an individual health benefit plan provided to an eligible individual.

75.3(3) An entity that is not operating as an individual health benefit plan carrier in this state shall not become subject to the provisions of the Act and this rule solely because an individual that was issued a health benefit plan in another state by that entity becomes a resident of this state.

75.3(4) This chapter shall not apply to health insurance policies or certificates that are subject to Iowa Code chapter 513B.

75.3(5) Except for basic or standard health benefit plans, nothing in Iowa Code chapter 513C or this chapter is applicable to underwriting practices, substandard ratings, or the addition of waivers or riders to policies or certificates.

[ARC 3682C, IAB 3/14/18, effective 4/18/18]

191—75.4(513C) Establishment of blocks of business. A carrier shall file with the commissioner the following information with respect to each established block of business, as defined in Iowa Code section 513C.3.

1. A description of each criterion employed by the carrier for determining membership in the block of business;

2. A statement describing the justification for establishing the block as a separate block of business;

3. A statement disclosing which, if any, health benefit plans are currently available for purchase in the block and any significant limitations related to the purchase of such plans.

[ARC 3682C, IAB 3/14/18, effective 4/18/18]

191—75.5(513C) Transition for assumptions of business from another carrier.

75.5(1) Transfer or assumption of insurance obligation.

a. A carrier shall not transfer or assume the entire insurance obligation or risk of a health benefit plan covering a block of business in this state unless the transaction has been approved by the commissioner of the state of domicile of the ceding carrier.

b. A carrier domiciled in this state that proposes to assume or cede the entire insurance obligation or risk or one or more blocks of business from another carrier shall make a filing for approval with the commissioner at least 60 days prior to the date of the proposed assumption. The commissioner may approve the transaction upon a finding that the transaction is in the best interests of the individuals insured under the health benefit plans to be transferred and is consistent with the purposes of Iowa Code chapter 513C and this chapter.

c. The filing required under paragraph 75.5(1)“*b*” shall:

(1) Describe the block of business, including any eligibility requirements, of the ceding carrier from which the health benefit plans will be ceded;

(2) Describe whether the assuming carrier will maintain the assumed health benefit plans as a separate block of business, pursuant to subrule 75.5(3), or will incorporate them into an existing block of business, pursuant to subrule 75.5(4). If the assumed health benefit plans will be incorporated into an existing block of business, the filing shall describe the block of business of the assuming carrier into which the health benefit plans will be incorporated;

(3) Describe whether the health benefit plans being assumed are currently available for purchase by individuals;

(4) Describe the potential effect of the assumption on the benefits provided by the health benefit plans to be assumed;

(5) Describe the potential effect of the assumption on the premiums for the health benefit plans to be assumed;

(6) Describe any other potential material effects of the assumption on the coverage provided to the individuals covered by the health benefit plans to be assumed; and

(7) Include any other information required by the commissioner.

d. A carrier required to make a filing under paragraph 75.5(1)“*b*” shall also make an informational filing with the commissioner of each state in which there are individual health benefit plans that would be included in the transaction. The informational filing to each state shall be made concurrently with the filing made under paragraph 75.5(1)“*b*” and shall include at least the information specified in subparagraph 75.5(1)“*c*”(1) for the individual health benefit plans in that state.

e. A carrier shall not transfer or assume the entire insurance obligation or risk of a health benefit plan covering an individual in this state unless it complies with the following provisions:

(1) The carrier has provided notice to the commissioner at least 60 days prior to the date of the proposed assumption. The notice shall contain the information specified in paragraph 75.5(1)“*c*” for the health benefit plans covering individuals in this state.

(2) If the assumption of a block of business would result in the assuming carrier’s being out of compliance with the limitations related to premium rates contained in Iowa Code section 513C.5, the assuming carrier shall make a filing with the commissioner pursuant to Iowa Code section 513C.5 seeking suspension of the application of Iowa Code section 513C.5.

(3) An assuming carrier seeking suspension of the application of Iowa Code section 513C.5 shall not complete the assumption of health benefit plans covering individuals unless the commissioner grants the suspension requested pursuant to subparagraph 75.5(1)“*e*”(2).

(4) Unless a different period is approved by the commissioner, a suspension of the application of Iowa Code section 513C.5 shall, with respect to an assumed block of business, be for no more than 15 months and, with respect to each individual, last only until the anniversary date of such individual's coverage. With respect to an individual this period may be extended beyond its first anniversary date for a period of up to 12 months if the anniversary date occurs within 3 months of the date of assumption of the block of business.

75.5(2) Except as provided in subrule 75.5(1), a carrier shall not cede or assume the entire insurance obligation or risk for a health benefit plan, other than reinsurance, unless the carrier cedes to the assuming carrier the entire block of business that includes such health benefit plan, unless otherwise approved by the commissioner.

75.5(3) The commissioner may approve a longer period of transition upon application of a carrier. The application shall be made within 60 days after the date of assumption of the block of business and shall clearly state the justification for a longer transition period.

75.5(4) Nothing in this rule or in Iowa Code chapter 513C is intended to:

a. Reduce or diminish any legal or contractual obligation or requirements, including any obligation provided in Iowa Code chapters 521 and 521B, of the ceding or assuming carrier related to the transaction;

b. Authorize a carrier that is not admitted to transact the business of insurance in this state to offer health benefit plans in this state; or

c. Reduce or diminish the protections related to an assumption reinsurance transaction provided in Iowa Code chapters 521 and 521B or otherwise provided by law.

[ARC 3682C, IAB 3/14/18, effective 4/18/18]

191—75.6(513C) Restrictions relating to premium rates.

75.6(1) As provided by Iowa Code section 513C.5, each carrier must limit differences in premium due to such factors as experience and duration to the composite effect of 20 percent, 30 percent, and 30 percent. Allocation of cost differences due to experience and duration among the categories outlined in Iowa Code section 513C.5 may be determined by each carrier.

75.6(2) Nothing in this rule shall require rates be filed absent any other statutory requirements.

191—75.7(513C) Availability of coverage.

75.7(1) Except as provided in Iowa Code section 513C.7, the choice between the basic and standard health benefit plans may not be limited, restricted or conditioned upon the risk characteristics of the individuals or their dependents.

75.7(2) Insurers shall not require eligible family members to accept a basic or standard health benefit plan covering all family members. Those family members who qualify for an underwritten plan may be issued separate coverage from those who do not qualify for the underwritten plan but are eligible for guaranteed issue of the basic or standard plan.

75.7(3) Qualifying previous coverage for a newborn shall be the greater of the period or periods of qualifying previous coverage established by either of the newborn's parents prior to the date of birth.

75.7(4) Benefits paid under a basic or standard health benefit plan shall not duplicate benefits paid under any other health insurance coverage. Other coverage means benefits paid for hospital, surgical or other medical care or expenses for a covered person by any of the following:

- a. Insurance plan or policy; or
- b. Health benefit plan; or
- c. Welfare plan; or
- d. Prepayment plan; or
- e. Hospital service corporation plan or policy; or
- f. Medicare;

whether provided on an individual, family, or group basis or through an employer, union or association. If such other coverage is on a provision of service basis, the amount of benefits will be the amount that the services provided would have cost without such other coverage.

191—75.8(513C) Disclosure of information.

75.8(1) General rules. In connection with the offering for sale of a health benefit plan to individuals, each carrier shall make a reasonable disclosure, as part of its solicitation and sales materials, of the following:

a. The extent to which premium rates for a specified individual are established or adjusted in part based upon the actual or expected variation in claims costs or the actual or expected variation in health conditions of the individual and the individual's dependents, if any.

b. The provisions of such plan concerning the carrier's ability to change premium rates and the factors, other than claim experience, which affect changes in premium rates.

c. The provisions of such plan relating to the renewability of policies and contracts.

d. The provisions of such plan relating to the effect of any preexisting condition provision. The expression "preexisting conditions" shall not be used unless appropriately defined in the policy or contract.

e. The availability, upon request, of descriptive information about the benefits and premiums available under individual health benefit plans offered by the carrier for which the individual is qualified. For purposes of Iowa Code section 513C.7, carriers will be permitted to exclude from disclosure of plans those plans within the following categories:

(1) Plans distributed through a separate marketing channel.

(2) Plans offered through a membership association.

(3) Plans offered through a trust in which membership is otherwise limited.

(4) Other plans as reviewed and approved by the commissioner or director.

75.8(2) Information shall be provided under this rule in a manner determined to be understandable by the average individual and shall be accurate and sufficiently comprehensive to reasonably inform individuals of their rights and obligations under the plan.

Nothing in this rule supersedes the requirements for outlines of coverage for individual health insurance policies under rule 191—36.7(514D).

[ARC 3682C, IAB 3/14/18, effective 4/18/18]

191—75.9(513C) Standards to ensure fair marketing.

75.9(1) A carrier shall make available at least one basic and one standard health benefit plan to eligible individuals in this state.

75.9(2) The written information described in this subrule may be provided directly to the individual or delivered through an authorized producer:

a. A carrier shall not apply more stringent requirements related to the application process for the basic and standard health benefit plans than applied for other health benefit plans offered by the carrier.

b. A carrier shall supply a price quote for basic or standard plans to an eligible individual upon request.

c. If a carrier denies coverage under a health benefit plan to an individual on the basis of a risk characteristic, the denial shall be in writing and state with specificity the reasons for the denial subject to any restrictions related to confidentiality of medical information. The denial shall be accompanied by a written explanation of the availability of the basic and standard health benefit plans from the carrier and may be combined with the notification requirements of Iowa Code chapter 514E. The explanation shall include the following information about the basic and standard benefit plans:

(1) A general description of the benefits and policy provisions contained in each plan;

(2) A price quote for each plan; and

(3) Information describing eligibility and how an eligible individual may enroll in such plans.

75.9(3) The carrier shall not require an individual to join or contribute to any association or group as a condition of being accepted for coverage except, if membership in an association or other group is a requirement for accepting an individual into a particular health benefit plan, a carrier may apply such requirement.

75.9(4) A carrier may not require as a condition to the offer or sale of a health benefit plan to an individual that the individual purchase or qualify for any other insurance product or service.

75.9(5) Carriers offering individual or group health benefit plans in this state shall be responsible for determining whether the plans are subject to the requirements of Iowa Code chapter 513C. [ARC 3682C, IAB 3/14/18, effective 4/18/18]

191—75.10(513C) Basic health benefit plan and standard health benefit plan policy forms.

75.10(1) The form and level of coverage of the basic health benefit plan and the standard health benefit plan are contained in the rules and table.

75.10(2) Termination of pregnancy is to be covered when performed for therapeutic reasons. Elective termination of pregnancy is not to be covered in either the basic or standard plan.

75.10(3) A provision shall be made in the basic health benefit plan and the standard health benefit plan covering diagnosis and treatment of human ailments for payment or reimbursement for necessary diagnosis and treatment provided by a chiropractor licensed under Iowa Code chapter 151, if the diagnosis or treatment is provided within the scope of the chiropractor’s license.

75.10(4) Prescription oral contraceptives and contraceptive devices that are approved by the United States Food and Drug Administration are to be covered in both policy forms.

75.10(5) The division of insurance and the department of health have available “safe harbor” policy forms for the basic and standard health benefit plans required pursuant to Iowa Code chapter 513C.

191—75.11(513C) Maternity benefit rider. Every individual insurance carrier shall offer an optional maternity benefit rider for the basic and standard health benefit plans providing benefits, as any other illness, for a pregnancy and delivery without complications with a 12-month waiting period. A maternity rider offered under this rule shall only be offered when the basic or standard plan is initially purchased. Premiums for the rider shall be calculated based upon generally accepted actuarial principles and shall not be subject to the premium restrictions in Iowa Code subsection 513C.10(6). 191—75.12(513C) Disclosure requirements. All carriers shall include in contracts and evidence of coverage forms a statement disclosing the existence of any drug formularies. Upon request, a carrier offering health insurance coverage that includes a prescription drug formulary shall inform enrollees of the coverage, and prospective enrollees of the coverage during any open enrollment period, whether a prescription drug specified in the request is included in such formulary.

All carriers shall also disclose the existence of any contractual arrangements providing rebates received by them for prescription drugs or durable medical equipment. Durable medical equipment means equipment that can stand repeated use and is primarily and customarily used to serve a medical purpose and is generally not useful to a person who is not sick or injured or used by other family members and is appropriate for home use for the purpose of improving bodily functions or preventing further deterioration of the medical condition caused by sickness or injury.

[ARC 3682C, IAB 3/14/18, effective 4/18/18]

191—75.13(514C) Treatment options.

75.13(1) A carrier shall not prohibit a participating provider from or penalize a participating provider for discussing treatment options with covered persons, irrespective of the carrier's position on the treatment options, or from advocating on behalf of covered persons within the utilization review or grievance processes established by the carrier or a person contracting with the carrier.

75.13(2) A carrier shall not penalize a provider because the provider, in good faith, reports to state or federal authorities any act or practice by the carrier that, in the opinion of the provider, jeopardizes patient health or welfare.

191—75.14(514C) Emergency services. Benefits shall be available by the carrier for inpatient and outpatient emergency services. A physician and sufficient other licensed and ancillary personnel shall be readily available at all times to render such services. Since carriers may not contract with every emergency care provider in an area, carriers shall make every effort to inform members of participating providers.

75.14(1) The term “emergency services” means, with respect to an individual enrolled with an organization, covered inpatient and outpatient services that are furnished by a provider who is qualified to furnish the services that are needed to evaluate or stabilize an emergency medical condition.

75.14(2) The term “emergency medical condition” means a medical condition manifesting itself by symptoms of sufficient severity, including but not limited to severe pain, that an ordinarily prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in one of the following:

- a. Placing the health of the individual or, with respect to a pregnant woman, the health of the woman and her unborn child in serious jeopardy;
- b. Serious impairment to bodily function; or
- c. Serious dysfunction of any bodily organ or part.

75.14(3) Reimbursement to a provider of “emergency services” shall not be denied by any carrier without that organization’s review of the patient’s medical history, presenting symptoms, and admitting or initial as well as final diagnosis, submitted by the provider, in determining whether, by definition, emergency services could reasonably have been expected to be provided. Reimbursement for emergency services shall not be denied solely on the grounds that services were performed by a noncontracted provider. If reimbursement for emergency services is denied, the enrollee may file a complaint with the carrier. Upon denial of reimbursement for emergency services, the carrier shall notify the enrollee and provider that they may register a complaint with the commissioner of insurance.

191—75.15(514C) Provider access. A carrier shall allow a female enrollee direct access to obstetrical or gynecological services from network and participating providers. The plan shall also allow a pediatrician to be the primary care provider for a child through the age of 18.

191—75.16(514C) Diabetic coverage. All carriers shall provide benefits in the standard health benefit plan for the cost associated with equipment, supplies, and education for the treatment of diabetes pursuant to Iowa Code section 514C.14.

These rules are intended to implement Iowa Code chapters 513C and 514C and 1997 Iowa Acts, House File 701; 1995 Iowa Acts, chapter 204, section 14; 1996 Iowa Acts, chapter 1219, section 52; and 1999 Iowa Acts, Senate File 276.

191—75.17(513C) Reconstructive surgery.

75.17(1) A carrier that provides medical and surgical benefits with respect to a mastectomy shall provide the following coverage in the event an enrollee receives benefits in connection with a mastectomy and elects breast reconstruction:

- a. Reconstruction of the breast on which the mastectomy has been performed;
- b. Surgery and reconstruction of the other breast to produce a symmetrical appearance; and
- c. Prostheses and coverage of physical complications at all stages of a mastectomy including lymphedemas.

75.17(2) The benefits under this rule shall be provided in a manner determined in consultation with the attending physician and the enrollee. The coverage may be subject to annual deductibles and coinsurance provisions that are consistent with other benefits under the plan or coverage.

75.17(3) Written notice of the availability of coverage in this rule shall be provided to the enrollee upon enrollment and then annually.

75.17(4) A carrier shall not deny an enrollee eligibility or continued eligibility to enroll or renew coverage under the terms of the health insurance solely for the purpose of avoiding the requirements

of this rule. A carrier shall not penalize, reduce or limit the reimbursement of an attending provider or induce the provider to provide care in a manner inconsistent with this rule.

This rule is intended to implement Public Law 105-277.

[ARC 3682C, IAB 3/14/18, effective 4/18/18]

191—75.18(514C) Contraceptive coverage.

75.18(1) A carrier that provides benefits for outpatient prescription drugs or devices shall provide benefits for prescription contraceptive drugs or prescription contraceptive devices which prevent conception and are approved by the United States Food and Drug Administration or generic equivalents approved as substitutable by the United States Food and Drug Administration.

75.18(2) A carrier is not required to offer benefits for over-the-counter contraceptive drugs or contraceptive devices that do not require a prescription for purchase.

75.18(3) A contraceptive drug or contraceptive device does not include surgical services intended for sterilization, including, but not limited to, tubal ligation or vasectomy.

75.18(4) A carrier shall make available benefits for services related to outpatient contraceptive services for the purpose of preventing conception if the policy or contract provides benefits for other outpatient services provided by a health care professional.

75.18(5) If a carrier does not provide benefits for a routine physical examination, the carrier is not required to provide benefits for a routine physical examination provided in the course of prescribing a contraceptive drug or contraceptive device.

This rule is intended to implement Iowa Code chapter 514C.

Section 300gg-19. These rules address issues which are unique to the external review process in this state and provide a uniform process for covered persons of health carriers providing health insurance coverage or the covered persons' authorized representatives to request and receive an external review of adverse determinations and final adverse determinations as defined in Iowa Code sections 514J.102(1) and 514J.102(18) and as referenced in Iowa Code section 514J.109(1). Health carriers defined in Iowa Code section 514J.102(23), and included in paragraph 76.2(2) "c" are subject to these rules.

76.2(2) For purposes of this chapter, the definitions in Iowa Code chapter 514J shall apply. In addition:

a. For purposes of applying the exemption in Iowa Code section 514J.103(2) "b," "Medicare supplement policy of insurance" shall mean the same as "Medicare supplement policy" as defined in rule 191—37.3(514D).

b. For purposes of this chapter, the definition of "adverse determination" in Iowa Code section 514J.102 shall include experimental or investigational treatment adverse determinations, as set forth in Iowa Code section 514J.109.

c. For purposes of this chapter, the definition of "health carrier" may include an employer self-funded plan if the employer chooses to opt in to comply with these rules.

NOTICE OF APPEAL RIGHTS

You have a right to appeal any decision we make that denies payment on your claim or your request for coverage of a health care service or treatment.

You may request additional explanation when your claim or request for coverage of a health care service or treatment is denied or the health care service or treatment you received was not fully covered. Contact us when you:

- Do not understand the reason for denial;
- Do not understand why the health care service or treatment was not fully covered;
- Do not understand why a request for coverage of a health care service or treatment was denied;
- Cannot find the applicable provision in your Benefit Plan Document;
- Want a copy (free of charge) of the guidelines, criteria or clinical rationale that we used to make our decision; or
- Disagree with the denial or the amount not covered and you want to appeal.

If your claim was denied due to missing or incomplete information, you or your health care provider may resubmit the claim to us with the necessary information to complete the claim.

Internal Appeal: All appeals to us for claim denials (or any decision that does not cover expenses you believe should have been covered) must be sent to [insert address of the health carrier contact person where appeals should be sent] within **180 days** of the date you receive our denial. We will provide a full and fair review of your claim by individuals associated with us, but who were not involved in making the initial denial of your claim. You may provide us with additional information that relates to your claim, and you may request copies of information that we have that pertains to your claim. We will notify you of our decision in writing within **30 days** of receiving your appeal. If you do not receive our decision within **30 days** of receiving your appeal, you may be entitled to file a request for external review.

External Review: We have denied your request for the provision of or payment for a health care service or course of treatment. If our decision involved making a judgment as to the medical necessity, appropriateness, health care setting, level of care or effectiveness of the health care service or treatment you requested, **you may have a right to have our decision reviewed** by health care professionals who have no association with us. Requests for external review may be submitted to the Commissioner of Insurance.

You may obtain an external review if:

- Our decision involved the admission, availability of care, continued stay, or other health care service that is a covered benefit; and
- We denied, reduced or terminated the requested service or treatment or payment for the service or treatment because we determined it did not meet our requirements for medical necessity, health care setting, level of care or effectiveness of the health care service or treatment you requested.
- You have a medical condition that would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function. In this situation, you may file a request for an **expedited external review** of our denial.
- The final adverse determination concerns an admission, availability of care, continued stay, or a health care service for which you received emergency services, but you have not been discharged from a facility. In this situation, you or your authorized representative may request an **expedited external review**.
- Our denial to provide or pay for health care service or course of treatment is based on a determination that the service or treatment is experimental or investigational. In addition, if your treating health care professional certifies in writing that the recommended or requested health care service or treatment that is the subject of the recommendation or request would be significantly less effective if not promptly initiated, then you or your authorized representative may request an **expedited external review**.

You can obtain a copy of the External Review Request Form from: the Iowa Insurance Division, Two Ruan Center, 601 Locust, Fourth Floor, Des Moines, Iowa 50309; telephone 877-955-1212 or 515-281-6348; facsimile 515-281-3059; Web site www.iid.iowa.gov.

Within **four months** after receipt of our notice containing the final adverse determination and this Notice of Appeal Rights, you should submit a request for external review to the Iowa Insurance Division, Two Ruan Center, 601 Locust, Fourth Floor, Des Moines, Iowa 50309; telephone 877-955-1212 or 515-281-6348; facsimile 515-281-3059; e-mail iid.marketregulation@iid.iowa.gov.

For standard external review, a decision will be made within **45 days** after the independent review organization receives your request.

For details, please review your Benefit Plan Document, contact us, or contact the Iowa Insurance Division.

1. Your health carrier has made a determination that an admission, availability of care, continued stay, or other health care service that is a covered benefit does not meet the health carrier's requirements for medical necessity, appropriateness, health care setting, level of care or effectiveness, and the requested service or payment for the service is therefore denied, reduced, or terminated. **Please follow the directions in Sections 1 and 2, then submit completed Sections 3 and 4, Section 5 if applicable, and Section 7 if you are requesting an expedited review.**

I understand that in order for the covered person/patient to obtain the right to an external review of this denial, as treating physician I must certify that the covered person's/patient's medical condition meets certain requirements:

In my medical opinion as the insured's treating physician, I hereby certify to the following:

(NOTE: Requirements 1 through 3 below must all apply for the covered person/patient to qualify for an external review.)

The purpose of the uniform prescription drug information card or other technology is to benefit patients, insurers, pharmacy benefit managers and pharmacists through enhanced patient convenience and processing of claims for prescription benefits, decreased calls to help desks due to missing or incorrect card information, and improved delivery of prescription benefit services to consumers.

191—78.2(514L) Definitions.

“Administrator” or *“administrator of the payor”* means the claims administrator or administrators to which claims for prescription drug benefits are submitted, processed and adjudicated, and includes pharmacy benefit managers, and excludes administrators for self-funded employer-sponsored health benefit plans qualified under the federal Employee Retirement Income Security Act of 1974.

“Consistent with the guide” means that the information and data elements on the card shall conform to the standards set forth in the most recent release of the National Council for Prescription Drug Programs Pharmacy ID Card Implementation Guide, except that the address of the pharmacy benefit manager may be excluded and the information and data elements may be placed at different locations on the card as reasonably necessary to accommodate space and logistical needs.

“Group ID number,” “Grp,” or *“RxGrp”* means the group identification number or group ID number as identified in the National Council for Prescription Drug Programs Pharmacy ID Card Implementation Guide. The “Rx” prefix is not required if the same group number is used for pharmacy and medical claims submission.

“Guide” or *“National Council for Prescription Drug Programs Pharmacy ID Card Implementation Guide”* means the most recent document issued by the National Council for Prescription Drug Programs.

“Pharmacy benefit manager” means an entity that receives and processes claims for payment or prepayment for prescription drug expenses from pharmacies and that may issue cards or other technology for prescription claims processing.

“Processor control number,” “PCN,” or *“RxPCN”* means the processor control number as identified in the National Council for Prescription Drug Programs Pharmacy ID Card Implementation Guide. The “Rx” prefix is not required if the same PCN number is used for pharmacy and medical claims submission.

“Provider of third-party payment or prepayment of prescription drug expenses” or *“provider”* means a provider of an individual or group policy of accident or health insurance or an individual or group hospital or health care service contract issued pursuant to Iowa Code chapter 509, 514 or 514A, a provider of a plan established pursuant to Iowa Code chapter 509A for public employees, a provider of an individual or group health maintenance organization contract issued and regulated under Iowa Code chapter 514B, a provider of a preferred provider contract issued pursuant to Iowa Code chapter 514F, a provider of a self-insured multiple employer welfare arrangement, and any other entity providing health insurance or health benefits which provide for payment or prepayment of prescription drug expenses coverage subject to state insurance regulation.

“Substantially consistent with the guide” means that the location of the uniform prescription drug information on the card or other technology shall conform to the standards set forth in the most recent National Council for Prescription Drug Programs Pharmacy ID Card Implementation Guide. The information may be placed at different locations on the card as reasonably necessary to accommodate space and logistical needs.

“Uniform prescription drug information” means the requirements set forth in the most recent National Council for Prescription Drug Programs Pharmacy ID Card Implementation Guide, including the data elements information required on the card, such as the content, format and the location.

Notwithstanding the foregoing, nothing in this rule shall be interpreted to preclude the inclusion of additional data elements and information.

78.3(2) If the card or other technology is issued by the provider of third-party payment or prepayment of prescription drug expenses, the provider shall be responsible for issuing the card or other technology in compliance with these rules.

78.3(3) If the card or other technology is not issued by the provider of third-party payment or prepayment of prescription drug expenses and the card or other technology is issued by an administrator, pharmacy benefit manager, or other entity, the provider and entity shall enter into an agreement as to whether the provider or entity shall be responsible for compliance with these rules.

78.3(4) For new insureds, enrollees, or otherwise covered individuals, the provider, administrator, pharmacy benefit manager, or other entity responsible for issuing cards or other technology in compliance with these rules shall issue the cards or other technology no later than 30 days after the insured, enrollee, or covered individual becomes eligible for prescription drug benefits.

78.3(5) The provider, administrator, pharmacy benefit manager, or other entity responsible for issuing cards or other technology shall reissue cards in compliance with these rules at least once per year if the material information required on the cards or other technology under these rules changes. Nothing in these rules shall prevent such entities from issuing cards or other technology more than once per year.

78.3(6) The data elements and information required on the cards or other technology pursuant to these rules shall be printed in a clear and readable form.

78.3(7) Nothing in this rule shall prohibit the provider, administrator, pharmacy benefit manager or any other entity required to comply with these rules from issuing a card or other technology containing a magnetic strip or other technological component or device enabling the electronic transmission of information for prescription claims submission, processing, or adjudication, provided that the information required by these rules is printed on the card or other technology in a clear and readable form.

[ARC 2348C, IAB 1/6/16, effective 2/10/16]

191—79.3(505) Prior authorization protocols. All health carriers, health benefit plans and pharmacy benefits managers must accept the approved prior authorization form from health care providers.

Appeal standards as provided in Iowa Code chapter 514J are set out in Appendix A herein.

79.3(10) Denial of prior authorization request. In the case of a denial of a prior authorization request, the health carrier, health benefit plan or pharmacy benefits manager shall provide the reason for the denial, information regarding the denial and, if formulary alternatives are available, direction on how to contact the health carrier or health benefit plan.

- c.* The agreement of the health carrier to waive the requirement that the covered person or the covered person's authorized representative exhaust the health carrier's internal grievance procedures before filing a request for external review of an adverse determination as provided in section 514J.106, subsection 4.

2. Within one business day after the date of receipt of a request for external review, the commissioner shall send a copy of the request to the health carrier.

3. Within five business days following the date of receipt of the external review request from the commissioner, the health carrier shall complete a preliminary review of the request to determine whether:

- a.* The individual is or was a covered person under the health benefit plan at the time the health care service was recommended or requested.
- b.* The health care service that is the subject of the adverse determination or of the final adverse determination, is a covered service under the covered person's health benefit plan, but for a determination by the health carrier that the health care service is not covered because it does not meet the health carrier's requirements for medical necessity, appropriateness, health care setting, level of care, or effectiveness.
- c.* The covered person or the covered person's authorized representative has exhausted the health carrier's internal grievance process, unless the covered person or the covered person's authorized representative is not required to exhaust the health carrier's internal grievance process pursuant to section 514J.106 or this section.

a. If the health carrier determines that the request is not complete, the health carrier shall notify the covered person or the covered person's authorized representative and the commissioner in writing that the request is not complete and what information or materials are needed to make the request complete.

b. If the health carrier determines that the request is not eligible for external review, the health carrier shall issue a notice of initial determination in writing informing the covered person or the covered person's authorized representative and the commissioner of that determination and the reasons the request is not eligible for review. The health carrier shall also include a statement in the notice informing the covered person or the covered person's authorized representative that the health carrier's initial determination of ineligibility may be appealed to the commissioner.

5. The commissioner may specify by rule the form required for the health carrier's notice of initial determination and any supporting information to be included in the notice.

The commissioner may determine that a request is eligible for external review, notwithstanding a health carrier's initial determination that the request is not eligible, and refer the request for external review. In making this determination, the commissioner's decision shall be made in accordance with the terms of the covered person's health benefit plan and shall be subject to all applicable provisions of this chapter.

Within one business day after making such a decision, the independent review organization shall notify the covered person or the covered person's authorized representative, the health carrier, and the commissioner of its decision.

10. The independent review organization shall review all of the information and documents received pursuant to subsection 8 and any other information submitted in writing to the independent review organization by the covered person or the covered person's authorized representative pursuant to subsection 7, paragraph "b". a. Reconsideration by the health carrier of its determination shall not delay or terminate the external review. The external review shall only be terminated if the health carrier decides, upon completion of its reconsideration, to reverse its determination and provide coverage or payment for the health care service that is the subject of the adverse determination or final adverse determination.

b. 191—85.6(505,522D) License reinstatement.

85.6(1) A navigator may reinstate an expired license up to 12 months after the license expiration date by proving that during the continuing education term the navigator met the continuing education requirements of this chapter and by paying a reinstatement fee and license renewal fees. A navigator

that fails to apply for license reinstatement within 12 months of the license expiration date must apply for a new license.

85.6(2) A navigator that has surrendered a license for a nondisciplinary reason and stated an intent to exit the insurance business may file a request to reactivate the license. The request must be received at the division within 90 days of the date the license was placed on inactive status. The request will be granted if the former navigator is otherwise eligible to receive the license. If the request is not received within 90 days, the navigator must apply for a new license.

[ARC 0981C, IAB 8/21/13, effective 9/25/13]

191—85.7(505,522D) Reinstatement or reissuance of a license after suspension, revocation or forfeiture in connection with disciplinary matters; and forfeiture in lieu of compliance.

85.7(1) The term “reinstatement” as used in this rule means the reinstatement of a suspended license. The term “reissuance” as used in this rule means the issuance of a new license following either the revocation of a license or the forfeiture of a license in connection with a disciplinary matter. This rule does not apply to the reinstatement of an expired license.

85.7(2) Any navigator whose license has been revoked or suspended by order, or that forfeited a license in connection with a disciplinary matter, may apply to the commissioner for reinstatement or reissuance in accordance with the terms of the order of revocation or suspension or the order accepting the forfeiture.

a. All proceedings for reinstatement or reissuance shall be initiated by the applicant. The applicant shall file with the commissioner an application for reinstatement or reissuance of a license.

b. An application for reinstatement or reissuance shall allege facts which, if established, will be sufficient to enable the commissioner to determine that the basis of revocation, suspension or forfeiture of the applicant’s license no longer exists and that it will be in the public interest for the application to be granted. The burden of proof to establish such facts shall be on the applicant.

c. A navigator may request reinstatement of a suspended license prior to the end of the suspension term.

d. Unless otherwise provided by law, if the order of revocation or suspension did not establish terms upon which reinstatement or reissuance may occur, or if the license was forfeited, an initial application for reinstatement or reissuance may not be made until at least one year has elapsed from the date of the order of the suspension, revocation, or acceptance of the forfeiture of a license.

85.7(3) All proceedings upon the application for reinstatement or reissuance, including matters preliminary and ancillary thereto, shall be held in accordance with Iowa Code chapter 17A. Such application shall be recorded in the original case in which the original license was suspended, revoked, or forfeited, if a case exists.

85.7(4) An order of reinstatement or reissuance shall be based upon a written decision which incorporates findings of fact and conclusions of law. An order granting an application for reinstatement or reissuance may impose such terms and conditions as the commissioner or the commissioner’s designee deems desirable. The order shall be a public record, available to the public, and may be disseminated in accordance with Iowa Code chapter 22.

85.7(5) A request for voluntary forfeiture of a license shall be made in writing to the commissioner. Forfeiture of a license is effective upon submission of the request unless a contested case proceeding is pending at the time the request is submitted. If a contested case proceeding is pending at the time of the request, the forfeiture becomes effective when and upon such conditions as required by order of the commissioner. A forfeiture made during the pendency of a contested case proceeding is considered disciplinary action and shall be published in the same manner as is applicable to any other form of disciplinary order.

85.7(6) When a navigator’s license has been suspended for a period of time which extends beyond the navigator’s license expiration date, the license will terminate. The navigator may request reinstatement pursuant to this rule. If suspension for a period of time ends prior to the navigator’s license expiration date, the division shall reinstate the license at the end of the suspension period. The commissioner is

not prohibited from bringing an additional immediate action if the navigator has engaged in misconduct during the period of suspension.

85.8(2) If a navigator changes the navigator's address, the navigator must file written notification with the division within 30 days of the address change. The notification must include the navigator's name, previous address, and new address. A navigator may designate a business address instead of a residential address at the option of the navigator.

85.8(3) If a navigator has provided an e-mail address to the division, the division has the option to send information to the navigator through the e-mail address rather than through the mail.

All individual navigators that are hired, retained, recruited, employed, affiliated, work for or in conjunction, or as a part of a consortium, with a navigator entity shall be subject to all training, examination, and continuing education requirements under this chapter.

85.9(3) Navigator entities shall be liable for the acts of individual navigators that are hired, retained, recruited, employed, affiliated, work for or in conjunction, or as a part of a consortium, with a navigator entity when the individual navigator is performing the duties of or acting as a navigator.

85.9(4) A navigator entity shall notify the division in writing, within 30 days, when a relationship is terminated with an individual navigator who was formally retained, employed, or affiliated with, or worked for or in conjunction, or as a part of a consortium, with that navigator entity. The notification submitted by the navigator entity shall indicate if the termination was for cause and if the reason was one of the reasons set forth in Iowa Code section 522D.7. The navigator entity shall comply with Iowa Code section 522D.8 and, upon request, furnish to the commissioner or authorized representative additional information, documents, records or other data pertaining to the termination or activity of the individual navigator.

85.14(2) The minimum coverage for financial responsibility shall be \$50,000.

85.14(3) A navigator shall immediately inform the commissioner in writing of any pending termination of a written financial responsibility instrument. The navigator shall secure a new financial responsibility instrument and provide evidence of new financial responsibility to the commissioner prior to the date of termination for the existing financial responsibility instrument. If evidence of a new financial responsibility instrument is not provided to the commissioner prior to termination, the navigator's license shall be forfeited.

CHAPTER 90
FINANCIAL AND HEALTH INFORMATION REGULATION

191—90.1(505) Purpose and scope.

90.1(1) This chapter governs the treatment of nonpublic personal financial information and nonpublic personal health information about individuals by all licensees of the insurance division.

90.1(2) This chapter also applies to nonpublic personal financial information and nonpublic personal health information about individuals who obtain or are claimants or beneficiaries of products or services primarily for personal, family or household purposes from licensees. This chapter does not apply to information about individuals or companies that obtain products or services for business, commercial or agricultural purposes.

90.1(3) A licensee domiciled in this state that is in compliance with this chapter shall be deemed to be in compliance with Title V of P.L. 106-102 in a state that has not enacted laws or regulations that meet the requirements of Title V.

191—90.2(505) Definitions. For the purpose of these rules, the following definitions shall apply:

“Affiliate” means any company that controls, is controlled by or is under common control with another company.

“Clear and conspicuous” means that a notice is reasonably understandable and designed to call attention to the nature and significance of the information in the notice.

“Collect” means to obtain information that the licensee organizes or can retrieve by the name of an individual or by identifying number, symbol or other identifying article assigned to the individual, irrespective of the source of the underlying information.

“Commissioner” means the insurance commissioner.

“Company” means a corporation, limited liability company, business trust, general or limited partnership, association, sole proprietorship or similar organization.

“Consumer” means an individual, or that individual’s legal representative, who seeks to obtain, obtains or has obtained from a licensee an insurance product or service that is to be used primarily for personal, family or household purposes and about whom the licensee has nonpublic personal information. Consumer includes any of the following:

1. An individual who provides nonpublic personal information to a licensee in connection with obtaining or seeking to obtain financial, investment or economic advisory services relating to an insurance product or service is a consumer regardless of whether the licensee establishes an ongoing advisory relationship.

2. An applicant for insurance prior to the inception of insurance coverage is a licensee’s consumer.

3. An individual is a licensee’s consumer if:

- The individual is a beneficiary of a life insurance policy underwritten by the licensee;
- The individual is a claimant under an insurance policy issued by the licensee;
- The individual is an insured or an annuitant under an insurance policy or an annuity, respectively, issued by the licensee; or

- The individual is a mortgagor of a mortgage covered under a mortgage insurance policy; and
- The licensee discloses nonpublic personal financial information about the individual to a nonaffiliated third party other than as permitted under rules 90.12(505), 90.13(505) and 90.14(505) of this chapter.

An individual who is a consumer of another financial institution is not a licensee’s consumer solely because the licensee is acting as agent for, or provides processing or other services to, that financial institution.

An individual is not the consumer of the licensee provided that the licensee provides the initial, annual and revised notices required under rules 90.3(505), 90.4(505), and 90.7(505) to the plan sponsor, group or blanket insurance policyholder or group annuity contract holder, workers’ compensation plan participant, or further, provided that the licensee does not disclose to a nonaffiliated third party nonpublic

personal financial information about such an individual other than as permitted under rules 90.12(505), 90.13(505) and 90.14(505) and solely due to any of the following:

- b. The consumer is covered under a group or blanket insurance policy or group annuity contract issued by the licensee, or
- c. The consumer is a beneficiary in a workers' compensation plan.

However, an individual described in "a" through "c" is a consumer of a licensee if the licensee does not meet all the above conditions. In no event shall an individual solely by virtue of the status described in "a" through "c" above be deemed a customer for purposes of this chapter.

An individual is not a licensee's consumer solely because the individual is a beneficiary of a trust for which the licensee is a trustee or because the individual has designated the licensee as trustee for a trust.

"Consumer reporting agency" means "consumer reporting agency" as defined in Section 603(f) of the federal Fair Credit Reporting Act.

"Customer information systems" means the electronic or physical methods used to access, collect, store, use, transmit, protect or dispose of customer information.

"Customer relationship" means a continuing relationship between a consumer and a licensee under which the licensee provides to the consumer one or more insurance products or services that are to be used primarily for personal, family or household purposes.

A consumer has a continuing relationship with a licensee if the consumer is a current policyholder of an insurance product issued by or through the licensee or if the consumer obtains financial, investment or economic advisory services relating to an insurance product or service from the licensee for a fee.

A consumer does not have a continuing relationship with a licensee under the following examples:

1. The consumer applies for insurance but does not purchase the insurance;
2. The licensee sells the consumer airline travel insurance in an isolated transaction;
3. The individual is no longer a current policyholder of an insurance product or no longer obtains insurance services with or through the licensee;
4. The consumer is a beneficiary or claimant under a policy and has submitted a claim under a policy choosing a settlement option involving an ongoing relationship with the licensee;
5. The consumer is a beneficiary or a claimant under a policy and has submitted a claim under that policy choosing a lump sum settlement option;
6. The customer's policy is lapsed, expired, or otherwise inactive or dormant under the licensee's business practices and the licensee has not communicated with the customer about the relationship for a period of 12 consecutive months, other than annual privacy notices, material required by law or regulation, communication at the direction of a state or federal authority, or promotional materials;
7. The individual is an insured or an annuitant under an insurance policy or annuity, respectively, but is not the policyholder or owner of the insurance policy or annuity; or
8. For the purposes of these rules, the individual's last-known address according to the licensee's record is deemed invalid. An address of record is deemed invalid if mail sent to that address by the licensee has been returned by the postal authorities as undeliverable and if subsequent attempts by the licensee to obtain a current valid address for the individual have been unsuccessful.

“Designed to call attention” means a licensee designs to call attention to the nature and significance of the information in a notice if the licensee does the following:

Nonaffiliated third party includes any company that is an affiliate solely by virtue of the direct or indirect ownership or control of the company by the licensee or its affiliate in conducting merchant banking or investment banking activities of the type described in Section 4(k)(4)(H) of the federal Bank Holding Company Act or insurance

company investment activities of the type described in Section 4(k)(4)(I) of the federal Bank Holding Company Act.

“Nonpublic personal health information” means health information that identifies an individual who is the subject of the information or with respect to which there is a reasonable basis to believe that the information could be used to identify an individual.

“Nonpublic personal information” or *“nonpublic personal financial information”* means personally identifiable financial information and any list, description or other groupings of consumers and publicly available information pertaining to them that is derived using any personally identifiable financial information that is not publicly available.

Nonpublic personal financial information does not include health information, publicly available information, except as included on a list as described above or any list or description pertaining to consumers that is derived without using any personally identifiable financial information that is not publicly available.

“Opt out” means a direction by the consumer that the licensee not disclose nonpublic personal financial information about the consumer to a nonaffiliated third party other than as permitted by rules 90.12(505), 90.13(505), and 90.14(505).

“Personally identifiable financial information” means any information a consumer provides to a licensee to obtain an insurance product or service from the licensee, information about a consumer resulting from a transaction involving an insurance product or service between a licensee and a consumer or information the licensee otherwise obtains about a consumer in connection with providing an insurance product or service to that consumer.

Examples of “personally identifiable financial information” include:

- Information a consumer provides to a licensee on an application to obtain an insurance product or service;
- Account balance information and payment history;
- The fact that an individual is or has been one of the licensee’s customers or has obtained an insurance product or service from the licensee;

Personally identifiable financial information does not include health information, a list of names and addresses of customers of an entity that is not a financial institution and information that does not identify a consumer, such as aggregate information or blind data that does not contain personal identifiers such as account numbers, names, and addresses.

“Publicly available information” means any information that a licensee has a reasonable basis to believe is lawfully made available to the general public from federal, state, or local government records, widely distributed media sources or disclosures to the general public that are required to be made by federal, state or local law.

A licensee has a reasonable basis to believe that information is lawfully made available to the general public if the licensee has taken steps to determine that the information is the type that is available to the general public and whether an individual can direct that the information not be made available to the general public and, if so, that the licensee’s consumer has not done so.

Examples of “publicly available information” include:

- Publicly available information in government records which includes information in government real estate records and security interest filings.
- Publicly available information from widely distributed media which includes information from a telephone book, a television or radio program, a newspaper or a Web site that is available to the general

public on an unrestricted basis. A Web site is not restricted merely because an Internet service provider or a site operator requires a fee or a password, so long as access is available to the general public.

• A licensee has a reasonable basis to believe that mortgage information is lawfully made available to the general public if the licensee has determined that the information is of the type included on the public record in the jurisdiction where the mortgage would be recorded.

“*Reasonably understandable*” means the licensee’s notice is presented in the following form:

DIVISION I
RULES FOR FINANCIAL INFORMATION

191—90.3(505) Initial privacy notice to consumers required.

90.3(1) A licensee shall provide a clear and conspicuous notice that accurately reflects its privacy policies and practices to the following persons and at the following times:

a. An individual who becomes the licensee’s customer, not later than when the licensee establishes a customer relationship, except as provided in subrule 90.3(5); and

b. A consumer, before the licensee discloses any nonpublic personal financial information about the consumer to any nonaffiliated third party, if the licensee makes a disclosure other than as authorized by rules 90.13(505) and 90.14(505).

90.3(2) A licensee is not required to provide an initial notice to a consumer under subrule 90.3(1) if:

b. A notice has been provided by an affiliated licensee, as long as the notice clearly identifies all licensees to whom the notice applies and is accurate with respect to the licensee and the other institutions.

c. The licensee has a customer relationship with the consumer and the consumer consents to the licensee’s searching for insurance coverage to replace existing coverage or the licensee is selling the agency expiration lists or the agency contract is canceled and the licensee is required to move the existing coverage to a new carrier.

90.3(3) A licensee establishes a customer relationship at the time the licensee and the consumer enter into a continuing relationship.

A licensee establishes a customer relationship when the consumer does either of the following:

a. The licensee provides a revised policy notice under rule 90.7(505) that covers the customer’s new insurance product or service; or

b. If the initial, revised or annual notice that the licensee most recently provided to that customer was accurate with respect to the new insurance product or service, the licensee does not need to provide a new privacy notice under subrule 90.3(1).

90.3(5) A licensee may provide the initial notice required by paragraph 90.3(1)“a” within a reasonable time after the licensee establishes a customer relationship if:

- a. Establishing the customer relationship is not at the customer’s election; or
- b. Providing notice not later than when the licensee establishes a customer relationship would substantially delay the customer’s transaction and the customer agrees to receive the notice at a later time.

Examples of notice within a reasonable time are as follows:

- The establishment of the customer relationship is not at the customer’s election. Establishing the customer relationship is not at the customer’s election if a licensee acquires or is assigned a customer’s policy from another financial institution or residual market mechanism and the customer does not have a choice about the licensee’s acquisition or assignment.
- There is substantial delay in the customer’s transaction. Providing notice not later than when a licensee establishes a customer relationship would substantially delay the customer’s transaction when the licensee and the individual agree over the telephone to enter into a customer relationship involving prompt delivery of the insurance product or service.
- Providing notice not later than when a licensee establishes a customer relationship would not substantially delay the customer’s transaction when the relationship is initiated in person at the licensee’s office or through other means by which the customer may view the notice, such as on a Web site.

90.3(6) When a licensee is required by this rule to deliver an initial privacy notice, the licensee shall deliver it according to rule 90.8(505). If the licensee uses a short-form initial notice for noncustomers according to subrule 90.5(6), the licensee may deliver its privacy notice according to subrule 90.5(6).

191—90.4(505) Annual privacy notice to customers required.

90.4(1) A licensee shall provide a clear and conspicuous notice to customers that accurately reflects its privacy policies and practices not less than annually during the continuation of the customer relationship. “Annually” means at least once in any period of 12 consecutive months during which that relationship exists. A licensee may define the 12-consecutive-month period, but the licensee shall apply it to the customer on a consistent basis.

A licensee provides a notice annually if it defines the 12-consecutive-month period as a calendar year and provides the annual notice to the customer once in each calendar year following the calendar year in which the licensee provided the initial notice. For example, if a customer opens an account on any day of year 1, the licensee shall provide an annual notice to that customer by December 31 of year 2.

90.4(2) A licensee is not required to provide an annual notice to a former customer. A former customer is an individual with whom a licensee no longer has a continuing relationship.

A licensee no longer has a continuing relationship with an individual if the individual no longer is a current policyholder of an insurance product or no longer obtains insurance services with or through the licensee.

A licensee no longer has a continuing relationship with an individual if the individual’s policy lapsed, expired or is otherwise inactive or dormant under the licensee’s business practices, and the licensee has not communicated with the customer about the relationship for a period of 12 consecutive months, other than to provide annual notices, material required by law or regulation, or promotional materials.

For purposes of this rule, a licensee no longer has a continuing relationship with an individual if the individual’s last-known address according to the licensee’s records is deemed invalid. An address of record is deemed invalid if mail sent to that address by the licensee has been returned by the postal authorities as undeliverable and if subsequent attempts by the licensee to obtain a current valid address for the individual have been unsuccessful.

A licensee no longer has a continuing relationship with a customer in the case of providing real estate settlement services at the time the customer completes execution of all documents related to the real estate closing, payment for those services has been received, or the licensee has completed all of its responsibilities with respect to the settlement, including filing documents on the public record, whichever is later.

90.4(3) When a licensee is required by this rule to deliver an annual privacy notice, the licensee shall deliver it according to rule 90.8(505).

90.4(4) A licensee is not required to provide an annual privacy notice if both of the following are true: the licensee has not changed the privacy policies and practices that the licensee disclosed to the consumer in the privacy notice that the licensee most recently delivered to the consumer in accordance with rule 191—90.3(505) or this rule; and the licensee does not disclose any nonpublic personal information about the consumer to any nonaffiliated third party except as authorized by rules 191—90.12(505), 191—90.13(505) and 191—90.14(505). If a licensee at any time fails to comply with the criteria of this subrule, the licensee shall immediately provide to the consumer the annual privacy notice required under this chapter.

191—90.5(505) Information to be included in privacy notices.

90.5(1) The initial annual and revised privacy notices that a licensee provides under rules 90.3(505), 90.4(505) and 90.7(505) shall include each of the following items of information in addition to any other information the licensee wants to provide and that apply to the licensee and to the consumers to whom the licensee sends its privacy notice:

- a. The categories of nonpublic personal financial information that the licensee collects;
- b. The categories of nonpublic personal financial information that the licensee discloses;
- c. The categories of affiliates and nonaffiliated third parties to which the licensee discloses nonpublic personal financial information, other than those parties to which the licensee discloses information under rules 90.13(505) and 90.14(505);
- d. The categories of nonpublic personal financial information about the licensee's former customers that the licensee discloses and the categories of affiliates and nonaffiliated third parties to which the licensee discloses nonpublic personal financial information about the licensee's former customers, other than those parties to which the licensee discloses information under rules 90.13(505) and 90.14(505);
- e. A separate description of the categories of information the licensee discloses and the categories of third parties with which the licensee has contracted if a licensee discloses nonpublic personal financial information to a nonaffiliated third party under rule 90.12(505) and no other exception in rules 90.13(505) and 90.14(505) applies to that disclosure;
- f. An explanation of the consumer's right under subrule 90.9(1) to opt out of the disclosure of nonpublic personal financial information to nonaffiliated third parties, including the methods by which the consumer may exercise that right at that time;
- g. Any disclosures that the licensee makes under Section 603(d)(2)(A)(iii) of the federal Fair Credit Reporting Act;
- h. The licensee's policies and practices with respect to protecting the confidentiality and security of nonpublic personal financial information; and
- i. Any disclosure that the licensee makes under subrule 90.5(2).

90.5(2) If a licensee discloses nonpublic personal financial information as authorized under rules 90.13(505) and 90.14(505), the licensee is not required to list those exceptions in the initial or annual privacy notices required by rules 90.3(505) and 90.4(505). When describing the categories of parties to which disclosure is made, the licensee is required to state only that it makes disclosures to other affiliated or nonaffiliated third parties, as applicable and permitted by law.

90.5(3) Examples of nonpublic personal financial information are as follows:

a. *Categories of nonpublic personal financial information that the licensee collects.* A licensee satisfies the requirement to categorize the nonpublic personal financial information it collects if the licensee categorizes it according to the source of the information, as applicable:

- (1) Information from the consumer;
- (2) Information about the consumer's transactions with the licensee or its affiliates;
- (3) Information about the consumer's transactions with nonaffiliated third parties; and
- (4) Information from a consumer reporting agency.

b. Categories of nonpublic personal financial information a licensee discloses. A licensee satisfies the requirement to categorize nonpublic personal financial information it discloses if the licensee categorizes the information according to source, as described in paragraph “a,” as applicable, and provides examples to illustrate the types of information in each category. These might include the following:

(1) Information from the consumer, including application information, such as assets and income and identifying information such as name, address and social security number;

(2) Transaction information, such as information about balances, payment history and parties to the transaction; and

(3) Information from consumer reports, such as a consumer’s creditworthiness and credit history.

A licensee does not adequately categorize the information that it discloses if the licensee uses only general terms, such as transaction information about the consumer.

If a licensee reserves the right to disclose all of the nonpublic personal financial information about consumers that it collects, the licensee may simply state that fact without describing the categories or examples of nonpublic personal information that the licensee discloses.

c. Categories of affiliates and nonaffiliated third parties to which the licensee discloses. A licensee satisfies the requirement to categorize the affiliates and nonaffiliated third parties to which the licensee discloses nonpublic personal financial information about consumers if the licensee identifies the types of businesses in which the affiliate and nonaffiliated third parties engage.

Types of businesses may be described by general terms only if the licensee uses a few illustrative examples of significant lines of business. For example, a licensee may use the term “financial products or services” if it includes appropriate examples of significant lines of business, such as life insurer, automobile insurer, consumer banking or securities brokerage.

A licensee also may categorize the affiliates and nonaffiliated third parties to which it discloses nonpublic personal financial information about consumers using more detailed categories.

90.5(4) If a licensee discloses nonpublic personal financial information under the exception in rule 90.12(505) to a nonaffiliated third party to market products or services that it offers alone or jointly with another financial institution, the licensee satisfies the disclosure requirement of paragraph 90.5(1) “e” if it does the following:

a. Lists the categories of nonpublic personal financial information it discloses using the same categories and examples the licensee used to meet the requirements of paragraph 90.5(1) “b” as applicable; and

b. States whether the third party is a service provider that performs marketing services on the licensee’s behalf or on behalf of the licensee and another financial institution or a financial institution with which the licensee has a joint marketing agreement.

90.5(5) If a licensee does not disclose and does not wish to reserve the right to disclose nonpublic personal financial information about customers or former customers to affiliates or nonaffiliated third parties except as authorized under rules 90.13(505) and 90.14(505), the licensee may simply state that fact, in addition to the information it shall provide under paragraphs 90.5(1) “a,” “h,” and “i” and subrule 90.5(2).

90.5(6) A licensee shall describe its policies and practices with respect to protecting the confidentiality and security of nonpublic personal financial information if it does both of the following:

a. Describes in general terms who is authorized to have access to the information; and

b. States whether the licensee has security practices and procedures in place to ensure the confidentiality of the information in accordance with the licensee’s policy. The licensee is not required to describe technical information about the safeguards it uses.

90.5(7) A licensee may satisfy the initial notice requirements in 90.3(1) “b” and 90.6(4) for a consumer who is not a customer by providing a short-form initial notice at the same time as the licensee delivers an opt-out notice as required in rule 90.6(505).

a. The short-form initial notice shall be clear and conspicuous, state that the licensee’s privacy notice is available upon request and explain a reasonable means by which the consumer may obtain that notice.

b. The licensee shall deliver its short-form initial notice according to rule 90.8(505). The licensee is not required to deliver its privacy notice with its short-form initial notice. The licensee instead may simply provide the consumer a reasonable means to obtain its privacy notice. If a consumer who receives the licensee's short-form notice requests the licensee's privacy notice, the licensee shall deliver its privacy notice according to rule 90.8(505).

c. The licensee provides a reasonable means by which a consumer may obtain a copy of its privacy notice if the licensee provides a toll-free telephone number that the consumer may call to request the notice or, for a consumer who conducts business in person at the licensee's office, maintains copies of the notice on hand that the licensee provides to the consumer immediately upon request.

90.5(8) The licensee's notice may include categories of nonpublic personal financial information that the licensee reserves the right to disclose in the future but does not currently disclose and categories of affiliates or nonaffiliated third parties to which the licensee reserves the right in the future to disclose, but to which the licensee does not currently disclose, nonpublic personal financial information. Sample clauses are found in Appendix A.

191—90.6(505) Form of opt-out notice to consumers and opt-out methods.

90.6(1) A licensee required to provide an opt-out notice under subrule 90.9(1) shall provide a clear and conspicuous notice to each of its consumers that accurately explains the right to opt out under that rule. The notice shall state the following:

a. The licensee discloses or reserves the right to disclose nonpublic personal financial information about its consumer to a nonaffiliated third party;

b. The consumer has the right to opt out of that disclosure; and

c. A reasonable means by which the consumer may exercise the opt-out right.

90.6(2) Examples of the opt-out notice include the following:

a. *Adequate opt-out notice.* A licensee provides adequate notice that the consumer can opt out of the disclosure of nonpublic personal financial information to a nonaffiliated third party if the licensee does the following:

(1) Identifies all of the categories of nonpublic personal financial information that it discloses or reserves the right to disclose and all of the categories of nonaffiliated third parties to which the licensee discloses the information, as described in paragraphs 90.5(1) "b" and "c," and states that the consumer can opt out of the disclosure of that information; and

(2) Identifies the insurance products or services that the consumer obtains from the licensee, either singly or jointly, to which the opt-out direction applies.

b. *Reasonable opt out.* A licensee provides a reasonable means to exercise an opt-out right if it provides the following:

(1) Designates check-off boxes in a prominent position on the relevant forms with the opt-out notice;

(2) Includes a reply form together with the opt-out notice;

(3) Provides an electronic means to opt out, such as a form that can be sent via electronic mail or a process at the licensee's Web site, if the consumer agrees to the electronic delivery of information; or

(4) Provides a toll-free telephone number that consumers may call to opt out.

c. *Unreasonable opt out.* A licensee does not provide a reasonable means of opting out in the following circumstances:

(1) The only means of opting out is for the consumer to write the consumer's own letter to exercise that opt-out right; or

(2) The only means of opting out as described in any notice subsequent to the initial notice is to use a check-off box that the licensee provided with the initial notice but did not include with the subsequent notice.

d. *Specific opt out.* A licensee may require each consumer to opt out through a specific means as long as that means is reasonable for that consumer.

90.6(3) A licensee may provide the opt-out notice together with or on the same written or electronic form as the initial notice the licensee provides in accordance with rule 90.3(505).

90.6(4) If a licensee provides the opt-out notice later than required for the initial notice in accordance with rule 90.3(505), the licensee shall also include in writing or, if the consumer agrees, electronically a copy of the initial notice with the opt-out notice.

90.6(5) If two or more consumers jointly obtain an insurance product or service from a licensee, the licensee may provide a single opt-out notice. The licensee's opt-out notice shall explain how the licensee will treat an opt-out direction by a joint consumer.

a. Any of the joint consumers may exercise the right to opt out. The licensee may do either of the following:

(1) Treat an opt-out direction by a joint consumer as applying to all of the associated joint consumers; or

(2) Permit each joint consumer to opt out separately.

b. The licensee shall permit one of the joint consumers to opt out on behalf of all the joint consumers if a licensee permits each joint consumer to opt out separately.

c. A licensee may not require all joint consumers to opt out before it implements any opt-out direction.

d. Examples of opt-out notice requirements for joint consumers. If John and Mary are both names of policyholders on a homeowner's insurance policy issued by a licensee and the licensee sends policy statements to John's address, the licensee may do any of the following, but it shall explain in its opt-out notice which of the following opt-out policies the licensee will follow:

(1) Send a single opt-out notice to John's address, but the licensee shall accept an opt-out direction from either John or Mary.

(2) Treat an opt-out direction by either John or Mary as applying to the entire policy. If the licensee does so and John opts out, the licensee may not require Mary to opt out as well before implementing John's opt-out direction.

(3) Permit John and Mary to make different opt-out directions. If the licensee does so, it shall provide for the following:

1. Permit John and Mary to opt out for each other;

2. Permit both of them to notify the licensee in a single response such as on a form or through a telephone call if both opt out; and

3. Allow the licensee to disclose nonpublic personal financial information about one of them such as Mary but not about John if John opts out and Mary does not and not about John and Mary jointly.

90.6(6) A licensee shall comply with a consumer's opt-out direction as soon as reasonably practicable after the licensee receives it.

90.6(7) A consumer may exercise the right to opt out at any time.

90.6(8) A consumer's direction to opt out under this rule is effective until the consumer revokes it in writing or electronically, if the consumer agrees to revoke electronically.

90.6(9) When a customer relationship terminates, the customer's opt-out direction continues to apply to the nonpublic personal financial information that the licensee collected during or related to that relationship. If the individual subsequently establishes a new customer relationship with the licensee, the opt-out direction that applied to the former relationship does not apply to the new relationship.

90.6(10) When a licensee is required to deliver an opt-out notice by this rule, the licensee shall deliver it according to rule 90.8(505).

191—90.7(505) Revised privacy notices.

90.7(1) Except as otherwise authorized in this rule, a licensee shall not, directly or through an affiliate, disclose any nonpublic personal financial information about a consumer to a nonaffiliated third party other than as described in the initial notice that the licensee provided to that consumer under rule 90.3(505) unless the following occur:

a. The licensee has provided to the consumer a clear and conspicuous revised privacy notice that accurately describes its policies and practices;

b. The licensee has provided to the consumer a new opt-out notice;

c. The licensee has given the consumer a reasonable opportunity, before the licensee discloses the information to the nonaffiliated third party, to opt out of the disclosure; and

d. The consumer does not opt out.

Except as permitted by rules 90.12(505, 90.13(505), and 90.14(505), a licensee shall provide a revised notice before the licensee does any of the following:

- Discloses a new category of nonpublic personal financial information to any nonaffiliated third party;
- Discloses nonpublic personal financial information to a new category of nonaffiliated third party; or
- Discloses nonpublic personal financial information about a former customer to a nonaffiliated third party, if that former customer has not had the opportunity to exercise an opt-out right regarding that disclosure.

90.7(2) A revised privacy notice is not required if the licensee discloses nonpublic personal financial information to a new nonaffiliated third party that the licensee adequately described in its prior notice.

90.7(3) When a licensee is required to deliver a revised privacy notice by this rule, the licensee shall deliver it according to rule 90.8(505).

191—90.8(505) Delivery of notice.

90.8(1) A licensee shall provide any notices that these rules require so that each consumer can reasonably be expected to receive actual notice in writing or, if the consumer agrees, electronically.

a. Examples of reasonable expectation of actual notice by a licensee are as follows:

- (1) Hand delivery of a printed copy of the notice to the consumer;
- (2) Mailing a printed copy of the notice to the last-known address of the consumer separately or in a policy, billing or other written communication;
- (3) For a consumer who conducts transactions electronically, posting the notice on the Web site and requiring the consumer to acknowledge receipt of the notice as a necessary step to obtaining a particular insurance product or service;

(4) For an isolated transaction with a consumer, such as the licensee providing an insurance quote or selling the consumer travel insurance, posting the notice and requiring the consumer to acknowledge receipt of the notice as a necessary step to obtaining the particular insurance product or service.

b. Examples of unreasonable expectation of actual notice by a licensee are as follows:

- (1) Only posting a sign in its office or generally publishing advertisements of its privacy policies and practices; or
- (2) Sending the notice via electronic mail to a consumer who does not obtain an insurance product or service from the licensee electronically.

90.8(2) A licensee may reasonably expect that a customer will receive actual notice of the licensee's annual privacy notice if one of the following occurs:

a. The customer uses the licensee's Web site to access insurance products and services electronically and agrees to receive notices at the Web site and the licensee posts its current privacy notice continuously in a clear and conspicuous manner on the Web site; or

b. The customer has requested that the licensee refrain from sending any information regarding the customer relationship, and the licensee's current privacy notice remains available to the customer upon request.

90.8(3) A licensee may not provide any notice required by this rule solely by orally explaining the notice, either in person or over the telephone.

90.8(4) For customers only, a licensee shall provide the initial notice required by paragraph 90.3(1) "a," the annual notice required by subrule 90.4(1) and the revised notice required by rule 90.7(505) so that the customer can retain them or obtain them later in writing or, if the customer agrees, electronically.

A licensee provides a privacy notice to the customer so that the customer can retain the notice or obtain the notice later if the licensee does any of the following:

- a.* Hand delivers a printed copy of the notice to the customer;

- b.* Mails a printed copy of the notice to the last-known address of the customer; or
- c.* Makes its current privacy notice available on a Web site or a link to another Web site for the customer who obtains an insurance product or service electronically and agrees to receive the notice at the Web site.

90.8(5) A licensee may provide a joint notice from the licensee and one or more of its affiliates or other financial institutions, as identified in the notice, as long as the notice is accurate with respect to the licensee and the other institutions. A licensee may also provide a notice on behalf of another financial institution.

90.8(6) If two or more consumers jointly obtain an insurance product or service from a licensee, the licensee may satisfy the initial, annual and revised notice requirements of subrules 90.3(1), 90.4(1) and 90.7(1), respectively, by providing one notice to those consumers jointly.

191—90.9(505) Limits on disclosure of nonpublic personal financial information to nonaffiliated third parties.

90.9(1) A licensee may not directly or through any affiliate disclose any nonpublic personal financial information about a consumer to a nonaffiliated third party except as otherwise authorized in these rules unless the following occur:

- a.* The licensee has provided to the consumer an initial notice as required under rule 90.3(505);
- b.* The licensee has provided to the consumer an opt-out notice as required in rule 90.6(505);
- c.* The licensee has given the consumer a reasonable opportunity to opt out of the disclosure before the licensee discloses the information to the nonaffiliated third party; and
- d.* The consumer does not opt out.

90.9(2) A licensee provides a consumer with a reasonable opportunity to opt out under the following methods:

a. The licensee mails the notices required in 90.9(1) to the consumer and allows the consumer to opt out by mailing a form, calling a toll-free telephone number or any other reasonable means within 30 days from the date the licensee mailed the notices.

b. A customer opens an on-line account with a licensee and agrees to receive the notices required in 90.9(1) electronically, and the licensee allows the customer to opt out by any reasonable means within 30 days after the date that the customer acknowledges receipt of the notices in conjunction with opening the account.

c. For an isolated transaction such as providing the customer with an insurance quote, a licensee provides the consumer with a reasonable opportunity to opt out if the licensee provides the notice required in 90.9(1) at the time of the transaction and requests that the consumer decide, as a necessary part of the transaction, whether to opt out before completing the transaction.

90.9(3) A licensee shall comply with this rule regardless of whether the licensee and the consumer have established a customer relationship.

90.9(4) Unless a licensee complies with this rule, the licensee may not directly or through any affiliate disclose any nonpublic personal financial information about a consumer that the licensee has collected, regardless of whether the licensee collected it before or after receiving the direction to opt out from the consumer.

90.9(5) A licensee may allow a consumer to select certain nonpublic personal financial information or certain nonaffiliated third parties with respect to which the consumer wishes to opt out.

191—90.10(505) Limits on redisclosure and reuse of nonpublic personal financial information.

90.10(1) In the event a licensee receives nonpublic personal financial information from a nonaffiliated financial institution under an exception to rules 90.13(505) and 90.14(505), the licensee's disclosure and use of that information is limited as follows:

- a.* The licensee may disclose the information to the affiliates of the financial institution from which the licensee received the information;

b. The licensee may disclose the information to its affiliates, but the licensee's affiliates may, in turn, disclose and use the information only to the extent that the licensee may disclose and use the information; and

c. The licensee may disclose and use the information pursuant to an exception in rule 90.13(505) or 90.14(505) in the ordinary course of business to carry out the activity covered by the exception under which the licensee received the information.

If a licensee receives information from a nonaffiliated financial institution for claims settlement purposes, the licensee may disclose the information for fraud prevention or in response to a properly authorized subpoena. The licensee may not disclose that information to a third party for marketing purposes or use that information for its own marketing purposes.

90.10(2) In the event a licensee received nonpublic personal financial information from a nonaffiliated financial institution other than under an exception in rules 90.13(505) and 90.14(505), the licensee may disclose the information only as follows:

- a.* To the affiliates of the financial institution from which the licensee received the information;
- b.* To its affiliates, but its affiliates may, in turn, disclose the information only to the extent that the licensee may disclose the information; and
- c.* To any other person, if the disclosure would be lawful if made directly to that person by the financial institution from which the licensee received the information.

In the event a licensee obtains a customer list from a nonaffiliated financial institution outside of the exceptions in rule 90.13(505) or 90.14(505), the licensee may use that list for its own purposes and the licensee may disclose that list to another nonaffiliated third party only if the financial institution from which the licensee purchased the list could have lawfully disclosed the list to that third party.

The licensee may disclose the list in accordance with the privacy policy of the financial institution from which the licensee received the list as limited by the opt-out direction of each consumer whose nonpublic personal financial information the licensee intends to disclose and the licensee may disclose the list in accordance with an exception in rule 90.13(505) or 90.14(505), such as to the licensee's attorneys or accountants.

90.10(3) In the event a licensee discloses nonpublic personal financial information to a nonaffiliated third party under an exception in rules 90.13(505) and 90.14(505), the third party may disclose and use that information only as follows:

- a.* The third party may disclose the information to the licensee's affiliates;
- b.* The third party may disclose the information to its affiliates, but its affiliates may, in turn, disclose and use the information only to the extent that the third party may disclose and use the information; and
- c.* The third party may disclose and use the information pursuant to an exception in rules 90.13(505) and 90.14(505) in the ordinary course of business to carry out the activity covered by the exception under which it received the information.

90.10(4) In the event a licensee discloses nonpublic personal financial information to a nonaffiliated third party other than under an exception in rules 90.13(505) and 90.14(505), the third party may disclose the information only to the following:

- a.* The licensee's affiliates;
- b.* The third party's affiliates, but the third party's affiliates, in turn, may disclose the information only to the extent the third party can disclose the information; and
- c.* Any other person, if the disclosure would be lawful if the licensee made it directly to that person.

191—90.11(505) Limits on sharing account number information for marketing purposes.

90.11(1) A licensee shall not directly or through an affiliate disclose, other than to a consumer reporting agency, a policy number or similar form of access number or access code for a consumer's policy or transaction account to any nonaffiliated third party for use in telemarketing, direct-mail marketing or marketing through electronic mail to the consumer.

90.11(2) The above subrule does not apply if a licensee discloses a policy number or similar form of access number or access code to any of the following:

a. A licensee's service provider solely in order to perform marketing for the licensee's own products or services, as long as the service provider is not authorized to directly initiate charges to the account;

b. A licensee who is a producer solely in order to perform marketing for the licensee's own products or services; or

c. A participant in an affinity or similar program where the participants in the program are identified to the customer when the customer enters into the program.

A policy number or similar form of access number or access code does not include a number or code in encrypted form as long as the licensee does not provide the recipient with a means to decode the number or code.

For purposes of this subrule, a policy or transaction account is an account other than a deposit account or a credit card account. A policy or transaction account does not include an account to which third parties cannot initiate charges.

191—90.12(505) Exception to opt-out requirements for disclosure of nonpublic personal financial information for service providers and joint marketing.

90.12(1) The opt-out requirements in rules 90.6(505) and 90.9(505) do not apply when a licensee provides nonpublic personal financial information to a nonaffiliated third party to perform services for the licensee or functions for the licensee on the licensee's behalf, if the licensee does the following:

a. Provides the initial notice in accordance with rule 90.3(505); and

b. Enters into a contractual agreement with the third party that prohibits the third party from disclosing or using the information other than to carry out the purposes for which the licensee disclosed the information, including use under an exception in rules 90.13(505) and 90.14(505) in the ordinary course of business to carry out those purposes.

For example, if a licensee discloses nonpublic personal financial information under this rule to a financial institution with which the licensee performs joint marketing, the licensee's contractual agreement with that institution meets the requirements of paragraph "b" of this subrule if it prohibits the institution from disclosing or using the nonpublic personal financial information except as necessary to carry out the joint marketing or under an exception in rules 90.13(505) and 90.14(505) in the ordinary course of business to carry out that joint marketing.

90.12(2) The services a nonaffiliated third party performs for a licensee under subrule 90.12(1) may include marketing of the licensee's own products or services or marketing of financial products or services offered pursuant to joint agreements between the licensee and one or more financial institutions.

90.12(3) For purposes of this rule, "joint agreement" means a written contract pursuant to which a licensee and one or more financial institutions jointly offer, endorse or sponsor a financial product or service.

191—90.13(505) Exceptions to notice and opt-out requirements for disclosure of nonpublic personal financial information for processing and servicing transactions.

90.13(1) The requirements for initial notice in paragraph 90.3(1)"b," for the opt out in rules 90.6(505) and 90.9(505), and for service providers and joint marketing in rule 90.12(505) do not apply if the licensee discloses nonpublic personal financial information as necessary to effect, administer or enforce a transaction that a consumer requests or authorizes, or in connection with the following:

a. Servicing or processing an insurance product or service that a consumer requests or authorizes;

b. Maintaining or servicing the consumer's account with a licensee, or with another entity as part of a private-label credit card program or other extension of credit on behalf of such entity;

c. A proposed or actual securitization, secondary market sale including sales of servicing rights, or similar transaction related to a transaction of the consumer; or

d. Reinsurance or stop loss or excess loss insurance.

90.13(2) For purposes of this rule, "necessary to effect, administer or enforce a transaction" means that the disclosure is as follows:

a. Required, or is one of the lawful or appropriate methods, to enforce the licensee's rights or the rights of other persons engaged in carrying out the financial transaction or providing the product or service; or

b. Required, or is a usual, appropriate or acceptable method, for the following transactions:

(1) To carry out the transaction or the product or service business of which the transaction is a part, and record, service or maintain the consumer's account in the ordinary course of providing the insurance product or service;

(2) To administer or service benefits or claims relating to the transaction or the product or service business of which it is a part;

(3) To provide a confirmation, statement or other record of the transaction or information on the status or value of the insurance product or service to the consumer or the consumer's agent or broker;

(4) To accrue or recognize incentives or bonuses associated with the transaction that are provided by a licensee or any other party;

(5) To underwrite insurance at the consumer's request or for any of the following purposes as they relate to a consumer's insurance: account administration, reporting, investigating or preventing fraud or material misrepresentation, processing premium payments, processing insurance claims, administering insurance benefits including utilization review activities, participating in research projects or as otherwise required or specifically permitted by federal or state law; or

(6) To disclose in connection with the following:

1. The authorization, settlement, billing, processing, clearing, transferring, reconciling or collection of amounts charged, debited or otherwise paid using a debit, credit or other payment card, check or account number, or by other payment means;

2. The transfer of receivables, accounts or interests therein; or

3. The audit of debit, credit or other payment information.

191—90.14(505) Other exceptions to notice and opt-out requirements for disclosure of nonpublic personal financial information.

90.14(1) The requirements for initial notice to consumers in paragraph 90.3(1) "b," for the opt out in rules 90.6(505) and 90.9(505), and for service providers and joint marketing in rule 90.12(505) do not apply when a licensee discloses nonpublic personal financial information as follows:

a. With the consent or at the direction of the consumer, provided that the consumer has not revoked the consent or direction;

b. To protect the confidentiality or security of a licensee's records pertaining to the consumer, service, product, or transaction;

c. To protect against or prevent actual or potential fraud or unauthorized transactions;

d. For required institutional risk control or for resolving consumer disputes or inquiries;

e. To persons holding a legal or beneficial interest relating to the consumer;

f. To persons acting in a fiduciary or representative capacity on behalf of the consumer;

Chapter 53, Subchapter II, and 12 U.S.C. Chapter 21, a state insurance authority, and the Federal Trade Commission, self-regulatory organizations or for an investigation on a matter related to public safety;

i. To a consumer reporting agency in accordance with the federal Fair Credit Reporting Act;

j. From a consumer report reported by a consumer reporting agency;

l. To comply with federal, state, or local laws, rules and other applicable legal requirements;

m. To comply with a properly authorized civil, criminal or regulatory investigation, or subpoena or summons by federal, state or local authorities;

n. To respond to judicial process or government regulatory authorities having jurisdiction over a licensee for examination, compliance or other purposes as authorized by law;

o. For purposes related to the replacement of a group benefit plan, a group health plan, a group welfare plan or a workers' compensation plan.

90.14(2) A consumer may revoke consent by subsequently exercising the right to opt out of future disclosures of nonpublic personal financial information as permitted under subrule 90.6(7).

191—90.15(505) Notice through a Web site. If a licensee provides a notice on a Web site, the licensee shall comply with the above requirements if the licensee uses text or visual cues to encourage scrolling down the page if necessary to view the entire notice and ensure that other elements on the Web site such as text, graphics, hyperlinks or sound do not distract attention from the notice. In addition, the licensee shall either place the notice on a screen that consumers frequently access, such as a page on which transactions are conducted, or place a link on a screen that consumers frequently access that connects directly to the notice and is labeled appropriately to convey the importance, nature and relevance of the notice.

191—90.16(505) Licensee exception to notice requirement.

90.16(1) A licensee is not subject to the notice and opt-out requirements for nonpublic personal financial information as follows:

a. The licensee is an employee, agent or other representative of another licensee; and

b. The other licensee otherwise complies with, and provides the notices required by, the provisions of the rules and the licensee does not disclose any nonpublic personal financial information to any person other than the other licensee or its affiliates in a manner permitted by these rules.

90.16(2) An excess lines broker or excess lines insurer shall be deemed to be in compliance with the notice and opt-out requirements for nonpublic personal financial information in these rules provided the following:

a. The broker or insurer does not disclose nonpublic personal financial information of a consumer or a customer to nonaffiliated third parties for any purpose including joint servicing or marketing under rule 90.12(505) except as permitted by rule 90.13(505) or 90.14(505); and

b. The broker or insurer delivers to the consumer at the time a customer relationship is established a notice on which the following is printed in 16-point type:

PRIVACY NOTICE

NEITHER THE U.S. BROKER THAT HANDLED THIS INSURANCE NOR THE INSURERS THAT HAVE UNDERWRITTEN THIS INSURANCE WILL DISCLOSE NONPUBLIC PERSONAL INFORMATION CONCERNING THE BUYER TO NONAFFILIATES OF THE BROKERS OR INSURERS EXCEPT AS PERMITTED BY LAW.

DIVISION II
RULES FOR HEALTH INFORMATION

191—90.17(505) Disclosure of nonpublic personal health information.

90.17(1) A licensee shall not disclose nonpublic personal health information about a consumer or customer unless an authorization is obtained from the consumer or customer whose nonpublic personal health information is sought to be disclosed.

90.17(2) Nothing in this rule shall prohibit, restrict or require an authorization for the disclosure of nonpublic personal health information by a licensee or the licensee's insurance affiliate for the performance of the following insurance functions by or on behalf of the licensee: claims administration;

claims adjustment and management; detection, investigation or reporting of actual or potential fraud, misrepresentation or criminal activity; underwriting; policy placement or issuance; loss control; rate-making and guaranty fund functions; reinsurance and excess loss insurance; risk management; case management; disease management; quality assurance; quality improvement; performance evaluation; provider credentialing verification; utilization review; peer review activities; actuarial, scientific, medical or public policy research; grievance procedures; internal administration of compliance, managerial, and information systems; policyholder service functions; auditing; reporting; database security; administration of consumer disputes and inquiries; external accreditation standards; the replacement of a group benefit plan or workers' compensation policy or program; activities in connection with a sale, merger, transfer or exchange of all or part of a business or operating unit; any activity that permits disclosure without authorization pursuant to the federal Health Insurance Portability and Accountability Act privacy rules promulgated by the U.S. Department of Health and Human Services; disclosure that is required, or is one of the lawful or appropriate methods, to enforce the licensee's rights or the rights of other persons engaged in carrying out a transaction or providing a product or service that a consumer requests or authorizes; and any activity otherwise permitted by law, required pursuant to governmental reporting authority, or to comply with legal process. Additional insurance functions may be added with the approval of the commissioner to the extent they are necessary for appropriate performance of insurance functions and are fair and reasonable to the interest of consumers.

191—90.18(505) Authorizations.

90.18(1) A valid authorization to disclose nonpublic personal health information pursuant to the health information rules as required under subrule 90.17(1) shall be in written or electronic form and shall contain all of the following:

- a.* The identity of the consumer or customer who is the subject of the nonpublic personal health information;

- c.* General descriptions of the parties to whom the licensee discloses nonpublic personal health information, the purpose of the disclosure and how the information will be used;
- d.* The signature of the consumer or customer who is the subject of the nonpublic personal health information or the individual who is legally empowered to grant authority and the date signed; and
- e.* Notice of the length of time for which the authorization is valid, the fact that the consumer or customer may revoke the authorization at any time, and the procedure for making a revocation.

90.18(2) An authorization for the purposes of these health information rules shall specify a length of time for which the authorization shall remain valid, which in no event shall be for more than 24 months.

90.18(3) A consumer or customer who is the subject of nonpublic personal health information may revoke an authorization provided pursuant to these health information rules at any time, subject to the rights of an individual who acted in reliance on the authorization prior to notice of the revocation.

90.18(4) A licensee shall retain the authorization or a copy in the record of the individual who is the subject of nonpublic personal health information.

191—90.19(505) Delivery of authorization request. A request for authorization and an authorization form may be delivered to a consumer or a customer as part of an opt-out notice pursuant to rule 90.8(505), provided that the request and the authorization form are clear and conspicuous. An authorization form is not required to be delivered to the consumer or customer or included in any other notices unless the licensee intends to disclose protected health information pursuant to subrule 90.17(1).

191—90.20(505) Relationship to federal rules. Irrespective of whether a licensee is subject to the federal Health Insurance Portability and Accountability Act privacy rules promulgated by the U.S. Department of Health and Human Services, if a licensee complies with all requirements of the federal rules except for their effective date provision, the licensee shall not be subject to the provisions of these health information rules.

191—90.21(505) Relationship to state laws. Nothing in these health information rules shall preempt or supersede existing state law related to medical records, health or insurance information privacy.

191—90.22(505) Protection of Fair Credit Reporting Act. Nothing in these rules shall be construed to modify, limit or supersede the operations of the federal Fair Credit Reporting Act, and no inference shall be drawn on the basis of the provisions of these rules regarding whether information is transaction or experience information under Section 603 of that Act.

191—90.23(505) Nondiscrimination. A licensee shall not unfairly discriminate against any consumer or customer because that consumer or customer has opted out from the disclosure of the consumer's or customer's nonpublic personal financial information pursuant to the provisions of this chapter.

191—90.24(505) Severability. If any rule or portion of a rule of this chapter or its applicability to any person or circumstance is held invalid by a court, the remainder of the rules or the applicability of the provision to other persons or circumstances shall not be affected.

191—90.25(505) Penalties. An insurer or producer or licensee that violates a requirement of these rules shall be found to have committed a violation of Iowa Code section 507B.4 in addition to any other penalties provided by the laws of this state.

191—90.26(505) Effective dates.

90.26(1) These rules became effective November 13, 2000. However, in order to provide sufficient time for licensees to establish policies and systems to comply with the requirements of these rules, the commissioner extends the time for compliance until July 1, 2001.

90.26(2) A licensee shall provide by July 1, 2001, an initial notice as required by rule 90.3(505) to consumers who are the licensee's customers on July 1, 2001. A licensee provides an initial notice to consumers who are its customers on July 1, 2001, if, by that date, the licensee has established a system for providing an initial notice to all new customers and has mailed the initial notice to all the licensee's existing customers.

90.26(3) Until July 1, 2002, a contract that a licensee has entered into with a nonaffiliated third party to perform services for the licensee or functions on the licensee's behalf satisfies the provisions of paragraph 90.12(1) "a," even if the contract does not include a requirement that the third party maintain confidentiality of nonpublic personal financial information, provided that the licensee entered into the agreement on or before July 1, 2001.

90.26(4) The rules regarding health information are effective January 2, 2002, and no administrative action against noncompliance shall be taken until January 2, 2002.

90.37(1) Each licensee shall implement a comprehensive written information security program that includes administrative, technical and physical safeguards for the protection of customer information. The administrative, technical and physical safeguards included in the information security program shall be appropriate to the size and complexity of the licensee and the nature and scope of the licensee's activities.

90.37(2) A licensee's information security program shall be designed to:

- a. Ensure the security and confidentiality of customer information;
- b. Protect against any anticipated threats or hazards to the security or integrity of the information;

and

c. Protect against unauthorized access to or use of the information that could result in substantial harm or inconvenience to any customer.

191—90.38(505) Examples of methods of development and implementation. The actions and procedures that follow are examples of methods a licensee may use to implement the requirements of rule 191—90.37(505) to assess, manage and control risks of disclosure:

1. Identify reasonably foreseeable internal or external threats that could result in unauthorized disclosure, misuse, alteration or destruction of customer information or customer information systems.

2. Assess the likelihood and potential damage of these threats, taking into consideration the sensitivity of customer information.

3. Assess the sufficiency of policies, procedures, customer information systems and other safeguards in place to control risks.

4. Design an information security program to control the identified risks, commensurate with the sensitivity of the information as well as the complexity and scope of the licensee's activities.

5. Train staff, as appropriate, to implement the licensee's information security program.

6. Regularly test or otherwise regularly monitor the key controls, systems and procedures of the information security program. The frequency and nature of these tests or other monitoring practices are determined by the licensee's risk assessment.

9. Monitor, evaluate and adjust, as appropriate, the information security program in light of any relevant changes in technology, the sensitivity of customer information, internal or external threats to information, and the licensee's own changing business arrangements, such as mergers and acquisitions, alliances and joint ventures, outsourcing arrangements and changes to customer information systems.

191—90.39(505) Penalties. An insurer, producer or licensee that violates a requirement of these rules shall be subject to the penalties imposed under Iowa Code chapter 507B in addition to any other penalties provided by the laws of this state.

CHAPTER 91
2001 CSO MORTALITY TABLE

191—91.1(508) Purpose. The purpose of this chapter is to recognize, permit and prescribe the use of the 2001 Commissioners Standard Ordinary (CSO) Mortality Table in accordance with Iowa Code sections 508.36(3)“a”(3)“c” and 508.37(6)“h”(6) and 191—Chapter 47.

191—91.2(508) Definitions. For purposes of this chapter, the following definitions shall apply:

“*2001 CSO Mortality Table*” means that mortality table, consisting of separate rates of mortality for male and female lives, developed by the American Academy of Actuaries CSO Task Force from the Valuation Basic Mortality Table developed by the Society of Actuaries Individual Life Insurance Valuation Mortality Task Force, and adopted by the National Association of Insurance Commissioners in December 2002. The 2001 CSO Mortality Table is included in the Proceedings of the NAIC (2nd Quarter 2002). Unless the context indicates otherwise, the “2001 CSO Mortality Table” includes both the ultimate form of that table and the select and ultimate form of that table and includes both the smoker and nonsmoker mortality tables and the composite mortality tables. It also includes both the age-nearest-birthday and age-last-birthday bases of the mortality tables.

“*2001 CSO Mortality Table (F)*” means that mortality table consisting of the rates of mortality for female lives from the 2001 CSO Mortality Table.

“*2001 CSO Mortality Table (M)*” means that mortality table consisting of the rates of mortality for male lives from the 2001 CSO Mortality Table.

“*Composite mortality tables*” means mortality tables with rates of mortality that do not distinguish between smokers and nonsmokers.

“*Smoker and nonsmoker mortality tables*” means mortality tables with separate rates of mortality for smokers and nonsmokers.

191—91.3(508) 2001 CSO Mortality Table.

91.3(1) At the election of the company for any one or more specified plans of insurance and subject to the conditions stated in this chapter, the 2001 CSO Mortality Table may be used as the minimum standard for policies issued on or after January 1, 2004, and before the date specified in subrule 91.3(2) and to which Iowa Code sections 508.36(3)“a”(3)“c” and 508.37(6)“h”(6) and 191—Chapter 47 are applicable. If the company elects to use the 2001 CSO Mortality Table, it shall do so for both valuation and nonforfeiture purposes.

91.3(2) Subject to the conditions stated in this chapter, the 2001 CSO Mortality Table shall be used in determining minimum standards for policies issued on and after January 1, 2009, to which Iowa Code sections 508.36(3)“a”(3)“c” and 508.37(6)“h”(6) are applicable.

191—91.4(508) Conditions.

91.4(1) For each plan of insurance with separate rates for smokers and nonsmokers, an insurer may use:

a. Composite mortality tables to determine minimum reserve liabilities and minimum cash surrender values and amounts of paid-up nonforfeiture benefits;

b. Smoker and nonsmoker mortality tables to determine the valuation net premiums and additional minimum reserves, if any, required by Iowa Code section 508.36(10), and use composite mortality tables to determine the basic minimum reserves, minimum cash surrender values and amounts of paid-up nonforfeiture benefits; or

c. Smoker and nonsmoker mortality tables to determine minimum reserve liabilities and minimum cash surrender values and amounts of paid-up nonforfeiture benefits.

91.4(2) For plans of insurance without separate rates for smokers and nonsmokers, the composite mortality tables shall be used.

91.4(3) For the purpose of determining minimum reserve liabilities and minimum cash surrender values and amounts of paid-up nonforfeiture benefits, the 2001 CSO Mortality Table may, at the option

of the company for each plan of insurance, be used in its ultimate or select and ultimate form, subject to the restrictions of rule 91.5(508) relative to use of the select and ultimate form.

91.4(4) When the 2001 CSO Mortality Table is the minimum reserve standard for any plan for a company, the actuarial opinion in the annual statement filed with the commissioner shall be based on an asset adequacy analysis as specified in 191—subrule 5.34(6). The commissioner may exempt a company from this requirement if it does business only in this state and no other state.

191—91.5(508) Applicability of the 2001 CSO Mortality Table to 191—Chapter 47, Valuation of Life Insurance Policies.

91.5(1) The 2001 CSO Mortality Table may be used in the application of 191—Chapter 47 in the following manner, subject to the transition dates for use of the 2001 CSO Mortality Table in rule 91.3(508):

a. Subparagraph 47.2(1)“*b*”(2): The net level reserve premium is based on the ultimate mortality rates in the 2001 CSO Mortality Table.

b. Rule 47.3(508) relating to the definition of “contract segmentation method”: All calculations are made using the 2001 CSO mortality rate, and, if elected, the optional minimum mortality standard for deficiency reserves stipulated in 91.5(1)“*d*.” The value of “ $qx+k+t-1$ ” is the valuation mortality rate for deficiency reserves in policy year $k+t$, but using the unmodified select mortality rates if modified select mortality rates are used in the computation of deficiency reserves.

c. Subrule 47.4(1): The 2001 CSO Mortality Table is the minimum standard for basic reserves.

d. Subrule 47.4(2): The 2001 CSO Mortality Table is the minimum standard for deficiency reserves. If select mortality rates are used, they may be multiplied by X percent for durations in the first segment, subject to the conditions specified in subparagraphs 47.4(2)“*c*”(1) to (9). In demonstrating compliance with those conditions, the demonstrations may not combine the results of tests that utilize the 1980 CSO Mortality Table with those tests that utilize the 2001 CSO Mortality Table, unless the combination is explicitly required by rule or necessary to be in compliance with relevant actuarial standards of practice.

e. Subrule 47.5(3): The valuation mortality table used in determining the tabular cost of insurance shall be the ultimate mortality rates in the 2001 CSO Mortality Table.

f. Paragraph 47.5(5)“*d*”: The calculations specified in subrule 47.5(5) shall use the ultimate mortality rates in the 2001 CSO Mortality Table.

g. Paragraph 47.5(6)“*d*”: The calculations specified in subrule 47.5(6) shall use the ultimate mortality rates in the 2001 CSO Mortality Table.

h. Paragraph 47.5(7)“*b*”: The calculations specified in subrule 47.5(7) shall use the ultimate mortality rates in the 2001 CSO Mortality Table.

i. Subparagraph 47.6(1)“*a*”(2): The one-year valuation premium shall be calculated using the ultimate mortality rates in the 2001 CSO Mortality Table.

91.5(2) Nothing in this rule shall be construed to expand the applicability of 191—Chapter 47 to include life insurance policies exempted under 191—subrule 47.2(1).

191—91.6(508) Gender-blended table.

91.6(1) For any ordinary life insurance policy delivered or issued for delivery in this state on and after January 1, 2004, that utilizes the same premium rates and charges for male and female lives or is issued in circumstances where applicable law does not permit distinctions on the basis of gender, a mortality table that is a blend of the 2001 CSO Mortality Table (M) and the 2001 CSO Mortality Table (F) may, at the option of the company for each plan of insurance, be substituted for the 2001 CSO Mortality Table for use in determining minimum cash surrender values and amounts of paid-up nonforfeiture benefits. No change in minimum valuation standards is implied by this subrule.

91.6(2) The company may choose from among the blended tables developed by the American Academy of Actuaries CSO Task Force and adopted by the National Association of Insurance Commissioners in December 2002.

91.6(3) It shall not, in and of itself, be a violation of Iowa Code chapter 507B for an insurer to issue the same kind of policy of life insurance on both a sex-distinct and sex-neutral basis.

191—91.7(508) Separability. If any provision of this chapter or the application thereof to any person or circumstances is for any reason held to be invalid, the remainder of this chapter and the application of such provision to other persons or circumstances shall not be affected thereby.

These rules are intended to implement Iowa Code sections 508.36 and 508.37.

CHAPTER 92
UNIVERSAL LIFE INSURANCE

191—92.1(508) Purpose and authority. The purpose of these rules is to supplement existing regulations on life insurance policies in order to accommodate the development and issuance of universal life plans. These rules are authorized by Iowa Code section 505.8 and are intended to implement Iowa Code sections 508.36 and 508.37.

191—92.2(508) Definitions. For purposes of these rules, the following definitions shall apply:

“*Cash surrender value*” means the net cash surrender value plus any amounts outstanding as policy loans.

“*Commissioner*” means the insurance commissioner of Iowa.

“*Fixed premium universal life insurance policy*” means a universal life insurance policy other than a flexible premium universal life insurance policy.

“*Flexible premium universal life insurance policy*” means a universal life insurance policy which permits the policyowner to vary, independently of each other, the amount or timing of one or more premium payments or the amount of insurance.

“*Interest-indexed universal life insurance policy*” or “*interest-indexed policy*” means any universal life insurance policy in which the interest credits are linked to an external referent.

“*Net cash surrender value*” means the maximum amount payable to the policyowner upon surrender.

“*Policy value*” means the amount to which separately identified interest credits and mortality, expense, or other charges are made under a universal life insurance policy.

“*Universal life insurance policy*” means a life insurance policy where separately identified interest credits (other than in connection with dividend accumulations, premium deposit funds, or other supplementary accounts) and mortality and expense charges are made to the policy. A universal life insurance policy may provide for other credits and charges, such as charges for the cost of benefits provided by rider.

191—92.3(508) Scope. These rules apply to all individual universal life insurance policies except variable universal life insurance policies.

191—92.4(508) Valuation.

92.4(1) Requirements. The minimum valuation standard for universal life insurance policies shall be the commissioner's reserve valuation method, as specified in paragraphs “a” through “m” below for such policies, and the tables and interest rates specified below. The terminal reserve for the basic policy and any benefits and riders for which premiums are not paid separately as of any policy anniversary shall be equal to the net level premium reserves less (C) and less (D), where:

a. Reserves by the net level premium method shall be equal to $((A) - (B)) \times r$, where (A), (B) and “r” are as defined below;

b. (A) is the present value of all future guaranteed benefits at the date of valuation;

c. (B) is the quantity $PVFB \times (\ddot{a}_{x+t}/\ddot{a}_x)$, where PVFB is the present value of all benefits guaranteed at issue assuming future guaranteed maturity premiums are paid by the policyowner and taking into account all guarantees contained in the policy or declared by the insurer;

d. \ddot{a}_x and \ddot{a}_{x+t} are present values of an annuity of one per year payable on policy anniversaries beginning at ages x and x+t, respectively, and continuing until the highest attained age at which a premium may be paid under the policy. The letter “x” is defined as the issue age and the letter “t” is defined as the duration of the policy;

e. The guaranteed maturity premium for flexible premium universal life insurance policies shall be that level gross premium, paid at issue and periodically thereafter over the period during which premiums are allowed to be paid, which will mature the policy on the latest maturity date, if any, permitted under the policy (otherwise at the highest age in the valuation mortality table) for an amount which is in accordance with the policy structure. The guaranteed maturity premium is calculated at issue based

on all policy guarantees at issue (excluding guarantees linked to an external referent). The guaranteed maturity premium for fixed premium universal life insurance policies shall be the premium defined in the policy which at issue provides the minimum policy guarantees;

f. The letter “r” is equal to one, unless the policy is a flexible premium policy and the policy value is less than the guaranteed maturity fund, in which case “r” is the ratio of the policy value to the guaranteed maturity fund;

g. The guaranteed maturity fund at any duration is that amount which, together with future guaranteed maturity premiums, will mature the policy based on all policy guarantees at issue;

h. (C) is the quantity $((a)-(b)) \times (\ddot{a}_{x+t}/\ddot{a}_x) \times r$, where (a)-(b) is as described in Iowa Code section 508.36(6) for the plan of insurance defined at issue by the guaranteed maturity premiums and all guarantees contained in the policy or declared by the insurer;

i. \ddot{a}_{x+t} and \ddot{a}_x are defined in paragraph “d” above;

j. (D) is the sum of any additional quantities analogous to (C) which arise because of structural changes in the policy, with each such quantity being determined on a basis consistent with that of (C) using the maturity date in effect at the time of the change;

k. The guaranteed maturity premium, the guaranteed maturity fund and (B) above shall be recalculated to reflect any structural changes in the policy. This recalculation shall be done in a manner consistent with the descriptions above;

l. Future guaranteed benefits are determined by: (1) projecting the greater of the guaranteed maturity fund and the policy value, taking into account future guaranteed maturity premiums, if any, and using all guarantees of interest, mortality, expense deductions, etc. contained in the policy or declared by the insurer; and (2) taking into account any benefits guaranteed in the policy or by declaration which do not depend on the policy value;

m. All present values shall be determined using: (1) an interest rate (or rates) specified by Iowa Code section 508.36(3) through (5) for policies issued in the same year; (2) the mortality rates specified by Iowa Code section 508.36(3) and (4) for policies issued in the same year or contained in such other table as may be approved by the commissioner for this purpose; and (3) any other tables needed to value supplementary benefits provided by a rider which is being valued together with the policy.

92.4(2) *Alternative minimum reserves.*

a. If, in any policy year, the guaranteed maturity premium on any universal life insurance policy is less than the valuation net premium for such policy, calculated by the valuation method actually used in calculating the reserve thereon but using the minimum valuation standards of mortality and rate of interest, the minimum reserve required for such contract shall be the greater of the following:

(1) The reserve calculated according to the method, the mortality table, and the rate of interest actually used; or

(2) The reserve calculated according to the method actually used but using the minimum valuation standards of mortality and rate of interest and replacing the valuation net premium by the guaranteed maturity premium in each policy year for which the valuation net premium exceeds the guaranteed maturity premium.

b. For universal life insurance reserves on a net level premium basis, the valuation net premium is $PVFB/\ddot{a}_x$, and for reserves on a commissioner's reserve valuation method, the valuation net premium is $PVFB/\ddot{a}_x + ((a) - (b))/\ddot{a}_x$.

191—92.5(508) *Nonforfeiture.*

92.5(1) *Minimum cash surrender values for flexible premium universal life insurance policies.*

a. Minimum cash surrender values for flexible premium universal life insurance policies shall be determined separately for the basic policy and any benefits and riders for which premiums are paid separately.

b. The following requirements pertain to a basic policy and any benefits and riders for which premiums are not paid separately.

(1) The minimum cash surrender value (before adjustment for indebtedness and dividend credits) available on a date as of which interest is credited to the policy shall be equal to the accumulation

to that date of the premiums paid minus the accumulations to that date of (a) the benefit charges; (b) the averaged administrative expense charges for the first policy year and any insurance-increase years; (c) actual administrative expense charges for other years; (d) initial and additional acquisition expense charges not exceeding the initial or additional expense allowances, respectively; (e) any service charges actually made (excluding charges for cash surrender or election of a paid-up nonforfeiture benefit); and (f) any deductions made for partial withdrawals; all accumulations being at the actual rate or rates of interest at which interest credits have been made unconditionally to the policy (or have been made conditionally, but for which the conditions have since been met), and minus any unamortized unused initial and additional expense allowances.

(2) Interest on the premiums and on all charges referred to in (a) through (f) in subparagraph (1) above shall be accumulated from and to such dates as are consistent with the manner in which interest is credited in determining the policy value.

(3) The benefit charges shall include the charges made for mortality and any charges made for riders or supplementary benefits for which premiums are not paid separately. If benefit charges are substantially level by duration and develop low or no cash values, then the commissioner shall have the right to require higher cash values unless the insurer provides adequate justification that the cash values are appropriate in relation to the policy's other characteristics.

(4) The administrative expense charges shall include charges per premium payment, charges per dollar of premium paid, periodic charges per thousand dollars of insurance, periodic per policy charges, and any other charges permitted by the policy to be imposed without regard to the policyowner's request for services.

(5) The averaged administrative expense charges for any year shall be those which would have been imposed in that year if the charge rate or rates for each transaction or period within the year had been equal to the arithmetic average of the corresponding charge rates which the policy states will be imposed in policy years two through twenty in determining the policy value.

(6) The initial acquisition expense charges shall be the excess of the expense charges, other than service charges, actually made in the first policy year over the averaged administrative expense charges for that year. Additional acquisition expense charges shall be the excess of the expense charges, other than service charges, actually made in an insurance-increase year over the averaged administrative expense charges for that year. An insurance-increase year shall be the year beginning on the date of increase in the amount of insurance by policyowner request (or by the terms of the policy).

(7) Service charges shall include charges permitted by the policy to be imposed as a result of a policyowner's request for a service by the insurer (such as the furnishing of future benefit illustrations) or of special transactions.

(8) The initial expense allowance shall be the allowance provided by Iowa Code section 508.37(5)(a)(2) through (4) or by Iowa Code section 508.37(6)(a)(2) and (3) for a fixed premium, fixed benefit endowment policy with a face amount equal to the initial face amount of the flexible premium universal life insurance policy, with level premiums paid annually until the highest attained age at which a premium may be paid under the flexible premium universal life insurance policy, and maturing on the latest maturity date permitted under the policy, if any, otherwise at the highest age in the valuation mortality table. The unused initial expense allowance shall be the excess, if any, of the initial expense allowance over the initial acquisition expense charges.

(9) If the amount of insurance is subsequently increased upon request of the policyowner (or by the terms of the policy), an additional expense allowance and an unused additional expense allowance shall be determined on a basis consistent with subparagraph (8) and with Iowa Code section 508.37(6)(e), using the face amount and the latest maturity date permitted at that time under the policy.

(10) The unamortized unused initial expense allowance during the policy year beginning on the policy anniversary at age $x+t$ (where "x" is the same issue age) shall be the unused initial expense allowance multiplied by $\ddot{a}_{x+t}/\ddot{a}_x$, where \ddot{a}_{x+t} and \ddot{a}_x are present values of an annuity of one per year payable on policy anniversaries beginning at ages $x+t$ and x , respectively, and continuing until the highest attained age at which a premium may be paid under the policy, both on the mortality and interest bases guaranteed in the policy. An unamortized unused additional expense allowance shall be the unused

additional expense allowance multiplied by a similar ratio of annuities, with \ddot{a}_x replaced by an annuity beginning on the date as of which the additional expense allowance was determined.

92.5(2) Minimum cash surrender values for fixed premium universal life insurance policies. For fixed premium universal life insurance policies, the minimum cash surrender values shall be determined separately for the basic policy and any benefits and riders for which premiums are paid separately. The following requirements pertain to a basic policy and any benefits and riders for which premiums are not paid separately:

a. The minimum cash surrender value (before adjustment for indebtedness and dividend credits) available on a date as of which interest is credited to the policy shall be equal to [(A) - (B) - (C) - (D)], where:

(A) is the present value of all future guaranteed benefits;

(B) is the present value of future adjusted premiums. The adjusted premiums are calculated as described in Iowa Code section 508.37(5)(a) or Iowa Code section 508.37(6)(a), as applicable. If Iowa Code section 508.37(6)(a) is applicable, the nonforfeiture net level premium is equal to the quantity $PVFB/\ddot{a}_x$, where PVFB is the present value of all benefits guaranteed at issue assuming future premiums are paid by the policyowner and all guarantees contained in the policy or declared by the insurer;

\ddot{a}_x is the present value of an annuity of one per year payable on policy anniversaries beginning at age x and continuing until the highest attained age at which a premium may be paid under the policy;

(C) is the present value of any quantities analogous to the nonforfeiture net level premium which arise because of guarantees declared by the insurer after the issue date of the policy; \ddot{a}_x shall be replaced by an annuity beginning on the date as of which the declaration became effective and payable until the end of the period covered by the declaration;

(D) is the sum of any quantities analogous to (B) which arise because of structural changes in the policy.

b. Future guaranteed benefits are determined by: (1) projecting the policy value, taking into account future premiums, if any, and using all guarantees of interest, mortality, expense deductions, etc. contained in the policy or declared by the insurer; and (2) taking into account any benefits guaranteed in the policy or by declaration which do not depend on the policy value.

c. All present values shall be determined using: (1) an interest rate (or rates) specified by Iowa Code section 508.37(5) and (6) for policies issued in the same year; and (2) the mortality rates specified by Iowa Code section 508.37(5) and (6) for policies issued in the same year or contained in such other table as may be approved by the commissioner for this purpose.

92.5(3) Minimum paid-up nonforfeiture benefits.

a. If a universal life insurance policy provides for the optional election of a paid-up nonforfeiture benefit, it shall be such that its present value shall be at least equal to the cash surrender value provided for by the policy on the effective date of the election. The present value shall be based on mortality and interest standards at least as favorable to the policyowner as:

(1) In the case of a flexible premium universal life insurance policy, the mortality and interest bases guaranteed in the policy for determining the policy value; or

(2) In the case of a fixed premium policy, the mortality and interest standards permitted for paid-up nonforfeiture benefits by Iowa Code section 508.37(5) and (6).

b. In lieu of the paid-up nonforfeiture benefit, the insurer may substitute, upon proper request no later than 60 days after the due date of the premium in default, an actuarially equivalent alternative paid-up nonforfeiture benefit which provides a greater amount of death benefits or longer period of death benefits or, if applicable, a greater amount of endowment benefits or earlier payment of endowment benefits.

191—92.6(508) Mandatory policy provisions.

92.6(1) Periodic disclosure to policyholder. The policy shall provide that the policyowner be sent, without charge, at least annually, a report which will serve to keep such policyowner advised as to the status of the policy. The end of the current report period must be not more than three months prior to the date of the mailing of the report. Specific requirements for this report are detailed in rule 191—92.8(508).

92.6(2) *Current illustrations.* The annual report shall provide notice that the policyholder may request an illustration of current and future benefits and values.

92.6(3) *Policy guarantees.* The policy shall provide guarantees of minimum interest credits and maximum mortality and expense charges. All values and data shown in the policy shall be based on guarantees. Figures based on nonguarantees shall not be included in the policy.

92.6(4) *Calculation of cash surrender values.* The policy shall contain at least a general description of the calculation of cash surrender values including the following information:

- a. The guaranteed maximum expense charges and loads;
- b. Any limitation on the crediting of additional interest. Interest credits shall not remain conditional for a period longer than 24 months;
- c. The guaranteed minimum rate or rates of interest;
- d. The guaranteed maximum mortality charges;
- e. Any other guaranteed charges; and
- f. Any surrender or partial withdrawal charges.

92.6(5) *Changes in basic coverage.* If the policyowner has the right to change the basic coverage, any limitation on the amount or timing of such change shall be stated in the policy. If the policyowner has the right to increase the basic coverage, the policy shall state whether new periods for contestability or suicide apply to the additional amount of coverage.

92.6(6) *Grace period and lapse.* The policy shall provide that written notice be sent to the policyowner's last-known address at least 30 days prior to termination of coverage. A flexible premium policy shall provide for a grace period of at least 30 days after lapse. Unless otherwise defined in the policy, lapse shall occur on that date on which the net cash surrender value first equals zero.

92.6(7) *Misstatement of age or sex.* If there is a misstatement of age or sex in the policy, the amount of the death benefit shall be that which would be purchased by the most recent mortality charge at the correct age or sex. The commissioner may approve other methods which are deemed satisfactory.

92.6(8) *Maturity date.* If a policy provides for a maturity date, end date, or similar date, then the policy shall also contain a statement, in close proximity to that date, noting that it is possible that coverage may not continue to the maturity date even if scheduled premiums are paid in a timely manner, if such is the case.

191—92.7(508) Disclosure requirements. Disclosure of information about the policy being applied for shall follow the standards in 191—Chapter 14.

191—92.8(508) Periodic disclosure to policyowner.

92.8(1) *Requirements.* The policy shall provide that the policyowner be sent, without charge, at least annually, a report which will serve to keep such policyowner advised of the status of the policy. The end of the current report period shall be not more than three months previous to the date of the mailing of the report.

92.8(2) *Report contents.* The report shall include the following:

- a. The beginning date and end date of the current report period;
- b. The policy value at the end of the previous report period and at the end of the current report period;
- c. The total amounts which have been credited or debited to the policy value during the current report period, identifying each debit or credit by type (e.g., interest, mortality, expense, and riders);
- d. The current death benefit at the end of the current report period on each life covered by the policy;
- e. The net cash surrender value of the policy as of the end of the current report period;
- f. The amount of outstanding loans, if any, as of the end of the current report period;
- g. For fixed premium policies, a notice that, assuming guaranteed interest, mortality and expense loads and continued scheduled premium payments, the policy's net cash surrender value is such that it would not maintain insurance in force until the end of the next reporting period;

h. For flexible premium policies, a notice that, assuming guaranteed interest, mortality and expense loads, the policy's net cash surrender value will not maintain insurance in force until the end of the next reporting period unless further premium payments are made.

191—92.9(508) Interest-indexed universal life insurance policies.

92.9(1) *Initial filing requirements.* The following information shall be submitted in connection with any filing of interest-indexed universal life insurance policies. All such information received shall be treated confidentially to the extent permitted by law.

- a.* A description of how the interest credits are determined, including:
- (1) A description of the index;
 - (2) The relationship between the value of the index and the actual interest rate to be credited;
 - (3) The frequency and timing of determining the interest rate; and
 - (4) The allocation of interest credits, if more than one rate of interest applies to different portions of the policy value.
- b.* The insurer's investment policy, which includes a description of the following:
- (1) How the insurer addresses the reinvestment risks;
 - (2) How the insurer plans to address the risk of capital loss on cash outflows;
 - (3) How the insurer plans to address the risk that appropriate investments may not be available or not available in sufficient quantities;
 - (4) How the insurer plans to address the risk that the indexed interest rate may fall below the minimum contractual interest rate guaranteed in the policy;
 - (5) The amount and type of assets currently held for interest-indexed policies; and
 - (6) The amount and type of assets expected to be acquired in the future.
- c.* If policies are linked to an index for a specified period that is less than to the maturity date of the policy, a description of the method used (or currently contemplated) to determine interest credits upon the expiration of such period.
- d.* A description of any interest guarantee in addition to or in lieu of the index.
- e.* A description of any maximum premium limitations and the conditions under which they apply.

92.9(2) *Additional filing requirements.*

a. Annually, every insurer shall submit a description of the amount and type of assets currently held by the insurer with respect to its interest-indexed policies. The assets described by the insurer pursuant to this paragraph as held by the insurer with respect to its interest-indexed policies shall not be segregated or dedicated to the insurer's interest-indexed policies but shall be general assets of the insurer unless the assets are in one or more separate accounts in accordance with Iowa Code chapter 508A which have been established by the insurer with respect to certain of its interest-indexed policies.

b. Prior to implementation of any material change in the insurer's investment strategy or method of determining the interest credits, every domestic insurer shall submit a description of any material change in the insurer's investment strategy or method of determining the interest credits. A change shall be considered to be material if it will affect the form or definition of the index (i.e., any change in the information supplied pursuant to subrule 92.9(1)) or if it will significantly change the amount or type of assets held for interest-indexed policies.

191—92.10(508) Applicability. Rules 191—92.6(508) through 191—92.8(508) shall apply only to policies issued after July 13, 2005.

These rules are intended to implement Iowa Code sections 508.36 and 508.37.

93.3(3) Iowa Code section 521A.5(1)“*e*” shall not be applicable to an aggregated derivative transaction or to a conduit derivative transaction that complies with this chapter.

191—93.4(511,521A) Standards for conduit derivative transactions.

93.4(1) *Documentation.* The conduit shall maintain documentation and records relating to each conduit derivative transaction that shall include, but not be limited to, documentation setting forth:

- a.* The purpose or purposes of the transaction;
- b.* The specific derivative instrument used in the transaction;
- c.* For over-the-counter derivative instrument transactions, the name of the qualified counterparty and the counterparty exposure amount calculated not less than quarterly; and

93.4(2) *Trading requirements.* Each derivative that is the subject of a conduit derivative transaction shall be entered into with a qualified counterparty.

191—93.5(511,521A) Internal controls.

93.5(1) Before engaging in an aggregated derivative transaction or a conduit derivative transaction, the conduit shall have established written guidelines that shall be used for effecting and maintaining such transactions.

93.5(2) The guidelines shall:

- a.* Address investment or, if applicable, underwriting objectives, risk constraints, and the factors considered in establishing risk constraints such as credit risk limits;
- b.* Address permissible transactions and the relationship of those transactions to the conduit’s operations, such as a precise identification of the risks being hedged by a derivative transaction;
- c.* Set forth a credit risk management system for over-the-counter derivative transactions that measures credit risk exposure using the qualified counterparty exposure; and
- d.* Require:
 - (1) Compliance with internal control procedures;

CHAPTER 94
PREFERRED MORTALITY TABLES FOR USE
IN DETERMINING MINIMUM RESERVE LIABILITIES

191—94.1(508) Purpose. The purpose of this chapter is to recognize, permit and prescribe the use of mortality tables that reflect the differences in mortality between preferred and standard lives in determining minimum reserve liabilities in accordance with Iowa Code section 508.36 and 191—Chapter 47.

191—94.2(508) Definitions. For purposes of this chapter, the following definitions shall apply:

“2001 CSO Mortality Table” means that mortality table consisting of separate rates of mortality for male and female lives, developed by the American Academy of Actuaries CSO Task Force from the Valuation Basic Mortality Table developed by the Society of Actuaries Individual Life Insurance Valuation Mortality Task Force, and adopted by the National Association of Insurance Commissioners in December 2002 and by the commissioner pursuant to 191—Chapter 91. The 2001 CSO Mortality Table is included in the Proceedings of the NAIC (2nd Quarter 2002) and supplemented by the 2001 CSO Preferred Class Structure Mortality Table. Unless the context indicates otherwise, the “2001 CSO Mortality Table” includes both the ultimate form of that table and the select and ultimate form of that table and includes both the smoker and nonsmoker mortality tables and the composite mortality tables. It also includes both the age-nearest-birthday and age-last-birthday bases of the mortality tables. Mortality tables in the 2001 CSO Mortality Table include the following:

1. “2001 CSO Mortality Table (F)” means that mortality table consisting of the rates of mortality for female lives from the 2001 CSO Mortality Table.

2. “2001 CSO Mortality Table (M)” means that mortality table consisting of the rates of mortality for male lives from the 2001 CSO Mortality Table.

“2001 CSO Preferred Class Structure Mortality Table” means mortality tables with separate rates of mortality for super preferred nonsmoker, preferred nonsmoker, residual standard nonsmoker, preferred smoker, and residual standard smoker splits of the 2001 CSO nonsmoker and smoker tables as adopted by the National Association of Insurance Commissioners at the September 2006 national meeting and published in the NAIC Proceedings (3rd Quarter 2006). Unless the context indicates otherwise, the “2001 CSO Preferred Class Structure Mortality Table” includes both the ultimate form of that table and the select and ultimate form of that table. It also includes both the smoker and non-smoker mortality tables, both the male and female mortality tables, the gender composite mortality tables, and both the age-nearest-birthday and age-last-birthday bases of the mortality tables.

“Composite mortality tables” means mortality tables with rates of mortality that do not distinguish between smokers and nonsmokers.

“Smoker and nonsmoker mortality tables” means mortality tables with separate rates of mortality for smokers and nonsmokers.

“Statistical agent” means an entity with proven systems for protecting the confidentiality of individual insured and insurer information, with the demonstrated resources for and a history of ongoing electronic communications and data transfer ensuring data integrity for insurer members or subscribers, and with a history of and the means for aggregation of data and accurate promulgation of experience modifications in a timely manner.

191—94.3(508) 2001 CSO Preferred Class Structure Mortality Table. At the election of the company, for each calendar year of issue, for any one or more specified plans of insurance and subject to the conditions stated in this chapter, the 2001 CSO Preferred Class Structure Mortality Table may be substituted in place of the 2001 CSO Smoker or Nonsmoker Mortality Table as the minimum valuation standard for policies issued on or after January 1, 2007. For policies issued on or after January 1, 2004, and prior to January 1, 2007, these tables may be substituted with the consent of the commissioner and subject to the conditions of rule 191—94.4(508). In determining such consent, the commissioner may rely on the consent of the commissioner of the company’s state of domicile. No such election

shall be made until the company demonstrates that at least 20 percent of the business to be valued using this table is in one or more of the preferred classes. A table from the 2001 CSO Preferred Class Structure Mortality Table used in place of a 2001 CSO Mortality Table, pursuant to the requirements of this rule, will be treated as part of the 2001 CSO Mortality Table for purposes of reserve valuation only, pursuant to the requirements of the National Association of Insurance Commissioners' model regulation, "Recognition of the 2001 CSO Mortality Table for Use in Determining Minimum Reserve Liabilities and Nonforfeiture Benefits Model Regulation."
[ARC 9182B, IAB 11/3/10, effective 12/8/10]

191—94.4(508) Conditions.

94.4(1) For each plan of insurance with separate rates for preferred and standard nonsmoker lives, an insurer may use the super preferred nonsmoker, preferred nonsmoker, and residual standard nonsmoker tables to substitute for the nonsmoker mortality table found in the 2001 CSO Mortality Table to determine minimum reserves. At the time of election and annually thereafter, except for business valued pursuant to the residual standard nonsmoker table, the appointed actuary shall certify that:

a. The present value of death benefits over the next ten years after the valuation date, using the anticipated mortality experience without recognition of mortality improvement beyond the valuation date for each class, is less than the present value of death benefits using the valuation basic table corresponding to the valuation table being used for that class.

b. The present value of death benefits over the future life of the contracts, using anticipated mortality experience without recognition of mortality improvement beyond the valuation date for each class, is less than the present value of death benefits using the valuation basic table corresponding to the valuation table being used for that class.

94.4(2) For each plan of insurance with separate rates for preferred and standard smoker lives, an insurer may use the preferred smoker and residual standard smoker tables to substitute for the smoker mortality table found in the 2001 CSO Mortality Table to determine minimum reserves. At the time of election and annually thereafter, for business valued under the preferred smoker table, the appointed actuary shall certify that:

a. The present value of death benefits over the next ten years after the valuation date, using the anticipated mortality experience without recognition of mortality improvement beyond the valuation date for each class, is less than the present value of death benefits using the preferred smoker valuation basic table corresponding to the valuation table being used for that class.

b. The present value of death benefits over the future life of the contracts, using anticipated mortality experience without recognition of mortality improvement beyond the valuation date for each class, is less than the present value of death benefits using the preferred smoker valuation basic table corresponding to the valuation table being used for that class.

94.4(3) Unless exempted by the commissioner, every authorized insurer using the 2001 CSO Preferred Class Structure Mortality Table shall annually file with the commissioner, with the National Association of Insurance Commissioners, or with a statistical agent designated by the National Association of Insurance Commissioners and acceptable to the commissioner, statistical reports showing mortality and such other information as the commissioner may deem necessary or expedient for the administration of the provisions of this chapter. The form of the reports shall be established by the commissioner, or the commissioner may require the use of a form established by the National Association of Insurance Commissioners or by a statistical agent designated by the National Association of Insurance Commissioners and acceptable to the commissioner.

191—94.5(508) Separability. If any provision of this chapter or its application to any person or circumstance is for any reason held to be invalid, the remainder of this chapter and the application of such provision to other persons or circumstances shall not be affected.

These rules are intended to implement Iowa Code sections 505.8 and 508.36.

CHAPTER 95
DETERMINING RESERVE LIABILITIES FOR PRENEED LIFE INSURANCE

191—95.1(508) Authority. This chapter is promulgated by the commissioner of insurance pursuant to Iowa Code sections 508.36 and 508.37.

191—95.2(508) Scope. These rules apply to preneed insurance, as defined in rule 95.4(508) of this chapter, and to similar policies and certificates.

191—95.3(508) Purpose. The purpose of this chapter is to establish for preneed insurance products minimum mortality standards for reserves and nonforfeiture values, and to require the use of the 1980 Commissioner Standard Ordinary (CSO) Life Valuation Mortality Table for use in determining the minimum standard of valuation of reserves and the minimum standard nonforfeiture values for preneed insurance products.

191—95.4(508) Definitions. For purposes of this chapter, the following definitions shall apply:

“*2001 CSO Mortality Table*” or “*2001 CSO*” means that mortality table, consisting of separate rates of mortality for male and female lives, developed by the American Academy of Actuaries CSO Task Force from the Valuation Basic Mortality Table developed by the Society of Actuaries Individual Life Insurance Valuation Mortality Task Force, and adopted by the NAIC in December 2002. The 2001 CSO Mortality Table is included in the Proceedings of the NAIC (2nd Quarter 2002). Unless the context indicates otherwise, the “2001 CSO Mortality Table” includes both the ultimate form of that table and the select and ultimate form of that table and includes both the smoker and nonsmoker mortality tables and the composite mortality tables. It also includes both the age-nearest-birthday and age-last-birthday bases of the mortality tables.

“*Preneed insurance*” means any life insurance policy or contract or certificate that is issued in combination with, in support of, with an assignment to, or as a guarantee for a prearrangement agreement for goods and services to be provided at the time of and immediately following the death of the insured. Goods and services may include, but are not limited to, embalming, cremation, body preparation, viewing or visitation, coffin or urn, memorial stone, and transportation of the deceased. The status of the policy or contract as preneed insurance is determined at the time of issue in accordance with the policy form filing.

“*Ultimate 1980 CSO*” means the Commissioners’ 1980 Standard Ordinary Life Valuation Mortality Tables (1980 CSO) without ten-year selection factors, incorporated into the 1980 amendments to the NAIC Standard Valuation Law approved in December 1983.

191—95.5(508) Minimum valuation mortality standards. For preneed insurance contracts and similar policies and contracts, the minimum mortality standard for determining reserve liabilities and nonforfeiture values for both male and female insureds shall be the ultimate 1980 CSO.

191—95.6(508) Minimum valuation interest rate standards.

95.6(1) The interest rates used in determining the minimum standard for valuation of preneed insurance shall be the calendar year statutory valuation interest rates as described in Iowa Code section 508.36(5) “*b.*”

95.6(2) The interest rates used in determining the minimum standard for nonforfeiture values for preneed insurance shall be the calendar year statutory nonforfeiture interest rates as described in Iowa Code section 508.37(6) “*i.*”

191—95.7(508) Minimum valuation method standards.

95.7(1) The method used in determining the standard for the minimum valuation of reserves of preneed insurance shall be the method described in Iowa Code section 508.36.

95.7(2) The method used in determining the standard for the minimum nonforfeiture values for preneed insurance shall be the method described in Iowa Code section 508.37.

191—95.8(508) Transition rules.

95.8(1) For preneed insurance policies issued on or after January 1, 2009, and before January 1, 2012, the 2001 CSO may be used as the minimum standard for reserves and minimum standard for nonforfeiture benefits for both male and female insureds.

95.8(2) If an insurer elects to use the 2001 CSO as a minimum standard for any policy issued on or after January 1, 2009, and before January 1, 2012, the insurer shall provide, as a part of the actuarial opinion memorandum submitted in support of the company's asset adequacy testing, an annual written notification to the domiciliary commissioner. The notification shall include:

- a.* A complete list of all preneed policy forms that use the 2001 CSO as a minimum standard;
- b.* A certification signed by the appointed actuary stating that the reserve methodology employed by the company in determining reserves for the preneed policies issued on or after January 1, 2009, and using the 2001 CSO as a minimum standard, develops adequate reserves. For the purposes of this certification, the preneed insurance policies using the 2001 CSO as a minimum standard cannot be aggregated with any other policies; and
- c.* Supporting information regarding the adequacy of reserves for preneed insurance policies issued on or after January 1, 2009, and using the 2001 CSO as a minimum standard for reserves.

95.8(3) Preneed insurance policies issued on or after January 1, 2012, must use the ultimate 1980 CSO in the calculation of minimum nonforfeiture values and minimum reserves.

191—95.9(508) Effective date. This chapter is applicable to preneed insurance policies and certificates and similar contracts and certificates, as specified in rule 95.2(508) of this chapter, issued on or after January 1, 2009.

These rules are intended to implement Iowa Code sections 508.36 and 508.37.

CHAPTER 96
SYNTHETIC GUARANTEED INVESTMENT CONTRACTS

191—96.1(505,508) Authority. This chapter is promulgated by the commissioner of insurance pursuant to Iowa Code section 505.8.

[ARC 9926B, IAB 12/14/11, effective 1/18/12]

191—96.2(505,508) Purpose.

96.2(1) The purpose of this chapter is to prescribe:

a. The terms and conditions under which life insurance companies may issue group annuity contracts and other contracts issued in connection with group annuity contracts that in whole or in part establish the insurer's obligation by reference to a segregated portfolio of assets that is not owned by the insurer;

b. The essential operational features of the segregated portfolio of assets; and

c. The reserve requirements for these contracts.

96.2(2) This chapter is intended to aid in the timely approval of such products by the commissioner and to recognize that timely approval is essential, given the competitive nature of the market for these products.

[ARC 9926B, IAB 12/14/11, effective 1/18/12]

191—96.3(505,508) Scope and application.

96.3(1) This chapter applies to that portion of a group annuity contract or other contract issued in connection with group annuity contracts described in rule 191—96.4(505,508), definition of "synthetic guaranteed investment contract," and issued by a life insurer:

a. That functions as an accounting record for an accumulation fund; and

b. That has benefit guarantees relating to a principal amount and levels of interest at a fixed rate of return specified in advance.

96.3(2) The fixed rate of return:

a. Shall be constant over the applicable rate periods;

b. May reflect prior and current market conditions with respect to the segregated portfolio; and

c. Shall not reference future changes in market conditions.

96.3(3) This chapter applies to all synthetic guaranteed investment contract forms filed on or after January 18, 2012. In addition, the minimum statutory reserve requirements of rule 191—96.10(505,508) shall apply to all synthetic guaranteed investment contracts regardless of issue date. The contract forms and related plans of operation that were issued or filed prior to January 1, 2017, need not be refiled with the commissioner.

[ARC 9926B, IAB 12/14/11, effective 1/18/12; ARC 3144C, IAB 6/21/17, effective 7/26/17]

191—96.4(505,508) Definitions. For purposes of this chapter, the following definitions shall apply:

"Account assets" means the assets in the segregated portfolio plus any assets held in the general account or a separate account to meet the asset maintenance requirements.

"Actuarial opinion and memorandum" means the opinion and memorandum of the valuation actuary required to be submitted to the commissioner pursuant to subrule 96.10(8).

"Affirmatively approved" means approval of an insurer's plan of operation for a class of contracts containing the form of contract under review after the plan of operation associated with the class of contracts has been reviewed by the insurer's domiciliary insurance department and the plan of operation has been found to be in compliance with this chapter by the domiciliary insurance department. Affirmatively approved does not mean approval as a result of the deemer provision.

"Appointed actuary" means the qualified actuary appointed or retained either directly by or by the authority of the board of directors through an executive officer of the company to prepare the annual statement of actuarial opinion for the company as a whole pursuant to Iowa Code section 508.36.

"Asset maintenance requirement" means the requirement to maintain assets to fund contract benefits in accordance with rule 191—96.10(505,508).

“*Class of contracts*” means the set of all contracts to which a given plan of operation pertains.

“*Commissioner*” means the Iowa commissioner of insurance.

“*Contract value record*” means an accounting record, provided by the contract in relation to a segregated portfolio of assets, that is credited with a fixed rate of return over regular periods and that is used to measure the extent of the insurer’s obligation to the contract holder. The fixed rate of return credited to the contract value record is determined by means of a crediting rate formula or declared at the inception of the contract and is valid for the entire term of the contract.

“*Crediting rate formula*” means a mathematical formula used to calculate the fixed rate of return credited to the contract value record during any rate period and based in part upon the difference between the contract value record and the market value record amortized over an appropriate period. The fixed rate of return calculated by means of this formula may reflect prior and current market conditions with respect to the segregated portfolio, but may not reference future changes in market conditions.

“*Duration*” means, with respect to the segregated portfolio assets or guaranteed contract liabilities, a measure of price sensitivity to changes in interest rates, such as the Macaulay duration or option-adjusted duration.

“*Fair market value*” means a reasonable estimate of the amount that a knowledgeable buyer of an asset would be willing to pay, and a knowledgeable seller of an asset would be willing to accept, for the asset without duress in an arm’s length transaction. In the case of a publicly traded security, the fair market value is the price at which the security is traded or, if no price is available, a price that appropriately reflects the latest bid and asked prices for the security. For all non-publicly traded assets, fair market value will be determined in accordance with valuation practices customarily used within the financial industry.

“*Investment guidelines*” means a set of written guidelines, established in advance by the person with investment authority over the segregated portfolio, to be followed by the investment manager. The guidelines shall include a description of:

1. The segregated portfolio’s investment objectives and limitations;
2. The investment manager’s degree of discretion;
3. The duration, asset class, quality, diversification, and other requirements of the segregated portfolio; and
4. The manner in which derivative instruments may be used, if at all, in the segregated portfolio.

“*Investment manager*” means the person (including the contract holder) responsible for managing the assets in the segregated portfolio in accordance with the investment guidelines in a fiduciary capacity to the owner of the assets.

“*Market value record*” means an accounting record provided by the contract to reflect the fair market value of the segregated portfolio.

“*NAIC*” means the National Association of Insurance Commissioners.

“*Permitted custodial institution*” means a bank, trust company or other licensed fiduciary services provider.

“*Plan of operation*” means a written plan meeting the requirements of paragraph 96.5(2)“a.”

“*Qualified actuary*” means an individual who meets the qualification standards set forth in 191—paragraph 5.34(5)“b.”

“*Rate period*” means the period of time during which the fixed rate of return credited to the contract value record is applicable between crediting rate formula adjustments.

“*Segregated portfolio*” means:

1. A portfolio or subportfolio of assets to which the contract pertains that is held in a custody or trust account by the permitted custodial institution and identified on the records of the permitted custodial institution as special custody assets held for the exclusive benefit of the retirement plans or other entities on whose behalf the contract holder holds the contract; and
2. Any related cash or currency received by the permitted custodial institution for the account of the contract holder and held in a deposit account for the exclusive benefit of the retirement plans or other entities on whose behalf the contract holder holds the contract.

“*Spot rate*” means:

1. “Treasury-based spot rate,” corresponding to a given time of benefit payment, means the yield on a zero-coupon noncallable and nonprepayable United States government obligation maturing at that time, or the zero-coupon yield implied by the price of a representative sampling of coupon-bearing, noncallable and nonprepayable United States government obligations in accordance with a formula set forth in the plan of operation.

2. “Index spot rate,” corresponding to a given time of benefit payment, means the zero-coupon yield implied by (a) the Barclays Short Term Corporate Index for a given time of benefit payment under one year or (b) the zero-coupon yield implied by the Barclays United States Corporate Investment Grade Bond Index for a given time of benefit payment greater than or equal to one year.

3. “Blended spot rate,” corresponding to a given time of benefit payment, means a blend of 50 percent each of (a) the treasury-based spot rate, and (b) the index spot rate. To the extent that guaranteed contract liabilities are denominated in the currency of a foreign country rated in one of the two highest rating categories by an independent, nationally recognized United States rating agency acceptable to the commissioner and are supported by investments denominated in the currency of the foreign country, the treasury-based spot rate component of the blended spot rate may be determined by reference to substantially similar obligations of the government of the foreign country. For liabilities other than those described above, the blended spot rate shall be determined on a basis mutually agreed upon by the insurer and the commissioner.

“*Synthetic guaranteed investment contract*” or “*contract*” means a group annuity contract or other contract issued in connection with a group annuity contract that establishes the insurer’s obligations by reference to a segregated portfolio of assets that is not owned by the insurer. The contract functions as an accounting record for an accumulation fund, and the fixed rate of return credited to the fund reflects an amortization of the segregated portfolio’s market gains and losses based on the period specified in the crediting formula, subject to any minimum interest rate guarantee.

“*Unilateral contract termination event*” means an event allowing the insurer to unilaterally and immediately terminate the contract, without future liability or obligation to the contract holder.

“*United States government obligation*” means a direct obligation issued, assumed, guaranteed or insured by the United States or by an agency or instrumentality of the United States government.

“*Valuation actuary*” means the appointed actuary or, alternatively, a qualified actuary designated by the appointed actuary to render the actuarial opinion pursuant to rule 191—96.10(505,508). Written documentation of any such designation shall be on file at the company and available for review by the commissioner upon request.

“*Value of guaranteed contract liabilities*” means the same as set forth in subrule 96.10(6).
[ARC 9926B, IAB 12/14/11, effective 1/18/12; ARC 3144C, IAB 6/21/17, effective 7/26/17]

191—96.5(505,508) Financial requirements and plan of operation. A contract may not be delivered or issued for delivery in this state unless the issuing insurer is licensed as a life insurance company in this state and is financially qualified under the provisions of subrule 96.5(1). In addition, a domestic insurer may not deliver or issue for delivery, either in this state or outside this state, a contract unless the insurer has satisfied the requirements of subrule 96.5(2) with respect to the class of contracts to which the contract belongs.

96.5(1) An insurer will be financially qualified under this rule if its most recent statutory financial statements reflect at least \$1 billion in admitted assets or \$100 million in capital and surplus, and its risk-based capital results do not place it at a regulatory level of action. In lieu of the requirements in the preceding sentence, the insurer may be required to satisfy such other financial qualification requirements set forth by the commissioner as having been deemed necessary or appropriate in a particular case to protect the insurer’s policyholders and the public.

96.5(2) A domestic insurer will satisfy the requirements of this subrule with respect to a class of contracts if the insurer has filed with the commissioner a plan of operation pertaining to the class of contracts, together with copies of the forms of contract in the class, and the filing of the plan of operation has been approved or has not been disapproved within the 60-day period following the date of filing, in which event the plan of operation shall be deemed approved.

a. The plan of operation for a class of contracts shall describe the financial implications for the insurer of the issuance of contracts in the class and shall include at least the following:

(1) A statement that the plan of operation will be administered in accordance with the requirements prescribed by the commissioner pursuant to this chapter, along with a statement that the insurer will comply with the plan of operation in its administration of the contract;

(2) A statement describing the methods and procedures used to value statutory liabilities for purposes of rule 191—96.10(505,508);

(3) A description of the criteria used by the insurer in approving the investment manager for the segregated portfolio of assets associated with a contract in the class, if the investment manager is an entity other than the insurer or is controlling, controlled by or under common control with the insurer;

(4) A description of the insurer's requirement for reports concerning the assets in each segregated portfolio and transactions involving the assets and a description of how the insurer can use the information in a report to determine that the segregated portfolio is being managed in accordance with its investment guidelines. The insurer shall require that the report be prepared no less frequently than quarterly and include a complete statement of segregated portfolio holdings and their fair market value;

(5) A demonstration of financial results for one or more sample contracts from the class of contracts showing, at a minimum, the projected contract value records, the applicable fixed rate or rates of return, and the projected market value records and describing how the investments in the segregated portfolio reflect provision for benefits insured by the contract and how the contract value and market values and the rates of return may be affected by changes in the investment returns of the segregated portfolio and by reasonably anticipated deposits to and withdrawals from the segregated portfolio by the contract holder, and any advances made by the insurer to the contract holder. The sample contracts shall be chosen to reasonably represent the range of results that could be expected from possible combinations of contract provisions of all contracts within the class. The demonstration shall include at least three hypothetical return scenarios: level, increasing, and decreasing. For each of these scenarios, at least three withdrawal scenarios shall be modeled: zero, moderate, and high. The commissioner may require additional scenarios if deemed necessary to fully understand the risks under the class of contracts. The demonstration period shall be the greater of five years or the minimum period the insurer must underwrite the risk;

(6) A statement that all contracts in the class of contracts satisfy the requirement of rule 191—96.9(505,508) regarding unilateral contract terminations, together with a description of all termination events, discontinuation triggers and options, notice requirements, corrective action procedures, all other contract safeguards, and the procedures to be followed when a unilateral contract termination event occurs;

(7) A description of the allowable investment parameters (such as objectives, derivative strategies, asset classes, quality, duration and diversification requirements applied to the assets held within the segregated portfolio) to be reflected in the investment guidelines applicable to each contract issued in the class to which the submitted plan of operation applies; and a description of the procedures that will be followed by the insurer in evaluating the appropriateness of any specific investment guidelines submitted by the contract holder. If the insurer chooses to operate a contract in accordance with investment guidelines that do not conform to the criteria established pursuant to this subparagraph, the nonconforming set of investment guidelines shall be filed with the commissioner in accordance with the filing requirements of this subrule;

(8) For contract forms filed on or after January 1, 2017, a description of the criteria used by the insurer in approving for contract issuance a pooled fund representing multiple employer-sponsored plans and in approving the investment manager for the segregated portfolio of assets associated with such pooled fund contract;

(9) For contract forms filed on or after January 1, 2017, a description of risk-mitigation techniques used by the insurer in connection with contracts issued to pooled funds representing multiple employer-sponsored plans;

(10) An unqualified opinion by a qualified actuary with expertise to evaluate the adequacy of the consideration charged by the insurer for the risks it has assumed with respect to the contracts in the class to which the plan of operation applies;

(11) A statement that the actuarial opinion and memorandum required by rule 191—96.10(505,508) shall include, with respect to the class of contracts to which the plan of operation applies:

1. If a payment has been made by the insurer in the prior reporting period under a contract in the class, the amount of aggregate risk charges (net of administrative expenses) for contracts in the class and the aggregate amount of any losses incurred; and

2. An inventory of all material unilateral contract termination events in the class that have not been cured within the time period specified and that have occurred during the prior reporting period for which the company decided not to terminate the contract.

b. Review of the plan of operation by the commissioner may necessitate requests for information to supplement that furnished pursuant to paragraph 96.5(2) “*a.*” Replies made in compliance with such requests for information should be made in sufficient detail that any follow-up correspondence can be held to a minimum.

191—96.6(505,508) Required contract provisions and filing requirements. A contract may not be delivered or issued for delivery in this state unless the contract satisfies the requirements of subrule 96.6(1) and the issuing insurer has satisfied the requirements of subrule 96.6(2) with respect to the contract.

96.6(1) The contract shall:

a. Provide that the assets to which the contract pertains and for which a contract value record is established will be maintained in a segregated portfolio of a permitted custodial institution;

b. Grant the insurer the right to perform audits and inspections of assets held in the segregated portfolio from time to time upon reasonable notice to the permitted custodial institution;

c. Provide that the insurer will receive prior notice of and the right to approve any appointment or change of investment manager;

d. Give a description of how the contract value record will be determined and, where applicable, adjusted by a crediting rate formula;

e. State the maximum rate period between crediting rate formula recalculations that will be permitted, if any;

f. Provide the insurer with the right to refuse to recognize any new deposits to the segregated portfolio unless there is a written agreement between the insurer and the contract holder as to the permissible levels and timing of new deposits;

g. Clearly identify all circumstances under which insurer payments or advances to the contract holder are to be made;

h. Clearly identify the types of withdrawals made on a market value basis;

i. Provide either a fixed maturity schedule or a settlement option permitting the contract holder to receive the contract value record over time, provided that no unilateral contract termination event has occurred; and

j. Include a provision stating, or substantially similar to, the following:

No waiver of remedies by the insurer that is a party to this contract, following the breach of any contractual provision of the contract, or of the investment guidelines applicable to it, or the failure to enforce the provisions or guidelines, which constitutes grounds for termination of the contract for cause by the insurer, and which breach or failure is not cured within 30 days following the insurer’s discovery of it, shall be effective against an insurance commissioner in any future rehabilitation or insolvency proceedings against the insurer unless approved in advance, in writing, by the commissioner.

96.6(2) An insurer will satisfy the filing and approval requirements of this rule with respect to a contract if the insurer has filed the form of the contract with the commissioner, the form is accompanied by the items specified in paragraphs 96.6(2) “*a.*,” “*b.*” and “*c.*,” and the form has been approved or has

not been disapproved within the 30-day period following the date of filing, in which event the form of contract shall be deemed approved. Notwithstanding the foregoing, the requirement for filing and approval of the form of contract may be waived at the discretion of the commissioner.

a. The form of contract filed for approval shall be accompanied by a statement that the contract meets the conditions of subrule 96.6(1).

b. The form of contract filed for approval shall be accompanied by a statement:

(1) Specifying the range of variation of variable contract provisions, if any, that could have a material effect on the risk assumed by the insurer under the contract, including withdrawal methodology, crediting rate formula and termination events;

(2) Describing how the fair market value will be determined;

(3) Describing the crediting rate formula, if any, and how it will operate to take into account the difference between the market value record and the contract value record over time; and

(4) Listing events that give the insurer the right to terminate the contract immediately.

c. If the plan of operation pertaining to the class of contracts to which the contract belongs:

(1) Has been affirmatively approved by the insurance commissioner of the state in which the issuing insurer is domiciled, the form of contract filed for approval shall be accompanied by a statement verifying the receipt of approval and indicating that the approval was an affirmative approval.

(2) Has been deemed approved in the state in which the issuing insurer is domiciled, the form of contract filed for approval shall be accompanied by a statement indicating that the issuing insurer has met the requirements for deemed approval.

(3) Has not been approved, either affirmatively or by deemer, in the state in which the issuing insurer is domiciled, the form of contract filed for approval shall be accompanied by a statement of this fact, together with a plan of operation pertaining to the contract.

191—96.7(505,508) Investment management of the segregated portfolio.

96.7(1) The investment manager must have full responsibility for the management of all segregated portfolio assets within the constraints specified in the investment guidelines.

96.7(2) The investment guidelines shall be submitted to the insurer for underwriting review before the contract becomes effective.

96.7(3) If the insurer accepts a proposed change to the investment guidelines or allows the contract to operate in accordance with investment guidelines that do not conform to the criteria established in subparagraph 96.5(2)“a”(7), approval of the nonconforming investment guidelines must be obtained pursuant to subrule 96.5(2).

191—96.8(505,508) Purchase of annuities. For contracts that are group annuity contracts and that make available to the contract holder the purchase of immediate or deferred annuities for the benefit of individual members of the group, an annuity may not be purchased without the delivery of the contractually agreed-upon consideration in cash to the insurer from the segregated portfolio for allocation to the insurer’s general account or a separate account. The insurer shall collect adequate consideration for the cost of annuities purchased under contract option by transfer from the segregated portfolio.

[ARC 9926B, IAB 12/14/11, effective 1/18/12]

191—96.9(505,508) Unilateral contract terminations. A contract subject to this chapter shall allow the insurer to unilaterally and immediately terminate, without future liability of the insurer or obligation to provide further benefits, upon the occurrence of any one of the following events that is material and that is not cured within 30 days following the insurer’s discovery of it:

96.9(1) The investment guidelines are changed without the advance consent of the insurer and the investment manager is not controlling, controlled by or under common control with the insurer;

96.9(2) The segregated portfolio, if managed by an entity that is not controlling, controlled by or under common control with the insurer, is invested in a manner that does not comply with the investment guidelines; or

96.9(3) Investment discretion over the segregated portfolio is exercised by or granted to anyone other than the investment manager.

191—96.10(505,508) Reserves. This rule describes asset maintenance requirements for segregated portfolios governed by this chapter.

96.10(1) At all times, an insurer shall hold minimum reserves in the general account or one or more separate accounts, as appropriate, equal to the excess, if any, of the value of the guaranteed contract liabilities, determined in accordance with subrules 96.10(6) and 96.10(7), over the market value of the assets in the segregated portfolio less the deductions provided for in subrule 96.10(2). The reserve requirements of this subrule shall be applied on a contract-by-contract basis.

96.10(2) In determining compliance with the asset maintenance requirement and the reserve for the value of guaranteed contract liabilities specified in subrule 96.10(1), the insurer shall deduct a percentage of the market value of an asset as follows:

a. For debt instruments, the percentage shall be the NAIC asset valuation “reserve objective factor,” but the factor shall be increased by 50 percent for the purpose of this calculation if the difference in durations of the assets and liabilities is more than one-half year. The above notwithstanding, in the event that, under the terms of the synthetic guaranteed investment contract, the asset default risk for debt instruments is borne solely by the contract holder, there shall be no asset valuation reserve percentage deduction from the market value of an asset, for purposes of complying with the asset maintenance requirement and the reserve for guaranteed contract liabilities specified in subrule 96.10(1).

b. For assets that are not debt instruments, the percentage shall be the NAIC asset valuation reserve “maximum reserve factor.”

96.10(3) To the extent that expected guaranteed contract benefits are denominated in the currency of a foreign country and are supported by segregated portfolio assets denominated in the currency of the foreign country, the percentage deduction for these assets under subrule 96.10(2) shall be that for a substantially similar investment denominated in the currency of the United States.

96.10(4) To the extent that expected guaranteed contract benefits are denominated in the currency of the United States and are supported by segregated portfolio assets denominated in the currency of a foreign country, and to the extent that expected guaranteed contract benefits are denominated in the currency of a foreign country and are supported by segregated portfolio assets denominated in the currency of the United States, the deduction for debt instruments under subrule 96.10(2) shall be increased by 15 percent of the market value of the assets unless the currency exchange risk on the assets has been adequately hedged, in which case the percentage deduction under subrule 96.10(2) shall be increased by 0.5 percent. No expected guaranteed contract benefits denominated in the currency of a foreign country shall be supported by segregated portfolio assets denominated in the currency of another foreign country without the approval of the commissioner. For purposes of this subrule, the currency exchange risk on an asset is deemed to be adequately hedged if:

a. It is an obligation of:

(1) A jurisdiction that is rated in one of the two highest rating categories by an independent, nationally recognized United States rating agency acceptable to the commissioner;

(2) Any political subdivision or other governmental unit of such a jurisdiction, or any agency or instrumentality of such a jurisdiction, political subdivision or other governmental unit; or

(3) An institution that is organized under the laws of any such jurisdiction; and

b. At all times the principal amount of the obligation and scheduled interest payments on the obligation are hedged against the United States dollar pursuant to contracts or agreements that are:

(1) Issued by or traded on a securities exchange or board of trade regulated under the laws of the United States or Canada or a province of Canada;

(2) Entered into with a United States banking institution that has assets in excess of \$5 billion and that has obligations outstanding, or has a parent corporation that has obligations outstanding, that are rated in one of the two highest rating categories by an independent, nationally recognized United States rating agency, or with a broker-dealer registered with the Securities and Exchange Commission that has net capital in excess of \$250 million; or

(3) Entered into with any other banking institution that has assets in excess of \$5 billion and that has obligations outstanding, or has a parent corporation that has obligations outstanding, that are rated in one of the two highest rating categories by an independent, nationally recognized United States rating agency and that is organized under the laws of a jurisdiction that is rated in one of the two highest rating categories by an independent, nationally recognized United States rating agency.

96.10(5) Synthetic guaranteed investment contracts may provide for the allocation to one or more separate accounts of all or any portion of the amount needed to meet the asset maintenance requirement. If the contract provides that the assets in the separate account shall not be chargeable with liabilities arising out of any other business of the insurer, the insurer shall maintain in a distinct separate account that is so chargeable: that portion of the amount needed to meet the asset maintenance requirement that has been allocated to separate accounts, less the amounts contributed to separate accounts by the contract holder in accordance with the contract and the earnings on the contract.

96.10(6) For purposes of this chapter, the “value of guaranteed contract liabilities” is defined to be the sum of the expected guaranteed contract benefits, each discounted at a rate corresponding to the expected time of payment of the expected guaranteed contract benefit that is not greater than the spot rate supportable by the expected return from the segregated portfolio assets, and in no event greater than the blended spot rate as described in the plan of operation, pursuant to rule 191—96.5(505,508), or the actuary’s opinion and memorandum, pursuant to subrule 96.10(8), except that if the expected time of payment of an expected guaranteed contract benefit is more than 30 years, it shall be discounted from the expected date of payment to year 30 at a rate of no more than 80 percent of the 30-year blended spot rate and from year 30 to the date of valuation at a rate not greater than the 30-year blended spot rate.

96.10(7) In calculating the value of guaranteed contract benefits:

a. All expected guaranteed contract benefits potentially available to the contract holder on an ongoing basis shall be considered in the valuation process and analysis, and the reserve held must be sufficient to fund the greatest present value of each independent expected guaranteed contract benefit. For purposes of this subrule, the right granted to the contract holder to exit the contract by discharging the insurer of its obligations under the contract and taking control of the assets in the segregated portfolio shall not be considered an expected guaranteed contract benefit.

b. To the extent that future guaranteed cash flows are dependent upon the benefit responsiveness of an employer-sponsored plan, a best estimate based on company experience, or other reasonable criteria if company experience is not available, shall be used in the projections of future cash flows.

c. The minimum value of guaranteed contract benefits under a contract issued to a pooled fund representing multiple employer-sponsored plans shall be determined so as to reflect projected plan sponsor contract value withdrawals available to the member plans in the pooled fund.

(1) Projections of such future cash flows shall take into account:

1. Known plan sponsor withdrawals, and

2. A prudent estimate of future plan sponsor withdrawals. The prudent estimate shall be based on company experience and other relevant criteria.

(2) A single valuation rate shall be determined, pursuant to subrule 96.10(6), equal to the lesser of:

1. The expected return from the segregated portfolio of assets, or

2. The blended spot rate based on the duration of the segregated portfolio of assets.

(3) The single valuation rate shall be used to model future market values of the segregated portfolio of assets. Future credited interest rates shall be modeled according to the contractually defined crediting rate formula. Modeled future contract values shall reflect modeled future market values, modeled future credited interest rates, known future plan sponsor withdrawals, the prudent estimate of future plan sponsor withdrawals, future withdrawals pursuant to paragraph 96.10(7) “*b*,” and any remaining final payment at the modeled contract termination date.

(4) All such modeled withdrawals and termination payments shall be discounted using the single valuation rate and the modeled times of those withdrawals and payments. The sum of these present values shall be deemed the minimum value of the guaranteed contract liabilities for a pooled fund contract.

96.10(8) Actuarial opinion and memorandum for segregated portfolios are governed by this chapter.

a. An insurer that issues a synthetic guaranteed investment contract subject to this chapter shall submit to the commissioner annually by March 1 following the December 31 valuation date an actuarial opinion and, upon request, a memorandum showing the status of the accounts as of the prior December 31. The actuarial opinion and memorandum shall be in form and substance satisfactory to the commissioner.

b. The actuarial memorandum required by this chapter is deemed to be confidential to the same extent, and under the same conditions, as the actuarial memorandum required by Iowa Code section 508.36(2)“*d*”(8).

c. Except in cases of fraud or willful misconduct, the valuation actuary shall not be liable for damages to any person (other than the insurer and the commissioner) for any act, error, omission, decision, or conduct with respect to the actuary’s opinion.

d. The statement of actuarial opinion submitted in accordance with paragraph 96.10(2)“*a*” shall consist of:

(1) A paragraph identifying the valuation actuary and the valuation actuary’s qualification;

(2) A scope paragraph identifying the subjects on which the opinion is to be expressed and describing the scope of the valuation actuary’s work;

(3) A reliance paragraph describing those areas, if any, where the valuation actuary has deferred to other experts in developing data, procedures or assumptions;

(4) An opinion paragraph expressing the valuation actuary’s opinion with respect to the matters described in subparagraphs 96.10(8)“*e*”(1) and (2); and

(5) One or more additional paragraphs which may be needed for individual companies in the following cases:

1. If the valuation actuary considers it necessary to state a qualification of the valuation actuary’s opinion;

2. If the valuation actuary must disclose an inconsistency in the method of analysis used at the prior opinion date with that used for this opinion;

3. If the valuation actuary chooses to add a paragraph briefly describing the assumptions which form the basis of the actuarial opinion.

e. This paragraph describes the contents of the opinion paragraph of the actuarial opinion.

(1) The actuarial opinion shall state, after taking into account any risk charge payable, the segregated portfolio assets, and the amount of any reserve liability with respect to the asset maintenance requirement, that the account assets make adequate provision for expected guaranteed contract benefits.

(2) The opinion shall also state that:

1. Reserves for expected guaranteed contract benefits are calculated pursuant to the requirements of subrule 96.10(1);

2. After taking into account any reserve liability with respect to the asset maintenance requirement, the amount of the account assets satisfies the asset maintenance requirement;

3. The fixed-income segregated portfolio conforms to and justifies the rates used to discount expected guaranteed contract benefits for valuation pursuant to subrule 96.10(6);

4. Whether any rates used pursuant to subrule 96.10(6) to discount expected guaranteed contract benefits and other items applicable to the segregated portfolio were modified from the rate or rates described in the plan of operation filed pursuant to rule 191—96.5(505,508); and

5. The level of risk charges, if any, retained in the general account is appropriate in view of such factors as the nature of the expected guaranteed contract benefits and losses experienced in connection with contracts and other pricing factors.

f. The opinion shall be accompanied by a certificate from an officer of the insurer responsible for monitoring compliance with the asset maintenance requirements for synthetic guaranteed investment contracts describing the extent to and manner in which, during the preceding year:

(1) Actual benefit payments conformed to the benefit payment estimated to be made as described in the plan of operation;

(2) The determination of the fair market value of the segregated portfolio conformed to the valuation procedures described in the plan of operation, including a statement of the procedures and sources used during the year; and

(3) Any assets were transferred to or from the insurer's general account or any amounts were paid to the insurer by any contract holder to support the insurer's guarantee.

g. The actuarial memorandum shall:

(1) Substantially conform with those portions of 191—subrule 5.34(7) that are applicable to asset adequacy testing and that either:

1. Demonstrate the adequacy of account assets based upon cash flow analysis, or

2. Explain why cash flow testing analysis is not appropriate, describe the alternative methodology of asset adequacy testing used, and demonstrate the adequacy of account assets under that methodology;

(2) Clearly describe the assumptions the valuation actuary used in support of the actuarial opinion, including any assumptions made in projecting cash flows under each class of assets, and any dynamic portfolio hedging techniques utilized and the tests performed on the utilization of the techniques;

(3) Clearly describe how the valuation actuary has reflected the cost of capital;

(4) Clearly describe how the valuation actuary has reflected the risk of default on obligations and mortgage loans, including obligations and mortgage loans that are not investment grade;

(5) Clearly describe how the valuation actuary has reflected withdrawal risks, if applicable, including a discussion of the positioning of the contracts within the benefit withdrawal priority order pertaining to the contracts, the impact of any dynamic lapse assumption and the results of sensitivity testing the prudent estimate of future plan sponsor withdrawals pursuant to paragraph 96.10(7) "c";

(6) If the plan of operation provides for investments in segregated portfolio assets other than United States government obligations, demonstrate that the rates used to discount contract liabilities pursuant to subrule 96.10(6) conservatively reflect expected investment returns, taking into account any foreign exchange risks;

(7) If the contracts provide that in certain circumstances the contracts would cease to be funded by a segregated portfolio and instead would become contracts funded by the general account, clearly describe how any increased reserves would be provided for if and to the extent these circumstances occur;

(8) State the amount of account assets maintained in a separate account that are not chargeable with liabilities arising out of any other business of the insurer;

(9) State the amount of reserves and supporting assets as of December 31 and where the reserves are shown in the annual statement;

(10) State the amount of any contingency reserve carried as part of surplus;

(11) State the market value of the segregated asset portfolio; and

(12) Where separate account assets are not chargeable with liabilities arising out of any other business of the insurer, describe how the level of risk charges payable to the general account provides an appropriate compensation for the risk taken by the general account.

96.10(9) When the insurer issues a synthetic guaranteed investment contract and complies with the asset maintenance requirements of subrule 96.10(1), the insurer need not maintain an asset valuation reserve with respect to those account assets.

96.10(10) This subrule describes the reserve valuation requirements for contracts subject to this chapter.

a. Reserves for synthetic guaranteed investment contracts subject to this chapter shall be an amount equal to the sum of the following:

(1) The amounts determined as the minimum reserve as required under subrule 96.10(1);

(2) Any additional amount determined by the insurer's valuation actuary as necessary to make adequate provision for all expected guaranteed contract benefits; and

(3) Any additional amount determined as necessary by the commissioner due to the nature of the expected guaranteed contract benefits.

b. The amount of any reserves required by paragraph 96.10(4) "a" may be established by either:

- (1) Allocating sufficient assets to one or more separate accounts; or
- (2) Setting up the additional reserves in the general account.

CHAPTER 97
ACCOUNTING FOR CERTAIN DERIVATIVE INSTRUMENTS USED TO HEDGE
THE GROWTH IN INTEREST CREDITED FOR INDEXED INSURANCE PRODUCTS
AND ACCOUNTING FOR THE INDEXED INSURANCE PRODUCTS RESERVE

191—97.1(508) Authority. This chapter is promulgated by the commissioner of insurance pursuant to Iowa Code section 505.8.

[ARC 8061B, IAB 8/26/09, effective 9/30/09]

191—97.2(508) Purpose. The purpose of this chapter is to allow insurance companies to utilize certain alternative asset and reserve accounting practices for eligible derivative assets and indexed products, respectively, in order to better match asset and reserve accounting as it relates to interest crediting for indexed products and to provide for a more true and fair representation of the capital position of insurance companies that offer or have in force indexed products. Specifically, this chapter addresses the mismatch related to the changes in value of an eligible derivative asset as compared to the interest accrual in the reserve calculation for the underlying indexed product and provides insurance companies with the ability, once certain criteria are met, to: (1) account for eligible derivative assets using the amortized cost method, and (2) use a reserve calculation methodology for indexed annuity products under which interest credits based upon one or more external indices are included in the reserve only after those interest credits have been credited to the contract holder under the terms of the annuity contract.

[ARC 8061B, IAB 8/26/09, effective 9/30/09]

191—97.3(508) Definitions. For the purposes of this chapter, the following definitions shall apply:

“Eligible derivative asset” means:

1. A call or put option derivative asset that is purchased to hedge the growth in interest credited to an indexed product as a direct result of changes in the related external index or external indices, or
2. A call or put option derivative asset that is written to offset all or a portion of a call or put option derivative asset that meets the criteria set forth in paragraph “1” of this definition.

Other derivative instruments, such as index futures, swaps and “swaptions,” that may be used to hedge the growth in interest credited to indexed products as a direct result of changes in the related external index or external indices are not eligible derivative assets because an amortized cost for such instruments does not exist.

“External index” means an index of publicly traded securities that is published or disseminated by a source external to the insurance company, such as, but not limited to, the Standard & Poor’s 500 Composite Stock Index (the S&P 500® Index), the Nasdaq-100 Index®, the Dow Jones Industrial AverageSM, the Hang Seng Index, and the Dow Jones EURO STOXX 50® Index.

“Indexed annuity products” means fixed indexed annuity contracts that:

1. Provide a minimum guaranteed interest accumulation on a portion of all premium payments, and
2. Include interest crediting provisions under which interest (which may be subject to caps, participation rates, spreads, terms or similar limitations) is credited based upon the performance of one or more external indices.

“Indexed life products” means fixed indexed life insurance policies that:

1. Provide a minimum guaranteed interest accumulation on a portion of all premium payments, and
2. Include interest crediting provisions under which interest (which may be subject to caps, participation rates, spreads, terms or similar limitations) is credited based upon the performance of one or more external indices.

“Indexed products” means indexed annuity products and indexed life products.

“Interest crediting period” means the period of time over which the performance of an external index or external indices is measured for purposes of determining the amount of interest credited under an indexed product.

[ARC 8061B, IAB 8/26/09, effective 9/30/09]

191—97.4(508) Asset accounting. Insurance companies may elect to account for eligible derivative assets at amortized cost, if the insurance company can demonstrate that such eligible derivative assets meet all of the following criteria for an economic hedge:

97.4(1) At inception of the hedge, or as of the date that an insurance company elects to use the accounting practices prescribed by this chapter if later, there must be formal documentation of the economic hedging relationship and the insurance company's risk management objective and strategy for undertaking the economic hedge, including identification of the specific eligible derivative assets purchased to hedge indexed products, the nature of the particular risk being hedged, and how the eligible derivative assets' effectiveness will be assessed, retrospectively and prospectively, on a qualitative basis.

97.4(2) At inception of the hedge, or as of the date that an insurance company elects to use the accounting practices prescribed by this chapter if later, and at the end of each quarterly reporting period thereafter, the insurance company must maintain documentation that the economic hedge is expected to be and continues to be highly effective as defined by the criteria in 97.4(1) in achieving offsetting changes in fair value attributable to the hedged risk during the period that the economic hedge is designated.

[ARC 8061B, IAB 8/26/09, effective 9/30/09]

191—97.5(508) Indexed annuity product reserve calculation methodology. Insurance companies account for indexed annuity product reserves in accordance with Iowa Code section 508.11 and with the applicable actuarial guidelines and statutory accounting principles. Based on the current guidelines, this chapter provides insurance companies with the ability to make the following adjustment to their indexed annuity product reserves:

97.5(1) Insurance companies determine indexed annuity product reserve calculations based on the Actuarial Guideline XXXV reserve, assuming the market value of the eligible derivative assets associated with the current interest crediting period is zero, regardless of the observable market for such eligible derivative assets.

97.5(2) At the conclusion of each interest crediting period, interest credited to an indexed annuity product is reflected in the reserve as realized, based on the actual performance of the relevant external index or external indices.

[ARC 8061B, IAB 8/26/09, effective 9/30/09]

191—97.6(508) Indexed life product reserve calculation methodology. Insurance companies account for indexed life product reserves in accordance with the applicable actuarial guidelines and statutory accounting principles. This chapter does not provide for any adjustment to the reserve calculation methodology for indexed life products.

[ARC 8061B, IAB 8/26/09, effective 9/30/09]

191—97.7(508) Other requirements.

97.7(1) Indexed annuity products. The alternative accounting practices prescribed by this chapter must be applied to both the indexed annuity product reserves and eligible derivative assets used to hedge indexed annuity products.

97.7(2) Indexed life products. The alternative accounting practices prescribed by this chapter must be applied only to eligible derivative assets used to hedge indexed life products. This chapter shall not impact the calculation of indexed life product reserves.

97.7(3) If an insurance company elects to use the alternative accounting practices prescribed by this chapter, it shall report quarterly to the company regulation bureau of the Iowa insurance division, for analysis purposes, the market value of its eligible derivative assets and what the Actuarial Guideline XXXV reserves would be using market value of such eligible derivative assets.

97.7(4) Application of this chapter is not mandatory. An insurance company that elects to use the alternative accounting practices prescribed by this chapter may not elect to change its accounting

practices back to those that would apply in the absence of this chapter without the prior approval of the Iowa insurance commissioner.

These rules are intended to implement Iowa Code chapter 508.

CHAPTER 98
ANNUAL FINANCIAL REPORTING REQUIREMENTS
[Prior to January 1, 2010, see 191—5.25(505)]

191—98.1(505) Authority. This chapter is promulgated by the commissioner of insurance pursuant to Iowa Code section 505.8.

191—98.2(505) Purpose. The purpose of this chapter is to improve the Iowa insurance division's surveillance of the financial condition of insurers by requiring an annual audit of financial statements reporting the financial position and the results of operations of insurers by independent certified public accountants, Communication of Internal Control Related Matters Noted in an Audit, and Management's Report of Internal Control Over Financial Reporting.

98.2(1) Every insurer (as defined in rule 191—98.3(505)) shall be subject to this chapter. Insurers having direct premiums written in this state of less than \$1 million in any calendar year and less than 1,000 policyholders or certificate holders of direct written policies nationwide at the end of the calendar year shall be exempt from this chapter for such year (unless the commissioner makes a specific finding that compliance is necessary for the commissioner to carry out statutory responsibilities), except that insurers having assumed premiums pursuant to contracts or treaties of reinsurance of \$1 million or more will not be so exempt.

98.2(2) Foreign or alien insurers filing the audited financial report in another state, pursuant to that state's requirement for filing of audited financial reports, which has been found by the commissioner to be substantially similar to the requirements herein, are exempt from rules 191—98.4(505) through 191—98.12(505) and 191—98.18(505) if:

a. A copy of the audited financial report, Communication of Internal Control Related Matters Noted in an Audit, and the letter to the insurer with the accountant's qualifications that are filed with such other state are filed with the commissioner in accordance with the filing dates specified in rules 191—98.4(505), 191—98.11(505), and 191—98.18(505), respectively (Canadian insurers may submit accountants' reports as filed with the Office of the Superintendent of Financial Institutions Canada).

b. A copy of any Notification of Adverse Financial Condition Report filed with such other state is filed with the commissioner within the time specified in rule 191—98.10(505).

98.2(3) Foreign or alien insurers required to file Management's Report of Internal Control Over Financial Reporting in another state are exempt from filing the report in this state provided the other state has substantially similar reporting requirements and the report is filed with the commissioner of the other state within the time specified.

98.2(4) This chapter shall not prohibit, preclude or in any way limit the commissioner of insurance from ordering or conducting or performing examinations of insurers pursuant to Iowa Code chapter 507. [ARC 3145C, IAB 6/21/17, effective 7/26/17]

191—98.4(505) General requirements related to filing and extensions for filing of annual audited financial reports and audit committee appointment.

98.4(1) All insurers shall have an annual audit by an independent certified public accountant and shall file an audited financial report with the commissioner on or before June 1 for the year ended December 31 immediately preceding. The commissioner may require an insurer to file an audited financial report earlier than June 1 with 90 days' advance notice to the insurer.

98.4(2) Extensions of the June 1 filing date may be granted by the commissioner for 30-day periods upon showing by the insurer and its independent certified public accountant the reasons for requesting such extension and determination by the commissioner of good cause for an extension. The request for

extension must be submitted in writing not less than ten days prior to the due date in sufficient detail to permit the commissioner to make an informed decision with respect to the requested extension.

98.4(3) If an extension is granted in accordance with the provisions of rule 191—98.4(505), a similar extension of 30 days is granted to the filing of Management’s Report of Internal Control Over Financial Reporting.

98.4(4) Every insurer required to file an annual audited financial report pursuant to this chapter shall designate a group of individuals who shall constitute its audit committee. The audit committee of an entity that controls an insurer may be deemed to be the insurer’s audit committee for purposes of this chapter at the election of the controlling person.

191—98.5(505) Contents of annual audited financial report.

98.5(1) The annual audited financial report shall report the financial position of the insurer as of the end of the most recent calendar year and the results of its operations, cash flows and changes in capital and surplus for the year then ended in conformity with statutory accounting practices prescribed, or otherwise permitted, by the division of insurance of the state of domicile.

98.5(2) The annual audited financial report shall include the following:

- a. Report of independent certified public accountant.
- b. Balance sheet reporting admitted assets, liabilities, capital and surplus.
- c. Statement of operations.
- d. Statement of cash flow.
- e. Statement of changes in capital and surplus.
- f. Notes to financial statements. These notes shall be those required by the appropriate National Association of Insurance Commissioners (NAIC) Annual Statement Instructions and the NAIC Accounting Practices and Procedures Manual. The notes shall include a reconciliation of differences, if any, between the audited statutory financial statements and the annual statement filed pursuant to Iowa Code sections 508.11 and 515.63, with a written description of the nature of these differences.

g. The financial statements included in the audited financial report shall be prepared in a form and using language and groupings substantially the same as the relevant sections of the annual statement of the insurer filed with the commissioner, and the financial statement shall be comparative, presenting the amounts as of December 31 of the current year and the amounts as of the immediately preceding December 31. However, in the first year in which an insurer is required to file an audited financial report, the comparative data may be omitted.

191—98.6(505) Designation of independent certified public accountant. Each insurer required by this chapter to file an annual audited financial report must, within 60 days after becoming subject to such requirement, register with the commissioner in writing the name and address of the independent certified public accountant or accounting firm retained to conduct the annual audit as set forth in this chapter. Insurers not retaining an independent certified public accountant on January 1, 2010, shall register the name and address of their retained independent certified public accountant not less than six months before the date when the first audited financial report is to be filed.

98.6(1) The insurer shall obtain a letter from the accountant, and file a copy with the commissioner, stating that the accountant is aware of the provisions of Title XIII of the Iowa Code and administrative rules thereunder that relate to accounting and financial matters and affirming that the accountant will express an opinion on the financial statements in terms of their conformity to the statutory accounting practices prescribed or otherwise permitted by the insurance division, specifying such exceptions as the accountant may believe appropriate.

98.6(2) If an accountant who was the accountant for the immediately preceding filed audited financial report is dismissed or resigns, the insurer shall within five business days notify the division of this event. The insurer shall also furnish the commissioner with a separate letter within ten business days of the above notification stating whether in the 24 months preceding such event there were any disagreements with the former accountant on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, and if any such disagreements, if not resolved to

the satisfaction of the former accountant, would have caused the accountant to make reference to the subject matter of the disagreement in connection with the opinion. The disagreements required to be reported in response to this rule include both those resolved to the former accountant's satisfaction and those not resolved to the former accountant's satisfaction. Disagreements contemplated by this rule are those that occur at the decision-making level, i.e., between personnel of the insurer responsible for the presentation of its financial statements and personnel of the accounting firm responsible for rendering its report. The insurer shall also in writing request such former accountant to furnish a letter addressed to the insurer stating whether the accountant agrees with the statements contained in the insurer's letter and, if not, stating the reasons for the disagreement; and the insurer shall furnish such responsive letter from the former accountant to the commissioner together with its own.

191—98.7(505) Qualifications of independent certified public accountant.

98.7(1) The commissioner shall not recognize any person or firm as a qualified independent certified public accountant that:

- a.* Is not in good standing with the AICPA and in all states in which the accountant is licensed to practice, or, for a Canadian or British company, is not a chartered accountant; or
- b.* Has either directly or indirectly entered into an agreement of indemnity or release from liability (collectively referred to as indemnification) with respect to the audit of the insurer.

98.7(2) Except as otherwise provided herein, independent certified public accountants shall be recognized as qualified as long as they conform to the standards of their profession, as contained in the Code of Professional Ethics of the AICPA and rules and regulations and the code of ethics and rules of professional conduct of the Iowa accountancy examining board, or similar code.

98.7(3) A qualified independent certified public accountant may enter into an agreement with an insurer to have disputes relating to an audit resolved by mediation or arbitration. However, in the event of a delinquency proceeding commenced against the insurer under Iowa Code chapter 507C, the mediation or arbitration provisions shall operate at the option of the statutory successor.

98.7(4) The lead (or coordinating) audit partner (having primary responsibility for the audit) may not act in that capacity for more than five consecutive years. The person shall be disqualified from acting in that or a similar capacity for the same company or its insurance subsidiaries or affiliates for a period of five consecutive years. An insurer may make application to the commissioner for relief from the above rotation requirement on the basis of unusual circumstances. This application should be made at least 30 days before the end of the calendar year. The commissioner may consider the following factors in determining if the relief should be granted:

- a.* Number of partners, expertise of the partners, or the number of insurance clients in the currently registered firm;
- b.* Premium volume of the insurer; or
- c.* Number of jurisdictions in which the insurer transacts business.

98.7(5) The insurer shall file, with its annual statement filing, the approval for relief from subrule 98.7(4) with the states in which it is licensed or doing business and with the NAIC. If the nondomestic state accepts electronic filing with the NAIC, the insurer shall file the approval in an electronic format acceptable to the NAIC.

98.7(6) The commissioner shall neither recognize as a qualified independent certified public accountant nor accept any annual audited financial report prepared in whole or in part by any natural person who:

- a.* Has been convicted of fraud, bribery, a violation of the Racketeer Influenced and Corrupt Organizations Act, 18 U.S.C. Sections 1961 to 1968, or any dishonest conduct or practices under federal or state law;
- b.* Has been found to have violated the insurance laws of this state with respect to any previous reports submitted under this chapter; or
- c.* Has demonstrated a pattern or practice of failing to detect or disclose material information in previous reports filed under the provisions of this chapter.

98.7(7) The commissioner of insurance, under 191—Chapter 3, may hold a hearing to determine whether an independent certified public accountant is qualified and, considering the evidence presented, may rule that the accountant is not qualified for purposes of expressing the opinion of the accountant on the financial statements in the annual audited financial report made pursuant to this chapter and require the insurer to replace the accountant with another whose relationship with the insurer is qualified within the meaning of this chapter.

98.7(8) The commissioner shall not recognize as a qualified independent certified public accountant or accept an annual audited financial report prepared in whole or in part by an accountant who provides to an insurer, contemporaneously with the audit, the following nonaudit services:

a. Bookkeeping or other services related to the accounting records or financial statements of the insurer;

b. Financial information systems design and implementation;

c. Appraisal or valuation services, fairness opinions, or contribution-in-kind reports;

d. Actuarially oriented advisory services involving the determination of amounts recorded in the financial statements. The accountant may assist an insurer in understanding the methods, assumptions and inputs used in the determination of amounts recorded in the financial statement only if it is reasonable to conclude that the services provided will not be subject to audit procedures during an audit of the insurer's financial statements. An accountant's actuary may also issue an actuarial opinion or certification ("opinion") on an insurer's reserves if the following conditions have been met:

(1) Neither the accountant nor the accountant's actuary has performed any management functions or made any management decisions;

(2) The insurer has competent personnel (or engages a third-party actuary) to estimate the reserves for which management takes responsibility; and

(3) The accountant's actuary tests the reasonableness of the reserves after the insurer's management has determined the amount of the reserves;

e. Internal audit outsourcing services;

f. Management functions or human resources;

g. Broker or dealer, investment adviser, or investment banking services;

h. Legal services or expert services unrelated to an audit; or

i. Any other services that the commissioner determines, by rule, are impermissible.

98.7(9) In general, the principles of independence with respect to services provided by the qualified independent certified public accountant are largely predicated on three basic principles, violations of which would impair the accountant's independence. The principles are that the accountant cannot function in the role of management, cannot audit the accountant's own work, and cannot serve in an advocacy role for the insurer.

98.7(10) Insurers having direct written and assumed premiums of less than \$100 million in any calendar year may request an exemption from subrule 98.7(8). The insurer shall file with the commissioner a written statement discussing the reasons why the insurer should be exempt from these provisions. If the commissioner finds, upon review of this statement, that compliance with subrule 98.7(8) would constitute a financial or organizational hardship upon the insurer, an exemption may be granted.

98.7(11) A qualified independent certified public accountant who performs the audit may engage in other nonaudit services, including tax services that are not described in subrule 98.7(8) or that do not conflict with subrule 98.7(9), only if the activity is approved in advance by the audit committee, in accordance with subrule 98.7(12).

98.7(12) All auditing services and nonaudit services provided to an insurer by the qualified independent certified public accountant of the insurer shall be preapproved by the audit committee. The preapproval requirement is waived with respect to nonaudit services if the insurer is a SOX compliant entity or a direct or indirect wholly owned subsidiary of a SOX compliant entity or if:

a. The aggregate amount of all such nonaudit services provided to the insurer constitutes not more than 5 percent of the total amount of fees paid by the insurer to its qualified independent certified public accountant during the fiscal year in which the nonaudit services are provided;

b. The services were not recognized by the insurer at the time of the engagement to be nonaudit services; and

c. The services are promptly brought to the attention of the audit committee and approved prior to the completion of the audit by the audit committee or by one or more members of the audit committee who are the members of the board of directors to whom authority to grant such approvals has been delegated by the audit committee.

98.7(13) The audit committee may delegate to one or more designated members of the audit committee the authority to grant the preapprovals required by subrule 98.7(12). The decisions of any member to whom this authority is delegated shall be presented to the full audit committee at each of its scheduled meetings.

98.7(14) The commissioner shall not recognize an independent certified public accountant as qualified for a particular insurer if a member of the board, president, chief executive officer, controller, chief financial officer, chief accounting officer, or any person serving in an equivalent position for that insurer was employed by the independent certified public accountant and participated in the audit of that insurer during the one-year period preceding the date that the most current statutory opinion is due. This subrule shall only apply to partners and senior managers involved in the audit. An insurer may make application to the commissioner for relief from the above requirement on the basis of unusual circumstances.

98.7(15) The insurer shall file, with its annual statement filing, the approval for relief from the requirements of subrule 98.7(14) with the states in which it is licensed or doing business and with the NAIC. If the nondomestic state accepts electronic filing with the NAIC, the insurer shall file the approval in an electronic format acceptable to the NAIC.

191—98.8(505) Consolidated or combined audits. An insurer may make written application to the commissioner for approval to file audited consolidated or combined financial statements in lieu of separate annual audited financial statements if the insurer is part of a group of insurance companies which utilizes a pooling or 100 percent reinsurance agreement that affects the solvency and integrity of the insurer's reserves and such insurer cedes all of its direct and assumed business to the pool. In such cases, a columnar consolidating or combining worksheet shall be filed with the report as follows:

1. Amounts shown on the consolidated or combined audited financial report shall be shown on the worksheet.
2. Amounts for each insurer subject to this rule shall be stated separately.
3. Noninsurance operations may be shown on the worksheet on a combined or individual basis.
4. Explanations of consolidating and eliminating entries shall be included.
5. A reconciliation shall be included of any differences between the amounts shown in the individual insurer columns of the worksheet and comparable amounts shown on the annual statements of the insurers.

191—98.9(505) Scope of audit and report of independent certified public accountant. Financial statements furnished pursuant to rule 191—98.5(505) shall be examined by the independent certified public accountant. The audit of the insurer's financial statements shall be conducted in accordance with generally accepted auditing standards. In accordance with AU Section 319 of the Professional Standards of the AICPA, Consideration of Internal Control in a Financial Statement Audit, the independent certified public accountant should obtain an understanding of internal control sufficient to plan the audit. To the extent required by AU Section 319, for those insurers required to file a Management's Report of Internal Control Over Financial Reporting pursuant to rule 191—98.16(505), the independent certified public accountant should consider (as that term is defined in Statement on Auditing Standards (SAS) No.102, Defining Professional Requirements in Statements on Auditing Standards or its replacement) the most recently available report in planning and performing the audit of the statutory financial statements. Consideration shall be given to the procedures illustrated in the

Financial Condition Examiners Handbook promulgated by the NAIC as the independent certified public accountant deems necessary.

[ARC 3145C, IAB 6/21/17, effective 7/26/17]

191—98.10(505) Notification of adverse financial condition.

98.10(1) The insurer required to furnish the annual audited financial report shall require the independent certified public accountant to report, in writing, within five business days to the board of directors or its audit committee any determination by the independent certified public accountant that the insurer has materially misstated its financial condition as reported to the commissioner as of the balance sheet date currently under audit or that the insurer does not meet the applicable minimum capital and surplus requirements of Iowa Code sections 508.5, 508.10, 515.8, 515.10 and 515.12(5) as of that date. An insurer who has received a report pursuant to this rule shall forward a copy of the report to the commissioner within five business days of receipt of such report and shall provide the independent certified public accountant making the report with evidence of the report being furnished to the commissioner. If the independent certified public accountant fails to receive such evidence within the required five-business-day period, the independent certified public accountant shall furnish to the commissioner a copy of its report within the next five business days.

98.10(2) No independent certified public accountant shall be liable in any manner to any person for any statement made in connection with subrule 98.10(1) if such statement is made in good faith in compliance with this rule.

98.10(3) If the accountant, subsequent to the date of the audited financial report filed pursuant to this chapter, becomes aware of facts which might have affected this report, the insurance division notes the obligation of the accountant to take such action as prescribed in Volume 1, AU Section 561 of the Professional Standards of the AICPA.

191—98.11(505) Communication of Internal Control Related Matters Noted in an Audit.

In addition to the annual audited financial report, each insurer shall furnish the commissioner with a written communication as to any unremediated material weaknesses in its internal control over financial reporting noted during the audit. Such communication shall be prepared by the accountant within 60 days after the filing of the annual audited financial report, and shall contain a description of any unremediated material weakness (as the term “material weakness” is defined by Statement on Auditing Standard 60, Communication of Internal Control Related Matters Noted in an Audit, or its replacement) as of December 31 immediately preceding (so as to coincide with the audited financial report discussed in rule 191—98.4(505)) in the insurer’s internal control over financial reporting noted by the accountant during the course of the audit of the financial statements. If no unremediated material weaknesses were noted, the communication should so state. The insurer is required to provide a description of remedial actions taken or proposed to correct unremediated material weaknesses, if the actions are not described in the accountant’s communication.

191—98.12(505) Definition, availability and maintenance of independent certified public accountants’ work papers.

Work papers are the records kept by the independent certified public accountant of the procedures followed, the tests performed, the information obtained, and the conclusions reached pertinent to the accountant’s audit of the financial statements of an insurer. Work papers, accordingly, may include audit planning documentation, work programs, analyses, memoranda, letters of confirmation and representation, abstracts of company documents, and schedules or commentaries prepared or obtained by the independent certified public accountant in the course of the accountant’s audit of the financial statements of an insurer and which support the accountant’s opinion.

98.12(1) Every insurer required to file an audited financial report pursuant to this chapter shall require the accountant to make available for review by insurance division examiners all work papers prepared in the conduct of the accountant’s audit and any communications between the accountant and the insurer that are related to the audit at the offices of the insurer, at the insurance division, or at any other reasonable place designated by the commissioner. The insurer shall require that the accountant

retain the audit work papers and communications until the insurance division has filed a report on examination covering the period of the audit but no longer than seven years from the date of the audit report.

98.12(2) In the conduct of the aforementioned periodic review by the insurance division examiners, it shall be agreed that photocopies of pertinent audit work papers may be made and retained by the division. Such reviews by the division examiners shall be considered investigations, and all work papers and communications obtained during the course of such investigations shall be afforded the same confidentiality as other examination work papers generated by the division.

191—98.13(505) Requirements for audit committees. This rule shall not apply to foreign or alien insurers licensed in this state or to an insurer that is a SOX compliant entity or a direct or indirect wholly owned subsidiary of a SOX compliant entity.

98.13(1) The audit committee shall be directly responsible for the appointment, compensation and oversight of the work of any accountant (including resolution of disagreements between management and the accountant regarding financial reporting) for the purpose of preparing or issuing the audited financial report or related work pursuant to this chapter. Each accountant shall report directly to the audit committee.

98.13(2) The audit committee of an insurer or group of insurers shall be responsible for overseeing the insurer's internal audit function and granting the person or persons performing the function suitable authority and resources to fulfill their responsibilities if required by rule 191—98.14(505).

98.13(3) Each member of the audit committee shall be a member of the board of directors of the insurer or a member of the board of directors of an entity elected pursuant to subrule 98.13(6).

98.13(4) In order to be considered independent for purposes of this rule, a member of the audit committee may not, other than in the member's capacity as a member of the audit committee, the board of directors, or any other board committee, accept any consulting, advisory or other compensatory fee from the entity or be an affiliated person of the entity or any subsidiary thereof. However, if law requires board participation by otherwise nonindependent members, that law shall prevail and such members may participate in the audit committee and be designated as independent for audit committee purposes unless they are officers or employees of the insurer or one of its affiliates.

98.13(5) If a member of the audit committee ceases to be independent for reasons outside the member's reasonable control, that person, with notice by the responsible entity to the state, may remain an audit committee member of the responsible entity until the earlier of the next annual meeting of the responsible entity or one year from the occurrence of the event that caused the member to no longer be independent.

98.13(6) To exercise the election of the controlling person to designate the audit committee for purposes of this chapter, the ultimate controlling person shall provide written notice to the commissioners of the affected insurers. Notification shall be made timely prior to the issuance of the statutory audit report and shall include a description of the basis for the election. The election may be changed through notice to the commissioner by the insurer, which shall include a description of the basis for the change. The election shall remain in effect for perpetuity until rescinded.

98.13(7) The audit committee shall require the accountant that performs for an insurer any audit required by this chapter to timely report to the audit committee in accordance with the requirements of SAS 61, Communication with Audit Committees, or its replacement, including:

- a. All significant accounting policies and material permitted practices;
- b. All material alternative treatments of financial information within statutory accounting principles that have been discussed with management officials of the insurer, the ramifications of the use of the alternative disclosures and treatments, and the treatment preferred by the accountant; and
- c. Other material written communications between the accountant and the management of the insurer, such as any management letter or schedule of unadjusted differences.

98.13(8) If an insurer is a member of an insurance holding company system, the reports required by subrule 98.13(7) may be provided to the audit committee on an aggregate basis for insurers in the holding

company system, provided that any substantial differences among insurers in the system are identified to the audit committee.

98.13(9) The proportion of independent audit committee members shall meet or exceed the following criteria:

Prior Calendar Year Direct Written and Assumed Premiums		
\$0 - \$300 million	Over \$300 million - \$500 million	Over \$500 million
No minimum requirements.	Majority (50 percent or more) of members shall be independent.	Supermajority of members (75 percent or more) shall be independent.

a. The commissioner has the authority to require the entity's board to enact improvements to the independence of the audit committee membership if the insurer is in any RBC action level event, meets one or more of the standards of an insurer deemed to be in hazardous financial condition, or otherwise exhibits qualities of a troubled insurer.

b. Prior calendar year direct written and assumed premiums shall be the combined total of direct premiums and assumed premiums from nonaffiliates for the reporting entities.

98.13(10) An insurer with direct written and assumed premiums, excluding premiums reinsured with the Federal Crop Insurance Corporation and Federal Flood Program, of less than \$500 million may make application to the commissioner for a waiver from the requirements of this rule based upon hardship. The insurer shall file, with its annual statement filing, the approval for relief from this rule with the states that it is licensed in or doing business in and with the NAIC. If the nondomestic state accepts electronic filing with the NAIC, the insurer shall file the approval in an electronic format acceptable to the NAIC.

[ARC 3145C, IAB 6/21/17, effective 7/26/17]

191—98.14(505) Internal audit function requirements.

98.14(1) An insurer is exempt from the requirements of this rule if:

a. The insurer has annual direct written and unaffiliated assumed premiums, including international direct and assumed premiums but excluding premiums reinsured with the Federal Crop Insurance Corporation and Federal Flood Program, of less than \$500 million; and

b. If the insurer is a member of a group of insurers, the group has annual direct written and unaffiliated assumed premiums, including international direct and assumed premiums but excluding premiums reinsured with the Federal Crop Insurance Corporation and Federal Flood Program, of less than \$1 billion.

98.14(2) The insurer or group of insurers shall establish an internal audit function providing independent, objective and reasonable assurance to the audit committee and insurer management regarding the insurer's governance, risk management and internal controls. This assurance shall be provided by performing general and specific audits, reviews and tests and by employing other techniques deemed necessary to protect assets, evaluate control effectiveness and efficiency, and evaluate compliance with policies and rules.

98.14(3) In order to ensure that internal auditors remain objective, the internal audit function must be organizationally independent. Specifically, the internal audit function will not defer ultimate judgment on audit matters to others and shall appoint an individual to head the internal audit function who will have direct and unrestricted access to the board of directors. Organizational independence does not preclude dual-reporting relationships.

98.14(4) The head of the internal audit function shall report to the audit committee regularly, but no less than annually, on the periodic audit plan, factors that may adversely impact the internal audit function's independence or effectiveness, material findings from completed audits and the appropriateness of corrective actions implemented by management as a result of audit findings.

98.14(5) If an insurer is a member of an insurance holding company system or included in a group of insurers, the insurer may satisfy the internal audit function requirements set forth in this rule at the ultimate controlling parent level, an intermediate holding company level or the individual legal entity level.

[ARC 3145C, IAB 6/21/17, effective 7/26/17]

191—98.15(505) Conduct of insurer in connection with the preparation of required reports and documents.

98.15(1) No director or officer of an insurer shall, directly or indirectly:

a. Make or cause to be made a materially false or misleading statement to an accountant in connection with any audit, review or communication required under this chapter; or

b. 98.16(1) Every insurer required to file an audited financial report pursuant to this chapter that has annual direct written and assumed premiums, excluding premiums reinsured with the Federal Crop Insurance Corporation and Federal Flood Program, of \$500 million or more shall prepare a report of the insurer's or group of insurers' internal control over financial reporting. The report shall be filed with the commissioner along with the Communication of Internal Control Related Matters Noted in an Audit described under rule 191—98.11(505). Management's Report of Internal Control Over Financial Reporting shall be as of December 31 immediately preceding.

98.16(2) Notwithstanding the premium threshold in subrule 98.16(1), the commissioner may require an insurer to file Management's Report of Internal Control Over Financial Reporting if the insurer is in any RBC level event or if the insurer meets any one or more of the standards of an insurer deemed to be hazardous to policyholders, creditors or the general public.

98.16(3) An insurer or a group of insurers that is (1) directly subject to Section 404; part of a holding company system whose parent is directly subject to Section 404; not directly subject to Section 404 but is a SOX compliant entity; or a member of a holding company system whose parent is not directly subject to Section 404 but is a SOX compliant entity may file its or its parent's Section 404 Report and an addendum in satisfaction of this rule's requirement provided that those internal controls of the insurer or group of insurers having a material impact on the preparation of the insurer's or group of insurers' audited statutory financial statements (those items included in subrule 98.5(2), paragraphs "b" through "g") were included in the scope of the Section 404 Report. The addendum shall be a positive statement by management that there are no material processes with respect to the preparation of the insurer's or group of insurers' audited statutory financial statements (those items included in subrule 98.5(2), paragraphs "b" through "g") excluded from the Section 404 Report. If there are internal controls of the insurer or group of insurers that have a material impact on the preparation of the insurer's or group of insurers' audited statutory financial statements and those internal controls were not included in the scope of the

Section 404 Report, the insurer or group of insurers may either file (1) a report as described in this rule, or (2) the Section 404 Report and a report as described in this rule for those internal controls that have a material impact on the preparation of the insurer's or group of insurers' audited statutory financial statements not covered by the Section 404 Report.

98.16(4) Management's Report of Internal Control Over Financial Reporting shall include:

a. A statement that management is responsible for establishing and maintaining adequate internal control over financial reporting;

b. A statement that management has established internal control over financial reporting and an assertion, to the best of management's knowledge and belief, after diligent inquiry, as to whether its internal control over financial reporting is effective to provide reasonable assurance regarding the reliability of financial statements in accordance with statutory accounting principles;

c. A statement that briefly describes the approach or processes by which management evaluated the effectiveness of its internal control over financial reporting;

d. A statement that briefly describes the scope of work that is included and whether any internal controls were excluded;

e. Disclosure of any unremediated material weaknesses in the internal control over financial reporting identified by management as of December 31 immediately preceding. Management is not permitted to conclude that the internal control over financial reporting is effective to provide reasonable assurance regarding the reliability of financial statements in accordance with statutory accounting principles if there are one or more unremediated material weaknesses in its internal control over financial reporting;

f. A statement regarding the inherent limitations of internal control systems; and

g. Signatures of the chief executive officer and the chief financial officer (or equivalent position/title).

98.16(5) Management shall document and make available upon financial condition examination the basis upon which its assertions, required in subrule 98.16(4), are made. Management may base its assertions, in part, upon its review, monitoring and testing of internal controls undertaken in the normal course of its activities.

a. Management shall have discretion as to the nature of the internal control framework used, and the nature and extent of documentation, in order to make its assertion in a cost-effective manner and, as such, may include assembly of or reference to existing documentation.

b. Management's Report of Internal Control Over Financial Reporting, required by subrule 98.16(1), and any documentation provided in support thereof during the course of a financial condition examination, shall be kept confidential by the state insurance department.

99.10(2) *Prior approval of certain payments.* An LPS shall submit for prior approval of the commissioner periodic written requests for authorization to make payments of interest on and repayments of principal of surplus notes and other debt obligations issued by the LPS, provided that the commissioner shall not approve such payment if the commissioner determines that such payment would jeopardize the ability of the LPS or any other person to fulfill the person's respective obligations. [ARC 9229B, IAB 11/17/10, effective 12/22/10]

191—99.11(505,508) Investments.

99.11(1) *Administration of assets.* The investment program developed by an LPS shall take into account the safety of the company's assets, investment yield and return, stability in the value of the investment, and liquidity necessary to meet the company's expected business needs and investment diversification. The assets of an LPS shall be preserved and administered by or on behalf of the LPS to satisfy the liabilities and obligations of the LPS incident to the reinsurance contract, the insurance securitization, and other related agreements. For the purposes of this subrule, assets do not include letters of credit and guaranties of a parent. An LPS shall only invest its assets in cash and securities that are investment grade at the time of acquisition, provided, however, that an LPS may invest up to 10 percent of its assets in securities or other investments that are not investment grade at the time of acquisition and that are not:

99.11(3) *Admitted assets.* Admitted assets of the LPS shall include proceeds from a securitization, premium and other amounts payable by a ceding insurer to the LPS, letters of credit, guaranties of a parent, and any other assets approved by the commissioner, which shall be deemed to be, and reported as, admitted assets of the LPS. The commissioner has the authority to reduce the amount of admitted assets previously approved by the commissioner, other than assets already covered by the Accounting Practices and Procedures Manual of the National Association of Insurance Commissioners, if the commissioner determines that the value of those assets has decreased. At least 30 days prior to reducing the amount of admitted assets previously approved, the commissioner shall notify the LPS and provide the LPS an opportunity to remedy the issues identified by the commissioner.

99.11(4) *Loans.* An LPS shall not make a loan to or an investment in any person, other than as permitted in the LPS's plan of operation, without prior written approval of the commissioner, and any

191—99.12(508) *Securities.* An LPS security shall not be subject to regulation as an insurance or reinsurance contract. An investor in such a security or a holder of such a security shall not be considered to be transacting the business of insurance in this state solely by reason of having an interest in the security. The underwriter's placement or selling agents and their partners, commissioners, officers, members, managers, employees, agents, representatives, and advisors involved in an insurance securitization by an LPS shall not be considered to be insurance producers or brokers or to be conducting business as an insurance or reinsurance company or as an insurance agency, brokerage, intermediary, advisory, or consulting business solely by virtue of their underwriting activities in connection with such securitization.

[ARC 9229B, IAB 11/17/10, effective 12/22/10]

191—99.13(505,508) *Permitted reinsurance.*

99.13(1) An LPS may reinsure, pursuant to a reinsurance contract, only the risks of a ceding insurer.

99.13(3) An LPS may cede risks assumed through a reinsurance contract to one or more reinsurers through the purchase of reinsurance, subject to the prior approval of the commissioner.

99.13(4) An LPS may enter into contracts and conduct other commercial activities related or incidental to and necessary to fulfill the purposes of a reinsurance contract, an insurance securitization, and this chapter, provided such contracts and activities are included in the LPS's plan of operation or are otherwise approved in advance by the commissioner. 191—99.14(505,508) *Certification of actuarial officer.* At the time an LPS files an application for a certificate of authority pursuant to subrule 99.5(2) and thereafter by March 1 of each year that an LPS is in operation and is ceded new business from a ceding insurer, a senior actuarial officer of each ceding insurer shall file with the commissioner a certification that the ceding insurer's transactions with an LPS are not being used to gain an unfair advantage in the pricing of the ceding insurer's products. A ceding insurer shall not be deemed to have an unfair advantage if the pricing of the policies and contracts reinsured by the LPS reflects, at the time those policies and contracts were issued, a reasonable long-term estimate of the cost to the ceding insurer of an alternative third-party transaction and utilizes current pricing

assumptions. The ceding insurer shall keep documentation between examinations that sets forth how a senior actuarial officer arrived at the conclusions in the certification.

b. *Appeal.* An applicant that desires to contest the denial of an application may request a contested case proceeding pursuant to 191—Chapter 3 within 30 calendar days of the date the notice of denial is mailed. 100.23(2) A surety bond claimant, for purposes of this rule, includes any purchaser whose purchase agreement predates the effective date of the surety bond or was executed during the surety bond's period of coverage and whose purchase agreement has not been rescinded, fulfilled, or secured by another bond, by other insurance, or by trust funds.

100.23(3) Except as provided in subrule 100.23(6), no suit or action shall be commenced by a surety bond claimant later than one year after the expiration date of the surety bond.

100.23(4) Any surety bond claimant as set forth in subrule 100.23(2) may maintain an action on the surety bond. A surety's aggregate liability shall not exceed the penal sum of the bond.

100.23(5) A surety shall not cancel a surety bond except upon written notice of cancellation given by the surety to the commissioner by certified mail. The effective date of the cancellation shall not be less than 60 days after the commissioner receives the surety's notice. The surety shall specify the reason for the cancellation.

100.23(6) The surety shall not be liable for any surety bond claim related to the preneed seller's insolvency or cessation of business unless the surety claim is made within five years of the date of insolvency or business cessation.

100.23(7) If the surety notifies the preneed seller that the surety intends to cancel a surety bond, the preneed seller, within 30 days, shall:

- a. Submit to the commissioner a substitute surety bond complying with this rule; or
- b. Deposit funds in an amount as required by Iowa Code chapter 523A to a trust account established by the preneed seller.

100.23(8) A preneed seller shall maintain an adequate surety bond and shall continuously monitor the surety amount to assure its adequacy. The surety bond amount shall be calculated based on the value of the purchase agreements sold and not performed or canceled and for which no trust fund or insurance is in place.

191—100.31(523A) Advertisements, sales practices and disclosures.

100.31(1) Advertising.

a. A preneed seller or sales agent shall not engage in any act or practice that violates Iowa Code section 523A.702 or 523A.703, whether or not actual harm or injury occurs, including but not limited to making untrue or improbable statements in advertisements.

b. An advertisement for the solicitation or sale of a purchase agreement which is to be funded by insurance shall adequately disclose the following:

- (1) The fact that insurance is to be involved or used to fund a purchase agreement, and
- (2) The nature of the relationship among the sales agent, the preneed seller, the provider of merchandise or services, and any other person.

100.31(2) *Unethical, harmful or detrimental sales practices.* A preneed seller or sales agent shall not engage in any act or practice which may be harmful or detrimental to the public, whether or not actual harm or injury occurs, while engaged in activities regulated by Iowa Code chapter 523A, or materially related to such activity, including but not limited to:

a. Encouraging cancellation of a purchase agreement if cancellation is not in the best interests of the purchaser.

b. Encouraging a change in the funding method of a purchase agreement, including a change from one insurance company to another, if the change is not in the best interest of the purchaser.

c. Failure to leave a residence when requested to do so.

d. Intimidation or physical abuse, including improper sexual contact or conduct.

e. Any other act or practice that takes unfair or unreasonable advantage of the vulnerability of a purchaser or prospective purchaser based on age, poor health, infirmity, impaired understanding, restricted mobility, or disability.

100.31(3) *Disclosures.*

a. Reserved.

b. Prior to accepting an application, initial premium, or deposit for insurance which is to fund a purchase agreement, a preneed seller or sales agent must adequately disclose to the potential purchaser in writing all of the following:

(1) The relationship of the insurance to the funding of the purchase agreement and the nature and existence of any guarantees relating to the purchase agreement.

(2) The impact on the purchase agreement of any of the following:

1. Changes in the insurance including, but not limited to, changes in the assignment, beneficiary designation or use of the proceeds;

2. Penalties to be incurred by the policyholder as a result of failure to make premium payments;

3. Penalties to be incurred or moneys to be received as a result of cancellation or surrender of the insurance.

(3) All merchandise or services to be supplied pursuant to the contract or purchase agreement and all relevant information concerning the price of the funeral services, including an indication that the purchase price is either guaranteed at the time of purchase or to be determined at the time of need.

(4) All relevant information concerning what occurs and whether any entitlements or obligations arise if there is a difference between the proceeds of the insurance and the amount actually needed to fund the purchase agreement.

(5) Any penalties including, but not limited to, penalties for the inability of the preneed seller to deliver merchandise or services or to fulfill the purchase agreement guarantee.

(6) Any restrictions including, but not limited to, geographic restrictions.

(7) Whether any sales commission or other form of compensation is being paid related to the insurance and the identity of the individual or entity to which the compensation is to be paid. It is not necessary that the amount be disclosed.

c. Reserved.

d. Regardless of the type of funding for the purchase agreement, at the time of providing a written itemized cost estimate for the purchase of preneed merchandise or services:

(1) The sales agent shall provide to the potential purchaser a copy of the Iowa insurance division's Guide to Prearranged Funeral Plans, or a document in similar format and with substantially similar language.

(2) The sales agent shall include on the cost estimate clear statements indicating:

1. The date after which the estimate or proposal expires.
2. That prices are subject to change after the cost proposal expires.
3. That the prices provided are a nonbinding estimate and do not create a binding contract or agreement with the preneed seller.

(3) The sales agent shall provide a copy of the cost estimate to the potential purchaser and shall retain a copy of the cost estimate in the preneed seller's records for at least five years.

For purposes of this rule, a price list is not a cost estimate.

e. Regardless of the type of funding for the purchase agreement, a purchase agreement that describes the purchase price as "guaranteed" shall disclose the nature and details of the guarantee. For items described as "guaranteed," the purchaser, beneficiary and the beneficiary's estate shall not be obligated to pay additional costs if costs at the time merchandise or services are delivered or provided are greater than the funds available from the allocable portion of payments and accumulated income or growth, as long as the funding is not limited in any manner, such as by the failure to make contractual or premium payments.

f. If a purchase agreement is to be funded by a trust, the purchase agreement shall disclose that 100 percent of all payments related to merchandise or services described in the purchase agreement as "nonguaranteed" shall be placed in trust in accordance with Iowa Code section 523A.201(2).

191—100.32 Reserved.

191—100.33(523A) Records maintenance and retention.

100.33(1) *By preneed sellers.*

a. Time for retaining records. If no other legal provision governs record retention, a preneed seller shall keep all records required to be kept by this rule either from the date of the preneed seller's last examination by the commissioner or for a minimum of five years after the date of the death of the beneficiary, whichever is sooner.

b. Confidentiality. The preneed seller shall keep social security numbers confidential.

c. Sales log and numbering of purchase agreements. A preneed seller shall maintain a sales log of purchase agreements, assigning numbers in sequential order to each purchase agreement sold during a calendar year.

(1) Prenumbered contracts are not required. If a contract is not prenumbered, the sales agent shall write the contract number on the purchase agreement at the time it is executed or in a document provided later to the purchaser.

(2) The copy of the purchase agreement given to the purchaser shall include the contract number assigned to the purchase agreement.

(3) If a correction to the contract number is required, the correction shall be recorded in the sales logs, and documentation that retains evidence of the initial number used shall be maintained.

(4) Preneed sellers shall use the following numbering system, unless they receive written permission from the commissioner to use a different system.

1. The first portion of the number shall be the year the contract was written.

2. The second portion of the number shall be sequential and indicate the number of contracts executed by the preneed seller, to date, in the applicable calendar year.

3. Additional suffixes may be used as follows:

- A preneed seller with multiple locations may use a suffix to identify each location by number.

- A preneed seller with multiple sales agents may use a numerical suffix to identify the sales agent.

4. Each part of the number shall be separated by a hyphen.

An example of the numbering system is provided on the commissioner's Web site.

d. Transaction records. A preneed seller shall document all transactions with purchasers and prospective purchasers and maintain accurate copies and records of all purchase agreements.

e. Deposit records. Preneed sellers shall maintain records of all deposits made into accounts related to purchase agreements. If purchase agreement payments made to a preneed seller and funds not related to a purchase agreement are commingled and deposited together in a single account, or if a deposit to an account involves purchase agreement payments related to more than one purchase agreement, the preneed seller shall retain a detailed summary of each deposit showing the amounts related to the different purchase agreements.

f. Record of sales agents. A preneed seller shall maintain a list of all sales agents who sold purchase agreements on behalf of the preneed seller during each calendar year. The records shall include the license number of each sales agent and the dates of the sales agent's employment. Upon the commissioner's request, these records shall be provided to the commissioner.

100.33(2) *By sales agents.* A sales agent shall maintain a sales log for a minimum of five years after the sale. The sales log shall include all of the information required for the sales agent's annual report. Instructions and an example are available on the commissioner's Web site.

191—100.34(523A) Changes in funding methods for or terms of purchase agreements. When a preneed seller or sales agent changes the funding method for a prepaid purchase agreement, this rule applies.

100.34(1) *Change in funding of a purchase agreement.* When a purchaser changes the funding source for a purchase agreement from a bank account or trust account to funding through insurance, or from insurance funding from one insurance company to another:

a. This type of change is deemed to be an amendment to the purchase agreement, not a cancellation of the original purchase agreement.

b. The amendment to the purchase agreement may include other minor updates to the statement of goods and services.

c. The preneed seller shall do all of the following:

(1) Obtain a written, signed and dated statement from the purchaser requesting the change in funding and acknowledging the transaction in a way that demonstrates the purchaser understood the change in funding transaction. A copy of the signed statement shall be provided to the purchaser, and a copy shall be retained by the preneed seller.

(2) Describe the change in funding in a written amendment to the purchase agreement. The amendment shall be signed and dated by the purchaser and the preneed seller. A copy of the signed amendment shall be provided to the purchaser, and a copy shall be retained by the preneed seller.

(3) If the funding change is from a bank account to an insurance account, record the amendment on the preneed seller's annual report as a reduction in cash accounts and an increase in insurance accounts.

(4) If the funding change is from a trust account to an insurance account:

1. Confirm that the policy shall have an increasing benefit, as specified in Iowa Code section 523A.401(6).

2. Record the amendment on the preneed seller's annual report as both a withdrawal from trust and an addition of insurance. Instructions are available on the commissioner's Web site.

3. Comply with record-keeping and reporting requirements for the sale of new insurance in Iowa Code sections 523A.401 and 523A.402.

(5) If the change in funding is from one insurance company to another:

1. Document compliance with the disclosure requirements of rule 191—15.8(523A).

2. Comply with the replacement requirements of rule 191—16.24(507B).

3. Record the amendment on the preneed seller's annual report as a change in funding from one insurance company to another. Instructions are available on the commissioner's Web site.

(6) For record maintenance purposes, use the number for the original purchase agreement, not a new assigned number.

100.34(2) *Cancellation of a purchase agreement.* When a purchaser makes substantive changes to a purchase agreement:

a. This type of change is deemed to be a cancellation of the existing purchase agreement and requires the preneed seller to execute a new purchase agreement.

b. The preneed seller shall do all of the following:

(1) Obtain a written signed and dated statement from the purchaser which cancels the existing purchase agreement. A copy of the signed statement shall be provided to the purchaser, and a copy shall be retained by the preneed seller.

(2) Obtain a written signed and dated statement from the purchaser which demonstrates that the purchaser understood the change from one purchase agreement to the other. A copy of the signed statement shall be provided to the purchaser, and a copy shall be retained by the preneed seller.

(3) Comply with the rescission requirements of Iowa Code section 523A.602.

(4) For record maintenance purposes, assign a new number for the new purchase agreement.

(5) Record the cancellation of the initial purchase agreement on its annual report.

191—100.35(523A) Preneed seller's change of ownership and cessation of business operations.

100.35(1) *Sale or transfer of purchase agreements or of business.* A preneed seller shall not change ownership of a business, sell all or part of a business, cease business, or sell or transfer purchase agreements as part of the sale of a business or the assets of a business, unless:

a. The preneed seller has notified the commissioner of the change at least 90 days prior to the sale or transfer.

b. The person receiving assets and purchase agreements has an active preneed seller's license at the time of the sale or transfer.

c. A certified public accountant has performed and filed with the commissioner an agreed-upon procedures (AUP) report or other audit acceptable to the commissioner, as required by Iowa Code section 523A.207.

d. The commissioner has conducted an examination of the sales and market practices of the preneed seller, if the commissioner requests.

e. The preneed seller has provided the commissioner with any other information required for the commissioner to approve the sale or transfer.

100.35(2) *Cessation of business by a preneed seller.* At least 90 days prior to the cessation of business operations, if a preneed seller voluntarily or involuntarily ceases doing business, and the preneed seller's obligation to provide merchandise or services has not been assumed by another preneed seller holding an active preneed seller's license, the preneed seller shall:

a. Send a notice to the commissioner, in a manner as directed by the commissioner. Pursuant to subrule 100.10(3), the commissioner shall place the preneed seller's license on restricted status when the preneed seller ceases doing business.

b. Send written notice of the proposed cessation of business to the purchaser and beneficiary, if different than the purchaser, of each purchase agreement by certified mail, return receipt requested. The notice shall indicate the preneed seller's ability to transfer any trust funds and transfer the proceeds from any insurance to another licensed preneed seller.

c. During the 90 days prior to the cessation of business operations, the preneed seller shall work with financial institutions and insurance companies to modify the title to financial accounts and modify assignments and ownership of annuities and insurance policies as necessary or distribute trust funds to the purchaser or transfer to another licensed preneed seller.

100.35(3) *Failure to notify the commissioner of a change of ownership, sale of a business, or cessation of business.*

a. A preneed seller's failure to notify the commissioner, as set forth in this rule, of a change of ownership of a business, sale of all or part of a business, cessation of business, or sale or transfer of purchase agreements as part of the sale of a business or the assets of a business may be a ground for penalty under rule 191—100.40(523A) or 191—100.41(523A).

b. If trust funds are transferred without compliance with this rule or with Iowa Code sections 523A.207 and 523A.602, the commissioner may petition for the appointment of a receiver pursuant to Iowa Code section 523A.811.

100.35(4) Annual reports. A preneed seller holding a restricted license shall continue to file annual reports pursuant to Iowa Code section 523A.204 regarding any purchase agreement not transferred to another seller holding a current preneed seller's license through an assumption agreement or otherwise.

For purposes of this rule, the sale of a business shall include any change of controlling interest in any corporation or other business entity.

i. Inability to perform.

(1) Inability to provide the merchandise or services which the licensee purports to sell, including but not limited to failing to employ or have a contractual arrangement with at least one person who is licensed to perform mortuary science services, as described in Iowa Code chapter 156, if such services are included in a purchase agreement.

Notice shall be sent by regular mail to the sales agent's last-known address.

(2) The notice shall contain the following items:

3. A statement that the sales agent's application, request for renewal or current license will be suspended if the certificate of noncompliance is not withdrawn;

5. A statement that the filing of an application with the district court will stay the proceedings of the commissioner; and
6. A copy of the certificate of noncompliance.

(3) The filing of an application for hearing with the district court will stay all suspension proceedings until the commissioner is notified by the district court of the resolution of the application.

(4) If the commissioner does not receive a withdrawal of the certificate of noncompliance from the CSRU or a notice from a clerk of court that an application for hearing has been filed, the commissioner

shall suspend the sales agent's application, request for renewal or current license 30 days after the notice is issued.

(5) Upon receipt of a withdrawal of the certificate of noncompliance from the CSRU, suspension proceedings shall halt, and the named sales agent shall be notified that the proceedings have been halted. If the sales agent's license has already been suspended, the license shall be reinstated if the sales agent is otherwise in compliance with rules issued by the commissioner. Alternatively, the applicant or licensed sales agent may accept service personally or through authorized counsel.

(3) The notice shall contain the following items:

1. A statement that the commissioner intends to deny the sales agent's application or request for renewal or suspend the sales agent's license in 60 days;

2. A statement that the sales agent must contact the CSAC to request a withdrawal of the certificate of noncompliance;

3. A statement that the sales agent's application or request for renewal will be denied or the sales agent's license will be suspended if the certificate of noncompliance is not withdrawn or, if the current license is on suspension, a statement that the sales agent's license will be revoked;

4. A statement that the sales agent does not have a right to a hearing before the commissioner, but that the sales agent may file an application for a hearing in district court pursuant to Iowa Code section 261.127;

5. A statement that the filing of an application with the district court will stay the proceedings of the commissioner; and

6. A copy of the certificate of noncompliance.

(4) The effective date of revocation or suspension of a sales agent license, as specified in the notice required by Iowa Code section 261.126, shall be 60 days after service of the notice upon the sales agent.

(5) In the event an applicant or licensed sales agent timely files a district court action pursuant to Iowa Code section 261.127, the commissioner's suspension proceedings will be stayed until the commissioner is notified by the district court of the resolution of the application. Upon receipt of a court order lifting the stay, or otherwise directing the commissioner to proceed, the commissioner shall continue with the intended action described in the notice. For purposes of determining the effective date of the denial of the issuance or renewal of a sales agent license, the commissioner shall count the number of days before the action was filed and the number of days after the court disposed of the action.

(6) If the commissioner does not receive a withdrawal of the certificate of noncompliance from the CSAC or a notice from a clerk of court that an application for hearing has been filed, the commissioner shall suspend the sales agent's application, request for renewal or current sales agent license 60 days after the notice is issued.

(7) Upon receipt of a withdrawal of the certificate of noncompliance from the CSAC, suspension proceedings shall halt, and the named sales agent shall be notified that the proceedings have been halted. If the sales agent's license has already been suspended, the license shall be reinstated if the sales agent is otherwise in compliance with rules issued by the commissioner. All fees required for license renewal

or license reinstatement must be paid by sales agents, and all continuing education requirements must be met before a sales agent license will be renewed or reinstated after a license suspension or revocation pursuant to Iowa Code section 261.126.

(8) The commissioner shall notify the sales agent in writing through regular first-class mail, or such other means as the commissioner deems appropriate in the circumstances, within ten days of the effective date of the suspension or revocation of a sales agent license, and shall similarly notify the sales agent when the sales agent's license is reinstated following the commissioner's receipt of a withdrawal of the certificate of noncompliance.

(9) Notwithstanding any statutory confidentiality provision, the commissioner may share information with the CSAC for the sole purpose of identifying a sales agent subject to enforcement under Iowa Code chapter 261.

l. Suspension for failure to pay state debt.

(1) The commissioner shall deny the issuance or renewal of a sales agent license upon receipt of a certificate of noncompliance from the centralized collection unit of the department of revenue according to the procedures in Iowa Code chapter 272D. In addition to the procedures set forth in Iowa Code chapter 272D, this subrule shall apply.

(2) Upon receipt of a certificate of noncompliance from the centralized collection unit of the department of revenue according to the procedures set forth in Iowa Code chapter 272D, the commissioner shall issue a notice to the sales agent that the sales agent's pending application for licensure, pending request for renewal, or current sales agent license will be suspended 60 days after the date of the notice. Notice shall be sent to the sales agent's last-known address by restricted certified mail, return receipt requested, or by personal service in accordance with the Iowa Rules of Civil Procedure. Alternatively, the applicant or licensed sales agent may accept service personally or through authorized counsel.

(3) The notice shall contain the following items:

1. A statement that the commissioner intends to suspend the sales agent's application, request for renewal or current sales agent license in 60 days;
2. A statement that the sales agent must contact the centralized collection unit of the department of revenue to schedule a conference or to otherwise obtain a withdrawal of the certificate of noncompliance;
3. A statement that the sales agent's application, request for renewal or current sales agent license will be denied or suspended if the commissioner does not receive a withdrawal of the certificate of noncompliance from the centralized collection unit of the department of revenue within 60 days of the issuance of notice under this rule; or, if the current sales agent license is on suspension, a statement that the sales agent's current sales agent license will be revoked;
4. A statement that the sales agent does not have a right to a hearing before the commissioner, but that the sales agent may file an application for a hearing in district court pursuant to Iowa Code section 272D.9;
5. A statement that the filing of an application with the district court will stay the proceedings of the commissioner; and
6. A copy of the certificate of noncompliance.

(4) Sales agents shall keep the commissioner informed of all court actions and all actions taken by the centralized collection unit of the department of revenue, and sales agents shall provide to the commissioner, within seven days of filing or issuance, copies of all applications filed with the district court pursuant to all court orders entered in such actions and copies of all withdrawals of certificates of noncompliance by the centralized collection unit of the department of revenue.

(5) The effective date of revocation or suspension of a sales agent license shall be 60 days following service of the notice upon the applicant or sales agent.

(6) In the event an applicant or licensed sales agent timely files a district court action following service of a notice by the commissioner, the commissioner's suspension proceedings will be stayed until the commissioner is notified by the district court of the resolution of the application. Upon receipt of a court order lifting the stay, or otherwise directing the commissioner to proceed, the commissioner shall continue with the intended action described in the notice. For purposes of determining the effective date

of the denial of the issuance or renewal of a sales agent license, the commissioner shall count the number of days before the action was filed and the number of days after the court disposed of the action.

(7) If the commissioner does not receive a withdrawal of the certificate of noncompliance from the centralized collection unit of the department of revenue or a notice from a clerk of court that an application for hearing has been filed, the commissioner shall suspend the sales agent's application, request for renewal or current sales agent license 60 days after the notice is issued.

(8) Upon receipt of a withdrawal of the certificate of noncompliance from the centralized collection unit of the department of revenue, suspension proceedings shall halt, and the named sales agent shall be notified that the proceedings have been halted. If the sales agent's license has already been suspended, the license shall be reinstated if the sales agent is otherwise in compliance with this chapter. All fees required for license renewal or license reinstatement must be paid by the sales agent, and all continuing education requirements must be met before a sales agent license will be renewed or reinstated after a license suspension or revocation pursuant to Iowa Code chapter 272D.

(9) The commissioner shall notify the sales agent in writing through regular first-class mail, or such other means as the commissioner deems appropriate in the circumstances, within ten days of the effective date of the suspension or revocation of a sales agent license, and shall similarly notify the sales agent when the sales agent license is reinstated following the commissioner's receipt of a withdrawal of the certificate of noncompliance.

(10) Notwithstanding any statutory confidentiality provision, the commissioner may share information with the centralized collection unit of the department of revenue for the sole purpose of identifying sales agents subject to enforcement under Iowa Code chapter 272D.

191—100.41(523A) Disciplinary procedures.

100.41(1) Investigations. The commissioner is authorized by Iowa Code sections 17A.13(1) and 523A.803 to conduct such investigations as the commissioner deems necessary to determine whether any person has violated or is about to violate Iowa Code chapter 523A. The commissioner is authorized to issue and enforce subpoenas to compel testimony and to compel the production of books and records, as more fully described in Iowa Code section 523A.803. Upon the commissioner's determination that probable cause exists to commence a disciplinary proceeding, the procedures contained in 191—Chapter 3 shall apply.

100.41(2) Legal relationship of sales agent to preneed seller. For purposes of Iowa Code section 523A.502(1), a sales agent offering preneed services on behalf of a preneed seller is deemed to have a legal relationship as an agent of the preneed seller. The determination of whether a sales agent and a preneed seller have a principal-agent relationship will be made by the commissioner based on the totality of the circumstances surrounding the business relationship.

100.41(3) Factors used to determine whether a preneed seller has agreed to provide merchandise or services.

a. Unless the lack of a mutual agreement has been appropriately documented in the preneed seller's preneed purchaser file records, a preneed seller has agreed "to furnish cemetery merchandise, funeral merchandise, funeral services, or a combination thereof" and received an "initial payment," for purposes of Iowa Code section 523A.102(23), if:

(1) A sales agent of the preneed seller has met in person, or had an interactive discussion by telephone or another form of electronic communication, and discussed specific items of merchandise or services and the price of the applicable merchandise or services with a potential purchaser and the potential purchaser did any of the following:

1. Transferred ownership of insurance to the preneed seller,
2. Assigned proceeds of insurance to the preneed seller, or
3. Established a financial account made payable on death to the preneed seller.

(2) A sales agent of the preneed seller has met in person, or had an interactive discussion by telephone or another electronic communication, and discussed specific items of merchandise or services and the applicable prices with the owner of a financial account for which the preneed seller has been

named as the pay-on-death beneficiary to receive funds upon the death of the owner of the financial account.

b. Written documents retained in the preneed seller's records may rebut the presumption that a purchase agreement exists.

100.41(4) Penalties. Persons violating Iowa Code chapter 523A, this chapter, or any associated rules or implementing orders may be subject to one or more of the following penalties.

a. Pursuant to Iowa Code sections 523A.204(4) and 523A.502A, the failure of a licensee to timely file an annual report shall result in the license being placed on restricted status. The licensee is not authorized to solicit or execute or amend any purchase agreement under Iowa Code chapter 523A until the license has been reinstated.

b. If the commissioner issues or renews a license and subsequently determines that the payment method was declined or returned without payment to the commissioner, the license shall be immediately placed on restricted status until the payments are made and any fees or penalties charged by the commissioner are paid, at which time the license may be reinstated at the request of the applicant.

c. The commissioner may impose the disciplinary sanctions of Iowa Code chapter 523A, and of this chapter, alone or in combination, against a preneed seller or sales agent, or as a condition of licensure of an applicant for a preneed seller license or sales agent license or as a condition of renewal of a license. Sanctions include but are not limited to the following:

- (1) Issuing a warning letter or a letter of reprimand.
- (2) Requiring additional education or training.
- (3) Requiring certain specified procedures or methods of operation.
- (4) Ordering the payment of consumer restitution.
- (5) Placing a licensee on probationary status with or without the imposition of reasonable conditions to control or monitor conduct, such as periodic reports.
- (6) Imposing costs associated with the commissioner's investigation and enforcement activities.
- (7) Imposing any other sanction allowed by law.

d. A person with a restricted or expired license is subject to disciplinary action, injunctive action, criminal sanctions and any other available legal remedies in the event of any violation of Iowa Code chapter 523A, or any rules adopted or orders issued pursuant thereto.

CHAPTER 101
BURIAL SITES AND CEMETERIES

191—101.1(523I) Purpose. This chapter is intended to implement and administer the provisions of Iowa Code chapter 523I as amended by 2016 Iowa Acts, House File 2394, which regulates burial sites and cemeteries.

[ARC 2810C, IAB 11/9/16, effective 12/14/16]

191—101.2(523I) Definitions. For purposes of this chapter, the definitions of Iowa Code chapter 523I are incorporated by reference. In addition, the following definitions shall apply:

“*Division*” means the Iowa insurance division, supervised by the commissioner pursuant to Iowa Code section 505.8, in the division’s performance of the duties of the commissioner under Iowa Code chapters 505 and 523I.

“*Net appreciation*” means the amount by which cumulative capital gains exceed the sum of the capital losses.

[ARC 2810C, IAB 11/9/16, effective 12/14/16]

191—101.3(523I) Examination expenses assessment. If the division performs an on-site examination of a perpetual care cemetery pursuant to Iowa Code section 523I.213A, the perpetual care cemetery shall pay the division fee of \$150. The fee will not be assessed more than once every five years. In addition, the division reserves the right, in special circumstances, or for investigative examinations for cause, as often as necessary, to assess actual costs of examiners’ time, travel, meals and lodging. The fee or costs may be waived by the division, in the division’s sole discretion.

[ARC 2810C, IAB 11/9/16, effective 12/14/16]

191—101.4(523I) Sale of insurance. The offer to provide cemetery merchandise or services for a death in the future, including the death of the purchaser, of a beneficiary, or of a person other than the purchaser or beneficiary, except if it is the sale of a purchase agreement in compliance with Iowa Code chapter 523A and 191—Chapter 100, is the offer to sell insurance, and the cemetery merchandise or services cannot be sold unless they are both of the following:

101.4(1) Sold by an insurance producer licensed in Iowa.

101.4(2) Underwritten by an insurance company authorized to sell insurance in Iowa.

[ARC 2810C, IAB 11/9/16, effective 12/14/16]

191—101.5(523I) Notice of disinterment. The notice filed by a cemetery reporting a disinterment pursuant to Iowa Code section 523I.309(6) shall include a description of the error, the reason the error occurred, the identity of all parties in interest, the date of the initial interment, the identity of the remains being relocated, the location where the disinterment will occur, and the location of the new interment space. The division and parties in interest may waive the notice required by Iowa Code section 523I.309(6) if all parties in interest have otherwise received notice of the action and consented to the disinterment and relocation.

[ARC 2810C, IAB 11/9/16, effective 12/14/16]

191—101.6(523I) Cemeteries owned or operated by a governmental subdivision.

101.6(1) *Governmental subdivision deemed trustee.* A governmental subdivision holding care fund amounts shall be deemed the trustee of the care fund for purposes of Iowa Code chapter 523I unless a care fund trust agreement provides otherwise.

101.6(2) *Governmental subdivision’s adoption of ordinance to create care fund.* For purposes of Iowa Code section 523I.502, if a governmental subdivision adopts an ordinance or resolution as required by Iowa Code section 523I.502 with the language set forth on the division’s Web site, www.iid.iowa.gov, or alternate similar language approved in writing by the division, the division shall deem the action as creating a care fund trust agreement for a perpetual care cemetery.

[ARC 2810C, IAB 11/9/16, effective 12/14/16]

191—101.7(523I) Commingling of care fund accounts.

101.7(1) *Generally, commingling not permitted.* Except as otherwise provided in subrules 101.7(2) and 101.7(3), the assets of a care fund may not be commingled with the assets of another care fund or with any other fund's assets.

101.7(2) *Other care funds.* The assets of one or more care funds may be commingled in a single financial account for investment purposes if separate title and separate accounting are maintained for each cemetery's care fund.

101.7(3) *Governmental subdivisions.* A governmental subdivision may commingle care funds pursuant to Iowa Code section 523I.506.
[ARC 2810C, IAB 11/9/16, effective 12/14/16]

191—101.8(523I) Distribution of care fund amounts using a total return distribution method.

101.8(1) *Purpose.* This rule is authorized by Iowa Code section 523I.811(2) and is intended to encourage care fund investments in appreciating assets that will produce higher care fund income levels created by growth in the care fund principal.

101.8(2) *Definition of "total return distribution method."* For purposes of this rule, a "total return distribution method" is a plan for distributing care fund amounts which takes into account both income (interest and dividends) earned by the care fund and capital appreciation (the change in the market value) of the care fund's assets. A total return distribution method takes into account the estimated rate of return to ensure growth of the care fund over time.

101.8(3) *Principal of care fund.* The principal of a care fund required by Iowa Code section 523I.806 shall remain available as a funding source for care of the cemetery. A cemetery shall not reduce the principal of a care fund voluntarily, except for the distribution of income. Pursuant to Iowa Code section 523I.811(2), the commissioner, by this rule, establishes terms and conditions under which a care fund trustee or, in the event of multiple trustees, a majority of the trustees, may, in the trustee's or trustees' sole discretion and without approval of a court, adopt a total return distribution method for the distribution of care fund income, subject to the terms and conditions of this rule.

a. In maintaining accounts for the care fund, the trustee or trustees shall maintain separate accountings of principal and of income.

b. The care fund trust's governing instrument must clearly manifest intent to use a total return distribution method. Conversion to an investment policy utilizing the total return distribution method shall not conflict with or affect any provision of the trust agreement, if any, regarding the distribution of principal. If the trust agreement indicates intent that net appreciation shall not be expended, the trust may not use the total return distribution method. The care fund trust's governing instrument shall clearly indicate how the reserve account shall be established and administered.

c. Distributions permitted under the total return distribution method shall be paid from the following sources in the order listed:

- (1) Income; and
- (2) If permitted by paragraph 101.8(6)"a," principal.

d. The distributions under the total return distribution method shall be used in any manner determined to be in the best interests of the cemetery if authorized by a resolution, bylaw, or other action or instrument establishing the care fund, including but not limited to the following: the general care of memorials; memorialization; cutting and trimming lawns, shrubs, and trees at reasonable intervals; maintaining drains, water lines, roads, buildings, fences, and other structures; maintaining machinery, tools, and equipment; compensating maintenance employees; paying insurance premiums; making payments to maintenance employees' pension and benefit plans; paying expenses necessary to maintain ownership, transfer, and interment records of the cemetery; capital improvements; and paying overhead expenses incidental to such purposes.

e. The trustee or trustees shall, not less than annually, determine the fair market value of each asset of the care fund that consists primarily of real property or other property that is not traded on a regular basis in an active market, by appraisal or other reasonable method or estimate. That determination, if made reasonably and in good faith, shall be conclusive as to all persons interested in the care fund.

101.8(4) *Trustee to exercise care and prudence.* The trustee or trustees shall exercise ordinary business care and prudence regarding the investment of care fund amounts, by considering the following:

a. The Probate Code, Iowa Code chapter 633;
b. The Uniform Prudent Investor Act, Iowa Code sections 633A.4301 through 633A.4309;
c. Present and anticipated financial requirements of the cemetery, including but not limited to the following: the cemetery's need to fund the current and long-term expenses of care and maintenance; expected total return from income and appreciation of principal; price level trends of equity and fixed income investments; needs for liquidity; regularity of income; preservation or appreciation of capital; general economic conditions; the possible effect of inflation or deflation; and the retention of income and net appreciation to adjust for inflation.

101.8(5) *Adoption and implementation of a total return distribution method.*

a. Prior to implementation of a total return distribution method, the trustee or trustees shall do all of the following:

(1) Adopt a written investment and distribution policy under which future distributions from the care fund will be total return distribution amounts rather than net income distribution amounts.

1. The investment goals and objectives shall be to achieve principal growth through equity investment; current income through income investments; and an appropriate balance between:

- Maintaining purchasing power through principal appreciation; and
- Generating current income to support the cemetery's current requirements for care and maintenance.

2. The trustee or trustees shall treat the net appreciation, realized and unrealized, in the fair value of the assets of a care fund as if it were net income of the care fund for purposes of determining the amount available for distributions, from time to time, from the care fund.

(2) Ninety days prior to implementation of the total return distribution method, file with the division a request for the division's approval of the proposed plan for use of the total return distribution method. The request shall include copies of the following:

1. The care fund governing instrument.
2. The written election adopting the total return distribution method.
3. The written investment and distribution policy required by paragraph 101.8(5) "a."
4. Evidence of the existence of any reserve fund required and information explaining how the amount of the reserve fund was calculated.
5. Other information requested by the division.

(3) Immediately before the implementation of the total distribution return method, determine the fair market value of the care fund's assets and maintain records of the fair market value and the evidence used to make that determination to comply with paragraph 101.8(8) "a."

b. The division may limit or prohibit adoption of a total return distribution method by a care fund for any of the following reasons:

(1) The trustee or trustees and any investment manager are not able to demonstrate sufficient knowledge and expertise regarding effective implementation of the total return distribution method.

(2) Trust assets cannot be adequately valued at market value.

(3) Terms of the care fund governing instrument are inconsistent.

c. The division shall notify the trustee or trustees of its decision regarding approval of the implementation plan. If the division does not approve of the plan, the total return distribution method may not be implemented.

101.8(6) *Amount of distribution payment.*

a. Unless another amount is approved by the division upon a showing of good cause, the annual distribution amount shall not exceed the greater of:

(1) The net ordinary income, or

(2) Five percent of the fair market value of the care fund as of the last day of the care fund calendar year immediately preceding the distribution year.

b. When determining the distribution amounts, the trustee or trustees shall take into consideration the cemetery's need to fund both:

- (1) The current and future expenses of care; and
- (2) The maintenance and preservation of principal.

c. For the purpose of determining the amounts to be paid out annually, the following factors shall be taken into account:

- (1) The perpetual duration of the care fund;
- (2) Present and anticipated financial requirements;
- (3) Expected total return from income and appreciation of principal;
- (4) Price level trends of equity and fixed income investments;
- (5) Needs for liquidity;
- (6) Regularity of income;
- (7) Preservation or appreciation of capital;
- (8) General economic conditions;
- (9) The possible effect of inflation or deflation; and
- (10) The retention of income and net appreciation to adjust for inflation.

d. Any excess of income and capital appreciation over allowable cemetery expenses shall be retained in the care fund as undistributed income until needed to fund the cemetery's allowable expenses. This retained income shall be reserved for the purpose of future maintenance unless the division approves in writing of another purpose.

101.8(7) Annual determination of fair market value of care fund. The fair market value of the care fund shall be determined at least annually, using such valuation date or dates or averages of valuation dates as are readily ascertainable. Reasonable and appropriate valuation methods shall be utilized. As appropriate, assets may be excluded from valuation, provided all income received with respect to such assets is distributed to the extent distributable in accordance with the terms of the care fund agreement.

101.8(8) Records maintenance. The care fund trustee or trustees shall document and maintain a record of the following:

a. The fair market value of the care fund's assets determined immediately before conversion to the total return distribution method as required by subparagraph 101.8(5) "a"(3); and

b. Every fair market value of the care fund's assets calculated annually pursuant to subrule 101.8(7).

101.8(9) Reserve fund. A cemetery using the total return distribution method shall create and maintain a reserve fund to replace any care fund principal lost by capital losses incurred from the care fund's investments. The reserve fund shall be created by retaining and setting aside a reasonable percentage of the income and capital appreciation within the care fund.

101.8(10) Division may limit use of total return distribution method. The division may limit or prohibit ongoing use of a total return distribution method by a care fund under the following circumstances:

a. The trustee or trustees and any investment manager are not able to demonstrate sufficient knowledge and expertise regarding effective implementation of the total return distribution method. In making this determination, the division shall consider the factors for approval of a total return distribution plan as set out in subrule 101.8(5).

b. In situations where analysis shows that investment returns and distribution practices have not resulted in sufficient protection of the care fund's principal, using either a middle-term (three to five years) or a long-term (more than five years) analysis, the division may limit or prohibit the distribution of capital gains. In making this determination, the division shall consider the presence and stated value of assets that do not have an active market and are not traded on a regular basis, the frequency of appraisals and evaluations, the asset allocation of the care fund, and whether care fund principal, as adjusted for inflation, is less than it was at the time the cemetery converted to the total return distribution method.

101.8(11) Reversion from total return distribution method. If a care fund's trustee or trustees make an election pursuant to this rule to use a total return distribution method, that method is irrevocable unless a reversion is approved by the division. The care fund's trustee or trustees shall file a request for approval

of a reversion with the division 90 days prior to a proposed reversion from the total return distribution method to the traditional net income distribution method. The division may prohibit a reversion from the total return distribution method to the traditional net income distribution method if the care fund principal, as adjusted for inflation, is less than it was at the time the cemetery converted to the total return distribution method.

101.8(12) *Annual report of total return distribution method information.* As part of the annual report required by Iowa Code section 523I.813 and rule 199—101.9(523I), a perpetual care cemetery using the total return distribution method shall file an addendum to the annual report related to the total return distribution method, detailing the following:

- a. The asset allocation.
- b. The annual payout.
- c. Any changes in investment policy.
- d. An accounting in regard to whether growth of the care fund's principal has exceeded an amount needed to compensate for inflation.
- e. The existence and amount in a reserve fund as required by subrule 101.8(9).
- f. A description of how the total return distribution method meets the requirements of paragraph 101.8(6) "a."
- g. A statement that the perpetual care cemetery and care fund are in compliance with this chapter.
- h. The investment portfolio for the perpetual care cemetery and care fund.
- i. A statement describing how the investment portfolio for the care fund has performed in comparison to the consumer price index.
- j. Any other pertinent information.

191—101.9(523I) Filing annual reports.

101.9(1) *Annual reports filed by perpetual care cemeteries.*

a. Each year between January 1 and April 30, perpetual care cemeteries shall file a complete and accurate annual report for the prior reporting period, in the form and manner required by the division. For purposes of Iowa Code section 523I.813 as amended by 2016 Iowa Acts, House File 2394, section 13, and of this rule, "reporting period" means a calendar year.

b. This rule shall apply to all perpetual care cemeteries submitting annual reports after January 1, 2017, providing information for the 2016 calendar year reporting period.

101.9(2) *Forms and instructions.* Forms and instructions for perpetual care cemeteries filing the annual report required by Iowa Code section 523I.813 as amended by 2016 Iowa Acts, House File 2394, sections 12 and 13, can be found on the division's Web site, www.iid.iowa.gov.

[ARC 2810C, IAB 11/9/16, effective 12/14/16]

191—101.10(523I) Independent review. The division may use an independent expert to review whether a care fund or a perpetual care cemetery is in compliance with Iowa Code chapter 523I and this chapter. Costs of the independent expert review shall be borne by the perpetual care cemetery.

These rules are intended to implement Iowa Code chapter 523I as amended by 2016 Iowa Acts, House File 2394.

[ARC 2729C, IAB 9/28/16, effective 11/2/16]

191—103.2(523C) Applicability, scope, and definitions.

103.2(1) This chapter shall apply to any person who issues or offers to issue a residential service contract as defined in Iowa Code section 523C.1(9).

103.2(2) This chapter shall apply when an offer to sell a residential service contract is made or accepted in this state. An offer to sell is made in this state when the offer either originates from this state or is directed by the offeror to a person in this state.

191—103.3(523C) Application of insurance laws. The sale of a residential service contract by a licensed service company shall not be deemed to include the sale of insurance. Thus, unless the service company is otherwise engaged in the sale of insurance, the provisions of the insurance laws of this state shall not be applicable to any service company granted a license by the division. However, this provision may not be construed to exempt any other warranties or service contracts from the provisions of the insurance laws of this state.

[ARC 2729C, IAB 9/28/16, effective 11/2/16]

191—103.4(523C) Forms and instructions. Instructions for fees, forms and other filings, and copies of all required forms are available on the division’s Web site.

103.5(2) When the commissioner chooses to conduct an audit or examination pursuant to Iowa Code section 523C.12, the actual costs of the audit or examination shall be borne by the service company being audited or examined. 103.6(2) Boycott, coercion, and intimidation. A service company is prohibited from entering into any agreement to commit, or by any concerted action committing, any act of boycott, coercion, or intimidation resulting in or tending to result in unreasonable restraint of, or monopoly in, the residential service contract industry.

A service company is prohibited from knowingly making any false entry of a material fact in any book, report or statement of any person and from knowingly omitting to make a true entry of any material fact pertaining to the business of that person in any book, report or statement of that person.

a. A service company shall not:

(1) Use in its name, contracts, or literature, any of the words "insurance," "casualty," "surety," "mutual," or any other words descriptive of the insurance, casualty or surety business or deceptively similar to the name or description of any insurance or surety corporation, or any other service company. This subparagraph does not apply to a residential service company also licensed as an insurance company.

(2) Represent or imply in any manner that the service company has been sponsored or recommended, or that the service company's abilities or qualifications have in any respect been passed upon, by the division or by the state of Iowa. Nothing in this subrule prohibits a statement, other than in a paid advertisement, that a person has received a license, if the statement is true in fact and if the effect of the license's issuance is not misrepresented.

(3) Without the written consent of the residential customer, knowingly charge for duplication of coverage or duties required by state or federal law, or duplication of a warranty expressly issued by a manufacturer or seller of a product or any implied warranty enforceable against the lessor, seller or manufacturer of a product.

(5) Permit or cause the omission of any material statement that, under the circumstances, should have been made in connection with the sale, offer to sell, or advertisement of a service contract, in order that other statements also made in connection with the sale, offer to sell or advertisement of a service contract would not be misleading.

(6) Make, permit or cause any false or misleading statements, either oral or written, about the benefits or services available under the service contract.

(7) Make, permit or cause any statement or practice which has the effect of creating or maintaining a fraud.

(8) Cause, directly or indirectly, to be made, published, disseminated, circulated, or placed before the public in a newspaper, magazine or other publication, or in the form of a notice, circular, pamphlet, letter or poster, or over any radio or television station, or in any other way, an advertisement,

announcement or statement containing any assertion, representation, or statement with respect to the residential service contract industry or with respect to any service company which is untrue, deceptive or misleading.

b. A bank, savings and loan association, insurance company or other lending institution shall not require the purchase of a residential service contract as a condition of a loan and shall not sell a residential service contract to a borrower unless the borrower signs an affidavit acknowledging that the purchase is not required.

103.7(2) Service company licenses shall not be transferable. A service company which sells its business shall cancel its service company license, and the purchaser of the business shall apply for a new service license under the purchaser's name.

CHAPTER 110
STANDARDS AND COMMISSIONER'S AUTHORITY FOR COMPANIES
DEEMED TO BE IN HAZARDOUS FINANCIAL CONDITION

191—110.1(505) Authority. This chapter is promulgated by the commissioner of insurance pursuant to Iowa Code section 505.8.

[ARC 9231B, IAB 11/17/10, effective 12/22/10]

191—110.2(505) Purpose. The purpose of this chapter is to set forth the standards which the commissioner may use for identifying insurers found to be in such condition as to render the continuance of their business hazardous to their policyholders, creditors, or the general public. This chapter shall not be interpreted to limit the powers granted the commissioner by any laws or parts of laws of Iowa, nor shall this chapter be interpreted to supersede any laws or parts of laws of Iowa. Every insurer shall be subject to this chapter.

[ARC 9231B, IAB 11/17/10, effective 12/22/10]

191—110.3(505) Definition.

"Insurer" means a licensed insurer under Title XIII of the Iowa Code and fraternal benefit societies licensed under Iowa Code chapter 512B.

[ARC 9231B, IAB 11/17/10, effective 12/22/10]

191—110.4(505) Standards. The following standards, either singly or a combination of two or more, may be considered by the commissioner to determine whether the continued operation of any insurer transacting an insurance business in Iowa might be deemed to be hazardous to its policyholders, creditors, or the general public. The commissioner may consider:

110.4(1) Adverse findings reported in financial condition and market conduct examination reports, audit reports, and actuarial opinions, reports, or summaries.

110.4(2) The National Association of Insurance Commissioners' Insurance Regulatory Information System and its other financial analysis solvency tools and reports.

110.4(3) Whether the insurer has made adequate provision, according to presently accepted actuarial standards of practice, for the anticipated cash flows required by the contractual obligations and related expenses of the insurer, when considered in light of the assets held by the insurer with respect to such reserves and related actuarial items including, but not limited to, the investment earnings on such assets, and the considerations anticipated to be received and retained under such policies and contracts.

110.4(4) The ability of an assuming reinsurer to perform and whether the insurer's reinsurance program provides sufficient protection for the insurer's remaining surplus after taking into account the insurer's cash flow and the classes of business written as well as the financial condition of the assuming reinsurer.

110.4(5) Whether the insurer's operating loss in the last 12-month period or any shorter period of time, including but not limited to net capital gain or loss, change in nonadmitted assets, and cash dividends paid to shareholders, is greater than 50 percent of the insurer's remaining surplus as regards policyholders in excess of the minimum required.

110.4(6) Whether the insurer's operating loss in the last 12-month period or any shorter period of time, excluding net capital gains, is greater than 20 percent of the insurer's remaining surplus as regards policyholders in excess of the minimum required.

110.4(7) Whether a reinsurer, obligor, or any entity within the insurer's insurance holding company system is insolvent, threatened with insolvency or delinquent in payment of its monetary or other obligations which, in the opinion of the commissioner, may affect the solvency of the insurer.

110.4(8) Contingent liabilities, pledges, or guaranties which either individually or collectively involve a total amount which, in the opinion of the commissioner, may affect the solvency of the insurer.

110.4(9) Whether any "controlling person" of an insurer is delinquent in the transmitting or payment of net premiums to the insurer.

110.4(10) The age and collectability of receivables.

110.4(11) Whether the management of an insurer, including officers, directors, or any other person who directly or indirectly controls the operation of the insurer, fails to possess and demonstrate the competence, fitness and reputation deemed necessary to serve the insurer in such position.

110.4(12) Whether management of an insurer has failed to respond to inquiries relative to the condition of the insurer or has furnished false or misleading information concerning an inquiry.

110.4(13) Whether the insurer has failed to meet financial and holding company filing requirements in the absence of a reason satisfactory to the commissioner.

110.4(14) Whether management of an insurer either has filed any false or misleading sworn financial statement, or has released a false or misleading financial statement to lending institutions or to the general public, or has made a false or misleading entry, or has omitted an entry of material amount in the books of the insurer.

110.4(15) Whether the insurer has grown so rapidly and to such an extent that it lacks adequate financial and administrative capacity to meet its obligations in a timely manner.

110.4(16) Whether the insurer has experienced, or will experience in the foreseeable future, cash flow or liquidity problems.

110.4(17) Whether management has established reserves that do not comply with minimum standards established by state insurance laws, regulations, statutory accounting standards, sound actuarial principles, and standards of practice.

110.4(18) Whether management persistently engages in material underreserving that results in adverse development.

110.4(19) Whether transactions among affiliates, subsidiaries or controlling persons for which the insurer receives assets or capital gains, or both, do not provide sufficient value, liquidity or diversity to ensure the insurer's ability to meet its outstanding obligations as they mature.

110.4(20) Whether the insurer's underwriting expenses are in excess of 70 percent of net premiums for three years, excluding companies that write more than 75 percent of gross premium in surety. Companies licensed under Iowa Code chapters 508 and 512B are excluded from this subrule.

110.4(21) Any other finding determined by the commissioner to be hazardous to the insurer's policyholders, creditors, or the general public.

[ARC 9231B, IAB 11/17/10, effective 12/22/10]

191—110.5(505) Commissioner's authority.

110.5(1) For the purposes of making a determination of an insurer's financial condition under this chapter, the commissioner may:

- a.* Disregard any credit or amount receivable resulting from transactions with a reinsurer that is insolvent, impaired, or otherwise subject to a delinquency proceeding;
- b.* Make appropriate adjustments including disallowance to asset values attributable to investments in or transactions with parents, subsidiaries, or affiliates consistent with the NAIC Accounting Policies and Procedures Manual, state laws, and regulations;
- c.* Refuse to recognize the stated value of accounts receivable if the ability to collect receivables is highly speculative in view of the age of the account, or the financial condition of the debtor;
- d.* Increase the insurer's liability in an amount equal to any contingent liability, pledge, or guaranty not otherwise included if there is a substantial risk that the insurer will be called upon to meet the obligation undertaken within the next 12-month period.

110.5(2) If the commissioner determines that the continued operation of the insurer licensed to transact business in Iowa may be hazardous to its policyholders, creditors, or the general public, then the commissioner may, upon a determination, issue an order requiring the insurer to:

- a.* Reduce the total amount of present and potential liability for policy benefits by reinsurance;
- b.* Reduce, suspend, or limit the volume of business being accepted or renewed;
- c.* Reduce general insurance and commission expenses by specified methods;
- d.* Increase the insurer's capital and surplus;
- e.* Suspend or limit the declaration and payment of a dividend by the insurer to its stockholders or to its policyholders;

- f.* File reports in a form acceptable to the commissioner concerning the market value of the insurer's assets;
- g.* Limit or withdraw from certain investments or discontinue certain investment practices to the extent the commissioner deems necessary;
- h.* Document the adequacy of premium rates in relation to the risks insured;
- i.* File, in addition to regular annual statements, interim financial reports on the form adopted by the National Association of Insurance Commissioners or in such format as promulgated by the commissioner;
- j.* Correct corporate governance practice deficiencies, and adopt and utilize governance practices acceptable to the commissioner;
- k.* Provide a business plan to the commissioner in order to continue to transact business in the state;
- l.* Notwithstanding any other provision of law limiting the frequency or amount of premium rate adjustments, adjust rates for any non-life insurance product written by the insurer that the commissioner considers necessary to improve the financial condition of the insurer.

110.5(3) If the insurer is a foreign insurer, the commissioner's order may be limited to the extent provided by statute.

110.5(4) An insurer subject to an order under subrule 110.5(2) may request a hearing to review that order. The notice of hearing shall be served upon the insurer pursuant to 191—3.12(17A). The notice of hearing shall state the time and place of hearing and the conduct, condition or ground upon which the commissioner based the order. Unless mutually agreed between the commissioner and the insurer, the hearing shall occur not less than 10 days nor more than 30 days after notice is served and shall be in Polk County, Iowa. The commissioner shall hold all hearings under this subrule privately, unless the insurer requests a public hearing, in which case the hearing shall be public.

[ARC 9231B, IAB 11/17/10, effective 12/22/10]

191—110.6(505) Judicial review. Any order or decision of the commissioner shall be subject to review in accordance with 191—3.27(17A) at the instance of any party to the proceedings whose interests are substantially affected.

[ARC 9231B, IAB 11/17/10, effective 12/22/10]

191—110.7(505) Separability. If any provisions of this chapter be held invalid, the remainder shall not be affected.

[ARC 9231B, IAB 11/17/10, effective 12/22/10]

191—110.8(505) Effective date. This chapter is applicable on or after December 22, 2010.

These rules are intended to implement Iowa Code section 505.8.

CHAPTER 111
CORPORATE GOVERNANCE ANNUAL DISCLOSURE

191—111.1(521H) Purpose. The purpose of this chapter is to implement 2016 Iowa Code chapter 521H and set forth the procedures for filing and the required contents of the corporate governance annual disclosure.

[ARC 2377C, IAB 2/3/16, effective 3/9/16]

191—111.2(521H) Authority. This chapter is promulgated pursuant to the authority vested in the commissioner under 2016 Iowa Code section 521H.4 in accordance with the procedures set forth in Iowa Code chapter 17A.

[ARC 2377C, IAB 2/3/16, effective 3/9/16]

191—111.3(521H) Definitions. For the purpose of these rules, the terms “commissioner,” “corporate governance annual disclosure,” “disclosure,” “insurance group,” “insurance holding company system,” and “insurer” shall have the meanings set forth in 2016 Iowa Code section 521H.2. In addition, the following definition shall apply:

“*Senior management*” means any corporate officer responsible for reporting information to the board of directors at regular intervals or providing this information to shareholders or regulators and includes, but is not limited to, the chief executive officer, chief financial officer, chief operations officer, chief procurement officer, chief legal officer, chief information officer, chief technology officer, chief revenue officer, chief visionary officer, or any other senior level executive.

[ARC 2377C, IAB 2/3/16, effective 3/9/16]

191—111.4(521H) Filing procedures.

111.4(1) An insurer, or the insurance group of which the insurer is a member, required to file a corporate governance annual disclosure by 2016 Iowa Code section 521H.3 shall no later than June 1 of each calendar year submit to the commissioner a corporate governance annual disclosure that contains the information described in rule 191—111.5(521H).

111.4(2) The corporate governance annual disclosure must include a signature of the insurer’s or insurance group’s chief executive officer or corporate secretary attesting to the best of that individual’s belief and knowledge that the insurer or insurance group has implemented the corporate governance practices and that a copy of the corporate governance annual disclosure has been provided to the insurer’s or insurance group’s board of directors or the appropriate committee thereof.

111.4(3) The insurer or insurance group shall have discretion regarding the appropriate format for providing the information required by these rules and is permitted to customize the corporate governance annual disclosure to provide the most relevant information necessary to permit the commissioner to gain an understanding of the corporate governance structure and of the policies and practices utilized by the insurer or insurance group.

111.4(4) For purposes of completing the corporate governance annual disclosure, the insurer or insurance group may choose to provide information on governance activities that occur at the ultimate controlling parent level, an intermediate holding company level or the individual legal entity level, depending upon how the insurer or insurance group has structured its system of corporate governance. The insurer or insurance group is encouraged to make the corporate governance annual disclosure at the level at which the insurer’s or insurance group’s risk appetite is determined, or the level at which the earnings, capital, liquidity, operations, and reputation of the insurer are overseen collectively and at which the supervision of those factors are coordinated and exercised, or the level at which legal liability for failure of general corporate governance duties would be placed. If the insurer or insurance group determines the level of reporting based on these criteria, it shall indicate which one of the three criteria was used to determine the level of reporting and explain any subsequent changes in the level of reporting.

111.4(5) If the corporate governance annual disclosure is completed at the insurance group level, then it must be filed with the lead state of the group as determined by the procedures outlined in the most recent financial analysis handbook adopted by the National Association of Insurance Commissioners. In

this instance, a copy of the corporate governance annual disclosure must also, upon request, be provided to the chief regulatory official of any state in which the insurance group has a domestic insurer.

111.4(6) An insurer or insurance group may comply with this rule by referencing the most recently filed version of other existing documents including, but not limited to, own risk and solvency assessment summary report, insurance holding company system annual registration report (Form B), enterprise risk report (Form F), Securities and Exchange Commission proxy statements, and foreign regulatory reporting requirements if the documents provide information that is comparable to the information described in rule 191—111.5(521H). The insurer or insurance group shall clearly reference within the corporate governance annual disclosure the location of the relevant information and attach the reference document if it is not already filed or available to the regulator.

111.4(7) Each year following the initial filing of the corporate governance annual disclosure, the insurer or insurance group shall file an amended version of the previously filed corporate governance annual disclosure indicating where changes have been made. If no changes were made in the information or activities reported by the insurer or insurance group, the filing should so state.

[ARC 2377C, IAB 2/3/16, effective 3/9/16]

191—111.5(521H) Contents of corporate governance annual disclosure.

111.5(1) The insurer or insurance group shall be as descriptive as possible in completing the corporate governance annual disclosure, with inclusion of attachments or example documents that are used in the governance process since these may provide a means to demonstrate the strengths of the insurer's or insurance group's governance framework and practices.

111.5(2) The corporate governance annual disclosure shall describe the insurer's or insurance group's corporate governance framework and structure, including consideration of the following:

a. The board of directors and committees thereof ultimately responsible for overseeing the insurer or insurance group and the level or levels at which that oversight occurs. The insurer or insurance group shall describe and discuss the rationale for the current board of directors' size and structure; and

b. The duties of the board of directors and each of its significant committees and how they are governed, which may include bylaws, charters, or informal mandates as well as how the board of directors' leadership is structured and a discussion of the roles of the chief executive officer and chairperson of the board of directors within the organization.

111.5(3) The insurer or insurance group shall describe the policies and practices of the most senior governing entity and significant committees thereof, including a discussion of the following factors:

a. How the qualifications, expertise and experience of each board of directors member meet the needs of the insurer or insurance group.

b. How an appropriate amount of independence is maintained on the board of directors and its significant committees.

c. The number of meetings held by the board of directors and its significant committees over the past year as well as information on director attendance.

d. How the insurer or insurance group identifies, nominates and elects members to the board of directors and its committees. The discussion should include, for example:

(1) Whether a nomination committee is in place to identify and select individuals for consideration.

(2) Whether term limits are placed on directors.

(3) How the election and reelection processes function.

(4) Whether a board of directors diversity policy is in place and, if so, how it functions.

e. The processes in place for the board of directors to evaluate its performance and the performance of its committees, as well as any recent measures taken to improve performance, including any board of directors or committee training programs that have been put in place.

111.5(4) The insurer or insurance group shall describe the policies and practices for directing senior management, including a description of the following factors:

a. Any processes or practices such as suitability standards to determine whether officers and key persons in control functions have the appropriate background, experience and integrity to fulfill their prospective roles, including:

(1) Identification of the specific positions for which suitability standards have been developed and a description of the standards employed.

(2) Any changes in an officer's or key person's suitability as outlined by the insurer's or insurance group's standards and procedures to monitor and evaluate such changes.

b. The insurer's or insurance group's code of business conduct and ethics, the discussion of which should consider, for example:

(1) Compliance with laws, rules, and regulations; and

(2) Proactive reporting of any illegal or unethical behavior.

c. The insurer's or insurance group's processes for performance evaluation, compensation and corrective action to ensure effective senior management throughout the organization, including a description of the general objectives of significant compensation programs and what the programs are designed to reward. The description shall include sufficient detail to allow the commissioner to understand how the organization ensures that compensation programs do not encourage or reward excessive risk taking. Elements to be discussed may include, but are not limited to, the following:

(1) The role of the board of directors in overseeing management compensation programs and practices.

(2) The various elements of compensation awarded in the insurer's or insurance group's compensation programs and how the insurer or insurance group determines and calculates the amount of each element of compensation paid.

(3) How compensation programs are related to both company and individual performance over time.

(4) Whether compensation programs include risk adjustments and how those adjustments are incorporated into the programs for employees at different levels.

(5) Any clawback provisions built into the compensation programs to recover awards or payments if the performance measures upon which the clawback provisions are based are restated or otherwise adjusted.

(6) Any other factors relevant in understanding how the insurer or insurance group monitors its compensation policies to determine whether its risk management objectives are met by incentivizing its employees.

d. The insurer's or insurance group's plans for chief executive officer and senior management succession.

111.5(5) The insurer or insurance group shall describe the processes by which the board of directors, its committees and senior management ensure an appropriate amount of oversight to the critical risk areas impacting the insurer's or insurance group's business activities, including a discussion of:

a. How oversight and management responsibilities are delegated among the board of directors, its committees and senior management.

b. How the board of directors is kept informed of the insurer's or insurance group's strategic plans, the associated risks, and steps that senior management is taking to monitor and manage those risks.

c. How reporting responsibilities are organized for each critical risk area. The description should allow the commissioner to understand the frequency at which information on each critical risk area is reported to and reviewed by senior management and the board of directors. This description may include, but is not limited to, the following critical risk areas of the insurer:

(1) Risk management processes (An own risk and solvency assessment summary report filer may refer to the filer's own risk and solvency assessment summary report prepared pursuant to Iowa Code chapter 522);

(2) Actuarial function;

(3) Investment decision-making processes;

(4) Reinsurance decision-making processes;

(5) Business strategy and finance decision-making processes;

(6) Compliance function;

(7) Financial reporting and internal auditing; and

(8) Market conduct decision-making processes.

CHAPTER 112
TERM AND UNIVERSAL LIFE INSURANCE RESERVE FINANCING

191—112.1(521B) Authority. This chapter is promulgated by the commissioner of insurance pursuant to Iowa Code sections 521B.102, 521B.103 and 521B.105.
[ARC 3496C, IAB 12/6/17, effective 1/10/18]

191—112.2(521B) Purpose and intent. The purpose and intent of this chapter is to establish uniform, national standards governing reserve financing arrangements pertaining to life insurance policies containing guaranteed nonlevel gross premiums, life insurance policies containing guaranteed nonlevel benefits, and universal life insurance policies with secondary guarantees; and to ensure that, with respect to each such financing arrangement, funds consisting of primary security and other security, as defined in rule 191—112.5(521B), are held by or on behalf of ceding insurers in the forms and amounts required herein. In general, reinsurance ceded for reserve financing purposes has one or more of the following characteristics: some or all of the assets used to secure the reinsurance treaty or to capitalize the reinsurer (1) are issued by the ceding insurer or its affiliates; or (2) are not unconditionally available to satisfy the general account obligations of the ceding insurer; or (3) create a reimbursement, indemnification or other similar obligation on the part of the ceding insurer or any of its affiliates (other than a payment obligation under a derivative contract acquired in the normal course and used to support and hedge liabilities pertaining to the actual risks in the policies ceded pursuant to the reinsurance treaty).
[ARC 3496C, IAB 12/6/17, effective 1/10/18]

191—112.3(521B) Applicability. This chapter shall apply to reinsurance treaties that cede liabilities pertaining to covered policies, as that term is defined in rule 191—112.5(521B), issued by any life insurance company domiciled in this state. This chapter and rule 191—5.33(510) shall both apply to such reinsurance treaties; provided, that in the event of a direct conflict between a rule of this chapter and rule 191—5.33(510), the rules of this chapter shall apply, but only to the extent necessary in order to resolve the conflict.
[ARC 3496C, IAB 12/6/17, effective 1/10/18]

191—112.4(521B) Exemptions. This chapter does not apply to:

112.4(1) Reinsurance of:

a. Policies that satisfy the criteria for exemption set forth in 191—subrule 47.5(6) or 47.5(7); and which are issued before the later of:

(1) January 10, 2018, and

(2) The date on which the ceding insurer begins to apply the provisions of VM-20 to establish the ceded policies' statutory reserves, but in no event later than January 1, 2020.

b. Portions of policies that satisfy the criteria for exemption set forth in 191—subrule 47.5(5) and which are issued before the later of:

(1) January 10, 2018, and

(2) The date on which the ceding insurer begins to apply the provisions of VM-20 to establish the ceded policies' statutory reserves, but in no event later than January 1, 2020.

c. Any universal life policy that meets all of the following requirements:

(1) Secondary guarantee period, if any, is five years or less;

(2) Specified premium for the secondary guarantee period is not less than the net level reserve premium for the secondary guarantee period based on the commissioner's standard ordinary (CSO) valuation tables and valuation interest rate applicable to the issue year of the policy; and

(3) The initial surrender charge is not less than 100 percent of the first year annualized specified premium for the secondary guarantee period.

d. Credit life insurance.

e. Any variable life insurance policy that provides for life insurance, the amount or duration of which varies according to the investment experience of any separate account or accounts.

f. Any group life insurance certificate unless the certificate provides for a stated or implied schedule of maximum gross premiums required in order to continue coverage in force for a period in excess of one year.

112.4(2) Reinsurance ceded to an assuming insurer that meets the applicable requirements of Iowa Code section 521B.102(4).

112.4(3) Reinsurance ceded to an assuming insurer that meets the applicable requirements of Iowa Code sections 521B.102(1) to 521B.102(3), and that, in addition:

a. Prepares statutory financial statements in compliance with the National Association of Insurance Commissioners (NAIC) Accounting Practices and Procedures Manual, without any departures from NAIC statutory accounting practices and procedures pertaining to the admissibility or valuation of assets or liabilities that increase the assuming insurer's reported surplus and are material enough that they need to be disclosed in the financial statement of the assuming insurer pursuant to Statement of Statutory Accounting Principles No. 1 (SSAP 1); and

b. Is not in a company-action-level event, regulatory-action-level event, authorized-control-level event, or mandatory-control-level event as those terms are defined in Iowa Code section 521E.1 et seq. when its risk-based capital (RBC) is calculated in accordance with the life risk-based capital report including overview and instructions for companies, as the same may be amended by the NAIC from time to time, without deviation.

112.4(4) Reinsurance ceded to an assuming insurer that meets the applicable requirements of Iowa Code sections 521B.102(1) to 521B.102(3), and that, in addition:

a. Is not an affiliate of, as that term is defined in Iowa Code section 521A.1(1):

- (1) The insurer ceding the business to the assuming insurer, or
- (2) Any insurer that directly or indirectly ceded the business to that ceding insurer;

b. Prepares statutory financial statements in compliance with the NAIC Accounting Practices and Procedures Manual;

c. Is both:

- (1) Licensed or accredited in at least ten states (including its state of domicile), and
- (2) Not licensed in any state as a captive, special purpose vehicle, special purpose financial captive, special purpose life reinsurance company, limited purpose subsidiary, or any other similar licensing regime; and

d. Is not, or would not be, below 500 percent of the authorized-control-level RBC as that term is defined in Iowa Code section 521E.1(12)“c” when its RBC is calculated in accordance with the life risk-based capital report including overview and instructions for companies, as the same may be amended by the NAIC from time to time, without deviation, and without recognition of any departures from the NAIC statutory accounting practices and procedures pertaining to the admission or valuation of assets or liabilities that increase the assuming insurer's reported surplus.

112.4(5) Reinsurance ceded to an assuming insurer that meets the requirements of Iowa Code section 521B.102(5) pertaining to certain certified reinsurers that meet threshold size and licensing requirements.

112.4(6) Reinsurance not otherwise exempt under subrules 112.4(1) to 112.4(5) if the commissioner, after consulting with the NAIC financial analysis working group (FAWG) or other group of regulators designated by the NAIC, as applicable, determines under all the facts and circumstances that all of the following apply:

a. The risks are clearly outside of the intent and purpose of this chapter (as described in rule 191—112.2(521B)),

b. The risks are included within the scope of this chapter only as a technicality, and

c. The application of this chapter to those risks is not necessary to provide appropriate protection to policyholders. The commissioner shall post on the insurance division's public Web site a notice of any decision made pursuant to this subrule to exempt a reinsurance treaty from this chapter, as well as the general basis therefor (including a summary description of the treaty).

191—112.5(521B) Definitions.

“*Actuarial method*” means the methodology used to determine the required level of primary security, as described in rule 191—112.6(521B).

“*Covered policies*” means the following: Subject to the exemptions described in rule 191—112.4(521B), covered policies are those policies, other than grandfathered policies, of the following policy types:

1. Life insurance policies with guaranteed nonlevel gross premiums or guaranteed nonlevel benefits or both, except for flexible premium universal life insurance policies; or
2. Flexible premium universal life insurance policies with provisions resulting in the ability of a policyholder to keep a policy in force over a secondary guarantee period.

“*Grandfathered policies*” means policies of the types described in the definition of “covered policies” above that were:

1. Issued prior to January 1, 2015; and
2. Ceded, as of December 31, 2014, as part of a reinsurance treaty that would not have met one of the exemptions set forth in rule 191—112.4(521B) had that rule then been in effect.

“*Noncovered policies*” means any policy that does not meet the definition of “covered policies,” including grandfathered policies.

“*Other security*” means any security acceptable to the commissioner other than security meeting the definition of “primary security.”

“*Primary security*” means the following forms of security:

1. Cash meeting the requirements of Iowa Code section 521B.103(2)“a”;
2. Securities listed by the NAIC Securities Valuation Office meeting the requirements of Iowa Code section 521B.103(2)“b,” but excluding any synthetic letter of credit, contingent note, credit-linked note or other similar security that operates in a manner similar to a letter of credit, and excluding any securities issued by the ceding insurer or any of its affiliates; and
3. For security held in connection with funds-withheld and modified coinsurance reinsurance treaties:
 - Commercial loans in good standing of CM3 quality and higher;
 - Policy loans; and
 - Derivatives acquired in the normal course and used to support and hedge liabilities pertaining to the actual risks in the policies ceded pursuant to the reinsurance treaty.

“*Required level of primary security*” means the dollar amount determined by applying the actuarial method to the risks ceded with respect to covered policies, but not more than the total reserve ceded.

“*Valuation manual*” means the valuation manual adopted by the NAIC as described in Iowa Code section 508.36(14)“b”(1), with all amendments adopted by the NAIC that are effective for the financial statement date on which credit for reinsurance is claimed.

“*VM-20*” means “Requirements for Principle-Based Reserves for Life Products,” including all relevant definitions, from the valuation manual.

[ARC 3496C, IAB 12/6/17, effective 1/10/18]

191—112.6(521B) The actuarial method.

112.6(1) The actuarial method that is used to establish the required level of primary security for each reinsurance treaty subject to this chapter shall be VM-20, applied on a treaty-by-treaty basis, including all relevant definitions, from the valuation manual as then in effect, applied as follows:

a. For covered policies described in paragraph “1” of the definition of “covered policies,” the actuarial method is the greater of the deterministic reserve or the net premium reserve (NPR) regardless of whether the criteria for exemption testing can be met. However, if the covered policies do not meet the requirements of the stochastic reserve exclusion test in the valuation manual, then the actuarial method is the greatest of the deterministic reserve, the stochastic reserve, or the NPR. In addition, if such covered policies are reinsured in a reinsurance treaty that also contains covered policies described in paragraph “2” of the definition of “covered policies,” the ceding insurer may elect to instead use paragraph 112.6(1)“b” as the actuarial method for the entire reinsurance agreement. Regardless of whether paragraph 112.6(1)“a” or 112.6(1)“b” is used, the actuarial method must comply with any

requirements or restrictions that the valuation manual imposes when aggregating these policy types for purposes of principle-based reserve calculations.

b. For covered policies described in paragraph “2” of the definition of “covered policies,” the actuarial method is the greatest of the deterministic reserve, the stochastic reserve, or the NPR regardless of whether the criteria for exemption testing can be met.

c. Except as provided in paragraph 112.6(1) “*d*,” the actuarial method is to be applied on a gross basis to all risks with respect to the covered policies as originally issued or assumed by the ceding insurer.

d. If the reinsurance treaty cedes less than 100 percent of the risk with respect to the covered policies, then the required level of primary security may be reduced as follows:

(1) If a reinsurance treaty cedes only a quota share of some or all of the risks pertaining to the covered policies, the required level of primary security, as well as any adjustment under subparagraph 112.6(1) “*d*”(3), may be reduced to a pro rata portion in accordance with the percentage of the risk ceded;

(2) If the reinsurance treaty in a nonexempt arrangement cedes only the risks pertaining to a secondary guarantee, the required level of primary security may be reduced by an amount determined by applying the actuarial method on a gross basis to all risks, other than risks related to the secondary guarantee, pertaining to covered policies, except that for covered policies for which the ceding insurer did not elect to apply the provisions of VM-20 to establish statutory reserves, the required level of primary security may be reduced by the statutory reserve retained by the ceding insurer on those covered policies, provided that the retained reserve of those covered policies shall be reflective of any reduction pursuant to the cession of mortality risk on a yearly renewable term basis in an exempt arrangement;

(3) If a portion of the covered policy risk is ceded to another reinsurer on a yearly renewable term basis in an exempt arrangement, the required level of primary security may be reduced by the amount resulting by applying the actuarial method including the reinsurance section of VM-20 to the portion of the covered policy risks ceded in the exempt arrangement, except that for covered policies issued prior to January 1, 2017, this adjustment is not to exceed $[c_x / (2 * \text{number of reinsurance premiums per year})]$ where c_x is calculated using the same mortality table used in calculating the net premium reserve; and

(4) For any other treaty ceding a portion of risk to a different reinsurer, including but not limited to stop loss, excess of loss and other non-proportional reinsurance treaties, there will be no reduction in the required level of primary security.

It is possible for any combination of subparagraphs 112.6(1) “*d*”(1) to 112.6(1) “*d*”(4) to apply. Such adjustments to the required level of primary security will be done in the sequence that accurately reflects the portion of the risk ceded via the treaty. The ceding insurer shall document the rationale and steps taken to accomplish the adjustments to the required level of primary security due to the cession of less than 100 percent of the risk.

The adjustments for other reinsurance will be made only with respect to reinsurance treaties entered into directly by the ceding insurer. The ceding insurer will make no adjustment as a result of a retrocession treaty entered into by the assuming insurers.

e. In no event will the required level of primary security resulting from application of the actuarial method exceed the amount of statutory reserves ceded.

f. If the ceding insurer cedes risks with respect to covered policies, including any riders, in more than one reinsurance treaty subject to this chapter, in no event will the aggregate required level of primary security for those reinsurance treaties be less than the required level of primary security calculated using the actuarial method as if all risks ceded in those treaties were ceded in a single treaty subject to this chapter.

g. If a reinsurance treaty subject to this chapter cedes risk on both covered and noncovered policies, credit for the ceded reserves shall be determined as follows:

(1) The actuarial method shall be used to determine the required level of primary security for the covered policies, and rule 191—112.7(521B) shall be used to determine the reinsurance credit for the covered policy reserves; and

(2) Credit for the noncovered policy reserves shall be granted only to the extent that security, in addition to the security held to satisfy the requirements of subparagraph 112.6(1) “*g*”(1), is held by or on behalf of the ceding insurer in accordance with Iowa Code sections 521B.102 and 521B.103. Any

primary security used to meet the requirements of this subparagraph may not be used to satisfy the required level of primary security for the covered policies.

112.6(2) For the purposes of both calculating the required level of primary security pursuant to the actuarial method and determining the amount of primary security and other security, as applicable, held by or on behalf of the ceding insurer, the following shall apply:

a. For assets, including any such assets held in trust, that would be admitted under the NAIC Accounting Practices and Procedures Manual if they were held by the ceding insurer, the valuations are to be determined according to statutory accounting procedures as if such assets were held in the ceding insurer's general account and without taking into consideration the effect of any prescribed or permitted practices; and

b. For all other assets, the valuations are to be those that were assigned to the assets for the purpose of determining the amount of reserve credit taken. In addition, the asset spread tables and asset default cost tables required by VM-20 shall be included in the actuarial method if adopted by the NAIC's life actuarial (A) task force no later than the December 31st on or immediately preceding the valuation date for which the required level of primary security is being calculated. The tables of asset spreads and asset default costs shall be incorporated into the actuarial method in the manner specified in VM-20.

191—112.7(521B) Requirements applicable to covered policies to obtain credit for reinsurance; opportunity for remediation.

112.7(1) Subject to the exemptions described in rule 191—112.4(521B) and the provisions of subrule 112.7(2), credit for reinsurance shall be allowed with respect to ceded liabilities pertaining to covered policies pursuant to Iowa Code sections 521B.102 and 521B.103 if, and only if, in addition to all other requirements imposed by law or rules, the following requirements are met on a treaty-by-treaty basis:

a. The ceding insurer's statutory policy reserves with respect to the covered policies are established in full and in accordance with the applicable requirements of Iowa Code section 508.36 and related rules and actuarial guidelines, and credit claimed for any reinsurance treaty subject to this chapter does not exceed the proportionate share of those reserves ceded under the contract; and

b. The ceding insurer determines the required level of primary security with respect to each reinsurance treaty subject to this chapter and provides support for its calculation as determined to be acceptable to the commissioner; and

c. Funds consisting of primary security, in an amount at least equal to the required level of primary security, are held by or on behalf of the ceding insurer, as security under the reinsurance treaty within the meaning of Iowa Code section 521B.103, on a funds-withheld, trust, or modified coinsurance basis; and

d. Funds consisting of other security, in an amount at least equal to any portion of the statutory reserves as to which primary security is not held pursuant to paragraph 112.7(1)“c,” are held by or on behalf of the ceding insurer as security under the reinsurance treaty within the meaning of Iowa Code section 521B.103; and

e. Any trust used to satisfy the requirements of rule 191—112.7(521B) shall comply with all of the conditions and qualifications of 191—subrule 5.33(10), except that:

(1) Funds consisting of primary security or other security held in trust shall, for the purposes identified in subrule 112.6(2), be valued according to the valuation rules set forth in subrule 112.6(2), as applicable; and

(2) There are no affiliate investment limitations with respect to any security held in such trust if such security is not needed to satisfy the requirements of paragraph 112.7(1)“c”; and

(3) The reinsurance treaty must prohibit withdrawals or substitutions of trust assets that would leave the fair market value of the primary security within the trust (when aggregated with primary security outside the trust that is held by or on behalf of the ceding insurer in the manner required by paragraph 112.7(1)“c”) below 102 percent of the level required by paragraph 112.7(1)“c” at the time of the withdrawal or substitution; and

(4) The determination of reserve credit under 191—subparagraphs 5.33(10)“d”(3) to 5.33(10)“d”(5) shall be determined according to the valuation rules set forth in subrule 112.6(2), as applicable; and

f. The reinsurance treaty has been approved by the commissioner.

112.7(2) Requirements at inception date and on an ongoing basis; remediation.

a. The requirements of subrule 112.7(1) must be satisfied as of the date that risks under covered policies are ceded (if such date is on or after January 10, 2018) and on an ongoing basis thereafter. Under no circumstances shall a ceding insurer take or consent to any action or series of actions that would result in a deficiency under paragraph 112.7(1)“c” or 112.7(1)“d” with respect to any reinsurance treaty under which covered policies have been ceded, and in the event that a ceding insurer becomes aware at any time that such a deficiency exists, it shall use its best efforts to arrange for the deficiency to be eliminated as expeditiously as possible.

b. Prior to the due date of each quarterly or annual statement, each life insurance company that has ceded reinsurance within the scope of rule 191—112.3(521B) shall perform an analysis, on a treaty-by-treaty basis, to determine, as to each reinsurance treaty under which covered policies have been ceded, whether as of the end of the immediately preceding calendar quarter (the valuation date) the requirements of paragraphs 112.7(1)“c” and 112.7(1)“d” were satisfied. The ceding insurer shall establish a liability equal to the excess of the credit for reinsurance taken over the amount of primary security actually held pursuant to paragraph 112.7(1)“c,” unless either:

(1) The requirements of paragraphs 112.7(1)“c” and 112.7(1)“d” were fully satisfied as of the valuation date as to such reinsurance treaty; or

(2) Any deficiency has been eliminated before the due date of the quarterly or annual statement to which the valuation date relates through the addition of primary security or other security or both, as the case may be, in such amount and in such form as would have caused the requirements of paragraphs 112.7(1)“c” and 112.7(1)“d” to be fully satisfied as of the valuation date.

c. Nothing in paragraph 112.7(2)“b” shall be construed to allow a ceding company to maintain any deficiency under paragraph 112.7(1)“c” or 112.7(1)“d” for any period of time longer than is reasonably necessary to eliminate the deficiency.

[ARC 3496C, IAB 12/6/17, effective 1/10/18]

191—112.8(521B) Severability. If any provision of this chapter shall be held invalid, the remainder of the chapter shall not be affected.

[ARC 3496C, IAB 12/6/17, effective 1/10/18]

191—112.9(521B) Prohibition against avoidance. No insurer that has covered policies as to which this chapter applies, as set forth in rule 191—112.3(521B), shall take any action or series of actions, or enter into any transaction or arrangement or series of transactions or arrangements, if the purpose of such action, transaction or arrangement or series thereof is to avoid the requirements of this chapter, or to circumvent its purpose and intent, as set forth in rule 191—112.2(521B).

[ARC 3496C, IAB 12/6/17, effective 1/10/18]

These rules are intended to implement Iowa Code sections 521B.102, 521B.103, and 521B.105.
