4. Any disciplinary action taken against the license; and
 (2) Verification of completion of 26 hours of continuing education within two years of application for reactivation.

b. If the license has been on inactive status for more than five years, an applicant must provide the following:

(1) Verification of the license from the jurisdiction in which the applicant has been most recently licensed and has been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction to the board office. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

1. Licensee's name;
2. Date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license; and

(2) Verification of completion of 52 hours of continuing education within two years of application for reactivation; or

(3) Verification of passing the Praxis Examination in speech pathology or audiology within the last two years prior to application for reactivation.

[ARC 7825C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—740.12(17A,147,272C) License reinstatement. A licensee whose license has been revoked, suspended, or voluntarily surrendered must apply for and receive board-approved reinstatement of the license and must apply for and be granted reactivation of the license prior to practicing speech pathology and audiology in this state.

[ARC 7825C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code chapters 17A, 147 and 272C.

CHAPTER 741
PRACTICE OF SPEECH PATHOLOGISTS AND AUDIOLOGISTS

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 301]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/22/29

481—741.1(147) Telehealth visits. A licensee may provide speech pathology or audiology services to a patient utilizing a telehealth visit if the services are provided in accordance with the following:

741.1(1) “Telehealth visit” means the provision of speech pathology or audiology services by a licensee to a patient using technology where the licensee and the patient are not at the same physical location during the appointment.

741.1(2) A licensee engaged in a telehealth visit will utilize technology that is secure and HIPAA-compliant (Health Insurance Portability and Accountability Act of 1996, PL 104–191, August 21, 1996, 110 Stat 1936), and that includes, at a minimum, audio and video equipment that allows two-way real-time interactive communication between the licensee and the patient. A licensee may use non-real-time technologies to prepare for an appointment or to communicate with a patient between appointments.

741.1(3) A licensee engaged in a telehealth visit shall be held to the same standard of care as a licensee who provides in-person speech pathology or audiology services. A licensee will not utilize a telehealth visit if the standard of care for the particular speech pathology or audiology service cannot be met using technology.

741.1(4) Prior to the first telehealth visit, a licensee will obtain informed consent from the patient specific to the services that will be provided in a telehealth visit. At a minimum, the informed consent will specifically inform the patient of the following:

a. The risks and limitations of the use of technology to provide speech pathology or audiology services;

b. The potential for unauthorized access to protected health information; and

c. The potential for disruption of technology during a telehealth visit.

741.1(5) A licensee will only provide speech pathology or audiology services using a telehealth visit in the areas of competence wherein proficiency in providing the particular service using technology has been gained through education, training, and experience.

741.1(6) A licensee will identify in the clinical record when speech pathology or audiology services are provided utilizing a telehealth visit.

741.1(7) Speech pathology or audiology services in Iowa through telephonic, electronic, or other means constitute the practice of speech pathology or audiology and require Iowa licensure, regardless of the location of the speech/language pathologist or audiologist.

This rule is intended to implement Iowa Code chapters 147 and 154F.

[ARC 7826C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—741.2(147) Hearing aid dispensing. A licensed audiologist may dispense hearing aids without a separate hearing aid specialist license if the services are provided in accordance with the following:

741.2(1) Definitions.

“Dispense” or “sell” means a transfer of title or of the right to use by lease, bailment, or any other means but excludes a wholesale transaction with a distributor or hearing aid specialist and excludes the temporary, charitable loan or educational loan of a hearing aid without remuneration.

“Hearing aid specialist” means any person engaged in the fitting, dispensing and sale of hearing aids and providing hearing aid services or maintenance by means of procedures stipulated by Iowa Code chapter 154A or the board. These rules are not intended to regulate unlicensed persons who sell, dispense, market, use, distribute, or provide customer support to over-the-counter hearing aids as regulated by the U.S. Food and Drug Administration.

741.2(2) An audiologist dispensing hearing aids will be held to the same standard of care as a licensed hearing aid specialist and will follow the rules in 481—Chapter 2062.

This rule is intended to implement Iowa Code chapters 147 and 154F.

CHAPTER 742
CONTINUING EDUCATION FOR SPEECH PATHOLOGISTS
AND AUDIOLOGISTS

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 303]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/22/29

481—742.1(147) Definitions. For the purpose of these rules, the following definitions will apply:

“AAA” means the American Association of Audiology.

“Active license” means a license that is current and has not expired.

“Approved program/activity” means a continuing education program/activity meeting the standards set forth in these rules.

“ASHA” means the American Speech-Language Hearing Association.

“Audit” means the selection of licensees for verification of satisfactory completion of continuing education requirements during a specified time period.

“Board” means the board of speech pathology and audiology.

“Continuing education” means an approved program/activity that is directly related to the sciences or contemporary clinical practice of audiology, speech-language pathology and speech-language-hearing science and whose content and focus are beyond the basic preparation required for entry into the professions.

“Hour of continuing education” means at least 50 minutes spent by a licensee in actual attendance at and completion of an approved continuing education activity.

“Inactive license” means a license that has expired because it was not renewed by the end of the grace period.

“License” means license to practice.

“Licensee” means any person licensed to practice speech pathology or audiology or both in the state of Iowa.

[ARC 7827C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—742.2(147) Continuing education requirements.

742.2(1) The biennial continuing education compliance period will run concurrently with each two-year period between January 1 of each even-numbered year and December 31 of each odd-numbered year. Each biennium, a person who is licensed to practice as a speech pathology or audiology licensee in this state will be required to complete a minimum of 26 hours of continuing education approved by the board. A person holding licensure in both speech pathology and audiology must meet the requirements for each profession. Licensees who complete continuing education hours in excess of the requirements for renewal may apply up to 50 percent of the required hours to the following renewal period. Licensees may apply a maximum of 13 hours from the previous renewal period.

742.2(2) Requirements of new licensees. Those persons licensed for the first time will not be required to complete continuing education as a prerequisite for the first renewal of their licenses. Continuing education hours acquired anytime from the initial licensing until the second license renewal may be used.

742.2(3) Hours of continuing education credit may be obtained by participation in an approved program or activity. Such programs and activities may take place individually or in group settings including in-person conferences, journal readings, teleconferences, videoconferences and online programs or activities as long as such programs and activities meet the criteria specified in the definition of continuing education in rule 481—742.1(147).

742.2(4) A licensee whose license was reactivated during the current renewal compliance period may use continuing education earned during the compliance period for the first renewal following reactivation.

742.2(5) The licensee is responsible for the cost of continuing education.

[ARC 7827C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24; ARC 9316C, IAB 5/28/25, effective 7/2/25]

481—742.3(147,272C) Standards.

742.3(1) General criteria. A continuing education program or activity that meets all of the following criteria is appropriate for continuing education credit if the continuing education program or activity:

- a. Meets the definition of continuing education as defined in rule 481—742.1(147);
- b. Is conducted by individuals who have specialized education, training and experience in the subject matter of the program. At the time of audit, the board may request the qualifications of presenters;
- c. Fulfills state program goals, objectives, or both; and
- d. Provides proof of attendance, including:
 - (1) Date(s), location, course title, presenter(s);
 - (2) Number of program contact hours; and
 - (3) Certificate of completion or evidence of successful completion of the course provided by the course sponsor.

742.3(2) Specific criteria.

a. Subject matters that integrally relate to the practice of speech pathology or audiology or both that will be considered for approval are:

(1) Basic communication processes. Information (beyond the basic licensure requirements) applicable to the normal development and use of speech, language, and hearing, i.e., anatomic and physiologic bases for the normal development and use of speech, language, and hearing; physical bases and processes of the production and perception of speech, language, and hearing; linguistic and psycholinguistic variables related to normal development and use of speech, language, and hearing; and technological, biomedical, engineering, and instrumentation information that would enable expansion of knowledge in the basic communication processes.

(2) Professional areas. Information pertaining to disorders of speech, language, and hearing, i.e., various types of disorders of communication, their manifestations, classification and causes; evaluation skills, including procedures, techniques, and instrumentation for assessment; and management procedures and principles in habilitation and rehabilitation of communication disorders. The board will accept dysphagia courses provided by qualified instructors.

(3) Related areas. Study pertaining to the understanding of human behavior, both normal and abnormal, as well as services available from related professions that apply to the contemporary practice of speech-language pathology/audiology, e.g., theories of learning and behavior; services available from related professions that also deal with persons who have disorders of communication; information from these professions about the sensory, physical, emotional, social or intellectual states of child or adult; professional ethics; clinical supervision; counseling; and interviewing.

Unacceptable subject matter includes personal development, human relations, collective bargaining, and tours. A licensee may elect to take the Praxis Examination in speech pathology or audiology in lieu of earning continuing education credits. The licensee will have the results of the examination sent to the board by the agency administering the examination.

b. A licensee may present professional programs that meet the criteria in this rule. Two hours of credit will be allowed for each hour of newly developed presentation material. A maximum of 16 hours may be obtained per biennium. A course schedule or brochure must be maintained for audit.

c. A combined total of six hours per biennium may be used for the following activities:

- (1) Government regulations;
- (2) CPR, child abuse and dependent adult abuse; and
- (3) A maximum of two hours may be used for business-related topics.

d. An applicant will provide official transcripts indicating successful completion of academic courses that apply to the field of speech pathology and audiology in order to receive the following continuing education credits:

1 academic semester hour = 15 continuing education hours of credit

1 academic trimester hour = 12 continuing education hours of credit

1 academic quarter hour = 10 continuing education hours of credit

e. Continuing education credit may be earned by participation in continuing education programs and activities that meet the criteria in this rule and that are completed through journal readings, teleconference

or videoconference participation, and online program participation. In addition, such programs and activities must include a posttest that the participant must pass in order to receive continuing education credit.

f. Continuing education will be obtained by attending a program that meets the criteria in subrule 742.3(1) including but not limited to continuing education programs offered by AAA and ASHA. Other individuals or groups may offer continuing education programs that meet the criteria in rule 481—742.3(147,272C) through one of the following organizations:

- (1) National, state or local associations of speech pathology and audiology;
- (2) Schools and institutes of speech pathology and audiology;
- (3) Universities, colleges or community colleges.

Continuing education must be offered by or approved in advance of delivery by the organizations stated above.

[ARC 7827C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code section 272C.2 and chapter 147.

CHAPTER 743
DISCIPLINE FOR SPEECH PATHOLOGISTS AND AUDIOLOGISTS

[Prior to 9/9/87, see Health Department [470], Ch 156]

[Prior to 9/19/01, see 645—Chapter 301]

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 304]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/22/29

481—743.1(272C) Grounds for discipline. The board may impose any of the disciplinary sanctions provided in rule 481—504.3(272C) when the board determines that the licensee is guilty of any of the following acts or offenses or those listed in rule 481—Chapter 504.

743.1(1) Violation of the following code of ethics:

a. Licensees will provide ethical, professional services, conduct research with honesty and compassion, and respect the dignity, worth and rights of those served.

b. Claims of expected clinical results will be based upon sound evidence and shall accurately convey the probability and degree of expected improvement.

c. Records will be adequately maintained for the period of time required by applicable state and federal laws.

d. Persons served professionally or the files of such persons will be used for teaching or research purposes only after obtaining informed consent from those persons or from the legal guardians of such persons.

e. Information of a personal or professional nature obtained from persons served professionally will be released only to individuals authorized by the persons receiving professional service or to those individuals to whom release is required by law.

f. Licensees who engage in research will comply with all institutional, state, and federal regulations that address any aspects of research, including those that involve human participants and animals, such as those promulgated in the current Responsible Conduct of Research by the U.S. Office of Research Integrity.

g. Individuals in administrative or supervisory roles will not require or permit their professional staff to provide services or conduct clinical activities that compromise the staff members' independent and objective professional judgment.

h. Relationships between professionals and between a professional and a client shall be based on high personal regard and mutual respect without concern for race, religious preference, sex, age, ethnicity, gender identity/gender expression, sexual orientation, national origin, disability, culture, language or dialect.

i. Referral of clients for additional services or evaluation and recommendation of sources for purchasing appliances will be without any consideration for financial or material gain to the licensee making the referral or recommendation for purchase.

j. Licensees who dispense products to persons served professionally will provide clients with freedom of choice for the source of services and products.

k. Failure to comply with current Food and Drug Administration regulations 21 CFR §801.420 (2022), "Hearing aid devices; professional and patient labeling," and 21 CFR §801.421 (2022), "Hearing aid devices; conditions for sale."

l. Licensees will comply with universal newborn and infant hearing screening requirements within Iowa Code section 135.131 and 641—Chapter 3.

743.1(2) Reserved.

This rule is intended to implement Iowa Code chapters 147 and 272C.

CHAPTER 744
ADOPTION OF UNIFORM AND MODEL RULES
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 305]

Chapter rescission date pursuant to Iowa Code section 17A.7: 8/28/29

481—744.1(17A,272C) Board of speech pathology and audiology adoption of uniform and model rules. The board hereby adopts by reference the following:

744.1(1) to 744.1(9) Reserved.

744.1(10) Model rules for licensee review committee, 481—Chapter 505.

This rule is intended to implement Iowa Code chapter 272C.

[ARC 8148C, IAB 7/24/24, effective 8/28/24; Editorial change: IAC Supplement 9/18/24]

[Filed ARC 8148C (Notice ARC 7296C, IAB 1/24/24), IAB 7/24/24, effective 8/28/24]

BOARD OF OPTOMETRY

CHAPTER 760

LICENSURE OF OPTOMETRISTS

[Prior to 6/13/01, see 645—Chapter 180]

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 180]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/19/29

481—760.1(154) Definitions. For purposes of these rules, the following definitions will apply:

“*Active license*” means a license that is current and has not expired.

“*Board*” means the board of optometry.

“*CELMO*” means the Council on Endorsed Licensure Mobility for Optometrists.

“*Grace period*” means the 30-day period following expiration of a license when the license is still considered to be active.

“*Inactive license*” means a license that has expired because it was not renewed by the end of the grace period.

“*Licensee*” means any person licensed to practice as an optometrist in the state of Iowa.

“*Licensure by endorsement*” means the issuance of an Iowa license to practice optometry to an applicant who is or has been licensed in another state.

“*Mandatory training*” means training on identifying and reporting child abuse or dependent adult abuse required of optometrists who are mandatory reporters. The full requirements on mandatory reporting of child abuse and the training requirements are found in Iowa Code section 232.69. The full requirements on mandatory reporting of dependent adult abuse and the training requirements are found in Iowa Code section 235B.16.

“*NBEO*” means the National Board of Examiners in Optometry.

“*Optometrist*” means an optometrist who is licensed to practice optometry in Iowa and who is certified by the board of optometry to employ all diagnostic and therapeutic pharmaceutical agents for the purpose of diagnosis and treatment of the conditions of the human eye and adnexa, excluding the use of injections other than to counteract an anaphylactic reaction, and notwithstanding Iowa Code section 147.107, may without charge supply any of the above pharmaceuticals to commence a course of therapy, with the exclusions cited in Iowa Code chapter 154.

“*Reactivate*” or “*reactivation*” means the process as outlined in rule 481—760.5(17A,147,272C) by which an inactive license is restored to active status.

“*Reinstatement*” means the process as outlined in rule 481—506.31(272C) by which a licensee who has had a license suspended or revoked or who has voluntarily surrendered a license may apply to have the license reinstated, with or without conditions.

“*TPA*” means therapeutic pharmaceutical agents.

[ARC 7974C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—760.2(154) Requirements for licensure.

760.2(1) The following criteria applies to licensure:

a. Submit a completed online application and pay the non-refundable licensure fee specified in rule 481—507.12(147,154).

b. Applicants will submit proof of satisfactory completion of all educational requirements contained in Iowa Code chapter 154 including official copies of academic transcripts sent directly to the board from an accredited school or college of optometry.

c. Applicants will submit proof of passing all current NBEO examinations.

d. An applicant who has been licensed in another state will provide verification of license from the jurisdiction in which the applicant has most recently been licensed, sent directly from the jurisdiction to the board office. The applicant must also disclose any public or pending complaints against the applicant in any other jurisdiction. Web-based verification may be substituted for verification direct from the jurisdiction’s board office if the verification provides:

(1) Licensee’s name;

- (2) Date of initial licensure;
 - (3) Current licensure status; and
 - (4) Any disciplinary action taken against the license.
- 760.2(2)** Reserved.

[ARC 7974C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—760.3(154) Licensure by endorsement.

760.3(1) Applicants who have been licensed as an optometrist in another state may apply for licensure by endorsement by submitting the following:

- a. Verification the applicant meets the requirements of rule 481—760.2(154); and
- b. Verification of current competence to practice as an optometrist by satisfying one of the following criteria:
 - (1) Current CELMO certification;
 - (2) Practice as an optometrist for a minimum of 2,080 hours during the preceding two-year period;
 - (3) Employment as a faculty member teaching optometry in an accredited school of optometry for at least one academic year during the preceding two-year period;
 - (4) Completion of a minimum of 50 hours of continuing education during the preceding two-year period; or
 - (5) Passing the NBEO examination during the preceding two-year period.

760.3(2) Licensure by verification. A person who is licensed in another jurisdiction but who is unable to satisfy the requirements for licensure by endorsement may apply for licensure by verification, if eligible, in accordance with rule 481—501.1(272C).

[ARC 7974C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—760.4(154) License renewal.

760.4(1) The biennial license renewal period for a license to practice optometry will begin on July 1 of an even-numbered year and end on June 30 two years later. The licensee is responsible for renewing the license prior to its expiration.

760.4(2) An individual who was issued a license within six months of the license renewal date does not need to renew the license until the subsequent renewal two years later.

760.4(3) A licensee applying for renewal will:

- a. Meet the continuing education requirements of rule 481—761.2(154) and the mandatory reporting requirements of subrule 760.5(4). A licensee whose license was reactivated during the current renewal compliance period may use continuing education credit earned during the compliance period for the first renewal following reactivation; and
- b. Submit the completed renewal application and renewal fee before the license expiration date.

760.4(4) Mandatory reporter training requirements.

a. A licensee who examines, attends, counsels, or treats children, dependent adults, or both in the scope of the licensee's professional practice will complete the applicable department of health and human services training relating to the identification reporting of child abuse, dependent adult abuse, or both. Written documentation of training completion should be maintained for three years. The training is not required if the licensee is engaged in active duty military service or holds a waiver demonstrating a hardship in complying with these training requirements.

b. The board may select licensees for audit of compliance with the requirements in 481—Chapter 761.

760.4(5) A two-year license will be issued after the requirements of the rule are met. If the board receives adverse information on the renewal application, the board will issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

760.4(6) The license certificate and proof of active licensure will be displayed in a conspicuous public place at the primary site of practice.

760.4(7) Late renewal. The license will become late when the license has not been renewed by the expiration date on the renewal. The licensee will be assessed a late fee as specified in

481—subrule 507.12(3). To renew a late license, the licensee will complete the renewal requirements and submit the late fee within the grace period.

760.4(8) Inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice until the license is reactivated.

[ARC 7974C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—760.5(17A,147,272C) License reactivation. To apply for reactivation of an inactive license:

760.5(1) Submit a completed online reactivation application and payment of the non-refundable application fee.

760.5(2) If licensed in another jurisdiction, provide verification from the jurisdiction in which the licensee has most recently been licensed showing the licensee's name, date of initial licensure, current licensure status, and any disciplinary action taken against the licensee.

760.5(3) Verification of current competence to practice as an optometrist by satisfying one of the following criteria:

- a. Practice as an optometrist for a minimum of 2,080 hours during the preceding two-year period;
- b. Employment as a faculty member teaching optometry in an accredited school of optometry for at least one academic year during the preceding two-year period;
- c. Completion of a minimum of 50 hours of continuing education during the preceding two-year period; or
- d. Passing the NBEO examination during the preceding two-year period.

[ARC 7974C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—760.6(17A,147,272C) License reinstatement. A licensee whose license has been revoked, suspended, or voluntarily surrendered must apply for and receive board-approved reinstatement of the license and must apply for and be granted reactivation of the license prior to practicing as an optometrist in this state.

[ARC 7974C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code chapters 17A, 147, 154 and 272C.

CHAPTER 761
CONTINUING EDUCATION FOR OPTOMETRISTS

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 181]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/19/29

481—761.1(154) Definitions. For the purpose of these rules, the following definitions shall apply:

“*Active license*” means a license that is current and has not expired.

“*Approved program/activity*” means a continuing education program/activity meeting the standards set forth in these rules.

“*Audit*” means the selection of licensees for verification of satisfactory completion of continuing education requirements during a specified time period.

“*Board*” means the board of optometry.

“*CELMO*” means the Council on Endorsed Licensure Mobility for Optometrists.

“*Continuing education*” means planned, organized learning acts designed to maintain, improve, or expand a licensee’s knowledge and skills in order for the licensee to develop new knowledge and skills relevant to the enhancement of practice, education, or theory development to improve the safety and welfare of the public.

“*Distance learning*” means a format that provides one-way content to the licensee without immediate interaction with the instructor, including but not limited to correspondence courses, online courses and local study group programs.

“*Hour of continuing education*” means at least 50 minutes spent by a licensee in actual attendance at and completion of an approved continuing education activity.

“*Inactive license*” means a license that has expired because it was not renewed by the end of the grace period.

“*Independent study*” means a subject/program/activity that a person pursues autonomously that meets standards for approval criteria in the rules and includes a posttest.

“*Interactive online CE*” means the format allows for immediate interaction and feedback between the audience and the instructor.

“*License*” means license to practice.

“*Licensee*” means any person licensed to practice as an optometrist in the state of Iowa.

[ARC 7975C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—761.2(154) Continuing education requirements.

761.2(1) The biennial continuing education compliance period will extend for a two-year period beginning on July 1 and ending on June 30 of each even-numbered year. Each biennium, each person who is licensed to practice as an optometrist in this state will be required to complete a minimum of 50 hours of continuing education that meets the standards in this chapter. Licensees who complete continuing education hours in excess of the requirements for renewal may apply up to 50 percent of the required hours to the following renewal period in compliance with Iowa Code section 272C.2(2)“*h.*”

761.2(2) Requirements of new licensees. Those persons licensed for the first time shall not be required to complete continuing education as a prerequisite for the first renewal of their licenses. Continuing education hours acquired anytime from the initial licensing until the second license renewal may be used.

761.2(3) Hours of continuing education credit may be obtained by attending and participating in a continuing education activity.

761.2(4) The licensee is responsible for the cost of continuing education.

[ARC 7975C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24; ARC 9283C, IAB 5/14/25, effective 6/18/25]

481—761.3(154,272C) Standards.

761.3(1) *General criteria.* A continuing education activity that meets all of the following criteria is appropriate for continuing education credit if the continuing education activity:

- a. Is an organized program of learning fundamental to the practice of the profession that contributes directly to the professional competency of the licensee;
- b. Is conducted by individuals who have specialized education and training in the subject matter of the program. At the time of audit, the board may request the qualifications of presenters;
- c. Fulfills stated program goals, objectives, or both; and
- d. Provides proof of attendance, including:
 - (1) Date, location, course title, presenter(s);
 - (2) Numbers of program contact hours; and
 - (3) Certificate of completion or evidence of successful completion of the course provided by the course sponsor.

761.3(2) *Specific criteria.*

- a. Continuing education hours of credit may be obtained by attending:
 - (1) The continuing education programs of the Iowa Optometric Association, the American Optometric Association, the American Academy of Optometry, and national regional optometric congresses, schools of optometry, all state optometric associations, and any accredited department of ophthalmology.
 - (2) Postgraduate study through an accredited school or college of optometry.
 - (3) Meetings or seminars that are approved and certified for optometric continuing education by the Association of Regulatory Boards of Optometry's Council on Optometric Practitioner Education (COPE) committee.
- b. The maximum number of hours in each category in each biennium is as follows:
 - (1) Five hours of credit for distance learning.
 - (2) Fifteen hours of credit for interactive online CE.
 - (3) Twenty hours of credit for postgraduate study courses as referenced in subparagraph 761.3(2) "a"(2).
- c. Required continuing education hours. Licensees shall provide proof of continuing education in all of the following areas:
 - (1) Current certification in CPR offered in person by the American Heart Association, the American Red Cross or an equivalent organization. At least two hours per biennium is required, but credit will be granted for four hours.
 - (2) Training on child abuse and dependent adult abuse identification and reporting through the department of health and human services for all licensees who examine, attend, counsel or treat children or dependent adults in the scope of the professional practice. Initial two-hour courses need to be taken with six months of employment. One-hour recertification training needs to be done every three years.
 - (3) A minimum of one hour of continuing education per renewal period regarding guidelines for prescribing opioids, including recommendations on limitations on dosages and the length of prescriptions, risk factors for abuse, and nonopioid and nonpharmacologic therapy options. Credit will be granted for up to two hours per renewal period. If the continuing education did not cover the United States Centers for Disease Control and Prevention guideline for prescribing opioids for chronic pain, the licensee shall read the guideline prior to license renewal. "Opioid" means any drug that produces an agonist effect on opioid receptors and is indicated or used for the treatment of pain.
- d. Current CELMO certification meets the continuing education requirements for licensees.

[ARC 7975C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code section 272C.2 and chapter 154.

◇ Two or more ARCs

CHAPTER 762
PRACTICE OF OPTOMETRISTS

[Prior to 8/7/02, see 645—179.4(154), 179.5(154,272C), 179.7(154) and 179.8(155A)]

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 182]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/19/29

481—762.1(154) Code of ethics. The board hereby adopts by reference the Code of Ethics of the American Optometric Association as published by the American Optometric Association, 243 North Lindbergh Boulevard, St. Louis, Missouri 63141, modified June 2007.

[ARC 7976C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—762.2(154,272C) Recordkeeping. Optometrists will maintain patient records in a manner consistent with the protection of the welfare of the patient. Records will be permanent, timely, accurate, legible, and easily understandable.

762.2(1) Optometrists will maintain optometry records for each patient. The records will contain all of the following:

a. Personal data.

- (1) Name, date of birth, address and, if a minor, name of parent or guardian; and
- (2) Name and telephone number of emergency contact.

b. Optometry and medical history. Optometry records will include information from the patient or the patient's parent or guardian regarding the patient's optometric and medical history. The information will include sufficient data to support the recommended treatment plan.

c. Patient's reason for visit. Optometric records will include the patient's stated visual health care reasons for visiting the optometrist.

d. Clinical examination progress notes. Optometric records will include chronological dates and descriptions of the following:

- (1) Clinical examination findings, tests conducted, and a summary of all pertinent diagnoses;
- (2) Plan of intended treatment and treatment sequence;
- (3) Services rendered and any treatment complications;
- (4) All ancillary testing, if applicable;
- (5) Vision tests completed and visual acuity;
- (6) Name, quantity, and strength of all drugs dispensed, administered, or prescribed; and
- (7) Name of optometrist who performs any treatment or service or who may have contact with a patient regarding the patient's optometric health.

e. Informed consent. Optometric records will include documentation of informed consent for procedure(s) and treatment that have potential serious complications and known risks.

762.2(2) Retention of records. An optometrist will maintain a patient's record(s) for a minimum of five years after the date of last examination, prescription, or treatment. Records for minors will be maintained for, at minimum, one year after the patient reaches the age of majority (18) or five years after the date of last examination, prescription, or treatment, whichever is longer.

Proper safeguards will be maintained to ensure the safety of records from destructive elements.

762.2(3) Electronic recordkeeping. The requirements of this rule apply to electronic records as well as to records kept by any other means. When electronic records are kept, an optometrist will keep either a duplicate hard-copy record or a back-up unalterable electronic record.

762.2(4) Correction of records. Notations will be legible, written in ink, and contain no erasures or white-outs. If incorrect information is placed in the record, it must be crossed out with a single nondeleting line and be initialed by an optometric health care worker.

762.2(5) Confidentiality and transfer of records. Optometrists will preserve the confidentiality of patient records in a manner consistent with the protection of the welfare of the patient. Upon request of the patient or the patient's new optometrist, the optometrist will furnish such optometry records or copies of the records as will be beneficial for the future treatment of that patient. The optometrist may include a summary of the record(s) with the record(s) or copy of the record(s). The optometrist may charge a nominal

fee for duplication of records, but may not refuse to transfer records for nonpayment of any fees. The optometrist may ask for a written request for the record(s).

762.2(6) Retirement or discontinuance of practice. A licensee, upon retirement, or upon discontinuation of the practice of optometry, or upon leaving a practice or moving from a community, will notify all active patients in writing, or by publication once a week for three consecutive weeks in a newspaper of general circulation in the community, that the licensee intends to discontinue the practice of optometry in the community, and will encourage patients to seek the services of another licensee. The licensee will make reasonable arrangements with active patients for the transfer of patient records, or copies of those records, to the succeeding licensee. "Active patient" means a person whom the licensee has examined, treated, cared for, or otherwise consulted with during the two-year period prior to retirement, discontinuation of the practice of optometry, or leaving a practice or moving from a community.

762.2(7) Nothing stated in these rules will prohibit a licensee from conveying or transferring the licensee's patient records to another licensed optometrist who is assuming a practice, provided that written notice is furnished to all patients.

[ARC 7976C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—762.3(154) Furnishing prescriptions. Before a licensed optometrist provides a spectacle or contact lens prescription to a patient, the eye examination record will include best-corrected visual acuity with ophthalmic lenses or contact lenses in the lens powers determined by refraction. Each contact lens or ophthalmic spectacle lens/eyeglass prescription by a licensed optometrist must meet the requirements as listed below:

762.3(1) A contact lens prescription will contain the following information:

- a. Date of issuance;
- b. Name and date of birth of patient for whom the contact lens or lenses are prescribed;
- c. Name, address, and signature of the practitioner;
- d. All parameters required to duplicate properly the original contact lens;
- e. A specific date of expiration, not to exceed 18 months, the quantity of lenses allowed and the number of refills allowed; and
- f. At the option of the prescribing practitioner, the prescription may contain fitting and material guidelines and specific instructions for use by the patient.

762.3(2) Release of contact lens prescription.

a. After the contact lenses have been adequately adapted and the patient released from initial follow-up care by the prescribing practitioner, the prescribing practitioner will provide a copy of the contact lens prescription, at no cost, for the duplication of the original contact lens. A licensed optometrist may refuse to provide a copy of the contact lens prescription if the patient has not paid the fees associated with the examination from which the prescription was generated including applicable contact lens fitting fees.

b. A practitioner choosing to issue an oral prescription will furnish the same information required for the written prescription except for the written signature and address of the practitioner. An oral prescription may be released by an O.D. to any dispensing person who is a licensed professional with the O.D., M.D., D.O., or R.Ph. degree or a person under direct supervision of those licensed under Iowa Code chapter 148, 154 or 155A.

c. The issuing of an oral prescription will be followed by a written copy to be kept by the dispenser of the contact lenses until the date of expiration.

762.3(3) An ophthalmic spectacle lens prescription will contain the following information:

- a. Date of issuance;
- b. Name and date of birth of the patient for whom the ophthalmic lens or lenses are prescribed;
- c. Name, address, and signature of the practitioner issuing the prescription;
- d. All parameters necessary to duplicate properly the ophthalmic lens prescription; and
- e. A specific date of expiration not to exceed two years.

A dispenser of ophthalmic materials, in spectacle or eyeglass form, must keep a valid copy of the prescription on file for two years.

762.3(4) Release of ophthalmic lens prescription.

a. The ophthalmic lens prescription will be furnished upon request at no additional charge to the patient. A licensed optometrist may refuse to provide a copy of the ophthalmic lens prescription if the patient has not paid the fees associated with the examination from which the prescription was generated.

b. The prescription, at the option of the prescriber, may contain adapting and material guidelines and may also contain specific instructions for use by the patient.

c. Spectacle lens prescriptions will be in written format, according to Iowa Code section 147.109(1).
[ARC 7976C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—762.4(155A) Prescription drug orders. Each prescription drug order furnished by an optometrist in this state will meet the following requirements:

762.4(1) Written prescription drug orders will contain:

- a. The date of issuance;
- b. The name and date of birth of the patient for whom the drug is dispensed;
- c. The name, strength, and quantity of the drug, medicine, or device prescribed;
- d. The directions for use of the drug, medicine, or device prescribed;
- e. The name, address, and written signature of the practitioner issuing the prescription; and
- f. The federal drug enforcement administration number, if required under Iowa Code chapter 124.

762.4(2) The practitioner issuing oral prescription drug orders will furnish the same information required for a written prescription, except for the written signature and address of the practitioner.

762.4(3) Prior to prescribing any controlled substance, an optometrist will review the patient's information contained in the prescription monitoring program database, unless the patient is receiving inpatient hospice care or long-term residential facility care.

762.4(4) Beginning January 1, 2020, every prescription issued for a prescription drug will be transmitted electronically unless exempted pursuant to Iowa Code section 124.308 or 155A.27. Beginning January 1, 2020, a licensee who fails to comply with the electronic prescription mandate may be subject to a nondisciplinary administrative penalty of \$250 per violation, up to a maximum of \$5,000 per calendar year.

[ARC 7976C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—762.5(154) Use of injectables. A licensed optometrist shall not administer any injection prior to receiving approval from the board. A licensed optometrist may administer only the following injections:

762.5(1) Subconjunctival injections for the medical treatment of the eye.

762.5(2) Intralesional injections for the treatment of chalazia.

762.5(3) Botulinum toxin to the muscles of facial expression innervated by the facial nerve, including for cosmetic purposes.

762.5(4) Injections to counteract an anaphylactic reaction.

762.5(5) Local anesthetics prior to a minor surgical procedure authorized by this chapter.

[ARC 7976C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—762.6(154) Education and training approval.

762.6(1) The board will not approve the use of injections other than to counteract an anaphylactic reaction unless the licensed optometrist demonstrates to the board sufficient educational or clinical training from a college or university accredited by a regional or professional accreditation organization that is recognized or approved by the Council for Higher Education Accreditation or by the United States Department of Education, or clinical training equivalent to clinical training offered by such an institution.

762.6(2) A licensed optometrist who completes the requirements of rule 481—762.7(154) is deemed approved by the board for use of injectables as outlined in this chapter.

[ARC 7976C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—762.7(154) Education and training. In order to use injections, a licensed optometrist will be able to show proof of completion of the following requirements for board approval:

762.7(1) Be fully licensed and in good standing within the state of Iowa as a licensed optometrist.

762.7(2) Have completed a total of 24 hours of approved educational training pertaining to injections.

- a. At least 4 hours of the 24 hours must be clinical training.

b. At least 5 hours of the 24 hours must pertain to the administration and side effects of injection treatment for botulinum toxin and chalazia.

[ARC 7976C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code chapters 154 and 155A.

CHAPTER 763
DISCIPLINE FOR OPTOMETRISTS

[Prior to 6/13/01, see 645—Ch 180]

[Prior to 8/7/02, see 645—Ch 182]

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 183]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/19/29

481—763.1(154,272C) Grounds for discipline.

763.1(1) The board may impose any of the disciplinary sanctions provided in rule 481—504.3(272C) when the board determines that the licensee is guilty of any of the following acts or offenses or those listed in rule 481—Chapter 504.

763.1(2) The licensee prescribes any controlled substance in dosage amounts that exceed what would be prescribed by a reasonably prudent licensee.

This rule is intended to implement Iowa Code chapters 147, 154 and 272C.

CHAPTER 764
ADOPTION OF UNIFORM AND MODEL RULES

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 184]

Chapter rescission date pursuant to Iowa Code section 17A.7: 8/28/29

481—764.1(17A,272C) Board of optometry adoption of uniform and model rules. The board hereby adopts by reference the following:

764.1(1) to 764.1(9) Reserved.

764.1(10) Model rules for licensee review committee, 481—Chapter 505.

This rule is intended to implement Iowa Code chapter 272C.

[ARC 8148C, IAB 7/24/24, effective 8/28/24; Editorial change: IAC Supplement 9/18/24]

[Filed ARC 8148C (Notice ARC 7296C, IAB 1/24/24), IAB 7/24/24, effective 8/28/24]

BOARD OF PHYSICIAN ASSISTANTS

CHAPTER 780

LICENSURE OF PHYSICIAN ASSISTANTS

[Prior to 8/7/02, see 645—325.2(148C) to 645—325.5(148C) and 645—325.16(148C)]

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 326]

Chapter rescission date pursuant to Iowa Code section 17A.7: 1/1/28

481—780.1(148C) Definitions.

“Active license” means a license that is current and has not expired.

“Approved program” means a program for the education of physician assistants which has been accredited by the Accreditation Review Commission on Education for the Physician Assistant, or its successor, or, if accredited prior to 2001, either by the Committee on Allied Health Education and Accreditation or the Commission on Accreditation of Allied Health Education Programs.

“Board” means the board of physician assistants.

“CME” means continuing medical education.

“Collaboration” means consultation with or referral to the appropriate physician or other health care professional by a physician assistant as indicated by the patient’s condition; the education, competencies, and experience of the physician assistant; and the standard of care.

“Department” means the department of inspections, appeals, and licensing.

“Direction” means authoritative policy or procedural guidance for the accomplishment of a function or activity.

“Grace period” means the 30-day period following expiration of a license when the license is still considered to be active. In order to renew a license during the grace period, a licensee is required to pay a late fee.

“Inactive license” means a license that has expired because it was not renewed by the end of the grace period. The category of “inactive license” may include licenses formerly known as lapsed, inactive, delinquent, closed, or retired.

“Licensee” means a person licensed by the board as a physician assistant to provide medical services under the supervision of one or more physicians.

“Licensure by endorsement” means the issuance of an Iowa license to practice as a physician assistant to an applicant who is or has been licensed in another state.

“Locum tenens” means the temporary substitution of one licensed physician assistant for another.

“Mandatory training” means training on identifying and reporting child abuse or dependent adult abuse required of physician assistants who are mandatory reporters. The full requirements on mandatory reporting of child abuse and the training requirements are found in Iowa Code section 232.69. The full requirements on mandatory reporting of dependent adult abuse and the training requirements are found in Iowa Code section 235B.16.

“NCCPA” means the National Commission on Certification of Physician Assistants.

“Opioid” means a drug that produces an agonist effect on opioid receptors and is indicated or used for the treatment of pain or opioid use disorder.

“Physician” means a person who is currently licensed in Iowa to practice medicine and surgery, osteopathic medicine and surgery, or osteopathy. A physician supervising a physician assistant practicing in a federal facility or under federal authority shall not be required to obtain licensure beyond licensure requirements mandated by the federal government for supervising physicians.

“Physician assistant” or *“PA”* means a person licensed as a physician assistant by the board.

“Prescription monitoring program database” or *“PMP database”* means the Iowa prescription monitoring program database administered by the Iowa board of pharmacy pursuant to Iowa Code chapter 124, subchapter VI, and 657—Chapter 37.

“Reactivate” or *“reactivation”* means the process as outlined in rule 481—780.19(17A,147,272C) by which an inactive license is restored to active status.

“Reinstatement” means the process as outlined in 481—506.31(272C) by which a licensee who has had a license suspended or revoked or who has voluntarily surrendered a license may apply to have the license

reinstated, with or without conditions. Once the license is reinstated, the licensee may apply for active status.

“Remote medical site” means a medical clinic for ambulatory patients which is more than 30 miles away from the main practice location of a supervising physician and in which a supervising physician is present less than 50 percent of the time the site is open. “Remote medical site” does not apply to nursing homes, patient homes, hospital outpatient departments, outreach clinics, or any location at which medical care is incidentally provided, such as a diet center, free clinic, site for athletic physicals, or a jail facility.

“Supervising physician” means a physician who supervises the medical services provided by the physician assistant consistent with the physician assistant’s education, training, or experience and who accepts ultimate responsibility for the medical care provided by the physician-physician assistant team.

“Supervision” means that a supervising physician retains ultimate responsibility for patient care, although a physician need not be physically present at each activity of the physician assistant or be specifically consulted before each delegated task is performed. Supervision shall not be construed as requiring the personal presence of a supervising physician at the place where such services are rendered except insofar as the personal presence is expressly required by these rules or by Iowa Code chapter 148C.

“Supply prescription drugs” means to deliver to a patient or the patient’s representative a quantity of prescription drugs or devices that are properly packaged and labeled.

[ARC 4299C, IAB 2/13/19, effective 3/20/19; ARC 5177C, IAB 9/9/20, effective 10/14/20; Editorial change: IAC Supplement 9/18/24]

481—780.2(148C) Requirements for licensure.

780.2(1) The following criteria shall apply to licensure:

a. An applicant shall complete a board-approved application packet. Application forms may be obtained from the board’s website (www.idph.state.ia.us/licensure) or directly from the board office. All applications shall be sent to the Board of Physician Assistants, Professional Licensure Division, Iowa Department of Inspections, Appeals, and Licensing, 6200 Park Avenue, Suite 100, Des Moines, Iowa 50321-1270.

b. An applicant shall complete the application form according to the instructions contained in the application.

c. Each application shall be accompanied by the appropriate fees payable by check or money order to the Iowa Board of Physician Assistants. The fees are nonrefundable.

d. Each applicant shall provide official copies of academic transcripts that have been sent to the board directly from an approved program for the education of physician assistants. EXCEPTION: An applicant who is not a graduate of an approved program but who passed the NCCPA initial certification examination prior to 1986 is exempt from the graduation requirement.

e. An applicant shall provide a copy of the initial certification from NCCPA, or its successor agency, sent directly to the board from the NCCPA, or its successor agency.

f. Prior to beginning practice, the physician assistant shall notify the board of the identity of the supervising physician(s) on the board-approved form.

g. In lieu of paragraphs “d” and “e,” an applicant for licensure may provide documentation from the Federation Credentials Verification Service (FCVS) of the Federation of State Medical Boards as primary source verification for identity, education and national certification information.

780.2(2) Licensees who were issued their licenses within six months prior to the renewal date shall not be required to renew their licenses until the renewal date two years later.

780.2(3) Incomplete applications that have been on file in the board office for more than two years shall be:

a. Considered invalid and shall be destroyed; or

b. Maintained upon written request of the candidate.

[Editorial change: IAC Supplement 9/18/24]

481—780.3(148C) Temporary licensure.

780.3(1) A temporary license may be issued for an applicant who has not taken the NCCPA initial certification examination or successor agency examination or is waiting for the results of the examination.

780.3(2) The applicant must comply with subrule 780.2(1), with the exception of paragraphs “d” and “e.”

780.3(3) A temporary license shall be valid for one year from the date of issuance.

780.3(4) The temporary license shall be renewed only once upon the applicant’s showing proof that, through no fault of the applicant, the applicant was unable to take the certification examination recognized by the board. Proof of inability to take the certification examination shall be submitted to the board office with written request for renewal of a temporary license, accompanied by the temporary license renewal fee.

780.3(5) If the temporary licensee fails the certification examination, the temporary licensee must cease practice immediately and surrender the temporary license by the next business day.

780.3(6) There is no additional fee for converting temporary licensure to permanent licensure.

780.3(7) The applicant shall ensure that certification of completion is sent to the board directly from an approved program for the education of physician assistants. The certification of completion must be signed by a designee from the approved program.

[Editorial change: IAC Supplement 9/18/24]

481—780.4(148C) Licensure by endorsement. An applicant who has been licensed under the laws of another jurisdiction shall file an application for licensure by endorsement. An applicant shall:

780.4(1) Submit to the board a completed application according to the instructions on the application.

780.4(2) Pay the nonrefundable licensure fee.

780.4(3) Provide an official copy of the transcript sent directly to the board from an approved program for the education of physician assistants or qualify for the exception stated in paragraph 326.2(1) “d.”

780.4(4) Provide a copy of the initial certification from NCCPA, or its successor agency, sent directly to the board from the NCCPA, or its successor agency. Additionally, provide one of the following documents:

a. Copy of current certification from the NCCPA, or its successor agency, sent directly to the board from the NCCPA, or its successor agency; or

b. Proof of completion of 100 CME hours for each biennium since initial certification.

780.4(5) Provide verification of license from the jurisdiction in which the applicant has most recently been licensed, sent directly from the jurisdiction to the board office. The applicant must also disclose any public or pending complaints against the applicant in any other jurisdiction. Web-based verification may be substituted for verification direct from the jurisdiction’s board office if the verification provides:

a. Licensee’s name;

b. Date of initial licensure;

c. Current licensure status; and

d. Any disciplinary action taken against the license.

780.4(6) Prior to beginning practice, the physician assistant shall notify the board of the identity of the supervising physician(s) on the board-approved form.

780.4(7) A person who is licensed in another jurisdiction but who is unable to satisfy the requirements of licensure by endorsement may apply for licensure by verification, if eligible, in accordance with rule 481—501.1(272C).

[ARC 5752C, IAB 7/14/21, effective 8/18/21; ARC 6896C, IAB 2/22/23, effective 3/29/23; Editorial change: IAC Supplement 9/18/24]

481—780.5 Reserved.

481—780.6(148C) Examination requirements. The applicant for licensure as a physician assistant shall successfully pass the certifying examination conducted by the National Commission on Certification of Physician Assistants or a successor examination approved by the board of physician assistants.

[ARC 5177C, IAB 9/9/20, effective 10/14/20; Editorial change: IAC Supplement 9/18/24]

481—780.7(148C) Educational qualifications. An applicant for licensure as a physician assistant shall submit official copies of academic transcripts from an approved program for education of physician assistants, or the applicant shall qualify for the exception stated in paragraph 780.2(1) “d.”

[Editorial change: IAC Supplement 9/18/24]

481—780.8(148C) Supervision requirements.

780.8(1) Notification requirements. Physician assistants shall use the board-approved forms to notify the board of the identity of their supervising physicians at the following times:

- a. Prior to beginning practice in Iowa.
- b. At the time of license renewal. The physician assistant shall notify the board of the identity of each of the physician assistant's supervising physicians and of any change in the status of the supervisory relationships during the physician assistant's current biennium. In addition, the physician assistant shall maintain a list of supervising physicians to provide to the board upon request.
- c. At the time of license reactivation.

780.8(2) The physician assistant shall maintain documentation of current supervising physicians, which shall be made available to the board upon request.

780.8(3) A physician assistant who provides medical services shall be supervised by one or more physicians; but a physician shall not supervise more than five physician assistants at the same time.

780.8(4) It shall be the responsibility of the physician assistant and a supervising physician to ensure that the physician assistant is adequately supervised. Upon agreeing to supervise a physician assistant, a supervising physician will be advised that the physician's name will be listed with the board as a supervising physician. In regard to scheduling, the physician assistant may not practice if supervision is unavailable, except as otherwise provided in Iowa Code chapter 148C or these rules, and must be in compliance with the requirement that no more than five physician assistants shall be supervised by a physician at the same time, pursuant to subrule 780.8(3). The physician assistant and the supervising physician are each responsible for knowing and complying with the supervision provisions of these rules.

a. Patient care provided by the physician assistant shall be reviewed with a supervising physician on an ongoing basis as indicated by the clinical condition of the patient. Although every chart need not be signed nor every visit reviewed, nor does the supervising physician need to be physically present at each activity of the physician assistant, it is the responsibility of the supervising physician and physician assistant to ensure that each patient has received the appropriate medical care.

b. Patient care provided by the physician assistant may be reviewed with a supervising physician in person, by telephone or by other telecommunicative means.

c. When signatures are required, electronic signatures are allowed if:

(1) The signature is transcribed by the signer into an electronic record and is not the result of electronic regeneration; and

(2) A mechanism exists allowing confirmation of the signature and protection from unauthorized reproduction.

d. When the physician assistant is being trained to perform new medical procedures, the training shall be carried out under the supervision of a physician or another qualified individual. Upon completing the supervised training, a physician assistant may perform the new medical procedures if delegated by a supervising physician, except as otherwise provided in Iowa Code chapter 148C or these rules. New medical procedures may be delegated to a physician assistant after a supervising physician determines that the physician assistant is competent to perform the task.

[ARC 0462C, IAB 11/28/12, effective 1/2/13; Editorial change: IAC Supplement 9/18/24]

481—780.9(148C) License renewal.

780.9(1) The biennial license renewal period for a license to practice as a physician assistant shall begin on October 1 and end on September 30 two years later. The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive notice from the board does not relieve the licensee of the responsibility for renewing the license.

780.9(2) An individual who was issued a license within six months of the license renewal date will not be required to renew the license until the subsequent renewal date two years later.

780.9(3) A licensee seeking renewal shall:

a. Meet the continuing education requirements of rule 481—782.2(148C) and the mandatory reporting requirements of subrule 780.9(4). A licensee whose license was reactivated during the current

renewal compliance period may use continuing education credit earned during the compliance period for the first renewal following reactivation; and

b. Submit the completed renewal application and renewal fee before the license expiration date.

780.9(4) Mandatory reporter training requirements.

a. A licensee who, in the scope of professional practice or in the licensee's employment responsibilities, examines, attends, counsels or treats children in Iowa shall indicate on the renewal application completion of training in child abuse identification and reporting as required by Iowa Code section 232.69(3) "b" in the previous three years, or condition(s) for waiver of this requirement as identified in paragraph 780.9(4) "e."

b. A licensee who, in the course of employment responsibilities, examines, attends, counsels or treats adults in Iowa shall indicate on the renewal application completion of training in dependent adult abuse identification and reporting as required by Iowa Code section 235B.16(5) "b" in the previous three years or condition(s) for waiver of this requirement as identified in paragraph 780.9(4) "e."

c. The course(s) shall be the curriculum provided by the Iowa department of human services.

d. The licensee shall maintain written documentation for three years after mandatory training as identified in paragraphs 780.9(4) "a" through "c," including program date(s), content, duration, and proof of participation.

e. The requirement for mandatory training for identifying and reporting child and dependent adult abuse shall be suspended if the board determines that suspension is in the public interest or that a person at the time of license renewal:

(1) Is engaged in active duty in the military service of this state or the United States.

(2) Holds a current waiver by the board based on evidence of significant hardship in complying with training requirements.

f. The board may select licensees for audit of compliance with the requirements in paragraphs 780.9(4) "a" through "e."

780.9(5) Upon receiving the information required by this rule and the required fee, board staff shall administratively issue a two-year license. In the event the board receives adverse information on the renewal application, the board shall issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

780.9(6) A person licensed to practice as a physician assistant shall keep the license certificate and renewal displayed in a conspicuous public place at the primary site of practice.

780.9(7) Late renewal. The license shall become late when the license has not been renewed by the expiration date on the renewal. The licensee shall be assessed a late fee as specified in 481—subrule 507.14(4). To renew a late license, the licensee shall complete the renewal requirements and submit the late fee within the grace period.

780.9(8) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice as a physician assistant in Iowa until the license is reactivated. A licensee who practices as a physician assistant in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

[ARC 9665B, IAB 8/10/11, effective 9/14/11; ARC 4952C, IAB 2/26/20, effective 4/1/20; ARC 5752C, IAB 7/14/21, effective 8/18/21; Editorial change: IAC Supplement 9/18/24;]

481—780.10 to 780.14 Reserved.

481—780.15(148C,88GA,ch1020) Use of title. A physician assistant licensed under Iowa Code chapter 148C may use the words "physician assistant" after the person's name or signify the same by the use of the letters "PA." A person who meets the qualifications for licensure under Iowa Code chapter 148C but does not possess a current license may use the title "PA" or "physician assistant" but may not act or practice as a physician assistant unless licensed under Iowa Code chapter 148C.

[ARC 5177C, IAB 9/9/20, effective 10/14/20; Editorial change: IAC Supplement 9/18/24]

481—780.16(148C) Address change. The physician assistant shall notify the board of any change in permanent address within 30 days of its occurrence.

[Editorial change: IAC Supplement 9/18/24]

481—780.17(148C) Student physician assistant.

780.17(1) Any person who is enrolled as a student in an approved program shall comply with the rules set forth in this chapter. A student is exempted from licensure requirements.

780.17(2) Notwithstanding any other provisions of these rules, a student may perform medical services when they are rendered within the scope of an approved program.

[Editorial change: IAC Supplement 9/18/24]

481—780.18(148C) Recognition of an approved program. The board shall recognize a program for education and training of physician assistants if it is accredited by the Accreditation Review Commission on Education for the Physician Assistant or its successor, or, if accredited prior to 2001, either by the Committee on Allied Health Education and Accreditation or the Commission on Accreditation of Allied Health Education Programs.

This rule is intended to implement Iowa Code section 148C.2.

[ARC 5177C, IAB 9/9/20, effective 10/14/20; Editorial change: IAC Supplement 9/18/24]

481—780.19(17A,147,272C) License reactivation. To apply for reactivation of an inactive license, a licensee shall:

780.19(1) Submit a reactivation application on a form provided by the board.

780.19(2) Pay the reactivation fee that is due as specified in 481—Chapter 507.

780.19(3) Provide verification of current competence to practice as a physician assistant by satisfying one of the following criteria:

a. If the license has been on inactive status for five years or less, an applicant must provide the following:

(1) Verification of the license(s) from every jurisdiction in which the applicant is or has been licensed and is or has been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction(s) to the board office. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

1. Licensee's name;
2. Date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license; and

(2) Verification of completion of 100 hours of continuing education within two years of application for reactivation or NCCPA or successor agency certification.

b. If the license has been on inactive status for more than five years, an applicant must provide the following:

(1) Verification of the license(s) from every jurisdiction in which the applicant is or has been licensed and is or has been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction(s) to the board office. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

1. Licensee's name;
2. Date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license; and

(2) Verification of completion of 200 hours of continuing education within two years of application for reactivation, of which at least 40 percent of the hours completed shall be in Category I, or NCCPA or successor agency certification.

[ARC 5177C, IAB 9/9/20, effective 10/14/20; Editorial change: IAC Supplement 9/18/24]

481—780.20(17A,147,272C) License reinstatement. A licensee whose license has been revoked, suspended, or voluntarily surrendered must apply for and receive reinstatement of the license in accordance

with 481—506.31(272C) and must apply for and be granted reactivation of the license in accordance with rule 481—780.19(17A,147,272C) prior to practicing as a physician assistant in this state.

[Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code chapters 17A, 147, 148C and 272C.

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/3/29

481—781.1(148C,88GA,ch1020) Duties. The medical services to be provided by the physician assistant are those for which the physician assistant has been prepared by education, training, or experience and is competent to perform. The ultimate role of the physician assistant cannot be rigidly defined because of the variations in practice requirements due to geographic, economic, and sociologic factors. The high degree of responsibility a physician assistant may assume requires that, at the conclusion of the formal education, the physician assistant possess the knowledge, skills, and abilities necessary to provide those services appropriate to the practice setting. The physician assistant's services may be utilized in any clinical settings including but not limited to offices, ambulatory clinics, hospitals, patient's homes, extended care facilities, and nursing homes.

781.1(1) A physician assistant's duties relating to prescribing, dispensing, ordering, administering, and procuring drugs and medical devices include all of the following:

a. Administering any drug.

b. Prescribing, dispensing, ordering, administering, and procuring drugs and medical devices. A physician assistant may plan and initiate a therapeutic regimen that includes ordering and prescribing nonpharmacological interventions, including but not limited to durable medical equipment, nutrition, blood and blood products, and diagnostic support services, including but not limited to home health care, hospice, and physical and occupational therapy. The prescribing and dispensing of drugs may include Schedule II through V substances, as described in Iowa Code chapter 124, and all legend drugs.

c. A physician assistant may prescribe drugs and medical devices subject to all of the following conditions:

(1) The physician assistant will have passed the national certifying examination conducted by the National Commission on Certification of Physician Assistants or its successor examination approved by the board.

(2) The physician assistant must comply with appropriate federal and state regulations.

(3) If a physician assistant prescribes or dispenses controlled substances, the physician assistant must register with the federal Drug Enforcement Administration.

(4) The physician assistant may prescribe or order Schedule II controlled substances that are listed as depressants in Iowa Code chapter 124.

(5) The physician assistant may prescribe, supply, and administer drugs and medical devices in all settings, including but not limited to hospitals, health care facilities, health care institutions, hospice, clinics, offices, health maintenance organizations, and outpatient and emergency care settings.

(6) A physician assistant may request, receive, and supply sample drugs and medical devices.

d. Supplying properly packaged and labeled prescription drugs, controlled substances, or medical devices when pharmacist services are not reasonably available or when it is in the best interest of the patient.

(1) If the physician assistant is the prescriber of the medications supplied pursuant to this paragraph, the medications supplied will be for the purpose of accommodating the patient and will not be sold for more than the cost of the drug and reasonable overhead costs as they relate to supplying prescription drugs to the patient and not at a profit to the physician assistant.

(2) A nurse or staff assistant may assist the physician assistant in supplying medications.

781.1(2) The medical services to be provided by the physician assistant also include, but are not limited to, the following:

a. Initial approach to a patient of any age group in any setting to elicit a medical history and perform a physical examination.

b. Assessment, diagnosis and treatment of medical or surgical problems and recording the findings.

c. Order, interpret, or perform laboratory tests, X-rays or other medical procedures or studies.

- d.* Performance of therapeutic procedures such as injections, immunizations, suturing and care of wounds, removal of foreign bodies, ear and eye irrigation and other clinical procedures.
- e.* Performance of office surgical procedures including, but not limited to, skin biopsy, mole or wart removal, toenail removal, removal of a foreign body, arthrocentesis, incision and drainage of abscesses.
- f.* Assisting in surgery.
- g.* Prenatal and postnatal care and assisting a physician in obstetrical care.
- h.* Care of orthopedic problems.
- i.* Performing and screening the results of special medical examinations including, but not limited to, electrocardiogram or Holter monitoring, radiography, audiometric and vision screening, tonometry, and pulmonary function screening tests.
- j.* Instruction and counseling of patients regarding physical and mental health on matters such as diets, disease, therapy, and normal growth and development.
- k.* Function in the hospital setting by performing medical histories and physical examinations, making patient rounds, recording patient progress notes and other appropriate medical records, assisting in surgery, performing or assisting with medical procedures, providing emergency medical services and issuing, transmitting and executing patient care orders.
- l.* Providing services to patients requiring continuing care (i.e., home, nursing home, extended care facilities).
- m.* Referring patients to specialty or subspecialty physicians, medical facilities or social agencies as indicated by the patients' problems.
- n.* Immediate evaluation, treatment and institution of procedures essential to providing an appropriate response to emergency medical problems.
- o.* Order drugs and supplies in the office, and assist in keeping records and in the upkeep of equipment.
- p.* Admit patients to a hospital or health care facility as defined in Iowa Code section 135C.1.
- q.* Order diets, physical therapy, inhalation therapy, or other rehabilitative services as indicated by the patient's problems.
- r.* At the request of the peace officer, withdraw a specimen of blood from a patient for the purpose of determining the alcohol concentration or the presence of drugs.
- s.* Direct medical personnel, health professionals, and others involved in caring for patients and the execution of patient care.
- t.* Authenticate a medical form by signing the form.
- u.* Perform other duties appropriate to a physician assistant's practice.
- v.* Health care providers will consider the instructions of a physician assistant to be authoritative.

781.1(3) Emergency medicine duties.

- a.* A physician assistant may be a member of the staff of an ambulance or rescue squad pursuant to Iowa Code chapter 147A.
- b.* A physician assistant will document skills, training and education equivalent to that required of a certified advanced emergency medical technician or a paramedic.
- c.* A physician assistant must apply for approval of advanced care training equivalency on forms supplied by the board of physician assistants.
- d.* Exceptions to this subrule include:
 - (1) A physician assistant who accompanies and is responsible for a transfer patient;
 - (2) A physician assistant who serves on a basic ambulance or rescue squad service; and
 - (3) A physician assistant who renders aid within the physician assistant's skills during an emergency.

[ARC 8038C, IAB 5/29/24, effective 7/3/24; Editorial change: IAC Supplement 9/18/24]

481—781.2(148C) Prohibition. No physician assistant engaged in independent practice, as defined in Iowa Code section 148C.1(5), will be permitted to measure the visual power and visual efficiency of the human eye, as distinguished from routine visual screening, except in the personal presence of a supervising physician at the place where these services are rendered.

[ARC 8038C, IAB 5/29/24, effective 7/3/24; Editorial change: IAC Supplement 9/18/24]

481—781.3(147,88GA,ch1020) Identification as a physician assistant. The physician assistant will be identified as a physician assistant to patients and to the public, regardless of the physician assistant's educational degree.

[ARC 8038C, IAB 5/29/24, effective 7/3/24; Editorial change: IAC Supplement 9/18/24]

481—781.4(147) Prescription requirements.

781.4(1) Each written outpatient prescription drug order issued by a physician assistant will contain the following:

- a. The date of issuance.
- b. The name and address of the patient for whom the drug is prescribed.
- c. The name, strength, and quantity of the drug, medicine, or device prescribed and directions for use.
- d. The physician assistant's name and the practice address.
- e. The signature of the physician assistant followed by the initials "PA."
- f. The Drug Enforcement Administration (DEA) number of the physician assistant if the prescription is for a controlled substance.

781.4(2) Each oral prescription drug order issued by a physician assistant will include the same information required for a written prescription, except for the written signature of the physician assistant and the physician assistant's practice address.

781.4(3) Prior to prescribing an opioid, a physician assistant will review the patient's information contained in the prescription monitoring program database, unless the patient is receiving inpatient hospice care or long-term residential facility patient care.

781.4(4) Beginning January 1, 2020, every prescription issued for a prescription drug will be transmitted electronically unless exempted pursuant to Iowa Code section 124.308 or 155A.27. Beginning January 1, 2020, a licensee who fails to comply with the electronic prescription mandate may be subject to a nondisciplinary administrative penalty of \$250 per violation, up to a maximum of \$5,000 per calendar year.

[ARC 8038C, IAB 5/29/24, effective 7/3/24; Editorial change: IAC Supplement 9/18/24]

481—781.5(147) Supplying—requirements for containers, labeling, and records.

781.5(1) Containers. A prescription drug will be supplied in a container that meets the requirements of the Poison Prevention Packaging Act of 1970, 15 U.S.C. §1471-1476 (1976), which relate to childproof closure, unless otherwise requested by the patient. The containers must also meet the requirements of Section 502G of the Federal Food, Drug and Cosmetic Act, 21 U.S.C. §301 et seq. (1976), which pertain to light resistance and moisture resistance needs of the drug supplied.

781.5(2) Labeling. A label bearing the following information will be affixed to a container in which a prescription drug is supplied:

- a. The name and practice address of the supervising physician and physician assistant.
- b. The name of the patient.
- c. The date supplied.
- d. The directions for administering the prescription drug and any cautionary statement deemed appropriate by the physician assistant.
- e. The name, strength and quantity of the prescription drug in the container.
- f. When supplying Schedule II, III, or IV controlled substances, the federal transfer warning statement must appear on the label as follows: "Caution: Federal law prohibits the transfer of this drug to any person other than the patient for whom it was prescribed."

781.5(3) Samples. Prescription sample drugs will be provided without additional charge to the patient. Prescription sample drugs supplied in the original container or package will be deemed to conform to labeling and packaging requirements.

781.5(4) Records. A record of prescription drugs supplied by the physician assistant to a patient will be kept that contains the label information required by paragraphs 781.7(2) "b" through "e." Noting such information on the patient's chart or record is sufficient.

[ARC 8038C, IAB 5/29/24, effective 7/3/24; Editorial change: IAC Supplement 9/18/24]

481—781.6(147,148C,272C) Standards of practice—telemedicine. This rule establishes standards of practice for the provision of telemedicine services.

781.6(1) Telemedicine, generally.

a. Technological advances have made it possible for licensees in one location to provide medical care to patients in another location with or without an intervening health care provider.

b. Telemedicine is a useful tool that, if applied appropriately, can provide important benefits to patients, including increased access to health care, expanded utilization of specialty expertise, rapid availability of patient records, and potential cost savings.

c. Licensees using telemedicine will be held to the same standards of care and professional ethics as licensees using traditional in-person medical care.

d. Failure to conform to the appropriate standards of care or professional ethics while using telemedicine may subject the licensee to potential discipline by the board.

781.6(2) Definitions. For the purposes of this rule:

“*Asynchronous store-and-forward transmission*” means the collection of a patient’s relevant health information and the subsequent transmission of the data from an originating site to a health care provider at a distant site without the presence of the patient.

“*Board*” means the Iowa board of physician assistants.

“*HIPAA*” means the Health Insurance Portability and Accountability Act of 1996, PL 104-191, August 21, 1996, 110 Stat. 1936.

“*In-person encounter*” means that the physician assistant and the patient are in the physical presence of each other and are in the same physical location during the physician assistant-patient encounter.

“*Licensee*” means a physician assistant licensed by the board.

“*Telemedicine*” means the practice of medicine using electronic audiovisual communications and information technologies or other means, including interactive audio with asynchronous store-and-forward transmission, between a licensee in one location and a patient in another location with or without an intervening health care provider. Telemedicine includes asynchronous store-and-forward technologies, remote monitoring, and real-time interactive services, including teleradiology and telepathology. Telemedicine, for the purposes of this rule establishing standards of practice, does not include the provision of medical services only through an audio-only telephone, email messages, facsimile transmissions, or U.S. mail or other parcel service, or any combination thereof.

“*Telemedicine technologies*” means technologies and devices enabling secure electronic communications and information exchanges between a licensee in one location and a patient in another location with or without an intervening health care provider.

781.6(3) Practice guidelines. A licensee who uses telemedicine will utilize evidence-based telemedicine practice guidelines and standards of practice, to the degree they are available, to ensure patient safety, quality of care, and positive outcomes. The board acknowledges that some nationally recognized medical specialty organizations have established comprehensive telemedicine practice guidelines that address the clinical and technological aspects of telemedicine for many medical specialties.

781.6(4) License required. A physician assistant who uses telemedicine in the diagnosis and treatment of a patient located in Iowa will hold an active Iowa physician assistant license consistent with state and federal laws. Nothing in this rule will be construed to supersede the exceptions to licensure contained in rule 481—780.17(148C).

781.6(5) Standards of care and professional ethics. A licensee who uses telemedicine will be held to the same standards of care and professional ethics as a licensee using traditional in-person encounters with patients. Failure to conform to the appropriate standards of care or professional ethics while using telemedicine may be a violation of the laws and rules governing the practice of medicine and may subject the licensee to potential discipline by the board.

781.6(6) Scope of practice. A licensee who uses telemedicine will ensure that the services provided are consistent with the licensee’s scope of practice, including the licensee’s education, training, experience, ability, licensure, and certification.

781.6(7) Identification of patient and physician assistant. A licensee who uses telemedicine will verify the identity of the patient and ensure that the patient has the ability to verify the identity, licensure

status, certification, and credentials of all health care providers who provide telemedicine services prior to the provision of care.

781.6(8) *Physician assistant-patient relationship.*

a. A licensee who uses telemedicine will establish a valid physician assistant-patient relationship with the person who receives telemedicine services. The physician assistant-patient relationship begins when:

- (1) The person with a health-related matter seeks assistance from a licensee;
- (2) The licensee agrees to undertake diagnosis and treatment of the person; and
- (3) The person agrees to be treated by the licensee whether or not there has been an in-person encounter between the physician assistant and the person.

b. A valid physician assistant-patient relationship may be established by:

- (1) In-person encounter. Through an in-person medical interview and physical examination where the standard of care would require an in-person encounter;
- (2) Consultation with another licensee. Through consultation with another licensee (or other health care provider) who has an established relationship with the patient and who agrees to participate in, or supervise, the patient's care; or
- (3) Telemedicine encounter. Through telemedicine, if the standard of care does not require an in-person encounter, and in accordance with evidence-based standards of practice and telemedicine practice guidelines that address the clinical and technological aspects of telemedicine.

781.6(9) *Medical history and physical examination.* Generally, a licensee will perform an in-person medical interview and physical examination for each patient. However, the medical interview and physical examination may not be in person if the technology utilized in a telemedicine encounter is sufficient to establish an informed diagnosis as though the medical interview and physical examination had been performed in person. Prior to providing treatment, including issuing prescriptions, electronically or otherwise, a licensee who uses telemedicine will interview the patient to collect the relevant medical history and perform a physical examination, when medically necessary, sufficient for the diagnosis and treatment of the patient. An Internet questionnaire that is a static set of questions provided to the patient, to which the patient responds with a static set of answers, in contrast to an adaptive, interactive and responsive online interview, does not constitute an acceptable medical interview and physical examination for the provision of treatment, including issuance of prescriptions, electronically or otherwise, by a licensee.

781.6(10) *Non-physician assistant health care providers.* If a licensee who uses telemedicine relies upon or delegates the provision of telemedicine services to a non-physician assistant health care provider, the licensee will:

- a. Ensure that systems are in place to ensure that the non-physician assistant health care provider is qualified and trained to provide that service within the scope of the non-physician assistant health care provider's practice;
- b. Ensure that the licensee is available in person or electronically to consult with the non-physician assistant health care provider, particularly in the case of injury or an emergency.

781.6(11) *Informed consent.* A licensee who uses telemedicine will ensure that the patient provides appropriate informed consent for the medical services provided, including consent for the use of telemedicine to diagnose and treat the patient, and that such informed consent is timely documented in the patient's medical record.

781.6(12) *Coordination of care.* A licensee who uses telemedicine will, when medically appropriate, identify the medical home or treating clinician(s) for the patient, when available, where in-person services can be delivered in coordination with the telemedicine services. The licensee will provide a copy of the medical record to the patient's medical home or treating clinician(s).

781.6(13) *Follow-up care.* A licensee who uses telemedicine will have access to, or adequate knowledge of, the nature and availability of local medical resources to provide appropriate follow-up care to the patient following a telemedicine encounter.

781.6(14) *Emergency services.* A licensee who uses telemedicine will refer a patient to an acute care facility or an emergency department when referral is necessary for the safety of the patient or in the case of an emergency.

781.6(15) *Medical records.* A licensee who uses telemedicine will ensure that complete, accurate and timely medical records are maintained for the patient when appropriate, including all patient-related electronic communications, records of past care, physician assistant-patient communications, laboratory and test results, evaluations and consultations, prescriptions, and instructions obtained or produced in connection with the use of telemedicine technologies. The licensee will note in the patient's record when telemedicine is used to provide diagnosis and treatment. The licensee will ensure that the patient or another licensee designated by the patient has timely access to all information obtained during the telemedicine encounter. The licensee will ensure that the patient receives, upon request, a summary of each telemedicine encounter in a timely manner.

781.6(16) *Privacy and security.* A licensee who uses telemedicine will ensure that all telemedicine encounters comply with the privacy and security measures of HIPAA to ensure that all patient communications and records are secure and remain confidential.

- a. Written protocols will be established that address the following:
 - (1) Privacy;
 - (2) Health care personnel who will process messages;
 - (3) Hours of operation;
 - (4) Types of transactions that will be permitted electronically;
 - (5) Required patient information to be included in the communication, including patient name, identification number and type of transaction;
 - (6) Archiving and retrieval; and
 - (7) Quality oversight mechanisms.
- b. The written protocols should be periodically evaluated for currency and should be maintained in an accessible and readily available manner for review. The written protocols will include sufficient privacy and security measures to ensure the confidentiality and integrity of patient-identifiable information, including password protection, encryption or other reliable authentication techniques.

781.6(17) *Technology and equipment.* Broad categories of telemedicine technologies currently exist, including asynchronous store-and-forward technologies, remote monitoring, and real-time interactive services. While some telemedicine programs are multispecialty in nature, others are tailored to specific diseases and medical specialties. The technology and equipment utilized for telemedicine will comply with the following requirements:

- a. The technology and equipment utilized in the provision of telemedicine services must comply with all relevant safety laws, rules, regulations, and codes for technology and technical safety for devices that interact with patients or are integral to diagnostic capabilities;
- b. The technology and equipment utilized in the provision of telemedicine services must be of sufficient quality, size, resolution and clarity such that the licensee can safely and effectively provide the telemedicine services; and
- c. The technology and equipment utilized in the provision of telemedicine services must be compliant with HIPAA.

781.6(18) *Disclosure and functionality of telemedicine services.* A licensee who uses telemedicine will ensure that the following information is clearly disclosed to the patient:

- a. Types of services provided;
- b. Contact information for the licensee;
- c. Identity, licensure, certification, credentials, and qualifications of all health care providers who are providing the telemedicine services;
- d. Limitations in the drugs and services that can be provided via telemedicine;
- e. Fees for services, cost-sharing responsibilities, and how payment is to be made, if these differ from an in-person encounter;
- f. Financial interests, other than fees charged, in any information, products, or services provided by the licensee(s);

- g. Appropriate uses and limitations of the technologies, including in emergency situations;
- h. Uses of and response times for emails, electronic messages and other communications transmitted via telemedicine technologies;
- i. To whom patient health information may be disclosed and for what purpose;
- j. Rights of patients with respect to patient health information; and
- k. Information collected and passive tracking mechanisms utilized.

781.6(19) *Patient access and feedback.* A licensee who uses telemedicine will ensure that the patient has easy access to a mechanism for the following purposes:

- a. To access, supplement and amend patient-provided personal health information;
- b. To provide feedback regarding the quality of the telemedicine services provided; and
- c. To register complaints. The mechanism will include information regarding the filing of complaints with the board.

781.6(20) *Financial interests.* Advertising or promotion of goods or products from which the licensee receives direct remuneration, benefit or incentives (other than the fees for the medical services) is prohibited to the extent that such activities are prohibited by state or federal law. Notwithstanding such prohibition, Internet services may provide links to general health information sites to enhance education; however, the licensee should not benefit financially from providing such links or from the services or products marketed by such links. When providing links to other sites, licensees should be aware of the implied endorsement of the information, services or products offered from such sites. The maintenance of a preferred relationship with any pharmacy is prohibited. Licensees will not transmit prescriptions to a specific pharmacy, or recommend a pharmacy, in exchange for any type of consideration or benefit from the pharmacy.

781.6(21) *Circumstances where the standard of care may not require a licensee to personally interview or examine a patient.* Under the following circumstances, whether or not such circumstances involve the use of telemedicine, a licensee may treat a patient who has not been personally interviewed, examined and diagnosed by the licensee:

- a. Situations in which the licensee prescribes medications on a short-term basis for a new patient and has scheduled or is in the process of scheduling an appointment to personally examine the patient;
- b. For institutional settings, including writing initial admission orders for a newly hospitalized patient;
- c. Call situations in which a licensee is taking calls for another health care provider who has an established provider-patient relationship with the patient;
- d. Cross-coverage situations in which a licensee is taking calls for another health care provider who has an established provider-patient relationship with the patient;
- e. Emergency situations in which the life or health of the patient is in imminent danger;
- f. Emergency situations that constitute an immediate threat to the public health including, but not limited to, empiric treatment or prophylaxis to prevent or control an infectious disease outbreak;
- g. Situations in which the licensee has diagnosed a sexually transmitted disease in a patient and the licensee prescribes or dispenses antibiotics to the patient's named sexual partner(s) for the treatment of the sexually transmitted disease as recommended by the U.S. Centers for Disease Control and Prevention; and
- h. For licensed or certified nursing facilities, residential care facilities, intermediate care facilities, assisted living facilities, hospice settings, and correctional facilities.

781.6(22) *Prescribing based solely on an Internet request, Internet questionnaire or a telephonic evaluation—prohibited.* Prescribing to a patient based solely on an Internet request or Internet questionnaire (i.e., a static questionnaire provided to a patient, to which the patient responds with a static set of answers, in contrast to an adaptive, interactive and responsive online interview) is prohibited. Absent a valid physician assistant-patient relationship, a licensee's prescribing to a patient based solely on a telephonic evaluation is prohibited, with the exception of the circumstances described in subrule 781.9(21).

[ARC 8038C, IAB 5/29/24, effective 7/3/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code sections 147.10 and 147.107 and chapters 148C and 272C.

- ¹ June 16, 2004, effective date of amendments published in ARC 3345B delayed 70 days by the Administrative Rules Review Committee at its meeting held June 7, 2004.
- ² April 22, 2015, effective date of ARC 1909C [327.4(2)] delayed until the adjournment of the 2016 General Assembly by the Administrative Rules Review Committee at a special meeting held April 20, 2015. At its meeting held February 5, 2016, the Committee extended the delay 70 days beyond the adjournment of the 2016 General Assembly.

CHAPTER 782
CONTINUING EDUCATION FOR PHYSICIAN ASSISTANTS

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 328]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/3/29

481—782.1(148C) Definitions. For the purpose of these rules, the following definitions will apply:

“*Active license*” means a license that is current and has not expired.

“*Approved program/activity*” means a continuing education program/activity meeting the standards set forth in these rules.

“*Audit*” means the selection of licensees for verification of satisfactory completion of continuing education requirements during a specified time period.

“*Board*” means the board of physician assistants.

“*Continuing education*” means planned, organized learning acts designed to maintain, improve, or expand a licensee’s knowledge and skills in order for the licensee to develop new knowledge and skills relevant to the enhancement of practice, education, or theory development to improve the safety and welfare of the public.

“*Hour of continuing education*” means at least 50 minutes spent by a licensee in actual attendance at and completion of an approved continuing education activity.

“*Inactive license*” means a license that has expired because it was not renewed by the end of the grace period. The category of “inactive license” may include licenses formerly known as lapsed, inactive, delinquent, closed, or retired.

“*License*” means license to practice.

“*Licensee*” means any person licensed to practice as a physician assistant in the state of Iowa.

[ARC 8039C, IAB 5/29/24, effective 7/3/24; Editorial change: IAC Supplement 9/18/24]

481—782.2(148C) Continuing education requirements.

782.2(1) The biennial continuing education compliance period will extend for a two-year period beginning on October 1 of each year and ending on September 30 two years later. Each biennium, each licensee will be required to complete a minimum of 100 hours of continuing education approved by the board. Licensees who complete continuing education hours in excess of the requirements for renewal may apply up to 50 percent of the required hours to the following renewal period. Licensees may apply a maximum of 50 hours from the previous renewal period.

782.2(2) Requirements of new licensees. Those persons licensed for the first time will not be required to complete continuing education as a prerequisite for the first renewal of their licenses. The new licensee will be required to complete a minimum of 100 hours of continuing education per biennium for each subsequent license renewal.

782.2(3) A licensee whose license was reactivated during the current renewal compliance period may use continuing education earned during the compliance period for the first renewal following reactivation.

[ARC 8039C, IAB 5/29/24, effective 7/3/24; Editorial change: IAC Supplement 9/18/24; ARC 9262C, IAB 5/14/25, effective 6/18/25]

481—782.3(148C,272C) Standards.

782.3(1) *General criteria.* A continuing education activity is appropriate for continuing education credit if the continuing education activity:

- a. Constitutes an organized program of learning that contributes directly to the professional competency of the licensee;
- b. Pertains to subject matters that integrally relate to the practice of the profession;
- c. Is conducted by individuals who have specialized education, training and experience by reason of which said individuals should be considered qualified concerning the subject matter of the program;
- d. Fulfills stated program goals, objectives, or both; and

e. Provides an individual certificate of completion or evidence of successful completion of the course provided by the course sponsor. This documentation must contain the course title, date(s), contact hours, sponsor and licensee's name.

782.3(2) *Specific criteria.* Continuing education requirements are as follows:

a. The licensee will complete a minimum of 50 hours of credit designated as Category I by the American Academy of Physician Assistants, the American Medical Association, the American Osteopathic Association Council on Continuing Medical Education, the American Academy of Family Physicians or other organizations accredited by the Accreditation Council for Continuing Medical Education (ACCME).

b. For the remaining 50 hours of required continuing medical education (CME), Category I or Category II credit, as accepted by the National Commission on Certification of Physician Assistants (NCCPA), will satisfy the CME requirements. In case of audit, licensees will provide evidence of NCCPA certification during the time period being audited or an activity log for all Category II credits for which a certificate of completion is not available. The activity log will list for each activity the date and type of activity and number of hours claimed per activity.

c. Licensees who maintain certification by the NCCPA may show proof of meeting the board's CME requirements by providing proof of current certification by the NCCPA for the time period being reviewed or audited.

d. A licensee who has prescribed opioids to a patient during the renewal cycle will complete a minimum of two hours of continuing education regarding the guidelines for prescribing opioids for chronic pain, as issued by the Centers for Disease Control and Prevention of the United States Department of Health and Human Services, including recommendations on limitations on dosages and the length of prescriptions, risk factors for abuse, and nonopioid and nonpharmacologic therapy options, as a condition of license renewal. These hours may count toward the 100 hours of continuing education required for license renewal. The licensee will maintain documentation of these hours, which may be subject to audit.

[ARC 8039C, IAB 5/29/24, effective 7/3/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code section 272C.2 and chapter 148C.

CHAPTER 783
DISCIPLINE FOR PHYSICIAN ASSISTANTS

[Prior to 8/7/02, see 645—325.11(148C,272C)]
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 329]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/3/29

481—783.1(148C) Definitions.

“*Board*” means the board of physician assistants.

“*Discipline*” means any sanction the board may impose upon licensees.

“*Licensee*” means a person licensed to practice as a physician assistant in Iowa.

[ARC 8040C, IAB 5/29/24, effective 7/3/24; Editorial change: IAC Supplement 9/18/24]

481—783.2(147,272C) Grounds for discipline. The board may impose any of the disciplinary sanctions provided in Iowa Code section 272C.3 when the board determines that the licensee is guilty of any of the following acts or offenses or those listed in 481—Chapter 504:

783.2(1) Professional incompetency. Professional incompetency includes but is not limited to:

a. A substantial lack of knowledge or ability to discharge professional obligations within the scope of practice.

b. A substantial deviation from the standards of learning or skill ordinarily possessed and applied by other physician assistants in the state of Iowa acting in the same or similar circumstances.

c. A failure to exercise the degree of care that is ordinarily exercised by the average physician assistant acting in the same or similar circumstances.

d. Failure to conform to the minimal standard of acceptable and prevailing practice of a physician assistant in this state.

e. Inability to practice with reasonable skill and safety by reason of illness, drunkenness, excessive use of drugs, narcotics, chemicals, or other type of material or as a result of a mental or physical condition.

f. Being adjudged mentally incompetent by a court of competent jurisdiction.

783.2(2) Knowingly making misleading, deceptive, untrue or fraudulent representations in the practice of the profession or engaging in unethical conduct or practice harmful or detrimental to the public. Proof of actual injury need not be established.

783.2(3) Use of untruthful or improbable statements in advertisements. Use of untruthful or improbable statements in advertisements includes but is not limited to an action by a licensee in making information or intention known to the public that is false, deceptive, misleading or promoted through fraud or misrepresentation.

783.2(4) Representing oneself as a physician assistant when one’s license has been suspended or revoked, or when one’s license is on inactive status, except as provided by rule 481—780.15(148C).

783.2(5) Failure to comply with universal precautions for preventing transmission of infectious diseases as issued by the Centers for Disease Control and Prevention of the United States Department of Health and Human Services.

783.2(6) The performance of a medical function without approved supervision, if supervision is required pursuant to rules 481—780.7(148C) and 481—780.8(148C), except in cases requiring performance of evaluation and treatment procedures essential to providing an appropriate response to an emergency situation.

783.2(7) Prescribing opioids in dosage amounts that exceed what would be prescribed by a reasonably prudent licensee.

[ARC 8040C, IAB 5/29/24, effective 7/3/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code chapters 147, 148C and 272C.

BOARD OF PHYSICAL AND OCCUPATIONAL THERAPY

CHAPTER 800

LICENSURE OF PHYSICAL THERAPISTS AND PHYSICAL THERAPIST ASSISTANTS

[Prior to 3/6/02, see 645—200.3(147) to 645—200.8(147), 645—200.11(272C), and 645—202.3(147) to 645—202.7(147)]

[Prior to 12/24/03, see 645—ch 201]

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 200]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/1/29

481—800.1(147) Definitions. For purposes of these rules, the following definitions shall apply:

“Active license” means a license that is current and has not expired.

“Assistive personnel” means any person who carries out physical therapy and is not licensed as a physical therapist or physical therapist assistant. This definition does not include students as defined in Iowa Code section 148A.3(2).

“Board” means the board of physical and occupational therapy.

“Department” means the department of inspections, appeals, and licensing.

“Grace period” means the 30-day period following expiration of a license when the license is still considered to be active. In order to renew a license during the grace period, a licensee is required to pay a late fee.

“Impairment” means a mechanical, physiological or developmental loss or abnormality, a functional limitation, or a disability or other health- or movement-related condition.

“Inactive license” means a license that has expired because it was not renewed by the end of the grace period.

“Licensee” means any person licensed to practice as a physical therapist or physical therapist assistant in the state of Iowa.

“License expiration date” means the fifteenth day of the birth month every two years after initial licensure.

“Licensure by endorsement” means the issuance of an Iowa license to practice physical therapy to an applicant who is or has been licensed in another state.

“Mandatory reporter training” means the training on identifying and reporting child abuse or dependent adult abuse as required in Iowa Code sections 232.69 and 235B.16.

“On site” means:

1. To be continuously on site and present in the department or facility where assistive personnel are performing services;
2. To be immediately available to assist the person being supervised in the services being performed; and
3. To provide continued direction of appropriate aspects of each treatment session in which a component of treatment is delegated to assistive personnel.

“Physical therapist” means a person licensed under this chapter to practice physical therapy.

“Physical therapist assistant” means a person licensed under this chapter to assist in the practice of physical therapy.

“Physical therapy” means the same as defined in Iowa Code section 148A.1, including:

1. Evaluation of individuals with impairments in order to determine a diagnosis, prognosis, and plan of therapeutic treatment and intervention, and to assess the ongoing effects of treatment and intervention;
2. Use of the effective properties of physical agents and modalities, including but not limited to mechanical and electrotherapeutic devices, heat, cold, air, light, water, electricity, and sound, to prevent, correct, minimize, or alleviate an impairment;
3. Use of therapeutic exercises to prevent, correct, minimize, or alleviate an impairment;
4. Use of rehabilitative procedures to prevent, correct, minimize, or alleviate an impairment, including but not limited to the following procedures:
 - Manual therapy, including soft-tissue and joint mobilization and manipulation;
 - Therapeutic massage;
 - Dry needling;

- Prescription, application, and fabrication of assistive, adaptive, orthotic, prosthetic, and supportive devices and equipment;
- Airway clearance techniques;
- Integumentary protection and repair techniques; and
- Debridement and wound care;
- 5. Interpretation of performances, tests, and measurements;
- 6. The establishment and modification of physical therapy programs;
- 7. The establishment and modification of treatment planning;
- 8. The establishment and modification of consultative services;
- 9. The establishment and modification of instructions to the patient, including but not limited to functional training relating to movement and mobility; and
- 10. Participation, administration, and supervision attendant to physical therapy and educational programs and facilities.

“PT” means physical therapist.

“PTA” means physical therapist assistant.

“Reactivate” or “reactivation” means the process as outlined in rule 481—800.7(17A,147,272C) by which an inactive license is restored to active status.

“Reciprocal license” means the issuance of an Iowa license to practice physical therapy to an applicant who is currently licensed in another state that has a mutual agreement with the Iowa board of physical and occupational therapy to license persons who have the same or similar qualifications to those required in Iowa.

“Reinstatement” means the process as outlined in rule 481—506.31(272C). Once the license is reinstated, the licensee may apply for active status.

[ARC 7978C, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—800.2(147) Initial licensure.

800.2(1) The applicant shall submit a complete online application and pay the nonrefundable fee specified in rule 481—507.13(147,148A).

800.2(2) If the application is not completed according to the instructions, the application will not be reviewed by the board.

800.2(3) Submit official copies of academic transcripts directly from the school to the board. An applicant shall demonstrate successful completion of a physical therapy education program accredited by a national accreditation agency approved by the board. No application will be considered by the board until official copies of academic transcripts have been received.

800.2(4) Submit a completed fingerprint card and a signed waiver form to facilitate a national criminal history background check by the Iowa division of criminal investigation (DCI) and the Federal Bureau of Investigation (FBI). The cost of the criminal history background check by the DCI and the FBI shall be assessed to the applicant.

800.2(5) Have the testing service send the examination score directly to the board.

800.2(6) Provide verification of license from the jurisdiction in which the applicant has most recently been licensed, sent directly from the jurisdiction to the board office. The applicant must also disclose any public or pending complaints against the applicant in any other jurisdiction. Web-based verification may be substituted for verification direct from the jurisdiction’s board office if the verification provides:

- a. Licensee’s name;
- b. Date of initial licensure;
- c. Current licensure status; and
- d. Any disciplinary action taken against the license.

800.2(7) A physical therapist or physical therapist assistant applicant who holds a license in another state shall have completed one of the following:

- a. Completed board-approved continuing education during the immediately preceding two-year period: 40 hours required for the physical therapist license holder and 20 hours required for a physical therapist assistant license holder; or
- b. Practiced for a minimum of 2,080 hours during the immediately preceding two-year period; or

c. Served the equivalent of one year as a full-time faculty member teaching in an accredited school of physical therapy for at least one of the immediately preceding two years; or

d. Successfully passed the examination within a period of two years from the date of examination to the time application is completed for licensure.

800.2(8) Submitting complete application materials. An application for a physical therapist or physical therapist assistant license will be considered active for two years from the date the application is received. If the applicant does not submit all materials within this time period or if the applicant does not meet the requirements for the license, the application shall be considered incomplete. An applicant whose application is filed incomplete must submit a new application, supporting materials, and the application fee. The board shall destroy incomplete applications after two years.

800.2(9) A person who is licensed in another jurisdiction but who is unable to satisfy the requirements for licensure by endorsement may apply for licensure by verification, if eligible, in accordance with rule 481—501.1(272C).

[ARC 7978C, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—800.3(147) Physical therapy compact. The rules of the Physical Therapy Compact Commission are incorporated by reference. A physical therapist or physical therapist assistant may engage in the practice of physical therapy in Iowa without a license issued by the board if the individual has a current compact privilege to practice in Iowa issued by the Physical Therapy Compact Commission. The state fee for issuance of a compact privilege to practice in Iowa shall be \$60, which will be collected by the Physical Therapy Compact Commission. The state fee for issuance of a compact privilege to practice in Iowa shall be waived for an active duty military member or spouse of an individual who is an active duty military member. A physical therapist or physical therapist assistant who practices physical therapy in Iowa using a compact privilege is subject to the rules governing licensees in rule 481—801.4(147) and in 481—Chapters 801 and 802. Complaints, investigations, and disciplinary proceedings involving a compact privilege shall be handled in accordance with Iowa Code chapters 17A and 272C; 2018 Iowa Acts, House File 2425; and the rules in 481—Chapters 503, 504, and 506.

[ARC 7978C, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—800.4(147) Examination requirements for physical therapists and physical therapist assistants. The following criteria shall apply to the written examination(s):

800.4(1) Evidence of having passed the National Physical Therapy Examination (NPTE) or other nationally recognized equivalent examination as defined by the board.

800.4(2) The applicant shall abide by the following criteria:

a. For examinations taken prior to July 1, 1994, satisfactory completion shall be defined as receiving an overall examination score exceeding 1.5 standard deviations below the national average.

b. For examinations completed after July 1, 1994, satisfactory completion shall be defined as receiving an overall examination score equal to or greater than the criterion-referenced passing point recommended by the Federation of State Boards of Physical Therapy.

800.4(3) The Federation of State Boards of Physical Therapy (FSBPT) determines the total number of times an applicant may take the examination in a lifetime. The board will not approve an applicant for testing when the applicant has exhausted the applicant's lifetime opportunities for taking the examination, as determined by FSBPT.

800.4(4) Special accommodations. To eliminate discrimination and guarantee fairness under Title II of the Americans with Disabilities Act (ADA), an individual who has a qualifying disability may request an examination accommodation. The applicant must submit appropriate documentation to FSBPT.

[ARC 7978C, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—800.5(147) Educational qualifications.

800.5(1) The applicant must present proof of meeting the following requirements for licensure as a physical therapist or physical therapist assistant:

a. *Educational requirements—physical therapists.* Physical therapists shall graduate from a physical therapy program accredited by a national accreditation agency approved by the board.

b. Educational requirements—physical therapist assistants. Physical therapist assistants shall graduate from a PTA program accredited by a national accreditation agency approved by the board.

800.5(2) Foreign-trained applicants.

a. Foreign-trained applicants who do not hold a license in another state or U.S. territory shall:

(1) Submit an English translation and an equivalency evaluation of their educational credentials through the following organization: Foreign Credentialing Commission on Physical Therapy, Inc., 124 West Street South, Third Floor, Alexandria, VA 22314; telephone 703.684.8406; website www.fccpt.org. The credentials of a foreign-educated physical therapist or foreign-educated physical therapist assistant licensure applicant who does not hold a license in another state or territory of the United States and is applying for licensure by taking the examination should be evaluated using the most current version of the FSBPT Coursework Tool (CWT). The professional curriculum must be equivalent to the Commission on Accreditation in Physical Therapy Education standards. An applicant shall bear the expense of the curriculum evaluation.

(2) Submit certified proof of proficiency in the English language by achieving on the Test of English as a Foreign Language Internet-based test (TOEFL iBT test) a total score of at least 89 as well as accompanying minimum scores in the four test components as follows: 24 in writing; 26 in speaking; 21 in reading; and 18 in listening. This test is administered by Educational Testing Services, Inc., P.O. Box 6157, Princeton, NJ 08541-6157. An applicant shall bear the expense of the TOEFL iBT test. Applicants may be exempt from the TOEFL iBT test when physical therapy education was completed in a school where the language of instruction in physical therapy was English, the language of the textbooks was English, and the applicant's transcript was in English.

b. Foreign-trained applicants who hold a license in another state or U.S. territory may apply for licensure by endorsement.

[ARC 7978C, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—800.6(147) License renewal.

800.6(1) The biennial license renewal period for a license to practice as a physical therapist or physical therapist assistant shall begin on the sixteenth day of the birth month and end on the fifteenth day of the birth month two years later. The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive notice from the board does not relieve the licensee of the responsibility for renewing the license.

800.6(2) An individual who was issued a license within six months of the license renewal date will not be required to renew the license until the subsequent renewal two years later.

800.6(3) A licensee seeking renewal shall:

a. Meet the continuing education requirements of rule 481—803.2(148A) and the mandatory reporting requirements of subrule 800.6(4). A licensee whose license was reactivated during the current renewal compliance period may use continuing education credit earned during the compliance period for the first renewal following reactivation; and

b. Submit the completed renewal application and renewal fee before the license expiration date.

800.6(4) Mandatory reporter training requirements.

a. A licensee who is required by Iowa Code section 232.69 to report child abuse shall indicate on the renewal application completion of training in child abuse identification and reporting as required by Iowa Code section 232.69(3)“*b*” in the previous three years or condition(s) for waiver of this requirement as identified in paragraph “*e*.”

b. A licensee who is required by Iowa Code section 235B.3 or 235E.2 to report dependent adult abuse shall indicate on the renewal application completion of training in dependent adult abuse identification and reporting as required by Iowa Code section 235B.16(5)“*b*” in the previous three years or condition(s) for waiver of this requirement as identified in paragraph “*e*.”

c. The course(s) shall be the curriculum provided by the Iowa department of health and human services.

d. The licensee shall maintain written documentation for three years after mandatory training as identified in paragraphs “*a*” to “*c*,” including program date(s), content, duration, and proof of participation.

e. The requirement for mandatory training for identifying and reporting child and dependent adult abuse shall be suspended if the board determines that suspension is in the public interest or that a person at the time of license renewal:

(1) Is engaged in active duty in the military service of this state or the United States.

(2) Holds a current waiver by the board based on evidence of significant hardship in complying with training requirements, including an exemption of continuing education requirements or extension of time in which to fulfill requirements due to a physical or mental disability or illness as identified in 481—Chapter 500.

f. The board may select licensees for audit of compliance with the requirements in paragraphs “*a*” to “*e*.”

800.6(5) Upon receiving the information required by this rule and the required fee, board staff shall administratively issue a two-year license. In the event the board receives adverse information on the renewal application, the board shall issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

800.6(6) Persons licensed to practice as physical therapists or physical therapist assistants shall keep their renewal licenses displayed in a conspicuous public place at the primary site of practice.

800.6(7) Late renewal. The license shall become a late license when the license has not been renewed by the expiration date on the renewal. The licensee shall be assessed a late fee as specified in 481—subrule 507.13(4). To renew a late license, the licensee shall complete the renewal requirements and submit the late fee within the grace period.

800.6(8) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice as a physical therapist or a physical therapist assistant in Iowa until the license is reactivated. A licensee who practices as a physical therapist or a physical therapist assistant in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

[ARC 7978C, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—800.7(17A,147,272C) License reactivation. To apply for reactivation of an inactive license, a licensee shall:

800.7(1) Submit a reactivation application on a form provided by the board.

800.7(2) Pay the reactivation fee that is due as specified in subrule 507.13(5).

800.7(3) Provide verification of current competence to practice physical therapy by satisfying one of the following criteria:

a. If the license has been on inactive status for five years or less, an applicant must provide the following:

(1) Verification of the license from the jurisdiction in which the applicant has most recently been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction to the board office. The applicant must also disclose any public or pending complaints against the applicant in any other jurisdiction. Web-based verification may be substituted for verification from a jurisdiction’s board office if the verification includes:

1. Licensee’s name;
2. Date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license; and

(2) Verification of completion of 20 hours of continuing education for a physical therapist assistant and 40 hours of continuing education for a physical therapist within two years of application for reactivation; or verification of active practice, consisting of a minimum of 2,080 hours, in another state or jurisdiction during the two years preceding an application for reactivation.

b. If the license has been on inactive status for more than five years, an applicant must provide the following:

(1) Verification of the license from the jurisdiction in which the applicant has most recently been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction to the board office. The applicant must also disclose any public or pending complaints against the applicant in any other jurisdiction. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

1. Licensee's name;
2. Date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license; and

(2) Verification of completion of 40 hours of continuing education for a physical therapist assistant and 80 hours of continuing education for a physical therapist within two years of application for reactivation; verification of active practice, consisting of a minimum of 2,080 hours, in another state or jurisdiction during the two years preceding an application for reactivation; or evidence of successful completion of the professional examination required for initial licensure completed within one year prior to the submission of an application for reactivation.

[ARC 7978C, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—800.8(17A,147,272C) License reinstatement. A licensee whose license has been revoked, suspended, or voluntarily surrendered must apply for and receive reinstatement of the license in accordance with rule 481—506.31(272C) and must apply for and be granted reactivation of the license in accordance with rule 481—800.7(17A,147,272C) prior to practicing physical therapy in this state.

[ARC 7978C, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code chapters 17A, 147, 148A and 272C.

CHAPTER 801
PRACTICE OF PHYSICAL THERAPISTS
AND PHYSICAL THERAPIST ASSISTANTS
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 201]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/1/29

481—801.1(148A,272C) Code of ethics for physical therapists and physical therapist assistants.

801.1(1) Physical therapy. The practice of physical therapy shall minimally consist of:

- a. Interpreting all referrals;
- b. Evaluating each patient;
- c. Identifying and documenting individual patient's problems and goals;
- d. Establishing and documenting a plan of care;
- e. Providing appropriate treatment;
- f. Determining the appropriate portions of the treatment program to be delegated to assistive personnel;
- g. Appropriately supervising individuals as described in rule 481—801.4(272C);
- h. Providing timely patient reevaluation;
- i. Maintaining timely and adequate patient records of all physical therapy activity and patient responses consistent with the standards found in rule 481—801.2(147).

801.1(2) A physical therapist shall:

- a. Not practice outside the scope of the license;
- b. Inform a referring practitioner when any requested treatment procedure is inadvisable or contraindicated and shall refuse to carry out such orders;
- c. Not continue treatment beyond the point of possible benefit to the patient or treat a patient more frequently than necessary to obtain maximum therapeutic effect;
- d. Not directly or indirectly request, receive, or participate in the dividing, transferring, assigning, rebating, or refunding of an unearned fee;
- e. Not profit by means of credit or other valuable consideration as an unearned commission, discount, or gratuity in connection with the furnishing of physical therapy services;
- f. Not obtain third-party payment through fraudulent means. Third-party payers include, but are not limited to, insurance companies and government reimbursement programs. Obtaining payment through fraudulent means includes but is not limited to:
 - (1) Reporting incorrect treatment dates for the purpose of obtaining payment;
 - (2) Reporting charges for services not rendered;
 - (3) Incorrectly reporting services rendered for the purpose of obtaining payment that is greater than that to which the licensee is entitled; or
 - (4) Aiding a patient in fraudulently obtaining payment from a third-party payer;
- g. Not exercise undue influence on patients to purchase equipment, products, or supplies from a company in which the physical therapist owns stock or has any other direct or indirect financial interest;
- h. Not permit another person to use the therapist's license for any purpose;
- i. Not verbally or physically abuse a patient or client;
- j. Not engage in sexual misconduct. Sexual misconduct includes the following:
 - (1) Engaging in or soliciting a sexual relationship, whether consensual or nonconsensual, with a patient or client;
 - (2) Making sexual advances, requesting sexual favors, or engaging in other verbal conduct or physical contact of a sexual nature with a patient or client;
- k. Adequately supervise personnel in accordance with the standards for supervision found in rule 481—801.4(272C);
- l. Assist in identifying a professionally qualified licensed practitioner to perform the service, in the event that the physical therapist does not possess the skill to evaluate a patient, plan the treatment program, or carry out the treatment.

801.1(3) Physical therapist assistants. A physical therapist assistant shall:

- a. Not practice outside the scope of the license;
- b. Not obtain third-party payment through fraudulent means. Third-party payers include but are not limited to insurance companies and government reimbursement programs. Obtaining payment through fraudulent means includes but is not limited to:
 - (1) Reporting incorrect treatment dates for the purpose of obtaining payment;
 - (2) Reporting charges for services not rendered;
 - (3) Incorrectly reporting services rendered for the purpose of obtaining payment that is greater than that to which the licensee is entitled; or
 - (4) Aiding a patient in fraudulently obtaining payment from a third-party payer;
- c. Not exercise undue influence on patients to purchase equipment, products, or supplies from a company in which the physical therapist assistant owns stock or has any other direct or indirect financial interest;
- d. Not permit another person to use the physical therapist's or physical therapist assistant's license for any purpose;
- e. Not verbally or physically abuse a patient or client;
- f. Not engage in sexual misconduct. Sexual misconduct includes the following:
 - (1) Engaging in or soliciting a sexual relationship, whether consensual or nonconsensual, with a patient or client; and
 - (2) Making sexual advances, requesting sexual favors, or engaging in other verbal conduct or physical contact of a sexual nature with a patient or client;
- g. Work only when supervised by a physical therapist and in accordance with rule 481—801.4(272C). If the available supervision does not meet the standards in rule 481—801.4(272C), the physical therapist assistant shall refuse to administer treatment;
- h. Inform the delegating physical therapist when the physical therapist assistant does not possess the skills or knowledge to perform the delegated tasks, and refuse to perform the delegated tasks;
- i. Sign the physical therapy treatment record to indicate that the physical therapy services were provided in accordance with the rules and regulations for practicing as a physical therapist or physical therapist assistant.

[ARC 7979C, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—801.2(147) Recordkeeping.

801.2(1) A licensee shall maintain sufficient, timely, and accurate documentation in patient records. A licensee's records shall reflect the services provided, facilitate the delivery of services, and ensure continuity of services in the future.

801.2(2) A licensee who provides clinical services shall store records in accordance with state and federal statutes and regulations governing record retention and with the guidelines of the licensee's employer or agency, if applicable. If no other legal provisions govern record retention, a licensee shall store all patient records for a minimum of five years after the date of the patient's discharge, or, in the case of a minor, three years after the patient reaches the age of majority under state law or five years after the date of discharge, whichever is longer.

801.2(3) Electronic recordkeeping. The requirements of this rule apply to electronic records as well as to records kept by any other means. When electronic records are kept, the licensee shall ensure that a duplicate hard-copy record or a backup, unalterable electronic record is maintained.

801.2(4) Correction of records.

a. *Hard-copy records.* Notations shall be legible, written in ink, and contain no erasures or whiteouts. If incorrect information is placed in the record, it must be crossed out with a single nondeleting line and be initialed by the licensee.

b. *Electronic records.* If a record is stored in an electronic format, the record may be amended with a signed addendum attached to the record.

801.2(5) Confidentiality and transfer of records. Physical therapists and physical therapist assistants shall preserve the confidentiality of patient records. Upon receipt of a written release or authorization signed by the patient, the licensee shall furnish such physical therapy records, or copies of the records, as will be beneficial for the future treatment of that patient. A fee may be charged for duplication of records,

but a licensee may not refuse to transfer records for nonpayment of any fees. A written request may be required before transferring the record(s).

801.2(6) Retirement or discontinuance of practice. If a licensee is the owner of a practice, the licensee shall notify in writing all active patients and shall make reasonable arrangements with those patients to transfer patient records, or copies of those records, to the succeeding licensee upon knowledge and agreement of the patient.

801.2(7) Nothing stated in these rules shall prohibit a licensee from conveying or transferring the licensee's patient records to another licensed individual who is assuming a practice, provided that written notice is furnished to all patients.

[ARC 7979C, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—801.3(147) Telehealth visits. A licensee may provide physical therapy services to a patient utilizing a telehealth visit if the physical therapy services are provided in accordance with all requirements of this chapter.

801.3(1) "Telehealth visit" means the provision of physical therapy services by a licensee to a patient using technology where the licensee and the patient are not at the same physical location for the physical therapy session.

801.3(2) A licensee engaged in a telehealth visit shall utilize technology that is secure and HIPAA-compliant pursuant to the Health Insurance Portability and Accountability Act of 1996, PL 104-191, August 21, 1996, 110 Stat. 1936, and any amendments as of December 8, 2023, and that includes, at a minimum, audio or video equipment or both, that allows two-way real-time interactive communication between the licensee and the patient. A licensee may use non-real-time technologies to prepare for a physical therapy session or to communicate with a patient between physical therapy sessions.

801.3(3) A licensee engaged in a telehealth visit shall be held to the same standard of care as a licensee who provides in-person physical therapy. A licensee shall not utilize a telehealth visit if the standard of care for the particular physical therapy services cannot be met using technology.

801.3(4) Any physical therapist or physical therapist assistant who provides a physical therapy telehealth visit to a patient located in Iowa shall be licensed in Iowa or have a compact privilege issued by the physical therapy compact commission.

801.3(5) Prior to the first telehealth visit, a licensee shall obtain informed consent from the patient specific to the physical therapy services that will be provided in a telehealth visit. At a minimum, the informed consent shall specifically inform the patient of the following:

- a. The risks and limitations of the use of technology to provide physical therapy services;
- b. The potential for unauthorized access to protected health information; and
- c. The potential for disruption of technology during a telehealth visit.

801.3(6) A licensee shall only provide physical therapy services using a telehealth visit in the areas of competence wherein proficiency in providing the particular service using technology has been gained through education, training, and experience.

801.3(7) A licensee shall identify in the clinical record when physical therapy services are provided utilizing a telehealth visit.

[ARC 7979C, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—801.4(147) Delegation by a supervising physical therapist. A supervising physical therapist may delegate the performance of physical therapy services to a physical therapist assistant only if done in accordance with the statutes and rules governing the practice of physical therapy. A physical therapist assistant may assist in the practice of physical therapy only to the extent allowed by the supervising physical therapist. The supervisory requirements stated in this rule are minimal. It is the professional responsibility and duty of the supervising physical therapist to provide the physical therapist assistant with more supervision if deemed necessary in the supervising physical therapist's professional judgment.

801.4(1) *Supervision requirements.* A supervising physical therapist who delegates the performance of physical therapy services to a physical therapist assistant shall provide supervision to the physical therapist assistant at all times when the physical therapist assistant is providing delegated physical therapy services. Supervision means that the physical therapist shall be readily available on site or telephonically

any time the physical therapist assistant is providing physical therapy services so that the physical therapist assistant may contact the physical therapist for advice, assistance, or instruction.

801.4(2) *Functions that cannot be delegated.* The following are functions that only a physical therapist may provide and that cannot be delegated to a physical therapist assistant:

- a. Interpretation of referrals;
- b. Initial physical therapy evaluation and reevaluations;
- c. Identification, determination, or modification of patient problems, goals, and plans of care;
- d. Final discharge evaluation and establishment of a discharge plan;
- e. Delegation of and instruction in the physical therapy services to be rendered by a physical therapist assistant or unlicensed assistive personnel, including but not limited to specific tasks or procedures, precautions, special problems, and contraindicated procedures; and
- f. Timely review of documentation, reexamination of the patient, and revision of the plan of care when indicated.

801.4(3) *Physical therapist responsibilities.* At all times, the supervising physical therapist shall be responsible for the physical therapy plan of care and for all physical therapy services provided, including all physical therapy services delegated to a physical therapist assistant. In addition, the supervising physical therapist shall:

- a. Be responsible for the evaluation and development of a plan of care for use by the physical therapist assistant; and
- b. Not delegate a physical therapy service that exceeds the competency or skill set of the physical therapist assistant; and
- c. Ensure that a physical therapist assistant holds an active physical therapist assistant license issued by the board or a compact privilege; and
- d. Ensure that a physical therapist assistant is aware of how the supervising physical therapist can be contacted telephonically or by virtual means when the physical therapist is not providing on-site supervision; and
- e. Arrange for an alternate physical therapist to provide supervision when the physical therapist has scheduled or unscheduled absences during time periods in which a physical therapist assistant will be providing delegated physical therapy services; and
- f. Ensure that a physical therapist assistant is informed when a patient's plan of care is transferred to a different supervising physical therapist; and
- g. Directly participate in physical therapy services upon the physical therapist assistant's request for a reexamination, when a change in the plan of care is needed, prior to any planned discharge, and in response to a change in the patient's medical status; and
- h. Hold regularly scheduled meetings with the physical therapist assistant to evaluate the physical therapist assistant's performance, assess the progress of a patient, and make changes to the plan of care as needed. The frequency of meetings should be determined by the supervising physical therapist based on the needs of the patient, the supervisory needs of the physical therapist assistant, and any planned discharge. The supervising physical therapist shall provide direction and instruction to the physical therapist assistant that are adequate to ensure the safety and welfare of the patient.

801.4(4) *Physical therapist assistant responsibilities.* A physical therapist assistant shall only provide physical therapy services under the supervision of a physical therapist. In addition, the physical therapist assistant shall:

- a. Only provide physical therapy services that have been delegated by the supervising physical therapist; and
- b. Only provide physical therapy services that are within the competency and skill set of the physical therapist assistant; and
- c. Consult the supervising physical therapist if the physical therapist assistant believes that any procedure is not in the best interest of the patient; and
- d. Contact the supervising physical therapist regarding any change or lack of change in a patient's condition that may require assessment by the supervising physical therapist; and
- e. Refer inquiries that require interpretation to the supervising physical therapist; and

- f. Ensure that the identification of the supervising physical therapist is included in the documentation for any visit when physical therapy services were provided by the physical therapist assistant; and
- g. Only sign a treatment record if the provision of physical therapy services was done in accordance with the statutes and rules governing the practice of a physical therapist assistant.

801.4(5) Ratio. A physical therapist shall determine the number of physical therapist assistants who can be supervised safely and competently and shall not exceed that number; but in no case shall a physical therapist supervise more than four physical therapist assistants per calendar day. A physical therapist assistant who performs any delegated physical therapy services on behalf of the supervising physical therapist on a particular day shall be counted in determining the maximum ratio, regardless of the location of the physical therapist assistant or the number of patients treated.

801.4(6) Minimum frequency of direct participation by a supervising physical therapist. A supervising physical therapist shall use professional judgment to determine how frequently the physical therapist needs to directly participate in physical therapy services when delegating to a physical therapist assistant, the frequency of which shall be based on the needs of the patient. Direct participation can occur through an in-person or telehealth visit. The supervising physical therapist shall ensure that the patient record clearly indicates which visits included direct participation by the supervising physical therapist. The following are the minimum standards, which are expected to be exceeded when dictated by the supervising physical therapist's professional judgment, for the required frequency of direct participation by the supervising physical therapist when physical therapy services involve delegation to a physical therapist assistant:

a. *Hospital inpatient and skilled nursing.* For hospital inpatients and skilled nursing patients, a supervising physical therapist must directly participate in physical therapy services a minimum of once per calendar week. A calendar week is defined as Sunday through Saturday.

b. *All other settings.* In all other settings, a supervising physical therapist must directly participate in the provision of physical therapy services at least every eighth visit or every 30 calendar days, whichever comes first.

801.4(7) Unlicensed assistive personnel. A physical therapist is responsible for patient care provided by unlicensed assistive personnel under the physical therapist's supervision. A physical therapist is responsible for ensuring the qualifications of any unlicensed assistive personnel and shall maintain written documentation of their education or training. Unlicensed assistive personnel may assist a physical therapist assistant in the delivery of physical therapy services only if the physical therapist assistant maintains in-sight supervision of the unlicensed assistive personnel and the physical therapist assistant is primarily and significantly involved in the patient's care. Unlicensed assistive personnel shall not provide independent patient care unless each of the following standards is satisfied:

a. The physical therapist has direct participation in the patient's treatment or evaluation, or both, each treatment day;

b. Unlicensed assistive personnel may provide independent patient care only while under the on-site supervision of the physical therapist;

c. Documentation made in a physical therapy record by unlicensed assistive personnel shall be cosigned by the physical therapist; and

d. The physical therapist provides periodic reevaluation of any unlicensed assistive personnel's performance in relation to the patient.

CHAPTER 802
DISCIPLINE FOR PHYSICAL THERAPISTS AND PHYSICAL THERAPIST ASSISTANTS

[Prior to 3/6/02, see 645—200.10(272C) and 645—202.8(272C)]
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 202]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/1/29

481—802.1(148A) Definitions.

“Board” means the board of physical and occupational therapy.

“Discipline” means any sanction the board may impose upon licensees.

“Licensee” means a person licensed to practice in Iowa pursuant to Iowa Code chapter 148A and 481—Chapters 800 through 808.

[ARC 7980C, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—802.2(272C) Grounds for discipline. The board may impose any of the disciplinary sanctions provided in 481—Chapter 504 when the board determines that any of the acts or offenses listed in such rule or in Iowa Code section 147.55 have occurred:

802.2(1) Professional incompetency. Professional incompetency includes but is not limited to:

a. A substantial lack of knowledge or ability to discharge professional obligations within the scope of practice.

b. A substantial deviation from the standards of learning or skill ordinarily possessed and applied by other physical therapists or physical therapist assistants in the state of Iowa acting in the same or similar circumstances.

c. A failure to exercise the degree of care that is ordinarily exercised by the average physical therapist or physical therapist assistant acting in the same or similar circumstances.

d. Failure to conform to the minimal standard of acceptable and prevailing practice of the licensed physical therapist or licensed physical therapist assistant in this state.

e. Mental or physical inability reasonably related to and adversely affecting the licensee’s ability to practice in a safe and competent manner.

f. Being adjudged mentally incompetent by a court of competent jurisdiction.

802.2(2) Knowingly making misleading, deceptive, untrue or fraudulent representations in the practice of physical therapy or engaging in unethical conduct or practice harmful or detrimental to the public. Proof of actual injury need not be established.

802.2(3) Violation of a regulation, rule or law of this state, another state, or the United States that relates to the practice of physical therapy, including but not limited to the code of ethics found in rule 481—801.1(148A,272C).

802.2(4) Failure of a licensee or an applicant for licensure in this state to report any voluntary agreements restricting the individual’s practice of physical therapy in another state, district, territory or country.

802.2(5) Knowingly aiding, assisting or advising a person to unlawfully practice physical therapy.

802.2(6) Representing oneself as a licensed physical therapist or physical therapist assistant when one’s license has been suspended or revoked, or when the license is on inactive status.

CHAPTER 803
CONTINUING EDUCATION FOR PHYSICAL THERAPISTS
AND PHYSICAL THERAPIST ASSISTANTS
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 203]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/1/29

481—803.1(272C) Definitions. For the purpose of these rules, the following definitions shall apply:

“*Active license*” means a license that is current and has not expired.

“*Audit*” means the selection of licensees for verification of continuing education requirements.

“*Board*” means the board of physical and occupational therapy.

“*Continuing education*” means the same as defined in Iowa Code section 272C.1.

“*Hour of continuing education*” means at least 50 minutes spent by a licensee completing an approved continuing education activity through live, virtual, online or prerecorded means where the instructor provides proof of completion by the licensee as set forth in these rules.

“*Inactive license*” means a license that has expired because it was not renewed by the end of the grace period. The category of “inactive license” may include licenses formerly known as lapsed, inactive, delinquent, closed, or retired.

“*Independent study*” means a subject/program/activity that a person pursues autonomously and that meets standards for approval criteria in the rules and includes a posttest.

“*License*” means license to practice.

“*Licensee*” means any person licensed to practice as a physical therapist or physical therapist assistant in the state of Iowa.

[ARC 7981C, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—803.2(148A) Continuing education requirements.

803.2(1) The biennial continuing education compliance period shall extend for a two-year period that begins on the sixteenth day of the birth month and ends two years later on the fifteenth day of the birth month.

a. Requirements for physical therapist licensees. Each biennium, each person who is licensed to practice as a physical therapist in this state will be required to complete a minimum of 40 hours of continuing education approved by the board.

b. Requirements for physical therapist assistant licensees. Each biennium, each person who is licensed to practice as a physical therapist assistant in this state will be required to complete a minimum of 20 hours of continuing education approved by the board.

803.2(2) Requirements of new licensees. Those persons licensed for the first time shall not be required to complete continuing education as a prerequisite for the first renewal of their licenses. Continuing education hours acquired any time from the initial licensing until the second license renewal may be used. The new licensee will be required to complete a minimum of 40 hours of continuing education per biennium for physical therapists and a minimum of 20 hours for physical therapist assistants each subsequent license renewal.

803.2(3) No hours of continuing education shall be carried over into the next biennium except for a new licensee. A licensee whose license was reactivated during the current renewal compliance period may use continuing education earned during the compliance period for the first renewal following reactivation.

[ARC 7981C, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—803.3(148A,272C) Standards.

803.3(1) *General criteria.* Appropriate continuing education activity for purposes of license renewal will support each of the following:

a. Constitutes an organized program of learning that contributes directly to the professional competency of the licensee;

b. Pertains to subject matters that integrally relate to the practice of the profession;

c. Is conducted by individuals who have specialized education, training and experience by reason of which said individuals should be considered qualified concerning the subject matter of the program. At the time of audit, the board may request the qualifications of presenters;

d. Fulfills stated program goals, objectives, or both; and

e. Provides proof of attendance to licensees including:

(1) Date, location, course title, presenter(s);

(2) Number of program contact hours; and

(3) Certificate of completion or evidence of successful completion of the course provided by the course sponsor.

803.3(2) *Specific criteria.*

a. Licensees may obtain continuing education hours of credit by:

(1) Attending workshops, conferences, or symposiums.

(2) Accessing online training, such as viewing interactive conferences, attending webinars, or completing online training courses.

(3) Completing an American Physical Therapy Association-approved postprofessional clinical residency or fellowship. A licensee will receive 1 hour of credit for every 2 hours spent in clinical residency, up to a maximum of 20 hours. Clinical residency hours may not be used for credit if the licensee is also seeking credit hours earned for postprofessional academic coursework in the same renewal period.

(4) Directly supervising students for clinical education if the students being supervised are from an accredited physical therapist or physical therapist assistant program and are participating in a full-time clinical experience (defined as approximately 40 hours per week, ranging from 1 to 18 weeks). One hour will be awarded for every 160 contact hours of supervision. A maximum of 8 hours for a physical therapist and 4 hours for a physical therapist assistant may be awarded per biennium. The physical therapist or physical therapist assistant must have documentation from the accredited educational program indicating the number of hours spent supervising a student.

(5) Presenting professional programs that meet the criteria listed in this rule. Two hours of credit will be awarded for each hour of presentation for the first offering of the course. A course schedule or brochure must be maintained for audit.

(6) Completing academic courses that directly relate to the professional competency of the licensee. Official transcripts indicating successful completion of academic courses that apply to the field of physical therapy will be necessary in order for the licensee to receive the following continuing education credits:

1 academic semester hour = 15 continuing education hours of credit

1 academic trimester hour = 12 continuing education hours of credit

1 academic quarter hour = 10 continuing education hours of credit

(7) Teaching in an approved college, university, or graduate school. The licensee may receive the following continuing education credits on a one-time basis for the first offering of a course:

1 academic semester hour = 15 continuing education hours of credit

1 academic trimester hour = 12 continuing education hours of credit

1 academic quarter hour = 10 continuing education hours of credit

(8) Authoring research or other activities, the results of which are published in a recognized professional publication. The licensee shall receive five hours of credit per page.

(9) Participating in professional organizations related to the practice of physical therapy, with one credit hour received for each six months of active service as an officer, delegate, or committee member, for a maximum of four hours of credit per biennium. Verification of participation must be provided by the professional organization to document the continuing education credit.

b. Continuing education hours of credit in the following topics are not considered to be directly and primarily related to the clinical application of physical therapy and therefore must not exceed a maximum combined total of ten hours of credit for a physical therapist licensee and five hours of credit for a physical therapist assistant licensee:

(1) Business-related topics, such as marketing, time management, government regulations, and other like topics.

(2) Personal skills topics, such as career burnout, communication skills, human relations, and other like topics.

(3) General health topics, such as clinical research, CPR, mandatory reporter training, and other like topics.

CHAPTER 804
LICENSURE OF OCCUPATIONAL THERAPISTS
AND OCCUPATIONAL THERAPY ASSISTANTS

[Prior to 3/6/02, see 645—201.3(147,148B,272C) to 645—201.7(147) and 645—201.9(272C)]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/1/29

481—804.1(147) Definitions. For purposes of these rules, the following definitions shall apply:

“*Active license*” means a license that is current and has not expired.

“*Board*” means the board of physical and occupational therapy.

“*Department*” means the department of inspections, appeals, and licensing.

“*Endorsement*” means the issuance of an Iowa license to practice occupational therapy to an applicant who is currently licensed in another state who has the same or similar qualifications to those required in Iowa.

“*Grace period*” means the 30-day period following expiration of a license when the license is still considered to be active. In order to renew a license during the grace period, a licensee is required to pay a late fee.

“*Inactive license*” means a license that has expired because it was not renewed by the end of the grace period. The category of “inactive license” may include licenses formerly known as lapsed, inactive, delinquent, closed, or retired.

“*Licensee*” means any person licensed to practice as an occupational therapist or occupational therapy assistant in the state of Iowa.

“*License expiration date*” means the fifteenth day of the birth month every two years after initial licensure.

“*Licensure by endorsement*” means the issuance of an Iowa license to practice occupational therapy to an applicant who is or has been licensed in another state.

“*Licensure examination*” means the examination administered by the National Board for Certification in Occupational Therapy.

“*Mandatory training*” means training on identifying and reporting child abuse or dependent adult abuse as required in Iowa Code sections 232.69 and 235B.16.

“*NBCOT*” means the National Board for Certification in Occupational Therapy.

“*Occupational therapist*” means a person licensed under this chapter to practice occupational therapy.

“*Occupational therapy assistant*” means a person licensed under this chapter to assist in the practice of occupational therapy.

“*Occupational therapy practice*” means the therapeutic use of occupations, including everyday life activities with individuals, groups, populations, or organizations, to support participation, performance, and function in roles and situations in home, school, workplace, community, and other settings. Occupational therapy services are provided for habilitation, rehabilitation, and the promotion of health and wellness to those who have or are at risk for developing an illness, injury, disease, disorder, condition, impairment, disability, activity limitation, or participation restriction. Occupational therapy addresses the physical, cognitive, psychosocial, sensory-perceptual, and other aspects of performance in a variety of contexts and environments to support engagement in occupations that affect physical and mental health, well-being, and quality of life. The practice of occupational therapy includes:

1. Evaluation of factors affecting activities of daily living (ADL), instrumental activities of daily living (IADL), rest and sleep, education, work, play, leisure, and social participation, including:

- Client factors, including body functions (such as neuromusculoskeletal, sensory-perceptual, visual, mental, cognitive, and pain factors) and body structures (such as cardiovascular, digestive, nervous, integumentary, genitourinary systems, and structures related to movement) and values, beliefs, and spirituality.

- Habits, routines, roles, rituals, and behavior patterns.

- Physical and social environments; cultural, personal, temporal and virtual contexts; and activity demands that affect performance.

- Performance skills, including motor and praxis, sensory-perceptual, emotional regulation, cognitive, communication and social skills.
- 2. Methods or approaches selected to direct the process of interventions, including:
 - Establishment of a skill or ability that has not yet developed or remediation or restoration of a skill or ability that is impaired or is in decline.
 - Compensation, modification, or adaptation of activity or environment to enhance performance or to prevent injuries, disorders, or other conditions.
 - Retention and enhancement of skills or abilities without which performance in everyday life activities would decline.
 - Promotion of health and wellness, including the use of self-management strategies, to enable or enhance performance in everyday life activities.
 - Prevention of barriers to performance and participation, including injury and disability prevention.
- 3. Interventions and procedures to promote or enhance safety and performance in ADL, IADL, rest and sleep, education, work, play, leisure, and social participation, including:
 - Therapeutic use of occupations, exercises, and activities.
 - Training in self-care, self-management, health management and maintenance, home management, community/work reintegration, and school activities and work performance.
 - Development, remediation, or compensation of neuromusculoskeletal, sensory-perceptual, visual, mental, and cognitive functions, pain tolerance and management, and behavioral skills.
 - Therapeutic use of self, including one's personality, insights, perceptions, and judgments, as part of the therapeutic process.
 - Education and training of individuals, including family members, caregivers, groups, populations, and others.
 - Care coordination, case management, and transition services.
 - Consultative services to groups, programs, organizations, or communities.
 - Modification of environments (home, work, school, or community) and adaptation of processes, including the application of ergonomic principles.
 - Assessment, design, fabrication, application, fitting, and training in seating and positioning, assistive technology, adaptive devices, and orthotic devices, and training in the use of prosthetic devices.
 - Assessment, recommendation, and training in techniques to enhance functional mobility, including management of wheelchairs and other mobility devices.
 - Low vision rehabilitation.
 - Driver rehabilitation and community mobility.
 - Management of feeding, eating, and swallowing to enable eating and feeding performance.
 - Application of physical agent modalities and use of a range of specific therapeutic procedures (such as wound care management, interventions to enhance sensory-perceptual and cognitive processing, and manual therapy) to enhance performance skills.
 - Facilitating the occupational performance of groups, populations, or organizations through the modification of environments and the adaptation of processes.

"Occupational therapy screening" means a brief process that is directed by an occupational therapist in order for the occupational therapist to render a decision as to whether the individual warrants further, in-depth evaluation and that includes:

1. Assessment of the medical and social history of an individual;
2. Observations related by that individual's caregivers; or
3. Observations or nonstandardized tests, or both, administered to an individual by the occupational therapist or an occupational therapy assistant under the direction of the occupational therapist.

Nothing in this definition shall be construed to prohibit licensed occupational therapists and occupational therapy assistants who work in preschools or school settings from providing short-term interventions to children prior to an evaluation, not to exceed 16 sessions per concern per school year, in accordance with state and federal educational policy.

"On site" means:

1. To be continuously on site and present in the department or facility where the assistive personnel are performing services;
2. To be immediately available to assist the person being supervised in the services being performed; and
3. To provide continued direction of appropriate aspects of each treatment session in which a component of treatment is delegated to assistive personnel.

“OT” means occupational therapist.

“OTA” means occupational therapy assistant.

“Reactivate” or “reactivation” means the process as outlined in rule 481—804.8(17A,147,272C) by which an inactive license is restored to active status.

“Reciprocal license” means the issuance of an Iowa license to practice occupational therapy to an applicant who is currently licensed in another state that has a mutual agreement with the Iowa board of physical and occupational therapy to license persons who have the same or similar qualifications to those required in Iowa.

“Reinstatement” means the process as outlined in rule 481—506.31(272C). Once the license is reinstated, the licensee may apply for active status.

[ARC 7982C, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—804.2(147) Initial licensure. The following criteria shall apply to licensure. The applicant shall:

804.2(1) Submit a complete online application and pay the nonrefundable fee specified in rule 481—507.11(147,148B).

804.2(2) Submit an official copy of academic transcripts directly from the school to the board. No application will be considered by the board until official copies of academic transcripts have been received.

804.2(3) Direct the examination service to submit examination scores directly to the board.

804.2(4) Provide verification of license(s) from every jurisdiction in which the applicant has been licensed, sent directly from the jurisdiction(s) to the board office. Web-based verification may be substituted for verification direct from the jurisdiction’s board office if it provides:

- a. Licensee’s name;
- b. Date of initial licensure;
- c. Current licensure status; and
- d. Any disciplinary action taken against the license.

[ARC 7982C, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—804.3(147) Licensure by endorsement. An occupational therapist or occupational therapy assistant applicant who holds a license in another state shall complete requirements in rule 481—804.2(147) and have completed one of the following:

804.3(1) Completed board-approved continuing education during the immediately preceding two-year period: 30 hours for an occupational therapist and 15 hours for an occupational therapy assistant; or

804.3(2) Practiced for a minimum of 2,080 hours during the immediately preceding two-year period; or

804.3(3) Served the equivalent of one year as a full-time faculty member teaching in an accredited school of occupational therapy for at least one of the immediately preceding two years; or

804.3(4) Successfully passing the examination within a period of two years from the date of examination to the time application is completed for licensure.

[ARC 7982C, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—804.4(147) Limited permit to practice pending licensure. A limited permit holder who is applying for licensure in Iowa by taking the licensure examination for the first time and has never been licensed as an occupational therapist or occupational therapy assistant in any state, the District of Columbia, or another country must have completed the educational and experience requirements for licensure as an occupational therapist or occupational therapy assistant. The limited permit holder shall:

1. Make arrangements to take the examination and have the official results of the examination sent directly from the examination service to the board;

2. Apply for licensure on forms provided by the board. The applicant must include on the application form the name of the Iowa-licensed occupational therapist(s) who will provide supervision of the limited permit holder until the limited permit holder is licensed;
3. Practice only under the supervision of an Iowa-licensed OT for a period not to exceed six months from the date the application was received in the board office;
4. Submit to the board the name of the OT providing supervision within seven days after a change in supervision occurs; and
5. If the applicant fails the national examination, cease practicing immediately.

[ARC 7982C, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—804.5(147) Examination requirements. The following criteria shall apply to the written examination(s):

804.5(1) The applicant for licensure as an occupational therapist shall have received a passing score on the licensure examination for occupational therapists. It is the responsibility of the applicant to make arrangements to take the examination and have the official results submitted directly from the examination service to the board of physical and occupational therapy.

804.5(2) The applicant for licensure as an occupational therapy assistant shall have received a passing score on the licensure examination for occupational therapy assistants. It is the responsibility of the applicant to make arrangements to take the examination and have the official results submitted directly from the examination service to the board of physical and occupational therapy.

[ARC 7982C, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—804.6(147) Educational qualifications.

804.6(1) The applicant must present proof of meeting the following requirements for licensure as an occupational therapist or occupational therapy assistant:

a. Occupational therapist. The applicant for licensure as an occupational therapist shall have completed the requirements for a degree in occupational therapy in an occupational therapy program accredited by the Accreditation Council for Occupational Therapy Education of the American Occupational Therapy Association. The transcript shall show completion of a supervised fieldwork experience.

b. Occupational therapy assistant. The applicant for licensure as an occupational therapy assistant shall be a graduate of an educational program approved by the Accreditation Council for Occupational Therapy Education of the American Occupational Therapy Association. The transcript shall show completion of a supervised fieldwork experience.

804.6(2) Foreign-trained occupational therapists and occupational therapy assistants. To become eligible to take the licensure examination, internationally educated occupational therapists must meet NBCOT eligibility requirements and undergo prescreening based on the status of their occupational therapy educational programs.

[ARC 7982C, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—804.7(147) License renewal.

804.7(1) The biennial license renewal period for a license to practice as an occupational therapist or occupational therapy assistant shall begin on the sixteenth day of the birth month and end on the fifteenth day of the birth month two years later. The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive notice from the board does not relieve the licensee of the responsibility for renewing the license.

804.7(2) An individual who was issued a license within six months of the license renewal date will not be required to renew the license until the subsequent renewal two years later.

804.7(3) A licensee seeking renewal shall:

a. Meet the continuing education requirements of rule 481—805.2(272C) and the mandatory reporting requirements of rule 481—804.9(17A,147,272C). A licensee whose license was reactivated during the current renewal compliance period may use continuing education earned during the compliance period for the first renewal following reactivation; and

b. Submit the completed renewal application and renewal fee before the license expiration date.

804.7(4) Mandatory reporter training requirements.

a. A licensee who is required by Iowa Code section 232.69 to report child abuse shall indicate on the renewal application completion of training in child abuse identification and reporting as required by Iowa Code section 232.69(3) “b” in the previous three years or condition(s) for waiver of this requirement as identified in paragraph “e.”

b. A licensee who is required by Iowa Code section 235B.3 or 235E.2 to report dependent adult abuse shall indicate on the renewal application completion of training in dependent adult abuse identification and reporting as required by Iowa Code section 235B.16(5) “b” in the previous three years or condition(s) for waiver of this requirement as identified in paragraph “e.”

c. The course(s) shall be the curriculum provided by the Iowa department of health and human services.

d. The licensee shall maintain written documentation for three years after mandatory training as identified in paragraphs “a” to “c,” including program date(s), content, duration, and proof of participation.

e. The requirement for mandatory training for identifying and reporting child and dependent adult abuse shall be suspended if the board determines that suspension is in the public interest or that a person at the time of license renewal:

(1) Is engaged in active duty in the military service of this state or the United States.

(2) Holds a current waiver by the board based on evidence of significant hardship in complying with training requirements, including an exemption of continuing education requirements or extension of time in which to fulfill requirements due to an occupational or mental disability or illness as identified in 481—Chapter 500.

f. The board may select licensees for audit of compliance with the requirements in paragraphs “a” to “e.”

804.7(5) Upon receiving the information required by this rule and the required fee, board staff shall administratively issue a two-year license. In the event the board receives adverse information on the renewal application, the board shall issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

804.7(6) Persons licensed to practice as occupational therapists or occupational therapy assistants shall keep their renewal licenses displayed in a conspicuous public place at the primary site of practice.

804.7(7) Late renewal. The license shall become a late license when the license has not been renewed by the expiration date on the renewal. The licensee shall be assessed a late fee as specified in 481—subrule 507.11(4). To renew a late license, the licensee shall complete the renewal requirements and submit the late fee within the grace period.

804.7(8) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice as an occupational therapist or occupational therapy assistant in Iowa until the license is reactivated. A licensee who practices as an occupational therapist or occupational therapy assistant in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

[ARC 7982C, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—804.8(17A,147,272C) License reactivation. To apply for reactivation of an inactive license, a licensee shall:

804.8(1) Submit a reactivation application on a form provided by the board.

804.8(2) Pay the reactivation fee that is due as specified in 481—subrule 507.11(5).

804.8(3) Provide verification of current competence to practice occupational therapy by satisfying one of the following criteria:

a. If the license has been on inactive status for five years or less, an applicant must provide the following:

(1) Verification of the license from the jurisdiction in which the applicant has most recently been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction to the

board office. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

1. Licensee's name;
2. Date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license; and

(2) Verification of completion of 15 hours of continuing education for an occupational therapy assistant and 30 hours of continuing education for an occupational therapist within two years of application for reactivation; or verification of active practice, consisting of a minimum of 2,080 hours, in another state or jurisdiction during the two years preceding an application for reactivation.

b. If the license has been on inactive status for more than five years, an applicant must provide the following:

(1) Verification of the license from the jurisdiction in which the applicant has most recently been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction to the board office. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

1. Licensee's name;
2. Date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license; and

(2) Verification of completion of 30 hours of continuing education for an occupational therapy assistant and 60 hours of continuing education for an occupational therapist within two years of application for reactivation; verification of active practice, consisting of a minimum of 2,080 hours, in another state or jurisdiction during the two years preceding an application for reactivation; or evidence of successful completion of the professional examination required for initial licensure completed within one year prior to the submission of an application for reactivation.

[ARC 7982C, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—804.9(17A,147,272C) License reinstatement. A licensee whose license has been revoked, suspended, or voluntarily surrendered must apply for and receive reinstatement of the license in accordance with rule 481—506.31(272C) and must apply for and be granted reactivation of the license in accordance with rule 481—804.8(17A,147,272C) prior to practicing occupational therapy in this state.

[ARC 7982C, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code chapters 17A, 147, 148B and 272C.

CHAPTER 805
CONTINUING EDUCATION FOR OCCUPATIONAL THERAPISTS
AND OCCUPATIONAL THERAPY ASSISTANTS

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 207]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/1/29

481—805.1(148B) Definitions. For the purpose of these rules, the following definitions shall apply:

“*Active license*” means a license that is current and has not expired.

“*Audit*” means the selection of licensees for verification of compliance with continuing education requirements.

“*Board*” means the board of physical and occupational therapy.

“*Continuing education*” means the same as defined in Iowa Code section 272C.1.

“*Hour of continuing education*” means at least 50 minutes spent by a licensee completing an approved continuing education activity through live, virtual, online or prerecorded means where the instructor provides proof of completion by the licensee as set forth in these rules.

“*Inactive license*” means a license that has expired because it was not renewed by the end of the grace period. The category of “inactive license” may include licenses formerly known as lapsed, inactive, delinquent, closed, or retired.

“*Independent study*” means a subject/program/activity that a person pursues autonomously and that meets standards for approval criteria in the rules and includes a posttest.

“*License*” means license to practice.

“*Licensee*” means any person licensed to practice as an occupational therapist or occupational therapy assistant in the state of Iowa.

[ARC 7983C, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—805.2(272C) Continuing education requirements.

805.2(1) The biennial continuing education compliance period shall extend for a two-year period that begins on the sixteenth day of the licensee’s birth month and ends two years later on the fifteenth day of the birth month.

a. Requirements for occupational therapist licensees. Each biennium, each person who is licensed to practice as an occupational therapist in this state will have the responsibility to finance the cost and be required to complete a minimum of 30 hours of continuing education approved by the board.

b. Requirements for occupational therapy assistant licensees. Each biennium, each person who is licensed to practice as an occupational therapy assistant in this state will be required to complete a minimum of 15 hours of continuing education approved by the board.

805.2(2) Requirements of new licensees. Those persons licensed for the first time shall not be required to complete continuing education as a prerequisite for the first renewal of their licenses. Continuing education hours acquired any time from the initial licensing until the second license renewal may be used. The new licensee will be required to complete a minimum of 30 hours of continuing education per biennium for occupational therapists and 15 hours for occupational therapy assistants each subsequent license renewal.

805.2(3) With the exception of continuing education hours obtained by new licensees, no hours of continuing education shall be carried over into the next biennium. A licensee whose license was reactivated during the current renewal compliance period may use continuing education earned during the compliance period for the first renewal following reactivation.

[ARC 7983C, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—805.3(148B,272C) Standards.

805.3(1) *General criteria.* Appropriate continuing education activity for purposes of license renewal will support each of the following:

a. Constitutes an organized program of learning that contributes directly to the professional competency of the licensee;

- b. Pertains to subject matters that integrally relate to the practice of the profession;
- c. Is conducted by individuals who have specialized education, training and experience by reason of which said individuals should be considered qualified concerning the subject matter of the program. At the time of audit, the board may request the qualifications of presenters;
- d. Fulfills stated program goals, objectives, or both; and
- e. Provides proof of attendance to licensees in attendance including:
 - (1) Date, location, course title, presenter(s);
 - (2) Number of program contact hours; and
 - (3) Certificate of completion or evidence of successful completion of the course provided by the course sponsor.

805.3(2) *Specific criteria.*

- a. Licensees may obtain continuing education hours of credit by:
 - (1) Attending workshops, conferences, or symposiums.
 - (2) Accessing online training, such as viewing interactive conferences, attending webinars, or completing online training courses.
 - (3) Directly supervising students for clinical education if the student being supervised is from an accredited occupational therapy or occupational therapy assistant program and is participating in a full-time clinical experience (defined as approximately 40 hours per week, ranging from 1 to 18 weeks). One hour will be awarded for every 160 contact hours of supervision. A maximum of 8 hours for an occupational therapist and 4 hours for an occupational therapy assistant may be awarded per biennium. The occupational therapist or occupational therapy assistant must have documentation from the accredited educational program indicating the number of hours spent supervising a student.
 - (4) Presenting professional programs that meet the criteria listed in this rule. Two hours of credit will be awarded for each hour of presentation for the first offering of the course. A course schedule or brochure must be maintained for audit.
 - (5) Completing academic courses that directly relate to the professional competency of the licensee. Official transcripts indicating successful completion of academic courses that apply to the field of occupational therapy will be necessary in order for the licensee to receive the following continuing education credits:
 - 1 academic semester hour = 15 continuing education hours of credit
 - 1 academic trimester hour = 12 continuing education hours of credit
 - 1 academic quarter hour = 10 continuing education hours of credit
 - (6) Teaching in an approved college, university, or graduate school. The licensee may receive the following continuing education credits on a one-time basis for the first offering of a course:
 - 1 academic semester hour = 15 continuing education hours of credit
 - 1 academic trimester hour = 12 continuing education hours of credit
 - 1 academic quarter hour = 10 continuing education hours of credit
 - (7) Authoring research or other activities, the results of which are published in a recognized professional publication. The licensee shall receive five hours of credit per page.
 - (8) Participating in professional organizations related to the practice of occupational therapy, with one credit hour received for each six months of active service as an officer, delegate, or committee member, for a maximum of four hours of credit per biennium. Verification of participation must be provided by the professional organization to document the continuing education credit.
- b. Continuing education hours of credit in the following topics are not considered to be directly and primarily related to the clinical application of occupational therapy and therefore must not exceed a maximum combined total of eight hours of credit for an occupational therapist licensee and four hours of credit for an occupational therapy assistant licensee:
 - (1) Business-related topics, such as marketing, time management, government regulations, and other like topics.
 - (2) Personal skills topics, such as career burnout, communication skills, human relations, and other like topics.

(3) General health topics, such as clinical research, CPR, mandatory reporter training, and other like topics.

[ARC 7983C, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code section 272C.2 and chapter 148B.

◇ Two or more ARCs

CHAPTER 806
PRACTICE OF OCCUPATIONAL THERAPISTS AND OCCUPATIONAL THERAPY
ASSISTANTS

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 208]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/1/29

481—806.1(148B,272C) Code of ethics for occupational therapists and occupational therapy assistants.

806.1(1) Occupational therapy. The practice of occupational therapy minimally consists of:

- a.* Interpreting referrals;
- b.* Evaluating patients;
- c.* Identifying and documenting patient problems and goals;
- d.* Establishing and documenting a plan of care;
- e.* Providing treatment;
- f.* Determining the appropriate portions of the treatment program to be delegated to assistive personnel;
- g.* Supervising individuals as described in rule 481—806.5(272C);
- h.* Providing timely patient reevaluation;
- i.* Maintaining timely and adequate patient records consistent with the standards found in rule 481—806.2(147).

806.1(2) An occupational therapist or occupational therapy assistant should:

- a.* Not practice outside the scope of the license;
- b.* Not perform a treatment procedure that is inadvisable or contraindicated;
- c.* Not continue treatment beyond the point of possible benefit to the patient or treat a patient more frequently than necessary to obtain maximum therapeutic effect;
- d.* Not directly or indirectly request, receive, or participate in the dividing, transferring, assigning, rebating, or refunding of an unearned fee;
- e.* Not profit by means of credit or other valuable consideration as an unearned commission, discount, or gratuity in connection with the furnishing of occupational therapy services;
- f.* Not obtain payment through fraudulent means. Obtaining payment through fraudulent means includes but is not limited to:
 - (1) Reporting incorrect treatment dates for the purpose of obtaining payment;
 - (2) Reporting charges for services not rendered;
 - (3) Incorrectly reporting services rendered for the purpose of obtaining payment that is greater than that to which the licensee is entitled; or
 - (4) Aiding a patient in fraudulently obtaining payment;
- g.* Not exercise undue influence on patients to purchase equipment, products, or supplies from a company in which the occupational therapist owns stock or has any other direct or indirect financial interest;
- h.* Not permit another person to use the therapist's license for any purpose;
- i.* Not verbally or physically abuse a patient or client;
- j.* Not engage in sexual misconduct. Sexual misconduct includes the following:
 - (1) Engaging in or soliciting a sexual relationship, whether consensual or nonconsensual, with a patient or client;
 - (2) Making sexual advances, requesting sexual favors, or engaging in other verbal conduct or physical contact of a sexual nature with a patient or client;
- k.* Follow the standards for supervision found in rule 481—806.4(272C);
- l.* Not perform a task or service for which the therapist lacks the skill, knowledge or competence. In such a case, the therapist should either refuse to perform the task or service and/or arrange for a professionally qualified licensed practitioner to perform the task or service;

m. Sign the occupational therapy treatment record to indicate that the occupational therapy services were provided in accordance with the rules and regulations for practicing as an occupational therapist or occupational therapy assistant.

[ARC 7984C, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—806.2(147) Recordkeeping.

806.2(1) A licensee should maintain sufficient, timely, and accurate documentation in patient records to reflect the services provided, facilitate the delivery of services, and ensure continuity of services in the future.

806.2(2) A licensee should store records in accordance with state and federal statutes and regulations governing record retention and with the guidelines of the licensee's employer or agency, if applicable. If no other legal provisions govern record retention, a licensee should store patient records for a minimum of five years after the date of the patient's discharge, or in the case of a minor, three years after the patient reaches the age of majority under state law or five years after the date of discharge, whichever is longer.

806.2(3) Electronic recordkeeping. The requirements of this rule apply to electronic records as well as to records kept by any other means. When electronic records are kept, the licensee shall ensure that a duplicate hard-copy record or a backup, unalterable electronic record is maintained.

806.2(4) Correction of records.

a. Hard-copy records. Notations should be legible, written in ink, and contain no erasures or whiteouts. If incorrect information is placed in the record, it must be crossed out with a single nondeleting line and be initialed by the licensee.

b. Electronic records. If a record is stored in an electronic format, the record may be amended with a signed addendum attached to the record.

806.2(5) Confidentiality and transfer of records. Occupational therapists and occupational therapy assistants shall preserve the confidentiality of patient records consistent with federal and state law.

806.2(6) Retirement or discontinuance of practice. If a licensee is the owner of a practice, the licensee shall notify in writing all active patients and shall make reasonable arrangements with those patients to transfer patient records, or copies of those records, to the succeeding licensee upon knowledge and agreement of the patient.

806.2(7) Nothing stated in these rules shall prohibit a licensee from conveying or transferring the licensee's patient records to another licensed individual who is assuming a practice, provided that written notice is furnished to all patients.

[ARC 7984C, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—806.3(147) Telehealth visits. A licensee may provide occupational therapy services to a patient utilizing a telehealth visit if the occupational therapy services are provided in accordance with all requirements of this chapter.

806.3(1) "Telehealth visit" means the provision of occupational therapy services by a licensee to a patient using technology where the licensee and the patient are not at the same physical location for the occupational therapy session.

806.3(2) A licensee engaged in a telehealth visit shall utilize technology that is secure and HIPAA-compliant, pursuant to the Health Insurance Portability and Accountability Act of 1996, PL 104-191, August 21, 1996, 110 Stat. 1936, and any amendments as of December 8, 2023, and that includes, at a minimum, audio or video equipment or both, that allows two-way real-time interactive communication between the licensee and the patient. A licensee may use non-real-time technologies to prepare for an occupational therapy session or to communicate with a patient between occupational therapy sessions.

806.3(3) A licensee engaged in a telehealth visit shall be held to the same standard of care as a licensee who provides in-person occupational therapy. A licensee shall not utilize a telehealth visit if the standard of care for the particular occupational therapy services cannot be met using technology.

806.3(4) Any occupational therapist or occupational therapy assistant who provides an occupational therapy telehealth visit to a patient located in Iowa shall be licensed in Iowa.

806.3(5) Prior to the first telehealth visit, a licensee shall obtain informed consent from the patient specific to the occupational therapy services that will be provided in a telehealth visit. At a minimum, the informed consent shall specifically inform the patient of the following:

- a. The risks and limitations of the use of technology to provide occupational therapy services;
- b. The potential for unauthorized access to protected health information; and
- c. The potential for disruption of technology during a telehealth visit.

806.3(6) A licensee shall only provide occupational therapy services using a telehealth visit in the areas of competence wherein proficiency in providing the particular service using technology has been gained through education, training, and experience.

806.3(7) A licensee shall identify in the clinical record when occupational therapy services are provided utilizing a telehealth visit.

[ARC 7984C, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—806.4(147) Practice of occupational therapy limited permit holders.

806.4(1) Occupational therapist limited permit holders may:

- a. Evaluate clients, plan treatment programs, and provide periodic reevaluations only under supervision of a licensed OT who shall bear full responsibility for care provided under the OT's supervision; and
- b. Perform the duties of the occupational therapist under the supervision of an Iowa-licensed occupational therapist, except for providing supervision to an occupational therapy assistant.

806.4(2) Occupational therapy assistants and limited permit holders shall:

- a. Follow the treatment plan written by the supervising OT outlining the elements that have been delegated; and
- b. Perform occupational therapy procedures delegated by the supervising OT as required in rule 481—806.5(148B).

[ARC 7984C, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—806.5(148B) Supervision requirements.

806.5(1) Care rendered by unlicensed assistive personnel shall not be documented or charged as occupational therapy unless direct on-site supervision is provided by an OT or in-sight supervision is provided by an OTA.

806.5(2) Occupational therapist supervisor responsibilities. The supervisor shall:

- a. Provide supervision to a licensed OTA, OT limited permit holder and OTA limited permit holder any time occupational therapy services are rendered. Supervision may be provided on site or through the use of telecommunication or other technology.
- b. Ensure that every licensed OTA, OT limited permit holder and OTA limited permit holder being supervised is aware of who the supervisor is and how the supervisor can be contacted any time occupational therapy services are rendered.
- c. Assume responsibility for all delegated tasks and shall not delegate a service that exceeds the expertise of the OTA or OTA limited permit holder.
- d. Provide evaluation and development of a treatment plan for use by the OTA.
- e. Ensure that the OTA, OT limited permit holder and OTA limited permit holder under the OT's supervision have current licenses to practice.
- f. Ensure that the signature of an OTA on an occupational therapy treatment record indicates that the occupational therapy services were provided in accordance with the rules and regulations for practicing as an OTA.

806.5(3) The following are functions that only an occupational therapist may provide and that shall not be delegated to an OTA:

- a. Interpretation of referrals;
- b. Initial occupational therapy evaluation and reevaluations;
- c. Identification, determination or modification of patient problems, goals, and care plans;
- d. Final discharge evaluation and establishment of the discharge plan;

- e.* Assurance of the qualifications of all assistive personnel to perform assigned tasks through written documentation of their education or training that is maintained and available at all times;
- f.* Delegation of and instruction in the services to be rendered by the OTA, including but not limited to specific tasks or procedures, precautions, special problems, and contraindicated procedures; and
- g.* Timely review of documentation, reexamination of the patient and revision of the plan when indicated.

806.5(4) Supervision of unlicensed assistive personnel. OTs are responsible for patient care provided by unlicensed assistive personnel under the OT's supervision. Unlicensed assistive personnel shall not provide independent patient care unless each of the following standards is satisfied:

- a.* The supervising OT shall physically participate in the patient's treatment or evaluation, or both, each treatment day;
- b.* The unlicensed assistive personnel shall provide independent patient care only while under the on-site supervision of the supervising OT;
- c.* Documentation made in occupational therapy records by unlicensed assistive personnel shall be cosigned by the supervising OT; and
- d.* The supervising OT shall provide periodic reevaluation of the performance of unlicensed assistive personnel in relation to the patient.

806.5(5) Minimum frequency of OT interaction. At a minimum, an OT must directly participate in treatment, either in person or through a telehealth visit, every twelfth visit for all patients and must document each visit. The occupational therapist shall participate at a higher frequency when the standard of care dictates.

806.5(6) Occupational therapy assistant responsibilities.

- a.* The occupational therapy assistant shall:
 - (1) Provide only those services for which the OTA has the necessary skills and shall consult the supervising occupational therapist if the procedures are believed not to be in the best interest of the patient;
 - (2) Gather data relating to the patient's disability during screening, but shall not interpret the patient information as it pertains to the plan of care;
 - (3) Communicate any change, or lack of change, that occurs in the patient's condition and that may need the assessment of the OT;
 - (4) Provide occupational therapy services only under the supervision of the occupational therapist;
 - (5) Provide treatment only after evaluation and development of a treatment plan by the occupational therapist;
 - (6) Refer inquiries that require interpretation of patient information to the occupational therapist;
 - (7) Be supervised by an occupational therapist, either on site or through the use of telecommunication or other technology, at all times when occupational therapy services are being rendered;
 - (8) Receive supervision from any number of at least one occupational therapist; and
 - (9) Record on every patient chart the name of the OTA's supervisor for each treatment session.
- b.* The signature of an OTA on the occupational therapy treatment record indicates that occupational therapy services were provided in accordance with the rules and regulations for practicing as an OTA.

806.5(7) Unlicensed assistive personnel. Unlicensed assistive personnel may assist an OTA in providing patient care in the absence of an OT only if the OTA maintains in-sight supervision of the unlicensed assistive personnel and the OTA is primarily and significantly involved in that patient's care.

806.5(8) The occupational therapy limited permit holder may evaluate clients, plan treatment programs, and provide periodic reevaluations under supervision of a licensed occupational therapist who shall bear full responsibility for care provided under the occupational therapist's supervision.

[ARC 7984C, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code chapters 147, 148B and 272C.

[Filed 11/26/03, Notice 9/17/03—published 12/24/03, effective 1/28/04]

[Filed ARC 3590C (Notice ARC 3435C, IAB 11/8/17), IAB 1/17/18, effective 2/21/18]

[Filed ARC 7984C (Notice ARC 7551C, IAB 1/24/24), IAB 5/15/24, effective 7/1/24]

[Editorial change: IAC Supplement 9/18/24]

CHAPTER 807
DISCIPLINE FOR OCCUPATIONAL THERAPISTS
AND OCCUPATIONAL THERAPY ASSISTANTS

[Prior to 3/6/02, see 645—201.10(272C)]

[Prior to 12/24/03, see 645—Ch 208]

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 209]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/1/29

481—807.1(148B) Definitions.

“*Board*” means the board of physical and occupational therapy.

“*Discipline*” means any sanction the board may impose upon licensees.

“*Licensee*” means a person licensed to practice in Iowa pursuant to Iowa Code chapter 148A and 481—Chapters 804 through 808.

[ARC 7985C, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—807.2(272C) Grounds for discipline. The board may impose any of the disciplinary sanctions provided in 481—Chapter 504 when the board determines that any of the acts or offenses listed in that chapter or in Iowa Code section 147.55 have occurred:

807.2(1) Professional incompetency. Professional incompetency includes but is not limited to:

- a. A substantial lack of knowledge or ability to discharge professional obligations within the scope of practice.
- b. A substantial deviation from the standards of learning or skill ordinarily possessed and applied by other occupational therapists or occupational therapy assistants in the state of Iowa acting in the same or similar circumstances.
- c. A failure to exercise the degree of care that is ordinarily exercised by the average occupational therapist or occupational therapy assistant acting in the same or similar circumstances.
- d. Failure to conform to the minimal standard of acceptable and prevailing practice of the licensed occupational therapist or licensed occupational therapy assistant in this state.
- e. Mental or physical inability reasonably related to and adversely affecting the licensee’s ability to practice in a safe and competent manner.
- f. Being adjudged mentally incompetent by a court of competent jurisdiction.

807.2(2) Knowingly making misleading, deceptive, untrue or fraudulent representations in the practice of occupational therapy or engaging in unethical conduct or practice harmful or detrimental to the public. Proof of actual injury need not be established.

807.2(3) Violation of a regulation, rule or law of this state, another state, or the United States that relates to the practice of occupational therapy, including but not limited to the code of ethics found in rule 481—806.1(148B,272C).

807.2(4) Failure of a licensee or an applicant for licensure in this state to report any voluntary agreements restricting the individual’s practice of occupational therapy in another state, district, territory or country.

807.2(5) Knowingly aiding, assisting or advising a person to unlawfully practice occupational therapy.

807.2(6) Failure to report a change of name or address within 30 days after it occurs.

807.2(7) Representing oneself as a licensed occupational therapist or occupational therapy assistant when one’s license has been suspended or revoked, or when the license is on inactive status.

807.2(8) Repeated failure to comply with standard precautions for preventing transmission of infectious diseases as issued by the Centers for Disease Control and Prevention of the United States Department of Health and Human Services.

[ARC 7985C, IAB 5/15/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code chapters 147, 148B and 272C.

[Filed 2/14/02, Notice 10/3/01—published 3/6/02, effective 4/10/02]

CHAPTER 808
ADOPTION OF UNIFORM AND MODEL RULES

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 210]

Chapter rescission date pursuant to Iowa Code section 17A.7: 8/28/29

481—808.1(17A,272C) Board of physical and occupational therapy adoption of uniform and model rules. The board hereby adopts by reference the following:

808.1(1) to 808.1(9) Reserved.

808.1(10) Model rules for licensee review committee, 481—Chapter 505.

This rule is intended to implement Iowa Code chapter 272C.

BOARD OF MASSAGE THERAPY

CHAPTER 821

LICENSURE OF MASSAGE THERAPISTS

[Prior to 6/26/02, see 645—130.4(152C) and 645—130.6(152C)]

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 131]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/17/29

481—821.1(152C) Definitions.

“Anniversary month” means the month the license was issued by the board.

“Board” means the Iowa board of massage therapy.

“Board-approved school” means a school for massage therapy education that provides at least 600 hours of supervised academic instruction; has been recognized as legitimate by the board in the state where the school is located or in the state where the school was located if the school has since closed; has been recognized by a similar board in another jurisdiction that licenses massage therapists if massage therapy is not a licensed profession in the state where the school is located; and has not been denied, suspended, or revoked by the National Certification Board for Therapeutic Massage and Bodywork (NCBTMB).

“Grace period” means the 30-day period following expiration of a license when the license is still considered to be active.

“Issuing jurisdiction” means the duly constituted authority in another state that has issued a massage therapy license to a person.

“Licensee” means any person licensed to practice as a massage therapist in the state of Iowa.

“License expiration date” means the fifteenth day of the anniversary month every two years.

“Massage therapy” means performance for compensation of massage, myotherapy, massotherapy, bodywork, bodywork therapy, or therapeutic massage including hydrotherapy, superficial hot and cold applications, vibration and topical applications, or other therapy that involves manipulation of the muscle and connective tissue of the body, excluding osseous tissue, to treat the muscle tonus system for the purpose of enhancing health, providing muscle relaxation, increasing range of motion, reducing stress, relieving pain, or improving circulation.

[ARC 8051C, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24]

481—821.2(272C) Licensure by examination. A person who has completed the curriculum at a board-approved school may seek licensure in accordance with this rule.

821.2(1) Submit the following:

a. A completed online application for licensure and pay the nonrefundable licensure fee specified in rule 481—507.8(147). Official copies of academic transcripts sent directly to the board by the board-approved school. If a school has closed and is no longer operational, the board will accept an official transcript provided by the applicant.

b. Proof of passing any National Certification Board for Therapeutic Massage and Bodywork (NCBTMB) examination or the Massage and Bodywork Licensing Examination (MBLEx) sent directly from the testing authority to the board. The passing score on the written examination is the passing point criterion established by the testing authority at the time the test was administered.

c. If the applicant has been issued one or more licenses to practice massage therapy by other issuing jurisdictions, verification of license from the jurisdiction in which the applicant has most recently been licensed, sent directly from the issuing jurisdiction to the board. Web-based verification may be substituted for verification from the jurisdiction’s board office if the verification provides:

- (1) The licensee’s name;
- (2) The date of initial licensure;
- (3) The applicant’s current licensure status; and
- (4) Any disciplinary action taken against the license.

821.2(2) An applicant who has relocated to Iowa from a state that did not require licensure to practice massage therapy may submit proof of work experience in lieu of educational and training requirements, if eligible, in accordance with rule 481—501.2(272C).

[ARC 8051C, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24]

481—821.3(152C) Educational qualifications for foreign-trained massage therapists. Prospective applicants who completed their education outside of the United States may receive credit for their education, provided they comply with the following:

821.3(1) Provide an equivalency evaluation of their educational credentials by one of the following entities demonstrating the curriculum is equivalent to that stated in these rules. The applicant bears the expense of the curriculum evaluation.

a. International Education Research Foundation, Inc., Credentials Evaluation Service, P.O. Box 3665, Culver City, CA 90231-3665; telephone 310.258.9451; website www.ierf.org.

b. International Credentialing Associates, Inc., 7245 Bryan Dairy Road, Bryan Dairy Business Park II, Largo, FL 33777; telephone 727.549.8555.

c. Josef Silny & Associates, Inc., 7101 SW 102nd Avenue, Miami, FL 33173; telephone 305.273.1616; website jsilny.org.

821.3(2) Provide a notarized copy of the certificate or diploma awarded to the applicant from a massage therapy program in the country in which the applicant was educated.

821.3(3) Receive a final determination from the board that the applicant's education is acceptable.

[ARC 8051C, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24]

481—821.4(152C) Licensure by endorsement.

821.4(1) A person who has been issued a license to practice massage therapy by another issuing jurisdiction may seek licensure in accordance with this rule.

821.4(2) Submit the following:

a. A completed online application for licensure and pay nonrefundable licensure fee specified in rule 481—507.8(147).

b. Official copies of academic transcripts sent directly to the board by the board-approved school. If a school has closed and is no longer operational, the board will accept an official transcript provided by the applicant.

c. Proof of passing any National Certification Board for Therapeutic Massage and Bodywork (NCBTMB) examination or the Massage and Bodywork Licensing Examination (MBLEEx) sent directly from the testing authority to the board. The passing score on the written examination is the passing point criterion established by the testing authority at the time the test was administered.

d. Proof that the licensure requirements in the issuing jurisdiction are equal to or exceed the requirements provided in rule 481—821.2(152C).

e. Verification of license from the jurisdiction in which the applicant has most recently been licensed, sent directly from the issuing jurisdiction to the board. Web-based verification may be substituted for verification from the issuing jurisdiction's board office if the verification provides:

- (1) The licensee's name;
- (2) The date of initial licensure;
- (3) The applicant's current licensure status; and
- (4) Any disciplinary action taken against the license.

[ARC 8051C, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24]

481—821.5(152C) Licensure by verification. A person who is licensed in another jurisdiction but who is unable to satisfy the requirements for licensure by endorsement may apply for licensure by verification, if eligible, in accordance with rule 481—501.1(272C).

[ARC 8051C, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24]

481—821.6(152C) Temporary license. A person who is licensed to practice massage therapy in another jurisdiction but who is unable to satisfy the requirements for licensure by endorsement, and who does not seek licensure by verification, may be issued a temporary license in accordance with this rule.

821.6(1) An applicant for temporary license shall submit the following:

a. A completed online application for licensure and pay nonrefundable licensure fee specified in rule 481—507.8(147).

b. Verification of license from the jurisdiction in which the applicant has most recently been licensed, sent directly from the issuing jurisdiction to the board. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification provides:

- (1) Licensee's name;
- (2) Date of initial licensure;
- (3) Current licensure status; and
- (4) Any disciplinary action taken against the license.

c. A plan for meeting all remaining requirements for licensure within one year of issuance of the temporary permit. Such a plan will include proof of enrollment in a school of massage therapy whose curriculum has been approved by the board, the date of enrollment, and the expected date of graduation.

821.6(2) A temporary license is valid for a period of up to one year and will not be renewed.

821.6(3) A temporary license holder shall be issued a permanent license upon the board's receipt of the following:

a. Official copies of academic transcripts sent directly to the board by the board-approved school demonstrating completion of all remaining hours of education for licensure.

b. Proof of passing any National Certification Board for Therapeutic Massage and Bodywork (NCBTMB) examination or the Massage and Bodywork Licensing Examination (MBLEx) sent directly from the testing authority to the board. The passing score on the written examination is the passing point criterion established by the testing authority at the time the test was administered.

[ARC 8051C, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24]

481—821.7(152C) License display. The license certificate and proof of active licensure will be displayed in a conspicuous public place at the licensee's primary site of practice.

[ARC 8051C, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24]

481—821.8(152C) License renewal.

821.8(1) The biennial license renewal period begins on the sixteenth day of the anniversary month and ends on the fifteenth day of the anniversary month two years later. The licensee is responsible for renewing the license prior to its expiration.

821.8(2) Continuing education does not need to be completed during the first biennial license renewal period and is not a prerequisite for the first renewal of a license.

821.8(3) A licensee seeking renewal shall comply with the following before the license expiration date:

a. Submit a completed renewal application and renewal fee specified in rule 481—507.8(147), before the license expiration date; and

b. Meet the continuing education requirements of rule 481—823.2(152C) and the mandatory reporting requirements of subrule 821.8(4). A licensee whose license was reactivated during the current renewal compliance period may use continuing education credit earned during the compliance period for the first renewal following reactivation.

821.8(4) Mandatory reporter training.

a. A licensee who, in the scope of professional practice or in the licensee's employment responsibilities examines, attends, counsels, or treats children and dependent adults in Iowa shall complete the applicable department of health and human services' training related to the identification and reporting of child and dependent adult abuse as required by Iowa Code section 232.69(3) "b." The licensee will indicate on the renewal application completion of such training.

b. The requirement for mandatory training for identifying and reporting child and dependent adult abuse shall be suspended if the board determines that suspension is in the public interest or that a person at the time of license renewal:

- (1) Is engaged in active duty in the military service of this state or the United States; or
- (2) Holds a current waiver by the board based on evidence of significant hardship in complying with training requirements, including an exemption of continuing education requirements or extension of time in which to fulfill the requirements due to a physical or mental disability or illness as provided in rule 481—500.14(272C).

c. The board may select licensees for audit of compliance with the requirements of this subrule.

821.8(5) Issuing renewals. Upon receiving the information required by this rule and the required fee, board staff shall administratively issue a two-year license renewal. In the event the board receives adverse information on the renewal application, the board will issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

821.8(6) Late renewal. A license not renewed by the expiration date will be assessed a late fee as specified in 481—subrule 507.8(4). Completion of renewal requirements and submission of the late fee within the grace period are needed to renew the license.

821.8(7) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice as a massage therapist in Iowa until the license is reactivated. A licensee who practices as a massage therapist in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

[ARC 8051C, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24]

481—821.9(17A,147,272C) License reactivation.

821.9(1) A person whose license is inactive may apply to reactivate the license in accordance with this rule.

821.9(2) The licensee shall submit all of the following:

a. A completed online application for licensure and pay the nonrefundable licensure fee specified in rule 481—507.8(147). If the license has been inactive for five years or less, submission of:

(1) Proof of completion of 16 hours of continuing education within two years of application; and

(2) Verification of the license from the jurisdiction in which the applicant has most recently been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction to the board office. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

1. Licensee's name;
2. Date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license.

b. If the license has been on inactive status for more than five years, submission of:

(1) Proof of completion of 16 hours of continuing education within two years of application;

(2) Proof of two years of active, licensed practice in another issuing jurisdiction immediately prior to submitting the application, or proof of passing one of the following examinations within two years of submitting the application:

1. The National Certification Examination for Therapeutic Massage (NCETM);
2. The National Certification Examination for Therapeutic Massage and Bodywork (NCETMB);
3. The National Examination for States Licensing (NESL) option; or
4. The Massage and Bodywork Licensing Examination (MBLEx); and

(3) Verification of the license from the jurisdiction in which the applicant has most recently been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction to the board office. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

1. Licensee's name;
2. Date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license.

[ARC 8051C, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24]

481—821.10(17A,147,272C) License reinstatement. A licensee whose license has been revoked, suspended, or voluntarily surrendered must apply for and receive reinstatement of the license in accordance

with rule 481—506.31(272C) and, if applicable, must apply for and be granted reactivation of the license in accordance with rule 481—821.9(17A,147,272C) prior to practicing as a massage therapist in this state.

[ARC 8051C, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code chapters 17A, 147, 152C, and 272C.

CHAPTER 822

MESSAGE THERAPY EDUCATION CURRICULUM

[Prior to 6/26/02, see 645—130.5(152C)]
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 132]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/17/29

481—822.1(152C) Definitions.

“Approved curriculum” means that the massage therapy education course of study meets the criteria specified in this chapter and has been approved by the board of massage therapy.

“Board” means the board of massage therapy.

“Clinical practicum” means hands-on massage therapy provided to members of the public by a student who is enrolled at a massage therapy school and is under the supervision of an instructor who is an Iowa-licensed massage therapist, is physically present on the premises and is available for advice and assistance. *“Clinical practicum”* does not include classroom practice.

“Course of study” means a series of classroom courses, not including continuing education, which is approved by the board as having a unified purpose in training individuals toward a certificate, degree or diploma in the practice of massage therapy.

[ARC 8052C, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24]

481—822.2(152C) Application for approval of massage therapy education curriculum.

822.2(1) Applications for curriculum approval of in-state massage therapy schools will be submitted online with the accompanying fee. Curriculum approval is valid for up to two years with reapplication for approval due June 30 of each even-numbered year. The biennial renewal cycle begins July 1 of an even-numbered year and ends June 30 two years later. Schools that receive curriculum approval within six months prior to the start of the next biennial renewal cycle do not need to reapply for curriculum approval until the following even-numbered year.

822.2(2) The application for curriculum approval includes the following:

- a. A completed board-approved application form;
- b. The curriculum approval application fee as specified in 481—Chapter 507;
- c. A completed Curriculum Criteria and Documentation form;
- d. The current school catalog, including name of the program(s), a description of the curriculum delivery system, course descriptions, and program accreditation or approval by other professional entities; and
- e. A sample diploma and a sample transcript that identify the name of the graduate, name of the program, graduation date, and the degree, diploma or certificate awarded.

822.2(3) Out-of-state school curriculum will be reviewed on a case-by-case basis upon receipt of the curriculum as a part of an individual’s application for licensure to practice massage therapy in the state of Iowa.

822.2(4) Massage therapy schools that do not renew curriculum approval by the expiration date shall be removed from the board’s list of approved curriculum providers until such time that they comply with curriculum approval requirements.

822.2(5) Schools that apply for curriculum approval shall, at a minimum, provide a curriculum that meets the requirements of this chapter, offer a course of study of at least 600 clock hours or the equivalent in academic credit hours, and require for entrance into the massage therapy school graduation from high school or its equivalent.

[ARC 8052C, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24]

481—822.3(152C) Curriculum requirements. An approved curriculum will include but not be limited to the following content areas:

1. Massage theory and principles.
2. Massage professional practices.
3. The therapeutic relationship.
4. Anatomy, physiology, and pathology.

5. Assessment and documentation.
6. Massage and bodywork application.
7. Palpation and movement.
8. Adapting sessions for clients.
9. Career development.
10. Iowa law and professional ethics.

[ARC 8052C, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24]

481—822.4(152C) Student clinical practicum standards.

822.4(1) The school must provide clinical practicum hours at the school's primary location or an event sponsored by the school.

822.4(2) At all times when the student delivers physical contact with the public or other students, a clinical instructor/supervisor who is an Iowa-licensed massage therapist shall be personally in attendance to supervise and evaluate.

822.4(3) Students shall complete at least 200 hours of coursework in the content areas of fundamentals of massage therapy and assessment that includes indications and contraindications for treatment prior to providing services to the public and beginning the clinical practicum. Included in this 200 hours will be a minimum of 100 hours in anatomy and physiology, which includes the structure and function of the human body and common pathologies.

822.4(4) The clinical practicum shall not exceed 25 percent of a program's total required hours.

[ARC 8052C, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24]

481—822.5(152C) School records retention. Records documenting the student's completion of the curriculum will be maintained for two years following the student's graduation date. In the event of school closure, the board will be notified of the location of the records.

[ARC 8052C, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24]

481—822.6(152C) Massage school curriculum compliance.

822.6(1) A school will maintain curriculum records and make the records available to the board upon request.

822.6(2) A school whose curriculum is approved shall notify the board in writing within 30 days if there is a change of address, a school closing, or a curriculum revision that does not meet the requirements of this chapter.

822.6(3) Each student who successfully completes curriculum requirements will be awarded a certificate or diploma that includes the student's legal name, date of graduation, the name of the program, and the degree or certificate awarded. The school will also provide them with an official transcript that includes the student's legal name and date of graduation.

[ARC 8052C, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24]

481—822.7(152C) Denial or withdrawal of approval.

822.7(1) The board will deny or withdraw approval of a school curriculum if the board determines the curriculum does not meet the requirements of this chapter.

822.7(2) The board will notify the school in writing if the board denies or withdraws curriculum approval. Following denial or withdrawal of approval by the board, the school may request that the board reconsider its decision. The board in its sole discretion shall determine whether to grant such a request.

[ARC 8052C, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code chapter 152C.

CHAPTER 823
CONTINUING EDUCATION FOR MASSAGE THERAPISTS

[Prior to 6/26/02, see 645—Ch 132]

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 133]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/17/29

481—823.1(152C) Definitions.

“Active license” means a license that is current and has not expired.

“Approved program/activity” means a continuing education program/activity meeting the standards set forth in these rules.

“Audit” means the selection of licensees for verification of satisfactory completion of continuing education requirements during a specified time period or the selection of providers for verification of adherence to continuing education provider requirements during a specified time period.

“Board” means the board of massage therapy.

“Continuing education” means planned, organized learning acts acquired during initial licensure designed to maintain, improve, or expand a licensee’s knowledge and skills in order for the licensee to develop new knowledge and skills relevant to the enhancement of practice, education, or theory development to improve the safety and welfare of the public.

“Hands-on training” means learning techniques that manipulate the soft tissue of the body.

“Hour of continuing education” means at least 50 minutes spent by a licensee in actual attendance at and completion of an approved continuing education activity.

“Inactive license” means a license that has expired because it was not renewed by the end of the grace period.

“Independent study” means a subject/program/activity that a person pursues autonomously that meets standards for approval criteria in the rules and includes a posttest.

“License” means license to practice.

“Licensee” means any person licensed to practice as a massage therapist in the state of Iowa.

“Presenter” means person(s)/instructor(s) providing continuing education training.

[ARC 8053C, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24]

481—823.2(152C) Continuing education requirements. Each biennium, each person who is licensed to practice as a massage therapist in this state shall be required to complete a minimum of 16 hours of continuing education. A biennium is a two-year period beginning with the date the license was granted.

823.2(1) The biennial continuing education compliance period runs concurrently with each two-year renewal period. The renewal period begins on the date the initial license is granted and ends two years later on the day before the anniversary date of that initial license.

823.2(2) Requirements for new licensees. Those persons licensed for the first time are not required to complete continuing education as a prerequisite for the first renewal of their licenses. Continuing education hours acquired anytime from the initial licensing until the second license renewal period may be used.

823.2(3) Hours of continuing education credit may be obtained by attending and participating in a continuing education activity meeting the requirements of this chapter. These hours must be in accordance with these rules.

823.2(4) Licensees who complete continuing education hours in excess of the requirements for renewal may apply up to 50 percent of the required hours to the following renewal period. Licensees may apply a maximum of eight hours from the previous renewal period. A licensee whose license was reactivated during the current renewal compliance period may use continuing education earned during the compliance period for the first renewal following reactivation.

823.2(5) The cost of continuing education is the responsibility of each licensee.

[ARC 8053C, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24; ARC 9107C, IAB 4/16/25, effective 5/21/25]

481—823.3(152C,272C) Continuing education criteria.

823.3(1) General criteria. A continuing education activity that meets all of the following criteria is appropriate for continuing education credit if the continuing education activity:

- a. Constitutes an organized program of learning that contributes directly to the professional competency of the licensee;
- b. Pertains to subject matters that integrally relate to the practice of the profession;
- c. Is conducted by individuals who have specialized education, training and experience by reason of which said individuals should be considered qualified concerning the subject matter of the program. At the time of audit, the board may request the qualifications of presenters;
- d. Fulfills stated program goals, objectives, or both; and
- e. Provides proof of attendance to licensees in attendance, including:
 - (1) Date, location, course title, presenter(s);
 - (2) Number of program contact hours; and
 - (3) Certificate of completion or evidence of successful completion of the course from the course sponsor.

823.3(2) Specific criteria. A licensee shall obtain a minimum of 16 hours of continuing education credit every two years. A minimum of 8 hours of the 16 hours must be earned by completing a program in which instruction is provided in person or through live, real-time interactive media. Although in-person continuing education instruction is not required, the board strongly encourages all licensees to obtain in-person instruction whenever feasible, especially when learning new techniques. Licensees may obtain continuing education hours of credit by:

- a. Attending workshops, conferences, or symposiums.
- b. Accessing online training, such as viewing interactive conferences, attending webinars, or completing online training courses.
- c. Teaching curriculum at a school of massage therapy or presenting professional continuing education programs that meet the criteria listed in this subrule. One hour of credit will be awarded for each hour of presentation. A course schedule or brochure must be maintained for audit. A maximum of 4 hours may be awarded under this paragraph per biennium.
- d. Completing academic courses that directly relate to the professional competency of the licensee. Official transcripts indicating successful completion of academic courses that apply to the field of massage therapy will be necessary in order for the licensee to receive the following continuing education credits:
 - 1 academic semester hour = 15 continuing education hours of credit
 - 1 academic trimester hour = 12 continuing education hours of credit
 - 1 academic quarter hour = 10 continuing education hours of credit
 - 1 academic clock hour = 1 continuing education hour of credit
- e. Teaching in an approved college, university, or graduate school. The licensee may receive the following continuing education credits:
 - 1 academic semester hour = 15 continuing education hours of credit
 - 1 academic trimester hour = 12 continuing education hours of credit
 - 1 academic quarter hour = 10 continuing education hours of credit
- f. Authoring research the results of which are published in a recognized professional publication. The licensee will receive 5 hours of credit per page.
- g. Taking courses directly beneficial to business practices necessary for operating a massage practice. Content areas include, but are not limited to, business management, financial management, accounting, tax preparation, marketing, human relations, communication skills, business ethics, and massage ethics.
- h. Taking courses related to personal skills topics, such as career burnout, communication skills, human relations, and other like topics.
- i. Completing programs that enhance a supplemental or complementary skill set directly related to promoting the public health while providing massage therapy. Content areas include, but are not limited to, CPR, first aid, contraindication training, sanitation, and geriatric care.
- j. Completing mandatory reporter training pursuant to Iowa Code sections 232.69 and 235B.16. One hour of credit will be awarded for each hour of completed mandatory reporter training.

k. Passing a board-approved national examination administered by the Federation of State Massage Therapy Boards or the National Certification Board for Therapeutic Massage and Bodywork within the biennial continuing education compliance period. A copy of the applicant's official notification may be used by the board as verification.

CHAPTER 824
DISCIPLINE FOR MASSAGE THERAPISTS

[Prior to 6/26/02, see 645—Ch 131]

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 134]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/17/29

481—824.1(152C) Civil penalties.

824.1(1) Civil penalties may be imposed upon a person or business that employs an individual who is not licensed as a massage therapist. Civil penalties may be imposed upon a person or business that employs an individual who uses the initials “L.M.T.” or the words “licensed massage therapist,” “massage therapist,” “masseur,” or “masseuse,” or any other words or titles that imply or represent that the employed person practices massage therapy but who is not licensed as a massage therapist. Failure to follow the above may result in:

- a. A civil penalty not to exceed \$1,000 on a person or business that violates this rule:
 - (1) Each violation is a separate offense.
 - (2) Each day a continued violation occurs after citation by the board is a separate offense with the maximum penalty not to exceed \$10,000;
- b. The board’s inspection of any facility that advertises or offers services purporting to be delivered by massage therapists;
- c. A citation being sent to the alleged violator by certified mail, return receipt requested; and
- d. The board’s consideration of the following in determining civil penalties:
 - (1) Whether the amount imposed will be a substantial economic deterrent to the violation.
 - (2) The circumstances leading to or resulting in the violation.
 - (3) The severity of the violation and the risk of harm to the public.
 - (4) The economic benefits gained by the violator as a result of noncompliance.
 - (5) The welfare or best interest of the public.

824.1(2) Civil penalties may be imposed upon a person who is practicing as a massage therapist without a license. Civil penalties may be imposed upon a person who practices as an individual and uses the initials “L.M.T.” or the words “licensed massage therapist,” “massage therapist,” “masseur,” or “masseuse,” or any other words or titles that imply or represent that the person practices massage therapy but who is not licensed as a massage therapist. A person must be licensed as a massage therapist to practice in this state as a massage therapist. Failure to follow the above may result in:

- a. A civil penalty not to exceed \$1,000 on a person who violates this rule:
 - (1) Each violation is a separate offense.
 - (2) Each day a continued violation occurs after citation by the board is a separate offense with the maximum penalty not to exceed \$10,000;
- b. The board’s inspection of any facility that advertises or offers services purporting to be delivered by massage therapists;
- c. A citation being sent to the alleged violator by certified mail, return receipt requested;
- d. The board’s consideration of the following in determining civil penalties:
 - (1) Whether the amount imposed will be a substantial economic deterrent to the violation.
 - (2) The circumstances leading to or resulting in the violation.
 - (3) The severity of the violation and the risk of harm to the public.
 - (4) The economic benefits gained by the violator as a result of noncompliance.
 - (5) The welfare or best interest of the public.

824.1(3) Issuing an order or citation.

- a. The board shall provide a written notice and the opportunity to request a hearing on the record.
- b. The hearing must be requested within 30 days of the issuance of the notice and shall be conducted according to Iowa Code chapter 17A.
- c. The board may, in connection with a proceeding under this subrule, issue subpoenas to require the attendance and testimony of witnesses and the disclosure of evidence and may request the attorney general to bring an action to enforce the subpoena.

824.1(4) Judicial review.

a. A person aggrieved by the imposition of a civil penalty under this rule may seek a judicial review in accordance with Iowa Code section 17A.19.

b. The board shall notify the attorney general of the failure to pay a civil penalty within 30 days after entry of an order or within 10 days following final judgment in favor of the board if an order has been stayed pending appeal.

c. The attorney general may commence an action to recover the amount of the penalty, including reasonable attorney fees and costs.

d. An action to enforce an order under this rule may be joined with an action for an injunction.

824.1(5) A person is not in violation of the statute or rules if that person practices massage therapy for compensation while in attendance at a school offering a curriculum meeting the requirements of 481—Chapter 822 and is under the supervision of a member of the school's faculty.

BOARD OF CHIROPRACTIC

CHAPTER 841

LICENSURE OF CHIROPRACTIC PHYSICIANS

[Prior to 7/24/02, see 645—40.10(151) to 645—40.13(151), 645—40.15(151) and 645—40.16(151)]

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 41]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/19/29

481—841.1(151) Definitions. The following definitions will be applicable to the rules of the Iowa board of chiropractic:

“*Active license*” means a license that is current and has not expired.

“*Board*” means the Iowa board of chiropractic.

“*Council on Chiropractic Education*” or “*CCE*” means the organization that establishes the Educational Standards of Chiropractic Colleges and Bylaws.

“*Department*” means the Iowa department of inspections, appeals, and licensing.

“*Grace period*” means the 30-day period following expiration of a license when the license is still considered to be active. In order to renew a license during the grace period, a licensee is required to pay a late fee.

“*Inactive license*” means a license that has expired because it was not renewed by the end of the grace period. The category of “inactive license” may include licenses formerly known as lapsed, inactive, delinquent, closed, or retired.

“*License*” means license to practice chiropractic in Iowa.

“*Licensee*” means any person licensed to practice as a chiropractic physician in Iowa.

“*License expiration date*” means June 30 of even-numbered years.

“*Licensure by endorsement*” means the issuance of an Iowa license to practice chiropractic to an applicant who is or has been licensed in another state and meets the criteria for licensure in this state.

“*NBCE*” means the National Board of Chiropractic Examiners.

“*Reactivate*” or “*reactivation*” means the process as outlined in rule 481—841.14(17A,147,272C) by which an inactive license is restored to active status.

“*Reinstatement*” means the process as outlined in rule 481—506.31(272C) by which a licensee who has had a license suspended or revoked or who has voluntarily surrendered a license may apply to have the license reinstated, with or without conditions. Once the license is reinstated, the licensee may apply for active status.

“*SPEC*” means Special Purposes Examination for Chiropractic, which is an examination provided by the NBCE that is designed specifically for utilization by state or foreign licensing agencies.

[ARC 7966C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—841.2(151) Initial licensure.

841.2(1) To apply for a license, the applicant will complete an online application packet and pay the nonrefundable application fee.

a. If licensed in another jurisdiction, the applicant will complete the licensure by endorsement application and submit a license verification document that discloses if disciplinary action was taken in the jurisdiction where the applicant was most recently licensed.

b. A person who is licensed in another jurisdiction and cannot satisfy the requirements of licensure by endorsement may apply for licensure by verification, if eligible, in accordance with rule 481—501.1(272C).

c. An application not completed according to guidelines will not be reviewed by the board.

d. The applicant will request the accredited chiropractic school submit official copies of the applicant’s transcripts to the board office.

e. The applicant will submit an official certificate of completion of 120 hours of physiotherapy that includes a practicum component from a board-approved chiropractic college.

f. The applicant will pass all parts of the NBCE examination as outlined in rule 481—841.3(151).

g. The applicant will submit a copy of the chiropractic diploma.

841.2(2) Licensees who were issued their licenses within six months prior to the renewal date are not required to renew their licenses until the renewal date two years later.

841.2(3) Incomplete applications that have been on file in the board office for more than two years will be:

- a.* Considered invalid and destroyed; or
- b.* Maintained upon written request from the candidate.

841.2(4) A license will be publicly displayed in the licensee's primary place of practice.

841.2(5) Licensees are required to notify the board of chiropractic of changes in residence or place of practice within 30 days after the change of address occurs.

[ARC 7966C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—841.3(151) Examination requirements.

841.3(1) Applicants will submit the application for the NBCE examination and the fee directly to the NBCE.

841.3(2) The following criteria will apply for the NBCE:

- a.* Prior to July 1, 1973, applicants will provide proof of being issued a basic science certificate.
- b.* After July 1, 1973, applicants will provide proof of successful completion of the required examination from the NBCE. The required examination will meet the following criteria:

(1) Examinations completed after July 1, 1973, will be defined as the successful completion of Parts I and II of the NBCE examination.

(2) Examinations completed after August 1, 1976, will be defined as the successful completion of Parts I, II and Physiotherapy of the NBCE examination.

(3) Examinations completed after January 1, 1987, will be defined as the successful completion of Parts I, II, III and Physiotherapy of the NBCE examination.

(4) Examinations completed after January 1, 1996, will be defined as satisfactory completion of Parts I, II, III, IV and Physiotherapy of the NBCE examination.

[ARC 7966C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—841.4(151) Educational qualifications.

841.4(1) An applicant will present an official transcript verifying graduation from a CCE-accredited and board-approved college of chiropractic.

841.4(2) Foreign-trained chiropractic physicians will:

a. Provide an equivalency evaluation of their educational credentials processed by the International Education Research Foundation, Inc. The professional curriculum must be equivalent to that stated in these rules. The candidate will bear the expense of the curriculum evaluation.

b. Provide a copy of the certificate or diploma awarded to the applicant from a chiropractic program in the country in which the applicant was educated.

c. Receive a final determination from the board regarding the application for licensure.

[ARC 7966C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—841.5(151) Temporary certificate.

841.5(1) The board may issue a temporary certificate to practice chiropractic at its discretion if the issuance is in the public interest and the applicant demonstrates a need for the temporary certificate and meets the professional qualifications for licensure.

841.5(2) Demonstrated need. An applicant must submit information explaining the demonstrated need, how the issuance would serve the public interest, the scope of practice requested, and why a temporary certificate should be granted. To meet the demonstrated need requirement, the applicant will show the need meets one of the following conditions:

a. The applicant will provide chiropractic services in connection with a special activity, event or program conducted in this state;

b. The applicant will provide chiropractic services in connection with a state emergency as proclaimed by the governor;

c. The applicant previously held an unrestricted license to practice chiropractic in this state and will provide gratuitous chiropractic services as a voluntary public service; or

d. The applicant will provide chiropractic services in connection with an urgent need.

841.5(3) Qualifications for licensure include the following:

a. Complete an online application packet on the Iowa board of chiropractic website and pay the nonrefundable application fee.

b. If licensed in another jurisdiction, submit a license verification document that discloses if disciplinary action was taken in the jurisdiction where the applicant was most recently licensed.

c. Provide a copy of a chiropractic diploma.

841.5(4) A temporary certificate will be issued for one year to fulfill the demonstrated need as described in subrule 841.5(2).

841.5(5) An applicant or temporary certificate holder who has been denied a temporary certificate may appeal the denial pursuant to rule 481—500.10(17A,147,272C). A temporary certificate holder is subject to discipline for any grounds for which licensee discipline may be imposed.

841.5(6) A temporary certificate holder who meets all licensure conditions as specified in rule 481—841.2(151) may obtain a permanent license in lieu of the temporary certificate. To obtain a permanent license, the applicant will submit any additional documentation required for permanent licensure that was not submitted as a part of the temporary certificate application. The applicant may receive fee credit toward the permanent licensure fee equivalent to the fee paid for the temporary certificate if the application for the permanent license and all required documentation are received by the board prior to the expiration of the temporary certificate.

[ARC 7966C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—841.6(151) License renewal.

841.6(1) The license renewal period for a license to practice begins on July 1 of an even numbered year and ends on June 30 of the next even numbered year.

841.6(2) An individual who was issued a license within six months of the license renewal date will not be required to renew the license until the subsequent renewal two years later.

841.6(3) A licensee applying for renewal will:

a. Meet the continuing education requirements of rule 481—844.2(272C) and the mandatory reporting requirements of subrule 841.8(4). A licensee whose license was reactivated during the current renewal compliance period may use continuing education credit earned during the compliance period for the first renewal following reactivation; and

b. Complete the online renewal application, pay the fee, and attach certificate of completing continuing education hours on the Iowa board of chiropractic website before the expiration date.

841.6(4) Mandatory reporter training requirements.

a. A licensee who examines, attends, counsels, or treats children, dependent adults or both in the scope of the licensee's professional practice will complete the applicable department of health and human services training for identifying and reporting child abuse, dependent adult abuse or both. A licensee will maintain written documentation of training completion for three years. The training is not required if the licensee is engaged in active duty military service or holds a waiver from the board demonstrating a hardship in complying with these training requirements.

b. The board may select licensees for audit of compliance with the requirements in paragraph 841.8(4) "a."

841.6(5) A two-year license will be issued after the requirements of rule are met. If the board receives adverse information on the renewal application, the board may refer the adverse information for further consideration or disciplinary investigation.

841.6(6) Late renewal. The licensee is responsible for renewing the license prior to expiration every two years. The licensee will complete the renewal requirements and pay the late fee within the 30-day grace period.

841.6(7) Inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice until the license is reactivated.

[ARC 7966C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—841.7(17A,147,272C) Requirements for reactivation. To apply for reactivation, a licensee will:

841.7(1) Complete an online reactivation application on the Iowa board of chiropractic website and pay the nonrefundable reactivation fee.

841.7(2) Provide verification of current competence to practice as a chiropractic physician by satisfying one of the following criteria:

a. If the license has been on inactive status for five years or less, an applicant must provide the following:

(1) Verification. If licensed in another jurisdiction, submit a license verification document that discloses if disciplinary action was taken in the jurisdiction where the applicant was most recently licensed.

(2) Proof. Submit proof of completing 40 hours of continuing education within two years of application.

b. If the license has been on inactive status for more than five years, an applicant must:

(1) Send verification. Submit a license verification document that discloses if disciplinary action was taken against the applicant from every jurisdiction in which the applicant has been licensed.

(2) Submit proof of completing 40 hours of continuing education within two years of application.

(3) Send verification of passing the SPEC if the applicant does not have a current license and has not had an active license in the United States during three of the past five years.

[ARC 7966C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—841.8(17A,147,272C) License reinstatement. A licensee whose license has been revoked, suspended, or voluntarily surrendered must apply for and receive board-approved reinstatement of the license and must apply for and be granted reactivation prior to practicing in the state.

[ARC 7966C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code chapters 17A, 147, 151 and 272C.

CHAPTER 842
COLLEGES FOR CHIROPRACTIC PHYSICIANS

[Prior to 7/24/02, see 645—40.9(151)]
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 42]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/19/29

481—842.1(151) Definitions. For the purposes of these rules, the following definitions will apply:

“Chiropractic intern” means a chiropractic student of an approved college of chiropractic in the student’s last academic quarter, semester, or trimester of study, who is eligible for graduation from the college of chiropractic and is eligible to complete a preceptorship program, as authorized by these rules.

“Chiropractic preceptor” means a chiropractic physician licensed and practicing in Iowa pursuant to Iowa Code chapter 151, who accepts a chiropractic intern or resident into the practice for the purpose of providing the chiropractic student with a clinical experience of the practice of chiropractic, and who meets the requirements of these rules.

“Chiropractic resident” means a graduate chiropractic physician who has received a doctor of chiropractic degree from a college of chiropractic approved by the board, and who is not licensed in any state, but who is practicing under a chiropractic preceptorship authorized under these rules.

“Chiropractic student” means a student of an approved college of chiropractic.

“Council on Chiropractic Education” or *“CCE”* means the organization that establishes the Educational Standards of Chiropractic Colleges and Bylaws. A copy of the standards may be requested from CCE.

“Preceptorship practice” means the chiropractic practice of a single chiropractic physician or group of chiropractic physicians in a particular business or clinic, into which a licensed practicing chiropractic physician has accepted a chiropractic intern or chiropractic resident for the limited purpose of providing the intern or resident with a clinical experience in the practice of chiropractic.

“60-minute hour” means at least 50 minutes of resident attendance with no more than 10 minutes for note taking and breaks.

[ARC 7967C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—842.2(151) Board-approved chiropractic colleges. Approval of a chiropractic college may be granted if the program submits proof to the board of chiropractic that the chiropractic program meets the following requirements:

842.2(1) The chiropractic college is fully accredited by the Commission on Accreditation of the Council on Chiropractic Education (CACCE), as recognized by the U.S. Department of Education.

842.2(2) The core curriculum meets the requirements of the CACCE standards and, in addition:

a. Covers a period of four academic years totaling not less than 4,000 60-minute hours in actual resident attendance;

b. Comprises a supervised course of study, including clinical practical instruction, in all of the subjects specified in Iowa Code section 151.1(3); and

c. Includes a minimum of 120 hours of physiotherapy coursework with a clinical practical component on the procedures covered in the course.

842.2(3) The chiropractic college publishes in a regularly issued catalog the requirements for graduation and degrees that are required by the Iowa board of chiropractic.

842.2(4) Transcripts include entries for all completed coursework.

[ARC 7967C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—842.3(151) Practice by chiropractic interns and chiropractic residents. A student enrolled in a board-approved chiropractic preceptorship program in the state of Iowa may treat patients without obtaining an Iowa license, provided the requirements of these rules are met.

[ARC 7967C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—842.4(151) Approved chiropractic preceptorship program. The board will approve a chiropractic college’s preceptorship program if the program meets the following requirements:

842.4(1) The preceptorship program meets current CCE standards for consumer protection.

842.4(2) The preceptorship program is an established component of the curriculum offered by a board-approved chiropractic college.

842.4(3) Chiropractic interns who participate in the preceptorship program have met all requirements for graduation from the chiropractic college except for completion of the preceptorship period.

842.4(4) Chiropractic residents who participate in the postgraduate preceptorship program have graduated from a chiropractic college approved by the board.

842.4(5) All chiropractic physicians who serve as preceptors will be approved under rule 481—842.5(151).

842.4(6) The chiropractic college retains ultimate responsibility for student learning and evaluations during the preceptorship.

842.4(7) The chiropractic preceptor will supervise no more than one chiropractic intern or one chiropractic resident for the duration of a given preceptorship period.

If a preceptor agreement must be canceled for any reason, it is the responsibility of the chiropractic college to assign the intern or resident to another preceptor and notify the Iowa board of chiropractic of the preceptorship cancellation. The notice shall include reasons for cancellation of the preceptorship.

[ARC 7967C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—842.5(151) Approved chiropractic physician preceptors.

842.5(1) A chiropractic physician will be approved to be a chiropractic physician preceptor if the following criteria are met:

a. The chiropractic physician holds a current Iowa chiropractic license and has continuously held licensure in the United States for the previous five years prior to preceptorship;

b. The chiropractic physician is currently fully credentialed by the sponsoring chiropractic college and approved by the board; and

c. The chiropractic physician has not had any formal disciplinary action.

842.5(2) The role of the chiropractic physician preceptor will include:

a. Responsibility for supervising the practice of the chiropractic intern or chiropractic resident who is accepted into a preceptorship practice.

b. Identifying the chiropractic intern or chiropractic resident to the patients of the preceptorship practice to ensure that no patient will misconstrue the status of the intern or resident. The intern or resident will wear a badge identifying that person as an intern or resident at all times in the presence of preceptorship patients.

c. Exercising direct, on-premises supervision of the chiropractic intern or chiropractic resident at all times that the intern or resident is engaged in any facet of patient care in the chiropractic physician preceptor's clinic.

d. Directing the chiropractic intern or chiropractic resident only in treatment care that is within the educational background and experience of the preceptor.

e. Notifying the preceptorship program within 30 days of either of the following actions:

(1) If the preceptor has any formal disciplinary action taken by any licensing entity; or

(2) If the preceptor is a party to any malpractice settlement or judgment.

[ARC 7967C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—842.6(151) Termination of preceptorship. A preceptorship may terminate upon the occurrence of one of the following events:

842.6(1) Interns. The intern graduates from a board-approved college of chiropractic.

842.6(2) Residents. Twelve months have passed since the resident graduated from a board-approved college of chiropractic.

842.6(3) Formal disciplinary action is taken against the preceptor or the preceptor is a party to a final malpractice judgment or settlement agreement.

[ARC 7967C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code chapter 151.

[Filed 7/3/02, Notice 5/1/02—published 7/24/02, effective 8/28/02]

CHAPTER 843
PRACTICE OF CHIROPRACTIC PHYSICIANS

[Prior to 7/24/02, see 645—40.1(151) and 645—40.17(151) to 645—40.24(147,272C)]

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 43]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/19/29

481—843.1(151) Definitions. The following definitions will be applicable to the rules of the Iowa board of chiropractic.

“Active chiropractic physiotherapy” means therapeutic treatment performed by the patient, including but not limited to exercises and functional activities that promote strength, endurance, flexibility, and coordination.

“Acupuncture” means the same as defined in Iowa Code section 148E.1.

“Adjustment/manipulation of neuromusculoskeletal structures” means the use by a doctor of chiropractic of a skillful treatment based upon differential diagnosis of neuromusculoskeletal structures and procedures related thereto by the use of passive movements with the chiropractic physician’s hands or instruments in a manipulation of a joint by thrust so the patient’s volitional resistance cannot prevent the motion. The manipulation is directed toward the goal of restoring joints to their proper physiological relationship of motion and related function, or stimulation of joint receptors. Movement of the joint is by force beyond its active limit of motion, but within physiologic integrity. Adjustment or manipulation commences where mobilization ends and specifically begins when the elastic barrier of resistance is encountered by the doctor of chiropractic and ends at the limit of anatomical integrity. Adjustment or manipulation as described in this definition is directed to the goal of the restoration of joints to their proper physiological relationship and associated functions of motion and related function, release of adhesions or stimulation of joint receptors. Adjustment or manipulation as described in this definition is by hand or instrument. The primary emphasis of this adjustment or manipulation is upon specific joint element adjustment or manipulation and treatment of the articulation and adjacent tissues of the neuromusculoskeletal structures of the body and nervous system, using one or more of the following:

1. Impulse adjusting or the use of sudden, high velocity, short amplitude thrust of a nature that patient volitional resistance is overcome, commencing where the motion encounters the elastic barrier of resistance and ending at the limit of anatomical integrity.
2. Instrument adjusting, utilizing instruments specifically designed to deliver sudden, high velocity, short amplitude thrust.
3. Light force adjusting, utilizing sustained joint traction or applied directional pressure, or both, that may be combined with passive motion to restore joint mobility.
4. Long distance lever adjusting, utilizing forces delivered at some distance from the dysfunctional site and aimed at transmission through connected structures to accomplish joint mobility.

“Anatomic barrier” means the limit of motion imposed by anatomic structure, the limit of passive motion.

“CCCA” means the Certified Chiropractic Clinical Assistant program offered by the FCLB.

“Certified chiropractic assistant” means a person who has completed a certified chiropractic assistant training program to perform selected chiropractic health care services under the supervision of a chiropractic physician.

“Chiropractic insurance consultant” means an Iowa-licensed chiropractic physician registered with the board who serves as a liaison and advisor to an insurance company.

“Chiropractic manipulation” means care of an articular dysfunction or neuromusculoskeletal disorder by manual or mechanical adjustment of any skeletal articulation and contiguous articulations.

“Differential diagnosis” means to examine the body systems and structures of a human subject to determine the source, nature, kind or extent of a disease, vertebral subluxation, neuromusculoskeletal disorder or other physical condition, and to make a determination of the source, nature, kind, or extent of a disease or other physical condition.

“Elastic barrier” means the range between the physiologic and anatomic barrier of motion in which passive ligamentous stretching occurs before tissue disruption.

“Extremity manipulation” means a corrective thrust or maneuver by a doctor of chiropractic by hand or instrument based upon differential diagnosis of neuromusculoskeletal structures applied to a joint of the appendicular skeleton.

“FCLB” means the Federal Chiropractic Licensing Board.

“Malpractice” means any error or omission, unreasonable lack of skill, or failure to maintain a reasonable standard of care by a chiropractic physician in the practice of the profession.

“Mobilization” means movement applied singularly or repetitively within or at the physiological range of joint motion, without imparting a thrust or impulse, with the goal of restoring joint mobility.

“PACE” means Providers of Approved Continuing Education and is the signature program of the FCLB.

“Passive chiropractic physiotherapy” means therapeutic treatment administered and received by the patient, including but not limited to mechanical, electrical, thermal, or manual methods.

“Physiologic barrier” means the limit of active motion, which can be altered to increase range of active motion by warm-up activity.

“Practice of acupuncture” means the same as defined in Iowa Code section 148E.1.

“Supervising chiropractic physician” means the Iowa-licensed chiropractor responsible for supervision of services provided to a patient by a certified chiropractic assistant.

“Supervision” means the physical presence and direction of the supervising chiropractic physician at the location where services are rendered.

[ARC 7968C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—843.2(147,272C) Principles of chiropractic ethics. The following principles of chiropractic ethics are adopted by the board for the practice of chiropractic in this state.

843.2(1) These principles are intended to aid chiropractic physicians individually and collectively in maintaining a high level of ethical conduct. These are standards by which a chiropractic physician may determine the propriety of the chiropractic physician’s conduct in the chiropractic physician’s relationship with patients, with colleagues, with members of allied professions, and with the public.

843.2(2) The principal objective of the chiropractic profession is to render service to humanity with full respect for the dignity of the person. Chiropractic physicians should merit the confidence of patients entrusted to their care, rendering to each a full measure of service and devotion.

843.2(3) Chiropractic physicians should strive continually to improve chiropractic knowledge and skill, and should make available to their patients and colleagues the benefits of their professional attainments.

843.2(4) A chiropractic physician should practice a method of healing founded on a scientific basis, and should not voluntarily associate professionally with anyone who violates this principle.

843.2(5) The chiropractic profession should safeguard the public and itself against chiropractic physicians deficient in moral character or professional competence. Chiropractic physicians should observe all laws, uphold the dignity and honor of the profession and accept its self-imposed disciplines. They should expose, without hesitation, illegal or unethical conduct of fellow members of the profession.

843.2(6) A chiropractic physician may choose whom to serve. In an emergency, however, services should be rendered to the best of the chiropractic physician’s ability. Having undertaken the case of a patient, the chiropractic physician may not neglect the patient; and, unless the patient has been discharged, the chiropractic physician may discontinue services only after giving adequate notice.

843.2(7) A chiropractic physician should not dispose of services under terms or conditions that tend to interfere with or impair the free and complete exercise of professional judgment and skill or tend to cause a deterioration of the quality of chiropractic care.

843.2(8) A chiropractic physician should seek consultation upon request, in doubtful or difficult cases, or whenever it appears that the quality of chiropractic service may be enhanced thereby.

843.2(9) A chiropractic physician may not reveal the confidences entrusted in the course of chiropractic attendance, or the deficiencies observed in the character of patients, unless required to do so by law or unless it becomes necessary in order to protect the welfare of the individual or of the community.

843.2(10) The honored ideals of the chiropractic profession imply that the responsibilities of the chiropractic physician extend not only to the individual, but also to society where these responsibilities

deserve interest and participation in activities that have the purpose of improving both the health and well-being of the individual and the community.

[ARC 7968C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—843.3 Reserved.

481—843.4(151) Chiropractic insurance consultant.

843.4(1) A chiropractic insurance consultant advises insurance companies, third-party administrators and other similar entities of Iowa standards of:

a. Recognized and accepted chiropractic services and procedures permitted by the Iowa Code and administrative rules, and

b. The propriety of chiropractic diagnosis and care.

843.4(2) All licensees who review chiropractic records for the purposes of determining the adequacy or sufficiency of chiropractic treatments, or the clinical indication for those treatments, will indicate on their licensure renewals that they are engaged in those activities and the location where those activities are performed.

843.4(3) Licensed chiropractic physicians will not hold themselves out as chiropractic insurance consultants unless they meet the following requirements:

a. Hold a current license in Iowa.

b. Have practiced chiropractic in the state of Iowa during the immediately preceding five years.

c. Are actively involved in a chiropractic practice during the term of appointment as a chiropractic insurance consultant. Active practice includes but is not limited to maintaining an office location and providing clinical care to patients.

[ARC 7968C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—843.5(151) Acupuncture. A chiropractic physician who engages in the practice of acupuncture will maintain documentation that shows the chiropractic physician has successfully completed a course in acupuncture consisting of at least 100 hours of traditional, in-person classroom instruction with the instructor on site. The licensee will maintain a transcript or certification of completion showing the licensee's name, school or course sponsor's name, date of course completion or graduation, grade or other evidence of successful completion, and number of course hours. The licensee will provide the transcript or certification of completion to the board upon request.

[ARC 7968C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—843.6(151) Adjunctive procedures.

843.6(1) Adjunctive procedures are defined as procedures related to differential diagnosis.

843.6(2) For any applicant for licensure to practice chiropractic in the state of Iowa who chooses to be tested in limited adjunctive procedures, those limited procedures must be adequate for the applicant to come to a differential diagnosis in order to pass the examination.

843.6(3) Applicants for licenses to practice chiropractic who refuse to utilize any of the adjunctive procedures that they have been taught in approved colleges of chiropractic must adequately show the board that they can come to an adequate differential diagnosis without the use of adjunctive procedures.

[ARC 7968C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—843.7(151) Physical examination. The chiropractic physician is to perform physical examinations to determine human ailments, or the absence thereof, utilizing principles taught by chiropractic colleges. Physical examination procedures will not include prescription drugs or operative surgery.

[ARC 7968C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—843.8(151) Recordkeeping.

843.8(1) Chiropractic physicians will maintain clinical records in a manner consistent with the protection of the welfare of the patient. Records will be timely, dated, chronological, accurate, signed or initialed, legible, and easily understandable. Recordkeeping rules apply to all patient records whether

handwritten, typed or maintained electronically. Electronic signatures are acceptable when the record has been reviewed by the physician whose signature appears on the record.

843.8(2) Chiropractic physicians will maintain clinical records for each patient, which include all of the following:

a. Personal data.

- (1) Name;
- (2) Date of birth;
- (3) Address; and
- (4) Name of parent or guardian if a patient is a minor.

b. Health history. Records will include information from the patient or the patient's parent or guardian regarding the patient's health history.

c. Patient's reason for visit. When a patient presents with a chief complaint, clinical records will include the patient's stated health concerns.

d. Clinical examination progress notes. Records will include chronological dates and descriptions of the following:

(1) Clinical examination findings, tests conducted, a summary of all pertinent diagnoses, and updated health assessments;

(2) Plan of intended treatment, including description of treatment, frequency and duration;

(3) Services rendered and any treatment complications;

(4) All testing ordered or performed;

(5) Diagnostic imaging report if imaging procedure is ordered or performed;

(6) Sufficient data to support the recommended treatment plan.

e. Clinical record. Each page of the clinical record will include the patient's name, the date information was recorded and the doctor's name or facility's name.

843.8(3) Retention of records. A chiropractic physician will maintain a patient's record(s) for a minimum of six years after the date of last examination or treatment. Records for minors will be maintained for one year after the patient reaches the age of majority (18) or six years after the date of last examination or treatment, whichever is longer. Proper safeguards will be maintained to ensure the safety of records from destructive elements. This provision includes both clinical and fiscal records.

843.8(4) Electronic recordkeeping. When electronic records, which include both electronically created records and scanned paper records, are utilized, a chiropractic physician will maintain either a duplicate hard-copy record or a backup electronic record.

843.8(5) Correction of written records. Notations will be legible, written in ink, and contain no erasures or whiteouts. If incorrect information is placed in the record, it must be crossed out with a single nondeleting line. Entries recorded at a time other than the date of the patient encounter must include the date of the entry and the initials of the author.

843.8(6) Correction of electronic records. Any alterations made after the date of service will be visibly recorded. All alterations will include a notation setting forth the date of alteration and identification of the author. Entries recorded at a time other than the date of the patient encounter must include the date of the entry and the initials of the author.

843.8(7) Abbreviations will be standard and common to all health care disciplines. Nonstandard abbreviations will be referenced with a key that is included in the record when the record is requested.

843.8(8) Confidentiality and transfer of records. Chiropractic physicians will preserve the confidentiality of patient records. Upon signed request of the patient, the chiropractic physician will furnish such records or copies of the records as directed by the patient within 30 days. A notation indicating the items transferred, date of transfer and method of transfer will be maintained in the patient record. The chiropractic physician may charge a reasonable fee for duplication of records but may not refuse to transfer records for nonpayment of any fees. A written request may be required before the transfer of the record(s), including, for example, compliance with HIPAA regulations. In certain instances, a summary of the record may be more beneficial for the future treatment of the patient; however, if a third party requests copies of the original documentation, that request must be honored.

843.8(9) Retirement or discontinuance of practice. A licensee, upon retirement, discontinuation of the practice of chiropractic, leaving a practice, or moving from a community, will:

a. Notify all active patients, in writing one month prior to discontinuation of practice. The notification will include the following information:

(1) That the licensee intends to discontinue the practice of chiropractic in the community and that patients are encouraged to seek the services of another licensee; and

(2) How patients can obtain their records, including the name and contact information of the records custodian.

b. Make reasonable arrangements with active patients for the transfer of patient records, or copies of those records, to the succeeding licensee.

For the purposes of this subrule, “active patient” means a person whom the licensee has examined, treated, cared for, or otherwise consulted with during the one-year period prior to retirement, discontinuation of the practice of chiropractic, leaving a practice, or moving from a community.

843.8(10) Recordkeeping procedures and standards will be utilized for all individuals who receive treatment from a chiropractic physician in all sites where care is provided.

843.8(11) A chiropractic physician who offers a prepayment plan for chiropractic services will:

a. Have a written prepayment policy statement that is maintained in the office and available to patients upon request. The policy statement, at a minimum, will include provisions that:

(1) Prepaid funds will not be expended until services are provided; and

(2) The patient will receive a prompt refund of any unused funds upon request. The refund will be calculated based on a defined method, which will be clearly set forth in the written prepayment policy statement.

b. Require the patient to sign and date a prepayment document that incorporates the conditions and descriptions of the written prepayment policy statement.

c. Maintain the signed and dated written prepayment policy statement in the patient’s record.

[ARC 7968C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—843.9(151) Billing procedures.

843.9(1) Chiropractic physicians will maintain accurate billing records for each patient. Records may be stored on paper or electronically. The records will contain all of the following:

a. Name, date of birth and address.

b. Diagnosis indicated with description or ICD code.

c. Services provided with description or CPT code.

d. Dates of services provided.

e. Charges for each service provided.

f. Payments made for each service and indication of the party providing payment.

g. Dates payments are made.

h. Balance due for any outstanding charges.

843.9(2) Chiropractic physicians will preserve the confidentiality of billing records.

843.9(3) Upon signed request of the patient, the chiropractic physician will furnish billing records or copies of the records as directed by the patient within 30 days. The chiropractic physician may charge a reasonable fee for duplication of records, but may not refuse to transfer records for nonpayment of any outstanding balance.

843.9(4) Each chiropractic physician is responsible for the accuracy and validity of billings submitted under the chiropractic physician’s name.

843.9(5) Chiropractic physicians:

a. Who are owners, operators, members, partners, shareholders, officers, directors, or managers of a chiropractic clinic will be responsible for the policies, procedures and billings generated by the clinic.

b. Who provide clinical services are required to familiarize themselves with the clinic’s billing practices to ensure that the services rendered are accurately reflected in the billings generated. In the event an error occurs that results in an overbilling, the licensee must promptly make reimbursement of the overbilling whether or not the licensee is in any way compensated for such reimbursement by an employer, agent or any other individual or business entity responsible for such error.

843.9(6) A chiropractic physician has a right to review and correct all billings submitted under the chiropractic physician's name or identifying number(s). Signature stamps or electronically generated signatures will be utilized only with the authorization of the chiropractic physician whose name or signature is designated. Such authorization may be revoked at any time in writing by the chiropractic physician.

843.9(7) Chiropractic physicians will not knowingly:

- a. Increase charges when a patient utilizes a third-party payment program.
- b. Report incorrect dates or types of service on any billing documents.
- c. Submit charges for services not rendered.
- d. Submit charges for services rendered that are not documented in a patient's record.
- e. Bill patients or make claims under a third-party payer contract for chiropractic services that have not been performed.
- f. Bill patients or make claims under a third-party payer contract in a manner that misrepresents the nature of the chiropractic services that have been performed.

843.9(8) For cases not involving third-party payers, nothing in this rule will prevent a chiropractic physician from providing a fee reduction for reasonable time of service or substantiated hardship cases. The chiropractic physician will document time of service or hardship case fee reduction provisions in the patient record.

843.9(9) The chiropractic physician will not enter into an agreement to waive, abrogate, or rebate the deductible or copayment amounts of any third-party payer contract by forgiving any or all of any patient's obligation for payment thereunder, except in substantiated hardship cases, unless the third-party payer is notified in writing of the fact of such waiver, abrogation, rebate, or forgiveness in accordance with the third-party payer contract. The chiropractic physician will document any hardship case fee reduction provisions in the patient record.

[ARC 7968C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—843.10(151) Certified chiropractic assistants.

843.10(1) *Supervisory responsibilities of the chiropractic physician.*

a. The supervising chiropractic physician will ensure at all times that the certified chiropractic assistant has the necessary training and skills as required by these rules to competently perform the delegated services.

b. The supervising chiropractic physician may delegate services to a certified chiropractic assistant that are within the scope of practice of the chiropractic physician in a manner consistent with these rules. Violation of these rules will be grounds for discipline under 481—Chapter 845.

c. A chiropractic physician will not delegate to the certified chiropractic assistant the following:

- (1) Services outside the chiropractic physician's scope of practice;
- (2) Initiation, alteration, or termination of chiropractic treatment programs;
- (3) Chiropractic manipulation and adjustments;
- (4) Diagnosis of a condition.

d. A supervising chiropractic physician will ensure that a certified chiropractic assistant is informed of the supervisor and certified chiropractic assistant relationship and is responsible for all services performed by the certified chiropractic assistant.

843.10(2) *Education requirements for certified chiropractic assistants.*

a. The supervising chiropractic physician will ensure that a certified chiropractic assistant has completed a professional certification program. A certified chiropractic assistant training program will include training and instruction on the use of chiropractic physiotherapy procedures related to services to be provided by the certified chiropractic assistant. Any certified chiropractic assistant training program will be provided by an approved CCE-accredited chiropractic college, FCLB, PACE, CCCA, or a chiropractic state association.

b. Certified chiropractic assistants performing active chiropractic physiotherapy procedures are required to complete 12 hours of instruction, of which 6 hours will be clinical experience under the supervision of the chiropractic physician.

c. Certified chiropractic assistants performing passive chiropractic physiotherapy procedures are required to complete 12 hours of instruction, of which 6 hours will be clinical experience under the supervision of the chiropractic physician.

d. If both paragraphs “b” and “c” of this subrule apply, then 12 hours of instruction for active chiropractic physiotherapy procedures and 12 hours of instruction for passive chiropractic physiotherapy procedures will be required for a total of 24 hours of instruction.

e. The supervising chiropractic physician will provide a written attestation to the chiropractic college that the certified chiropractic assistant has completed the clinical experience. The college will issue a separate certificate of completion for the active or passive chiropractic training program as defined in paragraphs “b,” “c,” and “d” of this subrule.

f. The chiropractic physician will maintain in the chiropractic physician’s primary place of business proof of the certified chiropractic assistant’s completion of the training program. Copies of such documents will be provided to the board upon request.

CHAPTER 844
CONTINUING EDUCATION FOR CHIROPRACTIC PHYSICIANS

[Prior to 7/24/02, see 645—Ch 43]
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 44]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/19/29

481—844.1(151) Definitions. For the purpose of these rules, the following definitions will apply:

“*Active license*” means a license that is current and has not expired.

“*Audit*” means the selection of licensees for verification of satisfactory completion of continuing education requirements during a specified time period.

“*Board*” means the Iowa board of chiropractic.

“*Clinical case management*” means coursework pertaining to diagnosis, treatment, and appropriate referral or coordination of care.

“*Continuing education*” means planned, organized learning acts meeting the standards set forth in these rules, acquired during licensure, and designed to maintain, improve, or expand a licensee’s knowledge and skills in order for the licensee to develop new knowledge and skills relevant to the enhancement of chiropractic practice, education, or theory development to improve the safety and welfare of the public.

“*Hour of continuing education*” means at least 50 minutes spent by a licensee in actual attendance at and completion of an approved continuing education activity.

“*Inactive license*” means a license that has expired because it was not renewed by the end of the grace period. The category of “inactive license” may include licenses formerly known as lapsed, inactive, delinquent, closed, or retired.

“*Independent study*” means a subject/program/activity that a person pursues autonomously that meets standards for approval criteria in the rules and includes a posttest and certificate of completion.

“*License*” means license to practice chiropractic in Iowa.

“*Licensee*” means any person licensed to practice as a chiropractic physician in Iowa.

[ARC 7969C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—844.2(272C) Continuing education requirements.

844.2(1) The biennial continuing education compliance period extends for a two-year period beginning on July 1 of each even-numbered year and ending on June 30 of each even-numbered year two years later.

844.2(2) Requirements of new licensees. Continuing education is not required in the first renewal period with the exception of two hours in the content areas of 481—Chapters 841 through 846 and Iowa Code chapter 151. Continuing education hours acquired any time from the initial licensing until the second license renewal, with the exception of two hours in the content areas of 481—Chapters 841 through 846 and Iowa Code chapter 151, may be used after the first renewal period. The new licensee will be required to complete a minimum of 40 hours of continuing education per biennium for each subsequent license renewal.

844.2(3) Hours of continuing education credit will be obtained by attending and participating in a continuing education activity as stipulated in rule.

844.2(4) Up to 50 percent of continuing education hours can be carried over into the next biennium if there was an amount of continuing education completed during the prior period that exceeded the minimum requirement. A licensee whose license is reactivated during the current renewal compliance period may use continuing education earned during the compliance period for the first renewal following reactivation. The continuing education required in subparagraphs 844.3(2) “a”(2), “a”(4), and “a”(5) must be completed each biennium and cannot be carried over.

844.2(5) It is the responsibility of each licensee to finance the cost of continuing education.

[ARC 7969C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24; ARC 9218C, IAB 5/14/25, effective 6/18/25]

481—844.3(151,272C) Standards.

844.3(1) *General criteria.* A continuing education activity must meet the following criteria:

- a. Constitute an organized program of learning that contributes directly to the professional competency of the licensee;
- b. Pertain to subject matters that integrally relate to the practice of the profession;
- c. Be conducted by individuals who have specialized education, training and experience concerning the subject matter of the program. At the time of audit, the board may request the qualifications of presenters;
- d. Fulfill stated program goals, objectives, or both; and
- e. Provide proof of attendance to licensees in attendance including:
 - (1) Date(s), location, course title, presenter(s);
 - (2) Number of program clock hours; and
 - (3) Certificate of completion or evidence of successful completion of the course provided by the course sponsor.

844.3(2) *Specific criteria.*

- a. Continuing education hours of credit will be obtained by completing:
 - (1) At least 36 hours of continuing education credit obtained from a program that directly relates to clinical case management of chiropractic patients. At least 20 of these hours will be earned by completing a program in which an instructor conducts the class by employing a traditional in-person, classroom-type presentation and the licensee is in attendance in the same room as that instructor. The remaining 16 hours of continuing education credit relating to clinical case management of chiropractic patients may be obtained by independent study, including any online instruction, that complies with conditions specified in subrule 844.3(1).
 - (2) A minimum of two hours per biennium in professional boundaries regarding ethical issues related to professional conduct that may include but are not limited to sexual harassment, sensitivity training and ethics.
 - (3) A minimum of 12 hours per biennium of continuing education in the field of acupuncture is required for licensees certified in acupuncture and may be used toward clinical case management if the chiropractic physician is actively engaged in the practice of acupuncture. Chiropractic physicians not engaged in the active practice of acupuncture may take continuing education hours in the field of acupuncture for continuing education credit.
 - (4) Classes on child abuse and dependent adult abuse that meet the criteria in 481—subrules 841.8(4) and 844.3(1).
 - (5) Two hours of continuing education credit is required in the first biennial renewal period and one hour every biennial renewal period after that in the content areas of the administrative rules related to chiropractic physicians in Iowa, found at 481—Chapters 841 through 846 and the statutory provisions specific to the practice of chiropractic in Iowa Code chapter 151.
- b. Continuing education hours of credit may be obtained by:
 - (1) Teaching at a Council on Chiropractic Education (CCE)-approved program or board of chiropractic-approved institution. A maximum of 15 hours per biennium may be obtained for each course taught.
 - (2) Completing electronically transmitted programs/activities or independent study programs/activities that have a certificate of completion.
 - (3) Presenting a continuing education program once per biennium for the initial presentation of the program.
 - (4) Completing a program provided by a CCE-accredited chiropractic college in the United States, the Iowa Chiropractic Society, American Chiropractic Association or International Chiropractors Association.
 - (5) Completing continuing education courses/programs that are certified by the Providers of Approved Continuing Education (PACE) through the Federation of Chiropractic Licensing Boards (FCLB).
 - (6) Proctoring at the NBCE examination. Fifteen hours of continuing education hours per NBCE examination event may be claimed up to a maximum of 30 hours of continuing education credit per biennium. The proctoring hours may apply toward the clinical requirement.
- c. Continuing education may not be obtained by completing or teaching classes in basic anatomy and physiology or undergraduate level coursework.

844.3(3) *Specific criteria for presenters.* All instructors/presenters of a continuing education activity must include, as part of the continuing education activity, verbal and written statements to the participants regarding any affiliations or employment relationships with any entity promoting, developing or marketing products, services, procedures or treatment methods.

CHAPTER 845
DISCIPLINE FOR CHIROPRACTIC PHYSICIANS

[Prior to 7/24/02, see 645—Ch 44]

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 45]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/19/29

481—845.1(151,272C) Grounds for discipline. The board may impose any of the disciplinary sanctions provided in rule 481—504.3(272C) when the board determines that the licensee is guilty of any of the following acts or offenses or those listed in 481—Chapter 504:

845.1(1) Knowingly making misleading, deceptive, untrue or fraudulent representations in the practice of the profession or engaging in unethical conduct or practice harmful or detrimental to the public. This includes representations utilizing the term “physical therapy” when informing the public of the services offered by the chiropractic physician unless a licensed physical therapist is performing such services. Nothing herein will be construed as prohibiting a chiropractic physician from making representations regarding physiotherapy that may be the same as, or similar to, physical therapy or physical medicine as long as treatment is appropriate as authorized in Iowa Code chapter 151. Proof of actual injury need not be established.

845.1(2) Use of untruthful or improbable statements in advertisements and marketing. Use of untruthful or improbable statements in advertisements includes but is not limited to an action by a licensee in making information or intention known to the public that is false, deceptive, misleading or promoted through fraud or misrepresentation, or representations that are likely to cause the average person to misunderstand. The term “advertisements” includes oral, written, electronic, and other types of communication disseminated by or at the direction of a licensee for the purpose of encouraging or soliciting the use of the licensee’s services.

845.1(3) Violate the provisions of direct health care agreements pursuant to Iowa Code section 135N.1.

845.1(4) Failure to maintain a patient’s record(s) for a minimum of six years after the date of last examination or treatment. Records for minors shall be maintained for one year after the patient reaches the age of majority (18) or six years after the date of last examination or treatment, whichever is longer. Proper safeguards shall be maintained to ensure the safety of records from destructive elements. This provision includes both clinical and fiscal records.

This rule is intended to implement Iowa Code chapters 147, 151, and 272C.

BOARD OF ATHLETIC TRAINING

CHAPTER 861

LICENSURE OF ATHLETIC TRAINERS

[Prior to 4/17/02, see rules 645—350.6(147,152D) to 645—350.10(147,152D)]

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 351]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/5/29

481—861.1(152D) Definitions. In addition to the definitions included in Iowa Code section 152D.1, the following definitions shall apply:

“Active license” means a license that is current and has not expired.

“Board” means the board of athletic training created under Iowa Code chapter 147.

“BOC” means the Board of Certification or its successor organization.

“Directing physician” means a physician who supervises the athletic training services provided by a licensed athletic trainer.

“Direction” means that a physician directs the performance of a licensed athletic trainer in the development, implementation, and evaluation of an athletic training service plan as set out in rule 481—861.6(152D). Direction shall not be construed as requiring the personal presence of that physician at each activity of the licensed athletic trainer. It is the responsibility of the licensed athletic trainer to ensure that the practice of athletic training is carried out only under the direction of a licensed physician.

“Endorsement” means the issuance of an Iowa license to practice athletic training to an applicant who is currently licensed in another state that has the same or similar qualifications to those required in Iowa.

“Grace period” means the 30-day period following expiration of a license when the license is still considered to be active. In order to renew a license during the grace period, a licensee is required to pay a late fee.

“Licensee” means any person licensed to practice as an athletic trainer in the state of Iowa.

“License expiration date” means February 28 of each odd-numbered year.

“Mandatory reporter training” means the training on identifying and reporting child abuse or dependent adult abuse as required in Iowa Code sections 323.69 and 235B.16.

“Physical reconditioning” means the part of the practice of athletic training that combines physical treatment, rehabilitation and exercise and is carried out under the orders of a physician or physician assistant. Physical treatment is part of a service plan that includes but is not limited to the continued use of any of the following: cryotherapy, thermotherapy, hydrotherapy, electrotherapy, or the use of mechanical devices.

“Physician” means a person licensed to practice medicine and surgery, osteopathic medicine and surgery, osteopathy, chiropractic, or podiatry under the laws of this state.

“Reactivate” or *“reactivation”* means the process as outlined in rule 481—861.8(17A,147,272C) by which an inactive license is restored to active status.

“Reinstatement” means the process as outlined in rule 481—506.31(272C). Once the license is reinstated, the licensee may apply for active status.

[ARC 7928C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24; Editorial change: IAC Supplement 1/22/25]

481—861.2(152D) Initial licensure.

861.2(1) Requirements for licensure. The applicant shall:

a. Submit a complete online application and pay the nonrefundable fee specified in rule 481—507.1(147,152D). If the application is not completed according to the instructions, the application will not be reviewed by the board.

b. Submit official copies of academic transcripts directly from the school to the board of athletic training. No application will be considered by the board until official copies of academic transcripts have been received.

c. Have successfully completed the BOC examination. It is the responsibility of the applicant to make arrangements to take the examination and have the official results submitted to the Iowa board of athletic training.

d. Provide verification of license from the jurisdiction in which the applicant has been most recently licensed, sent directly from the jurisdiction to the board office. The applicant must also disclose any public or pending complaints against the applicant in any other jurisdiction.

861.2(2) Web-based verification may be substituted for verification direct from the jurisdiction's board office if the verification provides:

- a.* Licensee's name;
- b.* Date of initial licensure;
- c.* Current licensure status; and
- d.* Any disciplinary actions taken against the license.

861.2(3) Licensure by endorsement. An athletic trainer applicant who holds a license from the District of Columbia or another state, territory, province or foreign country may be eligible for licensure by endorsement and may direct the BOC to submit:

- a.* A current certification status, or
- b.* A passing score on the examination of the BOCs.

861.2(4) Licensure by verification. A person who is licensed in another jurisdiction but who is unable to satisfy the requirements for licensure by endorsement may apply for licensure by verification, if eligible, in accordance with rule 481—501.1(272C).

861.2(5) Incomplete applications that have been on file in the board office for more than two years shall be:

- a.* Considered invalid and shall be destroyed; or
- b.* Maintained upon written request of the candidate. The candidate is responsible for requesting that the file be maintained.

[ARC 7928C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—861.3(152D) Educational qualifications.

861.3(1) An applicant for licensure to practice as an athletic trainer shall possess a baccalaureate degree or postbaccalaureate degree from a U.S. regionally accredited college or university.

861.3(2) Foreign-trained athletic trainers shall:

a. Provide an equivalency evaluation of their educational credentials by International Education Research Foundation, Inc., Credentials Evaluation Service, P.O. Box 3665, Culver City, CA 90231-3665; telephone 310.258.9451; website www.ierf.org or email at info@ierf.org. The professional curriculum must be equivalent to that stated in these rules. A candidate shall bear the expense of the curriculum evaluation. An applicant who has passed the BOC examination is exempt from this requirement.

b. Provide a copy of the certificate or diploma awarded to the applicant from an athletic training program in the country in which the applicant was educated. An applicant who has passed the BOC examination is exempt from this requirement.

c. Receive a final determination from the board regarding the application for licensure.

d. Pass the BOC examination. Official results are to be submitted directly to the board from the BOC.

861.3(3) An applicant who has relocated to Iowa from a state that did not require licensure to practice the profession may submit proof of work experience in lieu of educational and training requirements, if eligible, in accordance with rule 481—501.2(272C).

[ARC 7928C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—861.4(152D) Examination requirements.

861.4(1) The examination required by the board shall be the BOC examination. Application and information may be obtained from the BOC Offices, 1411 Harney Street, Suite 200, Omaha, NE 68102; telephone 402.559.0091; website www.bocatc.org or email at BOC@bocatc.org.

861.4(2) The applicant has responsibility for:

- a.* Making arrangements to take the national examination; and
- b.* Arranging to have the examination scores sent directly to the board from BOC.

[ARC 7928C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—861.5(152D) Documentation of physician direction. Each licensee must maintain documentation of physician direction. It is the responsibility of the licensee to ensure that documentation of physician direction is obtained and maintained, including the following:

1. Athletic training service plan as set out in rule 481—861.6(152D);
2. Dates and names of physician and physician assistant orders or referrals;
3. Initial evaluations and assessments;
4. Treatments and services rendered, with dates; and
5. Dates of subsequent follow-up care.

[ARC 7928C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—861.6(152D) Athletic training standards of professional practice. Athletic training service plans shall be composed of the following components as taken from the Board of Certification Standards of Professional Practice (January 2018):

861.6(1) Practice Standards.

861.6(2) Code of Professional Responsibility.

[ARC 7928C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—861.7(147) License renewal.

861.7(1) The biennial license renewal period for a license to practice athletic training shall begin on March 1 of each odd-numbered year and end on February 28 of the next odd-numbered year. The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive notice from the board does not relieve the licensee of the responsibility for renewing the license.

861.7(2) An individual who was issued a license within six months of the license renewal date will not be required to renew the license until the subsequent renewal two years later.

861.7(3) A licensee seeking renewal shall:

a. Meet the continuing education requirements of rule 481—862.2(152D) and the mandatory reporting requirements of subrule 861.9(4). A licensee whose license was reactivated during the current renewal compliance period may use continuing education credit earned during the compliance period for the first renewal following reactivation; and

b. Submit the completed renewal application and renewal fee before the license expiration date.

861.7(4) Mandatory reporter training requirements.

a. A licensee who, in the scope of professional practice or in the licensee's employment responsibilities, examines, attends, counsels or treats children in Iowa shall indicate on the renewal application completion of training in child abuse identification and reporting as required by Iowa Code section 232.69(3)"*b*" in the previous three years or condition(s) for waiver of this requirement as identified in paragraph 861.7(4)"*e*."

b. A licensee who, in the course of employment, examines, attends, counsels or treats adults in Iowa shall indicate on the renewal application completion of training in dependent adult abuse identification and reporting as required by Iowa Code section 235B.16(5)"*b*" in the previous three years or condition(s) for waiver of this requirement as identified in paragraph 861.7(4)"*e*."

c. The course(s) shall be the curriculum provided by the Iowa department of health and human services.

d. The licensee shall maintain written documentation for three years after mandatory training as identified in paragraphs 861.7(4)"*a*" through "*c*," including program date(s), content, duration, and proof of participation.

e. The requirement for mandatory training for identifying and reporting child and dependent adult abuse shall be suspended if the board determines that suspension is in the public interest or that a person at the time of license renewal:

(1) Is engaged in active duty in the military service of this state or the United States.

(2) Holds a current waiver by the board based on evidence of significant hardship in complying with training requirements.

f. The board may select licensees for audit of compliance with the requirements in paragraphs 861.7(4)"*a*" through "*e*."

861.7(5) Upon receiving the information required by this rule and the required fee, board staff shall administratively issue a two-year license. In the event the board receives adverse information on the renewal application, the board shall issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

861.7(6) A person licensed to practice as an athletic trainer shall keep the license certificate and renewal displayed in a conspicuous public place at the primary site of practice.

861.7(7) Late renewal. The license shall become late when the license has not been renewed by the expiration date on the renewal. The licensee shall be assessed a late fee as specified in 481—subrule 507.1(4). To renew a late license, the licensee shall complete the renewal requirements and submit the late fee within the grace period.

861.7(8) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice as an athletic trainer in Iowa until the license is reactivated. A licensee who practices as an athletic trainer in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

[ARC 7928C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—861.8(17A,147,272C) License reactivation. To apply for reactivation of an inactive license, a licensee shall:

861.8(1) Submit a reactivation application on a form provided by the board.

861.8(2) Pay the reactivation fee that is due as specified in 481—Chapter 507.

861.8(3) Provide verification of current competence to practice as an athletic trainer by satisfying one of the following criteria:

a. If the license has been on inactive status for five years or less, an applicant must provide the following:

(1) Verification of the license from the jurisdiction in which the applicant has most recently been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction to the board office. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

1. Licensee's name;
2. Date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license; and

(2) Verification of completion of 50 hours of continuing education within two years of the application for reactivation or verification of active practice, consisting of a minimum of 2,080 hours, in another state or jurisdiction during the two years preceding an application for reactivation.

b. If the license has been on inactive status for more than five years, an applicant must provide the following:

(1) Verification of the license from the jurisdiction in which the applicant has most recently been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction to the board office. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

1. Licensee's name;
2. Date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license; and

(2) Verification of completion of 40 hours of continuing education within two years of application for reactivation; and

(3) Verification of current BOC certification.

861.8(4) Submit a sworn statement of previous practice from an employer or professional associate, detailing places and dates of employment and verifying that the applicant worked as an athletic trainer for

at least 2,080 hours or taught as the equivalent of a full-time faculty member for at least one of the immediately preceding years during the last two-year time period.

[ARC 7928C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—861.9(17A,147,272C) License reinstatement. A licensee whose license has been revoked, suspended, or voluntarily surrendered must apply for and receive reinstatement of the license in accordance with rule 481—506.31(272C) and must apply for and be granted reactivation of the license in accordance with rule 481—861.15(17A,147,272C) prior to practicing as an athletic trainer in this state.

[ARC 7928C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code chapters 17A, 147, 152D and 272C.

CHAPTER 862
CONTINUING EDUCATION FOR ATHLETIC TRAINERS

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 352]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/5/29

481—862.1(272C) Definitions. For the purpose of these rules, the following definitions shall apply:

“*Audit*” means the selection of licensees for verification of satisfactory completion of continuing education requirements during a specified time period.

“*Board*” means the board of athletic training created under Iowa Code chapter 147.

“*BOC*” means the Board of Certification or its successor organization.

“*Continuing education*” means the same as defined in Iowa Code section 272C.1.

“*Hour of continuing education*” means at least 50 minutes spent by a licensee completing an approved continuing education activity through live, virtual, online or prerecorded means where the instructor provides proof of completion by the licensee as set forth in these rules.

“*License*” means license to practice.

“*Licensee*” means any person licensed to practice as an athletic trainer in the state of Iowa.

[ARC 7929C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—862.2(152D) Continuing education requirements.

862.2(1) The biennial continuing education compliance period shall extend for a two-year period beginning on March 1 of each odd-numbered year and ending on February 28 of the next odd-numbered year. Each biennium, each person who is licensed to practice as an athletic trainer in this state will have the responsibility to finance the cost and be required to maintain BOC certification or complete a minimum of 40 hours of continuing education approved by the board.

862.2(2) Requirements for new licensees. Those persons licensed for the first time or being licensed for the first time after a temporary license shall not be required to complete continuing education as a prerequisite for the first renewal of their licenses. Continuing education hours acquired any time from the initial licensing until the second license renewal may be used. The new licensee will be required to maintain BOC certification or complete a minimum of 40 hours of continuing education per biennium for each subsequent license renewal.

862.2(3) Hours of continuing education credit may be obtained by attending and participating in a continuing education activity. These hours must be in accordance with these rules.

862.2(4) No hours of continuing education shall be carried over into the next biennium except as stated for the second renewal. A licensee whose license was reactivated during the current renewal compliance period may use continuing education earned during the compliance period for the first renewal following reactivation.

[ARC 7929C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—862.3(152D,272C) Standards.

862.3(1) *General criteria.* A continuing education activity that meets all of the following criteria is appropriate for continuing education credit if the continuing education activity:

a. Constitutes an organized program of learning that contributes directly to the professional competency of the licensee;

b. Pertains to subject matters that integrally relate to the practice of the profession;

c. Is conducted by individuals who have specialized education, training and experience by reason of which said individuals should be considered qualified concerning the subject matter of the program. At the time of audit, the board may request the qualifications of presenters;

d. Fulfills stated program goals, objectives, or both; and

e. Provides proof of attendance to licensees in attendance including:

(1) Date(s), location, course title, presenter(s);

(2) Number of program contact hours; and

(3) Certificate of completion or evidence of successful completion of the course provided by the course sponsor.

862.3(2) *Specific criteria.* Continuing education may be obtained through any of the following:

- a. Completing a course provided by a BOC-approved provider of continuing education.
- b. Attending workshops, conferences, or symposiums.
- c. Authoring research, the results of which are published in a recognized professional publication. A licensee shall receive five hours of credit per page.
- d. Presenting professional programs that meet the criteria of this chapter. Two hours of credit will be awarded for each hour of presentation. A course schedule or brochure must be maintained for audit. Presenting at a professional program does not include teaching a class at an institution of higher learning at which the applicant is regularly and primarily employed, nor does it include presentations to the lay public. A licensee may be granted no more than ten hours of continuing education credit per biennium for presenting professional programs.
- e. Completing academic courses that directly relate to the professional competency of the licensee. Official transcripts indicating successful completion of academic courses that apply to the field of athletic training must be maintained for audit. Continuing education credit equivalents are as follows:

1 academic semester hour = 15 continuing education hours

1 academic trimester hour = 12 continuing education hours

1 academic quarter hour = 10 continuing education hours

[ARC 7929C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code section 272C.2 and chapter 152D.

CHAPTER 863
DISCIPLINE FOR ATHLETIC TRAINERS

[Prior to 4/17/02, see 645—350.13(272C)]

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 353]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/5/29

481—863.1(152D) Definitions.

“Board” means the board of athletic training.

“Discipline” means any sanction the board may impose upon licensees.

“Licensee” means a person licensed to practice as an athletic trainer in Iowa pursuant to Iowa Code chapter 152D and 481—Chapters 861 through 864.

[ARC 7930C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—863.2(152D,272C) Grounds for discipline. The board may impose any of the disciplinary sanctions provided in 481—Chapter 504 when the board determines that any of the following acts or offenses listed in such chapter or in Iowa Code section 147.55 have occurred:

863.2(1) Professional incompetency. Professional incompetency includes, but is not limited to:

a. A substantial lack of knowledge or ability to discharge professional obligations within the scope of practice.

b. A substantial deviation from the standards of learning or skill ordinarily possessed and applied by other athletic trainers in the state of Iowa acting in the same or similar circumstances.

c. A failure to exercise the degree of care that is ordinarily exercised by the average athletic trainer acting in the same or similar circumstances.

d. Failure to conform to the minimal standard of acceptable and prevailing practice of a licensed athletic trainer in this state.

863.2(2) Violation of a regulation, rule or law of this state, another state, or the United States, which relates to the practice of athletic training.

863.2(3) Failure of a licensee or an applicant for licensure in this state to report any voluntary agreements restricting the individual’s practice of athletic training in another state, district, territory or country.

863.2(4) Knowingly aiding, assisting, or advising a person to unlawfully practice as an athletic trainer.

863.2(5) Representing oneself as a licensed athletic trainer when one’s license has been suspended or revoked, or when one’s license is on inactive status.

[ARC 7930C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code chapters 147, 152D and 272C.

[Filed 3/29/02, Notice 10/3/01—published 4/17/02, effective 5/22/02]

CHAPTER 864
ADOPTION OF UNIFORM AND MODEL RULES

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 354]

Chapter rescission date pursuant to Iowa Code section 17A.7: 8/28/29

481—864.1(17A,272C) Board of athletic training adoption of uniform and model rules. The board hereby adopts by reference the following:

864.1(1) to **864.1(9)** Reserved.

864.1(10) Model rules for licensee review committee, 481—Chapter 505.

This rule is intended to implement Iowa Code chapter 272C.

[ARC 8148C, IAB 7/24/24, effective 8/28/24; Editorial change: IAC Supplement 9/18/24]

BOARD OF PSYCHOLOGY

CHAPTER 885

LICENSURE OF PSYCHOLOGISTS

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 240]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/22/29

481—885.1(154B) Definitions. For purposes of these rules, the following definitions shall apply:

“Active license” means a license that is current and has not expired.

“ASPPB” means the Association of State and Provincial Psychology Boards.

“Board” means the board of psychology.

“Certified health service provider in psychology” means a person who works in a clinical setting, who is licensed to practice psychology and who has a doctoral degree in psychology. A person certified as a health service provider in psychology shall be deemed qualified to diagnose or evaluate mental illness and nervous disorders.

“Clinical experience” means the provision of health services in psychology by the applicant to individuals or groups of clients/patients. Clinical experience does not include teaching or research performed in an academic setting.

“Grace period” means the 30-day period following expiration of a license when the license is still considered to be active.

“Inactive license” means a license that has expired because it was not renewed by the end of the grace period.

“Licensee” means any person licensed to practice as a psychologist or health service provider in psychology in the state of Iowa.

“License expiration date” means June 30 of even-numbered years.

“Licensure by endorsement” means the issuance of an Iowa license to practice psychology to an applicant who is or has been licensed in another jurisdiction.

“Mandatory training” means the requirements found in Iowa Code section 232.69.

“National examination” means the Examination for Professional Practice in Psychology (EPPP).

“Provisional license” means a license issued to a person who is completing a predoctoral internship or postdoctoral residency under supervision in order to satisfy the requirements for licensure.

“Reactivate” or *“reactivation”* means the process as outlined in rule 481—885.11(17A,147,272C) by which an inactive license is restored to active status.

“Reinstatement” means the process as outlined in rule 481—506.31(272C) by which a licensee who has had a license suspended or revoked or who has voluntarily surrendered a license may apply to have the license reinstated, with or without conditions. Once the license is reinstated, the licensee may apply for active status.

[ARC 7821C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—885.2(154B) Requirements for initial psychology licensure. The following criteria shall apply to licensure:

885.2(1) Submit a completed application for licensure and pay the nonrefundable licensure fee specified in rule 481—507.16(147,154B).

885.2(2) Except as otherwise stated in these rules, no application will be considered by the board until:

a. Official copies of academic transcripts sent directly from the school to the board of psychology have been received by the board; and

b. Satisfactory evidence of the candidate’s qualifications has been supplied in writing on the prescribed forms by the candidate’s supervisors.

885.2(3) An applicant shall successfully pass the national examination.

885.2(4) The applicant shall have the national examination score sent directly from the ASPPB to the board.

885.2(5) Incomplete applications that have been on file in the board office for more than two years without additional supporting documentation shall be:

- a. Considered invalid and shall be destroyed; or
- b. Maintained upon written request of the applicant. The applicant is responsible for requesting that the file be maintained.

[ARC 7821C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—885.3(154B) Educational qualifications. An applicant for licensure to practice as a psychologist shall possess a doctoral degree in psychology.

885.3(1) At the time of an applicant's graduation:

- a. The program from which the doctoral degree in psychology is granted must be:
 - (1) Accredited by the American Psychological Association; or
 - (2) Accredited by the Canadian Psychological Association; or
 - (3) Designated by the ASPPB/National Register; or
- b. The applicant holds current board certification from the American Board of Professional Psychology; or
- c. The applicant possesses a postdoctoral respecialization certificate from a program accredited by the American Psychological Association.

885.3(2) Foreign-trained psychologists who possess a doctoral degree in psychology and who do not meet the requirements of subrule 885.3(1) will:

- a. Provide an equivalency evaluation of their educational credentials by the National Register of Health Service Psychologists, 1200 New York Avenue NW, Suite 800, Washington, D.C. 20005, telephone 202.783.7663, website www.nationalregister.org, or by an evaluation service with membership in the National Association of Credential Evaluation Services at www.naces.org. A certified translation of documents submitted in a language other than English shall be provided. The candidate will bear the expense of the curriculum evaluation and translation of application documents. The educational credentials must be equivalent to programs stated in subrule 885.3(1).
- b. Submit evidence of meeting all other requirements for licensure stated in these rules.

[ARC 7821C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—885.4(154B) Examination requirements. An applicant will pass the national examination to be eligible for licensure in Iowa.

885.4(1) To be eligible to take the national examination, the applicant will:

- a. Meet all requirements of subrules 885.2(1) and 885.2(2); and
- b. Provide official copies of academic transcripts sent directly from the school to the board of psychology verifying completion of a doctoral degree in psychology in accordance with rule 481—885.3(154B).

885.4(2) The EPPP passing score shall be utilized as the Iowa passing score.

[ARC 7821C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—885.5(154B) Postdoctoral residency.

885.5(1) The postdoctoral residency may begin after all academic requirements for the doctoral degree, including completion of the predoctoral internship, have been completed. The postdoctoral residency shall consist of a minimum of 1,500 hours that are completed in no less than ten months.

885.5(2) During the postdoctoral residency, the supervisee will competently apply the principles of psychology under the supervision of a licensed psychologist who is actively licensed in the jurisdiction where the supervision occurs in accordance with the following:

- a. The supervisee and supervisor will complete a supervision plan using the form provided by the board. The supervision plan must be submitted to the board if the supervisee is applying for or utilizing a provisional license.
- b. A supervisor will not have more than three concurrent full-time supervisees or the equivalent in part-time supervisees. Full-time is defined as 40 hours per week.

c. The supervisee and supervisor will meet individually in person or via videoconferencing during each week in which postdoctoral residency hours are accrued, for no less than a total of 45 hours during the postdoctoral residency. Group supervision hours cannot count toward the 45 hours of individual supervision required.

d. The supervisor will provide supervision at all times, which means the supervisor will be readily available on site, or via electronic or telephonic means, at all times when the supervisee is providing services so that the supervisee may contact the supervisor for advice, assistance, or instruction. A supervisor will identify one or more licensed mental health providers who can be contacted for advice, assistance, or instruction during times in which the supervisor will not be readily available.

e. The supervisee and supervisor will have a crisis plan in place any time the supervisee is providing services and the supervisor is not on site in the same physical setting as the supervisee.

f. The supervisor will establish and maintain a level of supervisory contact consistent with established professional standards and be fully accountable in the event that professional, ethical or legal issues are raised.

g. The supervisor will provide training that is appropriate to the functions to be performed. The supervisee shall have the background, training, and experience that is appropriate to the functions performed. The supervisor shall not permit the supervisee to engage in any psychological practice that the supervisor cannot perform competently.

h. The supervisor and supervisee will ensure clients are informed regarding the supervisee's status and the sharing of information between the supervisee and supervisor.

i. The supervisor will have reasonable access to the clinical records corresponding to the work being supervised. The supervisor will countersign all written reports, clinical records and clinical communications as "Reviewed and Approved" by the supervisor.

j. All services will be offered in the name of the supervisor. The supervisee and supervisor will ensure that the supervisee uses a title in accordance with rule 481—885.13(154B,147).

k. The fee schedule and receipt of payment will remain the sole domain of the supervisor or employing agency.

l. The supervisor will maintain an ongoing record of supervision that details the types of activities in which the supervisee is engaged, the level of the supervisee's competence in each, and the type and outcome of all procedures.

m. The supervisor is responsible for determining the competency of the work performed by the supervisee and must honestly and accurately complete the supervision report at the conclusion of providing supervision.

[ARC 7821C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—885.6(154B) Certified health service provider in psychology.

885.6(1) *Requirements for the health service provider in psychology.* The applicant shall:

a. Verify at least one year of clinical experience in an organized health service training program that meets the requirements of subrule 885.6(2) and at least one year of clinical experience in a health service setting that meets the requirements for postdoctoral residency stated in rule 481—885.5(154B). Alternatively, an applicant may submit verification of current registration at the doctoral level by the National Register of Health Service Psychologists to verify completion of the required clinical experience.

b. Submit a completed application and nonrefundable application fee along with supporting documentation. Incomplete applications that have been on file in the board office for more than two years without additional supporting documentation shall be:

- (1) Considered invalid and shall be destroyed; or
- (2) Maintained upon written request of the applicant. The applicant is responsible for requesting that the file be maintained.

c. Renew the certificate biennially at the same time as the psychology license.

885.6(2) *Requirements of the organized health service training program.* Internship programs in professional psychology that are accredited by the American Psychological Association (APA) or the Canadian Psychological Association (CPA) or that hold membership in the Association of Psychology Postdoctoral and Internship Centers (APPIC) are deemed approved. Applicants completing an organized

health service training program that is not accredited by the APA or the CPA, or is not APPIC-designated at the time the applicant completes the training shall cause documentation to be sent from the program to establish that the program:

- a. Provides the intern with a planned, programmed sequence of training experiences.
- b. Has a clearly designated doctoral-level staff psychologist who is responsible for the integrity and quality of the training program and is actively licensed by the board of psychology in the jurisdiction in which the program exists.
- c. Has two or more doctoral-level psychologists on the staff who serve as supervisors, at least one of whom is actively licensed by the board of psychology in the jurisdiction in which the program exists.
- d. Has supervision that is provided by staff members of the organized health service training program or by an affiliate of the organized health service training program who carries clinical responsibility for the cases being supervised. At least half of the internship supervision shall be provided by one or more doctoral-level psychologists.
- e. Provides training in a range of psychological assessment and treatment activities conducted directly with recipients of psychological services.
- f. Ensures that trainees have a minimum of 375 hours of direct patient contact.
- g. Includes a minimum of two hours per week (regardless of whether the internship is completed in one year or two years) of regularly scheduled, formal, face-to-face individual supervision with the specific intent of dealing with psychological services rendered directly by the intern. There must also be at least two additional hours per week in learning activities such as case conferences involving a case in which the intern is actively involved, seminars dealing with clinical issues, cotherapy with a staff person including discussion, group supervision, and additional individual supervision.
- h. Has training that is at the postclerkship, postpracticum, and postexternship level.
- i. Has a minimum of two interns at the internship level of training during any period of training.
- j. Designates for internship-level trainees titles such as “intern,” “resident,” “fellow,” or other designation of trainee status.
- k. Has a written statement or brochure that describes the goals and content of the internship, states clear expectations for quantity and quality of trainees’ work and is made available to prospective interns.
- l. Provides a minimum of 1,500 hours of training experience that shall be completed in no less than 12 months within a 24-consecutive-month period.

[ARC 7821C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—885.7(154B) Requirements for provisional license.

885.7(1) *Predoctoral internship.* An applicant for a provisional license for purposes of completing a predoctoral internship shall provide the following:

- a. Submit a completed provisional application for licensure and pay the nonrefundable licensure fee specified in rule 481—507.16(147,154B).
- b. A copy of the applicant’s acceptance letter for the predoctoral internship.
- c. Identification of the training director and the training director’s contact information.
- d. Evidence that the applicant is enrolled in an educational program that meets the requirements of rule 481—885.3(154B).

885.7(2) *Postdoctoral residency.* An applicant for a provisional license for purposes of completing a postdoctoral residency shall provide the following:

- a. Submit a completed application for licensure and pay the nonrefundable licensure fee specified in rule 481—507.16(147,154B).
- b. Official copies of academic transcripts sent directly from the school establishing that the requirements stated in rule 481—885.3(154B) are met.
- c. A completed supervision plan on the prescribed board form, signed by the applicant’s supervisors. A change in supervisor or in the supervision plan requires submission of a new supervision plan on the prescribed board form.

885.7(3) *Duration.* The provisional license is effective for two years from the date of issuance. A provisional license issued for purposes of completing a predoctoral internship can be used for purposes of completing a postdoctoral residency until the provisional license expires. The provisional licensee shall

submit a completed supervision plan on the prescribed board form, signed by the licensee's supervisors, prior to beginning the postdoctoral residency. A change in supervisor or in the supervision plan requires submission of a new supervision plan on the prescribed board form. A provisional license may be renewed one time for a period of two years upon submission of the following:

- a. A provisional license renewal application;
- b. A provisional license renewal fee; and
- c. A current supervision plan as required in these rules.

[ARC 7821C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—885.8(147) Licensure by endorsement. An applicant who possesses a doctoral degree in psychology and has been a licensed psychologist at the doctoral level under the laws of another jurisdiction may file an application for licensure by endorsement with the board office. The board may license by endorsement any applicant from the District of Columbia or another state, territory, province, or foreign country who:

885.8(1) Submit a completed application for licensure and pay the nonrefundable licensure fee specified in rule 481—507.16(147,154B).

885.8(2) Provides verification of license from the jurisdiction in which the applicant has most recently been licensed, and additional verifications if necessary to verify at least three years of an independent license as described in subrule 885.8(4), sent directly from the jurisdiction to the board office. The applicant must also disclose any public or pending complaints against the applicant in any other jurisdiction. Web-based verification may be substituted for verification direct from the jurisdiction's board office if the verification provides:

- a. Licensee's name;
- b. Date of initial licensure;
- c. Current licensure status; and
- d. Any disciplinary action taken against the license.

885.8(3) Provides verification of a current Certificate of Professional Qualification (CPQ) issued by the ASPPB, or verification of a doctoral degree in psychology and an independent license to practice psychology in another jurisdiction for at least three years with no disciplinary history. Except as stated in subrule 885.3(2), applicants providing certification or verification are deemed to have met the requirements stated in paragraphs 885.8(4) "a" and "b." The board may license by endorsement any other applicant who:

a. Provides the official EPPP score sent directly to the board from the ASPPB or verification of the EPPP score sent directly from the state of initial licensure. The recommended passing score established by the ASPPB shall be considered passing.

b. Shows evidence of licensure requirements that are substantially equivalent to those required in Iowa by one of the following means:

(1) Provides:

1. Official copies of academic transcripts that have been sent directly from the school; and
2. Satisfactory evidence of the applicant's qualifications in writing on the prescribed forms by the applicant's supervisors. If verification of professional experience is not available, the board may consider submission of documentation from the jurisdiction in which the applicant is currently licensed or equivalent documentation of supervision; or

(2) Has an official copy of one of the following certifications sent directly to the board from the certifying organization:

1. Current credentialing at the doctoral level as a health service provider in psychology by the National Register of Health Service Psychologists.
2. Board certification by the American Board of Professional Psychology that was originally granted on or after January 1, 1983.

885.8(4) Licensure by verification. A person who is licensed in another jurisdiction but who is unable to satisfy the requirements for licensure by endorsement may apply for licensure by verification, if eligible, in accordance with rule 481—501.1(272C).

[ARC 7821C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—885.9(154B) Exemption to licensure. Psychologists residing outside the state of Iowa and intending to practice in Iowa under the provisions of Iowa Code section 154B.3(5) shall complete and submit the application for the exemption to licensure and the nonrefundable licensure fee specified in rule 481—507.16(147,154B).

885.9(1) The applicant shall provide a summary of the intent to practice and a verification of the license in the applicant's jurisdiction of residence, sent directly from the jurisdiction to the board office. Web-based verification may be substituted for verification direct from the jurisdiction's board office if the verification provides:

- a. Licensee's name;
- b. Date of initial licensure;
- c. Current licensure status; and
- d. Any disciplinary action taken against the license.

885.9(2) The exemption must be issued prior to practice in Iowa. The exemption shall be valid for 10 consecutive business days or not to exceed 15 business days in any 90-day period.

[ARC 7821C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—885.10(147) License renewal.

885.10(1) The biennial license renewal period for a license to practice psychology shall begin on July 1 of even-numbered years and end on June 30 of the next even-numbered year. The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive notice from the board does not relieve the licensee of the responsibility for renewing the license.

885.10(2) An individual who was issued a license within six months of the license renewal date will not be required to renew the license until the subsequent renewal date two years later.

885.10(3) A licensee seeking renewal shall:

- a. Meet the continuing education requirements of rule 481—886.2(272C) and the mandatory reporting requirements of subrule 885.10(4). A licensee whose license was reactivated during the current renewal compliance period may use continuing education credit earned during the compliance period for the first renewal following reactivation; and
- b. Submit the completed renewal application and renewal fee before the license expiration date.

885.10(4) Mandatory reporter training requirements.

a. A licensee who, in the scope of professional practice or in the licensee's employment responsibilities, examines, attends, counsels or treats children in Iowa shall indicate on the renewal application completion of two hours of training in child abuse identification and reporting as required by Iowa Code section 232.69(3)"b" in the previous three years or condition(s) for waiver of this requirement as identified in paragraph 885.10(4)"e."

b. A licensee who, in the course of employment, examines, attends, counsels or treats adults in Iowa shall indicate on the renewal application completion of training in dependent adult abuse identification and reporting as required by Iowa Code section 235B.16(5)"b" in the previous three years or condition(s) for waiver of this requirement as identified in paragraph 885.13(4)"e."

c. The course(s) shall be the curriculum provided by the Iowa department of health and human services.

d. The licensee shall maintain written documentation for three years after mandatory training as identified in paragraphs 885.13(4)"a" to "c," including program date(s), content, duration, and proof of participation.

e. The requirement for mandatory training for identifying and reporting child and dependent adult abuse shall be suspended if the board determines that suspension is in the public interest or that a person at the time of license renewal:

- (1) Is engaged in active duty in the military service of this state or the United States.
- (2) Holds a current waiver by the board based on evidence of significant hardship in complying with training requirements, including an exemption of continuing education requirements or extension of time in which to fulfill requirements due to a physical or mental disability or illness as identified in rule 481—500.14(272C).

f. The board may select licensees for audit of compliance with the requirements in paragraphs 885.10(4) “a” to “e.”

885.10(5) Upon receiving the information required by this rule and the required fee, board staff shall administratively issue a two-year license. In the event the board receives adverse information on the renewal application, the board shall issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

885.10(6) A person licensed to practice as a psychologist shall keep the person’s license certificate and renewal displayed in a conspicuous public place at the primary site of practice.

885.10(7) Late renewal.

a. The license shall become late when the license has not been renewed by the expiration date on the renewal. The licensee shall be assessed a late fee as specified in 481—subrule 507.16(3).

b. To renew a late license, the licensee shall complete the renewal requirements and submit the late fee within the grace period.

885.10(8) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa but may not practice as a psychologist or health service provider in psychology in Iowa until the license is reactivated. A licensee who practices as a psychologist or health service provider in psychology in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

[ARC 7821C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—885.11(147,272C) License reactivation. To apply for reactivation of an inactive license, a licensee shall:

885.11(1) Submit a reactivation application.

885.11(2) Pay the reactivation fee that is due as specified in 481—Chapter 507.

885.11(3) Provide verification of the license from the jurisdiction in which the applicant has most recently been licensed sent directly from the jurisdiction to the board office. The applicant must also disclose any public or pending complaints against the applicant in any other jurisdiction. Web-based verification may be substituted for verification direct from the jurisdiction’s board office if the verification provides:

- a.* Licensee’s name;
- b.* Date of initial licensure;
- c.* Current licensure status; and
- d.* Any disciplinary action taken against the license.

885.11(4) Provide verification of a current active license in another jurisdiction at the time of application or verification of completion of continuing education taken within two years of the application. If the license has been inactive for less than five years, the applicant must submit verification of 40 hours of continuing education, and if the license has been inactive for more than five years, the applicant must submit verification of 80 hours of continuing education.

[ARC 7821C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—885.12(17A,147,272C) License reinstatement. A licensee whose license has been revoked, suspended, or voluntarily surrendered must apply for and receive reinstatement of the license in accordance with rule 481—506.31(272C) and must apply for and be granted reactivation of the license in accordance with rule 481—885.14(17A,147,272C) prior to practicing as a psychologist or health service provider in psychology in this state.

[ARC 7821C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—885.13(154B,147) Title designations.

885.13(1) Students who are enrolled in an education program that satisfies the requirements of subrule 885.3(1) and who are completing the predoctoral internship may be designated “psychology intern” or “intern in psychology.”

885.13(2) Applicants for licensure who have met educational requirements and who are completing the postdoctoral residency to be eligible for licensure may be designated “psychology resident,” “resident in psychology,” “psychology postdoctoral fellow,” or “postdoctoral fellow in psychology.” The designation of “resident” shall not be used except during a postdoctoral residency that meets the requirements of rule 481—885.6(154B).

885.13(3) Persons who possess provisional licenses shall add the designation “provisional license in psychology” following the “resident,” “intern,” or “fellow” designation.

[ARC 7821C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—885.14(154B) Psychologists’ supervision of persons other than postdoctoral residents in a practice setting.

885.14(1) This rule applies when a psychologist is supervising individuals who are not licensed or who are provisionally licensed and completing the predoctoral internship. This rule does not apply to supervision of an individual completing a postdoctoral residency in accordance with rule 481—885.6(154B), regardless of whether the individual is provisionally licensed or not.

885.14(2) The supervising psychologist will:

a. Be vested with administrative control over the functioning of assistants in order to maintain ultimate responsibility for the welfare of every client. When the employer is a person other than the supervising psychologist, the supervising psychologist must have direct input into administrative matters.

b. Have sufficient knowledge of all clients, including face-to-face contact when necessary, in order to plan effective service delivery procedures. The progress of the work will be monitored through such means as will ensure that full legal and professional responsibility can be accepted by the supervisor for all services rendered. Supervisors will also be available for emergency consultation and intervention.

c. Provide work assignments that are commensurate with the skills of the supervisee. All procedures will be planned in consultation with the supervisor.

d. Work in the same physical setting as the supervisee, unless the supervisee is receiving formal training pursuant to the requirements for licensure as a psychologist. For supervisees working off site while receiving formal licensure training, ensure the off-site location has a licensed mental health provider or primary care provider on site whenever the supervisee is working for purposes of providing emergency consultation.

e. Make public announcement of services and fees; contact with laypersons or the professional community will be offered only by or in the name of the supervising psychologist. Titles of unlicensed persons must clearly indicate their supervised status.

f. Provide specific information to clients when an unlicensed person delivers services to those clients, including disclosure of the unlicensed person’s status and information regarding the person’s qualifications and functions.

g. Inform clients of the possibility of periodic meetings with the supervising psychologist at the client’s, the supervisee’s or the supervisor’s request.

h. Provide for setting and receipt of payment that will remain the sole domain of the employing agency or supervising psychologist.

i. Establish and maintain a level of supervisory contact consistent with established professional standards, and be fully accountable in the event that professional, ethical or legal issues are raised.

j. Provide a detailed job description in which functions are designated at varying levels of difficulty, requiring increasing levels of training, skill and experience. This job description will be made available to representatives of the board and service recipients upon request.

k. Be responsible for the planning, course, and outcome of the work. The conduct of supervision shall ensure the professional, ethical, and legal protection of the client and of the unlicensed persons.

l. Countersign all written reports, clinical records and clinical communications as “Reviewed and Approved” by the supervising psychologist.

[ARC 7821C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

CHAPTER 886
CONTINUING EDUCATION FOR PSYCHOLOGISTS

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 241]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/22/29

481—886.1(272C) Definitions. For the purpose of these rules, the following definitions shall apply:

“Active license” means a license that is current and has not expired.

“Approved program/activity” means a continuing education program/activity meeting the standards set forth in these rules.

“Audit” means the selection of licensees for verification of satisfactory completion of continuing education requirements during a specified time period.

“Board” means the board of psychology.

“Continuing education” means planned, organized learning acts designed to maintain, improve, or expand a licensee’s knowledge and skills in order for the licensee to develop new knowledge and skills relevant to the enhancement of practice, education, or theory development to improve the safety and welfare of the public.

“Hour of continuing education” means at least 50 minutes spent by a licensee in actual attendance at and completion of an approved continuing education activity.

“Inactive license” means a license that has expired because it was not renewed by the end of the grace period. The category of “inactive license” may include licenses formerly known as lapsed, inactive, delinquent, closed, or retired.

“License” means license to practice.

“Licensee” means any person licensed to practice independently as a psychologist in the state of Iowa and does not include persons with provisional licenses.

“Practice of psychology” means the application of established principles of learning, motivation, perception, thinking, psychophysiology and emotional relations to problems, behavior, group relations, and biobehavior by persons trained in psychology for compensation or other personal gain. The application of principles includes, but is not limited to, counseling and the use of psychological remedial measures with persons, in groups or individually, with adjustment or emotional problems in the areas of work, family, school and personal relationships. The practice of psychology also means measuring and testing personality, mood-motivation, intelligence/aptitudes, attitudes/public opinion, and skills; the teaching of such subject matter; and the conducting of research on the problems relating to human behavior.

[ARC 7822C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—886.2(272C) Continuing education requirements.

886.2(1) The biennial continuing education compliance period shall extend for a two-year period beginning on July 1 of even-numbered years and ending on June 30 of even-numbered years. Each biennium, each person who is licensed to practice as a licensee in this state shall be required to complete a minimum of 40 hours of continuing education approved by the board.

886.2(2) Requirements of new licensees. Those persons licensed for the first time shall not be required to complete continuing education as a prerequisite for the first renewal of their licenses. Continuing education hours acquired any time from the initial licensing until the second license renewal may be used. The new licensee will need to complete a minimum of 40 hours of continuing education per biennium for each subsequent license renewal.

886.2(3) Hours of continuing education credit may be obtained by attending and participating in a continuing education activity. These hours will be in accordance with these rules.

886.2(4) No hours of continuing education shall be carried over into the next biennium except as stated for the second renewal. A licensee whose license was reactivated during the current renewal compliance period may use continuing education earned during the compliance period for the first renewal following reactivation.

886.2(5) It is the responsibility of each licensee to finance the cost of continuing education.

886.2(6) No hours of continuing education are required to renew a provisional license.

[ARC 7822C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—886.3(154B,272C) Standards.

886.3(1) General criteria. A continuing education activity that meets all of the following criteria is appropriate for continuing education credit if the continuing education activity:

- a. Constitutes an organized program of learning that contributes directly to the professional competency of the licensee;
- b. Pertains to subject matters that integrally relate to the practice of the profession;
- c. Is conducted by individuals who have specialized education, training and experience by reason of which said individuals should be considered qualified concerning the subject matter of the program. At the time of audit, the board may request the qualifications of presenters;
- d. Fulfills stated program goals, objectives, or both; and
- e. Provides proof of attendance to licensees in attendance including:
 - (1) Date, location, course title, presenter(s);
 - (2) Number of program contact hours; and
 - (3) Certificate of completion or evidence of successful completion of the course provided by the course sponsor.

886.3(2) Specific criteria.

a. For the second license renewal, licensees shall obtain six hours of continuing education pertaining to the practice of psychology in either of the following areas: Iowa mental health laws and regulations, or risk management.

b. For all renewal periods following the second license renewal, licensees shall obtain six hours of continuing education pertaining to the practice of psychology in any of the following areas: ethical issues, federal mental health laws and regulations, Iowa mental health laws and regulations, or risk management. For all board members, a maximum of two of these hours may be obtained by providing service as a member of the board as follows:

- (1) One hour of credit for attendance and participation at a minimum of three regular quarterly board meetings during the license biennium, or
- (2) Two hours of credit for attendance and participation at a minimum of six regular quarterly board meetings during the license biennium.

c. A licensee may obtain the remainder of continuing education hours of credit by:

(1) Completing training to comply with mandatory reporter training requirements, as specified in 481—subrule 885.13(4). Hours reported for credit shall not exceed the hours required to maintain compliance with required training.

(2) Attending programs/activities that are sponsored by the American Psychological Association or the Iowa Psychological Association.

(3) Attending workshops, conferences, or symposiums that meet the criteria in subrule 886.3(1).

(4) Completing academic coursework that meets the criteria set forth in these rules. Continuing education credit equivalents are as follows:

1 academic semester hour = 15 continuing education hours

1 academic quarter hour = 10 continuing education hours

(5) Completing home study courses for which a certificate of completion is issued.

(6) Completing electronically transmitted courses for which a certificate of completion is issued.

(7) Conducting scholarly research, the results of which are published in a recognized professional publication. In order to claim such credit, the licensee must attest to the hours actually spent conducting research, demonstrate that the research is integrally related to the practice of psychology, explain how the research advances the licensee's knowledge in the field, and provide the published work.

(8) Preparing new courses on material that is integrally related to the practice of psychology and is beyond entry level. In order to claim such credit, the licensee must: attest that the licensee has not taught the course in the past or that the licensee has not substantially altered the course content; request a specific amount of continuing education credit; describe how the course is integrally related to the practice of the profession and advances the licensee's knowledge in the field; and supply a course syllabus that supports the licensee's request for credit.

(9) Presenting to other professionals. A licensee may receive credit on a one-time basis for presenting continuing education programs that meet the criteria of subrule 886.3(1). Two hours of credit will be awarded for each hour of presentation.

d. A combined maximum of 30 hours of credit per biennium may be used for scholarly research, preparation of new courses, and presentations to other professionals.

[ARC 7822C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

CHAPTER 887
DISCIPLINE FOR PSYCHOLOGISTS

[Prior to 7/11/01, see 645—Chapter 240]
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 242]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/22/29

481—887.1(147,272C) Grounds for discipline. The board may impose any of the disciplinary sanctions provided in Iowa Code section 272C.3 when the board determines that the licensee is guilty of any of the following acts or offenses or those listed in 481—Chapter 504:

Failure to comply with the Ethical Principles of Psychologists and Code of Conduct of the American Psychological Association, as published in the December 2002 edition of American Psychologist and including amendments effective January 1, 2017, hereby adopted by reference. Copies of the Ethical Principles of Psychologists and Code of Conduct may be obtained from the American Psychological Association's website at www.apa.org.

This rule is intended to implement Iowa Code chapters 147, 154B and 272C.

CHAPTER 888
PRACTICE OF PSYCHOLOGY
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 243]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/22/29

481—888.1(154B) Definitions.

“*APA*” means the American Psychological Association.

“*Clinical records*” means records created by a licensee regarding the observation and treatment of patients, such as progress notes, but does not include psychotherapy notes.

“*Examinee*” means a person who is the subject of a forensic examination for the purpose of informing a decision maker or attorney about the psychological functioning of that examinee.

“*HIPAA*” means the Health Insurance Portability and Accountability Act of 1996 and related regulations promulgated thereunder.

“*Licensee*” or “*licensed*” means an individual with an active license to practice psychology, including a provisional license, or a certificate of exemption issued by the board.

“*Patient*” means an individual under the care of a licensee in a clinical role and is synonymous with the term client.

“*Personal representative*” means a person authorized to act on behalf of the patient in making health care-related decisions such as a parent or legal guardian, an individual with a health care power of attorney, an individual with a general power of attorney or durable power of attorney that includes the power to make health care decisions, or a court-appointed legal guardian.

“*Psychotherapy notes*” means notes recorded by a licensee documenting or analyzing the contents of a conversation during a private therapy session with a patient, or a group, joint, or family therapy session, that are maintained separately from the patient’s clinical records. “Psychotherapy notes” excludes medication prescription monitoring, counseling session start and stop times, the modalities and frequencies of treatment furnished, results of any clinical tests, and any summary of the following items: diagnosis, functional status, treatment plan, symptoms, prognosis, and progress to date.

“*Telepsychology*” means the provision of psychological services using telecommunication technologies.

“*Test data*” means raw and scaled scores, patient responses to test questions or stimuli, and notes and recordings concerning patient statements and behavior during an examination.

“*Test materials*” means the test questions, scoring keys, protocols, and manuals that do not include personally identifying information about the subject of the test.

[ARC 7824C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—888.2(147,154B,272C) Purpose and scope. The purpose of this chapter is to set the minimum standards of practice for licensees practicing in Iowa. The practice of psychology is occurring in Iowa if the patient or examinee is located in Iowa. Licensees will ensure any interns or residents under supervision adhere to the minimum standards of practice and must comply with the requirements set forth in rule 481—885.9(154B). The APA Code of Ethics, published January 1, 2017, is applicable and enforceable to the extent it does not conflict with any standards of practice set forth in this chapter. A licensee may be disciplined for any violation of this chapter or the APA Code of Ethics.

[ARC 7824C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—888.3(154B) Access to records.

888.3(1) *Clinical records generally.* When records are requested along with a signed release from the patient or the patient’s personal representative, a licensee will provide requested clinical records in a timely manner unless there is a ground for denial under HIPAA (Health Insurance Portability and Accountability Act of 1996, Pub. L. No. 104-191, August 21, 1996, 110 Stat. 1936).

888.3(2) *Psychotherapy notes.* A licensee is not required to release psychotherapy notes in response to a signed release; if a licensee chooses to release psychotherapy notes, a signed release specifically authorizing the release of those notes will be provided.

888.3(3) *Substance use disorder treatment programs.* Licensees who practice in a federally assisted substance use disorder treatment program, also known as a part 2 program, are prohibited from disclosing any information that would identify a patient as having a substance use disorder unless the patient provides written consent in compliance with part 2 requirements.

888.3(4) *Clinical records of minor patients.* A minor patient is a patient who is under the age of 18 and is not emancipated. A licensee is not required to release the clinical records of a minor patient to the minor's personal representative if releasing such records is not in the minor's best interest. When a minor patient reaches the age of 18, the clinical records belong to the patient.

888.3(5) *Clinical records of deceased patients.* A licensee will provide the clinical records of a deceased patient to the deceased patient's executor upon a written request accompanied by a copy of the patient's death certificate and a copy of the legal document identifying the requestor as the patient's executor.

888.3(6) *Forensic records.* A licensee will provide forensic records consistent with the APA Specialty Guidelines for Forensic Psychology published January 2011.

888.3(7) *Board.* A licensee shall provide clinical records, test data, or forensic records to the board as requested during the investigation of a complaint. A licensee is not required to obtain a patient release to send such information to the board because the board is a health oversight agency.

888.3(8) *Exceptions.* These rules do not apply when there is a legal basis for not disclosing requested information.

[ARC 7824C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—888.4(154B) Psychological testing. A licensee may administer psychological tests and assessments to a patient or examinee if the licensee has appropriate training for any psychological test or assessment utilized and the test or assessment is scientifically founded.

888.4(1) *Use of proctors.* A licensee may delegate the administration of a standardized test, intelligence test, or objective personality assessment to an appropriately trained individual. The licensee is responsible for supervising any proctors.

888.4(2) *Release of test data.* A licensee will not provide test data to any person, with the exception that the test data with proper written release, may be disclosed to a licensed psychologist designated by the patient or examinee. A psychologist who receives test data in this manner may not further disseminate the test data.

888.4(3) *Release of test materials.* A licensee shall not disclose test materials to any person, except for another licensed psychologist who has been designated in writing by the subject of a psychological test to receive the records associated with the psychological testing of the subject. A licensee shall not disclose test materials in any administrative, judicial, or legislative proceeding.

[ARC 7824C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—888.5(154B) Judicial proceedings. Prior to participating in a judicial proceeding, a licensee will become familiar with the rules governing the proceeding. A licensee will understand and clearly identify the licensee's role in the proceeding.

888.5(1) *Licensure.* A license to practice psychology in Iowa or an exemption from licensure is not required solely to testify as an expert witness in court, if the psychologist did not personally examine the examinee. A psychologist who personally examines an examinee located in Iowa for the purpose of providing an expert opinion is required to be licensed or exempt from licensure at the time of the evaluation.

888.5(2) *Custody evaluations.* A licensee who performs a child custody evaluation will comply with the APA Guidelines for Child Custody Evaluations in Family Law Proceedings published December 2010.

[ARC 7824C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—888.6(154B) Telepsychology. A psychologist may practice telepsychology provided the following are met:

888.6(1) The psychologist must be licensed or be exempt from licensure in the jurisdiction where the patient or examinee is located.

888.6(2) Prior to initiating telepsychology with a new patient or examinee, a licensee will take reasonable steps to verify the identity and location of the patient or examinee.

888.6(3) A licensee will ensure informed consent for telepsychology includes a description of any limitations of services as a result of the technology utilized.

888.6(4) A licensee will gain competency in the use of a particular technology prior to utilizing it in practice. A licensee shall only use technologies that are secure and functioning properly.

888.6(5) A licensee will apply the same ethical and professional standards of care and professional practice that are required when providing in-person psychological services. If the same standard of care cannot be met with telepsychology, a licensee will not utilize telepsychology.

[ARC 7824C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—888.7(154B) Records. A licensee will complete clinical records as soon as practicable to ensure continuity of services. All clinical records shall be completed within 30 days after the service or evaluation is complete unless there are significant extenuating circumstances. Clinical records and psychotherapy notes will be retained for at least seven years after the last date of service, or until at least three years after a minor reaches the age of 18, whichever is later. Forensic records will be completed and retained consistent with the APA Specialty Guidelines for Forensic Psychology published January 2011.

[ARC 7824C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code chapters 147, 154B, and 272C.

[Editorial change: IAC Supplement 9/18/24]

CHAPTER 889
PRESCRIBING PSYCHOLOGISTS

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 244]

Chapter rescission date pursuant to Iowa Code section 17A.7: 8/28/29

481—889.1(148,154B) Definitions—joint rule.

“APA” means the American Psychological Association.

“Applicant” means a psychologist applying for a conditional prescription certificate.

“Board” means the Iowa board of psychology.

“Board of medicine” means the Iowa board of medicine.

“Collaborating physician” means a person who is licensed to practice medicine and surgery or osteopathic medicine in Iowa, who regularly prescribes psychotropic medications for the treatment of mental disorders as part of the physician’s normal course of practice, and who serves as a resource for a prescribing psychologist pursuant to a collaborative practice agreement. A collaborating physician shall engage in the practice of family medicine, internal medicine, neurology, pediatrics, or psychiatry.

“Conditional prescribing psychologist” means a person licensed to practice psychology in Iowa who holds an active conditional prescription certificate. This term does not include prescribing psychologists.

“Conditional prescription certificate” means a certificate issued by the board to a psychologist that permits the psychologist to prescribe psychotropic medication under the supervision of a supervising physician.

“CSA registration” means a Controlled Substance Act registration issued by the Iowa board of pharmacy authorizing a psychologist to possess and prescribe controlled substances.

“DEA registration” means a mid-level practitioner registration with the Drug Enforcement Administration authorizing a psychologist to possess and prescribe controlled substances.

“Joint rule” means a rule adopted by agreement of the board of psychology and the board of medicine through the joint rulemaking process.

“Mental disorder” means a disorder that is defined by the most recent version of the Diagnostic and Statistical Manual of Mental Disorders (DSM-5-TR) published by the American Psychiatric Association March 2022, or contained within the mental and behavioral disorders chapter of the most recent version of the International Classification of Diseases, 11th revision, effective January 1, 2022.

“Prescribing psychologist” means a person licensed to practice psychology in Iowa who holds an active prescription certificate. This term does not include conditional prescribing psychologists.

“Prescription certificate” means a certificate issued by the board to a psychologist that permits the psychologist to prescribe psychotropic medication.

“Primary care provider” means a person who engages in the practice of family medicine, internal medicine, neurology, pediatrics, obstetrics and gynecology, or psychiatry and oversees a patient’s general medical care, consistent with Iowa Code section 280A.1.

“Psychologist” means a person licensed to practice psychology in Iowa.

“Psychotropic medication” means a medication that shall not be dispensed or administered without a prescription and that has been explicitly approved by the federal Food and Drug Administration for the treatment of a mental disorder, as defined by the most recent version of the Diagnostic and Statistical Manual of Mental Disorders (DSM-5-TR) published by the American Psychiatric Association March 2022, or the most recent version of the International Classification of Diseases, 11th revision, effective January 1, 2022. “Psychotropic medication” does not include narcotics.

“Supervising physician” means a person who is licensed to practice medicine and surgery or osteopathic medicine in Iowa, who regularly prescribes psychotropic medications for the treatment of mental disorders as part of the physician’s normal course of practice, and who supervises a conditional prescribing psychologist. A supervising physician shall specialize in family medicine, internal medicine, neurology, pediatrics, or psychiatry.

“Training director” means an employee of the psychopharmacology training program who is primarily responsible for directing the training program.

“Training physician” means a person who is licensed to practice medicine and surgery or osteopathic medicine in Iowa, who regularly prescribes psychotropic medications for the treatment of mental disorders as part of the physician’s normal course of practice, and who provides training to a psychologist as part of the clinical experience and practicum described in rule 645—244.3(148,154B). A training physician shall engage in the practice of family medicine, internal medicine, neurology, pediatrics, or psychiatry. A training physician shall be approved by the psychopharmacology training program.

[ARC 8149C, IAB 7/24/24, effective 8/28/24; Editorial change: IAC Supplement 9/18/24]

481—889.2(154B) Conditional prescription certificate. A conditional prescription certificate shall authorize a psychologist to prescribe psychotropic medications to patients with mental disorders under supervision in accordance with the requirements of this chapter.

889.2(1) Application. Unless a basis for denial exists in accordance with rule 481—889.9(154B), the board shall issue a conditional prescription certificate to an applicant who satisfies the following requirements:

a. Holds an active license to practice psychology in Iowa and an active health service provider certification issued by the board. Both the license and the health service provider certification must be in good standing.

b. Meets the educational requirements set forth in rule 481—889.3(148,154B). Official academic transcripts shall be sent directly from the school to the board.

c. Submits a supervision plan in accordance with subrule 889.4(1).

d. Possesses malpractice insurance that covers the prescribing of psychotropic medications.

e. Submits a completed application and a nonrefundable application fee of \$270.

889.2(2) Term. A conditional prescription certificate shall be valid for a period of four years from the date of issuance. The board shall not renew a conditional prescription certificate unless a conditional prescribing psychologist cannot complete the requirements of supervised practice within four years due to extenuating circumstances. A conditional prescribing psychologist may request an extension of a conditional prescription certificate when extenuating circumstances exist to provide additional time for the requirements of supervised practice to be met.

[ARC 8149C, IAB 7/24/24, effective 8/28/24; Editorial change: IAC Supplement 9/18/24]

481—889.3(148,154B) Educational requirements for conditional prescription certificate—joint rule.

An applicant for a conditional prescription certificate shall have completed a program of study designated by the APA as a program for the psychopharmacology training of postdoctoral psychologists. The program must have included didactic instruction, a clinical experience, and a practicum satisfying the requirements of this rule. A minimum of 40 hours of basic training on clinical assessment skills shall be included as part of the program’s didactic instruction.

889.3(1) Degree. An applicant shall possess a postdoctoral master of science degree in clinical psychopharmacology from a program designated by the APA as a program for the psychopharmacology training of postdoctoral psychologists. The degree program must be a minimum of 30 credit hours, not including the practicum, and shall include coursework in basic science; neuroscience; clinical medicine; pathological basis of disease; clinical pharmacology; psychopharmacology; and professional, ethical and legal issues. A minimum of one-third of the coursework must be completed in a live interactive format. A program must be designated by the APA at the time the degree is conferred.

889.3(2) Clinical experience. An applicant shall have completed a clinical experience in accordance with the requirements of this subrule. During the clinical experience, a psychologist shall learn clinical assessment techniques and pathophysiology through direct observation and hands-on training with a training physician. During the clinical experience, a psychologist shall become competent in health history interviews, physical examinations, and neurological examinations with a medically diverse patient population. The clinical experience must be associated with the psychopharmacology training program from which the psychologist obtained the postdoctoral master of science degree in clinical psychopharmacology.

a. Scope. At the beginning of the clinical experience, the psychologist shall directly observe the training physician performing clinical assessments of patients. After the training physician determines the

psychologist has gained sufficient knowledge, the clinical experience shall transition to the psychologist's performance of clinical assessments of patients under the direct observation of the training physician. After the training physician determines the psychologist has gained sufficient knowledge and experience, the psychologist may perform clinical assessments of patients without being directly observed by the training physician, provided that the training physician is on site at all times when the psychologist is with patients and is reviewing all medical records. A psychologist and a training physician shall have ongoing discussions regarding the psychologist's clinical assessment skills and progress in the clinical experience.

b. Minimum experience. The clinical experience shall consist of a minimum of 600 patient encounters that shall be completed by the end of the practicum.

c. Conflict of interest. A training physician shall not be an employee of the psychologist or otherwise have a conflict of interest that could affect the training physician's ability to impartially evaluate the psychologist's performance. A psychologist may utilize more than one training physician.

d. Milestones. To satisfactorily complete the clinical experience, a psychologist shall demonstrate competency in each of the following:

(1) Perform a health history interview to obtain pertinent information regarding a patient's chief complaint, history of the present illness, past medical and surgical history, family history, allergies, medications, and psychosocial history. The psychologist shall perform a review of systems to elicit a health history and shall appropriately document the health history.

(2) Perform a physical examination in a logical sequence, ensuring appropriate positioning of the patient, proper patient draping, and proper application of the principles of asepsis throughout the examination. The psychologist shall verbalize and assess the components of a general survey and be able to accurately assess all of the following: vital signs, including pulse, respiration, and blood pressure; skin, hair and nails; head, face and neck; eyes; ears, nose, mouth and throat; thorax, lungs and axillae; heart; peripheral vascular system; abdomen; and musculoskeletal system. The psychologist shall be proficient in utilizing any equipment needed to conduct a physical examination.

(3) Complete a neurological examination demonstrating knowledge of the history related to the neurological system and the ability to assess the following: mental status, cranial nerves, motor system, sensory system, and reflexes. The psychologist shall differentiate normal laboratory values from abnormal laboratory values and correlate abnormal laboratory values with impaired physiological systems. The psychologist shall identify adverse drug reactions and identify laboratory data and physical signs indicating an adverse drug reaction.

e. Informed consent. At the initial contact, the psychologist shall inform the patient, or the patient's legal guardian when appropriate, of the psychologist's training role in the clinical experience. The psychologist shall provide sufficient information regarding the expectations and requirements of the clinical experience to obtain informed consent and appropriate releases. Upon request, the psychologist shall provide additional information regarding the psychologist's education, training, or experience.

f. Training documentation. The psychologist and the training director shall maintain documentation accounting for all clinical experience patient encounters, including the dates, times, and locations of all clinical experience patient encounters, and documentation of completion of the milestones defined in these rules. The applicant shall provide additional documentation to the board upon request.

g. Certification. The training physician(s) and the training director shall certify on forms provided by the board that the applicant has successfully completed the minimum number of clinical experience patient encounters required and demonstrated competence in clinical assessment techniques and pathophysiology through completion of the milestones defined in these rules.

889.3(3) Practicum. An applicant shall have completed a practicum in accordance with the requirements of this subrule. During the practicum, a psychologist shall develop competencies in evaluating and treating patients with mental disorders through pharmacological intervention via observation and active participation. The practicum must be associated with the psychopharmacology training program from which the applicant obtained the postdoctoral master of science degree in clinical psychopharmacology and must be completed in a period of time not less than six months and not more than three years.

a. Scope. At the beginning of the practicum, the psychologist shall directly observe the training physician evaluating and treating patients with mental disorders. After the training physician determines the psychologist has gained sufficient knowledge, the practicum shall transition to the psychologist's evaluation and treatment of patients under the direct observation of the training physician. After the training physician determines the psychologist has gained sufficient knowledge and experience, the psychologist may evaluate and treat patients without being directly observed by the training physician, provided that the training physician is on site at all times when the psychologist is with patients, has personal contact with the patient at each visit, and is reviewing all pertinent medical records. During the practicum, the training physician shall make all final treatment decisions, with consultation from the psychologist prior to making a final determination regarding the psychopharmacological treatment of a patient.

b. Minimum number of hours. A practicum shall consist of a minimum of 400 hours. Only hours spent face to face evaluating and treating patients with mental disorders and hours spent discussing treatment plans with a training physician may count as practicum hours. Time spent by the psychologist providing services that are within the scope of practice of a licensed psychologist, such as psychological examinations and psychotherapy, shall not be counted as practicum hours.

c. Minimum number of patients. A psychologist shall see a minimum of 100 individual patients throughout the practicum. A patient can be counted toward this requirement if the patient has a diagnosed mental disorder and pharmacological intervention is considered as a treatment option, even if a decision is made not to prescribe a psychotropic medication to the patient. Over the course of the practicum, the psychologist shall observe, evaluate, and treat patients encompassing a range of ages and a variety of psychiatric diagnoses.

d. Settings. At least 100 hours of the 400 hours must be completed in a psychiatric setting. At least 100 hours of the 400 hours must be completed in a primary care or community mental health setting.

e. Conflict of interest. A training physician shall not be an employee of the psychologist or otherwise have a conflict of interest that could affect the training physician's ability to impartially evaluate the psychologist's performance. A psychologist may utilize more than one training physician.

f. Milestones. To successfully complete the practicum, a psychologist shall demonstrate competency in each of the following:

(1) Physical examination and mental status examination. The psychologist shall perform comprehensive and focused physical examinations and mental status evaluations, demonstrate proper use of instruments, and recognize variation associated with developmental stages and diversity.

(2) Review of systems. The psychologist shall integrate information learned from patient reports, signs, symptoms, and a review of each major body system, recognizing normal developmental variations.

(3) Medical history interview. The psychologist shall systematically conduct a patient clinical interview, producing a patient's medical, surgical, psychiatric, and medication history, as well as a family medical and psychiatric history, and be able to communicate the findings in written and verbal form.

(4) Assessment indications and interpretation. The psychologist shall order and interpret appropriate tests (e.g., psychometric, laboratory, and radiological) for the purpose of making a differential diagnosis and monitoring therapeutic and adverse effects of treatment.

(5) Differential diagnosis. The psychologist shall determine primary and alternate diagnoses using established diagnostic criteria.

(6) Integrated treatment planning. The psychologist shall identify and select, using all available data, the most appropriate treatment alternatives, including medication, psychosocial, and combined treatments, and sequence treatment within the larger biopsychosocial context.

(7) Consultation and collaboration. The psychologist shall understand the parameters of the role of a prescribing psychologist and work with other professionals, including a patient's primary care physician, in an advisory or collaborative manner to effectively treat a patient.

(8) Treatment management. The psychologist shall apply, monitor, and modify as needed the treatment of a patient and learn to write valid and complete prescriptions.

(9) Medical documentation. The psychologist shall demonstrate appropriate medical documentation for the patient-psychologist interaction to include subjective and objective assessment; mental status,

physical examination findings, or both; formulation; diagnostic impression; and comprehensive treatment plan.

g. Informed consent. At the initial contact, the psychologist shall inform the patient, or the patient's legal guardian when appropriate, of the psychologist's training role in the practicum. The psychologist shall provide sufficient information regarding the expectations and requirements of the practicum to obtain informed consent and appropriate releases. Upon request, the psychologist shall provide additional information regarding the psychologist's education, training, or experience.

h. Training documentation. The psychologist and the training director shall maintain documentation regarding all patients observed, evaluated, and treated by the psychologist as part of the practicum. The documentation shall clearly identify the training physician for each patient. The psychologist and the training director shall maintain documentation of all practicum hours, including the dates, times, and locations of all practicum hours, and documentation of completion of the milestones defined in these rules. The applicant shall provide additional documentation to the board upon request.

i. Certification. The training physician(s) and the training director shall certify on forms provided by the board that the psychologist has successfully completed the minimum number of practicum hours, treated the minimum number of patients, and demonstrated competence in the evaluation and treatment of patients with mental disorders through pharmacological intervention through completion of the milestones defined in these rules.

889.3(4) Examination. A psychologist shall pass the Psychopharmacology Examination for Psychologists (PEP) administered by the APA Practice Organization's College of Professional Psychology or by the Association of State and Provincial Psychology Boards. The passing score utilized by the board shall be the passing score recommended by the test administrator. The examination score shall be sent directly from the testing service to the board.

[ARC 8149C, IAB 7/24/24, effective 8/28/24; Editorial change: IAC Supplement 9/18/24]

481—889.4(148,154B) Supervised practice as a conditional prescribing psychologist—joint rule. A conditional prescribing psychologist shall complete a minimum of two years of supervised practice in prescribing psychotropic medications to patients with mental disorders in accordance with this rule to be eligible to apply for a prescription certificate.

889.4(1) Supervision plan. Prior to issuing a conditional prescription certificate, the board shall review and approve the proposed supervision plan.

a. The proposed supervision plan must include the following:

(1) Conditional prescribing psychologist information. The plan must include the name, license number, address, telephone number, and email address of the supervisee.

(2) Supervising physician information. The plan must include the name, license number, date of licensure, area of specialization, address, telephone number, and email address of each supervising physician.

(3) Primary supervising physician. The plan must include a designation of the primary supervising physician.

(4) Period of supervision. The plan must include the beginning date of the supervision plan and estimated date of completion.

(5) Locations and settings. The plan must include a description of the locations and settings where and with whom supervision will occur.

(6) Scope of practice. The plan must include a description of the scope of practice of the conditional prescribing psychologist, including any limitations on the types of psychotropic medications that may be prescribed and the patient populations to which a prescription may be issued and including the expectations and responsibilities of the supervising physician.

(7) Release of information. The plan must include a provision requiring the conditional prescribing psychologist to obtain a release of information from all patients who are considered for psychopharmacological intervention, authorizing the conditional prescribing psychologist to share the patient's health information with the supervising physician.

(8) Consultation between the conditional prescribing psychologist and the supervising physician. The plan must include a provision requiring that the conditional prescribing psychologist consult with the

supervising physician on a regular basis regarding a patient's psychotropic treatment plan and any potential complications. A conditional prescribing psychologist shall not prescribe a new psychotropic medication, discontinue a psychotropic medication, or change the dosage of a psychotropic medication if the supervising physician objects on the basis of a contraindication.

(9) Consultation between the supervising physician and the primary care physician. The plan must include a provision requiring that the supervising physician consult with the patient's primary care physician on a regular basis regarding the patient's psychotropic treatment plan and any potential complications.

(10) Termination of the supervision plan. The plan must include a description of how the supervision plan may be terminated and the process for notifying affected patients.

(11) Signatures. The plan must include signatures of the psychologist and all supervising physicians.

b. A conditional prescribing psychologist shall inform the board of any amendments to the conditional prescribing psychologist's supervision plan, including the addition of any supervising physicians, within 30 days of the change. Amendments to a supervision plan are subject to board approval.

c. The board shall transmit all approved supervision plans and approved amendments to the board of medicine.

889.4(2) Responsibilities of a supervising physician. A supervising physician shall provide supervision in accordance with rules established by the board of medicine.

889.4(3) Responsibilities of a conditional prescribing psychologist. At the initial contact, a conditional prescribing psychologist shall inform a patient, or a patient's legal guardian when appropriate, that the conditional prescribing psychologist is practicing under the supervision of a physician for purposes of prescribing psychotropic medication and shall provide the name of the supervising physician. A conditional prescribing psychologist shall provide sufficient information regarding the supervision requirements to obtain informed consent and appropriate releases. Upon request, a conditional prescribing psychologist shall provide additional information regarding the conditional prescribing psychologist's education, training, or experience with respect to prescribing psychotropic medications.

889.4(4) Specialization. A conditional prescribing psychologist shall complete the following training during the supervised practice period to be eligible to prescribe psychotropic medications to the respective population as a prescribing psychologist:

a. *Children.* To prescribe to patients who are less than 17 years of age, a conditional prescribing psychologist shall complete at least one year of the required two years of supervised practice in either:

(1) A pediatric practice,

(2) A child and adolescent practice, or

(3) A general practice provided the conditional prescribing psychologist treats a minimum of 50 patients who are less than 17 years of age.

b. *Elderly patients.* To prescribe to patients who are over 65 years of age, a conditional prescribing psychologist shall complete at least one year of the required two years of supervised practice in either:

(1) A geriatric practice, or

(2) A general practice with patients across the lifespan including patients who are over 65 years of age.

c. *Serious medical conditions.* To prescribe to patients with serious medical conditions including but not limited to heart disease, cancer, stroke, seizures, or comorbid psychological conditions, or patients with developmental disabilities and intellectual disabilities, a conditional prescribing psychologist shall complete at least one year prescribing psychotropic medications to patients with serious medical conditions.

889.4(5) Completion of supervised practice. A conditional prescribing psychologist shall see a minimum of 300 patients over a minimum of two years to complete the supervised practice period, provided each of the 300 patients has a diagnosed mental disorder and pharmacological intervention is considered as a treatment option, even if a decision is made not to prescribe a psychotropic medication to the patient. A conditional prescribing psychologist shall treat a minimum of 100 patients with psychotropic medication throughout the supervised practice period.

a. At the conclusion of the supervised practice period, a primary supervising physician shall certify the following:

- (1) Supervision was provided in accordance with rules established by the board of medicine.
- (2) A conditional prescribing psychologist has successfully completed two years of supervised practice, considered at least 300 patients for psychopharmacological intervention, and treated at least 100 patients with psychotropic medications.
- (3) A conditional prescribing psychologist intending to specialize in the psychological care of children or elderly persons, or persons with serious medical conditions, has completed the requirements of subrule 889.4(4).
- (4) A conditional prescribing psychologist has successfully completed the supervised practice period and demonstrated competence in psychopharmacology by demonstrating competency in the milestones listed in paragraph 889.3(3) “f” sufficient to obtain a prescription certificate.

b. If a conditional prescribing psychologist is unable to successfully complete the supervised practice period prior to the expiration of the conditional prescription certificate, the conditional prescribing psychologist may request an extension of the conditional prescription certificate provided that the conditional prescribing psychologist can demonstrate that the conditional prescribing psychologist is likely to successfully complete the supervised practice within the extended time requested. Any requests for extension must be submitted to and approved by both the board and the board of medicine.

[ARC 8149C, IAB 7/24/24, effective 8/28/24; Editorial change: IAC Supplement 9/18/24]

481—889.5(154B) Prescription certificate. A prescription certificate shall authorize a psychologist to prescribe psychotropic medications to patients with mental disorders in accordance with the requirements of this chapter.

889.5(1) Application. Unless a basis for denial exists in accordance with rule 481—889.9(154B), the board shall issue a prescription certificate to a conditional prescribing psychologist who satisfies the following requirements:

- a. Holds an active license to practice psychology in Iowa, an active health service provider certification issued by the board, and an active conditional prescription certificate. The license, certification, and certificate must all be in good standing.
- b. Submits documentation regarding successful completion of the supervised practice period.
- c. Submits a collaborative practice agreement in accordance with rule 481—889.8(148,154B).
- d. Possesses malpractice insurance that covers the prescribing of psychotropic medications.
- e. Submits a completed application and a nonrefundable application fee of \$60.

889.5(2) Initial term and renewal. An initial prescription certificate shall be valid through the current expiration date of the applicant’s psychologist license. Thereafter, a prescription certificate shall be renewed biennially concurrent with the renewal of the psychologist license. A prescribing psychologist may renew a prescription certificate by submitting a completed renewal application and a nonrefundable application fee of \$60. A prescribing psychologist is responsible for renewing the prescription certificate prior to its expiration.

889.5(3) Continuing education required. A prescribing psychologist shall complete a minimum of 20 hours of continuing education in psychopharmacology each year. A total of 40 hours of continuing education in psychopharmacology is required to renew a prescription certificate. These hours are separate from, and in addition to, the continuing education hours needed to renew a psychologist license pursuant to 481—Chapter 886. If a psychologist specializes in treating children, a minimum of 10 hours of continuing education in psychopharmacology each year, for a total of 20 hours of continuing education per renewal period, must be directly related to prescribing psychotropic medication to children.

889.5(4) Late renewal. A prescription certificate shall become late when it has not been renewed prior to the expiration date. To renew a late prescription certificate, a prescribing psychologist shall complete the renewal requirements and submit a late fee of \$60 within 30 days following the prescription certificate expiration date. A prescribing psychologist who fails to renew a prescription certificate within 30 days following the prescription certificate expiration date shall have an inactive prescription certificate. A psychologist whose prescription certificate is inactive continues to hold the privilege of certification in Iowa but may not prescribe psychotropic medications until the prescription certificate is reactivated.

889.5(5) *Reactivation.* To apply for reactivation of an inactive prescription certificate, a psychologist shall submit a completed reactivation application, a nonrefundable fee of \$60, and documentation of a minimum of 40 hours of continuing education in psychopharmacology taken within the preceding two years. If a prescription certificate has been inactive for more than five years, a psychologist shall demonstrate competence in psychopharmacology through one of the following means:

- a. Practiced as a prescribing psychologist in another jurisdiction in the preceding two years.
- b. Completed a period of supervised practice for a minimum of 12 months. The board may issue a conditional prescription certificate to complete a supervised practice period for purposes of prescription certificate reactivation.

[ARC 8149C, IAB 7/24/24, effective 8/28/24; Editorial change: IAC Supplement 9/18/24]

481—889.6(148,154B) Prescribing—joint rule. This rule applies to both conditional prescribing psychologists and prescribing psychologists. A psychologist shall comply with all prescription requirements described in 657—subrule 8.19(1). The following limits apply to a psychologist’s prescriptive authority:

1. A psychologist shall only prescribe psychotropic medications for the treatment of mental disorders.
2. A psychologist shall only prescribe psychotropic medications in situations where the psychologist has adequate education and training to safely prescribe.
3. A prescription shall identify the prescriber as a “psychologist certified to prescribe” and shall include the Iowa license number of the psychologist.
4. A prescription issued by a conditional prescribing psychologist shall contain the name of the supervising physician overseeing the care of the patient.
5. A psychologist shall not delegate prescriptive authority to any other person.
6. A psychologist is prohibited from prescribing narcotics as defined in Iowa Code section 124.101.
7. A psychologist shall maintain an active DEA registration and an active CSA registration in order to dispense, prescribe, or administer controlled substances.
8. A psychologist shall not self-prescribe nor prescribe to any person who is a member of the psychologist’s immediate family or household.
9. Before prescribing a psychotropic medication that is classified as a controlled substance, a psychologist shall check the patient’s prescriptive profile using the Iowa prescription monitoring program.
10. To prescribe to a patient who is pregnant or lactating, a psychologist shall consult with the patient’s obstetrician-gynecologist or the physician managing the patient’s pregnancy or postpartum care regarding all prescribing decisions. A psychologist shall not prescribe a psychotropic medication to a patient if the patient’s obstetrician-gynecologist or the physician managing care objects on the basis of a contraindication.
11. To prescribe to a patient who has a serious medical condition, including but not limited to heart disease, kidney disease, liver disease, cancer, stroke, seizures, or comorbid psychological conditions, or to a patient who has a developmental or intellectual disability, a psychologist shall consult with the physician who is managing the comorbid condition for that patient regarding all prescribing decisions. A psychologist shall not prescribe a psychotropic medication if the patient’s physician objects on the basis of a contraindication.
12. A psychologist shall not prescribe a new psychotropic medication, discontinue a psychotropic medication, or change the dosage of a psychotropic medication if the supervising physician or collaborating primary care provider objects on the basis of a contraindication.

[ARC 8149C, IAB 7/24/24, effective 8/28/24; Editorial change: IAC Supplement 9/18/24]

481—889.7(148,154B) Consultation with primary care providers—joint rule. This rule applies to both conditional prescribing psychologists and prescribing psychologists. A psychologist shall maintain a cooperative relationship with the primary care provider who oversees a patient’s general medical care to ensure that necessary medical examinations are conducted, the psychotropic medication is appropriate for the patient’s medical conditions, and significant changes in the patient’s medical or psychological condition are discussed.

889.7(1) *Requirement for a primary care provider.* A patient must have a designated primary care provider who engages in the practice of family medicine, internal medicine, neurology, pediatrics, obstetrics and gynecology, or psychiatry in order for a psychologist to have the ability to prescribe psychotropic medications to the patient. If a patient does not have a designated primary care provider, a psychologist shall refer the patient to a primary care provider prior to prescribing psychotropic medications to the patient. A psychologist shall not prescribe psychotropic medications to a patient until the patient has established care with a primary care provider.

889.7(2) *Requirement for a release.* A psychologist shall obtain a release of information from the patient, or the patient's legal guardian when appropriate, authorizing the sharing of the patient's health information between the psychologist and the patient's primary care provider. A psychologist shall not prescribe psychotropic medications to a patient who refuses to sign a release.

889.7(3) *Cooperation and consultation with primary care provider.* A psychologist shall contact each patient's primary care provider on at least a quarterly basis and shall contact the primary care provider to relay information regarding the care of a patient whenever the following occur:

- a. A psychologist is considering adding a new psychotropic medication to a patient's medication regimen. A psychologist shall not prescribe a new psychotropic medication if the patient's primary care provider objects on the basis of a contraindication.
- b. A psychologist is discontinuing or changing the dosage of a psychotropic medication.
- c. A patient experiences adverse effects from any medication prescribed by the psychologist that may be related to the patient's medical condition.
- d. A psychologist receives the results of laboratory tests related to the medical care of a patient.
- e. A psychologist notes a change in a patient's mental condition that may affect the patient's medical treatment.

[ARC 8149C, IAB 7/24/24, effective 8/28/24; Editorial change: IAC Supplement 9/18/24]

481—889.8(148,154B) Collaborative practice—joint rule.

889.8(1) A prescribing psychologist shall have one or more collaborating physicians at all times, as evidenced by a current collaborative practice agreement. Prior to executing a collaborative practice agreement, a prescribing psychologist and a collaborating physician shall review and discuss each other's relevant education, training, experience, and competencies to determine whether a collaborative practice is appropriate and to facilitate drafting a suitable collaborative practice agreement. A collaborative relationship between a prescribing psychologist and a collaborating physician shall ensure patient safety and optimal clinical outcomes. Collaboration may be done in person or via electronic communication in accordance with these rules. A physician shall not serve as a collaborating physician for more than two prescribing psychologists at one time. A prescribing psychologist shall not prescribe without a current written collaborative practice agreement with a collaborating physician in place. All collaborative relationships shall be reviewed and evaluated on an annual basis to ensure that the prescribing psychologist is competent to safely prescribe psychotropic medications to patients and that the collaborating physician is providing appropriate feedback to the prescribing psychologist. A collaborative practice agreement shall establish the parameters of the collaborative practice that are mutually agreed upon by the prescribing psychologist and the collaborating physician and shall be reviewed on an annual basis.

889.8(2) A collaborative practice agreement shall include the following:

- a. *Prescribing psychologist information.* The name, license number, DEA registration number, CSA registration number, address, telephone number, email address, and practice locations of the prescribing psychologist.
- b. *Collaborating physician information.* The name, license number, DEA registration number, CSA registration number, address, telephone number, email address, and practice locations of the collaborating physician.
- c. *Time period.* The time period covered by the agreement.
- d. *Locations and settings.* The locations and settings where collaborative practice will occur.
- e. *Collaboration.* A provision indicating that the collaborating physician and prescribing psychologist shall ensure that the collaborating physician is available for timely collaboration with a prescribing psychologist, either in person or via electronic communication, in accordance with these rules.

f. Scope of practice. The scope of practice agreed upon by the collaborating physician and the prescribing psychologist, as it relates to the prescribing psychologist's prescribing of psychotropic medications, including provisions to ensure that the prescribing psychologist's practice complies with all provisions of these rules.

g. Clinical protocols, practice guidelines, and care plans. Clinical protocols, practice guidelines, and care plans relevant to the scope of practice authorized.

h. Methods of communication. A description of how a prescribing psychologist and a collaborating physician may contact each other for consultation.

i. Limitations on psychotropic medications. A description of any limitations on the range of psychotropic medications the prescribing psychologist may prescribe. The collaborative practice agreement shall also include a provision indicating that the collaborating physician and prescribing psychologist shall ensure that the prescribing psychologist only prescribes psychotropic medications that are consistent with the prescribing psychologist's education, training, experience, and competence.

j. Limitations on patient populations. A description of any limitations on the types of populations that the prescribing psychologist may treat with psychotropic medications. The collaborative practice agreement shall also include a provision indicating that the collaborating physician and prescribing psychologist shall ensure that the prescribing psychologist only provides psychopharmacology services to patient populations that are within the prescribing psychologist's education, training, experience, and competence.

k. Release of information. A provision requiring the prescribing psychologist to obtain a release of information from all patients who are considered for psychopharmacological intervention, authorizing the prescribing psychologist to share the patient's health information with the collaborating physician.

l. Chart review. A provision indicating that the collaborating physician and prescribing psychologist shall ensure that the collaborative physician personally reviews and documents review of at least 10 percent of the prescribing psychologist's patient charts on a quarterly basis in each of the following categories:

- (1) Juvenile patients,
- (2) Pregnant or lactating patients,
- (3) Elderly patients,
- (4) Patients with serious medical conditions, and
- (5) All other patients.

m. Annual review. A provision requiring an annual review and evaluation of the collaborative relationship and the collaborative practice agreement.

n. Consultation between the prescribing psychologist and the collaborating physician. A provision requiring that the prescribing psychologist consult with the collaborating physician on a regular basis regarding the patient's psychotropic treatment plan and any potential complications. A prescribing psychologist shall not prescribe a new psychotropic medication, discontinue a psychotropic medication, or change the dosage of a psychotropic medication if the collaborating physician objects on the basis of a contraindication.

o. Consultation between the collaborating physician and the primary care provider. A provision requiring that the collaborating physician consult with the patient's primary care provider on a regular basis regarding the patient's psychotropic treatment plan and any potential complications.

p. Termination. A provision describing how the agreement can be terminated and the process for notifying affected patients if there will be an interruption in services.

q. Signatures. Signatures of the prescribing psychologist and all collaborating physicians.

[ARC 8149C, IAB 7/24/24, effective 8/28/24; Editorial change: IAC Supplement 9/18/24]

481—889.9(154B) Grounds for discipline. The board may deny, suspend, revoke, or impose other discipline as outlined in 481—Chapter 504 against a psychologist who holds a conditional prescription certificate or prescription certificate for any of the following:

- 889.9(1)** Violating any of the grounds for discipline set forth in rule 481—887.2(147,272C).
- 889.9(2)** The inability to safely prescribe psychotropic medications.
- 889.9(3)** Prescribing medications in violation of rule 481—889.6(148,154B).
- 889.9(4)** Repeatedly failing to cooperate and collaborate with primary care physicians.

889.9(5) Prescribing psychotropic medications without a current written collaborative practice agreement.

889.9(6) Failing to maintain malpractice insurance that covers the prescribing of psychotropic medications.

889.9(7) Practicing outside the scope of a collaborative practice agreement.

889.9(8) Prescribing medications while the conditional prescription certificate or prescription certificate is inactive, or prescribing controlled substances while the DEA registration or CSA registration is not current.

889.9(9) Having a conditional prescription certificate or prescription certificate disciplined by the licensing authority of another state.

889.9(10) Having a license or health service provider certification disciplined by the board or the licensing authority of another state.

[ARC 8149C, IAB 7/24/24, effective 8/28/24; Editorial change: IAC Supplement 9/18/24]

481—889.10(154B) List of psychologists. The board shall maintain a list of all current conditional prescribing psychologists and prescribing psychologists. The list shall be transmitted annually to the board of medicine.

889.10(1) Information. The list shall include the name of the psychologist, license number, license expiration date, expiration date of the conditional prescription certificate or prescription certificate, and practice locations.

889.10(2) Additions and deletions. When a psychologist is added or removed from the list, the board shall notify the board of medicine of the addition or deletion.

[ARC 8149C, IAB 7/24/24, effective 8/28/24; Editorial change: IAC Supplement 9/18/24]

481—889.11(148,154B) Complaints—joint rule. Any complaint received by the board alleging a violation of this chapter shall be forwarded to the board of medicine. Any complaint received by the board of medicine alleging a violation of this chapter shall be forwarded to the board.

[ARC 8149C, IAB 7/24/24, effective 8/28/24; Editorial change: IAC Supplement 9/18/24]

481—889.12(148,154B) Joint waiver—joint rule. Any rule identified as a joint rule may only be waived upon approval by both the board and the board of medicine.

[ARC 8149C, IAB 7/24/24, effective 8/28/24; Editorial change: IAC Supplement 9/18/24]

481—889.13(148,154B) Amendment—joint rule. Any rule identified as a joint rule may only be amended by agreement of the board and board of medicine through a joint rulemaking process.

[ARC 8149C, IAB 7/24/24, effective 8/28/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code chapters 148 and 154B.

CHAPTER 891
LICENSURE OF MARITAL AND FAMILY THERAPISTS, MENTAL HEALTH COUNSELORS,
BEHAVIOR ANALYSTS, AND ASSISTANT BEHAVIOR ANALYSTS

[Prior to 1/30/02, see 645—Chapter 30]
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 31]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/5/29

481—891.1(154D) Definitions. For purposes of these rules, the following definitions shall apply:

“*ACA*” means the American Counseling Association.

“*Active license*” means a license that is current and has not expired.

“*AMFTRB*” means the Association of Marital and Family Therapy Regulatory Boards.

“*AMHCA*” means the American Mental Health Counselors Association.

“*BACB*” means the Behavior Analyst Certification Board.

“*Board*” means the board of behavioral science.

“*CCE*” means the Center for Credentialing and Education, Inc.

“*Course*” means three graduate semester credit hours.

“*Grace period*” means the 30-day period following expiration of a license when the license is still considered to be active.

“*Inactive license*” means a license that has expired because it was not renewed by the end of the grace period.

“*Licensee*” means any person licensed to practice as a marital and family therapist, mental health counselor, behavior analyst, or assistant behavior analyst in the state of Iowa.

“*License expiration date*” means September 30 of even-numbered years for marital and family therapists and mental health counselors, and means the expiration date of the certification issued by the Behavior Analyst Certification Board for behavior analysts and assistant behavior analysts.

“*Licensure by endorsement*” means the issuance of an Iowa license to practice mental health counseling or marital and family therapy to an applicant who is or has been licensed in another state.

“*Mental health setting*” means a behavioral health setting where an applicant is providing mental health services including the diagnosis, treatment, and assessment of emotional and mental health disorders and issues.

“*NBCC*” means the National Board for Certified Counselors.

“*Reactivate*” or “*reactivation*” means the process as outlined in rule 481—891.13(17A,147,272C) by which an inactive license is restored to active status.

“*Reinstatement*” means the process as outlined in rule 481—506.31(272C) by which a licensee who has had a license suspended or revoked or who has voluntarily surrendered a license may apply to have the license reinstated, with or without conditions. Once the license is reinstated, the licensee may apply for active status.

“*Temporary license*” means a license to practice marital and family therapy or mental health counseling under direct supervision of a qualified supervisor as determined by the board by rule to fulfill the postgraduate supervised clinical experience requirement in accordance with this chapter.

[ARC 7917C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—891.2(154D) Requirements for permanent and temporary licensure as a mental health counselor or marriage and family therapist. The following criteria shall apply to licensure:

891.2(1) The applicant shall submit a completed online application for licensure and pay the nonrefundable licensure fee specified in rule 481—507.3(147,154D).

891.2(2) The applicant for a mental health counseling license shall submit two completed fingerprint cards and a signed waiver form to facilitate a national criminal history background check by the Iowa division of criminal investigation (DCI) and the Federal Bureau of Investigation (FBI). The cost of the criminal history background check by the DCI and the FBI shall be assessed to the applicant.

891.2(3) No application will be considered by the board until official copies of academic transcripts sent directly from the school to the board of behavioral science have been received by the board or an

equivalency evaluation completed by the CCE has been received by the board. The applicant shall present proof of meeting the educational requirements. Documentation of such proof shall be on file in the board office with the application and include one of the following:

a. For licensure as a marital and family therapist, an official transcript verifying completion of a marital and family therapy program accredited by the Commission on Accreditation for Marriage and Family Therapy Education (COAMFTE) as defined in subrule 891.5(1) or an equivalency evaluation of the applicant's educational credentials completed by CCE as defined in subrule 891.5(2).

b. For licensure as a mental health counselor, an official transcript verifying completion of a mental health counseling program accredited by the Council on Accreditation of Counseling and Related Educational Programs (CACREP) as defined in subrule 891.6(1) or an equivalency evaluation of the applicant's educational credentials completed by CCE as defined in subrule 891.6(2).

891.2(4) The applicant is required to take the examination(s) provided in rule 481—891.3(1).

891.2(5) The applicant for permanent licensure shall submit the required attestation of supervision forms documenting clinical experience as required in rule 481—891.7(154D).

891.2(6) The applicant for temporary licensure must submit a supervision plan to the board prior to licensure. Within 30 days of completion of the supervised clinical experience, the attestation of the completed supervised experience must be submitted to the board office. The temporary licensee shall remain under supervision until a permanent license is issued.

891.2(7) A temporary license is only valid for the purpose of fulfilling the postgraduate supervised clinical experience requirement. It is valid for three years and may be renewed at the discretion of the board.

891.2(8) A licensee who was issued an initial permanent license within six months prior to the renewal shall not be required to renew the license until the renewal date two years later.

891.2(9) An application for a temporary or permanent license will be considered active for two years from the date the application is received. If the applicant does not submit all materials within this time period or if the applicant does not meet the requirements for the license, the application shall be considered incomplete. An applicant whose application is filed incomplete must submit a new application, supporting materials, and the application fee. The board shall destroy incomplete applications after two years.

[ARC 7917C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—891.3(154D) Examination requirements for mental health counselors and marital and family therapists. The following criteria shall apply to the written examination(s):

891.3(1) The applicant will take and pass the following examinations in order to qualify for licensing:

a. For a marital and family therapist license, the AMFTRB Examination in Marital and Family Therapy.

b. For a mental health counselor license or a temporary mental health counselor license, the National Counselor Examination (NCE) of the NBCC or the National Clinical Mental Health Counselor Examination (NCMHCE) of the NBCC. For a temporary mental health counselor license, the NCE of the NBCC or the NCMHCE of the NBCC.

c. For a mental health counselor license, the NCMHCE of the NBCC.

891.3(2) The passing score on the written examination shall be the passing point criterion established by the appropriate national testing authority at the time the test was administered.

891.3(3) An applicant who is requesting approval to take the licensure examination prior to graduation shall:

a. Submit a completed online application for licensure and pay the nonrefundable licensure fee specified in rule 481—507.3(147,154D).

b. Have a letter on official school letterhead sent directly from the program director to the board indicating that the applicant is in good academic standing; that the applicant will graduate from the program within three months of the date on the letter; and the applicant's anticipated date of graduation.

[ARC 7917C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—891.4(147) Professional counselor licensing compact. The rules of the Counseling Compact Commission are incorporated by reference.

[ARC 7917C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—891.5(154D) Educational qualifications for marital and family therapists. The applicant must complete the required semester credit hours, or equivalent quarter hours, of graduate level coursework in each of the content areas identified in subrule 891.5(2); no course may be used more than once. The applicant must present proof of completion of the following educational requirements for licensure as a marital and family therapist:

891.5(1) Accredited program. Applicants must present with the application an official transcript verifying completion of a master's degree of 60 semester hours (or 80 quarter hours or equivalent) or a doctoral degree in marital and family therapy from a program accredited by the COAMFTE from a college or university accredited by an agency recognized by the United States Department of Education. Applicants who entered a program of study prior to July 1, 2010, must present with the application an official transcript verifying completion of a master's degree of 45 semester hours or the equivalent; or

891.5(2) Content-equivalent program. Applicants must present an official transcript verifying completion of a master's degree of 60 semester hours (or 80 quarter hours or equivalent) or a doctoral degree in marital and family therapy, behavioral science, or a counseling-related field from a college or university accredited by an agency recognized by the United States Department of Education, which is content-equivalent to a graduate degree in marital and family therapy. Applicants who entered a program of study prior to July 1, 2010, must present with the application an official transcript verifying completion of a master's degree of 45 semester hours or the equivalent. Graduates from non-COAMFTE-accredited marital and family therapy programs shall provide an equivalency evaluation of the graduates' educational credentials by the CCE, website cce-global.org.

[ARC 7917C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—891.6(154D) Educational qualifications for mental health counselors. The applicant must complete three semester credit hours, or equivalent quarter hours, of graduate level coursework in each of the content areas identified in subrule 891.6(2); no course may be used to fulfill more than one content area. The applicant must present proof of completion of the following educational requirements for licensure as a mental health counselor:

891.6(1) Accredited program. Applicants must present with the application an official transcript verifying completion of a master's degree of 60 semester hours (or equivalent quarter hours) or a doctoral degree in counseling with emphasis in mental health counseling from a mental health counseling program accredited by the CACREP from a college or university accredited by an agency recognized by the United States Department of Education. Applicants who entered a program of study prior to July 1, 2012, must present with the application an official transcript verifying completion of a master's degree of 45 semester hours or the equivalent; or

891.6(2) Content-equivalent program. Applicants must present an official transcript verifying completion of a master's degree or a doctoral degree from a college or university accredited by an agency recognized by the United States Department of Education that is content-equivalent to a master's degree in counseling with emphasis in mental health counseling. Graduates from non-CACREP accredited mental health counseling programs shall provide an equivalency evaluation of their educational credentials by the CCE, website cce-global.org.

891.6(3) Foreign-trained marital and family therapists or mental health counselors. Foreign-trained marital and family therapists or mental health counselors shall:

a. Provide an equivalency evaluation of their educational credentials by the following: International Education Research Foundation, Inc., Credentials Evaluation Service, P.O. Box 3665, Culver City, CA 90231-3665; telephone 310.258.9451; website www.ierf.org or email at info@ierf.org. A candidate shall bear the expense of the curriculum evaluation.

b. Receive a final determination from the board regarding the application for licensure.

[ARC 7917C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—891.7(154D) Supervised clinical experience. An applicant for licensure as a mental health counselor or marital and family therapist must complete a supervised clinical experience as set forth in this rule.

891.7(1) Minimum requirements. The supervised clinical experience must satisfy all of the following requirements:

a. Timing. The supervised clinical experience cannot begin until after all graduate coursework has been completed with the exception of the thesis.

b. Duration. The supervised clinical experience must be for a minimum of two years.

c. Minimum number of hours. The supervised clinical experience must consist of at least 3,000 hours of practice.

d. Minimum number of direct client hours. The supervised clinical experience will consist of at least 1,500 hours of direct client contact.

e. Minimum number of direct supervision hours. The supervised clinical experience will consist of at least 110 hours of direct supervision equitably distributed throughout the supervised clinical experience, including at least 24 hours of live or recorded direct observation of client interaction. A maximum of 50 hours of direct supervision may be obtained through group supervision. Direct supervision can occur in person or by using videoconferencing. After 110 hours of direct supervision are complete, ongoing direct supervision will continue to occur for the remainder of the supervised clinical experience.

f. Number of supervisors. A supervisee may utilize a maximum of four supervisors at any given time. A supervisee is responsible for notifying each supervisor if another supervisor is also being utilized to allow for coordination as appropriate.

g. Number of supervisees. A supervisor will determine the number of supervisees who can be supervised safely and competently and will not exceed that number.

h. Content. The supervised clinical experience must involve performing psychosocial assessments, diagnostic practice using the current edition of the Diagnostic and Statistical Manual of Mental Disorders (DSM-5-TR) published March 2022, and providing treatment, including the establishment of treatment goals, psychosocial therapy using evidence-based therapeutic modalities, and differential treatment planning. The supervised clinical experience will prepare the supervisee for independent practice and must include training on practice management, ethical standards, legal and regulatory requirements, documentation, coordination of care, and self-care.

891.7(2) Eligible supervisors. A supervisor must satisfy all of the following requirements:

a. Hold an active license as an independent level social worker, mental health counselor, or marital and family therapist in Iowa.

b. Have a minimum of three years of independent practice.

c. Have completed at least a six-hour continuing education course in supervision or one graduate-level course in supervision.

d. Be knowledgeable of the applicable ethical code and licensing rules governing the supervisee.

Any request for a supervisor who does not meet these requirements must be approved by the board before supervision begins.

891.7(3) Supervision plan. Prior to beginning supervision, the supervisee will submit a written supervision plan to the board using the current form published by the board. The supervisee will also submit a written supervision plan to the board prior to beginning supervision with a new supervisor.

891.7(4) Supervision report. When supervision is complete, or when a supervisor ceases providing supervision to the supervisee, the supervisee will ensure a completed supervision report using the current form published by the board is submitted to the board. If the supervisor reports that the supervisee is not adequately prepared for independent licensure, or reports violations of the board's rules or applicable ethical code, the board may require the supervisee to complete additional supervision or training as deemed appropriate prior to licensure.

891.7(5) Supervised clinical experience in other states. An applicant who completed some or all of the supervised clinical experience in another state without obtaining licensure in that state should contact the board to determine whether some or all of the supervised clinical experience that has been completed can be used to qualify for licensure in Iowa.

891.7(6) *Grandfather clause.* Any new or additional requirements imposed by this rule do not apply to supervision that started prior to July 20, 2022.

[ARC 7917C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—891.8(154D) Licensure by endorsement for mental health counselors and marital and family therapists. An applicant who has been a licensed marriage and family therapist or mental health counselor under the laws of another jurisdiction may file an application for licensure by endorsement with the board office.

891.8(1) The board may receive by endorsement any applicant from the District of Columbia or another state, territory, province or foreign country who:

- a. Meets the requirements of rule 481—891.2(154D); and
- b. Provides verification of license from the jurisdiction in which the applicant has been most recently licensed, sent directly from the jurisdiction to the board office. The applicant must also disclose any public or pending complaints against the applicant in any other jurisdiction. Web-based verification may be substituted for verification direct from the jurisdiction's board office if the verification provides:

- (1) Licensee's name;
- (2) Date of initial licensure;
- (3) Current licensure status; and
- (4) Any disciplinary action taken against the license.

891.8(2) In lieu of meeting the requirements of subrules 891.2(4) and 891.2(5), applicants who meet the qualifications below may instead submit documentation demonstrating how each of the qualifications below is satisfied:

- a. The applicant possesses a master's degree or higher in mental health counseling or marital and family therapy or an equivalent counseling-related field; and
- b. The applicant does not have any past or pending disciplinary action from any state licensing boards related to any mental health counseling or marital and family therapy license currently or previously held by the applicant.

891.8(3) A person who is licensed in another jurisdiction but who is unable to satisfy the requirements for licensure by endorsement may apply for licensure by verification, if eligible, in accordance with rule 481—501.1(272C).

[ARC 7917C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—891.9(147) Licensure of behavior analysts and assistant behavior analysts.

891.9(1) The applicant must submit a completed application for licensure and pay the nonrefundable licensure fee specified in rule 481—507.3(147,154D).

891.9(2) For licensure as a behavior analyst, the applicant shall submit proof of current BACB certification as a board-certified behavior analyst or board-certified behavior analyst-doctoral. For licensure as an assistant behavior analyst, the applicant shall submit proof of current BACB certification as a board-certified assistant behavior analyst.

[ARC 7917C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—891.10(147) License renewal for mental health counselors and marriage and family therapists.

891.10(1) The biennial license renewal period for a license to practice marital and family therapy or mental health counseling shall begin on October 1 of an even-numbered year and end on September 30 of the next even-numbered year. The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive notice from the board does not relieve the licensee of the responsibility for renewing the license.

891.10(2) A licensee seeking renewal shall:

- a. Meet the continuing education requirements of rule 481—892.2(272C). A licensee whose license was reactivated during the current renewal compliance period may use continuing education credit earned during the compliance period for the first renewal following reactivation; and
- b. Submit the completed renewal application and renewal fee before the license expiration date.

An individual who was issued a license within six months of the license renewal date will not be required to renew the license until the next renewal two years later.

891.10(3) Mandatory reporter training requirements.

a. A licensee who, in the scope of professional practice or in the licensee's employment responsibilities, examines, attends, counsels or treats children in Iowa shall indicate on the renewal application completion of two hours of training in child abuse identification and reporting as required by Iowa Code section 232.69(3) "b" in the previous three years or condition(s) for waiver of this requirement as identified in paragraph 31.10(3) "d."

b. A licensee who, in the course of employment, examines, attends, counsels or treats adults in Iowa shall indicate on the renewal application completion of two hours of training in dependent adult abuse identification and reporting as required by Iowa Code section 235B.16(5) "b" in the previous three years or condition(s) for waiver of this requirement as identified in paragraph 31.10(3) "d."

c. The licensee shall maintain written documentation for five years after mandatory training as identified in paragraphs 31.10(3) "a" and "b," including program date(s), content, duration, and proof of participation.

d. The requirement for mandatory training for identifying and reporting child and dependent adult abuse shall be suspended if the board determines that suspension is in the public interest or that a person at the time of license renewal:

(1) Is engaged in active duty in the military service of this state or the United States.

(2) Holds a current waiver by the board based on evidence of significant hardship in complying with training requirements, including an exemption of continuing education requirements or extension of time in which to fulfill requirements due to a physical or mental disability or illness as identified in 481—Chapter 500.

e. The board may select licensees for audit of compliance with the requirements in paragraphs 31.10(3) "a" to "d."

891.10(4) Upon receiving the information required by this rule and the required fee, board staff shall administratively issue a two-year license. In the event the board receives adverse information on the renewal application, the board shall issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

891.10(5) A person licensed to practice as a marital and family therapist or mental health counselor shall keep the person's license certificate and wallet card displayed in a conspicuous public place at the primary site of practice.

891.10(6) Late renewal. The license shall become late when the license has not been renewed by the expiration date on the wallet card. The licensee shall be assessed a late fee as specified in 481—subrule 507.3(3). To renew a late license, the licensee shall complete the renewal requirements and submit the late fee within the grace period.

891.10(7) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice mental health counseling or marital and family therapy in Iowa until the license is reactivated. A licensee who practices mental health counseling or marital and family therapy in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

[ARC 7917C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—891.11(272C) Initial licensing, reactivation, and license renewal for behavior analysts and assistant behavior analysts.

891.11(1) An initial license for a behavior analyst or assistant behavior analyst shall be issued with the same expiration date as the applicant's current certification issued by BACB.

891.11(2) The biennial license renewal period for a behavior analyst or assistant behavior analyst shall run concurrent with the licensee's BACB certification. Each license renewed shall be given the expiration date that is on the licensee's current BACB certification. The licensee is responsible for

renewing the license prior to its expiration. Failure of the licensee to receive notice from the board does not relieve the licensee of the responsibility for renewing the license.

891.11(3) A licensee seeking renewal shall:

- a. Meet the continuing education requirements required by BACB to renew a certification.
- b. Maintain current certification as a board-certified behavior analyst, board-certified behavior analyst-doctoral, or board-certified assistant behavior analyst issued by BACB.
- c. Submit the completed renewal application and renewal fee before the license expiration date.

891.11(4) Upon receiving the information required by this rule and the required fee, board staff shall administratively issue a license. In the event the board receives adverse information on the renewal application, the board shall issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

891.11(5) A person licensed as a behavior analyst or assistant behavior analyst shall keep the person's license certificate and renewal displayed in a conspicuous public place at the primary site of practice.

891.11(6) Late renewal. The license shall become late when the license has not been renewed by the expiration date on the renewal. The licensee shall be assessed a late fee as specified in 481—subrule 507.3(5). To renew a late license, the licensee shall complete the renewal requirements and submit the late fee within the grace period.

891.11(7) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not engage in the practice of applied behavior analysis for which a license is required in Iowa until the license is reactivated. A licensee who practices applied behavior analysis in a capacity that requires licensure in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

891.11(8) Reactivation. To apply for reactivation of an inactive license, a licensee shall submit a completed renewal application and proof of current certification and shall be assessed a reactivation fee as specified in 481—subrule 507.3(6).

[ARC 7917C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—891.12(147) Licensee recordkeeping.

891.12(1) A licensee shall maintain sufficient, timely, and accurate documentation in client records.

891.12(2) For purposes of this rule, “client” means the individual, couple, family, or group to whom a licensee provides direct clinical services.

891.12(3) A licensee's records shall reflect the services provided, facilitate the delivery of services, and ensure continuity of services in the future.

891.12(4) Clinical services. A licensee who provides clinical services in any employment setting, including private practice, shall:

a. Store records in accordance with state and federal statutes and regulations governing record retention and with the guidelines of the licensee's employer or agency, if applicable. If no other legal provisions govern record retention, a licensee shall store all client records for a minimum of seven years after the date of the client's discharge or death, or, in the case of a minor, for three years after the client reaches the age of majority under state law or seven years after the date of the client's discharge or death, whichever is longer.

b. Maintain timely records that include subjective and objective data, an assessment, a treatment plan, and any revisions to the assessment or plan made during the course of treatment.

c. Provide the client with reasonable access to records concerning the client. A licensee who is concerned that a client's access to the client's records could cause serious misunderstanding or harm to the client shall provide assistance in interpreting the records and consultation with the client regarding the records. A licensee may limit a client's access to the client's records, or portions of the records, only in exceptional circumstances when there is compelling evidence that such access would cause serious harm to the client. Both the client's request for access and the licensee's rationale for withholding some or all of a record shall be documented in the client's records.

d. Take steps to protect the confidentiality of other individuals identified or discussed in any records to which a client is provided access.

891.12(5) Electronic recordkeeping. The requirements of this rule apply to electronic records as well as to records kept by any other means. When electronic records are kept, the licensee shall ensure that a duplicate hard-copy record or a backup, unalterable electronic record is maintained.

891.12(6) Correction of records.

a. Hard-copy records. Original notations shall be legible, written in ink, and contain no erasures or whiteouts. If incorrect information is placed in the original record, it must be crossed out with a single, nondeleting line and be initialed and dated by the licensee.

b. Electronic records. If a record is stored in an electronic format, the record may be amended with a signed addendum attached to the record.

891.12(7) Confidentiality and transfer of records. Marital and family therapists or mental health counselors shall preserve the confidentiality of client records in accordance with their respective rules of conduct and with federal and state law. Upon receipt of a written release or authorization signed by the client, the licensee shall furnish such therapy records, or copies of the records, as will be beneficial for the future treatment of that client. A fee may be charged for duplication of records, but a licensee may not refuse to transfer records for nonpayment of any fees. A written request may be required before transferring the record(s).

891.12(8) Retirement, death or discontinuance of practice.

a. If a licensee is retiring or discontinuing practice and is the owner of a practice, the licensee shall notify in writing all active clients and, upon knowledge and agreement of the clients, shall make reasonable arrangements with those clients to transfer client records, or copies of those records, to the succeeding licensee.

b. Upon a licensee's death:

(1) The licensee's employer or representative must ensure that all client records are transferred to another licensee or entity that is held to the same standards of confidentiality and agrees to act as custodian of the records.

(2) The licensee's employer or representative shall notify each active client that the client's records will be transferred to another licensee or entity that will retain custody of the records and that, at the client's written request, the records will be sent to the licensee or entity of the client's choice.

891.12(9) Nothing stated in this rule shall prohibit a licensee from conveying or transferring the licensee's client records to another licensed individual who is assuming a practice, provided that written notice is furnished to all clients.

[ARC 7917C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—891.13(17A,147,272C) License reactivation for mental health counselors and marital and family therapists. To apply for reactivation of an inactive license, a licensee shall:

891.13(1) Submit a reactivation application.

891.13(2) Pay the reactivation fee that is due as specified in 481—Chapter 507.

891.13(3) Provide:

a. Verification of license from the jurisdiction in which the applicant has been most recently licensed, sent directly from the jurisdiction to the board office. The applicant must also disclose any public or pending complaints against the applicant in any other jurisdiction. Web-based verification may be substituted for verification direct from the jurisdiction's board office if the verification provides:

- (1) Licensee's name;
- (2) Date of initial licensure;
- (3) Current licensure status; and
- (4) Any disciplinary action taken against the license; and

b. Verification of a current active license in another jurisdiction at the time of application or verification of completion of continuing education taken within two years of the application. If the license has been inactive for less than five years, the applicant must submit verification of 40 hours of continuing education, and if the license has been inactive for more than five years, the applicant must submit verification of 80 hours of continuing education.

[ARC 7917C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—891.14(17A,147,272C) License reinstatement. A licensee whose license has been revoked, suspended, or voluntarily surrendered must apply for and receive reinstatement of the license in accordance with rule 481—506.31(272C) and must apply for and be granted reactivation of the license in accordance with rule 481—891.13(17A,147,272C) or subrule 891.11(8) prior to practicing mental health counseling, marital and family therapy, or applied behavior analysis in this state.

[ARC 7917C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—891.15(154D) Marital and family therapy and mental health counselor services subject to regulation. Marital and family therapy and mental health counselor services provided to an individual in this state through telephonic, electronic or other means, regardless of the location of the marital and family therapy and mental health counselor, shall constitute the practice of marital and family therapy and mental health counseling and shall be subject to regulation in Iowa.

[ARC 7917C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—891.16(154D) Temporary licensees. A temporary licensee shall engage only in the practice of marital and family therapy or mental health counseling as part of an agency or group practice with oversight over the temporary licensee. The agency or group practice shall have at least one independently licensed mental health provider. A temporary licensee shall not practice as a solo practitioner or solely with other temporary licensees.

[ARC 7917C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

◇ Two or more ARCs

¹ February 18, 2009, effective date of amendments to 645—31.4(154D) to 645—31.8(154D), **ARC 7476B**, Items 5 to 9, delayed 70 days by the Administrative Rules Review Committee at its meeting held February 6, 2009.

CHAPTER 892
CONTINUING EDUCATION FOR MARITAL AND
FAMILY THERAPISTS AND MENTAL HEALTH COUNSELORS

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 32]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/5/29

481—892.1(272C) Definitions. For the purpose of these rules, the following definitions will apply:

“*Active license*” means the license is current and has not expired.

“*Approved program/activity*” means a continuing education program/activity meeting the standards set forth in these rules.

“*Audit*” means the selection of licensees for verification of satisfactory completion of continuing education requirements during a specified time period.

“*Board*” means the board of behavioral science.

“*Continuing education*” means planned, organized learning acts designed to maintain, improve, or expand a licensee’s knowledge and skills in order for the licensee to develop new knowledge and skills relevant to the enhancement of practice, education, or theory development to improve the safety and welfare of the public.

“*Hour of continuing education*” means at least 50 minutes spent by a licensee in actual attendance at and completion of approved continuing education activity.

“*Inactive license*” means a license that has expired because it was not renewed by the end of the grace period. The category of “inactive license” may include licenses formerly known as lapsed, inactive, delinquent, closed, or retired.

“*Independent study*” means a continuing education program or activity that a licensee pursues autonomously that includes a posttest and meets the general criteria in subrule 892.3(1).

“*License*” means license to practice.

“*Licensee*” means any person licensed to practice marital and family therapy or mental health counseling in the state of Iowa.

[ARC 7918C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—892.2(272C) Continuing education requirements.

892.2(1) The biennial continuing education compliance period shall extend for a 25-month period beginning on September 1 of the even-numbered year and ending on September 30 of the next even-numbered year. Each biennium, each person who is licensed to practice as a licensee in this state is required to complete a minimum of 40 hours of continuing education that meets the requirements of this chapter.

892.2(2) Requirements of new licensees. Those persons licensed for the first time shall not be required to complete continuing education as a prerequisite for the first renewal of their licenses. Continuing education hours acquired any time from the initial licensing until the second license renewal may be used. The new licensee will be required to complete a minimum of 40 hours of continuing education per biennium for each subsequent license renewal.

892.2(3) Hours of continuing education credit may be obtained by attending and participating in a continuing education activity. These hours must be in accordance with these rules.

892.2(4) No hours of continuing education will be carried over into the next biennium except as stated for the second renewal. A licensee whose license was reactivated during the current renewal compliance period may use continuing education earned during the compliance period for the first renewal following reactivation.

892.2(5) It is the responsibility of each licensee to finance the cost of continuing education.

[ARC 7918C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—892.3(154D,272C) Standards.

892.3(1) *General criteria.* A continuing education activity which meets all of the following criteria is appropriate for continuing education credit if the continuing education activity:

- a. Constitutes an organized program of learning which contributes directly to the professional competency of the licensee;
- b. Pertains to subject matters which integrally relate to the practice of the profession;
- c. Is conducted by individuals who have specialized education, training and experience by reason of which said individuals should be considered qualified concerning the subject matter of the program. At the time of audit, the board may request the qualifications of presenters.
- d. Fulfills stated program goals, objectives, or both; and
- e. Provides proof of attendance to licensees in attendance including:
 - (1) Date(s), location, course title, presenter(s);
 - (2) Number of program contact hours; and
 - (3) Certificate of completion or evidence of successful completion of the course provided by the course sponsor.

892.3(2) *Specific criteria.* Continuing education hours of credit may be obtained by completing the following:

- a. Attendance at workshops, conferences, symposiums and webinars.
- b. Academic courses. Official transcripts indicating successful completion of academic courses which apply to the field of mental health counseling or marital and family therapy, as appropriate, will be necessary in order to receive the following continuing education credits:
 - 1 academic semester hour = 15 continuing education hours
 - 1 academic quarter hour = 10 continuing education hours
- c. Completion of independent study courses that meet the general criteria in subrule 892.3(1).
- d. A maximum of 20 hours of continuing education credit may be granted for any of the following activities not to exceed a combined total of 20 hours:

(1) Presenting professional programs which meet the criteria in rule 481—892.3(272C). Two hours of credit will be awarded for each hour of presentation. A course schedule or brochure must be maintained for audit. Presentation at a professional program does not include teaching a class at an institution of higher learning at which the applicant is regularly and primarily employed. Presentations to lay public are excluded.

(2) Scholarly research or other activities, the results of which are published in a recognized professional publication such as a refereed journal, monograph or conference proceedings. The scholarly research must be integrally related to the practice of the professions.

(3) Publication in a refereed journal. The article in a refereed journal for which the licensee is seeking continuing education credit must be integrally related to the practice of the professions.

(4) Teaching in an approved college, university, or graduate school. The licensee may receive credit on a one-time basis for the first offering of the course.

(5) Authoring papers, publications, and books. The licensee will receive 5 hours of credit per page with a maximum of 20 hours of credit.

(6) Serving on a state or national professional board. The licensee will receive a maximum of three hours of credit.

892.3(3) *Required specific criteria:*

- a. Three hours of the 40 continuing education hours will be in ethics.
- b. Effective with the biennial continuing education compliance period that begins October 1, 2022, persons serving in a supervisory role must complete three hours of continuing education in supervision.
- c. Effective July 1, 2019, a licensee who regularly examines, attends, counsels or treats adults in Iowa shall complete, within six months of employment or prior to the expiration of a current certification, an initial two-hour course in dependent adult abuse training for mandatory reporters offered by the department of health and human services. Thereafter, all mandatory reporters shall take a one-hour recertification training every three years, prior to the expiration of a current certification.
- d. Effective July 1, 2019, a licensee who regularly examines, attends, counsels or treats children in Iowa shall complete, within six months of employment or prior to the expiration of a current certification, an initial two-hour course in child abuse training for mandatory reporters offered by the department of

health and human services. Thereafter, all mandatory reporters shall take a one-hour recertification training every three years, prior to the expiration of a current certification.

[ARC 7918C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code section 272C.2 and chapter 154D.

CHAPTER 893
DISCIPLINE FOR MARITAL AND FAMILY THERAPISTS,
MENTAL HEALTH COUNSELORS, BEHAVIOR ANALYSTS,
AND ASSISTANT BEHAVIOR ANALYSTS

[Prior to 1/30/02, see 645—Chapter 31]
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 33]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/5/29

481—893.1(154D,272C) Grounds for discipline. The board may impose any of the disciplinary sanctions provided in rule 481—504.3(272C) when the board determines that the licensee is guilty of any of the following acts or offenses or those listed in 481—Chapter 504:

893.1(1) Failure to comply with the national association's code of ethics.

a. Marital and family therapists. Failure to comply with the current American Association for Marriage and Family Therapy (AAMFT) Code of Ethics revised January 2015, which is hereby adopted by reference. Copies of the Code of Ethics may be obtained from the AAMFT's website.

b. Mental health counselors. Failure to comply with the current Code of Ethics of the American Counseling Association (ACA) published 2014, which is hereby adopted by reference. Copies of the Code of Ethics may be obtained from the ACA website.

c. Behavior analysts and assistant behavior analysts. Failure to comply with the current Behavior Analyst Certification Board (BACB) Professional and Ethical Compliance Code for Behavior Analysts published January 2023, which is hereby adopted by reference. Copies of the Professional and Ethical Compliance Code may be obtained from the BACB website.

893.1(2) Sexual relationships.

a. Current clients. A licensee shall not engage in sexual activities or sexual contact with a client, regardless of whether such contact is consensual or nonconsensual.

b. Former clients. A licensee shall not engage in sexual activities or sexual contact with a former client within the five years following termination of the client relationship. A licensee shall not engage in sexual activities or sexual contact with a former client, regardless of the length of time elapsed since termination of the client relationship, if the client has a history of physical, emotional, or sexual abuse or if the client has ever been diagnosed with any form of psychosis or personality disorder or if the client is likely to remain in need of therapy due to the intensity or chronicity of a problem.

c. A licensee shall not engage in sexual activities or sexual contact with a client's or former client's spouse or significant other.

d. A licensee shall not engage in sexual activities or sexual contact with a client's or former client's relative within the second degree of consanguinity (client's parent, grandparent, child, grandchild, or sibling) when there is a risk of exploitation or potential harm to a client or former client.

e. A licensee shall not provide clinical services to an individual with whom the licensee has had prior sexual contact.

893.1(3) Physical contact. A licensee shall not engage in physical contact with a client when there is a possibility of psychological harm to the client as a result of the contact. A licensee who engages in appropriate physical contact with a client is responsible for setting clear, appropriate, and culturally and age-sensitive boundaries which govern such contact.

This rule is intended to implement Iowa Code chapters 17A, 147, 154D and 272C.

CHAPTER 894
ADOPTION OF UNIFORM AND MODEL RULES

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 34]

Chapter rescission date pursuant to Iowa Code section 17A.7: 8/28/29

481—894.1(17A,272C) Board of behavioral science adoption of uniform and model rules. The board hereby adopts by reference the following:

894.1(1) to **894.1(9)** Reserved.

894.1(10) Model rules for licensee review committee, 481—Chapter 505.

This rule is intended to implement Iowa Code chapter 272C.

[ARC 8148C, IAB 7/24/24, effective 8/28/24; Editorial change: IAC Supplement 9/18/24]

[Filed ARC 8148C (Notice ARC 7296C, IAB 1/24/24), IAB 7/24/24, effective 8/28/24]

[Editorial change: IAC Supplement 9/18/24]

BOARD OF SOCIAL WORK

CHAPTER 895

LICENSURE OF SOCIAL WORKERS

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 280]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/17/29

481—895.1(154C) Definitions. For purposes of these rules, the following definitions apply:

“*Active license*” means a license that is current and has not expired.

“*ASWB*” means the Association of Social Work Boards.

“*Board*” means the board of social work.

“*Grace period*” means the 30-day period following expiration of a license when the license is still considered to be active.

“*Inactive license*” means a license that has expired because it was not renewed by the end of the grace period.

“*LBSW*” means licensed bachelor social worker.

“*Licensee*” means any person licensed to practice as a social worker in the state of Iowa.

“*License expiration date*” means December 31 of even-numbered years.

“*LISW*” means licensed independent social worker.

“*LMSW*” means licensed master social worker.

“*Mandatory reporter training*” means the training requirements in Iowa Code section 232.69.

“*Reactivate*” or “*reactivation*” means the process as outlined in rule 481—895.8(17A,147,272C).

“*Reinstatement*” means the process as outlined in rule 481—506.31(272C).

[ARC 8057C, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24]

481—895.2(154C) Social work services subject to regulation. Social work services provided to an individual in this state through telephonic, electronic or other means, regardless of the location of the social worker, shall constitute the practice of social work and be subject to regulation in Iowa.

[ARC 8057C, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24]

481—895.3(154C) Requirements for licensure. The following criteria shall apply to licensure:

895.3(1) The applicant submits a completed application for licensure and pays the nonrefundable licensure fee specified in rule 481—507.19(147,154C).

895.3(2) No application will be considered by the board until official copies of academic transcripts have been received by the board except as provided in subrule 895.3(7).

895.3(3) The applicant provides verification of license from the jurisdiction in which the applicant has most recently been licensed, sent directly from the jurisdiction to the board office. The applicant must also disclose any public or pending complaints against the applicant in any other jurisdiction. Web-based verification may be substituted for verification direct from the jurisdiction’s board office if the verification provides:

- a. Licensee’s name;
- b. Date of initial licensure;
- c. Current licensure status; and
- d. Any disciplinary action taken against the license.

895.3(4) The applicant will take the examination(s) provided in rule 481—895.4(154C).

895.3(5) Licensees who were issued their initial licenses within six months prior to the renewal shall not be required to renew their licenses until the renewal date two years later.

895.3(6) Incomplete applications that have been on file in the board office for more than two years will be:

- a. Considered invalid and be destroyed; or
- b. Maintained upon written request of the applicant. The applicant is responsible for requesting that the file be maintained.

895.3(7) In lieu of the requirements in subrules 895.3(2) and 895.3(3), the board will accept the ASWB Social Work Registry verification of academic transcripts and verification of licensure in other states.

[ARC 8057C, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24]

481—895.4(154C) Written examination.

895.4(1) The applicant will take and pass the ASWB examination at the appropriate level as follows:

- a. Bachelor level social worker—the basic level examination.
- b. Master level social worker—the intermediate level examination.
- c. Independent level social worker—the clinical level examination.

895.4(2) The board will accept only official results from the ASWB examination service that are sent directly from the examination service to the board.

895.4(3) The ASWB passing score will be utilized as the Iowa passing score.

895.4(4) An applicant may sit for the examination if the applicant meets the requirements stated in rule 481—895.3(154C). Upon written request of the applicant, the board may authorize a student to sit for the examination prior to the receipt of the official transcript if the student is in the last semester of an approved master of social work program. The student shall submit an application for licensure at the master level and the fee, and, in lieu of a transcript, the student shall request that the school submit a letter directly to the board office. The letter shall state that the student is currently enrolled in a master of social work program and the student's expected date of graduation. Upon completion of degree requirements, the applicant shall have the transcript showing the date of the degree sent directly from the school to the board office.

895.4(5) In lieu of the requirements in subrule 895.4(2), the board will accept the ASWB Social Work Registry verification of the ASWB examination results.

895.4(6) In lieu of the requirements in subrule 895.4(1), the board will accept verification of passing the state of California equivalent level licensing examination.

[ARC 8057C, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24]

481—895.5(154C) Educational qualifications.

895.5(1) Bachelor level social worker. An applicant for a license will possess a bachelor's degree in social work from a college or university accredited by the Council on Social Work Education at the time of graduation.

895.5(2) Master and independent level social worker. An applicant for a license will present evidence satisfactory to the board that the applicant:

- a. Possesses a master's degree in social work from a college or university accredited by the Council on Social Work Education at the time of graduation; or
- b. Possesses a doctoral degree in social work from a college or university approved by the board at the time of graduation.

895.5(3) Foreign-trained social workers shall provide an equivalency evaluation of their educational credentials by International Education Research Foundation, Inc., Credentials Evaluation Service, P.O. Box 3665, Culver City, California 90231-3665, telephone 310.258.9451, website www.ierf.org or email at info@ierf.org; or obtain a certificate of equivalency from the Council on Social Work Education, 1701 Duke Street, Suite 200, Alexandria, Virginia 22314-3457, telephone 703.683.8080, website www.cswe.org. The professional curriculum must be equivalent to that stated in these rules. The applicant shall bear the expense of the curriculum evaluation.

[ARC 8057C, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24]

481—895.6(154C) Supervised clinical experience. An applicant for licensure as an independent level social worker must complete a supervised clinical experience as set forth in this rule.

895.6(1) *Minimum requirements.* The supervised clinical experience must satisfy all of the following requirements:

- a. *Timing.* The supervised clinical experience cannot begin until after licensure as a master level social worker.

- b. Duration.* The supervised clinical experience must be a minimum of two years.
- c. Minimum number of hours.* The supervised clinical experience consists of at least 3,000 hours of practice.
- d. Minimum number of direct client hours.* The supervised clinical experience consists of at least 1,500 hours of direct client contact.
- e. Minimum number of direct supervision hours.* The supervised clinical experience consists of at least 110 hours of direct supervision equitably distributed throughout the supervised clinical experience, including at least 24 hours of live or recorded direct observation of client interaction. A maximum of 50 hours of direct supervision may be obtained through group supervision. Direct supervision can occur in person or by using videoconferencing. After 110 hours of direct supervision are complete, ongoing direct supervision will continue to occur for the remainder of the supervised clinical experience.
- f. Number of supervisors.* A supervisee may utilize a maximum of four supervisors at any given time. A supervisee is responsible for notifying each supervisor if another supervisor is also being utilized to allow for coordination as appropriate.
- g. Number of supervisees.* A supervisor will determine the number of supervisees who can be supervised safely and competently and will not exceed that number.
- h. Content.* The supervised clinical experience must involve performing psychosocial assessments, diagnostic practice using the current edition of the Diagnostic and Statistical Manual of Mental Disorders (DSM-5-TR), published March 2022, and providing treatment, including the establishment of treatment goals, psychosocial therapy using evidence-based therapeutic modalities, and differential treatment planning. The supervised clinical experience will prepare the supervisee for independent practice and must include training on practice management, ethical standards, legal and regulatory requirements, documentation, coordination of care, and self-care.

895.6(2) Eligible supervisors. A supervisor must satisfy all of the following requirements:

- a.* Hold an active license as an independent level social worker, mental health counselor, or marital and family therapist in Iowa.
- b.* Have a minimum of three years of independent practice.
- c.* Have completed at least a six-hour continuing education course in supervision or one graduate-level course in supervision.
- d.* Be knowledgeable of the applicable ethical code and licensing rules governing the supervisee.

Any request for a supervisor who does not meet these requirements must be approved by the board before supervision begins.

895.6(3) Supervision plan. Prior to beginning supervision, the supervisee will submit a written supervision plan to the board using the current form published by the board. The supervisee will also submit a written supervision plan to the board prior to beginning supervision with a new supervisor.

895.6(4) Supervision report. When supervision is complete, or when a supervisor ceases providing supervision to the supervisee, the supervisee will ensure a completed supervision report using the current form published by the board is submitted to the board. If the supervisor reports that the supervisee is not adequately prepared for independent licensure, or reports violations of the board's rules or applicable ethical code, the board may require the supervisee to complete additional supervision or training as deemed appropriate prior to licensure.

895.6(5) Supervised clinical experience in other states. An applicant who completed some or all of the supervised clinical experience in another state without obtaining licensure in that state should contact the board to determine whether some or all of the supervised clinical experience completed can be used to qualify for licensure in Iowa.

895.6(6) Grandfather clause. Any new or additional requirements imposed by this rule do not apply to supervision that started prior to July 20, 2022.

[ARC 8057C, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24]

481—895.7(154C) License renewal.

895.7(1) The biennial license renewal period for a license to practice social work will begin on January 1 of odd-numbered years and end on December 31 of the next even-numbered year. Every licensee will renew on a biennial basis. The licensee is responsible for renewing the license prior to its expiration.

Failure of the licensee to receive notice does not relieve the licensee of the responsibility for renewing the license.

895.7(2) Renewal procedures.

a. A licensee seeking renewal will:

(1) Meet the continuing education requirements of rule 481—896.2(154C) and the mandatory reporting requirements of subrule 895.7(3); and

(2) Submit the completed renewal application and renewal fee before the license expiration date.

b. Those persons licensed for the first time will not be required to complete continuing education as a prerequisite for the first renewal of their licenses. Continuing education hours acquired anytime from the initial licensing until the second license renewal may be used. The new licensee will be required to complete a minimum of 27 hours of continuing education per biennium for each subsequent license renewal.

c. Persons licensed to practice social work shall keep their renewal licenses displayed in a conspicuous public place at the primary site of practice.

d. Failure to receive the notice of renewal will not relieve the licensee of the responsibility for submitting the required materials and the renewal fee to the board office 30 days before license expiration.

e. A social worker whose Iowa license is delinquent, closed, retired, voluntarily surrendered, suspended, or revoked cannot advance to a higher level until the license is again active.

895.7(3) Mandatory reporting of child abuse and dependent adult abuse.

a. Effective July 1, 2019, a licensee who regularly examines, attends, counsels or treats children in Iowa will complete an initial two-hour child abuse mandatory reporter training course offered by the department of health and human services within six months of employment, or prior to the expiration of a current certificate. Thereafter, all mandatory reporters will take a one-hour recertification training every three years, prior to the expiration of a current certificate.

b. Effective July 1, 2019, a licensee who regularly examines, attends, counsels or treats adults in Iowa will complete an initial two-hour dependent adult abuse mandatory reporter training course offered by the department of health and human services within six months of employment, or prior to the expiration of a current certificate. Thereafter, all mandatory reporters will take a one-hour recertification training every three years, prior to the expiration of a current certificate.

c. The requirement for mandatory reporter training for identifying and reporting child and dependent adult abuse will be suspended if the board determines that suspension is in the public interest or that a person at the time of license renewal:

(1) Is engaged in active duty in the military service of this state or the United States.

(2) Holds a current waiver by the board based on evidence of significant hardship in complying with training requirements, including waiver of continuing education requirements or extension of time in which to fulfill requirements due to a physical or mental disability or illness as identified in 481—Chapter 895.

d. The board may select licensees for audit of compliance with the requirements in paragraphs 895.7(3) “*a*” and “*b*.”

895.7(4) Late renewal. To renew a late license, the licensee will complete the renewal requirements and submit the late fee within the grace period.

895.7(5) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice as a social worker in Iowa until the license is reactivated. A licensee who practices as a social worker in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

895.7(6) Upon receiving the information required by this rule and the required fee, board staff will administratively issue a two-year license. In the event the board receives adverse information on the renewal application, the board will issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

[ARC 8057C, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24]

481—895.8(17A,147,272C) License reactivation. To apply for reactivation of an inactive license, a licensee shall:

895.8(1) Submit a reactivation application.

895.8(2) Pay the reactivation fee that is due as specified in 481—subrule 507.19(4).

895.8(3) Provide verification of current competence to practice social work by satisfying one of the following criteria:

a. If the license has been on inactive status for five years or less, an applicant will provide the following:

(1) Verification of the license from the jurisdiction in which the applicant has most recently been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction to the board office. The applicant must also disclose any public or pending complaints against the applicant in any other jurisdiction. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

1. Licensee's name;
2. Date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license; and

(2) Verification of completion of 27 hours of continuing education within two years of application for reactivation or verification of active practice, consisting of a minimum of 2,080 hours, in another state or jurisdiction during the two years preceding an application for reactivation.

b. If the license has been on inactive status for more than five years, an applicant will provide the verifications in both subparagraphs 895.8(3)“b”(1) and (2) below plus the verification in subparagraph 895.8(3)“b”(3) or (4) below.

(1) Verification of the license from the jurisdiction in which the applicant has most recently been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction to the board office. The applicant must also disclose any public or pending complaints against the applicant in any other jurisdiction. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

1. Licensee's name;
2. Date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license.

(2) Verification of completion of 27 hours of continuing education within two years of application for reactivation or verification of active practice, consisting of a minimum of 2,080 hours, in another state or jurisdiction during the two years preceding an application for reactivation.

(3) Verification of passing the ASWB examination within the last five years at the appropriate or higher level as follows:

1. Bachelor level social worker—the bachelor's level examination; or
2. Master level social worker—the master's level examination; or
3. Independent level social worker—the clinical level examination; or

(4) Verification of continued social work practice at the appropriate or higher level in another state for a minimum of two years immediately preceding the application for reactivation.

[ARC 8057C, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24]

481—895.9(17A,147,272C) License reinstatement. A licensee whose license has been revoked, suspended, or voluntarily surrendered must apply for and receive reinstatement of the license in accordance with rule 481—506.31(272C) and must apply for and be granted reactivation of the license in accordance with rule 481—895.8(17A,147,272C) prior to practicing social work in this state.

◊ Two or more ARCs

¹ Effective date of rules 161.212 to 161.217 delayed 70 days by the Administrative Rules Review Committee.

² Effective date of 280.100(154C) is July 1, 1993.

³ Effective date of **ARC 9102A** delayed 70 days by the Administrative Rules Review Committee at its meeting held July 13, 1999; delay lifted at the meeting held August 3, 1999, effective August 4, 1999.

CHAPTER 896
CONTINUING EDUCATION FOR SOCIAL WORKERS

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 281]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/17/29

481—896.1(154C) Definitions. For the purpose of these rules, the following definitions apply:

“*Active license*” means a license that is current and has not expired.

“*Approved program/activity*” means a continuing education program/activity meeting the standards set forth in these rules.

“*Audit*” means the selection of licensees for verification of satisfactory completion of continuing education requirements during a specified time period.

“*Board*” means the board of social work.

“*Continuing education*” means planned, organized learning acts acquired during licensure designed to maintain, improve, or expand a licensee’s knowledge and skills in order for the licensee to develop new knowledge and skills relevant to the enhancement of practice, education, or theory development to improve the safety and welfare of the public.

“*Hour of continuing education*” means at least 50 minutes spent by a licensee in actual attendance at and completion of an approved continuing education activity.

“*Inactive license*” means a license that has expired because it was not renewed by the end of the grace period. The category of “inactive license” may include licenses formerly known as lapsed, inactive, delinquent, closed, or retired.

“*License*” means license to practice.

“*Licensee*” means any person licensed to practice as a social worker in the state of Iowa.

[ARC 8058C, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24]

481—896.2(154C) Continuing education requirements.

896.2(1) The biennial continuing education compliance period extends for a two-year period beginning on January 1 of each odd-numbered year and ending on December 31 of the next even-numbered year. Each biennium, each person who is licensed to practice as a licensee in this state will be required to complete a minimum of 27 hours of continuing education approved by the board.

896.2(2) Requirements of new licensees. Those persons licensed for the first time during the license renewal period will not be required to complete continuing education as a prerequisite for the first renewal of their licenses. Continuing education hours acquired anytime from the initial licensing until the second renewal may be used. The new licensee will be required to complete a minimum of 27 hours of continuing education per biennium for each subsequent license renewal.

896.2(3) Requirement of supervisors. For licensure at the independent level, persons serving in a supervisory role must complete three hours of continuing education in supervision.

896.2(4) Hours of continuing education credit may be obtained by attending and participating in a continuing education activity. These hours must be in accordance with these rules.

896.2(5) No hours of continuing education will be carried over into the next biennium except as stated for the second renewal. A licensee whose license was reactivated during the current renewal compliance period may use continuing education earned during the compliance period for the first renewal following reactivation.

896.2(6) The licensee will maintain a personal file with all documentation of the continuing education credits obtained.

[ARC 8058C, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24]

481—896.3(154C,272C) Standards.

896.3(1) *General criteria.* A continuing education activity that meets all of the following criteria is appropriate for continuing education credit if the continuing education activity:

a. Constitutes an organized program of learning that contributes directly to the professional competency of the licensee;

- b. Pertains to subject matters that integrally relate to the practice of the profession;
 - c. Is conducted by individuals who have specialized education, training and experience by reason of which said individuals should be considered qualified concerning the subject matter of the program. At the time of audit, the board may request the qualifications of presenters;
 - d. Fulfills stated program goals, objectives, or both;
 - e. Provides proof of attendance to licensees in attendance including:
 - (1) Date, location, course title, presenter(s);
 - (2) Number of program contact hours; and
 - (3) Certificate of completion or evidence of successful completion of the course provided by the course sponsor; and
 - f. Contains one of the following content areas:
 - (1) Human behavior.
 - 1. Theories and concepts of the development of human behavior in the life cycle of individuals, families and the social environment;
 - 2. Community and organizational theories;
 - 3. Normal, abnormal and addictive behaviors;
 - 4. Abuse and neglect; and
 - 5. Effects of culture, race, ethnicity, sexual orientation and gender.
 - (2) Assessment and treatment.
 - 1. Psychosocial assessment/interview;
 - 2. Utilization of the current edition of the Diagnostic and Statistical Manual of Mental Disorders (DSM-5-TR) of the American Psychiatric Association, published March 2022;
 - 3. Theoretical approaches and models of practice—individual, couple, and family therapy and group psychotherapy;
 - 4. Establishing treatment goals and monitoring progress;
 - 5. Techniques of social work practice; and
 - 6. Interdisciplinary consultation and collaboration.
 - (3) Social work research, program evaluation, or practice evaluation.
 - (4) Management, administration, and social policy.
 - 1. Organizational policies and procedures;
 - 2. Advocacy and prevention in social work practice;
 - 3. Management of social work staff and other personnel; and
 - 4. Management of social work programs.
 - (5) Theories and concepts of social work education.
 - (6) Social work ethics as they pertain to the rules of conduct.
 - (7) An area, as demonstrated by the licensee, that directly relates to the licensee's individual practice as a social worker. The licensee will submit for consideration by the board a specific explanation of how the program relates to the licensee's individual practice setting as a social worker.
- 896.3(2) *Specific criteria.*** Continuing education hours of credit can be obtained by completing:
- a. A minimum of three hours per biennium in social work ethics.
 - b. Academic coursework that meets the criteria set forth in the rules. Continuing education equivalents are as follows:
 - 1 academic semester hour = 15 continuing education hours
 - 1 academic quarter hour = 10 continuing education hours
 - c. Programs designed for the purpose of enhancing the licensee's administrative, management or other clinical skills.
 - d. Activities/programs that are sponsored or approved by:
 - (1) ASWB Approved Continuing Education (ACE) program; or
 - (2) National Association of Social Workers (NASW) Continuing Education Unit (CEU) Approval Program.
 - e. Pro bono or volunteer work that meets the following criteria:

(1) A licensee may earn a maximum of 3 of the required 27 hours of continuing education for credit during one biennium by performing pro bono or volunteer services for indigent, underserved populations or in areas of critical need within the state of Iowa. Such services must be approved in advance by the board.

(2) A licensee will apply for prior approval of pro bono or volunteer services by sending a letter to the board indicating that the following requirements will be met:

1. The site for these services is identified including information about the clients, the services that will be offered, how they will be performed and the learning objectives.

2. A contract will be established between licensee and client(s), and each party will be aware that the services are being provided without charge.

3. The services will be subject to all the legal responsibilities and obligations related to the licensee's profession.

4. The licensee will keep records and files of these client services pursuant to the rules of 481—Chapter 897.

5. A representative from the site for pro bono or volunteer services must provide a letter stating that these services are to be performed by the licensee.

6. Upon review, the licensee will receive a letter from the board indicating prior approval for these pro bono or volunteer services that will be done for continuing education credit.

7. Following completion of such services:

- The licensee must provide the board a letter stating that the services were performed as planned.
- The representative from the site must provide a letter indicating such completion.

f. Instruction of a course at an approved college, university or graduate school of social work. A licensee may receive credit on a one-time basis, not to exceed three hours of continuing education credit per biennium.

g. Instruction, presentation, or moderation of continuing education programs. A licensee may receive credit on a one-time basis, not to exceed three hours of continuing education credit per biennium, for programs at which the licensee is actually in attendance for the complete program, provided the licensee receives a certificate of attendance in compliance with this rule.

h. Authorship of professional papers, publications or books and preparation of presentations and exhibits. A presentation must be made before a professional audience. Presentations may receive credit on a one-time basis for the article, publication, book or preparation of a presentation or exhibit, not to exceed three hours of continuing education credit per biennium.

i. Supervision of a social work practicum student(s) from an accredited social work education program. A licensee may receive one credit for every 100 hours supervised, not to exceed 6 hours of continuing education credit per biennium.

[ARC 8058C, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code section 272C.2 and chapter 154C.

CHAPTER 897
PRACTICE OF SOCIAL WORKERS
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 282]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/17/29

481—897.1(154C) Definitions.

“Client” means the individual, couple, family, or group to whom a licensee provides direct social work services.

“Clinical services” means services provided by an LMSW or LISW that involve the professional application of social work theory and methods in diagnosing, assessing, treating, and preventing psychosocial disabilities or impairments, including emotional and mental disorders.

“Counseling” means a method used by licensees to assist clients in learning how to solve problems and make decisions about personal, health, social, educational, vocational, financial, and other interpersonal concerns.

“Psychosocial therapy” means a specialized, formal interaction between an LMSW or LISW and a client in which a therapeutic relationship is established and maintained to assist the client in overcoming or abating specific emotional, mental, or social problems and achieving specified goals for well-being. Psychosocial therapy is a form of psychotherapy that emphasizes the interface between the client and the client’s environment. Therapy is a planned, structured program based on a diagnosis and is directed to accomplish measurable goals and objectives specified in the client’s individual treatment plan.

[ARC 8059C, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 9/18/24]

481—897.2(154C) Rules of conduct.

897.2(1) *Informed consent.*

a. A licensee will provide services to clients only in the context of a professional relationship based, when appropriate, on valid written informed consent. A licensee will use clear and understandable language to inform clients about the nature of available services, potential benefits and risks, limits and risks of confidentiality, alternative ways of receiving assistance, applicable fees, and involvement of and sharing information with third parties.

b. If a client has difficulty communicating, a licensee will attempt to ensure the client’s comprehension. This may include providing the client with a detailed verbal explanation or arranging for a qualified interpreter or translator whenever possible. A licensee will provide information in a manner that is understandable and culturally appropriate for the client. Clients will be given sufficient opportunity to ask questions and receive answers about social work services, including electronic delivery of services, if appropriate.

c. If a client lacks the capacity to provide informed consent, a licensee will protect the client’s interests by seeking permission from an appropriate third party and will inform the client consistent with the client’s level of understanding. In such instances, a licensee will seek to ensure that the third party acts in a manner consistent with the client’s wishes and interests. A licensee will take reasonable steps to enhance the client’s ability to give informed consent.

d. If a client is receiving services involuntarily, a licensee will provide information about the nature and extent of services and about the extent of the client’s right to refuse services.

e. The provision of social work services to an individual in this state through any electronic means, including the Internet, telephone, or the Iowa communications network or any fiberoptic media, regardless of the location of the licensee, constitutes the practice of social work in the state of Iowa and will be subject to regulation in accordance with Iowa Code chapters 147 and 154C and the administrative rules of the board. A licensee who provides services via electronic media will inform recipients of the limitations and risks associated with such services.

f. A licensee will obtain a client’s informed consent before audiotaping or videotaping the client or permitting a third party to observe services provided to the client.

g. A licensee will develop policies regarding the sharing, retention, and storage of digital and other electronic communications and records and will inform clients of applicable policies.

897.2(2) Competence.

a. A licensee will provide services and represent oneself as competent only within the boundaries of the licensee's education, training, license, certification, consultation received, supervised experience, or other relevant professional experience.

b. A licensee will provide services in substantive areas or use intervention techniques or approaches that are new only after engaging in appropriate study, training, consultation, and supervision from people who are competent in those areas, interventions, or techniques.

c. When generally recognized standards do not exist with respect to an emerging area of practice, a licensee will exercise careful judgment and take responsible steps, including appropriate education, research, training, consultation and supervision, to ensure competence and to protect clients from harm.

897.2(3) Supervision.

a. A licensee will exercise appropriate supervision over persons who practice under the supervision of the licensee.

b. A licensee who provides supervision or consultation will have the necessary knowledge and skill to supervise or consult appropriately and will do so only within the licensee's areas of knowledge and competence.

c. A licensee who provides supervision or consultation is responsible for setting clear, appropriate, and culturally sensitive boundaries.

d. A licensee will not engage in any dual or multiple relationships with supervisees if there is a risk of exploitation of or potential harm to the supervisee.

e. A licensee will not engage in sexual activities or sexual contact with a supervisee, student, trainee, or other colleague over whom the licensee exercises professional or supervisory authority.

f. A licensee will not employ, assign, or supervise an individual in the performance of services that require a license if the individual has not received a license to perform the services or if the individual has a suspended, revoked, lapsed, or inactive license.

g. A licensee will not practice without receiving supervision, as needed, given the licensee's level of practice, experience, and need.

897.2(4) Privacy and confidentiality.

a. A licensee will not disclose or be compelled to disclose client information unless required by law, except under the following limited circumstances:

(1) Situations in which the licensee determines that disclosure is necessary to prevent serious, foreseeable, and imminent harm to the client or another specific identifiable person.

(2) Situations in which the client waives the privilege by bringing criminal, civil, or administrative charges or action against a licensee.

(3) With the written informed consent of the client that explains to whom the client information will be disclosed or released and the purpose and time frame for the release of information. If the client is deceased or unable to provide informed consent, a licensee will obtain written consent from the client's personal representative, another person authorized to sue, or the beneficiary of an insurance policy on the client's life, health, or physical condition.

(4) To testify in a court or administrative hearing concerning matters pertaining to the welfare of children.

(5) To seek collaboration or consultation with professional colleagues or administrative superiors on behalf of the client.

(6) Pursuant to a validly issued subpoena or court order.

In the event of a disclosure of information under any of the circumstances stated above, the licensee will disclose the least amount of confidential information necessary and will reveal only that information that is directly relevant to the purpose for which the disclosure is made.

b. Before the disclosure is made, on the basis of client consent or other legal basis, a licensee will inform the client, to the extent possible, about the disclosure of confidential information and the potential consequences of the disclosure.

c. A licensee will discuss with clients and other interested parties the nature of confidentiality and limitations of a client's right to confidentiality. A licensee will review with clients the circumstances under

which confidential information may be requested and when disclosure of confidential information may be legally required. This discussion should occur as soon as possible in the professional relationship and as needed throughout the course of the relationship.

d. When a licensee provides counseling or psychosocial therapy services to families, couples, or groups, the licensee will seek agreement among the parties involved concerning each individual's right to confidentiality and obligation to preserve the confidentiality of information shared by others. A licensee will inform participants in family, couples, or group counseling or psychosocial therapy that the licensee cannot guarantee that all participants will honor such agreements.

e. A licensee will inform clients involved in family, couples, marital, or group counseling or psychosocial therapy of the licensee's, the licensee's employer's, and the agency's policy concerning the licensee's disclosure of confidential information among the parties involved in the counseling or psychosocial therapy.

f. A licensee will not disclose confidential information to third-party payers unless a client has authorized such disclosure. A licensee will inform the client of the nature of the client information to be disclosed or released to the third-party payer.

g. A licensee will not discuss confidential information in any setting unless privacy can be ensured.

h. A licensee will protect the confidentiality of clients during legal proceedings to the extent permitted by law.

i. A licensee will protect the confidentiality of clients when the licensee is responding to requests from members of the media.

j. A licensee will protect the confidentiality of clients' written and electronic records and other sensitive information. A licensee will take reasonable steps to ensure that client records are stored in a secure location and that client records are not available to others who are not authorized to have access.

k. A licensee will take precautions to ensure and maintain the confidentiality of information transmitted to other parties through the use of computers, electronic mail, facsimile machines, telephones, telephone answering machines, and other electronic or computer technology.

l. A licensee will transfer or dispose of client records in a manner that protects client confidentiality and is consistent with federal and state statutes, rules and regulations and the guidelines of the licensee's employer or agency, if applicable.

m. A licensee will take reasonable precautions to protect client confidentiality in the event of the licensee's termination of practice, incapacitation, or death.

n. A licensee will not disclose identifying information when discussing a client for teaching or training purposes or in public presentations unless the client has consented to disclosure of confidential information.

o. A licensee will not disclose identifying information when discussing a client with consultants unless the client has consented to disclosure of confidential information or there is a compelling need for such disclosure.

p. Consistent with the preceding standards, a licensee will protect the confidentiality of deceased clients.

897.2(5) *Recordkeeping.*

a. A licensee will maintain sufficient, timely, and accurate documentation in client records. A licensee's records will reflect the services provided, facilitate the delivery of services, and ensure continuity of services in the future.

b. A licensee who provides clinical services in any employment setting, including private practice, will maintain timely records that include subjective and objective data, assessment or diagnosis, a treatment plan, and any revisions to the assessment, diagnosis, or plan made during the course of treatment.

c. A licensee who provides clinical services will store records in accordance with state and federal statutes, rules, and regulations governing record retention and with the guidelines of the licensee's employer or agency, if applicable. If no other legal provisions govern record retention, a licensee will store all client records for a minimum of seven years following the termination of services to ensure reasonable future access.

897.2(6) *Access to records.* A licensee who provides clinical services will:

a. Provide the client with reasonable access to records concerning the client. A licensee who is concerned that a client's access to the client's records could cause serious misunderstanding or harm to the client will provide assistance in interpreting the records and consultation with the client regarding the records. A licensee may limit a client's access to the client's records, or portions of the records, only in exceptional circumstances when there is compelling evidence that such access would cause serious harm to the client. Both the client's request and the rationale for withholding some or all of a record should be documented in the client's records.

b. Take steps to protect the confidentiality of other individuals identified or discussed in any records to which a client is provided access.

897.2(7) *Billing and fees.*

a. A licensee will bill only for services that have been provided.

b. A licensee will not accept goods or services from the client or a third party in exchange for the licensee's services.

c. A licensee will not solicit a private fee or other remuneration for providing services to clients who are entitled to such available services through the licensee's employer or agency.

d. A licensee will not accept, give, offer or solicit a fee, commission, rebate, fee split, or other form of consideration for the referral of a client.

e. A licensee will not permit any person to share in the fees for professional services, other than a partner, an employee, an associate in a professional firm, or a consultant to the licensee.

f. A licensee who provides clinical services will, when appropriate:

(1) Establish and maintain billing practices that accurately reflect the nature and extent of services provided.

(2) Inform the client of the fee for services at the initial session or meeting with the client. A licensee will provide a written payment arrangement to a client at the commencement of the professional relationship.

897.2(8) *Dual relationships and conflicts of interest.*

a. "Dual relationship" means that a licensee develops or assumes a secondary role with a client, including but not limited to a social relationship, an emotional relationship, an employment relationship, or a business association. For purposes of these rules, "dual relationship" does not include a sexual relationship. Standards governing sexual relationships are found in subrule 897.2(9).

(1) Current clients. A licensee will not engage in a dual relationship with a client.

(2) Former clients. A licensee will not engage in a dual relationship with a client within five years of the termination of the client relationship. A licensee will not engage in a dual relationship with a former client, regardless of the length of time elapsed since termination of the client relationship, when there is a risk of exploitation or potential harm to a client or former client.

(3) Unavoidable dual relationships with current and former clients. If a dual relationship with a current or former client is unavoidable, the licensee will take steps to protect the client and will be responsible for setting clear, appropriate, and culturally sensitive boundaries. The burden will be on the licensee to show that the dual relationship was unavoidable. In determining whether a dual relationship was unavoidable, the board will consider the size of the community, the nature of the relationship, and the risk of exploitation or harm to a client or former client.

b. Conflicts of interest.

(1) A licensee will avoid conflicts of interest that interfere with the exercise of professional discretion and impartial judgment.

(2) A licensee will not continue in a professional relationship with a client when the licensee has become emotionally involved with the client to the extent that objectivity is no longer possible in providing the required professional services.

(3) A licensee will inform the client when a real or potential conflict of interest arises and take reasonable steps to resolve the issue in a manner that makes the client's interests primary and protects the client's interests to the greatest extent possible. In some cases, protecting the client's interests may require termination of the professional relationship with proper referral of the client.

(4) A licensee will not take unfair advantage of any professional relationship or exploit others to further the licensee's personal, religious, political, or business interests.

(5) A licensee who provides services to two or more people who have a relationship with each other will clarify with all parties, when appropriate and in a manner consistent with the confidentiality standards of subrule 897.2(4), which individuals will be considered clients and the nature of the licensee's professional obligations to the various individuals who are receiving services. A licensee who anticipates a conflict of interest among the individuals receiving services or who anticipates having to perform in potentially conflicting roles will clarify, when appropriate and in a manner consistent with the confidentiality standards at subrule 897.2(4), the licensee's role with the parties involved and take appropriate action to minimize any conflict of interest.

897.2(9) *Sexual relationships.*

a. Current clients. A licensee will not engage in sexual activities or sexual contact with a client, regardless of whether such contact is consensual or nonconsensual.

b. Former clients. A licensee will not engage in sexual activities or sexual contact with a former client within the five years following termination of the client relationship. A licensee will not engage in sexual activities or sexual contact with a former client, regardless of the length of time elapsed since termination of the client relationship, if the client has a history of physical, emotional, or sexual abuse or if the client has ever been diagnosed with any form of psychosis or personality disorder or if the client is likely to remain in need of therapy due to the intensity or chronicity of a problem.

c. A licensee will not engage in sexual activities or sexual contact with a client's or former client's spouse or significant other.

d. A licensee will not engage in sexual activities or sexual contact with a client's or former client's relative within the second degree of consanguinity (client's parent, grandparent, child, grandchild, or sibling) when there is a risk of exploitation or potential harm to a client or former client.

e. A licensee will not provide clinical services to an individual with whom the licensee has had prior sexual contact.

897.2(10) *Physical contact.* A licensee will not engage in physical contact with a client when there is a possibility of psychological harm to the client as a result of the contact. A licensee who engages in appropriate physical contact with a client is responsible for setting clear, appropriate, and culturally and age-sensitive boundaries that govern such contact.

897.2(11) *Termination of services.*

a. A licensee will terminate services when such services are no longer required or no longer serve the client's needs or interests.

b. A licensee will take reasonable steps to avoid abandoning clients who are still in need of services. A licensee will assist in making appropriate arrangements for continuation of services when necessary.

c. A licensee will not terminate services to pursue a social, financial, business, romantic, or sexual relationship with a client.

d. A licensee who anticipates the termination or interruption of services to a client will notify the client promptly and seek the transfer, referral, or continuation of services in relation to the client's needs and preferences.

e. A licensee who is leaving an employment setting will inform clients, to the extent possible given the nature of the termination of the employment relationship, of appropriate options for the continuation of services and of the benefits and risks of the options.

f. If the employer who terminates a licensee is also a licensee, the employer will provide notice to clients or allow the licensee the opportunity to provide notice to clients to ensure appropriate case closure or continuation or transfer of services if continued treatment is necessary.

g. A licensee who provides clinical services will comply with the following additional standards regarding termination of the client relationship:

(1) Termination of a client relationship will be documented in the client record. Absent written documentation of termination, the professional relationship will be considered ongoing.

(2) A licensee who practices in a fee-for-service setting may terminate services to a client who is not paying an overdue balance only if the financial contractual arrangements have been made clear to the

client, if the client does not pose an imminent danger to self or others, and if the clinical and other consequences of the current nonpayment have been addressed and discussed with the client. Prior to terminating services under this subrule, a licensee will make reasonable efforts to collect the unpaid fees and will make appropriate referrals for the client.

897.2(12) *Misrepresentations, disclosure.* A licensee will not:

- a. Knowingly make a materially false statement, or fail to disclose a relevant material fact, in a letter of reference, application, referral, report or other document.
- b. Knowingly allow another person to use the licensee's license or credentials.
- c. Knowingly aid or abet a person who is misrepresenting the person's professional credentials or competencies.
- d. Impersonate another person or misrepresent an organizational affiliation in one's professional practice.
- e. Further the application or make a recommendation for professional licensure of another person who is known by the licensee to be unqualified in respect to character, education, experience, or other relevant attribute.
- f. Fail to notify the appropriate licensing authority of any human services professional who is practicing or teaching in violation of the laws or rules governing that person's professional discipline.
- g. Engage in professional activities, including advertising, that involve dishonesty, fraud, deceit, or misrepresentation.
- h. Advertise services in a false or misleading manner or fail to indicate in the advertisement the name, highest relevant degree, and licensure status of the provider of services.
- i. Fail to distinguish, or purposely mislead the reader or listener, in public announcements, addresses, letters and reports as to whether the statements are made as a private individual or whether they are made on behalf of an employer or organization.
- j. Engage in direct solicitation of potential clients for pecuniary gain in a manner or in circumstances that constitute overreaching, undue influence, misrepresentation or invasion of privacy.
- k. Fail to inform each client of any financial interests that might accrue to the licensee for referral to any other person or organization or for the use of tests, books, or apparatus.
- l. Fail to inform each client that the client may be entitled to the same services from a public agency if the licensee is employed by that public agency and also offers services privately.
- m. Make claims of professional superiority that cannot be substantiated by the licensee.
- n. Guarantee that satisfaction or a cure will result from the performance of professional services.
- o. Claim or use any secret or special method of treatment or techniques that the licensee refuses to divulge to professional colleagues.
- p. Take credit for work not personally performed, whether by giving inaccurate information or failing to give accurate information.
- q. Offer social work services or use the designation of licensed bachelor social worker, licensed master social worker, or licensed independent social worker; use the designations LBSW, LMSW, or LISW or any other designation indicating licensure status; or hold oneself out as practicing at a certain level of licensure unless the licensee is duly licensed as such.
- r. Permit another person to use the licensee's license for any purpose.
- s. Practice outside the scope of a license.

897.2(13) *Impairments.*

- a. A licensee will not:
 - (1) Practice in a professional relationship while intoxicated or under the influence of alcohol or drugs not prescribed by a licensed physician.
 - (2) Practice in a professional relationship while experiencing a mental or physical impairment that adversely affects the ability of the licensee to perform professional duties in a competent and safe manner.
 - (3) Practice in a professional relationship if involuntarily committed for treatment of mental illness, drug addiction, or alcoholism.
- b. A licensee who self-reports an impairment or suspected impairment to the board may be eligible for confidential monitoring by the impaired practitioner review committee. The licensee will be provided

the Impaired Practitioner Report form to initiate the process. Standards governing the impaired practitioner review committee may be found in 481—Chapter 505.

897.2(14) *Research.* If engaged in research, a licensee will:

- a. Consider carefully the possible consequences for human beings participating in the research.
- b. Protect each participant from unwarranted physical and mental harm.
- c. Ensure that the consent of the participant is voluntary and informed and that each participant executes a signed informed consent form that details the nature of the research and any known possible consequences.

- d. Treat information obtained as confidential.

- e. Not knowingly report distorted, erroneous, or misleading information.

897.2(15) *Organization relationships and business practices.* A licensee will not:

- a. Solicit the clients of colleagues or assume professional responsibility for clients of another agency or colleague without appropriate communication with that agency or colleague.

- b. Abandon an agency, organization, institution, or group practice without reasonable notice or under circumstances that seriously impair the delivery of professional care to clients.

- c. Deliberately falsify client records.

- d. Fail to submit required reports and documents in a timely fashion to the extent that the well-being of the client is adversely affected.

- e. Delegate professional responsibilities to a person when the licensee knows, or has reason to know, that the person is not qualified by training, education, experience, or classification to perform the requested duties.

897.2(16) *Discrimination and sexual harassment.*

- a. A licensee will not practice, condone, or facilitate discrimination against a client, student, or supervisee on the basis of race, ethnicity, national origin, color, sex, sexual orientation, age, marital status, political belief, religion, mental or physical disability, diagnosis, or social or economic status.

- b. A licensee will not sexually harass a client, student, or supervisee. Sexual harassment includes sexual advances, sexual solicitation, requests for sexual favors, and other verbal or physical conduct of a sexual nature.

897.2(17) *General.* A licensee will not:

- a. Practice without receiving supervision as needed, given the licensee's level of practice, experience, and need.

- b. Practice a professional discipline without an appropriate license or after expiration of the required license.

- c. Physically or verbally abuse a client or colleague.

- d. Obtain, possess, or attempt to obtain or possess a controlled substance without lawful authority; or sell, prescribe, give away, or administer controlled substances.

897.2(18) *Relationship between the board's rules of conduct and the National Association of Social Workers (NASW) Code of Ethics.* The NASW Code of Ethics is one resource for practitioners with respect to practice and ethical issues, and selected sections from the NASW Code of Ethics have been incorporated into the rules of conduct. A licensee's professional conduct is governed by the board's rules of conduct, and a licensee may be disciplined for violation of these rules.

897.2(19) *Electronic social work services.* A licensee will:

- a. Assess the client's suitability and capacity for online and remote services at the point of the client's first contact and use professional judgment to determine whether an initial in-person, videoconference, or telephone consultation is warranted before undertaking electronic social work services.

- b. Take reasonable steps to verify the client's identity, ability to consent to services, and location. When verification of a client's identity is not feasible, social workers will inform the client of the limitations of services that can be provided.

- c. Continually assess a client's suitability for electronic social work services during the course of the professional relationship.

BOARD OF MORTUARY SCIENCE

CHAPTER 900

PRACTICE OF FUNERAL DIRECTORS, FUNERAL ESTABLISHMENTS,
AND CREMATION ESTABLISHMENTS

[Prior to 9/21/88, see Health Department[470] Ch 146]

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 100]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/22/29

481—900.1(156) Definitions.

“Alternative container” means an unfinished wood box or other nonmetal receptacle or enclosure, without ornamentation or a fixed interior lining, that is designed for the encasement of human remains and that is made of fiberboard, pressed wood, composition materials (with or without an outside covering) or like materials that prevents the leakage of body fluid.

“Authorized person” means that person or persons upon whom a funeral director may reasonably rely when making funeral arrangements, including but not limited to embalming, cremation, funeral services, and the disposition of human remains pursuant to Iowa Code section 144C.5.

“Autopsy” means the postmortem examination of a human remains.

“Board” means the board of mortuary science.

“Body parts” means appendages or other portions of the anatomy that are from a human body.

“Burial.” See *“Interment.”*

“Burial transit permit” means a legal document authorizing the removal and transportation of a human remains.

“Casket” means a rigid container that is designed for the encasement of human remains and that is usually constructed of wood, metal, fiberglass, plastic or like material and ornamented and lined with fabric.

“Cemetery” means an area designated for the final disposition of human remains.

“Columbarium” means a structure, room or space in a mausoleum or other building containing niches or recesses for disposition of cremated remains.

“Cremated remains” means all the remains of the cremated human body recovered after the completion of the cremation process, including pulverization that leaves only bone fragments reduced to unidentifiable dimensions and may include the residue of any foreign matter, including casket material, bridgework or eyeglasses that were cremated with the human remains.

“Cremation” means the technical process, using heat and flame, that reduces human remains to bone fragments. The reduction takes place through heat and evaporation. Cremation will include the processing, and may include the pulverization, of the bone fragments.

“Cremation authorization form” means a form, completed and signed by a funeral director and authorized person, to accompany all human remains accepted for cremation.

“Cremation chamber” means the enclosed space within which a cremation takes place.

“Cremation establishment” means any person, partnership or corporation that is licensed by the board and provides any aspect of cremation services.

“Cremation permit” means a permit issued by a medical examiner allowing cremation for human remains.

“Cremation room” means the room in which the cremation chamber is located.

“Crypt” means a chamber in a mausoleum of sufficient size to contain casketed human remains.

“Custody” means immediate charge and control exercised by a person or an authority.

“Dead body.” See *“Human remains.”*

“Death certificate” means a legal document containing vital statistics pertaining to the life and death of the decedent.

“Decedent.” See *“Human remains.”*

“Disinterment” means to remove a human remains from its place of final disposition.

“Disinterment permit” means a permit from the department of health and human services that allows the removal of a human remains from its original place of burial, entombment or interment for the purpose of autopsy or reburial.

“Disinterment permit number” means the number assigned to a disinterment permit by the department of health and human services, giving the funeral director the authority to remove a human remains from its place of final disposition.

“Embalming” means the disinfection or temporary preservation of human remains, entire or in part, by the use of chemical substances, fluids or gases in the body, or by the introduction of same into the body by vascular or hypodermic injections, or by surface application into or on the organs or cavities for the purpose of temporary preservation or disinfection.

“Embalming record” means a record completed by the licensed funeral director or registered intern for each body embalmed in Iowa, or otherwise prepared for disposition by the licensee. “Embalming record” includes, at a minimum, a case analysis and a detailed listing of the procedures or treatments or both performed on the deceased.

“Entombment” means to place a casketed body or an urn containing cremated remains in a structure such as a mausoleum, crypt, tomb or columbarium.

“Final disposition” means the burial, interment, cremation, removal from the state, or other disposition of a dead body or fetus.

“Funeral ceremony” means a service commemorating the decedent.

“Funeral director” means a person licensed by the board to practice mortuary science.

“Funeral establishment” means a place of business as defined and licensed by the board devoted to providing any aspect of mortuary science.

“Funeral rule” means the Federal Trade Commission Funeral Rule, 16 CFR §453.4, as amended to 1994.

“Funeral services” means any services that may be used to (1) care for and prepare human remains for burial, cremation or other final disposition; and (2) arrange, supervise or conduct the funeral ceremony or final disposition of human remains.

“Holding facility” means an area isolated from the general public that is designated for the temporary retention of human remains.

“Human remains” means a deceased human being for which a death certificate or fetal death certificate is required.

“Interment” means to place a casketed human remains or an urn containing cremated remains in the ground.

“Intern” means a person registered by the board to practice mortuary science under the direct supervision of a preceptor certified by the board.

“Mausoleum” means an aboveground structure designed for entombment of human remains.

“Medical examiner” means a public official whose primary function is to investigate and determine the cause of death when death may be thought to be from other than natural causes.

“Memorial ceremony” means a service commemorating the decedent.

“Niche” means a recess or space in a columbarium or mausoleum used for placement of cremated human remains.

“Preparation room” means a room in a funeral establishment where human remains are prepared, sanitized, embalmed or held for ceremonies and final disposition.

“Pulverization” means a process following cremation that reduces identifiable bone fragments into granulated particles.

“Removal” means the act of taking a human remains from the place of death or place where the human remains is being held to a funeral establishment or other designated place.

“Removal technician” means a person registered with the board to perform removals.

“Scattering area” means a designated area where cremated remains may be commingled with other cremated remains.

“Temporary cremation container” means a durable receptacle designed for short-term retention of cremated remains.

“Their own dead” refers to the legal authority the authorized person has regarding a human remains.

“Topical disinfection” means the direct application of chemical substances on the surface of a human remains for the purpose of temporary preservation or disinfection.

“Transfer.” See *“Removal.”*

“Universal precautions” means a concept of care based upon the assumption that all blood and body fluids, and materials that have come into contact with blood or body fluids, are potentially infectious as prescribed by the Centers for Disease Control and Prevention (CDC).

“Urn” means a receptacle designed for permanent retention of cremated remains.

[ARC 7812C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—900.2(156) Funeral director duties.

900.2(1) Practices requiring a funeral director’s license include but are not limited to:

- a. Removal as specified in rule 481—900.4(142,156).
- b. Embalming human remains as specified in rule 481—900.6(156) and completing embalming records as specified in paragraph 900.11(2)“d.”
- c. Conducting funeral arrangements as specified in subrule 900.7(2).
- d. Conducting funeral services when contracted to do so, including:
 - (1) Direct supervision of visitation and viewing.
 - (2) Funeral and memorial ceremonies.
 - (3) Committal and final disposition services.
- e. Conducting cremation services as specified in rule 481—900.10(156).
- f. Signing death certificates and performing associated duties under Iowa Code chapter 144.

900.2(2) Delegation of professional tasks.

a. Registered interns. Registered interns may provide funeral director services identified in paragraphs 900.2(1)“a” through “f” under the direct supervision of an Iowa-licensed preceptor. A registered intern will not sign a death certificate.

b. A funeral director may delegate solely the transportation of unembalmed human remains to a registered removal technician pursuant to subrule 900.4(3).

900.2(3) CDC universal precautions and OSHA standards. The funeral director and delegates identified in subrule 900.2(2) will observe current guidelines of universal precautions as prescribed by the Centers for Disease Control and Prevention (CDC) as well as Occupational Safety and Health Administration (OSHA) standards.

900.2(4) Funeral directors who provide mortuary science services from funeral establishments located in another state. A funeral director who holds an active Iowa funeral director’s license and whose practice is conducted from a funeral establishment located in another state may provide mortuary science services in Iowa if the establishment holds a current license in the state in which it is located, if such a license is required.

900.2(5) Withholding human remains. A funeral director will not withhold human remains based solely on nonpayment of fees.

[ARC 7812C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—900.3(156) Permanent identification tag.

900.3(1) The funeral director, intern, or removal technician who assumes possession of a human remains will attach a permanent identification tag.

900.3(2) The identification tag will initially contain, at a minimum, the name of the deceased.

900.3(3) Before final disposition, the identification tag will contain the name of the deceased and the date of birth, date of death and social security number of the deceased and the name and license number of the funeral establishment in charge of disposition.

900.3(4) The identification tag will be attached to the human remains throughout the entire time the human remains are in the possession of the funeral establishment and will remain with the human remains.

[ARC 7812C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—900.4(142,156) Removal and transfer of human remains.

900.4(1) Removal and transfer of human remains. The funeral director will perform the following duties upon notification of a death:

a. Comply with jurisdictional authority, with respect to medicolegal responsibilities, regarding the removal of the human remains.

b. Provide signature and license number when removing a human remains from a hospital, nursing establishment or any other institution involved with the care of the public.

900.4(2) After the funeral director has assumed custody of the human remains, the funeral director may delegate the task of transferring the human remains to an unlicensed employee, intern, or agent. Prior to transfer, the funeral director will topically disinfect the body, secure all body orifices to retain all secretions, place the human remains in a leakproof container for transfer that will control odor and prevent the leakage of body fluids, and issue a burial transit permit.

900.4(3) A funeral director may delegate to a removal technician the removal and transportation of unembalmed human remains without first assuming custody, and without topically disinfecting or securing body orifices, if either of the following is true. The removal and transportation is:

a. At the direction of the medical examiner; or

b. To or from the funeral establishment where the removal technician is registered.

900.4(4) A removal technician must complete the annual OSHA training related to blood-borne pathogens, formaldehyde exposure and proper lifting techniques.

[ARC 7812C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—900.5(135,144) Burial transit permits. A licensed funeral director may issue a burial transit permit for the removal and transfer of human remains, according to state law and the administrative rules promulgated by the department of health and human services.

[ARC 7812C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—900.6(156) Preparation and embalming activities.

900.6(1) The funeral director will perform the following duties prior to and during embalming according to commonly accepted industry standards.

a. Obtain authorization for embalming from an authorized person. If permission to embalm cannot be obtained from the authorized person, the funeral director may proceed with the embalming if necessary to comply with subrule 900.6(3).

b. Embalm entirely in private. No one except the funeral director, intern, immediate family, or student will be allowed in the preparation room without the written permission of the authorized person. A student must be under the direct physical supervision of the funeral director and currently enrolled and attending a program of mortuary science that is recognized by the board to be allowed in the preparation room without written permission during the embalming.

c. Keep the human remains properly covered at all times.

d. Conduct a preembalming case analysis of the human remains. Recognize the potential chemical effects on the body and select the proper embalming chemicals based upon the analysis.

e. Position the human remains on the preparation table and pose the facial features.

f. Select points of drainage and injection, and raise the necessary vessels.

g. Embalm by arterial and cavity injection of embalming chemicals. If the condition of the human remains does not allow arterial and cavity injection of embalming chemicals, topical embalming, using appropriate chemicals and procedures, will be performed.

h. Evaluate the distribution of the embalming chemicals and perform treatment for discoloration, vascular difficulties, decomposition, dehydration, purge and close any incisions once the arterial and cavity injection of the embalming chemicals is complete.

900.6(2) Postembalming activities. The funeral director will perform the following duties at the conclusion of the embalming activities if necessary.

a. Pack or otherwise secure all body orifices with material that will absorb and retain all secretions.

b. Apply chemicals topically and perform hypodermic treatments.

c. Bathe, disinfect and reposition the human remains.

- d. Clean and disinfect the embalming instruments, equipment and preparation room.
- e. Perform any restorative treatments.
- f. Select and apply the appropriate cosmetic treatments.
- g. Prepare the human remains for viewing.

900.6(3) Care of the unembalmed human remains.

a. Embalming may be omitted provided that interment or cremation is performed within 72 hours after death or within 24 hours of taking custody if a human remains was previously in the custody of others, whichever is longer.

b. If refrigeration is utilized, embalming or final disposition may be extended up to 72 hours longer than the maximum period provided in paragraph 100.6(3) "a." The body must be kept between 38 and 42 degrees Fahrenheit.

c. If viewing of the unembalmed human remains is requested, the human remains will be topically disinfected and all body orifices will be packed or otherwise secured with material that will absorb and retain all secretions.

[ARC 7812C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—900.7(156) Arranging and directing funeral and memorial ceremonies.

900.7(1) *The Federal Trade Commission.* The funeral director will observe current guidelines of the Federal Trade Commission (FTC) funeral rule.

900.7(2) *Arrangement conference activities.* If responsible, the funeral director will perform the following duties associated with arranging ceremonies and the final disposition of a human remains.

a. Gather necessary statistical and biographical information relating to the decedent and explain the varied use of the information gathered.

b. Present, discuss and explain the mandated FTC price lists and assist or provide the consumer with:

- (1) The types of ceremony or final disposition.
- (2) The specific goods and services.
- (3) The prices of any goods and services.
- (4) The written, itemized statement of the funeral goods and services.
- (5) A general price list.

At the conclusion of arrangements, the itemized statement will be signed by the purchaser and the funeral director.

900.7(3) *Directing of funeral and memorial ceremonies.* If responsible, the funeral director will perform the following duties:

- a. Direct and supervise ceremonies.
- b. Direct and supervise final disposition.

[ARC 7812C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—900.8(142,156) Unclaimed human remains for scientific use.

900.8(1) A human remains is unclaimed when:

- a. The decedent did not express a desire to be interred, entombed or cremated.
- b. Relatives or friends of the decedent did not request that the decedent's human remains be interred, entombed or cremated.

900.8(2) Friend distinguished from casual acquaintance. A friend will be distinguished from a casual acquaintance by the friend's having been closely associated with the decedent during the decedent's lifetime.

900.8(3) Delivery of human remains for scientific purposes. The funeral director, the medical examiner or managing officer of a public health institution, hospital, county home, penitentiary or reformatory will notify the department of health and human services as soon as any unclaimed human remains that may be suitable for scientific purposes will come into the person's custody.

900.8(4) Department instructions. When the department of health and human services receives notice, the funeral director will be instructed as to the proper disposition of a human remains.

900.8(5) Expenses incurred by funeral director. The expenses incurred by the funeral director for the transportation of a human remains to a medical college will be paid by the medical college receiving the human remains.

[ARC 7812C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—900.9(144) Disinterments. A funeral director in charge of a disinterment will ensure that the disinterment is performed in accordance with rules promulgated by the department of health and human services and will first secure a disinterment permit issued by the department of health and human services.

900.9(1) No person will disinter a human remains or cremated remains unless the funeral director in charge of the disinterment has a numbered disinterment permit that has been issued by the department of health and human services or by an order of the district court of the county in which the human remains or cremated remains are interred or entombed.

900.9(2) All disinterment permits will be requested and provided by the department of health and human services.

900.9(3) All disinterment permits will be signed by the authorizing person.

900.9(4) Disinterment permits will be furnished upon request from the department of health and human services and will remain valid for 30 days after issuance.

900.9(5) Disinterment permits will only be issued to the funeral director, and the disinterment must be done under the direct supervision of the funeral director.

900.9(6) Disinterment permits will be required for any relocation of a human remains from the original site of interment or entombment if the purpose is for autopsy or reburial.

900.9(7) No disinterment permit is necessary to remove a human remains or cremated remains from a holding facility for interment or entombment in the same cemetery where being temporarily held.

900.9(8) A funeral director may await a court order before proceeding with disinterment if the funeral director is aware of a dispute among:

a. Persons who are members of the same class of persons described in 641—subrule 97.14(4) as having authority to control the human remains; or

b. Persons who are authorized pursuant to 641—subrule 97.14(4) and the executor named in the decedent's will or personal representative appointed by the court.

[ARC 7812C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—900.10(156) Cremation of human remains.

900.10(1) *Recordkeeping.*

a. Delivery receipt.

(1) When a human remains is delivered to a cremation establishment, the cremation establishment will furnish to the delivery person a delivery receipt containing:

1. The name, address, age, gender, and cause of death of the decedent whose human remains are delivered to the cremation establishment.

2. The date and time of delivery and the type of container that contains the human remains.

3. If applicable, the name of the funeral director who sent the human remains and the name and license number of the funeral director's associated funeral establishment.

4. The signature of the person who delivered the human remains.

5. The signature of the person receiving the human remains on behalf of the cremation establishment.

6. The name and business address of the cremation establishment.

(2) The cremation establishment will retain a copy of the delivery receipt in its permanent records.

b. Receiving receipt.

(1) The cremation establishment will furnish to any person who receives the cremated remains from the cremation establishment a receiving receipt containing:

1. The name of the decedent whose cremated remains are released from the cremation establishment.

2. The date and time when the cremated remains were released from the cremation establishment.

3. The name of the person to whom the cremated remains are released and the name and license number of the funeral establishment, cemetery, family or other person or entity with which that person is affiliated.

4. The signature of the person who receives the cremated remains.
5. The signature of the person who released the cremated remains on behalf of the cremation establishment.

6. The name of the cremation establishment operator and the date and time of the cremation.

(2) The cremation establishment will retain a copy of the receiving receipt in its permanent records.

c. *Permanent record.* A cremation establishment will maintain at its place of business a permanent record that includes the following:

(1) Name of the deceased person.

(2) Date and time of the cremation.

(3) Copies of the delivery receipt and the receiving receipt.

(4) Disposition of the cremated remains.

(5) Cremation authorization.

(6) Cremation permit if required in the jurisdiction of death.

900.10(2) *Employment of a funeral director by a cremation establishment.* No aspect of these rules will be construed to require a funeral director to supervise or perform any functions at a cremation establishment not otherwise required by law to be performed by a funeral director. The cremation establishment will contract only with a licensed funeral establishment and will not contract directly with the general public.

900.10(3) *Authorizing person and preneed cremation arrangements.* The authorized person has legal authority and may make decisions regarding the final disposition of the decedent.

900.10(4) *Authorization to cremate.*

a. The cremation establishment will have the authority to cremate human remains upon the receipt of the following:

(1) Cremation authorization form signed by the authorized person. The cremation authorization form will contain the following:

1. The name, address, age and gender of the decedent whose human remains are to be cremated.

2. The date, time of death and cause of death of the decedent.

3. The name and license number of the funeral establishment and of the funeral director who obtained the cremation authorization form signed by the authorized person.

4. The signature of the funeral director.

5. The name and address of the cremation establishment authorized to cremate a human remains.

6. The name and signature of the authorized person granting permission to cremate the human remains and the authorized person's relationship to the decedent.

7. A representation that the authorized person has the right to authorize the cremation of the decedent in accordance with this rule.

8. A representation that in the event there is another person who has superior priority right to that of the authorized person, the authorized person has made all reasonable efforts to contact that person and has no reason to believe that the person would object to the cremation of the decedent.

9. A representation that a human remains does not contain any material or implants that may be potentially hazardous to equipment or persons performing the cremation.

10. A representation that the authorized person has made a positive identification of the decedent or, if the authorized person is unavailable or declines, there are alternative means of positive identification.

11. The name of the person, funeral establishment or funeral establishment's designee to which the cremated remains are to be released.

12. The manner of the final disposition of the cremated remains.

13. A listing of all items of value and instructions for their disposition.

(2) The cremation permit if required in the jurisdiction of death.

(3) Any other documentation required by this state.

b. If the authorized person is not available to execute the cremation authorization form in person, the funeral director may accept written authorization by facsimile, email, or such alternative written or electronic means the funeral director reasonably believes to be reliable and credible.

c. The authorized person may revoke the authorization and instruct the funeral director or funeral establishment to cancel the cremation. The cremation establishment will honor any instructions from a funeral director or funeral establishment under this rule if the cremation establishment receives instructions prior to beginning the cremation.

900.10(5) Cremation procedures.

a. A cremation establishment will cremate human remains within 24 hours of issuance of the delivery receipt as defined in subrule 900.10(1).

b. No cremation establishment will cremate human remains when it has actual knowledge that the human remains contain a pacemaker or have any other implants or materials that will present a health hazard to those performing the cremation and processing and pulverizing the cremated remains.

c. No cremation establishment will refuse to accept human remains for cremation because such human remains are not embalmed.

d. Whenever a cremation establishment is unable or unauthorized to cremate human remains immediately upon taking custody of the remains, the cremation establishment will place the human remains in a holding facility in accordance with the cremation establishment rules and regulations and within the parameters of rules 481—900.5(135,144) and 481—900.6(156).

e. No cremation establishment will accept human remains unless they are delivered to the cremation establishment in a container that prevents the leakage of body fluids.

f. Under no circumstances will an alternative container or casket be opened at the cremation establishment except to facilitate proper cremation.

g. The container in which a human remains is delivered to the cremation establishment will be cremated with the human remains or safely destroyed.

h. The simultaneous cremation of the human remains of more than one person within the same cremation chamber, without the prior written consent of the authorized person, is prohibited. Nothing in this rule, however, will prevent the simultaneous cremation within the same cremation chamber of body parts delivered to the cremation establishment from multiple sources, or the use of cremation equipment that contains more than one cremation chamber.

i. No unauthorized person will be permitted in the holding facility or cremation room while any human remains are being held there awaiting cremation, being cremated, or being removed from the cremation chamber.

j. A cremation establishment will not allow removal of any dental gold, body parts, organs, or any item of value prior to or subsequent to a cremation without previously having received specific written authorization from the authorized person and written instructions for the delivery of these items to the authorized person.

k. Upon the completion of each cremation, and insofar as is practicable, all of the recoverable residue of the cremation process will be removed from the cremation chamber.

l. If all of the recovered cremated remains will not fit within the receptacle that has been selected, the remainder of the cremated remains will be returned to the authorized person or this person's designee in a separate container. The cremation establishment will not return to an authorized person or this person's designee more or less cremated remains than were removed from the cremation chamber.

m. A cremation establishment will not knowingly represent to an authorized person or this person's designee that a temporary cremation container or urn contains the cremated remains of a specific decedent when it does not.

n. Cremated remains will be shipped only by a method that has an internal tracing system available and that provides a receipt signed by the person accepting delivery.

o. A cremation establishment will maintain an identification system that will ensure the identity of human remains in the cremation establishment's possession throughout all phases of the cremation process. A noncombustible tag or disc that includes the name and license number of the cremation establishment and the city and state where the cremation establishment is located will be attached to the plastic bag with the cremated remains or placed in amongst the cremated remains.

900.10(6) Disposition of cremated remains. If responsible, the funeral director will supervise the final disposition of the cremated remains as follows:

a. Cremated remains may be disposed of by placing them in a grave, crypt, or niche or by scattering them in a scattering area as defined in these rules, or they may remain in the personal care and custody of the authorized person. After supervising the transfer of cremated remains to the authorized person or place of final disposition, the funeral director will be discharged.

b. Upon the completion of the cremation process, the cremation establishment will release the cremated remains to the funeral establishment or the authorized person or the authorized person's designee. Upon the receipt of the cremated remains, the individual receiving them may transport them in any manner in this state without a burial transit permit and may dispose of them in accordance with this rule. After releasing the cremated remains, the cremation establishment will be discharged from any legal obligation or liability concerning the cremated remains.

c. If, after a period of 60 days from the date of the cremation, the authorizing person or designee has not instructed the funeral director to arrange for the final disposition of the cremated remains, the funeral director may dispose of the cremated remains in any manner permitted by this rule. The funeral establishment, however, will keep a permanent record identifying the site of final disposition. The authorizing person will be responsible for reimbursing the funeral establishment for all reasonable expenses incurred in disposing of the cremated remains. Any entity that was in possession of cremated remains prior to May 22, 2024, may dispose of them in accordance with this rule.

d. Except with the express written permission of the authorizing person, no funeral director or cremation establishment will:

(1) Dispose of cremated remains in a manner or in a location so that the cremated remains are commingled with those of another person. This prohibition will not apply to the scattering of cremated remains in an area located in a cemetery and used exclusively for those purposes.

(2) Place cremated remains of more than one person in the same temporary cremation container or urn.

900.10(7) Scope of rules. These rules will be construed and interpreted as a comprehensive cremation statute, and the provisions of these rules will take precedence over any existing laws containing provisions applicable to cremation, but that do not specifically or comprehensively address cremation.

[ARC 7812C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—900.11(156) Records to be retained by a funeral establishment. To ensure a permanent record of the licensed activity relating to the custody of each decedent, each funeral director will create and the funeral establishment will maintain the records identified in this rule. If a registered intern or registered removal technician first takes custody of a decedent, the funeral director from whom they were delegated that authority is responsible for compliance with the rules in this chapter. Funeral directors and funeral establishments will comply with the rules adopted by the department of health and human services under Iowa Code section 144.49.

900.11(1) At a minimum, the following information, if applicable, relating to each human remains that enters the custody of the establishment/licensee will be maintained as the permanent record of licensed activity:

- a. Name of the deceased;
- b. Date, time, and place of death (institution or other place, city, state, zip);
- c. Name and address of the person or funeral establishment to whom a human remains is released;
- d. Date and from whom the funeral director assumed custody, including the name of the institution or other place of death releasing a human remains;
- e. Date, time, and name of the licensed funeral director or registered intern completing embalming or other preparation for final disposition;
- f. Date, place and method of final disposition of a human remains.

900.11(2) Each funeral establishment will create and maintain the following records for a period of ten years:

- a. General price list required by the funeral rule, beginning on the most recent effective date;
- b. Each completed statement of goods and services required by the funeral rule, beginning on the date the statement is signed;
- c. Cremation records (see rule 481—900.10(156));

d. Embalming records;

e. Each preneed contract (pursuant to Iowa Code chapter 523A), beginning on the date of death.

900.11(3) The funeral records maintained by the funeral establishment as required in subrules 900.11(1) and 900.11(2) will be made available by the manager, funeral director or owner of the funeral establishment to:

a. Any person or entity assuming a new ownership interest or any person newly assuming the position of manager, at least ten days prior to a change in ownership or manager, unless otherwise mutually agreed upon by the parties;

b. Any licensed funeral director who practiced funeral directing while under the employment of, or while acting as an agent of, the funeral establishment; and

c. The state registrar of vital statistics and the board.

900.11(4) In the event a funeral establishment ceases to do business, the owner or manager of the funeral establishment will identify the person or entity that will be responsible for records to be maintained by a funeral establishment as required in subrules 900.11(1) and 900.11(2). The funeral establishment will notify the board if funeral records are moved from the funeral establishment to another location and identify the person responsible for their safekeeping.

CHAPTER 901
LICENSURE OF FUNERAL DIRECTORS, FUNERAL ESTABLISHMENTS, AND
CREMATION ESTABLISHMENTS

[Prior to 9/21/88, see Health Department[470] Ch 147]
[Prior to 7/10/02, see 645—100.9(156) and 645—100.10(156)]
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 101]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/22/29

481—901.1(156) Definitions. For purposes of these rules, the following definitions will apply:

“Active license” means a license that is current and has not expired.

“Board” means the board of mortuary science.

“Change of ownership” means a change of controlling interest ((1) an interest in a partnership of greater than 50 percent; or (2) greater than 50 percent of the issued and outstanding shares of a stock of a corporation) in a funeral establishment or cremation establishment.

“Full time” means a minimum of a 35-hour work week.

“Grace period” means the 30-day period following expiration of a license when the license is still considered to be active. In order to renew a license during the grace period, a licensee is required to pay a late fee.

“Inactive license” means a license that has expired because it was not renewed by the end of the grace period. The category of “inactive license” may include licenses formerly known as lapsed, inactive, delinquent, closed, or retired.

“Licensee” means any person licensed to practice as a funeral director in the state of Iowa.

“License expiration date” means the fifteenth day of the birth month every two years following initial licensure.

“Licensure by endorsement” means the issuance of an Iowa license to practice mortuary science to an applicant who is or has been licensed in another state.

“Occupational Safety and Health Act” means the Occupational Safety and Health Act of 1970, 29 U.S.C. §651 et seq.

“Outer burial container” means any container which is designed for placement in the ground around a casket or an urn including, but not limited to, containers commonly known as burial vaults, urn vaults, grave boxes, grave liners, and lawn crypts.

“Reactivate” or *“reactivation”* means the process as outlined in rule 481—901.11(17A,147,272C) by which an inactive license is restored to active status.

“Reciprocal license” means the issuance of an Iowa license to practice mortuary science to an applicant who is currently licensed in another state which has a mutual agreement with the Iowa board of mortuary science to license persons who have the same or similar qualifications to those required in Iowa.

“Reinstatement” means the process as outlined in rule 481—506.31(272C) by which a licensee who has had a license suspended or revoked or who voluntarily surrendered a license may apply to have the license reinstated, with or without conditions. Once the license is reinstated, the licensee may apply for active status.

[ARC 7813C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—901.2(156) Requirements for licensure.

901.2(1) The applicant will be eligible to apply for a license to practice mortuary science by the board pursuant to subrule 901.2(2) when the applicant has completed the educational requirements and examination requirements, followed by a completed internship as prescribed below, in the following alphabetical order:

a. Educational qualifications.

(1) A minimum of 60 hours of college credit as indicated on the transcript from a regionally accredited college or university with a minimum of a 2.0 or “C” grade point average. The 60 college semester hours will not include any technical mortuary science course; and

(2) A program in mortuary science from a school accredited by the American Board of Funeral Service Education; and

(3) A college course of at least one semester hour or equivalent in current Iowa law and rules covering mortuary science content areas including, but not limited to, Iowa law and rules governing the practice of mortuary science, cremation, vital statistics, cemeteries and preneed services.

b. Examination requirements. The board will accept a certificate of examination issued by the International Conference of Funeral Service Examining Boards, Inc., indicating a passing score on both the arts and sciences portions of the examination.

c. Internship requirements as outlined in rule 481—901.3(147,156).

901.2(2) The applicant will complete an online application packet on the Iowa board of mortuary science website and pay the nonrefundable application fee.

a. If licensed in another jurisdiction, the applicant will complete the licensure by endorsement application. Submit a license verification document that discloses if disciplinary action was taken in the jurisdiction where the applicant was most recently licensed.

b. An application that is not completed according to guidelines will not be reviewed by the board.

c. A person who is licensed in another jurisdiction but who is unable to satisfy the requirements of licensure by endorsement may apply for licensure by verification, if eligible, in accordance with rule 481—501.1(272C).

d. An application will not be considered until official copies of the academic transcripts have been directly transmitted from the college to the board office that demonstrate the applicant has completed a program at an approved college of mortuary science.

e. Licensees who were issued their initial licenses within six months prior to the renewal will not be required to renew their licenses until the renewal month two years later.

f. Incomplete applications that have been on file in the board office for more than two years will be:

(1) Considered invalid and will be destroyed; or

(2) Maintained upon written request of the candidate. The candidate is responsible for requesting that the file be maintained.

901.2(3) Foreign-trained funeral directors will:

a. Provide an equivalency evaluation of their educational credentials by International Education Research Foundation, Inc. The professional curriculum must be equivalent to that stated in these rules. A candidate will bear the expense of the curriculum evaluation.

b. Provide a copy of the certificate or diploma awarded to the applicant from a mortuary science program in the country in which the applicant was educated.

c. Receive a final determination from the board regarding the application for licensure.

d. Successfully complete a college course of at least one semester hour or equivalent in current Iowa law and rules covering mortuary science content areas including, but not limited to, Iowa law and rules governing the practice of mortuary science, cremation, vital statistics, cemeteries and preneed.

[ARC 7813C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—901.3(147,156) Internship and preceptorship.

901.3(1) *Internship.*

a. The intern must serve a minimum of one year of internship under the direct supervision of an Iowa board-certified preceptor. The beginning and ending dates of the internship will be indicated on the internship certificate. The intern will engage in the practice of mortuary science only during the time indicated on the internship certificate.

b. The intern will, during the internship, be a full-time employee with the funeral establishment at the site of internship except as provided in paragraph 901.3(2)“i.”

c. No licensed funeral director will permit any person in the funeral director’s employ or under the funeral director’s supervision or control to serve an internship in funeral directing unless that person has a certificate of registration as a registered intern from the department of inspections, appeals, and licensing. The registration will be posted in a conspicuous place in the intern’s primary place of practice.

d. Registered interns will not advertise or hold themselves out as funeral directors or use the degree F.D. or any other title or abbreviation indicating that the intern is a funeral director.

e. The intern will, during the internship, complete the requirements outlined in subrule 901.3(3), including to embalm not fewer than 25 human remains and direct or assist in the direction of not fewer than

25 funerals under the direct supervision of the certified preceptor and to submit reports on forms furnished by the department of inspections, appeals, and licensing. Work on the first five embalming cases, first five funeral arrangements, and first five funeral or memorial services must be completed in the physical presence of the preceptor. The first 12 embalming cases and the first 12 funeral case reports must be completed and submitted by the completion of the sixth month of the internship.

f. Before being eligible for licensure, the intern must have filed the 25 completed embalming and funeral directing case reports and a 6-month and a 12-month evaluation form with the department of inspections, appeals, and licensing. These reports will be answered in full and signed by both the intern and preceptor.

g. When, for any valid reason, the board determines that the education a registered intern is receiving under the supervision of the present preceptor might be detrimental to the intern or the profession at large, the intern may be required to serve the remainder of the internship under the supervision of a licensed funeral director who is approved by the board.

h. The length of an internship may be extended if the board determines that the intern requires additional time or supervision in order to meet the minimum proficiency in the practice of mortuary science.

i. The board views a one-year internship completed in a consecutive 12-month period as the best training option. If an internship is interrupted, the internship must be completed within 24 months of the date it started in order to be readily accepted by the board. Internships that are not completed within 24 months will be preapproved by the board on such terms as the board deems reasonable under the circumstances. The board may require any or all of the following:

(1) Completion of a college course or continuing education course covering mortuary science laws and rules;

(2) Additional case reports;

(3) Extension of an internship up to an additional 12 months depending on such factors as the number of months completed during the internship, length of time that has lapsed since the intern was actively involved in the internship program, and the experience attained by the intern.

j. Application for change of preceptor or any other alteration must be made in writing and approval granted by the board before the status of the intern is altered.

k. The intern will complete on a form provided by the board a confidential evaluation of the preceptorship program at the end of the internship. This form will be submitted before a funeral director license is issued to the intern.

l. The intern must be approved and licensed following a successful internship before the intern may practice mortuary science.

901.3(2) Preceptorship.

a. A preceptor must have completed a training course within five years prior to accepting an intern. This training course will cover Iowa law and rule content areas including, but not limited to, Iowa law and rules governing licensure and the practice of mortuary science and human resource issues. The training course may be counted toward the continuing education hours required for the licensure biennium in which the training course was completed.

b. Any duly Iowa-licensed funeral director who has been practicing for a minimum of five years and who has not had any formal disciplinary action within the past five years with the board of mortuary science and has completed a preceptor training course detailed in paragraph 901.3(2) "a" will be eligible to be a preceptor.

c. The preceptor will be affiliated with a funeral establishment that has not had any formal disciplinary action within the past five years.

d. The preceptor will certify that the intern engages in the practice of mortuary science only during the time frame designated on the official intern certificate.

e. A preceptor's duties will include the following:

(1) Ensure the intern completes the training program outlined in subrule 901.3(3);

(2) Be physically present and supervise the first five embalming cases, first five funeral arrangements, and first five funeral or memorial services;

- (3) Familiarize the intern in the areas specified by the preceptor training outline;
 - (4) Read, add appropriate comments to, and sign each of the 25 embalming reports and the 25 funeral directing reports completed by the intern;
 - (5) Complete a written six-month report of the intern on a form provided by the board. This report is to be reviewed with and signed by the intern and submitted to the board before the end of the seventh month; and
 - (6) At the end of the internship, complete a confidential evaluation of the intern on a form provided by the board. This evaluation will be submitted within two weeks of the end of the internship. The 12-month report will be submitted to the board for review and approval prior to the board's approval of the intern for licensure.
- f.* Failure of a preceptor to fulfill the requirements set forth by the board, including failure to remit the required six-month progress report, as well as the final evaluation, will result in an investigation of the preceptor by the board and may result in actions which may include, but not be limited to, the loss of preceptor status for current and future interns or discipline or both.
- g.* If a preceptor does not serve the entire year, the board will evaluate the situation; and if a certified preceptor is not available, a licensed funeral director may serve with the approval of the board.
- h.* No licensed funeral director or licensed funeral establishment will have more than one intern funeral director for the first 100 human remains embalmed or funerals conducted per year, with a maximum of two interns per funeral establishment.
- i.* With prior board approval, an intern may serve under the supervision of more than one preceptor under the following terms and conditions:
- (1) A single preceptor must act in the role of the primary preceptor.
 - (2) The primary preceptor is responsible for coordinating all intern training and activities.
 - (3) The intern will be a full-time employee of the funeral establishment of the primary preceptor; however, compensation may be shared between preceptors.
 - (4) The primary preceptor may make arrangements with a maximum of two additional preceptors to share preceptor responsibilities for such purposes as providing an intern with a higher-volume practice or a broader range of intern experiences.
 - (5) Each preceptor will be individually responsible for directly supervising the intern's activities performed under the preceptor's guidance, but the primary preceptor remains responsible for coordinating the intern's activities and submitting all forms to the board.

901.3(3) Intern training requirements.

- a.* The board-approved preceptor will ensure that the intern is knowledgeable of each of the following items during the internship:
- (1) The requirements of the Federal Trade Commission Funeral Rule.
 - (2) The requirements of the Occupational Safety and Health Act.
 - (3) The requirements of the Americans with Disabilities Act.
 - (4) The benefits of the Social Security and Veterans Health Administrations.
 - (5) The requirements of Iowa funeral law and forms (for example, preneed in Iowa Code chapter 523A, death certificates and Iowa burial transit permits in Iowa Code chapter 144, authorized person in Iowa Code chapter 144C, Iowa department of inspections, appeals, and licensing law and rules governing funeral practice, and the board's laws and rules).
- b.* The board-approved preceptor will ensure that the intern performs each of the following under the preceptor's direct supervision:
- (1) Assists with or performs a minimum of ten transfers of human remains.
 - (2) Performs 25 embalmings of human remains to include:
 1. Obtaining permission to embalm.
 2. Placement of human remains on preparation table.
 3. Pre-embalming analysis.
 4. Primary disinfection.
 5. Setting features.
 6. Selection of injection/drainage sites and raising those vessels.

7. Selection and mixing of embalming chemicals and operation of the embalming machine.
8. Injection and drainage methods.
9. Cavity treatment.
10. Suturing techniques.
- (3) Prepares a minimum of ten human remains for viewing to include:
 1. Dressing.
 2. Cosmetizing.
 3. Casketing.
- (4) Assists with cremation procedures to include:
 1. Contacting the medical examiner.
 2. Completing required cremation forms.
 3. Preparing human remains for cremation.
- (5) Makes complete funeral arrangements with a minimum of ten families to include each of the following, as applicable:
 1. Presentation of funeral goods, products and services.
 2. Presentation of payment options for families.
 3. Contacting third-party suppliers of goods and services, such as clergy, cemetery personnel, outer burial container provider, cremation establishment, florist, and musicians.
 4. Completing the obituary.
 5. Presentation of general price list and associated price lists.
 6. Preparation and presentation of statement of funeral goods and services.
- (6) Coordinates, at a minimum, ten visitations to include:
 1. Preparing the chapel, visitation room or other facility.
 2. Setting up floral arrangements.
 3. Setting up register book and memorial folders or prayer cards.
- (7) Directs a minimum of 25 funerals or memorial services to include, as applicable:
 1. Greeting funeral attendees.
 2. Assisting casket bearers.
 3. Preparing for funeral procession.
 4. Driving a vehicle in procession.
 5. Assisting at graveside committal.
 6. Transporting flowers.
 7. Coordinating with officiant and family.

[ARC 7813C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—901.4(156) Student practicum.

901.4(1) A student may participate in a student practicum in a licensed funeral establishment in Iowa if the student's school is accredited by and in good standing with the American Board of Funeral Service Education (ABFSE). The student practicum must meet the requirements of the ABFSE.

901.4(2) Students serving a practicum in Iowa will be under the direct physical supervision of a funeral director who meets the following requirements:

- a. Has completed the Iowa preceptor training course within the immediately preceding five years.
- b. Has not had any formal disciplinary action within the past five years.
- c. Is affiliated with a funeral establishment that has not had any formal disciplinary action within the past five years.

[ARC 7813C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—901.5(156) Funeral establishment license or cremation establishment license.

901.5(1) A place of business devoted to providing any aspect of mortuary science or cremation services will hold an establishment license issued by the board. An establishment license will not be issued more than 30 days prior to the opening of a new establishment.

- a. A funeral establishment or a cremation establishment will not be operated until it has obtained a license from the board. Each establishment will timely renew the license in order to continue operations.

b. A funeral or cremation establishment will surrender its license to the board if the establishment fails to engage in or ceases to engage in the business for which the license was issued, pursuant to Iowa Code section 156.15(2)“*d.*”

c. A funeral or cremation establishment license is not transferable or assignable.

d. A change in ownership will require the issuance of a new license. A change in ownership will be reported to the board prior to the date ownership will change or, in the case of change of ownership by death or other unexpected event, within 30 days following change of ownership. The board may request legal proof of the ownership transfer.

e. An establishment license will be issued for a specific physical location. A change in location or site of an establishment will require the submission of an application for a new license and payment of the fee required by 481—subrule 507.9(9). A new establishment license must be issued prior to the commencement of business in a new location.

f. A change in the name of an establishment will be reported to the board within 30 days. The establishment owner will pay the fee for reissuing the license.

g. A change in address or of the funeral director in responsible charge will be reported to the board within 30 days.

h. An establishment will have an employment or other relationship with one or more licensed funeral directors who will perform all mortuary science services for which licensure as a funeral director is required by Iowa Code chapter 156. A cremation establishment is not, however, required to employ or contract with a funeral director on an ongoing basis because a cremation establishment will not offer services directly to the general public. When a funeral establishment has an employment or other relationship with multiple funeral directors, the funeral establishment will designate the funeral director who will be in responsible charge of all mortuary science services performed at the funeral establishment. The funeral establishment will report to the board any change of the funeral director in responsible charge within 30 days of the change.

i. The board will not routinely issue more than one establishment license for a single location, but the board may do so if the multiple applicants provide proof, satisfactory to the board, that the establishments are wholly separate except for the sharing of facilities. If the board issues more than one establishment license for a single location, the licensees will ensure that the public will not be confused or deceived as to the establishment with which the public is interacting. A facility may have a funeral establishment license and a separate cremation establishment license at a single location.

j. The establishment license will be displayed in a conspicuous place at the location of the establishment.

k. Failure to comply with any of these rules will constitute grounds for discipline pursuant to 481—Chapter 904 or civil penalties for unlicensed practice pursuant to 481—Chapter 905.

901.5(2) A funeral establishment or cremation establishment will be subject to applicable local, state and federal health and environmental requirements and will obtain all necessary licenses and permits from the agencies with jurisdiction.

901.5(3) License application. Complete an online application on the Iowa board of mortuary science website and pay the nonrefundable funeral or cremation application fee. If there is both a funeral establishment and a cremation establishment at the same location, two establishment license applications will be required, along with the payment of two establishment application fees. The application will contain all of the following:

a. The name, mailing address and telephone number of the applicant.

b. The physical location of the establishment.

c. The mailing address, telephone number, fax number and email address of the establishment.

d. The name, home address and telephone number of the individual in charge who has the authority and responsibility for the establishment’s compliance with laws and rules pertaining to the operation of the establishment.

e. The name and address of all owners and managers of the establishment (e.g., sole proprietor, partner, director, officer, managing partner, member, or shareholder with 10 percent or more of the stock).

f. The legal name of the establishment and all trade names, assumed names, or other names used by the establishment.

g. The signature of the responsible authority at the site of the establishment and an acknowledgment of the funeral director in responsible charge of mortuary science services at the funeral establishment that the funeral director is aware of and consents to the designation.

h. The names and license numbers of all funeral directors employed by or associated with the establishment through contract or otherwise who provide mortuary science services at or for the establishment. When a funeral establishment has an employment or other relationship with multiple funeral directors, the funeral establishment will designate the funeral director who will have responsible charge of all mortuary science services performed at the funeral establishment. No funeral establishment will be issued a license if it fails to designate the funeral director in responsible charge of the mortuary science services to be performed at the establishment.

i. All felony or misdemeanor convictions of the applicant and all owners and managing officers of the applicant (except minor traffic offenses with fines of less than \$500).

j. All disciplinary actions against any professional or occupational license of the applicant by any jurisdiction including, but not limited to, disciplinary action by the Iowa insurance division under Iowa Code chapter 523A or 523I or action by the Federal Trade Commission.

k. Further information that the board may reasonably require, such as whether the establishment includes a preparation room.

[ARC 7813C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—901.6(156) Renewal of funeral director license.

901.6(1) The biennial license renewal period for a license to practice as a funeral director will begin on the sixteenth day of the licensee's birth month and end on the fifteenth day of the licensee's birth month two years later. The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive notice from the board does not relieve the licensee of the responsibility for renewing the license.

901.6(2) An individual who was issued a license within six months of the license renewal date will not be required to renew the license until the subsequent renewal date two years later. Continuing education hours acquired any time from the initial licensing until the second license renewal may be used. The licensee will be required to complete a minimum of 24 hours of continuing education per biennium for each subsequent license renewal, with 2 of the 24 hours covering current Iowa law and rules as identified in 481—paragraph 902.3(2) “*f.*”

901.6(3) A licensee seeking renewal will:

a. Meet the continuing education requirements of 481—902.2(272C). A licensee whose license was reactivated during the current renewal compliance period may use continuing education credit earned during the compliance period for the first renewal following reactivation; and

b. Complete an online renewal application on the board of mortuary science website and pay the renewal fee before the license expiration date.

Persons licensed to practice funeral directing will keep their renewal licenses displayed in a conspicuous public place at the primary site of practice.

901.6(4) Upon receiving the information required by this rule and the required fee, board staff will administratively issue a two-year license. In the event the board receives adverse information on the renewal application, the board will issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

901.6(5) A person licensed to practice as a funeral director will keep the license certificate displayed in a conspicuous public place at the primary site of practice.

901.6(6) Late renewal. The license will become late when the license has not been renewed by the expiration date on the renewal. The licensee will be assessed a late fee as specified in 481—subrule 507.14(4). To renew a late license, the licensee will complete the renewal requirements and submit the late fee within the grace period.

901.6(7) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa,

but may not practice as a funeral director in Iowa until the license is reactivated. A licensee who practices as a funeral director in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

[ARC 7813C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—901.7(272C) Renewal of a funeral establishment license or a cremation establishment license.

901.7(1) Renewal.

- a. The renewal cycle will be triennial beginning July 1 and ending on June 30 of the third year.
- b. The renewal will be to complete an online renewal application on the Iowa board of mortuary science website and pay the renewal fee.

901.7(2) Failure to receive notice from the board will not relieve the license holder of the obligation to pay triennial renewal fees on or before the renewal date.

901.7(3) Funeral and cremation establishments will keep their renewal licenses displayed in a conspicuous public place at the primary site of practice.

901.7(4) Late renewal. If the renewal fee and renewal application are received within 30 days after the license renewal expiration date, the late fee for failure to renew before expiration will be charged.

901.7(5) When all requirements for license renewal are met, the licensee will be sent a license renewal card by email.

[ARC 7813C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—901.8(272C) Inactive funeral establishment license or cremation establishment license.

901.8(1) If the renewal application and fee are not postmarked within 30 days after the license expiration date, the funeral establishment license or cremation establishment license is inactive. To reactivate a funeral establishment license or cremation establishment license, complete an online reactivation application on the Iowa board of mortuary science website and pay the reactivation fee.

901.8(2) A funeral establishment or a cremation establishment that has not renewed the funeral establishment license or cremation establishment license within the required time frame will have an inactive license and will not provide mortuary science services until the license is reactivated.

[ARC 7813C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—901.9(17A,147,272C) Reinstatement of a funeral establishment license or a cremation establishment license. For a funeral or cremation establishment license that has been revoked, suspended, or voluntarily surrendered, the owner must apply for and receive reinstatement of the license in accordance with rule 481—506.31(272C) and must apply for and be granted reactivation of the license in accordance with rule 481—901.9(272C) prior to offering mortuary science services from that establishment in this state.

[ARC 7813C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—901.10(17A,147,272C) License reactivation. To apply for reactivation of an inactive license, a licensee will:

901.10(1) Complete an online reactivation application on the Iowa board of mortuary science website and pay the reactivation fee.

901.10(2) Provide verification of current competence to practice as a funeral director by satisfying one of the following criteria:

a. If the license has been on inactive status for five years or less, an applicant must provide the following:

(1) If licensed in another jurisdiction, the applicant will submit a licensure verification document from every jurisdiction in which the applicant is or has been licensed that discloses if disciplinary action was taken.

(2) Verification of completion of 24 hours of continuing education that meets continuing education standards defined in rule 481—902.3(156,272C) within two years prior to filing the application for reactivation; and

(3) Verification of completion of two hours of continuing education in current Iowa law and rules covering mortuary science content areas including, but not limited to, Iowa law and rules governing the practice of mortuary science, cremation, vital statistics, cemeteries and preneed. These 2 hours will be included as a part of the 24 hours required in subparagraph 901.11(3)“a”(2).

b. If the license has been on inactive status for more than five years, an applicant must provide the following:

(1) If licensed in another jurisdiction, the applicant will submit a licensure verification document from every jurisdiction the applicant is or has been licensed that discloses if disciplinary action was taken.

(2) Verification of completion of 48 hours of continuing education that meet continuing education standards defined in 481—subrule 902.3(1) and 481—paragraphs 902.3(2)“a,”“b,” “c,” and “e,” within two years prior to filing the application for reactivation. Independent study identified in 481—paragraph 902.3(2)“f” will not exceed 24 hours of the 48 hours; and

(3) Verification of completion of a college course of at least one semester hour or equivalent in current Iowa law and rules covering mortuary science content areas including but not limited to Iowa law and rules governing the practice of mortuary science, cremation, vital statistics, cemeteries and preneed.

[ARC 7813C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—901.11(17A,147,272C) Reinstatement of a funeral director license. A licensee whose license has been revoked, suspended, or voluntarily surrendered must apply for and receive reinstatement of the license in accordance with rule 481—506.31(272C) and must apply for and be granted reactivation of the license in accordance with rule 481—901.11(17A,147,272C) prior to practicing as a funeral director in this state. The owner of a funeral home establishment whose establishment license has been revoked, suspended, or voluntarily surrendered must apply for and receive reinstatement of the establishment license and must apply for and be granted reactivation of the establishment license prior to reopening the funeral home establishment.

[ARC 7813C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—901.12(156) Removal technician education and training requirements.

901.12(1) A removal technician will complete an in-person or live, real-time interactive media education training program that is approved by the board of mortuary science and provides education and training on the following:

- a.* Requirements of the Federal Trade Commission Funeral Rule as defined in rule 481—900.1(156);
- b.* Requirements of the Occupational Safety and Health Act relevant to the removal technician’s duties;
- c.* Iowa laws and rules relevant to removal technicians; and
- d.* Pertinent equipment.

901.12(2) It is the responsibility of the removal technician to maintain documentation of successful completion of the education training program described in subrule 901.12(1).

[ARC 7813C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—901.13(156) Removal technician supervision and requirements.

901.13(1) A removal technician will serve under the direct supervision of an Iowa licensed funeral director, will only perform removals at the direction of the supervising funeral director, and may act in place of a funeral director only in performing a removal.

901.13(2) Any Iowa-licensed funeral director who meets the following conditions is eligible to be a supervisor:

- a.* Has been practicing for a minimum of five years;
- b.* Has not had any formal disciplinary action within the past five years with the board of mortuary science; and
- c.* Is affiliated with a funeral establishment that has not had any formal disciplinary action within the past five years.

901.13(3) A removal technician seeking registration will complete an application on forms provided by the board and remit a fee in the amount of \$50 to the board. The application will include the applicant’s

full name, date of birth, and home address; the name and license number of the removal technician's supervising funeral director; and the name and address of the funeral establishment primarily employing the removal technician. A registration is effective for five years and may be renewed within 60 days of expiration. A removal technician will advise the board in writing of any change in supervisor or funeral establishment within 30 days.

901.13(4) The supervising funeral director will:

- a. Ensure the removal technician completes the education training program described in rule 481—901.12(156) and is registered as a removal technician with the board;
- b. Be physically present and directly supervise the removal technician's first five removals;
- c. Ensure the removal technician performs its duties as outlined in subrule 901.13(2);
- d. Not supervise more than two removal technicians; and
- e. Not have more than four registered removal technicians employed by the same funeral establishment, or any funeral establishment owned, operated, or affiliated with that funeral establishment.

901.13(5) Removal technicians will:

- a. Be employed full- or part-time by the Iowa-licensed funeral establishment;
- b. Complete the requirements of rule 481—901.12(156) and have their first five removals completed in the physical presence of and directly supervised by their supervising Iowa licensed funeral director;
- c. Comply with subrule 900.4(1) on behalf of their supervising licensed funeral director, including providing their signature and registration number when removing a human remains from a hospital, nursing establishment, or any other institution involved with the care of the public.

901.13(6) Removal technicians will not:

- a. Advertise or hold themselves out as a funeral director or use the acronym "F.D." or any other title or abbreviation indicating that the removal technician is a funeral director;
- b. Engage in any duties of a funeral director outside of performing a removal, including but not limited to the duties of a funeral director enumerated in 481—paragraphs 900.2(1) "b" through "f."

¹ Effective date of 645—101.3(147,156), 101.98(3), 101.212(16) delayed 70 days by the Administrative Rules Review Committee at its meeting held March 13, 1995; delay lifted by this Committee May 9, 1995.

CHAPTER 902
CONTINUING EDUCATION FOR FUNERAL DIRECTORS

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 102]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/22/29

481—902.1(272C) Definitions. For the purpose of these rules, the following definitions will apply:

“*Active license*” means a license that is current and has not expired.

“*Audit*” means the selection of licensees for verification of satisfactory completion of continuing education requirements during a specified time period.

“*Board*” means the board of mortuary science.

“*Continuing education*” means planned, organized learning acts that are designed to maintain, improve, or expand a licensee’s knowledge and skills in order for the licensee to develop new knowledge and skills relevant to the enhancement of practice, education, or theory development to improve the safety and welfare of the public and that meet the standards set forth in these rules.

“*Hour of continuing education*” means at least 50 minutes spent by a licensee in actual attendance at and completion of continuing education.

“*Inactive license*” means a license that has expired because it was not renewed by the end of the grace period. The category of “inactive license” may include licenses formerly known as lapsed, inactive, delinquent, closed, or retired.

“*Independent study*” means a subject/program/activity that a person pursues autonomously that meets standards for approval criteria in these rules and includes a posttest.

“*License*” means license to practice.

“*Licensee*” means any person licensed to practice as a funeral director in the state of Iowa.

[ARC 7814C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—902.2(272C) Continuing education requirements.

902.2(1) The biennial continuing education compliance period will extend for a two-year period beginning on the fifteenth day of the licensee’s birth month and ending on the fifteenth day of the licensee’s birth month. Each biennium, a person who holds an active license will be required to complete a minimum of 24 hours of continuing education activity. Two of the 24 hours of continuing education will be in current Iowa law and rules covering mortuary science content areas, including but not limited to Iowa law and rules governing the practice of mortuary science, cremation, vital statistics, cemeteries and preneed. A minimum of 12 hours of the 24 hours of continuing education required for renewal will be earned by completing a program in which an instructor conducts the class employing either in-person or live, real-time interactive media.

902.2(2) Requirements of new licensees. Continuing education is not required in the first renewal period. Continuing education hours acquired any time from the initial licensing until the second license renewal may be used. The new licensee will be required to complete a minimum of 24 hours of continuing education per biennium for each subsequent license renewal.

902.2(3) Hours of continuing education credit may be obtained by attending and participating in a continuing education activity as stipulated in rule.

902.2(4) Up to 50 percent of continuing education (a maximum of 12 hours) can be carried over into the next biennium if there was an amount of continuing education completed during the prior period that exceeded the minimum requirement. A licensee whose license was reactivated during the current renewal compliance period may use continuing education earned during the compliance period for the first renewal following reactivation.

902.2(5) It is the responsibility of each licensee to finance the cost of continuing education.

[ARC 7814C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24; ARC 9068C, IAB 4/2/25, effective 5/21/25]

481—902.3(156,272C) Standards.

902.3(1) *General criteria.* A continuing education activity must meet the following criteria:

- a. Constitute an organized program of learning that contributes directly to the professional competency of the licensee;
- b. Pertain to subject matters that integrally relate to the practice of the profession;
- c. Be conducted by individuals who have specialized education, training and experience concerning the subject matter of the program. At the time of audit, the board may request the qualifications of presenters;
- d. Fulfill stated program goals, objectives, or both; and
- e. Provide proof of attendance to licensees in attendance, including:
 - (1) Date(s), location, course title, presenter(s);
 - (2) Number of program contact hours; and
 - (3) Certificate of completion or evidence of successful completion of the course provided by the course sponsor.

All licensees must retain the information identified in paragraph 902.3(1) “e” for two years after the biennium has ended.

902.3(2) *Specific criteria.*

- a. The following categories of continuing education are accepted:
 - (1) Public health and technical: chemistry, microbiology and public health, anatomy, pathology, restorative art, arterial and cavity embalming.
 - (2) Business management: accounting, funeral home and crematory management and merchandising, computer application, funeral directing, and small business management.
 - (3) Social sciences/humanities: psychology of grief, counseling, sociology of funeral service, history of funeral service, communication skills, and philosophy.
 - (4) Legal, ethical, regulatory: mortuary law; business law; ethics; Federal Trade Commission, OSHA, ADA, and EPA regulations; preneed regulation; social services; veterans affairs benefits; insurance; state and county benefits; legislative concerns. Insurance will be related to life insurance and will not exceed 8 hours each biennium.
- b. Academic coursework that meets the criteria set forth in the rule is accepted. Continuing education credit equivalents are as follows:
 - 1 academic semester hour = 10 continuing education hours
 - 1 academic trimester hour = 8 continuing education hours
 - 1 academic quarter hour = 7 continuing education hoursA course description and an official school transcript indicating successful completion of the course must be provided by the licensee to receive credit for an academic course if continuing education is audited.
- c. Attendance at or participation in a program or course that is offered or sponsored by a state or national funeral association that meets the criteria in subrule 902.3(1) and paragraph 902.3(2) “a” is accepted.
- d. Independent study credits, including those obtained by television viewing, Internet, video- or sound-recorded programs, or correspondence work or by other similar means that meet the criteria in paragraph 902.3(2) “a,” must be accompanied by a certificate from the sponsoring organization that indicates successful completion of the test. Continuing education credit obtained by independent study will not exceed 12 hours of the 24 hours required during the compliance period.
- e. Presentations of a structured continuing education program or a college course that meets the criteria established in standards for approval may receive 1.5 times the number of hours granted the attendees. These hours will be granted only once per biennium for identical presentations.
- f. Two of the 24 hours of continuing education will be in current Iowa law and rules covering mortuary science content areas including but not limited to Iowa law and rules governing the practice of mortuary science, cremation, vital statistics, cemeteries and preneed.

[ARC 7814C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—902.4(272C) Automatic exemption. A licensee will be exempt from the continuing education requirement during the license biennium when that person:

- 1. Served honorably on active duty in the military service; or

2. Was a government employee working in the licensee's specialty and assigned to duty outside the United States; or
3. Was absent from the state but engaged in active practice under circumstances that are approved by the board.

[ARC 7814C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code section 272C.2 and chapter 156.

CHAPTER 903

DISCIPLINARY PROCEEDINGS

[Prior to 7/10/02, see 645—101.7(272C) to 645—101.10(272C)]

Rescinded **ARC 7815C**, IAB 4/17/24, effective 5/22/24

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 103]

CHAPTER 904
DISCIPLINARY PROCEEDINGS

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 104]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/22/29

481—904.1(156) Definitions.

“Board” means the board of mortuary science.

“Discipline” means any sanction the board may impose upon licensees.

“Licensee” means an individual licensed pursuant to Iowa Code section 156.4 to practice as a funeral director in Iowa and a person issued an establishment license pursuant to Iowa Code section 156.14 to establish, conduct, or maintain a funeral establishment or cremation establishment in Iowa.

[ARC 7815C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—904.2(17A,147,156,272C) Disciplinary authority. The board is empowered to administer Iowa Code chapters 17A, 147, 156, and 272C and related administrative rules for the protection and well-being of those persons who may rely upon licensed individuals and establishments for the performance of mortuary science services within this state or for clients in this state. To perform these functions, the board is broadly vested with authority to review and investigate alleged acts or omissions of licensees, to determine whether disciplinary proceedings are warranted, to initiate and prosecute disciplinary proceedings, to establish standards of professional conduct, and to impose discipline pursuant to Iowa Code sections 17A.13, 147.55, 272C.3 to 272C.6 and 272C.10 and chapter 156.

[ARC 7815C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—904.3(17A,147,156,272C) Grounds for discipline against funeral directors. The board may initiate disciplinary action against a licensed funeral director based on Iowa Code section 156.9 and any of the following grounds:

904.3(1) Fraud in procuring a license. Fraud in procuring a license includes but is not limited to an intentional perversion of the truth in making application for a license to practice in this state, which includes the following:

a. False representation of a material fact, whether by word or by conduct, by false or misleading allegation, or by concealment of that which should have been disclosed when making application for a license in this state, or

b. Attempting to file or filing with the board or the department of inspections, appeals, and licensing any false or forged diploma or certificate or affidavit or identification or qualification in making an application for a license in this state.

904.3(2) Professional incompetency. Professional incompetency includes but is not limited to:

a. A substantial lack of knowledge or ability to discharge professional obligations within the scope of practice.

b. A substantial deviation from the standards of learning or skill ordinarily possessed and applied by other practitioners in the state of Iowa acting in the same or similar circumstances.

c. A failure to exercise the degree of care that is ordinarily exercised by the average practitioner acting in the same or similar circumstances.

d. Failure to conform to the minimal standards of acceptable and prevailing practice of a funeral director in this state.

904.3(3) Deceptive practices. Deceptive practices are grounds for discipline, whether or not actual injury is established, and include:

a. Knowingly making misleading, deceptive, untrue or fraudulent representations in the practice of mortuary science.

b. Use of untruthful or improbable statements in advertisements. Use of untruthful or improbable statements in advertisements includes but is not limited to an action by a licensee in making information or intention known to the public which is false, deceptive, misleading or promoted through fraud or misrepresentation.

- c.* Acceptance of any fee by fraud or misrepresentation.
- d.* Falsification of business records through false or deceptive representations or omissions.
- e.* Submission of false or misleading reports or information to the board, including information supplied in an audit of continuing education, reports submitted as a condition of probation, or any reports identified in this rule.
- f.* Knowingly misrepresenting any material matter to a prospective purchaser of funeral merchandise, furnishings, or services.
- g.* Representing oneself as a funeral director when one's license has been suspended, revoked, or surrendered, or when one's license is on inactive status.
- h.* Permitting another person to use the licensee's license for any purposes.
- i.* Misrepresenting the legal need or other requirement for embalming.
- j.* Fraud in representations as to skill or ability.

904.3(4) Unethical, harmful or detrimental conduct. Licensees engaging in unethical conduct or practices harmful or detrimental to the public may be disciplined whether or not injury is established. Behaviors and conduct that are unethical, harmful or detrimental to the public may include but are not limited to the following actions:

- a.* Practice outside the scope of the profession that requires licensure by a different professional licensing board.
- b.* Any violation of Iowa Code chapter 144.
- c.* Verbal or physical abuse, improper sexual contact, or making suggestive, lewd, lascivious, offensive or improper remarks or advances, if such behavior occurs within the practice of mortuary science or such behavior otherwise provides a reasonable basis for the board to conclude that such behavior would place the public at risk within the practice of mortuary science.
- d.* Betrayal of a professional confidence.
- e.* Engaging in a professional conflict of interest.
- f.* Failure to comply with universal precautions for preventing transmission of infectious diseases as issued by the Centers for Disease Control and Prevention of the United States Department of Health and Human Services.
- g.* Embalming or attempting to embalm a deceased human body without first having obtained authorization from a family member or representative of the deceased, except where embalming is done to meet the requirements of applicable state or local law. However, a funeral director may embalm without authority when, after due diligence, no authorized person can be contacted and embalming is in accordance with legal or accepted standards in the community, or the licensee has good reason to believe that the family wishes embalming. The order of priority for those persons authorized to permit embalming is found in Iowa Code section 144C.5. If embalming is performed under these circumstances, the licensee shall not be deemed to be in violation of the prohibition in this paragraph.
- h.* Failure to keep and maintain records as required by Iowa Code chapter 156 and associated rules.

904.3(5) Unlicensed practice.

- a.* Practicing mortuary science when one's license has been suspended, revoked, or surrendered, or when one's license is on inactive status.
- b.* Practicing mortuary science within an unlicensed funeral or cremation establishment.
- c.* Permitting an unlicensed employee or other person under the licensee's control or supervision to perform activities requiring a license.
- d.* Knowingly aiding, assisting, procuring, advising, or allowing a person to unlawfully practice mortuary science, or aiding or abetting a licensee, license applicant or unlicensed person in committing any act or omission which is grounds for discipline under this rule or is an unlawful act by a nonlicensee under Iowa Code section 156.16.

904.3(6) Lack of proper qualifications.

- a.* Continuing to practice as a funeral director without satisfying the continuing education mandated by 481—Chapter 902.
- b.* Acting as a preceptor or continuing education provider without proper board approval or qualification.

c. Habitual intoxication or addiction to the use of drugs, or impairment which adversely affects the licensee's ability to practice in a safe and competent manner.

d. Any act, conduct, or condition, including lack of education or experience and careless or intentional acts or omissions, that demonstrates a lack of qualifications which are necessary to ensure a high standard of professional care as provided in Iowa Code section 272C.3(2) "b."

904.3(7) Negligence by the licensee in the practice of the profession. Negligence by the licensee in the practice of the profession includes:

a. A failure to exercise due care, including negligent delegation of duties or supervision of employees or other individuals, whether or not injury results.

b. Any conduct, practice or condition which impairs a licensee's ability to safely and skillfully practice the profession.

904.3(8) Professional misconduct.

a. Obtaining, possessing, attempting to obtain or possess, or administering controlled substances without lawful authority.

b. Violation of a regulation or law of this state, another state, or the United States, which relates to the practice of mortuary science, including but not limited to Iowa Code chapters 272C, 144, 147, 156, 523A, 523I, 566, and 566A; board rules, including rules of professional conduct set forth in 481—Chapter 900; and regulations promulgated by the Federal Trade Commission relating to funeral services or merchandise, or funeral or cremation establishments, as applicable to the profession. Any violation involving deception, dishonesty or moral turpitude shall be deemed related to the practice of mortuary science.

c. Engaging in any conduct that subverts or attempts to subvert a board investigation, or failure to fully cooperate with a licensee disciplinary investigation or investigation against a nonlicensee, including failure to comply with a subpoena issued by the board or to respond to a board inquiry within 30 calendar days of the date of mailing by certified mail of a written communication directed to the licensee's last address on file at the board office.

d. Revocation, suspension, or other disciplinary action taken by a licensing authority of this state, another state, territory, or country. A stay by an appellate court shall not negate this requirement; however, if such disciplinary action is overturned or reversed by a court of last resort, discipline by the board based solely on such action shall be vacated.

904.3(9) Willful or repeated violations. The willful or repeated violation of any provision of Iowa Code chapter 147, 156, or 272C.

904.3(10) Failure to report.

a. Failure by a licensee or an applicant for licensure to report in writing to the board any revocation, suspension, or other disciplinary action taken by a licensing authority within 30 days of the final action.

b. Failure of a licensee or an applicant for licensure to report, within 30 days of the action, any voluntary surrender of a professional license to resolve a pending disciplinary investigation or action.

c. Failure to notify the board of a criminal conviction within 30 days of the action, regardless of the jurisdiction where it occurred.

d. Failure to notify the board within 30 days after occurrence of any judgment or settlement of malpractice claim or action.

e. Failure to report another licensee to the board for any violations listed in these rules, pursuant to Iowa Code section 272C.9.

f. Failure to report a change of name or address within 30 days after it occurs.

904.3(11) Failure to comply with board order.

a. Failure to comply with the terms of a board order or the terms of a settlement agreement or consent order, or other decision of the board imposing discipline.

b. Failure to pay costs assessed in any disciplinary action.

904.3(12) Being convicted of an offense that directly relates to the duties and responsibilities of the profession. A conviction includes a guilty plea, including Alford and nolo contendere pleas, or a finding or verdict of guilt, even if the adjudication of guilt is deferred, withheld, or not entered. A copy of the guilty plea or order of conviction constitutes conclusive evidence of conviction. An offense directly relates to the

duties and responsibilities of the profession if the actions taken in furtherance of the offense are actions customarily performed within the scope of practice of the profession or the circumstances under which the offense was committed are circumstances customary to the profession.

904.3(13) Violation of the terms of an initial agreement with the impaired practitioner review committee or violation of the terms of an impaired practitioner recovery contract with the impaired practitioner review committee.

904.3(14) Failure to comply with conditions of Iowa Code sections 142C.10 and 142C.10A.

[ARC 7815C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—904.4(17A,147,156,272C) Grounds for discipline against funeral establishments and cremation establishments. The board may initiate disciplinary action against a funeral establishment or cremation establishment, at time of license application or thereafter, based on all grounds set forth in Iowa Code section 156.15, summarized as follows:

904.4(1) The licensee or applicant has been convicted of a felony or any crime related to the practice of mortuary science or implicating the establishment's ability to safely perform mortuary science services, or if the applicant is an association, joint stock company, partnership, or corporation, the managing officer or owner has been convicted of such a crime under the laws of this state, another state, or the United States.

904.4(2) The licensee or applicant, or any owner or employee of the establishment has violated Iowa Code chapter 156, rule 481—904.3(17A,147,156,272C), or any other rule promulgated by the board.

904.4(3) The licensee or applicant knowingly aided, assisted, procured, or allowed a person to unlawfully practice mortuary science.

904.4(4) The licensee or applicant failed to engage in or ceased to engage in the business described in the application for licensure.

904.4(5) The licensee or applicant failed to keep and maintain records as required by Iowa Code chapter 156 or rules promulgated by the board.

904.4(6) The licensee or owner of the establishment has violated the smokefree air Act, Iowa Code chapter 142D.

[ARC 7815C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—904.5(17A,147,156,272C) Method of discipline. The board has the authority to impose the following disciplinary sanctions:

1. Revoke a license.
2. Suspend a license until further order of the board or for a specific period.
3. Prohibit permanently, until further order of the board, or for a specific period, the licensee's engaging in specified procedures, methods, or acts.
4. Place a licensee on probation and impose such conditions as the board may reasonably impose, including but not limited to requiring periodic reporting to the board designated features of the licensee's practice of mortuary science.
5. Require additional education or training. The board may specify that a designated amount of continuing education be taken in specific subjects and may specify the time period for completing these courses. The board may also specify whether that continuing education be in addition to the continuing education routinely required for license renewal. The board may also specify that additional continuing education be a condition for the termination of any suspension or reinstatement of a license.
6. Require a reexamination.
7. Order a physical or mental evaluation, or order alcohol and drug screening within a time specified by the board.
8. Impose civil penalties not to exceed \$1,000 against an individual licensed as a funeral director, or not to exceed \$10,000 against a licensed funeral establishment or cremation establishment. Civil penalties may be imposed for any of the disciplinary violations specified in rules 481—904.3(17A,147,156,272C) and 481—904.4(17A,147,156,272C), as applicable.
9. Issue a citation and warning, or reprimand.
10. Refuse to issue or renew a license.
11. Such other sanctions allowed by law as may be appropriate.

[ARC 7815C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—904.6(17A,147,156,272C) Board discretion in imposing disciplinary sanctions. Factors the board will consider when determining the nature and severity of the disciplinary sanction to be imposed, including whether to assess and the amount of civil penalties, include:

1. The relative serious nature of the violation as it relates to ensuring a high standard of professional care to the citizens of this state.
2. Whether the amount of a civil penalty will be a substantial deterrent to the violation.
3. The circumstances leading to the violation.
4. The risk of harm to the public.
5. The economic benefits gained by the licensee as a result of the violation.
6. The interest of the public.
7. Evidence of reform or remedial action.
8. Time lapsed since the violation occurred.
9. Whether the violation is a repeat offense following a prior cautionary letter, disciplinary order, or other notice of the nature of the infraction.
10. The clarity of the issues involved.
11. Whether the violation was willful and intentional.
12. Whether the nonlicensee acted in bad faith.
13. The extent to which the licensee cooperated with the board.
14. Whether a licensee holding an inactive, suspended, restricted or revoked license engaged in practices which require licensure.
15. Any extenuating factors or other countervailing considerations.
16. Number and seriousness of prior violations or complaints.
17. Such other factors as may reflect upon the competency, ethical standards, and professional conduct of the licensee.

[ARC 7815C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—904.7 Reserved.

481—904.8(17A,147,156,272C) Informal discussion. If the board considers it advisable, or if requested by the affected licensee, the board may grant the licensee an opportunity to appear before the board or a committee of the board for a voluntary informal discussion of the facts and circumstances of an alleged violation. The licensee may be represented by legal counsel at the informal discussion. The licensee is not required to attend the informal discussion. By electing to attend, the licensee waives the right to seek disqualification, based upon personal investigation of a board or staff member, from participating in making a contested case decision or acting as a presiding officer in a later contested case proceeding. Because an informal discussion constitutes a part of the board's investigation of a pending disciplinary case, the facts discussed at the informal discussion may be considered by the board in the event the matter proceeds to a contested case hearing and those facts are independently introduced into evidence. The board may seek a consent order at the time of the informal discussion. If the parties agree to a consent order, a statement of charges shall be filed simultaneously with the consent order.

[ARC 7815C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code chapters 17A, 147, 156, and 272C.

[Editorial change: IAC Supplement 9/18/24]

CHAPTER 905
ENFORCEMENT PROCEEDINGS AGAINST NONLICENSEES

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 105]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/22/29

481—905.1(156) Civil penalties against nonlicensees. The board may impose civil penalties by order against a person who is not licensed by the board based on the unlawful practices specified in Iowa Code section 156.16. In addition to the procedures set forth in Iowa Code section 156.16, this chapter will apply. [ARC 7816C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—905.2(156) Unlawful practices. Practices by unlicensed persons or establishments that are subject to civil penalties include but are not limited to:

1. Acts or practices by unlicensed persons that require licensure as a funeral director under Iowa Code chapter 156.
2. Acts or practices by unlicensed establishments that require licensure as a funeral establishment or cremation establishment under Iowa Code chapter 156.
3. Use of the words “funeral director,” “mortician,” or other title in a manner that states or implies that the person is engaged in the practice of mortuary science as defined in Iowa Code chapter 156.
4. Use or attempted use of a licensee’s certificate or an expired, suspended, revoked, or nonexistent certificate.
5. Falsely impersonating a licensed funeral director.
6. Providing false or forged evidence of any kind to the board in obtaining or attempting to obtain a license.
7. Other violations of Iowa Code chapter 156.
8. Knowingly aiding or abetting an unlicensed person or establishment in any activity identified in this rule.

[ARC 7816C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—905.3(156) Investigations. The board is authorized by Iowa Code sections 17A.13(1) and 156.16 to conduct such investigations as are needed to determine whether grounds exist to impose civil penalties against a nonlicensee. Such investigations will conform to the procedures outlined in this chapter. Complaint and investigatory files concerning nonlicensees are not confidential except as may be provided in Iowa Code chapter 22.

[ARC 7816C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—905.4(156) Subpoenas. Pursuant to Iowa Code sections 17A.13(1) and 156.16, the board is authorized in connection with an investigation of an unlicensed person or establishment to issue subpoenas to compel persons to testify and to compel persons to produce books, papers, records and any other real evidence, whether or not privileged or confidential under law, that the board deems necessary as evidence in connection with the civil penalty proceeding or relevant to the decision of whether to initiate a civil penalty proceeding. Board procedures concerning investigative subpoenas are set forth in rule 481—503.5(17A,272C).

[ARC 7816C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—905.5(156) Notice of intent to impose civil penalties. The notice of the board’s intent to issue an order to require compliance with Iowa Code chapter 156 and to impose a civil penalty will be served upon the nonlicensee by restricted certified mail, return receipt requested, or personal service in accordance with Iowa R. Civ. P. 1.305. Alternatively, the nonlicensee may accept service personally or through authorized counsel. The notice will include the following:

1. A statement of the legal authority and jurisdiction under which the proposed civil penalty would be imposed.
2. Reference to the particular sections of the statutes and rules involved.
3. A short, plain statement of the alleged unlawful practices.

4. The dollar amount of the proposed civil penalty and the nature of the intended order to require compliance with Iowa Code chapter 156.

5. Notice of the nonlicensee's right to a hearing and the time frame in which hearing must be requested.

6. The address to which written request for hearing must be made.

[ARC 7816C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—905.6(156) Requests for hearings.

905.6(1) Nonlicensees must request a hearing within 30 days of the date the notice is received if served through restricted certified mail, or within 30 days of the date of service if service is accepted or made in accordance with Iowa R. Civ. P. 1.305. A request for hearing must be in writing and is deemed made on the date of the nonmetered United States Postal Service postmark or the date of personal service.

905.6(2) If a request for hearing is not timely made, the board chairperson or the chairperson's designee may issue an order imposing the civil penalty and requiring compliance with Iowa Code chapter 156, as described in the notice. The order may be mailed by regular first-class mail or served in the same manner as the notice of intent to impose civil penalty.

905.6(3) If a request for hearing is timely made, the board will issue a notice of hearing and conduct a contested case hearing in the same manner as applicable to disciplinary cases against licensees.

905.6(4) A nonlicensed person who fails to timely request a contested case hearing will have failed to exhaust "adequate administrative remedies" as that term is used in Iowa Code section 17A.19(1).

905.6(5) A nonlicensed person who is aggrieved or adversely affected by the board's final decision following a contested case hearing may seek judicial review as provided in Iowa Code section 17A.19.

905.6(6) A nonlicensee may waive the right to hearing and all attendant rights and enter into a consent order imposing a civil penalty and requiring compliance with Iowa Code chapter 156 at any stage of the proceeding upon mutual consent of the board.

905.6(7) The notice of intent to issue an order and the order are public records available for inspection and copying in accordance with Iowa Code chapter 22. Copies may be published as provided in rule 481—506.30(272C). Hearings will be open to the public.

[ARC 7816C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—905.7(156) Factors to consider. The board may consider the following when determining the amount of civil penalty to impose, if any:

1. Whether the amount imposed will be a substantial economic deterrent to the violation.
2. The circumstances leading to the violation.
3. The severity of the violation and the risk of harm to the public.
4. The economic benefits gained by the violator as a result of noncompliance.
5. The interest of the public.
6. The time lapsed since the unlawful practice occurred.
7. Evidence of reform or remedial actions.
8. Whether the violation is a repeat offense following a prior warning letter or other notice of the nature of the infraction.
9. Whether the violation involved an element of deception.
10. Whether the unlawful practice violated a prior order of the board, court order, cease and desist agreement, consent order, or similar document.
11. The clarity of the issue involved.
12. Whether the violation was willful and intentional.
13. Whether the nonlicensee acted in bad faith.
14. Whether the nonlicensee cooperated with the board.

[ARC 7816C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—905.8(156) Enforcement options. In addition, or as an alternative, to the administrative process described in these rules, the board may seek an injunction in district court, refer the matter for criminal prosecution, or enter into a consent agreement as provided in Iowa Code section 156.16.

[ARC 7816C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code chapters 17A, 147, and 156.

[Filed ARC 7816C (Notice ARC 7534C, IAB 1/24/24), IAB 4/17/24, effective 5/22/24]

[Editorial change: IAC Supplement 9/18/24]

CHAPTER 906
ADOPTION OF UNIFORM AND MODEL RULES

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 106]

Chapter rescission date pursuant to Iowa Code section 17A.7: 8/28/29

481—906.1(17A,272C) Board of mortuary science adoption of uniform and model rules. The board hereby adopts by reference the following:

906.1(1) to **906.1(9)** Reserved.

906.1(10) Model rules for licensee review committee, 481—Chapter 505.

This rule is intended to implement Iowa Code chapter 272C.

[ARC 8148C, IAB 7/24/24, effective 8/28/24; Editorial change: IAC Supplement 9/18/24]

[Filed ARC 8148C (Notice ARC 7296C, IAB 1/24/24), IAB 7/24/24, effective 8/28/24]

[Editorial change: IAC Supplement 9/18/24]

CHAPTER 907
PLACES WHERE DEAD HUMAN BODIES ARE PREPARED
FOR BURIAL OR ENTOMBMENT

[Prior to 7/29/87, Health Department[470] Ch 86]
[Prior to 4/2/25, see Public Health Department[641] Ch 86]

Chapter rescission date pursuant to Iowa Code section 17A.7: 1/1/28

481—907.1(156) Purpose. The purpose of this chapter is to establish standards for the operation and inspection of places where dead human bodies are prepared for burial, cremation or entombment.

[Editorial change: IAC Supplement 4/2/25]

481—907.2(156) Definitions.

“*Board*” means the board of mortuary science examiners.

“*Cremated remains*” means the body of a deceased person, including any form of body prosthesis that has been permanently attached to or implanted in the body.

“*Cremation*” means the technical process, using heat and flame, that reduces human remains to bone fragments. The reduction takes place through heat and evaporation. Cremation shall include the processing, and may include the pulverization, of the bone fragments.

“*Cremation chamber*” means the enclosed space within which the cremation takes place.

“*Cremation establishment*” means a place of business which provides any aspect of cremation of human remains.

“*Cremation room*” means the room in which the cremation chamber is located.

“*Department*” means the Iowa department of public health.

“*Funeral establishment*” means a place of business, as defined by the board of mortuary science examiners, devoted to providing any aspect of mortuary science.

“*Human remains*” means a deceased human being for which a death certificate or fetal death certificate is required.

“*Listed*” means equipment or materials included in a list published by an agency that maintains periodic inspection on current production of listed equipment or materials and whose listing states either that the equipment or material complies with approved standards or has been tested and found suitable for use in a specified manner.

“*Preparation room*” means a room in a funeral establishment where human remains are prepared, sanitized, embalmed or held for ceremonies and final disposition.

[Editorial change: IAC Supplement 4/2/25]

481—907.3(156) Licensing. No person, business or corporation shall operate a funeral establishment, preparation room or cremation chamber without first licensing the establishment with the board.

[Editorial change: IAC Supplement 4/2/25]

481—907.4(156) Public access areas. Public access areas of funeral homes and crematorium establishments shall have a public rest room with hot and cold running water.

[Editorial change: IAC Supplement 4/2/25]

481—907.5(156) Preparation room. The preparation room shall meet the following standards:

907.5(1) The preparation room shall be of such size and dimensions to accommodate and shall contain an embalming table, an appropriate sink, or other liquid waste receptacle with sewer and water connections, suitable cabinet or shelves, and hand-washing facilities to include hot water, soap and towels.

907.5(2) The preparation room shall be private. It shall not be used as a passageway from room to room. No toilet or commode shall be located within the preparation room. Only equipment necessary for use in preparation of bodies for burial, shipment or cremation shall be permitted in the preparation room.

907.5(3) There shall be a toilet and hand-washing facility accessible elsewhere in the building.

907.5(4) Ventilation shall be provided by an exhaust fan vented to the outside of the building.

907.5(5) Doors and windows of the preparation room shall be so installed and constructed as to obstruct view from outside and to prevent fumes and odors from entering any other part of the building.

907.5(6) There shall be adequate lighting. Light fixtures shall be easy to clean and kept clean.

907.5(7) The preparation room shall be provided with an adequate water supply with hot and cold running water.

907.5(8) The building drainage system must be discharged into the municipal sewage system where such a system is available. Where a municipal sewage system is not available, the building drainage system must be discharged into a private system of waste disposal acceptable to the Iowa department of natural resources and the Iowa department of public health.

907.5(9) Backflow prevention.

a. Funeral homes not meeting the requirements of paragraph 907.5(9)“c” shall have water-supplied aspirators equipped with a listed atmospheric vacuum breaker mounted at least six inches above the aspirator. The discharge of the aspirator shall be through an air gap.

b. Funeral homes not meeting the requirements of paragraph 907.5(9)“c” shall have hose bibbs protected by a listed nonremovable hose bibb type backflow preventer. Potable water outlets with a tube connection fitting shall be protected by a listed atmospheric vacuum breaker mounted at least six inches above the highest point of water usage.

c. In new construction, the water supply to the preparation room and to fixtures in the preparation room shall be protected against backflow in accordance with the Iowa state plumbing code (481—Chapter 425) or in accordance with the ordinance of the political subdivision in which the facility is located, provided that the requirements of the ordinance are equal to or greater than the requirements of the Iowa state plumbing code.

907.5(10) The embalming table shall have a top composed of stainless steel, porcelain or other rustproof material, and the edges shall be raised at least three-fourths inch around the entire table. There shall be a drain opening in the table.

907.5(11) Each preparation room shall have a covered, watertight receptacle for solid refuse.

907.5(12) All preparation rooms shall be maintained in a clean and sanitary condition. All embalming tables, sinks, receptacles, instruments and other appliances used in embalming dead human bodies shall be thoroughly cleaned with hot water and disinfectant. There shall be available a suitable means to sterilize instruments.

[Editorial change: IAC Supplement 4/2/25]

481—907.6(156) Crematorium chambers.

907.6(1) Cremation chambers shall be installed according to the manufacturer’s recommendations.

907.6(2) Cremation chambers shall be vented to the outside of the building.

907.6(3) There shall be a means to bring in a fresh air supply to aid in combustion.

907.6(4) The room where the cremation chamber is located shall have adequate exhaust to prevent heat buildup.

907.6(5) The cremation chamber shall be cleaned after each use, with cremated remains and pulverized materials being placed in containers as defined in rule 481—900.1(156).

[Editorial change: IAC Supplement 4/2/25]

481—907.7(156) Inspection fees. Inspection fees shall be billed to the owner of a funeral home or crematorium upon the completion of an inspection. Inspection fees are due upon receipt of a notice of payment due. When the funeral home or crematorium is located within the contracted area of a board of health that has a 28E agreement for inspections with the department, inspection fees billed shall be paid to the contracted board of health or its designee.

907.7(1) The fee for the inspection of a funeral home or crematorium shall be \$15 for each facility.

907.7(2) Penalty. Inspection fees not received by the department or contracted board of health within 45 days of the date of billing will be assessed a \$25 penalty for each month or fraction thereof that the payment is delinquent.

[Editorial change: IAC Supplement 4/2/25]

These rules are intended to implement Iowa Code chapter 156.

CHAPTERS 908 to 920
Reserved

BOARD OF DIETETICS

CHAPTER 921

LICENSURE OF DIETITIANS

[Prior to 6/26/02, see 645—Ch 80]

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 81]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/5/29

481—921.1(152A) Definitions.

“Active license” means a license that is current and has not expired.

“Board” means the board of dietetics.

“Consultation” means the practice of providing professional advice to another dietitian or other professional in a particular case and for a limited time, in affiliation with, and at the request of, a dietitian licensed in this state.

“Dietetics” means the integration and application of principles derived from the sciences of nutrition, biochemistry, physiology, food management and from behavioral and social sciences to achieve and maintain an individual’s health.

“Grace period” means the 30-day period following expiration of a license when the license is still considered to be active.

“Inactive license” means a license that has expired because it was not renewed by the end of the grace period. The category of “inactive license” may include licenses formerly known as lapsed, inactive, delinquent, closed, or retired.

“Licensee” means any person licensed to practice as a dietitian in the state of Iowa.

“License expiration date” means the fifteenth day of the birth month every two years following initial licensure.

“Nutrition assessment” means the evaluation of the nutrition needs of individuals and groups based upon appropriate biochemical, anthropometric, physical, and dietary data to determine nutrient needs and to recommend appropriate nutritional intake, including enteral and parenteral nutrition.

“Nutrition counseling” means advising and assisting individuals or groups, with consideration of cultural background and socioeconomic status, about appropriate nutritional intake by integrating information from the nutrition assessment with information about food and other sources of nutrients and meal preparation.

“Reactivate” or *“reactivation”* means the process as outlined in rule 481—921.8(17A,147,272C) by which an inactive license is restored to active status.

“Reciprocal license” means the issuance of an Iowa license to practice dietetics to an applicant who is currently licensed in another state that has a mutual agreement with the Iowa board of dietetics to license persons who have the same or similar qualifications as those required in Iowa.

“Registered dietitian” means a dietitian who has met the standards and qualifications of the Commission on Dietetic Registration, a member of the National Commission for Certifying Agencies.

“Reinstatement” means the process as outlined in rule 481—506.31(272C) by which a licensee who has had a license suspended or revoked or who has voluntarily surrendered a license may apply to have the license reinstated, with or without conditions. Once the license is reinstated, the licensee may apply for active status.

“Supervision of nonlicensees” means any of the following: delegation of duties, direct oversight, or indirect oversight of employees or other persons not licensed by the board.

[ARC 7925C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24; Editorial change: IAC Supplement 1/22/25]

481—921.2(152A) Nutrition care. The primary function of dietetic practice is the provision of nutrition care services that include:

1. Assessing the nutrition needs of individuals and groups and determining resources and constraints in the practice setting.
2. Establishing priorities, goals, and objectives that meet nutrition needs and are consistent with available resources and constraints.

3. Providing nutrition counseling concerning health and disease.
4. Developing, implementing, and managing nutrition care systems.
5. Evaluating, making changes in, and maintaining appropriate standards of quality in food and nutrition services.

[ARC 7925C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—921.3(152A) Requirements for licensure. The following criteria apply to licensure:

921.3(1) The applicant submits a completed online application for licensure and pay the nonrefundable licensure fee specified in rule 481—507.6(147,152A).

921.3(2) No application will be considered by the board until the applicant satisfactorily completes the registration examination for dietitians administered by the Commission on Dietetic Registration (CDR). The board will accept the passing score set by the CDR. Verification of satisfactory completion may be established by one of the following:

- a. The applicant sends to the board a copy of the CDR registration card;
- b. The CDR sends an official letter directly to the board to verify that the applicant holds registration status; or
- c. The CDR posts web-based verification that the applicant holds registration status.

921.3(3) A license is not required for dietitians who are in this state for the purpose of consultation, in accordance with rule 481—921.1(152A), when they are licensed in another state, U.S. territory, or country, or have received at least a baccalaureate degree in human nutrition from a U.S. regionally accredited college or university.

921.3(4) Incomplete applications that have been on file in the board office for more than two years will be considered invalid and destroyed.

[ARC 7925C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—921.4(152A) Educational qualifications.

921.4(1) The applicant shall possess a baccalaureate degree or postbaccalaureate degree from a U.S. regionally accredited college or university with a major course of study in human nutrition, food and nutrition, nutrition education, dietetics, or food systems management, or in an equivalent major course of study, that meets minimum academic requirements as established by the Accreditation Council for Education in Nutrition and Dietetics (ACEND) of the Academy of Nutrition and Dietetics (AND) and is approved by the board.

921.4(2) A foreign-trained dietitian shall:

- a. Provide an official letter sent directly from the Commission on Dietetic Registration (CDR) to the board to verify that the applicant has met the minimum academic and didactic program requirements of the CDR. Foreign degree equivalency evaluation requirements of the ACEND of the AND are listed on the ACEND website, and
- b. Provide evidence of meeting all other requirements in these rules.

[ARC 7925C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—921.5(152A) Supervised experience. The applicant shall complete an accredited competency-based supervised experience program approved by the ACEND of the AND.

[ARC 7925C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—921.6(152A) Licensure by endorsement. An applicant who has been a licensed dietitian under the laws of another jurisdiction may file an application for licensure by endorsement with the board office. The board may receive by endorsement any applicant from the District of Columbia or another state, territory, province or foreign country who:

921.6(1) Meets the requirements of rule 481—921.4(152A).

921.6(2) Provides verification of license(s) from every jurisdiction in which the applicant has been licensed, sent directly from the jurisdiction(s) to the board office. Web-based verification may be substituted for verification direct from the jurisdiction's board office if the verification provides:

- a. Licensee's name;
- b. Date of initial licensure;

- c. Current licensure status; and
- d. Any disciplinary action taken against the license.

[ARC 7925C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—921.7(152A) License renewal.

921.7(1) The biennial license renewal period begins on the sixteenth day of the licensee's birth month and ends on the fifteenth day of the licensee's birth month two years later. The licensee is responsible for renewing the license prior to its expiration.

921.7(2) An initial license issued by the board may be valid for an 18- to 29-month period. When an initial license is renewed, it will be placed on a two-year renewal period identified in subrule 921.9(1).

921.7(3) A licensee seeking renewal shall:

a. Meet the continuing education requirements of rule 481—922.2(152A) and the mandatory reporting requirements of subrule 921.9(4). A licensee whose license was reactivated during the current renewal compliance period may use continuing education credit earned during the compliance period for the first renewal following reactivation; and

b. Submit the completed renewal application and renewal fee before the license expiration date.

921.7(4) Mandatory reporter training requirements.

a. A licensee who, in the scope of professional practice or in the licensee's employment responsibilities, examines, attends, counsels or treats children and dependent adults in Iowa will complete the applicable department of health and human services training relating to the identification and reporting of child and dependent adult abuse as required by Iowa Code section 232.69(3) "b."

b. Written documentation of training completion should be maintained for three years.

c. The requirement for mandatory training for identifying and reporting child and dependent adult abuse is suspended if the board determines that suspension is in the public interest or that a person at the time of license renewal:

(1) Is engaged in active duty in the military service of this state or the United States.

(2) Holds a current waiver by the board based on evidence of significant hardship in complying with training requirements, including an exemption of continuing education requirements or extension of time in which to fulfill requirements due to a physical or mental disability or illness as identified in rule 481—500.14(272C).

d. The board may select licensees for audit of compliance with the requirements in paragraphs 921.9(4) "a" and "b."

921.7(5) Upon receiving the information required by this rule and the required fee, a two-year license will be administratively issued. In the event the board receives adverse information on the renewal application, the renewal license will be issued but the board may refer the adverse information for further consideration or disciplinary investigation.

921.7(6) The license certificate and proof of active licensure will be displayed in a conspicuous public place at the primary site of practice.

921.7(7) Late renewal. A license not renewed by the expiration date will be assessed a late fee as specified in 481—subrule 507.6(3). Completion of renewal requirements and submission of the late fee within the grace period are needed to renew the license.

921.7(8) Inactive license. A license not renewed by the end of the grace period is inactive. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice as a dietitian in Iowa until the license is reactivated. A licensee who practices as a dietitian in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

921.7(9) Renewal of a reactivated license. A licensee who reactivates the license in accordance with rule 481—921.8(17A,147,272C) will not be required to renew the license until the next renewal two years later if the license is reactivated within six months prior to the license renewal date.

[ARC 7925C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—921.8(17A,147,272C) License reactivation. To apply for reactivation of an inactive license, a licensee shall:

921.8(1) Submit a reactivation application and pay the reactivation fee as specified in 481—Chapter 507.

921.8(2) Provide verification of current competence to practice dietetics by satisfying one of the following criteria:

a. If the license has been on inactive status for five years or less, an applicant must provide the following:

(1) Verification of the license(s) from every jurisdiction in which the applicant is or has been licensed and is or has been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction(s) to the board office. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

1. Licensee's name;
2. Date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license.

(2) Verification of completion of 30 hours of continuing education within two years of the application for reactivation.

b. If the license has been on inactive status for more than five years, an applicant must provide the following:

(1) Verification of the license(s) from every jurisdiction in which the applicant is or has been licensed and is or has been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction(s) to the board office. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

1. Licensee's name;
2. Date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license.

(2) Verification of completion of 60 hours of continuing education within two years of application for reactivation.

[ARC 7925C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—921.9(17A,147,272C) License reinstatement. A licensee whose license has been revoked, suspended, or voluntarily surrendered must apply for and receive reinstatement of the license in accordance with rule 481—506.31(272C) and must apply for and be granted reactivation of the license in accordance with rule 481—921.8(17A,147,272C) prior to practicing dietetics in this state.

[ARC 7925C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—921.10(152A,272C) Telehealth visits. A licensee may provide dietetic services to an individual or a group utilizing a telehealth visit if the dietetic services are provided in accordance with all the requirements of this chapter.

921.10(1) “Telehealth visit” means the provision of dietetic services by a licensee to an individual or a group using technology where the licensee and the individual or group are not at the same physical location for the therapy session.

921.10(2) A licensee engaged in a telehealth visit will utilize technology that is secure and, pursuant to the Health Insurance Portability and Accountability Act of 1996, Pub.L. 104-191, August 21, 1996, 110 Stat. 1936, and any amendments as of March 22, 2024, HIPAA-compliant and that includes, at a minimum, audio or video equipment or both that allows two-way real-time interactive communication between the licensee and the individual or group. A licensee may use non-real-time technologies to prepare for a session or to communicate with an individual or a group between sessions.

921.10(3) A licensee engaged in a telehealth visit will be held to the same standard of care as a licensee who provides in-person dietetic services. A licensee will not utilize a telehealth visit if the standard of care for the particular services cannot be met by using technology.

921.10(4) Any licensee who provides a telehealth visit to an individual or a group located in Iowa shall be licensed in Iowa.

921.10(5) Prior to the first telehealth visit, a licensee is to obtain informed consent from the individual or group specific to the services that will be provided in a telehealth visit. At a minimum, the informed consent shall specifically inform the individual or group of the following:

- a. The risks and limitations of the use of technology to provide dietetics services;
- b. The potential for unauthorized access to protected health information; and
- c. The potential for disruption of technology during a telehealth visit.

921.10(6) A licensee will identify in the clinical record when dietetic services are provided utilizing a telehealth visit.

[ARC 7925C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

CHAPTER 922 CONTINUING EDUCATION FOR DIETITIANS

[Prior to 6/26/02, see 645—Ch 81]
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 82]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/5/29

481—922.1(152A) Definitions.

“Active license” means the license is current and has not expired.

“Approved program/activity” means a continuing education program/activity meeting the standards set forth in these rules.

“Audit” means the selection of licensees for verification of satisfactory completion of continuing education requirements during a specified time period.

“Board” means the board of dietetics.

“Continuing education” means planned, organized learning acts acquired during licensure designed to maintain, improve, or expand a licensee’s knowledge and skills in order for the licensee to develop new knowledge and skills relevant to the enhancement of practice, education, or theory development to improve the safety and welfare of the public.

“Hour of continuing education” means at least 50 minutes spent by a licensee in actual attendance at and completion of approved continuing education activity.

“Inactive license” means a license that has expired because it was not renewed by the end of the grace period.

“Independent study” means a subject/program/activity that a person pursues autonomously that meets standards for approval criteria in the rules and includes a posttest.

“License” means license to practice.

“Licensee” means any person licensed to practice as a dietitian in the state of Iowa.

“Webinar” means a web-based seminar, presentation, lecture, or workshop that is transmitted over the web.

[ARC 7926C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

481—922.2(152A) Continuing education requirements.

922.2(1) The biennial continuing education compliance period will extend for a two-year period beginning on the sixteenth day of the licensee’s birth month and ending on the fifteenth day of the birth month two years later. Each biennium, each person who is licensed to practice as a dietitian in this state will be required to complete a minimum of 30 hours of continuing education approved by the board.

922.2(2) Requirements for new licensees. Those persons licensed for the first time shall not be required to complete continuing education as a prerequisite for the first renewal of their licenses. Continuing education hours acquired any time from the initial licensing until the second license renewal may be used. The new licensee will be required to complete a minimum of 30 hours of continuing education per biennium for each subsequent license renewal.

922.2(3) Hours of continuing education credit may be obtained in accordance with the definitions and standards in these rules.

922.2(4) Licensees who complete continuing education hours in excess of the requirements for renewal may apply up to 50 percent of the required hours to the following renewal period. Licensees may apply a maximum of 15 hours from the previous renewal period. A licensee whose license was reactivated during the current renewal compliance period may use continuing education earned during the compliance period for the first renewal following reactivation.

922.2(5) It is the responsibility of each licensee to finance the cost of continuing education.

[ARC 7926C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24; ARC 9108C, IAB 4/16/25, effective 5/21/25]

481—922.3(152A,272C) Standards.

922.3(1) *General criteria.* A continuing education activity that meets all of the following criteria is appropriate for continuing education credit if the continuing education activity:

- a. Constitutes an organized program of learning that contributes directly to the professional competency of the licensee;
- b. Pertains to subject matters that integrally relate to the practice of the profession;
- c. Is conducted by individuals who have specialized education, training and experience by reason of which said individuals should be considered qualified concerning the subject matter of the program. At the time of audit, the board may request the qualifications of the presenters;
- d. Fulfills stated program goals, objectives, or both; and
- e. Provides proof of attendance to licensees in attendance including:
 - (1) Date(s), location, course title, presenter(s);
 - (2) Number of program contact hours; and
 - (3) Certificate of completion or evidence of successful completion of the course provided by the course sponsor.

922.3(2) *Specific criteria.*

- a. Continuing education hours of credit may be obtained by completing programs/activities that reflect the educational needs of the dietitian and the nutritional needs of the consumer. Continuing education programs/activities that are scientifically founded and offered at a level beyond entry-level dietetics for professional growth will be accepted for continuing education.
- b. The licensee may engage in other types of activities identified in the individual licensee's professional development portfolio for Commission on Dietetic Registration (CDR) certification.
- c. The licensee may engage in programs/activities via webinars and independent study in accordance with the definitions and standards in these rules.
- d. The licensee may submit completed training to comply with mandatory reporter training requirements as specified in 481—921.9(4). Hours reported for credit will not exceed the hours required to maintain compliance with required training.
- e. The following areas are appropriate for continuing education credit:
 - (1) Sciences related to dietetic practice, education, or research including biological sciences, food and resource management, and behavioral and social sciences to achieve and maintain people's health.
 - (2) Dietetic practice related to assessment, counseling, teaching, or care of clients in any setting.
 - (3) Management or quality assurance of nutritional care delivery systems.
 - (4) Dietetic practice related to community health needs.
- f. Criteria for hours of credit are as follows:
 - (1) Academic coursework. Coursework for credit must be completed at a regionally accredited U.S. college or university. In order for the licensee to receive continuing education credit, the coursework must be beyond entry-level dietetics.
 - 1 academic semester hour = 15 continuing education hours
 - 1 academic quarter hour = 10 continuing education hours
 - (2) Scholarly publications. Publication may be approved if submitted in published form in the continuing education documentation file of the licensee. All publications must appear in refereed professional journals. Material related to work responsibilities, such as diet and staff manuals, and publications for the lay public are unacceptable. Continuing education credit hours may be reported using the following guidelines:

1. Senior author: first of two or more authors listed.
2. Coauthor: second of two authors listed.
3. Contributing author: all but senior of the three or more authors.
4. Research papers:

● Single author	10 hours
● Senior author	8 hours
● Coauthor	5 hours
● Contributing author	3 hours
5. Technical articles:

- Single author 5 hours
- Senior author 4 hours
- Coauthor 3 hours
- Contributing author 2 hours
- 6. Information-sharing articles: 1 hour
- 7. Abstracts:
 - Senior author 2 hours
 - Coauthor 1 hour

(3) Poster sessions. Continuing education credit may be obtained for attending juried poster sessions at national meetings that meet the criteria for appropriate subject matter as required in these rules. One hour of continuing education credit is allowed for each 12 posters reviewed not to exceed six hours in a continuing education biennium.

(4) Presenters. Presenters may receive continuing education credit. Presentations to the lay public will not receive credit for continuing education. For each 50-minute hour of presentation, two hours of credit for continuing education will be earned. Presenters of poster sessions at national professional meetings will receive a maximum of two hours of credit per topic. A copy of the abstract or manuscript and documentation of the peer review process must be included in the licensee's documentation list.

(5) Staff development training. Staff development training that meets the criteria in this subrule will be credited on the basis of the defined hour of continuing education stated in these rules.

[ARC 9606B, IAB 7/13/11, effective 8/17/11; ARC 7926C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code section 272C.2 and chapter 152A.

BOARD OF BARBERING AND COSMETOLOGY ARTS AND SCIENCES

CHAPTER 940

LICENSURE OF BARBERS AND COSMETOLOGISTS, ELECTROLOGISTS,
ESTHETICIANS, NAIL TECHNOLOGISTS, AND INSTRUCTORS OF BARBERING
AND COSMETOLOGY ARTS AND SCIENCES

[Prior to 7/29/87, Health Department[470] Chs 149, 150]

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 60]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/1/29

481—940.1(157) Definitions. In addition to the definitions included in Iowa Code sections 157.1 and 84D.2 and 29 Code of Federal Regulations (CFR) §29.5 as amended on December 19, 2016, the following definitions apply to terms used in this chapter:

“Active license” means a license that is current and has not expired.

“Core curriculum” means the basic core life sciences curriculum that is required for completion of any course of study of barbering and cosmetology arts and sciences except for manicuring.

“Examination” means any of the tests used to determine minimum competency prior to the issuance of a barbering and cosmetology arts and sciences license.

“Grace period” means the 30-day period following expiration of a license when the license is still considered to be active. In order to renew a license during the grace period, a licensee is required to pay a late fee.

“Inactive license” means a license that has expired because it was not renewed by the end of the grace period. The category of “inactive license” may include licenses formerly known as lapsed, inactive, delinquent, closed, or retired.

“Legacy curriculum” means a course of study and curriculum offered by barbering schools or cosmetology arts and sciences schools that, as applicable, comply with the administrative rules issued by the Iowa board of barbering or by the Iowa board of cosmetology arts and sciences that were in effect on June 30, 2023.

“Licensee” means any person or entity licensed to perform practice disciplines governed by the board of barbering and cosmetology arts and sciences pursuant to Iowa Code chapter 157 and 481—Chapters 940 through 946.

“Licensure by endorsement” means the issuance of an Iowa license to practice barbering and cosmetology arts and sciences to an applicant who is or has been licensed in the District of Columbia or in another state, territory, province or foreign country and who has held an active license under the laws of such other jurisdiction for at least 12 months during the past 24 months.

“Mentor” means a licensee providing guidance in a mentoring program.

“Mentoring” means a program allowing students to experience barbering and cosmetology arts and sciences in a licensed establishment under the guidance of a mentor.

“NIC” means the National-Interstate Council of State Boards of Cosmetology, Inc.

“Pedicuring” means the practice of cleaning, shaping or polishing the toenails.

“Practice discipline” means the practice of electrology, esthetics, nail technology, or barbering and cosmetology as recognized by the board of barbering and cosmetology arts and sciences.

“Prescribed practice” means an area of specialty certified by the board within the scope of barbering and cosmetology arts and sciences.

“Reactivate” or *“reactivation”* means the process as outlined in rule 481—940.9(17A,147,272C) by which an inactive license is restored to active status.

“Reinstatement” means the process as outlined in rule 481—506.31(272C) by which a licensee who has had a license suspended or revoked or who has voluntarily surrendered a license may apply to have the license reinstated, with or without conditions. Once the license is reinstated, the licensee may apply for active status.

“Shaving” means the manual removal of hair from the face, head or neck by cutting it close to the skin.

“Testing service” means a national testing service selected by the board.

[ARC 7920C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—940.2(157) Initial licensure.

940.2(1) Requirements for licensure. All persons providing services in one or more practice disciplines shall hold a license issued by the board. The applicant shall:

a. Submit a completed online application and pay the nonrefundable fee specified in 481—subrule 507.5(1).

b. Demonstrate professional competence in one of the following ways:

(1) A person who is licensed in another jurisdiction may complete the licensure by endorsement application. If the applicant is licensed in another jurisdiction as an electrologist, nail technologist or esthetician, then a successful applicant will receive a license in such practice discipline. If the applicant is licensed in another jurisdiction as a barber or as a cosmetologist, and the applicant is requesting licensure in the practice discipline of barbering and cosmetology, then a successful applicant will receive a license as a barber and cosmetologist. All applicants must provide a verification of license from the jurisdiction in which the applicant has most recently been licensed, sent directly from the jurisdiction to the board office. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

1. Licensee's name;
2. Date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license.

(2) A person who is licensed in another jurisdiction who is unable to satisfy the requirements of licensure by endorsement may apply for licensure by verification, if eligible, in accordance with rule 481—501.1(272C).

(3) An applicant who has relocated to Iowa from a state that did not require licensure to practice the profession may submit proof of work experience in lieu of educational and training requirements, if eligible, in accordance with rule 481—501.2(272C).

c. Provide proof of completion of education.

(1) If the applicant graduated from a school that is licensed by the board, the applicant is to direct the educational program to submit to the board a diploma or an official transcript indicating date of graduation and completion of required hours in each practice discipline for which the applicant is requesting licensure.

If an applicant graduates from a licensed school after completing a course of study constituting a legacy curriculum as prescribed in 481—subrule 941.14(6), such graduation will satisfy the education requirement for the applicable practice discipline for which the applicant is requesting licensure. For purposes of this subrule, a legacy curriculum in barbering or a legacy curriculum in cosmetology will be sufficient proof of education for an applicant requesting a license to practice barbering and cosmetology.

(2) If the applicant graduated from a school that is not licensed by the board, the applicant is to direct the school to provide an official transcript showing completion of a course of study that meets the requirements of rule 481—941.14(157).

(3) If the applicant has graduated from an apprenticeship program, the applicant must direct the Iowa office of apprenticeship registered apprenticeship program to submit a certificate of completion.

(4) If the applicant was educated outside the United States, the applicant is to attach an original evaluation of the applicant's education from any accredited evaluation service.

940.2(2) Requirements for an instructor's license. An applicant for an instructor's license shall:

a. Submit a completed application for licensure and the appropriate fee to the board;

b. Be licensed in the state of Iowa in the prescribed practice discipline to be taught or be licensed as a barber and cosmetologist who possesses the skill and knowledge required to instruct in that practice discipline;

c. Provide documentation of completion of 1,000 hours of instructor's training or two years' active practice in the field of barbering and cosmetology, esthetics, electrology, or nail technology within six years prior to application;

d. For an instructor of electrology license, submit proof of 60 hours of practical experience, excluding school hours, in the area of electrolysis prior to application;

e. Pass an instructor's national examination, which, effective January 1, 2008, shall be the NIC instructor examination unless the applicant is applying for an instructor's license by endorsement as outlined in paragraph 60.2(1) "b."

940.2(3) Conditions. The following conditions apply for all licenses:

a. Incomplete applications that have been on file in the board office for more than two years shall be considered invalid and shall be destroyed.

b. Licensees who were issued their initial licenses within six months prior to the license renewal beginning date are not required to renew their licenses until the renewal month two years later.

c. The board may issue a single license number and expiration date to licensees who hold licenses in multiple practice disciplines.

[ARC 7920C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—940.3(157) Examination requirements.

940.3(1) An applicant shall pass a national examination prescribed by the board for the particular practice discipline with a score of 75 percent or greater.

The applicant shall submit the test registration fee directly to the test service. NIC examinations are administered according to guidelines set forth by the NIC.

940.3(2) If applying for licensure by endorsement, an applicant who graduated from a barber or cosmetology school prior to January 1, 2000, shall have passed the state written and practical examination required by the state in which the applicant was originally licensed.

940.3(3) An applicant who graduated from a barber or cosmetology school after January 1, 2000, shall have passed a national theory examination for the discipline in which the applicant seeks licensure.

940.3(4) An applicant for the barbering and cosmetology license who graduated from a barber or cosmetology school after July 1, 2023, shall have passed a national theory examination. Shaving with a razor requires additional certification by the board.

[ARC 7920C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—940.4(157) Criteria for licensure in prescribed practice disciplines.

940.4(1) A barbering and cosmetology license is not a requirement for an electrology, esthetics, or nail technology license.

940.4(2) Core life sciences curriculum hours shall be transferable in their entirety from one practice discipline to another practice discipline.

940.4(3) Theory hours earned in each practice discipline of barbering and cosmetology arts and sciences may be used in applying for a barbering and cosmetology license.

940.4(4) A barber and cosmetologist licensed after July 1, 2005, is not eligible to be certified in chemical peels, microdermabrasion, laser or intense pulsed light (IPL) and shall not provide those services.

940.4(5) Licensees must hold a shaving certificate, or the license will be restricted from the practice of shaving. An individual who was licensed as an Iowa barber prior to July 1, 2023, is not required to hold a shaving certificate.

940.4(6) Pedicuring shall only be done by a licensee who possesses the skill and knowledge required to perform the service in a professionally competent manner in compliance with 481—Chapter 943.

940.4(7) Waxing shall only be done by a licensee who possesses the skill and knowledge required to perform the service in a professionally competent manner in compliance with 481—Chapter 943.

940.4(8) An initial license to practice manicuring shall not be issued by the board after December 31, 2007. A manicurist license issued on or before December 31, 2007, may be renewed subject to licensure requirements identified by statute and administrative rule unless the license becomes inactive. A manicurist license that becomes inactive cannot be reactivated or renewed.

940.4(9) Any person previously licensed as a barber prior to July 1, 2024, pursuant to 645—Chapter 21 will, upon successful renewal of such license, receive a barbering and cosmetology license.

940.4(10) Any person previously licensed as a cosmetologist prior to July 1, 2024, pursuant to this chapter will, upon successful renewal of such license, receive a barbering and cosmetology license.

[ARC 7920C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—940.5(157) Prescribed practice training requirements. As outlined below, the board may approve a licensee to provide the prescribed practice services of shaving, microdermabrasion, chemical exfoliation, laser services, and IPL hair removal treatments once a licensee has complied with training requirements and submitted a completed application, the required supporting evidence, and applicable fees as specified in these rules. The applicant shall receive a certification following board approval. Machine-, product-, model- or device-specific certifications do not need renewal.

940.5(1) Shaving for hair removal.

a. Shaving shall only be performed by a barber and cosmetologist who is certified by the board to perform those services. A barber licensed before July 1, 2023, is exempt from this requirement.

b. Shaving shall only be used for hair removal on the scalp, face or neck.

c. In order to receive board certification and be eligible to perform shaving for hair removal services, the licensee must complete a shaving program or pass an exam as outlined below:

(1) Provide evidence of passing the NIC barber practical exam or a national barber practical exam, or

(2) Complete a 40-hour shaving program from an Iowa licensed school, or a program sponsored by an Iowa licensed school, that is conducted by a licensed instructor who has specialized education, training and experience by reason of which said licensed instructor should be considered qualified concerning the subject matter of the program, then:

1. Obtain from the program a certification of training that contains the following information:

- Date, location, and course title;
- Name and license number of the instructor;
- Name and license number of the school;
- Number of contact hours;
- Evidence that the training program includes a safety training component that provides a thorough understanding of the procedures to be performed. The training program shall address fundamentals of skin care, blood-borne pathogens and infection control.

2. Complete a board-approved certification application form and submit to the board office the completed form, a copy of the certification of training, and the required fee pursuant to 481—subrule 507.5(14). The fee is nonrefundable.

940.5(2) Microdermabrasion.

a. Microdermabrasion shall only be performed by a licensed, certified esthetician or a cosmetologist who was licensed prior to July 1, 2005, and is certified by the board.

b. To be eligible to perform microdermabrasion services, the licensee shall:

(1) Complete 14 contact hours of education specific to the material or apparatus used for microdermabrasion. Before an additional material or apparatus is utilized in the licensee's practice, the licensee shall provide official certification of training on the material or apparatus.

(2) Obtain from the program a certification of training that contains the following information:

1. Date, location, and course title;
2. Number of contact hours;
3. Specific identifying description of the microdermabrasion machine covered by the course; and
4. Evidence that the training program includes a safety training component that provides a thorough understanding of the procedures to be performed. The training program shall address fundamentals of potential hazards, management and employee responsibilities relating to control measures, and regulatory requirements.

(3) Complete a board-approved certification application form and submit to the board office the completed form, a copy of the certification of training, and the required fee pursuant to 481—subrule 507.5(14). The fee is nonrefundable.

940.5(3) Chemical exfoliation.

a. Chemical exfoliation shall only be performed by a cosmetologist who was licensed prior to July 1, 2005, and is certified by the board to perform those services. Additional certification is not required for licensed estheticians.

b. Chemical exfoliation procedures are limited to the removal of surface epidermal cells of the skin by using only non-medical-strength cosmetic preparations consistent with labeled instructions and as

specified by these rules. This procedure is not intended to elicit viable epidermal or dermal wounding, injury, or destruction.

c. To be eligible to perform chemical peels, a cosmetologist who was licensed prior to July 1, 2005, shall:

(1) Complete 21 hours of training specific to the process and products to be used for chemical peels. Before an additional process or product is utilized in the licensee's practice, the licensee shall provide official certification of training on the new process or product.

(2) Obtain from the program a certification of training that contains the following information:

1. Date, location, and course title;
2. Number of contact hours;
3. Specific identifying description of the chemical peel process and products covered by the course;

and

4. Evidence that the training program includes a safety training component that provides a thorough understanding of the procedures to be performed. The training program shall address fundamentals of potential hazards, management and employee responsibilities relating to control measures, and regulatory requirements.

(3) Complete a board-approved certification application form and submit to the board office the completed form, a copy of the certification of training, and the required fee pursuant to 481—subrule 507.5(15). The fee is nonrefundable.

940.5(4) Laser services.

a. A cosmetologist licensed after July 1, 2005, shall not use laser products.

b. An electrologist shall only provide hair removal services when using a laser.

c. Estheticians and cosmetologists shall use a laser for cosmetic purposes only.

d. Cosmetologists licensed prior to July 1, 2005, electrologists and estheticians must be certified to perform laser services.

e. When a laser service is provided to a minor by a licensed cosmetologist, esthetician or electrologist who has been certified by the board, the licensee shall work under the general supervision of a physician. The parent or guardian shall sign a consent form prior to services being provided. Written permission shall remain in the client's permanent record for a period of five years.

f. To be eligible to perform laser services, a cosmetologist who was licensed on or before July 1, 2005, an electrologist, or an esthetician shall:

(1) Complete 40 hours of training specific to each laser machine, model or device to be used for laser services. Before an additional machine, model or device is utilized in the licensee's practice, the licensee shall submit official certification of training on the new machine, model or device.

(2) Obtain from the program a certification of training that contains the following information:

1. Date, location, and course title;
2. Number of contact hours specific to the laser machine, model or device;
3. Name of the approved manufacturer or institute of laser technology that provided the training;
4. Specific identifying description of the laser equipment; and
5. Evidence that the training program includes a safety training component that provides a thorough understanding of the procedures to be performed. The training program shall address fundamentals of nonbeam hazards, management and employee responsibilities relating to control measures, and regulatory requirements.

(3) Complete a board-approved certification application form and submit to the board office the completed form, a copy of the certification of training, and the required fee pursuant to 481—subrule 507.5(14). The fee is nonrefundable.

940.5(5) IPL hair removal treatments.

a. A cosmetologist licensed after July 1, 2005, shall not use IPL devices.

b. An IPL device shall only be used for hair removal.

c. Cosmetologists licensed prior to July 1, 2005, electrologists and estheticians must be certified to perform IPL services.

d. When IPL hair removal services are provided to a minor by a licensed cosmetologist, esthetician or electrologist who has been certified by the board, the licensee shall work under the general supervision of a physician. The parent or guardian shall sign a consent form prior to services being provided. Written permission shall remain in the client's permanent record for a period of five years.

e. To be eligible to perform IPL hair removal services, a cosmetologist who was licensed on or before July 1, 2005, an electrologist, or an esthetician shall:

(1) Complete 40 hours of training specific to each IPL machine, model or device to be used for IPL hair removal services. Before an additional machine, model or device is utilized in the licensee's practice, the licensee shall submit official certification of training on the new machine, model or device.

(2) Obtain from the program a certification of training that contains the following information:

1. Date, location, and course title;
2. Number of contact hours specific to the laser machine, model or device;
3. Name of the approved manufacturer or institute of laser technology that provided the training;
4. Specific identifying description of the IPL hair removal equipment; and
5. Evidence that the training program includes a safety training component that provides a thorough understanding of the procedures to be performed. The training program shall address fundamentals of nonbeam hazards, management and employee responsibilities relating to control measures, and regulatory requirements.

(3) Complete a board-approved certification application form and submit to the board office the completed form, a copy of the certification of training, and the required fee pursuant to 481—subrule 507.5(14). The fee is nonrefundable.

(3) Complete a board-approved certification application form and submit to the board office the completed form, a copy of the certification of training, and the required fee pursuant to 481—subrule 507.5(14). The fee is nonrefundable.

940.5(6) Health history and incident reporting.

a. Prior to providing laser or IPL hair removal, microdermabrasion or chemical peel services, the cosmetologist, esthetician, and electrologist shall complete a client health history of conditions related to the application for services and include it with the client's records. The history shall include but is not limited to items listed in paragraph 60.5(6) "b."

b. A licensed cosmetologist, esthetician, or electrologist who provides services related to the use of a certified laser product, IPL device, chemical peel, or microdermabrasion shall submit a report to the board within 30 days of any incident in which provision of such services resulted in physical injury requiring medical attention. Failure to comply with this requirement shall result in disciplinary action by the board. The report shall include the following:

- (1) A description of procedures;
- (2) A description of the physical condition of the client;
- (3) A description of any adverse occurrence, including:
 1. Symptoms of any complications including, but not limited to, onset and type of symptoms;
 2. A description of the services provided that caused the adverse occurrence;
 3. A description of the procedure that was followed by the licensee;
 4. A description of the client's condition on termination of any procedures undertaken;
 5. If a client is referred to a physician, a statement providing the physician's name and office location, if known;
- (6) A copy of the consent form.

940.5(7) Failure to report. Failure to comply with paragraph 60.5(6) "b" when the adverse occurrence is related to the use of any procedure or device noted in the attestation may result in the licensee's loss of authorization to administer the procedure or device noted in the attestation or may result in other sanctions provided by law.

940.5(8) A licensee shall not provide any services that constitute the practice of medicine.

[ARC 7920C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—940.6(157) Licensure restrictions relating to practice.

940.6(1) A certified laser product or an intense pulsed light device shall only be used on surface epidermal layers of the skin except for hair removal.

940.6(2) A laser hair removal product or an intense pulsed light device shall not be used on a minor unless the minor is accompanied by a parent or guardian and then shall be used only under general supervision of a physician.

940.6(3) Persons licensed under Iowa Code chapter 157 shall not administer any practice of removing skin by means of a razor-edged instrument.

940.6(4) Persons licensed under this chapter who provide hair removal, manicuring and nail technology services shall not administer any procedure in which human tissue is cut, shaped, vaporized, or otherwise structurally altered, except for the use of a cuticle nipper.

940.6(5) Board-certified licensees providing shaving, microdermabrasion, chemical peels, laser or IPL hair removal treatments in an establishment shall not include any practice, activity, or treatment that constitutes the practice of medicine, osteopathic medicine, chiropractic or acupuncture.

940.6(6) Barbers and cosmetologists licensed prior to July 1, 2005, and licensed estheticians shall only perform medical aesthetic services in a medical spa under the delegation and supervision of a medical director as set forth by the Iowa board of medicine in rule 653—13.8(148,272C). The Iowa board of barbering and cosmetology arts and sciences does not license medical aestheticians.

940.6(7) Persons licensed under this chapter who provide apprenticeship programs must hold an active license sufficient to provide on-the-job training, must operate in an actively licensed establishment, and must comply with relevant Iowa office of apprenticeship laws and regulations for the operation of an apprenticeship program.

940.6(8) Licensees may only perform those services for which they possess the skill and knowledge required to perform the service in a professionally competent manner as set forth in Iowa Code chapter 157 and the related administrative rules and regulations.

[ARC 7920C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—940.7(157) Consent form requirements. A licensed esthetician, barber and cosmetologist, or electrologist, prior to providing services relating to a certified laser product, intense pulsed light device, chemical peel, or microdermabrasion, shall obtain from a client a consent form that:

1. Specifies in general terms the nature and purpose of the procedure(s);
2. Lists known risks associated with the procedure(s) if reasonably determinable;
3. States an acknowledgment that disclosure of information has been made and that questions asked about the procedure(s) have been satisfactorily answered;
4. Includes a signature of either the client for whom the procedure is performed or, if that client for any reason lacks legal capacity to consent, includes the signature of a person who has legal authority to consent on behalf of that client in those circumstances.

[ARC 7920C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—940.8(157) License renewal.

940.8(1) The biennial license renewal period for a license to practice cosmetology arts and sciences shall begin on April 1 of one year and end on March 31 two years later. All licensees shall renew on a biennial basis.

a. The board may send a renewal notice by regular mail to each licensee at the address on record prior to the expiration of the license.

b. The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive the notice does not relieve the licensee of the responsibility for renewing the license.

c. A new or reactivated license granted by the board to a licensee who holds a current license in another practice discipline in barbering and cosmetology arts and sciences may have the same license expiration date as the licensee's other license(s). If the licensee does not have another active license with the board, the license expiration date shall be in the current renewal period unless the license is issued within six months of the end of the renewal cycle and subrule 940.8(2) applies.

940.8(2) An individual who was issued a license within six months of the license renewal date will not be required to renew the license until the subsequent renewal two years later.

940.8(3) License renewal.

- a.* A licensee seeking renewal shall:

(1) Meet the continuing education requirements of rule 481—944.2(157). A licensee whose license was reactivated during the current renewal compliance period may use continuing education credit earned during the compliance period for the first renewal following reactivation; and

(2) Submit the completed online renewal application and renewal fee and upload certificate(s) of completion for related continuing education before the license expiration date.

b. Licensees currently licensed in Iowa but practicing exclusively in another state or serving honorably as active duty military or the spouse of active duty military service personnel may comply with Iowa continuing education requirements for license renewal by meeting the continuing education requirements of the state where the licensee practices. Those licensees living and practicing exclusively in a state that has no continuing education requirement for renewal of a license shall not be required to meet Iowa's continuing education requirement but shall pay all renewal fees when due (Iowa Code section 272C.2(4)).

940.8(4) Upon receiving the information required by this rule and the required fee, board staff shall administratively issue a two-year license. In the event the board receives adverse information on the renewal application, the board shall issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

940.8(5) Late renewal. The license shall become late when the license has not been renewed by the expiration date on the renewal. The licensee shall be assessed a late fee as specified in 481—subrule 507.5(3). To renew a late license, the licensee shall complete the renewal requirements and submit the late fee within the grace period.

940.8(6) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice barbering and cosmetology arts and sciences in Iowa until the license is reactivated. A licensee who practices barbering and cosmetology arts and sciences in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

940.8(7) Those persons licensed for the first time shall not be required to complete continuing education as a prerequisite for the first renewal of their licenses. Continuing education hours acquired anytime from the initial licensing until the second license renewal may be used.

[ARC 7920C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—940.9(17A,147,272C) License reactivation. To apply for reactivation of an inactive license, a licensee shall:

940.9(1) Submit a reactivation application on a form provided by the board.

940.9(2) Pay the reactivation fee that is due as specified in rule 481—507.5(147,157).

940.9(3) Provide verification of current competence to practice barbering and cosmetology arts and sciences by satisfying one of the following criteria:

a. If the license has been on inactive status for five years or less, an applicant must provide the following:

(1) Verification of the license from the jurisdiction in which the applicant has most recently been licensed and is or has been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction to the board office. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

1. Licensee's name;
2. Date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license; and

(2) Verification of completion of six hours of continuing education that meet the continuing education standards defined in rule 481—944.3(157,272C) within two years of application for reactivation; or verification of active practice, consisting of a minimum of 2,080 hours, in another state or jurisdiction during the two years preceding an application for reactivation.

b. If the license has been on inactive status for more than five years, an applicant must provide the following:

(1) Verification of the license from the jurisdiction in which the applicant has most recently been licensed and is or has been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction to the board office. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

1. Licensee's name;
2. Date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license; and

(2) Verification of completion of 12 hours of continuing education that meet the continuing education standards defined in rule 481—944.3(157,272C) within two years of application for reactivation.

940.9(4) Licensees who are instructors of barbering and cosmetology arts and sciences shall obtain an additional six hours of continuing education in teaching methodology as prescribed in 481—Chapter 944.

[ARC 7920C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—940.10(17A,147,272C) License reinstatement. A licensee whose license has been revoked, suspended, or voluntarily surrendered must apply for and receive reinstatement of the license in accordance with rule 481—506.31(272C) and must apply for and be granted reactivation of the license in accordance with rule 481—940.9(17A,147,272C) prior to practicing barbering and cosmetology arts and sciences in this state.

[ARC 7920C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code chapters 157 and 272C.

CHAPTER 941
LICENSURE OF ESTABLISHMENTS AND SCHOOLS OF BARBERING AND COSMETOLOGY
ARTS AND SCIENCES

[Prior to 7/29/87, Health Department[470] Chs 149, 150]

[Prior to 12/23/92, see 645—Chapter 60]

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 61]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/1/29

481—941.1(157) Definitions. In addition to the definitions included in Iowa Code sections 157.1 and 84D.2 and 29 Code of Federal Regulations (CFR) §29.5 as amended on December 19, 2016, the following definitions apply to terms used in this chapter:

“Change in ownership” means any of the following: a new owner of a sole proprietorship; the addition, removal, or replacement of any co-owner(s) in a partnership; or a change of controlling interest in any corporation.

“Clinic area” means the area of the school where the paying customers will receive services.

“Dispensary” means a separate area to be used for storing and dispensing of supplies and sanitizing of all implements.

“Establishment license” means a license issued to an Iowa establishment, as defined in Iowa Code section 157.1(10A), to provide barbering and cosmetology arts and sciences services.

“Inactive license” means a license that has expired because it was not renewed by the end of the grace period. The category of “inactive license” may include licenses formerly known as lapsed, inactive, delinquent, closed, or retired.

“Legacy curriculum” means a course of study and curriculum offered by barbering schools or cosmetology arts and sciences schools that, as applicable, comply with the administrative rules issued by the Iowa board of barbering or by the Iowa board of cosmetology arts and sciences that were in effect on June 30, 2023.

“Mentor” means a licensee providing guidance in a mentoring program.

“Mentoring” means a program allowing students in a school to experience barbering and cosmetology arts and sciences in a licensed establishment under the guidance of a mentor.

“On-the-job trainer” means the individual providing instruction and supervision of the apprenticeship program practical hours. This individual must be a licensee of the board in the discipline for which the individual is training, and the training must occur in a licensed establishment.

“School” means a school of barbering and cosmetology arts and sciences.

“School license” means a license issued to an establishment that is a fixed location for the instruction of students in barbering and cosmetology arts and sciences.

[ARC 7921C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—941.2(157) Establishment licensing. No person shall operate an establishment unless the owner has obtained a license issued by the board. A separate enclosed area inside an establishment that is operated as an independent business for the purpose of providing barbering and cosmetology services shall be considered its own establishment and shall not operate unless an establishment license is obtained. To determine what defines an independent contractor versus an employee, persons should contact the Iowa division of labor.

941.2(1) The owner shall complete a board-approved application form accompanied by the appropriate fees payable by check or money order to the board of barbering and cosmetology arts and sciences. The fees are nonrefundable. The application shall be completed according to the instructions contained in the application and submitted 30 days prior to the anticipated opening day. If the application is not completed according to the instructions, the application will not be reviewed by the board.

941.2(2) Each establishment shall meet the requirements for sanitary conditions established in 481—Chapter 943 to be eligible for licensing. The establishment may be inspected for compliance with sanitation rules within 12 months following the issuance of the establishment license.

a. The establishment license may be for a fixed location or a location that is readily movable.

(1) Stationary establishment. A stationary establishment license shall be issued for a specific location. A change in location or site of a stationary establishment shall result in the cancellation of the existing license and necessitate application for a new license and payment of the fee required by 481—subrule 507.2(7). A change of address without a change of actual location shall not be construed as a new site.

(2) Readily movable establishment. A readily movable establishment license shall be issued for a permanent physical address. The licensee is required to provide a permanent physical address for board correspondence. A readily movable establishment may operate in a legal parking spot or on private property, with the permission of the owner or the owner's designee, anywhere in the state of Iowa, provided the readily movable establishment is operating in compliance with applicable federal and state transportation, environmental, and sanitary regulations, including those in this chapter and in 481—Chapter 943.

b. Establishment owner's contact information. The listed owner of either a stationary or readily movable establishment must update the board within 30 days of a change in contact information, which includes telephone number, email address, and mailing address.

941.2(3) Business may commence at the establishment following activation of the license.

941.2(4) Incomplete applications that have been on file in the board office for more than two years shall be considered invalid and shall be destroyed. The records will be maintained after two years only if the applicant submits a written request to the board.

941.2(5) An establishment license is not transferable.

a. A change in ownership of an establishment shall require the issuance of a new license.

b. An establishment cannot be sold if disciplinary actions are pending.

c. If an establishment owner sells the establishment, that owner must send the license certificate and a report of the sale to the board within ten days of the date on which the sale is final. The owner of the establishment on record shall retain responsibility for the establishment until the notice of sale is received in the board office.

d. The board may request legal proof of the ownership transfer.

e. If the name or the address of an establishment changes, the owner shall notify the board within 30 days of such change. Additionally, the owner shall return the current certificate and pay the reissued certificate fee as specified in rule 481—507.5(147,157).

[ARC 7921C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—941.3(157) Readily movable establishment. A mobile home, motor home, trailer, or other recreational vehicle may be used as a readily movable establishment if it complies with the following:

941.3(1) The owner shall possess a current readily movable establishment license issued by the board.

941.3(2) The owner shall complete a board-approved application.

941.3(3) The readily movable establishment's owner's telephone number, email address, and permanent address must be included on the application for licensure and must be updated and accurate.

941.3(4) No service may be performed on a client in a moving vehicle. Services shall be performed in a readily movable establishment that is parked in a legal parking spot.

941.3(5) Readily movable establishments must provide:

a. A supply of hot and cold water;

b. Adequate lighting;

c. A floor surface in the service area that is nonabsorbent and easily cleanable;

d. Work surfaces that are easily cleanable;

e. Cabinets secured with safety catches wherein all chemicals shall be stored when the vehicle is moving;

f. A first-aid kit that includes adhesive dressing, gauze and antiseptic, tape, triple antibiotics, eyewash, and gloves.

941.3(6) A readily movable establishment must comply with all rules in 481—Chapter 943, "Infection Control for Establishments and Schools of Barbering and Cosmetology Arts and Sciences," except rules 481—943.6(157) through 481—943.8(157).

[ARC 7921C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—941.4(157) Establishment license renewal.

941.4(1) The biennial license renewal period for an establishment license shall begin on January 1 of every odd-numbered year and end on December 31 two years later.

941.4(2) A renewal of license notice shall be electronically mailed to the owner of the establishment prior to the expiration of the license. Failure to receive the renewal notice shall not relieve the owner of the obligation to pay the biennial renewal fee on or before the renewal date.

941.4(3) An establishment that is issued a license within six months of the license renewal date will not be required to renew the license until the next renewal two years later.

941.4(4) The establishment owner shall submit the completed application with the renewal fee to the board office before the license expiration date.

941.4(5) An establishment shall be in full compliance with this chapter and 481—Chapter 943 to be eligible for renewal. When all requirements for license renewal are met, the establishment shall be issued a license renewal.

941.4(6) If the renewal fee and renewal application are received in the office after the license expiration date, but within 30 days following the expiration date, the late fee for failure to renew before expiration shall be charged.

[ARC 7921C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—941.5(272C) Inactive establishment license.

941.5(1) An establishment that has not renewed the establishment license within the required time frame will have an inactive license and shall not provide barbering and cosmetology arts and sciences services until the license is reactivated.

941.5(2) To reactivate an establishment license, the reactivation application and fee shall be submitted to the board office.

[ARC 7921C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—941.6(157) Display requirements for establishments.

941.6(1) Every establishment shall have a sign visible outside the entrance designating the place of business.

941.6(2) The most current establishment license proof of renewal shall be posted in the establishment front entrance area to provide the public a full, unobstructed view of the license.

941.6(3) The most current license proof of renewal for each licensee working in the establishment shall be posted in the establishment front entrance area to provide the public a full, unobstructed view of the license.

941.6(4) If the licensee works in more than one establishment, the current proof of renewal shall be posted in the primary place of practice, and the licensee shall be able to provide the renewal upon request.

941.6(5) If a licensed establishment is operating an apprenticeship program, a sign shall be clearly displayed in the entrance of such establishment that indicates in prominent lettering that apprentices are employed at the establishment and may perform services under the supervision of a licensed apprenticeship supervisor.

941.6(6) If any blow-dry stylist(s) engage in the practice of blow-dry styling at a licensed establishment, a sign shall be clearly displayed in the entrance of such establishment that indicates in prominent lettering that blow-dry stylist(s) perform limited services, as defined in Iowa Code section 157.12C, in the licensed establishment.

941.6(7) Each licensee, blow-dry stylist and apprentice shall have a valid U.S. government-issued photo ID to provide to an agent of the board upon request as proof of identity.

[ARC 7921C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—941.7(147) Duplicate certificate for establishments.

941.7(1) A duplicate certificate shall be required if the current certificate is lost, stolen or destroyed. A duplicate certificate shall only be issued under such circumstances.

941.7(2) A duplicate establishment certificate shall be issued upon receipt of a completed application and receipt of the fee as specified in 481—subrule 507.5(5).

941.7(3) If the board receives a completed application stating that the owner of the establishment has not received the certificate within 60 days after the certificate is mailed by the board, no fee shall be required for issuing the duplicate certificate.

[ARC 7921C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—941.8(157) Licensure for schools of barbering and cosmetology arts and sciences.

941.8(1) An application for a school license shall be submitted 90 days prior to the anticipated opening day of the school. Prior to board review, the application shall include:

- a. The exact location of the proposed school including a copy of the essential parts of the lease or other documents to provide proof that the owner of the school has occupancy rights for a minimum of one year; a complete plan of the physical facilities; and an explanation detailing how the facilities will be utilized relative to classrooms, clinic space, and a mentoring program;
- b. A list of the names of licensed instructors including the school director(s) for the proposed school if the instructors and school director(s) have been hired by the school at the time of application;
- c. Copies of the catalog, brochure, enrollment contract, student policies, and cancellation and refund policies that will be used by the school or distributed by the school to students and the public; and
- d. The school's course of study and curriculum, which shall meet the course of study requirements outlined in rule 481—941.14(157).

941.8(2) Prior to issuance of the school license, the school shall:

- a. Submit a final list of licensed instructors and director(s) hired for the school. The number of instructors must meet the requirement outlined in Iowa Code section 157.8, with the exception of instructors for the mentoring program; and
- b. Meet the requirements of this chapter and 481—Chapter 943 and pass the board's inspection of the facility.

941.8(3) The school owner may be interviewed by the board during the review of the application.

941.8(4) After all criteria have been met, the school license shall be granted for the location identified in the school's application.

941.8(5) Instruction of students shall not begin until the school license is activated.

941.8(6) The school must provide proof of registration with the Iowa college student aid commission.

941.8(7) Incomplete applications that have been on file in the board office for more than two years shall be considered invalid and shall be destroyed. The records shall be maintained after two years only if the applicant submits a written request to the board.

941.8(8) Existing school license, new location. A change of location shall require submission of an application for a new school license and payment of the license fee 90 days in advance of the anticipated date of opening. A change of address without a change of actual location shall not be construed as a new site.

941.8(9) Existing school license, new name. The owner shall notify the board in writing of a change of name within 30 days after the occurrence. In addition, the owner shall return the current certificate and pay the reissued certificate fee as specified in rule 481—507.5(147,157).

941.8(10) Existing school license, change of ownership. A school license is not transferable. A change in ownership of a school shall require the issuance of a new license. A school cannot be sold if disciplinary actions are pending.

- a. The board may request legal proof of the ownership transfer.
- b. If a school owner sells the school, that owner must send the license certificate and a report of the sale to the board within ten days of the date on which the sale is final. The owner of the school on record shall retain responsibility for the school until the new school owner has been issued an active school license.

c. The new school owner shall follow all requirements as outlined in rule 481—941.8(157).

941.8(11) Any school licensed as a barber school under rule 645—23.2(158) prior to July 1, 2024, will, upon successful renewal, receive a license as a school of barbering and cosmetology arts and sciences. Any school licensed as a cosmetology arts and sciences school under this chapter prior to July 1, 2024, will, upon successful renewal, receive a license as a school of barbering and cosmetology arts and sciences.

This rule is intended to implement Iowa Code sections 147.80, 157.6 and 157.8.

[ARC 7921C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—941.9(157) School license renewal.

941.9(1) The annual license renewal period for a school license shall begin on July 1 and end on June 30 one year later.

a. The online renewal application and renewal fee shall be submitted before the license expiration date.

b. Schools shall be in full compliance with this chapter and 481—Chapter 943 to be eligible for renewal. When all requirements for license renewal are met, the school shall be issued a license renewal.

c. Schools shall successfully complete the annual inspection pursuant to Iowa Code sections 157.6 and 157.8.

941.9(2) A school that is issued a license within six months of the license renewal date will not be required to renew the license until the next renewal one year later.

941.9(3) If the renewal fee and renewal application are submitted after the license expiration date, but within 30 days following the expiration date, the late fee for failure to renew before expiration shall be charged.

[ARC 7921C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—941.10(272C) Inactive school license.

941.10(1) If the renewal application and fee are not received in the office within 30 days after the license expiration date, the school license is inactive. To reactivate the school license, the reactivation application and fee shall be submitted to the board.

941.10(2) A school that has not renewed the school license within the required time frame will have an inactive license and shall not provide schooling or services until the license is reactivated.

[ARC 7921C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—941.11(157) Display requirements for schools.

941.11(1) Every school shall have a sign visible outside the entrance designating the place of business.

941.11(2) A school license and the current proof of renewal shall be posted in the school's front entrance area to provide the public a full unobstructed view of the license.

941.11(3) The current license proof of renewal for each instructor working at the school shall be posted in the school's front entrance area to provide the public a full unobstructed view of the license.

941.11(4) Advertisements for a school of barbering and cosmetology arts and sciences shall indicate that all services are performed by students under the supervision of instructors.

941.11(5) A sign shall be clearly displayed in the entrance of a school of barbering and cosmetology arts and sciences that indicates in prominent lettering that students perform all services under the supervision of instructors.

[ARC 7921C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—941.12(157) Physical requirements for schools of barbering and cosmetology arts and sciences.

The school shall meet the following physical requirements:

941.12(1) The school premises shall have a minimum floor space of 3,000 square feet.

941.12(2) Each school shall provide a minimum of 100 square feet per student. When the enrollment in a school exceeds 30 students, additional floor space of 30 square feet shall be required for each additional student enrolled in the school.

941.12(3) Each licensed school offering a full barbering and cosmetology arts and sciences curriculum shall provide the following:

a. At least one clinic area where the paying public will receive services. The clinic area shall be confined to the premises occupied by the school.

b. A theory classroom(s) separate from the clinic area.

c. A library that is maintained for students and consists of textbooks, current trade publications and business management materials.

d. A separate area that shall be used as a dispensary. The dispensary shall be equipped with a lavatory, shelves or drawers for storing chemicals, cleansing agents and items, sterilization equipment and any other sanitation items required by 481—Chapter 943. Clean items and dirty items in the dispensary must be kept separated as required by 481—Chapter 943.

e. Two restrooms that are equipped with toilets, lavatories, soap and disposable paper towel dispensers.

f. A laundry room that is separated from the clinic area by a full wall or partition. Students may not lounge, eat, practice or study in the laundry room.

g. A separate room that is equipped for the practice of esthetics and electrology.

h. An administrative office.

941.12(4) Each licensed school offering a single discipline barbering and cosmetology arts and sciences curriculum shall provide the same physical space as outlined in subrule 941.12(3). Single discipline schools are exempt from paragraph 941.12(3)“g” if the board did not originally approve an electrology or esthetics course of study in the curriculum.

This rule is intended to implement Iowa Code sections 157.6 and 157.8.

[ARC 7921C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—941.13(157) Minimum equipment requirements. Each school of barbering and cosmetology arts and sciences shall have the following minimum equipment:

1. Workstations equipped with chair, workstation, closed drawer or container for sanitized articles, and mirror (maximum of two students per unit);
2. Treatment room(s) when electrology or esthetics or both are offered;
3. One set of hard-copy or electronic textbooks for each student and instructor;
4. Adequate number of shampoo bowls and chairs with headrests located in the clinic area and readily accessible for students and clients if the school offers a curriculum course in barbering and cosmetology;
5. Adequate equipment to perform all services in a safe and sanitary manner;
6. Audiovisual equipment available for each classroom;
7. Chair and table area for each student in the classroom;
8. One set of files maintained for all required records; and
9. Labeled bottles and containers showing intended use of the contents.

This rule is intended to implement Iowa Code sections 157.6 and 157.8.

[ARC 7921C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—941.14(157) Course of study requirements. A school of barbering and cosmetology arts and sciences shall not be approved by the board of barbering and cosmetology arts and sciences unless it complies with the course of study requirements as provided below.

941.14(1) Requirements for hours.

a. Barbering and cosmetology curriculum. Supervised practical instruction, theory and demonstrations totaling 1,550 hours must include core life sciences hours and all practices within the scope of Iowa Code section 157.1(1).

Core life sciences	150 hours
Barbering and cosmetology theory (including business and management related to the practice of barbering and cosmetology)	440 hours
Total core life sciences and barbering and cosmetology theory:	590 hours
Applied practical instruction	960 hours
Total course of study	1550 hours (51 semester credit hours)

b. Electrology curriculum. Supervised practical instruction, theory and demonstrations totaling 425 hours must include core life sciences hours and all practices within the scope of Iowa Code section 157.1(10).

Core life sciences	150 hours

Electrology theory	50 hours
Applied practical instruction	225 hours
Total course of study	425 hours (14 semester credit hours)

c. Esthetics curriculum. Supervised practical instruction, theory and demonstrations must include core life sciences hours and all practices within the scope of Iowa Code section 157.1(13).

Core life sciences	150 hours
Esthetics theory	115 hours
Applied practical instruction	335 hours
Total course of study	600 hours (20 semester credit hours)

d. Nail technology curriculum. Supervised practical instruction, theory and demonstrations must include core life sciences hours and all practices within the scope of Iowa Code section 157.1(25).

Core life sciences	150 hours
Nail technology theory	50 hours
Applied practical instruction	125 hours
Total course of study	325 hours (11 semester credit hours)

Proof of curriculum requirements may be submitted to the board by either the clock hour or semester credit hour standard. Semester credit hours or the equivalent thereof shall be determined pursuant to administrative rules and regulations promulgated by the U.S. Department of Education.

941.14(2) Curriculum requirements.

- a.* Theory instruction shall be taught from a standard approved textbook but may be supplemented by other related textbooks. Online coursework is allowed for theory instruction.
- b.* Course subjects taught in the school curriculum, including skills and business management, shall relate to the specific practice discipline.
- c.* Required hours for theory and applied practical hours do not have to be obtained from one school.
- d.* Core life sciences curriculum hours shall be transferable in their entirety from one practice discipline to another practice discipline. Online coursework is allowed for core life sciences instruction.
- e.* Clock hours may be converted to credit hours using a standard, recognized method of conversion. Only hours from accredited or board-approved school programs will be accepted.

941.14(3) Core life sciences curriculum. The core life sciences curriculum shall contain the following instruction:

- a.* Human anatomy and physiology:
Cell, metabolism and body systems,
Human anatomy;
- b.* Bacteriology;
- c.* Infection control practices:
Universal precautions,
Sanitation,
Sterilization,
Disinfection;
- d.* Basic chemistry;
- e.* Matter;
- f.* Elements:
Compounds and mixtures;
- g.* Basic electricity;
- h.* Electrical measurements:
Reproduction of light rays,
Infrared rays,
Ultraviolet rays,
Visible rays/spectrum;
- i.* Safety;

- j. Hygiene and grooming:
 - Personal and professional health;
- k. Professional ethics;
- l. Public relations; and
- m. State and federal law, administrative rules and standards.

941.14(4) The school shall maintain a copy of the curriculum plan as directed by the school's accrediting agency or, if not subject to an accrediting agency, for a minimum of three years after the curriculum plan was taught by the school.

941.14(5) A school initially licensed after July 1, 2024, must offer a curriculum and course of study for one or more practice disciplines as prescribed in subrules 941.14(1) through 941.14(3).

941.14(6) For a school licensed prior to July 1, 2024, the following provisions apply:

a. Students enrolling in the school on or after August 1, 2024, must be taught a curriculum and course of study for one or more practice disciplines as prescribed by subrules 941.14(1) through 941.14(3).

b. Students enrolling in the school prior to August 1, 2024, may either be taught:

(1) A curriculum and course of study for one or more practice disciplines as prescribed by subrules 941.14(1) through 941.14(3); or

(2) A legacy curriculum in one or more practice disciplines. Any student graduating from a school after completing a legacy curriculum pursuant to this subrule will satisfy the education requirement for licensure as provided in 481—subparagraph 940.2(1)“c”(1).

[ARC 7921C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—941.15(157) Instructors. All instructors in a school of barbering and cosmetology arts and sciences shall be licensed by the department.

941.15(1) An instructor teaching a course in electrolysis, esthetics or nail technology shall also hold a license in that practice discipline or hold a barbering and cosmetology license that shows proof of having completed training in those practices equivalent to that of a license holder in that practice.

941.15(2) An instructor teaching a course in shaving, microdermabrasion, chemical peels, intense pulsed lights (IPLs) and lasers shall be certified by the state of Iowa to provide each of the services, as set forth in rule 481—940.4(157). An individual who was licensed as an Iowa barber prior to July 1, 2023, is not required to hold an Iowa board-issued shaving certificate.

941.15(3) A minimum of two instructors shall be employed on a full-time basis for up to 30 students and an additional instructor for each additional 15 students.

a. The number of instructors for each school of barbering and cosmetology arts and sciences shall be based upon total enrollment.

b. A student instructor shall not be used to meet licensed instructor-to-student ratios.

c. A school with less than 30 students enrolled may have one licensed instructor on site in the school if offering only clinic services or only theory instruction in a single classroom and less than 15 students are present.

d. If a school is offering clinic services and theory instruction simultaneously to less than 15 students, at least two licensed instructors must be on site.

e. Area community colleges operating a school prior to September 1, 1982, with only one instructor per 15 students are not subject to this subrule and may continue to operate with the ratio of one instructor to 15 students. A student instructor shall not be used to meet licensed instructor-to-student ratios.

941.15(4) An instructor shall:

a. Be responsible for and in direct charge of all physical and virtual core and theory classrooms and practical classrooms and clinics at all times;

b. Familiarize students with the different standard supplies and equipment used in establishments; and

c. Not perform barbering and cosmetology arts and sciences services, with or without compensation, on the school premises except for demonstration purposes, such as continuing education classes consistent with rule 481—941.23(157).

This rule is intended to implement Iowa Code chapter 157.

[ARC 7921C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—941.16(157) Student instructors. A student instructor shall be a license holder in the barbering and cosmetology arts and sciences. Each student instructor shall be under the direct supervision of a licensed instructor at all times.

[ARC 7921C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—941.17(157) Students.

941.17(1) A school of barbering and cosmetology arts and sciences shall, prior to the time a student is obligated for payment, inform the student of all provisions set forth in Iowa Code section 714.25. The school shall retain a copy of the signed statement for two years following the student's graduating or leaving the program.

941.17(2) Students shall:

- a. Wear clean and neat uniforms at all times during school hours and during the mentoring program;
- b. Be supervised by a licensed instructor at all times except in a mentoring program when the students shall be under the guidance of a mentor;
- c. Be provided regularly scheduled breaks and a minimum of 30 minutes for lunch;
- d. Attend school no more than eight hours a day. Schools may offer additional hours to students who submit a written request for additional hours;
- e. Receive no compensation from the school for services performed on clients;
- f. Provide services to the public only after completion of a minimum of 10 percent of the course of study;
- g. Not be called from theory class to provide services to the public;
- h. Not be required to perform janitorial services or be allowed to volunteer for such services. Sanitation of the bathroom area shall be limited to replacing products and disinfecting the vanity and mirror surfaces. Sanitation of the toilet and bathroom floor areas is not to be performed by the student and is excluded from student sanitation duty; and
- i. Receive no credit or hours for decorating for marketing or merchandising events or for participating in demonstrations of barbering and cosmetology arts and sciences when the sole purpose of the event is to recruit students and the event is outside the curriculum course.

[ARC 7921C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—941.18(157) Attendance requirements.

941.18(1) A school of barbering and cosmetology arts and sciences shall have a written, published attendance policy.

941.18(2) Schools shall ensure:

- a. Students complete the hours required for each course of study set forth in rule 481—941.14(157).
- b. Student attendance policies are applied uniformly and fairly for all physical and virtual classes.
- c. Appropriate credit is given for all hours earned.
- d. All retake tests and projects to be redone are completed without benefit of additional hours earned. Time scheduled for such work will be scheduled at the school's discretion.
- e. Hours or credit is not added to the cumulative student record as an award or deducted from the cumulative student record as a penalty.
- f. Work that must be done for missed hours must be allowed. The student must be given full credit for hours earned.

941.18(3) Pursuant to the federal Department of Education and accrediting standards agency, the school may adopt an absence policy not to exceed 10 percent of required coursework for doctor's excuses and life events. In no way shall this policy create a penalty for the student nor excuse the student from the remaining 10 percent of required coursework.

This rule is intended to implement Iowa Code chapter 157.

[ARC 7921C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—941.19(157) Accelerated learning.

941.19(1) A school may adopt an accelerated learning policy that includes the acceptance of life experience, prior knowledge learned and test-out procedures.

941.19(2) If the school has an accelerated learning policy, the policy shall be a written, published policy that clearly outlines the criteria for acceptance and hours or credit granted or for test-out procedures. The hours or credit granted for accelerated learning shall not exceed 20 percent of the student's entire course of study and shall be documented in the participating student's file.

a. After completion of all entrance requirements, a student may elect to sit for one or more academic written tests to evaluate the knowledge about subject matter gained from life experience or prior learning experience.

b. A student in a barbering and cosmetology arts and sciences course of study may be allowed to test out of a subject by sitting for final examinations covering the basic knowledge gained by a student who attends class sessions, or the school may accept and grant hours for prior or concurrent education and life experience.

c. A student who wishes to receive test-out credit or be granted hours for prior or concurrent education or life experience shall have maintained the academic grades and attendance policy standards set by the school.

d. The school may limit the number of times a student is allowed to sit for a test-out examination of a subject.

[ARC 7921C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—941.20(157) Mentoring program. Each barbering and cosmetology arts and sciences school must have a contract between the student, the school and the establishment mentor that includes scheduling, liability insurance and purpose of the mentoring program.

941.20(1) Students shall not begin the mentoring program until they have completed a minimum of 50 percent of the total contact or credit hours and other requirements of the mentoring program established by the school.

941.20(2) Students may participate in a mentoring program for no more than 5 percent of the total contact or credit hours.

941.20(3) Students shall be under supervision of the mentor at all times. Students may perform the following: drape, shampoo, remove color and perm chemicals, remove perm rods, remove rollers, apply temporary rinses, apply reconditioners and rebuilders with the recommendation of the mentor, remove nail polish, file nails, perform hand and arm massage, remove cosmetic preparations, act as receptionist, handle retail sales, sanitize establishment, consult with client (chairside manners), perform inventory, order supplies, prepare payroll and pay monthly bills, and hand equipment to the mentor.

941.20(4) The establishment mentor's responsibilities include the following: introduce the student to the establishment and the client, record the time of the student's attendance in establishment, prepare evaluation, discuss performance, and allow the student to shadow.

941.20(5) An establishment or school shall not compensate students when the students are participating in the mentoring program.

[ARC 7921C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—941.21(157) Graduate of a school of barbering and cosmetology arts and sciences.

941.21(1) A student shall be considered a graduate when the student has completed the required course of study and met the minimum attendance standard.

941.21(2) Students shall be given a final examination upon completion of the course of study but before graduation.

941.21(3) After passage of the final examination and completion of the entire course of study including all project sheets, students shall be issued a certificate of completion of hours required for the course of study.

[ARC 7921C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—941.22(157) Records requirements.

941.22(1) Each school of barbering and cosmetology arts and sciences shall maintain a complete set of student records. Individual student hours shall be kept on file at the school for two years following graduation.

941.22(2) Each school shall maintain daily teaching logs for all instructors, which shall be kept on file at the school for two years.

941.22(3) Prior to closure, the controlling school shall establish agreements with another school to maintain student and graduate transcripts and records. Prior to closure, the controlling school shall also notify the board in writing of the location of student records as established by the maintenance agreements and shall submit a copy of the maintenance agreements to the board. Provisions in the agreement must include maintenance of student transcript records for a period of no less than two years.

[ARC 7921C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—941.23(157) Classrooms used for other educational purposes. The licensed school of barbering and cosmetology arts and sciences may be used during scheduled theory or applied practical time for any use other than for student instruction so long as these activities do not disrupt classes. Activities that disrupt classes include but are not limited to:

941.23(1) Persons attending other educational classes passing through a classroom or clinic area (en masse) while it is in use.

941.23(2) Activities with noise levels that are disruptive to other classes.

941.23(3) Activities that usurp the space available for barbering and cosmetology arts and sciences instruction.

[ARC 7921C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code chapters 157 and 272C.

481—943.1(157) Definitions. For purposes of these rules, the following definitions shall apply:

“Cleaning” means removing visible debris and disposable parts, washing the surface or item with water and soap or detergent, rinsing the surface or item thoroughly and drying the surface or item. Cleaning must occur before disinfection can begin.

“Disinfectant” means a U.S. Environmental Protection Agency (EPA)-registered bactericidal, virucidal, fungicidal, pseudomonacidal chemical solution, spray or wipe that is effective against HIV-1 and human hepatitis B virus and is intended to destroy or irreversibly inactivate specific viruses, bacteria, or pathogenic fungi, but not necessarily their spores, on nonporous items and surfaces.

“Disinfection” means the procedure that kills pathogenic microorganisms, but not necessarily their spores.

“Dispensary” means a separate physical location or area in an establishment or school to be used for the storing and dispensing of supplies and cleaning and disinfecting of all implements. The dispensary is where products, chemicals and disinfectants are prepared, measured, mixed, portioned, and disposed of.

“FDA” means the federal Food and Drug Administration.

“Germicide” means an agent that destroys germs.

“Nonporous” means an item that lacks minute openings or crevices that allow air, water and bacteria to enter the item.

“Porous” means an item that contains minute openings or crevices that allow air, water and bacteria to enter the item, such as untreated wood, paper and cardboard.

“School” means a school of barbering and cosmetology arts and sciences.

“Service provider” means any person regulated by Iowa Code chapter 157, including but not limited to establishment owners, licensees, students, blow-dry stylists and apprentices.

“Sterilization” means the procedure that kills all microorganisms, including their spores.

“Universal precautions” means practices consistently used to prevent exposure to blood-borne pathogens and the transmission of disease.

“Wash hands” means the process of thoroughly washing hands and the exposed portions of the arms up to the elbow with soap or detergent and water and drying with a single-use towel or air dryer. Bar soap shall not be set out for common use.

[ARC 7922C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—943.2(157) Infection control rules and inspection report. Upon request, the licensee shall make Chapter 943, “Infection Control for Establishments and Schools of Barbering and Cosmetology Arts and Sciences,” and the most recent inspection report available to the board, agents of the board, all persons employed or studying in an establishment or school, and the general public.

[ARC 7922C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—943.3(157) Responsibilities of establishment owners. Each establishment owner shall ensure the following:

1. The establishment owner holds a current and active establishment license issued by the board that reflects the current name, address and owner information;
2. Individuals employed for barbering and cosmetology arts and sciences services or other licensees working in the establishment hold a current and active license issued by the board of barbering and cosmetology arts and sciences;
3. Licensees employed by the establishment or other licensees and service providers working in the establishment do not exceed their scope of practice; and

4. License renewal cards are properly displayed in the front entrance area at eye level. No license that has expired or become invalid for any reason shall be displayed in connection with the practices of the establishment.

[ARC 7922C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—943.4(157) Responsibilities of licensees. Licensees are responsible for:

1. Their own station areas;
2. Holding a current and active license issued by the board of barbering and cosmetology arts and sciences; and
3. Ensuring that they do not exceed their scope of practice.

[ARC 7922C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—943.5(157) Joint responsibility. Establishment owners and licensees are jointly responsible for all service and common areas.

[ARC 7922C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—943.6(157) Building standards. Establishments and schools shall have and maintain:

1. A service area that is equipped with exhaust fans or air filtration equipment that is of sufficient capacity to be capable of removing chemical fumes from the air;
2. A dispensary;
3. A reception area;
4. Hot and cold running water and clean lavatory facilities;
5. Safe drinking water;
6. Hand-washing facilities;
7. Adequate lighting;
8. Work surfaces that are easily cleanable; and
9. A complete first-aid kit in a readily accessible location on the premises. At a minimum, the first-aid kit must include adhesive dressings, gauze and antiseptic, tape, triple antibiotics, eyewash, and gloves.

[ARC 7922C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—943.7(157) Establishments in residential buildings.

943.7(1) An establishment located in a residential building shall comply with all requirements in rule 481—943.6(157).

943.7(2) A separate entrance shall be maintained for establishment rooms in a residential building. An exception is that an entrance may allow passage through a nonliving area of the residence, i.e., hall, garage or stairway. Any door leading directly from the licensed establishment to any portion of the living area of the residence shall be closed at all times during business hours.

[ARC 7922C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24; Editorial change: IAC Supplement 1/22/25]

481—943.8(157) Establishments adjacent to other businesses. An establishment operated adjacent to any other business shall be separated by at least a partial partition. When the establishment is operated immediately adjacent to a business where food is handled, the business shall be entirely separated, and any doors between the establishment and the business shall be rendered unusable except in an emergency.

[ARC 7922C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—943.9(157) Smoking. All establishments licensed by the board shall comply with the smokefree air Act found in Iowa Code chapter 142D.

[ARC 7922C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—943.10(157) Personal cleanliness. Any service provider engaged in serving the public shall be neat and clean in person and attire.

[ARC 7922C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—943.11(157) Universal precautions. Any service provider shall practice universal precautions consistently by observing the following:

943.11(1) Thoroughly wash hands after smoking, vaping, eating, using the restroom, etc., and before providing services to each client. Hand sanitizers or gloves are not an acceptable substitute for hand washing.

943.11(2) Maintain biohazard sharps container for disposing of used needles, razor blades and other sharp instruments in establishments. These containers shall be located as close to the use area as is practical. These containers shall not be filled above the designated “fill line” and shall be disposed of in accordance with guidelines issued by the Centers for Disease Control and Prevention, U.S. Department of Health and Human Services.

943.11(3) Wear disposable gloves or may refuse to provide the service when encountering clients with open sores. Gloves shall only be used on a single client and shall be disposed of after the client’s service. Any time gloves are used during a service, wash hands both before gloves are worn and after they are removed.

943.11(4) Refrain from all direct client care and from handling client-care equipment if the service provider has open sores that cannot be effectively covered.

943.11(5) Clean and disinfect instruments and implements pursuant to rule 481—943.13(157).

943.11(6) Place instruments and supplies that have been used on a client or soiled in any manner in the proper receptacles clearly labeled “used.” All used items shall be kept separate from items that are disinfected and ready for use.

943.11(7) Store disinfectant solution in the dispensary.

[ARC 7922C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—943.12(157) Blood exposure procedures.

943.12(1) If a service provider injures oneself, the following steps shall be taken before returning to service:

- a. Stop service.
- b. Clean the injured area by washing the area with soap and water. Use antiseptic or ointment as appropriate.
- c. In the case of mucous membrane exposure, wash or rinse the affected area with sufficient water.
- d. Cover the injury with the appropriate dressing.
- e. Clean the client and station as necessary. First, remove all visible debris and then clean the client with an antiseptic that is appropriate for the skin and clean the station with disinfectant.
- f. Bag any blood-soiled porous articles and dispose of articles in the trash.
- g. Wash and disinfect all nonporous items.
- h. Wash hands before returning to service.

943.12(2) If a client injury occurs, the service provider shall take the following steps:

- a. Stop service.
- b. Glove hands.
- c. Clean injured area and use antiseptic or ointment as appropriate.
- d. Cover the injury with the appropriate dressing to prevent further blood exposure.
- e. Clean station by removing all visible debris and using disinfectant that is appropriate for the soiled surface.
- f. Bag any blood-soiled porous articles and dispose of articles in the trash.
- g. Wash and disinfect all nonporous items.
- h. Wash hands before returning to service.

[ARC 7922C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—943.13(157) Disinfecting and sterilizing instruments and equipment. All nonporous tools and implements must be either disinfected or sterilized according to the requirements of this rule before use upon a client in schools and establishments.

943.13(1) Disinfection.

- a. Nonporous tools and implements.

(1) Immersion method. After each use, all immersible nonporous tools and implements shall be disinfected by cleaning the tools and implements followed by complete immersion in a disinfectant.

Disinfectant solutions shall be mixed according to manufacturer label instructions. The manufacturer's listed contact time for effectively eliminating all pathogens shall be adhered to at all times.

(2) Nonimmersion method. After each use, any nonporous item that cannot be immersed in a disinfectant shall be cleaned with soap or detergent and water to remove all organic material and then sprayed or wiped with disinfectant. Minimum disinfectant contact time as listed on the manufacturer's label shall be followed. Nonimmersible tools and implements include but are not limited to scissors, trimmers, clippers, handles of hair dryers and curling/flat irons.

b. Disinfected implements shall be stored in a disinfected, dry, covered container and shall be isolated from contaminants. Such container shall be disinfected at least once each week and whenever visibly dirty.

c. Disinfectant solutions shall be changed as instructed on the solution's manufacturer label or whenever visibly dirty.

d. Electric file bits.

(1) After each use, all visible debris shall be removed from diamond, carbide, natural and metal bits by cleaning with either an ultrasonic cleaner or immersion of each bit in acetone for five to ten minutes.

(2) After they are cleaned, diamond, carbide, natural and metal bits shall be disinfected by complete immersion in an appropriate disinfectant. Minimum disinfectant contact time as listed on the manufacturer's label shall be followed.

943.13(2) Sterilization. Ultraviolet (UV) light boxes are prohibited and are not an acceptable method of sterilization.

a. Tools and implements may be sterilized by one of the following methods:

(1) Steam sterilizer, registered and listed with the FDA and used according to the manufacturer's instructions. If steam sterilization, or moist heat, is utilized, heat exposure shall be at a minimum of 121°C/250°F for at least 30 minutes;

(2) Dry heat sterilizer, registered and listed with the FDA and used according to the manufacturer's instructions. If dry heat sterilization is utilized, heat exposure shall be at a minimum of 171°C/340°F for at least 60 minutes;

(3) Autoclave sterilization equipment, calibrated to ensure that it reaches the temperature required by the manufacturer's instructions. If autoclave sterilization equipment is utilized, spore testing by a contracted independent laboratory shall be performed at least every 30 days. If a positive spore test is received, the autoclave may not be used until a negative spore test is received. The establishment must maintain a log of each autoclave use, all testing samples and results, and a maintenance log of all maintenance performed on the device. Maintenance shall be performed according to the manufacturer's instructions. The establishment must have available for inspection the autoclave maintenance log for the most recent 12 months; or

(4) Chemical sterilization with a hospital grade liquid which, if used, shall be used according to the directions on the label. When chemical sterilization is used, items shall be fully submerged for at least ten minutes.

b. Sterilization equipment shall be maintained in working order. The equipment shall be checked at least monthly and calibrated to ensure that it reaches the temperature required by the manufacturer's instructions.

This rule is intended to implement Iowa Code section 157.6.

[ARC 2600C, IAB 6/22/16, effective 8/15/16; ARC 7922C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—943.14(157) Porous instruments and supplies that cannot be disinfected. Porous instruments and supplies that come into direct contact with a client cannot be disinfected. These instruments and supplies include but are not limited to cotton pads, sponges, wooden applicators, emery boards, pumice stones, nail buffers, buffing bits, arbor or sanding bands, sleeves, toe separators and neck strips. These are single-use items and shall be disposed of in a waste receptacle immediately after use.

[ARC 7922C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—943.15(157) Infection control methods for creams, cosmetics and applicators.

943.15(1) Liquids, creams, waxes, powders and cosmetics used for clients must be kept in closed, labeled containers.

943.15(2) All fluids, semifluids and powders must be dispensed with an applicator or from a shaker, dispenser pump, or spray-type container.

a. Applicators made of a washable, nonabsorbent material shall be cleaned and disinfected before being used on a client and shall only be dipped into the container one time before being cleaned and disinfected again.

b. Applicators made of wood shall be discarded after a single dip, which would be one use.

c. Roll-on wax products are prohibited.

d. The use of a styptic pencil is strictly prohibited; its presence in the workplace shall be prima facie evidence of its use. Any material used to stop the flow of blood shall be used in liquid or powder form.

e. Neck dusters, brushes, and common shaving mugs and soap shall not be used in any establishment or school.

[ARC 7922C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—943.16(157) Events and services provided outside of a licensed establishment.

943.16(1) Licensed barber and cosmetologists, nail technicians, and estheticians may provide limited services at certain locations (e.g., weddings) outside of a licensed establishment. Limited services:

a. Include makeup application, strip lashes, polish removal and application, and hairstyling.

b. Do not include the use of chemicals, lasers, or other machines.

c. May include haircutting, subject to the limitations on location provided in subrule 943.16(2).

943.16(2) Licensees may provide limited services outside of a licensed establishment as follows:

a. Limited services may not be provided unless scheduled through a licensed establishment. Alternatively, licensees may apply for a one-year temporary permit under Iowa Code section 157.4(1) to provide limited services outside of an establishment.

b. Limited services must be within the scope of practice of the licensed barber and cosmetologist, nail technician, or esthetician.

c. Limited services including haircutting may be provided at:

(1) The temporary or permanent residence of a client.

(2) The hospital, health care facility, nursing home or convalescent home of a client.

d. Limited services excluding haircutting may be provided at special events such as, but not limited to, weddings and photo shoots.

[ARC 7922C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—943.17(157) Prohibited hazardous substances and use of products and equipment.

943.17(1) No establishment or school shall have on the premises cosmetic products containing substances that have been banned or otherwise deemed hazardous or deleterious by the FDA for use in cosmetic products. Prohibited products include, but are not limited to, any product containing liquid methyl methacrylate monomer and methylene chloride. No product shall be used in a manner that is not approved by the FDA. Presence of a prohibited product in an establishment or school is prima facie evidence of that product's use in the establishment or school.

943.17(2) Pedicure instruments designed to remove skin from the bottoms and sides of feet, including but not limited to razor-edged, grating or rasp microplaners, are prohibited. The presence of such equipment is prima facie evidence of the equipment's use.

943.17(3) Procedures involving any animal (e.g., fish, leeches, snails) are prohibited in establishments and schools.

943.17(4) No establishment or school may have chamois buffers. If chamois buffers are observed in the workplace, their presence is prima facie evidence of their use.

943.17(5) No establishment or school may use plastic sleeves or envelopes to store cleaned and disinfected implements unless the implements stored in the plastic sleeves or envelopes have actually been sterilized pursuant to paragraph 943.13(2) "a."

[ARC 7922C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—943.18(157) Proper protection of neck. A properly laundered or disposable cape, haircloth, or similar article may be placed directly against the neck of a client. A cape, haircloth, or similar article that has not been sanitized or properly laundered shall be kept from direct contact with the client's neck by means of a paper neckband, clean towel, or cloth neckbands. A paper neckband shall not be used more than once. Towels or cloth neckbands shall not be used more than once without proper laundering. Neckbands of a nonporous material must be properly cleaned and disinfected after each use and stored in a closed container.

[ARC 7922C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—943.19(157) Proper laundering and storage. All cloth towels, robes, and similar items shall be laundered in a washing machine with laundry detergent used according to the manufacturer's directions. All linens shall be dried until hot to the touch. No moisture shall be left in laundered items. A clean storage area shall be provided for clean towels and linens, and a covered hamper or receptacle marked "used" shall be provided for all soiled towels, robes, and linens.

[ARC 7922C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—943.20(157) Animals. Dogs, cats, birds, or other animals are not permitted in establishments or schools. This rule does not apply to service animals as defined by the Americans with Disabilities Act or to fish in an aquarium provided the aquarium is maintained in a sanitary condition.

[ARC 7922C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—943.21(157) General maintenance. All areas of the establishment and school shall be clean and in good repair.

943.21(1) Walls, floors, and fixtures must be kept clean and in good repair at all times.

943.21(2) Carpeting shall only be allowed in the reception and hooded dryer areas.

[ARC 7922C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—943.22(157) Records. Client records, appointment records, and employment records shall be maintained for a period of not less than three years following the last date of entry. Proper safeguards shall be provided to ensure the safety of these records from destructive elements.

943.22(1) Records for services provided outside of a licensed establishment under rule 481—943.16(157) must include:

- a. Client name and contact information.
- b. Date, time and location of the service(s) provided.
- c. Name and license number of the licensee performing the service.
- d. A signed and dated waiver stating that the client understands this limited service shall not include the use of chemicals, must be provided by a licensee and that all infection control procedures shall be followed.

943.22(2) Records for employment of blow-dry stylists must include:

- a. Name and contact information of the employee.
- b. Record of completion of a course on Iowa law, rules and infection control prior to employment, and within every two-year period thereafter as outlined in Iowa Code section 157.12C.
- c. Hire date and termination date.
- d. A signed and dated waiver stating that the employee understands blow-dry stylist services may only be performed in a licensed establishment upon completion of a course on Iowa law, rules and infection control. This waiver must be completed every two years as a condition of employment.

943.22(3) Foot spa service area records are outlined in subrule 943.24(3).

[ARC 7922C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—943.23(157) Establishments and schools providing electrolysis or esthetics. An establishment or school in which electrolysis or esthetics is practiced shall follow the infection control rules and requirements pertaining to all establishments and schools and shall also meet the following requirements:

1. The electrolysis or esthetics room shall have adequate space, lighting and ventilation.

2. The floors in the immediate area where the electrology or esthetics is performed shall have an impervious, smooth, washable surface.
3. All service table surfaces shall be constructed of impervious, easily disinfected material.
4. Needles, probes and lancets shall be single-client use and disposable.
5. Licensees providing electrology services shall wear gloves.
6. Adequate access to a sink or running water shall be provided.

[ARC 7922C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—943.24(157) Cleaning and disinfecting circulating and noncirculating tubs, bowls, and spas.

943.24(1) After use for each client, a service provider shall do the following:

- a. Drain the water and remove any visible debris;
- b. Clean the surfaces according to the manufacturer's instructions, use a brush to remove all film, and rinse the tub, bowl, or spa basin;
- c. Fill the tub, bowl, or spa basin with water and add disinfectant;
- d. Allow the disinfectant to stand for noncirculating tubs, bowls, or basins or to circulate for circulating tubs, bowls, or basins for the time specified according to the manufacturer's instructions; and
- e. After disinfection, drain and rinse with clean water.

943.24(2) At the end of the day, a service provider shall remove all removable parts from circulating tubs, such as filters, screens, drains, and jets, and clean and disinfect the removable parts as follows:

- a. Scrub with a brush and soap or detergent until free from debris, and then rinse.
- b. Completely immerse in disinfectant.
- c. Rinse and air dry.
- d. Replace the disinfected parts into the tubs, bowl, or basin or store the parts in a disinfected, dry, covered container that is isolated from contaminants.

943.24(3) Foot spa service area records. For each foot spa service, including but not limited to pedicures, a record shall be made of the date and time of the daily cleaning and disinfecting for all circulating and noncirculating tubs, bowls or basins. This record shall be made at or near the time of cleaning and disinfecting. Records of cleaning and disinfecting shall be made available upon request by a client, inspector or investigator. The record must be signed by a licensee and include the licensee's license number beside each recorded cleaning event. Foot spa records shall be maintained for two years from the date of the cleaning.

[ARC 7922C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—943.25(157) Paraffin wax. Paraffin wax shall be used according to the manufacturer's instructions and shall be used in such a manner so as not to contaminate the remaining wax in the paraffin bath. The following procedures apply:

1. The client shall be free of broken skin or any skin disorder;
2. Hands or feet of a client shall be cleaned before being dipped into paraffin wax. The client's hands and feet shall not be dipped into the original wax container. The wax shall be removed from the original container and placed in a single-use bag before dipping. Any unused wax remaining in the single-use bag shall be discarded after dipping;
3. Paraffin wax that has been removed from a client's hands or feet shall be discarded after each use; and
4. Paraffin wax shall be kept free of any debris and kept covered when not in use.

[ARC 7922C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code section 147.7 and chapter 157.

CHAPTER 944

CONTINUING EDUCATION FOR BARBERING AND COSMETOLOGY ARTS AND SCIENCES

[Prior to 7/29/87, Health Department[470] Ch 151]

[Prior to 12/23/92, see 645—Chapter 62]

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 64]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/1/29

481—944.1(157) Definitions. For the purpose of these rules, the following definitions shall apply:

“*Active license*” means a license that is current and has not expired.

“*Approved program/activity*” means a continuing education program/activity meeting the standards set forth in these rules.

“*Audit*” means the selection of licensees for verification of satisfactory completion of continuing education requirements during a specified time period.

“*Board*” means the board of barbering and cosmetology arts and sciences.

“*Continuing education*” means planned, organized learning acts acquired during licensure designed to maintain, improve, or expand a licensee’s knowledge and skills in order for the licensee to develop new knowledge and skills relevant to the enhancement of practice, education, or theory development to improve the safety and welfare of the public.

“*Hour of continuing education*” means at least 50 minutes spent by a licensee completing an approved continuing education activity through live, virtual, online or prerecorded means where the instructor provides proof of completion by the licensee as set forth in these rules.

“*Inactive license*” means a license that has expired because it was not renewed by the end of the grace period. The category of “inactive license” may include licenses formerly known as lapsed, inactive, delinquent, closed, or retired.

“*Independent study*” means a subject/program/activity that a person pursues autonomously that meets standards for approval criteria in the rules and includes a posttest.

“*License*” means license to practice.

“*Licensee*” means any person or entity licensed to practice pursuant to Iowa Code chapter 157 and 481—Chapters 940 through 946.

“*Practice discipline*” means the practice of electrology, esthetics, nail technology, or barbering and cosmetology as recognized by the board of barbering and cosmetology arts and sciences.

“*Prescribed practice*” means an area of specialty certified by the board within the scope of barbering and cosmetology arts and sciences.

[ARC 7923C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—944.2(157) Continuing education requirements.

944.2(1) The biennial continuing education compliance period shall begin on April 1 of one year and end on March 31 two years later.

944.2(2) Each biennium:

a. A licensee in this state shall be required to complete a minimum of six hours of continuing education that meets the requirements of rule 481—944.3(157,272C). A minimum of four of the six hours shall be in the prescribed practice discipline and a minimum of two of the six hours shall be in the content areas of Iowa barbering and cosmetology law and rules and sanitation. Individuals holding more than one active license shall obtain four hours of continuing education in each prescribed practice discipline and an additional two hours in the content areas of Iowa barbering and cosmetology law and rules and infection control.

b. A licensee who is an instructor of barbering and cosmetology arts and sciences shall obtain six hours in teaching methodology in addition to meeting all continuing education requirements for renewal of the instructor’s practice license. A licensee must comply with all conditions of licensure including obtaining a minimum of two hours each biennium specific to Iowa barbering and cosmetology law and administrative rules as specified in subrule 944.3(2).

c. A licensee currently licensed in Iowa but practicing exclusively in another state may comply with Iowa continuing education requirements for license renewal by meeting the continuing education

requirements of the state or states where the licensee practices. The licensee living and practicing in a state that has no continuing education requirement for renewal of a license shall not be required to meet Iowa's continuing education requirement but shall pay all renewal fees when due.

d. A licensee shall be deemed to have complied with the continuing education requirements of this state during periods that the licensee:

- (1) Serves honorably on active duty in the military services, or
- (2) Is the spouse of an active duty military service person, or
- (3) Is a government employee working in the person's licensed specialty and assigned to duty outside of the United States, or
- (4) Is engaged in active practice and absent from the state, as approved by the board.

944.2(3) Requirements of new licensees. Those persons licensed for the first time shall not be required to complete continuing education as a prerequisite for the first renewal of their licenses. Continuing education hours acquired any time from the initial licensing until the second license renewal may be used.

944.2(4) Hours of continuing education credit may be obtained by attending and participating in a continuing education activity. These hours must be in accordance with these rules.

944.2(5) Licensees who complete continuing education hours in excess of the requirements for renewal may apply up to 50 percent of the required hours to the following renewal period. Licensees may apply a maximum of three hours from the previous renewal period in the prescribed practice discipline. Licensees cannot apply any hours in the content areas of Iowa barbering and cosmetology law and rules or infection control to the following renewal period. A licensee whose license was reactivated during the current renewal compliance period may use continuing education earned during the compliance period for the first renewal following reactivation.

944.2(6) It is the responsibility of each licensee to finance the cost of continuing education.

944.2(7) Requirements for blow-dry stylists are outlined in Iowa Code section 157.12C.

[ARC 7923C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24; ARC 9344C, IAB 6/11/25, effective 7/16/25]

481—944.3(157,272C) Standards.

944.3(1) *General criteria.* A continuing education activity that meets all of the following criteria is appropriate for continuing education credit if the continuing education activity:

- a.* Constitutes an organized program of learning that contributes directly to the professional competency of the licensee;
- b.* Pertains to subject matters that integrally relate to the practice of the profession;
- c.* Is conducted by individuals who have specialized education, training and experience by reason of which said individuals should be considered qualified concerning the subject matter of the program. At the time of audit, the board may request the qualifications of presenters;
- d.* Fulfills stated program goals, objectives, or both; and
- e.* Provides proof of attendance to licensees in attendance including:
 - (1) Date, location, course title, presenter(s), sponsor(s);
 - (2) Number of program contact hours; and
 - (3) Evidence of successful completion of the course provided by the course sponsor.

944.3(2) *Specific criteria.* The licensee may obtain the minimum continuing education hours of credit outlined in paragraph 944.2(2) "a" by:

- a.* Attending workshops, trade shows, conferences or symposiums.
- b.* Accessing online training, such as viewing interactive conferences, attending webinars, or completing online training courses.
- c.* Attending programs on product knowledge, methods and systems. Continuing education shall be directly related to the technique and theory specific to the practice of barbering and cosmetology arts and sciences. No direct selling of products is allowed as part of a continuing education offering.
- d.* Attending business classes specific to owning or managing an establishment are acceptable. In addition to fulfilling the requirements in rule 481—944.2(157), for each prescribed practice license held by a licensee, the licensee is to complete four hours in each area.

944.3(3) *Specific criteria for providers and sponsors of continuing education.*

a. Continuing education shall be obtained by attending programs that meet the criteria in subrule 944.3(1). Individuals or groups may offer continuing education programs for any prescribed practice within the barbering and cosmetology arts and sciences that meet the criteria in rule 481—944.3(157,272C) offered by or with express sponsorship in advance of delivery by the following organization(s):

(1) Barbering and cosmetology arts and sciences organizations, including:

1. National, state or local associations;
2. Schools and institutes;
3. Textbook publishers.

(2) Universities, colleges or community colleges;

(3) If intense pulsed light (IPL) or microdermabrasion is within the licensee's prescribed practice as outlined in rule 481—940.5(157), manufacturers or institutes of laser technology.

b. A licensee who is a presenter of a continuing education program that meets the criteria in rule 481—944.3(157,272C) may receive credit once per biennium for the initial presentation of the program. The presenter may receive the same number of hours granted the attendees.

[ARC 7923C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code section 272C.2 and chapter 157.

CHAPTER 945
DISCIPLINE FOR BARBERING AND COSMETOLOGY ARTS AND SCIENCES LICENSEES,
INSTRUCTORS, ESTABLISHMENTS, AND SCHOOLS

[Prior to 7/29/87, Health Department[470] Ch 151]

[Prior to IAC 12/23/92, see 645—Chapter 62]

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 65]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/1/29

481—945.1(157,272C) Definitions.

“*Board*” means the board of barbering and cosmetology arts and sciences.

“*Discipline*” means any sanction the board may impose upon barbering and cosmetology arts and sciences licensees, instructors, blow-dry stylists, establishments, and schools.

“*Licensure*” means the granting of a license to any person or entity licensed to practice pursuant to Iowa Code chapter 157 and 481—Chapters 940 through 946.

[ARC 7924C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—945.2(157,272C) Grounds for discipline. The board may impose any of the disciplinary sanctions provided in 481—Chapter 504 when the board determines that any of the acts or offenses listed in such chapter or in Iowa Code section 147.55 or any of the following have occurred:

945.2(1) Misappropriation of funds.

945.2(2) Failure to return the salon license to the board within 30 days of discontinuance of business under that license.

945.2(3) Permitting an unlicensed employee or person under the licensee’s or the licensed school’s or establishment’s control to perform activities that require a license.

945.2(4) Permitting a licensed person under the licensee’s or the licensed school’s or establishment’s control to practice outside the scope of the person’s license.

945.2(5) A person is determined by the investigator to be providing barbering and cosmetology services and leaving a salon at the time of inspection, which shall be prima facie evidence that an unlicensed person is providing services for which a license is required.

945.2(6) Performing any of those practices coming within the jurisdiction of the board pursuant to Iowa Code chapter 157, with or without compensation, in any place other than a licensed establishment or a licensed school of barbering and cosmetology arts and sciences.

Exception:

A licensee may practice at a location that is not a licensed establishment or school of barbering and cosmetology arts and sciences when:

a. Providing a service authorized under Iowa Code section 157.4 (Temporary Permits).

b. Providing a service under rule 481—943.17(157), “Events and services provided outside of a licensed establishment” (Iowa Code section 157.13(1) “a”).

c. Extenuating circumstances related to the physical or mental disability or death of a customer prevent the customer from seeking services at the licensed establishment or school.

[ARC 7924C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

481—945.3(157,272C) Unlawful practices. Practices by an unlicensed person or establishment that are subject to civil penalties include, but are not limited to:

945.3(1) Acts or practices by unlicensed persons that require licensure to practice barbering and cosmetology arts and sciences under Iowa Code chapter 157.

945.3(2) Acts or practices by unlicensed establishments that require licensure as an establishment or school of barbering and cosmetology arts and sciences under Iowa Code chapter 157.

[ARC 7924C, IAB 5/1/24, effective 7/1/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code chapters 147, 157 and 272C.

CHAPTER 946
ADOPTION OF UNIFORM AND MODEL RULES

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 66]

Chapter rescission date pursuant to Iowa Code section 17A.7: 8/28/29

481—946.1(17A,272C) Board of barbering and cosmetology arts and sciences adoption of uniform and model rules. The board hereby adopts by reference the following:

946.1(1) to **946.1(9)** Reserved.

946.1(10) Model rules for licensee review committee, 481—Chapter 505.

This rule is intended to implement Iowa Code chapter 272C.

[ARC 8148C, IAB 7/24/24, effective 8/28/24; Editorial change: IAC Supplement 9/18/24]

[Filed ARC 8148C (Notice ARC 7296C, IAB 1/24/24), IAB 7/24/24, effective 8/28/24]

[Editorial change: IAC Supplement 9/18/24]

CHAPTERS 947 to 960
Reserved

BOARD OF SIGN LANGUAGE INTERPRETERS AND TRANSLITERATORS

CHAPTER 961

LICENSURE OF SIGN LANGUAGE INTERPRETERS AND TRANSLITERATORS

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 361]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/22/29

481—961.1(154E) Definitions. For purposes of these rules, the following definitions will apply:

“Active interpreter or transliterator services” means the actual time spent personally providing interpreting or transliterating services or providing interpreting or transliterating services through videoconferencing or remotely. When in a team interpreting situation, the time spent monitoring while the team interpreter is actively interpreting will not be included in the time spent personally providing interpreting or transliterating services.

“Active license” means a license that is current and has not expired.

“Board” means the board of sign language interpreters and transliterators.

“Direct supervision of a temporary license holder” means monitoring of interpreting or transliterating services while personally observing the temporary license holder providing those services, as outlined in paragraphs 961.3(4) “b” and “c.”

“Grace period” means the 30-day period following expiration of a license when the license is still considered to be active.

“Inactive license” means a license that has expired because it was not renewed by the end of the grace period.

“Licensee” means any person licensed to practice as a sign language interpreter or transliterator in the state of Iowa.

“Licensure by endorsement” means the issuance of an Iowa license to practice as a sign language interpreter or transliterator to an applicant who is or has been licensed in another state.

“Reactivate” or *“reactivation”* means the process as outlined in rule 481—961.9(17A,147,272C) by which an inactive license is restored to active status.

“Reinstatement” means the process as outlined in rule 481—506.31(272C) by which a licensee who has had a license suspended or revoked or who has voluntarily surrendered a license may apply to have the license reinstated, with or without conditions.

“Supervisor” means a sign language interpreter or transliterator licensed pursuant to Iowa Code section 154E.3 and subrule 961.2(1) who provides on-site evaluations and advisory sessions with a temporary license holder for the purpose of the professional development of that temporary license holder.

[ARC 7829C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—961.2(154E) Requirements for licensure.**961.2(1)** The following criteria will apply to licensure:

a. Applicants will submit a completed online licensure application and pay the nonrefundable fee; and

b. Applicants will provide proof of one of the following:

(1) Passed the National Association of the Deaf/Registry of Interpreters for the Deaf (NAD/RID) National Interpreter Certification (NIC) examination after November 30, 2011; or

(2) Passed one of the following examinations administered by the Registry of Interpreters for the Deaf (RID):

1. Oral Transliteration Certificate (OTC); or

2. Certified Deaf Interpreter (CDI); or

(3) Passed the Educational Interpreter Performance Assessment (EIPA) with a score of 3.5 or above after December 31, 1999; or

(4) Passed the Cued Language Transliterator National Certification Examination (CLTNCE) administered by The National Certifying Body for Cued Language Transl iterators; or

(5) Currently holds one of the following NAD/RID certifications awarded through November 30, 2011, by the National Council on Interpreting (NCI):

1. National Interpreter Certification (NIC); or
2. National Interpreter Certification Advanced (NIC Advanced); or
3. National Interpreter Certification Master (NIC Master); or
- (6) Currently holds one of the following certifications previously awarded by the RID:
 1. Certificate of Interpretation (CI); or
 2. Certificate of Transliteration (CT); or
 3. Certificate of Interpretation and Certificate of Transliteration (CI and CT); or
 4. Interpretation Certificate/Transliteration Certificate (IC/TC); or
 5. Comprehensive Skills Certificate (CSC); or
- (7) Currently holds one of the following certifications previously awarded by the National Association of the Deaf (NAD):
 1. NAD III (Generalist); or
 2. NAD IV (Advanced); or
 3. NAD V (Master); or
- (8) Currently holds an advanced or master certification awarded by the Board for Evaluation of Interpreters (BEI).

961.2(2) Licensees who were issued their licenses within six months prior to the renewal will not be required to renew their licenses until the renewal cycle two years later.

a. An applicant who has relocated to Iowa from a state that did not require licensure to practice the profession may submit proof of work experience in lieu of educational and training requirements, if eligible, in accordance with rule 481—501.2(272C).

b. An applicant who has been licensed in another state will provide verification of license from the jurisdiction in which the applicant has most recently been licensed, sent directly from the jurisdiction to the board office. The applicant must also disclose any public or pending complaints against the applicant in any other jurisdiction. Web-based verification may be substituted for verification directly from the jurisdiction's board office if the verification provides:

- (1) Licensee's name;
- (2) Date of initial licensure;
- (3) Current licensure status; and
- (4) Any disciplinary action taken against the license.

[ARC 7829C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—961.3(154E) Requirements for temporary license.

961.3(1) An applicant who has not successfully completed one of the board-approved examinations or does not hold an approved certification set forth in paragraph 961.2(1)“d” will provide verification the applicant has passed one of the following:

- a.* The written portion of the Registry of Interpreters for the Deaf (RID) examination;
- b.* The written portion of the Board for Evaluation of Interpreters (BEI) examination;
- c.* The written portion of the Educational Interpreter Performance Assessment (EIPA) examination;
- d.* The EIPA prehire examination at the highest recommended level;
- e.* An associate degree or higher from a formal interpreter training program (ITP) with a regionally accredited college or university;
- f.* The American Sign Language Proficiency Interview (ASLPI) at the 2+ level or higher; or
- g.* The Sign Language Proficiency Interview (SLPI) at the intermediate level or higher.

961.3(2) An applicant will submit a written supervisory agreement that complies with the requirements stated in subrule 961.3(4). The temporary license will be valid for two years from the initial issue date and may be renewed once for the immediately following two-year period.

961.3(3) A temporary license holder is only authorized to practice if the following direct supervision requirements are fulfilled:

- a.* Enter into a written agreement with a supervisor in which the temporary license holder and the supervisor agree to the minimum requirements provided in paragraphs 961.3(4)“b” and “c.” The supervisor will possess a full, unrestricted sign language interpreter and transliterator license. The agreement will be signed and dated by the temporary license holder and the supervisor; will include the

temporary license holder's and supervisor's names, addresses and contact information; and will be provided to the board with the application for a temporary license.

b. Have a supervisor observe the temporary license holder in active practice for no fewer than six bimonthly observation sessions per year for at least 30 minutes each, if the temporary license holder is working alone, or at least 60 minutes each, if the temporary license holder is working in a team interpreting situation.

c. Attend at least six bimonthly advisory sessions with the supervisor per year for the purpose of discussing the supervisor's suggestions for the temporary license holder's professional skill development based on the observation sessions.

d. Maintain an event log documenting the date, time, length and setting of each observation session and advisory session. This event log will be submitted with the temporary license holder's renewal application.

e. Ensure that the supervisor attends each of the observation sessions and advisory sessions or reschedules the sessions as necessary to ensure compliance.

f. If the replacement of a supervisor becomes necessary, develop a new written agreement with the new supervisor.

g. Obtain permission from clients as necessary to allow the supervisor to be in attendance during the observation sessions.

961.3(4) As an Iowa-licensed practitioner in accordance with this chapter, a supervisor providing direct supervision of a temporary license holder as provided in subrule 961.3(4) is obligated to report to the board an interpreter or transliterator temporary license holder who is not complying with direct supervision requirements or who is not practicing in compliance with Iowa law and rules, including but not limited to Iowa Code chapter 154E and 481—Chapters 961 through 964.

[ARC 7829C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—961.4(154E) Licensure by endorsement.

961.4(1) An applicant who has been a licensed sign language interpreter or transliterator under the laws of another jurisdiction will file an application for licensure by endorsement with the board office. The board may receive by endorsement any applicant from the District of Columbia or another state, territory, province or foreign country who:

- a. Meets the requirements of rule 481—961.2(154E);
- b. Shows evidence of licensure requirements that are similar to those required in Iowa; and
- c. Provides an equivalency evaluation of foreign educational credentials sent directly from the equivalency service to the board.

961.4(2) Licensure by verification. A person who is licensed in another jurisdiction but who is unable to satisfy the requirements for licensure by endorsement may apply for licensure by verification, if eligible, in accordance with rule 481—501.1(272C).

[ARC 7829C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—961.5(154E) License renewal.

961.5(1) The biennial license renewal period for a license to practice as a sign language interpreter or transliterator will begin on July 1 of an odd-numbered year and end on June 30 of the next odd-numbered year. The licensee is responsible for renewing the license prior to its expiration.

961.5(2) An individual who was issued a license within six months of the license renewal date will not be required to renew the license until the subsequent renewal date two years later.

961.5(3) A licensee applying for renewal will:

- a. Meet the continuing education requirements as provided in 481—subrules 962.2(1) and 962.2(2) or, in lieu of meeting such requirements, provide proof of a current national interpreter certification issued by an organization recognized by the board (e.g., Registry of Interpreters for the Deaf (RID); National Association of the Deaf (NAD); NAD-RID National Interpreter Certification (NIC)) as evidence of meeting continuing education requirements. A licensee whose license was reactivated during the current biennial license period may use continuing education credit earned during the compliance period for the first renewal following reactivation; and

b. Submit the completed renewal application and renewal fee, and attach verification of completion of continuing education hours on the website before the license expiration date.

961.5(4) A two-year license will be issued after the requirements of the rule are met. In the event the board receives adverse information on the renewal application, the board will issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

961.5(5) The license certificate and proof of active licensure will be displayed in a conspicuous public place at the primary site of practice.

961.5(6) Late renewal. The license will become late when the license has not been renewed by the expiration date on the renewal. The licensee will be assessed a late fee as specified in 481—subrule 507.18(4). To renew a late license, the licensee will complete the renewal requirements and submit the late fee within the grace period.

961.5(7) Inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice until the license is reactivated.

[ARC 7829C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—961.6(17A,147,272C) License reactivation. To apply for reactivation of an inactive license, a licensee needs to:

961.6(1) Submit a completed online reactivation application and pay the nonrefundable fee.

961.6(2) If licensed in another jurisdiction, submit a license verification document that discloses disciplinary action taken against the license in the jurisdiction where the applicant was most recently licensed. The document should come directly from that jurisdiction.

961.6(3) Provide verification of current competence to practice sign language interpreting or transliterating by satisfying one of the following criteria:

a. If the license has been on inactive status for five years or less, an applicant must provide the following:

(1) Verification of the license from the jurisdiction in which the applicant has been most recently licensed and has been practicing during the time period in which the Iowa license was inactive sent directly from the jurisdiction to the board office. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

1. The licensee's name;
2. The date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license; and

(2) Verification of completing 40 hours of continuing education within two years of the application for reactivation; and

(3) Verification of a current certification as identified in subrule 961.2(1), or of passing an examination identified in subrule 961.2(1), which was passed after the license became inactive; or

(4) Verification of active practice, consisting of a minimum of 2,080 hours, in another state or jurisdiction during the two years preceding an application for reactivation.

b. If the license has been on inactive status for more than five years, an applicant must provide the following:

(1) Verification of the license from the jurisdiction in which the applicant has been licensed and has been practicing during the time period in which the Iowa license was inactive sent directly from the jurisdiction to the board office. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

1. The licensee's name;
2. The date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license; or

(2) Verification of completion of 80 hours of continuing education within two years of application for reactivation; and

(3) Verification of a current certification as identified in subrule 961.2(1), or of passing an examination identified in subrule 961.2(1), which was passed after the license became inactive; and

(4) Verification of active practice, consisting of a minimum of 2,080 hours, in another state or jurisdiction during the two years preceding an application for reactivation.

[ARC 7829C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—961.7(17A,147,272C) License reinstatement. A licensee whose license has been revoked, suspended, or voluntarily surrendered must apply for and receive board-approved reinstatement of the license and must apply for and be granted reactivation of the license prior to practicing sign language interpreting or transliterating in this state.

[ARC 7829C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code chapters 17A, 147, 154E and 272C.

CHAPTER 962
CONTINUING EDUCATION FOR SIGN LANGUAGE INTERPRETERS AND
TRANSLITERATORS

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 362]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/22/29

481—962.1(154E,272C) Definitions. For the purpose of these rules, the following definitions apply:

“*Active license*” means a license that is current and has not expired.

“*Approved program/activity*” means a continuing education program/activity meeting the standards set forth in these rules.

“*Audit*” means the selection of licensees for verification of satisfactory completion of continuing education requirements during a specified time period.

“*Board*” means the board of sign language interpreters and transliterators.

“*Continuing education*” means planned, organized learning acts acquired during licensure designed to maintain, improve, or expand a licensee’s knowledge and skills in order for the licensee to develop new knowledge and skills relevant to the enhancement of practice, education, or theory development to improve the safety and welfare of the public.

“*Hour of continuing education*” means at least 50 minutes spent by a licensee in actual attendance at and completion of an approved continuing education activity.

“*Inactive license*” means a license that has expired because it was not renewed by the end of the grace period.

“*Independent study*” means a subject/program/activity that a person pursues autonomously that meets standards for approval criteria in the rules and includes a posttest.

“*License*” means license to practice.

“*Licensee*” means any person licensed to practice as a sign language interpreter or transliterator in the state of Iowa.

[ARC 7830C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—962.2(154E,272C) Continuing education requirements.

962.2(1) Requirements for permanent licensees. The continuing education compliance period runs concurrently with each two-year renewal period beginning on July 1 of each odd-numbered year and ending on June 30 of the next odd-numbered year. Each person who is licensed to practice as a sign language interpreter or transliterator in this state will be required to complete a minimum of 40 hours of continuing education as specified in rule 481—962.3(154E,272C).

962.2(2) Exception for new permanent licensees. A person licensed for the first time will not be required to complete continuing education as a prerequisite for the first renewal of the license. Thereafter, the new licensee will complete the continuing education requirements as set forth in rule 481—962.3(154E,272C). The licensee may use continuing education hours acquired anytime from the initial licensing until the second license renewal to meet the requirements.

962.2(3) National Interpreters Certification (NIC) or Registry of Interpreters for the Deaf (RID) Certification. A licensee who provides proof of a current NIC or current RID Certification meets continuing education requirements for that biennium renewal cycle.

962.2(4) Requirements for temporary license holders. The continuing education compliance period runs concurrently with each two-year renewal period beginning on the date of initial licensure. Temporary license holders will be required to obtain 40 hours of continuing education as set forth in rule 481—962.3(154E,272C). The temporary license holder may use only continuing education hours acquired during the current renewal period. Proof of continuing education hours acquired will be submitted with a temporary license renewal application.

962.2(5) Hours of continuing education credit may be obtained by attending and participating in a continuing education activity.

962.2(6) Licensees who complete continuing education hours in excess of the requirements for renewal may apply up to 50 percent of the required hours to the following renewal period. Licensees may apply a maximum of 20 hours from the previous renewal period.

962.2(7) The licensee is responsible for the cost of continuing education.

[ARC 7830C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24; ARC 9317C, IAB 5/28/25, effective 7/2/25]

481—962.3(154E,272C) Standards.

962.3(1) *General criteria.* A continuing education activity that meets all of the following criteria is appropriate for continuing education credit if the continuing education activity:

- a. Is an organized program of learning fundamental to the practice of the profession that contributes directly to the professional competency of the licensee;
- b. Is conducted by individuals who have specialized education and training in the subject matter of the program. At the time of audit, the board may request the qualifications of presenters;
- c. Fulfills stated program goals, objectives, or both; and
- d. Provides proof of attendance, including:
 - (1) Date, location, course title, and presenter(s);
 - (2) Number of program contact hours; and
 - (3) Certificate of completion or evidence of successful completion of the course provided by the course sponsor.

962.3(2) *Specific criteria.*

a. Continuing education will be obtained by attending programs relating to the practice of interpreting or transliterating for the deaf or hard of hearing and that are:

- (1) Educational activities, including lectures, conferences, focused seminars, clinical and practical workshops, simultaneous live satellite broadcasts and teleconferences;
- (2) Obtained in content areas that conform to the content areas specified in the RID Certification Maintenance Program Standards and Criteria for Approved Sponsors, revised edition, June 2004, with the exception of the number of continuing education units (CEUs) required, which is defined in paragraph 962.3(2)“b.” RID activity categories of independent study or teaching an academic class are not professional study categories that can be claimed for credit by temporary license holders.

b. Each renewal period, licensees will obtain 40 hours (4 CEUs) of continuing education, including no less than 30 hours (3 CEUs) of professional studies. The remaining 10 hours (1 CEU) may be in either professional or general studies. The board will accept proof of a current NIC or current RID Certification in lieu of proof of the 40 hours of continuing education.

c. Continuing education hours of credit equivalents for academic coursework per biennium are as follows:

- 1 academic semester hour = 15 continuing education hours
- 1 academic quarter hour = 10 continuing education hours
- 1 CEU = 10 continuing education hours

[ARC 7830C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code section 272C.2 and chapter 154E.

CHAPTER 963
DISCIPLINE FOR SIGN LANGUAGE INTERPRETERS AND TRANSLITERATORS

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 363]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/22/29

481—963.1(154E) Definition.

“Consumer” means an individual utilizing interpreting services who uses spoken English, American Sign Language, or a manual form of English, and in an interpreting situation or setting, the term “consumer” includes both the deaf or hard-of-hearing individual or individuals and the hearing individual or individuals present in such situation or setting.

[ARC 7831C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

481—963.2(154E,272C) Grounds for discipline. The board may impose any of the disciplinary sanctions provided in rule 481—363.2(154E,272C) when the board determines that the licensee is guilty of any of the following acts or offenses or those listed in 481—Chapter 504:

963.2(1) Unethical conduct. In accordance with Iowa Code section 147.55(3), behavior (e.g., acts, knowledge, and practices) that constitutes unethical conduct includes but is not limited to the following:

- a. Engaging in sexual activities or sexual contact with a consumer when there is a risk of exploitation or potential harm to the consumer or when the relationship could reasonably be expected to interfere with the interpreter’s or transliterator’s objectivity, competence, or effectiveness.
- b. Failure to decline or to withdraw from an interpreting or transliterating assignment when the interpreter or transliterator does not possess the professional skills and knowledge required for the specific interpreting or transliterating situation or setting.
- c. Failure to refrain from providing advice or personal opinions or aligning with one person over another in the course of one’s professional duties.
- d. Discriminating against a consumer on the basis of age, sex, race, creed, illness, marital status, political belief, religion, mental or physical disability or diagnosis, sexual orientation, or economic or social status.
- e. Failure to inform a consumer when federal or state laws require disclosure of confidential information.
- f. Failure to avoid a conflict of interest when there is a risk of exploitation or potential harm to the consumer or when the relationship could reasonably be expected to interfere with the interpreter’s objectivity, competence, or effectiveness; or failure to disclose to a consumer an actual or perceived conflict of interest.
- g. Failure to present a professional appearance that is not visually distracting and is appropriate to the setting.
- h. Failure by a temporary license holder to comply with the requirements of 481—subrule 961.2(6).

963.2(2) Reserved.

[ARC 7831C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code chapters 147, 154E and 272C.

CHAPTER 964
ADOPTION OF UNIFORM AND MODEL RULES

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 364]

Chapter rescission date pursuant to Iowa Code section 17A.7: 8/28/29

481—964.1(17A,272C) Board of sign language interpreters and transliterators adoption of uniform and model rules. The board hereby adopts by reference the following:

964.1(1) to **964.1(9)** Reserved.

964.1(10) Model rules for licensee review committee, 481—Chapter 505.

This rule is intended to implement Iowa Code chapter 272C.

[ARC 8148C, IAB 7/24/24, effective 8/28/24; Editorial change: IAC Supplement 9/18/24]

[Filed ARC 8148C (Notice ARC 7296C, IAB 1/24/24), IAB 7/24/24, effective 8/28/24]

[Editorial change: IAC Supplement 9/18/24]

CHAPTER 965
LICENSURE OF EMPLOYERS FOR SIGN LANGUAGE
INTERPRETERS AND TRANSLITERATORS

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/2/30

481—965.1(154E) Definition. For the purpose of these rules, the following definition will apply:

“*Employer*” means an employer that employs a person to provide interpreting or transliterating services to the employer’s employees.

[ARC 9318C, IAB 5/28/25, effective 7/2/25]

481—965.2(154E) Requirements for licensure.

965.2(1) A person employed by an employer licensed pursuant to this chapter to provide interpreting or transliterating services to the employer’s employees is not required to be licensed pursuant to this chapter, but shall meet the requirements for licensure under Iowa Code section 154E.3. The interpreter will not interpret or transliterate prior to providing evidence of meeting licensure requirements to the employer.

965.2(2) The following criteria apply to licensure:

a. Employers will submit a completed online licensure application and pay the nonrefundable fee.
b. Employers will submit the following information pertaining to their employed interpreters or transliterators:

(1) First and last name.

(2) Address and telephone number.

(3) Proof of passing one of the examinations or proof of certification as outlined in 481—paragraph 961.2(1) “*b.*”

c. Employers will submit required information for new interpreters or transliterators to the board office within 30 days of hire.

d. Consumers will be provided information to file a complaint with the department of inspections, appeals, and licensing to address any concerns with sign language interpretation or transliteration provided.

[ARC 9318C, IAB 5/28/25, effective 7/2/25]

481—965.3(154E) License renewal.

965.3(1) The biennial license renewal period for a license will begin on July 1 of an odd-numbered year and end on June 30 of the next odd-numbered year. The licensee is responsible for renewing the license prior to its expiration.

965.3(2) A licensee who was issued a license within six months of the license renewal date will not be required to renew the license until the subsequent renewal date two years later.

965.3(3) A licensee applying for renewal will:

a. Provide attestation that the licensee’s employees providing interpreting or transliterating services meet the continuing education requirements as provided in 481—Chapter 962, and

b. Submit the completed renewal application and renewal fee.

965.3(4) A two-year license will be issued after the requirements of this rule are met. In the event the board receives adverse information on the renewal application, the board will issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

965.3(5) Late renewal. The license will become late when the license has not been renewed by the expiration date on the renewal. The licensee will be assessed a late fee as specified in 481—subrule 507.18(4). To renew a late license, the licensee will complete the renewal requirements and submit the late fee within the grace period.

965.3(6) Inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa but cannot practice until the license is reactivated.

[ARC 9318C, IAB 5/28/25, effective 7/2/25]

481—965.4(17A,147,272C) License reactivation. To apply for reactivation of an inactive license, a licensee needs to:

965.4(1) Submit a completed online licensure application and pay the nonrefundable fee, and

965.4(2) Submit the following information pertaining to the licensee's employed interpreters or transliterators:

a. First and last name.

b. Address and phone number.

c. Proof of passing one of the examinations or proof of certification as outlined in 481—paragraph 961.2(1) “*b.*”

[ARC 9318C, IAB 5/28/25, effective 7/2/25]

481—965.5(17A,147,272C) License reinstatement. A licensee whose license has been revoked, suspended, or voluntarily surrendered must apply for and receive board-approved reinstatement of the license and must apply for and be granted reactivation of the license prior to employing sign language interpreters or transliterators in this state.

[ARC 9318C, IAB 5/28/25, effective 7/2/25]

481—965.6(154E,272C) License discipline. The board may impose any of the disciplinary sanctions provided in Iowa Code section 272C.3 when the board determines that the licensee is guilty of any of the acts or offenses listed in 481—Chapter 504 or 481—Chapter 963.

[ARC 9318C, IAB 5/28/25, effective 7/2/25]

These rules are intended to implement Iowa Code chapter 154E.

[Filed ARC 9318C (Notice ARC 8955C, IAB 2/19/25), IAB 5/28/25, effective 7/2/25]

CHAPTERS 966 to 979
Reserved

BOARD OF NURSING HOME ADMINISTRATORS

CHAPTER 980

LICENSURE OF NURSING HOME ADMINISTRATORS

[Prior to 8/24/88, see Nursing Home Administrators Board of Examiners[600], Ch 2]

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 141]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/19/29

481—980.1(155) Definitions. For purposes of these rules, the following definitions shall apply:*“Active license”* means a license that is current and has not expired.*“Administrator”* means a licensed nursing home administrator.*“Board”* means the board of nursing home administrators.*“Grace period”* means the 30-day period following expiration of a license when the license is still considered to be active.*“HSE”* means a Health Services Executive as designated by the National Association of Boards of Examiners of Long Term Care Administrators.*“Inactive license”* means a license that has expired because it was not renewed by the end of the grace period.*“Licensee”* means any person licensed to practice as a nursing home administrator in the state of Iowa.*“License expiration date”* means December 31 of odd-numbered years.*“Licensure by endorsement”* means the issuance of an Iowa license to practice nursing home administration to an applicant who is or has been licensed in another state.*“NAB”* means National Association of Boards of Examiners of Long Term Care Administrators.*“Preceptor”* means a person who is currently licensed as a nursing home administrator and is approved by the department to supervise a person in a mentoring or administrator training program.*“Provisional license”* means a license issued to an administrator appointed on a temporary basis to perform the duties of a nursing home administrator.*“Reactivate”* or *“reactivation”* means the process as outlined in rule 481—980.15(17A,147,272C) by which an inactive license is restored to active status.*“Reinstatement”* means the process as outlined in rule 481—506.31(272C) by which a licensee who has had a license suspended or revoked or who has voluntarily surrendered a license may apply to have the license reinstated, with or without conditions.

[ARC 7971C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—980.2(155) Requirements for licensure. The following criteria shall apply to licensure:**980.2(1)** Submit a completed online application and pay the nonrefundable licensure fee specified in rule 645—5.10(147,155);**980.2(2)** Provide verification of certification as an HSE through NAB; or**980.2(3)** Provide verification of the following:*a.* Transcripts verifying a baccalaureate or postbaccalaureate degree sent directly from an accredited college or university;*b.* Passing score on all required national NAB examinations and meeting all other licensure requirements to be approved to take all required national NAB examinations;*c.* Completion of one of the following:

(1) Administrator training program;

(2) Practicum in long-term health care completed through an accredited college or university; or

(3) 2,080 hours of long-term health care administration or health-care-related experience in a nursing home may be approved by the board.

980.2(4) An applicant who has been licensed in another state will provide verification of license from the jurisdiction in which the applicant has most recently been licensed, sent directly from the jurisdiction to the board office. The applicant must also disclose any public or pending complaints against the applicant in any other jurisdiction. Web-based verification may be substituted for verification direct from the jurisdiction's board office if it provides:

- a. Licensee's name;
- b. Date of initial licensure;
- c. Current licensure status; and
- d. Any disciplinary action taken against the licensee.

[ARC 7971C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—980.3(147,155) Foreign-trained applicants. Foreign-trained nursing home administrators will:

980.3(1) Provide an equivalency evaluation of their educational credentials by International Educational Research Foundation, Inc., Credentials Evaluation Service. A candidate will be responsible for the expense of the curriculum evaluation.

980.3(2) Provide a copy of the certificate or diploma awarded to the applicant from a nursing home administration program in the country in which the applicant was educated.

980.3(3) Provide satisfactory evidence of completion of administrator training program, practicum or 2,080 hours of work experience in long-term health care administration.

[ARC 7971C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—980.4(155) Preceptor qualifications. Preceptor qualifications are as follows:

980.4(1) Current licensure and at least two years of experience as a nursing home administrator.

980.4(2) Completion of a preceptor training course prior to the preceptorship.

980.4(3) Preceptor has not had the preceptor's nursing home administrator license disciplined, limited, suspended, or placed on probation during the one year immediately prior to the approval to act as a preceptor.

980.4(4) Is not related to the training administrator.

[ARC 7971C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—980.5(155) Provisional license. A provisional license may be issued to an administrator appointed on a temporary basis to perform the duties of a nursing home administrator. A provisional license is considered a temporary appointment, and the person appointed may serve as an administrator for a period of time not to exceed 12 months in an entire career. The 12 months in service are not required to be consecutive; however, a new application is required for each appointment period. It is the responsibility of the approved provisional administrator to maintain documentation of the actual dates the administrator serves in that capacity.

980.5(1) The limited circumstances under which the request for a provisional appointment will be granted include the inability of the licensed administrator to perform the administrator's duties, the death of the licensed administrator, or circumstances that prevent the immediate transfer of the licensed administrator's duties to another licensed administrator. A provisional license will not be issued to a licensed nursing home administrator.

980.5(2) Application for a provisional license shall be in writing on forms prescribed by the board. Applicants will meet the following minimum qualifications:

- a. Be at least 18 years of age.
- b. Be employed on a full-time basis of no less than 40 hours per week to perform the duties of the nursing home administrator.
- c. Be knowledgeable about the nursing home administrator's domains of practice, including resident care, human resources, finance, physical environment, and leadership and management.
- d. Be without a history of unprofessional conduct or denial of or disciplinary action against a license to practice nursing home administration or any other profession by any lawful licensing authority for reasons outlined in 481—Chapter 982.
- e. Provide evidence to establish that the provisional appointment will not exceed the lifetime maximum period of 12 calendar months in duration. For any period in which the applicant previously served as a provisional administrator, written employment verification or a written attestation of the facility owner, chief operating officer, or board officer will satisfy this requirement.

f. Provide evidence that the provisional appointment complies with the requirements in 481—subrule 58.8(4). A written attestation of the facility owner, chief operating officer, or board officer will satisfy this requirement.

980.5(3) Applications for an extension of the time period for the provisional appointment within the same facility do not require the payment of an additional fee, as long as all other requirements stated in this rule are met.

980.5(4) The board expressly reserves the right to withdraw approval of a provisional appointment. Withdrawal of approval will be based on information or circumstances warranting such action. The provisional administrator will be notified of the withdrawal of approval in writing by certified mail.

[ARC 7971C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—980.6(155) Licensure by endorsement.

980.6(1) An applicant who has been a licensed nursing home administrator under the laws of another jurisdiction will file an application for licensure by endorsement with the board office. The board may receive by endorsement any applicant from the District of Columbia or another state, territory, province or foreign country who:

- a.* Meets the requirements of rule 481—980.2(155).
- b.* Provides evidence of an active license as a nursing home administrator for at least two years just prior to application, or meets the qualifications outlined in rule 481—980.4(155).

980.6(2) Licensure by verification. A person who is licensed in another jurisdiction but who is unable to satisfy the requirements for licensure by endorsement may apply for licensure by verification, if eligible, in accordance with rule 481—501.1(272C).

[ARC 7971C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—980.7(147,155) License renewal.

980.7(1) The biennial license renewal period for a license to practice nursing home administration will begin on January 1 of each even-numbered year and end on December 31 of the next odd-numbered year. All licensees will renew on a biennial basis. The licensee is responsible for renewing the license prior to its expiration.

980.7(2) An individual who was issued a license within six months of the license renewal date does not need to renew the license until the subsequent renewal two years later.

980.7(3) A licensee applying for renewal shall:

- a.* Meet the continuing education requirements of rule 481—981.2(272C) and the mandatory reporting requirements of subrule 980.9(8). A licensee whose license was reactivated during the current renewal compliance period may use continuing education credit earned during the compliance period for the first renewal following reactivation; and
- b.* Submit the completed renewal application and renewal fee before the license expiration date.

980.7(4) A two-year license will be issued after the requirements of this rule are met. If the board receives adverse information on the renewal application, the board shall issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

980.7(5) Late renewal. The license will become late when the license has not been renewed by the expiration date on the renewal. The licensee will be assessed a late fee as specified in 481—subrule 507.10(3). To renew a late license, the licensee will complete the renewal requirements and submit the late fee within the grace period.

980.7(6) Inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice as a nursing home administrator in Iowa until the license is reactivated.

980.7(7) Licensees will display their license certificate and proof of active licensure will be in a conspicuous public place at the primary site of practice.

980.7(8) Mandatory reporter training requirements.

- a.* A licensee who examines, attends, counsels, or treats children, dependent adults, or both in the scope of the licensee's professional practice will complete the applicable department of health and human services training relating to the identification and reporting of child abuse, dependent adult abuse, or both.

Written documentation of training completion should be maintained for three years. The training is not required if the licensee is engaged in active duty military service or holds a waiver demonstrating a hardship in complying with these training requirements.

b. The board may select licensees for audit of compliance with the requirements in subrule 980.7(8).

[ARC 7971C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—980.8(17A,147,272C) License reactivation. To apply for reactivation of an inactive license, a licensee shall:

980.8(1) Submit a completed online reactivation application and pay the nonrefundable application fee.

980.8(2) Provide verification of current competence to practice as a nursing home administrator by satisfying the following criteria:

a. Verification of the license from the jurisdiction in which the applicant has most recently been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction to the board office. The applicant must also disclose any public or pending complaints against the applicant in any other jurisdiction. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

- (1) Licensee's name;
- (2) Date of initial licensure;
- (3) Current licensure status; and
- (4) Any disciplinary action taken against the license; and

b. Verification of completion of 40 hours of continuing education within two years of the application for reactivation or verification of active practice, consisting of a minimum of 2,080 hours, in another state or jurisdiction during the two years preceding an application for reactivation.

[ARC 7971C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—980.9(17A,147,272C) License reinstatement. A licensee whose license has been revoked, suspended, or voluntarily surrendered must apply for and receive board-approved reinstatement of the license and must apply for and be granted reactivation of the license prior to practicing as a nursing home administrator in this state.

[ARC 7971C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code chapters 17A, 147, 155, and 272C.

CHAPTER 981
CONTINUING EDUCATION FOR NURSING HOME ADMINISTRATION

[Prior to 8/24/88, see Nursing Home Administrators Board of Examiners [600], Ch 3]

[Prior to 9/13/95, see 645—Chapter 142]

[Prior to 9/18/24, see Professional Licensure Division[645] Ch 143]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/19/29

481—981.1(272C) Definitions. For the purpose of these rules, the following definitions will apply:

“*Active license*” means the license is current and has not expired.

“*Approved program/activity*” means a continuing education program/activity meeting the standards set forth in these rules.

“*Audit*” means the selection of licensees for verification of satisfactory completion of continuing education requirements during a specified time period.

“*Continuing education*” means planned, organized learning acts designed to maintain, improve, or expand a licensee’s knowledge and skills in order for the licensee to develop new knowledge and skills relevant to the enhancement of practice, education, or theory development to improve the safety and welfare of the public.

“*Hour of continuing education*” means at least 50 minutes spent by a licensee in actual attendance at and completion of an approved continuing education activity.

“*Inactive license*” means a license that has expired because it was not renewed by the end of the grace period.

“*Independent study*” means a subject/program/activity that a person pursues autonomously that meets standards for approval criteria in the rules and includes a posttest.

“*License*” means license to practice.

“*Licensee*” means any person licensed to practice as a nursing home administrator in the state of Iowa.

“*National Continuing Education Review Service (NCERS)*” means the continuing education review service operated by the National Association of Boards of Examiners for Nursing Home Administrators.

[ARC 7972C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—981.2(272C) Continuing education requirements.

981.2(1) The biennial continuing education compliance period will extend for a two-year period beginning on January 1 of each even-numbered year and ending on December 31 of the next odd-numbered year. Each biennium, each person who is licensed to practice as a licensee in this state will be required to complete a minimum of 40 hours of continuing education. Licensees who complete continuing education hours in excess of the requirements for renewal may apply up to 50 percent of the required hours to the following renewal period. Licensees may apply a maximum of 20 hours from the previous renewal period.

981.2(2) Requirements of new licensees. Those persons licensed for the first time will not be required to complete continuing education as a prerequisite for the first renewal of their licenses. Continuing education hours acquired anytime from the initial licensing until the second license renewal may be used.

981.2(3) Hours of continuing education credit may be obtained by attending and participating in a continuing education activity.

981.2(4) The licensee is responsible for the cost of continuing education.

[ARC 7972C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24; ARC 9284C, IAB 5/14/25, effective 6/18/25]

481—981.3(155,272C) Standards.

981.3(1) General criteria. A continuing education activity that meets all of the following criteria is appropriate for continuing education credit if the continuing education activity:

- a. Is an organized program of learning fundamental to the practice of the profession that contributes directly to the professional competency of the licensee;
- b. Is conducted by individuals who have specialized education, training and experience in the subject matter of the program;
- c. Fulfills stated program goals, objectives, or both; and

d. Provides proof of attendance including:

- (1) Date(s), location, course title, presenter(s);
- (2) Number of program contact hours; and
- (3) Certificate of completion or evidence of successful completion of the course provided by the course sponsor.

981.3(2) *Specific criteria.* Licensees may obtain continuing education hours of credit by:

a. Participating in the continuing education programs approved by the National Continuing Education Review Service (NCERS).

b. Academic coursework that meets the criteria set forth in these rules. Continuing education credit equivalents are as follows:

1 academic semester hour = 15 continuing education hours

1 academic quarter hour = 10 continuing education hours

c. Attendance at or participation in a program or course that meets the requirements in subrule 981.3(1).

d. Making presentations; conducting research; producing publications; preparing new courses; participating in home study courses; attending electronically transmitted courses; and attending workshops, conferences, or symposiums.

e. Self-study coursework that meets the criteria set forth in these rules. Continuing education credit equivalent for self-study is as follows:

180 minutes of self-study work = 1 continuing education hour

The maximum number of hours for self-study, including television viewing, video or sound-recorded programs, correspondence work, or research, or by other similar means that is not directly sponsored by and supervised by an accredited postsecondary college or university or NCERS, is eight hours.

[ARC 7972C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

481—981.4(155,272C) Exemptions. A licensee is exempt from the continuing education requirement when that person:

1. Served honorably on active duty in the military service;
2. Resided in another state with continuing education requirements that the applicant met;
3. Was a government employee working in the licensee's specialty and assigned to duty outside the United States; or
4. Has a disability, illness, or primary caregiver status requiring an extension of time or exemption upon approval by the board office.

[ARC 7972C, IAB 5/15/24, effective 6/19/24; Editorial change: IAC Supplement 9/18/24]

These rules are intended to implement Iowa Code section 272C.2 and chapter 155.

CHAPTER 982
DISCIPLINE FOR NURSING HOME ADMINISTRATORS

[Prior to 5/30/01, see 645—Chapter 141]
[Prior to 9/18/24, see Professional Licensure Division[645] Ch 144]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/19/29

481—982.1(155,272C) Grounds for discipline. The board may impose any of the disciplinary sanctions provided in rule 481—504.3(272C) when the board determines that the licensee is guilty of any of the following acts or offenses or those listed in 481—Chapter 504.

982.1(1) Any falsification or misrepresentation contained in any report or document attesting to the facts, conditions and activities of the internship or work experience and submitted by the applicant, administrator/preceptor or other participants may be grounds for denial of license or for suspension or revocation of the nursing home administrator license in addition to the imposition of fines and any other penalties provided by law.

982.1(2) Any misappropriation of resident funds or facility funds may be grounds for denial of license or for suspension or revocation of the nursing home administrator license in addition to the imposition of fines and any other penalties provided by law.

This rule is intended to implement Iowa Code chapters 147, 155 and 272C.

CHAPTERS 984 to 2049
Reserved

APPRAISAL MANAGEMENT COMPANIES

CHAPTER 2050

APPRAISAL MANAGEMENT COMPANIES

[Prior to 1/22/25, see Banking Division[187] Ch 25]

Chapter rescission date pursuant to Iowa Code section 17A.7: 1/1/28

481—2050.1(17A,543E) Definitions. For the purposes of this chapter, the definitions in Iowa Code chapter 543E shall apply. In addition, unless the context otherwise requires, the following definitions shall apply:

“*Nationwide multistate licensing system*” or “*NMLS*” means a mortgage licensing system owned and operated by the State Regulatory Registry, LLC, a wholly owned subsidiary of the Conference of State Bank Supervisors.

“*Owner*” means a person who owns or has the power to vote more than 10 percent of the shares of an appraisal management company.

“*Ownership*” means being an owner or otherwise having the power to vote more than 10 percent of the shares of an appraisal management company.

“*Registrant*” means a person who is registered as an appraisal management company in this state.

[ARC 2869C, IAB 12/21/16, effective 1/1/17; Editorial change: IAC Supplement 1/22/25]

481—2050.2(17A,543E) Application for registration.

2050.2(1) An application for registration to operate an appraisal management company in Iowa shall be submitted to the administrator through the NMLS or as otherwise prescribed by the administrator. All information requested in the application shall be provided on or with the application form, including but not limited to any and all information required by Iowa Code section 543E.8(2). The administrator may consider an application withdrawn if the application does not contain all of the information required and the missing information is not submitted to the administrator within 30 days after the administrator requests the missing information.

2050.2(2) Appraiser panel. The application shall include a list of all certified and licensed appraisers who are independent contractors and are currently on the applicant’s appraiser panel and shall also include any additional certified and licensed appraisers who are independent contractors and who in the 12 months immediately preceding submission of the application have performed appraisals, for the applicant or for persons that have ordered appraisals through the applicant, for covered transactions or for secondary mortgage market participants in connection with covered transactions in which the dwelling is located in this state. The application shall include the name, the certification or license number, the date the appraiser joined the panel, and the date the appraiser left the panel, if applicable, for each appraiser included on the applicant’s appraiser panel. The applicant’s appraiser panel shall include all appraisers the applicant has engaged to perform one or more appraisals for or in connection with a covered transaction or for a secondary mortgage market participant in connection with a covered transaction in this state and all appraisers the applicant has accepted for future consideration for such appraisal assignments.

2050.2(3) All owners and controlling persons of the applicant must authorize a fingerprint background check, through the NMLS or as otherwise prescribed by the administrator, for the purpose of conducting a national criminal history background check through the Federal Bureau of Investigation. This requirement applies to all owners and controlling persons, regardless of whether the individual has previously applied as an owner or controlling person of an appraisal management company under Iowa Code chapter 543E.

2050.2(4) The applicant shall submit an application fee, initial registration fee, and background investigation fee in the amounts provided in subrule 2050.8(5), as well as the fee required for registration on the appraisal management company national registry maintained by the appraisal subcommittee as specified in subrule 2050.8(5). The applicant shall also pay any additional fees required by the NMLS, including but not limited to, the following: system processing fees and background check fees. The applicant will be refunded the initial registration fee and the appraisal management company national registry fee if the application is denied.

2050.2(5) If any information material to the application changes after the applicant files the initial application but before the administrator approves or denies the application, the applicant shall provide updated information to the administrator in writing within 10 calendar days of the change. The administrator may deny the application when such a material change in information has occurred and the applicant has failed to provide updated information within the prescribed time frame.

2050.2(6) An applicant for registration to operate an appraisal management company in Iowa must file with the administrator a \$25,000 surety bond in compliance with the provisions of Iowa Code section 543E.19.

2050.2(7) A registration shall lapse on the next succeeding December 31 after it is issued, but a registration granted on or after November 1 and before December 31 shall not lapse until December 31 of the following year. For example, a registration granted on November 17, 2017, would not expire until December 31, 2018. An applicant whose registration is granted on or after November 1 and before December 31 may be required, as determined by the appraisal subcommittee, to pay the fee for registration on the appraisal management company national registry in full for both calendar years. For example, while a registration granted on November 17, 2017, would not lapse until December 31, 2018, the registrant may be required to pay the national registry fee in full for 2017 and 2018.

[ARC 2869C, IAB 12/21/16, effective 1/1/17; Editorial change: IAC Supplement 1/22/25]

481—2050.3(17A,543E) Grounds for denial of a registration. The administrator may deny an application for registration to operate an appraisal management company, or issue a registration subject to restriction, for any of the reasons that follow.

2050.3(1) This state or another state or jurisdiction has canceled, revoked, denied, suspended, or refused to renew the applicant's registration to operate an appraisal management company or has denied, suspended, or refused to renew a similar registration under this state's or the other state's or jurisdiction's law. An agreement made between a person and this state or another state or jurisdiction not to operate as an appraisal management company may be considered a denial of that person's registration to operate an appraisal management company in this state or the other state or jurisdiction.

2050.3(2) An owner or controlling person of the applicant has been barred, removed, or prohibited from owning or serving as the controlling person of an appraisal management company, or from serving in any capacity in a financial institution by any state or federal regulatory agency, including but not limited to the Office of the Comptroller of the Currency, the Federal Deposit Insurance Corporation (FDIC), the Board of Governors of the Federal Reserve System, or the U.S. Department of Housing and Urban Development.

2050.3(3) An owner or controlling person of the applicant is or was the owner or controlling person of another appraisal management company in another state or jurisdiction, if such other state or jurisdiction has canceled, revoked, denied, suspended, or refused to renew the registration or application for registration of such other appraisal management company under this state's or the other state's or jurisdiction's law. An agreement made between a person and this state or another state or jurisdiction not to operate as the owner or controlling person of an appraisal management company may be considered a denial of that person's application to serve as the owner or controlling person of an appraisal management company in this state or the other state or jurisdiction.

2050.3(4) An owner or controlling person of the applicant has been convicted of forgery, embezzlement, obtaining money under false pretenses, theft, extortion, conspiracy to defraud, tax evasion, or another similar offense, in a court of competent jurisdiction in this state or in any other state, territory, or district of the United States or in any foreign jurisdiction. For the purposes of this subrule, "convicted of" includes a guilty plea, deferred judgment, deferred sentence, or other similar finding of guilt by a court of competent jurisdiction.

2050.3(5) The applicant, or an owner or controlling person of the applicant, has made a false submission of material fact on an application for registration or has been otherwise implicated in the submission of a false application.

2050.3(6) An owner or controlling person of the applicant has demonstrated a lack of moral character in a manner that the administrator reasonably believes will impair the ability of the owner or controlling

person to operate an appraisal management company in full compliance with the public interest and state policies described in Iowa Code chapter 543E.

2050.3(7) For any reason listed in Iowa Code section 543E.17(1).

2050.3(8) The applicant has failed to include all of the information required in the application or has failed to pay any fee required under Iowa Code chapter 543E or this chapter.

[ARC 2869C, IAB 12/21/16, effective 1/1/17; Editorial change: IAC Supplement 1/22/25]

481—2050.4(17A,543E) Renewal of registration.

2050.4(1) To remain registered to operate an appraisal management company in Iowa, a registrant must renew a registration before the date the registration lapses. A registrant who holds a lapsed registration shall not directly or indirectly engage in or attempt to engage in business as an appraisal management company or advertise or hold itself out as engaging in or conducting business as an appraisal management company in Iowa until the administrator has reinstated the lapsed registration or has approved a new registration.

2050.4(2) An application to renew a registration shall be submitted to the administrator, through the NMLS or as otherwise prescribed by the administrator, no earlier than November 1 and no later than December 1 of the year for which the registration is valid. For example, for a registration that will lapse on December 31, 2017, an application for renewal shall be submitted by December 1, 2017. All requested information, including any material change to information contained in the original application, shall be provided to the administrator as directed by the NMLS or as otherwise prescribed by the administrator. Applications for renewal of a registration must be accompanied by a fee as specified in subrule 2050.8(5). The administrator may also assess late fees as specified in subrule 2050.8(5) for applications submitted after December 1.

2050.4(3) The administrator shall grant an application to renew a registration if:

- a. The administrator receives the application and the appropriate renewal fee by December 1, or the administrator receives the application after December 1 but before January 1 and it is accompanied by the appropriate renewal fee and the appropriate late fee;
- b. The application is fully completed and includes all necessary information; and
- c. The application does not reveal grounds that would be sufficient to deny initial registration, or issue a registration subject to restriction, pursuant to rule 481—2050.4(17A,543E).

[ARC 2869C, IAB 12/21/16, effective 1/1/17; Editorial change: IAC Supplement 1/22/25]

481—2050.5(17A,543E) Reinstatement of lapsed registration.

2050.5(1) The registration of an appraisal management company that has lapsed for failure to satisfy the minimum standards for renewal may be reinstated if the registrant meets the following requirements:

- a. The application for reinstatement is submitted between January 1 and February 28 of the year immediately following the year the registration lapsed.
- b. All minimum requirements for renewal of registration for the year in which the registration lapsed are satisfied prior to submission of the application for reinstatement. The registrant seeking to reinstate a registration must submit all information required to renew a registration pursuant to rule 481—2050.4(17A,543E).
- c. The registrant pays a reinstatement fee as specified in subrule 2050.8(5), in addition to the renewal fee, and any late charges.

2050.5(2) An appraisal management company whose registration has lapsed and who fails to meet the requirements for reinstatement specified in this rule must apply for a new registration and meet the requirements in effect at that time for a new registration.

[ARC 2869C, IAB 12/21/16, effective 1/1/17; Editorial change: IAC Supplement 1/22/25]

481—2050.6(17A,543E) Changes in the registrant's name, location, or ownership.

2050.6(1) A registrant wishing to change the principal location of an appraisal management company shall notify the administrator through the NMLS, or as otherwise prescribed by the administrator, within 15 days of making the change. The notice shall include proof that the registrant has either obtained a new bond

or amended the existing mandatory bond to reflect the new location. The registrant shall submit a fee as specified in subrule 2050.8(5) in association with the change.

2050.6(2) Registrants must notify the administrator no later than 15 days following a change in name and must submit to the administrator a fee as specified in subrule 2050.8(5).

2050.6(3) The prior written approval of the administrator is required whenever a change in ownership of a registrant is proposed. When a change in ownership of a registrant is proposed, the party that will assume ownership of the registrant shall give notice to the administrator through the NMLS, or as otherwise prescribed by the administrator, at least 30 days before the proposed change will take effect. The party that will assume ownership of the registrant shall furnish the administrator through the NMLS, or as otherwise prescribed by the administrator, with the same information required of initial applicants for registration, along with a fee as specified in subrule 2050.8(5). The administrator shall approve or deny the request in accordance with the provisions of rule 481—2050.3(17A,543E).

2050.6(4) The prior written approval of the administrator is required whenever a change of the designated controlling person of a registrant is proposed. When change of the designated controlling person of a registrant is proposed, the party that will become the designated controlling person of the registrant shall give notice to the administrator through the NMLS, or as otherwise prescribed by the administrator, at least 30 days before the proposed change will take effect. The party that will become the designated controlling person of the registrant shall furnish the administrator through the NMLS, or as otherwise prescribed by the administrator, with the same information required of initial applicants for designation as a controlling person, along with the appropriate fee. The administrator shall approve or deny the request in accordance with the provisions of rule 481—2050.3(17A,543E).

2050.6(5) Failure to notify the administrator within the prescribed time as required by this rule may subject the registrant to disciplinary action. However, in the event the death, incapacity, or unexpected resignation of a designated controlling person, or a similar circumstance, makes it impossible for a registrant to provide 30 days' advance notice, no disciplinary action shall be taken if the party that will become the designated controlling person of the registrant provides the notice described in subrule 2050.6(4) promptly and no later than 10 days after learning that a new controlling person must be designated.

[ARC 2869C, IAB 12/21/16, effective 1/1/17; Editorial change: IAC Supplement 1/22/25]

481—2050.7(17A,543E) Notice of significant events. A registrant shall notify the administrator immediately and in writing within 15 calendar days of the occurrence of any of the following events.

2050.7(1) The registrant or any of the registrant's officers, directors, owners, or affiliates file for bankruptcy protection or commence reorganization proceedings.

2050.7(2) A prosecuting authority files criminal charges against the registrant or any of a registrant's officers, directors, owners, or affiliates.

2050.7(3) Another state or jurisdiction institutes registration denial, cease and desist, suspension or revocation procedures, or other regulatory action against the registrant or any of the registrant's officers, directors, owners, or affiliates.

[ARC 2869C, IAB 12/21/16, effective 1/1/17; Editorial change: IAC Supplement 1/22/25]

481—2050.8(17A,543E) Fees.

2050.8(1) *Examination or investigation fees.* A registrant shall pay an investigation or examination fee as determined by the administrator based on the actual cost of the operation of the finance bureau of the banking division, as described in Iowa Code section 543E.10(1).

2050.8(2) *Examination or investigation late fees.* A registrant shall pay the administrator the total charge for an examination or investigation within 30 days after the administrator has requested payment. If a registrant fails to pay an examination or investigation fee by the due date, the administrator may assess an additional penalty as identified in subrule 2050.8(5) for each day the fee is overdue.

2050.8(3) *Late fees for failing to respond.* In the process of administering this chapter, the administrator may require a person to provide responses to formal orders, examinations, or complaint inquiries. If a person fails to respond within 30 days of the request, the administrator may assess a fee as specified in subrule 2050.8(5).

2050.8(4) *NMLS system processing fees.* In addition to the fees set forth in this chapter, the applicant or registrant shall pay any fee assessed by the NMLS attributed to the registrant's record in the NMLS system including but not limited to the initial set-up fee, an annual processing fee, and any fees associated with changing or updating the registrant's record.

2050.8(5) *Fees.*

Application for registration fee	\$250
Registration fee (initial) (not applicable to preregistration)	\$750
Registration fee (annual renewal)	\$750
Background investigation fee	\$51
Appraisal management company national registry fee (not applicable to preregistration)	As determined by the appraisal subcommittee
NMLS fees	As determined by the NMLS
Fee for late submission of application for renewal	\$50
Fee to reinstate a lapsed registration	\$250
Reissuance or replacement of a lost, destroyed, or stolen registration	\$25
Fee for change of principal location	\$25
Fee for change of name	\$25
Fee for change of ownership	\$150
Fee for change of controlling person	\$150
Fee for late payment of examination or investigation fees	5 percent of amount due per day beyond 30 days past due
Fee for late response to examination request	\$10 per day beyond 30 days past due
Conversion fee for preregistered persons (applicable only when converting a preregistration to a registration)	\$150
Dishonored check fee	\$30
Examination or investigation fee	\$100 per hour
Mailing list fee	\$30
Fee for letter of good standing	\$25

[ARC 2869C, IAB 12/21/16, effective 1/1/17; Editorial change: IAC Supplement 1/22/25]

481—2050.9(17A,543E) Registrant records.

2050.9(1) *General record requirements.* The following requirements apply to all records a registrant is required to keep pursuant to Iowa Code section 543E.13 and this chapter:

- a. The registrant may keep records as a hard copy or in an electronic equivalent.
- b. The registrant shall maintain all books and records in good order and shall produce books and records for the administrator upon request. Failure to produce such books and records within 30 days of the administrator's request may be grounds for disciplinary action against the registrant.
- c. The obligation to maintain required records continues even after the registrant ceases business operations in Iowa and turns in or surrenders its registration. The owners and directors of the registrant are responsible for ensuring that this requirement is met for the period required under Iowa Code section 543E.13 and this chapter.
- d. The registrant shall keep all required records for at least five years from the date the record was created, unless a longer retention period is required by statute.

2050.9(2) *Required records.* A registrant operating an appraisal management company shall keep, and be able to retrieve or access from its principal place of business, an appraisal request and assignment log, a true and complete copy of each appraisal performed, a payment log, applications for registration, a dispute resolution policy, and certain corporate records.

a. *Appraisal request and assignment log.* A registrant shall maintain a log of all appraisal services requested, including those requests for service that the registrant does not fulfill. A record of the appraiser assigned to each request for appraisal services accepted by the registrant shall also be kept. The record shall include a description of the assignment, the certification or registration number of the assigned appraiser, the certification possessed by the assigned appraiser, and the expiration date of the appraiser's certification.

b. *Appraisal files.* For each appraisal service assigned by a registrant to an appraiser, the registrant shall keep a record of the award or engagement letter giving the appraisal assignment to the appraiser; the

assigned appraiser's acceptance of the assignment; all material communications between the registrant, the assigned appraiser, and the service requestor regarding a consumer credit transaction secured by the principal dwelling of an Iowa consumer, or the securitization thereof; and the appraisal report created by the assigned appraiser.

c. Payment log. A record shall be kept of all payments made by a registrant in association with the provision of appraisal services and shall include the date the payment was made, the amount paid, the appraisal services for which payment was made, and the date on which the appraiser provided the results of the completed appraisal service to the registrant.

d. Dispute resolution policy. A registrant shall maintain a copy of a dispute resolution policy for appraisers who request a review of a decision made by the registrant. The dispute resolution policy shall provide for a written response to the appraiser's request for review, a written statement of the outcome of the dispute resolution process, and a copy of all relevant documents to the appraiser upon request. The dispute resolution policy shall provide for external review of the decision in question or internal review of the decision in question by an officer or employee of a registrant who holds a higher position than the individual who made the decision in question.

e. Corporate records. A registrant shall maintain lists of all owners, directors, officers, and employees, as well as the minutes from meetings of the registrant's board of directors if the registrant's corporate structure includes a board of directors.

2050.9(3) General business records. In addition to the required records, a registrant must keep the following general business records for at least five years from the date the record was created:

a. All checkbooks, check registers, bank statements, deposit slips, withdrawal slips, and canceled checks (or copies thereof) relating to the registrant's operation of an appraisal management company.

b. Complete records (including invoices and supporting documentation) for all expenses and fees paid in connection with each appraisal, including a record of the date and amount of all such payments actually made in connection with each appraisal.

c. Copies of all federal tax withholding forms, reports of income for federal taxation, and evidence of payments to all employees, independent contractors, and others compensated by a registrant in connection with the operation of an appraisal management company.

d. All correspondence and other records relating to the maintenance of any surety bond required by Iowa Code chapter 543E.

e. Copies of all reports of audits, examinations, inspections, reviews, investigations, or other similar functions performed by any third party, including but not limited to the administrator or any other regulatory or supervisory authority.

2050.9(4) Disposal of records. If a registrant or former registrant disposes of records at the end of the retention period, the registrant or former registrant shall dispose of the records in a reasonable manner that safeguards any identification information, as defined in Iowa Code section 715A.8(1)"a." The owners and directors of registrants and former registrants are responsible for ensuring that this requirement is met.

[ARC 2869C, IAB 12/21/16, effective 1/1/17; Editorial change: IAC Supplement 1/22/25]

481—2050.10(17A,543E) Examinations, investigations, and complaints.

2050.10(1) The administrator may, at any time and as often as the administrator deems necessary, examine a registrant's books, accounts, records, and files and investigate a registrant to assess potential violations of applicable appraisal-related laws, regulations, rules, or orders.

2050.10(2) The administrator may investigate complaints about, or alleged violations committed by, any registrant.

2050.10(3) The following shall constitute a complaint or alleged violation:

a. A written complaint received from a consumer, member of the public, employee, business affiliate, or other governmental agency.

b. Notice to the administrator from any source that the registrant, or any owner or controlling person thereof, has been the subject of disciplinary proceedings in another jurisdiction.

c. Notice to the administrator from any source that any owner or controlling person of the registrant has been convicted of forgery, embezzlement, obtaining money under false pretenses, extortion, conspiracy

to defraud, or other similar offense, in a court of competent jurisdiction in this state or in any other state, territory, or district of the United States, or in any foreign jurisdiction.

[ARC 2869C, IAB 12/21/16, effective 1/1/17; Editorial change: IAC Supplement 1/22/25]

481—2050.11(17A,543E) Disciplinary action.

2050.11(1) The administrator has authority pursuant to Iowa Code chapters 543E and 17A to impose discipline for violations of Iowa Code chapter 543E and this chapter.

2050.11(2) Grounds for discipline. The administrator may impose any of the disciplinary sanctions set out in Iowa Code section 543E.17(1) when the administrator finds any of the following:

a. The registrant, or an owner or controlling person thereof, has violated a provision of Iowa Code chapter 543E or this chapter.

b. The registrant, or an owner or controlling person thereof, fails to fully cooperate with an examination or investigation, including failing to respond to an inquiry from the administrator within 30 calendar days of the date the administrator mails a written communication directed to the registrant's last-known address on file with the administrator.

c. The registrant, or an owner or controlling person thereof, has engaged in any conduct that subverts or attempts to subvert an examination or investigation by the administrator.

d. The registrant continues to operate an appraisal management company without an active and current registration.

e. The registrant fails to timely notify the administrator of the occurrence of any of the significant events set forth in rule 481—2050.7(17A,543E).

f. The registrant fails to notify the administrator of a change in ownership, controlling person, name, or principal place of business.

g. Another state or jurisdiction has denied, suspended, revoked, or refused to renew the registrant's registration or authorization to operate an appraisal management company under the other state's or jurisdiction's law.

h. The registrant fails to create and maintain complete and accurate records as required by state or federal law, regulation, or rule.

i. The registrant, or an owner or controlling person thereof, has violated an order of the administrator.

j. The registrant has abandoned its place of business for 60 or more days.

k. The registrant fails to pay any fee required by Iowa Code chapter 543E or this chapter or to maintain a bond required by Iowa Code chapter 543E.

l. A fact or condition exists which, had it existed at the time of the original application for registration, would have warranted the administrator to refuse to issue the original registration.

2050.11(3) A registrant may surrender a registration by delivering to the administrator a written notice of surrender.

[ARC 2869C, IAB 12/21/16, effective 1/1/17; Editorial change: IAC Supplement 1/22/25]

481—2050.12(17A,543E) Appraisal management company national registry maintained by the appraisal subcommittee. The administrator shall transmit to the appraisal subcommittee information and fees as necessary for inclusion on the appraisal management company national registry.

2050.12(1) *Registered appraisal management companies.* The administrator shall transmit to the appraisal subcommittee all information regarding registered appraisal management companies required for inclusion on the appraisal management company national registry, including but not limited to a roster of appraisal management companies registered in this state and records relating to any disciplinary action taken against a registrant.

2050.12(2) *Federally regulated appraisal management companies.* The administrator shall collect from a federally regulated appraisal management company all fees required for registration on the appraisal management company national registry maintained by the appraisal subcommittee. A federally regulated appraisal management company shall also pay all fees associated with the administration of this rule, including but not limited to fees required by the NMLS. The administrator shall collect from a federally regulated appraisal management company the following information necessary for the fulfillment of this

obligation: the name, address, and telephone number of the company; the national registry identification number and tax identification number of the company; the start date of the company's registration on the appraisal management company national registry; the name of and contact information for a contact person for the company; and any other information as required by the administrator.

[ARC 2869C, IAB 12/21/16, effective 1/1/17; Editorial change: IAC Supplement 1/22/25]

481—2050.13(17A,543E) Preregistration.

2050.13(1) A person who is not required to register as an appraisal management company because its appraiser panel does not meet or exceed the size requirements specified in Iowa Code section 543E.3(2) may apply to the administrator for preregistration as an appraisal management company. If the administrator approves the application, the applicant will receive a preliminary notice indicating that the administrator intends to approve the applicant for registration as an appraisal management company, based on the information submitted, as soon as the appraiser panel that the applicant oversees meets or exceeds the statutory size requirements. The administrator's preliminary intent to approve registration will remain subject to change in the event that the administrator receives additional information indicating that registration should be denied.

2050.13(2) An applicant seeking preregistration as an appraisal management company must follow the application procedures prescribed in rule 481—2050.2(17A,543E), including providing all required information. The applicant shall indicate that the applicant is applying for preregistration as an appraisal management company. The applicant shall submit the application fee required by rule 481—2050.2(17A,543E), but an applicant under this provision need not submit the initial registration fee or the fee required by the appraisal management company national registry. The administrator shall approve or deny the application for preregistration based on the criteria enumerated in rule 481—2050.3(17A,543E). Even if the administrator approves the application for preregistration, the applicant will not be registered on the appraisal management company national registry.

2050.13(3) A person who has received preregistration as an appraisal management company must apply for registration as an appraisal management company at least 30 days before the appraisal panel that the preregistered person oversees meets or exceeds the size requirements specified in Iowa Code section 543E.3(2). The applicant shall submit a conversion application to the administrator, through the NMLS or as otherwise prescribed by the administrator, specifying the new size of the applicant's appraiser panel as required by subrule 2050.2(2), updating all required information as necessary, and including any other information as prescribed by the administrator. The applicant shall also submit a conversion fee, the initial registration fee, and the fee required by the appraisal management company national registry as specified in subrule 2050.8(5).

2050.13(4) The administrator shall approve the application for registration unless additional information submitted by the applicant, or otherwise received by the administrator, indicates that the applicant is ineligible for registration based on the criteria enumerated in rule 481—2050.3(17A,543E). After the administrator approves registration, the applicant will be registered on the appraisal management company national registry and must comply with the provisions of Iowa Code chapter 543E and this chapter.

[ARC 2869C, IAB 12/21/16, effective 1/1/17; Editorial change: IAC Supplement 1/22/25]

These rules are intended to implement Iowa Code chapters 17A and 543E.

HEARING AID SPECIALISTS

CHAPTER 2060

LICENSURE OF HEARING AID SPECIALISTS

[Prior to 5/29/02, see 645—120.2(154A) to 120.6(154A) and 120.10(154A)]

[Prior to 10/30/24, see Professional Licensure Division[645] Ch 121]

[Prior to 5/29/02, see 481—120.2(154A) to 120.6(154A) and 120.10(154A)]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/18/30

481—2060.1(154A) Definitions. For purposes of these rules, the following definitions apply:

“Active license” means a license that is current and has not expired.

“Department” means the department of inspections, appeals, and licensing.

“Dispense” or *“sell”* means a transfer of title or of the right to use by lease, bailment, or any other means, but excludes a wholesale transaction with a distributor or hearing aid specialist, and excludes the temporary, charitable loan or educational loan of a hearing aid without remuneration.

“Grace period” means the 30-day period following expiration of a license when the license is still considered to be active.

“Hearing aid specialist” means any person engaged in the fitting, dispensing and sale of hearing aids and providing hearing aid services or maintenance by means of procedures stipulated by Iowa Code chapter 154A or the department. These rules are not intended to regulate unlicensed people who sell, dispense, market, use, distribute, or provide customer support to over-the-counter hearing aids as regulated by the U.S. Food and Drug Administration.

“Inactive license” means a license that has expired because it was not renewed by the end of the grace period.

“License” means a license issued by the state to a hearing aid specialist.

“Licensee” means any person licensed to practice as a hearing aid specialist in the state of Iowa.

“Licensure by endorsement” means the issuance of an Iowa license to practice as a hearing aid specialist to an applicant who is or has been licensed in another state.

“National examination” means the standardized licensing examination of the International Hearing Society (IHS) or its successor organization.

“Reactivate” or *“reactivation”* means the process as outlined in rule 481—2060.8(17A,147,272C) by which an inactive license is restored to active status.

“Reinstatement” means the process as outlined in rule 481—506.31(272C). Once the license is reinstated, the licensee may apply for active status.

“Temporary permit” means a permit issued while the applicant is in training to become a licensed hearing aid specialist.

“Trainee” means the holder of a temporary permit.

[ARC 9285C, IAB 5/14/25, effective 6/18/25]

481—2060.2(154A) Temporary permits.

2060.2(1) The applicant will submit a completed online application and pay the nonrefundable licensure fee specified in rule 481—507.7(147,154A). The application will be accompanied by a statement from the employer, which includes the following information:

- a. The type of supervision to be provided to the trainee;
- b. A list of the subjects to be covered;
- c. The books and other training materials to be used for training; and
- d. An outline of the training program to prepare the trainee for examination.

2060.2(2) A temporary permit is valid for two years and shall not be renewable.

2060.2(3) The department reserves the right to deny an application for a temporary permit or rescind a temporary permit once issued.

[ARC 9285C, IAB 5/14/25, effective 6/18/25]

481—2060.3(154A) Supervision requirements.

2060.3(1) The supervisor(s) of temporary permit holders will:

- a. Have a current hearing aid specialist license valid for the preceding 24 months;
- b. Have two years of actual experience in testing, fitting, and dispensing of hearing aids;
- c. Supervise no more than three trainees at the same time;
- d. Be responsible for training the temporary permit holder;
- e. For the first 90 days, provide a minimum of 20 hours of direct supervision;
- f. Provide direct supervision for any client activity that would require dispensing of hearing aids, including evaluation, selection, fitting or selling of hearing aids in the first 90 days;
- g. Evaluate the audiograms and determine which hearing aid and ear mold will best compensate for hearing loss;
- h. Cosign all audiometric evaluations and contracts processed by the trainee for the duration of the temporary permit;
- i. Submit, on a department-approved form, a supervision report for trainees prior to taking the department-approved examination. A supervision report is required each time the temporary permit holder submits a request to take the examination; and
- j. Notify the department within 15 days of the termination of the holder of a temporary permit.

2060.3(2) A trainee with a temporary permit will notify the department in writing within ten days of an interruption of training due to loss of supervision and, within 30 days, obtain a replacement supervisor for continuance of the training period. A statement will be signed by each supervisor.

2060.3(3) If a statement by the replacement supervisor is not submitted, the trainee will revert to new trainee status.

[ARC 9285C, IAB 5/14/25, effective 6/18/25]

481—2060.4(154A) Requirements for initial licensure. The following criteria apply to licensure:

2060.4(1) The applicant will submit a completed online application and pay the nonrefundable licensure fee specified in rule 481—507.7(147,154A).

2060.4(2) The applicant will provide verification of passing one of the following examinations:

- a. The national examination through IHS. The applicant may not take the national examination through IHS more than six times without department approval.
- b. The Praxis Examination in audiology through the Educational Testing Service.

2060.4(3) Applicants who hold a temporary permit are required to submit a supervisory report in accordance with paragraph 2060.3(1) “i.”

2060.4(4) An applicant who has been licensed in another state will provide verification of license from the jurisdiction in which the applicant has most recently been licensed, sent directly from the jurisdiction to the department. The applicant must also disclose any public or pending complaints against the applicant in any other jurisdiction. Web-based verification may be substituted for verification directly from the jurisdiction’s board office if the verification provides:

- a. Licensee’s name;
- b. Date of initial licensure;
- c. Current licensure status; and
- d. Any disciplinary action taken against the license.

2060.4(5) An applicant who has relocated to Iowa from a state that did not require licensure to practice the profession may submit proof of work experience in lieu of educational and training requirements, if eligible, in accordance with rule 481—501.2(272C).

2060.4(6) Incomplete applications that have been on file in the department for more than two years will be considered invalid and destroyed unless requested in writing by the candidate.

[ARC 9285C, IAB 5/14/25, effective 6/18/25]

481—2060.5(154A) Licensure by endorsement.

2060.5(1) Applicants who have been a licensed hearing aid specialist under the laws of another jurisdiction may apply for licensure by endorsement by submitting the following:

- a. Verification the applicant meets the requirements of rule 481—2060.4(154A);
- b. Evidence of licensure requirements that are similar to those required in Iowa;
- c. Official verification of one of the following:

- (1) A passing score on the national examination determined by IHS;
 - (2) A passing score on an examination that the department determines is equivalent to the national examination; or
 - (3) Current certification from the National Board for Certification in Hearing Instrument Sciences; and
- d. Evidence of:
- (1) Completing a minimum of 24 continuing education hours within the 24 months prior to application; or
 - (2) Continuing education certificates that verify that the minimum hours of continuing education required by a state(s) in which the licensee is currently licensed have been met.

2060.5(2) A person who is licensed in another jurisdiction but who is unable to satisfy the requirements for licensure by endorsement may apply for licensure by verification, if eligible, in accordance with rule 481—501.1(272C).

[ARC 9285C, IAB 5/14/25, effective 6/18/25]

481—2060.6(154A) Display of license. Hearing aid specialists will display their original licenses in a conspicuous public place at the primary site of practice.

[ARC 9285C, IAB 5/14/25, effective 6/18/25]

481—2060.7(154A) License renewal.

2060.7(1) The biennial license renewal period for a hearing aid specialist license will begin on January 1 of each odd-numbered year and end on December 31 of the next even-numbered year. The licensee is responsible for renewing the license prior to its expiration.

2060.7(2) A licensee applying for renewal will:

- a. Meet the continuing education requirements of rule 481—2061.2(154A) and the mandatory reporting requirements of subrule 2060.7(4). A licensee whose license was reactivated during the current renewal compliance period may use continuing education credit earned during the compliance period for the first renewal following reactivation; and
- b. Submit the completed renewal application and renewal fee before the license expiration date.

An individual who was issued a license within six months of the license renewal date will not be required to renew the license until the next renewal two years later.

2060.7(3) Late renewal. The license will become late when the license has not been renewed by the expiration date on the renewal. The licensee will be assessed a late fee as specified in 481—subrule 507.7(4). To renew a late license, the licensee will complete the renewal requirements and submit the late fee within the grace period.

2060.7(4) Mandatory reporter training requirements.

a. A licensee who examines, attends, counsels, or treats children, dependent adults or both in the scope of the licensee's professional practice will complete the applicable department of health and human services training relating to the identification reporting of child abuse, dependent adult abuse, or both. Written documentation of training completion should be maintained for three years. The training is not required if the licensee is engaged in active duty military service or holds a waiver demonstrating a hardship in complying with these training requirements.

b. The department may select licensees for audit of compliance with the requirements in rule 481—2061.2(154A).

2060.7(5) A two-year license will be issued after the requirements of the rule are met. If the department receives adverse information on the renewal application, the department will issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

2060.7(6) Inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice until the license is reactivated.

[ARC 9285C, IAB 5/14/25, effective 6/18/25]

481—2060.8(17A,147,272C) License reactivation. To apply for reactivation of an inactive license, a licensee will:

2060.8(1) Submit a completed online reactivation application and payment of the nonrefundable application fee.

2060.8(2) Provide verification of current competence to practice as a hearing aid specialist by satisfying one of the following criteria:

a. If the license has been on inactive status for five years or less, an applicant will provide the following:

(1) Verification of the license(s) from the jurisdiction in which the applicant has most recently been licensed showing the licensee's name, date of initial licensure, current licensure status and any disciplinary action taken against the license; and

(2) Verification of completion of 24 hours of continuing education within two years of application for reactivation.

b. If the license has been on inactive status for more than five years, an applicant must provide the following:

(1) Verification of the license(s) from the jurisdiction in which the applicant has most recently been licensed showing the licensee's name, date of initial licensure, current licensure status and any disciplinary action taken against the license; and

(2) Verification of completion of 48 hours of continuing education within two years of application for reactivation.

[ARC 9285C, IAB 5/14/25, effective 6/18/25]

481—2060.9(17A,147,272C) License reinstatement. A licensee whose license has been revoked, suspended, or voluntarily surrendered must apply for and receive department-approved reinstatement of the license and must apply for and be granted reactivation of the license prior to practicing as a hearing aid specialist in this state.

[ARC 9285C, IAB 5/14/25, effective 6/18/25]

These rules are intended to implement Iowa Code chapters 17A, 147, 154A and 272C.

CHAPTER 2061
CONTINUING EDUCATION FOR HEARING AID SPECIALISTS

[Prior to 10/30/24, see Professional Licensure Division[645] Ch 122]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/22/29

481—2061.1(154A) Definitions. For the purpose of these rules, the following definitions will apply:

“*Active license*” means a license that is current and has not expired.

“*Approved program/activity*” means a continuing education program/activity meeting the standards set forth in these rules.

“*Audit*” means the selection of licensees for verification of satisfactory completion of continuing education requirements during a specified time period.

“*Continuing education*” means planned, organized learning acts designed to maintain, improve, or expand a licensee’s knowledge and skills in order for the licensee to develop new knowledge and skills relevant to the enhancement of practice, education, or theory development to improve the safety and welfare of the public.

“*Hour of continuing education*” means at least 50 minutes spent by a licensee in actual attendance at and completion of an approved continuing education activity.

“*Inactive license*” means a license that has expired because it was not renewed by the end of the grace period.

“*Independent study*” means a subject/program/activity that a person pursues autonomously that meets standards for approval criteria in the rules.

“*License*” means a license issued by the state to a hearing aid specialist.

“*Licensee*” means any person licensed to practice as a hearing aid specialist in the state of Iowa.

[ARC 7818C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 10/30/24]

481—2061.2(154A) Continuing education requirements.

2061.2(1) The biennial continuing education compliance period extends for a two-year period beginning on January 1 of each odd-numbered year and ending on December 31 of the next even-numbered year. Each biennium, each person who is licensed to practice as a hearing aid specialist in this state is required to complete a minimum of 24 hours of continuing education. A minimum of two hours will be in the content areas of Iowa hearing aid specialist law and rules, or ethics. Licensees who complete continuing education hours in excess of the requirements for renewal may apply up to 50 percent of the required hours to the following renewal period. Licensees may apply a maximum of 12 hours from the previous renewal period.

2061.2(2) Those persons licensed for the first time shall not be required to complete continuing education as a prerequisite for the first renewal of their licenses. Continuing education hours acquired anytime from the initial licensing until the second license renewal may be used.

2061.2(3) Hours of continuing education credit may be obtained by attending and participating in a continuing education activity.

2061.2(4) The licensee is responsible for the cost of continuing education.

[ARC 7818C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 10/30/24; ARC 9286C, IAB 5/14/25, effective 6/18/25]

481—2061.3(154A,272C) Standards.

2061.3(1) *General criteria.* A continuing education activity that meets all of the following criteria is appropriate for continuing education credit if the continuing education activity:

- a. Is an organized program of learning fundamental to the practice of the profession that contributes directly to the professional competency of the licensee;
- b. Is conducted by individuals who have specialized education, training and experience in the subject matter of the program;
- c. Fulfills stated program goals, objectives, or both; and
- d. Provides proof of attendance including:

- (1) Date, place, course title, presenter(s);
- (2) Number of program contact hours; and
- (3) Certificate of completion or evidence of successful completion of the course provided by the course sponsor.

2061.3(2) *Specific criteria.* Continuing education hours of credit may be obtained by completing the following in person or virtually:

a. Academic coursework if the coursework is offered by an accredited postsecondary educational institution. The maximum number of continuing education hours of credit for academic coursework per biennium is 15 hours with:

b. 1 academic semester hour = 15 continuing education hours; and 1 academic quarter hour = 10 continuing education hours.

c. A maximum of four hours of credit may be obtained by independent study. Independent study hours are subject to the requirements stated in the rules in this chapter and in 481—Chapter 500.

d. Attending programs or conferences or business, technical, or professional seminars that enhance a licensee's ability to provide quality hearing health care services.

e. Mandatory reporter training as specified in 481—subrule 2060.9(4). Hours reported for credit shall not exceed the hours required for compliance.

[ARC 7818C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 10/30/24]

These rules are intended to implement Iowa Code section 272C.2 and chapter 154A.

CHAPTER 2062
PRACTICE OF HEARING AID DISPENSING
[Prior to 10/30/24, see Professional Licensure Division[645] Ch 123]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/22/29

481—2062.1(154A) Definitions. For the purposes of these rules, the following definitions apply:

“Health history” means a series of questions pertaining to all of the following: client hearing needs and expectations, communication issues, otological conditions, medications, and previous amplification.

“Hearing aid fitting” means any of the following: the measurement of human hearing by any means for the purpose of selections, adaptations, and sales of hearing aids, and the instruction and counseling pertaining thereto, and demonstration of techniques in the use of hearing aids, and the making of earmold impressions as part of the fitting of hearing aids.

“Sales receipt” means a written record that is provided to a person who purchases a hearing aid. The sales receipt must be in compliance with these rules and be signed by the purchaser and the licensed hearing aid specialist. The requirements for the sales receipt may be found in rule 481—2062.3(154A).

[ARC 7819C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 10/30/24]

481—2062.2(154A) Requirements prior to sale of a hearing aid.

2062.2(1) Except as otherwise stated in these rules, no hearing aid shall be sold to an individual 18 years of age or older unless the individual:

- a. Provides a health history to a licensed hearing aid specialist;
- b. Presents a physician statement verifying that a medical evaluation, preferably by a physician specializing in diseases of the ear, has been done within the previous six months and stating the individual’s hearing loss, and that the individual may benefit from a hearing aid. In lieu of this requirement, the individual may verify in writing that the individual has been advised to obtain a medical evaluation by a licensed physician specializing in diseases of the ear, or if no such licensed physician is available in the community, then a duly licensed physician, and that the individual chooses to waive said evaluation; and
- c. Is given a hearing examination that utilizes appropriate established procedures and instrumentation for the measurement of hearing and the fitting of hearing aids and that includes but is not limited to an assessment of the following: air conduction, bone conduction, masking capability, speech reception thresholds, speech discrimination, uncomfortable loudness levels (UCL), and most comfortable levels (MCL).

2062.2(2) Any medical evaluation completed by a licensed physician requires all of the following prior to the sale of a hearing aid to an individual: receipt of the physician statement and clearance for amplification; and completion by the licensed hearing aid specialist of a current written health history and hearing examination that includes all of the procedures required in these rules, unless the physician order specifies otherwise. In the event an audiogram is provided by the physician, this testing requirement is waived. All records provided to the licensed hearing aid specialist will be maintained in the individual’s records in accordance with the recordkeeping requirements in these rules.

2062.2(3) Whenever any of the following conditions are found to exist either from observations by the licensed hearing aid specialist or person holding a temporary permit or on the basis of information furnished by a prospective hearing aid user, the hearing aid specialist or person holding a temporary permit will, prior to fitting and selling a hearing aid to any individual, suggest to that individual in writing that the individual should consult a licensed physician specializing in diseases of the ear, or if no such licensed physician is available in the community, then a duly licensed physician:

- a. Visible congenital or traumatic deformity of the ear.
- b. History of, or active drainage from the ear within the previous 90 days.
- c. History of sudden or rapidly progressive hearing loss within the previous 90 days.
- d. Acute or chronic dizziness.
- e. Unilateral hearing loss of sudden or recent onset within the previous 90 days. Significant air-bone gap (greater than or equal to 15dB ANSI 500, 1000 and 2000 Hz. average).

f. Obstruction of the ear canal by structures of undetermined origin, such as foreign bodies, impacted cerumen, redness, swelling, or tenderness from localized infections of the otherwise normal ear canal.

2062.2(4) Testing is not required in cases in which replacement hearing aids of the same make or model are sold within one year of the original sale, unless a medical evaluation occurs during this period, which requires compliance with the requirements stated in 2062.2(2).

2062.2(5) Except as otherwise provided in these rules, for individuals younger than 18 years of age, all of the requirements stated in these rules are applicable. In addition, the following are required:

a. Written authorization of a parent or legal guardian consenting to the services covered in these rules, and

b. An original signature on all documents required by law or these rules to be signed, including all sales transactions and receipts, required notifications, and warranty agreements.

2062.2(6) For individuals 12 years of age or younger, all of the requirements stated in these rules are applicable. In addition, the parent or legal guardian must first present a written, signed recommendation for a hearing aid from a licensed physician specializing in otolaryngology. The recommendation must have been made within the preceding six months. In the event of a lost or damaged hearing aid, a replacement of an identical hearing aid may be provided within one year, unless a medical evaluation occurs during this period, which requires compliance with the requirements stated in 2062.2(2).

[ARC 7819C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 10/30/24]

481—2062.3(154A) Requirements for sales receipt. Upon sale of a hearing aid device, the licensee shall provide to the person a sales receipt, which will include the following:

1. Licensee's signature.
2. Licensee's business address.
3. Licensee's license number.
4. Client signature and address.
5. Make, model, and serial number of the hearing aid furnished.
6. Statement to the effect that the aid or aids delivered to the purchaser are used or reconditioned, if that is the fact.
7. Full terms of sale, including:
 - The date of sale;
 - Specific warranty terms, including whether any extended warranty is available through the manufacturer;
 - Specific return policy; and
 - Whether any trial period is available.
8. The following statement in type no smaller than the largest used in the body copy portion of the receipt:

"The purchaser has been advised that any examination or representation made by a licensed hearing aid specialist in connection with the fitting or selection and selling of this hearing aid is not an examination, diagnosis, or prescription by a person licensed to practice medicine in this state and therefore, must not be regarded as medical opinion or advice."

[ARC 7819C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 10/30/24]

481—2062.4(154A) Requirements for recordkeeping. A licensee shall keep and maintain records in the licensee's office or place of business at all times, and each such record shall be kept and maintained for a seven-year period.

2062.4(1) The records for each person will include:

- a.* A complete record of each test performed and the results of the test.
- b.* A copy of any written recommendations.
- c.* A copy of medical clearances or waivers.
- d.* A copy of the written sales receipt.
- e.* A copy of terms of sale, including any warranty. A record of any adjustments or services provided on the hearing aid device, including whether such services were provided under warranty or other agreement.

f. A notation that the client consented, either verbally or in writing, to a service or services provided through a telehealth appointment, if applicable.

2062.4(2) No less than 30 days prior to closure of a licensee's business, the licensee will provide written notification to clients of the location at which records will be maintained for a period of no less than 30 days following closure and the procedure to obtain those records. The licensee may arrange the transfer of records to another licensee for the purpose of maintenance of the records, provided that all contractual agreements have been satisfied.

[ARC 7819C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 10/30/24]

481—2062.5(154A) Telehealth appointments. A licensee may conduct a telehealth appointment so long as the services are provided in accordance with this rule.

2062.5(1) A "telehealth appointment" is one wherein the licensee provides testing or adjustment services to a client using technology where the hearing aid specialist and the client are not at the same physical location during the appointment.

2062.5(2) Conducting a telehealth appointment with a client who is physically located in Iowa during the appointment, regardless of the location of the hearing aid specialist, requires Iowa licensure.

2062.5(3) When conducting a telehealth appointment, a licensee will utilize technology that is secure, HIPAA-compliant (Health Insurance Portability and Accountability Act of 1996, PL 104–191, August 21, 1996, 110 Stat 1936), and that includes, at a minimum, audio and video equipment that allows for two-way, real-time interactive communication between the licensee and the client. The licensee may use non-real-time technologies to prepare for an appointment or to communicate with clients between appointments.

2062.5(4) A licensee who conducts a telehealth appointment will be held to the same standard of care as a licensee who provides in-person services. A licensee will not utilize a telehealth appointment if the standard of care for the particular service cannot be met using telehealth technology.

2062.5(5) Prior to the first telehealth appointment with a client, the licensee will obtain informed consent from the client that is specific to the service or services that will be provided in the telehealth appointment. The informed consent will specifically inform the client of, at a minimum, the following:

- a.* The risks and limitations of the use of technology to the specific service;
- b.* The potential for unauthorized access to protected health information; and
- c.* The potential for disruption of technology during a telehealth appointment.

2062.5(6) A licensee will only conduct a telehealth appointment if the licensee is competent to provide the particular service using telehealth technology. A licensee's competence to provide a particular service using telehealth technology will be established by the licensee's education, training, and experience.

2062.5(7) A licensee who conducts a telehealth appointment will note in the client's record that the service or services were provided through a telehealth appointment.

[ARC 7819C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 10/30/24]

CHAPTER 2063
DISCIPLINE FOR HEARING AID SPECIALISTS

[Prior to 5/29/02, see 645—120.11(272C)]

[Prior to 10/30/24, see Professional Licensure Division[645] Ch 124]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/22/29

481—2063.1(154A,272C) Grounds for discipline. The board may impose any of the disciplinary sanctions provided in rule 481—504.3(272C) when the board determines that the licensee is guilty of any of the following acts or offenses or those listed in 481—Chapter 504:

2063.1(1) Failure to comply with the current Code of Ethics of the International Hearing Society (2023). The board hereby adopts by reference the current Code of Ethics of the International Hearing Society, available at www.ihsinfo.org.

2063.1(2) Advertising that hearing testing or hearing screening is a medical examination used to diagnose or refer.

2063.1(3) Except in cases of selling replacement hearing aids of the same make or model within one year of the original sale, a hearing aid will not be sold without adequate diagnostic testing and evaluation using established procedures to assess hearing needs as defined in 481—Chapter 2062. Testing equipment will be calibrated to current standards at least annually or more often if necessary. The distributor will keep with the testing equipment a certificate indicating the date of calibration.

[ARC 7820C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 10/30/24]

This rule is intended to implement Iowa Code chapters 147, 154A and 272C.

CHAPTER 2064
ADOPTION OF UNIFORM AND MODEL RULES
[Prior to 10/30/24, see Professional Licensure Division[645] Ch 125]

Chapter rescission date pursuant to Iowa Code section 17A.7: 8/28/29

481—2064.1(17A,272C) Board of hearing aid specialists adoption of uniform and model rules. The board hereby adopts by reference the following:

2064.1(1) to 2064.1(9) Reserved.

2064.1(10) Model rules for licensee review committee, 481—Chapter 505.

This rule is intended to implement Iowa Code chapter 272C.

CERTIFICATE OF NEED PROGRAM

CHAPTER 2202

CERTIFICATE OF NEED PROGRAM

[Prior to 7/29/87, Health Department[470] Ch 202]

[Prior to 9/4/24, see Public Health Department[641] Ch 202]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/5/29

481—2202.1(10A) Definitions. For purposes of this chapter, the following definitions apply:

“Acute care category of bed usage,” as the term applies in Iowa Code section 10A.713(2)“k,” is the same as the acute care categories listed in the state survey section of the American Hospital Association Annual Survey of Hospitals.

“Any expenditure in excess of five hundred thousand dollars,” as defined in Iowa Code section 10A.711(18)“e,” means new capital expenditures necessary to operate the service for a year.

“Any mobile health service with a value in excess of one million five hundred thousand dollars,” as defined in Iowa Code section 10A.711(18)“l,” means the value of all equipment used to provide the service, including the trailer. The party providing the equipment is the applicant regardless of the location of that party.

“Appropriate geographic service area,” as the term applies to defining affected persons in Iowa Code section 10A.711(1)“c,” is defined as follows:

1. For applications regarding hospitals, hospitals located in the same county and in Iowa counties contiguous to the county wherein the applicant hospital’s proposed project will be located.
2. For applications regarding health care facilities, other health care facilities located in the same county and in Iowa counties contiguous to the county wherein the applicant’s proposed health care facility will be located.
3. For applications sponsored by other than the hospitals or health care facilities specified in paragraphs “1” and “2,” those providers within the same county who offer similar service or might logically be viewed as potential providers of such service.

“Bed capacity” is defined as follows:

1. For hospitals, bed capacity is defined as the total facility licensed beds as reported on the state survey section of the American Hospital Association Annual Survey of Hospitals.
2. For health care facilities, bed capacity is defined as a facility’s licensed bed capacity according to the department of inspections, appeals, and licensing.

“Cardiac catheterization service,” as the term applies to a new or changed institutional health service in Iowa Code section 10A.711(18)“m”(1), means the initiation or expansion of this service.

“Consumers served by a new institutional health service” means those consumers residing in the service area as determined by the department.

“Long-term (acute) care hospital,” for purposes of these rules, means a hospital that has been approved to participate in the Title XVIII (Medicare) program as a long-term care hospital-prospective payment system (LTCH-PPS) hospital in accordance with 42 CFR Part 412 as amended to March 29, 1985.

“Open heart surgical service,” as the term applies to new or changed institutional health service in Iowa Code section 10A.711(18)“m”(2), means the initiation or expansion of this service.

“Organ transplantation service,” as the term applies to a new or changed institutional health service in Iowa Code section 10A.711(18)“m”(3), means the initiation or expansion of this service. Each type of organ transplant shall be considered separately.

“Permanent change in bed capacity of an institutional health facility” includes but is not limited to the following:

1. A conversion of a long-term acute care hospital, a rehabilitation hospital or a psychiatric hospital as defined by federal regulations to a general acute care hospital or to a different type of specialty hospital.
2. A hospital that has deleted beds pursuant to Iowa Code section 10A.713(2)“g” for the purpose of receiving designation as a critical access hospital reestablishes the deleted beds at a later time, provided that the number of beds reestablished does not exceed the number of beds maintained prior to the deletion as reported on the bed reduction form.

“Physical facility,” as the term applies in Iowa Code section 10A.711(18) *“f,”* means a separately licensed facility.

“Private offices and private clinics of an individual physician, dentist, or other practitioner or group of health care providers.” The meaning of this term as used in Iowa Code section 10A.713(2) *“a”* is determined by looking at factors that include but are not limited to:

1. The type of health care service delivered.
2. The control and supervision of medical judgment in the care of and treatment of patients.
3. The control and supervision of professional assistants, including nurses, physician assistants, and technicians.
4. The ownership and maintenance of medical records of patients.

This term excludes an ambulatory surgical center as defined in Iowa Code section 135R.1.

“Radiation therapy service applying ionizing radiation for the treatment of malignant disease using megavoltage external beam equipment,” as the term applies to new or changed institutional health service in Iowa Code section 10A.711(18) *“m”*(4), means the initiation or expansion of this service.

“Rehabilitation hospital,” for the purposes of these rules, means a hospital that has been approved to participate in the Title XVIII (Medicare) program as an inpatient rehabilitation facility-prospective payment system (IRF-PPS) hospital in accordance with 42 CFR Part 412.23(b), 412.25 or 412.29 as amended to March 29, 1985.

“Relocation of an institutional health facility,” as the term applies to new or changed institutional health service in Iowa Code section 10A.711(18) *“b,”* means the replacement of a facility located in one county with a facility located in another county.

“Value in excess of one million five hundred thousand dollars,” as used in Iowa Code section 10A.711(18) *“g,” “h,” “i”* and *“j,”* means the value of the equipment including any applicable sales tax, delivery charge and installation charge. With respect to the initiation of radiation therapy services applying ionizing radiation for the treatment of malignant disease using the megavoltage external beam equipment, the term includes the cost of constructing a vault.

[ARC 7932C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/4/24]

481—2202.2(10A) Letter of intent.

2202.2(1) Before applying for a certificate of need, the sponsor of a proposed new institutional health service or changed institutional health service will electronically submit a letter of intent meeting the criteria noted in Iowa Code section 10A.715(1) and containing the project’s estimated cost (site costs, land improvements, facility costs, movable equipment and financing costs, and any applicable sales tax for movable equipment, any applicable delivery charge for movable equipment, and any applicable installation charge for movable equipment).

2202.2(2) The department will make available on the certificate of need web page all criteria and standards that are pertinent to an application.

2202.2(3) A letter of intent received by the department is valid for a period of one year from the date of receipt by the department. The sponsor may renew the validity of a letter of intent by providing written notification to the department prior to the one-year expiration date.

[ARC 7932C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/4/24]

481—2202.3(10A) Determination of reviewability. A sponsor of a proposed project may submit a written request for a determination of reviewability as to whether the project requires a certificate of need.

2202.3(1) The request should include sufficient details of the proposed project and cite the sections of the Iowa Code that the sponsor relies upon to assert the project is not reviewable.

2202.3(2) Upon receipt of a written request from the sponsor of a project, the department will determine if a proposed project requires a certificate of need under Iowa Code sections 10A.711 through 10A.729. The department may request additional information about the project to make the determination.

a. If it is determined that a certificate of need is required, the sponsor will be notified by the department and the request for nonreviewability will be considered the letter of intent for purposes of 2202.2(2).

b. If it is determined that a certificate of need is not required, the sponsor will be notified by the department and the determination of nonreviewability will be placed on the next agenda of the state health facilities council for consideration.

c. The notification to the sponsor of the results of the department's review of the request will include specific Iowa Code citations relied upon to support the determination.

[ARC 7932C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/4/24]

481—2202.4(10A) Submission of application.

2202.4(1) Application form.

a. A sponsor of a proposed project for a new or changed institutional health service will submit to the department an application for certificate of need by using the appropriate application form found on the certificate of need web page. All information requested in the application form will be required in the absence of a waiver by the department.

b. An original application and all attachments shall be submitted via electronic mail.

c. The department will establish and maintain electronic files on each application.

2202.4(2) Application fee. The application fee specified in Iowa Code section 10A.713(1) is based on the total cost of the project, including site costs, land improvements, facility costs, movable equipment, and financing costs.

a. The fee for leased or donated new institutional health services is calculated in the same manner as if the new institutional health services were purchased.

(1) The leased equipment fee is based on total value of the lease, plus sales tax, delivery and installation.

(2) The lease of space includes the cost of a one-year-lease payment for the space, in addition to other costs associated with the project.

(3) Financing costs are not applicable on leases or cash purchases.

b. The application fee will be refunded by the department for any application that is voluntarily withdrawn from the review process in the amounts specified in Iowa Code section 10A.713(1).

c. For purposes of this subrule and Iowa Code section 10A.713(1), the term "submission" means the day the application is received by the department.

[ARC 7932C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/4/24]

481—2202.5(10A) Organizational procedures.

2202.5(1) The presence of three members of the council shall constitute a quorum.

2202.5(2) The chair and all other council members present will cast votes or abstain, as the case may be, on all council action. No proxy votes shall be allowed.

2202.5(3) A vote of a majority of those present will be necessary to take action on any motion before the council. A tie vote means no action on the motion.

2202.5(4) The council will, at the first meeting after July 1 of each odd-numbered year, elect a vice-chair to perform the duties of the chair in the chair's absence, when the chair has a conflict of interest or when the chair so directs.

2202.5(5) A council member will refrain from participating in an application review process if the member:

a. Has a personal bias or prejudice concerning the applicant;

b. Has acted as counsel to the applicant or a competitor of the applicant in the same or adjoining county within the past two years;

c. Has a financial interest in the outcome of the application process or any other significant personal interest that could be substantially affected by the outcome of the case;

d. Has a spouse or relative within the third degree of relationship that (1) is affiliated with or represents the applicant or a competitor of the applicant in the same or adjoining county; (2) has a known financial or significant personal interest that could be substantially affected by the outcome of the application process; or (3) is likely to testify on behalf of the applicant or an affected person at public hearing; or

e. Has any other legally sufficient cause to refrain from participating in the application review process.

[ARC 7932C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/4/24]

481—2202.6(10A) Public hearing on application. Public hearings conducted pursuant to Iowa Code section 10A.716(3) “b” are not contested cases. Judicial review pursuant to Iowa Code section 17A.19 of final agency decisions under Iowa Code section 10A.719 will be treated as other agency action.

2202.6(1) The council will use the following meeting format:

- a. Announcement of application under review.
- b. Presentation of department report.
- c. Applicant presentation.
- d. Affected persons’ presentation.
- e. Applicant’s rebuttal.
- f. Council discussion, motion and final decision.

2202.6(2) The notice of an accepted application issued pursuant to Iowa Code section 10A.716(2) will inform the applicant and affected persons of the deadlines for the electronic submission to the department of written statements or other materials. These deadlines will also be posted on the certificate of need web page.

Written submissions received by the department after the deadlines established in this notice will not be considered by the department or the council unless submitted at the public hearing solely to support oral testimony or upon a showing of good cause.

2202.6(3) The applicant, affected persons, or their designated representatives will be given the opportunity to make oral presentations to the council. Other interested persons may be given the opportunity to make oral presentations to the council.

2202.6(4) Oral testimony that simply duplicates material received in writing will not be heard. The applicant and affected persons will present only one witness for each issue raised unless permission is requested and granted by the chair.

2202.6(5) All questions to an applicant or affected person presenting oral testimony will be directed from the council or council staff unless permission is requested and granted by the chair. Persons making oral presentations to the council are not expected to be placed under oath.

2202.6(6) The council may designate technical consultants or experts to assist in its activities as defined by the council.

[ARC 7932C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/4/24]

481—2202.7(10A) Summary review. Pursuant to Iowa Code section 10A.717, an applicant requesting a summary review will abide by the following procedures:

2202.7(1) Electronically submit a written request for summary review and a copy of the application and all attachments. The applicant is not required to submit a letter of intent pursuant to Iowa Code section 10A.715 prior to submitting a written request for a summary review.

2202.7(2) The eligibility of an application for summary review pursuant to Iowa Code section 10A.717 does not mandate or require such review. The department will make the decision as to whether an application will be reviewed in the summary review process.

2202.7(3) Upon receipt of a written request for summary review, an application, and the fee required by Iowa Code section 10A.713(1), the department will notify the applicant in writing within 15 calendar days if the application is complete and if a summary review will be granted.

2202.7(4) If an application is deemed incomplete, the department will state specifically in writing what information is needed to make the application complete.

2202.7(5) If the department notifies the applicant that a summary review will not be performed, this decision is binding on the applicant and the application will be entered into the formal review process on the date of written notice that such application will not be reviewed summarily.

2202.7(6) A summary review of an application for a certificate of need will be completed within 60 calendar days of the acceptance of an application by the department.

2202.7(7) At any time during the summary review process, an application may be withdrawn without prejudice from the process. The applicant may then submit the application for a formal 90-day review.

[ARC 7932C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/4/24]

481—2202.8(10A) Extension of review time.

2202.8(1) A formal review of an application for a certificate of need pursuant to Iowa Code section 10A.716 may be extended by the department on the basis of any of the following criteria:

- a. In order to review competing applications simultaneously;
- b. In the case of technologically innovative equipment, to obtain additional information necessary to evaluate the proposal. The department will specify in writing such additional information as necessary;
- c. At the request of the applicant;
- d. At the request of at least two members of the state health facilities council in order to allow additional time for deliberation on all evidence present. The council will specify the time of the delay and the date on which the final decision will be rendered.

2202.8(2) An extension by the department made pursuant to 2202.8(1) will in no case be more than 60 calendar days beyond the time a decision is required under Iowa Code section 10A.719 unless the applicant and department agree.

2202.8(3) Where none of the provisions of 2202.8(1) are applicable and where an application will be automatically denied because of the expiration of time required by Iowa Code section 10A.719 for the issuance of a written decision by the council, the department will notify the applicant of the likelihood of an automatic denial and will ask the applicant to request in writing an extension of the review time. Where an extension is so requested, the application will be heard at the next regularly scheduled meeting of the council or at any time agreeable to the applicant and the department.

[ARC 7932C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/4/24]

481—2202.9(10A) Rehearing of certificate of need decision.

2202.9(1) The applicant or any affected person who has participated or sought unsuccessfully to participate in the formal review procedure prescribed in Iowa Code section 10A.716 may, for good cause shown, file an application for rehearing in writing with the department stating the specific grounds therefor and the relief sought, within 20 calendar days after the date of the issuance of the final decision on an application for certificate of need.

2202.9(2) Grounds for rehearing include but are not limited to:

- a. New significant, relevant information that was unavailable at the date of the hearing;
- b. Significant changes in factors or circumstances relied upon by the council in reaching its decision;
- c. Demonstration that the council has materially failed to follow its adopted procedures in reaching its decision; or
- d. Such other bases as the council determines constitute good cause.

2202.9(3) An application for rehearing is deemed to have been denied unless the council grants the application in writing within 20 calendar days after its filing.

2202.9(4) If the application for rehearing is granted, the council may issue an order modifying the initial final order, or may set the matter for consideration at a subsequent meeting date. If public hearing is granted on the application for rehearing, notice will be provided ten calendar days prior to hearing to the person applying for rehearing, the applicant and other affected persons upon request pursuant to 481—2202.10(10A).

2202.9(5) The council will issue the final decision on rehearing, stating the basis for its decision, within 30 calendar days after the application for rehearing was granted or 30 calendar days after public hearing on rehearing, whichever is later.

2202.9(6) If a rehearing is not requested or an affected party remains dissatisfied after the request for rehearing, an appeal may be taken in the manner provided by Iowa Code chapter 17A. A request for rehearing is not required prior to appeal under Iowa Code section 17A.19.

[ARC 7932C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/4/24]

481—2202.10(10A) Status reports to affected persons. Affected persons are entitled to status reports from the department while a formal application review is in progress pursuant to Iowa Code section 10A.718. The department will maintain a log of all requests for written status reports by affected persons. Affected persons who request written status reports will submit an electronic request, identifying the specific information requested, which may include notification of the council's final decision, any application for rehearing, or the filing of a petition for judicial review. The formal process does not preclude informal contacts with department staff for verbal status reports. Printed copies of the council's final decision, an application for rehearing, a petition for judicial review, or any other public record will be provided upon request.

[ARC 7932C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/4/24]

481—2202.11(10A) Finality. The certificate of need application process is continuous beginning with submission of a letter of intent or request for waiver of a letter of intent through issuance of a final decision by the council subject to judicial review under Iowa Code chapter 17A.

2202.11(1) The following stages of the process are intermediate and subject to judicial review only to the extent they meet criteria for intermediate review under Iowa Code section 17A.19:

- a. A decision by the department pursuant to 481—2202.3(10A) that a proposed project does not require a certificate of need;
- b. A decision by the department to waive submission of the letter of intent and substitute summary review; and
- c. The rejection of an application by the department that fails to provide all information required under Iowa Code section 10A.713(1).

2202.11(2) The following stages of the process are final decisions subject to judicial review as final agency action under Iowa Code section 17A.19:

- a. A decision by the department to disallow summary review;
- b. A decision by the council that a proposed project does not require a certificate of need;
- c. A decision by the council to approve or deny an application;
- d. The council's final ruling on an application for rehearing; and
- e. A decision by the council to revoke a certificate of need pursuant to 481—2202.13(10A).

[ARC 7932C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/4/24]

481—2202.12(10A) Project progress reports.

2202.12(1) The sponsor of an approved application will submit a progress report using the form available on the certificate of need web page six months after approval at hearing.

2202.12(2) Progress reports shall fully identify the project and indicate the current status of the project in descriptive terms. The reports should also reflect an amended project schedule if necessary.

[ARC 7932C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/4/24]

481—2202.13(10A) Request for extension of certificate.

2202.13(1) A request by the applicant for an extension of a certificate of need should be filed with the department using the form available on the certificate of need web page no later than 30 days prior to the expiration of the certificate of need.

2202.13(2) A request for extension should fully identify the project and indicate the current status of the project in descriptive terms.

2202.13(3) Any affected person has the right to submit to the department in writing, or orally at the council meeting at which the extension request is considered, information that may be relevant to the question of granting an extension.

2202.13(4) When an extension has been requested, the council will approve or deny the request at a meeting of the council preceding the expiration of the certification. The certificate of need may be revoked by the council at the end of the certification period for insufficient progress in developing the project.

2202.13(5) If the extension is denied, the applicant has the right to appeal under the provisions of Iowa Code section 10A.720.

[ARC 7932C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/4/24]

481—2202.14(10A) Application changes after approval.

2202.14(1) Once a project has been approved by the council, no changes that vary from or alter the number of approved beds, the approved services or the approved cost by an amount indicated in 2202.14(2) may be made unless requested by the applicant and approved by the council. Requests should be made in writing and filed with the department electronically.

2202.14(2) An increase in the actual cost of the project over and above that originally approved will automatically generate review by the council if the increase exceeds the originally approved amount by:

- a. Fifteen percent for projects up to \$999,999.99;
- b. Twelve percent for projects from \$1,000,000.00 to \$4,999,999.99;
- c. Eight percent for projects \$5,000,000.00 and over.

An increase in the approved cost that falls below the above percentages will be reported to the department.

2202.14(3) Failure to notify and receive permission of the council to change the project as originally approved may result in the imposition of sanctions provided in Iowa Code section 10A.723. The council may make a recommendation to the department regarding the imposition of a sanction and the amount of the fine to be imposed.

[ARC 7932C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/4/24]

481—2202.15(10A) Sanctions. Hearings to determine class I or class II violations pursuant to Iowa Code section 10A.723 will be conducted in accordance with the department's procedural rules for contested cases found at 481—Chapter 9.

[ARC 7932C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/4/24]

481—2202.16(10A) Reporting requirements. For the purposes of the annual reports and data compilation required in Iowa Code sections 10A.725 and 10A.727, the department will utilize the AHA Annual Survey of Hospitals with the state survey addendum for hospitals and the cost reports for health care facilities submitted to the Medicaid enterprise of the department of health and human services.

[ARC 7932C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/4/24]

These rules are intended to implement Iowa Code sections 10A.711 through 10A.729.

CHAPTER 2203
STANDARDS FOR CERTIFICATE OF NEED REVIEW

[Prior to 7/29/87, Health Department[470] Ch 203]
[Prior to 9/4/24, see Public Health Department[641] Ch 203]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/5/29

481—2203.1 Reserved.

481—2203.2(10A) Cardiac catheterization and cardiovascular surgery standards.

2203.2(1) *Purpose and scope.*

a. These standards are measures of some of those criteria found in Iowa Code sections 10A.714(1) “a” through “q” and 10A.714(3). Criteria that are measured by a standard are cited in parentheses following each standard.

b. Certificate of need applications that are to be evaluated against these cardiac catheterization and cardiovascular surgery standards include:

- (1) Proposals to commence or expand capacity to perform cardiac catheterization.
- (2) Proposals to add new or replace cardiovascular surgery services.
- (3) Any other applications that relate to cardiac catheterization or cardiovascular surgery.

2203.2(2) *Definitions.*

a. Adult cardiac catheterization laboratory—a diagnostic facility exclusively for intracardiac or coronary artery catheterization on adults.

b. Pediatric cardiac catheterization laboratory—the same as adult cardiac catheterization laboratory, except exclusively for children and infants.

c. Cardiac catheterization—

(1) Intracardiac—a diagnostic study of the heart, pulmonary arteries, or both, in which a small catheter passes through a vein or artery in the neck, leg or arm and advances into the great vessels, the heart or the pulmonary arteries. Through this procedure one can measure pressure within the heart and in adjacent veins and arteries, collect blood samples for blood gas analysis and inject radiopaque material, and visualize cardiac and vessel anatomy. The procedure permits detection of congenital and acquired heart abnormalities, the study of ventricular function, the estimation of the orifice size, the placement of pacemakers, etc. Cardiac catheterization is incomplete without cineangiography, intracardiac pressure measurements, blood gas analysis and the ability to diagnose intracardiac shunts.

(2) Coronary artery catheterization—a diagnostic study of the coronary arteries, in which a small catheter passes through an artery in the leg, neck or arm into a coronary artery orifice. Intravascular pressure measurements are taken, and angiography of the coronary arteries is performed. Catheterization and cineangiography of the left ventricle are an integral part of this procedure.

d. Angiography—

The photographic recording of X-ray or radiologic images of blood vessels, in any part of the body—the heart, the head, the great vessels, the kidney, etc. In the procedure blood vessels are injected with a radiopaque chemical. Immediately following injection, X-rays are employed to image the path of the injected chemical. These X-ray images are then photographically recorded.

e. Angiocardiography—

The recording of moving X-ray images (fluoroscopic images) of the heart and great vessels. After injection of radiopaque chemicals, moving X-rays of the chemical’s flow are projected on a screen called a fluoroscope. Moving pictures (cineangiography) or still pictures in sequence (serialography) may be recorded of the X-ray image.

f. Adult cardiovascular surgery—cardiovascular surgery exclusively for adults.

g. Pediatric cardiovascular surgery—cardiovascular surgery exclusively for infants and children.

h. Cardiovascular surgery—the services associated with and surgery performed for congenital or acquired diseases of the heart, great vessels, or pericardium, including the placement of travenous and epicardial pacemakers.

(1) Open heart surgery—cardiovascular surgery in which an incision of sufficient size is made to allow direct vision of the area. Open heart surgery requires temporary use of a heart-lung (cardiopulmonary bypass) machine, as blood flow through the heart is greatly reduced or stopped altogether.

(2) Coronary artery surgery—surgery to correct inadequate blood flow to the heart using revascularization techniques to bypass significantly obstructed coronary artery lesions.

i. Closed heart surgery—cardiovascular surgery in which a small incision and repairs are made without direct vision of the area.

2203.2(3) *Availability of services.*

a. Minimum utilization—cardiovascular surgery (Iowa Code section 10A.714(1) “c,” “g,” “h”).

(1) Adult cardiovascular surgical programs should project an annual minimum rate of over 200, or no approval will be granted. Higher case loads over 200 per annum are encouraged.

(2) Pediatric cardiovascular surgical units should project a minimum of 100 pediatric heart operations after the first year, at least 75 of which must be open heart procedures.

(3) Combined adult/pediatric cardiovascular surgery units should project the minimum projected annual rates for both adult and pediatric surgery.

(4) Applicants should project utilization of cardiovascular surgery, catheterization and cardiac care units based upon service area population demographics, current regional or national utilization rates of the service, disease incidence and prevalence rates, current cardiac care treatment modes, and in consideration those adult cardiovascular surgery units currently operating in Iowa, and bordering states within the project’s service area.

b. Expansions—cardiovascular surgery (Iowa Code section 10A.714(1) “c,” “d,” “e,” “g,” “h”).

(1) There should be no additional adult cardiovascular surgery units initiated, unless each existing unit within the project’s service area is operating at a minimum of 200 open heart surgery cases per year.

(2) There should be no additional pediatric cardiovascular surgery units initiated, unless each existing unit within the project’s service area is operating at 100 surgeries per year. If one team serves more than one institution, the numbers for those institutions should be combined.

(3) If the annual utilization of the other cardiovascular surgery units within the area is below the levels noted above, future utilization above that current level must be reasonably projected or reasons for permanently utilizing the equipment below the level must be demonstrated.

(4) The applicant will demonstrate that an attempt was made to determine with the cooperation of existing providers whether such a reduction would occur. Existing providers of consequence are generally within two hours’ surface travel time for adult services and within three for pediatric services.

c. Minimum utilization—cardiac catheterization (Iowa Code section 10A.714(1) “c,” “d,” “g,” “h”).

(1) Adult cardiac catheterization laboratories should be projected to operate at a minimum of 300 catheterizations per annum.

(2) Pediatric catheterization laboratory units should project a minimum of 150 catheterizations annually.

(3) Combined units should meet each of the adult and pediatric standards.

(4) Applicant should project utilization of cardiac catheterization units based upon service area population demographics, current regional or national utilization rates of the service, disease incidence and prevalence rates, current cardiac care treatment modes, and in consideration those adult cardiovascular surgery units currently operating in Iowa, and bordering states within the project’s service area.

d. Expansions—cardiac catheterizations (Iowa Code section 10A.714(1) “c,” “d,” “e,” “g,” “h”).

(1) There should be no additional adult cardiac catheterization unit opened unless the number of studies per year in each existing unit within the project’s service area is greater than 300. No additional pediatric unit should be opened unless the number of studies per year in each existing unit within the project’s services area is greater than 150.

(2) If the annual utilization of the other cardiovascular surgery units within the area is below the levels noted above, future utilization above that current level must be reasonably projected or reasons for permanently utilizing the equipment below the level must be demonstrated.

(3) The applicant must demonstrate that an attempt was made to determine with the cooperation of existing providers whether such a reduction would occur. Existing providers of consequence are those within two hours' surface travel time for adults or three for pediatrics.

2203.2(4) Costs.

a. Financial feasibility. (Iowa Code section 10A.714(1) "f," "i," "p") Cardiovascular surgery and catheterization equipment and associated remodeling or construction should be depreciated over a period consistent with generally accepted accounting standards.

b. Cost-effectiveness. Proposed new or replacement cardiac catheterization laboratories cost per catheterization and cardiovascular surgery services estimated costs per surgery should when compared to their peers demonstrate cost-effectiveness.

2203.2(5) Accessibility. (Iowa Code section 10A.714(1) "c," "d")

a. Cardiovascular surgery units and cardiac catheterization labs should meet the needs of the communities that the units and labs are meant to serve.

b. Cardiac catheterization and cardiovascular surgery service should be provided regardless of ability to pay, in consideration of those programs available in the state that serve the medically indigent.

2203.2(6) Quality. (Iowa Code section 10A.714(1) "i," "k")

a. Each surgery unit and cardiac catheterization lab shall demonstrate a reasonable set of criteria that are used in selecting appropriate candidates for surgery and catheterization.

b. Staffing minimums.

(1) The open heart surgery team should minimally consist of:

1. At least two certified or board-eligible cardiovascular surgeons for the first 75 to 130 pediatric open heart surgeries. If pediatric surgery is performed, one surgeon must have special training and experience in surgery for congenital cardiac defects.

2. Board-certified or board-eligible adult or pediatric cardiologist(s). The latter only if pediatric surgery is performed, the former only if adult surgery is performed.

3. Board-certified or board-eligible anesthesiologist with special training in the management of cardiovascular cases' respiratory care.

4. Radiologist trained in the cardiovascular field.

5. Pathologist familiar with cardiac problems.

6. Surgical nursing staff specially trained in heart disease.

7. Cardiopulmonary bypass pump technicians.

8. Other ancillary staff as needed.

(2) Each applicant will document that the proposed surgery unit can be so staffed when completed and operational.

c. Equipment and facilities. The applicant seeking to provide cardiovascular surgery should demonstrate that the following support services will be available:

(1) General X-ray diagnostic facilities and facilities for emergency X-rays on a 24-hour basis.

(2) A cardiac catheterization laboratory or angiography lab available on a 24-hour basis.

(3) A cardiographics laboratory, with facilities for recording the following tests: EKG, vector cardiogram, phonocardiogram, echocardiogram, and exercise stress testing.

(4) A supporting blood bank and hematology laboratory.

(5) A microbiology laboratory.

d. Cardiac catheterization labs serving infants and children should have biplane angiographic equipment, either cineangiographic or cut film. Pediatric cardiac catheterization labs should be supervised by board-certified or board-eligible pediatric cardiologists; adult cardiac catheterization labs should be supervised by a board-certified or board-eligible adult cardiologist.

2203.2(7) Continuity. (Iowa Code section 10A.714(1) "g," "h," "i," "k")

a. The applicant should demonstrate that an attempt was made to solicit letters of support from area hospitals and physicians to indicate a community need.

b. The applicant should provide documentation that emergency medical transport services will be available.

c. Institutions providing cardiovascular surgery services should include mechanisms for comprehensive medical followup including adequate medical records exchange.

2203.2(8) *Acceptability.* (Iowa Code section 10A.714(1)) Facilities with cardiovascular surgery and cardiac catheterization indicate a willingness to observe and respect the rights of patients.

[ARC 7933C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/4/24]

481—2203.3(10A) Radiation therapy standards.

2203.3(1) *Purpose and scope.*

a. These standards provide guidelines to assist the council in applying those criteria in Iowa Code sections 10A.714(1)“a” through “r” and 10A.714(3). Criteria that are measured by a standard are cited in parentheses following each standard.

b. Certificate of need applications that are to be evaluated against these radiation therapy standards include:

- (1) Proposals to commence or expand the kind or capacity of megavoltage radiation therapy services.
- (2) Proposals to replace a megavoltage radiation therapy unit.
- (3) Any other applications that relate to megavoltage radiation therapy.

2203.3(2) *Definitions.*

“*Conjoint radiation oncology center*” or “*cancer center*” means a multi-institution, multidisciplinary network to provide radiation therapy for cancer patients. Integration of patient care management, common utilization of personnel and equipment, and a single system of records between center institutions ensures optimal care regardless of entry portal.

“*Dosimetrist*” means a staff member who calculates, verifies, and develops treatment plans for the radiation dose distributions that will be delivered to patients. The dosimetrist is an essential member of the treatment planning team and works closely with radiation oncologists and radiation physicists.

“*Megavoltage therapy*” means the use of ionizing radiation in excess of one million electron volts. Energies above one million electron volts cause considerably less skin damage, increase depth dose markedly, and result in much less scatter from the therapeutic beam. Megavoltage machines are classified as follows:

1. Electron accelerator. A machine such as a linear accelerator that uses a supply of electrons, which are accelerated into high energy beams. These electron beams are either caused to strike a target resulting in high energy X-ray production or are used themselves as the treatment beam. Electron accelerators generate over one million electron volts.

2. Heavy particle accelerator. A machine such as a cyclotron that produces beams of high energy particles such as protons, neutrons, pions, carbon ions, or other heavy ions with masses greater than that of an electron.

3. Isotope sources (gamma ray teletherapy units).

Cobalt 60 units—emit gamma rays of approximately 1.2 million electron volts.

“*Megavoltage therapy unit*” means a piece of megavoltage therapeutic radiologic equipment that provides megavoltage therapy.

“*New occurrence*” means a course of treatment for a new occurrence on a given patient at a given radiation therapy facility. First-time radiation therapy at a new facility is based on each round of treatment.

“*Radiation modality*” means the method of applying ionizing radiation in the treatment of patients with malignant disease using megavoltage external beam equipment.

“*Radiation oncologist*” means a physician authorized user trained in accordance with 641—subrule 41.3(5).

“*Radiation therapy facility*” or “*facility*” means the physical space that houses a megavoltage therapy unit and accompanying support equipment.

“*Radiation therapy physicist*” means an individual who works closely with radiation oncologists and is responsible for the safe and accurate delivery of radiation to patients. A radiation therapy physicist conducts quality control programs for the equipment and procedures, as well as calibrating the equipment. A radiation therapy physicist shall practice in accordance with 641—subrule 41.3(6).

“*Radiation therapy technologist*” means an individual who possesses an Iowa permit to practice as a radiation therapist in accordance with rule 641—42.7(136C).

“*Service area*” means the county in which the facility is located and any other counties from which the applicant expects to draw patients with a cancer diagnosis who need radiation therapy treatment.

“*Simulation*” means the precise mock-up of a patient treatment with an apparatus that uses planar X-rays, magnetic resonance imaging device, or computed tomography scanner, which is used in reproducing the two-dimensional or three-dimensional internal or external geometry to the patient, for use in treatment planning and delivery.

“*Superficial X-ray therapy*” means the use of a conventional X-ray machine, which generates X-rays of up to 150 kilovolts (150 kv), to treat superficial lesions, such as skin cancer.

“*Treatment*” means radiation fields applied in a single patient visit fraction or delivery session.

2203.3(3) Availability.

a. Minimum utilization. (Iowa Code section 10A.714(1) “c,” “g,” “h”)

(1) A megavoltage radiation therapy unit and cobalt units should treat at least 250 new occurrences annually within three years after initiation of the service.

(2) The expected number of new occurrences needing megavoltage radiation therapy annually in a service area should be calculated as follows:

1. Multiply the service area population times 0.00582 (5.82/1,000 population was the mean cancer incidence rate in 2017 in Iowa as filed by the Surveillance, Epidemiology, and End Results (SEER) Program).

2. Multiply this product times .5 (50 percent of all new occurrences receive radiation therapy).

(3) The expected volume of utilization sufficient to support the need for a new megavoltage therapy unit should be calculated as follows: each unit shall provide a minimum of 5,000 treatments per annum. Megavoltage treatments should be projected by multiplying the number of projected new occurrences needing megavoltage therapy times 20, which will result in no fewer than 5,000 treatments per annum.

(4) Applicants shall account for other providers of radiation therapy in the service area including, but not limited to, factors such as technological capability and quality. Applicants shall address in their application other providers and the impact on those providers in the service area and compare technological capability and quality.

(5) Applicants should provide a map of the expected service area.

(6) Institutions that form a conjoint oncology center should have at least 500 new occurrences annually.

b. Simulator availability. A simulator should be available within a radiation oncology department.

2203.3(4) Accessibility. (Iowa Code section 10A.714(1) “c,” “d”) Radiation therapy services should be provided regardless of ability to pay, in consideration of those programs available in the state that serve the medically indigent.

2203.3(5) Quality. (Iowa Code section 10A.714(1) “i,” “k”)

a. Minimum staffing requirements for radiation therapy facilities:

(1) Each facility will have the services of at least one radiation oncologist.

(2) Each facility will have the services of at least one radiation therapy physicist.

(3) Each facility will have the services of radiation therapy technologists that should be staffed at a level of two technologists per megavoltage unit.

(4) Each facility should have the services of nurses.

(5) Each facility should have the services of at least one dosimetrist.

(6) Each facility should have the services of one radiation therapist or radiation technologist competent to operate a CT simulator.

b. Each conjoint center will have at least two cancer biologists available.

c. Each conjoint center will have one radiation technologist available for each simulator.

d. The long-range plans for radiation therapy services shall be submitted to the Iowa department of health and human services.

e. Multidisciplinary tumor boards should be established in all institutions housing megavoltage machines.

f. A source of continuing education should exist within each conjoint center to reach participating community referral hospitals and physicians.

g. Each conjoint center should have a unified training program in radiation therapy for radiation oncologists.

h. Each radiation therapy facility should offer psychosocial counseling services and nutritional counseling.

2203.3(6) Continuity. (Iowa Code section 10A.714(1) “g,” “h,” “i,” “k”) The applicant should demonstrate that an attempt was made to solicit letters and establish referral agreements from area hospitals and physicians to indicate their willingness to participate in a cooperative endeavor to refer to the proposed service.

[ARC 7933C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/4/24]

481—2203.4(10A) Computerized tomography standards.

2203.4(1) Purpose and scope.

a. These standards are measures of some of those criteria in Iowa Code section 10A.714(1) “a” through “l.” Criteria that are measured by a standard are cited in parentheses following each standard.

b. Certificate of need applications that are to be evaluated against these computerized tomography standards include:

- (1) Proposals to commence or expand the capacity of computerized tomography services.
- (2) Any other applications that relate to computerized tomography services.

2203.4(2) Definitions.

a. Computerized tomographic (CT) scanner—a diagnostic tool that rotates about and that sends X-ray beams through the body or brain. The X-ray beams that emerge from the body or brain are absorbed by a detector. Differences in the amount of X-rays absorbed by the detector indicate differences in tissue density. As the scanner rotates, it takes many images of a volume or cross-section. The images on the detector are transmitted to a computer that displays on a monitor a reconstructed cross-sectional slice or volume. Contrast media is often injected to alter absorption of the detector. If the scan is repeated, it is called enhancement. Studies of the heart, arteries and veins may be done with contrast only.

- (1) Whole body scanner—one capable of imaging the entire body.
- (2) Head scanner—one capable of imaging only the brain and structures adjacent to the head.

b. Enhanced scan—a scan performed on a patient who has been administered a contrast medium so that specific organs or areas of the body will be displayed more distinctly on the scan image.

c. Minimum shared-market area for a scanner (hereafter referred to as “area”)—the smallest geographic area within which any scanner installation is judged to affect the utilization rate of any other scanner is the community (as defined by the U.S. Bureau of the Census) or a Standard Metropolitan Statistical Area (where an area is so designated).

d. Emergency medical service (EMS) level II trauma service—the level of various services and staffing that qualify a facility to be designated by the emergency medical service division of the Iowa department of health and human services, using the facilities categorization criteria of such services that is in effect on the date of the enactment of this standard.

e. Shared service agreements—a multi-institutional arrangement for coordination or consolidation of services or sharing of support services. Among the various types of arrangements are referred services, purchased or joint contract services, multisponsored services and regional services.

f. CT consortia—a cooperative venture in which two or more institutions form a separate entity that is created for the purpose of owning, leasing, planning for, and maintaining the use of the scanner. Each facility in the consortium maintains its autonomy for all other services.

g. Applicant—an applicant may be a facility or a consortium of facilities within an area, or a physician or group of physicians.

h. General imaging procedures—a radiological diagnostic procedure performed on an X-ray machine or similar radiological diagnostic instrument.

i. Active oncology service—full, multidisciplinary cancer care, provided by a medical team that would include: surgery, gynecology, medical oncology, radiation oncology, pathology, diagnostic radiology and nuclear medicine. The surgery specialties that might be available would include: thoracic, abdominal, genitourinary and gynecological. The active oncology staff would include those specialists with training in oncology, hematology, and pathology and who spend at least half of their time at the institution.

j. Radiotherapy service—the therapeutic application of megavoltage radiation, using a linear accelerator or cobalt unit. The availability of such service at a hospital would necessitate personnel trained in the therapeutic application of radiology.

k. Chemotherapy service—the treatment of cancer by chemical agents.

2203.4(3) Determination of need.

a. Applicants who do not have a scanner, or who have a scanner and seek a certificate for one or more additional scanners.

(1) Applicants in areas with no other scanners.

1. Applicants must have performed at least 30,000 general imaging procedures during the past calendar year or 12 months, or

2. Demonstrate that during the past calendar year or 12 months, the applicant performed diagnostic procedures equivalent to 1500 HECTs (head equivalent CTs), using the following:

100% of the number of patients referred to other facilities for CT diagnosis $\times$ 1.75 (in the case of head scans) and 2.75 (in the case of body scans)

(2) Applicants in areas with one or more scanners.

1. An applicant must meet the requirement of need, described in subparagraph 2203.4(3) “a”(1), and

2. The average level of utilization for scanners within the area was at least 3000 HECTs (plus or minus 10 percent) for the past calendar year or 12 months. The average level of utilization will be determined by adding the number of HECTs performed during the period at all area facilities divided by the number of facilities.

3. The University of Iowa Hospitals and Clinics is specifically exempted from consideration under numbered paragraph 2203.4(3) “a”(2)“2” because it has a service area that encompasses the entire state and adjoining states. The utilization statistics for the University Hospital will therefore neither affect nor be affected by Mercy Hospital, Iowa City. Additionally, the utilization statistics for scanners at the University of Nebraska Hospitals and Clinics and St. Joseph’s Hospital (both in Omaha) will not affect the need for scanners at hospitals in Council Bluffs.

b. Replacement scanners—applicants who currently have a scanner.

(1) All applicants seeking to replace a scanner with another scanner, head or body.

1. The applicant must demonstrate that the applicant’s use of the applicant’s current scanner was at least at the operating capacity level during the last calendar year or 12 months, or

2. Below the operating capacity level, but above 1500 CT scan level, and the applicant must demonstrate reasons for permanently utilizing their scanner below operating capacity level and demonstrate that discontinuation of their scanner service would impair the applicant’s ability to respond to the emergency needs of the area. Reasons for utilizing the scanner below the capacity should include a unique patient or procedure mix that would define the capacity level differently for this applicant.

(2) Reserved.

2203.4(4) Costs and financial feasibility. (Iowa Code section 10A.714(1) “f,” “i,” “p”) CT scanners should be depreciated over a period of not less than seven years. Remodeling shall be depreciated as appropriate by generally accepted accounting principles.

a. *Cost-effectiveness.* Applicants should demonstrate for themselves and the health care system that the most cost-effective method of providing CT services has been chosen. Proposed new and replacement CT scanner’s cost per CT scan should, when compared to their peers, demonstrate cost-effectiveness.

b. Reserved.

2203.4(5) Accessibility. (Iowa Code section 10A.714(1) “c,” “d”)

a. All scanners must be available to meet the needs of the communities the scanners are meant to serve.

b. Services should be provided to all patients regardless of the patient’s ability to pay, taking into consideration the availability of those programs available in the state that serve the medically indigent.

c. Applicants will demonstrate a willingness to accept referrals for CT services from all area physicians.

2203.4(6) Quality. (Iowa Code section 10A.714(1) “i,” “k”)

a. Data on use and costs of the CT scanners should be submitted to the Iowa department of health and human services as a condition of approval. (Iowa Code section 10A.714(1) “a,” “h”)

b. All scanners.

(1) All applicants must demonstrate that they have on their staff or will acquire on their staff a full-time diagnostic radiologist, trained in the use of the CT scanner, or other physicians with comparable training and expertise.

(2) All applicants must document that they have on their medical staff individuals who are qualified to operate a scanner and interpret and act upon the diagnostic results. Such documentation may include reference to board certification, apprenticeship, academic credentials or such other qualifications that would prompt a medical staff to accept the responsibility for offering this new service. Applicants who intend to acquire staff with the desired expertise should provide signed letters of intent from the incoming medical personnel. Applicants who intend to upgrade the specialty skills of their staff should document a plan for training their current staff in the use of CT scanners.

(3) All applicants should have a complement of other diagnostic modalities available. Applicants seeking body scanners should also have available ultrasound and conventional X-ray services.

(4) All applicants should have the facilities for treating the conditions diagnosed by imaging with the scanner or should demonstrate referral agreements with treatment facilities, in the event that the scanner will be used as a screening device.

(5) All applicants should have on their staff or available on a consultative basis the services of a biomedical engineer or medical physicist, with special training in CT applications. These functions may also be provided by contract with the scanner manufacturer.

2203.4(7) Continuity. (Iowa Code section 10A.714(1) “g,” “h,” “i,” “k”)

a. The applicant should demonstrate that an attempt was made to solicit letters of support from area hospitals and physicians to indicate a community need for the proposed service.

b. The applicant should provide documentation that emergency medical transport services will be available.

c. The applicant should demonstrate an emphasis on the availability of outpatient CT procedures and that an appropriate percentage of all CT procedures will be done on an outpatient basis.

2203.4(8) Acceptability. (Iowa Code section 10A.714(1) “k”) Providers of CT services should indicate a willingness to observe the rights of patients.

[ARC 7933C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/4/24]

481—2203.5(10A) Long-term care.

2203.5(1) Purpose and scope.

a. These standards are measures of criteria found in Iowa Code section 10A.714(1) “a” through “g.” Criteria that are measured by a standard are cited in parentheses following each standard.

b. Certificate of need applications that are to be evaluated against these standards include applications to:

(1) Construct, develop, offer new, modernize, replace, renovate, or relocate intermediate care or skilled nursing care beds in nursing homes or hospitals.

(2) Expand bed capacity in intermediate care or skilled nursing care facilities or designated units in hospitals.

2203.5(2) Definitions.

“Intermediate care facility” or “ICF” means any institution, place, building, or agency providing for a period exceeding 24 consecutive hours accommodation, board, and nursing services, the need for which is certified by a physician, to three or more individuals, not related to the administrator or owner thereof within the third degree of consanguinity, who by reason of illness, disease, or physical or mental infirmity require nursing services that can be provided only under the direction of a registered nurse or a licensed practical nurse.

“Rural counties” means all counties not designated by the U.S. Census as SMA (Standard Metropolitan Area) counties.

“Skilled nursing facility” or “SNF” means any institution, place, building, or agency providing for a period exceeding 24 consecutive hours accommodation, board, and nursing services, the need for which is

certified by a physician, to three or more individuals not related to the administrator or owner thereof within the third degree of consanguinity who by reason of illness, disease, or physical or mental infirmity require continuous nursing care services and related medical services, but do not require hospital care. The nursing care services provided must be under the direction of a registered nurse on a 24-hour-per-day basis.

“*Urban counties*” means those counties designated by the U.S. Census as SMA (Standard Metropolitan Area) counties.

2203.5(3) *Availability and need.* (Iowa Code section 10A.714(1) “c,” “d,” “e,” “g,” “h”)

a. The following formula shall be used as a means of projecting the approximate number of intermediate and skilled nursing care beds needed to serve the projected population five years into the future:

(1) Rural counties:

$[\text{.09}(\text{65} + \text{population}) + \text{.0015}(\text{64} - \text{population})] \times 110\%$ equals total long-term care bed need

Combined SNF and ICF bed need equals $\frac{2}{3}$ (total long-term care bed need)

Assumed RCF bed need equals $\frac{1}{3}$ (total long-term care bed need).

(2) Urban counties:

$[\text{.07}(\text{65} + \text{population}) + \text{.0015}(\text{64} - \text{population})] \times 110\%$ equals total long-term care bed need

Combined SNF and ICF bed need equals $\frac{2}{3}$ (total long-term care bed need)

Assumed RCF bed need equals $\frac{1}{3}$ (total long-term care bed need).

(3) Economic development authority population projections are adopted for use in the determination of long-term care bed need.

(4) The department of inspections, appeals, and licensing will calculate long-term care bed need figures annually, using population projections five years into the future.

b. For purposes of comparing “need” to “existing” beds in a given county, the following shall be considered in the calculation of “existing” beds:

(1) ICF and SNF beds licensed at freestanding facilities in the county.

(2) Additional ICF and SNF beds previously approved through certificate of need but not yet licensed.

(3) ICF and SNF beds in designated units in hospitals in the county.

c. The statistical calculation of bed need shall serve as a guideline for the health facilities council in reviewing need for the proposed long-term care beds. Other factors that may be considered by the council include, but are not limited to:

(1) The availability and utilization of other ICF and SNF services in the county, or within the applicant’s service area.

(2) The availability and utilization of other long-term care services in nearby hospitals, such as skilled care available through the swing bed program.

(3) The availability of supportive living arrangements that may or may not be licensed as residential care facilities (RCF).

(4) The availability of home health and other in-home services.

(5) The availability of other services to the elderly.

(6) The availability of ICF and SNF services in neighboring counties.

(7) Utilization by out-of-state residents of facilities in counties bordering other states, where the applicant provides evidence that in-migration of long-term care patients exceeds out-migration to the bordering state.

(8) Programs and services directed at special populations whose needs cannot otherwise be met, or whose needs cannot be met cost-effectively at other facilities.

d. In documenting need for a project, the applicant shall identify the service area and target population, including a description of the methodology used by the applicant in determining need for the requested beds and the expected sources of referrals. The applicant shall document that the number of beds requested is appropriate to address the identified need. The applicant shall also identify how the target population is currently being cared for, and what hardship is being experienced by the absence of the proposed beds.

2203.5(4) *Quality.* (Iowa Code section 10A.714(1) “i,” “k”) The applicant shall document that the applicant has contacted the health and safety division of the department of inspections, appeals, and

licensing to conform with physical standards, staffing requirements, and other licensing requirements to assess the potential for provision of quality care at the facility. When necessary, the applicant shall attempt to arrange an on-site visit to the facility to determine compliance with physical requirements, and shall provide documentation of this site visit or attempts to arrange such a site visit.

2203.5(5) Continuity. (Iowa Code section 10A.714(1)“g,” “h,” “k”)

a. The applicant shall document the relationship of the facility’s proposed services to other health and long-term care services in the community such as physician and hospital services, habilitation, rehabilitation, transportation or other services. The facility should be capable of providing or arranging for the provision of a continuum of long-term care services.

b. The facility should be capable of providing or arranging for the provision of a comprehensive program of coordinated patient services. The applicant shall provide evidence of contracts for services, appropriate staffing patterns and ratios, and licensure of personnel as necessary.

2203.5(6) Accessibility and acceptability. (Iowa Code section 10A.714(1)“c,” “d”)

a. Population subgroups that have traditionally been underserved, such as adolescents, the elderly, women, racial minorities, mentally ill, intellectually disabled, and developmentally disabled should be considered when planning for or reviewing long-term care facilities.

b. The applicant shall document to what extent Medicaid patients will be served by the proposed beds, using past Medicaid utilization as an indicator or, in the case of a new facility, projecting anticipated Medicaid utilization.

2203.5(7) Costs and financial feasibility. (Iowa Code section 10A.714(1)“e,” “f,” “i,” “p”)

a. The applicant shall identify capital and operating costs associated with the project, identify sources of funding to cover those costs, and demonstrate that the project is financially feasible.

b. Construction costs shall be in line with construction costs of other similar projects.

c. The applicant shall provide budgets for the first three years of operation, including documentation of all assumptions used. The budget shall include anticipated sources of revenue, including the percentage of revenue from private pay, Medicaid, Medicare and other patient revenues.

d. Proposed charges per patient day should be justifiable when compared to current charges of other similarly licensed facilities in the applicant’s service area, or other similar facilities elsewhere in the state. If charges are significantly higher or lower, the applicant shall provide a description of proposed programs or services that explain the difference in charges.

[ARC 7933C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/4/24]

These rules are intended to implement Iowa Code section 10A.722.

481—2203.6 to 2203.11 Reserved.

481—2203.12(10A) Magnetic resonance imaging services standards.

2203.12(1) Purpose and scope.

a. These standards are measures of some of those criteria in Iowa Code section 10A.714(1)“a” through “q.” Criteria that are measured by a standard are cited in parentheses following each standard.

b. Certificate of need applications that are to be evaluated against these standards include:

- (1) Proposals to commence or expand the capacity of magnetic resonance imaging services.
- (2) Proposals to replace a magnetic resonance imaging unit.
- (3) Any other applications that relate to magnetic resonance imaging.

2203.12(2) Definitions.

“Area” means the community or a metropolitan statistical area (as defined by the U.S. Office of Management and Budget and used by the U.S. Census Bureau).

“CT (computed tomography) procedure” means a CT study of a single site of anatomic interest during an individual patient visit.

“Magnetic resonance imaging (MRI)” means a diagnostic modality that employs a combination of magnetic and radio frequency fields and computers to produce images of body organs and tissues.

“MRI procedure” means each discrete MRI study of one patient.

“MRI unit” means the essential equipment and facility necessary to operate one MRI system.

2203.12(3) Availability and need. (Iowa Code section 10A.714(1)“c,” “d,” “e,” “g,” “h”)

a. Applicants in areas with no other MRI units. Applicant must document a future utilization of reasonably projected MRI procedure volume for the fiscal year period after projected installation.

b. Applicants in areas with one or more MRI units currently in operation or approved by certificate of need for operation.

(1) Applicant must meet the requirement of need described in paragraph 2203.12(3) “a,” and

(2) The other MRI unit(s) within the area must have been operating at a minimum of 2,000 MRI procedures annually (or 500 in three months), or proportionately more if the MRI unit runs more than one ten-hour shift.

(3) If the annual utilization of the other MRI unit(s) within the area has been below 2,000 procedures, future utilization above that current level must be reasonably projected or reasons for permanently utilizing the equipment below the 2,000 procedure level must be demonstrated.

c. Applicants seeking to replace an MRI unit.

(1) The applicant must demonstrate that the existing MRI unit has been operating at the level of at least 3,000 procedures during the most recent annual period.

(2) If the applicant’s annual utilization has been below 2,000 procedures, the applicant must reasonably project future utilization above that level or demonstrate reasons for permanently utilizing the equipment below that level.

d. Applicants seeking to add an additional MRI unit.

(1) The applicant must demonstrate that the existing MRI unit(s) has been operating at the level of at least 3,500 procedures during the most recent annual period.

(2) The applicant must demonstrate that the demand significantly exceeds the 2,000 procedures annually.

(3) If the applicant’s annual utilization has been below 2,000 procedures, the applicant must reasonably project future utilization above that level or demonstrate reasons for permanently utilizing the equipment below that level.

2203.12(4) *Quality and continuity.* (Iowa Code section 10A.714(1) “g,” “h,” “i,” “k”)

a. The proposed MRI unit should function as a component of a comprehensive inpatient or outpatient diagnostic service. The proposed MRI unit must have the following modalities on-site or through referral arrangements:

(1) Ultrasound.

(2) Computed tomography.

(3) Angiography.

(4) Nuclear medicine.

(5) Conventional radiography.

b. The proposed MRI unit must be located in a facility that has, either in-house or through referral arrangement, the resources necessary to treat most of the conditions diagnosed or confirmed by MRI. The following medical specialties must be available during MRI service hours on-site or by referral arrangements: neurology or neurosurgery, oncology and cardiology.

c. A proposal to provide new or expanded MRI must include satisfactory assurances that the services will be offered in a physical environment that conforms to federal standards, manufacturer’s specifications, and licensing agencies’ requirements.

d. The applicant must provide evidence that the proposed MRI equipment has been certified for clinical use by the U.S. Food and Drug Administration or will be operated under the approval and authority of an institutional review board whose membership is consistent with U.S. Department of Health and Human Services regulations.

e. Applicants for MRI should document that the necessary qualified staff are available to operate the proposed unit. The following minimum staff will be available to the MRI unit:

(1) A board-eligible or board-certified radiologist or any other board-eligible or board-certified licensed physician whose exclusive responsibility for at least a two-year period prior to submission of a certificate of need request has been in the acquisition and interpretation of clinical images. This individual shall have a knowledge of MRI through training, experience, or documented postgraduate education. The individual shall also have training with a functional MRI facility.

(2) Qualified engineering personnel, available to the institution during MRI service hours, with training and experience in the operation and maintenance of the MRI equipment.

(3) Diagnostic radiologic technologists or other certified technologists with expertise in computed tomography or other cross-sectional imaging methods, at a staffing level consistent with the hospital's expected MRI service volume.

(4) Other appropriate physicians shall be available during MRI service hours in clinical specialties such as neurology or neurosurgery, oncology and cardiology.

f. The applicant shall demonstrate how emergencies within the MRI unit will be managed in conformity with accepted medical practice.

2203.12(5) Accessibility and acceptability. (Iowa Code section 10A.714(1) "c," "d")

a. MRI facilities should have adequate scheduled hours to avoid an excessive backlog of cases and to meet the needs of the communities the scanners are meant to serve.

b. Selection of patients for clinical MRI studies must guarantee equal access to all persons regardless of insurance coverage or ability to pay.

2203.12(6) Costs and financial feasibility. (Iowa Code section 10A.714(1) "e," "f," "i," "p")

a. The applicant shall identify capital and operating costs associated with the proposed MRI unit, identify sources of funding to cover those costs, and demonstrate that the project is financially feasible.

b. The applicant shall provide budgets for the first three years of operation, including documentation and justification of all assumptions used.

c. The applicant must document its projected average cost per procedure and charge per procedure for the first three years. Charges for MRI should be reasonably related to service cost, and comparable to MRI charges at other facilities in the state.

d. The applicant shall demonstrate that alternatives were considered and the proposed application is the most cost-effective and will accomplish the goals of the project.

[ARC 7933C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/4/24]

481—2203.13(10A) Positron emission tomography services standards.

2203.13(1) Purpose and scope.

a. These standards are measures of some of those criteria in Iowa Code section 10A.714(1) "a" through "q." Criteria that are measured by a standard are cited in parentheses following each standard.

b. Certificate of need applications that are to be evaluated against these standards include:

(1) Proposals to commence or expand the capacity of positron emission tomography services.

(2) Proposals to replace a positron emission tomography unit.

(3) Any other applications that relate to positron emission tomography.

2203.13(2) Definitions.

"Area" means the community or a metropolitan statistical area (as defined by the U.S. Office of Management and Budget and used by the U.S. Census Bureau).

"CT (computed tomography)" means an imaging method in which a cross-sectional image of the structures in a body plane is reconstructed by a computer program from the X-ray absorption of beams projected through the body in the image plane.

"Cyclotron" means an apparatus for accelerating protons or neutrons to high energies by means of a constant magnet and an oscillating electric field.

"MRI (magnetic resonance imaging)" means a diagnostic modality that employs a combination of magnetic and radio frequency fields and computers to produce images of body organs and tissues.

"Radiopharmaceutical" means a radioactive pharmaceutical used for diagnostic or therapeutic purposes.

"PET procedure" means an image-scanning sequence derived from a single administration of PET, equated with a single injection of the tracer.

"Positron emission tomography (PET)" means an imaging method in which positron-emitting radionuclides, which are produced either by a cyclotron or generator, and a nuclear camera are used to create pictures of organ function rather than structure.

"SPECT (single photon emission computed tomography)" means a camera-based imaging system using the radionuclides in the routine practice of nuclear medicine.

2203.13(3) Availability and need. (Iowa Code section 10A.714(1)“c,” “d,” “e,” “g,” “h”)

a. Applicants in areas with no other PET units.

(1) Applicants should demonstrate a reasonable potential utilization of a PET unit based on diversified inpatient and outpatient case mix thresholds including:

1. Intracranial cases.

- Primary brain tumors 50/year
- Metastasis 100/year
- Cerebral vascular disease 200/year
- Organic brain disease and dementia/psychiatric diagnoses (including epilepsy-seizure disorders) 500/year

● Spinal 100/year

2. Cardiovascular cases.

- Ischemic heart disease (including acute and chronic infarction) 1200/year

3. Neoplasms (head, neck, thorax (excluding heart), abdomen, pelvic, prostate and musculoskeletal 1300/year.

(2) Applicants should have other diagnostic capabilities, on-site or through referral arrangements, with appropriate volumes including:

	<u>Proposed Threshold</u>
Nuclear medicine imaging services	5,600
Single photon emission computed tomography (including brain, bone, liver, Gallium and Thallium stress)	1,600
CT	8,000
MRI	2,400

(3) Applicants should demonstrate secondary and tertiary service capability, on-site or through referral arrangements, including cardiac surgery, cardiology, internal medicine, general surgery, hematology/oncology, neurology, pathology, thoracic surgery and psychiatry.

b. Applicants in areas with one or more PET units currently in operation or approved by the certificate of need program for operation.

Existing PET units within the area (whether basic or enhanced) should have been operating at a minimum of 1000 PET procedures during the most recent annual period as reported to the certificate of need program according to paragraph 2203.13(6)“e.”

2203.13(4) Quality and continuity. (Iowa Code section 10A.714(1)“g,” “h,” “i,” “k”)

a. The proposed PET unit should function as a component of a comprehensive inpatient or outpatient diagnostic service. The proposed PET unit should have the following modalities (and capabilities) on-site or through referral arrangements:

- (1) Computed tomography.
- (2) Magnetic resonance imaging.
- (3) Nuclear medicine — (cardiac, SPECT).
- (4) Conventional radiography.

b. The proposed PET unit should be located in a facility that has, either in-house or through referral arrangement, the resources necessary to treat most of the conditions diagnosed or confirmed by PET. The following medical specialties should be available during PET service hours on-site or by referral arrangements: cardiology, neurology, neurosurgery, oncology, and psychiatry.

c. A proposal to provide new or expanded PET must include satisfactory assurances that services will be offered in a physical environment that conforms to federal standards, manufacturer’s specifications, and licensing agencies’ requirements. The following areas are to be addressed:

- (1) Quality control and assurance of radiopharmaceutical production of generator or cyclotron-produced agents;
- (2) Quality control and assurance of PET tomograph and associated instrumentation;
- (3) Radiation protection and shielding;
- (4) Radioactive emissions to the environment.

d. The applicant will provide evidence that the proposed PET equipment has been certified for clinical use by the U.S. Food and Drug Administration or will be operated under the approval and authority of an institutional review board whose membership is consistent with U.S. Department of Health and Human Services regulations.

e. Applicants for PET will document that the necessary qualified staff are available to operate the proposed unit. The applicants will document the PET training and experience of the staff. The following minimum staff will be available to the PET unit:

(1) One or more nuclear medicine imaging physician(s) available to the PET unit who have been licensed by the state for the handling of medical radionuclides and whose primary responsibility for at least a one-year period prior to submission of the certificate of need application has been in acquisition and interpretation of tomographic images. This individual shall have knowledge of PET through training, experience, or documented postgraduate education. The individual shall also have training with a functional PET facility.

(2) Qualified PET radiochemist or radiopharmacist personnel, available to the facility during PET service hours, with at least one year of training. The individual(s) will demonstrate experience in the testing of chemical, radiochemical, and radionuclidic purity of PET radiopharmaceutical syntheses.

(3) Qualified engineering and physics personnel, available to the facility during PET service hours, with training and experience in the operation and maintenance of the PET equipment.

(4) Qualified radiation safety personnel, available to the facility at all times, with training and experience in the handling of short-lived positron-emitting nuclides.

(5) Certified nuclear medicine technologists with expertise in computed tomographic nuclear medicine imaging procedures, at a staffing level consistent with the proposed center's expected PET service volume.

(6) Other appropriate personnel should be available during PET service hours, which may include certified nuclear medicine technologists, computer programmers, nurses, and radiochemistry technicians.

f. The applicant will demonstrate how emergencies within the PET unit will be managed in conformity with accepted medical practice.

2203.13(5) Accessibility and acceptability. (Iowa Code section 10A.714(1) "c," "d")

a. PET facilities should have adequate scheduled hours to avoid an excessive backlog of cases.

b. Selection of patients for clinical PET studies will guarantee equal access to all persons regardless of insurance coverage or ability to pay.

c. In addition to accepting patients from participating institutions, facilities performing clinical PET procedures should accept appropriate referrals from other local providers. These patients will be accommodated to the extent possible by extending the hours of service and by prioritizing patients according to standards of need and appropriateness rather than source of referral.

2203.13(6) Costs and financial feasibility. (Iowa Code section 10A.714(1) "e," "f," "i," "p")

a. The applicant will identify capital and operating costs associated with the proposed PET unit, identify sources of funding to cover those costs, and demonstrate that the project is financially feasible.

b. The applicant will provide budgets for the first three years of operation, including documentation and justification of all assumptions used.

c. The applicant will document its projected average cost per procedure and charge per procedure for the first three years. Charges for PET should be reasonably related to service cost and comparable to PET charges at other facilities in the state.

d. The applicant should verify whether the service is eligible for reimbursement by public and private third-party payers.

e. The applicant should demonstrate that alternatives were considered and the proposed application is the most cost-effective and should accomplish the goals of the project.
