TITLE I
GENERAL INFORMATION—
DEPARTMENT OPERATIONS

CHAPTER 1
ORGANIZATION AND OPERATION
[Prior to 9/7/88, see Public Instruction Department[670] Ch 49]

281—1.1(17A,256) State board of education. The state board of education, authorized by Iowa Code chapter 256, is the governing and policy-forming body for the department of education.

1.1(1) Membership. The board consists of nine voting members appointed by the governor, with approval of two-thirds of the members of the senate, with not more than five members from the same political party, and not more than five members of the same gender. Effective May 1, 2003, the board shall also consist of one nonvoting student member as outlined in rule 281—1.2(17A,256). The nonvoting student member shall be appointed without regard to political affiliation. The nonvoting student member shall not be considered for purposes of constituting the necessary quorum.

1.1(2) Officers. The board shall elect from its voting members a president and a vice president, each to serve a term of two years.

1.1(3) Terms. The voting members of the board are appointed for six-year terms, from May 1 to April 30, with the terms of three members expiring every two years. There is no statutory limitation to the number of terms a voting member may serve. The nonvoting student member shall serve a one-year term, from May 1 to April 30, as described in subrule 1.2(1).

1.1(4) Meetings. The board is required to hold no fewer than six meetings each year. The majority of the meetings are held in the state board room at the department of education in Des Moines, which is located on the second floor of the Grimes State Office Building on the corner of East 14th Street and Grand Avenue. By notice of the regularly published meeting agenda, the board may hold meetings in other areas of the state.

1.1(5) Compensation. All voting board members and the nonvoting student member are entitled to receive their necessary expenses while engaged in official duties. In addition, they shall be paid a per diem at the rate specified in Iowa Code section 7E.6. If the student member’s parent or guardian provides supervision pursuant to subrule 1.2(4), the parent or guardian shall receive necessary expenses but not the per diem. Per diem and expense payments shall be made from appropriations to the department of education.

1.1(6) Additional board functions. In addition to its functions as the state board of education, the board constitutes:

a. The state board for vocational education, Iowa Code section 256.7(2).
b. The state board for vocational rehabilitation, Iowa Code section 259.3.
c. The state board for community colleges, Iowa Code section 260C.3.

1.1(7) Advisory groups. The following advisory groups have been established by statute to provide advice to the state board in the indicated areas:

a. Nonpublic schools advisory committee, Iowa Code section 256.15, to advise the board on matters affecting nonpublic schools.
b. Community college council, Iowa Code section 256.31, to assist the state board of education with substantial issues which are directly related to the community college system.

281—1.2(17A,256) Student member of state board of education. The governor shall appoint a public high school student to serve as a nonvoting member of the state board of education.

1.2(1) Term. The nonvoting student member shall serve a term from May 1 to April 30. The student member may serve a second year as the nonvoting student member without having to reapply for the position if the student has another year of high school eligibility remaining before graduation. A vacancy in the membership of the nonvoting student member shall not be filled until the expiration of the term.

1.2(2) Qualifications. At the time of making application, the nonvoting student member shall meet all of the following qualifications:
a. The student must be a full-time, regularly enrolled tenth or eleventh grade student in an Iowa school district.
b. The student must have been regularly enrolled as a full-time student in the district of present enrollment for at least two consecutive semesters or the equivalent thereof.
c. The student must have a minimum cumulative grade point average in high school of 3.0 on a 4.0 scale (3.75 on a 5.0 scale).
d. The student must demonstrate participation in extracurricular and community activities, as well as an interest in serving on the state board.
e. The student must have the consent of the student’s parent or guardian, as well as the approval of the student’s district.

1.2(3) Application process. The application process for the nonvoting student member is as follows:
a. The department shall, on behalf of the state board, prepare and disseminate application forms to all school districts in Iowa. In addition to the application itself, the student shall submit all of the following:
   (1) A consent form signed by the student’s parent or guardian.
   (2) An approval of the application signed by the superintendent of the student’s district of enrollment or the superintendent’s designee.
   (3) A letter of recommendation from a high school teacher from whom the student received instruction.
   (4) A letter of recommendation from a person in the community familiar with the student’s community activities.
b. The number of applicants in a year from any one district is limited as follows:
   (1) If district enrollment for grades 10 through 12 is less than 400 students, there may be no more than one applicant from the district.
   (2) If district enrollment for grades 10 through 12 is from 400 to 1199 students, there may be no more than two applicants from the district.
   (3) If district enrollment for grades 10 through 12 is 1200 students or more, there may be no more than three applicants from the district.

c. All applications shall be submitted on or before February 1 of the year in which the term is to begin. Applications may be hand-delivered or postmarked on or before February 1 to the Iowa Department of Education, Office of the Director, Grimes State Office Building, Des Moines, Iowa 50319-0146.

d. All applications shall be initially screened by a committee to be appointed by the director of the department. The initial screening committee shall select not more than 20 semifinalists. If fewer than a total of 20 applications are received, the initial screening process may be omitted, at the discretion of the director of the department.

e. The applications of the semifinalists shall be reviewed by a committee appointed by the president of the state board. The committee shall submit a list of two to five finalists to the governor, who shall appoint the student member from the list submitted by the committee on behalf of the state board of education.

1.2(4) Participation of student member in official board activities. Upon appointment to the board, the student member shall, at minimum, fulfill the following requirements to remain eligible to serve:
a. The student shall maintain enrollment as a full-time student in an Iowa public school district. If the student moves or transfers from the district of application, the student must obtain the approval of the superintendent or the superintendent’s designee in the student’s new district of enrollment.
b. The student shall maintain a minimum cumulative grade point average in high school of 3.0 on a 4.0 scale or 3.75 on a 5.0 scale.
c. The student shall attend regularly scheduled board meetings as required of voting board members. As a nonvoting member, the student may not participate in any closed session of the board.
d. The student member’s absences from school to participate in official state board activities shall not be shown by the student’s district as unexcused absences. The student member’s participation in
board activities outside the regularly scheduled meetings of the state board shall be approved by the president of the board and the student’s superintendent or the superintendent’s designee.

e. If the student member is a minor, the student’s parent or guardian must accompany the student while the student is participating in official state board activities at a location other than the student’s resident community, unless the parent or guardian submits to the state board a signed release indicating that the parent or guardian has determined that such supervision is unnecessary.

[ARC 1330C; IAB 2/19/14, effective 3/26/14]

281—1.3(17A,256) Director of education. The director is responsible for exercising general supervision over the state system of public education and nonpublic schools to the extent that is necessary to ascertain compliance with provisions of the Iowa school laws. The director performs the function of executive officer of the state board of education.

1.3(1) Appointment, term, and salary. The director is appointed by the governor, appointment subject to approval of two-thirds of the members of the senate. The director serves at the pleasure of the governor. A salary range for this position is established by the general assembly with the governor setting the specific salary from within this range.

1.3(2) Qualifications. The director shall possess a background in education and administrative experience.

281—1.4(17A,256) Department of education. The department of education is established by the general assembly to act in a policy-making and advisory capacity and to exercise general supervision over the state system of education including (1) public elementary and secondary schools, (2) community colleges, (3) area education agencies, (4) vocational rehabilitation, (5) educational supervision over the elementary and secondary schools under the control of the department of human services, and (6) nonpublic schools to the extent necessary for compliance with the Iowa school laws.

The department shall also:
1. Stimulate and encourage educational radio and television and other educational communications services as necessary to aid in accomplishing the educational objectives of the state;
2. Meet the informational needs of the three branches of state government; and
3. Provide for the improvement of library services to all Iowa citizens and foster development and cooperation among libraries.

The department of education shall act as an administrative, supervisory, and consultative agency.

1.4(1) Organization.

a. Office of the director. The director is the chief administrator of the department and serves as chief executive officer of the state board of education. Within the office of the director, there are two offices, each headed by a deputy director: the office of learning, results, and programs, and the office of operations and initiatives.

b. Division of learning, results, and programs. The division consists of bureaus that oversee instructional services; practitioner preparation; administration and school improvement services; food and nutrition services; and planning, research, and evaluation services. The division is within the office of learning, results, and programs.

c. Division of community colleges and workforce preparation. The division oversees career and technical education as well as the community colleges. The division is within the office of operations and initiatives.

d. Division of finance and support services. The division provides accounting and internal operations and information technology to the agency, and it also oversees school business operations. The division is within the office of operations and initiatives. The division administrator is the department’s chief financial officer.

e. Division of library and information services. The division is responsible for the state library, library development, and audio-visual services.

f. Iowa public television. This is the division of public broadcasting and related services.
Division of vocational rehabilitation services. This division provides disability determination services and related services for clients with disabilities.

1.4(2) Organizational responsibility. Each division is under the direction of an administrator. Each bureau is under the direction of a chief for administrative purposes.

1.4(3) Employees. It is the responsibility of the director to appoint all employees of the department excluding the state librarian and the employees of Iowa public television with due regard to their qualifications for the duties to be performed, designate their titles and prescribe their duties.

1.4(4) Mailing addresses. The mailing address for the state board of education and all divisions of the department, with the exception of the division of library services, the division of public broadcasting, and vocational rehabilitation services, is Grimes State Office Building, Des Moines, Iowa 50319-0146. The mailing address for the division of library services is East 12th and Grand Avenue, Des Moines, Iowa 50319. The mailing address for Iowa public television is P.O. Box 6450, Johnston, Iowa 50131. The mailing address for the vocational rehabilitation services division is 510 East 12th Street, Des Moines, Iowa 50319-0146.

1.4(5) Information or submissions. Information inquiries should be addressed to the appropriate administrator of the desired organizational unit shown in subrule 1.4(1). Requests for hearings, declaratory rulings, participation in rule-making procedures of the board, and scheduling of presentations to the board should be addressed to the director of education.

These rules are intended to implement Iowa Code section 17A.3.

CHAPTER 2
AGENCY PROCEDURE FOR RULE MAKING
AND PETITIONS FOR RULE MAKING

281—2.1(17A) Applicability. Except to the extent otherwise expressly provided by statute, all rules adopted by the agency are subject to the provisions of Iowa Code chapter 17A, the Iowa administrative procedure Act, and the provisions of this chapter.

281—2.2(17A) Advice on possible rules before notice of proposed rule adoption. In addition to seeking information by other methods, the agency may, before publication of a Notice of Intended Action under Iowa Code section 17A.4(1) “a,” solicit comments from the public on a subject matter of possible rule making by the agency by causing notice to be published in the Iowa Administrative Bulletin of the subject matter and indicating where, when, and how persons may comment.

281—2.3(17A) Public rule-making docket.
   2.3(1) Docket maintained. The agency shall maintain a current public rule-making docket.
   2.3(2) Anticipated rule making. The rule-making docket shall list each anticipated rule-making proceeding. A rule-making proceeding is deemed “anticipated” from the time a draft of proposed rules is distributed for internal discussion within the agency. For each anticipated rule-making proceeding, the docket shall contain a listing of the precise subject matter which may be submitted for consideration by the director for subsequent proposal under the provisions of Iowa Code section 17A.4(1) “a,” the name and address of agency personnel with whom persons may communicate with respect to the matter, and an indication of the present status within the agency of that possible rule. The agency may also include in the docket other subjects upon which public comment is desired.
   2.3(3) Pending rule-making proceedings. The rule-making docket shall list each pending rule-making proceeding. A rule-making proceeding is pending from the time it is commenced, by publication in the Iowa Administrative Bulletin of a Notice of Intended Action pursuant to Iowa Code section 17A.4(1) “a,” to the time it is terminated, by publication of a Notice of Termination in the Iowa Administrative Bulletin or the rule becoming effective. For each rule-making proceeding, the docket shall indicate:
      a. The subject matter of the proposed rule;
      b. A citation to all published notices relating to the proceeding;
      c. Where written submissions on the proposed rule may be inspected;
      d. The time during which written submissions may be made;
      e. The names of persons who have made written requests for an opportunity to make oral presentations on the proposed rule, where those requests may be inspected, and where and when oral presentations may be made;
      f. Whether a written request for the issuance of a regulatory analysis, or a concise statement of reasons, has been filed, whether such an analysis or statement or a fiscal impact statement has been issued, and where any such written request, analysis, or statement may be inspected;
      g. The current status of the proposed rule and any agency determinations with respect thereto;
      h. Any known timetable for agency decisions or other action in the proceeding;
      i. The date of the rule’s adoption;
      j. The date of the rule’s filing, indexing, and publication;
      k. The date on which the rule will become effective; and
      l. Where the rule-making record may be inspected.

281—2.4(17A) Notice of proposed rule making.
   2.4(1) Contents. At least 35 days before the adoption of a rule the agency shall cause Notice of Intended Action to be published in the Iowa Administrative Bulletin. The Notice of Intended Action shall include:
      a. A brief explanation of the purpose of the proposed rule;
b. The specific legal authority for the proposed rule;

c. Except to the extent impracticable, the text of the proposed rule;

d. Where, when, and how persons may present their views on the proposed rule; and

e. Where, when, and how persons may demand an oral proceeding on the proposed rule if the notice does not already provide for one.

Where inclusion of the complete text of a proposed rule in the Notice of Intended Action is impracticable, the agency shall include in the notice a statement fully describing the specific subject matter of the omitted portion of the text of the proposed rule, the specific issues to be addressed by that omitted text of the proposed rule, and the range of possible choices being considered by the agency for the resolution of each of those issues.

2.4(2) Incorporation by reference. A proposed rule may incorporate other materials by reference only if it complies with all of the requirements applicable to the incorporation by reference of other materials in an adopted rule that are contained in subrule 2.12(2) of this chapter.

2.4(3) Copies of notices. Persons desiring to receive copies of future Notices of Intended Action by subscription must file with the agency a written request indicating the name and address to which such notices should be sent. Within seven days after submission of a Notice of Intended Action to the administrative rules coordinator for publication in the Iowa Administrative Bulletin, the agency shall mail or electronically transmit a copy of that notice to subscribers who have filed a written request for either mailing or electronic transmittal with the agency for Notices of Intended Action. The written request shall be accompanied by payment of the subscription price which may cover the full cost of the subscription service, including its administrative overhead and the cost of copying and mailing the Notices of Intended Action for a period of ten days.

281—2.5(17A) Public participation.

2.5(1) Written comments. For at least 20 days after publication of the Notice of Intended Action, persons may submit argument, data, and views, in writing, on the proposed rule. Such written submissions should identify the proposed rule to which they relate and should be submitted to Department of Education, Legal Consultant’s Office, Grimes State Office Building, Des Moines, Iowa 50319-0146, or the person designated in the Notice of Intended Action.

2.5(2) Oral proceedings. The agency may, at any time, schedule an oral proceeding on a proposed rule. The agency shall schedule an oral proceeding on a proposed rule if, within 20 days after the published Notice of Intended Action, a written request for an opportunity to make oral presentations is submitted to the agency by the administrative rules review committee, a governmental subdivision, an agency, an association having not less than 25 members, or at least 25 persons. That request must also contain the following additional information:

1. A request by one or more individual persons must be signed by each of them and include the address and telephone number of each of them.

2. A request by an association must be signed by an officer or designee of the association and must contain a statement that the association has at least 25 members and the address and telephone number of the person signing that request.

3. A request by an agency or governmental subdivision must be signed by an official having authority to act on behalf of the entity and must contain the address and telephone number of the person signing that request.

2.5(3) Conduct of oral proceedings.

a. Applicability. This subrule applies only to those oral rule-making proceedings in which an opportunity to make oral presentations is authorized or required by Iowa Code section 17A.4(1) “b” as amended by 1998 Iowa Acts, chapter 1202, section 8, or this chapter.

b. Scheduling and notice. An oral proceeding on a proposed rule may be held in one or more locations and shall not be held earlier than 20 days after notice of its location and time is published in the Iowa Administrative Bulletin. That notice shall also identify the proposed rule by ARC number and citation to the Iowa Administrative Bulletin.
c. Presiding officer. The agency, a member of the agency, or another person designated by the agency who will be familiar with the substance of the proposed rule, shall preside at the oral proceeding on a proposed rule. If the agency does not preside, the presiding officer shall prepare a memorandum for consideration by the agency summarizing the contents of the presentations made at the oral proceeding unless the agency determines that such a memorandum is unnecessary because the agency will personally listen to or read the entire transcript of the oral proceeding.

d. Conduct of proceeding. At an oral proceeding on a proposed rule, persons may make oral statements and make documentary and physical submissions, which may include data, views, comments or arguments concerning the proposed rule. Persons wishing to make oral presentations at such a proceeding are encouraged to notify the agency at least one business day prior to the proceeding and indicate the general subject of their presentations. At the proceeding, those who participate shall indicate their names and addresses, identify any persons or organizations they may represent, and provide any other information relating to their participation deemed appropriate by the presiding officer. Oral proceedings shall be open to the public and shall be recorded by stenographic or electronic means.

(1) At the beginning of the oral proceeding, the presiding officer shall give a brief synopsis of the proposed rule, a statement of the statutory authority for the proposed rule, and the reasons for the agency decision to propose the rule. The presiding officer may place time limitations on individual oral presentations when necessary to ensure the orderly and expeditious conduct of the oral proceeding. To encourage joint oral presentations and to avoid repetition, additional time may be provided for persons whose presentations represent the views of other individuals as well as their own views.

(2) Persons making oral presentations are encouraged to avoid restating matters which have already been submitted in writing.

(3) To facilitate the exchange of information, the presiding officer may, where time permits, open the floor to questions or general discussion.

(4) The presiding officer shall have the authority to take any reasonable action necessary for the orderly conduct of the meeting.

(5) Physical and documentary submissions presented by participants in the oral proceeding shall be submitted to the presiding officer. Such submissions become the property of the agency.

(6) The oral proceeding may be continued by the presiding officer to a later time without notice other than by announcement at the hearing.

(7) Participants in an oral proceeding shall not be required to take an oath or to submit to cross-examination. However, the presiding officer in an oral proceeding may question participants and permit the questioning of participants by other participants about any matter relating to that rule-making proceeding, including any prior written submissions made by those participants in that proceeding; but no participant shall be required to answer any question.

(8) The presiding officer in an oral proceeding may permit rebuttal statements and request the filing of written statements subsequent to the adjournment of the oral presentations.

2.5(4) Additional information. In addition to receiving written comments and oral presentations on a proposed rule according to the provisions of this rule, the agency may obtain information concerning a proposed rule through any other lawful means deemed appropriate under the circumstances.

2.5(5) Accessibility. The agency shall schedule oral proceedings in rooms accessible to and functional for persons with physical disabilities. Persons who have special requirements should contact the Legal Consultant’s Office, Department of Education, Grimes State Office Building, Des Moines, Iowa 50319-0146, or telephone (515)281-5295 in advance to arrange access or other needed services.

281—2.6(17A) Regulatory analysis.

2.6(1) Definition of small business. A “small business” is defined in 1998 Iowa Acts, chapter 1202, section 10(7).

2.6(2) Mailing list. Small businesses or organizations of small businesses may be registered on the agency’s small business impact list by making a written application addressed to Legal Consultant’s Office, Department of Education, Grimes State Office Building, Des Moines, Iowa 50319-0146. The application for registration shall state:
a. The name of the small business or organization of small businesses;

b. Its address;

c. The name of a person authorized to transact business for the applicant;

d. A description of the applicant’s business or organization. An organization representing 25 or more persons who qualify as a small business shall indicate that fact.

e. Whether the registrant desires copies of Notices of Intended Action at cost, or desires advance notice of the subject of all or some specific category of proposed rule making affecting small business.

The agency may at any time request additional information from the applicant to determine whether the applicant is qualified as a small business or as an organization of 25 or more small businesses. The agency may periodically send a letter to each registered small business or organization of small businesses asking whether that business or organization wishes to remain on the registration list. The name of a small business or organization of small businesses will be removed from the list if a negative response is received, or if no response is received within 30 days after the letter is sent.

2.6(3) Time of mailing. Within seven days after submission of a Notice of Intended Action to the administrative rules coordinator for publication in the Iowa Administrative Bulletin, the agency shall mail to all registered small businesses or organizations of small businesses, in accordance with their request, either a copy of the Notice of Intended Action or notice of the subject of that proposed rule making. In the case of a rule that may have an impact on small business adopted in reliance upon Iowa Code section 17A.4(2), the agency shall mail notice of the adopted rule to registered businesses or organizations prior to the time the adopted rule is published in the Iowa Administrative Bulletin.

2.6(4) Qualified requesters for regulatory analysis—economic impact. The agency shall issue a regulatory analysis of a proposed rule that conforms to the requirements of 1998 Iowa Acts, chapter 1202, section 10(2a), after a proper request from:

a. The administrative rules coordinator;

b. The administrative rules review committee.

2.6(5) Qualified requesters for regulatory analysis—business impact. The agency shall issue a regulatory analysis of a proposed rule that conforms to the requirements of 1998 Iowa Acts, chapter 1202, section 10(2b), after a proper request from:

a. The administrative rules review committee;

b. The administrative rules coordinator;

c. At least 25 or more persons who sign the request provided that each represents a different small business;

d. An organization representing at least 25 small businesses. That organization shall list the name, address and telephone number of not less than 25 small businesses it represents.

2.6(6) Time period for analysis. Upon receipt of a timely request for a regulatory analysis, the agency shall adhere to the time lines described in 1998 Iowa Acts, chapter 1202, section 10(4).

2.6(7) Contents of request. A request for a regulatory analysis is made when it is mailed or delivered to the agency. The request shall be in writing and satisfy the requirements of 1998 Iowa Acts, chapter 1202, section 10(1).

2.6(8) Contents of concise summary. The contents of the concise summary shall conform to the requirements of 1998 Iowa Acts, chapter 1202, section 10(4,5).

2.6(9) Publication of a concise summary. The agency shall make available, to the maximum extent feasible, copies of the published summary in conformance with 1998 Iowa Acts, chapter 1202, section 10(5).

2.6(10) Regulatory analysis contents—rules review committee or rules coordinator. When a regulatory analysis is issued in response to a written request from the administrative rules review committee, or the administrative rules coordinator, the regulatory analysis shall conform to the requirements of 1998 Iowa Acts, chapter 1202, section 10(2a), unless a written request expressly waives one or more of the items listed in the section.

2.6(11) Regulatory analysis contents—substantial impact on small business. When a regulatory analysis is issued in response to a written request from the administrative rules review committee, the administrative rules coordinator, at least 25 persons signing that request who each qualify as a small
business or by an organization representing at least 25 small businesses, the regulatory analysis shall conform to the requirements of 1998 Iowa Acts, chapter 1202, section 10(2b).

2.7(1) A proposed rule that necessitates additional combined annual expenditures of at least $100,000, or additional combined expenditures of at least $500,000 within five years, by all affected persons, political subdivisions, or agencies and entities which contract with political subdivisions to provide services must be accompanied by a fiscal impact statement outlining the costs associated with the rule. A fiscal impact statement must satisfy the requirements of Iowa Code section 25B.6.

2.7(2) If the agency determines at the time it adopts a rule that the fiscal impact statement upon which the rule is based contains errors, the agency shall, at the same time, issue a corrected fiscal impact statement and publish the corrected fiscal impact statement in the Iowa Administrative Bulletin.

2.7(3) Jobs impact statement. The agency shall prepare a jobs impact statement for each proposed rule, as required by Iowa Code section 17A.4B, unless waived by the administrative rules coordinator. The analysis in the jobs impact statement shall give particular weight to jobs in production sectors of the economy, which includes the manufacturing and agricultural sectors of the economy, and shall include analysis, where applicable, of the impact of the rule on expansion of existing businesses or facilities.

If a jobs impact statement is revised after a notice of intended action or a rule filed without notice pursuant to Iowa Code section 17A.4(3) is published, the revised jobs impact statement shall be published as part of the preamble to the adopted version of the rule, unless the administrative rules coordinator determines that publication of the entire jobs impact statement would be unnecessary or impractical.

[ARC 5646C, IAB 6/2/21, effective 7/7/21]

281—2.8(17A) Time and manner of rule adoption.

2.8(1) Time of adoption. The agency shall not adopt a rule until the period for making written submissions and oral presentations has expired. Within 180 days after the later of the publication of the Notice of Intended Action, or the end of oral proceedings thereon, the agency shall adopt a rule pursuant to the rule-making proceeding or terminate the proceeding by publication of a notice to that effect in the Iowa Administrative Bulletin.

2.8(2) Consideration of public comment. Before the adoption of a rule, the agency shall consider fully all of the written submissions and oral submissions received in that rule-making proceeding or any memorandum summarizing such oral submissions, and any regulatory analysis or fiscal impact statement issued in that rule-making proceeding.

2.8(3) Reliance on agency expertise. Except as otherwise provided by law, the agency may use its own experience, technical competence, specialized knowledge, and judgment in the adoption of a rule.

281—2.9(17A) Variance between adopted rule and published notice of proposed rule adoption.

2.9(1) The agency shall not adopt a rule that differs from the rule proposed in the Notice of Intended Action on which the rule is based unless:

a. The differences are within the scope of the subject matter announced in the Notice of Intended Action and are in character with the issues raised in that notice; and

b. The differences are a logical outgrowth of the contents of that Notice of Intended Action and the comments submitted in response thereto; and

c. The Notice of Intended Action provided fair warning that the outcome of that rule-making proceeding could be the rule in question.

2.9(2) In determining whether the Notice of Intended Action provided fair warning that the outcome of that rule-making proceeding could be the rule in question, the agency shall consider the following factors:

a. The extent to which persons who will be affected by the rule should have understood that the rule-making proceeding on which it is based could affect their interests;

b. The extent to which the subject matter of the rule or the issues determined by the rule are different from the subject matter or issues contained in the Notice of Intended Action; and
c. The extent to which the effects of the rule differ from the effects of the proposed rule contained in the Notice of Intended Action.

2.9(3) The agency shall commence a rule-making proceeding within 60 days of its receipt of a petition for rule making seeking the amendment or repeal of a rule that differs from the proposed rule contained in the Notice of Intended Action upon which the rule is based, unless the agency finds that the differences between the adopted rule and the proposed rule are so insubstantial as to make such a rule-making proceeding wholly unnecessary. A copy of any such finding and the petition to which it responds shall be sent to petitioner, the administrative rules coordinator, and the administrative rules review committee, within three days of its issuance.

2.9(4) Concurrent rule-making proceedings. Nothing in this rule disturbs the discretion of the agency to initiate, concurrently, several different rule-making proceedings on the same subject with several different published Notices of Intended Action.

281—2.10(17A) Exemptions from public rule-making procedures.

2.10(1) Omission of notice and comment. To the extent the agency for good cause finds that public notice and participation are unnecessary, impracticable, or contrary to the public interest in the process of adopting a particular rule, the agency may adopt that rule without publishing advance Notice of Intended Action in the Iowa Administrative Bulletin and without providing for written or oral public submissions prior to its adoption. The agency shall incorporate the required finding and a brief statement of its supporting reasons in each rule adopted in reliance upon this subrule.

2.10(2) Public proceedings on rules adopted without them. The agency may, at any time, commence a standard rule-making proceeding for the adoption of a rule that is identical or similar to a rule it adopts in reliance upon subrule 2.10(1). Upon written petition by a governmental subdivision, the administrative rules review committee, an agency, the administrative rules coordinator, an association having not less than 25 members, or at least 25 persons, the agency shall commence a standard rule-making proceeding for any rule specified in the petition that was adopted in reliance upon subrule 2.10(1). Such a petition must be filed within one year of the publication of the specified rule in the Iowa Administrative Bulletin as an adopted rule. The rule-making proceeding on that rule must be commenced within 60 days of the receipt of such a petition. After a standard rule-making proceeding commenced pursuant to this subrule, the agency may either readopt the rule it adopted without benefit of all usual procedures on the basis of subrule 2.10(1), or may take any other lawful action, including the amendment or repeal of the rule in question, with whatever further proceedings are appropriate.

281—2.11(17A) Concise statement of reasons.

2.11(1) General. When requested by a person, either prior to the adoption of a rule or within 30 days after its publication in the Iowa Administrative Bulletin as an adopted rule, the agency shall issue a concise statement of reasons for the rule. Requests for such a statement must be in writing and be delivered to Legal Consultant’s Office, Department of Education, Grimes State Office Building, Des Moines, Iowa 50319-0146. The request should indicate whether the statement is sought for all or only a specified part of the rule. Requests will be considered made on the date received.

2.11(2) Contents. The concise statement of reasons shall contain:
   a. The reasons for adopting the rule;
   b. An indication of any change between the text of the proposed rule contained in the published Notice of Intended Action and the text of the rule as finally adopted, with the reasons for any such change;
   c. The principal reasons urged in the rule-making proceeding for and against the rule, and the agency’s reasons for overruling the arguments made against the rule.

2.11(3) Time of issuance. After a proper request, the agency shall issue a concise statement of reasons by the later of the time the rule is adopted or 35 days after receipt of the request.

281—2.12(17A) Contents, style, and form of rule.

2.12(1) Contents. Each rule adopted by the agency shall contain the text of the rule and, in addition:
   a. The date the agency adopted the rule;
b. A brief explanation of the principal reasons for the rule-making action if such reasons are required by 1998 Iowa Acts, chapter 1202, section 8, or the agency in its discretion decides to include such reasons;

c. A reference to all rules repealed, amended, or suspended by the rule;

d. A reference to the specific statutory or other authority authorizing adoption of the rule;

e. Any findings required by any provision of law as a prerequisite to adoption or effectiveness of the rule;

f. A brief explanation of the principal reasons for the failure to provide for waivers to the rule if no waiver provision is included and a brief explanation of any waiver or special exceptions provided in the rule if such reasons are required by 1998 Iowa Acts, chapter 1202, section 8, or the agency in its discretion decides to include such reasons; and

g. The effective date of the rule.

2.12(2) Incorporation by reference. The agency may incorporate by reference in a proposed or adopted rule, and without causing publication of the incorporated matter in full, all or any part of a code, standard, rule, or other matter if the agency finds that the incorporation of its text in the agency proposed or adopted rule would be unduly cumbersome, expensive, or otherwise inexpedient. The reference in the agency proposed or adopted rule shall fully and precisely identify the incorporated matter by location, title, citation, date, and edition, if any; shall briefly indicate the precise subject and the general contents of the incorporated matter; and shall state that the proposed or adopted rule does not include any later amendments or editions of the incorporated matter. The agency may incorporate such matter by reference in a proposed or adopted rule only if the agency makes copies of it readily available to the public. The rule shall state how and where copies of the incorporated matter may be obtained at cost from this agency, and how and where copies may be obtained from the agency of the United States, this state, another state, or the organization, association, or persons, originally issuing that matter. The agency shall retain permanently a copy of any materials incorporated by reference in a rule of the agency.

If the agency adopts standards by reference to another publication, it shall provide a copy of the publication containing the standards to the administrative rules coordinator for deposit in the state law library and may make the standards available electronically. The agency may establish alternative procedures providing for public access to an electronic or printed copy of a publication containing standards adopted by reference if the publication is proprietary or contains proprietary information.

2.12(3) References to materials not published in full. When the administrative code editor decides to omit the full text of a proposed or adopted rule because publication of the full text would be unduly cumbersome, expensive, or otherwise inexpedient, the agency shall prepare and submit to the administrative code editor for inclusion in the Iowa Administrative Bulletin and Iowa Administrative Code a summary statement describing the specific subject matter of the omitted material. This summary statement shall include the title and a brief description sufficient to inform the public of the specific nature and subject matter of the proposed or adopted rules, and of significant issues involved in these rules. The summary statement shall also describe how a copy of the full text of the proposed or adopted rule, including any unpublished matter and any matter incorporated by reference, may be obtained from the agency. The agency will provide a copy of that full text at actual cost upon request and shall make copies of the full text available for review at the state law library and may make the standards available electronically.

At the request of the administrative code editor, the agency shall provide a proposed statement explaining why publication of the full text would be unduly cumbersome, expensive, or otherwise inexpedient.

2.12(4) Style and form. In preparing its rules, the agency shall follow the uniform numbering system, form, and style prescribed by the administrative rules coordinator.

[ARC 5646C, IAB 6/2/21, effective 7/7/21]

281—2.13(17A) Agency rule-making record.
2.13(1) Requirement. The agency shall maintain an official rule-making record for each rule it proposes by publication in the Iowa Administrative Bulletin of a Notice of Intended Action, or adopts. The rule-making record and materials incorporated by reference must be available for public inspection.

2.13(2) Contents. The agency rule-making record shall contain:

a. Copies of all publications in the Iowa Administrative Bulletin with respect to the rule or the proceeding upon which the rule is based and any file-stamped copies of agency submissions to the administrative rules coordinator concerning that rule or the proceeding upon which it is based;

b. Copies of any portions of the agency’s public rule-making docket containing entries relating to the rule or the proceeding upon which the rule is based;

c. All written petitions, requests, and submissions received by the agency, and all other written materials of a factual nature as distinguished from opinion that are relevant to the merits of the rule and that were created or compiled by the agency and considered by the director, in connection with the formulation, proposal, or adoption of the rule or the proceeding upon which the rule is based, except to the extent the agency is authorized by law to keep them confidential; provided, however, that when any such materials are deleted because they are authorized by law to be kept confidential, the agency shall identify in the record the particular materials deleted and state the reasons for that deletion;

d. Any official transcript of oral presentations made in the proceeding upon which the rule is based or, if not transcribed, the stenographic record or electronic recording of those presentations, and any memorandum prepared by a presiding officer summarizing the contents of those presentations;

e. A copy of any regulatory analysis or fiscal impact statement prepared for the proceeding upon which the rule is based;

f. A copy of the rule and any concise statement of reasons prepared for that rule;

g. All petitions for amendment or repeal or suspension of the rule;

h. A copy of any objection to the issuance of that rule without public notice and participation that was filed pursuant to Iowa Code section 17A.4(2) by the administrative rules review committee, the governor, or the attorney general;

i. A copy of any objection to the rule filed by the administrative rules review committee, the governor, or the attorney general pursuant to Iowa Code section 17A.4(4), and any agency response to that objection;

j. A copy of any significant written criticism of the rule, including a summary of any petitions for waiver of the rule; and

k. A copy of any executive order concerning the rule.

2.13(3) Effect of record. Except as otherwise required by a provision of law, the agency rule-making record required by this rule need not constitute the exclusive basis for agency action on that rule.

2.13(4) Maintenance of record. The agency shall maintain the rule-making record for a period of not less than five years from the later of the date the rule to which it pertains became effective, the date of the Notice of Intended Action, or the date of any written criticism as described in 2.13(2)“g,” “h,” “i,” or “j.”

281—2.14(17A) Filing of rules. The agency shall file each rule it adopts in the office of the administrative rules coordinator. The filing must be executed as soon after adoption of the rule as is practicable. At the time of filing, each rule must have attached to it any fiscal impact statement and any concise statement of reasons that was issued with respect to that rule. If, a fiscal impact statement or statement of reasons for that rule was not issued until a time subsequent to the filing of that rule, the note or statement must be attached to the filed rule within five working days after the note or statement is issued. In filing a rule, the agency shall use the standard form prescribed by the administrative rules coordinator.

281—2.15(17A) Effectiveness of rules prior to publication.

2.15(1) Grounds. The agency may make a rule effective after its filing at any stated time prior to 35 days after its indexing and publication in the Iowa Administrative Bulletin if it finds that a statute so provides, the rule confers a benefit or removes a restriction on some segment of the public, or that the
The effective date of the rule is necessary to avoid imminent peril to the public health, safety, or welfare. The agency shall incorporate the required finding and a brief statement of its supporting reasons in each rule adopted in reliance upon this subrule.

2.15(2) Special notice. When the agency makes a rule effective prior to its indexing and publication in reliance upon the provisions of Iowa Code section 17A.5(2)“b”(3), the agency shall employ all reasonable efforts to make its contents known to the persons who may be affected by that rule prior to the rule’s indexing and publication. The term “all reasonable efforts” requires the agency to employ the most effective and prompt means of notice rationally calculated to inform potentially affected parties of the effectiveness of the rule that is justified and practical under the circumstances considering the various alternatives available for this purpose, the comparative costs to the agency of utilizing each of those alternatives, and the harm suffered by affected persons from any lack of notice concerning the contents of the rule prior to its indexing and publication. The means that may be used for providing notice of such rules prior to their indexing and publication include, but are not limited to, any one or more of the following means: radio, newspaper, television, signs, mail, telephone, personal notice or electronic means.

A rule made effective prior to its indexing and publication in reliance upon the provisions of Iowa Code section 17A.5(2)“b”(3), shall include in that rule a statement describing the reasonable efforts that will be used to comply with the requirements of subrule 2.15(2).

281—2.16(17A) General statements of policy.

2.16(1) Compilation, indexing, public inspection. The agency shall maintain an official, current, and dated compilation that is indexed by subject, containing all of its general statements of policy within the scope of Iowa Code section 17A.2(10)”a,” “c,” “f,” “g,” “h,” “k.” Each addition to, change in, or deletion from the official compilation must also be dated, indexed, and a record thereof kept. Except for those portions containing rules governed by Iowa Code section 17A.2(7)”f,” or otherwise authorized by law to be kept confidential, the compilation must be made available for public inspection and copying.

2.16(2) Enforcement of requirements. A general statement of policy subject to the requirements of this subsection shall not be relied on by the agency to the detriment of any person who does not have actual, timely knowledge of the contents of the statement until the requirements of subrule 2.16(1) are satisfied. This provision is inapplicable to the extent necessary to avoid imminent peril to the public health, safety, or welfare.

281—2.17(17A) Review by agency of rules.

2.17(1) Any interested person, association, agency, or political subdivision may submit a written request to the administrative rules coordinator requesting the agency to conduct a formal review of a specified rule. Upon approval of that request by the administrative rules coordinator, the agency shall conduct a formal review of a specified rule to determine whether a new rule should be adopted instead or the rule should be amended or repealed. The agency may refuse to conduct a review if it has conducted such a review of the specified rule within five years prior to the filing of the written request.

2.17(2) In conducting the formal review, the agency shall prepare within a reasonable time a written report summarizing its findings, its supporting reasons, and any proposed course of action. The report must include a concise statement of the agency’s findings regarding the rule’s effectiveness in achieving its objectives, including a summary of any available supporting data. The report shall also concisely describe significant written criticisms of the rule received during the previous five years, including a summary of any petitions for waiver of the rule received by the agency or granted by the agency. The report shall describe alternative solutions to resolve the criticisms of the rule, the reasons any were rejected, and any changes made in the rule in response to the criticisms as well as the reasons for the changes. A copy of the agency’s report shall be sent to the administrative rules review committee and the administrative rules coordinator. The report must also be available for public inspection.

2.17(3) Beginning July 1, 2012, over each five-year period of time, the agency shall conduct an ongoing and comprehensive review of all of the agency’s rules. The goal of the review is the identification and elimination of all rules of the agency that are outdated, redundant, or inconsistent or incompatible
with statute or its own rules or those of other agencies. The agency shall commence its review by developing a plan of review in consultation with major stakeholders and constituent groups. When the agency completes the five-year review of the agency’s own rules, the agency shall provide a summary of the results to the administrative rules coordinator and the administrative rules review committee.

281—2.18(17A) Petition for rule making. A petition requesting the adoption, amendment, or repeal of a rule shall be filed with the department of education at the Grimes State Office Building, Second Floor, Des Moines, Iowa 50319-0146. A petition is deemed filed when it is received by that office. The department of education shall provide the petitioner with a file-stamped copy of the petition if the petitioner provides the department an extra copy for this purpose.

2.18(1) Form. The petition must be typewritten or legibly handwritten in ink and must substantially conform to the following form:

```
DEPARTMENT OF EDUCATION

Petition by (Name of Petitioner) for the Adoption/Amendment/Repeal of (Cite rule involved). 

PETITION FOR RULE MAKING

The petition must provide the following information:

1. A clear and concise statement of all relevant facts on which the petition is based.
2. The precise citation to the present rule if the petition is for the amendment or repeal of the same.
3. A citation and the relevant language of the specific statutes, rules, policies, decisions, or orders, and any other relevant law.
4. A summary of the reasons for requesting the adoption, amendment or repeal of a rule.
5. Full disclosure of the petitioner’s interest in the outcome of the petition.
6. A statement indicating whether the petitioner is currently a party to another proceeding involving the issue(s) raised by the petition and whether, to the petitioner’s knowledge, those issues have been decided by, are pending determination by, or are under investigation by, any other governmental entity.
7. The names and addresses of other persons, or a description of any class of persons, known by petitioner to be affected by, or interested in, the issue(s) presented in the petition.

The petition must be dated and signed by the petitioner or the petitioner’s representative. It must also include the name, mailing address, and telephone number of the petitioner and petitioner’s representative and a statement indicating the person to whom communications concerning the petition should be directed.

2.18(2) Response to petition. Within 60 days after submission of a petition, the agency either shall deny the petition in writing on the merits, stating its reasons for the denial, or initiate rule-making proceedings in accordance with this chapter, or adopt a rule if it is not required to be filed according to the procedures of this chapter and Iowa Code section 17A.4(1). The agency shall submit the petition and the disposition of the petition to the administrative rules review committee.

[ARC 5646C, IAB 6/2/21, effective 7/7/21]

281—2.19(17A) Rule-making Internet site. Subject to the direction of the administrative rules coordinator, the agency shall make available to the public a uniform, searchable, and user-friendly rules database, published on an Internet site. An agency’s rule-making Internet site shall also make available to the public all of the following:

2.19(1) A brief summary of the rule-making process, including a description of any opportunity for public participation in the process.
2.19(2) Process forms for filing comments or complaints concerning proposed or adopted rules.
2.19(3) Process forms and instructions for filing a petition for rule making pursuant to rule 281—2.18(17A), a petition for a declaratory order pursuant to 281—Chapter 3, or a petition for a waiver of an administrative rule pursuant to 281—Chapter 4.
2.19(4) Any other material prescribed by the administrative rules coordinator.

CHAPTER 3
DECLARATORY ORDERS
[Prior to 9/7/88, see Public Instruction Department[670] Ch 53]

281—3.1(17A) Petition for declaratory order. Any person may file a petition with the department of education for a declaratory order as to the applicability to specified circumstances of a statute, rule, or order within the primary jurisdiction of the Department of Education, at the Grimes State Office Building, Second Floor, Des Moines, Iowa 50319-0146. A petition is deemed filed when it is received by that office. The department of education shall provide the petitioner with a file-stamped copy of the petition if the petitioner provides the agency an extra copy for this purpose. The petition must be typewritten or legibly handwritten in ink and must substantially conform to the following form:

```
DEPARTMENT OF EDUCATION

Petition by (Name of Petitioner) for a Declaratory Order on (Cite provisions of law involved).

PETITION FOR DECLARATORY ORDER
```

The petition must provide the following information:
1. A clear and concise statement of all relevant facts on which the order is requested.
2. A citation and the relevant language of the specific statutes, rules, policies, decisions, or orders, whose applicability is questioned, and any other relevant law.
3. The questions petitioner wants answered, stated clearly and concisely.
4. The answers to the questions desired by the petitioner and a summary of the reasons urged by the petitioner in support of those answers.
5. The reasons for requesting the declaratory order and disclosure of the petitioner’s interest in the outcome.
6. A statement indicating whether the petitioner is currently a party to another proceeding involving the questions at issue and whether, to the petitioner’s knowledge, those questions have been decided by, are pending determination by, or are under investigation by, any governmental entity.
7. The names and addresses of other persons, or a description of any class of persons, known by petitioner to be affected by, or interested in, the questions presented in the petition.
8. Any request by petitioner for a meeting provided for by 3.7(17A).

The petition must be dated and signed by the petitioner or the petitioner’s representative. It must also include the name, mailing address, and telephone number of the petitioner and petitioner’s representative and a statement indicating the person to whom communications concerning the petition should be directed.

281—3.2(17A) Notice of petition. Within 15 days after receipt of a petition for a declaratory order, the department of education shall give notice of the petition to all persons not served by the petitioner pursuant to 3.6(17A) to whom notice is required by any provision of law. The department of education may also give notice to any other persons.

281—3.3(17A) Intervention.

3.3(1) Persons who qualify under any applicable provision of law as an intervenor and who file a petition for intervention within 15 days of the filing of a petition for declaratory order (after time for notice under 3.2(17A) and before 30-day time for agency action under 3.8(17A)) shall be allowed to intervene in a proceeding for a declaratory order.

3.3(2) Any person who files a petition for intervention at any time prior to the issuance of an order may be allowed to intervene in a proceeding for a declaratory order at the discretion of the department of education.

3.3(3) A petition for intervention shall be filed at the Office of the Director, Grimes State Office Building, Des Moines, Iowa 50319-0146. Such a petition is deemed filed when it is received by that
office. The department of education will provide the petitioner with a file-stamped copy of the petition for intervention if the petitioner provides an extra copy for this purpose. A petition for intervention must be typewritten or legibly handwritten in ink and must substantially conform to the following form:

DEPARTMENT OF EDUCATION

Petition by (Name of Original Petitioner) for a Declaratory Order on (Cite provisions of law cited in original petition).

PETITION FOR INTERVENTION

The petition for intervention must provide the following information:

1. Facts supporting the intervenor’s standing and qualifications for intervention.
2. The answers urged by the intervenor to the question or questions presented and a summary of the reasons urged in support of those answers.
3. Reasons for requesting intervention and disclosure of the intervenor’s interest in the outcome.
4. A statement indicating whether the intervenor is currently a party to any proceeding involving the questions at issue and whether, to the intervenor’s knowledge, those questions have been decided by, are pending determination by, or are under investigation by, any governmental entity.
5. The names and addresses of any additional persons, or a description of any additional class of persons, known by the intervenor to be affected by, or interested in, the questions presented.
6. Whether the intervenor consents to be bound by the determination of the matters presented in the declaratory order proceeding.

The petition must be dated and signed by the intervenor or the intervenor’s representative. It must also include the name, mailing address, and telephone number of the intervenor and intervenor’s representative, and a statement indicating the person to whom communications should be directed.

281—3.4(17A) Briefs. The petitioner or any intervenor may file a brief in support of the position urged. The department of education may request a brief from the petitioner, any intervenor, or any other person concerning the questions raised.

281—3.5(17A) Inquiries. Inquiries concerning the status of a declaratory order proceeding may be made to the Legal Consultant, Department of Education, Grimes State Office Building, Des Moines, Iowa 50139-0146.

281—3.6(17A) Service and filing of petitions and other papers.

3.6(1) When service required. Except where otherwise provided by law, every petition for declaratory order, petition for intervention, brief, or other paper filed in a proceeding for a declaratory order shall be served upon each of the parties of record to the proceeding, and on all other persons identified in the petition for declaratory order or petition for intervention as affected by or interested in the questions presented, simultaneously with their filing. The party filing a document is responsible for service on all parties and other affected or interested persons.

3.6(2) Filing—when required. All petitions for declaratory orders, petitions for intervention, briefs, or other papers in a proceeding for a declaratory order shall be filed with the Legal Consultant, Department of Education, Grimes State Office Building, Des Moines, Iowa 50319-0146. All petitions, briefs, or other papers that are required to be served upon a party shall be filed simultaneously with the department of education.

3.6(3) Method of service, time of filing, and proof of mailing. Method of service, time of filing, and proof of mailing shall be as provided by 281—6.17(17A).

281—3.7(17A) Consideration. Upon request by petitioner, the department of education must schedule a brief and informal meeting between the original petitioner, all intervenors, and the department of education, a member of the department, or a member of the staff of the department, to discuss the
questions raised. The department of education may solicit comments from any person on the questions raised. Also, comments on the questions raised may be submitted to the department by any person.

281—3.8(17A) Action on petition.
  3.8(1) Within the time allowed by 1998 Iowa Acts, chapter 1202, section 13(5), after receipt of a petition for a declaratory order, the director of the department of education or designee shall take action on the petition as required by 1998 Iowa Acts, chapter 1202, section 13(5).
  3.8(2) The date of issuance of an order or of a refusal to issue an order is as defined in 281—6.2(290,17A).

281—3.9(17A) Refusal to issue order.
  3.9(1) The department of education shall not issue a declaratory order where prohibited by 1998 Iowa Acts, chapter 1202, section 13(1), and may refuse to issue a declaratory order on some or all questions raised for the following reasons:
    1. The petition does not substantially comply with the required form.
    2. The petition does not contain facts sufficient to demonstrate that the petitioner will be aggrieved or adversely affected by the failure of the department of education to issue an order.
    3. The department of education does not have jurisdiction over the questions presented in the petition.
    4. The questions presented by the petition are also presented in a current rule making, contested case, or other agency or judicial proceeding that may definitively resolve them.
    5. The questions presented by the petition would more properly be resolved in a different type of proceeding or by another body with jurisdiction over the matter.
    6. The facts or questions presented in the petition are unclear, overbroad, insufficient, or otherwise inappropriate as a basis upon which to issue an order.
    7. There is no need to issue an order because the questions raised in the petition have been settled due to a change in circumstances.
    8. The petition is not based upon facts calculated to aid in the planning of future conduct but is, instead, based solely upon prior conduct in an effort to establish the effect of that conduct or to challenge an agency decision already made.
    9. The petition requests a declaratory order that would necessarily determine the legal rights, duties, or responsibilities of other persons who have not joined in the petition, intervened separately, or filed a similar petition and whose position on the questions presented may fairly be presumed to be adverse to that of petitioner.
   10. The petitioner requests the department of education to determine whether a statute is unconstitutional on its face.
  3.9(2) A refusal to issue a declaratory order must indicate the specific grounds for the refusal and constitutes final agency action on the petition.
  3.9(3) Refusal to issue a declaratory order pursuant to this provision does not preclude the filing of a new petition that seeks to eliminate the grounds for the refusal to issue a ruling.

281—3.10(17A) Contents of declaratory order—effective date. In addition to the order itself, a declaratory order must contain the date of its issuance, the name of petitioner and all intervenors, the specific statutes, rules, policies, decisions, or orders involved, the particular facts upon which it is based, and the reasons for its conclusion.

A declaratory order is effective on the date of issuance.

281—3.11(17A) Copies of orders. A copy of all orders issued in response to a petition for a declaratory order shall be mailed promptly to the original petitioner and all intervenors.

281—3.12(17A) Effect of a declaratory order. A declaratory order has the same status and binding effect as a final order issued in a contested case proceeding. It is binding on the department of education, the petitioner, and any intervenors who consent to be bound and is applicable only in circumstances where
the relevant facts and the law involved are indistinguishable from those on which the order was based. As to all other persons, a declaratory order serves only as precedent and is not binding on the department of education. The issuance of a declaratory order constitutes final agency action on the petition.

These rules are intended to implement Iowa Code section 256.7(3) and chapter 17A as amended by 1998 Iowa Acts, chapter 1202.

CHAPTER 4
WAIVERS FROM ADMINISTRATIVE RULES

281—4.1(17A,ExecOrd11) Definitions. For purposes of this chapter:

“Board” means the state board of education.
“Department” means the department of education.
“Director” means the director of the department of education.
“Person” means an individual, school corporation, government or governmental subdivision or agency, nonpublic school, partnership or association, or any legal entity.

“Waiver” means action by the director which suspends in whole or in part the requirements or provisions of a rule as applied to an identified person on the basis of the particular circumstances of that person.

[ARC 5647C, IAB 6/2/21, effective 7/7/21]

281—4.2(17A,ExecOrd11) Scope of chapter. This chapter outlines generally applicable standards and a uniform process for the granting of individual waivers from rules in situations where no other more specifically applicable law provides for waivers. To the extent another more specific provision of law governs the issuance of a waiver from a particular rule, the more specific provision shall supersede this chapter with respect to any waiver from that rule.

281—4.3(17A,ExecOrd11) Applicability of chapter. A waiver from a rule may be granted only if the department has jurisdiction over the rule and the requested waiver is consistent with applicable statutes, constitutional provisions, or other provisions of law. Statutory duties or requirements created by statute may not be waived.

281—4.4(17A,ExecOrd11) Criteria for waiver. In response to a petition completed pursuant to rule 281—4.6(17A,ExecOrd11), the director may in the director’s sole discretion issue an order waiving in whole or in part the requirements of a rule if the director finds, based on clear and convincing evidence, all of the following:

1. The application of the rule to the person at issue would result in an undue hardship on the person for whom the waiver is requested;
2. The waiver from the requirement of the rule in the specific case would not prejudice the substantial legal rights of any person;
3. The provisions of the rule subject to the petition for a waiver are not specifically mandated by statute or another provision of law;
4. Substantially equal protection of public health, safety, and welfare will be afforded by a means other than that prescribed in the particular rule for which the waiver is requested; and
5. The waiver from the requirements of the rule in the specific case would not have a negative impact on the student achievement of any person affected by the waiver.

281—4.5(17A,ExecOrd11) Filing of petition. All petitions for waiver must be submitted in writing to the Director, Department of Education, Grimes State Office Building, Des Moines, Iowa 50319-0146. If the petition relates to a pending contested case, the petition shall be filed in the contested case proceeding, using the caption of the contested case.

281—4.6(17A,ExecOrd11) Content of petition. A petition for waiver shall include the following information where applicable and known to the requester:

1. The name, address, and telephone number of the person for whom a waiver is being requested, and the case number of any related contested case.
2. A description and citation of the specific rule from which a waiver is requested.
3. The specific waiver requested, including the precise scope and duration.
4. The relevant facts that the petitioner believes would justify a waiver under each of the five criteria described in rule 281—4.4(17A,ExecOrd11). This statement shall include a signed statement
from the petitioner attesting to the accuracy of the facts provided in the petition and a statement of reasons that the petitioner believes will justify a waiver.

5. A history of any prior contacts between the board, the department and the petitioner relating to the regulated activity, license, or grant affected by the proposed waiver, including a description of each affected item held by the requester, any notices of violation, contested case hearings, or investigative reports relating to the regulated activity, license, or grant within the last five years.

6. A detailed statement of the impact on student achievement for any person affected by the granting of a waiver.

7. Any information known to the requester regarding the board’s or department’s treatment of similar cases.

8. The name, address, and telephone number of any person or entity that would be adversely affected by the granting of a petition.

9. The name, address, and telephone number of any person with knowledge of the relevant facts relating to the proposed waiver.

10. Signed releases of information authorizing persons with knowledge regarding the request to furnish the department with information relevant to the waiver.

[ARC 5647C, IAB 6/2/21, effective 7/7/21]

281—4.7(17A, ExecOrd11) Additional information. Prior to issuing an order granting or denying a waiver, the department may request additional information from the petitioner relative to the petition and surrounding circumstances. If the petition was not filed in a contested case, the department may on its own motion or at the petitioner’s request, schedule a telephonic or in-person meeting between the petitioner and the department.

281—4.8(17A, ExecOrd 11) Notice. The department shall acknowledge a petition upon receipt. The department shall ensure that, within 30 days of the receipt of the petition, notice of the pendency of the petition and a concise summary of its contents have been provided to all persons to whom notice is required by any provision of law. In addition, the department may give notice to other persons. To accomplish this notice provision, the department may require the petitioner to serve the notice on all persons to whom notice is required by any provision of law and provide a written statement to the department attesting that notice has been provided.

281—4.9(17A, ExecOrd11) Hearing procedures. The provisions of Iowa Code sections 17A.10 to 17A.18A regarding contested case hearings shall apply in three situations: (1) to any petition for a waiver filed within a contested case; (2) when provided by rule or order; or (3) when required to do so by statute.

281—4.10(17A, ExecOrd11) Ruling. An order granting or denying a waiver shall be in writing and shall contain a reference to the particular person and rule or portion thereof to which the order pertains, a statement of the relevant facts and the reasons upon which the action is based, and a description of the precise scope and operative period of the waiver if one is issued.

4.10(1) Discretion. The final decision on whether the circumstances justify the granting of a waiver shall be made at the sole discretion of the director, upon consideration of all relevant factors. Each petition for a waiver shall be evaluated by the director based on the unique, individual circumstances set out in the petition.

4.10(2) Burden of persuasion. The burden of persuasion rests with the petitioner to demonstrate by clear and convincing evidence that the director should exercise the director’s discretion to grant a waiver from a rule.

4.10(3) Narrowly tailored. A waiver, if granted, shall provide the narrowest exception possible to the provisions of a rule.

4.10(4) Administrative deadlines. When the rule from which a waiver is sought establishes administrative deadlines, the director shall balance the special individual circumstances of the petitioner with the overall goal of uniform treatment of all similarly situated persons.
4.10(5) Conditions. The director may place any condition on a waiver that the director finds desirable to protect the public health, safety, and welfare.

4.10(6) Time period of waiver. A waiver shall not be permanent unless the petitioner can show that a temporary waiver would be impracticable. If a temporary waiver is granted, there is no automatic right to renewal. At the sole discretion of the director, a waiver may be renewed if the director finds that grounds for a waiver continue to exist.

4.10(7) Time for ruling. The director shall grant or deny a petition for a waiver as soon as practicable but, in any event, shall do so within 120 days of its receipt, unless the petitioner agrees to a later date. However, if a petition is filed in a contested case, the director shall grant or deny the petition no later than the time at which the final decision in that contested case is issued.

4.10(8) When deemed denied. Failure of the director to grant or deny a petition within the required time period shall be deemed a denial of that petition by the director. However, the director shall remain responsible for issuing an order denying a waiver.

4.10(9) Service of order. Within seven days of its issuance, any order issued under this chapter shall be transmitted to the petitioner or the person to whom the order pertains, and to any other person entitled to such notice by any provision of law.

281—4.11(17A, ExecOrd11) Public availability. All orders granting or denying a waiver petition shall be indexed, filed and available for public inspection as provided in Iowa Code section 17A.3. Petitions for a waiver and orders granting or denying a waiver petition are public records under Iowa Code chapter 22. The director may accordingly redact confidential information from petitions or orders prior to public inspection. Waiver information is available as described in rule 281—4.12(17A, ExecOrd11).

[ARC 5647C, IAB 6/2/21, effective 7/7/21]

281—4.12(17A, ExecOrd11) Submission of waiver information. When the department grants or denies a waiver, the department shall submit the information required by this rule on the Internet site established pursuant to Iowa Code section 17A.9A(4) within 60 days. The Internet site shall identify the rules for which a waiver has been granted or denied, the number of times a waiver was granted or denied for each rule, a citation to the statutory provisions implemented by these rules, and a general summary of the reasons justifying the department’s actions on waiver requests. If practicable, the submission shall include information detailing the extent to which the granting of a waiver has established a precedent for additional waivers and has affected the general applicability of the rule itself.

[ARC 5647C, IAB 6/2/21, effective 7/7/21]

281—4.13(17A, ExecOrd11) Cancellation. A waiver issued pursuant to this chapter may be withdrawn, canceled or modified if, after appropriate notice and hearing, the director issues an order finding any of the following:

1. The petitioner or the person who was the subject of the waiver order withheld or misrepresented material facts relevant to the propriety or desirability of the waiver; or
2. The alternative means for ensuring that the public health, safety and welfare will be adequately protected after issuance of the waiver order have been demonstrated to be insufficient; or
3. The subject of the waiver order has failed to comply with all conditions contained in the order.

281—4.14(17A, ExecOrd11) Violations. Violation of conditions in the waiver approval is the equivalent of violation of the particular rule for which the waiver is granted. As a result, the recipient of a waiver under this chapter who violates a condition of the waiver may be subject to the same remedies or penalties as a person who violates the rule at issue.

281—4.15(17A, ExecOrd11) Defense. After the director issues an order granting a waiver, the order is a defense within its terms and the specific facts indicated therein for the person to whom the order pertains in any proceeding in which the rule in question is sought to be invoked.
281—4.16(17A, ExecOrd11) Judicial review. Judicial review of the director’s decision to grant or deny a waiver petition may be taken in accordance with Iowa Code chapter 17A.

281—4.17(17A, ExecOrd11) Exception. This rule does not apply to 281—Chapters 36 and 37 or to specific waiver provisions adopted in other chapters.

These rules are intended to implement Iowa Code section 17A.9A.

CHAPTER 5
PUBLIC RECORDS AND FAIR INFORMATION PRACTICES
[Prior to 9/7/88, see Public Instruction Department[670] Ch 83]

The department of education hereby adopts, with the following exceptions and amendments, rules of the Governor’s Task Force on Uniform Rules of Agency Procedure relating to public records and fair information practices which are printed in the first volume of the Iowa Administrative Code.

281—5.1(256) Definitions. As used in this chapter:

“Agency.” In lieu of the words “(official or body issuing these rules)”, insert “department of education”.

281—5.3(256) Requests for access to records.

5.3(1) Location of record. All records of the department of education are located at the Grimes State Office Building, Des Moines, Iowa 50319-0146, with the exception of records belonging to the division of vocational rehabilitation services, which are located at the Jessie Parker State Office Building, 510 East 12th Street, Des Moines, Iowa 50319.

5.3(2) Office hours. In lieu of the words “(insert customary office hours and, if agency does not have customary office hours of at least thirty hours per week, insert hours specified in Iowa Code section 22.4)”, insert “8 a.m. to 4:30 p.m. daily, excluding Saturdays, Sundays, and legal holidays”.

5.3(7) Fees.

   c. Supervisory fee. In lieu of the words “(specify time period)”, insert “one-half hour”. In lieu of the words “(An agency wishing to deal with search fees authorized by law should do so here.)”, insert “The agency will give advance notice to the requester if it will be necessary to use an employee with a higher hourly wage in order to find or supervise the particular records in question, and shall indicate the amount of that higher hourly wage to the requester.”

281—5.6(256) Procedure by which additions, dissents, or objections may be entered into certain records. In lieu of the words “(designate office)”, insert “the office of the director of the agency”.

281—5.9(256) Disclosures without the consent of the subject.

5.9(1) Open records are routinely disclosed without the consent of the subject.

5.9(2) To the extent allowed by law, disclosure of confidential or exempt records may occur without the consent of the subject. Following are instances where disclosure, if lawful, will generally occur without notice to the subject:

   a. For a routine use as defined in rule 5.10(256) or in the notice for a particular record system.

   b. To a recipient who has provided the agency with advance written assurance that the record will be used solely as a statistical research or reporting record, provided that the record is transferred in a form that does not identify the subject.

   c. To another government agency or to an instrumentality of any governmental jurisdiction within or under the control of the United States for a civil or criminal law enforcement activity if the activity is authorized by law, and if an authorized representative of the government agency or instrumentality has submitted a written request to the agency specifying the record desired and the law enforcement activity for which the record is sought.

   d. To an individual pursuant to a showing of compelling circumstances affecting the health or safety of an individual if a notice of the disclosure is transmitted to the last-known address of the subject.

   e. To the legislative services agency.

   f. Disclosures in the course of employee disciplinary proceedings.

   g. In response to a court order or subpoena.

281—5.10(256) Routine use.

5.10(1) “Routine use” means the disclosure of a record without the consent of the subject or subjects, for a purpose which is compatible with the purpose for which the record was collected. It includes disclosures required to be made by statute other than the public records law, Iowa Code chapter 22.
5.10(2) To the extent allowed by law, the following uses are considered routine uses of all agency records:
   
a. Disclosure to those officers, employees, and agents of the agency who have a need for the record in the performance of their duties. The custodian of the record may, upon request of any officer or employee, or on the custodian’s own initiative, determine what constitutes legitimate need to use confidential records.

b. Disclosure of information indicating an apparent violation of the law to appropriate law enforcement authorities for investigation and possible criminal prosecution, civil court action, or regulatory order.

c. Disclosure to the department of inspections and appeals regarding matters in which it performs services or functions on behalf of the agency.

d. Transfers of information within the agency, to other state agencies, or to local units of government, as appropriate, to administer the program for which the information is collected.

e. Information released to staff of federal and state entities for audit purposes or to determine whether the agency is operating a program lawfully.

f. Any disclosure specifically authorized by the statute under which the record is collected or maintained.

281—5.11(256) Consensual disclosure of confidential records.

5.11(1) Consent to disclosure by a subject individual. To the extent permitted by law, the subject may consent in writing to agency disclosure of confidential records as provided in rule 5.7(256).

5.11(2) Complaints to public officials. A letter from a subject of a confidential record to a public official which seeks the official’s intervention on behalf of the subject in a matter that involves the agency may to the extent permitted by law be treated as an authorization to release sufficient information about the subject to the official to resolve the matter.

281—5.12(256) Release to a subject.

5.12(1) The subject of a confidential record may file a written request to review confidential records about that person as provided in rule 5.6(256). However, the agency need not release the following records to the subject:

a. The identity of a person providing information to the agency need not be disclosed directly or indirectly to the subject of the information when the information is authorized to be held confidential pursuant to Iowa Code section 22.7(18) or other provision of law.

b. Records need not be disclosed to the subject when they are the work product of an attorney or are otherwise privileged.

c. Peace officers’ investigative reports may be withheld from the subject, except as required by the Iowa Code. (See Iowa Code section 22.7(5))

d. As otherwise authorized by law.

5.12(2) Where a record has multiple subjects with interest in the confidentiality of the record, the agency may take reasonable steps to protect confidential information relating to another subject.

281—5.13(256) Availability of records.

5.13(1) Open records. Agency records are open for public inspection and copying unless otherwise provided by rule or law.

5.13(2) Confidential records. The following records may be withheld from public inspection. Records are listed by category, according to the legal basis for withholding them from public inspection.

a. Sealed bids received prior to the time set for public opening of bids under Iowa Code section 72.3.

b. Tax records made available to the agency. (Iowa Code sections 422.20 and 422.72)

c. Records which are exempt from disclosure under Iowa Code section 22.7.

d. Minutes of closed meetings of a government body. (Iowa Code section 21.5(4))
e. Identifying details in final orders, decisions and opinions to the extent required to prevent a clearly unwarranted invasion of personal privacy or trade secrets under Iowa Code section 17A.3(1) “d.”

f. Those portions of agency staff manuals, instructions or other statements issued which set forth criteria or guidelines to be used by agency staff in auditing, in making inspections, in settling commercial disputes or negotiating commercial arrangements, or in the selection or handling of cases, such as operational tactics or allowable tolerances or criteria for the defense, prosecution or settlement of cases, when disclosure of these statements would:
   (1) Enable law violators to avoid detection;
   (2) Facilitate disregard of requirements imposed by law; or
   (3) Give a clearly improper advantage to persons who are in an adverse position to the agency. (See Iowa Code sections 17A.2 and 17A.3)

g. Records which constitute attorney work product, attorney-client communications, or which are otherwise privileged. Attorney work product is confidential under Iowa Code sections 22.7(4), 622.10 and 622.11, Iowa R.C.P. 122(c), Fed. R. Civ. P. 26(b)(3), and case law. Attorney-client communications are confidential under Iowa Code sections 622.10 and 622.11, the rules of evidence, the Code of Professional Responsibility, and case law.

h. Any other records made confidential by law.

5.13(3) Authority to release confidential records. The agency may have discretion to disclose some confidential records which are exempt from disclosure under Iowa Code section 22.7 or other law. Any person may request permission to inspect records withheld from inspection under a statute which authorizes limited or discretionary disclosure as provided in rule 5.4(17A.22). If the agency initially determines that it will release these records, the agency may, where appropriate, notify interested parties and withhold the records from inspection as provided in subrule 5.4(3).

281—5.14(256) Personally identifiable information. This rule describes the nature and extent of personally identifiable information which is collected, maintained, and retrieved by the agency by personal identifier in record systems as defined in rule 5.1(256). For each record system, this rule describes the legal authority for the collection of that information, the means of storage of that information and indicates whether a data processing system matches, collates, or permits the comparison of personally identifiable information in one record system with that in another record system. The record systems maintained by the agency are:

5.14(1) Staff records of the basic educational data survey. Records of employees of area educational agencies, merged area schools, and approved public and private schools, whose positions require an Iowa teacher’s certificate and contain such personally identifiable information as name, Iowa teacher’s certificate number, and social security number. Other data collected are date of birth, teaching experience, sex, current position and assignments. This information is collected pursuant to Iowa Code subsection 256.9(18) and 281—subrule 11.1(4), and is stored on paper and in an automated data processing system. Data processing systems match, collate, and compare the personally identifiable information of the staff records with that of teacher certification records.

5.14(2) Driver education records. Driver education records contain personally identifiable information such as name, driver’s license number, and Iowa teacher’s certificate number collected pursuant to Iowa Code section 321.178 and 281—Chapter 26, and are stored on paper and in an automated data processing system. Data processing systems match, collate, and compare the personally identifiable information of the driver education records with that of the teacher certification records and BEDS staff records.

5.14(3) Bus driver permit records. Bus driver permit records contain personally identifiable information such as name, social security number, driver’s license number, and bus driver’s permit number collected pursuant to Iowa Code sections 321.376 and 285.11(10) and 281—Chapter 43, and are stored on paper and in an automated data processing system. Data processing systems match, collate, and compare the personally identifiable information of the bus driver permit numbers with that of bus accident records.
5.14(4) Bus accident records. Bus accident records contain one item of personally identifiable information: the driver’s social security number collected pursuant to Iowa Code section 321.376 and 281—Chapter 43 and are stored on paper and in an automated data processing system. Data processing systems match, collate, and compare the personally identifiable information of the bus accident records with that of bus driver permit records.

5.14(5) Teacher certification records. Teacher certification records contain information about each individual issued an Iowa teacher’s certificate. These records contain such personally identifiable information as name, teacher’s certificate number and social security number. Other data collected are date of birth, type and source of degree, completion of mandatory postgraduation coursework, experience, and the subjects and grade level authorized to teach. This information is collected pursuant to Iowa Code sections 256.7(3) and 256.7(5), Iowa Code chapter 260, and 281—Chapters 84 to 88 and 73 to 75, and is stored on paper and in an automated data processing system. Data processing systems match, collate, and compare the personally identifiable information of the teacher certification records with that of BEDS staff records, driver education records, and career education records.

5.14(6) Exceptional child survey. These records are exempt from disclosure under Iowa Code subsection 22.7(1). The information gathered by this system relates to children and youth identified as handicapped and in need of special education. Each student record contains a code derived from the child’s name and birth date. The coded identifier is the personally identifiable information. Information in each record pertains to the child’s handicapping condition and the special education instructional and support-related services provided to the child. Each record may also contain the child’s teacher’s name and teaching certificate number. This information is collected pursuant to Iowa Code chapter 256B and 34 CFR, Parts 300 and 301 (1986). Procedures for protection of and access to this information are set forth in this state’s plan under the Education of All the Handicapped Act, 20 U.S.C. §1401 et seq. These policies and procedures are in compliance with the Family Educational Rights and Privacy Act of 1974 (34 CFR, Part 90) and 34 CFR sections 300.129, 300.560-576, Confidentiality of Information, Part B, EHA, as amended (1986).

This information is stored in an automated data processing system that does not match, collate, or compare the personally identifiable information of the exceptional child survey records with the personally identifiable information of other records systems.

5.14(7) Rule exception requests and adjusted program reports. Information gathered by this form relates to excepting the rules of special education in certain circumstances in order to provide a program of educational services to an identified handicapped child or children. These rule exception requests and adjusted program reports could contain personally identifiable information on pupils involved in the special circumstance.

This information is collected pursuant to Iowa Code chapters 256B and 273 and IAC 281—subrules 41.30(1) and 41.30(2). This information is stored on paper and is not on any automated data processing system. All personally identifiable information gathered through this effort is confidential under the provisions of 34 CFR, Parts 90 and 300 (1986) and Iowa Code section 22.7(1).

5.14(8) Department approval—special education placements. These are requests for approval to place a handicapped pupil in an out-of-state educational program and would contain personally identifiable information such as the pupil’s name, birth date, residence, handicapping condition and other information relative to the identified special education needs of the pupil. Response to these requests for department approval would contain similar information.

This information is collected pursuant to Iowa Code subsection 273.3(5) and is stored on paper. Data processing systems do not match, collate, or compare the personally identifiable information with other records. All personally identifiable information gathered through this effort is confidential under the provisions of 34 CFR, Parts 90 and 300 (1986).

5.14(9) Chapter I, ECIA, state-operated programs for the handicapped. Local education agency student transfers. Information gathered by this system is related to handicapped children who were served in the state-operated program for the handicapped, counted under the provisions of 34 CFR 302 (1986), and who have subsequently exited that program and enrolled in a special education program in a local education agency within the state. The personally identifiable information consists of the
child’s name, birth date, disability, and the local education agency to which the child has exited. This
data is collected pursuant to 34 CFR, Part 302 (1986), State-Operated Programs for the Handicapped.
This data is collected and stored on paper and is not automated. Data processing systems do not match,
collate, or compare the personally identifiable information of other record systems. This data is utilized
to determine if an LEA is eligible to apply for Chapter I funds under the provisions of 34 CFR, Part 302
(1986).

5.14(10) **Special education complaint management system.** Information gathered in this record
system is utilized as documentation of concerns or complaints related to special education programs
and services to handicapped children as required under the provisions of 34 CFR, Part 300 (1986).
Personally identifiable information includes the student’s name, handicapping condition, parent’s name,
and the nature of the concern or complaint being registered. The information is gathered and stored
on paper and is not in an automated data processing system. Data processing systems do not match,
collate, or compare personally identifiable information from these records with personally identifiable
information of other records systems. Personally identifiable information gathered by this system is
confidential under the provisions of 34 CFR, Parts 90 and 300 (1986).

5.14(11) **Deaf-blind student registry.** This data collection system gathers information related to
deaf-blind children and youth in Iowa. Personally identifiable information items would include the
child’s name, birth date, location, and services being provided to the child. Information is utilized to
plan programs and services for all deaf-blind children and their families in the state. This information
is gathered pursuant to the provisions of 34 CFR, Part 307 (1986). The system is stored on paper and is
not on any state automated data processing system. Data processing systems do not compare, collate
or match personally identifiable information in this system with personally identifiable information
in other data systems. Personally identifiable information gathered and maintained by this system is
confidential under the provisions of 34 CFR, Parts 90 and 300 (1986).

5.14(12) **Career education records.** Career education records contain personally identifiable
information such as the names and certificate numbers of staff members employed to conduct
career education programs. Other data collected concern approvals, reimbursements, enrollments,
expenses, and student characteristics, and completion status relating to career education programs.
This information is collected pursuant to Iowa Code chapter 258 and is stored on paper and in an
automated data processing system. Data processing systems match, collate, and compare the personally
identifiable information of career education records with that of teacher certification records.

5.14(13) **Job Training Partnership Act (JTPA) records.** Job Training Partnership Act (JTPA) records
contain personally identifiable information such as the name and social security number of each JTPA
client. Other data collected include training progress, profits, and expenditures. This information is
collected pursuant to 29 U.S.C. 1603 §203 and 20 CFR, Part 630 (1986), and is stored on paper and in
an automated data processing system. Data processing systems do not match, collate, or compare the
personally identifiable information of JTPA records with that of other record systems.

5.14(14) **Drinking driver course records.** These records contain such personally identifiable
information as name, address, birth date and social security number. Other data collected are the
driver’s pre- and post-test scores. This information is collected pursuant to Iowa Code section 321J.12
and is stored on paper and in an automated data processing system. Data processing systems in this
agency do not match, collate, or compare the personally identifiable information of drinking driver
records with other record systems.

5.14(15) **Robert C. Byrd honors scholarships.** Records contain personally identifiable information
about applicants for these scholarships including name, social security number, home address, and
telephone number. Other data are parents’ names and applicant’s scholastic achievements, including
grades. Information is collected in order to determine eligibility for the Byrd scholarships, funded under
20 U.S.C. 1070d-31, et seq. Information is stored on paper and in an automated data processing system.
Data processing systems do not match, collate, or compare personally identifiable information of these
records with that of other record systems. These records or portions may be declared confidential under
Iowa Code section 22.7(1).
5.14(16) Personnel records. The agency has records concerning individual agency employees, some of which may contain confidential information under Iowa Code section 22.7(11) and other legal provisions. Personnel records may be subject to the rules of the department of personnel.

5.14(17) Special project applications. Applications from public school districts may contain personally identifiable information about qualifications of project staff members. No personally identifiable student data are collected. Information is stored on paper and in an automated data processing system. This information is collected pursuant to Iowa Code sections 442.31 to 442.35.

5.14(18) Grants/awards/projects. Records of persons or agencies applying for grants, awards, or funds for projects may contain information about individuals collected pursuant to specific federal or state statutes or regulations. This information may be stored in an automated data processing system.

5.14(19) Phase I, II, and III records. These records contain the names, social security numbers, and salaries of teachers in districts applying for phase funding. This information is collected pursuant to Iowa Code chapter 294A and is stored on paper and in an automated data processing system which may match, collate, or compare personally identifiable information in these records with records in another record system.

5.14(20) Appeal records. These records contain data supplied by persons or entities appealing to the agency and may contain personally identifiable information such as student name, age, scholastic and disciplinary record, and status as regular or special education pupil. This information is collected pursuant to Iowa Code chapters 256B, 260, 275, 280, 282, 285, and 290 and is stored on paper and is not in an automated data processing system. The personally identifiable information is not matched, collated, or compared with data in other record systems.

5.14(21) Teacher certification decisions. These licensing decisions contain data such as teacher’s name and facts surrounding disciplinary action (suspension or revocation) taken by the state board of education. This information is collected pursuant to Iowa Code chapters 272A and 260 and 281—Chapter 7.

5.14(22) Litigation files. These files or records contain information regarding litigation or anticipated litigation, which includes judicial and administrative proceedings. The records include briefs, depositions, docket sheets, documents, correspondence, attorneys notes, memoranda, research materials, witness information, investigation materials, information compiled under the direction of the attorney, and case management records. The files contain materials which are confidential as attorney work product and attorney-client communications. Some materials are confidential under other applicable provisions of law or because of a court order. Persons wishing copies of pleadings and other documents filed in litigation should obtain these from the clerk of the appropriate court which maintains the official copy.

281—5.15(256) Other groups of records. This rule describes groups of records maintained by the agency other than record systems as defined in rule 5.1(256). These records are routinely available to the public. However, the agency’s files of these records may contain confidential information as discussed in rule 5.13(256). The records listed may contain information about individuals.

5.15(1) Rule making. Rule-making records may contain information about individuals making written or oral comments on proposed rules or proposing rules or rule amendments. This information is collected pursuant to Iowa Code sections 17A.3, 17A.4, and 17A.7. These records are stored on paper and not in an automated data processing system.

5.15(2) State board records. Records contain agendas, minutes, and materials presented to the board. Records concerning closed sessions are exempt from disclosure under Iowa Code subsection 21.5(4). State board records contain information about people who participate in meetings. This information is collected under the authority of Iowa Code section 21.3. State board records are not stored in an automated data processing system.

5.15(3) Publications. Publications include news releases, annual reports, project reports, agency newsletters, etc., which describe various agency programs. Agency news releases, project reports, and newsletters may contain information about individuals, including agency staff or members of agency councils or committees. This information is not stored in an automated data processing system.
5.15(4) Statistical reports. Periodic reports of various agency programs are available from the department of education. Statistical reports are not stored in an automated data processing system.

5.15(5) Address lists/directories. The names and mailing addresses of members of councils, working groups, program participants and members of the general public evidencing interest in particular programs/events of the agency are maintained in order to provide mailing labels for mass distribution of literature. This information is collected under the provisions of Iowa Code chapter 256.

5.15(6) Appeal decisions and declaratory rulings. All final orders, decisions and rulings are available for public inspection in accordance with Iowa Code section 17A.3. These records may contain personally identifiable information regarding individuals who are the subjects of the appeals or rulings. This information is collected pursuant to Iowa Code chapters 17A, 256B, 280, 282, 282A, 285, 290 and 281—Chapters 6, 7 and 41 and is not stored in an automated data processing system.

5.15(7) Published materials. The agency uses many legal and technical publications in its work. The public may inspect these publications upon request. Some of these materials may be protected by copyright law.

5.15(8) Basic educational data survey system records. Curriculum, address, policy and procedures, and enrollment records of the basic educational data survey system contain data concerning the curriculum, building, policy and procedures, and enrollment of merged area schools, area education agencies, and approved public and private K-12 educational agencies.

Address records contain the addresses of buildings in which educational agencies are located and the names of the chief administrators of those agencies collected pursuant to Iowa Code sections 256.7 and 256.9.

5.15(9) Secretary’s annual report. This record contains information related to public school districts’ attendance figures, revenues and expenditures.

5.15(10) Certified enrollment records. Public school district records with enrollments of resident students in district schools; resident students enrolled in another district; nonresident and out-of-state students enrolled in district schools; and full-time equivalent (FTE) enrollment of shared time, part-time and area school students of high school age. These records do not contain student names or other personally identifiable information.

5.15(11) School lunch program records. Records of public and private schools participating in the national school lunch program. Records contain information relating to funds available for reimbursements, advance payments, claims, and reimbursements made to schools; dates that participating schools were inspected; and individual employees of school food services of agencies participating in child nutrition programs. The personally identifiable information is collected pursuant to 7 CFR, Subpart C, 210.9 (1986).

5.15(12) Commodity distribution records. Records of the allocation and delivery of federally provided commodities to participating schools.

5.15(13) Transportation records. Transportation records contain operational data for school buses.

5.15(14) Facilities’ records. Records of buildings and additions to buildings owned by public and private K-12 educational agencies.

5.15(15) Minority records. Records consist of curriculum records, staff records and enrollment records. There is one curriculum record for each course offered by a school. It enumerates the number of handicapped students and the number of minority pupils by sex by race enrolled for the course. In the same manner, the staff record for a school enumerates the number of handicapped noncertificated staff and the number of minority certificated staff by sex by race. Enrollment records enumerate the number of minority and handicapped pupils by grade by sex by race; handicapping condition. These records do not contain personal information.

5.15(16) Child care food program records. Records contain information concerning advance payments made to institutions participating in the federal child care food program, agreements between institutions and their sites with program administrators, claims and reimbursements for meals served, and inspections of programs. The name of each program administrator is included in agreement records collected pursuant to 7 CFR, Part 226.6(e)(1)(1986).
5.15(17) **Guidance dropout records.** These records consist of the number of dropouts in a school district for a particular school year in terms of race. No personally identifiable information is contained in dropout records.

5.15(18) **Career information system of Iowa (CISI) records.** Records of a state-directed project which stores and utilizes occupational and educational data for student use in career decision making.

5.15(19) **Chapter I records.** Records contain data concerning costs; enrollments; number of classes; teachers; aids; pre- and post-test scores; staff training; and parental activity. No personally identifiable information is contained in the records stored in an automated data processing system, although applications stored on paper may contain personally identifiable information such as teacher name.

5.15(20) **Merged area school records.** These records contain data concerning equipment (inventory), enrollment (by sex and residence), and the number of pupils completing programs.

5.15(21) **Merged area schools inventory records.** Records describe all equipment in merged area schools.

5.15(22) **Merged area schools enrollment and completer records.** Records contain enrollment by sex and residence for each program offered by each merged area school.

5.15(23) **General equivalency diploma (GED) records.** General equivalency diploma (GED) records contain the names, addresses, social security numbers, and test scores of individuals granted an Iowa high school equivalency diploma. This information is collected pursuant to Iowa Code chapter 259A.

5.15(24) **Area education agency budget records.** These records contain data used by the state board of education to approve AEA annual budgets. These records are stored on hard copy only.

5.15(25) **Area education agency annual financial report records.** These records contain data relating to revenue, expenditures, and balances as well as the number of AEA employees in each program. These records are stored on hard copy only.

5.15(26) **Juvenile home records.** The juvenile home educational program budget and claim documents collect financial, employee, and student operation data. Budget records are used by the agency for program approval. Claim records are used for approving reimbursements and program results. These records are stored on hard copy only.

5.15(27) **Chapter II records.** These records contain federal Chapter II allocations, enrollments, project descriptions, budgets, and assurances. These records are stored on hard copy only.

5.15(28) **Educational improvement projects records.** These records contain basic planning data, project descriptions, budgets, and assurances. These records are stored on hard copy only.

5.15(29) **Nonpublic school pupil textbook services records.** These records contain data on public school per pupil textbook expenditures, number of resident nonpublic school pupils requesting textbook services and the cost of providing textbook services for nonpublic school pupils. These records are stored on hard copy only.

5.15(30) **Nonpublic school pupils transportation services claims.** These records contain data on expenditures for providing transportation to pupils attending approved nonpublic schools and requests for reimbursement. These records are stored on hard copy only.

5.15(31) **Minutes and reports of state vocational education council.** These records contain the discussion, actions, and recommendations of the council and include biennial reports to the governor. They are stored on hard copy only.

281—5.16(256) **Applicability.** This chapter does not:

1. Require the agency to index or retrieve records which contain information about individuals by that person’s name or personal identifier.
2. Make available to the general public records which would otherwise not be available under the public records law, Iowa Code chapter 22.
3. Govern the maintenance or disclosure of, notification of or access to, records in the possession of the agency which are governed by the rules of another agency. This chapter applies to all records of the department of education. Additional rules regarding records of the department’s division of vocational rehabilitation services are also set forth in 281—Chapter 56, division VIII. This chapter does not apply to the records of the following agencies under the department’s “umbrella” that have their own rule-making
authority: college aid commission, Iowa advance funding authority, educational examiners board, and the school budget review committee.

4. Apply to grantees, including local governments or subdivisions thereof, administering state-funded programs, unless otherwise provided by law or agreement.

5. Make available records compiled by the agency in reasonable anticipation of court litigation or formal administrative proceedings. The availability of such records to the general public or to any subject individual or party to such litigation or proceedings shall be governed by applicable legal and constitutional principles, statutes, rules of discovery, evidentiary privileges, and applicable rules of the agency.

These rules are intended to implement Iowa Code section 22.11.

CHAPTER 6
APPEAL PROCEDURES
[Prior to 9/7/88, see Public Instruction Department[670] Ch 51]

281—6.1(290) Scope of appeal. The rules of this chapter are applicable to all hearing requests seeking appellate review by the state board of education, the director of education, or the department of education.

281—6.2(256,290,17A) Definitions.

“Appellant,” as used in this chapter, shall refer to a party bringing an appeal to the state board of education, the director of education or the department of education.

“Appellee,” as used in this chapter, shall refer to the party in a matter against whom an appeal is taken, or the party whose interest is adverse to the reversal of a prior decision now on appeal to the state board of education, the director of education or the department of education.

“Board,” as used in this chapter, shall refer to the state board of education.

“Contested case” means a proceeding defined by Iowa Code section 17A.2(5) and includes any matter defined as a no factual dispute contested case under 1998 Iowa Acts, chapter 1202, section 14.

“Default” means a dismissal of the appeal due to nonappearance at the hearing, either telephonically or in person, or for failure to request a continuance of the appeal hearing. Exceptions may be granted at the discretion of the presiding officer.

“Department” means the department of education.

“Director,” as used in this chapter, shall refer to the director of education.

“Hearing panel,” as used in this chapter, shall refer to the director of education, or the director’s designee, sitting as the administrative law judge and two members of the department of education staff designated by the administrative law judge to hear the presentation of evidence or oral arguments concerning appeals which are unusual or which present issues of first impression.

“Issuance” means the date of mailing of a decision or order or date of delivery if service is by other means unless another date is specified in the order.

“Party” means each person or agency named or admitted as a party or properly seeking and entitled as of right to be admitted as a party.

“Presiding officer” means the director of the department of education or the designated administrative law judge.

281—6.3(290,17A) Manner of appeal.

6.3(1) An appeal shall be made in the form of an affidavit, unless an affidavit is not required by the statute establishing the right of appeal, which shall set forth the facts, any error complained of, or the reasons for the appeal in a plain and concise manner, and which shall be signed by the appellant and delivered to the office of the director by United States Postal Service, facsimile (fax), or personal service. The affidavit shall be considered as filed with the agency on the date of the United States Postal Service postmark, the date of arrival of the facsimile, or the date personal service is made. Time shall be computed as provided in Iowa Code subsection 4.1(34).

6.3(2) The director or designee shall, within five days after the filing of such affidavit, notify the proper officer in writing of the taking of an appeal, and the officer shall, within ten days, file with the board a complete certified transcript of the record and proceedings related to the decision appealed. A certified copy of the minutes of the meeting of the governmental body making the decision appealed shall satisfy this requirement.

6.3(3) The director or designee shall send written notice by certified mail, return receipt requested, at least ten days prior to the hearing, unless the ten-day period is waived by all parties, to all persons known to be interested. Such notice shall include the time, place, and nature of the hearing; a statement of the legal authority and jurisdiction under which the hearing is to be held; a reference to the particular sections of the statutes and rules involved; and a short and plain statement of the matters asserted. A copy of the appeal hearing rules shall be included with the notice.
The notice of hearing shall contain the following information: identification of all parties including the name, address and telephone number of the person who will act as advocate for the agency or the state and of parties’ counsel where known; reference to the procedural rules governing conduct of the contested case proceeding; reference to the procedural rules governing informal settlement; and identification of the presiding officer, if known. If not known, a description of who will serve as presiding officer (e.g., director of the department or administrative law judge from the department of inspections and appeals).

6.3(4) and 6.3(5) Rescinded IAB 5/5/99, effective 6/9/99.

6.3(6) An amendment to the affidavit of appeal may be made by the appellant up to ten working days prior to the hearing. With the agreement of all parties, an amendment may be made until the hearing is closed to the receipt of evidence.

281—6.4(17A) Continuances. Unless otherwise provided, applications for continuances shall be made to the presiding officer.

6.4(1) A written application for a continuance shall:
   a. Be made at the earliest possible time and no less than seven days before the hearing except in case of unanticipated emergencies;
   b. State the specific reasons for the request; and
   c. Be signed by the requesting party or the party’s representative.

An oral application for a continuance may be made if the presiding officer waives the requirement for a written motion. However, a party making such an oral application for a continuance must confirm that request by written application within five days after the oral request unless that requirement is waived by the presiding officer. No application for continuance shall be made or granted without notice to all parties except in an emergency where notice is not feasible. The agency may waive notice of such requests for a particular case or an entire class of cases.

6.4(2) In determining whether to grant a continuance, the presiding officer may consider:
   a. Prior continuances;
   b. The interests of all parties;
   c. The likelihood of informal settlement;
   d. The existence of an emergency;
   e. Any objection;
   f. Any applicable time requirements;
   g. The existence of a conflict in the schedules of counsel, parties, or witnesses;
   h. The timeliness of the request; and
   i. Other relevant factors.

The presiding officer may require documentation of any grounds for continuance.

281—6.5(17A) Intervention.

6.5(1) Motion. A motion for leave to intervene in a contested case proceeding shall state the grounds for the proposed intervention, the position and interest of the proposed intervenor, and the possible impact of intervention on the proceeding. A proposed answer or petition in intervention shall be attached to the motion. Any party may file a response within 14 days of service of the motion to intervene unless the time period is extended or shortened by the presiding officer.

6.5(2) When filed. Motion for leave to intervene shall be filed as early in the proceeding as possible to avoid adverse impact on existing parties or the conduct of the proceeding. Unless otherwise ordered, a motion for leave to intervene shall be filed before the prehearing conference, if any, or at least 20 days before the date scheduled for hearing. Any later motion must contain a statement of good cause for the failure to file in a timely manner. Unless inequitable or unjust, an intervenor shall be bound by any agreement, arrangement, or other matter previously raised in the case. Requests by untimely intervenors for continuances which would delay the proceeding will ordinarily be denied.

6.5(3) Grounds for intervention. The movant shall demonstrate that: (a) intervention would not unduly prolong the proceedings or otherwise prejudice the rights of existing parties; (b) the movant
is likely to be aggrieved or adversely affected by a final order in the proceeding; and (c) the interests of the movant are not adequately represented by existing parties.

6.5(4) Effect of intervention. If appropriate, the presiding officer may order consolidation of the petitions and briefs of different parties whose interests are aligned with each other and limit the number of representatives allowed to participate actively in the proceedings. A person granted leave to intervene is a party to the proceeding. The order granting intervention may restrict the issues that may be raised by the intervenor or otherwise condition the intervenor’s participation in the proceeding.

281—6.6(17A) Motions.

6.6(1) No technical form for motions is required. However, prehearing motions must be in writing, state the grounds for relief, and state the relief sought.

6.6(2) Any party may file a written response to a motion within ten days after the motion is served, unless the time period is extended or shortened by rules of the agency or the presiding officer. The presiding officer may consider a failure to respond within the required time period in ruling on a motion.

6.6(3) The presiding officer may schedule oral argument on any motion.

6.6(4) Motions pertaining to the hearing, except motions for summary judgment, must be filed and served at least ten days prior to the date of hearing unless there is good cause for permitting later action or the time for such action is lengthened or shortened by rule of the agency or an order of the presiding officer.

6.6(5) Motions for summary judgment. Motions for summary judgment shall comply with the requirements of Iowa Rule of Civil Procedure 1.981 and shall be subject to disposition according to the requirements of that rule to the extent such requirements are not inconsistent with the provisions of this rule or any other provision of law governing the procedure in contested cases.

Motions for summary judgment must be filed and served at least 45 days prior to the scheduled hearing date, or other time period determined by the presiding officer. Any party resisting the motion shall file and serve a response within 15 days, unless otherwise ordered by the presiding officer, from the date a copy of the motion was served. The time fixed for hearing or nonoral submission shall be not less than 20 days after the filing of the motion, unless a shorter time is ordered by the presiding officer. A summary judgment order rendered on all issues in a contested case is subject to rehearing pursuant to rule 281—6.20(17A) and appeal pursuant to rule 281—6.21(17A).

281—6.7(17A) Disqualification.

6.7(1) A presiding officer or other person shall withdraw from participation in the making of any proposed or final decision in a contested case if that person:
   a. Has a personal bias or prejudice concerning a party or a representative of a party;
   b. Has personally investigated, prosecuted or advocated in connection with that case, the specific controversy underlying that case, another pending factually related contested case, or a pending factually related controversy that may culminate in a contested case involving the same parties;
   c. Is subject to the authority, direction or discretion of any person who has personally investigated, prosecuted or advocated in connection with that contested case, the specific controversy underlying that contested case, or a pending factually related contested case or controversy involving the same parties;
   d. Has acted as counsel to any person who is a private party to that proceeding within the past two years;
   e. Has a personal financial interest in the outcome of the case or any other significant personal interest that could be substantially affected by the outcome of the case;
   f. Has a spouse or relative within the third degree of relationship that: (1) is a party to the case, or an officer, director or trustee of a party; (2) is a lawyer in the case; (3) is known to have an interest that could be substantially affected by the outcome of the case; or (4) is likely to be a material witness in the case; or
   g. Has any other legally sufficient cause to withdraw from participation in the decision making in that case.
6.7(2) The term “personally investigated” means taking affirmative steps to interview witnesses directly or to obtain documents or other information directly. The term “personally investigated” does not include general direction and supervision of assigned investigators, unsolicited receipt of information which is relayed to assigned investigators, review of another person’s investigative work product in the course of determining whether there is probable cause to initiate a proceeding, or exposure to factual information while performing other agency functions, including fact gathering for purposes other than investigation of the matter which culminates in a contested case. Factual information relevant to the merits of a contested case received by a person who later serves as presiding officer in that case shall be disclosed if required by Iowa Code section 17A.17(3) and subrules 6.7(3) and 6.14(9).

6.7(3) In a situation where a presiding officer or other person knows of information which might reasonably be deemed to be a basis for disqualification and decides voluntary withdrawal is unnecessary, that person shall submit the relevant information for the record by affidavit and shall provide for the record a statement of the reasons for the determination that withdrawal is unnecessary.

6.7(4) If a party asserts disqualification on any appropriate ground, including those listed in subrule 6.7(1), the party shall file a motion supported by an affidavit pursuant to Iowa Code section 17A.11(3). The motion must be filed as soon as practicable after the reason alleged in the motion becomes known to the party.

If, during the course of the hearing, a party first becomes aware of evidence of bias or other grounds for disqualification, the party may move for disqualification but must establish the grounds by the introduction of evidence into the record.

If the presiding officer determines that disqualification is appropriate, the presiding officer or other person shall withdraw. If the presiding officer determines that withdrawal is not required, the presiding officer shall enter an order to that effect.

281—6.8(290) Subpoena of witnesses and costs.

6.8(1) The director, on behalf of the board, has the power to issue subpoenas for witnesses, to compel the attendance of those witnesses, and the giving of evidence by them, in the same manner and to the same extent as the district court may do. An agency subpoena shall be issued to a party on written request made at least ten days prior to the hearing. Parties are responsible for obtaining service of their own subpoenas.

6.8(2) Witnesses and serving officers may be allowed the same compensation as is paid for like attendance or service in district court. The witness’s fees and mileage are considered costs of the appeal under Iowa Code section 290.4; costs are assigned to the nonprevailing party. The witness’s fees and expenses for hearings brought under other statutes and rules are the responsibility of the party requesting or subpoenaing the witness.

6.8(3) Motion to quash or modify. The presiding officer may quash or modify a subpoena for any lawful reason upon motion in accordance with the Iowa Rules of Civil Procedure. A motion to quash or modify a subpoena shall be set for argument promptly.

6.8(4) Telephone proceedings. The presiding officer may resolve preliminary procedural motions by telephone conference in which all parties have an opportunity to participate. Other telephone proceedings may be held with the consent of all parties. The presiding officer will determine the location of the parties and witnesses for telephone hearings. The convenience of the witnesses or parties, as well as the nature of the case, will be considered when location is chosen.

281—6.9(17A) Discovery. Discovery procedures applicable to civil actions are available to all parties in contested cases before the department. Evidence obtained in discovery may be used in the hearing before the department if that evidence would otherwise be admissible in the hearing.

Any deviations from the time periods established for compliance with discovery in the Iowa Rules of Civil Procedure shall be determined by the administrative law judge upon opportunity for all parties to be heard.

281—6.10(17A) Consolidation—severance.
6.10(1) Consolidation. The administrative law judge may consolidate any or all matters at issue in two or more appeals where: (a) the matters at issue involve common parties or common questions of fact or law; (b) consolidation would expedite and simplify consideration of the issues involved; and (c) consolidation would not adversely affect the rights of any of the parties of those proceedings.

6.10(2) Severance. The administrative law judge may, for good cause shown, order any contested case proceedings or portions thereof severed.

281—6.11(17A) Waiver of procedures. Unless otherwise precluded by law, the parties in a contested case proceeding may waive any provision of this chapter. However, the agency in its discretion may refuse to give effect to such a waiver when it deems the waiver to be inconsistent with the public interest.

281—6.12(17A) Appeal hearing.

6.12(1) On stipulated record. Upon the written agreement of the parties, the transcript of the record and proceedings as certified by the proper official and any other documents mutually stipulated may become the evidentiary basis for the hearing on appeal. In the event that the hearing is to be conducted on the stipulated record, the following procedures shall be followed:

a. At the established time, the name and nature of the case are announced by the administrative law judge. Inquiries shall be made as to whether the respective parties or their representatives are present.

b. When it is determined that parties or their representatives are present, or that absent parties have been properly notified, the hearing may proceed. When any absent party has been properly notified, this fact shall be entered into the record. When notice to an absent party has been sent by certified mail, return requested, the return shall be placed in the record. If the notice was sent in another manner, sufficient details of the time and manner of notice shall be entered into the record. If it is not determined whether absent parties have been properly notified, the proceedings may be recessed at the discretion of the administrative law judge.

c. The appeal hearing on stipulated record is nonevidentiary in nature. No witnesses will be heard nor evidence received. The controversy will be decided on the basis of the stipulated record and the arguments presented on behalf of the respective parties. The parties shall be so reminded by the administrative law judge at the outset of the proceedings.

d. Illustrative materials such as charts and maps may be used to illustrate an argument, but may not be used as new evidence to prove a point in controversy.

e. Unless the administrative law judge determines otherwise, each party shall have one spokesperson.

f. The appellant shall present the first argument. The appellee shall follow with argument and rebuttal of the appellant’s argument. A third party who was a party in the initial proceeding but not either appellant or appellee may, at the discretion of the administrative law judge, be allowed to make remarks. The appellant may then rebut the proceeding arguments but may not introduce new arguments.

g. Appellant and appellee shall have equal time to present their arguments and appellant’s total time shall not be increased by the right of rebuttal. The time limit for argument shall be established by the administrative law judge and shall in most instances be limited to 30 minutes for each party.

h. At the conclusion of arguments, each party shall have the opportunity to submit written briefs or arguments, or additional written briefs if they have already done so. Any party submitting a written brief or argument must deliver a copy to all other parties, preferably in advance of the appeal hearing. In the event that all parties have not been furnished a copy of another party’s brief at least two days in advance of the appeal hearing, each party shall be afforded the opportunity to submit reply briefs within ten days of the conclusion of the appeal hearing. The opportunity to submit reply briefs may be waived by any party and shall be entered into the record.

i. The appeal hearing is then closed upon order of the administrative law judge.

6.12(2) Evidentiary hearing. When the parties do not agree to a stipulated record, the following procedure shall be followed:
a. The appellant may begin by giving an opening statement of a general nature which may include the basis for the appeal, the type and nature of the evidence the appellant proposes to introduce and the conclusions which the appellant believes the evidence will substantiate.

b. With the permission of the administrative law judge, a third party directly involved in the original proceeding but neither appellant nor appellee may make an opening statement of a general nature.

c. The appellee may present an opening statement of a general nature which may include the type and nature of evidence proposed to be introduced and the conclusions which the appellee believes the evidence will substantiate. The appellee may present an opening statement following the appellant’s opening statement, if any, or may reserve opening for immediately prior to its case-in-chief.

d. The appellant may then call witnesses and present other evidence.

e. Each witness shall be administered an oath by the administrative law judge. The oath shall be in the following form: “Do you solemnly swear or affirm that the testimony or evidence which you are about to give in the proceeding now in hearing shall be the truth, the whole truth, and nothing but the truth?”

f. The appellee may cross-examine all witnesses and may examine and question all other evidence.

g. Upon conclusion of the presentation of evidence by the appellant, the appellee may call witnesses and present other evidence. The appellant may cross-examine all witnesses and may examine and question all other evidence.

h. The hearing panel members may address questions to each witness at the conclusion of questioning by the appellant and the appellee.

i. At the discretion of the administrative law judge, either party may be permitted to present rebuttal witnesses and additional evidence of matters previously placed in evidence. No new matters of evidence may be raised during this period of rebuttal.

j. The appellant shall make a final argument for a length of time established by the administrative law judge, in which the appellant may review the evidence presented, the conclusions which the appellant believes most logically follow from the evidence and a recommendation of action to the hearing panel.

k. The appellee may make a final argument for a period of time equal to that granted to the appellant in which the appellee may review the evidence presented, the conclusions which the appellee believes most logically follow from the evidence and a recommendation of action to the hearing panel.

l. At the discretion of the administrative law judge, a third party directly involved in the original proceeding but neither the appellant nor appellee may make a final argument.

m. At the discretion of the administrative law judge, either side may be given an opportunity to rebut the other’s final argument. No new arguments may be raised during rebuttal.

n. Any party may submit written briefs. Written briefs by nonparties may be accepted at the discretion of the administrative law judge. Any party submitting a written brief or argument shall deliver a copy to all other parties, preferably in advance of the appeal hearing. In the event that all parties have not been furnished a copy of another party’s brief or argument at least two days in advance of the appeal hearing, each party shall be afforded the opportunity to submit reply briefs within ten days of the conclusion of the appeal hearing. The opportunity to submit reply briefs may be waived by a party and the waiver shall be entered into the record.

o. Rules of evidence.

(1) Because the administrative law judge must decide each case correctly as to the parties before the panel and the administrative law judge must also decide what is in the public’s best interest, it is necessary to allow for the reception of all relevant evidence which will contribute to an informed result. The ultimate test of admissibility is whether the offered evidence is reliable, probative, and relevant.

(2) Irrelevant, immaterial, or unduly repetitious evidence should be excluded. A finding shall be based upon the kind of evidence on which reasonably prudent persons are accustomed to rely for the conduct of their serious affairs, and may be based upon such evidence even if it would be inadmissible in a jury trial. The hearing panel shall give effect to the rules of privilege recognized by law. Objections to evidentiary offers may be made and shall be noted in the record. Subject to these requirements, when a hearing will be expedited and the interests of the parties will not be prejudiced substantially, any part of the evidence may be required to be submitted in verified written form.
(3) Documentary evidence may be received in the form of copies or excerpts, if the original is not readily available. Upon request, parties shall be given an opportunity to compare the copy with the original, if available.

(4) Witnesses at the hearing, or persons whose testimony has been submitted in written form, if available, shall be subject to cross-examination by any party as necessary for a full and true disclosure of the facts.

(5) Official notice may be taken of all facts of which judicial notice may be taken and of other facts within the specialized knowledge of the hearing panel. Parties shall be notified at the earliest practicable time, either before or during the hearing, or by reference in preliminary reports, and shall be afforded an opportunity to contest such facts before the decision is announced.

(6) The hearing panel’s experience, technical competence, and specialized knowledge may be utilized in the evaluation of the evidence.

(7) No decision shall be made except upon consideration of the whole record or portions that may be cited by any party and as supported by and in accordance with the reliable, probative and substantial evidence.

6.12 (3) Telephone hearings. Upon agreement of the parties, a hearing may take place by telephone conference call.

281—6.13 Reserved.

281—6.14 (17A) Ex parte communication.

6.14 (1) Prohibited communications. Unless required for the disposition of ex parte matters specifically authorized by statute, following issuance of the notice of hearing, there shall be no communication, directly or indirectly, between the presiding officer and any party or representative of any party or any other person with a direct or indirect interest in such case in connection with any issue of fact or law in the case except upon notice and opportunity for all parties to participate. This does not prohibit persons jointly engaged in or participating in the case, directly or indirectly, from communicating and assisting with the preparation of the case.

6.14 (2) Prohibitions on ex parte communications commence with the issuance of the notice of hearing as a contested case and continue for as long as the case is pending.

6.14 (3) Written, oral or other forms of communication are “ex parte” if made without notice and opportunity for all parties to participate.

6.14 (4) To avoid prohibited ex parte communications notice must be given in a manner reasonably and prudently calculated to give all parties a fair opportunity to participate. Where permitted, oral communications may be initiated through conference telephone call including all parties or their representatives.

6.14 (5) Persons who jointly act as presiding officer in a pending contested case may communicate with each other without notice or opportunity for parties to participate.

6.14 (6) The executive director or other persons may be present in deliberations or otherwise advise the presiding officer without notice or opportunity for parties to participate as long as they are not disqualified from participating in the making of a proposed or final decision under any provision of law and they comply with subrule 6.14(1).

6.14 (7) Communications with the presiding officer involving uncontested scheduling or procedural matters do not require notice or opportunity for parties to participate. Parties should notify other parties prior to initiating such contact with the presiding officer when feasible, and shall notify other parties when seeking to continue hearings or other deadlines pursuant to rule 281—6.4(17A).
6.14(8) Disclosure of prohibited communications. A presiding officer who receives a prohibited ex parte communication during the pendency of a contested case must initially determine if the effect of the communication is so prejudicial that the presiding officer should be disqualified. If the presiding officer determines that disqualification is warranted, a copy of any prohibited written communication, all written responses to the communication, a written summary stating the substance of any prohibited oral or other communication not available in written form for disclosure, all responses made, and the identity of each person from whom the presiding officer received a prohibited ex parte communication shall be submitted for inclusion in the record under seal by protective order or disclosed. If the presiding officer determines that disqualification is not warranted, such documents shall be submitted for inclusion in the record and served on all parties. Any party desiring to rebut the prohibited communication must be allowed the opportunity to do so upon written request filed within ten days after notice of the communication.

6.14(9) Promptly after being assigned to serve as presiding officer at any stage in a contested case proceeding, a presiding officer shall disclose to all parties material factual information received through ex parte communication prior to such assignment unless the factual information has already been or shortly will be disclosed pursuant to Iowa Code section 17A.13(2) or through discovery. Factual information contained in an investigative report or similar document need not be separately disclosed by the presiding officer as long as such documents have been or will shortly be provided to the parties.

6.14(10) The presiding officer may render a proposed or final decision imposing appropriate sanctions for violations of this rule including default, a decision against the offending party, censure, or suspension or revocation of the privilege to practice before the agency. Violation of ex parte communication prohibitions by agency personnel shall be reported to the legal consultant for the department of education for possible sanctions including censure, suspension, dismissal, or other disciplinary action.

281—6.15(17A) Record.

6.15(1) Upon the request of any party, oral proceedings in whole or in part shall be either transcribed, if recorded by certified shorthand reporters, or copied if recorded by mechanical means, with the expense for the transcription of copies charged to the requesting party.

6.15(2) All recordings, stenographic notes or transcriptions of oral proceedings shall be maintained and preserved by the department for at least five years from the date of a decision.

6.15(3) The record of a hearing under these rules shall include:
   a. All pleadings, motions and intermediate rulings.
   b. All evidence received or considered and all other submissions.
   c. A statement of matters officially noticed.
   d. All questions and offers of proof, objections, and rulings thereon.
   e. All proposed findings of fact and conclusions of law.
   f. Any decision, opinion or report by the administrative law judge presented at the hearing.

281—6.16(17A) Recording costs. Upon request, the department of education shall provide a copy of the whole or any portion of the record at cost. The cost of preparing a copy of the record or of transcribing the hearing record shall be paid by the requesting party.

Parties who request that a hearing be recorded by certified shorthand reporters rather than by electronic means shall bear the cost of that recordation, unless otherwise provided by law.

281—6.17(290,17A) Decision and review.

6.17(1) The presiding officer, after due consideration of the record and the arguments presented, and with the advice and counsel of the staff members, shall make a decision on the appeal. The proposed decision shall be mailed to the parties or their representatives by regular mail.

6.17(2) The decision shall be based on the laws of the United States, the state of Iowa and the regulations and policies of the department of education and shall be in the best interest of education.
6.17(3) The decision of the presiding officer shall be placed on the agenda of the next regular board meeting for review of the record and decision unless the decision is within the province of the director to make.

6.17(4) Any adversely affected party may appeal a proposed decision to the state board within 20 days after issuance of the proposed decision.

6.17(5) An appeal of a proposed decision is initiated by filing a timely notice of appeal with the office of the director. The notice of appeal must be signed by the appealing party or a representative of that party and contain a certificate of service. The notice shall specify:
   a. The names and addresses of the parties initiating the appeal;
   b. The proposed decision to be appealed;
   c. The specific findings or conclusions to which exception is taken and any other exceptions to the decision;
   d. The relief sought; and
   e. The grounds for relief.

6.17(6) Appeal procedures.
   a. Unless otherwise ordered, within 15 days of a party’s filing of the notice of appeal, each appealing party may file exceptions and briefs. Within 10 days after the filing of exceptions and briefs by the appealing party, any party may file a responsive brief;
   b. Briefs shall cite any applicable legal authority and specify relevant portions of the record in the proceeding below;
   c. Briefs shall be limited to a maximum length of 25 pages; and
   d. An opportunity for oral arguments may be given with the consent of the board. Written requests to present oral arguments shall be filed with the briefs.

6.17(7) The board may affirm, modify, or vacate the decision, or may direct a rehearing before the director or the director’s designee.

6.17(8) Copies of the final decision shall be sent to the parties or their representatives by regular mail within five days after state board action, if required, on the proposed decision.

6.17(9) No individual who participates in the making of any decision shall have advocated in connection with the hearing, the specific controversy underlying the case, or other pending factually related matters. Nor shall any individual who participates in the making of any proposed decision be subject to the authority, direction, or discretion of any person who has advocated in connection with the hearing, the specific controversy underlying the hearing, or a pending related matter involving the same parties.

6.17(10) Rescinded IAB 8/21/02, effective 9/25/02.

281—6.18(290) Finality of decision. The decision is final upon board approval of the presiding officer’s decision.

281—6.19(17A) Default.

6.19(1) If a party fails to appear or participate in a contested case proceeding after proper service of notice, the presiding officer may, if no adjournment is granted, enter a default decision or proceed with the hearing and render a decision in the absence of the party.

6.19(2) Where appropriate and not contrary to law, any party may move for default against a party who has requested the contested case proceeding and has failed to file a required pleading or has failed to appear after proper service.

6.19(3) Default decisions or decisions rendered on the merits after a party has failed to appear or participate in a contested case proceeding become final agency action unless, within 15 days after the date of notification or mailing of the decision, a motion to vacate is filed and served on all parties or an appeal of a decision on the merits is timely initiated within the time provided. A motion to vacate must state all facts relied upon by the moving party which establish that good cause existed for that party’s failure to appear or participate at the contested case proceeding. Each fact so stated must be substantiated
by at least one sworn affidavit of a person with personal knowledge of each such fact, which affidavit(s) must be attached to the motion.

6.19(4) The time for further appeal of a decision for which a timely motion to vacate has been filed is stayed pending a decision on the motion to vacate.

6.19(5) Properly substantiated and timely filed motions to vacate shall be granted only for good cause shown. The burden of proof as to good cause is on the moving party. Adverse parties shall have ten days to respond to a motion to vacate. Adverse parties shall be allowed to conduct discovery as to the issue of good cause and to present evidence on the issue prior to a decision on the motion, if a request to do so is included in that party’s response.

6.19(6) “Good cause” for purposes of this rule shall have the same meaning as “good cause” for setting aside a default judgment under Iowa Rule of Civil Procedure 1.977.

6.19(7) A decision denying a motion to vacate is subject to further appeal within the time limit allowed for further appeal of a decision on the merits in the contested case proceeding.

6.19(8) If a motion to vacate is granted and no timely interlocutory appeal has been taken, the presiding officer shall issue another notice of hearing and the contested case shall proceed accordingly.

6.19(9) A default decision may award any relief consistent with the request for relief made in the petition and embraced in its issues but, unless the defaulting party has appeared, it cannot exceed the relief demanded.

6.19(10) A default decision may provide either that the default decision is to be stayed pending a timely motion to vacate or that the default decision is to take effect immediately.

281—6.20(17A) Application for rehearing of final decision. Any party may file an application for rehearing with the presiding officer stating the specific grounds therefor, and the relief sought, within 20 days after the issuance of any final decision by the board. A copy of the application shall be timely mailed by the department to all parties of record not joining therein. Such application for rehearing shall be deemed to have been denied unless the board or the presiding officer grants the application within 20 days of the filing. A rehearing shall not be granted unless it is necessary to correct a mistake of law or fact, or for other good cause.

281—6.21(17A) Rehearing.

6.21(1) In the event a rehearing is granted, the presiding officer, in arriving at a subsequent decision, may either review the record and arguments or may proceed with either a full or partial hearing under the appeal hearing provisions of this chapter.

6.21(2) Following the rehearing, the presiding officer shall place the proposed decision on the agenda of the next regular board meeting for review of the record and decision as provided for in rule 281—6.17(290,17A).

281—6.22(17A) Emergency adjudicative proceedings.

6.22(1) Necessary emergency action. To the extent necessary to prevent or avoid immediate danger to the public health, safety, or welfare and, consistent with the Constitution and other provisions of law, the department may issue a written order in compliance with Iowa Code section 17A.18 to suspend a license in whole or in part, order the cessation of any continuing activity, order affirmative action, or take other action within the jurisdiction of the department by emergency adjudicative order. Before issuing an emergency adjudicative order the department shall consider factors including, but not limited to, the following:

a. Whether there has been a sufficient factual investigation to ensure that the department is proceeding on the basis of reliable information;

b. Whether the specific circumstances which pose immediate danger to the public health, safety or welfare have been identified and determined to be continuing;

c. Whether the person required to comply with the emergency adjudicative order may continue to engage in other activities without posing immediate danger to the public health, safety or welfare;
d. Whether imposition of monitoring requirements or other interim safeguards would be sufficient to protect the public health, safety or welfare; and

e. Whether the specific action contemplated by the department is necessary to avoid the immediate danger.

6.22(2) Issuance of order.

a. An emergency adjudicative order shall contain findings of fact, conclusions of law, and policy reasons to justify the determination of an immediate danger in the department’s decision to take immediate action.

b. The written emergency adjudicative order shall be immediately delivered to persons who are required to comply with the order by utilizing one or more of the following procedures:

1. Personal delivery;
2. Certified mail, return receipt requested, to the last address on file with the department;
3. Certified mail to the last address on file with the department;
4. First-class mail to the last address on file with the department; or
5. Fax. Fax may be used as the sole method of delivery if the person required to comply with the order has filed a written request that department orders be sent by fax and has provided a fax number for that purpose.

c. To the degree practicable, the department shall select the procedure for providing written notice that best ensures prompt, reliable delivery.

6.22(3) Oral notice. Unless the written emergency adjudicative order is provided by personal delivery on the same day that the order issues, the department shall make reasonable immediate efforts to contact by telephone the persons who are required to comply with the order.

6.22(4) Completion of proceedings. After the issuance of an emergency adjudicative order, the department shall proceed as quickly as feasible to complete any proceedings that would be required if the matter did not involve an immediate danger.

Issuance of a written emergency adjudicative order shall include notification of the date on which departmental proceedings are scheduled for completion. After issuance of an emergency adjudicative order, continuance of further agency proceedings to a later date will be granted only in compelling circumstances upon application in writing.

281—6.23(256.17A) Additional requirements for specific programs.

6.23(1) General rule. If a specific federal program’s statutes or regulations impose requirements on appeals to the state board of education, the director of education, or the department of education, those specific requirements shall be followed and are incorporated by this reference.

6.23(2) Specific programs. The following is a nonexhaustive list to which this rule applies.

a. Appeals under the Child and Adult Care Food Program (CACFP) shall be governed by the requirements contained in 7 CFR Section 226.6 as of May 15, 2014.

b. Due process complaints under Part B of the Individuals with Disabilities Education Act and Iowa Code chapter 256B shall be governed by Iowa Administrative Code 281—Chapter 41.

c. Due process complaints under Part C of the Individuals with Disabilities Education Act shall be governed by Iowa Administrative Code 281—Chapter 120.

CHAPTER 7
CRITERIA FOR GRANTS

281—7.1(256,17A) Purpose. The department provides competitive grant funding to a variety of entities throughout the state for support of educational programs. To ensure equal access and objective evaluation of applicants for these funds, grant application materials shall contain, at minimum, specific content. Competitive program grant application packets shall be developed by the department in accordance with these rules unless prohibited by or in conflict with appropriation language, the Iowa Code, the Iowa Administrative Code, federal regulations or interagency agreements between the department and other state agencies.

281—7.2(256,17A) Definitions. For the purpose of these rules, the following definitions shall apply:
“Competitive program grant” means the collective activities of a competitive grant funded through the department.
“Department” means the Iowa department of education.
“Program period” means the period of time which the department intends to support the program without requiring the recompetition for funds. The program period is specified within the grant application.
“Service delivery area” means the defined geographic area for delivery of program services.

281—7.3(256,17A) Requirements. The following shall be included in all competitive program grant application materials made available by the department:
1. Funding source.
2. Program period.
3. Description of eligible applicants.
4. Services to be delivered.
5. Service delivery area.
6. Target population to be served (if applicable).
7. Funding purpose.
8. Funding restrictions.
9. Funding formula (if any).
10. Matching requirement (if any).
11. Reporting requirements.
12. Performance criteria.
13. Need for letters of support or other materials (if applicable).
15. Anticipated date of awarding grant.
16. Required components of submitted grant applications.
17. An explanation of the review process and the review criteria to be used by application evaluators, including the number of points allocated per required component.
18. Appeal process in the event an application is denied.

281—7.4(256,17A) Review process. The review process to be followed in determining the amount of funds to be approved for any competitive program grant shall be described in the application. The review criteria and point allocation for each criterion shall also be described in the grant application material.

The competitive program grant review committee shall be determined by the appropriate division administrator. The review committee members shall allocate points per review criterion when conducting the review.

In the event competitive program grant applications receive an equal number of points that necessitates a further determination of whether an applicant is to receive a grant, a second review shall be conducted by the division administrator or the division administrator’s designee.
281—7.5(290,17A) Appeal of grant denial or termination. Any applicant may appeal the denial of a properly submitted competitive program grant application or the unilateral termination of a competitive program grant to the director of the department. Appeals must be in writing and received within ten working days of the date of the notice of decision and must be based on a contention that the process was conducted outside of statutory authority; violated state or federal law, policy, or rule; did not provide adequate public notice; was altered without adequate public notice; or involved conflict of interest by staff or committee members. The hearing and appeal procedures found in 281—Chapter 6 that govern director’s decisions shall be applicable to any appeal of denial or termination.

In the notice of appeal, the grantee shall give a short and plain statement of the reasons for the appeal. The director shall issue a decision within a reasonable time, not to exceed 60 days from the date of the hearing.

These rules are intended to implement Iowa Code section 256.9(7).

TITLE II
ACCREDITED SCHOOLS AND SCHOOL DISTRICTS

CHAPTER 11
UNSAFE SCHOOL CHOICE OPTION

281—11.1(PL107-110) Purpose. Under the federal No Child Left Behind Act of 2001, Section 9532, each state receiving federal funds is required to establish and implement a statewide policy requiring that a student attending a persistently dangerous public elementary school or secondary school or who becomes a victim of a violent criminal offense while in or on the grounds of a public elementary or secondary school that the student attends be allowed to attend a safe school within the district.

281—11.2(PL107-110) Definitions. For purposes of this chapter, the following definitions apply:
   “Department” means the Iowa department of education.
   “Forcible felony” means any crime defined in Iowa Code section 702.11. This includes felonious child endangerment, assault, murder, sexual abuse, kidnapping, robbery, arson in the first degree, or burglary in the first degree. Forcible felonies are not willful injury in violation of Iowa Code section 708.4, subsection 2; sexual abuse in the third degree committed between spouses; sexual abuse in violation of Iowa Code section 709.4, subsection 2, paragraph “c,” subparagraph (4); or sexual exploitation by a counselor or therapist in violation of Iowa Code section 709.15.
   “School” means an attendance center within a school district.
   “School district” means a public school district in Iowa.
   “School year” means from July 1 until June 30 of the following year.

281—11.3(PL107-110) Whole school option. Any student attending a persistently dangerous school as defined in this rule is eligible to transfer to a different school within the district. Transportation for students electing to transfer shall be provided according to the district’s transportation policy. The transfers may be temporary or permanent, but must be in effect as long as the student’s original school is identified as persistently dangerous.

   In making the determination of whether a transfer should be temporary or permanent, the district shall consider the educational needs of the student, as well as other factors affecting the student’s ability to succeed in the student’s new school environment. The district is encouraged, but not required, to explore other appropriate options such as an agreement with a contiguous school district to accept students if there is no safe school within the transferring district.

   11.3(1) A persistently dangerous school is one that meets the following criteria for three consecutive school years:
   a. The school has violence-related, long-term suspensions or expulsions for more than 1 percent of the student population. Long-term suspensions or expulsions are more than ten days in length and require the action of the local school board. For purposes of this subrule, a violence-related, long-term suspension or expulsion occurs as a result of physical injury or the threat of physical injury to a student while the student is in the school building or on the grounds of the attendance center during the hours of the regular school day or while the student is in attendance at school-sponsored activities that occur during the hours before or after the regular school day under one of the following:
      (1) A forcible felony as defined in rule 281—11.2(PL107-110);
      (2) Offenses, excluding simple misdemeanors, involving physical assault under Iowa Code chapter 708;
      (3) Offenses, excluding simple misdemeanors, involving sexual assault under Iowa Code chapter 709;
      (4) Extortion under Iowa Code section 711.4;
      (5) Use of incendiary or explosive devices such as bombs under Iowa Code section 712.5;
      (6) Criminal gang activity under Iowa Code chapter 723A;
      (7) Carrying or using a weapon under Iowa Code sections 724.3 and 724.4.
   b. The school has two or more students expelled for violating the federal gun-free school laws.
c. The school has 1 percent of the enrolled student population or five students, whichever is greater, who exercised the individual student option defined in rule 281—11.4(PL107-110).

11.3(2) For the school year starting July 1, 2003, and in the years thereafter, a school identified as meeting the criteria in 11.3(1)“a” through “c” for one year shall be given a warning by the department. The school shall review the school’s safety plan and prevention activities.

For the school year starting July 1, 2004, and in the years thereafter, a school identified as meeting the criteria in 11.3(1)“a” through “c” for two consecutive years shall develop and implement a remedial plan. The plan shall include schoolwide efforts to support positive student behavior and improve student discipline. The department shall conduct a site visit to the school.

For the school year starting July 1, 2005, and in the years thereafter, a school identified as meeting the criteria in 11.3(1) “a” through “c” for three consecutive years is eligible to be designated as a persistently dangerous school by the department. Prior to the department’s assigning the designation, the district may submit information to the department including:

a. The school’s safety plan;

b. Local efforts to address the school’s safety concerns;

c. The school safety data reported to the state consistent with requirements of the federal Safe and Drug-Free Schools and Communities Program;

d. More current data that the school may have available but has not yet reported; and

e. Any other information deemed relevant.

Within 30 days of receipt and review of the information, the department may determine that the school demonstrates improvement and may delay the designation for one year. By July 31, the department may, upon review of information that demonstrates improvement, delay the designation for one year. The department shall determine whether the district has made sufficient progress to warrant further consideration as a persistently dangerous school.

Upon designation, the district shall adopt a corrective action plan, which shall be approved by the department. The department shall monitor the district’s timely completion of the approved plan. The department shall annually assess the school using the criteria listed in 11.3(1) “a” through “c” by July 31 to determine whether the school shall remain identified as a persistently dangerous school for the following school year.

At minimum, a district that has one or more schools identified as persistently dangerous shall, within 14 days of the designation, notify parents of each student attending the school that the school has been identified by the department as persistently dangerous. The district must offer students the opportunity to transfer to a safe public school within the district; and for those students who accept the offer, the district shall complete the transfer. A district may deny the transfer if space at the requested school is unavailable. A district shall offer the parent other available options within the district, when available.

281—11.4(PL107-110) Individual student option. Any student who becomes a victim of a violent criminal offense shall, to the extent feasible, be permitted to transfer to another school within the district.

For purposes of this rule, a victim of a violent criminal offense is a student who is physically injured or threatened with physical injury as a result of the commission of one or more of the following crimes against the student while the student is in the school building or on the grounds of the attendance center.

1. A forcible felony as define in rule 281—11.2(PL107-110);

2. Offenses, excluding simple misdemeanors, involving physical assault under Iowa Code chapter 708;

3. Offenses, excluding simple misdemeanors, involving sexual assault under Iowa Code chapter 709;

4. Extortion under Iowa Code section 711.4.

Within ten calendar days following the date of the request, a local school district shall offer an opportunity to transfer to the parent/guardian of a student who meets the definition of a victim of a violent crime.
281—11.5(PL107-110) District reporting. For purposes of federal compliance, districts shall report data and requested information related to this chapter in a manner prescribed by the department. These rules are intended to implement Public Law 107-110, 115 Stat. 1425.

CHAPTER 12
GENERAL ACCREDITATION STANDARDS
[Prior to 9/7/88, see Public Instruction Department[670] Ch 4]

PREAMBLE

The goal for the early childhood through twelfth grade educational system in Iowa is to improve the learning, achievement, and performance of all students so they become successful members of a community and workforce. It is expected that each school and school district shall continue to improve its educational system so that more students will increase their learning, achievement, and performance.

Accreditation focuses on an ongoing school improvement process for schools and school districts. However, general accreditation standards are the minimum requirements that must be met by an Iowa public school district to be accredited. A public school district that does not maintain accreditation shall be merged, by the state board of education, with one or more contiguous school districts as required by Iowa Code subsection 256.11(12). A nonpublic school must meet the general accreditation standards if it wishes to be designated as accredited for operation in Iowa.

General accreditation standards are intended to fulfill the state’s responsibility for making available an appropriate educational program that has high expectations for all students in Iowa. The accreditation standards ensure that each child has access to an educational program that meets the needs and abilities of the child regardless of race, color, national origin, gender, disability, religion, creed, marital status, geographic location, sexual orientation, gender identity, or socioeconomic status.

With local community input, school districts and accredited nonpublic schools shall incorporate accountability for student achievement into comprehensive school improvement plans designed to increase the learning, achievement, and performance of all students. As applicable, and to the extent possible, comprehensive school improvement plans shall consolidate federal and state program goal setting, planning, and reporting requirements. Provisions for multicultural and gender fair education, technology integration, global education, gifted and talented students, at-risk students, students with disabilities, and the professional development of all staff shall be incorporated, as applicable, into the comprehensive school improvement plan. See subrules 12.5(8) to 12.5(13), 12.7(1), and 12.8(1).

DIVISION I
GENERAL STANDARDS

281—12.1(256) General standards.

12.1(1) Schools and school districts governed by general accreditation standards. These standards govern the accreditation of all prekindergarten, if offered, or kindergarten through grade 12 school districts operated by public school corporations and the accreditation, if requested, of prekindergarten or kindergarten through grade 12 schools operated under nonpublic auspices. Each school district shall take affirmative steps to integrate students in attendance centers and courses. Schools and school districts shall collect and annually review district, attendance center, and course enrollment data on the basis of race, national origin, gender, and disability. Equal opportunity in programs shall be provided to all students regardless of race, color, national origin, gender, sexual orientation as defined in Iowa Code section 216.2 as amended by 2007 Iowa Acts, Senate File 427, section 1, gender identity as defined in Iowa Code section 216.2 as amended by 2007 Iowa Acts, Senate File 427, section 1, socioeconomic status, disability, religion, or creed. Nothing in this rule shall be construed as prohibiting any bona fide religious institution from imposing qualifications based upon religion when such qualifications are related to a bona fide religious purpose.

12.1(2) School board. Each school or school district shall be governed by an identifiable authority which shall exercise the functions necessary for the effective operation of the school and referred to in these rules as the “board.”

12.1(3) Application for accreditation. The board of any school or school district that is not accredited on the effective date of these standards and which seeks accreditation shall file an application with the director, department of education, on or before the first day of January of the school year preceding the school year for which accreditation is sought.
12.1(4) Accredited schools and school districts. Each school or school district receiving accreditation under the provisions of these standards shall remain accredited except when by action of the state board of education it is removed from the list of accredited schools maintained by the department of education in accordance with Iowa Code subsections 256.11(11) and 256.11(12).

12.1(5) When nonaccredited. A school district shall be nonaccredited on the day after the date it is removed from the list of accredited schools by action of the state board of education. A nonpublic school shall be nonaccredited on the date established by the resolution of the state board, which shall be no later than the end of the school year in which the nonpublic school is declared to be nonaccredited.

12.1(6) Alternative provisions for accreditation. School districts may meet accreditation requirements through the provisions of Iowa Code sections 256.13, nonresident students; 273.7A, services to school districts; 279.20, superintendent—term; 280.15, joint employment and sharing; 282.7, attending in another corporation—payment; and 282.10, whole grade sharing. Nonpublic schools may meet accreditation requirements through the provisions of Iowa Code section 256.12.

12.1(7) Minimum school calendar: set by annual hours or days of instruction. The board of directors of a school district and the authorities in charge of an accredited nonpublic school shall adopt a school calendar that sets the number of days or hours of required attendance for student instruction, staff development and in-service time, and time for parent-teacher conferences. Prior to adopting the school calendar, the board of directors of a school district shall hold a public hearing on any proposed school calendar. The board and authorities in charge of an accredited nonpublic school shall notify the department annually of their decision to have a calendar based on days or based on hours. The length of the school calendar does not dictate the length of contract hours or days of employment for instructional and noninstructional staff. Time recorded under either a days or hours calendar system may include passing time between classes but shall exclude the lunch period. Time spent on parent-teacher conferences shall be considered instructional time. The school calendar may be operated any time during the school year of July 1 to June 30 as defined by Iowa Code section 279.10 as amended by 2013 Iowa Acts, House File 215, section 81. A minimum of 180 days or 1,080 hours of instruction shall be set in the school calendar, for school districts and accredited nonpublic schools beginning no sooner than a day during the calendar week in which the first day of September falls, and shall be used for student instruction. However, if the first day of September falls on a Sunday, school may begin any day during the calendar week preceding September 1. These 180 days shall meet the requirements of “day of school” for those districts or accredited nonpublic schools that are utilizing a schedule based on days, defined in paragraph 12.1(8)“a,” “minimum school day” defined in subrule 12.1(9), and “day or hour of attendance” defined in subrule 12.1(10). (Exception: A school or school district may, by board policy, excuse graduating seniors up to five days or 30 hours of instruction after school or school district requirements for graduation have been met.) If additional days are added to the regular school calendar because of inclement weather, a graduating senior who has met the school district’s requirements for graduation may be excused from attendance during the extended school calendar. A school district may begin employment of instructional and noninstructional staff, for in-service training and development purposes, earlier than the first day of school. A school or school district choosing a schedule based on hours shall follow the definition of “hour of school” set forth in paragraph 12.1(8)“b.”

12.1(8) Day and hour of school.

a. Day of school. A day of school is a day during which the school or school district is in session and students are under the guidance and instruction of the instructional professional staff. School shall be considered in session during parent-teacher conferences as well as during activities such as field trips if students are engaged in programs or activities under the guidance and instruction of the instructional professional staff. All grade levels of the school or school district must be operated and available for attendance by all students. An exception is if either the elementary or secondary grades are closed and provided that the time missed is made up at some other point during the school calendar so as to meet the minimum of 180 days or 1,080 hours of instruction for all grades 1 through 12.

b. Hour of school. For schools or school districts adopting a calendar based on a 1,080-hour minimum schedule, an official hour of school is an hour in which the school or school district is in session and students are under the guidance and instruction of the instructional professional staff. For
purposes of this rule, an “hour” is defined as 60 minutes. The calculation of minimum hours shall exclude the lunch period. Passing time between classes may be counted as part of the hour requirement. School shall be considered in session during parent-teacher conferences as well as during activities such as field trips if students are engaged in programs or activities under the guidance and direction of the instructional professional staff. All grade levels of the school or school district must be operated and available for attendance by all students. Schools or school districts have flexibility on how they can reach the threshold of 1,080 hours of instruction but must keep annual documentation of how they met that standard. The school calendar may include more than or less than or may equal the 180-day schedule. The hours included in an individual day under an hours format may vary.

12.1(9) Minimum school day. A school day, for those utilizing a school calendar based on days, shall consist of a minimum of 6 hours of instructional time for all grades 1 through 12. The minimum hours shall exclude the lunch period. Passing time between classes may be counted as part of the 6-hour requirement. School shall be considered in session during parent-teacher conferences as well as during activities such as field trips if students are engaged in programs or activities under the guidance and direction of the instructional professional staff.

12.1(10) Day or hour of attendance. A day or hour of attendance shall be a day or hour during which students were present and under the guidance and instruction of the instructional professional staff. When staff development designated by the board or by authorities in charge of an accredited nonpublic school occurs outside of the time required for a “minimum school day,” students shall be counted in attendance.

12.1(11) Kindergarten. The number of instructional days or hours within the school calendar and the length of the school day for kindergarten shall be defined by the board or by authorities in charge of an accredited nonpublic school that operates a kindergarten program.

DIVISION II
DEFINITIONS

281—12.2(256) Definitions. For purposes of these rules, the following definitions shall apply:

“Alternative options education programs” means alternative programs or schools as identified in Iowa Code section 280.19A.

“Alternative program” means a class or environment established within the regular educational program and designed to accommodate specific student educational needs such as, but not limited to, work-related training; reading, mathematics or science skills; communication skills; social skills; physical skills; employability skills; study skills; or life skills.

“Alternative school” means an environment established apart from the regular educational program and that includes policies and rules, staff, and resources designed to accommodate student needs and to provide a comprehensive education consistent with the student learning goals and content standards established by the school district or by the school districts participating in a consortium. Students attend by choice.

“Annual improvement goals” means the desired one-year rate of improvement for students. Data from multiple measures may be used to determine the rate of improvement.

“At-risk student” means any identified student who needs additional support and who is not meeting or not expected to meet the established goals of the educational program (academic, personal/social, career/vocational). At-risk students include but are not limited to students in the following groups: homeless children and youth, dropouts, returning dropouts, and potential dropouts.

“Baseline data” means information gathered at a selected point in time and used thereafter as a basis from which to monitor change.

“ Benchmarks” means specific knowledge and skills anchored to content standards that a student needs to accomplish by a specific grade or grade span.

“Board” means the board of directors in charge of a public school district or the authorities in charge of an accredited nonpublic school.
“Competency-based education” means that learners advance through content or earn credit based on demonstration of proficiency of competencies. Proficiency for this context is the demonstrated skill or knowledge required to advance to and be successful in higher levels of learning in that content area. Some students may advance through more content or earn more credit than in a traditional school year while others might take more than a traditional school year to advance through the same content and to earn credit. A student must meet the requirements of 12.5(14) to be awarded credit in a competency-based system of education.

“Comprehensive school improvement plan” means a design that shall describe how the school or school district will increase student learning, achievement, and performance. This ongoing improvement design may address more than student learning, achievement, and performance.

“Content standards” means broad statements about what students are expected to know and be able to do.

“Curriculum” means a plan that outlines what students shall be taught. Curriculum refers to all the courses offered, or all the courses offered in a particular area of study.

“Department” means the department of education.

“Districtwide” means all attendance centers within a school district or accredited nonpublic school.

“Districtwide assessments” means large-scale achievement or performance measures. At least one districtwide assessment shall allow for the following: the comparison of the same group of students over time as they progress through the grades or the cross-sectional comparison of students at the same grades over multiple years.

“Districtwide progress” means the quantifiable change in school or school district student achievement and performance.

“Dropout” means a school-age student who is served by a public school district and enrolled in any of grades seven through twelve and who does not attend school or withdraws from school for a reason other than death or transfer to another approved school or school district or has been expelled with no option to return.

“Educational program.” The educational program adopted by the board is the entire offering of the school, including out-of-class activities and the sequence of curriculum areas and activities. The educational program shall provide articulated, developmental learning experiences from the date of student entrance until high school graduation.

“Enrolled student” means a person that has officially registered with the school or school district and is taking part in the educational program.

“Incorporate” means integrating career education, multicultural and gender fair education, technology education, global education, higher-order thinking skills, learning skills, and communication skills into the total educational program.

“Indicators” provide information about the general status, quality, or performance of an educational system.

“Library program” means an articulated sequential kindergarten through grade 12 library or media program that enhances student achievement and is integral to the school district’s curricula and instructional program. The library program is planned and implemented by a qualified teacher librarian working collaboratively with the district’s administration and instructional staff. The library program services provided to students and staff shall include the following:

1. Support of the overall school curricula;
2. Collaborative planning and teaching;
3. Promotion of reading and literacy;
4. Information literacy instruction;
5. Access to a diverse and appropriate school library collection; and
6. Learning enhancement through technologies.

“Long-range goals” means desired targets to be reached over an extended period of time.

“Multiple assessment measures,” for reporting to the local community or the state, means more than one valid and reliable instrument that quantifies districtwide student learning, including specific grade-level data.
“Performance levels.” The federal Elementary and Secondary Education Act (ESEA) requires that at least three levels of performance be established to assist in determining which students have or have not achieved a satisfactory or proficient level of performance. At least two of those three levels shall describe what all students ought to know or be able to do if their achievement or performance is deemed proficient or advanced. The third level shall describe students who are not yet performing at the proficient level. A school or school district may establish more than three performance levels that include all students for districtwide or other assessments.

“Physical activity” means any movement, manipulation, or exertion of the body that can lead to improved levels of physical fitness and quality of life.

“Potential dropouts” means resident pupils who are enrolled in a public or nonpublic school who demonstrate poor school adjustment as indicated by two or more of the following:
1. High rate of absenteeism, truancy, or frequent tardiness.
2. Limited or no extracurricular participation or lack of identification with school including, but not limited to, expressed feelings of not belonging.
3. Poor grades including, but not limited to, failing in one or more school subjects or grade levels.
4. Low achievement scores in reading or mathematics which reflect achievement at two years or more below grade level.

“Prekindergarten program” includes a school district’s implementation of the preschool program established pursuant to 2007 Iowa Acts, House File 877, section 2, and is otherwise described herein in subrule 12.5(1).

“Proficient,” as it relates to content standards, characterizes student performance at a level that is acceptable by the school or school district.

“Returning dropouts” means resident pupils who have been enrolled in a public or nonpublic school in any of grades seven through twelve who withdrew from school for a reason other than transfer to another school or school district and who subsequently enrolled in a public school in the district.

“School” means an accredited nonpublic school.

“School counseling program” means an articulated sequential kindergarten through grade 12 program that is comprehensive in scope, preventive in design, developmental in nature, driven by data, and integral to the school district’s curricula and instructional program. The program is implemented by at least one school counselor, appropriately licensed by the board of educational examiners, who works collaboratively with the district’s administration and instructional staff. The program standards are described in subrule 12.3(11). The program’s delivery system components shall include the following:
1. School guidance curriculum;
2. Support of the overall school curriculum;
3. Individual student planning;
4. Responsive services; and
5. System support.

“School district” means a public school district.

“School improvement advisory committee” means a committee, as defined in Iowa Code section 280.12, that is appointed by the board. Committee membership shall include students, parents, teachers, administrators, and representatives from the local community which may include business, industry, labor, community agencies, higher education, or other community constituents. To the extent possible, committee membership shall have balanced representation of the following: race, gender, national origin, and disability. The school improvement advisory committee as defined by Iowa Code section 280.12 and the board are also part of, but not inclusive of, the local community.

“Student learning goals” means general statements of expectations for all graduates.

“Students with disabilities” means students who have individualized education programs regardless of the disability.

“Subgroups” means a subset of the student population that has a common characteristic. Subgroups include, but are not limited to, gender, race, students with disabilities, and socioeconomic status.
“Successful employment in Iowa” may be determined by, but is not limited to, reviewing student achievement and performance based on locally identified indicators such as earnings, educational attainment, reduced unemployment, and the attainment of employability skills.

DIVISION III
ADMINISTRATION

281—12.3(256) Administration. The following standards shall apply to the administration of accredited schools and school districts.

12.3(1) Board records. Each board shall adopt by written policy a system for maintaining accurate records. The system shall provide for recording and maintaining the minutes of all board meetings, coding all receipts and expenditures, and recording and filing all reports required by the Iowa Code or requested by the director of the department of education. Financial records of school districts shall be maintained in a manner as to be easily audited according to accepted accounting procedures.

12.3(2) Policy manual. The board shall develop and maintain a policy manual which provides a codification of its policies, including the adoption date, the review date, and any revision date for each policy. Policies shall be reviewed at least every five years to ensure relevance to current practices and compliance with the Iowa Code, administrative rules and decisions, and court decisions.

12.3(3) Personnel evaluation. Each board shall adopt evaluation criteria and procedures for all contracted staff. The evaluation processes shall conform to Iowa Code sections 279.14 and 279.23A.

12.3(4) Student records. Each board shall require its administrative staff to establish and maintain a system of student records. This system shall include for each student a permanent office record and a cumulative record.

The permanent office record shall serve as a historical record of official information concerning the student’s education. The permanent office record shall be recorded and maintained under the student’s legal name. At a minimum, the permanent office record should contain evidence of attendance and educational progress, serve as an official transcript, contain other data for use in planning to meet student needs, and provide data for official school and school district reports. This record is to be permanently maintained and stored in a fire-resistant safe or vault or can be maintained and stored electronically with a secure backup file.

The cumulative record shall provide a continuous and current record of significant information on progress and growth. It should reflect information such as courses taken, scholastic progress, school attendance, physical and health record, experiences, interests, aptitudes, attitudes, abilities, honors, extracurricular activities, part-time employment, and future plans. It is the “working record” used by the instructional professional staff in understanding the student. At the request of a receiving school or school district, a copy of the cumulative record shall be sent to officials of that school when a student transfers.

For the sole purpose of implementing an interagency agreement with state and local agencies in accordance with Iowa Code section 280.25, a student’s permanent record may include information contained in the cumulative record as defined above.

The board shall adopt a policy concerning the accessibility and confidentiality of student records that complies with the provisions of the federal Family Educational Rights and Privacy Act of 1974 and Iowa Code chapter 22.

12.3(5) Requirements for graduation. Each board providing a program through grade 12 shall adopt a policy establishing the requirements students must meet for high school graduation. This policy shall make provision for early graduation and shall be consistent with these requirements, Iowa Code section 280.14, and the requirements in the introductory paragraph of subrule 12.5(5).

12.3(6) Student responsibility and discipline. The board shall adopt student responsibility and discipline policies as required by Iowa Code section 279.8. The board shall involve parents, students, instructional and noninstructional professional staff, and community members in the development and revision of those policies where practicable or unless specific policy is mandated by legislation. The policies shall relate to the educational purposes of the school or school district. The policies shall
include, but are not limited to, the following: attendance; use of tobacco; the use or possession of alcoholic beverages or any controlled substance; harassment of or by students and staff as detailed in subrule 12.3(13); violent, destructive, and seriously disruptive behavior; suspension, expulsion, emergency removal, weapons, and physical restraint; out-of-school behavior; participation in extracurricular activities; academic progress; and citizenship.

The policies shall ensure due process rights for students and parents, including consideration for students who have been identified as requiring special education programs and services.

The board shall also consider the potential, disparate impact of the policies on students because of race, color, national origin, gender, sexual orientation as defined in Iowa Code section 216.2 as amended by 2007 Iowa Acts, Senate File 427, section 1, gender identity as defined in Iowa Code section 216.2 as amended by 2007 Iowa Acts, Senate File 427, section 1, disability, religion, creed, or socioeconomic status.

The board shall publicize its support of these policies, its support of the staff in enforcing them, and the staff’s accountability for implementing them.

12.3(7) Health services. Rescinded IAB 12/5/07, effective 1/9/08.

12.3(8) Audit of school funds. This subrule applies to school districts. The results of the annual audit of all school district funds conducted by the state auditor or a private auditing firm shall be made part of the official records of the board as described in Iowa Code section 11.6.

12.3(9) School or school district building grade-level organization. The board shall adopt a grade-level organization for the buildings under its jurisdiction as described in Iowa Code section 279.39.

12.3(10) Report on accredited nonpublic school students. Rescinded IAB 12/5/07, effective 1/9/08.

12.3(11) Standards for school counseling programs. The board of directors of each school district shall establish a K-12 comprehensive school counseling program, driven by student data and based on standards in academic, career, personal, and social areas, which supports the student achievement goals of the total school curriculum and to which all students have equitable access.

a. A qualified school counselor, licensed by the board of educational examiners, who works collaboratively with students, teachers, support staff and administrators shall direct the program and provide services and instruction in support of the curricular goals of each attendance center. The school counselor shall be the member of the attendance center instructional team with special expertise in identifying resources and technologies to support teaching and learning. The school counselor and classroom teachers shall collaborate to develop, teach, and evaluate attendance center curricular goals with emphasis on the following:

   (1) Sequentially presented curriculum, programs, and responsive services that address growth and development of all students; and

   (2) Attainment of student competencies in academic, career, personal, and social areas.

b. The program shall be regularly reviewed and revised and shall be designed to provide all of the following:

   (1) Curriculum that is embedded throughout the district’s overall curriculum and systemically delivered by the school counselor in collaboration with instructional staff through classroom and group activities and that consists of structured lessons to help students achieve desired competencies and to provide all students with the knowledge and skills appropriate for their developmental levels;

   (2) Individual student planning through ongoing systemic activities designed to help students establish educational and career goals to develop future plans;

   (3) Responsive services through intervention and curriculum that meet students’ immediate and future needs as occasioned by events and conditions in students’ lives and that may require any of the following: individual or group counseling; consultation with parents, teachers, and other educators; referrals to other school support services or community resources; peer helping; and information; and

   (4) Systemic support through management activities that establish, maintain, and enhance the total school counseling program, including professional development, consultation, collaboration, program management, and operations.
12.3(12) Standards for library programs. The board of directors of each school district shall establish a K-12 library program to support the student achievement goals of the total school curriculum.

a. A qualified teacher librarian, licensed by the board of educational examiners, who works with students, teachers, support staff and administrators shall direct the library program and provide services and instruction in support of the curricular goals of each attendance center. The teacher librarian shall be a member of the attendance center instructional team with special expertise in identifying resources and technologies to support teaching and learning. The teacher librarian and classroom teachers shall collaborate to develop, teach, and evaluate attendance center curricular goals with emphasis on promoting inquiry and critical thinking; providing information literacy learning experiences to help students access, evaluate, use, create, and communicate information; enhancing learning and teaching through technology; and promoting literacy through reader guidance and activities that develop capable and independent readers.

b. The library program shall be regularly reviewed and revised and shall be designed to meet the following goals:

(1) To provide for methods to improve library collections to meet student and staff needs;
(2) To make connections with parents and the community;
(3) To support the district’s school improvement plan;
(4) To provide access to or support for professional development for the teacher librarian;
(5) To provide current technology and electronic resources to ensure that students become skillful and discriminating users of information;
(6) To include a current and diverse collection of fiction and nonfiction materials in a variety of formats to support student and curricular needs; and
(7) To include a plan for annually updating and replacing library materials, supports, and equipment.

c. The board of directors of each school district shall adopt policies to address selection and reconsideration of school library materials; confidentiality of student library records; and legal and ethical use of information resources, including plagiarism and intellectual property rights.

12.3(13) Policy declaring harassment and bullying against state and school policy. The policy adopted by the board regarding harassment of or by students and staff shall declare harassment and bullying in schools, on school property, and at any school function or school-sponsored activity regardless of its location to be against state and school policy. The board shall make a copy of the policy available to all school employees, volunteers, students, and parents or guardians and shall take all appropriate steps to bring the policy against harassment and bullying and the responsibilities set forth in the policy to the attention of school employees, volunteers, students, and parents or guardians. Each policy shall, at a minimum, include all of the following components:

a. A statement declaring harassment and bullying to be against state and school policy. The statement shall include but not be limited to the following provisions:

(1) School employees, volunteers, and students in school, on school property, or at any school function or school-sponsored activity shall not engage in harassing and bullying behavior.
(2) School employees, volunteers, and students shall not engage in reprisal, retaliation, or false accusation against a victim, a witness, or an individual who has reliable information about such an act of harassment or bullying.

b. A definition of harassment and bullying consistent with the following: Harassment and bullying shall be construed to mean any electronic, written, verbal, or physical act or conduct toward a student which is based on the student’s actual or perceived age, color, creed, national origin, race, religion, marital status, sex, sexual orientation, gender identity, physical attributes, physical or mental ability or disability, ancestry, political party preference, political belief, socioeconomic status, or familial status, and which creates an objectively hostile school environment that meets one or more of the following conditions:

(1) Places the student in reasonable fear of harm to the student’s person or property.
(2) Has a substantially detrimental effect on the student’s physical or mental health.
(3) Has the effect of substantially interfering with a student’s academic performance.
(4) Has the effect of substantially interfering with the student’s ability to participate in or benefit from the services, activities, or privileges provided by a school.

The local board policy must set forth all 17 of the above-enumerated traits or characteristics, but does not need to be limited to the 17 enumerated traits or characteristics.

   c. A description of the type of behavior expected from school employees, volunteers, parents or guardians, and students relative to prevention, reporting, and investigation of harassment or bullying.

   d. The consequences and appropriate remedial action for a person who violates the antiharassment and antibullying policy.

   e. A procedure for reporting an act of harassment or bullying, including the identification by job title of the school official responsible for ensuring that the policy is implemented, and the identification of the person or persons responsible for receiving reports of harassment or bullying.

   f. A procedure for the prompt investigation of complaints, identifying either the school superintendent or the superintendent’s designee as the individual responsible for conducting the investigation, including a statement that investigators will consider the totality of circumstances presented in determining whether conduct objectively constitutes harassment or bullying under this subrule.

   g. A statement of the manner in which the policy will be publicized.

The board shall integrate its policy into its comprehensive school improvement plan. The board shall develop and maintain a system to collect harassment and bullying incidence data, and report such data, on forms specified by the department, to the local community and to the department.

12.3(14) Policy prohibiting the aiding and abetting of sexual abuse.

   a. General. The department and each public school district and area education agency shall adopt policies that prohibit any individual who is a school employee, contractor, or agent, or any state educational agency or local educational agency, from assisting a school employee, contractor, or agent in obtaining a new job, apart from the routine transmission of administrative and personnel files, if the individual or agency knows, or has probable cause to believe, that such school employee, contractor, or agent engaged in sexual misconduct regarding a minor or student in violation of the law.

   b. Exception. The requirements of paragraph 12.3(14) “a” shall not apply if all of the following conditions are met.

(1) The information giving rise to probable cause has been properly reported to a law enforcement agency with jurisdiction over the alleged misconduct; and has been properly reported to any other authorities as required by federal, state, or local law, including Title IX of the Education Amendments of 1972 (20 U.S.C. 1681 et seq.) and the regulations implementing such title under Part 106 of Title 34, Code of Federal Regulations, or any succeeding regulations.

(2) The matter has been officially closed or the prosecutor or police with jurisdiction over the alleged misconduct have investigated the allegations and notified school officials that there is insufficient information to establish probable cause that the school employee, contractor, or agent engaged in sexual misconduct regarding a minor or student in violation of the law; or the school employee, contractor, or agent has been charged with, and acquitted or otherwise exonerated of, the alleged misconduct; or the case or investigation remains open and there have been no charges filed against, or indictment of, the school employee, contractor, or agent within four years of the date on which the information was reported to a law enforcement agency.

DIVISION IV
SCHOOL PERSONNEL

281—12.4(256) School personnel. License/certificate and endorsement standards required in this rule relate to licenses/certificates and endorsements issued by the state board of educational examiners. The following standards shall apply to personnel employed in accredited schools.

12.4(1) Instructional professional staff. Each person who holds a license/certificate endorsed for the service for which that person is employed shall be eligible for classification as a member of the instructional professional staff.
12.4(2) **Noninstructional professional staff.** A person who holds a statement of professional recognition, including but not limited to a physician, dentist, nurse, speech therapist, or a person in one of the other noninstructional professional areas designated by the state board of education, shall be eligible for classification as a member of the noninstructional professional staff.

12.4(3) **Basis for approval of professional staff.** Each member of the professional staff shall be classified as either instructional or noninstructional. An instructional professional staff member shall be regarded as approved when holding either an appropriate license/certificate with endorsement or endorsements, or a license/certificate with an endorsement statement, indicating the specific teaching assignments that may be given. A noninstructional professional staff member shall be regarded as approved when holding a statement of professional recognition for the specific type of noninstructional professional school service for which employed.

12.4(4) **Required administrative personnel.** Each board that operates both an elementary school and a secondary school shall employ as its executive officer and chief administrator a person who holds a license/certificate endorsed for service as a superintendent. The board of a school district may meet this requirement by contracting with its area education agency for “superintendency services” as provided by Iowa Code section 273.7A. The individual employed or contracted for as superintendent may serve as an elementary principal or as a high school principal in that school or school district provided that the superintendent holds the proper licensure/certification. For purposes of this subrule, high school means a school which commences with either grade 9 or grade 10, as determined by the board of directors of the school district, or by the governing authority of the nonpublic school in the case of nonpublic schools. Boards of school districts may jointly employ a superintendent, provided such arrangements comply with the provisions of Iowa Code subsection 279.23(4).

12.4(5) **Staffing policies—elementary schools.** The board operating an elementary school shall develop and adopt staffing policies designed to attract, retain, and effectively utilize competent personnel. Each board operating an elementary school shall employ at least one elementary principal. This position may be combined with that of secondary principal or with a teaching assignment at the elementary or secondary level, provided the individual holds the proper licenses/certificates and endorsements.

When grades seven and eight are part of an organized and administered junior high school, the staffing policies adopted by the board for secondary schools shall apply. When grades seven and eight are part of an organized and administered middle school, the staffing policies adopted by the board for elementary schools shall apply.

12.4(6) **Staffing policies—secondary schools.** The board operating a secondary school shall develop and adopt staffing policies designed to attract, retain, and effectively utilize competent personnel. Each board operating a secondary school shall employ at least one secondary principal. This position may be combined with that of elementary principal or with a teaching assignment at the elementary or secondary level, provided the individual holds the proper licenses/certificates and endorsements. This position may be combined with that of superintendent, but one person may not serve as elementary principal, secondary principal, and superintendent.

12.4(7) **Principal.** “Principal” means a licensed/certificated member of a school’s instructional staff who serves as an instructional leader, coordinates the process and substance of educational and instructional programs, coordinates the budget of the school, provides formative evaluation for all practitioners and other persons in the school, recommends or has effective authority to appoint, assign, promote, or transfer personnel in a school building, implements the local school board’s policy in a manner consistent with professional practice and ethics, and assists in the development and supervision of a school’s student activities program.

12.4(8) **Teacher.** A teacher shall be defined as a member of the instructional professional staff who holds a license/certificate endorsed for the type of position in which employed. A teacher diagnoses, prescribes, evaluates, and directs student learnings in terms of the school’s objectives, either singly or in concert with other professional staff members; shares responsibility with the total professional staff for developing educational procedures and student activities to be used in achieving the school’s objectives; supervises educational aides who assist in serving students for whom the teacher is responsible; and
evaluates or assesses student progress during and following instruction in terms of the objectives sought, and uses this information to develop further educational procedures.

12.4(9) Educational assistant. An educational assistant shall be defined as an employee who, in the presence or absence of an instructional professional staff member but under the direction, supervision, and control of the instructional professional staff, supervises students or assists in providing instructional and other direct educational services to students and their families. An educational assistant shall not substitute for or replace the functions and duties of a teacher as established in subrule 12.4(8).

During the initial year of employment, an educational assistant shall complete staff development approved by the board as provided in subrule 12.7(1).

12.4(10) Record of license/certificate or statement of professional recognition. The board shall require each administrator, teacher, support service staff member, and noninstructional professional staff member on its staff to supply evidence that each holds a license/certificate or statement of professional recognition which is in force and valid for the type of position in which employed.

12.4(11) Record required regarding teacher and administrative assignments. The board shall require its superintendent or other designated administrator to maintain a file for all regularly employed members of the instructional professional staff, including substitute teachers. The file shall consist of legal licenses/certificates or copies thereof for all members of the instructional professional staff, including substitute teachers, showing that they are eligible for the position in which employed. The official shall also maintain on file a legal license/certificate or statement of professional recognition as defined in subrule 12.4(2) for each member of the noninstructional professional staff. These records shall be on file at the beginning of and throughout each school year and shall be updated annually to reflect all professional growth.

On December 1 of each year, the official shall verify to the department of education the licensure/certification and endorsement status of each member of the instructional and administrative staff. This report shall be on forms provided by the department of education and shall identify all persons holding authorizations and their specific assignment(s) with the authorization(s).

12.4(12) Nurses. The board of each school district shall employ a school nurse and shall require a current license to be filed with the superintendent or other designated administrator as specified in subrule 12.4(10).

12.4(13) Prekindergarten staff. Prekindergarten teachers shall hold a license/certificate valid for the prekindergarten level. The board shall employ personnel as necessary to provide effective supervision and instruction in the prekindergarten program.

12.4(15) Support staff. The board shall develop and implement procedures for the use of educational support staff to augment classroom instruction and to meet individual student needs. These staff members may be employed by the board or by the area education agency.

12.4(16) Volunteer. A volunteer shall be defined as an individual who, without compensation or remuneration, provides a supportive role and performs tasks under the direction, supervision, and control of the school or school district staff. A volunteer shall not work as a substitute for or replace the functions and duties of a teacher as established in subrule 12.4(8).

12.4(17) Supporting educational programs. The board shall provide for the planned and systematic development of educational programs and activities designed to meet the educational needs of children in the school district.

12.4(18) Educational development. The board or its designee shall collect data related to the education of children in the school district and shall prepare a report for distribution to the community.

12.4(19) Observations. The board shall require each teacher to observe the educational practices of others, and to make a report of those observations.

12.4(20) Support staff. The board shall develop and implement procedures for the use of educational support staff to augment classroom instruction and to meet individual student needs. These staff members may be employed by the board or by the area education agency.

12.4(21) Volunteer. A volunteer shall be defined as an individual who, without compensation or remuneration, provides a supportive role and performs tasks under the direction, supervision, and control of the school or school district staff. A volunteer shall not work as a substitute for or replace the functions and duties of a teacher as established in subrule 12.4(8).

DIVISION V
EDUCATION PROGRAM

281—12.5(256) Education program. The following education program standards shall be met by schools and school districts for accreditation with the start of the 1989-1990 school year.

12.5(1) Prekindergarten program. If a school offers a prekindergarten program, the program shall be designed to help children to work and play with others, to express themselves, to learn to use and manage their bodies, and to extend their interests and understanding of the world about them. The prekindergarten program shall relate the role of the family to the child’s developing sense of self and perception of others. Planning and carrying out prekindergarten activities designed to encourage cooperative efforts between home and school shall focus on community resources. A prekindergarten
teacher shall hold a license/certificate licensing/certifying that the holder is qualified to teach in prekindergarten. A nonpublic school which offers only a prekindergarten may, but is not required to, seek and obtain accreditation.

12.5(2) Kindergarten program. The kindergarten program shall include experiences designed to develop healthy emotional and social habits and growth in the language arts and communication skills, as well as a capacity for the completion of individual tasks, and protect and increase physical well-being with attention given to experiences relating to the development of life skills and human growth and development. A kindergarten teacher shall be licensed/certified to teach in kindergarten. An accredited nonpublic school must meet the requirements of this subrule only if the nonpublic school offers a kindergarten program.

12.5(3) Elementary program, grades 1-6. The following areas shall be taught in grades one through six: English-language arts, social studies, mathematics, science, health, human growth and development, physical education, traffic safety, music, and visual art. Computer science instruction incorporating the standards established under rule 281—12.11(256) shall be offered in at least one grade level commencing with the school year beginning July 1, 2023.

In implementing the elementary program standards, the following general curriculum definitions shall be used.

a. English-language arts. English-language arts instruction shall include the following communication processes: speaking; listening; reading; writing; viewing; and visual expression and nonverbal communication. Instruction shall incorporate language learning and creative, logical, and critical thinking. The following shall be taught: oral and written composition; communication processes and skills, including handwriting and spelling; literature; creative dramatics; and reading.

b. Social studies. Social studies instruction shall include citizenship education, history, and social sciences. Democratic beliefs and values, problem-solving skills, and social and political participation skills shall be incorporated. Instruction shall encompass geography, history of the United States and Iowa, and cultures of other peoples and nations. American citizenship, including the study of national, state, and local government; and the awareness of the physical, social, emotional and mental self shall be infused in the instructional program.

c. Mathematics. Mathematics instruction shall include number sense and numeration; concepts and computational skills with whole numbers, fractions, mixed numbers and decimals; estimation and mental arithmetic; geometry; measurement; statistics and probability; and patterns and relationships. This content shall be taught through an emphasis on mathematical problem solving, reasoning, and applications; language and symbolism to communicate mathematical ideas; and connections among mathematical topics and between mathematics and other disciplines. Calculators and computers shall be used in concept development and problem solving.

d. Science. Science instruction shall include life, earth, and physical science and shall incorporate hands-on process skills; scientific knowledge; application of the skills and knowledge to students and society; conservation of natural resources; and environmental awareness.

e. Health. Health instruction shall include personal health; food and nutrition; environmental health; safety and survival skills; consumer health; family life; substance abuse and nonuse, encompassing the effects of alcohol, tobacco, drugs, and poisons on the human body; human sexuality, self-esteem, stress management, and interpersonal relationships; emotional and social health; health resources; and prevention and control of disease, and the characteristics of communicable diseases, including acquired immune deficiency syndrome.

f. Physical education. Physical education instruction shall include movement experiences and body mechanics; fitness activities; rhythmic activities; stunts and tumbling; simple games and relays; sports skills and activities; and water safety.

g. Traffic safety. Traffic safety instruction shall include pedestrian safety; bicycle safety; auto passenger safety; school bus passenger safety; seat belt use; substance education; and the application of legal responsibility and risk management to these concepts.

h. Music. Music instruction shall include skills, knowledge, and attitudes and shall include singing and playing music; listening to and using music; reading and writing music; recognizing the value of
the world’s musical heritage; respecting individual musical aspirations and values; and preparing for consuming, performing, or composing.

i. **Visual art.** Visual art instruction shall include perceiving, comprehending, and evaluating the visual world; viewing and understanding the visual arts; developing and communicating imaginative and inventive ideas; and making art.

12.5(4) **Junior high program, grades 7 and 8.** The following shall be taught in grades 7 and 8: English-language arts, social studies, mathematics, science, health, human growth and development, physical education, music, visual art, family and consumer education, career education, and technology education. Instruction in the following areas shall include the contributions and perspectives of persons with disabilities, both men and women, and persons from diverse racial and ethnic groups, and shall be designed to eliminate career and employment stereotypes. Computer science instruction incorporating the standards established under rule 281—12.11(256) shall be offered in at least one grade level commencing with the school year beginning July 1, 2023.

In implementing the junior high program standards, the following general curriculum definitions shall be used.

a. **English-language arts.** Same definition as in 12.5(3)“a” with the exclusion of handwriting.

b. **Social studies.** Social studies instruction shall include citizenship education, history and social sciences. Democratic beliefs and values, problem-solving skills, and social and political participation skills shall be incorporated. Instruction shall encompass history, economics, geography, government including American citizenship, behavioral sciences, and the cultures of other peoples and nations. Strategies for continued development of positive self-perceptions shall be infused.

c. **Mathematics.** Mathematics instruction shall include number and number relationships including ratio, proportion, and percent; number systems and number theory; estimation and computation; geometry; measurement; statistics and probability; and algebraic concepts of variables, patterns, and functions. This content shall be taught through an emphasis on mathematical problem solving, reasoning, and applications; language and symbolism to communicate mathematical ideas; and connections among mathematical topics and between mathematics and other disciplines. Calculators and computers shall be used in concept development and problem solving.

d. **Science.** Same definition as in 12.5(3)”d.”

e. **Health.** Health instruction shall include personal health; food and nutrition; environmental health; safety and survival skills; consumer health; family life; substance abuse and nonuse, encompassing the effects of alcohol, tobacco, drugs, and poisons on the human body; human sexuality, self-esteem, stress management, and interpersonal relationships; emotional and social health; health resources; and prevention and control of disease and the characteristics of communicable diseases, including sexually transmitted diseases and acquired immune deficiency syndrome.

f. **Physical education.** Physical education shall include the physical fitness activities that increase cardiovascular endurance, muscular strength, and flexibility; sports and games; tumbling and gymnastics; rhythms and dance; water safety; leisure and lifetime activities.

g. **Music.** Same definition as in 12.5(3)”h” with the addition of using music as an avocation or vocation.

h. **Visual art.** Same definition as in 12.5(3)”i” with the addition of using visual arts as an avocation or vocation.

i. **Family and consumer education.** Family and consumer education instruction shall include the development of positive self-concept, understanding personal growth and development and relationships with peers and family members in the home, school and community, including men, women, minorities and persons with disabilities. Subject matter emphasizes the home and family, including parenting, child development, textiles and clothing, consumer and resource management, foods and nutrition, housing, and family and individual health. This subrule shall not apply to nonpublic schools.

j. **Career education.** Career education instruction shall include exploration of employment opportunities, experiences in career decision making, and experiences to help students integrate work values and work skills into their lives. This subrule shall not apply to nonpublic schools. However, nonpublic schools shall comply with subrule 12.5(7).
k. Technology education. Technology education instruction shall include awareness of technology and its impact on society and the environment; furthering students’ career development by contributing to their scientific principles, technical information and skills to solve problems related to an advanced technological society; and orienting students to technologies which impact occupations in all six of the required service areas. The purpose of this instruction is to help students become technologically literate and become equipped with the necessary skills to cope with, live in, work in, and contribute to a highly technological society. This subrule shall not apply to nonpublic schools.

l. Secondary credit.
   (1) An individual pupil in a grade that precedes ninth grade may take a course for secondary credit if all of the following are true:
      1. The pupil satisfactorily completes the course.
      2. The course is taught by a teacher licensed by the Iowa board of educational examiners for grades 9 through 12 and endorsed in the subject area.
      3. The course meets all components listed in subrule 12.5(5) for the specific curricular area.
      4. The board of the school district or the authorities in charge of the nonpublic school have developed enrollment criteria that a student must meet to be enrolled in the course.

   (2) If a student meets the requirement of subparagraph 12.5(4) “l”(1), the school district or accredited nonpublic school of enrollment shall issue high school credit for the unit to the student unless the student is unable to demonstrate proficiency or the school district or accredited nonpublic school determines that the course unit completed by the student does not meet the school district’s or accredited nonpublic school’s standards, as appropriate. If a student is denied credit under this paragraph, the school district or accredited nonpublic school denying credit shall provide to the student’s parent or guardian in writing the reason for the denial. If credit is awarded under this paragraph, the credit must apply toward graduation requirements of the district or accredited nonpublic school.

12.5(5) High school program, grades 9-12. In grades 9 through 12, a unit is a course or equivalent related components or partial units taught throughout the academic year as defined in subrule 12.5(14). The following shall be offered and taught as the minimum program: English-language arts, six units; social studies, five units; mathematics, six units as specified in 12.5(“c”); science, five units; health, one unit; physical education, one unit; fine arts, three units; world language, four units; and vocational education, 12 units as specified in 12.5(“i”). Beginning with the 2010-2011 school year graduating class, all students in schools and school districts shall satisfactorily complete at least four units of English-language arts, three units of mathematics, three units of science, three units of social studies, and one full unit of physical education as conditions of graduation. The three units of social studies may include the existing graduation requirements of one-half unit of United States government and one unit of United States history.

   In implementing the high school program standards, the following curriculum standards shall be used.

   a. English-language arts (six units). English-language arts instruction shall include the following communication processes: speaking; listening; reading; writing; viewing; and visual expression and nonverbal communication. Instruction shall incorporate language learning and creative, logical, and critical thinking. The program shall encompass communication processes and skills; written composition; speech; debate; American, English, and world literature; creative dramatics; and journalism.

   b. Social studies (five units). Social studies instruction shall include citizenship education, history, and the social sciences. Instruction shall encompass the history of the United States and the history and cultures of other peoples and nations including the analysis of persons, events, issues, and historical evidence reflecting time, change, and cause and effect. Instruction in United States government shall include an overview of American government through the study of the United States Constitution, the bill of rights, the federal system of government, and the structure and relationship between the national, state, county, and local governments; and voter education including instruction in statutes and procedures, voter registration requirements, the use of paper ballots and voting machines in the election process, and the method of acquiring and casting an absentee ballot. Students’ knowledge of the Constitution
and the bill of rights shall be assessed. Economics shall include comparative and consumer studies in relation to the market and command economic systems. Geography shall include the earth’s physical and cultural features, their spatial arrangement and interrelationships, and the forces that affect them. Sociology, psychology, and anthropology shall include the scientific study of the individual and group behavior(s) reflecting the impact of these behaviors on persons, groups, society, and the major institutions in a society. Democratic beliefs and values, problem-solving skills, and social and political skills shall be incorporated. All students in grades nine through twelve must, as a condition of graduation, complete a minimum of one-half unit of United States government and one unit of United States history and receive instruction in the government of Iowa.

c. **Mathematics (six units).** Mathematics instruction shall include:

   (1) Four sequential units which are preparatory to postsecondary educational programs. These units shall include strands in algebra, geometry, trigonometry, statistics, probability, and discrete mathematics. Mathematical concepts, operations, and applications shall be included for each of these strands. These strands shall be taught through an emphasis on mathematical problem solving, reasoning, and structure; language and symbolism to communicate mathematical ideas; and connections among mathematical topics and between mathematics and other disciplines. Calculators and computers shall be used in concept development and problem solving.

   (2) Two additional units shall be taught. These additional units may include mathematical content as identified in, but not limited to, paragraphs 12.5(3) “c,” 12.5(4) “c,” and 12.5(5) “c”(1). These units shall accommodate the locally identified needs of the students in the school or school district. This content shall be taught through an emphasis on mathematical problem solving, reasoning, and structure; language and symbolism to communicate mathematical ideas; and connections among mathematical topics and between mathematics and other disciplines. Calculators and computers shall be used in concept development and problem solving.

d. **Science (five units).** Science instruction shall include biological, earth, and physical science, including physics and chemistry. Full units of chemistry and physics shall be taught but may be offered in alternate years. All science instruction shall incorporate hands-on process skills; scientific knowledge; the application of the skills and knowledge to students and society; conservation of natural resources; and environmental awareness.

e. **Health (one unit).** Health instruction shall include personal health; food and nutrition; environmental health; safety and survival skills; consumer health; family life; human growth and development; substance abuse and nonuse; emotional and social health; health resources; and prevention and control of disease, including sexually transmitted diseases and acquired immune deficiency syndrome, current crucial health issues, human sexuality, self-esteem, stress management, and interpersonal relationships.

f. **Physical education (one unit).** Physical education shall include the physical fitness activities that increase cardiovascular endurance, muscular strength and flexibility; sports and games; tumbling and gymnastics; rhythms and dance; water safety; leisure and lifetime activities.

   All physically able students shall be required to participate in the program for a minimum of one-eighth unit during each semester they are enrolled except as otherwise provided in this paragraph. A twelfth-grade student may be excused from this requirement by the principal of the school in which the student is enrolled under one of the following circumstances:

   (1) The student is enrolled in a cooperative, work-study, or other educational program authorized by the school which requires the student’s absence from the school premises during the school day.

   (2) The student is enrolled in academic courses not otherwise available.

   (3) An organized and supervised athletic program which requires at least as much time of participation per week as one-eighth unit of physical education.

   Students in grades nine through eleven may be excused from the physical education requirement in order to enroll in academic courses not otherwise available to the student if the board of directors of the school district in which the school is located, or the authorities in charge of the school, if the school is a nonpublic school, determine that students from the school may be permitted to be excused from the physical education requirement.
A student may be excused by the principal of the school in which the student is enrolled, in consultation with the student’s counselor, for up to one semester, trimester, or the equivalent of a semester or trimester, per year if the parent or guardian of the student requests in writing that the student be excused from the physical education requirement. The student seeking to be excused from the physical education requirement must, at some time during the period for which the excuse is sought, be a participant in an organized and supervised athletic program which requires at least as much time of participation per week as one-eighth unit of physical education.

The student’s parent or guardian must request the excuse in writing. The principal shall inform the superintendent that the student has been excused.

g. Fine arts (three units). Fine arts instruction shall include at least two of the following:

1. Dance. Dance instruction shall encompass developing basic movement skills; elementary movement concepts; study of dance forms and dance heritage; participating in dance; and evaluating dance as a creative art; and using dance as an avocation or vocation.

2. Music. Music instruction shall include skills, knowledge, and attitudes and the singing and playing of music; listening to and using music; reading and writing music; recognizing the value of the world’s musical heritage; respecting individual musical aspirations and values; preparing for consuming, performing, or composing; and using music as an avocation or vocation.

3. Theatre. Theatre instruction shall encompass developing the internal and external resources used in the theatre process; creating theatre through artistic collaboration; relating theatre to its social context; forming aesthetic judgments; and using theatre as an avocation or vocation.

4. Visual art. Visual art instruction shall include developing concepts and values about natural and created environments; critiquing works of art; evaluating relationships between art and societies; analyzing, abstracting, and synthesizing visual forms to express ideas; making art; and using visual art as an avocation or vocation.

h. World language (four units). The world language program shall be a four-unit sequence of uninterrupted study in at least one language, which may include American Sign Language. World language instruction shall include listening comprehension appropriate to the level of instruction; rateable oral proficiency; reading comprehension appropriate to the level of instruction; writing proficiency appropriate to the level of instruction; and cultural awareness.

All high schools shall offer and teach the first two units of the sequence. The third and fourth units must be offered. However, the department of education may, on an annual basis, waive the third and fourth unit requirements upon the request of the board. The board must document that a licensed/certificated teacher was employed and assigned a schedule that would have allowed students to enroll, that the class was properly scheduled, that students were aware of the course offerings, and that no students enrolled.

i. Vocational education—school districts (three units each in at least four of the six service areas). A minimum of three sequential units, of which only one may be a core unit, shall be taught in four of the following six service areas: agricultural education, business and office education, health occupations education, home economics education, industrial education, and marketing education. The instruction shall be competency-based; shall provide a base of knowledge which will prepare students for entry level employment, additional on-the-job training, and postsecondary education within their chosen field; shall be articulated with postsecondary programs of study, including apprenticeship programs; shall reinforce basic academic skills; shall include the contributions and perspectives of persons with disabilities, both men and women, and persons from diverse racial and ethnic groups. Vocational core courses may be used in more than one vocational service area. Multioccupations may be used to complete a sequence in more than one vocational service area; however, a core course(s) and multioccupations cannot be used in the same sequence. If a district elects to use multioccupations to meet the requirements in more than one service area, documentation must be provided to indicate that a sufficient variety of quality training stations be available to allow students to develop occupational competencies. A district may apply for a waiver if an innovative plan for meeting the instructional requirement for the standard is submitted to and approved by the director of the department of education.
The instructional programs also shall comply with the provisions of Iowa Code chapter 258 relating to vocational education. Advisory committee/councils designed to assist vocational education planning and evaluation shall be composed of public members with emphasis on persons representing business, agriculture, industry, and labor. The membership of local advisory committees/councils will fairly represent each gender and minority residing in the school district. The accreditation status of a school district failing to comply with the provisions of this subrule shall be governed by 281—subrule 46.7(10), paragraph "g.”

1. A service area is the broad category of instruction in the following occupational cluster areas (definitions are those used in these rules):

2. “Agricultural education programs” prepare individuals for employment in agriculture-related occupations. Such programs encompass the study of applied sciences and business management principles, as they relate to agriculture. Agricultural education focuses on, but is not limited to, study in horticulture, forestry, conservation, natural resources, agricultural products and processing, production of food and fiber, aquaculture and other agricultural products, mechanics, sales and service, economics marketing, and leadership development.

3. “Business and office education programs” prepare individuals for employment in varied occupations involving such activities as planning, organizing, directing, and controlling all business office systems and procedures. Instruction offered includes such activities as preparing, transcribing, systematizing, preserving communications; analyzing financial records; receiving and disbursing money; gathering, processing and distributing information; and performing other business and office duties.

4. “Health occupations education programs” prepare individuals for employment in a variety of occupations concerned with providing care in the areas of wellness, prevention of disease, diagnosis, treatment, and rehabilitation. Instruction offered encompasses varied activities in such areas as dental science, medical science, diagnostic services, treatment therapy, patient care areas, rehabilitation services, record keeping, emergency care, and health education. Many occupations in this category require licensing or credentialing to practice, or to use a specific title.

5. “Home economics education programs” encompass two categories of instructional programs:

1. “Consumer and family science” programs may be taught to prepare individuals for a multiple role of homemaker and wage earner and may include such content areas as food and nutrition; consumer education; family living and parenthood; child development and guidance; family and individual health; housing and home management; and clothing and textiles.

2. “Home economics occupations programs” prepare individuals for paid employment in such home economics-related occupations as child care aide/assistant, food production management and services, and homemaker/home health aide.

6. “Industrial education programs” encompass two categories of instructional programs—industrial technology and trade and industrial. Industrial technology means an applied discipline designed to promote technological literacy which provides knowledge and understanding of the impact of technology including its organizations, techniques, tools, and skills to solve practical problems and extend human capabilities in areas such as construction, manufacturing, communication, transportation, power and energy. Trade and industrial programs prepare individuals for employment in such areas as protective services, construction trades, mechanics and repairers, precision production, transportation, and graphic communications. Instruction includes regular systematic classroom activities, followed by experiential learning with the most important processes, tools, machines, management ideas, and impacts of technology.

7. “Marketing education programs” prepare individuals for marketing occupations, including merchandising and management—those activities which make products and services readily available to consumers and business. Instruction stresses the concept that marketing is the bridge between production (including the creation of services and ideas) and consumption. These activities are performed by retailers, wholesalers, and businesses providing services in for-profit and not-for-profit business firms.
(8) “Sequential unit” applies to an integrated offering, directly related to the educational and occupational skills preparation of individuals for jobs and preparation for postsecondary education. Sequential units provide a logical framework for the instruction offered in a related occupational area and do not require prerequisites for enrollment. A unit is defined in subrule 12.5(18).

(9) “Competency” is a learned student performance statement which can be accurately repeated and measured. Instruction is based on incumbent worker-validated statements of learner results (competencies) which clearly describe what skills the students will be able to demonstrate as a result of the instruction. Competencies function as the basis for building the instructional program to be offered. Teacher evaluation of students, based upon their ability to perform the competencies, is an integral part of a competency-based system.

(10) “Minimum competency lists” contain competencies validated by statewide technical committees, composed of representatives from appropriate businesses, industries, agriculture, and organized labor. These lists contain essential competencies which lead to entry level employment and are not intended to be the only competencies learned. Districts will choose one set of competencies per service area upon which to build their program or follow the process detailed in 281—subrule 46.7(2) to develop local competencies.

(11) “Clinical experience” involves direct instructor supervision in the actual workplace, so that the learner has the opportunity to apply theory and to perfect skills taught in the classroom and laboratory.

“Field training” is an applied learning experience in a nonclassroom environment under the supervision of an instructor.

“Lab training” is experimentation, practice or simulation by students under the supervision of an instructor.

“On-the-job training” is a cooperative work experience planned and supervised by a teacher-coordinator and the supervisor in the employment setting.

(12) “Coring” is an instructional design whereby competencies common to two or more different vocational service areas are taught as one course offering. Courses shall be no longer than one unit of instruction. Course(s) may be placed wherever appropriate within the program offered. This offering may be acceptable as a unit or partial unit in more than one vocational program to meet the standard.

(13) “Articulation” is the process of mutually agreeing upon competencies and performance levels transferable between institutions and programs for advanced placement or credit in a vocational program. An articulation agreement is the written document which explains the decisions agreed upon and the process used by the institution to grant advanced placement or credit.

(14) “Multioccupational courses” combine on-the-job training in any of the occupational areas with the related classroom instruction. The instructor provides the related classroom instruction and coordinates the training with the employer at the work site. A multioccupational course may only be used to complete a sequence in more than one vocational service area if competencies from the appropriate set of minimum competencies are a part of the related instruction.

j. Vocational education/nonpublic schools (five units). A nonpublic school which provides an educational program that includes grades 9 through 12 shall offer and teach five units of occupational education subjects, which may include, but are not limited to, programs, services, and activities which prepare students for employment in business or office occupations, trade and industrial occupations, consumer and family sciences or home economics occupations, agricultural occupations, marketing occupations, and health occupations. By July 1, 1993, instruction shall be competency-based, articulated with postsecondary programs of study, and may include field, laboratory, or on-the-job training.

k. Personal finance literacy (one-half unit). All students shall complete at least one-half unit of personal finance literacy as a condition of graduation.

(1) The curriculum shall, at a minimum, address the following:

1. Savings, including emergency fund, purchases, and wealth-building.
2. Understanding investments, including compound and simple interest, liquidity, diversification, risk-return ratio, certificates of deposit, money market accounts, single stocks, bonds, mutual funds, rental real estate, annuities, commodities, and futures.
3. Wealth-building and college planning, including long-term and short-term investing using tax-favored plans, individual retirement accounts and payments from such accounts, employer-sponsored retirement plans and investments, public and private educational savings accounts, and uniform gifts and transfers to minors.

4. Credit and debt, including credit cards, payday lending, rent-to-own transactions, debt consolidation, automobile leasing, cosigning a loan, debt avoidance, and the marketing of debt, especially to young people.

5. Consumer awareness of the power of marketing on buying decisions including 0 percent interest offers; marketing methods, including product positioning, advertising, brand recognition, and personal selling; how to read a credit report and correct inaccuracies; how to build a credit score; how to develop a plan to deal with creditors and avoid bankruptcy; and the federal Fair Debt Collection Practices Act.

6. Financial responsibility and money management, including creating and living on a written budget and balancing a checkbook; basic rules of successful negotiating and techniques; and personality or other traits regarding money.

7. Insurance, risk management, income, and career decisions, including career choices that fit personality styles and occupational goals, job search strategies, cover letters, résumés, interview techniques, payroll taxes and other income withholdings, and revenue sources for federal, state, and local governments.

8. Different types of insurance coverage including renters, homeowners, automobile, health, disability, long-term care, identity theft, and life insurance; term life, cash value and whole life insurance; and insurance terms such as deductible, stop-loss, elimination period, replacement coverage, liability, and out-of-pocket.

9. Buying, selling, and renting advantages and disadvantages relating to real estate, including adjustable rate, balloon, conventional, government-backed, reverse, and seller-financed mortgages.

(2) One-half unit of personal finance literacy may count as one-half unit of social studies in meeting the requirements of paragraph 12.5(5)“b,” though the teacher providing personal finance literacy coursework that counts as one-half unit of social studies need not hold a social studies endorsement.

(3) Units of coursework that meet the requirements of any combination of coursework required under paragraph 12.5(5)“b,” “c,” or “h” and incorporate the curriculum required under subparagraph 12.5(5)“k”(1) shall be deemed to satisfy the offer-and-teach requirements of this paragraph, and a student who completes such units shall be deemed to have met the graduation requirement of this paragraph.

l. Computer science (one-half unit). Commencing with the school year beginning July 1, 2022, the one-half unit of computer science shall incorporate the standards established under rule 281—12.11(256) and may be offered online in accordance with 281—Chapter 15.

12.5(6) Exemption from physical education course, health course, physical activity requirement, or cardiopulmonary resuscitation course completion. A pupil shall not be required to enroll in a physical education course if the pupil’s parent or guardian files a written statement with the school principal that the course conflicts with the pupil’s religious beliefs. A pupil shall not be required to enroll in a health course if the pupil’s parent or guardian files a written statement with the school principal that the course conflicts with the pupil’s religious beliefs. A pupil shall not be required to meet the requirements of subrule 12.5(19) regarding physical activity if the pupil’s parent or guardian files a written statement with the school principal that the requirement conflicts with the pupil’s religious beliefs. A pupil shall not be required to meet the requirements of subrule 12.5(20) regarding completion of a cardiopulmonary resuscitation course if the pupil’s parent or guardian files a written statement with the school principal that the completion of such a course conflicts with the pupil’s religious beliefs.

12.5(7) Career education. Each school or school district shall incorporate school-to-career educational programming into its comprehensive school improvement plan. Curricular and cocurricular teaching and learning experiences regarding career education shall be provided from the prekindergarten level through grade 12. Career education shall be incorporated into the total educational program and shall include, but is not limited to, awareness of self in relation to others and the needs of society; exploration of employment opportunities, at a minimum, within Iowa; experiences in personal decision
making; experiences that help students connect work values into all aspects of their lives; and the development of employability skills. In the implementation of this subrule, the board shall comply with Iowa Code section 280.9.

12.5(8) Multicultural and gender fair approaches to the educational program. The board shall establish a policy to ensure that students are free from discriminatory practices in the educational program as required by Iowa Code section 256.11. In developing or revising the policy, parents, students, instructional and noninstructional staff, and community members shall be involved. Each school or school district shall incorporate multicultural and gender fair goals for the educational program into its comprehensive school improvement plan. Incorporation shall include the following:

a. Multicultural approaches to the educational program. These shall be defined as approaches which foster knowledge of, and respect and appreciation for, the historical and contemporary contributions of diverse cultural groups, including race, color, national origin, gender, disability, religion, creed, and socioeconomic background. The contributions and perspectives of Asian Americans, African Americans, Hispanic Americans, American Indians, European Americans, and persons with disabilities shall be included in the program.

b. Gender fair approaches to the educational program. These shall be defined as approaches which foster knowledge of, and respect and appreciation for, the historical and contemporary contributions of women and men to society. The program shall reflect the wide variety of roles open to both women and men and shall provide equal opportunity to both sexes.

12.5(9) Special education. The board of each school district shall provide special education programs and services for its resident children which comply with rules of the state board of education implementing Iowa Code chapters 256, 256B, 273, and 280.

12.5(10) Technology integration. Each school or school district shall incorporate into its comprehensive school improvement plan demonstrated use of technology to meet its student learning goals.

12.5(11) Global education. Each school or school district shall incorporate global education into its comprehensive school improvement plan as required by Iowa Code section 256.11. Global education shall be incorporated into all areas and levels of the educational program so students have the opportunity to acquire a realistic perspective on world issues, problems, and the relationship between an individual’s self-interest and the concerns of people elsewhere in the world.

12.5(12) Provisions for gifted and talented students. Each school district shall incorporate gifted and talented programming into its comprehensive school improvement plan as required by Iowa Code section 257.43. The comprehensive school improvement plan shall include the following gifted and talented program provisions: valid and systematic procedures, including multiple selection criteria for identifying gifted and talented students from the total student population; goals and performance measures; a qualitatively differentiated program to meet the students’ cognitive and affective needs; staffing provisions; an in-service design; a budget; and qualifications of personnel administering the program. Each school district shall review and evaluate its gifted and talented programming. This subrule does not apply to accredited nonpublic schools.

12.5(13) Provisions for at-risk students. Each school district shall make provision for meeting the needs of at-risk students: valid and systematic procedures and criteria to identify at-risk students throughout the school district’s school-age population, determination of appropriate ongoing educational strategies for alternative options education programs as required in Iowa Code section 280.19A, and review and evaluation of the effectiveness of provisions for at-risk students. This subrule does not apply to accredited nonpublic schools.

Provisions for at-risk students shall align with the student learning goals and content standards established by the school district or by school districts participating in a consortium. The comprehensive school improvement plan shall also include objectives, activities, cooperative arrangements with other service agencies and service groups, and strategies for parental involvement to meet the needs of at-risk children.

12.5(14) Unit. A unit is a course which meets one of the following criteria: it is taught for at least 200 minutes per week for 36 weeks; it is taught for the equivalent of 120 hours of instruction; it requires
the demonstration of proficiency of formal competencies associated with the course according to the State Guidelines for Competency-Based Education or its successor organization; or it is an equated requirement as a part of a flexible student and school support program filed as prescribed in rule 281—12.9(256). A fractional unit shall be calculated in a manner consistent with this subrule. Unless the method of instruction is competency-based, multiple-section courses taught at the same time in a single classroom situation by one teacher do not meet this unit definition for the assignment of a unit of credit. However, the third and fourth years of a world language may be taught at the same time by one teacher in a single classroom situation, each yielding a unit of credit.

12.5(15) Credit. A student shall receive a credit or a partial credit upon successful completion of a course which meets one of the criteria in subrule 12.5(14). The board may award high school credit to a student who demonstrates required competencies for a course or content area in accordance with assessment methods approved by the local board.

12.5(16) Subject offering. Except as provided for under subrule 12.5(21), a subject shall be regarded as offered when the teacher of the subject has met the licensure and endorsement standards of the state board of educational examiners for that subject; instructional materials and facilities for that subject have been provided; and students have been informed, based on their aptitudes, interests, and abilities, about possible value of the subject.

A subject shall be regarded as taught only when students are instructed in it in accordance with all applicable requirements outlined herein. Subjects which the law requires schools and school districts to offer and teach shall be made available during the school day as defined in subrules 12.1(8) to 12.1(10).

12.5(17) Twenty-first century learning skills. Twenty-first century learning skills include civic literacy, health literacy, technology literacy, financial literacy, and employability skills. Schools and school districts shall address the curricular needs of students in kindergarten through grade twelve in these areas. In doing so, schools and school districts shall apply to all curricular areas the universal constructs of critical thinking, complex communication, creativity, collaboration, flexibility and adaptability, and productivity and accountability.

a. Civic literacy. Components of civic literacy include rights and responsibilities of citizens; principles of democracy and republicanism; purpose and function of the three branches of government; local, state, and national government; inherent, expressed, and implied powers; strategies for effective political action; how law and public policy are established; how various political systems define rights and responsibilities of the individual; the role of the United States in current world affairs.

b. Health literacy. Components of health literacy include understanding and using basic health concepts to enhance personal, family and community health; establish and monitor health goals; effectively manage health risk situations and advocate for others; demonstrate a healthy lifestyle that benefits the individual and society.

c. Technology literacy. Components of technology literacy include creative thinking; development of innovative products and processes; support of personal learning and the learning of others; gathering, evaluating, and using information; use of appropriate tools and resources; conduct of research; project management; problem solving; informed decision making.

d. Financial literacy. Components of financial literacy include developing short- and long-term financial goals; understanding needs versus wants; spending plans and positive cash flow; informed and responsible decision making; repaying debt; risk management options; saving, investing, and asset building; understanding human, cultural, and societal issues; legal and ethical behavior.

e. Employability skills. Components of employability skills include different perspectives and cross-cultural understanding; adaptability and flexibility; ambiguity and change; leadership; integrity, ethical behavior, and social responsibility; initiative and self-direction; productivity and accountability.

12.5(18) Early intervention program. Each school district receiving early intervention program funds shall make provisions to meet the needs of kindergarten through grade 3 students. The intent of the early intervention program is to reduce class size, to achieve a higher level of student success in the basic skills, and to increase teacher-parent communication and accountability. Each school district shall develop a class size management strategy by September 15, 1999, to work toward, or to maintain, class sizes in basic skills instruction for kindergarten through grade 3 that are at the state goal of 17 students
per teacher. Each school district shall incorporate into its comprehensive school improvement plan goals and activities for kindergarten through grade 3 students to achieve a higher level of success in the basic skills, especially reading. A school district shall, at a minimum, biannually inform parents of their individual child’s performance on the results of diagnostic assessments in kindergarten through grade 3. If intervention is appropriate, the school district shall inform the parents of the actions the school district intends to take to improve the child’s reading skills and provide the parents with strategies to enable the parents to improve their child’s skills.

**12.5(19) Physical activity requirement.** Subject to the provisions of subrule 12.5(6), physically able pupils in kindergarten through grade 5 shall engage in physical activity for a minimum of 30 minutes each school day. Subject to the provisions of subrule 12.5(6), physically able pupils in grades 6 through 12 shall engage in physical activity for a minimum of 120 minutes per week in which there are at least five days of school.

a. This requirement may be met by pupils in grades 6 through 12 by participation in the following activities including, but not limited to:

1. Interscholastic athletics sponsored by the Iowa High School Athletic Association or Iowa Girls High School Athletic Union;
2. School-sponsored marching band, show choir, dance, drill, cheer, or similar activities;
3. Nonschool gymnastics, dance, team sports, individual sports; or
4. Similar endeavors that involve movement, manipulation, or exertion of the body.

b. When the requirement is to be met in full or in part by a pupil using one or more nonschool activities, the school or school district shall enter into a written agreement with the pupil. The agreement shall state the nature of the activity and the starting and ending dates of the activity and shall provide sufficient information about the duration of time of the activity each week. The agreement shall also be signed by the school principal or principal’s designee and by at least one parent or guardian of the pupil if the pupil is a minor. The pupil shall sign the agreement, regardless of the age of the pupil. The agreement shall be effective for no longer than one school year. There is no limit to the number of agreements that a school or school district may have with any one pupil during the enrollment of the pupil.

c. In no event may a school or school district reduce the regular instructional time, as defined by “unit” in subrule 12.5(14), for any pupil to enable the pupil to meet the physical activity requirement. However, this requirement may be met by physical education classes, activities at recess or during class time, and before- or after-school activities.

d. Schools and school districts must provide documentation that pupils are being provided with the support to complete the physical activity requirement. This documentation may be provided through printed schedules, district policies, student handbooks, and similar means.

**12.5(20) Cardiopulmonary resuscitation course completion requirement.** Subject to the provisions of subrule 12.5(6), at any time prior to the end of twelfth grade, every pupil physically able to do so shall have completed a psychomotor course that leads to certification in cardiopulmonary resuscitation. A school or school district administrator may waive this requirement for any pupil who is not physically able to complete the course. A course that leads to certification in CPR may be taught during the school day by either a school or school district employee or by a volunteer, as long as the person is certified to teach a course that leads to certification in CPR. In addition, a school or school district shall accept certification from any nationally recognized course in cardiopulmonary resuscitation as evidence that this requirement has been met by a pupil. A school or school district shall not accept auditing of a CPR course, nor a course in infant CPR only. This subrule is effective for the graduating class of 2011-2012.

**12.5(21) Contracted courses used to meet school or school district requirements.** A school or school district may use contracted community college courses meeting the requirements of rule 281—22.8(261E) under the following conditions.

a. A course or courses used to meet the sequential unit requirement for career and technical education under paragraph 12.5(5) “i.” One or more courses in only one of the six career and technical education service areas specified in paragraph 12.5(5) “i” may be eligible for supplementary weighting under the provisions of 281—subrule 97.2(5).
b. A course or courses comprising up to a unit of science or mathematics in accordance with paragraph 12.5(5) “c” or “d.” Such courses may be eligible for supplementary weighting under the provisions of 281—subrule 97.2(5).

c. Courses offered pursuant to paragraph 12.5(21) “a” or “b” shall be deemed to have met the requirement that the school district offer and teach such a unit under the educational standards of this rule.

d. An accredited nonpublic school may use contracted community college courses to meet offer-and-teach requirements for career and technical education and math or science established under subrule 12.5(5). Such courses may be eligible for funding under rule 281—97.8(261E).

12.5(22) Additional provisions related to the high school program.

a. Legislative page program. The board of directors of a school district and the authorities in charge of an accredited nonpublic school shall each establish a policy to award credit toward graduation to a student if the student participates in the legislative page program at the state capitol for a regular session of the general assembly. The student shall be excused from the physical education requirements of paragraph 12.5(5) “f.” and is exempt from the physical activity requirements of subrule 12.5(19), while participating in the legislative page program. The student must complete the graduation requirements of subrule 12.3(5) and the introductory paragraph of subrule 12.5(5), but participation in the legislative page program for a complete regular session of the general assembly shall count as one-half unit of social studies credit required for purposes of the introductory paragraph of subrule 12.5(5).

b. Junior reserve officers’ training corps. A student who is enrolled in a junior reserve officers’ training corps shall not be required to participate in physical education activities under paragraph 12.5(5) “f.” or to meet the physical activity requirements of subrule 12.5(19), but shall receive one-eighth unit of physical education credit for each semester, or the equivalent, of junior reserve officers’ training corps the student completes.

281—12.6(256) Activity program. The following standards shall apply to the activity program of accredited schools and school districts.

12.6(1) General guidelines. Each board shall sponsor a pupil activity program sufficiently broad and balanced to offer opportunities for all pupils to participate. The program shall be supervised by qualified professional staff and shall be designed to meet the needs and interests and challenge the abilities of all pupils consistent with their individual stages of development; contribute to the physical, mental, athletic, civic, social, moral, and emotional growth of all pupils; offer opportunities for both individual and group activities; be integrated with the instructional program; and provide balance so a limited number of activities will not be perpetuated at the expense of others.

12.6(2) Supervised intramural sports. If the board sponsors a voluntary program of supervised intramural sports for pupils in grades seven through twelve, qualified personnel and adequate facilities, equipment, and supplies shall be provided. Middle school grades below grade seven may also participate.

281—12.7(256,284,284A) Professional development. The following standards shall apply to staff development for accredited schools and school districts.

12.7(1) Provisions for school district professional development.

a. Provisions for district professional development plans. Each school district shall incorporate into its comprehensive school improvement plan provisions for the professional development of all staff,
including the district professional development plan required in 281—paragraph 83.6(2)”a.” To meet the professional needs of all staff, professional development activities shall align with district goals; shall be based on student and staff information; shall prepare all employees to work effectively with diverse learners and to implement multicultural, gender fair approaches to the educational program; and shall adhere to the professional development standards in 281—paragraph 83.6(2)”b” to realize increased student achievement, learning, and performance as set forth in the comprehensive school improvement plan.

b. Provisions for attendance center professional development plans. Each school district shall ensure that every attendance center has an attendance center professional development plan that addresses, at a minimum, the needs of the teachers in that center; the Iowa teaching standards; the district professional development plan; and the student achievement goals of the attendance center and the school district as set forth in the comprehensive school improvement plan.

c. Provisions for individual teacher professional development plans. Each school district shall ensure that every teacher as defined in rule 281—83.2(284,284A) has an individual teacher professional development plan that meets the expectations in 281—subrule 83.6(1).

d. Budget for staff development. The board shall annually budget specified funds to implement the plan required in paragraph 12.7(1)”a.”

12.7(2) Provisions for accredited nonpublic school professional development.

a. Each accredited nonpublic school shall incorporate into its comprehensive school improvement plan provisions for the professional development of staff. To meet the professional needs of instructional staff, professional development activities shall align with school achievement goals and shall be based on student achievement needs and staff professional development needs. The plan shall deliver research-based instructional practices to realize increased student achievement, learning, and performance as set forth in the comprehensive school improvement plan.

b. Budget for staff development. The board shall annually budget specified funds to implement the plan required in paragraph 12.7(2)”a.”

DIVISION VIII
ACCOUNTABILITY

281—12.8(256) Accountability for student achievement. Schools and school districts shall meet the following accountability requirements for increased student achievement. Area education agencies shall provide technical assistance as required by 281—subrule 72.4(7).

12.8(1) Comprehensive school improvement. The general accreditation standards are minimum, uniform requirements. However, the department encourages schools and school districts to go beyond the minimum with their work toward ongoing improvement. As a means to this end, local comprehensive school improvement plans shall be specific to a school or school district and designed, at a minimum, to increase the learning, achievement, and performance of all students.

As a part of ongoing improvement in its educational system, the board shall adopt a written comprehensive school improvement plan designed for continuous school, parental, and community involvement in the development and monitoring of a plan that is aligned with school or school district determined needs. The plan shall incorporate, to the extent possible, the consolidation of federal and state planning, goal setting, and reporting requirements. The plan shall contain, but is not limited to, the following components:

a. Community involvement.

(1) Local community. The school or school district shall involve the local community in decision-making processes as appropriate. The school or school district shall seek input from the local community about, but not limited to, the following elements at least once every five years:

1. Statement of philosophy, beliefs, mission, or vision;
2. Major educational needs; and
3. Student learning goals.
(2) School improvement advisory committee. To meet requirements of Iowa Code section 280.12(2) as amended by 2007 Iowa Acts, Senate File 61, section 1, the board shall appoint and charge a school improvement advisory committee to make recommendations to the board. Based on the committee members’ analysis of the needs assessment data, the committee shall make recommendations to the board about the following components:
   1. Major educational needs;
   2. Student learning goals;
   3. Long-range goals that include, but are not limited to, the state indicators that address reading, mathematics, and science achievement; and
   4. Harassment or bullying prevention goals, programs, training, and other initiatives.
(3) At least annually, the school improvement advisory committee shall also make recommendations to the board with regard to, but not limited to, the following:
   1. Progress achieved with the annual improvement goals for the state indicators that address reading, mathematics, and science achievement.
   2. Progress achieved with other locally determined core indicators; and
   3. Annual improvement goals for the state indicators that address reading, mathematics, and science achievement.

b. Data collection, analysis, and goal setting.

(1) Policy. The board shall adopt a policy for conducting ongoing and long-range needs assessment processes. This policy shall ensure involvement of and communication with the local community regarding its expectations for adequate preparation for all students as responsible citizens and successful wage earners. The policy shall include provisions for keeping the local community regularly informed of progress on state indicators as described in subrule 12.8(3), other locally determined indicators within the comprehensive school improvement plan as required by Iowa Code section 280.12, and the methods a school district will use to inform kindergarten through grade 3 parents of their individual child’s performance biannually as described in 1999 Iowa Acts, House File 743. The policy shall describe how the school or school district shall provide opportunities for local community feedback on an ongoing basis.
(2) Long-range data collection and analysis. The long-range needs assessment process shall include provisions for collecting, analyzing, and reporting information derived from local, state, and national sources. The process shall include provisions for reviewing information acquired over time on the following:
   1. State indicators and other locally determined indicators;
   2. Locally established student learning goals; and
   3. Specific data collection required by federal and state programs.

Schools and school districts shall also collect information about additional factors influencing student achievement which may include, but are not limited to, demographics, attitudes, health, and other risk factors.
(3) Long-range goals. The board, with input from its school improvement advisory committee, shall adopt long-range goals to improve student achievement in at least the areas of reading, mathematics, and science.
(4) Annual data collection and analysis. The ongoing needs assessment process shall include provisions for collecting and analyzing annual assessment data on the state indicators, other locally determined indicators, and locally established student learning goals.
(5) Annual improvement goals. The board, with input from its school improvement advisory committee, shall adopt annual improvement goals based on data from at least one districtwide assessment. The goals shall describe desired annual increase in the curriculum areas of, but not limited to, mathematics, reading, and science achievement for all students, for particular subgroups of students, or both. Annual improvement goals may be set for the early intervention program as described in subrule 12.5(18), other state indicators, locally determined indicators, locally established student learning goals, other curriculum areas, future student employability, or factors influencing student achievement.

c. Content standards and benchmarks.
(1) Policy. The board shall adopt a policy outlining its procedures for developing, implementing, and evaluating its total curriculum. The policy shall describe a process for establishing content standards, benchmarks, performance levels, and annual improvement goals aligned with needs assessment information.

(2) Content standards and benchmarks. The board shall adopt clear, rigorous, and challenging content standards and benchmarks in reading, mathematics, and science to guide the learning of students from the date of school entrance until high school graduation. Included in the local standards and benchmarks shall be the core content standards from Iowa’s approved standards and assessment system under the applicable provisions of the federal Elementary and Secondary Education Act. Standards and benchmarks may be adopted for other curriculum areas defined in 281—Chapter 12, Division V. The comprehensive school improvement plan submitted to the department shall contain, at a minimum, the core content standards for reading, mathematics, and science. The educational program as defined in 281—Chapter 12, Division II, shall incorporate career education, multicultural and gender fair education, technology integration, global education, higher-order thinking skills, learning skills, and communication skills as outlined in subrules 12.5(7), 12.5(8), 12.5(10), and 12.5(11), and subparagraph 12.8(1)“c ”(1).

d. Determination and implementation of actions to meet the needs. The comprehensive school improvement plan shall include actions the school or school district shall take districtwide in order to accomplish its long-range and annual improvement goals as required in Iowa Code section 280.12(1)”b.”

(1) Actions shall include, but are not limited to, addressing the improvement of curricular and instructional practices to attain the long-range goals, annual improvement goals, and the early intervention goals as described in subrule 12.5(18).

(2) A school or school district shall document consolidation of state and federal resources and requirements, as appropriate, to implement the actions in its comprehensive school improvement plan. State and federal resources shall be used, as applicable, to support implementation of the plan.

(3) A school or school district may have building-level action plans, aligned with its comprehensive school improvement plan. These may be included in the comprehensive school improvement plan or kept on file at the local level.

e. Evaluation of the comprehensive school improvement plan. A school or school district shall develop strategies to collect data and information to determine if the plan has accomplished the goals for which it was established.

f. Assessment of student progress. Each school or school district shall include in its comprehensive school improvement plan provisions for districtwide assessment of student progress for all students. The plan shall identify valid and reliable student assessments aligned with local content standards, which include the core content standards referenced in subparagraph 12.8(1)“c ”(2). These assessments are not limited to commercially developed measures. School districts receiving early intervention funding described in subrule 12.5(18) shall provide for diagnostic reading assessments for kindergarten through grade 3 students.

(1) State indicators. Using at least one districtwide assessment, a school or school district shall assess student progress on the state indicators in, but not limited to, reading, mathematics, and science as specified in subrule 12.8(3). At least one districtwide assessment shall allow for, but not be limited to, the comparison of the school or school district’s students with students from across the state and in the nation in reading, mathematics, and science.

(2) Performance levels. A school or school district shall establish at least three performance levels on at least one districtwide valid and reliable assessment in the areas of reading and mathematics for at least grades 4, 8, and 11 and science in grades 8 and 10 or use the achievement levels as established by the Iowa Testing Program to meet the intent of this subparagraph (2).

g. Assurances and support. A school or school district shall provide evidence that its board has approved and supports the five-year comprehensive school improvement plan and any future revisions of that plan. This assurance includes the commitment for ongoing improvement of the educational system.

h. Statewide summative assessment.
(1) For purposes of this chapter, the statewide summative assessment of student progress administered by school districts for purposes of the core academic indicators shall be the summative assessment developed by the Iowa testing program within the University of Iowa college of education and administered by the Iowa testing program’s designee. The department may require the Iowa testing program to enter into agreements with such designee to ensure the department is able to comply with Iowa Code chapter 256; this chapter; the requirements of the federal Every Student Succeeds Act, Pub. L. No. 114-95; the requirements of the Family Educational Rights and Privacy Act, 20 U.S.C. 1232g; and any other applicable state or federal law.

(2) For the school year beginning July 1, 2018, and each succeeding school year, the statewide summative assessment referred in this paragraph shall meet all of the following requirements:

1. All students enrolled in school districts in grades 3 through 11 shall be administered an assessment in mathematics and English language arts, including reading and writing, during the last quarter of the school year, and all students enrolled in school districts in grades 5, 8, and 10 shall be administered an assessment in science during the last quarter of the school year.

2. The assessment, at a minimum, shall assess the core academic indicators identified in Iowa Code section 256.7(21) “h”; be aligned with the Iowa common core standards in both content and rigor; accurately describe student achievement and growth for purposes of the school, the school district, and state accountability systems; provide valid, reliable, and fair measures of student progress toward college or career readiness; and meet the summative assessment requirements of the federal Every Student Succeeds Act, Pub. L. No. 114-95.

3. The assessment shall be available for administration in both paper-and-pencil and computer-based formats and include assessments in mathematics, science, and English language arts, including reading and writing.

4. The assessment shall be peer-reviewed by an independent third-party evaluator to determine that the assessment is aligned with the Iowa core academic standards, provides a measurement of student growth and student proficiency, and meets the summative assessment requirements of the federal Every Student Succeeds Act, Pub. L. No. 114-95. The assessment developed by the Iowa testing service within the University of Iowa college of education shall make any necessary adjustments as determined by the peer review to meet the requirements of this paragraph.

5. The costs of complying with the requirement of this paragraph shall be borne by the Iowa testing program within the University of Iowa college of education.

12.8(2) Submission of a comprehensive school improvement plan. A school or school district shall submit to the department and respective area education agency a multiyear comprehensive school improvement plan on or before September 15, 2000. Beginning July 1, 2001, a school or school district shall submit a revised five-year comprehensive school improvement plan by September 15 of the school year following the comprehensive site visit specified in Iowa Code section 256.11 which incorporates, when appropriate, areas of improvement noted to subrule 12.8(4). A school or school district may, at any time, file a revised comprehensive school improvement plan with the department and respective area education agency.

12.8(3) Annual reporting requirements. A school or school district shall, at minimum, report annually to its local community about the progress on the state indicators and other locally determined indicators.

a. State indicators. A school or school district shall collect data on the following indicators for reporting purposes:

(1) The percentage of all fourth, eighth, and eleventh grade students achieving proficient or higher reading status using at least three achievement levels and by gender, race, socioeconomic status, students with disabilities, and other subgroups as required by state or federal law.

(2) The percentage of all fourth, eighth, and eleventh grade students achieving proficient or higher mathematics status using at least three achievement levels and for gender, race, socioeconomic status, students with disabilities, and other subgroups as required by state or federal law.

(3) The percentage of all eighth and tenth grade students achieving proficient or higher science status using at least three achievement levels.
(4) The percentage of students considered as dropouts for grades 7 to 12 by gender, race, students with disabilities, and other subgroups as required by state or federal law.

(5) The percentage of high school seniors who intend to pursue postsecondary education/training.

(6) The percentage of high school students achieving a score or status on a measure indicating probable postsecondary success. This measure should be the measure used by the majority of students in the school, school district, or attendance center who plan to attend a postsecondary institution.

(7) The percentage of high school graduates who complete a core program of four years of English-language arts and three or more years each of mathematics, science, and social studies.

b. Annual progress report. Each school or school district shall submit an annual progress report to its local community, its respective area education agency, and the department. That report shall be submitted to the department by September 15, 2000, and by September 15 every year thereafter. The report shall include, but not be limited to, the following information:

(1) Baseline data on at least one districtwide assessment for the state indicators described in subrule 12.8(3). Every year thereafter the school or school district shall compare the annual data collected with the baseline data. A school or school district is not required to report to the community about subgroup assessment results when a subgroup contains fewer than ten students at a grade level. A school or school district shall report districtwide assessment results for all enrolled and tuitioned-in students.

(2) Locally determined performance levels for at least one districtwide assessment in, at a minimum, the areas of reading, mathematics, and science. Student achievement levels as defined by the Iowa Testing Program may be used to fulfill this requirement.

(3) Long-range goals to improve student achievement in the areas of, but not limited to, reading, mathematics, and science.

(4) Annual improvement goals based on at least one districtwide assessment in, at a minimum, the areas of reading, mathematics, and science. One annual improvement goal may address all areas, or individual annual improvement goals for each area may be identified. When a school or school district does not meet its annual improvement goals for one year, it shall include in its annual progress report the actions it will take to meet annual improvement goals for the next school year.

(5) Data on multiple assessments for reporting achievement for all students in the areas of reading and mathematics by September 15, 2001, and for science by September 15, 2003.

(6) Results by individual attendance centers, as appropriate, on the state indicators as stated in subrule 12.8(3) and any other locally determined factors or indicators. An attendance center, for reporting purposes, is a building that houses students in grade 4 or grade 8 or grade 11.

(7) Progress with the use of technology as required by Iowa Code section 295.3. This requirement does not apply to accredited nonpublic schools.

(8) School districts are encouraged to provide information on the reading proficiency of kindergarten through grade 3 students by grade level. However, all school districts receiving early intervention block grant funds shall report to the department the progress toward achieving their early intervention goals.

(9) Other reports of progress as the director of the department requires and other reporting requirements as the result of federal and state program consolidation.

12.8(4) Accreditation, monitoring, and enforcement. The state board shall establish, and the department shall use, for the school year commencing July 1, 2021, and each succeeding school year, an accreditation, monitoring, and enforcement process for school districts and nonpublic schools seeking accreditation pursuant to this chapter. The process established shall include all of the following requirements.

a. Phase I monitoring.

(1) Phase I monitoring shall consist of annual monitoring by the department of all accredited schools and school districts for compliance with state and federal school laws, regulations, and rules adopted by the state board under Iowa Code chapter 17A, including but not limited to the following:

1. Accreditation standards adopted by the state board as provided in this chapter.

2. Fiscal compliance.
5. All other requirements of this chapter applicable to accredited schools and school districts.

(2) Phase I monitoring may include but shall not be limited to the following:
   1. One or more desk audits requiring submission of information to the department in a manner and on forms prescribed by the department.
   2. One or more remote or on-site visits to schools or school districts to address accreditation issues identified in a desk audit. Such a visit may be conducted by an individual departmental consultant or may be a comprehensive site visit by a team of departmental consultants and other subject-matter professionals.
3. A review of district finances by department staff or a neutral third party.
4. A review of local school board policies and procedures by department staff or a neutral third party.

(3) The department shall provide a public report annually of findings of noncompliance and required corrective actions for each accredited school and school district. The purpose of the phase I process is to bring schools and school districts into minimum compliance with federal and state laws, regulations, and rules, and no citation or corrective action may be designed to require more than minimum compliance.

(4) The department shall provide a written report annually to the state board of any monitoring review resulting in multiple or substantial findings of noncompliance or noncompliance findings that remain uncorrected for more than 30 days past the deadline set by the department for correction.

(5) The department shall eliminate duplicative reporting on the part of schools and school districts for phase I monitoring, and is prohibited from collecting information not specifically permitted by federal or state law, regulation, or rule.

(6) Enforcement actions under phase I monitoring are limited to actions permitted pursuant to subparagraphs 12.8(4)“c”(2) and 12.8(4)“c”(3). Violations of federal legal requirements shall follow the procedures and limitations of the governing federal statute and regulations.

b. Phase II monitoring:
(1) Phase II monitoring shall take place when any of the following conditions are present:
   1. When either the annual monitoring or the biennial on-site visit of phase I indicates that an accredited school or school district is deficient and fails to be in compliance with accreditation standards.
   2. In response to a petition filed with the director requesting such an accreditation committee visitation that is signed by eligible electors residing in the school district equal in number to at least 20 percent of the registered voters of the school district.
   3. In response to a petition filed with the director requesting such an accreditation committee visitation that is signed by 20 percent or more of the parents or guardians who have children enrolled in the school or school district.
   4. At the direction of the state board.
   5. When the school budget review committee submits to the department a recommendation for a fiscal review pursuant to Iowa Code section 257.31(18).

(2) Phase II monitoring shall consist of a full desk audit of all monitoring requirements and an on-site visit to the school or school district for the purpose of determining the extent of noncompliance; the reason for lack of correction, if applicable; and a recommendation for corrective action to the director and the state board.

(3) Phase II monitoring requires the use of an accreditation committee appointed by the director. The accreditation committee shall be made up primarily of department staff but may request the assistance of third-party specialists at the discretion of the director. An accreditation committee visit to a nonpublic school requires membership on the committee from nonpublic school instructional or administrative staff or board members. A member of a committee shall not have a direct interest in the school district or nonpublic school being visited.
(4) After visiting the school district or nonpublic school, the accreditation committee shall, within 30 days, determine whether the accreditation standards have been met and shall make a report to the director, together with a recommendation on what enforcement actions, if any, should be recommended to the state board.

c. Enforcement.

(1) The department shall enforce the laws, regulations, and rules applicable to school districts and nonpublic schools consistent with the process outlined in this subrule. The department shall coordinate its enforcement of Iowa Code chapter 216 with the Iowa state civil rights commission to reduce duplication of efforts.

(2) If, after having an opportunity to correct, if permitted, a school district is found to be in noncompliance with federal education laws including but not limited to the federal Elementary and Secondary Education Act of 1965; the federal Individuals with Disabilities Education Act, 20 U.S.C. §1400 et seq., as amended; the federal Civil Rights Act of 1964; or Iowa Code chapter 216; or Iowa Code section 279.73 or 279.74, the director shall recommend, and the state board may do, one of the following within 30 days of the finding of noncompliance:

1. Impose conditions on funding provided to a school district, including directing the use of school district funds and designating the school district a high-risk grantee under 2 CFR §200.207.

2. Withhold payment of state or federal funds to a school district, in whole or in part, until noncompliance is corrected. Initial withholding of state funds is at the discretion of the director for a period of 60 calendar days, after which it is subject to approval of the state board every 60 calendar days. Withholding of federal funds is subject to the governing federal statute or regulation.

(3) The director may use any of the following permitted enforcement mechanisms and shall exercise discretion to ensure that enforcement actions are proportionate to school district or nonpublic school noncompliance:

1. Advise the school district or nonpublic school on the availability of appropriate technical assistance.

2. Require the school district or nonpublic school to complete a corrective action plan or plan for improvement by a reasonable deadline.

3. Recommend a phase II visit to the school district or nonpublic school to the state board.

4. Refer conduct of school district or nonpublic school staff or school board members, or school authorities, to the office of the attorney general for investigation.

5. Refer financial concerns to the auditor of state for investigation.

6. Recommend removal of accreditation of the school district or school to the state board.

7. Take any other enforcement mechanism available to the director.

(4) The department shall focus enforcement activities on all of the following:

1. Improving educational results for children, families, and students.

2. Ensuring that public agencies and their governing boards meet requirements of state and federal laws.

12.8(5) Loss of accreditation.

a. If the recommendation pursuant to subrule 12.8(4) is that a school district or nonpublic school not remain accredited, the accreditation committee shall provide the school district or nonpublic school with a report that includes a list of all of the deficiencies, a plan prescribing the actions that must be taken to correct the deficiencies, and a deadline date for completion of the prescribed actions. The accreditation committee shall advise the school district or nonpublic school of available resources and technical assistance to improve areas of weakness. The school district or nonpublic school shall be provided with the opportunity to respond to the accreditation committee’s report. The director shall review the accreditation committee’s report and the response of the school district or nonpublic school and shall provide a report to the state board along with copies of the accreditation committee’s report, the response to the accreditation committee’s report, and other pertinent information. At the request of the school district or nonpublic school, the school district or nonpublic school may appear before the state board and address the state board directly regarding any part of the plan specified in the report.
state board may modify the plan. During the period of time specified in the plan for its implementation by a school district or nonpublic school, the school district or school shall remain accredited.

b. The accreditation committee shall revisit the school district or nonpublic school and shall determine whether the deficiencies in the standards have been corrected.

c. The accreditation team shall make a report and recommendation to the director and the state board. The committee recommendation shall specify whether the school district or nonpublic school shall remain accredited. For a school district, the committee report and recommendation shall also specify under what conditions the district may remain accredited. The conditions may include but are not limited to providing temporary oversight authority, operational authority, or both oversight and operational authority to the director and the state board for some or all aspects of the school district in order to bring the school district into compliance with minimum standards.

d. The state board shall review the report and recommendation, may request additional information, and shall determine whether the deficiencies have been corrected.

e. If the deficiencies have not been corrected, and the conditional accreditation alternatives contained in the report are not mutually acceptable to the state board and the local board, the state board shall deaccredit the school district and merge the territory of the school district with one or more contiguous school districts at the end of the school year. The state board may place a district under receivership for the remainder of the school year. The receivership shall be under the direct supervision and authority of the area education agency in which the district is located. The decision of whether to deaccredit the school district or to place the district under receivership shall be based upon a determination by the state board of the best interests of the students, parents, residents of the community, teachers, administrators, and school district board members and upon the recommendations of the accreditation committee and the director.

f. In the case of a nonpublic school, if the deficiencies have not been corrected, the state board may deaccredit the nonpublic school. The deaccreditation shall take effect on the date established by the resolution of the state board, which shall be no later than the end of the school year in which the nonpublic school is deaccredited.

DIVISION IX
FLEXIBLE STUDENT AND SCHOOL SUPPORT PROGRAM PROCESS

281—12.9(256) Flexible student and school support program.

12.9(1) General. The state board shall establish a flexible student and school support program to be administered by the director. Under the program, upon request of the board of directors of a public school district or the authorities in charge of an accredited nonpublic school, the director may, for a period not to exceed three years, grant the applicable board of directors or the authority in charge of the nonpublic school the ability to use the flexible student and school support program to implement evidence-based practices in innovative ways to enhance student learning, well-being, and postsecondary success.

12.9(2) Exemptions available. Approval to participate in the flexible student and school support program shall exempt the school district or nonpublic school from one or more of the requirements of the educational program specified in subrule 12.5(3), 12.5(4), 12.5(5), 12.5(12), 12.5(13), 12.5(19), or 12.5(20), or the minimum school calendar requirements in subrule 12.1(7). An exemption shall be granted only if the director deems that the request made is an essential part of an educational program to support student learning, well-being, and postsecondary success; is necessary for the success of the program; and is broadly consistent with the intent of the requirements of the educational program specified in subrule 12.5(3), 12.5(4), 12.5(5), 12.5(12), 12.5(13), 12.5(19), or 12.5(20), or the minimum school calendar requirements in subrule 12.1(7).

12.9(3) Use of funds. Approval to participate in the flexible student and school support program shall include authority for a school district to use funds from the school district’s flexibility account under Iowa Code section 298A.2(2) to implement all or part of the flexible student and school support program.
12.9(4) Application. The application for the flexible student and school support program shall include all of the following and be submitted on forms and in a format prescribed by the department:

a. A description of the proposed educational program, including evidence used to design the program and evidence of involvement of board members, parents, students, community members, and staff in development of the program.

b. Program goals and measures of program effectiveness and success, including student success and performance.

c. A plan for program administration, including the use of personnel, facilities, and funding.

d. A plan for evaluation of the proposed program on at least an annual basis, including a plan for program revisions, if necessary.

e. The estimated financial impact of the program on the school district or nonpublic school.

12.9(5) Exemptions not available. Approval to participate in the program does not exempt the school district or nonpublic school from federal law or any other requirements of state law that are not specifically exempted by the director.

12.9(6) Annual report to the department. Each school district or nonpublic school approved to participate in the flexible student and school support program shall file an annual report with the department on the status of the program on forms and in a format prescribed by the department.

12.9(7) Renewal. Participation in the flexible student and school support program may be renewed for additional periods of years, each not to exceed three years. The director may revoke approval of all or part of any application or approved education program if the annual report or any other information available to the department indicates that conditions no longer warrant use of an exemption or funding from the school district’s flexibility account under Iowa Code section 298A.2(2). Notice of revocation must be provided by the director to the school district or nonpublic school prior to the beginning of the school year for which participation is revoked.

DIVISION X
INDEPENDENT ACCREDITING AGENCIES

281—12.10(256) Independent accrediting agencies. Notwithstanding subsections 1 through 12 of Iowa Code section 256.11 and this chapter, a nonpublic school may be accredited by an independent accrediting agency that appears on a list maintained by the state board of education instead of being accredited by the state board.

12.10(1) Compliance required by a nonpublic school. A nonpublic school that participates in the accreditation process offered by an independent accrediting agency on the approved list published pursuant to this rule shall be deemed to meet the education standards of Iowa Code section 256.11 as amended by 2013 Iowa Acts, House File 215, section 89, and this chapter. However, such a school shall comply with statutory health and safety requirements for school facilities. A nonpublic school accredited under this chapter shall abide by all state and federal laws and regulations. Notwithstanding Iowa Code section 256.11 as amended by 2013 Iowa Acts, House File 215, section 89, the department is not precluded from enforcing compliance with all state and federal laws and regulations.

12.10(2) Compliance required by accrediting agency. Agencies approved under subrule 12.10(3) shall abide by all state and federal laws and regulations and shall enforce those laws and regulations on the schools they accredit. Notwithstanding Iowa Code section 256.11 as amended by 2013 Iowa Acts, House File 215, section 89, the department is not precluded from enforcing compliance with all state and federal laws and regulations.

12.10(3) List maintained by state board. The state board shall maintain a list of approved independent accrediting agencies comprised of at least six regional or national nonprofit, nongovernmental agencies recognized as reliable authorities concerning the quality of education offered by a school and shall publish the list of independent accrediting agencies on the department’s Internet site. The list shall include accrediting agencies that, as of January 1, 2013, accredited a nonpublic school in this state that was concurrently accredited under this rule and shall include any agency that has a formalized partnership agreement with another agency on the list and has member schools in.
this state as of January 1, 2013. Agencies that met this standard as of November 20, 2013, are the
Independent Schools Association of the Central States (ISACS), Christian Schools International (CSI),
AdvancEd, the National Lutheran Schools Association (NLSA), and the Association of Christian
Schools International (ASCI).

12.10(4) Criteria for recognizing an agency as a “reliable authority concerning the quality of
education offered by a school.” In any decision to add an agency to the list maintained pursuant to
subrule 12.10(1) or to remove an agency from the list pursuant to subrule 12.10(3), the following
criteria may be applied:
   a. Whether the agency’s accreditation standards require a school to set high academic and
      nonacademic standards for all students, including preparation of students for postsecondary
      success.
   b. Whether the agency’s accreditation standards require a school to monitor and assess all students’
      progress toward high academic and nonacademic standards.
   c. Whether the agency’s accreditation standards require a school to recruit and retain properly
      licensed quality professional staff, and provide those staff members with ongoing professional
      development.
   d. Whether the agency’s accreditation standards set requirements for fiscal, data, and contract
      management.
   e. Whether the agency monitors compliance with its standards and takes appropriate corrective
      action when standards are not met.
   f. Whether the agency itself has appropriate fiscal, data, and contract management policies and
      procedures.
   g. Any uncorrected citation of noncompliance by any governmental or nongovernmental agency
      or organization with jurisdiction or oversight of an accrediting agency listed pursuant to subrule 12.10(1).
   h. Any uncorrected negative audit finding of an accrediting agency listed pursuant to subrule
      12.10(1).
   i. Any judgments, orders, decrees, consent decrees, settlement agreements, or verdicts
      concerning the agency listed pursuant to subrule 12.10(1) entered by any state or federal court of
      competent jurisdiction.
   j. Whether the agency listed pursuant to subrule 12.10(1) continues to retain its nonprofit status.
   k. Whether the agency listed pursuant to subrule 12.10(1) has received any form of recognition
      for innovation or excellence concerning its work.
   l. Any other criterion used by the agency to determine accreditation.
   m. Any other reports or findings sent to the nonpublic school regarding accreditation, including
      findings related to Iowa Code section 256.11 as amended by 2013 Iowa Acts, House File 215, section
      89.

12.10(5) Removal of agency from approved independent accrediting agencies. If the state board
takes preliminary action to remove an agency from the approved list published on the department’s
Internet site pursuant to subrule 12.10(1), the department shall, at least one year prior to removing the
agency from the approved list, notify the nonpublic schools participating in the accreditation process
offered by the agency of the state board’s intent to remove the accrediting agency from its approved list
of independent accrediting agencies. The department shall give notice to the independent accrediting
agency, along with an opportunity to respond. The notice shall also be posted on the department’s Internet
site and shall contain the proposed date of removal. If a nonpublic school receives notice pursuant to
this subrule and it chooses to remain accredited, the nonpublic school shall attain accreditation under this
rule or otherwise attain accreditation in a manner provided by this chapter or Iowa Code section 256.11
as amended by 2013 Iowa Acts, House File 215, section 89, not later than one year following the date
on which the state board removes the agency from its list of independent accrediting agencies.

12.10(6) Rule of construction: “at least six.” The obligation to maintain a list of at least six agencies
in subrule 12.10(1) shall not be construed to require the list to contain an agency that is not a regional or
national nonprofit, nongovernmental agency recognized as a reliable authority concerning the quality of
education offered by a school.
12.10(7) Adoption by the department of standard procedures. The department shall adopt standard procedures, schedules, and forms for the implementation of this rule, including procedures for adding independent accrediting agencies from the list maintained by the state board pursuant to subrule 12.10(1) and removing agencies from that list pursuant to subrule 12.10(3).

DIVISION XI
HIGH-QUALITY STANDARDS FOR COMPUTER SCIENCE

281—12.11(256) High-quality standards for computer science. It is the goal of the state board of education that every school district and every accredited nonpublic school shall offer instruction in high-quality computer science for elementary, middle school, and high school students by July 1, 2019.

12.11(1) Alignment with learning framework or standards developed by a nationally recognized computer science education organization or organizations. Beginning with the school year which begins July 1, 2018, and each school year thereafter, instruction in high-quality computer science shall reflect an alignment with a framework or learning standards developed by a nationally recognized computer science education organization or organizations. The department shall make available to school districts and accredited nonpublic schools such a framework or learning standards.

12.11(2) Professional development incentive fund. A computer science professional development incentive fund is established in the state treasury under the control of the department. The department may accept gifts, grants, bequests, and other private contributions, as well as state or federal moneys, for deposit in the fund. The department may disburse moneys contained in the fund for professional development activities or tuition reimbursement. Notwithstanding Iowa Code section 8.33, moneys in the computer science professional development incentive fund that remain unencumbered or unobligated at the close of the fiscal year shall not revert but shall remain available for expenditure for the purposes designated until the close of the succeeding fiscal year. The department may disburse those moneys in the following ways.

a. A school district or accredited nonpublic school, or a collaborative of one or more school districts, accredited nonpublic schools, and area education agencies, may apply to the department, in the manner prescribed by the department, to receive moneys from the fund to provide proven professional development activities for Iowa teachers in the area of computer science education.

b. A school district or accredited nonpublic school may apply to the department, in the manner prescribed by the department, to receive moneys from the fund to provide tuition reimbursement for Iowa teachers seeking endorsements or authorizations for computer science under Iowa Code section 272.2(20).

12.11(3) Applicability of rules. Until July 1, 2021, subrule 12.11(1) shall only apply to school districts and accredited nonpublic schools receiving moneys from the computer science professional development incentive fund established in Iowa Code section 284.6A and described in subrule 12.11(2).

12.11(4) Computer science plan. The board of directors of each public school district and the authorities in charge of each nonpublic school shall develop and implement a kindergarten through grade 12 computer science plan by July 1, 2022, which incorporates the standards established under subrule 12.11(1), and the minimum educational standards relating to computer science contained in subrules 12.5(3) and 12.5(4) and paragraph 12.5(5) “l.”

CHAPTER 14
SCHOOL HEALTH SERVICES

DIVISION I
IN GENERAL

281—14.1(256) Medication administration. Each school district, area education agency, and school shall establish medication administration policy and procedures, which include the following:

14.1(1) A statement on administration of prescription and nonprescription medication.

14.1(2) A statement on an individual health plan pursuant to rule 281—14.2(256) when administration requires ongoing professional health judgment.

14.1(3) A statement that persons administering medication shall include authorized practitioners, such as licensed registered nurses and physicians, and persons to whom authorized practitioners have delegated the administration of prescription and nonprescription drugs (who shall have successfully completed a medication administration course). Individuals who have demonstrated competency in administering their own medications may self-administer their medication. Individuals shall self-administer asthma or other airway constricting disease medication or possess and have use of an epinephrine auto-injector with parent and physician consent on file, without the necessity of demonstrating competency to self-administer these medications.

14.1(4) A provision for a medication administration course provided by the department that is completed every five years with an annual medication administration procedural skills check completed with a registered nurse or pharmacist. A registered nurse or licensed pharmacist shall conduct the course. A record of course completion shall be maintained by the school.

14.1(5) A requirement that the individual’s parent provide a signed and dated written statement requesting medication administration at school.

14.1(6) A statement that medication shall be in the original labeled container either as dispensed or in the manufacturer’s container.

14.1(7) A requirement that a written medication administration record shall be on file at the school and shall include:

a. Date.
b. Individual’s name.
c. Prescriber or person authorizing administration.
d. Medication.
e. Medication dosage.
f. Administration time.
g. Administration method.
h. Signature and title of the person administering medication.
i. Any unusual circumstances, actions or omissions.

14.1(8) A statement that medication shall be stored in a secured area unless an alternate provision is documented.

14.1(9) A requirement for a written statement by the individual’s parent or guardian requesting the individual’s co-administration of medication, when competency is demonstrated.

14.1(10) A requirement for emergency protocols for medication-related reactions.

[ARC 3387C, IAB 10/11/17, effective 11/15/17]

281—14.2(256) Special health services. Some individuals need special health services to participate in an educational program. These individuals shall receive special health services along with their educational program.

14.2(1) Definitions. The following definitions shall be used in this rule, unless the context otherwise requires:

“Assignment and delegation” occurs when licensed health personnel, in collaboration with the education team, determine the special health services to be provided and the qualifications of individuals
performing the health services. Primary consideration is given to the recommendation of the licensed health personnel. Each designation considers the individual’s special health service. The rationale for the designation is documented.

“Co-administration” is the eligible individual’s participation in the planning, management and implementation of the individual’s special health service and demonstration of proficiency to licensed health personnel.

“Educational program” includes all school curricular programs and activities both on and off school grounds.

“Education team” may include the individual, the individual’s parent, administrator, teacher, licensed health personnel, and others involved in the individual’s educational program. The education team may be the team required by the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act of 1973 if the child is eligible under either of those statutes.

“Health assessment” is health data collection, observation, analysis, and interpretation relating to the individual’s educational program.

“Health instruction” is education by licensed health personnel to prepare qualified designated personnel to deliver and perform special health services contained in the eligible individual’s health plan. Documentation of education and periodic updates shall be on file at school.

“Individual health plan” is the confidential, written, preplanned and ongoing special health service in the educational program. It includes assessment, nursing diagnosis, outcomes, planning, interventions, evaluation, student goals, if applicable, and a plan for emergencies to provide direction in managing an individual’s health needs. The plan is updated as needed and at least annually. Licensed health personnel develop this written plan with collaboration from the parent or guardian, individual’s health care provider or education team.

“Licensed health personnel” means a licensed registered nurse, licensed physician, or other licensed health personnel legally authorized to provide special health services and medications.

“Prescriber” means licensed health personnel legally authorized to prescribe special health services and medications.

“Qualified designated personnel” means a person instructed, supervised, and competent in implementing the eligible individual’s health plan.

“Special health services” includes, but is not limited to, services for eligible individuals whose health status (stable or unstable) requires:

1. Interpretation or intervention,
2. Administration of health procedures and health care, or
3. Use of a health device to compensate for the reduction or loss of a body function.

“Supervision” is the assessment, delegation, monitoring, and frequency of evaluation and documentation of special health services by licensed health personnel. Levels of supervision include situations in which:

1. Licensed health personnel are physically present.
2. Licensed health personnel are available at the same site.
3. Licensed health personnel are available on call.

14.2(2) Special health services policy. Each board of a public school or the authorities in charge of an accredited nonpublic school shall, in consultation with licensed health personnel, establish policy and guidelines for the provision of confidential special health services in conformity with this chapter. Such policy and guidelines shall address the following:

a. Licensed health personnel shall provide special health services under the auspices of the school.

Duties of the licensed health personnel include:

1. Participating as a member of the education team.
2. Providing the health assessment.
3. Planning, implementing and evaluating the written individual health plan.
4. Planning, implementing and evaluating special emergency health services.
5. Serving as a liaison and encouraging participation and communication with health service agencies and individuals providing health care.
(6) Providing health consultation, counseling and instruction with the eligible individual, the individual’s parent and the staff in cooperation and conjunction with the prescriber.

(7) Maintaining a record of special health services. The documentation shall include the eligible individual’s name, special health service, prescriber or person authorizing, date and time, signature and title of the person providing the special health service and any unusual circumstances in the provision of such services.

(8) Reporting unusual circumstances to the parent, school administration, and prescriber.

(9) Assigning and delegating to, instructing, providing technical assistance to and supervising qualified designated personnel.

(10) Updating knowledge and skills to meet special health service needs.

b. Prior to the provision of special health services, the following shall be on file:

(1) A written statement by the prescriber detailing the specific method and schedule of the special health service, when indicated.

(2) A written statement by the individual’s parent requesting the provision of the special health service.

(3) A written report of the preplanning staffing or meeting of the education team.

(4) A written individual health plan available in the health record and integrated into the IEP or 504 plan, if applicable.

c. Licensed health personnel, in collaboration with the education team, shall determine the special health services to be provided and the qualifications of the individuals performing the special health services. The documented rationale shall include the following:

(1) Analysis and interpretation of the special health service needs, health status stability, complexity of the service, predictability of the service outcome and risk of improperly performed service.

(2) Determination that the special health service, task, procedure or function is part of the person’s job description.

(3) Determination of the assignment and delegation based on the individual’s needs and qualifications of school personnel performing health services.

(4) Review of the designated person’s competency.

(5) Determination of initial and ongoing level of supervision, monitoring and evaluation required for safe, quality services.

d. Licensed health personnel shall supervise the special health services, define the level of frequency of supervision and document the supervision.

e. Licensed health personnel shall instruct qualified designated personnel to deliver and perform special health services contained in the individual health plan. Documentation of instruction, written consent of personnel as required in Iowa Code section 280.23 and periodic updates shall be on file at the school.

f. Parents shall provide the usual equipment, supplies, and necessary maintenance of the equipment, unless the school is required to provide the equipment, supplies, and maintenance under the Individuals with Disabilities Education Act and 281—Chapter 41 or Section 504 of the Rehabilitation Act of 1973. The equipment shall be stored in a secure area. The personnel responsible for the equipment shall be designated in the individual health plan. The individual health plan shall designate the role of the school, parents and others in the provision, supply, storage and maintenance of necessary equipment.

14.2(3) Relationship between this rule and other laws and rules. In complying with this rule, for children who are eligible under the Individuals with Disabilities Education Act and 281—Chapter 41 or Section 504 of the Rehabilitation Act of 1973, the school health services must comply with any additional or differing requirements imposed by those laws based on a specific child’s needs.

281—14.3(256) School district and accredited nonpublic school stock epinephrine auto-injector voluntary supply.

14.3(1) Definitions. For the purpose of this rule, the following definitions apply:
“Act” means 2015 Iowa Acts, Senate File 462, which amends Iowa Code section 280.16 and creates Iowa Code section 280.16A.

“Department” means the department of education.

“Epinephrine auto-injector” means a disposable drug delivery device that has a spring-activated concealed needle and is designed for immediate self-administration or administration by another trained individual of a measured dose of epinephrine to a student or individual at risk of anaphylaxis.

“Licensed health care professional” means a person who has prescriptive authority and is licensed under Iowa Code chapter 148 to practice medicine and surgery, an advanced nurse practitioner licensed pursuant to Iowa Code chapter 152, or a physician assistant licensed to practice under the supervision of a physician as authorized in Iowa Code chapters 147 and 148C.

“Medication administration course” means a course approved or provided by the department that includes safe storage of medication, handling of medication, general principles, procedural aspects, skills demonstration and documentation requirements of safe medication administration in schools.

“Medication error” means the failure to administer an epinephrine auto-injector to a student or individual by proper route, failure to administer the correct dosage, or failure to administer an epinephrine auto-injector according to generally accepted standards of practice.

“Medication incident” means accidental injection of an epinephrine auto-injector into a digit of the authorized personnel administering the medication.

“Personnel authorized to administer epinephrine” means a school employee who has successfully completed the medication administration course requirements and who completes an annual anaphylaxis training program approved by the department and conducted by the school nurse, including a return-skills demonstration on the use of an epinephrine auto-injector.

“School building” means each attendance center within a school district or accredited nonpublic school where students or other individuals are present.

“School nurse” means a registered nurse holding current licensure recognized by the Iowa board of nursing who practices in the school setting to promote and protect the health of the school population by using knowledge from the nursing, social, and public health sciences.

14.3(2) Applicability. This rule applies to and permits:

a. A licensed health care professional to prescribe a stock epinephrine auto-injector in the name of a school district or accredited nonpublic school for use in accordance with the Act and this rule,

b. A pharmacist to dispense epinephrine auto-injectors pursuant to a prescription issued in the name of a school district or accredited nonpublic school, and

c. A school district or accredited nonpublic school to acquire and maintain a stock supply of epinephrine auto-injectors pursuant to a prescription issued in accordance with the Act.

14.3(3) Prescription for stock epinephrine auto-injector. A school district or accredited nonpublic school may obtain a prescription for epinephrine auto-injectors from a licensed health care professional annually in the name of the school district or accredited nonpublic school for administration to a student or individual who may be experiencing an anaphylactic reaction. The school district or accredited nonpublic school shall maintain the supply of such auto-injectors in a secure, dark, temperature-controlled location in each school building. If a school district or accredited nonpublic school obtains a prescription pursuant to the Act and these rules, the school district or accredited nonpublic school shall stock a minimum of one pediatric dose and one adult dose epinephrine auto-injector for each school building. A school district or accredited nonpublic school may obtain a prescription for more than the minimum and may maintain a supply in other buildings.

14.3(4) Authorized personnel and stock epinephrine auto-injector administration. A school nurse or personnel trained and authorized may provide or administer an epinephrine auto-injector from a school supply to a student or individual if the authorized personnel or school nurse reasonably and in good faith believes the student or individual is having an anaphylactic reaction.

a. The following persons, provided they have acted reasonably and in good faith, shall not be liable for any injury arising from the provision, administration, failure to administer, or assistance in the administration of an epinephrine auto-injector:

(1) Authorized personnel and the school nurse,
(2) The school district or accredited nonpublic school employing the personnel or school nurse,
(3) The board of directors in charge of the school district or authorities in charge of the accredited
nonpublic school, and
(4) The prescriber of the epinephrine auto-injector.

b. Pursuant to Iowa Code section 280.23, authorized personnel will submit a signed statement
to the school nurse stating that the authorized personnel agree to perform the service of administering
a stock epinephrine auto-injector to a student or individual who may be experiencing an anaphylactic
reaction.

c. Emergency medical services (911) will be contacted immediately after a stock epinephrine
auto-injector is administered to a student or individual, and the school nurse or authorized personnel
will remain with the student or individual until emergency medical services arrive.

d. The administration of an epinephrine auto-injector in accordance with this chapter is not the
practice of medicine.

14.3(5) Stock epinephrine auto-injector training. School employees may obtain a signed certificate
to become authorized personnel.

a. Training to obtain a signed certificate may be accomplished by:
(1) Successfully completing, every five years, the medication administration course provided by
the department;
(2) Annually demonstrating to the school nurse a procedural return-skills check on medication
administration;
(3) Annually completing an anaphylaxis training program approved by the department;
(4) Demonstrating to the school nurse a procedural return-skills check on the use of an epinephrine
auto-injector using information from the training, authorized prescriber instructions regarding the
administration of the stock epinephrine auto-injector, and as directed by the prescription epinephrine
auto-injector’s manufacturing label; and
(5) Providing to the school nurse a signed statement, pursuant to Iowa Code section 280.23, that
the person agrees to perform the service of administering a stock epinephrine auto-injector to a student
or individual who may be experiencing an anaphylactic reaction.

b. Training required after a medication error or medication incident. Authorized personnel or the
school nurse directly involved with a medication error or medication incident with the administration
of stock epinephrine auto-injectors shall be required to follow the medication error or medication
incident protocol adopted by the board of directors of the school district or authorities in charge of the
school district or accredited nonpublic school. To retain authorization to administer stock epinephrine
auto-injectors in the school setting, authorized personnel directly involved with a medication error or
medication incident will be required to provide a procedural skills demonstration to the school nurse
demonstrating competency in the administration of stock epinephrine auto-injectors.

14.3(6) Procurement and maintenance of stock epinephrine auto-injector supply. A school district
or accredited nonpublic school may obtain a prescription to stock, possess, and maintain epinephrine
auto-injectors.

a. Stock epinephrine auto-injectors shall be stored in a secure, easily accessible area for an
emergency within the school building, or in addition to other locations as determined by the school
district or accredited nonpublic school, that is dark and maintained at room temperature (between 59 to
86 degrees) or in accordance with the manufacturing label of the stock epinephrine auto-injector.

b. A school district or school will designate an employee to routinely check stock epinephrine
auto-injectors and document in a log monthly throughout the calendar year for:
(1) The expiration date;
(2) Any visualized particles; or
(3) Color change.

c. The school district or school shall develop a protocol to replace as soon as reasonably possible
any logged epinephrine auto-injector that is used, close to expiration, or discolored or has particles visible
in the liquid.
14.3(7) Disposal of used stock epinephrine auto-injectors. The school district or school that administers epinephrine auto-injectors shall dispose of used cartridge injectors as infectious waste pursuant to the department’s medication waste guidance.

14.3(8) Reporting. A school district or school that obtains a prescription for stock epinephrine auto-injectors shall report each medication incident with the administration of stock epinephrine, medication error with the administration of stock epinephrine, or the administration of a stock epinephrine auto-injector to the department within 48 hours, using the reporting format approved by the department.

14.3(9) School district or accredited nonpublic school policy. A school district or school may stock epinephrine auto-injectors. The board of directors in charge of the school district or authorities in charge of the accredited nonpublic school that stocks epinephrine auto-injectors shall establish a policy and procedure for the administration of a stock epinephrine auto-injector, which shall comply with the minimum requirements of this rule.

14.3(10) Rule of construction. This rule shall not be construed to require school districts or accredited nonpublic schools to maintain a stock of epinephrine auto-injectors. An election not to maintain such a stock shall not be considered to be negligence.

[ARC 2311C, IAB 12/9/15, effective 1/13/16]

14.4(1) Definitions.

“Adverse childhood experience” means a potentially traumatic event occurring in childhood that can have negative, lasting effects on an individual’s health and well-being.

“Postvention” means the provision of crisis intervention, support, and assistance for those affected by a suicide or suicide attempt to prevent further risk of suicide.

14.4(2) Required protocols. School districts shall adopt protocols for suicide prevention and postvention and the identification of adverse childhood experiences and strategies to mitigate toxic stress response. The protocols shall be based on nationally recognized best practices.

14.4(3) Required training.

a. By July 1, 2019, the board of directors of a school district shall require annual, evidence-based training at least one hour in length on suicide prevention and postvention for all school personnel who hold a license, certificate, authorization, or statement of recognition issued by the board of educational examiners and who have regular contact with students in kindergarten through grade 12. The content of the training shall be based on nationally recognized best practices.

b. By July 1, 2019, the board of directors of a school district shall require annual, evidence-based, evidence-supported training on the identification of adverse childhood experiences and strategies to mitigate toxic stress response for all school personnel who hold a license, certificate, authorization, or statement of recognition issued by the board of educational examiners and who have regular contact with students in kindergarten through grade 12. The content of the training shall be based on nationally recognized best practices.

14.4(4) Resources for implementation. The Iowa department of education will publicly provide resources and technical assistance to assist districts in compliance with this rule.

[ARC 4294C, IAB 2/13/19, effective 3/20/19]

281—14.5(256,280) Severability. If any provisions of this chapter or the application thereof to any person or circumstance shall be held invalid, such invalidity shall not affect the provisions or application of this chapter which can be given effect, and to this end the provisions of this chapter are declared to be severable.

This division is intended to implement Iowa Code sections 135.185, 256.7(33), 279.70 and 280.16. [ARC 2311C, IAB 12/9/15, effective 1/13/16; ARC 4294C, IAB 2/13/19, effective 3/20/19; ARC 5739C, IAB 6/30/21, effective 8/4/21]
281—14.6(279) Purpose and objectives: comprehensive healthy and safe learning environments. The purpose of this division is to provide uniform definitions and rules for public schools, accredited nonpublic schools, and area education agencies (AEAs) regarding standards for professional development and training in evidence-based classroom management practices, evidence-based interventions, appropriate and inappropriate responses to behavior in the classroom that present an imminent threat of bodily injury to a student or another person, and in accordance with 281—Chapter 103 for the reasonable, necessary, and appropriate physical restraint of a student. This division gives clear guidance that classroom clearance may be used only to terminate or prevent a threat of bodily injury and clarifies the required parental notification, response, and reporting of school behavior challenges.

This division also provides clarification of Iowa AEAs’, public school districts’, and accredited nonpublic school districts’ responsibilities and the responsibilities of behavioral health service providers as required by Iowa Code section 280A.1, should they choose to enter into agreements for behavioral health screenings or telehealth services.

This division is intended to promote a comprehensive safe learning space for learners and school staff, and to promote the dignity, care, safety, welfare, and security of each child and the school community; encourage the use of proactive, effective, and evidence-based research-based strategies resulting in increased learning for all students; lessen disruption to instruction; and expand supports for educators through teacher preparation, revised protocols, training and professional learning.

[ARC 5739C, IAB 6/30/21, effective 8/4/21]

281—14.7(279) Definitions. For the purposes of this chapter:

“Assault” means the same as defined in Iowa Code section 708.1.

“Bodily injury” or “injury” means physical pain, illness, or any other impairment of physical condition. For purposes of required reporting, the injury must be the result of intentional act and not accidental and must be a physical injury to a person’s body that is apparent within 24 hours after the incident and may include damage to any bodily tissue to the extent that the tissue must undergo a healing process in order to be restored to a sound and healthy condition. Mental or verbal insult is not covered by this definition.

“Classroom clear” means clearing all other students out of the classroom to calm a child or to address disruption by a child. It is not necessary to use the phrase “classroom clear” to be covered by this division. The mere use of the term “classroom clear” does not bring that activity within the coverage of this division. Using another term for a “classroom clear” does not remove that activity from the coverage of this division. A classroom clear is not either of the following:

1. Removing other students from a classroom to preserve a student’s dignity/privacy in the event of a medical emergency, health issue, or both, or

2. Emergency procedures a school/district may use in the event of a school crisis or natural disaster.

“Classroom management” means the set of skills, practices, and strategies teachers use to maintain productive and prosocial behaviors that enable effective instruction in whole class or small group settings.

“Department” means the Iowa department of education.

“Evidence-based” means an activity, strategy or intervention that demonstrates a significant effect on improving student outcomes or other relevant outcomes. Activities, strategies, or interventions with strong or moderate evidence should be prioritized.

“Parent” means an individual included in the definition of “parent” in rule 281—41.30(256B,34CFR300) and also includes an individual authorized to make decisions for the child pursuant to a power of attorney for temporary delegation of custody or for making educational decisions.

“Physical restraint” means the same as defined in rule 281—103.2(256B,280).

“Property damage” means serious damage to property of significant monetary value or significant nonmonetary value or importance because of violence. For purposes of required reporting, the property
damage must be the result of intentional act and not accidental. In assessing significant nonmonetary value for purposes of this definition, the following shall be considered: the property is not of significant monetary value but difficult to replace or its loss or damage impedes learning, or an object(s) used as a weapon resulting in damage to the object or property.

“Reasonable and necessary force” means that force, and no more, which a reasonable person would judge to be necessary under the circumstances that existed at the time, that is not intended to cause pain, and that does not exceed the degree or duration required to accomplish the purposes set forth in rule 281—103.5(256B,280).

“School district” means an Iowa public school district directly supported in whole or in part by tax dollars, as defined in Iowa Code section 280.2, and with the power and jurisdiction provided by Iowa Code section 274.1.

“Social-emotional-behavioral health” or “SEBH” means social, emotional, behavioral and mental well-being that affects how one thinks, feels, communicates, acts, and learns. These contribute to resilience and to how one relates to others, responds to stress and emotions, and makes choices. Foundational knowledge and skills that promote SEBH include self-awareness, self-management, responsible decision-making, social awareness, and relationship skills that support positive well-being and academic success.

“Therapeutic classroom” means a classroom designed for the purpose of providing support for any student whose emotional, social, or behavioral needs interfere with the student’s ability to be successful in the current educational environment, with or without supports, until the student is able to successfully return to the student’s current education environment, with or without supports, including but not limited to the general education classroom. It is not necessary to use the phrase “therapeutic classroom” to be covered by this division. The mere use of the term “therapeutic classroom” does not bring those services or locations within the coverage of this division. Using another term for a “therapeutic classroom” does not remove that service or location from the coverage of this division.

[ARC 5739C, IAB 6/30/21, effective 8/4/21]

281—14.8(279) Classroom clears.

14.8(1) A classroom teacher may clear students from the classroom only if necessary to prevent or terminate an imminent threat of bodily injury to a student or another person in the classroom. A threat is imminent when it is reasonably likely to inflict pain, illness, or any other impairment of physical condition.

14.8(2) A classroom clear means clearing all other students out of the classroom to calm a child. A classroom clear in which an adult remains with a student to calm the student shall not be considered seclusion.

14.8(3) The restrictions on use of classroom clears pertains to all classrooms, general and special education, ages 3 through 21, when a child is served in a setting that is using public funds for educational purposes.

14.8(4) If a classroom clear is included within a school’s or district’s crisis response plan, the school or district must also follow the additional requirements outlined in 2020 Iowa Acts, Senate File 2360, and this division.

14.8(5) In determining if a classroom clear may be used to prevent or terminate an imminent threat, the following factors shall be applied:

a. The size and physical, mental, and psychological condition of the student;

b. The nature of the student’s behavior;

c. The presence of a weapon or material that can be weaponized;

d. The extent and nature of resulting bodily injury to the student and other persons in the classroom; and

e. The prevention of physical intervention that will likely escalate behavior and result in bodily injury.

[ARC 5739C, IAB 6/30/21, effective 8/4/21]

281—14.9(279) Required parent/guardian notifications and responses.
14.9(1) General. If a classroom clear is used to prevent an imminent threat, the following notifications and actions shall occur:

a. The school principal shall, by the end of the school day if possible, but at least within 24 hours after the incident, notify the parents/guardians of all students assigned to the classroom that it was cleared.

b. The notification shall not identify, directly or indirectly, any students involved in the incident giving rise to the classroom clearance.

c. The principal shall request that the parent/guardian of the student whose behavior caused the classroom clear meet with the principal, the classroom teacher, and other staff as appropriate.

14.9(2) Students with disabilities. When a student with a disability whose behavior caused a classroom clear and has an individualized education program (IEP) or a behavioral intervention plan (BIP), the classroom teacher shall call for and be included in a review and potential revision of the student’s IEP or BIP by the student’s IEP team. The AEA, in collaboration with the school district, may, when the parent or guardian meets with the IEP team during the review or reevaluation of the student’s IEP, inform the parent or guardian of individual or family counseling services available in the area. The public agencies must provide those services if those services are necessary for a free appropriate public education, pursuant to 281—subrule 41.320(7).

14.9(3) Students without disabilities.

a. If a student does not have an IEP or a BIP, the meeting shall include an intervention plan that reduces the likelihood of the recurrence of behaviors requiring a classroom clear.

b. If a student has a BIP but does not have an IEP, the classroom teacher shall call for and be included in a review and potential revision of the student’s behavioral intervention plan.

c. If the school suspects the student whose behavior resulted in a classroom clear might be eligible for a BIP, individual health plan (IHP), safety plan, or IEP, the public agencies shall promptly determine the child’s eligibility in accordance with the procedures required for determining eligibility.

14.9(4) Parent input. The team must consider parent input in identifying supports to address behaviors that caused the classroom clear.

a. If the parent of a student with an IEP chooses not to participate in the meeting, the school must follow procedures to document efforts to invite the parent, as required by rule 281—41.322(256B,34CFR300), and inform the parent of proposed changes to the IEP or BIP, or both, as required by rule 281—41.503(256B,34CFR300).

b. If the parent of a student without an IEP chooses not to participate in the meeting, the school will continue to support the student’s needs by planning and providing intervention for the student.

14.9(5) Additional provisions. When calling for a meeting, the classroom teacher may be required to follow procedures established by the school district or AEA to request such a meeting. Any recommended change to a student’s behavior intervention plan, individual health plan, safety plan, or educational placement shall be made in accordance with the procedures required for amending said plan or changing said placement.

[ARC 5793C, IAB 6/30/21, effective 8/4/21]

281—14.10(279) Documentation and reporting.

14.10(1) General. A classroom teacher shall report to the principal any incident of assault or violence that results in injury or property damage by a student enrolled in the school. For purposes of this rule, “attending students” includes all students who are actively attending school, suspended or expelled during the reporting school year. Districts should document all incidents that occur in a school building, on school grounds, or at a school-sponsored function by students attending school in the district. The school district shall report to the department, in a manner prescribed by the department, an annual count of disaggregated incidents of assault, violence resulting in injury, violence resulting in property damage, and referral/transfer to a therapeutic classroom that includes the therapeutic components as described in subrule 14.13(2). Incidents shall be reported if they occurred by a student in a school building, on school grounds, or at a school-sponsored function.

14.10(2) Contents of report. The report shall include demographic information on students reported as victims and perpetrators, disaggregated by race, gender, national origin, age, grade level, and disability
status, along with any other data required by the department to implement the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act, Public Law 114-95, and with safeguards to ensure student privacy.

14.10(3) Reporting by the department. The department of education shall compile and summarize the data it receives under this rule and submit a report to the general assembly each year by November 1.

\[ARC 5739C, IAB 6/30/21, effective 8/4/21\]

281—14.11(256) Crisis response.

14.11(1) General. The following consists of appropriate responses to classroom behavior that presents an imminent threat of bodily injury and consistent with rules for seclusion and restraint:

a. Responses shall include nationally recognized best practices of crisis response/intervention to de-escalate behaviors that are likely to result in bodily harm.

b. Crisis response strategies shall include a safety assessment and continuum of strategies informed by the level of risk and the safety assessment.

c. When possible, response strategies shall use less disruptive, nonphysical intervention prior to the use of physical interventions, unless the circumstances are such that physical intervention is necessary to ensure the safety of the student and others.

14.11(2) Use of reasonable force. Notwithstanding the ban on corporal punishment in rule 281—103.3(256B,280), no employee subject to these rules is prohibited from using reasonable and necessary force in compliance with this chapter and 281—Chapter 103. An employee is not privileged to use unreasonable force to accomplish any of the purposes listed in this chapter and 281—Chapter 103. If physical force is used, school employees shall comply with any requirements imposed by 281—Chapter 103 and this chapter.

\[ARC 5739C, IAB 6/30/21, effective 8/4/21\]

281—14.12(256) Prevention of classroom behaviors that present an imminent threat.

14.12(1) Appropriate responses to behaviors, including classroom behavior that presents an imminent threat of bodily injury, shall be part of evidence-based tiered supports within the department’s continuous improvement framework to support student SEBH.

14.12(2) The evidence-based tiered supports shall:

a. Include universal support for all students that foster the emotional well-being of students through schoolwide safe and supportive environments.

b. Be culturally responsive.

c. Be trauma responsive.

d. Include positive school discipline practices.

e. Include crisis prevention, intervention and de-escalation that is based on student SEBH needs and reasonable in response to the behavior that is being exhibited.

f. Include proactive strategies which enable schools to identify and intervene early in order to minimize the escalation of identified behavioral health symptoms and other barriers to school success.

g. Include classroom management practices that include the following evidence-based practices:

(1) An effectively designed physical classroom.

(2) Predictable classroom routines.

(3) Posted positive classroom expectations.

(4) Prompts and active supervision.

(5) Varied opportunities to respond.

(6) Acknowledgments for expected behavior.

h. Engage parents and guardians as partners in identifying appropriate supports for the students.

i. Support student development of social-emotional competencies and skills through planned universal instruction.

j. Have a set of specific supplemental interventions and intensive intervention supports that:

(1) Are for students whose behaviors are unresponsive to low-intensity strategies.

(2) Are based on functional behavior assessment (FBA).

(3) Are supported by individuals trained to handle such issues.
(4) Involve parents in development and ongoing review.

[ARC 5739C; IAB 6/30/21, effective 8/4/21]

281—14.13(256) Therapeutic classroom. A school district may include therapeutic classrooms as part of its district’s or building’s tiers of SEBH supports. A therapeutic classroom is designed for the purpose of providing support for any student, with or without an IEP, whose emotional, social, or behavioral needs interfere with the student’s ability to be successful in the current educational environment, with or without supports, until the student is able to successfully return to the student’s current education environment, with or without supports, including but not limited to the general education classroom. A placement in a therapeutic classroom shall not be permanent or indefinite but shall be reviewed periodically as called for in this rule. For the purpose of this chapter, the word “classroom” is a descriptor of an educational set of services that create the educational environment that may include but is not required to include a separate physical setting from other students.

14.13(1) Continuum of programming. Therapeutic classrooms include the therapeutic programming students may need to support them across a range of educational settings or learning spaces, or both, and are not necessarily standalone or isolated classrooms. Therapeutic classroom supports are part of a district’s tiers of SEBH supports.

14.13(2) Therapeutic classroom requirements. For state cost reimbursement and reporting purposes, a therapeutic classroom shall:

a. Include the following therapeutic components:

(1) A multidisciplinary team who collaborates regularly to support design, implementation and decision-making regarding therapeutic program supports including but not limited to an individual qualified to conduct diagnostic assessments and support SEBH programming for individuals with social-emotional concerns;

(2) Practices that enhance positive childhood experiences;

(3) Clearly articulated and taught behavioral expectations and routines;

(4) Regular assessment of social-emotional competencies with targeted individualized instruction, small group social-emotional instruction, or both;

(5) Individualized BIPs developed based on FBAs and trauma-informed practice;

(6) Regular engagement of family to review progress and make decisions for more or less restrictive programming;

(7) Supports for generalization and transition to less restrictive supports/settings since a therapeutic classroom is a temporary intervention. Supports include opportunities to practice social-emotional skills in natural contexts with similar age/grade peers.

b. Be operated by and housed in the school district seeking reimbursement.

c. Have appropriately licensed and certified teacher(s).

d. Follow program standards for the age(s) served and the full extent of the district’s comprehensive education program, including:

(1) Preschool programs must follow preschool program standards, as specified in 281—Chapter 16;

(2) Prekindergarten-twelfth grade programs must follow 281—Chapter 12;

(3) Programs that serve students with IEPs must also follow 281—Chapter 41.

e. Not solely consist of any one of the following:

(1) Calming room/space;

(2) Single strategy or program without individualization;

(3) Space/location for disciplinary action;

(4) Seclusion room.

14.13(3) General education students. When general education students are served through a therapeutic classroom, the following must occur:

a. The therapeutic classroom must have clear requirements for referral, admission, progress monitoring, and exit that focus on supporting learners to return to general services,

b. Each general education student must have an individualized BIP developed based on an FBA,
c. When a student receives therapeutic services for 50 percent or more of the school day, a team of qualified professionals, the teacher, and the family must review the BIP every 60 days to consider the need for transition to more or less intensive programming.

d. If, at any point, public agencies suspect a disability, the public agencies must request consent for a full and individual evaluation for special education from the parent as required by 281—Chapter 41.

14.13(4) Special education students. Districts operating therapeutic classrooms that serve learners with IEPs shall follow 281—Chapter 41, including requirements for education in the least restrictive environment.

14.13(5) Consortium agreements. A district may enter into a cost-sharing consortium agreement with one or more school districts or area education agencies to provide therapeutic classroom supports. Districts shall not enter into an agreement to purchase or hold seats in a therapeutic classroom. If a district seeks cost reimbursement for student(s) who attend a therapeutic classroom:

a. The therapeutic classroom shall be housed within the district’s boundaries;

b. The district seeking reimbursement shall be fiscally responsible for the therapeutic classroom;

c. The district seeking reimbursement shall be responsible for operating the therapeutic classroom.

14.13(6) Rule of construction. A school district is not required to operate a therapeutic classroom; however, a school district is required to ensure therapeutic services are available, whether in-district or otherwise, to students who need those services to access or benefit from an education.

[ARC 5739C, IAB 6/30/21, effective 8/4/21]

281—14.14(256) Therapeutic classroom—claims. A school district may submit claims to the department for the costs of providing therapeutic classroom services and transportation services in accordance with this rule.

14.14(1) Reimbursement of transportation services. If the general assembly appropriates moneys for purposes of transportation claims reimbursement in accordance with this subrule, the resident school district may submit a claim to the department for reimbursement for transportation services for a student who is transported to a therapeutic classroom operated by another school district or accredited nonpublic school and located more than 30 miles from the student’s designated school or accredited nonpublic school.

a. Claims are allowable for students enrolled in the school district or in an accredited nonpublic school located in the district boundary and who do not have an assigned special education weighting.

b. Such claims may be allowable when the school districts or school district and accredited nonpublic school have a shared agreement to provide the therapeutic classroom.

c. Claims shall be made to the department of education using an invoice supplied by the department and completed by the school district providing transportation during the school year.

d. Claims must include a listing of actual costs per student transported to a therapeutic classroom, including number of days transported, transportation miles, and other actual costs.

14.14(2) Claims for reimbursement of services.

a. By June 15, 2022, and annually by June 15 thereafter, districts may submit a claim for reimbursement of therapeutic classroom services for the prior school year.

b. By July 1 of each year, the department shall draw warrants payable to school districts for such claims.

c. On June 15, 2022, and continuing each June 15 thereafter, districts providing therapeutic classrooms may submit a claim for reimbursement to the department for students served by their therapeutic classroom during the prior school year who have BIPs but no IEP weighting. Districts may submit claims for 1.5 weighting for the number of days they served the student and the number of days in the school district’s calendar.

d. School districts will collect student-level data throughout the year and submit it at the end of the year using a department invoice.
e. In order for the school district to submit a claim for reimbursement for students attending an accredited nonpublic school or receiving competent private instruction, the student shall be counted as a shared-time student in the district in which the nonpublic school of attendance is located.

f. Reimbursement will be prorated if claims exceed the amount appropriated.

g. Claims must include: student served in a therapeutic classroom, confirmation the student has a BIP and does not have a weighted IEP for the period claimed, number of days served and the number of days in the school district’s calendar.

h. The costs of providing transportation to nonpublic school pupils as provided in this rule shall not be included in the computation of district cost under Iowa Code chapter 257 but shall be shown in the budget as an expense from miscellaneous income. Any transportation reimbursements received by a school district for transporting nonpublic school pupils shall not affect district cost limitations of Iowa Code chapter 257. The reimbursements provided in this rule are miscellaneous income as defined in Iowa Code section 257.2.

281—14.15(256,279,280) Required training. This rule applies to public schools, nonpublic school districts and area education agencies.

14.15(1) An employee must receive training that complies with 281—Chapter 103 prior to using any form of physical restraint or seclusion and includes research-based alternatives to physical restraint and seclusion.

14.15(2) An employee must receive training regarding the least restrictive environment. While there is a presumption that the general education environment is the least restrictive environment, data may overcome that presumption. “General education classroom” is not synonymous with “least restrictive environment.” Training must include the process and procedures for:

a. Making placement decisions based on individual student performance data and participation with peers without disabilities; and

b. Reviewing student performance data to determine whether changes need to be made to ensure the individual is being educated in the learner’s least restrictive environment.

14.15(3) AEA staff, classroom teachers and school administrators shall receive training prior to using a classroom clear to calm a student. Training shall be reviewed regularly, but no less frequently than once every three school years, and cover the following topics:

a. The rules of this chapter;

b. The school’s specific policies and procedures regarding the rules of this chapter;

c. Training on recognizing and responding to incidents that are an imminent threat of bodily injury;

d. Student, parent/guardian, and staff notifications and parent follow-up requirements;

e. Reporting requirements for incidents of assault and violence resulting in injury or property damage;

f. Reporting requirements for referral and transfer to therapeutic classroom(s);

g. The school’s specific crisis response plan for incidents of imminent threat;

h. Staff supports following a crisis or significant event.

14.15(4) Within one year of beginning employment in a teaching position in Iowa, a classroom teacher shall receive training on the prevention of behaviors that present an imminent threat. Training must include the following topics:

a. The school’s specific policies and procedures for creating learning environments that are safe and supportive.

b. Evidence-based culturally responsive approaches to student discipline.

c. Evidence-based classroom management strategies that include:

(1) An effectively designed physical classroom.

(2) Predictable classroom routines.

(3) Posted positive classroom expectations.

(4) Prompts and active supervision.

(5) Varied opportunities to respond.
(6) Acknowledgments for expected behavior.

d. Universal instruction of social-emotional competencies.

e. Engaging families as partners in identifying appropriate supports for learner success.

14.15(5) AEA and school district staff who engage in intervention planning to support supplemental and intensive social-emotional interventions shall receive training on evidence-based interventions for challenging classroom behaviors. Training must include the following topics:

a. FBAs;

b. Using FBAs to design BIPs;

c. Individual safety plans;

d. Supports for student reentry to learning following a significant event;

e. Supports for teacher implementation of BIPs;

f. Crisis prevention, crisis intervention, and crisis de-escalation techniques consistent with rule 281—14.4(279) that are culturally responsive and trauma responsive;

g. Duties and responsibilities of school resource officers and other responders; the techniques, strategies and procedures used by responders; and knowledge of who in the building is trained and authorized in seclusion and restraint;

h. Documentation and notification requirements for incidents of seclusion, restraint, classroom clear and transfer/referral to a therapeutic classroom.

281—14.16(256) Department responsibilities, evidence-based standards, guidelines and expectations. By June 30, 2022, the department shall develop, establish, and distribute to all school districts evidence-based standards, guidelines, and expectations for the appropriate and inappropriate responses to behavior in the classroom that present an imminent threat of bodily injury to a student or another person to assist the districts in compliance with this rule. The standards, guidelines, and expectations will be consistent with 281—Chapter 103. The evidence-based standards, guidelines, and expectations for the appropriate and inappropriate responses to behavior in the classroom that presents an imminent threat of bodily injury will be based on the department’s continuous improvement framework to support student social-emotional-behavioral health (SEBH). The director shall consult with the area education agencies to create comprehensive and consistent standards and guidance for professional development relating to successfully educating individuals in the least restrictive environment, and for evidence-based interventions consistent with the standards established pursuant to this rule.

This division is intended to implement Iowa Code chapters 256, 279 and 280.

DIVISION III
SCHOOL BEHAVIORAL HEALTH SCREENING AND TELEHEALTH

281—14.20(280A) Purpose and objectives: contracted behavioral health screening and telehealth. This division describes the responsibilities of Iowa AEAs, public school districts, and accredited nonpublic school districts and behavioral health service providers as required by Iowa Code section 280A.1, should they choose to enter into agreements for behavioral health screenings or telehealth services.

[ARC 5739C, IAB 6/30/21, effective 8/4/21]

281—14.21(256B,280A) Definitions. For the purposes of this division, the following definitions apply:

“Accredited nonpublic school” means any school, other than a public school, that is accredited pursuant to Iowa Code section 256.11 for any and all levels for grades 1 through 12.
“Area education agency” or “AEA” means an area education agency established pursuant to Iowa Code chapter 273.

“Behavioral health screening” or “screening” means a screening and assessment performed using a universal behavioral health screening and assessment tool, approved for use by the department of education in consultation with the department of public health and the department of human services, to identify factors that place children at higher risk for behavioral health conditions, to determine appropriate treatment or intervention, and to identify the need for referral for appropriate services.

“Behavioral health services” means services provided by a health care professional operating within the scope of the health care professional’s practice which address mental, emotional, medical, or behavioral conditions, illnesses, diseases, or problems.

“Educational service agency” means a governmental agency or government entity which is established and operated exclusively for the purpose of providing educational services to one or more educational institutions.

“Health care professional” means a physician or other health care practitioner licensed, accredited, registered, or certified to perform specified health care services consistent with state law.

“In-person encounter” means that the mental health professional and the student are in the physical presence of each other and are in the same physical location during the provision of behavioral health services.

“Mental health professional” means the same as defined in Iowa Code section 228.1.

“Patient” means a student receiving a behavioral health screening or other behavioral health services in accordance with this chapter.

“Primary care provider” means the personal provider trained to provide the first contact and continuous and comprehensive care to a patient and includes but is not limited to any of the following licensed or certified health care professionals who provide primary care: a physician who is a family or general practitioner or a pediatrician, an advanced registered nurse practitioner, or a physician assistant.

“Provider-patient relationship” means the relationship between the patient and the mental health professional that meets the requirements for commencement and establishment of a valid provider-patient relationship.

“Public school” means any school directly supported in whole or in part by taxation.

“School” means any of the following: an accredited nonpublic school, an area education agency, or a public school.

“School district” means a school district described in Iowa Code chapter 274.

“Student” means a person enrolled in and attending an accredited nonpublic school or a public school in grades 1 through 12.

“Telehealth” means the same as defined in Iowa Code section 514C.34: the delivery of health care services through the use of interactive audio and video. Telehealth does not include the delivery of health care services through an audio-only telephone, electronic mail message, or facsimile transmission.

[ARC 5739C, IAB 6/30/21, effective 8/4/21]

281—14.22(280A) Behavioral health screenings in school settings.

14.22(1) A school district, an accredited nonpublic school, or an AEA may contract with a mental health professional or a nationally accredited behavioral health care organization in order to provide universal behavioral health screenings to students. If the school district, accredited nonpublic school, or area education agency contracts with mental health professionals to conduct behavioral health screenings, the following applies:

a. The screenings shall be administered with the contracted mental health professional present, using a screener approved by the department, in consultation with the department of public health and the department of human services.

b. The school district, accredited nonpublic school, or AEA that contracts for on-site student behavioral health screenings shall obtain written parent or guardian consent or, in the case of a student who has reached the age of majority, the student’s written consent prior to the student’s participating in each screening.
c. At any point before or during the screening, a student may opt out or discontinue participation in the screening without retribution.

14.22(2) The parental consent shall allow for the mental health professional to disclose the screening results to the school or AEA if there is a credible threat to the health and safety of the student or others and provide the appropriate emergency contact. The parental consent may allow for the mental health professional to disclose screening information to the school or AEA in order to support the student(s) who may need intervention that could be provided through the school.

14.22(3) The school district or AEA shall ensure that the mental health professionals contracted to administer the screeners are qualified to administer the selected behavioral health screener.

14.22(4) The school district or AEA shall have procedures to secure and limit the access to health information to comply with the Health Insurance Portability and Accountability Act (HIPAA) in accordance with parental consent.

14.22(5) If a mental health professional conducts the screening and determines that a student needs additional behavioral health services, the mental health professional:
   a. Shall notify the parent or guardian of the student of the results of the screening.
   b. May notify the student’s primary care provider, with parent or guardian consent, or the consent of the student who has reached the age of majority.
   c. May provide a list of local primary care providers to the parent or guardian if the student does not have a primary care provider.

[ARC 5739C; IAB 6/30/21, effective 8/4/21]

281—14.23(280A) Establishment of provider-patient relationship for telehealth in school setting.

14.23(1) A school district, accredited nonpublic school, or AEA may provide access to behavioral health services via telehealth on school/AEA premises.

14.23(2) If a mental health professional provides behavioral health services via telehealth on school/AEA premises, the mental health professional shall first establish a valid provider-patient relationship. The provider-patient relationship is established when:
   a. The student, with the consent of the student’s parent or guardian when the student has not yet reached the age of majority, seeks help from a mental health professional;
   b. The mental health professional agrees to provide treatment of the student; and
   c. The student’s parent or guardian agrees to have the student treated by the mental health professional.

14.23(3) A valid provider-patient relationship may be established through any of the following means:
   a. An in-person medical interview and physical examination conducted under the standard of care required for an in-person encounter;
   b. Consultation with a primary care provider who has an established relationship with the patient and who agrees to participate in or supervise the patient’s care; or
   c. Use of interactive audio and video telehealth, if:
      (1) The standard of care does not require an in-person encounter, in accordance with evidence-based standards of practice and telehealth practice guidelines that address the clinical and technological aspects of telehealth; or
      (2) The student’s parent or guardian is present.

14.23(4) If a provider-patient relationship is established and the student has not yet reached the age of majority, parent or guardian consent shall be obtained prior to the student receiving behavioral health services via telehealth in a school or AEA setting and shall be required each academic year that the student receives telehealth services.

14.23(5) The school district shall maintain any consent form completed by a parent or guardian.

[ARC 5739C; IAB 6/30/21, effective 8/4/21]

281—14.24(280A) Behavioral health services provided via telehealth in a school setting.

14.24(1) On or after January 1, 2021, a school district, accredited nonpublic school or AEA may provide access to behavioral health services via telehealth on school/AEA premises.
14.24(2) If the school district, accredited nonpublic school or AEA provides access to behavioral health services via telehealth on school/AEA premises, it shall:
   a. Provide a secure, confidential, and private room for services and the technology necessary to conduct telehealth services.
   b. Maintain parent or guardian consent forms for each academic year the student receives services.
   c. Maintain a schedule for student appointments and arrange for student access to the room by a school nurse or other appropriately trained school or AEA agency employee.
   d. Ensure that no employee is present in the same room as the student during the session or service.
   e. Provide information to the student participating in telehealth services about how and to whom to report inappropriate behavior by a mental health professional.
   f. Provide access to the student’s parent or guardian to participate in any of the student’s telehealth sessions.

14.24(3) The school district, accredited nonpublic school or AEA shall not access any of the student’s medical records or be responsible for billing for the telehealth services.

14.24(4) A mental health professional with prescribing authority who provides telehealth services shall not alter the dosage of an existing medication or prescribe any new medication during a telehealth session without prior consultation with the student’s parent or guardian.

14.24(5) The mental health professional shall notify the student’s parent or guardian of the time and place for each scheduled telehealth session and specify the means available for the parent or guardian to participate in the session.

14.24(6) The mental health or primary care provider shall keep confidential all patient records and shall not share with the school or AEA unless:
   a. Appropriate release of information is obtained, or
   b. Shared to prevent a serious and imminent threat to the health and safety of a student or other person, and the mental health professional assesses that the student has intent and ability to carry out the threat.

14.24(7) A public school district, an accredited nonpublic school, an AEA, the boards of directors of a school district or AEA, authorities in charge of accredited nonpublic school, and employees of schools or agencies who act reasonably and in good faith shall not be liable for any injury resulting from the provision of voluntary behavioral health screening or behavioral health services.

CHAPTER 15
ONLINE AND VIRTUAL LEARNING

281—15.1(256) Purpose. It is the purpose of this chapter to give guidance and direction for the use of telecommunications as an instructional tool and online learning in one or more courses as an instructional delivery method. This chapter is applicable in whole or in part to school districts, accredited nonpublic schools, and area education agencies for delivery of instruction and support for students enrolled in kindergarten through grade 12.
[Arc 5740C, IAB 6/30/21, effective 8/4/21]

281—15.2(256) Definitions.
"Accredited nonpublic school" means a nonpublic school accredited pursuant to Iowa Code section 256.11.
"Appropriately licensed and endorsed" means possession of current and valid licensure by the Iowa board of educational examiners to practice at a prescribed educational level in a specified content area.
"Area education agency" or "AEA" refers to a political subdivision organized pursuant to Iowa Code chapter 273.
"Class size" refers to the total group taught during a time period by a teacher or teaching team with students at one or more sites.
"Delivered primarily over the Internet" means more than 50 percent of the course content or instruction or both is delivered using the Internet.
"Department" means the department of education.
"Director" means the director of the department of education.
"Exclusive instruction" means without the use of any other form of instructional delivery.
"Good faith effort" means the same as defined in Iowa Code section 279.19A(9).
"Online learning" and "online coursework" mean educational instruction and content which are delivered primarily over the Internet. "Online learning" and "online coursework" do not include print-based correspondence education, broadcast television or radio, videocassettes, or stand-alone educational software programs that do not have a significant Internet-based instructional component.
"Online learning platform" means a set of services by which students access course content and by which students and teachers connect and communicate.
"Online school" refers to a district or nonpublic school providing educational instruction and course content delivered primarily over the Internet for a group of students for whom this method of delivery is the primary method of education. "Online school" also refers to a school for which a district accepts open enrollment for the express purpose of attendance at the online school and that has received permission from the department to operate.
"Participating school district or accredited nonpublic school" means a school district or accredited nonpublic school that is providing online learning or online coursework.
"Private provider" means, for purposes of this chapter, any public or private entity that is not a school district, an accredited nonpublic school, or an AEA.
"School district" means a political subdivision organized pursuant to Iowa Code chapter 274.
"Telecommunications" means narrowcast communications through systems that are directed toward a narrowly defined audience and includes interactive live communications. "Telecommunications" does not include online learning.
[Arc 5740C, IAB 6/30/21, effective 8/4/21]

281—15.3(256) Telecommunications for instruction.
15.3(1) Applicability. This rule applies to all AEAs, school districts, nonpublic schools, community colleges, and institutes of higher education using telecommunications to serve students in kindergarten through grade 12.
15.3(2) Course eligibility. Telecommunications may be employed as a means to deliver any course, including a course required for accreditation by the department, provided it is not the exclusive means of instructional delivery.
15.3(3) Appropriately licensed and endorsed teachers. Instruction provided by telecommunications must be taught by an appropriately licensed and endorsed teacher. When the curriculum is taught by an appropriately licensed teacher at the location at which the telecommunications originate, the curriculum received at a remote site shall be under the supervision of a licensed teacher.
   a. The licensed teacher at the originating site may provide supervision of students at a remote site, or the school district in which the remote site is located may provide for supervision at the remote site.
   b. For the purposes of this subrule, “supervision” means that the curriculum is monitored by a licensed teacher and the teacher is accessible to the students receiving the curriculum by means of telecommunications.

[ARC 5740C, IAB 6/30/21, effective 8/4/21]

281—15.4 Reserved.

281—15.5(256) Online learning—private providers.

15.5(1) Online learning model established. An online learning program model is established by the director, pursuant to Iowa Code section 256.9, that provides districts and nonpublic schools with a list of approved online providers. The online learning program model requires that approved providers meet criteria for approval and further provides for the following:
   a. Use of funds available for online learning for program development, implementation, and innovation.
   b. Creation and maintenance of a statewide infrastructure that supports online learning.
   c. Online administration of online course assessments.
   d. Criteria for school districts or schools to use when choosing providers of online learning.

15.5(2) Use of approved private providers. At the discretion of the school board or authorities in charge of an accredited nonpublic school, after consideration of circumstances created by necessity, convenience, and cost-effectiveness, courses developed by private providers may be utilized by the school district or school in implementing a high-quality online learning program.

15.5(3) Approval criteria. The department shall maintain a list of approved online providers that provide course content through an online learning platform whose content and delivery meets the following requirements:
   a. Courses are taught by teachers licensed under Iowa Code chapter 272.
   b. Courses are taught by teachers who have specialized training or experience in online learning including but not limited to an online-learning-for-Iowa-educators-professional-development project offered by area education agencies, a teacher preservice program, comparable coursework, or relevant experience.
   c. Courses provide access to rigorous, high-quality content and instructional materials aligned with Iowa core content standards and blended learning.
   d. Courses provide content and instructional practices aligned with the national standards of quality for online courses issued by an internationally recognized association for kindergarten through grade 12 online learning.
   e. The provider supplies coursework customized to the needs of the student.
   f. The provider offers a means for a student to demonstrate competency in completed online coursework.
   g. Courses provide online content and instruction evaluated on the basis of student learning outcomes.

15.5(4) Approval process. Private providers of online course content or full-time online instruction shall apply for approval to offer such services to Iowa school districts and accredited nonpublic schools a minimum of once every three years on forms provided by the department. Applications to provide services may be received at any time; however, the department will give preference to applications received no later than May 1 during the year prior to the school year in which the provider intends to provide services. Applications received by the deadline of May 1 will be answered no later than June 1. An approved provider shall also apply in each year that any of the following apply:
a. The provider has substantially altered the courses or content offered by either adding or subtracting grade levels or subjects.

b. The provider has substantially altered the delivery of the courses or content offered by altering the learning management system or delivery of assessments.

c. The provider has substantially altered the evaluation of student learning used in the system.

d. The provider has substantially altered the online learning content or delivery in any other way that may reasonably be considered material to a school district considering the use of a private provider.

[ARC 5740C, IAB 6/30/21, effective 8/4/21]

281—15.6(256) Online learning provided by area education agencies.

15.6(1) Online learning program delivered by area education agencies. Subject to an appropriation of funds by the general assembly for this purpose, AEAs may provide an online learning program to deliver distance education to Iowa’s secondary students, including students receiving competent private instruction under Iowa Code chapter 299A. An AEA may provide an online learning program separately, in collaboration with other AEAs, or in partnership with school districts and accredited nonpublic schools.

15.6(2) Student participation. To participate in an online learning program offered by an AEA, a student must be enrolled in a participating school district or accredited nonpublic school or be receiving competent private instruction under Iowa Code chapter 299A.

15.6(3) District responsibility. The school district or accredited nonpublic school in which the student is enrolled is responsible for:

   a. Recording a student’s program coursework grades in the student’s permanent record.

   b. Awarding high school credit for program coursework.

   c. Issuing a high school diploma to a student enrolled in the district or school who participates and completes coursework under the program.

   d. Identifying a site coordinator to serve as a student advocate and as a liaison between the program staff and teachers and the school district or accredited nonpublic school.

15.6(4) Cost. School districts and accredited nonpublic schools shall pay to AEAs the actual cost of providing coursework under an online learning program offered in accordance with this rule.

15.6(5) Course content and delivery. Content and delivery provided by an online learning program established pursuant to this rule must meet the following requirements:

   a. Courses are taught by teachers licensed under Iowa Code chapter 272.

   b. Courses are taught by teachers who have specialized training or experience in online learning including but not limited to an online-learning-for-Iowa-educators-professional-development project offered by area education agencies, a teacher preservice program, comparable coursework, or relevant experience.

   c. Courses provide access to rigorous, high-quality content and instructional materials aligned with Iowa core content standards and blended learning.

   d. Courses provide content and instructional practices aligned with the national standards of quality for online courses issued by an internationally recognized association for kindergarten through grade 12 online learning.

   e. Grades in online courses are based, at a minimum, on whether a student mastered the subject, demonstrated competency, and met the standards established by the school district. Grades may be conferred only by teachers licensed under Iowa Code chapter 272.

15.6(6) Competent private instruction. This rule applies to students receiving competent private instruction under Iowa Code chapter 299A. To participate in an online learning program offered by an area education agency, a student receiving competent private instruction under Iowa Code chapter 299A shall take whatever steps are necessary to enroll with the student’s district of residence. The coursework offered by AEAs pursuant to this subrule must be taught and supervised by a teacher licensed under Iowa Code chapter 272 who has online learning experience, and the course content must meet the requirements established by rule pursuant to Iowa Code section 256.7(32) “e.”

[ARC 5740C, IAB 6/30/21, effective 8/4/21; ARC 5866C, IAB 8/25/21, effective 9/29/21]
281—15.7(256) Online learning program provided by a school district—online schools.

15.7(1) Online learning program provided by a school district. A school district may provide an online learning program delivered primarily over the Internet which operates as an online school. Such a program shall do all of the following with regard to instruction and content:

a. Monitor and verify full-time student enrollment, timely completion of graduation requirements, course credit accrual, and course completion.

b. Monitor and verify student progress and performance in each course through a school-based assessment plan that includes submission of coursework and security and validity of testing components.

c. Conduct parent-teacher conferences.

d. Administer assessments required by the state to all students in a proctored setting and pursuant to state law.

15.7(2) Course content and delivery. Content and delivery provided by an online learning program established pursuant to this rule must meet the following requirements:

a. Courses are taught by teachers licensed under Iowa Code chapter 272.

b. Courses are taught by teachers who have specialized training or experience in online learning including but not limited to an online-learning-for-Iowa-educators-professional-development project offered by area education agencies, a teacher preservice program, comparable coursework, or relevant experience.

c. Courses provide access to rigorous, high-quality content and instructional materials aligned with the Iowa core content standards and blended learning.

d. Courses provide content and instructional practices aligned with the national standards of quality for online courses issued by an internationally recognized association for kindergarten through grade 12 online learning.

e. Grades in online courses are based, at a minimum, on whether a student mastered the subject, demonstrated competency, and met the standards established by the school district. Grades may be conferred only by teachers licensed under Iowa Code chapter 272.

15.7(3) Approval criteria. The department shall maintain a list of approved school districts that provide course content through an online learning platform whose content and delivery meets the requirements of subrule 15.7(2).

15.7(4) Approval process. School district providers of online course content or full-time online instruction shall apply for approval to offer such services to Iowa districts and accredited nonpublic schools a minimum of once every three years on forms provided by the department. If a school district is providing full-time online instruction only to its resident students and not to any other students, the school district need not seek approval; however, the school district must ensure it meets the requirements of subrules 15.7(1) and 15.7(2). Applications must be received by the department no later than January 1 during the year prior to the school year in which the provider intends to provide services. Applications received by the deadline of January 1 will be answered no later than February 1. An approved provider under this rule shall also apply in each year that any of the following apply:

a. The provider has substantially altered the courses or content offered by either adding or subtracting grade levels or subjects.

b. The provider has substantially altered the delivery of the courses or content offered by altering the learning management system or delivery of assessments.

c. The provider has substantially altered the evaluation of student learning used in the system.

d. The provider has substantially altered the online learning content or delivery in any other way that may reasonably be considered material to a district considering the use of a provider service.

281—15.8(256) Online learning provided by a school district or nonpublic school—courses.

15.8(1) Course content and delivery. A school district or nonpublic school may provide an online learning program to deliver online learning and online coursework to students attending the district or school. Such a program must meet the following content and delivery requirements:

a. Courses are taught by teachers licensed under Iowa Code chapter 272.
b. Courses are taught by teachers who have specialized training or experience in online learning including but not limited to an online-learning-for-Iowa-educators-professional-development project offered by area education agencies, a teacher preservice program, comparable coursework, or relevant experience.

c. Courses provide access to rigorous, high-quality content and instructional materials aligned with Iowa core content standards and blended learning.

d. Courses provide content and instructional practices aligned with the national standards of quality for online courses issued by an internationally recognized association for kindergarten through grade 12 online learning.

e. Grades in online courses are based, at a minimum, on whether a student mastered the subject, demonstrated competency, and met the standards established by the school district. Grades may be conferred only by teachers licensed under Iowa Code chapter 272.

15.8(2) Use to meet general accreditation standards. Any course that is not part of the offer-and-teach requirements for grades 9 through 12 may be provided by an area education agency, by the school district or accredited nonpublic school, or through an online learning platform or online exchange offered by the department in collaboration with area education agencies, school districts, or nonpublic schools. Online courses may be used to meet offer-and-teach requirements for grades 9 through 12 under the following circumstances:

a. Iowa Code sections 256.11(5)“a” through “e” and 256.11(5)“g” through “j” do not apply for up to two specified subjects for any district or accredited nonpublic school if any of the following apply:

   (1) The school district or accredited nonpublic school makes every reasonable and good faith effort to employ a teacher licensed under Iowa Code chapter 272 for the specified subject and is unable to employ such a teacher.

   (2) Fewer than ten students typically register for instruction in the specified subject at the school district or accredited nonpublic school.

b. In addition, a school district or nonpublic school may exceed the two-subject limitation for the purpose of providing world language, personal finance literacy, and computer science coursework online if either subparagraph 15.8(2)“a”(1) or 15.8(2)“a”(2) applies.

c. In addition to paragraphs 15.8(2)“a” and “b,” a school district or nonpublic school may apply for an annual waiver of the requirements of Iowa Code section 256.11(5) for up to two specified subjects. The school district or nonpublic school must prove to the satisfaction of the department that the school district or accredited nonpublic school has made every reasonable effort, but is unable to meet requirements to offer and teach the courses for which a waiver is sought. A school district or accredited nonpublic school may apply for a waiver each year. Waiver applications are due no later than January 15 the year prior to the school year during which the waiver is requested.

15.8(3) Delivery options for general accreditation standards.

a. If a district or accredited nonpublic school uses any of the options under subrule 15.8(2), the courses may be delivered by the following methods: by an area education agency under Iowa Code section 273.16, or by the school district or accredited nonpublic school.

b. If offered by the school district or accredited nonpublic school, the specified subject or course shall be offered through any of the following means:

   (1) An online learning platform if the course is developed by the school district or accredited nonpublic school itself or is developed by a partnership or consortium of schools that have developed the course individually or cooperatively. A partnership or consortium of schools may include two or more school districts or accredited nonpublic schools, or any combination thereof.

   (2) A private provider approved under subrule 15.5(4).

   (3) An online learning platform or online exchange offered, subject to the initial availability of federal funds, by the department in collaboration with one or more area education agencies or in partnership with school districts and accredited nonpublic schools.

15.8(4) Competent private instruction. The online learning platform described in subparagraph 15.8(3)“b”(3) may deliver distance education to students receiving competent private instruction under Iowa Code chapter 299A, provided such students register with the school district of residence and
the coursework offered by the online learning platform is taught and supervised by a teacher licensed under Iowa Code chapter 272 who has online learning experience, and the course content meets the requirements established by rule pursuant to Iowa Code section 256.7(32)”.

15.8(5) Coordination and costs. The department and the area education agencies operating online learning programs pursuant to Iowa Code section 273.16 shall coordinate to ensure the most effective use of resources and delivery of services. Federal or other funds, if available, may be used to offset what would otherwise be costs to school districts for participation in the program.

281—15.9(256) Open enrollment. Content and delivery provided online pursuant to rule 281—15.5(256), 281—15.6(256), 281—15.7(256) or 281—15.8(256) may be provided to pupils who are participating in open enrollment under Iowa Code section 282.18.

15.9(1) Courses. A school district may provide individual courses it developed, or any other courses developed pursuant to this chapter (including courses developed by private providers), delivered primarily over the Internet to pupils who are participating in open enrollment under Iowa Code section 282.18.

15.9(2) Termination. If a student’s participation in open enrollment to receive educational instruction and course content delivered primarily over the Internet results in the termination of enrollment in the receiving district, the receiving district shall, within 30 days of the termination, notify the district of the residence of the termination and the date of the termination.

ARC 5740C, IAB 6/30/21, effective 8/4/21

281—15.10(256) Online learning—access by students receiving competent private instruction. Students enrolled in competent private instruction pursuant to Iowa Code chapter 299A may participate in online instruction pursuant to subrules 15.6(6) and 15.8(4). The individual providing instruction to a student under Iowa Code chapter 299A as described in Iowa Code section 299A.1(1) shall receive the student’s score for completed program coursework.

ARC 5740C, IAB 6/30/21, effective 8/4/21; ARC 5866C, IAB 8/25/21, effective 9/29/21

281—15.11(256,256B) Online learning—students with disabilities.

15.11(1) Children with disabilities may not be categorically excluded from admission to online learning programs or from enrollment in online coursework.

15.11(2) Whether an online course or online learning is appropriate to a child with a disability must be determined by the child’s needs, not by the child’s assigned weighting under Iowa Code section 256B.9. If a child’s individualized education program (IEP) goals cannot be met in online learning, with or without supplementary aids and services or modifications, online learning is not appropriate to the child.

15.11(3) If a child’s IEP team determines that online learning is inappropriate to the child, the child’s parents are entitled to prior written notice pursuant to rule 281—41.503(256B,34CFR300) and to have available to them the procedural safeguards provided under rule 281—41.504(256B,34CFR300).

15.11(4) When a child with an IEP seeks open enrollment into an online learning program, the child’s IEP team shall determine whether the child meets the open enrollment requirements under 281—Chapter 17. In addition, the child’s IEP team, together with representatives of the resident and receiving districts and the relevant area education agencies, shall determine whether the receiving district is able to provide an appropriate online education to the child, either with or without supplementary aids and services or modifications. Any dispute about whether the receiving district’s program is appropriate shall be resolved pursuant to 281—Chapter 17. The child shall remain in the child’s resident district while any dispute about the appropriateness of the receiving district’s program is pending.

ARC 5740C, IAB 6/30/21, effective 8/4/21

281—15.12(256) Department general supervision of telecommunications and online learning.

15.12(1) Nature of general supervision. The department shall exercise general supervision over compliance with this chapter and shall offer advice and technical assistance to foster compliance and
improved outcomes. This shall be accomplished by department staff, the state board of education, and the education telecommunications council.

15.12(2) Data collection and reporting.

a. Each school district and accredited nonpublic school shall include in its comprehensive school improvement plan a list and description of the online coursework offered by the school district or accredited nonpublic school to which the student is enrolled.

b. Online schools. A school district providing educational instruction and course content delivered primarily over the Internet that is required to seek approval under subrule 15.7(4) shall annually submit to the department, in the manner prescribed by the department, data that includes but is not limited to the following:

(1) Student achievement and demographic characteristics.
(2) Retention rates.
(3) The percentage of enrolled students’ active participation in extracurricular activities.
(4) Academic proficiency levels, consistent with requirements applicable to all school districts and accredited nonpublic schools in this state.
(5) Academic growth measures, which shall include either of the following:
   1. Entry and exit assessments in, at a minimum, math and English for elementary and middle school students, and additional subjects, including science, for high school students.
   2. State-required assessments that track year-over-year improvements in academic proficiency.
(6) Academic mobility. To facilitate the tracking of academic mobility, school districts shall request the following information from the parent or guardian of a student enrolled in educational instruction and course content that are delivered primarily over the Internet:
   1. For a student newly enrolling, the reasons for choosing such enrollment.
   2. For a student terminating enrollment, the reasons for terminating such enrollment.
(7) Student progress toward graduation. Measurement of such progress shall account for specific characteristics of each enrolled student, including but not limited to age and course credit accrued prior to enrollment in educational instruction and course content that are delivered primarily over the Internet, and shall be consistent with evidence-based best practices.

c. Department responsibilities. The department shall compile and review the data collected pursuant to this subrule and shall submit its findings and recommendations for the continued delivery by school districts of educational instruction and course content delivered primarily over the Internet in a report to the general assembly by January 15 annually.

15.12(3) Accreditation criteria. All online courses and programs shall meet existing accreditation standards.

15.12(4) Prohibited activities. A rebate for tuition or fees paid or any other dividend or bonus moneys for enrollment of a child shall not be offered or provided directly or indirectly by a school district, school, or private provider to the parent or guardian of a pupil who enrolls in a school district or school to receive educational instruction and course content delivered primarily over the Internet.

15.12(5) Rules of construction.

a. Nothing in this chapter shall be construed to require a school district, accredited nonpublic school, or AEA to use a particular assessment, curricular material, online learning platform, provider, or textbook.

b. Unless otherwise required by a state or federal law protecting students with disabilities, or in accordance with a proclamation of public health disaster emergency issued by the governor pursuant to Iowa Code section 29C.6, nothing in this chapter shall be construed to require a school district or accredited nonpublic school to offer continuous remote learning, to maintain a program of continuous remote learning, to deliver instruction primarily over the Internet, to continue delivering instruction primarily over the Internet, or to become or remain an approved provider of online learning.

c. Schools may use virtual learning or online learning for days of inclement weather to the extent permitted by the Iowa Code.

d. The Iowa learning online (ILO) initiative was repealed by 2020 Iowa Acts, chapter 1107, section 10. Any remaining references to ILO in any department policy, document, or procedure shall be
construed to comply with this chapter until that policy, document, or procedure is amended, corrected, rescinded, or repealed.

e. This chapter shall be broadly construed to allow school districts, accredited nonpublic schools, and AEAs to meet the needs of individual students and the local community.

15.12(6) Prohibition on offering a completely online educational program. Unless specifically authorized by statute or by a governor’s proclamation on a temporary basis, no school district, accredited nonpublic school, or AEA shall provide a completely online educational program, including completely online instruction for a particular grade. All school districts, accredited nonpublic schools, and AEAs must maintain a physical presence for their educational programs.

CHAPTER 16
STATEWIDE VOLUNTARY PRESCHOOL PROGRAM

281—16.1(256C) Purpose. Statewide voluntary preschool programs are established to create high-quality early learning environments for four-year-old children whose families choose to access such programs. The purpose of the program is to provide an opportunity for all young children in the state to enter school ready to learn by expanding voluntary access to quality preschool curricula for all children who are four years old. These rules set forth the procedures and conditions under which state funds shall be made available to assist local school districts in the implementation of voluntary preschool programs.

[ARC 7787B, IAB 5/20/09, effective 6/24/09]

281—16.2(256C) Definitions.

“Applicant” means a school district applying to become an approved local program. Only public school districts in Iowa may apply for state funds under this chapter.

“Approved local program” means a school district’s voluntary preschool program approved by the department of education to provide high-quality preschool instruction for eligible children.

“Assessment” means a systematic ongoing procedure for obtaining information from observations, interviews, portfolios, and tests that can be used to make judgments about the strengths and needs of individual children and plan appropriate instruction.

“Base year” means the same as defined in Iowa Code section 257.2.

“Budget year” means the same as defined in Iowa Code section 257.2.

“Community empowerment area board” means a citizen-led board in local communities with broad representation to lead collaborative efforts involving education, health, and human service programs and services for young children and their families in the geographic area.

“Comprehensive services” means the provision of quality, developmentally appropriate early learning experiences consistent with age-relevant abilities or milestones; extended day child care services; developmental screenings, including health, hearing, and vision screenings; transportation; and family education and support services.

“Curriculum” means a research-based or evidence-based written framework that is comprehensive, addresses the needs of the whole child, and provides a guide for decision making about content, instructional methods, and assessment.

“Department” means the department of education.

“Developmentally appropriate” means practices that are based upon knowledge of how children develop and learn and that are responsive to the individual child’s learning strengths, interests, and needs.

“Director” means the director of the department of education.

“Early childhood special education” or “ECSE” means special education and related services for those individuals younger than six years of age as described in 281—Chapter 41.

“Eligible child” means a child who is a resident of Iowa and is four years of age on or before September 15 of the school year. If space and funding are available, a school district approved to participate in the preschool program may enroll a child who is younger or older than four years of age in the preschool program; however, the child shall not be counted for state funding purposes.

“Family education and support” means any developmentally appropriate activity or information, provided either formally or informally to parents, that supports the success of children and their families to reach desired results.

“Include” means that the items named are not all of the possible items that are covered, whether like or unlike the ones named.

“Individuals with Disabilities Education Act” or “IDEA” refers to 20 U.S.C. §1401 et seq., formerly the Education of the Handicapped Act (EHA). The federal regulations implementing IDEA are found at 34 CFR Parts 300 and 303.

“Para-educator” means a certified educational assistant as defined in Iowa Code section 272.1(6) and licensed under 282—Chapter 22.
“Prekindergarten program” means an education program offered by a school district or by an accredited nonpublic school as defined in 281—subrule 12.5(1).

“Preschool budget enrollment” means the figure that is equal to 60 percent of the actual enrollment of eligible students who receive preschool program services provided by a school district approved to participate in the preschool program by the date provided in Iowa Code section 257.6.

“Preschool foundation aid” means the product of the regular program state cost per pupil for the budget year multiplied by the school district’s preschool budget enrollment. Preschool foundation aid is based on enrollment of eligible students in the school district’s approved program regardless of whether an eligible student is a resident of the school district of enrollment.

“Preschool program” means the statewide voluntary preschool program for four-year-old children created in Iowa Code chapter 256C.

“Program standards” means the expectations for the characteristics or quality of early childhood settings, centers, and schools approved by the department. Approved program standards include National Association for the Education of Young Children (NAEYC) Program Standards and Accreditation Criteria, Head Start Program Performance Standards, the Iowa Quality Preschool Program Standards (QPPS) and Criteria, or other approved program standards as determined by the department.

“Regular program state cost per pupil” means the same as described in Iowa Code section 257.9.

“School district” means the same as defined in Iowa Code section 257.2.

“Staff member” means an individual who implements preschool activities under the direct supervision of a teacher. Staff members include para-educators, teacher aides and teacher associates. All staff members shall meet the program standards defined herein.

“Teacher” means an individual who holds a valid practitioner’s license issued by the board of educational examiners under Iowa Code chapter 272 and holds an endorsement from the board of educational examiners that includes prekindergarten or kindergarten. There is no requirement that the teacher be an employee of the applicant district; the teacher may be employed by a private provider or other public agency with which the district has entered into an agreement or contract under Iowa Code chapter 28E.

[ARC 7787B, IAB 5/20/09, effective 6/24/09]

281—16.3(256C) Preschool program standards. Approved program standards include Head Start Program Performance Standards, Iowa Quality Preschool Program Standards and Criteria, or the National Association for the Education of Young Children Program Standards and Accreditation Criteria. All approved local preschool programs shall adopt preschool program standards and, in addition, shall meet the following requirements:

16.3(1) Personnel. A minimum of one teacher shall be present with eligible children during the voluntary preschool program instructional time.

16.3(2) Ratio of staff to children. There must be at least one teacher present in a classroom during the instructional time described in subrule 16.3(4). A minimum of one staff member and one teacher shall be present when 11 to 20 children are present. Staff members and teachers shall have reasonable line-of-sight supervision of all children.

16.3(3) Maximum class size. There shall be no more than 20 children per classroom.

16.3(4) Instructional time. Eligible children shall receive from the teacher at least ten hours per week of intentional instruction individualized to meet the needs of the child and directly related to the program’s curriculum, such time to be exclusive of recess.

16.3(5) Child learning standards. The preschool program shall demonstrate how the curriculum, assessment, staff development, and instructional strategies are aligned to the Iowa Early Learning Standards. The teacher shall provide instruction on the skills and knowledge included in the Iowa Early Learning Standards.

16.3(6) Curriculum. The preschool program shall adopt a research-based or evidence-based curriculum.

16.3(7) Assessment. The preschool program shall adopt a research-based or evidence-based assessment to provide information on children’s learning and development.
16.3(8) **Staff development.** The district shall make available to any teacher of a statewide voluntary preschool program who is not employed by the district staff development that the district offers to the district’s personnel to maintain the skills appropriate to the teacher’s role. Career development for school district preschool teachers shall be addressed in the school district’s career development plan implemented in accordance with Iowa Code section 284.6. The school district shall ensure that staff members for the program are provided appropriate staff development in early childhood education.

16.3(9) **Space.** The preschool program shall provide adequate and appropriate space and facilities in accordance with program standards.

16.3(10) **Materials.** The preschool program shall provide instructional materials and supplies consistent with the program standards and Iowa Early Learning Standards.

16.3(11) **Meals.** The preschool program shall provide adequate and appropriate meals or snacks in accordance with program standards.

16.3(12) **Parent involvement.** The preschool program shall involve families through at least one home visit by the licensed teacher of the child, one family night, and at least two family-teacher conferences per year. Family involvement may include volunteering in the classroom, orientation to the preschool program, parent education, general communications, or other activities.

16.3(13) **Integration of other preschool programs.** The preschool program shall make provisions for the integration of children from other state and federally funded preschool programs including Head Start, IDEA, Title I, shared visions, and community empowerment.

16.3(14) **Comprehensive services.** The preschool program may collaborate with other agencies for the provision of the following:

- Quality, developmentally appropriate early learning experiences;
- Extended day child care;
- Transportation;
- Developmental screening, including health, hearing, and vision screening;
- Referral to other agencies providing health insurance, health care, immunizations, nutrition services, and mental health and oral health services; and
- Family education and support.

[ARC 7787B, IAB 5/20/09, effective 6/24/09]

281—16.4(256C) **Collaboration requirements.**

16.4(1) **Teacher requirements.** The teacher shall collaborate with other agencies, organizations, and boards in the community to further the program’s capacity to meet the diverse needs of eligible children and their families. The teacher shall assist families in identifying and accessing available resources such as those described in subrule 16.3(14).

16.4(2) **Program requirements.** Preschool programs shall collaborate with participating families, early care providers, and community partners, including community empowerment area boards, Head Start programs, shared visions, and other programs provided under the auspices of the child development coordinating council; licensed child care centers; registered child development homes; area education agencies; child care resource and referral services provided under Iowa Code section 237A.26; early childhood special education programs; services funded by Title I of the federal Elementary and Secondary Education Act of 1965; and family support programs, to make available resources, including those described in subrule 16.3(14), required to meet the needs of the child. Preschool programs shall collaborate to ensure that children receiving care from other approved child care arrangements can participate in the voluntary preschool program with minimal disruptions to the child.

16.4(3) **District requirements.** The school district shall submit a collaborative application that demonstrates the involvement of multiple community stakeholders, including, as applicable, parents; other school districts; accredited nonpublic schools and faith-based representatives; the area education agency; the community empowerment area board; representatives of business, Head Start programs, shared visions and other programs provided under the auspices of the child development coordinating council; center-based and home-based providers of child care services, human services, public health, and economic development programs.
The methods by which such collaboration may be demonstrated include providing documentation of the development and maintenance of collaboration with community providers and other community stakeholders, evidence of a public hearing, collaboration agreements addressing operational procedures and other critical measures or assurances. The collaboration agreements between a school district and community-based providers of services may include four-year-old children who are enrolled in a child care center or child development home licensed or registered under Iowa Code chapter 237A, or in an existing public or private preschool program provided by the school district’s local preschool program.

281—16.5(256C) Applications for funding. All applications shall be submitted on forms provided by the department, and shall address the requirements found in rules 281—16.3(256C), 281—16.4(256C), and 281—16.13(256C). Applicants shall submit a plan describing how they will fully meet the program standards within one year of the funding award. Points shall be awarded based on the applicant’s provision of the following information:
   1. Preschool program summary;
   2. Research documentation;
   3. Identification and documentation of local population;
   4. Needs assessment of local programs providing services;
   5. Evidence of collaboration with local agencies to provide comprehensive services; and

281—16.6(256C) Application process.

   16.6(1) Request for applications.
      a. The department shall announce the commencement of the application period through public notice on the department’s Web site and the department’s regular monthly electronic publication.
      b. Applications for preschool program funding shall be available on the department’s Web site and otherwise distributed by the department upon request.
      c. All applications shall be submitted to the department in accordance with instructions accompanying the applications.

   16.6(2) Application process.
      a. Applications that do not contain the specified information or that are not received by the specified date shall not be considered.
      b. The department shall have the final discretion to award funds.

   16.6(3) Notification of applicants. The department shall notify all applicants within 45 days following the due date for receipt of applications whether their requests shall be funded. The department shall provide to each successful applicant a contract to be signed by an official with authority to bind the applicant and to be returned to the department prior to the distribution of any funds under this program.

281—16.7(256C) Award contracts. Funds for applications approved by the department shall be awarded through a contract entered into by the department and the approved local program.

281—16.8(256C) Contract termination.

   16.8(1) Termination for convenience. The contract may be terminated in whole or in part when both parties agree that the continuation of the project would not produce beneficial results commensurate with the future expenditure of funds. The parties shall agree upon the termination conditions, including the effective date and, in the case of partial terminations, the portion to be terminated. The applicant shall not incur new obligations for the terminated portion after the effective date and shall cancel as many outstanding obligations as possible.

   16.8(2) Termination for cause. The contract may be terminated in whole or in part at any time before the date of completion whenever it is determined by the department that the applicant has failed to
comply substantially with the conditions of the contract. The applicant shall be notified in writing by the department of the reasons for the termination and the effective date. The applicant shall not incur new obligations for the terminated portion after the effective date of termination and shall cancel as many outstanding obligations as possible.

The department shall administer preschool program grants contingent upon availability of funding. If there is a lack of funds necessary to fulfill the fiscal responsibility of the preschool program grants, the contracts shall be terminated or renegotiated. The department may terminate or renegotiate a contract upon 30 days’ notice when there is a reduction of funds by executive order.

The contract may be terminated in whole or in part by June 30 of the current fiscal year in the event that the applicant has not attained the program standards.

16.8(3) Responsibility of applicant at termination. Within 45 days of the termination, the applicant shall supply the department with a financial statement detailing all costs incurred up to the effective date of the termination. If the applicant expends moneys for other than specified budget items approved by the department, the applicant shall return moneys for unapproved expenditures.

[ARC 7787B, IAB 5/20/09, effective 6/24/09]

281—16.9(256C) Criteria for applications for funding. For the fiscal years in the period beginning July 1, 2007, and ending June 30, 2011, if the number of requests from school districts for initial participation in the preschool program exceeds the funding made available for the preschool program, the department shall utilize all of the following selection criteria in selecting the school districts that will be approved to participate in the preschool program:

16.9(1) Priority shall be given to school districts that have a high percentage of children in poverty, and such children shall receive first priority for the programs. Poverty shall be measured by the percentage of the elementary students in the applicant district who qualify for free or reduced price meals.

16.9(2) Priority shall be given to school districts that do not have existing preschool programming within the school district boundaries.

16.9(3) Consideration shall be given to school districts with established, high-quality community partnerships for the delivery of preschool program services that are seeking to expand access.

16.9(4) Consideration shall be given to the size of school districts in large, medium, and small categories in order for there to be equitable statewide distribution of preschool program services.

16.9(5) Only those applicants that certify the following assurances shall be considered for funding:

a. That the applicant has or will have an appropriately licensed teacher available for the program by October 1 of the school year for which funding is sought.

b. That the applicant has or will have sufficient numbers of staff available for the program by October 1 of the school year for which funding is sought.

c. That the applicant’s program is or will be operational by October 1 of the school year for which funding is sought.

d. That, during the instructional time described in subrule 16.3(4), instruction shall be delivered in accordance with the applicant’s curriculum and with the child learning standards described in subrule 16.3(5).

[ARC 7787B, IAB 5/20/09, effective 6/24/09]

281—16.10(256C) Appeal of application denial or termination. Any applicant may appeal to the director of the department the denial of a properly submitted preschool program funding application or the unilateral termination of an approved application. The jurisdictional criteria and procedures found in 281—Chapter 7 shall be applicable to any appeal of denial or termination.

[ARC 7787B, IAB 5/20/09, effective 6/24/09]

281—16.11(256C) Finance.

16.11(1) Preschool foundation aid amounts to districts.

a. For the initial school year for which a school district approved to participate in the preschool program receives that approval and implements the preschool program, the funding for the preschool
foundation aid payable to that school district shall be paid from the appropriation made for that school year in accordance with Iowa Code section 256C.6. For that school year, the preschool foundation aid payable to the school district is the product of the regular program state cost per pupil for the school year multiplied by 60 percent of the school district’s eligible student enrollment on a specific date in the school year determined by rule. An eligible child is not required to be a resident of the district in which the child is enrolled voluntarily in the approved local program.

b. For budget years subsequent to the initial school year for which a school district approved to participate in the preschool program receives that approval and implements the preschool program, the funding for the preschool foundation aid payable to that school district shall be paid from the appropriation made in accordance with Iowa Code section 257.16, except that an eligible child is not required to be a resident of the district in which the child is enrolled voluntarily in the approved local program.

c. Continuation of a school district’s participation in the preschool program for a second or subsequent budget year is subject to the approval of the department based upon the school district’s compliance with the accountability requirements in rule 281—16.3(256C) and the department’s on-site review of the school district’s implementation of the preschool program. The department shall follow the procedure set forth in subrule 16.13(3) if a district is found to be noncompliant with one or more of the accountability requirements.

16.11(2) Aid payments. Preschool foundation aid shall be paid as part of the state aid payments made to school districts in accordance with Iowa Code section 257.16, except that an eligible child is not required to be a resident of the district in which the child is enrolled voluntarily in the approved local program.

16.11(3) Commingling prohibited. No state funding received under this program shall be commingled with other state aid payments made under Iowa Code section 257.16. All state funding received under this program shall be accounted for by the applicant district separately from other state aid payments.

16.11(4) Restriction on supplanting. State funding received under this program shall be used to supplement, not supplant, other public funding received by the applicant district as the result of the participation of any eligible children if the program is funded from another state or federal source such as Head Start, shared visions, state child care assistance, or community empowerment. This restriction is applicable only for costs related to instructional time as described in subrule 16.3(4).

[ARC 7787B, IAB 5/20/09, effective 6/24/09]

281—16.12(256C) Transportation. Children participating in preschool in an approved local program under Iowa Code chapter 256C may be provided transportation services. However, transportation services provided to such children are not eligible for reimbursement under this chapter.

[ARC 7787B, IAB 5/20/09, effective 6/24/09]

281—16.13(256C) Accountability requirements. An approved local program shall meet the program requirements for increased school readiness specified in rule 281—16.3(256C). The program requirements are minimum standards. The department encourages approved local programs to exceed the minimum standards as programs work toward ongoing improvement.

16.13(1) Annual reports. Each approved local program shall provide on forms provided by the department an annual report to the department regarding program requirements. Failure to submit an annual report by the date specified therein shall result in suspension of financial payments to the applicant until such time as the report is received by the department.

16.13(2) Performance measures. The approved local program shall collect data on all of the following:

a. The number of eligible children participating in the preschool program.

b. The number of eligible children participating in a program that meets the requirements of NAEYC, Head Start, or Iowa Quality Preschool Program Standards and Criteria.

c. The curriculum.

d. The assessment as defined in rule 281—16.2(256C).
e. The number of teachers.

f. The kindergarten literacy assessment as defined in Iowa Code section 279.60.

16.13(3) Noncompliance with program requirements. If the department determines that a participating district does not meet one or more of the accountability requirements provided in rule 281—16.3(256C), the department shall inform the school district of appropriate actions that shall be taken by the school district. The school district shall submit an action plan that is approved by the department and contains reasonable timelines for coming into compliance. The department shall facilitate technical assistance when requested. If the department determines that the school district is not taking the necessary actions in a timely manner, the director of the department may terminate the school district’s contract as provided in subrule 16.8(2), second unnumbered paragraph. Until such time as the school district’s contract is terminated, the school district may continue to participate in the statewide voluntary preschool program.
[ARC 7787B, IAB 5/20/09, effective 6/24/09]

281—16.14(256C) Monitoring. The department shall develop a monitoring system based on the annual reporting requirements and performance measures described in rule 281—16.13(256C) to be implemented no later than one year after funding is first provided under this chapter. The monitoring system shall ensure that programs meet the provisions herein requiring a properly licensed teacher and adoption of program standards and shall be designed to follow the academic progress of children who voluntarily participate in the statewide preschool program as the children progress through elementary and secondary grade levels. If feasible, it is the intent of the department to include postsecondary monitoring of such children.
[ARC 7787B, IAB 5/20/09, effective 6/24/09]

281—16.15(256C) Open enrollment not applicable. Iowa’s open enrollment statute (Iowa Code section 282.18) is not applicable for the parent or guardian of an eligible child who desires to access an approved program in a school district not of the child’s residence. Approved programs are open to all eligible Iowa children, regardless of a child’s district of residence. Accordingly, it is neither necessary for a parent or guardian to file an open enrollment application, nor will open enrollment applications for approved preschool programs be allowed.

Participation by a child in an approved program under these rules does not provide “good cause,” as defined in Iowa Code section 282.18(4) “b,” for the child’s parent or guardian to file for open enrollment after the deadlines specified in Iowa Code section 282.18, subsections 2 and 4, by claiming continuous enrollment in the receiving district. (See also 281—subrule 17.8(7).)
[ARC 7787B, IAB 5/20/09, effective 6/24/09]

These rules are intended to implement Iowa Code chapter 256C.

CHAPTER 17
OPEN ENROLLMENT

281—17.1(282) Intent and purpose. It is the intent of Iowa Code section 282.18 to maximize parental choice in providing a wide range of educational opportunities which are not available for pupils because of where they live. It is the purpose of this chapter to give guidance and direction to parents/guardians, public school district administrators and boards in making quality decisions regarding school district choice for the education of pupils.

281—17.2(282) Definitions. For the purpose of this chapter the indicated terms are defined as follows:

“Alternative receiving district” means a district to which a parent/guardian petitions for the open enrollment of a pupil from a receiving district. An alternative receiving district could be the district of residence of the parents/guardians.

“Attendance center” means a public school building that contains classrooms used for instructional purposes for elementary, middle, or secondary school students.

“Court-ordered desegregation plan” means a decree, judgment, or order entered by a court in response to a case or controversy alleging the district engaged in unlawful segregation. A desegregation plan is not “court-ordered” merely because a school district seeks approval of a voluntarily developed desegregation plan.

“Department” means the department of education.

“Director” means the director of the department of education or the director’s designee.

“Open enrollment” is the procedure allowing a parent/guardian to enroll one or more pupils in a public school district other than the district of residence at no tuition cost.

“Receiving district” is the public school district in which a parent/guardian desires to have the pupil enrolled or the district accepting the application for enrollment of a pupil under the provisions of Iowa Code section 282.18.

“Resident district” is the district of residence for school purposes of the parent/guardian and the district in which an open enrollment pupil shall be counted for the purpose of generating state aid regardless of the district in which the pupil is enrolled.

“Sending district” is synonymous with the term resident district.

“Sibling” means a child residing primarily in the same household as the child for whom an open enrollment request is filed and who is related by adoption, blood or marriage to the child for whom an open enrollment request is filed. “Sibling” also includes a foster child who is placed in the same household as the child for whom an open enrollment request is filed.

[ARC 5869C, IAB 8/25/21, effective 9/29/21]

281—17.3(282) Application process. The following procedure shall be used by parents/guardians and school districts in processing open enrollment applications.

17.3(1) Parent/guardian responsibilities. On or before March 1 of the school year preceding the school year for which open enrollment is requested, a parent/guardian shall formally notify both the district of residence and the receiving district of the request for open enrollment. The request for open enrollment shall be made on forms provided by the department of education. Failure by the parent to send the form to the resident district and receiving district by the deadline may cause the application to be considered untimely. The parent/guardian is required to indicate on the form if the request is for a pupil requiring special education, as provided by Iowa Code chapter 256B. The forms for open enrollment application are available from each public school district and area education agency and from the state department of education.

17.3(2) School district responsibilities.

a. The board of the resident district shall take no action on an open enrollment request except for a request made under rule 281—17.5(282) or 281—17.14(282).

b. The board of the receiving district shall act on an open enrollment request no later than June 1 of the school year preceding the school year for which the request is made.
(1) The receiving district superintendent shall provide notification of either approval or denial of the request to the parent/guardian and to the resident district within five days of board action.

(2) As an alternative procedure, the receiving board may by policy authorize the superintendent to approve, but not deny, applications filed on or before March 1. The board of directors of a receiving school district may adopt a policy granting the superintendent of the school district authority to approve open enrollment applications submitted after the March 1 deadline, but the board of the receiving district shall take action to approve the request if good cause exists. The board shall have the discretion to determine the scope of the authorization. The authorization may be for regular applications filed on or before March 1, good cause applications, and kindergarten applications filed on or before September 1, or any combination that the board determines. The same timelines for approval, forwarding, and notification shall apply.

c. The parent/guardian may withdraw an open enrollment request any time prior to the first day of school in the resident district. After the first day of school, an open enrollment request can only be changed during the term of the approval by the procedures of subrules 17.8(4), 17.8(5), 17.8(6), and 17.8(7).

d. The board of the receiving district shall comply with the provisions of rule 281—17.11(282) if the application for open enrollment is for a pupil requiring special education as provided by Iowa Code chapter 256B.

e. Notification to parents.

(1) By September 30 of each school year, all districts shall notify parents of the following:

1. Open enrollment deadlines;
2. Transportation assistance;
3. That within 30 days of a denial of an open enrollment request by a district board of education, the parent/guardian may file an appeal with the state board of education only if the open enrollment request was based on repeated acts of harassment or a serious health condition of the pupil that the district cannot adequately address; and that all other denials must be appealed to the district court in the county in which the primary business office of the district is located; and
4. Possible loss of athletic eligibility for open enrollment pupils.

(2) This notification may be published in a school newsletter, a newspaper of general circulation, a website, or a parent handbook provided to all patrons of the district. This information shall also be provided to any parent/guardian of a pupil who enrolls in the district during the school year.

17.3(3) Exception to process when resident district is under court-ordered desegregation. If the resident district has a court-ordered desegregation plan, the request for open enrollment shall be filed solely with the district of residence on or before March 1 of the school year preceding the school year for which open enrollment is requested. The superintendent of the resident district may deny a request under this subrule unless the request is made on behalf of a student whose sibling already actively participates in open enrollment to the same receiving district to which open enrollment is sought for this student. A denial by the superintendent may be appealed to the board of the district in which the request was denied. A decision of the local board to uphold the denial may only be appealed to the district court in the county in which is located the primary business office of the district that upheld the denial of the open enrollment request.

[ARC 2746C, IAB 10/12/16, effective 11/16/16; ARC 5869C, IAB 8/25/21, effective 9/29/21]

281—17.4(282) Filing after the March 1 deadline——good cause. A parent/guardian may apply for open enrollment after the filing deadline of March 1 of the school year preceding the school year for which open enrollment is requested and before the date specified in Iowa Code section 257.6, subsection 1, of that calendar year if good cause exists for the failure to meet the deadline. Good cause is a change in the status of the pupil’s residence or a change in the status of the pupil’s resident district taking place after March 1, or the closing or loss of accreditation of a nonpublic school of attendance after March 1 resulting in the desire of the parent/guardian to obtain open enrollment for the following school year. If good cause can be established, the parent/guardian shall be permitted to apply for open enrollment in the same manner as if the deadline had been met pursuant to rule 17.3(282).
Consideration of an open enrollment request filed under the provision of good cause does not preclude the authority, as appropriate, for the resident or receiving district to administer board policy related to insufficient classroom space or the requirements of a desegregation plan or order in acting to approve or deny the request. (See subrules 17.6(2) and 17.6(3).)

17.4(1) Good cause related to change in the pupil’s residence shall include:
   a. A change in the family residence due to the family’s moving from the district of residence any time after March 1 of the school year preceding the school year for which open enrollment is requested.
   b. A change in the child’s residence from the residence of one parent or guardian to the residence of a different parent or guardian.
   c. A change in the state of residence allowing a parent/guardian moving into an Iowa school district from out of state to obtain open enrollment to a different district from their new district of residence.
   d. A change in the marital status of the pupil’s parents.
   e. A guardianship or custody proceeding.
   f. Placement of the child in foster care.
   g. Adoption.
   h. Participation in a foreign exchange program.
   i. Initial placement of a prekindergarten student in a special education program requiring specially designed instruction.
   j. Participation in a substance abuse or mental health treatment program.

17.4(2) Good cause related to change in status of the pupil’s resident district or nonpublic school of attendance shall include:
   a. Reorganization action.
      (1) Failure of the area education board to vote in favor of a reorganization proposal,
      (2) Failure of the area education board to act on objections to exclude territory from a reorganization proposal,
   b. Dissolution action.
      (1) Failure of a dissolution commission to make a recommendation to the board of directors,
      (2) Failure of the board to take positive action on objections filed by residents of the district to a dissolution proposal,
   c. Whole grade sharing action.
      (1) Failure of the board to pursue negotiations for a whole grade sharing proposal for which it has given public notice by board action of its intent to pursue,
      (2) Failure of the board to approve a request by a parent/guardian to send an affected pupil to a contiguous district rather than to the district party to the agreement,
      (3) Failure of the board to extend or renew a whole grade sharing agreement,
   d. Loss of accreditation.
      (1) Removal of accreditation by the state board after March 1.
      (2) Surrender of accreditation after March 1.
      (3) Permanent closure of a nonpublic school after March 1.
   e. Other actions.
      (1) Revocation of a charter school contract after March 1 as provided in Iowa Code section 256F.8.
      (2) The child’s assigned attendance center in the district of residence is identified as in significant need for improvement. “Significant need for improvement” means a school attendance center designated by the department of education under the priority category under the Iowa school performance profiles for two or more of the immediately preceding school years or identified for comprehensive support
and improvement under the federal Every Student Succeeds Act, Pub. L. No. 114-95, or an equivalent objective federal standard, for two or more of the immediately preceding school years.

On open enrollment requests for good cause related to a change in status of the pupil’s school district of residence, action by a parent/guardian must be taken to file notification within 45 days of the last board action or within 30 days of the certification of an election, whichever circumstance is applicable.

17.4(3) Good cause shall not include:

a. Actions of a board of education in the designation of attendance centers within a school corporation and in the assignment of pupils to such centers as provided by Iowa Code section 279.11.

b. Actions of a board of education in making its own rules of government for the internal organization and operation of the school corporation as provided by Iowa Code section 279.8.

17.4(4) Rescinded IAB 8/21/02, effective 9/25/02.

17.4(5) Timelines for board action on applications filed after March 1 for good cause. The board of the receiving district shall act on the request within 30 days of its receipt. The same timelines for approval, forwarding, and notification shall apply.

The receiving district superintendent shall provide notification of either approval or denial of the request to the parent/guardian and to the resident district within five days of board action.

17.4(6) If the resident district believes that the board of the receiving district approved a late-filed open enrollment request that does not meet the definition of “good cause” under Iowa Code section 282.18(4)”b,” the resident district may appeal to the director.

a. Upon affirmative vote of a majority of its board to do so, the resident district shall file a written appeal to the director within 30 days of receipt by the resident district of notification by the board of the receiving district of the approval by the receiving district of a late-filed open enrollment request. The written appeal shall state the name and grade level of the affected student, the name of the receiving district, the date of approval by the board of the receiving district, the date the resident district was notified of the approval, and a brief statement explaining why the resident district board believes there is no good cause for the request to have been filed and approved after March 1. The appeal shall be signed by the president of the board of the resident district and shall have attached to it a copy of the disputed open enrollment request and the minutes of the board meeting at which the resident district board voted to appeal. An appeal is timely filed if it is postmarked or delivered personally or via facsimile transmission or electronic mail to the director within the 30-day time period.

b. The director shall, upon receipt of an appeal, first attempt to mediate the dispute. If mediation is unsuccessful, the director shall schedule a telephonic hearing for the purpose of hearing testimony from both boards.

c. If a hearing is necessary, the boards may stipulate to any or all facts to be considered by the director. At the sole discretion of the director, an in-person hearing may be scheduled. The director shall issue a written decision within ten days of the hearing, upholding or reversing the decision of the board of the receiving district.

d. Within five days of the issuance of the decision of the director, the aggrieved board may appeal the decision to the state board of education under the procedures in Iowa Code chapter 290.

[ARC 5869C, IAB 8/25/21, effective 9/29/21]

281—17.5(282) Filing after the March 1 deadline—harassment, failure to respond to academic needs, or serious health condition. A parent/guardian may apply for open enrollment after the filing deadline of March 1 of the school year preceding the school year for which open enrollment is requested if the parent’s/guardian’s child is the victim of repeated acts of harassment that the resident district cannot adequately address, if there is a consistent failure of the resident district to reasonably respond to a student’s failure to meet basic academic standards after notice provided by a parent or guardian, or if the child has a serious health condition that the resident district cannot adequately address. If any of these conditions exists, the parent/guardian shall be permitted to apply for open enrollment by sending notification to both the resident and receiving districts.

17.5(1) Board action. The board of the resident district shall act on the request within 30 days of its receipt. If the request is denied, the parent/guardian shall be notified by the district superintendent within
3 days following board action. If the request is approved, the district superintendent shall forward the approved application form to the receiving district within 5 days following board action and shall notify the parent/guardian within 3 days of this action. The board of the receiving district shall act to approve or deny an open enrollment request within 30 days following receipt of the notice of approval from the resident district. The receiving district superintendent shall provide notification of either approval or denial of the request to the parent/guardian and to the resident district within 15 days of board action.

17.5(2) Appeal. A denial by either board of a request made under this rule involving repeated acts of harassment of the student or serious health condition of the student that the resident district cannot adequately address may be appealed by a parent/guardian to the state board of education pursuant to Iowa Code section 290.1. The state board shall exercise broad discretion to achieve just and equitable results that are in the best interest of the affected child or children.

17.5(3) Criteria for determining whether a resident district consistently failed to reasonably respond to a student’s failure to meet basic academic standards. School officials, upon having data to evidence a student’s failure to meet basic academic standards and having received notice from a student’s parent/guardian, must have failed to respond to the student’s failure.

a. Basic academic standards include Iowa academic standards for English language arts, mathematics, science, and social studies.

b. Evidence of a student’s failure to meet basic academic standards may include one or more of the following:
   (1) Failure to meet grade-level benchmarks on universal screening assessments.
   (2) Failure to achieve proficiency on standards-based outcome assessments.
   (3) Receiving a grade of D or F (or equivalent) for a course.

c. A district’s consistent failure to respond may include one or more of the following, measured over a minimum period of 12 weeks:
   (1) Failure to provide evidence-based interventions or strategies targeted to the student’s needs.
   (2) Failure to monitor student growth.
   (3) Failure to make changes to the student’s improvement plan if the student does not show progress.

[ARC 5869C, IAB 8/25/21, effective 9/29/21; ARC 6332C, IAB 6/1/22, effective 7/6/22]

281—17.6(282) Restrictions to open enrollment requests. A district board may exercise the following restrictions related to open enrollment requests.

17.6(1) Enrollment loss caps. Rescinded IAB 12/8/93, effective 1/12/94.

17.6(2) Court-ordered desegregation plans. In districts with court-ordered desegregation plans where there is a requirement to maintain minority and nonminority student ratios according to the plan, the superintendent of the district may deny a request for open enrollment if it is found that the enrollment or release of a pupil will adversely affect the district’s court-ordered desegregation plan. Open enrollment requests that would facilitate the court-ordered desegregation plan shall be given priority over other open enrollment requests received by the district. A parent/guardian whose request for open enrollment is denied by the superintendent of the district on the basis of its adverse effect on the district’s court-ordered desegregation plan may appeal that decision to the district board.

17.6(3) Policy on insufficient classroom space. No receiving district shall be required to accept an open enrollment request if it has insufficient classroom space to accommodate the pupil(s). Each district board shall adopt a policy which defines the term “insufficient classroom space” for that district. This policy shall establish a basis for the district to make determinations on the acceptance or denial, as a receiving district, of an open enrollment request. This policy may include, but shall not be limited to, one or more of the following: nature of the educational program, grade level, available instructional staff, instructional method, physical space, pupil-teacher ratio, equipment and materials, facilities either being planned or under construction, facilities planned to be closed, finances available, sharing agreement in force or planned, bargaining agreement in force, special education class size or caseload established pursuant to rule 281—41.408(256B,273,34CFR300), or board-adopted district educational goals and objectives. This policy shall be reviewed annually by the district board.
17.6(4) Designation of attendance center. The right of a parent/guardian to request open enrollment is to a district other than the district of residence, not to an attendance center within the nonresident district. In accepting an open enrollment pupil, the receiving district board has the same authority it has in regard to its resident pupils as provided by Iowa Code section 279.11, to “determine the particular school which each child shall attend.” In the application process, however, the parent or guardian may request an attendance center of preference.

[ARC 5651C, IAB 6/2/21, effective 7/7/21; ARC 5869C, IAB 8/25/21, effective 9/29/21]

281—17.7(282) Open enrollment for kindergarten or certain prekindergarten programs. While the regular time frame in requesting open enrollment is that an application should be made no later than March 1 of the school year preceding the school year for which the enrollment is requested, a parent/guardian requesting to enroll a kindergarten pupil in a district other than the district of residence or a parent/guardian of a prekindergarten student enrolled in a special education program and included in the resident school district’s basic enrollment under Iowa Code section 257.6(1)”a”(1) may make such application on or before September 1 of that school year. In considering an application for a kindergarten pupil, the resident and the receiving district are not precluded from administering board-adopted policies related to insufficient classroom space, the requirements of rule 281—17.11(282), or the requirements of a desegregation order.

As an alternative procedure, the receiving board may by policy authorize the superintendent to approve, but not deny, applications filed on or before September 1 under this rule. The timelines established in rule 281—17.4(282) shall apply to applications for a pupil under this rule.

[ARC 5869C, IAB 8/25/21, effective 9/29/21]

281—17.8(282) Requirements applicable to parents/guardians and students.

17.8(1) Expelled or suspended students. A pupil who has been suspended or expelled by action of the administration or board of the resident district shall not be permitted to enroll if an open enrollment request is filed until the pupil is reinstated for school attendance in the resident district. Once reinstated, the application for open enrollment shall be considered in the same manner as any other open enrollment request. If a pupil for whom an open enrollment request has been filed is subsequently expelled by action of the resident district board, the pupil may be denied enrollment by the receiving district board until the pupil is reinstated for school attendance by the resident district. The provisions of this subrule shall also apply to a pupil who has been suspended or expelled in a receiving district and is requesting open enrollment to an alternative receiving district or is seeking to return to the resident district as outlined in subrule 17.8(4).

17.8(2) Restrictions on participation in interscholastic athletic contests and competitions. Subject to rule 281—17.15(282), a pupil who changes school districts under open enrollment in any of the grades 9 through 12 shall not be eligible to participate in varsity interscholastic athletic contests and competitions during the first 90 school days of enrollment. This restriction also shall apply to enrollments resulting from an approved petition filed by a parent/guardian to open enroll to an alternative receiving district and when the pupil returns to the district of residence using the process outlined in subrule 17.8(4). This 90-school-day restriction does not prohibit the pupil from practicing with an athletic team during the 90 school days of ineligibility. If a pupil is declared ineligible for interscholastic athletic contests and athletic competitions in the pupil’s district of residence due to the pupil’s academic performance, upon participating in open enrollment, in addition to any other period of ineligibility under this rule, the pupil shall be ineligible in the receiving district for the remaining period of ineligibility declared by the district of residence. This 90-school-day restriction is not applicable to a pupil who:

a. Participates in an athletic activity in the receiving district that is not available in the district of residence.

b. Participates in an athletic activity for which the resident district and the receiving district have a “cooperative student participation agreement” in place as provided by rule 281—36.20(280).

c. Has paid tuition for one or more years to the receiving school district prior to making application and being approved for open enrollment.
d. Has attended the receiving district for one or more years, prior to making application and being approved for open enrollment, under a sharing or mutual agreement between the resident district and the receiving district.

e. Has been participating in open enrollment and whose parents/guardians move out of their district of residence but exercise the option of maintaining the open enrollment agreement as provided in subrule 17.8(6) except that the period of 90 school days of ineligibility shall apply to a pupil who open enrolls to another school district. If the pupil has established athletic eligibility under open enrollment, it is continued despite the parent’s or guardian’s change in residence.

f. Obtains open enrollment as provided in subrule 17.8(7) except that the period of 90 school days of ineligibility shall apply to a pupil who open enrolls to another school district.

g. Obtains open enrollment due to the dissolution and merger of the former district of residence under Iowa Code subsection 256.11(12).

h. Obtains open enrollment due to the pupil’s district of residence entering into a whole-grade sharing agreement on or after July 1, 1990, including the grade in which the pupil would be enrolled at the start of the whole-grade sharing agreement.

i. Participates in open enrollment and the parent/guardian is an active member of the armed forces and resides in permanent housing on government property provided by a branch of the armed services.

j. Open enrolls from a district of residence that has determined that the pupil was previously subject to a founded incident of harassment or bullying as defined in Iowa Code section 280.28 while attending school in the district of residence.

k. Participates in open enrollment because of circumstances that meet the definition of “good cause” under rule 281—17.4(282).

l. Resides in a district in which the board of directors or superintendent issues or implements a decision that results in the discontinuance or suspension of varsity interscholastic sports activities in the district.

m. Participates in open enrollment and the board of directors of the district of residence and the board of directors of the receiving district both agree to waive the ineligibility period.

n. Open enrolls for the school year beginning July 1, 2021, if the pupil’s district of residence had a voluntary diversity plan in effect on January 1, 2021, and applicable to the school year beginning July 1, 2021.

17.8(4) Petition for attendance in an alternative receiving district. Once the pupil of a parent/guardian has been accepted for open enrollment, attendance in an alternative receiving district under open enrollment can be initiated by filing a petition for change with the receiving district. The petition shall be filed by the parent/guardian with the receiving district on or before March 1 of the year preceding the school year for which the change is requested. The timelines and notification requirements for such a request shall be the same as outlined in subrule 17.3(2). If the request is approved, the alternative district shall send notice of this action to the parent/guardian, to the original receiving district, and to the resident district of the pupil. Petitions for change shall be efectuated at the start of the next school year.

As an alternative procedure, the receiving and alternative receiving district boards by mutual agreement may effectuate the change in enrollment of an open enrollment pupil at any time following receipt of a written request for such change which is approved by the two boards. The parent/guardian and the resident district board shall be notified of the approval and the date for change in open enrollment within 15 days of the mutual agreement action of the receiving and alternative receiving boards.

A pupil in good standing may return to the district of residence at any time following written notice from the parent/guardian to both the resident district and the receiving district.

17.8(5) Renewal of an open enrollment agreement. An open enrollment agreement shall remain in place unless canceled by the parent/guardian or terminated as outlined in the provisions of subrule 17.8(10).

17.8(6) Change in residence when participating in open enrollment. If the parent/guardian of a pupil who is participating in open enrollment changes the school district of residence during the term of the
agreement, the parent/guardian shall have the option to leave the pupil in the receiving district under open enrollment, to open enroll to another school district, or to enroll the pupil in the new district of residence, thus terminating the open enrollment agreement. If the choice is to leave the pupil under open enrollment or to open enroll to another school district, the district of residence, as determined on the date specified in Iowa Code section 257.6(1), shall be responsible for payment of the cost per pupil plus any applicable weightings or special education costs for the balance of the school year. The new district of residence shall be responsible for these payments during succeeding years of the agreement.

If the pupil is to remain under open enrollment or to open enroll to another school district, the parent/guardian shall write a letter, delivered by mail or by hand on or before the date specified in Iowa Code section 257.6(1), to notify the original resident district, the new resident district, and the receiving district of this decision.

Timely requests under this rule shall not be denied. If the request is for a high school pupil, the pupil shall not be subject to the initial 90-school-day ineligibility period of subrule 17.8(2).

17.8(7) Change in residence when not participating in open enrollment. If a parent/guardian moves out of the school district of residence, and the pupil is not currently under open enrollment, the parent/guardian has the option for the pupil to remain in the original district of residence as an open enrollment pupil with no interruption in the education program or to open enroll to another school district. This option is not available to the parent/guardian of a student who is entering kindergarten for the first time. The parent/guardian exercising this option shall file an open enrollment request form with the new district of residence for processing and record purposes. This request shall be made on or before the date specified in Iowa Code section 257.6(1). Timely requests under this subrule shall not be denied. If the request is for a high school pupil, the pupil shall not be subject to the initial 90-school-day ineligibility period of subrule 17.8(2). If the move is on or after the date specified in Iowa Code section 257.6(1), the new district of residence is not required to pay per-pupil costs or applicable weighting or special education costs to the receiving district until the first full year of the open enrollment.

a. This subrule applies in the following circumstances: a change in family residence, a change in a child’s residence from the residence of one parent or guardian to the residence of a different parent or guardian, a change in the state in which the family residence is located, a change in a child’s parents’ marital status, a guardianship proceeding, placement in foster care, adoption, participation in a foreign exchange program, or participation in a substance abuse or mental health treatment program.

b. This rule applies to the following children:

1. A child who is enrolled in any grade from kindergarten through grade 12.
2. A prekindergarten student who is enrolled in a special education program at the time of the request and is not currently using any provision of open enrollment.

17.8(8) Pupil governance. An open enrollment pupil, and where applicable the pupil’s parent/guardian, shall be governed by the rules and policies established by the board of directors of the receiving district. Any complaint or appeal by the parent/guardian concerning the educational system, its process, or administration in the receiving district shall be initially directed to the board of directors of that district in compliance with the policy of that district.

17.8(9) Appeal procedure. A parent/guardian may appeal the decision of the board of directors of a school district (resident or receiving) only on an application for open enrollment under Iowa Code section 282.18(5) and rule 281—17.5(282). This appeal is to the state board of education and shall comply with the provisions of Iowa Code section 290.1. The appeal shall be filed within 30 days of the decision of the district board and shall be in the form of an affidavit signed by the parent/guardian. It shall state in a plain and concise manner what the parent/guardian feels to be the basis for appeal.

17.8(10) Open enrollment termination. Open enrollment ends when:

a. The pupil graduates, moves into the receiving district, moves into a third district and does not elect to continue attending in the receiving district, moves out of state, elects to attend a nonpublic school instead of the receiving district, or any other circumstance not excepted below that results in the pupil no longer attending the receiving district.
EXCEPTIONS: This rule shall not apply if the pupil is placed temporarily in foster care, a juvenile detention center, mental health or substance abuse treatment facility, or other similar placement. In such cases, the open enrollment status will automatically be reinstated when the pupil returns.

b. The pupil drops out of school. In this instance, if the pupil desires to return to the resident district during the term of the original open enrollment, notice must be given as outlined in the provisions of subrule 17.8(4).

281—17.9(282) Transportation.

17.9(1) Parent responsibilities. The parent/guardian of a pupil who has been accepted for open enrollment shall be responsible to transport the pupil without reimbursement, except as provided in subrule 17.9(2), to and from a point on a regular school bus route of the receiving district. This point shall be a designated stop on the bus route of the receiving district. If this point—designated stop—is within the distances established by Iowa Code section 285.1 from the school designated for attendance by the receiving district, that district may, but is not required to, provide transportation for an open enrollment pupil. A receiving district may send buses into a resident district solely for the purpose of transporting an open enrollment pupil if the boards of both the sending and receiving districts agree to this arrangement. Bus routes that are outside the boundary of the receiving district that have been authorized by an area education agency board of directors, as provided by Iowa Code subsection 285.9(3), may be used to transport open enrollment pupils if boards of directors of the resident and receiving districts have both taken action to approve such an arrangement. Bus routes that have been established by the receiving district for the purpose of transporting nonpublic school or special education pupils that operate in the resident district of an open enrollment pupil shall not be utilized for the transportation of such pupil for the portion of the route that is within the resident district unless the boards of directors of the resident and receiving districts have both taken action to approve such an arrangement. Bus routes transporting pupils for the purpose of whole-grade sharing shall not be used to transport open enrollment pupils for the portion of the route that is within the resident district unless the boards of directors of the resident and receiving districts have both taken action to approve such an arrangement.

17.9(2) Qualifications and provisions for transportation assistance. Open enrollment pupils that meet the economic eligibility requirements established by the department of education shall receive transportation assistance from their resident district under the following conditions. The resident district is not required to provide any transportation assistance for a pupil involved in open enrollment with a district that is not contiguous with the pupil’s resident district. The resident district shall provide transportation for the pupil to a point that is a designated stop on a regular bus route of a contiguous receiving district, or as an alternative, the resident district shall pay the parent/guardian for providing this transportation. In either situation the resident district is not obligated to expend more than the average cost per pupil transported amount established for that district for the previous school year. If the resident district provides the transportation, it shall determine that it is able to perform this function at a cost not in excess of the average cost per pupil transported for the resident district as established the previous year. It shall not assess any additional cost to the parent/guardian for providing transportation. If the district chooses to reimburse the parent/guardian for providing transportation, to determine the amount to be reimbursed, the district shall use the provisions of Iowa Code subsection 285.1(3). This reimbursement shall not exceed the average cost per pupil transported for the resident district as established the previous year. The resident district may withhold from the amount it is required to pay to a receiving district for an open enrollment pupil the actual amount or the average cost per pupil transported amount it pays for transportation assistance, whichever is the lesser amount.

17.9(3) Economic eligibility requirements for transportation. A parent/guardian shall be eligible for transportation assistance from the resident district if the household income of the parent/guardian is 200 percent or less of the federal poverty level as defined by the most recently revised poverty income guidelines published by the United States Department of Health and Human Services. Since the federal
poverty income guidelines are adjusted each year, the department of education shall provide revised eligibility guidelines to school districts each year.

[ARC 5869C, IAB 8/25/21, effective 9/29/21]

281—17.10(282) Method of finance. Open enrollment options shall be made available for pupils at no instructional cost to their parents/guardians. Open enrollment pupils shall be considered enrolled resident pupils in the resident district and shall be included in the certified enrollment count of that district for the purposes of generating school foundation aid.

17.10(1) Full-time pupils. Unless otherwise agreed to in the mediation under paragraph 17.4(6) “b,” for full-time pupils, the resident district shall pay each year to the receiving district an amount equal to the sum of the state cost per pupil for the previous year plus any moneys received for the pupil as a result of non-English speaking weighting provided by Iowa Code section 280.4; plus either the teacher leadership supplement state cost per pupil for the previous year as provided in Iowa Code section 257.9(11) or the teacher leadership supplement foundation aid allocation for fiscal year 2017 as provided in Iowa Code section 284.13(1) “e,” whichever the district received, if both the district of residence and the receiving district received either of the supplements. If the pupil participating in open enrollment is also an eligible pupil under Iowa Code section 261E.6 (postsecondary enrollment options program), the receiving district shall pay the tuition reimbursement amount to an eligible postsecondary institution as provided in Iowa Code section 261E.7.

17.10(2) Dual enrolled pupils. Unless otherwise agreed to in the mediation under paragraph 17.4(6) “b,” for pupils who receive competent private instruction and are dual enrolled, the resident district shall pay each year to the receiving district an amount equal to .1 times the state cost per pupil for the previous year plus any moneys received for the pupil as a result of non-English speaking weighting provided by Iowa Code section 280.4. However, a pupil dual enrolled in grades nine through twelve shall be counted by the receiving district in the same manner as a shared-time pupil under Iowa Code section 257.6(1) “c.”

17.10(3) Home school assistance program pupils. Unless otherwise agreed to in the mediation under paragraph 17.4(6) “b,” for pupils who receive competent private instruction and are registered for a home school assistance program, the resident district shall pay each year to the receiving district an amount equal to .3 times the state cost per pupil under Iowa Code chapter 257 for the previous year plus any moneys received for the pupil as a result of non-English speaking weighting provided by Iowa Code section 280.4.

17.10(4) Transportation assistance. The resident district may deduct any transportation assistance funds for which the pupil is eligible as provided by subrule 17.9(2).

17.10(5) Method of payment. These moneys shall be paid to the receiving district by the first resident district according to the timeline in Iowa Code section 282.20(3) (on or before February 15 and July 15 of each year). Payments shall be made to the receiving district in a timely manner. The district cost per pupil for nonspecial education students shall be the cost calculated each year for the school year preceding the school year for which the open enrollment takes place. Costs for special education students shall be as outlined in rule 281—17.11(282).

17.10(6) Partial-year situations. In the event that the pupil who is under open enrollment withdraws from school, moves into the district of attendance, moves out of state, moves to another district in the state of Iowa and elects to attend that district, graduates at midyear, is allowed to return to the district of residence during the school year, or other similar set of circumstances that result in the pupil no longer attending in the receiving district, payment of cost per pupil will be prorated.

17.10(7) Late changes of open enrollment. The resident district and the receiving district boards by mutual agreement may effectuate the change in enrollment of an open enrollment pupil at any time following receipt of a petition for such change which is approved by the two boards. A change due to good cause is a late change in enrollment. If any change in enrollment is made on or after the date specified in Iowa Code section 257.6, subsection 1, the resident district is not required to pay per-pupil costs or applicable weighting or special education costs to the receiving district until the first full year of the open enrollment.
17.10(8) Supplemental weighting. A student under open enrollment is eligible to be counted for supplementary weighting pursuant to 281—subrule 97.2(5) for qualifying concurrent enrollment classes in which the student is enrolled, including concurrent enrollment classes provided via the ICN, or supplementary weighting for project lead the way (PLTW) enrollment through sharing with a community college pursuant to 281—subrule 97.2(6). An open enrolled student who is under competent private instruction (CPI) shall be weighted in the student’s receiving district, and no tuition shall be billed to the resident district. An open enrolled student who is not under CPI shall be weighted in the resident district, and the funding shall be sent to the receiving district in addition to open enrollment tuition.

a. If the open enrolled student is present in the resident district on October 1 of the school year, the resident district shall count the student, excluding a student under CPI, for supplementary weighting.

b. The concurrent enrollment course must qualify for supplementary weighting in the receiving district pursuant to 281—subrule 97.2(5), and the PLTW course must qualify for supplementary weighting in the receiving district pursuant to 281—subrule 97.2(6).

c. The resident district shall forward the weighting generated for the concurrent or PLTW enrollment for that student using the district cost per pupil of the school year. The amount generated is calculated as the supplementary weighting full-time-equivalency for that one student for each qualified concurrent or PLTW enrollment course multiplied by the current school year’s district cost per pupil in the resident district.

d. The receiving district shall pay the community college the tuition negotiated for the course. The tuition negotiated may cost the receiving district a different amount than that received from the resident district. No additional amount may be charged to the resident district, the student, or the parent, guardian, or legal custodian.

e. If the student was not present in the resident district on October 1 of the school year and is a late transfer, the receiving district bears all the tuition cost and shall not bill the resident district in the first year pursuant to subrule 17.10(7).

17.10(9) Open enrollment pursuant to rule 281—17.15(282). If a pupil participates in cocurricular or extracurricular activities in accordance with subrule 17.15(2), the district of residence may deduct up to $200 per activity, for up to two activities, from the amount calculated in this rule. For a cocurricular activity, one semester shall equal one activity. Extracurricular activities for which such a resident district may charge up to $200 per activity for up to two activities under this subrule include interscholastic athletics, music, drama, and any other activity with a general fund expenditure exceeding $5,000 annually. A pupil may participate in additional extracurricular activities at the discretion of the resident district. The school district of residence may charge the pupil a fee for participation in such cocurricular or extracurricular activities equivalent to the fee charged to and paid in the same manner by other resident pupils.

281—17.11(282) Special education students. If a parent/guardian requests open enrollment for a pupil requiring special education, as provided by Iowa Code chapter 256B and 281—Chapter 41, this request shall receive consideration under the following conditions.

17.11(1) Appropriateness of program. The request shall be granted only if the receiving district is able to provide within that district the appropriate special education program for that student in accordance with Iowa rules of special education, 281—Chapter 41. This determination shall be made by the receiving district in consultation with the resident district and the appropriate area education agency(ies) before approval of the application. In a situation where the appropriateness of the program is in question, the pupil shall remain enrolled in the program of the resident district until a final determination is made, unless all parties otherwise agree, as provided in 281—Chapter 41. If the appropriateness of the special education program in the receiving district is at issue, the final determination of the appropriateness of a special education instructional program shall be the responsibility of the child’s individualized education program team, which shall include a representative
from the resident district that has the authority to commit district resources, and which decision is subject to the parent’s procedural safeguards under 281—Chapter 41.  

17.11(2) Class size and caseload. The provisions of subrule 17.6(3) apply to requests for open enrollment for a child with a disability. The following conditions apply:

a. The enrollment of the child in the receiving district’s program would not cause the size of the class or caseload in that special education instructional program in the receiving district to exceed the maximum class size or caseload set forth in subrule 17.6(3).

b. If the child would be assigned to a general education class, there is sufficient classroom space, as established in subrule 17.6(3), for the general education class to which the child would be assigned.

17.11(3) Transportation. District transportation requirements, parent/guardian responsibilities and, where applicable, financial assistance for an open enrollment special education pupil shall be as provided by rules 281—17.9(282) and 281—41.412(256B,34CFR300).

17.11(4) Finance. The district of residence shall pay to the receiving district on the schedule set forth in subrule 17.10(5) the actual costs incurred by the receiving district in providing the appropriate special education program. These costs shall be based on the current year expenditures with needed adjustments made in the final payment. The responsibility for ensuring that an appropriate program is maintained for an open enrollment special education pupil shall rest with the resident district. The receiving district and the receiving area education agency director shall provide, at least on an annual basis, evaluation reports and information to the resident district on each special education open enrollment pupil. The receiving district shall provide notice to the resident district of all staffings scheduled for each open enrollment pupil. For an open enrolled special education pupil where the receiving district is located in an area education agency other than the area education agency within which the resident district is located, the resident district and the receiving district are required to forward a copy of any approved open enrollment request to the director of special education of their respective area education agencies. Any moneys received by the area education agency of the resident district for an approved open enrollment special education pupil shall be forwarded to the receiving district’s area education agency. For children requiring special education, the receiving district shall complete and provide to the district of residence the documentation necessary to seek Medicaid reimbursement for eligible services.

281—17.12(282) Laboratory school provisions. Rescinded ARC 2746C, IAB 10/12/16, effective 11/16/16.

281—17.14(282) Court-ordered desegregation plans.

17.14(1) Applicability. These rules govern only the components of a court-ordered desegregation plan as the plan affects open enrollments.

17.14(2) Nature of court-ordered desegregation plan. The language of the court order shall be binding on a district’s implementation of open enrollment. The district shall notify the department of any court-ordered desegregation plan and any court-ordered modifications to that plan.

This rule is intended to implement Iowa Code section 282.18 as amended by 2021 Iowa Acts, House File 228.

[ARC 5869C, IAB 8/25/21, effective 9/29/21]

281—17.15(282) Open enrollment and online coursework.

17.15(1) General. A school district may provide courses developed by private providers and delivered primarily over the Internet to pupils who are participating in open enrollment under Iowa Code section 282.18. However, if a student’s participation in open enrollment to receive educational instruction and course content delivered primarily over the Internet results in the termination of enrollment in the receiving district, the receiving district shall, within 30 days of the termination, notify the district of residence of the termination and the date of the termination.
17.15(2) Participation in activities in resident district. A pupil participating in open enrollment for purposes of receiving educational instruction and course content primarily over the Internet in accordance with Iowa Code section 256.7(32) may participate in any cocurricular or extracurricular activities offered to children in the pupil’s grade or group and sponsored by the district of residence under the same conditions and requirements as the pupils enrolled in the district of residence. The pupil may participate in not more than two cocurricular or extracurricular activities during a school year unless the resident district approves the student’s participation in additional activities. The student shall comply with the eligibility, conduct, and other requirements relating to the activity that are established by the district of residence for any student who applies to participate or who is participating in the activity.

CHAPTER 18
SCHOOL FEES

PREAMBLE

Equal access to course offerings and related activities enables schools to meet the needs and interests of all students; challenge the abilities of all students consistent with their individual stages of development; and contribute to the physical, mental, athletic, civic, social, moral and emotional growth of all students. It is the intent of the department of education that all students be treated equally, regardless of the student’s or the student’s parent’s financial status. The department considers it essential that procedures be adopted which preserve the integrity and self-esteem of any student and the student’s family who apply for a waiver.

281—18.1(256) Policy. It is the policy of the department of education that no Iowa student enrolled in a public school be excluded from participation in or denied the benefits of course offerings and related activities due to the student’s or the student’s parent’s or guardian’s financial inability to pay a fee associated with the class, program, or activity.

281—18.2(256) Fee policy. The board of directors of a public school shall adopt a policy regarding the charging and collecting of fees for course offerings and related activities, and for transportation provided to resident students who are not entitled to transportation under Iowa Code section 285.1. The policy established by the board of directors shall apply to any fees charged. The board shall require that procedures be developed to implement the policy pursuant to these rules.

281—18.3(256) Eligibility for waiver, partial waiver or temporary waiver of student fees. The policy required by rule 18.2(256) shall include provisions for granting a waiver, partial waiver, or temporary waiver of student fees upon application by the student.

18.3(1) Waivers. At minimum, the policy shall include the following provisions relating to eligibility for the waivers:

a. Waiver. A student shall be granted a waiver of all fees covered by this chapter if the student or the student’s family meets the financial eligibility criteria for free meals offered under the Child Nutrition Program, or the Family Investment Program (FIP), or transportation assistance under open enrollment provided under 281—subrule 17.9(3), or if the student is in foster care.

b. Partial waiver. A school district shall grant a student either a waiver of all student fees or a partial waiver of student fees if the student or the student’s family meets the financial eligibility criteria for reduced price meals offered under the Child Nutrition Program. A partial waiver shall be based on a sliding scale related to an ability to pay.

c. Temporary waiver. At the discretion of the school district, a student may be granted a temporary waiver of a fee or fees in the event of a temporary financial difficulty in the student’s immediate family. A temporary waiver may be applied for and granted at any time during a school year. The maximum length of a temporary waiver shall be one year.

d. Fees waived not collectable. The policy shall include a provision stating that when an application for any fee waiver is granted, the fee or fees waived under the application are not collectable.

e. Distribution of policy and applications. The procedures on charging fees, a written notice of fees charged to each student, the waiver and reduction policy and procedures including income guidelines, and the application for waiver shall be distributed to all registrants for school at the time of registration or enrollment. For students or families whose primary language is other than English, the school shall provide a copy of the materials in the student’s native language or arrange for translation of the materials within a reasonable time.

f. Annual application. The request for a fee waiver shall be made on application forms provided by the department of education. An application can be received at any time but shall be renewed at the beginning of the school year.
18.3(2) Applications. The procedures shall include a description of the confidential application process for the waiver and shall provide that a written decision be issued to the applicant within a reasonable time. If the application is denied, the decision shall include the reason for the denial.

18.3(3) Appeals. The procedures shall include a provision for a confidential review of any denial by a person or persons designated by the board of directors upon request and the manner in which an appeal may be taken. If the decision on review is again to deny the application, the decision maker shall notify the applicant in writing that the applicant may appeal the denial to the director of the department of education by filing a notarized statement within 30 days of the applicant’s receipt of the final decision of the district.

281—18.4(256) Fees covered. Fines assessed for damage or loss to school property are not fees and need not be waived.

Nothing in this chapter shall be construed to authorize the charging of a fee for which there is no authority in law.

281—18.5(256) Effective date. These rules are effective for the 1996-97 school year, and school years thereafter.

These rules are intended to implement Iowa Code section 256.7(20).

CHAPTER 19
CHARTER SCHOOLS

281—19.1(256E) Purpose. It is the purpose of this chapter to give guidance and direction for the establishment, general operating powers and duties, funding, performance, and oversight of charter schools. All charter schools in Iowa are a part of the state’s program of public education. Charter schools established prior to July 1, 2021, shall continue to operate under and be subject to the requirements of Iowa Code chapter 256F and 281—Chapter 68.

[ARC 6078C, IAB 12/15/21, effective 1/19/22]

281—19.2(256E) Establishment of charter schools.

19.2(1) A charter school may be established by either of the following methods:

a. School board-state board model. A school board may create a founding group to apply to the state board for approval to establish and operate a charter school within and as a part of the school district by establishing a new attendance center, creating a new school within an existing attendance center, or converting an existing attendance center to charter status.

b. Founding group-state board model. A founding group may apply to the state board for approval to establish and operate a charter school within the boundaries of the state that operates as a new attendance center independently from a public school district.

19.2(2) The state board of education shall be the only authorizer of charter schools under this chapter.

[ARC 6078C, IAB 12/15/21, effective 1/19/22]

281—19.3(256E) Purpose of a charter school. The purpose of a charter school established under this chapter shall be to accomplish the following:

1. Improve student learning, well-being, and postsecondary success.
2. Increase learning opportunities for students in areas of need, including but not limited to science, technology, engineering, and math (STEM), and science, technology, engineering, arts, and math (STEAM).
3. Increase opportunities for work-based learning, early literacy intervention, and serving at-risk populations.
4. Accelerating student learning to prevent learning loss during the COVID-19 pandemic and other significant disruptions to student learning.
5. Encourage the use of evidence-based practices in innovative environments.
6. Require the measurement and evaluation of program implementation and learning outcomes.
7. Establish models of success for Iowa schools.
8. Create new professional opportunities for teachers and other educators.
9. Investigate and establish different organizational structures for schools to use to implement a multi-tiered system of supports for students.
10. Allow greater flexibility to meet the education needs of a diverse student population and changing workforce needs.
11. Allow for the flexible allocation of resources through implementation of specialized school budgets for the benefit of the schools served.
12. Allow greater flexibility for districts and schools to focus on closing gaps in student opportunity and achievement for all students from preschool through postsecondary preparation.

281—19.5(256E) Department duty to monitor. The department shall monitor the effectiveness of charter schools and shall implement the applicable provisions of this chapter.

[ARC 6078C, IAB 12/15/21, effective 1/19/22]

281—19.6(256E) General application provisions. The following general application provisions apply to both the school board-state board and founding group-state board charter establishment models.

19.6(1) Instructions. The instructions for completing an application shall include or otherwise inform applicants of all of the following:

a. The performance framework adopted by the state board for charter school oversight and evaluation requirements in accordance with Iowa Code sections 256E.9 and 256E.10.

b. The criteria the state board will use in evaluating applications.

c. The requirements concerning the format and content essential for applicants to demonstrate the capacities necessary to establish and operate a successful charter school.

19.6(2) Review. In reviewing and evaluating charter school applications, the state board shall employ procedures, practices, and criteria consistent with nationally recognized principles and standards for reviewing charter school applications. Each application review shall include:

a. A thorough evaluation of the written application.

b. An in-person interview with the founding group.

c. An opportunity in a public forum for local residents to learn about and provide input on each application.

19.6(3) State board actions following review. Following review of a charter school application and completion of the process required under subrule 19.6(2), the state board shall do all of the following:

a. Approve a charter school application only if the founding group has demonstrated competence in each element of the approval criteria and if the founding group is likely to open and operate a successful charter school.

b. Make application decisions on documented evidence collected through the application review process.

c. Adhere to the policies and criteria that are transparent, are based on merit, and avoid conflicts of interest or any appearance thereof.

19.6(4) Application approval. The state board shall approve a charter school application if the application satisfies the requirements of this chapter.

a. The state board shall approve or deny a charter school application no later than 75 calendar days after the application is received.

b. If the state board denies an application, the state board shall provide notice of denial to the founding group in writing within 30 days after the state board’s action. The notice shall specify the exact reasons for denial and provide documentation supporting those reasons.

c. An approval decision may include, if appropriate, reasonable conditions that the founding group must meet before a charter school contract may be executed pursuant to Iowa Code section 256E.6.
An approved charter application shall not serve as a charter school contract.

A decision of the state board relating to an application under this rule is not appealable.

An unsuccessful applicant under this rule may subsequently reapply to the state board.

19.6(5) Application deadlines and timelines. For school years on or after the school year beginning on July 1, 2023, applications submitted to the state board on or before November 1 of the preceding school year shall be considered for approval for the establishment of the charter school for the next school year. For the school year beginning on July 1, 2022, applications submitted to the state board on or before February 1, 2022, shall be considered for approval for the establishment of the charter school for the next school year.

[ARC 6078C, IAB 12/15/21, effective 1/19/22]

281—19.7(256E) School board-state board model. A school board may create a founding group to apply to the state board for approval to establish and operate a charter school within and as a part of the school district by establishing a new attendance center, creating a new school within an existing attendance center, or converting an existing attendance center. The application shall demonstrate the founding group’s academic and operational vision and plans for the proposed charter school, demonstrate the founding group’s capacity to execute the vision and plans, and provide the state board a clear basis for assessing the founding group’s plans and capacity.

19.7(1) School board-state board model application. An application submitted under this rule shall include all of the following items related to the proposed charter school:

a. An executive summary.

b. The mission and vision of the proposed charter school, including identification of the targeted student population and the community the charter school intends to serve.

c. The location of the proposed charter school or the proposed geographic area within the school district where the school is proposed to be located.

d. Identification of the grades to be served each school year during the duration of the charter school contract.

e. Minimum, planned, and maximum enrollment per grade for each school year during the duration of the charter school contract.

f. Evidence of need and community support for the proposed charter school.

g. Background information on the members of the founding group and background information on the governing board, administration, and management personnel of the proposed charter school, if available (if any or all of this information is not available, a projected date by which it will be available).

h. The charter school’s proposed operations calendar and sample daily schedule.

i. A description of the academic program and identification of ways the program aligns with state academic standards.

j. A description of the charter school’s instructional model, including the type of learning environment, class size and structure, curriculum overview, and teaching methods.

k. The charter school’s plan for using internal and external assessments to measure and report student progress on the performance framework in accordance with Iowa Code section 256E.9.

l. Plans for identifying and serving students with disabilities, students who are limited English proficient, students who are academically failing or below grade level, and gifted students, including but not limited to compliance with applicable laws and regulations.

m. A description of cocurricular and extracurricular programs and how the programs will be funded and delivered.

n. Plans and timelines for student recruitment, enrollment and transfers, including enrollment preferences and procedures for conducting transparent admissions selections, including admissions lotteries.

o. The proposed code of student conduct, including applicable procedures and disciplinary sanctions for both general students and special education students.

p. A chart or description of the charter school’s organizational structure and the duties and powers of each position or group, including the delineation of authority and reporting between the governing
board, administration, staff, and any related bodies or external organizations that have a role in managing the charter school.

q. A staffing chart for the charter school’s first year and a staffing plan for the duration of the charter school contract.

r. Plans for recruiting and developing school administrators, staff, and governing board members and the charter school’s employment policies, including performance evaluation plans.

s. Proposed governing bylaws for the charter school.

t. Identification and explanation of any partnerships or contractual relationships with the founding group or any of the founding group or school board’s members that are related to the charter school’s operations or mission.

u. The charter school’s plans for providing transportation services, food service, and all other operational or ancillary services (including compliance with any requirement imposed by federal law on public charter schools).

v. Proposed opportunities and expectations for parent involvement.

w. A detailed school start-up plan and five-year plan, including all relevant assumptions used, identifying timelines for charter school finances, budget, and insurance coverage; facility construction, preparation, and contingencies; and the identification of persons or positions responsible for each such item.

x. Evidence of anticipated fundraising contributions, if any.

y. Evidence of the founding group’s success in serving student populations similar to that which is proposed in the application and if the founding group operates other charter schools, evidence of past performance of such other charter schools and evidence of the founding group’s capacity for an additional charter school.

z. A description of the proposed charter school’s staff performance evaluation measures and compensation structure, methods of contract oversight and dispute resolution, investment disclosures, and conflicts of interest.

aa. A proposed duration and outline of the charter school contract, including designation of roles, authority, and duties of the governing board and the charter school staff.

ab. The specific statutes and administrative rules with which the charter school does not intend to comply. The department shall provide technical assistance to the applicant concerning statutes and administrative rules that may be waived under the charter school contract in order to facilitate the goals of the charter school.

19.7(2) Conversion of existing attendance center: If the founding group proposes to establish a charter school by converting an existing attendance center of the school district, the state board shall not approve the application unless the founding group submits evidence that the attendance center’s teachers and parents or guardians of students enrolled at the existing attendance center voted in favor of the conversion. A vote in favor of conversion under this subrule requires the support of a majority of the teachers employed at the school on the date of the vote and a majority of the parents or guardians voting whose children are enrolled at the school, provided that a majority of the parents or guardians eligible to vote participate in the ballot process. Voting could include the following: signing a petition, a ballot, etc. Electronic voting is permitted, provided that it is secure and creates an auditable record. Voting methods must be accessible, including accessible to individuals with a disability. Regardless of the method, documentation is required and must be maintained for inspection by the state board or the department. A parent or guardian voting in accordance with this subrule must be a resident of this state.

[ARC 6078C, IAB 12/15/21, effective 1/19/22]

281—19.8(256E) Founding group-state board model. A founding group may apply to the state board for approval to establish and operate a charter school within the boundaries of the state that operates as a new attendance center independently from a public school district. The application shall demonstrate the founding group’s academic and operational vision and plans for the proposed charter school, demonstrate the founding group’s capacity to execute the vision and plans, and provide the state board a clear basis for assessing the founding group’s plans and capacity.
19.8(1) **Founding group-state board model application.** An application submitted under this rule shall include all of the following items related to the proposed charter school:

- An executive summary.
- The mission and vision of the proposed charter school, including identification of the targeted student population and the community the school intends to serve.
- The location of the proposed charter school or the proposed geographic area within the state where the school is proposed to be located.
- Identification of the grades to be served each school year during the duration of the charter school contract.
- Minimum, planned, and maximum enrollment per grade for each school year during the duration of the charter school contract.
- Evidence of need and community support for the proposed charter school.
- Background information on the members of the founding group and background information on the governing board, administration, and management personnel of the proposed charter school, if available (if any or all of this information is not available, a projected date by which it will be available).
- The charter school’s proposed operations calendar and sample daily schedule.
- A description of the academic program and identification of ways the program aligns with state academic standards.
- A description of the charter school’s instructional model, including the type of learning environment, class size and structure, curriculum overview, and teaching methods.
- The charter school’s plan for using internal and external assessments to measure and report student progress on the performance framework in accordance with Iowa Code section 256E.9.
- Plans for identifying and serving students with disabilities, students who are limited English proficient, students who are academically failing or below grade level, and gifted students, including but not limited to compliance with applicable laws and regulations.
- A description of cocurricular and extracurricular programs and how the programs will be funded and delivered.
- Plans and timelines for student recruitment, enrollment, and transfers, including enrollment preferences and procedures for conducting transparent admissions selections, including admissions lotteries.
- The proposed code of student conduct, including applicable procedures and disciplinary sanctions for both general students and special education students.
- A chart or description of the charter school’s organizational structure and the duties and powers of each position or group, including the delineation of authority and reporting between the governing board, staff, and any related bodies or external organizations that have a role in managing the charter school.
- A staffing chart for the charter school’s first year and a staffing plan for the duration of the charter school contract.
- Plans for recruiting and developing school administrators, staff, and governing board members and the charter school’s employment policies, including performance evaluation plans.
- Proposed governing bylaws for the charter school.
- Identification and explanation of any partnerships or contractual relationships with an education service provider that are related to the charter school’s operations or mission.
- The charter school’s plans for providing transportation services, food service, and all other operational or ancillary services (including compliance with any requirement imposed by federal law on public charter schools).
- Proposed opportunities and expectations for parent involvement.
- A detailed school start-up plan and five-year plan, including all relevant assumptions used, identifying timelines for charter school finances, budget, and insurance coverage; facility construction, preparation, and contingencies; and the identification of persons or positions responsible for each such item.
- Evidence of anticipated fundraising contributions, if any.
y. If the application includes a proposal that the governing board contracts with an education service provider, evidence of the education service provider’s success in serving student populations similar to that which is proposed in the application and if the education service provider operates other charter schools, evidence of past performance of such other charter schools and evidence of the education service provider’s capacity for growth.

z. If the application includes a proposal that the governing board contracts with an education service provider, a description of the education service provider’s staff performance evaluation measures and compensation structure, methods of contract oversight and dispute resolution, investment disclosures, and conflicts of interest.

   aa. A proposed duration and outline of the charter school contract, including designation of roles, authority, and duties of the governing board and the charter school staff.

   ab. The specific statutes and administrative rules with which the charter school does not intend to comply. The department shall provide technical assistance to the applicant concerning statutes and administrative rules that may be waived under the charter school contract in order to facilitate the goals of the charter school.

19.8(2) Special rule. A charter school application under this rule shall not be approved if the founding group has another pending application under this rule.

[ARC 6078C, IAB 12/15/21, effective 1/19/22]

281—19.9(256E) Charter school contract. Within the later of 30 days following approval of a charter school application or upon the satisfaction of all reasonable conditions imposed on the applicant in the charter school approval, if any, an enforceable and renewable charter school contract shall be executed between the founding group and the state board setting forth the academic and operational performance expectations and measures by which the charter school will be evaluated pursuant to Iowa Code sections 256E.9 and 256E.10, rules 281—19.10(256E) and 281—19.13(256E), and the other rights and duties of the parties.

19.9(1) Initial contract. An initial charter school contract shall be granted for a term of five school budget years. The charter school contract shall include the beginning and ending dates of the charter school contract term.

19.9(2) Delay of opening. An approved charter school may delay its opening for a period of time not to exceed one school year in order to plan and prepare for the charter school’s opening. If the charter school requires an opening delay of more than one school year, the charter school may request an extension from the state board.

19.9(3) Signed contract. Each charter school contract shall be signed by the president of the state board and the president or appropriate officer of the governing body of the founding group.

19.9(4) Notification of charter school. Within 15 days of the execution of a charter school contract entered into by the state board, the state board shall notify the department and the department of management of the name of the charter school and any applicable education service provider, the proposed location of the charter school, and the charter school’s first year projected enrollment.

19.9(5) Commencing operations. A charter school approved under this chapter shall not commence operations without a valid charter school contract executed in accordance with this rule and approved in an open session of the state board.

19.9(6) Conditions prior to opening. The contract may provide for requirements or conditions to govern and monitor the start-up progress of an approved charter school prior to the opening of the charter school including but not limited to conditions to ensure that the charter school meets all building, health, safety, insurance, and other legal requirements.

19.9(7) Contract governing multiple charter schools. A charter school contract may be amended to govern multiple charter schools operated by the same applicant and approved by the state board. However, each charter school that is part of a charter school contract shall be separate and distinct from any other charter school governed by the contract.

[ARC 6078C, IAB 12/15/21, effective 1/19/22]
281—19.10(256E) Performance framework. The performance provisions within the charter school contract shall be based on a performance framework that clearly sets forth the academic and operational performance indicators, measures, and metrics that will guide the evaluation of the charter school by the state board, without compromising individual student privacy.

19.10(1) The performance framework shall include:
   a. Student academic growth and proficiency in English language arts on statewide outcome assessments.
   b. Student academic growth and proficiency in mathematics on statewide outcome assessments.
   c. Achievement gaps in both proficiency and growth on statewide outcome assessments between specified populations or groups of students, including groups based on gender, race, poverty, special education status, limited English proficiency, and gifted status.
   d. Benchmark status on early literacy approved screening measure(s) in grades kindergarten through 3.
   e. Attendance.
   f. Conditions for learning data (as required by Iowa’s state plan under the Every Student Succeeds Act).
   g. Enrollment attrition and mobility.
   h. Postsecondary readiness for students in grades 9 through 12.
   i. Goals specified in the charter school’s mission.
   j. Financial performance and sustainability.
   k. Governing board performance and stewardship, including compliance with all applicable laws, regulations, and terms of the charter contract.

19.10(2) Annual performance targets shall be agreed upon between each charter school and the state board. Such performance targets shall be contained in the charter school contract and shall be designed to help each charter school meet applicable federal, state, and local standards. The performance targets contained in the charter school contract may be amended by mutual agreement after the charter school is operating and has collected initial achievement data for the charter school’s students.

19.10(3) The state board is responsible for collecting, analyzing, and reporting all data from state assessments and other state data sources in accordance with the performance framework. However, all efforts shall be made by all parties to the charter school contract to eliminate or reduce duplicative data reporting requirements.

19.10(4) Multiple charter schools operating under a single charter school contract shall be required to report performance data as separate, individual schools, with each charter school held independently accountable for performance.

19.10(5) Each charter school established under this chapter shall be evaluated and ranked by the department pursuant to the attendance center performance ranking system developed and adopted by the department.

[ARC 6078C, IAB 12/15/21, effective 1/19/22]

281—19.11(256E) General operating powers and duties. In order to fulfill the charter school’s public purpose, a charter school established under this chapter shall be organized as a nonprofit education organization.

19.11(1) Operating powers. A charter school established under this chapter shall have all the powers necessary for carrying out the terms of the charter school contract including but not limited to the following, as applicable:
   a. Receive and expend funds for charter school purposes.
   b. Secure appropriate insurance and enter into contracts and leases.
   c. Contract with an education service provider for the management and operation of the charter school so long as the governing board retains oversight authority over the charter school.
   d. Incur debt in anticipation of the receipt of public or private funds.
   e. Pledge, assign, or encumber the charter school’s assets to be used as collateral for loans or extensions of credit.
f. Solicit and accept gifts or grants for charter school purposes unless otherwise prohibited by law or by the terms of its charter school contract.

g. Acquire from public or private sources real property for use as a charter school or a facility directly related to the operations of the charter school.

h. Sue and be sued in the charter school’s own name.

i. Operate an education program that may be offered by any noncharter public school or school district.

19.11(2) Exemptions. A charter school established under this chapter is exempt from all state statutes and rules and any local rule, regulation, or policy, applicable to a noncharter school, except that the charter school shall do all of the following:

a. Meet all applicable federal, state, and local health and safety requirements (including but not limited to mandatory reporting of child abuse under Iowa Code section 232.69, investigation of abuse by school employees under 281—Chapter 102, and seclusion and restraint under 281—Chapter 103) and laws prohibiting discrimination on the basis of race, creed, color, sex, sexual orientation, gender identity, national origin, religion, ancestry, or disability. If approved under Iowa Code section 256E.4 and rule 281—19.7(256E), the charter school shall be subject to any court-ordered desegregation in effect for the school district at the time the charter school application is approved, unless otherwise specifically provided for in the desegregation order.

b. Operate as a nonsectarian, nonreligious school.

c. Be free of tuition and application fees to Iowa resident students between the ages of 5 and 21 years.

d. Be subject to and comply with Iowa Code chapters 216 and 216A relating to civil and human rights.

e. Provide special education services in accordance with Iowa Code chapter 256B.

f. Be subject to the same financial audits, audit procedures, and audit requirements as a school district. The audit shall be consistent with the requirements of Iowa Code sections 11.6, 11.14, 11.19, and 279.29, and Iowa Code section 256.9(20), except to the extent deviations are necessary because of the program at the school. The department, the auditor of state, or the legislative services agency may conduct financial, program, or compliance audits.

g. Be subject to and comply with the requirements of Iowa Code section 256.7(21) and the educational standards of Iowa Code section 256.11, unless specifically waived by the state board during the application process.

h. Provide instruction for at least the number of days or hours required by Iowa Code section 279.10(1), unless specifically waived by the state board as part of the application process.

i. Comply with the requirements of this chapter.

j. Conduct governing board meetings in a manner that is open to the public. The governing board shall be a governmental body for purposes of Iowa Code chapters 21 and 22. All records, documents, and electronic data of the charter school and of the governing board shall be public records and shall be subject to the provisions of Iowa Code chapter 22 relating to the examination of public records.

19.11(3) Teachers. A charter school shall employ or contract with teachers, as defined in Iowa Code section 272.1, who hold valid licenses with an endorsement for the type of instruction or service for which the teachers are employed or under contract.

19.11(4) Administrators. The chief administrator of the charter school shall be one of the following:

a. An administrator who holds a valid license under Iowa Code chapter 272.

b. A teacher who holds a valid license under Iowa Code chapter 272.

c. An individual who holds an authorization to be a charter school administrator issued by the board of educational examiners under Iowa Code chapter 272. The board of educational examiners shall adopt rules for the issuance of such authorizations not later than December 31, 2021, and such authorizations shall only be valid for service or employment as a charter school administrator.

19.11(5) Admissions. A charter school shall not discriminate in its student admissions policies or practices on the basis of intellectual or athletic ability, measures of achievement or aptitude, or status as a person with a disability. However, a charter school may limit admission to students who are within a
particular range of ages or grade levels or on any other basis that would be legal if initiated by a school district. Enrollment priority shall be given to the siblings of students enrolled in a charter school.

19.11(6) Enrollment. A charter school shall enroll an eligible student who submits a timely application unless the number of applications exceeds the capacity of a program, class, grade level, or building. In this case, students must be accepted by lot. Upon enrollment of an eligible student, the charter school shall notify the public school district of residence not later than March 1 of the preceding school year.

19.11(7) Governing board.

a. Each charter school governing board shall be required to adopt a conflict of interest policy and a code of ethics for all board members and employees.

b. Each charter school governing board shall adopt a policy regarding the hiring of family members to avoid nepotism in hiring and supervision. The policy shall include but is not limited to a disclosure to the governing board of potential nepotism in hiring and supervision. Any person subject to the policy with a conflict shall not be involved in the hiring decision or supervision of a potential employee.

c. Individuals compensated by an education service provider are prohibited from serving as a voting member on the governing board of any charter school unless the state board waives such prohibition.

d. If the charter school is operated by an education service provider, the governing board of the charter school shall have access to all records of the education service provider that are necessary to evaluate any provision of the contract or evaluate the education service provider’s performance under the contract.

e. A majority of the membership of each charter school’s governing board shall be residents of the geographic area served by the charter school. Each member of the governing board who is not a resident of the geographic area served by the charter school must be a resident of this state.

f. The governing board shall post the charter school’s annual budget on the charter school’s Internet site for public viewing within ten days of approval of the budget. Each posted budget shall continue to be accessible for public viewing on the Internet site for all subsequent budget years.

281—19.12(256E) Funding.

19.12(1) Each student enrolled in a charter school established under this chapter shall be counted, for state school foundation purposes, in the student’s district of residence pursuant to Iowa Code section 257.6(1) “a”(9), including any applicable amounts under Iowa Code section 256B.9. For purposes of this rule, residence means a residence under Iowa Code section 282.1.

19.12(2) The school district of residence shall pay to the charter school in which the student is enrolled in the manner required under Iowa Code section 282.18, and pursuant to the timeline in Iowa Code section 282.20(3), an amount equal to the sum of the state cost per pupil for the previous school year, plus the teacher leadership supplement state cost per pupil for the previous fiscal year as provided in Iowa Code section 257.9, plus any moneys received for the student as a result of the non-English speaking weighting under Iowa Code section 280.4(3) for the previous school year, multiplied by the state cost per pupil for the previous year. If a student is an eligible pupil under Iowa Code section 261E.6, the charter school shall pay the tuition reimbursement amount to an eligible postsecondary institution as provided in Iowa Code section 261E.7.

19.12(3) For a student requiring special education, the school district of residence shall pay to the charter school the actual costs incurred in providing the appropriate special education.

19.12(4) For each student enrolled in the charter school who was not included in the actual enrollment of the district of residence under Iowa Code section 257.6(1) in the previous school year, the amount otherwise required to be paid under subrule 19.12(2) or 19.12(3) shall instead be paid by the department to the charter school for the student’s initial year of enrollment in the charter school.

19.12(5) There is appropriated annually from the general fund of the state to the department of education an amount necessary to pay all applicable amounts to charter schools under subrule 19.12(4).
19.12(6) The charter school shall complete and provide to the students’ school districts of residence all documentation necessary to seek Medicaid reimbursement for eligible services.

19.12(7) If necessary, and pursuant to rules adopted by the state board, funding amounts required under this rule for the first school year of a new charter school shall be based on enrollment estimates for the charter school included in the charter school contract. Initial amounts paid using estimated enrollments shall be reconciled during the subsequent payment based on actual enrollment of the charter school during the first school year.

19.12(8) If a charter school is eligible for federal funds, those federal funds will be calculated and distributed based on relevant federal statute and regulation.

19.12(9) For purposes of this rule, each charter school shall notify the district of residence of each child in a time and manner that allow the district of residence to include the child in the district’s certified enrollment and any other relevant enrollment data.

[ARC 6078C, IAB 12/15/21, effective 1/19/22]

19.13(1) Monitoring. The state board shall monitor the performance and compliance of each charter school the state board approves, including collecting and analyzing data according to the charter school contract in order to meet the requirements of this chapter. Such oversight may include inquiries and investigation of the charter school so long as the activities are consistent with the intent of this chapter, adhere to the terms of the charter school contract, and do not unduly inhibit the autonomy granted to the charter school. Any performance report resulting from an inquiry or investigation under this rule shall, upon conclusion of such action, be included in the annual report required under Iowa Code section 256E.12.

19.13(2) Annual report. As part of the charter school contract, the charter school shall submit an annual report to assist the state board in evaluating the charter school’s performance and compliance with the performance framework.

19.13(3) Noncompliance or unsatisfactory performance. If a charter school’s performance under the charter school contract or compliance with applicable laws or rules is unsatisfactory, the state board shall notify the charter school of the perceived problem and provide reasonable opportunity for the school to remedy the problem, unless the problem warrants revocation, in which case the revocation provisions of this rule apply.

19.13(4) Corrective actions and sanctions. The state board may take appropriate corrective actions or impose sanctions, other than revocation, in response to deficiencies in the charter school’s performance or compliance with applicable laws and rules. Such actions or sanctions may include requiring the charter school to develop and execute a corrective action plan within a specified time period.

19.13(5) Renewal. A charter school contract may be renewed for periods of time not to exceed an additional five years.

19.13(6) Charter school performance report. Annually, by June 30, the state board shall issue a charter school performance report and charter school contract renewal application guidance to each charter school whose charter school contract will expire during the following school budget year. The performance report shall summarize the charter school’s performance record to date based on the data required by the charter school contract and by this chapter and shall identify concerns that may jeopardize renewal of the charter school contract if not remedied. The charter school shall have 60 days to respond to the performance report and submit any corrections or clarifications for the report.

19.13(7) Renewal application guidance. The renewal application guidance shall, at a minimum, include the criteria that will be used when assessing charter school contract renewal decisions and provide an opportunity for the charter school to:

a. Present additional evidence beyond the data contained in the performance report.

b. Describe improvements undertaken or planned for the charter school.

c. Describe the charter school’s plans, including any proposed modifications, for the next charter school contract term.
19.13(8) Application deadlines. No later than October 1, the governing board of a charter school seeking renewal shall submit a renewal application to the state board pursuant to the renewal application guidance. A renewal or denial shall be approved by resolution of the state board within 60 days following the filing of the renewal application.

19.13(9) State board responsibilities. Unless eligible for expedited renewal under subrule 19.13(13), when reviewing a charter school contract renewal application, the state board shall do all of the following:
   a. Use evidence of the school’s performance over the term of the charter school contract in accordance with the applicable performance framework.
   b. Ensure that data used in making renewal decisions is available to the charter school and the public.
   c. Provide a report summarizing the evidence that served as a basis for the decision.

19.13(10) Revocation or nonrenewal. A charter school contract may be revoked at any time or not renewed if the state board determines that the charter school did any of the following:
   a. Committed a material violation of any of the terms, conditions, standards, or procedures required under the charter school contract or this chapter.
   b. Failed to meet or make sufficient progress toward the performance expectations set forth in the charter school contract.
   c. Failed to meet generally accepted standards of fiscal management.
   d. Violated a provision of law from which the charter school was not exempted.

19.13(11) Contract revocation and nonrenewal standards and procedures. The state board shall develop charter school contract revocation and nonrenewal standards and procedures that do all of the following:
   a. Provide the charter school with a timely notice of the possibility of revocation or nonrenewal and of the reasons therefor.
   b. Allow the charter school a reasonable period of time in which to prepare a response to any notice received.
   c. Provide the charter school an opportunity to submit documents and give testimony challenging the decision to revoke the charter school contract or the decision to not renew the contract.
   d. Allow the charter school the opportunity to hire legal representation and to call witnesses.
   e. Permit the audio or video recording of such proceedings described in paragraphs 19.13(11)”c” and “d.”
   f. Require a final decision to be conveyed in writing to the charter school.

19.13(12) Reasons for revocation or nonrenewal. A decision to revoke or to not renew a charter school contract shall be by resolution of the state board and shall clearly state the reasons for the revocation or nonrenewal.

19.13(13) Expedited renewal. If a charter school has been evaluated and graded to be in the exceptional category on the attendance center rankings, or the highest rated category under a succeeding evaluation system, under the evaluation and grading required under Iowa Code section 256E.9(5), for the immediately preceding two school years, and the charter school is in compliance with the current charter school contract and all provisions of this chapter, the charter school’s application renewal under subrule 19.13(8) shall be renewed for an additional period of time equal to the length of the original charter school contract or the most recent renewal of the contract, whichever is longer, unless the state board provides written notice to the charter school of the state board’s rejection of the expedited renewal within 60 days of the filing of the application. The state board shall not reject an expedited renewal application unless the state board finds exceptional circumstances for the rejection or seeks material changes to the charter school contract.

[ARC 6078C, IAB 12/15/21, effective 1/19/22]

19.14(1) Prior to any charter school closure decision, the state board shall develop a charter school closure protocol to ensure timely notice to parents and guardians, provide for the orderly transition of students and student records to new schools, and provide proper disposition of school funds, property,
and assets in accordance with the requirements of this chapter. The protocol shall specify required actions and timelines and identify responsible parties for each such action.

19.14(2) In the event of a charter school closure, the assets of the charter school shall be used first to satisfy outstanding payroll obligations for employees of the school, then to creditors of the school, then to the public school district in which the charter school operated, if applicable, and then to the state general fund. If the assets of the charter school are insufficient to pay all obligations of the charter school, the prioritization of the distribution of assets shall be consistent with this subrule and otherwise determined by the district court.

281—19.15(256E) Reports.

19.15(1) Annual report. Each charter school shall prepare and file an annual report with the department. The department shall prescribe by rule the required contents of the report, but each such report shall include information regarding student achievement, including annual academic growth and proficiency, graduation rates, and financial performance and sustainability. The reports are public records, and the examination, publication, and dissemination of the reports are governed by the provisions of Iowa Code chapter 22. The annual report is due to the department October 1 and shall include data for the prior school year. Required content includes:

a. The charter school’s mission statement, including a vision statement and goals, as well as data measuring goal attainment.

b. Student demographics, disaggregated by grade level and protected characteristics.

c. Attendance statistics and dropout rate (average daily attendance, dropout rate, student mobility).

d. Graduation data, including four-year and five-year graduation rates, credit accrual, and number of students on track for graduation.

e. Student achievement, including annual academic growth and proficiency, including Iowa statewide assessment of student progress (ISASP) data, other assessment data, and aggregate assessment test scores.

f. Financial performance, including projections of financial stability.

g. The number and qualifications of teachers and administrators.

h. Sustainability data, including enrollment trends, staff satisfaction, and parent and student satisfaction.

19.15(2) Annual financial report. Each charter school shall submit a Certified Annual Report consistent with the requirements of 281—Chapter 99. The annual financial report is due to the department by September 15.

19.15(3) Report to general assembly. The state board shall prepare and file with the general assembly by December 1, annually, a comprehensive report with findings and recommendations relating to the charter school program in the state and whether the charter school program under this chapter is meeting the goals and purposes of the program. The report also shall contain, for each charter school, a copy of the charter school’s mission statement, attendance statistics and dropout rate, aggregate assessment test scores, projections of financial stability, and the number and qualifications of teachers and administrators.

[ARC 6078C, IAB 12/15/21, effective 1/19/22]

281—19.16(256E) Operation of existing charter schools. Charter schools established pursuant to Iowa Code chapter 256F and 281—Chapter 68 prior to July 1, 2021, shall continue to operate pursuant to those chapters and shall not be subject to the requirements of this chapter and of Iowa Code chapter 256E.

[ARC 6078C, IAB 12/15/21, effective 1/19/22]

These rules are intended to implement Iowa Code chapter 256E.

DIVISION I
APPROVAL STANDARDS

281—21.1(260C) Definitions. For purposes of this chapter, the indicated terms are defined as follows:

“Department” means the Iowa department of education.

“Director” means the director of the department.

[ARC 8646B, IAB 4/7/10, effective 5/12/10]

281—21.2(260C) Administration.

21.2(1) Policy manual. A community college board of directors shall develop and maintain a policy manual which adequately describes the official policies of the institution.

21.2(2) Administrative staff. A community college shall develop an administrative staff appropriate to the size and the purpose of the institution and one which permits the institution to function effectively and efficiently. This administrative staff shall provide effective leadership for the major divisions of the institution including administrative services, adult and continuing education, career and technical education, college parallel education, and student services.

21.2(3) Chief executive officer. A community college shall have a chief executive officer who shall also be the executive officer of the board of directors. The executive officer shall be responsible for the operation of the community college with respect to its educational program, its faculty and student services programs, and the use of its facilities. The executive officer shall delegate to the staff all necessary administrative and supervisory responsibilities to ensure an efficient operation of the institution.

21.2(4) Financial records and reports. The community college shall maintain accurate financial records and make reports in the form and pursuant to the timeline prescribed by the department and other state agencies.

21.2(5) Enrollment. A community college shall meet minimum enrollment requirements if it offers instruction as authorized in Iowa Code chapter 260C, and if, to the satisfaction of the state board of education, it is able to provide classes of reasonable economic size as needed by students, meets the needs of the students, and shows by its past and present enrollment and placement record that it meets individual and employment needs.

21.2(6) Catalog. The catalog shall be the official publication of the community college. It shall include accurate information on institutional policies, admissions requirements, procedures and fees, refund policies, residency requirements, program enrollment and degree requirements, due process procedures, affirmative action, and other information as recommended by the department. Students’ rights and responsibilities may be included in the catalog or in a separate document.

21.2(7) Admissions and program/course enrollment requirements. The community college shall maintain an open-door admission policy for students of postsecondary age. This admission policy shall recognize that students should demonstrate a reasonable prospect for success in the program in which they are admitted. Applicants who cannot demonstrate a reasonable prospect for success in the program for which they apply should be assisted to enroll in courses where deficiencies may be remediated or into programs appropriate to the individual’s preparation and objectives. The community college may set reasonable requirements for student enrollment in specified programs and courses. Admissions and program enrollment requirements established by each community college shall be published in the community college catalog.

21.2(8) Academic year. The academic year of the community college shall consist of semester, trimester, or quarter terms, and shall be a period of time beginning with the first day of the fall term and
continuing through the day preceding the start of the next fall term as indicated in the official college calendar. A community college may offer instruction in units of length (i.e., days and weeks) consistent with the identified scope and depth of the instructional content.

21.2(9) Award requirements. The director shall approve all new credit certificate, diploma, and degree award programs in accordance with Iowa Code section 260C.14. Awards from a community college shall be certified by the issuance of appropriate recognition, pursuant to award approval requirement guidelines issued by the department, indicating the type of program the student has completed. The minimum number and maximum number of credit hours required for each award type contained within this subrule may be waived pursuant to paragraph 21.2(13)"i." Each award shall meet the expectations of statewide articulation agreements between Iowa community colleges and public universities.

a. Associate of arts (AA). The degree is awarded upon completion of a college parallel (transfer) course of study that provides a strong general education component to satisfy the lower division general education liberal arts and sciences requirements for a baccalaureate degree. An associate of arts degree shall consist of a minimum of 60 semester (90 quarter) credit hours and a maximum of 64 semester (96 quarter) credit hours.

b. Associate of science (AS). The degree is awarded upon completion of a course of study that requires a strong background in mathematics or science. The degree is intended to prepare students to transfer and initiate upperdivision work in baccalaureate programs. An associate of science degree awarded upon completion of an arts and sciences course of study shall consist of a minimum of 60 semester (90 quarter) credit hours and a maximum of 64 semester (96 quarter) credit hours.

c. Associate of general studies (AGS). The degree is awarded upon completion of an individualized course of study that is primarily designed for the acquisition of a broad educational background rather than the pursuit of a specific college major or professional/technical program. The AGS is intended as a flexible course of study and may include specific curriculum in lower division transfer, occupational education, or professional-technical education. It shall not include a marketed course of study. An associate of general studies degree shall consist of a minimum of 60 semester (90 quarter) credit hours and a maximum of 64 semester (96 quarter) credit hours.

d. Associate of applied science (AAS). The degree is awarded upon completion of a state-approved program of study that is intended to prepare students for entry-level career and technical occupations. An associate of applied science degree shall consist of a minimum of 60 semester (90 quarter) credit hours and a maximum of 86 semester (129 quarter) credit hours. The general education component of the associate of applied science degree program shall consist of a minimum of 15 semester (22.5 quarter) credit hours of general education and shall include at least one course from each of the following areas: communications, social science or humanities, and mathematics or science. A maximum of 3 semester (4.5 quarter) credit hours of the required 15 general education credits may be documented through an integrated, embedded, and interdisciplinary model adopted by the chief academic officers of the 15 community colleges in consultation with the department. The technical core of the associate of applied science degree shall constitute a minimum of 50 percent of the course credits.

e. Associate of applied arts (AAA). The degree is awarded upon completion of a state-approved program of study that is primarily intended for career training in providing students with professional skills for employment in a specific field of work such as arts, humanities, or graphic design. An associate of applied arts degree shall consist of a minimum of 60 semester (90 quarter) credit hours and a maximum of 86 semester (129 quarter) credit hours. The general education component of the associate of applied arts degree program shall consist of a minimum of 15 semester (22.5 quarter) credit hours of general education and shall include at least one course from each of the following: communications, social science or humanities, and mathematics or science. A maximum of 3 semester (4.5 quarter) credit hours of the required 15 general education credits may be documented through an integrated, embedded, and interdisciplinary model adopted by the chief academic officers of the 15 community colleges in consultation with the department. The technical core of the associate of applied arts degree shall constitute a minimum of 50 percent of the course credits.
f. **Associate of professional studies (APS) pilot.** The degree is awarded upon completion of a state-approved program of study that is intended to prepare students for transfer and upper division coursework in aligned baccalaureate programs or immediate entry into the workforce.

(1) Pilot awards shall be approved on a limited basis at the director’s sole discretion. To be eligible to participate in the pilot, a college shall demonstrate that other award types cannot meet needs and the associate of professional studies award is appropriate. The department shall study the effectiveness of associate of professional studies programs with regard to transfer and employment success after five years and make recommendations to the state board of education regarding program parameters and continuation.

(2) Each state-approved associate of science-career option (AS-CO) program of study shall be phased out by the end of the 2015-2016 academic year. All existing AS-CO programs shall be modified to meet the parameters of allowable award types or shall be discontinued.

(3) An associate of professional studies degree shall consist of a minimum of 62 semester (93 quarter) credit hours and a maximum of 68 semester (102 quarter) credit hours. The general education component of the associate of professional studies degree shall consist of a minimum of 30 semester (45 quarter) credit hours of general education including 3 semester (4.5 quarter) credit hours of each of the following: speech, mathematics, humanities, social and behavioral sciences, science; 6 semester (9 quarter) credit hours of writing; and 9 semester (13.5 quarter) credit hours distributed among mathematics, social and behavioral sciences, humanities, and science. The technical core of the associate of professional studies degree shall consist of a minimum of 16 semester (24 quarter) credit hours of career and technical coursework accepted by a receiving baccalaureate degree-granting institution with an aligned program as applying toward a specific major or program of study. The technical core of the degree shall also consist of a minimum of 16 additional semester (24 quarter) credit hours of career and technical coursework accepted by the receiving institution as electives.

(4) An associate of professional studies degree program of study shall have a minimum of three program-to-program articulation agreements with baccalaureate degree-granting institutions, at least one of which must be a public institution. A program shall have a minimum of one articulation agreement effective prior to program implementation, provided all three agreements are effective within the program’s first year of student enrollment. The agreements shall provide for the application of no fewer than 60 semester (90 quarter) credit hours toward the graduation requirements of each articulated baccalaureate degree program.

g. **Diploma.** The diploma is awarded upon completion of a state-approved program of study that is a coherent sequence of courses consisting of a minimum of 15 semester (22.5 quarter) credit hours and a maximum of 48 semester (72 quarter) credit hours including at least 3 semester (4.5 quarter) credit hours of general education. The general education component shall be from any of the following areas: communications, social science or humanities, and mathematics or science. The technical core of the diploma shall constitute a minimum of 70 percent of the course credits. A diploma may be a component of and apply toward subsequent completion of an associate of applied science or associate of applied arts degree.

h. **Certificate.** The certificate is awarded upon completion of a state-approved program of study that is designed for entry-level employment and shall consist of a maximum of 48 semester (72 quarter) credit hours. A certificate may be a component of and apply toward subsequent completion of a diploma or associate of applied science or associate of applied arts degree and may be developed in rapid response to the needs of business and industry. A certificate may consist of only career and technical courses and no general education course requirements.

21.2(10) **Academic records.** The community college shall maintain in perpetuity for each student the complete academic record including every course attempted and grade received. An official transcript must be created at the time of course enrollment. The credit hour(s) and grade must be recorded on the student’s official transcripts upon completion of a community college course. These records shall be kept in disaster-resistant storage, unless other equivalent safeguards are used, such as maintaining duplicate files (electronic or otherwise) in separate facilities. The method of storage shall be consistent
with current technology to ensure the ability to retrieve records. The community college shall implement a security plan that ensures the confidentiality of student records.

21.2(11) Residency status and tuition. A student who has been admitted to an Iowa community college shall be classified as a resident or as a nonresident for admission, tuition, and fee purposes. A student classified as a resident shall pay resident tuition costs. A student classified as a nonresident shall pay nonresident tuition costs. Tuition rates are established by a community college’s board of trustees pursuant to Iowa Code section 260C.14(2).

a. Tuition rates. Tuition rates adopted by a community college’s board of trustees shall be consistent with the following requirements.

1. Resident tuition.
   1. Tuition for residents shall not exceed the lowest tuition rate per semester, or the equivalent, for a full-time student charged by an institution of higher education under the state board of regents.
   2. For students of high school age enrolled in a course through a contractual agreement with a school district, the limit on resident tuition shall not apply, and the amount of tuition shall be determined by the community college’s board of trustees with the consent of the school board.
   3. Resident tuition rates shall not require department approval.

2. Nonresident tuition. Tuition for nonresidents shall be not less than the marginal cost of instruction of a student attending the college. The establishment of nonresident tuition rates shall not require department approval, with the exception of rates established pursuant to paragraphs 21.2(11) “a”(2)”2” and “3” and 21.2(11) “a”(3).

   1. International student tuition rates. A separate nonresident rate for international students shall be permissible, provided the rate is reasonable and reflects the cost of appropriate services.
   2. Reciprocal agreements. A lower tuition rate for nonresidents is permitted under a reciprocal tuition agreement between a community college and an educational institution in another state, if the rate established in the agreement is approved by the department.
   3. Other nonresident rates. Other nonresident tuition rates may be established for specific purposes provided the tuition rate is greater than the resident tuition rate, the tuition rate is not less than the marginal cost of instruction, and the arrangement is approved by the department.

3. Consortia. A separate tuition rate for residents and nonresidents is permitted for courses delivered through a consortia agreement for online, distance education, or other coursework between Iowa community colleges, if the rate established in the agreement is approved by the department. Tuition shall not be less than the lowest resident rate or higher than the highest nonresident rate of institutions within the consortium.

4. Noncredit course tuition. Tuition for noncredit continuing education courses shall be determined based on course costs and market demand. Tuition rates for courses that are not credit-bearing shall not require department approval.

5. Department approval. For tuition rates requiring department approval, the department shall approve rates which comply with the requirements set forth in this chapter. Before a rate is adopted by a community college’s board of trustees and charged to students, the community college shall request and receive approval for a tuition rate.

6. Reporting. A community college shall annually report all tuition rates and mandatory fees in a manner prescribed by the department.

7. Notification. A community college shall inform all students about residency status determinations, the appeal process, and tuition policies. Information shall be included in appropriate publications such as the college’s catalog, registration materials, Web site, and student handbook.

b. Determination of residency status. In determining a community college resident or nonresident classification, the primary determinant shall be the reason the student is in the state of Iowa. The second determinant shall be the length of time a student has resided in Iowa. If a student is in the state primarily for educational purposes, that student shall be considered a nonresident. The burden of establishing the reason a student is in Iowa for other than educational purposes rests with the student.

1. Procedure. The registrar or officially designated community college office shall require written documents, affidavits, or other related evidence deemed necessary to determine why a student is in Iowa.
A student shall be required to file at least two documents from different sources to determine residency status. Examples of acceptable documentation include: written and notarized documentation from an employer that the student is employed in Iowa or a signed and notarized statement from the student describing employment and sources of support; an Iowa state income tax return; an Iowa driver’s license; an Iowa vehicle registration card; an Iowa voter registration card; or proof of Iowa Homestead credit on property taxes. In all events, to be determined a resident of Iowa, the student must document residing in the state of Iowa for at least 90 days prior to the beginning of the term for which the student is enrolling.

1. If a student gives misleading or incorrect information for the purpose of evading payment of nonresident tuition, the student must pay the nonresident tuition for each term the student was not officially classified as a nonresident.

2. The procedures described in paragraph 21.2(11) “b” shall be administered by the registrar or staff designated by the community college.

(2) Residency of minor students. The domicile of a minor shall follow that of the parent with whom the minor resides, except where emancipation of said minor can be proven. The word “parent” herein shall include legal guardian or others in cases where the lawful custody of a minor has been awarded to persons other than the minor’s actual parents. A minor living with a resident of Iowa who is legally responsible for the minor shall be granted resident status if the minor has lived with the Iowa resident for at least 90 days immediately prior to enrollment. The residency status of an emancipated minor shall be based upon the same qualifications established for a student having attained majority.

(3) Residency of students who are not citizens of the United States. The residency status of students who are not citizens of the United States shall be determined consistent with the following procedures.

1. A student who is a refugee or who is granted asylum by an appropriate agency of the United States must provide proof of certification of refugee or asylum grantee status. A student may be accorded resident status for admission and tuition purposes when the student comes directly, or within a reasonable time, to the state of Iowa from a refugee facility or port of debarkation and has not established domicile in another state.

2. A student who has immigrant status, and the student’s spouse or dependent, may establish Iowa residency in the same manner as a United States citizen.

3. A student who has nonimmigrant status and who holds a nonstudent visa, and the student’s spouse or dependent, may establish residency in the same manner as a United States citizen. An alien who has nonimmigrant status and whose primary purpose for being in Iowa is educational is classified as nonresident.

4. A student who is a resident of an Iowa sister state may be classified as a resident or nonresident, in accordance with rules adopted by the college’s board of directors.

(4) Residency of federal personnel and dependents. A student, or the student’s spouse or dependent child, who has moved into the state of Iowa as the result of military or civil orders from the federal government, and the minor children of such student, is immediately an Iowa resident.

(5) Residency of veterans and family members and individuals covered under Section 702 of the Veterans Access, Choice and Accountability Act of 2014. A veteran of a uniformed service, a member of the National Guard, or the veteran’s or member’s spouse or dependent child shall be classified as an Iowa resident student and be eligible for resident tuition and fee amounts, if the veteran or national guard member meets the requirements of paragraph 21.2(11)”b” (5)”1,” “2,” or “3.”

1. The veteran has separated from a uniformed service with an honorable or general discharge, is eligible for benefits, or has exhausted benefits under the federal Post-9/11 Veterans Educational Assistance Act of 2008 or any other federal authorizing veteran educational benefits program.

2. The individual is an active duty military person or activated or temporarily mobilized National Guard member.

3. The individual is a covered person under Section 702 of the Veterans Access, Choice and Accountability Act of 2014 or subsequent legislation.

(6) Reclassification of residency status. It is the responsibility of a student to request a reclassification of residency status. If a student is reclassified as a resident for tuition purposes, such classification shall be effective beginning with the next term for which the student enrolls. In no case
shall reclassification to residency status be made retroactive for tuition and fee purposes, even though the student could have previously qualified for residency status had the student applied.

(7) Appeal. The decision on the residency status of a student for admission, tuition, and fee purposes may be appealed to a review committee established by the community college. The findings of the review committee may be appealed to the community college’s board of trustees, whose decision shall be a final administrative decision.

**21.2(12) Credit hours.** Credit hours shall be determined consistent with the following procedures.

a. Specifically stated criteria are minimal requirements only, which institutions may exceed at their discretion.

b. Conventional instruction is subdivided into four instructional methods as herein defined.

(1) Classroom work — lecture and formalized classroom instruction under the supervision of an instructor.

(2) Laboratory work — experimentation and practice by students under the supervision of an instructor.

(3) Clinical practice — applied learning experience in a health agency or office under the supervision of an instructor.

(4) Work experience — employment-related experience planned and coordinated by an institutional representative and the employer, with control and supervision of the student on the job being the responsibility of the employer.

c. No registration or orientation hours may be included when determining credit hours.

d. Institutions shall take into account the soundness of the learning environment being created by the scheduling sequence and length of classroom, laboratory, clinical, and work experience sessions. However, the final decision on these matters is left to the institutional administration so long as minimal standards are met.

e. Only minutes for students officially registered for courses or programs, including audit registration, may be included when determining credit hours.

f. Each community college must establish a policy that defines its methods of equating alternative instruction to credit hours and the process for evaluating the effectiveness of the alternative instruction to meet or exceed the expected student outcomes as if the course were taught utilizing conventional methods in paragraph 21.2(12) “b.” Colleges will be held accountable for evaluating and maintaining high-quality programs, and their evaluations may be subject to department review. Students shall be expected to meet all approved course requirements and shall be expected to demonstrate the acquisition of knowledge and competencies/outcomes at the same level as those obtained in traditional classroom settings, in the time frames set by the institution. Alternative courses or programs of study must be approved by the college’s review processes including faculty review and input. Courses shall be listed in the college catalog. Instructional formats for which alternative methods of determining credit hours are applicable include the following:

(1) Accelerated courses (study, programs). Courses or programs of study that allow students to complete courses or programs at a faster pace than if offered by conventional methods. Courses and programs shall be tailored to involve more student participation and self-directed study. Instructors may teach in traditional classroom settings or by alternative methods specified in this subrule.

(2) Distance education. Courses or programs of study taught over the Internet, Iowa Communications Network (ICN), or other electronic means that allow students to receive instruction in the classroom or other sites, over personal computers, television, or other electronic means. Courses may or may not be interactive with direct communication between the teacher and students. Credit hours shall be awarded in accordance with the credit hours that would have been assigned if the course or program were taught by conventional methods.

1. Correspondence courses. Courses offered outside the classroom setting in which the instruction is delivered indirectly to the student. Instruction is provided through another medium, such as written material, computer, television, or electronic means. Course materials are sent to a student who follows a detailed syllabus to complete assignments. Students correspond with and transmit assignments to the instructor by telephone, computer, mail, or electronic means. A third party may administer tests.
2. Television courses. Courses or programs delivered primarily via broadcast television such as Iowa Public Television, digital video disc, or other media allowing students to receive instruction in a classroom or equipped remote location.

3. Video conference courses. Courses or programs delivered via a closed synchronous audio-video conferencing system such as the Iowa Communications Network or similar system which allows students to receive instruction in a classroom or any equipped remote location via an audio-video feed to a television, computer, or other electronic device.

4. Internet courses. Courses or programs delivered via the Internet. Courses may be taken using computers in a classroom setting or using personal computers or other electronic devices from the student’s home or other location using an online content management system or mixed-media methods. Students may be linked at times directly with the instructor or with other students electronically. Interaction may be direct (synchronous) or indirect (asynchronous) allowing students to participate during their own time frames.

5. In-class hybrid courses. Courses or programs that combine traditional classroom and computer-based instruction. In-class sessions are offered with online instructional activities to promote independent learning and reduce seat-time.

(3) Self-paced instruction. Courses or programs that permit a student to enter at variable times or progress at the student’s own rate of speed. Start and end dates may or may not correspond to the official college calendar. Contact or credit hours for self-paced programs or courses shall be computed by assigning to each registration the total number of credit or contact hours the student would have received if the student enrolled in a conventional program or course with stipulated beginning and ending dates.

(4) Arranged study. Instruction offered to students at times other than stated or scheduled class times to accommodate specific scheduling or program needs of students. Credit hours shall be awarded in accordance with the credit hours that would have been assigned if the course or program were taught by conventional methods.

(5) Multiformat nontraditional instruction. Instruction utilizing a variety of nontraditional methods that may incorporate self-paced learning, text, video, computer instructional delivery, accelerated training, independent study, Internet delivery, or other methods that do not follow standard classroom work guidelines. Credit hours shall be awarded in accordance with the credit hours that would have been assigned if the course or program were taught by conventional methods.

  g. Individualized learning experiences for which an equivalent course is not offered shall have the program length computed from records of attendance using such procedures as a time clock or sign-in records. Individualized learning experiences means independent study courses in which an equivalent course is not offered by the college or listed in the college catalog. Independent study permits in-depth or focused learning on special topics of particular interest to the student.

  h. Each course must have a minimum length of one credit hour. A fractional unit of credit may be awarded provided the course exceeds the minimum length of one credit hour.

  i. Each credit hour shall consist of a minimum number of contact hours as defined in paragraphs 21.2(12) “h” to “m.” One contact hour equals 50 minutes.

  j. Classroom work.

  (1) The minimal requirement for one semester hour of credit shall be 800 minutes (16 contact hours) of scheduled instruction.

  (2) The minimal requirement for one quarter hour of credit shall be 533 minutes (10.7 contact hours) of scheduled instruction.

  k. Laboratory work.

  (1) The minimal requirement for one semester hour of credit shall be 1,600 minutes (32 contact hours) of scheduled laboratory work.

  (2) The minimal requirement for one quarter hour of credit shall be 1,066 minutes (21.3 contact hours) of scheduled laboratory work.

  l. Clinical practice.

  (1) The minimal requirement for one semester hour of credit shall be 2,400 minutes (48 contact hours) of scheduled clinical practice.
(2) The minimal requirement for one quarter hour of credit shall be 1,599 minutes (32 contact hours) of scheduled clinical practice.

m. Work experience.

(1) The minimal requirement for one semester hour of credit shall be 3,200 minutes (64 contact hours) of scheduled work experience.

(2) The minimal requirement for one quarter hour of credit shall be 2,132 minutes (42.6 contact hours) of scheduled work experience.

21.2(13) Career and technical program length.

a. Program length for the associate of applied science (AAS) degree in career and technical education, for the associate of applied arts (AAA) degree, and for the associate of professional studies (APS) degree shall consist of an academic program not to exceed two academic years. All required course offerings are to be available within two academic years. All required offerings in AAS and AAA degree programs shall not exceed a maximum of 86 semester (129 quarter) credit hours unless the department of education has granted a waiver pursuant to paragraph 21.2(13) "i." All required offerings in pilot APS degree programs shall not exceed a maximum of 68 credit hours. Programs shall not exceed an average of 19 credit hours per regular term.

b. All credit-bearing courses required for program admittance or graduation, or both, shall be included in the program length credit hour maximum, with the exception of developmental course credit hours. Prerequisites that provide an option to students for either credit or noncredit shall be counted toward the program parameters. Prerequisite options that are only offered for noncredit shall not be counted toward program length parameters. A high school course prerequisite is permissible and shall not count toward program length parameters, provided the prerequisite is reasonable. A high school course prerequisite is reasonable if a community college demonstrates that students entering the program predominantly meet the requirement without prior college coursework.

c. Associate of applied science (AAS) and associate of applied arts (AAA) programs that receive accreditation from nationally recognized accrediting bodies may appeal maximum credit hour length requirements to the department for consideration of a waiver. All AAS and AAA degree programs over the 86 semester (129 quarter) credit hour maximum must have approved program-length waivers pursuant to paragraph 21.2(13) "i."

d. Associate of professional studies pilot programs shall not be eligible for a program-length waiver pursuant to paragraph 21.2(13) "i."

e. All credit certificate and diploma programs as defined in subrule 21.2(9) shall not exceed 48 semester (72 quarter) credit hours.

f. Each course offered in the area of career and technical education shall be taught in the shortest practical period of time at a standard consistent with the quality and quantity of work needed to prepare the student for successful employment in the occupation for which instruction is being offered.

g. A full-time student in career and technical education shall be defined as a student enrolling in 12 or more semester credit hours or the equivalent in career and technical education.

h. Curricula in full-time career and technical education programs shall ordinarily be offered on the basis of student workload of 20 to 30 contact hours per week.

i. Waiver process. A college may petition the department to suspend in whole or in part a program-length requirement contained in paragraphs 21.2(13) "a" to "e" as applied to a specific program on the basis of the particular circumstances of that program.

(1) Waivers shall be issued at the director’s sole discretion. Waivers shall be narrowly tailored and granted for a period no longer than two academic years, after which reapplication is required. A waiver may be granted on a long-term basis not to exceed ten years if issuing the waiver for a shorter period is not practical.

(2) All petitions for waiver must be submitted in writing to the department. A petition shall include the following information: specific waiver request including scope and duration, the relevant facts that the petitioner believes would justify a waiver, a detailed statement of the impact on student achievement, any information known regarding the department’s treatment of similar cases, and any
additional information deemed relevant by the petitioner. The department shall acknowledge a petition upon receipt.

(3) The department shall ensure that, within 30 calendar days, notice of pendency of the petition and a concise summary of its contents have been provided to a committee consisting of the chief academic officers of each community college. In addition, the department may give notice to other persons.

(4) A committee consisting of the chief academic officers of a majority of community colleges shall review the waiver request and provide a recommendation to the department regarding whether approval should be granted. Within 90 calendar days of receiving the recommendation, the department shall review the petition and issue a ruling. Failure of the department to grant or deny a petition within the required time period shall be deemed a denial of that petition. If a waiver is issued, the department shall provide a description of the precise scope and operative period to all interested parties.

21.2(14) Faculty organization. The faculty shall be organized in such a way as to promote communication among administration, faculty and students and to encourage faculty participation in the development of the curriculum, instructional procedures, general policies, and such other matters as are appropriate.

21.2(15) Faculty salary allocation plan. Pursuant to the appropriation of funds from the state general fund to the department for the purpose of supplementing community college faculty salaries, the department follows the formula herein when distributing such funds to community colleges.

a. For purposes of this subrule, the following definitions apply.

(1) “Full-time faculty” means those nonadministrative instructors, counselors, and librarians who are classified as full-time employees as defined in the college’s collective bargaining agreement or written policy.

(2) “Part-time faculty” means those nonadministrative instructors, counselors, and librarians who are employed less than full-time as defined in the college’s collective bargaining agreement and who are covered by the college’s collective bargaining agreement. For purposes of the definition of “eligible full-time equivalent instructor,” each part-time faculty person shall be counted as a fraction that accurately reflects the person’s percentage of employment by the college when compared to a full-time faculty person.

(3) “Temporary/seasonal faculty” means those nonadministrative instructors, counselors, and librarians who are employed, full-time or part-time, by the college for short periods of time for specific purposes.

(4) “Adjunct faculty” means those nonadministrative instructors, counselors, and librarians who are employed without a continuing contract, whose teaching load does not exceed one-half time for two full semesters or three full quarters per calendar year.

(5) “Eligible full-time equivalent instructor” means the total of full-time faculty and part-time faculty where each full-time faculty counts as one, and each part-time faculty counts as a fraction that accurately reflects the person’s percentage of employment by the college when compared to a full-time faculty person.

b. The appropriation shall be distributed to the community colleges based on their proportional share of eligible full-time equivalent instructors.

c. Moneys distributed to each community college pursuant to this subrule shall be rolled into the funding allocation for all future years. The use of the funds shall remain as described herein for all future years. The appropriation will be distributed to the community colleges in equal monthly payments made on or about the fifteenth of each month.

d. Moneys appropriated and distributed to community colleges pursuant to this subrule shall be used to supplement and not supplant any approved faculty salary increases or negotiated agreements, excluding the distribution of the funds herein. Eligible expenditures for the moneys appropriated are for salary expenditures and the required college contribution to FICA and IPERS or an alternative retirement benefits system. These moneys shall then be considered as part of the instructor’s salary in future years.

e. Moneys distributed to a community college pursuant to this subrule shall be allocated to all full-time faculty and shall include part-time faculty covered by a collective bargaining agreement. The moneys shall be allocated pursuant to any existing negotiated agreements according to Iowa Code chapter
20. If no language exists to specify the method of allocation, the moneys shall be allocated equally to all full-time faculty with part-time faculty who are covered by a collective bargaining agreement receiving a prorated share.

f. A community college receiving funds distributed pursuant to this subrule shall determine the amount to be paid to instructors in accordance with Iowa Code section 260C.18D, subsection 4, and the amount determined to be paid to an individual instructor shall be divided evenly and paid in each pay period of the fiscal year.

This rule is intended to implement Iowa Code section 260C.33.

281—21.3(260C) Associate of arts and associate of science transfer major programs.

21.3(1) General program. Each community college shall offer a general college parallel program of study leading to an associate of arts award or an associate of science award, pursuant to subrules 21.2(9) and 21.4(2). These programs shall offer courses equivalent to the first two years of a baccalaureate program and shall not be discipline-specific.

21.3(2) Transfer majors. A community college may establish discipline-specific transfer major programs to improve student recruitment, advising, and success and enhance transferability of associate-level courses into aligned baccalaureate degree programs. The transfer major program shall consist of discipline-relevant credits from an approved discipline framework which satisfies the requirements of paragraph 21.3(2) “b.” A community college shall ensure all students are appropriately advised regarding the availability, structure, purpose, and other pertinent information related to the transfer major program.

a. Degree option. A transfer major shall be embedded within an associate of arts or associate of science degree which meets the requirements of this chapter and any applicable statewide transfer agreement between the Iowa community colleges and public universities. Credits within the transfer major may be utilized to fulfill the general education requirements of an associate of arts or associate of science degree, as appropriate.

b. Discipline framework. Each approved transfer major program shall adhere to the appropriate adopted discipline framework to ensure transferability with the aligned baccalaureate program of study at one or more public universities in Iowa.

(1) A discipline framework shall consist of a minimum of 18 discipline-relevant semester credits (27 quarter credits) that align with a framework of elements based on accepted practices of an aligned baccalaureate degree program of study at a public university in Iowa.

(2) The courses within the discipline framework shall articulate with a regionally accredited public university in Iowa so that the course credits are recognized by the university as fulfilling equivalent course requirements in at least one aligned baccalaureate degree program of study.

(3) If the requirements of subparagraph 21.3(2) “b”(2) cannot be achieved with at least one regionally accredited public university in Iowa, a request may be submitted to the department for articulation with a regionally accredited public institution in a contiguous state or a group of no less than three regionally accredited private postsecondary institutions which confer baccalaureate degrees, are based in Iowa, and are approved under Iowa Code chapter 261 to operate in the state of Iowa.

(4) The discipline framework shall be developed and adopted by a statewide committee convened by the department.

c. Use of term. Consistent with department guidance, each community college shall exclusively use the term “transfer major” to record the completion of an approved transfer major program on the student’s official transcript and other academic records, publish in the college catalog, and market the transfer major program to current and potential students and the general public. A community college shall not transcript, catalog, or market an associate of arts or associate of science program using other terms which contain or are synonymous with the term “major” or which imply a specialization within a subject area.
21.3(3) Approval. Per Iowa Code section 260C.14, each transfer major program shall be submitted to the department for approval utilizing the state system for program management. Approval shall be obtained prior to the enrollment of students in the transfer major program. The approval process shall not include components specific to career and technical education program approval, including advisory committees and labor market analysis.

21.3(4) Reporting. Each community college shall comply with data reporting requirements established by the department. The department shall produce and make available a report detailing enrollment and outcomes of participants in transfer major programs.

21.3(5) Effective date. The requirements of this rule shall take effect beginning with the 2019-2020 academic year. In implementing the provisions of this rule, the department shall consult key stakeholders including, but not limited to, representatives of Iowa’s community colleges and public universities.

Education[281]

Ch 21, p.11

281—21.4(260C) Curriculum and evaluation.

21.4(1) General education. General education is intended to provide breadth of learning to the community college experience. General education imparts common knowledge, promotes intellectual inquiry, and stimulates the examination of different perspectives, thus enabling people to function effectively in a complex and changing world. General education tends to emphasize oral and written communication, critical analysis of information, knowledge and appreciation of diverse cultures, ways of knowing and human expression, knowledge of mathematical processes and natural sciences investigations, and ethics. General education courses are not intended to be developmental in nature. Each community college is responsible for clarifying, articulating, publicizing, and assessing its general education program.

21.4(2) College parallel or transfer.

a. This program shall offer courses that are the equivalent of the first two years of a baccalaureate program and may also include: such courses as may be necessary to develop skills that are prerequisite to other courses and objectives; specialized courses required to provide career options within the college parallel or transfer program; and approved transfer major programs meeting the requirements of 281—21.3(260C). College parallel or transfer programs are associate of arts and associate of science degree programs. General education courses in college parallel or transfer programs are required to be college transfer courses. A follow-up of students terminating shall be conducted to determine how well students have succeeded and which adjustments in the curriculum, if any, need to be made.

b. Courses of a developmental or remedial nature or prefreshman level shall not bear college transfer credit and shall be clearly identified in the college catalog. Developmental courses on the transcript shall be identifiable through the adoption of the community college common course numbering system.

21.4(3) Career and technical education. Instruction shall be offered in career and technical education programs in no less than five different occupational fields as defined by the department. College parallel or transfer courses may be offered as needed in career and technical education programs. Career and technical education programs, including associate of science-career option programs, must meet program approval requirements set by the state board of education. The director shall approve new career and technical education programs. Instruction shall be offered in career and technical education programs, ensuring that they are competency-based, contain all minimum competencies required by the department, articulate with local school districts’ career and technical education programs, and comply with any applicable requirements in Iowa Code chapter 258. The occupational fields in which instruction is offered shall be determined by merged area and geographical area needs as identified by surveys in these areas. Occupational advisory committees may be used to assist in developing and maintaining instructional content, including leadership development.

21.4(4) Developmental education. Students who enter community colleges underprepared for postsecondary coursework are provided opportunities to improve their cognitive and noncognitive skills via developmental education academic and student support services. In an effort to enhance these opportunities, while respecting the local authority of Iowa’s community colleges, each college
shall adopt proven developmental education strategies to identify and address the needs of students, shorten the time to completion, prepare students for academic success, and reduce the financial burden for students underprepared for postsecondary coursework. Such proven strategies include, but are not limited to, multiple measures of placement; accelerated and integrated strategies, such as co-requisite models; and support services that address students’ cognitive and noncognitive needs. These reform efforts require collaboration among community colleges, school corporations, and education stakeholders to systemically expand proven strategies to prepare students for postsecondary success.

21.4(5) Adult and continuing education. Adult education shall be offered and may include adult basic education, adult continuing and general education, college parallel or transfer, high school completion, supplementary and preparatory career education programs, and other programs and experiences as may be required to meet the needs of people in the merged area.

21.4(6) Community services. The community colleges shall provide a program of community services designed to meet the needs of persons residing in the merged area. The purpose of the community service program shall be to foster agricultural, business, cultural, industrial, recreational and social development in the area.

281—21.5(260C) Library or learning resource center.

21.5(1) Facilities. Community college libraries or learning resource centers shall provide the facilities and resources needed to support the total educational program of the institution and shall show evidence that the facilities and the resources are being used effectively and efficiently. Adequate consideration shall be given to the seating, comfort, setting, and technology of the facility used to house the collection and learning resources.

21.5(2) Staffing. The library or learning resource center shall be adequately staffed with qualified professionals and skilled nonprofessional personnel.

21.5(3) Collection. The library and learning resource center materials collection of a community college shall be accessible and adequate in size and scope to serve effectively the number and variety of programs offered and the number of students enrolled, including distance and satellite sites. The library and learning resource center materials collection shall show evidence of having been selected by faculty as well as professional library or learning resource staff and shall be kept up-to-date through a planned program of acquisition and deletion. The library and learning resource center materials collection shall contain a range and number of print and nonprint materials and appropriate electronic information resources.

21.5(4) Expenditures. The budget of the library or learning resource center shall be appropriate for the programs and services offered by the institution. New programs and new curricula shall be reflected in library or learning resource center expenditures.

[ARC 8646B, IAB 4/7/10, effective 5/12/10]

281—21.6(260C) Student services. A program of student services shall be provided to meet the needs of students in the community college. The program of student services shall include, but not be limited to, the following functional areas:

1. Orientation to college and career opportunities and requirements.
2. Appraisal of individual potential.
3. Consultation with students about their plans, progress and problems.
4. Participation of students in activities that supplement classroom experiences.
5. Regulation to provide an optimal climate for social and academic development.
6. Services that facilitate community college attendance through a program of financial assistance, and facilitate transition to further education or employment.
7. Organization that provides for continuing articulation, evaluation and improvement of the student services program.

[ARC 8646B, IAB 4/7/10, effective 5/12/10]
281—21.7(260C) Laboratories, equipment and supplies. Laboratories, equipment and supplies shall be comparable with those used in the occupations for which instruction is offered. Similarly, college parallel or transfer courses shall be supported in a manner comparable to those conditions which prevail in standard, regionally accredited colleges and universities in which students may wish to transfer college credits.

[ARC 8646B, IAB 4/7/10, effective 5/12/10]

281—21.8(260C) Physical plant. The site, buildings and equipment of the community college shall be well maintained and in good condition. At a minimum, a five-year ongoing, systematic maintenance and facilities plan approved by the local community college board shall be in evidence. The physical plant shall be adequate in size and properly equipped for the program offered. All remodeling of existing facilities shall comply with Iowa Code chapter 104A and the federal Americans With Disabilities Act, 42 U.S.C. Section 12101 et seq.

[ARC 8646B, IAB 4/7/10, effective 5/12/10]

281—21.9(260C) Nonreimbursable facilities. No facility intended primarily for events for which admission may be charged nor any facility specially designed for athletic or recreational activities, other than physical education, shall be constructed with state-appropriated funds.

[ARC 8646B, IAB 4/7/10, effective 5/12/10]

The rules in this division are intended to implement Iowa Code chapter 260C and 2007 Iowa Acts, Senate File 601.

DIVISION II
COMMUNITY COLLEGE ENERGY APPROPRIATIONS

281—21.20 to 21.29 Reserved.

DIVISION III
INSTRUCTIONAL COURSE FOR DRINKING DRIVERS

281—21.30(321J) Purpose. The instructional course for drinking drivers is designed to inform the offender about drinking and driving and encourage the offender to assess the offender’s own drinking and driving behavior in order to select practical alternatives.

[ARC 1433C, IAB 4/30/14, effective 6/4/14]

281—21.31(321J) Course.

21.31(1) A course provided in accordance with Division III of this chapter shall be offered on a regular basis at each community college or by a substance abuse treatment program licensed under Iowa Code chapter 125. However, a community college shall not be required to offer the course if a substance abuse treatment program licensed under Iowa Code chapter 125 offers the course within the merged area served by the community college. A course provided in accordance with Division III of this chapter may be offered at a state correctional facility listed in Iowa Code section 904.102.

21.31(2) The department of education shall maintain a listing of all providers of approved courses in the state and publish this listing on the department’s Web site.
21.31(3) Individuals who reside outside the state of Iowa and who are required by the state of Iowa to take a course for drinking drivers shall have the opportunity to take the course in another state, provided the out-of-state course is comparable to those courses approved to be offered in the state of Iowa.

21.31(4) Enrollment in the course is not limited to persons ordered to enroll, attend, and successfully complete the course required under Iowa Code sections 321J.1 and 321J.17, subsection 2. Any person under the age of 18 who is required to attend the courses for violation of Iowa Code section 321J.2 or 321J.17 must attend a course offered by a substance abuse treatment program licensed under Iowa Code chapter 125.

21.31(5) An instructional course, including allowable delivery formats, shall be approved by the department of education in consultation with the community colleges, substance abuse treatment programs licensed under Iowa Code chapter 125, the Iowa department of public health, and the Iowa department of corrections. The course shall consist of at least 12 hours of instructional time. In-person instruction shall be delivered over a minimum of a two-day period in blocks not to exceed 4 hours with a minimum of a 30-minute break between blocks. Each student attending a course shall be provided with the appropriate course materials necessary to complete the course, which shall not be reused. The course shall be taught by an instructor certified by the curriculum provider to teach the course. Each course of instruction shall establish the following:

a. An understanding that alcohol-related problems could happen to anyone and that a person’s drinking choices matter. The course illustrates common views of society that prevent people from taking drinking choices seriously. Research is presented to challenge common views with an understanding that alcohol problems are related to lifestyle choices.

b. An understanding that specific low-risk choices will help reduce the risk of experiencing alcohol-related problems at any point in life. The course presents research-based, low-risk guidelines.

c. Methods of providing support for making low-risk choices.

d. An accurate description of the progression of drinking to the development of alcoholism to help people weigh the risk involved with high-risk drinking and to see how high-risk choices may jeopardize their lives and the lives of others.

e. Opportunities to develop a specific plan of action to follow through with low-risk choices. A list of community resources is provided for ongoing support and treatment as needed.

[ARC 9901B, IAB 12/14/11, effective 1/18/12; ARC 1433C, IAB 4/30/14, effective 6/4/14; ARC 5741C, IAB 6/30/21, effective 8/4/21]

281—21.32(321J) Tuition fee established.

21.32(1) Each person enrolled in an instructional course for drinking drivers shall pay to the community college or a substance abuse treatment program licensed under Iowa Code chapter 125 a tuition fee of $140 for the approved 12-hour course, plus a reasonable course materials fee. The court may allow an offender to combine the required course with a program that incorporates jail time. Reasonable fees may be assessed for costs associated with lodging, meals, and security.

21.32(2) A person shall not be denied enrollment in a course by reason of a person’s indigency. For court-ordered placement, the court shall determine a person’s indigency. In all other instances, the community college, substance abuse treatment program licensed under Iowa Code chapter 125, or state correctional facility shall determine indigence upon application.

[ARC 1433C, IAB 4/30/14, effective 6/4/14; ARC 3288C, IAB 8/30/17, effective 10/4/17; ARC 5741C, IAB 6/30/21, effective 8/4/21]

21.33(1) Students enrolled in Iowa. Each person enrolled in Iowa in an instructional course for drinking drivers under this chapter shall be charged an administrative fee of $15. This fee is in addition to tuition and shall be collected by the provider of the instructional course in conjunction with the tuition fee established under 281—21.32(321J). The administrative fee shall be forwarded to the department of education on a quarterly basis as prescribed by the department. If a student has been declared by the court as indigent, no administrative fee will be charged to that student.

21.33(2) Students enrolled in another state. Each person enrolled outside the state of Iowa in an instructional course for drinking drivers under this chapter shall be charged an administrative fee of
$37.50. This fee is in addition to tuition and shall be paid directly to the department of education by the student. Upon payment of the fee, the department of education shall review the educational component of the course taken by the student and shall inform the department of transportation whether the educational component is approved by the department of education.

281—21.34(321J) Advisory committee. A drinking driver education advisory committee shall be established by the department of education to serve in an advisory capacity to the department of education in matters relevant to the instructional course for drinking drivers. Membership on this committee shall include representatives from agencies currently offering the instructional course for drinking drivers and may include other stakeholders.

DIVISION V
STATE COMMUNITY COLLEGE FUNDING PLAN

281—21.45(260C) Purpose. A distribution plan for general state financial aid to Iowa’s community colleges is established for the fiscal year commencing July 1, 1999, and succeeding fiscal years. Funds appropriated by the general assembly to the department of education for general financial aid to community colleges shall be allocated to each community college in the manner defined in this chapter.

21.45(1) Distribution formula. Moneys appropriated by the general assembly from the general fund to the department for community college purposes for general state financial aid for a budget year shall be allocated to each community college by the department according to the provisions of Iowa Code section 260C.18C.

21.45(2) Each community college shall provide student and financial information in the manner and form as determined by the department and before the deadline announced by the department. If the community college fails to provide the student or financial information as required, the department shall estimate the full-time equivalent enrollment (FTEE) of that college that will be used in the state general aid distribution formula.

21.45(3) Each community college shall be required to hire an auditing firm to complete and submit the schedule of credit-hour and contact-hour enrollment and a letter certifying that specified department of education procedures were followed. These schedules will be used in calculating the college’s FTEE utilized in the community college state general aid distribution formula.

This rule is intended to implement Iowa Code section 260C.18C.

DIVISION IX
APPRENTICESHIP PROGRAM

281—21.72(260C) Purpose. The purpose of the apprenticeship program is to provide individuals, at least 16 years of age, except where a higher minimum age standard is otherwise fixed by law, employment to learn a skilled trade or an occupation; and to authorize each community college to establish or contract for the establishment of apprenticeship programs for apprenticeable occupations.

281—21.73(260C) Definitions. For the purpose of Division IX, the following definitions shall apply:

“Apprentice” shall mean a worker at least 16 years of age, except where a higher minimum age standard is otherwise fixed by law, who is employed to learn a skilled trade or occupation under the standards of apprenticeship.

“Apprenticeable occupation” is a skilled trade which possesses all of the following characteristics:

1. It is customarily learned in a practical way through a structured, systematic program of on-the-job, supervised training.
2. It is clearly identified and commonly recognized throughout an industry.
3. It involves manual, mechanical or technical skills and knowledge which require a minimum of 2,000 hours of on-the-job work experience.
4. It requires related instruction to supplement on-the-job training.

“Apprenticeship agreement” shall mean a written agreement between an apprentice and the apprentice’s employer, or an apprenticeship committee acting as the agent for the employer(s). The agreement contains the terms and conditions of the employment and training of the apprentice.

“Apprenticeship committee” shall mean those persons designated by the sponsor to act for it in the administration of the program. A committee may be “joint,” i.e., composed of an equal number of representatives of the employer(s) and of the employees represented by a bona fide collective bargaining agent(s), and is established to conduct, operate, or administer an apprenticeship program and enter into
apprenticeship agreements with apprentices. A committee may be “unilateral” or “nonjoint” and shall mean a program sponsor in which a bona fide collective bargaining agent is not a participant.

“Apprenticeship instructor” shall mean an instructor who delivers related and technical instruction in apprenticeship programs and who must meet the department’s requirements for career and technical instructors or be recognized as a subject matter expert. It is recommended that all apprenticeship instructors have training in teaching techniques and adult learning styles.

“Apprenticeship program” shall mean a plan containing all terms and conditions for the qualification, recruitment, selection, employment and training of apprentices, including such matters as required under 29 CFR Parts 29 and 30, including the requirement for a written apprenticeship agreement.

“Cancellation” shall mean the termination of the registration or approval status of a program at the request of the sponsor or termination of an apprenticeship agreement at the request of the apprentice.

“Certification” or “certificate” shall mean documentary evidence that at least one of the following has been met:

1. The Office of Apprenticeship has approved a set of National Guidelines for Apprenticeship Standards developed by a national committee or organization, joint or unilateral, or policy or guideline used by local affiliates, as conforming to the standards of apprenticeship set forth in 29 CFR Section 29.5;
2. A registration agency has established that an individual is eligible for probationary employment as an apprentice under a registered apprenticeship program.
3. A registration agency has registered an apprenticeship program as evidenced by a certificate of registration or other written indicia;
4. A registration agency has determined that an apprenticeship has successfully met the requirements to receive an interim credential; or
5. A registration agency has determined that an individual has successfully completed an apprenticeship.

“Competency” shall mean the attainment of manual or technical skill and knowledge as specified by an occupational standard.

“Employer” shall mean any person or organization employing an apprentice whether or not such person or organization is a party to an apprenticeship agreement with the apprentice.

“Journeyworker” shall mean a worker who has attained a level of skill and competency recognized within an industry as having mastered the skills and competencies required for the occupation.

“Office of Apprenticeship” shall mean the office designated by the Employment and Training Administration to administer the National Apprenticeship System or its successor organization.

“Registration agency” shall mean the Office of Apprenticeship.

“Registration of an apprenticeship agreement” shall mean the acceptance and recording of an apprenticeship agreement by the Office of Apprenticeship as evidence of the apprentice’s participation in a particular registered apprenticeship program.

“Related instruction” or “related technical instruction” shall mean an organized and systematic form of instruction designed to provide the apprentice with the core knowledge of the theoretical and technical subjects related to the apprentice’s occupation. Such instruction may be given in a classroom through occupational or industrial courses, by correspondence courses of equivalent value, by electronic media, or by other forms of self-study approved by the registration agency.

“Sponsor” shall mean any person, association, committee or organization operating an apprenticeship program and in whose name the program is (or is to be) registered or approved.

“Supplemental instruction” shall mean instruction in non-core-related requirements; for example, job site management, leadership, communications, first aid/CPR, field trips, and new technologies.

281—21.74(260C) Apprenticeship programs. For an apprenticeship program to be offered by a community college or a local educational agency, the program must be approved by the U.S. Department

[ARC 8646B, IAB 4/7/10, effective 5/12/10]

The rules in this division are intended to implement Iowa Code section 260C.44 and the National Apprenticeship Act, 29 U.S.C. Section 50, and 29 CFR Parts 29 and 30.

DIVISION X
MISCELLANEOUS PROVISIONS

281—21.75(260C.82GA, SF358) Used motor vehicle dealer education program. An applicant for a license from the department of transportation as a used motor vehicle dealer shall complete a minimum of eight hours of prelicensing education program courses pursuant to 2007 Iowa Acts, Senate File 358, prior to submitting the application. The education program courses are provided by community colleges or by the Iowa Independent Automobile Dealers Association in conjunction with a community college. The fee for both the prelicensing education program courses and continuing education courses shall not exceed $50 per contact hour of instruction, which shall include course materials and administrative costs.

This rule is intended to implement Iowa Code chapter 260C and 2007 Iowa Acts, Senate File 358.

CHAPTER 22
SENIOR YEAR PLUS PROGRAM

DIVISION I
GENERAL PROVISIONS

281—22.1(261E) Scope. The senior year plus program provides Iowa high school students access to advanced placement courses and a variety of means by which to concurrently access secondary and postsecondary credit. [ARC 8187B, IAB 10/7/09, effective 11/11/09]

281—22.2(261E) Student eligibility. A student shall meet all of the following criteria as a condition of participation in the programs described in Divisions IV and V of this chapter, except that a student enrolled in a career and technical course under Division IV does not have to meet the proficiency requirements set forth in paragraph 22.2(2)“b.” To the extent that postsecondary credit is available to a student under the programs described in Divisions III and VI, the student shall meet all of the following criteria. A student who desires to participate in the postsecondary enrollment options program under Division V of these rules also shall meet the eligibility requirements set forth in rule 281—22.16(261E).

22.2(1) Requirements established by postsecondary institution.
   a. The student shall meet the enrollment requirements established by the eligible postsecondary institution providing the course credit.
   b. The student shall meet or exceed the minimum performance measures on any academic assessments that may be required by the eligible postsecondary institution.
   c. The student shall have taken the appropriate course prerequisites, if any, prior to enrollment in the eligible postsecondary course, as determined by the eligible postsecondary institution delivering the course.

22.2(2) Requirements established by school district.
   a. The student shall have attained the approval of the school board or authorities in charge of an accredited nonpublic school, or the designee of the respective school governing body, and the eligible postsecondary institution to register for the postsecondary course.
   b. Demonstrated proficiency in reading, mathematics, and science.
      1. The student, except as otherwise provided in this paragraph, shall have demonstrated proficiency in reading, mathematics, and science as evidenced by achievement of any of the following:
         1. Demonstrated proficiency in all of the content areas of English language arts, including reading and writing; mathematics; and science, as evidenced by achievement scores on the most recent administration of the statewide assessment for which scores are available for the student. For purposes of this paragraph, starting in the school year beginning July 1, 2021, and each thereafter, the achievement scores from the state assessment administered during the school year beginning July 1, 2019, shall be considered the latest available scores. If the student was absent for the most recent administration of the statewide assessment, and such absence was not excused by the student’s school of enrollment, the student is deemed not to be proficient in any of the content areas.
      2. Measures of college readiness jointly agreed upon by the school board and the eligible postsecondary institution that allow a student to demonstrate competency in one or all of the required subject areas. Institutions shall ensure the following:
         • The measures of college readiness align to the proficiency levels established for the statewide assessment and reflect the competence of entering first-year students at the postsecondary institution.
         • The measures of college readiness are specified in a contract entered into by the participating institutions.
      3. Alternative but equivalent qualifying performance measures, if established by the school board. The school board is not required to establish equivalent performance measures, but if it does so, such measures may include but are not limited to additional administrations of the state assessment, portfolios of student work, student performance rubric, or end-of-course assessments.
(2) Measures established under subparagraphs 22.2(1)”b”(2) and 22.2(1)”b”(3) shall apply equally to all eligible students.

(3) A student who attends an accredited nonpublic school and desires to access postsecondary enrollment options shall meet the same eligibility criteria as students in the school district in which the accredited nonpublic school is located.

(4) A student under competent private instruction shall meet the same proficiency standard as students in the school district in which the student is dually enrolled and shall have the approval of the school board in that school district to register for the postsecondary course. In lieu of statewide assessment scores on the state assessment, a school district shall allow a student under competent private instruction to demonstrate proficiency in reading, mathematics, and science by any one of the following means:

1. By meeting the same alternative but equivalent qualifying performance measures established by the local school board for all students in the school district in which the student is dually enrolled;
2. By submitting the written recommendation of the licensed practitioner providing supervision to the student in accordance with Iowa Code section 299A.2;
3. As evidenced by achievement scores on the annual achievement evaluation required under Iowa Code section 299A.4;
4. As evidenced by a composite score of at least 21 on the college readiness assessment administered by ACT, Inc.;
5. As evidenced by a sum of at least 141 in critical reading, mathematics, and writing skills on the preliminary scholastic aptitude test (PSAT) administered by the College Board; or
6. As evidenced by a sum of at least 990 in critical reading and mathematics on the college readiness assessment (SAT) administered by the College Board.

[ARC 8187B, IAB 10/7/09, effective 11/11/09; ARC 9902B, IAB 12/14/11, effective 1/18/12; ARC 0526C, IAB 12/12/12, effective 1/16/13; ARC 4809C, IAB 12/18/19, effective 1/22/20; ARC 5326C, IAB 12/16/20, effective 1/20/21; ARC 5871C, IAB 8/25/21, effective 9/29/21]

281—22.3(261E) Teacher eligibility, responsibilities. A teacher employed to provide instruction under this chapter shall meet the following criteria:

22.3(1) Eligibility. The teacher shall meet the standards and requirements set forth which other full-time instructors teaching within the academic department are required to meet and which are approved by the appropriate postsecondary administration. An individual under suspension or revocation of an educational license or statement of professional recognition issued by the board of educational examiners shall not be allowed to provide instruction for any program authorized by this chapter. If the instruction for any program authorized by this chapter is provided at a school district facility, an accredited nonpublic school facility, or a neutral site, the teacher or instructor shall have successfully passed a background investigation conducted in accordance with Iowa Code section 272.2(17) prior to providing such instruction. The background investigation also applies to a teacher or instructor who is employed by an eligible postsecondary institution if the teacher or instructor provides instruction under this chapter at a school district facility, an accredited nonpublic school facility, or a neutral site. For purposes of this rule, “neutral site” means a facility that is not owned or operated by an institution.

22.3(2) Responsibilities. A teacher employed to provide instruction under this chapter shall do all of the following:

a. Collaborate, as appropriate, with other secondary or postsecondary faculty of the institution that employs the teacher regarding the subject area;

b. As assisted by the school district or accredited nonpublic school, provide ongoing communication about course expectations, teaching strategies, performance measures, resource materials used in the course, and academic progress to the student and, in the case of students of minor age, to the parent or guardian of the student;

c. Provide curriculum and instruction that are accepted as college-level work as determined by the institution;
281—22.4(261E) Institutional eligibility, responsibilities.

22.4(1) Requirements of both school district and eligible postsecondary institution.

a. The institutions shall ensure that students, or in the case of minor students, parents or guardians, receive appropriate course orientation and information, including but not limited to a summary of applicable policies and procedures, the establishment of a permanent transcript, policies on dropping courses, a student handbook, information describing student responsibilities, and institutional procedures for academic credit transfer.

b. The institutions shall ensure that students have access to student support services, including but not limited to tutoring, counseling, advising, library, writing and math labs, and computer labs, and student activities, excluding postsecondary intercollegiate athletics. If a fee is charged to other students of the eligible postsecondary institution for any of the above services, that fee may also be charged to participating secondary students on the same basis as it is charged to postsecondary students.

c. The institutions shall ensure that students are properly enrolled in courses that will carry college credit.

d. The institutions shall ensure that teachers and students receive appropriate orientation and information about the institution’s expectations.

e. The institutions shall ensure that the courses provided achieve the same learning outcomes as similar courses offered in the subject area and are accepted as college-level work.

f. The institutions shall review the course on a regular basis for continuous improvement, shall follow up with students in order to use information gained from the students to improve course delivery and content, and shall share data on course progress and outcomes with the collaborative partners involved with the delivery of the programming and with the department, as needed.

g. The institutions shall not require a minimum or a maximum number of postsecondary credits to be earned by a high school student under this chapter. However, no student shall be enrolled as a full-time student in any one postsecondary institution.

h. The institutions shall not place restrictions on participation in senior year plus programming beyond that which is specified in statute or administrative rule.

i. The institutions shall provide the teacher or instructor appropriate orientation and training in secondary and postsecondary professional development related to curriculum, pedagogy, assessment, policy implementation, technology, and discipline issues.

j. The institutions shall provide the teacher or instructor adequate notification of an assignment to teach a course under this chapter, as well as adequate preparation time to ensure that the course is taught at the college level. The specifics of this paragraph shall be locally determined.

22.4(2) Requirements of school district or accredited nonpublic school only.

a. Except as provided under Iowa Code sections 257.11(3) “c,” 279.50A and 261E.8(2) “b,” the school district or accredited nonpublic school shall certify annually to the department, as an assurance in the district’s or accredited nonpublic school’s basic education data survey, that the course provided to a high school student for postsecondary credit in accordance with this chapter supplements, and does not supplant, a course provided by the school district or accredited nonpublic school in which the student is enrolled. For purposes of these rules, to comply with the “supplement, not supplant” requirement, the content of a course provided to a high school student for postsecondary credit shall not consist of substantially the same concepts and skills as the content of a course provided by the school district or accredited nonpublic school.

b. The school district or accredited nonpublic school shall ensure that the background investigation requirement of subrule 22.3(1) is satisfied. The school district or accredited nonpublic school shall pay for the background investigation but may charge the teacher or instructor a fee not to exceed the actual cost charged the school district or accredited nonpublic school for the background investigation conducted. If the teacher or instructor is employed by an eligible postsecondary institution,
the school district or accredited nonpublic school shall pay for the background investigation but may request reimbursement of the actual cost to the eligible postsecondary institution.

**22.4(3) Requirements of eligible postsecondary institution only.**

a. All eligible postsecondary institutions providing programming under this chapter shall include the unique student identifier assigned to students while in the kindergarten through grade 12 system as a part of the institution’s student data management system.

(1) Eligible postsecondary institutions providing programming under this chapter shall cooperate with the department on data requests related to the programming.

(2) All eligible postsecondary institutions providing programming under this chapter shall collect data and report to the department on the proportion of females and minorities enrolled in science-, technology-, engineering-, and mathematics-oriented educational opportunities provided in accordance with this chapter.

b. The eligible postsecondary institution shall provide the teacher or instructor with ongoing communication and access to instructional resources and support, and shall encourage the teacher or instructor to participate in the postsecondary institution’s academic departmental activities.

**281—22.5(261E) Reserved.**

**DIVISION II DEFINITIONS**

**281—22.6(261E) Definitions.** For the purposes of this chapter, the indicated terms are defined as follows:

_*Concurrent enrollment*” means any course offered to students in grades 9 through 12 during the regular school year approved by the board of directors of a school district or authorities in charge of an accredited nonpublic school through a contractual agreement between a community college and the school district or authorities in charge of an accredited nonpublic school. The course shall meet the provisions of Iowa Code section 257.11(3).

_*Department*” means the department of education.

_*Director*” means the director of the department of education.

_*Dually enrolled*” means the status of a student who receives competent private instruction under Iowa Code chapter 299A and whose parent, guardian, or legal custodian has registered the student pursuant to Iowa Code section 299A.8 in a school district for any of the purposes listed therein, including, for purposes of these rules, participation in any part of the senior year plus program on the same basis as public school students.

_*Eligible postsecondary institution*” means an institution of higher learning under the control of the state board of regents, a community college established under Iowa Code chapter 260C, or an accredited private institution as defined in Iowa Code section 261.9.

_*ICN*” means Iowa communications network, the statewide system of educational telecommunications including narrowcast and broadcast systems under the public broadcasting division of the department of education and live interactive systems which allow, at a minimum, one-way video and two-way audio communication.

_*Institution*” means a school district, accredited nonpublic school, or eligible postsecondary institution delivering the instruction in a given program as authorized by this chapter.

_*School board*” means the board of directors of a school district or a collaboration of boards of directors of school districts.

_*State board*” means the state board of education.

_*Student*” means any individual in grades 9 through 12 enrolled or dually enrolled in a school district, or any individual in grades 9 through 12 enrolled in an accredited nonpublic school, who meets the criteria in rule 281—22.2(261E). For purposes of Division III (Advanced Placement Program) and Division
V (Postsecondary Enrollment Options Program) only, “student” also includes a student enrolled in an accredited nonpublic school or the Iowa School for the Deaf or the Iowa Braille and Sight Saving School.

DIVISION III
ADVANCED PLACEMENT PROGRAM

281—22.7(261E) School district obligations. All school districts shall comply with the following obligations but may do so through direct instruction, collaboration with another school district, or use of the Iowa online advanced placement academy. An international baccalaureate program is not an advanced placement program.

22.7(1) A school district shall provide descriptions of the advanced placement courses available to students using a course registration handbook.

22.7(2) A school district shall ensure that advanced placement course teachers are appropriately licensed by the board of educational examiners in accordance with Iowa Code chapter 272 and meet the minimum certification requirements of the national organization that administers the advanced placement program.

22.7(3) A school district shall establish prerequisite coursework for each advanced placement course offered and shall describe the prerequisites in the course registration handbook, which shall be provided to every junior high school or middle school student prior to the development of a core curriculum plan pursuant to Iowa Code section 279.61.

22.7(4) A school district shall make advanced placement coursework available to a dually enrolled student under competent private instruction if the student meets the same criteria as a regularly enrolled student of the district.

22.7(5) A school district shall make advanced placement coursework available to a student enrolled in an accredited nonpublic school located in the district if the student meets the criteria in subparagraph 22.2(2)“b”(3).

[ARC 8187B, IAB 10/7/09, effective 11/11/09]

281—22.8(261E) Obligations regarding registration for advanced placement examinations. The board of directors of a school district and the authorities in charge of an accredited nonpublic school shall ensure that any student enrolled who is interested in taking an advanced placement examination is properly registered for the examination. An accredited nonpublic school shall provide a list of students registered for advanced placement examinations to the school district in which the accredited nonpublic school is located. The school district and the accredited nonpublic school shall ensure that any student enrolled in the school district or school, as applicable, who is interested in taking an advanced placement examination and qualifies for a reduced fee for the examination is properly registered for the fee reduction.

DIVISION IV
CONCURRENT ENROLLMENT PROGRAM

281—22.11(261E) Applicability. The concurrent enrollment program, also known as district-to-community college sharing, promotes rigorous academic or career and technical pursuits by providing opportunities to high school students to enroll in eligible nonsectarian courses at or through community colleges established under Iowa Code chapter 260C.

22.11(1) The program shall be made available to all eligible resident students in grades 9 through 12.
a. Notice of the availability of the program shall be included in a school district’s student registration handbook, and the handbook shall identify which courses, if successfully completed, generate college credit under the program.

b. A student and the student’s parent or guardian shall also be made aware of this program as a part of the development of the student’s core curriculum plan in accordance with Iowa Code section 279.61.

22.11(2) A student enrolled in an accredited nonpublic school may access the program through the school district in which the accredited nonpublic school is located. A student receiving competent private instruction may access the program through the school district in which the student is dually enrolled and may enroll in the same number of concurrent enrollment courses as a regularly enrolled student of the district.

22.11(3) A student may make application to a community college and the school district to allow the student to enroll for college credit in a nonsectarian course offered by the community college. A comparable course, as defined in rules adopted by the board of directors of the school district, must not be offered by the school district or accredited nonpublic school which the student attends. The school board shall annually approve courses to be made available for high school credit using locally developed criteria that establish which courses will provide the student with academic rigor and will prepare the student adequately for transition to a postsecondary institution. A school district may not use concurrent enrollment courses to meet the accreditation requirements, except as provided in Division V of 281—Chapter 12.

22.11(4) If an eligible postsecondary institution accepts a student for enrollment under this division, the school district, in collaboration with the community college, shall send written notice to the student, the student’s parent or guardian in the case of a minor child, and the student’s school district. The notice shall list the course, the clock hours the student will be attending the course, and the number of hours of college credit that the student will receive from the community college upon successful completion of the course.

22.11(5) A school district shall grant high school credit to a student enrolled in a course under this division if the student successfully completes the course as determined by the community college and the course was previously approved by the school board pursuant to 22.11(3). The board of directors of the school district shall determine the number of high school credits that shall be granted to a student who successfully completes a course. Students shall not “audit” a concurrent enrollment course; the student must take the course for credit.

22.11(6) School districts that participate in district-to-community college sharing agreements or concurrent enrollment programs that meet the requirements of Iowa Code section 257.11(3) are eligible to receive supplementary weighted funding under that provision. Regardless of whether a district receives supplementary weighted funding, the district shall not charge tuition of any of its students who participate in a concurrent enrollment course.

22.11(7) Community colleges shall comply with the data collection requirements of Iowa Code section 260C.14(22). The data elements shall include but not be limited to the following:

a. An unduplicated enrollment count of eligible students participating in the program.

b. The actual costs and revenues generated for concurrent enrollment. An aligned unique student identifier system shall be established by the department for students in kindergarten through grade 12 and community college.

c. Degree, certifications, and other qualifications to meet the minimum hiring standards.

d. Salary information including regular contracted salary and total salary.

e. Credit hours and laboratory contact hours and other data on instructional time.

f. Other information comparable to the data regarding teachers collected in the basic education data survey.

281—22.12(261E) Transportation. Reserved.

281—22.13(261E) Accredited nonpublic school concurrent enrollment option.
22.13(1) Authorization. In addition to enrollment through a school district as authorized under subrule 22.11(2), students enrolled at an accredited nonpublic school may access concurrent enrollment coursework through a direct contract between the authorities in charge of an accredited nonpublic school and a community college.

22.13(2) General requirements. For any coursework delivered through a contract established pursuant to this rule, students, institutions, and instructors shall meet the requirements for concurrent enrollment established under rule 281—22.11(216E). However, such coursework is not eligible for funding under subrule 22.11(6).

22.13(3) Funding. Subject to the appropriation of funds by the Iowa legislature for such purposes, coursework delivered through a contract between the authorities in charge of an accredited nonpublic school and a community college pursuant to this rule may be eligible for funding under rule 281—97.8(261E).

22.13(4) Data collection. Institutions participating in a contract pursuant to this rule shall comply with data reporting and verification processes established by the department.

DIVISION V
POSTSECONDARY ENROLLMENT OPTIONS PROGRAM

281—22.14(261E) Availability. The senior year plus programming provided by a school district pursuant to this division may be but is not required to be available to students on a year-round basis.

[ARC 8187B, IAB 10/7/09, effective 11/11/09]

281—22.15(261E) Notification. The availability and requirements of this program shall be included in each school district’s student registration handbook. Information about the program shall be provided to the student and the student’s parent or guardian prior to the development of the student’s core curriculum plan under Iowa Code section 279.61. The school district shall establish a process by which students may indicate interest in and apply for enrollment in the program.

[ARC 8187B, IAB 10/7/09, effective 11/11/09]

281—22.16(261E) Student eligibility. Persons who have graduated from high school are not eligible for this program. Eligible students shall be residents of Iowa. “Eligible student” includes a student classified by the board of directors of a school district, by the state board of regents for students of the Iowa School for the Deaf and the Iowa Braille and Sight Saving School, or by the authorities in charge of an accredited nonpublic school as a ninth or tenth grade student who is identified according to the school district’s gifted and talented criteria and procedures, pursuant to Iowa Code section 257.43, as a gifted and talented child, or an eleventh or twelfth grade student, during the period the student is participating in the postsecondary enrollment options program. To be eligible to participate in a program under this division, a student must meet all criteria in rule 281—22.2(261E).

22.16(1) A student enrolled in an accredited nonpublic school who meets all eligibility requirements may apply to take courses under this division in the school district where the accredited nonpublic school is located, provided that neither the accredited nonpublic school nor the school district offers a comparable course.

22.16(2) A student under competent private instruction who meets the eligibility requirements in this rule and those in subparagraph 22.2(2) “b”(3) may apply to take courses under this division through the public school district in which the student is dually enrolled, provided that the resident school district does not offer a comparable course, and shall be allowed to take such courses on the same basis as a regularly enrolled student of the district.

22.16(3) Postsecondary institutions may require students to meet appropriate standards or requirements for entrance into a course. Such requirements may include prerequisite courses, scores on national academic aptitude and achievement tests, or other evaluation procedures to determine competency. Acceptance of a student into a course by a postsecondary institution is not a guarantee that a student will be enrolled in all requested courses. Priority may be given to postsecondary students
before eligible secondary students are enrolled in courses. However, once an eligible secondary student has enrolled in a postsecondary course, the student cannot be displaced by another student for the duration of the course. Students shall not “audit” postsecondary courses. The student must take the course for credit and must meet all of the requirements of the course which are required of postsecondary students.

[ARC 8187B, IAB 10/7/09, effective 11/11/09]

281—22.17(261E) Eligible postsecondary courses. These rules are intended to implement the policy of the state to promote rigorous academic pursuits.

22.17(1) Postsecondary courses eligible for students to enroll in under this division shall be limited to:

a. Nonsectarian courses;
b. Courses that are not comparable to courses offered by the school district where the student attends which are defined in rules adopted by the board of directors of the public school district;
c. Credit-bearing courses that lead to an educational degree;
d. Courses in the discipline areas of mathematics, science, social sciences, humanities, and vocational-technical education; and also the courses in career option programs offered by area schools established under the authorization provided in Iowa Code chapter 260C.

22.17(2) A school district or accredited nonpublic school district shall grant academic or vocational-technical credit to an eligible student enrolled in an eligible postsecondary course.

22.17(3) A course is ineligible for purposes of this rule if the school district has a contractual agreement with the eligible postsecondary institution under Iowa Code section 261E.8 that meets the requirements of Iowa Code section 257.11(3) and if the course may be delivered through such an agreement in accordance with Iowa Code section 257.11(3).

[ARC 8187B, IAB 10/7/09, effective 11/11/09; ARC 4809C, IAB 12/18/19, effective 1/22/20]

281—22.18(261E) Application process. To participate in this program, an eligible student shall make application to an eligible postsecondary institution to allow the eligible student to enroll for college credit in a nonsectarian course offered at the institution. A comparable course must not be offered by the school district or accredited nonpublic school the student attends. For purposes of these rules, “comparable” is not synonymous with identical, but means that the content of a course provided to a high school student for postsecondary credit shall not consist of substantially the same concepts and skills as the content of a course provided by the school district or accredited nonpublic school. If the postsecondary institution accepts an eligible student for enrollment under this division, the institution shall send written notice to the student, the student’s parent or guardian in the case of a minor child, and the student’s school district or accredited nonpublic school and the school district in the case of a nonpublic school student or student under competent private instruction, or the Iowa School for the Deaf or the Iowa Braille and Sight Saving School. The notice shall list the course, the clock hours the student will be attending the course, and the number of hours of college credit that the eligible student will receive from the eligible postsecondary institution upon successful completion of the course.

[ARC 8187B, IAB 10/7/09, effective 11/11/09]

281—22.19(261E) Credits. A school district, the Iowa School for the Deaf, the Iowa Braille and Sight Saving School, or an accredited nonpublic school shall grant high school credit to an eligible student enrolled in a course under this division if the eligible student successfully completes the course as determined by the eligible postsecondary institution.

22.19(1) The board of directors of the school district, the board of regents for the Iowa School for the Deaf and the Iowa Braille and Sight Saving School, or authorities in charge of an accredited nonpublic school shall determine the number of high school credits that shall be granted to an eligible student who successfully completes a course.

22.19(2) Eligible students may take up to seven semester hours of credit during the summer months when school is not in session and receive credit for that attendance, if the student pays the cost of attendance for those summer credit hours.
22.19(3) The high school credits granted to an eligible student under this division shall count toward the graduation requirements and subject area requirements of the school district of residence, the Iowa School for the Deaf, the Iowa Braille and Sight Saving School, or the accredited nonpublic school of the eligible student. Evidence of successful completion of each course and high school credits and college credits received shall be included in the student’s high school transcript.

[ARC 8187B, IAB 10/7/09, effective 11/11/09]

281—22.20(261E) Transportation. The parent or guardian of an eligible student who has enrolled in and is attending an eligible postsecondary institution under this division shall furnish transportation to and from the postsecondary institution for the student.

[ARC 8187B, IAB 10/7/09, effective 11/11/09]

281—22.21(261E) Tuition payments.

22.21(1) Not later than June 30 of each year, a school district shall pay a tuition reimbursement amount to a postsecondary institution that has enrolled its resident eligible students under this division, unless the eligible student is participating in open enrollment under Iowa Code section 282.18, in which case, the tuition reimbursement amount shall be paid by the receiving district. However, if a child’s residency changes during a school year, the tuition shall be paid by the district in which the child was enrolled as of the date specified in Iowa Code section 257.6(1) or the district in which the child was counted under Iowa Code section 257.6(1) “a”(6). For students enrolled at the Iowa School for the Deaf and the Iowa Braille and Sight Saving School, the state board of regents shall pay a tuition reimbursement amount by June 30 of each year. The amount of tuition reimbursement for each separate course shall equal the lesser of:

a. The actual and customary costs of tuition, textbooks, materials, and fees directly related to the course taken by the eligible student.

b. Two hundred fifty dollars.

22.21(2) An eligible postsecondary institution that enrolls an eligible student under this division shall not charge the student for tuition, textbooks, materials, or fees directly related to the course in which the student is enrolled except that the student may be required to purchase equipment that becomes the property of the student. For the purposes of this subrule, equipment shall not include textbooks.

[ARC 8187B, IAB 10/7/09, effective 11/11/09; ARC 5326C, IAB 12/16/20, effective 1/20/21]

281—22.22(261E) Tuition reimbursements and adjustments. The failure of a student to complete or otherwise to receive credit for an enrolled course requires the student, if 18 years of age or older, to reimburse the school district for the cost of the enrolled course. If the student is under 18 years of age, the student’s parent or guardian shall sign the student registration form indicating that the parent or guardian assumes all responsibility for the costs directly related to the incomplete or failed coursework. If documentation is submitted to the school district that verifies the student was unable to complete the course for reasons including but not limited to the student’s physical incapacity, a death in the student’s immediate family, or the student’s move to another school district, that verification shall constitute a waiver of the requirement that the student or parent or guardian pay the costs of the course to the school district. An eligible postsecondary institution shall make pro rata adjustments to tuition reimbursement amounts based upon federal guidelines established pursuant to 20 U.S.C. §1091b.

DIVISION VI

CAREER ACADEMIES

281—22.24(261E) Career academies. A career academy is a program of study as defined in 281—Chapter 46. A course offered by a career academy shall not qualify as a regional academy course.

22.24(1) A career academy course may qualify as a concurrent enrollment course if it meets the requirements of Iowa Code section 261E.8.
22.24(2) The school district providing secondary education under this division shall be eligible for supplementary weighting under Iowa Code section 257.11(2), and the community college shall be eligible for funds allocated pursuant to Iowa Code section 260C.18A.

22.24(3) Information regarding career academies shall be provided by the school district to a student and the student’s parent or guardian prior to the development of the student’s core curriculum plan under Iowa Code section 279.61.

281—22.25(261E) Reserved.

DIVISION VII
REGIONAL ACADEMIES

281—22.26(261E) Regional academies. A regional academy is a program established by a school district to which multiple school districts send students in grades 7 through 12. In addition to partnering with other school districts, the school district establishing a regional academy may enter into a contract or a chapter 28E agreement with one or more accredited nonpublic schools, area education agencies, community colleges, accredited public or nonpublic postsecondary institutions, businesses, and private agencies located within or outside of Iowa.

22.26(1) Purpose. A regional academy shall be established to build a culture of innovation for students and community; to diversify educational and economic opportunities by engaging in learning experiences that involve students in complex, real-world projects; and to develop regional or global innovation networks.

22.26(2) Curriculum. A regional academy shall include in its curriculum advanced-level courses. A regional academy may include in its curriculum career and technical courses and core curriculum coursework. The coursework may be delivered virtually, or via the ICN, asynchronous learning networks, or Internet-based delivery systems.

22.26(3) Supplementary weighting. School districts participating in regional academies are eligible for supplementary weighting as provided in Iowa Code section 257.11(2). The school districts participating in the regional academy shall enter into an agreement on how the funding generated by the supplementary weighting received shall be used and shall submit the agreement, as well as a copy of the minutes of meetings of the local school district boards of directors in which the boards approved the agreement, to the department for approval by October 1 of the year in which the districts intend to request supplementary weighting for the regional academy.

22.26(4) Student plan. Information regarding regional academies shall be provided to a student and the student’s parent or guardian prior to the development of the student’s core curriculum plan under Iowa Code section 279.61.

[ARC 8187B, IAB 10/7/09, effective 11/11/09; ARC 9902B, IAB 12/14/11, effective 1/18/12]

281—22.27(261E) Waivers for certain regional academies. A school district that establishes a regional academy may, but is not required to, submit to the department a request for waiver from any statutory or regulatory provision identified by the school district as a barrier to the school district’s goal of increasing student achievement or increasing competency-based learning opportunities for students. The school district shall submit a plan to the department demonstrating how the regional academy will increase student achievement or increase competency-based learning opportunities for students, how the regional academy will assess either the increase in student achievement or the increase in competency-based learning opportunities for students, and why the requested waiver or waivers are necessary. The waiver request and plan shall be submitted to the department for approval by January 1 of the school year immediately preceding the school year for which waiver is sought. The department may not waive or modify any statutory or regulatory provision relating to requirements applicable to school districts that pertain to audit requirements, investment of public funds, collective bargaining, open meetings, public records, civil rights, human rights, special education, contracts with
and discharge of teachers and administrators, powers and duties of school boards, teacher quality, and school transportation.

DIVISION VIII
INTERNET-BASED AND ICN COURSEWORK

281—22.28(261E) Internet-based coursework. The programming in this chapter may be delivered via Internet-based technologies. An Internet-based course may qualify for additional supplemental weighting if it meets the requirements of Division IV or Division VI of this chapter. To qualify as a senior year plus course, an Internet-based course must comply with the appropriate provisions of this chapter.

[ARC 8187B, IAB 10/7/09, effective 11/11/09; ARC 5871C, IAB 8/25/21, effective 9/29/21]

281—22.29(261E) ICN-based coursework. The ICN may be used to deliver coursework for the programming provided under this chapter subject to an appropriation by the general assembly for that purpose. A school district that provides courses delivered via the ICN shall receive supplemental funding as provided in Iowa Code section 257.11(7). To qualify as a senior year plus course, a course offered through the ICN must comply with the appropriate provisions of this chapter.

281—22.30 and 22.31 Reserved.

DIVISION IX
PROJECT LEAD THE WAY

281—22.32(261E) Project lead the way.

22.32(1) Program established. A project lead the way program is established to be administered by the department to promote rigorous science, technology, engineering, and mathematics pursuits.

22.32(2) Notification. A school district shall provide descriptions of the project lead the way courses available to students using a course registration handbook. The handbook shall identify which courses, if successfully completed, generate college credit under the program. Information about available project lead the way courses shall be provided to every junior high school student or middle school student prior to the development of a core curriculum plan pursuant to Iowa Code section 279.61.

22.32(3) Access. Students from accredited nonpublic schools and students receiving competent private instruction under Iowa Code chapter 299A may access the program through the school district in which the accredited nonpublic school or private institution is located.

22.32(4) Curriculum. A school district offering a project lead the way program must offer the curriculum developed by the national organization that administers the project lead the way program.

22.32(5) Instructor. A school district shall ensure that a teacher or instructor employed to provide instruction under this rule meets the following additional criteria:

a. The teacher shall have successfully completed the training required by the national organization that administers the project lead the way program.

b. The teacher shall meet the minimum requirements of the national organization that administers the project lead the way program.

c. The teacher shall participate, on a regular basis, in available professional development provided by the national organization that administers the project lead the way program.

22.32(6) Accreditation standards.

a. A project lead the way course may apply toward high school program accreditation standards pursuant to 281—subrule 12.5(5). To meet the requirement, the instructor must be appropriately licensed and endorsed by the board of educational examiners to teach the subject area of the accreditation standard.

b. If the project lead the way course being taught is within a career and technical education program or is one in a sequence of project lead the way courses which collectively are used to meet one
of the career and technical education sequential unit requirements of 281—Chapter 12, the program
must be approved by the department pursuant to 281—Chapter 46.

22.32(7) Collaborative project lead the way courses.

a. A collaborative program for project lead the way courses is established to be administered
by the department to promote rigorous science, technology, engineering, and mathematics pursuits in
partnership with a community college established under Iowa Code chapter 260C. The program shall be
made available to all resident students in grades 9 through 12.

b. A comparable course, as defined in rules adopted by the board of directors of the school district
consistent with department administrative rule, must not be offered by the school district or accredited
nonpublic school the student attends.

c. A school district shall be certified by the national organization that administers the project lead
the way program and have a signed agreement with that organization.

d. To be eligible, institutions, instructors, and students shall meet the requirements of Iowa Code
section 261E.3.

e. A school district may set additional eligibility requirements to ensure student readiness
to achieve success. All students in the shared course shall meet the expectations of the national
organization that administers the project lead the way program and shall be registered for college credit.

f. A district-to-community college sharing program for project lead the way courses that meets
the requirements of 281—subrule 97.2(6) is eligible for funding under that provision for collaborative
project lead the way career and technical education courses.

22.32(8) Credit.

a. The school district shall grant high school credit to a student enrolled in a project lead the way
course not offered by a community college. At a school district’s discretion, a project lead the way
course may count toward a school district’s graduation requirements provided that the teacher is licensed by the
board of educational examiners and endorsed within the subject area of the graduation requirement.

b. The school district shall grant high school credit to a student enrolled in a project lead the way
course for college credit under this chapter if the student successfully completes the course as determined
by the community college and the course was previously approved by the school board pursuant to Iowa
Code subsection 261E.8(3) and paragraph 22.2(2)“a.” If a student is not successful in completing a
project lead the way course as determined by the community college, the student’s high school transcript
shall reflect the failing grade. The board of directors of the school district shall determine the number of
high school credits that shall be granted to a student who successfully completes a project lead the way
course.

c. The school district may offer a project lead the way course as an articulated course. Articulated
courses shall be offered through an agreement between the district and postsecondary institution which
allows students to receive college credit at the postsecondary institution upon matriculation based on the
demonstrated mastery of concepts in the high school course. An articulated course shall not be delivered
by a postsecondary institution.

DIVISION X
SUMMER COLLEGE CREDIT PROGRAM

281—22.33(261E) Summer college credit program.

22.33(1) Program established. A summer college credit program is established to expand access
for high school students to high-quality career and technical education experiences aligned with career
pathways leading to postsecondary credentials and high-demand jobs. Programs approved under subrule
22.33(3) shall be offered during the summer term of an eligible postsecondary institution.

22.33(2) Type of coursework offered. The following provisions apply to coursework delivered
through an approved program under this rule.

a. Coursework eligible to be offered through an approved program under this rule shall be
technical core coursework within and prerequisite coursework for a career and technical education
program approved under 281—subrule 21.4(3).
b. The career and technical education program shall be aligned to in-demand occupations identified by the state workforce development board and community colleges pursuant to Iowa Code section 84A.1B(13A) as enacted by 2018 Iowa Acts, House File 2458.

c. Coursework delivered under this rule shall comply with the course requirements established under Iowa Code section 257.11(3). The course shall be ineligible for supplementary weighting under that section.

22.33(3) Program proposals. The department shall establish an annual process for the submission and review of proposals for summer college credit programs. A postsecondary institution eligible to offer programming under Division IV of this chapter may submit program proposals to the department.

a. Minimum components. The proposal shall detail the following components.

(1) A program description, including the course or courses to be made available through the program; total number of credit hours; additional cocurricular experiences and activities including project-, problem-, and work-based learning opportunities; additional support services to be made available through the program; and any other pertinent program information.

(2) The total number of students that the program is capable of serving.

(3) The start date and duration of the program.

b. Enrollment threshold. The postsecondary institution will propose, and the department will approve, a minimum program enrollment threshold. Programs that surpass the minimum enrollment threshold shall be eligible for funding under paragraph 22.33(4)“b.”

c. Review of proposals. The department shall establish a review process to evaluate all program proposals. In reviewing proposals, the department shall give priority consideration to program proposals that will ensure equitable geographic disbursement of approved programs. The department shall also give consideration to additional criteria including number of students served; alignment to in-demand occupations; the inclusion of extracurricular experiences with an emphasis on project-, problem-, and work-based learning opportunities; and the inclusion of provisions that address and remove barriers to participation for nontraditional students, underrepresented minority students, and low-income students.

d. Funding of proposals. A program proposal approved under this rule shall be funded under paragraph 22.33(4)“a” for the amount described under paragraph 22.33(3)“a.”

22.33(4) Disbursement of funds. Subject to the appropriation of funds, the department shall disburse funds to a postsecondary institution offering an approved program in the following manner. All funds received under this rule shall be used to support and sustain the approved program.

a. Base funding. The amount of funds reserved for base funding as specified in paragraph 22.33(4)“c” shall be distributed equally between approved programs.

b. Enrollment. Any funds not distributed under paragraph 22.33(4)“a” shall be distributed to postsecondary institutions offering an approved program with student enrollment greater than the minimum enrollment threshold.

(1) An approved program shall gather a count of students enrolled in the program on the third day following the start date of the program. The count of students enrolled in the program shall be submitted to the department in a manner prescribed by the department.

(2) Enrollment funding shall be calculated by the department for each program with enrollment greater than the minimum enrollment threshold. For purposes of this rule, the portion of enrollment funding to be received by a postsecondary institution offering an approved program shall be equal to the total student enrollment in the approved program divided by the total student enrollments statewide.

c. Subsequent years. In each of the subsequent three years following the implementation year, the portion of the allocation distributed based on enrollment shall increase by 10 percent each year until the minimum amount awarded based on enrollment is equal to 80 percent of the total allocation.

22.33(5) Availability. A postsecondary institution offering an approved program shall enter into a contract with a school district interested in making the program available to eligible students of the school district. The program shall be made available to any eligible student from a participating school district. An institution offering programming to a student under this rule shall comply with the requirements of Division IV of this chapter.
a. **Student eligibility.** To participate in an approved program, a student shall comply with the criteria established under rule 281—22.2(261E).

b. **Teacher eligibility.** A teacher assigned to provide instruction under this rule shall comply with the criteria established under rule 281—22.3(261E) and be a community college-employed instructor.

c. **Institutional eligibility.** Institutions offering an approved program under this rule shall comply with the criteria established under rule 281—22.4(261E).

These rules are intended to implement Iowa Code chapter 261E.

CHAPTER 23
ADULT EDUCATION AND LITERACY PROGRAMS
[Prior to 9/7/88, see Public Instruction Department[670] Ch 34]

281—23.1(260C) Definitions. For purposes of this chapter, the indicated terms are defined as follows:

“Adult education and literacy program” means adult basic education, adult education leading to a high school equivalency diploma under Iowa Code chapter 259A, English as a second language instruction, workplace and family literacy instruction, integrated basic education and technical skills instruction, and other activities specified in the Adult Education and Family Literacy Act, 20 U.S.C. Ch. 73 and subsequent federal workforce training and adult education legislation.

“Career pathways” means a combination of rigorous and high-quality education, training, and other services that:

1. Aligns with the skill needs of industries in the state or regional economy;
2. Prepares an individual to be successful in any of a full range of secondary or postsecondary education options, including apprenticeships;
3. Includes counseling to support an individual in achieving the individual’s education and career goals;
4. Includes, as appropriate, education offered concurrently with and in the same context as workforce preparation activities and training for a specific occupation or occupational cluster;
5. Organizes education, training, and other services to meet the particular needs of an individual in a manner that accelerates the educational and career advancement of the individual to the extent practicable; and
6. Helps an individual enter or advance within a specific occupation or occupational cluster.

“Coordinator” means the person(s) responsible for making decisions for the adult education and literacy program at the local level.

“Department” means the Iowa department of education.

“English as a second language” means a structured language acquisition program designed to teach English to students whose native language is other than English.

“Intake” means admittance and enrollment in an adult education and literacy program operated by an eligible provider.

“Professional staff” means all staff that are engaged in providing services, including instruction and data entry, for individuals who are eligible for adult education and literacy programs.

“State assessment policy” means a federally approved policy which stipulates the use of a standardized assessment, scoring and reporting protocols, certification requirements for test administrators, and the protocol for tracking test and attendance data.

“Volunteer staff” means all non-paid persons who perform services, including individualized instruction and data entry, for individuals who are eligible for adult education and literacy programs.

[ARC 1775C, IAB 12/10/14, effective 1/14/15]

281—23.2(260C) State planning.

23.2(1) Basis. A state plan for adult education shall be developed as required by federal legislation. Current federal rules and regulations shall be followed in developing the state plan.

23.2(2) State planning. Statewide planning shall be conducted in accordance with applicable federal legislation. The state board is authorized to prepare, amend, and administer the state plan in accordance with state and federal law. The state plan shall establish appropriate statewide strategies and goals for adult education and literacy programs.

23.2(3) Funding allocation. The department shall be responsible for the allocation and distribution of state and federal funds for adult basic education programs in accordance with these rules and with the state plan. The state has the right under federal legislation to establish the funding formula and to issue a competitive bidding process.

[ARC 1775C, IAB 12/10/14, effective 1/14/15]
281—23.3(260C) Program administration. The department, through the division of community colleges, is hereby designated as the agency for administration of state and federally funded adult basic education programs and for supervision of the administration of adult basic education programs. The division shall be responsible for the allocation and distribution of state and federal funds awarded to eligible institutions for adult basic education programs through a grant application in accordance with this chapter and with the state plan.

23.3(1) Eligible institutions. Adult education and literacy programs may be operated by:

a. Entities accredited by the Higher Learning Commission and approved by the department; or

b. Eligible entities as defined by the Adult Education and Family Literacy Act, 20 U.S.C. Ch. 73, and subsequent federal workforce training and adult education legislation, and approved by the department.

23.3(2) Program components.

a. The eligible institution shall maintain the ability to provide the following adult education and literacy services as deemed appropriate by the community or needs of the students:

(1) Adult basic education;

(2) Programs for adults of limited English proficiency;

(3) Adult secondary education, including programs leading to the achievement of a high school equivalency certificate or high school diploma;

(4) Instructional services provided by qualified instructors as defined in subrule 23.6(1) to improve student proficiencies necessary to function effectively in adult life, including accessing further education, employment-related training, or employment;

(5) Assessment and guidance services adhering to the state’s assessment policy; and

(6) Programs and services stipulated by current and subsequent federal and state adult education legislation.

b. Institutions shall effectively use technology, services, and delivery systems, including distance education, in a manner sufficient to increase the amount and quality of student learning and performance.

c. Institutions shall ensure a student acquires the skills needed to transition to and complete postsecondary education and training programs and obtain and advance in employment leading to economic self-sufficiency.

23.3(3) Local planning.

a. Adult education and literacy programs shall collaborate and enter into agreements with multiple partners in the community for the purpose of establishing a local plan. Such plans shall expand the services available to adult learners, align with the strategies and goals established by the state plan, and prevent duplication of services.

b. An adult education and literacy program’s agreement shall not be formalized until the local plan is approved by the department. A plan shall be approved provided the plan complies with the standards and criteria outlined in this chapter, federal adult education and family literacy legislation, and the strategies and goals of the state plan as defined in the local plan application.

c. Local plans may be approved by the state for single or multiple years.

23.3(4) Federal funding. Federal funds received by an adult education and literacy program must not be expended for any purpose other than authorized activities, in the manner prescribed by the authorizing federal legislation.

23.3(5) State funding. Moneys received from state funding sources for adult education and literacy programs shall be used in the manner described in this subrule. All funds shall be used to expand services and improve the quality of adult education and literacy programs.

a. Use of funds. State funding shall be expended on:

(1) Allowable uses pursuant to the Adult Education and Family Literacy Act, 20 U.S.C. Ch. 73, and subsequent federal workforce training and adult education legislation.

(2) High school equivalency testing and associated costs.

b. Restrictions. In expending state funding, adult education and literacy programs shall adhere to the allowable use restrictions of the Adult Education and Family Literacy Act, 20 U.S.C. Ch. 73, and
subsequent federal workforce training and adult education legislation, except for administrative cost restrictions.

c. **Reporting.** All reporting for state funding shall adhere to a summary of financial transactions related to the adult education and literacy program’s resources and expenses in a format prescribed by the department. Adult education and literacy programs shall submit quarterly reports to the department on dates to be set by the department. A year-end report shall be submitted to the department no later than October 1.

### 23.3(6) *English as a second language.* In addition to meeting the requirements of subrules 23.3(1) through 23.3(5), English as a second language programs shall adhere to the following provisions.

a. **Application process.** An English as a second language program shall annually submit an application to the department that identifies the need, sets benchmarks, and provides a plan for high-quality instruction.

b. **Distribution and allocation.** The department and the community colleges shall jointly prescribe the distribution and allocation of funding, which shall be based on need for instruction in English as a second language in the region served by each community college. Need shall be based on census, survey, and local outreach efforts and results.

c. **Midyear reporting.** English as a second language programs shall include a narrative describing the progress and attainment of the benchmarks specified in the application described in paragraph 23.3(6) “a.” The report shall be provided to the department midway through the academic year.

[ARC 1775C, IAB 12/10/14, effective 1/14/15]

### 281—23.4(260C) Career pathways.

Adult education and literacy programs may use state adult education and literacy education funding for activities related to the development and implementation of the basic skills component of a career pathways system.

#### 23.4(1) **Collaboration.** Adult education and literacy programs shall coordinate with other available education, training, and social service resources in the community for the development of career pathways, such as by establishing strong links with elementary schools and secondary schools, postsecondary educational institutions, institutions of higher education, local workforce investment boards, one-stop centers, job training programs, social service agencies, business and industry, labor organizations, community-based organizations, nonprofit organizations, and intermediaries.

#### 23.4(2) **Use of state funds.** Only activities directly linked to adult education and literacy programs and instruction shall be funded with moneys received from state adult education and literacy funds. Consideration shall be given to providing adult education and literacy activities concurrently with workforce preparation activities and workforce training for the purpose of educational and career advancement.

[ARC 1775C, IAB 12/10/14, effective 1/14/15]

### 281—23.5(260C) Student eligibility.

A person seeking to enroll in an adult education and literacy program shall be at least 16 years of age and not enrolled or required to be enrolled in a secondary school under Iowa Code section 299.1A and shall meet one of the following eligibility requirements:

1. Lacks sufficient mastery of basic educational skills to enable the person to function effectively in society, demonstrated by a score of Adult Secondary Education (Low) or lower in at least one modality;
2. Does not have a secondary school diploma or a recognized equivalent; or
3. Is unable to speak, read, or write the English language.

[ARC 1775C, IAB 12/10/14, effective 1/14/15]

### 281—23.6(260C) Qualification of staff.

Adult education and literacy programs shall be in compliance with the requirements established under this rule by July 1, 2015. The requirements of this rule apply to all staff hired after July 1, 2015. All staff hired prior to July 1, 2015, are exempt from this rule.

#### 23.6(1) **Professional staff.** Professional staff providing instruction in an adult education and literacy program to students must possess at minimum a bachelor’s degree.
23.6(2) **Volunteer staff.** Volunteer staff must possess at minimum a high school diploma or high school equivalency diploma.  
[ARC 1775C, IAB 12/10/14, effective 1/14/15]

281—23.7(260C) **High-quality professional development.**

23.7(1) **Responsibility of program.** Adult education and literacy programs shall be responsible for providing professional development opportunities for professional and volunteer staff, including:

   a. Proper procedures for the administration and reporting of data pursuant to rule 281—23.8(260C);  
   b. The development and dissemination of instructional and programmatic practices based on the most rigorous and scientifically valid research available; and  
   c. Appropriate reading, writing, speaking, mathematics, English language acquisition, distance education, and staff training practices aligned with content standards for adult education.

23.7(2) **Professional development requirements.** Professional development shall include formal and informal means of assisting professional and volunteer staff to:

   a. Acquire knowledge, skills, approaches, and dispositions;  
   b. Explore new or advanced understandings of content, theory, and resources; and  
   c. Develop new insights into theory and its application to improve the effectiveness of current practice and lead to professional growth.

23.7(3) **Professional development standards.** The department and entities providing adult education and literacy programs shall promote effective professional development and foster continuous instructional improvement. Professional development shall incorporate the following standards:

   a. Strengthens professional and volunteer staff knowledge and application of content areas, instructional strategies, and assessment strategies based on research;  
   b. Prepares and supports professional and volunteer staff in creating supportive environments that help adult learners reach realistic goals;  
   c. Uses data to drive professional development priorities, analyze effectiveness, and help sustain continuous improvement for adult education and literacy programs and learners;  
   d. Uses a variety of strategies to guide adult education and literacy program improvement and initiatives;  
   e. Enhances abilities of professional and volunteer staff to evaluate and apply current research, theory, evidence-based practices, and professional wisdom;  
   f. Models or incorporates theories of adult learning and development; and  
   g. Fosters adult education and literacy program, community, and state level collaboration.

23.7(4) ** Provision of professional development.** Adult education and literacy program staff shall participate in professional development activities that are related to their job duties and improve the quality of the adult education and literacy program with which the staff is associated. All professional development activities shall be in accordance with the published Iowa Adult Education Professional Development Standards.

   a. All professional staff shall receive at least 12 clock hours of professional development annually. Professional staff who possess a valid Iowa teacher certificate are exempt from this requirement.

   b. All professional staff new to adult education shall receive 6 clock hours of preservice professional development prior to, but no later than, one month after starting employment with an adult education program. Preservice professional development may apply toward the professional development requirements of paragraph 23.7(4)“a.”

   c. Volunteer staff shall receive 50 percent of the professional development required in paragraphs 23.7(4)“a.” and 23.7(4)“b.”

23.7(5) **Individual professional development plan.** Adult education and literacy programs shall develop and maintain a plan for hiring and developing quality professional staff that includes all of the following:

   a. An implementation schedule for the plan.  
   b. Orientation for new professional staff.
c. Continuing professional development for professional staff.

d. Procedures for accurate record keeping and documentation for plan monitoring.

e. Specific activities to ensure that professional staff attain and demonstrate instructional competencies and knowledge in related adult education and literacy fields.

f. Procedures for collection and maintenance of records demonstrating that each staff member has attained or documented progress toward attaining minimal competencies.

g. Provision that all professional staff will be included in the plan. The plan requirements may be differentiated for each type of employee.

23.7(6) Waiver. The requirement for professional development may be reduced by local adult education and literacy programs in individual cases where exceptional circumstances prevent staff from completing the required hours of professional development. Documentation shall be kept which justifies the granting of a waiver. Requests for exemption from staff qualification requirements in individual cases shall be kept on record and made available to the department for review upon request.

23.7(7) Monitoring. Records of staff qualifications and professional development shall be maintained by each adult education and literacy program for five years and shall be made available to department staff for monitoring upon request.

[ARC 1775C, IAB 12/10/14, effective 1/14/15]

281—23.8(260C) Performance and accountability.

23.8(1) Accountability system. Adult education and literacy programs shall adhere to the standards established by the Adult Education and Family Literacy Act, 20 U.S.C. Ch. 73, and subsequent federal workforce training and adult education legislation in the use and administration of the accountability system. The accountability system will be a statewide system to include, but not be limited to, enrollment reports, progress indicators and core measures.

23.8(2) Performance indicators.

a. Compliance. Adult education and literacy programs shall adhere to the policies and procedures outlined in the state assessment policy. Data shall be submitted by the tenth day of each month or, should that day fall outside of standard business hours, the first Monday following the tenth day of the month. All adult education and literacy programs shall comply with data quality reviews and complete quality data checks as required to ensure federal compliance with reporting.

b. Determination of progress. Upon administration of a standardized assessment, within the first 12 hours of attendance, adult education and literacy programs shall place eligible students at an appropriate level of instruction. Progress assessments shall be administered after the recommended hours of instruction as published in the state assessment policy.

c. Core measures. Federal and state adult education and literacy legislation has established the data required for reporting core measures, including, but not limited to, percentage of participants in unsubsidized employment during the second and fourth quarter after exit from the program; median earnings; percentage of participants who obtain a postsecondary credential or diploma during participation or within one year after exit from the program; participants achieving measurable skill gains; and effectiveness in serving employers.

CHAPTER 24
COMMUNITY COLLEGE ACCREDITATION

281—24.1(260C) Purpose. As set forth in Iowa Code section 260C.1, the purpose of accreditation of Iowa’s community colleges is to confirm that each college is offering, to the greatest extent possible, educational opportunities and services, when applicable, but not be limited to:
   1. The first two years of college work including preprofessional education.
   2. Career and technical training.
   3. Programs for in-service training and retraining of workers.
   4. Programs for high school completion for students of post-high school age.
   5. Programs for all students of high school age, who may best serve themselves by enrolling for career and technical training, while also enrolled in a local high school, public or private.
   6. Programs for students of high school age to provide advanced college placement courses not taught at a student’s high school while the student is also enrolled in the high school.
   7. Student personnel services.
   8. Community services.
   9. Career and technical education for persons who have academic, socioeconomic, or other disabilities which prevent succeeding in regular career and technical education programs.
   10. Training, retraining, and all necessary preparation for productive employment of all citizens.
   11. Career and technical training for persons who are not enrolled in a high school and who have not completed high school.
   12. Developmental education for persons who are academically or personally underprepared to succeed in their program of study.

[ARC 8644B, IAB 4/7/10, effective 5/12/10]

281—24.2(260C) Scope. Each community college is subject to accreditation by the state board of education, as provided in Iowa Code section 260C.47. The state board of education shall grant accreditation if a community college meets the standards established in this chapter.

281—24.3(260C) Definitions. For purposes of interpreting rule 281—24.5(260C), the following definitions shall apply:

“Applied liberal arts and sciences course.” An applied liberal arts and sciences course is a course that is classified as arts and sciences in Iowa’s common course numbering system and that primarily consists of hands-on or occupational skill development, including but not limited to accounting, ceramics, criminal investigation, dance, drama, music, photography, and physical education.

“Department.” Department refers to the Iowa department of education.

“Director.” Director refers to the director of the department.

“Field of instruction.” Field of instruction indicates the discipline or occupational area within which an instructor teaches, which aligns with the content of the course being taught as indicated by the course prefix, title, or description.

“Full-time instructor.” An instructor is considered to be full-time if the community college board of directors designates the instructor as full-time. Determination of full-time status shall be based on local board-approved contracts.

“Higher Learning Commission.” The Higher Learning Commission is the regional accrediting authority recognized by the U.S. Department of Education. Iowa Code sections 260C.47 and 260C.48 require that the state accreditation process be integrated with that of the Higher Learning Commission.

“Joint enrollment.” Joint enrollment refers to any community college credit course offered to students enrolled in a secondary school. Courses offered for joint enrollment include courses delivered through contractual agreements between school districts and community colleges, courses delivered through the postsecondary enrollment options program, and college credit courses taken independently by tuition-paying secondary school students.
"Qualifying graduate field or major." A qualifying graduate field or major represents an academic discipline in which an instructor must have earned credit in order to teach courses in specified fields of instruction.

"Relevant tested experience." Relevant tested experience refers to the breadth, depth, and currency of work experience outside of the classroom in real-world situations relevant to the field of instruction.

[ARC 8644B, IAB 4/7/10, effective 5/12/10; ARC 2945C, IAB 2/15/17, effective 3/22/17]

281—24.4(260C) Accreditation components and criteria—Higher Learning Commission. In order to be accredited by the state board of education and maintain accreditation status, a community college must meet the accreditation criteria of the Higher Learning Commission and additional state standards. Documents and materials provided in accordance with the accreditation requirements of the Higher Learning Commission shall also be provided to the department for the state accreditation process.

[ARC 8644B, IAB 4/7/10, effective 5/12/10; ARC 0015C, IAB 2/22/12, effective 3/28/12]

281—24.5(260C) Accreditation components and criteria—additional state standards. To be granted accreditation by the state board of education, an Iowa community college shall also meet additional standards pertaining to minimum or quality assurance standards for faculty (Iowa Code section 260C.48(1)); faculty load (Iowa Code section 260C.48(2)); special needs and protected classes (Iowa Code section 260C.48(3)); career and technical education program evaluation (Iowa Code section 258.4(7)); facilities, parking lots and roads; strategic planning; quality faculty plan (Iowa Code section 260C.36); and senior year plus programs (Iowa Code chapter 261E).

24.5(1) Faculty.

a. Community college-employed instructors who teach college credit courses shall meet minimum standards and institutional quality faculty plan requirements. Standards shall at a minimum require that all community college instructors meet the following requirements:

(1) Instructors teaching courses in the area of career and technical education shall be registered, certified, or licensed in the occupational area in which the state requires registration, certification, or licensure and shall meet at least one of the following qualifications:

1. Possess a baccalaureate degree or higher in the field of instruction in which the instructor teaches classes, or possess a baccalaureate degree in any area of study if at least 18 of the credit hours completed were in the career and technical field of instruction in which the instructor teaches classes.

2. Possess an associate degree in the career and technical education field of instruction in which the instructor is teaching, if such degree is considered terminal for that field of instruction, and have at least 3,000 hours of recent and relevant work experience in the occupational area or related occupational area in which the instructor teaches classes.

3. Have special training and at least 6,000 hours of relevant tested experience in the occupational area or related occupational area in which the instructor teaches classes if the instructor possesses less than a baccalaureate degree in the area or related area of study or occupational area in which the instructor is teaching classes and the instructor does not meet the requirements of subparagraph 24.5(1) “a” (2).

(2) For purposes of paragraphs 24.5(1) “a” (1) “2” and “3,” if the instructor is a licensed practitioner who holds a career and technical endorsement under Iowa Code chapter 272, relevant work experience in the occupational area includes, but is not limited to, classroom instruction in a career and technical education subject area offered by a school district or accredited nonpublic school.

(3) Instructors in the area of arts and sciences shall meet one of the following qualifications:

1. Possess a master’s degree or higher from a regionally accredited graduate school in each field of instruction in which the instructor is teaching classes.

2. Possess a master’s degree or higher from a regionally accredited graduate school and have completed a minimum of 18 graduate semester hours in a combination of the qualifying graduate fields identified as related to the field of instruction in which the instructor is teaching classes. These 18 graduate semester hours must include at least 6 credits in the specific course content being taught, with at least 12 credits required for courses that serve as prerequisites for junior-level courses at transfer institutions.
For the transition period ending September 1, 2017, an instructor deemed qualified to teach with a master’s degree and 12 graduate semester hours within a field of instruction and who demonstrates adequate progress toward meeting the goals of the instructor’s individual quality faculty plan shall remain qualified to teach until the date specified in the quality faculty plan or September 1, 2017, whichever comes first.

3. For courses identified as applied liberal arts and sciences, possess at least a bachelor’s degree and a combination of formal training and professional tested experience equivalent to 6,000 hours. The instructor shall hold the appropriate registration, certification, or licensure in occupational areas in which such credential is necessary for practice.

b. Developmental education and noncredit instructors are not subject to standards under this subrule. Adult education instructors shall meet minimum standards set forth in rule 281—23.6(260C).

c. A faculty standards council shall be convened by the department to review procedures for establishing and reviewing minimum instructor qualifications and definitions for “field of instruction,” “applied liberal arts and sciences courses,” “qualifying graduate field or major,” and “relevant tested experience.” Definitions shall be based on accepted practices of regionally accredited two- and four-year institutions of higher education.

(1) The council shall include faculty and academic administrators and meet at least annually. The council shall make recommendations to a committee consisting of the chief academic officers of Iowa’s 15 community colleges. The committee shall adopt definitions and minimum faculty qualification standards to be utilized for the state accreditation process. Each community college shall adhere to the adopted definitions and minimum faculty qualification standards.

(2) When utilizing relevant tested experience to qualify an instructor to teach classes within a specific field of instruction, each community college shall maintain well-defined policies, procedures, and documentation in alignment with the adopted definitions and minimum faculty qualification standards. This documentation shall demonstrate that the instructor possesses the experience and expertise necessary to teach in the specified field of instruction and is current in the instructor’s discipline. When tested experience is assessed, an hour of relevant work is equal to 60 minutes and one full-time year of relevant work is equal to 2,000 hours.

24.5(2) Faculty load.

a. Arts and sciences. The full-time teaching load of an instructor in arts and sciences courses shall be 15 credit hours within a traditional semester or the equivalent and shall not exceed a maximum of 16 credit hours within a traditional semester or the equivalent. An instructor may also have an additional teaching assignment beyond the maximum academic workload, provided the instructor and the community college administration mutually consent to this additional assignment and the total workload does not exceed the equivalent of 22 credit hours within a traditional semester or the equivalent.

b. Career and technical education. The full-time teaching load of an instructor in career and technical education programs shall not exceed an aggregate of 30 hours per week or the equivalent. An instructor may also teach the equivalent of an additional 3 credit hours, provided the instructor consents to this additional assignment. When the teaching assignment includes classroom subjects (nonlaboratory), consideration shall be given to establishing the teaching load more in conformity with that of paragraph 24.5(2)”a.”

24.5(3) Special needs and protected classes. Community colleges shall provide equal access to the full range of program offerings and services including, but not limited to, recruitment, enrollment, and placement activities for students with special education needs or protected by state or federal civil rights regulations. Students with disabilities shall be given access to the full range of program offerings at a college through reasonable accommodations.

24.5(4) Career and technical education evaluation. The director of the department shall ensure that Iowa’s community colleges annually review at least 20 percent of approved career and technical education programs. The community college career and technical program review and evaluation system must ensure that the programs:

a. Are compatible with educational reform efforts.
b. Are capable of responding to technological change and innovation.

c. Meet educational needs of the students and employment community, including students with special education needs or protected by state or federal civil rights regulations.

d. Enable students enrolled to perform the minimum competencies independently.

e. Are articulated/integrated with the total school curriculum.

f. Enable students with a secondary career and technical background to pursue other educational interests in a postsecondary setting, if desired.

g. Provide students with support services and eliminate access barriers to education and employment for students with special education needs or protected by state or federal civil rights regulations.

24.5(5) Facilities, parking lots and roads.

a. Facilities master planning. Each community college shall present evidence of adequate planning, including a board-approved facilities plan. Planning includes tentative program approval, a master campus plan, written educational specifications, site plot showing location of proposed and existing facilities, elevations and floor plans.

b. Accessibility and safety. All new or remodeled facilities (buildings and programs offered in such facilities) and services in such facilities shall be made functional and usable for persons with special needs and shall comply with Iowa Code chapter 104A and the Americans With Disabilities Act, 42 U.S.C. § 12101, and address issues of campus safety and security as required by Iowa Code chapter 260C and by the federal Clery Act, 20 U.S.C. § 1092(f). All parking areas and roads shall comply with all state and federal rules and regulations dealing with roads, parking ramps, and accessibility requirements.

c. Adequate facilities. All administrative facilities, classrooms, laboratories, and related facilities shall be educationally adequate for the purpose for which they are designed.

d. Library or learning resource center. A library or learning resource center shall be planned as part of the master campus plan and space made for library or learning resource center services within the initial construction. The library or learning resource center shall be adequately staffed with qualified professionals and skilled nonprofessional personnel. The library or learning resource center materials collection of a community college shall be accessible and adequate in size and scope to serve effectively the number and variety of programs offered and the number of students enrolled, including students enrolled at distance and satellite sites. The library or learning resource center materials shall show evidence of having been selected by faculty as well as professional library or learning resource staff and shall be kept up-to-date. The budget of the library or learning resource center shall be appropriate for the programs and services offered by the community college.

e. Student center. An area of the college shall be provided where students may gather informally and where food is available.

24.5(6) Strategic planning. The community college shall prepare a strategic plan at least once every five years to guide the college and its decision making.

24.5(7) Quality faculty plan. The community college shall establish a quality faculty committee consisting of instructors and administrators to develop and maintain a plan for hiring and developing quality faculty. The committee shall have equal representatives of arts and sciences and career and technical faculty with no more than a simple majority of members of the same gender. Faculty shall be appointed by the certified employee organization representing faculty, if any, and administrators shall be appointed by the college’s administration. If no faculty-certified employee organization representing faculty exists, the faculty shall be appointed by administration pursuant to Iowa Code section 260C.48(4). The committee shall submit the plan to the board of directors for consideration, approval and submittal to the department of education.

a. For purposes of this subrule, the following definitions shall apply.

(1) “Counselor” means those who are classified as counselors as defined in the college’s collective bargaining agreement or written policy.

(2) “Media specialist” means those who are classified as media specialists as defined in the college’s collective bargaining agreement or written policy.
b. The institutional quality faculty plan is applicable to all community college-employed faculty teaching college credit courses, counselors, and media specialists. The plan requirements may be differentiated for each type of employee. The plan shall include, at a minimum, each of the following components:

(1) Plan maintenance. The quality faculty committee shall submit proposed plan modifications to the board of directors for consideration and approval. It is recommended that the plan be updated at least annually.

(2) A determination of the faculty and staff to be included in the plan including, but not limited to, all instructors teaching college credit courses, counselors, and media specialists.

(3) Orientation for new faculty. It is recommended that new faculty orientation be initiated within six months from the hiring date. It is recommended that the orientation of new faculty be flexible to meet current and future needs and provide options other than structured college courses for faculty to improve teaching strategies, curriculum development and evaluation strategies. It is recommended that the college consider developing a faculty mentoring program.

(4) Continuing professional development for faculty. It is recommended that the plan clearly specify required components including time frame for continuing professional development for faculty. It is recommended that the plan include the number of hours, courses, workshops, professional and academic conferences or other experiences such as industry internships, cooperatives and exchange programs that faculty may use for continuing professional development. It is recommended that the plan include prescribed and elective topics such as discipline-specific content and educational trends and research. Examples of topics that may be considered include dealing with the complexities of learners, skills in teaching adults, curriculum development, assessment, evaluation, enhancing students’ retention and success, reaching nontraditional and minority students, improving skills in implementing technology and applied learning, leadership development, and issues unique to a particular college. The institutional quality faculty plan shall include professional development components for all instructional staff, counselors, and media specialists and may include reciprocity features that facilitate movement from one college to another.

(5) Procedures for accurate record keeping and documentation for plan monitoring. It is recommended that the plan identify the college officials or administrators responsible for the administration, record keeping and ongoing evaluation and monitoring of the plan. It is recommended the plan monitoring, evidence collected, and records maintained showing implementation of the plan be comprehensive in scope. It is recommended that the plan provide for the documentation that each faculty member appropriately possesses, attains or progresses toward attaining minimum competencies.

(6) Consortium arrangements where appropriate, cost-effective and mutually beneficial. It is recommended that the plan provide an outline of existing and potential consortium arrangements including a description of the benefits, cost-effectiveness, and method of evaluating consortium services.

(7) Specific activities that ensure that faculty attain and demonstrate instructional competencies and knowledge in their subject or technical areas. It is recommended that the plan identify faculty minimum competencies and explain the method or methods of determining and assessing competencies. It is recommended that the plan contain procedures for reporting faculty progress. It is recommended that faculty be notified at least once a year of their progress in attaining competencies.

(8) Procedures for collection and maintenance of records demonstrating that each faculty member has attained or documented progress toward attaining minimum competencies. It is recommended that the plan specify data collection procedures that demonstrate how each full-time faculty member has attained or has documented progress toward attaining minimum competencies. It is recommended that the plan incorporate the current department of education management information system data submission requirements by which each college submits complete human resources data files electronically as a part of the college’s year-end reporting.

(9) Compliance with the faculty accreditation standards of the Higher Learning Commission and with faculty standards required under specific programs offered by the community college that are accredited by other accrediting agencies. It is recommended that the plan provide for the uniform reports with substantiating data currently required for Higher Learning Commission accreditation.
c. The department of education shall notify the community college when the department requires that a modified quality faculty plan be submitted. The department shall review the plan during the state accreditation evaluations to ensure each community college’s compliance and progress in implementing a quality faculty plan as approved by the local board of directors. The department shall review the following:

   1. Documents submitted by the college that demonstrate that the plan includes each component required by paragraph “b” of this subrule.

   2. Documentation submitted by the college that the board of directors approved the plan.

   3. Documentation submitted by the college that the college is implementing the approved plan, including, but not limited to, evidence of plan monitoring, evaluation and updating; evidence that the faculty has attained, or is progressing toward attaining, minimum competencies and standards contained in Iowa Code section 260C.48; evidence that faculty members have been notified of their progress toward attaining minimum competencies and standards; and evidence that the college meets the minimum accreditation requirements for faculty required by the Higher Learning Commission.

   4. Documentation that the college administration encourages the continued development of faculty potential as defined in Iowa Code Supplement section 260C.36 as amended by 2008 Iowa Acts, House File 2679.

   5. Documentation of the human resources report submitted by the college through the department’s community college management information system.

   24.5(8) Senior year plus. The community college shall provide access to joint enrollment opportunities for high school age students. Each college shall comply with the appropriate standards defined in Iowa Code chapter 261E.

281—24.6(260C) Accreditation process.

24.6(1) Components. The community college accreditation process shall include the following components:

   a. Each community college shall submit information on an annual basis to the department of education to comply with program evaluation requirements adopted by the state board of education.

   b. The department of education shall conduct a comprehensive on-site accreditation evaluation of each community college on a ten-year interval. An interim evaluation midway between comprehensive evaluations shall also be conducted. The department shall prepare a staggered evaluation schedule which sets no more than three comprehensive or interim evaluations in any one year. No comprehensive or interim evaluation shall be required for continued accreditation prior to a community college’s first evaluation under the schedule. The department shall have the authority to conduct focus evaluation visits as needed.

   24.6(2) Accreditation team. The size and composition of the accreditation team shall be determined by the director of the department, but the team shall include members of the department of education staff and staff members from community colleges other than the community college being evaluated for accreditation, and any other technical experts as needed.

   24.6(3) Accreditation team action. After a visit to a community college, the accreditation team shall evaluate whether the accreditation standards have been met and shall make a report to the director of the department and the state board of education, together with a recommendation as to whether the community college shall remain accredited. The accreditation team shall report strengths and opportunities for improvement, if any, for each standard and criterion and shall advise the community college of available resources and technical assistance to further enhance strengths and address areas for improvement. A community college may respond to the accreditation team’s report.

   24.6(4) State board of education consideration of accreditation. The state board of education shall determine whether a community college shall remain accredited. Approval of accreditation for a community college by the state board of education shall be based upon the recommendation of the director of the department after study of the factual and evaluative evidence on record pursuant to the
standards and criteria described in this chapter, and based upon the timely submission of information required by the department of education in a format provided by the department of education. With the approval of the director of the department, a focus visit may be conducted if the situation at a particular college warrants such a visit.

a. Accreditation granted. Continuation of accreditation, if granted, shall be for a ten-year term; however, approval for a lesser term may be granted by the state board of education if the board determines that conditions so warrant.

b. Accreditation denied or conditional accreditation. If the state board of education denies accreditation or grants conditional accreditation, the director of the department of education, in cooperation with the board of directors of the community college, shall establish a plan prescribing the procedures that must be taken to correct deficiencies in meeting the standards and criteria and shall establish a deadline for correction of the deficiencies. The plan shall be submitted to the director within 45 days following the notice of accreditation denial or conditional accreditation. The plan shall include components which address correcting deficiencies, sharing or merger options, discontinuance of specific programs or courses of study, and any other options proposed by the state board of education or the accreditation team to allow the college to meet the accreditation standards and criteria.

c. Implementation of plan. During the time specified in the plan for its implementation, the community college remains accredited. The accreditation team shall revisit the community college to evaluate whether the deficiencies in the standards or criteria have been corrected and shall make a report and recommendation to the director and the state board of education. The state board of education shall review the report and recommendation, may request additional information, and shall determine whether the deficiencies have been corrected.

d. Removal of accreditation. The director shall give a community college which fails to meet accreditation standards, as determined by the state board of education, at least one year’s notice prior to removal of accreditation. The notice shall be sent by certified mail or restricted certified mail addressed to the chief executive officer of the community college and shall specify the reasons for removal of accreditation. The notice shall also be sent to each member of the board of directors of the community college. If, during the year, the community college remedies the reasons for removal of accreditation and satisfies the director that the community college will comply with the accreditation standards and criteria in the future, the director shall continue the accreditation and shall transmit notice of the action to the community college by certified mail or restricted certified mail.

e. Failure to correct deficiencies. If the deficiencies have not been corrected in a program of a community college, the community college board of directors shall take one of the following actions within 60 days from removal of accreditation:

(1) Merge the deficient program or programs with a program or programs from another accredited community college.

(2) Contract with another accredited postsecondary educational institution for purposes of program delivery at the community college.

(3) Discontinue the program or programs which have been identified as deficient.

f. Appeal process provided. The action of the director to remove the state accreditation of a community college program may be appealed to the state board of education as provided in Iowa Code section 260C.47, subsection 7.

CHAPTER 25
PATHWAYS FOR ACADEMIC CAREER AND EMPLOYMENT PROGRAM;
GAP TUITION ASSISTANCE PROGRAM

DIVISION I
GENERAL PROVISIONS

281—25.1(260H,260I) Scope. The rules in this chapter implement the pathways for academic career and employment (PACE) program under Iowa Code chapter 260H and the gap tuition assistance program under Iowa Code chapter 260I.

[ARC 0102C, IAB 4/18/12, effective 5/23/12; ARC 6380C, IAB 6/29/22, effective 8/3/22]

"Department" means the Iowa department of education.

"Director" means the director of the Iowa department of education.

"Dislocated worker" means an individual eligible for services and benefits under the federal Trade Adjustment Act of 2002, P.L. 107-210. An individual must meet both criteria 1 and 2, plus any one of criteria 3 through 8:

1. The individual is registered for the selective service, if applicable; and
2. The individual is a citizen or national of the United States, a lawfully admitted permanent resident alien, a lawfully admitted refugee or parolee or an individual authorized by the Attorney General to work in the United States.
3. The individual:
   • Has been laid off or terminated, and
   • Is eligible for or has exhausted entitlement to unemployment compensation, and
   • Is unlikely to return to the individual’s previous industry or occupation; or
4. The individual:
   • Is in receipt of a notice of layoff or termination from employment, and
   • Will be entitled to unemployment compensation at the time of layoff or termination, and
   • Is unlikely to return to the individual’s previous industry or occupation; or
5. The individual:
   • Has been laid off or terminated, or has received a termination notice, and
   • Has been employed for a duration of time to sufficiently demonstrate attachment to the workforce, and
   • Is not eligible for unemployment compensation due to insufficient earnings, or has performed services for an employer not covered under the unemployment compensation law, and
   • Is unlikely to return to the individual’s previous industry or occupation; or
6. The individual has been laid off or terminated, or has received notice of layoff or termination, as a result of a permanent closure of or any substantial layoff at a plant, facility or enterprise; or
7. The individual was formerly self-employed and is unemployed from the individual’s business; or
8. The individual:
   • Is a displaced homemaker who has been providing unpaid services to family members in the home, and
   • Has been dependent on the income of another family member, and is no longer supported by that income, and
   • Is unemployed or underemployed, and
   • Is experiencing difficulty in obtaining or upgrading employment.

"Federal poverty level" means the most recently revised poverty income guidelines published by the federal Department of Health and Human Services.

"IWD" means the Iowa workforce development department.

"Low skilled" means an adult individual who is basic skills deficient, has lower level digital literacy skills, has an education below a high school diploma, or has a low level of educational attainment.
that inhibits the individual’s ability to compete for skilled occupations that provide opportunity for a self-sufficient wage.

“State board” means the Iowa state board of education.

“Underemployed” means an adult individual who is working less than 30 hours per week, or who is employed any number of hours per week in a job that is substantially below the individual’s skill level and that does not lead to self-sufficiency.

“Unemployed” means an adult individual who is involuntarily unemployed and is actively engaged in seeking employment.

281—25.3 to 25.10 Reserved.

DIVISION II
PATHWAYS FOR ACADEMIC CAREER AND EMPLOYMENT (PACE) PROGRAM

281—25.11(260H) Purpose. The pathways for academic career and employment program (hereinafter referred to as PACE) is established to provide funding to community colleges for the development of projects that will lead to gainful, quality, in-state employment for members of target populations by providing them with both effective academic and employment training to ensure gainful employment and customized support services.

[ARC 0102C, IAB 4/18/12; ARC 1875C, IAB 2/18/15]

281—25.12(260H) Target populations. Individuals included in target populations are those individuals who meet one or more of the following:

1. Are deemed by definition to be low skilled.
2. Earn incomes at or below 250 percent of the federal poverty level.
3. Are unemployed.
4. Are underemployed.
5. Are dislocated workers.

[ARC 0102C, IAB 4/18/12; ARC 1875C, IAB 2/18/15]

281—25.13(260H) Eligibility criteria for projects. Projects eligible for funding for PACE shall be projects that further the ability of members of target populations to secure gainful, quality employment; that further partnerships linking community colleges to industry and nonprofit organizations; and that further the following program outcomes:

25.13(1) Enabling members of the target populations to:

a. Acquire and demonstrate competency in basic skills.

b. Acquire and demonstrate competency in a specified technical field.

c. Complete a specified level of postsecondary education.

d. Earn a national career readiness certificate.

e. Obtain employer-validated credentials.

f. Secure gainful employment in high-quality, local jobs.

25.13(2) Meeting economic and employment goals including but not limited to:

a. Economic and workforce development requirements in each region served by the community colleges as defined by regional advisory boards established pursuant to Iowa Code section 84A.4.

b. Needs of industry partners in areas including but not limited to the fields of information technology, health care, advanced manufacturing, transportation and logistics, and any other industry designated as in-demand by a regional advisory board established pursuant to Iowa Code section 84A.4.

[ARC 0102C, IAB 4/18/12, effective 5/23/12]

281—25.14(260H) Program component requirements. Program components for a PACE project implemented at a community college shall:

25.14(1) Include measurable and effective recruitment, assessment, and referral activities designed for the target populations.
25.14(2) Integrate basic skills and work-readiness training with occupational skills training.
25.14(3) Combine customized supportive and case management services with training services to help participants overcome barriers to employment.
25.14(4) Provide training services at times, locations, and through multiple, flexible modalities that are easily understood and readily accessible to the target populations. Such modalities shall support open entry, individualized learning, and flexible scheduling, and may include online remediation, learning lab and cohort learning communities, tutoring, and modularization.

[ARC 0102C, IAB 4/18/12, effective 5/23/12]

281—25.15(260H) Pipeline program. Each community college receiving funding for PACE shall develop a pipeline program in order to better serve the academic, training, and employment needs of the target populations. A pipeline program shall have the following goals:

25.15(1) To strengthen partnerships with community-based organizations and industry representatives.
25.15(2) To improve and simplify the identification, recruitment, and assessment of qualified participants.
25.15(3) To conduct and manage an outreach, recruitment, and intake process, along with accompanying support services, reflecting sensitivity to the time and financial constraints and remediation needs of the target populations.
25.15(4) To conduct orientations for qualified participants to describe regional labor market opportunities, employer partners, and program requirements and expectations.
25.15(5) To describe the concepts of the project implemented with funds from PACE and the embedded educational and support resources available through such project.
25.15(6) To outline the basic skills participants will learn and describe the credentials participants will earn.
25.15(7) To describe success milestones and ways in which temporal and instructional barriers have been minimized or eliminated.
25.15(8) To review how individualized and customized service strategies for participants will be developed and provided.

[ARC 0102C, IAB 4/18/12, effective 5/23/12]

281—25.16(260H) Career pathways and bridge curriculum development program. Each community college receiving funding for PACE shall develop a career pathway and bridge curriculum development program in order to better serve the academic, training, and employment needs of the target populations. A career pathways and bridge curriculum development program shall have the following goals:

25.16(1) The articulation of courses and modules, the mapping of programs within career pathways, and the establishment of bridges between credit and noncredit programs.
25.16(2) The integration and contextualization of basic skills education and skills training. This process shall provide for seamless progressions between adult basic education and general education development programs and continuing education and credit certificate, diploma, and degree programs.
25.16(3) The development of career pathways that support the attainment of industry-recognized credentials, diplomas, and degrees.

[ARC 0102C, IAB 4/18/12, effective 5/23/12; ARC 1875C, IAB 2/18/15, effective 3/25/15]

281—25.17(260H) Pathway navigators.

25.17(1) A community college may use moneys for the PACE program to employ pathway navigators to assist students applying for or enrolled in eligible pathways for academic career and employment projects.
25.17(2) Pathway navigators shall provide services and support to aid students in selecting PACE projects that will result in gainful, quality, in-state employment and to ensure students are successful once enrolled in PACE projects. Services the pathway navigators may provide include but are not limited to the following:
a. Interviewing and selecting students for enrollment in PACE projects.
b. Assessing students’ skills, interests, and previous academic and work experience for purposes of placement in PACE projects.
c. Working with students to develop academic and career plans and to adjust such plans as needed.
d. Assisting students in applying for and receiving resources for financial aid and other forms of tuition assistance.
e. Assisting students with the admissions process, remedial education, academic credit transfer, meeting assessment requirements, course registration, and other procedures necessary for successful completion of PACE projects.
f. Assisting in identifying and resolving obstacles to students’ successful completion of PACE projects.
g. Connecting students with useful college resources or outside support services such as access to child care, transportation, and tutoring assistance, as needed.
h. Maintaining ongoing contact with students enrolled in PACE projects and ensuring students are making satisfactory progress toward the successful completion of projects.
i. Providing support to students transitioning from remedial education, short-term training, and classroom experience to employment.
j. Coordinating activities with community-based organizations that serve as key recruiters for PACE projects and assisting students throughout the recruitment process.
k. Coordinating adult basic education services.

[ARC 1875C, IAB 2/18/15, effective 3/25/15]

281—25.18(260H) Regional industry sector partnerships.

25.18(1) A community college may use moneys for the PACE program to provide staff and support for the development and implementation of regional industry sector partnerships within the region served by the community college.

25.18(2) Regional industry sector partnerships may include but are not limited to the following activities:

a. Bringing together representatives from industry sectors, government, education, local workforce boards, community-based organizations, labor, economic development organizations, and other stakeholders within the regional labor market to determine how PACE projects should address workforce skills gaps, occupational shortages, and wage gaps.
b. Integrating PACE projects and other existing supply-side strategies with workforce needs within the region served by the community college.
c. Developing PACE projects that focus on the workforce skills, from entry-level to advanced, required by industry sectors within the region served by the community college.
d. Structuring pathways so that instruction and learning of workforce skills are aligned with industry-recognized standards where such standards exist.

[ARC 1875C, IAB 2/18/15, effective 3/25/15]

281—25.19 Reserved.

DIVISION III
GAP TUITION ASSISTANCE PROGRAM

281—25.20(260I) Purpose. A gap tuition assistance program is established to provide funding to community colleges for need-based tuition assistance to enable applicants to complete continuing education certificate training programs for in-demand occupations.

[ARC 0102C, IAB 4/18/12, effective 5/23/12]

281—25.21(260I) Applicants for tuition assistance.

25.21(1) Eligibility criteria. Eligibility for tuition assistance shall be based on financial need. Applicants may be found eligible for partial or total tuition assistance. Tuition assistance shall not be approved when the community college receiving the application determines that funding for an
applicant’s participation in an eligible certificate program is available from any other public or private funding source.

a. Criteria to determine financial need shall include but not be limited to:
   (1) The applicant’s family income for the three months prior to the date of application, or documentation of a life-changing event.
   (2) The applicant’s family size.
   (3) The applicant’s county of residence.

b. An applicant for tuition assistance under this chapter must have a demonstrated capacity to achieve the following outcomes:
   (1) The ability to complete an eligible certificate program.
   (2) The ability to enter a postsecondary certificate, diploma, or degree program for credit.
   (3) The ability to gain full-time employment.
   (4) The ability to maintain full-time employment over a period of time.

c. The community college receiving the application shall, after considering factors including but not limited to the following, approve an applicant for tuition assistance under this chapter only if the community college determines that applicant is likely to succeed in achieving the outcomes described in 25.16(2):
   (1) Barriers that may prevent an applicant from completing the certificate program.
   (2) Barriers that may prevent an applicant from gaining employment in an in-demand occupation.

25.21(2) **Additional provisions.**

a. An applicant for tuition assistance under Division III of this chapter shall provide to the gap tuition assistance coordinator at the community college receiving the application documentation of all sources of income.

b. Only an applicant eligible to work in the United States shall be approved for tuition assistance under Division III of this chapter.

c. An application shall be valid for six months from the date of signature on the application.

d. At the discretion of the community college, an applicant may be approved for tuition assistance under Division III of this chapter for more than one eligible certificate program.

e. Eligibility for tuition assistance under Division III of this chapter shall not be construed to guarantee enrollment in any community college certificate program.

f. Eligibility for tuition assistance under Division III of this chapter shall be limited to persons earning incomes at or below 250 percent of the federal poverty level as defined by the most recently revised poverty guidelines published by the U.S. Department of Health and Human Services.

g. Applicants earning incomes between 150 percent and 250 percent, both percentages inclusive, of the federal poverty level as defined by the most recently revised poverty income guidelines published by the U.S. Department of Health and Human Services shall be given first priority for tuition assistance under this chapter. Persons earning incomes below 150 percent of the federal poverty level shall be given secondary priority for tuition assistance under this chapter.

h. An applicant who is eligible for financial assistance pursuant to the federal Workforce Investment Act of 1998, Pub. L. No. 105-220, or the federal Workforce Innovation and Opportunity Act, Pub. L. No. 113-128, shall be ineligible for tuition assistance under this chapter unless such funds budgeted for training assistance for adult, dislocated worker, or youth programs have been fully expended by a workforce region.

[ARC 1875C, IAB 2/18/15, effective 5/25/15; ARC 2300C, IAB 12/9/15, effective 1/13/16; ARC 4700C, IAB 10/9/19, effective 11/13/19]

### 281—25.22(260I) Eligible costs.

Costs of a certificate program eligible for coverage by gap tuition assistance shall include but are not limited to the following:

1. Tuition.
2. Direct training costs.
3. Required books and equipment.
4. Fees, including but not limited to fees for industry testing services and background checks.
5. Costs of providing direct staff support services, including but not limited to marketing, outreach, application, interview, and assessment processes. Eligible costs for this purpose shall be limited to 20 percent of any allocation of moneys to the two smallest community colleges, 10 percent of any allocation of moneys to the two largest community colleges, and 15 percent of any allocation of moneys to the remaining 11 community colleges. Community college size shall be determined based on the most recent three-year rolling average full-time equivalent enrollment.

[ARC 1875C, IAB 2/18/15, effective 3/25/15]

281—25.23(260I) Eligible certificate programs. For the purposes of this chapter, “eligible certificate program” means a program meeting all of the following criteria:

25.23(1) The program is not offered for credit but is aligned with a certificate, diploma, or degree for credit, and does at least one of the following:

a. Offers a nationally, state-, or locally recognized certificate.

b. Offers preparation for a professional examination or licensure.

c. Provides endorsement for an existing credential or license.

d. Represents recognized skill standards defined by an industrial sector.

e. Offers a similar PACE credential or training.

25.23(2) The program offers training or a credential in an in-demand occupation. For the purposes of this chapter, “in-demand occupation” includes occupations in information technology, health care, advanced manufacturing, transportation and logistics, and any other industry designated as in demand by a regional advisory board established pursuant to Iowa Code section 84A.4.

[ARC 1875C, IAB 2/18/15, effective 3/25/15]

281—25.24(260I) Initial assessment. An eligible applicant for tuition assistance under Division III of this chapter shall complete an initial assessment administered by the community college receiving the application to determine the applicant’s readiness to complete an eligible certificate program. The assessment shall include the areas of reading and mathematics. In assessing an applicant under this division, a community college shall use the national career readiness certificate; an assessment eligible under the Adult Education and Family Literacy Act, 20 U.S.C. Ch. 73, and approved by the department for use in an adult education and literacy program; or an established process utilizing valid measures for determining preparedness for the eligible certificate program, which may include processes for measuring academic preparedness used by the community college for placement of students into credit coursework. An applicant shall complete any additional assessments and occupation research required by the gap tuition assistance program or an eligible certificate program, or both.

[ARC 1875C, IAB 2/18/15, effective 3/25/15; ARC 4700C, IAB 10/9/19, effective 11/13/19; ARC 6380C, IAB 6/29/22, effective 8/3/22]

281—25.25(260I) Program interview. An eligible applicant for tuition assistance under Division III of this chapter shall meet with the gap tuition assistance coordinator for an eligible certificate program offered by the community college receiving the application. The gap tuition assistance coordinator shall discuss the relevant industry, any applicable occupation research, and any applicable training relating to the eligible certificate program. The discussion shall include an evaluation of the applicant’s capabilities, needs, family situation, work history, education background, attitude and motivation, employment dates, support needs, and other requirements for an eligible certificate program.

[ARC 1875C, IAB 2/18/15, effective 3/25/15; ARC 4700C, IAB 10/9/19, effective 11/13/19]

281—25.26(260I) Participation requirements.

25.26(1) A participant in an eligible certificate program who receives tuition assistance pursuant to Division III of this chapter shall do all of the following:

a. Maintain regular contact with staff members for the certificate program to document the applicant’s progress in the program.

b. Sign a release form to provide relevant information to community college faculty or case managers.
c. Discuss with staff members for the certificate program any issues that may impact the participant’s ability to complete the certificate program, obtain employment, and maintain employment over a period of time.

d. Attend all required courses regularly.

e. Meet with staff members for the certificate program to develop a job search plan.

25.26(2) A community college may terminate tuition assistance for a participant who fails to meet the requirements of this rule. The participant may utilize the community college’s local appeal process to contest termination from the program. The process to appeal a termination will be provided to a participant through the gap tuition assistance coordinator.

[ARC 1875C, IAB 2/18/15, effective 3/25/15; ARC 4700C, IAB 10/9/19, effective 11/13/19]

281—25.27(260I) Oversight. Statewide oversight, evaluation, and reporting efforts for the gap tuition assistance program are coordinated by the department.

25.27(1) A steering committee consisting of the Iowa department of education, the Iowa workforce development department, and community college continuing education deans and directors is established to determine if the performance measures of the gap tuition assistance program are being met and to correct any deficiencies. The steering committee shall meet at least quarterly to evaluate and monitor the performance of the gap tuition assistance program.

25.27(2) A common intake tracking system is established and shall be implemented consistently by each participating community college. The community colleges will work cooperatively in establishing the system, and the Iowa department of education will assist in gathering required reporting data elements.

25.27(3) The steering committee will develop the required program criteria for PACE and gap tuition assistance-certified programs to be eligible for tuition assistance and program funding. These criteria will be developed based on best practices in the development and delivery of career pathway programs that provide a clear sequence of education coursework and credentials aligned with regional workforce skill needs; clearly articulate from one level of instruction to the next; combine occupational skills and remedial adult education; lead to the attainment of a credential or degree; assist with job placement; and provide wraparound social and socioeconomic support services with the goal of increasing the individual’s skills attainment and employment potential.

[ARC 1875C, IAB 2/18/15, effective 3/25/15]

281—25.28(260I) Redistribution of funds. To ensure efficient delivery of services, the department, in consultation with the community colleges, may redistribute funds available to the community colleges for purposes of this division.

WORKFORCE TRAINING AND ECONOMIC DEVELOPMENT FUNDS

281—27.1(260C) Purpose. The purpose of the workforce training and economic development funds is to provide revenue for each community college to address the workforce development needs of the state. The primary focus of workforce training and economic development funds is to provide training and retraining of Iowa workers to develop the skills of employees employed in targeted areas or to address a workforce development need of a targeted area. Moneys are appropriated for each community college from the Iowa skilled worker and job creation fund to the workforce training and economic development funds.

[ARC 1662C, IAB 10/15/14, effective 11/19/14]

281—27.2(260C) Definitions.
“Community college” or “college” means a community college established under Iowa Code chapter 260C.
“Department” means the Iowa department of education.
“Fund” or “funds” means the workforce training and economic development funds created by Iowa Code section 260C.18A and allocated to each community college.
“Project” means a training or educational activity funded by a workforce training and economic development fund.
“State board” or “board” means the Iowa state board of education.
“Targeted areas” means the areas of advanced manufacturing; information technology and insurance; alternative and renewable energy including the alternative and renewable energy sectors listed in Iowa Code section 476.42(1)“a”; and life sciences, which include the areas of biotechnology, health care technology, and nursing care technology.

[ARC 1662C, IAB 10/15/14, effective 11/19/14]

281—27.3(260C) Funds allocation. The department shall allocate moneys, appropriated by the general assembly or other moneys accepted by the department, for the workforce training and economic development fund established for each community college by utilizing the most current distribution formula that is used for the allocation of state general aid to the community colleges available on July 1 of the fiscal year for which funds are being allocated. Each community college shall establish a workforce training and economic development fund account within its college accounting system into which the department shall make deposits of the allocated moneys. The deposits shall be made quarterly or on a more frequent basis. Moneys that are not used and that remain in a community college’s fund at the end of a fiscal year shall remain available to that college for expenditure in subsequent fiscal years.

[ARC 1662C, IAB 10/15/14, effective 11/19/14]

281—27.4(260C) Community college workforce and economic development fund plans and progress reports. For the fiscal year beginning July 1, 2013, and each fiscal year thereafter, each community college, to receive its allocation for the forthcoming fiscal year, shall prepare and submit to the department for state board consideration the following items for the fiscal year.

27.4(1) Workforce training and economic development fund plan. Each college shall adopt a workforce training and economic development fund plan for the upcoming year that outlines the community college’s proposed use of moneys appropriated to its workforce training and economic development fund. Plans shall be based on fiscal years and must be submitted to the department, in a manner prescribed by the department, by September 30 for the current fiscal year allocation. Plans shall describe how the college proposes to allocate funds to support individual allowable uses pursuant to 281—27.5(260C) and the planned amount to be used to support targeted areas.

27.4(2) Progress reports. Each college that receives an allocation of moneys pursuant to 281—27.3(260C) shall prepare an annual progress report detailing the plan’s implementation. The report shall be submitted to the department by September 30 of each year in a manner and form as prescribed by the department. The report shall provide information regarding projects supported by the
college’s fund including, but not limited to, the number of participants enrolled in each program, the number of participants who complete each program, the dollars spent on each allowable use pursuant to 281—27.5(260C), the dollars spent in targeted areas, and other data necessary to report on state program performance metrics.

[ARC 1662C, IAB 10/15/14, effective 11/19/14]

281—27.5(260C) Use of funds. Moneys deposited into each community college fund may be expended for the following permissive uses, provided that 70 percent of the moneys be used on projects in targeted areas and projects are operated in compliance with state and federal law:

27.5(1) Projects in which an agreement between a community college and an employer located within the community college’s merged area meets all of the requirements of the accelerated career education program pursuant to Iowa Code chapter 260G and 261—Chapter 20 and which are approved by the Iowa economic development authority, when applicable.

27.5(2) Projects in which an agreement between a community college and a business meets all the requirements of the Iowa jobs training Act under Iowa Code chapter 260F and 261—Chapter 7.

27.5(3) For the development and implementation of career academies meeting all of the requirements of 281—47.1(260C).

27.5(4) Programs and courses that provide vocational and technical training and programs for in-service training and retraining under Iowa Code section 260C.1, subsections 2 and 3. As it pertains to Iowa Code section 260C.1, subsection 2, vocational and technical training shall mean new or expanded career and technical education coursework that has department approval and results in the conferring of a diploma, degree, or certificate. The enhancement of academic core courses within career and technical programs is also eligible. As they pertain to Iowa Code section 260C.1, subsection 3, eligible activities shall mean short-term, noncredit training and retraining projects.

27.5(5) Development and implementation of the pathways for career and employment program meeting all of the requirements of Iowa Code chapter 260H and 281—Chapter 25.

27.5(6) Development and implementation of the GAP tuition assistance program meeting all of the requirements of Iowa Code chapter 260I and 281—Chapter 25.

27.5(7) Programs for entrepreneurship education, small business assistance, and business incubators.

27.5(8) Development and implementation of the National Career Readiness Certificate and the Skills Certification System endorsed by the National Association of Manufacturers.

[ARC 1662C, IAB 10/15/14, effective 11/19/14]

281—27.6(260C) Prior approval. Any individual project using over $1 million of moneys from a workforce training and economic development fund shall require prior approval from the state board of education.

[ARC 1662C, IAB 10/15/14, effective 11/19/14]

281—27.7(260C) Annual plan and progress report approval.

27.7(1) The state board of education shall review and consider approval of reports and plans submitted pursuant to 281—27.4(260C).

27.7(2) The state board of education may reject a plan or progress report for any of the following reasons, including but not limited to:

a. Incomplete information or data;

b. Seventy percent of fund expenditures not utilized for projects in the areas of advanced manufacturing; information technology and insurance; alternative and renewable energy including the alternative and renewable energy sectors listed in Iowa Code section 476.42(1)”a”; and life sciences which include the areas of biotechnology, health care technology, and nursing care technology;

c. Project not operated in compliance with state or federal law.

[ARC 1662C, IAB 10/15/14, effective 11/19/14]
281—27.8(260C) Options upon default or noncompliance. If the state board does not accept a college’s annual progress report, the college shall be subject to the following actions as prescribed by the board based upon the severity of the noncompliance or default, including but not limited to:

1. The withholding of a portion of new fiscal year moneys based upon amounts awarded deemed to be ineligible;
2. Tighter oversight and control of the college’s fund by the department;
3. Loss of funds for one year;
4. Other action deemed appropriate by the board.

[ARC 1662C, IAB 10/15/14, effective 11/19/14]

These rules are intended to implement Iowa Code section 260C.18A.

CHAPTERS 28 to 30
Reserved
281—31.1(299,299A) Purpose and definitions.

31.1(1) Purpose. It is the purpose of this chapter to give guidance concerning the provision, assistance, and supervision of private instruction to children of compulsory attendance age outside the traditional school setting. This chapter also establishes responsibilities related to dual enrollment.

31.1(2) Definitions. The following definitions apply to this chapter:

a. “Competent private instruction” means either of the following:
   (1) Private instruction provided on a daily basis for at least 148 days during a school year, to be met by attendance for at least 37 days each school quarter, by or under the supervision of a licensed practitioner in the manner provided under Iowa Code section 299A.2 and this chapter, which results in the student about whom a report of private instruction has been filed making adequate progress.
   (2) Private instruction provided by a parent, guardian, or legal custodian pursuant to Iowa Code section 299A.3.

b. “Independent private instruction” means private instruction that meets the following criteria:
   (1) Is not accredited.
   (2) Enrolls not more than four unrelated students.
   (3) Does not charge tuition, fees, or other remuneration for instruction.
   (4) Provides private or religious-based instruction as its primary purpose.
   (5) Provides enrolled students with instruction in mathematics, reading and language arts, science, and social studies.
   (6) Provides, upon written request from the superintendent of the school district in which the independent private instruction is provided, or from the director of the department of education, a report identifying the primary instructor, name and location of the authority responsible for the independent private instruction, and the names of the students enrolled.
   (7) Is not a nonpublic school and does not provide competent private instruction as defined in Iowa Code section 299A.1 and these rules.
   (8) Is exempt from all state statutes and administrative rules applicable to a school, a school board, or a school district, except as otherwise provided in Iowa Code chapters 299 and 299A.

c. “Private instruction” means instruction using a plan and a course of study in a setting other than a public or organized accredited nonpublic school.

[ARC 1246C, IAB 12/11/13, effective 1/15/14; ARC 5868C, IAB 8/25/21, effective 9/29/21]

281—31.2(299) Reports as to competent private instruction.

31.2(1) Reporting. Subject to subrule 31.2(3), the parent, guardian, or legal or actual custodian of a child of compulsory attendance age who does not enroll the child in a public school or Iowa accredited nonpublic school or who is not obtaining independent private instruction for the child shall complete a report in duplicate on forms created by the department of education and provided by the resident public school district, indicating the parent, guardian, or legal or actual custodian’s intent to provide or arrange for competent private instruction for the child for each school year. The report shall be filed with the school district by September 1 of the school year in which the child will be under competent private instruction.

a. The report shall include the following information:
   (1) The name and address of the parent, guardian, or legal or actual custodian reporting;
   (2) The name and birth date of the child;
   (3) An indication of the number of days of instruction, which must be a minimum of 148 days per academic year;
(4) The name and address of the person or persons providing competent private instruction to the child and an indication of whether each such person is the holder of a valid Iowa practitioner license or teaching certificate appropriate to the age and grade level of the child being taught;

(5) An outline of the courses of study, including subjects covered, lesson plans, and time spent on the areas of study;

(6) The titles and authors or publishers of the texts to be used;

(7) Evidence of immunization of the child or evidence of exemption, as required by law, if the child is being placed under competent private instruction for the first time and, if the child is younger than ten years of age, a blood lead test in accordance with Iowa Code section 135.105D. NOTE: Noncompliance with the blood lead test requirement shall not be considered a violation of compulsory attendance laws.

b. The report shall also seek the following information, which may be supplied by the person filing the report:

(1) An indication of whether and to what extent dual enrollment of the child in the public school is desired;

(2) An indication of whether the child is currently identified as a child requiring special education pursuant to the rules of special education;

(3) An indication of which form of annual assessment, if applicable, is to be administered to the child and which test, if known, is desired.

31.2(2) Late reporting. If a parent, guardian, or legal or actual custodian decides, after enrolling a child of compulsory attendance age in a public or accredited nonpublic school and after the deadline for filing a report under subrule 31.2(1), to provide competent private instruction to the child, the parent, guardian, or legal or actual custodian shall file the required report completed as fully as possible no later than 14 calendar days and a fully completed report within 30 calendar days after removing the child from the public or accredited nonpublic school. Days of the child’s attendance in the public or nonpublic school up to the time of removal shall be applied to the 148-day minimum compulsory attendance requirement for the school year affected.

31.2(3) Reporting requirement option: private instruction exemption. A parent, guardian, or legal or actual custodian of a child of compulsory attendance age providing competent private instruction to the child under Iowa Code section 299A.3 may meet, but is not required to meet, all of the following requirements:

a. Complete and send, in a timely manner, the report required under Iowa Code section 299.4 and this rule to the school district of residence of the child.

b. Ensure that the child under the parent’s, guardian’s, or legal or actual custodian’s instruction is evaluated annually to determine whether the child is making adequate progress, as defined in Iowa Code section 299A.6 and this chapter.

c. Ensure that the results of the child’s annual evaluation are reported to the school district of residence of the child and to the department of education by a date not later than August 1 of the year following the school year in which the child is under competent private instruction, pursuant to this chapter.

31.2(4) Reporting requirement option not available.

a. The reporting requirement option provided in subrule 31.2(3) shall not be available to any parent, guardian, or legal or actual custodian who requests services from a school district or area education agency under this chapter, including but not limited to provision of instructional materials under subrule 31.5(4), assistance from a home school assistance program under subrule 31.5(5), dual enrollment under rule 281—31.6(299A), open enrollment under rule 281—31.7(299), or special education services under rule 281—31.10(299A). Parents who elect the reporting requirement option under subrule 31.2(3) and who request testing assistance under subrule 31.5(2) or an approved course in driver education under subrule 31.5(6) need not complete the form required by subrule 31.2(1), but must demonstrate that the child is receiving competent private instruction pursuant to this chapter.

b. Notwithstanding the reporting requirement option described in subrule 31.2(3), a parent, guardian, or legal or actual custodian of a child currently requiring special education must obtain
approval pursuant to rule 281—31.10(299A) before providing competent private instruction, unless that rule provides otherwise. [ARC 1246C, IAB 12/11/13, effective 1/15/14; ARC 5868C, IAB 8/25/21, effective 9/29/21]

281—31.3(299,299A) Duties of privately retained licensed practitioners.

31.3(1) Scope of rule. This rule addresses the duties of a person who is directly retained by the parent, guardian, or legal or actual custodian of a child receiving competent private instruction to provide instruction or instructional supervision for the child. The duties of a person who provides instruction or instructional supervision on behalf of a public school in the form of a home school assistance program are addressed in rule 281—31.4(299,299A).

31.3(2) Licensing requirements. A person who provides instruction to or instructional supervision of a student receiving competent private instruction shall be either the student’s parent, guardian, or legal or actual custodian or a person who possesses a valid Iowa teaching certificate or practitioner license, including a substitute teacher’s license or a substitute authorization, which is appropriate to the grade level of the student.

31.3(3) Duties. The duties of a licensed teacher who instructs or provides instructional supervision of a student shall include the following:

a. Contact with the student and the student’s parent, guardian, or legal or actual custodian at least twice per 45 days of instruction, during which time the teacher practitioner fulfills the duties described below. One of every two contacts shall be face-to-face with the student.

b. Consulting with and advising the student’s parent, guardian, or legal or actual custodian as requested by the student’s parent, guardian, or legal or actual custodian or as deemed necessary in the professional judgment of the practitioner.

c. Providing formal and informal assessments of the student’s progress to the student and the student’s parent, guardian, or legal or actual custodian.

d. Annually maintaining a diary, record, or log of visitations and assistance provided.

e. Referring to the child’s district of residence for evaluation a child who the practitioner has reason to believe may need special education.

31.3(4) Limitations. A licensed Iowa practitioner who is employed under this rule shall not serve in that capacity on behalf of more than 25 families, or more than 50 children of compulsory attendance age, in an academic year unless the service is provided pursuant to the teacher’s employment with a nonaccredited nonpublic entity.

A licensed practitioner may seek exemption from the above limitation by submitting a written request to the director of the department of education. Exemptions shall be granted when the director is satisfied that the limitation will pose a substantial hardship on the person or the school providing instruction or instructional supervision and that the best interests of all children being served by the practitioner will continue to be met. [ARC 5868C, IAB 8/25/21, effective 9/29/21]

281—31.4(299,299A) Duties of licensed practitioners, home school assistance program.

31.4(1) Scope of rule. This rule addresses the duties of a person who provides competent private instruction or instructional supervision for one or more children who receive competent private instruction on behalf of a school district in the form of a home school assistance program as defined in subrule 31.5(5).

31.4(2) Licensing requirements. A person who provides direct instruction to a student receiving competent private instruction for which the student receives credit on a transcript provided by the district for the course shall possess a valid Iowa teaching certificate or practitioner license appropriate to the content area taught and to the grade level of the student. A person who provides instructional supervision only of a student receiving competent private instruction shall possess a valid Iowa teaching certificate or practitioner license appropriate to the grade level of the student. A practitioner who possesses only a valid Iowa substitute authorization may neither provide direct instruction nor instructional supervision under this rule.
31.4(3) Duties. The duties of a licensed teacher who instructs or provides instructional supervision of a student shall include the following:
   a. Contact with the student and the student’s parent, guardian, or legal or actual custodian at least four times per 45 days of instruction. One of every two contacts shall be face-to-face with the student.
   b. Consulting with and advising the student’s parent, guardian, or legal or actual custodian with respect to any of the following as requested by the student’s parent, guardian, or legal or actual custodian or as deemed necessary in the professional judgment of the practitioner:
      (1) Lesson plans;
      (2) Textbook and supplementary materials;
      (3) Educational goals and objectives;
      (4) Teaching and learning techniques;
      (5) Forms of assessment and evaluation of student learning;
      (6) The student’s strengths and weaknesses;
      (7) Interpretation of test results;
      (8) Planning; and
      (9) Record keeping.
   c. Providing formal and informal assessments of the student’s progress to the student and the student’s parent, guardian, or legal or actual custodian.
   d. Annually maintaining a diary, record, or log of visitations and assistance provided.
   e. For purposes of assisting the district to meet its “child find” obligation under the Individuals with Disabilities Education Act, referring to the child’s district of residence for evaluation any child who the practitioner has reason to believe may need special education.

31.4(4) Limitations. A licensed Iowa practitioner who is employed by a public or accredited nonpublic school to provide instruction or instructional supervision through a home school assistance program shall not serve in that capacity on behalf of more than 20 families, or more than 40 children of compulsory attendance age, in an academic year. The authorities in charge of a public school may seek exemption from the above limitation by submitting a written request to the director of the department of education. Exemptions shall be granted when the director is satisfied that the limitation will pose a substantial hardship on the person or the school providing instruction or instructional supervision and that the best interests of all children being served by the home school assistance program will continue to be met.

[ARC 5868C, IAB 8/25/21, effective 9/29/21]

281—31.5(299A) School district duties related to competent private instruction.

31.5(1) Reports.
   a. The secretary of a public school district shall make available reporting forms developed by the department of education and shall receive reports as to competent private instruction, maintaining one copy in the district and forwarding one copy to the area education agency as required by law.
   b. The secretary of the district shall provide forms to any accredited nonpublic school located within the district for the purpose of reporting the nonpublic school’s student enrollment data as required by law. The district secretary shall notify the appropriate school districts of nonresident students enrolled in accredited nonpublic schools within the district.
   c. The district shall review the completed form to ascertain whether the person filing has complied with the reporting requirements of the law and these rules. Specifically, the district shall determine from the report that the person providing the instruction is either the child’s parent, guardian, custodian or a person with a valid Iowa practitioner’s license appropriate to the age and grade level of the child; that the designated period of instruction is at least 148 days per academic year; that immunization evidence is provided for children placed under competent private instruction for the first time; and that the report is timely under these rules.
   d. The district shall annually report to the department of education by August 1 of the year following the school year in which a child was under competent private instruction the names of all resident children who are subject to an annual assessment and who either failed to make adequate
progress or whose parent, guardian, or legal or actual custodian failed to comply with the assessment requirements of the compulsory attendance law.

e. The district shall report noncompliance with the reporting, immunization, attendance, instructor qualifications, and assessment requirements of the compulsory attendance law and these rules to the county attorney for the county of residence of the child’s parent, guardian, or legal or actual custodian.

f. Upon the request of a parent, guardian, or legal or actual custodian of a child of compulsory attendance age who is under competent private instruction, or upon the referral of a licensed practitioner who provides instruction or instructional supervision of a child of compulsory attendance age who is under competent private instruction, or upon any other evidence that the child may require special education, the district shall refer a child who may require special education to the area education agency division of special education for evaluation.

g. The district may request a parent, guardian, or legal or actual custodian of a child of compulsory attendance age providing competent private instruction to the child under Iowa Code section 299A.3 to provide the information required by this subrule; however, the parent, guardian, or legal or actual custodian is not required to do so, pursuant to Iowa Code section 299A.3 and subrule 31.2(3).

31.5(2) Testing assistance.

a. If a standardized test has been requested by the child’s parent, guardian, or legal or actual custodian, the district shall administer the standardized test to the child, delegate the test administration to the appropriate area education agency, or allow the child’s parent, guardian, or legal or actual custodian to procure standardized testing through a correspondence or other school accredited by an accrediting agency approved by the federal Department of Education, or through any testing service authorized by the publisher of any test approved by the state department of education for assessment purposes. No fee is charged to the parent, guardian, or legal or actual custodian for such assessment.

b. If a student has been administered an approved standardized test by a correspondence or other school accredited by an accrediting agency approved by the federal Department of Education, or by any testing service authorized by the publisher of any test approved by the state department of education for assessment purposes during the academic school year for which testing is required and the administration of the test has met the terms or protocol of the test publisher, a copy of the test result report, from which test results not required under law may be redacted, may be submitted to the resident district by the parent, guardian, or legal or actual custodian of the child being tested, in satisfaction of the annual assessment option. The submitted test results shall be accompanied by a certification statement signed by the test administrator to the effect that the publisher’s protocol or terms required for test administration have been met.

c. The administration of the annual achievement evaluation shall not constitute a dual enrollment purpose under Iowa Code section 299A.8 and this rule.

31.5(3) Finance.

a. A public school district may count a competent private instruction student for purposes of its certified enrollment only under the following circumstances:

(1) A resident student or the student’s parent, guardian, or legal or actual custodian has requested dual enrollment, in which case the student is counted as authorized by law. However, if the student is receiving special education services or instruction, the student shall qualify for additional weighting pursuant to the provisions of Iowa Code section 257.6; or

(2) The school district provides an Iowa licensed practitioner to instruct or to assist and supervise parents, guardians, or legal or actual custodians providing competent private instruction and the child has been enrolled in the district’s home school assistance program.

b. Dual enrollment of a child is not required solely for purposes of accessing the annual achievement evaluation, and the administration of the annual achievement evaluation shall not constitute a dual enrollment purpose.

31.5(4) Provision of instructional materials.

a. A school district shall not make monetary payments, including cash and cash equivalents, or give publicly funded resources, directly or indirectly to the parent, guardian, or legal or actual custodian or to a child receiving competent private instruction. A school district shall not purchase
texts or supplementary materials for or on behalf of a child receiving competent private instruction if such texts or supplementary materials are not appropriate for use by regularly enrolled students of the school district.

b. A district may provide to children receiving competent private instruction available texts or supplementary materials on the same basis as they are provided to enrolled students and shall provide available texts or supplemental instructional materials on the same basis as they are provided to enrolled students when a child is under dual enrollment or in a home school assistance program. If a fee, such as a textbook or towel rental fee, is charged to regularly enrolled students for participation in a class or extracurricular activity, that fee may also be charged to dual-enrolled students on the same basis as it is charged to enrolled students, but only for the specific class or extracurricular activity.

c. The parent, guardian, or legal or actual custodian who provides competent private instruction to a child of compulsory attendance age may access the services and materials available from the area education agency by requesting assistance through the school district of residence. The AEA shall make services and materials available to the child on the same basis as they are available to regularly enrolled students of the district if the child is dual enrolled or enrolled in a home school assistance program. The district of residence shall act as liaison between the parent, guardian, or legal or actual custodian of a child who is receiving competent private instruction and the area education agency.

31.5(5) Home school assistance programs. A school district or accredited nonpublic school may offer an assistance program for parents, guardians, or legal or actual custodians providing private instruction to a child of compulsory attendance age. A district or accredited nonpublic school may impose additional requirements upon children enrolled in its home school assistance program.

A parent, guardian, or legal or actual custodian seeking to enroll a child in a home school assistance program in a school district or accredited nonpublic school must file the report of competent private instruction, items 1, 3, and 5 thereof.

An assistance program offered by a school district or accredited nonpublic school shall, at a minimum, meet state licensure standards for accredited school personnel in designating a practitioner to provide instruction or instructional supervision for a competent private instruction program, including special education instruction, and shall meet the applicable provisions of rule 281—31.4(299,299A). All district personnel who provide or supervise instruction to children enrolled in the district’s home school assistance program shall be appropriately licensed to the grade levels of the children instructed.

A district shall not employ as a home school assistance program instructor a person who currently holds only a substitute authorization issued pursuant to rule 282—22.2(272).

A home school assistance program is not dual enrollment, but the parent, guardian, or legal or actual custodian of a child enrolled in a home school assistance program may request dual enrollment in addition to enrollment in a home school assistance program.

31.5(6) Driver education. The public school district shall offer or make available to all resident students, including those receiving competent private instruction on an equal basis with students enrolled in the district, an approved course in driver education, as required by Iowa Code section 321.178(1) “c.”
[ARC 1246C, IAB 12/11/13, effective 1/15/14; ARC 5868C, IAB 8/25/21, effective 9/29/21]

281—31.6(299A) Dual enrollment.

31.6(1) The parent, guardian, or legal or actual custodian of a child who is receiving competent private instruction may enroll the child in the school district of residence of the child under dual enrollment. The parent, guardian, or legal or actual custodian desiring dual enrollment shall notify the district of residence of the child not later than September 15 of the school year for which dual enrollment is sought. If the child is not of compulsory school attendance age, the parent, guardian, or legal or actual custodian is only required to provide the name of the child, age of the child, contact information for the person requesting the dual enrollment, and a listing of the programs or services for which dual enrollment is requested.

31.6(2) A child under dual enrollment may participate in academic or instructional programs of the district on the same basis as any regularly enrolled student. A child under dual enrollment also is eligible to enroll in courses that offer secondary and postsecondary credit on the same basis as any regularly
31.6(3) A child under dual enrollment may participate in any extracurricular activity offered by the district on the same basis as regularly enrolled students. If a child under dual enrollment was under competent private instruction the previous semester, the provisions of 281—subrule 36.15(2), paragraph ”c,” shall not apply. However, other rules and policies of the state and district related to eligibility for extracurricular activities shall apply to the child. If a student seeking dual enrollment is enrolled in a nonaccredited nonpublic entity that is an “associate member” of the Iowa Girls High School Athletic Union or Iowa High School Athletic Association, the student is eligible and may participate in interscholastic athletic competition only for the associate member or a school with which the associate member is in a cooperative sharing program as outlined in rule 281—36.20(280).

31.6(4) The district shall notify the child’s parent, guardian, or legal or actual custodian of the academic and extracurricular activities available to the child.

31.6(5) A child under dual enrollment is eligible to receive the services and assistance of the appropriate area education agency on the same basis as are children otherwise enrolled in the district. The district shall act as liaison between the parent, guardian, or legal or actual custodian of a child who is receiving competent private instruction and the area education agency.

[ARC 1246C, IAB 12/11/13, effective 1/15/14]

281—31.7(299) Open enrollment.

31.7(1) The parent, guardian, or legal or actual custodian of a child receiving private instruction may request open enrollment to another school district by following the procedures of the open enrollment law, Iowa Code section 282.18.

31.7(2) A district receiving a nonresident open enrollment student who is under competent private instruction may not bill the resident district for the costs of instructing the student unless the receiving district complies with the applicable provisions of rules 281—31.3(299,299A) and 281—31.4(299,299A).

31.7(3) In the event that the parent, guardian, or legal or actual custodian of an open enrollment student fails to comply with state law and these rules, the receiving district shall notify the secretary of the school district regarding the noncompliance.

281—31.8(299A) Baseline evaluation and annual assessment.

31.8(1) When required. When a parent, guardian, or legal or actual custodian of a child who is at least seven years old by September 15 provides private instruction to a child without the assistance or supervision of a validly licensed Iowa practitioner as required by law and these rules and the parent, guardian, or legal or actual custodian does not hold a valid Iowa practitioner license, the child is subject to initial baseline evaluation and an annual assessment every year thereafter.

A child who is at least seven years old by September 15 and who begins a program of competent private instruction and is subject to the annual assessment requirement shall be administered a baseline evaluation for the purposes of obtaining educational data. The baseline evaluation and annual assessment shall be taken by May 31.

The parent, guardian, or legal or actual custodian may select standardized testing, portfolio assessment, or submittal of a report card from an accredited correspondence school for purposes of fulfilling the baseline evaluation and annual assessment requirements of the law.

31.8(2) Standardized testing.

a. A child’s parent, guardian, or legal or actual custodian who chooses standardized testing for the purpose of fulfilling the assessment requirements of the law shall select an instrument approved by the department. The department shall publish an approved list of standardized testing instruments each year. In the event that the parent, guardian, or legal or actual custodian of a child subject to the annual assessment requirement wishes to have the child take a standardized test not included on the department’s published list, the parent, guardian, or legal or actual custodian shall request permission of the director
of the department of education to use a different test. The decision of the director shall be final. Braille
or large print editions of any approved test shall be made available for vision-impaired children. Testing
norms are available for children with vision impairments or children who are deaf or hard of hearing.

b. A child subject to the annual assessment requirement who takes a standardized test shall take
a grade level form of the test that corresponds most closely to the child’s chronological age unless
permission is granted by the test administrator to take another grade level form of the test. When a
parent, guardian, or legal or actual custodian requests another form of the test, the test administrator
shall make a decision based upon the following:

1. A review of the instructional materials used by the child in the education program;
2. The results of curriculum-based measurement techniques including the administering of probes;
and
3. A review of current samples of the child’s work product.
The decision of the test administrator as to the appropriate grade level form of the standardized test to
be taken shall be final.

A child whose educational program and instructional materials are designed for students in grades
1 through 5 shall, at a minimum, be tested in the areas of reading, language, and mathematics. A child
whose educational program and instructional materials are designed for students in grades 6 through 12
shall, at a minimum, be tested in the areas of reading or literary materials, language or written expression,
mathematics or quantitative thinking, science, and social studies.

If retesting is desired, a different form of the same test or a different test shall be administered to the
child sufficiently in advance to allow for processing of the test results prior to the first day of classes of
the succeeding school year of the resident school district.

c. Testing times and sites.

1. Standardized test results are normed against a population taking the same test at approximately
the same time of year. Norms for the tests exist for fall, winter, and spring. Because the annual assessment
is used, in part, to determine whether the child has made at least six months’ progress since the previous
test, standardized tests used for determining whether adequate progress has been achieved shall be taken
annually at approximately the same time each year.

2. The school district of residence of the child shall annually, by October 1, send notification of
the following to the parent, guardian, or legal or actual custodian who has selected standardized testing:

   1. The times and dates when standardized tests will be administered by the school district and the
      area education agency over the school year, including all testing times, and that a school district or area
      education agency will administer standardized tests at the child’s home when so requested;
   2. A data sheet showing the costs associated with the tests offered by the school district and area
      education agency; and
   3. A reply form which the parent, guardian, or legal or actual custodian shall complete to indicate
      the date, location, and test selected, including the grade level form of the test; whether the parent,
      guardian, or legal or actual custodian wishes to be present for testing; and any special requests such
      as Braille or large print forms of the test.

d. Unless the child is under dual enrollment, the parent, guardian, or legal or actual custodian
who has selected the standardized testing option shall timely reimburse the school district for the cost of
testing the child.

e. This rule shall not be construed to require or prohibit testing on any subject matter at intervals
more frequently or at grade levels other than those set forth in Iowa Code section 256.7(21)“b ’“(2).

31.8(3) Portfolio assessment or evaluation. A parent, guardian, or legal or actual custodian of a
child subject to the annual assessment requirement may arrange to have an appropriately licensed Iowa
practitioner review a portfolio of evidence of the child’s progress annually by May 31, subject to the
following requirements:

a. Portfolio evaluator. A single evaluator shall be designated by the parent, guardian, or legal or
actual custodian who has selected the portfolio evaluation option for annual assessment. The evaluator
so identified shall be approved by the superintendent of the local school district or the superintendent’s
designee and shall hold a valid Iowa practitioner license or teacher certificate appropriate to the ages and grade levels of the children whose portfolios are being assessed.

A portfolio evaluator who holds an elementary classroom endorsement may assess children in grades 1 through 6. A portfolio evaluator who holds an elementary content endorsement may assess children in grades 1 through 8. A portfolio evaluator who holds a secondary content endorsement may assess children in grades 5 through 12. A person with a current substitute teacher’s license who produces evidence of a previously held Iowa license with classroom or content endorsements may assess children within the same grade level restrictions as that of a person with a current Iowa license with classroom or content endorsements.

A portfolio evaluator shall not evaluate the portfolios of more than 25 students per year without permission of the director of the department of education.

b. Contents of portfolio. The child’s portfolio shall contain evidence of academic progress in the minimum curriculum areas of reading, language arts, and mathematics if the child is in grades 1 through 5. For children in grades 6 through 12, the portfolio shall contain evidence in the minimum curriculum areas of reading, language arts, mathematics, science, and social studies.

For each curriculum area, the portfolio shall include a book of lesson plans, a diary, or other written record indicating the subject matter taught and activities in which the child has been engaged, and an outline of the curriculum used by the child. The portfolio may also include a list of, a reference to, or material from the textbooks and resource materials used by the child in each subject area.

The portfolio shall also include copies of any tests or other formal and informal assessment instruments used to measure student progress over the current academic year, a copy of the baseline evaluation, and the most recent assessment report of the student’s annual progress.

For each subject area to be evaluated, the portfolio shall include examples of the student’s work and may include self-assessments by the student.

c. The parent, guardian, or legal or actual custodian of a child subject to the annual assessment requirement who has a physical or mental disability so significant that the results of a standardized test would be meaningless for assessment purposes may request the department’s approval of an alternative evaluation.

31.8(4) Report card from accredited correspondence school. For a child subject to annual assessment who is enrolled as a student of a correspondence school that is a member of an accrediting association recognized by the federal Department of Education and accredited for elementary and secondary education, the district of residence and the department shall accept the annual report of progress (report card) sent by the correspondence school to the child’s parent, guardian, or legal or actual custodian if the annual report of progress includes a listing of subjects taken and grades received. A passing grade in all content areas for which annual assessment is required shall be deemed evidence of adequate progress for the purpose of annual assessment.

[ARC 5868C, IAB 8/25/21, effective 9/29/21; ARC 5870C, IAB 8/25/21, effective 9/29/21]

281—31.9(299A) Reporting assessment results.

31.9(1) Baseline evaluations. The baseline evaluation results of each child subject to the baseline evaluation requirement of Iowa Code section 299A.4 and subrule 31.8(1) shall be reported by the child’s parent, guardian, or legal or actual custodian to the school district of residence of the child by June 30 of the year in which the evaluation was taken.

The baseline evaluation shall serve only as data from which subsequent progress shall be measured; the baseline evaluation alone is not an indication of educational progress or a lack of progress.

31.9(2) Standardized tests. The results of a standardized test taken by a child subject to the annual assessment requirements shall be reported by the child’s parent, guardian, or legal or actual custodian to the district of residence of the child by August 1 of the year following the school year in which the test was taken. The results shall be submitted either in original form or as a true and correct photocopy of the original form as received from the agency responsible for scoring the test, from which any test results not required under law may be redacted.
31.9(3) Portfolio assessments. The results of an assessment of a child’s educational portfolio made by a qualified Iowa licensed practitioner shall be submitted by the portfolio evaluator to the child’s parent, guardian, or legal or actual custodian, who shall send a copy to the district of residence of the child by August 1 of the year following the school year in which the assessment was done.

The report may be in narrative form and shall include assessments of the child’s achievement and progress in the curriculum areas including reading, language arts, and mathematics for children whose grade level of study is fifth grade and below, and those subjects plus the additional areas of science and social studies for students whose grade level of study is sixth grade and above. The report shall include a statement as to whether the child has demonstrated adequate progress in each of the areas of study. The report shall be signed by the evaluator.

31.9(4) Report card from accredited correspondence school. Report cards from an accredited correspondence school shall be submitted by the child’s parent, guardian, or legal or actual custodian to the child’s district of residence by August 1 of the year following the school year in which the report cards were issued by the accredited correspondence school.

31.9(5) Confidentiality of annual assessments. The district shall maintain as any other confidential education record the standardized testing, portfolio evaluation, and report cards from an accredited correspondence school for each resident child subject to annual assessment.

[ARC 5868C; IAB 8/25/21, effective 9/29/21]

281—31.10(299A) Special education students. Any duty to attempt to find and to offer to evaluate all children who may require special education includes children in private instruction. When there is evidence that a child receiving private instruction may be eligible for special education under 281—Chapter 41, parental consent to evaluate will be sought. Parents may decline consent to evaluate, and public agencies are not required to use the procedural safeguards of 281—Chapter 41 to obtain an evaluation.

When a child has been identified as currently requiring special education, the child is eligible to receive competent private instruction with the written approval of the director of special education of the area education agency of the child’s district of residence unless the child’s parent declines consent to continued services or refuses consent to a periodic reevaluation.

The director of special education of each area education agency shall issue a written decision, approving provision of competent private instruction, conditioning approval on modification of the proposed program, or denying approval, based upon the appropriateness of the proposed competent private instruction program for the child requiring special education, considering the child’s individual disability. Pursuant to 34 CFR Section 300.300, the parent, guardian, or legal or actual custodian of a child with a disability is not required to seek approval from the area education agency to provide competent private instruction for the child if the parent, guardian, or legal or actual custodian does not consent to initial evaluation or to reevaluation of the child for receipt of special education services or programs.

The request for approval for placement under competent private instruction by the parent, guardian, or legal or actual custodian may be presented to the special education director at any time during the calendar year. If the special education director denies approval or if no written decision has been rendered within 30 calendar days, that decision or the absence thereof is subject to review by an impartial administrative law judge under provisions of 20 U.S.C. Section 1401 et seq., federal regulations adopted thereunder, and Iowa Code section 256B.6 and rules adopted thereunder found at 281—41.500(256B,34CFR300) et seq.

If a parent, guardian, or legal or actual custodian of a child requiring special education provides competent private instruction without the approval of the director of special education, the director may either request an impartial hearing before an administrative law judge under the rules of special education, 281—41.500(256B,34CFR300) et seq., or notify the secretary of the child’s district of residence for referral of the matter to the county attorney pursuant to Iowa Code section 256B.6, incorporating Iowa Code chapter 299, unless the parent, guardian, or legal or actual custodian does not consent to initial evaluation or to reevaluation of the child for receipt of special education services or programs.
A program of competent private instruction provided to a student requiring special education is not a program of special education for purposes of federal and state law.

The director of special education shall advise the parent, guardian, or legal or actual custodian of a child requiring special education of the probable consequences of placing the child under private instruction and withdrawing the child from specialized instruction and services to which the child is entitled. The director of special education may require the parent, guardian, or legal or actual custodian of a child requiring special education to accept full responsibility for the parent’s, guardian’s, or legal or actual custodian’s decision to reject special education programs and services, forgoing a later request for compensatory education for the period of time when the child was under private instruction.

A parent, as defined in rule 281—41.30(256B,34CFR300), who elects independent private instruction for the parent’s child shall be deemed to have waived special education services. Approval from the area education agency’s director of special education is not required before a child requiring special education receives independent private instruction.

[ARC 1246C, IAB 12/11/13, effective 1/15/14]

281—31.11(299,299A) Independent private instruction.

31.11(1) Instructor responsibilities. The person providing independent private instruction shall meet each of the requirements in paragraph 31.1(2)“b.”

31.11(2) School district responsibilities.

a. Services.

(1) The public school district shall offer or make available to all resident students receiving independent private instruction an approved course in driver education on an equal basis with students enrolled in the district, as required by Iowa Code section 321.178(1)“c.”

(2) The public school district shall make available to all students receiving independent private instruction concurrent enrollment programs, also known as district-to-community college sharing, subject to the terms of Iowa Code section 261E.8 and rule 281—22.11(261E).

b. Information from parents.

(1) A school district shall request information pursuant to subparagraph 31.1(2)“b”(6) whenever services described in paragraph 31.1(2)“a” are requested for a child receiving independent private instruction.

(2) A school district superintendent may request information pursuant to subparagraph 31.1(2)“b”(6) in all other instances. The request must be in writing and must be mailed to the parent, guardian, or legal or actual custodian.

31.11(3) Services not available. Unless otherwise specifically required by a provision of this chapter, no service other than those listed in paragraph 31.11(2)“a” shall be provided to children receiving independent private instruction. These restrictions include but are not limited to provision of instructional materials under subrule 31.5(4), assistance from a home school assistance program under subrule 31.5(5), dual enrollment under rule 281—31.6(299A), open enrollment under rule 281—31.7(299), and special education services under rule 281—31.10(299A).

[ARC 1246C, IAB 12/11/13, effective 1/15/14; ARC 5868C, IAB 8/25/21, effective 9/29/21]

31.12(1) Confidentiality of records. Records maintained by school districts or area education agencies under Iowa Code chapters 299 and 299A and this chapter shall be protected under Iowa Code chapter 22, as well as 20 U.S.C. Section 1232g and 34 CFR Part 99. Personally identifiable information about students, as defined in 34 CFR Part 99, shall be disclosed only as permitted by that Part.

31.12(2) Compulsory attendance actions. In taking any action under Iowa Code chapters 299 and 299A, a school district shall consider the requirements of compulsory attendance to be satisfied in the following instances:

a. Enrollment in a public school district and compliance with the district’s attendance policy as determined by the district (including the district’s policy on excusal of absences).

b. Enrollment in an accredited nonpublic school and compliance with the school’s attendance policy as determined by the school (including the school’s policy on excusal of absences).
c. Compliance with this chapter’s provisions regarding competent private instruction.

d. The child is receiving private instruction under subrule 31.2(3) and Iowa Code section 299A.3, unless the subrule and section do not apply.

e. The child is receiving independent private instruction under rule 281—31.11(299,299A), unless paragraph 31.12(2)”f” applies.

f. The district received a response to a request for information about independent private instruction pursuant to subparagraph 31.1(2)”b”(6).

31.12(3) Rules of construction. No public school district or area education agency may apply a requirement more stringent than those contained in these rules for participation in private instruction, including instruction under subrule 31.2(3), or independent private instruction.

These rules are intended to implement Iowa Code chapters 299 and 299A as amended by 2021 Iowa Acts, Senate File 546.

CHAPTER 32
HIGH SCHOOL EQUIVALENCY DIPLOMA
[Prior to 9/7/88, see Public Instruction Department[670] Ch 8]

281—32.1(259A) Purpose. The department may issue a high school equivalency diploma to a person who presents satisfactory evidence of having completed an approved high school course of study aligned with standards established by the state board of education by which high school graduation equivalency may be determined. The purpose of the high school equivalency diploma is to provide a credential to adults who have not graduated from high school and are unable to receive a high school diploma through traditional means but who are able to demonstrate attainment of knowledge, skills, and abilities that are equivalent to those that would be attained in a high school program of study.

This chapter is intended to implement the provisions of Iowa Code chapter 259A.
[ARC 3630C, IAB 2/14/18, effective 3/21/18]

281—32.2(259A) Definitions. As used in this chapter:

“Adult education and literacy program” means the same as defined in rule 281—23.1(260C).

“Approved program” means any defined option established under this chapter for the completion of a high school equivalency diploma that has been approved by the department.

“Approved test” means the entire battery of subtests given under a high school equivalency test adopted by the department and administered at department-approved testing sites.

“Contact hour” means the same as defined in 281—subrule 21.2(12).

“Continuous enrollment” means a participant has not exited from the approved program as defined in the federal Workforce Innovation and Opportunity Act (WIOA 34 CFR 361.150(c)) or subsequent federal workforce training and adult education legislation.

“Demonstrated competence” means the ability to apply the knowledge and skills required to perform critical functions specific to a program of study. Competencies that measure the attainment of the knowledge, skills, and abilities equivalent to a high school program of study shall be aligned with content standards for adult education as referenced in 281—paragraph 23.7(1)“c” and twenty-first century learning skills.

“Department” means the Iowa department of education.

“Eligible institution” means an entity as defined in 281—subrule 23.3(1).

“High school credit” means credit awarded for the successful completion of a secondary course or demonstrated competence equivalent to one-half Carnegie unit as defined in 281—subrule 12.5(14).

“High school equivalency diploma” means the credential granted by the department to adults who did not graduate from high school and are unable to receive a high school diploma through traditional means but who are able to demonstrate attainment of the knowledge, skills, and abilities that are equivalent to those that would be attained in a high school program of study.

“Resident” means an individual who satisfies the requirements of 281—subrule 21.2(11).

“Twenty-first century learning skills” means the same as defined in 281—subrule 12.5(17).

“Work-site learning” means a planned and supervised work experience, equivalent to the training services defined in the federal Workforce Innovation and Opportunity Act, Section 134(c)(3)(D), or subsequent federal workforce training and adult education legislation, that is in compliance with workplace laws and regulations, including the minimum wage requirements prescribed by Iowa law or the federal Fair Labor Standards Act, if applicable.
[ARC 3630C, IAB 2/14/18, effective 3/21/18]

281—32.3(259A) Eligibility to participate.

32.3(1) Minimum age. No one under 16 years and 9 months of age is allowed to participate in an approved program, with the exception of a person who is at least 16 years of age and satisfies one or more of the following conditions:

a. Is a resident of an Iowa juvenile institution;
b. Is an active participant in Job Corps; or
c. Is under the supervision of a probation office.
32.3(2) Anyone 16 years and 9 months of age or older who is not enrolled in a secondary school nor is a high school graduate is permitted to apply for enrollment in an approved program. The requirements for admission into an approved program are:

a. Proof of age and, for an applicant under 18 years of age, consent of the applicant’s parent or guardian.

b. For an applicant under 19 years of age, verification of nonenrolled status from the last high school attended.

c. Completion of a comprehensive intake by an eligible institution. For purposes of this chapter, the intake must include all of the following:

(1) Assessment of the applicant’s reading level and career interests and aptitudes.

(2) Discussion of program options available to the applicant regarding completion of a high school equivalency diploma, to include the requirements, expectations, benefits, and limitations of each option.

(3) Development of a plan for the completion of one of the options discussed and subsequent activities necessary to work toward an identified goal, career pathway, occupation, or further education.

32.3(3) An eligible participant who successfully completes an approved program will not be awarded a high school equivalency diploma until the participant reaches 18 years of age and the participant’s ninth grade class has graduated from high school.

[ARC 3630C, IAB 2/14/18, effective 3/21/18]

281—32.4(259A) By whom administered. An approved program shall be administered by an eligible institution. An eligible institution may provide one or more approved programs. The department shall maintain a process by which an eligible institution may submit an application to offer an approved program.

[ARC 3630C, IAB 2/14/18, effective 3/21/18]

281—32.5(259A) Diploma, transcript, verification fees. Upon payment to the department or its designee of a fee for the actual cost of production and distribution of a high school equivalency diploma, transcript, or verification letter not to exceed $10 per document, the department shall issue a high school equivalency diploma, transcript, or verification letter to an applicant who has achieved the minimum standards established in this chapter. Upon payment to the department or its designee of a fee for the actual cost of verification and issuance of a duplicate diploma, transcript, and verification letter not to exceed $15, the department or its designee shall issue a duplicate diploma, transcript, or provide verification to the applicant or person authorized by the applicant to request these documents. Approved providers must track and submit to the department evidence of the applicant’s completion of the program requirements for the issuance of a high school equivalency diploma.

[ARC 3630C, IAB 2/14/18, effective 3/21/18]

281—32.6(259A) Application, course, and testing fees. The applicant or the applicant’s supporting agency shall pay an application, course, or testing fee to cover only necessary and reasonable testing or program costs. Fees paid directly to an approved program are considered program income and shall adhere to the federal Office for Management and Budget Uniform Guidance cost principles, as codified in 2 CFR Section 200.80.

[ARC 3630C, IAB 2/14/18, effective 3/21/18]

281—32.7(259A) High school equivalency diploma program based on a department-approved test. The department shall award a high school equivalency diploma to an applicant who achieves the appropriate minimum standard scores on an approved test.

32.7(1) Validity of test scores. Scores on an approved test shall remain valid for a period of five years from the date of the first subtest taken. If an applicant has not earned a high school equivalency diploma within this five-year period, the applicant must retake any expired subtest. The only exception is for test series that expire prior to the five-year period, in which case all previously taken subtests are void and must be retaken.
32.7(2) Retest. Any applicant not achieving the minimum standard test score on any subtest in effect at the time of testing shall be permitted to apply for retest. Applicants may retest twice per calendar year, provided one of the following conditions is met:
  a. A period of three months from the date of initial testing has elapsed; or
  b. The applicant completes instruction in an adult education and literacy program in each subject area to be retested. This instruction shall be certified by an official of the adult education and literacy program provider to the test administrator authorized to release the retest.

[ARC 3630C; IAB 2/14/18, effective 3/21/18]

281—32.8(259A) High school equivalency diploma program based on attainment of high school credits. The department shall award a high school equivalency diploma to an applicant who demonstrates completion of an approved program consisting of at least 36 high school credits. The approved program shall be inclusive of the graduation requirements established under 281—subrule 12.5(5) and consist of at least eight high school credits in English or communications; six credits in mathematics; six credits in science; six credits in social studies, including government; and ten elective credits that meet the requirements of subrule 32.8(4).

32.8(1) Award of prior credit. The applicant shall provide certified, translated transcripts from any Iowa school district, accredited public or nonpublic high school, or regionally accredited college or university to document completion of credits earned that are equivalent to those required in an approved program established under this rule. Additional documentation may be requested to validate credits earned.

32.8(2) Minimum participation requirement. An eligible applicant must demonstrate competence through continuous enrollment in an approved program for a minimum of two high school credits.

32.8(3) Minimum graduation requirements. If the applicant is not continuously enrolled in an approved program, the applicant will become subject to the minimum graduation requirements applicable to the date of reenrollment.

32.8(4) Electives.
  a. Coursework for electives shall align with twenty-first century learning skills and be classified in one of the following five areas:
    (1) Civic literacy;
    (2) Health literacy;
    (3) Technology literacy;
    (4) Financial literacy;
    (5) Employability skills.
  b. Work-site learning may be counted toward an elective, under the following conditions:
    (1) Evidence of prior work-site learning shall be evaluated using a state-developed assessment tool and may be awarded a maximum of two high school credits. Credit earned for prior work-site learning shall not be counted toward the minimum participation requirement, as described in subrule 32.8(2).
    (2) Current work-site learning shall be evaluated using a state-developed assessment tool and may be awarded a maximum of two high school credits. Credit earned for current work-site learning may be counted toward the minimum participation requirement, as described in subrule 32.8(2).

32.8(5) Postsecondary credit. Credit awarded by a regionally accredited postsecondary institution for the successful completion of a course that applies toward the requirements of a postsecondary credential, including but not limited to a certificate, diploma, or associate, bachelor, or graduate-level degree program, shall be accepted to fulfill the requirements for the satisfactory completion of a program as follows:
  a. One postsecondary semester credit or its equivalent shall be equal to one-third high school credit. The resulting high school credit can be used to satisfy either a core or elective credit requirement of an approved program.
b. Twenty contact hours of noncredit postsecondary coursework shall be equal to one-third high school credit provided the coursework is aligned to regional career pathways and occupational needs. This credit can be used to satisfy an elective credit requirement of an approved program.  
[ARC 3630C, IAB 2/14/18, effective 3/21/18]

281—32.9(259A) High school equivalency diploma program based on postsecondary degree. The department shall award a high school equivalency diploma to a resident applicant who presents an associate degree or higher that includes general education coursework and is awarded by a regionally accredited postsecondary institution. The applicant must provide official transcripts to an adult education and literacy program to document completion of program requirements.  
[ARC 3630C, IAB 2/14/18, effective 3/21/18]

281—32.10(259A) High school equivalency diploma program based on foreign postsecondary degree. The department shall award a high school equivalency diploma to a resident applicant who presents a postsecondary degree equivalent to an associate degree or higher, provided that the following conditions are met:

32.10(1) The applicant presents to an adult education and literacy program an official transcript from an institution of higher education attesting to the completion of the program of study required for the postsecondary degree. If the transcript is not in English, the applicant shall also provide a certified translation.

32.10(2) The applicant shall be a United States citizen or shall meet both of the following requirements:

a. Demonstrates proficiency in speaking, listening, reading, and writing as defined by the department’s approved English language proficiency standards; and

b. Has successfully completed a course in government or civics education as a component of an approved program.

CHAPTER 33
EDUCATING HOMELESS CHILDREN AND YOUTH

281—33.1(256) Purpose. The purpose of these rules is to facilitate the enrollment of homeless children of school age and, where appropriate, of preschool age in the public school districts of Iowa to enable the children to have access to a free, appropriate public education, and to be free of being stigmatized on the basis of their status as homeless.

281—33.2(256) Definitions.

“District of origin” is defined as the public school district in Iowa in which the child was last enrolled or which the child last attended when permanently housed.

“Guardian” is defined as a person of majority age with whom a homeless child or youth of school age is living or a person of majority age who has accepted responsibility for the homeless child or youth, whether or not the person has legal guardianship over the child or youth.

“Homeless child or youth” is defined as a child or youth from the age of 3 years through 21 years who lacks a fixed, regular, and adequate nighttime residence and includes the following:

1. A child or youth who is sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; is living in a motel, hotel, trailer park, or camping grounds due to the lack of alternative adequate accommodations; is living in an emergency or transitional shelter; or is abandoned in a hospital;

2. A child or youth who has a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings;

3. A child or youth who is living in a car, park, public space, abandoned building, substandard housing, bus or train station, or similar setting; or

4. A migratory child or youth who qualifies as homeless because the child or youth is living in circumstances described in paragraphs “1” through “3” above.

“Preschool child” is defined as a child who is three, four, or five years of age before September 15.

“School of origin” is defined as the school that a child or youth attended when permanently housed or the school in which the child or youth was last enrolled, including a preschool. When the child or youth completes the final grade level served by the school of origin, the term “school of origin” shall include the designated receiving school at the next grade level for all feeder schools.

“Unaccompanied youth” is defined as a youth not in the physical custody of a parent or guardian.

[ARC 3289C; IAB 8/30/17, effective 10/4/17]

281—33.3(256) Responsibilities of the board of directors. The board of directors of a public school district shall do all of the following:

33.3(1) The board shall locate and identify homeless children or youth within the district, whether or not they are enrolled in school.

33.3(2) The board shall post, at community shelters and other locations in the district where services or assistance is provided to the homeless, information regarding the educational rights of homeless children and youth and encouraging homeless children and youth to enroll in the public school.

33.3(3) The board shall examine and revise, if necessary, existing school policies or rules that create barriers to the enrollment of homeless children or youth, consistent with these rules. Examination and revision include identifying and removing barriers that prevent such children and youth from receiving appropriate credit for full or partial coursework satisfactorily completed while attending a prior school, in accordance with state, local, and school policies. Examination and revision also include ensuring that homeless children and youth who meet the relevant eligibility criteria do not face barriers to accessing academic and extracurricular activities, including magnet school, summer school, career and technical education, advanced placement, online learning, and charter school programs, if such programs are available at the state and local levels. School districts are encouraged to cooperate with agencies and organizations for the homeless to explore comprehensive, equivalent alternative educational programs.
and support services for homeless children and youth when necessary to implement the intent of these rules.

33.3(4) The board shall enact a policy prohibiting the segregation of a homeless child or youth from other students enrolled in the public school district.

33.3(5) The board shall immediately enroll a homeless child or youth, pending resolution of any dispute regarding in which school the child or youth should be enrolled.

33.3(6) The board shall determine school placement based on the best interests of a homeless child or youth. The board shall, to the extent feasible, keep a homeless child or youth in the school of origin, except when doing so is contrary to the wishes of the child’s or youth’s parent or guardian. If the child or youth becomes permanently housed during an academic year, enrollment shall continue in the school of origin for the remainder of that academic year unless the parents agree otherwise.

33.3(7) The board shall designate as the district’s local educational agency liaison for homeless children and youth an appropriate staff person who is able to and has been trained to carry out the following duties:

a. Ensure that a homeless child or youth is identified by school personnel through outreach and coordination activities with other entities and agencies;

b. Ensure that homeless children and youth are enrolled in, and have a full and equal opportunity to succeed in, schools of the district;

c. Ensure that homeless families and homeless children and youth receive educational services for which such families, children, and youth are eligible, including services through Head Start programs (including Early Head Start programs) under the Head Start Act (42 U.S.C. Section 9831, et seq.), early intervention services under Part C of the Individuals with Disabilities Education Act (20 U.S.C. Section 1431, et seq.), and other preschool programs administered by the district, and referrals to health care services, dental services, mental health services, and other appropriate services;

d. Ensure that homeless families and homeless children and youth receive referrals to health care services, dental services, mental health and substance abuse services, housing services, and other appropriate services;

e. Ensure that the parents or guardians of homeless children and youth are informed of the educational and related opportunities available to their children and are provided with meaningful opportunities to participate in the education of their children;

f. Ensure that public notice of the educational rights of homeless children and youth is disseminated in locations frequented by parents or guardians of such children and youth, and unaccompanied youth, including schools, shelters, public libraries, and soup kitchens, in a manner and form understandable to the parents and guardians of homeless children and youth, and unaccompanied youth;

g. Ensure that enrollment disputes are mediated in accordance with 42 U.S.C. Section 11432(g)(3)(E), which requires the following:

(1) The child or youth shall be immediately enrolled in the school in which enrollment is sought, pending resolution of the dispute (which must be either the local attendance center or the school of origin);

(2) The parent or guardian of the child or youth shall be provided with a written explanation of the school’s decision regarding school selection or enrollment, including the rights of the parent, guardian, or youth to appeal the decision;

(3) The child, youth, parent, or guardian shall be referred to the local educational agency liaison designated under this subrule, who shall carry out the dispute resolution process set forth in rule 281—33.9(256);

(4) In the case of an unaccompanied youth, the local educational agency liaison shall ensure that the youth is immediately enrolled in the school in which enrollment is sought pending resolution of the dispute;

h. Ensure that the parent or guardian of a homeless child or youth, or the unaccompanied youth, is fully informed of all transportation services and is assisted in accessing transportation to the school of enrollment;
i. Ensure that school personnel providing services under this chapter receive professional development and other support;
  j. Ensure that unaccompanied homeless youth:
     (1) Are enrolled in school;
     (2) Have opportunities to meet the same challenging academic standards as are established for other children and youth, including through implementation of the procedures under the Every Student Succeeds Act; and
     (3) Are informed of their status as independent students under Section 480 of the Higher Education Act of 1965 (20 U.S.C. 1087vv) and that the youth may obtain assistance from the local educational agency liaison to receive verification of such status for the purposes of the Free Application for Federal Student Aid described in Section 483 of such Act (20 U.S.C. 1090); and
  k. Coordinate and collaborate with state coordinators and community and school personnel responsible for the provision of education and related services to homeless children and youth.

[ARC 3289C; IAB 8/30/17, effective 10/4/17]

281—33.4(256) School records; student transfers. The school records of each homeless child or youth shall be maintained so that the records are available in a timely fashion when a child or youth enters a new school district, and in a manner consistent with federal statutes and regulations related to student records.

   Upon notification that a homeless student intends to transfer out of the district, a school district shall immediately provide copies of the student’s permanent and cumulative records, or other evidence of placement or special needs, to the homeless child or youth or the parent or guardian of a homeless child or youth who may take the copies with them.

   Upon the enrollment of a homeless child or youth, a school district shall accept copies of records, or other evidence of placement provided by the homeless child, youth, or the parent or guardian of the homeless child or youth, for purposes of immediate placement and delivery of education and support services. Thereafter, the receiving school shall request copies of the official records from the sending school. The receiving school shall not dismiss or deny further education to the homeless child or youth solely on the basis that the prior school records are unavailable.

281—33.5(256) Immunization requirements. Consistent with the provisions of Iowa Code section 139A.8 and rules of the department of public health, a public school shall not refuse to enroll or exclude a homeless child or youth for lack of immunization records if any of the following situations exist.

   The parent or guardian of a homeless child or youth or a homeless child or youth:
   1. Offers a statement signed by a doctor licensed by the state board of medical examiners specifying that in the doctor’s opinion the immunizations required would be injurious to the health and well-being of the child or youth or to any member of the child or youth’s family or household.
   2. Provides an affidavit stating that the immunization conflicts with the tenets and practices of a recognized religious denomination of which the homeless child or youth is a member or adherent, unless the state board of health has determined and the director of health has declared an emergency or epidemic exists.
   3. Offers a statement that the child or youth has begun the required immunizations and is continuing to receive the necessary immunizations as rapidly as is medically feasible, or
   4. States that the child or youth is a transfer student from any other school, and that school confirms the presence of the immunization record.

   The school district shall make every effort to locate or verify the official immunization records of a homeless child or youth based upon information supplied by the child, youth, parent, or guardian. In circumstances where it is admitted that the homeless child or youth has not received some or all of the immunizations required by state law for enrollment and none of the exemptions listed above is applicable, the district shall refer the child, youth, and parent or guardian to the local board of health for the purpose of immunization, and the school shall provisionally enroll the child or youth in accordance with item “3” or “4” above.
281—33.6(256) Waiver of fees and charges encouraged. If a child or youth is determined to be homeless as defined by these rules, a school district is encouraged, subject to state law, to waive any fees or charges that would present a barrier to the enrollment or transfer of the child or youth, such as fees or charges for textbooks, supplies, or activities. A homeless child or youth, or the parent or guardian of a homeless child or youth, who believes a school district has denied the child or youth entry to or continuance of an education in the district on the basis that mandatory fees cannot be paid may appeal to the department of education using the dispute resolution mechanism in rule 281—33.9(256).

281—33.7(256) Waiver of enrollment requirements encouraged; placement.

33.7(1) If a homeless child or youth seeks to enroll or to remain enrolled in a public school district, the district is encouraged to waive any requirements, such as mandatory enrollment in a minimum number of courses, which would constitute barriers to the education of the homeless child or youth.

33.7(2) In the event that a school district is unable to determine the appropriate grade or placement for a homeless child or youth because of inadequate, nonexistent, or missing student records, the district shall administer tests or utilize otherwise reasonable means to determine the appropriate grade level for the child or youth.

281—33.8(256) Residency of homeless child or youth.

33.8(1) A child or youth, a preschool child if the school offers tuition-free preschool, or a preschool child with a disability who meets the definition of homeless in these rules is entitled to receive a free, appropriate public education and necessary support services in either of the following:

a. The district in which the homeless child or youth is actually residing, or

b. The district of origin.

The deciding factor as to which district has the duty to enroll the homeless child or youth shall be the best interests of the child or youth. In determining the best interests of the child or youth, the district(s) shall, to the extent feasible, keep a homeless child or youth in the district of origin, except when doing so is contrary to the wishes of the parent or guardian of the child or youth. In the case of an unaccompanied youth, the local educational agency liaison shall assist in the placement or enrollment decision, taking into consideration the views of the unaccompanied youth. If the child or youth is placed or enrolled in a school other than within the district of origin or other than a school requested by the parent or guardian or unaccompanied youth, the district shall provide a written explanation, including notice of the right to appeal under rule 281—33.9(256), to the parent or guardian or unaccompanied youth.

33.8(2) The choice regarding placement shall be made regardless of whether the child or youth is living with a homeless parent or has been temporarily placed elsewhere by the parent(s); or, if the child or youth is a runaway or otherwise without benefit of parent or legal guardian, where the child or youth has elected to reside.

33.8(3) Insofar as possible, a school district shall not require a homeless student to change attendance centers within a school district when a homeless student changes places of residence within the district, unless the change of residence takes the student out of the category of homeless.

33.8(4) If a homeless child or youth is otherwise eligible and has made proper application to utilize the provisions of Iowa Code section 282.18, “Open Enrollment,” the child or youth shall not be denied the opportunity for open enrollment on the basis of homelessness.

281—33.9(256) Dispute resolution. If a homeless child or youth is denied access to a free, appropriate public education in either the district of origin or the district in which the child or youth is actually living, or if the child or youth’s parent or guardian believes that the child or youth’s best interests have not been served by the decision of a school district, an appeal may be made to the department of education as follows:

33.9(1) If the child is identified as a special education student under Iowa Code chapter 256B, the manner of appeal shall be by letter from the homeless child or youth, or the homeless child’s or youth’s parent or guardian, to the department of education as established in Iowa Code section 256B.6 and
rule 281—41.508(256B,34CFR300). The letter shall not be rejected for lack of notarization, however. Representatives of the public school district where the child or youth desires to attend and of the corresponding area education agency, as well as the child, youth, or parent or guardian of the child or youth, shall present themselves at the time and place designated by the department of education for hearing on the issue. The hearing shall be held in accordance with rule 281—41.508(256B,34CFR300).

33.9(2) If the child is not eligible for special education services, the manner of appeal shall be by letter from the homeless child or youth or the homeless child or youth’s parent or guardian to the director of the department of education. The appeal shall not be refused for lack of notarization, however. Representatives of the public school districts denying access to the homeless child or youth and the child, youth, or parent or guardian of the child or youth shall present themselves at the time and place designated by the department of education for hearing on the issue. The provisions of 281—Chapter 6 shall be applicable insofar as possible; however, the hearing shall take place in the district where the homeless child or youth is located, or at a location convenient to the appealing party.

33.9(3) At any time a school district denies access to a homeless child or youth, the district shall notify in writing the child or youth, and the child or youth’s parent or guardian, if any, of the right to appeal and manner of appeal to the department of education for resolution of the dispute, and shall document the notice given. The notice shall contain the name, address, and telephone number of the legal services office in the area.

33.9(4) This chapter shall be considered by the presiding officer or administrative law judge assigned to hear the case.

33.9(5) Nothing in these rules shall operate to prohibit mediation and settlement of the dispute short of hearing.

33.9(6) While dispute resolution is pending, the child or youth shall be enrolled immediately in the school of choice of the child’s parent or guardian or the school of choice of the unaccompanied youth. The school of choice must be an attendance center either within the district of residence or the district of origin of the child or youth.

[ARC 3289C; IAB 8/30/17, effective 10/4/17]

281—33.10(256) Transportation of homeless children and youth.

33.10(1) Intent. A child or youth, a preschool child if the school offers tuition-free preschool, or a preschool child with a disability who meets the definition of homeless in these rules shall not be denied access to a free, appropriate public education solely on the basis of transportation. The necessity for and feasibility of transportation shall be considered, however, in deciding which of two districts would be in the best interests of the homeless child or youth. The dispute resolution procedures in rule 281—33.9(256) are applicable to disputes arising over transportation issues.

33.10(2) Entitlement. Following the determination of the homeless child or youth’s appropriate school district under rule 281—33.8(256) or 281—33.9(256), transportation shall be provided to the child or youth in the following manner:

a. If the appropriate district is determined to be the district in which the child or youth is actually living, transportation for the homeless child or youth shall be provided on the same basis as for any resident child of the district, as established by Iowa Code section 285.1 or local board policy.

b. If the appropriate district is determined to be a district other than the district in which the child or youth is actually living (sending district) and the district of origin shall agree upon a method to apportion the responsibility and costs for providing the child with transportation to and from the receiving district. If these districts are unable to agree upon such method, the responsibility and costs for transportation shall be shared equally.

c. Rescinded IAB 7/7/04, effective 8/11/04.

281—33.11(256) School services.

33.11(1) The school district designated for the homeless child’s or youth’s enrollment shall make available to the child or youth all services and assistance, including but not limited to the following services, on the same basis as those services and assistance are provided to resident pupils:
a. Compensatory education;
b. Special education;
c. English as a Second Language;
d. Career and technical education courses or programs;
e. Programs for gifted and talented pupils;
f. Health services;
g. Preschool (including Head Start);
h. Before- and after-school child care;
i. Food and nutrition programs;
j. School counseling services to advise homeless students and prepare and improve the readiness of such students for college.

33.11(2) A district must include homeless students in its academic assessment and accountability system under the federal Every Student Succeeds Act, P.L. 114-95. A district must report disaggregated data regarding the academic achievement and graduation rates for homeless children, as required by Section 1111 of the Every Student Succeeds Act.  
[ARC 3289C, IAB 8/30/17, effective 10/4/17]

These rules are intended to implement the provisions of the McKinney-Vento Homeless Assistance Act (42 U.S.C. § 11431, et seq.), as reauthorized December 10, 2015, by Title IX, Part A, of the Every Student Succeeds Act.

CHAPTER 34
FUNDING FOR CHILDREN RESIDING IN STATE INSTITUTIONS
OR MENTAL HEALTH INSTITUTES

281—34.1(218) Scope. These rules apply to the funding and provision of appropriate educational services to children residing in the following institutions under the jurisdiction of the director of human services: the Mental Health Institute, Cherokee, Iowa; the Mental Health Institute, Independence, Iowa; and the State Training School, Eldora, Iowa.
[ARC 5328C, IAB 12/16/20, effective 1/20/21]

281—34.2(218) Definitions. For the purposes of these rules, the following definitions shall apply:

“AEA” means an area education agency.

“Aggregate days” means the sum of the number of days of attendance, excluding days absent, for all school-age pupils who are enrolled during the school year. A student is considered enrolled after being placed in the institution and taking part in the educational program. Enrollment begins on the date that the student begins taking part in the educational program and ends on the date that the student leaves the institution or receives a high school diploma or its equivalent, whichever occurs first.

“Average daily attendance” or “ADA” means the average obtained by dividing the total of the aggregate days of attendance by the total number of student contact days. ADA for purposes of this chapter shall be calculated on the regular school year exclusive of summer session.

“Department” means the state department of education.

“Individualized education program” or “IEP” means the written record of an eligible individual’s special education and related services developed in accordance with 281—Chapter 41. The IEP document records the decisions reached at the IEP meeting and sets forth in writing a commitment of resources necessary to enable an eligible individual to receive needed special education and related services appropriate to the individual’s special learning needs. There is one IEP which specifies all the special education and related services for an eligible individual.

“Institution” means the Mental Health Institute, Cherokee, Iowa; the Mental Health Institute, Independence, Iowa; and the State Training School, Eldora, Iowa.

“Proposed educational program” means a written description of the general education program, special education services, transition activities, and summer school programs that are proposed to be implemented in order to provide appropriate educational services for each child residing in an institution.

“Proposed educational program budget” means a document that outlines the costs for providing the proposed educational program as defined in these rules.

“Regular school year” means the number of days that school is in session, not to exceed 180 days. The regular school year for each institution shall begin on the first day of school established by the school district in which each institution is located.

“School-age pupil” means a student who is a resident of the state of Iowa and who is at least 5 years of age but less than 21 years of age on September 15 of the school year, or a younger age if served pursuant to an IEP.

“School district of the child’s residence” means the school district in which the parent or guardian of the child resides or as defined under operation of law.

“Student contact days” means the days during which the educational program is provided and students are under the guidance and instruction of the professional instructional staff.

“Transition” means communication between the institution and the child’s district of residence to develop a plan for assisting the child to adjust to school in the district of residence upon the child’s return. Planning for support and follow-up includes contacts with the child’s district of residence, community agencies, and the AEA when needed.

281—34.3(218) General principles.
34.3(1) Availability. All children who reside in state institutions and mental health institutes shall be provided appropriate educational services in accordance with these rules. Special education services to eligible individuals in institutions shall be provided in accordance with 281—Chapter 41.

34.3(2) Responsibility of institutions. It is the responsibility of institutions to provide or make provision for appropriate educational services to children residing in these institutions and to ensure appropriate transition of children back to the school district of residence. The institution may make provision by contracting with the AEA or the school district in which the institution is located.

34.3(3) Basis for funding. Funding for general education programs at the institutions is determined using a formula similar to the formula used for the determination of funding for local school districts while considering the unique setting of the institutions. The amount of special education funding is determined by comparing the structure of the general education program at each institution to the nature and extent of services required for students with special education needs beyond what is provided to all students by the general education program.

34.3(4) Responsibility of the AEA. It is the responsibility of the AEA in which the institution is located to provide media services, educational services, and special education support services. The nature and extent of these services shall be comparable to those provided to school districts in the AEA.

281—34.4(218) Notification.

34.4(1) Students served at mental health institutes. The Mental Health Institute, Cherokee, Iowa, and the Mental Health Institute, Independence, Iowa, shall notify the district of residence of each child who on the date specified in Iowa Code section 257.6, subsection 1, is residing in these institutions. The notification shall occur on or before October 10 and shall be in writing or in a printable electronic medium. The notification shall include the child’s name, birth date, and grade level and the names and addresses of the child’s parents or guardians.

34.4(2) Students served at the State Training School at Eldora. The State Training School at Eldora shall notify the AEA in which the institution is located and the district of residence of each child who on the date specified in Iowa Code section 257.6, subsection 1, is residing in the institution if the child’s release date is known and the release date is within the current school year. The notification shall occur on or before October 10. For students served pursuant to an IEP, the State Training School at Eldora shall by the last Friday in October also notify the AEA in which the institution is located and the district of residence of each child residing in the institution if the child’s release date is known and the release date is within the current school year. Notifications shall be in writing or in a printable electronic medium and shall include the child’s name, birth date, and grade level and the names and addresses of the child’s parents or guardians.

[ARC 5328C; TAB 12/16/20, effective 1/20/21]

281—34.5(218) Program submission and approval. Educational programs shall be submitted, reviewed, modified, and approved using the following procedures:

34.5(1) Submission. Each institution shall submit a proposed educational program to the department of education and the department of human services by January 1 for the following school year. The proposed program shall be submitted on forms provided or in the manner prescribed by the department and shall include a description of the following:

a. The general education program including content standards, benchmarks, student learning goals and all other requirements of 281—Chapter 12.

b. Special education services including instructional, support and other services that ensure the provision of a free appropriate public education in the least restrictive environment for students with disabilities in accordance with 281—Chapter 41.

c. Procedures that will be implemented to ensure the effective transition of each child back to the school district of the child’s residence.

34.5(2) Approval. The department shall review and approve or modify the proposed educational program by February 1 and communicate this action to each institution. The department shall also notify the department of revenue of its action by February 1.
281—34.6(218) **Budget submission and approval.** Educational program budgets shall be submitted, reviewed, modified, and approved using the following procedures:

34.6(1) *Submission.* Each institution shall submit a proposed educational program budget by January 1 for the following school year. The proposed budget shall be based on the average daily attendance of the children residing in the institution and shall be submitted to the department of education and the department of human services on forms provided by the department. The average daily attendance used for the proposed budget shall be the average daily attendance for the school year that ended the previous June 30.

34.6(2) *Students not served pursuant to an IEP.* The budget shall be calculated as the sum of the following:

a. Average daily attendance multiplied by the state cost per pupil for the budget year established pursuant to Iowa Code section 257.9.

b. Average daily attendance multiplied by the per pupil media services funding for the AEA in which the institution is located as established by Iowa Code section 257.37.

c. Average daily attendance multiplied by the per pupil educational services funding for the AEA in which the institution is located as established by Iowa Code section 257.37.

34.6(3) *Students served pursuant to an IEP.* The budget shall be calculated as the sum of the following:

a. Costs established pursuant to subrule 34.6(2) for students not served pursuant to an IEP.

b. Additional weighting established by the special education weighting plan pursuant to Iowa Code section 257.31, subsection 12, as appropriate to support the nature and extent of special education services provided pursuant to subrule 34.3(3).

c. Special education student count multiplied by the special education support cost per pupil funding established for the AEA in which the institution is located pursuant to Iowa Code section 257.9.

d. The State Training School at Eldora may include in its budget an amount that represents the difference between the amount established pursuant to Iowa Code (2003) section 282.28 and approved by the department for the 2003-2004 fiscal year included in the fiscal year beginning July 1, 2003, and the amount the institution has budgeted under paragraph 34.6(3)“c.” The budget amount shall increase annually by the allowable growth rate established for that year.

e. In addition to the amount each institution has budgeted as specified in paragraph 34.6(3)“c,” the mental health institutes at Cherokee and Independence may include annually in their budgets an amount not to exceed $200,000 based on the budget calculation specified in paragraph 34.6(2)“a.” This budgeted amount may be adjusted to an amount that exceeds $200,000 in circumstances when there is a significant increase in the number of students in attendance. This additional amount shall increase annually by the allowable growth rate established for that year.

34.6(4) *Approval.* The department shall review and approve or modify the proposed educational program budget by February 1 and communicate this action to each institution. The department shall also notify the department of revenue of its action by February 1.

[ARC 5328C, IAB 12/16/20, effective 1/20/21]

281—34.7(218) **Payments.** The department of revenue shall pay the approved budget amount to the department of human services in monthly installments beginning September 15 and ending June 15 of the next succeeding school year. The installments shall be as nearly equal as possible as determined by the department of revenue, taking into consideration the relative budget and cash position of the state’s resources. The department of revenue shall pay the approved budget amount for the department of human services from the moneys appropriated under Iowa Code section 257.16, and the department of human services shall distribute the payment to each institution.

281—34.8(218) **Payments to the AEA.** Within ten days of receiving its payment, the institution shall pay to the AEA in which the institution is located one-tenth of the total funding included in its approved budget for AEA media services, educational services, and special education support services.
281—34.9(218) Contracting for services. The institution may contract with the AEA or the local school district in which the institution is located to provide services to the students residing in the institution.

281—34.10(218) Accounting for average daily attendance. Each institution shall keep a daily register that shall include the name, birth date, district of residence, attendance, and enrollment status of each student. At the end of the school year, each institution shall calculate the average daily attendance for students served pursuant to an IEP and the average daily attendance for students not served pursuant to an IEP. This information shall be reported with the accounting for the actual program costs submitted to the department by August 1.

281—34.11(218) Accounting for actual program costs. Each institution shall submit an accounting for the actual cost of the program to the department by August 1 of the following school year on forms provided by the department.

34.11(1) Instructional costs. Actual costs include salaries and benefits of instructional staff, instructional supplies and materials, professional development for instructional staff, student transportation, contracted services related to instruction or instructional staff, and instructional equipment.

34.11(2) Administrative costs. Costs for administering the educational program may be included in actual costs based on the average daily attendance of students in the institution. Costs shall be limited to the salary and benefits of the full-time equivalent education administrators and clerical support for the instructional program. However, the full-time equivalent at any institution shall not exceed 1.0 for education administration and 1.0 for clerical support.

34.11(3) Unallowed costs. Costs shall not include expenditures for debt services or for facilities acquisition and construction services including remodeling and facility repair. Costs of residential, custodial, treatment, and similar services provided by the institution shall not be included in the actual costs. Costs provided for by a grant or other categorical aid shall not be included in the actual cost calculations pursuant to this chapter.

34.11(4) Summer school costs. Costs for providing summer school shall be reported separately from regular session costs. Except as approved by the department of education, summer session costs are considered to be included in the state cost per pupil, or as provided in an appropriation through the department of human services.

34.11(5) Instruction to nonresident students. Costs for providing instruction to students who are not residents of the state of Iowa shall be excluded from the actual cost calculations.

34.11(6) Maximum costs for students who are not served pursuant to an IEP. Actual costs for serving students who are not served pursuant to an IEP shall not exceed the greater of the average daily attendance for the school year multiplied by the state cost per pupil or the average daily attendance from the approved budget multiplied by the state cost per pupil.

34.11(7) Maximum costs for students served pursuant to an IEP. Actual costs for students served pursuant to an IEP shall not exceed the amount calculated in subrule 34.6(3).

34.11(8) Approval of expenditures. The department shall review and approve or modify all expenditures incurred in compliance with the guidelines adopted pursuant to Iowa Code section 256.7, subsection 10, and shall notify the department of revenue of the approved accounting amount. The approved accounting amount shall be compared with any amounts paid by the department of revenue to the department of human services and any differences added to or subtracted from the October payment made under these rules for the next school year.

34.11(9) Costs of courses. Costs include the actual expenses, if reasonable and customary, for tuition, textbooks, course materials, and fees directly related to courses taken pursuant to rule 281—34.15(218,233A,261C) by students who are residents of the state of Iowa.

281—34.12(218) Audit. Each institution shall make the records related to providing educational services to students residing within the institution available to independent auditors, state auditors and department of education staff upon request.
281—34.13(218) Hold-harmless provision. Notwithstanding rule 281—34.6(218), any institution that would receive less funding in its proposed budget pursuant to these rules for the instructional program for the 2003-2004 school year than it had received in funding for the instructional program for the 2002-2003 school year shall be held harmless. The institution shall receive an amount equal to the amount it was funded in 2002-2003. This provision shall continue until the first year in which the proposed budget pursuant to these rules would equal or exceed the amount it had received for the instructional program for the 2002-2003 school year. The hold-harmless provision shall cease beginning with the first year in which the proposed budget pursuant to these rules equals or exceeds the 2002-2003 funding amount.

281—34.14(218,256B,34CFR300) AEA services. Each institution shall purchase from the AEA in which the institution is located support, related and other services necessary to provide appropriate educational programs to students requiring special education, and payment for the purchased services shall be made in accordance with rule 281—34.8(218). The nature and extent of such services shall be comparable to those provided to school districts in the AEA.

281—34.15(218,233A,261C) Postsecondary credit courses. Eleventh and twelfth grade students who attend an institution and are residents of the state of Iowa are eligible to be enrolled in college courses offered by an eligible postsecondary institution as defined in Iowa Code section 261C.3(1) and to receive both secondary and postsecondary credit therefor.

34.15(1) Noneligible courses. Postsecondary courses utilized in the attainment of an adult diploma or general equivalency diploma are not eligible for funding hereunder.

34.15(2) Eligible courses. Postsecondary courses eligible for funding hereunder must meet all of the following requirements. The course must be:
   a. Supplementing, not supplanting, courses offered at the institution.
   b. Included in the college catalog or an amendment or addendum to the catalog.
   c. Open to all registered college students, not just secondary students.
   d. Taught by a college-employed instructor.
   e. Taught utilizing the college course syllabus.
   f. Of the same quality as a course offered on a college campus.
   g. Nonsectarian.

34.15(3) Maximum number of college courses allowed. A student is allowed to take a maximum of three college courses during a semester, for a maximum of six college courses per regular school year, while the student is in attendance at the institution. College courses taken outside the regular school year shall not be funded under this chapter. If the student exceeds the course limit, the costs of the additional courses shall not be funded hereunder.

These rules are intended to implement 2003 Iowa Acts, chapter 178, section 58.

CHAPTER 35
EDUCATIONAL STANDARDS AND PROGRAM REQUIREMENTS FOR CHILDREN’S
RESIDENTIAL FACILITIES

281—35.1(282) Scope. These rules apply to the provision of educational programs and educational
services in children’s private residential facilities.
[ARC 2946C, IAB 2/15/17, effective 3/22/17]

281—35.2(282) Intent. It is the intent of this chapter that all school-age children, including children
younger than 5 years of age and older than 18 years of age, who are eligible children to receive special
education, who are living in any child’s residential facility operated by a private entity providing
residential care to children within the state of Iowa, which is not otherwise exempted by the Iowa Code,
shall be provided an appropriate education.
[ARC 2946C, IAB 2/15/17, effective 3/22/17]

281—35.3(282) Definitions. For purposes of this chapter, the following definitions shall apply:
“Child” or “children” means an individual or individuals under 18 years of age. A child is
“school-age” if the child is at least 5 years of age on September 15 but not more than 21 years of age
or if the child is younger than 5 years of age or older than 18 years of age and is an eligible child to
receive special education.
“Children’s residential facility” means a facility operated by a private entity and designed to serve
children who have been voluntarily placed for reasons other than an exclusively recreational activity
outside of their homes by a parent or legal guardian and who are not under the custody or authority of
the department of human services, juvenile court, or another governmental agency as defined by Iowa
Code section 237C.1. “Children’s residential facility” shall also be referred to as a “private facility,” but
does not include an entity providing any of the following:
1. Care furnished by an individual who receives the child of a personal friend as an occasional
and personal guest in the individual’s home, free of charge and not as a business.
2. Care furnished by an individual with whom a child has been placed for lawful adoption, unless
that adoption is not completed within two years after placement.
4. Care furnished in a hospital licensed under Iowa Code chapter 135B or care furnished in a
health care facility as defined in Iowa Code section 135C.1.
5. Care furnished by a juvenile detention home or juvenile shelter care home approved under Iowa
Code section 232.142.
6. Care furnished by a child foster care facility licensed under Iowa Code chapter 237.
7. Care furnished by an institution listed in Iowa Code section 218.1.
8. Care furnished by a facility licensed under Iowa Code chapter 125.
9. Care furnished by a psychiatric medical institution for children licensed under Iowa Code
chapter 135H.
“Private entity” means any residential entity that is not a public entity as defined below.
“Public entity” means any facility that houses school-age children and children eligible to receive
special education who are under the jurisdiction of the department of corrections, department of human
services, board of regents, or other governmental agency and that has current authority to offer direct
instruction to children from funding available to one of the above agencies. A public entity shall not bill
any Iowa school district or area education agency for educational costs.
[ARC 2946C, IAB 2/15/17, effective 3/22/17]

281—35.4(282) Establishing an appropriate educational program. A private entity operating a
children’s residential facility shall not accept any child of school age or a child who is eligible to receive
special education services until the entity has been issued a certificate of approval by the department of
human services and has established an appropriate educational program under this rule and appropriate
educational services under rule 281—35.6(282).
35.4(1) A private entity operating a children’s residential facility may establish an appropriate educational program in one of three ways:

a. Becoming an accredited nonpublic school through the standards and accreditation process described in Iowa Code section 256.11 and adopted by rule by the state board of education.

b. Utilizing a written contract stating that the public school district in which the private facility is located will provide the educational program and educational services, either directly or by supervision of appropriately licensed staff of the public entity.

c. Utilizing a written contract stating that an accredited nonpublic school which is located within the same school district boundaries in which the private facility is located will provide the educational program and educational services, either directly or by supervision of appropriately licensed staff of the accredited nonpublic school. This contract may require that some services related to federal programs and special education be provided by the school district which is otherwise the requirement for the accredited nonpublic school.

35.4(2) The educational program and educational services delivered through a contract established between a private entity and the school district or accredited nonpublic school shall meet, at a minimum, the standards established by rule 281—12.10(256).

35.4(3) Any contract established by the private entity with a school district or accredited nonpublic school shall, at a minimum, include, but not be limited to, the physical location of the educational program and educational services; the parties involved; the purpose of the contract; the program description in detail; the powers, duties and authority of each party to the contract; the jurisdiction of each party to the contract; the dispute resolution procedure; specifications of the services that are contracted, if any, and how costs are to be calculated; billing procedures; how each legal, testing, and reporting requirement will be met; ownership of property belonging to the party that paid the cost or contributed the item; contract amendment procedures; contract approval procedures; contract renewal and termination procedures; duration of the contract; cross indemnification; application of laws, rules and regulations; binding effect; severability; assurances; and signature of the school board with legal power to authorize the terms of the contract. Any contract developed under this rule shall be submitted to the department of education for review and approval by the director of the department of education prior to enactment. A contract that fails to comply with any of the requirements of this chapter is void.

35.4(4) Children residing in a private facility operated by a private entity who require treatment or security throughout the day shall have classrooms made available at the site of the private facility at no cost to the school district providing the instructional program or instructional supervision. The classroom must meet the requirements for educational space for children in accordance with the Iowa Code, administrative rules, and state fire marshal regulations.

35.4(5) Nothing included in this chapter shall be interpreted to regulate religious education curricula at the private entity.

[ARC 2946C; IAB 2/15/17, effective 3/22/17]

281—35.5(282) Display of notices; fees.

35.5(1) A private entity operating a private facility under this chapter shall display prominently in all of the private entity’s major publications and on its Internet site a notice accurately describing the educational program and educational services provided by the private entity and who is providing the program and services.

35.5(2) The private entity operating a private facility shall include in any promotional, advertising, or marketing materials available by print, broadcast, or via the Internet or any other means all fees charged by the private entity for the educational program and educational services offered or provided and the entity’s refund policy for the return of refundable portions of any fees. This subrule shall not apply to sponsorship by a private entity of public radio or public television broadcasts.

35.5(3) If the educational programs and educational services are provided by or through the public school district of location, all fees related to the educational programs and educational services shall be authorized by the Iowa Code, including but not limited to Iowa Code chapter 282, and shall be the same
fees as charged to other enrolled students. The public school district cannot charge nonresident students a higher fee than resident students.

[ARC 2946C, IAB 2/15/17, effective 3/22/17]

281—35.6(282) Provision of appropriate educational services.

35.6(1) Private entities shall fully cooperate with the area education agency and school district in which the facility is located to fulfill the area education agency’s responsibilities for child find under 281—Chapter 41. A child shall be made available for evaluation and provision of services for which the child is eligible.

35.6(2) If a child does not require treatment or security by the private entity in such a time or manner as is required to remain on the campus of the private facility, a child with an individual education plan shall be provided special education instruction and related services with other nondisabled children within the least restrictive environment to the maximum extent appropriate.

35.6(3) The area education agency in which the private facility is located, the school district of residence, and other appropriate public or private agencies or private individuals involved with the care or placement of a child shall cooperate with the school district in which the private facility is located in sharing educational information, textbooks, curriculum, assignments, and materials in order to plan and to provide for the appropriate education of the child living in a private facility and to ensure academic credit is granted to the child for instructional time earned upon discharge from the private residential facility.

35.6(4) A private facility that houses eligible children who are 4 years of age by September 15 of the school year shall notify the parents or legal guardians of these eligible children about the opportunities to access quality preschool programs. Children whose parents are Iowa residents may access the statewide voluntary preschool program under 281—Chapter 16 at no cost to the parents, and transportation will be provided by the public school district in which the statewide voluntary preschool provider is located from its statewide voluntary preschool programs funding. Children whose parents are not Iowa residents may access the statewide voluntary preschool programs, if space is available, through a tuition and transportation agreement with the public school district in which the statewide voluntary preschool program provider is located.

[ARC 2946C, IAB 2/15/17, effective 3/22/17]

281—35.7(282) Reporting. A private entity shall comply with requests by the Iowa department of education for basic educational and financial information.

[ARC 2946C, IAB 2/15/17, effective 3/22/17]

These rules are intended to implement 2016 Iowa Acts, chapter 1114.

[Filed ARC 2946C (Notice ARC 2852C, IAB 12/7/16), IAB 2/15/17, effective 3/22/17]
281—36.1(280) Definitions Whenever the following terms are used, they shall refer to the following definitions:

“*All-star*” means a secondary student from a high school interscholastic athletic team whose outstanding performance is the basis for the student’s selection to compete individually in an all-star contest or on an all-star high school team to compete with other all-stars from several other high school teams against another all-star team in an all-star contest. An “all-star” shall not include a twelfth grade student whose interscholastic athletic season for the sport in question has concluded.

*Note:* Bylaw 14.6 of the National Collegiate Athletic Association (NCAA) (as revised 7/30/10) states that a “student-athlete shall be denied the first year of intercollegiate athletics competition if, following completion of high-school eligibility in the student-athlete’s sport and prior to the student-athlete’s high-school graduation, the student-athlete competes in more than two all-star football contests or two all-star basketball contests.”

“All-star contest” means an event for which admission is charged and at which all-stars compete during the school year against other all-stars, either individually or as all-star teams. “All-star contests” shall not include noninvitational events for which students audition or try out or the auditions or try outs themselves.

“*Associate member school*” means a nonaccredited nonpublic school that has been granted associate member status by any corporation, association, or organization registered with the state department of education pursuant to Iowa Code section 280.13, upon approval by the department based upon proof of compliance with:

1. Iowa Code section 279.19B, and rules adopted by the department of education related to the qualifications of the affected teaching staff, and
2. The student eligibility rules of this chapter.

Associate membership is subject to the requirements, dues, or other obligations established by the organization for which associate membership is sought.

“*Coach*” means an individual, with coaching endorsement or authorization as required by Iowa law, employed by a school district under the provisions of an extracurricular athletic contract or employed by a nonpublic school in a position responsible for an extracurricular athletic activity. “Coach” also includes an individual who instructs, diagnoses, prescribes, evaluates, assists, or directs student learning of an interscholastic athletic endeavor on a voluntary basis on behalf of a school or school district.

“*Compete*” means participating in an interscholastic contest or competition and includes dressing in full team uniform for the interscholastic contest or competition as well as participating in pre-game warm-up exercises with team members. “Compete” does not include any managerial, record-keeping, or other non-competitor functions performed by a student on behalf of a member or associate member school.

“*Department*” means the state department of education.

“*Dropout*” means a student who quit school because of extenuating circumstances over which the student had no control or who voluntarily withdrew from school. This does not include a student who has been expelled or one who was doing failing work when the student voluntarily dropped from school.

“*Executive board*” means the governing body authorized under a constitution or bylaws to establish policy for an organization registered under this chapter.

“*Executive officer*” means the executive director or secretary of each governing organization.

“*Member school,*” for purposes of this chapter, means a public school or accredited nonpublic school that has been granted such status by any corporation, association, or organization registered with the state department of education pursuant to Iowa Code section 280.13.

“*Parent*” means the natural or adoptive parent having actual bona fide custody of a student.
“Student” means a person under 20 years of age enrolled in grades 9 through 12. For purposes of these rules, ninth grade begins with the summer immediately following eighth grade. The rules contained herein shall apply uniformly to all students.

“Superintendent” means a superintendent of a local school or a duly authorized representative.

[ARC 9475B, IAB 4/20/11, effective 5/25/11]

281—36.2(280) Registered organizations. Organizations registered with the department include the following:

36.2(1) Iowa High School Athletic Association (hereinafter association).
36.2(2) Iowa Girls’ High School Athletic Union (hereinafter union).
36.2(3) Iowa High School Music Association (hereinafter music association).
36.2(4) Iowa High School Speech Association (hereinafter speech association).
36.2(5) Unified Iowa High School Activities Federation (hereinafter federation).

281—36.3(280) Filings by organizations. Each organization shall maintain a current file with the state department of education of the following items:

36.3(1) Constitution and bylaws which must have the approval of the state board of education.
36.3(2) Current membership and associate membership lists.
36.3(3) Organization policies.
36.3(4) Minutes of all meetings of organization boards.
36.3(5) Proposed constitution and bylaw amendments or revisions.
36.3(6) Audit reports.
36.3(7) General bulletins.
36.3(8) Other information pertinent to clarifying organization administration.

281—36.4(280) Executive board. Each organization shall have some representation from school administrators, teachers, and elective school officers on its executive board; provided, however, that the membership shall include the following:

36.4(1) School board member. One member who shall be a member of a school board in Iowa, appointed by the Iowa association of school boards to represent the lay public.
36.4(2) Activity member. One member, who is either a coach, sponsor or director, of an activity sponsored by the organization to which the member is elected and who works directly with the students or the program: This member is to be elected by ballot of the member schools, the vote to be cast by the school’s designated representative of the organization involved.
36.4(3) Organization elections. The election procedure for each organization shall be conducted as provided by the organization’s constitution. All criteria for protecting the voter’s anonymity and ensuring adequate notice of elections shall be maintained in the election procedures. In addition, there shall be one representative designated by the department director present at the counting of all ballots. That representative shall also validate election results.

281—36.5(280) Federation membership. The federation, in addition to conforming to other requirements in this section, shall have in its membership the executive board of the association, union, music association, speech association, and the school administrators of Iowa.

281—36.6(280) Salaries. No remuneration, salary, or remittance shall be made to any member of an executive board, representative council or advisory committee, of an organization for the member’s service.

281—36.7(280) Expenses. Travel and actual expenses of executive board members, representative council members, advisory committee members, and officers shall be paid from organizational funds only when on official business for the organization. Actual expenses shall be paid for travel for transportation outside the state, along with necessary and reasonable expenses which shall be itemized.
Itemized accounting of the travel and business expenses of employees shall be furnished to the department in an annual report on a form prescribed by the department.

281—36.8(280) Financial report. Full and detailed reports of all receipts and expenditures shall be filed annually with the department of education.

281—36.9(280) Bond. The executive board of each activity organization shall purchase a blanket fidelity bond from a corporate surety approved by it, conditioned upon the faithful performance of the duties of the executive officer, the members of the executive board, and all other employees of the activity organization. Such blanket bond shall be in a penal amount set by the executive board and shall be the sum of 50 percent of the largest amount of moneys on hand in any 30-day period during the preceding fiscal year, and 20 percent of the net valuation of all assets of the activity organization as of the close of the last fiscal year, but such bond shall in no case be in an amount less than $10,000.

281—36.10(280) Audit. The financial condition and transaction of all organizations shall be examined once each year, or more often if directed by the director of education, by either a certified public accountant chosen by the organization or by a committee chosen by the organization and approved by the director of education.

281—36.11(280) Examinations by auditors. Auditors shall have the right while making the examination to examine all organization papers, books, records, tickets, and documents of any of the officers and employees of the organizations, and shall have the right in the presence of the custodian or deputy, to have access to the cash drawers and cash in the official custody of the officer and to the records of any depository which has funds of the organization in its custody.

281—36.12(280) Access to records. Upon request, organizations shall make available to the state department of education or its delegated representative all records, data, written policies, books, accounts, and other materials relating to any or all aspects of their operations.

281—36.13(280) Appearance before state board. At the request of the state board of education or its executive officer, members of the governing boards and employees of the organizations shall appear before and give full accounting and details on the aforesaid matters to the state board of education.

281—36.14(280) Interscholastic athletics. In addition to the requirements of rule 281—36.15(280), organizations shall prescribe and implement the rules described below for participants in interscholastic athletic competition.

36.14(1) Physical examination. Every year each student shall present to the student’s superintendent a certificate signed by a licensed physician and surgeon, osteopathic physician and surgeon, osteopath, qualified doctor of chiropractic, licensed physician assistant, or advanced registered nurse practitioner, to the effect that the student has been examined and may safely engage in athletic competition.

Each doctor of chiropractic licensed as of July 1, 1974, shall affirm on each certificate of physical examination completed that the affidavit required by Iowa Code section 151.8 is on file with the Iowa board of chiropractic.

The certificate of physical examination is valid for the purpose of this rule for one calendar year. A grace period not to exceed 30 calendar days is allowed for expired physical certifications.

36.14(2) Sportsmanship. It is the clear obligation of member and associate member schools to ensure that their contestants, coaches, and spectators in all interscholastic competitions practice the highest principles of sportsmanship, conduct, and ethics of competition. The governing organization shall have authority to penalize any member school, associate member school, contestant, or coach in violation of this obligation.

36.14(3) Awards.

a. Awards from a secondary school or registered organization. For participation in an interscholastic athletic contest or program, a student will be permitted to receive from the student’s
school, another secondary school, a registered organization, or the host of an event sanctioned by a registered organization an award whose value cannot exceed $50.

b. **Awards for participation in school programs from an individual or organization other than a secondary school or registered organization.** No student shall receive any award from an individual or outside organization for high school participation while enrolled in high school, except that nothing in this subrule shall preclude the giving of a complimentary dinner by local individuals, organizations, or groups, with approval of the superintendent, to members of the local high school athletic squad. No student shall accept any trip or excursion of any kind by any individual, organization, or group outside the student’s own school or the governing organization, with the exception of bona fide recruiting trips that meet NCAA requirements. Nothing in this subrule shall preclude or prevent the awarding and the acceptance of an inexpensive, unmounted, unframed paper certificate of recognition as an award, or an inexpensive table favor which is given to everyone attending a banquet.

c. **Awards for participation in nonschool programs.** If a student participates in an outside school activity, the student may receive any award provided that the award does not violate the amateur award rule of the amateur sanctioning body for that sport. In the absence of an applicable amateur award rule, the student shall not receive any award the value of which exceeds $50.

d. **Absolute prohibition on cash.** At no time may any student accept an award of cash.

e. **Compliance.** The superintendent or designee shall be held responsible for compliance with this subrule. Questions or interpretation regarding medals or awards shall be referred to the executive board.

36.14(4) **Interstate competition.** Every student participating in interstate athletic competition on behalf of the student’s school must meet the eligibility rules.

36.14(5) **Competition seasons.** The length of training periods and competition seasons shall be determined solely by the governing organization.

36.14(6) **Tournaments.** The number and type of state tournaments for the various sports shall be determined by the organization. In scheduling and conducting these tournaments, the organization shall have the final authority for determining the tournament eligibility of all participants. Organization bylaws shall provide for a timely method of seeking an internal review of initial decisions regarding tournament eligibility.

36.14(7) **Ineligible player competition.** Member or associate member schools that permit or allow a student to compete in an interscholastic competition in violation of the eligibility rules or that permit or allow a student who has been suspended to so compete shall be subject to penalties imposed by the executive board. The penalties may include, but are not limited to, the following: forfeiture of contests or events or both, involving any ineligible student(s); adjustment or relinquishment of conference/district/tournament standings; and return of team awards or individual awards or both.

If a student who has been declared ineligible or who has been suspended is permitted to compete in an interscholastic competition because of a current restraining order or injunction against the school, registered organization, or department of education, and if such restraining order or injunction subsequently is voluntarily vacated, stayed, reversed, or finally determined by the courts not to justify injunctive relief, the penalties listed above may be imposed.

This rule is intended to implement Iowa Code section 280.13.

281—36.15(280) Eligibility requirements.

36.15(1) **Local eligibility and student conduct rules.** Local boards of education may impose additional eligibility requirements not in conflict with these rules. Nothing herein shall be construed to prevent a local school board from declaring a student ineligible to participate in interscholastic competition by reason of the student’s violation of rules adopted by the school pursuant to Iowa Code sections 279.8 and 279.9. A member or associate member school shall not allow any student, including any transfer student, to compete until such time as the school has reasonably reliable proof that the student is eligible to compete for the member or associate member school under these rules.

36.15(2) **Scholarship rules.**
a. All contestants must be enrolled and in good standing in a school that is a member or associate member in good standing of the organization sponsoring the event.

b. All contestants must be under 20 years of age.

c. All contestants shall be enrolled students of the school in good standing. They shall receive credit in at least four subjects, each of one period or “hour” or the equivalent thereof, at all times. To qualify under this rule, a “subject” must meet the requirements of 281—Chapter 12. Coursework taken from a postsecondary institution and for which a school district or accredited nonpublic school grants academic credit toward high school graduation shall be used in determining eligibility. No student shall be denied eligibility if the student’s school program deviates from the traditional two-semester school year.

   (1) Each contestant shall be passing all coursework for which credit is given and shall be making adequate progress toward graduation requirements at the end of each grading period. Grading period, graduation requirements, and any interim periods of ineligibility are determined by local policy. For purposes of this subrule, “grading period” shall mean the period of time at the end of which a student in grades 9 through 12 receives a final grade and course credit is awarded for passing grades.

   (2) If at the end of any grading period a contestant is given a failing grade in any course for which credit is awarded, the contestant is ineligible to dress for and compete in the next occurring interscholastic athletic contests and competitions in which the contestant is a contestant for 30 consecutive calendar days unless the student has already served a period of ineligibility for 30 consecutive calendar days in another school-sponsored activity. A student shall not serve multiple periods of ineligibility because of a failing grade.

d. A student with a disability who has an individualized education program shall not be denied eligibility on the basis of scholarship if the student is making adequate progress, as determined by school officials, towards the goals and objectives on the student’s individualized education program.

e. A student who meets all other qualifications may be eligible to participate in interscholastic athletics for a maximum of eight consecutive semesters upon entering the ninth grade for the first time. However, a student who engages in athletics during the summer following eighth grade is also eligible to compete during the summer following twelfth grade. Extenuating circumstances, such as health, may be the basis for an appeal to the executive board which may extend the eligibility of a student when the executive board finds that the interests of the student and interscholastic athletics will be benefited.

f. All member schools shall provide appropriate interventions and necessary academic supports for students who fail or who are at risk to fail, and shall report to the department regarding those interventions on the comprehensive school improvement plan.

g. A student is academically eligible upon entering the ninth grade.

h. A student is not eligible to participate in an interscholastic sport if the student has, in that same sport, participated in a contest with or against, or trained with, a National Collegiate Athletic Association (NCAA), National Junior College Athletic Association (NJCAA), National Association of Intercollegiate Athletics (NAIA), or other collegiate governing organization’s sanctioned team. A student may not participate with or against high school graduates if the graduates represent a collegiate institution or if the event is sanctioned or sponsored by a collegiate institution. Nothing in this subrule shall preclude a student from participating in a one-time tryout with or against members of a college team with permission from the member school’s administration and the respective collegiate institution’s athletic administration.

i. No student shall be eligible to participate in any given interscholastic sport if the student has engaged in that sport professionally.

j. The local superintendent of schools, with the approval of the local board of education, may give permission to a dropout student to participate in athletics upon return to school if the student is otherwise eligible under these rules.

k. Remediation of a failing grade by way of summer school or other means shall not affect the student’s ineligibility. All failing grades shall be reported to any school to which the student transfers.

36.15(3) General transfer rule. A student who transfers from a school in another state or country or from one member or associate member school to another member or associate member school shall
be ineligible to compete in interscholastic athletics for a period of 90 consecutive school days, as defined in rule 281—12.1(256), exclusive of summer enrollment, unless one of the exceptions listed in paragraph 36.15(3)“a” applies. The period of ineligibility applies only to varsity level contests and competitions. (“Varsity” means the highest level of competition offered by one school or school district against the highest level of competition offered by an opposing school or school district.) In ruling upon the eligibility of transfer students, the executive board shall consider the factors motivating student changes in residency. Unless otherwise provided in these rules, a student intending to establish residency must show that the student is physically present in the district for the purpose of making a home and not solely for school or athletic purposes.

a. Exceptions. The executive officer or executive board shall consider and apply the following exceptions in formally or informally ruling upon the eligibility of a transfer student and may make eligibility contingent upon proof that the student has been in attendance in the new school for at least ten school days:

1. Upon a contemporaneous change in parental residence, a student is immediately eligible if the student transfers to the new district of residence or to an accredited nonpublic member or associate member school located in the new school district of residence. In addition, if with a contemporaneous change in parental residence, the student had attended an accredited nonpublic member or associate member school immediately prior to the change in parental residence, the student may have immediate eligibility if the student transfers to another accredited nonpublic member or associate member school. For purposes of this subparagraph, a contemporaneous change in parental residence includes a change in a student’s residence from the residence of one parent or guardian to the residence of a different parent or guardian.

2. If the student is attending in a school district as a result of a whole-grade sharing agreement between the student’s resident district and the new school district of attendance, the student is immediately eligible.

3. A student who has attended high school in a district other than where the student’s parent(s) resides, and who subsequently returns to live with the student’s parent(s), becomes immediately eligible in the parent’s resident district.

4. Pursuant to Iowa Code section 256.46, a student whose residence changes due to any of the following circumstances is immediately eligible provided the student meets all other eligibility requirements in these rules and those set by the school of attendance:
   1. Adoption.
   2. Placement in foster or shelter care.
   3. Participation in a foreign exchange program, as evidenced by a J-1 visa issued by the United States government, unless the student attends the school primarily for athletic purposes.
   4. Placement in a juvenile correction facility.
   5. Participation in a substance abuse program.
   6. Participation in a mental health program.
   7. Court decree that the student is a ward of the state or of the court.
   8. The child is living with one of the child’s parents as a result of divorce, separation, death, or other change in the child’s parents’ marital relationship, or pursuant to other court-ordered decree or order of custody.
   9. The child’s former school or school district, if located in this state, was unable to participate in varsity interscholastic sports as the result of a decision or implementation of a decision of the school board or superintendent.

5. A transfer student who attends in a member or associate member school that is a party to a cooperative student participation agreement, as defined in rule 281—36.20(280), with the member or associate member school the student previously attended is immediately eligible in the new district to compete in those interscholastic athletic activities covered by the cooperative agreement.

6. Any student whose parents change district of residence but who remains in the original district without interruption in attendance continues to be eligible in the member or associate member school of attendance.
(7) A special education student whose attendance center changes due to a change in placement agreed to by the district of residence is eligible in either the resident district or the district of attendance, but not both.

(8) A student who is found by the attending district to be a homeless child or youth as defined in rule 281—33.2(256).

(9) In any transfer situation not provided for elsewhere in this chapter, the executive board shall exercise its administrative authority to make any eligibility ruling which it deems to be fair and reasonable. The executive board shall consider the motivating factors for the student transfer. The determination shall be made in writing with the reasons for the determination clearly delineated.

b. In ruling upon the transfer of students who have been emancipated by marriage or have reached the age of majority, the executive board shall consider all circumstances with regard to the transfer to determine if it is principally for school or athletic purposes, in which case participation shall not be approved.

c. A student who participates in the name of a member or associate member school during the summer following eighth grade is ineligible to participate in the name of another member or associate member school in the first 90 consecutive school days of ninth grade unless a change of residence has occurred after the student began participating in the summer.

d. A school district that has more than one high school in its district shall set its own eligibility policies regarding intradistrict transfers.

36.15(4) Open enrollment transfer rule. A student in grades 9 through 12 whose transfer of schools had occurred due to a request for open enrollment by the student’s parent or guardian is ineligible to compete in interscholastic athletics during the first 90 school days of transfer except that a student may participate immediately if the student is entering grade 9 for the first time and did not participate in an interscholastic athletic competition for another school during the summer immediately following eighth grade. The period of ineligibility applies only to varsity level contests and competitions. (“Varsity” means the highest level of competition offered by one school or school district against the highest level of competition offered by an opposing school or school district.) If a pupil is declared ineligible for interscholastic athletic contests and athletic competitions in the pupil’s district of residence due to the pupil’s academic performance, upon participating in open enrollment, in addition to any other period of ineligibility under this rule, the pupil shall be ineligible in the receiving district for the remaining period of ineligibility declared by the district of residence. This period of ineligibility does not apply if:

a. The student participates in an athletic activity in the receiving district that is not available in the district of residence; or

b. The student participates in an athletic activity for which the resident and receiving districts have a cooperative student participation agreement pursuant to rule 281—36.20(280); or

c. The student has paid tuition for one or more years to the receiving school district prior to making application for and being granted open enrollment; or

d. The student has attended in the receiving district for one or more years prior to making application for and being granted open enrollment under a sharing or mutual agreement between the resident and receiving districts; or

e. The student has been participating in open enrollment and the student’s parents/guardians move out of their district of residence but exercise either the option of remaining in the original open enrollment district or enrolling in the new district of residence. If the student has established athletic eligibility under open enrollment, it is continued despite the parent’s or guardian’s change in residence; or

f. The student has not been participating in open enrollment, but utilizes open enrollment to remain in the original district of residence following a change of residence of the student’s parent(s). If the student has established athletic eligibility, it is continued despite the parent’s or guardian’s change in residence; or

g. The student obtains open enrollment due to the dissolution and merger of the former district of residence under Iowa Code section 256.11(12); or
h. The student obtains open enrollment due to the student’s district of residence entering into a whole-grade sharing agreement on or after July 1, 1990, including the grade in which the student would be enrolled at the start of the whole-grade sharing agreement; or
i. The student participates in open enrollment and the parent/guardian is an active member of the armed forces and resides in permanent housing on government property provided by a branch of the armed services; or
j. The student open enrolls from a district of residence that has determined that the student was previously subject to a founded incident of harassment or bullying as defined in Iowa Code section 280.28 while attending school in the district of residence; or
k. The student participates in open enrollment because of circumstances that meet the definition of “good cause” under Iowa Code section 282.18(4) “b”; or
l. The board of directors or superintendent of the district of residence issues or implements a decision that results in the discontinuance or suspension of varsity interscholastic sports activities in the district of residence; or
m. The board of directors of the district of residence and the board of directors of the receiving district both agree to waive the ineligibility period; or
n. For open enrollment applications approved for the school year beginning July 1, 2021, the student’s district of residence had a voluntary diversity plan in effect on January 1, 2021, and applicable to the school year beginning July 1, 2021.

36.15(5) Eligibility for other enrollment options.

a. Shared-time students. A nonpublic school student who is enrolled only part-time in the public school district of the student’s residence under a “shared-time” provision or for driver education is not eligible to compete in interscholastic athletics in the public school district.

b. Dual enrollment. A student who receives competent private instruction, not in an accredited nonpublic or public school, may seek dual enrollment in the public school of the student’s resident district and is eligible to compete in interscholastic athletic competition in the resident school district provided the student meets the eligibility requirements of these rules and those set by the public school of attendance.

If a student seeking such dual enrollment is enrolled in an associate member school of the Iowa Girls’ High School Athletic Union or Iowa High School Athletic Association, the student is eligible for and may participate in interscholastic athletic competition only for the associate member school or a school with which the associate member school is in a cooperative sharing agreement. (Eligibility in such case is governed by 281—36.1(280).)

Any ineligibility imposed under this chapter shall begin with the first day of participation under dual enrollment. Any period of ineligibility applies only to varsity level contests and competitions. (“Varsity” means the highest level of competition offered by one school or school district against the highest level of competition offered by an opposing school or school district.)

c. Competent private instruction. A student who receives competent private instruction, and is not dual-enrolled in a public school, may participate in and be eligible for interscholastic athletics at an accredited nonpublic school if the student is accepted by that school and the student meets the eligibility requirements of this chapter and those set by the accredited nonpublic school where the student participates. Application shall be made to the accredited nonpublic school on a form provided by the department of education.

If a student seeking such participation is enrolled in an associate member school of the Iowa Girls’ High School Athletic Union or Iowa High School Athletic Association, the student is eligible for and may participate in interscholastic athletic competition only for the associate member school or a school with which the associate member school is in a cooperative sharing agreement. (Eligibility in such case is governed by 281—36.1(280).)

Any ineligibility imposed under this chapter shall begin with the first day of participation with the accredited nonpublic school. Any period of ineligibility applies only to varsity level contests and
competitions. ("Varsity" means the highest level of competition offered by one school or school district against the highest level of competition offered by an opposing school or school district.)

36.15(6) Summer camps and clinics and coaching contacts out of season.

a. School personnel, whether employed or volunteers, of a member or associate member school shall not coach that school’s student athletes during the school year in a sport for which the school personnel are currently under contract or are volunteers, outside the period from the official first day of practice through the finals of tournament play. Provided, however, school personnel may coach a senior student from the coach’s school in an all-star contest once the senior student’s interscholastic athletic season for that sport has concluded. In addition, volunteer or compensated coaching personnel shall not require students to participate in any activities outside the season of that coach’s sport as a condition of participation in the coach’s sport during its season.

b. A summer team or individual camp or clinic held at a member or associate member school facility shall not conflict with sports in season. Coaching activities between June 1 and the first day of fall sports practices shall not conflict with sports in season. The associations in their discretion may establish a dead period up to 14 calendar days in length. During a dead period coaches will not be allowed to have contact with students.

c. Rescinded IAB 4/20/11, effective 5/25/11.

d. Penalty. A school whose volunteer or compensated coaching personnel violate this rule is ineligible to participate in a governing organization-sponsored event in that sport for one year with the violator(s) coaching.

36.15(7) Nonschool team participation. The local school board shall by policy determine whether or not participation in nonschool athletic events during the same season is permitted and provide penalties for students who may be in violation of the board’s policy.

This rule is intended to implement Iowa Code sections 256.46, 280.13 and 282.18.

[ARC 9475B, IAB 4/20/11, effective 5/25/11; ARC 9476B, IAB 4/20/11, effective 5/25/11; ARC 1779C, IAB 12/10/14, effective 1/14/15; ARC 2747C, IAB 10/12/16, effective 11/16/16; ARC 3492C, IAB 12/6/17, effective 1/10/18; ARC 4530C, IAB 2/12/20, effective 3/18/20; ARC 5867C, IAB 8/25/21, effective 9/29/21]

281—36.16(280) Executive board review. A student, parent of a minor student, or school contesting the ruling of a student’s eligibility based on these rules, other than subrule 36.15(1) or paragraph 36.15(2) “c,” “d,” “f,” or “k” or paragraph 36.15(4) “j” or a school contesting a penalty imposed under paragraph 36.15(6) “b,” shall be required to state the basis of the objections in writing, addressed to the executive officer of the board of the governing organization. Upon request of a student, parent of a minor student, or a school, the executive officer shall schedule a hearing before the executive board on or before the next regularly scheduled meeting of the executive board but not later than 20 calendar days following the receipt of the objections unless a later time is mutually agreeable. The executive board shall give at least 5 business days’ written notice of the hearing. The executive board shall consider the evidence presented and issue findings and conclusions in a written decision within 5 business days of the hearing and shall mail a copy to appellant.

[ARC 9475B, IAB 4/20/11, effective 5/25/11; ARC 2747C, IAB 10/12/16, effective 11/16/16]

281—36.17(280) Appeals to director. If the claimant is still dissatisfied, an appeal may be made in writing to the director of education by giving written notice of the appeal to the state director of education with a copy by registered mail to the executive officer of the governing organization. An appeal shall be in the form of an affidavit and shall be filed within 10 business days after the date of mailing of the decision of the governing organization. The director of education shall establish a date for hearing within 20 calendar days of receipt of written notice of appeal by giving at least 5 business days’ written notice of hearing to the appellant unless another time is mutually agreeable. The procedures for hearing adopted by the state board of education and found at 281—Chapter 6 shall be applicable, except that the decision of the director is final. Appeals to the executive board and the state director are not contested cases under Iowa Code subsection 17A.2(5).

[ARC 9475B, IAB 4/20/11, effective 5/25/11]
281—36.18(280) Organization policies. The constitution or bylaws of organizations sponsoring contests for participation by member schools shall reflect the following policies:

36.18(1) Expenditure policy. It shall be the expenditure policy of each organization, after payment of costs incurred in 281—36.6(280) to 281—36.9(280) and legitimate expenses for housing, equipment and supplies including by agreement with other organizations having a mutual interest in interscholastic activities, to use all receipts to promote and fiscally sponsor those extracurricular interscholastic contests and competitions deemed by it to be most beneficial to all eligible students enrolled in member schools. Organizations with large revenues may provide assistance in staff, space, equipment and the transfer of funds to other organizations whose contests or competitions do not generate sufficient moneys to carry out an adequate program in their areas of service. Each organization shall make an annual payment to the federation to cover the necessary expenditures of the federation. The amount of this payment shall be determined by the federation.

36.18(2) Federation survey. A survey shall be made at least biennially, using a sampling procedure selected by the executive committee of the federation to determine in what extracurricular interscholastic contests or competitions students of member secondary schools would like to participate. The organizations shall put high priority on the findings of the survey in the determination of what interscholastic activities are to be sponsored.

36.18(3) Calendar of events. The federation shall establish yearly in advance a calendar of events for the interscholastic contests and competitions sponsored by the organizations.

36.18(4) Information to local member schools. The federation shall distribute to member schools the yearly calendar of events and other information believed by officers of the federation to be helpful to local school officials in providing a comprehensive program of extracurricular interscholastic contests or competitions.

36.18(5) “All-star” contests. A student enrolled in a member or associate member school will be ineligible for 12 calendar months in the sport in which the violation occurred if the student participates in an all-star contest.

36.18(6) Team participation. Participation in interscholastic contests or competitions shall be by school teams only and not selected individuals, with the exception of individual sports events such as wrestling, track, cross country, golf, tennis, and music and speech activities.

36.18(7) Contests outside Iowa. Out-of-state contest participation by a member school shall be limited to regularly scheduled interscholastic activities.

36.18(8) Promoting interstate contests. No activity organization shall sponsor interstate contests or competition between individuals, teams or groups.

36.18(9) Chaperones. It is the responsibility of all school districts to see that all teams or contestants are properly chaperoned when engaged in interscholastic activities.

36.18(10) Membership. Membership in an organization shall be limited to schools accredited by the department or approved by the department solely for purposes of associate membership in a registered organization.

281—36.19(280) Eligibility in situations of district organization change. Notwithstanding any other provision of this chapter, in the event eligibility of one or more students is jeopardized or in question as a result of actions beyond their control due to pending reorganization of school districts approved by the voters under Iowa Code chapter 275; action of the district boards of directors under Iowa Code section 274.37; or the joint employment of personnel and sharing of facilities under Iowa Code section 280.15 and the result is a complete discontinuance of the high school grades, or discontinuance of the high school grades pursuant to Iowa Code section 282.7, first paragraph, the boards of directors of the school districts involved may, by written agreement, determine the eligibility of students for the time the district of residence does not provide an activity program governed by this chapter. When the respective boards have not provided by written agreement for the eligibility of students whose eligibility is jeopardized or questioned four weeks prior to the normal established time for beginning the activity, students or parents of students involved may request a determination of eligibility from the governing body of the
organization involved. All parties directly interested shall be given an opportunity to present their views to the governing board.

A determination of eligibility by the governing board shall be based upon fairness and the best interests of the students.

In the event that one or more parties involved in the request for determination before the governing board are dissatisfied with the decision of the governing board, an appeal may be made by the dissatisfied party to the director of the department under the provisions of 281—36.17(280). A decision of the director in the matter shall be final.

The above provisions shall apply insofar as applicable to changes of organization entered into between two or more nonpublic schools.

This rule is intended to implement Iowa Code section 280.13.

281—36.20(280) Cooperative student participation. Notwithstanding any other provision of this chapter, in the event a member or associate member school does not directly make participation in an interscholastic activity available to its students, the governing board of the member or associate member school may, by formally adopted policy if among its own attendance centers, or by written agreement with the governing board of another member or associate member school, provide for the eligibility of its students in interscholastic activities provided by another member or associate member school. The eligibility of students under a policy, insofar as applicable, or a written agreement is conditioned upon the following:

36.20(1) All terms and conditions of the agreement are in writing;

36.20(2) The attendance boundary of each school that is party to the agreement is contiguous to or contained within the attendance boundary of one of the other schools, unless the activity is not offered at any school contiguous to the party district, or all schools that are contiguous refuse to negotiate an agreement with the party district, in which case the contiguous requirement may be waived by the applicable governing organization. For the purposes of this rule, a nonpublic school member will utilize the attendance boundaries of the public school in which its attendance center is located;

36.20(3) Any interscholastic activity not available to students of the schools participating in the agreement may be included in the agreement. A school’s students may be engaged in cooperative activities under the terms of only one agreement;

However, if several schools are in a consortia cooperative agreement for a specific activity, they are not precluded from having a separate agreement with one or more of the same schools for a different activity as long as all schools of the consortia agree to such a separate agreement.

36.20(4) Agreements shall be for a minimum of one school year. Amendments may be made to agreements, including allowing additional member schools to join an existing agreement, without necessarily extending the time of existence of the agreement.

36.20(5) All students participating under the agreement are enrolled in one of the schools, are in good standing and meet all other eligibility requirements of these rules;

36.20(6) A copy of the written agreement between the governing boards of the particular schools involved, and all amendments to the agreement, shall be filed with the appropriate governing organization(s) no later than April 30 for the subsequent year, unless exception is granted by the organization for good cause shown. The agreements and amendments shall be deemed approved unless denied by the governing organization(s) within ten calendar days;

36.20(7) It is the purpose of this rule to allow individual students participation in interscholastic competition in activities not available to them at the school they attend, through local policy or arrangements made between the governing boards of the schools involved, so long as the interscholastic activities of other schools are not substantially prejudiced. Substantial prejudice shall include, but not necessarily be limited to, situations where a cooperative effort may result in an unfair domination of an activity or substantial disruption of activity classifications and management. In the event an activity organization determines, after investigation, that an agreement between schools that was developed under the terms of this rule results in substantial prejudice to other schools engaged in the activity, or the terms of the agreement are not in conformity with the purpose and terms of this rule, the activity
organization may give timely notice to the schools involved that the local policy or agreement between them is null and void for the purposes of this rule, insofar as cooperative student participation is concerned with a particular activity. Determinations are appealable to the director of education under the applicable terms of 281—36.17(280). For notice to be timely, it must be given at least 45 calendar days prior to the beginning of the activity season.

This rule shall become effective on January 8, 1986. However, prior written agreements in existence at the time of this rule’s adoption shall continue in force and effect until terminated by the parties or by the terms of the existing agreement.

This rule is intended to implement Iowa Code section 280.13.

CHAPTER 37
EXTRACURRICULAR ATHLETIC ACTIVITY
CONFERENCE FOR MEMBER SCHOOLS

281—37.1(280) Policy and purpose. It is the purpose of this chapter to provide a procedure ensuring that a school desiring to be a member of a conference providing extracurricular athletic contests and competitions for students is granted this opportunity. Membership shall be with other schools of comparable size and within reasonable geographic proximity. For purposes of this chapter, member school means a school or school district granted such status by any corporation, association, or organization registered with the state department of education pursuant to Iowa Code section 280.13, and includes associate members.

281—37.2(280) Initial responsibility. The initial authority and responsibility for conference development, membership, and alignment rests with the board of directors of each public school district and the authorities in charge of each nonpublic school.

281—37.3(280) Complaint to the director, department of education. A member school that believes it has been unfairly excluded or prevented from obtaining membership in an athletic activity conference that would provide the opportunity for participation of its students in athletic events or contests with students from other member schools of comparable size and within reasonable geographic proximity may file a complaint stating this concern with the director of the department of education. The complaint shall set forth in a plain and concise manner the reasons the member school believes the director should intervene in conference alignment decisions and the specific relief requested by the member school. The complaint shall be signed by the president of the board of directors of a public school district or a representative of the officials in charge of an accredited nonpublic school. The director or the director’s designee shall, within ten days, acknowledge to the member school receipt of the complaint in writing.

281—37.4(280) Mediation. The director of the department of education shall require that the executive director of the Iowa High School Athletic Association (hereinafter association) and the executive secretary of the Iowa Girls’ High School Athletic Union (hereinafter union) organizations recognized in 281—Chapter 36, or their designees, form a mediation team to meet with the complainant and representatives of other affected member schools. If the complaint involves conference alignment for athletic activities represented by only one of the organizations, only that organization shall be involved in the mediation. A copy of all materials filed with the director by the complainant member school shall be provided to the mediation team.

The mediation team shall meet with administrators or board members of schools potentially affected by changes in conference alignment related to the complaint. Schools shall send representatives who have knowledge of the impact of a conference realignment and full authority to respond on behalf of their member school. Factors to be weighed in reaching resolution will include, but not be limited to, school enrollment figures (current and projected), travel distances, comparability of instructional programs, traditional rivalries, number of existing and proposed schools in the conference, and comparability of athletic programs and other school-sponsored programs.

281—37.5(280) Resolution or recommendation of the mediation team. If mediation results in resolution of the complaint, no further action shall be necessary on the part of the director, and the implementation of the mediation agreement shall be left with the boards of directors of school districts and the authorities in charge of nonpublic schools. If no resolution is reached within 50 days of the start of the mediation process, the mediation team shall make a recommendation to the director as to the best resolution of the complaint. Copies of this recommendation shall be given to all affected member schools. The director shall establish a time for a hearing on this recommendation within 45 days of the receipt of the mediation team’s recommendation. The director or director’s designee shall conduct the hearing at which time all affected parties shall be given the opportunity to provide oral or
written testimony or submit other evidence. The director or director’s designee shall reserve the right to establish time limits on appearances at the hearing.

281—37.6(280) Decision. In reaching a decision on the complaint, the director shall consider information gathered by the mediation team and its recommendation as well as the written and oral testimony from the hearing. In addition, the director or the director’s designee may consult with other individuals, organizations, or conference representatives able to provide input on a decision. If a designee of the director conducts the hearing and review process, the findings of the designee shall be reviewed by the director. A final decision on the complaint shall be made by the director. The decision may affect conference realignment or direct other appropriate relief to remedy the complaint. The director shall make a decision within 60 days of the hearing, and copies of the decision shall be provided to all affected parties.

281—37.7(280) Effective date of the decision. If the decision requires conference realignment, the date of this change shall be made with deference given to existing contracts and commitments. Alignment changes shall be made for four-year periods with automatic review by the director after two years so that further necessary changes take effect at the conclusion of the four-year period, unless agreement exists that implementation of the changes can occur at an earlier date.

These rules are intended to implement Iowa Code section 280.13.

CHAPTERS 38 to 40
Reserved
281—41.1(256B,34CFR300) **Purpose**. The purposes of this chapter are as follows:

1. To ensure that all children with disabilities have available to them a free appropriate public education that emphasizes special education and related services designed to meet their unique needs and prepare them for further education, employment, and independent living;
2. To ensure that the rights of children with disabilities and their parents are protected;
3. To assist local educational agencies, area education agencies, and state agencies to provide for the education of all children with disabilities and to allocate responsibilities among those agencies; and
4. To assess and ensure the effectiveness of efforts to educate children with disabilities.

281—41.2(256B,34CFR300) **Applicability of this chapter**. The provisions of this chapter are binding on each public agency in the state that provides special education and related services to children with disabilities, regardless of whether that agency is receiving funds under Part B of the Individuals with Disabilities Education Act (Act).

**41.2(1) General.** The provisions of this chapter apply to all political subdivisions of the state that are involved in the education of children with disabilities, including:

- The state educational agency (SEA).
- Local educational agencies (LEAs), area education agencies (AEAs), and public charter schools that are not otherwise included as LEAs or educational service agencies (ESAs) and are not a school of an LEA or ESA.
- Other state agencies and schools, including but not limited to the departments of human services and public health and state schools and programs for children who are deaf or hard of hearing or children who are blind or visually impaired.
- State and local juvenile and adult correctional facilities.

**41.2(2) Private schools and facilities.** Each public agency in the state is responsible for ensuring that the rights and protections under Part B of the Act are given to children with disabilities referred to or placed in private schools and facilities by that public agency; or placed in private schools by their parents under the provisions of rule 281—41.148(256B,34CFR300).

**41.2(3) Age.** This chapter applies to all children requiring special education between birth and the twenty-first birthday and to a maximum allowable age under Iowa Code section 256B.8.

[ARC 5870C, IAB 8/25/21, effective 9/29/21]

**DIVISION II**

**DEFINITIONS**

281—41.3(256B,34CFR300) **Act.** “Act” means the Individuals with Disabilities Education Act as amended through August 14, 2006.

281—41.4(256B,273) **Area education agency.** “Area education agency” or “AEA” is a political subdivision of the state organized pursuant to Iowa Code chapter 273. An area education agency, depending on context, may be a local educational agency, as defined in rule 281—41.28(256B,34CFR300), an educational service agency, as defined in rule 281—41.12(256B,34CFR300), or both simultaneously.

281—41.5(256B,34CFR300) **Assistive technology device.** “Assistive technology device” means any item, piece of equipment, or product system, whether acquired commercially off the shelf, modified, or
customized, that is used to increase, maintain, or improve the functional capabilities of a child with a disability. The term does not include a medical device that is surgically implanted or the replacement of such device.

281—41.6(256B,34CFR300) Assistive technology service. “Assistive technology service” means any service that directly assists a child with a disability in the selection, acquisition, or use of an assistive technology device. The term includes the following:
   1. The evaluation of the needs of a child with a disability, including a functional evaluation of the child in the child’s customary environment;
   2. Purchasing, leasing, or otherwise providing for the acquisition of assistive technology devices by children with disabilities;
   3. Selecting, designing, fitting, customizing, adapting, applying, maintaining, repairing, or replacing assistive technology devices;
   4. Coordinating and using other therapies, interventions, or services with assistive technology devices, such as those associated with existing education and rehabilitation plans and programs;
   5. Training or technical assistance for a child with a disability or, if appropriate, that child’s family; and
   6. Training or technical assistance for professionals (including individuals providing education or rehabilitation services), employers, or other individuals who provide services to, employ, or are otherwise substantially involved in the major life functions of that child.

[ARC 3387C, IAB 10/11/17, effective 11/15/17]

281—41.8(256B,34CFR300) Child with a disability. “Child with a disability” refers to a person under 21 years of age, including a child under 5 years of age, who has a disability in obtaining an education. The term includes an individual who is over 6 and under 16 years of age who, pursuant to the statutes of this state, is required to receive a public education; an individual under 6 or over 16 years of age who, pursuant to the statutes of this state, is entitled to receive a public education; and an individual between the ages of 21 and 24 who, pursuant to the statutes of this state, is entitled to receive special education and related services. In federal usage, this refers to infants, toddlers, children and young adults. In these rules, this term is synonymous with “child requiring special education” and “eligible individual.” “Disability in obtaining an education” refers to a condition, identified in accordance with this chapter, which, by reason thereof, causes a child to require special education and support and related services.

[ARC 8387B, IAB 12/16/09, effective 1/20/10]

281—41.9(256B,34CFR300) Consent.

41.9(1) Obtaining consent. “Consent” is obtained when all of the following conditions are satisfied:
   a. The parent has been fully informed of all information relevant to the activity for which consent is sought, in his or her native language, or through another mode of communication;
   b. The parent understands and agrees in writing to the carrying out of the activity for which parental consent is sought, and the consent describes that activity and lists the records (if any) that will be released and to whom; and
   c. The parent understands that the granting of consent is voluntary on the part of the parent and may be revoked at any time.

41.9(2) When revocation of consent is effective. If a parent revokes consent, that revocation is not retroactive (i.e., it does not negate an action that occurred after the consent was given and before the consent was revoked).

41.9(3) Special rule. If a parent of a child revokes consent, in writing, for the child’s receipt of special education services after the child is initially provided special education and related services, the
public agency is not required to amend the child’s education records to remove any references to the child’s receipt of special education and related services because of the revocation of consent.

[ARC 8387B, IAB 12/16/09, effective 1/20/10]

281—41.10(256B,34CFR300) Core academic subjects. “Core academic subjects” means English, reading or language arts, mathematics, science, foreign languages, civics and government, economics, arts, history, and geography.

281—41.11(256B,34CFR300) Day; business day; school day. “Day” means calendar day unless otherwise indicated as business day or school day.
   1. “Business day” means Monday through Friday, except for federal and state holidays, unless holidays are specifically included in the designation of business day, as in 41.148(4) “b. “
   2. “School day” means any day, including a partial day, when children are in attendance at school for instructional purposes. School day has the same meaning for all children in school, including children with and without disabilities. The length of the school day for an eligible individual shall be the same as that determined by the local educational agency’s board of directors for all other individuals, unless a shorter day or longer day is prescribed in the eligible individual’s individualized education program.

281—41.12(256B,34CFR300) Educational service agency. “Educational service agency” means a regional public multiservice agency that is authorized by state law to develop, manage, and provide services or programs to LEAs; and is recognized as an administrative agency for purposes of the provision of special education and related services provided within public elementary schools and secondary schools of the state. “Educational service agency” includes any other public institution or agency that has administrative control and direction over a public elementary school or secondary school and includes entities that meet the definition of intermediate educational unit in Section 602(23) of the Act as in effect prior to June 4, 1997.

281—41.13(256B,34CFR300) Elementary school. “Elementary school” means a nonprofit institutional day or residential school, including a public elementary charter school, that provides elementary education, as determined under state law.

281—41.14(256B,34CFR300) Equipment. “Equipment” means machinery, utilities, and built-in equipment and any necessary enclosures or structures to house the machinery, utilities, or equipment. “Equipment” includes other items necessary for the functioning of a particular facility as a facility for the provision of educational services, including items such as instructional equipment and necessary furniture; printed, published and audio-visual instructional materials; telecommunications, sensory, and other technological aids and devices; and books, periodicals, documents, and other related materials.

281—41.15(256B,34CFR300) Evaluation. “Evaluation” means procedures used in accordance with rules 281—41.304(256B,34CFR300) to 281—41.311(256B,34CFR300) to determine whether a child has a disability and the nature and extent of the special education and related services that the child needs.

281—41.16(256B,34CFR300) Excess costs. “Excess costs” means those costs that are in excess of the average annual per-student expenditure in an LEA during the preceding school year for an elementary school or secondary school student, as may be appropriate, and that must be computed after deducting the following:
   41.16(1) Certain federal funds. Amounts received under Part B of the Act; under Part A of Title I of the ESEA; and under Part A of Title III of the ESEA; and
   41.16(2) Certain state or local funds. Any state or local funds expended for programs that would qualify for assistance under subrule 41.16(1), but excluding any amounts for capital outlay or debt service.

[ARC 3387C, IAB 10/11/17, effective 11/15/17]
281—41.17(256B,34CFR300) Free appropriate public education. “Free appropriate public education” or “FAPE” means special education and related services that are provided at public expense, under public supervision and direction, and without charge; that meet the standards of the SEA, including the requirements of this chapter; that include an appropriate preschool, elementary school, or secondary school education; and that are provided in conformity with an individualized education program (IEP) that meets the requirements of rules 281—41.320(256B,34CFR300) to 281—41.324(256B,34CFR300).

281—41.20(256B,34CFR300) Include. “Include” means that the items named are not all of the possible items that are included, whether like or unlike the ones named.

281—41.21(256B,34CFR300) Indian and Indian tribe. “Indian” means an individual who is a member of an Indian tribe. “Indian tribe” means any federal or state Indian tribe, settlement, band, rancheria, pueblo, colony, or community, including any Alaska native village or regional village corporation as defined in or established under the Alaska Native Claims Settlement Act, 43 U.S.C. 1601 et seq.

281—41.22(256B,34CFR300) Individualized education program. “Individualized education program” or “IEP” means a written statement for a child with a disability that is developed, reviewed, and revised in accordance with rules 281—41.320(256B,34CFR300) to 281—41.324(256B,34CFR300). A single IEP for each eligible individual, which specifies all the special education and related services the eligible individual is to receive, is required.

281—41.23(256B,34CFR300) Individualized education program team. “Individualized education program team” or “IEP team” means a group of individuals described in rule 281—41.321(256B,34CFR300) that is responsible for developing, reviewing, or revising an IEP for a child with a disability.

281—41.24(256B,34CFR300) Individualized family service plan. “Individualized family service plan” or “IFSP” has the meaning given the term in Section 636 of the Act.

281—41.25(256B,34CFR300) Infant or toddler with a disability. “Infant or toddler with a disability” means an individual under three years of age who needs early intervention services either because the individual has a condition, based on informed clinical opinion, known to have a high probability of resulting in later delays in growth and development if early intervention services are not provided; or the individual has a developmental delay, which is a 25 percent delay as measured by appropriate diagnostic instruments and procedures, based on informed clinical opinion, in one or more of the following developmental areas: cognitive development, physical development including vision and hearing, communication development, social or emotional development, or adaptive development.

281—41.26(256B,34CFR300) Institution of higher education. “Institution of higher education” has the meaning given the term in Section 101 of the Higher Education Act of 1965 as amended through August 14, 2006, 20 U.S.C. 1021 et seq. (HEA); and also includes any community college receiving funds from the Secretary of the Interior under the Tribally Controlled Community College or University Assistance Act of 1978, 25 U.S.C. 1801 et seq.
281—41.27(256B,34CFR300) Limited English proficient. “Limited English proficient” has the meaning given the term in Section 8101 of the ESEA.

[ARC 3387C, IAB 10/11/17, effective 11/15/17]

281—41.28(256B,34CFR300) Local educational agency.

41.28(1) General. “Local educational agency” or “LEA” means a public board of education or other public authority legally constituted within a state for either administrative control or direction of, or to perform a service function for, public elementary or secondary schools in a city, county, township, school district, or other political subdivision of a state, or for a combination of school districts or counties as are recognized in a state as an administrative agency for its public elementary schools or secondary schools.

41.28(2) Educational service agencies and other public institutions or agencies. The term includes an educational service agency, as defined in rule 281—41.12(256B,34CFR300) and any other public institution or agency having administrative control and direction of a public elementary school or secondary school, including a public nonprofit charter school that is established as an LEA under state law.

41.28(3) BIA-funded schools. The term includes an elementary school or secondary school funded by the Bureau of Indian Affairs, and not subject to the jurisdiction of any SEA other than the Bureau of Indian Affairs, but only to the extent that the inclusion makes the school eligible for programs for which specific eligibility is not provided to the school in another provision of law and the school does not have a student population that is smaller than the student population of the LEA receiving assistance under the Act with the smallest student population.

281—41.29(256B,34CFR300) Native language.

41.29(1) General. “Native language,” when used with respect to an individual who is limited English proficient, means the following:

a. The language normally used by that individual or, in the case of a child, the language normally used by the parents of the child; or

b. The language normally used by the child in the home or learning environment; this language shall be considered “native language” in all direct contact with a child, including evaluation of the child.

41.29(2) Special rule. For an individual who is deaf or hard of hearing or who is blind or visually impaired, or for an individual with no written language, the mode of communication is that normally used by the individual, such as sign language, braille, or oral communication.

[ARC 5870C, IAB 8/25/21, effective 9/29/21]

41.30(1) General. “Parent” means:

a. A biological or adoptive parent of a child;

b. A foster parent, unless state law, regulations, or contractual obligations with a state or local entity prohibit a foster parent from acting as a parent;

c. A guardian generally authorized to act as the child’s parent, or authorized to make educational decisions for the child, but not the state if the child is a ward of the state;

d. An individual acting in the place of a biological or adoptive parent including a grandparent, stepparent, or other relative with whom the child lives or an individual who is legally responsible for the child’s welfare; or

e. A surrogate parent who has been appointed in accordance with rule 281—41.519(256B,34CFR300) or 20 U.S.C. 1439(a)(5).

41.30(2) Rules of construction and application. The following rules are to be used to determine whether a party qualifies as a parent:

a. Except as provided in 41.30(2) “b,” the biological or adoptive parent, when attempting to act as the parent under this chapter and when more than one party is qualified to act as a parent under this chapter, must be presumed to be the parent for purposes of this rule unless the biological or adoptive parent does not have legal authority to make educational decisions for the child.
b. If a judicial decree or order identifies a specific person or persons under paragraphs “a” to “d” of subrule 41.30(1) to act as the parent of a child or to make educational decisions on behalf of a child, such person or persons shall be determined to be the parent for purposes of this rule.

c. “Parent” does not include a public or private agency involved in the education or care of a child or an employee or contractor with any public or private agency involved in the education or care of the child in that employee’s or contractor’s official capacity.

281—41.31(256B,34CFR300) Parent training and information center. “Parent training and information center” means a center assisted under Section 671 or 672 of the Act.

281—41.32(256B,34CFR300) Personally identifiable. “Personally identifiable” means information that contains the name of the child, the child’s parent, or other family member; the address of the child; a personal identifier, such as the child’s social security number or student number; or a list of personal characteristics or other information that would make it possible to identify the child with reasonable certainty.

281—41.33(256B,34CFR300) Public agency; nonpublic agency; agency. “Public agency” includes the SEA, LEAs, ESAs, nonprofit public charter schools that are not otherwise included as LEAs or ESAs and are not a school of an LEA or ESA, and any other political subdivisions of the state that are responsible for providing education to children with disabilities. “Nonpublic agency” includes any private organization of whatever form that is responsible for providing education to children with disabilities and that is not a public agency. “Agency” includes public agencies and nonpublic agencies.

281—41.34(256B,34CFR300) Related services.

41.34(1) General. “Related services” means transportation and such developmental, corrective, and other supportive services as are required to assist a child with a disability to benefit from special education. “Related services” includes speech-language pathology and audiology services; interpreting services; psychological services; physical and occupational therapy; recreation, including therapeutic recreation; early identification and assessment of disabilities in children; counseling services, including rehabilitation counseling; orientation and mobility services; and medical services for diagnostic or evaluation purposes. “Related services” also includes school health services and school nurse services, social work services in schools, and parent counseling and training.

41.34(2) Exception; services that apply to children with surgically implanted devices, including cochlear implants.

a. “Related services” does not include a medical device that is surgically implanted, the optimization of that device’s functioning (e.g., mapping), maintenance of that device, or the replacement of that device.

b. Nothing in paragraph “a” of this subrule shall:

   1. Limit the right of a child with a surgically implanted device (e.g., cochlear implant) to receive related services as listed in subrule 41.34(1) that are determined by the IEP team to be necessary for the child to receive FAPE;

   2. Limit the responsibility of a public agency to appropriately monitor and maintain medical devices that are needed to maintain the health and safety of the child, including breathing, nutrition, or operation of other bodily functions, while the child is transported to and from school or is at school; or

   3. Prevent the routine checking of an external component of a surgically implanted device to make sure it is functioning properly, as required in rule 281—41.113(256B,34CFR300).

41.34(3) Individual related services terms defined. The terms used in this definition are defined as follows:

a. “Audiology” includes:

   1. Identification of children with hearing loss;

   2. Determination of the range, nature, and degree of hearing loss, including referral for medical or other professional attention for the habilitation of hearing;
(3) Provision of habilitative activities, such as language habilitation, auditory training, speech reading (lipreading), hearing evaluation, and speech conservation;
(4) Creation and administration of programs for prevention of hearing loss;
(5) Counseling and guidance of children, parents, and teachers regarding hearing loss; and
(6) Determination of children’s needs for group and individual amplification, selecting and fitting an appropriate aid, and evaluating the effectiveness of amplification.

b. “Counseling services” means services provided by qualified social workers, psychologists, guidance counselors, or other qualified personnel.

c. “Early identification and assessment of disabilities in children” means the implementation of a formal plan for identifying a disability as early as possible in a child’s life.

d. “Interpreting services” includes the following:

   (1) For children who are deaf or hard of hearing, oral transliteration services, cued language transliteration services, sign language transliteration and interpreting services, and transcription services, such as communication access real-time translation (CART), C-Print, and TypeWell; and

   (2) For children who are deaf-blind, special interpreting services.

e. “Medical services” means services provided by a licensed physician to determine a child’s medically related disability that results in the child’s need for special education and related services.

f. “Occupational therapy” means services provided by a qualified occupational therapist, and includes the following:

   (1) Improving, developing, or restoring functions impaired or lost through illness, injury, or deprivation;

   (2) Improving ability to perform tasks for independent functioning if functions are impaired or lost; and

   (3) Preventing, through early intervention, initial or further impairment or loss of function.

g. “Orientation and mobility services” means services provided to children who are blind or visually impaired by qualified personnel to enable those students to attain systematic orientation to and safe movement within their environments in school, home, and community, and includes teaching children the following, as appropriate:

   (1) Spatial and environmental concepts and use of information received by the senses (such as sound, temperature and vibrations) to establish, maintain, or regain orientation and line of travel (e.g., using sound at a traffic light to cross the street);

   (2) To use the long cane or a service animal to supplement visual travel skills or as a tool for safely negotiating the environment for children with no available travel vision;

   (3) To understand and use remaining vision and distance low vision aids; and

   (4) Other concepts, techniques, and tools.

h. “Parent counseling and training” means assisting parents in understanding the special needs of their child; providing parents with information about child development; and helping parents to acquire the necessary skills that will allow them to support the implementation of their child’s IEP or IFSP.

   i. “Physical therapy” means services provided by a qualified physical therapist.

   j. “Psychological services” includes the following:

      (1) Administering psychological and educational tests, and other assessment procedures;

      (2) Interpreting assessment results;

      (3) Obtaining, integrating, and interpreting information about child behavior and conditions relating to learning;

      (4) Consulting with other staff members in planning school programs to meet the special educational needs of children as indicated by psychological tests, interviews, direct observation, and behavioral evaluations;

      (5) Planning and managing a program of psychological services, including psychological counseling for children and parents; and

      (6) Assisting in developing positive behavioral intervention strategies.

k. “Recreation” includes the following:

   (1) Assessment of leisure function;
(2) Therapeutic recreation services;
(3) Recreation programs in schools and community agencies; and
(4) Leisure education.

l. “Rehabilitation counseling services” means services provided by qualified personnel in
individual or group sessions that focus specifically on career development, employment preparation,
achieving independence, and integration in the workplace and community of a student with a disability.
The term also includes vocational rehabilitation services provided to a student with a disability by
vocational rehabilitation programs funded under the Rehabilitation Act of 1973 as amended through
m. “School health services and school nurse services” means health services that are designed to
enable a child with a disability to receive FAPE as described in the child’s IEP. School nurse services are
services provided by a qualified school nurse. School health services are services that may be provided
by either a qualified school nurse or other qualified person.
n. “Social work services in schools” includes the following:
   (1) Preparing a social or developmental history concerning a child with a disability;
   (2) Group and individual counseling with the child and family;
   (3) Working in partnership with parents and others on those problems in a child’s living situation
       (home, school, and community) that affect the child’s adjustment in school;
   (4) Mobilizing school and community resources to enable the child to learn as effectively as
       possible in his or her educational program; and
   (5) Assisting in developing positive behavioral intervention strategies.
o. “Speech-language pathology services” includes the following:
   (1) Identification of children with speech or language impairments;
   (2) Diagnosis and appraisal of specific speech or language impairments;
   (3) Referral for medical or other professional attention necessary for the habilitation of speech or
       language impairments;
   (4) Provision of speech and language services for the habilitation or prevention of communicative
       impairments; and
   (5) Counseling and guidance of parents, children, and teachers regarding speech and language
       impairments.
p. “Transportation” includes the following:
   (1) Travel to and from school and between schools;
   (2) Travel in and around school buildings; and
   (3) Specialized equipment, such as special or adapted buses, lifts, and ramps, if required to provide
       special transportation for a child with a disability.

41.34(4) Rule of construction. A particular service listed in this rule may also be considered
special education under rule 281—41.39(256B,34CFR300), a supplementary aid and service under rule
281—41.42(256B,34CFR300), or a support service under rule 281—41.409(256B,34CFR300).

day or residential school, including a public secondary charter school that provides secondary education,
as determined under state law, except that it does not include any education beyond grade 12.

281—41.37(34CFR300) Services plan. “Services plan” has the meaning given the term in 34 CFR
300.37.

281—41.38(34CFR300) Secretary. “Secretary” means the Secretary of the United States Department
of Education.

41.39(1) General. “Special education” means specially designed instruction, at no cost to the parents, to meet the unique needs of a child with a disability, including:

a. Instruction conducted in the classroom, in the home, in hospitals and institutions, and in other settings; and

b. Instruction in physical education.

41.39(2) Specific services included in special education. Special education includes each of the following, if the services otherwise meet the requirements of subrule 41.39(1):

a. Any service listed in this chapter, including support services, related services, and supplemental aids and services, that is specially designed instruction under subrule 41.39(1) or state standards or is required to assist an eligible individual in taking advantage of, or responding to, educational programs and opportunities;

b. Travel training; and

c. Vocational education.

41.39(3) Individual special education terms defined. The terms in this definition are defined as follows:

a. “At no cost” means that all specially designed instruction is provided without charge, but does not preclude incidental fees that are normally charged to nondisabled students or their parents as a part of the regular education program. An AEA or LEA may ask, but not require, parents of children with disabilities to use public insurance or benefits or private insurance proceeds to pay for services if they would not incur a financial cost, as described in rule 281—41.154(256B,34CFR300).

b. “Physical education” means the development of physical and motor fitness; fundamental motor skills and patterns; and skills in aquatics, dance, and individual and group games and sports, including intramural and lifetime sports; and includes special physical education, adapted physical education, movement education, and motor development.

c. “Specially designed instruction” means adapting, as appropriate to the needs of an eligible child under this chapter, the content, methodology, or delivery of instruction:

(1) To address the unique needs of the child that result from the child’s disability; and

(2) To ensure access of the child to the general curriculum, so that the child can meet the educational standards within the jurisdiction of the public agency that apply to all children.

d. “Travel training” means providing instruction, as appropriate, to children with significant cognitive disabilities, and any other children with disabilities who require this instruction, to enable them to:

(1) Develop an awareness of the environment in which they live; and

(2) Learn the skills necessary to move effectively and safely from place to place within that environment (e.g., in school, in the home, at work, and in the community).

e. “Vocational education” means organized educational programs that are directly related to the preparation of individuals for paid or unpaid employment, or for additional preparation for a career not requiring a baccalaureate or advanced degree.

281—41.40(34CFR300) State. “State” means each of the 50 states, the District of Columbia, the Commonwealth of Puerto Rico, and each of the outlying areas.

281—41.41(256B,34CFR300) State educational agency. “State educational agency” or “SEA” means the state board of education or other agency or officer primarily responsible for the state supervision of public elementary schools and secondary schools, or, if there is no such officer or agency, an officer or agency designated by the governor or by state law.

281—41.42(256B,34CFR300) Supplementary aids and services. “Supplementary aids and services” means aids, services, and other supports that are provided in regular education classes, other education-related settings, and in extracurricular and nonacademic settings, to enable children with
disabilities to be educated with nondisabled children to the maximum extent appropriate in accordance with rules 281—41.114(256B,34CFR300) to 281—41.116(256B,34CFR300).

281—41.43(256B,34CFR300) Transition services.

41.43(1) General. “Transition services” means a coordinated set of activities for a child with a disability and meets the following description:

a. Is designed to be within a results-oriented process, that is focused on improving the academic and functional achievement of the child with a disability to facilitate the child’s movement from school to postschool activities, including postsecondary education, vocational education, integrated employment (including supported employment), continuing and adult education, adult services, independent living, or community participation;

b. Is based on the individual child’s needs, taking into account the child’s strengths, preferences, and interests; and includes the following:

(1) Instruction;
(2) Related services;
(3) Community experiences;
(4) The development of employment and other post-school adult living objectives; and
(5) If appropriate, acquisition of daily living skills and provision of a functional vocational evaluation.

41.43(2) May be special education or a related service. Transition services for children with disabilities may be special education, if provided as specially designed instruction, or a related service if required to assist a child with a disability to benefit from special education.

41.45(1) General. Subject to subrules 41.45(2) and 41.45(3), “ward of the state” means a child who, as determined by the state where the child resides, is:

a. A foster child;

b. In the custody of a public child welfare agency; or

c. A ward of the state.

41.45(2) Exception. “Ward of the state” does not include a foster child who has a foster parent who meets the definition of a parent in rule 281—41.30(256B,34CFR300).

41.45(3) Interpretive note. “Ward of the state” is a term rarely used in Iowa law. It would be an extremely rare occurrence for a child to be a ward of the state while not being either a foster child or in the custody of a public child welfare agency.

281—41.46 to 41.49 Reserved.

281—41.50(256B,34CFR300) Other definitions associated with identification of eligible individuals. The following terms may be encountered in the identification of children with disabilities.

41.50(1) Autism. “Autism” means a developmental disability significantly affecting verbal and nonverbal communication and social interaction, generally evident before the age of three, which adversely affects a child’s educational performance. Other characteristics often associated with autism are engagement in repetitive activities and stereotyped movements, resistance to environmental change or change in daily routines, and unusual responses to sensory experiences. Autism does not apply if a child’s educational performance is adversely affected primarily because the child has a behavior disorder, as defined in subrule 41.50(2). A child who manifests the characteristics of autism after the age of three could be identified as having autism if the criteria in the first sentence of this subrule are satisfied. This term includes all conditions described by the term “autism spectrum disorder,” which adversely affects a child’s educational performance.
41.50(2) Behavior disorder. “Behavior disorder” (or emotional disturbance) means any condition that exhibits one or more of the following five characteristics over a long period of time and to a marked degree that adversely affects a child’s educational performance.

a. An inability to learn that cannot be explained by intellectual, sensory, or health factors.
b. An inability to build or maintain satisfactory interpersonal relationships with peers and teachers.
c. Inappropriate types of behavior or feelings under normal circumstances.
d. A general pervasive mood of unhappiness or depression.
e. A tendency to develop physical symptoms or fears associated with personal or school problems.

41.50(3) Deaf-blindness. “Deaf-blindness” means concomitant hearing and visual impairments, the combination of which causes such severe communication and other developmental and educational needs that they cannot be accommodated in special education programs solely for children who are deaf or hard of hearing or children who are blind or visually impaired.

41.50(4) Deafness. “Deafness” means a hearing impairment that is so severe that the child is impaired in processing linguistic information through hearing, with or without amplification, and that adversely affects a child’s educational performance.

41.50(5) Hearing impairment. “Hearing impairment” means an impairment in hearing, whether permanent or fluctuating, that adversely affects a child’s educational performance but that is not included under the definition of deafness in 41.50(4).

41.50(6) Intellectual disability. “Intellectual disability” means significantly subaverage general intellectual functioning, that exists concurrently with deficits in adaptive behavior and is manifested during the developmental period, and which adversely affects a child’s educational performance.

41.50(7) Multiple disabilities. “Multiple disabilities” means concomitant impairments, such as intellectual disability-blindness or intellectual disability-orthopedic impairment, the combination of which causes such severe educational needs that they cannot be accommodated in special education programs solely for one of the impairments. Multiple disabilities does not include deaf-blindness.

41.50(8) Orthopedic impairment. “Orthopedic impairment” means a severe orthopedic impairment that adversely affects a child’s educational performance. The term includes impairments caused by a congenital anomaly; impairments caused by disease, e.g., poliomyelitis or bone tuberculosis; and impairments from other causes, e.g., cerebral palsy, amputations, and fractures or burns that cause contractures.

41.50(9) Other health impairment. “Other health impairment” means having limited strength, vitality, or alertness, including a heightened alertness to environmental stimuli, that results in limited alertness with respect to the educational environment, that:

a. Is due to a chronic or acute health problem such as asthma, attention deficit disorder or attention deficit hyperactivity disorder, diabetes, epilepsy, a heart condition, hemophilia, lead poisoning, leukemia, nephritis, rheumatic fever, sickle cell anemia, and Tourette syndrome; and
b. Adversely affects a child’s educational performance.

41.50(10) Specific learning disability. “Specific learning disability” means a disorder in one or more of the basic psychological processes involved in understanding or in using language, spoken or written, that may manifest itself in the imperfect ability to listen, think, speak, read, write, spell, or to do mathematical calculations, including conditions such as perceptual disabilities, brain injury, minimal brain dysfunction, dyslexia, and developmental aphasia. Specific learning disability does not include learning problems that are primarily the result of visual, hearing, or motor disabilities, of intellectual disability, of emotional disturbance, or of environmental, cultural, or economic disadvantage.

41.50(11) Speech or language impairment. “Speech or language impairment” means a communication disorder, such as stuttering, impaired articulation, a language impairment, or a voice impairment, that adversely affects a child’s educational performance.

41.50(12) Traumatic brain injury. “Traumatic brain injury” means an acquired injury to the brain caused by an external physical force, resulting in total or partial functional disability or psychosocial impairment, or both, that adversely affects a child’s educational performance. Traumatic brain injury applies to open or closed head injuries resulting in impairments in one or more areas, such as cognition; language; memory; attention; reasoning; abstract thinking; judgment; problem solving; sensory,
perceptual, and motor abilities; psychosocial behavior; physical functions; information processing; and speech. Traumatic brain injury does not apply to brain injuries that are congenital or degenerative, or to brain injuries induced by birth trauma.

41.50 Visual impairment. “Visual impairment,” including blindness, means an impairment in vision that, even with correction, adversely affects a child’s educational performance. The term includes both partial sight and blindness. Individuals who have a medically diagnosed expectation of visual deterioration in adolescence or early adulthood may qualify for instruction in braille reading and writing. [ARC 9376B, IAB 2/23/11, effective 5/30/11; ARC 5870C, IAB 8/25/21, effective 9/29/21]

281—41.51(256B, 34CFR300) Other definitions applicable to this chapter. The following additional definitions apply to this chapter.

41.51(1) Appropriate activities. “Appropriate activities” means those activities that are consistent with age-relevant abilities or milestones that typically developing children of the same age would be performing or would have achieved.

41.51(2) Board. “Board” means the Iowa state board of education.

41.51(3) Department. “Department” means the state department of education.

41.51(4) Director. “Director” means the director of special education of the AEA.

41.51(5) Director of education. “Director of education” means the state director of the department of education.

41.51(6) Early childhood special education. “Early childhood special education” or “ECSE” means special education and related services for those individuals below the age of six.

41.51(7) General curriculum. “General curriculum” means the curriculum adopted by an LEA or schools within the LEA for all children from preschool through secondary school.

41.51(8) General education environment. “General education environment” includes, but is not limited to, the classes, classrooms, services, and nonacademic and extracurricular services and activities made available by an agency to all students. For preschool children who require special education, the general education environment is the environment where appropriate activities occur for children of similar age without disabilities.

41.51(9) General education interventions. “General education interventions” means attempts to resolve presenting problems or behaviors of concern in the general education environment prior to conducting a full and individual evaluation as described in rule 281—41.312(256B, 34CFR300).

41.51(10) Head injury. “Head injury” means an acquired injury to the brain caused by an external physical force, resulting in total or partial functional disability or psychosocial impairment, or both, that adversely affects an individual’s educational performance. The term applies to open or closed head injuries resulting in impairments in one or more areas such as cognition; language; memory; attention; reasoning; abstract thinking; judgment; problem solving; sensory, perceptual and motor abilities; psychosocial behavior; physical functions; information processing; and speech. The term does not apply to brain injuries that are congenital or degenerative or brain injuries induced by birth trauma.

41.51(11) Multicategorical. “Multicategorical” means special education in which the individuals receiving special education have different types of disabilities.

41.51(12) School district of the child’s residence. “School district of the child’s residence” or “district of residence of the child” is that school district in which the parent of the individual resides, subject to the following:

a. If an eligible individual is physically present (“lives”) in a district other than the district of residence of the individual’s parent for a primary purpose other than school attendance, then the district of residence of the individual is the district in which the individual resides, and that district becomes responsible for providing and funding the special education and related services.

b. If an eligible individual is physically present (“lives”) in a district other than the district of residence of the individual’s parent solely for the purpose of school attendance, the district of residence remains that of the parent; therefore, the parent must pay tuition to the receiving district. The district of residence cannot be held responsible for tuition payment.
c. If an individual is physically present ("lives") in an intermediate care facility, residential care facility, or other similar facility, the individual’s district of residence is deemed to be that of the individual’s parents.

d. “Children living in a foster care facility” are individuals requiring special education who are living in a licensed individual or agency child foster care facility, as defined in Iowa Code section 237.1, or in an unlicensed relative foster care placement. District of residence of an individual living in a foster care facility and financial responsibility for special education and related services are determined pursuant to paragraph 41.907(5)“a.”

e. “Children living in a treatment facility” are individuals requiring special education who are living in a facility providing residential treatment as defined in Iowa Code section 125.2. District of residence of an individual living in a treatment facility and financial responsibility for special education and related services are determined pursuant to paragraph 41.907(5)“b.”

f. “Children placed by the district court” are pupils requiring special education for whom parental rights have been terminated and who have been placed in a facility or home by a district court. Financial responsibility for special education and related services of individuals placed by the district court is determined pursuant to subrule 41.907(6).

41.51(13) Severely disabled. “Severely disabled” is an adjective applied to individuals with any severe disability including individuals who are profoundly multiply disabled.

41.51(14) Signature. “Signature” has the meaning given the term in Iowa Code section 4.1(39).

41.51(15) Systematic progress monitoring. “Systematic progress monitoring” means a systematic procedure for collecting and displaying an individual’s performance over time for the purpose of making educational decisions.

281—41.52 to 41.99 Reserved.

DIVISION III
RULES APPLICABLE TO THE STATE AND TO ALL AGENCIES

281—41.100(256B,34CFR300) Eligibility for assistance. To be eligible for assistance under Part B of the Act for a fiscal year, the state shall submit a plan that provides assurances to the Secretary that the state has in effect policies and procedures to ensure that the state meets the conditions in rules 281—41.101(256B,34CFR300) to 281—41.176(256B).

41.101(1) General. A free appropriate public education must be available to all children residing in the state for the time period permitted by Iowa Code chapter 256B, including children with disabilities who have been suspended or expelled from school, as provided for in subrule 41.530(4).

41.101(2) FAPE for children beginning at the age of three. The state shall ensure that:

a. The obligation to make FAPE available to each eligible child residing in the state begins no later than the child’s third birthday; and

b. An IEP is in effect for the child by that date.

c. If a child’s third birthday occurs during the summer, the child’s IEP team shall determine the date when services under the IEP will begin.

41.101(3) Children advancing from grade to grade. FAPE shall be available to any individual child with a disability who needs special education and related services, even though the child has not failed or been retained in a course or grade and is advancing from grade to grade. The determination that a child described in the first sentence of this subrule is eligible under this chapter must be made on an individual basis by the group responsible within the child’s LEA for making eligibility determinations.

281—41.102(256B,34CFR300) Limitation—exceptions to FAPE for certain ages.

41.102(1) Exceptions. The obligation to make FAPE available to all children with disabilities does not apply with respect to the following:
a. Children over the age provided in Iowa Code chapter 256B, unless otherwise provided in this rule.

b. Certain children incarcerated in adult prisons.
   
   (1) General. A child aged 18 to 21 who, in the last educational placement prior to incarceration in an adult correctional facility:
   
   1. Was not actually identified as being a child with a disability under this chapter; and
   
   2. Did not have an IEP under Part B of the Act.
   
   (2) Inapplicability of exception. The exception in 41.102(1)“b”(1) does not apply to a child with disabilities, aged 18 to 21, who:
   
   1. Had been identified as a child with a disability under this chapter and had received services in accordance with an IEP, but who left school prior to incarceration; or
   
   2. Did not have an IEP in the child’s last educational setting, but who had actually been identified as a child with a disability under this chapter.

   c. Graduates with a regular high school diploma.
   
   (1) General. Children with disabilities who have graduated from high school with a regular high school diploma.
   
   (2) Inapplicability of exception. The exception in 41.102(1)“c”(1) does not apply to children who have graduated from high school, but have not been awarded a regular high school diploma.
   
   (3) Graduation is a change in placement. Graduation from high school with a regular high school diploma constitutes a change in placement requiring written prior notice in accordance with rule 281—41.503(256B,34CFR300).
   
   (4) Rule of construction. As used in 41.102(1)“c”(1) to (3), the term “regular high school diploma” means the standard high school diploma awarded to the preponderance of students in the state that is fully aligned with state standards, or a higher diploma, except that a regular high school diploma shall not be aligned to the alternate academic achievement standards described in Section 1111(b)(1)(E) of the ESEA. A regular high school diploma does not include a recognized equivalent of a diploma, such as a general equivalency diploma, certificate of completion, certificate of attendance, or similar lesser credential.

d. Eligibility beyond period specified in Iowa Code chapter 256B. An agency may continue the special education and related services of an eligible individual beyond the time period specified in the Iowa Code if the person had an accident or prolonged illness that resulted in delays in the initiation of or in the interruption of that individual’s special education program. The AEA director of special education must request approval from the department, which may be granted for up to the individual’s twenty-fourth birthday.

41.102(2) Documents relating to exceptions. The state must ensure that the information it has provided to the Secretary regarding the exceptions in subrule 41.102(1) is current and accurate.

281—41.103(256B,34CFR300) FAPE—methods and payments.

41.103(1) All means available to meet Part B requirements. The state may use whatever state, local, federal, and private sources of support that are available in the state to meet the requirements of Part B of the Act.

41.103(2) Third-party obligations not eliminated. Nothing in this chapter relieves an insurer or similar third party from an otherwise valid obligation to provide or to pay for services provided to a child with a disability.

41.103(3) No delay in implementing an IEP. Consistent with rule 281—41.323(256B,34CFR300), there shall be no delay in implementing an eligible individual’s IEP, including any case in which the payment source for providing or paying for special education and related services to the child is being determined.

[ARC 8387B, IAB 12/16/09, effective 1/20/10]
281—41.104(256B,34CFR300) Residential placement. If placement in a public or private residential program is necessary to provide special education and related services to an eligible individual, the program, including nonmedical care and room and board, must be at no cost to the parents of the child.

41.105(1) General. Each public agency must ensure that assistive technology devices or assistive technology services, or both, as those terms are defined in rules 281—41.5(256B,34CFR300) and 281—41.6(256B,34CFR300), respectively, are made available to a child with a disability if required as a part of the child’s:
  a. Special education under rule 281—41.39(256B,34CFR300);  
  b. Related services under rule 281—41.34(256B,34CFR300); or   
  c. Supplementary aids and services under rule 281—41.42(256B,34CFR300) and 41.114(2)“b.”

41.105(2) Use of assistive technology devices at home or in other settings. On a case-by-case basis, the use of school-purchased assistive technology devices in a child’s home or in other settings is required if the child’s IEP team determines that the child needs access to those devices in order to receive FAPE.

281—41.106(256B,34CFR300) Extended school year services.  
41.106(1) General. Each public agency must ensure that extended school year services are available as necessary to provide FAPE.  
  a. Extended school year services must be provided only if a child’s IEP team determines, on an individual basis, in accordance with rules 281—41.320(256B,34CFR300) to 281—41.324(256B,34CFR300), that the services are necessary for the provision of FAPE to the child.   
  b. In implementing the requirements of this rule, a public agency may not limit extended school year services to particular categories of disability or unilaterally limit the type, amount, or duration of those services.

41.106(2) Definition. As used in this rule, the term “extended school year services” means special education and related services that meet the standards of the SEA and are provided to a child with a disability beyond the normal school year of the public agency, in accordance with the child’s IEP and at no cost to the parents of the child.

281—41.107(256B,34CFR300) Nonacademic services.  
41.107(1) General. Each public agency must take steps, including the provision of supplementary aids and services determined appropriate and necessary by the child’s IEP team, to provide nonacademic and extracurricular services and activities in the manner necessary to afford children with disabilities an equal opportunity for participation in those services and activities.

41.107(2) Definition. Nonacademic and extracurricular services and activities may include counseling services, athletics, transportation, health services, recreational activities, special interest groups or clubs sponsored by the public agency, referrals to agencies that provide assistance to individuals with disabilities, and employment of students, including both employment by the public agency and assistance in making outside employment available.

281—41.108(256B,34CFR300) Physical education. All public agencies in the state shall comply with the following:  
41.108(1) General. Physical education services, specially designed if necessary, must be made available to every child with a disability receiving FAPE, unless the public agency enrolls children without disabilities and does not provide physical education to children without disabilities in the same grades.  
41.108(2) Regular physical education. Each child with a disability must be afforded the opportunity to participate in the regular physical education program available to nondisabled children unless the child is enrolled full-time in a separate facility or the child needs specially designed physical education, as prescribed in the child’s IEP.

41.108(3) Special physical education. If specially designed physical education is prescribed in a child’s IEP, the public agency responsible for the education of that child must provide the services directly or make arrangements for those services to be provided through other public or private programs.

41.108(4) Education in separate facilities. The public agency responsible for the education of a child with a disability who is enrolled in a separate facility must ensure that the child receives appropriate physical education services in compliance with this rule.

281—41.109(256B,34CFR300) Full educational opportunity goal (FEOG). Each public agency shall ensure the provision of full educational opportunity to children requiring special education. Each public agency shall have in effect policies and procedures to demonstrate that the agency has established a goal of providing full educational opportunity to all children with disabilities, aged birth to 21, and a detailed timetable for accomplishing that goal.

281—41.110(256B,34CFR300) Program options. Each public agency shall take steps to ensure that its children with disabilities have available to them the variety of educational programs and services available to nondisabled children in the area served by the agency, including art, music, industrial arts, consumer and homemaking education, and vocational education.

41.111(1) General. All children with disabilities residing in the state, including children with disabilities who are homeless children or are wards of the state and children with disabilities who attend private schools, regardless of the severity of their disability, and who are in need of special education and related services, must be identified, located, and evaluated; and a practical method must be developed and implemented to determine which children are currently receiving needed special education and related services.

41.111(2) High-quality general education instruction; general education interventions.

a. As a component of efficient and effective, high-quality general education instruction, it shall be the responsibility of the general education program of each LEA to provide additional support and assistance to all students who may need such additional support and assistance to attain the educational standards of the LEA applicable to all children. Receipt of such additional support and assistance, when considered alone, does not create a suspicion that a child is an eligible individual under this chapter. Activities under this paragraph shall be provided by general education personnel, with occasional or incidental assistance from special education instructional and support personnel.

b. General education interventions involving activities described in rule 281—41.312(256B,34CFR300) are a recognized component of an AEA’s child find policy pursuant to the policies set forth in subrule 41.407(1) and the procedures set forth in subrule 41.407(2).

41.111(3) Other children in child find. Child find also must include the following:

a. A child who is suspected of being a child with a disability and in need of special education, even though the child is advancing from grade to grade; and

b. Highly mobile children, including migrant children.

41.111(4) Classification based on disability not required. Nothing in the Act requires that children be classified by their disability so long as each child who has a disability that is listed in 34 CFR Section 300.8 and who, by reason of that disability, needs special education and related services is regarded as a child with a disability under Part B of the Act.

41.111(5) Evaluation required when disability is suspected. At the point when a public agency suspects a child is a child with a disability under this chapter, the public agency must seek parental consent for an initial evaluation of that child, pursuant to subrule 41.300(1).

41.111(6) Rule of construction—suspicion of a disability. As a general rule, a public agency suspects a child is a child with a disability when the public agency is aware of facts and circumstances that, when considered as a whole, would cause a reasonably prudent public agency to believe that the child’s performance might be explained because the child is an eligible individual under this chapter.

[ARC 8387B, IAB 12/16/09, effective 1/20/10]
281—41.112(256B,34CFR300) Individualized education programs (IEPs). An IEP, or an IFSP that meets the requirements of Section 636(d) of the Act (for eligible individuals aged birth to three), is developed, reviewed, and revised for each child with a disability in accordance with rules 281—41.320(256B,34CFR300) to 281—41.324(256B,34CFR300), except as provided in 41.300(2)“d”(2).

281—41.113(256B,34CFR300) Routine checking of hearing aids and external components of surgically implanted medical devices.

41.113(1) Hearing aids. Each public agency must ensure that hearing aids worn in school by children who are deaf or hard of hearing are functioning properly.

41.113(2) External components of surgically implanted medical devices.

a. Subject to 41.113(2)“b,” each public agency must ensure that the external components of surgically implanted medical devices are functioning properly.

b. For a child with a surgically implanted medical device who is receiving special education and related services under this chapter, a public agency is not responsible for the postsurgical maintenance, programming, or replacement of the medical device that has been surgically implanted or of an external component of the surgically implanted medical device.

[ARC 5870C, IAB 8/25/21, effective 9/29/21]

41.114(1) General. Except as provided in 41.324(4)“a” regarding children with disabilities in adult prisons, each public agency in the state shall have policies and procedures in place to meet the LRE requirements of this rule and rules 281—41.115(256B,34CFR300) to 281—41.120(256B,34CFR300).

41.114(2) Public agency assurances. Each public agency must ensure and maintain adequate documentation that:

a. To the maximum extent appropriate, children with disabilities, including children in public or private institutions or other care facilities, are educated with children who are nondisabled; and

b. Special classes, separate schooling, or other removal of children with disabilities from the general education environment occurs only if the nature or severity of the disability is such that education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily.

41.114(3) State funding mechanism. A state funding mechanism must not result in placements that violate the requirements of this rule; and the state must not use a funding mechanism by which funds are distributed on the basis of the type of setting in which a child is served or which will result in the failure to provide a child with a disability FAPE according to the unique needs of the child, as described in the child’s IEP.

281—41.115(256B,34CFR300) Continuum of alternative services and placements.

41.115(1) General. Each public agency must ensure that a continuum of alternative services and placements is available to meet the needs of children with disabilities for special education and related services.

41.115(2) Requirements. The continuum required in subrule 41.115(1) must meet the following requirements:

a. Include the alternative placements listed in the definition of special education under rule 281—41.39(256B,34CFR300) (instruction in regular classes, special classes, special schools, home instruction, and instruction in hospitals and institutions); and

b. Make provision for supplementary services, such as resource room or itinerant instruction, to be provided in conjunction with regular class placement.

41.116(1) General. In determining the educational placement of a child with a disability, including a preschool child with a disability, each public agency must ensure the following:

a. The placement decision shall be made:
(1) By a group of persons, including the parents and other persons knowledgeable about the child, the meaning of the evaluation data, and the placement options; and

(2) In conformity with the LRE provisions of this chapter, including rules 281—41.114(256B,34CFR300) to 281—41.118(256B,34CFR300);

b. The child’s placement shall be:

(1) Determined at least annually;

(2) Based on the child’s IEP; and

(3) Located as close as possible to the child’s home;

(4) The child’s placement shall be

c. Unless the IEP of a child with a disability requires some other arrangement, the child shall be educated in the school that he or she would attend if nondisabled;

d. In selecting the LRE, the agency shall consider any potential harmful effect on the child or on the quality of services that he or she needs; and

e. A child with a disability shall not be removed from education in age-appropriate regular classrooms solely because of needed modifications in the general education curriculum.

41.116(2) Special rule: Iowa Code section 282.9. For eligible individuals subject to Iowa Code section 282.9, any decision of educational setting for such eligible individuals shall be made in accordance with this rule.

41.116(3) Special rule: disciplinary placements. If a child is placed in an interim alternative educational setting pursuant to rules 281—41.530(256B,34CFR300) and 281—41.531(256B,34CFR300), that setting shall be determined by the IEP team.

41.116(4) Special considerations. The team establishing the eligible individual’s placement must answer the following questions.

a. Questions concerning least restrictive environment. When developing an eligible individual’s IEP and placement, the team shall consider the following questions, as well as any other factor appropriate under the circumstances, regarding the provision of special education and related services:

(1) What accommodations, modifications and adaptations does the individual require to be successful in a general education environment?

(2) Why is it not possible for these accommodations, modifications and adaptations to be provided within the general education environment?

(3) What supports are needed to assist the teacher and other personnel in providing these accommodations, modifications and adaptations?

(4) How will receipt of special education services and activities in the general education environment impact this individual?

(5) How will provision of special education services and activities in the general education environment impact other students?

b. Additional questions concerning special school placement. When some or all of an eligible individual’s special education is to be provided in a special school, the individual’s IEP, or an associated or attached document, shall include specific answers to the following additional four questions:

(1) What are the reasons the eligible individual cannot be provided an education program in an integrated school setting?

(2) What supplementary aids and supports are needed to support the eligible individual in the special education program?

(3) Why is it not possible for these aids and supports to be provided in an integrated setting?

(4) What is the continuum of placements and services available for the eligible individual?

41.116(5) Out-of-state placements. When special education and related services appropriate to an eligible individual’s needs are not available within the state, or when appropriate special education and related services in an adjoining state are nearer than the appropriate special education and related services in Iowa, the director may certify an eligible individual for appropriate special education and related services outside the state in accordance with Iowa Code section 273.3 when it has been determined by the department that the special education and related services meet standards set forth in these rules.

41.116(6) Department approval for out-of-state placement. Contracts may be negotiated with out-of-state agencies, in accordance with Iowa Code section 273.3(5), with department approval. The
department uses the following procedures to determine if an out-of-state agency meets the rules of the board:

a. When requested to determine an agency’s approval status, the department contacts the appropriate state education agency to determine if that state’s rules are comparable to those of the board and whether the specified out-of-state agency meets those rules.

b. If the appropriate state education agency’s rules are not comparable, the department will contact the out-of-state agency to ascertain if its special education complies with the rules of the board.

41.116(7) Trial placements. Prior to transfer from a special education program or service, an eligible individual may be provided a trial placement in the general education setting of not more than 45 school days. A trial placement shall be incorporated into this individual’s IEP.

281—41.117(256B,34CFR300) Nonacademic settings. In providing or arranging for the provision of nonacademic and extracurricular services and activities, including meals, recess periods, and the services and activities set forth in rule 281—41.107(256B,34CFR300), each public agency must ensure that each child with a disability participates with nondisabled children in the extracurricular services and activities to the maximum extent appropriate to the needs of that child. The public agency must ensure that each child with a disability has the supplementary aids and services determined by the child’s IEP team to be appropriate and necessary for the child to participate in nonacademic settings.

281—41.118(256B,34CFR300) Children in public or private institutions. Except as provided in rule 281—41.149(256B,34CFR300) regarding agency responsibility for general supervision of some individuals in adult prisons, the department must ensure that rule 281—41.114(256B,34CFR300) is effectively implemented, including, if necessary, making arrangements with public and private institutions such as a memorandum of agreement or special implementation procedures.

[ARC 8387B, IAB 12/16/09, effective 1/20/10]

281—41.119(256B,34CFR300) Technical assistance and training activities. The state shall carry out activities to ensure that teachers and administrators in all public agencies are fully informed about their responsibilities for implementing rule 281—41.114(256B,34CFR300) and are provided with technical assistance and training necessary to assist them in this effort. If a public agency is having difficulty in locating an appropriate placement for an eligible individual, the public agency may contact the department for potential assistance.

281—41.120(256B,34CFR300) Monitoring activities. The state shall carry out activities to ensure that rule 281—41.114(256B,34CFR300) is implemented by each public agency. If there is evidence that a public agency makes placements that are inconsistent with rule 281—41.114(256B,34CFR300), the department must review the public agency’s justification for its actions and assist in planning and implementing any necessary corrective action. Failure of the public agency to implement any necessary corrective action may result in adverse determinations under rule 281—41.603(256B,34CFR300) or any other available enforcement action.

281—41.121(256B,34CFR300) Procedural safeguards. Each public agency in the state shall meet the requirements of rules 281—41.500(256B,34CFR300) to 281—41.536(256B,34CFR300), and children with disabilities and their parents must be afforded the procedural safeguards identified in those rules.

281—41.122(256B,34CFR300) Evaluation. Children with disabilities must be evaluated in accordance with rules 281—41.300(256B,34CFR300) to 281—41.313(256B,34CFR300), and each AEA shall develop and use procedures to implement those rules.

281—41.123(256B,34CFR300) Confidentiality of personally identifiable information. All public agencies in the state shall comply with rules 281—41.610(256B,34CFR300) to 281—41.626(256B,34CFR300) related to protecting the confidentiality of any personally identifiable information collected, used, or maintained under Part B of the Act.
281—41.124(256B,34CFR300) Transition of children from the Part C program to preschool programs. Each public agency shall comply with the state’s policies concerning the transition of infants and toddlers from programs under Part C to programs under Part B of the Act and shall ensure the following regarding such transition:

41.124(1) Smooth transition. Children participating in early intervention programs assisted under Part C of the Act, and who will participate in preschool programs assisted under Part B of the Act, experience a smooth and effective transition to those preschool programs in a manner consistent with Section 639(a)(9) of the Act;

41.124(2) IEP developed. By the third birthday of a child described in subrule 41.124(1), an IEP has been developed and is being implemented for the child consistent with subrule 41.101(2); and

41.124(3) Participating agencies. Each affected LEA will participate in transition planning conferences arranged by the designated lead agency under Section 635(a)(10) of the Act.

281—41.125 to 41.128 Reserved.

41.131(1) General. Each AEA must locate, identify, and evaluate all children with disabilities who are enrolled by their parents in accredited nonpublic, including religious, elementary schools and secondary schools located in the school district served by the AEA, in accordance with subrules 41.131(2) to 41.131(5), and rules 281—41.111(256B,34CFR300) and 281—41.201(256B,34CFR300).

41.131(2) Child find design. The child find process must be designed to ensure:

a. The equitable participation of parentally placed private school children; and

b. An accurate count of those children.

41.131(3) Activities. In carrying out the requirements of this rule, the AEA or, if applicable, the SEA must undertake activities similar to the activities undertaken for the agency’s public school children.

41.131(4) Cost. The cost of carrying out the child find requirements in this rule, including individual evaluations, may not be considered in determining if an AEA has met its obligation under rule 281—41.133(256,256B,34CFR300).

41.131(5) Completion period. The child find process must be completed in a time period comparable to that for students attending public schools in the AEA consistent with rule 281—41.301(256B,34CFR300).

41.131(6) Out-of-state children. Each AEA in which accredited nonpublic, including religious, elementary schools and secondary schools are located must, in carrying out the child find requirements in this rule, include parentally placed private school children who reside in a state other than the state in which the accredited nonpublic schools that they attend are located.

41.132(1) General. To the extent consistent with the number and location of children with disabilities who are enrolled by their parents in accredited nonpublic, including religious, elementary schools and secondary schools located in the area served by the AEA, provision is made for the
participation of those children in the program assisted or carried out under Part B of the Act by providing them with special education and related services, including direct services determined in accordance with rule 281—41.137(256,256B,34CFR300), unless the Secretary has arranged for services to those children under the bypass provisions in 34 CFR Sections 300.190 to 300.198.

41.132(2) IEP for parentally placed private school children with disabilities. In accordance with subrule 41.132(1) and rules 281—41.137(256,256B,34CFR300) to 281—41.139(256,256B,34CFR300), as well as Iowa Code section 256.12, an IEP must be developed and implemented for each private school child with a disability who has been designated by the AEA in which the private school is located to receive special education and related services under this chapter.

41.132(3) Record keeping. Each AEA must maintain in its records, and provide to the state, the following information related to parentally placed private school children covered under rules 281—41.130(256,256B,34CFR300) to 281—41.144(256,256B,34CFR300):

a. The number of children evaluated;

b. The number of children determined to be children with disabilities; and

c. The number of children served.

41.133(1) Formula. To meet the requirement of subrule 41.132(1), each AEA must spend the following on providing special education and related services, including direct services, to parentally placed private school children with disabilities:

a. For children aged 3 to 21, an amount that is the same proportion of the AEA’s total subgrant under Section 611(f) of the Act as the number of private school children with disabilities aged 3 to 21 who are enrolled by their parents in private, including religious, elementary schools and secondary schools located in the school district served by the AEA, is to the total number of children with disabilities in its jurisdiction aged 3 to 21.

b. Additional calculation for children aged 3 through 5.

(1) For children aged 3 through 5, an amount that is the same proportion of the AEA’s total subgrant under Section 619(g) of the Act as the number of parentally placed private school children with disabilities aged 3 through 5 who are enrolled by their parents in a private, including religious, elementary school located in the school district served by the AEA, is to the total number of children with disabilities in its jurisdiction aged 3 through 5.

(2) As described in 41.133(1)“b”(1), children aged 3 through 5 are considered to be parentally placed private school children with disabilities enrolled by their parents in private, including religious, elementary schools, if and only if they are enrolled in a private school that meets the definition of elementary school in rule 281—41.13(256,256B,34CFR300).

c. If an AEA has not expended for equitable services all of the funds described in 41.133(1)“a” and “b” by the end of the fiscal year for which Congress appropriated the funds, the AEA must obligate the remaining funds for special education and related services, including direct services, to parentally placed private school children with disabilities during a carry-over period of one additional year.

41.133(2) Calculating proportionate amount. The state shall calculate each AEA’s proportionate share from data provided by each AEA after each AEA has completed the consultation described in rule 281—41.134(256,256B,34CFR300) and the child count described in rule 281—41.131(256,256B,34CFR300) and subrule 41.133(3).

41.133(3) Annual count of the number of parentally placed private school children with disabilities.

a. Each AEA must:

(1) After timely and meaningful consultation with representatives of parentally placed private school children with disabilities, consistent with rule 281—41.134(256,256B,34CFR300), determine the number of parentally placed private school children with disabilities attending private schools located in the AEA; and

(2) Ensure that the count is conducted on any date between October 1 and December 1, inclusive, of each year.
b. The count must be used to determine the amount that the AEA must spend on providing special education and related services to parentally placed private school children with disabilities in the next subsequent fiscal year.

41.133(4) Supplement, not supplant. State and local funds may supplement, and in no case supplant, the proportionate amount of federal funds required to be expended for parentally placed private school children with disabilities under this chapter.

281—41.134(256,256B,34CFR300) Consultation. To ensure timely and meaningful consultation, an AEA or, if appropriate, an SEA must consult with private school representatives and representatives of parents of parentally placed private school children with disabilities during the design and development of special education and related services for the children regarding the following:

41.134(1) Child find. The child find process shall determine:

a. How parentally placed private school children suspected of having a disability can participate equitably; and

b. How parents, teachers, and private school officials will be informed of the process.

41.134(2) Proportionate share of funds. An explanation that the proportionate share shall be calculated by the state based on data submitted by the AEA, consistent with rule 281—41.133(256,256B,34CFR300).

41.134(3) Consultation process. The consultation process among the AEA, private school officials, and representatives of parents of parentally placed private school children with disabilities, including how the process will operate throughout the school year to ensure that parentally placed children with disabilities identified through the child find process can meaningfully participate in special education and related services.

41.134(4) Provision of special education and related services. How, where, and by whom special education and related services funded by Part B of the Act under rules 281—41.130(256,256B,34CFR300) to 281—41.147(256B,34CFR300) will be provided for parentally placed private school children with disabilities, including a discussion of the following:

a. The types of services, including direct services and alternate service delivery mechanisms;

b. How special education and related services will be apportioned if funds are insufficient to serve all parentally placed private school children;

c. How and when decisions regarding 41.134(4) “a” and “b” will be made;

d. That the consultation process concerns only funds under Part B of the Act, and does not concern special education and related services provided under Iowa Code section 256.12. The consultation process may, but is not required to, include discussions of special education and related services provided under Iowa Code section 256.12.

41.134(5) Written explanation by AEA regarding services. How, if the AEA disagrees with the views of the private school officials on the provision of services or the types of services, whether provided directly or through a contract, the AEA will provide to the private school officials a written explanation of the reasons why the AEA chose not to provide services directly or through a contract.

281—41.135(256,256B,34CFR300) Written affirmation. When timely and meaningful consultation, as required by rule 281—41.134(256,256B,34CFR300), has occurred, the AEA must obtain a written affirmation signed by the representatives of participating private schools. If the representatives do not provide the affirmation within a reasonable period of time, the AEA must forward the documentation of the consultation process to the department.

41.136(1) General. A private school official has the right to submit a complaint to the department that the AEA:

a. Did not engage in consultation that was meaningful and timely; or

b. Did not give due consideration to the views of the private school official.

41.136(2) Procedure.
a. If the private school official wishes to submit a complaint, the official must provide to the department the basis of the noncompliance by the AEA with the applicable private school provisions in this chapter; and

b. The AEA must forward the appropriate documentation to the department.

c. If the private school official is dissatisfied with the decision of the department, the official may submit a complaint to the Secretary by providing the information on noncompliance described in 41.136(2)“a.” The department must forward the appropriate documentation to the Secretary.

41.137(1) Nature and scope of individual right to special education and related services. Each parentally placed private school child with a disability has a right to receive any special education or related services required by the AEA with the applicable private school provisions in this chapter, and 40.128(256,256B,34CFR300) to 41.144(256,256B,34CFR300) must be made in accordance with the provisions of Part B of the Act. The AEA must make the final decisions with respect to the services to be provided to eligible parentally placed private school children with disabilities and funded by Part B of the Act.

41.137(3) IEP for parentally placed private school children with disabilities. The AEA or LEA must offer to develop an IEP for each child with a disability who is enrolled in a religious or other private school by the child’s parents and develop an IEP if one is requested, pursuant to this chapter. An IEP is offered and prepared pursuant to Iowa Code section 256.12. There is no need to prepare a services plan (see rule 41.137(34CFR300)) for such a student. A parent of a child with a disability who is voluntarily enrolled in a private school may reject an IEP and demand a services plan instead. At any IEP team meeting for a parentally placed private school student with a disability, the AEA or LEA must ensure that a representative of the private school attends each meeting. If the representative cannot attend, the AEA or LEA shall use other methods to ensure participation by the private school, including individual or conference telephone calls.

281—41.138(256,256B,34CFR300) Equitable services provided.

41.138(1) General. The services provided to parentally placed private school children with disabilities must be provided by personnel meeting the same standards as personnel providing services in the public schools, except that private elementary school and secondary school teachers who are providing equitable services to parentally placed private school children with disabilities do not have to meet the special education teacher requirements of rule 41.156(256B,34CFR300). Parentally placed private school children with disabilities receive the special education and related services required by Iowa Code section 256.12, although the source of the funding for such education and services may be different than funding for education and services for children with disabilities in public schools.

41.138(2) Services provided in accordance with an IEP. Each parentally placed private school child with a disability who will receive special education and related services pursuant to the Act and Iowa Code section 256.12 must have an IEP developed in accordance with this chapter.

41.138(3) Provision of equitable services. The provision of services pursuant to this rule and rules 41.139(256,256B,34CFR300) to 41.143(256,256B,34CFR300) must be provided by employees of a public agency or through contract by the public agency with an individual, association, agency, organization, or other entity.

41.138(4) Secular, neutral and nonideological. Special education and related services, including materials and equipment, provided to parentally placed private school children with disabilities, including children attending religious schools, must be secular, neutral, and nonideological.

281—41.139(256,256B,34CFR300) Location of services and transportation.

41.139(1) Services on private school premises. Services to parentally placed private school children with disabilities may be provided on the premises of private, including religious, schools to the extent consistent with Iowa Code section 256.12.

41.139(2) Transportation.
   a. General.
      (1) If necessary for the child to benefit from or participate in the services provided under this chapter, a parentally placed private school child with a disability must be provided transportation from the child’s school or the child’s home to a site other than the private school and from the service site to the private school or to the child’s home, depending on the timing of the services.
      (2) AEAs or LEAs are not required to provide transportation from the child’s home to the private school.
   b. Cost of transportation. The cost of the transportation described in 41.139(2)"a"(1) may be included in calculating whether the AEA has met the requirement of rule 281—41.133(256,256B,34CFR300).

281—41.140(256,256B,34CFR300) Due process complaints and state complaints.

41.140(1) When due process complaints available. Pursuant to Iowa Code section 256.12, parents of children with disabilities who are voluntarily placed in accredited nonpublic schools may file a due process complaint as provided in rules 281—41.504(256B,34CFR300) to 281—41.519(256B,34CFR300), except as provided in subrule 41.140(2).

41.140(2) When due process complaints unavailable. The procedures in rules 281—41.504(256B,34CFR300) to 281—41.519(256B,34CFR300) may not be used to challenge the particular amount of services funded by Part B that a parentally placed private school child with disabilities receives, unless the allegation is made that the child was denied FAPE under Iowa Code section 256.12, but a parent of a child with a disability may file a due process complaint alleging the AEA failed to comply with the child find requirements of rule 281—41.131(256,256B,34CFR300). A private school official may not file a due process complaint under this chapter.

41.140(3) State complaints. Any complaint that an SEA or AEA has failed to meet the requirements in rules 281—41.132(256,256B,34CFR300) to 281—41.135(256,256B,34CFR300) and 281—41.137(256,256B,34CFR300) to 281—41.144(256,256B,34CFR300) must be filed in accordance with the procedures described in rules 281—41.151(256B,34CFR300) to 281—41.153(256B,34CFR300). A complaint filed by a private school official under subrule 41.136(1) must be filed with the SEA in accordance with the procedures in subrule 41.136(2).

281—41.141(256,256B,34CFR300) Requirement that funds not benefit a private school.

41.141(1) Funds may not benefit private school. An AEA may not use funds provided under Section 611 or 619 of the Act to finance the existing level of instruction in a private school or to otherwise benefit the private school.

41.141(2) Funds only for special education. The AEA must use funds provided under Part B of the Act to meet the special education and related services needs of parentally placed private school children with disabilities, but not for meeting either of the following needs:
   a. The needs of a private school; or
   b. The general needs of the students enrolled in the private school.

281—41.142(256,256B,34CFR300) Use of personnel.

41.142(1) Use of public school personnel. An AEA may use funds available under Sections 611 and 619 of the Act to make public school personnel available in other than public facilities based on the following two criteria:
   a. If and to the extent necessary to provide services under rules 281—41.130(256,256B,34CFR300) to 281—41.144(256,256B,34CFR300) for parentally placed private school children with disabilities; and
b. If those services are not normally provided by the private school.

41.142(2) Use of private school personnel. An AEA may use funds available under Sections 611 and 619 of the Act to pay for the services of an employee of a private school to provide services under rules 281—41.130(256,256B,34CFR300) to 281—41.144(256,256B,34CFR300) if the following two conditions are met:
   a. The employee performs the services outside of the employee’s regular hours of duty; and
   b. The employee performs the services under public supervision and control.

281—41.143(256,256B,34CFR300) Separate classes prohibited. An AEA may not use funds available under Section 611 or 619 of the Act for classes that are organized separately on the basis of school enrollment or religion of the children if the classes are at the same site; and the classes include both children enrolled in public schools and children enrolled in private schools.

281—41.144(256,256B,34CFR300) Property, equipment, and supplies.
   41.144(1) General. A public agency must control and administer the funds used to provide special education and related services under rules 281—41.137(256,256B,34CFR300) to 281—41.139(256,256B,34CFR300) and hold title to and administer materials, equipment, and property purchased with those funds for the uses and purposes provided in the Act.
   41.144(2) Equipment and supplies on private school premises only while needed. The public agency may place equipment and supplies in a private school for the period of time needed for the Part B program.
   41.144(3) Public agency to supervise placement and use of equipment and supplies. The public agency must ensure that the equipment and supplies placed in a private school are used only for Part B purposes and can be removed from the private school without remodeling the private school facility.
   41.144(4) Duty to remove equipment and supplies. The public agency must remove equipment and supplies from a private school if the equipment and supplies are no longer needed for Part B purposes or removal is necessary to avoid unauthorized use of the equipment and supplies for other than Part B purposes.
   41.144(5) No Part B funds for repair or construction. No funds under Part B of the Act may be used for repairs, minor remodeling, or construction of private school facilities.

281—41.145(256B,34CFR300) Applicability of rules 281—41.146(256B,34CFR300) to 281—41.147(256B,34CFR300). Rules 281—41.146(256B,34CFR300) and 281—41.147(256B,34CFR300) apply only to children with disabilities who are or have been placed in or referred to a private school or facility by a public agency as a means of providing special education and related services.

281—41.146(256B,34CFR300) Responsibility of department. The department must ensure the following for each child with a disability who is placed in or referred to a private school or facility by a public agency.
   41.146(1) FAPE. The child is provided special education and related services in conformance with an IEP that meets the requirements of rules 281—41.320(256B,34CFR300) to 281—41.325(256B,34CFR300) and at no cost to the parents.
   41.146(2) Meet state standards. The child is provided an education that meets the standards that apply to education provided by the SEA and LEAs, including the requirements of this chapter except for subrule 41.156(3).
   41.146(3) All rights. The child has all of the rights of a child with a disability who is served by a public agency.

[ARC 3387C, IAB 10/11/17, effective 11/15/17]

281—41.147(256B,34CFR300) Implementation by department. In implementing rule 281—41.146(256B,34CFR300), the department must monitor compliance through procedures such as written reports, on-site visits, and parent questionnaires; disseminate copies of applicable standards to each private school and facility to which a public agency has referred or placed a child with a disability; and
provide an opportunity for those private schools and facilities to participate in the development and revision of state standards that apply to them.

281—41.148(256B,34CFR300) Placement of children by parents when FAPE is at issue.  
41.148(1) General. An LEA or AEA is not required to pay for the cost of education, including special education and related services, of a child with a disability at a private school or facility if that agency made FAPE available to the child and the parents elected to place the child in a private school or facility. However, the public agency must include that child in the population whose needs are addressed consistent with rules 281—41.131(256,256B,34CFR300) to 281—41.144(256,256B,34CFR300) and Iowa Code section 256.12.

41.148(2) Disagreements about FAPE. Disagreements between the parents and a public agency regarding the availability of a program appropriate for the child, and the question of financial reimbursement, are subject to the due process procedures in rules 281—41.504(256B,34CFR300) to 281—41.520(256B,34CFR300).

41.148(3) Reimbursement for private school placement. If the parents of a child with a disability who previously received special education and related services under the authority of a public agency enroll the child in a private preschool, elementary school, or secondary school without the consent of or referral by the public agency, a court or an administrative law judge may require the agency to reimburse the parents for the cost of that enrollment if the court or administrative law judge finds that the agency had not made FAPE available to the child in a timely manner prior to that enrollment and that the private placement is appropriate. A parental placement may be found to be appropriate by an administrative law judge or a court even if it does not meet the state standards that apply to education provided by the SEA and LEAs.

41.148(4) Limitation on reimbursement. The cost of reimbursement described in subrule 41.148(3) may be reduced or denied in any of the following cases.

a. At the most recent IEP team meeting that the parents attended prior to removal of the child from the public school, the parents did not inform the IEP team that they were rejecting the placement proposed by the public agency to provide FAPE to their child, including stating their concerns and their intent to enroll their child in a private school at public expense;

b. At least ten business days, including any holidays that occur on a business day, prior to the removal of the child from the public school, the parents did not give written notice to the public agency of the information described in 41.148(4)“a”;

c. If, prior to the parents’ removal of the child from the public school, the public agency informed the parents, through the notice requirements described in 41.503(1)“a,” of its intent to evaluate the child, including a statement of the purpose of the evaluation that was appropriate and reasonable, but the parents did not make the child available for the evaluation; or

d. Upon a judicial finding of unreasonableness with respect to actions taken by the parents.

41.148(5) Exceptions. Notwithstanding the notice requirement in 41.148(4)“a” and “b,” the cost of reimbursement:

a. Must not be reduced or denied for failure to provide the notice if:

(1) The school prevented the parents from providing the notice;

(2) The parents had not received notice, pursuant to rule 281—41.504(256B,34CFR300), of the notification requirement in 41.148(4)“a” and “b”;

(3) Compliance with 41.148(4)“a” and “b” would likely result in physical harm to the child; and

b. May, in the discretion of the court or an administrative law judge, not be reduced or denied for failure to provide this notice if:

(1) The parents are not literate or cannot write in English; or

(2) Compliance with 41.148(4)“a” and “b” would likely result in serious emotional harm to the child.

281—41.149(256B,34CFR300) SEA responsibility for general supervision. The state shall exercise general supervision over the implementation of Part B of the Act and this chapter. Part B of the Act does
not limit the responsibility of agencies other than educational agencies for providing or paying for some or all of the costs of FAPE to eligible individuals.

281—41.150  Reserved.

281—41.151(256B,34CFR300) Adoption of state complaint procedures.

41.151(1) General. The state maintains written procedures for the following:

a. Resolving any complaint, including a complaint filed by an organization or individual from another state, that meets the requirements of rule 281—41.153(256B,34CFR300) by providing for the filing of a complaint with the department.

b. Widely disseminating to parents and other interested individuals, including parent training and information centers, protection and advocacy agencies, independent living centers, and other appropriate entities, the state procedures under rules 281—41.151(256B,34CFR300) to 281—41.153(256B,34CFR300).

41.151(2) Remedies for denial of appropriate services. In resolving a complaint in which the state has found a failure to provide appropriate services, the state, pursuant to its general supervisory authority under Part B of the Act, shall address the following:

a. The failure to provide appropriate services, including corrective action appropriate to address the needs of the child, such as compensatory services or monetary reimbursement; and

b. Appropriate future provision of services for all children with disabilities.

41.152(1) Time limit; minimum procedures. The state shall include in its complaint procedures a time limit of 60 days after a complaint is filed under rule 281—41.153(256B,34CFR300) to do the following:

a. Carry out an independent on-site investigation, if the state determines that an investigation is necessary;

b. Give the complainant the opportunity to submit additional information, either orally or in writing, about the allegations in the complaint;

c. Provide the public agency with the opportunity to respond to the complaint, including, at a minimum:

(1) At the discretion of the public agency, a proposal to resolve the complaint; and

(2) An opportunity for a parent who has filed a complaint and the public agency to voluntarily engage in mediation consistent with rules 281—41.506(256B,34CFR300) and 281—41.1002(256B,34CFR300);

d. Review all relevant information and make an independent determination as to whether the public agency is violating a requirement of Part B of the Act or of this chapter; and

e. Issue a written decision to the complainant that addresses each allegation in the complaint and contains:

(1) Findings of fact and conclusions; and

(2) The reasons for the state’s final decision.

41.152(2) Time extension; final decision; implementation. The state’s procedures described in subrule 41.152(1) shall do the following:

a. Permit an extension of the time limit under subrule 41.152(1) only if:

(1) Exceptional circumstances exist with respect to a particular complaint; or

(2) The parent or individual or organization and the public agency involved agree to extend the time to engage in mediation pursuant to 41.152(1)“c”(2), or to engage in other alternative means of dispute resolution, if available in the state; and

b. Include procedures for effective implementation of the state’s final decision, if needed, including:

(1) Technical assistance activities;

(2) Negotiations; and
(3) Corrective actions to achieve compliance.

41.152(3) Complaints filed under this rule and due process hearings. If a written complaint is received that is also the subject of a due process hearing under rule 281—41.507(256B,34CFR300) or 281—41.530(256B,34CFR300) to 281—41.532(256B,34CFR300), or that contains multiple issues of which one or more are part of that hearing, the state must set aside any part of the complaint that is being addressed in the due process hearing until the conclusion of the hearing. However, any issue in the complaint that is not a part of the due process action must be resolved using the time limit and procedures described in subrules 41.152(1) and 41.152(2). If an issue raised in a complaint filed under this rule has previously been decided in a due process hearing involving the same parties, the due process hearing decision is binding on that issue and the state must inform the complainant to that effect. A complaint alleging a public agency’s failure to implement a due process hearing decision must be resolved by the state.

41.153(1) Complainant. An organization or individual may file a signed written complaint under the procedures described in rules 281—41.151(256B,34CFR300) and 281—41.152(256B,34CFR300).

41.153(2) Contents of complaint. The complaint must include the following:

a. A statement that a public agency has violated a requirement of Part B of the Act or of this chapter;

b. The facts on which the statement is based;

c. The signature and contact information for the complainant; and

d. If alleging violations with respect to a specific child:

(1) The name and address of the residence of the child;

(2) The name of the school the child is attending;

(3) In the case of a homeless child or youth within the meaning of Section 725(2) of the McKinney-Vento Homeless Assistance Act, 42 U.S.C. 11434a(2), available contact information for the child, and the name of the school the child is attending;

(4) A description of the nature of the problem of the child, including facts relating to the problem; and

(5) A proposed resolution of the problem to the extent known and available to the party at the time the complaint is filed.

41.153(3) Time limit. The complaint must allege a violation that occurred not more than one year prior to the date that the complaint is received in accordance with rule 281—41.151(256B,34CFR300).

41.153(4) Complainant must provide copy of complaint to AEA and LEA. The party filing the complaint must forward a copy of the complaint to the AEA and LEA or public agency serving the child at the same time the party files the complaint with the state.

41.153(5) Failure to comply with due process hearing decision, mediation agreement, resolution meeting agreement. A complainant may allege a public agency has failed to comply with a due process hearing decision, or a mediation agreement, or a resolution meeting agreement. If the complaint is substantiated, the state will grant appropriate relief.

281—41.154(256B,34CFR300) Methods of ensuring services.

41.154(1) Interagency agreements. An interagency agreement or other mechanism for interagency coordination shall be developed between each noneducational public agency described in subrule 41.154(2) and the SEA, in order to ensure that all services described in 41.154(2)“a” that are needed to ensure FAPE are provided, including the provision of these services during the pendency of any dispute under paragraph “c” of this subrule. The agreement or mechanism must include the following:

a. An identification of, or a method for defining, the financial responsibility of each agency for providing services described in 41.154(2)“a” to ensure FAPE to children with disabilities. The financial responsibility of each noneducational public agency described in subrule 41.154(2), including the state Medicaid agency and other public insurers of children with disabilities, must precede the financial responsibility of the LEA (or the state agency responsible for developing the child’s IEP).
b. The conditions, terms, and procedures under which an LEA must be reimbursed by other agencies.

c. Procedures for resolving interagency disputes, including procedures under which LEAs may initiate proceedings, under the agreement or other mechanism to secure reimbursement from other agencies or otherwise implement the provisions of the agreement or mechanism.

d. Policies and procedures for agencies to determine and identify the interagency coordination responsibilities of each agency to promote the coordination and timely and appropriate delivery of services described in 41.154(2)“a.”

41.154(2) Obligation of noneducational public agencies.

a. General rule.

(1) If any public agency other than an educational agency is otherwise obligated under federal or state law, or assigned responsibility under state policy or pursuant to subrule 41.154(1), to provide or pay for any services that are also considered special education or related services (such as, but not limited to, services described in rule 281—41.5(256B,34CFR300) relating to assistive technology devices, rule 281—41.6(256B,34CFR300) relating to assistive technology services, rule 281—41.34(256B,34CFR300) relating to related services, rule 281—41.42(256B,34CFR300) relating to supplementary aids and services, and rule 281—41.43(256B,34CFR300) relating to transition services) that are necessary for ensuring FAPE to children with disabilities within the state, the public agency must fulfill that obligation or responsibility, either directly or through contract or other arrangement pursuant to subrule 41.154(1) or an agreement pursuant to subrule 41.154(3).

(2) A noneducational public agency described in 41.154(2)“a”(1) may not disqualify an eligible service for Medicaid reimbursement because that service is provided in a school context.

b. Failure to comply with general rule. If a public agency other than an educational agency fails to provide or pay for the special education and related services described in 41.154(2)“a,” the LEA (or state agency responsible for developing the child’s IEP) must provide or pay for these services to the child in a timely manner. The LEA or state agency is authorized to claim reimbursement for the services from the noneducational public agency that failed to provide or pay for these services, and that agency must reimburse the LEA or state agency in accordance with the terms of the interagency agreement or other mechanism described in subrule 41.154(1).

41.154(3) Special rule. The requirements of subrule 41.154(1) may be met through the following:

a. State statute or regulation;

b. Signed agreements between respective agency officials that clearly identify the responsibilities of each agency relating to the provision of services; or

c. Other appropriate written methods as determined by the chief executive officer of the state or designee of that officer and approved by the Secretary.

41.154(4) Children with disabilities who are covered by public benefits or insurance.

a. General. A public agency may use the Medicaid or other public benefits or insurance programs in which a child participates to provide or pay for services required under this chapter, as permitted under the public benefits or insurance program, except as provided in 41.154(4)“b” through “d.”

b. Exceptions to ability to use public benefits or insurance. With regard to services required to provide FAPE to an eligible child under this chapter, the public agency:

(1) May not require parents to sign up for or enroll in public benefits or insurance programs in order for their child to receive FAPE under Part B of the Act;

(2) May not require parents to incur an out-of-pocket expense such as the payment of a deductible or copay amount incurred in filing a claim for services provided pursuant to this chapter but, pursuant to 41.154(6)“b,” may pay the cost that the parents otherwise would be required to pay; and

(3) May not use a child’s benefits under a public benefits or insurance program if that use would do any of the following:

1. Decrease available lifetime coverage or any other insured benefit;

2. Result in the family’s paying for services that would otherwise be covered by the public benefits or insurance program and that are required for the child outside of the time the child is in school;

3. Increase premiums or lead to the discontinuation of benefits or insurance; or
4. Risk loss of eligibility for home- and community-based waivers, based on aggregate health-related expenditures.

c. Consent requirements. Prior to accessing a child’s or parent’s public benefits or insurance for the first time, and after providing notification to the child’s parents consistent with 41.154(4) “d,” the public agency must obtain written parental consent that:

(1) Meets the requirements of 34 CFR Section 99.30 and rule 281—41.622(256B.34CFR300), which consent must specify the personally identifiable information that may be disclosed (e.g., records or information about the services that may be provided to a particular child), the purpose of the disclosure (e.g., billing for services under this chapter), and the agency to which the disclosure may be made (e.g., the state’s public benefits or insurance program (e.g., Medicaid)); and

(2) Specifies that the parent understands and agrees that the public agency may access the parent’s or child’s public benefits or insurance to pay for services under this chapter.

d. Notification requirements. Prior to accessing a child’s or parent’s public benefits or insurance for the first time, and annually thereafter, the public agency must provide written notification, consistent with 41.503(3), to the child’s parents, that includes:

(1) A statement of the parental consent provisions in paragraph 41.154(4) “c”;

(2) A statement of the “no cost” provisions in 41.154(4) “b”; and

(3) A statement that the parents have the right under 34 CFR Part 99 and this chapter to withdraw their consent to disclosure of their child’s personally identifiable information to the agency responsible for the administration of the state’s public benefits or insurance program (e.g., Medicaid) at any time; and

(4) A statement that the withdrawal of consent or refusal to provide consent under 34 CFR Part 99 and this chapter to disclose personally identifiable information to the agency responsible for the administration of the state’s public benefits or insurance program (e.g., Medicaid) does not relieve the public agency of its responsibility to ensure that all required services are provided at no cost to the parents.

41.154(5) Children with disabilities who are covered by private insurance.

a. General. With regard to services required to provide FAPE to an eligible child under this chapter, a public agency may access the parents’ private insurance proceeds only if the parents provide consent consistent with rule 281—41.9(256B.34CFR300).

b. Obtaining access to private insurance proceeds. Each time the public agency proposes to access the parents’ private insurance proceeds, the agency must:

(1) Obtain parental consent in accordance with 41.154(5) “a”; and

(2) Inform the parents that their refusal to permit the public agency to access their private insurance does not relieve the public agency of its responsibility to ensure that all required services are provided at no cost to the parents.

41.154(6) Use of Part B funds.

a. Agency unable to obtain consent. If a public agency is unable to obtain parental consent to use the parents’ private insurance, or public benefits or insurance when the parents would incur a cost for a specified service required under this chapter, to ensure FAPE, the public agency may use its Part B funds to pay for the service.

b. Use of Part B funds to avoid cost to parents. To avoid financial cost to parents who otherwise would consent to use private insurance, or public benefits or insurance if the parents would incur a cost, the public agency may use its Part B funds to pay the cost that the parents otherwise would have to pay to use the parents’ benefits or insurance (e.g., the deductible or copay amounts).

41.154(7) Proceeds from public benefits or insurance or private insurance. Proceeds from public benefits or insurance or private insurance will not be treated as program income for purposes of 34 CFR 80.25. If a public agency spends reimbursements from federal funds (e.g., Medicaid) for services under this chapter, those funds will not be considered state or local funds for purposes of the maintenance of effort provisions in rules 281—41.163(256B.34CFR300) and 281—41.203(256B.34CFR300).

41.154(8) Rule of construction. Nothing in this chapter should be construed to alter the requirements imposed on a state Medicaid agency, or any other agency administering a public benefits or insurance
program by federal statute, regulations or policy under Title XIX or Title XXI of the Social Security Act, 42 U.S.C. 1396 through 1396v and 42 U.S.C. 1397aa through 1397jj, or any other public benefits or insurance program.

281—41.155(256B,34CFR300) Hearings relating to AEA or LEA eligibility. The department shall not make any final determination that an AEA or LEA is not eligible for assistance under Part B of the Act without first giving the AEA or LEA reasonable notice and an opportunity for a hearing under 34 CFR 76.401(d).

41.156(1) General. The SEA must establish and maintain qualifications to ensure that personnel necessary to carry out the purposes of Part B of the Act and of this chapter are appropriately and adequately prepared, trained, and licensed, including ensuring that those personnel have the content knowledge and skills to serve children with disabilities.

41.156(2) Related services personnel and paraprofessionals. The qualifications under subrule 41.156(1) must include qualifications for related services personnel and paraprofessionals that:

a. Are consistent with any state-approved or state-recognized certification, licensing, registration, or other comparable requirements that apply to the professional discipline in which those personnel are providing special education or related services; and

b. Ensure that related services personnel who deliver services in their discipline or profession:

(1) Meet the requirements of 41.156(2) “a”; and

(2) Have not had certification or licensure requirements waived on an emergency, temporary, or provisional basis; and

(3) Allow paraprofessionals and assistants who are appropriately trained and supervised, in accordance with state law, regulation, or written policy, in meeting the requirements of this chapter to be used to assist in the provision of special education and related services under this chapter to children with disabilities.

41.156(3) Qualifications for special education teachers. The qualifications described in subrule 41.156(1) must ensure that each person employed as a public school special education teacher in the state who teaches in an elementary school, middle school, or secondary school meets the following standards:

a. The teacher has obtained full state certification as a special education teacher, including certification obtained through alternative routes to certification, or has passed the state special education teacher licensing examination and holds a license to teach in the state as a special education teacher, except that a teacher teaching in a public charter school must meet the certification or licensing requirements, if any, set forth in the state’s public charter school law;

b. The teacher has not had special education certification or licensure requirements waived on an emergency, temporary, or provisional basis; and

c. The teacher holds at least a bachelor’s degree.

41.156(4) Policy. In implementing this rule, the state must adopt a policy that includes a requirement that AEs and LEAs in the state take measurable steps to recruit, hire, train, and retain personnel described in this rule to provide special education and related services under Part B of the Act and this chapter to children with disabilities.

41.156(5) Rule of construction. Notwithstanding any other individual right of action that a parent or student may maintain under this chapter, nothing in this chapter shall be construed to create a right of action on behalf of an individual student or a class of students for the failure of a particular SEA, AEA, or LEA employee to meet the requirements of this rule, or to prevent a parent from filing a complaint about staff qualifications with the SEA as provided for under this chapter.

41.156(6) Positive efforts to employ and advance qualified individuals with disabilities. Each recipient of assistance under Part B of the Act must make positive efforts to employ, and advance in employment, qualified individuals with disabilities in programs assisted under Part B of the Act.
41.156(7) Additional rules of construction.
   a. A special educator teaching in one or more core academic subjects must be appropriately
      licensed in each core academic subject or must collaborate with an appropriately licensed teacher.
   b. A teacher will be considered to meet the standard in subrule 41.156(3) if that teacher is
      participating in an alternative route to special education certification program as follows:
      (1) The teacher meets the following requirements:
          1. Before and while teaching, receives high-quality professional development that is sustained,
             intensive, and classroom-focused in order to have a positive and lasting impact on classroom instruction;
          2. Participates in a program of intensive supervision that consists of structured guidance and
             regular ongoing support for teachers or in a teacher mentoring program;
          3. Assumes functions as a teacher only for a specified period of time not to exceed three years; and
          4. Demonstrates satisfactory progress toward full certification as prescribed by the state; and
      (2) The state ensures, through its certification and licensure process, that the provisions in
          subparagraph 41.156(7)“b”(1) are met.

281—41.157 to 41.159 Reserved.

   41.160(1) General. The state must ensure that all children with disabilities are included in all
   general state and districtwide assessment programs, including assessments described under Section 1111
   of the ESEA, 20 U.S.C. Section 6311, with appropriate accommodations and alternate assessments, if
   necessary, as indicated in their respective IEPs.
   41.160(2) Accommodation guidelines.
      a. The state (or, in the case of a districtwide assessment, an LEA) must develop guidelines for the
         provision of appropriate accommodations.
      b. The state’s (or, in the case of a districtwide assessment, the LEA’s) guidelines must:
         (1) Identify only those accommodations for each assessment that do not invalidate the score; and
         (2) Instruct IEP teams to select, for each assessment, only those accommodations that do not
             invalidate the score.
   41.160(3) Alternate assessments.
      a. The state (or, in the case of a districtwide assessment, an LEA) must develop and
         implement alternate assessments and guidelines for the participation of children with disabilities in
         alternate assessments for those children who cannot participate in regular assessments, even with
         accommodations, as indicated in their respective IEPs, as provided in subrule 41.160(1).
      b. For assessing the academic progress of students with disabilities under Title I of the ESEA, the
         alternate assessments and guidelines in paragraph 41.160(3)“a” must provide for alternate assessments
         that:
            (1) Are aligned with the state’s challenging academic content standards and challenging student
                academic achievement standards;
            (2) If the state has adopted alternate academic achievement standards permitted in 34 CFR
                200.1(d), measure the achievement of children with the most significant cognitive disabilities against
                those standards; and
            (3) Except as provided in subparagraph 41.160(3)“b”(2), a state’s alternate assessments, if any,
                must measure the achievement of children with disabilities against the state’s grade-level academic
                achievement standards, consistent with 34 CFR 200.6(a)(2)(ii)(A).
      c. Consistent with 34 CFR 200.1(e), a state may not adopt modified academic achievement
         standards for any students with disabilities under Section 602(3) of the Act.
   41.160(4) Explanation to IEP teams. The state (or, in the case of a districtwide assessment, an
   LEA) must provide IEP teams with a clear explanation of the differences between assessments based
   on grade-level academic achievement standards and those based on alternate academic achievement
standards, including any effects of state or local policies on the student’s education resulting from taking an alternate assessment based on alternate academic achievement standards (such as whether only satisfactory performance on a regular assessment would qualify a student for a regular high school diploma).

41.160(5) Inform parents. The state (or, in the case of a districtwide assessment, an LEA) must ensure that parents of students selected to be assessed based on alternate academic achievement standards are informed that their child’s achievement will be measured based on alternate academic achievement standards.

41.160(6) Reports. The state (or, in the case of a districtwide assessment, an LEA) must make available to the public, and report to the public with the same frequency and in the same detail as it reports on the assessment of nondisabled children, the following:

a. The number of children with disabilities participating in regular assessments, and the number of those children who were provided accommodations (that did not result in an invalid score) in order to participate in those assessments.

b. The number of children with disabilities, if any, participating in alternate assessments based on grade-level academic achievement standards.

c. The number of children with disabilities, if any, participating in alternate assessments based on modified academic achievement standards in school years prior to 2015-2016.

d. The number of children with disabilities, if any, participating in alternate assessments based on alternate academic achievement standards.

e. Compared with the achievement of all children, including children with disabilities, the performance results of children with disabilities on regular assessments, alternate assessments based on grade-level academic achievement standards, alternate assessments based on modified academic achievement standards (prior to 2015-2016), and alternate assessments based on alternate academic achievement standards if:

(1) The number of children participating in those assessments is sufficient to yield statistically reliable information; and

(2) Reporting that information will not reveal personally identifiable information about an individual student on those assessments.

41.160(7) Universal design. The state (or, in the case of a districtwide assessment, an LEA) must, to the extent possible, use universal design principles in developing and administering any assessments under this rule.

[ARC 3766C, IAB 4/25/18, effective 5/30/18]

281—41.161 Reserved.

281—41.162(256B,34CFR300) Supplementation of state, local, and other federal funds.

41.162(1) Expenditures. Funds paid to a state under this chapter must be expended in accordance with all the provisions of this chapter.

41.162(2) Prohibition against commingling.

a. Funds paid to a state under this chapter must not be commingled with state funds.

b. The requirement in 41.162(2)”a” is satisfied by the use of a separate accounting system that includes an audit trail of the expenditure of funds paid to a state under this chapter. Separate bank accounts are not required. (See 34 CFR 76.702, fiscal control and fund accounting procedures.)

41.162(3) State-level nonsupplanting.

a. Except as provided in rule 281—41.203(256B,34CFR300), funds paid to a state under Part B of the Act must be used to supplement the level of federal, state, and local funds, including funds that are not under the direct control of the SEA or LEAs, expended for special education and related services provided to children with disabilities under Part B of the Act, and in no case to supplant those federal, state, and local funds.
b. If the state provides clear and convincing evidence that all children with disabilities have available to them FAPE, the Secretary may waive, in whole or in part, the requirements of 41.162(3) “a” if the Secretary concurs with the evidence provided by the state under 34 CFR Section 300.164.

281—41.163(256B,34CFR300) Maintenance of state financial support. The state must not reduce the amount of state financial support for special education and related services for children with disabilities, or otherwise made available because of the excess costs of educating those children, below the amount of that support for the preceding fiscal year.

281—41.164 Reserved.

41.165(1) General. Prior to the adoption of any policies and procedures needed to comply with Part B of the Act, including any amendments to those policies and procedures, the state must ensure that there are public hearings, adequate notice of the hearings, and an opportunity for comment available to the general public, including individuals with disabilities and parents of children with disabilities.

41.165(2) State plan. Before submitting a state plan under this chapter, the state must comply with the public participation requirements in subrule 41.165(1) and those in 20 U.S.C. 1232d(b)(7).

281—41.166(256B,34CFR300) Rule of construction. In complying with rules 281—41.162(256B,34CFR300) and 281—41.163(256B,34CFR300), the state may not use funds paid to it under this chapter to satisfy state-mandated funding obligations to LEAs, including funding based on student attendance or enrollment, or inflation.

281—41.167(256B,34CFR300) State advisory panel. An advisory panel is established and maintained for the purpose of providing policy guidance with respect to special education and related services for children with disabilities in the state.

41.168(1) General. The advisory panel must consist of members appointed by the director of education, be representative of the state population and be composed of individuals involved in or concerned with the education of children with disabilities, including:

a. Parents of children with disabilities aged birth to 26;

b. Individuals with disabilities;

c. Teachers;

d. Representatives of institutions of higher education that prepare special education and related services personnel;

e. State and local education officials, including officials who carry out activities under Subtitle B of Title VII of the McKinney-Vento Homeless Assistance Act, 42 U.S.C. 11431 et seq.;

f. Administrators of programs for children with disabilities;

g. Representatives of other state agencies involved in the financing or delivery of related services to children with disabilities;

h. Representatives of private schools and public charter schools;

i. At least one representative of a vocational, community, or business organization concerned with the provision of transition services to children with disabilities;

j. A representative from the state child welfare agency responsible for foster care; and

k. Representatives from the state juvenile and adult corrections agencies.

41.168(2) Special rule. A majority of the members of the panel must be individuals with disabilities or parents of children with disabilities aged birth to 26.

281—41.169(256B,34CFR300) Advisory panel duties. The advisory panel must:

1. Advise the department of unmet needs within the state in the education of children with disabilities;
2. Comment publicly on any rules or regulations proposed by the state regarding the education of children with disabilities;
3. Advise the department in developing evaluations and reporting on data to the Secretary under Section 618 of the Act;
4. Advise the department in developing corrective action plans to address findings identified in federal monitoring reports under Part B of the Act;
5. Advise the department in developing and implementing policies relating to the coordination of services for children with disabilities; and
6. Advise the department on eligible individuals with disabilities in adult prisons.

   41.170(1) General. The department must examine data, including data disaggregated by race and ethnicity, to determine if significant discrepancies are occurring in the rate of long-term suspensions and expulsions of children with disabilities:
   a. Among LEAs in the state; or
   b. Compared to the rates for nondisabled children within an LEA.
   41.170(2) Review and revision of policies. If the discrepancies described in subrule 41.170(1) are occurring, the department must review and, if appropriate, revise (or require the affected state agency or LEA to revise) its policies, procedures, and practices relating to the development and implementation of IEPs, the use of positive behavioral interventions and supports, and procedural safeguards to ensure that these policies, procedures, and practices comply with the Act.

281—41.171 Reserved.

   41.172(1) General. The state:
   a. Adopts the National Instructional Materials Accessibility Standard (NIMAS) published in the Federal Register on July 19, 2006, (71 Fed. Reg. 41084) for the purposes of providing instructional materials to persons who are blind or visually impaired or other persons with print disabilities in a timely manner; and
   b. Establishes the following definition of “timely manner” for purposes of this chapter: Providing instructional materials in accessible formats to children with disabilities in a “timely manner” means delivering those accessible instructional materials at the same time as other children receive instructional materials.
   41.172(2) Public agencies. All public agencies must comply with rule 281—41.210(256B,34CFR300).
   41.172(3) Assistive technology. In carrying out this rule, the department, to the maximum extent possible, must work collaboratively with the state agency responsible for assistive technology programs.

281—41.173(256B,34CFR300) Overidentification and disproportionality. Each public agency shall implement policies and procedures developed by the department designed to prevent the inappropriate overidentification or disproportionate representation by race and ethnicity of children as children with disabilities, including children with disabilities with a particular impairment.

   41.174(1) General. No public agency personnel are permitted to require parents to obtain a prescription for substances identified under Schedule I, II, III, IV, or V in Section 202(c) of the Controlled Substances Act (21 U.S.C. 812(c)) for a child as a condition of attending school, receiving an evaluation or services under Part B or this chapter.
   41.174(2) Rule of construction. Nothing in subrule 41.174(1) shall be construed to create a federal prohibition against teachers and other school personnel consulting or sharing classroom-based observations with parents or guardians regarding a student’s academic and functional performance,
or behavior in the classroom or school, or regarding the need for evaluation for special education or related services under rule 281—41.111(256B,34CFR300) related to child find.

281—41.175 Reserved.

281—41.176(256B) Special school provisions.

41.176(1) Providers. Special schools for eligible individuals who require special education outside the general education environment may be maintained by individual LEAs, jointly by two or more LEAs, by the AEA, jointly by two or more AEsAs, by the state directly, or by approved private providers.

41.176(2) Department recognition. Department recognition of agencies providing special education and related services shall be of two types:

a. Recognition of nonpublic agencies and state-operated programs providing special education and related services in compliance with these rules.

b. Approval for nonpublic agencies to provide special education and related services and to receive special education funds for the special education and related services contracted for by an LEA or an AEA.

281—41.177(256B) Facilities.

41.177(1) Equivalent to general education. Each agency providing special education and related services shall supply facilities which shall be at least equivalent in quality to general education classrooms in the system, located in buildings housing regularly enrolled individuals of comparable ages, and readily accessible to individuals with disabilities.

41.177(2) Personnel space and assistance. Each agency providing special education shall ensure that special education personnel are provided adequate access to telephone service and clerical assistance and sufficient and appropriate work space regularly available for their use that is readily accessible to individuals with disabilities.

281—41.178(256B) Materials, equipment and assistive technology.

41.178(1) Provision for materials, equipment, and assistive technology. Each LEA shall make provision for special education and related services, facility modifications, assistive technology, necessary equipment and materials, including both durable items and expendable supplies; provided that, where an AEA, pursuant to appropriate arrangements authorized by the Iowa Code, furnishes special education and related services, performance by the AEA shall be accepted in lieu of performance by the LEA.

41.178(2) Acquire and maintain equipment. Each agency providing special education and related services shall have a comprehensive program in operation under which equipment for special education is acquired, inventoried, maintained, calibrated and replaced on a planned and regular basis.

281—41.179 to 41.185 Reserved.

281—41.186(256B,34CFR300) Assistance under other federal programs. Part B of the Act may not be construed to permit a state to reduce medical and other assistance available, or to alter eligibility, under Titles V and XIX of the Social Security Act with respect to the provision of FAPE to children with disabilities in the state.

281—41.187(256B) Research, innovation, and improvement.

41.187(1) Evaluation and improvement. Each agency, in conjunction with other agencies, the department, or both, shall implement activities designed to evaluate and improve special education. These activities shall document the individual performance resulting from the provision of special education.

41.187(2) Research. Each agency shall cooperate in research activities designed to evaluate and improve special education when such activities are sponsored by an LEA, an AEA or the department,
or another agency, when approved by the department, to assess and ensure the effectiveness of efforts to educate all children with disabilities.

41.187(3) Support and facilitation. State rules, regulations, and policies under Part B of the Act must support and facilitate AEA, LEA and school-level system improvement designed to enable children with disabilities to meet the challenging state student academic achievement standards.

281—41.188 to 41.199 Reserved.

DIVISION IV
LEA AND AEA ELIGIBILITY, IN GENERAL

281—41.200(256B,34CFR300) Condition of assistance. An AEA or an LEA is eligible for assistance under Part B of the Act for a fiscal year if the agency submits a plan that provides assurances to the state that the LEA meets each of the conditions in rules 281—41.201(256B,34CFR300) to 281—41.213(256B,34CFR300).

41.200(1) Required descriptions, policies and procedures. Each AEA shall submit to the department the policies and procedures identified in subrules 41.407(1) and 41.407(2) and other descriptions that may be required by the department for approval. Any modifications to an AEA’s descriptions, policies or procedures shall be submitted to the department for approval.

41.200(2) AEA application. Each AEA shall submit to the department, 45 calendar days prior to the start of the project year, an application for federal funds under Part B of the Act, implementing federal regulations, and this chapter. An AEA application shall receive department approval only when there is an approved AEA comprehensive plan as described in rule 281—72.9(273) on file at the department and the requirements of subrule 41.200(1) have been met. The application, on forms provided by the department, shall include the following:

a. General information.
b. Utilization of funds.
c. Assurances.

281—41.201(256B,34CFR300) Consistency with state policies. The AEA or LEA, in providing for the education of children with disabilities within its jurisdiction, must have in effect policies, procedures, and programs that are consistent with the state policies and procedures established under 281—41.101(256B,34CFR300) to 281—41.163(256B,34CFR300) and 281—41.165(256B,34CFR300) to 281—41.187(256B).

41.202(1) General. Amounts provided to the AEA or LEA under Part B of the Act must be:

a. Expended in accordance with the applicable provisions of Part B of the Act and this chapter;
b. Used only to pay the excess costs of providing special education and related services to children with disabilities, consistent with subrule 41.202(2); and
c. Used to supplement state, local, and other federal funds, and not to supplant those funds.

41.202(2) Excess cost requirement.

a. General.

(1) The excess cost requirement prevents an AEA or LEA from using funds provided under Part B of the Act to pay for all of the costs directly attributable to the education of a child with a disability, subject to 41.202(2) “a”(2).

(2) The excess cost requirement does not prevent an AEA or LEA from using Part B funds to pay for all of the costs directly attributable to the education of a child with a disability aged 3 to 5 or 18 to 20 if no local or state funds are available for nondisabled children of these ages. However, the AEA or LEA must comply with the nonsupplanting and other requirements of Part B of the Act and of this chapter in providing the education and services for these children.

b. Meeting excess cost requirement.
(1) An AEA or LEA meets the excess cost requirement if it has spent at least a minimum average amount for the education of its children with disabilities before funds under Part B of the Act are used.

(2) The amount described in 41.202(2) “b”(1) is determined in accordance with the definition of excess costs in rule 281—41.16(256B,34CFR300). That amount may not include capital outlay or debt service.

c. Joint establishment of eligibility: If two or more AEAs or LEAs jointly establish eligibility in accordance with rule 281—41.223(256B,34CFR300), the minimum average amount is the average of the combined minimum average amounts determined in accordance with the definition of excess costs in rule 281—41.16(256B,34CFR300) in those agencies for elementary or secondary school students, as the case may be.

41.203(1) Eligibility standard.

a. For purposes of establishing the LEA's eligibility for an award for a fiscal year, the SEA must determine that the LEA budgets, for the education of children with disabilities, at least the same amount, from at least one of the following sources, as the LEA spent for that purpose from the same source for the most recent fiscal year for which information is available:

(1) Local funds only;
(2) The combination of state and local funds;
(3) Local funds only on a per capita basis; or
(4) The combination of state and local funds on a per capita basis.

b. When determining the amount of funds that the LEA must budget to meet the requirement in paragraph 41.203(1)”a,” the LEA may take into consideration, to the extent the information is available, the exceptions and adjustment provided in rules 281—41.204(256B,34CFR300) and 281—41.205(256B,34CFR300) that the LEA:

(1) Took in the intervening year or years between the most recent fiscal year for which information is available and the fiscal year for which the LEA is budgeting; and
(2) Reasonably expects to take in the fiscal year for which the LEA is budgeting.

c. Expenditures made from funds provided by the federal government for which the SEA is required to account to the federal government or for which the LEA is required to account to the federal government directly or through the SEA may not be considered in determining whether an LEA meets the standard in paragraph 41.203(1)”a.”

41.203(2) Compliance standard.

a. Except as provided in rules 281—41.204(256B,34CFR300) and 281—41.205(256B,34CFR300), funds provided to an LEA under Part B of the Act must not be used to reduce the level of expenditures for the education of children with disabilities made by the LEA from local funds below the level of those expenditures for the preceding fiscal year.

b. An LEA meets this standard if it does not reduce the level of expenditures for the education of children with disabilities made by the LEA from at least one of the following sources below the level of those expenditures from the same source for the preceding fiscal year, except as provided in rules 281—41.204(256B,34CFR300) and 281—41.205(256B,34CFR300):

(1) Local funds only;
(2) The combination of state and local funds;
(3) Local funds only on a per capita basis; or
(4) The combination of state and local funds on a per capita basis.

c. Expenditures made from funds provided by the federal government for which the SEA is required to account to the federal government or for which the LEA is required to account to the federal government directly or through the SEA may not be considered in determining whether an LEA meets the standard in paragraphs 41.203(2)”a” and 41.203(2)”b.”

41.203(3) Subsequent years.

a. If, in the fiscal year beginning on July 1, 2013, or July 1, 2014, an LEA fails to meet the requirements of 34 CFR 300.203 and rule 281—41.203(256B,34CFR300) in effect at that time, the level
of expenditures required of the LEA for the fiscal year subsequent to the year of the failure is the amount that would have been required in the absence of that failure, not the LEA’s reduced level of expenditures.

b. If, in any fiscal year beginning on or after July 1, 2015, an LEA fails to meet the requirement of subparagraph 41.203(2) “b”(1) or 41.203(2) “b”(3) and the LEA is relying on local funds only, or local funds only on a per capita basis, to meet the requirements of subrule 41.203(1) or 41.203(2), the level of expenditures required of the LEA for the fiscal year subsequent to the year of the failure is the amount that would have been required under subparagraph 41.203(2) “b”(1) or 41.203(2) “b”(3) in the absence of that failure, not the LEA’s reduced level of expenditures.

c. If, in any fiscal year beginning on or after July 1, 2015, an LEA fails to meet the requirement of subparagraph 41.203(2) “b”(2) or 41.203(2) “b”(4) and the LEA is relying on the combination of state and local funds, or the combination of state and local funds on a per capita basis, to meet the requirements of subrule 41.203(1) or 41.203(2), the level of expenditures required of the LEA for the fiscal year subsequent to the year of the failure is the amount that would have been required under subparagraph 41.203(2) “b”(2) or 41.203(2) “b”(4) in the absence of that failure, not the LEA’s reduced level of expenditures.

41.203(4) Consequence of failure to maintain effort. If an LEA fails to maintain its level of expenditures for the education of children with disabilities in accordance with subrule 41.203(2), the SEA is liable in a recovery action under Section 452 of the General Education Provisions Act (20 U.S.C. 1234a) to return to the U.S. Department of Education, using nonfederal funds, an amount equal to the amount by which the LEA failed to maintain its level of expenditures in accordance with subrule 41.203(2) in that fiscal year, or the amount of the LEA’s Part B subgrant in that fiscal year, whichever is lower.

[ARC 3387C, IAB 10/11/17, effective 11/15/17]

281—41.204(256B,34CFR300) Exception to maintenance of effort. Notwithstanding the restriction in subrule 41.203(2), an AEA or LEA may reduce the level of expenditures by the AEA or LEA under Part B of the Act below the level of those expenditures for the preceding fiscal year if the reduction is attributable to any of the following:

41.204(1) Departure of personnel. The voluntary departure, by retirement or otherwise, or departure for just cause, of special education or related services personnel.

41.204(2) Decrease in enrollment. A decrease in the enrollment of children with disabilities.

41.204(3) Termination of obligation to provide an “exceptionally costly” program to a particular child. The termination of the obligation of the agency to provide a program of special education to a particular child with a disability that is an exceptionally costly program, as determined by the SEA, because the child:

a. Has left the jurisdiction of the agency;

b. Has reached the age at which the obligation of the agency to provide FAPE to the child has terminated; or

c. No longer needs the program of special education.

41.204(4) Termination of costly expenditures for long-term purchases. The termination of costly expenditures for long-term purchases, such as the acquisition of equipment.

41.204(5) High-cost fund. The assumption of cost by the high-cost fund operated by the state under this chapter.

[ARC 3387C, IAB 10/11/17, effective 11/15/17]

281—41.205(256B,34CFR300) Adjustment to local fiscal efforts in certain fiscal years.

41.205(1) Amounts in excess. Notwithstanding 41.202(1) “b,” 41.202(2), and 41.203(2), and except as provided in 41.205(4) and 34 CFR 300.230(e)(2), for any fiscal year for which the allocation received by an LEA under rule 281—41.705(256B,34CFR300) exceeds the amount the LEA received for the previous fiscal year, the LEA may reduce the level of expenditures otherwise required by subrule 41.203(2) by not more than 50 percent of the amount of that excess.

41.205(2) Use of amounts to carry out activities under ESEA. If an LEA exercises the authority under subrule 41.205(1), the LEA must use an amount of local funds equal to the reduction in
expenditures under subrule 41.205(1) to carry out activities that could be supported with funds under the ESEA regardless of whether the LEA is using funds under the ESEA for those activities.

41.205(3) State prohibition. Notwithstanding subrule 41.205(1), if the SEA determines that an LEA is unable to establish and maintain programs of FAPE that meet the requirements of Section 613(a) of the Act and of this chapter or the SEA has taken action against the LEA under Section 616 of the Act and rules 281—41.600(256B,34CFR300) to 281—41.609(256B,34CFR300), the SEA must prohibit the LEA from reducing the level of expenditures under subrule 41.205(1) for that fiscal year.

41.205(4) Special rule. The amount of funds expended by an LEA for early intervening services under rule 281—41.226(256B,34CFR300) shall count toward the maximum amount of expenditures that the LEA may reduce under subrule 41.205(1).

[ARC 3387C; IAB 10/11/17, effective 11/15/17]

281—41.206(256B,34CFR300) Schoolwide programs under Title I of the ESEA.

41.206(1) General. Notwithstanding the provisions of rules 281—41.202(256B,34CFR300) and 281—41.203(256B,34CFR300) or any other provision of Part B of the Act, an LEA may use funds received under Part B of the Act for any fiscal year to carry out a schoolwide program under Section 1114 of the ESEA, except that the amount used in any schoolwide program may not exceed the amount received by the LEA under Part B of the Act for that fiscal year; divided by the number of children with disabilities in the jurisdiction of the LEA; and multiplied by the number of children with disabilities participating in the schoolwide program.

41.206(2) Funding conditions. The funds described in subrule 41.206(1) are subject to the following conditions:

a. The funds must be considered as federal Part B funds for purposes of the calculations required by 41.202(1) “b” and “c.”

b. The funds may be used without regard to the requirements of 41.202(1) “d.”

41.206(3) Meeting other Part B requirements. Except as provided in subrule 41.206(2), all other requirements of Part B of the Act must be met by an LEA using Part B funds in accordance with subrule 41.206(1), including ensuring that children with disabilities in schoolwide program schools:

a. Receive services in accordance with a properly developed IEP; and

b. Are afforded all of the rights and services guaranteed to children with disabilities under the Act.

281—41.207(256B,34CFR300) Personnel development. Each public agency must ensure that all personnel necessary to carry out Part B of the Act are appropriately and adequately prepared, subject to the requirements of rule 281—41.156(256B,34CFR300) related to personnel qualifications and Section 2102(b) of the ESEA.

[ARC 3387C; IAB 10/11/17, effective 11/15/17]

41.208(1) Uses. Notwithstanding rule 281—41.202(256B,34CFR300) and subrules 41.203(2) and 41.162(2), funds provided to an LEA under Part B of the Act may be used for the following activities:

a. Services and aids that also benefit nondisabled children. For the costs of special education and related services and supplementary aids and services provided in a regular class or other education-related setting to a child with a disability in accordance with the IEP of the child, even if one or more nondisabled children benefit from these services. This provision may not be construed to apply to rules 281—41.172(256B,34CFR300) and 281—41.210(256B,34CFR300).

b. Early intervening services. To develop and implement coordinated, early intervening educational services in accordance with rule 281—41.226(256B,34CFR300). Such development and implementation may be required by the SEA under subrule 41.646(2).

c. High-cost special education and related services. To establish and implement cost- or risk-sharing funds, consortia, or cooperatives for the LEA itself, or for LEAs working in a consortium of which the LEA is a part, to pay for high-cost special education and related services.

41.208(2) Administrative case management. An LEA may use funds received under Part B of the Act to purchase appropriate technology for record keeping, data collection, and related case management
activities of teachers and related services personnel providing services described in the IEP of children with disabilities, that is needed for the implementation of those case management activities.

[ARC 3387C, IAB 10/11/17, effective 11/15/17]

41.209(1) Rights of children with disabilities. Children with disabilities who attend public charter schools and their parents retain all rights under this chapter.

41.209(2) Charter schools that are public schools of the LEA.

a. General. In carrying out Part B of the Act and these rules with respect to charter schools that are public schools of the LEA, the LEA must:

(1) Serve children with disabilities attending those charter schools in the same manner as the LEA serves children with disabilities in its other schools, including providing supplementary and related services on site at the charter school to the same extent to which the LEA has a policy or practice of providing such services on the site to its other public schools; and

(2) Provide funds under Part B of the Act to those charter schools:
   1. On the same basis as the LEA provides funds to the LEA’s other public schools, including proportional distribution based on relative enrollment of children with disabilities; and
   2. At the same time as the LEA distributes other federal funds to the LEA’s other public schools, consistent with the state’s charter school law.

b. Relationship to rule 281—41.705(256B,34CFR300). If the public charter school is a school of an LEA that receives funding under rule 281—41.705(256B,34CFR300) and includes other public schools:

(1) The LEA is responsible for ensuring that the requirements of this chapter are met, unless state law assigns that responsibility to some other entity; and

(2) The LEA must meet the requirements of 41.209(2)”a.”

41.210(1) General. An AEA, an LEA, or any other public agency, when purchasing print instructional materials, must acquire those instructional materials for children who are blind or visually impaired or for other persons with print disabilities in a manner consistent with subrule 41.210(3) and ensure delivery of those materials in a timely manner to those children.

41.210(2) Rights and responsibilities of AEA or LEA. Nothing in this rule relieves the LEA or AEA or any other public agency of its responsibility to ensure that children with disabilities who need instructional materials in accessible formats, but who are not included under the definition of persons who are blind or visually impaired or other persons with print disabilities in 41.210(4)”a” or who need materials that cannot be produced from NIMAS files, receive those instructional materials in a timely manner, as defined in 41.172(1)”b.”

41.210(3) Preparation and delivery of files. Because the state chooses to coordinate with the NIMAC, an AEA, an LEA, or any other public agency must:

a. As part of any print instructional materials adoption process, procurement contract, or other practice or instrument used for purchase of print instructional materials, enter into a written contract with the publisher of the print instructional materials to:

(1) Require the publisher to prepare and, on or before delivery of the print instructional materials, provide to NIMAC electronic files containing the contents of the print instructional materials using the NIMAS; or

(2) Purchase instructional materials from the publisher that are produced in, or may be rendered in, specialized formats.

b. Provide instructional materials to persons who are blind or visually impaired or other persons with print disabilities in a timely manner.

41.210(4) Definitions. The following definitions apply to this rule and rule 281—41.172(256B,34CFR300), and apply to each state and LEA, regardless of whether the state or LEA chooses to coordinate with the NIMAC:
“Persons who are blind or visually impaired or other persons with print disabilities” means children served under this chapter who may qualify to receive books and other publications produced in specialized formats in accordance with 2 U.S.C. 135a and 36 CFR 701.6. Persons who may receive material in specialized formats include persons who are blind, who have visual disabilities, have certain physical disabilities, or who have reading disabilities resulting from organic dysfunction, as those terms are defined in 36 CFR 701.6(b)(1), and who have obtained certification from a “competent authority,” as defined in 36 CFR 701.6(b)(2).

b. “National Instructional Materials Access Center” or “NIMAC” means the center established pursuant to Section 674(e) of the Act.

c. “National Instructional Materials Accessibility Standard” or “NIMAS” has the meaning given the term in Section 674(e)(3)(B) of the Act.

d. “Print instructional materials” has the meaning given the term in Section 674(e)(3)(C) of the Act.

e. “Specialized formats” has the meaning given the term in Section 674(e)(3)(D) of the Act.

[ARC 5870C, IAB 8/25/21, effective 9/29/21]

281—41.211(256B,34CFR300) Information for department. Each public agency shall provide the department with information necessary to enable the department to carry out its duties under Part B of the Act and this chapter, including, with respect to 34 CFR Section 300.157, information relating to the performance of children with disabilities participating in programs carried out under Part B of the Act. This information, including such quantitative and qualitative data as the department may require, shall be submitted in a manner and at a time determined by the department. Failure to submit timely and accurate information may be considered by the department in making the determinations under rule 281—41.603(256B,34CFR300) or in taking any other action to enforce Part B of the Act or this chapter.

[ARC 8387B, IAB 12/16/09, effective 1/20/10]

281—41.212(256B,34CFR300) Public information. Each public agency must make available to parents of children with disabilities and to the general public all documents relating to the eligibility of the agency under Part B of the Act.

281—41.213(256B,34CFR300) Records regarding migratory children with disabilities. Each AEA or LEA must cooperate in the Secretary’s efforts under Section 1308 of the ESEA to ensure the linkage of records pertaining to migratory children with disabilities for the purpose of electronically exchanging, among the states, health and educational information regarding those children.

281—41.214 to 41.219 Reserved.

41.220(1) General. If an AEA or LEA or a state agency described in rule 281—41.228(256B,34CFR300) has on file with the SEA policies and procedures that demonstrate that the AEA or LEA or state agency meets any requirement of 281—41.200(256B,34CFR300), including any policies and procedures filed under Part B of the Act as in effect before December 3, 2004, the SEA must consider the AEA or LEA or state agency to have met that requirement for purposes of receiving assistance under Part B of the Act.

41.220(2) Modification made by an AEA or LEA or state agency. Subject to subrule 41.220(3), policies and procedures submitted by an LEA or a state agency remain in effect until the AEA or LEA or state agency submits to the SEA the modifications that the AEA or LEA or state agency determines are necessary.

41.220(3) Modifications required by the SEA. The SEA may require an AEA or LEA or a state agency to modify its policies and procedures, but only to the extent necessary to ensure the LEA’s or state agency’s compliance with Part B of the Act or state law, if:
a. After December 3, 2004, the effective date of the Individuals with Disabilities Education Improvement Act of 2004, the applicable provisions of the Act, or the regulations developed to carry out the Act, are amended;

b. There is a new interpretation of an applicable provision of the Act by federal or state courts; or
c. There is an official finding of noncompliance with federal or state law or regulations.

281—41.221(256B,34CFR300) Notification of AEA or LEA or state agency in case of ineligibility. If the state determines that an AEA or LEA or state agency is not eligible under Part B of the Act, then the state must notify the AEA or LEA or state agency of that determination and provide the AEA or LEA or state agency with reasonable notice and an opportunity for a hearing. This hearing shall not be considered a contested case under Iowa Code chapter 17A.

281—41.222(256B,34CFR300) AEA or LEA and state agency compliance.

41.222(1) General. If the state, after reasonable notice and an opportunity for a hearing, finds that an AEA or LEA or state agency that has been determined to be eligible under this chapter is failing to comply with any requirement described in rules 281—41.201(256B,34CFR300) to 281—41.213(256B,34CFR300), the state must reduce or must not provide any further payments to the AEA or LEA or state agency until the state is satisfied that the AEA or LEA or state agency is complying with that requirement.

41.222(2) Notice requirement. Any state agency or AEA or LEA in receipt of a notice described in subrule 41.222(1), by means of public notice, must take the measures necessary to bring the pendency of an action pursuant to this rule to the attention of the public within the jurisdiction of the agency.

41.222(3) Consideration. In carrying out its responsibilities under this rule, the state must consider any decision resulting from a hearing held under rules 281—41.511(256B,34CFR300) to 281—41.533(256B,34CFR300) that is adverse to the AEA or LEA or state agency involved in the decision.

281—41.223(256B,34CFR300) Joint establishment of eligibility.

41.223(1) General. The state may require an AEA or LEA to establish its eligibility jointly with another AEA or LEA if the state determines that the AEA or LEA will be ineligible because the agency will not be able to establish and maintain programs of sufficient size and scope to effectively meet the needs of children with disabilities.

41.223(2) Reserved.

41.223(3) Amount of payments. If the state requires the joint establishment of eligibility under subrule 41.223(1), the total amount of funds made available to the affected AEAs or LEAs must be equal to the sum of the payments that each AEA or LEA would have received under rule 281—41.705(256B,34CFR300) if the agencies were eligible for those payments.

281—41.224(256B,34CFR300) Requirements for jointly establishing eligibility.

41.224(1) Requirements for AEAs or LEAs in general. AEAs or LEAs that establish joint eligibility under this rule must:

a. Adopt policies and procedures that are consistent with the state’s policies and procedures under rules 281—41.101(256B,34CFR300) to 281—41.163(256B,34CFR300) and 281—41.165(256B,34CFR300) to 281—41.187(256B); and

b. Be jointly responsible for implementing programs that receive assistance under Part B of the Act.

41.224(2) Requirements for educational service agencies in general. If an educational service agency is required by state law to carry out programs under Part B of the Act, the joint responsibilities given to AEAs or LEAs under Part B of the Act:

a. Do not apply to the administration and disbursement of any payments received by that educational service agency; and

b. Must be carried out only by that educational service agency.
41.224(3) Additional requirement. Notwithstanding any other provision of rule 281—41.223(256B,34CFR300) and this rule, an educational service agency must provide for the education of children with disabilities in the least restrictive environment, as required by this chapter.

281—41.225 Reserved.

281—41.226(256B,34CFR300) Early intervening services.

41.226(1) General. An AEA or LEA may not use more than 15 percent of the amount the AEA or LEA receives under Part B of the Act for any fiscal year, less any amount reduced by the AEA or LEA pursuant to rule 281—41.205(256B,34CFR300), if any, in combination with other amounts, which may include amounts other than education funds, to develop and implement coordinated, early intervening services, which may include interagency financing structures, for students in kindergarten through grade 12, with a particular emphasis on students in kindergarten through grade 3, who are not currently identified as needing special education or related services, but who need additional academic and behavioral support to succeed in a general education environment.

41.226(2) Activities. In implementing coordinated, early intervening services under this rule, an AEA or LEA may carry out activities that include:

a. Professional development, which may be provided by other entities, for teachers and other school staff to enable such personnel to deliver scientifically based academic and behavioral interventions, including scientifically based literacy instruction and, where appropriate, instruction on the use of adaptive and instructional software; and

b. Providing educational and behavioral evaluations, services, and supports, including scientifically based literacy instruction.

41.226(3) Construction. Nothing in this rule shall be construed to either limit or create a right to FAPE under Part B of the Act or to delay appropriate evaluation of a child suspected of having a disability.

41.226(4) Reporting: in general. Each AEA or LEA that develops and maintains coordinated, early intervening services under this rule must annually report to the SEA on:

a. The number of children served under this rule who received early intervening services; and

b. The number of children served under this rule who received early intervening services and subsequently receive special education and related services under Part B of the Act during the preceding two-year period.

41.226(5) Reporting: disproportionality. If an LEA is required to reserve the maximum amount available under this rule for early intervening services because of a determination of significant disproportionality under rule 281—41.646(256B,34CFR300), that LEA must make additional reports on the use of funds under this rule and rule 281—41.646(256B,34CFR300), as required by the SEA.

41.226(6) Coordination with ESEA. Funds made available to carry out this rule may be used to carry out coordinated, early intervening services aligned with activities funded by and carried out under the ESEA if those funds are used to supplement, and not supplant, funds made available under the ESEA for the activities and services assisted under this rule.

281—41.227 Reserved.

281—41.228(256B,34CFR300) State agency eligibility. Any state agency that desires to receive a subgrant for any fiscal year under rule 281—41.705(256B,34CFR300) must demonstrate to the satisfaction of the state that all children with disabilities who are participating in programs and projects funded under Part B of the Act receive FAPE, and that those children and their parents are provided all the rights and procedural safeguards described in this chapter; and the agency meets the other conditions of this chapter that apply to LEAs.

41.229(1) Requirement of transmittal of disciplinary records. Pursuant to Iowa Code section 279.9A, the state requires that a public agency include in the records of a child with a disability a statement of any current or previous disciplinary action that has been taken against the child and
transmit the statement to the same extent that the disciplinary information is included in, and transmitted with, the student records of children without disabilities.

**41.229(2) Contents of transmittal.** The transmittal shall include an accurate record of any suspension or expulsion actions taken and the basis for those actions taken. It may include any other information that is relevant to the safety of the child and other individuals involved with the child, to the extent that information is transmitted for children without disabilities.

**41.229(3) Additional contents of transmittal.** If the child transfers from one school to another, the transmission of any of the child’s records must include both the child’s current IEP and any statement of current or previous disciplinary action that has been taken against the child.

**41.229(4) When transmittal must occur.** Pursuant to Iowa Code section 279.9A, a transmittal of records under this rule shall occur if requested by officials of the school to which the student seeks to transfer or has transferred.

**41.229(5) Additional state law requirement.** Pursuant to Iowa Code section 279.9A, this rule applies also to accredited nonpublic schools, as well as AEs.

281—41.230(256B,34CFR300) SEA flexibility. The department reserves to itself the flexibility provided by 34 CFR Section 300.230.

281—41.231 to 41.299 Reserved.

DIVISION V
EVALUATION, ELIGIBILITY, IEPs, AND PLACEMENT DECISIONS

**41.300(1) Parental consent for initial evaluation.**

a. General.

(1) The public agency proposing to conduct an initial evaluation to determine if a child qualifies as a child with a disability under this chapter must, after providing notice consistent with rules 281—41.503(256B,34CFR300) and 281—41.504(256B,34CFR300), obtain informed consent, consistent with rule 281—41.9(256B,34CFR300), from the parent of the child before conducting the evaluation.

(2) Parental consent for an initial evaluation must not be construed as consent for initial provision of special education and related services.

(3) The public agency must make reasonable efforts to obtain the informed consent from the parent for an initial evaluation to determine whether the child is a child with a disability.

b. Special rule: initial evaluation for a child who is a ward of the state and not residing with a parent. For initial evaluations only, if the child is a ward of the state and is not residing with the child’s parent, the public agency is not required to obtain informed consent from the parent for an initial evaluation to determine whether the child is a child with a disability if:

(1) Despite reasonable efforts to do so, the public agency cannot discover the whereabouts of the parent of the child;

(2) The rights of the parents of the child have been terminated in accordance with state law; or

(3) The rights of the parent to make educational decisions have been subrogated by a judge in accordance with state law and consent for an initial evaluation has been given by an individual appointed by the judge to represent the child.

c. Parental refusal to provide consent for initial evaluation.

(1) If the parent of a child enrolled in public school or seeking to be enrolled in public school does not provide consent for initial evaluation under 41.300(1)“a,” or the parent fails to respond to a request to provide consent, the public agency may, but is not required to, pursue the initial evaluation of the child by utilizing the procedural safeguards in this chapter, including the mediation procedures under rule 281—41.506(256B,34CFR300) or the due process procedures under rules 281—41.507(256B,34CFR300) to 281—41.516(256B,34CFR300), if appropriate, except to the extent inconsistent with state law relating to such parental consent.
(2) The public agency does not violate its obligation under rules 281—41.111(256B,34CFR300) and 281—41.301(256B,34CFR300) to 281—41.311(256B,34CFR300) if it declines to pursue the evaluation under 41.300(1)“c”(1).

41.300(2) Parental consent for services.

a. A public agency that is responsible for making FAPE available to a child with a disability must obtain informed consent from the parent of the child before the initial provision of special education and related services to the child.

b. The public agency must make reasonable efforts to obtain informed consent from the parent for the initial provision of special education and related services to the child.

c. If the parent of a child fails to respond to a request for, or refuses to consent to, the initial provision of special education and related services, the public agency:

(1) May not use the procedural safeguards in this chapter, including the mediation procedures rule 281—41.506(256B,34CFR300) or the due process procedures under rules 281—41.507(256B,34CFR300) through 281—41.516(256B,34CFR300) in order to obtain agreement or a ruling that the services may be provided to the child;

(2) Will not be considered to be in violation of the requirement to make FAPE available to the child because of the failure to provide the child with the special education and related services for which the parent refuses to or fails to provide consent; and

(3) Is not required to convene an IEP team meeting or develop an IEP under rules 281—41.320(256B,34CFR300) and 281—41.324(256B,34CFR300) for the child.

d. If, at any time subsequent to the initial provision of special education and related services, the parent of a child revokes consent in writing for the continued provision of special education and related services, the public agency:

(1) May not continue to provide special education and related services to the child, but must provide prior written notice in accordance with rule 281—41.503(256B,34CFR300) before ceasing the provision of special education and related services;

(2) May not use the procedural safeguards in this chapter, including the mediation procedures rule 281—41.506(256B,34CFR300) or the due process procedures under rules 281—41.507(256B,34CFR300) through 281—41.516(256B,34CFR300) in order to obtain agreement or a ruling that the services may be provided to the child;

(3) Will not be considered to be in violation of the requirement to make FAPE available to the child because of the failure to provide the child with further special education and related services; and

(4) Is not required to convene an IEP team meeting or develop an IEP under rules 281—41.320(256B,34CFR300) and 281—41.324(256B,34CFR300) for the child for further provision of special education and related services.

41.300(3) Parental consent for reevaluations.

a. General. Subject to 41.300(3)“b”:

(1) Each public agency must obtain informed parental consent, in accordance with 41.300(1)“a.” prior to conducting any reevaluation of a child with a disability.

(2) If the parent refuses to consent to the reevaluation, the public agency may, but is not required to, pursue the reevaluation by using the consent override procedures described in 41.300(1)“c.”

(3) The public agency does not violate its obligation under rules 281—41.111(256B,34CFR300) and 281—41.301(256B,34CFR300) to 281—41.311(256B,34CFR300) if it declines to pursue the evaluation or reevaluation.

b. Exception. The informed parental consent described in 41.300(3)“a” need not be obtained if the public agency can demonstrate that:

(1) It made reasonable efforts to obtain such consent; and

(2) The child’s parent has failed to respond.

41.300(4) Other consent requirements.

a. When parental consent not required. Parental consent is not required before:

(1) A review of existing data as part of an evaluation or a reevaluation; or
(2) Administration of a test or other evaluation that is administered to all children unless, before administration of that test or evaluation, consent is required of parents of all children.

b. Additional consent requirements. In addition to the parental consent requirements described in subrules 41.300(1) through 41.300(3), the state may require parental consent for other services and activities under Part B of the Act and of this chapter if it ensures that each public agency in the state establishes and implements effective procedures to ensure that a parent’s refusal to consent does not result in a failure to provide the child with FAPE.

c. Limitation on public agency’s use of failure to give consent. A public agency may not use a parent’s refusal to consent to one service or activity under subrules 41.300(1) through 41.300(3) or paragraph 41.300(4)”b” to deny the parent or child any other service, benefit, or activity of the public agency, except as required by this chapter.

d. Children who are home schooled or placed by their parents in private schools.

(1) If a parent of a child who is home schooled or placed in a private school by the parents at their own expense does not provide consent for the initial evaluation or the reevaluation, or the parent fails to respond to a request to provide consent, the public agency may not use the consent override procedures described in 41.300(1)”c” and 41.300(3)”a”; and

(2) The public agency is not required to consider the child as eligible for services under rules 281—41.132(256B,34CFR300) to 281—41.144(256B,34CFR300).

e. Documenting reasonable efforts. To meet the reasonable efforts requirement in 41.300(1)”a”(3), 41.300(1)”b”(1), 41.300(2)”b,” and 41.300(3)”b”(1), the public agency must document its attempts to obtain parental consent using the procedures in subrule 41.322(4).

41.300(5) Parent participation. The identification process shall include interactions with the individual, the individual’s parents, school personnel, and others having specific responsibilities for or knowledge of the individual. AEA and LEA personnel shall seek active parent participation throughout the process, directly communicate with parents, and encourage parents to participate at all decision points.

[ARC 8387B, IAB 12/16/09, effective 1/20/10]

281—41.301(256B,34CFR300) Full and individual initial evaluations.

41.301(1) General. Each public agency must conduct a full and individual initial evaluation, in accordance with rules 281—41.304(256B,34CFR300) to 281—41.306(256B,34CFR300), before the initial provision of special education and related services to a child with a disability under this chapter.

41.301(2) Request for initial evaluation. Consistent with the consent requirements in rule 281—41.300(256B,34CFR300), either a parent of a child or a public agency may initiate a request for an initial evaluation to determine if the child is a child with a disability.

41.301(3) Procedures for initial evaluation. The initial evaluation:

a. Must be conducted within 60 calendar days of receiving parental consent for the evaluation;

b. Must consist of procedures:

(1) To determine if the child is a child with a disability under this chapter; and

(2) To determine the educational needs of the child.

41.301(4) Exception. The time frame described in 41.301(3)”a” does not apply to a public agency if:

a. The parent of a child repeatedly fails or refuses to produce the child for the evaluation; or

b. A child enrolls in a school of another public agency after the relevant time frame in 41.301(3)”a” has begun, and prior to a determination by the child’s previous public agency as to whether the child is a child with a disability under this chapter.

41.301(5) Applicability of exception in 41.301(4)”b.” The exception in 41.301(4)”b” applies only if the subsequent public agency is making sufficient progress to ensure a prompt completion of the evaluation and the parent and the subsequent public agency agree to a specific time when the evaluation will be completed.

41.301(6) Content of full and individual initial evaluation. The purpose of the evaluation is to determine the educational interventions that are required to resolve the presenting problem, behaviors of
concern, or suspected disability, including whether the educational interventions are special education. An evaluation shall include:

a. A n objective definition of the presenting problem, behaviors of concern, or suspected disability.
b. Analysis of existing information about the individual, as described in 41.305(1) “a.”
c. Identification of the individual’s strengths or areas of competence relevant to the presenting problem, behaviors of concern, or suspected disability.
d. Collection of additional information needed to design interventions intended to resolve the presenting problem, behaviors of concern, or suspected disability, including, if appropriate, assessment or evaluation of health, vision, hearing, social and emotional status, general intelligence, academic performance, communicative status, adaptive behavior and motor abilities.

281—41.302(256B,34CFR300) Screening for instructional purposes is not evaluation. The screening of a student by a teacher or specialist to determine appropriate instructional strategies for curriculum implementation shall not be considered to be an evaluation for eligibility for special education and related services.

41.303(1) General. A public agency must ensure that a reevaluation of each child with a disability is conducted in accordance with rules 281—41.304(256B,34CFR300) to 281—41.311(256B,34CFR300):
   a. If the public agency determines that the educational or related services needs, including improved academic achievement and functional performance, of the child warrant a reevaluation; or
   b. If the child’s parent or teacher requests a reevaluation.

41.303(2) Limitation. A reevaluation conducted under subrule 41.303(1):
   a. May occur not more than once a year, unless the parent and the public agency agree otherwise; and
   b. Must occur at least once every three years, unless the parent and the public agency agree that a reevaluation is unnecessary.

41.304(1) Notice. The public agency must provide notice to the parents of a child with a disability, in accordance with rule 281—41.503(256B,34CFR300), that describes any evaluation procedures the agency proposes to conduct.

41.304(2) Conduct of evaluation. In conducting the evaluation, the public agency must:
   a. Use a variety of assessment tools and strategies to gather relevant functional, developmental, and academic information about the child, including information provided by the parent, that may assist in determining:
      (1) Whether the child is a child with a disability under this chapter; and
      (2) The content of the child’s IEP, including information related to enabling the child to be involved in and progress in the general education curriculum (or for a preschool child, to participate in appropriate activities);
   b. Not use any single measure or assessment as the sole criterion for determining whether a child is a child with a disability and for determining an appropriate educational program for the child; and
   c. Use technically sound instruments that may assess the relative contribution of cognitive and behavioral factors, in addition to physical or developmental factors.

41.304(3) Other evaluation procedures. Each public agency must ensure that:
   a. Assessments and other evaluation materials used to assess a child under this chapter:
      (1) Are selected and administered so as not to be discriminatory on a racial or cultural basis;
      (2) Are provided and administered in the child’s native language or other mode of communication and in the form most likely to yield accurate information on what the child knows and can do academically, developmentally, and functionally, unless it is clearly not feasible to so provide or administer;
      (3) Are used for the purposes for which the assessments or measures are valid and reliable;
(4) Are administered by trained and knowledgeable personnel; and
(5) Are administered in accordance with any instructions provided by the producer of the assessments.

b. Assessments and other evaluation materials include those tailored to assess specific areas of educational need and not merely those that are designed to provide a single general intelligence quotient.

c. Assessments are selected and administered so as best to ensure that if an assessment is administered to a child with impaired sensory, manual, or speaking skills, the assessment results accurately reflect the child’s aptitude or achievement level or whatever other factors the test purports to measure, rather than reflecting the child’s impaired sensory, manual, or speaking skills (unless those skills are the factors that the test purports to measure).

d. The child is assessed in all areas related to the suspected disability, including, if appropriate, health, vision, hearing, social and emotional status, general intelligence, academic performance, communicative status, and motor abilities.

e. Assessments of children with disabilities who transfer from one public agency to another public agency in the same school year are coordinated with those children’s prior and subsequent schools, as necessary and as expeditiously as possible, consistent with 41.301(4) “b” and 41.301(5), to ensure prompt completion of full evaluations.

f. The evaluation of each child with a disability under rules 281—41.304(256B,34CFR300) to 281—41.306(256B,34CFR300) is sufficiently comprehensive to identify all of the child’s special education and related services needs, whether or not commonly linked to the disability category in which the child has been classified.

g. Assessment tools and strategies that provide relevant information that directly assists persons in determining the educational needs of the child are provided.

281—41.305(256B,34CFR300) Additional requirements for evaluations and reevaluations.

41.305(1) Review of existing evaluation data. As part of an initial evaluation, if appropriate, and as part of any reevaluation under this chapter, the IEP team and other qualified professionals, as appropriate, must:

a. Review existing evaluation data on the child, including:
   (1) Evaluations and information provided by the parents of the child;
   (2) Current classroom-based, local, or state assessments, and classroom-based observations; and
   (3) Observations by teachers and related services providers; and

b. On the basis of that review, and input from the child’s parents, identify what additional data, if any, are needed to determine:
   (1) Whether the child is a child with a disability, as defined in this chapter, and the educational needs of the child or, in the case of a reevaluation of a child, whether the child continues to have such a disability, and the educational needs of the child;
   (2) The present levels of academic achievement and related developmental needs of the child;
   (3) Whether the child needs special education and related services, or in the case of a reevaluation of a child, whether the child continues to need special education and related services; and
   (4) Whether any additions or modifications to the special education and related services are needed to enable the child to meet the measurable annual goals set out in the IEP of the child and to participate, as appropriate, in the general education curriculum.

41.305(2) Conduct of review. The group described in subrule 41.305(1) may conduct its review without a meeting.

41.305(3) Source of data. The public agency must administer such assessments and other evaluation measures as may be needed to produce the data identified under subrule 41.305(1).

41.305(4) Requirements if additional data are not needed.

a. If the IEP team and other qualified professionals, as appropriate, determine that no additional data are needed to determine whether the child continues to be a child with a disability or to determine the child’s educational needs, the public agency must notify the child’s parents of:
   (1) The determination and the reasons for the determination; and
(2) The right of the parents to request an assessment to determine whether the child continues to be a child with a disability and to determine the child’s educational needs.
   
b. The public agency is not required to conduct the assessment described in 41.305(4)”a”(2) unless requested to do so by the child’s parents.

41.305(5) Evaluations before change in eligibility.
   
a. Except as provided in 41.305(5)”b,” a public agency must evaluate a child with a disability in accordance with these rules before determining that the child is no longer a child with a disability.
   
b. The evaluation described in 41.305(5)”a” is not required before the termination of a child’s eligibility under this chapter due to graduation from secondary school with a regular diploma, or due to exceeding the age eligibility for FAPE under state law.
   
c. For a child whose eligibility terminates under circumstances described in 41.305(5)”b,” a public agency must provide the child with a summary of the child’s academic achievement and functional performance, which shall include recommendations on how to assist the child in meeting the child’s postsecondary goals.

41.305(6) At no cost to parent. Evaluations or reevaluations under this chapter, including any outside consultations or evaluations, shall be at no cost to the parent. AEA's or LEAs may access a parent's private insurance or public benefits or insurance, however, provided that a parent gives informed consent consistent with rule 281—41.9(256B,34CFR300) and subrules 41.154(4) and 41.154(5).

41.306(1) General. Upon completion of the administration of assessments and other evaluation measures:
   
a. A group of qualified professionals and the parent of the child determine whether the child is a child with a disability, as defined in this chapter, in accordance with subrule 41.306(3) and the educational needs of the child; and
   
b. The public agency provides a copy of the evaluation report and the documentation of determination of eligibility at no cost to the parent.

41.306(2) Special rule for eligibility determination. A child must not be determined to be a child with a disability under this chapter:
   
a. If the determinant factor for that determination is:
      (1) Lack of appropriate instruction in reading, including the essential components of reading instruction, as defined in Section 1208(3) of the ESEA, as such section was in effect on the day before the date of enactment of the Every Student Succeeds Act (December 9, 2015);
      (2) Lack of appropriate instruction in math; or
      (3) Limited English proficiency; and
   
b. If the child does not otherwise meet the eligibility criteria under this chapter.

41.306(3) Procedures for determining eligibility and educational need.
   
a. In interpreting evaluation data for the purpose of determining if a child is a child with a disability under this chapter, and the educational needs of the child, each public agency must:
      (1) Draw upon information from a variety of sources, including aptitude and achievement tests, parent input, and teacher recommendations, as well as information about the child’s physical condition, social or cultural background, and adaptive behavior; and
      (2) Ensure that information obtained from all of these sources is documented and carefully considered.
   
b. If a determination is made that a child has a disability and needs special education and related services, an IEP must be developed for the child in accordance with these rules.
   
c. All determinations of eligibility must be based on the individual’s disability (progress and discrepancy) and need for special education.

41.306(4) Director’s certification. If a child is determined to be an eligible individual pursuant to these rules, the AEA director of special education shall certify the individual’s entitlement for special education. A confidential record, subject to audit by the department, registering the name and required
special education and related services of each eligible individual shall be maintained by the AEA, and provision shall be made for its periodic revision.

[ARC 3387C, IAB 10/11/17, effective 11/15/17]

41.307(1) General. The state adopts, consistent with rule 281—41.309(256B,34CFR300), criteria for determining whether a child is an eligible individual on the basis of a specific learning disability as defined in subrule 41.50(10). In addition, the criteria adopted by the state:

a. Requires the use of a process based on the child’s response to scientific, research-based intervention or the use of other alternative research-based procedures for determining whether a child has a specific learning disability, as defined in subrule 41.50(10); and

b. Prohibits the use of a severe discrepancy between intellectual ability and achievement for determining whether a child is an eligible individual on the basis of a specific learning disability.

41.307(2) Consistency with state criteria. A public agency must use the state criteria adopted pursuant to subrule 41.307(1) in determining whether a child is an eligible individual on the basis of a specific learning disability.

41.307(3) Rule of construction: “Labelling.” Nothing in this rule or rules 281—41.308(256B,34CFR300) to 281—41.311(256B,34CFR300) shall be construed as requiring children evaluated under these rules to be classified as having a specific learning disability, as long as the child is regarded as a child with a disability or an eligible individual under this chapter.

41.307(4) Rule of construction: Use of rules 281—41.307(256B,34CFR300) to 281—41.310(256B,34CFR300). Nothing in this rule or rule 281—41.308(256B,34CFR300) or 281—41.311(256B,34CFR300) shall be construed as limiting its applicability solely to determining whether a child is an eligible individual on the basis of a specific learning disability. The procedures, methods, etc. listed in this rule and rules 281—41.308(256B,34CFR300) and 281—41.310(256B,34CFR300) may be employed in evaluating any child suspected of being an eligible individual, if appropriate in the child’s circumstances.

281—41.308(256B,34CFR300) Additional group members. The determination of whether a child suspected of being an eligible individual due to the presence of a specific learning disability is a child with a disability as defined in this chapter, must be made by the child’s parents and a team of qualified professionals, which must include the following persons:

41.308(1) Required teachers.

a. The child’s general education teacher; or

b. If the child does not have a general education teacher, a general education teacher qualified to teach a child of his or her age; or

c. For a child of less than school age, an individual qualified by the SEA to teach a child of his or her age.

41.308(2) Individual qualified to conduct diagnostic examinations. At least one person qualified to conduct individual diagnostic examinations of children, such as a school psychologist, speech-language pathologist, or a remedial reading teacher.

41.309(1) Required determinations. The group described in rule 281—41.306(256B,34CFR300) may determine that a child has a specific learning disability, as defined in subrule 41.50(10), after considering the following three factors:

a. Lack of adequate achievement. The child does not achieve adequately for the child’s age, grade-level expectations or such grade-level standards the SEA may choose to adopt in one or more of the following areas, when provided with learning experiences and instruction appropriate for the child’s age or grade-level expectations or such grade-level standards the SEA may choose to adopt:

(1) Oral expression.

(2) Listening comprehension.
(3) Written expression.
(4) Basic reading skill.
(5) Reading fluency skills.
(6) Reading comprehension.
(7) Mathematics calculation.
(8) Mathematics problem solving.
b. Lack of adequate progress.
   (1) The child does not make sufficient progress to meet age expectations, grade-level expectations, or such state-approved grade-level standards as the state may choose to adopt in one or more of the areas identified in 41.309(1) “a” when using a process based on the child’s response to scientific, research-based intervention; or
(2) The child exhibits a pattern of strengths and weaknesses in performance, achievement, or both, relative to age, grade-level expectations, such state-approved grade-level standards as the state may choose to adopt, or intellectual development, that is determined by the group to be relevant to the identification of a specific learning disability, using appropriate assessments, consistent with rules 281—41.304(256B,34CFR300) and 281—41.305(256B,34CFR300).
c. Exclusionary factors. The group determines that its findings under 41.309(1) “a” and 41.309(1) “b” are not primarily the result of:
   (1) A visual, hearing, or motor disability;
   (2) Intellectual disability;
   (3) Emotional disturbance;
   (4) Cultural factors;
   (5) Environmental or economic disadvantage; or
   (6) Limited English proficiency.

41.309(2) Review of data. To ensure that underachievement in a child suspected of having a specific learning disability is not due to lack of appropriate instruction in reading or math, the group must consider, as part of the evaluation described in rules 281—41.304(256B,34CFR300) to 281—41.306(256B,34CFR300):
   a. Data that demonstrate that prior to, or as a part of, the referral process, the child was provided appropriate instruction in regular education settings, delivered by qualified personnel; and
   b. Data-based documentation of repeated assessments of achievement at reasonable intervals, reflecting formal assessment of student progress during instruction, which was provided to the child’s parents.

41.309(3) When consent required. The public agency must promptly request parental consent to evaluate the child to determine if the child needs special education and related services and must adhere to the time frames described in rules 281—41.301(256B,34CFR300) and 281—41.303(256B,34CFR300):
   a. If, prior to a referral, a child has not made adequate progress after an appropriate period of time when provided instruction, as described in 41.309(2) “a” and “b”; and
   b. Whenever a child is referred for an evaluation.

41.309(4) Rule of construction. Subparagraph 41.309(1) “b” (2) shall not be construed to require a child with a pattern of strengths and weaknesses in performance, achievement, or both, to be identified as an eligible individual, absent a determination that the child has a disability and needs special education and related services.

41.309(5) Rule of construction. A process by which a child’s response to intervention is measured is a component of a full and individual evaluation and is not, considered alone, a full and individual evaluation, unless the response to intervention process contains all required elements of a full and individual evaluation under this chapter.
[ARC 9376B, IAB 2/23/11, effective 3/30/11]

41.310(1) Observation required. The public agency must ensure that the child is observed in the child’s learning environment, including the regular classroom setting, to document the child’s academic performance and behavior in the areas of difficulty.

41.310(2) Who must observe. The group described in 41.306(1) “a,” in determining whether a child has a specific learning disability, must decide to:
  a. Use information from an observation in routine classroom instruction and monitoring of the child’s performance that was done before the child was referred for an evaluation, consistent with rules 281—41.306(256B,34CFR300), 281—41.309(256B,34CFR300), 281—41.312(256B,34CFR300) and 281—41.313(256B,34CFR300); or
  b. Have at least one member of the group described in 41.306(1) “a” conduct an observation of the child’s academic performance in the regular classroom after the child has been referred for an evaluation and parental consent, consistent with subrule 41.300(1), is obtained.

41.310(3) Child less than school age or out of school. In the case of a child of less than school age or out of school, a group member must observe the child in an environment appropriate for a child of that age. This subrule also applies to school-age children who must be evaluated during school breaks.

281—41.311(256B,34CFR300) Specific documentation for the eligibility determination.

41.311(1) Documentation required. For a child suspected of having a specific learning disability, the documentation of the determination that the child is an eligible individual, as required in 41.306(1) “b,” must contain a statement of:
  a. Whether the child has a specific learning disability;
  b. The basis for making the determination, including an assurance that the determination has been made in accordance with 41.306(3) “a”;
  c. The relevant behavior, if any, noted during the observation of the child and the relationship of that behavior to the child’s academic functioning;
  d. The educationally relevant medical findings, if any;
  e. The determination that:
      (1) The child does not achieve adequately for the child’s age or to meet grade-level expectations or such grade-level standards the SEA may choose to adopt consistent with 41.309(1) “a”; and
      (2) The child does not make sufficient progress for the child’s age or to meet grade-level expectations or such grade-level standards the SEA may choose to adopt consistent with 41.309(1) “b”(1); or the child exhibits a pattern of strengths and weaknesses in performance, achievement, or both, relative to the child’s age or to meet grade-level expectations, such grade-level standards the SEA may choose to adopt, or intellectual development consistent with 41.309(1) “b”(2);
  f. The determination of the group concerning the effects of a visual, hearing, or motor disability; intellectual disability; emotional disturbance; cultural factors; environmental or economic disadvantage; or limited English proficiency on the child’s achievement level; and
  g. If the child has participated in a process that assesses the child’s response to scientific, research-based intervention:
      (1) The instructional strategies used and the student-centered data collected; and
      (2) The documentation that the child’s parents were notified about:
          1. The state’s policies regarding the amount and nature of student performance data that would be collected and the general education services that would be provided;
          2. Strategies for increasing the child’s rate of learning; and
          3. The parents’ right to request an evaluation.

41.311(2) Certification required. Each group member must certify in writing whether the report reflects the member’s conclusion. If it does not reflect the member’s conclusion, the group member must submit a separate statement presenting the member’s conclusions.

281—41.312(256B,34CFR300) General education interventions. Each LEA, in conjunction with the AEA, shall attempt to resolve the presenting problem or behaviors of concern in the general education
environment prior to conducting a full and individual evaluation. In circumstances when there is a suspicion that a child is an eligible individual under this chapter, the AEA or AEA in collaboration with the LEA shall conduct a full and individual initial evaluation. Documentation of the rationale for such action shall be included in the individual’s educational record.

41.312(1) Notice to parents. Each LEA shall provide general notice to parents on an annual basis about the provision of general education interventions that occur as a part of the agency’s general program and that may occur at any time throughout the school year.

41.312(2) Nature of general education interventions. General education interventions shall include consultation with special education support and instructional personnel. General education intervention activities shall be documented and shall include measurable and goal-directed attempts to resolve the presenting problem or behaviors of concern, communication with parents, collection of data related to the presenting problem or behaviors of concern, intervention design and implementation, and systematic progress monitoring to measure the effects of interventions.

41.312(3) Referral for full and individual initial evaluation. If the referring problem or behaviors of concern are shown to be resistant to general education interventions or if interventions are demonstrated to be effective but require continued and substantial effort that may include the provision of special education and related services, the agency shall then conduct a full and individual initial evaluation.

41.312(4) Parent may request evaluation at any time. The parent of a child receiving general education interventions may request that the agency conduct a full and individual initial evaluation at any time during the implementation of such interventions.

[ARC 8387B, IAB 12/16/09, effective 1/20/10]

41.313(1) Definition. When used by an AEA in its identification process, “systematic problem-solving” means a set of procedures that is used to examine the nature and severity of an educationally related problem. These procedures primarily focus on variables related to developing effective educationally related interventions.

41.313(2) Parent participation in systematic problem-solving process. Active parent participation is an integral aspect of the process and is solicited throughout.

41.313(3) Components. At a minimum, a systematic problem-solving process includes the following components.

a. Description of problem. The presenting problem or behavior of concern shall be described in objective, measurable terms that focus on alterable characteristics of the individual and the environment. The individual and environment shall be examined through systematic data collection. The presenting problem or behaviors of concern shall be defined in a problem statement that describes the degree of discrepancy between the demands of the educational setting and the individual’s performance.

b. Data collection and problem analysis. A systematic, data-based process for examining all that is known about the presenting problem or behaviors of concern shall be used to identify interventions that have a high likelihood of success. Data collected on the presenting problem or behaviors of concern shall be used to plan and monitor interventions. Data collected shall be relevant to the presenting problem or behaviors of concern and shall be collected in multiple settings using multiple sources of information and multiple data collection methods. Data collection procedures shall be individually tailored, valid, and reliable, and allow for frequent and repeated measurement of intervention effectiveness.

c. Intervention design and implementation. Interventions shall be designed based on the preceding analysis, the defined problem, parent input, and professional judgments about the potential effectiveness of interventions. The interventions shall be described in an intervention plan that includes goals and strategies, a progress monitoring plan, a decision-making plan for summarizing and analyzing progress monitoring data, and responsible parties. Interventions shall be implemented as developed and modified on the basis of objective data and with the agreement of the responsible parties.

d. Progress monitoring. Systematic progress monitoring shall be conducted which includes regular and frequent data collection, analysis of individual performance across time, and modification of interventions as frequently as necessary based on systematic progress monitoring data.
e. Evaluation of intervention effects. The effectiveness of interventions shall be evaluated through a systematic procedure in which patterns of individual performance are analyzed and summarized. Decisions regarding the effectiveness of interventions focus on comparisons with initial levels of performance.

41.313(4) Rule of construction. A systematic problem-solving process may be used for any child suspected of being an eligible individual, and nothing in this chapter nor in Part B of the Act shall be construed to limit the applicability of a systematic problem-solving process to children suspected of having a certain type of disability.

41.314(1) Evidence of progress in general education instruction. Each public agency shall establish standards, consistent with those the department may establish, by which the adequacy of general education instruction, including the quality and quantity of data gathered, is assessed, and whether such data are sufficient in quantity and quality to make decisions under Part B of the Act and this chapter.

41.314(2) Progress monitoring and determining eligibility. Each public agency shall engage in progress monitoring of each individual’s progress as the department may require during the process of evaluating whether a child is an eligible individual and shall record such progress in any manner that the department may permit or require. If the AEA or LEA serving an individual imposes additional requirements for the monitoring of progress of individuals during the process of evaluation, personnel serving that individual shall comply with those additional requirements. The team determining the child’s eligibility may increase the frequency with which the child’s progress is monitored.

41.314(3) Progress monitoring and eligible individuals. Each public agency shall engage in progress monitoring of each eligible individual’s progress as the department may require, and shall record such progress in any manner that the department may permit or require. If the AEA or LEA serving an eligible individual imposes additional requirements for the monitoring of progress of eligible individuals, personnel serving that individual shall comply with those additional requirements. An IEP team may increase the frequency with which an eligible individual’s progress is monitored.

281—41.315 to 41.319 Reserved.

281—41.320(256B,34CFR300) Definition of individualized education program.

41.320(1) General. As used in this chapter, the term “individualized education program” or “IEP” means a written statement for each child with a disability that is developed, reviewed, and revised in a meeting in accordance with these rules, and that must include:

a. A statement of the child’s present levels of academic achievement and functional performance, including:
   (1) How the child’s disability affects the child’s involvement and progress in the general education curriculum (i.e., the same curriculum as for nondisabled children); or
   (2) For preschool children, as appropriate, how the disability affects the child’s participation in appropriate activities;

b. A statement of measurable annual goals, including academic and functional goals designed to meet:
   (1) The child’s needs that result from the child’s disability to enable the child to be involved in and make progress in the general education curriculum; and
   (2) Each of the child’s other educational needs that result from the child’s disability;

c. For children with disabilities who take alternate assessments aligned to alternate academic achievement standards, a description of benchmarks or short-term objectives;

d. A description of:
   (1) How the child’s progress toward meeting the annual goals described in 41.320(1)“b” will be measured; and
(2) When periodic reports on the progress the child is making toward meeting the annual goals, such as through the use of quarterly or other periodic reports, concurrent with the issuance of report cards, will be provided;

e. A statement of the special education and related services and supplementary aids and services, based on peer-reviewed research to the extent practicable, to be provided to the child, or on behalf of the child, and a statement of the program modifications or supports for school personnel that will be provided to enable the child:

   (1) To advance appropriately toward attaining the annual goals;
   (2) To be involved in and make progress in the general education curriculum in accordance with 41.320(1)“a,” and to participate in extracurricular and other nonacademic activities; and
   (3) To be educated and participate with other children with disabilities and nondisabled children in the activities described in this rule;

f. An explanation of the extent, if any, to which the child will not participate with nondisabled children in the regular class and in the activities described in 41.320(1)“e”;

g. A statement of any individual appropriate accommodations that are necessary to measure the academic achievement and functional performance of the child on state and districtwide assessments consistent with Section 612(a)(16) of the Act; and, if the IEP team determines that the child must take an alternate assessment instead of a particular regular state or districtwide assessment of student achievement, a statement of why the child cannot participate in the regular assessment and why the particular alternate assessment selected is appropriate for the child; and

h. The projected date for the beginning of the services and modifications described in 41.320(1)“e” and the anticipated frequency, location, and duration of those services and modifications.

41.320(2) Transition services. Beginning not later than the first IEP to be in effect when the child turns 14, or younger if determined appropriate by the IEP team, and updated annually, thereafter, the IEP must include:

a. Appropriate measurable postsecondary goals based upon age-appropriate transition assessments related to training, education, employment, and, where appropriate, independent living skills; and

b. The transition services, including courses of study, needed to assist the child in reaching those goals.

41.320(3) Transfer of rights at age of majority. Beginning not later than one year before the child reaches the age of majority under state law, the IEP must include a statement that the child has been informed of the child’s rights under Part B of the Act, if any, that will transfer to the child on reaching the age of majority under rule 281—41.520(256B,34CFR300).

41.320(4) Construction. Nothing in this rule shall be construed to require:

a. That additional information be included in a child’s IEP beyond what is explicitly required in Section 614 of the Act; or

b. The IEP team to include information under one component of a child’s IEP that is already contained under another component of the child’s IEP.

41.320(5) Special considerations. The IEP, or an associated document, must contain the answers to the questions contained in subrule 41.116(4).

41.320(6) Prohibited practices. An IEP shall not include practices that are precluded by constitution, statute, this chapter, or any other applicable law.

41.320(7) Clearing classrooms. An IEP or a behavioral intervention plan shall not include provisions for clearing all other students out of the regular classroom in order to calm the child requiring special education or the child for whom a behavioral intervention plan has been implemented except as provided in Iowa Code section 279.51A as enacted by 2020 Iowa Acts, Senate File 2360.

If a student whose behavior caused a classroom clearance has an IEP or a behavioral intervention plan, the classroom teacher shall call for and be included in a review and potential revision of the student’s IEP or behavioral intervention plan by the student’s IEP team. The AEA, in collaboration with the school district, may, when the parent or guardian meets with the IEP team during the review or reevaluation of
the student’s IEP, inform the parent or guardian of individual or family counseling services available in the area. The public agencies must provide those services if those services are necessary for a FAPE.
[ARC 8387B, IAB 12/16/09, effective 1/20/10; ARC 5329C, IAB 12/16/20, effective 1/20/21]

281—41.321(256B,34CFR300) IEP team.

41.321(1) General. The public agency must ensure that the IEP team for each child with a disability includes the following:

a. The parents of the child;

b. At least one regular education teacher of the child if the child is, or may be, participating in the regular education environment;

c. At least one special education teacher of the child or, where appropriate, at least one special education provider of the child;

d. A representative of the public agency who:

   (1) Is qualified to provide, or supervise the provision of, specially designed instruction to meet the unique needs of children with disabilities;

   (2) Is knowledgeable about the general education curriculum; and

   (3) Is knowledgeable about the availability of resources of the public agency.

e. An individual who can interpret the instructional implications of evaluation results, who may be a member of the team described in 41.321(1)”b” to “f”;

f. At the discretion of the parent or the agency, other individuals who have knowledge or special expertise regarding the child, including related services personnel as appropriate; and

g. Whenever appropriate, the child with a disability.

41.321(2) Transition services participants.

a. In accordance with 41.321(1)”g,” the public agency must invite a child with a disability to attend the child’s IEP team meeting if a purpose of the meeting will be the consideration of the postsecondary goals for the child and the transition services needed to assist the child in reaching those goals under subrule 41.320(2).

b. If the child does not attend the IEP team meeting, the public agency must take other steps to ensure that the child’s preferences and interests are considered.

c. To the extent appropriate, with the consent of the parents or a child who has reached the age of majority, in implementing the requirements of 41.321(2)”a,” the public agency must invite a representative of any participating agency that is likely to be responsible for providing or paying for transition services.

41.321(3) Determination of knowledge and special expertise. The determination of the knowledge or special expertise of any individual described in 41.321(1)”f” must be made by the party (parents or public agency) who invited the individual to be a member of the IEP team.

41.321(4) Designating a public agency representative. A public agency may designate a public agency member of the IEP team to also serve as the agency representative, if the criteria in 41.321(1)”d” are satisfied.

41.321(5) IEP team attendance.

a. A member of the IEP team described in 41.321(1)”b” to “e” is not required to attend an IEP team meeting, in whole or in part, if the parent of a child with a disability and the public agency agree, in writing, that the attendance of the member is not necessary because the member’s area of the curriculum or related services is not being modified or discussed in the meeting.

b. A member of the IEP team described in 41.321(5)”a” may be excused from attending an IEP team meeting, in whole or in part, when the meeting involves a modification to or discussion of the member’s area of the curriculum or related services, if:

   (1) The parent, in writing, and the public agency consent to the excusal; and

   (2) The member submits, in writing to the parent and the IEP team, input into the development of the IEP prior to the meeting.

41.321(6) Initial IEP team meeting for child under Part C. In the case of a child who was previously served under Part C of the Act, an invitation to the initial IEP team meeting must, at the request of the
parent, be sent to the Part C service coordinator or other representatives of the Part C system to assist with the smooth transition of services.

**281—41.322(256B, 34CFR300) Parent participation.**

41.322(1) **Public agency responsibility—general.** Each public agency must take steps to ensure that one or both of the parents of a child with a disability are present at each IEP team meeting or are afforded the opportunity to participate, including:

a. Notifying parents of the meeting early enough to ensure that they will have an opportunity to attend; and

b. Scheduling the meeting at a mutually agreed-upon time and place.

41.322(2) **Information provided to parents.**

a. The notice required under 41.322(1) “a” must:

1. Indicate the purpose, time, and location of the meeting and who will be in attendance (name and position); and

2. Inform the parents of the provisions in 41.321(1) “f” and 41.321(3) relating to the participation of other individuals on the IEP team who have knowledge or special expertise about the child and subrule 41.321(6) relating to the participation of the Part C service coordinator or other representatives of the Part C system at the initial IEP team meeting for a child previously served under Part C of the Act.

b. For a child with a disability, beginning not later than the first IEP to be in effect when the child turns 14, or younger if determined appropriate by the IEP team, the notice also must:

1. Indicate that a purpose of the meeting will be the consideration of the postsecondary goals and transition services for the child, in accordance with subrule 41.320(2), and that the agency will invite the student; and

2. Identify any other agency that will be invited to send a representative.

41.322(3) **Other methods to ensure parent participation.** If neither parent can attend an IEP team meeting, the public agency must use other methods to ensure parent participation, including individual or conference telephone calls, consistent with rule 281—41.328(256B, 34CFR300) related to alternative means of meeting participation.

41.322(4) **Conducting an IEP team meeting without a parent in attendance.** A meeting may be conducted without a parent in attendance if the public agency is unable to convince the parents that they should attend. In this case, the public agency must keep a record of its attempts to arrange a mutually agreed-upon time and place, including:

a. Detailed records of telephone calls made or attempted and the results of those calls;

b. Copies of correspondence sent to the parents and any responses received; and

c. Detailed records of visits made to the parent’s home or place of employment and the results of those visits.

41.322(5) **Use of interpreters or other action, as appropriate.** The public agency must take whatever action is necessary to ensure that the parent understands the proceedings of the IEP team meeting, including arranging for an interpreter for parents who are deaf or hard of hearing or whose native language is other than English.

41.322(6) **Parent copy of child’s IEP.** The public agency must give the parent a copy of the child’s IEP at no cost to the parent.

41.322(7) **Rule of construction: “final” versus “draft” IEPs.** An agency shall not present a completed and finalized IEP to parents before there has been a full discussion with the parents regarding the eligible individual’s need for special education and related services and the services the agency will provide to the individual. An agency may come prepared with evaluation findings, proposed statements of present levels of educational performance, proposed recommendations regarding annual goals or instructional objectives, and proposals concerning the nature of special education and related services to be provided. The agency shall inform the parents at the outset of the meeting that the proposals are only recommendations for review and discussion with the parents.

[ARC 5870C, IAB 8/25/21, effective 9/29/21]
281—41.323(256B,34CFR300) When IEPs must be in effect.

41.323(1) General. An IEP must be in effect before special education and related services are provided to eligible individuals. At the beginning of each school year, each public agency must have in effect, for each child with a disability within its jurisdiction, an IEP, as defined in rule 281—41.320(256B,34CFR300).

41.323(2) Reserved.

41.323(3) Initial IEPs; provision of services. Each public agency must ensure that:

a. A meeting to develop an IEP for a child is conducted within 30 days of a determination that the child needs special education and related services; and

b. As soon as possible following development of the IEP, special education and related services are made available to the child in accordance with the child’s IEP.

41.323(4) Accessibility of child’s IEP to teachers and others. Each public agency must ensure that:

a. The child’s IEP is accessible to each regular education teacher, special education teacher, related services provider, and any other service provider who is responsible for its implementation; and

b. Each teacher and provider described in 41.323(4) “a” is informed of:

(1) His or her specific responsibilities related to implementing the child’s IEP; and

(2) The specific accommodations, modifications, and supports that must be provided for the child in accordance with the IEP.

41.323(5) IEPs for children who transfer public agencies in the same state. If a child with a disability who had an IEP that was in effect in a previous public agency in this state transfers to a new public agency in this state and enrolls in a new school within the same school year, the new public agency, in consultation with the parents, must provide FAPE to the child including services comparable to those described in the child’s IEP from the previous public agency until the new public agency either:

a. Adopts the child’s IEP from the previous public agency; or

b. Develops, adopts, and implements a new IEP that meets the applicable requirements in these rules.

41.323(6) IEPs for children who transfer from another state. If a child with a disability who had an IEP that was in effect in a previous public agency in another state transfers to a public agency in this state and enrolls in a new school within the same school year, the receiving public agency, in consultation with the parents, must provide the child with FAPE, including services comparable to those described in the child’s IEP from the previous public agency, until the receiving public agency:

a. Conducts an evaluation pursuant to these rules if determined to be necessary by the receiving public agency; and

b. Develops, adopts, and implements a new IEP, if appropriate, that meets the applicable requirements in these rules.

41.323(7) Transmittal of records. To facilitate the transition for a child described in subrules 41.323(5) and 41.323(6):

a. The receiving public agency in which the child enrolls must take all reasonable steps to promptly obtain the child’s records, including the IEP and supporting documents and any other records relating to the provision of special education or related services to the child, from the previous public agency in which the child was enrolled, pursuant to 34 CFR Section 99.31(a)(2); and

b. The previous public agency in which the child was enrolled must take all reasonable steps to promptly respond to the request from the receiving public agency.

41.323(8) Other. It is expected that an IEP of an eligible individual will be implemented immediately after an IEP team meeting. Exceptions to this would be when the meeting occurs during the summer or vacation period, unless the child requires services during that period, or where there are circumstances requiring a short delay (e.g., making transportation arrangements); however, there can be no undue delay in providing special education and related services to an eligible individual.

281—41.324(256B,34CFR300) Development, review, and revision of IEP.

41.324(1) Development of IEP.

a. General. In developing each child’s IEP, the IEP team must consider:
(1) The strengths of the child;
(2) The concerns of the parents for enhancing the education of their child;
(3) The results of the initial or most recent evaluation of the child; and
(4) The academic, developmental, and functional needs of the child.

b. Consideration of special factors. The IEP team must:
   (1) In the case of a child whose behavior impedes the child’s learning or that of others, consider
       the use of positive behavioral interventions and supports, and other strategies, to address that behavior;
   (2) In the case of a child with limited English proficiency, consider the language needs of the child
       as those needs relate to the child’s IEP;
   (3) In the case of a child who is blind or visually impaired, provide for instruction in braille and
       the use of braille unless the IEP team determines, after an evaluation of the child’s reading and writing
       skills, needs, and appropriate reading and writing media, including an evaluation of the child’s future
       needs for instruction in braille or the use of braille, that instruction in braille or the use of braille is not
       appropriate for the child;
   (4) Consider the communication needs of the child and, in the case of a child who is deaf or
       hard of hearing, consider the child’s language and communication needs, opportunities for direct
       communications with peers and professional personnel in the child’s language and communication
       mode, academic level, and full range of needs, including opportunities for direct instruction in the
       child’s language and communication mode; and
   (5) Consider whether the child needs assistive technology devices and services, including
       accessible instructional materials.

c. Requirement with respect to regular education teacher. A regular education teacher of a
   child with a disability, as a member of the IEP team, must, to the extent appropriate, participate in the
   development of the IEP of the child, including the determination of:
   (1) Appropriate positive behavioral interventions and supports and other strategies for the child;
   and
   (2) Supplementary aids and services, program modifications, and support for school personnel
       consistent with 41.320(1) “c.”

d. Agreement.
   (1) In making changes to a child’s IEP after the annual IEP team meeting for a school year, the
       parent of a child with a disability and the public agency may agree not to convene an IEP team meeting
       for the purposes of making those changes and instead may develop a written document to amend or
       modify the child’s current IEP.
   (2) If changes are made to the child’s IEP in accordance with 41.324(1) “d” (1), the public agency
       must ensure that the child’s IEP team is informed of those changes.
   (3) A public agency may only agree to make changes pursuant to 41.324(1) “d” (1) concerning
       resources the public agency has the authority to commit.

e. Consolidation of IEP team meetings. To the extent possible, the public agency must encourage
   the consolidation of reevaluation meetings for the child and other IEP team meetings for the child.

f. Amendments. Changes to the IEP may be made either by the entire IEP team at an IEP team
   meeting or as provided in 41.324(1) “d” by amending the IEP rather than by redrafting the entire
   IEP. Upon request, a parent must be provided with a revised copy of the IEP with the amendments
   incorporated.

41.324(2) Review and revision of IEPs.

a. General. Each public agency must ensure that, subject to 41.324(2) “b” and “c,” the IEP team:
   (1) Reviews the child’s IEP periodically, but not less frequently than annually, to determine whether
       the annual goals for the child are being achieved; and
   (2) Revises the IEP, as appropriate, to address the following:
       1. Any lack of expected progress toward the annual goals described in 41.320(1) “b,” and in the
       general education curriculum, if appropriate;
       2. The results of any reevaluation conducted under rule 281—41.303(256B,34CFR300);
       3. Information about the child provided to or by the parents, as described in 41.305(1) “b”;

4. The child’s anticipated needs; or
5. Other matters.

b. Consideration of special factors. In conducting a review of the child’s IEP, the IEP team must consider the special factors described in 41.324(1)”b.”

c. Requirement with respect to regular education teacher. A regular education teacher of the child, as a member of the IEP team, must, consistent with 41.324(1)”c,” participate in the review and revision of the IEP of the child.

41.324(3) Failure to meet transition objectives.

a. Participating agency failure. If a participating agency, other than the public agency, fails to provide the transition services described in the IEP in accordance with subrule 41.320(2), the public agency must reconvene the IEP team to identify alternative strategies to meet the transition objectives for the child set out in the IEP.

b. Construction. Nothing in this chapter relieves any participating agency, including a state vocational rehabilitation agency, of the responsibility to provide or pay for any transition service that the agency would otherwise provide to children with disabilities who meet the eligibility criteria of that agency.

41.324(4) Children with disabilities in adult prisons.

a. Requirements that do not apply. The following requirements do not apply to children with disabilities who are convicted as adults under state law and incarcerated in adult prisons:

(1) The requirements contained in Section 612(a)(16) of the Act and 41.320(1)”g” relating to participation of children with disabilities in general assessments.

(2) The requirements in subrule 41.320(2) relating to transition planning and transition services do not apply with respect to the children whose eligibility under Part B of the Act will end because of their age before they will be eligible to be released from prison based on consideration of their sentence and eligibility for early release.

b. Modifications of IEP or placement.

(1) Subject to 41.324(4)”b”(2), the IEP team of a child with a disability who is convicted as an adult under state law and incarcerated in an adult prison may modify the child’s IEP or placement if the state has demonstrated a bona fide security or compelling penological interest that cannot otherwise be accommodated.

(2) The requirements in rules 281—41.320(256B,34CFR300) relating to IEPs and 281—41.114(256B,34CFR300) relating to LRE do not apply with respect to the modifications described in 41.324(4)”b”(1).

41.324(5) Interim IEP. An IEP must be in effect before special education and related services are provided to an eligible individual. This does not preclude the development of an interim IEP which meets all the requirements of rule 281—41.320(256B,34CFR300) when the IEP team determines that it is necessary to temporarily provide special education and related services to an eligible individual as part of the evaluation process, before the IEP is finalized, to aid in determining the appropriate services for the individual. An interim IEP may also be developed when an eligible individual moves from one LEA to another and a copy of the current IEP is not available, or either the LEA or the parent believes that the current IEP is not appropriate or that additional information is needed before a final decision can be made regarding the specific special education and related services that are needed. IEP teams cannot use interim IEPs to circumvent the requirements of this division. It is essential that the temporary provision of service not become the final special education for the individual before the IEP is finalized. In order to ensure that this does not happen, IEP teams shall take the following actions:

a. Specific conditions and timelines. Develop an interim IEP for the individual that sets out the specific conditions and timelines for the temporary service. An interim IEP shall not be in place for more than 30 school days.

b. Parent agreement and involvement. Ensure that the parents agree to the interim service before it is carried out and that they are involved throughout the process of developing, reviewing, and revising the individual’s IEP.
c. **Complete evaluation and make judgments.** Set a specific timeline for completing the evaluation and making judgments about the appropriate services for the individual.

d. **Conduct meeting.** Conduct an IEP meeting at the end of the trial period in order to finalize the individual’s IEP.

41.324(6) **Rules of construction—instruction in braille.** For an eligible individual for whom instruction in braille is determined to be appropriate, as provided in 41.324(1)(b)(3), that eligible individual is entitled to instruction in braille reading and writing that is sufficient to enable the individual to communicate with the same level of proficiency as an individual of otherwise comparable ability at the same grade level. Instruction in braille reading and writing may only be provided by a teacher with an endorsement to teach individuals who are blind or visually impaired.

281—41.325(256B,34CFR300) **Private school placements by public agencies.**

41.325(1) **Developing IEPs.**

a. Before a public agency places a child with a disability in, or refers a child to, a private school or facility, the agency must initiate and conduct a meeting to develop an IEP for the child in accordance with these rules.

b. The agency must ensure that a representative of the private school or facility attends the meeting. If the representative cannot attend, the agency must use other methods to ensure participation by the private school or facility, including individual or conference telephone calls.

41.325(2) **Reviewing and revising IEPs.**

a. After a child with a disability enters a private school or facility, any meetings to review and revise the child’s IEP may be initiated and conducted by the private school or facility at the discretion of the public agency.

b. If the private school or facility initiates and conducts these meetings, the public agency must ensure that the parents and an agency representative are involved in any decision about the child’s IEP and agree to any proposed changes in the IEP before those changes are implemented.

41.325(3) **Responsibility.** Even if a private school or facility implements a child’s IEP, responsibility for compliance with this chapter remains with the public agency and the SEA.

281—41.326(256B,34CFR300) **Other rules concerning IEPs.**

41.326(1) **Children from birth to the age of three.** A fully developed IFSP shall be considered to have met the requirements of an IEP for an eligible individual younger than the age of three.

41.326(2) **Support services only.** An IEP that satisfies the requirements of this chapter shall be developed for eligible individuals who require only special education support services. The special education support service specialist with knowledge in the area of need shall have primary responsibility for recommending the need for support service, the type or model of service to be provided, and the amount of service to be provided; however, the determination that an individual is eligible for special education shall be based on these rules. Attendance at IEP meetings for students shall be determined in accordance with rule 281—41.325(256B,34CFR300).

281—41.327(256B,34CFR300) **Educational placements.** Consistent with subrule 41.501(3), each public agency must ensure that the parents of each child with a disability are members of any group that makes decisions on the educational placement of the child.

281—41.328(256B,34CFR300) **Alternative means of meeting participation.** When conducting IEP team meetings and placement meetings under this chapter and carrying out administrative matters under Section 615 of the Act, such as scheduling, exchange of witness lists, and status conferences, the parent of a child with a disability and a public agency may agree to use alternative means of meeting participation, such as video conferences and conference calls.

281—41.329 to 41.399 **Reserved.**
DIVISION VI
ADDITIONAL RULES RELATED TO AEA, LEA, AND SPECIAL EDUCATION

281—41.400(256B,34CFR300) Shared responsibility.

41.400(1) General. It is the responsibility of each eligible individual’s resident LEA to provide or make provision for appropriate special education and related services to meet the requirements of state and federal statutes and rules. This responsibility may be met by one or more of the following: by each LEA acting for itself, by action of two or more LEAs through the establishment and maintenance of joint programs, by the AEA, by contract for services from approved public or private agencies offering the appropriate special education and related services, or by any combination of these options. The AEA shall support and assist LEAs in meeting their responsibilities for providing appropriate special education and related services. The requirements of Part B of the Act and of this chapter are binding on each public agency that has direct or delegated authority to provide special education and related services regardless of whether that agency is receiving funds under Part B of the Act.

41.400(2) Shared responsibility between general education and special education. General education and special education personnel share responsibility in providing appropriate educational programs for eligible individuals and in providing intervention and prevention services to individuals who are experiencing learning or adjustment problems.

281—41.401(256B,34CFR300) Licensure (certification). Special education personnel shall meet the board of educational examiners’ licensure (certification) and endorsement or recognition requirements for the position for which they are employed. In addition, personnel providing special education and related services who do not hold board of educational examiners’ licensure (certification) or other recognition required by its board, and who, by the nature of their work, are required to hold a professional or occupational license, certificate or permit in order to practice or perform the particular duties involved in this state shall be required to hold a license, certificate, or permit.

281—41.402(256B,273,34CFR300) Authorized personnel. An agency is authorized to employ the following types of special education personnel, as appropriate to the special education and related services provided.

41.402(1) Director of special education. The director shall be responsible for the implementation of special education for eligible individuals pursuant to Iowa Code section 273.5 and these rules. The director’s powers and duties shall include:

a. Properly identifying children requiring special education,

b. Ensuring that each child requiring special education in the area receives an appropriate special education program or service,

c. Assigning appropriate weights for each child requiring special education programs or services as provided in Iowa Code section 256B.9,

d. Supervising special education support personnel,

e. Providing each school district within the area served and the department with a special education weighted enrollment count, including the additional enrollment because of special education by the date specified in the Iowa Code,

f. Submitting to the department special education instructional and support program plans and applications, subject to the criteria listed in Iowa Code chapters 256B and 273, for approval by the deadline specified in the Iowa Code,

g. Coordinating the special education program within the area served, and

h. Reporting any violation of the Act or this chapter to the department for appropriate action.

41.402(2) Special education instructional personnel. Special education instructional personnel serve as teachers or instructional assistants at the preschool, elementary or secondary levels for eligible individuals.

41.402(3) Special education support personnel. The following positions are those of special education support personnel who provide special education and related services as stated in each
definition. These personnel work under the direction of the director and may provide identification, evaluation, remediation, consultation, systematic progress monitoring, continuing education and referral services in accordance with appropriate licensure (certification) and endorsement or approval, or statement of professional recognition. They may also engage in data collection, applied research and program evaluation.

"Assistant director of special education" provides specific areawide administrative, supervisory and coordinating functions as delegated by the director.

"Audiologist" applies principles, methods and procedures for analysis of hearing functioning in order to plan, counsel, coordinate and provide intervention strategies and services for individuals who are deaf or hard of hearing.

"Consultant" is the special education instructional specialist who provides ongoing support to special and general education instructional personnel delivering services to eligible individuals. The consultant participates in the identification process and program planning of eligible individuals as well as working to attain the least restrictive environment appropriate for each eligible individual. The consultant demonstrates instructional procedures, strategies, and techniques; assists in the development of curriculum and instructional materials; assists in transition planning; and provides assistance in classroom management and behavioral intervention.

"Educational interpreter" interprets or translates spoken language into sign language commensurate with the receiver’s language comprehension and interprets or translates sign language into spoken language.

"Educational strategist" provides assistance to general education classroom teachers in developing intervention strategies for individuals who are disabled in obtaining an education but can be accommodated in the general education classroom environment.

"Itinerant teacher" provides special education on an itinerant basis to eligible individuals.

"Occupational therapist" is a licensed health professional who applies principles, methods and procedures for analysis of, but not limited to, motor or sensorimotor functions to determine the educational significance of identified problem areas including fine motor manipulation, self-help, adaptive work skills, and play or leisure skills in order to provide planning, coordination, and implementation of intervention strategies and services for eligible individuals.

"Physical therapist" is a licensed health professional who applies principles, methods and procedures for analysis of motor or sensorimotor functioning to determine the educational significance of motor or sensorimotor problems within, but not limited to, areas such as mobility and positioning in order to provide planning, coordination, and the implementation of intervention strategies and services for eligible individuals.

"School psychologist" assists in the identification of needs regarding behavioral, social, emotional, educational and vocational functioning of individuals; analyzes and integrates information about behavior and conditions affecting learning; consults with school personnel and parents regarding planning, implementing and evaluating individual and group interventions; provides direct services through counseling with parents, individuals and families; and conducts applied research related to psychological and educational variables affecting learning.

"School social worker" enhances the educational programs of individuals by assisting in identification and assessment of individuals’ educational needs including social, emotional, behavioral and adaptive needs; provides intervention services including individual, group, parent and family counseling; provides consultation and planning; and serves as a liaison among home, school and community.

"Special education coordinator" facilitates the provision of special education within a specific geographic area.

"Special education media specialist" is a media specialist who facilitates the provision of media services to eligible individuals; provides consultation regarding media and materials used to support special education and related services for eligible individuals; and aids in the effective use of media by special education personnel.
“Special education nurse” is a professional registered nurse who assesses, identifies and evaluates the health needs of eligible individuals; interprets for the family and educational personnel how health needs relate to individuals’ education; implements specific activities commensurate with the practice of professional nursing; and integrates health into the educational program.

“Speech-language pathologist” applies principles, methods and procedures for an analysis of speech and language comprehension and production to determine communicative competencies and provides intervention strategies and services related to speech and language development as well as disorders of language, voice, articulation and fluency.

“Supervisor” is the professional discipline specialist who provides for the development, maintenance, supervision, improvement and evaluation of professional practices and personnel within a specialty area.

“Work experience coordinator” plans and implements sequential secondary programs that provide on- and off-campus work experience for individuals requiring specially designed career exploration and vocational preparation when they are not available through the general education curriculum.

“Others (other special education support personnel)” may be employed as approved by the department and board of educational examiners.

281—41.403(256B) Paraprofessionals.

41.403(1) Responsibilities. Special education personnel may be employed to assist in the provision of special education and related services to children with disabilities and shall:

a. Complete appropriate preservice and ongoing staff development specific to the functions to be performed. The agency shall make provisions for or require such completion prior to the beginning of service wherever practicable and within a reasonable time of the beginning of service where the preentry completion is not practicable.

b. Work under the supervision of professional personnel who are appropriately authorized to provide direct services in the same area where the paraprofessional provides assistive services.

c. Not serve as a substitute for appropriately authorized professional personnel.

41.403(2) Authorized special education paraprofessionals. Authorized special education paraprofessional roles include:

“Audiometrist” provides hearing screening and other specific hearing-related activities as assigned by the audiologist.

“Licensed practical nurse” shall be permitted to provide supportive and restorative care to an eligible individual in the school setting in accordance with the student’s health plan when under the supervision of and as delegated by the registered nurse employed by the school district.

“Occupational therapy assistant” is licensed to perform occupational therapy procedures and related tasks that have been selected and delegated by the supervising occupational therapist.

“Para-educator” is a licensed educational assistant as defined in Iowa Code section 272.12.

“Physical therapist assistant” is licensed to perform physical therapy procedures and related tasks that have been selected and delegated by the supervising physical therapist.

“Psychology assistant” collects screening data through records review, systematic behavior observations, standardized interviews, group and individual assessment techniques; implements psychological intervention plans; and maintains psychological records under supervision of the school psychologist.

“Speech-language pathology assistant” provides certain language, articulation, voice and fluency activities as assigned by the supervising speech-language pathologist.

“Vision assistant” provides materials in the appropriate medium for use by individuals who are blind or visually impaired and performs other duties as assigned by the supervising teacher of the visually impaired.

“Others” as approved by the department, such as educational assistants described in the Iowa Administrative Code at 281—subrule 12.4(9).

281—41.404(256B) Policies and procedures required of all public agencies.

41.404(1) Policies. Policies related to the provision of special education and related services shall be developed by each public agency and made available to the department upon request to include the following:

a. Policy to ensure the provision of a free appropriate public education.

b. Policy for the provision of special education and related services.

c. Policies to ensure the provision of special education and related services in the least restrictive environment.

d. Policy concerning the protection of confidentiality of personally identifiable information.

e. Policy concerning graduation requirements for eligible individuals.

f. and g. Rescinded IAB 10/11/17, effective 11/15/17.

h. Policy to ensure the participation of eligible individuals in districtwide assessment programs.

41.404(2) Procedures. Each public agency shall develop written procedures concerning the provision of special education and related services and shall make such procedures available to the department upon request and shall, at a minimum, include:

a. Procedures to ensure the provision of special education and related services.

b. Procedures for protecting the confidentiality of personally identifiable information.

c. Procedures for the graduation of eligible individuals.

d. and e. Rescinded IAB 10/11/17, effective 11/15/17.

f. Procedures for providing continuing education opportunities.

g. A procedure for its continued participation in the development of the eligible individual’s IEP in out-of-state placements and shall outline a program to prepare for the eligible individual’s transition back to the LEA before the eligible individual is placed out of state.

h. Procedures for ensuring procedural safeguards for children with disabilities and their parents.

i. Procedures to ensure the participation of eligible individuals in districtwide assessment programs.

41.404(4) Rule of construction. Any public agency is required to adopt any policy and procedure necessary to comply with Part B of the Act and this chapter, even if such a policy or procedure is not listed in this rule.

[ARC 3387C, IAB 10/11/17, effective 11/15/17]

281—41.405(256B) Special health services. Rescinded ARC 3387C, IAB 10/11/17, effective 11/15/17.

281—41.406(256B) Additional requirements of LEAs. The following provisions are applicable to each LEA that provides special education and related services.

41.406(1) Policies. Each LEA shall develop written policies pertinent to the provision of special education and related services and shall make such policies available to the department upon request. At a minimum, such policies shall include those identified in subrule 41.404(1).

41.406(2) Procedures. Each LEA shall develop written procedures pertinent to the provision of special education and related services and shall make such procedures available to the department upon request. At a minimum, such procedures shall include those identified in subrule 41.404(2).

41.406(3) Plans. Districtwide plans required by the department or federal programs and regulations shall address eligible individuals and describe the relationship to or involvement of special education services.

41.406(4) Nonpublic schools. Each LEA shall provide special education and related services designed to meet the needs of nonpublic school students with disabilities residing in the jurisdiction of the agency in accordance with Iowa Code sections 256.12(2) and 273.2.

281—41.407(256B,273,34CFR300) Additional requirements of AEAs. The following provisions are applicable to each AEA that provides special education and related services.
41.407(1) Policies. Each AEA shall develop written policies pertinent to the provision of special education and related services and shall make such policies available to the department upon request. At a minimum, such policies shall include those identified in 41.404(1) “a” to “g” and the following:
   a. Policy regarding appointment of surrogate parents.
   b. Policy regarding provision of and payment for independent educational evaluations.
   c. Policy to ensure the goal of providing a full educational opportunity to all eligible individuals.
   d. Policy addressing the methods of ensuring services to eligible individuals.
   e. Child find policy that ensures that individuals with disabilities who are in need of special education and related services are identified, located and evaluated.
   f. A policy that meets the requirements of these rules for evaluating and determining eligibility of students who require special education, including a description of the extent to which the AEA system uses categorical designations. While AEAs may identify students as eligible for special education without designating a specific disability category, it is recognized that in certain circumstances the identification of a specific disability may enhance the development and ongoing provision of an appropriate educational program.
   g. Policy for the development, review and revision of IEPs.
   h. Policy for transition from Part C to Part B.
   i. Policy for provision of special education and related services to students in accredited, nonpublic schools.

41.407(2) Procedures. Each AEA shall develop written procedures pertinent to the provision of special education and related services, and shall make such procedures available to the department upon request. At a minimum, such procedures shall include those identified in subrule 41.404(2) and the following:
   a. Appointment of surrogate parents.
   b. Provision of and payment for independent educational evaluations.
   c. Procedures for monitoring the caseloads of LEA and AEA special education personnel to ensure that the IEPs of eligible individuals are able to be fully implemented. The description shall include the procedures for timely and effective resolution of concerns about caseloads and paraprofessional assistance that have not been resolved satisfactorily pursuant to 41.408(2) “b”(3).
   d. Procedures for evaluating the effectiveness of services in meeting the needs of eligible individuals in order to receive federal assistance.
   e. Child find procedures that ensure that individuals with disabilities who are in need of special education and related services are identified, located and evaluated.
   f. Evaluation and determination of eligibility procedures for identifying students who require special education that meet the requirements of these rules, including a description of the extent to which the AEA system uses categorical designations.
   g. Procedures for the development, review and revision of IEPs.
   h. Procedures to ensure the provision of special education and related services in the least restrictive environment.
   i. Procedures for transition from Part C to Part B.
   j. Procedures for provision of special education and related services to students in accredited, nonpublic schools.
   k. Procedures describing the methods of ensuring services to eligible individuals.

41.407(3) Responsibility for monitoring of compliance. The AEA shall conduct activities in each constituent LEA to monitor compliance with the provisions of all applicable federal and state statutes and regulations and rules applicable to the education of eligible individuals. A written report describing the monitoring activities, findings, corrective action plans, follow-up activities, and timelines shall be developed and made available for review by the department upon request. Monitoring of compliance activities shall be as directed by the department.

41.407(4) Educate and inform. The AEA shall provide the department with a description of proactive steps to inform and educate parents, AEA and LEA staff regarding eligibility, identification criteria and process, and due process steps to be followed when parents disagree regarding eligibility.
41.407(5) **Coordination of services.** The AEA shall provide the department with a description of how the AEA identification process and LEA delivery systems for instructional services will be coordinated.

281—41.408(256B,273,34CFR300) **Instructional services.**

41.408(1) **General.** Instructional services are the specially designed instruction and accommodations provided by special education instructional personnel to eligible individuals. These services are ordinarily provided by the LEA but, in limited circumstances, may be provided by another LEA, the AEA or another recognized agency through contractual agreement. An agency must use the procedure and criteria described in subrule 41.408(2) for creating a delivery system for instructional services.

41.408(2) **Delivery system.** An agency shall use the following development process for creating a system for delivering instructional services.

a. The delivery system shall meet this chapter’s requirements relating to a continuum of services and placements, shall address the needs of eligible individuals aged 3 to 21, and shall provide for the following:

1. The provision of accommodations and modifications to the general education environment and program, including settings and programs in which eligible individuals aged 3 through 5 receive specially designed instruction, including modification and adaptation of curriculum, instructional techniques and strategies, and instructional materials.
2. The provision of specially designed instruction and related activities through cooperative efforts of special education teachers and general education teachers in the general education classroom.
3. The provision of specially designed instruction on a limited basis by a special education teacher in the general classroom or in an environment other than the general classroom, including consultation with general education teachers.
4. The provision of specially designed instruction to eligible individuals with similar special education instructional needs organized according to the type of curriculum and instruction to be provided, and the severity of the educational needs of the eligible individuals served.

b. The delivery system shall be described in writing and shall include the following components:

1. A description of how services will be organized and how services will be provided to eligible individuals consistent with the requirements of this chapter, and the provisions described in 41.408(2)“a.”
2. A description of how the caseloads of special education teachers will be determined and regularly monitored to ensure that the IEPs of eligible individuals are able to be fully implemented.
3. A description of the procedures a special education teacher can use to resolve concerns about caseload. The procedures shall specify timelines for the resolution of a concern and identify the person to whom a teacher reports a concern. The procedures shall also identify the person or persons who are responsible for reviewing a concern and rendering a decision, including the specification of any corrective actions.
4. A description of the process used to develop the system, including the composition of the group responsible for its development.
5. A description of the process that will be used to evaluate the effectiveness of the system.
6. A description of how the delivery system will meet the targets identified in the state’s performance plan, described in this chapter.
7. A description of how the delivery system will address needs identified by the state in any determination made under this chapter.

c. The following procedures shall be followed by the agency:

1. The delivery system shall be developed by a group of individuals that includes parents of eligible individuals, special education and general education teachers, administrators, and at least one AEA representative. The AEA representative shall be selected by the director.
2. The director shall verify that the delivery system is in compliance with these rules prior to LEA board adoption.
(3) Prior to presenting the delivery system to the LEA board for adoption, the group responsible for its development shall provide an opportunity for comment on the system by the general public. In presenting the delivery system to the LEA board for adoption, the group shall describe the comment received from the general public and how the comment was considered.

(4) The LEA board shall approve the system prior to implementation.
   d. The procedure presented in subrule 41.907(9) shall be followed in applying the weighting plan for special education instructional funds described in Iowa Code section 256B.9 to any delivery system developed under these provisions.
   e. An LEA shall review, revise, and readopt its delivery system using the procedures identified in paragraph “c” of this subrule at least every five years, or sooner if required by the state in conjunction with any determination made under this chapter.
   f. An LEA shall make the document describing its delivery system readily available to LEA personnel and members of the public.

[ARC 8387B, IAB 12/16/09, effective 1/20/10]

281—41.409(256B,34CFR300) Support services. Support services are the specially designed instruction and activities that augment, supplement or support the educational program of eligible individuals. These services include special education consultant services, educational strategist services, audiology, occupational therapy, physical therapy, school psychology, school social work services, special education nursing services, and speech-language services. Support services are usually provided by the AEA but may be provided by contractual agreement, subject to the approval of the board, by another qualified agency.

281—41.410(256B,34CFR300) Itinerant services. Special education may be provided to eligible individuals on an itinerant basis.

41.410(1) School based. Special education may be provided on an itinerant basis whenever the number, age, severity, or location of eligible individuals to be served does not justify the provision of professional personnel on a full-time basis to an attendance center. These services are usually provided by the AEA but may be provided by contractual agreement, subject to the approval of the AEA board, by the LEA or another qualified agency.

41.410(2) Home service or hospital service. Special education shall be provided to eligible individuals whose condition precludes their participation in the general and special education provided in schools or related facilities. Home or hospital instructional services shall in ordinary circumstances be provided by the LEA but may be provided by contractual agreement, subject to the approval of the LEA board, by the AEA or another qualified agency. Home or hospital support or related services are usually provided by the AEA but may be provided by contractual agreement, subject to the approval of the AEA board, by the LEA or another qualified agency. The provision of services in a home or hospital setting shall satisfy the following:
   a. The service and the location of the service shall be specified in the individual’s IEP.
   b. The status of these individuals shall be periodically reviewed to substantiate the continuing need for and the appropriateness of the service.
   c. Procedural safeguards shall be afforded to individuals receiving special education through itinerant services in a home or hospital setting. A need for itinerant services in a home or hospital setting must be determined at a meeting to develop or revise the individual’s IEP, and parents must give consent or be given notice, as appropriate.

281—41.411(256B,34CFR300) Related services, supplementary aids and services. Related services and supplementary aids and services shall be provided to an eligible individual in accordance with an IEP. Such services that are also support services under rule 281—41.409(256B,34CFR300) are usually provided by the AEA but may be provided by contractual agreement, subject to the approval of the board, by another qualified agency. Other such services are usually provided by the LEA but may be provided by contractual agreement, subject to the approval of the board, by another qualified agency.
Transportation of eligible individuals shall generally be provided as for other individuals, when appropriate. Specialized transportation of an eligible individual to and from a special education instructional service is a function of that service and, therefore, an appropriate expenditure of special education instructional funds generated through the weighting plan. Transportation includes travel to and from school and between schools; travel in and around school buildings; and specialized equipment, such as special or adapted buses, lifts, and ramps, if required to provide special transportation for a child with a disability.

**41.412(1) Special arrangements.** Transportation of an eligible individual to and from a special education support service is a function of that service, shall be specified in the IEP, and be considered an appropriate expenditure of funds generated for special education support services. When, because of an eligible individual’s educational needs or because of the location of the program, the IEP team determines that unique transportation arrangements are required and the arrangements are specified in the IEP, the resident LEA shall be required to provide one or more of the following transportation arrangements for instructional services and the AEA for support services:

- a. Transportation from the eligible individual’s residence to the location of the special education services and back to the individual’s residence, or child care placement for eligible individuals below the age of six.
- b. Special assistance or adaptations in getting the eligible individual to and from and on and off the vehicle, en route to and from the special education services.
- c. Reimbursement of the actual costs of transportation when by mutual agreement the parents provide transportation for the eligible individual to and from the special education services.
- d. Agencies are not required to provide reimbursement to parents who elect to provide transportation in lieu of agency-provided transportation.

**41.412(2) Responsibility for transportation.**

- a. The AEA shall provide the cost of transportation of eligible individuals to and from special education support services. The AEA shall provide the cost of transportation necessary for the provision of special education support services to nonpublic school eligible individuals if the cost of that transportation is in addition to the cost of transportation provided for special education instructional services.
- b. When individuals enrolled in nonpublic schools are enrolled in public schools to receive special education instructional services, transportation provisions between nonpublic and public attendance centers will be the responsibility of the school district of residence.
- c. Transportation of individuals, when required for educational diagnostic purposes, is a special education support service and, therefore, an appropriate expenditure of funds generated for special education support services.

**41.412(3) Purchase of transportation equipment.** When it is necessary for an LEA to purchase equipment to transport eligible individuals to special education instructional services, this equipment shall be purchased from the LEA’s general fund, the physical plant and equipment levy (PPEL) fund, or the secure an advanced vision for education (SAVE) fund, if appropriate. The direct purchase of transportation equipment is not an appropriate expenditure of special education instructional funds generated through the weighting plan. A written schedule of depreciation for this transportation equipment shall be developed by the LEA, using the method specified in Iowa Code section 285.1(12). An annual charge to special education instructional funds generated through the weighting plan for depreciation of the equipment shall be made and reported as a special education transportation cost in the LEA Certified Annual Report if the equipment was purchased from the general fund. If the transportation equipment was purchased using funds from the PPEL fund or SAVE fund, that purchase is not reported as a cost from special education funds generated through the weighting plan. Annual depreciation charges on transportation equipment purchased with funds from the PPEL fund or SAVE fund shall be calculated by the LEA according to the directions provided with the Annual Transportation Report and adjusted to reflect the proportion of special education mileage to the total annual mileage.

**41.412(4) Lease of transportation equipment.** An LEA may elect to lease equipment to transport eligible individuals to special education instructional services, in which case the lease cost would be an...
expenditure from the PPEL fund or the SAVE fund, if appropriate. Cost of the lease, or that portion of the lease attributable to special education transportation expense, shall not be considered a special education transportation cost and shall not be reported in the LEA Certified Annual Report.

41.412(5) Transportation equipment safety standards. All transportation equipment, either purchased or leased by an LEA to transport eligible individuals to special education instructional services or provided by an AEA, must conform to the transportation equipment safety and construction standards contained in 281—Chapters 43 and 44.

41.412(6) Transportation for students in interdistrict and intradistrict school choice programs, such as open enrollment. The following provisions apply to the transportation of eligible individuals who participate in school choice programs.

a. A parent who elects to have an eligible individual attend another school within an LEA may be required by the LEA to provide transportation to that eligible individual, even if transportation is listed on the eligible individual’s IEP as a service.

b. If a parent elects to have an eligible individual with transportation listed as a service on the individual’s IEP attend a school in a different LEA under the open enrollment provisions of Iowa Code section 282.18 and Iowa Administrative Code 281—Chapter 17, and the resident district informs the parent it will not be providing transportation for the eligible individual to the receiving district, a parent who chooses to proceed with open enrollment will be deemed, as a matter of law, to have waived the transportation listed as a service on the IEP.

c. If a parent of an eligible individual with transportation listed as a service on the individual’s IEP elects to have the eligible individual attend a school in a different LEA under the open enrollment provisions of Iowa Code section 282.18 and Iowa Administrative Code 281—Chapter 17, and the resident district elects to provide that transportation as a service, such transportation as a related service may be provided by the resident district, regardless of consent granted or refused by the receiving district and notwithstanding any other statute or rule to the contrary.

d. If a parent of an eligible individual with transportation listed as a service on the individual’s IEP elects to have the eligible individual attend a school in a different LEA under the open enrollment provisions of Iowa Code section 282.18 and Iowa Administrative Code 281—Chapter 17, and the receiving district elects to provide that transportation as a service, such transportation as a related service may be provided by the receiving district, regardless of consent granted or refused by the resident district and notwithstanding any other statute or rule to the contrary, but the costs of such transportation shall not be paid by the individual’s resident district.

e. If an eligible individual’s placement team proposes placement in a district other than the district of residence based on a tuition arrangement, regardless of whether the eligible individual’s IEP lists transportation as a related service, and the other district agrees to accept the eligible individual as an open enrollment student but not as a tuition student, the receiving district must provide transportation as a related service, regardless of consent granted or refused by the receiving district and notwithstanding any other statute or rule to the contrary.

f. Except as expressly provided in this subrule, nothing in this subrule creates or expands any right, license, or privilege concerning transportation of persons who are not eligible individuals or transportation of eligible individuals who do not have transportation listed as a service on an IEP.

281—41.413(256,256B,34CFR300) Additional rules relating to accredited nonpublic schools.

41.413(1) State and local funds under Iowa Code section 256.12. State and local funds expended to provide special education and related services to eligible individuals who receive special education and related services in accredited nonpublic schools under Iowa Code section 256.12 must be expended on services, including materials and equipment, that are secular, neutral, and nonideological and, unless a provision of section 256.12 specifically requires the contrary, are subject to the restrictions contained in rules 281—41.138(256,256B,34CFR300) to 281—41.144(256,256B,34CFR300).

41.413(2) Placements by public agencies. State and local funds expended to provide special education and related services to eligible individuals who receive special education and related services
in accredited nonpublic schools pursuant to a placement made or referred by a public agency pursuant to rules 281—41.145(256B,34CFR300) to 281—41.147(256B,34CFR300) must be expended on services, including materials and equipment, that are secular, neutral, and nonideological and, unless a provision of law specifically requires the contrary, are subject to the restrictions contained in rules 281—41.138(256,256B,34CFR300) to 281—41.144(256,256B,34CFR300).

281—41.414 to 41.499  Reserved.

DIVISION VII
PROCEDURAL SAFEGUARDS

281—41.500(256B,34CFR300) Responsibility of SEA and other public agencies. The department shall ensure that each public agency establishes, maintains, and implements procedural safeguards that meet the requirements of rules 281—41.500(256B,34CFR300) to 281—41.536(256B,34CFR300).

281—41.501(256B,34CFR300) Opportunity to examine records; parent participation in meetings.
   41.501(1) Opportunity to examine records. The parents of a child with a disability must be afforded, in accordance with the procedures of rules 281—41.613(256B,34CFR300) to 281—41.621(256B,34CFR300), an opportunity to inspect and review all education records with respect to:
   a. The identification, evaluation, and educational placement of the child; and
   b. The provision of FAPE to the child.
   41.501(2) Parent participation in meetings.
      a. The parents of a child with a disability must be afforded an opportunity to participate in meetings with respect to:
         (1) The identification, evaluation, and educational placement of the child; and
         (2) The provision of FAPE to the child.
      b. Each public agency must provide notice consistent with 41.322(1)“a” and 41.322(2)“b” to ensure that parents of children with disabilities have the opportunity to participate in meetings described in 41.501(2)“a.”
      c. A meeting does not include informal or unscheduled conversations involving public agency personnel and conversations on issues such as teaching methodology, lesson plans, or coordination of service provision. A meeting also does not include preparatory activities that public agency personnel engage in to develop a proposal or response to a parent proposal that will be discussed at a later meeting.
   41.501(3) Parent involvement in placement decisions.
      a. Each public agency must ensure that a parent of each child with a disability is a member of any group that makes decisions on the educational placement of the parent’s child.
      b. In implementing the requirements of 41.501(3)“a,” the public agency must use procedures consistent with the procedures described in 41.322(1) to 41.322(2)“a.”
      c. If neither parent can participate in a meeting in which a decision is to be made relating to the educational placement of their child, the public agency must use other methods to ensure their participation, including individual or conference telephone calls, or video conferencing.
      d. A placement decision may be made by a group without the involvement of a parent, if the public agency is unable to obtain the parent’s participation in the decision. In this case, the public agency must have a record of its attempt to ensure parental involvement.

   41.502(1) General.
      a. The parents of a child with a disability have the right to obtain an independent educational evaluation of the child, subject to subrules 41.502(2) to 41.502(5).
      b. Each public agency must provide to parents, upon request for an independent educational evaluation, information about where an independent educational evaluation may be obtained and the agency criteria applicable for independent educational evaluations as set forth in subrule 41.502(5).
c. For the purposes of this division:
   (1) “Independent educational evaluation” means an evaluation conducted by a qualified examiner who is not employed by the public agency responsible for the education of the child in question; and
   (2) “Public expense” means that the AEA either pays for the full cost of the evaluation or ensures that the evaluation is otherwise provided at no cost to the parent.

41.502(2) Parent right to evaluation at public expense.
   a. A parent has the right to an independent educational evaluation at public expense if the parent disagrees with an evaluation obtained by the AEA, subject to the conditions in 41.502(“b” to “d.”
   b. If a parent requests an independent educational evaluation at public expense, the AEA must, without unnecessary delay, either:
      (1) File a due process complaint to request a hearing to show that its evaluation is appropriate; or
      (2) Ensure that an independent educational evaluation is provided at public expense, unless the AEA demonstrates in a hearing pursuant to these rules that the evaluation obtained by the parent did not meet agency criteria.
   c. If the AEA files a due process complaint notice to request a hearing and the final decision is that the AEA’s evaluation is appropriate, the parent still has the right to an independent educational evaluation, but not at public expense.
   d. If a parent requests an independent educational evaluation, the AEA may ask for the parent’s reason why the parent objects to the public evaluation. However, the AEA may not require the parent to provide an explanation and may not unreasonably delay either providing the independent educational evaluation at public expense or filing a due process complaint to request a due process hearing to defend the public evaluation.
   e. A parent is entitled to only one independent educational evaluation at public expense each time a public agency conducts an evaluation with which the parent disagrees.

41.502(3) Parent-initiated evaluations. If the parent obtains an independent educational evaluation at public expense or shares with a public agency an evaluation obtained at private expense, the results of the evaluation:
   a. Must be considered by the public agency, if it meets agency criteria, in any decision made with respect to the provision of FAPE to the child; and
   b. May be presented by any party as evidence at a hearing on a due process complaint under this chapter regarding that child.

41.502(4) Requests for evaluations by administrative law judges. If an administrative law judge requests an independent educational evaluation as part of a hearing on a due process complaint, the cost of the evaluation must be at public expense.

41.502(5) Agency criteria.
   a. If an independent educational evaluation is at public expense, the criteria under which the evaluation is obtained, including the location of the evaluation and the qualifications of the examiner, must be the same as the criteria that the public agency uses when it initiates an evaluation, to the extent those criteria are consistent with the parent’s right to an independent educational evaluation.
   b. Except for the criteria described in 41.502(“a,” a public agency may not impose conditions or timelines related to obtaining an independent educational evaluation at public expense.
   c. Each AEA shall establish policy and procedures for implementing this rule.

281—41.503(256B,34CFR300) Prior notice by the public agency; content of notice.
41.503(1) Notice. Written notice that meets the requirements of subrule 41.503(2) must be given to the parents of a child with a disability within a reasonable time before the public agency:
   a. Proposes to initiate or change the identification, evaluation, or educational placement of the child or the provision of FAPE to the child; or
   b. Refuses to initiate or change the identification, evaluation, or educational placement of the child or the provision of FAPE to the child.

41.503(2) Content of notice. The notice required under subrule 41.503(1) must include the following:
a. A description of the action proposed or refused by the agency;
b. An explanation of why the agency proposes or refuses to take the action;
c. A description of each evaluation procedure, assessment, record, or report the agency used as a basis for the proposed or refused action;
d. A statement that the parents of a child with a disability have protection under the procedural safeguards of this chapter and, if this notice is not an initial referral for evaluation, the means by which a copy of a description of the procedural safeguards can be obtained;
e. Sources for parents to contact to obtain assistance in understanding the provisions of this chapter;
f. A description of other options that the IEP team considered and the reasons why those options were rejected; and
g. A description of other factors that are relevant to the agency’s proposal or refusal.

41.503(3) Notice in understandable language.
a. The notice required under subrule 41.503(1) must be written in language understandable to the general public, and must be provided in the native language of the parent or other mode of communication used by the parent, unless it is clearly not feasible to do so.
b. If the native language or other mode of communication of the parent is not a written language, the public agency must take steps to ensure the following:
   (1) The notice is translated orally or by other means to the parent in the parent’s native language or other mode of communication;
   (2) The parent understands the content of the notice; and
   (3) There is written evidence that the requirements in 41.503(3)’b’(1) and (2) have been met.

41.504(1) General. A copy of the procedural safeguards available to the parents of a child with a disability must be given to the parents only once a school year, except that a copy also must be given to the parents as follows:
a. Upon initial referral or parent request for evaluation;
b. Upon receipt of the first state complaint under rules 281—41.151(256B,34CFR300) to 281—41.153(256B,34CFR300) and upon receipt of the first due process complaint under 281—41.507(256B,34CFR300) in a school year;
c. In accordance with the discipline procedures in subrule 41.530(8); and
d. Upon request by a parent.
41.504(2) Internet website. A public agency may place a current copy of the procedural safeguards notice on its Internet website if a website exists.
41.504(3) Contents. The procedural safeguards notice must include a full explanation of all the procedural safeguards available under this chapter relating to the following:
a. Independent educational evaluations;
b. Prior written notice;
c. Parental consent;
d. Access to education records;
e. Opportunity to present and resolve complaints through the due process complaint and state complaint procedures, and must explain:
   (1) The time period in which to file a complaint;
   (2) The opportunity for the agency to resolve the complaint; and
   (3) The difference between the due process complaint and the state complaint procedures, including the jurisdiction of each procedure, what issues may be raised, filing and decisional timelines, and relevant procedures;
f. The availability of mediation;
g. The child’s placement during the pendency of any due process complaint;
h. Procedures for students who are subject to placement in an interim alternative educational setting;
i. Requirements for unilateral placement by parents of children in private schools at public expense;

j. Hearings on due process complaints, including requirements for disclosure of evaluation results and recommendations;

k. Civil actions, including the time period in which to file those actions; and

l. Attorneys’ fees.

41.504(4) Notice in understandable language. The notice required under subrule 41.504(1) must meet the requirements of subrule 41.503(3).

41.504(5) “Summaries” of procedural safeguards limited. An AEA or LEA may only provide a document summarizing the procedural safeguards notice if that document has been approved by the department. Any summary must inform parents that the summary is only provided for the convenience of the reader and is not a replacement for the procedural safeguards notice. Any approved summary of the procedural safeguards notice shall be given along with the procedural safeguards notice and shall not be given in place of the procedural safeguards notice.

281—41.505(256B,34CFR300) Electronic mail. A parent of a child with a disability may elect to receive notices required by these rules by an electronic mail communication, if the public agency makes that option available.

41.506(1) General. Each public agency must ensure that procedures are established and implemented to allow parties involved in disputes relating to any matter under this chapter, including matters arising prior to the filing of a due process complaint, to resolve disputes through a mediation process.

41.506(2) Requirements. The procedures must meet the following requirements:

a. The procedures must ensure that the mediation process:

   (1) Is voluntary on the part of the parties;
   (2) Is not used to deny or delay a parent’s right to a hearing on the parent’s due process complaint, or to deny any other rights afforded under Part B of the Act; and
   (3) Is conducted by a qualified and impartial mediator who is trained in effective mediation techniques.

b. A public agency may establish procedures to offer to parents and schools that choose not to use the mediation process, an opportunity to meet, at a time and location convenient to the parents, with a disinterested party:

   (1) Who is under contract with an appropriate alternative dispute resolution entity, or a parent training and information center or community parent resource center in the state established under Section 671 or 672 of the Act; and
   (2) Who would explain the benefits of, and encourage the use of, the mediation process to the parents.

c. State responsibility for mediation.

   (1) The state must maintain a list of individuals who are qualified mediators and knowledgeable in laws and regulations relating to the provision of special education and related services.
   (2) The SEA must select mediators on a random, rotational, or other impartial basis.

d. The state must bear the cost of the mediation process, including the costs of meetings described in 41.506(2) “b.”

e. Each session in the mediation process must be scheduled in a timely manner and must be held in a location that is convenient to the parties to the dispute.

f. If the parties resolve a dispute through the mediation process, the parties must execute a legally binding agreement that sets forth that resolution and that:

   (1) States that all discussions that occurred during the mediation process will remain confidential and may not be used as evidence in any subsequent due process hearing or civil proceeding; and
(2) Is signed by both the parent and a representative of the agency who has the authority to bind the agency.

g. A written, signed mediation agreement is enforceable in any state court of competent jurisdiction or in a district court of the United States.

h. Discussions that occur during the mediation process must be confidential and may not be used as evidence in any subsequent due process hearing or civil proceeding of any federal court or state court.

41.506(3) Impartiality of mediator:

a. An individual who serves as a mediator under this chapter:

(1) May not be an employee of the SEA or the LEA that is involved in the education or care of the child; and

(2) Must not have a personal or professional interest that conflicts with the person’s objectivity.

b. A person who otherwise qualifies as a mediator is not an employee of an LEA or state agency described under rule 281—41.228(256B,34CFR300) solely because the person is paid by the agency to serve as a mediator.

41.506(4) Mediation procedures. A request for mediation filed before the filing of a due process complaint shall be conducted according to the procedures described in rule 281—41.1002(256B,34CFR300).

41.506(5) Rule of construction. The department shall accept documents captioned as requests for a “preappeal conference” as requests for mediation prior to the filing of a due process complaint.

[ARC 8387B, IAB 12/16/09, effective 1/20/10; ARC 9376B, IAB 2/23/11, effective 3/30/11]

281—41.507(256B,34CFR300) Filing a due process complaint.

41.507(1) General.

a. Subject matter of due process complaint. A parent or a public agency may file a due process complaint on any of the matters described in subrule 41.503(1) relating to the identification, evaluation or educational placement of a child with a disability, or the provision of FAPE to the child.

b. The due process complaint must allege a violation that occurred not more than two years before the date the parent or public agency knew or should have known about the alleged action that forms the basis of the due process complaint, except that the exceptions to the timeline described in subrule 41.511(6) apply to the timeline in this rule.

41.507(2) Information for parents. The public agency must inform the parent of any free or low-cost legal and other relevant services available in the area if the parent requests the information or the parent or the agency files a due process complaint under this rule.

41.507(3) Synonymous term. Whenever the term “request for due process hearing” is used in prior department rules and documents, that term shall be construed to mean “due process complaint.”

281—41.508(256B,34CFR300) Due process complaint.

41.508(1) General. A due process complaint shall be provided to the department, and a copy shall be provided to each party to the complaint.

41.508(2) Content of complaint. The due process complaint required in subrule 41.508(1) must include the following information:

a. The name of the child;

b. The address of the residence of the child;

c. The name of the school the child is attending;

d. In the case of a homeless child or youth within the meaning of Section 725(2) of the McKinney-Vento Homeless Assistance Act, 42 U.S.C. 11434a(2), available contact information for the child and the name of the school the child is attending;

e. A description of the nature of the problem of the child relating to the proposed or refused initiation or change, including facts relating to the problem; and

f. A proposed resolution of the problem to the extent known and available to the party at the time.
41.508(3) Notice required before a hearing on a due process complaint. A party may not have a hearing on a due process complaint until the party, or the attorney representing the party, files a due process complaint that meets the requirements of subrule 41.508(2).

41.508(4) Sufficiency of complaint.
   a. General. The due process complaint required by this rule must be deemed sufficient unless the party receiving the due process complaint notifies the administrative law judge and the other party in writing, within 15 days of receipt of the due process complaint, that the receiving party believes the due process complaint does not meet the requirements in subrule 41.508(2).
   b. Determination. Within five days of receipt of notification under 41.508(4)“a,” the administrative law judge must make a determination on the face of the due process complaint of whether the due process complaint meets the requirements of subrule 41.508(2), and must immediately notify the parties in writing of that determination.
   c. Amending due process complaint. A party may amend its due process complaint only if:
      (1) The other party consents in writing to the amendment and is given the opportunity to resolve the due process complaint through a meeting held pursuant to rule 281—41.510(256B,34CFR300); or
      (2) The administrative law judge grants permission, except that the administrative law judge may only grant permission to amend at any time not later than five days before the due process hearing begins.
   d. Timelines after amendment. If a party files an amended due process complaint, the timelines for the resolution meeting in subrule 41.510(1) and the time period to resolve in 41.510(2) begin again with the filing of the amended due process complaint.

41.508(5) LEA response to a due process complaint.
   a. General. If the LEA has not sent a prior written notice to the parent regarding the subject matter contained in the parent’s due process complaint, the LEA must, within ten days of receiving the due process complaint, send to the parent a response that includes the following:
      (1) An explanation of why the agency proposed or refused to take the action raised in the due process complaint;
      (2) A description of other options that the IEP team considered and the reasons why those options were rejected;
      (3) A description of each evaluation procedure, assessment, record, or report the agency used as the basis for the proposed or refused action; and
      (4) A description of the other factors that are relevant to the agency’s proposed or refused action.
   b. Rule of construction. A response by an LEA under 41.508(5)“a” shall not be construed to preclude the LEA from asserting that the parent’s due process complaint was insufficient, where appropriate.

41.508(6) Other party response to a due process complaint. Except as provided in subrule 41.508(5), the party receiving a due process complaint must, within ten days of receiving the due process complaint, send to the other party a response that specifically addresses the issues raised in the due process complaint.

   41.509(1) Forms available. The department shall develop model forms to assist parents and public agencies in filing a due process complaint and to assist parents and other parties in filing a state complaint; however, the department or LEA may not require the use of the model forms.
   41.509(2) Use of forms. Parents, public agencies, and other parties may use the appropriate model form described in subrule 41.509(1), or another form or other document, so long as the form or document that is used meets, as appropriate, the content requirements in subrule 41.508(2) for filing a due process complaint, or the requirements in subrule 41.153(2) for filing a state complaint.

   41.510(1) Resolution meeting.
      a. General. Within 15 days of receiving notice of the parent’s due process complaint, and prior to the initiation of a due process hearing, the LEA must convene a meeting with the parent and the relevant
member or members of the IEP team who have specific knowledge of the facts identified in the due process complaint that:

(1) Includes a representative of the public agency who has decision-making authority on behalf of that agency; and

(2) May not include an attorney of the LEA unless the parent is accompanied by an attorney.

b. Purpose of meeting. The purpose of the meeting is for the parent of the child to discuss the due process complaint and the facts that form the basis of the due process complaint so that the LEA has the opportunity to resolve the dispute that is the basis for the due process complaint.

c. When meeting not necessary. The meeting described in 41.510(1) “a” and “b” need not be held if the parent and the LEA agree in writing to waive the meeting, or the parent and the LEA agree to use the mediation process described in rule 281—41.506(256B,34CFR300).

d. Determining relevant members of IEP team. The parent and the LEA determine the relevant members of the IEP team to attend the meeting.

41.510(2) Resolution period.

a. General. If the LEA has not resolved the due process complaint to the satisfaction of the parent within 30 days of the receipt of the due process complaint, the due process hearing may occur.

b. Timeline for decision. Except as provided in subrule 41.510(3), the timeline for issuing a final decision under rule 281—41.515(256B,34CFR300) begins at the expiration of this 30-day period.

c. Failure of parent to participate: delay of timeline. Except where the parties have jointly agreed to waive the resolution process or to use mediation, the failure of the parent filing a due process complaint to participate in the resolution meeting will delay the timelines for the resolution process and due process hearing until the meeting is held.

d. Failure of parent to participate: dismissal of complaint. If the LEA is unable to obtain the participation of the parent in the resolution meeting after reasonable efforts have been made and documented using the procedures in subrule 41.322(4), the LEA may, at the conclusion of the 30-day period, request that the administrative law judge dismiss the parent’s due process complaint.

e. Failure of LEA to hold meeting. If the LEA fails to hold the resolution meeting specified in subrule 41.510(1) within 15 days of receiving notice of a parent’s due process complaint or fails to participate in the resolution meeting, the parent may seek the intervention of the administrative law judge to begin the due process hearing timeline.

41.510(3) Adjustments to 30-day resolution period. The 45-day timeline for the due process hearing in subrule 41.515(1) starts the day after one of the following events:

a. Both parties agree in writing to waive the resolution meeting;

b. After either the mediation or resolution meeting starts but before the end of the 30-day period, the parties agree in writing that no agreement is possible;

c. If all parties agree in writing to continue the mediation at the end of the 30-day resolution period, but later the parent or public agency withdraws from the mediation process.

41.510(4) Written settlement agreement. If a resolution to the dispute is reached at the meeting described in 41.510(1) “a” and “b,” the parties must execute a legally binding agreement that is:

a. Signed by both the parent and a representative of the agency who has the authority to bind the agency; and

b. Enforceable in any state court of competent jurisdiction or in a district court of the United States, or, by the department, including but not limited to through the state complaint process.

41.510(5) Agreement review period. If the parties execute an agreement pursuant to subrule 41.510(4), a party may void the agreement within three business days of the agreement’s execution.

41.511(1) General. Whenever a due process complaint is received under this division, the parents or the LEA involved in the dispute must have an opportunity for an impartial due process hearing, consistent with the procedures in this chapter.

41.511(2) SEA responsible for conducting the due process hearing. The hearing described in subrule 41.511(1) must be conducted by the department.
41.511(3) Administrative law judge.
   a. Minimum qualifications. At a minimum, an administrative law judge:
      (1) Must not be an employee of the SEA or the LEA that is involved in the education or care of the child or a person having a personal or professional interest that conflicts with the person’s objectivity in the hearing;
      (2) Must possess knowledge of, and the ability to understand, the provisions of the Act, federal and state regulations pertaining to the Act, and legal interpretations of the Act by federal and state courts;
      (3) Must possess the knowledge and ability to conduct hearings in accordance with appropriate, standard legal practice; and
      (4) Must possess the knowledge and ability to render and write decisions in accordance with appropriate, standard legal practice.
   b. Rule of construction. A person who otherwise qualifies to conduct a hearing under 41.511(3) “a” is not an employee of the agency solely because the person is paid by the agency to serve as an administrative law judge.
   c. SEA to maintain list of administrative law judges. The department shall keep a list of the persons who serve as administrative law judges. The list must include a statement of the qualifications of each of those persons.

41.511(4) Subject matter of due process hearings. The party requesting the due process hearing may not raise issues at the due process hearing that were not raised in the due process complaint filed under subrule 41.508(2), unless each of the other parties agrees otherwise.

41.511(5) Timeline for requesting a hearing. A parent or agency must request an impartial hearing on the due process complaint within two years of the date the parent or agency knew or should have known about the alleged action that forms the basis of the due process complaint.

41.511(6) Exceptions to the timeline. The timeline described in subrule 41.511(5) does not apply to a parent if the parent was prevented from filing a due process complaint due to either of the following:
   a. Specific misrepresentations by the LEA that it had resolved the problem forming the basis of the due process complaint; or
   b. The LEA’s withholding of information from the parent that was required under this chapter to be provided to the parent.

41.512(1) General. Any party to a hearing conducted pursuant to the rules of this division and Division XII has the right to:
   a. Be accompanied and advised by counsel and by individuals with special knowledge or training with respect to the problems of children with disabilities;
   b. Present evidence and confront, cross-examine, and compel the attendance of witnesses;
   c. Prohibit the introduction of any evidence at the hearing that has not been disclosed to that party at least five business days before the hearing;
   d. Obtain a written or, at the option of the parents, electronic, verbatim record of the hearing; and
   e. Obtain written or, at the option of the parents, electronic findings of fact and decisions.

41.512(2) Additional disclosure of information.
   a. At least five business days prior to a hearing conducted pursuant to subrule 41.511(1), each party must disclose to all other parties all evaluations completed by that date and recommendations based on the offering party’s evaluations that the party intends to use at the hearing.
   b. An administrative law judge may bar any party that fails to comply with 41.512(2) “a” from introducing the relevant evaluation or recommendation at the hearing without the consent of the other party.

41.512(3) Parental rights at hearings. Parents involved in hearings must be given the right to:
   a. Have the child who is the subject of the hearing present;
   b. Open the hearing to the public; and
   c. Have the record of the hearing and the findings of fact and decisions described in 41.512(1) “d” and “e” provided at no cost to parents.
   41.513(1) Decision of administrative law judge on the provision of FAPE.
      a. Subject to 41.513(1)“b,” an administrative law judge’s determination of whether a child
         received FAPE must be based on substantive grounds.
      b. In matters alleging a procedural violation, an administrative law judge may find that a child did
         not receive FAPE only if the procedural inadequacies:
            (1) Impeded the child’s right to FAPE;
            (2) Significantly impeded the parent’s opportunity to participate in the decision-making process
                regarding the provision of FAPE to the parent’s child; or
            (3) Caused a deprivation of educational benefit.
      c. Nothing in this subrule shall be construed to preclude an administrative law judge from ordering
         an LEA to comply with procedural requirements under this division.
   41.513(2) Reserved.
   41.513(3) Separate request for a due process hearing. Nothing in this division shall be construed to
         preclude a parent from filing a separate due process complaint on an issue separate from a due process
         complaint already filed.
   41.513(4) Findings and decision to advisory panel and general public. The department, after
         deleting any personally identifiable information, must:
         a. Transmit the findings and decisions referred to in 41.512(1)”e” to the state advisory panel
            established under rule 281—41.167(256B,34CFR300); and
         b. Make those findings and decisions available to the public.

281—41.514(256B,34CFR300) Finality of decision. A decision made in a hearing conducted pursuant
     to this division is final, except that any party involved in the hearing may appeal the decision by filing a
     civil action in state or federal court.

281—41.515(256B,34CFR300) Timelines and convenience of hearings.
   41.515(1) Timeline. The public agency must ensure that not later than 45 days after the expiration of
            the 30-day period under subrule 41.510(2), or the adjusted time periods described in subrule 41.510(3):
            a. A final decision is reached in the hearing; and
            b. A copy of the decision is mailed to each of the parties.
   41.515(2) Reserved.
   41.515(3) Extensions of time or continuances. An administrative law judge may grant specific
            extensions of time or continuances beyond the periods set out in subrule 41.515(1) at the request of
            either party.
   41.515(4) Hearing time. Each hearing must be conducted at a time and place that is reasonably
            convenient to the parents and child involved.

   41.516(1) General. Any party aggrieved by the findings and decision made under this division has
            the right to bring a civil action with respect to the due process complaint notice requesting a due process
            hearing under this division. The action may be brought in any state court of competent jurisdiction or in
            a district court of the United States without regard to the amount in controversy.
   41.516(2) Time limitation. The party bringing the action shall have 90 days from the date of the
            decision of the administrative law judge to file a civil action.
   41.516(3) Additional requirements. In any action brought under subrule 41.516(1), the court:
            a. Receives the records of the administrative proceedings;
            b. Hears additional evidence at the request of a party; and
            c. Basing its decision on the preponderance of the evidence, grants the relief that the court
               determines to be appropriate.
   41.516(4) Jurisdiction of United States district courts. The district courts of the United States have
            jurisdiction of actions brought under Section 615 of the Act without regard to the amount in controversy.
41.516(5) Rule of construction. Nothing in Part B of the Act or this chapter restricts or limits the rights, procedures, and remedies available under the Constitution, the Americans with Disabilities Act of 1990, Title V of the Rehabilitation Act of 1973, or other federal laws protecting the rights of children with disabilities, except that before the filing of a civil action under these laws seeking relief that is also available under Section 615 of the Act, the procedures under rules 281—41.507(256B,34CFR300) and 281—41.514(256B,34CFR300) must be exhausted to the same extent as would be required had the action been brought under Section 615 of the Act.

41.517(1) General. In any action or proceeding brought under Section 615 of the Act, the court, in its discretion, may award reasonable attorneys’ fees as part of the costs to any of the following:

a. The prevailing party who is the parent of a child with a disability;

b. To a prevailing party who is an SEA or LEA against the attorney of a parent who files a complaint or subsequent cause of action that is frivolous, unreasonable, or without foundation, or against the attorney of a parent who continued to litigate after the litigation clearly became frivolous, unreasonable, or without foundation; or

c. To a prevailing SEA or LEA against the attorney of a parent, or against the parent, if the parent’s request for a due process hearing or subsequent cause of action was presented for any improper purpose, such as to harass, to cause unnecessary delay, or to needlessly increase the cost of litigation.

41.517(2) Prohibition on use of funds.

a. Funds under Part B of the Act may not be used to pay attorneys’ fees or costs of a party related to any action or proceeding under Section 615 of the Act and this division.

b. Paragraph 41.517(2) “a” does not preclude a public agency from using funds under Part B of the Act for conducting an action or proceeding under Section 615 of the Act.

41.517(3) Award of fees. A court awards reasonable attorneys’ fees under Section 615(i)(3) of the Act consistent with the following:

a. Amount of fees. Fees awarded under Section 615(i)(3) of the Act must be based on rates prevailing in the community in which the action or proceeding arose for the kind and quality of services furnished. No bonus or multiplier may be used in calculating the fees awarded under this paragraph.

b. When fees and costs may not be awarded.

1. Attorneys’ fees may not be awarded and related costs may not be reimbursed in any action or proceeding under Section 615 of the Act for services performed subsequent to the time of a written offer of settlement to a parent if:
   1. The offer is made within the time prescribed by Rule 68 of the federal Rules of Civil Procedure or, in the case of an administrative proceeding, at any time more than ten days before the proceeding begins;
   2. The offer is not accepted within ten days; and
   3. The court or administrative law judge finds that the relief finally obtained by the parents is not more favorable to the parents than the offer of settlement.

2. Attorneys’ fees may not be awarded relating to any meeting of the IEP team unless the meeting is convened as a result of an administrative proceeding or judicial action, or at the discretion of the state, for a mediation described in rule 281—41.506(256B,34CFR300).

3. A meeting conducted pursuant to rule 281—41.510(256B,34CFR300) shall not be considered either of the following:
   1. A meeting convened as a result of an administrative hearing or judicial action; or
   2. An administrative hearing or judicial action for purposes of this rule.

c. Exception to offer of settlement subrule. Notwithstanding 41.517(3) “b”(1), an award of attorneys’ fees and related costs may be made to a parent who is the prevailing party and who was substantially justified in rejecting the settlement offer.

d. Reduction in attorney fees. Except as provided in 41.517(3) “e,” the court reduces, accordingly, the amount of the attorneys’ fees awarded under Section 615 of the Act, if the court finds that:
(1) The parent, or the parent’s attorney, during the course of the action or proceeding, unreasonably protracted the final resolution of the controversy;

(2) The amount of the attorneys’ fees otherwise authorized to be awarded unreasonably exceeds the hourly rate prevailing in the community for similar services by attorneys of reasonably comparable skill, reputation, and experience;

(3) The time spent and legal services furnished were excessive considering the nature of the action or proceeding; or

(4) The attorney representing the parent did not provide to the LEA the appropriate information in the due process request notice in accordance with §41.508(256B,34CFR300).

e. Exception to reduction in fees subrule. The provisions of §41.517(3)“d” do not apply in any action or proceeding if the court finds that the state or local agency unreasonably protracted the final resolution of the action or proceeding or there was a violation of Section 615 of the Act.

41.518(1) General. Except as provided in §41.533(256B,34CFR300), during the pendency of any administrative or judicial proceeding regarding a due process complaint notice requesting a due process hearing under §41.507(256B,34CFR300), unless the state or local agency and the parents of the child agree otherwise, the child involved in the complaint must remain in his or her current educational placement.

41.518(2) Initial admission to public school. If the complaint involves an application for initial admission to public school, the child, with the consent of the parents, must be placed in the public school until the completion of all the proceedings.

41.518(3) Transition from Part C to Part B. If the complaint involves an application for initial services under this chapter from a child who is transitioning from Part C of the Act to Part B and is no longer eligible for Part C services because the child has reached the age of three, the public agency is not required to provide the Part C services that the child had been receiving. If the child is found eligible for special education and related services under Part B and the parent consents to the initial provision of special education and related services under subrule 41.300(2), then the public agency must provide those special education and related services that are not in dispute between the parent and the public agency.

41.518(4) Administrative law judge decision. If the administrative law judge in a due process hearing conducted by the SEA agrees with the child’s parents that a change of placement is appropriate, that placement must be treated as an agreement between the state and the parents for purposes of subrule 41.518(1).

41.518(5) Mediation requested prior to the filing of a due process complaint. Except as provided in §41.533(256B,34CFR300), during the pendency of any request for mediation filed prior to or in lieu of a due process complaint under §41.506(256B,34CFR300) and for ten days after any such mediation conference at which no agreement is reached, unless the state or local agency and the parents of the child agree otherwise, the child involved in any such mediation conference must remain in his or her current educational placement.

[ARC 9376B, IAB 2/23/11, effective 3/30/11]

41.519(1) General. Each public agency must ensure that the rights of a child are protected when:

a. No parent as defined in §41.30(256B,34CFR300) can be identified;

b. The public agency, after reasonable efforts, cannot locate a parent;

c. The child is a ward of the state under the laws of the state; or

d. The child is an unaccompanied homeless youth as defined in Section 725(6) of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11434a(6)).

41.519(2) Duties of public agency. The duties of a public agency under subrule 41.519(1) include the assignment of an individual to act as a surrogate for the parents. This must include a method for determining whether a child needs a surrogate parent and for assigning a surrogate parent to the child.
41.519(3) Wards of the state. In the case of a child who is a ward of the state, the surrogate parent alternatively may be appointed by the judge presiding in the child’s case, provided that the surrogate meets the requirements in 41.519(4) “b”(1) and 41.519(5).

41.519(4) Criteria for selection of surrogate parents.
   a. The public agency may select a surrogate parent in any way permitted under state law.
   b. Public agencies must ensure that a person selected as a surrogate parent:
      (1) Is not an employee of the SEA, the LEA, or any other public or private agency that is involved in the education or care of the child;
      (2) Has no personal or professional interest that conflicts with the interest of the child the surrogate parent represents; and
      (3) Has knowledge and skills that ensure adequate representation of the child.

41.519(5) Nonemployee requirement; compensation. A person otherwise qualified to be a surrogate parent under subrule 41.519(4) is not an employee of the agency solely because the person is paid by the agency to serve as a surrogate parent.

41.519(6) Unaccompanied homeless youth. In the case of a child who is an unaccompanied homeless youth, appropriate staff of emergency shelters, transitional shelters, independent living programs, and street outreach programs may be appointed as temporary surrogate parents without regard to 41.519(4) “b”(1), until a surrogate parent can be appointed that meets all of the requirements of subrule 41.519(4).

41.519(7) Surrogate parent responsibilities. The surrogate parent may represent the child in all matters relating to the identification, evaluation, and educational placement of the child, and the provision of FAPE to the child.

41.519(8) Training of surrogate parents. Training shall be conducted as necessary by each AEA using a training procedure approved by the department, which includes rights and responsibilities of a surrogate parent, sample forms used by LEAs and AEs, specific needs of individuals with disabilities and resources for legal and instructional technical assistance. The department shall provide continuing education and assistance to AEs upon request.

41.519(9) SEA responsibility. The department must make reasonable efforts to ensure the assignment of a surrogate parent not more than 30 days after a public agency determines that the child needs a surrogate parent. The department shall provide assistance to, and shall monitor, surrogate parent programs.

281—41.520(256B,34CFR300) Transfer of parental rights at age of majority.

41.520(1) General. The state provides, when a child with a disability (except for a child with a disability who has been determined to be incompetent under state law) reaches the age of majority under Iowa Code section 599.1, all of the following:
   a. General rule.
      (1) The public agency must provide any notice required by this chapter to both the child and the parents; and
      (2) All rights accorded to parents under Part B of the Act transfer to the child.
   b. Special rule: incarcerated eligible individuals. All rights accorded to parents under Part B of the Act transfer to children who are incarcerated in an adult or juvenile, state or local correctional institution.
      c. Notice requirement. Whenever a state provides for the transfer of rights under Part B of the Act and this chapter pursuant to 41.520(1) “a” or “b,” the agency must notify the child and the parents of the transfer of rights.

41.520(2) Special rules. If a court appoints a guardian for an eligible individual who has attained the age of majority under subrule 41.520(1) and the court determines all decisions shall be made by the guardian or specifically determines all educational decisions should be made by the guardian, then rights under subrule 41.520(1) do not transfer but are exercised pursuant to any applicable orders of the court. If a court determines a child who has attained the age of majority under subrule 41.520(1) does not have capacity to make educational decisions under any other applicable statute, then rights under
subrule 41.520(1) do not transfer and are exercised by the child’s parent or pursuant to court order. If
and when state law provides that a competent authority may determine that an eligible individual who
has attained the age of majority under subrule 41.520(1) and who has not been found incompetent by
any court under this subrule, the department shall establish procedures for appointing the parent of a
child with a disability, or, if the parent is not available, another appropriate individual, to represent the
educational interests of the child throughout the period of the child’s eligibility under Part B of the Act
if the child can be determined by the competent authority, by clear and convincing evidence, not to have
the ability to provide informed consent with respect to the child’s educational program.

41.521 to 41.529 Reserved.

41.530(256B,34CFR300) Authority of school personnel.
41.530(1) Case-by-case determination. School personnel may consider any unique circumstances
on a case-by-case basis when determining whether a change in placement, consistent with the other
requirements of this rule, is appropriate for a child with a disability who violates a code of student
conduct.

41.530(2) General.

a. School personnel under this rule may remove a child with a disability who violates a code
of student conduct from his or her current placement to an appropriate interim alternative educational
setting, another setting, or suspension, for not more than ten consecutive school days, to the extent those
alternatives are applied to children without disabilities, and for additional removals of not more than ten
consecutive school days in that same school year for separate incidents of misconduct, as long as those
removals do not constitute a change of placement under rule 281—41.536(256B,34CFR300).

b. After a child with a disability has been removed from his or her current placement for ten school
days in the same school year, during any subsequent days of removal the public agency must provide
services to the extent required under subrule 41.530(4).

41.530(3) Additional authority. For disciplinary changes in placement that would exceed ten
consecutive school days, if the behavior that gave rise to the violation of the school code is determined
not to be a manifestation of the child’s disability pursuant to subrule 41.530(5), school personnel may
apply the relevant disciplinary procedures to children with disabilities in the same manner and for the
same duration as the procedures would be applied to children without disabilities, except as provided
in subrule 41.530(4).

41.530(4) Services.

a. A child with a disability who is removed from the child’s current placement pursuant to subrule
41.530(3) or 41.530(7) must receive the following:

(1) Educational services, as provided in subrule 41.101(1), so as to enable the child to continue
to participate in the general education curriculum, although in another setting, and to progress toward
meeting the goals set out in the child’s IEP; and

(2) As appropriate, a functional behavioral assessment, and behavioral intervention services and
modifications, that are designed to address the behavior violation so that it does not recur.

b. The services required by 41.530(4) “a” and “c” to “e” may be provided in an interim alternative
educational setting.

c. A public agency is required to provide services during periods of removal to a child with a
disability who has been removed from his or her current placement for ten school days or less in that
school year, only if it provides services to a child without disabilities who is similarly removed.

d. After a child with a disability has been removed from his or her current placement for ten school
days in the same school year, if the current removal is for not more than ten consecutive school days and is
not a change of placement under rule 281—41.536(256B,34CFR300), school personnel, in consultation
with at least one of the child’s teachers, shall determine the extent to which services are needed, as
provided in subrule 41.101(1), so as to enable the child to continue to participate in the general education
curriculum, although in another setting, and to progress toward meeting the goals set out in the child’s
IEP.
e. If the removal is a change of placement under rule 281—41.536(256B,34CFR300), the child’s IEP team determines appropriate services under 41.530(4)‘“a.”’

41.530(5) Manifestation determination.

a. Within ten school days of any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the AEA, the LEA, the parent, and relevant members of the child’s IEP team, as determined by the parent and the AEA and LEA, must review all relevant information in the student’s file, including the child’s IEP, any teacher observations, and any relevant information provided by the parents to determine:

(1) If the conduct in question was caused by, or had a direct and substantial relationship to, the child’s disability; or

(2) If the conduct in question was the direct result of the failure by the AEA or LEA to implement the IEP.

b. The conduct must be determined to be a manifestation of the child’s disability if the AEA, the LEA, the parent, and relevant members of the child’s IEP team determine that a condition in either 41.530(5)‘“a.”’(1) or (2) was met.

c. If the AEA, the LEA, the parent, and relevant members of the child’s IEP team determine the condition described in 41.530(5)‘“a.”’(2) was met, the public agency must take immediate steps to remedy those deficiencies.

41.530(6) Determination that behavior was a manifestation. If the AEA, the LEA, the parent, and relevant members of the IEP team make the determination that the conduct was a manifestation of the child’s disability, the IEP team must proceed as follows:

a. Conduct a functional behavioral assessment, unless the AEA or LEA had conducted a functional behavioral assessment before the behavior that resulted in the change of placement occurred, and implement a behavioral intervention plan for the child; or

b. If a behavioral intervention plan already has been developed, review the behavioral intervention plan and modify it, as necessary, to address the behavior; and

c. Except as provided in subrule 41.530(7), return the child to the placement from which the child was removed, unless the parent and the public agency agree to a change of placement as part of the modification of the behavioral intervention plan.

41.530(7) Special circumstances. School personnel may remove a student to an interim alternative educational setting for not more than 45 school days without regard to whether the behavior is determined to be a manifestation of the child’s disability, if the child:

a. Carries a weapon to or possesses a weapon at school, on school premises, or to or at a school function under the jurisdiction of an SEA or an LEA;

b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function under the jurisdiction of an SEA or an LEA; or

c. Has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of an SEA or an LEA.

41.530(8) Notification. On the date on which the decision is made to make a removal that constitutes a change of placement of a child with a disability because of a violation of a code of student conduct, the LEA must notify the parents of that decision and provide the parents the procedural safeguards notice described in rule 281—41.504(256B,34CFR300).

41.530(9) Definitions. For purposes of this rule, the following definitions apply:

a. Controlled substance. “Controlled substance” means a drug or other substance identified under Schedule I, II, III, IV, or V in Section 202(c) of the Controlled Substances Act (21 U.S.C. 812(c)).

b. Illegal drug. “Illegal drug” means a controlled substance; but does not include a controlled substance that is legally possessed or used under the supervision of a licensed health care professional or that is legally possessed or used under any other authority under that Act or under any other provision of federal law.

c. Serious bodily injury. “Serious bodily injury” has the meaning given the term “serious bodily injury” under paragraph (3) of subsection (h) of Section 1365 of Title 18, United States Code.
d. Weapon. “Weapon” has the meaning given the term “dangerous weapon” under paragraph (2) of the first subsection (g) of Section 930 of Title 18, United States Code. A “weapon” under Iowa law is not necessarily a weapon for purposes of this rule unless it meets this definition of a “dangerous weapon.”

281—41.531(256B,34CFR300) Determination of setting. The child’s IEP team determines the interim alternative educational setting for services under 41.530(3), 41.530(4) “e,” and 41.530(7).

41.532(1) General. The parent of a child with a disability who disagrees with any decision regarding placement under rules 281—41.530(256B,34CFR300) and 281—41.531(256B,34CFR300), or the manifestation determination under subrule 41.530(5), or an LEA that believes that maintaining the current placement of the child is substantially likely to result in injury to the child or others, may appeal the decision by requesting a hearing. The hearing is requested by filing a complaint pursuant to rule 281—41.507(256B,34CFR300) and subrules 41.508(1) and 41.508(2).

41.532(2) Authority of administrative law judge.

a. An administrative law judge under rule 281—41.511(256B,34CFR300) hears and makes a determination regarding an appeal under subrule 41.532(1).

b. In making the determination under subrule 41.532(1), the administrative law judge may do either of the following:

1. Return the child with a disability to the placement from which the child was removed if the administrative law judge determines that the removal was a violation of rule 281—41.530(256B,34CFR300) or that the child’s behavior was a manifestation of the child’s disability;

2. Order a change of placement of the child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the administrative law judge determines that maintaining the current placement of the child is substantially likely to result in injury to the child or to others.

c. The procedures under 41.532(1) and 41.532(2) “a” and “b” may be repeated, if the LEA believes that returning the child to the original placement is substantially likely to result in injury to the child or to others.

41.532(3) Expedited due process hearing.

a. Whenever a hearing is requested under subrule 41.532(1), the parents or the LEA involved in the dispute must have an opportunity for an impartial due process hearing consistent with the requirements of rule 281—41.507(256B,34CFR300), subrules 41.508(1) to 41.508(3), and rules 281—41.510(256B,34CFR300) to 281—41.514(256B,34CFR300), except as provided in 41.532(3) “b” and “c.”

b. The department is responsible for arranging the expedited due process hearing, which must occur within 20 school days of the date the complaint requesting the hearing is filed. The administrative law judge must make a determination within 10 school days after the hearing.

c. Unless the parents and LEA agree in writing to waive the resolution meeting described in this paragraph, or agree to use the mediation process described in rule 281—41.506(256B,34CFR300), the procedure is as follows:

1. A resolution meeting must occur within 7 days of receiving notice of the due process complaint; and

2. The due process hearing may proceed unless the matter has been resolved to the satisfaction of all parties within 15 days of the receipt of the due process complaint.

d. Reserved.

e. The decisions on expedited due process hearings are appealable consistent with rule 281—41.514(256B,34CFR300).

281—41.533(256B,34CFR300) Placement during appeals and mediations. When an appeal under rule 281—41.532(256B,34CFR300) or a request for mediation under rules
281—41.506(256B,34CFR300) and 281—41.1002(256B,34CFR300) has been made by either the parent or the LEA, the child must remain in the interim alternative educational setting pending the decision of the administrative law judge or until the expiration of the time period specified in subrule 41.530(3) or 41.530(7), whichever occurs first, unless the parent and the SEA or LEA agree otherwise. [ARC 9376B, IAB 2/23/11, effective 3/30/11]

281—41.534(256B,34CFR300) Protections for children not determined eligible for special education and related services.

41.534(1) General. A child who has not been determined to be eligible for special education and related services under this chapter and who has engaged in behavior that violated a code of student conduct may assert any of the protections provided for in this chapter if the public agency had knowledge, as determined in accordance with subrule 41.534(2), that the child was a child with a disability before the behavior that precipitated the disciplinary action occurred.

41.534(2) Basis of knowledge. A public agency must be deemed to have knowledge that a child is a child with a disability if before the behavior that precipitated the disciplinary action occurred any of the following occurred:

a. The parent of the child expressed concern in writing to supervisory or administrative personnel of the appropriate educational agency or to a teacher of the child that the child is in need of special education and related services;

b. The parent of the child requested an evaluation of the child pursuant to this chapter; or

c. The teacher of the child, or other personnel of the LEA, expressed specific concerns about a pattern of behavior demonstrated by the child directly to the director of special education of the agency or to other supervisory personnel of the agency.

41.534(3) Exception. A public agency would not be deemed to have knowledge under subrule 41.534(2) under the following conditions:

a. The parent of the child has not allowed an evaluation of the child pursuant to this chapter or has refused services under Part B of the Act or this chapter; or

b. The child has been evaluated in accordance with this chapter and determined not to be a child with a disability under Part B of the Act and this chapter.

41.534(4) Conditions that apply if no basis of knowledge.

a. General. If a public agency does not have knowledge that a child is a child with a disability, in accordance with subrules 41.534(2) and 41.534(3), prior to taking disciplinary measures against the child, the child may be subjected to the disciplinary measures applied to children without disabilities who engage in comparable behaviors consistent with 41.534(4)“b.”

b. Request for evaluation.

1) If a request is made for an evaluation of a child during the time period in which the child is subjected to disciplinary measures under rule 281—41.530(256B,34CFR300), the evaluation must be conducted in an expedited manner.

2) Until the evaluation is completed, the child remains in the educational placement determined by school authorities, which can include suspension or expulsion without educational services.

3) If the child is determined to be a child with a disability, taking into consideration information from the evaluation conducted by the agency and information provided by the parents, the agency must provide special education and related services in accordance with Part B of the Act and this chapter, including the requirements of rules 281—41.530(256B,34CFR300) to 281—41.536(256B,34CFR300) and Section 612(a)(1)(A) of the Act.

281—41.535(256B,34CFR300) Referral to and action by law enforcement and judicial authorities.

41.535(1) Rule of construction. Nothing in Part B of the Act or this chapter prohibits an agency from reporting a crime committed by a child with a disability to appropriate authorities or prevents state law enforcement and judicial authorities from exercising their responsibilities with regard to the application of federal and state law to crimes committed by a child with a disability.

41.535(2) Transmittal of records.
a. An agency reporting a crime committed by a child with a disability must ensure that copies of the special education and disciplinary records of the child are transmitted for consideration by the appropriate authorities to whom the agency reports the crime.

b. An agency reporting a crime under this rule may transmit copies of the child’s special education and disciplinary records only to the extent that the transmission is permitted by the Family Educational Rights and Privacy Act, such as by obtaining consent (34 CFR Section 99.30) or in instances where disclosure without consent is permitted (34 CFR Section 99.31).

281—41.536(256B,34CFR300) Change of placement because of disciplinary removals.

41.536(1) General. For purposes of removals of a child with a disability from the child’s current educational placement under rules 281—41.530(256B,34CFR300) to 281—41.535(256B,34CFR300), a change of placement occurs under the following circumstances:

a. The removal is for more than ten consecutive school days; or

b. The child has been subjected to a series of removals that constitute a pattern based on the following:

   (1) The series of removals total more than ten school days in a school year;

   (2) The child’s behavior is substantially similar to the child’s behavior in previous incidents that resulted in the series of removals; and

   (3) Additional factors, such as the length of each removal, the total amount of time the child has been removed, and the proximity of the removals to one another.

41.536(2) Rules of construction.

a. The public agency determines on a case-by-case basis whether a pattern of removals constitutes a change of placement.

b. This determination is subject to review through due process and judicial proceedings.

c. Nothing in this rule shall be construed to prohibit LEAs from establishing policies that a change of placement occurs on the eleventh cumulative day of removal, regardless of the factors set forth in 41.536(1)“b.”

41.536(3) In-school suspensions and other actions. In determining whether an in-school suspension or other disciplinary action is to be considered a removal for purposes of this rule, an in-school suspension or other disciplinary action will not be considered a removal if all three of the following questions are answered in the affirmative:

a. Will the child be able to appropriately participate in the general education curriculum?

b. Will the child be able to receive the services specified in the child’s IEP?

c. Will the child be able to participate with children without disabilities to the extent provided in the child’s current placement?

281—41.537(256B,34CFR300) State enforcement mechanisms. Notwithstanding 41.506(2)“g” and 41.510(4)“b,” which provide for judicial enforcement of a written agreement reached as a result of mediation or a resolution meeting, there is nothing in Part B of the Act that would prevent the department from using other mechanisms to seek enforcement of that agreement, such as the state complaint procedure, provided that use of those mechanisms is not mandatory and does not delay or deny a party the right to seek enforcement of the written agreement in a state court of competent jurisdiction or in a district court of the United States.

281—41.538 to 41.599 Reserved.

DIVISION VIII
MONITORING, ENFORCEMENT, CONFIDENTIALITY, AND PROGRAM INFORMATION

281—41.600(256B,34CFR300) State monitoring and enforcement.

41.600(1) General. The state must monitor the implementation of Part B of the Act and this chapter, enforce this chapter in accordance with rule 281—41.604(256B,34CFR300), and annually report on performance under Part B of the Act and this chapter.
41.600(2) **Primary focus of monitoring activity.** The primary focus of the state’s monitoring activities must be on the following:

a. Improving educational results and functional outcomes for all children with disabilities; and

b. Ensuring that public agencies meet the program requirements under Part B of the Act, with a particular emphasis on those requirements that are most closely related to improving educational results for children with disabilities.

41.600(3) **Indicators of performance and compliance.** As a part of its responsibilities under subrule 41.600(1), the state must use quantifiable indicators and such qualitative indicators as are needed to adequately measure performance in the priority areas identified in subrule 41.600(4) and the indicators established by the Secretary for the state performance plans.

41.600(4) **Priority indicators.** The state must monitor the LEAs located in the state, using quantifiable indicators in each of the following priority areas and using such qualitative indicators as are needed to adequately measure performance in those areas:

a. Provision of FAPE in the least restrictive environment.

b. State exercise of general supervision, including child find, effective monitoring, the use of resolution meetings, mediation, and a system of transition services as defined in rule 281—41.43(256B,34 CFR300) and in 20 U.S.C. 1437(a)(9).

c. Disproportionate representation of racial and ethnic groups in special education and related services, to the extent the representation is the result of inappropriate identification.

41.600(5) **Correction of noncompliance.** In exercising its monitoring responsibilities under subrule 41.600(4), the state must ensure that when it identifies noncompliance with the requirements of this chapter by an LEA, the noncompliance is corrected as soon as possible, but in no case later than one year after the state’s identification of the LEA’s noncompliance.

[ARC 8387B, IAB 12/16/09, effective 1/20/10]

281—41.601(256B,34 CFR300) **State performance plans and data collection.**

41.601(1) **General.** Each state must have in place a performance plan that evaluates the state’s efforts to implement the requirements and purposes of Part B of the Act and describes how the state will improve such implementation.

a. Each state must submit the state’s performance plan to the Secretary for approval in accordance with the approval process described in Section 616(c) of the Act.

b. Each state must review its state performance plan at least once every six years and submit any amendments to the Secretary.

c. As part of the state performance plan, each state must establish measurable and rigorous targets for the indicators established by the Secretary under the priority areas described in 34 CFR Section 300.600(d).

41.601(2) **Data collection.**

a. The state must collect valid and reliable information as needed to report annually to the Secretary on the indicators established by the Secretary for the state performance plans.

b. If the Secretary permits states to collect data on specific indicators through state monitoring or sampling, and the state collects the data through state monitoring or sampling, the state must collect data on those indicators for each LEA at least once during the period of the state performance plan.

281—41.602(256B,34 CFR300) **State use of targets and reporting.**

41.602(1) **General.** The state shall use the targets established in the state’s performance plan under rule 281—41.601(256B,34 CFR300) and the priority areas described in subrule 41.600(4) to analyze the performance of each LEA.

41.602(2) **Public reporting and privacy.**

a. **Public report.** The state must:

   (1) Report annually to the public on the performance of each LEA located in the state on the targets in the state’s performance plan as soon as practicable but no later than 120 days following the state’s submission of its annual performance report under 41.602(2)“b”; and
(2) Make the state’s performance plan, the state’s annual performance reports, and annual reports on the performance of each LEA located in the state available through public means, including, at a minimum, by posting these documents on the website of the department, distribution to the media, and distribution through public agencies.

(3) If the state collects performance data through state monitoring or sampling, the state must include in its report under 41.602(2)”a”(1) the most recently available performance data on each LEA, and the date the data were obtained.

b. State performance report. The state shall report annually to the Secretary on the performance of the state under the state’s performance plan.

c. Privacy. The state shall not report to the public or the Secretary any information on performance that would result in the disclosure of personally identifiable information about individual children or where the available data are insufficient to yield statistically reliable information.

[ARC 8387B, IAB 12/16/09, effective 1/20/10]

281—41.603(256B,34CFR300) Department review and determination regarding public agency performance.

41.603(1) Review. The state shall annually review the performance of each LEA and AEA, including but not limited to data on indicators identified in the state’s performance plan, information obtained through monitoring visits, and any other public information made available.

41.603(2) Determination. Based on the information obtained and reviewed by the state, the state shall determine whether each LEA and AEA:

a. Meets the requirements and purposes of Part B of the Act and of this chapter;

b. Needs assistance in implementing the requirements of Part B of the Act and of this chapter;

c. Needs intervention in implementing the requirements of Part B of the Act and of this chapter; or

d. Needs substantial intervention in implementing the requirements of Part B of the Act and of this chapter.

41.603(3) Criteria for determination. The department shall develop criteria for making the determinations required by subrule 41.603(2).

41.603(4) Variance of determination. In making the determination required by subrule 41.603(2), the SEA in its discretion may adjust or vary from the criteria described in subrule 41.603(3) based on unusual, unanticipated, or extraordinary aggravating or mitigating factors, on a case-by-case basis.

41.603(5) Notice and opportunity for a hearing. For determinations made under 41.603(2)”a” or “b,” the state shall provide reasonable notice of its determination. For determinations made under 41.603(2)”c” or “d,” the state shall provide reasonable notice of its determination and may, in its sound discretion, grant an informal hearing to an AEA or LEA; however, if withholding of funds is a remedy associated with a particular determination, the state shall provide a hearing under rule 281—41.605(256B,34CFR300). Under any hearing granted under this rule or rule 281—41.605(256B,34CFR300), the AEA or LEA must demonstrate that the state abused its discretion in making the determination described in subrule 41.603(2).

41.604(1) Needs assistance. If the state determines for two consecutive years that an LEA or AEA needs assistance under 41.603(2)”h” in implementing the requirements of Part B of the Act, the state shall take one or more of the following actions:

a. Advise the LEA or AEA of available sources of technical assistance that may help the LEA or AEA to address the areas in which it needs assistance, which may include assistance from the Iowa department of education, other state agencies, technical assistance providers approved by the Secretary, and other federally funded and state-funded nonprofit agencies, and require it to work with appropriate entities. Such technical assistance may include any of the following:

(1) The provision of advice by experts to address the areas in which the LEA or AEA needs assistance, including explicit plans for addressing the area for concern within a specified period of time;
(2) Assistance in identifying and implementing professional development, instructional strategies, and methods of instruction that are based on scientifically based research;

(3) Designating and using distinguished superintendents, principals, special education administrators, special education teachers and other teachers to provide advice, technical assistance, and support; and

(4) Devising additional approaches to providing technical assistance, such as collaborating with institutions of higher education, educational service agencies, national centers of technical assistance supported under Part D of the Act, and private providers of scientifically based technical assistance.

b. Identify the LEA or AEA as a high-risk grantee and impose special conditions on its grant under Part B of the Act.

41.604(2) Needs intervention. If the state determines for three or more consecutive years that an LEA or AEA needs intervention under 41.603(2) “c” in implementing the requirements of Part B of the Act, the following shall apply:

a. The state may take any of the actions described in subrule 41.604(1).

b. The state shall take one or more of the following actions:

(1) Require the LEA or AEA to prepare a corrective action plan or improvement plan if the state determines that the LEA or AEA should be able to correct the problem within one year.

(2) Withhold, in whole or in part, any further payments to the AEA or LEA under Part B of the Act.

41.604(3) Needs substantial intervention. Notwithstanding subrule 41.604(1) or 41.604(2), at any time that the state determines that an LEA or AEA needs substantial intervention in implementing the requirements of Part B of the Act or of this chapter or that there is a substantial failure to comply with any condition of an LEA's eligibility or an AEA's eligibility under Part B of the Act or this chapter, the state shall take one or more of the following actions:

a. Withhold, in whole or in part, any further payments to the LEA or AEA under Part B of the Act.

b. Refer the matter for appropriate enforcement action, which may include referral to the Iowa department of justice or the auditor of state.

41.604(4) Rule of construction. The listing of specific enforcement mechanisms in this rule shall not be construed to limit the enforcement mechanisms at the state’s disposal in its enforcement of this rule or any other rule in this chapter.

[ARC 9375B, IAB 2/23/11, effective 3/30/11]

41.605(1) General. As a consequence of a determination made under rule 281—41.603(256B,34CFR300) or enforcement of any provision of Part B of the Act and this chapter, the state may withhold some or all of the funds from an AEA or LEA or a program or service of an AEA or LEA, or may direct an AEA to withhold all or some funds from an LEA or a program or service of an LEA.

41.605(2) Hearing. If the state intends to withhold funds, the state shall provide notice and an opportunity for a hearing to the AEA or LEA. If a hearing is requested, the state may suspend payments to an AEA or LEA, or suspend the authority of the AEA or LEA to obligate funds, or both, until a decision is made after the hearing. A hearing under this rule, which shall not be a contested case under Iowa Code chapter 17A, shall be requested within 30 days of notice of withholding by requesting a hearing before the director of the Iowa department of education or the director’s designee. The presiding officer at the hearing shall consider the purposes of Part B of the Act and of this chapter and shall determine whether the state abused its discretion in its decision under subrule 41.605(1).

41.605(3) Reinstatement. If the LEA or AEA substantially rectifies the condition that prompted the initial withholding under subrule 41.605(1), then the state may reinstate payments to the LEA or AEA. If an LEA or AEA disagrees with the state’s decision that it has not substantially rectified the condition that prompted the initial withholding under subrule 41.605(1), the LEA or AEA may request a hearing under subrule 41.605(2).
**281—41.606(256B,34CFR300)** Public attention. Any LEA or AEA that has received notice under 41.603(2) “b,” “c,” or “d” must, by means of public notice, take such measures as may be necessary to notify the public within the LEA or AEA of such notice and of the pendency of an action taken pursuant to rule 281—41.604(256B,34CFR300).

281—41.607 Reserved.

**281—41.608(256B,34CFR300)** State enforcement.

41.608(1) Prohibition on reduction of maintenance of effort. If the state determines that an LEA or AEA is not meeting the requirements of Part B of the Act, including the targets in the state’s performance plan, the state must prohibit the LEA or AEA from reducing its maintenance of effort under rule 281—41.203(256B,34CFR300) for any fiscal year.

41.608(2) Rule of construction. Nothing in this chapter shall be construed to restrict the state from utilizing any other authority available to it to monitor and enforce the requirements of Part B of the Act or of this chapter.

**281—41.609(256B,34CFR300)** State consideration of other state or federal laws. In making the determinations required by rule 281—41.603(256B,34CFR300), in ordering actions pursuant to rule 281—41.604(256B,34CFR300), and in taking any other action under this chapter, the department may consider whether any agency has complied with any other applicable state or federal law, including but not limited to education law or disability law, or with any corrective action ordered by any competent authority for violation of any such law.

**281—41.610(256B,34CFR300)** Confidentiality. The state shall take appropriate action, in accordance with Section 444 of the General Education Provisions Act, to ensure the protection of the confidentiality of any personally identifiable data, information, and records collected or maintained by the state and by LEAs and AEAs pursuant to Part B of the Act and this chapter, and consistent with rules 281—41.611(256B,34CFR300) to 281—41.626(256B,34CFR300).

41.611(1) Destruction. “Destruction” means physical destruction or removal of personal identifiers from information so that the information is no longer personally identifiable.

41.611(2) Education records. “Education records” means the type of records covered under the definition of “education records” in 34 CFR Part 99 (the regulations implementing the Family Educational Rights and Privacy Act of 1974, 20 U.S.C. 1232g (FERPA)).

41.611(3) Participating agency. “Participating agency” means any agency or institution that collects, maintains, or uses personally identifiable information, or from which information is obtained, under Part B of the Act or this chapter.

**281—41.612(256B,34CFR300)** Notice to parents.

41.612(1) General. The department must give notice that is adequate to fully inform parents about the requirements of rule 281—41.123(256B,34CFR300), including the following information:

a. A description of the extent that the notice is given in the native languages of the various population groups in the state;

b. A description of the children on whom personally identifiable information is maintained, the types of information sought, the methods the state intends to use in gathering the information, including the sources from whom information is gathered, and the uses to be made of the information;

c. A summary of the policies and procedures that participating agencies must follow regarding storage, disclosure to third parties, retention, and destruction of personally identifiable information; and

d. A description of all of the rights of parents and children regarding this information, including the rights under FERPA and implementing regulations in 34 CFR Part 99.
41.612(2) Media announcements required. Before any major identification, location, or evaluation activity, the notice must be published or announced in newspapers or other media, or both, with circulation adequate to notify parents throughout the state of the activity.

41.613(1) General. Each participating agency must permit parents to inspect and review any education records relating to their children that are collected, maintained, or used by the agency under this chapter. The agency must comply with a request without unnecessary delay and before any meeting regarding an IEP, or any hearing pursuant to rule 281—41.507(256B,34CFR300) or rules 281—41.530(256B,34CFR300) to 281—41.532(256B,34CFR300), or resolution session pursuant to rule 281—41.510(256B,34CFR300), and in no case more than 45 days after the request has been made.

41.613(2) Extent of right to inspect and review. The right to inspect and review education records under this rule includes the following:

a. The right to a response from the participating agency to reasonable requests for explanations and interpretations of the records;

b. The right to request that the agency provide copies of the records containing the information if failure to provide those copies would effectively prevent the parent from exercising the right to inspect and review the records; and

c. The right to have a representative of the parent inspect and review the records.

41.613(3) Who may inspect and review. An agency may presume that the parent has authority to inspect and review records relating to the parent’s child unless the agency has been advised that the parent does not have the authority under applicable state law governing such matters as guardianship, separation, and divorce.

281—41.614(256B,34CFR300) Record of access. Each participating agency must keep a record of parties that obtain access to education records collected, maintained, or used under Part B of the Act, except access by parents and authorized employees of the participating agency, including the name of the party, the date access was given, and the purpose for which the party is authorized to use the records.

281—41.615(256B,34CFR300) Records on more than one child. If any education record includes information on more than one child, the parents of those children have the right to inspect and review only the information relating to their child or to be informed of that specific information.

281—41.616(256B,34CFR300) List of types and locations of information. Each participating agency must provide parents on request a list of the types and locations of education records collected, maintained, or used by the agency.

41.617(1) Fees for copies in certain circumstances. Each participating agency may charge a fee for copies of records that are made for parents under this chapter if the fee does not effectively prevent the parents from exercising their right to inspect and review those records.

41.617(2) No fees permitted for record retrieval. A participating agency may not charge a fee to search for or to retrieve information under this chapter.

281—41.618(256B,34CFR300) Amendment of records at parent’s request.

41.618(1) Parent may request amendment. A parent who believes that information in the education records collected, maintained, or used under this chapter is inaccurate or misleading or violates the privacy or other rights of the child may request the participating agency that maintains the information to amend the information.

41.618(2) Agency to act on parent’s request. The agency must decide whether to amend the information in accordance with the request within a reasonable period of time of receipt of the request.
41.618(3) **Agency to inform parent of hearing rights.** If the agency decides to refuse to amend the information in accordance with the request, it must inform the parent of the refusal and advise the parent of the right to a hearing under rule 281—41.619(256B,34CFR300).

281—41.619(256B,34CFR300) **Opportunity for a hearing.** The agency must, on request, provide an opportunity for a hearing to challenge information in education records to ensure that it is not inaccurate, misleading, or otherwise in violation of the privacy or other rights of the child.

281—41.620(256B,34CFR300) **Result of hearing.**

41.620(1) **Information to be amended.** If, as a result of the hearing, the agency decides that the information is inaccurate, misleading or otherwise in violation of the privacy or other rights of the child, it must amend the information accordingly and so inform the parent in writing.

41.620(2) **Information not to be amended.** If, as a result of the hearing, the agency decides that the information is not inaccurate, misleading, or otherwise in violation of the privacy or other rights of the child, it must inform the parent of the parent’s right to place in the records the agency maintains on the child a statement commenting on the information or setting forth any reasons for disagreeing with the decision of the agency.

41.620(3) **Explanation placed in student records.** Any explanation placed in the records of the child under this rule must be maintained by the agency as part of the records of the child as long as the record or contested portion is maintained by the agency; and, if the records of the child or the contested portion is disclosed by the agency to any party, the explanation must also be disclosed to the party.

281—41.621(256B,34CFR300) **Hearing procedures.** A hearing held under rule 281—41.619(256B,34CFR300) must be conducted according to the procedures in 34 CFR 99.22.

281—41.622(256B,34CFR300) **Consent.**

41.622(1) **When parental consent required.** Parental consent must be obtained before personally identifiable information is disclosed to parties, other than officials of participating agencies in accordance with subrule 41.622(2), unless the information is contained in education records and the disclosure is authorized without parental consent under 34 CFR Part 99.

41.622(2) **When parental consent not required.** Except as provided in subrules 41.622(3) and 41.622(4), parental consent is not required before personally identifiable information is released to officials of participating agencies for purposes of meeting a requirement of this chapter.

41.622(3) **Parental consent required related to transition.** Parental consent, or the consent of an eligible child who has reached the age of majority under state law, must be obtained before personally identifiable information is released to officials of participating agencies providing or paying for transition services in accordance with 41.321(2)“c.”

41.622(4) **Parental consent required relating to students enrolled in certain private schools.** If a child is enrolled or is going to enroll in a private school that is not located in the LEA and AEA of the parent’s residence, parental consent must be obtained before any personally identifiable information about the child is released between officials in the LEA and AEA where the private school is located and officials in the LEA and AEA of the parent’s residence.

281—41.623(256B,34CFR300) **Safeguards.** Each participating agency must protect the confidentiality of personally identifiable information at collection, storage, disclosure, and destruction stages. One official at each participating agency must assume responsibility for ensuring the confidentiality of any personally identifiable information. All persons collecting or using personally identifiable information must receive training or instruction regarding the state’s policies and procedures under rule 281—41.123(256B,34CFR300) and 34 CFR Part 99. Each participating agency must maintain, for public inspection, a current listing of the names and positions of those employees within the agency who may have access to personally identifiable information.

281—41.624(256B,34CFR300) **Destruction of information.**
41.624(1) Parents to be informed when information no longer required. The public agency must inform parents when personally identifiable information collected, maintained, or used under Part B of the Act or this chapter is no longer needed to provide educational services to the child.

41.624(2) Mandatory and permissive destruction of information. The information must be destroyed at the request of the parents. However, a permanent record of a student’s name, address, and telephone number, his or her grades, attendance record, classes attended, grade level completed, and year completed may be maintained without time limitation. This permanent record must contain the information required by rule 281—12.3(256).

41.624(3) Rule of construction—no longer needed to provide educational services to the child. For purposes of this rule, “no longer needed to provide educational services” means that a record is no longer relevant to the provision of instructional, support, or related services and it is no longer needed for accountability and audit purposes. At a minimum, a record needed for accountability and audit purposes must be retained for five years after completion of the activity for which funds were used.

[ARC 8387B, IAB 12/16/09, effective 1/20/10]

41.625(1) General. The state must have in effect policies and procedures regarding the extent to which children are afforded rights of privacy similar to those afforded to parents, taking into consideration the age of the child and type or severity of disability.

41.625(2) Transfer of rights under FERPA. Under the regulations for FERPA in 34 CFR 99.5(a), the rights of parents regarding education records are transferred to the student at the age of 18.

41.625(3) Transfer of rights under Part B of the Act. If the rights accorded to parents under Part B of the Act are transferred to a student who reaches the age of majority, consistent with rule 281—41.520(256B,34CFR300), the rights regarding educational records in rules 281—41.613(256B,34CFR300) to 281—41.624(256B,34CFR300) must also be transferred to the student. However, the public agency must provide any notice required under Section 615 of the Act to the student and the parents.

281—41.626(256B,34CFR300) Enforcement. The state must have in effect policies and procedures, including sanctions that the state uses, to ensure that its policies and procedures consistent with rules 281—41.611(256B,34CFR300) to 281—41.625(256B,34CFR300) are followed and that the requirements of the Act and the rules in this chapter are met.

281—41.627 to 41.639 Reserved.

281—41.640(256B,34CFR300) Annual report of children served—report requirement. The SEA must annually report to the Secretary on the information required by Section 618 of the Act at the times specified by the Secretary, and on forms provided by the Secretary.

41.641(1) Date of count. For purposes of the annual report required by Section 618 of the Act and rule 281—41.640(256B,34CFR300), the state and the Secretary of the Interior must count and report the number of children with disabilities receiving special education and related services on any date between October 1 and December 1 of each year.

41.641(2) Child’s age. For the purpose of this reporting provision, a child’s age is the child’s actual age on the date of the child count.

41.641(3) Count each child under only one disability category. The SEA may not report a child under more than one disability category.

41.641(4) Child with more than one disability. If a child with a disability has more than one disability, the SEA must report that child in accordance with the following procedure:
a. If a child has only two disabilities and those disabilities are deafness and blindness, and the child is not reported as having a developmental delay, that child must be reported under the category “deaf-blindness.”

b. A child who has more than one disability and is not reported as having deaf-blindness or as having a developmental delay must be reported under the category “multiple disabilities.”

41.642(1) Protection of personally identifiable data. The data described in Section 618(a) of the Act and in rule 281—41.641(256B,34CFR300) must be publicly reported by each state in a manner that does not result in disclosure of data identifiable to individual children.

41.642(2) Sampling permitted. The Secretary permits the SEA to obtain data in Section 618(a) of the Act through sampling.

281—41.643(256B,34CFR300) Annual report of children served—certification. The SEA must include in its report a certification signed by an authorized official of the agency that the information provided under rule 281—41.640(256B,34CFR300) is an accurate and unduplicated count of children with disabilities receiving special education and related services on the dates in question.

281—41.644(256B,34CFR300) Annual report of children served—criteria for counting children. The SEA may include in its report children with disabilities who are enrolled in a school or program that is operated or supported by a public agency, and that provides them with both special education and related services that meet state standards; provides them only with special education, if a related service is not required, that meets state standards; or, in the case of children with disabilities enrolled by their parents in private schools, counts those children who are eligible under the Act and receive special education or related services or both that meet state standards under rules 281—41.132(256,256B,34CFR300) to 281—41.144(256,256B,34CFR300).

281—41.645(256B,34CFR300) Annual report of children served—other responsibilities of the SEA. In addition to meeting the other requirements of rules 281—41.640(256B,34CFR300) to 281—41.644(256B,34CFR300), the SEA must establish procedures to be used by LEAs and other educational institutions in counting the number of children with disabilities receiving special education and related services; set dates by which those agencies and institutions must report to the SEA to ensure that the state complies with rule 281—41.640(256B,34CFR300); obtain certification from each agency and institution that an unduplicated and accurate count has been made; aggregate the data from the count obtained from each agency and institution, and prepare the reports required under rules 281—41.640(256B,34CFR300) to 281—41.644(256B,34CFR300); and ensure that documentation is maintained that enables the state and the Secretary to audit the accuracy of the count.

281—41.646(256B,34CFR300) Disproportionality.

41.646(1) General. Using the methodology required by rule 281—41.647(256B,34CFR300), the state shall collect and examine data to determine if significant disproportionality based on race and ethnicity is occurring in the state and the LEAs of the state with respect to the following:

a. The identification of children as children with disabilities, including the identification of children as children with disabilities in accordance with a particular impairment described in Section 602(3) of the Act;

b. The placement in particular educational settings of these children; and

c. The incidence, duration, and type of disciplinary actions, including suspensions and expulsions.

41.646(2) Review and revision of policies, practices, and procedures. In the case of a determination of significant disproportionality with respect to the identification of children as children with disabilities, or the placement in particular educational settings of these children, or the incidence, duration, and type of disciplinary actions, in accordance with subrule 41.646(1) and rule 281—41.647(256B,34CFR300), the state must proceed as follows:
a. Provide for the annual review and, if appropriate, revision of the policies, procedures, and practices used in the identification, placement, or disciplinary actions to ensure that the policies, procedures, and practices comply with the requirements of the Act; and

b. Require the LEA to publicly report on the revision of policies, practices, and procedures described under 41.646(2) “a” in a manner consistent with the requirements of the Family Educational Rights and Privacy Act, its implementing regulations in 34 CFR Part 99, and Section 618(b)(1) of the Act.

41.646(3) Comprehensive coordinated early intervening services. Except as provided in subrule 41.646(4), any LEA identified under subrule 41.646(1) shall reserve the maximum amount of funds under Section 613(f) of the Act to provide comprehensive coordinated early intervening services to address factors contributing to the significant disproportionality.

a. In implementing comprehensive coordinated early intervening services, an LEA:

(1) May carry out activities that include professional development and educational and behavioral evaluations, services, and supports.

(2) Must identify and address the factors contributing to the significant disproportionality, which may include, among other identified factors, a lack of access to scientifically based instruction; economic, cultural, or linguistic barriers to appropriate identification or placement in particular educational settings; inappropriate use of disciplinary removals; lack of access to appropriate diagnostic screenings; differences in academic achievement levels; and policies, practices, or procedures that contribute to the significant disproportionality.

(3) Must address a policy, practice, or procedure it identifies as contributing to the significant disproportionality, including a policy, practice or procedure that results in a failure to identify, or the inappropriate identification of, a racial or ethnic group (or groups).

b. An LEA may use funds reserved for comprehensive coordinated early intervening services to serve children from age 3 through grade 12, particularly, but not exclusively, children in those groups that were significantly over identified under subrule 41.646(1), including:

(1) Children who are not currently identified as needing special education or related services but who need additional academic and behavioral support to succeed in a general education environment; and

(2) Children with disabilities.

c. An LEA may not limit the provision of comprehensive coordinated early intervening services under this subrule to children with disabilities.

41.646(4) Exception to comprehensive coordinated early intervening services. The state shall not require any LEA that serves only children with disabilities identified under subrule 41.646(1) to reserve funds to provide comprehensive coordinated early intervening services.

41.646(5) Rule of construction. Nothing in this rule authorizes the state or an LEA to develop or implement policies, practices, or procedures that result in actions that violate the requirements of this chapter, including requirements related to child find and ensuring that a free appropriate public education is available to all eligible children with disabilities.

281—41.647(256B, 34CFR300) Determining significant disproportionality.

41.647(1) Definitions.

“Alternate risk ratio” is a calculation performed by dividing the risk of a particular outcome for children in one racial or ethnic group within an LEA by the risk of that outcome for children in all other racial or ethnic groups in the state.

“Comparison group” consists of the children in all other racial or ethnic groups within an LEA or within the state, when reviewing a particular racial or ethnic group within an LEA for significant disproportionality.

“Minimum cell size” is the minimum number of children experiencing a particular outcome, to be used as the numerator when calculating either the risk for a particular racial or ethnic group or the risk for children in all other racial or ethnic groups.
“Minimum n-size” is the minimum number of children enrolled in an LEA with respect to identification, and the minimum number of children with disabilities enrolled in an LEA with respect to placement and discipline, to be used as the denominator when calculating either the risk for a particular racial or ethnic group or the risk for children in all other racial or ethnic groups.

“Risk” is the likelihood of a particular outcome (identification, placement, or disciplinary removal) for a specified racial or ethnic group (or groups), calculated by dividing the number of children from a specified racial or ethnic group (or groups) experiencing that outcome by the total number of children from that racial or ethnic group or groups enrolled in the LEA.

“Risk ratio” is a calculation performed by dividing the risk of a particular outcome for children in one racial or ethnic group within an LEA by the risk for children in all other racial and ethnic groups within the LEA.

“Risk ratio threshold” is a threshold, determined by the state, over which disproportionality based on race or ethnicity is significant under subrule 41.646(1).

41.647(2) Significant disproportionality determinations. In determining whether significant disproportionality exists in the state or LEA under subrule 41.646(1), the state must do all of the following:

a. General. The state must set a:
   (1) Reasonable risk ratio threshold;
   (2) Reasonable minimum cell size;
   (3) Reasonable minimum n-size; and
   (4) Standard for measuring reasonable progress if the state uses the flexibility described in paragraph 41.647(4)“h.”

b. Flexibility. The state may, but is not required to, set the standards set forth in paragraph 41.647(2)”a” at different levels for each of the categories described in paragraphs 41.647(2)”f” and 41.647(2)”g.”

c. Development and review of standards. The standards set forth in paragraph 41.647(2)”a”:
   (1) Must be based on advice from stakeholders, including state advisory panels, as provided under Section 612(a)(21)(D)(iii) of the Act; and
   (2) Are subject to monitoring and enforcement for reasonableness by the Secretary consistent with Section 616 of the Act.

d. Presumption of reasonableness. When monitoring for reasonableness under subparagraph 41.647(2)“c”(2), the following are presumptively reasonable:
   (1) A minimum cell size under subparagraph 41.647(2)”a”(2) no greater than ten; and
   (2) A minimum n-size under subparagraph 41.647(2)”a”(3) no greater than 30.

e. Application. The state must apply the risk ratio threshold or thresholds determined in paragraph 41.647(2)”a” to risk ratios or alternate risk ratios, as appropriate, in each category described in paragraphs 41.647(2)”f” and 41.647(2)”g” and the following racial and ethnic groups:
   (1) Hispanic/Latino of any race; and, for individuals who are non-Hispanic/Latino only;
   (2) American Indian or Alaska Native;
   (3) Asian;
   (4) Black or African American;
   (5) Native Hawaiian or Other Pacific Islander;
   (6) White; and
   (7) Two or more races.

f. Calculation of risk ratio: identification. Except as provided in paragraph 41.647(2)“h” and subrule 41.647(3), the state must calculate the risk ratio for each LEA, for each racial and ethnic group in paragraph 41.647(2)”e” with respect to:
   (1) The identification of children ages 3 through 21 as children with disabilities; and
   (2) The identification of children ages 3 through 21 as children with the following impairments:
      1. Intellectual disabilities;
      2. Specific learning disabilities;
      3. Emotional disturbance;
4. Speech or language impairments;
5. Other health impairments; and
6. Autism.

g. **Calculation of risk ratio: placement and disciplinary removals.** Except as provided in paragraph 41.647(2)“h” and subrule 41.647(3), the state must calculate the risk ratio for each LEA, for each racial and ethnic group in paragraph 41.647(2)“e” with respect to the following placements into particular educational settings, including disciplinary removals:

   (1) For children with disabilities ages 6 through 21, inside a regular class less than 40 percent of the day;
   (2) For children with disabilities ages 6 through 21, inside separate schools and residential facilities, not including homebound or hospital settings, correctional facilities, or private schools;
   (3) For children with disabilities ages 3 through 21, out-of-school suspensions and expulsions of ten days or fewer;
   (4) For children with disabilities ages 3 through 21, out-of-school suspensions and expulsions of more than ten days;
   (5) For children with disabilities ages 3 through 21, in-school suspensions of ten days or fewer;
   (6) For children with disabilities ages 3 through 21, in-school suspensions of more than ten days; and
   (7) For children with disabilities ages 3 through 21, disciplinary removals in total, including in-school and out-of-school suspensions, expulsions, removals by school personnel to an interim alternative education setting, and removals by a hearing officer.

h. **Alternate risk ratio.** The state must calculate an alternate risk ratio with respect to the categories described in paragraphs 41.647(2)“f” and 41.647(2)“g” if the comparison group in the LEA does not meet the minimum cell size or the minimum n-size.

i. **Identification as having significant disproportionality.** Except as provided in subrule 41.647(4), the state must identify as having significant disproportionality based on race or ethnicity under subrule 41.646(1) any LEA that has a risk ratio or alternate risk ratio for any racial or ethnic group in any of the categories described in paragraphs 41.647(2)“f” and 41.647(2)“g” that exceeds the risk ratio threshold set by the state for that category.

j. **Reporting under this subrule to the Secretary.** The state must report all risk ratio thresholds, minimum cell sizes, minimum n-sizes, and standards for measuring reasonable progress selected under subparagraphs 41.647(2)“a”(1) through 41.647(2)“a”(4), and the rationales for each, to the U.S. Department of Education at a time and in a manner determined by the Secretary. Rationales for minimum cell sizes and minimum n-sizes not presumptively reasonable under paragraph 41.647(2)“d” must include a detailed explanation of why the numbers chosen are reasonable and how they ensure that the state is appropriately analyzing and identifying LEAs with significant disparities, based on race and ethnicity, in the identification, placement, or discipline of children with disabilities.

**41.647(3) Exception.** The state is not required to calculate a risk ratio or alternate risk ratio, as outlined in paragraphs 41.647(2)“f,” 41.647(2)“g,” and 41.647(2)“h,” to determine significant disproportionality if:

   a. The particular racial or ethnic group being analyzed does not meet the minimum cell size or minimum n-size; or
   b. In calculating the alternate risk ratio under paragraph 41.647(2)“h,” the comparison group in the state does not meet the minimum cell size or minimum n-size.

**41.647(4) Flexibility.** The state is not required to identify an LEA as having significant disproportionality based on race or ethnicity under subrule 41.646(1) until:

   a. The LEA has exceeded a risk ratio threshold set by the state for a racial or ethnic group in a category described in paragraphs 41.647(2)“f” and 41.647(2)“g” for up to three prior consecutive years preceding the identification; and
   b. The LEA has exceeded the risk ratio threshold and has failed to demonstrate reasonable progress, as determined by the state, in lowering the risk ratio or alternate risk ratio for the group and category in each of the two prior consecutive years.
41.647(5) Rule of construction. Nothing in this rule shall be construed to require identification or classification of any child by impairment.

[ARC 3387C, IAB 10/11/17, effective 11/15/17]

281—41.648 to 41.699 Reserved.

DIVISION IX
ALLOCATIONS BY THE SECRETARY TO THE STATE

281—41.700 to 41.703 Reserved.

281—41.704(256B,34CFR300) State-level activities. The state may engage in such activities permitted by 34 CFR Section 300.704, including the establishment of an LEA high-cost fund under 34 CFR Section 300.704(c).

281—41.705(256B,34CFR300) Subgrants to AEAs. The state shall make subgrants to AEAs in a manner consistent with 34 CFR Section 300.705.

281—41.706 to 41.799 Reserved.

DIVISION X
PRESCHOOL GRANTS FOR CHILDREN WITH DISABILITIES

281—41.800(256B,34CFR300) General rule. The Secretary provides grants under Section 619 of the Act to assist states to provide special education and related services in accordance with Part B of the Act to children with disabilities aged three through five years; and, at a state’s discretion, to two-year-old children with disabilities who will turn three during the school year.

281—41.801 and 41.802 Reserved.

281—41.803(256B,34CFR300) Definition of state. As used in this division, “state” means each of the 50 states, the District of Columbia, and the Commonwealth of Puerto Rico.

281—41.804(256B,34CFR300) Eligibility. A state is eligible for a grant under Section 619 of the Act if the state is eligible under Section 612 of the Act to receive a grant under Part B of the Act and makes FAPE available to all children with disabilities, aged three through five, residing in the state.

281—41.805 Reserved.

281—41.806(256B,34CFR300) Eligibility for financial assistance. No state or LEA, or other public institution or agency, may receive a grant or enter into a contract or cooperative agreement under Subpart 2 or 3 of Part D of the Act that relates exclusively to programs, projects, and activities pertaining to children aged three through five years, unless the state is eligible to receive a grant under Section 619(b) of the Act.

281—41.807 to 41.811 Reserved.

281—41.812(256B,34CFR300) Reservation for state activities. The state may reserve amounts consistent with 34 CFR Section 300.812 for administration and other state-level activities.

281—41.813(256B,34CFR300) State administration.

41.813(1) General. For the purpose of administering Section 619 of the Act, including the coordination of activities under Part B of the Act with and providing technical assistance to other programs that provide services to children with disabilities, the state may use not more than 20 percent
of the maximum amount the state may reserve under rule 281—41.812(256B,34CFR300) for any fiscal year.

41.813(2) Use for administering Part C. Funds described in subrule 41.813(1) may also be used for the administration of Part C of the Act.

281—41.814(256B,34CFR300) Other state-level activities. The state must use any funds the state reserves under rule 281—41.812(256B,34CFR300) and does not use for administration under rule 281—41.813(256B,34CFR300) for other state-level activities, consistent with 34 CFR Section 300.814.

281—41.815(256B,34CFR300) Subgrants to AEAs. The state shall make subgrants to AEAs consistent with 34 CFR Section 300.815.

[ARC 8387B, IAB 12/16/09, effective 1/20/10]

281—41.816(256B,34CFR300) Allocations to AEAs. The state must allocate to AEAs the amount described in rule 281—41.815(256B,34CFR300), consistent with 34 CFR Section 300.816.

281—41.817(256B,34CFR300) Reallocation of AEA funds. The state shall reallocate AEA funds under conditions listed and in a manner specified by 34 CFR Section 300.817.

[ARC 8387B, IAB 12/16/09, effective 1/20/10]

281—41.818(256B,34CFR300) Part C of the Act inapplicable. Part C of the Act does not apply to any child with a disability receiving FAPE, in accordance with Part B of the Act, with funds received under Section 619 of the Act.

281—41.819 to 41.899 Reserved.

DIVISION XI
ADDITIONAL RULES CONCERNING FINANCE AND PUBLIC ACCOUNTABILITY

281—41.900(256B,282) Scope. In addition to other rules in this chapter, rules 281—41.901(256B,282) to 281—41.908(256B,282) concern finance and accountability for special education and related services.

281—41.901(256B,282) Records and reports. Each agency shall maintain sufficient records and reports for audit by the department. Records and reports shall include at a minimum: licensure (certification) and endorsements or recognition requirements for all special education personnel under rules 281—41.401(256B,34CFR300) to 281—41.403(256B); all IEP and IFSP meetings and three-year reevaluations for each eligible individual; and data required for federal and state reporting.

281—41.902(256B,282) Audit. The department reserves the right to audit the records of any agency providing special education for eligible individuals and utilizing funds generated under Iowa Code chapters 256B, 273 and 282.

41.903(1) General. Any special education instructional program not provided directly by an LEA or any special education support service not provided by an AEA can only be provided through a contractual agreement. The board shall approve contractual agreements for AEA-operated special education instructional programs and contractual agreements permitting special education support services to be provided by agencies other than the AEA.

41.903(2) Specific requirements. Each agency contracting with other agencies to provide special education and related services for individuals or groups of individuals shall maintain responsibility for individuals receiving such special education and related services by:

a. Ensuring that all the requirements related to the development of each eligible individual’s IEP are met.
b. Requiring and reviewing periodic progress reports to ensure the adequacy and appropriateness of the special education and related services provided.

c. Conditioning payments on delivery of special education and related services in accordance with the eligible individual’s IEP and in compliance with these rules.

281—41.904(256B) Research and demonstration projects and models for special education program development. Applications for aid, whether provided directly from state or federal funds, for special education research and demonstration projects and models for program development shall be submitted to the department.

281—41.905(256B,273) Additional special education. Additional special education made available through the provisions of Iowa Code section 273.3 shall be furnished in a manner consistent with these rules.

281—41.906(256B,273,282) Extended school year services. Approved extended school year programs for special education support services, when provided by the AEA for eligible individuals, shall be funded through procedures as provided for special education support services. Approved extended school year instructional programs shall be funded through procedures as provided for special education instructional programs.

281—41.907(256B,282,34CFR300,303) Program costs.

41.907(1) Nonresident individual. Subject to subrule 41.131(6), the program costs charged by an LEA or an AEA for an instructional program for a nonresident eligible individual shall be the actual costs incurred in providing that program.

41.907(2) Contracted special education. An AEA or LEA may make provisions for resident eligible individuals through contracts with public or private agencies that provide appropriate and approved special education. The program costs charged by or paid to a public or private agency for special education instructional programs shall be the actual costs incurred in providing that program.

41.907(3) LEA responsibility. The resident LEA shall be liable only for instructional costs incurred by an agency for those individuals certified as eligible in accordance with these rules unless required by 34 CFR Section 300.104.

41.907(4) Support service funds. Support service funds may not be utilized to supplement any special education programs authorized to use special education instructional funds generated through the weighting plan.

41.907(5) Responsibility for special education for children living in a foster care facility or treatment facility:

a. Eligible individuals who are living in a licensed individual or agency child foster care facility, as defined in Iowa Code section 237.1, or in an unlicensed relative foster care placement shall remain enrolled in and attend an accredited school in the school district in which the child resided and is enrolled at the time of placement, unless it is determined by the juvenile court or a public or private agency of this state that has responsibility for the child’s placement that remaining in such school is not in the best interests of the child. If such a determination is made, the child may be enrolled in the district in which the child is placed and not in the district in which the child resided prior to receiving foster care. The costs of the special education required by this chapter shall be paid, in either case, by the school district of residence of the eligible individual.

b. For eligible individuals who are living in a facility as defined in Iowa Code section 125.2, the LEA in which the facility is located must provide special education if the facility does not maintain a school. The costs of the special education shall be paid by the school district of residence of the eligible individual.

c. If the school district of residence of the eligible individual cannot be determined and this individual is not included in the weighted enrollment of any LEA in the state, the LEA in which the
facility is located may certify the costs to the director of education by August 1 of each year for the preceding fiscal year. Payment shall be made from the general fund of the state.

41.907(6) Responsibility for special education for individuals after termination of parental rights. For eligible individuals placed by the district court, and for whom parental rights have been terminated by the district court, the LEA in which the facility or home is located must provide special education. Costs shall be certified to the director of education by August 1 of each year for the preceding fiscal year by the director of the AEA in which this individual has been placed. Payment shall be made from the general fund of the state.

41.907(7) Proper use of special education instructional and support service funds. Special education instructional funds generated through the weighting plan may be utilized to provide special education instructional services both in state and out of state with the exceptions of itinerant instructional services under subrule 41.410(1) and special education consultant services which shall utilize special education support service funds for both in-state and out-of-state placements.

41.907(8) Funding of ECSE instructional options. Eligible individuals below the age of six may be designated as full-time or part-time students depending on the needs of the child. Funding shall be based on individual needs as determined by the IEP team. Special education instructional funds generated through the weighting plan can be used to pay tuition, transportation, and other necessary special education costs, but shall not be used to provide child care.

a. Full-time ECSE instructional services shall include 20 hours or more of instruction per week. The total hours of participation in special education and general education may be combined to constitute a full-time program.

b. Part-time ECSE instructional services shall include up to 20 hours of instruction per week. The total hours of participation in special education and general education may be combined to constitute a part-time program.

c. Funds under 20 U.S.C. Chapter 33, Part C, may be used to provide FAPE, in accordance with these rules, to eligible individuals from their third birthday to the beginning of the following school year.

41.907(9) Funding for instructional services. After an LEA board approves a delivery system for instructional services as described in subrule 41.408(2), the director, in accordance with Iowa Code sections 256B.9 and 273.5, will assign the appropriate special education weighting to each eligible individual by designating a level of service. The level of service refers to the relationship between the general education program and specially designed instruction for an eligible individual. The level of service is determined based on an eligible individual’s educational need and independent of the environment in which the specially designed instruction is provided. The level of service assigned shall not be a factor in a services or placement decision, and shall be made only after those decisions have been made. One of three levels of service shall be assigned by the director:

a. Level I. A level of service that provides specially designed instruction for a limited portion or part of the educational program. A majority of the general education program is appropriate. This level of service includes modifications and adaptations to the general education program. (Reference Iowa Code section 256B.9(1)”b”)

b. Level II. A level of service that provides specially designed instruction for a majority of the educational program. This level of service includes substantial modifications, adaptations, and special education accommodations to the general education program. (Reference Iowa Code section 256B.9(1)”c”)

c. Level III. A level of service that provides specially designed instruction for most or all of the educational program. This level of service requires extensive redesign of curriculum and substantial modification of instructional techniques, strategies and materials. (Reference Iowa Code section 256B.9(1)”d”)

41.907(10) Procedures for billing under subrules 41.907(5) and 41.907(6). The department may establish procedures by which it determines which district initially pays the costs of special education and related services and seeks reimbursement in situations where a parent of a child cannot be located, parental rights have been terminated, or parents are deceased.

[ARC 8387B, IAB 12/16/09, effective 1/20/10]
281—41.908(256B,282) Accountability. The responsible agency shall provide special education and related services in accordance with the individual’s IEP; but the agency, teacher, or other person is not held accountable if an individual does not achieve the growth projected in the annual goals and objectives of the IEP, so long as the individual’s IEP was reasonably calculated to confer education benefit and was implemented. Nothing in this rule or this chapter shall be construed to create a right of action against any individual.

DIVISION XII
PRACTICE BEFORE MEDIATORS AND ADMINISTRATIVE LAW JUDGES

281—41.1000(17A,256B,290) Applicability. In addition to rules in Division VII, this division applies to matters under this chapter brought before administrative law judges or mediators.

281—41.1001(17A,256B,290) Definitions. As used in this chapter:

41.1001(1) Administrative law judge. “Administrative law judge” means an individual designated by the director of education from the list of approved administrative law judges to hear the presentation of evidence and, if appropriate, oral arguments in the hearing.

41.1001(2) Appeal. In Iowa practice and for purposes of these rules, an “appeal” is synonymous with a “due process complaint.”

41.1001(3) Appellant. “Appellant” means a party that files a due process complaint under this chapter.

41.1001(4) Appellee. “Appellee” means a party that opposes the due process complaint filed by the appellant.

41.1001(5) Party. “Party” means the appellant, appellee and third parties named or admitted as a party.

41.1002(1) Procedures. The parent, the LEA or the AEA may request a special education mediation conference on any decision relating to the identification, evaluation, educational placement, or the provision of FAPE without the need for filing a due process complaint. The mediation conference shall comply with the requirements of rule 281—41.506(256B,34CFR300).

a. A request for a special education mediation conference may be in the form of a letter or a pleading or on a form provided by the department. The request shall identify the student, LEA and AEA and set forth the facts, the issues of concern, or the reasons for the conference. The letter shall be provided to the department, to the AEA, and to the LEA.

b. Within five business days of receipt of the request for the conference, the department shall contact all pertinent parties to determine whether participation is desired. A checklist shall be sent by the department to the LEA or AEA to receive information about the student.

c. A mediation conference will be scheduled and held at a time and place reasonably convenient to all parties involved. Written notice will be sent to all parties by the department.

d. The LEA or the AEA shall submit the checklist to the department and shall provide a copy to the parent within ten business days after receiving the request.

e. The student’s complete school record shall be made available for review by the parent prior to the conference, if requested in writing at least ten calendar days before the conference.

f. The individual’s complete school record shall be available to the participants at the conference if the record is requested in writing at least ten calendar days prior to any scheduling conference call or within two days following the scheduling conference call. The parties may agree to make less than the complete educational record available, or make no educational records available, at the mediation conference.

g. A mediator provided by the department shall preside over the conference.
41.1002(2) Placement during proceedings. Pursuant to rule 281—41.518(256B,34CFR300), unless the parties agree otherwise, the student involved in the mediation conference must remain in the student’s present educational placement during the pendancy of the proceedings.

41.1002(3) Withdrawals or automatic closures. The initiating party may request a withdrawal prior to the conference. Automatic closure of the department file will occur if any of the following circumstances apply:

a. One of the parties refuses to participate in the voluntary process.

b. The conference is held, but parties are not able to reach an agreement. There will be a ten-calendar-day waiting period after the conference to continue the placement as described in subrule 41.1002(2) in the event a party wishes to pursue a hearing.

c. The conference is held, the parties are able to reach an agreement, and the agreement does not specify a withdrawal date. If a withdrawal date is part of the agreement, an agency withdrawal will occur on the designated date.

41.1002(4) Confidentiality of discussions. Discussions that occur during the special education mediation conference must be confidential, except as may be provided in Iowa Code chapter 679C, and may not be used as evidence in any subsequent due process hearings or civil proceedings; however, the parties may stipulate to agreements reached at the conference. Prior to the start of the conference, the parties and the mediator will be required to sign an Agreement to Mediate form containing this confidentiality provision.

281—41.1003(17A,256B) Procedures concerning due process complaints.

41.1003(1) AEA as a party. The appropriate AEA serving the individual shall be deemed to be a party with the LEA whether or not specifically named by the parent or agency filing the appeal.

41.1003(2) Individual served by contract with another agency. In instances where the individual is served through a contract with another agency, the school district of residence of the individual shall be deemed a party.

41.1003(3) Notice. The director of education or designee shall, within five business days after the receipt of the appeal, notify the proper officials with the LEA and the AEA of the filing of the due process complaint. The department-appointed administrative law judge may then request that the LEA and AEA transmit all records relevant to the due process complaint. The officials shall, within 20 business days after receipt of the request from the administrative law judge, file with the administrative law judge all records relevant to the decision appealed.

41.1003(4) Free or low-cost legal services. The department shall inform the parent of any free or low-cost legal and other relevant services available in the area if the parent requests the information or the parent or the agency initiates a hearing.

41.1003(5) Written notice. The director of education or designee shall provide notice in writing delivered by fax, personal service as in civil actions, or by certified mail, return receipt requested, to all parties at least ten calendar days prior to the hearing unless the ten-day period is waived by both parties. Such notice shall include the time and the place where the matter of appeal shall be heard. A copy of the appeal hearing rules shall be included with the notice.

41.1003(6) Mediation conference. The department shall contact the parties to determine whether they wish to participate in a mediation conference under rule 281—41.506(256B,34CFR300). Discussions that occur during the mediation process must be confidential, except as may be provided in Iowa Code chapter 679C, and may not be used as evidence in any subsequent due process hearings or civil proceedings; however, the parties may stipulate to agreements reached in mediation. Prior to the
start of the mediation, the parties to the mediation conference and the mediator will be required to sign an Agreement to Mediate form containing a confidentiality provision.

\textbf{41.1003(7) Dismissal}. The appellant may make a request for dismissal by the administrative law judge at any time. A request or motion to dismiss made by the appellee shall be granted upon a determination by the administrative law judge that any of the following circumstances apply:

\textit{a.} The appeal relates to an issue that does not reasonably fall under any of the appealable issues of identification, evaluation, placement, or the provision of a free appropriate public education.

\textit{b.} The issue(s) raised is moot.

\textit{c.} The individual does not have standing to file a due process complaint under Part B of the Act and this chapter.

\textit{d.} The relief sought by the appellant is beyond the scope and authority of the administrative law judge to provide.

\textit{e.} Circumstances are such that no case or controversy exists between the parties.

\textit{f.} An appeal may be dismissed administratively when an appeal has been in continued status for more than one school year. Prior to an administrative dismissal, the administrative law judge shall notify the appellant at the last known address and give the appellant an opportunity to give good cause as to why an extended continuance shall be granted. An administrative dismissal issued by the administrative law judge shall be without prejudice to the appellant.

\textit{[ARC 3387C; IAB 10/11/17, effective 11/15/17]}

\textbf{281—41.1004(17A,256B) Participants in the hearing.}

\textbf{41.1004(1) Conducting hearing.} The administrative law judge shall conduct the hearing.

\textit{a.} Any person serving or designated to serve as an administrative law judge is subject to disqualification for bias, prejudice, interest, or any other cause for which a judge is or may be disqualified.

\textit{b.} Any party may timely request the disqualification of an administrative law judge after receipt of notice indicating that the person will preside or upon discovering facts establishing grounds for disqualification whichever is later.

\textit{c.} A person whose disqualification is requested shall determine whether to grant the request, stating facts and reasons for the determination.

\textit{d.} If another administrative law judge is required because the appointed administrative law judge is disqualified or becomes unavailable for any other reason, the director of education shall appoint a substitute administrative law judge from the list of other qualified administrative law judges.

\textbf{41.1004(2) Counsel.} Any party to a hearing has a right to be accompanied and advised by counsel and by individuals with special knowledge or training with respect to the problems of individuals with disabilities.

\textbf{41.1004(3) Opportunity to be heard—appellant.} The appellant or representative shall have the opportunity to be heard.

\textbf{41.1004(4) Opportunity to be heard—appellee.} The appellee or representative shall have the opportunity to be heard.

\textbf{41.1004(5) Opportunity to be heard—director.} The director or designee shall have the opportunity to be heard.

\textbf{41.1004(6) Opportunity to be heard—third party.} A person or representative who was neither the appellant nor appellee, but was a party in the original proceeding, may be heard at the discretion of the administrative law judge.

\textbf{281—41.1005(17A,256B) Convening the hearing.}

\textbf{41.1005(1) Announcements and inquiries by administrative law judge.} At the established time, the administrative law judge shall announce the name and nature of the case and inquire whether the respective parties or their representatives are present.

\textbf{41.1005(2) Proceeding with the hearing.} When it is determined that parties or their representatives are present, or that absent parties have been properly notified, the hearing may proceed. When any absent
party has been properly notified, the means of notification shall be entered into the record. When notice
to an absent party has been sent by certified mail, return receipt requested, the return receipt shall be
placed in the record. If the notice was in another manner, sufficient details of the time and manner of
notice shall be entered into the record. If it is not determined whether absent parties have been properly
notified, the proceedings may be recessed at the discretion of the administrative law judge.

41.1005(3) Types of hearing. The administrative law judge shall establish with the parties that the
hearing shall be conducted as one of three types:
a. A hearing based on the stipulated record.
b. An evidentiary hearing.
c. A mixed evidentiary and stipulated record hearing.

41.1005(4) Evidentiary hearing scheduled. An evidentiary hearing shall be held unless both parties
agree to a hearing based upon the stipulated record or a mixed evidentiary and stipulated record hearing.

41.1005(5) Educational record part of hearing. The educational record submitted to the department
by the educational agency shall, subject to timely objection by the parties, become part of the record of
the hearing.

281—41.1006(17A,256B) Stipulated record hearing.

41.1006(1) Record hearing is nonevidentiary. A hearing based on the stipulated record is
nonevidentiary in nature. No witnesses shall be heard nor evidence received. The controversy shall be
decided on the basis of the record certified by the proper official and the arguments presented on behalf
of the respective parties. The parties shall be so reminded by the administrative law judge at the outset
of the proceeding.

41.1006(2) Materials to illustrate an argument. Materials such as charts and maps may be used to
illustrate an argument, but may not be used as new evidence to prove a point in controversy.

41.1006(3) One spokesperson per party. Unless the administrative law judge determines otherwise,
each party shall have one spokesperson.

41.1006(4) Arguments and rebuttal. The appellant shall present argument first. The appellee then
presents argument and rebuttal of the appellant’s argument. A third party, at the discretion of the
administrative law judge, may be allowed to make remarks. The appellant may then rebut the preceding
arguments but may not introduce new arguments.

41.1006(5) Time to present argument. Appellant and appellee shall have equal time to present their
arguments and the appellant’s total time shall not be increased by the right of rebuttal. The administrative
law judge shall set the time limit for argument.

41.1006(6) Written briefs. Any party may submit written briefs. Written briefs by a person who
is not a party may be accepted at the discretion of the administrative law judge. A brief shall provide
legal authority for an argument, but shall not be considered as evidence. Copies of written briefs shall be
delivered to all parties and, if desired, each party may submit reply briefs at the conclusion of the hearing
or at a mutually agreeable time. A final decision shall be reached and a copy of the decision shall be
mailed to the parties not later than 45 calendar days after the receipt of the request for the hearing unless
the administrative law judge granted an extension of time beyond the 45 calendar days. The time for
filing briefs may extend the time for final decision.

281—41.1007(17A,256B) Evidentiary hearing.

41.1007(1) Testimony and other evidence. An evidentiary hearing provides for the testimony of
witnesses, introduction of records, documents, exhibits or objects.

41.1007(2) Appellant statement. The appellant may begin by giving a short opening statement of a
general nature, which may include the basis for the appeal, the type and nature of the evidence to be
introduced and the conclusions the appellant believes the evidence shall substantiate.

41.1007(3) Appellee statement. The appellee may present an opening statement of a general nature
and may discuss the type and nature of evidence to be introduced and the conclusions the appellee
believes the evidence shall substantiate.
41.1007(4) Third-party statement. With the permission of the administrative law judge, a third party may make an opening statement of a general nature.

41.1007(5) Witness testimony and other evidence. The appellant may then call witnesses and present other evidence.

41.1007(6) Witness under oath. Each witness shall be administered an oath by the administrative law judge. The oath may be in the following form: “I do solemnly swear or affirm that the testimony or evidence which I am about to give in the proceeding now in hearing shall be the truth, the whole truth and nothing but the truth.”

41.1007(7) Cross-examination by appellee. The appellee may cross-examine all witnesses and may examine and question all other evidence.

41.1007(8) Witness testimony and other evidence. Upon conclusion of the presentation of evidence by the appellant, the appellee may call witnesses and present other evidence. The appellant may cross-examine all witnesses and may examine and question all other evidence.

41.1007(9) Questions by administrative law judge. The administrative law judge may address questions to each witness at the conclusion of questioning by the appellant and the appellee. Said questioning shall be solely to clarify the record or witness testimony and shall be limited to the issues identified by the parties.

41.1007(10) Rebuttal witnesses and additional evidence. At the conclusion of the initial presentation of evidence and at the discretion of the administrative law judge, either party may be permitted to present rebuttal witnesses and additional evidence of matters previously placed in evidence. No new matters of evidence may be raised during this period of rebuttal.

41.1007(11) Appellant final argument. The appellant may make a final argument, not to exceed a length of time established by the administrative law judge, in which the evidence presented may be reviewed, the conclusions which the appellant believes most logically follow from the evidence may be outlined and a recommendation of action may be made to the administrative law judge.

41.1007(12) Appellee final argument. The appellee may make a final argument for a period of time not to exceed that granted to the appellant in which the evidence presented may be reviewed, the conclusions which the appellee believes most logically follow from the evidence may be outlined and a recommendation of action may be made to the administrative law judge.

41.1007(13) Third-party final argument. At the discretion of the administrative law judge, a third party directly involved in the original proceeding may make a final argument.

41.1007(14) Rebuttal of final argument. At the discretion of the administrative law judge, either side may be given an opportunity to rebut the other’s final argument. No new arguments may be raised during rebuttal.

41.1007(15) Written briefs. Any party may submit written briefs. Written briefs by a person who is not a party may be accepted at the discretion of the administrative law judge. A brief shall provide legal authority for an argument, but shall not be considered as evidence. Copies of written briefs shall be delivered to all parties and, if desired, each party may submit reply briefs at the conclusion of the hearing or at a mutually agreeable time. A final decision shall be reached and a copy of the decision shall be mailed to the parties within the time period provided by 41.515(1), unless the administrative law judge granted an extension of time or continuance pursuant to 41.515(3). The time for filing briefs may be a ground to extend the time for final decision.

281—41.1008(17A,256B) Mixed evidentiary and stipulated record hearing.

41.1008(1) Written evidence of portions of record may be used. A written presentation of the facts or portions of the certified record that are not contested by the parties may be placed into the hearing record by any party, unless there is timely objection by the other party. No party may later contest such evidence or introduce evidence contrary to that matter which has been stipulated.

41.1008(2) Conducted as evidentiary hearing. All oral arguments, testimony by witnesses and written briefs may refer to evidence contained in the material as any other evidentiary material entered at the hearing. The hearing is conducted as an evidentiary hearing pursuant to rule 281—41.1007(17A,256B).
281—41.1009(17A,256B) Witnesses.

41.1009(1) Subpoenas. The director of education shall have the power to issue, but not to serve, subpoenas for witnesses and to compel the attendance of those so served and the giving of evidence by them. The subpoenas shall be given to the requesting parties whose responsibility it is to serve to the designated witnesses. Requests for subpoenas may be denied or delayed if not submitted to the department at least five business days prior to the hearing date.

41.1009(2) Attendance of witness compelled. Any party may compel by subpoena the attendance of witnesses, subject to limitations imposed by state law.

41.1009(3) Cross-examination. Witnesses at the hearing shall be subject to cross-examination. An individual whose testimony has been submitted in written form, if available, shall be subject to cross-examination by any party necessary for a full and true disclosure of the facts. If the individual is not available and cross-examination is necessary for a full and true disclosure of the facts, the administrative law judge may exclude the individual’s testimony in written form.

41.1010(1) Receiving relevant evidence. Because the administrative law judge must decide each case fairly, based on the information presented, it is necessary to allow for the reception of all relevant evidence that will contribute to an informed result. The ultimate test of admissibility is whether the offered evidence is reliable, probative and relevant.

41.1010(2) Acceptable evidence. Irrelevant, immaterial or unduly repetitious evidence shall be excluded. The kind of evidence reasonably prudent persons rely on may be accepted even if it would be inadmissible in a jury trial. The administrative law judge shall give effect to the rules of privilege recognized by law. Objections to evidence may be made and shall be noted in the record. When a hearing is expedited and the interests of the parties are not prejudiced substantially, any part of the evidence may be required to be submitted in verified written form.

41.1010(3) Documentary evidence. Documentary evidence may be received in the form of copies or excerpts, if the original is not readily available. Upon request, parties shall be given an opportunity to compare the copy with the original, if available. Any party has the right to prohibit the introduction of any evidence at the hearing that has not been disclosed to that party at least five business days before the hearing.

41.1010(4) Administrative notice and opportunity to contest. The administrative law judge may take official notice of all facts of which judicial notice may be taken and of other facts within the specialized knowledge of the administrative law judge. Parties shall be notified at the earliest practicable time, either before or during the hearing or by reference in preliminary reports, and shall be afforded an opportunity to contest such facts before the decision is announced unless the administrative law judge determines as part of the record or decision that fairness to the parties does not require an opportunity to contest such facts.

41.1010(5) Discovery. Discovery procedures applicable to civil actions are available to all parties in due process hearings under this chapter. Evidence obtained in discovery may be used in the hearing before the agency if that evidence would otherwise be admissible in the agency hearing. The administrative law judge may exercise such control over discovery, including its nature, scope, frequency, duration, or sequence, as permitted by the Iowa rules of civil procedure, and for such grounds as those rules may provide.

41.1010(6) Administrative law judge may evaluate evidence. The administrative law judge’s experience, technical competence and specialized knowledge may be utilized in the evaluation of the evidence.

41.1010(7) Decision. A decision shall be made upon consideration of the whole record or such portions that are supported by and in accordance with reliable, probative and substantial evidence.

281—41.1011(17A,256B) Communications.
41.1011(1) Restrictions on communications—administrative law judge. The administrative law judge shall not communicate directly or indirectly in connection with any issue of fact or law in that contested case with any person or party except upon notice and opportunity for all parties to participate.

41.1011(2) Restrictions on communications—parties. Parties or their representatives shall not communicate directly or indirectly in connection with any issue of fact or law with the administrative law judge except upon notice and opportunity for all parties to participate as are provided for by administrative rules. The recipient of any prohibited communication shall submit the communication, if written, or a summary of the communication, if oral, for inclusion in the record of the proceeding.

41.1011(3) Sanctions. Any or all of the following sanctions may be imposed upon a party who violates the rules regarding ex parte communications: censure, suspension or revocation of the privilege to practice before the department, or the rendering of a decision against a party who violates the rules.

281—41.1012(17A,256B) Record.

41.1012(1) Open hearing. Parents involved in hearings shall be given the right to open the hearing to the public. The hearing shall be recorded by mechanized means or by certified court reporters. Any party to a hearing or an appeal has the right to obtain a written or, at the option of the parents, electronic, verbatim record of the hearing and obtain written or, at the option of the parents, electronic findings of fact and decisions. The record of the hearing and the findings of fact and decisions described in this rule must be provided at no cost to parents.

41.1012(2) Transcripts. All recordings or notes by certified court reporters of oral proceedings or the transcripts thereof shall be maintained and preserved by the department for at least five years from the date of decision.

41.1012(3) Hearing record. The record of a hearing shall be maintained and preserved by the department for at least five years from the date of the decision. The record under this division shall include the following:

a. All pleadings, motions and intermediate rulings.
b. All evidence received or considered and all other submissions.
c. A statement of matters officially noted.
d. All questions and offers of proof, objections and rulings thereof.
e. All proposed findings and exceptions.
f. Any decision, opinion or report by the administrative law judge presented at the hearing.

281—41.1013(17A,256B) Decision and review.

41.1013(1) Decision. The administrative law judge, after due consideration of the record and the arguments presented, shall make a decision on the appeal.

41.1013(2) Basis of decision. The decision shall be based on the laws of the United States and the state of Iowa and the rules and policies of the department.

41.1013(3) Time of decision. The administrative law judge’s decision shall be reached and mailed to the parties within the time period specified in 41.515(1), unless an extension of time or continuance has been granted pursuant to 41.515(3).

41.1013(4) Impartial decision maker. No individual who participates in the making of any decision shall have advocated in connection with the hearing, the specific controversy underlying the case or other pending factually related matters, nor shall any individual who participates in the making of any decision be subject to the authority, direction or discretion of any person who has advocated in connection with the hearing, the specific controversy underlying the hearing or a pending related matter involving the same parties.

281—41.1014(17A,256B) Finality of decision.

41.1014(1) Decision final. The decision of the administrative law judge is final. The date of postmark of the decision is the date used to compute time for purposes of appeal.
41.1014(2) **Notice to department of a civil action.** A party initiating a civil action in state or federal court under rule 281—41.516(256B,34CFR300) shall provide an informational copy of the petition or complaint to the department within 14 days of filing the action.

41.1014(3) **Filing of certified administrative record.** The department shall file a certified copy of the administrative record within 30 days of receiving the informational copy referred to in subrule 41.1014(2).

[ARC 3387C, IAB 10/11/17, effective 11/15/17]

281—41.1015(256B,34CFR300) **Disqualification of mediator.** Any party may request an appointment of a new mediator for any reason listed in subrule 41.1004(1). The department shall determine whether such grounds exist and, if so, shall appoint a new mediator.

281—41.1016(17A) **Correcting decisions of administrative law judges.** An administrative law judge may, on the motion of any party or on the administrative law judge’s own motion, correct any error in a decision or order under this chapter that does not substantively alter the administrative law judge’s findings of fact, conclusions of law, or ordered relief, including but not limited to clerical errors, errors in grammar or spelling, and errors in the form of legal citation. Any such correction shall be made within 90 days of the date of the order or decision, shall relate back to the date of the order or decision, and shall not extend any applicable statute of limitations.

281—41.1017 to 41.1099 **Reserved.**

DIVISION XIII
ADDITIONAL RULES NECESSARY TO IMPLEMENT AND APPLY THIS CHAPTER

281—41.1101(256B,34CFR300) **Severability.** Should any rule or subrule in this chapter be declared invalid by a court of competent jurisdiction, every other rule and subrule not affected by that declaration of invalidity shall remain valid.

281—41.1102(256B,34CFR300) **Rule of construction.** Language adopted pursuant to 2020 Iowa Acts, House File 2585, shall be construed in a manner consistent with federal law and shall not be construed to confer any different right or responsibility under this chapter.

[ARC 5870C, IAB 8/25/21, effective 9/29/21]

These rules are intended to implement Iowa Code chapter 256B, the 2004 amendments to the Individuals with Disabilities Education Act, and Part 300 of Title 34 of the Code of Federal Regulations published in the Federal Register on August 14, 2006.

TITLE VIII
SCHOOL TRANSPORTATION

CHAPTER 43
PUPIL TRANSPORTATION
[Prior to 9/7/88, see Public Instruction Department[670] Ch 22]

DIVISION I
TRANSPORTATION ROUTES

281—43.1(285) Intra-area education agency routes.

43.1(1) Bus routes within the boundaries of transporting districts as well as within designated areas must be as efficient and economical as possible under existing conditions.

43.1(2) The riding time, under normal conditions, from the designated stop to the attendance center, or on the return trip, shall not exceed 75 minutes for high school pupils or 60 minutes for elementary pupils. A school district may extend the riding time limits up to 15 minutes subsequent to a public hearing. (These limits may be waived upon request of the parents.)

43.1(3) Pupils whose residence is within two miles of an established stop on a bus route are within the area served by the bus and are not eligible for parent or private transportation at public expense to the school served by the bus, except as follows:
   a. Bus is fully loaded.
   b. Physical disability makes bus transportation impractical.

All parents or guardians who are required by their school district to furnish transportation for their children up to two miles to an established stop on a bus route shall be reimbursed pursuant to Iowa Code section 285.1(4).

43.1(4) Transporting districts shall arrange routes to provide the greatest possible convenience to the pupils. The distance for pupils who are required to travel to meet the bus shall be kept to the minimum consistent with road conditions, uniform standards, and legal requirements for locating bus routes.

43.1(5) Each bus route shall be reviewed annually by local transportation staff for safety hazards. A record of the annual review must be maintained.

[ARC 4636C, IAB 8/28/19, effective 10/2/19]

281—43.2(285) Interarea education agency routes.

43.2(1) Joint consultation shall be held by the area education agency boards involved. The initial steps may be undertaken by the area education agency administrators. If there are no difficulties and agreement is reached, the route is approved and no further action need be taken.

43.2(2) If agreement is not reached in the initial attempt, the administrator of the area education agency in which the applying school is located shall advise the superintendent of reasons for failure to reach agreement and request that the superintendent revise the transportation plan to meet the objection and resubmit same.

43.2(3) If the area education agency boards do not reach agreement on the route, the home area education agency administrator shall forward the complete record of the case together with disapproved transportation plan to the state department of education. Every effort should be made, however, to settle the matter locally.

43.2(4) All legal provisions, standards and regulations applying to approval and operation of bus routes apply equally to interarea education agency bus routes.

43.2(5) All interarea education agency bus routes must be approved each year. If there has been no change in the designations, nor in the proposed route, the transportation plan may be made and agreement indicated by letter.

[ARC 4636C, IAB 8/28/19, effective 10/2/19]
DIVISION II
PRIVATE CONTRACTORS

281—43.3(285) Contract required. All private contractors wishing to transport pupils to and from school in privately owned vehicles must be under contract with the local board of education. This requirement does not apply to individuals who transport their own children or other children on a not-for-hire basis.

The contract shall include, but not be limited to, all provisions prescribed by the department of education.

[ARC 4636C, IAB 8/28/19, effective 10/2/19]

281—43.4(285) Uniform charge. The contract must provide for a uniform charge for all pupils transported. No differentiations may be made between pupils of different districts except as provided in Iowa Code section 285.1(12). Nothing shall prohibit a private contractor from establishing variance in fees when differences in how transportation is provided are necessary in order to meet student needs.

[ARC 4636C, IAB 8/28/19, effective 10/2/19]

281—43.5(285) Board must be party. The contractor may not arrange with individual families for transportation. The contractor undertakes to transport only those families indicated by the board of education.

281—43.6(285) Contract with parents. Parents, guardians, or custodians undertaking to transport other children for hire, in addition to their own, are private contractors. These individuals must be under contract, and must obtain an appropriate driver’s license and a school bus driver’s authorization.

281—43.7(285) Vehicle requirements. Any vehicle used, other than that used by individuals to transport their own children or other children on a not-for-hire basis, is considered to be a school bus and must meet all requirements for the type of vehicle used, including semiannual inspection. This requirement is not intended to restrict the use of passenger vehicles during the time the vehicles are not actually engaged in transporting school pupils.

[ARC 4636C, IAB 8/28/19, effective 10/2/19]

DIVISION III
FINANCIAL RECORDS AND REPORTS

281—43.8(285) Required charges. Full pro rata costs must be charged and collected for the transportation of all nonresident pupils. No differentiation may be made in charges due to differences in distance or grade in school.

281—43.9(285) Activity trips deducted. Transporting school districts which use their equipment for activity trips, or educational tours, or other types of transportation services as permitted in Iowa Code sections 285.10(9) and 285.10(10), must deduct the cost of trips from the total yearly transportation cost. These costs may not be included in the pro rata costs which determine the charge to sending districts.

Transporting school districts must maintain accurate and complete accounting records so that the cost of transportation to and from school may be ascertained.

[ARC 4636C, IAB 8/28/19, effective 10/2/19]

DIVISION IV
USE OF SCHOOL BUSES OTHER THAN FOR ROUTES

281—43.10(285) Permitted uses listed. School buses may be used to transport pupils under the following conditions:

43.10(1) The program is a part of the regular or extracurricular program of a public school and has been so adopted and made a matter of record in the minutes of all the boards involved.

43.10(2) The pupils are enrolled in a public school.
43.10(3) The program or activity is sponsored by a school or group of schools cooperatively and is under the direct control of a qualified staff member of a school district.
   a. Several or all schools may engage the same staff member on a cooperative basis.
   b. In transporting pupils to Red Cross swimming classes a superintendent of schools may be designated by action of the district board as the supervisor or director of the activity and may use the Red Cross instructor to carry on the actual instruction in swimming.
   c. If the Red Cross instructor holds a regular teacher’s certificate issued by the board of educational examiners, the instructor can be named as general supervisor of the activity by the several schools.

43.10(4) The bus shall be driven by an approved driver holding an appropriate driver’s license and a school bus driver’s authorization. In addition, the buses must be accompanied by a member of the faculty or other employee of the school or a parent or other adult volunteer as authorized by a school administrator who will be responsible for the conduct and the general supervision of the pupils on the bus and at the place of the activity. This person shall ride the bus. If the faculty member is an approved driver, that person can act both as a driver and faculty sponsor.

43.10(5) School buses may be used by an organization of, or sponsoring activities for, senior citizens, children, individuals with disabilities, and other persons and groups, and for transportation of persons other than pupils to activities in which pupils from the school are participants or are attending the activity or for which the school is a sponsor under the following conditions:
   a. The “school bus” signs shall be covered and the flashing warning lamps and stop arm made inoperable when the bus is being used in a nonschool-sponsored activity.
   b. Transportation outside the state of Iowa shall not be provided without the approval of the Federal Motor Carrier Safety Administration of the United States Department of Transportation.
   c. A chaperone shall ride each bus to assist the passengers in boarding and disembarking from the bus and to aid them in case of illness or injury.
   d. The driver of the bus shall be approved by the local board of education and must possess an appropriate driver’s license and a school bus driver’s authorization.
   e. The driver of the bus shall observe all motor vehicle laws for school buses at all times.

43.10(6) The bus meets passenger seating requirements.
   a. Each passenger shall have a seat, with no part of the passenger’s body extending into the aisle.
   b. Student passengers shall have a minimum of 13 inches of allowable seating per person.
   c. For adult groups, no more than two persons shall occupy a 39-inch seat.
   d. Standees are prohibited in all situations, whether the bus is transporting students or adults.
   e. The maximum number of passengers shall never exceed the rated capacity of the vehicle as it is equipped.
   f. Districts with buses utilizing 3-point lap-shoulder belts shall adopt a board policy regarding use of these lap-shoulder belts by passengers.

281—43.11(285) Teacher transportation. A public school teacher who is transported to or from the teacher’s school should be charged the pro rata cost by the transporting district.

281—43.12(285) Driver qualifications. General character and emotional stability are qualities which must be given careful consideration by boards of education in the selection of school bus drivers. Elements that should be considered in setting a character standard include, but are not limited to:
   1. Reliability or dependability.
   2. Initiative, self-reliance, and leadership.
   3. Ability to get along with others.
   4. Freedom from use of undesirable language.
   5. Personal habits of cleanliness.
6. Moral conduct above reproach.
7. Honesty.
8. Freedom from addiction to narcotics or habit-forming drugs.
9. Freedom from addiction to alcoholic beverages or liquors.

[ARC 4636C, IAB 8/28/19, effective 10/2/19]

281—43.13(285) Stability factors. Factors to be considered in determining emotional stability are:

43.13(1) Patience.
43.13(2) Considerateness.
43.13(3) Even temperament.
43.13(4) Calmness under stress.

281—43.14(285) Driver age. School bus drivers must be at least 18 years of age on or before August 1 preceding the opening of the school year for which a school bus driver’s authorization is required.

281—43.15(285) Physical fitness. Except for insulin-dependent diabetics, an applicant for a school bus driver’s authorization must undergo a biennial physical examination by a certified medical examiner who is listed on the National Registry of Certified Medical Examiners. The applicant must submit annually to the applicant’s employer the signed medical examiner’s certificate pursuant to Federal Motor Carrier Safety Administration regulations 49 CFR Sections 391.41 to 391.49, indicating, among other requirements, sufficient physical capacity to operate the bus effectively and to render assistance to the passengers in case of illness or injury and freedom from any communicable disease. At the discretion of the chief administrator or designee of the employer or prospective employer, the chief administrator or designee shall evaluate the applicant’s ability to operate a school bus, including all safety equipment, in providing assistance to passengers in evacuation of the school bus, and in performing other duties required of a school bus driver.

[ARC 1661C, IAB 10/15/14, effective 11/19/14; see Delay note at end of chapter; ARC 4636C, IAB 8/28/19, effective 10/2/19]

281—43.16(285) Tests for tuberculosis. Rescinded IAB 8/16/06, effective 9/20/06.

281—43.17(285) Insulin-dependent diabetics. A person who is an insulin-dependent diabetic may qualify to be a school bus driver if the person meets all qualifications of Iowa Code subsection 321.375(3). Such driver is subject to an annual physical examination by a qualified medical examiner as listed in rule 281—43.15(285).

281—43.18(285) Authorization to be carried by driver. Every school bus driver shall carry a copy of the driver’s school bus driver’s authorization at all times when the driver is acting in that capacity.

281—43.19(285) Vision requirements. Rescinded IAB 12/8/04, effective 1/12/05.

281—43.20(285) Hearing requirements. Rescinded IAB 12/8/04, effective 1/12/05.

281—43.21(285) Experience, traffic law knowledge and driving record. No driver applicant shall be employed or allowed to transport students until the board determines that the applicant has an acceptable driving record, demonstrates the ability to safely operate the vehicle(s) representative of the vehicle(s) required to be operated during employment and is knowledgeable of traffic laws and regulations pertaining to the operation of a school bus. Each local district, or the district’s contracted transportation service, must, at a minimum, check the driving record of each applicant or renewing driver on the Iowa court information system available to the general public. The local district shall determine what an acceptable driving record is based upon the district’s review and must maintain records of the review of each driver. Nothing in this rule precludes the district from examining other records to determine whether the driver has an acceptable driving record nor does it restrict the district to such examinations only at the time of hiring and renewal.

[ARC 0517C, IAB 12/12/12, effective 1/16/13]
281—43.22(321) Fee collection and distribution of funds. The department of education shall assess a fee for semiannual school bus inspections for each school bus or allowable alternative vehicle (pursuant to rule 761—911.7(321)) inspected by the department. The department shall present for payment a fee statement to the owner of each school bus or allowable alternative vehicle inspected. For districts transporting pupils through a private contractor under rule 281—43.3(285), the fee statement shall be presented to the contracting district for payment.

The department of education shall submit an annual budget request for an amount equal to 100 percent of the total projected fees to be collected during the next fiscal year, which shall be based on an amount equal to the number of school bus and allowable alternative vehicle inspections completed during the previous school year multiplied by the inspection fee authorized by statute.

[ARC 4636C, IAB 8/28/19, effective 10/2/19]

281—43.23(285) Driver authorization. The local board of education or its designee shall submit an application for the school bus driver’s authorization for each of the board’s drivers annually upon a form prescribed by the department of education.

[ARC 4636C, IAB 8/28/19, effective 10/2/19]

281—43.24(321) Authorization denials and revocations. A person who believes that a school bus driver who holds an authorization issued by the department of education or who seeks a school bus authorization has committed acts in violation of Iowa Code subsection 321.375(2) or rule 281—43.12(285) may file a complaint with the department against the driver or applicant. The department shall notify the driver or applicant that a complaint has been filed and shall provide the driver or applicant with a copy of the complaint. A hearing shall be set for the purpose of determining whether the bus driver’s authorization shall be denied, suspended, or revoked, or whether the bus driver should receive a reprimand or warning. Hearing procedures in 281—Chapter 6 shall be applicable to such proceedings. No school bus driver or applicant shall retain or obtain employment if the local district finds that the individual is listed on the sex offender registry under Iowa Code section 692A.121 available to the general public, the central registry for child abuse information established under Iowa Code section 235A.14, or the central registry for dependent adult abuse information established under Iowa Code section 235B.5. A hearing conducted pursuant to Iowa Code section 321.375(3) or 321.376 shall be limited to the question of whether the school bus driver or applicant was incorrectly listed on the registry. The driver or applicant shall not serve in the capacity of a school bus driver while the appeal process is being conducted.

[ARC 0517C, IAB 12/12/12, effective 1/16/13]

DIVISION VI
PURCHASE OF BUSES

281—43.25(285) Local board procedure. The board of education shall proceed as follows in purchasing school buses:

43.25(1) Request bids unless the bus is a used or demonstrator bus.
43.25(2) Notify dealers of intent to purchase school transportation equipment and request bids.
43.25(3) Reserve right to reject all bids.
43.25(4) Require all bids to be on comparable equipment which meets all state and federal requirements.
43.25(5) Hold an open meeting for dealers to present merits of their equipment.
43.25(6) Review bids, tabulate all bids, make a record of action taken.
43.25(7) Sign contracts or orders for purchase of school transportation equipment. The purchase agreement must provide that the dealer will deliver equipment which will pass initial state inspection at no further cost to the school.
43.25(8) Notify the department of education of purchase and date of delivery so that arrangements can be made for the initial school bus inspection. No school bus shall be put into service until it has passed a pre-use inspection conducted, documented, and reported by the local board of education or its
designee on a form prescribed by the department of education. The initial school bus inspection will be conducted at the earliest possible time convenient to the school and the department of education.

[ARC 9262B, IAB 12/15/10, effective 1/19/11; ARC 4636C, IAB 8/28/19, effective 10/2/19]

281—43.26(285) Financing. The board of education may finance purchase of transportation equipment as follows:

43.26(1) The board may pay all of the cost of each bus from funds on hand in the general fund or other funds allowed by statute.

43.26(2) Bonds may be voted to purchase equipment, and funds so derived shall be used for that purpose.

[ARC 4636C, IAB 8/28/19, effective 10/2/19]

281—43.27 to 43.29 Reserved.

DIVISION VII
MISCELLANEOUS REQUIREMENTS

281—43.30(285) Semiannual inspection. To facilitate the semiannual inspection program, school and school district officials shall send their buses to inspection centers as scheduled. A sufficient number of drivers or other school personnel shall be available at the inspection to operate the equipment for the inspectors. The fee for each vehicle inspected shall be $40 effective July 3, 2013. Effective July 1, 2020, the fee for each vehicle inspected shall be $50.

[ARC 0767C, IAB 5/29/13, effective 7/3/13; ARC 4636C, IAB 8/28/19, effective 10/2/19]

281—43.31(285) Maintenance record. School officials shall cause the chassis of all buses and allowable alternative vehicles, whether publicly or privately owned, to be inspected annually and all necessary repairs made before the vehicle is put into service. The inspection and repairs shall be recorded on a form prescribed by the department of education. The completed form shall be signed by the mechanic and carried in the glove compartment of the bus.

[ARC 4636C, IAB 8/28/19, effective 10/2/19]

281—43.32(285) Drivers’ schools. All school bus drivers shall attend classes or schools of instruction as approved by the department of education and provided for in Iowa Code subsection 321.376(2). All new drivers shall, within the first six months of employment, successfully complete the “new driver STOP class” approved by the department. All current school bus drivers shall attend the annual course of instruction. Upon missing a year of instruction, a current driver shall successfully complete the course of instruction for new drivers prior to receiving an authorization. The employer of a school bus driver may impose additional training requirements for any new or current driver.

[ARC 9472B, IAB 4/20/11, effective 5/25/11]

281—43.33(285) Insurance. The board of education shall carry insurance on all school-owned buses and see that insurance is carried by all contractors engaged in transporting pupils for the district in the coverages and limits as determined by the board of education.

281—43.34(285) Contract—privately owned buses. The board of education and a contractor who undertakes to transport school pupils for the board, in privately owned vehicles, shall sign a contract that contains, but is not limited to, the following provisions:

43.34(1) To furnish and operate at the contractor’s own expense a legally approved vehicle of transportation transporting only children attending the school designated by the board of education.

43.34(2) To comply with all legal and established uniform standards of operation as required by statute or by legally constituted authorities.

43.34(3) To comply with all uniform standards established for protection of health and safety for pupils transported.

43.34(4) To comply with all rules and regulations adopted by the board of education for the protection of the children, or to govern the conduct of the driver of bus.
43.34(5) To keep bus in good mechanical condition and up to standards required by statutes or by legally constituted authorities.

43.34(6) To take school bus to official inspection when held by state authorities with no additional expense to party of second part.

43.34(7) Reserved.

43.34(8) To use only drivers and substitute drivers who have been approved by the board of education and have received a school bus driver’s authorization.

43.34(9) To furnish the board of education an approved certificate of medical examination for each person who is approved by the board of education to drive the bus.

43.34(10) To attend a school of instruction for bus drivers as prescribed by the bureau of nutrition programs and school transportation of the department of education. (If the owner does not drive the bus, the regular approved driver of the bus shall attend.)

43.34(11) To carry insurance on bus and pupils in the coverages and limits as determined by the board of education. Copy of policy to be filed with superintendent of schools.

43.34(12) To make such reports as may be required by state department of education, area education agency board of education, and superintendent of schools.

43.34(13) To use the school bus only for transporting regularly enrolled students to and from public school and to extracurricular activities approved and designated by the board of education and further to comply with all legal restrictions on use of bus.

43.34(14) To obtain, if possible, the license plate numbers of all vehicles violating the school bus passing law, Iowa Code section 321.372, and file information for prosecution.

43.34(15) To reserve the right of the board of education to change routing of the bus and, if additional mileage is required, allow for an extra cost.

43.34(16) To ensure immoral conduct or the use of alcoholic beverages by the contractor or driver employed by the contractor shall result in appropriate sanctions as provided in Iowa Code section 321.375.

43.34(17) To allow the contract to be terminated on 90-day notice by either party as provided by Iowa Code section 285.5(4).

43.34(18) An agreement that, if the contractor desires to terminate the contract, the school bus will be sold to the board of education at its request as provided in Iowa Code section 285.5(1). This requirement does not apply to a passenger vehicle used as a school bus.

[ARC 926B, IAB 12/15/10, effective 1/19/11; ARC 4636C, IAB 8/28/19, effective 10/2/19]

281—43.35(285) Contract—district-owned buses. The board of education and a private individual undertaking to transport school pupils for the board in school district-owned vehicles shall sign a contract substantially similar to that prescribed by the department of education. The contract shall contain the following provisions:

43.35(1) To conform to all rules of the board of education in and for the district adopted for the protection of the children and to govern the conduct of the person in charge of the conveyance.

43.35(2) To make reports as may be required by the department of education, area education agency, or superintendent of schools.

43.35(3) To conform to all standards for operation of the school buses as required by statute or by legally constituted authorities.

43.35(4) That the employee shall be entitled to benefits as outlined in the school board policy for the school district.

43.35(5) To attend a school of instruction for bus drivers as prescribed by the department of education.

43.35(6) That the employer can terminate the contract and dismiss the employee for failure to conform to all laws of the state of Iowa and rules promulgated by the Iowa department of education applicable to drivers of school buses.
43.35(7) That the contract shall not be in force until the driver presents an official school bus driver’s authorization.  
[ARC 4636C, IAB 8/28/19, effective 10/2/19]

281—43.37(285) Railroad crossings. The driver of any school bus shall bring the bus to a complete stop within 50 feet, but not less than 15 feet, from railroad crossings, as required in Iowa Code section 321.343, regardless of whether or not there are any pupils in the bus, and regardless of whether or not there is an automatic signal at the crossing. After stopping, the driver shall open the entrance door, shall look and listen for approaching trains, and shall not proceed to cross the tracks until it is safe to do so.  
[ARC 4636C, IAB 8/28/19, effective 10/2/19]

281—43.38(285) Driver restrictions.  
43.38(1) The driver of a school vehicle shall not smoke in the vehicle or on any school property.  
43.38(2) The driver shall not permit firearms or other weapons, nor ammunition, to be carried in the passenger compartment of any school vehicle transporting pupils.  
43.38(3) The driver shall not fill the fuel tank while the motor is running or when there are passengers in the vehicle.  
43.38(4) The driver shall ensure that aisles and exits are not blocked.  
[ARC 9262B, IAB 12/15/10, effective 1/19/11; ARC 4636C, IAB 8/28/19, effective 10/2/19]

281—43.39(285) Civil defense projects. Civil defense projects may be recognized by the board of directors of any school district as an authorized extracurricular activity under the following conditions:  
43.39(1) Such activity may take the form of, but need not be restricted to:  
   a. First-aid classes.  
   b. Study and distribution of materials relating to community survival, fallout shelters, radiation detection, and other pertinent disaster measures.  
   c. Exercises and field trips related to the above matters.  
   d. Cooperation with local, state and national authorities, both civil and military, and interested organizations, in carrying out civil defense exercises and in planning and making preparations for passive defense in time of actual emergency.  
43.39(2) The use of school buses for field trips and exercises, and the planned use of school buses in connection with actual emergency procedures to be carried on in cooperation with local, state or national authorities, civil or military, is hereby defined as properly incident to such authorized extracurricular activity.  
43.39(3) The bus shall be driven by an approved driver holding an appropriate driver’s license and a school bus driver’s authorization except that in actual emergency situations, where approved drivers are not available, other drivers, including students and teachers, may be used if allowed by local school board policy.  
[ARC 4636C, IAB 8/28/19, effective 10/2/19]

281—43.40(285) Pupil instruction. At least twice during each school year, once in the fall and once in the spring, each pupil who is transported in a school vehicle shall be instructed in safe riding practices and participate in emergency evacuation drills. Documentation of these drills shall be maintained locally for five years and made available upon request.  
[ARC 4636C, IAB 8/28/19, effective 10/2/19]

281—43.41(285) Trip inspections.  
43.41(1) A pretrip inspection of each school vehicle shall be performed and recorded prior to each trip to determine if any defects or deficiencies exist that may affect the safety of the vehicle’s operation or result in its mechanical breakdown. The pretrip inspection report shall be signed by the driver and submitted promptly to the superintendent of schools, transportation supervisor, school bus mechanic, or other person charged with the responsibility for the school transportation program. Any defects or
deficiencies that merit an OOS (out of service) rating pursuant to department of education school bus inspection guidelines must be repaired prior to use of the vehicle. All other defects or deficiencies should be repaired as soon as possible but do not prohibit the use of the vehicle.

43.41(2) A posttrip inspection of the interior of the school vehicle shall be performed after each trip to ensure no passengers remain.

[ARC 4636C; IAB 8/28/19, effective 10/2/19]

281—43.42(285) Loading and unloading areas. Restricted loading and unloading areas shall be established for school buses at or near schools.

[ARC 4636C; IAB 8/28/19, effective 10/2/19]

281—43.43(285) Communication equipment. Each school bus shall have a communications system capable of communication between the driver of the bus and the school’s base of operations for school transportation.

[ARC 4636C; IAB 8/28/19, effective 10/2/19]

DIVISION VIII
COMMON CARRIERS

281—43.44(285) Standards for common carriers. These standards are intended to apply to any vehicle operated by a common carrier when used exclusively for student transportation to and from school. “Common carrier” refers to a person or entity in the business of transporting goods or people for hire as a public service.

43.44(1) Vehicles.

a. The vehicles need not be painted yellow and black as required for conventional school buses.  
b. The vehicles shall, while transporting children to and from school, be equipped with temporary signs, located conspicuously on the front and back of the vehicle. The sign on the front shall have the words “School Bus” printed in black letters not less than six inches high, on a background of National School Bus Yellow. The sign on the rear shall be at least ten square feet in size and shall be painted National School Bus Yellow, and have the words “School Bus” printed in black letters not less than eight inches high. The colors shall conform to those described within 281—subrule 44.3(10).

43.44(2) Drivers.

a. The driver shall have an appropriate driver’s license issued by the Iowa department of transportation.

b. The driver shall possess a school bus driver’s authorization issued by the Iowa department of education.

c. The driver shall receive training in accordance with state requirements for school bus drivers.

43.44(3) Seating. Each passenger shall have a seat; standees are prohibited. No passenger shall be present in the bed of a pickup when the vehicle is being operated.

43.44(4) Loading and unloading procedures.

a. The vehicle shall pull close enough to the curb to prevent another vehicle from passing on its right side.

b. If the vehicle is not equipped with flashing warning lights and stop arm, or if use of this equipment is prohibited by law, the pupils, on unloading, shall be instructed to remain at the curb until the bus has pulled away and it is safe for them to cross the street.

43.44(5) Inspection of vehicles.

a. Drivers shall be required to perform pretrip inspections of their vehicles to determine if any defects or deficiencies exist that may affect the safety of the vehicle’s operation or result in its mechanical breakdown. The pretrip inspection report shall be submitted promptly to the person charged with maintenance of the vehicle. Any defects or deficiencies that merit an OOS (out of service) rating pursuant to department of education school bus inspection guidelines must be repaired prior to use of the vehicle. All other defects or deficiencies should be repaired as soon as possible but do not prohibit the use of the vehicle.
b. Vehicles shall be inspected semiannually by personnel of the department of education in accordance with the provisions of Iowa Code section 285.8(4).

43.44(6) Other requirements.

a. Local school officials shall provide the carrier with passenger conduct rules and the driver shall abide by the policies and procedures established by the local district.

b. Student instruction for passenger safety shall be the responsibility of the local school district as specified in rule 281—43.40(285).

These rules are intended to implement Iowa Code chapter 285.

CHAPTER 44
SCHOOL BUSES
[Prior to 8/10/88, see Public Instruction Department[670] Ch 23]

281—44.1(285) Requirements for manufacturers. In order to protect both the boards of education and manufacturers of school transportation vehicles and equipment from misunderstanding and confusion, all manufacturers shall provide equipment meeting all Iowa vehicle construction requirements described in this chapter as well as all applicable federal motor vehicle safety standards, which include but are not limited to the following:

101—Control location, identification, and illumination.
102—Transmission shift lever sequence, starter interlock, and transmission braking effect.
103—Windshield defrosting and defogging systems.
104—Windshield wiping and washing systems.
105—Hydraulic braking systems.
106—Brake hoses.
107—Reflecting surfaces.
108—Lamps, reflective devices, and associated equipment.
109—New pneumatic tires.
110—Tire selection and rims.
111—Rearview mirrors.
113—Hood latch systems.
116—Motor vehicle brake fluids.
119—New pneumatic tires for vehicles other than passenger cars.
120—Tire selection and rims for motor vehicles other than passenger cars.
121—Air brake systems.
124—Accelerator control systems.
131—School bus pedestrian safety devices.
205—Glazing materials.
206—Door locks and door retention components.
207—Seating systems.
208—Occupant crash protection.
209—Seat belt assemblies.
210—Seat belt assembly anchorages.
217—Bus window retention and release.
219—Windshield zone intrusion for vehicles with a GVWR of 10,000 pounds or less.
220—School bus rollover protection.
221—School bus body joint strength.
222—School bus passenger seating and crash protection.
301—Fuel system integrity.
302—Flammability of interior materials.
303—Fuel system integrity of compressed natural gas vehicles.
304—Compressed natural gas fuel container integrity.
Refer to the Appendix for additional information on certain federal motor vehicle safety standards (FMVSS) requirements.

281—44.2(285) School bus—type classifications. A bus owned, leased, contracted to or operated by a school or school district and regularly used to transport students to and from school or school-related activities, but not including a charter bus or transit bus, meets all applicable FMVSS, and is readily identified by alternately flashing lights, National School Bus Yellow (NSBY) paint, and the legend “School Bus.” Schools and school districts in Iowa are prohibited from owning or leasing motor coaches, but may charter them for activities.
44.2(1) Type A. A Type A school bus is a conversion or bus constructed utilizing a cutaway front-section vehicle with a left side driver’s door. This definition includes two classifications: Type A-1, with a gross vehicle weight rating (GVWR) of 14,500 pounds or less; and Type A-2, with a GVWR greater than 14,500 and less than or equal to 21,500 pounds.

44.2(2) Type B. A Type B school bus is constructed utilizing a stripped chassis. The entrance door is behind the front wheels. This definition includes two classifications: Type B-1, with a GVWR of 10,000 pounds or less; and Type B-2, with a GVWR greater than 10,000 pounds.

44.2(3) Type C. A Type C school bus, also known as a conventional school bus, is constructed utilizing a chassis with a hood and front fender assembly. The entrance door is behind the front wheels. This type of school bus also includes the cutaway truck chassis or truck chassis with cab with or without a left side door and with a GVWR greater than 21,500 pounds.

44.2(4) Type D. A Type D school bus, also known as a rear or front engine transit-style school bus, is constructed utilizing a stripped chassis. The entrance door is ahead of the front wheels.

44.2(5) Type III. Type III vehicles are not regular school buses but nonetheless are used to transport students in a school-related context and may be marked as a “school bus.” To qualify as a Type III vehicle, the vehicle must carry a maximum of 12 or fewer people, including the driver, and weigh 10,000 pounds or less. These vehicles will be subject to school bus inspections per Iowa Code and rule requirements.

44.2(6) Specially equipped. A specially equipped school bus is a school bus designed, equipped, or modified to accommodate students with special needs.

44.2(7) Multifunction school activity bus (MFSAB). A multifunction school activity bus is a school bus whose purposes do not include transporting students to and from home or school bus stops as defined in 49 CFR 571.3. MFSABs meet all FMVSS for school buses except the traffic control requirements (alternately flashing signal and stop arm). These vehicles will be subject to school bus inspections per Iowa Code and rule requirements.

281—44.3(285) School bus body and chassis specifications.

44.3(1) Air cleaner.
   a. The engine air intake cleaning system shall be furnished and properly installed by the chassis manufacturer to meet engine manufacturer’s specifications.
   b. The intake air system for diesel engines shall have an air cleaner restriction indicator properly installed by the chassis manufacturer to meet engine specifications.

44.3(2) Aisle.
   a. All emergency doors shall be accessible by a 12-inch minimum aisle. Aisles shall be unobstructed at all times by any type of barrier, seat, wheelchair, tie-down, or other object(s), with the exception of a flip seat that is installed and occupied at a side emergency door position. The track of a track-seating system is exempt from this requirement. A flip seat in the unoccupied (up) position shall not obstruct the 12-inch minimum aisle to any side emergency door.
   b. The seat backs shall be slanted sufficiently to give aisle clearance of 15 inches at the top of the seat backs.

44.3(3) Axles.
   a. The front and rear axle and suspension systems shall have gross axle weight rating (GAWR) at ground commensurate with the respective front and rear weight loads that will be imposed by the bus.
   b. The front axles on Type B, C and D buses shall be equipped with a wet hub-type lubrication system.

44.3(4) Backup warning alarm. An automatic audible alarm shall be installed behind the rear axle on every school bus/vehicle and shall comply with the published Backup Alarm Standards (SAE J994B), providing a minimum of 112 dBA. A variable volume feature is not allowed.

44.3(5) Body sizes. Type A vehicles may be purchased with manufacturer’s recommended seating capacities when the chassis is manufactured with rear dual tires.

44.3(6) Brakes.
   a. Brakes, all, general requirements.
(1) The chassis brake system shall conform to the provisions of FMVSS No. 105, Hydraulic and Electric Brake Systems, No. 106, Brake Hoses, and No. 121, Air Brake Systems, as applicable. All buses shall have either a parking pawl in the transmission or a parking brake interlock that requires the service brake to be applied to allow release of the parking brake.

(2) The antilock brake system (ABS), provided in accordance with FMVSS No. 105 or No. 121, shall provide wheel speed sensors for each front wheel and for each wheel on at least one rear axle. The system shall provide antilock braking performance for each wheel equipped with sensors (Four Channel System).

(3) All brake systems shall be designed to permit visual inspection of brake lining wear without removal of any chassis component(s).

(4) The brake lines, booster-assist lines, and control cables shall be protected from excessive heat, vibration and corrosion and installed in a manner which prevents chafing.

(5) The parking brake system for either air or hydraulic service brake systems may be of a power-assisted design. The power parking brake actuator should be a device located on the instrument panel within reach of a seated 5th percentile female driver. As an option, the parking brake may be set by placing the automatic transmission shift control mechanism in the “park” position.

(6) The power-operated parking brake system may be interlocked to the engine key switch. Once the parking brake has been set and the ignition switch turned to the “off” position, the parking brake cannot be released until the key switch is turned back to the “on” position.

b. Hydraulic brakes, general requirements. Buses using a hydraulic-assist brake shall meet requirements of FMVSS No. 105.

c. Air brakes, general requirements.

(1) The air pressure supply system shall include a desiccant-type air dryer installed according to the manufacturer’s recommendations. The air pressure storage tank system may incorporate an automatic drain valve.

(2) The manufacturer shall provide an accessory outlet for other air-operated systems installed in or on the bus. This outlet shall include a pressure protection valve to prevent loss of air pressure in the service brake reservoir.

(3) For air brake systems, an air pressure gauge capable of complying with commercial driver’s license (CDL) pretrip inspection requirements shall be provided in the instrument panel.

(4) Air brake systems shall include a system for anticcompounding of the service brakes and parking brakes.

(5) Air brakes shall have a warning device that is both visible and audible and that provides warning to the driver whenever the air pressure falls below the level where warnings are required under FMVSS No. 121.

d. Brakes, all, specific requirements.

(1) The braking system shall include the service brake, an emergency brake that is part of the service brake system and controlled by the service brake pedal, and a parking brake meeting FMVSS at date of manufacture.

(2) Buses using air or vacuum in the operation of the brake system shall be equipped with warning signals readily audible and visible to the driver. The signal shall give a continuous warning when the air pressure available in the system for braking is 60 psi (pounds per square inch) or less or the vacuum available in the system for braking is 8 inches of mercury or less. An illuminated gauge shall be provided that will indicate to the driver the air pressure in psi or the inches of mercury available for the operation of the brakes.

(3) Brake system reservoirs.

1. Every brake system which employs air or vacuum shall include a reservoir of the following capacity, where applicable, for brake operation: Vacuum-assist brake systems shall have a reservoir used exclusively for brakes that shall adequately ensure a full-stroke application so that loss in vacuum shall not exceed 30 percent with the engine off. Brake systems on gas-powered engines shall include suitable and convenient connections for the installation of a separate vacuum reservoir.
2. Any brake system with a dry reservoir shall be equipped with a check valve or equivalent device to ensure that, in the event of failure or leakage in its connection to the source of compressed air or vacuum, the stored dry air or vacuum shall not be depleted by the leakage or failure.

3. Connection for auxiliary accessory reservoir. The brake system shall include a suitable and convenient connection for installation of an auxiliary air or vacuum reservoir by the bus manufacturer.

   (4) An air brake system is required on every chassis meeting one or more of the following:
   1. Wheelbase equal to or greater than 274 inches.
   2. Designed seating capacity rating greater than 66 passengers. Designed seating capacity, also known as manufacturer’s seating capacity, is the actual or theoretical passenger capacity of the vehicle if it were constructed with the maximum number of seating positions.

   (5) An air brake system shall comply with the following system and component designs:
   1. The system cannot be of wedge design.
   2. The system shall include an air dryer system having design features equal to or exceeding the Bendix Westinghouse Model AD9. The system shall be self-purging and capable of removing oil, dirt, and moisture. The dryer system shall also be equipped with a heater to prevent the freezing of moisture within the system. All plumbing from air compressor to input of air dryer or after-cooler shall provide soft flow bends not producing sumps in the air compressor line having direct entry into the dryer. An automatic moisture ejector or “spitter valve” does not meet the above requirement.

3. A system of automatic adjustment compensating for service brake wear is required to be installed at all wheel positions.

4. The air compressor shall produce a minimum output of 12.0 cubic feet per minute (CFM).

5. Vehicles with 10,000 pounds GVWR or less shall be equipped with a hydraulic, dual-braking system of manufacturer’s standard, with power assist.

6. Antilock brake systems for either air or hydraulic brakes shall include control of all axles in compliance with FMVSS No. 105 or No. 121.

44.3(7) Bumper, front.

a. All school buses shall be equipped with a front bumper painted glossy black, a chrome front bumper, or a front bumper coated with a black corrosion-resistant texturized material.

b. The front bumper on buses of Type A-2 (with GVWR greater than 14,500 pounds), Type B, Type C, and Type D shall be equivalent in strength and durability to pressed steel channel at least 3/16 inches thick and not less than 8 inches wide (high). The front bumper shall extend beyond the forward-most part of the body, grille, hood and fenders and shall extend to the outer edges of the fenders at the bumper’s top line. Type A buses having a GVWR of 14,500 pounds or less may be equipped with an original equipment manufacturer (OEM)-supplied front bumper. The front bumper shall be of sufficient strength to permit its being pushed by another vehicle on a smooth surface with a 5 degree (8.7 percent) grade, without permanent distortion to the bumper, chassis or body. The contact point on the front bumper is intended to be between the frame rails, with as wide a contact area as possible. If the front bumper is used for lifting, the contact points shall be under the bumper attachments to the frame rail brackets unless the manufacturer specifies different lifting points in the owner’s manual. Contact and lifting pressures should be applied simultaneously at both lifting points.

c. The front bumper, except breakaway bumper ends, shall be of sufficient strength to permit pushing a vehicle of equal gross vehicle weight, per paragraph 44.3(7) “b,” without permanent distortion to the bumper, chassis or body.

d. The bumper shall be designed or reinforced so that it will not deform when the bus is lifted by a chain that is passed under the bumper (or through the bumper if holes are provided for this purpose) and attached to both tow hooks/eyes. For the purpose of meeting this specification, the bus shall be empty and positioned on a level, hard surface and both tow hooks/eyes shall share the load equally.

e. Tow eyes or hooks are required on Type B, C, and D buses of 14,501 pounds GVWR or greater. Two tow eyes or hooks shall be installed by the bus manufacturer so as not to project beyond the front bumper.

f. An optional energy-absorbing front bumper may be used, provided its design incorporates a self-restoring, energy-absorbing system of sufficient strength to: 
(1) Push another vehicle of similar GVWR without permanent distortion to the bumper, chassis, or body; and
(2) Withstand repeated impacts without damage to the bumper, chassis, or body according to the following performance standards:
   1. 7.5 mph fixed-barrier impact (FMVSS cart and barrier test).
   2. 4.0 mph corner impact at 30 degrees (Part 581, CFR Title 49).
   3. 20.0 mph into parked passenger car (Type B, C, and D buses of 18,000 pounds GVWR or more).

   The manufacturer of the energy-absorbing bumper system shall provide evidence of conformance to the above standards from an approved test facility capable of performing the above FMVSS tests.

44.3(8) Bumper, rear.
   a. All school buses shall be equipped with a rear bumper painted glossy black or coated with a black corrosion-resistant texturized material.
   b. The rear bumper shall be pressed steel channel or equivalent material, at least 3/16 inches thick and shall be a minimum of 8 inches wide (high) on Type A-2 vehicles and a minimum of 9½ inches wide (high) on Type A-1, B, C and D buses. The rear bumper shall be of sufficient strength to permit its being pushed by another vehicle without permanent distortion to the bumper, body, or chassis.
   c. The rear bumper shall be wrapped around the back corners of the bus. It shall extend forward at least 12 inches, measured from the rear-most point of the body at the floor line and shall be flush-mounted to the body side or protected with an end panel.
   d. The rear bumper shall be attached to the chassis frame in such a manner that the bumper may be easily removed. It shall be braced so as to resist deformation of the bumper resulting from a rear or side impact. It shall be designed so as to discourage the hitching of rides.
   e. The bumper shall extend at least 1 inch beyond the rear-most part of body surface measured at the floor line.
   f. Additions or alterations to the rear bumper, including the installation of trailer hitches, are prohibited.
   g. An optional energy-absorbing rear bumper may be used, provided a self-restoring, energy-absorbing bumper system attached to prevent the hitching of rides is of sufficient strength to:
      (1) Permit pushing by another vehicle without permanent distortion to the bumper, chassis, or body; and
      (2) Withstand repeated impacts without damage to the bumper, chassis, or body according to the following FMVSS performance standards:
         1. 2.0 mph fixed barrier impact (FMVSS cart and barrier test).
         2. 4.0 mph corner impact at 30 degrees (Part 581, CFR Title 49).
         3. 5.0 mph center impact (Part 581, CFR Title 49).
   The manufacturer of the energy-absorbing system shall provide evidence of conformance to the above standards from an approved test facility capable of performing the above FMVSS tests.

44.3(9) Certification. The manufacturer(s) shall, upon request, certify to the Iowa department of education that the manufacturer’s product(s) meets Iowa minimum standards on items not covered by FMVSS certification requirements of 49 CFR Part 567.

44.3(10) Color.
   a. Chassis shall be black. Body cowl, hood, and fenders shall be National School Bus Yellow. The flat top surface of the hood may be nonreflective National School Bus Yellow; black is not acceptable.
   b. Wheels and rims shall be gray, black, or National School Bus Yellow. Aluminum wheels are also allowed.
   c. The grille must be gray, black, or National School Bus Yellow. Chrome is not acceptable.
   d. The school bus body shall be painted National School Bus Yellow. (See color standard, Appendix B, National School Transportation Specifications and Procedures Manual 2015.)
   e. The body exterior trim shall be glossy black, including the exterior lettering, numbering, body trim, rub rails, lamp hoods (if any), and emergency door arrow. This may also include the entrance door and window sashes. In addition, the rear bumper may be covered with a black retroreflective material as
described in subrule 44.3(51). When the bus number is placed on the front or rear bumper, the number shall be National School Bus Yellow.

f. As an option, the roof of the bus may be painted white extending down to within 6 inches above the drip rails on the sides of the body, except that the vertical portion of the front and rear roof caps shall remain National School Bus Yellow.

g. Commercial advertising is forbidden on the exterior and in the interior of all school buses.

**44.3(11) Construction.**

a. The school bus body shall be constructed of materials certified to be durable under normal operating conditions and shall meet all applicable FMVSS at the date of manufacture as certified by the bus body manufacturer.

b. Construction shall be reasonably dustproof and watertight.

c. Body joints present in that portion of the Type A school bus body furnished exclusively by the body manufacturer shall conform to the performance requirements of FMVSS No. 221. This does not include the body joints created when body components are attached to components furnished by the chassis manufacturer.

d. A flat floor system featuring no wheel wells and no step-up at the rear of the passenger compartment may be used in accordance with the following:

(1) The inside height of the body shall remain at least 72 inches, when measured in accordance with subrule 44.3(40), when this option is installed.

(2) If this option utilizes a raised floor that is stepped up behind the driver’s area, the forward edge of the aisle shall have a white or yellow stripe and be labeled “Step Up” visible to passengers upon entering the aisle; and a label “Step Down” shall be visible to passengers as they exit the aisle. Minimum headroom of 72 inches shall be maintained at all times.

(3) A flat floor design shall provide for the additional option for a track-mounted seating system using button-type (L track) and a wheelchair securement system meeting Iowa specifications but mounting into the track of the track-seat system. Aisle clearances shall be maintained in accordance with these rules.

**44.3(12) Crossing control arms.**

a. Type A, B, and C school buses shall be equipped, and Type D buses may be equipped, with a crossing control arm which is mounted on the right side of the front bumper and which shall not open more than 90 degrees. When opened, the crossing control arm shall extend in a line parallel to the body side and aligned with the right front wheel.

b. The crossing control arm shall incorporate a system of quick-disconnect connectors (electrical, vacuum, or air) at the crossing control arm base unit and shall be easily removable to allow for towing of the bus.

c. All components of the crossing control arm and all connections shall be weatherproofed.

d. The crossing control arm shall be constructed of noncorrodible or nonferrous material or treated in accordance with the body sheet metal standard. See subrule 44.3(41).

e. There shall be no sharp edges or projections that could cause hazard or injury to students.

f. The crossing control arm shall extend a minimum of 70 inches from the front bumper when in the extended position. This measurement shall be taken from the arm assembly attachment point on the bumper. However, the crossing control arm shall not extend past the ends of the bumper when in the stowed position.

g. The crossing control arm shall extend simultaneously with the stop arm(s) by means of the stop arm controls.

h. The crossing control arm system shall be designed to operate in extreme weather conditions, including freezing rain, snow and temperatures below 0 degrees Fahrenheit, without malfunctioning. The crossing control arm itself shall be constructed of a material that will prevent the arm from prematurely extending or from failing to retract due to sustained wind or wind gusts of up to 40 miles per hour.

i. To ensure that the unit mounts flush and operates properly, the chassis bumper mounting bracket must be designed for the specific model chassis on which it will be mounted.
j. A single, cycle-interrupt switch with automatic reset shall be installed in the driver’s compartment and shall be accessible to the driver from the driver’s seat.

k. The assembly may include a device attached to the bumper near the end of the arm to automatically retain the arm while in the stowed position. That device shall not interfere with normal operations of the crossing control arm.

44.3(13) Daytime running lights (DRL). See subrule 44.3(32).

44.3(14) Defrosters.

a. Defrosting and defogging equipment shall direct a sufficient flow of heated air onto the interior surfaces of the windshield, the window to the left of the driver, and the glass in the viewing area directly to the right of the driver to eliminate frost, fog and snow.

b. The defrosting system shall conform to SAE J381.

c. The defroster and defogging system shall be capable of furnishing heated outside ambient air; however, the part of the system furnishing additional air to the windshield, entrance door and step well may be of the recirculating air type.

d. Auxiliary fans are required; however, they are not considered defrosting or defogging systems. See also subrule 44.3(78).

e. Portable heaters shall not be used.

44.3(15) Doors and exits.

a. Service door.

(1) The service door shall be heavy-duty power- or manually operated under the control of the driver and shall be designed to afford easy release and prevent accidental opening. When a hand lever is used, no parts shall come together to shear or crush fingers. Manual door controls shall not require more than 25 pounds of force to operate at any point throughout the range of operation. A power-operated door must provide for manual operation in case of power failure. In all instances, the power-operated door control shall be located in the steering wheel or to the right of the driver.

(2) The primary service door shall be located on the right side of the bus opposite the driver and within the driver’s direct view and shall remain closed anytime the vehicle is in motion.

(3) The service door shall have a minimum horizontal opening of 24 inches and a minimum vertical opening of 68 inches.

(4) The entrance door shall be a split-type door and shall open outward.

(5) Lower as well as upper panels shall be of approved safety glass. The bottom of each lower glass panel shall not be more than 10 inches from the top surface of the bottom step. The top of each upper glass panel shall not be more than 3 inches from the top of the door.

(6) Vertical closing edges on split or folding entrance doors shall be equipped with flexible material to protect children’s fingers.

(7) There shall be no door to the left of the driver on Type B, C or D vehicles. All Type A vehicles may be equipped with the chassis manufacturer’s standard left side (driver’s side) door.

(8) All doors shall be equipped with padding at the top edge of each door opening. Padding shall be at least 3 inches wide and 1 inch thick and shall extend horizontally the full width of the door opening.

(9) There shall be no grab handle installed on the exterior of the service door.

(10) A door-locking mechanism may be installed in accordance with subrule 44.3(77).

(11) On power-operated service doors, the emergency release valve, switch or device to release the service door must be placed above the service door, to the right side of the driver console, or to the left or right of the service door and be clearly labeled. The emergency release valve, switch or device shall work in the absence of power.

b. Emergency doors.

(1) Emergency door(s) and other emergency exits shall comply with the requirements of FMVSS No. 217 and any of the requirements of these rules that exceed FMVSS No. 217.

(2) The exposed area of the upper panel of emergency doors shall be a minimum of 400 square inches of approved safety glazing. If installed, all other glass panels on emergency doors shall be of approved safety glazing.

(3) There shall be no steps leading to an emergency door.
(4) The emergency door(s) shall be equipped with padding at the top edge of each door opening. Padding shall be at least 3 inches wide and 1 inch thick and shall extend the full width of the door opening.
(5) There shall be no obstruction higher than ¼ inch across the bottom of any emergency door opening. Fasteners used within the emergency exit opening shall be free of sharp edges or burrs.

c. **Emergency exit requirements.**
   (1) Any installed emergency exit shall comply with the design and performance requirements of FMVSS No. 217, Bus Emergency Exits and Window Retention and Release, applicable to that type of exit, whether or not that exit is required by FMVSS No. 217, and shall comply with any of the requirements of these rules that exceed FMVSS No. 217.
   (2) An emergency exit may include either an emergency door or emergency exit-type windows. Where emergency exit-type windows are used, they shall be installed in pairs, one on each side of the bus. Type A, B, C, and D vehicles shall be equipped with a total number of emergency exits as follows for the designed capacities of vehicles:
      1. 0 to 42 passengers = 1 emergency exit per side and 1 roof hatch.
      2. 43 to 78 passengers = 2 emergency exits per side and 2 roof hatches.
      3. 79 to 90 passengers = 3 emergency exits per side and 2 roof hatches.

   These emergency exits are in addition to the rear emergency door or rear pushout window/side emergency door combination required by FMVSS No. 217. Additional emergency exits installed to meet the capacity-based requirements of FMVSS No. 217 may be included to comprise the total number of exits specified. All roof hatches shall have design features as specified in subrule 44.3(78).
   (3) Side and rear emergency doors and each emergency window exit shall be equipped with an audible warning device.
   (4) Roof hatches shall be equipped with an audible warning device and shall work appropriately without the wiring becoming disconnected from the switch.
   (5) Rear emergency windows on Type D rear-engine buses shall have a lifting-assistance device that will aid in lifting and holding the rear emergency window open.
   (6) Side emergency windows may be either top-hinged or vertically hinged on the forward side of the window. No side emergency exit window will be located above a stop sign.
   (7) On the inside surface of each school bus, located directly beneath or above all emergency doors and windows, shall be a “DO NOT BLOCK” label in a color that contrasts with the background of the label. The letters on this label shall be at least 1 inch high.

**44.3(16) Drive shaft.** The drive shaft shall be protected by a metal guard or guards around the circumference of the drive shaft to reduce the possibility of its whipping through the floor or dropping to the ground if broken.

**44.3(17) Driver’s compartment.**

a. The driver’s seat supplied by the body company shall be a high-back seat with a minimum seat back adjustment of 15 degrees, not requiring the use of tools, and with a head restraint to accommodate a 95th percentile adult male, as defined in FMVSS No. 208. The driver’s seat shall be secured with nuts, bolts, and washers or flange-headed nuts.

b. The driver’s seat positioning and range of adjustments shall be designed to accommodate comfortable actuation of the foot control pedals by 95 percent of the male and female adult population.

c. See also subrule 44.3(55).

d. A driver’s document compartment or pouch shall be provided. The document compartment or pouch shall measure at least 17 inches × 12 inches × 4 inches. If a document pouch, rather than a covered compartment, is provided, it shall be located on the barrier behind the driver. It shall be constructed of a material of equal durability to that of the covering on the barrier and shall have a lid or cover with a latching device to hold the cover or lid closed.

e. Mobile data terminals are allowed. Programs loaded on the data terminal shall be specific to school bus operations such as, but not limited to, passenger accountability, routing, navigation, emergency notification, tracking, messaging, and equipment monitoring.

(1) The data terminal shall be mounted within the driver’s compartment in a location which allows the driver to see the data terminal display screen at a glance but shall not obstruct the driver’s view in
any direction when the driver is seated in a normal driving position. This would include, but not be limited to, impeding the view of the road, mirrors, highway signs, signals, other instruments, entrance door, and passengers. The data terminal display screen and audio turn-by-turn instructions may remain active while the bus is in motion.

(2) Overhead mounting of the data terminal is not allowed. The device shall not impede space within the aisle, nor shall it be mounted in such a way as to be a snagging hazard in the student loading area of the service door.

(3) The data terminal shall be securely mounted to the vehicle when in use in such a way as to minimize sharp edges. The device may be removed when not in use.

(4) The data terminal shall not be connected to the passenger compartment sound system.

(5) Distractive manipulation of a data terminal is prohibited while the school bus is being driven. For the purposes of this subparagraph, “driven” means operating a school bus, with the motor running, including while temporarily stationary because of traffic, a traffic control device, or other momentary delays such as picking up or discharging students. “Driven” does not include operating a school bus, with or without the motor running, when the school bus is legally stopped or parked upon the highway for a prolonged period of time.

f. Commercially produced pedal blocks are allowed.

44.3(18) Electrical system.

a. Battery.

(1) The storage batteries shall have a minimum cold cranking capacity rating (cold cranking amps) equal to the cranking current required for 30 seconds at 0 degrees Fahrenheit and a minimum reserve capacity rating of 120 minutes at 25 amps. Higher capacities may be required, depending upon optional equipment and local environmental conditions.

(2) The manufacturer shall securely attach the battery on a slide-out or swing-out tray in a closed, vented compartment in the body skirt or chassis frame so that the battery is accessible for convenient servicing from the outside. When in the stored position, the tray shall be retained by a securing mechanism capable of holding the tray (with battery[ies]) in position when subjected to a 5g load from any direction. The battery compartment door or cover, if separate from the tray, shall be hinged at the front or top. It shall be secured by a positive operated latching system or other type fastener. The door may be an integral part of the battery slide tray. The door or cover must fit tightly to the body and not present sharp edges or snagging points. Battery cables shall meet Society of Automotive Engineers (SAE) requirements. Battery cables shall be of sufficient length to allow the battery tray to fully extend. Any chassis frame-mounted batteries shall be relocated to a battery compartment on Type A buses.

(3) All batteries are to be secured in a sliding tray except that on van conversion or cutaway front-section chassis, batteries may be secured in accordance with the manufacturer’s standard configuration. In these cases, the final location of the battery and the appropriate cable lengths shall be agreed upon mutually by the chassis and body manufacturers. However, in all cases, the battery cable provided with the chassis shall have sufficient length to allow some slack and shall be of sufficient gauge to carry the required amperage.

(4) The top surface area of the inside of the battery compartment (the area likely to come into contact with battery electrical terminals as the result of a blow to, and upward collapse of, the bottom of the battery box in the event of an accident or other event) shall be covered with a rubber matting or other impact-resistant nonconductive material. The matting shall be a minimum of \( \frac{1}{8} \) inch thick and cover the entire top inside surface of the battery box. The matting shall be securely installed to maintain its position at all times.

(5) Buses may be equipped with a battery shut-off switch. The switch is to be placed in a location not readily accessible to the driver or passengers.

b. Alternator.

(1) All Type A and Type B buses with a GVWR of 15,000 pounds or less shall have a minimum 130-amp alternator. Buses equipped with an electrically powered wheelchair lift, air conditioning, or both shall be equipped with the highest rated capacity available from the chassis OEM.
(2) All buses over 15,000 pounds GVWR shall be equipped with a heavy-duty truck- or bus-type alternator that has a minimum output rating of 200 amps or higher and that produces a minimum current output of 50 percent of the rating at engine idle speed.

(3) Buses other than those described in subparagraph 44.3(18)“b” that have an electrically powered wheelchair lift, air conditioning, or both shall have a minimum alternator output of 240 amps and may be equipped with a device that advances the engine idle speed when the voltage drops to, or below, a pre-set level.

(4) A belt-driven alternator shall be capable of handling the rated capacity of the alternator with no detrimental effect on any other driven components. (For estimating required alternator capacity, see School Bus Manufacturers Technical Council’s publication “School Bus Technical Reference,” available at www.nasdpts.org.)

(5) A direct/gear-drive alternator is permissible in lieu of a belt-driven alternator.

b. Electrical components. Materials in electrical components shall contain no mercury.

c. Wiring, chassis.

(1) All wiring shall conform to current applicable recommended practices of the Society of Automotive Engineers (SAE). All wiring shall use color and at least one other method for identification. The other method shall be either a number code or name code, and each chassis shall be delivered with a wiring diagram that illustrates the wiring of the chassis.

(2) The chassis manufacturer of an incomplete vehicle shall install a readily accessible terminal strip or connector on the body side of the cowl or in an accessible location in the engine compartment of vehicles designed without a cowl. The strip or connector shall contain the following terminals for the body connections:

(3) An appropriate identifying diagram (color plus a name or number code) for all chassis electrical circuits shall be provided to the body manufacturer for distribution to the end user.

(4) Wiring for the headlamp system must be separate from the electronic controlled body solenoid/module.

e. Wiring, body.

(1) All wiring shall conform to current applicable SAE recommended practices.

(2) All wiring shall have an amperage capacity exceeding the design load by at least 25 percent.

All wiring splices are to be accessible and noted as splices on the wiring diagram.

(3) A body wiring diagram, sized to be easily read, shall be furnished with each bus body or affixed to an area convenient to the electrical accessory control panel.

(4) The body power wire shall be attached to a special terminal on the chassis.

(5) Each wire passing through metal openings shall be protected by a grommet.

(6) Wires not enclosed within the body shall be fastened securely at intervals of not more than 18 inches. All joints shall be soldered or joined by equally effective connectors, which shall be water-resistant and corrosion-resistant.

(7) Wiring shall be arranged in circuits, as required, with each circuit protected by a fuse breaker or electronic protection device. A system of color- and number-coding shall be used and an appropriate identifying diagram shall be provided to the end user, along with the wiring diagram provided by the chassis manufacturer. The wiring diagrams shall be specific to the bus model supplied and shall include any changes to wiring made by the body manufacturer. Chassis wiring diagrams shall be supplied to the end user. The following body interconnecting circuits shall be color-coded, as noted:
The color of the cables shall correspond to SAE J1128, Low-Tension Primary Cable.

(8) Wiring shall be arranged in at least six regular circuits, as follows:
   1. Head, tail, stop (brake), clearance and instrument panel lamps;
   2. Step well lamps, which shall be actuated when the entrance door is open;
   3. Dome lamps;
   4. Ignition and emergency door signal;
   5. Turn signal lamps; and
   6. Alternately flashing signal lamps.

(9) Any of the above combination circuits may be subdivided into additional independent circuits.

(10) Heaters and defrosters shall be wired on an independent circuit.

(11) Whenever possible, all other electrical functions (such as sanders and electric-type windshield wipers) shall be provided with independent and properly protected circuits.

(12) Each body circuit shall be coded by number or letter on a diagram of circuits and shall be attached to the body in a readily accessible location.

(13) Buses may be equipped with a 12-volt power port in the driver’s area.

(14) There shall be a manual noise suppression switch installed in the control panel. The switch shall be labeled and alternately colored. This switch shall be an on/off type that deactivates body equipment that produces noise, including at least the AM/FM radio, heaters, air conditioners, fans and defrosters. This switch shall not deactivate safety systems, such as windshield wipers or lighting systems.

(15) The entire electrical system of the body shall be designed for the same voltage as the chassis on which the body is mounted.

44.3(19) Emergency equipment.

a. All Type A, B, C, and D school buses shall be equipped with the following emergency equipment mounted in the driver’s compartment: first aid kit, fire extinguisher, webbing cutter, and body fluid cleanup kit. Triangular warning devices are required in each vehicle and may be mounted in the driver’s compartment or behind the rear seat.

b. All emergency equipment shall be securely mounted so that, in the event the bus is overturned, this equipment is held in place. Emergency equipment, with the exception of the webbing cutter mounted in a location accessible to the driver, may be mounted in an enclosed compartment provided that the compartment is labeled in not less than 1-inch letters, stating the piece(s) of equipment contained therein.

c. Fire extinguishers shall meet the following requirements:

   (1) The bus shall be equipped with at least one 5-pound capacity, UL-approved, pressurized dry chemical fire extinguisher complete with hose. The extinguisher shall be located in the driver’s compartment readily accessible to the driver and passengers and shall be securely mounted in a heavy-duty automotive bracket so as to prevent accidental release in case of a crash or in the event the bus overturns.

   (2) A calibrated or marked gauge shall be mounted on the extinguisher to indicate the amount of pressure in the extinguisher and shall be easily read without moving the extinguisher from its mounted position. Plastic discharge heads and related parts are not acceptable.

   (3) The fire extinguisher shall have a rating of 2A-10BC or greater. The operating mechanism shall be sealed with a type of seal which will not interfere with the use of the fire extinguisher.
(4) All fire extinguishers shall be inspected and maintained in accordance with the National Fire Protection Association requirements.

(5) Each extinguisher shall have a tag or label securely attached that indicates the month and year the extinguisher received its last maintenance and the identity of the person performing the service.

\(d\) First aid kit.

(1) The bus shall have a removable moistureproof and dustproof first aid kit in an accessible place in the driver’s compartment. It shall be mounted and secured, and identified as a first aid kit. The location for the first aid kit shall be marked.

(2) Type III vehicles used as school buses shall be equipped with a ten-unit first aid kit containing the following items:

1. 1-inch adhesive compress.
2. 2-inch bandage compress.
3. 4-inch bandage compress.
4. 3-inch × 3-inch plain gauze pad.
5. Gauze roller bandage (4-inch × 5 yards).
6. Plain absorbent gauze compress (2 piece, 18-inch × 36-inch).
7. Plain absorbent gauze compress (24-inch × 72-inch).
8. Triangular bandages.
9. Wire splint (instant splints may be substituted).

(3) A first aid kit meeting the national standards (National School Transportation Specifications and Procedures Manual 2015 – first aid kit) and containing the following items is required on all Type A, B, C and D school buses:

1. 1-inch × 2 1/2-yard adhesive tape rolls.
2. 3-inch × 3-inch sterile gauze pads.
3. 3/4-inch × 3-inch adhesive bandages.
4. 2-inch bandage compresses.
5. 3-inch bandage compresses.
6. 2-inch × 6-foot sterile gauze roller bandages.
7. 39-inch × 35-inch × 54-inch nonsterile triangular bandages with two safety pins.
8. 36-inch × 36-inch sterile gauze pads.
10. Pair medical examination gloves.

\(e\) Body fluid cleanup kit. Each bus shall be equipped with a disposable, removable, and moistureproof body fluid cleanup kit in a disposable container which includes the following items:

1. An EPA-registered liquid germicide (tuberculocidal) disinfectant;
2. A fully disposable wiping cloth;
3. A water-resistant spatula;
4. Step-by-step directions;
5. Absorbent material with odor counteractant;
6. Two pairs of gloves (latex);
7. One package towelettes;
8. A discard bag (nonlabeled paper bag with a plastic liner and a twist tie). This bag shall be approximately 4 inches × 6 inches × 14 inches and shall be of a nonsafety color (i.e., the bag shall not be red, orange, or yellow). The kit shall be mounted by a method that will retain the kit in place during normal school bus operation and shall be removable without the use of tools. The kit container shall be sealed with a breakable, nonreusable seal and must be accessible to the driver.

\(f\) Triangular warning devices. Each school bus shall contain at least three reflectorized triangle road warning devices mounted either in the driver’s compartment or behind the rear seat. These devices must meet requirements in FMVSS No. 125.

\(g\) Each bus shall be equipped with a durable webbing cutter having a full-width handgrip and a protected, replaceable or noncorrodible blade. This device shall be mounted in an easily detachable manner and in a location accessible to the seated driver.
h. Axes are not allowed.

44.3(20) Exhaust system.
   a. The exhaust pipe, muffler and tailpipe shall be outside the bus body compartment and attached to the chassis so as not to damage any other chassis component.
   b. The tailpipe shall be constructed of a corrosion-resistant tubing material at least equal in strength and durability to 16-gauge steel tubing.
   c. The tailpipe may be flush with, or shall not extend more than 2 inches beyond, the perimeter of the body for side-exit pipe or the bumper for rear-exit pipe. The exhaust system shall be designed such that exhaust gas will not be trapped under the body of the bus.
   d. The tailpipe shall exit to the left or right of the emergency exit door in the rear of the vehicle or to the left side of the bus in front of or behind the rear drive axle or the tailpipe may extend through the bumper. The tailpipe exit location on all Type A-1 or B-1 buses may be in accordance with the manufacturer’s standards. The tailpipe shall not exit beneath any fuel filler location, emergency door or lift door.
   e. The exhaust system on a chassis shall be adequately insulated from the fuel system.
   f. The muffler shall be constructed of corrosion-resistant material.
   g. The exhaust system on vehicles equipped with a power lift unit may be routed to the left of the right frame rail to allow for the installation of a power lift unit on the right side of the vehicle.
   h. The design of the aftertreatment systems shall not allow active (non-manual) regeneration of the particulate filter during the loading and unloading of passengers. Manual regeneration systems will be designed such that unintentional operation will not occur.
   i. For aftertreatment systems that require diesel exhaust fluid (DEF) to meet federally mandated emissions:
      (1) The composition of diesel exhaust fluid (DEF) must comply with International Standard ISO 22241-1. Refer to engine manufacturer for any additional DEF requirements.
      (2) The DEF supply tank shall be sized to meet a minimum ratio of 3 diesel fills to 1 DEF fill.

44.3(21) Fenders, front and hood. This subrule does not apply to Type A or D vehicles.
   a. The total spread of outer edges of front fenders, measured at the fender line, shall exceed the total spread of front tires when the front wheels are in the straight-ahead position.
   b. Front fenders shall be properly braced and shall not require attachment to any part of the body.
   c. Chassis sheet metal shall not extend beyond the rear face of the cowl.
   d. Front fenders and hood may be of manufacturer’s standard material and construction.
   e. The hood shall not require more than 20 pounds of force to open and shall include design features to secure the hood in an open position.

44.3(22) Fire suppression system. An automatic fire suppression system may be installed. Fire suppression system nozzles shall be located in the engine compartment, under the bus, in the electrical panel or under the dash, but they shall not be located in the passenger compartment. The system must include a lamp or buzzer to alert the driver that the system has been activated.

44.3(23) Floor insulation and covering.
   a. The floor structure of Type A, B, C and D school buses shall be covered with an insulating layer of either a 5-ply minimum \( \frac{1}{2} \)-inch-thick plywood, or a material of equal or greater strength and insulation R-value, having properties equal to or exceeding exterior-type softwood plywood, C-D grade as specified in standards issued by the United States Department of Commerce. All edges shall be sealed.
   b. Type A buses may be equipped with a minimum \( \frac{1}{2} \)-inch-thick plywood meeting the above requirements.
   c. The floor in the under-seat area of Type B, C, and D buses, including tops of wheelhouses, driver’s compartment and toeboard, shall be covered with an elastomer floor covering having a minimum overall thickness of .125 inch and a calculated burn rate of 0.1 mm per minute or less using the test methods, procedures and formulas listed in FMVSS No. 302. The floor covering of the driver’s area and toeboard area on all Type A buses may be the manufacturer’s standard flooring and floor covering.
d. The floor covering in the aisles shall be of a ribbed or other raised-pattern elastomer and have a calculated burn rate of 0.1 mm per minute or less using the test methods, procedures and formulas listed in FMVSS No. 302. Minimum overall thickness shall be .187 inch measured from tops of ribs.

e. Floor covering must be permanently bonded to the floor and must not crack when subjected to sudden changes in temperature. Bonding or adhesive material shall be waterproof and shall be of a type recommended by the manufacturer of the floor-covering material. All seams must be sealed with waterproof sealer. One-piece floor covering is allowed.

f. On Type B, C and D buses, access to the fuel tank sending unit shall be provided. The access opening shall be large enough and positioned to allow easy removal of the sending unit. Any access opening in the body shall be capable of being sealed with a screw-down plate from within the body. When in place, the screw-down plate shall seal out dust, moisture and exhaust fumes. This plate shall not be installed under flooring material.

g. Cove molding or watertight sealant shall be used along the sidewalls and rear corners. All joints or seams in the floor covering shall be covered with nonferrous metal stripping or stripping constructed of material exhibiting equal durability and sealing qualities.

44.3(24) Frame

a. The frame or equivalent shall have design and strength characteristics corresponding at least to standard practice for trucks of the same general load characteristics which are used for highway service.

b. Any secondary manufacturer that modifies the original chassis frame shall guarantee the performance of workmanship and materials resulting from such modification.

c. Extensions of frame lengths are permissible only when alterations are behind the rear hanger of the rear spring or in front of the front hanger of front spring and shall not be for the purpose of extending the wheelbase.

d. Holes in top or bottom flanges or side units of the frame and welding to the frame shall not be permitted except as provided or accepted by the chassis manufacturer.

e. Frame lengths shall be established in accordance with the design criteria for the complete vehicle.

44.3(25) Fuel system.

a. The fuel system shall comply with FMVSS No. 301, Fuel System Integrity. On Type A-1 and A-2 vehicles, the fuel tank may be of the manufacturer’s standard construction.

b. On chassis with a wheelbase greater than 170 inches, at least one fuel tank of 60-gallon capacity shall be provided and installed by the manufacturer. Chassis with a wheelbase of 170 inches or less shall be equipped with at least one fuel tank of 25-gallon minimum capacity, as provided and installed by the manufacturer.

c. The fuel tank(s) may be mounted between the chassis frame rails or outboard of the frame rails on either the left or right side of the vehicle by the manufacturer. Tanks shall be mounted directly to the chassis frame, filled, and vented outside the body, in a location where accidental fuel spillage will not drip or drain on any part of the exhaust system.

d. Fuel filtration shall be accomplished by means of the following:

(1) Gasoline-powered systems—one in-line fuel filter shall be installed between the fuel tank and the engine.

(2) Diesel-powered systems—one engine-mounted fuel filter with water/fuel separator shall be supplied and installed by the engine manufacturer.

e. The actual draw capacity of each fuel tank shall be 83 percent of the tank capacity.

44.3(26) Fuel system, alternative fuels. An alternative fuel is defined as liquefied petroleum gas (LPG), compressed natural gas (CNG), liquefied natural gas (LNG), electricity, hydrogen, methanol, ethanol, clean diesel, biodiesel, soy diesel, reformulated gasoline, or any type of hybrid system. Vehicles that operate on an alternative fuel shall meet the following requirements:

a. Chassis shall meet all standards of this rule.

b. Chassis shall meet all applicable FMVSS standards including, but not limited to, the fuel system integrity standards of FMVSS No. 301 or FMVSS No. 303 and FMVSS No. 304.

d. All alternative fuel buses shall travel a loaded range of not less than 200 miles, except those powered by electricity, which shall travel not less than 80 miles.

e. Liquefied natural gas (LNG)-powered buses shall comply with NFPA Standard 57, “Liquefied Natural Gas Vehicular-Fueled Systems,” and be equipped with an interior/exterior gas detection system. All natural gas-powered buses shall be equipped with a fire detection and suppression system.

f. All materials and assemblies used to transfer or store alternative fuels shall be installed outside the passenger/driver compartment.

g. The total weight shall not exceed the GVWR when loaded to rated capacity.

h. The manufacturer supplying the alternative fuel equipment must provide the owner and operator with adequate training and certification in fueling procedures, scheduled maintenance, troubleshooting, and repair of alternative fuel equipment. Overflow protection device (OPD) testing must be done yearly by a tester trained in this procedure and whose training has been documented. Documentation of the annual OPD valve test shall be a label or identification tag affixed to the step well of the bus, signed and dated by the test person with permanent marker. The label shall indicate the expiration date of the successful test.

i. All fueling equipment shall be designed specifically for fueling motor vehicles and shall be certified by the manufacturer as meeting all applicable federal, state and industry standards.

j. All on-board fuel supply containers shall meet all appropriate requirements of the ASME code, the DOT regulations, or applicable FMVSS and NFPA standards.

k. All fuel supply containers shall be securely mounted to withstand a static force of eight times their weight in any direction.

l. All safety devices that may discharge to the atmosphere shall be vented to the outside of the vehicle. The discharge line from the safety relief valve on all school buses shall be located in a manner appropriate to the characteristics of the alternative fuel. Discharge lines shall not pass through the passenger compartment. Discharge lines shall be kept clear with flapper-valve or other device which will allow low-pressure discharge but prevent clogging by foreign matter or insects.

m. A positive, quick-acting (¼ turn), shut-off control valve shall be installed in the gaseous fuel supply lines as close to the fuel supply containers as possible. The controls for this valve shall be placed in a location easily operable from the exterior of the vehicle. The location of the valve control shall be clearly marked on the exterior surface of the bus.

n. A grounding system shall be required for grounding of the fuel system during maintenance-related venting.

o. Automatic engine shut-down systems are not permissible.

p. Storage batteries for hybrid power systems shall be protected from crash impacts and shall be encased in a nonconductive, acid-resistant compartment. This compartment must be well-ventilated to preclude the possibility of hydrogen gas buildup.

44.3(27) Fuel system, fuel fill opening and cover. Where an opening in the school bus body skirt is needed for access to the fuel fill cap, the opening shall be large enough to permit filling the fuel tank without the need for special fuel nozzle adapters, a funnel, or other device. The opening shall be equipped with a forward hinged cover held closed by a spring or other conveniently operated device. The cover may be of a lockable design. Type A buses are exempt from the requirement of a cover.

44.3(28) Governor. An electronic engine speed limiter shall be provided and set to limit engine speed, not to exceed the maximum revolutions per minute as recommended by the engine manufacturer.

44.3(29) Handrails. At least one handrail shall be installed. The handrail shall be a minimum of 1 inch in diameter and be constructed from corrosion-resistant material(s). The handrail(s) shall assist passengers during entry or exit and shall be designed to prevent entanglement, as evidenced by the passing of the National Highway Traffic Safety Administration (NHTSA) string and nut test.
44.3(30) **Heating and air conditioning.**

a. The heater shall be hot-water combustion type, electric heating element, or heat pump.

b. If only one heater is used, it shall be a fresh-air or combination fresh-air and recirculation type.

c. If more than one heater is used, additional heaters may be recirculating air type.

d. The heating system shall be capable of maintaining bus interior temperatures as specified in SAE test procedure J2233.

e. Auxiliary fuel-fired heating systems are permitted, provided that they comply with the following:
   
   (1) The auxiliary heating system shall utilize the same type of fuel as specified for the vehicle engine.
   
   (2) Heater(s) may be direct hot air or connected to the engine’s coolant system.
   
   (3) An auxiliary heating system, when connected to the engine’s coolant system, may be used to preheat the engine coolant or preheat and add supplementary heat to the bus’s heating system.
   
   (4) Auxiliary heating systems must be installed pursuant to the manufacturer’s recommendations and shall not direct exhaust in a manner that will endanger bus passengers.
   
   (5) Auxiliary heating systems which operate on diesel fuel shall be capable of operating on #1, #2 or blended diesel fuel without the need for system adjustment.
   
   (6) The auxiliary heating system shall be low voltage.
   
   (7) Auxiliary heating systems shall comply with all applicable FMVSS including FMVSS No. 301 as well as SAE test procedures.

f. Heater hoses shall be adequately supported to guard against excessive wear due to vibration. The hoses shall not dangle or rub against the chassis or any sharp edges and shall not interfere with or restrict the operation of any engine function. Heater hoses shall conform to SAE Standard J20e, Coolant System Hoses. Heater lines, cores, and elements on the interior of the bus shall be shielded to prevent scalding or burning of the driver or passengers.

g. Each hot water system installed by a body manufacturer shall include one shut-off valve in the pressure line and one shut-off valve in the return line with both valves at the engine in an accessible location, except that on all Type A and B buses, the valves may be installed in another accessible location.

h. Each hot water heating system shall be equipped with a device that is installed in the hot water pressure line that regulates the water flow to all heaters and that is located for convenient operation by the driver while seated.

i. All combustion heaters shall be in compliance with current Federal Motor Carrier Safety Regulations.

j. Accessible bleeder valves shall be installed in an appropriate place in the return lines of body manufacturer-installed heaters to remove air from the heater lines.

k. Access panels shall be provided to make heater motors, cores, elements, and fans readily accessible for service. An outside access panel may be provided for the driver’s heater.

l. Air-conditioning systems may be installed in accordance with the following:
   
   (1) Evaporator cases, lines and ducting (as equipped) shall be designed so that all condensation is effectively drained to the exterior of the bus below floor level under all conditions of vehicle movement without leakage on any interior portion of the bus.
   
   (2) Any evaporator or ducting system shall be designed and installed so as to be free of injury-producing projections or sharp edges. Installation shall not reduce compliance with any FMVSS applicable to the school bus. Ductwork shall be installed so that exposed edges face the front of the bus and do not present sharp edges.
   
   (3) Any evaporators used must be copper-cored (aluminum or copper fins acceptable), except that the front evaporator, if provided by a Type A chassis manufacturer, may be aluminum-cored.
   
   (4) Air intake for any evaporator assembly(ies) except for the front evaporator of a Type A bus shall be equipped with replaceable air filter(s) accessible without disassembly of the evaporator case.
   
   (5) On buses equipped for the transportation of persons with disabilities, the evaporator and ducting shall be placed high enough so that they will not obstruct existing or potential occupant securement shoulder strap upper attachment points. This clearance shall be provided along the entire length of the
passenger area on both sides of the bus interior to allow for potential retrofitting of new wheelchair positions and occupant securement devices throughout the bus.

(6) The total air-conditioning system shall be warranted, including parts and labor, for at least two years and shall include, but not be limited to, compressor-mounting bracketry and hardware and any belts which, directly or indirectly, drive the compressor(s). Air-conditioning compressor applications must be approved in writing by the chassis engine manufacturer, stating that the installations will not void or reduce the engine manufacturer’s warranty or extended service coverage liabilities in any way.

(7) All components requiring periodic servicing must be readily accessible for servicing.

(8) Parts and service manuals shall be provided for the entire system including, but not limited to, compressor(s), wiring (includes wiring diagram), evaporators, condensers, controls, hoses and lines.

(9) Electrical requirements for the air-conditioning system shall be provided to the customer prior to vehicle purchase or, in the case of an after-purchase installation, prior to installing the air-conditioning system to ensure that adequate electrical demands imposed by the air-conditioning system are capable of being met.

(10) The installed air-conditioning system should cool the interior of the bus down to at least 80 degrees Fahrenheit, measured at a minimum of three points, located 4 feet above the floor at the longitudinal centerline of the bus. The three points shall be: near the driver’s location; at the midpoint of the body; and 2 feet forward of the emergency door, or for Type D rear engine buses, 2 feet forward of the end of the aisle. Test conditions will be those as outlined in the National School Transportation Specifications and Procedures Manual 2015.

44.3(31) Heating system, provisions for:

a. The engine shall be capable of supplying coolant having a temperature of at least 170 degrees Fahrenheit at the engine coolant thermostat opening. The coolant flow rate shall be 50 pounds per minute at the return end of 30 feet of one-inch inside-diameter automotive hot water heater hose. (See SBMTC-001, Standard Code for Testing and Rating Automotive Bus Hot Water Heating and Ventilating Equipment, of the School Bus Manufacturers Technical Council (SBMTC).)

b. For Type A vehicles with GVWR of 10,000 pounds or less, the chassis manufacturer shall provide a fresh-air front heater and defroster of recirculating hot water type. See also subrules 44.3(14) and 44.3(30).

44.3(32) Headlamps.

a. Buses shall be equipped with a minimum of two headlamps meeting FMVSS No. 108 with circuit protection.

b. The headlamp switch shall be of adequate ampere capacity to carry the load of the clearance and identification lamps in addition to the headlamps and tail lamps since these will be activated by the same switch.

c. There shall be a manually operated switch for selection of high- or low-beam distribution of the headlamps.

d. The headlight system must be wired separately from the body-controlled solenoid.

e. A daytime running lamp (DRL) system shall be provided.

44.3(33) Hinges. All exposed metal passenger-door hinges subject to corrosion shall be designed to allow lubrication without disassembly. All passenger-door hinges shall be securely bolted to the bus body. Metal screws are not acceptable.

44.3(34) Horn. The bus shall be equipped with a horn(s) of standard make capable of producing a complex sound in bands of audio frequencies between approximately 250 and 2,000 cycles per second and tested in accordance with SAE J377, Horn—Forward Warning—Electric—Performance, Test, and Application.

44.3(35) Identification.

a. The body shall bear the words “SCHOOL BUS” in black letters at least 8 inches high on both front and rear of the body or on attached signs. The lettering shall be placed as high as possible without impairment of its visibility. The lettering shall conform to Series B of Standard Alphabets of Highway Signs. “SCHOOL BUS” lettering shall have a reflective background or, as an option, may be illuminated by backlighting.
b. The bus, whether school-owned or contractor-owned, shall have displayed at the beltline on each side of the vehicle the official name of the school in black standard unshaded letters at least 5 inches high, but not more than 7 inches high.

Examples:
(1) Blank community school district.
(2) Blank independent school district.
(3) Blank consolidated school district.

If there is insufficient space due to the length of the name of the school district, the words “community,” “independent,” “consolidated,” and “district” may be abbreviated. If, after these abbreviations, there is still insufficient space available, the words “community school district” may be replaced by the uppercase letters “CSD” upon prior approval by the school transportation consultant of the Iowa department of education.

c. The incorporated names of cities located within an officially reorganized school district may be placed on either side of the bus in a single line situated beneath the official school district name. The lettering shall not exceed 2 inches in height and shall be black. This paragraph shall apply only when the names of the cities are not included in the official school district name on the beltline.

d. Buses privately owned and operated by an individual or individuals and used exclusively for transportation of students shall bear the name of the owner, at the beltline on each side of the vehicle in black standard unshaded letters at least 5 inches high, but not more than 7 inches high.

e. The words “RATED CAPACITY,” along with the appropriate number indicating the rated pupil seating capacity of the bus, shall be printed to the left of the entrance door, at least 6 inches below the name of the school district and on the bulkhead of the bus above the right windshield. The letters shall be black in color and at least 2 inches in height. The word “CAPACITY” may be abbreviated and shown as “CAP.” where necessary.

f. The number of the bus shall be printed in not less than 5-inch nor more than 8-inch black letters, except as otherwise noted in this subrule, and shall be displayed on both sides, the front and the rear of the bus. The location of the bus number is at the discretion of the vehicle owner except that the number:
(1) Shall be located to the rear of the service door not more than 36 inches from the ground on the right side of the bus and at the same respective position on the left side of the bus.
(2) Shall be yellow if located on either the front or rear bumper.
(3) May be placed on the roof of the bus at a position representing the approximate lateral and longitudinal midpoint of the bus. The bus number shall be black and shall measure not less than 24 inches in length.
(4) Shall not be located on the same line as the name of the school district on either side of the bus, on the emergency door, or in a location that will interfere with the words “SCHOOL BUS.”

g. Buses privately owned by individuals, a company, or a contractor shall also bear the name of the owner, followed by the word “OWNER” in not more than 2-inch characters printed approximately 6 inches below the bus capacity on the right side of the bus.

h. Symbols, characters or letters, for the purpose of vehicle or route identification by students, may be displayed in the lower, split-sash, glass portion of the third passenger window from the front on the service entrance side of the bus. Such symbols, characters or lettering, if used, shall not exceed 36 square inches. This requirement applies to all school buses regardless of date of purchase.

i. Symbols identifying the bus as equipped for or transporting students with special needs shall be displayed. See subrule 44.4(2).

j. The words “UNLAWFUL TO PASS WHEN LIGHTS FLASH” shall be displayed on the rear emergency door of the bus between the upper and lower window glass sections. The letters shall be black and not less than 2 inches nor more than 6 inches in height. If there is not sufficient space on the emergency door, letter size may be reduced upon approval of the Iowa department of education.

k. The word “BATTERY” in 2-inch black letters shall be placed on the door covering the battery opening.

l. Pressure-sensitive markings of vinyl material may be used for the lettering mentioned in this subrule in lieu of painting.
m. Any lettering, including the name of the school’s athletic team(s), numbers, drawings, bumper stickers, characters, holiday decorations, or mascot symbols other than the bus manufacturer’s registered trademarks or those specifically noted in paragraphs 44.3(35)“a” through “k” above are prohibited.

n. Fuel type shall be clearly displayed in 2-inch letters either on the fuel door or directly above the fuel door. Examples:
Gasoline or Gasoline Only
Diesel or Diesel Fuel or Diesel Only
Propane or Propane Only
Diesel Exhaust Fluid (DEF)

a. A “No Trespassing” sign may be affixed to the face of the top step in 2-inch black letters on a white background.

44.3(36) Instruments and instrument panel.

a. Chassis shall be equipped with an instrument panel having, as a minimum, the following instrumentation: (Lights in lieu of gauges are not acceptable except as noted.)
(1) Speedometer.
(2) Odometer with accrued mileage including tenths of miles unless tenths of miles are registered on a trip odometer.
(3) Voltmeter with graduated scale.
(4) Oil pressure gauge.
(5) Water temperature gauge.
(6) Fuel gauge.
(7) High-beam headlamp indicator.
(8) Air pressure gauge, where air brakes are used. A light indicator in lieu of a gauge is permitted on vehicles equipped with hydraulic-over-hydraulic brake system.
(9) Turn signal indicator.
(10) Glow-plug indicator light, where appropriate.
(11) Tachometer required on vehicles 14,500 pounds GVWR and greater.

b. Gauges shall be displayed as single-gauge installations or as gauges contained in a multifunction instrument display. The multifunction instrument display shall comply, as a minimum, with the following design criteria:
(1) The driver must be able to manually select any displayable function of the gauge on a multifunction display whenever desired.
(2) Whenever an out-of-limits condition occurs, which would be displayed on one or more functions of a multifunction gauge, the multifunction gauge controller should automatically display this condition on the instrument cluster. This should be in the form of an illuminated warning light as well as having the multifunction gauge automatically display the out-of-limits indications. Should two or more functions displayed on the multifunction gauge go out of limits simultaneously, the multifunction gauge should automatically sequence between those functions continuously until the condition(s) is corrected.
(3) The use of a multifunction instrument display does not relieve the requirement of audible warning devices as required in this subrule.

c. All instruments shall be easily accessible for maintenance and repair.
d. Instruments and gauges shall be mounted on the instrument panel so each is clearly visible to the driver in a normal seated position.
e. The instrument panel shall have rheostatically controlled lamps of sufficient candlepower to illuminate all instruments, gauges, and the shift selector indicator for automatic transmission.

44.3(37) Insulation.

a. Thermal insulation in the ceiling and walls shall be fire-resistant, UL-approved, and approximately 1½-inch thick with a minimum R-value of 5.5. Insulation shall be installed in such a way as to prevent it from sagging.

b. Roof bows shall be insulated in accordance with paragraph 44.3(37)”a.”

44.3(38) Interior.
a. The interior of the bus shall be free of all unnecessary projections, including luggage racks and attendant handrails, to minimize the potential for injury. This standard requires inner lining on ceilings and walls. If the ceiling is constructed to contain lapped joints, the forward panel shall be lapped by the rear panel and exposed edges shall be beaded, hemmed, flanged, or otherwise treated to minimize sharp edges. Buses may be equipped with a storage compartment for tools, tire chains, and tow chains. See also subrule 44.3(64).

b. Radio speakers are permitted in the passenger compartment area only. No radio speaker, other than that which is necessary for use with two-way communication equipment, shall be located within the driver’s compartment area. All radio speakers shall be flush-mounted with the roof or side panels and shall be free of sharp edges.

c. The driver’s area forward of the foremost padded barriers shall permit the mounting of required safety equipment and vehicle operation equipment.

d. Every school bus shall be constructed so that the noise level taken at the ear of the occupant nearest to the primary vehicle noise source shall not exceed 85 dBA when tested according to the procedure found in Appendix B, National School Transportation Specifications and Procedures Manual 2015.

e. An access panel must be provided, front and rear, so lights and wiring for the 8-light warning system may be repaired or serviced without removing ceiling panels.

f. Ceiling material designed to reduce noise within the driver compartment or passenger compartment may be installed by the manufacturer.

g. An electronic “child check” monitor shall be installed. This monitor shall operate in such a way as to require the driver to physically walk to the back of the bus to disengage the monitor system after having first shut off the engine of the bus.

h. Mobile Wi-Fi Internet and USB ports are allowed, in accordance with other provisions of subrule 44.3(38).

i. On-board interior bus camera heads are allowed within the passenger area of the bus. Camera heads shall not extend more than 1½ inches from the ceiling and shall have rounded edges as much as possible. Camera heads shall not be mounted directly above the aisle. Exterior cameras are allowed.

44.3(39) Lamps and signals.

a. All lamps and lamp components shall meet or exceed applicable standards established by the Society of Automotive Engineers (SAE), the American Association of Motor Vehicle Administrators (AAMVA), and FMVSS. These lamps shall be of incandescent or LED design.

b. Clearance lamps. The body shall be equipped with two amber clearance lamps at the front and two red clearance lamps at the rear mounted at the highest and widest portion of the body.

c. Identification lamps. The bus shall be equipped with three amber identification lamps on the front and three red identification lamps on the rear. Each group shall be evenly spaced not less than 6 or more than 12 inches apart along a horizontal line near the top of the vehicle.

d. Intermediate side marker lamps. On all buses over 30 feet long, one amber side lamp is required on each side, located midway between the front and rear clearance lamps.

e. Stop/tail (brake) lamps. Buses shall be equipped with four combination, red stop/tail lamps meeting SAE specifications. Each lamp shall have double filament lamp bulbs or LEDs that are connected to the headlamp and brake-operated stop lamp circuits. These should be positioned as follows:

   1. Two combination lamps with a minimum diameter of 7 inches or, if a shape other than round, a minimum of 38 square inches of illuminated area shall be mounted on the rear of the bus just to the inside of the turn signal lamps.

   2. Two combination lamps with a minimum diameter of 4 inches or, if a shape other than round, a minimum of 12 square inches of illuminated area shall be mounted on the rear of the body between the beltline and the floor line. The rear license plate lamp may be combined with one lower tail lamp. Stop lamps shall be activated by the service brakes and shall emit a steady light when illuminated. Type A-2 buses with bodies supplied by the chassis manufacturer may have the manufacturer’s standard stop and tail lamps.
f. Items described in paragraphs 44.3(39) “b,” “c,” “d,” and “e” shall be connected to the headlamp switch.

g. Backup lamps. The bus body shall be equipped with two white rear backup lamps. All vehicles shall be equipped with lamps at least 4 inches in diameter or, if a shape other than round, a minimum of 13 square inches of illuminated area. All lamps shall have a white or clear lens and shall meet SAE specifications. If backup lamps are placed on the same line as the brake lamps and turn signal lamps, they shall be to the inside. Exterior perimeter lighting behind rear axle, activated by reverse switch, is allowed.

h. Interior lamps. Interior lamps shall be provided which adequately illuminate the interior aisle and the step well. Step well lights and exterior boarding lights are required and shall be illuminated by a service door-operated switch, to illuminate only when headlights and clearance lights are on and the service door is open. In addition, the following interior lamps shall be provided:

1. Supervisor’s light. The rearmost ceiling light or a separate light may be used as a supervisor’s light and shall be activated by a separate switch controlled by the driver.

2. Driver’s area dome light. This light shall have a separate switch controlled by the driver and shall illuminate the driver’s compartment area.

3. Body instrument panel lights shall be controlled by a rheostat switch.

4. On buses equipped with a monitor for the front and rear lamps of the school bus, the monitor shall be mounted in full view of the driver. If the full circuit current passes through the monitor, each circuit shall be protected by a fuse or circuit breaker against any short circuit or intermittent shorts.

i. License plate lamp. The bus shall be equipped with a rear license plate illuminator. This lamp may be combined with one of the tail lamps.

j. Reflectors. Reflectors shall be securely attached to the body with sheet metal screws or another method having equivalent securement properties and installed in accordance with the requirements of FMVSS No. 108; however, the vehicle shall, as a minimum, be equipped with the following:

1. Two amber reflectors, one on each side at the lower front and corner of the body approximately at floor level and back of the door on the right side, and at a similar location on the left side. For all buses over 30 feet long, an additional amber reflector is required on each side at or near the midpoint between the front and rear side reflectors.

2. Four red reflectors, one at each side at or near the rear and two on the rear, one at each side.

3. Reflectors are to be mounted at a height not more than 42 inches or less than 30 inches above the ground on which the vehicle stands.

k. Warning signal lamps.

1. Buses shall be equipped with two red lamps at the rear of the vehicle and two red lamps at the front of the vehicle.

2. In addition to the four red lamps described above, four amber lamps shall be installed so that one amber lamp is located near each red signal lamp, at the same level, but closer to the vertical centerline of the bus. The system of red and amber signal lamps shall be wired so that amber lamps are energized manually and the red lamps are automatically energized (sequential), with amber lamps being automatically de-energized, when the stop signal arm is extended or when the bus service door is opened. An amber pilot light and a red pilot light shall be installed adjacent to the driver controls for the flashing signal lamp to indicate to the driver which lamp system is activated.

3. The area immediately around the lens of each alternately flashing signal lamp shall be black. In installations where there is no flat vertical portion of body immediately surrounding the entire lens of the lamp, there shall be a circular or square band of black immediately below and to both sides of the lens, on the body or roof area against which the signal lamp is seen from a distance of 500 feet along the axis of the vehicle. Black visors or hoods, with a minimum depth of 4 inches, may be provided.

4. Red lamps shall flash at any time the stop signal arm is extended.

5. All flashers for alternately flashing red and amber signal lamps shall be enclosed in the body in a readily accessible location.

6. Strobe lights are permissible.
(7) Additional electronic/lighted warning devices mounted on the rear of the bus are allowed. Each design shall be evaluated and approved by Iowa department of education personnel per established criteria.

(8) Supplemental warning lights may be installed by the vehicle owner. The supplemental warning lights may be mounted to the front and rear of all Type A, B, C and D school buses and shall meet the following requirements:
   1. Must be wired into the existing 8-way warning light system, operate only with the existing red lights of that system, and use the same flash pattern.
   2. Must be a four-light system (two front, two rear) and shall not be mounted directly to either the front or rear bumper.

   • Front lights must be located between the outer edge of the grill opening and the outer edge of the headlight(s), and must sit horizontally rather than vertically. The lens of the light must be approximately perpendicular to the ground and to the outside edge of the bus body.
   • Rear lights must be located 1 inch to 3 inches above the bumper, with a maximum of 4 inches above the bumper; must be located at least 1 inch inboard from the outside edge of the bus, but left and right of the emergency door; and must sit horizontally rather than vertically. The lens of the light must be approximately perpendicular to the ground and to the outside edge of the bus body.

   l. Turn signal lamps.
      1. The bus body shall be equipped with amber rear turn signal lamps that meet SAE specifications and are at least 7 inches in diameter or, if a shape other than round, a minimum of 38 square inches of illuminated area. These signal lamps must be connected to the chassis hazard warning switch to cause simultaneous flashing of turning signal lamps when needed as a vehicular traffic hazard warning. Turn signal lamps are to be placed as far apart as practical, and their centerline shall be approximately 8 inches below the rear window. Type A-2 conversion vehicle lamps must be at least 21 square inches in lens area and in the manufacturer’s standard color.

      2. Buses shall be equipped with amber side-mounted turn signal lights. The turn signal lamp on the left side shall be mounted rearward of the stop signal arm, and the turn signal lamp on the right side shall be mounted rearward of the service door.

   m. A white flashing strobe light rated for outdoor use and weather-sealed shall be installed on the roof of the bus not less than 1 foot or more than 18 inches from the rear center of the bus. The strobe light shall be located to the rear of the rearmost emergency roof hatch to prevent the roof hatch from diminishing the effectiveness of the strobe light. In addition:
      1. The strobe light shall have a single clear lens emitting light 360 degrees around its vertical axis and may not extend above the roof more than the maximum legal height.
      2. The strobe light must be controlled by a separate switch with an indicator light which when lit will indicate that the strobe light is turned on.
      3. The light shall be used only in fog, rain, snow, or at times when visibility is restricted.
      4. Each model strobe shall be approved by the motor vehicle division, Iowa department of transportation.

   n. Pedestrian safety crossing lights are allowed. The safety crossing light(s) must be a minimum of 500 lumens with a maximum of 1,000 lumens of brightness per light, and must be in a flood light pattern.
      1. The light(s) shall be mounted on the face of the front bumper, facing right or left or both, and angled 45 degrees toward the ground to illuminate students waiting for the bus or to illuminate the path for students crossing the road to get to the bus.
      2. The light(s) shall activate automatically with the red warning lights and stop arm and shall deactivate automatically when the red warning lights and stop arm operations are canceled.

443.40 Measurements.
   a. Interior body height shall be 72 inches or more, measured metal to metal, at any point on the longitudinal centerline from the front vertical bow to the rear vertical bow. Inside body height of Type A-2 buses shall be 62 inches or more.
overall height, length, and width of the bus shall not exceed the maximums allowed by the Iowa department of transportation.

44.3(41) Metal treatment.

a. All metal, except high-grade stainless steel or aluminum, used in construction of the bus body shall be zinc-coated or aluminum-coated to prevent corrosion. This requirement applies to, but is not limited to, such items as structural members, inside and outside panels, door panels and floor sills. Excluded are such items as door handles, grab handles, interior decorative parts and other interior plated parts.

b. All metal parts that will be painted shall be, in addition to above requirements, chemically cleaned, etched, zinc-phosphate coated and zinc-chromate or epoxy primed to improve paint adhesion.

c. In providing for these requirements, particular attention shall be given lapped surfaces, welded connections of structural members, cut edges, punched or drilled hole areas in sheet metal, closed or box sections, unvented or undrained areas, and surfaces subjected to abrasion during vehicle operation.

d. As evidence that the above requirements have been met, samples of materials and sections used in construction of the bus body shall be subjected to cyclic corrosion testing as outlined in SAE J1563.

44.3(42) Mirrors.

a. The interior mirror shall be either clear view laminated glass or clear view glass bonded to a backing that retains the glass in the event of breakage. The mirror shall have rounded corners and protected edges. All Type A buses shall have a minimum of a 6-inch × 16-inch mirror; and Type B, C, and D buses shall have a minimum of a 6-inch × 30-inch mirror.

b. Each school bus shall be equipped with exterior mirrors meeting the requirements of FMVSS No. 111. Mirrors shall be easily adjustable, but shall be rigidly braced so as to reduce vibration.

c. Heated right- and left-side rearview mirrors shall be provided.

d. Systems offering a design feature permitting the driver to remotely adjust rearview mirrors from the driver’s compartment shall be utilized.

e. The right-side rearview mirrors must be unobstructed by the unwiped section of the windshield.

f. Heated cross-view mirrors shall be provided.

g. Stainless steel mirror brackets are allowed.

44.3(43) Mounting.

a. The chassis frame shall support the rear body cross member. Except where chassis components interfere, the bus body shall be attached to the chassis frame at each main floor sill in such manner as to prevent shifting or separation of the body from the chassis under severe operating conditions.

b. Isolators shall be placed at all contact points between the body and chassis frame and shall be secured by a positive means to the chassis frame or body to prevent shifting, separation, or displacement of the isolators under severe operating conditions.

c. The body front shall be attached and sealed to the chassis cowl to prevent entry of water, dust, and fumes through the joint between the chassis cowl and body.

d. The refurbishing or reconditioning of a body-on-chassis school bus is restricted to the repair and replacement of school bus body or chassis components. The original body and chassis, as certified by the original equipment manufacturers (OEMs), shall be retained as a unit upon completion of repairs. It is not permissible to exchange or interchange school bus bodies and chassis. The refurbisher or reconditioner shall certify that the vehicle meets all state and federal construction standards in effect as of the date of manufacture and shall provide suitable warranty on all work performed. See also subrule 44.6(1).

44.3(44) Mud flaps.

a. Mud flaps or guards are required and shall be provided and installed by the body manufacturer or manufacturer’s representative for both front and rear wheels.

b. Front mud flaps or guards shall be of adequate size to protect body areas vulnerable to road debris from wheels and shall be mounted so as to be free of wheel movement at all times.

c. Rear mud flaps or guards shall be comparable in size to the width of the rear wheelhousing and shall reach within approximately 9 inches of the ground when the bus is empty. They shall be mounted at a distance from the wheels to permit free access to spring hangers for lubrication and maintenance and to prevent their being damaged by tire chains or being pulled off while the vehicle is in reverse motion.
d. All mud flaps shall be constructed of rubber. Vinyl or plastic is not acceptable.

44.3(45) Oil filter. An oil filter with a replaceable element or cartridge shall be of manufacturer’s recommended capacity and shall be connected by flexible oil lines if it is not of built-in or engine-mounted design.

44.3(46) Openings. All openings in the floorboard or fire wall between the chassis and passenger compartment, such as for gearshift selector and parking brake lever, shall be sealed.

44.3(47) Passenger load.
   a. Actual gross vehicle weight (GVW) is the sum of the chassis weight, plus the body weight, plus the driver’s weight, plus the total seated pupil weight.
      (1) For purposes of calculation, the driver’s weight is 150 pounds.
      (2) For purposes of calculation, the pupil weight is 120 pounds per pupil.
   b. Actual gross vehicle weight (GVW) shall not exceed the chassis manufacturer’s GVWR for the chassis, nor shall the actual weight carried on any axle exceed the chassis manufacturer’s gross axle weight rating.

44.3(48) Passenger securement seating system.
   a. All vehicles shall conform to all FMVSS at date of manufacture.
   b. Unless otherwise required by FMVSS, school bus seats may be equipped with passenger securement systems for passengers with disabilities in accordance with 281—Chapter 41 when the child’s individual education program staffing team determines that special seating and positioning are necessary during transportation. When the staffing team determines that a passenger securement system is necessary to safely transport a student with a disability, the need shall be documented in the student’s individual education plan (IEP).
   c. When a child securement system is required in paragraph 44.3(48) “b,” the seat, including seat frame, seat cushion, belt attachment points, belts and hardware, shall comply with all applicable FMVSS at the time of manufacture. When it is determined that the securement system is no longer necessary to provide seating assistance to a child with a disability, the securement system shall be removed from the seat frame.
   d. Children transported in child safety seats shall be secured to a school bus seat utilizing a seat belt-ready seat frame, according to the child safety seat manufacturer’s instructions.

44.3(49) Public address system. A public address system permitting interior, exterior or both interior and exterior communication with passengers may be installed.

44.3(50) Radio/communication system. Each school bus shall have a communication system to allow communication between the driver of the bus and the school’s base of operations for school transportation. This system shall be a two-way radio, cellular phone, or similar device as allowed by local and state policies regarding use of handheld communication equipment.

44.3(51) Retroreflective material.
   a. Retroreflective material shall be provided in accordance with the following:
      (1) The rear of the bus body shall be marked with strips of reflective NSBY material to outline the perimeter of the back of the bus using material which conforms with the requirements of FMVSS No. 131, School Bus Pedestrian Safety Devices, Table 1. The perimeter marking of rear emergency exits per FMVSS No. 217, Bus Emergency Exits and Window Retention and Release, or the use of retroreflective “SCHOOL BUS” signs partially accomplish the objective of this requirement. To complete the perimeter marking of the back of the bus, strips of retroreflective NSBY material, a minimum of 1 inch and a maximum of 2 inches in width, shall be applied horizontally above the rear windows and above the rear bumper, extending from the rear emergency exit perimeter marking outward to the left and right rear corners of the bus. Vertical strips shall be applied at the corners connecting these horizontal strips. Multifunction school activity buses (MFSABs) shall be exempt from these color requirements.
      (2) “SCHOOL BUS” signs, if not of lighted design, shall be marked with reflective NSBY material comprising background for lettering of the front and rear “SCHOOL BUS” signs.
      (3) Sides of the bus body shall be marked with reflective NSBY material at least ¼ inches in width, extending the length of the bus body and located within 6 inches above or below the floor line or on the beltline.
b. Front and rear bumpers may be marked diagonally 45 degrees down to centerline of pavement with 2-inch +/− 1/4 inch wide strips of noncontrasting reflective material. This material shall appear black during daylight hours; however, it will be seen as a reflective material during periods of reduced light conditions when a direct light source strikes the material.

**44.3(52) Road speed control.** When it is desired to accurately control vehicle maximum speed, a road speed control device may be utilized. A vehicle cruise control may also be utilized.

**44.3(53) Rub rails.**

a. One rub rail located on each side of the bus at, or no more than 8 inches above, the seat level shall extend from the rear side of the entrance door completely around the bus body (except for emergency door or any maintenance access door) to the point of curvature near the outside cowl on the left side.

b. One rub rail located at, or no more than 10 inches above, the floor line shall cover the same longitudinal area as the upper rub rail, except at wheel housings, and shall extend only to radii of the right and left rear corners.

c. Rub rails at or above the floor line shall be attached at each body post and all other upright structural members.

d. Each rub rail shall be 4 inches or more in width in its finished form, shall be of 16-gauge steel or suitable material of equivalent strength, and shall be constructed in corrugated or ribbed fashion.

e. Rub rails shall be applied to outside body or outside body posts. Pressed-in or snap-on rub rails do not satisfy this requirement. For all buses using a rear luggage or rear engine compartment, rub rails need not extend around rear corners.

f. The bottom edge of the body side skirts shall be stiffened by application of a rub rail, or the edge may be stiffened by providing a flange or other stiffeners.

g. Rub rails shall be painted black or shall be covered with black retroreflective material.

**44.3(54) Seating, crash barriers.**

a. All school buses (including Type A) shall be equipped with restraining barriers which conform to FMVSS No. 222.

b. Crash barriers shall be installed conforming to FMVSS No. 222; however, all Type A-2 school bus bodies shall be equipped with padded crash barriers, one located immediately to the rear of the driver’s seat and one at the service door entrance immediately to the rear of the step well.

c. Crash barriers shall be constructed with materials that enable the crash barriers and passenger seats to meet the criteria contained in the School Bus Seat Upholstery Fire Block Test specified in the National School Transportation Specifications and Procedures Manual 2015. Fire block material, when used, shall include the covering of seat bottoms.

d. All crash/restraining barriers shall be the same height as the passenger seating height in the bus.

**44.3(55) Seating, driver:**

a. Type A school buses shall be equipped with a driver’s seat of manufacturer’s standard design meeting FMVSS.

b. All Type B, C, and D school buses shall have a driver’s seat equipped with a one-piece high back designed to minimize the potential for head and neck injuries in rear impacts, providing minimum obstruction to the driver’s view of passengers and meeting applicable requirements of FMVSS No. 222. The height of the seat back shall be sufficient to provide the specified protection for a 5th percentile adult female up to a 95th percentile adult male, as defined in FMVSS No. 208.

c. All air brake-equipped school buses may be equipped with an air suspension driver’s seat meeting the following additional requirements:

1. The air control for height adjustment shall be within easy reach of the driver in the seated position.

2. The seat cushion shall be a minimum of 19½ inches wide, shall be fully contoured for maximum comfort, and shall have a minimum of four adjustment positions to allow changes in seat bottom angle.

3. The backrest shall include adjustable lumbar support.

4. The seat shall have a minimum of 7 inches of forward and rearward travel, adjustable with the driver in the seated position. This requirement applies to the seat mechanism. Reduction of this
requirement to no less than 4 inches due to barrier placement on 89-passenger capacity buses will be acceptable.

(5) The seat shall have a minimum of 4 inches of up and down travel.

(6) Seat back shall include adjustability of tilt angle.

(7) All adjustments shall be by fingertip controls without the use of tools.

(8) The seat shall comply with all applicable FMVSS.

44.3.(5) Seating, passenger.

a. All seats, component parts, and seat anchorage shall comply with applicable federal requirements as of the date of manufacture.

b. All seats shall have a minimum cushion depth of 15 inches, shall have a seat back height of 24 inches above the seating reference point, and shall comply with all other requirements of FMVSS No. 222.

c. In determining the rated seating capacity of the bus, allowable average rump width shall be:

(1) Thirteen inches where a three-three seating plan is used.

(2) Fifteen inches where a three-two seating plan is used.

d. The following knee room requirements shall apply to all school bus bodies:

(1) Knee room shall meet the requirements of FMVSS No. 222 and shall be measured, on Type A-2, B, C and D school buses, at the center of the transverse line of the seat and at seat cushion height. The distance from the front of a seat back (cushion) to the back surface of the cushion on the preceding seat shall be not less than 24 inches. The seat upholstery may be placed against the seat cushion padding, but without compressing the padding, before the measurement is taken.

(2) On Type A-1 school buses, seat spacing shall be of the manufacturer’s standard spacing.

e. All seats shall be forward-facing with seat frames attached to the seat rail with two bolts, washers and nuts or flange-headed nuts. Each seat leg shall be secured to the floor by a minimum of two bolts, washers, and nuts. Flange-headed nuts may be used in lieu of nuts and washers, or seats may be track-mounted in conformance with FMVSS No. 222. This information shall be on a label permanently affixed to the bus.

f. Jump seats or portable seats are prohibited; however, use of a flip seat at any side emergency door location in conformance with FMVSS No. 222, including required aisle width to side door, is acceptable. Any flip seat shall be free of sharp projections on the underside of the seat bottom. The underside of the flip-up seat bottoms shall be padded or contoured to reduce the possibility of snagged clothing or injury during use. Flip seats shall be constructed to prevent passenger limbs from becoming entrapped between the seat back and the seat cushion when in an upright position. The seat cushion shall be designed to rise to a vertical position automatically when not occupied.
g. Passenger seats shall be constructed with materials that enable them to meet the criteria contained in the School Bus Seat Upholstery Fire Block Test specified in the National School Transportation Specifications and Procedures Manual 2015. Fire block material, when used, shall include the covering of seat bottoms.

h. Seat cushions shall contain a positive locking mechanism that requires removal of a security device before the seat may be unlatched.

i. For Type C and D buses, the distance between the rearmost portion of the seat backs of the rear row of seats and outside rear of the bus body (rear seat buffer zone), measured at the floor line, must be at least 8 inches. For Type A buses, the distance must be at least 6 inches.

44.3(57) Seating, passenger restraints.

a. Lap belts shall not be installed on passenger seats in large school buses (over 10,000 pounds GVWR) except in conjunction with child safety restraint systems that comply with the requirements of FMVSS No. 213, Child Restraint Systems.

b. Three-point (3-point) lap-shoulder belts shall be installed in all new buses. The restraint system shall include a flexible design feature, thus allowing three-two seating on the same 39-inch seat, depending on student size.

44.3(58) Shock absorbers. Buses shall be equipped with double-action shock absorbers compatible with manufacturer’s rated axle capacity at each wheel location.

44.3(59) Steering gear.

a. The steering gear shall be approved by the chassis manufacturer and designed to ensure safe and accurate performance when the vehicle is operated with maximum load and at maximum speed.

b. If external adjustments are required, the steering mechanism shall be accessible.

c. No changes shall be made in the steering apparatus, including the addition of spinners or knobs which are not approved by the chassis manufacturer.

d. There shall be a clearance of at least 2 inches between the steering wheel and cowl, instrument panel, windshield, or any other surface.

e. Power steering is required and shall be of the integral type with integral valves. Electric power-assisted steering systems are allowed.

f. The steering system shall be designed to provide a means for lubrication of all wear points, if wear points are not permanently lubricated.

g. Tilting and telescopic steering wheels are acceptable.

44.3(60) Steps.

a. The first step at the service door shall be not less than 10 inches and not more than 14 inches from the ground when measured from the top surface of the step to the ground, based on standard chassis specifications, except that on Type D vehicles, the first step at the service door shall be 11 inches to 16 inches from the ground. A step well guard/skid plate shall be installed by the manufacturer on all Type D vehicles.

b. Step risers shall not exceed a height of 10 inches. When plywood is used on a steel floor or step, the riser height may be increased by the thickness of the plywood.

c. Steps shall be enclosed to prevent accumulation of ice and snow.

d. Steps shall not protrude beyond the side body line.

e. A suitable device(s) shall be installed within the service entrance door area to assist passengers during entry or egress from the bus. The device(s) shall be designed so as to prevent injury or fatality to passengers from being dragged by the bus after becoming entangled in the device(s).

44.3(61) Step treads.

a. All steps, including floor line platform area, shall be covered with an elastomer floor covering having a minimum overall thickness of \( \frac{3}{16} \) inch.

b. The step covering shall be permanently bonded to a durable backing material that is resistant to corrosion.

c. Step treads shall have a l\( \frac{1}{2} \) inch white or yellow nosing as an integral piece without any joint.

d. Step treads shall have abrasion resistance, slip resistance, weathering resistance, and flame resistance as outlined in the National School Transportation Specifications and Procedures Manual 2015.
e. A 3-inch white or yellow rubber step edge at floor level, flush with the floor covering, shall be provided.

f. Step treads shall have a calculated burn rate of 0.01 mm per minute or less using the test methods, procedures and formulas listed in FMVSS No. 302, Flammability of Interior Materials.

g. A spray-on application type material that meets all other step tread requirements may be used in lieu of the floor covering described in paragraph 44.3(61)"a." The material shall be applied not only to the interior surfaces of the service door step treads but also to the exterior if the exterior is not covered by undercoating.

44.3(62) Stirrup steps.

a. There shall be at least one folding stirrup step or recessed foothold and suitably located handles on each side of the front of the body for easy accessibility for cleaning. Handles on the service door are prohibited.

b. Steps or cutouts are permitted in the front bumper only, in lieu of the stirrup steps, if the windshield and lamps are easily accessible for cleaning from that position.

44.3(63) Stop signal arm.

a. The stop signal arm shall be a flat 18-inch octagon exclusive of brackets for mounting. Stop arms or other warning devices shall not extend more than 30 inches beyond the side of the bus body. All lamps and lamp components shall comply with the requirements of FMVSS No. 131.

b. Both surfaces of the sign shall be covered with reflectorized material having a reflective capability equal to or exceeding that of 3M Corporation high-intensity sheeting.

c. The application of the reflective sheeting material shall be in accordance with the sheeting manufacturer’s suggested application process. All copy shall be sharply defined and clean cut.

d. The stop arm blade shall be mounted in the area below the driver’s window on the left side of the bus.

e. A second stop signal arm shall be installed on the left side at or near the left rear corner of Type C and D school buses and shall meet the requirements of FMVSS No. 131.

f. Each stop arm blade shall be automatically extended upon activation of the red warning signal lamp system and remain extended until the red signal lamps are deactivated. In addition, each stop arm blade shall be equipped with two double-faced, 4-inch, alternately flashing red lights. The use of strobe lamps in the stop arm blade is acceptable.

g. A wind guard shall be installed which prevents air currents from circulating behind the blades.

h. The stop arm shall be vacuum-, electric-, or air-operated; and the system must positively hold the sign in extended or retracted position to prevent whipping in the wind.

i. If the air for an air-operated stop arm comes from the regular air brake system, the body manufacturer shall provide the necessary check valve and pressure reduction valve to safeguard the air supply for brake application.

j. The two double-faced, 4-inch flashing lights may be replaced with an LED illuminated, high-visibility display, spelling out the word “STOP” visible to the front and rear. This lighting system shall comply with applicable FMVSS prior to installation.

44.3(64) Storage compartments.

a. An enclosed space shall be provided in the driver’s compartment for storing manuals and bus driver records. See also subrule 44.3(17).

b. A storage container for tools, tire chains, and tow chains may be located either inside or outside the passenger compartment; but, if inside, it shall have a cover (seat cushion may not serve this purpose) capable of being securely latched and fastened to the floor, convenient to either the service or emergency door.

c. Luggage compartments are allowed. Compartments shall include a door and a means of holding the door in an open position when the compartment is being loaded or unloaded.

44.3(65) Suspensions.

a. The capacity of springs or suspension assemblies shall be commensurate with the chassis manufacturer’s GVWR rating.
b. Steel leaf rear springs shall be a progressive rate or multistage design. Front leaf springs shall have a stationary eye at one end and shall be protected by a wrapped leaf in addition to the main leaf. Parabolic or taper-leaf springs are acceptable.

c. Air suspension systems are acceptable. Air bags, hoses, hose routing, and all related hardware shall conform to the chassis manufacturer’s recommendations.

44.3(66) Sun shield.

a. For Type B, C, and D vehicles, an interior adjustable transparent sun shield not less than 6 inches × 30 inches with a finished edge shall be installed in a position convenient for use by the driver. An interior adjustable transparent driver’s side mounted sun shield of manufacturer’s specification is allowed.

b. On all Type A buses, the sun shield shall be the manufacturer’s standard.

44.3(67) Tailpipe. See subrule 44.3(20).

44.3(68) Throttle.

a. The force required to operate the throttle shall not exceed 16 pounds throughout the full range of accelerator pedal travel.

b. A driver-operated electronic variable-speed hand throttle, or a fast idle switch, may be provided on Type C and D vehicles.

c. OEM adjustable pedals are acceptable as an option.

44.3(69) Tires and rims.

a. Tires and rims of the proper size and tires with a load rating commensurate with the chassis manufacturer’s gross vehicle weight rating (GVWR) shall be provided.

b. Tires shall be of tubeless, steel-belted, radial (standard or low-profile) construction.

c. “Bud” type, hub-piloted steel rims are required. Multipiece and “Dayton” rims are prohibited.

d. Dual tires shall be provided on all vehicles listed in rule 281—44.2(285), except Type III vehicles.

e. All tires on a vehicle shall be of the same size, and the load range of the tires shall meet or exceed the GVWR as required by FMVSS No. 120.

f. Spare tires are not required; however, if specified, the spare tire shall be located outside the passenger compartment. The spare tire may not be attached to any part of the rear portion of the body including the emergency door, bumper or roof. If a tire carrier is required, it shall be suitably mounted in an accessible location outside the passenger compartment.

g. Recapped tires are permissible as replacements on equipment now in operation for use on rear wheels only, providing tires are guaranteed by the seller. Recapped tires are not permissible where single rear wheels are used.

h. Tires, when measured on any two or more adjacent tread grooves, shall have a tread groove pattern depth of at least 4/32 of an inch on the front wheels and 2/32 of an inch on the rear wheels. No measurement shall be made where tire bars, humps, or fillets are located. On Type A-1 and Type A-2 buses, the tread groove pattern depth shall be at least 4/32 of an inch. Where specific measurement points are provided by the tire manufacturer, they shall be utilized in determining tires approved for service. This requirement also applies to buses now in service.

i. Tire pressure equalizing systems for dual rear wheels are acceptable.

j. Wheel check indicators for lug nuts are allowed.

44.3(70) Tow hooks, front. Tow eyes or hooks are required on Type B, C and D buses of 14,501 pounds GVWR or greater. Two tow eyes or hooks shall be installed by the manufacturer so as not to project beyond the front bumper.

44.3(71) Tow hooks, rear. Two rear tow hooks are required on all school buses. Rear tow hooks shall be attached to the chassis frame and located under the rear bumper so the hook portion is under the body.

44.3(72) Traction-assisting devices. Traction-assisting devices including hopper-sanders, tire chains or automatic traction chains may be installed.

44.3(73) Transmission.
a. Automatic transmissions shall provide for not less than three forward speeds and one reverse speed. The shift lever, if applicable, shall provide a detent between each gear position when the gear selector quadrant and shift lever are not steering column-mounted.

b. Automatic transmissions shall have a transmission shifter interlock controlled by the application of the service brake to prohibit accidental engagement of the transmission.

44.3(74) Trash container and holding device.

a. When a trash container is placed on the school bus, it shall comply with the following:
   (1) Meet the requirements of FMVSS No. 302, Flammability of Interior Materials.
   (2) Be no greater than 20-quart capacity.
   (3) Be secured by a holding device that is designed to prevent movement and to allow easy removal and replacement.

b. The container shall be placed in an accessible location in the driver’s compartment of the school bus subject to Iowa department of education approval. The container shall not obstruct the aisle of the bus, access to safety equipment or passenger use of the service entrance door.

c. Trash containers meeting the requirements of paragraph 44.3(74)’a’ are allowable behind the rear seat.

44.3(75) Turning radius.

a. A chassis with a wheelbase of 264 inches or less shall have a right and left turning radius of not more than 42½ feet, curb-to-curb measurement.

b. A chassis with a wheelbase of 265 inches or more shall have a right and left turning radius of not more than 44½ feet, curb-to-curb measurement.

44.3(76) Undercoating.

a. The entire underside of the bus body, including floor sections, cross member and below floor line side panels, and chassis front fenders shall be coated with rustproofing material for which the material manufacturer has issued to the bus body manufacturer a notarized certification that materials meet or exceed all performance requirements of SAE J1959, Sept. 2003 Edition.

b. Undercoating material shall be applied with suitable airless or conventional spray equipment to the undercoating material manufacturer’s recommended film thickness and shall show no evidence of voids in cured film.

c. The undercoating material shall not cover any exhaust components of the chassis.

d. If chassis is built as a separate unit, the chassis manufacturer or its agents shall be responsible for providing undercoating to the chassis areas.

44.3(77) Vandal lock.

a. The school bus may be equipped with a vandal locking system for securing the service entrance, emergency, and wheelchair lift door(s).

b. The vandal locking system shall include the following design features:
   (1) The entrance door is to be locked by an exterior key with a dead bolt, a remote control (cable) device or an electric device. The system must prevent the door from being accidentally locked by any motion the bus may encounter during its normal operation. This requirement does not apply to Type A vehicles with a left-side driver’s door.
   (2) When the bus is equipped with a rear-mounted engine, the emergency door and rear emergency exit window are to be locked by an interior slide bolt which shall activate a buzzer when the door or emergency exit window is locked and the ignition of the bus is turned on. The locking mechanism must be capable of being locked or unlocked without the use of a separate key or other similar device.
   (3) The engine starting system of the bus shall not operate if the rear or side emergency door or rear emergency exit window over the rear engine compartment is locked from either the inside or outside of the bus.
   (4) Hasp-type devices may not be attached to the bus for the purpose of securing any door or window.

44.3(78) Ventilation.

a. The body ventilation system on Type A, B, C and D buses shall include one static, nonclosing exhaust vent in the low-pressure area of the roof and one or more combination roof ventilation/emergency
escape hatches in accordance with 44.3(15). The ventilation system shall be capable of being controlled and shall have sufficient capacity to maintain a proper quantity of air under operating conditions without the opening of windows except in extremely warm weather.

b. Each combination roof ventilation/emergency escape hatch shall be installed by the school bus body manufacturer or the body manufacturer’s approved representative and shall have the following design and installation features:
   (1) Multiposition fresh air ventilation.
   (2) Release handle(s) permitting operation as an emergency exit(s), accessible inside and outside the vehicle.
   (3) An audible warning system which sounds an alarm in the driver’s compartment area when the emergency roof hatch is unlatched shall be installed as a design feature by the manufacturer.
   (4) When more than one ventilation/emergency roof hatch is required, one shall be installed forward of the intersection of the horizontal and longitudinal midpoints of the bus in a low-pressure area of the roof. The second unit shall be installed on the roof in a location behind the rear axle. When only one ventilation/emergency roof hatch is required, it shall be installed in a low-pressure area of the roof at or near the longitudinal midpoint of the bus.
   (5) Ventilation/emergency escape hatches may include static-type nonclosable ventilation.
   c. Auxiliary fans shall be installed and shall meet the following requirements:
      (1) Two adjustable fans shall be installed on Type B, C and D buses. Fans for left and right sides shall be placed in a location where they can be adjusted for maximum effectiveness and do not obstruct vision to any mirror.
      (2) Fans shall be a nominal 6-inch diameter except where noted below.
      (3) Fan blades shall be covered with a protective cage. Each fan shall be controlled by a separate switch capable of two-speed operation.
      (4) Type A buses shall have at least one fan that has a nominal diameter of at least 4 inches and meets the above requirements.

44.3(79) Wheelhousings.
   a. The wheelhousing opening shall allow for easy tire removal and service.
   b. The wheelhousing shall be attached to the floor sheets in such a manner as to prevent any dust, water or fumes from entering the bus body. Wheelhousings shall be constructed of at least 16-gauge steel or other material capable of withstanding passenger or other expected loads applied internally or externally without deformation.
   c. The inside height of the wheelhousing above the floor line shall not exceed 12 inches.
   d. The wheelhousing shall provide clearance for installation and use of tire chains on single and dual (if so equipped) power-driving wheels.
   e. No part of a raised wheelhousing shall extend into the emergency door opening.

44.3(80) Windshield and windows.
   b. Glass in windshields may be heat-absorbing and may contain a shaded band across the top. Location of “fade out” shall be above the upper limit for maximum visibility.
   c. Each full side window, other than emergency exits designated to comply with FMVSS No. 217, shall be split-sash type and shall provide an unobstructed emergency opening of at least 9 inches high, but not more than 13 inches high, and 22 inches wide, obtained by lowering the window. When the driver’s window consists of two sections, both sections shall be capable of being moved or opened.
   d. Insulated double glass is required in both sections of the left-side driver’s window.
   e. Window glass forward of the service door and in the driver’s direct line of sight for observing exterior rearview mirrors and traffic shall be of insulated double glass or may incorporate an electric grid heating system for the purpose of clearing the windows. The door glass in Type A-2 vehicles equipped
with a manufacturer’s standard van-type, right-side service door may be of the manufacturer’s standard design.

f. The school bus body manufacturer may design and install a protective device over the inside, lower window glass of a rear emergency door to protect it from being damaged or broken during normal operation. The protective device shall be securely mounted by the manufacturer, shall be free of projections which might harm passengers, and shall permit visibility through the device to the area outside and to the rear of the bus.

g. Tinted glazing capable of reducing the amount of light passing through a window may be installed consistent with rules established by the Iowa department of public safety relating to automotive window transparency standards, except that the following windows shall be of AS-II clear glass rating:

1. All glass to the immediate left of the driver.
2. All glass forward of the driver and service door.
3. All glass in the service entrance door.

h. The entire windshield area shall be of AS-I rating.

44.3(81) Windshield washer system.

a. All buses shall be equipped with electric wet-arm windshield washers which conform to the body manufacturer’s recommendation as to type and size for the bus on which they are to be used. The windshield washer system on Type A vehicles may be of the manufacturer’s standard design. On Type A-2 vehicles, the windshield washer system shall be of the manufacturer’s standards.

b. The washer control(s) shall be located within easy reach of the driver.

44.3(82) Windshield wiper system.

a. For Type A vehicles, windshield wipers shall be supplied by the chassis manufacturer and shall be of the manufacturer’s standard design.

b. Type B, C and D buses shall be equipped with two positive-action, two-speed or variable-speed electric windshield wipers. Windshield wipers shall have an intermittent wiping feature and shall be operated by a single switch.

c. The wipers shall be operated by one or more electric motors of sufficient power to operate wipers. If one motor is used, the wipers shall work in tandem to give a full sweep of the windshield.

d. Wiper control(s) shall be located within easy reach of the driver and shall be designed to move the blades from the driver’s view when the wiper control is in the “off” position.

e. Windshield wipers shall meet the requirements of FMVSS No. 104.

[ARC 9263B, IAB 12/15/10, effective 1/19/11; ARC 1489C, IAB 6/11/14, effective 7/16/14; ARC 4637C, IAB 8/28/19, effective 10/2/19]

281—44.4(285) Construction of vehicles for children with mobility challenges. The following shall apply to vehicles constructed for the transportation of children with mobility challenges of such severity that the children are prohibited from utilizing the regular service door entrance. Vehicles constructed for transporting these children shall meet all FMVSS relating to school bus construction and Iowa school bus construction requirements as described in rules 281—44.1(285) and 281—44.3(285). The following standards shall also apply:

44.4(1) General requirements.

a. Certification of these vehicles as multipurpose passenger vehicles due to capacity rating shall not relieve the manufacturer of the responsibility to provide a completed vehicle meeting all FMVSS for school buses as well as rules 281—44.1(285) to 281—44.3(285) relating to the construction of a school bus.

b. Alteration of the interior of the vehicle is permissible if all seats and barriers, component parts, anchorages, wheelchair securement devices, and placement of seats and barriers and wheelchair securement devices comply with federal requirements as of date of manufacture. All equipment must be supplied by the original manufacturer and installed per the original manufacturer’s specification. Alteration which would return the vehicle to conventional passenger seating shall include removal of all wheelchair securement devices, removal of the power lift, and rendering the special service door inoperable.
c. Any school bus that is used for the transportation of children who are confined to a wheelchair or other restraining devices which prohibit use of the regular service entrance shall be equipped with a power lift located on the right side of the bus body located either forward of or behind the rear wheels on a Type A, B, C, or D bus.

d. The actual rated seating capacity following modification of a vehicle shall be placed at locations indicated in paragraph 44.3(35)“e.”

44.4(2) Specific requirements.

a. Aisle.

(1) Aisles leading from wheelchair placement(s) to the special service door and the service door shall at all times be a minimum of 30 inches wide.

(2) Aisles leading to all the emergency doors from wheelchair placement(s) shall at all times be at least 20 inches in width. Additionally, all school buses shall provide a pathway of at least 30 inches in width leading from any wheelchair position to at least one 30-inch-wide emergency exit door.

(3) A wheelchair securement position shall not be located directly in front of a power lift door.

b. Barriers.

(1) Barriers shall comply with and be installed as required by federal standards as of date of manufacture.

(2) A heavy-duty padded barrier or stanchion shall be provided immediately to the rear of the step well opening extending from the side wall of the bus to approximately the aisle to prevent a person from accidentally falling into the step well opening from floor level. A barrier or stanchion as mentioned above shall also be placed directly behind the driver.

(3) The power lift mechanism shall be padded and protected to prevent a child from accidentally getting any part of the child’s body caught in the power lift mechanism or special service door at any time.

(4) All crash/restraining barriers shall be the same height as the passenger seating height in the bus.

c. Glazing. Tinted glazing may be installed in all doors, windows, and windshield.

d. Heaters. An additional heater(s) may be installed in the rear portion of the bus on or behind wheel wells.

e. Identification. Buses with wheelchair lifts used for transporting children with physical disabilities shall display the International Symbol of Accessibility located on the front and rear of the vehicle below the window line. Emblems shall be white on blue, shall not exceed 12 × 12 inches in size, and may be reflectorized.

f. Power lift.

(1) The lifting mechanism shall be able to lift a minimum payload of 800 pounds.

(2) The power lift shall be located on the right side of the body and in no way be attached to the exterior sides of the bus, but should be confined within the perimeter of the school bus body when not extended. The power lift may be located either forward of or behind the rear wheels of the vehicle on Type A, B, C and D buses.

(3) When the platform is in the fully “up” position, it shall be locked in position mechanically by means other than a support or lug in the door.

(4) All lift controls shall be portable and conveniently located on the inside of the bus near the special service door opening. Controls shall be easily operable from inside or outside the bus by either a platform standee or person seated in a wheelchair when the lift is in any position. A master cut-off switch controlling on/off power to the lift shall be located in the driver’s compartment. There shall be a means of preventing the lift platform from falling while in operation due to a power failure.

(5) Power lifts shall be equipped so they may be manually raised or lowered in the event of power failure of the power lift mechanism.

(6) The platform shall accommodate a wheelchair which is 30 inches wide. The platform shall be not less than 44 inches long, including guard panels or rails.

(7) The power lift platform shall be covered with skid-resistant material or be designed to prevent slipping.
(8) The lift platform shall be constructed to permit vision through that portion of the platform covering the window of the special service door when the platform is in the “up” position.

(9) All edges of the platform shall be designed to restrain a wheelchair and to prevent the operator’s feet from being entangled during the raising and lowering process.

(10) The platform shall be fitted on both sides with full width shields which extend above the floor line of the lift platform.

(11) An operating safety barrier shall be affixed to the outer edge (curb end) of the platform that will prohibit the wheelchair from rolling off the platform when the lift is in any position other than fully extended to ground level. The barrier shall not be capable of being manually operated.

(12) A self-adjusting, skid-resistant plate shall be installed on the outer edge of the platform to minimize the incline from the lift platform to the ground level. This plate, if so designed, may also suffice as the restraining device described in subparagraph 44.4(2)”f”(11) above.

(13) The power lift shall be designed so the lift will not operate unless the special service door(s) is opened and the lift platform is in the “down” or horizontal position.

(14) The lift travel shall allow the lift platform to rest securely on the ground.

(15) A circuit breaker, fuse, or other electrical protection device shall be installed between the power source and the lift motor if electrical power is used.

(16) When hydraulic pressure is used in the lifting process, the system shall be equipped with adjustable limit switches or bypass valves to prevent excessive pressure from building in the hydraulic system when the platform reaches the full “up” position or full “down” position.

(17) All exposed parts of the power lift which are in direct line with the forward or rearward travel of a wheelchair student or attendant shall be padded with energy-absorbing material.

g. **Ramps.** Ramps are not permitted, with the exception of the MV-1 purpose-built wheelchair accessible vehicle.

h. **Regular service entrance.**

(1) An additional fold-out or slide-out step may be provided which will provide for the step level to be no more than 6 inches from the ground level to assist persons with disabilities that prohibit the use of the standard entrance step. This step, when stored and not in use, shall not impede or in any way block the normal use of the entrance.

(2) On power lift-equipped vehicles, service entrance steps shall be the full width of the step well, excluding the thickness of the doors in the open position.

(3) In addition to the standard handrail required in all buses, an additional handrail may be provided on all specially equipped school buses. If so equipped, this rail shall be located on the opposite side of the entrance door from the required rail and shall meet the same requirements for handrails.

i. **Seating and seating arrangements.**

(1) All seat spacing, seats, and related components shall comply with applicable federal standards as of date of manufacture.

(2) All seats shall be forward facing. Side-facing seats are prohibited.

(3) Seat frames may be equipped by the school bus body manufacturer with rings or other devices to which passenger restraint systems may be attached.

j. **Special light.** Light(s) shall be placed inside the bus to sufficiently illuminate the lift area and shall be activated from the door area.

k. **Special service opening.**

(1) There shall be an enclosed service opening located on the right side (curb side) of the body to accommodate a wheelchair lift on Type B, C and D buses. This service opening may be placed on the right side (curb side) of the body behind the rear wheels on Type A buses only to accommodate a wheelchair lift in that location.

(2) The opening shall be at least 52 inches high and 40 inches wide and with doors open shall be of sufficient width to allow for the installation of various power lifts and related accessories as well as a lifting platform at least 32 inches wide.

(3) The opening shall be positioned far enough to the rear of the regular service door opening to prevent interference of the special service door(s) opening with the regular service doors.
(4) A drip molding shall be installed above the opening to effectively divert water from the entrance.

(5) Doorposts, headers, and all floor sections around this special opening shall be reinforced to provide strength and support equivalent to adjacent side wall and floor construction of an unaltered model.

(6) A header pad at least 3 inches wide, extending the width of special service door, shall be placed above the opening on the inside of the bus.

l. Special service door(s).

(1) All doors shall open outwardly.

(2) All doors shall have positive fastening devices to hold doors in the open position.

(3) All doors shall be equipped with heavy-duty hinges and shall be hinged to the side of the bus.

(4) All doors shall be weather sealed; and on buses with double doors, each door shall be of the same size and constructed so a flange on the forward door overlaps the edge of the rear door when closed.

(5) If optional power doors are installed, the design shall permit release of the doors for opening and closing by the attendant from the platform inside the bus.

(6) When manually operated dual doors are provided, the rear door shall have at least a one-point fastening device to the header. The forward-mounted door shall have at least three-point fastening devices: One shall be to the header, one shall be to the floor line of the body, and the other shall be into the rear door. These locking devices shall afford maximum safety when the doors are in the closed position. The door and hinge mechanism shall be of a strength that will provide the same type of use as that of a standard entrance door.

(7) If the door is made of one-piece construction, the door shall be equipped with a slidebar, cam-operated locking device.

(8) Each door shall have installed a safety glass window, set in a waterproof manner, and aligned with the lower line of adjacent sash and as nearly as practical to the same size as other bus windows.

(9) Door materials, panels, and structural strength shall be equivalent to the conventional service and emergency doors. Color, rub rail extensions, lettering, and other exterior features shall match adjacent sections of the body.

(10) The door(s) shall be equipped with a device(s) that will actuate a flashing visible signal located in the driver’s compartment when the door(s) is not securely closed. (An audible signal is not permitted.)

m. Special student restraining devices.

(1) Each wheelchair station shall be equipped with a lap and torso restraint system that meets applicable FMVSS.

(2) Special restraining devices such as shoulder harnesses, lap belts, and chest restraint systems may be installed to the seats providing that the devices do not require the alteration in any form of the school bus seat, seat cushion, framework, or related seat components. These restraints must be for the sole purpose of restraining passengers.

(3) All child safety restraint systems shall comply with the requirements of FMVSS No. 213, Child Restraint Systems.

n. Wheelchair securment systems.

(1) Securement systems for wheelchairs shall meet or exceed applicable FMVSS.

(2) All wheelchair securement systems or devices shall be placed in the vehicle so that, when secured, both wheelchair and occupant are facing toward the front of the vehicle. Fastening devices resulting in a side-facing wheelchair and occupant are not permissible.

(3) Straps or seat-belt devices running through the wheels of the wheelchair or around the student seated in the wheelchair for the purpose of securing the wheelchair to the floor are not acceptable.

(4) The wheelchair securment system(s) shall be located in a school bus so that when a wheelchair is not secured in place the floor attachment system shall not extend above the floor level more than ½ inch.

281—44.5(285) Type III vehicles.
44.5(1) General information. These vehicles may be used for student transportation in accordance with the following general requirements:

a. The vehicle shall be an original equipment manufacturer’s (OEM) product and manufactured as a family-type or multipurpose passenger vehicle (MPV).

Vehicles used exclusively for driver’s education are exempt from these requirements.

b. The manufacturer’s rated capacity of this vehicle, which shall be determined only by the original equipment manufacturer (OEM) on the date of manufacture, shall not exceed 12 persons including the driver. The capacity rating may not be changed or modified except by the original equipment manufacturer. Secondary stage or vehicle conversion manufacturers shall not establish vehicle capacity.

(1) Vehicles with a capacity of ten or fewer passengers including the driver may be acquired new or used.

(2) Vehicles with a capacity of 11 or 12 passengers including the driver shall only be acquired used. For purposes of this subrule, a used vehicle is defined as a vehicle that has had a title transfer from a dealer to one or more previous retail owners.

c. Alteration of this vehicle, following manufacture by the OEM, is prohibited. This includes, but is not limited to, the addition or removal of seats, ramps, wheelchair securement devices and power lifts.

EXCEPTION: OEM options or other manufacturer’s accessories not in violation of these standards may be installed.

d. The vehicle shall not carry more passengers than there are seat belts as installed by the manufacturer.

e. The vehicle shall not be painted the color known as national school bus glossy yellow.

f. The vehicle shall not be equipped with a stop arm or flashing warning signal lamps.

g. This vehicle must load and unload students off the traveled portion of the roadway.

44.5(2) Special equipment.

a. Interior liner. An interior liner that covers all exposed ceiling girders, sidewall posts, or other structural projections must be provided and installed by the manufacturer.

b. The vehicle, while transporting students to and from school, shall display a sign, visible to the rear, with the words “SCHOOL BUS.” The sign shall be national school bus glossy yellow with black letters 6 inches high. The sign shall be a type that can be removed, dismounted, or covered when the vehicle is not transporting pupils to and from school.

c. A sign with the words “THIS VEHICLE STOPS AT ALL RAILROAD CROSSINGS,” visible to the rear, may be used where appropriate and not in conflict with current statutes. If used, the words shall be black letters on a yellow background. The sign shall be of a type that can be dismounted, turned down, or covered when the vehicle is not transporting pupils to and from school.

d. Special brake lamps. The vehicle may be equipped with two roof-mounted lights not greater than 4 inches in diameter and positioned horizontally on the roof at least 36 inches apart. The lights shall be connected to the brake lamp circuit of the vehicle’s electrical system and shall operate only when the brakes are applied. When lit, the lamps shall be red and shall be visible only to the rear.

e. First aid kit. The vehicle shall carry a minimum ten-unit first aid kit. See 44.3(19) “d”(2).

f. Fire extinguisher. The vehicle shall carry a dry chemical fire extinguisher of at least 2½-pound capacity with a rating of 2A-10BC. The extinguisher shall be equipped with a calibrated or marked gauge. Plastic discharge heads and related parts are not acceptable.

g. Each vehicle shall be equipped with a durable webbing cutter having a full-width handgrip and a protected, replaceable or noncorrodible blade. This device shall be mounted in a location accessible to the seated driver in an easily detachable manner.

h. Each vehicle shall be equipped with a body fluid cleanup kit.

i. Each vehicle shall be equipped with a backup alarm beeper capable of a minimum of 112 db.

NOTE: This is effective for 2007 model year vehicles and newer.
j. Trailer hitches are allowed on Type III vehicles in accordance with the manufacturer’s rated towing capacity. Students are not allowed to be transported in the vehicle when the vehicle is being used to tow.

44.5(3) Applicability of standards. The above standards apply to all vehicles (except as noted in 44.5(2) “i”) of this type and those currently in service used to transport students to and from school.

[ARC 1489C; IAB 6/11/14, effective 7/16/14; ARC 4637C; IAB 8/28/19, effective 10/2/19]

281—44.6(285) Repair, replacement of school bus body and chassis components following original equipment manufacture.

44.6(1) Body and chassis repair following an accident.

a. A school bus that has been involved in an accident in which there is damage to the body or chassis components may be repaired to the extent that such repair is possible and that the damaged component can be returned to the original equipment manufacturer’s specification and function.

b. The individual or company making the repairs shall certify to the vehicle’s owner that all repairs have been made in accordance with the original vehicle or component manufacturer’s recommendations using original equipment manufacturer’s materials and parts, or their guaranteed equal.

c. Repairs shall not cause the vehicle to no longer comply with any FMVSS in effect and applicable at the time the vehicle or component was manufactured.

44.6(2) New technology and equipment approval procedure. It is the intent of these rules to accommodate new technologies and equipment which will better facilitate the transportation of students to and from school and related activities. A new technology, piece of equipment or component that meets the following criteria may be adopted under the following conditions pending formal rule adoption:

a. The technology, equipment or component shall not compromise the effectiveness or integrity of any major safety system, unless it completely replaces the system.

b. It shall not diminish the safe environment of the interior of the bus.

c. It shall not create additional risk to students who are boarding or exiting the bus or are in or near the school bus loading zone.

d. It shall not create undue additional activity or responsibility for the driver.

e. It shall not generally decrease the safety or efficiency of the bus.

f. It shall generally provide for a safer or more pleasant experience for the occupants and pedestrians in the vicinity of the bus or generally assist the driver or make the driver’s many tasks easier to perform.

g. A pilot test for the purpose of evaluating the performance of the new technology, product or vehicle component may be conducted at the direction of the school transportation consultant with the approval of the director of the department of education. The pilot test shall include a minimum of five, but not more than ten, applications of the technology, product or component at locations and over a period of time to be mutually agreed upon by the department and the manufacturer of the product.

h. The cost of the technology, product or vehicle component and its installation shall be the responsibility of the manufacturer unless other arrangements are made prior to testing or evaluation.

i. An evaluation of the product’s performance shall be conducted by department staff, and if the product is determined to meet the criteria listed in paragraphs 44.6(2) “a” to “f,” measures shall be taken as soon as practicable to formally approve the product.

j. A technology, product or component not recommended for approval by the department shall immediately be removed from vehicles upon which pilot tests were being conducted; and its use shall be discontinued by schools or individuals serving as pilot test sites, upon receipt of written notice from the department of education.

[ARC 1489C; IAB 6/11/14, effective 7/16/14]

These rules are intended to implement Iowa Code sections 285.8 and 321.373.

TITLE IX  
VOCATIONAL EDUCATION  
CHAPTER 46  
CAREER AND TECHNICAL EDUCATION  

281—46.1(258) Federal Act accepted. The provisions of the Act of Congress known as the Carl D. Perkins Career and Technical Education Improvement Act of 2006, codified at 20 U.S.C. §2301 et seq., as amended, and subsequent reauthorizations, and the benefit of all funds appropriated under said Act and all other Acts pertaining to career and technical education, are accepted.  
[ARC 2947C, IAB 2/15/17, effective 3/22/17; see Delay note at end of chapter; ARC 4163C, IAB 12/5/18, effective 1/9/19]  

281—46.2(258) Definitions. As used in this chapter:  
“Approved career and technical education program” means a career and technical education program offered by a school district or community college and approved by the department which meets the requirements for career and technical education programs established under this chapter.  
“Approved practitioner preparation school, department, or class” means a school, department, or class approved by the board as entitled under this chapter to federal moneys for the training of teachers of career and technical education subjects.  
“Approved regional career and technical education planning partnership” means a regional entity that meets the requirements for regional career and technical education planning partnerships pursuant to rule 281—46.10(258).  
“Board” means the board for career and technical education as provided in rule 281—46.3(258).  
“Career academy” means a career academy established under rule 281—46.11(258).  
“Career and technical education service area” means any one of the service areas specified in rule 281—46.4(258).  
“Career cluster” means a nationally recognized framework for organizing and classifying career and technical education programs.  
“Community college” means an institution as defined under Iowa Code section 260C.2(1).  
“Department” means the department of education.  
“Director” means the director of the department of education.  
“District” means a public school district.  
“Partnership” means a regional career and technical education planning partnership as established under rule 281—46.10(258).  
“Program” means a minimum of three sequential units of career and technical education coursework.  
“Sector partnership” means a regional industry sector partnership as defined in rule 281—25.18(260H).  
“Shared program” means a program or portion of a program offered through an agreement pursuant to Iowa Code section 256.13.  
“Work-based learning” means opportunities and experiences that include but are not limited to tours, job shadowing, rotations, mentoring, entrepreneurship, service learning, internships, and apprenticeships.  
“Work-based learning intermediary network” means the statewide work-based learning intermediary network established pursuant to 281—Chapter 48.  
[ARC 2947C, IAB 2/15/17, effective 3/22/17; see Delay note at end of chapter]  

281—46.3(258) State board for career and technical education. The state board of education shall constitute the board for career and technical education. In that capacity, the board shall approve the multiyear state plan developed by the director in accordance with applicable federal laws and regulations governing career and technical education.  
[ARC 2947C, IAB 2/15/17, effective 3/22/17; see Delay note at end of chapter]
281—46.4(258) Career and technical education service areas. Districts shall comply with the requirements of rule 281—46.5(258) in offering programming pursuant to this rule. Instructors teaching courses pursuant to this rule shall hold and maintain appropriate board of educational examiners licensure pursuant to Iowa Code chapter 272.

46.4(1) Grades 7-8. Pursuant to 281—subrule 12.5(4), districts shall offer career exploration and development in grades 7 and 8. Career exploration and development shall be designed so that students are appropriately prepared to create an individual career and academic plan pursuant to 281—Chapter 49, incorporate foundational career and technical education concepts aligned with the six career and technical education service areas as defined in subrule 46.4(2), and incorporate relevant twenty-first century skills.

46.4(2) Grades 9-12. Pursuant to 281—subrule 12.5(5), districts shall offer career and technical education programming in the following service areas:

a. Agriculture, food, and natural resources, including the career cluster of agriculture, food, and natural resources.

b. Information solutions, including the career clusters of arts, audio and video technology, and communications; and information technology.

c. Applied sciences, technology, engineering, and manufacturing, including the career clusters of architecture and construction; manufacturing; science, technology, engineering, and mathematics; and transportation, distribution, and logistics.

d. Health sciences, including the career cluster of health science.

e. Human services, including the career clusters of education and training; human services; hospitality and tourism; government and public administration; and law, public safety, corrections, and security.

f. Business, finance, marketing, and management, including the career clusters of business, management, and administration; finance; and marketing.

[ARC 2947C, IAB 2/15/17, effective 3/22/17; see Delay note at end of chapter]

281—46.5(258) Standards for career and technical education. The board shall adopt content standards for the career and technical education service areas. Districts shall include, at a minimum, the content standards for career and technical education service areas adopted pursuant to this rule in career and technical education programs as the standards are adopted by the board.

[ARC 2947C, IAB 2/15/17, effective 3/22/17; see Delay note at end of chapter]

281—46.6(258) Career and technical education program approval and review. The purpose of the career and technical education program approval and review process is to promote the establishment and maintenance of high-quality secondary and postsecondary career and technical education programs that implement best practices resulting in effective teaching and learning. The program approval and review process will ensure that all career and technical education programs are compatible with educational reform efforts, are capable of responding to technological change and innovation, and meet the educational needs of students and the employment community.

46.6(1) Secondary program approval. All career and technical education programs offered by a district shall be approved by the department. As a condition for approval, a district shall comply with the following requirements for career and technical education program approval.

a. Data collection and analysis. A district shall, for each program, conduct an analysis of appropriate data and information related to the program and occupational fields applicable to the program. For purposes of this subrule, data shall include, at a minimum, program enrollment numbers and trends by high school, course completion rates and trends, data required under federal statute governing career and technical education, and labor market information and socioeconomic and demographic data elements as provided by the partnership.

b. Program report and self-study. A district shall create a program report and self-study for each offered program. The program report and self-study shall include the following minimum criteria:
(1) Program overview. This section shall include an overview of the program’s purpose, a summary of data and information as described under paragraph 46.6(1)“a” and any conclusions drawn from this data and information, and an analysis of future trends in occupations associated with the program.

(2) Statement of program goals, objectives, and outcomes. This section shall include clear statements of the program’s goals, objectives, and outcomes, including a justification of the program’s goal(s), objective(s), and outcome(s) based on the review conducted under subparagraph 46.6(1)“b”(1), and describe methods which will be used to measure the program’s stated outcomes.

(3) Competencies. This section shall describe the established program competencies aligned with state standards pursuant to rule 281—46.5(258) and the program’s goals, objectives, and outcomes; include evidence of advisory committee approval of competencies, technical skill assessment tool(s), and proficiency benchmarks; include evidence of postsecondary approval of competencies and technical skill assessment tool(s); outline and describe the coherent sequence of coursework which constitutes the program, including any related foundational and concurrent enrollment coursework, depicted in a plan of study template; describe processes utilized to employ contextualized and effective work-based, project-based, and problem-based learning approaches; describe efforts to integrate career and technical education student organization(s) into the program, if applicable; and describe processes utilized to review and update the curriculum, ensuring continued relevancy to the occupational field.

(4) Student assessment. This section shall describe how the program will assess student outcomes established under subparagraph 46.6(1)“b”(2) and program competencies established under subparagraph 46.6(1)“b”(3) and the established technical skill assessment tool(s) to measure competencies, utilizing industry-approved technical skill assessments, where available and appropriate.

(5) Educational resources. This section shall describe key equipment and materials currently used in instruction; processes to determine whether the equipment is relevant and up to date; processes to maintain the equipment; and new equipment needs, with a description of how the proposed new equipment would improve the program.

(6) Advisory council. This section shall describe how the program engages with the business community to recruit members for the advisory council pursuant to rule 281—46.8(258) and include a current member list with titles and company; describe advisory committee meeting logistics including, but not limited to, meeting frequency, agendas, and minutes; detail and describe the advice the advisory council has suggested for the program and any actions or results taken by the program which stem from this advice as well as any advice not acted upon by the program; and include, as an appendix to the narrative, advisory council minutes from the prior year.

(7) Partnerships. This section shall describe how the program’s curriculum is integrated with other curricular offerings required of all students; describe the articulation, contractual agreements for shared courses with community colleges, and other agreements with community colleges and other postsecondary institutions; and describe how the program partners with counselors at various levels to assist all students and stakeholders in the exploration of pathway opportunities within the service area.

(8) Removing barriers. This section shall describe how the program removes barriers for all students to access education opportunities both while in and beyond high school.

c. Feedback. The district shall submit the program report and self-study completed under paragraph 46.6(1)“b” to the partnership for peer review and feedback. The partnership shall complete a review of the program report and self-study and provide the district with recommendations and feedback based on that review. The partnership’s recommendations shall be documented and submitted to the department and the district. The partnership shall include in the recommendations a determination of whether the program should or should not receive department approval. A program must be recommended for approval by the partnership for the program to receive approval by the department. The district will modify the program report and self-study based on the partnership’s recommendations. The partnership’s recommendations shall be included as an appendix to the program report and self-study submitted to the department. The final program report and self-study shall be submitted by the district to the department.

d. Department approval. Final approval of programs will be reserved for the department. Approval shall be awarded to a program if clear evidence of compliance with the criteria established
in this rule is provided in the program report and self-study as required under paragraph 46.6(1)“b.” A program which fails to be approved by the department will have one year to address identified deficiencies and resubmit for approval of the program. The department will provide a summary of the deficiencies in need of addressing.

46.6(2) Postsecondary program approval. All community college career and technical education programs shall be approved through the process established in 281—subrule 21.4(3).

46.6(3) Secondary program review. The program review process will ensure that 20 percent of secondary career and technical education programs are reviewed on an annual basis and that career and technical education programs meet standards adopted by the board. The review shall include an assessment of the extent to which the competencies in the program are being mastered by the students enrolled, the costs are proportionate to educational benefits received, the career and technical education curriculum is articulated and integrated with other curricular offerings required of all students, the programs would permit students with career and technical education backgrounds to pursue other educational interests in a postsecondary institutional setting, and the programs remove barriers for all students to access educational and employment opportunities.

a. Secondary program review. As a condition of continuing approval, districts shall comply with the following requirements for career and technical education program review. Units of instruction required under rule 281—46.4(258) must have students from each participating high school enrolled. Each district that sends students to a shared program with another district which is used by the sending district to fulfill the requirements of rule 281—46.4(258) must have students from the sending district enrolled in the shared program.

(1) Conclusions drawn from annual program measurement. A district shall, for each program, annually review and evaluate program outcomes and student assessment data. The district shall document any conclusions drawn from the review and evaluation of program outcomes and student assessment data, and how those conclusions impact the future direction of the program. In addition to and as a result of this review, the district shall identify program strengths, in order of importance, and describe how these strengths will be maintained; perceived barriers to accomplishing the program’s goal(s) and objective(s); and primary opportunities for improvement, in order of importance, and how these opportunities for improvement will be addressed. The district shall also review program enrollment and participation data by high school to determine if students from each participating high school have access to the program. The district shall describe how the district is ensuring access to the program for all students from each participating high school.

(2) Revision of program goals, objectives, and outcomes. The district shall update and make appropriate revisions to the program, including goals, objectives, and outcomes, as outlined in the program report and self-study based on the results of the activities prescribed under subparagraph 46.6(3)“a”(1).

b. Feedback. The district shall submit the program report and self-study completed under subparagraph 46.6(3)“a”(2) to the partnership for peer review and feedback. The partnership shall complete a review of the program report and self-study and provide the district with recommendations and feedback based on the review. The partnership’s recommendations shall be documented and submitted to the department and the district. The partnership shall include in the recommendations a determination of whether the program should or should not receive department approval. A program must be recommended for approval by the partnership for the program to receive approval by the department. The district will modify the program report and self-study based on the partnership’s recommendations. The partnership’s recommendations shall be included as an appendix to the program report and self-study submitted to the department. The final program report and self-study shall be submitted by the district to the department.

c. Department approval. Final approval of programs will be reserved for the department. Approval shall be awarded to a program if clear evidence of compliance with the criteria established in this rule is provided in the program report and self-study as required under this rule. A program which fails to be approved by the department will have one year to address identified deficiencies and
resubmit for approval of the program. The department will provide a summary of the deficiencies in need of addressing.

46.6(4) Postsecondary program review. The postsecondary program review process shall ensure career and technical education programs meet standards adopted by the board. The review shall include an assessment of the extent to which the competencies in the program are being mastered by the students enrolled, the program costs are proportionate to educational benefits received, the curriculum is articulated and integrated with other curricular offerings required of all students, the program provides opportunities for students to pursue other educational interests in a postsecondary institutional setting, and the program removes barriers for all students to access educational and employment opportunities.

a. Process. Each community college shall establish a process which ensures at least 20 percent of career and technical education programs are reviewed on an annual basis. The department will ensure compliance with the requirements of this paragraph through the community college accreditation process established in 281—Chapter 24.

b. Components. The following minimum components will be addressed through the process outlined in paragraph 46.6(4) “a.”

(1) Industry or professional standards. Community colleges shall utilize standards established and recognized by industry or professional organizations when available and appropriate. In lieu of these standards, community colleges shall develop program standards through a structured group interview process, which involves committees of incumbent workers within an occupational cluster analyzing standards which include new and emerging technologies, job seeking, leadership, entrepreneurial, and occupational competencies. This analysis includes identifying standards that ensure program participants have access to instruction which leads to employment and further training. All standards will be analyzed for the reinforcement of academic skills.

(2) Program standards. Additional standards which shall be addressed during the program review include currency of curriculum; faculty qualifications; professional development; adequacy of equipment and facilities; student outcomes, in terms of student demographics to include gender, race and ethnicity, national origin, and disability; enrollment retention, completion, and replacement rates; articulation; and employment rates and wages.

(3) Advisory council. The community college shall document how the program engages with the business community to recruit members for the advisory council required under rule 281—46.8(258). Program review documentation shall include a current member list with titles and employer; advisory committee meeting logistics including, but not limited to, meeting frequency, agendas, and minutes; advice the advisory council has suggested for the program; and any actions or results taken by the program which stem from this advice.

(4) Articulation. Teachers and administrators from both secondary and postsecondary instructional levels shall (when applicable) meet to identify competencies required at each level and to jointly prepare agreements of articulation between secondary and postsecondary levels for specific occupational areas. Such joint articulation efforts will facilitate the secondary-postsecondary transition and help reduce duplication between the two levels.

46.6(5) Program modification. Any modifications to a program must be approved by the department. Modification includes, but is not limited to, a change to the courses in the program, a change to the description of a program, discontinuing a program or option, a change to instructional or occupational classification, or changes in program entrance requirements.

281—46.7(258) Accreditation standards not met.

46.7(1) The following shall be conditions under which a district has failed to meet accreditation standards:

a. A district fails to submit a program for approval under rule 281—46.6(258).

b. A program fails to comply with the corrective action process outlined in paragraph 46.6(1)”d” or 46.6(3)”c.”
46.7(2) Any findings under subrule 46.7(1) shall be documented and reviewed as part of the comprehensive desk audit established under Iowa Code section 256.11(10) “a”(1).

a. A program identified under paragraph 46.7(1) “a” shall not be used by a district to meet minimum education program requirements for career and technical education specified under 281—paragraph 12.5(5) “i.” Such a program is ineligible to receive funds distributed under rule 281—46.9(258).

b. A program identified under paragraph 46.7(1) “b” shall not be used by a district to meet minimum education program requirements for career and technical education specified under 281—paragraph 12.5(5) “i.”

[ARC 4163C, IAB 12/5/18, effective 1/9/19]

281—46.8(258) Advisory council.

46.8(1) Appointment. The board of directors of a school district or community college that maintains a career and technical education program receiving federal or state funds under this chapter shall, as a condition of approval by the board, appoint a program-oriented and program-specific advisory council for each career and technical education program offered by the school district or community college. The local advisory council shall give advice and assistance to the board of directors, administrators, and instructors in the establishment and maintenance of the career and technical education program. An advisory council established under this rule shall meet at least twice annually.

46.8(2) Joint advisory council. A school district and a community college that maintain a career and technical education program receiving federal or state funds may create a joint local advisory council which may serve in place of an advisory council required under subrule 46.8(1).

46.8(3) Regional advisory council. A regional advisory council established by a regional career and technical education planning partnership approved by the department pursuant to rule 281—46.10(258) may serve in place of an advisory council required under subrule 46.8(1).

46.8(4) Membership. The membership of each advisory council established under this rule shall consist of public members from multiple businesses within the occupation or occupational field related to the career and technical education program and of other stakeholders with expertise in the occupation or occupational field related to the career and technical education program. There shall be a good-faith effort to include secondary and postsecondary career and technical education teachers from related secondary and postsecondary programs on the advisory council. Members of an advisory council shall serve without compensation. Local advisory councils are not subject to the requirements of Iowa Code section 69.16.

[ARC 2947C, IAB 2/15/17, effective 3/22/17; see Delay note at end of chapter]

281—46.9(258) Distribution of career and technical education funds.

46.9(1) An approved regional career and technical education planning partnership is eligible to receive state funds for school districts and community colleges participating in the regional career and technical education planning partnership for purposes allowed under subrule 46.10(6).

a. At the beginning of a fiscal year, the department shall assign to each partnership a portion of the total designated career and technical education funds appropriated to the department. The department shall disburse funds to a partnership following approval of the multiyear plan pursuant to subrule 46.10(2).

b. Each partnership shall be assigned a portion of the total career and technical education funds based on the following formula:

(1) Half of the total career and technical education funds shall be disbursed equally between the approved partnerships.

(2) Half of the total career and technical education funds shall be disbursed based on the number of students enrolled in approved career and technical education programs.

46.9(2) All federal funds shall be spent pursuant to the state plan required under the federal Carl D. Perkins Career and Technical Education Improvement Act of 2006, codified at 20 U.S.C. §2301 et seq., as amended, and subsequent reauthorizations.
46.9(3) Monitoring. An approved regional career and technical education planning partnership receiving funds under this rule shall comply with financial monitoring processes established by the department.

a. At the end of the state fiscal year, the fiscal agent of an approved regional career and technical education planning partnership shall submit to the department financial forms and other evidence documents required by the department to complete a comprehensive review of all transactions completed during the previous fiscal year which involve state and federal funds issued to the approved regional career and technical education planning partnership by the department. Documentation shall be submitted by the regional career and technical education planning partnership in a manner prescribed by the department.

b. Instances of transactions involving state and federal funds issued to an approved regional career and technical education planning partnership that are found to be noncompliant with state and federal regulations governing the use of such funds, including but not limited to subrule 46.10(6), shall be documented by the department.

(1) The fiscal agent of the approved regional career and technical education planning partnership shall be notified of any instances of noncompliance, and prepare, in consultation with the regional career and technical education planning partnership and department, a corrective action plan. The plan shall, at a minimum, detail the policies and procedures to be implemented by the fiscal agent to ensure that subsequent transactions involving state and federal funds issued to the regional career and technical education planning partnership are compliant with applicable state and federal regulations.

(2) The corrective action plan shall be approved by the regional career and technical education planning partnership and submitted to the department for approval through the annual approval process established under subrule 46.10(2). The department shall review and approve or deny approval of the corrective action plan. A regional career and technical education planning partnership required to create a corrective action plan must secure approval of the corrective action plan to be awarded continuing approval. A regional planning partnership that fails to secure continuing approval shall be subject to the requirements of paragraph 46.10(2) “c.”

281—46.10(258) Regional career and technical education planning partnerships. Regional career and technical education planning partnerships are established to assist school districts in providing an effective, efficient, and economical means of delivering high-quality secondary career and technical education programs.

46.10(1) Establishment. Partnerships shall be established to serve all school districts in the state no later than June 30, 2017.

a. There shall be established in the state no fewer than 12 and no greater than 15 regions in which partnerships may operate.

b. A partnership shall be considered established if approved pursuant to subrule 46.10(2).

c. Convening the regional career and technical education planning partnership shall be the joint responsibility of the area education agency and community college located within the region. In convening the partnership, the area education agency and community college shall secure the participation of interim members of the partnership. When selecting interim members, the area education agency and community college shall ensure the membership requirements of subrule 46.10(3) are satisfied.

46.10(2) Approval. All partnerships shall be approved by the department. As a condition of approval, each partnership shall meet the following requirements:

a. Approval. By June 30, 2017, each partnership shall have adopted bylaws in a manner and format prescribed by the department. The partnership shall submit to the department by June 30, 2017, the partnership’s bylaws, a membership list which clearly denotes the required membership under subrule 46.10(3) and the chair, vice-chair, and secretary, the designated fiscal agent for the partnership, minutes from all meetings held prior to June 30, 2017, and a schedule of future meetings.
b. **Continuing approval.** By June 30, 2018, and for each subsequent year, each partnership shall have adopted a multiyear plan meeting the requirements of subrule 46.10(5). The multiyear plan and documents required under paragraph 46.10(2)”a” shall be reviewed and, as necessary, revised on an annual basis by the partnership and submitted to the department. To maintain approval, the partnership shall maintain evidence that the duties assigned to the partnership under subrule 46.10(4) are performed on a continuing basis. In awarding continuing approval, the department shall consider documented findings from the financial monitoring process established under subrule 46.9(3).

c. **Failure to maintain approval.** If the department denies or grants conditional approval of a partnership, the director, in consultation with the partnership, shall establish a plan detailing all areas of deficiency and prescribing the procedures that must be taken to achieve approval and a timeline for completion of the prescribed procedures. A final plan shall be submitted to the director within 45 days following notice of the department denying or granting conditional approval of a partnership. The partnership shall continue to perform the duties assigned to the partnership under subrule 46.10(4) for the duration of the timeline established in the plan. If at the end of the timeline established in the plan the noted deficiencies have not been adequately addressed, the partnership will be denied approval. Within one year of the action to deny approval of the partnership, the director will establish a plan which details how the partnership will be merged or restructured.

d. **Resolution of disputes.** In the event of a dispute regarding the assignment of a district to a partnership under this rule, the director shall first attempt to mediate the dispute. If mediation is unsuccessful, the director shall schedule a hearing to obtain testimony. At the sole discretion of the director, the hearing may be held electronically or in person. The director shall issue within ten days after the hearing a written decision which shall be a final administrative decision.

46.10(3) **Membership.** The membership of each partnership shall consist of stakeholders in a position to contribute to the development and successful implementation of high-quality career and technical education programs. Each district which falls within the boundaries of the partnership shall be represented on the partnership. Once established pursuant to subrule 46.10(1), the partnership shall be responsible for identifying and maintaining appropriate membership. Membership of the partnership shall include but not be limited to the following:

a. The superintendent of a school district within the regional planning partnership, or the superintendent’s designee.

b. The president of a community college within the regional planning partnership, or the president’s designee.

c. The chief administrator of an area education agency within the regional planning partnership, or the chief administrator’s designee.

d. Representatives of a regional work-based learning intermediary network.

e. Representatives of regional economic and workforce entities including regional advisory boards established under Iowa Code section 84A.4.

f. Representatives of business and industry, including representatives of regional industry sector partnerships.

g. Career and technical education teachers and faculty.

46.10(4) **Duties.** The partnership shall perform the following duties on a continuing basis.

a. Develop a multiyear plan which meets the requirements of subrule 46.10(5). The plan shall be updated annually.

b. Collect and review all relevant plans required by the federal Carl D. Perkins Career and Technical Education Improvement Act of 2006, codified at 20 U.S.C. §2301 et seq., as amended, and subsequent reauthorizations; career and academic plans required under 281—Chapter 49; and regional labor market, socioeconomic, and demographic information for purposes of facilitating the program review process specified under paragraph 46.10(4)”f” and regional activities specified in the state plan developed under the aforementioned federal Act.

c. Ensure compliance with standards adopted by the board for regional career and technical education planning partnerships.
d. Appropriately expend career and technical education funds in accordance with subrule 46.10(6) assigned to the partnership pursuant to rule 281—46.9(258).

e. Collect, review, and make available to districts appropriate labor market, socioeconomic, and other state, regional, or national information necessary for completing the program approval and review process pursuant to rule 281—46.6(258).

f. Review career and technical education programs of school districts within the region and recommend to the department career and technical education programs for approval in accordance with subrules 46.6(1) and 46.6(3).

g. Coordinate and facilitate advisory councils for career and technical education programs and, as necessary, establish regional advisory councils to serve in the same capacity as local advisory councils.

h. Plan for regional centers with the purpose of achieving equitable access to high-quality career and technical education programming and concurrent enrollment opportunities for all students.

46.10(5) Multiyear plan. The multiyear plan developed by the partnership shall outline the partnership’s goals, objectives, and outcomes; how the partnership will execute the authority and duties assigned to the partnership; how the partnership will secure collaboration with secondary schools, postsecondary educational institutions, and employers to ensure students have access to high-quality career and technical education programming, including career academies, that aligns career guidance, twenty-first century career and technical education and academic curricula, and work-based learning opportunities that empower students to be successful learners and practitioners; and how the partnership will ensure compliance with standards established under this rule. In addition, the multiyear state plan shall include, but not be limited to, the following components:

a. Goals, objectives, and outcomes. The plan shall detail the partnership’s goals, objectives, and outcomes, which shall include, but not be limited to, the following goals:

(1) Promote career and college readiness through thoughtful career guidance and purposeful academic and technical planning practices.

(2) Promote high-quality, integrated career and technical education programming, including career academies and the delivery of quality career and technical education programs by school districts in fulfillment of the requirements of rule 281—46.4(258) comprised of secondary exploratory and transitory coursework to prepare students for higher-level, specialized academic and technical training aligned with labor market needs.

(3) Afford students the opportunity to access a spectrum of high-quality work-based learning experiences through collaboration with a work-based learning intermediary network.

(4) Afford all students equitable access to programs and encourage the participation of underrepresented student populations in career and technical education programming.

b. Process to measure goals, objectives, and outcomes. The plan shall outline the processes to be used by the partnership to measure all goals, objectives, and outcomes established pursuant to paragraph 46.10(5) “a.”

c. Program approval and review process. The plan shall outline the process the partnership will utilize in reviewing career and technical education programs of school districts within the region based on standards established in rule 281—46.6(258). The process shall detail how 20 percent of programs will be reviewed on an annual basis. The partnership shall provide a written five-year program review schedule which clearly indicates the specific year in which a program is to be reviewed within the five-year cycle.

d. Advisory councils. The plan shall outline the process that the partnership will utilize in coordinating and facilitating local advisory councils for career and technical education programs as required under rule 281—46.8(258) and establishing regional advisory councils to serve in the same capacity as local advisory councils, as necessary.

e. Use of funds. The plan shall detail the partnership’s budget including intended use of funds designated to the partnership pursuant to rule 281—46.9(258). The intended use of funds shall comply with the requirements of subrule 46.10(6) and be clearly connected to the goals, objectives, and outcomes of the partnership established under paragraph 46.10(5)“a” and the needs of career and
technical education programs and teachers as identified through the program approval and review process under rule 281—46.6(258).

f. Planning for regional centers. The plan shall outline the process that the partnership will utilize in planning for regional centers, consistent with the requirements of rule 281—46.12(258), with the purpose of achieving equitable access to high-quality career and technical education programming and concurrent enrollment opportunities for all students.

g. Meeting regularly. The plan shall outline the intended schedule of partnership meetings for a five-year period. The partnership shall meet at least twice per academic year.

h. Annual review of multiyear plan. The plan shall outline the process to be utilized by the partnership to annually review and, as necessary, revise the plan. This process shall ensure that all members and stakeholders are included in the review and revision of the plan. The partnership shall maintain a written record of all reviews of and revisions to the plan.

i. Assurance statement. The plan shall include, in a format prescribed by the department, an assurance that in all operations of and matters related to the partnership, the partnership does not discriminate against individuals protected under federal and state civil rights statutes.

46.10(6) Secondary career and technical education funds. An approved regional career and technical education partnership may use funds received from state and federal sources on behalf of school districts and community colleges participating in the regional career and technical education planning partnership for the following:

a. Staffing and resources to ensure the minimum duties and responsibilities assigned to the regional planning partnership under subrules 46.10(4) and 46.10(5) are satisfactorily executed. The partnership shall ensure adequate staffing and resources are committed to these purposes prior to allocating funds for any use authorized under paragraph 46.10(6) “b.”

b. To offer regional career and technical education professional development opportunities; coordinate, maintain, and support a career guidance system pursuant to 281—Chapter 49 and related work-based learning opportunities for students; and purchase career and technical education equipment and curricular resources to include standard classroom consumable supplies directly related to and necessary for the course curriculum, other than basic consumable supplies that will be made into products to be sold or used personally by students, teachers, and other persons.

ARC 2947C, IAB 2/15/17, effective 3/22/17; see Delay note at end of chapter; ARC 4163C, IAB 12/5/18, effective 1/9/19; ARC 5872C, IAB 8/25/21, effective 9/29/21

281—46.11(258) Career academies.

46.11(1) Establishment and responsibilities. A career academy may be established under an agreement between a single school district and a community college, or by multiple school districts and a community college organized into a regional career and technical education planning partnership pursuant to rule 281—46.10(258). A career academy established under this rule shall be a career-oriented or occupation-oriented program of study that includes a minimum of two years of secondary education, which may fulfill the sequential unit requirement in one of the four service areas required under 281—subrule 12.5(5), includes concurrent enrollment programming aligned with a postsecondary education program which meets the requirements of 281—Chapter 22, and is approved by the director. A career academy shall do all of the following:

a. Utilize regional career and technical education planning partnerships outlined in rule 281—46.10(258) in an advisory capacity to inform the selection and design of the career academy and establishment of industry standards.

b. Establish a program of study that meets all of the following criteria:

(1) Is designed to meet industry standards and prepare students for success in postsecondary education and the workforce.

(2) Integrates academic coursework; includes foundational and transitory career and technical education coursework; includes work-based learning; and utilizes the individual career and academic planning process established under 281—Chapter 49.

(3) Integrates as a portion of the career academy a hands-on, contextualized learning component.
(4) Allows students enrolled in the academy an opportunity to continue on to an associate degree and, if applicable, a postsecondary baccalaureate degree program.

46.11(2) Contract or agreement. A career academy must receive approval from district and community college boards participating in the career academy. A contract or 28E agreement must set forth the purposes, powers, rights, objectives, and responsibilities of the contracting parties and be signed by all participating parties and be in effect prior to initiation of a career academy. An assurance form, as defined by the department, which specifies that the career academy includes all the components required under this rule shall be sent to the director.

46.11(3) Faculty requirements. Faculty providing college credit instruction in a career academy program of study must meet community college faculty minimum standards as specified in 281—subrule 24.5(1) and the requirements of the quality faculty plan as approved by the community college board pursuant to 281—subrule 24.5(7). Instructors teaching courses that provide only secondary level credit must have appropriate secondary licensure pursuant to Iowa Code chapter 272.

46.11(5) Data collection. Data collection and enrollment reporting must follow specified requirements as determined by the department.

[ARC 2947C, IAB 2/15/17, effective 3/22/17; see Delay note at end of chapter; ARC 4163C, IAB 12/5/18, effective 1/9/19]

281—46.12(258) Regional centers. The state board shall adopt standards pertaining to regional centers. The standards shall include, but not be limited to, those which provide for increased and equitable access to high-quality career and technical education programs and require that regional centers incorporate appropriate educational programs, meet appropriate state and federal regulations for safety and access, maintain adequate participation, and are located within an appropriate distance of participating high schools, and that transportation is provided to all students.

46.12(1) Minimum requirements. As a condition for approval, a regional center shall comply with standards adopted by the board and shall consist of a minimum of four career academies on site. A regional center shall be compatible with the development of a statewide system of regional centers serving all students. A regional center shall serve either of the following:

a. A combined minimum of 120 students from no fewer than two school districts.
b. A minimum of four school districts.

46.12(2) Reserved.

46.12(5) Approval. The director shall approve all facilities meeting the definition and requirements for regional centers under this rule.

[ARC 2947C, IAB 2/15/17, effective 3/22/17; see Delay note at end of chapter]

281—46.13(423F) Career academy incentive fund. A career academy incentive fund is a competitive grant program established by the department to expand opportunities for students to access high-quality career and technical education programming through innovative partnerships between school districts and community colleges.

46.13(1) Allowable expenses. Funding issued under this rule shall be used by the recipient for purposes outlined in the proposal approved by the department to support the development of career academy infrastructure, including regional centers as defined under rule 281—46.12(258). For purposes of this rule, allowable expenses include the following:

a. Purchase and improvement of grounds, including the legal costs relating to the property acquisition and surveys of the property.
b. Construction of buildings and roads to buildings.
c. Purchase or lease-purchase option agreements for buildings.
d. Rental of facilities under Iowa Code chapter 28E.
e. Purchase, lease, or lease-purchase of equipment or technology exceeding $500 in value per purchase or lease-purchase transaction. “Equipment” means both equipment and furnishings.
f. Repair, remodel, reconstruction, improvement, or expansion of buildings and the additions to existing buildings.

46.13(2) Applicants. Institutions eligible to apply for funds include a school district as defined under rule 281—12.2(256) or community college as defined under Iowa Code chapter 260C.

46.13(3) Application proposals. Institutions seeking funds under this rule shall submit an application proposal to the department in a format prescribed by the department. An application for funding that includes more than one institution shall designate a single institution to receive funds on behalf of all participating institutions. At a minimum, all applications shall include one school district and one community college, though applications consisting of multiple school districts and a community college are encouraged.

a. Service area and aligned occupation. Program information will be collected to identify the aligned service area and in-demand occupation as identified by the state workforce development board pursuant to Iowa Code section 84A.1B(14).

b. Offerings and enrollments. Information shall be provided on all career academy offerings made available by the participating institutions. All school districts shall provide actual or estimated enrollment by high school in each of the offered career academies over the proceeding five-year period.

c. Program structure. Each proposal shall include a response to the following components:

1. A sequence of coursework, inclusive of all aligned middle school, high school, and postsecondary offerings that constitute the career academy. The sequence of coursework shall be developed collaboratively between the school district or school districts and community college, and shall be depicted in a template provided by the department.

3. Identification of the third-party industry certifications either made available to the student through the program or which the program prepares the student to complete.

d. Partnerships. If applicable, the applicant shall provide information on all partnering institutions, and the extent to which each partnering institution is contributing resources to the initiative, including but not limited to funds, staff, equipment, or other related resources.

e. Business and industry involvement. If applicable, the applicant shall provide information on business and industry involvement, including but not limited to input solicited on offerings, donation of equipment, and contribution of funds.

f. Approved contracts. Each district participating in the career academy shall submit as evidence the contract approved by the district’s board established pursuant to subrule 46.11(2).

46.13(4) Criteria for evaluating proposals.

a. Priority. Application proposals shall be ranked and sorted according to the following priorities:

1. First priority. Proposals for new career academies delivered collaboratively between multiple school districts and a community college through a regional center as defined under rule 281—46.12(258) shall receive priority consideration.

2. Second priority. Proposals for existing career academies delivered collaboratively between multiple school districts and a community college through a regional center as defined under rule 281—46.12(258) shall receive second-priority consideration.

3. Third priority. Proposals for new or existing career academies delivered through partnership arrangements other than a regional center, including but not limited to individual career academy offerings delivered by one school district, shall receive third-priority consideration.

b. Occupational alignment. Proposals for career academies aligned with high-demand occupations as identified by the state workforce development board pursuant to Iowa Code section 84A.1B(14) shall be given preferential consideration.

c. Improving access. Proposals for career academies that demonstrate that the grant funds will result in improved access to career and technical education programs for all students enrolled in participating school districts, including underrepresented and nontraditional students, as well as underserved geographical areas, shall be given preferential consideration.
d. Program structure. The proposals shall be evaluated to determine the extent to which the components of paragraph 46.13(3) “c” are evident in the career academy program.

e. Additional criteria. Subject to paragraphs 46.13(4) “a” and “h,” proposals shall be evaluated against additional criteria including, but not limited to, the following:

(1) Actual or projected enrollment for each participating high school over a five-year period is of sufficient size to support robust and sustainable offerings and justify the request for funding.

(2) Cumulative offerings provide students with access to a diverse array of coursework in multiple career and technical education service areas.

(3) If programming is delivered at an off-site location, the sending school district provides transportation to participating students.

f. Budget. Institutions shall submit a complete budget for the proposal, including a comprehensive summary of costs and a complete list of funding sources to be put toward implementing and sustaining the initiative.

g. Regional center plan. Evidence shall be provided to the department that the regional planning partnership established under this chapter and in which the applicants are participating members has developed a plan for regional centers as required under paragraph 46.10(4) “h.” The plan shall identify any underserved areas of the region, including areas of low career and technical education enrollment and program offerings.

46.13(5) Awarding grants. The department may fully or partially award funds for proposals submitted pursuant to subrule 46.13(3).

a. The department will award funds for first-priority proposals that meet the criteria established in rank order. The department may award funds for second- and third-priority proposals based on availability of funds.

b. A grant award issued under this rule shall not exceed $1 million. A first-priority proposal selected for funding shall receive an award of no less than $1 million. A second-priority proposal selected for funding shall receive an award of no less than $250,000.

46.13(6) Distribution of awarded grants. The department will award funds to the designated fiscal agent for approved proposals according to a payment schedule set by the department in consultation with the applicant. Initiatives approved for funding under this rule must be completed within the agreed-upon time frame established in the payment schedule, with final payment awarded upon receipt of evidence that the initiative was completed as specified in the approved proposal, unless a waiver issued at the discretion of the director grants the recipient additional time to complete the approved proposal. Any unclaimed award balance will be used by the department to fund future initiatives under this rule.

CHAPTER 48
WORK-BASED LEARNING

DIVISION I
STATEWIDE WORK-BASED LEARNING INTERMEDIARY NETWORK

281—48.1(256) Purpose. The statewide work-based learning intermediary network is established to prepare students for the workforce by connecting business and the education system and offering relevant, work-based learning activities to students and teachers.

[ARC 1781C, IAB 12/10/14, effective 1/14/15]

281—48.2(256) Definitions. For purposes of this chapter, the following definitions shall apply:

“Core services” means services related to work-based learning including, but not limited to, student job shadowing, student internships, and teacher or student tours.

“Department” means the Iowa department of education.

“Region” means a community college region.

“Regional work-based learning intermediary network” means the entity responsible for providing the services defined in subrule 48.4(1) to students in a region.

“Targeted industries” means those industries identified pursuant to Iowa Code section 15.102, including advanced manufacturing, biosciences, and information technology.

“Work-based learning” means planned and supervised connections of classroom, laboratory and work experiences that prepare students for current and future careers.

“Work-based learning plan” means the regional work-based learning intermediary network’s annual grant application.

[ARC 1781C, IAB 12/10/14, effective 1/14/15]

281—48.3(256) Statewide work-based learning intermediary network. The statewide work-based learning intermediary network program is established by the department and shall be administered by the department through the division of community colleges.

48.3(1) Statewide work-based learning intermediary network fund. A separate, statewide work-based learning intermediary network fund is created in the state treasury under the control of the department pursuant to Iowa Code section 256.40(1).

a. Moneys deposited in the statewide work-based learning intermediary network fund established under Iowa Code section 256.40(1) shall be distributed annually to each region for the implementation of the work-based learning plan pursuant to Iowa Code section 256.40(7).

b. If the balance in the statewide work-based learning intermediary network fund on July 1 of a fiscal year is $1.5 million or less, the department shall distribute moneys in the fund to the regional work-based learning intermediary networks or consortium of regions on a competitive basis. If the balance in the statewide work-based learning intermediary network fund on July 1 of a fiscal year is greater than $1.5 million, the department shall distribute $100,000 to each region and distribute the remaining moneys pursuant to the state aid distribution formula established in Iowa Code section 260C.18C.

48.3(2) Steering committee. The department shall establish and facilitate a steering committee comprised of representatives from the department of workforce development, the economic development authority, community colleges, institutions under the control of the state board of regents, accredited private institutions, area education agencies, school districts, and business and industry including, but not limited to, construction trade industry professionals. The steering committee shall:

a. Make recommendations to the department regarding the development and implementation of the statewide work-based learning intermediary network.

b. Develop a design for a statewide network comprised of 15 regional work-based learning intermediary networks aligned with community college boundaries. The design shall include network specifications, strategic functions, and desired outcomes.

c. Recommend program parameters and reporting requirements to the department.
48.3(3) Providers. No more than one entity from each region will be designated as the regional work-based learning intermediary network. A consortium of entities may collaborate to form a single work-based learning intermediary network in a region.

[ARC 1781C, IAB 12/10/14, effective 1/14/15]

281—48.4(256) Regional work-based learning intermediary network.

48.4(1) A regional work-based learning intermediary network shall prepare students for the workforce by connecting businesses and the education system and shall offer relevant, work-based learning activities to students and teachers within the region. The network shall:

a. Conduct a needs assessment in collaboration with school districts within the region to inform the development of core services. Evidence that a needs assessment was conducted shall be maintained and made available upon request by the department.

b. Provide core services as defined in rule 281—48.2(256).

c. Prepare students to make informed postsecondary education and career decisions. Services shall be integrated with other career exploration-related activities such as the student core curriculum plan and the career information and decision-making system developed and administered pursuant to Iowa Code section 279.61, where appropriate.

d. Build and sustain relationships between employers and local youth, the education system, and the community through communication and coordination.

e. Connect students to local career opportunities.

f. Provide a one-stop contact point for information useful to both educators and employers, including information on internships, job shadowing experiences, and other core services for students, particularly related to science, technology, engineering, or mathematics occupations, occupations related to critical infrastructure and commercial and residential construction, or targeted industries.

g. Facilitate the attainment of portable, industry-recognized credentials such as the National Career Readiness Certificate, where appropriate.

48.4(2) Work-based learning plan. Each network or consortium of networks shall annually submit a work-based learning plan to the department. Each plan shall detail how the intermediary network will provide core services to all school districts within the region and support the integration of job shadowing and other work-based learning activities into secondary career and technical education programs.

48.4(3) Funding. All funds are to be used to develop or expand work-based learning opportunities within the intermediary network region.

a. Match. Of the funds received pursuant to subrule 48.3(1), each regional work-based learning intermediary network shall contribute a match of resources equal to 25 percent pursuant to Iowa Code section 256.40(9). The financial resources used to provide the match may include private donations, in-kind contributions, or public moneys other than the moneys received pursuant to subrule 48.3(1).

b. Staffing. Funds may be used to support personnel responsible for the implementation of the intermediary network program components outlined under subrule 48.3(1).

48.4(4) Collaboration. Regional work-based learning intermediary networks shall work collaboratively with the statewide intermediary network and stakeholders. Evidence of collaboration shall be documented in each region’s annual report.

48.4(5) Advisory council. Each regional work-based learning intermediary network shall establish an advisory council consisting of intermediary network stakeholders from business and industry representatives, including construction trade industry professionals, to provide guidance and assistance in developing the intermediary network’s work-based learning plan. Advisory councils shall meet at least annually. Meeting minutes shall be maintained and be made available upon request by the department. The advisory council shall be subject to open meetings laws under Iowa Code chapter 21.

48.4(6) Annual report. Each regional work-based learning intermediary network shall submit an annual report to the department in a manner prescribed by the department. The report shall include, but not be limited to, performance metrics prescribed by the department and a summary of financial expenses.

[ARC 1781C, IAB 12/10/14, effective 1/14/15]
DIVISION II
FUTURE READY IOWA STATE-RECOGNIZED WORK-BASED LEARNING PROGRAMS

281—48.5(256) Program established. The provisions of this division implement the future ready Iowa state-recognized work-based learning program as authorized under Iowa Code sections 256.7 and 261.131.

48.5(1) Definitions. As used in this rule:

“Apprenticeship program” means an apprenticeship program authorized under federal statute or by the state board of education pursuant to this chapter.

“Eligible program” means a program eligible under the future ready Iowa skilled workforce last-dollar scholarship program.

48.5(2) Alignment with last-dollar scholarship. Except as provided in this chapter, the rules governing eligibility for students, programs, and institutions shall be the same as the eligibility criteria specified in 283—Chapter 15 for the future ready Iowa skilled workforce last-dollar scholarship program.

48.5(3) Eligibility. Pursuant to 283—subparagraph 15.3(1)“j”(2), a student enrolled in an apprenticeship program aligned to an eligible program may be enrolled in an eligible program on a part-time basis.

This rule is intended to implement Iowa Code section 256.7.

CHAPTER 49
INDIVIDUAL CAREER AND ACADEMIC PLAN

281—49.1(279) Purpose. For the school year beginning July 1, 2016, and each succeeding school year, the board of directors of each school district shall ensure each student in grade 8 develops and, in each succeeding year until graduation, reviews and revises an individualized career and academic plan.  
[ARC 2620C, IAB 7/20/16, effective 6/21/16; ARC 2749C, IAB 10/12/16, effective 11/16/16]

281—49.2(279) Definitions. For purposes of this chapter, the following definitions shall apply:  
“Approved system” means a vendor-provided career information and decision-making system which meets the requirements of rule 281—49.6(279).  
“Board” means the board of directors of a public school district.  
“Career cluster” means a nationally recognized framework for organizing and classifying career and technical education programs.  
“Comprehensive school improvement plan” means the plan required of a school or school district pursuant to Iowa Code section 256.7(21)”a.”  
“Department” means the Iowa department of education.  
“Director” means the director of the Iowa department of education.  
“District plan” means the career guidance plan developed by each school district detailing the delivery of career guidance in compliance with this chapter.  
“Educational program” means the educational program as defined in rule 281—12.2(256).  
“Plan” means the individualized career and academic plan established under this chapter which is created by each student of the school district in eighth grade and which, at a minimum, meets the requirements of rule 281—49.3(279).  
“Postsecondary education and training options” means postsecondary programs and pathways related to career interests, including apprenticeships and on-the-job training; military training; and industry-based certification, licensure, and diploma and degree programs offered by accredited professional colleges, technical and community colleges, and public and private baccalaureate colleges and universities.  
“School counseling program” means the school counseling program established by Iowa Code section 256.11(9A).  
“Student” means an enrolled student as defined in rule 281—12.2(256).  
[ARC 2620C, IAB 7/20/16, effective 6/21/16; ARC 2749C, IAB 10/12/16, effective 11/16/16]

281—49.3(279) Individualized career and academic plan.  
49.3(1) Requirements. The plan shall, at a minimum, achieve all of the following:  
a. Prepare the student for successful completion of the core curriculum developed by the state board of education pursuant to 281—Chapter 12 by the time the student graduates from high school.  
b. Identify the student’s postsecondary education and career options and goals.  
c. Identify the coursework needed in grades 9 through 12 to support the student’s postsecondary education and career options and goals.  
d. Prepare the student to successfully complete, prior to graduation and following a timeline included in the plan, the essential components prescribed in rule 281—49.4(279).

49.3(2) Progress report. The school district shall report annually to each student enrolled in grades 9 through 12, and, if the student is under the age of 18, to each student’s parent or guardian, the student’s progress toward meeting the goal of successfully completing the core curriculum and high school graduation requirements adopted by the state board of education pursuant to 281—Chapter 12 and toward achieving the goals of the student’s career and academic plan.  
[ARC 2620C, IAB 7/20/16, effective 6/21/16; ARC 2749C, IAB 10/12/16, effective 11/16/16]

281—49.4(279) Essential components. The district shall engage each student in activities which support the following essential components of the plan:
49.4(1) Self-understanding. Students shall engage in developmentally appropriate inventories and assessments that promote self-understanding, the connection to work, and engage in meaningful reflective activities about the results. Inventories and assessments may include, but are not limited to, interest inventories; work values assessments; personal values inventories; abilities, strengths, and skills assessments; career cluster assessments; learning styles inventories; and noncognitive skills assessments.

49.4(2) Career information. Students shall research careers based on self-understanding results and engage in meaningful reflection about the findings. Career information shall include, but is not limited to, state and national wage, earning, and employment outlook data for a given occupation; job descriptions, including such information as essential duties, aptitudes, work conditions, and physical demands; and training and education requirements.

49.4(3) Career exploration. Students shall engage in activities that reveal connections among school-based instruction, career clusters, and the world of work and engage in meaningful reflection. Career exploration experiences may be face-to-face or virtual and may include, but are not limited to, job tours, career days or career fairs, and other work-based learning activities.

49.4(4) Postsecondary exploration. Students shall engage in activities to explore relevant postsecondary education and training options related to career interests and engage in meaningful reflection on the exploration experience. Postsecondary exploration activities may be face-to-face or virtual and may include, but are not limited to, site or campus visits; career, employment, or college fairs; and visits with recruiters and representatives of postsecondary education and training options.

49.4(5) Career and postsecondary decision. Students shall complete relevant activities to meet their postsecondary goals consistent with the plan and stated postsecondary intention. Relevant career and postsecondary decision activities may include, but are not limited to, completion of required college or university admission or placement examinations; completion of relevant entrance applications and documents or job applications, résumés, and cover letters; completion of financial aid and scholarship applications; and review and comparison of award letters and completion requirements for different postsecondary options, such as annual financial aid requirements, the role of remedial courses, course-of-study requirements, and the role of the academic advisory.

[ARC 2620C, IAB 7/20/16, effective 6/21/16; ARC 2740C, IAB 10/12/16, effective 11/16/16]

281—49.5(279) District plan.

49.5(1) Components of district plan. The school district shall develop a written career guidance plan. The district plan shall include the following components:

a. The district shall, at a minimum, describe the following aspects of the district plan.
   (1) The activities to be undertaken in each grade level to achieve the requirements of rule 281—49.3(279).
   (2) Integration of the career guidance plan with the district’s comprehensive school improvement plan and school guidance counseling program.
   (3) At the district’s discretion, any additional outcomes to be integrated into the career guidance system.

b. Designation of team. The superintendent of each school district shall designate a team of education practitioners to carry out the duties assigned to the school district under this rule. The district plan shall include a list, by job position, of the designated district team.
   (1) Team composition. The team shall include, but not be limited to, a school administrator, a school counselor, teachers, including career and technical education teachers, and individuals responsible for coordinating work-based learning activities.
   (2) Duties. The team shall be responsible for the following:
      1. Implementation of the district plan.
      2. Annually reviewing and, as necessary, proposing to the board of directors of the school district revisions to the district plan.
      3. Coordination of activities which integrate essential components into classroom instruction and other facets of the school district’s educational program.
4. Regularly consulting with representatives of employers, state and local workforce systems and centers, higher education institutions, and postsecondary training programs to ensure activities are relevant and align with the labor and workforce needs of the region and state.

49.5(2) Maintenance of district plan. The district plan shall regularly be reviewed and revised by the team and the board.

[ARC 2620C; IAB 7/20/16, effective 6/21/16; ARC 2749C; IAB 10/12/16, effective 11/16/16]

281—49.6(279) Career information and decision-making systems. Each district shall use a career information and decision-making system that meets the minimum requirements established in subrule 49.6(3).

49.6(1) Review process. The department shall establish a process for the review of vendor-provided career information and decision-making systems to determine which career information and decision-making systems meet the minimum requirements established in subrule 49.6(3).

49.6(2) State-designated system. The department shall establish a process for the review and approval of a single state-designated career information and decision-making system from among the systems approved through the process established in subrule 49.6(1) which districts may use in compliance with this chapter.

49.6(3) Minimum functions of approved systems. An approved system shall, at a minimum, support the requirements of rule 281—49.3(279) and meet the following minimum requirements:

a. Allow for the creation of student accounts, which allow a student to store and access the results and information gathered from the inventories, searches, and associated activities outlined in paragraphs “b” through “d” of this subrule.

b. Include developmentally appropriate inventories and assessments that promote self-understanding and the connection to work. Inventories and assessments shall include, but not be limited to, an interest inventory; a work values assessment; and an abilities, strengths, or skills assessment.

c. Include a search platform for career information. The platform shall allow a student to access and review career information related to the results of the inventories listed in paragraph “b” of this subrule. Career information shall include, but not be limited to, current and accurate state and national wage, earning, and employment outlook data for a given occupation; job descriptions, including such information as essential duties and aptitudes; and training and education requirements. The career information search platform shall, at a minimum, allow a student to sort information by wage and earning, career cluster, and training and education requirements.

d. Include a search platform for postsecondary information. Postsecondary information shall include, but not be limited to, a current, accurate, and comprehensive database of accredited professional colleges, technical and community colleges, and public and private baccalaureate colleges and universities; and include or provide links to apprenticeship and military opportunities. The postsecondary information search platform shall, at a minimum, allow a student to sort information by program and degree type, institution type, location, size of enrollment, and affiliation and appropriate institutional characteristics, such as designation as a historically black college and university or Hispanic-serving institution, and religious affiliation.

e. Track basic utilization for the functions outlined in paragraphs “a” through “d” of this subrule. Districts shall have the ability to generate and export a report on the utilization statistics.

f. Ensure compliance with applicable federal and state civil rights laws.

g. Disclose the source and age of, as well as frequency of updates to, all information and data.

h. Provide auxiliary services including, but not limited to:

(1) A process for districts to submit comments, feedback, and modification requests to the vendor.

(2) Technical assistance during regular school district operating hours.

(3) Appropriate training for users.

49.6(4) Supplemental systems. The department shall maintain a list of supplemental systems which districts may use to satisfy components of rule 281—49.3(279).
a. The department shall establish a process for the review of supplemental systems. The review shall, at a minimum, identify the components of rule 281—49.3(279) and paragraphs 49.6(3) “b,” “c,” and “d” which are satisfied through the supplemental system. All supplemental systems shall comply with paragraphs 49.6(3) “f” and “g.”

b. A district which chooses to utilize a supplemental system shall specify which components of rule 281—49.3(279) are satisfied through the use of the supplemental system in the district plan required under rule 281—49.5(279). A district which chooses to utilize a supplemental tool must continue to utilize and make available to students an approved system.

[ARC 2620C, IAB 7/20/16, effective 6/21/16; ARC 2749C, IAB 10/12/16, effective 11/16/16; ARC 4164C, IAB 12/5/18, effective 1/9/19]

281—49.7(279) Compliance. The director shall monitor school districts for compliance with the provisions of this chapter through the accreditation process established for school districts under 281—Chapter 12.

49.7(1) Maintenance of student records. Each school district shall maintain evidence of student completion of the requirements of the plan established in rule 281—49.3(279) in the student’s cumulative record as required by 281—subrule 12.3(4). Evidence shall consist of a copy of the student’s plan developed in eighth grade which is signed by the student’s parent or guardian.

49.7(2) Reporting. For the school year beginning July 1, 2016, and each succeeding school year, the board of directors of each school district shall submit to the local community, and to the department as a component of the school district’s comprehensive school improvement plan required by 281—Chapter 12, an annual report on student utilization of the district’s career information and decision-making system.

49.7(3) Department report. The department shall include in its annual condition of education report a review of school district and student performance required under this chapter.

49.7(4) Corrective action. If a school district is not in substantial compliance with the provisions of this chapter, the school district shall submit an action plan to the director for approval. The plan must outline the steps to be taken to ensure substantial compliance with the provisions of this chapter.

These rules are intended to implement Iowa Code section 279.61 as amended by 2016 Iowa Acts, House File 2392.

CHAPTER 50
Reserved
281—51.1(256) Application. In order to qualify as a training facility, the establishment must submit a written application on a form as prescribed by the department of education. Prior to submission of an application, the department shall conduct a site visit to determine initial eligibility.

281—51.2(256) Content and approval of application. The application shall contain, at minimum, the following:
1. Clearly definable vocational objective or objectives;
2. An outline describing the length of the program that is appropriate to the training;
3. A description of the supervision that will be provided to individuals in the program;
4. The program’s progressive wage schedule as outlined in rule 281—51.3(256).

The department shall review the application for accuracy and merit. Upon approval of an application, the department shall forward a copy of the approved application to the applicant and to the U.S. Department of Veterans Affairs.

281—51.3(256) Wage schedules. The employer shall observe the following points in setting forth the wage schedule for the training period:
1. The schedule shall be set up for the entire period of training with provision for increases at regular intervals.
2. The starting wage and the wage paid during training cannot be less than the wage normally paid a nonveteran learner in this trade.
3. The starting wage shall not be less than 50 percent of the stated objective wage.
4. The wage schedule shall increase during each period of training until the employer is paying 85 percent of the objective wage during the last period of training unless covered under the standards required by the Bureau of Apprentice Training, United States Department of Labor.
5. The wages shall be in conformity with state and federal laws and applicable bargaining agreements.
6. Wage schedules contained in applicable bargaining agreements, wages established by law, or other wage schedules established by large businesses which can be shown to be a matter of record will be recognized.
7. The after-training wage shall be the wage that is normally paid to a person who has had training equivalent to that contemplated by the proposed training program and who is beginning employment in the classification. Further raises which have been granted to other employees on the basis of length of service or loyalty to the firm should not be considered in determining the completion wage.
8. Since the employer is required to guarantee definite periodic wage increases, programs shall not be approved which contain a wage schedule set up on a commission basis.

These rules are intended to implement 38 CFR 21.4261 and 21.4262.

CHAPTER 52
APPROVAL OF EDUCATIONAL INSTITUTIONS FOR THE EDUCATION AND TRAINING OF ELIGIBLE VETERANS UNDER THE MONTGOMERY G.I. BILL
[Prior to 9/7/88, see Public Instruction Department[670] Ch 25]

281—52.1(256) Colleges. All colleges, universities and community colleges accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools may have their programs considered for approval.

281—52.2(256) High schools. All high schools approved by the department of education may be approved without further inspection.

281—52.3 Rescinded IAB 9/7/88, effective 10/12/88.

281—52.4(256) Schools of Bible or theology. Schools of Bible or theology must be accredited by a recognized accrediting agency in the theological field. Programs will be considered for approval subject to inspection following receipt of written application.

281—52.5(256) Schools of nursing. Schools of nursing must be approved by the board of nursing. Programs will be considered for approval subject to inspection following receipt of written application.

281—52.6(256) Hospitals. (Residencies, medical technologists, X-ray technicians and similar programs.) Hospital training programs must be accredited by the Accreditation Council for Graduate Medical Education. Programs will be considered for approval subject to inspection following receipt of written application.

281—52.7(256) Schools of cosmetology. Schools of cosmetology must be in compliance with the Iowa board of cosmetology arts and sciences examiners, department of public health. Programs will be considered for approval subject to inspection following receipt of written application.

281—52.8(256) Schools of barbering. Schools of barbering must be in compliance with the Iowa board of barber examiners, department of public health. Programs will be considered for approval subject to inspection following receipt of written application.

281—52.9(256) Flight schools. Rescinded IAB 4/2/03, effective 5/7/03.

281—52.10(256) Schools of business. Programs will be considered for approval subject to inspection following receipt of written application.

281—52.11(256) Trade schools. Programs will be considered for approval subject to inspection following receipt of written application.

281—52.12(256) Correspondence schools. Correspondence schools must be accredited by a nationally recognized accrediting agency. Programs will be considered for approval subject to inspection following receipt of written application.

281—52.13(256) Successful operation on a continuous basis. All of the above institutions, except public or other tax-supported schools, must operate successfully on a continuous basis in Iowa for at least two years prior to approval.

The two-year requirement may be waived by the U.S. Department of Veterans Affairs when the institution submits positive evidence that the school is essential to meet the educational requirements of veterans in the state of Iowa.
281—52.14(256) Nonaccredited schools. Nonaccredited schools may have their programs considered for approval by filling out a written application, and an on-site inspection visit will be necessary to verify accuracy of submitted applications.

The written application referred to in this rule shall include the following information:
1. Name, address and telephone number of the school.
2. Names and qualifications of owners and managers of the school.
3. Statement concerning the date the school was established, and the period of time the school has been under the present management.
4. Statement as to the financial solvency of the school, and assurance that the school will continue operations for a considerable period of time.
5. Statement concerning the school’s accreditation by any recognized accrediting agencies, if any.
6. Statement concerning present enrollment and maximum number of students proposed to be trained in the courses at one time.
7. Description of the physical plant of the school, giving the number and size of classrooms; type of heating, lighting and ventilation, blackboard space; number of toilets and lavatories; number and kinds of desks, tables, chairs and other school furniture; total floor space; and a listing of all available laboratory and classroom equipment.
8. Names and educational and experience qualifications of all instructors.
9. Statement of the educational prerequisite for each course.
10. Statement as to the exact title of the course and a specific description of the objective for which given.
11. Statement as to the length of the course(s) in weeks; number of hours school is in session per week.
12. A detailed curriculum showing subjects taught, type of work or skills to be learned, and approximate length of time to be spent on each.
13. Samples of permanent records kept by schools. Samples should include transcripts, progress, grading, conduct and other records kept by the school.
14. Statement as to tuition costs, and costs for required books, supplies and equipment.
15. Statement that school buildings meet local and state regulations concerning fire, safety, and health.

281—52.15(256) Evaluation standards. The following standards are used in evaluating a school eligible under this chapter:

52.15(1) The curriculum and instruction must be consistent in quality, content and length with similar courses in the public schools or other private schools with recognized and accepted standards.

52.15(2) Each school must have a system for keeping attendance, progress and placement records that is acceptable to this department. Records must be kept up-to-date, and reports must be prepared and submitted as requested. Furthermore, school records must be made available for inspection on request of department representatives.

52.15(3) The school must have clearly stated and enforced standards of attendance, progress and conduct. Such standards must be acceptable to this department.

52.15(4) The school must give appropriate credit for previous training or experience, with the training period shortened proportionately. No course of training will be considered bona fide if a veteran is already qualified by training and experience for that course objective.

52.15(5) The school must provide the student with a copy of the approved curriculum.

52.15(6) Upon completion of the training, the school must give the veteran a certificate indicating the approved course, title, and length and that the training was completed satisfactorily.

52.15(7) The school must have a clear statement as to entrance qualifications and must abide by them.

52.15(8) The school must have sufficient toilet facilities to adequately serve the enrollment.

52.15(9) Each school must provide adequate classroom and laboratory space consistent with the needs of the curriculum.
52.15(10) Heat, light and ventilation shall be adequate for the type of instruction and enrollment in the school.

52.15(11) School buildings must meet local and state regulations concerning fire, safety and health.

52.15(12) Schools must be ethical in their advertising and solicitation. Both are subject to review and approval by this department.

52.15(13) Instructors must be competent in the fields they are teaching and be able to document their background and training. Instructors shall hold appropriate certificates, licenses or degrees.

52.15(14) While schools may not guarantee employment upon graduation, a school should exert every effort to assist its graduates in obtaining employment.

52.15(15) Tuition and other charges made by the school should be clearly set out in publications of the school.

52.15(16) Schools should make use of modern teaching aids and procedures.

These rules are intended to implement 38 CFR 21.4250-21.5259.

TITLE XI
VOCATIONAL REHABILITATION EDUCATION

CHAPTER 56
IOWA VOCATIONAL REHABILITATION SERVICES
[Prior to 9/7/88, see Public Instruction Department[670] Ch 35]

DIVISION I
SCOPE AND GENERAL PRINCIPLES

281—56.1(259) Responsibility of division. The division is responsible for providing services leading to competitive integrated employment for eligible Iowans with disabilities in accordance with Iowa Code chapter 259, the federal Rehabilitation Act of 1973 as amended, the federal Social Security Act (42 U.S.C. Section 301, et seq.), and the corresponding federal regulations. [ARC 1778C, IAB 12/10/14, effective 1/14/15; ARC 2844C, IAB 12/7/16, effective 1/11/17]

281—56.2(259) Nondiscrimination. The division shall not discriminate on the basis of age, race, creed, color, gender, sexual orientation, gender identity, national origin, religion, duration of residency, or disability in the determination of a person’s eligibility for rehabilitation services and in the provision of necessary rehabilitation services. [ARC 1778C, IAB 12/10/14, effective 1/14/15; ARC 2844C, IAB 12/7/16, effective 1/11/17]

DIVISION II
DEFINITIONS

281—56.3(259) Definitions. For the purpose of this chapter, the indicated terms are defined as follows:

“Aggregate data” means information about one or more aspects of division job candidates, or from some specific subgroup of division job candidates, but from which personally identifiable information on any individual cannot be discerned.

“Applicant” means an individual who submits an application for vocational rehabilitation services; has completed a common intake application through a one-stop center requesting vocational rehabilitation services; has otherwise requested services from the designated state unit; or has provided information necessary to initiate an assessment to determine eligibility and priority for services; and is available to complete the assessment process.

“Appropriate modes of communication” means specialized aids and supports that enable an individual with a disability to comprehend and respond to information that is being communicated.

“Assessment for determining eligibility or in the development of an IPE” means a review of existing data and, to the extent necessary, the provision of appropriate assessment activities to obtain additional information to make a determination and to assign the priority for services assignment or development of an IPE.

“Assistive technology device” has the meaning given such term in Section 3 of the Assistive Technology Act of 1998 and means any item, piece of equipment or product system, whether acquired commercially or off the shelf, modified, or customized, that is used to increase, maintain, or improve the functional capabilities of an individual with a disability.

“Assistive technology service” has the meaning given such term in Section 3 of the Assistive Technology Act of 1998 and means any service that directly assists an individual with a disability in the selection, acquisition, or use of an assistive technology device. Assistive technology services include:

1. Evaluating the needs of an individual with a disability, including a functional evaluation of the individual in the individual’s customary environment;

2. Aiding an individual with a disability in purchasing, leasing, or otherwise providing for the acquisition of an assistive technology device;

3. Selecting, designing, fitting, customizing, adapting, applying, maintaining, repairing, or replacing assistive technology devices;
4. Coordinating and using other therapies, interventions, or services with assistive technology devices, such as those associated with existing education and rehabilitation plans and programs;

5. Providing training or technical assistance for an individual with a disability or, if appropriate, the family members, guardians, advocates, or authorized representatives of the individual; and

6. Providing training or technical assistance for professionals (including individuals providing education and rehabilitation services), employers, or others who provide services to, employ, or are otherwise substantially involved in the major life functions of individuals with disabilities, to the extent that training or technical assistance is necessary to the achievement of an employment outcome by an individual with disabilities.

“Benefits planning” means those counseling and planning services and supports needed for individuals who, due to their disabilities, are beneficiaries of social security or supplemental security income to enhance the financial ability of the individual to participate in work, plan for or avoid an overpayment, and address their unique disability needs on a job producing a product such as an impairment-related work expense (IRWE) or a program for achieving self-support (PASS).

“Case record” means the file of personally identifiable information, whether written or electronic in form, on an individual that is collected to carry out the purposes of the division as defined in the Act and the Social Security Act. This information remains a part of the case record and is subject to these rules even when temporarily physically removed, either in whole or in part, from the file folder in which it is normally kept.

“Community rehabilitation program” means any program or service, be it private for profit or nonprofit, that is an approved vendor of the Iowa department of human services’ rehabilitation Medicaid providers and that demonstrates certification of quality services from nationally recognized bodies of oversight.

“Comparable services and benefits” means services and benefits that are provided or paid for in whole or in part by other federal, state, or local public agencies, by health insurance or by employee benefits; are available to the individual at the time needed to ensure the individual’s progress toward achieving an employment outcome in accordance with the individual’s IPE; and commensurate to the services that the individual would otherwise receive from the DSU. For purposes of this definition, comparable benefits do not include educational awards and scholarships based on merit.

“Competitive integrated employment” means work in the competitive labor market that:

1. Is performed on a full-time or part-time basis, including self-employment, in an integrated setting and for which the job candidate is compensated at a rate that:
   • Shall not be less than the higher of the rate specified in Section 6(a)(1) of the Fair Labor Standards Act of 1938 or the rate specified in the applicable state or local minimum wage law;
   • Is not less than the customary rate paid by the employer for the same or similar work performed by other employees who are not individuals with disabilities and who are similarly situated in similar occupations by the same employer and who have similar training, experience, and skills; and
   • Is eligible for the level of benefits provided to other employees;

2. Is at a location where the employee interacts with other persons who are not individuals with disabilities (not including supervisory personnel or individuals providing services to such employee) to the same extent that individuals who are not individuals with disabilities and who are in comparable positions interact with other persons; and

3. As appropriate, presents opportunities for advancement that are similar to those for other employees who are not individuals with disabilities who have similar positions.

“Competitive integrated work setting,” with respect to the provision of services, means a setting, typically found in the community, in which applicants or eligible individuals interact with nondisabled individuals, other than nondisabled individuals who are providing services to those applicants or eligible individuals, and said interaction is consistent with the quality of interaction that would normally occur in the performance of work by the nondisabled coworkers.

“Customized employment” means competitive integrated employment, for an individual with a significant disability, that is based on an individualized determination of the strengths, needs, and interests of the individual with a significant disability; is designed to meet the specific abilities of the
individual with a disability and the business needs of the employer; and is carried out through flexible strategies.

“Department” means the department of education.

“Designated representative” means anyone the job candidate designates to represent the job candidate’s interests before and within the division. The term does not necessarily mean a legal representative. The designated representative may be a parent, guardian, friend, attorney, or other designated person.

“Designated state unit” or “DSU” means the division of vocational rehabilitation services.

“Division” means the division of vocational rehabilitation services of the department of education.

“Employment outcome” means, with respect to an individual, entering or retaining full-time or, if appropriate, part-time competitive employment in the integrated labor market; supported employment; or any other type of employment, including self-employment, telecommuting, or business ownership, that is consistent with an individual’s strengths, resources, priorities, concerns, abilities, capabilities, interests, and informed choice, including satisfying the vocational outcome of customized employment.

“Extended services” means ongoing support services and other appropriate services that are needed to support and maintain an individual with a most significant disability in supported employment and that are:

1. Provided singly or in combination and are organized and made available in such a way as to assist an eligible individual in maintaining supported employment;
2. Organized or made available singly or in combination with other services for job maintenance;
3. Based on a determination of the needs of an eligible individual, as specified in the IPE;
4. Provided by an appropriate source after an individual has made the transition from support provided by the DSU; and
5. Provided to a youth with a most significant disability for no more than 48 months by the DSU when no other resource is available and not beyond the graduation date when the agreement with the department of human services applies, and until such time that the long-term funding is available.

“Family” means any individual who lives with the individual with a disability and has a vested interest in the welfare of that individual whether by marriage, birth, or choice. A family member is an individual who either (1) is a relative or guardian of an applicant or job candidate; or (2) lives in the same household as an applicant or job candidate and has a substantial interest in the well-being of the applicant or job candidate.

“Home modification” means the alteration of an already existing living unit to make it accessible or more accessible by a person with a disability who is involved with the independent living program or as necessary to achieve stable employment as part of an individualized plan for employment. The structural integrity and maintenance of the home is the responsibility of the owner. Home modifications are not provided to homes that are not structurally sound.

“Impartial hearing officer” or “IHO” means a person who is not an employee of the division; is not a member of the state rehabilitation advisory council; has not been involved previously in the vocational rehabilitation of the applicant or job candidate; has knowledge of the delivery of vocational rehabilitation services, the state plan and the federal and state rules and regulations governing the provision of such services; has received training in the performance of the duties of a hearing officer; and has no personal or financial interest that would be in conflict with the person’s objectivity.

“Independent living services” or “IL services” means those items and services provided to individuals who have a significant physical, mental, or cognitive impairment and whose ability to function independently in the family or community or whose ability to obtain, maintain, or advance in employment is substantially limited, and for whom the delivery of IL services will improve their ability to function, continue functioning, or move toward functioning independently in the family or community or to continue in employment.

“Individualized plan for employment” or “IPE” means a plan that specifies the services needed by an eligible individual and the responsibilities of the individual with a disability and other payers and must include the financial obligation of the individual with a disability, the progress measurements, the
expected employment outcome and the timeline for achievement of the expected employment outcome and all provisions required by federal regulations.

“Individual with a most significant disability” means an individual who is seriously limited in three or more functional capacities (such as mobility, communication, self-care, self-direction, interpersonal skills, work tolerance, or work skills) in terms of an employment outcome.

“Individual with a significant disability” means an individual who has a significant physical or mental impairment that seriously limits one or more functional capacities (such as mobility, communication, self-care, self-direction, interpersonal skills, work tolerance, or work skills) in terms of an employment outcome or who is a recipient of SSD/SSI due to the individual’s disability.

“Institution of higher education” has the meaning given the term in Section 102(a) of the Higher Education Act of 1965.

“Intensive services” means services only available and provided under an IPE. Intensive services do not include ancillary services, such as maintenance, transportation, benefits planning, reader, interpretation taker services, etc.

“Job candidate” means an applicant or eligible individual applying for or receiving benefits or services from any part of the division and shall include former job candidates of the division whose files or records are retained by the division.

“Job retention eligible candidate” means an individual who is at immediate risk of losing the individual’s job and requires vocational rehabilitation services in order to maintain employment and thereby move directly into active status and bypass the waiting list only for those services that will allow the individual to maintain employment. After having received said service(s) or good(s), the job retention eligible individual will return to the waiting list until that point where the individual’s priority of service is being served.

“Maintenance” means monetary support provided to a job candidate for expenses, such as food, shelter, and clothing, that are in excess of the normal expenses of the job candidate and that are necessitated by the job candidate’s participation in the program.

“Mediation” means the act or process of using an independent third party to act as a mediator, intermediary, or conciliator to assist persons or parties in settling differences or disputes prior to pursuing formal administrative or other legal remedies.

“Menu of services” means the services provided by community partners to assist an individual with a disability in achieving an employment outcome. The services are selected and jointly agreed to by the counselor and job candidate of the division. Payments for services are made based on a fee structure that is published and updated annually, and there is no financial assessment toward the costs of these purchased services from a community rehabilitation program. The services include the following:

1. Assessment through discovery, community work-site assessment, comprehensive vocational evaluation, career exploration, or job shadowing assessment to identify a realistic vocational goal that is compatible with the individual’s needs, preferences, abilities, disability, and informed choice;

2. Placement services selected by the counselor, job candidate and interested partners to prepare for and obtain employment. Placement services include the following:
   • Vocational preparation, performed in a competitive integrated work environment, that enhances and improves the job candidate’s ability to perform specific work, learn the necessary skills to do a specific job, minimize negative work habits and behaviors that have impeded job retention, develop skills in finding a job, and learn how to navigate transportation systems to and from work;
   • Work adjustment training, performed in a competitive integrated work environment, that remedies negative work habits and behaviors, improves work tolerance, and develops strategies to improve a job candidate’s ability to maintain employment;
   • Job-seeking skills training that teaches the job candidate strategies necessary to find employment at the level required by the job candidate’s needs;
   • Job development and job follow-up that places the job candidate on a job in the community working for a business, maintains contact with the employer on the job candidate’s progress, is jointly funded through the Medicaid waiver program when appropriate, and is purchased only when used in conjunction with another required service;
Employer development that, through a job analysis, identifies for businesses the job tasks and customized training plan for the job for which the job candidate will be trained, is authorized only as a stand-alone service when the Medicaid waiver funds the job development and is purchased only when used in conjunction with another required service;

- Supported job coaching that assists the job candidate in learning job-specific skills and work habits and behaviors while employed on the job and that continues as needed after the division file is closed;

- Selected job coaching that assists the job candidate in learning job-specific skills and work habits and behaviors while employed on the job and that is purchased only when approved by the area office supervisor.

“Ongoing support services” means services that are written in the IPE; are needed to support and maintain individuals with the most significant disabilities in supported employment; are provided, at a minimum, twice monthly to make an assessment regarding the employment situation at the work site and coordinate provision of specific intensive services needed to maintain stability; are provided by skilled job trainers who accompany the individual for intensive job skill training at the work site; include social skills training, assessment and evaluation of progress, job development and retention, placement services, and follow-up services with the business and the individual’s representatives; and facilitate development of natural supports or any other service(s) needed to maintain employment.

“Personal assistance services” means a range of services provided by one or more persons and designed to assist an individual with a disability to perform, on or off the job, daily living activities that the individual would typically perform if the individual did not have a disability. Such services shall be designed to increase the individual’s control in life and ability to perform everyday activities on or off the job.

“Physical or mental impairment” means an impairment for which services are paid according to the department of human services’ Medicaid or Medicare fee schedule and includes:

1. Any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the following body systems: neurological, musculoskeletal, special sense organs, respiratory (including speech organs), cardiovascular, reproductive, digestive, genitourinary, hemic and lymphatic, skin, or endocrine; or

2. Any mental or psychological disorder such as an intellectual disability, organic brain syndrome, emotional or mental illness, or specific learning disabilities; or

3. Any impairment for which an individual has a documented history of receiving special education services in both elementary and secondary school.

“Physical or mental restoration services” means:

1. Corrective surgery or therapeutic treatment that is allowed under Medicaid or Medicare and is likely, within a reasonable period of time, to correct or modify substantially a stable or slowly progressive physical or mental impairment that constitutes a substantial impediment to employment;

2. Diagnosis and treatment of a physical, mental, or cognitive disorder by qualified personnel in accordance with state licensure laws and Medicaid requirements to include:

- Dentistry;
- Nursing services;
- Necessary hospitalization (either inpatient or outpatient) in connection with surgery or treatment and clinical services;
- Drugs and supplies;
- Prosthetic and orthotic devices;
- Eyeglasses and visual services, including visual training, and the examination and services necessary for the prescription and provision of eyeglasses, contact lenses, microscopic lenses, telescopic lenses, and other special visual aids prescribed by personnel that are qualified in accordance with state licensure laws;
- Podiatry;
- Physical therapy;
- Occupational therapy;
• Speech and hearing therapy;
• Mental health services;
• Special services for the treatment of individuals with end-stage renal disease, including transplantation, dialysis, artificial kidneys, and supplies; and
• Other medical or medically related rehabilitation services.

“Plan for natural supports” means a plan, designed prior to the implementation of the supported employment program, that describes the natural supports to be used on the job; the training provided to the supervisor and mentor on the job site; the technology used in the performance of the work; the rehabilitation strategies and trainings that will be taught to the mentor in order to support and direct the job candidate on the job; the supports to be provided outside of work for the job candidate to be successful; and the methods by which the employer can connect with the job candidate’s job coach and training program when the need arises.

“Postemployment services” means services that are intended to ensure that the employment outcome remains consistent with the individual’s unique strengths, resources, priorities, concerns, abilities, capabilities, interests, and informed choice. These services are available to meet the rehabilitation needs that do not require a complex and comprehensive provision of services and, thus, are limited in scope and duration.

“Potentially eligible” means students who may be in special education served under an individual education plan (IEP) or are considered to have a disability according to Section 504 of the Rehabilitation Act of 1998 and the Americans with Disabilities Act of 1992. These individuals may receive preemployment transition services but are not considered eligible for intensive services nor have they applied for services when they are potentially eligible.

“Preemployment transition services” means services provided in accordance with Section 113 of the Workforce Innovation and Opportunity Act to all students with disabilities who are in need of services and are eligible or potentially eligible for services. These services focus students and youth with disabilities on preparing for, securing, and retaining competitive integrated employment by using a variety of work-based learning strategies and work-readiness strategies combined with counseling and guidance as well as self-advocacy development. Preemployment transition services include the following:

1. Job exploration counseling;
2. Work-based learning experiences, which may include in-school or after-school opportunities, or experience outside the traditional school setting (including internships) that is provided in an integrated environment to the maximum extent possible;
3. Counseling on opportunities for enrollment in comprehensive transition or postsecondary educational programs at institutions of higher education;
4. Workplace-readiness training to develop social skills and independent living;
5. Instruction in self-advocacy, which may include peer mentoring;
6. Authorized activities to improve transition from secondary to postsecondary activities and employment outcomes; and
7. Coordinated and authorized activities to work with teachers, employers, and others interested in the transition of the student to enhance effective transition of the student with a disability from secondary to postsecondary activities and employment.

“Rehabilitation technology” means the systematic application of technologies, engineering methodologies, or scientific principles to meet the needs of, and address the barriers confronted by, individuals with disabilities in areas that include education, rehabilitation, employment, transportation, independent living, and recreation. The term includes rehabilitation engineering, assistive technology devices, and assistive technology services. For purposes of the rehabilitation services bureau of the DSU, the purposeful inclusion of rehabilitation technology in an IPE is for the purposes of preparing for, obtaining, maintaining, or advancing in employment.

“Residency requirement” is met by an individual who resides in the state of Iowa and is present and available for participation in a rehabilitation plan leading to competitive integrated employment.
“Satisfactory employment” means stable employment consistent with an individual’s IPE and acceptable to both the individual and the employer.

“Self-employment services” means services specifically for the eligible individual who has an idea for ownership of a for-profit business, and includes technical assistance in developing proprietary skills and knowledge as well as financial assistance for business start-up that does not exceed $10,000 and requires a dollar-for-dollar match from the job candidate seeking self-employment.

“Status” means the existing condition or position of a case. The specific case statuses are as follows:
02-0 Referral/Applicant (individual requests services and signs the rights and responsibilities form);
04-0 Accepted for services (eligible), but does not meet waiting list categories being served;
08-0 Closed before acceptance (eligibility criteria cannot be met or case is closed for some other reason);
10-__ Accepted for services (eligible); substatus:
10-1 Eligible individuals in secondary education;
12-0 IPE developed, awaiting start of services;
14-0 Counseling and guidance only (counselor works with job candidate directly to reach goals through counseling and placement);
16-0 Physical and mental restoration (when such services are the most significant services called for on the IPE);
18-__ Training (when training is the most significant service called for on the IPE); substatuses are:
18-1 Training in a workshop/facility;
18-2 On-the-job training;
18-3 Vocational-technical training;
18-4 Academic training;
18-5 High school training;
18-6 Supported employment;
18-7 Other types of training not covered above (including nonsupported employment job coaching);
20-0 Ready for employment (IPE has been completed to extent possible);
22-0 Employed;
24-0 Service interrupted (IPE can no longer be continued for some reason, and no new IPE is readily obvious);
26-0 Closed rehabilitated (can only occur from Status 22-0 when job candidate has been employed in the job of closure for a minimum of 90 days);
28-0 Closed after IPE initiated (suitable employment cannot be achieved, or employment resulted without benefit of services from the division);
30-0 Closed before IPE initiated (can only occur from either Status 10-__ or 12-0 when a suitable individualized plan for employment cannot be developed or achieved or when employment resulted without benefit of services from the division);
32-0 Postemployment services;
33-__ Closed after postemployment services; substatuses are:
33-1 Individual is returned to suitable employment, or employment is otherwise stabilized;
33-2 Case reopened for comprehensive vocational rehabilitation services;
33-3 Situation has deteriorated to the point that further services would be of no benefit to individual;
38-0 Closed from Status 04-0 (individual does not meet one of the waiting list categories, and the individual no longer wants to remain on the waiting list or fails to respond when contacted because individual’s name is at top of waiting list).

“Student with a disability” means an individual with a disability who is not younger than the age of 14 and is not older than the age of 21; and is eligible for, and receiving, special education or related services under the Individuals with Disabilities Education Act; or is an individual with a disability for purposes of Section 504 and meets the age requirements.

“Substantial impediment to employment” means that a physical or mental impairment (in light of attendant medical, psychological, vocational, educational, communication, and other related factors)
hinders an individual from preparing for, entering into, engaging in, or retaining competitive integrated employment consistent with the individual’s abilities and capacities.

“Supported employment” means competitive integrated employment, including customized employment, or employment in an integrated work setting in which individuals are working on a short-term basis toward competitive integrated employment. Such employment is individualized and customized consistent with the strengths, resources, priorities, concerns, abilities, capabilities, interests, and informed choice of the individual for whom ongoing support services for individuals with the most significant disabilities is necessary.

“Supported employment services” means ongoing support services, including customized employment, that are needed to support and maintain an individual with a most significant disability in supported employment, are provided by the division and documented for no more than 24 months, except that period may be extended if necessary in order to achieve the employment outcome as identified in the IPE, are provided singly or in combination with other services, and are organized and made available in such a way as to assist an eligible individual to achieve an employment outcome within a 24-month period of time, which may be extended based on the needs of the individual.

“Transition services” means a coordinated set of activities provided to a student and designed within an outcome-oriented process that promotes movement from school to postschool activities. Postschool activities include postsecondary education, vocational training, integrated employment (including supported employment), continuing and adult education, adult services, independent living, and community participation. The coordinated set of activities must be based upon the individual student’s needs, taking into account the student’s preferences and interests, and must include instruction, community experiences, the development of employment and other postschool adult living objectives, and, if appropriate, acquisition of daily living skills and functional vocational evaluation. Transition services must promote or facilitate the achievement of the employment outcome identified in the student’s IPE.

“Transportation” means travel and related expenses that are necessary to enable an applicant or eligible individual to participate in a vocational rehabilitation service.

“Vocational rehabilitation services” means those services identified under an IPE and provided to individuals who have applied for and been determined eligible for services by the DSU to enable individuals with disabilities, including individuals with the most significant disabilities, to pursue meaningful careers by securing gainful competitive integrated employment commensurate with their abilities and capabilities.

“Waiting list” means the listings of eligible individuals for vocational rehabilitation services who are not in a category being served, otherwise known as “order of selection” under the Workforce Innovation and Opportunity Act of 2014.

“Workforce investment activities” means the provision of workforce development activities that creates linkages and systemic improvements so that individuals with disabilities are ensured an effective and meaningful participation in workforce innovation and opportunity activities.

“Youth with a disability” means an individual with a disability who is not younger than 14 years of age and not older than 24 years of age.

DIVISION III
ELIGIBILITY

281—56.4(259) Individuals who are recipients of SSD/SSI. Recipients of social security disability payments or supplemental security income payments are presumed eligible as being significantly disabled and are eligible for vocational rehabilitation services if such recipients demonstrate eligibility under subrule 56.6(6) and rule 281—56.8(259). Recipients who demonstrate eligibility under subrule 56.6(6) and rule 281—56.8(259) must also demonstrate need in the employment plan under rule 281—56.9(259). Nothing in this rule automatically entitles a recipient of social security disability payments or supplemental security income payments to any good or service provided by the division.
Qualified division personnel will identify and document the individual as a recipient of social security benefits based on disability, and the determination of impediments to employment and need for services will be documented by the qualified rehabilitation counselor.

[ARC 8806B, IAB 6/2/10, effective 7/7/10; ARC 1778C, IAB 12/10/14, effective 1/14/15; ARC 2844C, IAB 12/7/16, effective 1/11/17]

281—56.5(259) Eligibility for vocational rehabilitation services.

56.5(1) Eligibility for vocational rehabilitation services shall be determined upon the basis of the following:

a. A determination by a qualified rehabilitation counselor that the applicant has a physical or mental impairment;

b. A determination by a qualified rehabilitation counselor that the applicant’s physical or mental impairment constitutes or results in a substantial impediment to employment for the applicant;

c. A determination by a qualified vocational rehabilitation counselor that the applicant requires vocational rehabilitation services due to the applicant’s disability to prepare for, secure, retain, regain, or advance in employment consistent with the applicant’s unique strengths, resources, priorities, concerns, abilities, capabilities, interests, and informed choice.

56.5(2) A presumption exists that the applicant can benefit, in terms of an employment outcome, from the provision of vocational rehabilitation services.

56.5(3) Standards for ineligibility. If the DSU determines that an applicant is ineligible for vocational rehabilitation services or determines that an individual receiving services under an IPE is no longer eligible for services, the DSU must:

a. Make the determination only after full consultation with the individual impacted or, as appropriate, the individual’s representative;

b. Inform the individual in writing, supplemented with appropriate modes of communication;

c. Provide to the individual the individual’s appeal or mediation rights;

d. Provide the individual information on the Iowa client assistance program (ICAP);

e. Refer the individual to other appropriate programs; and

f. Review the decision semiannually the first year, and annually thereafter, when the decision to close the file is based on findings that the individual who received services under an IPE is incapable of achieving competitive integrated employment at the time of closure.

[ARC 1778C, IAB 12/10/14, effective 1/14/15; ARC 2844C, IAB 12/7/16, effective 1/11/17]

281—56.6(259) Other eligibility and service determinations.

56.6(1) Achievement of an employment outcome. Any eligible individual, including an individual who is presumed eligible, must intend to achieve an employment outcome that is consistent with the applicant’s unique strengths, resources, priorities, concerns, abilities, capabilities, interests, and informed choice. The DSU is responsible for informing individuals, through the application process for services, that individuals who receive services from the DSU must intend to achieve an employment outcome. The applicant’s completion of the application process for vocational rehabilitation services is sufficient evidence of the individual’s intent to achieve an employment outcome.

56.6(2) Options for IPE development.

a. The DSU will provide information on the available options for developing the individualized plan for employment (IPE), including the option that an eligible individual or, as appropriate, the individual’s representative may develop all or part of the IPE:

(1) Without assistance from the DSU or any other entity; or

(2) With assistance from:

1. A qualified vocational rehabilitation counselor employed by the DSU;

2. A qualified vocational rehabilitation counselor not employed by the DSU;

3. A representative of DSU under the guidance of a DSU vocational rehabilitation counselor;

4. A disability advocacy organization, such as the Iowa client assistance program (ICAP) or Disability Rights Iowa, or any other advocacy organization of the individual’s choosing; or
5. A representative through another source that is already working with the individual, such as the individual’s case manager.
   b. The IPE is not approved or put into practice until it is discussed and reviewed with, revised if applicable, and approved by the vocational rehabilitation counselor employed by DSU.
   c. The IPE implementation date begins on the date of the DSU counselor’s signature.
   d. There is no compensation for any expenses incurred while the IPE is developed with any entity not employed by the DSU.
   e. If the job candidate is not on the DSU waiting list and requires some assessment services to develop the IPE, the job candidate must discuss the needs in advance with the DSU counselor and obtain prior approval if financial assistance is needed from the DSU to pay for the assessment service.
   f. If the job candidate requires information from a benefits planner, the DSU can provide or arrange that assistance at any time during the development or implementation of the plan, when the job candidate is off the waiting list.

56.6(3) Scope of services. Vocational services for eligible individuals not on a waiting list are services described in an individualized plan for employment and are necessary to assist the eligible individual in preparing for, obtaining, retaining, regaining, or advancing in employment if the failure to advance is due to the disability, consistent with informed choice. The services include:
   a. Assessment for determining eligibility and services needed for an eligible individual to achieve competitive integrated employment including, if necessary, an assessment in rehabilitation technology;
   b. Counseling and guidance, which is career counseling to provide information and support services to assist the eligible individual in making informed choices about the individual’s future work or career goals;
   c. Referral and other services to secure needed services from other agencies and through agreements with other organizations and agencies;
   d. Job-related services to facilitate the preparation for, obtaining of, and retaining of employment to include job search, job development, job placement assistance, job retention services, follow-up services and follow-along if necessary and required under the IPE;
   e. Vocational and other training services that assist the eligible individual in preparing for work or an occupation identified on the IPE and include the provision of personal and vocational adjustment services, books, tools, and other training materials, except that no training services may be paid for with funds by the DSU unless maximum efforts have been made by the DSU and the individual to secure grant assistance, in whole or in part, or assistance from other sources to pay for such training;
   f. Training and training materials as provided according to the fee schedule and the following provisions:
      (1) The training and books and supplies that are necessary for the job candidate’s satisfactory occupational adjustment.
      (2) The job candidate has the mental and physical capacity to acquire a skill that the job candidate can perform in an occupation commensurate with the job candidate’s abilities and limitations.
      (3) The job candidate is not otherwise precluded by law from employment in the job candidate’s field of training.
      (4) If the costs exceed the fee schedule established for in-state training, individuals deciding to attend a training program outside the state of Iowa may do so at their own expense;
   g. Physical and mental treatment may be provided to the extent that financial support is not readily available from another source, such as health insurance of the individual or a comparable service or benefit, and said treatment is essential to the progression of the individual to achieve the competitive integrated employment outcome according to the following provisions:
      (1) The service is necessary for the job candidate’s satisfactory occupational adjustment.
      (2) The condition causing disability is relatively stable or slowly progressive.
      (3) The condition is of a nature that treatment may be expected to remove, arrest, or substantially reduce the disability within a reasonable length of time.
      (4) The prognosis for life and employability is favorable.
56.6(4) Specific services requiring financial assessment. Financial need must be established prior to provision of certain services at the division’s expense and is evidenced by documents of financial income. Applicants are eligible for physical restoration, occupational licenses, customary occupational tools and equipment, training materials, maintenance and transportation (except transportation for diagnosis, guidance or placement) only on the basis of financial need and when services are not otherwise immediately available or comparable benefits and services are not available. Recipients of SSD/SSI due to their disability who are independent are not subject to a financial needs test for any services but must demonstrate eligibility under subrule 56.6(6) and rule 281—56.8(259), as well as demonstrate need in the IPE under rule 281—56.9(259).

a. For the determination of financial need, the job candidate or, in the case of a minor, the minor’s parent or guardian, or family in which the individual resides, is required to provide documentation regarding all family income from any source that may be applied toward the cost of rehabilitation services, except the rehabilitation services of diagnosis, counseling, training and placement, which are provided without regard to financial need; however, the division shall not pay for more than the balance of the cost of the service minus comparable services and benefits and the individual’s documented contribution. A comparable services and benefits search is required for some services. When an individual refuses to supply documentation of family income, the individual assumes 100 percent of the responsibility for the costs of rehabilitation.

b. The division shall observe the following policies in making a determination of financial need based upon the findings:

(1) All services requiring the determination of financial need are provided on the basis of supplementing the resources of the job candidate or of those responsible for the job candidate.

(2) A supervisor may grant an exception in cases where the applicant’s disability caused or is directly related to financial need and where all other sources of money have been exhausted by the applicant or the parents or guardians of a minor applicant.

(3) Consideration shall be given to the job candidate’s responsibility for the immediate needs and maintenance of the job candidate’s dependents, and the job candidate shall be expected to reserve sufficient funds to meet the job candidate’s family obligations and to provide for the family’s future care, education and medical expenses.

(4) Income up to a reasonable amount should be considered and determined based on the federal poverty guidelines associated with family size, income, and exclusions.

(5) General assistance from state or federal sources is disregarded as a resource unless the assistance is a grant award for postsecondary training.

(6) Grants and scholarships based on merit, while not required to be searched for as a comparable benefit, may be considered as part of the determination of financial support of a plan when a request beyond the basic support for college is requested. Public grants and institutional grants or scholarships not based on merit are considered a comparable benefit.

56.6(5) Areas in which exceptions shall not be granted. Pursuant to federal law, an exception shall not be granted for any of the following requirements:

a. The eligibility requirements in rule 281—56.5(259) (i.e., presence of disability, substantial impediment to employment, need for vocational rehabilitation services).

b. The required contents of the IPE and plan of natural supports.

c. Identification of a long-term follow-up provider in supported employment cases.

d. Being in employment and in Status 22-0 consistent with federal regulations prior to Status 26-0 closure.

e. Time frames, such as the federal requirement that eligibility be determined within 60 days of an individual’s application for services unless the individual has agreed to an extension.

f. Intensive services may be provided only to eligible individuals who are not on a waiting list, except for assessments which will help the division appropriately determine on which waiting list an individual belongs.
56.6(6) Waiting list. As required by the Act and 34 CFR Section 361.36, if the division cannot serve all eligible individuals who apply, the division shall develop and maintain a waiting list for services based on significance of disability.

a. The three categories of waiting lists are as follows, listed in order of priority to be served:

(1) Individuals with most significant disabilities;
(2) Individuals with significant disabilities; and
(3) Other individuals.

b. An individual’s order of selection is determined by the waiting list and the date on which the individual applied for services from the division. All waiting lists are statewide in scope; no regional lists are to be maintained.

c. Assessment of the significance of an applicant’s disability is done during the process of determining eligibility but may continue after the individual has been placed on a waiting list.

56.6(7) Individuals who are blind. Pursuant to rule 111—10.4(216B), individuals who meet the department for the blind’s definition of “blind” are to be served primarily by the department for the blind. Individuals with multiple disabilities who also are blind may receive technical assistance and consultation services while the department for the blind provides their rehabilitation plan. Joint cases are served in the Iowa self-employment program and other contracts developed by the DSU.

56.6(8) Students in high school. The division may serve students in high school who may legally work in competitive integrated environments. If an applicant is in high school and is determined to be eligible for vocational rehabilitation services, such services begin before the student exits the secondary school system. The services shall not supplant services for which the secondary school is responsible and are delivered according to the memorandum of understanding in effect with the department of education.

a. When the DSU determines that a student is eligible for services, the student’s place on the waiting list under subrule 56.6(6) shall be determined. If the waiting list category appropriate for the student is a category currently being served, the case record moves to a planning status and the student will work with a counselor, or other DSU representative, to develop an IPE. The student may also work with other representatives of the student’s choosing to assist with the development of the IPE; however, said plan is not in effect until approved and signed by the rehabilitation counselor of record. Otherwise, the case is placed in Status 04-0, and the student’s name is added to the waiting list for that category, based on the student’s date of application. The IPE must be in place as required by federal regulations, unless the student has agreed to an extension or is on a waiting list. The IPE shall be developed in accordance with the standard established by the division and within the time frames established by federal regulations.

b. The counselor assigned by the division to work with the student may participate in the student’s individualized education program meetings to provide consultation and technical assistance if the student is on the waiting list for services and received preemployment transition services prior to the decision on eligibility. Once a student is removed from the waiting list, the counselor may also provide vocational counseling and planning for the student and coordinate services with transition planning teams. When such services do not supplant services for which the secondary school is responsible, the division may begin to provide services specifically related to employment, such as supported employment. As needed for the student’s progression toward employment, a student who is in high school or in an alternative high school and has not yet met high school graduation requirements after four years of secondary enrollment may continue to receive services that do not supplant the responsibilities of the high school. A student who is in the student’s final year of high school and has made satisfactory progress and has demonstrated job-specific skills to work in the student’s trained profession may receive assistance in purchasing tools to be used on the job for which the student studied.

DIVISION IV
CASE MANAGEMENT

281—56.7(259) Case finding and intake. The DSU seeks to locate all disabled individuals of employable age who desire to be employed full- or part-time and may be eligible for vocational
rehabilitation services. To that end, referrals are accepted from all sources, and the DSU has established working relationships with public and private agencies in the areas of health, welfare, compensation, education, employment, rehabilitation, and other related services.

56.7(1) All new cases, whether referred to a local worker or to the division, are checked for previous information and are acknowledged promptly by letter or a personal call. Individuals with the most significant disabilities who are working at subminimum wage in a non-integrated setting are provided information about competitive integrated employment and support from the DSU, once known to the DSU, by qualified personnel and partners with the goal of assisting said individuals to pursue competitive integrated employment.

56.7(2) Referral for services from other programs. The DSU will refer applicants or eligible individuals to appropriate programs and service providers best suited to address the specific rehabilitation, independent living and employment needs of the individual with a disability. The DSU will also inform individuals with disabilities concerning the availability of employment options and vocational rehabilitation services to assist the individuals to achieve an appropriate employment outcome. The DSU will inform individuals who are in an extended employment setting that vocational rehabilitation services may be provided to them for purposes of training or to otherwise prepare them for employment using appropriate services to achieve employment in an integrated setting. The DSU will inform those who decide against pursuit of employment that services may be requested at a later date if, at that time, they choose to pursue an employment outcome. The DSU will refer the individual to a benefits planner in order that the individual will learn about work incentives. An appropriate referral is generally to federal or state programs, and to other programs carried out by other workforce development systems, that are best suited to address the specific employment needs. The DSU will provide the individual:

a. A notice of the referral;
b. Information identifying a specific point of contact at the agency to which the individual is referred;
c. Information and advice on the referral regarding the most suitable services to assist the individual.

[ARC 2844C; IAB 12/7/16, effective 1/11/17]

281—56.8(259) Case diagnosis used in case recording. The diagnosis of an individual with a disability is conducted by qualified personnel under state licensure laws, and the division personnel use that information as part of the eligibility requirements. The eligibility of the individual constitutes a comprehensive study of the individual, including a medical as well as a vocational impediment of the individual. Each case diagnosis is based on pertinent information, including the individual’s health and physical status, intelligence, educational background and achievements, vocational aptitudes and interests, employment experience and opportunities, and personal and social adjustments. This information then is used to assess the significant impediments posed by the diagnosis toward employment to determine and identify the comprehensive services needed to prepare for, obtain, maintain, or advance in competitive integrated employment.

56.8(1) Medical diagnosis. As a basis for determination of eligibility and formulation of the individual’s rehabilitation plan, the division secures competent medical diagnosis. When necessary, the diagnosis is, if at all practicable and appropriate, secured from recognized specialists in specific fields indicated by the general medical diagnosis. Whenever possible, the diagnosis is accompanied by recommendations as to the means and methods of restoration and by a statement of any physical or mental limitations that may exist.

56.8(2) Current medical reports. The division accepts a medical report in lieu of securing a new examination when the report can be relied upon to provide a sound basis for diagnosis of the physical or mental condition of the individual; is from providers or sources as listed in the case service manual; and is from an accredited or certified medical or treatment institution recognized by the state of Iowa or licensed by the department of public health or department of human services in any other state.
56.8(3) Current health assessment. The division requires that a current health assessment questionnaire is completed and placed in the record at the time of application if the individual with a disability does not have medical records within the last three years.

56.8(4) Vocational impediment. The methods of determining vocational impediments include counseling interviews with the job candidate; reports from medical, psychological, or psychiatric providers; and reports from schools, employers, social agencies, and others.

56.8(5) Recording case data. The division maintains a record for each case. The case record contains pertinent case information including, as a minimum, the basis for determination of eligibility, the basis justifying the plan of services and the reason for closing the case, together with a justification of the closure. A case record may not be destroyed until four years after the case has been closed. A case record documenting participation in a transitional alliance program shall be maintained until the job candidate reaches age 25 or later.

56.8(6) Achievement of an employment outcome. Any eligible individual, including an individual who is presumed eligible, must intend to achieve an employment outcome that is consistent with the individual’s unique strengths, resources, priorities, concerns, abilities, capabilities, interests, and informed choice. The DSU is responsible for informing individuals, through the application process for services, that individuals who receive services from the DSU must intend to achieve an employment outcome. The individual’s completion of the application process for vocational rehabilitation services is sufficient evidence of the individual’s intent to achieve an employment outcome.

281—56.9(259) Individualized plan for employment (IPE).

56.9(1) Content. The IPE contains the job candidate’s expected competitive integrated employment goal, the specific vocational rehabilitation services needed to reach that goal, the entity or entities that will provide those services, the method by which satisfactory progress will be evaluated, and the methods available for procuring the services. The IPE shall be developed consistent with federal regulations. The IPE must contain the specific employment outcome that is chosen by the eligible individual, consistent with the individual’s unique strengths, resources, priorities, concerns, abilities, capabilities, interests and informed choice. In the case of an eligible individual who is a student in transition, the description may be a description of the student’s projected postschool employment outcome in the most competitive integrated setting and the vocational rehabilitation services needed to achieve it including, as appropriate, assistive technology, personal assistance services, and the specific transition services and supports needed to achieve the projected postschool employment outcome. The IPE must contain the financial responsibility of the eligible individual as well as the methods used to evaluate progress and all corresponding responsibilities of those involved. The IPE also must contain information on how the eligible individual may access services from the Iowa client assistance program (ICAP), as well as appeal and mediation rights.

56.9(2) Job candidate’s participation and approval. The IPE is formulated with the job candidate’s participation and approval and provides for all rehabilitation services that are recognized to be necessary to fully accomplish the job candidate’s vocational rehabilitation whether or not services are at the expense of the division. The IPE and progress are developed and monitored with the individual and as such must be conducted with the eligible individual. Family members may represent the individual when the individual is hospitalized and the case is interrupted until discharge, at which time the case will resume and participation requirements apply.

56.9(3) Conditions for development of the IPE. The basic conditions to be considered during the development of the IPE are:

a. The belief of the division that when concluded the IPE shall satisfactorily aid in the individual’s achievement of competitive integrated employment; and

b. That all services are provided, unless amended and determined unnecessary. The division exercises its discretion in relation to the termination or revision of the individual’s IPE when, for any reason, it becomes evident that the IPE cannot be completed.
56.9(4) Cooperation by the job candidate. The division requires good conduct, regular attendance and cooperation of all individuals engaged in the IPE’s implementation. The division makes the following provisions for ensuring trainee cooperation: instruction through communication in the job candidate’s preferred method of communication; at the beginning of the program, advising each trainee about what is expected of the trainee and that services shall continue only if the trainee’s progress, attitude and conduct are satisfactory; requiring periodic progress, grade and attendance reports from the training agency; calling the trainee’s attention to evidence of unsatisfactory progress or attendance before such conditions become serious; providing encouragement to the trainee to promote good work habits; and maintaining good relationships with the training agency; and other methods agreed to and determined appropriate by the qualified rehabilitation counselor, the job candidate, and representative, if applicable.

56.9(5) Ticket to work. The job candidate’s signature on the IPE verifies the ticket assignment to the division unless otherwise directed by the job candidate.

56.9(6) Amending the IPE. Amendment of the IPE may be done by the individual with a disability in collaboration with a representative of the division or a qualified rehabilitation counselor or other options as described in the definition. If there are substantive changes in the employment outcome, the vocational rehabilitation services to be provided, or the service providers of the services, the changes shall not take effect until the amendment is signed by the individual with a disability or, as appropriate, the individual’s representative, and by a qualified rehabilitation counselor employed by the division.

[ARC 2844C; IAB 12/7/16, effective 1/11/17]

DIVISION V
SERVICES

281—56.10(259) Scope of services. All necessary vocational rehabilitation services, including counseling, physical restoration, training, and placement, are made available to eligible individuals to the extent necessary to achieve their goal to be competitively employed in an integrated work setting and must be included in the IPE and agreed to by the eligible individual’s counselor before the service is delivered. The division cooperates with federal and other state agencies providing vocational rehabilitation or similar services, and written agreements providing for interagency cooperation may be entered into as required by the Act at the discretion of the division. In selected instances, the division assumes responsibility for providing short periods of medical care for acute conditions arising in the course of the job candidate’s rehabilitation, which if not cared for would constitute a hazard to the achievement of the rehabilitation objective unless comparable services or benefits are available to the individual. Worker’s compensation assumes all medical expenses for adult job candidates that are the direct result of an injury while participating in an unpaid work experience developed by division staff and implemented under an IPE. Such injuries of students are the responsibility of the local education agency when provided under an individual education plan.

[ARC 2844C; IAB 12/7/16, effective 1/11/17]

281—56.11(259) Training.

56.11(1) Duration of training. Rehabilitation training is provided according to the actual needs of the individual. It is designed to achieve the specific employment outcome that is selected by the individual consistent with the individual’s unique strengths, resources, priorities, concerns, abilities, capabilities, interests, and informed choice.

56.11(2) Types of training. The types of training programs available are as follows:

a. Postsecondary training, which is training in the arts and sciences for which postsecondary credit is given and which is generally considered to be applicable toward an associate’s degree, bachelor’s degree, or advanced degree. All job candidates are required to file the Free Application for Federal Student Aid (FAFSA).

b. Vocational training, which includes any organized form of instruction that provides the knowledge and skills essential for performing in a vocational-technical area. Such knowledge and skills may be acquired through training in an institution, on the job, by correspondence, by tutors, through a
selection from the menu of services, by apprenticeship, or through a combination of any or all of these methods.

c. Work adjustment training, which includes any training given for any one or a combination of the following reasons:
   (1) To assist individuals with disabilities, if needed, to acquire personal habits, attitudes and skills that will enable them to function effectively.
   (2) To develop or increase work tolerance prior to engaging in vocational training or in employment.
   (3) To develop work habits and to orient the individual to the world of work.
   (4) To provide skills or techniques for the specific purpose of enabling the individual to compensate, through assistive technology, assistive technology devices, or prosthetics, for the loss of the use of a member of the body or the loss of a functional capacity.

d. Job coaching, which includes, but is not limited to, intensive work site training necessary to teach a job candidate both the job duties and job-related responsibilities.

e. Supported employment, which means competitive work in an integrated work setting with ongoing support services for individuals with the most significant disabilities for whom competitive integrated employment has not traditionally occurred or has been interrupted or intermittent as a result of significant disabilities. Supported employment is limited in accordance with federal regulations.

f. OJT, which means training on the job either as an employee or trainee of the business.

56.11(3) Scope of training. The division may provide training services as long as those services are part of a job candidate’s IPE. Training facilities shall be selected to meet the job candidate’s health, disability, and program needs. Training facilities within the state are preferred when they are comparable; those outside Iowa shall not be used unless approved for use by the vocational rehabilitation agency in the state in which the facility is located. The rate that is paid for a program outside the state remains the same as if the individual studied in the state and is in accordance with the appropriate fee schedule.

56.11(4) Financial assistance for postsecondary training. Calculations of financial assistance for postsecondary training are determined annually. In order for the division to continue to assist the greatest practical number of eligible job candidates, assistance shall be no less than 40 percent and no more than 70 percent of the cost of attending the least expensive in-state public institution for a course of instruction leading to an undergraduate degree. In all cases, the postsecondary institution in which the student is enrolled must be accredited by an entity recognized by the federal Department of Education as having authority to accredit postsecondary institutions.

   a. Tuition and fee-based general assistance.

   (1) Second year or less status. A student is considered to be in second year or less status when the student has earned fewer than 60 semester or 90 quarter credit hours in the student’s present area of study or discipline; when the student is enrolled in a community college or other two-year postsecondary institution; or when the student is enrolled in a program whose terminal degree is an associate’s degree but the student has not yet attained the associate’s degree. For an eligible student in second year or less status, the division shall develop the fee schedule based on the least expensive per-credit-hour tuition charged by an Iowa community college. An eligible individual who changes the individual’s goal after studying more than two years, but the new goal is a technical degree, is considered to be at the less-than-two-year status.

   (2) Third or fourth year status. A student is considered to be in third or fourth year status if the student has earned at least 60 semester or 90 quarter credit hours or has achieved an associate’s degree in the student’s present area of study or discipline but has not yet earned a postsecondary baccalaureate degree. For an eligible student in third or fourth year status, the division will develop the fee schedule based on the least expensive Iowa regents institution. Students in third or fourth year status who take graduate courses are only eligible to receive the established assistance rate for third or fourth year status.

   (3) Medical school. Only a student enrolled full-time in a graduate school pursuing a course of studies that will lead to a medical doctor (MD) or doctor of osteopathy (DO) degree is eligible for assistance under this paragraph. For a student who is an MD or DO candidate, the division shall pay according to the fee schedule based on the college of medicine of the University of Iowa. Students
pursuing any other graduate degree in a medical arts program may be eligible for assistance under subparagraph 56.11(4) ‘a’(5). Chiropractic school is covered under subparagraph 56.11(4) ‘a’(5).

(4) Law school. Only a student enrolled full-time in a graduate school pursuing a course of studies that will lead to a doctor of jurisprudence (JD) degree is eligible for assistance under this paragraph. For a student who is a JD candidate, the division shall pay according to the fee schedule based on the college of law of the University of Iowa. Students pursuing any other graduate degree from a law school may be eligible for assistance under subparagraph 56.11(4) ‘a’(5).

(5) Graduate or postgraduate school. Notwithstanding subparagraphs 56.11(4) ‘a’(3) and (4), for a student enrolled in a graduate or postgraduate school, the division shall pay according to the fee schedule established by the division based on the least expensive comparable graduate school at an Iowa regents institution.

(6) Distance learning (online courses). For a student enrolled in a distance learning course, the division shall pay the lesser of one of the following:
   1. The actual cost of the course if the cost is less than the two-year rate on the DSU fee schedule; or
   2. The rate established for a student at the student’s academic level.

(7) Continuing education and non-financial aid supported programs and courses. The division shall pay the lesser of one of the following:
   1. For continuing education students or a student at the four-year level attending classes at a two-year college, the actual cost of the course if the cost is less than the two-year rate on the DSU fee schedule, or
   2. The rate established for a student in second year or less status if the cost of the program or course is more than the two-year rate.

(8) Out-of-state postsecondary institutions. For an eligible student who attends a postsecondary institution located outside Iowa, the division shall pay at the same rates set in this subrule.
   a. Support services for postsecondary training. Unless approved as an exception by the supervisor, the amounts authorized for the items listed herein cannot exceed the amounts that would otherwise be spent on tuition and fees.
      1. Transportation shall be provided only when and to the extent that the cost is caused by participation in a program of vocational rehabilitation services.
      2. Maintenance shall be provided only to support participation in a program of vocational rehabilitation services when the job candidate has an extra expense beyond the job candidate’s living expenses.
      3. Books, computers, and supplies may be provided in lieu of tuition and fees, but the amount provided therefor shall be based on the established rate on tuition and fees.
      4. Tutoring shall be provided only for courses that are part of the actual degree requirements and only when this service is not available or the legal responsibility of the training institution attended by the job candidate. Tutoring for program entrance examinations, such as the GRE, LSAT, or MCAT, is not allowed without an exception approved by the supervisor and are time limited and must be taught by qualified organizations.
      5. Unless approved as an exception, tools and equipment required for participation in a training program shall be provided in lieu of the tuition and fee amount, not to exceed the established fee rate.
      6. Unless approved as an exception, supplies for a course without which the course cannot be successfully completed shall be provided in lieu of the tuition and fee amount, not to exceed the established fee rate.
      7. Fees for certification tests that are part of a course shall be paid according to the tuition and fees standard. For certifications and licensure fees that are not part of a course, the DSU shall use the financial needs assessment form to determine the level of DSU participation, but the tests must be required by the occupation in which the job candidate plans to work as documented in the IPE.

56.11(5) Guidance for postsecondary training. General guidance regarding postsecondary training is available from the division’s policy manual.

[ARC 2844C, IAB 12/7/16, effective 1/11/17]
281—56.12(259) Maintenance. The costs of maintenance shall not exceed the amount of increased expenses that the rehabilitation causes for the job candidate or the job candidate’s family. Maintenance is not intended to provide relief from poverty or abject living conditions. Guidance regarding the financial support of maintenance is available from the division’s policy manual.

[ARC 2844C, IAB 12/7/16, effective 1/1/17]

281—56.13(259) Transportation. When necessary to enable an applicant or a job candidate to participate in or receive the benefits of other vocational rehabilitation services, travel and related expenses, including expenses for training in the use of public transportation vehicles and systems, may be provided by the division. Transportation services may include the use of private or commercial conveyances (such as private automobile or van, public taxi, bus, ambulance, train, or plane) or the use of public transportation and coordination with a regional transit agency. The division shall not purchase a vehicle for a job candidate unless it is needed for self-employment, and there is no other option available to the individual. The division shall not rent a vehicle unless it is necessary for a job candidate’s relocation. The division shall not pay for maintenance or repair of vehicles unless written approval of the supervisor allows for an exception.

[ARC 2844C, IAB 12/7/16, effective 1/1/17]

281—56.14(259) Rehabilitation technology.

56.14(1) Rehabilitation technology services are available at any point in the rehabilitation process, except to those job candidates on the waiting list. Such services include, as appropriate, an evaluation of the ability of the individual to benefit from rehabilitation technology services. Areas in which rehabilitation technology services may be of assistance include seating and positioning, augmentative communication, computer access, environmental controls, mobility equipment, and modification of the job site or home. The rehabilitation technology is that which is required by the disability. It is not considered to be a device, such as a computer, that is required to work by any individual regardless of disability as that is the responsibility of the individual or the business. The software to make the computer accessible is the rehabilitation technology, and the computer is the conduit used in all occupations.

56.14(2) Unless a written exception is approved by a supervisor, the following division contribution limits apply:

a. The division shall pay for no more than the established rate in division policy.

b. The division shall not pay anything toward the modification of a second living unit.

[ARC 2844C, IAB 12/7/16, effective 1/1/17]

281—56.15(259) Placement. The division not only prepares individuals with disabilities for jobs and trains them in techniques in securing their own jobs, but also accomplishes the actual placement, directly or indirectly through a service from the menu of services, of all eligible individuals with disabilities who receive rehabilitation services. Placement activities are based upon adequate evaluation and preparation of the job candidate and ordinarily include some combination of the following: evaluation of the job candidate’s job readiness; development and execution of a plan for job-seeking activities; instruction in making job applications; conduct and appearance during interviews; employer contacts; registration with the state workforce development center; job analysis and modification; job coaching; employer or supervisor consultation, advisement and training; time-limited job coaching; postplacement follow-up; and relocation costs. Satisfactory employment is the objective of all division services of preparation, and placement services are an important, integral part of the overall vocational rehabilitation program. As such, in addition to the services listed herein, placement services may include the need for transportation and subsistence allowances and the purchase and acquisition of appropriate clothing, tools, equipment, and occupational licenses.

[ARC 2844C, IAB 12/7/16, effective 1/1/17]

281—56.16(259) Miscellaneous or auxiliary services.
56.16(1) *Family member services.* If necessary to enable an applicant or job candidate to achieve an employment outcome as defined in these rules, the division may provide any service to a family member that the division is legally able to provide to a job candidate, as long as the purpose of the service is to assess the ability of the job candidate to benefit from a program of vocational rehabilitation, prepare for, enter, and be successful in employment, or participate in a program of independent living services. Excluded are programs designed to prepare a family member to enter employment that will allow the family member to make money to support the applicant or job candidate.

56.16(2) *Interpreter and note taker services.* If deemed necessary by the division to enable a job candidate to engage in all parts of the vocational rehabilitation or independent living program process, interpreter services or note taker services shall be provided to the job candidate, unless provision of such services is the statutory responsibility of an institution or organization.

a. Interpreter services are those special communications services provided by persons qualified by training and experience to facilitate communication between division personnel and persons who are deaf or hard of hearing. Persons receiving services include deaf and hard-of-hearing persons who communicate using signs and finger spelling, as well as lip reading, writing, gestures, pictures, and other methods. Persons not fluent in the English language who could benefit from having any part of the vocational rehabilitation process translated into their major language are included. The division shall purchase sign language interpreter services, including transliterating services, from appropriately licensed interpreters only.

b. Note taker services are services provided to make written notes and summaries of orally presented material. The notes may be made from a live presentation, such as a classroom lecture, or from materials that have been taped. These services are only purchased when the law states that the presenter or institution is not statutorily responsible.

56.16(3) *Other goods and services.* Other goods and services include anything that is legal and necessary to the completion of the job candidate’s IPE or independent living (IL) services plan. Under no circumstances may real estate be purchased or built with division funds. Services designed to decrease the need for future IL services can only be provided directly to IL job candidates.

[ARC 2844C, IAB 12/7/16, effective 1/1/17]

281—56.17(259) *Facilities.*

56.17(1) *Types of facilities.* It is the policy of the division to utilize any type of public or private facility that is equipped to render the required services from the menu of services of diagnosis, physical restoration, training, and placement. Facilities include public and private schools; colleges and universities; correspondence schools; agencies for personal adjustment training; business and industrial establishments for employment training; psychometric service agencies; physicians’ and dentists’ offices; hospitals; sanatoria and clinics; audiometric service centers; rehabilitation centers; the offices of occupational, physical and work therapists or agencies providing these services; convalescent homes; prosthetic appliance dealerships; and other similar facilities that are adequately equipped to contribute to the rehabilitation of individuals with disabilities.

56.17(2) *Standards for facilities providing specialized training or other services.* The division selects its training agencies on the basis of their ability to supply the quality of training desired. The general practice of the division is to utilize the facilities of accredited or approved colleges, universities, community rehabilitation programs, and trade and commercial schools for residence and correspondence training. The general practice of the division is to utilize community partners to deliver items from the menu of services based on the partners’ ability to supply the quality of training desired and to achieve expected outcomes resulting in job placements for job candidates of the division.

56.17(3) *Facilities providing training.* Facilities selected as locations for employment training must have personnel qualified with respect to personality, knowledge and skills in the technique of instruction, have adequate equipment and instructional materials, and be willing to make definite provisions for a plan of graduated progress in the job to be learned according to an efficiently organized and supervised instructional schedule.
56.17(4) Facilities providing personal adjustment training. In addition to other standards set for tutorial and customized training, an important basis for selection of facilities for personal adjustment training is a sympathetic understanding of the personal adjustment needs of the individual and their importance to the job candidate’s total rehabilitation.

[ARC 2844C, IAB 12/7/16, effective 1/11/17]

281—56.18(259) Exceptions to payment for services. As required by the Act and 34 CFR Section 361.50(c), the division shall have a method of allowing for exceptions to its rules regarding payment for services.

56.18(1) Prohibitions. Pursuant to federal law, the division is subject to the following prohibitions:

a. The fee schedule shall not be designed in a way that effectively denies an individual a necessary service.
b. An absolute limit on what may be provided to an individual may not be established, whether a dollar limit on specific service categories or on the total services provided to an individual may not be established.

56.18(2) Exception process. A request for an exception shall originate with the job candidate with assistance from qualified personnel of the division, who shall either develop a case note detailing the reason(s) why an exception is believed to be warranted or complete the appropriate form. The case note or form shall be presented to a supervisor for determination. The supervisor’s determination shall be documented by the supervisor in a separate case note or in the designated place on the form.

[ARC 2844C, IAB 12/7/16, effective 1/11/17]

281—56.19(259) Exceptions to duration of services. As required by the Act and 34 CFR Section 361.50(d), the division shall have a method of allowing for exceptions to its rules regarding the duration of services. In order to exceed the duration of service as defined in the IPE, a job candidate must follow through on the agreed-upon IPE and related activities and keep the division informed of the job candidate’s progress.

[ARC 2844C, IAB 12/7/16, effective 1/11/17]

281—56.20(259) Maximum rates of payment to training facilities. In no case shall the amount paid a training facility exceed the rate published, and in the case of facilities not having published rates, the amount paid the facility shall not exceed the amount paid to the facility by other public agencies for similar services. The division will maintain information necessary to justify the rates of payment made to training facilities.

[ARC 2844C, IAB 12/7/16, effective 1/11/17]

DIVISION VI
PURCHASING PRINCIPLES

281—56.21(259) Purchasing principles for job candidate-specific purchases.

56.21(1) The division shall follow the administrative rules for purchasing goods and services promulgated by the department of administrative services.

56.21(2) The division shall purchase only those items or models that allow a job candidate to meet the job candidate’s vocational objective. The division shall not pay for additional features that exceed the requirements to meet a job candidate’s vocational objective or that serve primarily to enhance the job candidate’s personal life.

56.21(3) The division shall seek out and purchase the most economical item or model that meets the job candidate’s vocational needs.

56.21(4) The division shall encourage all job candidates to develop strategies and savings programs to pay for replacement items/models or upgrades.

56.21(5) Items purchased for a job candidate become the property of the job candidate but may be repossessed by the division, subject to reimbursement to the job candidate for the job candidate’s share of the purchase price, if the job candidate does not attain employment prior to case closure.
56.21(6) The division shall inform the job candidate that any change to planned purchases must be discussed and approved jointly before a purchase is made.

56.21(7) The division will not participate in the modification to property not owned by the job candidate or the job candidate’s family.

56.21(8) When considering what item or model to purchase for a specific job candidate, the division shall in all cases consider the following factors:
   a. Whether the item or model is required for the job candidate to be able to perform the essential functions of the job candidate’s job.
   b. Whether other parties or entities may be responsible for providing or contributing to the costs of an item.

DIVISION VII
SUPERVISOR REVIEW, MEDIATION, HEARINGS, AND APPEALS

281—56.22(259) Review process. At the time of making application for rehabilitation services, and at other times throughout the rehabilitation process, all applicants and job candidates shall be informed of the right to appeal or mediation and the procedures by which to file. If an applicant or job candidate is dissatisfied with any agency decision that directly affects the applicant or job candidate, the applicant, job candidate, or designated representative may appeal that decision or request mediation. The term “appellant” shall be used to indicate the applicant, job candidate, or designated representative who initiates an appeal. The appellant may initiate the appeal process either by calling a counselor or supervisor or by filing the appropriate division appeal form, available from any counselor or supervisor of the division. If the appeal process or mediation is initiated by telephone, the counselor or supervisor who received the call must complete the appeal form to the best of that person’s ability with information from the appellant. The division shall accept as an appeal or request for mediation a written letter, facsimile, or electronic mail that indicates that the applicant or job candidate desires to appeal or seek mediation. An appeal or mediation request must be filed within 90 days of notification of the disputed decision. Once the appeal form or request for mediation has been filed with the division administrator, a hearing shall be held before an impartial hearing officer (IHO) or mediator within the next 60 days unless an extension of time is mutually agreed upon or one of the parties shows good cause for an extension or one of the parties declines mediation. The appellant may request that the appeal go directly to impartial hearing, but the appellant shall be offered the opportunity for a supervisor review or mediation. The appellant may request assistance with an appeal or mediation from the Iowa client assistance program (ICAP).

[ARC 2844C, IAB 12/7/16, effective 1/11/17]

281—56.23(259) Supervisor review. As a first step, the appellant shall be advised that a supervisor review of the counselor’s decision may be requested by notifying the counselor or supervisor in person, by telephone or by letter of the decision to appeal. If the supervisor has been involved in decisions in the case to the extent that the supervisor cannot render a fair and impartial decision or if the supervisor is not available to complete the review in a timely manner, the appeal and case file shall be forwarded to the bureau chief for review. The appellant is not required to request supervisor review as a prerequisite for appeal before an IHO; however, if a supervisor review is requested, the following steps shall be observed:

56.23(1) Upon receipt of a request for supervisor review, the supervisor shall notify all appropriate parties of the date and nature of the appeal; examine case file documentation; discuss the issues and reasons for the decision with the immediate counselor and other counselors who may have been previously involved with the case or issue; and, if necessary, meet with any or all parties to discuss the dispute.

56.23(2) The supervisor shall have ten working days from receipt of the request for supervisor review to decide the issue and notify the appellant in writing. A copy of the supervisor’s decision shall be sent to all appropriate parties.
56.23(3) If the supervisor’s decision is adverse to the appellant, the copy of the written decision given to the appellant shall include further appeal procedures, including notification that the appellant has ten days from the date of the letter to file further appeal. Also included shall be notice of the Iowa client assistance program (ICAP), a program within the department of human rights, commission of persons with disabilities. If ICAP determines it appropriate, ICAP provides assistance in the preparation and presentation of the appellant’s case.

56.23(4) As an alternative to, but not to the exclusion of, filing for further appeal, the appellant may request mediation of the supervisor’s decision, or review by the chief of the rehabilitation services bureau.

[ARC 2844C, IAB 12/7/16, effective 1/11/17]

281—56.24(259) Mediation. Regardless of whether a supervisor review is requested, an appellant may request resolution of the dispute through the mediation process. Mediation is also available if the appellant is dissatisfied with the supervisor’s decision. If mediation is requested by the appellant and agreed to by the division, the following steps shall be observed:

56.24(1) Mediation shall be conducted by a qualified and impartial mediator, as defined in 34 CFR Section 361.5(c)(43), trained in effective mediation techniques and selected randomly by the division from a list maintained by the division.

56.24(2) The mediation shall be conducted in a timely manner at a location convenient to the parties.

56.24(3) Mediation shall not be used to delay the appellant’s right to a hearing.

56.24(4) Mediation must be voluntary on the part of the appellant and the division.

56.24(5) Mediation is at no cost to the appellant.

56.24(6) All discussions and other communications that occur during the mediation process are confidential. Any offers of settlement made by either party during the mediation process are inadmissible if further appeal is sought by the appellant.

56.24(7) Existing division services provided to an appellant shall not be suspended, reduced, or terminated pending decision of the mediator, unless so requested by the appellant.

[ARC 2844C, IAB 12/7/16, effective 1/11/17]

281—56.25(259) Hearing before impartial hearing officer. Regardless of whether the appellant has used supervisor review or mediation or both, if the appellant requests a hearing before an IHO, the following provisions apply:

56.25(1) The division shall appoint the IHO from the pool of impartial hearing officers with whom the division has contracts. The IHO shall be assigned on a random basis or by agreement between the administrator of the division and the appellant.

56.25(2) The hearing shall be held within 20 days of the receipt of the appointment of the IHO. A written decision shall be rendered and given to the parties by the IHO within 30 days after completion of the hearing. Either or both of these time frames may be extended by mutual agreement of the parties or by a showing of good cause by one party.

56.25(3) The appellant shall be informed that the filing of an appeal confers consent for the release of the case file information to the IHO. The IHO shall have access to the case file or a copy thereof at any time following acceptance of the appointment to hear the case.

56.25(4) Within five working days after appointment, the IHO shall notify both parties in writing of the following:

a. The role of the IHO;

b. The IHO’s understanding of the reasons for the appeal and the requested resolution;

c. The date, time, and place for the hearing, which shall be accessible and located as advantageously as possible for both parties but more so for the appellant;

d. The availability of the case file for review and copying in a vocational rehabilitation office prior to the hearing and how to arrange for the same (see also rule 281—56.22(259));

e. That the hearing shall be closed to the public unless the appellant specifically requests an open hearing;
f. That the appellant may present evidence and information personally, may call witnesses, may be represented by counsel or other appropriate advocate at the appellant’s expense, and may examine all witnesses and other relevant sources of information and evidence;

g. The availability to the appellant of the Iowa client assistance program (ICAP) for possible assistance;

h. Information about the amount of time it will take to complete the hearing process;

i. The possibility of reimbursement of necessary travel and related expenses; and

j. The availability of interpreter and reader services for appellants not familiar with the English language and those who are deaf or hard of hearing and the availability of transportation or attendant services for those appellants requiring such assistance.

56.25(5) Existing division services provided to an appellant shall not be suspended, reduced, or terminated pending decision of the IHO, unless so requested by the appellant.

56.25(6) The IHO shall provide a full written decision, including the findings of fact and grounds for the decision. The appellant or the division may request administrative review, and the IHO decision is submitted to the administrator of the division. Both parties may provide additional evidence not heard at the hearing for consideration for the administrative review. If no additional evidence is presented, the IHO decision stands. The division reserves the right to submit the IHO decision for administrative review whenever the IHO decision places the division in the position of violating federal law. Unless either party chooses to seek judicial review pursuant to Iowa Code chapter 17A, the decision of the IHO is final. If judicial review is sought after administrative review, the IHO’s decision shall be implemented pending outcome of the judicial review.

DIVISION VIII
PUBLIC RECORDS AND FAIR INFORMATION PRACTICES

281—56.26(259) Collection and maintenance of records. The division has the authority to collect and maintain records on individuals under the Act, the state plan for vocational rehabilitation services, and the Social Security Act. The acceptance of the provisions and benefits of the Rehabilitation Act, under Iowa Code section 259.1, is conditioned on the requirement that the division maintain the confidentiality of personally identifiable information and its release under certain circumstances as provided by applicable federal laws. These laws include, but are not limited to, the following:

Pursuant to Iowa Code section 259.9, the state of Iowa accepts the social security system rules for the disability determination program of the division. Failure to follow the provisions of the Act can result in the loss of federal funds. The state plan provides that all personally identifiable information is confidential and may be released only with the informed written consent of the job candidate or the job candidate’s representative, except as permitted by federal law. Any contrary provision in Iowa Code chapter 22 must be waived in order for the state to receive federal funds, services, and essential information for the administration of vocational rehabilitation services.

[ARC 2844C, IAB 12/7/16, effective 1/11/17]
281—56.27(259) Personally identifiable information. This rule describes the nature and extent of the personally identifiable information collected, maintained, and retrieved by the agency by personal identifier in record systems as defined herein. The record systems maintained by the division include the following:

56.27(1) Personnel records. These records contain information relating to initial application, job performance and evaluation, reprimands, grievances, notes from and reports of investigations of allegations related to improper employee behavior, and reports of hearings and outcomes of reprimands and grievances. Pursuant to Iowa Code section 22.7(11), some of the information in personnel records may be confidential.

56.27(2) Job candidate case records. An individual file is maintained for each person who has been referred to or has applied for the services of the division. The file contains a variety of personal information about the job candidate, which is used in the establishment of eligibility and the provision of agency services. All information is personally identifiable and is confidential.

56.27(3) Job candidate service record computer database. This database contains personal data items about individual job candidates. Data identifying the job candidate is confidential. Data in the aggregate is not personally identifiable and thus is not confidential.

56.27(4) Vendor purchase records. These are records of purchases of goods or services made for the benefit of job candidates. If the record contains the job candidate’s name or other personal identifiers, the record is confidential. Lists of non-job candidate vendors, services purchased, and the costs of those services are not confidential when retrieved from a data processing system without personally identifiable information.

56.27(5) Records and transcripts of hearings or client appeals. These records contain personally identifiable information about a client’s case, appeal from or for some action, and the decision that has been rendered. The personally identifiable information is confidential. Some of the information is maintained in an index provided for in Iowa Code section 17A.3(1)”d.” Information is available after confidential personally identifiable information is deleted.

56.27(6) All computer databases of client and applicant names and other identifiers. The data processing system contains client status records organized by a variety of personal identifiers. These records are confidential as long as any personally identifiable information is present.

56.27(7) All computer-generated reports that contain personally identifiable information. The division may choose to draw or generate from a data processing system reports that contain information or an identifier which would allow the identification of an individual client or clients. This material is for internal division use only and is confidential.

[ARC 2844C, IAB 12/7/16, effective 1/11/17]

281—56.28(259) Other groups of records routinely available for public inspection. This rule describes groups of records maintained by the division other than record systems. These records are routinely available to the public, with the exception of parts of the records that contain confidential information. This rule generally describes the nature of the records, the type of information contained therein, and whether the records are confidential in whole or in part.

56.28(1) Rule making. Rule-making records, including public comments on proposed rules, are not confidential.

56.28(2) Council and commission records. Agendas, minutes, and materials presented to any council or commission required under the Act are available to the public with the exception of those records that are exempt from disclosure under Iowa Code section 21.5. Council and commission records are available from the main office of the division at 510 E. 12th Street, Des Moines, Iowa 50319.

56.28(3) Publications. News releases, annual reports, project reports, agency newsletters, and other publications are available from the main office of the division at 510 E. 12th Street, Des Moines, Iowa, 50319. Brochures describing various division programs are also available at local offices of the division.

56.28(4) Statistical reports. Periodic reports of statistical information on expenditures, numbers and types of case closures, and aggregate data on various client characteristics are compiled as needed for agency administration or as required by the federal funding source and are available to the public.
56.28(5) Grants. Records of persons receiving grants from division services are available through the main office of the division. Grant records contain information about grantees and may contain information about employees of a grantee that has been collected pursuant to federal requirements.

56.28(6) Published materials. The division uses many legal and technical publications, which may be inspected by the public upon request. Some of these materials may be protected by copyright law.

56.28(7) Policy manuals. Manuals containing the policies and procedures for programs administered by the division are available in every office of the division. Subscriptions to all or some of the manuals are available at the cost of production and handling. Requests for subscription information should be addressed to Vocational Rehabilitation Services Division, 510 E. 12th Street, Des Moines, Iowa 50319.

56.28(8) Operating expense records. The division maintains records of the expense of operation of the division, including records related to office rent, employee travel expenses, and costs of supplies and postage, all of which are available to the public.

56.28(9) Training records. Lists of training programs, the persons approved to attend, and associated costs are maintained in these records, which are available to the public.

56.28(10) Facility surveys. Records of division reviews of facilities providing services to the division are maintained and used to determine the current acceptable fee schedule. Information about individuals may be included in these records; therefore, parts of the records may be confidential.

56.28(11) All other records that are not exempted from disclosure by law.

DIVISION IX
STATE REHABILITATION COUNCIL

281—56.29(259) State rehabilitation council.

56.29(1) Composition. The state rehabilitation council shall be composed of at least 15 members, appointed by the governor. A majority of the council members must be individuals with disabilities who are not employed by the division. The appointing authority must select members of the council after soliciting recommendations from representatives of organizations representing a broad range of individuals with disabilities and organizations interested in individuals with disabilities. In selecting members, the appointing authority must consider, to the greatest extent practicable, the extent to which minority populations are represented on the council. A majority of members must be individuals with disabilities who meet the requirements of 34 CFR Section 361.5(c)(28) and are not employed by the designated state unit. The council members shall include the following:

a. At least one representative of the statewide independent living council, who must be the chairperson or other designee of the statewide independent living council;

b. At least one representative of a parent training and information center established pursuant to Section 682(a) of the Individuals with Disabilities Education Act;

c. At least one representative of the client assistance program established under 34 CFR Part 370, who must be the director or other individual recommended by the client assistance program;

d. At least one qualified vocational rehabilitation counselor with knowledge of and experience with vocational rehabilitation programs who serves as an ex officio, nonvoting member of the council if employed by the division;

e. At least one representative of community rehabilitation program service providers;

f. Four representatives of business, industry, and labor;

g. Representatives of disability groups that include a cross section of:

(1) Individuals with physical, cognitive, sensory, and mental disabilities; and

(2) Representatives of individuals with disabilities who have difficulty representing themselves or are unable, due to their disabilities, to represent themselves;

h. Current or former applicants for, or recipients of, vocational rehabilitation services;

i. At least one representative of the state educational agency responsible for the public education of students with disabilities who are eligible to receive services under the Rehabilitation Act of 1973, as amended, and Part B of the Individuals with Disabilities Education Act;

j. At least one representative of the Iowa workforce development board; and
k. The director of the division, who serves as an ex officio, nonvoting member of the council.

56.29(2) Chairperson. The chairperson must be selected by the members of the council from among the voting members of the council.

56.29(3) Terms. Each member of the council shall be appointed for a term of no more than three years. Each member of the council, other than the representative of the client assistance program, shall serve for no more than two consecutive full terms. A member appointed to fill a vacancy occurring prior to the end of the term for which the predecessor was appointed must be appointed for the remainder of the predecessor’s term and may serve one additional three-year term. The terms of service of the members initially appointed must be for a varied number of years to ensure that terms expire on a staggered basis.

56.29(4) Vacancies. The governor shall fill a vacancy in council membership.

56.29(5) Functions. The council must, after consulting with the state workforce development board:

a. Review, analyze, and advise the designated state unit regarding the designated state unit’s responsibilities, particularly responsibilities related to:

   (1) Eligibility, including order of selection;
   (2) The extent, scope, and effectiveness of services provided; and
   (3) Functions performed by state agencies that affect or potentially affect the ability of individuals with disabilities in achieving employment outcomes;

b. In partnership with the designated state unit:

   (1) Develop, agree to, and review state goals and priorities in accordance with 34 CFR Section 361.29(c); and
   (2) Evaluate the effectiveness of the vocational rehabilitation program and submit reports of progress to the Secretary of Education in accordance with 34 CFR Section 361.29(c);

c. Advise the designated state agency and the designated state unit regarding activities carried out under this part and assist in the preparation of the vocational rehabilitation services portion of the unified or combined state plan and amendments to the plan, applications, reports, needs assessments, and evaluations;

d. To the extent feasible, conduct a review and analysis of the effectiveness of, and consumer satisfaction with:

   (1) The functions performed by the designated state agency;
   (2) The vocational rehabilitation services provided by state agencies and other public and private entities responsible for providing vocational rehabilitation services to individuals with disabilities under the Rehabilitation Act of 1973, as amended; and

   (3) The employment outcomes achieved by eligible individuals receiving services under 34 CFR Part 361, including the availability of health and other employment benefits in connection with those employment outcomes;

e. Prepare and submit to the governor and to the Secretary of Education no later than 90 days after the end of the federal fiscal year an annual report on the status of vocational rehabilitation programs operated within the state and make the report available to the public through appropriate modes of communication;

f. To avoid duplication of efforts and enhance the number of individuals served, coordinate activities with the activities of other councils within the state, including the statewide independent living council, the advisory panel established under Section 612(a)(21) of the Individuals with Disabilities Education Act, the state developmental disabilities planning council, the state mental health planning council, and the state workforce development board, and with the activities of entities carrying out programs under the Assistive Technology Act of 1998;

   g. Provide for coordination and the establishment of working relationships between the designated state agency and the statewide independent living council and centers for independent living within the state; and

   h. Perform other comparable functions, consistent with the purpose of 34 CFR Part 361, as the council determines to be appropriate, that are comparable to the other functions performed by the council.

56.29(6) Meetings. The council must convene at least four meetings a year. The meetings must be publicly announced, open, and accessible to the general public, including individuals with disabilities,
unless there is a valid reason for an executive session. The council’s meetings are subject to Iowa Code chapter 21, the open meetings law.

56.29(7) Forums or hearings. The council shall conduct forums or hearings, as appropriate, that are publicly announced, open, and accessible to the public, including individuals with disabilities.

56.29(8) Conflict of interest. No member of the council may cast a vote on any matter that would provide direct financial benefit to the member or the member’s organization or otherwise give the appearance of a conflict of interest under state law.

Rule 281—56.29(259) is intended to implement 34 CFR Sections 361.16 and 361.17.

DIVISION X
IOWA SELF-EMPLOYMENT PROGRAM
(A/K/A ENTREPRENEURS WITH DISABILITIES PROGRAM)

281—56.30(259) Purpose. The division of vocational rehabilitation services works in collaboration with the Iowa department for the blind to administer the Iowa self-employment (ISE) program. The purpose of the program is to provide business development funds in the form of technical assistance (up to $10,000) and financial assistance (up to $10,000) to qualified Iowans with disabilities who start, expand, or acquire a business within the state of Iowa. Actual assistance is based on the requirements of the business, not to exceed the technical assistance and financial assistance limits.

[ARC 2844C, IAB 12/7/16, effective 1/1/17]

281—56.31(259) Program requirements. Clients of the division or the department for the blind may apply for the program. All of the following conditions are also applicable:

1. The division may limit or deny ISE assistance to an applicant who has previously received educational or training equipment from the division through another rehabilitation program when such equipment could be used in the applicant’s proposed business.

2. Any equipment purchased for the applicant under this program that is no longer used by the applicant may be returned to the division, at the discretion of the division.

3. An applicant must demonstrate that the applicant has at least 51 percent ownership in a for-profit business that is actively owned, operated, and managed in Iowa.

4. Recommendation for and approval of financial assistance is based upon acceptance of a business plan feasibility study and documentation of the applicant’s ability to match dollar-for-dollar the amount of funds requested.

5. In order to receive financial support from the ISE program, the applicant’s business plan feasibility study must result in self-sufficiency for the applicant as measured by earnings that equal or exceed 80 percent of substantial gainful activity.

6. The division cannot support the purchase of real estate or improvements to real estate.

7. The division cannot provide funding to be used as a cash infusion, for personal or business loan repayments, or for personal or business credit card debt.

8. The division may deny ISE assistance to an applicant who desires to start, expand, or acquire any of the following types of businesses:
   - A hobby or similar activity that does not produce income at the level required for self-sufficiency;
   - A business venture that is speculative in nature or considered high risk by the Better Business Bureau or similar organization;
   - A business registered with the federal Internal Revenue Service as a Section 501(c)(3) entity or other entity set up deliberately to be not for profit;
   - A business that is not fully compliant with all local, state, and federal zoning requirements and all other applicable local, state, and federal requirements;
   - A multitiered marketing business.

[ARC 2844C, IAB 12/7/16, effective 1/1/17]

281—56.32(259) Application procedure.
56.32(1) Application. Application materials for the program are available from the division and the department for the blind.

56.32(2) Submittal. Completed applications shall be submitted to a counselor employed by the division or the department for the blind.

56.32(3) Review. Applications will be forwarded to a business development specialist employed by the division for review. Approval of technical assistance funding is based upon the results of a business plan feasibility study. If the application is for financial assistance only, a business plan feasibility study will be required at the time of submission of the application. Approval of financial assistance funding is based upon acceptance of a business plan feasibility study and documentation of the applicant’s ability to match dollar-for-dollar the amount of funds requested.

56.32(4) Funding. Before the division will provide funding for a small business, the job candidate must complete an in-depth study about the business the job candidate intends to start and must demonstrate that the business is feasible.

56.32(5) Appeal. If an application is denied, an applicant may appeal the decision to the division or the department for the blind. An appeal shall be consistent with the appeal processes of the division or the department for the blind.

[ARC 2844C, IAB 12/7/16, effective 1/11/17]

281—56.33(259) Award of technical assistance funds.

56.33(1) Awards. Technical assistance funds may be used for specialized consulting services as determined necessary by the counselor, the business development specialist, and the job candidate. Technical assistance funds may be awarded, based on need, up to a maximum of $10,000 per applicant. Specialized technical assistance may include, but is not limited to, engineering, legal, accounting, and computer services and other consulting services that require specialized education and training.

56.33(2) Technical assistance. When technical assistance is needed for specialized services beyond the expertise of the business development specialist, technical assistance will be provided to assist the job candidate.

56.33(3) Technical assistance contracts. The division shall negotiate contracts with qualified consultants for delivery of services to an applicant if specialized services are deemed necessary. The contracts shall state hourly fees for services, the type of service to be provided, and a timeline for delivery of services. Authorization of payment will be made by a counselor employed by the division or the department for the blind based upon the negotiated rate as noted in the contract. A copy of each contract shall be filed with the division.

56.33(4) Consultants. Applicants will be provided a list of qualified business consultants by the business development specialist if specialized consultation services are necessary. The selection of the consultant(s) shall be the responsibility of the applicant.

56.33(5) Case management. The business development specialist or counselor will be available as needed for direct consultation to each applicant to ensure that quality services for business planning are provided in a timely manner.

[ARC 2844C, IAB 12/7/16, effective 1/11/17]

281—56.34(259) Business plan feasibility study procedure. Information and materials are available from the division and the department for the blind. The job candidate shall submit the job candidate’s business plan feasibility study to the job candidate’s counselor if the study is completed at the time application is made or to the business development specialist if the business plan feasibility study is completed after application approval. The business development specialist is available to guide and assist in the analysis of the feasibility study.

[ARC 2844C, IAB 12/7/16, effective 1/11/17]

281—56.35(259) Award of financial assistance funds.

56.35(1) Awards. Following the business development specialist’s review of the business plan feasibility study, the business development specialist will issue a recommendation to support or not to support the proposed business venture. The counselor shall make a decision regarding approval or
denial of the recommendation. If the plan is approved, the job candidate and counselor will review conditions of the financial assistance award and sign the appropriate forms of acknowledgment.

a. Financial assistance funds may be awarded, based on need, up to $10,000 after approval of a business plan feasibility study and evidence of business need or evidence of business progression. Before receiving financial assistance, the job candidate must demonstrate a dollar-for-dollar match based on the amount of funding needed. The match may be provided through approved existing business assets, cash, conventional financing or other approved sources.

b. Financial assistance funds may be approved for, but are not limited to: equipment, tools, printing of marketing materials, advertising, rent (up to six months), direct-mail postage, raw materials, inventory, insurance (up to six months), and other approved start-up, expansion, or acquisition costs.

56.35(2) Award process. The amount that may be recommended by the business development specialist and approved by the counselor shall be provided when there is a need. Recipients of financial assistance must demonstrate ongoing cooperation by providing the business development specialist with financial information needed to assess business progress before additional funds are expended.

56.35(3) Financial assistance contracts. Contracts for financial assistance funds shall be the responsibility of the division and will be consistent with the authorized use of Title I vocational rehabilitation funds and policy.

56.35(4) Vendors. Procurement of goods or services shall follow procedures established by the department of administrative services. The type of goods or services to be obtained, as well as a timeline for delivery of such, shall be stated by the vendor and agreed upon by the division. Authorization for goods or services shall be made by a counselor employed by the division or the department for the blind based upon the negotiated rate and terms as noted in the contract. A copy of each contract shall be filed with the division. Approval for payment of authorized goods or services shall be made by authorized division personnel.

[ARC 2844C; IAB 12/7/16, effective 1/11/17]

These rules are intended to implement Iowa Code chapter 259, the federal Rehabilitation Act of 1973 as amended, the federal Social Security Act (42 U.S.C. Section 301 et seq.), and 2008 Iowa Acts, Senate File 2101.

TITLE XII
PROGRAMS ADMINISTRATION

CHAPTER 58
SCHOOL BREAKFAST AND LUNCH PROGRAM; NUTRITIONAL CONTENT STANDARDS
FOR OTHER FOODS AND BEVERAGES
[Prior to 9/7/88, see Public Instruction Department[570] Ch 10]

281—58.1(283A,256) Authority. Iowa Code chapter 283A authorizes the department of education to administer the school breakfast and lunch programs in the public and nonpublic schools of the state. Iowa Code sections 256.7(29), 256.9(59), and 256.9(60) authorize the state board of education to establish nutritional content standards for foods and beverages sold or provided on school grounds during the school day.
[ARC 7782B, IAB 5/20/09, effective 7/1/10]

DIVISION I
SCHOOL BREAKFAST AND LUNCH PROGRAM

281—58.2(283A) Definitions. For the purposes of this division, the following definitions apply:
“Attendance center” means a public school of high school grade or under.
“Department” means the Iowa department of education.
“Nutritionally adequate meal” means a breakfast or lunch which meets the minimum criteria for eligibility for federal reimbursement under the federal National School Lunch Act of 1946 and the federal Child Nutrition Act of 1966.
“Other eligible provider” means an institution or organization other than a school district and a nonpublic school that is authorized to provide school breakfast and school lunch programs under the federal National School Lunch Act of 1946 and the federal Child Nutrition Act of 1966.
“School” means a school of high school grade or under.
“School board” means the board of directors regularly elected by the registered voters of a school corporation or district of the state of Iowa.
“School breakfast program or school lunch program” means a program under which breakfasts and lunches or lunches are served by any school in the state of Iowa on a nonprofit basis to children in attendance, including any such program under which a school receives assistance out of funds appropriated by the Congress of the United States.
[ARC 7782B, IAB 5/20/09, effective 7/1/10]

281—58.3(283A) Agreement required. All programs operated and approved for federal assistance must operate according to the terms of an agreement or contract executed between the department and the individual school district, the authorities in charge of the nonpublic school or other eligible provider. This agreement or contract is continuous and remains in effect until terminated or canceled by either party. The agreement may be terminated upon ten days’ written notice on the part of either party, provided, however, that the department of education may cancel the agreement immediately upon receipt of evidence that the terms and conditions of the agreement or contract have not been met.

281—58.4(283A) State plan. The state plan for the National School Lunch Act of 1946 and the Child Nutrition Act of 1966 shall be reviewed annually according to federal regulations. A copy of such regulations may be obtained at no more than actual cost of reproduction by contacting the department.
Advisory committees shall be established by the director when appropriate. Members shall be appointed by the director. Persons interested in participating in such advisory committees may contact the director. Any advisory committee at the state level shall be established according to federal regulations. Actual costs for lodging and meals for the state level advisory committee shall be paid by the department at current state rates.
Public meetings shall be arranged by the director as desired to assist in reviewing the state plan.
281—58.5(283A) Service area defined. The geographical service area for the National School Lunch Act of 1946 and the Child Nutrition Act of 1966 is the entire state of Iowa. When a service as defined in these two Acts is available in a school or institution, it shall be available to all children in the school or institution.

281—58.6(283A) School breakfast program. A school district, the authorities in charge of a nonpublic school or other eligible provider may operate or provide for the operation of a school breakfast program at all schools in the district or may provide access to a school breakfast program at an alternative site.

281—58.7(283A) School lunch program. A school district shall operate or provide for the operation of lunch programs in all attendance centers in the district. The program shall be provided for all students in each district who attend public school four or more hours each school day and wish to participate.

281—58.8(283A) Procurement. A school board, the authorities in charge of a nonpublic school and each other eligible provider participating in the program shall adopt a policy on the procurement of goods and services used in the administration of the program. If an issue is not covered in the policy, the school district, the authorities in charge of the nonpublic school and each other eligible provider shall follow the appropriate federal regulation.

DIVISION II
NUTRITIONAL CONTENT STANDARDS FOR OTHER FOODS AND BEVERAGES

281—58.9(256) Definitions. For the purposes of this division, the following definitions apply:

“À la carte food sales” means foods or beverages offered for sale by the school as part of the school’s food service program during the time the reimbursable school breakfast or lunch is served and that are not part of the reimbursable breakfast or lunch.

“Regulated fundraising” means the sale of foods or beverages on school property targeted primarily to PK-12 students by or through other PK-12 students, student groups, school organizations, or on-campus school stores.

“School” means a school district or accredited nonpublic school.

“School breakfast program or school lunch program” means a program under which breakfasts and lunches or lunches are served by any school in the state of Iowa on a nonprofit basis to children in attendance, including any such program under which a school receives assistance out of funds appropriated by the Congress of the United States.

[ARC 7782B, IAB 5/20/09, effective 7/1/10]

281—58.10(256) Scope. The rules in this division regulate the nutritional content of foods and beverages sold or provided on the school grounds of any school during the school day, including foods and beverages sold via vending machines, foods and beverages sold as à la carte items, and foods and beverages sold as part of regulated fundraising. These rules do not regulate the nutritional content of foods or beverages provided through a school breakfast program or school lunch program; sold as a part of other fundraising events; sold at concession stands; provided by parents, other volunteers, or students for class events; or provided by staff for consumption by staff or students. The board of directors of a public school district or the authorities in charge of an accredited nonpublic school may, but are not required to, prescribe reasonable rules for their staff, volunteers, students, and parents, guardians, or custodians of students to adhere to regarding foods and beverages provided on school grounds by staff, volunteers, students, and parents, guardians, or custodians of students.

CHAPTER 59
GIFTED AND TALENTED PROGRAMS
[Prior to 9/7/88, see Public Instruction Department[670] Ch 56]
[Former Ch 59 Rescinded IAB 9/7/88]

281—59.1(257) Scope and general principles.

59.1(1) Scope. These rules apply to the provision of gifted and talented programs authorized in Iowa Code sections 257.42 to 257.49, for students who are identified as gifted and talented and who are enrolled in public school districts in this state.

59.1(2) General principles. Gifted and talented programs shall be provided by a school district and may be made available to eligible students as a cooperative effort between school districts or through cooperative arrangements between school districts and other educational agencies. It is the responsibility of school districts to ensure that the programs meet the requirements of state statute and these rules.

[ARC 8382B, IAB 12/16/09, effective 1/20/10]

281—59.2(257) Definitions. For the purpose of this chapter the following definitions apply.

“Creative thinking” refers to students who have advanced insight, outstanding imagination and innovative reasoning ability. Such students possess outstanding ability to integrate seemingly unrelated information in formulating unique ideas, insights, solutions, or products.

“Department” refers to the department of education.

“General intellectual ability” refers to students who can learn at a faster pace, master higher levels of content and handle abstract concepts at a significantly higher level than expected, given the student’s chronological age and experiences.

“Gifted and talented children” refers to those students, distinguished from the total K-12 student population, who are identified as possessing outstanding ability and who are capable of high performance. Gifted and talented children are children who require appropriate instruction and educational services commensurate with their abilities and needs beyond those provided by the regular school program. Gifted and talented children include those children with demonstrated achievement or potential ability, or both, in any of the following areas or in combination: general intellectual ability, creative thinking, leadership ability, visual and performing arts ability, or specific ability aptitude.

“Leadership ability” refers to those students who possess outstanding potential or demonstrated ability to exercise influence on decision making. These students may be consistently recognized by their peers, may demonstrate leadership behavior through school and nonschool activities or may evidence personal skills and abilities that are characteristic of effective leaders.

“Program budget” is a budget consisting of a listing of the estimated direct program expenditures, by function and object, that are necessary to accomplish the goals of the program in meeting the needs of identified students, along with a listing of the sources of revenue and, if necessary, the amounts of fund balance to be applied.

“Specific ability aptitude” refers to those students who have exceptionally high achievement or potential and a high degree of interest in a specific field of study.

“Visual or performing arts ability” refers to students who demonstrate or indicate potential for outstanding aesthetic production or creativity in areas such as art, dance, music, drama, and media production.

281—59.3(257) Development of plan. Rescinded IAB 12/16/09, effective 1/20/10.

281—59.4(257) Program plan. The program plan submitted by school districts shall be part of the school improvement plan submitted pursuant to Iowa Code section 256.7, subsection 21, paragraph “a.” The plan shall include all of the following:

1. Program goals, objectives, and activities to meet the needs of gifted and talented children.
2. Student identification criteria and procedures.
3. Staff professional development.
4. Staff utilization plans.
5. Evaluation criteria and procedures and performance measures.
6. Program budget as defined in rule 281—59.2(257).
7. Qualifications required of personnel administering the program.
8. Other factors required by the department.

[ARC 8382B, IAB 12/16/09, effective 1/20/10]

281—59.5(257) Responsibilities of school districts.

59.5(1) Development of goals and objectives. Gifted and talented program goals and objectives shall be established for the following:
   a. Curriculum and instructional strategies.
   b. Student outcomes.
   c. Program management and administration.
   d. Program development.

59.5(2) Development of curriculum and instructional strategies. The program of instruction shall consist of content and teaching strategies that reflect the accelerative pace, intellectual processes and creative abilities that characterize gifted and talented students. A linkage between the selection of students, the anticipated student outcomes and the special instructional programs shall be evident. Learning activities shall provide for the development of skills which are beyond the scope of the regular classroom, introduce advanced concepts and contents, and offer students a greater latitude of inquiry than would be possible without the specialized instructional program. Specialized instructional activities shall be those not ordinarily found in the regular school program and may include, but shall not be limited to:
   a. A special curriculum supplementing the regular curriculum, using a high level of cognitive and affective concepts and processes.
   b. Flexible instructional arrangements such as special classes, seminars, resource rooms, independent study, student internships, mentorships, research field trips, and research centers.

59.5(3) Student enrollment. Students shall be involved in a gifted and talented program for a sufficient portion of the regularly scheduled school time to ensure that projected student outcomes are likely to be achieved.

59.5(4) Personalized education plan. Best practice dictates that the services provided for each student placed in a gifted and talented program be contained in a written, personalized gifted and talented plan. Personalized education plans should be in writing and reviewed at periodic intervals in accordance with the changing needs of the student. The following items are suggested for inclusion in a student’s personalized education plan, but this is neither a mandatory nor an exhaustive list:
   a. Relevant background data, assessment of present needs and projections for future needs. Relevant information may include the student’s leadership ability, interest inventories, learning characteristics, and learning goals.
   b. The nature and extent of the gifted and talented services provided to the student, including indirect services, such as consultative services or other supportive assistance provided to a regular classroom teacher. Other services may include modifications to curriculum and acceleration of the student’s curriculum.
   c. Personnel responsible for the services provided to the student, as well as those responsible for monitoring and evaluating the student’s progress.

59.5(5) Student identification criteria and procedures. Students will be placed in a gifted and talented program in accordance with systematic and uniform identification procedures that encompass all grade levels and that are characterized by the following:
   a. Identification will be for the purpose of determining the appropriateness of placement in a gifted and talented program rather than for categorically labeling a student.
   b. The decision to provide a student with a gifted and talented program will be based on a comprehensive appraisal of the student, consideration of the nature of the available gifted and talented
program and an assessment of actual and potential opportunities within the student’s regular school program.
  
c. Multiple criteria shall be used in identifying a student, with no single criteria eliminating a student from participation. Criteria will combine subjective and objective data, including data with direct relevance to program goals, objectives and activities.
  
d. In the event that the number of eligible students exceeds the available openings, participants shall be selected according to the extent to which they can benefit from the program.
  
e. Each identified student’s progress shall be reviewed at least annually to consider modifications in program or student placement.
  
59.5(6) Evaluation. The school district shall give attention to the following in its evaluation design:
  
a. Evaluation of gifted and talented programs shall be for the purpose of measuring program effects and providing information for program improvement.
  
b. Evaluation should be conducted for each program level where objectives have been established.
  
c. Both cognitive and affective components of student development should be evaluated.
  
d. Evaluation findings should report results based on actual accomplishments by the gifted and talented students or their teachers which are a direct result of the project, program, or activity.
  
59.5(7) Staff utilization plan. Staff will be deployed to ensure quality gifted and talented programs by employing the following procedures:
  
a. A designated staff person shall be responsible for the overall program coordination throughout the school district.
  
b. The teaching staff of the gifted and talented program should work with the regular classroom teachers to assess, plan, carry out instruction, and evaluate outcomes.
  
c. Coordination time shall be made available to staff providing gifted and talented programs to allow staff to perform professional responsibilities.
  
59.5(8) Staff professional development. Periodic professional development shall be offered for all classroom teachers to maintain and update understandings and skills about individualizing programs for identified gifted and talented students. A staff development plan for personnel responsible for gifted and talented programs shall be provided. This plan shall be based upon the assessed needs of the gifted and talented instructional and supervisory personnel.
  
59.5(9) Qualifications of personnel. Instructional personnel providing programs for gifted and talented students should have preservice or in-service preparation in gifted and talented education that is commensurate with the extent of their involvement in the gifted and talented program. The gifted and talented program teacher-coordinator shall comply with the endorsement requirements of 282—subrule 13.28(24) (formerly 282—subrule 14.140(13)). The endorsement authorizes the holder to serve as a teacher or a coordinator of programs for the gifted and talented from the prekindergarten level through grade 12.
  
59.5(10) Program budget. When programs are jointly provided by two or more school districts or by a school district in cooperation with another educational agency, the budget shall specify how each cooperating school district or agency will determine the portion of the program costs to be provided by each school district or agency and shall provide a budget that specifies the contribution of each school district or agency.
  
59.5(11) Appropriate expenditures. The purpose of the funding described in Iowa Code section 257.45 is to provide for the needs of identified gifted and talented students beyond those needs that are provided by the regular school program. The funding shall be used only for expenditures directly related to providing the gifted and talented program described in the program plan. Appropriate expenditures are delineated in 281—Chapter 98.
  
59.5(12) Inappropriate expenditures. Inappropriate expenditures are delineated in 281—Chapter 98.
  
59.5(13) Financial management. Gifted and talented funding is categorical funding and follows the general provisions in 281—Chapter 98.
  
59.5(14) Annual reporting. School districts shall include and identify the detail of financial transactions related to gifted and talented resources, expenditures, and carryforward balances on their certified annual report. School districts shall use the account coding appropriate to the gifted and
talented program as defined by Uniform Financing Accounting for Iowa School Districts and AEAs. Each school district shall certify its certified annual report following the close of the fiscal year but no later than September 15.

[ARC 8382B, IAB 12/16/09, effective 1/20/10]

281—59.6(257) Responsibilities of area education agencies.

59.6(1) When a written request is received from one or more local school boards, a gifted and talented advisory council shall be established and operated under provisions of Iowa Code sections 257.48 and 257.49.

59.6(2) Staff of the area education agency shall cooperate with school districts in the identification and placement of gifted and talented students. Cooperation may include, but is not limited to:

a. Assisting local school district personnel in the interpretation of available student data.

b. Assistance in the development of the identification plan.

c. Providing for psychological testing in individual cases when available data contains significant inconsistencies or in other circumstances when additional data may be necessary for determining the appropriateness of the student placement.

[ARC 8382B, IAB 12/16/09, effective 1/20/10]

281—59.7(257) Responsibilities of the department.

59.7(1) The department shall review documentation submitted by school districts and area education agencies regarding the school districts’ and area education agencies’ gifted and talented programs and financial transactions. The department may request that the staff of the auditor of state conduct an independent program audit to verify that the gifted and talented programs conform to a school district’s program plans.

59.7(2) The department shall provide technical assistance to school districts and to area education agencies in the development of gifted and talented programs.

CHAPTER 60
PROGRAMS FOR STUDENTS OF LIMITED ENGLISH PROFICIENCY
[Prior to 9/7/88, see Public Instruction Department[670] Ch 57]

281—60.1(280) Scope. These rules apply to the identification of students and provision of programs for limited English proficient students and to the application procedures for securing fiscal support.

281—60.2(280) Definitions. As used in these rules, the following definitions apply:

“Educational and instructional model” means an instructional model, strategy, method, or skill that provides a framework of instructional approaches to guide decision making about teaching and learning. Based on the needs of particular students, “educational and instructional model” may include but is not limited to a specific set of instructional services or a fully developed curriculum or other supplementary services.

“English as a second language” refers to a structured language acquisition program designed to teach English to students whose native language is other than English, until the student demonstrates a functional ability to speak, read, write, and listen to English language at the age- and grade-appropriate level.

“Fully English proficient” refers to a student who has attained a level of English language skill in reading, writing, listening, and speaking to be proficient under the state’s English language proficiency standards, as measured by the state-adopted assessment of English language proficiency as required by Section 1111 of the federal Elementary and Secondary Education Act of 1965 as amended by the federal Every Student Succeeds Act, Pub. L. No. 114-95.

“Intensive student” means a limited English proficient student who, even with support, is not proficient under the state’s English language proficiency standards, as measured by the state-adopted assessment of English language proficiency.

“Intermediate student” means a limited English proficient student who, either with or without support, approaches being proficient under the state’s English language proficiency standards, as measured by the state-adopted assessment of English language proficiency.

“Limited English proficient” refers to a student who has a language background other than English, and the student’s proficiency in English is such that the probability of the student’s academic success in an English-only classroom is below that of an academically successful peer with an English language background. Each limited English proficient student shall be identified as either an intensive student or an intermediate student.

“Research-based” means based on a body of research showing that the educational and instructional model, or other educational practice, has a high likelihood of improving teaching and learning. To determine whether research meets this standard for purposes of this chapter, research reports must be reviewed for the following:

1. The specific population studied;
2. Research that involves the application of rigorous, systematic, and objective procedures to obtain reliable results and provide a basis for valid inferences relevant to education activities and programs;
3. Whether the research employs systematic, empirical methods that draw on observation or experiment;
4. Reliance on measurement or observational methods that provide reliable and valid data;
5. Inclusion of rigorous data analyses that are adequate to test the stated hypotheses and justify the general conclusions or inferences drawn;
6. Description of the magnitude of the impact on student learning results; and
7. Inclusion of the level of the review of the study.

“Transitional bilingual instruction” refers to a program of instruction in English and the native language of the student until the student demonstrates a functional ability to speak, read, write, and listen to the English language at the age- and grade-appropriate level.

[ARC 8383B, IAB 12/16/09, effective 1/20/10; ARC 1776C, IAB 12/10/14, effective 1/14/15; ARC 6079C, IAB 12/15/21, effective 1/19/22]
281—60.3(280) School district responsibilities.

60.3(1) Student identification and assessment. A school district shall use the following criteria in determining a student’s eligibility:

a. In order to determine the necessity of conducting an English language assessment of any student, the district shall, at the time of registration, ascertain the place of birth of each student and whether there is a prominent use of any language(s) other than English in the home. If the student’s registration form indicates the prominent use of another language in the student’s home, the district shall determine the first language acquired by the student and the languages spoken by the student and by others in the student’s home. School district personnel shall be prepared to conduct oral or native language interviews with those adults in the student’s home who may not have sufficient skills in English.

b. Students identified as prominently using a language other than English in the home shall be assessed by the district. The assessment shall include (1) an assessment of the student’s English proficiency in the areas of speaking, listening, reading, and writing; and (2) an assessment of the student’s academic skills in relation to their grade or age level. A consistent plan of evaluation which includes ongoing evaluation of student progress shall be developed and implemented by the district for the above areas for each student so identified.

60.3(2) Staffing. Teachers in an English as a second language (ESL) program must possess a valid Iowa teaching license. Individuals who were licensed in Iowa prior to October 1, 1988, and were allowed to teach English as a second language without completing the endorsement requirements must complete the endorsement requirements by July 1, 2012, in order to teach or continue to teach English as a second language. A waiver provision is available through the board of educational examiners for individuals who have been successfully teaching English as a second language.

60.3(3) Limited English proficient student placement. Placement of students identified as limited English proficient shall be in accordance with the following:

a. Mainstream classes. Students will be placed in classes with chronological peers or, when absolutely necessary, within two years of the student’s age.

b. Limited English proficient program placement.

1. Students enrolled in a program for limited English proficient students shall receive language instruction with other limited English proficient students with similar language needs.

2. When students of different age groups or educational levels are combined in the same class, the school shall ensure that the instruction given is appropriate to each student’s level of educational attainment.

3. A program of transitional bilingual instruction may include the participation of students whose native language is English.

4. Exit from program. An individual student may exit from an ESL or Transitional Bilingual Education (TBE) program after an assessment has shown both that the student can function in English (in speaking, listening, reading, and writing) at a level commensurate with the student’s grade or age peers and that the student can function academically at the same level as the English speaking grade level peers. These assessments shall be conducted by utilizing state, local, or nationally recognized tests as well as teacher observations and recommendations.

5. Professional development. All district instructional staff and area education agency staff responsible for implementing the educational and instructional models defined in rule 281—60.2(280) shall receive such professional development as may be necessary to implement those educational and instructional models. Such professional development may be part of a district or area education agency professional development plan, an attendance center professional development plan, an individual professional development plan, or some combination thereof. The necessity for such professional development shall be determined based on the framework in rule 281—83.6(284). Providers of professional development required by this subrule shall meet the standards in 281—subrule 83.6(3). In determining whether providers meet the standards in 281—subrule 83.6(3), the following nonexhaustive factors may be considered, as they are relevant to the particular professional development to be provided:
1. English as a second language endorsement or equivalent;
2. Five years of English as a second language teaching experience; or
3. A graduate degree in teaching English to speakers of other languages or in a related field.

**60.3(4) Medium of instruction.** Instruction in all secular subjects taught in both public and nonpublic schools shall be in the English language, except when the use of a world language is deemed appropriate because the student is limited English proficient. When the student is limited English proficient, both public and nonpublic schools shall provide special instruction, which shall include but need not be limited to either instruction in English as a second language or transitional bilingual instruction until the student is fully English proficient or demonstrates a functional ability to speak, read, write, and understand the English language.

**60.3(5) Research-based educational and instructional models.** Districts shall utilize research-based educational and instructional models as defined in rule 281—60.2(280) with limited English proficient students so that such students may acquire English proficiency and meet high academic standards.

[ARC 8383B, IAB 12/16/09, effective 1/20/10; ARC 1776C, IAB 12/10/14, effective 1/14/15; ARC 4528C, IAB 7/3/19, effective 8/7/19]

**281—60.4(280) Department responsibility.** The department of education shall provide technical assistance to school districts, including advising and assisting schools in planning, implementation, and evaluation of programs for limited English proficient students.

**60.4(1) to 60.4(3) Rescinded IAB 2/2/94, effective 3/9/94.**

**281—60.5(280) Nonpublic school participation.** English as a second language and transitional bilingual programs offered by a public school district shall be made available to students attending an accredited nonpublic school located within the district. The district obtains funding for such students in accordance with Iowa Code sections 257.31(5) “j” and 280.4.

[ARC 8383B, IAB 12/16/09, effective 1/20/10]

**281—60.6(280) Funding.** Additional weighting for students in programs provided under this chapter is available in accordance with Iowa Code sections 257.31(5) “j” and 280.4.

**60.6(1) Weighting.** A weighting is included in the weighted enrollment of the school district of residence for a period not exceeding five years to provide funds for the excess costs of instruction of limited English proficient students above the costs of instruction of pupils in a regular curriculum.

   a. A student may be included for weighting if the student meets the definition of a limited English proficient student as either an intensive student or an intermediate student and the student is being provided instruction related to limited English proficiency above the level of instruction provided to pupils in the regular curriculum.
   b. A student may be included for weighting up to five years, which need not be consecutive.
   c. A student’s eligibility for additional weighting is transferable to another district of residence.

**60.6(2) Supplemental aid or modified supplemental amount.** In addition to weighting, the school budget review committee (SBRC) may grant supplemental aid or a modified supplemental amount for an unusual need to continue funding beyond the five years of weighting or for costs in excess of the weighting to provide instruction to limited English proficient students above the costs of regular instruction.

   a. A school district of residence may apply to the SBRC by the date specified in rule 289—6.3(257) for supplemental aid or a modified supplemental amount for an unusual need for funding beyond the amount generated from weighting for students identified as limited English proficient who are provided instruction beyond the regular instruction. The eligible supplemental aid or modified supplemental amount will be calculated as the total actual limited English proficient program (more commonly referred to as “English language learner program”) expenditures for the previous year, reduced by the limited English proficient funding generated in the previous budget year based on the limited English proficient count on the certified enrollment in the previous year, and reduced by any other grants, carryover, or other resources provided to the district for this program.
b. A district of residence may apply to the SBRC for supplemental aid or a modified supplemental amount for an unusual need to continue funding beyond the five years of weighting no later than December 1 following the date specified in Iowa Code section 257.6(1) for the certified enrollment. The supplemental aid or modified supplemental amount will be calculated by multiplying the number of resident students identified as limited English proficient who are provided instruction beyond the regular instruction, and who are being served beyond the five years of weighting on the certified enrollment, by the weighting provided under subrule 60.6(1), multiplied by the district cost per pupil in the current year.

c. The SBRC will act on the requests described in paragraphs 60.6(2) "a" and "b" no later than its March regular meeting. If the SBRC grants the district’s request for supplemental aid or a modified supplemental amount, the department of management will increase the district’s budget authority by that amount.

The SBRC may require the district to appear at a hearing to discuss its request for supplemental aid or a modified supplemental amount.

60.6(3) Appropriate expenditures. Appropriate expenditures for the limited English proficiency program are those that are direct costs of providing instruction which supplement, but do not supplant, the costs of the regular curriculum. These expenditures are delineated in 281—Chapter 98.

60.6(4) Inappropriate expenditures. Inappropriate expenditures are delineated in 281—Chapter 98.

60.6(5) Financial management. Limited English proficient funding is categorical funding and follows the general provisions in 281—Chapter 98.

60.6(6) Annual reporting. Districts shall include and identify the detail of financial transactions related to limited English proficient resources, expenditures, and carryforward balances on their certified annual report. School districts shall use the account coding appropriate to the limited English proficient program as defined by Uniform Financing Accounting for Iowa School Districts and AEAs. Each district shall submit its certified annual report following the close of the fiscal year but no later than September 15.

These rules are intended to implement Iowa Code sections 256.7(31) "c," 257.31(5) "j" and 280.4.

CHAPTER 61
IOWA READING RESEARCH CENTER

281—61.1(256) Establishment. There is established an Iowa reading research center. The director of the department of education shall select a public education entity to serve as the host for the Iowa reading research center. Preference shall be given to a school district, an area education agency, or the joint area education agencies system. The selection of a host shall be for a specified period of time.

[ARC 0475C, IAB 11/28/12, effective 1/2/13]

281—61.2(256) Purpose. The purpose of the center shall be to apply current research on literacy to provide for the development and dissemination of all of the following, although each of the following will not necessarily be of equal priority or immediacy:

1. Instructional strategies for prekindergarten through grade 12 to achieve literacy proficiency that includes reading, reading comprehension, and writing for all students.
2. Strategies for identifying and providing evidence-based interventions for students, beginning in kindergarten, who are at risk of not achieving literacy proficiency.
3. Models for effective school, parent, and community partnerships to improve student literacy.
4. Reading assessments.
5. Professional development strategies and materials to support teacher effectiveness in student literacy development.
6. Data reports on attendance center, school district, and statewide progress toward literacy proficiency in the context of student, attendance center, and school district demographic characteristics.
7. An intensive summer literacy program, referred to in rule 281—61.3(256).

[ARC 0475C, IAB 11/28/12, effective 1/2/13]

281—61.3(256) Intensive summer literacy program. The center hereby establishes program criteria and guidelines for voluntary implementation of the program by school districts.

61.3(1) Program criteria: summer reading programs pursuant to Iowa Code section 279.68 as amended by 2017 Iowa Acts, House File 642. Each district that chooses to implement a summer reading program as part of its implementation of Iowa Code section 279.68(2)“a“(6) shall comply with the requirements of that section and 281—Chapter 62, including a recommendation to use an evidence-based curriculum, the requirement to employ appropriately licensed and supervised teachers and paraprofessionals, and the requirement to monitor student progress.

61.3(2) Additional voluntary program criteria: intensive summer literacy program. Each district’s voluntary intensive summer literacy program is encouraged to meet, in addition to the requirements of subrule 61.3(1), the following program criteria.

a. Criterion 1. Each district is encouraged to adopt instructional practices or programs that have some evidence of success and that include explicit and systematic instruction in foundational reading skills based on student need, consistent with Iowa Code section 279.68.

b. Criterion 2. Each district shall ensure that its program employs skilled, high-quality instructors. For the purposes of this paragraph, a district may “hire” or “employ” personnel directly, through an agreement with one or more other districts, through an agreement with one or more accredited nonpublic schools, through an agreement with one or more state agencies or governmental subdivisions, through an agreement with one or more private not-for-profit community agencies, or some combination thereof.

b. Criterion 3. Each district is encouraged to allow sufficient time for meaningful reading instruction and student learning.

d. Criterion 4. Each district is encouraged to provide instruction in small classes and small groups. To meet this criterion, a district is encouraged to employ the same instructional grouping formats described in the evidence-based intervention chosen. In the absence of specifications from the intervention chosen, a district is encouraged to ensure that it delivers whole-class instruction in class sizes of 15 or fewer students and that it delivers targeted intervention based on student need in small groups of 5 or fewer students.

e. Criterion 5. Each district is encouraged to monitor and promote student attendance.
f. **Criterion 6.** Each district is encouraged to evaluate student outcomes and the quality of program implementation, including implementation of these voluntary criteria.

g. **Criterion 7.** Each program shall be under the leadership and supervision of at least one appropriately licensed teacher and at least one appropriately licensed administrator. The two roles may be filled by the same individual. Nonlicensed personnel shall be supervised by an appropriately licensed teacher. It is encouraged that either the teacher or the administrator hold a reading (K-8) endorsement or a reading specialist endorsement.

h. **Option to use private providers.** A district may enter into an agreement with a private provider that uses evidence-based instructional strategies to provide summer literacy instruction under this chapter and 281—Chapter 62, at the election of a parent and in lieu of programming provided by the district. Any election under this paragraph shall be at the parent’s sole cost.

61.3(3) **Guidelines for implementation by school districts.** The center shall publish guidelines to assist school districts in applying the program criteria contained in subrule 61.3(1) and the voluntary criteria contained in subrule 61.3(2) and in improving the performance of intensive summer literacy programs. The center shall make such guidelines available on its Web site.

281—61.4(256) **First efforts of the center.** The first efforts of the center shall focus on improving reading performance and instruction in kindergarten through grade 3.

[ARC 0475C, IAB 11/28/12, effective 1/2/13]

281—61.5(256) **Nature of the center’s operation.** The center shall govern its work according to the following requirements.

61.5(1) **Use of expertise.** The center shall draw upon national and state expertise in the field of literacy proficiency, including experts from Iowa’s institutions of higher education and area education agencies with backgrounds in literacy development.

61.5(2) **Data and report development.** The center and its director shall seek support from the Iowa research community in methodologies for the collection of student literacy data and in data report development, the analysis of available information from Iowa education data sources, and the analysis of progress toward literacy proficiency.

61.5(3) **Coordination with the department.** The center and its director shall work with the department of education to identify additional needs for tools and technical assistance for Iowa schools to help schools achieve literacy proficiency goals and seek public and private partnerships in developing and accessing necessary tools and technical assistance.

[ARC 0475C, IAB 11/28/12, effective 1/2/13]

281—61.6(256) **Nature of the center’s products.** The center’s strategies, models, materials, and assessments, including the products referred to in subrule 61.6(3), shall be judged by and subject to the following requirements:

61.6(1) **Research-based.** To the extent possible, strategies, models, materials, and assessments shall be research-based.

61.6(2) **Replicable.** The strategies, models, materials, and assessments produced by the center shall contain evidence establishing that they are replicable by Iowa school districts, area education agencies, and accredited nonpublic schools.

61.6(3) **Sustainable.** The strategies, models, and materials produced by the center shall contain evidence establishing that they are capable of sustainable implementation.

61.6(4) **Publicly available.** Due to the nature of the center, its products shall be widely and liberally distributed and used.

a. Regardless of any intellectual property right that may accrue to the center, the department of education shall have a perpetual, irrevocable, royalty-free, nonexclusive, nontransferable license to use any of the strategies, models, and materials produced by the center.
b. Regardless of any intellectual property right that may accrue to the center, each school district, area education agency, and accredited nonpublic school shall have a perpetual, irrevocable, royalty-free, nonexclusive, nontransferable license to use any of the strategies, models, and materials produced by the center.

c. Regardless of any intellectual property right that may accrue to the center, each school district, area education agency, accredited nonpublic school, and practitioner preparation program approved by the department of education shall have a perpetual, irrevocable, royalty-free, nonexclusive, nontransferable license to use any of the strategies, models, and materials produced by the center to provide training to current and prospective teachers and administrators.

d. Notwithstanding paragraphs 61.6(4)“a” through “c,” the center may seek reimbursement from a school district, area education agency, accredited nonpublic school, or practitioner preparation program approved by the department of education for the actual cost of delivering the center’s products. For purposes of this paragraph, actual costs may include printing, telecommunications expenses, personnel time, postage, and other costs, but shall not include any amount that represents a royalty or other compensation for the use of the center’s intellectual property.

[ARC 0475C, IAB 11/28/12, effective 1/2/13]

281—61.7(256) **Governance and leadership of the center.** The center shall be governed in the following manner.

61.7(1) **Director and other personnel.** The center shall have a director who shall be an employee of the host referred to in rule 281—61.1(256). The director of the department of education or the director’s designee, in consultation with the host and the advisory council, shall select, determine the compensation of, and annually evaluate the director of the center.

a. Responsibilities of the director of the center will include the following:

   1. Enacting the priorities of the reading research center, as defined by the department;
   2. Achieving the Iowa reading research center’s mission and purpose;
   3. Directing the center’s budget;
   4. Managing the center’s staff;
   5. Managing and overseeing the request for proposal (RFP) or contracting process or both to enact priorities of the center;
   6. Providing oversight and management of all contracts and projects initiated by the center;
   7. Establishing models for an intensive summer literacy program replicable in Iowa schools;
   8. Disseminating literacy research and its application; and
   9. Submitting required reports to the department and the general assembly.

b. The center may employ such other personnel as may be necessary to fulfill its responsibilities, upon approval of such positions by the director of the department of education.

61.7(2) **Advisory council.** When setting priorities for the center, the department of education shall seek advice and assistance from an advisory council. The advisory council shall establish its bylaws and shall govern itself by the following paragraphs:

a. The advisory council shall consist of representatives of the department, school districts, area education agencies, accredited nonpublic schools, institutions of higher education, organizations representing reading and literacy teachers, community-based nonprofit organizations that are focused on literacy, statewide literacy organizations, and parents. Members who offer other perspectives may be appointed. Members may serve in more than one role. Members shall be appointed by the director of the department of education or the director’s designee. Actual expenses for members of the advisory council may be assumed by the reading research center.

b. The advisory council shall recommend and continually review center priorities, which shall be consistent with these rules. The advisory council shall annually submit to the department a recommended set of projects and priorities for the reading research center.

c. The advisory council shall provide input to the director of the department on the desired qualifications for the position of director of the reading research center.
d. The advisory council shall advise and assist the center in preparing the annual report required by rule 281—61.9(256).

e. The advisory council shall foster collaboration across the Iowa reading research and evaluation community and serve as a facilitator in identifying additional research needs and ways to apply research to practice in Iowa schools and communities.

f. The advisory council shall stay abreast of emerging trends, research, and effective literacy practices.

g. The advisory council shall assist the director of the center in reviewing proposals for quality, viability, and statewide impact.

h. Meetings of the advisory council are public meetings subject to statutory open meetings requirements.

61.7(3) Use of advisory council recommendations. The department shall consider the priorities established by its advisory council in determining which projects or activities to direct the center to enact, consistent with these rules and with the center’s funding.

61.7(4) Contracts and awards. In the furtherance of its work, the center may contract with other entities or may make awards by competitive bid. The rules in this chapter shall be a term of any contract or award under this subrule. Any product produced pursuant to a contract or award shall be subject to these rules, including subrule 61.6(4).

[ARC 0475C, IAB 11/28/12, effective 1/2/13]

281—61.8(256) Financing of the center. The center will be financed in the following manner:

61.8(1) Host as fiscal agent. The host shall be the fiscal agent for the center.

61.8(2) Public or private funds. The host and the center may solicit and accept funds from public and private sources for the fulfillment of the mission and purpose of the center.

61.8(3) Oversight by the department. The department shall have oversight responsibilities for the financial operations of the center.

[ARC 0475C, IAB 11/28/12, effective 1/2/13]

281—61.9(256) Annual report. The center shall submit a report of its activities to the general assembly by January 15 annually.

[ARC 0475C, IAB 11/28/12, effective 1/2/13]

These rules are intended to implement Iowa Code sections 256.7(31) and 256.9(53) “c.”

CHAPTER 62
STATE STANDARDS FOR PROGRESSION IN READING

281—62.1(256,279) Purpose. The purpose of this chapter is to implement Iowa Code section 279.68. All rules in this chapter shall be construed and applied to meet the following standard: all actions under this chapter must provide reasonable expectation that a student’s progress toward reading proficiency is sufficient to master appropriate grade four level reading skills prior to the student’s promotion to grade four.

[ARC 1331C, IAB 2/19/14, effective 3/26/14]

281—62.2(256,279) Assessment of reading proficiency. All school districts shall assess reading proficiency of all students, as required by this rule.

62.2(1) Assessment at beginning of school year. A school district shall assess all students enrolled in kindergarten through grade three at the beginning of each school year for the students’ level of reading or reading readiness.

62.2(2) Subsequent assessments throughout school year. A school district shall provide to all students additional, brief assessments of reading achievement in a manner required by the department, using assessments that meet the standards described in subrule 62.2(5).

62.2(3) Progress-monitoring instruments. For students identified as being persistently at risk in reading, as well as students who are becoming persistently at risk in reading, a school district shall monitor the students’ progress in reading with instruments that meet the standards in subrule 62.2(5), in at least a frequency required by the department.

62.2(4) Statewide or locally determined assessments. Assessments may be locally determined or statewide, including an annual standard-based assessment, provided that all assessments for purposes of implementing this chapter meet the standards described in subrule 62.2(5).

62.2(5) Standards for approval for assessments. Any assessment of reading or reading readiness required by this rule and used to implement this chapter shall meet the following minimum standards before use by a school district.

a. Standards for all assessments. Any assessment used under this chapter, including instruments described in paragraphs 62.2(5)”b” and “c,” shall meet department-adopted minimum standards for reliability and validity, at the appropriate grade level and for the skills assessed. In addition, all assessments must have information available concerning administration time per student, access to student data after completion, and amount of teacher training required.

b. Standards for universal-screening instruments. Any assessment used for universal-screening purposes under this chapter shall meet department-adopted minimum standards for the following statistical measures: area under the curve and specificity/sensitivity.

c. Standards for progress-monitoring instruments. Any assessment used for progress-monitoring purposes under this chapter shall meet department-adopted standards for number of forms of demonstrated equivalence and for the following statistical measure: reliability of slope.

d. Department publication of approved assessments. The department shall annually publish or update a list of assessments approved pursuant to this subrule. Approved assessments will have a demonstrated ability to predict future reading performance.

62.2(6) Basic levels of reading proficiency on approved assessments. The department shall determine benchmarks for basic levels of reading proficiency to be used with approved assessments based on the ability to predict meaningful future outcomes of a student’s reading performance that is sufficient to master appropriate grade four reading skills prior to the student’s promotion to grade four.

62.2(7) Assessment measures. Assessments administered to implement this chapter, when taken as a whole, shall measure phonemic awareness, phonics, fluency, vocabulary, and comprehension.

62.2(8) Noncompliant assessments. Assessments that do not meet the requirements of this rule shall not be used by any school district to implement this chapter.

[ARC 1331C, IAB 2/19/14, effective 3/26/14; ARC 2862C, IAB 12/7/16, effective 1/11/17]
281—62.3(256,279) Tools for evaluating and reevaluating reading proficiency. The department identifies the following attributes of tools that may be used in evaluating and reevaluating reading proficiency.

62.3(1) Locally determined or statewide assessments. In evaluating and reevaluating students who are or may be at risk or persistently at risk in reading, school districts shall use assessments that meet the standards referenced in subrule 62.2(5).

62.3(2) Alternative assessments. If a school district determines, based on the clear and unique facts of a particular student’s case, that a particular student requires an alternative assessment to determine proficiency in reading, in addition to the assessments referred to in rule 281—62.2(256,279) and subrule 62.3(1), the alternative assessment shall be founded on scientifically based research and shall be reasonably calculated to provide equivalent information about the student’s reading, in addition to information provided by the assessments referred to in rule 281—62.2(256,279) and subrule 62.3(1).

62.3(3) Portfolio reviews. School districts may review a portfolio of a student’s work to determine reading proficiency. Portfolio reviews must be conducted using standard review criteria that are founded on scientifically based research. A portfolio review may be used along with assessments required in rule 281—62.2(256,279) and subrule 62.3(1) but shall not be used in lieu of such assessments. The department shall maintain a list of portfolio review criteria that are adequate under this subrule.

62.3(4) Teacher observation. A student may initially be identified as being persistently at risk in reading proficiency based on teacher observation. A teacher observation under this subrule shall be based on department-approved observation criteria. Teacher observation shall not be used to determine that a student continues to be persistently at risk in reading.

62.3(5) Other tools. The department may identify additional tools for use in evaluating and reevaluating reading proficiency, so long as those tools are founded on scientifically based research.

62.3(6) Alternate assessment. If an individual with a disability has been determined to require an alternate assessment aligned to alternate academic achievement standards in reading, pursuant to rule 281—41.320(256B,34CFR300), that individual shall receive such alternate assessment, as well as alternate universal screening and progress monitoring required by this chapter on instruments approved by the department.

62.3(7) Noncompliant tools. Tools that do not meet the requirements of this rule shall not be used by any school district to implement this chapter.

[ARC 1331C; IAB 2/19/14, effective 3/26/14; ARC 2862C; IAB 12/7/16, effective 1/11/17; ARC 3291C; IAB 8/30/17, effective 10/4/17]

281—62.4(256,279) Identification of a student as being persistently at risk in reading. A school district shall follow this rule in determining whether a student in kindergarten through grade three is persistently at risk in reading.

62.4(1) Definition of “persistently at risk in reading.” A school district shall determine that a student is “persistently at risk in reading” if, based on the requirements of this chapter, the student has not met the grade-level benchmarks on two consecutive screening assessments administered pursuant to this chapter. A student is “at risk in reading” if the student did not meet the grade-level benchmark for one of the two most recent screening assessments administered pursuant to this chapter.

62.4(2) Determination of a persistent risk in reading.

a. In initially determining whether a student is persistently at risk in reading as defined in subrule 62.4(1), the school district shall consider assessments referred to in rule 281—62.2(256,279) and subrule 62.3(1) or teacher observations that meet the criteria referenced in subrule 62.3(4).

b. In determining whether a student continues to be persistently at risk in reading, a school district shall consider assessments referred to in rule 281—62.2(256,279) and subrule 62.3(1), with specific attention given to progress-monitoring results under subrule 62.2(3).

62.4(3) Services offered to all students who are persistently at risk in reading. A school district shall provide intensive reading instruction to any student who is persistently at risk in reading, as defined in subrule 62.4(1). A school district shall continue to provide the student with intensive reading instruction until the student is reading at grade level, at grade levels beyond grade three if necessary, as determined
by the student’s consistently proficient performance on valid and reliable measures of reading ability that meet the requirements of rule 281—62.2(256,279). All services provided under this subrule shall comply with rule 281—62.6(256,279).

62.4(4) Notice to parents. The parent or guardian of any student in kindergarten through grade three who is persistently at risk in reading, as defined in subrule 62.4(1), shall be notified regularly in writing and shall be provided all of the following:
   a. A description of the services currently provided to the child;
   b. A description of the proposed supplemental instructional services and supports that the school district will provide to the child that are designed to remediate the identified area or areas in which the student is persistently at risk in reading;
   c. Strategies for parents and guardians to use in helping the student read proficiently, including but not limited to the promotion of parent-guided home reading; and
   d. Regular updates regarding the student’s progress toward reaching or exceeding the targeted level of reading proficiency.

[ARC 1331C, IAB 2/19/14, effective 3/26/14; ARC 2862C, IAB 12/7/16, effective 1/11/17; ARC 3291C, IAB 8/30/17, effective 10/4/17]

281—62.6(256,279) Successful progression for early readers. Each school district shall provide the following.

62.6(1) Intensive instructional services. A school district shall provide students who are persistently at risk in reading under subrule 62.4(2) with intensive instructional services and supports, free of charge, to remediate the areas in which students are not proficient in reading. The intensive instructional services are further described in subrule 62.6(2).
   a. Intensive instructional services under this subrule shall include a minimum of 90 minutes daily of scientific research-based reading instruction, which shall be core instruction.
   b. In addition to the instruction described in paragraph 62.6(1)“a,” a school district shall prescribe other strategies, which may include but are not limited to the following:
      (1) Small group instruction.
      (2) Reduced teacher-student ratios.
      (3) More frequent progress monitoring.
      (4) Tutoring or mentoring.
      (5) Extended school day, week, or year.
      (6) Summer reading programs.

62.6(2) Reading enhancement and acceleration development initiative. The intensive instructional services described in subrule 62.6(1) shall be provided to all students in kindergarten through grade three who are identified as being persistently at risk in reading, as determined pursuant to subrule 62.4(2). The services shall meet the following requirements:
   a. A school district shall provide intensive instructional services during regular school hours, in addition to the regular reading instruction.
   b. A school district shall provide a reading curriculum that meets the standards of subrule 62.6(3).

62.6(3) Reading curriculum for students who are persistently at risk in reading. A curriculum that does not meet the standards of this subrule shall not be used to implement this chapter. To implement this subrule, a school district shall provide a curriculum that meets the following guidelines and specifications:
   a. Assists students assessed as persistently at risk in reading to develop the skills to read at grade level. Assistance shall include but not be limited to strategies that formally address dyslexia, when appropriate. For purposes of this paragraph, “dyslexia” means a specific learning disability that is neurobiological in origin, is characterized by difficulties with accurate or fluent word recognition and by poor spelling and decoding abilities, and may include difficulties that typically result from a deficit in the phonological component of language that is often unexpected in relation to other cognitive
abilities and the provision of effective classroom instruction, as well as secondary consequences such as problems in reading comprehension and reduced reading experience that can impede growth of vocabulary and background knowledge.

b. Provides skill development in phonemic awareness, phonics, fluency, vocabulary, and comprehension.

c. Is supported by scientifically based research in reading.

d. Is implemented by certified instructional staff with appropriate training and professional development. Such training and professional development shall meet the requirements of rule 281—83.6(284).

e. Is implemented by certified instructional staff with fidelity, which shall meet such standards for fidelity of implementation that the department may adopt.

f. Includes a scientifically based and reliable assessment, which shall meet the requirements of rule 281—62.1(256,279).

g. Provides initial and ongoing analysis of each student’s reading progress, which shall meet the requirements of rule 281—62.1(256,279), with notice provided to parents pursuant to subrule 62.6(4).

h. Is implemented during regular school hours.

i. Provides a curriculum in core academic subjects to assist the student in maintaining or meeting proficiency levels for the appropriate grade in all academic subjects.

62.6(4) Parent notice, involvement and support. At a minimum and in addition to other requirements of this chapter, school districts shall provide the following to all parents or guardians of students who are persistently at risk in reading:

a. At regular intervals, a school district shall apprise the parent or guardian of academic and other progress being made by the student and give the parent or guardian other useful information.

b. In addition to required reading enhancement and acceleration strategies provided to students, a school district shall provide parents or guardians of students who are persistently at risk in reading under subrule 62.4(2) with a plan outlined in a parental contract, including participation in regular parent-guided home reading.

62.6(5) Report to the department. Each school district shall report to the department the specific intensive reading interventions and supports implemented by the school district pursuant to this chapter. The department shall annually prescribe the components of required or requested reports.

62.6(6) Rule of construction: students who are at risk in reading. Subject to paragraphs 62.6(6) “a” and “b,” school districts may voluntarily provide additional services and interventions to students who are “at risk in reading” as defined in subrule 62.4(1).

a. School districts must provide progress monitoring to students who are “at risk in reading.”

b. If a student who was previously “persistently at risk” and is currently identified as “at risk” and falls below the grade-level benchmark on a locally determined number of progress monitoring probes, the student must be provided services under this rule until the next screening assessment administered pursuant to this chapter.

[ARC 1331C, IAB 2/19/14, effective 3/26/14; ARC 2862C, IAB 12/7/16, effective 1/11/17; ARC 5873C, IAB 8/25/21, effective 9/29/21]

281—62.7(256,279) Promotion to grade four. Rescinded ARC 3291C, IAB 8/30/17, effective 10/4/17.

281—62.9(256,279) Ensuring continuous improvement in reading proficiency.

62.9(1) Reading proficiency addressed in comprehensive school improvement plan. To ensure all children are reading proficiently by the end of third grade, each school district shall address reading proficiency as part of its comprehensive school improvement plan, drawing upon information about students from assessments and reassessment conducted pursuant to this chapter and the prevalence of areas in which students are persistently at risk in reading, identified by classroom, elementary school, and other student characteristics.
62.9(2) Review of chronic early absenteeism. As part of its comprehensive school improvement plan, each school district shall review chronic early elementary absenteeism for its impact on literacy development.

62.9(3) Attendance centers with lower levels of reading proficiency. If more than 15 percent of an attendance center’s students are not reading proficiently by the end of third grade, the comprehensive school improvement plan shall include strategies to reduce that percentage, including school and community strategies to raise the percentage of students who are reading at grade level. Strategies adopted under this subrule shall meet the requirements of this chapter.

62.9(4) Professional development. Each school district, subject to an appropriation of funds by the general assembly, shall provide professional development services to enhance the skills of elementary teachers in responding to children’s unique reading issues and needs and to increase the use of evidence-based strategies.

62.9(5) Relationship between this chapter and the department’s general accreditation standards. In addition to the requirement in subrule 62.9(1), the department shall consider compliance with and performance under this chapter in its enforcement of the general accreditation standards and school improvement process described in 281—Chapter 12.

281—62.10(256,279) Miscellaneous provisions.

62.10(1) Services beyond third grade. Students who are identified as persistently at risk in reading at the end of third grade remain entitled to intensive reading instruction. Nothing in this chapter shall be construed to prohibit a school district from determining a student above third grade is persistently at risk in reading or from providing services to a student so identified.

62.10(2) Database. In implementing subrule 62.6(5), the department may require school districts to enter assessment and progress monitoring data into a statewide database.

62.10(3) Accredited nonpublic schools. Nothing in this chapter shall be construed to prevent an accredited nonpublic school from voluntarily complying with this chapter. Nothing in this chapter shall be construed to prevent the department from offering universal screening or progress monitoring instruments to accredited nonpublic school students or to prevent the department from allowing inclusion of those students’ data in the database described in subrule 62.10(2).

62.10(4) Rule of construction. Nothing in this chapter shall be construed to require a school district to select a particular assessment, instrument, tool, curriculum, or program, so long as the assessment, instrument, tool, curriculum, or program used meets the requirements of this chapter.

CHAPTER 63
EDUCATIONAL PROGRAMS AND SERVICES
FOR PUPILS IN JUVENILE HOMES
[Prior to 9/7/88, see Public Instruction Department[670] Ch 42]

281—63.1(282) Scope. These rules apply to the provision of educational programs in juvenile shelter care homes and juvenile detention homes.

281—63.2(282) Definitions.
   63.2(1) Special programs cited in 1999 Iowa Code section 282.30 shall be referred to as juvenile shelter care homes and juvenile detention homes, and shall be referred to jointly as juvenile homes.
   63.2(2) For purposes of this chapter, “school corporation” shall refer to school districts, area education agencies, and community colleges.
   63.2(3) For purposes of this chapter, “aides” shall refer to aides and para-educators as defined in Iowa Code section 272.12.

281—63.3(282) Forms.
   63.3(1) The department of education shall provide forms to area education agencies (AEAs) for submitting program and budget proposals and for submitting claims. The annual dates for filing forms with the department of education are January 1 of the prior fiscal year for AEAs to submit program and budget proposals, and August 1 of the subsequent fiscal year for AEAs to file claims. The department of education shall review and approve or modify the program and budget proposals and shall notify the AEA by February 1.
   63.3(2) The department of education shall also provide forms to AEAs for use by the juvenile homes requesting educational services. These forms must be filed with the AEA annually by December 1 of the fiscal year prior to the school year for which the services are being requested or 90 days prior to the beginning of the time for which the services are being requested if the facility is a newly established facility. An AEA shall file a budget amendment for a newly established juvenile home requesting educational services 90 days prior to the initial delivery of the educational services.

281—63.4(282) Budget amendments. An AEA shall amend the budget during the fiscal year in which actual classrooms implemented are different than budgeted or there is a significant decrease or increase in the student membership that would change the number of teachers or aides necessary to support the average daily membership. An amendment shall also be required if actual expenditures vary significantly from expenditures which were budgeted. A significant variance in actual expenditures means that the amount of funding which would be reverted to or due from the state equals or exceeds 10 percent of the advance payments in the subsequent year prior to adjustments.

281—63.5(282) Area education agency responsibility. An AEA shall provide or make provision for an appropriate educational program for each child living in the following types of facilities located within its boundaries:
   1. An approved or licensed shelter care home, as defined in Iowa Code subsection 232.2(34).
   2. An approved juvenile detention home, as defined in Iowa Code subsection 232.2(32).

   The provision of the educational program shall be pursuant to a written agreement which identifies the responsibilities of the AEA, juvenile home, and any other agency with which the AEA contracts to provide the educational program.

281—63.6(282) Educational program.
   63.6(1) Methods of program provision. The AEA may provide the educational program by one of the following:
      a. Enrolling the child in the child’s district of residence.
      b. Obtaining the course of study of the child’s district of residence for use in the juvenile home where the child is living.
c. Enrolling the child in the district where the child is living.

d. Enrolling the child in the educational program provided in the juvenile home.

e. A delivery method not encompassed by “a” through “d” immediately preceding, with approval of the department of education.

In accordance with Iowa Code section 273.2, an AEA shall contract, whenever practicable, with other school corporations for the use of personnel, buildings, facilities, supplies, equipment, programs, and services.

63.6(2) Final determination. In the absence of a decision of a court regarding a child’s educational placement, the AEA where the child is living shall make the final determination regarding the provision of the appropriate educational program for the child, in consultation with the district of residence of the child and with the juvenile home. In making this determination, consideration shall be given to:

a. A preference for continuance of the child’s educational program that was in place prior to the child’s placement in the home.

b. Placement into the least restrictive environment.

c. Development of a plan for future educational programming.

d. The provisions of the court order if the child was placed in the facility by a court.

e. Factors including, but not limited to, the child’s emotional or physical state, the child’s safety and the safety of others, the child’s identified or assessed academic abilities, and the projected duration of stay in the home.

63.6(3) Cooperation with area education agency. The AEA of the child’s district of residence, the school district of residence, the school district in which the home is located, other AEAs, the juvenile home and other appropriate agencies involved with the care or placement of the child shall cooperate with the AEA where the child is living in sharing educational information, textbooks, curriculum, assignments, and materials in order to plan and to provide for the appropriate education of the child living in the home and to grant academic credit to the child for instructional time earned upon discharge from the home.

63.6(4) Summer school programs. Summer school programs, as distinguished from extended year programming, may be operated pursuant to Iowa Code subsection 282.31(5), and shall be considered as separate programs in each home. The fiscal year for a juvenile home program is from July 1 through June 30. Program and budget proposals submitted to the department of education prior to January 1, pursuant to Iowa Code section 282.31, may include requests for summer school programs, or portions of summer school programs, commencing July 1 of the subsequent fiscal year and summer school programs, or portions of summer school programs, ending June 30 of the subsequent fiscal year.

281—63.7(282) Special education. The AEA shall establish policies and procedures for screening and evaluating students living in juvenile homes who may require special education.

63.7(1) Assignment. A diagnostic-educational team shall be assigned by the AEA in which each program is located. This diagnostic-educational team shall include individuals who are appropriately qualified to conduct special education evaluations and to assist in planning programs for students who are provided a special education program pursuant to an individualized education program (IEP).

63.7(2) Duties. The duties of this diagnostic-educational team shall include the screening of all students for potential special education needs, identifying children in need of special education, providing needed special education support services and assisting in the implementation of needed special education programs.

63.7(3) Role of director of special education. It is the responsibility of the AEA director of special education to ensure that all procedures related to due process, protection in evaluation, least restrictive environment, development of individual educational programs and other requirements specified in 281—Chapter 41 are adhered to for students provided a special education program pursuant to an IEP who are served in juvenile homes. In addition, the director is responsible for coordinating the activities of the special education program with other programs and services provided.

281—63.8(282) Educational services.
63.8(1) **Assignment.** Personnel from the educational services division of the local AEA shall be made available to each program.

63.8(2) **Duties.** Personnel from the educational services division shall assist with curriculum development as well as provide all other services that are made available to local education agencies within the particular AEA.

281—63.9(282) **Media services.**

63.9(1) **Assignment.** Personnel from the media services division of the local AEA shall be made available to each program.

63.9(2) **Duties.** All services that are made available to local education agencies within the particular AEA shall be made available to these programs and students.

281—63.10(282) **Other responsibilities.** In addition to the above-mentioned responsibilities, AEA personnel shall assist with coordination of program curricula with the curricula of the local district in which the home is located and with the transition of students from these programs to subsequent program placement. This coordination shall include the establishment of procedures for ensuring that appropriate credit is available to the students while participating in the program.

281—63.11(282) **Curriculum.** Each program shall use the minimum curriculum requirements for approved or accredited schools as a guide to developing specific content for each student’s educational program. The content of each student’s program shall be sufficient to enable the student to earn credit while participating in the program.

281—63.12(282) **Disaster procedures.** Each home shall maintain a written plan containing emergency and disaster procedures that are clearly communicated to and periodically reviewed with staff.

281—63.13(282) **Maximum class size.**

63.13(1) Maximum class size in shelter care homes. The following maximum class size-to-staff ratio shall be used in shelter care homes:

<table>
<thead>
<tr>
<th>Average Daily Membership</th>
<th>Full-Time Teacher</th>
<th>Educational Aide(s)</th>
</tr>
</thead>
<tbody>
<tr>
<td>10 or fewer</td>
<td>1</td>
<td>1 aide</td>
</tr>
<tr>
<td>More than 10 through 20</td>
<td>2</td>
<td>1 aide with more than 10 but fewer than 15 students</td>
</tr>
<tr>
<td></td>
<td></td>
<td>2 aides with 15 through 20 students</td>
</tr>
<tr>
<td>More than 20 through 30</td>
<td>3</td>
<td>2 aides with more than 20 but fewer than 25</td>
</tr>
<tr>
<td></td>
<td></td>
<td>3 aides with 25 through 30 students</td>
</tr>
</tbody>
</table>

63.13(2) Maximum class size in detention homes. The class size-to-staff ratio used in detention homes shall be the same as that defined in subrule 63.13(1) unless the needs of the students in the class require a lesser ratio. If the needs of students in the class require a lesser ratio, it shall be no greater than the following class size-to-staff ratio:
Average Daily Membership | Full-Time Teacher | Educational Aide(s) |
--- | --- | --- |
Fewer than 10 | 1 | 1 aide with 5 or fewer students  
2 aides with more than 5 students |
10 through 20 | 2 | 2 aides with fewer than 15 students  
3 aides with 15 through 20 students |
More than 20 through 30 | 3 | 3 aides with fewer than 25 students  
4 aides with 25 through 30 students |

Support for this staffing ratio must be provided with the juvenile home budget proposals and with the juvenile home claims.

63.13(3) When a classroom is located in an off-site facility, a full-time educational aide may be assigned for each off-site classroom in addition to the number allowed in subrule 63.13(1) or 63.13(2).

63.13(4) The department of education may waive subrules 63.13(1), 63.13(2), and 63.13(3) if student characteristics such as the age range of students in the home or the percentage of students in the home involved in adult criminal proceedings necessitate a different class size-to-staff ratio. Any variance from the maximum prescribed class size-to-staff ratio must be approved by the department of education on an annual basis. Support for the waiver request must be provided with the juvenile home budget proposals and with the juvenile home claims.

63.13(5) Average daily membership for determining class size in subrules 63.13(1) to 63.13(4) for the juvenile home budget proposals shall be based on the actual average daily membership from the year previous to the base year, average daily membership to date in the base year, and factors known at the time of the budget proposals which would impact the average daily membership in the budget year.

63.13(6) Class size waiver. If the number of teachers and aides as determined in subrules 63.13(1), 63.13(2), and 63.13(3) was appropriately estimated for the juvenile home budget proposal and was approved by the department of education, and the actual number of teachers or aides is determined to be in excess of maximum class sizes based on the actual average daily membership of students on the juvenile home claims, the department of education may waive subrules 63.13(1), 63.13(2), and 63.13(3).

63.13(7) Multiple classrooms. If the educational program at any one juvenile home is provided in more than one classroom location and using multiple classroom locations results in a different number of teachers and aides than would have been allowed if the students were in one classroom, the department of education may waive subrules 63.13(1) and 63.13(2). Support for the waiver request must be provided with the juvenile home budget proposals annually.

63.13(8) Monitoring class size. The AEA shall develop policies and procedures to monitor and ensure that the educational program is provided sufficient instructional staff.

63.14(1) Certification. Each teacher who is assigned to these programs shall hold Iowa certification either for multicategorical special education or for behavioral disorders, or both, as appropriate to the grade level of the students served.

63.14(2) In-service. Each teacher shall be provided appropriate in-service education opportunities annually in areas defined through needs assessments.

281—63.15(282) Aides. Educational aides shall be provided preservice and in-service opportunities consistent with duties to be performed and shall work under the direct supervision of the teacher.

281—63.16(282) Accounting. Revenues, expenditures, and balances of the juvenile home programs shall be accounted for in the manner provided in Uniform Financial Accounting for Iowa LEAs and AEAs, except as otherwise noted in these rules.

63.16(1) Fund. Juvenile home instructional programs shall be accounted for in a special revenue fund. The fund balances shall be maintained in the special revenue fund at year end, and the continuance or disposition of positive or negative fund balances shall be determined by the department of education.
63.16(2) Tuition. Tuition paid or received shall be calculated as follows:
   a. If juvenile home students not requiring special education attend a local school district, other than
      the district of residence, tuition shall be calculated in the manner prescribed in Iowa Code section
      282.24 for determining tuition costs for any nonresident student attending a local school district. In lieu
      of paying tuition to the local school district for these students, the AEA may request the local school
      district to account for these students through the foster care facility claim process.
   b. Tuition for students provided a special education program pursuant to an IEP shall be paid by
      the district of residence, in accordance with the rules of special education and pursuant to Iowa Code
      chapter 282, to the district in which the juvenile home is located or to the AEA, whichever is providing
      the special education. The district in which the juvenile home is located or the AEA, whichever is
      providing the special education, shall notify the district of residence if the child was being served on the
      third Friday in September by the district in which the home is located or by the AEA. The district in
      which the juvenile home is located or the AEA, whichever is providing the special education, shall also
      notify the district of residence if the child was being served on December 1 by the district in which the
      home is located or by the AEA.

281—63.17(282) Revenues. Revenues shall include:
   1. Funding received pursuant to Iowa Code section 282.31,
   2. Educational excellence funding received pursuant to Iowa Code chapter 294A for teachers in
      the juvenile home program,
   3. Tuition revenue from the district of residence or agency in another state for educational services
      provided for out-of-state students,
   4. Tuition revenue from the district of residence for educational services for students provided a
      special education program pursuant to an IEP, and
   5. Other miscellaneous funding received or accrued for the purpose of operating the juvenile home
      instructional programs.

281—63.18(282) Expenditures. Expenditures may include actual instructional expenditures, student
support services expenditures, instructional staff support services expenditures, administrative support
services, operations and maintenance of plant services, student transportation services, and interfund
transfers for indirect costs. Supplies and equipment necessary to provide the educational program shall
be equivalent to those provided to a comparable number of students by the district in which the juvenile
home is located. Classroom space shall be adequate for the number and needs of children in the juvenile
home instructional program.

63.18(1) Instructional expenditures. Instructional expenditures may include:
   a. Salaries and employee benefits of employees providing instructional services. Included are
      teachers, substitutes, other instructional personnel, and aides.
   b. Purchased services, supplies, and equipment, which are customarily considered instructional
      expenditures.
   c. Intrafund transfers.
   d. The department of education shall annually determine the maximum amount that may
      be expended on instructional expenditures. Total expenditures for instructional services for each
      continuing classroom, other than salary and employee benefits, which are not provided pursuant to an
      IEP shall not exceed 10 percent of the state average expenditure on instructional salaries and employee
      benefits in the juvenile home program in the year prior to the base year. New classrooms in the first
      year of operation shall not exceed twice the maximum amount calculated.

63.18(2) Student and instructional staff support services and student transportation services
expenditures. Among the services included in these categories are guidance services, transportation
services, curriculum development, library and instructional technology. Expenditures may include
salaries, employee benefits, purchased services, supplies, equipment, and intrafund transfers.
63.18(3) Administrative support services, operation and maintenance of plant services, and interfund transfers. Administrative support services, operation and maintenance of plant services and interfund transfer expenditures may include:

a. Intrafund transfers and actual costs of general administration services provided to the juvenile home program. Expenditures for general administrative costs shall correspond to the amount of the administrator’s time assigned and provided to the juvenile home program.

b. Intrafund transfers and actual costs of division administrative services provided to the juvenile home program. Expenditures for division administrative costs shall correspond to the amount of the administrator’s time assigned and provided to the juvenile home program.

c. Expenditures for the administrative services of administrative staff assigned directly to the juvenile home program.

d. Expenditures for business administration services provided to the juvenile home program. The juvenile home program may be charged for costs of providing business administration services. If the juvenile home program is charged for providing business administration services, the amount shall be either actual costs or the amount determined by using the restricted indirect cost rate applied to allowable juvenile home program expenditures.

e. The total of all expenditures for administrative services shall be no greater than the actual cost determined by the AEA’s accounting records or 10 percent of the total expenditures in the juvenile home program, whichever is less.

f. Expenditures for operation and maintenance of plant services except as restricted in subrule 63.18(4).

g. The total of all expenditures for administrative services and for operation and maintenance of plant services shall be no greater than the actual cost determined by the AEA’s cost accounting system or 20 percent of the total expenditures in the juvenile home program, whichever is less.

63.18(4) Unauthorized expenditures. Expenditures shall not include expenditures for debt services, for facilities acquisition and construction services including remodeling and facility repair, or for rental expenditures for classroom facilities when adequate space is available at the juvenile home or AEA.

63.18(5) Charges for AEA services. As required by rules 63.7(282), 63.8(282), and 63.9(282), juvenile home students shall have available to them special education support services, educational services, and media services comparable to those services made available to other students in the AEA; however, expenditures for these services are inherent costs to the respective AEA programs and are not to be assessed to the juvenile home educational program.

1 Effective date of 3/15/00 delayed 70 days by the Administrative Rules Review Committee at its meeting held March 10, 2000; delay lifted by the Committee at its meeting held April 7, 2000, effective April 8, 2000.

281—63.19(282) Claims. AEAs shall submit program and budget proposals and claims consolidating all juvenile home education programs within each AEA. Certain program information may be required for each separate juvenile home.

The number of classrooms being provided by each AEA shall be reported on the budget proposals and claims. The number is to be expressed in terms of full-time equivalent (FTE) classrooms. One FTE represents a full-time teacher providing a program during the normal school year. One-tenth FTE shall be added for each month of summer school taught on a daily full-time basis. A full school year and three months of summer school is calculated as 1.3 FTE.

Pursuant to Iowa Code section 294.4, each teacher shall keep a daily register which shall include the name, age, attendance, and enrollment status of each student.

The average daily membership of students of school age living in juvenile homes who are being provided an educational program shall be reported on the budget proposals and claims. “Average daily membership (ADM)” shall mean the average obtained by dividing the total of the aggregate days of attendance plus the aggregate days of absence by the total number of student contact days. Student contact days are the days during which the educational program is provided and students are under the
guidance and instruction of the instructional professional staff. “Aggregate days” means the sum of the number of days of attendance and days of absence for all pupils who are enrolled during the school year. A student shall be considered enrolled after being placed in a juvenile home and taking part in the educational program. A student is considered to be in membership from the date of enrollment until the date of leaving the juvenile home or receiving a high school diploma or its equivalent, whichever occurs first. ADM shall be calculated on the regular school year exclusive of summer session. School age is defined pursuant to Iowa Code chapter 282.

281—63.20(282) Audits. AEAs must make the records related to providing educational services for juvenile homes available to independent auditors, state auditors and department of education staff on request.

281—63.21(282) Waivers. A waiver may be requested by an AEA which presents evidence of a need for a different configuration of expenditures under paragraph 63.18(1) “d,” 63.18(3) “a,” 63.18(3) “b,” 63.18(3) “e,” or 63.18(3) “g.” or subrule 63.18(4) or 63.18(5). The AEA must annually request the waiver and must include the waiver request and the evidence required by this rule with the program and budget proposal or budget amendment submitted pursuant to rule 63.3(282) or rule 63.4(282). An approved waiver related to rent payment to the juvenile home does not require an annual waiver request except in any year that the rental contract terms change from the rental contract terms in the previous year.

If the department denies a waiver request, the AEA which was denied may request within ten days of notification of the denial that the director of the department of education review the denial of the waiver request.

It is the intent of the department of education to waive requirements only when it is determined that they would result in unequal treatment of the AEAs or cause an undue hardship to the requesting AEA and the waiver clearly is in the public interest.

These rules are intended to implement Iowa Code sections 282.30 as amended by 2000 Iowa Acts, Senate File 2294, and 282.31.

1 Effective date of 63.18(4) delayed 70 days by the Administrative Rules Review Committee at its meeting held March 10, 2000; delay lifted by the Committee at its meeting held April 7, 2000, effective April 8, 2000.
CHAPTER 64
CHILD DEVELOPMENT COORDINATING COUNCIL

281—64.1(256A,279) Purpose. These rules structure the child development coordinating council, whose purpose is to promote the provision of services to three- and four-year-old children who are at risk and public school child development programs for three-, four-, and five-year-old children who are at risk. These rules also set forth the procedures and conditions under which state funds shall be made available to assist local child development programs for children who are at risk.

[ARC 3767C, IAB 4/25/18, effective 5/30/18]

281—64.2(256A,279) Definitions.

“Applicant” means a public or private nonprofit organization, licensed by the department of human services or approved by the department of education, which applies for the state child development funds.

“Child development grants” means the funds awarded by the council to assist child development programs.

“Children who are at risk” means a student who meets one or more of the primary and secondary risk factors stated in rules 281—64.7(256A,279) and 281—64.8(256A,279).

“Council” means the child development coordinating council.

“Department” means the department of education.

“Grantee” means the applicant designated to receive child development grants.

“Low-income family” means a family who meets the financial eligibility criteria for free meals offered under the child nutrition program.

“Project” means the child development program for which grant funds are requested.

“Public school applicant” means a public school district approved by the department which applies for the state public school child development funds.

“Public school child development grants” means the funds awarded by the council to assist public school child development programs as established in Iowa Code section 279.51.

“Public school grantee” means the applicant designated to receive public school child development grants.

“Public school project” means the public school child development program for which grant funds are requested.

[ARC 3767C, IAB 4/25/18, effective 5/30/18]

281—64.3(256A,279) Child development coordinating council. The council members shall be as provided in Iowa Code section 256A.2. The Iowa resident parent shall be chosen by the Iowa Head Start Association.

[ARC 3767C, IAB 4/25/18, effective 5/30/18]

281—64.4(256A,279) Procedures.

64.4(1) A quorum shall consist of two-thirds of the voting members.

64.4(2) When a quorum is present, a position shall pass when approved by a majority of voting members.

64.4(3) The council shall meet at least four times per year and may meet more often at the call of the chair or a majority of voting members.

64.4(4) The chairperson and vice-chair shall be elected by the council for a term of two years. After the initial two-year term as vice-chair, the vice-chair shall assume the role of chairperson for a term of two years.

[ARC 3767C, IAB 4/25/18, effective 5/30/18]

281—64.5(256A,279) Duties. The duties of the council shall be as provided in Iowa Code sections 256A.3 and 279.51.

281—64.6(256A,279) Eligibility identification procedures. In a year in which funds are made available by the Iowa legislature, the council shall grant awards on a competitive basis to child
development programs for three- and four-year-old children who are at risk and public school child development programs for three-, four-, and five-year-old children who are at risk. Competitive grants will be awarded with a renewal option for up to five years when grantees meet program requirements. If program requirements are not met, the department may discontinue grant funding at the start of the following fiscal year.

[ARC 1488C, IAB 6/11/14, effective 7/16/14; ARC 3767C, IAB 4/25/18, effective 5/30/18]

281—64.7(256A,279) Primary eligibility.

64.7(1) Child development grants. At least 80 percent of the funded available enrollment slots for three- and four-year-old children who are at risk shall be directed to serve children in primary eligibility categories as follows:

a. Children reaching three or four years of age on or before September 15 of the contract year; and

b. Members of a low-income family.

64.7(2) Public school child development grants. At least 80 percent of the funded available enrollment for three-, four-, and five-year-old children who are at risk in public school child development programs shall be directed to serve children in primary eligibility categories as follows:

a. Children reaching three, four, or five years of age on or before September 15 of the contract year; and

b. Members of a low-income family.

64.7(3) Enrollment criteria. Applicants must document the number of children enrolled under primary eligibility and the criteria used for enrollment.

[ARC 3767C, IAB 4/25/18, effective 5/30/18]

281—64.8(256A,279) Secondary eligibility.

64.8(1) Criteria. Up to 20 percent of the available funded child development enrollment slots for at-risk may be filled by children who are three or four years of age on or before September 15 or public school enrollment slots by children who are three, four, or five years of age on or before September 15; are above the income eligibility guidelines provided that they are served on a sliding fee schedule determined at the local level; and are eligible according to one or more of the following criteria if the child:

1. Is functioning below chronological age in two or more developmental areas, one of which may be English proficiency, as determined by an appropriate professional;

2. Was born at biological risk, such as low birth weight (under 1500 grams—approximately three pounds) or with a diagnosed medical disorder, such as spina bifida or Down’s syndrome;

3. Was born to a parent who was under the age of 18; or

4. Resides in a household where one or more of the parents or guardian:
   Has not completed high school;
   Has been identified as a substance abuser;
   Has been identified as chronically mentally ill;
   Is illiterate;
   Is incarcerated; or
   Is a child or spouse abuser.

5. Has other special circumstances, such as foster care or being homeless.

The program may include children not at risk, provided they are at full pay and meet other age requirements.

64.8(2) Enrollment criteria. Applicants must document the number of children enrolled under secondary eligibility and the criteria used for enrollment.

281—64.9(256A,279) Grant awards criteria.

64.9(1) Criteria points. The following information shall be provided and points shall be awarded to applicants based on the following criteria as stated in the request for proposal:

1. Provision of a comprehensive child development program.

2. Limited class size.
3. Child-teacher ratios of not less than one staff member per eight children.
5. Demonstration of community support.
6. Utilization of services provided by other community agencies.
7. Use of qualified teachers.
8. Existence of a plan for program evaluation including, but not limited to, measurement of student outcomes.
9. Developmentally appropriate practices.

**64.9(2) Additional grant components.** The following information shall be provided and points shall be awarded to applicants based on the following additional components.

1. Program summary.
2. Research documentation.
3. Identification and documentation of local populations who are at risk.
4. Letters of community support.
5. Program budget (administrative costs not to exceed 10 percent of total award).

### 281—64.10(256A,279) Application process.** The council shall advise the department to announce through public notice the opening of an application period.

[ARC 1488C, IAB 6/11/14, effective 7/16/14]

### 281—64.11(256A,279) Request for proposals.** Applications for the child development grants and public school grants shall be distributed by the department upon request. Proposals not containing the specified information or not received by the specified date may not be considered. All applications shall be submitted in accordance with instructions in the requests for proposals. The proposals shall be submitted to the department.

[ARC 1488C, IAB 6/11/14, effective 7/16/14]

### 281—64.12(256A,279) Grant process.

**64.12(2)** A rating team shall review and rank the proposals and shall be composed of persons with expertise in child development programs and fiscal management experience.

**64.12(3)** The council shall have the final discretion to award funds.

**64.12(4)** The council shall advise the department to notify successful applicants and to provide to each of them a contract for signature.

[ARC 1488C, IAB 6/11/14, effective 7/16/14]

### 281—64.13(256A,279) Award contracts.** Administrative costs under these programs shall be limited to 10 percent of the total award.

### 281—64.14(256A,279) Notification of applicants.** Applicants shall be notified within 45 days following the due date for receipt of proposals as to whether their request shall be funded.

[ARC 1488C, IAB 6/11/14, effective 7/16/14]

### 281—64.15(256A,279) Grantee responsibilities.

**64.15(1)** The grantee shall maintain records which include but are not limited to:

- Information on children and families served.
- Direct services provided to children.
- Record of expenditures.
- Other appropriate information specified by the council necessary to the overall evaluation.

Monitoring of such records will be conducted through the submission of annual reports by the grantee and may include on-site review as determined necessary by the department.
64.15(2) Programs in year one of award. Each program in year one of a grant awarded on or after July 1, 2015, shall meet the program standards and accreditation criteria of the National Association for the Education of Young Children, the Iowa quality preschool program standards, or other approved program standards as determined by the department during the program’s first year of funding. Programs that do not attain accreditation or that do not receive a waiver will not be funded.

64.15(3) Programs in renewal years.
   a. Programs awarded grants prior to July 1, 2015, shall participate in the renewal process and maintain accreditation with the National Association for the Education of Young Children until the end of the final renewal year. Programs unable to maintain accreditation may apply for a waiver of accreditation within 30 days of the change in accreditation status. Waivers shall be awarded at the discretion of the council. Programs that do not maintain accreditation or that do not receive a waiver will not be funded.
   b. Programs awarded grants on or after July 1, 2015, shall participate in the renewal process and maintain accreditation with the National Association for the Education of Young Children, the Iowa quality preschool program standards and criteria, or other approved program standards as determined by the department. Programs unable to maintain accreditation may apply for a waiver of accreditation within 30 days of the change in accreditation status. Waivers shall be awarded at the discretion of the council. Programs that do not maintain accreditation or that do not receive a waiver will not be funded.
   c. Continuation of a grantee’s participation for a second or subsequent renewal year is subject to the approval of the department based upon the grantee’s compliance with program requirements and the department’s review of the grantee’s implementation of the grant program.
   d. Awarded grantees are to maintain the program standards identified in the awarded application throughout the five-year grant cycle, unless unforeseen circumstances occur. Such circumstances will be considered at the discretion of the council.

64.15(4) Grantees shall provide annual reports that include information detailing progress toward goals and objectives, expenditures and services provided on forms provided for those reports. Failure to submit reports by the due date shall result in suspension of financial payments to the grantee until the time that the report is received. No funds shall be made available to programs in renewal years when there are delinquent reports from prior years. No new initial awards shall be made to programs when there are delinquent reports from prior grant cycles.

64.15(5) Grantees may direct the use of money received to serve any qualifying child ranging in age from three years old to five years old, regardless of the age of population indicated on the grant request in the grantee’s initial year of application. A grantee is encouraged to consider the degree to which the program complements existing local programs and services for three-year-old, four-year-old, and five-year-old children who are at risk, including other child care and preschool services, services provided through a school district, and services available through an area education agency.

ARC 9904B, IAB 12/14/11, effective 1/18/12; ARC 1488C, IAB 6/11/14, effective 7/16/14; ARC 3767C, IAB 4/25/18, effective 5/30/18

281—64.16(256A,279) Withdrawal of contract offer. If the applicant and the department are unable to successfully negotiate a contract, the council may withdraw the award offer.

281—64.17(256A,279) Evaluation. The grantee shall cooperate with the council and provide requested information to determine how well the goals and objectives of the project are being met.

281—64.18(256A,279) Contract revisions and budget reversions. The grantee shall immediately inform the department of any revisions in the project budget. The department and the grantee may negotiate a revision to the contract to allow for expansion or modification of services but shall not increase the total amount of the grant. The council may advise the department regarding revised contracts if the revision is in excess of 10 percent of a budget category. Grantees who revert 3 percent or more of their program budget at the end of the budget year will have that dollar amount permanently deducted from all subsequent grant awards.

ARC 1488C, IAB 6/11/14, effective 7/16/14
281—64.19(256A,279) **Termination for convenience.** The contract may be terminated in whole or in part when both parties agree that the continuation of the project would not produce beneficial results commensurate with the future expenditure of funds. The parties shall agree upon the termination conditions, including the effective date, and in the case of partial terminations, the portion to be terminated. The grantee shall not incur new obligations for the terminated portion after the effective date, and shall cancel as many outstanding obligations as possible.

281—64.20(256A,279) **Termination for cause.** The contract may be terminated in whole or in part at any time before the date of completion, whenever it is determined by the council that the grantee has failed to comply substantially with the conditions of the contract. The grantee shall be notified in writing by the department of the reasons for the termination and the effective date. The grantee shall not incur new obligations for the terminated portion after the effective date of termination and shall cancel as many outstanding obligations as possible.

The department shall administer the child development grants and public school grants contingent upon their availability. If there is a lack of funds necessary to fulfill the fiscal responsibility of the child development grants and the public school grants, the contracts shall be terminated or renegotiated. The council may terminate or renegotiate a contract upon 30 days’ notice when there is a reduction of funds by executive order.

The contract may be terminated in whole or in part by June 30 of the current fiscal year in the event that the grantee has not attained accreditation by the National Association for the Education of Young Children or has not been awarded a waiver of accreditation by the council.

[ARC 1488C, IAB 6/11/14, effective 7/16/14]

281—64.21(256A,279) **Responsibility of grantee at termination.** Within 45 days of the termination, the grantee shall supply the department with a financial statement detailing all costs up to the effective date of the termination. If the grantee expends money for other than specified budget items approved by the council, the grantee shall return moneys for unapproved expenditures.

281—64.22(256A,279) **Appeal from terminations.** Any agency or public school aggrieved by a unilateral termination of a contract pursuant to 281—64.20(256A,279) may appeal the decision to the director of the department in writing within 30 days of the decision to terminate. The hearing procedures found at 281—Chapter 6 shall be applicable to appeals of terminated grantees, except that 281—subrules 6.10(3) and 6.10(4) and rules 281—6.11(290) and 281—6.12(290) do not apply to decisions of the director.

In the notice of appeal, the grantee shall give a short and plain statement of the reason for the appeal. The director shall issue a decision within a reasonable time, not to exceed 120 days from the date of the hearing.

281—64.23(256A,279) **Refusal to issue ruling.** The director may refuse to issue a ruling or decision upon an appeal for good cause. Good cause includes, but is not limited to, the following reasons:

1. The appeal is untimely;
2. The appellant lacks standing to appeal;
3. The appeal is not in the required form or is based upon frivolous grounds;
4. The appeal is moot because the issues raised in the notice of appeal or at the hearing have been settled by the parties;
5. The termination of the grant was beyond the control of the department because it was due to lack of funds available for the contract.

281—64.24(256A,279) **Request for Reconsideration.** A disappointed applicant who has not been approved for funding may file a Request for Reconsideration with the director of the department in writing within 10 days of the decision to decline to award a grant. In order to be considered by the director, the Request for Reconsideration shall be based upon one of the following grounds:

1. The decision process was conducted in violation of statute or rule;
2. The decision violates state or federal law, policy, or rule (to be cited in the Request);
3. The decision process involved a conflict of interest.

Within 20 days of filing a Request for Reconsideration, the requester shall submit all written documentation, evidence, or argument in support of the request. The director shall notify the child development coordinating council of the request and shall provide the council an opportunity to defend its decision with written documentation, evidence, or argument, which shall be submitted within 20 days of receipt of the request. The council shall provide copies of all documents to the requester at the time the items are submitted to the director.

The director shall issue a decision granting or denying the Request for Reconsideration within 30 days of the receipt of the evidence, or no later than 60 days from the date of Request for Reconsideration, unless a later date is agreeable to the requester and the council.

281—64.25(256A,279) Refusal to issue decision on request. The director may refuse to issue a decision on a Request for Reconsideration upon good cause. Good cause includes, but is not limited to, the following reasons:
   1. The request was untimely;
   2. The requester lacks standing to seek reconsideration;
   3. The request is not based on any of the available grounds in rule 281—64.22(256A,279), or is merely frivolous or vexatious;
   4. The requester failed to provide documentation, evidence or argument in support of its request;
   5. The request is moot due to negotiation and settlement of the issue(s).

281—64.26(256A,279) Granting a Request for Reconsideration. If the director grants a Request for Reconsideration, the council shall consider the grantee’s application in accordance with the director’s findings and decision.

These rules are intended to implement Iowa Code chapter 256A and section 279.51.

CHAPTER 65
PROGRAMS FOR AT-RISK EARLY ELEMENTARY STUDENTS

281—65.1(279) Purpose. These rules set forth procedures and conditions under which state funds shall be granted to public school districts that have elementary schools that demonstrate the greatest need for programs for at-risk students in early elementary grades.

[ARC 3042C, IAB 4/26/17, effective 5/31/17]

281—65.2(279) Definitions. "At-risk student" means, for purposes of this chapter, a student in early elementary grades who is eligible for free or reduced-price meals.

“Awardee” means a public school district designated to receive the at-risk early elementary school award funds for buildings serving early elementary grades with a high percentage of at-risk students.

“Department” means the department of education.

“Early elementary grades” means kindergarten through grade three.

[ARC 3042C, IAB 4/26/17, effective 5/31/17]

281—65.3(279) Eligibility identification procedures. In a year in which funds are made available by the Iowa legislature, the department shall grant awards to districts for buildings serving early elementary grades with a high percentage of at-risk students.

[ARC 3042C, IAB 4/26/17, effective 5/31/17]

281—65.4(279) Award allocation procedure. Using a formula determined by the department, the department will distribute awards based on the number of early elementary students in the identified buildings serving a high percentage of at-risk students.

65.4(1) As specified in Iowa Code section 279.51(1)“c,” $75,000 will be distributed to districts with an actual student population of less than 10,000 and an actual non-English speaking student population of greater than 5 percent. These funds must be directed by the awardee to the building(s) serving the highest percentage of at-risk early elementary students.

65.4(2) Remaining funds will be allocated to school districts not meeting the threshold stated in subrule 65.4(1) for buildings serving the highest percentage of at-risk early elementary students. The department shall have final discretion regarding awarding of funds.

[ARC 3042C, IAB 4/26/17, effective 5/31/17]

281—65.5(279) Award acceptance process. The department shall notify eligible districts of the opportunity to be granted an award for a three-year cycle. A district shall make formal acceptance using forms issued and procedures established by the department. Districts shall verify that an official with vested authority has approved the acceptance.

[ARC 3042C, IAB 4/26/17, effective 5/31/17]

281—65.6(279) Awardee responsibilities. Each year the awardee shall complete reports on forms provided by the department, including the following:

1. An initial report including a proposed budget and expected outcomes.
2. A midyear report including expenditures through the end of the calendar year.
3. An end-of-the-year report including total expenditures and a statement of impact on expected outcomes.

[ARC 3042C, IAB 4/26/17, effective 5/31/17]

281—65.7(279) Allowable expenditures. As set forth in Iowa Code section 279.51(1)“c,” school districts receiving awards shall, at a minimum, provide activities and materials designed to encourage children’s self-esteem, provide role modeling and mentoring techniques in social competence and social skills, and discourage inappropriate drug use. Additional allowable expenditures include salaries and benefits for teachers and paraeducators, and activities and materials to improve academic achievement. These funds shall be used for instruction, activities, and materials that are in addition to the regular school curricula for children participating in these programs and shall only be used in the building for
which the award is made. Inappropriate uses of award funding include, but are not limited to, indirect costs or use charges, operational or maintenance costs, capital expenditures, student transportation other than that which is directly related to the activities and materials described in this rule, or administrative costs. Moneys received shall be subject to the general provisions described in rules 281—98.1(257) and 281—98.2(257).

[ARC 3042C, IAB 4/26/17, effective 5/31/17]

281—65.8(279) Evaluation. The awardee shall cooperate with the department and provide requested information to determine how well the outcomes in rule 281—65.6(279) are being met. Statewide leadership teams will review final reports and provide useful feedback about buildings to awardees. This feedback will include information about innovative components to building programs. Buildings demonstrating innovation will be given preference the following grant cycle.

[ARC 3042C, IAB 4/26/17, effective 5/31/17]

281—65.9(279) Budget revisions. The awardee shall obtain the approval of the department for any revisions in the proposed budget in excess of 10 percent of a line item, provided the revisions do not increase the total amount of the award.

[ARC 3042C, IAB 4/26/17, effective 5/31/17]

281—65.10(279) Termination for convenience. The award may be terminated, in whole or in part, upon agreement of both parties. The parties shall agree upon the termination conditions, including the effective date, and in the case of partial termination, the portion to be terminated. The awardee shall not incur new obligations for the terminated portion after the effective date of termination and shall cancel as many outstanding obligations as possible.

[ARC 3042C, IAB 4/26/17, effective 5/31/17]

281—65.11(279) Termination for cause. The award may be terminated, in whole or in part, at any time before the date of completion, whenever it is determined by the department that the awardee has failed to comply substantially with the conditions of the award. The awardee shall be notified in writing by the department of the reasons for the termination and the effective date. The awardee shall not incur new obligations for the terminated portion after the effective date of termination and shall cancel as many outstanding obligations as possible.

The department shall administer the at-risk early elementary school awards contingent upon the availability of state funds. If there is a lack of funds necessary to fulfill the fiscal responsibility of the awards, the awards shall be terminated or renegotiated. The department may terminate or renegotiate an award upon 30 days’ notice when there is a reduction of funds by executive order.

[ARC 3042C, IAB 4/26/17, effective 5/31/17]

281—65.12(279) Responsibility of awardee at termination. Within 45 days of the effective date of award termination, the awardee shall supply the department with a financial statement detailing all program expenditures up to the effective date of the termination. The awardee shall be solely responsible for all expenditures after the effective date of termination.

[ARC 3042C, IAB 4/26/17, effective 5/31/17]

281—65.13(279) Appeals from terminations. Any awardee aggrieved by a unilateral termination of an award pursuant to rule 281—65.11(279) may appeal the decision to the director of the department in writing within 30 days of the decision to terminate.

65.13(1) Form of appeal. In the notice of appeal, the awardee shall give a short and plain statement of the reason for the appeal.

65.13(2) Appeal procedures. The hearing procedures found at 281—Chapter 6 shall be applicable to appeals of terminated awards. The director shall issue a decision within a reasonable time, not to exceed 120 days from the date of hearing.

65.13(3) Grounds for reversal. Termination of an award under this chapter shall be reversed only if the awardee proves the process was conducted outside of statutory authority; violated state or federal
law, policy, or rule; did not provide adequate public notice; was altered without adequate public notice; or involved conflict of interest by staff or committee members.

65.13(4) Mandatory denial of appeal. In lieu of a decision on the merits of an appeal, the director of the department shall deny an appeal if the director finds any of the following:

a. The appeal is untimely;
b. The appellant lacks standing to appeal;
c. The appeal is not in the required form or is based upon frivolous grounds;
d. The appeal is moot because the issues raised in the notice of appeal or at the hearing have been settled by the parties; or
e. The termination of the award was beyond the control of the department due to lack of available funds.

These rules are intended to implement Iowa Code section 279.51.

CHAPTER 66
SCHOOL-BASED YOUTH SERVICES PROGRAMS
Rescinded ARC 6379C, IAB 6/29/22, effective 8/3/22
CHAPTER 67
EDUCATIONAL SUPPORT PROGRAMS FOR PARENTS
OF AT-RISK CHILDREN AGED BIRTH THROUGH FIVE YEARS

281—67.1(279) Purpose. These rules set forth procedures and conditions under which state funds shall be granted to school districts, area education agencies or other agencies which administer quality educational support services to parents of at-risk children aged birth through five years.

[ARC 1487C, IAB 6/11/14, effective 7/16/14]

281—67.2(279) Definitions.
“Applicant” means a public school district, area education agency or an agency which applies for the funds to provide quality educational support programs to parents of at-risk children aged birth through five years, with an emphasis on parents of children aged birth through three years.

“At-risk children” means children birth through age five who are at risk because of physical or environmental influence.

“Council” means the child development coordinating council.

“Department” means the department of education.

“Early intervention interagency council” means the community early intervention interagency councils for infants and toddlers with disabilities and their families formed to assist with the implementation of P.L. 99-457, Part H, which amends P.L. 94-142, Education of the Handicapped Act.

“Educational support services” means individual or group opportunities providing information to parents which focuses on: parenting skills, child growth and development, building of self-concept, nutrition, positive guidance techniques, family resource management, parent literacy, and how to access the array of supportive services from a network of agencies that are available to families with young children who are at risk.

“Grantee” means the applicant designated to receive the grants for educational support services to parents of at-risk children aged birth through five years.

“Parent” means biological, adoptive, surrogate, foster parent, or guardian.

“Quality educational support services” means educational support services that have a qualified or trained staff to provide a program which meets the needs of parents through the use of a validated curriculum or which is based on a model project which has proven successful in another state or location.

[ARC 1487C, IAB 6/11/14, effective 7/16/14]

281—67.3(279) Eligibility identification procedures. In a year in which funds are made available by the Iowa legislature, the department shall grant awards to applicants for the provision of educational support services to parents of at-risk children aged birth through five years with priority to applicants that serve parents of at-risk children aged birth through three years. Funds shall be made available on a competitive basis to schools or nonprofit agencies demonstrating an ability to provide quality educational support services to parents of at-risk children aged birth through five years. Competitive grants will be awarded with a renewal option for up to five years contingent upon the awardee’s meeting program requirements. If program requirements are not met, the department may discontinue grant funding at the start of the following fiscal year.

[ARC 1487C, IAB 6/11/14, effective 7/16/14]

281—67.4(279) Eligibility. The available funds shall be directed to serve parents of at-risk children aged birth through five years in the primary eligibility category as follows:

Parents having one or more children aged birth through five years who meet the current income eligibility guidelines for free and reduced price meals in a local school or whose total income is, or is projected to be, equal to or less than 125 percent of the federally established poverty guidelines.

[ARC 1487C, IAB 6/11/14, effective 7/16/14]

281—67.5(279) Secondary eligibility. The available funds shall be directed to serve parents of at-risk children aged birth through five years when children qualify in one or more of the secondary eligibility categories as follows:
1. Children who are abused.
2. Children functioning below chronological age in two or more developmental areas, one of which may be English proficiency, as determined by an appropriate professional.
3. Children born with an established biological risk factor, such as very low birth weight (under 1500 grams—approximately three pounds) or with conditions such as spina bifida, Down’s syndrome or other genetic disorders.
4. Children born to a parent who was under the age of 18.
5. Children residing in a household where one or more of the parents or guardian:
   • Has not completed high school;
   • Has been identified as a substance abuser;
   • Has been identified as chronically mentally ill;
   • Is incarcerated;
   • Is illiterate;
   • Is a child abuser or spouse abuser; or
   • Has limited English proficiency.
6. Children having other special circumstances, such as foster care or being homeless.

[ARC 1487C, IAB 6/11/14, effective 7/16/14]

281—67.6(279) Grant awards criteria.

67.6(1) Criteria points. The following information shall be provided and points shall be awarded to applicants based on the following criteria as stated in the request for proposal:
1. Identification of parents of at-risk children.
2. Positive family focus.
3. Educational support programs to provide family services.
4. Community and interagency coordination.
5. Overall program evaluation.
7. Program budget (administrative) costs not to exceed 10 percent of total award.

67.6(2) Additional grant components. The following information shall be provided and points shall be awarded to applicants based on the following additional components.
1. Documentation of a need for this project.
2. Justification of how this project will utilize services from other agencies and how this project will supplement services to the eligible population.
3. Identification of the curriculum to be used or the model to be replicated.
4. Demonstration that persons qualified to administer these educational support services to parents will be employed.

[ARC 1487C, IAB 6/11/14, effective 7/16/14]

281—67.7(279) Application process. The department shall announce through public notice the opening of an application period.

281—67.8(279) Request for proposals. Applications for the educational support services to parents of at-risk children aged birth through five years grants shall be distributed by the department upon request.

[ARC 1487C, IAB 6/11/14, effective 7/16/14]

281—67.9(279) Award contracts.

67.9(1) Grants for educational support services to parents of at-risk children aged birth through five years shall not supplant other existing funding sources.

67.9(2) Administrative costs shall be limited to 10 percent of the total award.

[ARC 1487C, IAB 6/11/14, effective 7/16/14]

281—67.10(279) Notification of applicants. Applicants shall be notified of the department’s decision to approve or disapprove the proposal within 45 days of the deadline for applications. Negotiations
may be required. Successful applicants will be requested to have an official with vested authority sign a contract with the department.

[ARC 1487C, IAB 6/11/14, effective 7/16/14]

281—67.11(279) Grantee responsibilities. The grantee shall maintain records which include, but are not limited to:

1. Demographic information on parents and children served.
2. Qualifying criteria for those parents receiving educational support services.
3. Documentation of the number of contact hours in either individual or group sessions with parents.
4. Documentation of the type of educational support service provided to parents.
5. Indication of where the services were provided, i.e., home, school or community facility.
6. Evaluation of how each project goal and objective was met, on what timeline, and with what success rate.
7. Record of expenditures and an annual audit.
8. Other information specified by the department necessary to the overall evaluation.

Grantees shall complete a year-end report on forms provided by the department documenting the information outlined in this rule. The final project report is due 30 days after the completion of the project as defined in the contract with the department.

[ARC 1487C, IAB 6/11/14, effective 7/16/14]

281—67.12(279) Withdrawal of contract offer. If the applicant and the department are unable to successfully negotiate a contract, the department may withdraw the award offer.

281—67.13(279) Evaluation. The grantee shall cooperate with the department and provide requested information to determine how well the goals and objectives of the project are being met.

281—67.14(279) Contract revisions. The grantee shall immediately inform the department of any revisions in the project budget. The department and the grantee may negotiate a revision to the contract to allow for expansion or modification of services but shall not increase the total amount of the grant. The council may advise the department regarding revised contracts if the revision is in excess of 10 percent of a budget category.

[ARC 1487C, IAB 6/11/14, effective 7/16/14]

281—67.15(279) Termination for convenience. The contract may be terminated, in whole or in part, upon agreement of both parties. The parties shall agree upon the termination conditions, including the effective date, and in the case of partial termination, the portion to be terminated. The grantee shall not incur new obligations for the terminated portion after the effective date of termination and shall cancel as many outstanding obligations as possible.

281—67.16(279) Termination for cause. The contract may be terminated, in whole or in part, at any time before the date of completion, whenever it is determined by the department that the grantee has failed to comply substantially with the conditions of the contract. The grantee shall be notified in writing by the department of the reasons for the termination and the effective date. The grantee shall not incur new obligations for the terminated portion after the effective date of termination and shall cancel as many outstanding obligations as possible.

The department shall administer the educational support services grants contingent upon their availability. If there is a lack of funds necessary to fulfill the fiscal responsibility of these grants, the contracts shall be terminated or renegotiated. The department may terminate or renegotiate a contract upon 30 days’ notice when there is a reduction of funds by executive order.

281—67.17(279) Responsibility of grantee at termination. Within 45 days of the effective date of termination, the grantee shall supply the department with a financial statement detailing all program
expenditures up to the effective date of the termination. The grantee shall be solely responsible for all expenditures after the effective date of termination.

281—67.18(279) Appeal from terminations. Any agency or public school aggrieved by a unilateral termination of a contract pursuant to rule 281—67.16(279) may appeal the decision to the director of the department in writing within 30 days of the decision to terminate. The hearing procedures found at 281—Chapter 6 shall be applicable to appeals of terminated grantees.

In the notice of appeal, the grantee shall give a short and plain statement of the reason for the appeal.

281—67.19(279) Refusal to issue ruling. The director may refuse to issue a ruling or decision upon an appeal for good cause. Good cause includes, but is not limited to, the following reasons:

1. The appeal is untimely;
2. The appellant lacks standing to appeal;
3. The appeal is not in the required form or is based upon frivolous grounds;
4. The appeal is moot because the issues raised in the notice of appeal or at the hearing have been settled by the parties;
5. The termination of the grant was beyond the control of the department because it was due to lack of funds available for the contract.

281—67.20(279) Request for Reconsideration. A disappointed applicant who has not been approved for funding may file a Request for Reconsideration with the director of the department in writing within 10 days of the decision to decline to award a grant. In order to be considered by the director, the Request for Reconsideration shall be based upon one of the following grounds:

1. The decision process was conducted in violation of statute or rule;
2. The decision violates state or federal law, policy, or rule (to be cited in the Request);
3. The decision process involved a conflict of interest.

Within 20 days of filing a Request for Reconsideration, the requester shall submit all written documentation, evidence, or argument in support of the request. The director shall notify the child development coordinating council of the request and shall provide the council an opportunity to defend its decision with written documentation, evidence, or argument, which shall be submitted within 20 days of receipt of the request. The council shall provide copies of all documents to the requester at the time the items are submitted to the director.

The director shall issue a decision granting or denying the Request for Reconsideration within 30 days of the receipt of the evidence, or no later than 60 days from the date of Request for Reconsideration, unless a later date is agreeable to the requester and the council.

281—67.21(279) Refusal to issue decision on request. The director may refuse to issue a decision on a Request for Reconsideration upon good cause. Good cause includes, but is not limited to, the following reasons:

1. The request was untimely;
2. The requester lacks standing to seek reconsideration;
3. The request is not based on any of the available grounds in rule 281—67.18(279), or is merely frivolous or vexatious;
4. The requester failed to provide documentation, evidence or argument in support of its request;
5. The request is moot due to negotiation and settlement of the issue(s).

281—67.22(279) Granting a Request for Reconsideration. If the director grants a Request for Reconsideration, the council shall consider the grantee’s application in accordance with the director’s findings and decision.

These rules are intended to implement Iowa Code section 279.51.

CHAPTER 68
IOWA PUBLIC CHARTER AND INNOVATION ZONE SCHOOLS

DIVISION I
GENERAL PROVISIONS

281—68.1(256F,83GA, SF2033) Purpose. All charter schools and innovation zone schools in Iowa are public schools whose purpose is established pursuant to Iowa Code chapter 256F as amended by 2010 Iowa Acts, Senate File 2033. A charter school may be established by creating a new school within an existing public school or by converting an existing public school to charter status. This chapter provides the criteria and weighting for those criteria that the state board shall use to determine if an application for a public charter school or innovation zone school shall be approved.

[ARC 9264B, IAB 12/15/10, effective 1/19/11]

281—68.2(256F,83GA, SF2033) Definitions.

“Advisory council” means a council appointed by the school board of a charter school or an innovation zone consortium. With respect to a charter school, no more than one member of the council may be a member of the school board; a district’s school improvement advisory committee may also serve as its advisory council. With respect to an innovation zone consortium, no more than one member of the council may be a member of any participating school board. All advisory councils are subject to the provisions of Iowa Code chapters 21 and 22.

“Charter school” means a new school designated by the state board and created within an existing attendance center or a new school created by converting an existing attendance center to charter status.

“Charter school authorizers” means the local school board in partnership with the state board of education.

“Department” means the Iowa department of education.

“Family unit” means a household in which reside one or more students enrolled at the existing public school that is the subject of either a charter school application or an innovation zone school application.

“Innovation zone consortium” means a consortium of two or more school districts and an area education agency in which one or more of the school districts are located which receives approval from the state board to establish an innovation zone school.

“Innovation zone school” means a public school established as an innovation zone school pursuant to an innovation zone school contract entered into by an innovation zone consortium to meet one or more of the purposes in Iowa Code section 256F.1 as amended by 2010 Iowa Acts, Senate File 2033.

“School board” means a board of directors regularly elected by the registered voters of a school district.

“State board” means the state board of education.

DIVISION II
CHARTER SCHOOLS

281—68.3(256F,83GA, SF2033) Application to a school board. A local school board may accept applications from the principal, teachers, or parents or guardians of students at an existing public school for the planning and operation of a charter school within the boundary lines of an existing public school district. An application for a charter school must be approved by the local school board as a prerequisite for submission of the application to the state board. An applicant may appeal the local school board denial of the application to the state board under the procedures set forth in Iowa Code chapter 290.

1. Prior to accepting applications, a local school board shall adopt procedures, criteria, and weighting of the criteria that will determine whether an application is approved or denied. The local school board may adopt the procedures, criteria, and weighting of the criteria as established in this chapter for public charter schools. The procedures shall include a requirement that a majority of family units of the proposed charter school support the approval of the application. In addition, any application that has been submitted and for which subsequent school board action has been taken shall, at minimum,
meet the provisions of Iowa Code chapter 256F. An application that is received by a school board on or before October 1 of a calendar year shall be considered for approval and for the establishment of a charter school at the beginning of the school district’s next school year or at a time agreed to by the applicant and the local school board.

2. Subject to the provision in numbered paragraph “3,” a local school board may receive and consider applications after October 1 at its discretion. A local school board, by majority vote, must approve or deny the application within 60 calendar days after the application is received. An application approved by the local school board and state board of education shall constitute, at a minimum, an agreement between the local school board and the charter school for the operation of the charter school for no less than four years.

3. All applications approved by school boards shall be submitted to the department no later than December 15 immediately preceding the school year for which the charter school desires to start operations.

[ARC 9264B, IAB 12/15/10, effective 1/19/11]

281—68.4(256F,83GA,SF2033) Review process.

68.4(1) Application to the department. Upon a local school board’s approval of an application for the proposed establishment of a charter school, the local school board must submit the application for such establishment to the department. The department shall appoint, at minimum, five individuals knowledgeable in student achievement and nontraditional learning environments to review each application for charter status. A reviewer shall not participate in the review of any application in which the individual may have an interest, direct or indirect.

68.4(2) Ranking of applications. Applications shall be ranked on a point system, and applications shall be recommended in rank order beginning with the application with the highest points. In the event that two or more applications tie, the applications will be reviewed until the tie is broken.

The maximum points for an application shall be 100. The maximum points for each criterion provided in Iowa Code section 256F.5 as amended by 2010 Iowa Acts, Senate File 2033, section 16, shall be as follows:

a. Overview. The mission, purpose, innovation, and specialized focus of the charter school. The maximum number of points that can be awarded is 40.

b. Organization and structure. The maximum number of points that can be awarded is 10. The description of the organization and structure shall include:

(1) The charter school governance and bylaws.

(2) The method for appointing or forming an advisory council for the charter school. The membership of an advisory council appointed or formed in accordance with this chapter shall not include more than one member of the local school board. The advisory council shall, to the greatest extent possible, reflect the demographics of the student population to be served by the public charter school.

(3) The organization of the school in terms of ages of students or grades to be taught along with an estimate of the total enrollment of the school.

(4) The method for admission to the public charter school. The admission policy shall support the purpose and specialized mission of the public charter school. A lottery process must be described in the application for a public charter school in the event that the number of applicants exceeds the capacity of the public charter school. The admission process shall not discriminate against prospective students on the basis of race, creed, color, sex, sexual orientation, gender identity, national origin, religion, ancestry, or disability, except if a charter school limits enrollment pursuant to Iowa Code section 256F.4(3).

(5) The number and qualifications of teachers and administrators to be employed. Hiring shall, to the greatest extent possible, reflect the demographics of the student population to be served by the public charter school.

(6) Procedures for teacher and administrator evaluation.
(7) Procedures for identification and implementation of professional development for teachers and administrators as required under 281—12.7(256,284,284A) and the Iowa teaching standards, including the opportunity to be responsible for the learning program at the school site.

(8) A plan of operation to be implemented if the public charter school revokes or fails to renew its contract.

(9) The specific statutes, administrative rules, and school board policies with which the public charter school does not intend to comply.

   c. Facilities/financial support. The maximum number of points that can be awarded is 10. The description of the facilities/financial support shall include:
      
      (1) The provision of school facilities.
      
      (2) The financial plan for the operation of the school including, at minimum, a listing of the support services the school district will provide, and the public charter school’s revenues, budgets, and expenditures.
      
      (3) Assurance of the assumption of liability by the public charter school.
      
      (4) The types and amounts of insurance coverage to be obtained by the public charter school.
      
      (5) The means, costs, and plan for providing transportation for students attending the public charter school.

   d. Student achievement. The maximum number of points that can be awarded is 40. The description shall include:
      
      (1) Performance goals and objectives in addition to those required under Iowa Code section 256.7(21) and 281—Chapter 12, by which the school’s student achievement shall be judged, the measures to be used to assess progress, and the current baseline status with respect to the goals.
      
      (2) The educational program and curriculum utilizing different and innovative instructional methodologies that reflect sensitivity to gender, racial, ethnic and socioeconomic backgrounds. Services to be offered to all prospective students, including students with disabilities pursuant to the requirements of 281—Chapter 41, English Language Learners (ELL), and other students considered “at risk,” must also reflect the same sensitivities.
      
      (3) A statement that indicates how the public charter school will meet the purpose of a public charter school as outlined in Iowa Code section 256F.1(3), and the minimum state and federal statutory requirements of a public charter school as outlined in Iowa Code section 256F.4(2).

68.4(3) State board review. The state board shall review the recommendations provided by the department. The state board shall, by a majority vote, approve or deny an application within 90 calendar days of receipt of the application and shall notify applicants within 5 days of the state board’s decision. An approved application shall be a part of the contract for the operation of the charter school. The terms of the contract for the operation of the charter school shall also outline the reasons for revocation or nonrenewal of the charter.

[ARC 9264B, IAB 12/15/10, effective 1/19/11]

281—68.5(256F,83GA,SF2033) Ongoing review by department. A charter school shall be reviewed periodically by the department to ensure continuing compliance with the charter school’s contract. The department may schedule mandatory meetings with the administrators of all charter schools at the department’s sole discretion.

[ARC 9264B, IAB 12/15/10, effective 1/19/11]

281—68.6(256F,83GA,SF2033) Renewal of charter. After the initial four-year contract for a charter school and at the end of each renewal period thereafter, the school board that established the charter school shall, in the absence of revoking the charter pursuant to subrules 68.7(1) and 68.7(2), take affirmative action to renew a charter school contract. The school board shall hold a public hearing on the issue of renewal and shall submit to the department a copy of the minutes of the public hearing showing that a majority of the school board members voted in favor of renewal of the charter. Any action to renew a charter must specify the number of years, which shall not be more than four years, for which the charter was renewed by the school board.
A school board must submit a new application to the department if the board modifies any of the terms of the original charter.
[ARC 9264B, IAB 12/15/10, effective 1/19/11]

281—68.7(256F,83GA, SF2033) Revocation of charter.

68.7(1) Reasons for revocation. A charter may be revoked by the state board or by the school board that established the charter if either board determines that one or more of the following occurred:

a. The charter school has failed to meet the provisions set forth in the contract for the operation of the charter school.

b. The charter school has failed to comply with the provisions in Iowa Code chapter 256F.

c. The charter school has failed to meet generally accepted accounting principles for public entities.

d. The charter school has failed to demonstrate improvement in student progress in reading, mathematics, and science from that which existed prior to the establishment of the charter school to the present as evidenced by achievement scores on the latest administration of the state assessment for which scores are available, or as evidenced by alternative but equivalent locally determined performance measures including but not limited to additional administrations of the state assessment, portfolios of student work, student performance rubrics, or end-of-course assessments.

68.7(2) Revocation by school board. A school board considering the revocation of a contract with its charter school shall notify the advisory council, the family units, and the teachers and administrators employed by the charter school at least 60 days prior to the date by which the contract must be renewed but not later than the last day of classes in the school year. The decision of a school board to revoke or fail to renew a charter school contract is subject to appeal under procedures set forth in Iowa Code chapter 290 by an affected student or parent of an affected student who is a minor.

68.7(3) Revocation by state board. If the state board determines that reason exists under subrule 68.7(1) to revoke a charter school contract, the state board shall notify the school board and the advisory council of the charter school of the state board’s intention to revoke the contract at least 60 days prior to the revocation of the contract, and the school board shall assume oversight authority, operational authority, or both oversight and operational authority. The notice shall state the grounds for the proposed action in writing and in reasonable detail. The school board may request in writing an informal hearing before the state board within 14 days of receiving notice of revocation of the contract. Upon receiving a timely written request for a hearing, the state board shall give reasonable notice to the school board of the hearing date. The state board shall conduct an informal hearing before taking final action. Final action to revoke a contract shall be taken in a manner least disruptive to the students enrolled in the charter school. The state board shall take final action to revoke or approve continuation of a contract by the last day of classes in the school year. If the final action to revoke a contract under Iowa Code section 256F.8 occurs prior to the last day of classes in the school year, a charter school student may enroll in the resident district. The decision of the state board to revoke a contract under Iowa Code section 256F.8 is solely within the discretion of the state board and is final.
[ARC 9264B, IAB 12/15/10, effective 1/19/11]

281—68.8(256F) Transition—operation of existing charter schools. The state board shall not approve a new charter school under this chapter and Iowa Code chapter 256F on or after July 1, 2021. Charter schools established pursuant to this chapter and Iowa Code chapter 256F prior to July 1, 2021, shall continue to operate pursuant to those chapters and shall not be subject to the requirements of Iowa Code chapter 256E or 281—Chapter 19.
[ARC 6078C, IAB 12/15/21, effective 1/19/22]

281—68.9 and 68.10 Reserved.
**DIVISION III**

**INNOVATION ZONE SCHOOLS**

281—68.11(256F,83GA, SF2033) **Application process.** An innovation zone consortium shall submit an application to establish an innovation zone school to the state board no later than December 15 immediately preceding the school year for which the innovation zone school desires to start operations. The application shall demonstrate the support, as of approximately the date of submission of the application, of at least 50 percent of the teachers employed at the proposed innovation zone school and at least 50 percent of the affected family units. The application shall set forth the manner in which the innovation zone school will comply with federal and state laws regarding instruction to students who are English language learners and regarding the National School Lunch Act and Child Nutrition Act.  

[ARC 9264B, IAB 12/15/10, effective 1/19/11]

281—68.12(256F,83GA, SF2033) **Review process.** Upon timely receipt of an application from an innovation zone consortium for the proposed establishment of an innovation zone school, the department shall appoint a minimum of five individuals knowledgeable in student achievement and nontraditional learning environments to review each application for an innovation zone school. A reviewer shall not participate in the review of any application in which the individual may have an interest, direct or indirect.

68.12(1) **Cap on number of innovation zone schools.** Pursuant to Iowa Code section 256F.3 as amended by 2010 Iowa Acts, Senate File 2033, section 10, the state board shall approve the establishment of not more than ten innovation zone schools.

68.12(2) **Allocation of points on applications.** Points shall be allocated to applications; the maximum points for any one application shall be 100. The maximum points for each criterion shall be as set forth in paragraphs 68.4(2) “a” to “d.” The department shall make a recommendation to the state board regarding whether an application should be approved or denied by the state board.

68.12(3) **State board review.** The state board shall review the recommendations provided by the department. The state board shall, by a majority vote, approve or deny an application within 90 calendar days of receipt of the application and shall notify applicants within 5 days of the state board’s decision. An approved application shall be a part of the contract for the operation of the innovation zone school. The terms of the contract for the operation of the innovation zone school shall also outline the reasons for revocation or nonrenewal of the approval of the innovation zone school.  

[ARC 9264B, IAB 12/15/10, effective 1/19/11]

281—68.13(256F,83GA, SF2033) **Ongoing review by department.** An innovation zone school shall be reviewed periodically by the department to ensure continuing compliance with the innovation zone school’s contract. At the department’s sole discretion, the department may schedule mandatory meetings with the administrators of the innovation zone school and the administrators of the school’s innovation zone consortium.

[ARC 9264B, IAB 12/15/10, effective 1/19/11]

281—68.14(256F,83GA, SF2033) **Renewal of contract.** After the initial four-year contract for an innovation zone school and at the end of each renewal period thereafter, the local boards that formed the innovation zone consortium shall take affirmative action either to request renewal from the state board of the approval of the consortium’s innovation zone school contract or to dissolve the innovation zone school. If seeking renewal of the contract from the state board, the local boards that formed the innovation zone consortium shall first hold a joint public hearing on the issue of renewal of the contract and shall submit to the department a copy of the minutes of the public hearing showing that a majority of the local board members voted in favor of requesting renewal of the state board’s approval of the consortium’s innovation zone school contract. Any action to request renewal of the contract must specify the number of years, which shall not be more than four years, for which renewal is requested.

An innovation zone consortium must submit a new application to the department if the consortium modifies any of the terms of the original contract.  

[ARC 9264B, IAB 12/15/10, effective 1/19/11]
281—68.15(256F,83GA, SF2033) Revocation of contract.

68.15(1) Reasons for revocation. An innovation zone school contract may be revoked by the state board or by the innovation zone consortium that established the school if either the board or the consortium determines that one or more of the following occurred:

a. The innovation zone school has failed to meet the provisions set forth in the contract for the operation of the innovation zone school.

b. The innovation zone school has failed to comply with the provisions in Iowa Code chapter 256F as amended by 2010 Iowa Acts, Senate File 2033.

c. The innovation zone school has failed to meet generally accepted accounting principles for public entities.

d. The innovation zone school has failed to demonstrate improvement in student progress in reading, mathematics, and science from that which existed prior to the establishment of the innovation zone school to the present as evidenced by achievement scores on the latest administration of the state assessment for which scores are available, or as evidenced by alternative but equivalent locally determined performance measures including but not limited to additional administrations of the state assessment, portfolios of student work, student performance rubrics, or end-of-course assessments.

68.15(2) Revocation by innovation zone consortium. An innovation zone consortium considering the revocation of a contract with its innovation zone school shall notify the advisory council, the family units, and the teachers and administrators employed by the innovation zone school at least 60 days prior to the date by which the contract must be renewed but not later than the last day of classes in the school year. The decision of an innovation zone consortium to revoke or fail to renew an innovation zone school contract is subject to appeal under procedures set forth in Iowa Code chapter 290 by an affected student or parent of an affected student who is a minor.

68.15(3) Revocation by state board. If the state board determines that reason exists under subrule 68.15(1) to revoke the contract for an innovation zone school, the state board shall notify the innovation zone consortium and the advisory council of the consortium of the state board’s intention to revoke the contract at least 60 days prior to the revocation of the contract, and the consortium shall assume oversight authority, operational authority, or both oversight and operational authority. The notice shall state the grounds for the proposed action in writing and in reasonable detail. The consortium may request in writing an informal hearing before the state board within 14 days of receipt of notice of revocation of the contract. Upon receiving a timely written request for a hearing, the state board shall give reasonable notice to the consortium of the hearing date. The state board shall conduct an informal hearing before taking final action. Final action to revoke a contract shall be taken in a manner least disruptive to the students enrolled in the innovation zone school. The state board shall take final action to revoke or approve continuation of a contract by the last day of classes in the school year. If the final action to revoke a contract under Iowa Code section 256F.8 as amended by 2010 Iowa Acts, Senate File 2033, section 19, occurs prior to the last day of classes in the school year, an innovation zone school student may enroll in the student’s resident district. The decision of the state board to revoke a contract under Iowa Code section 256F.8 as amended by 2010 Iowa Acts, Senate File 2033, section 19, is solely within the discretion of the state board and is final.

CHAPTER 72
ACCREDITATION OF AREA EDUCATION AGENCIES

281—72.1(273) Scope. The purpose of Iowa’s early childhood through twelfth grade educational system is to support learning for all students. Area education agencies, as part of that system, exist to provide leadership and equitable services for school improvement to schools and school districts in order to enable every learner to perform at higher education levels. Area education agencies are subject to accreditation by the state board of education as specified in Iowa Code section 273.10. These rules apply to the accreditation of area education agencies.

281—72.2(273) Definitions.

“AEA” is an acronym for area education agency.

“Agencywide goals” means cross-divisional desired targets to be reached over an extended period of time, derived from agencywide needs assessment and state and local student learning needs, and upon which services are focused.

“Baseline data” means information gathered at a selected point in time and used thereafter as a basis from which to monitor change.

“Board” means the Iowa state board of education.

“Department” means the state department of education.

“Director” means the state director of the department of education.

“Equitable” means that services provided by an AEA are accessible to all schools and school districts within the agency’s service region.

“External knowledge base” means what is known, such as research and student achievement data, from the state or the nation about how learners in other settings perform and respond in a content area such as reading, mathematics, or science, as well as what is known about developing a learning environment that will support the desired student performance and response in a content area such as reading, mathematics, or science.

“Indicators of improvement” means internal data the agency uses to determine how well its continuous improvement processes are implemented.

“Indicators of quality” means external data sources which measure the effectiveness of services.

“School” means an accredited nonpublic school.

“School district” means a public school district.

“State indicators” means the school and school district indicators defined in 281—paragraph 12.8(3)”a.”

281—72.3(273) Accreditation components. To be accredited by the board and maintain accreditation status, an AEA shall: provide services which meet the standards defined in rule 281—72.4(273), establish a comprehensive improvement plan as defined in rule 281—72.9(273), submit a board-approved annual budget as defined in subrule 72.10(1), and annually provide a progress report as defined in subrule 72.10(2).

281—72.4(273) Standards for services. An AEA shall provide services that meet these standards as evidenced by, but not limited to, the descriptors following each standard. These services shall be accessible to all schools and school districts within the agency’s service region.

72.4(1) The AEA shall deliver services for school-community planning. The AEA assists schools and school districts in assessing needs of all students, developing collaborative relationships among community agencies, establishing shared direction, implementing actions to meet goals, and reporting progress towards goals.

72.4(2) The AEA shall deliver professional development services for schools, school districts and AEA instructional, administrative, and support personnel. The AEA anticipates and responds to schools’ and school districts’ needs; supports proven and emerging educational practices; aligns with school and school district comprehensive long-range and annual improvement goals; uses adult learning theory;
supports improved teaching; uses theory, demonstration, practice, feedback, and coaching; and addresses professional development activities as required by the Iowa Code or administrative rules.

72.4(3) The AEA shall deliver curriculum, instruction, and assessment services that address the areas of reading, language arts, mathematics, and science but may also be applied to other curriculum areas. These services support the development, implementation, and assessment of rigorous content standards in, but not limited to, reading, mathematics, and science. The AEA assists schools and school districts in gathering and analyzing student achievement data as well as data about the learning environment, compares those data to the external knowledge base, and uses that information to guide school and school district goal setting and implementation of actions to improve student learning.

72.4(4) The AEA shall address the diverse learning needs of all children and youth, including but not limited to services which address gifted and talented students, and meet the unique needs of students with disabilities who require special education. Services provide support to schools and school districts and include special education compliance with Iowa administrative rules for special education.

72.4(5) The AEA shall provide services that support multicultural, gender-fair approaches to the educational program pursuant to Iowa Code section 256.11. These services assist schools and school districts to take actions that ensure all students are free from discriminatory acts and practices; to establish policies and take actions that ensure all students are free from harassment; to incorporate into the educational program instructional strategies and student activities related to responsibilities, rights, and the respect for diversity which are necessary for successful citizenship in a diverse community and a global economy; and to incorporate on an ongoing basis activities within professional development that prepare and assist all employees to work effectively with diverse learners.

72.4(6) The AEA shall deliver media services. These services align with school and school district needs, support effective instruction, and provide consultation, research and information services, instructional resources, and materials preparation and dissemination to assist schools and school districts to meet the learning needs of all students and support local district media services. These services support the implementation of content standards in, but not limited to, reading, mathematics, and science. These services also support and integrate emerging technology.

72.4(7) The AEA shall supplement and support effective instruction for all students through school technology services. These services provide technology planning, technical assistance, and professional development, and support the incorporation of instructional technologies to improve student achievement. These services support the implementation of content standards in, but not limited to, reading, mathematics, and science. These services support and integrate emerging technology.

72.4(8) The AEA shall deliver services that develop leadership based upon the Iowa Standards for School Administrators as adopted by the board of educational examiners. Leadership services assist with recruitment, induction, retention, and professional development of educational leaders. AEAs develop and deliver leadership programs based on local and state educational needs and best practices.

72.4(9) The AEA shall deliver management services if requested. If the AEA provides management services to school districts, the services shall conform to the provisions of Iowa Code section 273.7A.

281—72.5 to 72.8 Resolved.

281—72.9(273) Comprehensive improvement plan. Each AEA, on a cycle established by the department, shall submit to the department a comprehensive improvement plan. The plan shall be the basis for the improvement actions taken by the agency and shall also serve as a basis for the comprehensive site visit.

72.9(1) Comprehensive improvement plan contents. At a minimum, the comprehensive improvement plan for an AEA shall include the following:

a. Needs assessment. The plan shall contain a description of how the AEA conducts ongoing needs assessment.

b. Needs assessment summary. The plan shall contain a summary of the findings from agencywide needs assessment. The summary, at a minimum, shall include the following:
(1) Findings from AEA internal needs assessment which includes, at a minimum, four indicators of improvement:
   1. Implementation of a continuous improvement model;
   2. Implementation of services that respond to schools’ and school districts’ needs;
   3. Demonstration of proactive leadership;
   4. Use of data to implement actions to improve student learning;
(2) Findings from school and school district state indicator data;
(3) Findings from reviews of school and school district comprehensive school improvement plans;
(4) Findings from the department’s comprehensive site visit reports to schools and school districts;
(5) Findings from AEA comprehensive site visit reports; and
(6) Findings from the department’s statewide customer service survey.

c. Agencywide goals. The plan shall contain agencywide goals developed as a result of needs assessment findings. Agencywide goals shall be measurable and, at a minimum, focused on assisting schools and school districts with the school improvement process and improving teaching and learning as evidenced in the indicators of quality as prescribed in subrule 72.10(2).

d. Services. The plan shall describe the services developed to meet agencywide goals and to meet the standards defined in this chapter.

e. Action plans. The plan shall include agencywide actions to accomplish agencywide goals. Action plans shall include evidence of meeting all standards for services. Action plans shall include provisions for equitable availability of services. The agencywide action plans shall include, at a minimum, the following components:
   (1) Agencywide data sources;
   (2) Agencywide baseline data;
   (3) Services to meet the agencywide goals;
   (4) Agencywide resources, which include funding, staff allocation, and time and may be delivered directly, through contractual agreements, and through collaborative arrangements with other educational or community agencies;
   (5) Agencywide responsible parties that will monitor the implementation of services in the action plan;
   (6) A system for measuring the efficiency and effectiveness of services; and
   (7) A process for reporting progress toward agencywide goals.

f. Provisions for management services. If the AEA provides management services to school districts, the plan shall include a description of how the agency provides those services as described in Iowa Code section 273.7A.

g. Professional development plan. The plan shall contain a summary of the agencywide professional development plan developed pursuant to 281—subrule 83.6(2).

72.9(2) Plan submission and cycle. Rescinded IAB 9/5/01, effective 10/10/01.

72.9(3) Comprehensive improvement plan review process. The comprehensive improvement plan of an AEA shall be reviewed by the department to determine if the plan meets the requirements of this chapter. An AEA will be provided reasonable time to correct any deficiencies.

281—72.10(273) Annual budget and annual progress report. Each AEA shall submit to the board an annual budget as required by Iowa Code section 273.3 and shall provide an annual progress report on the indicators of quality and the agencywide goals.

72.10(1) Annual budget. An annual budget shall be submitted by an AEA accredited by the board or an AEA that has been given conditional accreditation by the board as described in Iowa Code section 273.3(12) and subrule 72.11(4) to the board for approval, on forms provided by the department, no later than March 15 preceding the next fiscal year. The board shall review the proposed budget and shall, before April 1, either grant approval or return the budget without approval with comments of the board included. An unapproved budget shall be resubmitted to the board for final approval no later than April 15.
72.10(2) Annual progress report. An AEA shall annually submit a written progress report to its schools and school districts and the department and make the report available to the public. The report shall include, but not be limited to, the following information:

a. Agencywide goals. Progress, at a minimum, toward the agencywide goals described in paragraph 72.9(1) “e” shall be reported. This progress shall include agencywide baseline data and changes in the baseline data as a result of services provided in each action plan.

b. Indicators of quality. Aggregated agencywide data shall include baseline data and trends over time for the following indicators of quality from, at a minimum, the state indicators, the statewide customer service survey, school and school district comprehensive school improvement plans, and school and school district annual progress reports:

1. Targeted assistance. An AEA assists schools and school districts with specific student, teacher, and school needs evidenced in local school improvement plans by:
   1. Addressing teacher, school and school district needs.
   2. Responding to student learning needs.
2. Improved student learning. An AEA assists schools and school districts in:
   1. Improving student achievement in mathematics.
   2. Improving student achievement in reading.
   3. Improving student achievement in science.
   4. Reducing student achievement gaps in mathematics.
   5. Reducing student achievement gaps in reading.
   6. Reducing student achievement gaps in science.
   7. Reducing dropout rates.
   8. Preparing students for postsecondary success.
   9. Planning to ensure that students complete a core program.
3. Improved teaching. An AEA assists schools and school districts in improving teaching in the following areas:
   1. Mathematics.
   2. Reading.
4. Resource management. An AEA assists schools and school districts:
   1. By delivering cost-efficient services.
   2. By timely delivery of services.
5. Customer satisfaction with services. An AEA determines customer satisfaction through:
   1. High levels of participation.
   2. High levels of customer satisfaction with quality of AEA services.
6. Annual progress report review process. The annual progress report of an AEA shall be reviewed by a team appointed by the director. Following the review of an AEA’s report, feedback will be provided to the agency.

281—72.11(273) Comprehensive site visit.

72.11(1) On-site review. An accreditation team shall conduct one or more on-site reviews of the AEA’s progress toward agencywide goals and shall determine if services meet the standards in this chapter. Prior to an on-site review of an AEA, the accreditation team shall have access to the AEA’s comprehensive improvement plan, annual progress report, and annual budget as well as any other information collected by the department relating to the AEA.

72.11(2) Accreditation team. The membership of the accreditation team shall be determined by the director. Each team member should have appropriate competencies, background, and experiences to enable the member to contribute to the evaluation visit. The team shall include at least four members, including, but not limited to:

a. Department staff.

b. Representatives from various sizes of schools and school districts served by the AEA being evaluated.
c. AEA staff from other AEAs.
d. Others with expertise as deemed appropriate by the director.

72.11(3) Accreditation team action. After an on-site review of an AEA, the accreditation team shall determine whether the requirements of this chapter have been met and shall make a report to the director identifying which standards and other accreditation requirements in this chapter an AEA has or has not met. The accreditation team shall report strengths and weaknesses, if any, for each standard or requirement, and shall advise the AEA of available resources and technical assistance to further enhance the strengths and improve areas of weakness. An AEA may respond to the accreditation team’s report by providing to the board factual information concerning its services.

72.11(4) Accreditation. All AEAs shall be deemed accredited upon the date of implementation of these rules. Accreditation of an AEA by the board shall be based on the recommendation of the director after study of the factual and evaluative evidence on record about the standards and other requirements as described in this chapter and based upon the timely submission of information required by the department. If, at any time, the board determines that an AEA has not met all standards and other requirements, the board shall require the AEA to address the deficiencies.

a. Accreditation status. After completion of the comprehensive site visit under rule 281—72.11(273), the board shall grant continuation of accreditation if all standards and other requirements are met. If the board determines that an AEA has not met all standards and other requirements, the board shall grant conditional accreditation to the agency.

b. Conditional accreditation. If the board grants conditional accreditation, the department shall notify the administrator of the AEA and each member of the board of directors of the AEA within 15 days. The notice shall contain a description of the accreditation deficiencies.

c. Remediation plan. Upon granting of conditional accreditation by the board, the director, in cooperation with the board of directors of the AEA, shall establish a remediation plan. The remediation plan shall describe how the AEA will correct deficiencies to meet accreditation standards and shall establish a timeline and deadline date for correction of the deficiencies. The remediation plan is subject to the approval of the board. The AEA shall remain conditionally accredited during the implementation of the remediation plan.

d. Implementation of remediation plan. At intervals prescribed in the remediation plan or at the request of the director, the accreditation team shall revisit the AEA and shall determine whether the deficiencies in the accreditation standards are being or have been corrected and shall make a report and recommendation to the director and the board. The board shall review this report and recommendations and shall determine whether the deficiencies have been corrected.

e. Failure to correct deficiencies. If the deficiencies have not been corrected within the time stipulated in the remediation plan, the board shall remove accreditation of the agency. At the hearing before the board, the AEA may be represented by counsel and may present evidence. The board may provide for the hearing to be recorded or reported. If requested by the AEA at least 10 days before the hearing, the board shall provide for the hearing to be recorded or reported at the expense of the AEA. Within 30 days after the hearing, the board shall render a written decision approving or removing the accreditation. Action by the board at this time is final agency action for the purposes of Iowa Code chapter 17A. The department shall notify the administrator of the AEA, each member of the board of directors of the AEA, and the schools and school districts served by the AEA of the decision of the board.

f. Required response to removal of accreditation. After removal of accreditation of the agency, the AEA board of directors shall make provisions for the continuation of services to schools and school districts subject to approval by the state board of education.

These rules are intended to implement Iowa Code section 273.10.

CHAPTER 77
STANDARDS FOR TEACHER INTERN PREPARATION PROGRAMS

281—77.1(256) General statement. Programs of teacher intern preparation leading to licensure in Iowa are subject to approval by the state board of education, as provided in Iowa Code chapter 256.

281—77.2(256) Definitions. For purposes of clarity, the following definitions are used throughout the chapter:

“AIA” means area education agency.

“BOEE” means the board of educational examiners, the board responsible for establishing licensure requirements and issuing licenses.

“Clinical experiences” means a candidate’s direct experiences in PK-12 schools. “Clinical experiences” includes field experiences and internships.

“Cooperating teachers” means classroom teachers who provide guidance and supervision to teacher candidates during the candidates’ field experiences in the schools.

“Department” means the department of education.

“Director” means the director of education.

“Diverse groups” means one or more groups of individuals possessing certain traits or characteristics, including but not limited to age, color, creed, national origin, race, religion, marital status, sex, sexual orientation, gender identity, physical attributes, physical or mental ability or disability, ancestry, political party preference, political belief, socioeconomic status, or familial status.

“Educator preparation program” is a synonym for practitioner preparation program.

“ELPS” means Educational Leadership Policy Standards, the national standards for educational administration.

“Institution” means a four-year college or university in Iowa offering teacher intern preparation and seeking state board approval of its teacher intern preparation program.

“InTASC” means Interstate Teacher Assessment and Support Consortium, the source of national standards for teachers.

“Intern” means an individual who is enrolled in a teacher intern preparation program and is currently employed as an intern by an Iowa school district.

“Iowa teaching standards” represents a set of knowledge and skills that reflects the best evidence available regarding effective teaching as listed in rule 281—83.4(284). The standards shall serve as the basis for comprehensive evaluations of teachers and as a basis for professional development plans.

“Mentor” means an individual, employed by a school district or area education agency as a classroom teacher, or a retired teacher, who holds a valid license issued under Iowa Code chapter 272. The individual must have a record of four years of successful teaching practice with at least two of the four years on a nonprobationary basis and must demonstrate professional commitment to both the improvement of teaching and learning and the development of beginning teachers or teacher interns.

“Practitioner” means a teacher, administrator, or other school personnel holding a license issued by the board of educational examiners.

“Program” means the program for teacher intern preparation at colleges and universities leading to licensure of teacher interns.

“School district” means a school corporation as defined in Iowa Code chapter 290. A school district is also referred to as a “local education agency” or “LEA.”

“State board” means the state board of education.

“Teacher intern candidate” means an individual who is enrolled in a teacher intern preparation program leading to teacher intern licensure and who has not yet begun employment as an intern.

“Teacher intern preparation program” means the program for teacher intern preparation at colleges and universities leading to licensure of teacher interns.

“Unit” means the organizational entity within an institution with the responsibility of administering the teacher intern preparation program.

[ARC 2606C, IAB 7/6/16, effective 8/10/16]
281—77.3(256) Institutions affected. All Iowa colleges and universities engaged in the preparation of teacher interns and seeking state board approval of their programs shall meet the standards contained in this chapter.

281—77.4(256) Criteria for Iowa teacher intern preparation programs. Each institution seeking approval of its teacher intern preparation program shall file evidence of the extent to which the program meets the standards contained in this chapter by means of a written self-evaluation report and an evaluation conducted by the department. No waiver of the criteria or standards in this chapter shall be permitted. After the state board has approved the teacher intern preparation program filed by an institution, teacher intern candidates who complete the program and are recommended by the authorized official of that institution will be issued the appropriate license and endorsement(s).

[ARC 2606C, IAB 7/6/16, effective 8/10/16]

281—77.5(256) Approval of programs. For initial approval of a program, institutions shall submit written documentation of the teacher intern preparation program’s compliance with the standards in rules 281—77.8(256) through 281—77.11(256). The evaluation process shall include a site visit by representatives of the department and additional documentation as needed. Approval by the state board of the institutions’ teacher intern preparation programs shall be based on the recommendation of the director after study of the factual and evaluative evidence on record about each program in terms of the standards contained in this chapter. Approval, if granted, shall cover the period of time between initial approval and the institution’s next regularly scheduled state review under rules 281—79.5(256) and 281—79.6(256). After the initial approval period, approval of the teacher intern preparation program will be included as part of the institution’s reaplication for approval of its entire practitioner preparation program. Approval, if granted to institutions offering only teacher intern preparation programs, shall be for a term of seven years; however, approval for a lesser term may be granted by the state board if it determines conditions so warrant.

If approval is not granted, the applying institutions will be advised concerning the areas in which improvement or changes appear to be essential for approval. In this case, the institutions shall be given the opportunity to present factual information concerning their program at a regularly scheduled meeting of the state board, not beyond three months of the board’s initial decision. Following a minimum of six months after the board’s decision to deny approval, the institution may reapply when it is ready to show what actions have been taken to address the areas required for improvement.

A program may be granted conditional approval upon review of appropriate documentation. In such an instance, the program shall receive a full review after one year or, in the case of a new program, at the point at which candidates demonstrate mastery of standards for licensure.

[ARC 2606C, IAB 7/6/16, effective 8/10/16]

281—77.6(256) Periodic reports. Institutions with approved teacher intern preparation programs shall make periodic reports upon request of the department. The reports shall provide basic information necessary to keep up-to-date records of each teacher intern preparation program and to carry out research studies relating to teacher intern preparation.

281—77.7(256) Approval of program changes. Upon application for approval of program changes by an institution, the director is authorized to approve minor additions to, or changes within, the curricula of an institution’s approved teacher intern preparation program. When an institution proposes a revision that exceeds the primary scope of its programs, the revision shall become operative only after having been approved by the state board.

TEACHER INTERN PREPARATION PROGRAM STANDARDS

281—77.8(256) Governance and resources standard. Governance and resources adequately support the preparation of teacher intern candidates to meet professional, state and institutional standards. As a
component of the program, the institution shall work collaboratively with the local school district(s) or AEA.

77.8(1) The institution shall have a clearly understood governance structure that serves as a basis to provide guidance and support for the teacher intern preparation program.

77.8(2) The institution’s responsibilities shall include but not be limited to:

a. Establishing a teacher intern leadership team that will provide oversight of the program;

b. Providing appropriate resources to ensure a quality program; and

c. Submitting a recommendation by the authorized official of the program to the BOEE for a teacher intern license after the teacher intern candidate’s completion of the coursework and competencies as outlined in the program of study in subrule 77.10(3).

77.8(3) The leadership team’s responsibilities include:

a. Establishing the conceptual framework to provide the foundation for all components of the program;

b. Screening and selecting teacher intern candidates;

c. Establishing an advisory team to provide guidance to the teacher intern preparation program annually for program evaluation and continuous improvement. The advisory team shall include institutional personnel, including program faculty, and representatives from LEA 5-12 grade level teachers and administrators; and

d. Using program evaluation and continuous improvement to review and monitor the program goals, the program of study, the support system, and the assessment system.

77.8(4) The teacher intern preparation program and LEAs will work collaboratively to provide opportunities for teacher intern candidates to observe and be observed by others and to engage in discussion and reflection on clinical practice.

77.8(5) The LEA will provide the following:

a. An offer of employment to a teacher intern candidate in the program in one of the endorsements identified on the department’s website at www.educateiowa.gov/pk-12/educator-quality/practitioner-preparation;

b. A mentoring and induction program with a district-assigned mentor; and

c. An assurance that the LEA will not overload the intern with extracurricular duties.

77.8(6) The institution provides resources and support necessary for the delivery of a quality teacher intern preparation program. The resources and support include the following:

a. Financial resources; facilities; and appropriate educational materials, equipment and library services;

b. Commitment to a work climate, policies, and faculty/staff assignments that promote/support best practices in teaching, scholarship and service;

c. Equitable resources and access for all program components regardless of delivery model or location;

d. Professional development opportunities for all faculty members;

e. Technological support for instructional needs to enhance candidate learning with instructional technology integrated into classroom experiences;

f. Quality clinical experiences and evaluations for all educator candidates;

g. Recruiting and supporting faculty; and

h. Sufficient faculty and administrative, clerical, and technical staff.

77.8(7) The program has a clearly articulated process regarding candidate and intern performance, aligned with the institutional policy, for decisions impacting progress through the program. Program and school district policies for removal and replacement of interns from their internship assignment are clearly communicated to all candidates, school administrators and faculty.

[ARC 2606C, IAB 7/6/16, effective 8/10/16; ARC 6293C, IAB 4/20/22, effective 5/25/22]

281—77.9(256) Faculty standard. Faculty qualifications and performance shall facilitate the professional development of teacher intern candidates in accordance with the following provisions.
77.9(1) The program defines the roles and requirements for faculty members by position. The program describes how roles and requirements are determined.

77.9(2) Faculty members shall have preparation and have had experiences in situations similar to those for which the teacher intern candidates are being prepared.

77.9(3) The program holds faculty members accountable for teaching prowess. This accountability includes evaluation and indicators for continuous improvement.

77.9(4) The program holds faculty members accountable for professional growth to meet the academic needs of the program.

77.9(5) Faculty members shall maintain an ongoing, meaningful involvement in activities in schools at the secondary grade level. Activities of faculty members shall include at least 40 hours of team teaching during a period not to exceed five years in duration at the middle school, junior high school or high school level.

77.9(6) Faculty members collaborate with colleagues in the intern program and colleagues in secondary settings.

77.9(7) All faculty members demonstrate an understanding of the depth, breadth and best practices of the program.

[ARC 2606C, IAB 7/6/16, effective 8/10/16]

281—77.10(256) Program of study standard. A program’s required coursework shall include a minimum of 28 semester hours or equivalent designed to ensure that teacher intern candidates develop the dispositions, knowledge, and performance expectations of the InTASC standards embedded at a level appropriate for a beginning teacher.

77.10(1) Teacher intern candidates shall develop the dispositions, knowledge, and performance expectations of the Iowa teaching standards (aligned with InTASC standards), and the BOEE’s Code of Professional Conduct and Ethics at a level appropriate for a beginning teacher.

77.10(2) All components of the program of study must be initiated and completed after the candidate has completed a baccalaureate degree.

77.10(3) Coursework and competencies to be completed prior to the beginning of the candidate’s initial employment as an intern include, but are not limited to:

a. Understands how learners grow and develop and implements developmentally appropriate and challenging learning experiences. This aligns with InTASC standard 1.

b. Demonstrates competence in content knowledge appropriate to the teaching position. This aligns with Iowa teaching standard 2 (281—subrule 83.4(2)) and with InTASC standards 4 and 5.

c. Demonstrates competence in classroom management. This aligns with Iowa teaching standard 6 (281—subrule 83.4(6)) and with InTASC standard 3.

d. Demonstrates competence in planning and preparing for instruction. This aligns with Iowa teaching standard 3 (281—subrule 83.4(3)) and with InTASC standard 7.

e. Uses a variety of methods to monitor student learning. This aligns with Iowa teaching standard 5 (281—subrule 83.4(5)) and InTASC standard 6.

77.10(4) Additional coursework and competencies to be completed prior to the recommendation for an initial teaching license shall include but not be limited to:

a. Uses strategies to deliver instruction that meets the multiple learning needs of students. This aligns with Iowa teaching standard 4 (281—subrule 83.4(4)) and with InTASC standards 2 and 8.

b. Engages in professional growth. This aligns with Iowa teaching standard 7 (281—subrule 83.4(7)) and with InTASC standard 9.

c. Contributes to efforts to achieve district and building goals. This aligns with Iowa teaching standard 8 (281—subrule 83.4(8)) and with InTASC standard 10.

d. Demonstrates ability to enhance academic performance and support for implementation of the school district student achievement goals. This aligns with Iowa teaching standard 1 (281—subrule 83.4(1)).
77.10(5) Each teacher intern candidate demonstrates knowledge about literacy and receives preparation in literacy. Each candidate also develops and demonstrates the ability to integrate reading strategies into content area coursework.

77.10(6) Each teacher intern candidate effectively demonstrates the ability to integrate technology into instruction to support student learning.

77.10(7) Each teacher intern candidate receives dedicated coursework related to the study of human relations, cultural competency, and diverse learners, such that the candidate is prepared to work with students from diverse groups, as defined in rule 281—77.2(256). The unit shall provide evidence that teacher intern candidates develop the ability to meet the needs of all learners, including:

a. Students from diverse ethnic, racial and socioeconomic backgrounds;

b. Students with disabilities. This will include preparation in developing and implementing individualized education programs and behavioral intervention plans, preparation for educating individuals in the least restrictive environment and identifying that environment, and strategies that address difficult and violent student behavior and improve academic engagement and achievement;

c. Students who are gifted and talented;

d. English language learners; and

e. Students who may be at risk of not succeeding in school. This preparation will include classroom management addressing high-risk behaviors including, but not limited to, behaviors related to substance abuse.

77.10(8) Each teacher intern candidate demonstrates knowledge and application of the Iowa core to the teaching and learning process.

77.10(9) Each teacher intern candidate will be engaged in field experiences that include opportunities for both observation of exemplary instruction and involvement in co-planning and co-teaching. Each teacher intern candidate will complete at least 50 hours of field experience prior to the candidate’s initial employment as an intern. The institution enters into a written contract with the cooperating school or district providing preinternship field experiences.

77.10(10) The teacher intern preparation program will provide a teacher intern seminar during the teacher internship year to:

a. Support and extend coursework from the teacher intern content; and

b. Facilitate teacher intern reflection.

77.10(11) Programs shall submit curriculum exhibit sheets for approval by the BOEE and the department.

77.10(12) In accordance with 281—Chapter 83, all interns shall be provided with a district-level mentor in addition to the program supervisor. The purpose of this district-level mentor is to provide coaching feedback dependent on the intern’s classroom experience. This district-level mentor shall not serve in an evaluative role. The district-level mentor shall complete specialized training for serving as a mentor as required in rule 281—83.3(284). The program shall coordinate support between the teacher intern candidate’s local district mentor and program supervisor.

77.10(13) The program shall provide an orientation for teacher intern candidates. The orientation will include, but not be limited to:

a. Program goals and expectations;

b. Licensure and ethics requirements;

c. Support provided by the program; and

d. Support provided by the LEA or AEA.

77.10(14) Teacher intern faculty shall provide teacher intern candidates with academic advising, feedback about their performance throughout the program, and consultation opportunities.

77.10(15) Teacher intern faculty shall provide regular supervision in teacher intern candidates’ classrooms with additional supervision and assistance provided as needed.

[ARC 2606C; IAB 7/6/16, effective 8/10/16; ARC 6293C; IAB 4/20/22, effective 5/25/22]
281—77.11(256) Assessment standard. The teacher intern preparation program shall utilize a clearly defined assessment system based on program standards and include both individual candidate assessment and comprehensive program assessment.

77.11(1) The teacher intern assessment system shall be used by the teacher intern preparation program to appropriately monitor individual candidate performance and to evaluate and improve the intern program.

77.11(2) Candidate assessment includes clear criteria for the following:

a. Acceptance into the program (to include testing described in Iowa Code section 256.16). Acceptance requirements include but are not limited to:
   i. Completion of a baccalaureate degree from a regionally accredited institution, meeting program-established required grade point criteria for the baccalaureate degree and content area;
   ii. Completion of coursework that meets the state minimum requirements for at least one of the BOEE’s secondary endorsement areas, unless the endorsement area requirements are embedded in the teacher intern professional core; and
   iii. Screening designed to generate information about the prospective candidate’s attributes identified as essential for candidates in the program.

b. Continuation in the program with clearly defined checkpoints/gates, to include:
   i. For formal admission, a requirement that candidates have successfully passed a preprofessional skills test at the level approved by the program before beginning an internship; and
   ii. Verification of an offer of employment as an intern from a school or district administrator.

c. Program completion and subsequent recommendation by the authorized official of the program for an initial teaching license, to include:
   i. The requirement that each teacher candidate must either meet or exceed a score on subject assessments designed by a nationally recognized testing service that measures pedagogy and knowledge of at least one subject area as approved by the director, or the teacher candidate must meet or exceed the equivalent of a score on an alternate assessment also approved by the director. That alternate assessment must be a valid and reliable subject-area-specific, performance-based assessment for preservice teacher candidates that is centered on student learning. The required passing score will be determined by the director using considerations described in Iowa Code section 256.16(1) “a”(2) as amended by 2019 Iowa Acts, Senate File 159, section 2. A candidate who successfully completes the practitioner preparation program as required under this subparagraph shall be deemed to have attained a passing score on the assessments administered under this subparagraph even if the department subsequently sets different minimum passing scores.
   ii. Waiver by the director of the assessment requirements in this paragraph for not more than one year for a person who has completed the course requirements for an approved intern preparation program but attained an assessment score below the minimum passing score set by the department for successful completion of the program under this paragraph. The department shall forward to the BOEE the names of all candidates granted a waiver for consideration for a temporary license.
   iii. Recommendation for an intern license for one or more of the endorsements identified on the department’s teacher preparation website at www.educateiowa.gov/pk-12/educator-quality/practitioner-preparation.

77.11(3) Individual candidate assessment includes all of the following:

a. Measures used for candidate assessment are fair, reliable, and valid;

b. Candidates are assessed on their demonstration/attainment of program standards;

c. Multiple measures are used for assessment of the candidate on each program standard;

d. Candidates are assessed on program standards at different developmental stages;

e. Candidates are provided with formative feedback on their progress toward attainment of program standards; and

f. Candidates use the provided formative assessment data to reflect upon and guide their development and growth toward attainment of program standards.

77.11(4) Comprehensive program assessment includes all of the following:

a. Individual candidate assessment data on program standards are analyzed;
b. The aggregated assessment data are analyzed to evaluate the program;
c. Findings from the evaluation of aggregated assessment data are used to make program improvements;
d. Evaluation data are shared with stakeholders; and
e. The collection, aggregation, analysis, and evaluation of assessment data take place on a regular cycle.

77.11(5) The program shall conduct a survey of graduates and their employers to ensure that the graduates are well-prepared, and the data shall be used for program improvement.

77.11(6) The program shall regularly review, evaluate, and revise the assessment system.

77.11(7) The program shall annually report to the department such as is required by the state and federal governments.

Rescinded IAB 4/3/02, effective 5/8/02
CHAPTER 79
STANDARDS FOR PRACTITIONER AND ADMINISTRATOR
PREPARATION PROGRAMS

DIVISION 1
GENERAL STANDARDS APPLICABLE TO ALL PRACTITIONER PREPARATION PROGRAMS

281—79.1(256) General statement. Programs of practitioner and administrator preparation leading to licensure in Iowa are subject to approval by the state board of education, as provided in Iowa Code chapter 256. All programs having accreditation on August 31, 2001, are presumed accredited unless or until the state board takes formal action to remove accreditation.
[ARC 8053B, IAB 8/26/09, effective 9/30/09]

281—79.2(256) Definitions. For purposes of clarity, the following definitions are used throughout the chapter:

“Administrator candidates” means individuals who are enrolled in practitioner preparation programs leading to administrator licensure.

“Administrator preparation programs” means the programs of practitioner preparation leading to licensure of administrators.

“Area education agency” or “AEA” means a regional service agency that provides school improvement services for students, families, teachers, administrators and the community.

“Candidates” means individuals who are preparing to become educational practitioners through a practitioner preparation program.

“Clinical experiences” means a candidate’s direct experiences in PK-12 schools. “Clinical experiences” includes field experiences and student teaching or internships.

“College/university supervisors” means qualified employees or individuals contracted by the college or university offering educator preparation who provide guidance and supervision to candidates during the candidates’ clinical experiences in the schools.

“Cooperating administrators” means school administrators who provide guidance and supervision to administrator candidates during the candidates’ clinical experiences in the schools.

“Cooperating teachers” means appropriately licensed classroom teachers of record who provide guidance and supervision to teacher candidates in the cooperating teachers’ classrooms during the candidates’ field experiences in the schools.

“Delivery model” means the form in which the educator preparation program is delivered to candidates and may include conventional campus-based, face-to-face models, distance learning models, off-campus models, programs delivered through consortia arrangements, and programs or elements delivered by contracted outside providers.

“Department” means department of education.

“Director” means director of the department.

“Distance learning” means a formal education process in which the major portion of the instruction occurs when the learner and the instructor are not in the same place at the same time and occurs through virtually any media including printed materials, videotapes, audio recordings, facsimiles, telephone communications, the ICN, Internet communications through email, and Web-based delivery systems.

“Distance learning program” means a program in which over half of the required courses in the program occur when the learner and the instructor are not in the same place at the same time (see definition of distance learning). These programs include those offered by the professional educational unit through a contract with an outside vendor or in a consortium arrangement with other higher education institutions, area education agencies, or other entities.

“Diverse groups” means one or more groups of individuals possessing certain traits or characteristics, including but not limited to age, color, creed, national origin, race, religion, marital status, sex, sexual orientation, gender identity, physical attributes, physical or mental ability or disability, ancestry, political party preference, political belief, socioeconomic status, or familial status.

“Educator preparation program” means practitioner preparation program.
“Facility” means a residential or other setting for a child in which the child receives an appropriate educational program. “Facility” includes a foster care facility as defined in Iowa Code section 237.1, a facility that provides residential treatment pursuant to Iowa Code chapter 125, an approved or licensed shelter care home as defined in Iowa Code section 232.2(34), an approved juvenile detention home as defined in Iowa Code section 232.2(32), and a psychiatric medical institution for children as defined in Iowa Code section 135H.1.

“Faculty” means the teaching staff of a university or college responsible for delivering instruction.

“ICN” means the Iowa communications network.

“Institution” means a college or university in Iowa offering practitioner preparation or an educational organization offering administrator preparation and seeking state board approval of its practitioner preparation program(s).

“Institutional accrediting agency” means an institutional accrediting agency recognized by the U.S. Department of Education. Agencies include regional and national accreditors. The Department will maintain a web link to a list of currently approved accreditors on the Department’s practitioner preparation web page.

“InTASC” means Interstate Teacher Assessment and Support Consortium, the source of national standards for teachers.

“Iowa core” means a legislatively mandated state initiative that provides local school districts and nonpublic schools a guide to delivering instruction to students based on consistent, challenging and meaningful content.

“Leadership preparation program” means administrator preparation program.

“Mentor” means an experienced educator who provides guidance to a practitioner, administrator candidate or novice educator.

“National professional standards” means standards developed by nationally recognized organizations that establish best practices for education.

“NELP standards” means the National Educational Leadership Preparation standards for administrator preparation.

“Novice” means an individual in an educational position who has no previous experience in the role of that position or who is newly licensed by the board of educational examiners.

“Off-campus program” means a program offered by a unit on sites other than the main campus. Off-campus programs may be offered in the same state, in other states, or in countries other than the United States.

“Practitioner candidates” means individuals who are enrolled in practitioner preparation programs leading to licensure as teachers, as administrators or as other professional school personnel that require a license issued by the board of educational examiners.

“Practitioner preparation programs” means the programs of practitioner preparation leading to licensure of teachers, administrators, and other professional school personnel.

“Program” means a specific field of specialization leading to a specific endorsement.

“State board” means Iowa state board of education.

“Students” means PK-12 pupils.

“Teacher candidates” means individuals who are enrolled in practitioner preparation programs leading to teacher licensure.

“Unit” means the organizational entity within an institution with the responsibility of administering and delivering all practitioner preparation programs.

281—79.3(256) Institutions affected. In order to attain the authority to recommend candidates for Iowa licensure, colleges and universities offering practitioner preparation programs in Iowa, as well as other Iowa educational organizations engaged in the preparation of school administrators, shall meet the standards contained in this chapter to gain or maintain state board approval of their programs.
281—79.4(256) Criteria for practitioner preparation programs. Each institution seeking approval by the state board of its programs of practitioner preparation, including those programs offered by distance delivery models or at off-campus locations, must be accredited by an institutional accrediting agency recognized by the U.S. Department of Education and shall file evidence of the extent to which each program meets the standards contained in this chapter by means of a written self-evaluation report and an evaluation conducted by the department. The institution shall demonstrate such evidence by means of a template developed by the department and through a site visit conducted by the department. After the state board has approved the practitioner preparation programs of an institution, students who complete the programs and are recommended by the authorized official of that institution will be issued the appropriate license and endorsement(s).

[ARC 8053B, IAB 8/26/09, effective 9/30/09; ARC 5742C, IAB 6/30/21, effective 8/4/21]

281—79.5(256) Approval of programs. Approval of institutions’ practitioner preparation programs by the state board shall be based on the recommendation of the director after study of the factual and evaluative evidence on record about each program in terms of the standards contained in this chapter.

Approval, if granted, shall be for a term of seven years; however, approval for a lesser term may be granted by the state board if it determines conditions so warrant.

If approval is not granted, the applying institution will be advised concerning the areas in which improvement or changes appear to be essential for approval. In this case, the institution shall be given the opportunity to present factual information concerning its programs at a regularly scheduled meeting of the state board, not beyond three months of the board’s initial decision. Following a minimum of six months after the board’s decision to deny approval, the institution may reapply when it is ready to show what actions have been taken to address the areas of suggested improvement.

Programs may be granted conditional approval upon review of appropriate documentation. In such an instance, the program shall receive a full review after one year or, in the case of a new program, at the point at which candidates demonstrate mastery of standards for licensure.

[ARC 8053B, IAB 8/26/09, effective 9/30/09]

281—79.6(256) Visiting teams. Upon application or reapplication for approval, a review team shall visit each institution for evaluation of its practitioner preparation program(s). When an institution offers off-campus practitioner preparation programs, the team may elect to include visits to some or all of the sites of the off-campus programs. The membership of the team shall be selected by the department with the concurrence of the institution being visited. The team may include faculty members of other practitioner preparation institutions; personnel from elementary and secondary schools, to include licensed practitioners; personnel of the state department of education; personnel of the board of educational examiners; and representatives from professional education organizations. Each team member should have appropriate competencies, background, and experiences to enable the member to contribute to the evaluation visit. The expenses for the review team shall be borne by the institution.

[ARC 8053B, IAB 8/26/09, effective 9/30/09]

281—79.7(256) Periodic reports. Upon request of the department, approved programs shall make periodic reports which shall provide basic information necessary to keep records of each practitioner preparation program up to date and to carry out research studies relating to practitioner preparation. The department may request that information be disaggregated by attendance center or delivery model or both.

[ARC 8053B, IAB 8/26/09, effective 9/30/09]

281—79.8(256) Reevaluation of practitioner preparation programs. Every seven years or at any time deemed necessary by the director, an institution shall file a written self-evaluation of its practitioner preparation programs to be followed by a review team visit. Any action for continued approval or rescission of approval shall be approved by the state board.

[ARC 8053B, IAB 8/26/09, effective 9/30/09]
281—79.9(256) Approval of program changes. Upon application by an institution, the director is authorized to approve minor additions to, or changes within, the curricula of an institution’s approved practitioner preparation program. When an institution proposes a revision which exceeds the primary scope of its programs, including revisions which significantly change the delivery model(s), the revisions shall become operative only after having been approved by the state board. Approval of any institution’s application for adding the dyslexia specialist endorsement must include approval by the Iowa reading research center. [ARC 8053B, IAB 8/26/09, effective 9/30/09; ARC 5742C, IAB 6/30/21, effective 8/4/21]

DIVISION II
SPECIFIC EDUCATION STANDARDS APPLICABLE TO ALL PRACTITIONER PREPARATION PROGRAMS

281—79.10(256) Governance and resources standard. Governance and resources adequately support the preparation of practitioner candidates to meet professional, state and institutional standards in accordance with the following provisions.

79.10(1) A clearly understood governance structure provides guidance and support for all educator preparation programs in the unit.

79.10(2) The professional education unit has primary responsibility for all educator preparation programs offered by the institution through any delivery model.

79.10(3) The unit’s conceptual framework establishes the shared vision for the unit and provides the foundation for all components of the educator preparation programs.

79.10(4) The unit demonstrates alignment of unit standards with current national professional standards for educator preparation. Teacher preparation must align with InTASC standards. Leadership preparation programs must align with NELP standards.

79.10(5) The unit provides evidence of ongoing collaboration with appropriate stakeholders. There is an active advisory committee that is involved semiannually in providing input for program evaluation and continuous improvement.

79.10(6) When a unit is a part of a college or university, there is ongoing collaboration with the appropriate departments of the institution, especially regarding content knowledge.

79.10(7) The institution provides resources and support necessary for the delivery of quality preparation program(s). The resources and support include the following:

a. Financial resources; facilities; appropriate educational materials, equipment and library services; and commitment to a work climate, policies, and faculty/staff assignments which promote/support best practices in teaching, scholarship and service;

b. Resources to support professional development opportunities;

c. Resources to support technological and instructional needs to enhance candidate learning;

d. Resources to support quality clinical experiences for all educator candidates; and

e. Commitment of sufficient administrative, clerical, and technical staff.

79.10(8) The unit has a clearly articulated appeals process, aligned with the institutional policy, for decisions impacting candidates. This process is communicated to all candidates and faculty.

79.10(9) The use of part-time faculty and graduate students in teaching roles is purposeful and is managed to ensure integrity, quality, and continuity of all programs.

79.10(10) Resources are equitable for all program components, regardless of delivery model or location. [ARC 8053B, IAB 8/26/09, effective 9/30/09; ARC 1780C, IAB 12/10/14, effective 1/14/15; ARC 4620C, IAB 8/28/19, effective 8/5/19]

281—79.11(256) Diversity standard. The environment and experiences provided for practitioner candidates support candidate growth in knowledge, skills, and dispositions to help all students learn in accordance with the following provisions.

79.11(1) The institution and unit work to establish a climate that promotes and supports diversity.

79.11(2) The institution’s and unit’s plans, policies, and practices document their efforts in establishing and maintaining a diverse faculty and student body. [ARC 8053B, IAB 8/26/09, effective 9/30/09; ARC 1780C, IAB 12/10/14, effective 1/14/15]
281—79.12(256) Faculty standard. Faculty qualifications and performance shall facilitate the professional development of practitioner candidates in accordance with the following provisions.

79.12(1) The unit defines the roles and requirements for faculty members by position. The unit describes how roles and requirements are determined.

79.12(2) The unit documents the alignment of teaching duties for each faculty member with that member’s preparation, knowledge, experiences and skills.

79.12(3) The unit holds faculty members accountable for teaching prowess. This accountability includes evaluation and indicators for continuous improvement.

79.12(4) The unit holds faculty members accountable for professional growth to meet the academic needs of the unit.

79.12(5) Faculty members collaborate with:
   a. Colleagues in the unit;
   b. Colleagues across the institution;
   c. Colleagues in PK-12 schools/agencies/learning settings. Faculty members engage in professional education and maintain ongoing involvement in activities in preschool and elementary, middle, or secondary schools. For faculty members engaged in teacher preparation, activities shall include at least 40 hours of teaching at the appropriate grade level(s) during a period not exceeding five years in duration.

[ARC 805B, IAB 8/26/09, effective 9/30/09; ARC 1780C, IAB 12/10/14, effective 1/14/15]

281—79.13(256) Assessment system and unit evaluation standard. The unit’s assessment system shall appropriately monitor individual candidate performance and use that data in concert with other information to evaluate and improve the unit and its programs in accordance with the following provisions.

79.13(1) The unit has a clearly defined, cohesive assessment system.

79.13(2) The assessment system is based on unit standards.

79.13(3) The assessment system includes both individual candidate assessment and comprehensive unit assessment.

79.13(4) Candidate assessment includes clear criteria for:
   a. Entrance into the program. If a unit chooses to use a preprofessional skills test from a nationally recognized testing service for admission into the program, the unit must report passing rates and remediation measures annually to the department.
   b. Continuation in the program with clearly defined checkpoints/gates.
   c. Admission to clinical experiences (for teacher education, this includes specific criteria for admission to student teaching).
   d. Program completion (for teacher education, this includes testing described in Iowa Code section 256.16; see subrule 79.15(5) for required teacher candidate assessment).

79.13(5) Individual candidate assessment includes all of the following:
   a. Measures used for candidate assessment are fair, reliable, and valid.
   b. Candidates are assessed on their demonstration/attainment of unit standards.
   c. Multiple measures are used for assessment of the candidate on each unit standard.
   d. Candidates are assessed on unit standards at different developmental stages.
   e. Candidates are provided with formative feedback on their progress toward attainment of unit standards.
   f. Candidates use the provided formative assessment data to reflect upon and guide their development/growth toward attainment of unit standards.
   g. Candidates are assessed at the same level of performance across programs, regardless of the place or manner in which the program is delivered.

79.13(6) Comprehensive unit assessment includes all of the following:
   a. Individual candidate assessment data on unit standards, as described in subrule 79.13(5), are analyzed.
   b. The aggregated assessment data are analyzed to evaluate programs.
c. Findings from the evaluation of aggregated assessment data are used to make program improvements.
   d. Evaluation data are shared with stakeholders.
   e. The collection, aggregation, analysis, and evaluation of assessment data described in this subrule take place on a regular cycle.

79.13(7) The unit shall conduct a survey of graduates and their employers to ensure that the graduates are well-prepared, and the data shall be used for program improvement.
79.13(8) The unit regularly reviews, evaluates, and revises the assessment system.
79.13(9) The unit annually reports to the department such data as is required by the state and federal governments.

[ARC 8053B, IAB 8/26/09, effective 9/30/09; ARC 0476C, IAB 11/28/12, effective 1/2/13; ARC 1780C, IAB 12/10/14, effective 1/14/15; ARC 2948C, IAB 2/15/17, effective 3/22/17; ARC 5330C, IAB 12/16/20, effective 1/20/21]

DIVISION III
SPECIFIC EDUCATION STANDARDS APPLICABLE ONLY TO INITIAL PRACTITIONER PREPARATION PROGRAMS FOR TEACHER CANDIDATES

281—79.14(256) Teacher preparation clinical practice standard. The unit and its school partners shall provide field experiences and student teaching opportunities that assist candidates in becoming successful teachers in accordance with the following provisions.
79.14(1) The unit ensures that clinical experiences occurring in all locations are well-sequenced, supervised by appropriately qualified personnel, monitored by the unit, and integrated into the unit standards. These expectations are shared with teacher candidates, college/university supervisors, and cooperating teachers.
79.14(2) PK-12 school partners and the unit share responsibility for selecting, preparing, evaluating, supporting, and retaining both:
   a. High-quality college/university supervisors, and
   b. High-quality cooperating teachers.
79.14(3) Cooperating teachers and college/university supervisors share responsibility for evaluating the teacher candidates’ achievement of unit standards. Clinical experiences are structured to have multiple performance-based assessments at key points within the program to demonstrate candidates’ attainment of unit standards.
79.14(4) Teacher candidates experience clinical practices in multiple settings that include diverse groups and diverse learning needs.
79.14(5) Teacher candidates admitted to a teacher preparation program must complete a minimum of 80 hours of pre-student teaching field experiences, with at least 10 hours occurring prior to acceptance into the program.
79.14(6) Pre-student teaching field experiences support learning in context and include all of the following:
   a. High-quality instructional programs for PK-12 students in a state-approved school or educational facility.
   b. Opportunities for teacher candidates to observe and be observed by others and to engage in discussion and reflection on clinical practice.
   c. The active engagement of teacher candidates in planning, instruction, and assessment.
79.14(7) The unit is responsible for ensuring that the student teaching experience for initial licensure:
   a. Includes a full-time experience for a minimum of 14 weeks in duration during the teacher candidate’s final year of the teacher preparation program.
   b. Takes place in the classroom of a cooperating teacher who is appropriately licensed in the subject area and grade level endorsement for which the teacher candidate is being prepared.
   c. Includes prescribed minimum expectations and responsibilities, including ethical behavior, for the teacher candidate.
   d. Involves the teacher candidate in communication and interaction with parents or guardians of students in the teacher candidate’s classroom.
The unit annually offers one or more workshops for cooperating teachers to define the objectives of the student teaching experience, review the responsibilities of the cooperating teacher, and provide the cooperating teacher other information and assistance the unit deems necessary. The duration of the workshop shall be equivalent to one day.

79.14(9) The institution enters into a written contract with the cooperating school or district providing clinical experiences, including field experiences and student teaching.

79.14(8) The unit annually offers one or more workshops for cooperating teachers to define the objectives of the student teaching experience, review the responsibilities of the cooperating teacher, and provide the cooperating teacher other information and assistance the unit deems necessary. The duration of the workshop shall be equivalent to one day.

79.15(1) Each teacher candidate demonstrates the acquisition of a core of liberal arts knowledge including but not limited to English composition, mathematics, natural sciences, social sciences, and humanities.

79.15(2) Each teacher candidate receives dedicated coursework related to the study of human relations, cultural competency, and diverse learners, such that the candidate is prepared to work with students from diverse groups, as defined in rule 281—79.2(256). The unit shall provide evidence that teacher candidates develop the ability to identify and meet the needs of all learners, including:

a. Students from diverse ethnic, racial and socioeconomic backgrounds.

b. Students with disabilities. This will include preparation in developing and implementing individualized education programs and behavioral intervention plans, preparation for educating individuals in the least restrictive environment and identifying that environment, and strategies that address difficult and violent student behavior and improve academic engagement and achievement.

c. Students who are struggling with literacy, including those with dyslexia.

d. Students who are gifted and talented.

e. English language learners.

f. Students who may be at risk of not succeeding in school. This preparation will include classroom management addressing high-risk behaviors including, but not limited to, behaviors related to substance abuse.

79.15(3) Each teacher candidate demonstrates competency in literacy, to include reading theory, knowledge, strategies, and approaches; and integrating literacy instruction into content areas. The teacher candidate demonstrates competency in making appropriate accommodations for students who struggle with literacy. Demonstrated competency shall address the needs of all students, including but not limited to, students with disabilities; students who are at risk of academic failure; students who have been identified as gifted and talented or limited English proficient; and students with dyslexia, whether or not such students have been identified as children requiring special education under Iowa Code chapter 256B. Literacy instruction shall include evidence-based best practices, determined by research, including that identified by the Iowa reading research center.

79.15(4) Each unit defines unit standards (aligned with InTASC standards) and embeds them in courses and field experiences.
79.15(5) Each teacher candidate demonstrates competency in all of the following professional core curricula:

a. Learner development. The teacher understands how learners grow and develop, recognizing that patterns of learning and development vary individually within and across the cognitive, linguistic, social, emotional, and physical areas, and designs and implements developmentally appropriate and challenging learning experiences.

b. Learning differences. The teacher uses understanding of individual differences and diverse cultures and communities to ensure inclusive learning environments that enable each learner to meet high standards.

c. Learning environments. The teacher works with others to create environments that support individual and collaborative learning, and that encourage positive social interaction, active engagement in learning, and self-motivation.

d. Content knowledge. The teacher understands the central concepts, tools of inquiry, and structures of the discipline(s) he or she teaches and creates learning experiences that make the discipline accessible and meaningful for learners to assure mastery of the content.

e. Application of content. The teacher understands how to connect concepts and use differing perspectives to engage learners in critical thinking, creativity, and collaborative problem solving related to authentic local and global issues.

f. Assessment. The teacher understands and uses multiple methods of assessment to engage learners in their own growth, to monitor learner progress, and to guide the teacher’s and learner’s decision making.

g. Planning for instruction. The teacher plans instruction that supports every student in meeting rigorous learning goals by drawing upon knowledge of content areas, curriculum, cross-disciplinary skills, and pedagogy, as well as knowledge of learners and the community context.

h. Instructional strategies. The teacher understands and uses a variety of instructional strategies to encourage learners to develop deep understanding of content areas and their connections, and to build skills to apply knowledge in meaningful ways.

i. Professional learning and ethical practice. The teacher engages in ongoing professional learning and uses evidence to continually evaluate his/her practice, particularly the effects of his/her choices and actions on others (learners, families, other professionals, and the community), and adapts practice to meet the needs of each learner.

j. Leadership and collaboration. The teacher seeks appropriate leadership roles and opportunities to take responsibility for student learning, to collaborate with learners, families, colleagues, other school professionals, and community members to ensure learner growth, and to advance the profession.

k. Technology. The teacher candidate effectively integrates technology into instruction to support student learning.

l. Methods of teaching. The teacher candidate understands and uses methods of teaching that have an emphasis on the subject and grade-level endorsement desired.

79.15(6) Assessment requirements.

a. Each teacher candidate must either meet or exceed a score on subject assessments designed by a nationally recognized testing service that measure pedagogy and knowledge of at least one subject area as approved by the director of the department of education, or the teacher candidate must meet or exceed the equivalent of a score on an alternate assessment also approved by the director. That alternate assessment must be a valid and reliable subject-area-specific, performance-based assessment for preservice teacher candidates that is centered on student learning. The required passing score will be determined by the director using considerations described in Iowa Code section 256.16(1) “a”(2) as amended by 2019 Iowa Acts, Senate File 159, section 2. A candidate who successfully completes the practitioner preparation program as required under this subparagraph shall be deemed to have attained a passing score on the assessments administered under this subparagraph even if the department subsequently sets different minimum passing scores.

b. The director shall waive the assessment requirements in 79.15(6) “a” for not more than one year for a person who has completed the course requirements for an approved practitioner preparation
program but attained an assessment score below the minimum passing scores set by the department for successful completion of the program under 79.15(6) “a.” The department shall forward to the BOEE the names of all candidates granted a waiver for consideration for a temporary license.

79.15(7) Each teacher candidate must complete a 30-semester-hour teaching major which must minimally include the requirements for at least one of the basic endorsement areas, special education teaching endorsements, or secondary level occupational endorsements. Additionally, each elementary teacher candidate must also complete a field of specialization in a single discipline or a formal interdisciplinary program of at least 12 semester hours. Each teacher candidate meets all requirements established by the board of educational examiners for any endorsement for which the teacher candidate is recommended.

79.15(8) Each teacher candidate demonstrates competency in content coursework directly related to the Iowa Core.

79.15(9) Programs shall submit curriculum exhibit sheets for approval by the board of educational examiners and the department.

79.16(1) The unit ensures that:

a. Principal candidates successfully complete clinical experiences that provide candidates with opportunities to synthesize and apply the knowledge and skills identified in subrule 79.17(2) in ways that approximate the full range of responsibilities required of building-level leaders and enable them to promote the current and future success and well-being of each student and adult in their school.

b. Superintendent candidates successfully complete clinical experiences that provide candidates opportunities to synthesize and apply the knowledge and skills identified in subrule 79.17(3) in ways that approximate the full range of responsibilities required of district-level leaders and enable them to promote the current and future success and well-being of each student and adult in their district.

79.16(2) The unit ensures that clinical experiences occurring in all locations are coherent, authentic, sustained, and purposeful opportunities that are monitored by the unit. These expectations are shared with candidates, supervisors and cooperating administrators.

79.16(3) Candidates are supervised by knowledgeable and qualified practitioners. The PK-12 school and the unit share responsibility for selecting, preparing, supporting, evaluating, and retaining both:

a. High-quality college/university supervisors, and

b. High-quality cooperating administrators.

79.16(4) Cooperating administrators and college/university supervisors share responsibility for evaluating the candidate’s achievement of unit standards. Clinical experiences are structured to have multiple performance-based assessments at key points within the program to demonstrate candidates’ attainment of unit standards.

79.16(5) Clinical experiences include all of the following criteria:

a. A minimum of 400 hours during the candidate’s preparation program.

b. Take place with appropriately licensed cooperating administrators in state-approved schools or educational facilities.

c. Take place in multiple high-quality educational settings that include diverse populations and students of different age groups.

d. Include documented expectations and responsibilities for cooperating administrators, school districts, accredited nonpublic schools, or AEAs and for higher education supervising faculty members.

DIVISION IV
SPECIFIC EDUCATION STANDARDS APPLICABLE ONLY TO ADMINISTRATOR PREPARATION PROGRAMS

281—79.16(256) Administrator preparation clinical practice standard. The unit and its school partners shall provide clinical experiences that assist candidates in becoming successful school administrators in accordance with the following provisions.

79.16(1) The unit ensures that:

a. Principal candidates successfully complete clinical experiences that provide candidates with opportunities to synthesize and apply the knowledge and skills identified in subrule 79.17(2) in ways that approximate the full range of responsibilities required of building-level leaders and enable them to promote the current and future success and well-being of each student and adult in their school.

b. Superintendent candidates successfully complete clinical experiences that provide candidates opportunities to synthesize and apply the knowledge and skills identified in subrule 79.17(3) in ways that approximate the full range of responsibilities required of district-level leaders and enable them to promote the current and future success and well-being of each student and adult in their district.

79.16(2) The unit ensures that clinical experiences occurring in all locations are coherent, authentic, sustained, and purposeful opportunities that are monitored by the unit. These expectations are shared with candidates, supervisors and cooperating administrators.

79.16(3) Candidates are supervised by knowledgeable and qualified practitioners. The PK-12 school and the unit share responsibility for selecting, preparing, supporting, evaluating, and retaining both:

a. High-quality college/university supervisors, and

b. High-quality cooperating administrators.

79.16(4) Cooperating administrators and college/university supervisors share responsibility for evaluating the candidate’s achievement of unit standards. Clinical experiences are structured to have multiple performance-based assessments at key points within the program to demonstrate candidates’ attainment of unit standards.

79.16(5) Clinical experiences include all of the following criteria:

a. A minimum of 400 hours during the candidate’s preparation program.

b. Take place with appropriately licensed cooperating administrators in state-approved schools or educational facilities.

c. Take place in multiple high-quality educational settings that include diverse populations and students of different age groups.

d. Include documented expectations and responsibilities for cooperating administrators, school districts, accredited nonpublic schools, or AEAs and for higher education supervising faculty members.
e. Provide opportunities for candidates to apply the knowledge, skills, and dispositions identified in subrules 79.17(2) and 79.17(3).

79.16(6) The institution annually delivers one or more professional development opportunities for cooperating administrators to define the objectives of the field experience, review the responsibilities of the cooperating administrator, build skills in coaching and mentoring, and provide the cooperating administrator other information and assistance the institution deems necessary. The professional development opportunities incorporate feedback from participants and utilize appropriate delivery strategies.

79.16(7) The institution shall enter into a written contract with the cooperating school districts that provide field experiences for administrator candidates.

281—79.17(256) Administrator knowledge, skills, and dispositions standard. Administrator candidates shall demonstrate the content, pedagogical, and professional knowledge, skills and dispositions necessary to help all students learn in accordance with the following provisions.

79.17(1) Each educational administrator program shall define program standards (aligned with current NELP standards) and embed them in coursework and clinical experiences at a level appropriate for a novice administrator.

79.17(2) Each principal candidate demonstrates the knowledge, skills, and dispositions necessary to:

a. Collaboratively lead, design, and implement a school mission, vision, and process for continuous improvement that reflects a core set of values and priorities that include data use, technology, equity, diversity, digital citizenship, and community. (Mission, Vision, and Improvement)

b. Advocate for ethical decisions and cultivate and enact professional norms. (Ethics and Professional Norms)

c. Develop and maintain a supportive, equitable, culturally responsive, and inclusive school culture. (Equity, Inclusiveness, and Cultural Responsiveness)

d. Evaluate, develop, and implement coherent systems of curriculum, instruction, data systems, supports, and assessment. (Learning and Instruction)

e. Strengthen student learning, support school improvement, and advocate for the needs of the school and community. (Community and External Leadership)

f. Improve management, communication, technology, school-level governance, and operation systems to develop and improve data-informed and equitable school resource plans and to apply laws, policies, and regulations. (Operations and Management)

g. Build the school’s professional capacity, engage staff in the development of a collaborative professional culture, and improve systems of staff supervision, evaluation, support, and professional learning. (Building Professional Capacity)

79.17(3) Each superintendent candidate demonstrates competency in all of the following professional core curricula:

a. Collaboratively lead, design, and implement a district mission, vision, and process for continuous improvement that reflects a core set of values and priorities that include data use, technology, values, equity, diversity, digital citizenship, and community. (District Mission, Vision, and Improvement)

b. Advocate for ethical decisions and cultivate professional norms and culture. (Ethics and Professional Norms)

c. Develop and maintain a supportive, equitable, culturally responsive, and inclusive district culture. (Equity, Inclusiveness, and Cultural Responsiveness)

d. Evaluate, design, cultivate, and implement coherent systems of curriculum, instruction, data systems, supports, assessment, and instructional leadership. (Learning and Instruction)
e. Understand and engage families, communities, and other constituents in the work of schools and the district and to advocate for district, student, and community needs. (Community and External Leadership)

f. Develop, monitor, evaluate, and manage data-informed and equitable district systems for operations, resources, technology, and human capital management. (Operations and Management)

g. Cultivate relationships, lead collaborative decision making and governance, and represent and advocate for district needs in broader policy conversations. (Policy, Governance, and Advocacy)

79.17(4) Each new administrator candidate successfully completes the appropriate evaluator training provided by a state-approved evaluator trainer.

79.17(5) Each administrator candidate demonstrates the knowledge, skills, and dispositions necessary to support the implementation of the Iowa core.

79.17(6) Each administrator candidate demonstrates, within specific coursework and clinical experiences, the ability to develop and maintain a supportive, equitable, culturally responsive, and inclusive district culture with students and staff from diverse groups, as defined in rule 281—79.2(256). The unit shall provide evidence that administrator candidates develop the ability to meet the needs of all learners, as well as ensuring teachers meet the needs of diverse learners, including:

a. Students from diverse ethnic, racial and socioeconomic backgrounds.

b. Students with disabilities. This will include preparation in developing and implementing individualized education programs and behavioral intervention plans, preparation for educating individuals in the least restrictive environment and identifying that environment, and strategies that address difficult and violent student behavior and improve academic engagement and achievement.

c. Students who are struggling with literacy, including those with dyslexia.

d. Students who are gifted and talented.

e. English language learners.

f. Students who may be at risk of not succeeding in school. This preparation will include classroom management addressing high-risk behaviors including, but not limited to, behaviors related to substance abuse.

79.17(7) Each administrator candidate meets all requirements established by the board of educational examiners for any endorsement for which the candidate is recommended. Programs shall submit curriculum exhibit sheets for approval by the board of educational examiners and the department.

DIVISION V

SPECIFIC EDUCATION STANDARDS APPLICABLE ONLY TO PRACTITIONER PREPARATION PROGRAMS

OTHER THAN TEACHER OR ADMINISTRATOR PREPARATION PROGRAMS

281—79.20(256) Clinical practice standard. The unit and its school, AEA, and facility partners shall provide clinical experiences that assist candidates in becoming successful practitioners in accordance with the following provisions.

79.20(1) The unit ensures that clinical experiences occurring in all locations are well-sequenced, purposeful, supervised by appropriately qualified personnel, monitored by the unit, and integrated into unit standards. These expectations are shared with candidates, supervisors and cooperating professional educators.
79.20(2) The PK-12 school, AEA, and facility partners and the unit share responsibility for selecting, preparing, evaluating, supporting, and retaining both:
   a. High-quality college/university supervisors, and
   b. High-quality cooperating professional educators.

79.20(3) Cooperating professional educators and college/university supervisors share responsibility for evaluating the candidate’s achievement of unit standards. Clinical experiences are structured to have multiple performance-based assessments at key points within the program to demonstrate the candidate’s attainment of unit standards.

79.20(4) Clinical experiences include all of the following criteria:
   a. Learning that takes place in the context of providing high-quality instructional programs for students in a state-approved school, agency, or educational facility;
   b. Take place in educational settings that include diverse populations and students of different age groups;
   c. Provide opportunities for candidates to observe and be observed by others and to engage in discussion and reflection on clinical practice;
   d. Include minimum expectations and responsibilities for cooperating professional educators, school districts, accredited nonpublic schools, or AEs and for higher education supervising faculty members;
   e. Include prescribed minimum expectations for involvement of candidates in relevant responsibilities directed toward the work for which they are preparing;
   f. Involve candidates in professional meetings and other activities directed toward the improvement of teaching and learning; and
   g. Involve candidates in communication and interaction with parents or guardians, community members, faculty and staff, and cooperating professional educators in the school.

79.20(5) The institution annually delivers one or more professional development opportunities for cooperating professional educators to define the objectives of the field experience, review the responsibilities of the cooperating professional educators, build skills in coaching and mentoring, and provide the cooperating professional educators other information and assistance the institution deems necessary. The professional development opportunities incorporate feedback from participants and utilize appropriate delivery strategies.

79.20(6) The institution shall enter into a written contract with the cooperating school districts that provide field experiences for candidates.

[ARC 8053B, IAB 8/26/09, effective 9/30/09; ARC 1780C, IAB 12/10/14, effective 1/14/15]

281—79.21(256) Candidate knowledge, skills and dispositions standard. Candidates shall demonstrate the content knowledge and the pedagogical and professional knowledge, skills and dispositions necessary to help all students learn in accordance with the following provisions.

79.21(1) Each professional educator program shall define program standards (aligned with current national standards) and embed them in coursework and clinical experiences at a level appropriate for a novice professional educator.

79.21(2) Each candidate demonstrates, within specific coursework and clinical experiences related to the study of human relations, cultural competency, and diverse learners, that the candidate is prepared to work with students from diverse groups, as defined in rule 281—79.2(256). The unit shall provide evidence that candidates develop the ability to meet the needs of all learners, including:
   a. Students from diverse ethnic, racial and socioeconomic backgrounds.
   b. Students with disabilities. This will include preparation in developing and implementing individualized education programs and behavioral intervention plans, preparation for educating individuals in the least restrictive environment and identifying that environment, and strategies that address difficult and violent student behavior and improve academic engagement and achievement.
   c. Students who are struggling with literacy, including those with dyslexia.
   d. Students who are gifted and talented.
   e. English language learners.
Students who may be at risk of not succeeding in school. This preparation will include classroom management addressing high-risk behaviors including, but not limited to, behaviors related to substance abuse.

79.21(3) Each candidate meets all requirements established by the board of educational examiners for any endorsement for which the candidate is recommended. Programs shall submit curriculum exhibit sheets for approval by the board of educational examiners and the department.

These rules are intended to implement Iowa Code sections 256.7, 256.16 and 272.25(1).

CHAPTER 80
STANDARDS FOR PARAEDUCATOR PREPARATION PROGRAMS

281—80.1(272) General statement. Programs of preparation leading to certification of paraeducators in Iowa are subject to approval by the state board of education.
[ARC 1966C, IAB 4/15/15, effective 5/20/15]

281—80.2(272) Definitions. The following definitions are used throughout this chapter:

“Authorized official” means an individual with the authority within the institution and the unit to monitor and ensure compliance with this chapter.

1. If the unit is within a community college, an institution of higher education under the state board of regents, or an accredited private institution of higher education, the official must maintain, oversee and be responsible for the program within the unit.

2. If the unit is within an Iowa public school district or area education agency, the official must have one or more of the following credentials issued by the board of educational examiners: a teacher license (with the exception of a substitute teaching license), an administrator license, a professional services license, an elementary professional school counselor endorsement, a secondary professional school counselor endorsement, a school nurse endorsement, a special education support personnel authorization, or a statement of professional recognition. Other authorizations or certificates issued by the board of educational examiners shall not satisfy the requirements of this paragraph.

“Department” means the department of education.

“Director” means director of the department of education.

“Diverse groups” means one or more groups of individuals possessing certain traits or characteristics, including but not limited to age, color, creed, national origin, race, religion, marital status, sex, sexual orientation, gender identity, physical attributes, physical or mental ability or disability, ancestry, political party preference, political belief, socioeconomic status, or familial status.

“Institution” means an Iowa public school district, area education agency, community college, institution of higher education under the state board of regents or an accredited private institution as defined in Iowa Code section 261.9(1) offering a paraeducator preparation program(s).

“Paraeducator candidate” means an individual who is enrolled in a paraeducator preparation program leading to certification as a generalist, generalist with area(s) of concentration, or advanced paraeducator.

“Paraeducator preparation program” means the program of paraeducator preparation leading to certification of paraeducators.

“State board” means Iowa state board of education.

“Unit” means the organizational entity within an institution with the responsibility of administering the paraeducator preparation program(s).
[ARC 1966C, IAB 4/15/15, effective 5/20/15]

281—80.3(272) Institutions affected. All institutions engaged in preparation of paraeducators and seeking state board approval of the institutions’ paraeducator preparation program(s) shall meet the standards contained in this chapter.
[ARC 1966C, IAB 4/15/15, effective 5/20/15]

281—80.4(272) Criteria for Iowa paraeducator preparation programs. Each institution seeking approval of its paraeducator preparation program(s) shall submit to the board evidence of the extent to which the program meets the standards contained in this chapter. After the state board has approved an institution’s paraeducator preparation program(s), students who complete the program(s) may be recommended by the authorized official of that institution for issuance of the appropriate certificate.
[ARC 1966C, IAB 4/15/15, effective 5/20/15]

281—80.5(272) Application; approval of programs. Approval of paraeducator preparation programs by the state board shall be based on the recommendation of the director after study of the factual and evaluative evidence of record about each program in terms of the standards contained in this chapter.
Approval, if granted, shall be for a term of five years; however, approval for a shorter term may be granted by the state board if it determines conditions so warrant. If approval is not granted, the applicant institution will be advised concerning the areas in which improvement or changes appear to be essential for approval. In this case, the institution shall be given the opportunity to present factual information concerning its programs at the next regularly scheduled meeting of the state board. The institution may also reapply at its discretion to provide evidence of the actions taken toward suggested improvement. Any application submitted under this rule shall be submitted by the authorized official.

[ARC 1966C, IAB 4/15/15, effective 5/20/15]

281—80.6(272) Periodic reports. In addition to reports required by this chapter, the department may ask institutions placed on the approved programs list to make periodic reports necessary to keep records of each paraeducator preparation program up to date, to provide information necessary to carry out research studies relating to paraeducator preparation, and for any other purpose the department deems advisable. Any reports submitted under this rule shall be submitted by the authorized official.

[ARC 1966C, IAB 4/15/15, effective 5/20/15]

281—80.7(272) Reevaluation of paraeducator preparation programs. Each paraeducator preparation program shall be reviewed and reevaluated at least once every five years, at a shorter interval specified pursuant to rule 281—80.5(272), or at any time deemed necessary by the director. Recommendations as to whether to grant continued approval shall be governed by rule 281—80.5(272).

[ARC 1966C, IAB 4/15/15, effective 5/20/15]

281—80.8(272) Approval of program changes. Upon application by an institution, the director is authorized to approve minor additions to, or changes within, the institution’s approved paraeducator preparation program. When an institution proposes revisions that exceed the primary scope of its program, the revisions shall become operative only after approval by the state board.

[ARC 1966C, IAB 4/15/15, effective 5/20/15]

281—80.9(272) Organizational and resource standards. Organization and resources shall adequately support the preparation of paraeducator candidates to enable them to meet state standards in accordance with the provisions of this rule.

80.9(1) The unit provides resources and support necessary for the delivery of a quality certification program, including:

a. A commitment to a work culture, policies, and faculty/staff assignments that promote and support best practices in education;

b. Resources to support a quality hands-on (clinical) experience;

c. Resources to support professional development opportunities for certified paraeducators and unit faculty;

d. Resources to support technological and instructional needs to enhance candidate learning; and

e. A commitment of sufficient administrative, clerical, and technical staff to ensure implementation of a quality program.

80.9(2) The unit provides evidence of collaboration with members of the professional community, including the unit’s advisory committee comprised of school administrators, classroom teachers, currently employed paraprofessionals and others, to design, deliver, and evaluate programs to prepare paraeducators.

80.9(3) When a unit is a part of a college or university, the unit maintains ongoing collaboration with the appropriate departments of the institution, especially regarding content knowledge.

80.9(4) The unit has primary responsibility for all paraeducator preparation programs offered through any delivery model.

80.9(5) The unit has a clearly articulated appeals process for decisions affecting candidates. This process is communicated to all candidates and staff. The unit may use an institutionwide appeals process to meet the requirements of this subrule.
80.9(6) The unit’s use of staff in teaching roles is purposeful and managed to ensure integrity, quality, and continuity of the program(s).

80.9(7) The unit ensures that resources are equitable for all program components, regardless of delivery or location.

[ARC 1966C, IAB 4/15/15, effective 5/20/15]

281—80.10(272) Diversity standards. The unit shall ensure that the paraeducator preparation program meets the following diversity standards.

80.10(1) The unit provides an environment and experiences to paraeducator candidates to support candidate growth in knowledge, skills and dispositions to help diverse groups of PK-12 students learn.

80.10(2) The unit establishes and maintains a climate that promotes and supports diversity.

80.10(3) The unit’s plans, policies, and practices document its efforts in establishing and maintaining a diverse staff and paraeducator candidate pool that strives to represent the diverse makeup of the community at large.

80.10(4) In addition to the requirements of rule 281—80.12(272), the unit shall gather data about its implementation of this rule, use those data to make program improvements, and share those data and improvements with the schools and communities it serves.

[ARC 1966C, IAB 4/15/15, effective 5/20/15]

281—80.11(272) Faculty standards. Unit staff qualifications and performance shall facilitate the unit’s role in the preparation of a professional paraeducator in accordance with the provisions of this rule.

80.11(1) The unit documents the alignment of teaching duties for each faculty member with that member’s preparation, knowledge, experiences and skills appropriate for training paraeducators to serve in a school setting.

80.11(2) The institution shall hold unit staff accountable for teaching the critical concepts and principles of the discipline.

80.11(3) For the purpose of implementing each of the requirements of this chapter, unit faculty shall maintain ongoing, actual involvement in settings where paraeducators are employed.

[ARC 1966C, IAB 4/15/15, effective 5/20/15]

281—80.12(272) Program assessment and evaluation standards. The unit’s assessment system shall appropriately monitor individual candidate performance and use that data in concert with other program information to improve the unit and its programs in accordance with the provisions of this rule.

80.12(1) Each paraeducator candidate’s knowledge and skills shall be measured against state certification standards adopted by the board of educational examiners under Iowa Code section 272.12 and the unit’s learning outcomes for any certificate for which the unit may recommend the candidate.

80.12(2) Programs shall submit curriculum exhibits for approval by the department.

80.12(3) The unit shall establish a standard of satisfactory performance of paraeducator candidates, which shall comply with the following requirements.

a. The unit uses measures for candidate assessment that are fair, reliable and valid.

b. The unit assesses candidates on their demonstration and attainment of unit standards.

c. The unit uses a variety of assessment measures for assessment of candidates on each unit standard.

d. The unit provides candidates with formative feedback on their progress toward attainment of unit standards.

e. The unit assesses content knowledge and its application as candidates work with students, teachers, parents, and other professional colleagues in school settings.

f. The unit assesses candidates at the same level of performance across programs, regardless of the place or manner in which the program is delivered.

80.12(4) The unit shall conduct a survey of graduates and their employers to ensure that its graduates are well prepared for their assigned roles.

80.12(5) The unit shall have a clearly defined, cohesive assessment system and regularly review, analyze and revise its assessment practices.
80.12(6) The unit shall collect and analyze aggregated candidate and program data, use those data to make program improvements, and share those data and improvements with stakeholders on a regular basis.

80.12(7) An annual report including a composite of evaluative data collected by the unit shall be submitted to the department by September 30 of each year.

80.12(8) When it publicly reports data, the unit shall comply with all applicable privacy laws, including the Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. § 1232g.

ARC 1966C, IAB 4/15/15, effective 5/20/15

281—80.13(272) Clinical practice standards. The unit and its school partners shall provide clinical experience opportunities that assist candidates in becoming successful paraeducators in accordance with the provisions of this rule.

80.13(1) Paraeducator clinical experiences support learning in the context in which paraeducators will practice.

80.13(2) Paraeducator clinical experiences include the following:

a. A minimum of ten hours of experience in a state-approved school or educational facility under the supervision of a licensed educator.

b. Opportunities for paraeducator candidates to observe and be observed by others in the application of skills and knowledge.

CHAPTER 81
STANDARDS FOR SCHOOL BUSINESS OFFICIAL PREPARATION PROGRAMS

281—81.1(256) Definitions.
“Area education agency” or “AEA” means a regional service agency that provides school improvement services for students, families, teachers, administrators, and the community.
“Department” means the department of education.
“Director” means the director of the department of education.
“Institution” means a public or private institution of higher education, an AEA, or a professional organization offering a school business official preparation program(s) and renewal credits.
“Novice” means an individual in a school business official position who has no previous experience in that position or who is newly authorized by the board of educational examiners.
“School business official preparation programs” means individuals who are enrolled in school business official preparation programs leading to authorization by the board of educational examiners to practice as school business officials.
“School business official preparation programs” means the programs of school business official preparation that lead to authorization to practice as a school business official.
“State board” means the Iowa state board of education.

[ARC 9474B, IAB 4/20/11, effective 5/25/11]

281—81.2(256) Institutions eligible to provide a school business official preparation program. Institutions of public and private higher education, AEAs, and professional organizations engaged in the preparation of school business officials shall meet the standards contained in this chapter in order to obtain and maintain state board approval of their programs. Each institution that seeks state board approval of its programs for school business official preparation shall file evidence of the extent to which each program meets the standards contained in this chapter. Such evidence shall be demonstrated by means of a written self-evaluation report and an evaluation conducted by the department and shall be prepared using a template developed by the department. Only approved programs may recommend candidates for school business official authorization.
[ARC 9474B, IAB 4/20/11, effective 5/25/11]

281—81.3(256) Approval of programs. Approval by the state board of an institution’s school business official preparation program shall be based on the recommendation of the director after study of the factual and evaluative evidence on record about each program in terms of the standards contained in this chapter.
81.3(1) Approval, if granted, shall be for a term of seven years; however, approval for a lesser term may be granted by the state board if it determines conditions so warrant.
81.3(2) If approval is not granted, the applicant institution will be advised concerning the areas in which improvement or changes appear to be essential for approval. In this case, the institution shall be given the opportunity to present factual information concerning its programs at a regularly scheduled meeting of the state board, no later than three months following the board’s initial decision.
81.3(3) Programs may be granted conditional approval upon review of appropriate documentation. In such an instance, the program shall receive a full review after one year or, in the case of a new program, at the point at which candidates demonstrate mastery of standards for authorization.
81.3(4) The standards herein apply regardless of delivery mode of instruction.
[ARC 9474B, IAB 4/20/11, effective 5/25/11]

281—81.4(256) Governance and resources standard. An institution’s governance structure and resources shall adequately support the preparation of school business official candidates to meet professional, state, and institutional standards in accordance with the following provisions.
81.4(1) A clearly understood governance structure provides guidance and support for the school business official preparation program.
81.4(2) Procedures for an appeals process for candidates are clearly communicated and provided to all candidates.

81.4(3) The program administers a comprehensive evaluation system designed to enhance the teaching competence and intellectual vitality of the professional educational institution.

81.4(4) Institutional commitment to the program includes financial resources, facilities, appropriate educational materials, media services including library services, and equipment to ensure the fulfillment of the institution’s and program’s missions and the delivery of quality programs.

81.4(5) The institution provides sufficient instructors and administrative, clerical, and technical staff to plan and deliver a quality school business official preparation program.

81.4(6) Resources are available to support professional development opportunities for instructors.

81.4(7) Resources are available to support technological and instructional needs to enhance candidate learning.

[ARC 9474B, IAB 4/20/11, effective 5/25/11]

281—81.5(256) Instructor standard. Instructor qualifications and performance shall facilitate the professional development of school business official candidates in accordance with the following provisions.

81.5(1) Instructors are adequately prepared for assigned responsibilities and have had experiences relative to the curricula the instructors are teaching and in situations similar to those for which the school business official candidates are being prepared. Instructors have experience and adequate preparation in effective methods for any mode of program delivery in which the instructors are assigned responsibilities.

81.5(2) Instructors instruct and model best practices in teaching, including the assessment of the instructors’ own effectiveness as it relates to candidate performance.

81.5(3) Instructors are engaged in professional development that relates to school business official preparation.

81.5(4) Instructors collaborate regularly and in significant ways with colleagues in the institution and other institutions, schools, the department, and professional associations as well as with community representatives.

81.5(5) Part-time instructors and graduate assistants are identified as instructors and meet the background and experience requirements appropriate for the instructors’ and assistants’ assigned responsibilities.

[ARC 9474B, IAB 4/20/11, effective 5/25/11]

281—81.6(256) Assessment system and institution evaluation standard. The institution’s assessment system shall appropriately monitor individual candidate performance and use the performance data in concert with other information to evaluate and improve the institution and its programs.

81.6(1) Program assessment system.

a. The program utilizes a clearly defined management system for the collection, analysis, and use of assessment data.

b. The institution clearly documents candidates’ attainment of the program standards.

c. The institution demonstrates the propriety, utility, accuracy and fairness of both the overall assessment system and the instruments used and provides scoring rubrics or other criteria used in evaluation instruments.

d. The institution documents the quality of programs through the collective presentation of assessment data related to performance of school business official candidates. Documentation shall include the following:

   (1) Data collected throughout the program, including data from all delivery models;

   (2) Evidence of evaluative data collected from school business officials who work with the program’s candidates; and

   (3) Evidence of evaluative data collected by the institution through follow-up studies of graduates and their employers.

e. The institution explains the process for reviewing and revising the assessment system.
f. The institution demonstrates how the information gathered by the institution and from the performance assessment system for candidates is shared with instructors and other stakeholders and used for program improvement.

81.6(2) Performance assessment system for candidates.

a. The performance assessment system for candidates is an integral part of the institution’s planning and evaluation system.

b. The performance assessment system for candidates includes a coherent, sequential assessment system for individual school business official candidates. The assessment system is shared with instructors to provide guidance for course and program improvement. The assessment system also provides ongoing feedback to school business official candidates about their achievement of program standards and guidance for reflection and improvement. Data are drawn from multiple formative and summative assessments of institutional evaluation of the candidates’ content knowledge and professional knowledge and from application of this knowledge to the necessary skills and attributes appropriate for a novice school business official.

c. School business official candidate performance is assessed at the same standard regardless of the place or manner in which the program is delivered.

81.6(3) Annual reports. The institution annually reports to the department such data as are required by the state and federal governments at dates determined by the department.

81.6(4) Survey of graduates. The department periodically conducts a survey of schools, agencies, or facilities that employ licensed graduates of approved programs to ensure that the graduates’ needs are adequately met by their programs and by the approval process herein.

[ARC 9474B, IAB 4/20/11, effective 5/25/11]

281—81.7(256) School business official candidate knowledge and skills standards and criteria. School business officials shall demonstrate content knowledge, professional knowledge, and skills in accordance with the following standards and supporting criteria. In addition, each school business official candidate shall meet all requirements established by the board of educational examiners for an authorization for which the candidate is recommended. Programs shall submit curriculum exhibit sheets for approval by the board of educational examiners and the department.

81.7(1) Standard 1. Each school business official shall demonstrate an understanding of Uniform Financial Accounting, governmental GAAP accounting, and statutory concepts. The school business official:

a. Is responsible for understanding and adhering to the Uniform Financial Accounting Manual and the current, accepted chart of accounts.

(1) Codes all salaries and benefits to the appropriate function, program, and project (if applicable) on a monthly basis;

281—81.8(256) School business official mentoring program. The one-year mentoring program and its partners shall assist candidates in becoming successful school business officials in accordance with
the following provisions. The candidate must be employed as a school business official to be eligible to participate in the mentoring program.

81.8(1) Candidates admitted to a school business official preparation program shall participate in the mentoring program. All hours spent in the mentoring program are outside of the nine semester hours required in the program.

81.8(2) Each school business official preparation program shall inform all candidates of the following minimum expectations of the candidates as mentees:

a. Participation in weekly conversations with the mentee’s mentor, including a review of work assignments.

b. Maintenance of a record of contacts with the mentor and submission of the record to the program. A template will be provided by the program.

c. Completion of surveys to assist with program evaluation.

d. Communication with the program if the relationship with the mentee’s mentor is not meeting the needs or expectations of the mentee.

e. Full participation in the mentoring program throughout the one-year period.

81.8(3) Each school business official preparation program shall inform all program candidate mentors of the following minimum expectations:

a. Contacting the mentee on a weekly basis.

b. Completing surveys to assist with program evaluation.

c. Informing the program if the relationship with the mentee is not meeting expectations.

d. Maintaining confidentiality of the interactions between mentor and mentee.

e. Supporting the mentee throughout the one-year period.

81.8(4) The institution shall offer one or more workshops annually for all cooperating mentors to define the objectives of the mentoring program, review the responsibilities of the cooperating mentors, and provide the cooperating mentors other information and assistance the institution deems necessary. The workshops shall utilize delivery strategies identified as appropriate for staff development and reflect information gathered through feedback from workshop participants.

[ARC 9474B, IAB 4/20/11, effective 5/25/11]

281—81.9(256) Periodic reports. Upon request by the department, programs shall make periodic reports which shall include, but not be limited to, basic information necessary to maintain up-to-date records of each school business official preparation program and to carry out research studies relating to school business official preparation.

[ARC 9474B, IAB 4/20/11, effective 5/25/11]

281—81.10(256) Reevaluation of school business official preparation programs. Every seven years or at any time deemed necessary by the director, an institution shall file a written self-evaluation of its school business official preparation program. Any action for continued approval or rescission of approval shall be approved by the state board.

[ARC 9474B, IAB 4/20/11, effective 5/25/11]

281—81.11(256) Approval of program changes. Upon application by an institution, the director is authorized to approve minor additions to or changes within the curriculum of an institution’s approved school business official preparation program. When an institution proposes a revision that exceeds the primary scope of its programs, the revision shall become operative only after approval by the state board.

[ARC 9474B, IAB 4/20/11, effective 5/25/11]

These rules are intended to implement Iowa Code section 256.7 as amended by 2010 Iowa Acts, chapter 1099.

CHAPTER 82
STANDARDS FOR SCHOOL ADMINISTRATION MANAGER PROGRAMS

281—82.1(272) Definitions.

“Coach” means a person who provides regularly scheduled coaching visits to SAM/administrator teams.

“Department” means the department of education.

“Director” means the director of the department of education.

“Model 1 SAM” means a person who is hired to be a full-time SAM and who is authorized to assume the responsibilities of a SAM.

“Model 2 SAM” means a person whose position in the school is reconfigured to include the responsibilities of being a SAM and who is authorized as a SAM.

“Model 3 SAM” means a person who is a secretary/administrative assistant and is also authorized as a SAM.

“National SAM Innovation Project” means the National SAM Innovation Project board and its governance of school administration managers.

“Organization” means a professional organization offering an approved training program and support for SAMs.

“SAM” means school administration manager.

“School administration manager” means a person or persons who are authorized to assist a school administrator in performing noninstructional administrative duties.

“School administration manager program” means a program of SAM training and preparation that leads to authorization to practice as a school administration manager.

“State board” means the Iowa state board of education.

“Trainer” means a person with responsibility for providing approved training for school administration managers.

[ARC 0813C, IAB 6/26/13, effective 7/31/13]

281—82.2(272) Organizations eligible to provide a school administration manager training program. Approved professional organizations engaged in the preparation and training of SAMs shall meet the standards contained in this chapter in order to obtain and maintain state board approval of the organizations’ training programs for SAMs. Any organization that seeks state board approval of its training program for SAMs shall file evidence of the extent to which its training and support meet the standards contained in this chapter. Such evidence shall be demonstrated by means of a written self-evaluation report and an evaluation conducted by the department. The evaluation shall be prepared using a template developed by the department. Only approved programs may recommend candidates for SAM authorization.

[ARC 0813C, IAB 6/26/13, effective 7/31/13]

281—82.3(272) Approval of training programs. Approval by the state board of an organization’s training program shall be based on the recommendation of the director after study of the evidence about the program in terms of the standards contained in this chapter. The department will seek maximum flexibility in the design of systems allowed to meet the goals of this program. The department has the ability to designate existing school administration manager training programs as eligible to immediately engage in this work, subject to recertification in five years.

82.3(1) Approval, if granted, shall be for a term of seven years; however, approval for a lesser term may be granted by the state board if it determines conditions so warrant.

82.3(2) If approval is not granted, the applicant organization will be advised concerning the areas in which improvement or changes appear to be essential for approval. In this case, the organization shall be given the opportunity to present factual information concerning its program at a regularly scheduled meeting of the state board no later than three months following the board’s decision.
82.3(3) Programs may be granted conditional approval upon review of appropriate documentation. In such an instance, the program shall receive a full review after one year or, in the case of a new program, at the point at which candidates demonstrate mastery of standards for authorization.

82.3(4) The standards herein apply regardless of delivery mode of the training.

82.3(5) All programs in existence prior to July 31, 2013, shall be deemed sufficient and to meet program standards without having to submit an application for review. This provision does not preclude the department and state board from further review of any existing program or preclude the state board from terminating programs that do not meet program standards. Absent further review by the department or state board, these preexisting programs will need to be renewed five years after July 31, 2013, with the same seven-year program renewal process after that review.

[ARC 0813C, IAB 6/26/13, effective 7/31/13]

281—82.4(272) Governance and resources standard. An organization’s governance structure and resources shall adequately support the training of SAMs to meet professional, state, and organizational standards in accordance with the following provisions.

82.4(1) A clearly understood governance structure provides training and support for SAMs.

82.4(2) An organization’s commitment to the program includes financial resources, facilities, appropriate educational materials, media services, and equipment to ensure the fulfillment of the organization’s and program’s missions and the delivery and support of a quality program.

82.4(3) The organization provides sufficient trainers, coaches, and administrative, clerical, and technical staff to plan and deliver a quality school administration manager program.

82.4(4) Resources are available to support professional development opportunities for trainers of SAMs.

82.4(5) Resources are available to support technological and instructional needs to enhance trainer and authorized SAM learning.

[ARC 0813C, IAB 6/26/13, effective 7/31/13]

281—82.5(272) Trainer and coach standard. Trainer and coach qualifications and performance shall facilitate the professional development of SAMs in accordance with the following provisions.

82.5(1) Trainers and coaches are adequately prepared for assigned responsibilities and have had experiences relative to the content they are teaching and in situations similar to those for which the SAMs are being prepared. Trainers and coaches have experience and adequate preparation in effective methods for any mode of program delivery in which the trainers and coaches are assigned responsibilities.

82.5(2) Trainers and coaches model best practices in instruction, including the assessment of the trainers’ and coaches’ own effectiveness as it relates to SAM performance.

82.5(3) Trainers and coaches are engaged in professional development that relates to SAMs.

82.5(4) Trainers and coaches collaborate regularly and in significant ways with colleagues in the organization, schools, the department, and the National SAM Innovation Project.

[ARC 0813C, IAB 6/26/13, effective 7/31/13]

281—82.6(272) Assessment system and organization evaluation standard. An organization’s assessment system shall monitor individual candidate performance and use the performance data in concert with other information to evaluate and improve the organization and its program. The actual annual evaluation of each SAM shall be performed by the administrator or the administrator’s designee, and the evaluation shall be conducted in accordance with the standards set forth in rule 281—82.7(272).

82.6(1) Program assessment system.

a. The school administration manager program utilizes a clearly defined software system for the collection, analysis, and use of data.

b. The organization clearly documents SAMs’ attainment of the program standards.

c. The organization documents the quality of its program through the collective presentation of data related to the performance of SAMs. Documentation shall include the following:

(1) Data collected throughout the program, including data from all models of SAMs.
(2) Evidence of data collected by the organization through follow-up surveys of schools that have a SAM.

82.6(2) Annual reports. The organization annually reports to the department data required by the state, as determined by the department.

82.6(3) Survey of SAM/administrator teams. The department periodically conducts a survey of schools or facilities that employ authorized SAMs to ensure that the schools’ and facilities’ needs are adequately met by the programs and the approval process herein.

[ARC 0813C, IAB 6/26/13, effective 7/31/13]

281—82.7(272) School administration manager knowledge and skills standards and criteria. SAMs shall demonstrate the content knowledge and professional knowledge and skills in accordance with the following standards and supporting criteria.

82.7(1) Standard 1. Each SAM shall demonstrate an understanding of the instructional and management codes and how to best support the SAM’s administrator in instructional leadership. If a SAM is also employed as a secretary or administrative assistant (Model 3 SAM), the SAM’s job responsibilities shall be modified as established by the school district. The SAM shall:

a. Code specific times and events as primarily instruction or primarily management.

b. Use a collaborative process of reflective decision making to determine the most appropriate code for specific events within the calendar.

c. Assist in protecting the administrator’s instructional time by handling or delegating on a first-responder basis the majority of management issues.

d. Meet a minimum of three times per week with the administrator to pre-calendar and reconcile the administrator’s calendar.

e. Regularly and consistently update the administrator on daily decisions, issues, and concerns.

82.7(2) Standard 2. SAMs shall attend an approved training program at the onset of their hire as SAMs. The training for SAMs and administrators shall include the following:

a. Background information on SAMs.

b. Understanding of the instructional and management descriptors.

c. Introduction and practice using approved time-tracking software.

d. First responders and delegation responsibilities.

e. Job responsibilities and variations.

f. Daily meeting protocols.

g. Training of office staff on communication with others.

h. Use of reflective questions.

i. Understanding of conflict resolution skills.

j. Action planning for building implementation and timelines.

k. SAM/administrator rubric process.

82.7(3) Standard 3. Each SAM shall demonstrate competence in technology appropriate to the SAM’s position. The SAM will:

a. Become proficient in the use of the approved time-tracking software tool.

b. Schedule the administrator’s time using the approved software, update and reconcile the calendar daily, and attempt to pre-calendar the administrator at or above the administrator’s goal.

c. Regularly schedule time with the administrator to review and reflect on the graphs and data provided through the software.

82.7(4) Standard 4. Each SAM shall demonstrate appropriate personal skills. The SAM:

a. Is an effective communicator with all stakeholders, including but not limited to colleagues, community members, parents, and students.

b. Works effectively with employees, students, and other stakeholders.

c. Maintains confidentiality when dealing with student, parent, and staff issues.

d. Clearly understands the administrator’s philosophy of behavior expectations and consequences.

e. Maintains an environment of mutual respect, rapport, and fairness.
f. Participates in and contributes to a school culture that focuses on change in teacher practices and improved student learning by supporting the administrator in the administrator’s instructional leadership role.

82.7(5) Standard 5. Each SAM shall fulfill professional responsibilities as established by the SAM’s school district. The SAM:
   a. Addresses current and potential issues in a timely manner.
   b. Manages facility resources responsibly, efficiently, and effectively.
   c. Protects instructional time by designing and managing operational procedures to maximize building efficiencies.
   d. Communicates effectively with both internal and external audiences.

82.7(6) Standard 6. Each SAM shall engage in professional growth that continuously improves the SAM’s skills of professional inquiry and learning. The SAM:
   a. Works collaboratively with the SAM’s administrator to improve professional practice.
   b. Applies research, knowledge, and skills acquired from formal and informal professional development opportunities to improve the SAM’s skills as a SAM.
   c. Participates in the decision-making process with the SAM’s administrator, staff, and community.

[ARC 0813C, IAB 6/26/13, effective 7/31/13]

281—82.8(272) Periodic reports. Upon request by the department, programs shall make periodic reports which shall include, but not be limited to, basic information necessary to maintain up-to-date data of the school administration manager program and to carry out research studies relating to SAMs.

[ARC 0813C, IAB 6/26/13, effective 7/31/13]

281—82.9(272) Reevaluation of school administration manager programs. Every seven years or sooner if deemed necessary by the director, an organization shall file a written self-evaluation of its school administration manager program. Any action for continued approval or denial of approval shall be approved by the state board.

[ARC 0813C, IAB 6/26/13, effective 7/31/13]

281—82.10(272) Approval of program changes and flexibility of programs. Upon application by an organization, the director is authorized to approve minor additions to or changes within the organization’s approved school administration manager program. When an organization proposes a revision that exceeds the primary scope of the organization’s program, the revision shall become operative only after approval by the state board. Districts may have a variety of programs and job descriptions that meet the requirements of a legal school administration management system but must receive permission to make changes to those programs in the manner prescribed. The department will seek maximum flexibility in systems allowed to meet the goals of this program. Essential components of any approved school administration manager program shall include readiness, data collection of administrator time, ongoing training of the program administrator, use of time-tracking software and ongoing coaching for participants in the program.

[ARC 0813C, IAB 6/26/13, effective 7/31/13]

281—82.11(272) Fees. The department shall have the ability to set and collect a fee sufficient to cover the costs of the program, pending approval by the state board. All fees collected pursuant to this rule shall only be used by the department for the purposes of this program and must be kept separately from other funds held.

[ARC 0813C, IAB 6/26/13, effective 7/31/13]

These rules are intended to implement Iowa Code sections 256.7(30)“b,” 272.1(12), and 272.31(3).

CHAPTER 83
TEACHER AND ADMINISTRATOR QUALITY PROGRAMS

DIVISION I
GENERAL STANDARDS APPLICABLE TO BOTH ADMINISTRATOR AND
TEACHER QUALITY PROGRAMS

281—83.1(284,284A) Purposes. The goal of the teacher quality program is to enhance the learning,
achievement, and performance of all students through the recruitment, support, and retention of quality
Iowa teachers. The program shall contain specific strategies that include mentoring for beginning
teachers as described in rule 281—83.3(284), either in subrule 83.3(1) or 83.3(2), teacher evaluations,
and district and building support for professional development that includes best practice aimed at
increasing student achievement.

The goal of the administrator quality program is to promote high student achievement and enhanced
educator quality. The program consists of mentoring and induction programs that provide support for
administrators, professional development designed to directly support best practice for leadership, and
evaluation of administrators against the Iowa standards for school administrators.

[ARC 3631C; IAB 2/14/18, effective 3/21/18]

281—83.2(284,284A) Definitions. For the purpose of these rules, the following definitions shall apply:

“Administrator” or “school leader” means an individual holding a professional administrator
license issued under Iowa Code chapter 272, who is employed in a school district administrative position
by a school district or area education agency pursuant to a contract issued by a board of directors
under Iowa Code section 279.23. An administrator may be employed in both an administrative and a
nonadministrative position by a board of directors and shall be considered a part-time administrator for
the portion of time that the individual is employed in an administrative position.

“Beginning administrator” means an individual serving under an administrator license, issued by
the board of educational examiners under Iowa Code chapter 272, who is assuming a position as a school
district principal or superintendent for the first time.

“Beginning teacher” means an individual serving under an initial, Class A, exchange, or intern
license, issued by the board of educational examiners under Iowa Code chapter 272, who is assuming a
position as a teacher. For purposes of the beginning teacher mentoring and induction program created
pursuant to Iowa Code section 284.5 or in an approved career paths, leadership roles, and compensation
framework or approved comparable system as provided in Iowa Code section 284.15, “beginning
teacher” also includes preschool teachers who are licensed by the board of educational examiners under
Iowa Code chapter 272 and are employed by a school district or area education agency.

“Comprehensive evaluation” means, with respect to a beginning teacher, a summative evaluation of
a beginning teacher conducted by an evaluator for purposes of determining a beginning teacher’s level
of competency relative to the Iowa teaching standards and for recommendation for licensure based upon
models developed pursuant to Iowa Code section 256.9, subsection 50, and to determine whether the
teacher’s practice meets the school district expectations for a career teacher. With respect to a beginning
administrator, “comprehensive evaluation” means a summative evaluation of a beginning administrator
conducted by an evaluator in accordance with 2007 Iowa Code Supplement section 284A.3 for purposes
of determining a beginning administrator’s level of competency for recommendation for licensure based
on the Iowa standards for school administrators adopted pursuant to 2007 Iowa Code Supplement section
256.7(27).

“Department” means the department of education.

“Director” means the director of the department of education.

“District facilitator” means an individual in Iowa who serves as a coordinator for a district mentoring
and induction program.

“Evaluator” means an administrator or other practitioner who successfully completes an evaluator
training program pursuant to Iowa Code section 284.10.
“Intensive assistance” means the provision of organizational support and technical assistance to teachers, other than beginning teachers, for the remediation of identified teaching and classroom management concerns for a period not to exceed 12 months.

“Leadership standards” are synonymous with the Iowa standards for school administrators adopted pursuant to 2007 Iowa Code Supplement section 256.7(27).

“Mentor” means, with respect to a beginning teacher, an individual employed by a school district or area education agency as a teacher or a retired teacher who holds a valid license issued under Iowa Code chapter 272. The individual must have a record of four years of successful teaching practice, must be employed on a nonprobationary basis, and must demonstrate professional commitment to both the improvement of teaching and learning and the development of beginning teachers. With respect to a beginning administrator, “mentor” means an individual employed by a school district or area education agency as a school district administrator or a retired administrator who holds a valid license issued under Iowa Code chapter 272. The individual must have a record of four years of successful administrative experience and must demonstrate professional commitment to both the improvement of teaching and learning and the development of beginning administrators.

“Performance review” means a summative evaluation of a teacher other than a beginning teacher and used to determine whether the teacher’s practice meets school district expectations and the Iowa teaching standards, and to determine whether the teacher’s practice meets school district expectations for career advancement in accordance with Iowa Code section 284.7.

“School board” means the board of directors of a school district, a collaboration of boards of directors of school districts, or the board of directors of an area education agency, as the context requires.

“School district” means a public school district.

“State board” means the state board of education.

“Teacher” means an individual holding a practitioner’s license or a statement of professional recognition issued under Iowa Code chapter 272, who is employed in a nonadministrative position by a school district or area education agency pursuant to a contract issued by a board of directors under Iowa Code section 279.13. A teacher may be employed in both an administrative and a nonadministrative position by a board of directors and shall be considered a part-time teacher for the portion of time that the teacher is employed in a nonadministrative position.

DIVISION II
SPECIFIC STANDARDS APPLICABLE TO TEACHER QUALITY PROGRAMS

281—83.3(284) Mentoring and induction program for beginning teachers.

83.3(1) Option one: beginning teacher mentoring and induction program.

a. Purpose. The beginning teacher mentoring and induction program is created to promote excellence in teaching, enhance student achievement, build a supportive environment within school districts and area education agencies, increase the retention of promising beginning teachers, and promote the personal and professional well-being of teachers. Completion of a beginning teacher mentoring and induction program is one manner in which a beginning teacher may meet the requirement of Iowa Code section 272.28(1).

b. Participation. School districts and area education agencies may provide a beginning teacher mentoring and induction program for all beginning teachers. A beginning teacher, as defined in this chapter, shall be informed by the school district or area education agency, prior to the beginning teacher’s participation in a mentoring and induction program, of the Iowa teaching standards and criteria upon which the beginning teacher shall be evaluated and of the evaluation process utilized by the school district or area education agency. The beginning teacher shall be comprehensively evaluated by the end of the beginning teacher’s second year of teaching to determine whether the teacher meets expectations to move to the career level. The school district or area education agency shall recommend for a standard license a beginning teacher who has successfully met the Iowa teaching standards as determined by a comprehensive evaluation.
(1) If a beginning teacher who is participating in a mentoring and induction program leaves the employ of a school district or area education agency prior to completion of the program, the school district or area education agency subsequently hiring the beginning teacher shall credit the beginning teacher with the time earned in a program prior to the subsequent hiring. If the general assembly appropriates moneys for purposes of Iowa Code section 284.5, a school district or area education agency is eligible to receive state assistance for up to two years for each beginning teacher the school district or area education agency employs who was formerly employed in an accredited nonpublic school or in another state as a first-year teacher. The school district or area education agency employing the teacher shall determine the conditions and requirements of a teacher participating in a mentoring and induction program.

(2) A school district or area education agency may offer a teacher a third year of participation in the program if, after conducting a comprehensive evaluation, the school district or area education agency determines that the teacher is likely to successfully complete the mentoring and induction program by meeting the Iowa teaching standards by the end of the third year of eligibility. The third year of eligibility is offered at the employing district’s or area education agency’s expense. A teacher granted a third year of eligibility shall, in cooperation with the teacher’s evaluator, develop a plan to meet the Iowa teaching standards and district or area education agency career expectations. This plan will be implemented by the teacher and supported through the district’s or area education agency’s mentoring and induction program. The school district or area education agency shall notify the board of educational examiners that the teacher will participate in a third year of the school district’s program. The teacher shall undergo a comprehensive evaluation at the end of the third year.

(3) For purposes of comprehensive evaluations for beginning teachers, including the comprehensive evaluation required for the beginning teacher to progress to career teacher, the Iowa teaching standards and criteria shall be as described in rule 281—83.4(284). A school district or area education agency shall participate in state program evaluations.

c. Plan. Each school district or area education agency that offers a beginning teacher mentoring and induction program shall develop a sequential two-year beginning teacher mentoring and induction plan based on the Iowa teaching standards. The plan shall be included in the school district’s comprehensive school improvement plan submitted pursuant to Iowa Code section 256.7, subsection 21. A school district or area education agency shall have the board adopt a beginning teacher mentoring and induction program plan and written procedures for the program. At the board’s discretion, the district or area education agency may choose to use or revise the model plan provided by the area education agency or develop a plan locally. The components of a district’s or area education agency’s beginning teacher mentoring and induction program shall include, but are not limited to, the following:

(1) Goals for the program.
(2) A process for the selection of mentors.
(3) A mentor training process which shall:
   1. Be consistent with effective staff development practices and adult professional needs to include skills needed for teaching, demonstration, and coaching.
   2. Address mentor needs, indicating a clear understanding of the role of the mentor.
   3. Result in the mentor’s understanding of the personal and professional needs of new teachers.
   4. Provide the mentor with an understanding of the district expectations for beginning teacher competencies based on the Iowa teaching standards.
   5. Facilitate the mentor’s ability to provide guidance and support to new teachers.
(4) A supportive organizational structure for beginning teachers which shall include:
   1. Activities that provide access and opportunities for interaction between mentor and beginning teacher that at a minimum provide:
      • Released time for mentors and beginning teachers to plan;
      • The demonstration of classroom practices;
      • The observation of teaching; and
      • Feedback.
   2. A selection process for who will be in the mentor/beginning teacher partnership.
   3. Roles and responsibilities of the mentor.
(5) An evaluation process for the program, which shall include:
1. An evaluation of the district and area education agency program goals,
2. An evaluation process that provides for the minor and major program revisions, and
3. A process for how information about the program will be provided to interested stakeholders.
(6) The process for dissolving mentor and beginning teacher partnerships.
(7) A plan that reflects the needs of the beginning teacher employed by the district or area education agency.
(8) Activities designed to support beginning teachers by:
1. Developing and enhancing competencies for the Iowa teaching standards, and
2. Providing research-based instructional strategies.
   d. Budget. Funds, if appropriated by the general assembly, received by a school district or area education agency from the beginning teacher mentoring and induction program shall be used for any or all of the following purposes:
   (1) To pay mentors as they implement the plan. A mentor in a beginning teacher induction program approved under this chapter shall be eligible for an award of $500 per semester for full participation in the program. A district or area education agency may use local dollars to increase the mentor award.
   (2) To pay any applicable costs of the employer’s share of contributions to federal social security and the Iowa public employees’ retirement system for a pension and annuity retirement system established under Iowa Code chapter 294 for such amounts paid by the district or area education agency.
   These funds are miscellaneous funds or are considered encumbered. A school district or area education agency shall maintain a separate listing within its budget for payments received and expenditures made for this program. Funds that remain unencumbered or unobligated at the end of the fiscal year will not revert, but will remain available for expenditure for the purposes of the program until the close of the succeeding fiscal year.

83.3(2) Option two: teacher leadership and compensation system.
   a. Purpose. One purpose of Iowa’s teacher leadership and compensation system is to attract and promising new teachers by offering short-term and long-term professional development and leadership opportunities. Two years of successful teaching experience in a school district with an approved career paths, leadership roles, and compensation framework or approved comparable system as provided in Iowa Code section 284.15 (“framework for beginning teachers” for purposes of this rule) is one manner in which a beginning teacher may meet the requirement of Iowa Code section 272.28(1).
   b. Participation. School districts may provide an approved career paths, leadership roles, and compensation framework or approved comparable system as provided in Iowa Code section 284.15. A beginning teacher, as defined in this chapter, shall be informed by the school district, prior to the beginning teacher’s participation in a framework for beginning teachers, of the Iowa teaching standards and criteria upon which the beginning teacher shall be evaluated and of the evaluation process utilized by the school district. The beginning teacher shall be comprehensively evaluated by the end of the beginning teacher’s second year of teaching to determine whether the teacher meets expectations to move to the career level. The school district shall recommend for a standard license a beginning teacher who has successfully met the Iowa teaching standards as determined by a comprehensive evaluation.
   (1) If a beginning teacher who is participating in a framework for beginning teachers leaves the employ of a school district prior to completion of the framework, the school district or area education agency subsequently hiring the beginning teacher shall credit the beginning teacher with the time earned in such a framework prior to the subsequent hiring.
   (2) A school district may offer a teacher a third year of participation in a framework for beginning teachers if, after conducting a comprehensive evaluation, the school district determines that the teacher is likely to successfully meet the Iowa teaching standards by the end of the third year of eligibility. The third year of eligibility is offered at the employing district’s expense. A teacher granted a third year of eligibility shall, in cooperation with the teacher’s evaluator, develop a plan to meet the Iowa teaching standards and district or area education agency career expectations. This plan will be implemented by the teacher and supported through the district’s framework for beginning teachers. The school district shall notify the board of educational examiners that the teacher will participate in a third year of the school
district’s framework for beginning teachers. The teacher shall undergo a comprehensive evaluation at the end of the third year.

(3) For purposes of comprehensive evaluations for beginning teachers, including the comprehensive evaluation required for the beginning teacher to progress to career teacher, the Iowa teaching standards and criteria shall be as described in rule 281—83.4(284). A school district shall participate in state program evaluations.

c. **Plan assurances.** Each school district that offers a framework under Iowa Code sections 284.15 through 284.17 and uses it for purposes of meeting the school district’s obligations to beginning teachers shall provide assurances to the department that the district’s framework for beginning teachers meets the requirements of those Iowa Code sections and attends to the Iowa teaching standards and criteria described in rule 281—83.4(284).

d. **Inapplicability to area education agencies.** This subrule and the option created by it are not available to area education agencies. Only subrule 83.3(1) is available to area education agencies; however, a teacher employed by an area education agency may be included in a framework or comparable system established by a school district if the area education agency and the school district enter into a contract for such purpose.

[ARC 3631C, IAB 2/14/18, effective 3/21/18]

281—83.4(284) Iowa teaching standards and criteria. The Iowa teaching standards and supporting criteria represent a set of knowledge and skills that reflects the best evidence available regarding effective teaching. The purpose of the standards and supporting criteria is to provide Iowa school districts and area education agencies with a consistent representation of the complexity and the possibilities of quality teaching. The standards shall serve as the basis for comprehensive evaluations of teachers and as a basis for professional development plans. Each standard with supporting criteria is outlined as follows:

**83.4(1) Demonstrates ability to enhance academic performance and support for and implementation of the school district’s student achievement goals.**

a. **The teacher:**

(1) Provides multiple forms of evidence of student learning and growth to students, families, and staff.
(2) Implements strategies supporting student, building, and district goals.

(2) Understands and uses knowledge of area education agency and district goals and data to provide services that enhance academic performance.
(3) Participates in and contributes to a positive learning culture.
(4) Communicates with students, families, colleagues, and communities effectively and accurately.
(5) Uses area education agency, district, and student data as a guide for decision making.

**83.4(2) Demonstrates competence in content knowledge appropriate to the teaching position.**

a. **The teacher:**

(1) Understands and uses key concepts, underlying themes, relationships, and different perspectives related to the content area.
(2) Uses knowledge of student development to make learning experiences in the content area meaningful and accessible for every student.
(3) Relates ideas and information within and across content areas.
(4) Understands and uses instructional strategies that are appropriate to the content area.
b. Alternative criteria for area education agency staff who meet the definition of “teacher” herein.

The staff member:
(1) Understands, communicates, and uses key concepts and best practice in fulfillment of area education agency roles and responsibilities.
(2) Uses knowledge of child and adolescent development and of adult learning to make interventions and strategies meaningful, relevant, and accessible.
(3) Relates professional knowledge and services within and across multiple content and discipline areas.
(4) Understands and supports strategies and interventions that are best practice across content and discipline areas.

83.4(3) Demonstrates competence in planning and preparing for instruction.
a. The teacher:
(1) Uses student achievement data, local standards, and the district curriculum in planning for instruction.
(2) Sets and communicates high expectations for social, behavioral, and academic success of all students.
(3) Uses students’ developmental needs, backgrounds, and interests in planning for instruction.
(4) Selects strategies to engage all students in learning.
(5) Uses available resources, including technologies, in the development and sequencing of instruction.
b. Alternative criteria for area education agency staff who meet the definition of “teacher” herein.

The staff member:
(1) Demonstrates the ability to organize and prioritize time, resources, and responsibilities.
(2) Demonstrates the ability to individually and collaboratively plan and prepare professional services that address the range of district, teacher, parent, and student needs.
(3) Uses district and student data to develop goals and interventions.
(4) Demonstrates the flexibility to plan for professional services based on changing conditions of the work context and environment.
(5) Uses available resources, including technology, to plan and develop professional services.

83.4(4) Uses strategies to deliver instruction that meets the multiple learning needs of students.
a. The teacher:
(1) Aligns classroom instruction with local standards and district curriculum.
(2) Uses research-based instructional strategies that address the full range of cognitive levels.
(3) Demonstrates flexibility and responsiveness in adjusting instruction to meet student needs.
(4) Engages students in varied experiences that meet diverse needs and promote social, emotional, and academic growth.
(5) Connects students’ prior knowledge, life experiences, and interests in the instructional process.
(6) Uses available resources, including technologies, in the delivery of instruction.
b. Alternative criteria for area education agency staff who meet the definition of “teacher” herein.

The staff member:
(1) Aligns service delivery to district, teacher, parent, and student needs.
(2) Provides consultation, instruction, interventions, and strategies that align with learner needs.
(3) Demonstrates flexibility and responsiveness in adjusting services to meet diverse learner needs.
(4) Uses and supports research-based and evidence-based practices to meet learner needs.
(5) Uses available resources, including technology, to provide professional services that meet learner needs.

83.4(5) Uses a variety of methods to monitor student learning.
a. The teacher:
(1) Aligns classroom assessment with instruction.
(2) Communicates assessment criteria and standards to all students and parents.
(3) Understands and uses the results of multiple assessments to guide planning and instruction.
(4) Guides students in goal setting and assessing their own learning.
(5) Provides substantive, timely, and constructive feedback to students and parents.
(6) Works with other staff and building and district leadership in analysis of student progress.

b. Alternative criteria for area education agency staff who meet the definition of “teacher” herein.

The staff member:
(1) Uses appropriate assessment, data collection, and data analysis methods that support alignment of services with learner needs.
(2) Works collaboratively within the learning community to establish measurable goals and to identify formative and summative methods to monitor progress and the quality of implementation.
(3) Communicates the rationale and criteria of assessment and monitoring methods.
(4) Elicits and provides timely and quality feedback on assessment and monitoring.

83.4(6) Demonstrates competence in classroom management.

a. The teacher:
(1) Creates a learning community that encourages positive social interaction, active engagement, and self-regulation for every student.
(2) Establishes, communicates, models, and maintains standards of responsible student behavior.
(3) Develops and implements classroom procedures and routines that support high expectations for student learning.
(4) Uses instructional time effectively to maximize student achievement.
(5) Creates a safe and purposeful learning environment.

b. Alternative criteria for area education agency staff who meet the definition of “teacher” herein.

The staff member:
(1) Models respectful dialogue and behaviors within and across job responsibilities.
(2) Promotes and maintains a positive, safe, and productive environment.
(3) Works collaboratively and is flexible.
(4) Communicates accurately and effectively.

83.4(7) Engages in professional growth.

a. The teacher:
(1) Demonstrates habits and skills of continuous inquiry and learning.
(2) Works collaboratively to improve professional practice and student learning.
(3) Applies research, knowledge, and skills from professional development opportunities to improve practice.
(4) Establishes and implements professional development plans based upon the teacher’s needs aligned to the Iowa teaching standards and district/building student achievement goals.
(5) Provides an analysis of student learning and growth based on teacher-created tests and authentic measures as well as any standardized and districtwide tests.

b. Alternative criteria for area education agency staff who meet the definition of “teacher” herein.

The staff member:
(1) Demonstrates habits and skills of continuous inquiry and learning.
(2) Works collaboratively to improve professional practices.
(3) Applies and shares research, knowledge, and skills from professional development.
(4) Establishes and implements professional development plans aligned to area education agency, district, and student learning goals.

83.4(8) Fulfills professional responsibilities established by the school district.

a. The teacher:
(1) Adheres to board policies, district procedures, and contractual obligations.
(2) Demonstrates professional and ethical conduct as defined by state law and district policy.
(3) Contributes to efforts to achieve district and building goals.
(4) Demonstrates an understanding of and respect for all learners and staff.
(5) Collaborates with students, families, colleagues, and communities to enhance student learning.

b. Alternative criteria for area education agency staff who meet the definition of “teacher” herein.

The staff member:
(1) Adheres to board policies, area education agency procedures, federal and state rules, and contractual obligations.

(2) Demonstrates professional and ethical conduct as defined by state law and area education agency policies.

(3) Contributes to efforts to achieve area education agency goals.

(4) Demonstrates an understanding of and respect for all learners.

(5) Collaborates with all learners.

83.4(9) The school board shall provide comprehensive evaluations for beginning teachers using the Iowa teaching standards and criteria listed in rule 281—83.4(284). The school board, for the purposes of performance reviews for teachers other than beginning teachers, shall provide evaluations that contain, at a minimum, the Iowa teaching standards and criteria listed in rule 281—83.4(284).

[ARC 8800B, IAB 6/2/10, effective 7/7/10; ARC 3631C, IAB 2/14/18, effective 3/21/18]

281—83.5(284) Evaluator approval training. The department shall approve eligible providers and their programs to conduct evaluator training. Only individuals certified through programs approved by the department shall qualify for evaluator certification by the board of educational examiners. A beginning teacher who has evaluator certification from the board of educational examiners shall not evaluate other teachers until the beginning teacher is no longer a probationary employee. Approved evaluator training programs shall be designed to align with the Iowa teaching standards and criteria, provide evaluators with the skills to conduct comprehensive evaluations and performance reviews as required by Iowa Code chapter 284, and provide for the evaluation of the progress made on individual professional development plans. This training for evaluators shall incorporate components of theory, demonstration, practice, and application of evaluation knowledge and skills.

83.5(1) Application requirements for providers of evaluator approval training. Approved applications for the provision of evaluator approval training shall include, but are not limited to, the following components:

a. A curriculum that addresses participant skill development in the areas of:
   (1) The identification of quality instruction and practices based on the Iowa teaching standards and criteria;
   (2) The use of multiple forms of data collection for identifying and supporting performance and development;
   (3) The understanding and development of conferencing and feedback skills; and
   (4) The development of skills in data-based decision making.

b. Demonstration that the evaluator approval training process design provides training as specified in this rule.

c. A description of the process used to deliver the training to participants.

d. A description of the procedures developed to certify the skill attainment of the evaluator being trained.

e. A budget.

f. Staff qualifications.

h. Evidence of the provider’s expertise in evaluation design and training processes.

i. Provisions for leadership to support and implement ongoing professional development focused on student learning.

This evaluation shall be conducted on an annual basis and submitted to the department.

83.5(2) Process used for the approval of evaluator approval training program applications. Eligible providers shall submit an application on forms prescribed by the department. Applications for new providers will be accepted and reviewed by the department by July 1 of each year. A review panel shall be convened to review applications for evaluator approval training programs based on the requirements listed in subrule 83.5(1). The panel shall recommend for approval and the department shall approve the evaluator approval training programs that meet the requirements listed in subrule 83.5(1). Applicants
shall be notified of their status within 30 days of the application deadline. An approved list of private providers shall be maintained on the department website with an annual notification to school districts and area education agencies of the website address that contains provider information.

Eligible providers may be public or private entities, including, but not limited to, school districts, consortia, and other public or private entities including professional organizations. Applicants shall meet all applicable federal, state, and local health, safety and civil rights laws. Higher education administrative practitioner preparation institutions shall meet the review process through the state board approval and accreditation process for these institutions.

83.5(3) Local teacher evaluation plans. Local districts and area education agencies shall develop and implement a teacher evaluation plan that contains the following components:

a. The use of the Iowa teaching standards and criteria;

b. Provisions for the comprehensive evaluation of beginning teachers that include a review of the teacher’s progress on the Iowa teaching standards as set forth in rule 281—83.4(284) and the use of the comprehensive evaluation instrument developed by the department;

c. Provisions for reviews of the performance of teachers other than beginning teachers as follows:

(1) Review once every three years by an evaluator to include, at a minimum, classroom observation of the teacher, a review of the teacher’s progress on the Iowa teaching standards as set forth in rule 281—83.4(284) and additional standards and criteria if established under subrule 83.4(9), a review of the implementation of the teacher’s individual professional development plan, and supporting documentation from other evaluators, teachers, parents, and students; and

(2) Review annually, other than the third-year review by an evaluator, by a peer group of teachers in accordance with Iowa Code section 284.8(1);

d. Provisions for individual professional development plans for teachers other than beginning teachers;

e. Provisions for an intensive assistance program as provided in Iowa Code section 284.8 that addresses the remediation defined under subrules 83.4(1) through 83.4(8).

(1) If a supervisor or an evaluator determines, at any time, as a result of a teacher’s performance that the teacher is not meeting district expectations under subrules 83.4(1) through 83.4(8), the evaluator shall, at the direction of the teacher’s supervisor, recommend to the district that the teacher participate in an intensive assistance program. The intensive assistance program and its implementation are not subject to negotiation or grievance procedures established pursuant to Iowa Code chapter 20.

(2) A teacher who is not meeting the applicable standards and criteria based on a determination made pursuant to paragraph 83.5(3)”e” shall participate in an intensive assistance program. However, a teacher who has previously participated in an intensive assistance program relating to particular Iowa teaching standards or criteria shall not be entitled to participate in another intensive assistance program relating to the same standards or criteria and shall be subject to the provisions of paragraph 83.5(3)”f.”

f. Following a teacher’s participation in an intensive assistance program, the teacher shall be reevaluated to determine whether the teacher successfully completed the intensive assistance program and is meeting district expectations under the applicable Iowa teaching standards or criteria. If the teacher did not successfully complete the intensive assistance program or continues not to meet the applicable Iowa teaching standards or criteria, the board may do any of the following:

(1) Terminate the teacher’s contract immediately pursuant to Iowa Code section 279.27.

(2) Terminate the teacher’s contract at the end of the school year pursuant to Iowa Code section 279.15.

(3) Continue the teacher’s contract for a period not to exceed one year. However, the contract shall not be renewed and shall not be subject to Iowa Code section 279.15.

281—83.6(284) Professional development for teachers.
**83.6(1) Professional development for school districts, area education agencies, and attendance centers.** The following requirements shall apply to professional development for school districts, area education agencies, and attendance centers.

a. **Professional learning standards.** Professional learning within an area education agency or local district shall be aligned with the state standards for teaching and learning and aligned to the following standards for professional development. Professional learning increases educator effectiveness and results for all students when it:

1. Occurs within learning communities committed to continuous improvement, collective responsibility, and goal alignment.
2. Requires skillful leaders to develop capacity, advocate, and create support systems for professional learning.
3. Prioritizes, monitors, and coordinates resources for educator learning.
4. Uses a variety of sources and types of student, educator, and system data to plan, assess, and evaluate effectiveness of instruction.
5. Integrates theories, research, and models of human learning to achieve intended outcomes.
6. Applies research on change and sustains support for implementation of professional learning for long-term change.
7. Aligns its outcomes with educator performance and student curriculum standards.

b. **District or area education agency professional development plan.** Each school district shall incorporate the district professional development plan into its comprehensive school improvement plan pursuant to Iowa Code subsection 284.6(3). Each area education agency shall develop a professional development plan for the agency as a whole and shall incorporate the plan into its comprehensive improvement plan pursuant to rule 281—72.9(273). The district or area education agency professional development plan shall be a long-term plan designed and implemented to increase student achievement and shall include all on-site and district or area education agency personnel responsible for instruction. The district or area education agency professional development plan shall contain, but not be limited to, the following:

1. Implementation of a school district’s or area education agency’s plan for professional learning.
2. Documentation that the professional development is based on student data, aligned with district or attendance center student achievement goals, and focused on instruction, curriculum, and assessment.
3. The study and implementation of research-based instructional strategies that improve teaching and learning.
4. Collaborative inquiry into the area of greatest student learning need.
5. Research-based training strategies (e.g., theory, demonstration, observation, practice, coaching, reflection, evaluation) that promote transfer and positive outcomes as needed for learning new practices.
6. Allocation of time to collectively study content, instruction, and impact so necessary adjustments can be made to ensure student success.
7. Accountability and an evaluation that documents improvement of practice and the impact on student learning.

c. **Attendance center professional development plans.** Each attendance center within a school district shall develop an attendance center professional development plan as a means of promoting group professional development. An attendance center professional development plan shall further the needs of personnel responsible for instruction in the attendance center and shall enhance the student achievement goals of the attendance center and the goals of the district.

d. **Individual professional development plans.** The school district and area education agency shall support the development and implementation of the individual teacher professional development plan for each teacher as outlined in subrule 83.6(2). Each individual teacher professional development plan shall align to the fullest extent possible with the district professional development plan.

e. **Beginning teacher mentoring and induction.** A school district shall develop and implement a beginning teacher mentoring and induction plan as outlined in subrule 83.3(1) or a framework for beginning teachers as outlined in subrule 83.3(2). The district’s beginning teacher mentoring and induction plan or framework for beginning teachers shall align with the district professional
development plan described in paragraph 83.6(1)“b.” An area education agency shall develop and implement a beginning teacher mentoring and induction plan as outlined in subrule 83.3(1), which shall align with the area education agency’s professional development plan described in paragraph 83.6(1)“b.”

f. Organizational support for professional development. The school district shall provide resources and support for the district professional development plan, including opportunities for professional development, time for collaborative work of staff, budgetary support, and policies and procedures that reflect the district’s commitment to professional development.

83.6(2) Individual teacher professional development plan. Each school district and area education agency shall support the development and implementation of individual teachers’ professional development plans for teachers other than beginning teachers. The purpose of the individual plan is to promote individual and collective professional development. At a minimum, the goals for an individual teacher professional development plan must be based on the needs of the teacher and on the relevant Iowa teaching standards that support the student achievement goals of the teacher’s classroom or classrooms, attendance center and school district or area education agency, as appropriate, as outlined in the comprehensive school improvement plan. The goals shall go beyond those required under the attendance center professional development plan described in paragraph 83.6(1)“c.” The learning opportunities provided to meet the goals of the individual teacher plan include individual study and collaborative study of district-determined or area education agency-determined content to the extent possible. The individual plan shall be developed by the teacher in collaboration with the teacher’s evaluator. An annual meeting shall be held between the teacher’s evaluator and the teacher to review the goals and refine the plan.

83.6(3) Professional development provider requirements.

a. A provider may be a school district; an area education agency; a higher education institution; a public or private entity including a professional organization that provides long-term, ongoing support for the district’s or area education agency’s professional development plan; or a consortium of any of the foregoing. An educational organization or program with specific professional development accreditation or approval from the department is an approved provider.

b. Providers that are not currently accredited or approved through state accreditation procedures must follow approval procedures identified in the district’s or area education agency’s professional development plan. The potential provider must submit to the school district or area education agency a written application that provides the following documentation:

1. How the provider will deliver technical assistance that meets the Iowa professional development standards provided in paragraph 83.6(1)“a.”

2. How the provider intends to assist the local district or area education agency in designing, implementing, and evaluating professional development that meets the requirements established in paragraph 83.6(1)“b.”

3. A description of the qualifications of the provider.

4. Evidence of the provider’s expertise in professional development.

5. A budget.

6. Procedures for evaluating the effectiveness of the technical assistance delivered by the provider.

281—83.7(284) Teacher quality committees. Each school district and area education agency shall create a teacher quality committee pursuant to 2007 Iowa Code Supplement section 284.4. The committee is subject to the requirements of the Iowa open meetings law (Iowa Code chapter 21). To the extent possible, committee membership shall have balanced representation with regard to gender. The committee shall do all of the following:

1. Monitor the implementation of the requirements of statutes and administrative code provisions relating to this chapter, including requirements that affect any agreement negotiated pursuant to Iowa Code chapter 20.
2. Monitor the evaluation requirements of this chapter to ensure evaluations are conducted in a fair and consistent manner throughout the school district or agency. The committee shall develop model evidence for the Iowa teaching standards and criteria. The model evidence will minimize paperwork and focus on teacher improvement. The model evidence will determine which standards and criteria can be met through observation and which evidence meets multiple standards and criteria.

3. Determine, following the adoption of the Iowa professional development model by the state board of education, the use and distribution of the professional development funds distributed to the school district or agency as provided in 2007 Iowa Code Supplement section 284.13, subsection 1, paragraph “d.” based upon school district or agency, attendance center, and individual teacher professional development plans.

4. Monitor the professional development in each attendance center to ensure that the professional development meets school district or agency, attendance center, and individual teacher professional development plans.

5. Determine the compensation for teachers on the committee for work responsibilities required beyond the normal workday.

6. Make recommendations to the school board and the certified bargaining representative regarding the expenditures of market factor incentives.

DIVISION III
SPECIFIC STANDARDS APPLICABLE TO ADMINISTRATOR QUALITY PROGRAMS

281—83.8(284A) Administrator quality program. An administrator quality program is established to promote high student achievement and enhanced educator quality. The program shall consist of the following four major components:

1. Adherence to the Iowa school leadership standards and criteria as the minimum basis for evaluations of administrators and as the basis for professional development plans for administrators.

2. Mentoring and induction programs that provide support for administrators in accordance with 2007 Iowa Code Supplement section 284A.5.

3. Professional development designed to directly support best practice for leadership.

4. Evaluation of administrators against the Iowa standards for school administrators.

281—83.9(284A) Mentoring and induction program for administrators.

83.9(1) Purpose. A beginning administrator mentoring and induction program is created to promote excellence in school leadership, improve classroom instruction, enhance student achievement, build a supportive environment within school districts, increase the retention of promising school leaders, and promote the personal and professional well-being of administrators.

83.9(2) District participation. Each school board shall establish an administrator mentoring program for all beginning administrators. The school board may adopt the model program developed by the department or develop the program locally. Each school board’s beginning administrator mentoring and induction program shall, at a minimum, provide for one year of programming to support the Iowa standards for school administrators adopted pursuant to 2007 Iowa Code Supplement section 256.7(27), and to support beginning administrators’ professional and personal needs. Each school board shall include in the program the mentor selection process, supports for beginning administrators, and the organizational and collaborative structures. Each district must also provide the budget, establish a process for sustainability of the program, and establish a process for program evaluation. The school board employing an administrator shall determine the conditions and requirements of an administrator participating in a program established pursuant to this rule. A school board shall include its plan in the school district’s comprehensive school improvement plan.

83.9(3) Recommendation for licensure. By the end of a beginning administrator’s first year of employment, the beginning administrator shall be comprehensively evaluated to determine if the administrator meets expectations to move to a professional administrator license. The school district or area education agency shall recommend the beginning administrator for a professional
administrator license to the board of educational examiners upon the administrator’s completion of a successful comprehensive evaluation. The evaluation process must include documented evidence of the administrator’s competence in meeting the Iowa leadership standards. A school district or area education agency may allow a beginning administrator a second year to demonstrate competence in the Iowa standards for school administrators if, after conducting a comprehensive evaluation, the school district or area education agency determines that the administrator is likely to successfully demonstrate competence in the Iowa standards for school administrators by the end of the second year. Upon notification by the school district or area education agency, the board of educational examiners shall grant a beginning administrator who has been allowed a second year to demonstrate competence a one-year extension of the beginning administrator’s initial license. An administrator granted a second year to demonstrate competence shall undergo a comprehensive evaluation at the end of the second year.

281—83.10(284A) Iowa school leadership standards for administrators. The Iowa school leadership standards for administrators are organized around the domains, qualities, and values of leadership work that research and practice indicate contribute to students’ academic success and well-being. The standards provide a framework to guide leadership practice and how leaders are prepared, hired, developed, supervised and evaluated. A local school board may establish additional administrator standards and related criteria, but shall at a minimum utilize the following standards therefor:

83.10(1) Mission, vision, and core values. Educational leaders develop, advocate, and enact a shared mission, vision, and core values of high-quality education and academic success and well-being of each student.

83.10(2) Ethics and professional norms. Educational leaders act ethically and according to professional norms to promote each student’s academic success and well-being.

83.10(3) Equity and cultural responsiveness. Educational leaders strive for equity of educational opportunity and culturally responsive practices to promote each student’s academic success and well-being.

83.10(4) Curriculum, instruction, and assessment. Educational leaders develop and support intellectually rigorous and coherent systems of curriculum, instruction, and assessment to promote each student’s academic success and well-being.

83.10(5) Community of care and support for students. Educational leaders cultivate an inclusive, caring, and supportive school community that promotes the academic success and well-being of each student.

83.10(6) Professional capacity of school personnel. Educational leaders develop the professional capacity and practice of school personnel to promote each student’s academic success and well-being.

83.10(7) Professional community for teachers and staff. Educational leaders foster a professional community of teachers and other professional staff to promote each student’s academic success and well-being.

83.10(8) Meaningful engagement of families and communities. Educational leaders engage families and the community in meaningful, reciprocal, and mutually beneficial ways to promote each student’s academic success and well-being.

83.10(9) Operations and management. Educational leaders manage school operations and resources to promote each student’s academic success and well-being.

83.10(10) School improvement. Educational leaders act as agents of continuous improvement to promote each student’s academic success and well-being.

[ARC 5331C, IAB 12/16/20, effective 7/1/21]

281—83.11(284A) Evaluation. The board of directors of a school district shall conduct an annual evaluation of an administrator who holds a professional administrator license issued under Iowa Code chapter 272 for purposes of assisting the administrator in making continuous improvements, documenting continued competence in the Iowa standards for school administrators adopted pursuant to Iowa Code section 256.7(27), and determining whether the administrator’s practice meets the board’s expectations for the school district. The evaluation shall include, at a minimum, an assessment of the
administrator’s competence in meeting the Iowa standards for school administrators and the goals of the administrator’s individual professional development plan, including supporting documentation or artifacts aligned to the Iowa standards for school administrators and the individual administrator’s professional development plan.

[ARC 0524C, IAB 12/12/12, effective 1/16/13]

281—83.12(284A) Professional development of administrators.

83.12(1) Responsibility of district. Each school district shall be responsible for the provision of professional growth programming for individuals employed in a school district administrative position by the school district or area education agency as deemed appropriate by the board of directors of the school district or area education agency. School districts may collaborate with other educational stakeholders, including other school districts, area education agencies, professional organizations, higher education institutions, and private providers, regarding the provision of professional development for school district administrators. Professional development programming for school district administrators may include support that meets the individual administrator’s professional development needs as aligned to the Iowa standards for school administrators adopted pursuant to 2007 Iowa Code Supplement section 256.7(27), and that meets individual administrator professional development plans.

83.12(2) Individual plans. In cooperation with the administrator’s evaluator, an administrator who has a standard administrator’s license issued by the board of educational examiners pursuant to Iowa Code chapter 272 and is employed by a school district or area education agency in a school district administrative position shall develop an individual administrator professional development plan. The purpose of the plan is to promote individual and group professional development. The individual plan shall be based, at a minimum, on the needs of the administrator. The individual plan shall be aligned, as appropriate, to the Iowa standards for school administrators adopted pursuant to 2007 Iowa Code Supplement section 256.7(27), and the student achievement goals of the attendance center and the school district as set forth in the comprehensive school improvement plan.

83.12(3) Role of evaluator. The administrator’s evaluator shall meet annually as provided in Iowa Code section 279.23A with the administrator to review progress in meeting the goals in the administrator’s individual professional development plan. The purpose of the meeting shall be to review collaborative work with other staff on student achievement goals and to modify as necessary the administrator’s individual professional development plan to reflect the individual administrator’s and the school district’s needs and the administrator’s progress in meeting the goals in the plan. The administrator shall provide evidence of progress toward meeting the goals. Modifications to the plan may be made jointly by the administrator and the administrator’s supervisor, or the supervisor may adjust the plan. Any changes in the plan made unilaterally by a supervisor must be clearly documented for the administrator.

These rules are intended to implement Iowa Code chapters 284 and 284A as amended by 2007 Iowa Acts, chapter 108.

CHAPTER 84
FINANCIAL INCENTIVES FOR NATIONAL BOARD CERTIFICATION

281—84.1(256) Purpose. National Board Certification (NBC) is available to teachers nationwide and requires candidates to demonstrate their teaching practice as measured against high and rigorous standards. NBC teachers enhance the educational experience of their students and motivate fellow teachers toward excellence in classroom teaching. These rules implement the two financial incentive pilot programs enacted by the Iowa legislature to increase the number of NBC teachers in Iowa. [ARC 0523C, IAB 12/12/12, effective 1/16/13]

281—84.2(256) Definitions. For the purpose of these rules, the following definitions shall apply:

“A person who receives a salary as a classroom teacher” means a teacher employed by a school district in Iowa who receives any salary compensation from the school district for providing classroom instruction to students in the school district. The term also means a teacher employed by an area education agency in Iowa who receives all salary compensation through pooled school district funds provided to the area education agency to provide classroom instruction to elementary (including prekindergarten) or secondary students in one or more school districts.

“Department” means the state department of education.

“Director” means the director of the state department of education.

“Employed by a school district in Iowa” means a teacher employed in a nonadministrative position in an Iowa school district pursuant to a contract issued by a board of directors of a school district under Iowa Code section 279.13 and any full-time permanent substitute teacher employed under individual contracts not included under Iowa Code section 279.13 but who is receiving retirement and health benefits as part of the substitute teacher’s contract.

“National Board Certification (NBC)” is a nationwide certification program administered by the National Board for Professional Teaching Standards. The certification program requires candidates to participate in a rigorous two-part assessment consisting of portfolio entries and assessment center exercises.

“National Board for Professional Teaching Standards (NBPTS)” is a private nonprofit organization whose goal is to develop professional standards for early childhood, elementary and secondary school teaching. NBPTS administers the NBC program.

“School district” means a public school district.

“Teacher” means an Iowa-licensed teacher as defined in Iowa Code section 272.1.

281—84.3(256) Registration fee reimbursement program. If funds are appropriated by the Iowa legislature, the department shall administer a registration fee reimbursement program.

84.3(1) Eligibility. Teachers who registered with NBPTS after December 31, 2007, but before July 1, 2012, shall apply to the department by May 1, 2013. All other teachers seeking reimbursement shall apply to the department within one year of registration with NBPTS. Teachers eligible for the registration fee reimbursement program shall meet all of the following qualifications:

a. The individual has all qualifications required by NBPTS for application for certification.

b. The individual is a teacher.

c. The individual is employed by a school district in Iowa.

d. The individual receives a salary as a classroom teacher.

e. The individual completes the department’s application process, which includes submitting verification of NBC registration.

f. The individual has not received reimbursement from this program at any previous time.

84.3(2) Registration fee reimbursement. If funds are appropriated by the legislature, all teachers who apply to the department shall receive registration fee reimbursement. If, however, in any fiscal year the number of eligible teachers that apply for the reimbursement exceeds the funds available, the department shall prorate the amount of the registration fee reimbursement among all eligible teachers.
84.3(3) Reimbursement. Teachers determined eligible shall receive reimbursement in the following manner:

a. **Initial registration fee reimbursement.** Each eligible teacher shall receive an initial reimbursement of one-half of the reimbursement fee charged by NBPTS or, if necessary, a prorated amount upon submission to the department of the NBC registration confirmation form provided to each teacher by NBPTS.

b. **Final registration fee reimbursement.** The final registration fee reimbursement of one-half of the reimbursement fee charged by NBPTS or, if necessary, a prorated amount shall be awarded when the eligible teacher notifies the department of the teacher’s certification achievement and submits verification of certification. If an eligible teacher fails to receive certification, the teacher can receive the remaining reimbursement if the teacher achieves certification within three years of the initial NBC score notification.

84.3(4) Withdrawal from NBC process. A teacher who has received the initial registration fee reimbursement from the department and withdraws from the NBC process shall reimburse the department the amount received from the department within 30 days of receiving any fee reimbursement from NBPTS if the reimbursement from NBPTS is equal to or greater than the amount received from the department. If the reimbursement amount from NBPTS is less than the amount the teacher received from the department, the teacher shall reimburse the department any amount received from NBPTS.

[ARC 0523C; IAB 12/12/12, effective 1/16/13]

281—84.4(256) NBC annual award. If funds are appropriated by the legislature, each eligible NBC teacher can qualify for one of the following NBC annual awards. If in any fiscal year the funds appropriated are insufficient to pay the maximum amount of the annual awards to each eligible teacher or the number of teachers eligible to receive annual awards exceed 1,100 individuals, the funds shall be prorated among all eligible teachers.

1. $5,000 annual award. An eligible teacher who receives NBC certification prior to May 1, 2000, will receive an annual award of up to $5,000 per year or a prorated amount for a period of ten years or until the teacher’s total state annual award amount reaches $50,000, whichever occurs first.

2. $2,500 annual award. An eligible teacher who receives NBC certification after May 1, 2000, will receive an annual award of up to $2,500 per year or a prorated amount for a maximum period of ten years.

3. An otherwise-eligible teacher who possesses a teaching contract that is less than full-time shall receive an award prorated to reflect the type of contract (i.e., half-time, quarter-time, etc.).

84.4(1) Eligibility. In addition to having registered with NBPTS and achieving certification within NBPTS-established timelines and policies, individuals eligible for the NBC annual award shall meet all of the following qualifications:

a. The individual is an NBC teacher.

b. The individual is a teacher.

c. The individual is employed by a school district in Iowa.

d. The individual receives a salary as a classroom teacher.

e. The individual completes the department’s annual application process, which includes submitting verification of certification.

f. The individual has not received an NBC annual award for more than ten years.

g. The individual has not received state NBC annual awards totaling more than $50,000.

h. The individual is applying for the award within one year of being eligible for the award.

84.4(2) Application. An NBC teacher shall submit an application verifying eligibility for an NBC award to the department by May 1 of each fiscal year the NBC teacher is eligible for the award. NBC awards shall be issued to eligible NBC teachers no later than June 1 of each fiscal year.

84.4(3) Taxes. The NBC award is not considered salary for purposes of Iowa Code chapter 97B. The eligible NBC teacher will be responsible to pay the appropriate state and federal taxes. The department
will notify state and federal taxing authorities of the award and the NBC teacher will be issued an IRS Form 1099.

[ARC 0523C, IAB 12/12/12, effective 1/16/13]

281—84.5(256) Appeal of denial of a registration fee reimbursement award or an NBC annual award. Any applicant may appeal the denial of a registration fee reimbursement award or an NBC annual award to the director of the department. Appeals must be in writing and received within ten working days of the date of the notice of denial and must be based on a contention that the process was conducted outside statutory authority or violated state or federal law, regulation or rule. The hearing and appeal procedures found in 281—Chapter 6 that govern director’s decisions shall be applicable to any appeal of denial.

In the notice of appeal, which shall be notarized, the applicant shall give a short and plain statement of the reasons for the appeal.

The director shall issue a decision within a reasonable time, not to exceed 30 days from the date of the hearing.

These rules are intended to implement Iowa Code section 256.44.

CHAPTER 95
EQUAL EMPLOYMENT OPPORTUNITY
AND AFFIRMATIVE ACTION IN EDUCATIONAL AGENCIES

281—95.1(256) Purpose. It is the purpose of this chapter to implement Iowa Code section 19B.11 by requiring specific steps by school districts, area education agencies, and community colleges to accomplish the goals of equal employment opportunity and affirmative action in the recruitment, appointment, assignment and advancement of personnel.

281—95.2(256) Definitions. The following definitions shall be applied to the rules in this chapter:

“Affirmative action” means action appropriate to overcome the effects of past or present practices, policies, or other barriers to equal employment opportunity.

“Agency” means a local school district, an area education agency or a community college.

“Availability” means the extent to which members of a racial/ethnic group, women, men or persons with disabilities are present within the relevant labor market.

“Director of education” means the director of the Iowa department of education.

“Equal employment opportunity” means equal access to employment, training and advancement, or employment benefits regardless of race, creed, color, religion, sex, age, national origin and disability.

“Metropolitan statistic area” means a large population nucleus (over 50,000 people) and nearby communities which have a high degree of economic and social integration with that nucleus. Each area consists of one or more entire counties.

“Person with a disability” means any person who has a physical or mental impairment which substantially limits one or more major life activities, has a record of such impairment or is regarded as having such an impairment, as defined by civil rights commission subrule 161—8.26(1).

“Racial/ethnic minority person” means any person who is African-American, Hispanic, Asian or Pacific Islander, American Indian or Alaskan Native.

“Relevant labor market” means the geographic area in which an agency can reasonably be expected to recruit for a particular job category.

“Underrepresentation” means having fewer members of a racial/ethnic group, women, men or persons with disabilities in a particular job category than would be reasonably expected based on their availability in the relevant labor market.

“Work force” means an agency’s full-time and part-time employees.

281—95.3(256) Equal employment opportunity standards. Employment policies and practices shall provide equal employment opportunity to all persons. No person shall be denied equal access to agency employment opportunities because of race, creed, color, religion, national origin, gender, age or disability.

Affirmative action programs. A work force analysis shall be performed and affirmative measures be developed and implemented for any major job categories in which a racial/ethnic group, women, men or persons with disabilities are underrepresented.

281—95.4(256) Duties of boards of directors. Each board of directors shall adopt policy statements and develop plans for implementation of equal employment opportunity standards and affirmative action programs.

95.4(1) Policy statements. Each board of directors shall adopt policy statements outlining its commitment to the principles of equal employment opportunity and affirmative action. These policy statements shall prescribe procedures for employees and applicants for employment to redress complaints of discrimination.

95.4(2) Written plans. Each board of directors shall prepare and implement written equal employment opportunity and affirmative action plans by July 1, 1990. The plans shall be evaluated and updated on a biennial basis.
95.4(3) Assignment of responsibility. Each board of directors shall assign to an employee the responsibility for coordinating the development and ongoing implementation of the plans. This employee may be the same employee who has been assigned to coordinate the agency’s efforts to comply with federal laws requiring nondiscrimination in educational programs and employment.

95.4(4) Input. Each board of directors shall obtain systematic input from diverse racial/ethnic groups, women, men and persons with disabilities into the development and implementation of the plans. School districts may use existing advisory committees or public hearing procedures developed to receive similar input regarding the development and implementation of multicultural, nonexist education plans.

95.4(5) Staff development. Each board of directors shall provide periodic training for all staff who hire or supervise personnel on the principles of equal employment opportunity and the implementation of its affirmative action plan.

95.4(6) Record keeping. Each board of directors shall keep the necessary records to document its affirmative action progress. Employment data shall be reported to the department of education by racial/ethnic category, gender and disability. This report shall be part of the department of education’s basic educational data collection system.

281—95.5(256) Plan components. In addition to the board policy statement, each equal employment opportunity and affirmative action plan shall include, but not be limited to, the following components:

95.5(1) Identification of coordinator. The name, job title, address and phone number of the employee responsible for coordinating the development and implementation of the equal employment opportunity and affirmative action plans.

95.5(2) Administrative statement. An administrative statement on how the agency’s equal employment opportunity and affirmative action policies and plans are to be implemented, including the internal system for auditing and reporting progress. The administrative statement shall be signed and dated by the chief executive officer of the agency.

95.5(3) Work force analysis. A work force analysis that shall show the numerical and percentage breakdown of the agency’s full-time and part-time employees within each major job category by racial/ethnic group, gender, and disability. Major job categories shall be consistent with the E.E.O. 5 and E.E.O. 6 occupational categories reported to the United States Equal Employment Opportunity Commission. For the purpose of confidentiality, disability data may be based on total agency figures, rather than those of major job categories.

95.5(4) Quantitative analysis. A quantitative analysis that shall compare work force analysis figures with the availability of qualified or qualifiable members of racial/ethnic groups, women, men and persons with disabilities within the relevant labor market.

95.5(5) Qualitative analysis. When underrepresentation is identified in one or more major job category, a qualitative analysis shall be implemented and included in the agency’s affirmative action plan. The qualitative analysis is a review of employment policies and practices to determine if and where those policies and practices tend to exclude, disadvantage, restrict or result in adverse impact on the basis of racial/ethnic origin, gender, or disability. The analysis may include, but is not limited to the review of:

a. Recruitment practices and policies;
b. A demographic study of the applicant pool and flow;
c. The rate and composition of turnover in major job categories;
d. Trends in enrollment which will affect the size of the work force;
e. Application and application screening policies and practices;
f. Interview, selection, and placement policies and practices;
g. Transfer and promotion policies and practices;
h. Discipline, demotion, termination and reduction in force policies and practices;
i. Employee assistance, training selection and mentoring policies and practices;
j. The impact of the collective bargaining agreement on equal employment opportunity and the affirmative action process;
k. Law, policies or practices external to the agency that may hinder success in equal employment opportunity and affirmative action.

95.5(6) Goals. Numerical goals and timetables for reduction of underrepresentation in each major job category where it has been identified shall be developed. These goals shall not be treated as rigid and inflexible quotas that must be met, but as reasonable aspirations toward correcting imbalance in the agency’s workforce. The goal shall not cause any group of applicants to be excluded from the hiring process. When setting numerical goals agencies shall take into consideration the following:
   a. The numbers and percentages from the work force analysis conducted pursuant to subrule 95.5(3);
   b. The number of short- and long-term projected vacancies in the job category, considering turnover, layoffs, lateral transfers, new job openings, and retirements;
   c. The availability of qualified or qualifiable persons from underrepresented racial/ethnic, gender and disability categories within the relevant labor market;
   d. The makeup of the student population served by racial/ethnic origin, gender and disability;
   e. The makeup of the population served by racial/ethnic origin, gender and disability;
   f. The makeup of the population of the metropolitan statistic area, when applicable, by racial/ethnic origin, gender, and disability.

95.5(7) Absence of minority base. Agencies with no minority students enrolled or no minority employees shall develop goals and timetables for recruiting and hiring persons of minority racial/ethnic origin when those persons are available within the relevant labor market.

95.5(8) Consolidation. An agency may consolidate racial/ethnic minorities and job categories into broader groupings in conducting its analysis under subrules 95.5(3), 95.5(4) and 95.5(6) when its size or number of employees makes more specific categories impractical.

95.5(9) Qualitative goals. Qualitative goals, activities and timetables which specify the appropriate actions and time frames in which problem areas identified during the qualitative analysis are targeted and remedied. In setting qualitative goals and planning actions the agency may consider, but need not be limited to, the following:
   a. Broadening or targeting recruitment efforts;
   b. Evaluating and validating criteria and instruments used in selecting applicants for interviews, employment, and promotion;
   c. Providing equal employment opportunity, affirmative action, and intergroup relations training for employees of the agency;
   d. Developing a system of accountability for implementing the agency’s plan;
   e. Developing and implementing an employee assistance and mentoring program;
   f. Establishing a work climate which is sensitive to diverse racial/ethnic groups, both women and men and persons with disabilities;
   g. Negotiating the revision of collective bargaining agreements to facilitate equal employment opportunity and affirmative action;
   h. Considering a person’s racial/ethnic origin, gender, or disability as a relevant factor when selecting applicants for interview, employment and promotion in job categories where underrepresentation exists.

281—95.6(256) Dissemination. Each agency shall have an internal and external system for disseminating its equal employment opportunity and affirmative action policies and plans.

95.6(1) Plan distribution. The policies and plans shall be annually distributed to agency employees involved in the hiring or management of personnel and shall be made available to other agency employees, the public and the director of education upon request.

95.6(2) Policy statement distribution. The policy statement shall be distributed to all applicants for employment and shall be disseminated annually to employees, students, parents and recruitment sources.

281—95.7(256) Reports. Each education agency shall submit an annual progress report on equal employment opportunity and affirmative action to its local board of directors. An annual progress
report shall be submitted to the department of education by December 31 of each year. The report shall be part of the basic educational data collection system administered by the department of education.

These rules are intended to implement Iowa Code section 19B.11.

TITLE XVI
SCHOOL FACILITIES

CHAPTER 96
STATEWIDE SALES AND
SERVICES TAX FOR SCHOOL INFRASTRUCTURE

281—96.1(423E,423F) Definitions. For purposes of these rules, the following definitions shall apply:

“Actual enrollment” means the number of students each school district certifies to the department by October 15 of each year in accordance with Iowa Code section 257.6(1).

“Base year” means the school year ending during the calendar year in which the budget is certified.

“Certificate of need” means the written department of education approval a school district must obtain if the district has a certified enrollment of fewer than 250 students or a certified enrollment of fewer than 100 students in grades 9 through 12. The certificate of need must be obtained by the school district before the district may expend the supplemental school infrastructure amount for new construction or for payments for bonds issued for new construction against the supplemental school infrastructure amount or to expend the statewide sales and services amount for new construction.

“Combined actual enrollment” means the sum of the students in each school district located in whole or in part in a county who are residents of that county as determined by rule 281—96.2(423E,423F).

“Department” means the state department of education.

“Guaranteed school infrastructure amount” means for a school district the statewide tax revenues per student, multiplied by the quotient of the tax rate percent imposed in the county, divided by 1 percent and multiplied by the quotient of the number of quarters the tax is imposed during the fiscal year divided by four quarters.

“New construction” means any erection of a facility or any modification or addition to a facility except for repairing existing schoolhouses or school buildings or for construction necessary for compliance with the federal Americans with Disabilities Act, 42 U.S.C. Sections 12101 to 12117.

“Nonresident student” means a student enrolled in a school district who does not meet the requirements of a resident as defined in Iowa Code section 282.1.

“Reconstruction” means rebuilding or restoring as an entity a thing that was lost or destroyed.

“Repair” means restoring an existing structure or thing to its original condition, as near as may be, after decay, waste, injury, or partial destruction, but does not include maintenance.

“Resident student” means a student enrolled in a school district who meets the requirements of a resident as defined in Iowa Code section 282.1.

“Revenue purpose statement” means a document prepared by the school district indicating the specific purpose or purposes for which the funding, pursuant to Iowa Code chapters 423E and 423F, will be expended.

“Sales tax” means the statewide sales and services tax for school infrastructure imposed in accordance with Iowa Code chapter 423F.

“School budget review committee” or “SBRC” means a committee that is established under Iowa Code section 257.30 in the department of education and that consists of the director of the department of education in an ex officio, nonvoting capacity, the director of the department of management, and four members who are knowledgeable in the areas of Iowa school finance or public finance issues and who are appointed by the governor to represent the public.

“School district” means a public school district in Iowa accredited by the state department of education.

“School infrastructure” means those activities for which a school district is authorized to contract indebtedness and issue general obligation bonds under Iowa Code section 296.1, except those activities related to a teacher’s or superintendent’s home or homes. These activities include the construction, reconstruction, repair, demolition, purchase, or remodeling of schoolhouses, stadiums, gymnasiums, fieldhouses, and bus garages; the procurement of schoolhouse sites and site improvements; and the payment or retirement of general obligation bonds issued for school infrastructure purposes or of sales and services tax for school infrastructure revenue bonds. Additionally, school infrastructure includes
school safety and security infrastructure under Iowa Code section 423F.3(6). The definition of school infrastructure also includes activities for which revenues under Iowa Code sections 298.3 and 300.2 may be spent and property tax relief for the debt service property tax levy, regular physical plant and equipment property tax levy, voter-approved physical plant and equipment income surtax and property tax levy, and the public education and recreation property tax levy.

"Site improvement" means grading, landscaping, paving, seeding, and planting of shrubs and trees; constructing sidewalks, roadways, retaining walls, sewers and storm drains, and installing hydrants; surfacing and soil treatment of athletic fields and tennis courts; exterior lighting, including athletic fields and tennis courts; furnishing and installing flagpoles, gateways, fences, and underground storage tanks which are not parts of building service systems; demolition work; and special assessments against the school district for public improvements defined in Iowa Code section 384.37.

"Statewide tax revenues per student" means the amount per student established by Iowa Code section 423E.4(2) "b" (3).

[ARC 8384B, IAB 12/16/09, effective 1/20/10; ARC 4811C, IAB 12/18/19, effective 1/22/20]

281—96.2(423E,423F) **Reports to the department.** Each school district shall, by October 15, annually report the school district’s actual enrollment on October 1 by the student’s county of residency according to the following:

96.2(1) **County of residency.** The county of residency for each of the students shall be the county in which the student lives in accordance with Iowa Code section 282.1.

96.2(2) **Emancipated minor.** The county of residency for an emancipated minor attending the school district shall be the county in which the emancipated minor is living.

96.2(3) **County of residency unknown.** If a school district cannot determine an enrolled student’s county of residency or if the county of residency is not a county in which the school district is located, the county of residency shall be the county in which the school district certifies its budget.

[ARC 8384B, IAB 12/16/09, effective 1/20/10]

281—96.3(423E,423F) **Combined actual enrollment.** By March 1, annually, the department shall forward to the department of management the actual enrollment and the actual enrollment by the student’s county of residency for each school district located in whole or in part in a county where a sales tax has been imposed and the combined actual enrollment for that county.

[ARC 8384B, IAB 12/16/09, effective 1/20/10]

281—96.4(423E,423F) **Application and certificate of need process.**

96.4(1) **When application needed; application period.** A school district with a certified enrollment of fewer than 250 students in the entire district or a certified enrollment of fewer than 100 students in grades 9 through 12 shall not expend the amount of statewide sales and services tax received for new construction without prior application to the department and receipt of a certificate of need. A certificate of need is not required for repair of school facilities; for purchase of equipment, technology, or transportation equipment for transporting students as provided in Iowa Code section 298.3; school safety and security infrastructure as provided in Iowa Code section 423F.3(6) other than new construction; or for construction necessary to comply with the federal Americans With Disabilities Act, 42 U.S.C. Sections 12101 to 12117. Applications shall be hand-delivered or postmarked no later than eight weeks prior to a regularly scheduled meeting of the SBRC. Delivery of applications by way of facsimile transmission is not allowed. The SBRC holds regularly scheduled meetings as stipulated in rule 289—1.4(257).

96.4(2) **Application form.** The department shall make available an application form to Iowa public school districts. Each applicant school district shall use the form prepared for this purpose and in the manner prescribed by the department. A school district may submit only one application during the application period. The application form shall include, but shall not be limited to, the following information:

a. The total capital investment of the project. If the project is in collaboration with other public or private entities, a school district shall include the following information:

(1) Identification of the collaborating public or private entities;
(2) Total cost of the collaborative project; and
(3) Total cost of the school district’s portion of the project.

b. The infrastructure needs of a school district specific to the application, especially the fire and health safety needs, including the extent to which the project would allow the school district to meet its infrastructure needs on a long-term basis. If a school district’s needs include fire and health safety needs, the school district shall attach to its application form a copy of the citation from the fire marshal for the safety deficiency or evidence of consultation with the fire marshal or other qualified inspector related to the health safety deficiency. A school district shall include evidence of public involvement in assessing the need for this project.

c. The description of need including a cost-benefit analysis of remodeling, reconstructing, or repairing the existing structure rather than implementing this project and a description of any alternatives considered and the reasons for rejection.

d. Enrollment trends by grade in a school district showing a five-year history and five years of projected enrollment by grade. The school district shall identify the grades that will be served at the new construction site. If a school district uses enrollment projections other than those prepared by the department, the school district must submit a description of the basis for those projections. The school district shall demonstrate that there is sufficient economic activity and stability to support and sustain enrollment projections of the affected attendance center.

e. If a school district’s enrollment in the current year or any of the five years of projected enrollments is fewer than 250 students, the school district shall attach a copy of a feasibility study pursuant to Iowa Code section 256.9(30) or similar study conducted within the past three years with an explanation of how the study supports the project that is the subject of the application.

f. A description of the benefits and effects of the project and its relationship to improving student learning including alignment with school district student achievement goals and including the school district’s ability to meet or exceed the educational standards. A school district shall provide:

(1) A list of waivers applied for and granted to the school district or any deficiencies from educational standards if no waiver was granted.

(2) A list of courses offered by major curricular area in grades 9 through 12. The list shall include five years of history and three years of projected curricula if the proposed new construction will house any of the grades 9 through 12.

(3) A list of current and projected staffing patterns including assignments and licensure.

g. Description of transportation barriers, if any, to the current site and to the proposed site and the distance in miles and in travel time from the nearest and furthest boundaries of the school district to the current site and the proposed site.

h. Evidence of a healthy financial condition and long-term financial stability. The school district shall provide:

(1) Calculation of unspent balance on the generally accepted accounting principles (GAAP) basis. The calculation shall include five years of history and three years of projected balances. The calculation of budget authority shall show and project the effect of the budget adjustment under Iowa Code section 257.14. Projected allowable growth shall be that known or generally anticipated at the time of the application. If the percent of allowable growth is not known or anticipated, an allowable growth of no more than 2 percent shall be utilized in the annual projections.

(2) If the unspent balance is negative in any current or projected year on the GAAP basis, the school district shall include a copy of the corrective action plan, if any, submitted to the SBRC.

(3) Calculation of fund balance on the GAAP basis by fund. The calculation shall include five years of history and three years of projected balances.

i. If a school district currently has bonded indebtedness, the voter-approved physical plant and equipment levy, or categorical funding for school infrastructure, the school district shall include a statement identifying the implementation date, final year of the bonded indebtedness or the final year of the levy or categorical funding, and the levy rate. The school district shall list any obligations against those current balances and future revenues or against the statewide sales and services tax for school
infrastructure amounts. The school district shall attach a copy of the school district’s revenue purpose statement, if any.

j. A comprehensive, districtwide infrastructure plan. The school district shall include the date that the plan was adopted by the board, an executive summary of the plan, and a description of how the project fits within the infrastructure plan.

k. A five-year history of significant infrastructure maintenance and repair.

l. A statement certifying the accuracy of the information contained in the application.

96.4(3) Board minutes. A school district that is submitting an application for certificate of need shall submit with its application a copy of the published minutes of the board of director’s meeting showing that the board has authorized the application and the project and that the public has been informed. The section of the board minutes containing this information shall be marked in such a way as to make it easily identifiable.

96.4(4) Number of copies. A school district that is submitting an application for certificate of need shall submit three complete sets of the application forms and board minutes with original signatures on the application forms.

96.4(5) Reapplication. A school district that is not successful in obtaining a certificate of need for the project that is the subject of the application may apply for a certificate of need in succeeding application periods if its circumstances change substantially.

96.4(6) Application timeline. A school district shall submit an application for a certificate of need either:

a. When the school district has received amounts that it intends to accumulate for new construction or for payment of debt related to new construction; or

b. When the school district board has accumulated amounts and wants to proceed with the new construction project or debt issuance related to new construction, whichever occurs first.

96.4(7) Compliance requirement on uses. All projects included in the application must be consistent with the provisions of the Americans With Disabilities Act and the Rehabilitation Act of 1973, Section 504, and Iowa Code chapter 104A.

[ARC 8384B, IAB 12/16/09, effective 1/20/10; ARC 9473B, IAB 4/20/11, effective 5/25/11; ARC 4811C, IAB 12/18/19, effective 1/22/20]

281—96.5(423E,423F) Review process.

96.5(1) Task force. The department shall form a task force to review applications for certificate of need and to provide recommendations to the SBRC. The department shall invite participants from large, medium, and small school districts, the state fire marshal’s office, education and professional organizations, or other individuals knowledgeable in school infrastructure and construction issues. The department, in consultation with the task force, shall establish the parameters and criteria for awarding certificates of need based on information listed in Iowa Code section 423E.4(5), which includes required consideration of the following:

a. Enrollment trends in the grades that will be served at the new construction site.

b. The cost-benefit analysis of remodeling, reconstructing, or repairing existing buildings.

c. The fire and health safety needs of the school district.

d. The distance, convenience, cost of transportation, and accessibility of the new construction site to the students to be served at the new construction site.

e. Unavailability of alternative, less costly, or more effective means of serving the needs of the students.

f. The financial condition of the school district, including the effect of the budget adjustment and unspent balance.

g. Broad and long-term ability of the school district to support the facility and the quality of the academic program.

h. Cooperation with other educational entities including other school districts, area education agencies, postsecondary institutions, and local communities.
96.5(2) Task force review. The task force, or a subcommittee of the task force, and its designees, shall review each application and make recommendations to the school budget review committee regarding approval of certificates of need based on the evidence provided by the applicant pursuant to subrule 96.4(2) and the criteria listed in subrule 96.5(1). More than one member of the task force or subcommittee of the task force and its designees shall review each application. A reviewer shall not review any application in which the reviewer has a conflict of interest.

96.5(3) Approval process. Applications shall be reviewed and recommended for approval or denial based on any or all of the following individual or collective criteria. Each applicable criterion shall be scored on a scale of zero to ten. Applicable scores shall be averaged. Nonapplicable criteria shall not be used in determining the average score. An application shall have a minimum average score of five to be eligible to be recommended for approval. If an application receives a score of zero on one or more applicable criteria, the application shall not be recommended for approval. A recommendation for approval by the task force does not constitute final approval of the application. The following categories on the application shall be evaluated and scored:

a. Infrastructure needs the project proposes to alleviate. Special consideration shall be given to infrastructure needs that relate to fire or health safety issues.

b. Evidence that remodeling, reconstructing, or repairing the existing buildings is not feasible.

c. Unavailability of alternative, less costly, or more effective means of serving student needs.

d. Improvement of transportation distance, convenience, cost and accessibility with the new construction.

e. Sustainable financial condition and long-term financial stability of the school district.

f. Evidence that the proposed project will improve educational opportunities for students and enable the school district to meet or exceed educational standards.

g. Current comprehensive, districtwide infrastructure plan and the description of how this project fits within that plan.

h. Description of collaboration with one or more other public or private entities.

96.5(4) Ineligibility for approval. If either of the following two descriptions applies to the school district, the school district shall not be eligible for a certificate of need unless a feasibility study conducted within the past three years pursuant to Iowa Code section 256.9(30) and the AEA plan pursuant to Iowa Code sections 275.1 to 275.4 determine that sharing, reorganization, or dissolution is not feasible for the school district.

a. The current enrollment or any of the five years of projected enrollments for the school district is fewer than 250 students.

b. The current enrollment or any of the five years of projected enrollments for the school district for grades 9 through 12 is fewer than a total of 100 students, if a high school building is the subject of the application.

96.5(5) School budget review committee. The SBRC shall review the recommendations from the task force for approval of certificates of need. The committee shall make recommendations on approval to the department for final consideration.

[ARC 8384B, IAB 12/16/09, effective 1/20/10; ARC 4811C, IAB 12/18/19, effective 1/22/20]

281—96.6(423E,423F) Award process.

96.6(1) Department determination. The department shall make the final determination on approval of certificates of need.

96.6(2) Notification. The department shall notify applicants no later than two weeks following the date of receipt of the recommendations from the SBRC.

[ARC 8384B, IAB 12/16/09, effective 1/20/10]

281—96.7(423E,423F) Applicant responsibilities.

96.7(1) Change in the project. If a school district significantly changes the proposed project, the school district shall notify the department within ten working days of the change and shall submit a new application for a certificate of need for the newly changed project.
96.7(2) Accounting for the funding. All revenues and all expenditures from the statewide school infrastructure amounts shall be separately identified and accounted for in a capital projects fund established for the statewide sales and services tax for school infrastructure proceeds.

96.7(3) Withdrawal of application. If a school district is granted a certificate of need for a project and the school district elects not to continue with the project, the school district shall notify the department within ten working days following the board action to discontinue the project.

96.7(4) Forfeiture of certificate. Failure to comply with any of the rules in this chapter or provide information that is included in the certificate of need application or that is requested by the department may result in the forfeiture of the certificate of need or removal from the application cycle.

281—96.8(423E,423F) Appeal of certificate denial. Any applicant may appeal the denial of a properly submitted application for certificate of need to the director of the department. Appeals must be in writing and received within ten working days of the date of the notice of the decision to deny. Appeals must be based on a contention that the process was conducted outside of statutory authority; violated state or federal law, policy, or rule; did not provide adequate public notice; was altered without adequate public notice; or involved conflict of interest by staff or committee members. The hearing and appeals procedures found in 281—Chapter 6 that govern the director’s decisions shall be applicable to any appeal of denial.

CHAPTER 97
SUPPLEMENTARY WEIGHTING

281—97.1(257) Definitions. For the purpose of this chapter, the following definitions apply.

“Actual enrollment” shall mean the enrollment determined annually on October 1, or the first Monday in October if October 1 falls on a Saturday or Sunday, pursuant to Iowa Code section 257.6.

“Career academy” shall mean a program of study as defined in 281—Chapter 47. A course offered by a career academy shall not qualify as a regional academy course. A career academy course may qualify as a concurrent enrollment course if it meets the requirements of Iowa Code section 261E.8.

“Class” shall mean a course for academic credit which applies toward a high school or community college diploma.

“Enrolled” shall mean that a student has registered with the school district and is taking part in the educational program.

“Fraction of a school year” shall mean the product of the minutes per day of class multiplied by the number of days per year the class meets divided by the product of the total number of minutes in a school day multiplied by the total number of days in a school year. All minutes available in a normal day shall be used in the calculation.

“ICN” shall mean the Iowa Communications Network.

“Political subdivision” shall mean a political subdivision in the state of Iowa and shall include a city, a township, a county, a public school district, a community college, an area education agency, or an institution governed by the state board of regents (Iowa School for the Deaf, Iowa State University, University of Iowa, and University of Northern Iowa).

“Project lead the way” means the nonprofit organization with 501(c)(3) tax-exempt status that provides rigorous and innovative science, technology, engineering, and mathematics education curriculum founded in fundamental problem-solving and critical-thinking skills while integrating national academic and technical learning standards.

“Regional academy” shall mean an educational program established by a school district to which multiple school districts send students in grades 7 through 12. The curriculum shall include advanced-level courses and, in addition, may include career-technical courses, Internet-based courses, and coursework delivered via the ICN. Regional academy courses shall not qualify as concurrent enrollment courses and do not generate any postsecondary credit. School districts participating in regional academies are eligible for supplementary weighting as provided in Iowa Code section 257.11, subsection 2.

“Superintendent” shall be defined pursuant to Iowa Code section 272.1.

“Supplant” shall mean the community college’s offering a course that consists of substantially the same concepts and skills as the content of a course provided by the school district or accredited nonpublic school or the community college’s offering a course that is required by the school district or accredited nonpublic school in order to meet the minimum accreditation standards in Iowa Code section 256.11. If a student is unable to earn credit in both courses, then the two courses would be deemed similar enough in content and skills to be defined as supplanting.

“Supplementary weighting plan” shall mean a plan as defined in this chapter to add a weighting for each eligible Iowa resident student who is enrolled in an eligible class taught by a teacher employed by another school district or taught by a teacher employed jointly with another school district or sent to and enrolled in an eligible class in another school district or sent to and enrolled in an eligible community college class. The supplementary weighting for each eligible class shall be calculated by multiplying the fraction of a school year that class represents by the number of eligible Iowa resident students enrolled in that class and then multiplying that figure by the weighting factor established in Iowa Code chapter 257.

“Supplementary weighting plan for at-risk students” shall mean a plan as defined in this chapter to add a weighting for each resident student enrolled in the district and a weighting for the percentage of pupils enrolled in grades one through six, as reported by the school district on the basic educational data survey for the base year, who are eligible for free and reduced price meals under the federal
National School Lunch Act and the federal Child Nutrition Act of 1966, 42 U.S.C. Sections 1751-1769j, multiplied by the budget enrollment in the school district to generate funding to be used to develop or maintain at-risk programs, alternative programs and alternative school programs, and returning dropout and dropout prevention programs approved pursuant to Iowa Code section 257.40.

“Teacher” shall be defined pursuant to Iowa Code section 272.1.

281—97.2(257) Supplementary weighting plan.

97.2(1) Eligibility. Except if listed under subrule 97.2(7), a resident student is eligible for supplementary weighting if the student is eligible to be counted as a resident student for certified enrollment and if one of the following conditions is met pursuant to Iowa Code section 257.11:

a. Resident student attends class in another school district pursuant to subrule 97.2(2), or
b. Resident student attends class taught by a teacher employed by another school district pursuant to subrule 97.2(3), or
c. Resident student attends class taught by a teacher jointly employed by two or more school districts pursuant to subrule 97.2(4), or
d. Resident student attends class in a community college for college credit pursuant to subrule 97.2(5), or
e. Resident student attends class in a community college for college credit pursuant to subrule 97.2(6).

Other than as listed in paragraphs 97.2(1) “a” to “e” above and in rules 281—97.3(257), 281—97.4(257), and 281—97.7(257), no other sharing arrangement shall be eligible for supplementary weighting.

97.2(2) Attend class in another school district. Students attending class in another school district will be eligible for supplementary weighting under paragraph 97.2(1) “a” only if the school district does not have a licensed and endorsed teacher available within the school district to teach the course(s) being provided.

97.2(3) Attend class taught by a teacher employed by another school district. Students attending class taught by a teacher employed by another school district will be eligible for supplementary weighting under paragraph 97.2(1) “b” only if the school district does not have a licensed and endorsed teacher available within the school district to teach the course(s) being provided.

97.2(4) Attend class taught by a teacher jointly employed with another school district. All of the following conditions must be met for any student attending class taught by a teacher jointly employed to be eligible for supplementary weighting under paragraph 97.2(1) “c.” The school districts jointly employing the teacher must have:

a. A joint teacher evaluation process and instruments.
b. A joint teacher professional development plan.c. One single salary schedule.

Except for joint employment contracts which meet the requirements of paragraphs “a” to “c” above, no two or more school districts shall list each other for the same classes and grade levels.

97.2(5) Attend class in a community college. All of the following conditions must be met for any Iowa resident public school student attending a community college-offered class to be eligible for supplementary weighting under paragraph 97.2(1) “d.”

a. The course must supplement, not supplant, high school courses.

1. For purposes of these rules, to comply with the “supplement, not supplant” requirement, the content of a course provided to a high school student for postsecondary credit shall not consist of substantially the same concepts and skills as the content of a course provided by the school district.

2. The course must not be used by the school district in order to meet the minimum accreditation standards in Iowa Code section 256.11(5) “b,” “c,” “f,” “g,” “i,” and “j.”

3. A school district with total basic educational data survey enrollment of not more than 600 that contracts with a community college to provide one unit of science required in Iowa Code section
256.11(5) “a” or one unit of mathematics required in Iowa Code section 256.11(5)”d” or “e” and any of the three required sequential units in any one of the four career and technical education service areas identified as the district’s career and technical program required in Iowa Code section 256.11(5)”h” may request supplementary weighting for any community college course within these subject areas if the district’s enrollment in the course or courses comprising the unit exceeds five. Additionally, for the science or mathematics unit, the following conditions must be met:

1. The school district has made every reasonable and good faith effort, as defined in Iowa Code section 279.19A(9), to employ a teacher licensed under Iowa Code chapter 272 for the unit of science or mathematics and is unable to employ such a teacher.
2. The course or courses comprising the one unit are offered during the regular school day.
3. The course or courses comprising the one unit are made accessible to all eligible pupils by the school district.
   a. The course must be included in the community college catalog or an amendment or addendum to the catalog.
   b. The course must be open to all registered community college students not just high school students.
   d. The course must be for college credit and the credit must apply toward an associate of arts or associate of science degree, or toward an associate of applied arts or associate of applied science degree, or toward completion of a college diploma program.
   e. The course must be taught by an instructor employed by or under contract with the community college who meets the requirements of Iowa Code section 261E.3.
   f. The course must be taught utilizing the community college course syllabus.
   g. The course must be taught in such a manner as to result in student work and student assessment which meet college-level expectations.
   h. The course must not have been determined as failing to meet the standards established by the postsecondary course audit committee.

97.2(6) Attend a project lead the way class in a community college. Students attending a science, technology, engineering, or mathematics class that uses an activities-based, project-based, and problem-based learning approach and that is offered collaboratively by the students’ school district and a community college in partnership with a nationally recognized provider of rigorous and innovative science, technology, engineering, and mathematics curriculum are eligible for supplementary weighting under paragraph 97.2(1) “e” if the curriculum provider is exempt from taxation under Section 501(c)(3) of the Internal Revenue Code.

97.2(7) Ineligibility. The following students are ineligible for supplementary weighting:
   a. Nonresident students attending the school district under any arrangement except open enrolled in students, nonpublic shared-time students, or dual enrolled competent private instruction students in grades 9 through 12.
   b. Students eligible for the special education weighting plan provided in Iowa Code section 256B.9 when being served by special education programs or services that carry additional weighting.
   c. Students in whole-grade sharing arrangements except under sharing pursuant to subrule 97.2(5) or subrule 97.2(7).
   d. Students open enrolled out except under sharing pursuant to subrule 97.2(5) or paragraph 97.6(1) “c.”
   e. Students open enrolled in, except under sharing pursuant to subrule 97.2(5) or paragraph 97.6(1) “c.” when the students are under competent private instruction and are dual enrolled in grades 9 through 12.
   f. Students participating in shared services rather than shared classes except under sharing pursuant to rule 281—97.7(257).
   g. Students taking postsecondary enrollment options (PSEO) courses.
   h. Students enrolled in courses or programs offered by their resident school districts unless those courses meet the conditions for attending classes in a community college under subrule 97.2(5) or if the teacher is employed by another school district pursuant to subrule 97.2(3) or if a teacher is jointly
employed with another school district pursuant to subrule 97.2(4) or if the courses are included in the curriculum of an in-district regional academy pursuant to subrule 97.4(1) or if the courses are in-district virtual classes provided via ICN video services to other districts pursuant to subrule 97.6(1).

i. Students enrolled in courses or programs taught by teachers employed by their resident school districts unless the employment meets the criteria of joint employment with another school district under subrule 97.2(4) or if the criteria in subrule 97.2(5) are met for students attending class in a community college or if the courses are included in the curriculum of an in-district regional academy pursuant to subrule 97.4(1) or if the courses are in-district virtual classes provided via ICN video services to other districts pursuant to subrule 97.6(1).

j. Students enrolled in an at-risk program or alternative school program when being served by such program.

97.2(8) Whole-grade sharing. If all or a substantial portion of the students in any grade are shared with another one or more school districts for all or a substantial portion of a school day, then no students in that grade level are eligible for supplementary weighting except as authorized by rule 281—97.5(257). No students in the grade levels who meet the criterion in this subrule are eligible for supplementary weighting even in the absence of an agreement executed pursuant to Iowa Code sections 282.10 through 282.12. A district that discontinues grades pursuant to Iowa Code section 282.7 is deemed to be whole-grade sharing the resident students in those discontinued grades for purposes of these rules.

a. In a one-way whole-grade sharing arrangement, the receiving district may count its resident students in the grade levels that are whole-grade shared if the resident students are shared pursuant to subrule 97.2(2), 97.2(3), or 97.2(5).

b. In a one-way whole-grade sharing arrangement, the receiving district may not count its resident students in the grade levels that are whole-grade shared pursuant to subrule 97.2(3) if the teacher is employed by the same district that is sending students under the whole-grade sharing arrangement.

97.2(9) Due date. Supplementary weighting shall be included with the certified enrollment which is due October 15 following the October 1, or the first Monday in October if October 1 falls on a Saturday or Sunday, on which the enrollment was taken.

281—97.3(257) Supplementary weighting plan for at-risk students.

97.3(1) Uses of funds. Funding generated by the supplementary weighting plan for at-risk students shall be used to develop or maintain at-risk programs, which may include alternative school programs.

97.3(2) Calculation of funding. Funding for the supplementary weighting plan for at-risk students is calculated as follows:

a. Adding a weighting for each resident student of one hundred fifty-six one-hundred-thousandths, and

b. Adding a weighting of forty-eight ten-thousandths multiplied by the percentage of pupils in the district enrolled in grades one through six, as reported by the school district on the basic educational data survey for the base year, who are eligible for free and reduced price meals under the federal National School Lunch Act and the federal Child Nutrition Act of 1966, 42 U.S.C. Sections 1751-1769j, multiplied by the district’s budget enrollment.

97.3(3) Guarantee. Rescinded IAB 8/21/02, effective 9/25/02.

97.3(4) Recalculation of funding. Rescinded IAB 8/21/02, effective 9/25/02.

97.3(5) School-based youth services. Rescinded IAB 8/21/02, effective 9/25/02.
[ARC 4297C, IAB 2/13/19, effective 3/20/19]

281—97.4(257) Supplementary weighting plan for a regional academy.

97.4(1) Eligibility. Except if listed under subrule 97.2(6), a resident student is eligible for supplementary weighting if the student is eligible to be counted as a resident student for certified enrollment and if all of the following criteria are met:
a. Two or more Iowa school districts, other than a whole-grade sharing partner district, send students to advanced-level courses that are included in the curriculum of the regional academy, and these students are eligible for supplementary weighting under paragraph 97.2(1)“a” or “c.” In addition, for the host district to qualify for the minimum weighting pursuant to subrule 97.4(4), one or more Iowa school districts, other than a whole-grade sharing partner district, must send students to career-technical classes that are included in the curriculum of the regional academy.

b. The regional academy is located in the district.

c. The grade levels include one or more grades seven through twelve.

d. The curriculum is an organized course of study, adopted by the board, that includes a minimum of two advanced-level courses that are not part of a career-technical program. An advanced-level course is a course that is above the level of the course units required as minimum curriculum in 281—Chapter 12 in the host district.

e. The resident students are not eligible for supplementary weighting under another supplementary weighting plan.

f. No resident or nonresident students are attending the regional academy under a whole-grade sharing arrangement as defined in subrule 97.2(7).

g. Two or more sending districts that are whole-grade sharing partner districts shall be treated as one sending district for purposes of paragraph 97.4(1)“a.”

h. The school districts participating in a regional academy shall enter into an agreement on how the funding generated by the supplementary weighting received shall be used and shall submit the agreement, as well as a copy of the minutes of meetings of the local school district boards of directors in which the boards approved the agreement, to the department for approval by October 1 of the year in which the districts intend to request supplementary weighting for the regional academy.

97.4(2) Weighting. Resident students eligible for supplementary weighting pursuant to subrule 97.4(1) shall be eligible for a weighting of one-tenth of the fraction of a school year during which the pupil attends courses at the regional academy in which nonresident students are enrolled pursuant to paragraph 97.4(1)“a.”

97.4(3) Maximum weighting. The maximum amount of additional weighting for which a school district establishing a regional academy shall be eligible is an amount corresponding to 30 full-time-equivalent pupils.

97.4(4) Minimum weighting. The minimum amount of additional weighting for which a school district establishing a regional academy shall be eligible is an amount corresponding to 15 full-time-equivalent pupils if the academy provides both advanced-level courses and career-technical courses.

97.4(5) Additional programs. If all of the criteria in subrule 97.4(1) are met, the regional academy may also include in its curriculum career-technical courses, Internet-based courses and ICN courses.

97.4(6) Career academy. A career academy is not a regional academy for purposes of these rules.

[ARC 8188B, IAB 10/7/09, effective 11/11/09; ARC 0014C, IAB 2/22/12, effective 3/28/12 (See Delay note at end of chapter)]

281—97.5(257) Supplementary weighting plan for whole-grade sharing.

97.5(1) Whole-grade sharing. A school district which participates in a whole-grade sharing arrangement executed pursuant to Iowa Code sections 282.10 to 282.12 and which has adopted a board resolution to study dissolution or has adopted a board resolution jointly with all other affected boards to study reorganization to take effect on or before July 1, 2024, is eligible to assign a weighting of one-tenth of the fraction of the school year during which resident pupils attend classes pursuant to paragraph 97.2(1)“a, ”“b, ”or “c.” A school district participating in a whole-grade sharing arrangement shall be eligible for supplementary weighting under this subrule for a maximum of three years. Receipt of supplementary weighting for the second year and for the third year shall be conditioned upon submission of information resulting from the study to the school budget review committee indicating progress or continued progress toward the objective of dissolution or reorganization on or before July 1, 2024.
97.5(2) *Contiguous districts.* School districts that adopt a board resolution jointly with all other affected boards to study reorganization must be contiguous school districts. If two or more of the affected districts are not contiguous to each other, all districts separating those districts must be a party to the whole-grade sharing arrangement and the board resolution adopted jointly to study reorganization.

97.5(3) *Consecutive years.* A school district that is eligible to add a supplementary weighting for resident students attending classes under a whole-grade sharing arrangement pursuant to subrule 97.5(1) is not required to utilize consecutive years. However, the final year in which a supplementary weighting may be added on October 1 for this purpose shall not be later than the school year that begins July 1, 2023.

97.5(4) *Change in sharing districts.* A school district that is eligible to add a supplementary weighting for resident students attending classes under a whole-grade sharing arrangement pursuant to subrule 97.5(1) may enter into a whole-grade sharing arrangement with one or more different districts for its second or third year of eligible weighting by adopting and filing a new joint board resolution pursuant to this subrule. Establishing a new whole-grade sharing arrangement does not extend the maximum number of years for which a school district is eligible.

97.5(5) *Filing board resolutions.* Each school district that adopts a board resolution to study dissolution or has adopted a board resolution jointly with all other affected boards to study reorganization shall file a copy of the board resolution with the department of education not later than October 1 on which date the district intends to request supplementary weighting for whole-grade sharing.

97.5(6) *Filing progress reports.* Each school district that intends to assign a supplementary weighting to resident students attending class in a whole-grade sharing arrangement in any year following the initial year for which supplementary weighting for whole-grade sharing was approved shall file a report of progress toward reorganization with the school budget review committee, on forms developed by the department of education, no later than August 1 preceding October 1 on which date the district intends to request the second or third year of supplementary weighting for whole-grade sharing.

a. The progress report shall include the following information:

   (1) Names of districts with which the district is studying reorganization.

   (2) Descriptive information on the whole-grade sharing arrangement.

   (3) Information on whether a plan for reorganization has been approved by the AEA and an election date has been set.

b. The report must indicate progress toward a reorganization or dissolution to occur on or before July 1, 2024. The indicators of progress include:

   (1) For the second year of supplementary weighting, establishing a reorganization committee.

   (2) For the third year of supplementary weighting, having an AEA-approved plan for reorganization and a date set for an election on the proposed reorganization.

   c. The school budget review committee shall consider each progress report at its first regular meeting of the fiscal year and shall accept the progress report or shall reject the progress report with comments. The reports will be evaluated on demonstrated progress within the past year toward reorganization or dissolution.

   d. A school district whose progress report is not accepted shall be allowed to submit a revised progress report at the second regular meeting of the school budget review committee. The committee shall accept or reject the revised progress report.

   e. If the school budget review committee rejects the progress report and the district does not submit a revised progress report or if the school budget review committee rejects the revised progress report, the school district shall not be eligible for supplementary weighting for whole-grade sharing but may reapply in a subsequent year.

   f. In the event that an election on reorganization fails to pass after the school budget review committee has approved a district’s application for whole-grade sharing supplementary weighting and prior to January 1 of the year in which the reorganization was to take effect, a district may rescind the request for whole-grade sharing supplementary weighting by submitting a request to the school budget
review committee asking to withdraw the application. The request to withdraw the application must be completed no later than one week prior to the committee’s second regular meeting.

281—97.6(257) Supplementary weighting plan for ICN video services.

97.6(1) Eligibility. Except for students listed under subrule 97.2(6), a resident student is eligible for supplementary weighting if the student is eligible to be counted as a resident student for certified enrollment, is not eligible for supplementary weighting for the same course under another supplementary weighting plan, and meets any of the criteria in paragraph 97.6(1)”a,” “b,” or “c.” For purposes of this subrule, the portion of a course offered via ICN video services shall be considered separately from the portion of the course not offered via ICN video services. Eligible students include:

a. Resident students who receive a virtual class provided by another school district via ICN video services.

b. Resident students who attend a virtual class that the resident district is providing to students in one or more other school districts via ICN video services.

c. Resident students who receive a virtual community college class via ICN video services. The community college class must be a course eligible for supplementary weighting under the criteria listed in subrule 97.2(5).

97.6(2) Weighting. Resident students eligible for supplementary weighting pursuant to subrule 97.6(1) shall be eligible for a weighting of one-twentieth of the fraction of the school year during which the pupil attends the virtual class.

97.6(3) Payment to teachers. A school district that includes students in a virtual class for supplementary weighting shall reserve 50 percent of the supplementary weighting funding the district will receive as a result of including the resident students in the virtual class for supplementary weighting as additional pay for the virtual class teacher.

a. The employer of the virtual class teacher will make the payment.

b. The additional pay includes salary and the employer’s share of FICA and IPERS.

c. The employer shall pay the virtual class teacher during the same school year in which the virtual class is provided.

d. The employer may pay the virtual class teacher at the conclusion of the virtual class or may pay the teacher periodic payments that represent the portion of the virtual class that has been provided. The employer may not pay the teacher prior to services being rendered.

e. The additional pay shall be calculated as 0.5 multiplied by the supplementary weighting for the virtual class multiplied by the district cost per pupil in the subsequent budget year.

f. If the teacher’s contract includes additional pay for teaching the virtual class, the teacher shall receive the higher amount of the additional pay in the contract or the amount of the additional pay calculated pursuant to paragraphs 97.6(3) “b” and “e.” For purposes of this comparison, the employer shall compare the salary portions only.

g. The contract between the agencies shall provide for the additional pay for the teacher of the virtual class. That 50 percent of the supplementary weighting funding would be paid in addition to the tuition sent to the providing district or community college to be paid as additional pay to its teacher employee.

281—97.7(257) Supplementary weighting plan for operational services.

97.7(1) Eligibility. Supplementary weighting is available if all of the following criteria are met:

a. The district shares a discrete operational function with one or more other political subdivisions pursuant to a written contract.

b. The district shares an operational function for at least 20 percent of the contract time period during the fiscal year that is customary for a full-time employee in the operational function for at least 20 percent of the contract time period during the fiscal year. The 20 percent is measured each fiscal year and for each discrete operational function.
c. Personnel shared as part of an operational function are employees of one of the sharing partners but are not employees of more than one of the sharing partners.

d. If the district shares an operational function with more than one political subdivision, the sharing arrangement is listed only once for purposes of supplementary weighting.

e. If the district shares more than one individual in the same operational function, that operational function shall be listed only once for the purposes of supplementary weighting.

f. No individual personnel shall be included for operational function sharing more than once for supplementary weighting in the same fiscal year.

g. If more than one sharing arrangement is implemented in any one operational function area and the services shared are substantially similar as determined by the department of education, only the sharing arrangement implemented first will be eligible for supplementary weighting.

h. The operational function areas shared include one or more of the areas listed in subrule 97.7(2).

97.7(2) Operational function area eligibility. “Operational function sharing” means sharing of managerial personnel in the discrete operational function areas of superintendent management, business management, human resources management, student transportation management, facility operation or maintenance management, curriculum director, master social worker, independent social worker, school counselor, special education director, work-based learning coordinator, or mental health professional if the mental health professional holds a statement of recognition issued by the board of educational examiners. “Operational function sharing” does not mean sharing of clerical personnel or school principals. The operational function sharing arrangement does not need to be a newly implemented sharing arrangement in order to be eligible for supplementary weighting.

a. Superintendent management.

(1) Shared personnel must perform the services of a superintendent, in the case of a school district, or chief administrator, in the case of an area education agency, or executive administrator, in the case of other political subdivisions. An individual performing the function of a superintendent or chief administrator must be properly licensed for that position.

(2) Clerical or other support services personnel in the superintendent function area or executive administrator function area shall not be considered shared superintendent management under this subrule.

(3) Shared superintendent services or executive administrator services shall not include contracting for services from a private provider even if another political subdivision is contracting for services from the same private provider.

b. Business management.

(1) Shared personnel must perform the services of managing the business operations. Managing business operations would include personnel performing the duties of a business manager or school business official, or personnel performing duties including, but not limited to, those listed in Iowa Code chapter 291 for a board secretary or board treasurer.

(2) Services of clerical personnel, school administration managers, superintendents, principals, teachers, board officers except those listed in subparagraph 97.7(2)(b)(1), or any other nonbusiness administration personnel shall not be considered shared business management under this subrule.

(3) Shared business management shall not include contracting for services from a private provider even if another political subdivision is contracting for services from the same private provider.

c. Human resources management.

(1) Shared personnel must perform the services of managing human resources.

(2) Services of clerical personnel, superintendents, principals, curriculum directors, teachers, or board officers shall not be considered shared human resources management under this subrule.

(3) Shared human resources management shall not include contracting for services from a private provider even if another political subdivision is contracting for services from the same private provider.

d. Student transportation management.

(1) Shared personnel shall include transportation directors or supervisors. Shared personnel must perform services related to transportation.
(2) Services of school business officials, business managers, school administration managers, clerical or paraprofessional personnel, school bus mechanics, and school bus drivers shall not be considered shared student transportation management under this subrule.

(3) Shared transportation management shall not include contracting for services from a private provider even if another political subdivision is contracting for services from the same private provider.

   e. Facility operations and maintenance.

(1) Shared personnel shall include facility managers and supervisors of buildings or grounds. Shared personnel must perform services related to facility operations and maintenance.

(2) Services of school business officials, business managers, school administration managers, clerical personnel or custodians shall not be considered shared facility operations and maintenance management for supplementary weighting under this subrule.

(3) Shared facility operations and maintenance management shall not include contracting for services from a private provider even if another political subdivision is contracting for services from the same private provider.

   f. Curriculum director.

(1) Shared personnel must perform the services of a curriculum director.

(2) Technology directors and clerical, paraprofessional, or other support services personnel in the improvement of instruction function area shall not be considered a shared curriculum director under this subrule.

(3) Shared curriculum director services shall not include contracting for services from a private provider even if another political subdivision is contracting for services from the same private provider.

   g. School counselor.

(1) Shared personnel must perform the services of a school counselor. An individual performing the function of a school counselor must be properly licensed for that position.

(2) Deans of students, social workers, or clerical, paraprofessional, or other support services personnel in the guidance services function area shall not be considered a shared school counselor under this subrule.

(3) Shared school counselor services shall not include contracting for services from a private provider even if another political subdivision is contracting for services from the same private provider.

   h. Social worker.

(1) Shared personnel must perform the services of a social worker. An individual performing the function of a school social worker must be properly licensed for that position.

(2) Social workers providing services required to be provided by an area education agency shall not be considered a shared school social worker under this subrule.

(3) Shared school social worker services shall not include contracting for services from a private provider even if another political subdivision is contracting for services from the same private provider.

   i. Special education director.

(1) Shared personnel must perform the services of a special education director. An individual performing the function of a special education director must be properly licensed for that position.

(2) Teachers, superintendents, principals, curriculum directors, or other support services personnel in the improvement of instruction services function area shall not be considered a shared special education director under this subrule.

(3) Shared special education director services shall not include contracting for services from a private provider even if another political subdivision is contracting for services from the same private provider.

   j. Work-based learning coordinator.

(1) Shared personnel must perform the services of a work-based learning coordinator. An individual performing the function of a work-based learning coordinator must be properly trained for that position.

(2) Superintendents, principals, curriculum directors, deans of students, school counselors, or other support services personnel in the guidance services function area shall not be considered a shared work-based learning coordinator under this subrule.
(3) Shared work-based learning coordinator services shall not include contracting for services from a private provider even if another political subdivision is contracting for services from the same private provider.

k. Mental health professional.

(1) Shared personnel must perform the services of a mental health professional. An individual performing the function of a mental health professional must hold a statement of professional recognition issued by the board of educational examiners.

(2) Deans of students, school counselors, or other support services personnel in the guidance services function area shall not be considered a shared mental health professional under this subrule.

(3) Shared mental health professional services shall not include contracting for services from a private provider even if another political subdivision is contracting for services from the same private provider.

97.7(3) Eligibility. The supplementary weighting for eligible shared operational functions may be included beginning on October 1, 2013.

a. Receipt of supplementary weighting shall be conditioned upon the submission of information provided in the format prescribed by the department of education as part of the BEDS fall data collection.

b. The documentation on the BEDS fall data collection shall be filed no later than the published deadline for that data collection.

97.7(4) Contiguous districts. School districts that share operational functions with other school districts are not required to be contiguous school districts. If the districts are not contiguous, the district(s) separating those districts is not required to be a party to the operational sharing arrangement.

97.7(5) Consecutive years. A school district that is eligible to add a supplementary weighting for a shared operational function is not required to utilize consecutive years. However, the final year in which a supplementary weighting may be added on October 1 for this purpose shall not be later than the school year that begins July 1, 2023.

97.7(6) Change in sharing partners. A school district that is eligible to add a supplementary weighting for a shared operational function may enter into an operational function sharing arrangement with one or more different sharing partners.

97.7(7) Change in shared personnel. A school district that is eligible to add a supplementary weighting for a shared operational function may enter into an operational function arrangement for a different individual in a substantially similar position.

97.7(8) Multiple shared operational functions. A school district that implements more than one sharing arrangement within any discrete operational function area shall be eligible for supplementary weighting for only one sharing arrangement in that discrete operational function.

97.7(9) Multiple shared individuals within an operational function. A school district that implements more than one sharing arrangement within any discrete operational function area, as both the contract holder and the purchaser of services, shall not be eligible for supplementary weighting if the sharing arrangements would not have been necessary had the district utilized its own properly licensed and qualified employee(s).

97.7(10) Weighting. A school district that shares an eligible operational function listed in subrule 97.7(2) shall be assigned a supplementary weighting as stipulated in Iowa Code section 257.11(5) “a.” The supplementary weighting shall be assigned to each discrete operational function shared. The department shall reserve the authority to determine if an operational sharing arrangement constitutes a discrete arrangement or qualifying operational sharing arrangement if the circumstances have not been clearly described in the Iowa Code or the Iowa Administrative Code.

a. A school district that shares an operational function in the area of superintendent management shall be assigned a supplementary weighting of eight pupils for the function.

b. A school district that shares an operational function in the area of business management, human resources management, transportation management, or operation and maintenance management shall be assigned a supplementary weighting of five pupils for the function. For the school budget years beginning July 1, 2022; July 1, 2023; and July 1, 2024, the weighting shall be four pupils.
c. A school district that shares the operational functions of a curriculum director, master social worker, independent social worker, school counselor, work-based learning coordinator, special education director, or mental health professional shall be assigned a supplementary weighting of three pupils for the function. For the school budget years beginning July 1, 2022; July 1, 2023; and July 1, 2024, the weighting shall be two pupils.

97.7(11) Sharing arrangement duties. A school district may receive the additional weighting for the sharing of services of an individual with a political subdivision that is not a school corporation even if the type of operational function performed by the individual for the school district and the type of operational function performed by the individual for the political subdivision are not the same operational function, so long as both operational functions are eligible for weighting. In such case, the school district shall be assigned the additional weighting for the type of operational function that the individual performs for the school district, and the school district shall not receive additional weighting for any other function performed by the individual.

97.7(12) Maximum weighting. The maximum amount of additional weighting for which a school district participating in operational function sharing shall be eligible in a budget year is an amount corresponding to 21 full-time equivalent pupils. The maximum additional weighting applies to the total of all operational function sharing rather than to each discrete operational function. Each eligible discrete operational function sharing arrangement shall be included in the total of all operational function sharing. If the district’s total of all discrete operational function sharing exceeds 21 full-time equivalent pupils, the department shall make a reduction in the total rather than separately adjusting the discrete operational function sharing that made up the total.

97.7(13) Uses of funding. Additional funds provided through supplementary weighting for operational function sharing shall be used to increase student opportunities.

97.7(14) Area education agency maximum funding. The provisions of rule 281—97.7(257) also apply to an area education agency except for pupil counts for operational function sharing and maximum weightings.

a. An area education agency shall be eligible for a minimum amount of additional funding of $30,000 in a budget year for the total of all operational function sharing arrangements.

b. An area education agency shall be eligible for a maximum amount of additional funding of $200,000 in a budget year for the total of all operational function sharing arrangements.

c. The department of management shall annually set a weighting for each area education agency to generate the approved operational function sharing dollars using each area education agency’s special education cost-per-pupil amount and foundation level.

281—97.8(261E) Concurrent enrollment program contracts between accredited nonpublic schools and community colleges. For the purpose of determining funding to the community college, subject to an appropriation to the department for this purpose, a student enrolled in a unit of concurrent enrollment coursework offered through a contract by an accredited nonpublic school with an Iowa community college pursuant to Iowa Code section 261E.8(2) shall be counted as if the student were assigned a weighting as described in subrule 97.2(5).

97.8(1) Eligibility. All of the following conditions must be met for any Iowa resident accredited nonpublic school student attending a community college-offered course offered through a contract with an accredited nonpublic school to be eligible for funding under Iowa Code section 261E.8(2).

a. The course must supplement, not supplant, high school courses.

(1) For purposes of these rules, to comply with the “supplement, not supplant” requirement, the content of a course provided to a high school student for postsecondary credit shall not consist of substantially the same concepts and skills as the content of a course provided by the accredited nonpublic school.

(2) The course must not be used by the accredited nonpublic school in order to meet the minimum accreditation standards in Iowa Code section 256.11(5)“b,” “c,” “f,” “g,” “i,” and “j.”
(3) A nonpublic school accredited under the standards required pursuant to Iowa Code section 256.11 with a total basic educational data survey enrollment in grades 9 through 12 of not more than 200 that contracts with a community college to provide one unit of science required in Iowa Code section 256.11(5)“a” or one unit of mathematics required in Iowa Code section 256.11(5)“d” or “e” and any of the five units of career and technical education required in Iowa Code section 256.11B may request weighting for any community college course if the accredited nonpublic school’s course enrollment exceeds five.

b. The course must be included in the community college catalog or an amendment or addendum to the catalog.

c. The course must be open to all registered community college students, not just high school students.

d. The course must be for college credit, and the credit must apply toward an associate of arts or associate of science degree, or toward an associate of applied arts or associate of applied science degree, or toward completion of a college diploma program.

e. The course must be taught by an instructor employed by or under contract with the community college who meets the requirements of Iowa Code section 261E.3(2).

f. The course must be taught utilizing the community college course syllabus.

g. The course must be taught in such a manner as to result in student work and student assessment which meet college-level expectations.

h. The course must not have been determined as failing to meet the standards established by the postsecondary course audit committee.

97.8(2) Reporting and billing. An accredited nonpublic school that enters into a contract for concurrent enrollment courses shall submit student and course information as determined by and according to the timeline established by the department of education. The community college and accredited nonpublic school shall verify the submitted information by semesters or the equivalent. Projected supplementary weighting calculations will be available midyear, but payments to community colleges will not be disbursed until final costs are known at the end of the school year. Community colleges will not bill the accredited nonpublic school until all calculations of supplementary weighting for accredited nonpublic schools are completed.

CHAPTER 98
FINANCIAL MANAGEMENT OF CATEGORICAL FUNDING

DIVISION I
GENERAL PROVISIONS

281—98.1(256,257) Definitions. For the purposes of this chapter, the following definitions apply:

“Budgetary allocation” means the portion of the funding that is specifically earmarked for a particular purpose or designated program and that, in the case of the general fund, has been rolled into, or added to, the school district cost per pupil or school district regular program cost. Budgetary allocations may include both state aid and property tax. Budgetary allocations increase budget authority on the first day of the fiscal year for which the allocation has been certified or on the date that the school budget review committee approves the modified supplemental amount for a specific purpose or program; the budget authority remains even if the full amount of revenue is not received or if the local board does not levy a cash reserve. There is no assumption that a school district or area education agency will receive the same amount of revenue as it has received in budget authority due to delinquent property taxes, cuts in state aid, or legislative decisions to fund other instructional programs off the top of state aid. The school district or area education agency must expend the full amount of budget authority for the specific purposes for which it was earmarked. When the school district or state cost per pupil is transferred from one school district to another school district in the form of tuition as required by the Iowa Code, any budgetary allocation that is included in the school district or state cost per pupil shall be considered transferred to the receiving school district and shall be expended for the specific purpose for which it was earmarked.

“Categorical funding” means financial support from state and federal governments that is targeted for particular categories of students, special programs, or special purposes. This support is in addition to school district or area education agency general purpose revenue, is beyond the basic educational program, and most often has restrictions on its use. Where categorical funding requires a local match, that local match also is considered to be categorical funding. Categorical funding includes both grants in aid and budgetary allocations. Although grants in aid and budgetary allocations are both categorical funding, they are defined separately to distinguish unique characteristics of each type of categorical funding.

“Community education” means a life-long education process concerning itself with every facet that affects the well-being of all citizens within a given community. It extends the role of the school from one of teaching children through an elementary and secondary program to one of providing for citizen participation in identifying the wants, needs, and concerns of the neighborhood community and coordinating all educational, recreational, and cultural opportunities within the community with community education being the catalyst for providing for citizen participation in the development and implementation of programs toward the goal of improving the entire community.

Community education energizes people to strive for the achievement of determined goals and stimulates capable persons to assume leadership responsibilities. It welcomes and works with all groups, it draws no lines. It is the one institution in the entire community that has the opportunity to reach all people and groups and to gain their cooperation.

“Grants in aid” means financial support, usually from state or federal appropriations, that is either allocated to the school district or area education agency or for which a school district or area education agency applies. This support is paid separately from state foundation aid. In the general fund, grants in aid become miscellaneous income and increase budget authority when the support is received as revenue.

“Supplement, not supplant” means that the categorical funding shall be in addition to general purpose revenues; that categorical funding shall not be used to provide services required by federal or state law, administrative rule, or local policy; and that general purpose revenues shall not be diverted for other purposes because of the availability of categorical funding. Supplanting is presumed to have occurred if the school district or area education agency uses categorical funding to provide services that it was required to make available under other categorical funding or law, or uses categorical funding to provide
services that it provided in prior years from general purpose revenues, or uses categorical funding to provide services to a particular group of children or programs for which it uses general purpose revenues to provide the same or similar services to other groups of children or programs. These presumptions are rebuttable if the school district or area education agency can demonstrate that it would not have provided the services in question with general purpose revenues if the categorical funding had not been available. “Technology” means hardware, noninstructional software and software required to provide functionality to the hardware, wireless presenters, networking and connectivity systems, computing storage, website development services, hardware carrying equipment, licensing, and technical assistance for installation of hardware, software, or software updates. Technology does not include such items as instructional software or textbook substitutes as defined in Iowa Code chapter 301, professional development, staff providing support to teachers or students, general supplies, district personnel or individuals/companies hired or contracted in lieu of district personnel, travel, printing costs or media services not listed in this definition, insurance, most purchased services, or similar district functions. Maintenance contracts do not meet the definition of “technology” unless they are actually a license renewal fee; Internet subscriptions, licenses, or fees; cable or satellite services; or very similar services.

[ARC 8054B, IAB 8/26/09, effective 9/30/09; ARC 9267B, IAB 12/15/10, effective 1/19/11; ARC 1967C, IAB 4/15/15, effective 5/20/15]

281—98.2(256,257) General finance. The categorical funding provided for various purposes to school districts and area education agencies includes general financial characteristics that are detailed in the following subrules.

98.2(1) Indirect cost recovery. Categorical funding provided by the state to school districts or area education agencies is not eligible for indirect cost recovery unless the Iowa Code section authorizing the funding or allocation expressly states that indirect cost recovery is permitted from that source. If the Iowa Code permits indirect cost recovery, the school district or area education agency shall utilize its restricted indirect cost rate developed by the department for federal programs from data submitted by the school district or area education agency on its certified annual report.

98.2(2) Restriction on supplanting. Categorical funding shall supplement, but shall not supplant, expenditures in the appropriate fund into which the categorical funding is deposited and accounted for, unless the Iowa Code section authorizing the funding or allocation expressly states that supplanting is permitted from that source.

98.2(3) Mandatory carryforward. Notwithstanding the flexibility account as described in rule 281—98.27(257,298A), any portion of categorical funding provided by the state that is not expended by the end of the fiscal year in which it was received by or for which it was allocated to the school district or area education agency shall be carried forward as a reserved fund balance and added to the subsequent year’s budget for that purpose. The funding can only be expended for the purposes permitted for that categorical funding. Where a local match is required for categorical funding, the amount unexpended at the end of the fiscal year that is carried forward shall not be used as part of the required local match.

98.2(4) Discontinued funding. In the event that a categorical funding source is discontinued and an unexpended balance remains, the school district or area education agency may do one of, or a combination of, the following:

a. Carry forward the unexpended balance and expend the remaining balance within the subsequent 24 months for the purposes which were allowed in the final year that the funding was allocated or granted prior to discontinuation unless a rule in this chapter provides for a longer period. This option does not apply to market factor incentive pay funding, which may be carried forward until expended, but any expenditures from the market factor incentive pay funding must be appropriate under Iowa Code section 284.11 (2007 Iowa Code and 2007 Iowa Code Supplement).

b. Transfer the unexpended balance to the flexibility account as described in rule 281—98.27(257,298A).

98.2(5) Expenditures. Expenditures from categorical funding shall be limited to direct costs of providing the program or service for which the funding was intended. Expenditures shall not include costs that are allocated costs or that are considered indirect costs or overhead. Expenditures for
the functions of administration, business and central services, operation and maintenance of plant, transportation, enterprise and community service operations, facility acquisition and construction, or debt service generally are not allowed from categorical funding unless expressly allowed by the Iowa Code or if the expenditure represents a direct, allowable cost. In order for costs of administration, business and central services, operation and maintenance of plant, transportation, or enterprise and community service operations to be considered direct costs, the costs must be necessary because of something that is unique to the program that is causing the need for the service, not otherwise needed or not otherwise provided to similar programs; the costs must be in addition to those which are normally incurred; and the costs must be measurable directly without allocating. Where a local match is required for categorical funding, that local match requirement shall not be met by the use of other categorical funding except where expressly allowed by the Iowa Code. Expenditures shall not include reimbursing the school district or area education agency for expenditures it paid in a previous year in excess of the funding available for that year.

98.2(6) Restriction on duplication. The school district or area education agency shall not charge the same cost to more than one funding source.

98.2(7) Excess expenditures. The school district or area education agency shall not charge to categorical funding more expenditures than the total of the current year’s funding or allocation, plus any carryforward balance from the previous year, plus any moneys designated from the flexibility account as described in rule 281—98.27(257,298A).

98.2(8) Commingling prohibited. Categorical funding shall not be commingled with other funding. All categorical funding shall be accounted for separately from other funding. School districts and area education agencies shall use a project code and program code as defined by Uniform Financial Accounting for Iowa School Districts and Area Education Agencies, as appropriate or required.

281—98.3 to 98.10 Reserved.

DIVISION II
APPROPRIATE USE OF BUDGETARY ALLOCATIONS

281—98.11(257) Categorical and noncategorical student counts. The certified enrollment data collection includes both student counts related to budgetary allocations for the subsequent budget year that are provided for the purpose of offering a program that is in addition to the basic educational program for a specific category of students and student counts that are general in nature and can be used for any legal general fund purpose. Student counts that are general in nature are used to generate funding through the school aid foundation formula and are not intended to fund a specific program or a specific category of students. General student counts include the basic enrollment of full-time resident students.

Counts for part-time nonpublic students participating in public school classes pursuant to Iowa Code section 257.6(3) and counts for part-time dual enrolled competent private instruction students in grades 9 through 12 are the full-time equivalent enrollment of a regularly enrolled student. Counts for dual enrolled competent private instruction students in grades lower than grade 9 are the legislatively set equivalent of a regularly enrolled full-time student. Counts for part-time nonpublic students and for part-time dual enrolled competent private instruction students in grades 9 through 12 who participate in the postsecondary enrollment option Act classes are the full-time equivalent of a regularly enrolled student based on cost. Because these counts are the full-time equivalent of a regularly enrolled student, and are not in addition to the full-time equivalent, the funding generated within the school aid foundation formula based on these counts is considered general in nature.

Student counts related to categorical budgetary allocations are those that generate funding intended to be used for only that specific category of students being counted or for the specific program for which the additional counts are authorized in the Iowa Code.

[ARC 8054B, IAB 8/26/09, effective 9/30/09]
281—98.12(257,299A) Home school assistance program. The home school assistance program (HSAP) is a program for a specific category of students and is provided outside the basic educational program provided to regularly enrolled students by the school district. If a district offers a home school assistance program, the state foundation aid that the district receives pursuant to Iowa Code section 257.6(1) “a”(5), and any amount designated for this purpose from the flexibility account as described in rule 281—98.27(257,298A), shall be expended for purposes of providing the home school assistance program. However, a district may use items and materials purchased for the home school assistance program for other purposes so long as this use does not prevent or interfere with the item’s or material’s use by parents or students utilizing the program.

98.12(1) Appropriate uses of categorical funding. Appropriate uses of the home school assistance program funding include, but are not limited to, the following:
   a. Instruction for students and assistance for parents with instruction.
   b. Services to support students enrolled in a home school assistance program, to support the teaching parents of the students, and to support home school assistance program staff.
   c. Salary and benefits for the supervising teacher of the home school assistance program. If the teacher is a part-time home school assistance program teacher and a part-time regular classroom teacher, then the portion of time that is related to providing the home school assistance program can be charged to the program, but the regular classroom portion cannot.
   d. Salary and benefits for clerical and office staff of the home school assistance program. If the staff member’s employment supports other programs of the school district, only that portion of the staff member’s salary and benefits that is related to providing the home school assistance program can be charged to the program.
   e. Staff development for the home school assistance program teacher.
   f. Travel for the home school assistance program teacher.
   g. Resources, materials, computer software, supplies, equipment, and purchased services (1) that are necessary to provide the services of home school assistance and (2) that will remain with the school district for its home school assistance program.
   h. A copier and computer hardware that support the home school assistance program.
   i. Student transportation exclusively for home school assistance program-approved field trips or other educational activities.

98.12(2) Inappropriate uses of categorical funding. Inappropriate uses of the home school assistance program funding include, but are not limited to, indirect costs or use charges; operational or maintenance costs other than those necessary to operate and maintain the program; capital expenditures other than equipment or the lease or rental of space to supplement existing schoolhouse facilities for the program; student transportation except in cases of home school assistance program-approved field trips or other educational activities; administrative costs other than the costs necessary to administer the program; concurrent and dual enrollment costs, including postsecondary enrollment options program costs; or any other expenditures not directly related to providing the home school assistance program. A home school assistance program shall not provide moneys or resources paid for with this program funding to parents or students utilizing the program. For capital expenditures for lease or rental of classrooms or facilities for this program, the cost will be expended from a capital projects fund. A reimbursement for that cost related to the program will be an interfund transfer to the capital project fund from the program funding.

98.12(3) Flexibility account. All or a portion of the amount remaining unexpended and unobligated at the end of a budget year beginning on or after July 1, 2017, may be transferred for deposit into the flexibility account established under Iowa Code section 298A.2, provided all statutory requirements of the home school assistance program have been met, including funding all requests for services and materials from parents or guardians of students eligible to access the program.

281—98.13(256C,257) Statewide voluntary four-year-old preschool program. The statewide voluntary four-year-old preschool program is a program for a specific category of students. Funding for the program is for the purpose of providing a high-quality early learning environment for four-year-old children whose families choose to access such programs.

98.13(1) Appropriate uses of categorical funding. Foundation aid funding provided for the program may be used by approved local programs and community providers for any purpose designated by the board of directors of the school district to meet standards for high-quality preschool instruction and for purposes that directly or indirectly benefit students enrolled in the approved local program. These purposes include, but are not limited to, the following:

a. Functions of instruction, including instructional equipment and supplies and material and equipment designed to develop students’ large and small motor skills.

b. Functions of student support services, including translation services.

c. Functions of staff support services, including professional development for preschool teachers.

d. Up to 5 percent of the allocation can be used for actual documented costs of program administration, outreach activities, and rent for facilities not owned by the school district.

e. Food and beverages used by enrolled students.

f. Safety equipment.

g. Playground equipment and repair costs.

h. Costs of transportation involving children participating in the approved program. The costs of transporting other children associated with the preschool program or transporting as provided in Iowa Code section 256C.3(3) “h” may be prorated by the school district.

i. Other direct costs that enhance the approved local program, including contracting with community providers for such services.

j. Costs of attendance for a child who is younger or older than four years old and is enrolled in the program may be paid from these funds, or from another school district account or fund from which preschool program expenditures are authorized by law, if space and funding are available; however, the child shall not be counted for statewide voluntary preschool program funding purposes.

98.13(2) Pass-through funding to community-based providers. The school district shall pass through to a community-based provider for each eligible pupil enrolled in the district’s approved local program not less than 95 percent of the per-pupil amount.

a. The community-based provider may use up to 10 percent of the 95 percent portion for documented allowable administrative and operational costs of providing the district’s approved local program. The costs of outreach activities, rent for facilities not owned by the school district, and transportation for children participating in the preschool program are also permissive costs allowed as part of the 10 percent under this paragraph.

b. Any portion of the 95 percent not documented as expended for direct instruction or administrative and operational costs as allowed by this rule shall be refunded to the district annually on or before July 1.

c. Any portion refunded to the district shall be added to the total amount available for the district’s approved local program for the subsequent school year, excluding the portion of such unexpended and unobligated funding that the school district authorizes to be transferred to the district’s flexibility account described in rule 281—98.27(257,298A).

98.13(3) Inappropriate uses of categorical funding. Inappropriate uses of the statewide voluntary four-year-old preschool program funding include, but are not limited to, indirect costs or use charges, capital expenditures other than equipment, facility acquisition not expressly allowed by the Iowa Code, construction, debt service, operational or maintenance costs or administrative costs that supplant or that exceed 5 percent, or any other expenditures not directly related to providing the statewide voluntary four-year-old preschool program or that supplant existing public funding for preschool programming.

98.13(4) Flexibility account. All or a portion of the amount remaining unexpended and unobligated at the end of a budget year beginning on or after July 1, 2017, may be transferred for deposit into the flexibility account established under Iowa Code section 298A.2 and described in rule
281—98.27(257,298A), provided the board of directors of the school district has determined all statutory requirements for the use of such funding have been met.

In order to transfer funds to the flexibility account, the district must have provided preschool programming during the fiscal year for which funding remained unexpended and unobligated to all eligible students for whom a timely application for enrollment was submitted.

281—98.14(257) Supplementary weighting. Supplementary weighting provides funding in addition to the student count that generates general purpose revenues and is for the purpose of incenting sharing of students and staff between school districts and providing postsecondary opportunities for qualified students. It is assumed that supplementary weighting covers only a portion of the costs of sharing or providing postsecondary opportunities and shall be fully expended within the fiscal year. Therefore, school districts are not required to account for the supplementary weighting funding separate from the general purpose revenues.

281—98.15(257) Operational function sharing supplementary weighting. Operational function sharing supplementary weighting provides funding in addition to the student count that generates general purpose revenues and is for the purpose of incenting sharing of management-level staff. It is assumed that operational function sharing supplementary weighting covers only a portion of the costs of sharing management-level staff, a curriculum director, a school guidance or licensed mental health counselor, or a licensed independent social worker and shall be fully expended within the period of sharing. Therefore, school districts are not required to account for the operational function sharing supplementary weighting funding separate from the general purpose revenues.

281—98.16(257,280) Limited English proficiency (LEP) weighting. Limited English proficiency weighting provides funding in addition to the student count that generates general purpose revenues and is for the purpose of providing funding for the excess costs of instruction of limited English proficiency students above the costs of instruction of pupils in a regular curriculum. In addition, the school budget review committee may grant a modified supplemental amount to continue funding of the excess costs beyond the five years of weighting. Funding for the limited English proficiency weighting and the modified supplemental amount for limited English proficiency programs are both categorical funding and may have different restrictions than the federal limited English proficiency funding.

98.16(1) Appropriate uses of categorical funding. Appropriate uses of funding for the limited English proficiency program are those that are direct costs of providing instruction which supplement, but do not supplant, the costs of the regular curriculum. These expenditures include, but are not limited to, salaries and benefits of teachers and paraeducators; instructional supplies, textbooks, and technology; classroom interpreters; support services to students served in limited English proficiency programs above the services provided to pupils in regular programs; support services to instructional staff such as targeted professional development, curriculum development or academic student assessment; and support services provided to parents of limited English proficiency students and community services specific to limited English proficiency.

98.16(2) Inappropriate uses of categorical funding. Inappropriate uses of funding for the limited English proficiency program include, but are not limited to, indirect costs, operational or maintenance costs, capital expenditures other than equipment, student transportation, administrative costs, or any other expenditures not directly related to providing the limited English proficiency program beyond the scope of the regular classroom.

281—98.17(256B,257) Special education weighting. Special education weighting provides funding in addition to the student count that generates general purpose revenues for the purpose of providing additional instruction and services to an identified group of students.

281—98.18(257) At-risk program, alternative program or alternative school, and potential or returning dropout prevention program formula supplementary weighting. Formula supplementary weighting provides funding in addition to the student count that generates general purpose revenues for the purpose of providing additional instruction and services to students identified as at risk, potential or returning dropouts, and secondary students attending an alternative program or alternative school pursuant to Iowa Code section 257.11(4)“a.”  

98.18(1) Appropriate uses of categorical funding. Appropriate uses of at-risk formula supplementary weighting funding include costs to develop or maintain programs for at-risk pupils, alternative programs and alternative schools for secondary students, and returning dropout and dropout prevention programs. Appropriate uses include those identified in subrule 98.21(2).  

98.18(2) Inappropriate uses of categorical funding. Inappropriate uses of at-risk formula supplementary weighting program funding include those identified in subrule 98.21(3).

281—98.19(257) Reorganization incentive weighting. Reorganization incentive weighting provides funding in addition to the student count that generates general purpose revenues and is for the purpose of incenting reorganization of school districts to increase student learning opportunities. It is assumed that reorganization incentive weighting covers only a portion of the costs of reorganizing and shall be fully expended within the fiscal year. Therefore, school districts are not required to account for the reorganization incentive weighting funding separate from the general purpose revenues.  
[ARC 8054B, IAB 8/26/09, effective 9/30/09]

281—98.20(257) Gifted and talented program. Gifted and talented program funding is included in the school district cost per pupil calculated for each school district under the school foundation formula. The per-pupil amount increases each year by the supplemental state aid percentage. This amount must account for not more than 75 percent of the school district’s total gifted and talented program budget. The school district must also provide a local match from the school district’s regular program district cost, and the local match portion must be a minimum of 25 percent of the total gifted and talented program budget. In addition, school districts may receive donations and grants, and the school district may contribute more local school district resources toward the gifted and talented program. The 75 percent portion, the local match, amounts designated from the flexibility account as described in rule 281—98.27(257,298A), and all donations and grants shall be accounted for as categorical funding.  
The purpose of the gifted and talented funding described in Iowa Code section 257.46 is to provide for identified gifted students’ needs beyond those provided by the regular school program pursuant to each gifted student’s individualized plan. The funding shall be used only for expenditures that are directly related to providing the gifted and talented program.  

98.20(1) Appropriate uses of categorical funding. Appropriate uses of the gifted and talented program funding include, but are not limited to:  

a. Salary and benefits for the teacher of gifted and talented students. If the teacher is a part-time gifted and talented and a part-time regular classroom teacher, then the portion of time that is related to the gifted and talented program may be charged to the program, but the portion of time that is related to the regular classroom shall not.  
b. Staff development for the gifted and talented teacher.  
c. Resources, materials, software, supplies, equipment, and purchased services that meet all of the following criteria:  
   (1) Meet the needs of K through 12 identified students,  
   (2) Are beyond those provided by the regular school program,
(3) Are necessary to provide the services listed on the gifted students’ individualized plans, and
(4) Will remain with the K through 12 gifted and talented program.
   d. Student transportation exclusively for approved gifted and talented program field trips or other
   educational activities.

98.20(2) Inappropriate uses of categorical funding. Inappropriate uses of the gifted and talented
program funding include, but are not limited to, indirect costs or use charges, operational or maintenance
costs, capital expenditures other than equipment, student transportation other than field trips exclusive to
this program, administrative costs, or any other expenditures not directly related to providing the gifted
and talented program beyond the scope of the regular classroom.

3/21/18]

281—98.21(257) At-risk program, alternative program or alternative school, and potential or
returning dropout prevention program—modified supplemental amount. A modified supplemental
amount is available through a school district-initiated request to the school budget review committee
pursuant to Iowa Code sections 257.38 through 257.41. This amount must account for no more than
75 percent of the school district’s total at-risk program, alternative program or alternative school, and
potential or returning dropout budget. The school district must also provide a local match from the
school district’s regular program district cost, and the local match portion must be a minimum of 25
percent of the total program budget. In addition, school districts may receive donations and grants,
and the school district may contribute more local school district resources toward the program. The
75 percent portion, local match, previous year carryforward, amounts designated from the flexibility
account as described in rule 281—98.27(257,298A), and all donations and grants shall be accounted
for as categorical funding.

98.21(1) Purpose of categorical funding. The purpose of the modified supplemental amount is to
provide funding to meet the needs of identified students for costs in excess of the amount received under
rule 281—98.18(257) pursuant to Iowa Code section 257.11(4). The funding shall be used only for
expenditures that are directly related to the district’s board-adopted program plan established pursuant
to Iowa Code sections 257.38 through 257.41.
   a. Returning dropouts are resident pupils who have been enrolled in a school district in any of
   grades 7 through 12 who withdrew from school for a reason other than transfer to another school
   or school district and who subsequently reenrolled in a public school in the school district.
   b. Potential dropouts are resident pupils who are enrolled in a school district who demonstrate
   poor school adjustment as indicated by two or more of the following:
      (1) High rate of absenteeism, truancy, or frequent tardiness.
      (2) Limited or no extracurricular participation or lack of identification with school, including but
      not limited to expressed feelings of not belonging.
      (3) Poor grades, including but not limited to failing in one or more school subjects or grade levels.
      (4) Low achievement scores in reading or mathematics which reflect achievement at two years or
      more below grade level.
      (5) Children in grades kindergarten through 3 who meet the definition of at-risk children adopted
      by the department of education.

98.21(2) Appropriate uses of categorical funding. Appropriate uses of the funding for a
board-adopted program include, but are not limited to:
   a. Salary and benefits for staff, including but not limited to instructional staff, instructional
   support staff, administrative staff, and guidance counselors; salary and benefits or contract payments
   for psychologists licensed under Iowa Code chapter 154B, licensed independent social workers or master
   social workers under Iowa Code chapter 154C, licensed mental health counselors under Iowa Code
   chapter 154D; and salaries and benefits for school-based youth services staff dedicated to providing
   services directly and exclusively to the identified students participating in the adopted program beyond
   the services provided by the school district to students who are not identified as at risk or as potential
   or returning dropouts. However, if the staff person works part-time or on a contract basis with students
who are participating in the approved program and has another unrelated staff assignment, only the portion of the person’s time that is related to the program or with such students may be charged to the program funding. The school district shall have the authority to designate in its adopted program plan the portion of the person’s time and related salary and benefits or contract payment amount dedicated to this purpose.

For purposes of this paragraph, an alternative setting may be necessary to provide for a program which is offered at a location off school grounds and which is intended to serve student needs by improving relationships and connections to school, decreasing truancy and tardiness, providing opportunities for course credit recovery, or helping students identified as at risk to accelerate through multiple grade levels of achievement within a shortened time frame.

b. Professional development for all staff identified in paragraph 98.21(2) “a” working with identified students under an adopted program.

c. Research-based resources, materials, software, supplies, equipment, and purchased services that meet all of the following criteria:
   (1) Meet the needs of K through grade 12 identified students,
   (2) Are beyond those provided by the regular school program,
   (3) Are necessary to provide the services listed in the school district’s adopted at-risk or returning dropout and dropout prevention program plan, and
   (4) Will remain with the K through grade 12 at-risk program, alternative program or alternative school, or returning dropout and dropout prevention program.

d. Transportation provided by the school district exclusively to transport identified students to an alternative school or alternative program outside a student’s regular attendance center, located in and provided by another Iowa school district, or an extended school year program.

e. The portion of the maximum tuition allowed by Iowa Code section 282.24 that corresponds to the portion exclusively providing direct additional instruction and services to an identified group of students above the costs of instruction of pupils in a regular curriculum.

f. Instructional costs necessary to address the behavior of a child during instructional time when those services are not otherwise provided to students who do not require special education and when the costs exceed the costs of instruction of pupils in a regular curriculum, the costs exceed the maximum tuition rate prescribed in Iowa Code section 282.24, the child has not been placed in a facility operated by the state, and all of the following apply:
   (1) The child does not require special education.
   (2) The child is not placed by the department of human services or a court in a residential or day treatment program where the treatment necessary to address the student’s behavior was included in the contract with the placement agency.
   (3) The child is not placed in a hospital unit, health care facility, psychiatric medical institution for children or other treatment facility where the cost of treatment necessary to address the student’s behavior is covered by insurance or Medicaid.
   (4) The board of directors of the district of residence has determined that the child is likely to inflict self-harm or likely to harm another student.

g. Costs incurred for a program intended to address high rates of absenteeism, truancy, or frequent tardiness.

h. Amounts that a school district receives as formula supplementary weighting pursuant to Iowa Code section 257.11(4) “a” or as a modified supplemental amount received under Iowa Code section 257.41 may be used in the budget year for purposes of providing districtwide, buildingwide, or grade-specific at-risk and dropout prevention programming targeted to nonidentified students.

i. School security personnel costs.

j. Any purpose determined by the board of directors that directly benefits students participating in the adopted program.

98.21(3) Inappropriate uses of categorical funding. Inappropriate uses of the modified supplemental amount program funding include, but are not limited to, indirect costs or use charges, operational or maintenance costs, capital expenditures other than equipment, expenses related to the routine duties and
activities performed by a staff member under paragraph 98.21(2) “a” with identified students that are also provided to all students, or any other expenditures not directly related to providing the board-adopted program beyond the scope of the regular classroom.

281—98.22(257) Use of the unexpended general fund balance. The unexpended general fund balance refers to the fund balance remaining in the general fund at the end of the fiscal year.

98.22(1) Authorization required. The school budget review committee may authorize a school district to spend a reasonable and specified amount from its unexpended general fund balance for either of the following purposes:

a. Furnishing, equipping, and contributing to the construction of a new building or structure for which the voters of the school district have approved a bond issue as provided by law or the tax levy provided in Iowa Code section 298.2.

b. The costs associated with the demolition of an unused school building, or the conversion of an unused school building for community use, in a school district involved in a dissolution or reorganization under Iowa Code chapter 275, if the costs are incurred within three years of the dissolution or reorganization.

98.22(2) Appropriate uses of categorical funding. Appropriate uses of the unexpended general fund balance include a transfer from the general fund to the capital projects fund in the amount approved by the school budget review committee. The moneys in the capital projects fund shall be used exclusively for furnishing, equipping or constructing a new building or for demolishing an unused building.

98.22(3) Inappropriate uses of categorical funding. Inappropriate uses of the unexpended general fund balance include, but are not limited to, expenditures for salaries or recurring costs.

98.22(4) Mandatory reversion of unused funding. The portion of the unexpended general fund balance which is authorized to be transferred and expended shall increase budget authority. However, any part of the amount not actually spent for the authorized purpose shall revert to its former status as part of the unexpended general fund balance, and budget authority will be reduced by the amount not actually spent.

281—98.23(257) Early intervention supplement.

98.23(1) Appropriate uses of categorical funding. Appropriate uses of the early intervention-supplement funding include any general fund-appropriate use described in rule 281—98.61(24,143,257,275,279,280,285,297,298,298A,301,473,670).

98.23(2) Inappropriate uses of categorical funding. Inappropriate uses of the early intervention-supplement funding include those which are inappropriate to the general fund as described in rule 281—98.61(24,143,257,275,279,280,285,297,298,298A,301,473,670).

98.23(3) Deference. Deference shall be given to the decisions of school districts’ boards of directors in accordance with Iowa Code section 257.10.

This rule is intended to implement Iowa Code section 257.9(8).

[ARC 8054B, IAB 8/26/09, effective 9/30/09; ARC 9267B, IAB 12/15/10, effective 1/19/11; ARC 1967C, IAB 4/15/15, effective 5/20/15; ARC 3632C, IAB 2/14/18, effective 3/21/18; ARC 4298C, IAB 2/13/19, effective 3/20/19]

281—98.24(257,284) Teacher salary supplement. A teacher may be employed in both an administrative and a nonadministrative position by a board of directors of a school district and shall be considered a part-time teacher for the portion of time that the teacher is employed in a nonadministrative position.

98.24(1) Appropriate use of categorical funding. Appropriate use of the teacher salary supplement funding is limited to additional salary for teachers, including amounts necessary for the district to comply with statutory teacher salary minimums; the amount required to pay the employers’ share of the federal social security and Iowa public employees’ retirement system, or a pension and annuity retirement system established under Iowa Code chapter 294; and payments to another school district
or districts as negotiated in a whole grade sharing agreement pursuant to Iowa Code section 282.10, subsection 4. Teacher salary supplement funding shall be fully expended in the fiscal year for which it is allocated; however, in the event that a small amount is remaining and it would not be cost-effective to reallocate the remainder to teachers in the fiscal year, the school district or area education agency shall carry forward the remainder and add it to the amount to be allocated to teachers in the subsequent fiscal year.

98.24(2) Inappropriate uses of categorical funding. Inappropriate uses of the teacher salary supplement funding include any expenditures other than the appropriate use described in subrule 98.24(1) hereof.

98.24(3) Deference. Deference shall be given to the decisions of school districts’ boards of directors in accordance with Iowa Code section 257.10.

281—98.25(257,284) Teacher leadership supplement. The purpose of the teacher leadership supplement is to improve instruction and elevate the quality of teaching and student learning.

98.25(1) Appropriate uses of categorical funding. Appropriate uses of teacher leadership supplement funding shall be used only to increase the payment for a teacher assigned to a leadership role pursuant to a framework or comparable system approved pursuant to Iowa Code section 284.15; to increase the percentages of teachers assigned to leadership roles; to increase the minimum teacher starting salary to $33,500; to cover the costs for the time mentor and lead teachers are not providing instruction to students in a classroom; for coverage of a classroom when an initial or career teacher is observing or co-teaching with a teacher assigned to a leadership role; for professional development time to learn best practices associated with the career pathways leadership process; and for other costs associated with a framework or comparable system approved by the department of education under Iowa Code section 284.15 with the goals of improving instruction and elevating the quality of teaching and student learning. “Payment for a teacher” as used in this rule means additional salary for teachers and the amount required to pay the employer’s share of the federal social security and Iowa public employees’ retirement system, or a pension and annuity retirement system established under Iowa Code chapter 294. Appropriate uses also include payments to another school district or districts as negotiated in a whole grade sharing agreement pursuant to Iowa Code section 282.10(4) and payment to another school district receiving an open enrolled student pursuant to Iowa Code section 282.18.

98.25(2) Inappropriate uses of categorical funding. Inappropriate uses of teacher leadership supplement funding shall include any expenditures other than the appropriate uses described in subrule 98.25(1).

98.25(3) Flexibility account. All or a portion of the amount remaining unexpended and unobligated at the end of a budget year beginning on or after July 1, 2020, may be transferred for deposit into the flexibility account established under Iowa Code section 298A.2, provided all statutory requirements of the teacher leadership program have been met.

281—98.26(257,284) Educator quality professional development, also known as professional development supplement. The purpose of the funding is to implement the professional development provisions of the teacher career paths and leadership roles specified in Iowa Code section 284.15.

98.26(1) Appropriate uses of categorical funding. Appropriate uses of the educator quality professional development funding, and any amount designated for professional development purposes from the flexibility account as described in rule 281—98.27(257,298A), are limited to providing professional development to teachers, including additional salaries for time beyond the normal negotiated agreement; activities and pay to support a beginning teacher mentoring and induction program that meets the requirements of Iowa Code section 284.5; pay for substitute teachers, professional development materials, speakers, and professional development content; textbooks and curriculum materials used for classroom purposes if such textbooks and curriculum materials include professional development; administering assessments pursuant to Iowa Code sections 256.7(21)"b"(1)
and 256.7(21)"b"(2) if such assessments include professional development; costs associated with implementing the individual professional development plans; and payments to a whole grade sharing partner school district as negotiated as part of the new or existing agreement pursuant to Iowa Code subsection 282.10(4). The use of the funds shall be balanced between school district, attendance center, and individual professional development plans, and every reasonable effort to provide equal access to all teachers shall be made.

**98.26(2) Inappropriate uses of categorical funding.** Inappropriate uses of educator quality professional development funding include, but are not limited to, any expenditures that supplant professional development opportunities the school district otherwise makes available.

**98.26(3) Deference.** Deference shall be given to the decisions of school districts’ boards of directors in accordance with Iowa Code section 257.10.

**98.26(4) Transfer to flexibility account.** All or a portion of the moneys received as professional development supplement that remain unexpended and unobligated at the end of a fiscal year may be transferred for deposit to the flexibility account as described in rule 281—98.27(257,298A).

In order to transfer funds to the flexibility account, all requirements of Iowa Code chapter 284 must be met.

[ARC 8054B, IAB 8/26/09, effective 9/30/09; ARC 9267B, IAB 12/15/10, effective 1/19/11; ARC 1967C, IAB 4/15/15, effective 5/20/15; ARC 3632C, IAB 2/14/18, effective 3/21/18]

**281—98.27(257,298A) Flexibility account.** Beginning with the budget year beginning July 1, 2017, in accordance with Iowa Code section 298A.2, a flexibility account shall be established in the general fund of each school corporation if the school corporation has authorized a transfer of all or a portion of its unexpensed and unobligated funds from any of the following sources: the statewide voluntary preschool program, the professional development supplement, the teacher leadership supplement, and the home school assistance program. Additionally, moneys from any other school district fund or general fund account can be transferred to the flexibility account if the program, purpose, or requirements for expenditure of such moneys have been repealed or are no longer in effect.

**98.27(1) Requirements for transfer to the flexibility account.** In order to transfer funds to the flexibility account, the board of directors of the school corporation must determine that the statutory requirements for the source funds have been met.

a. To transfer funds from the statewide voluntary preschool program, the school district must have provided preschool programming during the fiscal year for which funding remains unexpended and unobligated to all eligible students for whom a timely application for enrollment was submitted.

b. To transfer funds from the home school assistance program, the school district must have funded all requests for services and materials from parents and guardians of students eligible to access the program.

**98.27(2) Requirements for use of funds deposited to the flexibility account.** Expenditures from the flexibility account shall be approved by a resolution of the board of directors of the school corporation which meets all requirements stipulated in Iowa Code section 298A.2.

**98.27(3) Appropriate uses of categorical funding.** Appropriate uses of funds transferred to the flexibility account are limited to the following:

a. Start-up costs for an approved local program under the statewide voluntary preschool program.

b. Support of the approved statewide voluntary preschool program.

c. Professional development requirements under the professional development supplement.

d. Support of the home school assistance program.

e. Support of the at-risk program, alternative program or alternative school, and potential or returning dropout prevention program.

f. Support of the approved gifted and talented program.

g. Deposit into the unpaid student meals account as described in subrule 98.74(4).

h. Any other general fund purpose.

i. Support of an approved flexible student and school support program under Iowa Code section 256.11.
98.27(4) Inappropriate uses of categorical funding. Inappropriate uses of funds within the flexibility account include any expenditures for purposes not specified in Iowa Code section 298A.2.

98.27(5) Deference. Deference shall be given to the decisions of school districts’ boards of directors in accordance with Iowa Code section 257.10.

DIVISION III
APPROPRIATE USE OF GRANTS IN AID

281—98.40(256,257,298A) Grants in aid. The state provides a large amount of categorical funding for various purposes to school districts and area education agencies in the form of grants in aid. Only those grants in aid allocated to a substantial number of the school districts and area education agencies through the department of education are included in these rules.

[ARC 8054B, IAB 8/26/09, effective 9/30/09]

281—98.41 Reserved.

281—98.42(257,284) Beginning teacher mentoring and induction program. The purpose of the beginning teacher mentoring and induction program is to promote excellence in teaching, enhance student achievement, build a supportive environment within school districts and area education agencies, increase the retention of promising beginning teachers, and promote the personal and professional well-being of teachers. Effective July 1, 2017, as established by 2017 Iowa Acts, chapter 172, this program is addressed within educator quality professional development as described in rule 281—98.26(257,284).

[ARC 8054B, IAB 8/26/09, effective 9/30/09; ARC 3632C, IAB 2/14/18, effective 3/21/18]

281—98.43(257,284A) Beginning administrator mentoring and induction program. The purpose of the beginning administrator mentoring and induction program is to promote excellence in school leadership, improve classroom instruction, enhance student achievement, build a supportive environment within school districts, increase the retention of promising school leaders, and promote the personal and professional well-being of administrators.

98.43(1) Appropriate uses of categorical funding. Appropriate uses of the beginning administrator mentoring and induction program funding include costs to provide each mentor with the statutory award for participation in the school district’s beginning administrator mentoring and induction program; to implement the plan; and to pay any applicable costs of the employer’s share of contributions to federal social security and the Iowa public employees’ retirement system, or a pension and annuity retirement system established under Iowa Code chapter 294, for such amounts paid by the school district.

98.43(2) Inappropriate uses of categorical funding. Inappropriate uses of beginning administrator mentoring and induction program funding shall include any costs that are not listed in subrule 98.43(1) as appropriate uses.

[ARC 8054B, IAB 8/26/09, effective 9/30/09]

281—98.44(257,301) Nonpublic textbook services. Textbooks adopted and purchased by a school district shall, to the extent funds are appropriated by the general assembly, be made available to pupils attending accredited nonpublic schools upon request of the pupil or the pupil’s parent under comparable terms as made available to pupils attending public schools.

98.44(1) Appropriate uses of categorical funding. The appropriate use of the nonpublic textbook services funding shall be for the public school district to purchase nonsectarian textbooks for the use of pupils attending accredited nonpublic schools located within the boundaries of the public school district. “Textbooks” means books and loose-leaf or bound manuals, systems of reusable instructional materials or combinations of books and supplementary instructional materials which convey information to the student or otherwise contribute to the learning process, or electronic textbooks, including but not limited
to computer software, applications using computer-assisted instruction, interactive videodisc, other computer courseware and magnetic media, and laptop computers or other portable personal computing devices which are used for nonreligious instructional use only.

In the event that a participating accredited nonpublic school physically relocates to another school district, textbooks purchased for the nonpublic school with funds appropriated for that purpose in accordance with the Iowa Code shall be transferred to the school district in which the accredited nonpublic school has relocated and may be made available to the accredited nonpublic school by the school district in which the nonpublic school has relocated. Funds distributed to a former school district for purposes of purchasing textbooks and that are unexpended shall also be transferred from the former school district to the school district in which the accredited nonpublic school has relocated.

In the event that a participating accredited nonpublic school ceases operation, textbooks purchased for the nonpublic school with funds appropriated for that purpose in accordance with the Iowa Code shall be returned to the public school district in which the nonpublic school was located. Funds provided for the purpose of purchasing textbooks for the nonpublic school that are unexpended shall be reverted to the department of education.

98.44(2) Inappropriate uses of categorical funding. Inappropriate uses of nonpublic textbook services funding include, but are not limited to, reimbursements to accredited nonpublic schools for purchases made by the accredited nonpublic school, sectarian textbooks, computer hardware other than laptop computers or other portable personal computing devices which are used for nonreligious instructional use only, installation of hardware or other purchased services, teacher manuals or any other materials not available to the students attending the accredited nonpublic school, or any other expenditure that does not fit the definition of textbook. Funding provided for one nonpublic school located within the boundaries of the public school district shall not be used for another accredited nonpublic school, even if the accredited nonpublic school is associated with the same parent organization.

281—98.45(279) Early literacy. School districts shall provide intensive supplemental reading instruction to any student who has been identified as persistently at risk in reading, based upon an assessment or through teacher observations. The student’s reading proficiency shall be reassessed by locally determined or statewide assessments. The student shall continue to be provided with intensive reading instruction, at grade levels beyond grade three if necessary, until the student is reading at grade level.

98.45(1) Appropriate uses of categorical funding. Appropriate uses of early literacy program funding include, but are not limited to:

a. Intensive supplemental instructional programs, instructional support, and assessment for identified students;

b. Professional development for staff regarding early literacy program requirements, instructional materials, and assessments;

c. Purchase of supplemental or specialized curriculum or instructional materials and assessments that are scientific, research-based and meet the standards of Iowa Code section 279.68 for identified students;

d. If not already being provided with other sources of funding or general program funding, tutoring, mentoring, and extended school day, week, or year programs for identified students;

e. Intensive summer literacy programs for identified students;

f. Transportation services for identified students participating in intensive summer literacy programs;

g. The fee charged by the department for implementation of the early warning assessment for literacy provided in accordance with Iowa Code sections 256.7(31) and 279.68, effective with the budget year beginning July 1, 2017, pursuant to 2017 Iowa Acts, chapter 172.
98.45(2) Inappropriate uses of categorical funding. Inappropriate uses of early literacy program funding include, but are not limited to, indirect costs or use charges, operational or maintenance costs, capital expenditures other than equipment, student transportation other than as allowed in subrule 98.45(1), or administrative costs.

DIVISION IV
APPROPRIATE USE OF SPECIAL TAX LEVIES AND FUNDS

281—98.60(24,29C,76,143,256,257,274,275,276,279,280,282,283A,285,291.296,298,298A,300,301,423E,423F,565,670) Levies and funds. Tax levies or funds that are required by law to be expended only for the specific items listed in statute shall be accounted for in a similar way to categorical funding. Each fund is mutually exclusive and completely independent of any other fund. No fund shall be used as a clearing account for another fund, no fund may retire the debt of another fund unless specifically authorized in statute, and transfers between funds shall be accomplished only as authorized in statute or as approved by the school budget review committee. Public funds shall not be used for private purposes.

[ARC 8054B, IAB 8/26/09, effective 9/30/09; ARC 9267B, IAB 12/15/10, effective 1/19/11; ARC 1967C, IAB 4/15/15, effective 5/20/15]

281—98.61(24,143,257,274,275,279,280,285,297,298,298A,301,473,670) General fund. All moneys received by a school corporation from taxes and other sources shall be accounted for in the general fund, except moneys required by law to be accounted for in another fund. If another fund specifically lists an expenditure to that other fund, it is assumed not to be appropriate to the general fund unless statute expressly states that it is an appropriate general fund expenditure. Each school district and each area education agency shall have only one general fund.

98.61(1) Sources of revenue in the general fund. Sources of revenue in the general fund include all moneys not required by law to be accounted for in another fund and interest on the investment of those moneys. Proceeds from the sale or disposition of property other than real property, proceeds from the lease of real or other property, compensation or rent received for the use of school property, sales of school supplies, and sales or rentals of textbooks shall be accounted for in the general fund. Proceeds for loans for equipment pursuant to Iowa Code section 279.48, federal loans for asbestos projects pursuant to Iowa Code section 279.52, or loans for energy conservation projects pursuant to Iowa Code section 473.20 may be accounted for in the general fund. Any revenue or receipt described in law as “miscellaneous income” or related to the modified supplemental amount is restricted to the general fund.

98.61(2) Appropriate uses of the general fund. Appropriate expenditures in the general fund include, but are not limited to, the following:

a. Providing day-to-day operations to the district or area education agency, such as salaries, employee benefits, purchased services, supplies, and expenditures for instructional equipment.

b. Purchasing school buses from unobligated funds on hand.

c. Establishing and maintaining dental clinics for children and offering courses of instruction on oral hygiene.

d. Employing public health nurses.

e. Funding insurance agreements if the district has not certified a district management levy.

f. Purchasing books and other supplies to be loaned, rented, or sold at cost to students.

g. Purchasing safety eye-protective devices and safety ear-protective devices.

h. Purchasing bonds and premiums for bonds for employees who have custody of funds belonging to the school district or area education agency or funds derived from extracurricular activities and other sources in the conduct of their duties.

i. Paying assessed costs related to changes in boundaries, reorganization, or dissolution.

j. Publishing the notices and estimates and the actual and necessary expenses of preparing the budget.
k. Engraving and printing school bonds, in the case of a school district.

l. Transferring interest and principal to the debt service fund when due for loans to purchase equipment authorized under Iowa Code section 279.48 and loans to be used for energy conservation measures under Iowa Code section 473.20, in the case of a school district, where the original proceeds were accounted for in the general fund.

m. Transferring interest and principal to the debt service fund when due for lease purchase agreements related to capital projects authorized under Iowa Code subsection 273.3(7), in the case of an area education agency.

n. Funding asbestos projects including the costs of inspection and reinspection, sampling, analysis, assessment, response actions, operations and maintenance, training, periodic surveillance, and developing of management plans and record-keeping requirements relating to the presence of asbestos in school buildings and its removal or encapsulation as authorized by the school budget review committee in the case of a school district.

o. Funding energy conservation projects entered into with the department of natural resources or its duly authorized agents or representatives pursuant to Iowa Code section 473.20, in the case of a school district.

p. Transferring to a capital projects fund as authorized by the school budget review committee, in the case of a school district.

q. Transferring to a capital projects fund as funds are due to be expended on a capital project authorized under Iowa Code subsection 273.3(7), in the case of an area education agency.

r. Start-up costs, other than land purchase, for the first year of a new student construction program.

s. Beginning with the budget year beginning July 1, 2016, transferring, by board resolution, to the student activity fund an amount necessary to purchase or, beginning with the budget year beginning July 1, 2018, recondition protective and safety equipment required for any extracurricular interscholastic athletic contest or competition that is sponsored or administered by an organization as defined in Iowa Code section 280.13, as allowed under Iowa Code section 298A.2 pursuant to Iowa Code section 298A.8(2).

t. Paying any other costs not required to be accounted for in another fund.

98.61(3) Inappropriate uses of the general fund. Inappropriate expenditures in the general fund include the following:

a. Purchasing land or improvements.

b. Purchasing or constructing buildings or for capital improvements to real property except under special circumstances as authorized by the school budget review committee in the case of a school district, or except as authorized under Iowa Code subsection 273.3(7), in the case of an area education agency.

c. Modifying or remodeling school buildings or classrooms even if to make them accessible.

d. Paying interest and principal on long-term indebtedness for which the original proceeds were not accounted for in the general fund.

e. Funding lease-purchases.

f. Purchasing portable buildings.

g. Paying individuals or private organizations that are not audited and allowed and related to goods received or services rendered.

h. Paying other costs that are not operating or current expenditures for public education and are not expressly authorized in the Iowa Code.

98.61(4) Special levies. The general fund includes two special levy programs available to school districts, but not to area education agencies, that are restricted by the Iowa Code.

a. Instructional support program. The instructional support program is a district-initiated program to provide additional funding to the district’s general fund.

(1) Appropriate uses of instructional support program funding. Moneys received by a district for the instructional support program may be used for any general fund purpose except those listed as inappropriate uses in paragraph “b,” subparagraph (2).

(2) Inappropriate uses of instructional support program funding. Moneys received by a district for the instructional support program shall not be used as, or in a manner which has the effect of,
supplanting funds authorized to be received under Iowa Code sections 257.41 (returning dropouts and dropout prevention programs), 257.46 (gifted and talented programs), 298.4 (management fund levy), and 298.2 (physical plant and equipment fund levy), or to cover any deficiencies in funding for special education instructional services resulting from the application of the special education weighting plan under Iowa Code section 256B.9.

b. Educational improvement program. The educational improvement program is a district-initiated program available to districts in special circumstances to provide additional funding to the district’s general fund if the district already has the instructional support program in place.

   (1) Appropriate uses of educational improvement program funding. Moneys received by a district for the educational improvement program may be used for any general fund purpose.

   (2) Inappropriate uses of educational improvement program funding. Inappropriate uses of educational improvement program funding include any expenditure not appropriate to the general fund.

281—98.62(279,296,298,670) Management fund. The purpose of this fund is to pay the costs of unemployment benefits; early retirement benefits; insurance agreements; liability insurance to protect the school districts from tort liability, loss of property, and environmental hazards; and judgments or settlements relating to such liability. The authority to establish a management fund is available to school districts but not to area education agencies.

98.62(1) Sources of revenue in the management fund. Sources of revenue in the management fund include a property tax and interest on the investment of those moneys.

98.62(2) Appropriate uses of the management fund. Appropriate expenditures in the management fund include the following:

   a. Costs of unemployment benefits as provided in Iowa Code section 96.31.

   b. Costs of liability insurance to protect the school districts from tort liability, loss of property, and environmental hazards.

   c. Costs of a final court judgment entered against the district or a settlement made for a tort liability claim including interest accruing on the judgment or settlement to the expected date of payment.

   d. Costs, including prepaid costs, of insurance agreements to protect the school districts from tort liability, loss of property, environmental hazards, or other risk associated with operations, but not including employee benefit plans.

   e. Costs of early retirement benefits to employees under Iowa Code section 279.46 to pay a monetary bonus, continuation of health or medical insurance coverage, or other incentives for encouraging employees to retire before the normal retirement date for employees 55 years of age or older who notify the board of directors prior to April 1 of the fiscal year that they intend to retire not later than the start of the next following school calendar.

   f. Costs of a physical inventory conducted solely for the purpose of insurance.

   g. Transfers to the debt service fund for payment of principal and interest when due on general obligation bonds issued under Iowa Code section 296.7 to protect the school district from tort liability, loss of property, environmental hazards, or other risk associated with operations.

   h. Transfers to the appropriate fund for the portion of an insurance claim which was eligible under the insurance agreement but was denied because it was within the deductible limit.

   i. Payment of costs of mediation and arbitration, including but not limited to legal fees associated with such mediation or arbitration, but not including the results of the mediation or arbitration if those costs do not qualify under paragraph 98.62(2) “c” above.

98.62(3) Inappropriate uses of the management fund. Inappropriate expenditures in the management fund include the following:

   a. Costs for employee health benefit plans.

   b. Costs to conduct physical inventories of property for purposes other than insurance.

   c. Costs to conduct actuarial studies.

   d. Costs for supplies or capital outlay.
Transfer to a trust fund for other postemployment benefit (OPEB) cost or estimated cost calculated pursuant to Governmental Accounting Standards Board (GASB) Statement 45.

Any other costs not expressly authorized in the Iowa Code.

**281—98.63(298) Library levy fund.** The board of directors of a school district in which there is no free public library may contract with any free public library for the free use of such library by the residents of the school district and pay the library the amount agreed upon for the use of the library as provided by law. During the existence of the contract, the board shall certify annually a tax sufficient to pay the library the agreed-upon consideration.

**98.63(1) Sources of revenue in the library levy fund.** Sources of revenue in the library levy fund include a property tax not to exceed $0.20 per $1000 of assessed value of the taxable property of the district and interest on the investment of those moneys.

**98.63(2) Appropriate uses of the library levy fund.** Appropriate expenditures in the library levy fund include expenditures necessary to provide a free public library.

**98.63(3) Inappropriate uses of the library levy fund.** Inappropriate expenditures in the library levy fund include the following:

- Capital expenditures related to land or buildings.
- Debt service.
- Any other costs not necessary to provide a free public library.

**281—98.64(279,283,297,298) Physical plant and equipment levy (PPEL) fund.** The physical plant and equipment levy (PPEL) consists of the regular PPEL not to exceed $0.33 per $1000 of assessed valuation and a voter-approved PPEL not to exceed $1.34 per $1000 of assessed valuation, for a total of $1.67. The authority to establish a PPEL fund is available to school districts but not to area education agencies.

**98.64(1) Sources of revenue in the PPEL fund.** Sources of revenue in the PPEL fund include a property tax, income surtax, and interest on the investment of those moneys, and proceeds from loan agreements in anticipation of the collection of the voter-approved property. Proceeds from the condemnation, sale or disposition of real property are revenue to the PPEL fund. Proceeds from loans for equipment pursuant to Iowa Code section 279.48, federal loans for asbestos projects pursuant to Iowa Code section 279.52, or loans for energy conservation projects pursuant to Iowa Code section 473.20 may be accounted for in the PPEL fund. If the school board intends to enter into a rental, lease, or loan agreement, only a property tax shall be levied for those purposes.

**98.64(2) Appropriate uses of the PPEL fund.** Appropriate expenditures in the PPEL fund include the following:

- Purchase of grounds including the legal costs relating to the property acquisition, costs of surveys of the property, costs of relocation assistance under state and federal law, and other costs incidental in the property acquisition.
- Improvement of grounds including grading, landscaping, paving, seeding, and planting of shrubs and trees; constructing sidewalks, roadways, retaining walls, sewers and storm drains, and installing hydrants; surfacing and soil treatment of athletic fields and tennis courts; exterior lighting, including athletic fields and tennis courts; furnishing and installing flagpoles, gateways, fences, and underground storage tanks which are not parts of building service systems; demolition work; and special assessments against the school district for public improvements.
- Construction of schoolhouses or buildings.
- Construction of roads to schoolhouses or buildings.
- Purchasing, leasing, or lease-purchasing equipment or technology exceeding $500 in value per purchase, lease, or lease-purchase transaction.

(1) “Equipment” means both equipment and furnishings. The cost limitation for equipment does not apply to recreational equipment pursuant to paragraph 98.64(2)“n” or equipment that becomes an
integral part of real property such as furnaces, boilers, water heaters, and central air-conditioning units that are included in repairs to a building pursuant to paragraph 98.64(2) "h."

(2) “Transaction” means a business deal or agreement between a school district and a provider of goods or services. Technology may be bundled for purposes of exceeding $500 per transaction.

f. Transferring to debt service for payments, when due, of debts contracted for the erection or construction of schoolhouses or buildings, not including interest on bonds.

g. Procuring or acquisition of library facilities.

h. Repairing, remodeling, reconstructing, improving, or expanding the schoolhouses or buildings and the additions to existing schoolhouses. “Repairing” means restoring an existing structure or thing to its original condition, as near as may be, after decay, waste, injury, or partial destruction, but does not include maintenance. “Reconstructing” means rebuilding or restoring as an entity a thing which was lost or destroyed. “Maintenance” means to cause to remain in a state of good repair or to keep equipment in effective working condition and ready for daily use. Maintenance includes cleaning, upkeep, inspecting for needed maintenance, preserving the existing state or condition, preventing a decline in the existing state or condition, and replacing parts, unless otherwise a repair.

i. Energy conservation projects.

j. Transferring interest and principal to the debt service fund when due for loans to purchase equipment authorized under Iowa Code section 279.48, for loans in anticipation of the collection of the voter-approved property under Iowa Code section 297.36, and loans to be used for energy conservation measures under Iowa Code section 473.20, in the case of a school district, when the original proceeds were accounted for in the PPEL fund.

k. The rental of facilities under Iowa Code chapter 28E.

l. Purchase of transportation equipment for transporting students and for repairing such transportation equipment when the cost of the repair exceeds $2,500. “Repairing” for purposes of this paragraph, means restoring an existing item of transportation equipment to its original condition, as near as may be, after gradual obsolescence of physical and functional use due to wear and tear, corrosion and decay, or partial destruction, and includes maintenance that meets the definition of equipment and repair and the cost of which exceeds $2,500. Effective October 2, 2019, “repairing” also means retrofitting transportation equipment when such retrofitting aligns to the school bus construction standards in 281—Chapter 44.

m. Purchase of buildings or lease-purchase option agreements for school buildings.

n. Purchase of equipment for recreational purposes.

o. Payments to a municipality or other entity as required under Iowa Code section 403.19, subsection 2.

p. Asbestos projects including costs of inspection and reinspection, sampling, analysis, assessment, response actions, operations and maintenance, training, periodic surveillance, development of management plans and record-keeping requirements relating to the presence of asbestos in school buildings of the district and its removal or encapsulation.

q. Purchase, erect, or acquire a building for use as a school meal facility, and equip a building for that use.

r. Purchase of land as part of start-up costs for a new student construction program or if the sale proceeds of the previous student construction were insufficient to purchase land, but not for materials and supplies for a facility intended to be sold.

s. Construction materials and supplies for a student-constructed building or shed intended to be retained by and used by the district.

t. Demolition of a district-owned building.

u. Improving buildings or sites for the purpose of accessing digital telecommunications over multiple channels, often referred to as broadband.

**98.64(3) Inappropriate uses of the PPEL fund.** Inappropriate expenditures in the PPEL fund include the following:

a. Student construction materials and supplies for a facility intended to be sold.

b. Salaries and benefits.
281—98.65(276,300) Public educational and recreational levy (PERL) fund. Boards of directors of school districts may establish and maintain for children and adults public recreation places and playgrounds, and necessary accommodations for the recreation places and playgrounds, in the public school buildings and on the grounds of the district. Financial support for the community education program shall be provided from funds raised pursuant to Iowa Code chapter 300 and from any private funds and any federal funds made available for the purpose of implementing community education. The authority to establish a levy for a PERL fund is available to school districts but not to area education agencies.

98.65(1) Sources of revenue in the PERL fund. Sources of revenue in the PERL fund include a property tax levy not to exceed $0.135 per $1000 of assessed valuation, any appropriation by the agencies involved in a cooperative effort under Iowa Code chapter 28E, federal grants, donations, and interest on the investment of those moneys.

98.65(2) Appropriate uses of the PERL fund. Appropriate expenditures in the PERL fund include the following:
   a. Establishing and maintaining free public recreation places and playgrounds, including necessary accommodations.
   b. Providing free public educational and recreational activities.
   c. Establishing and supervising a free community education program.
   d. Providing a community education director if a community education program is established.

98.65(3) Inappropriate uses of the PERL fund. Inappropriate expenditures in the PERL fund include the following:
   a. Programs for which a fee may be charged such as before- and after-school programs and preschool programs.
   b. Any other costs not necessary to provide free programs for community education and for public recreation places, playgrounds, and programs.

281—98.66(257,279,298A,565) District support trust fund. The district support trust fund is used to account for moneys received in trust where those moneys, both principal and interest, are to benefit the school district. The school district or area education agency shall not transfer its own resources to a district support trust fund. If the school district or area education agency has more than one district support trust, it will use locally assigned project codes pursuant to Uniform Financial Accounting for Iowa School Districts and Area Education Agencies to identify the different trusts in the same fund. The district support trust fund is not an irrevocable trust. The board of directors of the school district must take action to accept or establish each gift, devise, or bequest in the district support trust fund. It is the board’s responsibility to ensure that the terms of the gift, devise, or bequest are compatible with the mission of and legal restrictions on the school district. Once accepted, gifts, devises, and bequests become public funding under the stewardship of the school district. If the purpose for which the moneys are to be spent is not in keeping with the overall objectives of the school district or legal authority of the school district, the board shall not assume responsibility as the trustee.

98.66(1) Sources of revenue in the district support trust fund. Sources of revenue in the district support trust fund include donations of cash, investment instruments, property, and interest on investments held. In a district support trust fund, both principal and interest are available to benefit the school district’s programs.
98.66(2) **Appropriate uses of the district support trust fund.** Appropriate expenditures in the district support trust fund include those that are consistent with the terms of the agreement, are legal expenditures to a school district, and are for the benefit of the school district.

98.66(3) **Inappropriate uses of the district support trust fund.** Inappropriate expenditures in the district support trust fund include transfers to nonprofit or private organizations or any expenditure which is not consistent with the terms of the agreement, legal to a school district, or for the benefit of the school district.

[ARC 8054B, IAB 8/26/09, effective 9/30/09]

281—98.67(257,279,298A,565) **Permanent funds.** Permanent funds are used to account for resources received that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support the school district’s programs. The school district or area education agency shall not transfer its own resources to a permanent fund. The board of directors of the school district must take action to accept or establish each gift, devise, or bequest in permanent funds. It is the board’s responsibility to ensure that the terms of the gift, devise, or bequest are compatible with the mission of and legal restrictions on the school district. Once accepted, gifts, devises, and bequests become public funding under the stewardship of the school district. If the purpose for which the moneys are to be spent is not in keeping with the overall objectives of the school district or legal authority of the school district, the board shall not assume responsibility of the moneys.

98.67(1) **Sources of revenue in the permanent funds.** Sources of revenue in the permanent funds include donations of cash, investment instruments, property, and interest on investments held. In permanent funds, only interest is available to benefit the school district’s programs.

98.67(2) **Appropriate uses of the permanent funds.** Appropriate expenditures in the permanent funds include those that are consistent with the terms of the agreement, are legal expenditures to a school district, and are for the benefit of the school district.

98.67(3) **Inappropriate uses of the permanent funds.** Inappropriate expenditures in the permanent funds include transfers to nonprofit or private organizations, expenditure from principal, or any expenditure which is not consistent with the terms of the agreement, legal to a school district, or for the benefit of the school district, or any expenditure from the principal portion.

281—98.68(76,274,296,298,298A) **Debt service fund.** A debt service fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest. A school district or area education agency shall have only one debt service fund.

98.68(1) **Sources of revenue in the debt service fund.** Sources of revenue in the debt service fund include the levy on taxable property authorized by the voters pursuant to Iowa Code section 298.21 and necessary to service bonds that mature in the current year, transfers from other funds for payments of interest and principal when due that are required under a loan, lease-purchase agreement, or other evidence of indebtedness authorized by the Iowa Code, and earnings from temporary investment of moneys in the debt service fund.

98.68(2) **Appropriate uses of the debt service fund.** Appropriate expenditures in the debt service fund include the following:

a. Payment of principal and interest of the lawful bonded indebtedness maturing in the current year as it becomes due. In determining how much is necessary to service bonds that mature in the current year, the board of directors shall consider the amount of earnings from temporary investments of debt service funds and beginning cash balances.

b. Payment of costs of registration of public bonds or obligations.

c. Payment of additional amounts as the board deems necessary to apply on the principal.

d. Payment of principal and interest when due that are required under a loan agreement, lease-purchase agreement, or other evidence of indebtedness authorized by the Iowa Code other than bonded indebtedness paid from resources transferred for that purpose to the debt service fund from other funds.
e. Payment of transfers to the PPEL fund by board resolution when funds remain in the debt service fund after payment of the entire balance of outstanding debt in accordance with the original purpose of the bonded indebtedness and after return of any excess amount transferred into the debt service fund from another fund or other indebtedness. The voters in the district may authorize the district to transfer the remaining balance to the general fund instead of the PPEL fund pursuant to Iowa Code subsection 278.1(1) "e."

98.68(3) Inappropriate uses of the debt service fund. Inappropriate expenditures in the debt service fund include payment of debt issued by one fund from resources transferred from a different fund unless expressly authorized by the Iowa Code and any other expenditure not listed in subrule 98.68(2).

281—98.69(76,273,298,298A,423E,423F) Capital projects fund. Capital projects funds are used to account for financial resources to acquire or construct major capital facilities and to account for revenues from the state sales and services tax for school infrastructure. Boards of directors of school districts are authorized to establish more than one capital projects fund as necessary.

98.69(1) Sources of revenue in the capital projects fund. Sources of revenue in a capital projects fund include sale of general obligation bonds, grants and donations for capital facility projects, and transfers from other funds which authorized indebtedness for capital facility projects or which initiated a capital facility project or which received grants or other funding for capital projects, and tax receipts or revenue bonds issued for the state sales and services tax for school infrastructure. In the case of an area education agency, transfers from the general fund to a capital projects fund are limited to payments from proceeds accounted for in the general fund when payments are due on a capital project under a lease-purchase agreement pursuant to Iowa Code subsection 273.3(7).

98.69(2) Appropriate uses of the capital projects fund.

a. Appropriate expenditures in a capital projects fund, excluding state/local option sales and services tax for school infrastructure fund, include the following:

1. Purchasing, constructing, furnishing, equipping, reconstructing, repairing, improving, or remodeling a schoolhouse or schoolhouses and additions thereto, gymnasium, stadium, field house, school bus garage, or teachers’ or superintendents’ home(s). Prior to approving the use of revenues for an athletic facility infrastructure project within the scope of the school district’s approved revenue purpose statement, the board of directors shall adopt a resolution setting forth the proposal for the athletic facility infrastructure project and hold an additional public hearing on the issue of construction of the athletic facility as stipulated in Iowa Code section 423F.3(7).

2. Procuring a site, or purchasing land to add to a site already owned, or procuring and improving a site for an athletic field, or improving a site already owned for an athletic field.

3. Transferring to the PPEL fund or debt service fund by board resolution any balance remaining in a capital projects fund after the capital project is completed and after return of any excess amount transferred into the capital projects fund from another fund. The voters in the district may authorize the district to transfer the remaining balance to the general fund instead of the PPEL fund or debt service fund pursuant to Iowa Code subsection 278.1(1) "e."

4. Improving buildings or sites for the purpose of accessing digital telecommunications over multiple channels, often referred to as broadband.

5. School safety and security infrastructure listed in Iowa Code section 423F.3(6).

b. Appropriate expenditures in the state/local option sales and services tax for the school infrastructure capital projects fund shall be expended in accordance with a valid revenue purpose statement if a valid revenue purpose statement exists; otherwise, appropriate expenditures include the following in order:

1. Payment of principal and interest on revenue bonds issued pursuant to Iowa Code sections 423E.5 and 423F.4 for which the revenue has been pledged.

2. Reduction of debt service levies.

3. Reduction of regular and voter-approved PPEL levies.

4. Reduction of the PERL levy.
(5) Reduction of any schoolhouse tax levy under Iowa Code subsection 278.1(1) “e.”
(6) Any authorized infrastructure purpose of the district pursuant to Iowa Code subsection 423F.3(6), which includes the following:
1. Payment or retirement of outstanding general obligation bonded indebtedness issued for school infrastructure purposes.
2. Payment or retirement of outstanding revenue bonds issued for school infrastructure purposes.
3. Purchasing, constructing, furnishing, equipping, reconstructing, repairing, improving, remodeling, or demolition of a schoolhouse or schoolhouses and additions thereto, gymnasium, stadium, field house, or school bus garage.
4. Procuring a site, or purchasing land to add to a site already owned, or procuring and improving a site for an athletic field, or improving a site already owned for an athletic field.
5. Expenditures listed in Iowa Code section 298.3.
6. Expenditures listed in Iowa Code section 300.2.
7. Improving buildings or sites for the purpose of accessing digital telecommunications over multiple channels, often referred to as broadband.
(8) School safety and security infrastructure listed in Iowa Code section 423F.3(6).

98.69(3) Inappropriate uses of the capital projects fund. Inappropriate expenditures in a capital projects fund include any expenditure not expressly authorized in the Iowa Code. Additionally, expenditures from the state sales and services tax for new construction or for payments for bonds issued for new construction in any district that has a certified enrollment of fewer than 250 pupils in the district or a certified enrollment of fewer than 100 pupils in the high school without a certificate of need issued by the department of education. This restriction does not apply to payment of outstanding general obligation bonded indebtedness issued pursuant to Iowa Code section 296.1 before April 1, 2003. This restriction also does not apply to costs to repair school buildings; purchase of equipment, technology or transportation equipment authorized under Iowa Code section 298.3; or for construction necessary to comply with the federal Americans With Disabilities Act.

281—98.70(279,280,298A) Student activity fund. The student activity fund must be established in any school district receiving moneys from student-related activities such as admissions, activity fees, student dues, student fund-raising events, or other student-related cocurricular or extracurricular activities. Moneys collected through school activities are public funds that are the property of the school district and are under the financial control of the school board. Upon dissolution of an activity, such as a graduating class or student club, the surplus must be used to support other student activities in the student activity fund. Prudent and proper accounting of all receipts and expenditures in these accounts is the responsibility of the board. School districts may maintain subsidiary records for student activities if those records are reconciled to the official records on a monthly basis; however, all official accounting records of the student activity fund shall be maintained within the school district’s chart of account pursuant to Uniform Financial Accounting for Iowa School Districts and Area Education Agencies.

98.70(1) Sources of revenue in the student activity fund. Sources of revenue in the student activity fund include income derived from student activities such as gate receipts, ticket sales, admissions, student club dues, donations, fund-raising events, any other receipts derived from student body cocurricular or extracurricular activities, contests, and exhibitions as well as interest on the investment of those moneys, and amounts transferred from the general fund under Iowa Code section 298A.2 as described in paragraph 98.61(2) “s.”

98.70(2) Appropriate uses of the student activity fund. Appropriate expenditures in the student activity fund include ordinary and necessary expenses of operating school district-sponsored and district-supervised student cocurricular and extracurricular activities, including purchasing services from another school district to provide for the eligibility of enrolled students in interscholastic activities provided by the other school district when that school district does not provide an interscholastic activity for its students.
98.70(3) **Inappropriate uses of the student activity fund.** Inappropriate expenditures in the student activity fund include the following:

a. Maintenance of funds raised by outside organizations.

b. The cost of bonds for employees having custody of funds derived from cocurricular and extracurricular activities in the conduct of their duties. These are costs to the general fund.

c. Expenditures that lack public purpose.

d. Payments to any private organization unless a fundraiser was held expressly for that purpose and the purpose of the fundraiser was specifically identified.

e. Transfers to any other fund of any surplus within the fund.

f. Payments more properly accounted for in another fund such as public tax funds, trust funds, state and federal grants, textbook/library book fines, fees, rents, purchases or sales, sales of school supplies, or curricular activities.

g. Use of the student activity fund as a clearing account for any other fund.

h. Cash payments to student members of activity groups.

i. The cost of optional equipment or customizing uniforms.

j. The cost of uniforms when the following two tests are not met:

   (1) The activity is a part of the school’s educational program, and

   (2) The wearing of the uniform or equipment is necessary in order to participate.

k. Hospital or medical claims for student injuries or procurement of student medical insurance.

l. Optional costs related to activities that are not necessary to the cocurricular and extracurricular program such as promotional costs.

m. Membership fees in student activity-related associations if the fees are optional, i.e., nonmember schools may participate in sponsored events.

n. Costs to participate in or to allow students to participate in any cocurricular and extracurricular interscholastic athletic contest or competition not sponsored or administered by either the Iowa High School Athletic Association or the Iowa Girls High School Athletic Union.

281—98.71(298A) **Entrepreneurial education fund.** The entrepreneurial education fund is used to enhance student learning by encouraging students to develop and practice entrepreneurial skills at an early age and to foster a business-ready workforce in this state. A school corporation may establish an entrepreneurial education fund at the request of a student organization or club and upon approval by the school board.

98.71(1) **Sources of revenue in the entrepreneurial education fund.** Sources of revenue in the entrepreneurial education fund shall consist only of moneys earned through entrepreneurial activities or returns on investments made for entrepreneurial purposes by the student organization or club, private donations and private contributions, and any interest earned on such moneys that are deposited in the fund. At the request of a student organization or club and upon approval by the school board, a school corporation shall transfer moneys in a student activity fund established under Iowa Code section 298A.8, for deposit by the student organization or club in an entrepreneurial education fund. However, a school corporation shall not transfer such moneys unless the moneys are attributable through appropriate documentation to the specific student organization or club and unless the student organization or club shows through appropriate documentation that the student organization or club earned the moneys through entrepreneurial activities of starting, maintaining, or expanding a business venture, including a seasonal business venture, or rendering other labor or services in return for compensation. Entrepreneurial activities do not include charitable contributions or other donations or gifts received by the student organization or club for which no labor or services are rendered.

98.71(2) **Appropriate uses of the entrepreneurial education fund.** Appropriate uses of the entrepreneurial education fund are limited to expending only for investments made, or activities undertaken, for board-approved entrepreneurial purposes which include investing in a start-up company, early-stage company, or existing company developing a new product or new technology if the investment is in keeping with the education program of the school corporation; if the student
organization or club or its members will, as a stated condition of the investment, take an active role in
the company which active role directly relates to and furthers the educational purposes for which the
student organization or club is established; and if a reasonable return upon the investment is expected.

98.71(3) Inappropriate uses of the entrepreneurial education fund. A student organization or club
shall not invest moneys from an entrepreneurial education fund for an entrepreneurial purpose in which
a member of the student organization or club, an advisor or supervisor of the student organization or
club, or an immediate family member of such persons, has a financial interest.

98.71(4) Fund closure. An entrepreneurial education fund may be closed at the request of the student
organization or club for which the school corporation established the fund. All moneys in the fund on
the date of closure and any subsequent return on an investment made with moneys from the fund shall
be deposited in the school district’s student activity fund.

281—98.72(256B,257,298A) Special education instruction fund. The special education instruction
fund is used to account for the revenues and expenditures of the special education instructional program
that an area education agency provides for its member districts under Iowa Code subsection 273.9(2).
This does not include special education support services as provided by Iowa Code subsection 274.9(3)
which are accounted for in the general fund.

98.72(1) Sources of revenue in the special education instruction fund. Sources of revenue in the
special education instruction fund include sales of instructional services to districts with students in the
special education instruction program and interest on the investment of those moneys.

98.72(2) Appropriate uses of the special education instruction fund. Appropriate expenditures in the
special education instruction fund include those authorized to a school district pursuant to Iowa Code
chapter 256B and 281—Chapter 41 and included in the written agreement with the school districts.

98.72(3) Inappropriate uses of the special education instruction fund. Inappropriate expenditures in the
special education instruction fund include expenditures not allowed to school districts pursuant to Iowa Code
chapter 256B and 281—Chapter 41, expenditures for special education support services
provided pursuant to Iowa Code subsection 273.9(3), or expenditures for costs not included in the written
agreement with the school districts.

281—98.73(282,298A) Juvenile home program instruction fund. The juvenile home program
instruction fund is used to account for the revenues and expenditures for the educational program for
students residing in juvenile homes as provided by Iowa Code section 282.30. The juvenile home
program supplements, but does not supplant, expenditures required of an area education agency under
Iowa Code chapter 273. Revenues and expenditures related to federal or state grants serving students
in the juvenile homes that supplement, rather than supplant, the juvenile home program are included in
the general fund, rather than the juvenile home fund. Educational program costs for students served
pursuant to individualized education programs (IEPs) shall not be included in the claim described in
Iowa Code section 282.31 in lieu of billing those costs to the resident district. Educational program
costs for out-of-state resident students shall not be included in the claim described in Iowa Code section
282.31 in lieu of billing those costs to the resident state agency. The area education agency (AEA)
is responsible for stewardship of public funds and ensuring that all costs are ordinary and necessary
costs of instruction and that classrooms are not overstaffed for the number of students. The AEA shall
compare its costs, services, and staffing to the costs, services, and staffing of a similar classroom in the
school district in which the juvenile home is located to ensure that they are comparable.

98.73(1) Sources of revenue in the juvenile home program instruction fund. Sources of revenue in the
juvenile home program instruction fund include an advance paid pursuant to Iowa Code section
282.31, tuition billed to Iowa resident districts or to out-of-state agencies, grants in aid and interest on
the investment of those moneys.

98.73(2) Appropriate uses of the juvenile home program instruction fund. Appropriate expenditures in
the juvenile home program instruction fund are ordinary and necessary expenditures approved by the
department to provide an instructional program to students residing in juvenile homes and include:
a. Salary and benefits for classroom teachers and aides providing instruction to students placed in a juvenile home.

b. Professional development which is specific to strategies to meet the needs of students in placement for all classroom teachers and aides working with students placed in a juvenile home.

c. Research-based resources, materials, software, supplies, and equipment, and purchased services that are customarily considered instructional and that meet all of the following criteria:

(1) Meet the needs of school-age students placed in juvenile homes,

(2) Will remain with the AEA juvenile home program, and

(3) Do not duplicate support services responsibilities of the AEA or the responsibilities of the juvenile home in its agreement with the placement agencies.

d. Summer school when necessary for a valid, established educational reason such as being included in the student’s IEP or required pursuant to Iowa Code section 279.68.

e. Student support and instructional support expenditures to the extent that they are exclusively devoted to the juvenile home instructional program and are not administrative or clerical. This would include guidance services, curriculum development and instructional technology.

f. Administrative support to the extent the administrator is exclusively assigned to the juvenile home locations and is exclusively providing school-level administrative services directly for the student placed in the juvenile home or the classroom teachers. If the administrator is assigned part-time to the juvenile home locations, then the portion of time that is exclusively and directly related to the juvenile home instructional programs may be charged to the program, but the portion of time that is related to other purposes shall not. The total administrative cost shall not exceed 10 percent of the total of all allowable costs for the juvenile home program.

g. When the students are not required by the placement agency to remain at the juvenile home facility and the juvenile home has no responsibility for treatment in its agreement with the placement agency beyond custodial care, then rent may be allowed. Rent must be approved by the department. The space must be classroom space occupied exclusively by the AEA’s instructional program and not include restrooms or any other common spaces. Only if rent is approved may any costs for operation or maintenance of that classroom space be allowed. The total administrative cost in paragraph 98.73(2) “f” and the total of rent and associated operation and maintenance shall not exceed 20 percent of the total of all allowable costs for the juvenile home program.

h. Transportation provided by the AEA exclusively to transport students placed at the juvenile home to the students’ resident school districts located in Iowa or to the school district in which the juvenile home is located.

98.73(3) Inappropriate uses of the juvenile home program instruction fund. Inappropriate expenditures in the juvenile home program instruction fund include the following:

a. Costs estimated or allocated that are expenditures of the agency, such as insuring agency property.

b. Costs that are not ordinary and necessary to provide instruction.

c. Costs related to the juvenile home facility, its responsibilities under the Iowa Code or its agreements with the placement agencies.

d. Costs that were or could have been filed with Medicaid for reimbursement.

e. Debt service.

f. Capital outlay related to facilities. This includes any costs for facility acquisition or construction services, including remodeling and facility repair.

g. Support services that are AEA responsibilities pursuant to the Iowa Code.

h. Rental when adequate space is available at the AEA or at the district of location or when the students require treatment provided by the juvenile home or are required to remain at the juvenile home pursuant to the agreement between the juvenile home and the placement agency.

i. Costs of an audit.

j. Indirect costs.

School nutrition fund. All school districts shall operate or provide for the operation of lunch programs at all attendance centers in the school district. A school district may operate or provide for the operation of school breakfast programs at all attendance centers in the district, or provide access to a school breakfast program at an alternative site to students who wish to participate in a school breakfast program.

Sources of revenue in the school nutrition fund. Sources of revenue in the school nutrition fund include food sales to pupils and adults, ancillary food services, state and federal grants in aid for the operation of a nutrition program, gifts, sales of services to other funds, donated government commodities, and interest on investment of school nutrition fund moneys. Also included are fees charged for providing food services to staff meetings and authorized organizations for meetings on the premises in accordance with the rules of the board. The charges for such services must be no less than the actual costs involved in providing the services including the value of donated government commodities.

Appropriate uses of the school nutrition fund. Appropriate expenditures in the school nutrition fund include the following:

- Expenditures necessary to operate a school breakfast or lunch program such as salaries and benefits for employees necessary to operate the food service program, food, purchased services, supplies, and school nutrition equipment not included in Iowa Code section 283A.9.
- Costs to provide food service for school staff and ancillary food services to staff meetings and authorized organizations for meetings on the premises at less than actual costs involved in providing the services including the value of donated government commodities.
- Operating transfers to any other fund other than to claim indirect costs.
- Costs to purchase, construct, reconstruct, repair, remodel, or otherwise acquire or equip a building for use as a school meal facility. These costs are permitted from the PPEL fund.
- Costs estimated or allocated that are expenditures of the district.

Unpaid student meals account. Beginning with the budget year beginning July 1, 2018, in accordance with Iowa Code section 283A.11, a school district may establish an unpaid student meals account in the school nutrition fund and may deposit in the account moneys received from private sources for purposes of paying student meal debt accrued by individual students as well as amounts designated for the account from the school district’s flexibility account as described in rule 281—98.27(257,298A). Moneys deposited in the unpaid student meals account shall be used by the school district only to pay individual student meal debt. The school district shall set fair and equitable procedures for such expenditures.

Child care and before- and after-school programs fund. The board of directors of a school district may operate or contract for the operation of a program to provide child care to children not enrolled in school or to students enrolled in kindergarten through grade 6 before and after school, or to both.

Sources of revenue in the child care fund. Sources of revenue in the child care fund include a fee established by the board for the cost of participation in the program. The fee shall be established pursuant to a sliding fee schedule based upon staffing costs and other expenses and a family’s ability to pay. If a fee is established, the parent or guardian of a child participating in a program shall be responsible for payment of any agreed-upon fee. The board may require the parent or guardian to furnish transportation of the child. If the board does not establish a fee, it must finance the program through grants or donations. The board may utilize or make application for program subsidies from any existing child care funding streams.
98.75(2) Appropriate uses of the child care fund. Appropriate expenditures in the child care fund include salaries and benefits for employees necessary to operate the child care program or before- and after-school program, purchased services, supplies, and equipment.

Effective with the budget year beginning July 1, 2018, if the balance in the before- and after-school program exceeds the amount necessary to operate the before- and after-school program, the excess amount may, following a public hearing, be transferred to the general fund by a resolution of the board of directors of the school corporation which meets all requirements stipulated in Iowa Code section 298A.12. A transfer under this subrule does not increase a school district’s authorized expenditures as defined in Iowa Code section 257.7.

98.75(3) Inappropriate uses of the child care fund. Inappropriate expenditures in the child care fund include debt service, capital outlay related to facilities, or any other expenditure not ordinary and necessary to operate the child care program or before- and after-school program.

281—98.76(298A) Regular education preschool fund. The board of directors of a school district may establish a preschool for students who are not of school age.

98.76(1) Sources of revenue in the regular education preschool fund. Sources of revenue in the regular education preschool fund include a fee established by the board for the cost of participation in the program. If a fee is established, the parent or guardian of a child participating in a program shall be responsible for payment of any agreed-upon fee. If the board does not establish a fee, it must finance the program through grants or donations. The statewide voluntary four-year-old preschool program established under Iowa Code chapter 256C shall not be accounted for in the regular education preschool fund.

98.76(2) Appropriate uses of the regular education preschool fund. Appropriate expenditures in the regular education preschool fund include salaries and benefits for employees necessary to operate the regular education preschool program, purchased services, instructional supplies, and instructional equipment.

98.76(3) Inappropriate uses of the regular education preschool fund. Inappropriate expenditures in the regular education preschool fund include debt service, capital outlay related to facilities, or any other expenditure not ordinary and necessary to operate the regular education preschool program or before- and after-school program.

281—98.77(298A) Student construction fund. If the board of directors of a school district establishes a construction program whereby students learn a construction trade and the facility constructed is sold to cover costs of construction, the revenues and expenses will be accounted for in the student construction fund.

281—98.78(298A) Other enterprise funds. Enterprise funds are used to account for any activity for which a fee is charged to external users for goods and services. Enterprise funds are required to be used to account for any activity whose principal revenue sources are fees and charges to recover the costs of providing goods or services where those fees and charges are permitted by the Iowa Code. Funds discussed in rules 281—98.74(283A,298A) through 281—98.77(298A) are enterprise funds. In addition, enterprise funds include those activities related to community service enterprises or enterprises that support the school curricular program. Community service enterprises are activities provided by the district for a fee to the general community or segment of the community that are not in the PERL or library funds such as public libraries, community pool, community wellness center, and community or adult education. Enterprises that support the school program include activities such as a student farm, greenhouse, cooperative purchasing, school stores, or major resale activities.

281—98.79 to 98.81 Reserved.
281—98.82(298A) **Internal service funds.** Internal service funds are used to account for the financing of services provided within the district to provide goods or services to other funds, component units, or other governments on a cost-reimbursement basis. The use of an internal service fund is appropriate only for activities in which the agency, school district or area education agency is the predominant participant in the activity. If the district or area education agency is not the primary user of the goods or services provided by the internal service fund, then the activity should be accounted for in an enterprise fund rather than an internal service fund. Internal service funds include, but are not limited to, self-insurance funds, flex-benefit (cafeteria) plan funds, print shops, health reimbursement arrangements (HRAs), central warehousing and purchasing, and central data processing.

281—98.83 to 98.91 **Reserved.**

281—98.92(257,279,298A,565) **Private purpose trust funds.** Private purpose trust funds are fiduciary funds established to account for gifts the school district receives to be used for a particular purpose or to account for moneys and property received and administered by the school district as trustee. These trust funds are not irrevocable trusts and are used to account for assets held by a school district in a trustee capacity to benefit individuals, private organizations, or other governments, and therefore cannot be used to support the school district’s own programs. These trust funds include both those that allow use of only the interest on the investments and those that allow use of both principal and interest. Scholarship trust funds are an example of private purpose trust funds. If a school district has more than one scholarship trust, the school district shall use project codes in accordance with Uniform Financial Accounting for Iowa School Districts and Area Education Agencies to separately account for the trusts. The district or area education agency shall not transfer its own resources to a private purpose trust fund.

98.92(1) **Sources of revenue in private purpose trust funds.** Sources of revenue in the private purpose trust fund include donations of cash, investment instruments, property, and interest on investments held.

98.92(2) **Appropriate uses of private purpose trust funds.** Appropriate expenditures in the private purpose trust fund include those that are consistent with the terms of the agreement or are for the benefit of a private purpose other than the school district. None of the expenditures will be for the benefit of the school district’s programs.

98.92(3) **Inappropriate uses of private purpose trust funds.** Inappropriate expenditures in the private purpose trust fund include any expenditure which is not consistent with the terms of the agreement, not legal to a school district, or that benefits the school district’s programs.

[ARC 8054B, IAB 8/26/09, effective 9/30/09]

281—98.93(298A) **Other trust funds.** Trust funds are fiduciary funds established to account for gifts the school district receives to be used for a particular purpose or to account for moneys and property received and administered by the school district as trustee. These trust funds are used to account for assets held by a school district in a trustee capacity to benefit individuals, private organizations, or other governments, and cannot be used to support the school district’s own programs. These trust funds include both those that allow use of only the interest on the investments and those that allow use of both principal and interest. The school district or area education agency shall not transfer its own resources to a trust fund. Other trust funds may include but not be limited to pension trust funds and investment trust funds. Pension trust funds are used to account for resources that are required to be held in trust for members and beneficiaries of defined benefit pension plans, defined contribution plans, other postemployment benefit plans, or other benefit plans. Typically, these pension trust funds are used to account for local pension and other employee benefit funds that are provided by a school district in lieu of or in addition to any state retirement system. Investment trust funds are used to account for the external portion (i.e., the portion that does not belong to the school district) of investment pools operated by the school district.

[ARC 8054B, IAB 8/26/09, effective 9/30/09]

281—98.94 to 98.100 **Reserved.**
281—98.101(298A) Custodial funds. Custodial funds are used to account for funds that are held in a custodial capacity by the school district for individuals, private organizations, or other governments. Custodial funds may include moneys collected for another government, a grant consortium when the school district serves as fiscal agent for the other school districts but has no managerial responsibilities, or funds for a teacher or a parent-teacher organization which has its own federal identification number (FIN). In a custodial fund, the school district or area education agency merely renders a service as a custodian of the assets for the organization owning the assets and the school district or area education agency is not an owner. Custodial funds typically involve only the receipt, temporary investment and remittance of assets to their rightful owners.

98.101(1) Sources of receipts in custodial funds. Sources of receipts in custodial funds include temporary receipts of cash, investment instruments, property, and interest on investments held.

98.101(2) Appropriate uses of custodial funds. Appropriate disbursements from a custodial fund depend on the nature of the rightful owners’ conditions or the responsibilities of the custodian. Typically, disbursement will involve remittance of assets to their rightful owners or to a third party on behalf and at the request of the rightful owners. The school district cannot disburse more funds at any point in time than it has received from the rightful owner.

98.101(3) Inappropriate uses of custodial funds. Inappropriate disbursements from custodial funds include any disbursement which is not consistent with the terms of the agreement, is not legal to a school district, or exceeds the amount of funds that have been received from the rightful owner or on behalf of the rightful owner.

[ARC 8054B, IAB 8/26/09, effective 9/30/09; ARC 5650C, IAB 6/2/21, effective 7/7/21]

281—98.102 to 98.110 Reserved.

281—98.111(24,29C,257,298A) Emergency levy fund. A school district may levy a tax for the emergency fund upon the approval of the state appeals board. Once the levy has been received, the district may request approval of the school budget review committee to transfer the funds to any other fund of the district for the purpose of meeting deficiencies in a fund arising within two years of a disaster as defined in Iowa Code subsection 29C.2(1).

98.111(1) Sources of revenue in the emergency levy fund. Sources of revenue for the emergency levy fund include a tax levy not to exceed $0.27 per $1000 of assessed value of taxable property, and interest on those moneys.

98.111(2) Appropriate uses of emergency levy fund. Appropriate expenditures in the emergency levy fund include only transfers to other funds for the purpose of meeting deficiencies in a fund arising within two years of a disaster and upon the approval of the school budget review committee.

98.111(3) Inappropriate uses of emergency levy fund. Inappropriate expenditures in the emergency levy fund include any expenditures other than a transfer to another fund and any transfer not approved by the school budget review committee.

[ARC 8054B, IAB 8/26/09, effective 9/30/09]

281—98.112(275) Equalization levy fund. If necessary to equalize the division of liabilities and distribution of assets in a reorganization, merger, or dissolution, the board of a school district may provide for the levy of additional taxes upon the property of the former district so as to effect equalization pursuant to Iowa Code section 275.31. Once the levy has been received, the district shall transfer the funds before the end of the fiscal year to the funds for which equalization was necessary and for which the taxes were levied.

98.112(1) Sources of revenue for the equalization levy fund. Sources of revenue for the equalization levy fund include a tax levy pursuant to Iowa Code section 275.31, and interest on those moneys.

98.112(2) Appropriate uses of the equalization levy fund. Appropriate expenditures from the equalization levy fund are limited to transfers to the funds, in the same proportion, for which equalization was necessary and for which the taxes were levied.
98.112(3) *Inappropriate uses of the equalization levy fund.* Inappropriaete uses of the equalization levy fund would include transfers to any fund for which equalization was not required or for which the equalization tax was not levied and any uses other than transfers.

1 September 30, 2009, effective date of 281—98.12(257.299A) and 281—98.12(275) delayed 70 days by the Administrative Rules Review Committee at its meeting held September 8, 2009. At its meeting held December 8, 2009, the Committee voted to delay the effective date of 281—98.12(257.299A) until the adjournment of the 2010 Session of the General Assembly.

2 March 28, 2012, effective date of 98.12 and 98.64(2)“e,” “h” delayed 30 days by the Administrative Rules Review Committee at its meeting held March 12, 2012.
CHAPTER 99
BUSINESS PROCEDURES AND DEADLINES

281—99.1(257) Definitions. For the purposes of this chapter, the following definitions shall be used.

“Area education agency” or “AEA” means a school corporation organized under Iowa Code chapter 273.

“Basis of accounting” means the accrual/modified accrual accounting basis under generally accepted accounting principles (GAAP) as defined by the governmental accounting standards board (GASB).

“Basis of budgeting” means the accrual/modified accrual budgeting basis under GAAP as defined by the GASB.

“SBRC” means the school budget review committee appointed pursuant to Iowa Code section 257.30.

“School district” means a school corporation organized under Iowa Code chapter 274.

“Unique” means highly unusual, extraordinary; unparalleled.

“Unusual” means not usual or common; rare; constituting or occurring as an exception; not ordinary or average; affecting very few school districts or AEAs.

“Usual” means that which past experience has shown to be normal or common or is anticipated to become normal or common, hence an expected or predictable event; that which affects more than just a few school districts or AEAs.

[ARC 0013C, IAB 2/22/12, effective 3/28/12 (See Delay note at end of chapter)]

281—99.2(256,257,285,291) Submission deadlines. It is the responsibility of the administrative officials and board members to submit information and materials as requested by the department of education, department of management, any other state agency, or any federal agency. Reports shall be filed electronically if an electronic format is available.

99.2(1) All school districts shall submit program plans, reports, or data collections in the manner, by the procedures, and on the dates prescribed by the department of education. Plans, reports, and data collections shall include, but not be limited to, the following:

- Vehicle Information System: September 1
- Annual Transportation Report: September 15
- Certified Annual Report (CAR-COA): September 15
- Special Education Supplement: September 15
- Facilities, Elections & Save Report: September 30
- Certified Enrollment Report/PEACE: October 15
- Certified Supplementary Weighting Report: October 15
- School Board Officers Report: November 1
- Annual Audit Report: March 31
- Certified Budget: April 15

99.2(2) All AEAs shall submit program plans, reports, or data collections in the manner, by the procedures, and on the dates prescribed by the department of education. Plans, reports, and data collections shall include, but not be limited to, the following:
Certified Annual Report (CAR-COA) September 15
Facilities Report September 30
Certified Supplementary Weighting Report October 15
School Board Officers Report November 1
Proposed Budget March 15
Annual Audit Report March 31

99.2(3) If any plan, report, or data collection has not been received by the due date of the form or by the due date of a valid extension granted by the department of education, the following procedure shall be followed:

a. The superintendent of the school district or the administrator of the area education agency, and the president of the applicable board, shall be notified of the unfiled report and the number of days it is past due.

b. The state board of education, the SBRC, or the Iowa board of educational examiners may be notified of the school districts or AEAs which were not timely in filing one or more reports.

c. The SBRC may implement the procedures described in 289—subrule 6.3(5).

[ARC 0013C, IAB 2/22/12, effective 3/28/12 (See Delay note at end of chapter)]

281—99.3(257) Good cause for late submission.

99.3(1) The department of education may upon request allow a school district or AEA to submit reports, data collections, or program plans after the due date listed in rule 281—99.2(256,257,285,291) for good cause.

a. Good cause shall include illness or death of a school district or AEA staff member involved in developing the program plan or submitting the report or data collection, acts of God, technological problems at the department lasting at least seven days within the final two weeks prior to the deadline that prevent access necessary for the plan, report, or data collection submission, or unforeseeable unusual or unique circumstances which, in the opinion of the director of the department, constitute sufficient cause for allowing submission of program plans, reports, or data collections after the published due date.

b. Good cause does not include consequences of local time management or administrative decisions or when districts and AEAs have timed out or have encountered system overloads within the final three days before the due date.

99.3(2) A school district or AEA desiring permission to submit a program plan, report, or data collection after the published due date shall notify the department staff member responsible for receiving the plan, report, or data collection as soon as possible upon determining that the district or AEA will not be able to meet the deadline, but no sooner than two weeks prior to the due date and no later than two days prior to the due date. When an extension of the submission deadline is allowed, the department shall establish a date by which the school district or AEA shall submit the plan, report, or data collection. Permission to submit a program plan, report, or data collection after the published due date shall expire upon receipt of the submission by the department and shall not carry over into subsequent application or reporting cycles.

[ARC 0013C, IAB 2/22/12, effective 3/28/12 (See Delay note at end of chapter)]

281—99.4(24,256,257,291) Budgets, accounting and reporting. The school district or AEA shall budget on the GAAP basis of budgeting as defined by the GASB. School districts and AEAs shall use the chart of accounts defined in Uniform Financial Accounting for Iowa LEAs and AEAs (UFA). The school district or AEA shall maintain its financial records and prepare financial reports, including the Certified Annual Report, in the manner and by the procedures prescribed by the departments of education and management in the Uniform Financial Accounting for Iowa LEAs and AEAs (UFA) manual and GAAP. School districts and AEAs shall use the chart of accounts defined in Uniform Financial Accounting for Iowa LEAs and AEAs (UFA). The UFA manual shall be based on the most recent version of Financial Accounting for Local and State School Systems published by the United
States Department of Education. If GAAP permits a choice of reporting methods for transactions, or if GAAP is in conflict with UFA, the department of education staff shall determine a uniform method of reporting to be used by all school districts and AEA.

[ARC 0013C, IAB 2/22/12, effective 3/28/12 (See Delay note at end of chapter)]

These rules are intended to implement Iowa Code chapters 24, 256, 257, 285 and 291.

Rescinded IAB 12/16/09, effective 1/20/10

TITLE XVII
PROTECTION OF CHILDREN

CHAPTER 101
CHILD ABUSE REPORTING
Reserved
CHAPTER 102
PROCEDURES FOR CHARGING AND
INVESTIGATING INCIDENTS OF ABUSE
OF STUDENTS BY SCHOOL EMPLOYEES

281—102.1(280) Statement of intent and purpose. It is the purpose and intent of these rules to create a uniform procedure for the reporting, investigation, and disposition of allegations of abuse of students directly resulting from the actions of school employees or their agents. The scope of this policy is limited to protecting children in prekindergarten and K-12 educational programs.

281—102.2(280) Definitions.

“Abuse” may fall into either of the following categories:

1. “Physical abuse” means nonaccidental physical injury to the student as a result of the actions of a school employee.

2. “Sexual abuse” means any sexual offense as defined by Iowa Code chapter 709 or Iowa Code section 728.12(1). The term also encompasses acts of the school employee that encourage the student to engage in prostitution as defined by Iowa law, as well as inappropriate, intentional sexual behavior, or sexual harassment by the school employee toward a student.

“Board of educational examiners” means the state board as created in Iowa Code chapter 272.

“Designated investigator” means the person or persons appointed by the board of directors of a public school district, or the authorities in control of a private school, at level one, to investigate allegations or reports of abuse of students by school employees and shall also refer to the appointed alternate.

“Incident” means an occurrence of behavior that meets the definition of physical or sexual abuse in these rules.

“Injury” occurs when evidence of it is still apparent at least 24 hours after the occurrence.

“Nonpublic school” means any school in which education is provided to a student, other than in a public school or in the home of the student.

“Preponderance of evidence” means reliable, credible evidence that is of greater weight than evidence offered in opposition to it.

“Public school” means any school directly supported in whole or in part by taxation.

“Reasonable force” is that force and no more which a reasonable person, in like circumstances, would judge to be necessary to prevent an injury or loss and can include deadly force if it is reasonable to believe that such force is necessary to avoid injury or risk to one’s life or safety or the life or safety of another, or it is reasonable to believe that such force is necessary to resist a like force or threat.

“School employee” means a person who works for pay or as a volunteer under the direction and control of:

1. The board of directors or any administrator of a public school district.

2. The board or authorities in control of a nonpublic school.

3. The board of directors or administrator of an agency called upon by a school official to provide services in an educational capacity to students.

4. A residential institution, not currently covered by Iowa Code chapter 232, providing educational services.

School employees are of two classes: certificated (licensed) and noncertificated (unlicensed). A certificated employee holds an Iowa teacher’s certificate issued by the department of education or a license issued by the state board of educational examiners.

“Sexual harassment” means unwelcome sexual advances, requests for sexual favors or other verbal or physical conduct of a sexual nature when:

1. Submission to the conduct is made either implicitly or explicitly a term or condition of the student’s education or benefits;

2. Submission to or rejection of the conduct is used as the basis for academic decisions affecting that student; or
3. The conduct has the purpose or effect of substantially interfering with a student’s academic performance by creating an objectively intimidating, hostile, or offensive education environment.

“Student” means a person enrolled in a public or nonpublic school or a prekindergarten program in a public or nonpublic school established under Iowa law, a child enrolled in a day care program operated by a public school or merged area school under Iowa Code section 279.49, or is a resident between the ages of 5 and 21 of a state facility providing incidental formal education.

[ARC 9377B, IAB 2/23/11, effective 3/30/11]

281—102.3(280) Jurisdiction. To constitute a violation of these rules, acts of the school employee must be alleged to have occurred on school grounds, on school time, on a school-sponsored activity, or in a school-related context. To be investigable, the written report must include basic information showing that the student allegedly abused is or was a student at the time of the incident, that the alleged act of the school employee resulted in injury or otherwise meets the definition of abuse in these rules, and that the person responsible for the act is currently a school employee.

If the report is not investigable due to the absence of any of the jurisdictional facts, the level-one investigator shall dismiss the complaint as lacking jurisdiction and notify the person filing the report of abuse of the options remaining as listed in 102.109.” The dismissal of a report of abuse for lack of jurisdiction does not bar school officials from further forms of investigation and disciplinary action against an employee.

[ARC 9377B, IAB 2/23/11, effective 3/30/11]

281—102.4(280) Exceptions.

102.4(1) The following do not constitute physical abuse, and no school employee is prohibited from:

a. Using reasonable and necessary force, not designed or intended to cause pain:
   (1) To quell a disturbance or prevent an act that threatens physical harm to any person.
   (2) To obtain possession of a weapon or other dangerous object within a pupil’s control.
   (3) For the purposes of self-defense or defense of others as provided for in Iowa Code section 704.3.
   (4) For the protection of property as provided for in Iowa Code section 704.4 or 704.5.
   (5) To remove a disruptive pupil from class, or any area of school premises or from school-sponsored activities off school premises.
   (6) To prevent a student from the self-infliction of harm.
   (7) To protect the safety of others.

b. Using incidental, minor, or reasonable physical contact to maintain order and control.

102.4(2) In determining the reasonableness of the contact or force used, the following factors shall be considered:

a. The nature of the misconduct of the student, if any, precipitating the physical contact by the school employee.

b. The size and physical condition of the student.

c. The instrumentality used in making the physical contact.

d. The motivation of the school employee in initiating the physical contact.

e. The extent of injury to the student resulting from the physical contact.

281—102.5(280) Duties of school authorities. The board of directors of a public school district and the authorities in control of a nonpublic school shall:

102.5(1) Annually identify at least one designated investigator and alternate investigator at an open public meeting.

102.5(2) Adopt written procedures that establish persons to whom the school authorities will delegate a second level of investigation beyond the level-one procedures specifically described in these rules, including law enforcement authorities or the county attorney’s office, personnel of the local office of the department of human services, or private parties experienced and knowledgeable in the area of abuse investigation. The second-level investigator shall not be a school employee and shall be considered an independent contractor if remunerated for services rendered.
The adopted procedures shall conform to these rules and shall include provisions for the safety of a student when, in the opinion of the investigator, the student would be placed in imminent danger if continued contact is permitted between the school employee and the student. These provisions shall include the options of:

- Temporary removal of the student from contact with the school employee.
- Temporary removal of the school employee from service.
- Any other appropriate action permissible under Iowa law to ensure the student’s safety.

The adopted written procedures shall include a statement that the investigators appointed and retained under this chapter shall have access to any educational records of the allegedly abused student and access to the student for purposes of interviewing and investigating the allegation.

102.5(3) Annually publish the names or positions and telephone numbers or other contact information of the designated investigator and alternate:

- In the student handbook,
- In a local newspaper of general circulation, and
- Prominently post the same information in all buildings operated by the school authorities.

102.5(4) Arrange for in-service training for the designated investigator and alternate. Initial training should be undertaken within six months of appointing a level-one investigator or alternate. Follow-up training should be undertaken at least once every five years.

102.5(5) Place on administrative leave a school employee who is the subject of an investigation under this chapter of an alleged incident of physical or sexual abuse, once the Level One investigator has determined that the written complaint is investigable under rule 281—102.3(280).

102.5(6) Report to the board of educational examiners the results of an investigation that finds that the school employee’s conduct constitutes a crime.

[ARC 9377B, IAB 2/23/11, effective 3/30/11; ARC 9905B, IAB 12/14/11, effective 1/18/12]

281—102.6(280) Filing of a report.

102.6(1) Who may file. Any person who has knowledge of an incident of abuse of a student committed by a school employee may file a report with the designated investigator.

102.6(2) Content of report. The report shall be in writing, signed, and, if signed by a minor, witnessed by a person of majority age and shall contain the following information:

- The full name, address, and telephone number of the person filing.
- The full name, age, address, telephone number, and attendance center of the student.
- The name and place of employment of the school employee(s) or agents who allegedly committed the abuse.
- A concise statement of the facts surrounding the incident, including date, time, and place of occurrence, if known.
- A list of possible witnesses by name, if known.
- Names and locations of any and all persons who examined, counseled or treated the student for the alleged abuse, including the dates on which those services were provided, if known.

102.6(3) Incomplete reports. The designated investigator shall aid parties requesting assistance in completing the report. An incomplete report shall not be rejected unless a reasonable person would conclude that the missing information which is unable to be provided by the reporter would render investigation futile or impossible. An unsigned (anonymous) or unWitnessed report may be investigated, but the designated investigator then has no duty to report findings and conclusions to the reporter.

[ARC 9377B, IAB 2/23/11, effective 3/30/11]

281—102.7(280) Receipt of report. Any school employee receiving a report of alleged abuse of a student by a school employee shall immediately give the report to the designated investigator or alternate and shall not reveal the existence or content of the report to any other person.

281—102.8(280) Duties of designated investigator—physical abuse allegations.

102.8(1) Upon receipt of the report, the designated investigator shall make and provide a copy of the report to the person filing, to the student’s parent or guardian if different from the person filing and to the
supervisor of the employee named in the report. The school employee named in the report shall receive a copy of the report at the time the employee is initially interviewed by any investigator. However, if this action would conflict with the terms of a contractual agreement between the employer and employee, the terms of the contract shall control.

102.8(2) Within five school days of receipt of a report of physical abuse, the designated investigator shall conduct and complete an informal investigation after reviewing the report to determine that the allegations, if true, support the exercise of jurisdiction pursuant to rule 281—102.3(280).

102.8(3) If, in the investigator’s opinion, the magnitude of the allegations in the report suggests immediate and professional investigation is necessary, the designated investigator may temporarily defer the level-one investigation. In cases of deferred investigation, the investigator shall contact appropriate law enforcement officials, the student’s parent or guardian and the person filing the report, if different from the student’s parent or guardian, documenting in writing the action taken.

102.8(4) The investigator shall interview the allegedly abused student, any witnesses or persons who may have knowledge of the circumstances contained in the report, and the school employee named in the report. The investigator shall exercise prudent discretion in the investigative process to preserve the privacy interests of the individuals involved. To the maximum extent possible, the investigator shall maintain the confidentiality of the report.

102.8(5) The designated investigator’s role is not to determine the guilt or innocence of the school employee, the applicability of the exceptions or reasonableness of the contact or force listed in rule 281—102.4(280). The designated investigator shall determine, by a preponderance of the evidence, whether it is likely that an incident took place between the student and the school employee. However, if the complaint has been withdrawn, the allegation recanted, or the employee has resigned, admitted the violation, or agreed to relinquish the employee’s teacher’s certificate or license, the designated investigator may conclude the investigation at level one. The designated investigator shall follow the applicable provisions of 102.11(2) “b” and 102.11(2) “c” when resolution occurs at level one.

The level-two investigator appointed, contracted, requested or retained under subrule 102.5(2), when called upon for further investigation, shall consider the applicability of the exceptions listed in rule 281—102.4(280) and the reasonableness of the contact or force used under subrule 102.4(2) in reaching conclusions as to the occurrence of physical abuse as defined by these rules.

102.8(6) Within 15 calendar days of receipt of the report, the designated investigator shall complete a written investigative report, unless investigation was temporarily deferred.

[ARC 9377B, IAB 2/23/11, effective 3/30/11]

281—102.9(280) Duties of designated investigator—sexual abuse allegations.

102.9(1) Upon receipt of the report, the designated investigator shall make and provide a copy of the report to the person filing the report, to the student’s parent or guardian if different from the person filing the report, and to the supervisor of the employee named in the report. The school employee named in the report shall receive a copy of the report at the time the employee is initially interviewed by any investigator. However, if this action would conflict with the terms of a contractual agreement between the employer and employee, the terms of the contract shall control. The designated investigator shall not interview the school employee named in a report of sexual abuse until after a determination that jurisdiction exists is made, the allegedly abused student has been interviewed, and a determination is made that the investigation will not be deferred under subrule 102.9(5).

102.9(2) Upon receipt of a report of sexual abuse or other notice of an allegation of sexual abuse, the designated investigator shall review the facts alleged to determine that the allegations, if true, support the exercise of jurisdiction pursuant to 281—102.3(280) of these rules.

102.9(3) The investigator shall notify the parent, guardian, or legal custodian of a child in prekindergarten through grade six of the date and time of the interview and of the right to be present or to see and hear the interview or to send a representative in the parent’s, guardian’s, or legal custodian’s place. The investigator shall interview the allegedly abused student as soon as possible, but in no case later than five days from the receipt of a report or notice of the allegation of sexual abuse. The investigator may record the interview electronically.
The investigator shall exercise prudent discretion in the investigative process to preserve the privacy interests of the individuals involved. To the maximum extent possible, the investigator shall maintain the confidentiality of the report.

102.9(4) The designated investigator’s role is not to determine the guilt or innocence of the school employee. The designated investigator shall determine, by a preponderance of the evidence and based upon the investigator’s training and experience and the credibility of the student, whether it is likely that an incident took place between the student and the school employee. However, if the complaint has been withdrawn, the allegation recanted, or the employee has resigned, admitted the violation, or agreed to relinquish the employee’s teacher’s certificate or license, the designated investigator may conclude the investigation at level one. The designated investigator shall follow the applicable provisions of 102.11(2)“b” and 102.11(2)“c” when resolution occurs at level one.

102.9(5) If, in the investigator’s opinion, it is likely that an incident in the nature of sexual abuse as defined by Iowa Code chapter 709 or section 728.12(1) took place, the investigator shall temporarily defer further level-one investigation. In cases of deferred investigation, the investigator shall immediately contact appropriate law enforcement officials, notifying the student’s parent or guardian, and the person filing the report, if different from the student’s parent or guardian, of the action taken.

If, in the investigator’s opinion, an incident occurred that would not constitute sexual abuse as defined in Iowa Code chapter 709 or sexual exploitation as defined by Iowa Code section 728.12(1), but that was in the nature of inappropriate, intentional sexual behavior by the school employee, further investigation is warranted. The investigator may proceed to interview the school employee named in the report. Prior to interviewing any collateral sources who may have knowledge of the circumstance contained in the report, the investigator shall provide notice of the impending interview of student witnesses who are in prekindergarten through grade six, to their parent, guardian, or legal custodian, and may provide notice to the parent or guardian of older students, prior to interviewing those students.

If, in the investigator’s opinion, the allegation of sexual abuse is unfounded either because the conduct did not occur or the conduct did not meet the definition of abuse in these rules, further investigation is not warranted. The investigator shall notify the student’s parent or guardian, the person filing the report, if different from the student’s parent or guardian, and the school employee named in the report of this conclusion in a written investigative report.

102.9(6) Within 15 calendar days of receipt of the report or notice of alleged sexual abuse, the designated investigator shall complete a written investigation report unless the investigation was temporarily deferred.

[ARC 9377B, IAB 2/23/11, effective 3/30/11]

281—102.10(280) Content of investigative report. The written investigative report shall include:

1. The name, age, address, and attendance center of the student named in the report.
2. The name and address of the student’s parent or guardian and the name and address of the person filing the report, if different from the student’s parent or guardian.
3. The name and work address of the school employee named in the report as allegedly responsible for the abuse of the student.
4. An identification of the nature, extent, and cause, if known, of any injuries or abuse to the student named in the report.
5. A general review of the investigation.
6. Any actions taken for the protection and safety of the student.
7. A statement that, in the investigator’s opinion, the allegations in the report are either:
   • Unfounded. (It is not likely that an incident, as defined in these rules, took place), or
   • Founded. (It is likely that an incident took place.)
8. The disposition or current status of the investigation.
9. A listing of the options available to the parents or guardian of the student to pursue the allegations. These options include, but are not limited to:
   • Contacting law enforcement.
   • Contacting private counsel for the purpose of filing a civil suit or complaint.
• Filing a complaint with the board of educational examiners if the school employee is certificated.

The investigator shall retain the original and provide a copy of the investigative report to the school employee named in the report, the school employee’s supervisor and the named student’s parent or guardian. The person filing the report, if not the student’s parent or guardian, shall be notified only that the level-one investigation has been concluded and of the disposition or anticipated disposition of the case.

281—102.11(280) Founded reports—designated investigator’s duties.

102.11(1) The investigator shall notify law enforcement authorities in founded cases of serious physical abuse and in any founded case of sexual abuse under Iowa Code chapter 709 or sexual exploitation under Iowa Code section 728.12(1). In founded cases of less serious physical incidents or sexual incidents not in the nature of statutory sexual abuse or exploitation as defined by Iowa law, the investigator shall arrange for the level-two investigator to carry out a professional investigation unless the level-one investigation has resulted in a final disposition of the investigation. In addition, the designated investigator shall give a copy of the investigative report to the employee’s supervisor and document all action taken.

102.11(2) Upon receipt of the level-two investigator’s report under rule 281—102.12(280) or upon resolution of the investigation at level one, the designated investigator shall:

a. Forward copies of the level-two investigator’s report to the student’s parent or guardian, the school employee named in the complaint, and the school employee’s supervisor; notify the person filing the report, if different from the student’s parent or guardian, of the disposition of the case or current status of the investigation;

b. File a complaint against the school employee who has been found to have physically or sexually abused a student, if that employee holds a teaching certificate, coaching authorization, or practitioner license, with the board on behalf of the school or district by obtaining the superintendent’s signature on the complaint in cases where the level-two investigator or law enforcement officials have concluded abuse occurred as defined in these rules or where the employee has admitted the violation or agreed to surrender the employee’s certificate or license. The designated investigator has discretion to file a complaint with the board in situations where the employee has resigned as a result of the allegation or investigation but has not admitted that a violation occurred. In the event an employee holding a school bus driver permit has been found to have physically or sexually abused a student, the designated investigator shall file a written complaint with the school transportation consultant at the department of education; the designated investigator shall file a written complaint with the local school board in founded cases involving other nonlicensed school employees; and

c. Arrange for counseling services for the student on request of the student, or the student’s parent or guardian.

[ARC 9377B, IAB 2/23/11, effective 3/30/11]

281—102.12(280) Level-two investigator’s duties. Upon referral by the designated investigator, the level-two investigator appointed, contracted, requested or retained under subrule 102.5(2) shall review the report of abuse and the designated investigator’s report, if any, promptly conduct further investigation and create a written narrative report. The level-two investigator’s report shall state:

1. Conclusions as to the occurrence of the alleged incident; and
2. Conclusions as to the applicability of the exceptions to physical abuse listed in rule 281—102.4(280); or
3. Conclusions as to the nature of the sexual abuse, if any; and
4. Recommendations regarding the need for further investigation.

The written report shall be delivered to the designated investigator as soon as practicable.

The level-two investigator shall exercise prudent discretion in the investigative process to preserve the privacy interests of the individuals involved. To the maximum extent possible, the level-two investigator shall maintain the confidentiality of the report.
281—102.13(280) Retention of records. Any record created by an investigation shall be handled according to formally adopted or bargained policies on the maintenance of personnel or other confidential records. Notes, tapes, memoranda, and related materials compiled in the investigation shall be retained by the public or nonpublic school for a minimum of two years.

Unfounded reports shall not be placed in an employee’s personnel file. If a report is founded at level one and unfounded at level two, the founded report from the level-one investigator shall be removed immediately upon receipt of an unfounded report from the level-two investigator.

281—102.14(280) Substantial compliance. Because investigative procedures seldom allow for rigid observance of the protocol, substantial compliance with the rules is required with the overriding goal of reaching a fair and unbiased resolution of the complaint.

281—102.15(280) Effective date. These rules are effective on July 1, 1989, for school years 1989-90 and thereafter.

These rules are intended to implement Iowa Code section 280.17.

CHAPTER 103
CORPORAL PUNISHMENT, PHYSICAL RERAINT, SECLUSION, AND OTHER PHYSICAL CONTACT WITH STUDENTS

281—103.1(256B,280) Purpose and objectives. The purpose of this chapter is to provide uniform definitions and policies for public school districts, accredited nonpublic schools, and area education agencies regarding the application of physical contact or force to enrolled students. These rules clarify that corporal punishment, prone restraint, and mechanical restraint are prohibited; explain the parameters and protocols for the use of physical restraint and seclusion; and describe other limits on physical contact with students. The applicability of this chapter to physical restraint, seclusion, or behavior management interventions does not depend on the terminology employed by the organization to describe the activity or space. These rules are intended to promote the dignity, care, safety, welfare, and security of each child and the school community; encourage the use of proactive, effective, and evidence- and research-based strategies and best practices to reduce the occurrence of challenging behaviors; increase meaningful instructional time for all students; ensure that seclusion and physical restraint are used only in specified circumstances and are subject to assessment, monitoring, documentation, and reporting by trained employees; and give clear guidance on whether a disciplinary or behavioral management technique is prohibited or may be used.

[ARC 5332C, IAB 12/16/20, effective 1/20/21]

281—103.2(256B,280) Definitions. For the purposes of this chapter:

“Bodily injury” means physical pain, illness, or any impairment of physical condition. “Corporal punishment” means the intentional physical punishment of a student. “Corporal punishment” includes the use of unreasonable or unnecessary physical force, or physical contact made with the intent to harm or cause pain.

“Debriefings” are meetings to collaboratively examine and determine what caused an incident or incidents resulting in the use of physical restraints or seclusion, how the incident or the use of physical restraints or seclusion or both could have been avoided and how future incidents could be avoided, and to plan for and implement positive and preventative supports. The debriefing process is intended to improve future outcomes by reducing the likelihood of future problem behavior and the subsequent use of physical restraint or seclusion.

“Mechanical restraint” means the use of a device as a means of restricting a student’s freedom of movement. “Mechanical restraint” does not mean a device used by trained school personnel, or used by a student, for the specific and approved therapeutic or safety purposes for which such a device was designed and, if applicable, prescribed, including restraints for medical immobilization, adaptive devices or mechanical supports used to allow greater freedom of mobility than would be possible without the use of such devices or mechanical supports, and vehicle safety restraints when used as intended during the transport of a student in a moving vehicle.

“Parent” means an individual included in the definition of “parent” in rule 281—41.30(256B,34CFR300), and also includes an individual authorized to make decisions for the child pursuant to a power of attorney for temporary delegation of custody or for making educational decisions.

“Physical restraint” means a personal restriction that immobilizes or reduces the ability of a child to move the child’s arms, legs, body, or head freely. “Physical restraint” does not mean a technique used by trained school personnel, or used by a student, for the specific and approved therapeutic or safety purposes for which such a technique was designed and, if applicable, prescribed. “Physical restraint” does not include instructional strategies, such as physically guiding a student during an educational task, hand-shaking, hugging, or other nondisciplinary physical contact.

“Prone restraint” means any restraint in which the child is held face down on the floor.

“Reasonable and necessary force” is that force, and no more, which a reasonable person would judge to be necessary under the circumstances that existed at the time, that is not intended to cause pain,
and that does not exceed the degree or duration required to accomplish the purposes set forth in rule 281—103.5(256B,280).

“School” includes public school districts, accredited nonpublic schools, and area education agencies.

“Seclusion” means the involuntary confinement of a child in a seclusion room or area from which the child is prevented or prohibited from leaving; however, preventing a child from leaving a classroom or school building shall not be considered seclusion. “Seclusion” does not include instances when a school employee is present within the room and providing services to the child, such as crisis intervention or instruction.

“Seclusion room” means a room, area, or enclosure, whether within or outside the classroom, used for seclusion.

[ARC 5332C, IAB 12/16/20, effective 1/20/21]

281—103.3(256B,280) Ban on corporal punishment and prone and mechanical restraints. An employee shall not inflict, or cause to be inflicted, corporal punishment upon a student or use prone restraints or mechanical restraints upon a student.

[ARC 5332C, IAB 12/16/20, effective 1/20/21]

281—103.4(256B,280) Activities that are not considered corporal punishment. Corporal punishment does not include the following:

1. Verbal recrimination or chastisement directed toward a student;
2. Reasonable requests or requirements of a student engaged in activities associated with physical education class or extracurricular athletics;
3. Actions consistent with and included in an individualized education program (IEP) developed under the Individuals with Disabilities Education Act, as reauthorized, Iowa Code chapter 256B, and 281—Chapter 41; a behavior intervention plan (BIP); an individual health plan (IHP); or a safety plan. However, under no circumstance shall an IEP, BIP, IHP, or safety plan violate the provisions of this chapter;
4. Reasonable periods of detention, not in excess of school hours, or brief periods of detention before or after school, in a seat, classroom, or other part of a school facility;
5. Actions by an employee subject to these rules toward a person who is not a student of the school or receiving the services of a school employing or utilizing the services of the employee.

[ARC 5332C, IAB 12/16/20, effective 1/20/21]

281—103.5(256B,280) Use of reasonable and necessary force.

103.5(1) Notwithstanding the ban on corporal punishment in rule 281—103.3(256B,280), no employee subject to these rules is prohibited from:

a. Using reasonable and necessary force, not designed or intended to cause pain, in order to accomplish any of the following:
   (1) To quell a disturbance or prevent an act that threatens physical harm to any person.
   (2) To obtain possession of a weapon or other dangerous object within a student’s control.
   (3) For the purposes of self-defense or defense of others as provided for in Iowa Code section 704.3.
   (4) To remove a disruptive student from class or any area of the school’s premises or from school-sponsored activities off school premises.
   (5) To prevent a student from the self-infliction of harm.
   (6) To protect the safety of others.
   (7) To protect property as provided for in Iowa Code section 704.4 or 704.5.

b. Using incidental, minor, or reasonable physical contact to maintain order and control.

103.5(2) An employee subject to these rules is not privileged to use unreasonable force to accomplish any of the purposes listed above.

[ARC 5332C, IAB 12/16/20, effective 1/20/21]

281—103.6(256B,280) Reasonable force.
103.6(1) In determining the reasonableness of the physical force used by a school employee, the following factors shall be applied:
   a. The size and physical, mental, and psychological condition of the student;
   b. The nature of the student’s behavior or misconduct resulting in the use of physical force;
   c. The instrumentality used in applying the physical force;
   d. The extent and nature of resulting injury to the student, if any, including mental and psychological injury;
   e. The motivation of the school employee using the physical force.

103.6(2) Reasonable physical force, privileged at its inception, does not lose its privileged status by reasons of an injury to the student, not reasonably foreseeable or otherwise caused by intervening acts of another, including the student.

[ARC 5332C; IAB 12/16/20, effective 1/20/21]

281—103.7(256B,280) Reasonable and necessary force—use of physical restraint or seclusion.

103.7(1) Physical restraint or seclusion is reasonable and necessary only:
   a. To prevent or terminate an imminent threat of bodily injury to the student or others; or
   b. To prevent serious damage to property of significant monetary value or significant nonmonetary value or importance; or
   c. When the student’s actions seriously disrupt the learning environment or when physical restraint or seclusion is necessary to ensure the safety of the student and others; and
   d. When less restrictive alternatives to seclusion or physical restraint would not be feasible under the circumstances, or have failed in preventing or terminating the imminent threat or behavior; and
   e. When the physical restraint or seclusion complies with all the rules of this chapter.

103.7(2) If seclusion or physical restraint is utilized, the following provisions shall apply:
   a. The seclusion or physical restraint must be imposed by an employee who:
      (1) Is trained in accordance with rule 281—103.8(256B,280); or
      (2) Is otherwise available and a trained employee is not immediately available due to the unforeseeable nature of the occurrence.
   b. A school must attempt to notify the student’s parent using the school’s emergency contact system as soon as practicable after the situation is under control, but no later than one hour or the end of the school day, whichever occurs first.
   c. The seclusion or physical restraint must only be used for as long as is necessary, based on research and evidence, to allow the student to regain control of the student’s behavior to the point that the threat or behavior necessitating the use of the seclusion or physical restraint has ended, or when a medical condition occurs that puts the student at risk of harm.

   Unless otherwise provided for in the student’s written, approved IEP, BIP, IHP, or safety plan, if the seclusion or physical restraint continues for more than 15 minutes:
      (1) The student shall be provided with any necessary breaks to attend to personal and bodily needs, unless doing so would endanger the child or others.
      (2) An employee shall obtain approval from an administrator or administrator’s designee to continue the seclusion or physical restraint beyond 15 minutes. After the initial approval, an employee must obtain additional approval every 30 minutes thereafter for the continuation of the seclusion or physical restraint. Approval must be documented in accordance with rule 281—103.8(256B,280).
      (3) The student’s parent and the school may agree to more frequent notifications than is required by this subrule.
      (4) Schools and employees must document and explain in writing, as required by subrule 103.8(2), the reasons why it was not possible for them to obtain approval, notify parents, or take action under paragraphs 103.7(2) “b” and “c” within the prescribed time limits.
      (5) Schools and employees who initiate and then end the use of nonapproved restraints must document and explain in writing the reasons why they had no other option but to use this type of
behavioral intervention. This subparagraph is not intended to excuse or condone the use of nonapproved restraints.

d. The area of seclusion shall be a designated seclusion room that complies with the seclusion room requirements of rule 281—103.9(256B,280), unless the nature of the occurrence makes the use of the designated seclusion room impossible, clearly impractical, or clearly contrary to the safety of the student, others, or both; in that event, the school must document and explain in writing the reasons why a designated seclusion room was not used.

e. An employee must continually visually monitor the student for the duration of the seclusion or physical restraint.

f. An employee shall not use any physical restraint that obstructs the airway of the student.

g. If an employee restraints a student who uses sign language or an augmentative mode of communication as the student’s primary mode of communication, the student shall be permitted to have the student’s hands free of physical restraint, unless doing so is not feasible in view of the threat posed.

h. Seclusion or physical restraint shall not be used:
   • As punishment or discipline;
   • To force compliance or to retaliate;
   • As a substitute for appropriate educational or behavioral support;
   • To prevent property damage except as described in paragraph 103.7(1)“b”;
   • As a routine school safety measure; or
   • As a convenience to staff.

103.7(3) An employee must document the use of the seclusion or physical restraint in accordance with rule 281—103.8(256B,280).

103.7(4) Nothing in this rule shall be construed as limiting or eliminating any immunity conferred by Iowa Code section 280.21, rule 281—103.11(256B,280), or any other provision of law.

103.7(5) An agency covered by this chapter shall investigate any complaint or allegation that one or more of its employees violated one or more provisions of this chapter. If an agency covered by this chapter determines that one or more of its employees violated one or more of the provisions of this chapter, the agency shall take appropriate corrective action. If any allegation involves a specific student, the agency shall transmit to the parents of the student the results of its investigation, including, to the extent permitted by law, any required corrective action.

103.7(6) If a child’s IEP, BIP, IHP, or safety plan includes either or both physical restraint or seclusion measures, those measures must be individualized to the child; described with specificity in the child’s IEP, BIP, IHP, or safety plan; and be reasonably calculated to enable the child to make progress appropriate in light of the child’s circumstances.

103.7(7) These rules must be complied with whether or not a parent consents to the use of physical restraint or seclusion for the child.

103.7(8) If any alleged violation of this chapter is also an allegation of “abuse” as defined in rule 281—102.2(280), the procedures in 281—Chapter 102 shall be applicable.

103.7(9) Schools must provide a copy of this chapter and any school-adopted or school-used related policies, procedures and training materials to any individual who is not an employee but whose duties could require the individual to participate in or be present when physical restraints are or seclusion is being used. Schools must invite these individuals to participate in training offered to employees pursuant to this chapter.

[ARC 5332C, IAB 12/16/20, effective 1/20/21]

281—103.8(256B,280) Training, documentation, debriefing, and reporting requirements.

103.8(1) Training. An employee must receive training prior to using any form of physical restraint or seclusion. Training shall cover the following topics:

a. The rules of this chapter;

b. The school’s specific policies and procedures regarding the rules of this chapter;

c. Student and staff debriefing requirements;
d. Positive behavior interventions and supports, and evidence-based approaches to student discipline and classroom management;

e. Research-based alternatives to physical restraint and seclusion;

f. Crisis prevention, crisis intervention, and crisis de-escalation techniques;

g. Duties and responsibilities of school resource officers and other responders, and the techniques, strategies and procedures used by responders; and

h. Safe and effective use of physical restraint and seclusion.

103.8(2) Documentation and reporting. Schools must maintain documentation for each occurrence of physical restraint and seclusion. Documentation must contain at least the following information:

a. The name of the student;

b. The names and job titles of employees who observed, implemented, or were involved in administering or monitoring the use of seclusion or physical restraints, including the administrator or individual who approved continuation of the seclusion or physical restraint pursuant to subparagraph 103.7(2)“c”(2);

c. The date of the occurrence;

d. The beginning and ending times of the occurrence;

e. The date the employees who observed, implemented, or were involved in administering or monitoring the use of seclusion or physical restraints last completed training required by subrule 103.8(1);

f. A description of the actions of the student before, during, and after the seclusion or physical restraint;

g. A description of the actions of the employee(s) involved before, during, and after the seclusion or physical restraint, including the use of a nonapproved restraint (subparagraph 103.7(2)“c”(5)) or the use of other than a designated seclusion room (paragraph 103.7(2)“d”);

h. Documentation of approvals for continuation of the seclusion or physical restraint period generated in accordance with subrule 103.7(2), including why it was not possible to obtain approval;

i. A description of the less restrictive means attempted as alternatives to seclusion or physical restraint;

j. A description of any injuries, whether to the student or others, and any property damage;

k. A description of future approaches to address the student’s behavior, including any consequences or disciplinary actions that may be imposed on the student; and

l. The time and manner by which the school notified the student’s parent of the use of physical restraint or seclusion, including why it was not possible to attempt to give notice within the time specified by paragraph 103.7(2)“h.”

Schools must provide the student’s parent with a written copy of the report by the end of the third school day following the occurrence. The report shall be accompanied by a letter inviting the parent to participate in a debriefing meeting, if necessary under subrule 103.8(3), to be held within five school days of the day the report and letter are mailed or provided to the parent. The letter must include the date, time and place of the meeting and the names and titles of employees and other individuals who will attend the meeting. The parent may elect to receive the report and the letter via electronic mail or facsimile or by obtaining a copy at the school. If the parent does not provide instructions to the school or enter into an agreement with the school for alternate dates and methods of delivery, the school must mail the letter and report to the parent by first-class mail, postage prepaid, postmarked by end of the third school day after the occurrence.

103.8(3) Debriefing.

a. Schools must hold a debriefing meeting as soon as practicable whenever required by paragraph 103.8(3)“f.” but within five school days of the day the report and letter are mailed or provided to the parent, unless a parent who wants to participate personally or through a representative asks for an extension of time, or the parent and school agree to an alternate date and time. The student may attend the meeting with the parent’s consent. The parent may elect to be accompanied by other individuals or representatives. The meeting must include employees who administered the physical restraint or seclusion, an administrator or employee who was not involved in the occurrence, the individual or
administrator who approved continuation of the physical restraint or seclusion, other relevant personnel designated by the school (such as principal, counselor, classroom teacher, special education teacher), and, if indicated by the student’s behavior in the instances prompting the debriefing, an expert in behavioral health, mental health, or another appropriate discipline. The meeting, and the debriefing report that is to be provided to the parent after the meeting, must include the following information and subjects:

1. The date and location of the meeting, and the names and titles of the participants;
2. The documentation and report completed in compliance with subrule 103.8(2);
3. A review of the student’s BIP, IHP, safety plan, and IEP as applicable;
4. Identification of patterns of behavior and proportionate response, if any, in the student and the employees involved;
5. Determination of possible alternative responses to the incident/less restrictive means, if any;
6. Identification of additional resources that could facilitate those alternative responses in the future;
7. Planning for follow-up actions, such as behavior assessments, revisions of school intervention plans, medical consultations, and reintroduction plans.

b. Schools must complete the debriefing report and provide a copy of the report to the parent of the student within three school days of the debriefing meeting. The parent may elect to receive the report via electronic mail, or facsimile, or by obtaining a copy at the school. If the parent does not provide instructions to the school or enter into an agreement with the school for alternate dates and methods of delivery, the school must mail the debriefing report to the parent by first-class mail, postage prepaid, postmarked no later than three school days after the debriefing meeting.

c. If the debriefing session results in a recommendation that a child might be eligible for a BIP, IHP, safety plan, or IEP, the public agencies shall promptly determine the child’s eligibility in accordance with the procedures required for determining eligibility, including rules contained in 281—Chapter 14 and 281—Chapter 41, as applicable.

d. Any recommended change to a student’s BIP, IHP, safety plan, or IEP, or a student’s educational placement, shall be made in accordance with the procedures required for amending said plan or changing said placement, including rules contained in 281—Chapter 14 and 281—Chapter 41, as applicable.

e. Nothing in this subrule shall be construed to require employers to include information about employees that would be legally protected personnel information, including employee disciplinary information under Iowa Code chapters 279 and 284, or to allow discussion of that personnel information, in debriefing meetings.

f. For purposes of this subrule, a debriefing session is required:

1. Upon the first instance of seclusion or physical restraint during a school year;
2. Whenever any personal injury occurs as a part of the use of seclusion or physical restraint;
3. Whenever a reasonable educator would determine a debriefing session is necessary;
4. Whenever suggested by a student’s IEP team (if any);
5. Whenever agreed by the parent and the school officials.

However, in any case a debriefing session shall occur after seven instances of seclusion or physical restraint. Nothing in this paragraph shall be construed to prevent a school from offering more debriefing meetings.

103.8(4) Confidentiality: Schools must comply with the requirements of the Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99), Iowa Code chapter 22, “Examination of Public Records (Open Records),” and other applicable federal and state laws, when taking action pursuant to this rule.

103.8(5) Reporting to department. Schools shall report to the Iowa department of education, in a manner prescribed by the department, an annual count of all instances of seclusion or restraint, an annual count of the number of students who were subjected to seclusion or restraint, and any other data required for the department to implement the Elementary and Secondary Education Act, as amended by the Every Student Succeeds Act, Public Law 114-95.

[ARC 5332C; IAB 12/16/20, effective 1/20/21]
281—103.9(256B,280) Seclusion room requirements. Schools must meet the following standards for the structural and physical requirements for rooms used for seclusion:

103.9(1) The room must meet and comply with all applicable building, fire, safety, and health codes and standards and with the other requirements of this rule.

103.9(2) The dimensions of the room shall be of adequate width, length, and height to allow the student to move about and recline safely and comfortably, considering the age, size, and physical and mental condition of the student being secluded. The interior of the room must be no less than 56 square feet, and the distance between opposing walls must be no less than 7 feet across.

103.9(3) The room must not be isolated from school employees or the facility.

103.9(4) Any wall that is part of the room must be part of the structural integrity of the room (not free-standing cells or portable units attached to the existing wall or floor).

103.9(5) The room must provide a means of continuous visual and auditory monitoring of the student.

103.9(6) The room must be adequately lighted with switches to control lighting located outside the room.

103.9(7) The room must be adequately ventilated with switches to control fans or other ventilation devices located outside the room.

103.9(8) The room must maintain a temperature within the normal human comfort range and consistent with the rest of the building with temperature controls located outside of the room.

103.9(9) The room must be clean and free of objects and fixtures that could be potentially dangerous to a student, including protruding, exposed, or sharp objects, exposed pipes, electrical wiring, or other objects in the room that could be used by students to harm themselves or to climb up a wall.

103.9(10) The room must contain no free-standing furniture.

103.9(11) The room must be constructed of materials safe for its intended use, including wall and floor coverings designed to prevent injury to the student. Interior finish of the seclusion room shall comply with the state and local building and fire codes and standards.

103.9(12) Doors must open outward. The door shall not be fitted with a lock unless it releases automatically when not physically held in the locked position by personnel on the outside of the door and permits the door to be opened from the inside. Doors, when fully open, shall not reduce the required corridor width by more than seven inches. Doors in any position shall not reduce the required width by more than one-half.

103.9(13) The room must be able to be opened from the inside immediately upon the release of a security mechanism held in place by constant human contact.

103.9(14) Windows, if any, must be transparent and made of unbreakable or shatterproof glass or plastic.

103.9(15) By July 1, 2021, schools must consult with appropriate state and local building, fire, safety, and health officials to ensure the room complies with all applicable codes and standards (for example, heating, ventilation, lighting, accessibility, dimensions, access, entry and exit, fire suppression, etc.), and maintain documentation of such consultation and compliance and approval.

103.9(16) Assuming approval pursuant to subrule 103.9(15), a school may continue to use a room that otherwise complies with this rule but for subrule 103.9(2) for a period of five years from January 20, 2021, or whenever the portion of the school containing the room is renovated or remodeled, whichever occurs first.

[ARC 5332C, IAB 12/16/20, effective 1/20/21]

281—103.10(256B,280) Department responsibilities. The department shall develop, establish, and distribute to all school districts evidence-based standards, guidelines, and expectations for the appropriate and inappropriate responses to behavior in the classroom that presents an imminent threat of bodily injury to a student or another person and for the reasonable, necessary, and appropriate physical restraint of a student, consistent with these rules.

The director of the department shall consult with the area education agencies to create comprehensive and consistent standards and guidance for professional development relating to successfully educating
individuals in the least restrictive environment, and for evidence-based interventions consistent with the standards established pursuant to this subsection.

[ARC 5332C, IAB 12/16/20, effective 1/20/21]

281—103.11(256B,280) Other provisions.

103.11(1) To prevail in a civil action alleging a violation of Iowa Code section 280.21 or this chapter, the party bringing the action shall prove the violation by clear and convincing evidence. Any school employee determined in a civil action to have been wrongfully accused under Iowa Code section 280.21 or this chapter shall be awarded reasonable monetary damages, in light of the circumstances involved, against the party bringing the action.

103.11(2) A school employee’s employer and the board of educational examiners shall not engage in reprisal or retaliation against a school employee who, in the reasonable course of the employee’s employment responsibilities, comes into physical contact with a student in accordance with Iowa Code section 280.21 or this chapter.

[ARC 5332C, IAB 12/16/20, effective 1/20/21]

These rules are intended to implement Iowa Code section 280.21.

TITLE XVIII  
EARLY CHILDHOOD  

CHAPTER 120  
EARLY ACCESS INTEGRATED SYSTEM OF  
EARLY INTERVENTION SERVICES  

DIVISION I  
PURPOSE AND APPLICABILITY  

120.1(1) Establishment of Early ACCESS Integrated System of Early Intervention Services. This chapter establishes Iowa’s Early ACCESS Integrated System of Early Intervention Services, which is Iowa’s implementation of Part C of the Individuals with Disabilities Education Act.  

120.1(2) Purposes. The purposes of this chapter are as follows:  

a. Develop and implement a statewide, comprehensive, coordinated, multidisciplinary, interagency system that provides early intervention services for infants and toddlers with disabilities and their families;  

b. Facilitate the coordination of payment for early intervention services from federal, state, local, and private sources (including public and private insurance coverage);  

c. Enhance Iowa’s capacity to provide quality early intervention services and expand and improve existing early intervention services being provided to infants and toddlers with disabilities and their families; and  

d. Enhance the capacity of state and local agencies and service providers to identify, evaluate, and meet the needs of all children, including historically underrepresented populations, particularly minority, low-income, inner-city, and rural children, and infants and toddlers in foster care.  

120.1(3) Overall outcomes. The overall intended outcome of Early ACCESS is to provide early intervention resources, supports, and services to eligible children and their families within a coordinated, integrated system. Early ACCESS is aimed at the following four outcomes:  

a. Enhancing the development of eligible children;  

b. Reducing educational costs to society by minimizing the need for special education and related services after such children reach school age;  

c. Preparing eligible children for school entry; and  

d. Enhancing the capacity of families to meet the unique needs of their eligible children.  

[ARC 0100C, IAB 4/18/12, effective 5/23/12]  

281—120.2(34CFR303) Applicability of this chapter. The provisions of this chapter apply to the Iowa department of education, as the state lead agency, the signatory agencies identified in subrule 120.39(15), and any early intervention service (EIS) provider that is part of the statewide system of early intervention, regardless of whether that EIS provider receives funds under Part C of the Act. The chapter applies to all children referred to the Part C program, including infants and toddlers with disabilities consistent with the definitions in rules 281—120.6(34CFR303) and 281—120.21(34CFR303), and their families. The provisions of this chapter do not apply to any child with a disability receiving a “free appropriate public education” or “FAPE” under 34 CFR Part 300.  

[ARC 0100C, IAB 4/18/12, effective 5/23/12]  

281—120.3(34CFR303) Applicable federal regulations.  

120.3(1) General. The following regulations apply to this chapter:  

a. The regulations at 34 CFR Part 303.  

b. The Education Department General Administrative Regulations (EDGAR), including 34 CFR Parts 76 (except for §76.103), 77, 79, 80, 81, 82, 84, 85, and 86.  

120.3(2) References in EDGAR. In applying EDGAR regulations cited in subrule 120.3(1), any reference to:

281—120.5(34CFR303) At-risk infant or toddler. “At-risk infant or toddler” means an individual under three years of age who would be at risk of experiencing a substantial developmental delay if early intervention services were not provided to the individual.

281—120.6(34CFR303) Child. “Child” means an individual under the age of six and may include an “infant or toddler with a disability,” as that term is defined in rule 281—120.21(34CFR303).

281—120.7(34CFR303) Consent.

120.7(1) Obtaining consent. “Consent” is obtained when all of the following conditions are satisfied:

a. The parent has been fully informed of all information relevant to the activity for which consent is sought, in the parent’s native language, as defined in rule 281—120.25(34CFR303);

b. The parent understands and agrees in writing to the carrying out of the activity for which the parent’s consent is sought, and the consent form describes that activity and lists the early intervention records (if any) that will be released and to whom they will be released; and

c. The parent understands that the granting of consent is voluntary on the part of the parent and may be revoked at any time.

120.7(2) Revoking consent. If a parent revokes consent, that revocation is not retroactive (i.e., it does not apply to an action that occurred before the consent was revoked).

281—120.8(34CFR303) Council. “Council” means the Iowa council for Early ACCESS, which is the state interagency coordinating council that meets the requirements of Division VIII of this chapter.

281—120.9(34CFR303) Day. “Day” means calendar day, unless otherwise indicated.

281—120.10(34CFR303) Developmental delay. “Developmental delay,” when used with respect to a child residing in a state, has the meaning given that term by the state under rule 281—120.111(34CFR303).

281—120.11(34CFR303) Early intervention service program. “Early intervention service program” or “EIS program” means an entity designated by the lead agency for reporting under rules 281—120.700(34CFR303) through 281—120.702(34CFR303).

281—120.12(34CFR303) Early intervention service provider.
120.12(1) General. “Early intervention service provider” or “EIS provider” means an entity (whether public, private, or nonprofit) or an individual that provides early intervention services under Part C of the Act, whether or not the entity or individual receives federal funds under Part C of the Act, and may include, where appropriate, the lead agency and a public agency responsible for providing early intervention services to infants and toddlers with disabilities in the state under Part C of the Act.

120.12(2) Responsibilities. An EIS provider is responsible for:

a. Participating in the multidisciplinary individualized family service plan (IFSP) team’s ongoing assessment of an infant or toddler with a disability and a family-directed assessment of the resources, priorities, and concerns of the infant’s or toddler’s family, as related to the needs of the infant or toddler, in the development of integrated goals and outcomes for the IFSP;

b. Providing early intervention services in accordance with the IFSP of the infant or toddler with a disability; and

c. Consulting with and training parents and others regarding the provision of the early intervention services described in the IFSP of the infant or toddler with a disability.

120.12(3) Rule of construction. “Early ACCESS service provider” is a synonym for “early intervention service provider.”

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.13(34CFR303) Early intervention services.

120.13(1) General. “Early intervention services” means developmental services that:

a. Are provided under public supervision;

b. Are selected in collaboration with the parents;

c. Are provided at no cost, except, subject to rules 281—120.520(34CFR303) and 281—120.521(34CFR303), where federal or state law provides for a system of payments by families, including, if applicable, a schedule of sliding fees;

d. Are designed to meet the developmental needs of an infant or toddler with a disability and the needs of the family to assist appropriately in the infant’s or toddler’s development, as identified by the IFSP team, in any one or more of the following areas, including:

(1) Physical development;

(2) Cognitive development;

(3) Communication development;

(4) Social or emotional development; or

(5) Adaptive development;

e. Meet the standards of the state in which the early intervention services are provided, including but not limited to the then-applicable version of Iowa’s Early Learning Standards and the requirements of Part C of the Act;

f. Include services identified under subrule 120.13(2);

g. Are provided by qualified personnel (as that term is defined in rule 281—120.31(34CFR303)), including the types of personnel listed in subrule 120.13(3); and

h. To the maximum extent appropriate, are provided in natural environments, as defined in rule 281—120.126(34CFR303) and consistent with rule 281—120.126(34CFR303) and subrule 120.344(4); and

i. Are provided in conformity with an IFSP adopted in accordance with Section 636 of the Act and rule 281—120.20(34CFR303).

120.13(2) Types of early intervention services. Subject to subrule 120.13(4), early intervention services include the following services defined in this subrule:

a. Assistive technology device and assistive technology service are defined as follows:

(1) “Assistive technology device” means any item, piece of equipment, or product system, whether acquired commercially off the shelf, modified, or customized, that is used to increase, maintain, or improve the functional capabilities of an infant or toddler with a disability. “Assistive technology device” does not include a medical device that is surgically implanted, including a cochlear implant, or the optimization (e.g., mapping), maintenance, or replacement of that device.
(2) “Assistive technology service” means any service that directly assists an infant or toddler with a disability in the selection, acquisition, or use of an assistive technology device. “Assistive technology service” includes:

1. The evaluation of the needs of an infant or toddler with a disability, including a functional evaluation of the infant or toddler with a disability in the child’s customary environment;
2. Purchasing, leasing, or otherwise providing for the acquisition of assistive technology devices by infants or toddlers with disabilities;
3. Selecting, designing, fitting, customizing, adapting, applying, maintaining, repairing, or replacing assistive technology devices;
4. Coordinating and using other therapies, interventions, or services with assistive technology devices, such as those associated with existing education and rehabilitation plans and programs;
5. Training or technical assistance for an infant or toddler with a disability or, if appropriate, that child’s family; and
6. Training or technical assistance for professionals (including individuals providing education or rehabilitation services) or other individuals who provide services to, or are otherwise substantially involved in the major life functions of, infants and toddlers with disabilities.

b. “Audiology services” includes:

(1) Identification of children with auditory impairments, using at-risk criteria and appropriate audiologic screening techniques;
(2) Determination of the range, nature, and degree of hearing loss and communication functions, by use of audiological evaluation procedures;
(3) Referral for medical and other services necessary for the habilitation or rehabilitation of an infant or toddler with a disability who has an auditory impairment;
(4) Provision of auditory training, aural rehabilitation, speech reading and listening devices, orientation and training, and other services;
(5) Provision of services for prevention of hearing loss; and
(6) Determination of the child’s individual amplification, including selecting, fitting, and dispensing appropriate listening and vibrotactile devices, and evaluating the effectiveness of those devices.

c. “Family training, counseling, and home visits” means services provided, as appropriate, by social workers, psychologists, and other qualified personnel to assist the family of an infant or toddler with a disability in understanding the special needs of the child and enhancing the child’s development.

d. “Health services” has the meaning given the term in rule 281—120.16(34CFR303).

e. “Medical services” means services provided by a licensed physician for diagnostic or evaluation purposes to determine a child’s developmental status and need for early intervention services.

f. “Nursing services” includes:

(1) The assessment of health status for the purpose of providing nursing care, including the identification of patterns of human response to actual or potential health problems;
(2) The provision of nursing care to prevent health problems, restore or improve functioning, and promote optimal health and development; and
(3) The administration of medications, treatments, and regimens prescribed by a licensed physician.

g. “Nutrition services” includes:

(1) Conducting individual assessments in:
1. Nutritional history and dietary intake;
2. Anthropometric, biochemical, and clinical variables;
3. Feeding skills and feeding problems; and
4. Food habits and food preferences;
(2) Developing and monitoring appropriate plans to address the nutritional needs of children eligible under this chapter, based on the findings in subparagraph 120.13(2)“g”(1); and
(3) Making referrals to appropriate community resources to carry out nutrition goals.

h. “Occupational therapy” includes services to address the functional needs of an infant or toddler with a disability related to adaptive development, adaptive behavior, and play, and sensory, motor, and
postural development. These services are designed to improve the child’s functional ability to perform tasks in home, school, and community settings, and include:

1. Identification, assessment, and intervention;
2. Adaptation of the environment, and selection, design, and fabrication of assistive and orthotic devices to facilitate development and promote the acquisition of functional skills; and
3. Prevention or minimization of the impact of initial or future impairment, delay in development, or loss of functional ability.
   i. “Physical therapy” includes services to address the promotion of sensorimotor function through enhancement of musculoskeletal status, neurobehavioral organization, perceptual and motor development, cardiopulmonary status, and effective environmental adaptation. These services include:
      1. Screening, evaluation, and assessment of children to identify movement dysfunction;
      2. Obtaining, interpreting, and integrating information appropriate to program planning to prevent, alleviate, or compensate for movement dysfunction and related functional problems; and
      3. Providing individual and group services or treatment to prevent, alleviate, or compensate for movement dysfunction and related functional problems.
   j. “Psychological services” includes:
      1. Administering psychological and developmental tests and other assessment procedures;
      2. Interpreting assessment results;
      3. Obtaining, integrating, and interpreting information about child behavior and child and family conditions related to learning, mental health, and development; and
      4. Planning and managing a program of psychological services, including psychological counseling for children and parents, family counseling, consultation on child development, parent training, and education programs.
   k. “Service coordination services” has the meaning given the term in rule 281—120.34(34CFR303).
   l. “Sign language and cued language services” includes teaching sign language, cued language, and auditory/oral language, providing oral transliteration services (such as amplification), and providing sign and cued language interpretation.
   m. “Social work services” includes:
      1. Making home visits to evaluate a child’s living conditions and patterns of parent-child interaction;
      2. Preparing a social or emotional developmental assessment of the infant or toddler within the family context;
      3. Providing individual and family-group counseling with parents and other family members, and appropriate social skill-building activities with the infant or toddler and parents;
      4. Working with those problems in the living situation (home, community, and any center where early intervention services are provided) of an infant or toddler with a disability and the family of that child that affect the child’s maximum utilization of early intervention services; and
      5. Identifying, mobilizing, and coordinating community resources and services to enable the infant or toddler with a disability and the family to receive maximum benefit from early intervention services.
   n. “Special instruction” includes:
      1. The design of learning environments and activities that promote the infant’s or toddler’s acquisition of skills in a variety of developmental areas, including cognitive processes and social interaction;
      2. Curriculum planning, including the planned interaction of personnel, materials, and time and space, that leads to achieving the outcomes in the IFSP for the infant or toddler with a disability;
      3. Providing families with information, skills, and support related to enhancing the skill development of the child; and
      4. Working with the infant or toddler with a disability to enhance the child’s development.
   o. “Speech-language pathology services” includes:
(1) Identification of children with communication or language disorders and delays in development of communication skills, including the diagnosis and appraisal of specific disorders and delays in those skills;

(2) Referral for medical or other professional services necessary for the habilitation or rehabilitation of children with communication or language disorders and delays in development of communication skills;

(3) Provision of services for the habilitation, rehabilitation, or prevention of communication or language disorders and delays in development of communication skills.

p. “Transportation and related costs” includes the cost of travel and other costs that are necessary to enable an infant or toddler with a disability and the child’s family to receive early intervention services.

q. “Vision services” means:

(1) Evaluation and assessment of visual functioning, including the diagnosis and appraisal of specific visual disorders, delays, and abilities that affect early childhood development;

(2) Referral for medical or other professional services necessary for the habilitation or rehabilitation of visual functioning disorders, or both; and

(3) Communication skills training, orientation and mobility training for all environments, visual training, and additional training necessary to activate visual motor abilities.

120.13(3) Qualified personnel. The following are the types of qualified personnel who provide early intervention services under this chapter:

a. Audiologists.

b. Family therapists.

c. Nurses.

d. Occupational therapists.

e. Orientation and mobility specialists.

f. Pediatricians and other physicians for diagnostic and evaluation purposes.

g. Physical therapists.

h. Psychologists.

i. Registered dieticians.

j. Social workers.

k. Special educators, including teachers of children who are deaf or hard of hearing and teachers of children with visual impairments (including blindness).

l. Speech and language pathologists.

m. Vision specialists, including ophthalmologists and optometrists.

120.13(4) Other services. The services and personnel identified and defined in subrules 120.13(2) and 120.13(3) do not comprise exhaustive lists of the types of services that may constitute early intervention services or the types of qualified personnel that may provide early intervention services. Nothing in rule 281—120.13(34CFR303) prohibits the identification in the IFSP of another type of service as an early intervention service provided that the service meets the criteria identified in subrule 120.13(1) or of another type of personnel that may provide early intervention services in accordance with this chapter, provided such personnel meet the requirements in rule 281—120.31(34CFR303).

120.13(5) Rule of construction. “Early ACCESS services” is a synonym for the services described in this rule.

[ARC 0100C; IAB 4/18/12, effective 5/23/12; ARC 5870C, IAB 8/25/21, effective 9/29/21]

281—120.14(34CFR303) Elementary school. “Elementary school” means a nonprofit institutional day or residential school, including a public elementary charter school, that provides elementary education, as determined under state law.

[ARC 0100C; IAB 4/18/12, effective 5/23/12]

281—120.15(34CFR303) Free appropriate public education. “Free appropriate public education” or “FAPE,” as used in rule 281—120.521(34CFR303), means special education and related services that are provided at public expense, under public supervision and direction, and without charge; that meet the standards of the state educational agency (SEA), including the requirements of Part B of the Act;
that include an appropriate preschool, elementary school, or secondary school education in the state involved; and that are provided in conformity with an individualized education program (IEP) that meets the requirements of 34 CFR 300.320 through 300.324.

[ARC 0100C; IAB 4/18/12, effective 5/23/12]

281—120.16(34CFR303) Health services.

120.16(1) General. “Health services” means services necessary to enable an otherwise eligible child to benefit from the other early intervention services under this chapter during the time that the child is eligible to receive early intervention services.

120.16(2) Examples of health services. “Health services” includes:

a. Such services as clean intermittent catheterization, tracheostomy care, tube feeding, the changing of dressings or colostomy collection bags, and other health services; and

b. Consultation by physicians with other service providers concerning the special health care needs of infants and toddlers with disabilities that will need to be addressed in the course of providing other early intervention services.

120.16(3) Services excluded. “Health services” does not include:

a. Services that are:

(1) Surgical in nature (such as cleft palate surgery, surgery for club foot, or the shunting of hydrocephalus);

(2) Purely medical in nature (such as hospitalization for management of congenital heart ailments, or the prescribing of medicine or drugs for any purpose); or

(3) Related to the implementation, optimization (e.g., mapping), maintenance, or replacement of a medical device that is surgically implanted, including a cochlear implant.

1. Nothing in this chapter limits the right of an infant or toddler with a disability with a surgically implanted device (e.g., cochlear implant) to receive the early intervention services that are identified in the child’s IFSP as being needed to meet the child’s developmental outcomes.

2. Nothing in this chapter prevents the EIS provider from routinely checking that either the hearing aid or the external components of a surgically implanted device (e.g., cochlear implant) of an infant or toddler with a disability are functioning properly;

b. Devices (such as heart monitors, respirators and oxygen, and gastrointestinal feeding tubes and pumps) necessary to control or treat a medical condition; and

b. Medical-health services (such as immunizations and regular “well-baby” care) that are routinely recommended for all children.

[ARC 0100C; IAB 4/18/12, effective 5/23/12]

[ARC 0100C; IAB 4/18/12, effective 5/23/12]

281—120.18(34CFR303) Include; including. “Include” or “including” means that the items named are not all of the possible items that are covered, whether like or unlike the ones named.

[ARC 0100C; IAB 4/18/12, effective 5/23/12]

281—120.19(34CFR303) Indian; Indian tribe. “Indian” means an individual who is a member of an Indian tribe. “Indian tribe” means any federal or state Indian tribe, band, rancheria, pueblo, colony, community, or settlement, including any Alaska Native village or regional village corporation (as defined in or established under the Alaska Native Claims Settlement Act, 43 U.S.C. 1601 et seq.). Nothing in this definition is intended to indicate that the Secretary of the Interior is required to provide services or funding to a state Indian tribe that is not listed in the Federal Register list of Indian entities recognized as eligible to receive services from the United States, published pursuant to Section 104 of the Federally Recognized Indian Tribe List Act of 1994, 25 U.S.C. 479a-1.

281—120.21(34CFR303) Infant or toddler with a disability. “Infant or toddler with a disability” means an individual under three years of age who needs early intervention services because the individual:

120.21(1) Is experiencing a developmental delay, which is a 25 percent delay as measured by appropriate diagnostic instruments and procedures, in one or more of the following areas:
   a. Cognitive development;
   b. Physical development, including vision and hearing;
   c. Communication development;
   d. Social or emotional development;
   e. Adaptive development; or

120.21(2) Has a diagnosed physical or mental condition that:
   a. Has a high probability of resulting in developmental delay; and
   b. Includes conditions such as chromosomal abnormalities; genetic or congenital disorders; sensory impairments; inborn errors of metabolism; disorders reflecting disturbance of the development of the nervous system; congenital infections; severe attachment disorders; and disorders secondary to exposure to toxic substances, including fetal alcohol syndrome.

[ARC 0100C; IAB 4/18/12, effective 5/23/12]

281—120.22(34CFR303) Lead agency. “Lead agency” is the Iowa department of education, as designated by the governor, to receive funds under Section 643 of the Act and to administer the state’s responsibilities under Part C of the Act.

[ARC 0100C; IAB 4/18/12, effective 5/23/12]

281—120.23(34CFR303) Local educational agency.

120.23(1) General. “Local educational agency” or “LEA” means a public board of education or other public authority legally constituted within the state for either administrative control or direction of, or to perform a service function for, public elementary schools or secondary schools in a city, county, township, school district, or other political subdivision of the state, or for a combination of school districts or counties as are recognized in the state as an administrative agency for its public elementary schools or secondary schools.

120.23(2) Educational service agencies and other public institutions or agencies. “Educational service agencies and other public institutions or agencies” includes the following:
   a. “Educational service agency,” defined as a regional public multiservice agency:
      (1) Authorized by state law to develop, manage, and provide services or programs to LEAs; and
      (2) Recognized as an administrative agency for purposes of the provision of special education and related services provided within public elementary schools and secondary schools of the state.
   b. Any other public institution or agency having administrative control and direction of a public elementary school or secondary school, including a public charter school that is established as an LEA under state law.
   c. Entities that meet the definition of “intermediate educational unit” or “IEU” in Section 602(23) of the Act, as in effect prior to June 4, 1997. Under that definition, an “intermediate educational unit” or “IEU” means any public authority other than an LEA that:
      (1) Is under the general supervision of the state educational agency;
281—120.24(34CFR303) Multidisciplinary. “Multidisciplinary” means the involvement of two or more separate disciplines or professions and, with respect to:

1. Evaluation of the child in rule 281—120.113(34CFR303) and subrule 120.321(1) and assessments of the child and family in subrule 120.321(1), may include one individual who is qualified in more than one discipline or profession; and

2. The IFSP team in rule 281—120.340(34CFR303) must include the involvement of the parent and two or more individuals from separate disciplines or professions and one of these individuals must be the service coordinator (consistent with subrule 120.343(1)).

281—120.25(34CFR303) Native language.

120.25(1) Limited English proficiency. “Native language,” when used with respect to an individual who is limited English proficient or LEP (as that term is defined in Section 602(18) of the Act), means:

a. The language normally used by that individual, or, in the case of a child, the language normally used by the parents of the child, except as provided in paragraph 120.25(1)“b”; and

b. For evaluations and assessments conducted pursuant to subrule 120.321(1), the language normally used by the child, if determined developmentally appropriate for the child by qualified personnel conducting the evaluation or assessment.

120.25(2) Deaf or hard of hearing; blind or visually impaired; no written language. “Native language,” when used with respect to an individual who is deaf or hard of hearing, blind or visually impaired, or for an individual with no written language, means the mode of communication that is normally used by the individual (such as sign language, braille, or oral communication).

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.26(34CFR303) Natural environments. “Natural environments” means settings that are natural or typical for a same-aged infant or toddler without a disability, may include the home or community settings, and must be consistent with the provisions of rule 281—120.126(34CFR303).

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.27(34CFR303) Parent.

120.27(1) General. “Parent” means:

a. A biological or adoptive parent of a child;

b. A foster parent, unless state law, regulations, or contractual obligations with a state or local entity prohibit a foster parent from acting as a parent;

c. A guardian generally authorized to act as the child’s parent, or authorized to make early intervention, educational, health or developmental decisions for the child (but not the state if the child is a ward of the state);

d. An individual acting in the place of a biological or adoptive parent (including a grandparent, stepparent, or other relative) with whom the child lives, or an individual who is legally responsible for the child’s welfare; or

e. A surrogate parent who has been appointed in accordance with rule 281—120.422(34CFR303) or Section 639(a)(5) of the Act.
120.27(2) Rules of construction and application. The following rules are to be used to determine whether a party qualifies as a “parent.”

a. Except as provided in paragraph 120.27(2)“b,” the biological or adoptive parent, when attempting to act as the parent under this chapter and when more than one party is qualified under subrule 120.27(1) to act as a parent, must be presumed to be the parent for purposes of rule 281—120.27(34CFR303) unless the biological or adoptive parent does not have legal authority to make educational or early intervention services decisions for the child.

b. If a judicial decree or order identifies a specific person or persons under paragraphs 120.27(1)“a” through “d” to act as the “parent” of a child or to make educational or early intervention service decisions on behalf of a child, then the person or persons must be determined to be the “parent” for purposes of Part C of the Act, except that if an EIS provider or a public agency provides any services to a child or any family member of that child, that EIS provider or public agency may not act as the parent for that child.

281—120.28(34CFR303) Parent training and information center. “Parent training and information center” means a center assisted under Section 671 or 672 of the Act.

[ARC 0100C; IAB 4/18/12, effective 5/23/12]

281—120.29(34CFR303) Personally identifiable information. “Personally identifiable information” means personally identifiable information as defined in 34 CFR 99.3, except that the term “student” in the definition of “personally identifiable information” in 34 CFR 99.3 means “child” as used in this chapter and any reference to “school” means “EIS provider” as used in this chapter.

[ARC 0100C; IAB 4/18/12, effective 5/23/12]

281—120.30(34CFR303) Public agency. As used in this chapter, “public agency” means the lead agency and any other agency or political subdivision of the state. The particular public agency serving each infant or toddler and that infant or toddler’s family shall be determined by the particular Early ACCESS needs of each infant and toddler and pursuant to the interagency agreements established under this chapter. Disputes about which agency will serve a particular infant or toddler shall be resolved by the mechanisms that those agreements contain.

[ARC 0100C; IAB 4/18/12, effective 5/23/12]

281—120.31(34CFR303) Qualified personnel. “Qualified personnel” means personnel who have met state-approved or state-recognized certification, licensing, registration, or other comparable requirements that apply to the areas in which the individuals are conducting evaluations or assessments or providing early intervention services.

[ARC 0100C; IAB 4/18/12, effective 5/23/12]

281—120.32(34CFR303) Scientifically based research. “Scientifically based research” has the meaning given the term in Section 9101(37) of the Elementary and Secondary Education Act of 1965 (ESEA). In applying the ESEA to the regulations under Part C of the Act, any reference to “education activities and programs” refers to “early intervention services.”

[ARC 0100C; IAB 4/18/12, effective 5/23/12]

281—120.33(34CFR303) Secretary. “Secretary” means the Secretary of the United States Department of Education.

[ARC 0100C; IAB 4/18/12, effective 5/23/12]

281—120.34(34CFR303) Service coordination services (case management).

120.34(1) General.

a. As used in this chapter, “service coordination services” means services provided by a service coordinator to assist and enable an infant or toddler with a disability and the child’s family to receive the services and rights, including procedural safeguards, required under this chapter.
b. Each infant or toddler with a disability and the child’s family must be provided with one service coordinator who is responsible for:
   (1) Coordinating all services required under this chapter across agency lines; and
   (2) Serving as the single point of contact for carrying out the activities described in this subrule and subrule 120.34(2).
   c. Service coordination is an active, ongoing process that involves:
      (1) Assisting parents of infants and toddlers with disabilities in gaining access to, and coordinating the provision of, the early intervention services required under this chapter;
      (2) Using family-centered practices in all contacts with families; and
      (3) Coordinating the other services identified in the IFSP under subrule 120.344(5) that are needed by, or are being provided to, the infant or toddler with a disability and that child’s family.
120.34(2) Specific service coordination services. Service coordination services include:
   a. Explaining the system of services and resources called Early ACCESS;
   b. Assisting parents of infants and toddlers with disabilities in obtaining access to needed early intervention services and other services identified in the IFSP, including making referrals to providers for needed services and scheduling appointments for infants and toddlers with disabilities and their families;
   c. Coordinating the provision of early intervention services and other services (such as educational, social, and medical services that are not provided for diagnostic or evaluative purposes) that the child needs or is being provided;
   d. Coordinating evaluations and assessments;
   e. Facilitating and participating in the development, review, and evaluation of IFSPs;
   f. Conducting referral and other activities to assist families in identifying available EIS providers;
   g. Coordinating, facilitating, and monitoring the delivery of services required under this chapter to ensure that the services are provided in a timely manner;
   h. Conducting follow-up activities to determine that appropriate Part C services are being provided;
      i. Informing families of their rights and procedural safeguards, as set forth in Division VI of this chapter and related resources;
      j. Coordinating the funding sources for services required under this chapter; and
      k. Facilitating the development of a transition plan to preschool, school, or, if appropriate, to other services.
120.34(3) Use of the term “service coordination” or “service coordination services.” The lead agency’s or an EIS provider’s use of the term “service coordination” or “service coordination services” does not preclude characterization of the services as case management or any other service that is covered by another payor of last resort (including Title XIX of the Social Security Act—Medicaid), for purposes of claims in compliance with the requirements of rules 281—120.501(34CFR303) through 281—120.521(34CFR303) (payor of last resort provisions).
120.34(4) Appointment of service coordinator. A service coordinator shall be appointed to families as soon as possible after a referral is received. Continuity of services for the child and the child’s family shall be a consideration in the determination of whether a change is made in the service coordinator at any time following initial appointment.
120.34(5) Required service coordinator qualifications. In addition to the requirements of subrule 120.119(1), a service coordinator must be a person who has completed a competency-based training program with content related to knowledge and understanding of eligible children, these rules, the nature and scope of services in Early ACCESS in the state, and the system of payments for services, as well as service coordination responsibilities and strategies. The competency-based training program, approved by the department, shall include different training formats and differentiated training to reflect the background and knowledge of the trainees, including those persons who are state-licensed professionals whose scope of practice includes service coordination. The department or its designee shall determine whether service coordinators have successfully completed the training.

[ARC 0100C; IAB 4/18/12, effective 5/23/12]
281—120.35(34CFR303) State. “State” means each of the 50 states, the Commonwealth of Puerto Rico, the District of Columbia, and the four outlying areas and jurisdictions of Guam, American Samoa, the United States Virgin Islands, and the Commonwealth of the Northern Mariana Islands.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.36(34CFR303) State educational agency. “State educational agency” or “SEA” means the state board of education or other agency or officer primarily responsible for the state supervision of public elementary schools and secondary schools or, if there is no such officer or agency, an officer or agency designated by the governor or by state law. “State educational agency” includes the agency that receives funds under Sections 611 and 619 of the Act to administer the state’s responsibilities under Part B of the Act. In Iowa, the SEA is the Iowa department of education.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.37(34CFR303) Ward of the state. 120.37(1) General. Subject to subrules 120.37(2) and 120.37(3), “ward of the state” means a child who, as determined by the state where the child resides, is:
   a. A foster child;
   b. A ward of the state; or
   c. In the custody of a public child welfare agency.

120.37(2) Exception. “Ward of the state” does not include a foster child who has a foster parent who meets the definition of “parent” in rule 281—120.27(34CFR303).

120.37(3) Interpretive note. “Ward of the state” is a term rarely used in Iowa law. It would be an extremely rare occurrence for a child to be a ward of the state while not being either a foster child or in the custody of a public child welfare agency.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.38(34CFR303) Other definitions used in this chapter. The following terms apply to this chapter:

120.38(1) Area education agency. “Area education agency” or “AEA” is a political subdivision of the state organized pursuant to Iowa Code chapter 273.

120.38(2) Board. “Board” means the Iowa state board of education.

120.38(3) Community partners. “Community partners” means local providers of signatory agencies, as well as other public or private community programs or agencies, including Early Head Start, child care providers, early childhood Iowa areas, and health programs, that work with Early ACCESS, as described in rule 281—120.803(34CFR303).

120.38(4) Department. “Department” means the Iowa department of education.

120.38(5) Director of education. “Director of education” means the state director of the Iowa department of education.

120.38(6) Early childhood Iowa area. “Early childhood Iowa area” means a partnership in a local community with broad representation to lead collaborative efforts involving education, health, and human services programs and services on behalf of children, families and other citizens residing in the local community’s geographic area. An early childhood Iowa area mobilizes individuals and their communities to achieve desired results in order to improve the well-being and quality of life for families with young children from birth through the age of five years.

120.38(7) Early childhood special education. “Early childhood special education” or “ECSE” means special education and related services under Part B of the Act for those individuals with disabilities younger than the age of six.

120.38(8) Eligible child. “Eligible child” is a synonym for “infant or toddler with a disability,” as defined in rule 281—120.21(34CFR303).

120.38(9) Family. “Family” means the persons who are primarily responsible for the care and nurturing in a child’s daily life, including biological or adoptive parents, grandparents, guardians, persons acting as parents, siblings, stepparents, or unmarried partners of parents.

120.38(10) GEPA. “GEPA” is an acronym for the General Education Provisions Act.
120.38(11) **Grantee.** “Grantee” means a recipient of funds under Part C of the Act or state funds designated for Early ACCESS that has the fiscal and legal obligation to ensure that the Early ACCESS system is implemented regionally. The term “grantee” shall not be construed in a manner that conflicts with the Act.

120.38(12) **Individualized family service plan team.** “Individualized family service plan team” or “IFSP team” includes the members described in subrule 120.343(1).

120.38(13) **Informed clinical opinion.** “Informed clinical opinion” means the integration of the results of evaluations, direct observations in various settings, and varied activities with the experience, knowledge, and skills of qualified personnel.

120.38(14) **School year.** “School year” means the period during which students who are 3 years of age through 21 years of age attend school.

120.38(15) **Signatory agency.** “Signatory agency” means the departments of education, public health, and human services and the child health specialty clinics.

120.38(16) **Signature.** “Signature” has the meaning given the term in Iowa Code section 4.1(39).

DIVISION III
STATE ELIGIBILITY FOR A GRANT AND REQUIREMENTS FOR A STATEWIDE SYSTEM: GENERAL AUTHORITY AND ELIGIBILITY

281—120.100(34CFR303) **General authority.** The Secretary, in accordance with Part C of the Act, makes grants to states (from their allotments under Section 643 of the Act) to assist each state to maintain and implement a statewide, comprehensive, coordinated, multidisciplinary, interagency system to provide early intervention services for infants and toddlers with disabilities and their families.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.101(34CFR303) **State eligibility—requirements for a grant under Part C of the Act.** In order to be eligible for a grant under Part C of the Act for any fiscal year, the state must meet the following conditions:

120.101(1) **Assurances regarding early intervention services and a statewide system.** The state must provide the following assurances to the Secretary that:

a. The state has adopted a policy that appropriate early intervention services, as defined in rule 281—120.13(34CFR303), are available to all infants and toddlers with disabilities in the state and their families, including:

1) Indian infants and toddlers with disabilities and their families residing on a reservation geographically located in the state;

2) Infants and toddlers with disabilities who are homeless children and their families; and

3) Infants and toddlers with disabilities who are wards of the state; and

b. The state has in effect a statewide system of early intervention services that meets the requirements of Section 635 of the Act, including policies and procedures that address, at a minimum, the components required in rules 281—120.111(34CFR303) through 281—120.126(34CFR303).

120.101(2) **State application and assurances.** The state must provide information and assurances to the Secretary, in accordance with 34 CFR §303.200 through 34 CFR §303.236, including:

a. Information that shows that the state meets the application requirements in rules 281—120.200(34CFR303) through 281—120.212(34CFR303); and

b. Assurances that the state also meets the requirements in rules 281—120.221(34CFR303) through 281—120.227(34CFR303).

120.101(3) **Approval before implementation.** The state must obtain approval by the Secretary before implementing any policy or procedure required to be submitted as part of the state’s application in 34 CFR §§303.203, 303.204, 303.206, 303.207, 303.208, 303.209, and 303.211.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]
281—120.102(34CFR303) State conformity with Part C of the Act. Each state that receives funds under Part C of the Act must ensure that any state rules, regulations, and policies relating to this chapter conform to the purposes and requirements of 34 CFR Part 303.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.103 and 120.104 Reserved.

281—120.105(34CFR303) Positive efforts to employ and advance qualified individuals with disabilities. Each recipient of assistance under Part C of the Act must make positive efforts to employ and advance in employment qualified individuals with disabilities in programs assisted under Part C of the Act.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.106 to 120.109 Reserved.

281—120.110(34CFR303) Minimum components of a statewide system. Each statewide system (system) must include, at a minimum, the components described in rules 281—120.111(34CFR303) through 281—120.126(34CFR303).

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.111(34CFR303) State definition of developmental delay. The system must include the state’s rigorous definition of developmental delay, consistent with rule 281—120.10(34CFR303) and subrule 120.203(3), that will be used by the state in carrying out programs under Part C of the Act in order to appropriately identify infants and toddlers with disabilities who are in need of services under Part C of the Act. The definition must:

120.111(1) Describe, for each of the areas listed in subrule 120.21(1), the evaluation and assessment procedures, consistent with rule 281—120.321(34CFR303), that will be used to measure a child’s development; and

120.111(2) Specify that 25 percent is the applicable level of developmental delay in functioning or other comparable criteria to constitute a developmental delay in one or more of the developmental areas identified in subrule 120.21(1).

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.112(34CFR303) Availability of early intervention services. Each system must include a state policy that is in effect and that ensures that appropriate early intervention services are based on scientifically based research, to the extent practicable, and are available to all infants and toddlers with disabilities and their families, including:

120.112(1) Indian infants and toddlers with disabilities and their families residing on a reservation geographically located in the state; and

120.112(2) Infants and toddlers with disabilities who are homeless children and their families.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.113(34CFR303) Evaluation, assessment, and nondiscriminatory procedures.

120.113(1) General. Subject to subrule 120.113(2), each system must ensure the performance of the following:

a. A timely, comprehensive, multidisciplinary evaluation of the functioning of each infant or toddler with a disability in the state; and

b. A family-directed identification of the needs of the family of the infant or toddler to assist appropriately in the development of the infant or toddler.

120.113(2) Rule of construction. The evaluation and family-directed identification required in subrule 120.113(1) must meet the requirements of rule 281—120.321(34CFR303).

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.114(34CFR303) Individualized family service plan (IFSP). Each system must ensure, for each infant or toddler with a disability and the infant’s or toddler’s family in the state, that an IFSP, as
281—120.115(34CFR303) **Comprehensive child find system.** Each system must include a comprehensive child find system that meets the requirements in rules 281—120.302(34CFR303) and 281—120.303(34CFR303).

**[ARC 0100C, IAB 4/18/12, effective 5/23/12]**

281—120.116(34CFR303) **Public awareness program.** Each system must include a public awareness program that focuses on the early identification of infants and toddlers with disabilities; and provides information to parents of infants and toddlers through primary referral sources in accordance with rule 281—120.301(34CFR303).

**[ARC 0100C, IAB 4/18/12, effective 5/23/12]**

281—120.117(34CFR303) **Central directory.** Each system must include a central directory that is accessible to the general public (i.e., through the department’s Web site and other appropriate means) and includes accurate, up-to-date information about:

- **120.117(1)** Public and private early intervention services, resources, and experts available in the state;

- **120.117(2)** Professional and other groups (including parent support, and training and information centers, such as those funded under the Act) that provide assistance to infants and toddlers with disabilities eligible under Part C of the Act and their families; and

- **120.117(3)** Research and demonstration projects being conducted in the state relating to infants and toddlers with disabilities.

**[ARC 0100C, IAB 4/18/12, effective 5/23/12]**

281—120.118(34CFR303) **Comprehensive system of personnel development (CSPD).** Each system must include a comprehensive system of personnel development (CSPD), including the training of paraprofessionals and the training of primary referral sources with respect to the basic components of early intervention services available in the state.

- **120.118(1) Required elements.** A CSPD must include:
  
  - a. Training personnel to implement innovative strategies and activities for the recruitment and retention of EIS providers;
  
  - b. Promoting the preparation of EIS providers who are fully and appropriately qualified to provide early intervention services under this chapter; and
  
  - c. Training personnel to coordinate transition services for infants and toddlers with disabilities who are transitioning from an early intervention service program under Part C of the Act to a preschool program under Section 619 of the Act, Head Start, Early Head Start, an elementary school program under Part B of the Act, or another appropriate program.

- **120.118(2) Optional elements.** A CSPD may include:
  
  - a. Training personnel to work in rural and inner-city areas;
  
  - b. Training personnel in the emotional and social development of young children;
  
  - c. Training personnel to support families in participating fully in the development and implementation of the child’s IFSP; and
  
  - d. Training personnel who provide services under this chapter using standards that are consistent with early learning personnel development standards funded under the state advisory council on early childhood education and care established under the Head Start Act, if applicable.

281—120.119(34CFR303) **Personnel standards.**
120.119(1) General. Each system must include policies and procedures relating to the establishment and maintenance of qualification standards to ensure that personnel necessary to carry out the purposes of this chapter are appropriately and adequately prepared and trained.

120.119(2) Qualification standards. The policies and procedures required in subrule 120.119(1) must provide for the establishment and maintenance of qualification standards that are consistent with any state-approved or state-recognized certification, licensing, registration, or other comparable requirements that apply to the profession, discipline, or area in which personnel are providing early intervention services.

120.119(3) Use of paraprofessionals and assistants. Nothing in Part C of the Act may be construed to prohibit the use of paraprofessionals and assistants who are appropriately trained and supervised in accordance with state law, regulation, or written policy to assist in the provision of early intervention services under Part C of the Act to infants and toddlers with disabilities.

281—120.120(34CFR303) Lead agency role in supervision, monitoring, funding, interagency coordination, and other responsibilities. Iowa’s system includes the designation of the Iowa department of education as lead agency, with a single line of responsibility for the following items:

120.120(1) General supervision. The department is responsible for the following:

a. The general administration and supervision of programs and activities administered by agencies, institutions, organizations, and EIS providers receiving assistance under Part C of the Act.

b. The monitoring of programs and activities used by the state to carry out Part C of the Act (whether or not the programs or activities are administered by agencies, institutions, organizations, and EIS providers that are receiving assistance under Part C of the Act) to ensure that the state complies with Part C of the Act, including:

(1) Monitoring agencies, institutions, organizations, and EIS providers used by the state to carry out Part C of the Act;

(2) Enforcing any obligations imposed on those agencies, institutions, organizations, and EIS providers under Part C of the Act and these rules;

(3) Providing technical assistance, if necessary, to those agencies, institutions, organizations, and EIS providers;

(4) Correcting any noncompliance identified through monitoring as soon as possible and in no case later than one year after the lead agency’s identification of the noncompliance; and

(5) Conducting the activities in subparagraphs 120.120(1)"a”(1) through (4), consistent with rules 281—120.700(34CFR303) through 281—120.707(34CFR303), and any other activities required by the state under those rules.

120.120(2) Identification and coordination of resources. The identification and coordination of all available resources for early intervention services within the state, including those from federal, state, local, and private sources, consistent with rules 281—120.500(34CFR303) through 281—120.521(34CFR303).

120.120(3) Assignment of financial responsibility. The assignment of financial responsibility in accordance with rules 281—120.500(34CFR303) through 281—120.521(34CFR303).

120.120(4) Procedures concerning timely provision of services. The development of procedures in accordance with rules 281—120.500(34CFR303) through 281—120.521(34CFR303) to ensure that early intervention services are provided to infants and toddlers with disabilities and their families under Part C of the Act in a timely manner, pending the resolution of any disputes among public agencies or EIS providers.

120.120(5) Agency-level dispute resolution. The resolution of intra-agency and interagency disputes in accordance with rules 281—120.500(34CFR303) through 281—120.521(34CFR303).

120.120(6) Methods of establishing financial responsibility. The entry into formal interagency agreements or other written methods of establishing financial responsibility, consistent with rule 281—120.511(34CFR303), that define the financial responsibility of each agency for paying for early intervention services (consistent with state law) and procedures for resolving disputes and that include
all additional components necessary to ensure meaningful cooperation and coordination as set forth in
rules 281—120.500(34CFR303) through 281—120.521(34CFR303).
[ARC 0100C; IAB 4/18/12, effective 5/23/12]

281—120.121(34CFR303) Policy for contracting or otherwise arranging for services. Each system
must include a policy pertaining to the contracting or making of other arrangements with public or private
individuals or agency service providers to provide early intervention services in the state, consistent with
the provisions of Part C of the Act, including the contents of the application, and the conditions of the
contract or other arrangements. The policy must:
   1. Include a requirement that all early intervention services must meet state standards and be
      consistent with the provisions of this chapter; and
   2. Be consistent with the Education Department General Administrative Regulations in 34 CFR
      Part 80.
[ARC 0100C; IAB 4/18/12, effective 5/23/12]

281—120.122(34CFR303) Reimbursement procedures. Each system must include procedures for
securing the timely reimbursement of funds used under Part C of the Act, in accordance with rules
281—120.500(34CFR303) through 281—120.521(34CFR303).
[ARC 0100C; IAB 4/18/12, effective 5/23/12]

281—120.123(34CFR303) Procedural safeguards. Each system must include procedural safeguards
that meet the requirements of rules 281—120.400(34CFR303) through 281—120.449(34CFR303).
[ARC 0100C; IAB 4/18/12, effective 5/23/12]

281—120.124(34CFR303) Data collection.
   120.124(1) General. Each statewide system must include a system for compiling and
reporting timely and accurate data that meets the requirements in subrule 120.124(2) and rules
281—120.700(34CFR303) through 281—120.702(34CFR303) and rules 281—120.720(34CFR303)
through 281—120.724(34CFR303).
   120.124(2) Required description. The data system required in subrule 120.124(1) must include a
description of the process that the state uses, or will use, to compile data on infants or toddlers with
disabilities receiving early intervention services under this chapter, including a description of the state’s
sampling methods, if sampling is used, for reporting the data required by the Secretary under Sections
616 and 618 of the Act and rules 281—120.700(34CFR303) through 281—120.707(34CFR303) and
rules 281—120.720(34CFR303) through 281—120.724(34CFR303).
[ARC 0100C; IAB 4/18/12, effective 5/23/12]

281—120.125(34CFR303) State interagency coordinating council. Each system must include a state
interagency coordinating council meeting the requirements of rules 281—120.600(34CFR303) through
281—120.605(34CFR303).
[ARC 0100C; IAB 4/18/12, effective 5/23/12]

281—120.126(34CFR303) Early intervention services in natural environments. Each system
must include policies and procedures to ensure, consistent with rule 281—120.13(34CFR303) (early
intervention services), rule 281—120.26(34CFR303) (natural environments), and subrule 120.344(4)
(content of an IFSP), that early intervention services for infants and toddlers with disabilities are
provided:
   1. To the maximum extent appropriate, in natural environments; and
   2. In settings other than the natural environment that are most appropriate, as determined by the
      parent and the IFSP team, only when early intervention services cannot be achieved satisfactorily in a
      natural environment.
[ARC 0100C; IAB 4/18/12, effective 5/23/12]

281—120.127 to 120.199 Reserved.
DIVISION IV
STATE APPLICATION AND ASSURANCES

281—120.200(34CFR303) State application and assurances. Each application must contain the specific state requirements (including certifications, descriptions, methods, and policies and procedures) required in rules 281—120.201(34CFR303) through 281—120.212(34CFR303) and the assurances required in rules 281—120.221(34CFR303) through 281—120.227(34CFR303).
[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.201(34CFR303) Designation of lead agency. Each application must include the designation of the department as the lead agency that will be responsible for the administration of funds provided under Part C of the Act.
[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.202(34CFR303) Certification regarding financial responsibility. Each application must include a certification to the Secretary that the arrangements to establish financial responsibility for the provision of Part C services among appropriate public agencies under rule 281—120.511(34CFR303) and the lead agency’s contracts with EIS providers regarding financial responsibility for the provision of Part C services both meet the requirements in rules 281—120.500(34CFR303) through 281—120.521(34CFR303) and are current as of the date of submission of the certification.
[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.203(34CFR303) Statewide system and description of services. Each application must include the following items:

120.203(1) Description of services. A description of services to be provided under this chapter to infants and toddlers with disabilities and their families through the state’s system;

120.203(2) Identification and coordination of resources. The state’s policies and procedures regarding the identification and coordination of all available resources within the state from federal, state, local, and private sources as required under Division VII of this chapter and including:

a. Policies or procedures adopted by the state as its system of payments that meet the requirements in rules 281—120.510(34CFR303), 281—120.520(34CFR303), and 281—120.521(34CFR303); and

b. Methods used by the state to implement the requirements in subrule 120.511(2); and

120.203(3) Rigorous definition of developmental delay. The state’s rigorous definition of developmental delay, as required under rule 281—120.111(34CFR303).
[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.204 Reserved.

281—120.205(34CFR303) Description of use of funds.

120.205(1) General. Each application must include a description of the uses for funds under this chapter for the fiscal year or years covered by the application. The description must be presented separately for the lead agency and the council and include the information required in subrules 120.205(2) through 120.205(5).

120.205(2) Reserved.

120.205(3) Maintenance and implementation activities. Each application must include a description of the nature and scope of each major activity to be carried out under Part C of the Act, consistent with rule 281—120.501(34CFR303), and the approximate amount of funds to be spent for each activity.

120.205(4) Direct services. Each application must include a description of any direct services that the state expects to provide to infants and toddlers with disabilities and their families with funds under this chapter, consistent with rule 281—120.501(34CFR303), and the approximate amount of funds under this chapter to be used for the provision of each direct service.

120.205(5) Activities by other public agencies. If other public agencies are to receive funds under Part C of the Act, the application must include the name of each agency expected to receive funds, the
approximate amount of funds each agency will receive, and a summary of the purposes for which the funds will be used.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.206(34CFR303) Referral policies for specific children. Each application must include the state’s policies and procedures that require the referral for early intervention services under this chapter of specific children under the age of three, as described in subrule 120.303(2).

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.207(34CFR303) Availability of resources. Each application must include a description of the procedure used by the state to ensure that resources are made available under this chapter for all geographic areas within the state.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.208(34CFR303) Public participation policies and procedures.

120.208(1) Application. At least 60 days prior to being submitted to the department, each application for funds (including any policies, procedures, descriptions, methods, certifications, assurances and other information required in the application) must be published in a manner that will ensure circulation throughout the state for at least a 60-day period, with an opportunity for public comment on the application for at least 30 days during that period.

120.208(2) State policies and procedures. Each application must include a description of the policies and procedures used by the state to ensure that, before adopting any new policy or procedure (including any revision to an existing policy or procedure) needed to comply with Part C of the Act and these rules, the lead agency:

a. Holds public hearings on the new policy or procedure (including any revision to an existing policy or procedure);

b. Provides notice of the hearings held in accordance with paragraph 120.208(2)“a” at least 30 days before the hearings are conducted to enable public participation; and

c. Provides an opportunity for the general public, including individuals with disabilities, parents of infants and toddlers with disabilities, EIS providers, and the members of the council, to comment for at least 30 days on the new policy or procedure (including any revision to an existing policy or procedure) needed to comply with Part C of the Act and these rules.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.209(34CFR303) Transition to preschool and other programs.

120.209(1) Application requirements. The department must include the following in its application:

a. A description of the policies and procedures the state will use to ensure a smooth transition for infants and toddlers with disabilities under the age of three and their families from receiving early intervention services under this chapter to:

(1) Preschool or other appropriate services (for toddlers with disabilities); or

(2) Exiting the program for infants and toddlers with disabilities.

b. A description of how the state will meet each of the requirements in subrules 120.209(2) through 120.209(6).

c. An intra-agency agreement between the department’s program that administers Part C of the Act and the department’s program that administers Section 619 of Part B of the Act (early childhood special education). To ensure a seamless transition between services under Parts C and B of the Act, the intra-agency agreement must address how the department will meet the requirements of subrules 120.209(2) through 120.209(6) (including any policies adopted by the lead agency under 34 CFR §303.401(d) and (e), subrule 120.344(8), rule 281—41.124(256B,34CFR300), and 281—subrules 41.101(2) and 41.321(6).

d. Any policy the department has adopted under 34 CFR §303.401(d) and (e).

120.209(2) Notification to the department and appropriate AEA.

a. The department must ensure that:
(1) Subject to paragraph 120.209(2) "b," not fewer than 90 days before the third birthday of the toddler with a disability if that toddler may be eligible for preschool services under Part B of the Act, the public agency responsible for providing Early ACCESS services to the toddler notifies the department and the AEA for the area in which the toddler resides that the toddler on the toddler’s third birthday will reach the age of eligibility for services under Part B of the Act, as determined in accordance with state law;

(2) Subject to paragraph 120.209(2) "b," if the toddler is determined to be eligible for Early ACCESS services more than 45 but less than 90 days before that toddler’s third birthday and if that toddler may be eligible for preschool services under Part B of the Act, the public agency responsible for providing Early ACCESS services to the toddler, as soon as possible after determining the child’s eligibility, notifies the department and the AEA for the area in which the toddler resides that the toddler on the toddler’s third birthday will reach the age of eligibility for services under Part B of the Act, as determined in accordance with state law; or

(3) Subject to paragraph 120.209(2) "b," if a toddler is referred to Early ACCESS under rules 281—120.302(34CFR303) and 281—120.303(34CFR303) fewer than 45 days before that toddler’s third birthday and that toddler may be eligible for preschool services under Part B of the Act, the public agency that would be responsible for determining the child’s eligibility under this chapter, with parental consent required under rule 281—120.414(34CFR303), refers the toddler to the department and the AEA for the area in which the toddler resides; however, no agency is required to conduct an evaluation, assessment, or an initial IFSP meeting under these circumstances.

b. The department must ensure that the notification required under subparagraphs 120.209(2) "a"(1) and (2) is consistent with any policy that the state has adopted, under 34 CFR §303.401(c), permitting a parent to object to disclosure of personally identifiable information.

120.209(3) Conference to discuss services. The department must ensure that:

a. If a toddler with a disability may be eligible for preschool services under Part B of the Act, the public agency responsible for Early ACCESS services, with the approval of the family of the toddler, convenes a conference, among that agency, the family, and the AEA of the toddler’s residence not fewer than 90 days—and, at the discretion of all parties, not more than nine months—before the toddler’s third birthday to discuss any services the toddler may receive under Part B of the Act; and

b. If the public agency determines that a toddler with a disability is not potentially eligible for preschool services under Part B of the Act, the public agency, with the approval of the family of that toddler, makes reasonable efforts to convene a conference among that agency, the family, and providers of other appropriate services for the toddler to discuss appropriate services that the toddler may receive.

120.209(4) Transition plan. The department must ensure that for all toddlers with disabilities:

a. The appropriate public agency reviews the program options for the toddler with a disability for the period from the toddler’s third birthday through the remainder of the school year and each family of a toddler with a disability who is served under this chapter is included in the development of the transition plan required under this rule and subrule 120.344(8);

b. The appropriate public agency establishes a transition plan in the IFSP not fewer than 90 days—and, at the discretion of all parties, not more than nine months—before the toddler’s third birthday; and

c. The transition plan in the IFSP includes, consistent with subrule 120.344(8), as appropriate:
   (1) Steps for the toddler with a disability and the toddler’s family to exit from the Part C program; and
   (2) Any transition services that the IFSP team identifies as needed by that toddler and the toddler’s family.

120.209(5) Transition conference and meeting to develop transition plan. Any conference conducted under subrule 120.209(3) or meeting to develop the transition plan under subrule 120.209(4) (which conference and meeting may be combined into one meeting) must meet the requirements in subrules 120.342(4), 120.342(5), and 120.343(1).
120.209(6) Applicability of transition requirements. The transition requirements in subparagraphs 120.209(2) ‘‘a’’(1) and (2), paragraph 120.209(3) ‘‘a,’’ and subrule 120.209(4) apply to all toddlers with disabilities receiving services under this chapter before those toddlers turn age three.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.210(34CFR303) Coordination with Head Start and Early Head Start, early education, and child care programs. Each application must contain a description of state efforts to promote collaboration among Head Start and Early Head Start programs under the Head Start Act (42 U.S.C. 9801 et seq.), early education and child care programs, and services under this chapter. The department must participate, consistent with Section 642B(b)(1)(C)(viii) of the Head Start Act, on the state advisory council on early childhood education and care established under the Head Start Act.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.211 Reserved.

281—120.212(34CFR303) Additional information and assurances. The department’s application shall describe the steps the state is taking to ensure equitable access to, and equitable participation in, the Part C statewide system as required by Section 427(b) of GEPA and shall supply other information and assurances as the Secretary may reasonably require.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.213 to 120.219 Reserved.

281—120.220(34CFR303) Assurances satisfactory to the Secretary. The department’s application must contain assurances satisfactory to the Secretary that the state has met the requirements in rules 281—120.221(34CFR303) through 281—120.227(34CFR303).

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.221(34CFR303) Expenditure of funds. The department must ensure that federal funds made available to the state under Section 643 of the Act will be expended in accordance with the provisions of this chapter, including rules 281—120.500(34CFR303) and 281—120.501(34CFR303).

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.222(34CFR303) Payor of last resort. The department must ensure that it will comply with the requirements in rules 281—120.510(34CFR303) and 281—120.511(34CFR303).

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.223(34CFR303) Control of funds and property. The department must ensure that the control of funds provided under Part C of the Act, and title to property acquired with those funds, will be in a public agency for the uses and purposes provided in this chapter and that a public agency will administer the funds and property.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.224(34CFR303) Reports and records. The department must ensure that it will make reports in the form and containing the information that the Secretary may require and will keep records and afford access to those records as the Secretary may find necessary to ensure compliance with the requirements of this chapter, the correctness and verification of reports, and the proper disbursement of funds provided under this chapter.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.225(34CFR303) Prohibition against supplanting; indirect costs.

120.225(1) General. The department must provide satisfactory assurance that the federal funds made available under Section 643 of the Act to the state:

a. Will not be commingled with state funds; and

b. Will be used so as to supplement the level of state and local funds expended for infants and toddlers with disabilities and their families and in no case to supplant those state and local funds.
120.225(2) Additional information. To meet the requirement in subrule 120.225(1), the total amount of state and local funds budgeted for expenditures in the current fiscal year for early intervention services for children eligible under this chapter and their families must be at least equal to the total amount of state and local funds actually expended for early intervention services for these children and their families in the most recent preceding fiscal year for which the information is available. Allowance may be made for:

a. A decrease in the number of infants and toddlers who are eligible to receive early intervention services under this chapter; and

b. Unusually large amounts of funds expended for such long-term purposes as the acquisition of equipment.

120.225(3) Requirement regarding indirect costs.

a. Except as provided in paragraph 120.225(3) "b," the department may not charge indirect costs to its Part C grant.

b. If approved by the department’s cognizant federal agency or by the Secretary, the department must charge indirect costs through either:

(1) A restricted indirect cost rate that meets the requirements in 34 CFR 76.560 through 76.569; or

(2) A cost allocation plan that meets the non-supplanting requirements in subrule 120.225(2) and 34 CFR Part 76 of EDGAR.

c. In charging indirect costs under paragraph 120.225(3) "b," the department may not charge rent, occupancy, or space maintenance costs directly to the Part C grant, unless those costs are specifically approved in advance by the Secretary.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.226(34CFR303) Fiscal control. The department must ensure that fiscal control and fund accounting procedures will be adopted as necessary to ensure proper disbursement of, and accounting for, federal funds paid under Part C of the Act.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.227(34CFR303) Traditionally underserved groups. The department must ensure that policies and practices have been adopted to ensure that traditionally underserved groups, including minority, low-income, homeless, and rural families and children with disabilities who are wards of the state, are meaningfully involved in the planning and implementation of all the requirements of this chapter and that these families have access to culturally competent services within their local geographical areas.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.228(34CFR303) Subsequent state application and modifications of application.

120.228(1) Subsequent state application. If the state has on file with the Secretary a policy, procedure, method, or assurance that demonstrates that the state meets an application requirement in this chapter, including any policy, procedure, method, or assurance filed under this chapter (as in effect before the date of enactment of the Act, December 3, 2004), the Secretary considers the state to have met that requirement for purposes of receiving a grant under Part C of the Act.

120.228(2) Modification of application. An application submitted by the state that meets the requirements of this chapter remains in effect until the state submits to the Secretary such modifications as the state determines necessary. This rule applies to a modification of an application to the same extent and in the same manner as this subrule applies to the original application.

120.228(3) Modifications required by the Secretary. The Secretary may require the state to modify its application under Part C of the Act to the extent necessary to ensure the state's compliance with Part C of the Act if:

a. An amendment is made to the Act or to a federal regulation issued under the Act;

b. A new interpretation of the Act is made by a federal court or the state’s highest court; or
c. An official finding of noncompliance with federal law or regulations is made with respect to the state.

DIVISION V
CHILD FIND; EVALUATIONS AND ASSESSMENTS; INDIVIDUALIZED FAMILY SERVICE PLANS

281—120.300(34CFR303) General. The statewide comprehensive, coordinated, multidisciplinary, interagency system to provide early intervention services for infants and toddlers with disabilities and their families referenced in rule 281—120.100(34CFR303) must include the following components:

120.300(1) Pre-referral activities. The system must contain pre-referral policies and procedures that include:
   a. A public awareness program as described in rule 281—120.301(34CFR303); and
   b. A comprehensive child find system as described in rule 281—120.302(34CFR303).

120.300(2) Referral activities. The system must contain referral policies and procedures as described in rule 281—120.303(34CFR303).

120.300(3) Post-referral activities. The system must contain post-referral policies and procedures that ensure compliance with the timeline requirements in rule 281—120.310(34CFR303) and include:
   a. Screening, if applicable, as described in rule 281—120.320(34CFR303);
   b. Evaluations and assessments as described in rules 281—120.321(34CFR303) and 281—120.322(34CFR303); and
   c. Development, review, and implementation of IFSPs as described in rules 281—120.340(34CFR303) through 281—120.346(34CFR303).

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.301(34CFR303) Public awareness program—information for parents.

120.301(1) Preparation and dissemination. In accordance with rule 281—120.116(34CFR303), the system must include a public awareness program that requires the department to:
   a. Prepare information on the availability of early intervention services under this chapter, and other services, as described in subrule 120.301(2) and disseminate to all primary referral sources (especially hospitals and physicians) the information to be given to parents of infants and toddlers, especially parents with premature infants or infants with other physical risk factors associated with learning or developmental complications; and
   b. Adopt procedures for assisting the primary referral sources described in subrule 120.303(3) in disseminating the information described in subrule 120.301(2) to parents of infants and toddlers with disabilities.

120.301(2) Information to be provided. The information required to be prepared and disseminated under subrule 120.301(1) must include:
   a. A description of the availability of Early ACCESS services under this chapter;
   b. A description of the child find system and how to refer a child under the age of three for an evaluation or early intervention services; and
   c. A central directory, as described in rule 281—120.117(34CFR303).

120.301(3) Information specific to toddlers with disabilities. The public awareness program also must include a requirement that the department provide for informing parents of toddlers with disabilities of the availability of services under Section 619 of the Act not fewer than 90 days prior to the toddler’s third birthday.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.302(34CFR303) Comprehensive child find system.

120.302(1) General. The Early ACCESS system must include a comprehensive child find system that:
   a. Is consistent with Part B of the Act (see 34 CFR 300.111);
b. Includes a system for making referrals to applicable public agencies or EIS providers under this chapter that:

1. Includes timelines; and
2. Provide for participation by the primary referral sources described in subrule 120.303(3); and
3. Ensures rigorous standards for appropriately identifying infants and toddlers with disabilities for early intervention services under this chapter that will reduce the need for future services; and
4. Meets the requirements in subrules 120.302(2) and 120.302(3) and rules 281—120.303(34CFR303), 281—120.310(34CFR303), 281—120.320(34CFR303), and 281—120.321(34CFR303).

120.302(2) Scope of child find. The department, as part of the child find system, must ensure that:

a. All infants and toddlers with disabilities in the state who are eligible for early intervention services under this chapter are identified, located, and evaluated, including:

1. Indian infants and toddlers with disabilities residing on a reservation or settlement geographically located in the state (including coordination, as necessary, with tribes, tribal organizations, and consortia to identify infants and toddlers with disabilities in the state based, in part, on the information provided by them to the department under 34 CFR §303.731(c)(1)); and
2. Infants and toddlers with disabilities who are homeless, in foster care, and wards of the state; and
3. Infants and toddlers with disabilities that are referenced in subrule 120.303(2); and
b. An effective method is developed and implemented to identify children who are in need of early intervention services.

120.302(3) Coordination.

a. The department, with the assistance of the council, must ensure that the child find system under this chapter:

1. Is coordinated with all other major efforts to locate and identify children by other state agencies responsible for administering the various education, health, and social service programs relevant to this chapter, including Indian tribes that receive payments under this chapter, and other Indian tribes, as appropriate; and
2. Is coordinated with the efforts of the:
   1. Program authorized under Part B of the Act;
   2. Maternal and Child Health program, including the Maternal, Infant, and Early Childhood Home Visiting Program, under Title V of the Social Security Act (MCHB or Title V) (42 U.S.C. 701(a));
   3. Early Periodic Screening, Diagnosis, and Treatment (EPSDT) under Title XIX of the Social Security Act (42 U.S.C. 1396(a)(43) and 1396(a)(4)(B));
   4. Programs under the Developmental Disabilities Assistance and Bill of Rights Act of 2000 (42 U.S.C. 15001 et seq.);
   6. Supplemental Security Income program under Title XVI of the Social Security Act (42 U.S.C. 1381);
   7. Child protection and child welfare programs, including programs administered by, and services provide through, the foster care agency and the state agency responsible for administering the Child Abuse Prevention and Treatment Act (CAPTA) (42 U.S.C. 5106(a));
   8. Child care programs in the state;
   9. Programs that provide services under the Family Violence Prevention and Services Act (42 U.S.C. 10401 et seq.);
   10. Early Hearing Detection and Intervention (EHDI) systems (42 U.S.C. 280g-1) administered by the Centers for Disease Control (CDC); and
   11. Children’s Health Insurance Program (CHIP) authorized under Title XXI of the Social Security Act (42 U.S.C. 1397aa et seq.).

b. The department, with the advice and assistance of the council, must take steps to ensure that:
(1) There will not be unnecessary duplication of effort by the programs identified in paragraph 120.302(3) “a”; and
(2) The state will make use of the resources available through each public agency and EIS provider in the state to implement the child find system in an effective manner.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.303(34CFR303) Referral procedures.

120.303(1) General. The child find system described in rule 281—120.302(34CFR303) must include the state’s procedures for use by primary referral sources for referring a child under the age of three to the Part C program. The procedures required in this subrule must:

a. Provide for referring a child as soon as possible, but in no case more than seven days, after the child has been identified; and
b. Meet the requirements in subrules 120.303(2) and 120.303(3).

120.303(2) Referral of specific at-risk infants and toddlers. The procedures required in subrule 120.303(1) must provide for requiring the referral of a child under the age of three who:

a. Is the subject of a substantiated case of child abuse or neglect; or
b. Is identified as directly affected by illegal substance abuse or withdrawal symptoms resulting from prenatal drug exposure.

c. Primary referral sources. As used in this division, primary referral sources include:

a. Hospitals, including prenatal and postnatal care facilities;
b. Physicians;
c. Parents, including parents of infants and toddlers;
d. Child care programs and early learning programs;
e. AEAs, LEAs and schools;
f. Public health facilities;
g. Other public health or social service agencies;
h. Other clinics and health care providers;
i. Public agencies and staff in the child welfare system, including child protective service and foster care;
j. Homeless family shelters; and
k. Domestic violence shelters and agencies.

281—120.304 to 120.309 Reserved.

281—120.310(34CFR303) Post-referral timeline (45 calendar days).

120.310(1) General. Except as provided in subrule 120.310(2), any screening under rule 281—120.320(34CFR303); the initial evaluation and the initial assessments of the child and family under rule 281—120.321(34CFR303); and the initial IFSP meeting under rule 281—120.342(34CFR303) must be completed within 45 calendar days from the date the public agency or EIS provider receives the referral of the child.

120.310(2) Limited exceptions. Subject to subrule 120.310(3), the 45-day timeline described in subrule 120.310(1) does not apply for any period when:

a. The child or parent is unavailable to complete the screening (if applicable), the initial evaluation, the initial assessments of the child and family, or the initial IFSP meeting due to exceptional family circumstances that are documented in the child’s early intervention records; or
b. The parent has not provided consent for the screening (if applicable), the initial evaluation, or the initial assessment of the child, despite documented, repeated attempts by the public agency or EIS provider to obtain parental consent.

120.310(3) Duties when limited exceptions occur. The department must develop procedures to ensure that in the event the circumstances described in subrule 120.310(2) exist, the public agency or EIS provider must:
a. Document in the child’s early intervention records the exceptional family circumstances or repeated attempts by the public agency or EIS provider to obtain parental consent;

b. Complete the screening (if applicable), the initial evaluation, the initial assessments (of the child and family), and the initial IFSP meeting as soon as possible after the documented exceptional family circumstances described in paragraph 120.310(2) “a” no longer exist or parental consent is obtained for the screening (if applicable), the initial evaluation, and the initial assessment of the child; and

c. Develop and implement an interim IFSP, to the extent appropriate and consistent with rule 281—120.345(34CFR303).

120.310(4) Initial family assessment. The initial family assessment must be conducted within the 45-day timeline in subrule 120.310(1) if the parent concurs and even if other family members are unavailable.

[ARC 0106C; IAB 4/18/12, effective 5/23/12]

281—120.311 to 120.319 Reserved.

281—120.320(34CFR303) Screening procedures.

120.320(1) General. 

a. The department may adopt procedures, consistent with the requirements of this rule, to screen children under the age of three who have been referred to the Part C program to determine whether they are suspected of having a disability under this chapter. If a public agency or EIS provider proposes to screen a child, the agency or EIS provider must:

   (1) Provide the parent notice under rule 281—120.421(34CFR303) of the public agency’s or EIS provider’s intent to screen the child to identify whether the child is suspected of having a disability and include in that notice a description of the parent’s right to request an evaluation under rule 281—120.321(34CFR303) at any time during the screening process; and

   (2) Obtain parental consent as required in subrule 120.420(1) before conducting the screening procedures.

b. If the parent consents to the screening and the screening or other available information indicates that the child is:

   (1) Suspected of having a disability, after notice is provided under rule 281—120.421(34CFR303) and once parental consent is obtained as required in rule 281—120.420(34CFR303), an evaluation and assessment of the child must be conducted under rule 281—120.321(34CFR303); or

   (2) Not suspected of having a disability, the public agency or EIS provider must ensure that notice of that determination is provided to the parent under rule 281—120.421(34CFR303), and that the notice describes the parent’s right to request an evaluation.

c. If the parent of the child requests and consents to an evaluation at any time during the screening process, evaluation of the child must be conducted under rule 281—120.321(34CFR303), even if the public agency or EIS provider has determined under subparagraph 120.320(1) “b”(2) that the child is not suspected of having a disability.

120.320(2) Definition of screening procedures. As used in this rule, “screening procedures”:

a. Means activities under subrule 120.320(1) that are carried out by, or under the supervision of, a public agency or EIS provider to identify, at the earliest possible age, infants and toddlers suspected of having a disability and in need of early intervention services; and

   b. Includes the administration of appropriate instruments by personnel trained to administer those instruments.

120.320(3) Condition for evaluation or early intervention services. For every child under the age of three who is referred to the Part C program or screened in accordance with subrule 120.320(1), the applicable agency is not required to:

   a. Provide an evaluation of the child under rule 281—120.321(34CFR303) unless the child is suspected of having a disability or the parent requests an evaluation under paragraph 120.320(1)”c”; or
b. Make Early ACCESS services available under this chapter to the child unless a determination is made that the child meets the definition of infant or toddler with a disability under rule 281—120.21(34CFR303).

120.320(4) Rules of construction.

a. This rule does not apply to activities undertaken by entities not regulated by this chapter, activities that are undertaken by grantees, signatory agencies, Early ACCESS providers prior to referral, activities undertaken after consent for an evaluation and assessment under rule 281—120.321(34CFR303) is received, or to activities taken pursuant to an IFSP.

b. As a general rule, a public agency suspects a child is a child with a disability when the public agency is aware of facts and circumstances that, when considered as a whole, would cause a reasonably prudent public agency to believe that the child’s performance might be explained because the child is an eligible individual under this chapter.

[ARC 0100C; IAB 4/18/12, effective 5/23/12]

120.321(1) General. The department must ensure that, subject to obtaining parental consent in accordance with subrule 120.420(1), each child under the age of three who is referred for evaluation or early intervention services under this chapter and suspected of having a disability receives:

a. A timely, comprehensive, multidisciplinary evaluation of the child in accordance with subrule 120.321(4) unless eligibility is established in paragraph 120.321(3)“a” ; and

b. If the child is determined eligible as an infant or toddler with a disability as defined in rule 281—120.21(34CFR303):

(1) A multidisciplinary assessment of the unique strengths and needs of that infant or toddler and the identification of services appropriate to meet those needs;

(2) A family-directed assessment of the resources, priorities, and concerns of the family and the identification of the supports and services necessary to enhance the family’s capacity to meet the developmental needs of that infant or toddler. The assessments of the child and family are described in subrule 120.321(5), and these assessments may occur simultaneously with the evaluation, provided that the requirements of subrule 120.321(4) are met.

120.321(2) Definitions. As used in this chapter:

a. “Evaluation” means the procedures used by qualified personnel to determine a child’s initial and continuing eligibility under this chapter, consistent with the definition of infant or toddler with a disability in rule 281—120.21(34CFR303);  

b. “Initial evaluation” means the child’s evaluation to determine the child’s initial eligibility under this chapter;

c. “Assessment” means the ongoing procedures used by qualified personnel to identify the child’s unique strengths and needs and the early intervention services appropriate to meet those needs throughout the period of the child’s eligibility under this chapter and includes the assessment of the child, consistent with paragraph 120.321(5)“a” and the assessment of the child’s family, consistent with paragraph 120.321(5)“b” ; and

d. “Initial assessment” means the assessment of the child and the family assessment conducted prior to the child’s first IFSP meeting.

120.321(3) General procedures.

a. A child’s medical and other records may be used to establish eligibility (without conducting an evaluation of the child) under this chapter if those records indicate that the child’s level of functioning in one or more of the developmental areas identified in subrule 120.21(1) constitutes a developmental delay or that the child otherwise meets the criteria for an infant or toddler with a disability under rule 281—120.21(34CFR303). If the child’s Part C eligibility is established under this paragraph, the public agency or EIS provider must conduct assessments of the child and family in accordance with subrule 120.321(5).

b. Qualified personnel must use informed clinical opinion when conducting an evaluation and assessment of the child. In addition, the department must ensure that informed clinical opinion may
be used as an independent basis to establish a child’s eligibility under this chapter even when other instruments do not establish eligibility; however, in no event may informed clinical opinion be used to negate the results of evaluation instruments used to establish eligibility under subrule 120.321(4).

c. All evaluations and assessments of the child and family must be conducted by qualified personnel, in a nondiscriminatory manner, and selected and administered so as not to be racially or culturally discriminatory.

d. Unless clearly not feasible to do so, all evaluations and assessments of a child must be conducted in the native language of the child.

e. Unless clearly not feasible to do so, family assessments must be conducted in the native language of the family members being assessed.

120.321(4) Procedures for evaluation of the child. In conducting an evaluation, no single procedure may be used as the sole criterion for determining a child’s eligibility under this chapter. Procedures must include:

a. Administering an evaluation instrument;

b. Taking the child’s history (including interviewing the parent);

c. Identifying the child’s level of functioning in each of the developmental areas in subrule 120.21(1);

d. Gathering information from other sources such as family members, other caregivers, medical providers, social workers, and educators, if necessary, to understand the full scope of the child’s unique strengths and needs; and

e. Reviewing medical, educational, or other records.

120.321(5) Procedures for assessment of the child and family.

a. An assessment of each infant or toddler with a disability must be conducted by qualified personnel in order to identify the child’s unique strengths and needs and the early intervention services appropriate to meet those needs. The assessment of the child must include the following:

(1) A review of the results of the evaluation conducted under subrule 120.321(4);

(2) Personal observations of the child; and

(3) The identification of the child’s needs in each of the developmental areas in subrule 120.21(1).

b. A family-directed assessment must be conducted by qualified personnel in order to identify the family’s resources, priorities, and concerns and the supports and services necessary to enhance the family’s capacity to meet the developmental needs of the family’s infant or toddler with a disability. The family-directed assessment must:

(1) Be voluntary on the part of each family member participating in the assessment;

(2) Be based on information obtained through an assessment tool and also through an interview with those family members who elect to participate in the assessment; and

(3) Include the family’s description of its resources, priorities, and concerns related to enhancing the child’s development.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.322(34CFR303) Determination that a child is not eligible. If, based on the evaluation conducted under rule 281—120.321(34CFR303), the applicable agency determines that a child is not eligible under this chapter, the agency must provide the parent with prior written notice required in rule 281—120.421(34CFR303), and include in the notice information about the parent’s right to dispute the eligibility determination through dispute resolution mechanisms under rule 281—120.430(34CFR303), such as requesting a due process hearing or mediation or filing a state complaint.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.323 to 120.339 Reserved.

281—120.340(34CFR303) Individualized family service plan—general. For each infant or toddler with a disability, the department must ensure the development, review, and implementation of an individualized family service plan developed by a multidisciplinary team, which includes the parent, that
is consistent with the definition of individualized family service plan in rule 281—120.20(34CFR303) and meets the requirements in rules 281—120.342(34CFR303) through 281—120.346(34CFR303).

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.341 Reserved.

281—120.342(34CFR303) Procedures for IFSP development, review, and evaluation.

281—120.342(1) Meeting to develop initial IFSP—timelines. For a child referred to the Early ACCESS system and determined to be eligible under this chapter as an infant or toddler with a disability, a meeting to develop the initial IFSP must be conducted within the 45-day time period described in rule 281—120.310(34CFR303).

281—120.342(2) Periodic review.

a. A review of the IFSP for a child and the child’s family must be conducted every six months, or more frequently if conditions warrant, or if the family requests such a review. The purpose of the periodic review is to determine:

(1) The degree to which progress toward achieving the results or outcomes identified in the IFSP is being made; and

(2) Whether modification or revision of the results, outcomes, or early intervention services identified in the IFSP is necessary.

b. The review may be carried out by a meeting or by another means that is acceptable to the parents and other participants.

281—120.342(3) Annual meeting to evaluate the IFSP. A meeting must be conducted on at least an annual basis to evaluate and revise, as appropriate, the IFSP for a child and the child’s family. The results of any current evaluations and other information available from the assessments of the child and family conducted under rule 281—120.321(34CFR303) must be used in determining the early intervention services that are needed and will be provided.

281—120.342(4) Accessibility and convenience of meetings.

a. IFSP meetings must be conducted:

(1) In settings and at times that are convenient for the family; and

(2) In the native language of the family or other mode of communication used by the family, unless it is clearly not feasible to do so.

b. Meeting arrangements must be made with, and written notice provided to, the family and other participants early enough before the meeting date to ensure that they will be able to attend.

281—120.342(5) Parental consent. The contents of the IFSP must be fully explained to the parents and informed written consent, as described in rule 281—120.7(34CFR303), must be obtained, as required in subrule 120.420(1), prior to the provision of early intervention services described in the IFSP. Each early intervention service must be provided as soon as possible after the parent provides consent for that service, as required in subrule 120.344(6).

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.343(34CFR303) IFSP team meeting and periodic review.

281—120.343(1) Initial and annual IFSP team meeting.

a. Each initial meeting and each annual IFSP team meeting to evaluate the IFSP must include the following participants:

(1) The parent or parents of the child.

(2) Other family members, as requested by the parent, if feasible to do so.

(3) An advocate or person outside of the family, if the parent requests that the person participate.

(4) The service coordinator designated by the public agency to be responsible for implementing the IFSP.

(5) A person or persons directly involved in conducting the evaluations and assessments in rule 281—120.321(34CFR303).

(6) As appropriate, persons who will be providing early intervention services under this chapter to the child or family.
b. If a person listed in subparagraph 120.343(1)“a”(5) is unable to attend a meeting, arrangements must be made for the person’s involvement through other means, including one of the following:
   (1) Participating in a telephone conference call.
   (2) Having a knowledgeable authorized representative attend the meeting.
   (3) Making pertinent records available at the meeting.

120.343(2) Periodic review. Each periodic review under subrule 120.342(2) must provide for the participation of persons in subparagraphs 120.343(1)“a”(1) through (4). If conditions warrant, provisions must be made for the participation of other representatives identified in subrule 120.343(1).

[ARC 0100C; IAB 4/18/12, effective 5/23/12]

281—120.344(34CFR303) Content of an IFSP.

120.344(1) Information about the child’s status. The IFSP must include a statement of the infant or toddler with a disability’s present levels of physical development (including vision, hearing, and health status), cognitive development, communication development, social or emotional development, and adaptive development based on the information from that child’s evaluation and assessments conducted under rule 281—120.321(34CFR303).

120.344(2) Family information. With the concurrence of the family, the IFSP must include a statement of the family’s resources, priorities, and concerns related to enhancing the development of the child as identified through the assessment of the family under paragraph 120.321(5)”h.”

120.344(3) Results or outcomes. The IFSP must include a statement of the measurable results or measurable outcomes expected to be achieved for the child (including preliteracy and language skills, as developmentally appropriate for the child) and family, and the criteria, procedures, and timelines used to determine:

   a. The degree to which progress toward achieving the results or outcomes identified in the IFSP is being made; and
   b. Whether modifications or revisions of the expected results or outcomes, or early intervention services identified in the IFSP are necessary.

120.344(4) Early intervention services.

   a. The IFSP must include a statement of the specific early intervention services, based on peer-reviewed research (to the extent practicable), that are necessary to meet the unique needs of the child and the family to achieve the results or outcomes identified in subrule 120.344(3), including:

      (1) The length, duration, frequency, intensity, and method of delivering the early intervention services;

      (2) A statement that each early intervention service is provided in the natural environment for that child or service to the maximum extent appropriate, consistent with paragraph 120.13(1)”h,” rule 281—120.26(34CFR303), and rule 281—120.126(34CFR303), or, subject to subparagraph 120.344(4)“a”(3), a justification as to why an early intervention service will not be provided in the natural environment;

      (3) The determination of the appropriate setting for providing early intervention services to an infant or toddler with a disability, including any justification for not providing a particular early intervention service in the natural environment for that infant or toddler with a disability and service, must be:

         1. Made by the IFSP team (which includes the parent and other team members);

         2. Consistent with the provisions in paragraph 120.13(1)”h,” rule 281—120.26(34CFR303), and rule 281—120.126(34CFR303); and

         3. Based on the child’s outcomes identified by the IFSP team in subrule 120.344(3);

         4. The location of the early intervention services; and

         5. The payment arrangements, if any.

   b. As used in this subrule:

      (1) “Frequency and intensity” means the number of days or sessions that a service will be provided and whether the service is provided on an individual or group basis.

      (2) “Method” means how a service is provided.
(3) “Length” means the length of time the service is provided during each session of that service (such as an hour or other specified time period).

(4) “Duration” means projecting when a given service will no longer be provided (such as when the child is expected to achieve the results or outcomes in the child’s IFSP).

(5) “Location” means the actual place or places where a service will be provided.

120.344(5) Other services. To the extent appropriate, the IFSP also must:

a. Identify medical and other services that the child or family needs or is receiving through other sources, but that are neither required nor funded under this chapter; and

b. If those services are not currently being provided, include a description of the steps the service coordinator or family may take to assist the child and family in securing those other services.

120.344(6) Dates and duration of services. The IFSP must include:

a. The projected date for the initiation of each early intervention service in subrule 120.344(4), which date must be as soon as possible after the parent consents to the service, as required in subrules 120.342(5) and 120.420(1); and

b. The anticipated duration of each service.

120.344(7) Service coordinator. The IFSP must include the name of the service coordinator from the profession most relevant to the child’s or family’s needs (or who is otherwise qualified to carry out all applicable responsibilities under this chapter), who will be responsible for implementing the early intervention services identified in a child’s IFSP, including transition services, and coordination with other agencies and persons. In meeting the requirements of this subrule, the term “profession” includes “service coordination.”

120.344(8) Transition from Part C services.

a. The IFSP must include the steps and services to be taken to support the smooth transition of the child, in accordance with rule 281—120.209(34CFR303), from Part C services to:

(1) Preschool services under Part B of the Act, to the extent that those services are appropriate; or

(2) Other appropriate services.

b. The steps required in paragraph 120.344(8) “a” must include:

(1) Discussions with, and training of, parents, as appropriate, regarding future placements and other matters related to the child’s transition;

(2) Procedures to prepare the child for changes in service delivery, including steps to help the child adjust to, and function in, a new setting;

(3) Confirmation that child find information about the child has been transmitted to the AEA or other relevant agency, in accordance with subrule 120.209(2) and, with parental consent if required under rule 281—120.414(34CFR303), transmission of additional information needed by the AEA to ensure continuity of services from the Part C program to the Part B program, including a copy of the most recent evaluation and assessments of the child and the family and most recent IFSP developed in accordance with rules 281—120.340(34CFR30) through 281—120.345(34CFR303); and

(4) Identification of transition services and other activities that the IFSP team determines are necessary to support the transition of the child.

281—120.345(34CFR303) Interim IFSPs—provision of services before evaluations and assessments are completed. Early intervention services for an eligible child and the child’s family may commence before the completion of the evaluation and assessments in rule 281—120.321(34CFR303), if the following conditions are met:

120.345(1) Parental consent is obtained.

120.345(2) An interim IFSP is developed that includes the name of the service coordinator who will be responsible, consistent with subrule 120.344(7), for implementing the interim IFSP and coordinating with other agencies and persons and includes the early intervention services that have been determined to be needed immediately by the child and the child’s family.
120.345(3) Evaluations and assessments are completed within the 45-day timeline in rule 281—120.310(34CFR303).

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.346(34CFR303) Responsibility and accountability. Each public agency or EIS provider who has a direct role in the provision of early intervention services is responsible for making a good-faith effort to assist each eligible child in achieving the outcomes in the child's IFSP. However, Part C of the Act does not require that any public agency or EIS provider be held accountable if an eligible child does not achieve the growth projected in the child’s IFSP, so long as the child’s IFSP was reasonably calculated to confer benefit and was implemented.

281—120.347 to 120.399 Reserved.

DIVISION VI
PROCEDURAL SAFEGUARDS

281—120.400(34CFR303) General responsibility of lead agency for procedural safeguards. Subject to subrule 120.400(3), the department must:

120.400(1) Establish or adopt the procedural safeguards that meet the requirements of this division, including the provisions on confidentiality in rules 281—120.401(34CFR303) through 281—120.417(34CFR303), parental consent and notice in rules 281—120.420(34CFR303) and 281—120.421(34CFR303), surrogate parents in rule 281—120.422(34CFR303), and dispute resolution procedures in rule 281—120.430(34CFR303);

120.400(2) Ensure the effective implementation of the safeguards by each participating agency (including the lead agency and EIS providers) in the statewide system that is involved in the provision of early intervention services under this chapter; and

120.400(3) Make available to parents an initial copy of the child’s early intervention record, at no cost to the parents.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.401(34CFR303) Confidentiality and opportunity to examine records.

120.401(1) General. The state must ensure that the parents of a child referred under this chapter are afforded the right to confidentiality of personally identifiable information, including the right to written notice of, and written consent to, the exchange of that information among agencies, consistent with federal and state laws.

120.401(2) Confidentiality procedures. As required under Sections 617(c) and 642 of the Act, rules 281—120.401(34CFR303) through 281—120.417(34CFR303) ensure the protection of the confidentiality of any personally identifiable data, information, and records collected or maintained pursuant to this chapter by the Secretary and by participating agencies, including the department and EIS providers, in accordance with the protections under the Family Educational Rights and Privacy Act (FERPA) in 20 U.S.C. 1232g and 34 CFR Part 99. The state must have procedures in effect to ensure that:

a. Participating agencies (including the lead agency and EIS providers) comply with the Part C confidentiality procedures in rules 281—120.401(34CFR303) through 281—120.417(34CFR303); and

b. The parents of infants or toddlers who are referred to or receive services under this chapter are afforded the opportunity to inspect and review all Part C early intervention records about the child and the child’s family that are collected, maintained, or used under this chapter, including records related to evaluations and assessments, screening, eligibility determinations, development and implementation of IFSPs, provision of early intervention services, individual complaints involving the child, or any part of the child’s early intervention record under this chapter.

120.401(3) Applicability and time frame of procedures. The confidentiality procedures described in subrule 120.401(2) apply to the personally identifiable information of a child and the child’s family that:
a. Is contained in early intervention records collected, used, or maintained under this chapter by
the department or an EIS provider; and

b. Applies from the point in time when the child is referred for early intervention services under
this chapter until the later of when the participating agency is no longer required to maintain or no longer
maintains that information under applicable federal and state laws.

120.401(4) Disclosure of information: transition from Part C to Part B.

a. The department shall disclose to the AEA where the child resides, in accordance with subrule
120.209(2), the following personally identifiable information under the Act:

(1) A child’s name.

(2) A child’s date of birth.

(3) Parent contact information (including parents’ names, addresses, and telephone numbers).

b. The information described in this subrule is needed to enable the department, as well as LEAs
and AEAs under Part B of the Act, to identify all children potentially eligible for services under Part B
of the Act.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.402(34CFR303) Confidentiality. The Secretary takes appropriate action, in accordance with
Section 444 of GEPA, to ensure the protection of the confidentiality of any personally identifiable data,
information, and records collected, maintained, or used by the Secretary and by all lead agencies and
EIS providers pursuant to Part C of the Act and consistent with rules 281—120.401(34CFR303) through
281—120.417(34CFR303). Rules 281—120.401(34CFR303) through 281—120.417(34CFR303)
ensure the protection of the confidentiality of any personally identifiable data, information, and records
collected or maintained pursuant to this chapter by the Secretary and by participating agencies, including
state lead agencies and EIS providers, in accordance with the Family Educational Rights and Privacy

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.403(34CFR303) Definitions. The following definitions apply to rules 281—
120.402(34CFR303) through 281—120.417(34CFR303) in addition to the definition of “personally
identifiable information” in rule 281—120.29(34CFR303) and the definition of “disclosure” in 34
CFR 99.3:

120.403(1) “Destruction” means physical destruction of the record or ensuring that personal
identifiers are removed from a record so that the record is no longer personally identifiable under rule
281—120.29(34CFR303).

120.403(2) “Early intervention records” means all records regarding a child that are required to be
collected, maintained, or used under Part C of the Act and the rules in this chapter.

120.403(3) “Participating agency” means any individual, agency, entity, or institution that
collects, maintains, or uses personally identifiable information to implement the requirements in Part C of
the Act and the rules in this chapter with respect to a particular child. A participating agency includes the
department and EIS providers and any individual or entity that provides any Part C services (including
service coordination, evaluations and assessments), but does not include primary referral sources,
or public agencies (such as the state Medicaid or CHIP program) or private entities (such as private
insurance companies) that act solely as funding sources for Part C services.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.404(34CFR303) Notice to parents. The relevant agency must give notice when a child is
referred under Part C of the Act that is adequate to fully inform parents about the requirements in rule
281—120.402(34CFR303), including:

120.404(1) A description of the children on whom personally identifiable information is maintained,
the types of information sought, the methods the state intends to use in gathering the information
(including the sources from whom information is gathered), and the uses to be made of the information;
120.404(2) A summary of the policies and procedures that participating agencies must follow regarding storage, disclosure to third parties, retention, and destruction of personally identifiable information;

120.404(3) A description of all the rights of parents and children regarding this information, including their rights under the Part C confidentiality provisions in rules 281—120.401(34CFR303) through 281—120.417(34CFR303); and

120.404(4) A description of the extent that the notice is provided in the native languages of the various population groups in the state.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.405(34CFR303) Access rights.

120.405(1) General. Each participating agency must permit parents to inspect and review any early intervention records relating to their children that are collected, maintained, or used by the agency under this chapter. The agency must comply with a parent’s request to inspect and review records without unnecessary delay and before any meeting regarding an IFSP, or any hearing pursuant to subrule 120.430(4) and rules 281—120.435(34CFR303) through 281—120.439(34CFR303), and in no case more than ten days after the request is made.

120.405(2) Inspect and review. The right to inspect and review early intervention records under this rule includes:

a. The right to a response from the participating agency to reasonable requests for explanations and interpretations of the early intervention records;

b. The right to request that the participating agency provide copies of the early intervention records containing the information if failure to provide those copies would effectively prevent the parent from exercising the right to inspect and review the records; and

c. The right to have a representative of the parent inspect and review the early intervention records.

120.405(3) Rule of construction. An agency may presume that the parent has authority to inspect and review records relating to the parent’s child unless the agency has been provided documentation that the parent does not have the authority under applicable state laws governing such matters as custody, foster care, guardianship, separation, and divorce.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.406(34CFR303) Record of access. Each participating agency must keep a record of parties obtaining access to early intervention records collected, maintained, or used under Part C of the Act (except access by parents and authorized representatives and employees of the participating agency), including the name of the party, the date access was given, and the purpose for which the party is authorized to use the early intervention records.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.407(34CFR303) Records on more than one child. If any early intervention record includes information on more than one child, the parents of those children have the right to inspect and review only the information relating to their child or to be informed of that specific information.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.408(34CFR303) List of types and locations of information. Each participating agency must provide parents, on request, a list of the types and locations of early intervention records collected, maintained, or used by the agency.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.409(34CFR303) Fees for records.

120.409(1) General. Each participating agency may charge a fee for copies of records that are made for parents under this chapter if the fee does not effectively prevent the parents from exercising their right to inspect and review those records, except as provided in subrule 120.409(3).

120.409(2) No fees to search or retrieve. A participating agency may not charge a fee to search for or to retrieve information under this chapter.
120.409(3) Copies of certain documents at no cost. A participating agency must provide at no cost to parents a copy of each evaluation, assessment of the child, family assessment, and IFSP as soon as possible after each IFSP meeting. [ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.410(34CFR303) Amendment of records at a parent’s request.

120.410(1) Parent permitted to request amendment. A parent who believes that information in the early intervention records collected, maintained, or used under this chapter is inaccurate, misleading, or violates the privacy or other rights of the child or parent may request that the participating agency that maintains the information amend the information.

120.410(2) Agency to act on parent’s request. The participating agency must decide whether to amend the information in accordance with the request within a reasonable period of time of receipt of the request.

120.410(3) Agency to inform parent of hearing rights. If the participating agency refuses to amend the information in accordance with the request, the participating agency must inform the parent of the refusal and advise the parent of the right to a hearing under rule 281—120.411(34CFR303). [ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.411(34CFR303) Opportunity for a hearing. The participating agency must, on request, provide parents with the opportunity for a hearing to challenge information in their child’s early intervention records to ensure that the information is not inaccurate, misleading, or otherwise in violation of the privacy or other rights of the child or parents. A parent may request a due process hearing under the procedures in subrule 120.430(4), provided that such hearing procedures meet the requirements of the hearing procedures in rule 281—120.413(34CFR303), or may request a hearing directly under rule 281—120.413(34CFR303). [ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.412(34CFR303) Result of hearing.

120.412(1) Information to be amended. If, as a result of the hearing, the participating agency decides that the information is inaccurate, misleading or in violation of the privacy or other rights of the child or parent, the participating agency must amend the information accordingly and so inform the parent in writing.

120.412(2) Information not to be amended. If, as a result of the hearing, the agency decides that the information is not inaccurate, misleading, or in violation of the privacy or other rights of the child or parent, the agency must inform the parent of the right to place in the early intervention records the agency maintains on the child a statement commenting on the information or setting forth any reasons for disagreeing with the decision of the agency.

120.412(3) Explanation placed in records. Any explanation placed in the early intervention records of the child under this rule must be maintained by the agency as part of the early intervention records of the child as long as the record or contested portion is maintained by the agency. If the early intervention records of the child or the contested portion are disclosed by the agency to any party, the explanation must also be disclosed to the party. [ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.413(34CFR303) Hearing procedures. A hearing held under rule 281—120.411(34CFR303) must be conducted according to the procedures under 34 CFR 99.22. [ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.414(34CFR303) Consent prior to disclosure or use.

120.414(1) General. Except as provided in subrule 120.414(2), prior parental consent must be obtained before personally identifiable information is:

a. Disclosed to anyone other than authorized representatives, officials, or employees of participating agencies collecting, maintaining, or using the information under this chapter, subject to subrule 120.414(2); or
b. Used for any purpose other than meeting a requirement of this chapter.

120.414(2) Exceptions. The department or other participating agency may not disclose personally identifiable information, as defined in rule 281—120.29(34CFR303), to any party except participating agencies (including the department and EIS providers) that are part of the state’s Part C system without parental consent unless authorized to do so under:
a. Subrules 120.401(1) and 120.209(2); or
b. One of the exceptions enumerated in 34 CFR 99.31 (where applicable to Part C), which are expressly adopted to apply to Part C through this reference. In applying the exceptions in 34 CFR 99.31 to this chapter, participating agencies must also comply with the pertinent conditions in 34 CFR 99.32, 99.33, 99.34, 99.35, 99.36, 99.38, and 99.39. In applying these provisions in 34 CFR Part 99 to Part C, the reference to:
(1) 34 CFR 99.30 means subrule 120.414(1);
(2) “Education records” means early intervention records under subrule 120.403(2);
(3) “Educational” means early intervention under this chapter;
(4) “Educational agency or institution” means the participating agency under subrule 120.403(3);
(5) “School officials and officials of another school or school system” means qualified personnel or service coordinators under this chapter;
(6) “State and local educational authorities” means the department and EIS providers and grantees; and
(7) “Student” means child under this chapter.

120.414(3) Policies and procedures regarding refusal to provide consent. The department must provide policies and procedures to be used when a parent refuses to provide consent under this rule (such as a meeting to explain to parents how their failure to consent affects the ability of their child to receive services under this chapter), provided that those procedures do not override a parent’s right to refuse consent under rule 281—120.420(34CFR303).

[ARC 0100C; IAB 4/18/12, effective 5/23/12]

281—120.415(34CFR303) Safeguards. Each participating agency must protect the confidentiality of personally identifiable information at the collection, maintenance, use, storage, disclosure, and destruction stages. One official at each participating agency must assume responsibility for ensuring the confidentiality of any personally identifiable information. All persons collecting or using personally identifiable information must receive training or instruction regarding the state’s policies and procedures under rules 281—120.401(34CFR303) through 281—120.417(34CFR303) and 34 CFR Part 99. Each participating agency must maintain, for public inspection, a current listing of the names and positions of those employees within the agency who may have access to personally identifiable information.

[ARC 0100C; IAB 4/18/12, effective 5/23/12]

281—120.416(34CFR303) Destruction of information.

120.416(1) Notification to parent. The participating agency must inform parents when personally identifiable information collected, maintained, or used under this chapter is no longer needed to provide services to the child under Part C of the Act, the GEPA provisions in 20 U.S.C. 1232f, and EDGAR, 34 CFR Parts 76 and 80.

120.416(2) Mandatory and permissive destruction of personally identifiable information. Subject to subrule 120.416(1), the information must be destroyed at the request of the parents. However, a permanent record of a child’s name, date of birth, parent contact information (including address and telephone number), names of service coordinator(s) and EIS provider(s), and exit data (including year and age upon exit and any programs entered into upon exiting) may be maintained without time limitation.

120.416(3) Rule of construction—“no longer needed to provide services.” For purposes of this rule, “no longer needed to provide services” means that a record is no longer relevant to the provision of Early ACCESS services and is no longer needed for accountability and audit purposes. At a minimum,
281—120.417(34CFR303) Enforcement. The department must have in effect the policies and procedures, including sanctions and the right to file a complaint under rules 281—120.432(34CFR303) through 281—120.434(34CFR303), that the department uses to ensure that its policies and procedures, consistent with rules 281—120.401(34CFR303) through 281—120.417(34CFR303), are followed and that the requirements of the Act and the rules in this chapter are met. [ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.418 and 120.419 Reserved.

281—120.420(34CFR303) Parental consent and ability to decline services.
   120.420(1) General. The relevant agency must ensure parental consent is obtained before:
   a. Administering screening procedures under rule 281—120.320(34CFR303) that are used to
determine whether a child is suspected of having a disability;
   b. All evaluations and assessments of a child are conducted under rule 281—120.321(34CFR303);
   c. Early intervention services are provided to a child under this chapter;
   d. Public benefits or insurance or private insurance is used if such consent is required under rule
       281—120.520(34CFR303); and
   e. Disclosure of personally identifiable information consistent with rule 281—
      120.414(34CFR303).
   120.420(2) Parent refusal to consent. If a parent does not give consent under paragraph
120.420(1)‘a,’ ‘b,’ or ‘c,’ the agency must make reasonable efforts to ensure that the parent:
   a. Is fully aware of the nature of the evaluation and assessment of the child or early intervention
services that may be available; and
   b. Understands that the child will not be able to receive the evaluation, assessment, or early
intervention services unless consent is given.
   120.420(3) Due process procedures unavailable. The agency may not use the due process hearing
procedures under this chapter to challenge a parent’s refusal to provide any consent that is required under
subrule 120.420(1).
   120.420(4) Parent rights. The parents of an infant or toddler with a disability:
   a. Determine whether they, their infant or toddler with a disability, or other family members will
accept or decline any Early ACCESS service under this chapter at any time, in accordance with state
law; and
   b. May decline a service after first accepting it, without jeopardizing other early intervention
services under this chapter. [ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.421(34CFR303) Prior written notice and procedural safeguards notice.
   120.421(1) General. Prior written notice must be provided to parents a reasonable time before an
agency or an EIS provider proposes, or refuses, to initiate or change the identification, evaluation, or
placement of the parents’ infant or toddler or the provision of early intervention services to the infant or
toddler with a disability and that infant’s or toddler’s family.
   120.421(2) Content of notice. The notice must be in sufficient detail to inform parents about:
   a. The action that is being proposed or refused;
   b. The reasons for taking the action; and
   c. All procedural safeguards that are available under this chapter, including a description
of mediation in rule 281—120.431(34CFR303), how to file a state complaint in rules
281—120.432(34CFR303) through 281—120.434(34CFR303) and a due process complaint in the
provisions adopted under subrule 120.430(4), and any timelines under those procedures.
   120.421(3) Native language.
a. The notice must be:
   (1) Written in language understandable to the general public; and
   (2) Provided in the native language, as defined in rule 281—120.25(34CFR303), of the parent or other mode of communication used by the parent, unless it is clearly not feasible to do so.

b. If the native language or other mode of communication of the parent is not a written language, the public agency or designated EIS provider must take steps to ensure that:
   (1) The notice is translated orally or by other means to the parent in the parent's native language or other mode of communication;
   (2) The parent understands the notice; and
   (3) There is written evidence that the requirements of this subrule have been met.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.422(34CFR303) Surrogate parents.

120.422(1) General. The department or other public agency must ensure that the rights of a child are protected when:

a. No parent (as defined in rule 281—120.27(34CFR303)) can be identified;

b. The department or AEA, after reasonable efforts, cannot locate a parent; or

c. The child is a ward of the state under the laws of the state.

120.422(2) Duty of other public agencies.

a. The duty of the AEA under subrule 120.422(1) includes the assignment of an individual to act as a surrogate for the parent. This assignment process must include a method for:
   (1) Determining whether a child needs a surrogate parent; and
   (2) Assigning a surrogate parent to the child.

b. In implementing the provisions under this rule for children who are wards of the state or placed in foster care, the AEA must consult with the public agency that has been assigned care of the child.

120.422(3) Wards of the state. In the case of a child who is a ward of the state, the surrogate parent, instead of being appointed by the AEA under subrule 120.422(2), may be appointed by the judge presiding over the infant’s or toddler’s case provided that the surrogate parent meets the requirements in subrules 120.422(4) and 120.422(5).

120.422(4) Criteria for selection of surrogate parents.

a. The AEA may select a surrogate parent in any way permitted under state law.

b. The AEA must ensure that a person selected as a surrogate parent:
   (1) Is not an employee of the department or any other public agency or EIS provider that provides early intervention services, education, care, or other services to the child or any family member of the child;
   (2) Has no personal or professional interest that conflicts with the interest of the child the person represents; and
   (3) Has knowledge and skills that ensure adequate representation of the child.

120.422(5) Nonemployee requirement; compensation. A person who is otherwise qualified to be a surrogate parent under subrule 120.422(4) is not an employee of the agency solely because the person is paid by the agency to serve as a surrogate parent.

120.422(6) Surrogate parent responsibilities. The surrogate parent has the same rights as a parent for all purposes under this chapter.

120.422(7) Department responsibility. The department must make reasonable efforts to ensure the assignment of a surrogate parent not more than 30 days after a public agency determines that the child needs a surrogate parent.

281—120.423 to 120.429 Reserved.

281—120.430(34CFR303) State dispute resolution options.
120.430(1) General. Each statewide system must include written procedures for the timely administrative resolution of complaints through mediation, state complaint procedures, and due process hearing procedures, described in subrules 120.430(2) through 120.430(6).

120.430(2) Mediation. The department must make available to parties to disputes involving any matter under this chapter the opportunity for mediation that meets the requirements in rule 281—120.431(34CFR303).

120.430(3) State complaint procedures. The department must adopt written state complaint procedures that meet the requirements in rules 281—120.432(34CFR303) through 281—120.434(34CFR303) to resolve any state complaints filed by any party regarding any violation of this chapter.

120.430(4) Due process hearing procedures. The department must adopt written due process hearing procedures to resolve complaints with respect to a particular child regarding any matter identified in subrule 120.421(1). The department adopts the Part C due process hearing procedures under Section 639 of the Act.

120.430(5) Status of a child during the pendency of a due process complaint. During the pendency of any proceeding involving a due process complaint under subrule 120.430(4), unless the agency and parents of an infant or toddler with a disability otherwise agree, the child must continue to receive the appropriate early intervention services in the setting identified in the IFSP that is consented to by the parents. If the due process complaint under subrule 120.430(4) involves an application for initial services under Part C of the Act, the child must receive those services that are not in dispute.

120.430(6) Status of a child during the pendency of mediation. During the pendency of any request for mediation under subrule 120.430(2) and for ten days after any such mediation conference at which no agreement is reached, unless the agency and the parents of the child agree otherwise, the child involved in any such mediation conference must continue to receive the appropriate early intervention services identified in the IFSP in the setting that is consented to by the parents. If the mediation involves an application for initial services under Part C of the Act, the child must receive those services that are not in dispute.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.431(34CFR303) Mediation.

120.431(1) General. The department must ensure that procedures are established and implemented to allow parties to disputes involving any matter under this chapter, including matters arising prior to the filing of a due process complaint, to resolve disputes through a mediation process at any time.

120.431(2) Requirements. The procedures must meet the following requirements:

a. The procedures must ensure that the mediation process:
   (1) Is voluntary on the part of the parties;
   (2) Is not used to deny or delay a parent’s right to a due process hearing, or to deny any other rights afforded under Part C of the Act; and
   (3) Is conducted by a qualified and impartial mediator who is trained in effective mediation techniques.

b. The department must maintain a list of individuals who are qualified mediators and knowledgeable in laws and regulations relating to the provision of early intervention services. The department must select mediators on a random, rotational, or other impartial basis.

c. The department must bear the cost of the mediation process, including the costs of meetings described in subrule 120.431(4).

d. Each session in the mediation process must be scheduled in a timely manner and must be held in a location that is convenient to the parties to the dispute.

e. If the parties resolve a dispute through the mediation process, the parties must execute a legally binding agreement that sets forth that resolution and that:
   (1) States that all discussions that occurred during the mediation process will remain confidential and may not be used as evidence in any subsequent due process hearing or civil proceeding; and
(2) Is signed by both the parent and a representative of the lead agency who has the authority to bind such agency.

f. A written, signed mediation agreement under this subrule is enforceable in any state court of competent jurisdiction or in a district court of the United States.

g. Discussions that occur during the mediation process must be confidential and may not be used as evidence in any subsequent due process hearing or civil proceeding of any federal court or state court of a state receiving assistance under Part C of the Act.

120.431(3) Impartiality of mediator.

a. An individual who serves as a mediator under this chapter:

(1) May not be an employee of the department or an EIS provider that is involved in the provision of early intervention services or other services to the child; and

(2) Must not have a personal or professional interest that conflicts with the person’s objectivity.

b. An individual who otherwise qualifies as a mediator is not an employee of the department or an early intervention provider solely because the individual is paid by the agency or provider to serve as a mediator.

120.431(4) Meeting to encourage mediation. The department may establish procedures to offer to parents and EIS providers that choose not to use the mediation process an opportunity to meet, at a time and location convenient to the parents, with a disinterested party:

a. Who is under contract with an appropriate alternative dispute resolution entity or a parent training and information center or community parent resource center in the state established under Section 671 or 672 of the Act; and

b. Who would explain the benefits of, and encourage the use of, the mediation process to the parents.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.432(34CFR303) Adoption of state complaint procedures.

120.432(1) General. The department must adopt written procedures for:

a. Resolving any complaint, including a complaint filed by an organization or individual from another state, that meets the requirements in rule 281—120.434(34CFR303) by providing for the filing of a complaint with the department; and

b. Widely disseminating to parents and other interested individuals, including parent training and information centers, protection and advocacy agencies, and other appropriate entities, the procedures under rules 281—120.432(34CFR303) through 281—120.434(34CFR303).

120.432(2) Remedies for denial of appropriate services. In resolving a complaint in which the department has found a failure to provide appropriate services, the department, pursuant to its general supervisory authority under Part C of the Act, must address:

a. The failure to provide appropriate services, including corrective actions appropriate to address the needs of the infant or toddler with a disability who is the subject of the complaint and the infant’s or toddler’s family (such as compensatory services or monetary reimbursement); and

b. Appropriate future provision of services for all infants and toddlers with disabilities and their families.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.433(34CFR303) Minimum state complaint procedures.

120.433(1) Time limit; minimum procedures. The department must include in its complaint procedures a time limit of 60 days after a complaint is filed under rule 281—120.434(34CFR303) to:

a. Carry out an independent, on-site investigation, if the department determines that an investigation is necessary;

b. Give the complainant the opportunity to submit additional information, either orally or in writing, about the allegations in the complaint;

c. Provide the agency or EIS provider named in the complaint an opportunity to respond to the complaint, including, at a minimum:

(1) At the discretion of the department, a proposal to resolve the complaint; and
(2) An opportunity for a parent who has filed a complaint and the lead agency, public agency, or EIS provider to voluntarily engage in mediation, consistent with subrule 120.430(2) and rule 281—120.431(34CFR303);

d. Review all relevant information and make an independent determination as to whether the agency or EIS provider named in the complaint is violating a requirement of Part C of the Act or of this chapter; and

e. Issue a written decision to the complainant that addresses each allegation in the complaint and contains:

(1) Findings of fact and conclusions; and
(2) The reasons for the department’s final decision.

120.433(2) Time extension; final decision; implementation. The department’s procedures described in subrule 120.433(1) must:

a. Permit an extension of the time limit under subrule 120.433(1) only if:

(1) Exceptional circumstances exist with respect to a particular complaint; or
(2) The parent (or individual or organization, if mediation is available to the individual or organization under state procedures) and agency or EIS provider named in the complaint agree to extend the time to engage in mediation pursuant to subparagraph 120.433(1)”c”(2); and

b. Include procedures for effective implementation of the department’s final decision, if needed, including:

(1) Technical assistance activities;
(2) Negotiations; and
(3) Corrective actions to achieve compliance.

120.433(3) Complaints filed under this rule and due process hearings under subrule 120.430(4). If a written complaint is received that is also the subject of a due process hearing under subrule 120.430(4), or contains multiple issues of which one or more are part of that hearing, the department must set aside any part of the complaint that is being addressed in the due process hearing until the conclusion of the hearing. However, any issue in the complaint that is not a part of the due process hearing must be resolved using the time limit and procedures described in subrules 120.433(1) and 120.433(2). If an issue raised in a complaint filed under this rule has previously been decided in a due process hearing involving the same parties, the due process hearing decision is binding on that issue, and the department must inform the complainant to that effect. A complaint alleging the department’s, other public agency’s, or EIS provider’s failure to implement a due process hearing decision must be resolved by the department.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.434(34CFR303) Filing a complaint.

120.434(1) Complainant. An organization or individual may file a signed written complaint under the procedures described in rules 281—120.432(34CFR303) and 281—120.433(34CFR303).

120.434(2) Contents of complaint. The complaint must include:

a. A statement that an agency or EIS provider has violated a requirement of Part C of the Act or of this chapter;

b. The facts on which the statement is based;
c. The signature and contact information for the complainant; and
d. If alleging violations with respect to a specific child:

(1) The name and address of the residence of the child;
(2) The name of the EIS provider serving the child;
(3) A description of the nature of the problem of the child, including facts relating to the problem; and

(4) A proposed resolution of the problem to the extent known and available to the party at the time the complaint is filed.

120.434(3) Time limit. The complaint must allege a violation that occurred not more than one year prior to the date that the complaint is received in accordance with rule 281—120.432(34CFR303).
120.434(4) Providing copies to parties named in the complaint. The party filing the complaint must forward a copy of the complaint to the public agency or EIS provider serving the child at the same time the party files the complaint with the department.

120.434(5) Failure to comply with mediation agreement or due process decision. A complainant may allege a party has failed to comply with a due process hearing decision, a mediation agreement, or a resolution meeting agreement. If the complaint is substantiated, the department will grant appropriate relief.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.435(34CFR303) Appointment of an administrative law judge.

120.435(1) Qualifications and duties. Whenever a due process complaint is received under subrule 120.430(4), the department will appoint an impartial administrative law judge (ALJ) to implement the complaint resolution process in this chapter. The person must:

a. Have knowledge about the provisions of Part C of the Act and of this chapter and the needs of, and early intervention services available for, infants and toddlers with disabilities and their families; and
b. Perform the following duties:
   (1) Listen to the presentation of relevant viewpoints about the due process complaint;
   (2) Examine all information relevant to the issues;
   (3) Seek to reach a timely resolution of the due process complaint; and
   (4) Provide a record of the proceedings, including a written decision.

120.435(2) Definition of “impartial.”

a. “Impartial” means that the administrative law judge appointed to implement the due process hearing under this chapter:

   (1) Is not an employee of the department or other agency or EIS provider involved in the provision of early intervention services or care of the child; and
   (2) Does not have a personal or professional interest that would conflict with the ALJ’s objectivity in implementing the process.

b. A person who otherwise qualifies under this subrule is not an employee of an agency solely because the person is paid by the agency to implement the due process hearing procedures or mediation procedures under this chapter.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.436(34CFR303) Parental rights in due process hearing proceedings.

120.436(1) General. The department must ensure that the parents of a child referred to or receiving Part C services are afforded the rights in subrule 120.436(2) in the due process hearing carried out under subrule 120.430(4).

120.436(2) Rights of parents. Any parent involved in a due process hearing has the right to:

a. Be accompanied and advised by counsel and by individuals with special knowledge or training with respect to early intervention services for infants and toddlers with disabilities;

b. Present evidence and confront, cross-examine, and compel the attendance of witnesses;

c. Prohibit the introduction of any evidence at the hearing that has not been disclosed to the parent at least five days before the hearing;

d. Obtain a written or electronic verbatim transcription of the hearing at no cost to the parent; and

e. Receive a written copy of the findings of fact and decisions at no cost to the parent.

120.436(3) Other party rights. Any public agency or EIS provider that is a party to a due process hearing under subrule 120.430(4) has each of the rights listed in subrule 120.436(2).

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.437(34CFR303) Convenience of hearings and timelines.

120.437(1) Time and place. Any due process hearing conducted under this chapter must be carried out at a time and place that is reasonably convenient to the parents.
120.437(2) Timeline for ALJ decision. The department must ensure that, not later than 30 days after the receipt of a parent’s due process complaint, the due process hearing required under this chapter is completed and a written decision mailed to each of the parties.

120.437(3) Extension of ALJ timeline. An ALJ may grant specific extensions of time beyond the period set out in subrule 120.437(2) at the request of either party.

[ARC 0100C; IAB 4/18/12, effective 5/23/12]

281—120.438(34CFR303) Civil action. Any party aggrieved by the findings and decision issued pursuant to a due process complaint has the right to bring a civil action in state or federal court under Section 639(a)(1) of the Act.

[ARC 0100C; IAB 4/18/12, effective 5/23/12]

281—120.439(34CFR303) Limitation of actions.

120.439(1) Limitation: due process complaints. A parent, agency, or EIS provider must request an impartial hearing on the due process complaint within two years of the date the parent, agency, or provider knew or should have known about the alleged action that forms the basis of the due process complaint.

120.439(2) Exceptions to timeline. The timeline described in subrule 120.439(1) does not apply to a parent if the parent was prevented from filing a due process complaint due to either of the following:

a. Specific misrepresentations by an agency or EIS provider that it had resolved the problem forming the basis of the due process complaint; or

b. The agency’s or EIS provider’s withholding of information from the parent that was required under this chapter to be provided to the parent.

120.439(3) Limitation: civil action. The party bringing the civil action under rule 281—120.438(34CFR303) shall have 90 days from the date of the decision of the administrative law judge to file a civil action.

[ARC 0100C; IAB 4/18/12, effective 5/23/12]

281—120.440(34CFR303) Rule of construction. Nothing in this chapter restricts or limits the rights, procedures, and remedies available under the Constitution, the Americans with Disabilities Act of 1990, Title V of the Rehabilitation Act of 1973, or other federal laws protecting the rights of children with disabilities, except that, before the filing of a civil action under these laws seeking relief that is also available under Section 639 of the Act, the procedures under this chapter must be exhausted to the same extent as would be required had the action been brought under Section 639 of the Act.

[ARC 0100C; IAB 4/18/12, effective 5/23/12]

281—120.441(34CFR303) Attorney fees. Reasonable attorney fees are available to a prevailing party (parent or, in certain circumstances, public agency or EIS provider) in a due process hearing or a mediation conference to the extent those fees are available under the Act. No fees are available under the state complaint procedure in subrule 120.430(3).

[ARC 0100C; IAB 4/18/12, effective 5/23/12]

281—120.442 to 120.448 Reserved.

281—120.449(34CFR303) State enforcement mechanisms. Notwithstanding subrule 120.431(2), which provides for judicial enforcement of a written agreement reached as a result of a mediation, there is nothing in this chapter that would prevent the state from using other mechanisms to seek enforcement of that agreement, provided that use of those mechanisms is not mandatory and does not delay or deny a party the right to seek enforcement of the written agreement in a state court of competent jurisdiction or in a district court of the United States.

281—120.450 to 120.499 Reserved.
DIVISION VII
USE OF FUNDS; PAYOR OF LAST RESORT

281—120.500(34CFR303) Use of funds, payor of last resort, and system of payments.

120.500(1) Statewide system. The statewide system must include written policies and procedures that meet the requirements of the:
   a. Use of funds provisions in rule 281—120.501(34CFR303); and
   b. Payor of last resort provisions in rules 281—120.510(34CFR303) through 281—120.521(34CFR303) (regarding the identification and coordination of funding resources for, and the provision of, early intervention services under Part C of the Act within the state).

120.500(2) System of payments. The state may establish, consistent with subrules 120.13(1) and 120.203(2), a system of payments for early intervention services under Part C of the Act, including a schedule of sliding fees or cost participation fees (such as copayments, premiums, or deductibles) required to be paid under federal, state, local, or private programs of insurance or benefits for which the infant or toddler with a disability or the child’s family is enrolled, that meets the requirements of rules 281—120.520(34CFR303) and 281—120.521(34CFR303).

[ARC 0100C; IAB 4/18/12, effective 5/23/12]

281—120.501(34CFR303) Permissive use of funds by the department. Consistent with rules 281—120.120(34CFR303) through 281—120.122(34CFR303) and 281—120.220(34CFR303) through 281—120.226(34CFR303), the department may use funds under this chapter for activities or expenses that are reasonable and necessary for implementing Early ACCESS, including funds:

120.501(1) For direct early intervention services for infants and toddlers with disabilities and their families under this chapter that are not otherwise funded through other public or private sources (subject to rules 281—120.510(34CFR303) through 281—120.521(34CFR303));

120.501(2) To expand and improve services for infants and toddlers with disabilities and their families under this chapter that are otherwise available; and

120.501(3) In any state that does not provide services under 34 CFR 303.204 for at-risk infants and toddlers, as defined in rule 281—120.5(34CFR303), to strengthen the statewide system by initiating, expanding, or improving collaborative efforts related to at-risk infants and toddlers, including establishing linkages with appropriate public and private community-based organizations, services, and personnel for the purposes of:
   a. Identifying and evaluating at-risk infants and toddlers;
   b. Making referrals for the infants and toddlers identified and evaluated under paragraph 120.501(3) “a”; and
   c. Conducting periodic follow-up on each referral, to determine if the status of the infant or toddler involved has changed with respect to the eligibility of the infant or toddler for services under this chapter.

[ARC 0100C; IAB 4/18/12, effective 5/23/12]

281—120.502 to 120.509 Reserved.

281—120.510(34CFR303) Payor of last resort.

120.510(1) Nonsubstitution of funds. Except as provided in subrule 120.510(2), funds under this chapter may not be used to satisfy a financial commitment for services that would otherwise have been paid for from another public or private source, including any medical program administered by the Department of Defense, but for the enactment of Part C of the Act. Therefore, funds under this chapter may be used only for early intervention services that an infant or toddler with a disability needs but is not currently entitled to receive or have payment made from any other federal, state, local, or private source (subject to rules 281—120.520(34CFR303) and 281—120.521(34CFR303)).

120.510(2) Interim payments—reimbursement. If necessary to prevent a delay in the timely provision of appropriate early intervention services to a child or the child’s family, funds under Part C of the Act may be used to pay the provider of services (for services and functions authorized under this chapter, including health services, as defined in rule 281—120.16(34CFR303) (but not medical
services); functions of the child find system described in rules 281—120.115(34 CFR 303) through 281—120.117(34 CFR 303) and rules 281—120.301(34 CFR 303) through 281—120.320(34 CFR 303); and evaluations and assessments in rule 281—120.321(34 CFR 303), pending reimbursement from the agency or entity that has ultimate responsibility for the payment.

120.510(3) Nonreduction of benefits. Nothing in this chapter may be construed to permit a state to reduce medical or other assistance available in the state or to alter eligibility under Title V of the Social Security Act, 42 U.S.C. 701 et seq. (SSA) (relating to maternal and child health) or Title XIX of the SSA, 42 U.S.C. 1396 (relating to Medicaid), including Section 1903(a) of the SSA regarding medical assistance for services furnished to an infant or toddler with a disability when those services are included in the child’s IFSP adopted pursuant to Part C of the Act.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.511(34 CFR 303) Methods to ensure the provision of, and financial responsibility for, Early ACCESS services.

120.511(1) General. The state must ensure that it has in place methods for interagency coordination. Under these methods, the governor must ensure that the interagency agreement or other method for interagency coordination is in effect between the department and each signatory agency in order to ensure:

a. The provision of, and establishing financial responsibility for, early intervention services provided under this chapter; and

b. Such services are consistent with the requirement in Section 635 of the Act and the state’s application under Section 637 of the Act, including the provision of such services during the pendency of any dispute between state agencies.

120.511(2) Methods. The methods in subrule 120.511(1) must meet all requirements in this rule and be set forth in one of the following:

a. State law or rule;

b. Signed interagency and intra-agency agreements between respective agency officials that clearly identify the financial and service provision responsibilities of each agency (or entity within the agency); or

c. Other appropriate written methods determined by the governor, or the governor’s designee, and approved by the Secretary through the review and approval of the state’s application.

120.511(3) Procedures for resolving disputes.

a. Each method must include procedures for achieving a timely resolution of intra-agency and interagency disputes about payments for a given service or disputes about other matters related to Early ACCESS. Those procedures must include a mechanism for resolution of disputes within agencies and for the governor, governor’s designee, or the department to make a final determination for interagency disputes, which determination must be binding upon the agencies involved.

b. The method must:

(1) Permit the agency to resolve its own internal disputes (based on the agency’s procedures that are included in the agreement), so long as the agency acts in a timely manner; and

(2) Include the process that the department will follow in achieving resolution of intra-agency disputes, if a given agency is unable to resolve its own internal disputes in a timely manner.

c. If, during the department’s resolution of the dispute, the governor, governor’s designee, or department determines that the assignment of financial responsibility under this rule was inappropriately made:

(1) The governor, governor’s designee, or department must reassign the financial responsibility to the appropriate agency; and

(2) The department must make arrangements for reimbursement of any expenditures incurred by the agency originally assigned financial responsibility.

120.511(4) Delivery of services in a timely manner. The methods adopted by the state under this rule must:
a. Include a mechanism to ensure that no services that a child is entitled to receive under this chapter are delayed or denied because of disputes between agencies regarding financial or other responsibilities; and

b. Be consistent with the written funding policies adopted by the state under this division and include any provisions the state has adopted under rule 281—120.520(34CFR303) regarding the use of insurance to pay for Part C services.

120.511(5) **Additional components.** Each method must include any additional components necessary to ensure effective cooperation and coordination among, and the department’s general supervision (including monitoring) of, EIS providers (including all public agencies) involved in Early ACCESS.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.512 to 120.519 Reserved.

281—120.520(34CFR303) **Policies related to use of public benefits or insurance or private insurance to pay for Early ACCESS services.**

120.520(1) **Use of public benefits or public insurance to pay for Early ACCESS services.**

a. The state may not use the public benefits or insurance of a child or parent to pay for Part C services unless the state provides written notification, consistent with paragraph 120.521(1)“c,” to the child’s parents, and the state meets the no-cost protections identified in paragraph 120.520(1)“b.”

b. With regard to the state’s using the public benefits or insurance of a child or parent to pay for Part C services, the state:

1. May not require a parent to sign up for or enroll in public benefits or insurance programs as a condition of receiving Part C services and must obtain consent prior to using the public benefits or insurance of a child or parent if that child or parent is not already enrolled in such a program;

2. Must obtain consent, consistent with rule 281—120.7(34CFR303) and subrule 120.420(1), to use a child’s or parent’s public benefits or insurance to pay for Part C services if that use would:
   1. Decrease available lifetime coverage or any other insured benefit for that child or parent under that program;
   2. Result in the child’s parents paying for services that would otherwise be covered by the public benefits or insurance program;
   3. Result in any increase in premiums or discontinuation of public benefits or insurance for that child or that child’s parents; or
   4. Risk loss of eligibility for the child or that child’s parents for home- and community-based waivers based on aggregate health-related expenditures.

3. If the parent does not provide consent under paragraph 120.520(1)“b,” the state must still make available those Part C services on the IFSP to which the parent has provided consent.

c. Prior to the state’s using a child’s or parent’s public benefits or insurance to pay for Part C services, the state must provide written notification to the child’s parents. The notification must include:

1. A statement that parental consent must be obtained under rule 281—120.414(34CFR303), if that rule applies, before the department or EIS provider discloses, for billing purposes, a child’s personally identifiable information to the department of human services, the state public agency responsible for the administration of the state’s public benefits or insurance program (e.g., Medicaid);

2. A statement of the no-cost protection provisions in subrule 120.520(1) and that if the parent does not provide the consent under that subrule, the agency must still make available those Part C services on the IFSP for which the parent has provided consent;

3. A statement that the parents have the right under rule 281—120.414(34CFR303), if that rule applies, to withdraw their consent to disclosure of personally identifiable information to the department of human services, the state public agency responsible for the administration of the state’s public benefits or insurance program (e.g., Medicaid) at any time; and
(4) A statement of the general categories of costs that the parent would incur as a result of participating in a public benefits or insurance program (such as copayments or deductibles, or the required use of private insurance as the primary insurance).

d. If a state requires a parent to pay any costs that the parent would incur as a result of the state’s using a child’s or parent’s public benefits or insurance to pay for Part C services (such as copayments or deductibles, or the required use of private insurance as the primary insurance), those costs must be identified in the state’s system of payments policies under rule 281—120.521(34CFR303) and included in the notification provided to the parent under paragraph 120.520(1)“c”; otherwise, the state cannot charge those costs to the parent.

120.520(2) Use of private insurance to pay for Part C services.

a. The state may not use the private insurance of a parent of an infant or toddler with a disability to pay for Part C services unless the parent provides parental consent, consistent with rule 281—120.7(34CFR303) and subrule 120.420(1), to use private insurance to pay for Part C services for the parent’s child or the state meets one of the exceptions in paragraph 120.520(2)“d.” This includes the use of private insurance when such use is a prerequisite for the use of public benefits or insurance. Parental consent must be obtained:

(1) When an agency or EIS provider seeks to use the parent’s private insurance or benefits to pay for the initial provision of an early intervention service in the IFSP; and

(2) Each time consent for services is required under subrule 120.420(1) due to an increase (in frequency, length, duration, or intensity) in the provision of services in the child’s IFSP.

b. If a state requires a parent to pay any costs that the parent would incur as a result of the state’s use of private insurance to pay for early intervention services (such as copayments, premiums, or deductibles), those costs must be identified in the state’s system of payments policies under rule 281—120.521(34CFR303); otherwise, the state may not charge those costs to the parent.

c. When obtaining parental consent required under paragraph 120.520(2)“a” or initially using benefits under a child’s or parent’s private insurance policy to pay for an early intervention service under paragraph 120.520(2)“d,” the state must provide to the parent a copy of the state’s system of payments policies that identifies the potential costs that the parent may incur when the parent’s private insurance is used to pay for early intervention services under this chapter (such as copayments, premiums, or deductibles or other long-term costs such as the loss of benefits because of annual or lifetime health insurance coverage caps under the insurance policy).

d. The parental consent requirements in paragraphs 120.520(2)“a” through “c” do not apply if the state has enacted a state statute regarding private health insurance coverage for early intervention services under Part C of the Act that expressly provides that:

(1) The use of private health insurance to pay for Part C services cannot count towards or result in a loss of benefits due to the annual or lifetime health insurance coverage caps for the infant or toddler with a disability, the parent, or the child’s family members who are covered under that health insurance policy;

(2) The use of private health insurance to pay for Part C services cannot negatively affect the availability of health insurance to the infant or toddler with a disability, the parent, or the child’s family members who are covered under that health insurance policy, and health insurance coverage may not be discontinued for these individuals due to the use of the health insurance to pay for services under Part C of the Act; and

(3) The use of private health insurance to pay for Part C services cannot be the basis for increasing the health insurance premiums of the infant or toddler with a disability, the parent, or the child’s family members covered under that health insurance policy.

e. If the state has enacted a state statute that meets the requirements in paragraph 120.520(2)“d,” regarding the use of private health insurance coverage to pay for early intervention services under Part C of the Act, the state may reestablish a new baseline of state and local expenditures under subrule 120.225(2) in the next federal fiscal year following the effective date of the statute.

120.520(3) Inability to pay. If a parent or family of an infant or toddler with a disability is determined unable to pay under the state’s definition of inability to pay under subrule 120.521(1) and does not provide
consent under paragraphs 120.520(2) “a” and “b,” the lack of consent may not be used to delay or deny any services under this chapter to that child or family.

**120.520(4) Proceeds or funds from public insurance or benefits or from private insurance.**

a. Proceeds or funds from public insurance or benefits or from private insurance are not treated as program income for purposes of 34 CFR 80.25.

b. If the state receives reimbursements from federal funds (e.g., Medicaid reimbursements attributable directly to federal funds) for services under Part C of the Act, those funds are considered neither state nor local funds under subrule 120.225(2).

c. If the state spends funds from private insurance for services under this chapter, those funds are considered neither state nor local funds under rule 281—120.225(34CFR303).

**120.520(5) Funds received from a parent or family member under the state’s system of payments.** Funds received by the state from a parent or family member under the state’s system of payments established under rule 281—120.521(34CFR303) are considered program income under 34 CFR 80.25. These funds:

a. Are not deducted from the total allowable costs charged under Part C of the Act (as set forth in 34 CFR 80.25(g)(1));

b. Must be used for the state’s Part C early intervention services program, consistent with 34 CFR 80.25(g)(2); and

c. Are considered neither state nor local funds under subrule 120.225(2).

[ARC 0100C; IAB 4/18/12, effective 5/23/12]

**281—120.521(34CFR303) System of payments and fees.**

**120.521(1) General.** If a state elects to adopt a system of payments in subrule 120.500(2), the state’s system of payments policies must be in writing and specify which functions or services, if any, are subject to the system of payments (including any fees charged to the family as a result of using one or more of the family’s public insurance or benefits or private insurance), and include:

a. The payment system and schedule of sliding or cost participation fees that may be charged to the parent for early intervention services under this chapter;

b. The basis and amount of payments or fees;

c. The state’s definition of ability to pay (including its definition of income and family expenses, such as extraordinary medical expenses), its definition of inability to pay, and when and how the state makes its determination of the ability or inability to pay;

d. An assurance that:

(1) Fees will not be charged to parents for the services that a child is otherwise entitled to receive at no cost (including those services identified under this subrule and subrules 120.521(2) and 120.521(3));

(2) The inability of the parents of an infant or toddler with a disability to pay for services will not result in a delay or denial of services under this chapter to the child or the child’s family such that, if the parent or family meets the state’s definition of inability to pay, the infant or toddler with a disability must be provided all Part C services at no cost;

(3) Families will not be charged any more than the actual cost of the Part C service (factoring in any amount received from other sources for payment for that service); and

(4) Families with public insurance or benefits or private insurance will not be charged disproportionately more than families who do not have public insurance or benefits or private insurance;

e. Provisions stating that the failure to provide the requisite income information and documentation may result in a charge of a fee on the fee schedule and specify the fee to be charged; and

f. Provisions that permit, but do not require, the department or other relevant agency to use Part C or other funds to pay for costs such as the premiums, deductibles, or copayments.

**120.521(2) Functions not subject to fees.** The following are required functions that must be carried out at public expense, and for which no fees may be charged to parents:

a. Implementing the child find requirements in rules 281—120.301(34CFR303) through 281—120.303(34CFR303).
b. Evaluation and assessment, in accordance with rule 281—120.320(34CFR303), and the functions related to evaluation and assessment in subrule 120.13(2).

c. Service coordination services, as defined in subrule 120.13(2) and rule 281—120.33(34CFR303).

d. Administrative and coordinative activities related to:

(1) The development, review, and evaluation of IFSPs and interim IFSPs in accordance with rules 281—120.342(34CFR303) through 281—120.345(34CFR303); and

(2) Implementation of the procedural safeguards in Division VI of this chapter and the other components of the statewide system of early intervention services in Division V of this chapter and this division.

120.521(3) FAPE mandates or use of funds under Part B of the Act to serve children under age three. If the state has in effect a state law requiring the provision of FAPE for, or uses Part B funds to serve, an infant or toddler with a disability under the age of three (or any subset of infants and toddlers with disabilities under the age of three), the state may not charge the parents of the infant or toddler with a disability for any services (e.g., physical or occupational therapy) under this chapter that are part of FAPE for that infant or toddler and the child’s family, and those FAPE services must meet the requirements of both Parts B and C of the Act.

120.521(4) Family fees.

a. Fees or costs collected from a parent or the child’s family to pay for early intervention services under the state’s system of payments are program income under 34 CFR 80.25. The state may add this program income to its Part C grant funds, rather than deducting the program income from the amount of the state’s Part C grant. Any fees collected must be used for the purposes of the grant under Part C of the Act.

b. Fees collected under a system of payments are considered neither state nor local funds under subrule 120.225(2).

120.521(5) Procedural safeguards.

a. The state’s system of payments must include written policies to inform parents that a parent who wishes to contest the imposition of a fee, or the state’s determination of the parent’s ability to pay, may do one of the following:

(1) Participate in mediation in accordance with rule 281—120.431(34CFR303).

(2) Request a due process hearing under rule 281—120.436(34CFR303).

(3) File a state complaint under rule 281—120.434(34CFR303).

(4) Use any other procedure established by the state for speedy resolution of financial claims, provided that such use does not delay or deny the parent’s procedural rights under this chapter, including the right to pursue, in a timely manner, the redress options described in this subrule.

b. The state must inform parents of these procedural safeguard options by either:

(1) Providing parents with a copy of the state’s system of payments policies when obtaining consent for provision of early intervention services under subrule 120.420(1); or

(2) Including this information with the notice provided to parents under rule 281—120.421(34CFR303).

DIVISION VIII
STATE INTERAGENCY COORDINATING COUNCIL

281—120.600(34CFR303) Establishment of council.

120.600(1) General. The state establishes a state interagency coordinating council, as defined in rule 281—120.8(34CFR303).

120.600(2) Appointment. The council must be appointed by the governor. The governor must ensure that the membership of the council reasonably represents the population of the state.
120.600(3) Chairperson. The governor must designate a member of the council to serve as the chairperson of the council or delegate that responsibility to the members of the council. Any member of the council who is a representative of the lead agency designated under rule 281—120.201(34CFR303) may not serve as the chairperson of the council.

120.600(4) Name of council. The council established by this division shall be known as the Iowa council for Early ACCESS (council).

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.601(34CFR303) Composition.

120.601(1) General. The council must be composed as follows:

a. At least 20 percent of the members must be parents, including minority parents, of infants or toddlers with disabilities or children with disabilities aged 12 years or younger, with knowledge of, or experience with, programs for infants and toddlers with disabilities. At least one parent member must be a parent of an infant or toddler with a disability or a child with a disability aged 6 years or younger.

b. At least 20 percent of the members must be public or private providers of early intervention services.

c. At least one member must be from the state legislature.

d. At least one member must be involved in personnel preparation.

e. At least one member must:

   (1) Be from each of the state agencies involved in the provision of, or payment for, early intervention services to infants and toddlers with disabilities and their families; and

   (2) Have sufficient authority to engage in policy planning and implementation on behalf of these agencies.

f. At least one member must:

   (1) Be from the unit of the department responsible for preschool services to children with disabilities; and

   (2) Have sufficient authority to engage in policy planning and implementation on behalf of the department.

g. At least one member must be from the agency responsible for the state Medicaid and CHIP program.

h. At least one member must be from a Head Start or Early Head Start agency or program in the state.

i. At least one member must be from a state agency responsible for child care.

j. At least one member must be from the agency responsible for the state regulation of private health insurance.

k. At least one member must be a representative designated by the Office of the Coordination of Education of Homeless Children and Youth.

l. At least one member must be a representative from the state child welfare agency responsible for foster care.

m. At least one member must be from the state agency responsible for children’s mental health.

120.601(2) Members serving more than one role. The governor may appoint one member to represent more than one program or agency listed in paragraphs 120.601(1)“g” through “m.”

120.601(3) Additional members permitted. The council may include other members selected by the governor, including a representative from the Bureau of Indian Education (BIE) or, where there is no school operated or funded by the BIE in the state, from the Indian Health Service or the tribe or tribal council.

120.601(4) Limitation on voting: conflict of interest. No member of the council may cast a vote on any matter that would provide direct financial benefit to that member or otherwise give the appearance of a conflict of interest under state law.

120.601(5) Executive committee; other committees. The executive committee shall consist of the council chairperson; the vice-chairperson; at least two council members, one of whom is a parent; and a council representative from each of the signatory agencies. The department’s Early ACCESS program
coordinator shall be an ex officio member of the executive committee. The executive committee is responsible for initially reviewing and discussing information and issues that will be addressed by the full council; establishing the framework for overall council business, including the calendar of meetings and the agenda for council meetings; and facilitating the implementation of the interagency agreement among the signatory agencies. The council may establish or dissolve other standing or ad hoc committees from time to time and in the furtherance of its work.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.602(34CFR303) Meetings.

120.602(1) Minimum number of meetings. The council must meet, at a minimum, on a quarterly basis, and in such places as it determines necessary.

120.602(2) Requirements for meetings. The meetings must:
   a. Be publicly announced sufficiently in advance of the dates they are to be held to ensure that all interested parties have an opportunity to attend;
   b. To the extent appropriate, be open and accessible to the general public; and
   c. As needed, provide for interpreters for persons who are deaf or hard of hearing and other necessary services for council members and participants. The council may use funds under this chapter to pay for those services.

[ARC 0100C, IAB 4/18/12, effective 5/23/12; ARC 5870C, IAB 8/25/21, effective 9/29/21]

281—120.603(34CFR303) Use of funds by the council.

120.603(1) General. Subject to the approval by the governor, the council may use funds under this chapter to:
   a. Conduct hearings and forums;
   b. Reimburse members of the council for reasonable and necessary expenses for attending council meetings and performing council duties (including child care for parent representatives);
   c. Pay compensation to a member of the council if the member is not employed or must forfeit wages from other employment when performing official council business;
   d. Hire staff; and
   e. Obtain the services of professional, technical, and clerical personnel as may be necessary to carry out the performance of its functions under Part C of the Act.

120.603(2) No compensation for members. Except as provided in subrule 120.603(1), council members must serve without compensation from funds available under Part C of the Act.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.604(34CFR303) Functions of the council; required duties.

120.604(1) Advising and assisting the department. The council must advise and assist the department in the performance of the department’s responsibilities in Section 635(a)(10) of the Act, including:
   a. Identification of sources of fiscal and other support for services for early intervention service programs under Part C of the Act;
   b. Assignment of financial responsibility to the appropriate agency;
   c. Promotion of methods (including use of intra-agency and interagency agreements) for intra-agency and interagency collaboration regarding child find under rules 281—120.115(34CFR303) and 281—120.302(34CFR303), monitoring and enforcement under rules 281—120.120(34CFR303) and 281—120.700(34CFR303) through 281—120.708(34CFR303), financial responsibility and provision of early intervention services under rules 281—120.202(34CFR303) and 281—120.511(34CFR303), and transition under rule 281—120.209(34CFR303); and
   d. Preparation of applications under this chapter and amendments to those applications.

120.604(2) Advising and assisting on transition. The council must advise and assist the department regarding the transition of toddlers with disabilities to preschool and other appropriate services.

120.604(3) Annual report to the governor and to the Secretary.
   a. The council must:
(1) Prepare and submit an annual report to the governor and to the Secretary on the status of early intervention service programs for infants and toddlers with disabilities and their families under Part C of the Act operated within the state; and

(2) Submit the report to the Secretary by a date that the Secretary establishes.

b. Each annual report must contain the information required by the Secretary for the year for which the report is made.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.605(34CFR303) Authorized activities by the council. The council may carry out the following activities:

120.605(1) Advise and assist the department regarding the provision of appropriate services for children with disabilities from birth through age five.

120.605(2) Advise appropriate agencies in the state with respect to the integration of services for infants and toddlers with disabilities and at-risk infants and toddlers and their families, regardless of whether at-risk infants and toddlers are eligible for early intervention services in the state.

120.605(3) Coordinate and collaborate with the state advisory council on early childhood education and care for children, as described in Section 6428(b)(1)(A)(i) of the Head Start Act, 42 U.S.C. 9837(b)(1)(A)(i), if applicable, and other state interagency early learning initiatives, as appropriate.

DIVISION IX
FEDERAL AND STATE MONITORING AND ENFORCEMENT;
REPORTING; AND ALLOCATION OF FUNDS

281—120.700(34CFR303) State monitoring and enforcement.

120.700(1) General. The department must:

a. Monitor the implementation of this chapter;

b. Make determinations annually about the performance of each EIS program, using the categories identified in subrule 120.703(2);

c. Enforce this chapter consistent with rule 281—120.704(34CFR303), using appropriate enforcement mechanisms listed therein; and

d. Report annually on the performance of the state and of each EIS program under this chapter as provided in rule 281—120.702(34CFR303).

120.700(2) Primary focus of monitoring activity. The primary focus of the state’s monitoring activities must be on:

a. Improving early intervention results and functional outcomes for all infants and toddlers with disabilities; and

b. Ensuring that EIS programs meet the program requirements under Part C of the Act, with a particular emphasis on those requirements that are most closely related to improving early intervention results for infants and toddlers with disabilities.

120.700(3) Indicators of performance and compliance. As a part of its responsibilities under subrule 120.700(1), the state must use quantifiable indicators and such qualitative indicators as are needed to adequately measure performance in the priority areas identified in subrule 120.700(4), and the indicators established by the Secretary for the state performance plans.

120.700(4) Monitoring; priority areas. The department must monitor each EIS program located in the state, using quantifiable indicators in each of the following priority areas, and using such qualitative indicators as are needed to adequately measure performance in those areas:

a. Early intervention services in natural environments.

b. State exercise of general supervision, including child find, effective monitoring, mediation, and a system of transition services as defined in Section 637(a)(9) of the Act.
120.700(5) Correction of noncompliance. In exercising its monitoring responsibilities under subrule 120.700(4), the state must ensure that when it identifies noncompliance with the requirements of this chapter by EIS programs and providers, the noncompliance is corrected as soon as possible and in no case later than one year after the state’s identification of the noncompliance.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.701(34CFR303) State performance plans and data collection.

120.701(1) General. The state must have in place a performance plan that meets the requirements described in Section 616 of the Act; is approved by the Secretary; and includes an evaluation of the state’s efforts to implement the requirements and purposes of Part C of the Act, a description of how the state will improve implementation, and measurable and rigorous targets for the indicators established by the Secretary under the priority areas described in 34 CFR 303.700(d).

120.701(2) Review of state performance plan. The state must review its state performance plan at least once every six years and submit any amendments to the Secretary.

120.701(3) Data collection.

a. The state must collect valid and reliable information as needed to report annually to the Secretary on the indicators established by the Secretary for the state performance plans.

b. If the Secretary permits states to collect data on specific indicators through state monitoring or sampling, and the state collects data for a particular indicator through state monitoring or sampling, the state must collect and report data on those indicators for each EIS program at least once during the six-year period of a state performance plan.

c. Nothing in Part C of the Act or this chapter may be construed to authorize the development of a nationwide database of personally identifiable information on individuals involved in studies or other collections of data under Part C of the Act.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.702(34CFR303) State use of targets and reporting.

120.702(1) General. The state must use the targets established in the state’s performance plan under rule 281—120.701(34CFR303) and the priority areas described in subrule 120.700(4) to analyze the performance of each EIS program in implementing Part C of the Act.

120.702(2) Public reporting and privacy.

a. Public report. The state must:

   (1) Report annually to the public on the performance of each EIS program located in the state on the targets in the state’s performance plan as soon as practicable but no later than 120 days following the state’s submission of its annual performance report to the Secretary under paragraph 120.702(2) “b”; and

   (2) Make the state’s performance plan under subrule 120.701(1), annual performance reports under this subrule, and the state’s annual reports on the performance of each EIS program under this subrule available through public means, including by posting on the department’s Web site, distribution to the media, and distribution to EIS programs.

   (3) If the state, in meeting the requirements of this subrule, collects data through state monitoring or sampling, the state must include in its public report on EIS programs under this subrule the most recently available performance data on each EIS program and the date the data were collected.

b. State performance report. The state must report annually to the Secretary on the performance of the state under the state’s performance plan.

c. Privacy. The state must not report to the public or the Secretary any information on performance that would result in the disclosure of personally identifiable information about individual children, or where the available data are insufficient to yield statistically reliable information.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.703(34CFR303) Department review and determination regarding EIS program performance.
120.703(1) Review. The department shall annually review the performance of each EIS provider, including but not limited to data on indicators identified in the state’s performance plan, information obtained through monitoring visits, and any other public information made available.

120.703(2) Determination. Based on the information provided in subrule 120.703(1) to the department, the department shall determine if each EIS provider:

a. Meets the requirements and purposes of Part C of the Act;

b. Needs assistance in implementing the requirements of Part C of the Act;

c. Needs intervention in implementing the requirements of Part C of the Act; or

d. Needs substantial intervention in implementing the requirements of Part C of the Act.

120.703(3) Notice and opportunity for a hearing. For determinations made under paragraphs 120.703(2)“c” and “d,” the department shall provide reasonable notice of its determination and may, in its sound discretion, grant an informal hearing to the EIS provider; however, if withholding of funds is a remedy associated with any particular determination, the department shall provide a hearing under rule 281—120.705(34CFR303). Under any hearing granted under this subrule or rule 281—120.705(34CFR303), the EIS provider must demonstrate that the department abused its discretion in making the determination described in subrule 120.703(2).

120.703(4) Criteria for determinations. The department shall develop criteria for making the determinations required by subrule 120.703(2).

120.703(5) Adjustment or variance of determination. In making the determination required by subrule 120.703(2), the department in its discretion may adjust or vary from the criteria described in subrule 120.703(4) based on unusual, unanticipated, or extraordinary aggravating or mitigating measures, on a case-by-case basis.

281—120.704(34CFR303) Enforcement.

120.704(1) Needs assistance. If the department determines, for two consecutive years, that an EIS provider needs assistance under paragraph 120.703(2)“b” in implementing the requirements of Part C of the Act, the department shall take one or more of the following actions:

a. Advise the EIS provider of available sources of technical assistance that may help the EIS provider address the areas in which the provider needs assistance, which may include assistance from the Office of Special Education Programs, other offices of the U.S. Department of Education, other federal agencies, technical assistance providers approved by the Secretary or the department, and other federally funded nonprofit agencies, and requires the EIS provider to work with appropriate entities. This technical assistance may include:

(1) The provision of advice by experts to address the areas in which the EIS provider needs assistance, including explicit plans for addressing the areas of concern within a specified period of time;

(2) Assistance in identifying and implementing professional development, early intervention service provision strategies, and methods of early intervention service provision that are based on scientifically based research;

(3) Designating and using administrators, service coordinators, service providers, and other personnel from the EIS program to provide advice, technical assistance, and support; and

(4) Devising additional approaches to providing technical assistance, such as collaborating with institutions of higher education, educational service agencies, national centers of technical assistance supported under Part D of the Act, and private providers of scientifically based technical assistance.

b. Identify the EIS provider as a high-risk grantee and impose special conditions on the provider’s grant under this chapter.

120.704(2) Needs intervention. If the department determines, for three or more consecutive years, that an EIS provider needs intervention under paragraph 120.703(2)“c” in implementing the requirements of Part C of the Act, the following apply:

a. The department may take any of the actions described in subrule 120.704(1).

b. The department shall take one or both of the following actions:
(1) Require the EIS provider to prepare a corrective action plan or improvement plan if the department determines that the EIS provider should be able to correct the problem within one year.

(2) Withhold, in whole or in part, any further payments to the EIS provider under Part C of the Act.

120.704(3) Needs substantial intervention. Notwithstanding subrules 120.704(1) and 120.704(2), at any time that the department determines that an EIS provider needs substantial intervention in implementing the requirements of Part C of the Act or that there is a substantial failure to comply with any requirement under Part C of the Act by an EIS program, the department shall withhold, in whole or in part, any further payments to the EIS provider under Part C of the Act. In addition, the department may refer the matter to appropriate authorities, which include but are not limited to the Iowa department of justice or the auditor of state.

120.704(4) Rule of construction. The listing of specific enforcement mechanisms in this rule shall not be construed to limit the enforcement mechanisms at the department’s disposal in its enforcement of this rule or any other rule in this chapter.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.705(34CFR303) Withholding funds.

120.705(1) General. As a consequence of a determination made under rule 281—120.703(34CFR303) or enforcement of any provision of Part C of the Act and this chapter, the department may withhold some or all of the funds from an EIS provider or a program or service of an EIS provider.

120.705(2) Hearing. If the department intends to withhold funds, it shall provide notice and an opportunity for a hearing to an EIS provider. If a hearing is requested, the department may suspend payments to the EIS provider, suspend the authority of the EIS provider to obligate funds, or both, until a decision is made after the hearing. A hearing under this rule, which shall not be a contested case under Iowa Code chapter 17A, shall be requested within 30 days of notice of withholding by requesting a hearing before the director of the Iowa department of education or the director’s designee. The presiding officer at the hearing shall consider the purposes of Part C of the Act and of this chapter and shall determine whether the state abused its discretion in its decision under subrule 120.705(1).

120.705(3) Reinstatement. If the EIS provider substantially rectifies the condition that prompted the initial withholding under subrule 120.705(1), then the department may reinstate payments. If an EIS provider disagrees with the department’s decision that the provider has not substantially rectified the condition that prompted the initial withholding under subrule 120.705(1), the provider may request a hearing under subrule 120.705(2).

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.706(34CFR303) Public attention. Whenever the state receives notice that the Secretary is proposing to take or is taking an enforcement action pursuant to 34 CFR §303.704, the state must, by means of a public notice, take such measures as may be necessary to bring the pendency of an action pursuant to Section 616(e) of the Act and 34 CFR §303.704 to the attention of the public within the state, including by posting the notice on the department’s Web site and distributing the notice to the media and to EIS programs.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.707 Resolved.

281—120.708(34CFR303) State enforcement. Nothing in this division may be construed to restrict the state from utilizing any other authority available to it to monitor and enforce the requirements of the Act.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.709(34CFR303) State consideration of other state or federal laws. In making the determinations required by subrule 120.703(2), in taking actions pursuant to rule 281—120.704(34CFR303), and in taking any other action under this chapter, the department may consider whether any agency or provider has complied with any other applicable state or federal law,
including but not limited to education law or disability law, or with any corrective action ordered by any competent authority for violation of such a law.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.710 to 120.719 Reserved.

281—120.720(34CFR303) Data requirements—general.

120.720(1) General requirements. The department must annually report to the Secretary and to the public on the information required by Section 618 of the Act at the times specified by the Secretary.

120.720(2) Manner of reporting. The department must submit the report to the Secretary in the manner prescribed by the Secretary.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.721(34CFR303) Annual report of children served—report requirement.

120.721(1) Date of count. For the purposes of the annual report required by Section 618 of the Act and rule 281—120.720(34CFR303), the department must count and report the number of infants and toddlers receiving early intervention services on any date between October 1 and December 1 of each year.

120.721(2) Information in report. The report must include:

a. The number and percentage of infants and toddlers with disabilities in the state, by race, gender, and ethnicity, who are receiving early intervention services (and include in this number any children reported to the department by tribes, tribal organizations, and consortia under 34 CFR 303.731(c)(1));

b. The number and percentage of infants and toddlers with disabilities, by race, gender, and ethnicity, who, from birth through age two, stopped receiving early intervention services because of program completion or for other reasons; and

c. The number and percentage of at-risk infants and toddlers (as defined in Section 632(1) of the Act), by race and ethnicity, who are receiving early intervention services under Part C of the Act.

120.721(3) Reserved.

120.721(4) Dispute prevention and resolution data. The report shall include the number of due process complaints filed under Section 615 of the Act, the number of hearings conducted and the number of mediations held, and the number of settlement agreements reached through such mediations.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.722(34CFR303) Data reporting.

120.722(1) Protection of identifiable data. The data described in Section 618(a) of the Act and in rule 281—120.721(34CFR303) must be publicly reported by the state in a manner that does not result in disclosure of data identifiable to individual children.

120.722(2) Sampling. If permitted by the Secretary, the state may obtain data in Section 618(a) of the Act through sampling.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.723(34CFR303) Annual report of children served—certification. The department must include in its report a certification signed by an authorized official of the department that the information provided under rule 281—120.721(34CFR303) is an accurate and unduplicated count of infants and toddlers with disabilities receiving early intervention services.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.724(34CFR303) Annual report of children served—other responsibilities of the department. In addition to meeting the requirements of rules 281—120.721(34CFR303) through 281—120.723(34CFR303), the department must conduct its own child count or use EIS providers to complete its child count. If the department uses EIS providers to complete its child count, then the department must establish procedures to be used by EIS providers in counting the number of children with disabilities receiving early intervention services; establish dates by which those EIS providers must report to the department to ensure that the state complies with subrule 120.721(1); obtain
certification from each EIS provider that an unduplicated and accurate count has been made; aggregate the data from the count obtained from each EIS provider and prepare the report required under rules 281—120.721(34CFR303) through 281—120.723(34CFR303); and ensure that documentation is maintained to enable the department and the Secretary to audit the accuracy of the count.

DIVISION X
OTHER PROVISIONS

281—120.801(34CFR303) Early ACCESS system—state level.

120.801(1) Lead agency. The Iowa department of education was appointed lead agency on June 24, 1987. Responsibilities of the lead agency include:

a. Developing and implementing policies and procedures regarding the types of information to be gathered and the policies and parameters for sharing of information across agencies and programs, as well as such information that might be necessary for an annual report to the governor and the U.S. Department of Education;

b. Monitoring the agencies, institutions and organizations that provide early intervention services and supports;

c. Enforcing any obligations imposed under Part C of the Act on the agencies listed in paragraph 120.801(1) “b”;

d. Providing technical assistance, if necessary, to the agencies, institutions and organizations listed in paragraph 120.801(1) “b”;

e. Correcting deficiencies that are identified through monitoring;

f. Adopting and carrying out complaint procedures;

g. Mediating any interagency disputes regarding early intervention services;

h. Establishing policies related to how early intervention services to eligible children and their families shall be paid for;

i. Establishing procedures to ensure the timely provision of services;

j. Ensuring that the following functions and services are provided at public expense:

(1) Child find requirements;

(2) Evaluation and assessment functions;

(3) Service coordination;

(4) Development and review of IFSPs;

(5) Implementation of procedural safeguards; and

(6) Other components of the statewide system of Early ACCESS;

k. Maintaining a data system to be utilized for gathering information regarding early intervention services provided for eligible children in Early ACCESS; and

l. Monitoring use of funds.

120.801(2) Signatory agencies. The departments of education, public health, and human services and the child health specialty clinics shall enter into an interagency agreement to formalize their joint commitments to the establishment and ongoing implementation and evaluation of a comprehensive, integrated, interagency Early ACCESS system. The Iowa department of education is responsible for providing education programs and services for preschool and school-age students, including children with disabilities, from birth through 21 years of age. The Iowa department of human services administers social service programs in order to help and empower individuals and families to become increasingly self-sufficient and productive. The Iowa department of public health administers public health programs in order to promote and protect the health of Iowans. The child health specialty clinics are the statewide public health program for children with special health care needs, as designated by the legislature.

120.801(3) Interagency agreement. In addition to the requirements set forth elsewhere in this chapter, the agreement between signatory agencies shall outline the commitment of these agencies to the implementation of an interagency, integrated system of Early ACCESS and:
a. Reflect the interagency vision and guiding principles of Early ACCESS;
b. Define the population to be served;
c. Identify roles, responsibilities and expectations of the signatory agencies;
d. Outline financial responsibilities of the signatory agencies;
e. Describe parameters for policy development and management decisions;
f. Describe procedures for resolving disputes;
g. Identify transition activities from Part C services;
h. Describe child find efforts; and
i. Describe the roles and responsibilities of the signatory agencies and assigned staff.
[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.802(34CFR303) Interagency service planning. An IFSP process shall be developed by the lead agency and shall be reviewed and approved by the signatory agencies. The process shall be used by all signatory agencies to document the ongoing work between families and providers across all agencies that are providing a service or resource to meet identified needs.
[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.803(34CFR303) System-level disputes. System-level disputes involve conflicts over the roles or responsibilities of an agency partner within the Early ACCESS system. System-level disputes may involve financial matters, the implementation of Early ACCESS system aspects that are not law or rules, such as interagency agreements and policies and procedures, or the implementation of provisions of the interagency agreement. The interagency agreement shall detail the resolution of informal and formal intra-agency and interagency system-level disputes.
[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.804(34CFR303) Early ACCESS system—regional and community levels.

120.804(1) Early ACCESS grantees. Early ACCESS grantees shall have the fiscal and legal obligation for ensuring that the Early ACCESS system is carried out regionally. Early ACCESS grantees shall be designated by the department and shall exist, at a minimum, in geographic areas that ensure statewide coverage as determined by the department.

a. Policies. Each grantee shall establish in accordance with this chapter the policies pertinent to a regional Early ACCESS system and shall make such policies available to the department upon request. At a minimum, such policies shall include the following:

(1) Policy to ensure that appropriate early intervention services are available to all eligible children in the state and their families, including Indian infants and toddlers and their families residing on a reservation or settlement geographically located in the state;

(2) Policy to ensure that all infants and toddlers in the state who are eligible for services under this chapter are identified, located, and evaluated and that an effective method to determine which children are receiving needed early intervention services is developed and implemented;

(3) Policy regarding the development and implementation of individualized family service plans;

(4) Policy for the establishment and maintenance of standards to ensure that personnel necessary to carry out the requirements of this chapter are appropriately and adequately prepared and trained;

(5) Policy pertaining to contracting or making other arrangements with public or private service providers to provide early intervention services and service coordination;

(6) Policy to ensure a smooth transition to preschool or other appropriate services for children receiving early intervention services under this chapter; and

(7) Any other policy required to carry out the purposes of this chapter.

b. Procedures. Each grantee shall develop, in accordance with this chapter, written procedures pertinent to the implementation of a regional Early ACCESS system, and shall make such procedures available to the department upon request. At a minimum, such procedures shall include the following:

(1) Procedures to ensure that all infants and toddlers who are eligible for services under this chapter are identified, located, and evaluated and that an effective method to determine which children are receiving needed early intervention services is developed and implemented;
(2) Procedures for use by primary referral sources for referring a child to the appropriate public agency within the system for evaluation and assessment or, as appropriate, the provision of services;
(3) Procedures to ensure provision of early intervention services and service coordination, including the appointment of service coordinators;
(4) Procedures to ensure documentation and the development and implementation of an interim IFSP, when circumstances warrant under this chapter;
(5) Procedures for conducting nondiscriminatory evaluation and assessment;
(6) Procedures for the development and implementation of individualized family service plans;
(7) Procedures for the establishment and maintenance of standards to ensure that personnel necessary to carry out the purposes of this chapter are appropriately and adequately prepared and trained;
(8) Procedures for ensuring procedural safeguards that meet the requirements of this chapter;
(9) Procedures for ensuring maintenance and confidentiality of records;
(10) Procedures to allow parties to disputes to resolve the disputes through a mediation process;
(11) Procedures for providing mediation for the timely administrative resolution of complaints by parents regarding an individual child;
(12) Procedures for resolving a complaint that any public agency is violating a requirement of Part C of the Act;
(13) Procedures related to how services to eligible children and their families will be paid for under the state’s Early ACCESS program;
(14) Procedures for the timely provision of services, ensuring that no service to which a child is entitled is delayed or denied because of disputes between agencies regarding financial or other responsibilities;
(15) Procedures for resolving intra-agency and interagency disputes about payments for a given service or about other matters related to the state’s Early ACCESS program in accordance with any applicable interagency agreement and with this chapter;
(16) Procedures to ensure that services are provided to eligible children and their families in a timely manner pending the resolution of disputes among public agencies or service providers;
(17) Procedures for securing the timely reimbursement of funds; and
(18) Any other procedures required to carry out the purposes of this chapter.

c. Collaboration. Early ACCESS grantees shall collaborate with local representatives of signatory agencies, community partners, and families in the development, implementation and monitoring of policies and procedures described in this rule. Early ACCESS grantees shall designate an individual who has primary responsibility for coordinating regional implementation and serving as a liaison to the department.

120.804(2) Community partners. Community partners include state and local representatives of signatory agencies, as well as other regional and community agencies and providers, public and private, including physicians, Early Head Start, child care providers, early childhood Iowa areas, and health programs, that work with Early ACCESS when providing early intervention services or other supports such as supporting family participation in improving the Early ACCESS system, early identification of eligible children, service coordination, provision of other needed services or resources, and other efforts to improve the Early ACCESS system.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.805(34CFR303) Provision of year-round services. Each Early ACCESS grantee shall ensure that Early ACCESS components and services are available 12 months a year to meet the needs of eligible children and their families.

[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.806(34CFR303) Evaluation and improvement. Each grantee, in conjunction with signatory agencies or the department, or both, shall implement activities designed to evaluate and improve the
Early ACCESS system. These activities shall document the performance of eligible children who receive early intervention services.  
[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.807(34CFR303) Research. Each grantee shall cooperate in research activities designed to evaluate and improve the Early ACCESS system when such activities are sponsored by the department, or a signatory agency when approved by the department, to assess and ensure the effectiveness of efforts to serve eligible children.  
[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.808(34CFR303) Records and reports. Each signatory agency or grantee shall maintain sufficient records and reports for audit by the department. Records and reports shall include at a minimum:
1. State-approved or state-recognized certification, licensing, registration, or other comparable requirements for all personnel providing early intervention services.
2. All IFSP meetings and annual or periodic reviews for each eligible child.
3. Data required for federal and state reporting.  
[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.809(34CFR303) Information for department. Each signatory agency or grantee shall provide the department with information necessary to enable the department to carry out its duties under Part C of the Act and this chapter. This information, including such quantitative and qualitative data as the department may require, shall be submitted in a manner and at a time determined by the department. Failure to submit timely and accurate information may be considered by the department in making the determinations under rule 281—120.703(34CFR303) or in taking any other action to enforce Part C of the Act or this chapter.  
[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.810(34CFR303) Public information. Each agency must make available to parents of children with disabilities and to the general public all documents relating to the eligibility of the agency under Part C of the Act.  
[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.811(34CFR303) Dispute resolution: practice before mediators and administrative law judges. Unless otherwise provided by this chapter, any mediation conference or due process hearing under Division VI of this chapter shall be conducted according to the rules contained in 281—41.1000(256B,34CFR300) through 281—41.1016(256B,34CFR300).  
[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.812(34CFR303) References to federal law. All references in this chapter to provisions of the United States Code or the Code of Federal Regulations are to those provisions in effect on September 28, 2011.  
[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.813(34CFR303) Severability. Should any rule or subrule in this chapter be declared invalid by a court of competent jurisdiction, every other rule and subrule not affected by that declaration of invalidity shall remain valid.  
[ARC 0100C, IAB 4/18/12, effective 5/23/12]

281—120.814(34CFR303) Rule of construction. Language adopted pursuant to 2020 Iowa Acts, House File 2585, shall be construed in a manner consistent with federal law and shall not be construed to confer any different or greater right or responsibility under this chapter.  
[ARC 5870C, IAB 8/25/21, effective 9/29/21]

These rules are intended to implement the Individuals with Disabilities Education Act as amended through July 1, 2005, and Part 303 of Title 34 of the Code of Federal Regulations published in the Federal Register on September 28, 2011.
