645—4.2(17A) Purpose of board. The purpose of each professional licensing board is to administer and enforce the provisions of Iowa Code chapters 17A, 21, 147, 272C and the practice-specific provisions in Iowa Code chapters 148A, 148B, 148C, 149, 151, 152A, 152B, 152C, 152D, 154, 154A, 154B, 154C, 154D, 154E, 155, 156, 157 and 158 applicable to each board. The mission of each professional licensing board is to protect the public health, safety and welfare by licensing qualified individuals who provide services to consumers and by fair and consistent enforcement of the statutes and rules of each board. Responsibilities of each professional licensing board include, but are not limited to:

4.2(1) Licensing qualified applicants by examination, renewal, endorsement, and reciprocity.

4.2(2) Developing and administering a program of continuing education to ensure the continued competency of individuals licensed by the board.

4.2(3) Imposing discipline on licensees as provided by statute or rule.

645—4.3(17A,147,272C) Organization of board and proceedings.

4.3(1) Each professional licensing board is composed of members appointed by the governor and confirmed by the senate as defined in Iowa Code chapter 147.

4.3(2) Each board shall elect a chairperson and vice chairperson from its membership at the first meeting after April 30 of each year.

4.3(3) Each board shall hold at least one meeting annually.

The board will recognize the appropriate statute allowing for a closed session when voting to go into closed session. The board shall keep minutes of all discussion, persons present, and action occurring at a closed session and shall tape-record the proceedings. The records shall be stored securely in the board office and shall not be made available for public inspection.

f. Initiate and impose licensee discipline.

g. Monitor licenses that are restricted by a board order.

h. Establish and register peer reviewers.

i. Refer complaints to one or more registered peer reviewers for investigation and review. The peer reviewers will review cases and recommend appropriate action. If the user of a camera or recording device obstructs the meeting by the use of such device, the person presiding at the meeting may request the user to discontinue use of the camera or device.

645—4.7(147) Licensure by reciprocal agreement. The board may enter into a reciprocal agreement with the District of Columbia or any state, territory, province or foreign country with equal or similar requirements for licensure of the specific professional board. 4.10(2) An applicant who has been denied licensure by the board may appeal the denial and request a hearing on the issues related to the licensure denial by serving a written notice of appeal and request for hearing upon the board by certified mail, return receipt requested, not more than 30 days following the date of mailing of the notification of licensure denial to the applicant. The request for hearing shall specifically describe the facts to be contested and determined at the hearing.

4.10(3) If an applicant who has been denied licensure by the board appeals the licensure denial and requests a hearing pursuant to this rule, the hearing and subsequent procedures shall be held pursuant to the process outlined in Iowa Code chapters 17A and 272C and 645—Chapter 11.

645—4.11(272C) Audit of continuing education. The board may select licensees for audit following license renewal.

4.11(1) Licensees shall provide information to the board for auditing purposes as follows:

a. The licensee shall provide an individual certificate of completion issued to the licensee or evidence of successful completion of the course from the course sponsor. These documents must contain the course date, title, contact hours, sponsor and licensee's name.

b. Information identified in paragraph 4.11(1) "a" must be submitted within 30 days after the date on the letter of notification of the audit. Extension of time may be granted on an individual basis.

4.11(2) For auditing purposes, all licensees must retain the information identified in paragraph 4.11(1) "a" for two years after the biennium has ended.

4.11(3) If the submitted materials are incomplete or unsatisfactory, the licensee may be given the opportunity to submit make-up credit to cover the deficit found through the audit. The deadline for receipt of the documentation for this make-up credit is 90 days from the date of mailing of the notice of deficit to the address of record at the board office. The license shall be re-audited following the next renewal period when make-up credit has been accepted.

1. Failure to cooperate with a board audit.
2. Failure to meet the continuing education requirement for licensure.
3. Falsification of information on the license renewal form.
4. Falsification of continuing education information.

645—4.14(272C) Continuing education exemption for disability or illness. A licensee who has had a physical or mental disability or illness during the license period may apply for an exemption. An exemption provides for an extension of time or exemption from some or all of the continuing education requirements. An applicant shall submit a completed application form approved by the board for an exemption. The application form is available upon request from the board office. The application requires the signature of a licensed health care professional who can attest to the existence of a disability or illness during the license period. If the application is from a licensee who is the primary caregiver for a relative who is ill or disabled and needs care from that primary caregiver, the physician shall verify the licensee's status as the primary caregiver. A licensee who applies for an exemption shall be notified of the decision regarding the application. A licensee who obtains approval shall retain a copy of the exemption to be presented to the board upon request.

4.14(1) The board may grant an extension of time to fulfill the continuing education requirement.

4.14(2) The board may grant an exemption from the continuing education requirement for any period of time not to exceed two calendar years. If the physical or mental disability or illness for which an extension or exemption was granted continues beyond the period initially approved by the board, the licensee must reapply for a continuance of the extension or exemption.

4.14(3) The board may, as a condition of any extension or exemption granted, require the licensee to make up a portion of the continuing education requirement in the manner determined by the board.

645—4.15(147,272C) Order for physical, mental, or clinical competency examination or alcohol or drug screening. A licensee who is licensed by the board is, as a condition of licensure, under a duty to submit to a physical, mental, or clinical competency examination, including alcohol or drug screening, within a time specified by order of the board. Such examination may be ordered upon a showing of probable cause and shall be at the licensee's expense.

4.15(1) Content of order. A board order for a physical, mental, or clinical competency examination shall include the following items:

- a. A description of the type of examination to which the licensee must submit.
- b. The name and address of the examiner or of the evaluation or treatment facility that the board has identified to perform the examination on the licensee.
- c. The time period in which the licensee must schedule the required examination.
- d. The amount of time the licensee has to complete the examination.
- e. A requirement that the licensee sign necessary releases for the board to communicate with the examiner or the evaluation or treatment facility.
- f. A requirement that the licensee cause a report of the examination results to be provided to the board within a specified period of time.
- g. A requirement that the licensee communicate with the board regarding the status of the examination.

h. A concise statement of the facts relied on by the board to order the evaluation.

4.15(2) *Alternatives.* Following issuance of the examination order, the licensee may request additional time to schedule or complete the examination or may request that the board approve an alternative examiner or treatment facility. The board in its sole discretion shall determine whether to grant such a request.

4.15(3) *Objection to order.* A licensee who is the subject of a board order and who objects to the order may file a request for hearing. The request for hearing must be filed within 30 days of the date of the examination order, and the request for hearing shall specifically identify the factual and legal issues upon which the licensee bases the objection. A licensee who fails to timely file a request for hearing to object to an examination order waives any future objection to the examination order in the event formal disciplinary charges are filed for failure to comply with the examination order or on any other grounds. The hearing shall be considered a contested case proceeding and shall be governed by the provisions of 645—Chapter 11. On judicial review of a board decision in a contested case involving an objection to an examination order, the case will be captioned in the name of Jane Doe or John Doe to maintain the licensee's confidentiality.

4.15(4) *Closed hearing.* Any hearing on an objection to the examination order shall be closed pursuant to Iowa Code section 272C.6(1).

4.15(5) *Order and reports confidential.* An examination order, and any subsequent examination reports issued in the course of a board investigation, are confidential investigative information pursuant to Iowa Code section 272C.6(4). However, all investigative information regarding the examination order shall be provided to the licensee in the event the licensee files an objection, under subrule 4.15(3), in order to allow the licensee an opportunity to prepare for hearing.

4.15(6) *Admissibility.* In the event the licensee submits to evaluation and subsequent proceedings are held before the board, all objections shall be waived as to the admissibility of the examining physicians' or health care providers' testimony or examination reports on the grounds that they constitute privileged communication. The medical testimony or examination reports shall not be used against the licensee in any proceeding other than one relating to licensee discipline by the board.

4.15(7) *Failure to submit.* Failure of a licensee to submit to a board-ordered physical, mental, or clinical competency examination or to submit to alcohol or drug screening constitutes a violation of the rules of the board and is grounds for disciplinary action.

Oral argument may be scheduled at the discretion of the board or the administrative law judge. The administrative law judge or the board may quash or modify the subpoena, deny the motion, or issue an appropriate protective order.

9.5(6) A person aggrieved by a ruling of an administrative law judge who desires to challenge that ruling must appeal the ruling to the board by serving on the board administrator, either in person or by certified mail, a notice of appeal within ten days after service of the decision of the administrative law judge.

9.5(7) If the person contesting the subpoena is not the person under investigation, the board's decision is final for purposes of judicial review. If the person contesting the subpoena is the person under investigation, the board's decision is not final for purposes of judicial review until either (1) the person is notified the investigation has been concluded with no formal action, or (2) there is a final decision in the contested case.

645—9.6(272C) Peer review committees.

9.6(1) A complaint may be assigned to a peer review committee for review, investigation, or report to the board.

9.6(2) The board shall determine which peer review committee will review a case and what complaints or other matters shall be referred to a peer review committee for investigation, review, or report to the board.

9.6(3) Members of the peer review committees shall not be liable for acts, omissions, or decisions made in connection with service on the peer review committee. However, such immunity from civil liability shall not apply if such act is done with malice.

9.6(4) The peer review committees shall observe the requirements of confidentiality imposed by Iowa Code section 272C.6.

645—9.7(17A) Appearance. The board may request that a licensee appear before a committee of the board to discuss a pending investigation. By electing to participate in the committee appearance, the licensee waives any objection to a board member both participating in the appearance and later participating as a decision maker in a contested case proceeding. By electing to participate in the committee appearance, the licensee further waives any objection to the board administrator assisting the board in the contested case proceeding.

These rules are intended to implement Iowa Code chapter 17A as amended by 1998 Iowa Acts, chapter 1202, and Iowa Code chapter 272C.

CHAPTER 10
PUBLIC RECORDS AND FAIR INFORMATION PRACTICES

The professional licensure division of the public health department hereby adopts, with the following exceptions and amendments, rules of the Governor's Task Force on Uniform Rules of Agency Procedure relating to public records and fair information practices which are printed in the first Volume of the Iowa Administrative Code.

645—10.1(17A,22) Definitions. As used in this chapter:

“*Board*” means a particular professional licensing board.

645—10.3(17A,22) Requests for access to records.

10.3(1) Location of record. In lieu of the words “(insert agency head)”, insert “board administrator” or the particular agency office where the record is kept. If a request for access to a record is misdirected, agency personnel will promptly forward the request to the Professional Licensure Division, Lucas State Office Building, Des Moines, Iowa 50319-0075.

10.3(2) Office hours. Open records shall be made available during all customary office hours, which are 8 a.m. to 4:30 p.m. excluding Saturdays, Sundays and legal holidays.

10.3(7) Fees.

c. Search and supervisory fee. An hourly fee may be charged for actual agency expenses in searching for and supervising the examination and copying of requested records when the time required is in excess of one hour. The custodian shall prominently post in agency offices the hourly fees to be charged for search and supervision of records. That hourly fee shall not be in excess of the hourly wage of an agency clerical employee who ordinarily would be appropriate and suitable to perform this supervisory function.

645—10.5(17A,22) Request for treatment of a record as a confidential record and its withholding from examination.

10.5(7) This rule does not allow a person to request confidential record status for records of licensee disciplinary proceedings which are required by law to be public records.

645—10.6(17A,22) Procedures by which additions, dissents, or objections may be entered into certain records. In lieu of the words “(designate office)” insert “the board administrator”.

645—10.9(17A,22) Disclosures without the consent of the subject.

10.9(1) Open records are routinely disclosed without the consent of the subject.

10.9(2) To the extent allowed by law, disclosure of confidential records occurs without the consent of the subject. Following are instances where disclosure, if lawful, will generally occur without consent of the subject:

a. For a routine use as defined in rule 10.10(17A,22) or in the notice for a particular record system.
b. To a recipient who has provided the board with advance written assurance that the record will be used solely as a statistical research or reporting record, provided that the record is transferred in a form that does not identify the subject.

c. Investigative information in the possession of a licensing board or its employees or agents which relates to licensee discipline may be disclosed to appropriate licensing authorities within this state, the appropriate licensing authority in another state, the District of Columbia, or territory or country in which the licensee is licensed or has applied for a license. If the investigative information in the possession of a licensing board or its employees or agents indicates a crime has been committed, the information shall be reported to the proper law enforcement agency.

d. To the legislative services agency under Iowa Code section 2A.3.

e. Disclosures in the course of employee disciplinary proceedings.

f. In response to a court order or subpoena.

645—10.10(17A,22) Routine use.

10.10(1) Defined. “*Routine use*” means the disclosure of a record without the consent of the subject or subjects, for a purpose which is compatible with the purpose for which the record was collected. It includes disclosures required to be made by statute other than the public records law, Iowa Code chapter 22.

10.10(2) To the extent allowed by law, the following uses are considered routine uses of all board records:

a. Disclosure to those officers, employees, and agents of the board who have a need for the record in the performance of their duties. The custodian of the record may, upon request of any officer or employee, or on the custodian’s own initiative, determine what constitutes legitimate need to use confidential records.

b. Disclosure of information indicating an apparent violation of the law to appropriate law enforcement authorities for investigation and possible criminal prosecution, civil court action, or regulatory order.

c. Disclosure to the department of inspections and appeals and the attorney general’s office for the matters in which it is performing services or functions on behalf of the board.

d. Transfers of information within the board office and among board members, to other state boards and departments, or to local units of government as appropriate to carry out the board’s statutory authority.

e. Information released to staff of federal and state entities for audit purposes or for purposes of determining whether the board is operating a program lawfully.

f. Any disclosure specifically authorized by the statute under which the record was collected or maintained.

g. Disclosure to the public and news media of pleadings, motions, orders, final decisions and informal settlements filed in licensee disciplinary proceedings.

h. Transmittal to the district court of the record in a disciplinary hearing, pursuant to Iowa Code section 17A.19(6), regardless of whether the hearing was open or closed.

645—10.11(17A,22) Consensual disclosure of confidential records.

10.11(1) *Consent to disclosure by a subject individual.* To the extent permitted by law, the subject may consent in writing to board disclosure of confidential records as provided in rule 10.7(17A,22).

10.11(2) *Complaints to public officials.* A letter from a subject of a confidential record to a public official which seeks the official’s intervention on behalf of the subject in matter that involves the board may, to the extent permitted by law, be treated as an authorization to release sufficient information about the subject to the official to resolve the matter.

645—10.12(17A,22) Release to subject.

10.12(1) The subject of a confidential record may file a written request to review confidential records about that person as provided in rule 10.6(17A,22). However, the board need not release the following records to the subject:

a. All information in licensee complaint and investigation files maintained by the board for purposes of licensee discipline is required to be withheld from the subject prior to the filing of formal charges and the notice of hearing in a licensee disciplinary proceeding.

b. Records need not be disclosed to the subject when they are the work product of an attorney or are otherwise privileged.

c. Peace officers’ investigative reports may be withheld from the subject, except as required by the Iowa Code. (See Iowa Code section 22.7(5))

d. As otherwise authorized by law.

10.12(2) Where a record has multiple subjects with interest in the confidentiality of the record, the board may take reasonable steps to protect confidential information relating to another subject.

645—10.13(17A,22) Availability of records.

10.13(1) General. Board records are open for public inspection and copying unless otherwise provided by rule or law.

10.13(2) Confidential records. The following records may be withheld from public inspection. Records are listed by category, according to the legal basis for withholding them from public inspection.

a. All information in complaint and investigation files maintained by the board, or peer review committee acting under the authorization of the board, for purposes of licensee discipline is confidential in accordance with Iowa Code section 272C.6(4), except that the information may be released to the licensee once a licensee disciplinary proceeding has been initiated by the filing of formal charges and a notice of hearing.

b. The record of a disciplinary hearing which is closed to the public pursuant to Iowa Code section 272C.6(1) is confidential under Iowa Code section 21.5(4). However, in the event a record is transmitted to the district court pursuant to Iowa Code section 17A.19(6) for purposes of judicial review, the record shall not be considered confidential unless the district court so orders.

d. Information relating to the contents of an examination for licensure, pursuant to Iowa Code section 147.21(2).

(1) Enable law violators to avoid detection;

(2) Facilitate disregard of requirements imposed by law; or

(3) Give a clearly improper advantage to persons who are in an adverse position to the board. (All under Iowa Code sections 17A.2 and 17A.3)

j. Information in nonlicensee and investigation files maintained by the board which are otherwise exempt from disclosure under Iowa Code section 22.7 or other provisions of the law.

k. Records made confidential under any other provision of law.

10.13(3) Authority to release confidential records. The agency may have discretion to disclose some confidential records which are exempt from disclosure under Iowa Code section 22.7 or other law. Any person may request permission to inspect records withheld from inspection under a statute which authorizes limited discretionary disclosure as provided in rule 10.4(17A,22). If the agency initially determines that it will release such records, the agency may, where appropriate, notify interested parties and withhold the records from inspection as provided in subrule 10.4(3).

645—10.14(17A,22) Personally identifiable information. This rule describes the nature and extent of personally identifiable information which is collected, maintained, and retrieved by the board by personal identifier in record systems as defined in rule 10.1(17A,22). For each record system, this rule describes the legal authority for the collection of that information, and the means of storage of that information. The board does not use a data processing system to match, collate, or permit the comparison of personally identifiable information in one record system with personally identifiable information in another record system. The record systems maintained by the board are:

10.14(1) *Records of board disciplinary hearings.* These records contain information about licensees who are the subject of a board disciplinary proceeding or other action. This information is stored on paper, and electronically in the event the hearing is tape recorded.

645—10.15(22) *Other groups of records routinely available for public inspection.* This rule describes groups of records maintained by the board other than record systems as defined in rule 10.2(17A,22). These records are not maintained or retrieved by personal identifiers. These records are routinely available to the public. However, the board's files of these records listed in subrules 10.14(1) to 10.14(6) may contain information about individuals. The only information stored electronically is names, addresses, current status of licenses, licensee number and statistical information pertaining to individuals. All other information is stored on paper. These records include:

1. Records of board rule-making procedures. Rule-making records may contain information about individuals making written or oral comments or proposed rules.

Board news releases, project reports, and newsletters may contain information about individuals, including board members or staff.

4. Statistical reports. Statistical reports do not contain personally identifiable information.

5. Board decisions, final orders or agreements, advisory opinions and other statements of law or policy issued by the board in the performance of its functions. 9. All other records that are not exempted from disclosure by law.

645—10.16(17A,22) Applicability. This chapter does not:

1. Require the agency to index or retrieve records which contain information about individuals by that person's name or other personal identifier.

2. Make available to the general public records which would otherwise not be available under the public records law, Iowa Code chapter 22.

3. Govern the maintenance or disclosure of, notification of, or access to, records in the possession of the agency which are governed by the rules of another agency.

CHAPTER 11
CONTESTED CASES

645—11.1(17A) Scope and applicability. This chapter applies to contested case proceedings conducted by the board of _____ examiners.

645—11.2(17A) Definitions. Except where otherwise specifically defined by law:

“*Issuance*” means the date of mailing of a decision or order or date of delivery if service is by other means unless another date is specified in the order.

“*Party*” means the state or the respondent.

“*Presiding officer*” means the board of _____ examiners.

645—11.3(17A) Time requirements.

11.3(1) Time shall be computed as provided in Iowa Code subsection 4.1(34).

11.3(2) For good cause, the presiding officer may extend or shorten the time to take any action, except as precluded by statute or by rule. Except for good cause stated in the record, before extending or shortening the time to take any action, the presiding officer shall afford all parties an opportunity to be heard or to file written arguments.

645—11.4(17A) Probable cause. In the event the board finds there is probable cause for taking disciplinary action against a licensee following investigation, the board shall order a contested case hearing be commenced by the filing of a statement of charges and notice of hearing.

645—11.5(17A) Legal review. Every statement of charges and notice of hearing prepared by the board shall be reviewed by the office of the attorney general prior to filing.

645—11.6(17A) Statement of charges and notice of hearing.

- b. A statement of the legal authority and jurisdiction under which the hearing is to be held;
- c. A reference to the particular sections of the statutes and rules involved;
- d. A short and plain statement of the matters asserted. This statement shall contain sufficient detail to give the respondent fair notice of the allegations so that the respondent may adequately respond to the charges, and to give the public notice of the matters at issue;
- e. Identification of all parties including the name, address and telephone number of the assistant attorney general designated as prosecutor for the state and the parties’ counsel, if known;
- f. Reference to the procedural rules governing conduct of the contested case proceeding;
- g. Reference to the procedural rules governing informal settlement;
- h. Identification of the board as the presiding officer; and

645—11.7(17A,272C) Legal representation. Following the filing of the statement of charges and notice of hearing, the office of the attorney general shall be responsible for the legal representation of the public interest in all proceedings before the board.

645—11.8(17A,272C) Presiding officer in a disciplinary contested case. The presiding officer in a disciplinary contested case shall be the board. However, the board may request that an administrative law judge assist the board with initial rulings on prehearing matters. Decisions of the administrative law judge serving in this capacity are subject to the interlocutory appeal provisions of rule 11.24(17A). In addition, an administrative law judge may assist and advise the board at the contested case hearing.

645—11.9(17A) Presiding officer in a nondisciplinary contested case.

11.9(1) Any party in a nondisciplinary contested case who wishes to request that the presiding officer assigned to render a proposed decision be an administrative law judge employed by the department of inspections and appeals must file a written request within 20 days after service of a notice of hearing which identifies or describes the presiding officer as the board.

11.9(2) The board may deny the request only upon a finding that one or more of the following apply:

- a. There is a compelling need to expedite issuance of a final decision in order to protect the public health, safety, or welfare.

- b. An administrative law judge with the qualifications identified in 11.9(4) is unavailable to hear the case within a reasonable time.

- c. The case involves significant policy issues of first impression that are inextricably intertwined with the factual issues presented.

- d. The demeanor of the witnesses is likely to be dispositive in resolving the disputed factual issues.

- e. Funds are unavailable to pay the costs of an administrative law judge and an interagency appeal.

- f. The request was not timely filed.

- g. The request is not consistent with a specified statute.

11.9(3) The board shall issue a written ruling specifying the grounds for its decision within 20 days after a request for an administrative law judge is filed. If the ruling is contingent upon the availability of an administrative law judge with the qualifications identified in 11.9(4), the parties shall be notified at least ten days prior to hearing if a qualified administrative law judge will not be available.

11.9(4) An administrative law judge assigned to act as presiding officer in a nondisciplinary contested case shall have a J.D. degree unless waived by the agency.

11.9(5) Except as provided otherwise by another provision of law, all rulings by an administrative law judge acting as presiding officer in a nondisciplinary contested case are subject to appeal to the board. A party must seek appeal to the board in order to exhaust adequate administrative remedies. Such appeals must be filed within ten days of the date of the issuance of the challenged ruling, but no later than the time for compliance with the order or the date of hearing, whichever is first.

11.9(6) Unless otherwise provided by law, when reviewing a proposed decision of an administrative law judge in a nondisciplinary contested case upon appeal, the board shall have the powers of and shall comply with the provisions of this chapter which apply to presiding officers.

645—11.10(17A) Disqualification.

11.10(1) A presiding officer or other person shall withdraw from participation in the making of any proposed or final decision in a contested case if that person:

- a. Has a personal bias or prejudice concerning a party or a representative of a party;

- b. Has personally investigated, prosecuted or advocated, in connection with that case, the specific controversy underlying that case, another pending factually related contested case, or a pending factually related controversy that may culminate in a contested case involving the same parties;

- c. Is subject to the authority, direction or discretion of any person who has personally investigated, prosecuted or advocated in connection with that contested case, the specific controversy underlying that contested case, or a pending factually related contested case or controversy involving the same parties;

- d. Has acted as counsel to any person who is a private party to that proceeding within the past two years;
- e. Has a personal financial interest in the outcome of the case or any other significant personal interest that could be substantially affected by the outcome of the case;
- f. Has a spouse or relative within the third degree of relationship that: (1) is a party to the case, or an officer, director or trustee of a party; (2) is a lawyer in the case; (3) is known to have an interest that could be substantially affected by the outcome of the case; or (4) is likely to be a material witness in the case; or
- g. Has any other legally sufficient cause to withdraw from participation in the decision making in that case.

11.10(2) The term “personally investigated” means taking affirmative steps to interview witnesses directly or to obtain documents or other information directly. The term “personally investigated” does not include general direction and supervision of assigned investigators, unsolicited receipt of information which is relayed to assigned investigators, review of another person’s investigative work product in the course of determining whether there is probable cause to initiate a proceeding, or exposure to factual information while performing other agency functions, including fact gathering for purposes other than investigation of the matter which culminates in a contested case. Factual information relevant to the merits of a contested case received by a person who later serves as presiding officer in that case shall be disclosed if required by 1998 Iowa Acts, chapter 1202, section 19(3), and subrules 11.10(3) and 11.22(9).

11.10(3) In a situation where a presiding officer or other person knows of information which might reasonably be deemed to be a basis for disqualification and decides voluntary withdrawal is unnecessary, that person shall submit the relevant information for the record by affidavit and shall provide for the record a statement of the reasons for the determination that withdrawal is unnecessary.

11.10(4) If a party asserts disqualification on any appropriate ground, including those listed in subrule 11.10(1), the party shall file a motion supported by an affidavit pursuant to 1998 Iowa Acts, chapter 1202, section 19(7). The motion must be filed as soon as practicable after the reason alleged in the motion becomes known to the party. The board shall determine the matter as part of the record in the case.

645—11.11(17A) Consolidation—severance.

11.11(1) Consolidation. The presiding officer may consolidate any or all matters at issue in two or more contested case proceedings where the matters at issue involve common parties or common questions of fact or law; consolidation would expedite and simplify consideration of the issues involved; and consolidation would not adversely affect the rights of any of the parties to those proceedings.

11.11(2) Severance. The presiding officer may, for good cause shown, order any contested case proceedings or portions thereof severed.

645—11.12(17A) Answer.

11.12(1) An answer shall be filed within 20 days of service of the statement of charges and notice of hearing.

11.12(2) An answer shall show on whose behalf it is filed and specifically admit, deny, or otherwise answer all material allegations of the statement of charges. It shall state any facts deemed to show an affirmative defense and contain as many additional defenses as the respondent may claim.

11.12(3) An answer shall state the name, address and telephone number of the person filing the answer, the person or entity on whose behalf it is filed, and the attorney representing that person, if any.

11.12(4) Any allegation in the statement of charges not denied in the answer is considered admitted. The presiding officer may refuse to consider any defense not raised in the answer which could have been raised on the basis of facts known when the answer was filed if any party would be prejudiced.

11.12(5) Amendments to the statement of charges and to an answer may be allowed with the consent of the parties or in the discretion of the presiding officer who may impose terms or grant a continuance.

645—11.13(17A) Service and filing.

11.13(1) Service—when required. Every document filed in a contested case proceeding shall be served upon each of the parties of record to the proceeding, including the assistant attorney general designated as prosecutor for the state, simultaneously with their filing. Except for the original notice of hearing and an application for rehearing as provided in Iowa Code section 17A.16(2), the party filing a document is responsible for service on all parties.

11.13(2) Service—how made. Service upon a party represented by an attorney shall be made upon the attorney unless otherwise ordered. Service is made by delivery or by mailing a copy to the person's last-known address. Service by mail is complete upon mailing, except where otherwise specifically provided by statute, rule, or order.

11.13(3) Filing—when required. After the notice of hearing, all documents in a contested case proceeding shall be filed with the board. All documents that are required to be served upon a party shall be filed simultaneously with the board.

11.13(4) Filing—when made. Except where otherwise provided by law, a document is deemed filed at the time it is delivered to the Board of _____ Examiners, Board Administrator, Lucas State Office Building, Des Moines, Iowa 50319, or delivered to an established courier service for immediate delivery to that office, or mailed by first-class mail or state interoffice mail to that office, so long as there is proof of mailing.

11.13(5) Proof of mailing. Proof of mailing includes a legible United States Postal Service postmark on the envelope, a certificate of service, or a notarized affidavit.

645—11.14(17A) Discovery.

11.14(1) Discovery procedures applicable in civil actions are applicable in contested cases. Unless lengthened or shortened by these rules or by order of the presiding officer, time periods for compliance with discovery shall be as provided in the Iowa Rules of Civil Procedure.

11.14(2) Any motion relating to discovery shall allege that the moving party has previously made a good-faith attempt to resolve the discovery issues involved with the opposing party. Motions in regard to discovery shall be ruled upon by the presiding officer. Opposing parties shall be afforded the opportunity to respond within ten days of the filing of the motion unless the time is shortened. The presiding officer may rule on the basis of the written motion and any response, or may order argument on the motion.

645—11.15(17A,272C) Issuance of subpoenas in a contested case.

11.15(1) Subpoenas issued in a contested case may compel the attendance of witnesses at deposition or hearing, and may compel the production of books, papers, records, and other real evidence. A command to produce evidence or to permit inspection may be joined with a command to appear at deposition or hearing, or may be issued separately. Subpoenas shall be issued by the board administrator or designee upon written request. A request for a subpoena of mental health records must confirm the conditions described in 645—subrule 9.5(1) prior to the issuance of the subpoena.

11.15(2) A request for a subpoena shall include the following information, as applicable, unless the subpoena is requested to compel testimony or documents for rebuttal or impeachment purposes:

- a. The name, address and telephone number of the person requesting the subpoena;
- b. The name and address of the person to whom the subpoena shall be directed;
- c. The date, time, and location at which the person shall be commanded to attend and give testimony;
- d. Whether the testimony is requested in connection with a deposition or hearing;
- e. A description of the books, papers, records or other real evidence requested;
- f. The date, time and location for production, or inspection and copying; and
- g. In the case of a subpoena request for mental health records, confirmation that the conditions described in 645—subrule 9.5(1) have been satisfied.

11.15(3) Each subpoena shall contain, as applicable:

- a. The caption of the case;
- b. The name, address and telephone number of the person who requested the subpoena;
- c. The name and address of the person to whom the subpoena is directed;

- d.* The date, time, and location at which the person is commanded to appear;
- e.* Whether the testimony is commanded in connection with a deposition or hearing;
- f.* A description of the books, papers, records or other real evidence the person is commanded to produce;
- g.* The date, time and location for production, or inspection and copying;
- h.* The time within which a motion to quash or modify the subpoena must be filed;
- i.* The signature, address and telephone number of the board administrator or designee;
- j.* The date of issuance;
- k.* A return of service.

11.15(4) Unless a subpoena is requested to compel testimony or documents for rebuttal or impeachment purposes, the board administrator or designee shall mail copies of all subpoenas to the parties to the contested case. The person who requested the subpoena is responsible for serving the subpoena upon the subject of the subpoena.

11.15(5) Any person who is aggrieved or adversely affected by compliance with the subpoena, or any party to the contested case who desires to challenge the subpoena must, within 14 days after service of the subpoena, or before the time specified for compliance if such time is less than 14 days, file with the board a motion to quash or modify the subpoena. The motion shall describe the legal reasons why the subpoena should be quashed or modified, and may be accompanied by legal briefs or factual affidavits.

11.15(6) Upon receipt of a timely motion to quash or modify a subpoena, the board may request an administrative law judge to issue a decision, or the board may issue a decision. Oral argument may be scheduled at the discretion of the board or the administrative law judge. The administrative law judge or the board may quash or modify the subpoena, deny the motion, or issue an appropriate protective order.

11.15(7) A person aggrieved by a ruling of an administrative law judge who desires to challenge that ruling must appeal the ruling to the board by serving on the board administrator, either in person or by certified mail, a notice of appeal within ten days after service of the decision of the administrative law judge.

11.15(8) If the person contesting the subpoena is not the person under investigation, the board's decision is final for purposes of judicial review. If the person contesting the subpoena is the person under investigation, the board's decision is not final for purposes of judicial review until there is a final decision in the contested case.

645—11.16(17A) Motions.

11.16(1) No technical form for motions is required. However, prehearing motions must be in writing, state the grounds for relief, and state the relief sought.

11.16(2) Any party may file a written response to a motion within ten days after the motion is served, unless the time period is extended or shortened by the presiding officer. The presiding officer may consider a failure to respond within the required time period in ruling on a motion.

11.16(3) The presiding officer may schedule oral argument on any motion.

11.16(4) Motions pertaining to the hearing must be filed and served at least ten days prior to the date of hearing unless there is good cause for permitting later action or the time for such action is lengthened or shortened by rule of the agency or an order of the presiding officer.

645—11.17(17A) Prehearing conferences.

11.17(1) Any party may request a prehearing conference. Prehearing conferences shall be conducted by the board administrator, who may request the assistance of an administrative law judge. A written request for prehearing conference or an order for prehearing conference on the board administrator's own motion shall be filed prior to the contested case hearing, but no later than 20 days prior to the hearing date. Written notice of the prehearing conference shall be given by the board administrator to all parties. For good cause the board administrator may permit variances from this rule.

11.17(2) The parties at a prehearing conference shall be prepared to discuss the following subjects, and the board administrator or administrative law judge may issue appropriate orders concerning:

- a.* The possibility of settlement.

- b.* The entry of a scheduling order to include deadlines for completion of discovery.
 - c.* Stipulations of law or fact.
 - d.* Stipulations on the admissibility of exhibits.
 - e.* Submission of expert and other witness lists. Witness lists may be amended subsequent to the prehearing conference within the time limits established by the board administrator or administrative law judge at the prehearing conference. Any such amendments must be served on all parties. Witnesses not listed on the final witness list may be excluded from testifying unless there was good cause for the failure to include their names.
 - f.* Submission of exhibit lists. Exhibit lists may be amended subsequent to the prehearing conference within the time limits established by the board administrator or administrative law judge at the prehearing conference. Exhibits other than rebuttal exhibits that are not listed on the final exhibit list may be excluded from admission into evidence unless there was good cause for the failure to include them.
 - g.* Stipulations for waiver of any provision of law.
 - h.* Identification of matters which the parties intend to request be officially noticed.
 - i.* Consideration of any additional matters which will expedite the hearing.
- 11.17(3)** Prehearing conferences may be conducted by telephone unless otherwise ordered.

645—11.18(17A) Continuances.

11.18(1) Applications for continuances shall be filed with the board. In the event the application for continuance is not contested, the board administrator shall issue the appropriate order. In the event the application for continuance is contested, the matter shall be heard by the board or may be delegated by the board to an administrative law judge.

11.18(2) A written application for a continuance shall:

- a.* Be made at the earliest possible time and no less than five working days before the hearing. Within five working days of the date set for hearing, no continuances shall be granted except for extraordinary, extenuating, or emergency circumstances;
- b.* State the specific reasons for the request; and
- c.* Be signed by the requesting party or the party's representative.

11.18(3) In determining whether to grant a continuance, the presiding officer may consider:

- a.* Prior continuances;
- b.* The interests of all parties;
- c.* The public interest;
- d.* The likelihood of informal settlement;
- e.* The existence of an emergency;
- f.* Any objection;
- g.* Any applicable time requirements;
- h.* The existence of a conflict in the schedules of counsel, parties, or witnesses;
- i.* The timeliness of the request; and
- j.* Other relevant factors.

11.18(4) The presiding officer may require documentation of any grounds for continuance.

645—11.19(17A,272C) Hearing procedures.

11.19(1) The presiding officer shall have the authority to administer oaths, to admit or exclude testimony or other evidence, and to rule on all motions and objections. The presiding officer may request that an administrative law judge perform any of these functions and may be assisted and advised by an administrative law judge.

11.19(2) All objections shall be timely made and stated on the record.

11.19(3) Parties have the right to participate or to be represented in all hearings or prehearing conferences related to their case. Any party may be represented by an attorney at their own expense.

11.19(4) Subject to terms and conditions prescribed by the presiding officer, parties have the right to introduce evidence on issues of material fact, cross-examine witnesses present at the hearing as necessary

for a full and true disclosure of the facts, present evidence in rebuttal, and submit briefs and engage in oral argument.

11.19(5) The presiding officer shall maintain the decorum of the hearing and may refuse to admit or may expel anyone whose conduct is disorderly.

11.19(6) Witnesses may be sequestered during the hearing.

11.19(7) The presiding officer shall have authority to grant immunity from disciplinary action to a witness as provided by Iowa Code section 272C.6(3).

11.19(8) The presiding officer shall conduct the hearing in the following manner:

a. The presiding officer shall give an opening statement briefly describing the nature of the proceedings;

b. The parties shall be given an opportunity to present opening statements;

c. The parties shall present their cases in the sequence determined by the presiding officer;

d. Each witness shall be sworn or affirmed by the presiding officer or the court reporter, and be subject to examination and cross-examination. The presiding officer may limit questioning in a manner consistent with law;

e. When all parties and witnesses have been heard, the parties may be given the opportunity to present final arguments.

11.19(9) The board members and the administrative law judge have the right to question a witness. Examination of witnesses is subject to properly raised objections.

11.19(10) The hearing shall be open to the public unless the licensee requests that the hearing be closed.

645—11.20(17A) Evidence.

11.20(1) The presiding officer shall rule on admissibility of evidence and may, where appropriate, take official notice of facts in accordance with all applicable requirements of law.

11.20(2) Stipulation of facts is encouraged. The presiding officer may make a decision based on stipulated facts.

11.20(3) Evidence in the proceeding shall be confined to the issues as to which the parties received notice prior to the hearing unless the parties waive their right to such notice or the presiding officer determines that good cause justifies expansion of the issues. If the presiding officer decides to admit evidence on issues outside the scope of the notice over the objection of a party who did not have actual notice of those issues, that party, upon timely request, shall receive a continuance sufficient to amend pleadings and to prepare on the additional issue.

11.20(4) The party seeking admission of an exhibit must provide opposing parties with an opportunity to examine the exhibit prior to the ruling on its admissibility. Copies of documents should normally be provided to opposing parties. All exhibits admitted into evidence shall be appropriately marked and be made part of the record.

11.20(5) Any party may object to specific evidence or may request limits on the scope of any examination or cross-examination. Such an objection shall be accompanied by a brief statement of the grounds upon which it is based. The objection, the ruling on the objection, and the reasons for the ruling shall be noted in the record.

11.20(6) Whenever evidence is ruled inadmissible, the party offering that evidence may submit an offer of proof on the record. The party making the offer of proof for excluded oral testimony shall briefly summarize the testimony or, with permission of the presiding officer, present the testimony. If the excluded evidence consists of a document or exhibit, it shall be marked as part of an offer of proof and inserted in the record.

645—11.21(17A) Default.

11.21(1) If a party fails to appear or participate in a contested case proceeding after proper service of notice, the presiding officer may, if no adjournment is granted, enter a default decision or proceed with the hearing and render a decision in the absence of the party.

11.21(2) Where appropriate and not contrary to law, any party may move for default against a party who has failed to appear after proper service.

11.21(3) Default decisions or decisions rendered on the merits after a party has failed to appear or participate in a contested case proceeding become final agency action unless, within 15 days after the date of notification or mailing of the decision, a motion to vacate is filed and served on all parties or an appeal of a decision on the merits is timely initiated. A motion to vacate must state all facts relied upon by the moving party which establish that good cause existed for that party's failure to appear or participate at the contested case proceeding. Each fact so stated must be substantiated by at least one sworn affidavit of a person with personal knowledge of each such fact, which affidavit(s) must be attached to the motion.

11.21(4) The time for further appeal of a decision for which a timely motion to vacate has been filed is stayed pending a decision on the motion to vacate.

11.21(5) Properly substantiated and timely filed motions to vacate shall be granted only for good cause shown. The burden of proof as to good cause is on the moving party. Adverse parties shall have ten days to respond to a motion to vacate. Adverse parties shall be allowed to conduct discovery as to the issue of good cause and to present evidence on the issue prior to a decision on the motion, if a request to do so is included in that party's response.

11.21(6) "Good cause" for purposes of this rule shall have the same meaning as "good cause" for setting aside a default judgment under Iowa Rule of Civil Procedure 236.

11.21(7) A decision denying a motion to vacate is subject to further appeal within the time limit allowed for further appeal of a decision on the merits in the contested case proceeding. A decision granting a motion to vacate is subject to interlocutory appeal by the adverse party pursuant to rule 11.24(17A).

11.21(8) If a motion to vacate is granted and no timely interlocutory appeal has been taken, the presiding officer shall issue another notice of hearing and the contested case shall proceed accordingly.

11.21(9) A default decision may provide either that the default decision is to be stayed pending a timely motion to vacate or that the default decision is to take effect immediately, subject to a request for stay under rule 11.26(17A).

645—11.22(17A) Ex parte communication.

11.22(1) Prohibited communications. Unless required for the disposition of ex parte matters specifically authorized by statute, following issuance of the notice of hearing, there shall be no communication, directly or indirectly, between the presiding officer and any party or representative of any party or any other person with a direct or indirect interest in such case in connection with any issue of fact or law in the case except upon notice and opportunity for all parties to participate. Nothing in this provision is intended to preclude board members from communicating with other board members or members of the board staff, other than those with a personal interest in, or those engaged in personally investigating, prosecuting, or advocating in, either the case under consideration or a pending factually related case involving the same parties, as long as those persons do not directly or indirectly communicate to the presiding officer any ex parte communications they have received of a type that the presiding officer would be prohibited from receiving or that furnish, augment, diminish, or modify the evidence in the record.

11.22(2) Prohibitions on ex parte communications commence with the issuance of the notice of hearing in a contested case and continue for as long as the case is pending before the board.

11.22(3) Written, oral or other forms of communication are "ex parte" if made without notice and opportunity for all parties to participate.

11.22(4) To avoid prohibited ex parte communications notice must be given in a manner reasonably calculated to give all parties a fair opportunity to participate. Notice of written communications shall be provided in compliance with rule 11.6(17A) and may be supplemented by telephone, facsimile, electronic mail or other means of notification. Where permitted, oral communications may be initiated through conference telephone call including all parties or their representatives.

11.22(5) Persons who jointly act as presiding officer in a pending contested case may communicate with each other without notice or opportunity for parties to participate.

11.22(6) The board administrator or other persons may be present in deliberations or otherwise advise the presiding officer without notice or opportunity for parties to participate as long as they are not disqualified from participating in the making of a final decision under any provision of law and they comply with this rule.

11.22(7) Communications with the presiding officer involving uncontested scheduling or procedural matters do not require notice or opportunity for parties to participate. Parties should notify other parties prior to initiating such contact with the presiding officer when feasible, and shall notify other parties when seeking to continue hearings or other deadlines.

11.22(8) A presiding officer who receives a prohibited ex parte communication during the pendency of a contested case must initially determine if the effect of the communication is so prejudicial that the presiding officer should be disqualified. If the presiding officer determines that disqualification is warranted, a copy of any prohibited written communication, all written responses to the communication, a written summary stating the substance of any prohibited oral or other communication not available in written form for disclosure, all responses made, and the identity of each person from whom the presiding officer received a prohibited ex parte communication shall be submitted for inclusion in the record under seal by protective order. If the presiding officer determines that disqualification is not warranted, such documents shall be submitted for inclusion in the record and served on all parties. Any party desiring to rebut the prohibited communication must be allowed the opportunity to do so upon written request filed within ten days after notice of the communication.

11.22(9) Promptly after being assigned to serve as presiding officer at any stage in a contested case proceeding, a presiding officer shall disclose to all parties material factual information received through ex parte communication prior to such assignment unless the factual information has already been or shortly will be disclosed pursuant to Iowa Code section 17A.13(2) or through discovery. Factual information contained in an investigative report or similar document need not be separately disclosed by the presiding officer as long as such documents have been or will shortly be provided to the parties.

11.22(10) The presiding officer may render a proposed or final decision imposing appropriate sanctions for violations of this rule including default, a decision against the offending party, censure, suspension or revocation of the privilege to practice before the agency. Violation of ex parte communication prohibitions by board personnel shall be reported to the board and its board administrator for possible sanctions including censure, suspension, dismissal, or other disciplinary action.

645—11.23(17A) Recording costs. Upon request, the board shall provide a copy of the whole or any portion of the record at cost. The cost of preparing a copy of the record or of transcribing the hearing record shall be paid by the requesting party.

645—11.24(17A) Interlocutory appeals. Upon written request of a party or on its own motion, the board may review an interlocutory order of the board administrator or an administrative law judge. Any request for interlocutory review must be filed within 14 days of issuance of the challenged order, but no later than the time for compliance with the order or the date of hearing, whichever is first.

645—11.25(17A) Applications for rehearing.

11.25(1) *By whom filed.* Any party to a contested case proceeding may file an application for rehearing from a final order. The filing of an application for rehearing is not necessary to exhaust administrative remedies for purposes of judicial review.

11.25(2) *Content of application.* The application for rehearing shall state on whose behalf it is filed, the specific grounds for rehearing, and the relief sought. In addition, the application shall state whether the applicant desires reconsideration of all or part of the agency decision on the existing record and whether the applicant requests an opportunity to submit additional evidence.

11.25(3) *Additional evidence.* A party may request the taking of additional evidence only by establishing that (a) the facts or other evidence arose after the original proceeding, or (b) the party offering such evidence could not reasonably have provided such evidence at the original proceedings, or (c) the party offering the additional evidence was misled by any party as to the necessity for offering

such evidence at the original proceeding. A written request to present additional evidence must be filed with the application for rehearing or, by a nonappealing party, within 14 days of service of the notice of appeal.

11.25(4) *Time of filing.* The application shall be filed with the board within 20 days after issuance of the final decision.

11.25(5) *Notice to other parties.* A copy of the application shall be timely mailed by the applicant to all parties of record not joining therein.

11.25(6) *Disposition.* Any application for a rehearing shall be deemed denied unless the agency grants the application within 20 days after its filing.

645—11.26(17A) Stays of agency actions.

11.26(1) *When available.* Any party to a contested case proceeding may petition the board for a stay of an order issued in that proceeding or for other temporary remedies, pending review by the board or pending judicial review. The petition shall state the reasons justifying a stay or other temporary remedy.

11.26(2) *When granted.* In determining whether to grant a stay, the board shall consider the factors listed in 1998 Iowa Acts, chapter 1202, section 23.

645—11.27(17A) No factual dispute contested cases. If the parties agree that no dispute of material fact exists as to a matter that would be a contested case if such a dispute of fact existed, the parties may present all relevant admissible evidence either by stipulation or otherwise as agreed by the parties, without necessity for the production of evidence at an evidentiary hearing. If such agreement is reached, a jointly submitted schedule detailing the method and timetable for submission of the record, briefs and oral argument should be submitted to the presiding officer for approval as soon as practicable.

645—11.28(17A) Emergency adjudicative proceedings.

11.28(1) Necessary emergency action. To the extent necessary to prevent or avoid immediate danger to the public health, safety, or welfare, and consistent with the Constitution and other provisions of law, the board may issue a written order in compliance with Iowa Code section 17A.18 to suspend a license in whole or in part, order the cessation of any continuing activity, order affirmative action, or take other action within the jurisdiction of the board by emergency adjudicative order.

11.28(2) Before issuing an emergency adjudicative order, the board shall consider factors including, but not limited to, the following:

- a. Whether there has been a sufficient factual investigation to ensure that the board is proceeding on the basis of reliable information;
- b. Whether the specific circumstances which pose immediate danger to the public health, safety or welfare have been identified and determined to be continuing;
- c. Whether the person required to comply with the emergency adjudicative order may continue to engage in other activities without posing immediate danger to the public health, safety or welfare;
- d. Whether imposition of monitoring requirements or other interim safeguards would be sufficient to protect the public health, safety or welfare; and
- e. Whether the specific action contemplated by the board is necessary to avoid the immediate danger.

11.28(3) Issuance of order.

a. An emergency adjudicative order shall contain findings of fact, conclusions of law, and policy reasons to justify the determination of an immediate danger in the board's decision to take immediate action. The order is a public record.

b. The written emergency adjudicative order shall be immediately delivered to the person who is required to comply with the order by utilizing one or more of the following procedures:

- (1) Personal delivery;
- (2) Certified mail, return receipt requested, to the last address on file with the agency;
- (3) Certified mail to the last address on file with the agency; or

(4) Fax. Fax may be used as the sole method of delivery if the person required to comply with the order has filed a written request that agency orders be sent by fax and has provided a fax number for that purpose.

c. To the degree practicable, the board shall select the procedure for providing written notice that best ensures prompt, reliable delivery.

d. Unless the written emergency adjudicative order is provided by personal delivery on the same day that the order issues, the board shall make reasonable immediate efforts to contact by telephone the person who is required to comply with the order.

e. After the issuance of an emergency adjudicative order, the board shall proceed as quickly as feasible to complete any proceedings that would be required if the matter did not involve an immediate danger.

f. Issuance of a written emergency adjudicative order shall include notification of the date on which board proceedings are scheduled for completion. After issuance of an emergency adjudicative order, continuance of further board proceedings to a later date will be granted only in compelling circumstances upon application in writing unless the person who is required to comply with the order is the party requesting the continuance.

645—11.29(17A) Appeal. Any appeal to district court from a decision in a contested case shall be taken within 30 days from the date of issuance of the decision by the board pursuant to Iowa Code section 17A.19 as amended by 1998 Iowa Acts, chapter 1202.

645—11.30(272C) Publication of decisions. Final decisions of the board in a contested case shall be transmitted to the appropriate association, the news media, and the employer.

645—11.31(272C) Reinstatement.

11.31(1) Any person whose license to practice has been revoked or suspended may apply to the board for reinstatement in accordance with the terms and conditions of the order of revocation or suspension, unless the order of revocation provides that the license is permanently revoked.

11.31(2) If the order of revocation or suspension did not establish terms and conditions upon which reinstatement might occur, or if the license was voluntarily surrendered, an initial application for reinstatement may not be made until one year has elapsed from the date of the order or the date of the voluntary surrender.

11.31(3) All proceedings for reinstatement shall be initiated by the respondent, who shall file with the board an application for reinstatement of the license. Such application shall be docketed in the original case in which the license was revoked, suspended, or relinquished. All proceedings upon the application for reinstatement shall be subject to the same rules of procedure as other cases before the board.

11.31(4) An application for reinstatement shall allege facts which, if established, will be sufficient to enable the board to determine that the basis for the revocation or suspension of the respondent's license no longer exists and that it will be in the public interest for the license to be reinstated. The burden of proof to establish such facts shall be on the respondent.

11.31(5) An order denying or granting reinstatement shall be based upon a decision which incorporates findings of facts and conclusions of law. The order shall be published as provided for in this chapter.

645—11.32(17A,272C) License denial.

11.32(1) An applicant who has been denied licensure by the board may appeal the denial and request a hearing on the issues related to the licensure denial by serving a notice of appeal and request for hearing upon the board not more than 30 days following the date of mailing of the notification of licensure denial to the applicant. The request for hearing shall specifically delineate the facts to be contested at hearing.

11.32(2) All hearings held pursuant to this rule shall be held pursuant to the process outlined in this chapter.

These rules are intended to implement Iowa Code chapter 17A as amended by 1998 Iowa Acts, chapter 1202.

CHAPTER 12
INFORMAL SETTLEMENT

645—12.1(17A,272C) Informal settlement.

12.1(1) *Informal settlement—parties.* A contested case may be resolved by informal settlement. Negotiation of an informal settlement may be initiated by the state of Iowa represented by an assistant attorney general, the respondent, or the board. The board shall designate a board member with authority to negotiate on behalf of the board. The full board shall not be involved in negotiations until the presentation of a final, written, signed informal settlement to the full board for approval.

12.1(2) *Informal settlement—waiver of notice and opportunity to be heard.* Consent to negotiation by a respondent constitutes a waiver of notice and opportunity to be heard pursuant to Iowa Code chapter 17A during informal settlement negotiation, and the assistant attorney general is thereafter authorized to discuss informal settlement with the board's designee until that consent is expressly withdrawn.

12.1(3) *Informal settlement—board approval.* All informal settlements are subject to approval of a majority of the board. No informal settlement shall be presented to the board for approval except in final, written form executed by the respondent. If the board fails to approve the informal settlement, it shall be of no force or effect to either party.

12.1(4) *Informal settlement—disqualification of designee.* A board member who is designated to act in negotiation of settlement is not disqualified from participating in the contested case should the case proceed to hearing.

12.1(5) *Voluntary surrender.* The board may accept the voluntary surrender of a license if accompanied by a written statement of intention. A voluntary surrender, when accepted in connection with a disciplinary proceeding, has the same force and effect as an order of revocation.

This rule is intended to implement Iowa Code chapter 17A as amended by 1998 Iowa Acts, chapter 1202, and Iowa Code chapter 272C.

[Filed 5/14/99, Notice 3/24/99—published 6/2/99, effective 7/7/99]

CHAPTER 13
DISCIPLINE

645—13.1(272C) Method of discipline. The board has the authority to impose the following disciplinary sanctions:

1. Revocation of license.
2. Suspension of license until further order of the board or for a specific period.
3. Prohibit permanently, until further order of the board, or for a specific period, the engaging in specified procedures, methods, or acts.
4. Probation.
5. Require additional education or training.
6. Require a reexamination.
7. Order a physical or mental evaluation, or order alcohol and drug screening within a time specified by the board.
8. Impose civil penalties not to exceed \$1000.
9. Issue a citation and warning.
10. Such other sanctions allowed by law as may be appropriate.

645—13.2(272C) Discretion of board. The following factors may be considered by the board in determining the nature and severity of the disciplinary sanction to be imposed:

1. The relative serious nature of the violation as it relates to assuring the citizens of this state a high standard of professional care.
2. The facts of the particular violation.
3. Any extenuating facts or other countervailing considerations.
4. The number of prior violations or complaints.
5. The seriousness of prior violations or complaints.
6. Whether remedial action has been taken.
7. Such other factors as may reflect upon the competency, ethical standards, and professional conduct of the licensee.

645—13.3(272C) Conduct of persons attending meetings.

13.3(1) The person presiding at a meeting of the board may exclude a person from an open meeting for behavior that obstructs the meeting.

13.3(2) Cameras and recording devices may be used at open meetings provided they do not obstruct the meeting. If the user of a camera or recording device obstructs the meeting by the use of such device, the person presiding may request the person to discontinue use of the camera or device. If the person persists in use of the device or camera, that person shall be ordered excluded from the meeting by order of the board member at the meeting.

These rules are intended to implement Iowa Code sections 21.7, 272C.4, 272C.5, and 272C.6.

CHAPTER 14
USE OF CRIMINAL CONVICTIONS IN ELIGIBILITY DETERMINATIONS AND INITIAL
LICENSING DECISIONS

645—14.1(272C) Definitions.

“*Complete criminal record*” includes the complaint and judgment of conviction for each offense of which the applicant has been convicted, regardless of whether the offense is classified as a felony or a misdemeanor, and regardless of the jurisdiction in which the offense occurred.

“*Conviction*” means a finding, plea, or verdict of guilt made or returned in a criminal proceeding, even if the adjudication of guilt is deferred, withheld, or not entered. “Conviction” includes Alford pleas and pleas of nolo contendere.

“*Disqualifying offense*” means a conviction directly related to the duties and responsibilities of the profession. A conviction is directly related to the duties and responsibilities of the profession if either (1) the actions taken in furtherance of an offense are actions customarily performed within the scope of practice of a licensed profession, or (2) the circumstances under which an offense was committed are circumstances customary to a licensed profession.

“*License*” means any license, registration, or permit issued by the board.
[ARC 5751C, IAB 7/14/21, effective 8/18/21]

645—14.2(272C) License application. Unless an applicant for licensure petitions the board for an eligibility determination pursuant to rule 645—14.3(272C), the applicant’s convictions will be reviewed when the board receives a completed license application.

14.2(1) An applicant must disclose all convictions on a license application. Failure to disclose all convictions is grounds for license denial or disciplinary action following license issuance.

14.2(2) An applicant with one or more convictions shall submit the complete criminal record for each conviction and a personal statement regarding whether each conviction directly relates to the practice of the profession in order for the license application to be considered complete.

14.2(3) An applicant must submit as part of the license application all evidence of rehabilitation that the applicant wishes to be considered by the board.

14.2(4) The board may deny a license if the applicant has a disqualifying offense unless the applicant demonstrates by clear and convincing evidence that the applicant is rehabilitated pursuant to Iowa Code section 272C.15.

14.2(5) An applicant with one or more disqualifying offenses who has been found rehabilitated must still satisfy all other requirements for licensure.

14.2(6) Any application fees paid will not be refunded if the license is denied.
[ARC 5751C, IAB 7/14/21, effective 8/18/21]

645—14.3(272C) Eligibility determination.

14.3(1) An individual who has not yet submitted a completed license application may petition the board for a determination of whether one or more of the individual’s convictions are disqualifying offenses that would render the individual ineligible for licensure. An individual with a conviction is not required to petition the board for an eligibility determination prior to applying for licensure.

14.3(2) To petition the board for an eligibility determination of whether one or more of the petitioner’s convictions are disqualifying offenses, a petitioner shall submit all of the following:

- a. A completed petition for eligibility determination form;
- b. The complete criminal record for each of the petitioner’s convictions;
- c. A personal statement regarding whether each conviction directly relates to the duties and responsibilities of the profession and why the board should find the petitioner rehabilitated;
- d. All evidence of rehabilitation that the petitioner wishes to be considered by the board; and
- e. Payment of a nonrefundable fee of \$25.

[ARC 5751C, IAB 7/14/21, effective 8/18/21]

645—14.4(272C) Appeal. A petitioner deemed ineligible or an applicant denied a license due to a disqualifying offense may appeal the decision in the manner and time frame set forth in the board's written decision. A timely appeal will initiate a nondisciplinary contested case proceeding. The board's rules governing contested case proceedings will apply unless otherwise specified in this rule. If the petitioner or applicant fails to timely appeal, the board's written decision will become a final order.

14.4(1) An administrative law judge will serve as the presiding officer of the nondisciplinary contested case proceeding, unless the board elects to serve as the presiding officer. When an administrative law judge serves as the presiding officer, the decision rendered shall be a proposed decision.

14.4(2) The contested case hearing shall be closed to the public, and the board's review of a proposed decision shall occur in closed session.

14.4(3) The office of the attorney general shall represent the board's initial ineligibility determination or license denial and shall have the burden of proof to establish that the petitioner or applicant's convictions include at least one disqualifying offense. Upon satisfaction of this burden by a preponderance of the evidence by the office of the attorney general, the burden of proof shall shift to the petitioner or applicant to establish rehabilitation by clear and convincing evidence.

14.4(4) A petitioner or applicant must appeal an ineligibility determination or license denial in order to exhaust administrative remedies. A petitioner or applicant may only seek judicial review of an ineligibility determination or license denial after the issuance of a final order following a contested case proceeding. Judicial review of the final order following a contested case proceeding shall be in accordance with Iowa Code chapter 17A.

[ARC 5751C, IAB 7/14/21, effective 8/18/21]

645—14.5(272C) Future petitions or applications. If a final order determines a petitioner is ineligible, the petitioner may not submit a subsequent petition for eligibility determination or a license application prior to the date specified in the final order. If a final order denies a license application, the applicant may not submit a subsequent license application or a petition for eligibility determination prior to the date specified in the final order.

[ARC 5751C, IAB 7/14/21, effective 8/18/21]

These rules are intended to implement 2020 Iowa Acts, House File 2627.

CHAPTER 16
IMPAIRED PRACTITIONER REVIEW COMMITTEE

Pursuant to the authority of Iowa Code section 272C.3(1) “k,” the department of public health establishes the impaired practitioner review committee.

645—16.1(272C) Definitions.

“*Board*” means a health professional licensing board established pursuant to Iowa Code chapter 147, 154A, 154E, or 155.

“*Contract*” means the written document executed by a practitioner and the impaired practitioner review committee which establishes the terms for participation in the impaired practitioner program.

“*Impairment*” means an inability to practice with reasonable safety and skill as a result of alcohol or drug abuse, dependency, or addiction, or any neuropsychological or physical disorder or disability. For the purposes of the program, “impairment” does not include gambling addiction, sexual addiction, sexual compulsivity, paraphilia or other sexual disorders.

“*IPRC*” or “*committee*” means the impaired practitioner review committee.

“*Practitioner*” or “*licensee*” means a person licensed under Iowa Code chapter 147, 154A, 154E, or 155.

“*Self-report*” means written or oral notification provided by the licensee to the board or impaired practitioner review committee that the licensee has been, is, or may be impaired prior to the board’s receiving a complaint or report from a third party alleging the same. Information relative to impairment or a potential impairment which is provided on a license application or a renewal form may be considered a self-report.

645—16.2(272C) Purpose. The impaired practitioner review committee evaluates, assists, and monitors the recovery or rehabilitation of practitioners in the impaired practitioner program and makes reports to the board in the event of noncompliance. The impaired practitioner program is both an advocate for licensee health and a means to protect the health and safety of the public.

645—16.3(272C) Composition of the committee. The committee is composed of, but not limited to, members with the following qualifications:

16.3(1) A licensed practitioner who has expertise in the area of substance abuse and addiction treatment.

16.3(2) A licensed practitioner who has expertise in the diagnosis and treatment of psychological disorders and disabilities.

16.3(3) A specialty board-certified psychiatrist who holds a current, active Iowa license as defined in 653—9.1(147,148,150,150A).

16.3(4) A licensee who has remained free of addiction for a period of no less than two years since successfully completing a board-approved recovery program; board-ordered probation for drug or alcohol dependency, addiction or abuse; or an impaired practitioner review committee contract.

16.3(5) A physician, a physician assistant or an advanced registered nurse practitioner (ARNP) whose specialty area is family practice or who has expertise in neurological disorders.

a. If the member is a physician, the physician shall be a person licensed to practice medicine and surgery, osteopathic medicine and surgery or osteopathy as defined in 653—1.1(17A,147).

b. If the member is a physician assistant, the physician assistant shall be a person licensed as a physician assistant as defined in 645—326.1(148C).

c. If the member is an ARNP, the ARNP shall be licensed as a registered nurse as defined in Iowa Code chapter 152 or 152E and registered to practice as an ARNP in Iowa as defined in 655—7.2(152).

16.3(6) An at-large public member.

16.3(7) The board administrator assigned to the impaired practitioner review committee for professional licensure.

645—16.4(272C) Organization of the committee.

16.4(1) The division shall appoint the committee members designated in subrules 16.3(1) to 16.3(6).

16.4(2) Upon request of the committee, the board chairperson or other licensed designee of the board under which the licensee is regulated may join the committee to provide consultation when a licensee of that board is being reviewed.

16.4(3) The IPRC shall elect a chairperson and vice chairperson from committee members specified in subrules 16.3(1) to 16.3(5) at the first meeting of each calendar year. The officers shall serve one-year terms, which will commence following the election.

16.4(4) Committee members, except the board administrator, shall be appointed for a three-year term, and may serve for a maximum of three terms. Each term shall expire on December 31 of the third year of the term. Initial terms of committee members shall be for a period of not less than one year nor more than three years as designated by the division to provide continuity to the committee.

645—16.5(272) Eligibility. To be eligible for participation in the impaired practitioner program, a licensee must meet all the following criteria:

16.5(1) The licensee must self-report an impairment or suspected impairment directly to the IPRC or be referred to the committee by the board.

16.5(2) The licensee must undergo an evaluation at an impaired practitioner committee-approved provider if requested to do so by the committee.

16.5(3) The licensee must not have engaged in the unlawful diversion or distribution of controlled or illegal substances to a third party or for personal financial gain.

16.5(4) At the time of the self-report or referral, the licensee must not already be under any Iowa board order related to an impairment.

16.5(5) The licensee shall not have caused harm or injury to a client.

16.5(6) The licensee shall provide truthful information and fully cooperate with the board or committee.

16.5(7) The licensee must consent to the conditions proposed by the committee in the contract.

645—16.6(272C) Meetings.

16.6(1) The committee shall meet as necessary in order to review licensee compliance, develop contracts for new referrals, and determine eligibility for continued monitoring.

16.6(2) The committee may hold a closed session if the committee votes to do so in a public roll-call vote with an affirmative vote of at least two-thirds of the total committee or a unanimous vote of those present. The committee will recognize the appropriate statute allowing for a closed session when voting to go into closed session. The impaired practitioner review committee shall keep minutes of all discussion, persons present, and action occurring at a closed session and shall tape-record the proceedings. The records shall be stored securely in the board office and shall not be made available for public inspection.

645—16.7(272C) Terms of participation. A licensee shall agree to comply with the terms for participation in the impaired practitioner program established in a contract. The impaired practitioner review committee shall file a confidential report on board-referred cases with the board upon the licensee's successful completion of the program.

645—16.8(272C) Noncompliance. A licensee's failure to comply with the provisions of the contract may require the committee to make referral of the matter to the licensee's board for possible disciplinary action. The impaired practitioner review committee may provide to the board the licensee's impaired practitioner program file in the event the participant does not comply with the terms of the contract.

645—16.9(272C) Practice restrictions. As a term of the contract, the committee may impose restrictions on the licensee's practice until such time as the committee receives a report from an approved evaluator that the licensee is capable of practicing with reasonable safety and skill. As a condition of participation in the program, a licensee is required to agree to restricted practice in

accordance with the terms specified in the contract. In the event that the licensee refuses to agree to or comply with the restrictions established in the contract, the committee shall refer the licensee to the board for appropriate action.

645—16.10(272C) Limitations. The committee shall establish the terms and monitor a licensee's compliance with the program specified in the contract. The committee is not responsible for participants who fail to comply with the terms of or successfully complete the impaired practitioner program. Participation in the program under the auspices of the committee shall not relieve the licensee's board of any duties and shall not divest the board of any authority or jurisdiction otherwise provided. Any violation of the statutes or rules governing the practice of the licensee's profession by a participant shall be referred to the board for appropriate action.

645—16.11(272C) Confidentiality. The committee is subject to the provisions governing confidentiality established in Iowa Code section 272C.6. Accordingly, information in the possession of the board or the committee about licensees in the program shall not be disclosed to the public. Participation in the impaired practitioner program under the auspices of the committee is not a matter of public record. Information about applicants or licensees in the program shall not be disclosed except as provided in this rule.

16.11(1) The impaired practitioner review committee may communicate information about a licensee in the program to licensing authorities and impaired practitioner programs of any jurisdiction of the United States or foreign nations in which the participant is currently licensed to practice or in which the participant may seek licensure.

16.11(2) The impaired practitioner review committee may communicate information about a licensee in the program to any person assisting in the participant's treatment, recovery, rehabilitation, monitoring, or maintenance.

16.11(3) The impaired practitioner review committee may communicate information about a licensee in the program to the licensee's board in the event the participant does not comply with the terms of the contract as specified in rule 16.8(272C) or 16.9(272C).

16.11(4) The impaired practitioner review committee shall maintain a participant's complete IPRC file for the ten-year period after a participant's contract has expired or is terminated. After that period, only the contract shall be retained.

These rules are intended to implement Iowa Code chapter 272C.

CHAPTER 18
WAIVERS OR VARIANCES FROM ADMINISTRATIVE RULES

645—18.1(17A,147,272C) Definitions. For purposes of this chapter:

“*Board*” means a particular professional licensing board in the division of professional licensure.

“*Waiver or variance*” means action by the board which suspends in whole or in part the requirements or provisions of a rule as applied to an identified person on the basis of the particular circumstances of that person. For simplicity, the term “waiver” shall include both a “waiver” and a “variance.”

645—18.2(17A,147,272C) Scope of chapter. This chapter outlines generally applicable standards and a uniform process for the granting of individual waivers from rules adopted by the board in situations where no other more specifically applicable law provides for waivers. To the extent another more specific provision of law governs the issuance of a waiver from a particular rule, the more specific provision shall supersede this chapter with respect to any waiver from that rule.

645—18.3(17A,147,272C) Applicability of chapter. The board may only grant a waiver from a rule if the board has jurisdiction over the rule and the requested waiver is consistent with applicable statutes, constitutional provisions, or other provisions of law. The board may not waive requirements created or duties imposed by statute.

645—18.4(17A,147,272C) Criteria for waiver or variance. In response to a petition completed pursuant to rule 645—18.6(17A,147,272C), the board may in its sole discretion issue an order waiving in whole or in part the requirements of a rule if the board finds, based on clear and convincing evidence, all of the following:

1. The application of the rule would impose an undue hardship on the person for whom the waiver is requested;
2. The waiver from the requirements of the rule in the specific case would not prejudice the substantial legal rights of any person;
3. The provisions of the rule subject to the petition for a waiver are not specifically mandated by statute or another provision of law; and
4. Substantially equal protection of public health, safety, and welfare will be afforded by a means other than that prescribed in the particular rule for which the waiver is requested.

645—18.5(17A,147,272C) Filing of petition. A petition for a waiver must be submitted in writing to the board, as follows:

18.5(1) License application. If the petition relates to a license application, the petition shall be made in accordance with the filing requirements for the license in question and submitted to the board administrator.

18.5(2) Contested cases. If the petition relates to a pending contested case, the petition shall be filed in the contested case proceeding, using the caption of the contested case, and submitted to the board administrator.

18.5(3) Other. If the petition does not relate to a license application or a pending contested case, the petition may be submitted to the board’s administrator.

645—18.6(17A,147,272C) Content of petition. A petition for waiver shall include the following information where applicable and known to the requester:

1. The name, address, and telephone number of the person or entity for which a waiver is being requested, and the case number of any related contested case.
2. A description and citation of the specific rule from which a waiver is requested.
3. The specific waiver requested, including the precise scope and duration.
4. The relevant facts that the petitioner believes would justify a waiver under each of the four criteria described in 645—18.4(17A,147,272C). This statement shall include a signed statement from

the petitioner attesting to the accuracy of the facts provided in the petition, and a statement of reasons that the petitioner believes will justify a waiver.

5. A history of any prior contacts between the board and the petitioner relating to the regulated activity or license affected by the proposed waiver, including a description of each affected license held by the requester, any notices of violation, contested case hearings, or investigative reports relating to the regulated activity or license within the last five years.

6. Any information known to the requester regarding the board's treatment of similar cases.

7. The name, address, and telephone number of any public agency or political subdivision which also regulates the activity in question, or which might be affected by the grant of a waiver.

8. The name, address, and telephone number of any person or entity that would be adversely affected by the grant of a petition.

9. The name, address, and telephone number of any person with knowledge of the relevant facts relating to the proposed waiver.

10. Signed releases of information authorizing persons with knowledge regarding the request to furnish the board with information relevant to the waiver.

645—18.7(17A,147,272C) Additional information. Prior to issuing an order granting or denying a waiver, the board may request additional information from the petitioner relative to the petition and surrounding circumstances. If the petition was not filed in a contested case, the board may, on its own motion or at the petitioner's request, schedule a telephonic or in-person meeting between the petitioner and the board's administrator, a committee of the board, or a quorum of the board.

645—18.8(17A,147,272C) Notice. The board shall acknowledge a petition upon its receipt in the board administrator's office. The board shall ensure that notice of the pending petition and a concise summary of its contents have been provided to all persons to whom notice is required by any provision of law within 30 days of the receipt of the petition. In addition, the board may give notice to other persons. To accomplish this notice provision, the board may require the petitioner to serve the notice on all persons to whom notice is required by any provision of law, and provide a written statement to the board attesting that notice has been provided.

645—18.9(17A,147,272C) Hearing procedures. The provisions of Iowa Code sections 17A.10 to 17A.18A regarding contested case hearings shall apply to any petition for a waiver filed within a contested case, and shall otherwise apply to agency proceedings for a waiver only when the board so provides by rule or order or is required to do so by statute.

645—18.10(17A,147,272C) Ruling. An order granting or denying a waiver shall be in writing and shall contain a reference to the particular person and rule or portion thereof to which the order pertains, a statement of the relevant facts and reasons upon which the action is based, and a description of the precise scope and duration of the waiver if one is issued.

18.10(1) Board discretion. The final decision on whether the circumstances justify the granting of a waiver shall be made at the sole discretion of the board, upon consideration of all relevant factors. Each petition for a waiver shall be evaluated by the board based on the unique, individual circumstances set out in the petition.

18.10(2) Burden of persuasion. The burden of persuasion rests with the petitioner to demonstrate by clear and convincing evidence that the board should exercise its discretion to grant a waiver from a board rule.

18.10(3) Narrowly tailored. A waiver, if granted, shall provide the narrowest exception possible to the provisions of a rule.

18.10(4) Administrative deadlines. When the rule from which a waiver is sought establishes administrative deadlines, the board shall balance the special individual circumstances of the petitioner with the overall goal of uniform treatment of all similarly situated persons.

18.10(5) Conditions. The board may place any condition on a waiver that the board finds desirable to protect the public health, safety, and welfare.

18.10(6) Time period of waiver. A waiver shall not be permanent unless the petitioner can show that a temporary waiver would be impracticable. If a temporary waiver is granted, there is no automatic right to renewal. At the sole discretion of the board, a waiver may be renewed if the board finds that grounds for a waiver continue to exist.

18.10(7) Time for ruling. The board shall grant or deny a petition for a waiver as soon as practicable but, in any event, shall do so within 120 days of its receipt, unless the petitioner agrees to a later date. However, if a petition is filed in a contested case, the board shall grant or deny the petition no later than the time at which the final decision in that contested case is issued.

18.10(8) When deemed denied. Failure of the board to grant or deny a petition within the required time period shall be deemed a denial of that petition by the board. However, the board shall remain responsible for issuing an order denying a waiver.

18.10(9) Service of order. Within seven days of its issuance, any order issued under this chapter shall be transmitted to the petitioner or the person to whom the order pertains, and to any other person entitled to such notice by any provision of law.

645—18.11(17A,147,272C) Public availability. All orders granting or denying a waiver petition shall be indexed, filed, and available for public inspection as provided in Iowa Code section 17A.3. Petitions for a waiver and orders granting or denying a waiver petition are public records under Iowa Code chapter 22. Some petitions or orders may contain information the board is authorized or required to keep confidential. The board may accordingly redact confidential information from petitions or orders prior to public inspection.

645—18.12(17A,147,272C) Summary reports. Semiannually, each board shall prepare a summary report identifying the rules for which a waiver has been granted or denied, the number of times a waiver was granted or denied for each rule, a citation to the statutory provisions implemented by these rules, and a general summary of the reasons justifying the board's actions on waiver requests. If practicable, the report shall detail the extent to which the granting of a waiver has affected the general applicability of the rule itself. Copies of this report shall be available for public inspection and shall be provided semiannually to the administrative rules coordinator and the administrative rules review committee.

645—18.13(17A,147,272C) Cancellation of a waiver. A waiver issued by a board pursuant to this chapter may be withdrawn, canceled, or modified if, after appropriate notice and hearing, the board issues an order finding any of the following:

1. The petitioner or the person who was the subject of the waiver order withheld or misrepresented material facts relevant to the propriety or desirability of the waiver; or
2. The alternative means for ensuring that the public health, safety and welfare will be adequately protected after issuance of the waiver order have been demonstrated to be insufficient; or
3. The subject of the waiver order has failed to comply with all conditions contained in the order.

645—18.14(17A,147,272C) Violations. Violation of a condition in a waiver order shall be treated as a violation of the particular rule for which the waiver was granted. As a result, the recipient of a waiver under this chapter who violates a condition of the waiver may be subject to the same remedies or penalties as a person who violates the rule at issue.

645—18.15(17A,147,272C) Defense. After the board issues an order granting a waiver, the order is a defense within its terms and the specific facts indicated therein for the person to whom the order pertains in any proceeding in which the rule in question is sought to be invoked.

645—18.16(17A,147,272C) Judicial review. Judicial review of a board's decision to grant or deny a waiver petition may be taken in accordance with Iowa Code chapter 17A. Any appeal to district court

shall be taken within 30 days from the date of issuance of the decision by the board pursuant to Iowa Code section 17A.19.

These rules are intended to implement Iowa Code section 17A.9A.

CHAPTER 19

LICENSURE BY VERIFICATION AND OF APPLICANTS WITH WORK EXPERIENCE

645—19.1(272C) Licensure by verification. Licensure by verification is available in accordance with the following.

19.1(1) Eligibility. A person may seek licensure by verification if the person is licensed in at least one other jurisdiction that has a scope of practice substantially similar to that of Iowa, the person has been licensed for a minimum of one year in the other jurisdiction, and either:

- a. The person establishes residency in the state of Iowa; or
- b. The person is married to an active duty member of the military forces of the United States and is accompanying the member on an official permanent change of station to a military installation located in the state of Iowa.

19.1(2) Board application. The applicant must submit the following:

- a. A completed application for licensure by verification.
- b. Payment of the application fee.
- c. Completed fingerprint cards and a signed waiver form to facilitate a national criminal history background check, if required for initial licensure by the board.
- d. A verification form, completed by the licensing authority in the jurisdiction that issued the applicant's license, verifying that the applicant's license in that jurisdiction complies with the requirements of Iowa Code section 272C.12. The completed verification form must be sent directly from the licensing authority to the board.
- e. Proof of residency in the state of Iowa or proof of military member's official permanent change of station. Proof of residency includes:
 - (1) A residential mortgage, lease, or rental agreement;
 - (2) A utility bill;
 - (3) A bank statement;
 - (4) A paycheck or pay stub;
 - (5) A property tax statement;
 - (6) A federal or state government document; or
 - (7) Any other board-approved document that reliably confirms Iowa residency.
- f. A copy of the complete criminal record if the applicant has a criminal history.
- g. A copy of the relevant disciplinary documents if another jurisdiction has taken disciplinary action against the applicant.
- h. A written statement from the applicant detailing the scope of practice in the other state.
- i. Copies of relevant laws setting forth the scope of practice in the other state.

19.1(3) Applicants with prior discipline. If another jurisdiction has taken disciplinary action against an applicant, the board will determine whether the cause for the disciplinary action has been corrected and the matter has been resolved. If the board determines the disciplinary matter has not been resolved, the board will neither issue a license nor deny the application for licensure until the matter is resolved. A person who has had a license revoked, or who has voluntarily surrendered a license, in another jurisdiction is ineligible for licensure by verification.

19.1(4) Applicants with pending licensing complaints or investigations. If an applicant is currently the subject of a complaint, allegation, or investigation relating to unprofessional conduct pending before any regulating entity in another jurisdiction, the board will neither issue a license nor deny the application for licensure until the complaint, allegation, or investigation is resolved.

19.1(5) Compact privileges. A person who has a privilege to practice in Iowa by virtue of an interstate licensure compact is ineligible for licensure by verification. Licenses issued pursuant to this rule do not grant privileges to practice in any other jurisdiction pursuant to any interstate licensure compact.

[ARC 5751C, IAB 7/14/21, effective 8/18/21]

645—19.2(272C) Applicants with work experience in jurisdictions without licensure requirements.

19.2(1) *Work experience.* An applicant for initial licensure who has relocated to Iowa from another jurisdiction that did not require a professional license to practice in the profession may be considered to have met any educational and training requirements if the person has at least three years of work experience with a scope of practice substantially similar to that of the profession for which a license in Iowa is sought. The three years of work experience must be within the four years preceding the date of application for initial licensure. The applicant must satisfy all other requirements, including passing any required examinations, to receive a license.

19.2(2) *Required documentation.* An applicant who wishes to substitute work experience in lieu of satisfying applicable education or training requirements shall carry the burden of proving all of the following by submitting relevant documents as part of a completed license application:

- a. Proof of Iowa residency, which may include:
 - (1) A residential mortgage, lease, or rental agreement;
 - (2) A utility bill;
 - (3) A bank statement;
 - (4) A paycheck or pay stub;
 - (5) A property tax statement;
 - (6) A document issued by the federal or state government; or
 - (7) Any other board-approved document that reliably confirms Iowa residency.
- b. Proof of three or more years of work experience within the four years preceding the application for licensure, which may include:
 - (1) A letter from the applicant's prior employer documenting the dates of employment;
 - (2) Pay checks or pay stubs;
 - (3) If the applicant is self-employed, business documents filed with the secretary of state; or
 - (4) Any other board-approved evidence of sufficient work experience.
- c. Proof that the work experience was in a practice with a scope of practice substantially similar to that for the license sought in Iowa, which must include:
 - (1) A written statement by the applicant detailing the scope of practice; and
 - (2) Business or marketing materials detailing the services provided.

645—20.2(272C) Military education, training, and service credit. A military service applicant may apply for credit for verified military education, training, or service toward any experience or educational requirement for licensure by submitting a military service application form to the board office.

20.2(1) The application may be submitted with an application for licensure or examination, or prior to applying for licensure or to take an examination. No fee is required for submission of an application for military service credit.

20.2(2) The applicant shall identify the experience or educational licensure requirement to which the credit would be applied if granted. Credit shall not be applied to an examination requirement.

20.2(3) The applicant shall provide documents, military transcripts, a certified affidavit, or forms that verify completion of the relevant military education, training, or service, which may include, when applicable, the applicant’s Certificate of Release or Discharge from Active Duty (DD Form 214) or Verification of Military Experience and Training (VMET) (DD Form 2586).

20.2(4) Upon receipt of a completed military service application, the board shall promptly determine whether the verified military education, training, or service will satisfy all or any part of the identified experience or educational qualifications for licensure.

20.2(5) The board shall grant credit requested in the application in whole or in part if the board determines that the verified military education, training, or service satisfies all or part of the experience or educational qualifications for licensure.

20.2(6) The board shall inform the military service applicant in writing of the credit, if any, given toward an experience or educational qualification for licensure, or explain why no credit was granted. The applicant may request reconsideration upon submission of additional documentation or information.

20.2(7) A military service applicant who is aggrieved by the board’s decision may request a contested case (administrative hearing) and may participate in a contested case by telephone. A request for a contested case shall be made within 30 days of issuance of the board’s decision. The provisions of 645—Chapter 11 shall apply, except that no fees or costs shall be assessed against the military service applicant in connection with a contested case conducted pursuant to this subrule.

20.2(8) The board shall grant or deny the military service application prior to ruling on the application for licensure. The applicant shall not be required to submit any fees in connection with the licensure application unless the board grants the military service application. If the board does not grant the military service application, the applicant may withdraw the licensure application or request that the licensure application be placed in pending status for up to one year or as mutually agreed. The withdrawal of a licensure application shall not preclude subsequent applications supported by additional documentation or information.

[ARC 1833C, IAB 1/21/15, effective 2/25/15; ARC 5009C, IAB 3/25/20, effective 4/29/20]

645—20.3(272C) Veteran reciprocity.

20.3(1) A veteran with an unrestricted professional license in another jurisdiction may apply for licensure in Iowa through reciprocity. A veteran must pass any examinations required for licensure to be eligible for licensure through reciprocity and will be given credit for examinations previously passed when consistent with board laws and rules on examination requirements. A fully completed application for licensure submitted by a veteran under this subrule shall be given priority and shall be expedited.

20.3(2) Such an application shall contain all of the information required of all applicants for licensure who hold unrestricted licenses in other jurisdictions and who are applying for licensure by reciprocity, including, but not limited to, completion of all required forms, payment of applicable fees, disclosure of criminal or disciplinary history, and, if applicable, a criminal history background check. The applicant shall use the same forms as any other applicant for licensure by reciprocity and shall additionally provide such documentation as is reasonably needed to verify the applicant's status as a veteran under Iowa Code section 35.1(2).

20.3(3) Upon receipt of a fully completed licensure application, the board shall promptly determine if the professional or occupational licensing requirements of the jurisdiction where the applicant is licensed are substantially equivalent to the licensing requirements in Iowa. The board shall make this determination based on information supplied by the applicant and such additional information as the board may acquire from the applicable jurisdiction. As relevant to the license at issue, the board may consider the following factors in determining substantial equivalence: scope of practice, education and coursework, degree requirements, postgraduate experience, and examinations required for licensure.

20.3(4) The board shall promptly grant a license to the applicant if the applicant is licensed in the same or similar profession in another jurisdiction whose licensure requirements are substantially equivalent to those required in Iowa, unless the applicant is ineligible for licensure based on other grounds, for example, the applicant's disciplinary or criminal background.

20.3(5) If the board determines that the licensing requirements in the jurisdiction in which the applicant is licensed are not substantially equivalent to those required in Iowa, the board shall promptly inform the applicant of the additional experience, education, or examinations required for licensure in Iowa. Unless the applicant is ineligible for licensure based on other grounds, such as disciplinary or criminal background, the following shall apply:

a. If an applicant has not passed the required examination(s) for licensure, the applicant may not be issued a provisional license, but may request that the licensure application be placed in pending status for up to one year or as mutually agreed to provide the applicant with the opportunity to satisfy the examination requirements.

b. If additional experience or education is required in order for the applicant's qualifications to be considered substantially equivalent, the applicant may request that the board issue a provisional license for a specified period of time during which the applicant will successfully complete the necessary experience or education. The board shall issue a provisional license for a specified period of time upon such conditions as the board deems reasonably necessary to protect the health, welfare or safety of the public unless the board determines that the deficiency is of a character that the public health, welfare or safety will be adversely affected if a provisional license is granted.

c. If a request for a provisional license is denied, the board shall issue an order fully explaining the decision and shall inform the applicant of the steps the applicant may take in order to receive a provisional license.

d. If a provisional license is issued, the application for full licensure shall be placed in pending status until the necessary experience or education has been successfully completed or the provisional license expires, whichever occurs first. The board may extend a provisional license on a case-by-case basis for good cause.

20.3(6) An applicant who is aggrieved by the board's decision to deny an application for a reciprocal license or a provisional license or is aggrieved by the terms under which a provisional license will be granted may request a contested case (administrative hearing) and may participate in a contested case by telephone. A request for a contested case shall be made within 30 days of issuance of the board's

decision. The provisions of 645—Chapter 11 shall apply, except that no fees or costs shall be assessed against the applicant in connection with a contested case conducted pursuant to this subrule.

All licensees shall renew on a biennial basis. The licensee is responsible for renewing the license prior to its expiration. 21.9(2) A licensee seeking renewal shall:

5.2(10). To renew a late license, the licensee shall complete the renewal requirements and submit the late fee within the grace period.

21.9(5) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice as a barber in Iowa until the license is reactivated. A licensee who practices as a barber in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

A change of address without change of actual location shall not be construed as a new site.

(2) Mobile barbershop. A mobile barbershop license shall be issued for a permanent physical address. The licensee is required to provide a permanent physical address for board correspondence. A mobile barbershop may operate in a legal parking spot or on private property, with the permission of the owner or the owner's designee, anywhere in the state of Iowa provided the mobile barbershop is operating in compliance with applicable federal and state transportation, environmental, and sanitary regulations, including those herein.

(3) Barbershop owner's contact information. The listed owner of either a stationary or mobile barbershop must update the board within 30 days of a change in contact information, which includes telephone number, email address, and mailing address.

21.12(2) Failure to receive the renewal application from the board shall not relieve the barbershop of the obligation to pay the biennial renewal fee on or before the renewal date.

21.12(3) The completed application and renewal fee shall be submitted to the board office before the license expiration date.

21.12(4) The barbershop shall be in full compliance with this chapter and 645—Chapter 22 to be eligible for license renewal.

(1) Verification of the license(s) from every jurisdiction in which the applicant is or has been licensed and is or has been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction(s) to the board office. 645—41.7 Reserved.

645—41.8(151) License renewal.

41.8(1) The biennial license renewal period for a license to practice as a chiropractic physician shall begin on July 1 of an even-numbered year and end on June 30 of the next even-numbered year. The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive notice from the board does not relieve the licensee of the responsibility for renewing the license.

41.8(2) An individual who was issued a license within six months of the license renewal date will not be required to renew the license until the subsequent renewal two years later.

41.8(3) A licensee seeking renewal shall:

a. Meet the continuing education requirements of rule 645—44.2(272C) and the mandatory reporting requirements of subrule 41.8(4). b. A licensee who, in the course of employment, examines, attends, counsels or treats adults in Iowa shall indicate on the renewal application completion of training in dependent adult abuse identification and reporting as required by Iowa Code section 235B.16(5)"*b*" in the previous three years or condition(s) for waiver of this requirement as identified in paragraph 41.8(4)"*e*."

c. The course(s) shall be the curriculum provided by the Iowa department of human services.

d. The licensee shall maintain written documentation for three years after mandatory training as identified in paragraphs 41.8(4)"*a*" and "*b*," including program date(s), content, duration, and proof of participation.

e. The requirement for mandatory training for identifying and reporting child and dependent adult abuse shall be suspended if the board determines that suspension is in the public interest or that a person at the time of license renewal:

(1) Is engaged in active duty in the military service of this state or the United States.

(2) Holds a current waiver by the board based on evidence of significant hardship in complying with training requirements, including an exemption of continuing education requirements or extension of time in which to fulfill requirements due to a physical or mental disability or illness as identified in rule 645—4.14(272C).

f. The board may select licensees for audit of compliance with the requirements in paragraphs 41.8(4)"*a*" to "*e*."

41.8(5) Upon receiving the information required by this rule and the required fee, board staff shall administratively issue a two-year license. In the event the board receives adverse information on the renewal application, the board shall issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

41.8(6) A person licensed to practice as a chiropractic physician shall keep the license certificate and renewal displayed in a conspicuous public place at the primary site of practice.

41.8(7) Late renewal. The license shall become late when the license has not been renewed by the expiration date on the renewal. To renew a late license, the licensee shall complete the renewal requirements and submit the late fee within the grace period.

41.8(8) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice as a chiropractor in Iowa until the license is reactivated. A licensee who practices as a chiropractor in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

(2) Verification of completion of 40 hours of continuing education that comply with standards defined in rule 645—44.3(151,272C) within two years of application for reactivation.

b. If the license has been on inactive status for more than five years, an applicant must provide the following:

(1) Verification of the license(s) from every jurisdiction in which the applicant is or has been licensed and is or has been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction(s) to the board office. 645—41.15(17A,147,272C) License reinstatement. A licensee whose license has been revoked, suspended, or voluntarily surrendered must apply for and receive reinstatement of the license in accordance with rule 645—11.31(272C) and thereafter must apply for and be granted reactivation of the license in accordance with rule 645—41.14(17A,147,272C) prior to practicing as a chiropractic physician in this state.

CHAPTER 43
PRACTICE OF CHIROPRACTIC PHYSICIANS
[Prior to 7/24/02, see 645—40.1(151) and 645—40.17(151) to 645—40.24(147,272C)]

645—43.1(151) Definitions. The following definitions shall be applicable to the rules of the Iowa board of chiropractic.

“Active chiropractic physiotherapy” means therapeutic treatment performed by the patient with the assistance and guidance of the chiropractic assistant including, but not limited to, exercises and functional activities that promote strength, endurance, flexibility, and coordination.

“Acupuncture,” pursuant to Iowa Code section 148E.1, means a form of health care developed from traditional and modern oriental medical concepts that employs oriental medical diagnosis and treatment, and adjunctive therapies and diagnostic techniques, for the promotion, maintenance, and restoration of health and the prevention of disease.

“Adjustment/manipulation of neuromusculoskeletal structures” means the use by a doctor of chiropractic of a skillful treatment based upon differential diagnosis of neuromusculoskeletal structures and procedures related thereto by the use of passive movements with the chiropractic physician’s hands or instruments in a manipulation of a joint by thrust so the patient’s volitional resistance cannot prevent the motion. The manipulation is directed toward the goal of restoring joints to their proper physiological relationship of motion and related function. Movement of the joint is by force beyond its active limit of motion, but within physiologic integrity. Adjustment or manipulation commences where mobilization ends and specifically begins when the elastic barrier of resistance is encountered by the doctor of chiropractic and ends at the limit of anatomical integrity. Adjustment or manipulation as described in this definition is directed to the goal of the restoration of joints to their proper physiological relationship of motion and related function, release of adhesions or stimulation of joint receptors. Adjustment or manipulation as described in this definition is by hand or instrument. The primary emphasis of this adjustment or manipulation is upon specific joint element adjustment or manipulation and treatment of the articulation and adjacent tissues of the neuromusculoskeletal structures of the body and nervous system, using one or more of the following:

1. Impulse adjusting or the use of sudden, high velocity, short amplitude thrust of a nature that patient volitional resistance is overcome, commencing where the motion encounters the elastic barrier of resistance and ending at the limit of anatomical integrity.
2. Instrument adjusting, utilizing instruments specifically designed to deliver sudden, high velocity, short amplitude thrust.
3. Light force adjusting, utilizing sustained joint traction or applied directional pressure, or both, which may be combined with passive motion to restore joint mobility.
4. Long distance lever adjusting, utilizing forces delivered at some distance from the dysfunctional site and aimed at transmission through connected structures to accomplish joint mobility.

“Anatomic barrier” means the limit of motion imposed by anatomic structure, the limit of passive motion.

“Chiropractic assistant” means a person who has satisfactorily completed a chiropractic assistant training program to perform selected chiropractic health care services under the supervision of a chiropractic physician.

“Chiropractic insurance consultant” means an Iowa-licensed chiropractic physician registered with the board who serves as a liaison and advisor to an insurance company.

“Chiropractic manipulation” means care of an articular dysfunction or neuromusculoskeletal disorder by manual or mechanical adjustment of any skeletal articulation and contiguous articulations.

“Differential diagnosis” means to examine the body systems and structures of a human subject to determine the source, nature, kind or extent of a disease, vertebral subluxation, neuromusculoskeletal disorder or other physical condition, and to make a determination of the source, nature, kind, or extent of a disease or other physical condition.

“Elastic barrier” means the range between the physiologic and anatomic barrier of motion in which passive ligamentous stretching occurs before tissue disruption.

“Extremity manipulation” means a corrective thrust or maneuver by a doctor of chiropractic by hand or instrument based upon differential diagnosis of neuromusculoskeletal structures applied to a joint of the appendicular skeleton.

“Malpractice” means any error or omission, unreasonable lack of skill, or failure to maintain a reasonable standard of care by a chiropractic physician in the practice of the profession.

“Mobilization” means movement applied singularly or repetitively within or at the physiological range of joint motion, without imparting a thrust or impulse, with the goal of restoring joint mobility.

“Passive chiropractic physiotherapy” means therapeutic treatment administered by the chiropractic assistant and received by the patient including, but not limited to, mechanical, electrical, thermal, or manual methods.

“Physiologic barrier” means the limit of active motion, which can be altered to increase range of active motion by warm-up activity.

“Practice of acupuncture,” pursuant to Iowa Code section 148E.1, means the insertion of acupuncture needles and the application of moxibustion to specific areas of the human body based upon oriental medical diagnosis as a primary mode of therapy. Adjunctive therapies within the scope of acupuncture may include manual, mechanical, thermal, electrical, and electromagnetic treatment, and the recommendation of dietary guidelines and therapeutic exercise based on traditional oriental medicine concepts.

“Supervising chiropractic physician” means the Iowa-licensed chiropractor responsible for supervision of services provided to a patient by a chiropractic assistant.

“Supervision” means the physical presence and direction of the supervising chiropractic physician at the location where services are rendered.

645—43.2(147,272C) Principles of chiropractic ethics. The following principles of chiropractic ethics are hereby adopted by the board relative to the practice of chiropractic in this state.

43.2(1) These principles are intended to aid chiropractic physicians individually and collectively in maintaining a high level of ethical conduct. These are standards by which a chiropractic physician may determine the propriety of the chiropractic physician’s conduct in the chiropractic physician’s relationship with patients, with colleagues, with members of allied professions, and with the public.

43.2(2) The principal objective of the chiropractic profession is to render service to humanity with full respect for the dignity of the person. Chiropractic physicians should merit the confidence of patients entrusted to their care, rendering to each a full measure of service and devotion.

43.2(3) Chiropractic physicians should strive continually to improve chiropractic knowledge and skill, and should make available to their patients and colleagues the benefits of their professional attainments.

43.2(4) A chiropractic physician should practice a method of healing founded on a scientific basis, and should not voluntarily associate professionally with anyone who violates this principle.

43.2(5) The chiropractic profession should safeguard the public and itself against chiropractic physicians deficient in moral character or professional competence. Chiropractic physicians should observe all laws, uphold the dignity and honor of the profession and accept its self-imposed disciplines. They should expose, without hesitation, illegal or unethical conduct of fellow members of the profession.

43.2(6) A chiropractic physician may choose whom to serve. In an emergency, however, services should be rendered to the best of the chiropractic physician’s ability. Having undertaken the case of a patient, the chiropractic physician may not neglect the patient; and, unless the patient has been discharged, the chiropractic physician may discontinue services only after giving adequate notice.

43.2(7) A chiropractic physician should not dispose of services under terms or conditions which tend to interfere with or impair the free and complete exercise of professional judgment and skill or tend to cause a deterioration of the quality of chiropractic care.

43.2(8) A chiropractic physician should seek consultation upon request, in doubtful or difficult cases, or whenever it appears that the quality of chiropractic service may be enhanced thereby.

43.2(9) A chiropractic physician may not reveal the confidences entrusted in the course of chiropractic attendance, or the deficiencies observed in the character of patients, unless required to do so by law or unless it becomes necessary in order to protect the welfare of the individual or of the community.

43.2(10) The honored ideals of the chiropractic profession imply that the responsibilities of the chiropractic physician extend not only to the individual, but also to society where these responsibilities deserve interest and participation in activities which have the purpose of improving both the health and well-being of the individual and the community.

CHAPTER 45
DISCIPLINE FOR CHIROPRACTIC PHYSICIANS
[Prior to 7/24/02, see 645—Ch 44]

645—45.1(151) Definitions.

“Board” means the board of chiropractic.

“Discipline” means any sanction the board may impose upon licensees.

“Licensee” means a person licensed to practice as a chiropractic physician in Iowa.

645—45.2(151,272C) Grounds for discipline. The board may impose any of the disciplinary sanctions provided in rule 645—45.3(147,272C) when the board determines that the licensee is guilty of any of the following acts or offenses:

45.2(1) Fraud in procuring a license. Fraud in procuring a license includes, but is not limited to, an intentional perversion of the truth in making application for a license to practice in this state, which includes the following:

a. False representations of a material fact, whether by word or by conduct, by false or misleading allegations, or by concealment of that which should have been disclosed when making application for a license in this state, or

b. Attempting to file or filing with the board or the department of public health any false or forged diploma or certificate or affidavit or identification or qualification in making an application for a license in this state.

45.2(2) Professional incompetency. Professional incompetency includes, but is not limited to:

a. A substantial lack of knowledge or ability to discharge professional obligations within the scope of practice.

b. A substantial deviation from the standards of learning or skill ordinarily possessed and applied by other chiropractic physicians in the state of Iowa acting in the same or similar circumstances.

c. A failure to exercise the degree of care which is ordinarily exercised by the average chiropractic physician acting in the same or similar circumstances.

d. Failure to conform to the minimal standard of acceptable and prevailing practice of a chiropractic physician in this state.

e. Inability to practice with reasonable skill and safety by reason of illness, drunkenness, excessive use of drugs, narcotics, chemicals, or other type of material or as a result of a mental or physical condition.

f. Being adjudged mentally incompetent by a court of competent jurisdiction.

45.2(3) Knowingly making misleading, deceptive, untrue or fraudulent representations in the practice of the profession or engaging in unethical conduct or practice harmful or detrimental to the public. This includes representations utilizing the term “physical therapy” when informing the public of the services offered by the chiropractic physician unless a licensed physical therapist is performing such services. Nothing herein shall be construed as prohibiting a chiropractic physician from making representations regarding physiotherapy that may be the same as, or similar to, physical therapy or physical medicine as long as treatment is appropriate as authorized in Iowa Code chapter 151. Proof of actual injury need not be established.

45.2(4) Practice outside the scope of the profession.

45.2(5) Use of untruthful or improbable statements in advertisements. Use of untruthful or improbable statements in advertisements includes, but is not limited to, an action by a licensee in making information or intention known to the public which is false, deceptive, misleading or promoted through fraud or misrepresentation or representations that are likely to cause the average person to misunderstand.

45.2(6) Habitual intoxication or addiction to the use of drugs.

45.2(7) Obtaining, possessing, attempting to obtain or possess, or administering controlled substances without lawful authority.

45.2(8) Falsification of client records.

45.2(9) Acceptance of any fee by fraud or misrepresentation.

45.2(10) Negligence by the licensee in the practice of the profession. Negligence by the licensee in the practice of the profession includes a failure to exercise due care including negligent delegation of duties or supervision of employees or other individuals, whether or not injury results; or any conduct, practice or conditions which impair the ability to safely and skillfully practice the profession.

45.2(11) Being convicted of an offense that directly relates to the duties and responsibilities of the profession. A conviction includes a guilty plea, including Alford and nolo contendere pleas, or a finding or verdict of guilt, even if the adjudication of guilt is deferred, withheld, or not entered. A copy of the guilty plea or order of conviction constitutes conclusive evidence of conviction. An offense directly relates to the duties and responsibilities of the profession if the actions taken in furtherance of the offense are actions customarily performed within the scope of practice of the profession or the circumstances under which the offense was committed are circumstances customary to the profession.

45.2(12) Violation of a regulation or law of this state, another state, or the United States, which relates to the practice of the profession.

45.2(13) Revocation, suspension, or other disciplinary action taken by a licensing authority of this state, another state, territory, or country; or failure by the licensee to report in writing to the board revocation, suspension, or other disciplinary action taken by a licensing authority within 30 days of the final action. A stay by an appellate court shall not negate this requirement; however, if such disciplinary action is overturned or reversed by a court of last resort, the report shall be expunged from the records of the board.

45.2(14) Failure of a licensee or an applicant for licensure in this state to report any voluntary agreements restricting the practice of the profession in another state, district, territory or country.

45.2(15) Failure to notify the board of a criminal conviction within 30 days of the action, regardless of the jurisdiction where it occurred.

45.2(16) Failure to notify the board within 30 days after occurrence of any judgment or settlement of a malpractice claim or action.

45.2(17) Engaging in any conduct that subverts or attempts to subvert a board investigation.

45.2(18) Failure to comply with a subpoena issued by the board, or otherwise fail to cooperate with an investigation of the board.

45.2(19) Failure to comply with the terms of a board order or the terms of a settlement agreement or consent order.

45.2(20) Failure to pay costs assessed in any disciplinary action.

45.2(21) Submission of a false report of continuing education or failure to submit the biennial report of continuing education.

45.2(22) Failure to report another licensee to the board for any violations listed in these rules, pursuant to Iowa Code section 272C.9.

45.2(23) Knowingly aiding, assisting, procuring, or advising a person to unlawfully practice as a chiropractic physician.

45.2(24) Failure to report a change of name or address within 30 days after it occurs.

45.2(25) Representing oneself as a chiropractic physician when one's license has been suspended or revoked, or when one's license is on inactive status.

45.2(26) Permitting another person to use the licensee's license for any purposes.

45.2(27) Permitting an unlicensed employee or person under the licensee's control to perform activities requiring a license.

45.2(28) Unethical conduct. In accordance with Iowa Code section 147.55(3), behavior (i.e., acts, knowledge, and practices) which constitutes unethical conduct may include, but need not be limited to, the following:

- a. Verbally or physically abusing a patient, client or coworker.

e. Engaging in a sexual or emotional relationship with a former patient when there is a risk of exploitation or harm to the patient, regardless of patient consent.

f. Failing to terminate the doctor-patient relationship before dating or having a sexual relationship with a patient. Such termination shall be done in writing and signed by both the patient and the chiropractic physician and placed in the patient's record. This paragraph shall not apply to a chiropractic physician who is treating the chiropractic physician's spouse or to a sexual relationship that predates the initiation of the doctor-patient relationship. Further, a chiropractic physician shall not have consensual sexual relations with a former patient until three months after the termination of the doctor-patient relationship.

45.2(29) Failure to comply with universal precautions for preventing transmission of infectious diseases as issued by the Centers for Disease Control and Prevention of the United States Department of Health and Human Services.

45.2(30) Violation of the terms of an initial agreement with the impaired practitioner review committee or violation of the terms of an impaired practitioner recovery contract with the impaired practitioner review committee.

45.2(31) Unprofessional conduct or behavior. A chiropractor shall not exhibit unprofessional behavior in connection with the practice of chiropractic. Unprofessional behavior shall include, but not be limited to, the following acts: verbal abuse, coercion, intimidation, harassment, sexual advances, threats, degradation of character, indecent or obscene conduct, requesting patient records without a medical justification, and theft.

45.2(32) Failure to respond within 30 days of receipt of communication from the board which was sent by registered or certified mail.

45.2(33) Failure to maintain a patient's record(s) for a minimum of six years after the date of last examination or treatment. Records for minors shall be maintained for one year after the patient reaches the age of majority (18) or six years after the date of last examination or treatment, whichever is longer. Proper safeguards shall be maintained to ensure the safety of records from destructive elements. This provision includes both clinical and fiscal records.

1. Revocation of license.
2. Suspension of license until further order of the board or for a specific period.

A separate enclosed area inside a salon that is operated as an independent business for the purpose of providing cosmetology services shall be considered its own salon and shall not operate unless a salon license is obtained. To determine what defines an independent contractor versus an employee, persons should contact the Iowa division of labor services.

61.2(1) The owner shall complete a board-approved application form. Application forms may be obtained from the board’s website (www.idph.iowa.gov/licensure), or directly from the board office. All applications shall be submitted to the Board of Cosmetology Arts and Sciences, Professional Licensure Division, Fifth Floor, Lucas State Office Building, Des Moines, Iowa 50319-0075.

61.2(5) A salon license shall be issued for a specific location. A change in location or site of a salon shall require submission of an application for a new license and payment of the fee required by 645—subrule 5.5(11). The owner of the salon on record shall retain responsibility for the salon until the notice of sale is received in the board office.

d. The board may request legal proof of the ownership transfer.

- a. An intentional perversion of the truth in making application for a license to practice in this state;

section 157.13(1). In addition to the procedures set forth in Iowa Code chapter 157, this chapter shall apply.

65.5(1) *Unlawful practices.* Practices by an unlicensed person or establishment which are subject to civil penalties include, but are not limited to:

- a. Acts or practices by unlicensed persons which require licensure to practice cosmetology arts and sciences under Iowa Code chapter 157.
- b. Acts or practices by unlicensed establishments which require licensure as a salon or school of cosmetology arts and sciences under Iowa Code chapter 157.

65.5(2) *Investigations.* The board is authorized by Iowa Code subsection 17A.13(1) and Iowa Code chapter 157 to conduct such investigations as are needed to determine whether grounds exist to impose civil penalties against a nonlicensee. Complaint and investigatory files concerning nonlicensees are not confidential except as may be provided in Iowa Code chapter 22.

65.5(3) *Subpoenas.* Pursuant to Iowa Code section 17A.13(1) and Iowa Code chapter 157, the board is authorized in connection with an investigation of an unlicensed person or establishment to issue subpoenas to compel persons to testify and to compel persons to produce books, papers, records and any other real evidence, whether or not privileged or confidential under law, which the board deems necessary as evidence in connection with the civil penalty proceeding or relevant to the decision of whether to initiate a civil penalty proceeding. Board procedures concerning investigative subpoenas are set forth in 645—9.5(17A,272C).

65.5(4) *Notice of intent to impose civil penalties.* The notice of the board's intent to issue an order to require compliance with Iowa Code chapter 157 and to impose a civil penalty shall be served upon the nonlicensee by restricted certified mail, return receipt requested, or by personal service in accordance with Iowa Rule of Civil Procedure 1.305. Alternatively, the nonlicensee may accept service personally or through authorized counsel. The notice shall include the following:

65.5(5) *Requests for hearings.*

a. A request for hearing must be in writing and is deemed made on the date of the nonmetered United States Postal Service postmark or the date of personal service.

b. If a request for hearing is not timely made, the board chair or the chair's designee may issue an order imposing the civil penalty and requiring compliance with Iowa Code chapter 157, as described in the notice. The order may be mailed by regular first-class mail or served in the same manner as the notice of intent to impose a civil penalty.

c. If a request for hearing is timely made, the board shall issue a notice of hearing and conduct a hearing in the same manner as applicable to disciplinary cases against licensees.

d. A nonlicensee may waive the right to hearing and all attendant rights and enter into a consent order imposing a civil penalty and requiring compliance with Iowa Code chapter 157 at any stage of the proceeding upon mutual consent of the board.

e. The notice of intent to issue an order and the order are public records available for inspection and copying in accordance with Iowa Code chapter 22. Copies may be published. Hearings shall be open to the public.

65.5(6) Factors for board consideration. The board may consider the following when determining the amount of civil penalty to impose, if any:

- c. The severity of the violation and the risk of harm to the public.
- d. The economic benefits gained by the violator as a result of noncompliance.
- e. The welfare or best interest of the public.

65.5(7) Enforcement options. In addition, or as an alternative, to the administrative process described in these rules, the board may seek an injunction in district court, refer the matter for criminal prosecution, or enter into a consent agreement as provided in Iowa Code chapter 157.

65.5(8) Judicial review.

a. A person aggrieved by the imposition of a civil penalty under this rule may seek a judicial review in accordance with Iowa Code section 17A.19.

b. The board shall notify the attorney general of the failure to pay a civil penalty within 30 days after entry of an order or within 10 days following final judgment in favor of the board if an order has been stayed pending appeal.

c. The attorney general may commence an action to recover the amount of the penalty, including reasonable attorney fees and costs.

d. An action to enforce an order under this rule may be joined with an action for an injunction pursuant to Iowa Code section 147.83.

These rules are intended to implement Iowa Code chapters 147, 157 and 272C.

81.9(1) The biennial license renewal period for a license to practice dietetics shall begin on the sixteenth day of the licensee’s birth month and end on the fifteenth day of the licensee’s birth month two years later. The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive notice from the board does not relieve the licensee of the responsibility for renewing the license.

81.9(2) An initial license issued by the board may be valid for an 18- to 29-month period. When an initial license is renewed, it will be placed on a two-year renewal period identified in subrule 81.9(1).

81.9(3) A licensee seeking renewal shall:

a. Meet the continuing education requirements of rule 645—82.2(152A) and the mandatory reporting requirements of subrule 81.9(4). A licensee whose license was reactivated during the current renewal compliance period may use continuing education credit earned during the compliance period for the first renewal following reactivation; and

b. Submit the completed renewal application and renewal fee before the license expiration date.

81.9(4) Mandatory reporter training requirements.

a. A licensee who, in the scope of professional practice or in the licensee’s employment responsibilities, examines, attends, counsels or treats children in Iowa shall indicate on the renewal application completion of training in child abuse identification and reporting as required by Iowa Code section 232.69(3)“b” in the previous three years or condition(s) for waiver of this requirement as identified in paragraph 81.9(4)“e.”

b. A licensee who, in the course of employment, examines, attends, counsels or treats adults in Iowa shall indicate on the renewal application completion of training in dependent adult abuse identification and reporting as required by Iowa Code section 235B.16(5)“b” in the previous three years or condition(s) for waiver of this requirement as identified in paragraph 81.9(4)“e.”

c. The course(s) shall be the curriculum provided by the Iowa department of human services.

d. The licensee shall maintain written documentation for three years after mandatory training as identified in paragraphs 81.9(4)“a” to “c,” including program date(s), content, duration, and proof of participation.

e. The requirement for mandatory training for identifying and reporting child and dependent adult abuse shall be suspended if the board determines that suspension is in the public interest or that a person at the time of license renewal:

(1) Is engaged in active duty in the military service of this state or the United States.

(2) Holds a current waiver by the board based on evidence of significant hardship in complying with training requirements, including an exemption of continuing education requirements or extension of time in which to fulfill requirements due to a physical or mental disability or illness as identified in rule 645—4.14(272C).

f. The board may select licensees for audit of compliance with the requirements in paragraphs 81.9(4) “a” to “e.”

81.9(5) Upon receiving the information required by this rule and the required fee, board staff shall administratively issue a two-year license. In the event the board receives adverse information on the renewal application, the board shall issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

81.9(6) A person licensed to practice dietetics shall keep the license certificate and wallet card(s) displayed in a conspicuous public place at the primary site of practice.

81.9(7) Late renewal. The license shall become late when the license has not been renewed by the expiration date on the renewal. The licensee shall be assessed a late fee as specified in 645—subrule 5.6(3). To renew a late license, the licensee shall complete the renewal requirements and submit the late fee within the grace period.

81.9(8) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice as a dietitian in Iowa until the license is reactivated. A licensee who practices as a dietitian in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

81.9(9) Renewal of a reactivated license. A licensee who reactivates the license in accordance with rule 645—81.15(17A,147,272C) will not be required to renew the license until the next renewal two years later if the license is reactivated within six months prior to the license renewal date.

81.15(1) Submit a reactivation application on a form provided by the board.

81.15(2) Pay the reactivation fee that is due as specified in 645—subrule 5.6(4).

81.15(3) Provide verification of current competence to practice dietetics by satisfying one of the following criteria:

a. If the license has been on inactive status for five years or less, an applicant must provide the following:

(1) Verification of the license(s) from every jurisdiction in which the applicant is or has been licensed and is or has been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction(s) to the board office. Web-based verification may be substituted for verification from a jurisdiction’s board office if the verification includes:

1. Licensee’s name;
2. Date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license.

(2) Verification of completion of 30 hours of continuing education within two years of the application for reactivation.

b. If the license has been on inactive status for more than five years, an applicant must provide the following:

(1) Verification of the license(s) from every jurisdiction in which the applicant is or has been licensed and is or has been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction(s) to the board office. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

1. Licensee's name;
2. Date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license.

(2) Verification of completion of 60 hours of continuing education within two years of application for reactivation.

645—81.16(17A,147,272C) License reinstatement. A licensee whose license has been revoked, suspended, or voluntarily surrendered must apply for and receive reinstatement of the license in accordance with 645—11.31(272C) and must apply for and be granted reactivation of the license in accordance with 645—81.15(17A,147,272C) prior to practicing dietetics in this state.

645—81.17(152A,272C) Telehealth visits. A licensee may provide dietetic services to an individual or a group utilizing a telehealth visit if the dietetic services are provided in accordance with all the requirements of this chapter.

81.17(1) "Telehealth visit" means the provision of dietetic services by a licensee to an individual or a group using technology where the licensee and the individual or group are not at the same physical location for the therapy session.

81.17(2) A licensee engaged in a telehealth visit shall utilize technology that is secure and HIPAA-compliant and that includes, at a minimum, audio and video equipment that allows two-way real-time interactive communication between the licensee and the individual or group. A licensee may use non-real-time technologies to prepare for a session or to communicate with an individual or a group between sessions.

81.17(3) A licensee engaged in a telehealth visit shall be held to the same standard of care as a licensee who provides in-person dietetic services. A licensee shall not utilize a telehealth visit if the standard of care for the particular services cannot be met by using technology.

81.17(4) Any licensee who provides a telehealth visit to an individual or a group located in Iowa shall be licensed in Iowa.

81.17(5) Prior to the first telehealth visit, a licensee shall obtain informed consent from the individual or group specific to the services that will be provided in a telehealth visit. At a minimum, the informed consent shall specifically inform the individual or group of the following:

- a.* The risks and limitations of the use of technology to provide dietetics services;
- b.* The potential for unauthorized access to protected health information; and
- c.* The potential for disruption of technology during a telehealth visit.

81.17(6) A licensee shall identify in the clinical record when dietetic services are provided utilizing a telehealth visit.

645—101.3(147,156) Internship and preceptorship.

101.3(1) Internship.

a. The intern must serve a minimum of one year of internship under the direct supervision of an Iowa board-certified preceptor. The beginning and ending dates of the internship shall be indicated on the internship certificate. The intern shall engage in the practice of mortuary science only during the time indicated on the internship certificate.

b. The intern shall, during the internship, be a full-time employee with the funeral establishment at the site of internship except as provided in paragraph 101.3(2) "i."

c. No licensed funeral director shall permit any person in the funeral director's employ or under the funeral director's supervision or control to serve an internship in funeral directing unless that person has a certificate of registration as a registered intern from the department of public health. The registration shall be posted in a conspicuous place in the intern's primary place of practice.

d. Registered interns shall not advertise or hold themselves out as funeral directors or use the degree F.D. or any other title or abbreviation indicating that the intern is a funeral director.

e. The intern shall, during the internship, complete the requirements outlined in subrule 101.3(3), including to embalm not fewer than 25 human remains and direct or assist in the direction of not fewer than 25 funerals under the direct supervision of the certified preceptor and to submit reports on forms furnished by the department of public health. Work on the first 5 embalming cases, first 5 funeral arrangements, and first 5 funeral or memorial services must be completed in the physical presence of the preceptor. The first 12 embalming cases and the first 12 funeral case reports must be completed and submitted by the completion of the sixth month of the internship.

f. Before being eligible for licensure, the intern must have filed the 25 completed embalming and funeral directing case reports and a 6-month and a 12-month evaluation form with the department of public health. These reports shall be answered in full and signed by both the intern and preceptor.

g. When, for any valid reason, the board determines that the education a registered intern is receiving under the supervision of the present preceptor might be detrimental to the intern or the profession at large, the intern may be required to serve the remainder of the internship under the supervision of a licensed funeral director who is approved by the board.

h. The length of an internship may be extended if the board determines that the intern requires additional time or supervision in order to meet the minimum proficiency in the practice of mortuary science.

i. The board views a one-year internship completed in a consecutive 12-month period as the best training option. If an internship is interrupted, the internship must be completed within 24 months of the date it started in order to be readily accepted by the board. Internships that are not completed within 24 months shall be preapproved by the board on such terms as the board deems reasonable under the circumstances. The board may require any or all of the following:

(1) Completion of a college course or continuing education course covering mortuary science laws and rules;

(2) Additional case reports;

(3) Extension of an internship up to an additional 12 months depending on such factors as the number of months completed during the internship, length of time that has lapsed since the intern was actively involved in the internship program, and the experience attained by the intern.

j. Application for change of preceptor or any other alteration must be made in writing and approval granted by the board before the status of the intern is altered.

k. The intern shall complete on a form provided by the board a confidential evaluation of the preceptorship program at the end of the internship. This form shall be submitted before a funeral director license is issued to the intern.

l. The intern must be approved and licensed following a successful internship before the intern may practice mortuary science.

101.3(2) Preceptorship.

a. A preceptor must have completed a training course within five years prior to accepting an intern. This training course shall cover Iowa law and rule content areas including, but not limited to, Iowa law and rules governing licensure and the practice of mortuary science and human resource issues. The training course may be counted toward the continuing education hours required for the licensure biennium in which the training course was completed.

b. Any duly Iowa-licensed funeral director who has been practicing for a minimum of five years and who has not had any formal disciplinary action within the past five years with the board of mortuary science and has completed a preceptor training course detailed in paragraph 101.3(2)“a” will be eligible to be a preceptor.

c. The preceptor shall be affiliated with a funeral establishment that has not had any formal disciplinary action within the past five years.

d. The preceptor shall certify that the intern engages in the practice of mortuary science only during the time frame designated on the official intern certificate.

e. A preceptor’s duties shall include the following:

(1) Ensure the intern completes the training program outlined in subrule 101.3(3);

(2) Be physically present and supervise the first five embalming cases, first five funeral arrangements, and first five funeral or memorial services;

(3) Familiarize the intern in the areas specified by the preceptor training outline;

(4) Read, add appropriate comments to, and sign each of the 25 embalming reports and the 25 funeral directing reports completed by the intern;

(5) Complete a written six-month report of the intern on a form provided by the board. This report is to be reviewed with and signed by the intern and submitted to the board before the end of the seventh month; and

(6) At the end of the internship, complete a confidential evaluation of the intern on a form provided by the board. This evaluation shall be submitted within two weeks of the end of the internship. The 12-month report shall be submitted to the board for review and approval prior to the board's approval of the intern for licensure.

f. Failure of a preceptor to fulfill the requirements set forth by the board, including failure to remit the required six-month progress report, as well as the final evaluation, shall result in an investigation of the preceptor by the board and may result in actions which may include, but not be limited to, the loss of preceptor status for current and future interns or discipline or both.

g. If a preceptor does not serve the entire year, the board will evaluate the situation; and if a certified preceptor is not available, a licensed funeral director may serve with the approval of the board.

h. No licensed funeral director or licensed funeral establishment shall have more than one intern funeral director for the first 100 human remains embalmed or funerals conducted per year, and with a maximum of two interns per funeral establishment.

i. With prior board approval, an intern may serve under the supervision of more than one preceptor under the following terms and conditions:

(1) A single preceptor must act in the role of the primary preceptor.

(2) The primary preceptor is responsible for coordinating all intern training and activities.

(3) The intern shall be a full-time employee of the funeral establishment of the primary preceptor; however, compensation may be shared between preceptors.

(4) The primary preceptor may make arrangements with a maximum of two additional preceptors to share preceptor responsibilities for such purposes as providing an intern with a higher-volume practice or a broader range of intern experiences.

(5) Each preceptor shall be individually responsible for directly supervising the intern's activities performed under the preceptor's guidance, but the primary preceptor remains responsible for coordinating the intern's activities and submitting all forms to the board.

101.3(3) Intern training requirements.

a. The board-approved preceptor shall ensure that the intern is knowledgeable of each of the following items during the internship:

(1) The requirements of the Federal Trade Commission Funeral Rule.

(2) The requirements of the Occupational Safety and Health Act.

(3) The requirements of the Americans with Disabilities Act.

(4) The benefits of the Social Security and Veterans Health Administrations.

645—101.5(156) Funeral establishment license or cremation establishment license.

101.5(1) A place of business devoted to providing any aspect of mortuary science or cremation services shall hold an establishment license issued by the board. An establishment license shall not be issued more than 30 days prior to the opening of a new establishment.

a. A funeral establishment or a cremation establishment shall not be operated until it has obtained a license from the board. Each establishment shall timely renew the license in order to continue operations.

b. A funeral or cremation establishment shall surrender its license to the board if the establishment fails to engage in or ceases to engage in the business for which the license was issued, pursuant to Iowa Code section 156.15(2)“*d.*”

c. A funeral or cremation establishment license is not transferable or assignable.

d. A change in ownership shall require the issuance of a new license. A change in ownership shall be reported to the board prior to the date ownership will change or, in the case of change of ownership by death or other unexpected event, within 30 days following change of ownership. The board may request legal proof of the ownership transfer.

e. An establishment license shall be issued for a specific physical location. A change in location or site of an establishment shall require the submission of an application for a new license and payment of the fee required by 645—subrule 5.9(9). h. An establishment shall have an employment or other relationship with one or more licensed funeral directors who shall perform all mortuary science services for which licensure as a funeral director is required by Iowa Code chapter 156. A cremation establishment is not, however, required to employ or contract with a funeral director on an ongoing basis because a cremation establishment shall not offer services directly to the general public. When a funeral establishment has an employment or other relationship with multiple funeral directors, the funeral establishment shall designate the funeral director who shall be in responsible charge of all mortuary science services performed at the funeral establishment. The funeral establishment shall report to the board any change of the funeral director in responsible charge within 30 days of the change.

i. The board shall not routinely issue more than one establishment license for a single location, but the board may do so if the multiple applicants provide proof, satisfactory to the board, that the establishments are wholly separate except for the sharing of facilities. If the board issues more than one establishment license for a single location, the licensees shall ensure that the public will not be confused or deceived as to the establishment with which the public is interacting. A facility may have a funeral establishment license and a separate cremation establishment license at a single location.

j. The establishment license shall be displayed in a conspicuous place at the location of the establishment.

101.5(3) License application. An application for a funeral establishment license or a cremation establishment license shall be in writing on forms furnished by the board and shall be accompanied by the funeral or cremation establishment fee. If there is both a funeral establishment and a cremation establishment at the same location, two establishment license applications will be required, along with the payment of two establishment license fees. The application shall contain all of the following:

b. The physical location of the establishment.

When a funeral establishment has an employment or other relationship with multiple funeral directors, the funeral establishment shall designate the funeral director who shall be in responsible charge of all mortuary science services performed at the funeral establishment. No funeral establishment shall be issued a license if it fails to designate the funeral director in responsible charge of the mortuary science services to be performed at the establishment.

i. All felony or misdemeanor convictions of the applicant and all owners and managing officers of the applicant (except minor traffic offenses with fines of less than \$500).

101.6(2) The applicant shall complete a board-approved application packet. All applications shall be sent to Board of Mortuary Science, Professional Licensure Division, Fifth Floor, Lucas State Office Building, Des Moines, Iowa 50319-0075.

a. The applicant shall complete the application form according to the instructions contained in the application. If the application is not completed according to the instructions, the application will not be reviewed by the board.

b. Each application shall be accompanied by the appropriate fees payable to the Board of Mortuary Science. The fees are nonrefundable.

c. No application will be considered by the board until official copies of academic transcripts showing the completion of training in a college of mortuary science approved by the board have been sent directly from the school to the board.

d. Licensees who were issued their initial licenses within six months prior to the renewal shall not be required to renew their licenses until the renewal month two years later.

e. Incomplete applications that have been on file in the board office for more than two years shall be:

- b.* Date of initial licensure;
- c.* Current licensure status; and
- d.* Any disciplinary action taken against the license.

101.6(4) The applicant shall satisfy the provisions of subrule 101.11(3), if the applicant is not actively licensed in another jurisdiction.

101.7(1) The biennial license renewal period for a license to practice as a funeral director shall begin on the sixteenth day of the licensee's birth month and end on the fifteenth day of the licensee's birth month two years later. The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive notice from the board does not relieve the licensee of the responsibility for renewing the license. All licensees shall renew on a biennial basis.

101.7(2) An individual who was issued a license within six months of the license renewal date will not be required to renew the license until the subsequent renewal date two years later. Continuing education hours acquired anytime from the initial licensing until the second license renewal may be used. The licensee will be required to complete a minimum of 24 hours of continuing education per biennium for each subsequent license renewal, with 2 of the 24 hours covering current Iowa law and rules as identified in 645—paragraph 102.3(2)“f.”

101.7(3) A licensee seeking renewal shall:

- a.* Meet the continuing education requirements of rule 645—102.2(272C). A licensee whose license was reactivated during the current renewal compliance period may use continuing education credit earned during the compliance period for the first renewal following reactivation; and
- b.* Submit the completed renewal application and renewal fee before the license expiration date.
- c.* Persons licensed to practice funeral directing shall keep their renewal licenses displayed in a conspicuous public place at the primary site of practice.

101.7(5) A person licensed to practice as a funeral director shall keep the license certificate displayed in a conspicuous public place at the primary site of practice.

101.7(6) Late renewal. The license shall become late when the license has not been renewed by the expiration date on the renewal. 101.7(7) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice as a funeral director in Iowa until the license is reactivated. A licensee who practices as a funeral director in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

101.8(3) Funeral and cremation establishments shall keep their renewal licenses displayed in a conspicuous public place at the primary site of practice.

101.8(4) Late renewal. If the renewal fee and renewal application are received within 30 days after the license renewal expiration date, the late fee for failure to renew before expiration shall be charged.

To reactivate a funeral establishment license or cremation establishment license, the reactivation application and fee shall be submitted to the board office.

CHAPTER 103
DISCIPLINARY PROCEEDINGS
[Prior to 7/10/02, see 645—101.7(272C) to 645—101.10(272C)]

645—103.1(156) Definitions.

“*Board*” means the board of mortuary science.

“*Discipline*” means any sanction the board may impose upon licensees.

“*Licensee*” means an individual licensed pursuant to Iowa Code section 156.4 to practice as a funeral director in Iowa and a person issued an establishment license pursuant to Iowa Code section 156.14 to establish, conduct, or maintain a funeral establishment or cremation establishment in Iowa.

645—103.2(17A,147,156,272C) Disciplinary authority. The board is empowered to administer Iowa Code chapters 17A, 147, 156, and 272C and related administrative rules for the protection and well-being of those persons who may rely upon licensed individuals and establishments for the performance of mortuary science services within this state or for clients in this state. To perform these functions, the board is broadly vested with authority to review and investigate alleged acts or omissions of licensees, to determine whether disciplinary proceedings are warranted, to initiate and prosecute disciplinary proceedings, to establish standards of professional conduct, and to impose discipline pursuant to Iowa Code sections 17A.13, 147.55, 272C.3 to 272C.6 and 272C.10 and Iowa Code chapter 156.

645—103.3(17A,147,156,272C) Grounds for discipline against funeral directors. The board may initiate disciplinary action against a licensed funeral director based on Iowa Code section 156.9 and any of the following grounds:

103.3(1) Fraud in procuring a license. Fraud in procuring a license includes, but is not limited to, an intentional perversion of the truth in making application for a license to practice in this state, which includes the following:

a. False representation of a material fact, whether by word or by conduct, by false or misleading allegation, or by concealment of that which should have been disclosed when making application for a license in this state, or

b. Attempting to file or filing with the board or the department of public health any false or forged diploma or certificate or affidavit or identification or qualification in making an application for a license in this state.

103.3(2) Professional incompetency. Professional incompetency includes, but is not limited to:

a. A substantial lack of knowledge or ability to discharge professional obligations within the scope of practice.

b. A substantial deviation from the standards of learning or skill ordinarily possessed and applied by other practitioners in the state of Iowa acting in the same or similar circumstances.

c. A failure to exercise the degree of care which is ordinarily exercised by the average practitioner acting in the same or similar circumstances.

d. Failure to conform to the minimal standards of acceptable and prevailing practice of a funeral director in this state.

103.3(3) Deceptive practices. Deceptive practices are grounds for discipline, whether or not actual injury is established, and include:

a. Knowingly making misleading, deceptive, untrue or fraudulent representations in the practice of mortuary science.

b. Use of untruthful or improbable statements in advertisements. Use of untruthful or improbable statements in advertisements includes, but is not limited to, an action by a licensee in making information or intention known to the public which is false, deceptive, misleading or promoted through fraud or misrepresentation.

c. Acceptance of any fee by fraud or misrepresentation.

d. Falsification of business records through false or deceptive representations or omissions.

e. Submission of false or misleading reports or information to the board including information supplied in an audit of continuing education, reports submitted as a condition of probation, or any reports identified in this rule.

f. Knowingly misrepresenting any material matter to a prospective purchaser of funeral merchandise, furnishings, or services.

g. Representing oneself as a funeral director when one's license has been suspended, revoked, or surrendered, or when one's license is on inactive status.

h. Permitting another person to use the licensee's license for any purposes.

i. Misrepresenting the legal need or other requirement for embalming.

j. Fraud in representations as to skill or ability.

103.3(4) Unethical, harmful or detrimental conduct. Licensees engaging in unethical conduct or practices harmful or detrimental to the public may be disciplined whether or not injury is established. Behaviors and conduct which are unethical, harmful or detrimental to the public may include, but are not limited to, the following actions:

a. Practice outside the scope of the profession which requires licensure by a different professional licensing board.

b. Any violation of Iowa Code chapter 144.

c. Verbal or physical abuse, improper sexual contact, or making suggestive, lewd, lascivious, offensive or improper remarks or advances, if such behavior occurs within the practice of mortuary science or such behavior otherwise provides a reasonable basis for the board to conclude that such behavior would place the public at risk within the practice of mortuary science.

d. Betrayal of a professional confidence.

e. Engaging in a professional conflict of interest.

f. Failure to comply with universal precautions for preventing transmission of infectious diseases as issued by the Centers for Disease Control and Prevention of the United States Department of Health and Human Services.

g. Embalming or attempting to embalm a deceased human body without first having obtained authorization from a family member or representative of the deceased, except where embalming is done to meet the requirements of applicable state or local law. However, a funeral director may embalm without authority when, after due diligence, no authorized person can be contacted and embalming is in accordance with legal or accepted standards in the community, or the licensee has good reason to believe that the family wishes embalming. The order of priority for those persons authorized to permit embalming is found in Iowa Code section 144C.5. If embalming is performed under these circumstances, the licensee shall not be deemed to be in violation of the prohibition in this paragraph.

h. Failure to keep and maintain records as required by Iowa Code chapter 156 and associated rules.

103.3(5) Unlicensed practice.

d. Revocation, suspension, or other disciplinary action taken by a licensing authority of this state, another state, territory, or country. A stay by an appellate court shall not negate this requirement; however, if such disciplinary action is overturned or reversed by a court of last resort, discipline by the board based solely on such action shall be vacated.

103.3(9) Willful or repeated violations. The willful or repeated violation of any provision of Iowa Code chapter 147, 156, or 272C.

103.3(10) Failure to report.

A conviction includes a guilty plea, including Alford and nolo contendere pleas, or a finding or verdict of guilt, even if the adjudication of guilt is deferred, withheld, or not entered. A copy of the guilty plea or order of conviction constitutes conclusive evidence of conviction. An offense directly relates to the duties and responsibilities of the profession if the actions taken in furtherance of the offense

are actions customarily performed within the scope of practice of the profession or the circumstances under which the offense was committed are circumstances customary to the profession.

103.3(13) Violation of the terms of an initial agreement with the impaired practitioner review committee or violation of the terms of an impaired practitioner recovery contract with the impaired practitioner review committee.

645—103.4(17A,147,156,272C) Grounds for discipline against funeral establishments and cremation establishments. The board may initiate disciplinary action against a funeral establishment or cremation establishment, at time of license application or thereafter, based on all grounds set forth in Iowa Code section 156.15, summarized as follows:

103.4(1) The licensee or applicant has been convicted of a felony or any crime related to the practice of mortuary science or implicating the establishment's ability to safely perform mortuary science services, or if the applicant is an association, joint stock company, partnership, or corporation, the managing officer or owner has been convicted of such a crime under the laws of this state, another state, or the United States.

103.4(2) The licensee or applicant, or any owner or employee of the establishment has violated Iowa Code chapter 156, rule 645—103.3(17A,147,156,272C), or any other rule promulgated by the board.

[ARC 3083C, IAB 5/24/17, effective 6/28/17]

645—103.5(17A,147,156,272C) Method of discipline. The board has the authority to impose the following disciplinary sanctions:

1. Revoke a license.
2. Suspend a license until further order of the board or for a specific period.
3. Prohibit permanently, until further order of the board, or for a specific period, the licensee's engaging in specified procedures, methods, or acts.
4. Place a licensee on probation and impose such conditions as the board may reasonably impose including, but not limited to, requiring periodic reporting to the board designated features of the licensee's practice of mortuary science.
5. Require additional education or training. The board may specify that a designated amount of continuing education be taken in specific subjects and may specify the time period for completing these courses. The board may also specify whether that continuing education be in addition to the continuing education routinely required for license renewal. The board may also specify that additional continuing education be a condition for the termination of any suspension or reinstatement of a license.
6. Require a reexamination.
7. Order a physical or mental evaluation, or order alcohol and drug screening within a time specified by the board.
8. Impose civil penalties not to exceed \$1,000 against an individual licensed as a funeral director, or not to exceed \$10,000 against a licensed funeral establishment or cremation establishment. Civil penalties may be imposed for any of the disciplinary violations specified in 645—103.3(17A,147,156,272C) and 645—103.4(17A,147,156,272C), as applicable.
9. Issue a citation and warning, or reprimand.
10. Refuse to issue or renew a license.
11. Such other sanctions allowed by law as may be appropriate.

645—103.6(17A,147,156,272C) Board discretion in imposing disciplinary sanctions. Factors the board will consider when determining the nature and severity of the disciplinary sanction to be imposed, including whether to assess and the amount of civil penalties, include:

1. The relative serious nature of the violation as it relates to ensuring a high standard of professional care to the citizens of this state.
2. Whether the amount of a civil penalty will be a substantial deterrent to the violation.
3. The circumstances leading to the violation.
4. The risk of harm to the public.
5. The economic benefits gained by the licensee as a result of the violation.
6. The interest of the public.
7. Evidence of reform or remedial action.
8. Time lapsed since the violation occurred.
9. Whether the violation is a repeat offense following a prior cautionary letter, disciplinary order, or other notice of the nature of the infraction.
10. The clarity of the issues involved.
11. Whether the violation was willful and intentional.
12. Whether the nonlicensee acted in bad faith.
13. The extent to which the licensee cooperated with the board.
14. Whether a licensee holding an inactive, suspended, restricted or revoked license engaged in practices which require licensure.
15. Any extenuating factors or other countervailing considerations.
16. Number and seriousness of prior violations or complaints.
17. Such other factors as may reflect upon the competency, ethical standards, and professional conduct of the licensee.

645—103.7(156) Order for mental, physical, or clinical competency examination or alcohol or drug screening. Rescinded **ARC 3083C**, IAB 5/24/17, effective 6/28/17.

645—103.8(17A,147,156,272C) Informal discussion. If the board considers it advisable, or if requested by the affected licensee, the board may grant the licensee an opportunity to appear before the board or a committee of the board for a voluntary informal discussion of the facts and circumstances of an alleged violation. The licensee may be represented by legal counsel at the informal discussion. The licensee is not required to attend the informal discussion. By electing to attend, the licensee waives the right to seek disqualification, based upon personal investigation of a board or staff member, from participating in making a contested case decision or acting as a presiding officer in a later contested case proceeding. Because an informal discussion constitutes a part of the board's investigation of a pending disciplinary case, the facts discussed at the informal discussion may be considered by the board in the event the matter proceeds to a contested case hearing and those facts are independently introduced into evidence. The board may seek a consent order at the time of the informal discussion. If the parties agree to a consent order, a statement of charges shall be filed simultaneously with the consent order.

These rules are intended to implement Iowa Code chapters 17A, 147, 156, and 272C.

CHAPTER 104
ENFORCEMENT PROCEEDINGS AGAINST NONLICENSEES

645—104.1(156) Civil penalties against nonlicensees. The board may impose civil penalties by order against a person who is not licensed by the board based on the unlawful practices specified in Iowa Code section 156.16. In addition to the procedures set forth in Iowa Code section 156.16, this chapter shall apply.

645—104.2(156) Unlawful practices. Practices by unlicensed persons or establishments which are subject to civil penalties include, but are not limited to:

1. Acts or practices by unlicensed persons which require licensure as a funeral director under Iowa Code chapter 156.
2. Acts or practices by unlicensed establishments which require licensure as a funeral establishment or cremation establishment under Iowa Code chapter 156.
3. Use of the words “funeral director,” “mortician,” or other title in a manner which states or implies that the person is engaged in the practice of mortuary science as defined in Iowa Code chapter 156.
4. Use or attempted use of a licensee’s certificate or an expired, suspended, revoked, or nonexistent certificate.
5. Falsely impersonating a licensed funeral director.
6. Providing false or forged evidence of any kind to the board in obtaining or attempting to obtain a license.
7. Other violations of Iowa Code chapter 156.
8. Knowingly aiding or abetting an unlicensed person or establishment in any activity identified in this rule.

645—104.3(156) Investigations. The board is authorized by Iowa Code sections 17A.13(1) and 156.16 to conduct such investigations as are needed to determine whether grounds exist to impose civil penalties against a nonlicensee. Such investigations shall conform to the procedures outlined in this chapter. Complaint and investigatory files concerning nonlicensees are not confidential except as may be provided in Iowa Code chapter 22.

645—104.4(156) Subpoenas. Pursuant to Iowa Code sections 17A.13(1) and 156.16, the board is authorized in connection with an investigation of an unlicensed person or establishment to issue subpoenas to compel persons to testify and to compel persons to produce books, papers, records and any other real evidence, whether or not privileged or confidential under law, which the board deems necessary as evidence in connection with the civil penalty proceeding or relevant to the decision of whether to initiate a civil penalty proceeding. Board procedures concerning investigative subpoenas are set forth in rule 645—9.5(17A,272C).

[ARC 3083C, IAB 5/24/17, effective 6/28/17]

645—104.5(156) Notice of intent to impose civil penalties. The notice of the board’s intent to issue an order to require compliance with Iowa Code chapter 156 and to impose a civil penalty shall be served upon the nonlicensee by restricted certified mail, return receipt requested, or personal service in accordance with Iowa R. Civ. P. 1.305. Alternatively, the nonlicensee may accept service personally or through authorized counsel. The notice shall include the following:

1. A statement of the legal authority and jurisdiction under which the proposed civil penalty would be imposed.
2. Reference to the particular sections of the statutes and rules involved.
3. A short, plain statement of the alleged unlawful practices.
4. The dollar amount of the proposed civil penalty and the nature of the intended order to require compliance with Iowa Code chapter 156.

5. Notice of the nonlicensee's right to a hearing and the time frame in which hearing must be requested.

6. The address to which written request for hearing must be made.

645—104.6(156) Requests for hearings.

104.6(1) Nonlicensees must request a hearing within 30 days of the date the notice is received if served through restricted certified mail, or within 30 days of the date of service if service is accepted or made in accordance with Iowa R. Civ. P. 1.305. A request for hearing must be in writing and is deemed made on the date of the nonmetered United States Postal Service postmark or the date of personal service.

104.6(2) If a request for hearing is not timely made, the board chairperson or the chairperson's designee may issue an order imposing the civil penalty and requiring compliance with Iowa Code chapter 156, as described in the notice. The order may be mailed by regular first-class mail or served in the same manner as the notice of intent to impose civil penalty.

104.6(3) If a request for hearing is timely made, the board shall issue a notice of hearing and conduct a contested case hearing in the same manner as applicable to disciplinary cases against licensees.

104.6(4) A nonlicensed person who fails to timely request a contested case hearing shall have failed to exhaust "adequate administrative remedies" as that term is used in Iowa Code section 17A.19(1).

104.6(5) A nonlicensed person who is aggrieved or adversely affected by the board's final decision following a contested case hearing may seek judicial review as provided in Iowa Code section 17A.19.

104.6(6) A nonlicensee may waive the right to hearing and all attendant rights and enter into a consent order imposing a civil penalty and requiring compliance with Iowa Code chapter 156 at any stage of the proceeding upon mutual consent of the board.

104.6(7) The notice of intent to issue an order and the order are public records available for inspection and copying in accordance with Iowa Code chapter 22. Copies may be published as provided in rule 645—11.30(272C). Hearings shall be open to the public.

645—104.7(156) Factors to consider. The board may consider the following when determining the amount of civil penalty to impose, if any:

1. Whether the amount imposed will be a substantial economic deterrent to the violation.
2. The circumstances leading to the violation.
3. The severity of the violation and the risk of harm to the public.
4. The economic benefits gained by the violator as a result of noncompliance.
5. The interest of the public.
6. The time lapsed since the unlawful practice occurred.
7. Evidence of reform or remedial actions.
8. Whether the violation is a repeat offense following a prior warning letter or other notice of the nature of the infraction.
9. Whether the violation involved an element of deception.
10. Whether the unlawful practice violated a prior order of the board, court order, cease and desist agreement, consent order, or similar document.
11. The clarity of the issue involved.
12. Whether the violation was willful and intentional.
13. Whether the nonlicensee acted in bad faith.
14. Whether the nonlicensee cooperated with the board.

645—104.8(156) Enforcement options. In addition, or as an alternative, to the administrative process described in these rules, the board may seek an injunction in district court, refer the matter for criminal prosecution, or enter into a consent agreement as provided in Iowa Code section 156.16.

These rules are intended to implement Iowa Code chapters 17A, 147, and 156.

[ARC 9424B, IAB 3/9/11, effective 4/13/11; ARC 1005C, IAB 9/4/13, effective 10/9/13; ARC 2151C, IAB 9/16/15, effective 10/21/15]

645—123.2(154A) Requirements prior to sale of a hearing aid.

123.2(1) Except as otherwise stated in these rules, no hearing aid shall be sold to an individual 18 years of age or older unless the individual:

a. Provides a health history to a licensed hearing aid specialist who is responsible for reducing the history to written form;

b. Presents a physician statement verifying that a medical evaluation, preferably by a physician specializing in diseases of the ear, has been done within the previous six months and stating the individual’s hearing loss and that the individual may benefit from a hearing aid. In lieu of this requirement, the individual may verify in writing that the individual has been informed that it is in the individual’s best health interests to obtain a medical evaluation by a licensed physician specializing in diseases of the ear, or if no such licensed physician is available in the community, then a duly licensed physician, and that the individual chooses to waive said evaluation; and

c. Is given a hearing examination that utilizes appropriate established procedures and instrumentation for the measurement of hearing and the fitting of hearing aids and that includes, but is not limited to, an assessment of the following: air conduction; bone conduction; masking capability; speech reception thresholds; speech discrimination; uncomfortable loudness levels (UCL) and most comfortable levels (MCL).

123.2(2) Any medical evaluation completed by a licensed physician in accordance with these rules requires all of the following prior to the sale of a hearing aid to an individual: receipt of the physician statement and clearance for amplification; and completion by the licensed hearing aid specialist of a current written health history and hearing examination that includes all of the procedures required in these rules, unless the physician order specifies otherwise. In the event an audiogram is provided by the physician, this testing requirement is waived. All records provided to the licensed hearing aid specialist shall be maintained in the individual’s records in accordance with the record-keeping requirements in these rules.

123.2(3) Whenever any of the following conditions are found to exist either from observations by the licensed hearing aid specialist or person holding a temporary permit or on the basis of information furnished by a prospective hearing aid user, the hearing aid specialist or person holding a temporary permit shall, prior to fitting and selling a hearing aid to any individual, suggest to that individual in writing that the individual’s best interests would be served if the individual would consult a licensed physician specializing in diseases of the ear, or if no such licensed physician is available in the community, then a duly licensed physician:

- a.* Visible congenital or traumatic deformity of the ear.
- b.* History of, or active drainage from the ear within the previous 90 days.

123.2(4) Testing shall not be required in cases in which replacement hearing aids of the same make or model are sold within one year of the original sale, unless a medical evaluation occurs during this period, which requires compliance with the requirements stated in 123.2(2).

123.2(5) Except as otherwise provided in these rules, for individuals younger than 18 years of age, all of the requirements stated in these rules are applicable. In addition, the following are required:

a. Written authorization of a parent or legal guardian consenting to the services covered in these rules, and

b. An original signature on all documents required by law or these rules to be signed, including but not limited to all sales transactions and receipts, required notifications, and warranty agreements.

123.2(6) For individuals 12 years of age or younger, all of the requirements stated in these rules are applicable. In addition, the parent or legal guardian must first present a written, signed recommendation for a hearing aid from a licensed physician specializing in otolaryngology. The recommendation must have been made within the preceding six months. In the event of a lost or damaged hearing aid, a replacement of an identical hearing aid may be provided within one year, unless a medical evaluation occurs during this period, which requires compliance with the requirements stated in 123.2(2).

[ARC 9424B, IAB 3/9/11, effective 4/13/11; ARC 1005C, IAB 9/4/13, effective 10/9/13; ARC 2151C, IAB 9/16/15, effective 10/21/15]

- (2) Date of initial licensure;
- (3) Current licensure status; and
- (4) Any disciplinary action taken against the license; and

f. Provides one of the following:

141.9(1) The biennial license renewal period for a license to practice nursing home administration shall begin on January 1 of each even-numbered year and end on December 31 of the next odd-numbered year. All licensees shall renew on a biennial basis. The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive notice from the board does not relieve the licensee of the responsibility for renewing the license.

141.9(2) An individual who was issued a license within six months of the license renewal date will not be required to renew the license until the subsequent renewal two years later.

141.9(3) A licensee seeking renewal shall:

b. Submit the completed renewal application and renewal fee before the license expiration date.

141.9(4) Upon receiving the information required by this rule and the required fee, board staff shall administratively issue a two-year license. In the event the board receives adverse information on the renewal application, the board shall issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

141.9(5) Late renewal. The license shall become late when the license has not been renewed by the expiration date on the renewal. The licensee shall be assessed a late fee as specified in 645—subrule 5.10(3). To renew a late license, the licensee shall complete the renewal requirements and submit the late fee within the grace period.

141.9(6) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice as a nursing home administrator in Iowa until the license is reactivated. A licensee who practices as a nursing home administrator in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

141.9(7) Persons licensed to practice as nursing home administrators shall keep their renewal licenses displayed in a conspicuous public place at the primary site of practice.

141.9(8) Mandatory reporter training requirements.

a. A licensee who, in the scope of professional practice or in the licensee's employment responsibilities, attends, counsels or treats children in Iowa shall complete an initial two-hour child abuse mandatory reporter training course offered by the department of human services within six months of employment, or prior to the expiration of a current certificate. Thereafter, all mandatory reporters shall take a one-hour recertification training course every three years, prior to the expiration of a current certificate. The licensee shall indicate on the renewal application completion of two hours of training in child abuse identification and reporting in the previous three years or condition(s) for waiver of this requirement as identified in paragraph 141.9(8) "d."

b. A licensee who, in the course of employment, examines, attends, counsels or treats adults in Iowa shall complete an initial two-hour dependent adult mandatory reporter training course offered by the department of human services within six months of employment, or prior to the expiration of a current certificate. c. The licensee shall maintain written documentation for three years after mandatory training as identified in paragraphs 141.9(8) "a" and "b."

d. The requirement for mandatory trainings for identifying and reporting child and dependent adult abuse shall be suspended if the board determines that suspension is in the public interest or that a person at the time of license renewal:

(1) Is engaged in active duty in the military service of this state or the United States.

(2) Holds a current waiver by the board based on evidence of significant hardship in complying with training requirements, including an exemption of continuing education requirements or extension of time in which to fulfill requirements due to a physical or mental disability or illness as identified in rule 645—4.14(272C).

e. The board may select licensees for audit of compliance with the requirements in paragraphs 141.9(8) "a" to "d."

a. Verification of the license(s) from every jurisdiction in which the applicant is or has been licensed and is or has been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction(s) to the board office. (3) Current licensure status; and

(4) Any disciplinary action taken against the license; and

b. Verification of completion of 40 hours of continuing education within two years of the application for reactivation.

645—143.2(272C) Continuing education requirements.

143.2(1) The biennial continuing education compliance period shall extend for a two-year period beginning on January 1 of each even-numbered year and ending on December 31 of the next odd-numbered year. Each biennium, each person who is licensed to practice as a licensee in this state shall be required to complete a minimum of 40 hours of continuing education approved by the board.

143.2(2) Requirements of new licensees. Those persons licensed for the first time shall not be required to complete continuing education as a prerequisite for the first renewal of their licenses. Continuing education hours acquired anytime from the initial licensing until the second license renewal may be used. The new licensee will be required to complete a minimum of 40 hours of continuing education per biennium for each subsequent license renewal.

143.2(3) Hours of continuing education credit may be obtained by attending and participating in a continuing education activity. These hours must be in accordance with these rules.

143.2(4) No hours of continuing education shall be carried over into the next biennium except as stated for the second renewal. A licensee whose license was reactivated during the current renewal compliance period may use continuing education earned during the compliance period for the first renewal following reactivation.

143.2(5) It is the responsibility of each licensee to finance the cost of continuing education.

645—143.3(155,272C) Standards.

143.3(1) General criteria. A continuing education activity which meets all of the following criteria is appropriate for continuing education credit if the continuing education activity:

- a. Constitutes an organized program of learning which contributes directly to the professional competency of the licensee;
- b. Pertains to subject matters which integrally relate to the practice of the profession;
- c. Is conducted by individuals who have specialized education, training and experience by reason of which said individuals should be considered qualified concerning the subject matter of the program. At the time of audit, the board may request the qualifications of presenters;
- d. Fulfills stated program goals, objectives, or both; and
- e. Provides proof of attendance to licensees in attendance including:
 - (1) Date(s), location, course title, presenter(s);
 - (2) Number of program contact hours; and
 - (3) Certificate of completion or evidence of successful completion of the course provided by the course sponsor.

143.3(2) Specific criteria. Licensees may obtain continuing education hours of credit by:

a. Participating in the continuing education programs approved by the National Continuing Education Review Service (NCERS).

b. Academic coursework that meets the criteria set forth in these rules. Continuing education credit equivalents are as follows:

1 academic semester hour = 15 continuing education hours

1 academic quarter hour = 10 continuing education hours

c. Attendance at or participation in a program or course which meets the requirements in 143.3(1).

d. Making presentations; conducting research; producing publications; preparing new courses; participating in home study courses; attending electronically transmitted courses; and attending workshops, conferences, or symposiums.

e. Self-study coursework that meets the criteria set forth in these rules. Continuing education credit equivalent for self-study is as follows:

180 minutes of self-study work = 1 continuing education hour

The maximum number of hours for self-study, including television viewing, video or sound-recorded programs, correspondence work, or research, or by other similar means which is not directly sponsored by and supervised by an accredited postsecondary college or university or NCERS, is 8 hours.

645—143.4(155,272C) Audit of continuing education report. After each educational biennium, the board may audit licensees to review compliance with continuing education requirements.

143.4(1) The board may audit a percentage of its licensees and may, at its discretion, determine to audit a licensee. A licensee whose license renewal application is submitted during the grace period may be subject to a continuing education audit.

143.4(2) The licensee shall provide the following information to the board for auditing purposes:

a. Date and location of course, course title, course description, course outline, course schedule, names and qualifications of instructors/speakers and method of presentation; or a program brochure which includes all the information required in this paragraph;

b. Number of contact hours for program attended; and

c. Individual certificate of completion issued to the licensee or evidence of successful completion of the course from the course sponsor.

143.4(3) For auditing purposes, all licensees must retain the information identified in subrule 143.4(2) for two years after the biennium has ended.

143.4(4) Information identified in subrule 143.4(2) must be submitted within one month after the date of notification of the audit. Extension of time may be granted on an individual basis.

143.4(5) If the submitted materials are incomplete or unsatisfactory, the licensee may be given the opportunity to submit make-up credit to cover the deficit found through the audit if the board determines that the deficiency was the result of good-faith conduct on the part of the licensee. The deadline for receipt of the documentation for this make-up credit is 120 days from the date of mailing to the address of record at the board office.

143.4(6) Failure to notify the board of a current mailing address will not absolve the licensee from the audit requirement, and an audit must be completed before license renewal.

645—143.5(155,272C) Automatic exemption. A licensee shall be exempt from the continuing education requirement during the license biennium when that person:

1. Served honorably on active duty in the military service; or
2. Resided in another state or district having continuing education requirements for the profession and met all requirements of that state or district for practice therein; or
3. Was a government employee working in the licensee's specialty and assigned to duty outside the United States; or
4. Was absent from the state but engaged in active practice under circumstances which are approved by the board.

645—143.6(272C) Continuing education exemption for disability or illness. A licensee who has had a physical or mental disability or illness during the license period may apply for an exemption. An exemption provides for an extension of time or exemption from some or all of the continuing education requirements. An applicant shall submit a completed application form approved by the board for an exemption. The application form is available upon request from the board office. The application requires the signature of a licensed health care professional who can attest to the existence of a disability or illness during the license period. If the application is from a licensee who is the primary caregiver for a relative who is ill or disabled and needs care from that primary caregiver, the physician shall verify the licensee's status as the primary caregiver. A licensee who applies for an exemption shall be notified of the decision regarding the application. A licensee who obtains approval shall retain a copy of the exemption to be presented to the board upon request.

143.6(1) The board may grant an extension of time to fulfill the continuing education requirement.

143.6(2) The board may grant an exemption from the continuing education requirement for any period of time not to exceed two calendar years. If the physical or mental disability or illness for which an extension or exemption was granted continues beyond the period initially approved by the board, the licensee must reapply for a continuance of the extension or exemption.

143.6(3) The board may, as a condition of any extension or exemption granted, require the licensee to make up a portion of the continuing education requirement in the manner determined by the board.

645—143.7(155,272C) Grounds for disciplinary action. The board may take formal disciplinary action on the following grounds:

143.7(1) Failure to cooperate with a board audit.

143.7(2) Failure to meet the continuing education requirement for licensure.

143.7(3) Falsification of information on the license renewal form.

143.7(4) Falsification of continuing education information.

645—143.11(272C) Hearings. Rescinded IAB 8/17/05, effective 9/21/05.

These rules are intended to implement Iowa Code section 272C.2 and chapter 155.

144.2(1) Fraud in procuring a license. Fraud in procuring a license includes, but is not limited to, an intentional perversion of the truth in making application for a license to practice in this state which includes the following:

a. False representations of a material fact, whether by word or by conduct, by false or misleading allegations, or by concealment of that which should have been disclosed when making application for a license in this state, or

b. Attempting to file or filing with the board or the department of public health any false or forged diploma or certificate or affidavit or identification or qualification in making an application for a license in this state.

144.2(2) Any falsification or misrepresentation contained in any report or document attesting to the facts, conditions and activities of the internship or work experience and submitted by the applicant, administrator/preceptor or other participants may be grounds for denial of license or for suspension or revocation of the nursing home administrator license in addition to the imposition of fines and any other penalties provided by law.

144.2(3) Professional incompetence. Professional incompetence includes, but is not limited to:

a. A substantial lack of knowledge or ability to discharge professional obligations within the scope of practice.

144.5(2) Alternatives. The board in its sole discretion shall determine whether to grant such a request.

144.5(3) Objection to order. A licensee who is the subject of a board order and who objects to the order may file a request for hearing. The request for hearing must be filed within 30 days of the date of the examination order, and the request for hearing shall specifically identify the factual and legal issues upon which the licensee bases the objection. The hearing shall be considered a contested case proceeding and shall be governed by the provisions of 645—Chapter 11. On judicial review of a board decision in a contested case involving an objection to an examination order, the case will be captioned in the name of Jane Doe or John Doe to maintain the licensee’s confidentiality.

The medical testimony or examination reports shall not be used against the licensee in any proceeding other than one relating to licensee discipline by the board.

144.5(7) Failure to submit. Failure of a licensee to submit to a board-ordered mental, physical, or clinical competency examination or to submit to alcohol or drug screening constitutes a violation of the rules of the board and is grounds for disciplinary action.

These rules are intended to implement Iowa Code chapters 147, 155 and 272C.

b. The maximum number of hours in each category in each biennium is as follows:

(1) Ten hours of credit for local study group programs that meet the criteria.

(2) Ten hours of credit for correspondence courses, which include written and electronically transmitted material and have a posttest. Certification of the continuing education requirements and of passing the test must be given by the institution providing the continuing education, and that institution must be accredited by a regional or professional accreditation organization which is recognized or approved by the Council on Postsecondary Accreditation of the United States Department of Education.

645—182.1(154) Code of ethics. The board hereby adopts by reference the Code of Ethics of the American Optometric Association as published by the American Optometric Association, 243 North Lindbergh Boulevard, St. Louis, Missouri 63141, modified June 2007.

[ARC 9641B, IAB 7/27/11, effective 8/31/11]

645—182.2(154,272C) Record keeping. Optometrists shall maintain patient records in a manner consistent with the protection of the welfare of the patient. Records shall be permanent, timely, accurate, legible, and easily understandable.

182.2(1) Optometrists shall maintain optometry records for each patient. The records shall contain all of the following:

a. Personal data.

- (1) Name, date of birth, address and, if a minor, name of parent or guardian; and
- (2) Name and telephone number of person to contact in case of emergency.

b. Optometry and medical history. Optometry records shall include information from the patient or the patient's parent or guardian regarding the patient's optometric and medical history. The information shall include sufficient data to support the recommended treatment plan.

c. Patient's reason for visit. When a patient presents with a chief complaint, optometric records shall include the patient's stated visual health care reasons for visiting the optometrist.

d. Clinical examination progress notes. Optometric records shall include chronological dates and descriptions of the following:

- (1) Clinical examination findings, tests conducted, and a summary of all pertinent diagnoses;
- (2) Plan of intended treatment and treatment sequence;
- (3) Services rendered and any treatment complications;
- (4) All ancillary testing, if applicable;
- (5) Vision tests completed and visual acuity;
- (6) Name, quantity, and strength of all drugs dispensed, administered, or prescribed; and
- (7) Name of optometrist who performs any treatment or service or who may have contact with a patient regarding the patient's optometric health.

e. Informed consent. Optometric records shall include documentation of informed consent for procedure(s) and treatment that have potential serious complications and known risks.

182.2(2) Retention of records. An optometrist shall maintain a patient's record(s) for a minimum of five years after the date of last examination, prescription, or treatment. Records for minors shall be maintained for, at minimum, one year after the patient reaches the age of majority (18) or five years after the date of last examination, prescription, or treatment, whichever is longer.

Proper safeguards shall be maintained to ensure the safety of records from destructive elements.

182.2(3) Electronic record keeping. The requirements of this rule apply to electronic records as well as to records kept by any other means. When electronic records are kept, an optometrist shall keep either a duplicate hard-copy record or a back-up unalterable electronic record.

182.2(4) Correction of records. Notations shall be legible, written in ink, and contain no erasures or white-outs. If incorrect information is placed in the record, it must be crossed out with a single nondeleting line and be initialed by an optometric health care worker.

182.2(5) Confidentiality and transfer of records. Optometrists shall preserve the confidentiality of patient records in a manner consistent with the protection of the welfare of the patient. Upon request of the patient or the patient's new optometrist, the optometrist shall furnish such optometry records or copies of the records as will be beneficial for the future treatment of that patient. The optometrist may include a summary of the record(s) with the record(s) or copy of the record(s). The optometrist may charge a nominal fee for duplication of records, but may not refuse to transfer records for nonpayment of any fees. The optometrist may ask for a written request for the record(s).

182.2(6) Retirement or discontinuance of practice. A licensee, upon retirement, or upon discontinuation of the practice of optometry, or upon leaving a practice or moving from a community, shall notify all active patients in writing, or by publication once a week for three consecutive weeks in a newspaper of general circulation in the community, that the licensee intends to discontinue the practice of optometry in the community, and shall encourage patients to seek the services of another licensee. The licensee shall make reasonable arrangements with active patients for the transfer of patient records, or copies of those records, to the succeeding licensee. "Active patient" means a person whom the licensee has examined, treated, cared for, or otherwise consulted with during the two-year period prior to retirement, discontinuation of the practice of optometry, or leaving a practice or moving from a community.

182.2(7) Nothing stated in these rules shall prohibit a licensee from conveying or transferring the licensee's patient records to another licensed optometrist who is assuming a practice, provided that written notice is furnished to all patients.

645—182.3(154) Furnishing prescriptions. Before a licensed optometrist provides a spectacle or contact lens prescription to a patient, the eye examination record shall include best-corrected visual acuity with ophthalmic lenses or contact lenses in the lens powers determined by refraction. 645—183.1(154) Definitions.

“*Board*” means the board of optometry.

“*Discipline*” means any sanction the board may impose upon licensees.

“*Licensee*” means a person licensed to practice as an optometrist in Iowa.

645—183.2(154,272C) Grounds for discipline. The board may impose any of the disciplinary sanctions provided in rule 645—183.3(147,272C) when the board determines that the licensee is guilty of any of the following acts or offenses:

183.2(1) Fraud in procuring a license. Fraud in procuring a license includes, but is not limited to, an intentional perversion of the truth in making application for a license to practice in this state, which includes the following:

a. False representations of a material fact, whether by word or by conduct, by false or misleading allegations, or by concealment of that which should have been disclosed when making application for a license in this state, or

b. Attempting to file or filing with the board or the department of public health any false or forged diploma or certificate or affidavit or identification or qualification in making an application for a license in this state.

183.2(2) Professional incompetency. Professional incompetency includes, but is not limited to:

a. A substantial lack of knowledge or ability to discharge professional obligations within the scope of practice.

b. A substantial deviation from the standards of learning or skill ordinarily possessed and applied by other practitioners in the state of Iowa acting in the same or similar circumstances.

c. A failure to exercise the degree of care which is ordinarily exercised by the average practitioner acting in the same or similar circumstances.

d. Failure to conform to the minimal standard of acceptable and prevailing practice of optometry in this state.

e. Inability to practice with reasonable skill and safety by reason of illness, drunkenness, excessive use of drugs, narcotics, chemicals, or other type of material or as a result of a mental or physical condition.

f. Being adjudged mentally incompetent by a court of competent jurisdiction.

183.2(3) Knowingly making misleading, deceptive, untrue or fraudulent representations in the practice of the profession or engaging in unethical conduct or practice harmful or detrimental to the public. Proof of actual injury need not be established.

183.2(4) Practice outside the scope of the profession.

183.2(5) Use of untruthful or improbable statements in advertisements. Use of untruthful or improbable statements in advertisements includes, but is not limited to, an action by a licensee in making information or intention known to the public which is false, deceptive, misleading or promoted through fraud or misrepresentation.

183.2(6) Habitual intoxication or addiction to the use of drugs.

183.2(7) Obtaining, possessing, attempting to obtain or possess, or administering controlled substances without lawful authority.

183.2(8) Falsification of client records.

183.2(9) Acceptance of any fee by fraud or misrepresentation.

183.2(10) Negligence by the licensee in the practice of the profession. Negligence by the licensee in the practice of the profession includes a failure to exercise due care including negligent delegation of duties or supervision of employees or other individuals, whether or not injury results; or any conduct, practice or conditions which impair the ability to safely and skillfully practice the profession.

183.2(11) Being convicted of an offense that directly relates to the duties and responsibilities of the profession. A conviction includes a guilty plea, including Alford and nolo contendere pleas, or a finding

or verdict of guilt, even if the adjudication of guilt is deferred, withheld, or not entered. A copy of the guilty plea or order of conviction constitutes conclusive evidence of conviction. An offense directly relates to the duties and responsibilities of the profession if the actions taken in furtherance of the offense are actions customarily performed within the scope of practice of the profession or the circumstances under which the offense was committed are circumstances customary to the profession.

183.2(12) Violation of a regulation or law of this state, another state, or the United States, which relates to the practice of the profession.

183.2(13) Revocation, suspension, or other disciplinary action taken by a licensing authority of this state, another state, territory, or country; or failure by the licensee to report in writing to the board revocation, suspension, or other disciplinary action taken by a licensing authority within 30 days of the final action. A stay by an appellate court shall not negate this requirement; however, if such disciplinary action is overturned or reversed by a court of last resort, the report shall be expunged from the records of the board.

183.2(14) Failure of a licensee or an applicant for licensure in this state to report any voluntary agreements restricting the practice of the profession in another state, district, territory or country.

183.2(15) Failure to notify the board of a criminal conviction within 30 days of the action, regardless of the jurisdiction where it occurred.

183.2(26) Permitting another person to use the licensee's license for any purposes.

183.2(27) Permitting an unlicensed employee or person under the licensee's control to perform activities requiring a license.

10. Such other sanctions allowed by law as may be appropriate.

645—183.4(272C) Discretion of board. The following factors may be considered by the board in determining the nature and severity of the disciplinary sanction to be imposed:

1. The relative serious nature of the violation as it relates to ensuring a high standard of professional care to the citizens of this state;

645—200.6(147) Delegation by a supervising physical therapist. A supervising physical therapist may delegate the performance of physical therapy services to a physical therapist assistant only if done in accordance with the statutes and rules governing the practice of physical therapy. A physical therapist assistant may assist in the practice of physical therapy only to the extent allowed by the supervising physical therapist. The supervisory requirements stated in this rule are minimal. It is the professional responsibility and duty of the supervising physical therapist to provide the physical therapist assistant with more supervision if deemed necessary in the supervising physical therapist's professional judgment.

200.6(1) Supervision requirements. A supervising physical therapist who delegates the performance of physical therapy services to a physical therapist assistant shall provide supervision to the physical therapist assistant at all times when the physical therapist assistant is providing delegated physical therapy services. Supervision means that the physical therapist shall be readily available on site or telephonically anytime the physical therapist assistant is providing physical therapy services so that the physical therapist assistant may contact the physical therapist for advice, assistance, or instruction.

200.6(2) Functions that cannot be delegated. The following are functions that only a physical therapist may provide and that cannot be delegated to a physical therapist assistant:

a. Interpretation of referrals;

- b. Initial physical therapy evaluation and reevaluations;
- c. Identification, determination, or modification of patient problems, goals, and plans of care;
- d. Final discharge evaluation and establishment of a discharge plan;
- e. Delegation of and instruction in the physical therapy services to be rendered by a physical therapist assistant or unlicensed assistive personnel including, but not limited to, specific tasks or procedures, precautions, special problems, and contraindicated procedures; and
- f. Timely review of documentation, reexamination of the patient, and revision of the plan of care when indicated.

200.6(3) *Physical therapist responsibilities.* At all times, the supervising physical therapist shall be responsible for the physical therapy plan of care and for all physical therapy services provided, including all physical therapy services delegated to a physical therapist assistant. In addition, the supervising physical therapist shall:

- a. Be responsible for the evaluation and development of a plan of care for use by the physical therapist assistant; and
- b. Not delegate a physical therapy service that exceeds the competency or skill set of the physical therapist assistant; and
- c. Ensure that a physical therapist assistant holds an active physical therapist assistant license issued by the board; and
- d. Ensure that a physical therapist assistant is aware of how the supervising physical therapist can be contacted telephonically when the physical therapist is not providing on-site supervision; and
- e. Arrange for an alternate physical therapist to provide supervision when the physical therapist has scheduled or unscheduled absences during time periods in which a physical therapist assistant will be providing delegated physical therapy services; and
- f. Ensure that a physical therapist assistant is informed when a patient's plan of care is transferred to a different supervising physical therapist; and
- g. Directly participate in physical therapy services upon the physical therapist assistant's request for a reexamination, when a change in the plan of care is needed, prior to any planned discharge, and in response to a change in the patient's medical status; and
- h. Hold regularly scheduled meetings with the physical therapist assistant to evaluate the physical therapist assistant's performance, assess the progress of a patient, and make changes to the plan of care as needed. The frequency of meetings should be determined by the supervising physical therapist based on the needs of the patient, the supervisory needs of the physical therapist assistant, and any planned discharge. The supervising physical therapist shall provide direction and instruction to the physical therapist assistant that are adequate to ensure the safety and welfare of the patient.

200.6(4) *Physical therapist assistant responsibilities.* A physical therapist assistant shall only provide physical therapy services under the supervision of a physical therapist. In addition, the physical therapist assistant shall:

- a. Only provide physical therapy services that have been delegated by the supervising physical therapist; and
- b. Only provide physical therapy services that are within the competency and skill set of the physical therapist assistant; and
- c. Consult the supervising physical therapist if the physical therapist assistant believes that any procedure is not in the best interest of the patient; and
- d. Contact the supervising physical therapist regarding any change or lack of change in a patient's condition that may require assessment by the supervising physical therapist; and
- e. Refer inquiries that require interpretation to the supervising physical therapist; and
- f. Ensure that the identification of the supervising physical therapist is included in the documentation for any visit when physical therapy services were provided by the physical therapist assistant; and
- g. Only sign a treatment record if the provision of physical therapy services was done in accordance with the statutes and rules governing the practice of a physical therapist assistant.

200.6(5) Ratio. A physical therapist shall determine the number of physical therapist assistants who can be supervised safely and competently and shall not exceed that number; but in no case shall a physical therapist supervise more than four physical therapist assistants per calendar day. A physical therapist assistant who performs any delegated physical therapy services on behalf of the supervising physical therapist on a particular day shall be counted in determining the maximum ratio, regardless of the location of the physical therapist assistant or the number of patients treated.

200.6(6) Minimum frequency of direct participation by a supervising physical therapist. A supervising physical therapist shall use professional judgment to determine how frequently the physical therapist needs to directly participate in physical therapy services when delegating to a physical therapist assistant, the frequency of which shall be based on the needs of the patient. Direct participation can occur through an in-person or telehealth visit. The supervising physical therapist shall ensure that the patient record clearly indicates which visits included direct participation by the supervising physical therapist. The following are the minimum standards, which are expected to be exceeded when dictated by the supervising physical therapist's professional judgment, for the required frequency of direct participation by the supervising physical therapist when physical therapy services involve delegation to a physical therapist assistant:

a. Hospital inpatient and skilled nursing. For hospital inpatients and skilled nursing patients, a supervising physical therapist must directly participate in physical therapy services a minimum of once per calendar week. A calendar week is defined as Sunday through Saturday.

b. All other settings. In all other settings, a supervising physical therapist must directly participate in the provision of physical therapy services at least every eighth visit or every 30 calendar days, whichever comes first.

200.6(7) Unlicensed assistive personnel. A physical therapist is responsible for patient care provided by unlicensed assistive personnel under the physical therapist's supervision. A physical therapist is responsible for ensuring the qualifications of any unlicensed assistive personnel and shall maintain written documentation of their education or training. Unlicensed assistive personnel may assist a physical therapist assistant in the delivery of physical therapy services only if the physical therapist assistant maintains in-sight supervision of the unlicensed assistive personnel and the physical therapist assistant is primarily and significantly involved in the patient's care. Unlicensed assistive personnel shall not provide independent patient care unless each of the following standards is satisfied:

a. The physical therapist has direct participation in the patient's treatment or evaluation, or both, each treatment day;

b. Unlicensed assistive personnel may provide independent patient care only while under the on-site supervision of the physical therapist;

c. Documentation made in a physical therapy record by unlicensed assistive personnel shall be cosigned by the physical therapist; and

d. The physical therapist provides periodic reevaluation of any unlicensed assistive personnel's performance in relation to the patient.

- (4) Any disciplinary action taken against the license.

The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive notice from the board does not relieve the licensee of the responsibility for renewing the license.

200.9(3) A licensee seeking renewal shall:

200.9(5) Upon receiving the information required by this rule and the required fee, board staff shall administratively issue a two-year license. b. A substantial deviation from the standards of learning or skill ordinarily possessed and applied by other physical therapists or physical therapist assistants in the state of Iowa acting in the same or similar circumstances.

202.2(4) Practice outside the scope of the profession.

202.2(5) Use of untruthful or improbable statements in advertisements. A conviction includes a guilty plea, including Alford and nolo contendere pleas, or a finding or verdict of guilt, even if the adjudication of guilt is deferred, withheld, or not entered. 202.2(12) Violation of a regulation, rule or law of this state, another state, or the United States which relates to the practice of physical therapy, including, but not limited to, the code of ethics found in rule 645—201.1(148A,272C).

202.2(13) Revocation, suspension, or other disciplinary action taken by a licensing authority of this state, another state, territory, or country; or failure of the licensee to report in writing such action within 30 days of the final action by the licensing authority. - b. Pertains to subject matters which integrally relate to the practice of the profession;
- c. Is conducted by individuals who have specialized education, training and experience by reason of which said individuals should be considered qualified concerning the subject matter of the program. At the time of audit, the board may request the qualifications of presenters;

645—206.10(147) License renewal.

206.10(1) The biennial license renewal period for a license to practice as an occupational therapist or occupational therapy assistant shall begin on the sixteenth day of the birth month and end on the fifteenth day of the birth month two years later. The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive notice from the board does not relieve the licensee of the responsibility for renewing the license.

206.10(3) A licensee seeking renewal shall:

e. The requirement for mandatory training for identifying and reporting child and dependent adult abuse shall be suspended if the board determines that suspension is in the public interest or that a person at the time of license renewal:

(1) Is engaged in active duty in the military service of this state or the United States.

(2) Holds a current waiver by the board based on evidence of significant hardship in complying with training requirements, including an exemption of continuing education requirements or extension of time in which to fulfill requirements due to a physical or mental disability or illness as identified in 645—Chapter 4.

f. The board may select licensees for audit of compliance with the requirements in paragraphs “*a*” to “*e*.”

206.10(5) Upon receiving the information required by this rule and the required fee, board staff shall administratively issue a two-year license. In the event the board receives adverse information on the renewal application, the board shall issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

206.10(6) Persons licensed to practice as occupational therapists or occupational therapy assistants shall keep their renewal licenses displayed in a conspicuous public place at the primary site of practice.

206.10(7) Late renewal. The license shall become a late license when the license has not been renewed by the expiration date on the renewal. To renew a late license, the licensee shall complete the renewal requirements and submit the late fee within the grace period.

206.10(8) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice as an occupational therapist or occupational therapy assistant in Iowa until the license is reactivated. A licensee who practices as an occupational therapist or occupational therapy assistant in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

b. If the license has been on inactive status for more than five years, an applicant must provide the following:

(1) Verification of the license(s) from every jurisdiction in which the applicant is or has been licensed and is or has been practicing during the time period the Iowa license was inactive, sent directly from the jurisdiction(s) to the board office. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

209.2(13) Revocation, suspension, or other disciplinary action taken by a licensing authority of this state, another state, territory, or country; or failure of the licensee to report in writing such action within 30 days of the final action by the licensing authority. 220.9(1) The biennial license renewal period for a license to practice podiatry shall begin on July 1 of an even-numbered year and end on June 30 of the next even-numbered year. The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive notice from the board does not relieve the licensee of the responsibility for renewing the license.

220.9(3) A licensee seeking renewal shall:

b. A licensee who, in the course of employment, examines, attends, counsels or treats adults in Iowa shall indicate on the renewal application completion of two hours of training in dependent adult abuse identification and reporting in the previous five years or condition(s) for waiver of this requirement as identified in paragraph "e."

c. A licensee who, in the scope of professional practice or in the course of employment, examines, attends, counsels or treats both adults and children in Iowa shall indicate on the renewal application completion of training in abuse identification and reporting for dependent adults and children in the previous five years or condition(s) for waiver of this requirement as identified in paragraph "e."

Training may be completed through separate courses as identified in paragraphs "a" and "b" or in one combined two-hour course that includes curricula for identifying and reporting child abuse and dependent adult abuse. The course shall be a curriculum approved by the Iowa department of public health abuse education review panel.

d. The licensee shall maintain written documentation for five years after mandatory training as identified in paragraphs "a" to "c," including program date(s), content, duration, and proof of participation.

e. The requirement for mandatory training for identifying and reporting child and dependent adult abuse shall be suspended if the board determines that suspension is in the public interest or that a person at the time of license renewal:

(1) Is engaged in active duty in the military service of this state or the United States.

(2) Holds a current waiver by the board based on evidence of significant hardship in complying with training requirements, including an exemption of continuing education requirements or extension of time in which to fulfill requirements due to a physical or mental disability or illness as identified in 645—Chapter 4.

f. The board may select licensees for audit of compliance with the requirements in paragraphs “a” to “e.”

220.9(5) Upon receiving the information required by this rule and the required fee, board staff shall administratively issue a two-year license. In the event the board receives adverse information on the renewal application, the board shall issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

220.9(7) Late renewal. The license shall become late when the license has not been renewed by the expiration date on the renewal. To renew a late license, the licensee shall complete the renewal requirements and submit the late fee within the grace period.

220.9(8) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice as a podiatrist in Iowa until the license is reactivated. A licensee who practices as a podiatrist in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

(1) Is engaged in active duty in the military service of this state or the United States.

(2) Holds a current waiver by the board based on evidence of significant hardship in complying with training requirements, including an exemption of continuing education requirements or extension of time in which to fulfill requirements due to a physical or mental disability or illness as identified in rule 645—4.14(272C).

f. The board may select licensees for audit of compliance with the requirements in paragraphs 240.13(4) "a" to "e."

240.13(5) Upon receiving the information required by this rule and the required fee, board staff shall administratively issue a two-year license. 241.2(1) The biennial continuing education compliance period shall extend for a two-year period beginning on July 1 of even-numbered years and ending on June 30 of even-numbered years. Each biennium, each person who is licensed to practice as a licensee in this state shall be required to complete a minimum of 40 hours of continuing education approved by the board.

241.2(2) Requirements of new licensees. Those persons licensed for the first time shall not be required to complete continuing education as a prerequisite for the first renewal of their licenses. 645—241.3(154B,272C) Standards.

- a. Constitutes an organized program of learning which contributes directly to the professional competency of the licensee;
- b. Pertains to subject matters which integrally relate to the practice of the profession;
- c. Is conducted by individuals who have specialized education, training and experience by reason of which said individuals should be considered qualified concerning the subject matter of the program. At the time of audit, the board may request the qualifications of presenters;

- e. Provides proof of attendance to licensees in attendance including:
 - (1) Date, location, course title, presenter(s);

b. For all renewal periods following the second license renewal, licensees shall obtain 6 hours of continuing education pertaining to the practice of psychology in any of the following areas: ethical issues, federal mental health laws and regulations, Iowa mental health laws and regulations, or risk management. For all board members appointed to a first term beginning May 1, 2013, or later, a maximum of 2 of these hours may be obtained by providing service as a member of the board as follows:

242.2(1) Failure to comply with the Ethical Principles of Psychologists and Code of Conduct of the American Psychological Association, as published in the December 2002 edition of *American Psychologist*, hereby adopted by reference. Copies of the Ethical Principles of Psychologists and Code of Conduct may be obtained from the American Psychological Association’s website at www.apa.org.

a. False representations of a material fact, whether by word or by conduct, by false or misleading allegations, or by concealment of that which should have been disclosed when making application for a license in this state; or

b. Attempting to file or filing with the board or the department of public health any false or forged diploma or certificate or affidavit or identification or qualification in making an application for a license in this state.

242.2(3) Professional incompetence. Professional incompetence includes, but is not limited to:

d. Failure to conform to the minimal standard of acceptable and prevailing practice of a licensed psychologist in this state.

e. Mental or physical inability reasonably related to and adversely affecting the licensee’s ability to practice in a safe and component manner.

f. Being adjudged mentally incompetent by a court of competent jurisdiction.

242.2(4) Knowingly making misleading, deceptive, untrue or fraudulent representations in the practice of psychology or engaging in unethical conduct or practice harmful or detrimental to the public. Proof of actual injury need not be established.

242.2(14) Revocation, suspension, or other disciplinary action taken by a licensing authority of this state, another state, territory or country; or failure of the licensee to report such action within 30 days of the final action by such licensing authority. [ARC 5905C, IAB 9/8/21, effective 10/13/21]

645—243.2(147,154B,272C) Purpose and scope. The purpose of this chapter is to set the minimum standards of practice for licensees practicing in Iowa. The practice of psychology is occurring in Iowa if the patient or examinee is located in Iowa. Licensees shall ensure any interns or residents under supervision adhere to the minimum standards of practice and must comply with the requirements set forth in rule 645—240.9(154B). The APA Code of Ethics is applicable and enforceable to the extent it does not conflict with any standards of practice set forth in this chapter. A licensee may be disciplined for any violation of this chapter or the APA Code of Ethics.

[ARC 5905C, IAB 9/8/21, effective 10/13/21]

645—243.3(154B) Access to records.

243.3(1) *Clinical records generally.* Upon a signed release from the patient or the patient’s personal representative, a licensee shall provide clinical records in accordance with the release unless there is a ground for denial under HIPAA.

243.3(2) *Psychotherapy notes.* A licensee is not required to release psychotherapy notes in response to a signed release, but a licensee who chooses to release psychotherapy notes may only provide psychotherapy notes if the signed release specifically authorizes the release of psychotherapy notes.

243.3(3) *Substance use disorder treatment programs.* Licensees who practice in a federally assisted substance use disorder treatment program, also known as a part 2 program, are prohibited from disclosing any information that would identify a patient as having a substance use disorder unless the patient provides written consent in compliance with part 2 requirements.

243.3(4) *Clinical records of minor patients.* A minor patient is a patient who is under the age of 18 and is not emancipated. A licensee is not required to release the clinical records of a minor patient to

the minor's personal representative if releasing such records is not in the minor's best interest. When a minor patient reaches the age of 18, the clinical records belong to the patient.

243.3(5) *Clinical records of deceased patients.* A licensee shall provide the clinical records of a deceased patient to the deceased patient's executor upon a written request accompanied by a copy of the patient's death certificate and a copy of the legal document identifying the requestor as the patient's executor.

243.3(6) *Forensic records.* A licensee shall provide forensic records consistent with the APA Specialty Guidelines for Forensic Psychology.

243.3(7) *Board.* A licensee shall provide clinical records, test data, or forensic records to the board as requested during the investigation of a complaint. A licensee is not required to obtain a patient release to send such information to the board because the board is a health oversight agency.

243.3(8) *Exceptions.* Nothing herein shall be construed as requiring a licensee to disclose information when there is a legal basis for not disclosing the information.

[ARC 5905C, IAB 9/8/21, effective 10/13/21]

645—243.4(154B) Psychological testing. A licensee may administer psychological tests and assessments to a patient or examinee provided the licensee has appropriate training for any psychological test or assessment utilized and the test or assessment is scientifically founded.

243.4(1) *Use of proctors.* A licensee may delegate the administration of a standardized test, intelligence test, or objective personality assessment to an appropriately trained individual. The licensee is responsible for supervising any proctors.

243.4(2) *Release of test data.* A licensee shall not provide test data to any person, except that upon a written request of a patient or examinee who is the subject of a test, the test data shall be disclosed to a licensed psychologist designated by the patient or examinee. A psychologist who receives test data in this manner may not further disseminate the test data.

[ARC 5905C, IAB 9/8/21, effective 10/13/21]

645—243.5(154B) Judicial proceedings. Prior to participating in a judicial proceeding, a licensee shall become familiar with the rules governing the proceeding. A licensee shall understand and clearly identify the licensee's role in the proceeding.

243.5(1) *Licensure.* A license to practice psychology in Iowa or an exemption from licensure is not required solely to testify as an expert witness in court, provided the psychologist did not personally examine the examinee. A psychologist who personally examines an examinee located in Iowa for the purpose of providing an expert opinion is required to be licensed or exempt from licensure at the time of the evaluation.

243.5(2) *Custody evaluations.* A licensee who performs a child custody evaluation shall comply with the APA Guidelines for Child Custody Evaluations in Family Law Proceedings.

[ARC 5905C, IAB 9/8/21, effective 10/13/21]

645—243.6(147,154B,272C) Reports required. Within 30 days, a licensee shall report to the board the following:

243.6(1) A change of name or address. Name and address changes may be reported at www.idph.iowa.gov/Licensure.

243.6(2) A criminal conviction, even if the adjudication of guilt is deferred, withheld, or not entered. A conviction includes Alford pleas and pleas of nolo contendere.

243.6(3) Any disciplinary action taken by another licensing authority in this state, another state, territory, or country.

243.6(4) Any occurrence of any judgment or settlement of a malpractice claim or action.

243.6(5) Acts or omissions of the board's statute or administrative rules committed by another person licensed to practice by the board when a licensee has first-hand knowledge of such acts or omissions. This duty to report does not apply when a licensee has knowledge as a result of the other licensee being a patient.

[ARC 5905C, IAB 9/8/21, effective 10/13/21]

645—243.7(154B) Telepsychology. A psychologist may practice telepsychology provided the following are met:

243.7(1) The psychologist must be licensed or be exempt from licensure in the jurisdiction where the patient or examinee is located.

243.7(2) Prior to initiating telepsychology with a new patient or examinee, a licensee shall take reasonable steps to verify the identity and location of the patient or examinee.

243.7(3) A licensee shall ensure informed consent for telepsychology includes a description of any limitations of services as a result of the technology utilized.

243.7(4) A licensee shall gain competency in the use of a particular technology prior to utilizing it in practice. A licensee shall only use technologies that are secure and functioning properly.

243.7(5) A licensee shall apply the same ethical and professional standards of care and professional practice that are required when providing in-person psychological services. If the same standard of care cannot be met with telepsychology, a licensee shall not utilize telepsychology.

[ARC 5905C, IAB 9/8/21, effective 10/13/21]

645—243.8(154B) Records. A licensee shall complete clinical records as soon as practicable to ensure continuity of services. All clinical records shall be completed within 30 days after the service or evaluation is complete in the absence of significant extenuating circumstances. Clinical records and psychotherapy notes shall be retained for at least seven years after the last date of service, or until at least three years after a minor reaches the age of 18, whichever is later. Forensic records shall be completed and retained consistent with the APA Specialty Guidelines for Forensic Psychology.

[ARC 5905C, IAB 9/8/21, effective 10/13/21]

These rules are intended to implement Iowa Code chapters 147, 154B, and 272C.

A training physician shall not be an employee of the psychologist or otherwise have a conflict of interest that could affect the training physician's ability to impartially evaluate the psychologist's performance. A psychologist may utilize more than one training physician.

d. Milestones. To satisfactorily complete the clinical experience, a psychologist shall demonstrate competency in each of the following:

(1) Perform a health history interview to obtain pertinent information regarding a patient's chief complaint, history of the present illness, past medical and surgical history, family history, allergies, medications, and psychosocial history. The psychologist shall perform a review of systems to elicit a health history and shall appropriately document the health history.

(2) Perform a physical examination in a logical sequence, ensuring appropriate positioning of the patient, proper patient draping, and proper application of the principles of asepsis throughout the examination. The psychologist shall verbalize and assess the components of a general survey and be able to accurately assess all of the following: vital signs, including pulse, respiration, and blood pressure; skin, hair and nails; head, face and neck; eyes; ears, nose, mouth and throat; thorax, lungs and axillae; heart; peripheral vascular system; abdomen; and musculoskeletal system. The psychologist shall be proficient in utilizing any equipment needed to conduct a physical examination.

The psychologist shall differentiate normal laboratory values from abnormal laboratory values and correlate abnormal laboratory values with impaired physiological systems. The psychologist shall identify adverse drug reactions and identify laboratory data and physical signs indicating an adverse drug reaction.

e. Informed consent. At the initial contact, the psychologist shall inform the patient, or the patient's legal guardian when appropriate, of the psychologist's training role in the clinical experience. The psychologist shall provide sufficient information regarding the expectations and requirements of the clinical experience to obtain informed consent and appropriate releases. Upon request, the psychologist shall provide additional information regarding the psychologist's education, training, or experience.

The applicant shall provide additional documentation to the board upon request.

g. Certification. The training physician(s) and the training director shall certify on forms provided by the board that the applicant has successfully completed the minimum number of clinical experience patient encounters required and demonstrated competence in clinical assessment techniques and pathophysiology through completion of the milestones defined in these rules.

244.3(3) Practicum. An applicant shall have completed a practicum in accordance with the requirements of this subrule. During the practicum, a psychologist shall develop competencies in evaluating and treating patients with mental disorders through pharmacological intervention via observation and active participation. The practicum must be associated with the psychopharmacology training program from which the applicant obtained the postdoctoral master of science degree in clinical psychopharmacology and must be completed in a period of time not less than six months and not more than three years.

a. Scope. At the beginning of the practicum, the psychologist shall directly observe the training physician evaluating and treating patients with mental disorders. After the training physician determines the psychologist has gained sufficient knowledge, the practicum shall transition to the psychologist's evaluation and treatment of patients under the direct observation of the training physician. After the training physician determines the psychologist has gained sufficient knowledge and experience, the psychologist may evaluate and treat patients without being directly observed by the training physician, provided that the training physician is on site at all times when the psychologist is with patients, has personal contact with the patient at each visit, and is reviewing all pertinent medical records. During the practicum, the training physician shall make all final treatment decisions, with consultation from the psychologist prior to making a final determination regarding the psychopharmacological treatment of a patient.

b. Minimum number of hours. A practicum shall consist of a minimum of 400 hours. Only hours spent face to face evaluating and treating patients with mental disorders and hours spent discussing treatment plans with a training physician may count as practicum hours. Time spent by the psychologist providing services that are within the scope of practice of a licensed psychologist, such as psychological examinations and psychotherapy, shall not be counted as practicum hours.

c. Minimum number of patients. A psychologist shall see a minimum of 100 individual patients throughout the practicum. A patient can be counted toward this requirement if the patient has a diagnosed mental disorder and pharmacological intervention is considered as a treatment option, even if a decision is made not to prescribe a psychotropic medication to the patient. Over the course of the practicum, the psychologist shall observe, evaluate, and treat patients encompassing a range of ages and a variety of psychiatric diagnoses.

d. Settings. At least 100 hours of the 400 hours must be completed in a psychiatric setting. At least 100 hours of the 400 hours must be completed in a primary care or community mental health setting.

e. Conflict of interest. A training physician shall not be an employee of the psychologist or otherwise have a conflict of interest that could affect the training physician's ability to impartially evaluate the psychologist's performance. A psychologist may utilize more than one training physician.

f. Milestones. To successfully complete the practicum, a psychologist shall demonstrate competency in each of the following:

(1) Physical examination and mental status examination. The psychologist shall perform comprehensive and focused physical examinations and mental status evaluations, demonstrate proper use of instruments, and recognize variation associated with developmental stages and diversity.

(2) Review of systems. The psychologist shall integrate information learned from patient reports, signs, symptoms, and a review of each major body system, recognizing normal developmental variations.

(3) Medical history interview. The psychologist shall systematically conduct a patient clinical interview, producing a patient's medical, surgical, psychiatric, and medication history, as well as a family medical and psychiatric history, and be able to communicate the findings in written and verbal form.

(4) Assessment indications and interpretation. The psychologist shall order and interpret appropriate tests (e.g., psychometric, laboratory, and radiological) for the purpose of making a differential diagnosis and monitoring therapeutic and adverse effects of treatment.

(5) Differential diagnosis. The psychologist shall determine primary and alternate diagnoses using established diagnostic criteria.

(6) Integrated treatment planning. The psychologist shall identify and select, using all available data, the most appropriate treatment alternatives, including medication, psychosocial, and combined treatments, and sequence treatment within the larger biopsychosocial context.

(7) Consultation and collaboration. The psychologist shall understand the parameters of the role of a prescribing psychologist and work with other professionals, including a patient's primary care physician, in an advisory or collaborative manner to effectively treat a patient.

(8) Treatment management. The psychologist shall apply, monitor, and modify as needed the treatment of a patient and learn to write valid and complete prescriptions.

(9) Medical documentation. The psychologist shall demonstrate appropriate medical documentation for the patient-psychologist interaction to include subjective and objective assessment;

mental status, physical examination findings, or both; formulation; diagnostic impression; and comprehensive treatment plan.

g. Informed consent. At the initial contact, the psychologist shall inform the patient, or the patient's legal guardian when appropriate, of the psychologist's training role in the practicum. The psychologist shall provide sufficient information regarding the expectations and requirements of the practicum to obtain informed consent and appropriate releases. Upon request, the psychologist shall provide additional information regarding the psychologist's education, training, or experience.

h. Training documentation. The psychologist and the training director shall maintain documentation regarding all patients observed, evaluated, and treated by the psychologist as part of the practicum. The documentation shall clearly identify the training physician for each patient. The psychologist and the training director shall maintain documentation of all practicum hours, including the dates, times, and locations of all practicum hours, and documentation of completion of the milestones defined in these rules. The applicant shall provide additional documentation to the board upon request.

i. Certification. The training physician(s) and the training director shall certify on forms provided by the board that the psychologist has successfully completed the minimum number of practicum hours, treated the minimum number of patients, and demonstrated competence in the evaluation and treatment of patients with mental disorders through pharmacological intervention through completion of the milestones defined in these rules.

244.3(4) Examination. A psychologist shall pass the Psychopharmacology Examination for Psychologists (PEP) administered by the APA Practice Organization's College of Professional Psychology or by the Association of State and Provincial Psychology Boards. The passing score utilized by the board shall be the passing score recommended by the test administrator. The examination score shall be sent directly from the testing service to the board.

645—263.1(148G,152B) Definitions.

“*Board*” means the board of respiratory care and polysomnography.

“*Discipline*” means any sanction the board may impose upon licensees.

“*Licensee*” means a person licensed to practice as a respiratory care practitioner, polysomnographic technologist, or respiratory care and polysomnography practitioner in Iowa.
[ARC 2323C, IAB 12/23/15, effective 1/27/16]

645—263.2(148G,152B,272C) Grounds for discipline. The board may impose any of the disciplinary sanctions provided in rule 645—263.3(147,272C) when the board determines that the licensee is guilty of any of the following acts or offenses:

a. False representations of a material fact, whether by word or by conduct, by false or misleading allegations, or by concealment of that which should have been disclosed when making application for a license in this state; or

b. Attempting to file or filing with the board or the department of public health any false or forged diploma or certificate or affidavit or identification or qualification in making an application for a license in this state.

263.2(2) Professional incompetency. Professional incompetency includes, but is not limited to:

b. A substantial deviation from the standards of learning or skill ordinarily possessed and applied by other practitioners or technologists in the state of Iowa acting in the same or similar circumstances.

c. A failure to exercise the degree of care which is ordinarily exercised by the average practitioner or technologist acting in the same or similar circumstances.

d. Failure to conform to the minimal standard of acceptable and prevailing practice of a respiratory care practitioner or polysomnographic technologist in this state.

e. Mental or physical inability reasonably related to and adversely affecting the licensee’s ability to practice in a safe and competent manner.

f. Being adjudged mentally incompetent by a court of competent jurisdiction.

263.2(3) Knowingly making misleading, deceptive, untrue or fraudulent representations in the practice of the profession or engaging in unethical conduct or practice harmful or detrimental to the public. Proof of actual injury need not be established.

263.2(4) Practice outside the scope of the profession.

263.2(5) Use of untruthful or improbable statements in advertisements. Use of untruthful or improbable statements in advertisements includes, but is not limited to:

a. An action by a licensee in making information or intention known to the public which is false, deceptive, misleading or promoted through fraud or misrepresentation.

b. Inflated or unjustified expectations of favorable results.

c. Self-laudatory claims that imply that the respiratory care practitioner or polysomnographic technologist is skilled in a field or specialty of practice for which the practitioner or technologist is not qualified.

d. Extravagant claims or proclaiming extraordinary skills not recognized by the respiratory care or polysomnography profession.

263.2(6) Habitual intoxication or addiction to the use of drugs.

263.2(11) Being convicted of an offense that directly relates to the duties and responsibilities of the profession. A conviction includes a guilty plea, including Alford and nolo contendere pleas, or a finding or verdict of guilt, even if the adjudication of guilt is deferred, withheld, or not entered. A copy of the guilty plea or order of conviction constitutes conclusive evidence of conviction. An offense directly relates to the duties and responsibilities of the profession if the actions taken in furtherance of the offense are actions customarily performed within the scope of practice of the profession or the circumstances under which the offense was committed are circumstances customary to the profession.

263.2(12) Violation of a regulation or law of this state, another state, or the United States, which relates to the practice of the profession.

263.2(13) Revocation, suspension, or other disciplinary action taken by a licensing authority of this state, another state, territory, or country; or failure by the licensee to report in writing to the board revocation, suspension, or other disciplinary action taken by a licensing authority within 30 days of the final action. Every licensee shall renew on a biennial basis. The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive notice does not relieve the licensee of the responsibility for renewing the license.

280.9(2) Renewal procedures.

a. A licensee seeking renewal shall:

(1) Meet the continuing education requirements of rule 645—281.2(154C,272C) and the mandatory reporting requirements of subrule 280.9(3). b. An individual who was issued a license within six months of the license renewal date will not be required to renew the license until the next renewal two years later.

c. Those persons licensed for the first time shall not be required to complete continuing education as a prerequisite for the first renewal of their licenses. Continuing education hours acquired anytime from the initial licensing until the second license renewal may be used. The new licensee will be required to complete a minimum of 27 hours of continuing education per biennium for each subsequent license renewal.

d. Persons licensed to practice social work shall keep their renewal licenses displayed in a conspicuous public place at the primary site of practice.

f. A social worker whose Iowa license is inactive, delinquent, closed, retired, voluntarily surrendered, suspended, or revoked cannot advance to a higher level until the license is again active.

280.9(3) Mandatory reporting of child abuse and dependent adult abuse.

a. Effective July 1, 2019, a licensee who regularly examines, attends, counsels or treats children in Iowa shall complete an initial two-hour child abuse mandatory reporter training course offered by the department of human services within six months of employment, or prior to the expiration of a current certificate. Thereafter, all mandatory reporters shall take a one-hour recertification training every three years, prior to the expiration of a current certificate.

c. The requirement for mandatory training for identifying and reporting child and dependent adult abuse shall be suspended if the board determines that suspension is in the public interest or that a person at the time of license renewal:

(1) Is engaged in active duty in the military service of this state or the United States.

(2) Holds a current waiver by the board based on evidence of significant hardship in complying with training requirements, including waiver of continuing education requirements or extension of time in which to fulfill requirements due to a physical or mental disability or illness as identified in 645—Chapter 281.

d. The board may select licensees for audit of compliance with the requirements in paragraphs “a” and “b.”

280.9(4) Late renewal. To renew a late license, the licensee shall complete the renewal requirements and submit the late fee within the grace period.

280.9(5) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice as a social worker in Iowa until the license is reactivated. A licensee who practices as a social worker in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

280.9(6) Upon receiving the information required by this rule and the required fee, board staff shall administratively issue a two-year license. In the event the board receives adverse information on the renewal application, the board shall issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

(5) A licensee who provides services to two or more people who have a relationship with each other shall clarify with all parties, when appropriate and in a manner consistent with the confidentiality standards of subrule 282.2(4), which individuals will be considered clients and the nature of the licensee's professional obligations to the various individuals who are receiving services. 645—301.1(147) Telehealth visits. A licensee may provide speech pathology or audiology services to a patient utilizing a telehealth visit if the services are provided in accordance with the following:

301.1(1) “Telehealth visit” means the provision of speech pathology or audiology services by a licensee to a patient using technology where the licensee and the patient are not at the same physical location during the appointment.

301.1(2) A licensee engaged in a telehealth visit shall utilize technology that is secure and HIPAA-compliant and that includes, at a minimum, audio and video equipment that allows two-way real-time interactive communication between the licensee and the patient. A licensee may use non-real-time technologies to prepare for an appointment or to communicate with a patient between appointments.

301.1(3) A licensee engaged in a telehealth visit shall be held to the same standard of care as a licensee who provides in-person speech pathology or audiology services. A licensee shall not utilize a telehealth visit if the standard of care for the particular speech pathology or audiology service cannot be met using technology.

301.1(4) Prior to the first telehealth visit, a licensee shall obtain informed consent from the patient specific to the services that will be provided in a telehealth visit. At a minimum, the informed consent shall specifically inform the patient of the following:

a. The risks and limitations of the use of technology to provide speech pathology or audiology services;

b. The potential for unauthorized access to protected health information; and

c. The potential for disruption of technology during a telehealth visit.

301.1(5) A licensee shall only provide speech pathology or audiology services using a telehealth visit in the areas of competence wherein proficiency in providing the particular service using technology has been gained through education, training, and experience.

301.1(6) A licensee shall identify in the clinical record when speech pathology or audiology services are provided utilizing a telehealth visit.

[ARC 1397C, IAB 4/2/14, effective 5/7/14; ARC 3591C, IAB 1/17/18, effective 2/21/18]

645—303.2(147) Continuing education requirements.

303.2(1) The biennial continuing education compliance period shall extend for a two-year period between January 1 of each even-numbered year and December 31 of each odd-numbered year. Each biennium, each person who is licensed to practice as a speech pathology or audiology licensee in this state shall be required to complete a minimum of 30 hours of continuing education approved by the board. A person holding licensure in both speech pathology and audiology must meet the requirements for each profession.

303.2(2) Requirements of new licensees. Those persons licensed for the first time shall not be required to complete continuing education as a prerequisite for the first renewal of their licenses. Continuing education hours acquired anytime from the initial licensing until the second license renewal may be used. The new licensee will be required to complete a minimum of 30 hours of continuing education per biennium for each subsequent license renewal.

303.2(3) Hours of continuing education credit may be obtained by participation in an approved program or activity. Such programs and activities may take place individually or in group settings including in-person conferences, journal readings, teleconferences, videoconferences and online programs or activities as long as such programs and activities meet the criteria specified in the definition of continuing education in rule 645—303.1(147).

303.2(4) No hours of continuing education shall be carried over into the next biennium except as stated for second renewal. A licensee whose license was reactivated during the current renewal compliance period may use continuing education earned during the compliance period for the first renewal following reactivation.

303.2(5) It is the responsibility of each licensee to finance the cost of continuing education.
[ARC 1397C, IAB 4/2/14, effective 5/7/14; ARC 3591C, IAB 1/17/18, effective 2/21/18]

645—303.3(147,272C) Standards.

303.3(1) General criteria. A continuing education program or activity that meets all of the following criteria is appropriate for continuing education credit if the continuing education program or activity:

a. Meets the definition of continuing education as defined in rule 645—303.1(147);
b. Is conducted by individuals who have specialized education, training and experience by reason of which said individuals should be considered qualified concerning the subject matter of the program. At the time of audit, the board may request the qualifications of presenters;

c. Fulfills state program goals, objectives, or both; and

d. Provides proof of attendance to licensees in attendance including:

(1) Date(s), location, course title, presenter(s);

(2) Number of program contact hours; and

(3) Certificate of completion or evidence of successful completion of the course provided by the course sponsor.

303.3(2) Specific criteria.

a. Subject matters that integrally relate to the practice of speech pathology or audiology or both that will be considered for approval are:

(1) Basic communication processes. Information (beyond the basic licensure requirements) applicable to the normal development and use of speech, language, and hearing, i.e., anatomic and physiologic bases for the normal development and use of speech, language, and hearing; physical bases and processes of the production and perception of speech, language, and hearing; linguistic and psycholinguistic variables related to normal development and use of speech, language, and hearing; and technological, biomedical, engineering, and instrumentation information which would enable expansion of knowledge in the basic communication processes.

(2) Professional areas. Information pertaining to disorders of speech, language, and hearing, i.e., various types of disorders of communication, their manifestations, classification and causes; evaluation skills, including procedures, techniques, and instrumentation for assessment; and management procedures and principles in habilitation and rehabilitation of communication disorders. The board shall accept dysphagia courses provided by qualified instructors.

(3) Related areas. Study pertaining to the understanding of human behavior, both normal and abnormal, as well as services available from related professions which apply to the contemporary practice of speech-language pathology/audiology, e.g., theories of learning and behavior; services available from related professions that also deal with persons who have disorders of communication; information from these professions about the sensory, physical, emotional, social or intellectual states of child or adult; professional ethics; clinical supervision; counseling; and interviewing.

Unacceptable subject matter includes personal development, human relations, collective bargaining, and tours. While desirable, these subjects are not applicable to licensees' skill, knowledge and competence as expressed in Iowa Code section 272C.2, paragraph "g." Such courses will receive no credit toward the minimum 30 hours required for license renewal.

b. A licensee may elect to take the Praxis Examination in speech pathology or audiology in lieu of earning continuing education credits. The licensee shall have the results of the examination sent to the board by the agency administering the examination.

c. A licensee may present professional programs which meet the criteria in this rule. Two hours of credit will be allowed for each hour of newly developed presentation material. A maximum of 16 hours may be obtained per biennium. A course schedule or brochure must be maintained for audit.

d. A combined total of six hours per biennium may be used for the following activities:

(1) Government regulations;

(2) CPR, child abuse and dependent adult abuse; and

(3) A maximum of two hours may be used for business-related topics.

1 academic semester hour = 15 continuing education hours of credit

1 academic trimester hour = 12 continuing education hours of credit

1 academic quarter hour = 10 continuing education hours of credit

f. Continuing education credit may be earned by participation in continuing education programs and activities which meet the criteria in this rule and which are completed through journal readings, teleconference or videoconference participation, and online program participation. In addition, such programs and activities must include a posttest that the participant must pass in order to receive continuing education credit.

g. Continuing education shall be obtained by attending a program that meets the criteria in subrule 303.3(1) including but not limited to continuing education programs offered by AAA and ASHA. Other individuals or groups may offer continuing education programs that meet the criteria in rule 645—303.3(147,272C) through one of the following organizations:

- (1) National, state or local associations of speech pathology and audiology;
- (2) Schools and institutes of speech pathology and audiology;

[Prior to 9/9/87, see Health Department [470], Ch 156]

[Prior to 9/19/01, see 645—Chapter 301]

645—304.1(147) Definitions.

“*Board*” means the board of speech pathology and audiology.

“*Discipline*” means any sanction the board may impose upon licensees.

“*Licensee*” means a person licensed to practice as a speech pathologist or audiologist in Iowa.

645—304.2(272C) Grounds for discipline. The board may impose any of the disciplinary sanctions provided in rule 645—304.3(272C) when the board determines that the licensee is guilty of any of the following acts or offenses:

304.2(1) Fraud in procuring a license. Fraud in procuring a license includes, but is not limited to, the following:

- a. An intentional perversion of the truth in making application for a license to practice in this state;
- b. False representations of a material fact, whether by word or by conduct, by false or misleading allegations, or by concealment of that which should have been disclosed when making application for a license in this state; or
- c. Attempting to file or filing with the board or the department of public health any false or forged diploma or certificate or affidavit or identification or qualification in making an application for a license in this state.

304.2(2) Professional incompetency. Professional incompetency includes, but is not limited to:

- a. A substantial lack of knowledge or ability to discharge professional obligations within the scope of practice.
- b. A substantial deviation from the standards of learning or skill ordinarily possessed and applied by other speech pathologists or audiologists in the state of Iowa acting in the same or similar circumstances.
- c. A failure to exercise the degree of care which is ordinarily exercised by the average speech pathologist or audiologist acting in the same or similar circumstances.
- d. Failure to conform to the minimal standard of acceptable and prevailing practice of a licensed speech pathologist or audiologist in this state.

304.2(3) Knowingly making misleading, deceptive, untrue or fraudulent representations in the practice of the profession or engaging in unethical conduct or practice harmful or detrimental to the public. Proof of actual injury need not be established.

304.2(4) Use of untruthful or improbable statements in advertisements. Use of untruthful or improbable statements in advertisements includes, but is not limited to, an action by a licensee in making information or intention known to the public which is false, deceptive, misleading or promoted through fraud or misrepresentation.

304.2(5) Practice outside the scope of the profession.

304.2(6) Habitual intoxication or addiction to the use of drugs.

a. The inability of a licensee to practice with reasonable skill and safety by reason of the excessive use of alcohol on a continuing basis.

b. The excessive use of drugs which may impair a licensee’s ability to practice with reasonable skill or safety.

304.2(7) Obtaining, possessing, attempting to obtain or possess, or administering controlled substances without lawful authority.

304.2(8) Falsification of client records.

304.2(9) Acceptance of any fee by fraud or misrepresentation includes, but is not limited to, billing for services which were not rendered or charging fees which are inconsistent with any prior agreements reached with the clients.

304.2(10) Negligence by the licensee in the practice of the profession. Negligence by the licensee in the practice of the profession includes a failure to exercise due care, including negligent delegation

of duties or supervision of employees or other individuals, whether or not injury results; or any conduct, practice or conditions which impair the ability to safely and skillfully practice the profession.

304.2(11) Being convicted of an offense that directly relates to the duties and responsibilities of the profession. A conviction includes a guilty plea, including Alford and nolo contendere pleas, or a finding or verdict of guilt, even if the adjudication of guilt is deferred, withheld, or not entered. A copy of the guilty plea or order of conviction constitutes conclusive evidence of conviction. An offense directly relates to the duties and responsibilities of the profession if the actions taken in furtherance of the offense are actions customarily performed within the scope of practice of the profession or the circumstances under which the offense was committed are circumstances customary to the profession.

304.2(12) Violation of a regulation, rule, or law of this state, another state, or the United States, which relates to the practice of speech pathology or audiology.

304.2(13) Revocation, suspension, or other disciplinary action taken by a licensing authority of this state, another state, territory, or country; or failure of the licensee to report such action within 30 days of the final action by such licensing authority. A stay by an appellate court shall not negate this requirement; however, if such disciplinary action is overturned or reversed by a court of last resort, such report shall be expunged from the records of the board.

304.2(14) Failure of a licensee or an applicant for licensure in this state to report any voluntary agreements restricting the individual's practice of speech pathology or audiology in another state, district, territory or country.

304.2(15) Failure to notify the board of a criminal conviction within 30 days of the action, regardless of the jurisdiction where it occurred.

304.2(17) Engaging in any conduct that subverts or attempts to subvert a board investigation.

304.2(18) Failure to comply with a subpoena issued by the board or failure to cooperate with an investigation of the board.

304.2(21) Failure to pay costs assessed in any disciplinary action.

304.2(22) Submission of a false report of continuing education or failure to submit the biennial report of continuing education.

304.2(23) Failure to report another licensee to the board for any violations listed in these rules, pursuant to Iowa Code section 272C.9.

304.2(24) Knowingly aiding, assisting, or advising a person to unlawfully practice speech pathology or audiology.

304.2(25) Failure to report a change of name or address within 30 days after it occurs.

304.2(26) Representing oneself as a licensed speech pathologist or audiologist when one's license has been suspended or revoked, or when one's license is on inactive status.

326.9(3) A licensee seeking renewal shall:

(1) Is engaged in active duty in the military service of this state or the United States.

(2) Holds a current waiver by the board based on evidence of significant hardship in complying with training requirements.

f. The board may select licensees for audit of compliance with the requirements in paragraphs 326.9(4) "a" to "e."

 - (2) The physician assistant must comply with appropriate federal and state regulations.
 - (3) If a physician assistant prescribes or dispenses controlled substances, the physician assistant must register with the federal Drug Enforcement Administration.
 - (4) The physician assistant may prescribe or order Schedule II controlled substances which are listed as depressants in Iowa Code chapter 124 only with the prior approval and direction of a supervising physician who has sufficient training and experience. Prior approval may include discussion of the specific medical problems with a supervising physician prior to the patient being seen by the physician assistant.

a. Technological advances have made it possible for licensees in one location to provide medical care to patients in another location with or without an intervening health care provider.

b. Telemedicine is a useful tool that, if applied appropriately, can provide important benefits to patients, including increased access to health care, expanded utilization of specialty expertise, rapid availability of patient records, and potential cost savings.

c. Licensees using telemedicine will be held to the same standards of care and professional ethics as licensees using traditional in-person medical care.

d. Failure to conform to the appropriate standards of care or professional ethics while using telemedicine may subject the licensee to potential discipline by the board.

327.9(2) Definitions. For the purposes of this rule:

“*Asynchronous store-and-forward transmission*” means the collection of a patient’s relevant health information and the subsequent transmission of the data from an originating site to a health care provider at a distant site without the presence of the patient.

“*Board*” means the Iowa board of physician assistants.

“*In-person encounter*” means that the physician assistant and the patient are in the physical presence of each other and are in the same physical location during the physician assistant-patient encounter.

“*Licensee*” means a physician assistant licensed by the board.

“*Telemedicine*” means the practice of medicine using electronic audiovisual communications and information technologies or other means, including interactive audio with asynchronous store-and-forward transmission, between a licensee in one location and a patient in another location with or without an intervening health care provider. Telemedicine includes asynchronous store-and-forward technologies, remote monitoring, and real-time interactive services, including teleradiology and telepathology. Telemedicine, for the purposes of this rule establishing standards of practice, does not include the provision of medical services only through an audio-only telephone, email messages, facsimile transmissions, or U.S. mail or other parcel service, or any combination thereof.

“*Telemedicine technologies*” means technologies and devices enabling secure electronic communications and information exchanges between a licensee in one location and a patient in another location with or without an intervening health care provider.

327.9(3) Practice guidelines. A licensee who uses telemedicine shall utilize evidence-based telemedicine practice guidelines and standards of practice, to the degree they are available, to ensure patient safety, quality of care, and positive outcomes. The board acknowledges that some nationally recognized medical specialty organizations have established comprehensive telemedicine practice guidelines that address the clinical and technological aspects of telemedicine for many medical specialties.

327.9(4) License required. A physician assistant who uses telemedicine in the diagnosis and treatment of a patient located in Iowa shall hold an active Iowa physician assistant license consistent with state and federal laws. Nothing in this rule shall be construed to supersede the exceptions to licensure contained in rule 645—326.17(148C).

327.9(5) Standards of care and professional ethics. A licensee who uses telemedicine shall be held to the same standards of care and professional ethics as a licensee using traditional in-person encounters with patients. Failure to conform to the appropriate standards of care or professional ethics while using telemedicine may be a violation of the laws and rules governing the practice of medicine and may subject the licensee to potential discipline by the board.

327.9(6) Scope of practice. A licensee who uses telemedicine shall ensure that the services provided are consistent with the licensee’s scope of practice, including the licensee’s education, training, experience, ability, licensure, and certification.

327.9(7) Identification of patient and physician assistant. A licensee who uses telemedicine shall verify the identity of the patient and ensure that the patient has the ability to verify the identity, licensure

status, certification, and credentials of all health care providers who provide telemedicine services prior to the provision of care.

327.9(8) *Physician assistant-patient relationship.*

a. A licensee who uses telemedicine shall establish a valid physician assistant-patient relationship with the person who receives telemedicine services. The physician assistant-patient relationship begins when:

- (1) The person with a health-related matter seeks assistance from a licensee;
- (2) The licensee agrees to undertake diagnosis and treatment of the person; and
- (3) The person agrees to be treated by the licensee whether or not there has been an in-person encounter between the physician assistant and the person.

b. A valid physician assistant-patient relationship may be established by:

- (1) In-person encounter. Through an in-person medical interview and physical examination where the standard of care would require an in-person encounter;
- (2) Consultation with another licensee. Through consultation with another licensee (or other health care provider) who has an established relationship with the patient and who agrees to participate in, or supervise, the patient's care; or
- (3) Telemedicine encounter. Through telemedicine, if the standard of care does not require an in-person encounter, and in accordance with evidence-based standards of practice and telemedicine practice guidelines that address the clinical and technological aspects of telemedicine.

327.9(9) *Medical history and physical examination.* Generally, a licensee shall perform an in-person medical interview and physical examination for each patient. However, the medical interview and physical examination may not be in person if the technology utilized in a telemedicine encounter is sufficient to establish an informed diagnosis as though the medical interview and physical examination had been performed in person. Prior to providing treatment, including issuing prescriptions, electronically or otherwise, a licensee who uses telemedicine shall interview the patient to collect the relevant medical history and perform a physical examination, when medically necessary, sufficient for the diagnosis and treatment of the patient. An Internet questionnaire that is a static set of questions provided to the patient, to which the patient responds with a static set of answers, in contrast to an adaptive, interactive and responsive online interview, does not constitute an acceptable medical interview and physical examination for the provision of treatment, including issuance of prescriptions, electronically or otherwise, by a licensee.

327.9(10) *Non-physician assistant health care providers.* If a licensee who uses telemedicine relies upon or delegates the provision of telemedicine services to a non-physician assistant health care provider, the licensee shall:

a. Ensure that systems are in place to ensure that the non-physician assistant health care provider is qualified and trained to provide that service within the scope of the non-physician assistant health care provider's practice;

b. Ensure that the licensee is available in person or electronically to consult with the non-physician assistant health care provider, particularly in the case of injury or an emergency.

327.9(11) *Informed consent.* A licensee who uses telemedicine shall ensure that the patient provides appropriate informed consent for the medical services provided, including consent for the use of telemedicine to diagnose and treat the patient, and that such informed consent is timely documented in the patient's medical record.

327.9(12) *Coordination of care.* A licensee who uses telemedicine shall, when medically appropriate, identify the medical home or treating clinician(s) for the patient, when available, where in-person services can be delivered in coordination with the telemedicine services. The licensee shall provide a copy of the medical record to the patient's medical home or treating clinician(s).

327.9(13) *Follow-up care.* A licensee who uses telemedicine shall have access to, or adequate knowledge of, the nature and availability of local medical resources to provide appropriate follow-up care to the patient following a telemedicine encounter.

327.9(14) *Emergency services.* A licensee who uses telemedicine shall refer a patient to an acute care facility or an emergency department when referral is necessary for the safety of the patient or in the case of an emergency.

327.9(15) *Medical records.* A licensee who uses telemedicine shall ensure that complete, accurate and timely medical records are maintained for the patient when appropriate, including all patient-related electronic communications, records of past care, physician assistant-patient communications, laboratory and test results, evaluations and consultations, prescriptions, and instructions obtained or produced in connection with the use of telemedicine technologies. The licensee shall note in the patient's record when telemedicine is used to provide diagnosis and treatment. The licensee shall ensure that the patient or another licensee designated by the patient has timely access to all information obtained during the telemedicine encounter. The licensee shall ensure that the patient receives, upon request, a summary of each telemedicine encounter in a timely manner.

327.9(16) *Privacy and security.* A licensee who uses telemedicine shall ensure that all telemedicine encounters comply with the privacy and security measures of the Health Insurance Portability and Accountability Act (HIPAA) to ensure that all patient communications and records are secure and remain confidential.

- a.* Written protocols shall be established that address the following:
- (1) Privacy;
 - (2) Health care personnel who will process messages;
 - (3) Hours of operation;
 - (4) Types of transactions that will be permitted electronically;
 - (5) Required patient information to be included in the communication, including patient name, identification number and type of transaction;
 - (6) Archiving and retrieval; and
 - (7) Quality oversight mechanisms.
- b.* The written protocols should be periodically evaluated for currency and should be maintained in an accessible and readily available manner for review. The written protocols shall include sufficient privacy and security measures to ensure the confidentiality and integrity of patient-identifiable information, including password protection, encryption or other reliable authentication techniques.

327.9(17) *Technology and equipment.* Broad categories of telemedicine technologies currently exist, including asynchronous store-and-forward technologies, remote monitoring, and real-time interactive services. While some telemedicine programs are multispecialty in nature, others are tailored to specific diseases and medical specialties. The technology and equipment utilized for telemedicine shall comply with the following requirements:

- a.* The technology and equipment utilized in the provision of telemedicine services must comply with all relevant safety laws, rules, regulations, and codes for technology and technical safety for devices that interact with patients or are integral to diagnostic capabilities;
- b.* The technology and equipment utilized in the provision of telemedicine services must be of sufficient quality, size, resolution and clarity such that the licensee can safely and effectively provide the telemedicine services; and
- c.* The technology and equipment utilized in the provision of telemedicine services must be compliant with the HIPAA.

327.9(18) *Disclosure and functionality of telemedicine services.* A licensee who uses telemedicine shall ensure that the following information is clearly disclosed to the patient:

- a.* Types of services provided;
- b.* Contact information for the licensee;
- c.* Identity, licensure, certification, credentials, and qualifications of all health care providers who are providing the telemedicine services;
- d.* Limitations in the drugs and services that can be provided via telemedicine;
- e.* Fees for services, cost-sharing responsibilities, and how payment is to be made, if these differ from an in-person encounter;

- f.* Financial interests, other than fees charged, in any information, products, or services provided by the licensee(s);
- g.* Appropriate uses and limitations of the technologies, including in emergency situations;
- h.* Uses of and response times for emails, electronic messages and other communications transmitted via telemedicine technologies;
- i.* To whom patient health information may be disclosed and for what purpose;
- j.* Rights of patients with respect to patient health information; and
- k.* Information collected and passive tracking mechanisms utilized.

327.9(19) *Patient access and feedback.* A licensee who uses telemedicine shall ensure that the patient has easy access to a mechanism for the following purposes:

- a.* To access, supplement and amend patient-provided personal health information;
- b.* To provide feedback regarding the quality of the telemedicine services provided; and
- c.* To register complaints. The mechanism shall include information regarding the filing of complaints with the board.

327.9(20) *Financial interests.* Advertising or promotion of goods or products from which the licensee receives direct remuneration, benefit or incentives (other than the fees for the medical services) is prohibited to the extent that such activities are prohibited by state or federal law. Notwithstanding such prohibition, Internet services may provide links to general health information sites to enhance education; however, the licensee should not benefit financially from providing such links or from the services or products marketed by such links. When providing links to other sites, licensees should be aware of the implied endorsement of the information, services or products offered from such sites. The maintenance of a preferred relationship with any pharmacy is prohibited. Licensees shall not transmit prescriptions to a specific pharmacy, or recommend a pharmacy, in exchange for any type of consideration or benefit from the pharmacy.

327.9(21) *Circumstances where the standard of care may not require a licensee to personally interview or examine a patient.* Under the following circumstances, whether or not such circumstances involve the use of telemedicine, a licensee may treat a patient who has not been personally interviewed, examined and diagnosed by the licensee:

- a.* Situations in which the licensee prescribes medications on a short-term basis for a new patient and has scheduled or is in the process of scheduling an appointment to personally examine the patient;
- b.* For institutional settings, including writing initial admission orders for a newly hospitalized patient;
- c.* Call situations in which a licensee is taking calls for another health care provider who has an established provider-patient relationship with the patient;
- d.* Cross-coverage situations in which a licensee is taking calls for another health care provider who has an established provider-patient relationship with the patient;
- e.* Emergency situations in which the life or health of the patient is in imminent danger;
- f.* Emergency situations that constitute an immediate threat to the public health including, but not limited to, empiric treatment or prophylaxis to prevent or control an infectious disease outbreak;
- g.* Situations in which the licensee has diagnosed a sexually transmitted disease in a patient and the licensee prescribes or dispenses antibiotics to the patient's named sexual partner(s) for the treatment of the sexually transmitted disease as recommended by the U.S. Centers for Disease Control and Prevention; and
- h.* For licensed or certified nursing facilities, residential care facilities, intermediate care facilities, assisted living facilities, hospice settings, and correctional facilities.

327.9(22) *Prescribing based solely on an Internet request, Internet questionnaire or a telephonic evaluation—prohibited.* Prescribing to a patient based solely on an Internet request or Internet questionnaire (i.e., a static questionnaire provided to a patient, to which the patient responds with a static set of answers, in contrast to an adaptive, interactive and responsive online interview) is prohibited. Absent a valid physician assistant-patient relationship, a licensee's prescribing to a patient based solely

on a telephonic evaluation is prohibited, with the exception of the circumstances described in subrule 327.9(21).

“*Discipline*” means any sanction the board may impose upon licensees.

“*Licensee*” means a person licensed to practice as a physician assistant in Iowa.

645—329.2(148C,272C) Grounds for discipline. The board may impose any of the disciplinary sanctions provided in rule 645—329.3(147,272C) when the board determines that the licensee is guilty of any of the following acts or offenses.

329.2(1) Fraud in procuring a license. Fraud in procuring a license includes, but is not limited to, an intentional perversion of the truth in making application for a license to practice in this state which includes the following:

a. False representations of a material fact, whether by word or by conduct, by false or misleading allegations, or by concealment of that which should have been disclosed when making application for a license in this state, or

b. Attempting to file or filing with the board or the department of public health any false or forged diploma or certificate or affidavit or identification or qualification in making an application for a license in this state.

329.2(2) Professional incompetency. Professional incompetency includes, but is not limited to:

a. A substantial lack of knowledge or ability to discharge professional obligations within the scope of practice.

b. A substantial deviation from the standards of learning or skill ordinarily possessed and applied by other physician assistants in the state of Iowa acting in the same or similar circumstances.

c. A failure to exercise the degree of care which is ordinarily exercised by the average physician assistant acting in the same or similar circumstances.

d. Failure to conform to the minimal standard of acceptable and prevailing practice of a physician assistant in this state.

e. Inability to practice with reasonable skill and safety by reason of illness, drunkenness, excessive use of drugs, narcotics, chemicals, or other type of material or as a result of a mental or physical condition.

f. Being adjudged mentally incompetent by a court of competent jurisdiction.

329.2(3) Knowingly making misleading, deceptive, untrue or fraudulent representations in the practice of the profession or engaging in unethical conduct or practice harmful or detrimental to the public. Proof of actual injury need not be established.

329.2(4) Practice outside the scope of the profession.

329.2(5) Use of untruthful or improbable statements in advertisements. 329.2(6) Habitual intoxication or addiction to the use of drugs.

329.2(7) Obtaining, possessing, attempting to obtain or possess, or administering controlled substances without lawful authority.

329.2(11) Being convicted of an offense that directly relates to the duties and responsibilities of the profession. A conviction includes a guilty plea, including Alford and nolo contendere pleas, or a finding

or verdict of guilt, even if the adjudication of guilt is deferred, withheld, or not entered. A copy of the guilty plea or order of conviction constitutes conclusive evidence of conviction. An offense directly relates to the duties and responsibilities of the profession if the actions taken in furtherance of the offense are actions customarily performed within the scope of practice of the profession or the circumstances under which the offense was committed are circumstances customary to the profession.

329.2(12) Violation of a regulation or law of this state, another state, or the United States, which relates to the practice of the profession.

329.2(13) Revocation, suspension, or other disciplinary action taken by a licensing authority of this state, another state, territory, or country; or failure by the licensee to report in writing to the board revocation, suspension, or other disciplinary action taken by a licensing authority within 30 days of the final action. A stay by an appellate court shall not negate this requirement; however, if such disciplinary action is overturned or reversed by a court of last resort, the report shall be expunged from the records of the board.

329.2(14) Failure of a licensee or an applicant for licensure in this state to report any voluntary agreements restricting the practice of the profession in another state, district, territory or country.

329.2(15) Failure to notify the board of a criminal conviction within 30 days of the action, regardless of the jurisdiction where it occurred.

CHAPTER 353
DISCIPLINE FOR ATHLETIC TRAINERS
[Prior to 4/17/02, see 645—350.13(272C)]

645—353.1(152D) Definitions.

“Board” means the board of athletic training.

“Discipline” means any sanction the board may impose upon licensees.

“Licensee” means a person licensed to practice as an athletic trainer in Iowa.

645—353.2(152D,272C) Grounds for discipline. The board may impose any of the disciplinary sanctions provided in rule 645—353.3(152D,272C) when the board determines that the licensee is guilty of any of the following acts or offenses:

353.2(1) Fraud in procuring a license. Fraud in procuring a license includes, but is not limited to:

- a. An intentional perversion of the truth in making application for a license to practice in this state;
- b. False representations of a material fact, whether by word or by conduct, by false or misleading allegations, or by concealment of that which should have been disclosed when making application for a license in this state; or
- c. Attempting to file or filing with the board or the department of public health any false or forged diploma or certificate or affidavit or identification or qualification in making an application for a license in this state.

353.2(2) Professional incompetency. Professional incompetency includes, but is not limited to:

- a. A substantial lack of knowledge or ability to discharge professional obligations within the scope of practice.
- b. A substantial deviation from the standards of learning or skill ordinarily possessed and applied by other athletic trainers in the state of Iowa acting in the same or similar circumstances.
- c. A failure to exercise the degree of care which is ordinarily exercised by the average athletic trainer acting in the same or similar circumstances.
- d. Failure to conform to the minimal standard of acceptable and prevailing practice of a licensed athletic trainer in this state.

353.2(3) Knowingly making misleading, deceptive, untrue or fraudulent representations in the practice of a profession or engaging in unethical conduct or practice harmful or detrimental to the public. Proof of actual injury need not be established.

353.2(4) Practice outside the scope of the profession.

353.2(5) Use of untruthful or improbable statements in advertisements. The use of untruthful or improbable statements in advertisements includes, but is not limited to, an action by a licensee in making information or intention known to the public which is false, deceptive, misleading or promoted through fraud or misrepresentation.

353.2(6) Habitual intoxication or addiction to the use of drugs.

- a. The inability of a licensee to practice with reasonable skill and safety by reason of the excessive use of alcohol on a continuing basis.
- b. The excessive use of drugs which may impair a licensee’s ability to practice with reasonable skill or safety.

353.2(7) Obtaining, possessing, attempting to obtain or possess, or administering controlled substances without lawful authority.

353.2(8) Falsification of client or patient records.

353.2(9) Acceptance of any fee by fraud or misrepresentation.

353.2(10) Misappropriation of funds.

353.2(11) Negligence by the licensee in the practice of the profession. Negligence by the licensee in the practice of the profession includes a failure to exercise due care including improper delegation of duties or supervision of employees or other individuals, whether or not injury results; or any conduct, practice or conditions which impair the ability to safely and skillfully practice the profession.

353.2(12) Being convicted of an offense that directly relates to the duties and responsibilities of the profession. A conviction includes a guilty plea, including Alford and nolo contendere pleas, or a finding or verdict of guilt, even if the adjudication of guilt is deferred, withheld, or not entered. A copy of the guilty plea or order of conviction constitutes conclusive evidence of conviction. An offense directly relates to the duties and responsibilities of the profession if the actions taken in furtherance of the offense are actions customarily performed within the scope of practice of the profession or the circumstances under which the offense was committed are circumstances customary to the profession.

353.2(13) Violation of a regulation, rule or law of this state, another state, or the United States, which relates to the practice of athletic training.

353.2(14) Revocation, suspension, or other disciplinary action taken by a licensing authority of this state, another state, territory, or country; or failure by the licensee to report such action within 30 days of the final action by such licensing authority. A stay by an appellate court shall not negate this requirement; however, if such disciplinary action is overturned or reversed by a court of last resort, such report shall be expunged from the records of the board.

353.2(15) Failure of a licensee or an applicant for licensure in this state to report any voluntary agreements restricting the individual's practice of athletic training in another state, district, territory or country.

353.2(16) Failure to notify the board of a criminal conviction within 30 days of the action, regardless of the jurisdiction where it occurred.

353.2(17) Failure to notify the board within 30 days after occurrence of any judgment or settlement of a malpractice claim or action.

353.2(21) Failure to comply with the terms of a board order or the terms of a settlement agreement or consent order.

353.2(22) Failure to pay costs assessed in any disciplinary action.

353.2(23) Submission of a false report of continuing education or failure to submit the biennial report of continuing education.

353.2(24) Failure to report another licensee to the board for any violations listed in these rules, pursuant to Iowa Code section 272C.9.

353.2(25) Knowingly aiding, assisting, or advising a person to unlawfully practice as an athletic trainer.

353.2(26) Failure to report a change of name or address within 30 days after the occurrence.

353.2(27) Representing oneself as a licensed athletic trainer when one's license has been suspended or revoked, or when one's license is on inactive status.

353.2(28) Permitting another person to use the licensee's license for any purpose.

353.2(29) Permitting an unlicensed employee or person under the licensee's control to perform activities that require a license.

353.2(30) Unethical conduct. In accordance with Iowa Code section 147.55(3), behavior (i.e., acts, knowledge, and practices) which constitutes unethical conduct may include, but is not limited to, the following:

645—353.3(152D,272C) Method of discipline. The board has the authority to impose the following disciplinary sanctions:

1. Revocation of license.
2. Suspension of license until further order of the board or for a specific period.
3. Prohibit permanently, until further order of the board, or for a specific period the licensee's engaging in specified procedures, methods, or acts.
4. Probation.
5. Require additional education or training.
6. Require a reexamination.
7. Order a physical or mental evaluation, or order alcohol and drug screening within a time specified by the board.
8. Impose civil penalties not to exceed \$1000.
9. Issue a citation and warning.
10. Such other sanctions allowed by law as may be appropriate.

645—353.4(272C) Discretion of board. The following factors may be considered by the board in determining the nature and severity of the disciplinary sanction to be imposed:

1. The relative serious nature of the violation as it relates to ensuring a high standard of professional care for the citizens of this state;
2. The facts of the particular violation;
3. Any extenuating facts or other countervailing considerations;
4. The number of prior violations or complaints;
5. The seriousness of prior violations or complaints;
6. Whether remedial action has been taken; and
7. Such other factors as may reflect upon the competency, ethical standards, and professional conduct of the licensee.

These rules are intended to implement Iowa Code chapters 147, 152D and 272C.

“Active interpreter or transliterator services” means the actual time spent personally providing interpreting or transliterating services or providing interpreting or transliterating services through videoconferencing or remotely. When in a team interpreting situation, the time spent monitoring while the team interpreter is actively interpreting shall not be included in the time spent personally providing interpreting or transliterating services.

“Active license” means a license that is current and has not expired.

“Board” means the board of sign language interpreters and transliterators.

“Direct supervision of a temporary license holder” means monitoring of interpreting or transliterating services while personally observing the temporary license holder providing those services, as outlined in paragraphs 361.3(4) “b” and “c.”

“Grace period” means the 30-day period following expiration of a license when the license is still considered to be active. In order to renew a license during the grace period, a licensee is required to pay a late fee.

“Inactive license” means a license that has expired because it was not renewed by the end of the grace period. The category of “inactive license” may include licenses formerly known as lapsed, inactive, delinquent, closed, or retired.

“Licensee” means any person licensed to practice as a sign language interpreter or transliterator in the state of Iowa.

“License expiration date” means June 30 of odd-numbered years.

“Licensure by endorsement” means the issuance of an Iowa license to practice as a sign language interpreter or transliterator to an applicant who is or has been licensed in another state.

“Reactivate” or *“reactivation”* means the process as outlined in rule 645—361.9(17A,147,272C) by which an inactive license is restored to active status.

“Reciprocal license” means the issuance of an Iowa license to practice as a sign language interpreter or transliterator to an applicant who is currently licensed in another state that has a mutual agreement with the Iowa board of sign language interpreters and transliterators to license persons who have the same or similar qualifications to those required in Iowa.

“Reinstatement” means the process as outlined in 645—11.31(272C) by which a licensee who has had a license suspended or revoked or who has voluntarily surrendered a license may apply to have the license reinstated, with or without conditions. Once the license is reinstated, the licensee may apply for active status.

“Supervisor” means a sign language interpreter or transliterator licensed pursuant to Iowa Code section 154E.3 and subrule 361.2(1) who provides on-site evaluations and advisory sessions with a temporary license holder for the purpose of the professional development of that temporary license holder.

361.2(3) Incomplete applications that have been on file in the board office for more than two years shall be considered invalid and shall be destroyed.

361.2(4) An applicant who has relocated to Iowa from a state that did not require licensure to practice the profession may submit proof of work experience in lieu of educational and training requirements, if eligible, in accordance with rule 645—19.2(272C).

[ARC 7643B, IAB 3/25/09, effective 4/29/09; ARC 0405C, IAB 10/17/12, effective 11/21/12; ARC 2744C, IAB 10/12/16, effective 11/16/16; ARC 5773C, IAB 7/14/21, effective 8/18/21; ARC 6146C, IAB 1/12/22, effective 2/16/22]

645—361.3(154E) Requirements for temporary license.

361.3(1) An applicant who has not successfully completed one of the board-approved examinations or does not hold an approved certification set forth in paragraph 361.2(1)“d” and submits the online

application and fee for a temporary license shall cause documentation to be submitted from the examination program to the board that verifies the applicant has passed one of the following:

- a.* The written portion of the Registry of Interpreters for the Deaf (RID) examination;
- b.* The written portion of the Board for Evaluation of Interpreters (BEI) examination;
- c.* The written portion of the Educational Interpreter Performance Assessment (EIPA) examination;
- d.* The EIPA prehire examination at the highest recommended level;
- e.* An associate degree or higher from a formal interpreter training program (ITP) with a regionally accredited college or university. An official transcript shall verify completion;
- f.* The American Sign Language Proficiency Interview (ASLPI) at the 2+ level or higher; or
- g.* The Sign Language Proficiency Interview (SLPI) at the intermediate level or higher.

361.3(2) An applicant for a temporary license shall submit a written supervisory agreement that complies with the requirements stated in subrule 361.3(4). The temporary license shall be valid for two years from the initial issue date. A temporary license holder may renew a temporary license once for the immediately following two-year period.

361.3(3) An applicant who is issued a temporary license is subject to the same requirements as those required of a licensed interpreter or transliterator set forth in Iowa Code chapters 154E and 147 and 645—Chapters 361 to 363.

361.3(4) A temporary license holder is only authorized to practice if the following direct supervision requirements are fulfilled. A temporary license holder must:

a. Enter into a written agreement with a supervisor in which the temporary license holder and the supervisor agree to the minimum requirements provided in paragraphs 361.3(4) “*b*” and “*c*.” The supervisor shall possess a full, unrestricted sign language interpreter and transliterator license. The agreement shall be signed and dated by the temporary license holder and the supervisor; shall include the temporary license holder’s and supervisor’s names, addresses and contact information; and shall be provided to the board with the application for a temporary license.

b. Have a supervisor observe the temporary license holder in active practice for no fewer than six bimonthly observation sessions per year at events lasting at least 30 minutes each, if the temporary license holder is working alone in providing active interpreter or transliterator services, or at least 60 minutes each, if the temporary license holder is working in a team interpreting situation. At least two of the observation sessions must be in person, and the remainder of the observation sessions may be performed through technology that allows direct observation of the temporary license holder providing active interpreter or transliterator services.

c. Attend at least six bimonthly advisory sessions with the supervisor per year for the purpose of discussing the supervisor’s suggestions for the temporary license holder’s professional skill development based on the observation sessions. An advisory session may occur immediately following an observation session if the setting is appropriate. At least two of the advisory sessions must be in person and the remainder of the advisory sessions may be performed through technology that allows real-time assessment and feedback. Each advisory session shall involve only the temporary license holder and supervisor.

d. Maintain an event log documenting the date, time, length and setting of each observation session and advisory session and whether the session was performed in person or through other technological means. The temporary license holder shall ensure that the supervisor verifies the occurrence of the observation session or advisory session by placing the temporary license holder’s signature on the log prior to submission to the supervisor. This event log shall be provided to the board upon request and must be submitted with the temporary license holder’s renewal application.

e. Ensure that the supervisor attends each of the observation sessions and advisory sessions or reschedules the sessions as necessary to ensure compliance.

f. Comply with the required observation session and advisory session obligations. If for any reason the replacement of a supervisor becomes necessary, the temporary license holder shall be responsible for developing a new written agreement with the new supervisor. A replacement of supervisors shall not excuse noncompliance with observation session and advisory session obligations.

g. Obtain permission from clients as necessary to allow the supervisor to be in attendance during the observation sessions.

361.3(5) As an Iowa-licensed practitioner in accordance with this chapter, a supervisor providing direct supervision of a temporary license holder as provided in subrule 361.3(4) is obligated to report to the board an interpreter or transliterator temporary license holder who is not complying with direct supervision requirements or who is not practicing in compliance with Iowa law and rules including, but not limited to, Iowa Code chapter 154E and 645—Chapters 361 to 363.
[ARC 2744C, IAB 10/12/16, effective 11/16/16; ARC 6146C, IAB 1/12/22, effective 2/16/22]

645—361.4(154E) Licensure by endorsement.

361.4(1) An applicant who has been a licensed sign language interpreter or transliterator under the laws of another jurisdiction shall file an application for licensure by endorsement with the board office. The board may receive by endorsement any applicant from the District of Columbia or another state, territory, province or foreign country who:

- a. Submits to the board a completed application;
- b. Pays the licensure fee;
- c. Shows evidence of licensure requirements that are similar to those required in Iowa;
- d. Provides an equivalency evaluation of foreign educational credentials sent directly from the equivalency service to the board;
- e. Provides:
 - (1) Examination scores which shall be sent directly from the examination service to the board; or
 - (2) A notarized certificate which shall be submitted showing proof of the successful completion of the examination specified in rule 645—361.2(154E); and
- f. Provides verification of license(s) from every jurisdiction in which the applicant has been licensed, sent directly from the jurisdiction(s) to the board office. Web-based verification may be substituted for verification directly from the jurisdiction's board office if the verification provides:
 - (1) The licensee's name;
 - (2) The date of initial licensure;
 - (3) Current licensure status; and
 - (4) Any disciplinary action taken against the license.

361.4(2) Licensure by verification. A person who is licensed in another jurisdiction but who is unable to satisfy the requirements for licensure by endorsement may apply for licensure by verification, if eligible, in accordance with rule 645—19.1(272C).

[ARC 2744C, IAB 10/12/16, effective 11/16/16; ARC 5773C, IAB 7/14/21, effective 8/18/21]

645—361.5(154E) License renewal.

361.5(1) The biennial license renewal period for a license to practice as a sign language interpreter or transliterator shall begin on July 1 of an odd-numbered year and end on June 30 of the next odd-numbered year. The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive notice from the board does not relieve the licensee of the responsibility for renewing the license.

361.5(2) An individual who was issued a license within six months of the license renewal date will not be required to renew the license until the subsequent renewal date two years later.

361.5(3) A licensee seeking renewal shall:

a. Meet the continuing education requirements as provided in 645—subrules 362.2(1) and 362.2(2) or, in lieu of meeting such requirements, provide proof of a current national interpreter certification issued by an organization recognized by the board (e.g., Registry of Interpreters for the Deaf (RID); National Association of the Deaf (NAD); NAD-RID National Interpreter Certification (NIC)) as evidence of meeting continuing education requirements. A licensee whose license was reactivated during the current biennial license period may use continuing education credit earned during the compliance period for the first renewal following reactivation; and

b. Submit the completed renewal application and renewal fee before the license expiration date.

361.5(4) Upon receiving the information required by this rule and the required fee, board staff shall administratively issue a two-year license. In the event the board receives adverse information on the

renewal application, the board shall issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

361.5(5) A person licensed to practice as a sign language interpreter or transliterator shall keep the person's license certificate and renewal displayed in a conspicuous public place at the primary site of practice.

361.5(6) Late renewal. The license shall become late when the license has not been renewed by the expiration date on the renewal. The licensee shall be assessed a late fee as specified in 645—subrule 5.18(4). To renew a late license, the licensee shall complete the renewal requirements and submit the late fee within the grace period.

361.5(7) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice as a sign language interpreter or transliterator in Iowa until the license is reactivated. A licensee who practices as a sign language interpreter or transliterator in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

645—361.6 to 361.8 Reserved.

645—361.9(17A,147,272C) License reactivation. To apply for reactivation of an inactive license, a licensee shall:

361.9(1) Submit a reactivation application on a form provided by the board.

361.9(2) Pay the reactivation fee that is due as specified in 645—subrule 5.18(9).

361.9(3) Provide verification of current competence to practice sign language interpreting or transliterating by satisfying one of the following criteria:

a. If the license has been on inactive status for five years or less, an applicant must provide the following:

(1) Verification of the license(s) from every jurisdiction in which the applicant is or has been licensed and is or has been practicing during the time period in which the Iowa license was inactive sent directly from the jurisdiction(s) to the board office. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

1. The licensee's name;
2. The date of initial licensure;
3. Current licensure status; and
